Senator Betti Sheldon demanded a roll call and the demand was sustained.

**MOTION**

Senator Horn moved that the rules be suspended and Engrossed House Bill No. 2030 be advanced to third reading, the second reading considered the third and the bill be placed on final passage.

**OBJECTION TO ADVANCE TO THIRD READING**

Senator Betti Sheldon objected to suspending the rules and advancing the bill to third reading.

**MOTION**

Senator Betti Sheldon moved that Engrossed House Bill No. 2030 be referred to Committee on Ways and Means for the purpose of making a technical correction.
POINT OF ORDER

Senator Sheahan: “A point of order, Mr. President. I would suggest that the motion by the good lady from Bremerton is out of order. She had two separate motions. One was to object to bumping the bill to the third reading and that motion should be dealt with before any other motion that comes before the body. So, I would suggest that the motion on bumping the bill to third reading should be the motion before the body.”

REPLY BY THE PRESIDENT

President Owen: “Senator Sheahan, when she objected, I believe she was anticipating me saying, ‘if there are no objections,’ and then would require that a vote be taken on that motion to advance to third reading. Then, before that vote was taken, she made another motion and that motion was to return the bill to the Committee on Ways and Means. We are now looking to see which motion has priority at this point. It would be no different than if immediately, you stood up and moved, for instance, to adjourn. We would have to then consider that motion.”

PARLIAMENTARY INQUIRY

Senator Sheahan: “A point of parliamentary inquiry, Mr. President. Wouldn’t the second motion–wouldn’t we have to be on the ninth order of business?”

REPLY BY THE PRESIDENT

President Owen: “Senator Sheahan, we are checking that right now. Senator Sheahan, relative to your point of order about going to the ninth order of business, in order for her to make a motion, the President does not believe that that is necessary. However, Senator Horn’s motion to advance to third reading has priority. It is a suspension of the rules. Therefore, it takes a two-thirds vote. Should that fail to advance the bill, then Rule 64 requires that the bill go to Rules. Therefore, Senator Sheldon’s motion would require a two-thirds vote to suspend the rule to send it to Ways and Means.”

The President declared the question before the Senate is the motion by Senator Horn that the rules be suspended and Engrossed House Bill No. 2030 be advanced to third reading, the second reading considered the third and the bill be placed on final passage.

POINT OF ORDER

Senator Betti Sheldon: “A point of order, Mr. President. I just need to know what does this vote take--this vote to bump?”

REPLY BY THE PRESIDENT

President Owen: “This vote, and I understand why that is not clear, because we normally suspend the rules by a voice vote and advance it. It has always taken a two-thirds vote, I believe, except in the last three days before the cutoff or ten days before the end of session. It is a suspension of the rules and it does take a two-thirds vote, which is thirty-three votes to advance it to third reading.”

President Owen: “It is up to you.”

Senator Betti Sheldon: “Okay, please vote ‘no.’”

The President declared the question before the Senate to be the motion by Senator Horn that the rules be suspended and Engrossed House Bill No. 2030 be advanced to third reading, the second reading considered the third and the bill be placed on final passage. The motion by Senator Horn to advance the bill to third reading failed, having not received the necessary two-thirds vote.

The President declared the question now before the Senate to be the motion by Senator Betti Sheldon that Engrossed House Bill No. 2030 be referred to the Committee on Ways and Means.

The motion by Senator Betti Sheldon to refer Engrossed House Bill No. 2030 to the Committee on Ways and Means failed, not receiving the necessary two-thirds vote.

The President declared that Engrossed House Bill No. 2030 would be referred to the Committee on Rules.

PARLIAMENTARY INQUIRY

Senator Tim Sheldon: “A point of parliamentary inquiry, Mr. President. I always wanted to ask this question and you know the Senate Rules up there. I dug them out and we adopted them on the first day of session. I looked through them for ten or fifteen minutes. Is there any definition in the Rules of the Senate–permanent rules of the Senate, as adopted for the Fifty-eighth Legislature–that defines ‘procedural vote?’”
President Owen: “The answer is ‘no.’”
Senator Tim Sheldon: “So, I can assume that a procedural vote is an undefined term in the Senate Rules and largely a myth? The term, as I take it, that you are giving me this ruling, basically, or interpretation, that there is no definition in the Rules of the Senate for procedural vote. It is an undefined term.”
President Owen: “Senator Sheldon, the only thing that the President would say is that we have about one-hundred years of tradition on that. Call it what you want.”

Debate ensued.

PARLIAMENTARY INQUIRY

Senator Benton: “Mr. President, a parliamentary inquiry. Have the amendments by Senators Honeyford, Rasmussen McAuliffe and Johnson on page 10, lines 33 and 35 been adopted?”

REPLY BY THE PRESIDENT

Further debate ensued.

MESSAGE FROM THE SECRETARY OF STATE

The Honorable Brad Owen
President of the State Senate
Legislature of the State of Washington
Olympia, Washington 98504

Dear President Owen:
We respectfully transmit for your consideration the following bill which has been partially vetoed by the Governor, together with the official veto message setting forth his objections to the sections or items of the bill, as required by Article III, section 12, of the Washington State Constitution.

SENATE BILL NO. 5403

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seal of the state of Washington this 9th day of April, 2003.

Seal SAM REED Secretary of State

MESSAGE FROM THE GOVERNOR

PARTIAL VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5403

To the Honorable President and Members,

The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to sections 202, lines 31 and 32; 305, lines 14 and 15; 706; and 707 of Substitute Senate Bill No. 5403 entitled:

“AN ACT Relating to fiscal matters;”

My reasons for vetoing these sections are as follows:

Section 202, Lines 31-32. Page 31, Appropriation Reduction for the Children and Family Services Program (Department of Social and Health Services)

This appropriation item would have reduced the appropriation to the Department of Social and Health Services’ (DSHS) Children and Family Services Program by $3,804,000. DSHS has already adopted numerous measures to contain costs and achieve the savings assumed for this fiscal year. Equipment purchases and out-of-state travel have long ago been frozen and hiring has been delayed. However, a number of unanticipated, unavoidable costs will need to be covered between now and June 30, 2003, the conclusion of the fiscal year. Possible federal funding changes and additional expenses related to pending litigation are examples of these costs. Meanwhile, current budget estimates for the department indicate no ending fund balance with which to assure the agency can meet its obligations through the end of the biennium. I am directing the department to continue to aggressively cut costs wherever it can. This item veto provides the department a small amount of necessary budget flexibility so that they can properly close out the fiscal year.

Section 305, Lines 14-15, Page 105, Appropriation Reduction for the State Toxics Control Account (Department of Agriculture)

This appropriation item would have reduced the State Toxics Control Account appropriation to the Department of Agriculture by $433,000. However, this reduction is not similarly reflected in the proviso. Thus, there is a technical error. In order to correct it, I am vetoing the entire reduction. However, I am instructing the director of the Department of Agriculture to place $433,000 of the agency’s provisoed State Toxics Control Account authority in reserve.

Section 706, Page 165, Allotment Reduction for Travel, Equipment, and Personal Service Contracts

This section would have directed the Office of Financial Management to reduce agency allotments for travel, equipment and personal service contracts by $10 million dollars. Without this veto, the Office of the Superintendent of Public Instruction’s committed contracts to conduct the Washington Assessment of Student Learning and Iowa Test of Basic Skills assessments in the state’s K-12 schools this year are jeopardized. This section also jeopardizes the contracts the Attorney General employs with expert witnesses to defend the state’s interests in major lawsuits; the Department of Social and Health Services’ ability to travel allowing Child Protective Service workers to safeguard vulnerable children on a daily basis; the Department of Corrections’ essential ability to transport dangerous prisoners; and the Department of Transportation’s construction contracts in place with the private sector.

State agencies need to do everything in their power to control discretionary expenditures in these difficult financial times. However, essential travel, equipment and personal services contracts are often critical in delivering direct services to Washington citizens, and cannot be stopped without affecting those services.

The $10 million cut in this provision would have been added to employee-related savings and program reductions already implemented in most agencies. Many agencies simply cannot absorb the cumulative effect of these multiple reductions in the three months remaining in the 2001-03 Biennium.

I agree with the general intent of this provision, therefore I am directing agencies to continue to closely monitor and control discretionary expenditures in preparation for the significant program cuts that will need to be part of the new budget that begins on July 1.
Section 707, Pages 165-166, State Employment Restrictions

This section would have prohibited executive branch agencies from establishing new staff positions and would have restricted agencies’ ability to fill vacancies. In the recently passed budget proposal for 2003-05, the Senate has already recognized that this restriction is far too limiting. However, there are no assurances that a budget for the next biennium will pass the Legislature in time to cure this problem, so I am vetoing this section.

Directive No. 02-04, which I issued in December of 2002, set in motion the key provisions of this section of the supplemental budget by directing executive agencies to limit hiring and meet specific employee reduction targets. If this section were implemented, natural resource agencies like State Parks, the Department of Ecology, the Department of Agriculture and the Department of Natural Resources would have been unable to hire the essential spring and summer temporary employees to manage and safeguard our parks, campgrounds and recreational areas. The Consumer Advocacy program in the Insurance Commissioner’s Office would have been unduly limited by this provision.

Agency budgets and employment levels have already been reduced in separate actions in this supplemental budget bill. In keeping with the intent of this section, agencies will continue to limit hiring to meet the employment reduction targets pursuant to my directive.

For these reasons, I have vetoed sections 202, lines 31 and 32; 305, lines 14 and 15; 706; and 707 of Substitute Senate Bill No. 5403.

With the exception of sections 202, lines 31 and 32; 305, lines 14 and 15; 706; and 707, Substitute Senate Bill No. 5403 is approved.

Respectfully submitted,
Gary Locke, Governor

Declaring shoreline management act legislative intent.

The bill was read the second time.

MOTION

On motion of Senator Mulliken, the following Committee on Land Use and Planning striking amendment was adopted:

"NEW SECTION. Sec. 1. (1) The legislature finds that the final decision and order in Everett Shorelines Coalition v. City of Everett and Washington State Department Of Ecology, Case No. 02-3-0009c, issued on January 9, 2003, by the central Puget Sound growth management hearings board was a case of first impression interpreting the addition of the shoreline management act into the growth management act, and that the board considered the appeal and issued its final order and decision without the benefit of shorelines guidelines to provide guidance on the implementation of the shoreline management act and the adoption of shoreline master programs.

(2) This act is intended to affirm the legislature’s intent that:

(a) The shoreline management act be read, interpreted, applied, and implemented as a whole consistent with decisions of the shoreline hearings board and Washington courts prior to the decision of the central Puget Sound growth management hearings board in Everett Shorelines Coalition v. City of Everett and Washington State Department Of Ecology;

(b) The goals of the growth management act, including the goals and policies of the shoreline management act, set forth in RCW 36.70A.020 and included in RCW 36.70A.480, continue to be listed without an order of priority; and

(c) Shorelines of statewide significance may include critical areas as defined by RCW 36.70A.030(5), but that shorelines of statewide significance are not critical areas simply because they are shorelines of statewide significance.

(3) The legislature intends that critical areas within the jurisdiction of the shoreline management act shall be governed by the shoreline management act and that critical areas outside the jurisdiction of the shoreline management act shall be governed by the growth management act. The legislature further intends that the quality of information currently required by the shoreline management act to be applied to the protection of critical areas within shorelines of the state shall not be limited or changed by the provisions of the growth management act.

Sec. 2. RCW 90.58.030 and 2002 c 230 s 2 are each amended to read as follows:

As used in this chapter, unless the context otherwise requires, the following definitions and concepts apply:

(b) "Ordinary high water mark" on all lakes, streams, and tidal water is that mark that will be found by examining the bed and banks and ascertaining where the presence and action of waters are so common and usual, and so long continued in all ordinary years, as to mark upon the soil a character distinct from that of the abutting upland, in respect to vegetation as that condition exists on June 1, 1971, as it may naturally change thereafter, or as it may change thereafter in accordance with permits issued by a local government or the department:

PROVIDED. That in any area where the ordinary high water mark cannot be found, the ordinary high water mark adjoining salt water shall be the line of mean higher high tide and the ordinary high water mark adjoining fresh water shall be the line of mean high water;

(c) "Shorelines of the state" are the total of all "shorelines" and "shorelines of statewide significance" within the state;

(d) "Shorelines" means all of the water areas of the state, including reservoirs, and their associated shorelands, together with the lands underlying them; except (I) shorelines of statewide significance; (ii) shorelines on segments of streams upstream of a point where the mean annual flow is twenty cubic feet per second or less and the wetlands associated with such upstream segments; and (iii) shorelines on lakes less than twenty acres in size and wetlands associated with such small lakes;

(e) "Shorelines of statewide significance" means the following shorelines of the state:

(I) The area between the ordinary high water mark and the western boundary of the state from Cape Disappointment on the south to Cape Flattery on the north, including harbors, bays, estuaries, and inlets;

   (B) Any east of the crest of the Cascade range downstream of a point where the annual flow is measured at two hundred cubic feet per second or more, or those portions of rivers east of the crest of the Cascade range downstream from the first three hundred square miles of drainage area, whichever is longer.
   (vi) Those shorelands associated with (I), (ii), (iv), and (v) of this subsection (2)(e);
   (f) 'Shorelands' or 'shoreland areas' means those lands extending landward for two hundred feet in all directions as measured on a horizontal plane from the ordinary high water mark; floodways and contiguous floodplain areas landward two hundred feet from such floodways, and wetlands and river deltas associated with the streams, lakes, and tidal waters which are subject to the provisions of this chapter; the same to be designated as to location by the department of ecology.
   (I) Any county or city may determine that portion of a one-hundred-year flood plain to be included in its master program as long as such portion includes, as a minimum, the floodway and the adjacent land extending landward two hundred feet therefrom.
   (ii) Any city or county may also include in its master program land necessary for buffers for critical areas, as defined in chapter 36.70A RCW, that occur within shorelines of the state, provided that forest practices regulated under chapter 76.09 RCW, except conversions to nonforest land use, on lands subject to the provisions of this subsection (2)(d)(ii) are not subject to additional regulations under this chapter.
   (g) "Floodway" means the area of the river valley lying streamward from the outer limits of a watercourse upon which flood waters are carried during periods of flooding that occur with reasonable regularity, although not necessarily annually, and floodway being identified, under normal condition, by changes in surface soil conditions or changes in types or quality of vegetative ground cover condition. The floodway shall not include those lands that can reasonably be expected to be protected from flood waters by flood control devices maintained by or maintained under license from the federal government, the state, or a political subdivision of the state;
   (h) "Wetlands" means areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, vegetation typically adapted for life in saturate soil conditions; and areas that are similar to such areas only by virtue of recent flooding. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas to mitigate the conversion of wetlands.
   (3) Procedural terms:
   (a) "Guidelines" means those standards adopted to implement the policy of this chapter for regulation of use of the shorelines of the state prior to adoption of master programs. Such standards shall also provide criteria to local governments and the department in developing master programs;
   (b) "Master program" shall mean the comprehensive use plan for a described area, and the use regulations together with maps, diagrams, charts, or other descriptive material and text, a statement of desired goals, and standards developed in accordance with the policies enunciated in RCW 90.58.020;
   (c) "State master program" is the cumulative total of all master programs approved or adopted by the department of ecology;
   (d) "Development" means a use consisting of the construction or exterior alteration of structures; dredging; drilling; dumping; filling; removal of any sand, gravel, or minerals; bulkheading; driving of piling; placing of obstructions; or any project of temporary nature which interferes with the normal public use of the surface of the waters overlying lands subject to this chapter at any state of water level;
   (e) "Substantial development" shall mean any development of which the total cost or fair market value exceeds five thousand dollars, or any development which materially interferes with the normal public use of the water or shorelines of the state. The dollar threshold established in this subsection (3)(e) must be adjusted for inflation by the office of financial management every five years, beginning July 1, 2007, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, Seattle, Washington area, for urban wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect. The following shall not be considered substantial developments for the purpose of this chapter:
   (I) Normal maintenance or repair of existing structures or developments, including damage by accident, fire, or elements;
   (ii) Construction of the normal protective bulkhead common to single family residences;
   (iii) Emergency construction necessary to protect property from damage by the elements;
   (iv) Construction and practices necessary for farming, irrigation, and necessary farming or ranching activities, including agricultural service roads and utilities on shorelands, and the construction and maintenance of irrigation structures including but not limited to head gates, pumping facilities, and irrigation channels. A feedlot of any size, all processing plants, other activities of a commercial nature, alteration of the contour of the shorelands by leveling or filling other than that which results from normal cultivation, shall not be considered normal necessary farming or ranching activities. A feedlot shall be an enclosure or facility used or capable of being used for feeding livestock hay, grain, silage, or other livestock feed, but shall not include land for growing crops or vegetation for livestock feeding and/or grazing, nor shall it include normal livestock wintering operations;
   (v) Construction or modification of navigational aids such as channel markers and anchor buoys;
   (vi) Construction on shorelands by an owner, lessee, or contract purchaser of a single family residence for his own use or for the use of his or her family, which residence does not exceed a height of thirty-five feet above average grade level and which meets all requirements of the state agency or local government having jurisdiction thereof, other than requirements imposed pursuant to this chapter;
   (vii) Construction of a dock, including a community dock, designed for pleasure craft only, for the private noncommercial use of the owner, lessee, or contract purchaser of single and multiple family residences. This exception applies if either: (A) In salt waters, the fair market value of the dock does not exceed two thousand five hundred dollars; or (B) in fresh waters, the fair market value of the dock does not exceed ten thousand dollars, but if subsequent construction having a fair market value exceeding two thousand five hundred dollars occurs within five years of completion of the prior construction, the subsequent construction shall be considered a substantial development for the purpose of this chapter;
   (viii) Operation, maintenance, or construction of canals, waterways, drains, reservoirs, or other facilities that now exist or are hereafter created or developed as a part of an irrigation system for the primary purpose of making use of system waters, including return flow and artificially stored ground water for the irrigation of lands;
   (ix) The marking of property lines or corners on state owned lands, when such marking does not significantly interfere with normal public use of the surface of the water;
   (x) Operation and maintenance of any system of dikes, ditches, drains, or other facilities existing on September 8, 1975, which were created, developed, or utilized primarily as a part of an agricultural drainage or diking system;
   (xi) Site exploration and investigation activities that are prerequisite to preparation of an application for development authorization under this chapter, if:
   (A) The activity does not interfere with the normal public use of the surface waters;
(B) The activity will have no significant adverse impact on the environment including, but not limited to, fish, wildlife, fish or wildlife habitat, water quality, and aesthetic values;
(C) The activity does not involve the installation of a structure, and upon completion of the activity the vegetation and land configuration of the site are restored to conditions existing before the activity;
(D) A private entity seeking development authorization under this section first posts a performance bond or provides other evidence of financial responsibility to the local jurisdiction to ensure that the site is restored to preexisting conditions; and
(E) The activity is not subject to the permit requirements of RCW 90.58.550;
(xii) The process of removing or controlling an aquatic noxious weed, as defined in RCW 17.26.020, through the use of an herbicide or other treatment methods applicable to weed control that are recommended by a final environmental impact statement published by the department approving the amendment or pursuant to chapter 43.21C RCW.

Sec. 3. RCW 90.58.090 and 1997 c 429 s 50 are each amended to read as follows:
(1) A master program, segment of a master program, or an amendment to a master program shall become effective when approved by the department. Within the time period provided in RCW 90.58.080, each local government shall have submitted a master program, either total or by segments, for all shorelines of the state within its jurisdiction to the department for review and approval.
(2) Upon receipt of a proposed master program or amendment, the department shall:
(a) Provide notice to and opportunity for written comment by all interested parties of record as a part of the local government review process for the proposal and to all persons, groups, and agencies that have requested in writing notice of proposed master programs or amendments generally or for a specific area, subject matter, or issue. The comment period shall be at least thirty days, unless the department determines that the level of complexity or controversy involved supports a shorter period;
(b) In the department’s discretion, conduct a public hearing during the thirty-day comment period in the jurisdiction proposing the master program or amendment;
(c) Within fifteen days after the close of public comment, request the local government to review the issues identified by the public, interested persons, groups, and agencies and provide a written response as to how the proposal addresses the identified issues;
(d) Within thirty days after receipt of the local government response pursuant to (c) of this subsection, make written findings and conclusions regarding the consistency of the proposal with the policy of RCW 90.58.020 and the applicable guidelines, provide a response to the issues identified in (c) of this subsection, and either approve the proposal as submitted, recommend specific changes necessary to make the proposal approvable, or deny approval of the proposal in those instances where no alteration of the proposal appears likely to be consistent with the policy of RCW 90.58.020 and the applicable guidelines. The written findings and conclusions shall be provided to the local government, all interested persons, parties, groups, and agencies of record on the proposal; and
(e) If the department recommends changes to the proposed master program or amendment, within thirty days after the department mails the written findings and conclusions to the local government, the local government may:
(I) Agree to the proposed changes. The receipt by the department of the written notice of agreement constitutes final action by the department approving the amendment; or
(ii) Submit an alternative proposal. If, in the opinion of the department, the alternative is consistent with the purpose and intent of the changes originally submitted by the department and with this chapter and with the changes the department recommends, the department shall provide the segment of a master program relating to shorelines unless it determines that the submitted segments are inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.
(f) The department shall approve the segment of a master program relating to shorelines unless it determines that the submitted segments are not consistent with the policy of RCW 90.58.020 and applicable guidelines.
(2) The department shall approve the segment of a master program relating to critical areas as defined by RCW 36.70A.030(5) provided the master program segment is consistent with RCW 90.58.020 and applicable shoreline guidelines, and if the segment provides a level of protection of critical areas at least equal to that provided by the local government’s critical areas ordinances adopted and thereafter amended pursuant to RCW 36.70A.060(2).
(3) The department shall approve those segments of the master program relating to shorelines of statewide significance only after determining the program provides the optimum implementation of the policy of this chapter to satisfy the statewide interest. If the department does not approve a segment of a local government master program relating to a shoreline of statewide significance, the department may develop an alternative and adopt an alternative to the local government’s proposal.
(4) In the event a local government has not complied with the requirements of RCW 90.58.070 it may thereafter upon written notice to the department elect to adopt a master program for the shorelines within its jurisdiction, in which event it shall comply with the provisions established by this chapter for the adoption of a master program for such shorelines.

Sec. 4. RCW 90.58.190 and 1995 c 347 s 311 are each amended to read as follows:
(1) The appeal of the department’s decision to adopt a master program or amendment pursuant to RCW 90.58.070(2) or 90.58.090(4)(d)(ii) is governed by RCW 34.05.510 through 34.05.598.
(a) The department’s decision to approve, reject, or modify a proposed master program or amendment adopted by a local government planning under RCW 36.70A.040 shall be appealed to the growth management hearings board with jurisdiction over the local government. The appeal shall be initiated by filing a petition as provided in RCW 36.70A.250 through 36.70A.320.
(b) If the appeal to the growth management hearings board concerns shorelines, the growth management hearings board shall review the proposed master program or amendment solely for compliance with the requirements of this chapter (and chapter 36.70A RCW), the policy of RCW 90.58.020 and the applicable guidelines, the internal consistency provisions of RCW 36.70A.070, 36.70A.040(4), 35.63.125, and 35A.63.105, and chapter 43.21C RCW as it relates to the adoption of master programs and amendments under chapter 90.58 RCW.
(c) If the appeal to the growth management hearings board concerns a shoreline of statewide significance, the board shall uphold the decision by the department unless the board, by clear and convincing evidence, determines that the decision of the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.
(d) The appellant has the burden of proof in all appeals to the growth management hearings board under this subsection.
(e) Any party aggrieved by a final decision of a growth management hearings board under this subsection may appeal the decision to superior court as provided in RCW 90.70A.300.

(3)(a) The department’s decision to approve, reject, or modify a proposed master program or master program amendment by a local government not planning under RCW 36.70A.040 shall be appealed to the shorelines hearings board by filing a petition within thirty days of the date of the department’s written notice to the local government of the department’s decision to approve, reject, or modify a proposed master program or master program amendment as provided in RCW 90.58.090(2).

(b) In an appeal relating to shorelines, the shorelines hearings board shall review the proposed master program or master program amendment and, after full consideration of the presentations of the local government and the department, shall determine the validity of the local government’s master program or amendment in light of the policy of RCW 90.58.020 and the applicable guidelines.

(c) In an appeal relating to shorelines of statewide significance, the shorelines hearings board shall uphold the decision by the department unless the board determines, by clear and convincing evidence that the decision of the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.

(d) Review by the shorelines hearings board shall be considered an adjudicative proceeding under chapter 34.05 RCW, the Administrative Procedure Act.

(e) Whenever possible, the review by the shorelines hearings board shall be heard within the county where the land subject to the proposed master program or master program amendment is primarily located. The department and any local government aggrieved by a final decision of the hearings board may appeal the decision to superior court as provided in chapter 34.05 RCW.

(f) A master program amendment shall become effective after the approval of the department or after the decision of the shorelines hearings board to uphold the master program or master program amendment, provided that the board may remand the master program or master program adjustment to the local government or the department for modification prior to the final adoption of the master program or master program amendment.

Sec. 5. RCW 36.70A.480 and 1995 c 347 s 104 are each amended to read as follows:

(1) For shorelines of the state, the goals and policies of the shoreline management act as set forth in RCW 90.58.020 are added as one of the goals of this chapter as set forth in RCW 36.70A.020 without creating an order of priority among the fourteen goals. The goals and policies of a shoreline master program for a county or city approved under chapter 90.58 RCW shall be considered an element of the county or city’s comprehensive plan. All other portions of the shoreline master program for a county or city adopted under chapter 90.58 RCW, including use regulations, shall be considered a part of the county or city’s development regulations.

(2) The shoreline master program shall be adopted pursuant to the procedures of chapter 90.58 RCW rather than the goals, policies, and procedures set forth in this chapter for the adoption of a comprehensive plan or development regulations.

(3) The policies, goals, and provisions of chapter 90.58 RCW and applicable guidelines shall be the sole basis for determining compliance of a shoreline master program with this chapter except as the shoreline master program is required to comply with the internal consistency provisions of RCW 36.70A.070, 36.70A.040(4), 35.63.125, and 35A.63.105.

(a) As of the date the department approves a local government’s shoreline master program adopted under applicable shoreline guidelines, the protection of critical areas as defined by RCW 36.70A.030(5) within shorelines of the state shall be accomplished only through the local government’s shoreline master program and shall not be subject to the procedural and substantive requirements of this chapter, except as provided in subsection (6) of this section.

(b) Critical areas within shorelines of the state that have been identified as meeting the definition of critical areas as defined by RCW 36.70A.030(5), and that are subject to a shoreline master program adopted under applicable shoreline guidelines shall not be subject to the procedural and substantive requirements of this chapter, except as provided in subsection (6) of this section. Nothing in this act is intended to affect whether or to what extent agricultural activities, as defined in RCW 90.58.065, are subject to chapter 36.70A RCW.

(c) The provisions of RCW 36.70A.172 shall not apply to the adoption or subsequent amendment of a local government’s shoreline master program and shall not be used to determine compliance of a local government’s shoreline master program with chapter 90.58 RCW and applicable guidelines. Nothing in this section, however, is intended to limit or change the quality of information to be applied in protecting critical areas within shorelines of the state, as required by chapter 90.58 RCW and applicable guidelines.

(4) Shoreline master programs shall provide a level of protection to critical areas located within shorelines of the state that is at least equal to the level of protection provided to critical areas by the local government’s critical area ordinances adopted and thereafter amended pursuant to RCW 36.70A.060(2).

(5) Shorelines of the state shall not be considered critical areas under this chapter except to the extent that specific areas located within shorelines of the state qualify for critical area designation based on the definition of critical areas provided by RCW 36.70A.030(5) and have been designated as such by a local government pursuant to RCW 36.70A.060(2).

(6) If a local jurisdiction’s master program does not include land necessary for buffers for critical areas that occur within shorelines of the state, an authorized by RCW 90.58.030(3)(f), then the local jurisdiction shall continue to regulate those critical areas and their required buffers pursuant to RCW 36.70A.060(2)."

There being no objection, the following title amendment was adopted:

On page 1, line 2 of the title, after "act:" strike the remainder of the title and insert "amending RCW 90.58.030, 90.58.090, 90.58.190, and 36.70A.480; and creating a new section."

SECOND READING

HOUSE BILL NO. 1318, by Representatives Kohl-Welles, Schmidt and Rasmussen on page 2, line 2, deferred earlier today.

RULING BY THE PRESIDENT

President Owen: “In ruling upon the point of order raised by Senator Zarelli as to the scope and object of the amendment by Senators Kohl-Welles, Schmidt and Rasmussen on page 2, line 2, to House Bill No. 1318, the President finds that House Bill No. 1318 is a measure which requires the State Board of Health to consider the most recent version of USFDA food code provisions when adopting rules for food service. To the extent that the amendment on page 2, line 2, would require
that the Board also consult with various interested parties with respect to food service in schools in developing such rules, it would be within the scope and object of the underlying bill because it is simply further defining the consultation process. Because the amendment also requires the development of a model policy specifically protecting children in preschool through sixth grade who assist in elementary school kitchens, and must do so by a date certain, it is imposing requirements that exceed the scope and object of the original bill.

“The President, therefore, finds that Senator Zarelli’s point is well taken and the amendment on page 2, line 2, to House Bill No. 1318 is outside the scope and object of the underlying bill.”

The President ruled that the amendment by Senators Kohl-Welles, Schmidt and Rasmussen on page 2, line 2, to House Bill No. 1318 to be out of order.

MOTION

On motion of Senator West, the following Committee on Ways and Means striking amendment was not adopted: Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 28B.80 RCW to read as follows:

(1) If a four-year institution requests approval under RCW 28B.80.340 of a new degree program that is the result of legislation enacted to change the terms of RCW 28B.10.115, the higher education coordinating board shall conduct an independent analysis using information from a variety of sources as part of the board’s review of the proposed program, including but not limited to information submitted by the institution. Such information shall include:

(a) Detailed evidence of why the program is justified, including the size and scope of student, employer, and community demand for the program;
(b) The feasibility of using existing public or private capacity for the program and comparisons of the state cost of providing existing and proposed capacity. Any institution that offers programs under this section shall comply with all applicable state rules and regulations;
(c) Projected future enrollment in the program and substantiation of the enrollment estimates; and
(d) Additional information as requested by the board regarding demand, need, and cost-effectiveness of the program.

MOTION

On motion of Senator West, the rules were suspended, Engrossed House Bill No. 1808 was advanced to third reading, the second reading considered the third and the bill was placed on final passage. Debate ensued.

POINT OF INQUIRY
Senator Jacobsen: “Senator Carlson, if this program is offered, how much would be the state subsidy for each student?”

Senator Carlson: “Subsidies for the regional institutions for undergraduates are about six to eight thousand dollars per student for the junior/senior levels. That is about what the equivalent would be.”

Senator Jacobsen: “But, isn’t it fair to say that a program like this costs more than six to eight thousand per student?”

Senator Carlson: “Yes, that is correct, Senator Jacobsen. It usually costs around fourteen thousand dollars per student.”

Senator Jacobsen: “That is what I thought.”

Further debate ensued.

POINT OF INQUIRY

Senator Spanel: “Senator Carlson, do I understand the bill, that the HEC Board does have to do a review of this and they have to come back to the Legislature before there is approval of a new program?”

Senator Carlson: “Thank you, Senator. I appreciate the question. It is a good one and it needs to be explained. What is asked is that there will be monitoring by the HEC Board. They do not have to wait to get permission from the HEC Board in the Legislature, but they do have to get permission from the HEC Board to be able to go forward on this and then to report to the Legislature what is taking place. I do appreciate the question; it is a good one. I appreciate getting a chance to answer.”

Further debate ensued.

POINT OF INQUIRY

Senator Deccio: “Senator Carlson, can you tell me what the price tag is for this program?”

Senator Carlson: “Thank you, Senator. The price tag has been identified by Eastern Washington University in the area of around ten to twelve thousand dollars, which is quite a bit less than the two research universities even that are offering it. So, they are willing to eat the cost, because they think that the programs already available will give them a chance to provide this.”

Further debate ensued.

The President declared the question before the Senate to be the roll call on the final passage of Engrossed House Bill No. 1808.

The Secretary called the roll on the final passage of Engrossed House Bill No. 1808 and the bill passed the Senate by the following vote: Yeas, 29; Nays, 17; Absent, 0; Excused, 3.

Sec. 2. RCW 80.36.410 and 2002 c 104 s 2 are each amended to read as follows:
(1) The legislature finds that universal telephone service is an important policy goal of the state. The legislature further finds that:
((a)) (a) Recent changes in the telecommunications industry, such as federal access charges, raise concerns about the ability of low-income persons to continue to afford access to local exchange telephone service; and
((b)) (b) many low-income persons making the transition to independence from receiving supportive services through community agencies do not qualify for economic assistance from the department.
(2) Therefore, the legislature finds that: (a) It is in the public interest to take steps to mitigate the effects of these changes on low-income persons; and (b) advances in telecommunications technologies, such as community service voice mail provide new and economically efficient ways to secure many of the benefits of universal service to low-income persons who are not customers of local exchange telephone service.

(c) The telephone assistance rate shall only be available to eligible customers subscribing to the lowest ((accesses)) priced local exchange flat rate service, where the lowest priced local exchange flat rate service, including any federal end user ((accesses)) charges and any other charges necessary to obtain local exchange service, is greater than the telephone assistance rate. ((Low-income senior citizens sixty years of age and older and other low-income persons

identified by the department as medically needy shall, where single-party service is available, be provided with single-party service as the lowest available local exchange flat rate service.
))
(d) The cost of providing the service shall be paid, to the maximum extent possible, by a waiver of all or part of ((accesses)) federal end user ((accesses)) charges and, to the extent necessary, from the telephone assistance fund created by RCW 80.36.430.
(4) A discount on a community service voice mailbox that provides recipients with (a) an individually assigned telephone number; (b) the ability to record a personal greeting; and (c) a secure private security code to retrieve messages.

All money collected from the telephone assistance excise tax shall be transferred to a telephone assistance fund administered by the department.
(2) Local exchange companies shall bill the fund for their expenses incurred in offering the telephone assistance program, including administrative program expenses. The department shall disburse the money to the local exchange companies. The department is exempted from having to conclude a contract with local exchange companies in order to effect this reimbursement. The department shall recover its administrative costs from the fund. The department may specify by rule the range and extent of administrative and program expenses that will be reimbursed to local exchange companies.

(3) The department shall enter into an agreement with the department of community, trade, and economic development for an amount not to exceed eight percent of the prior fiscal year's total revenue for the administrative and program expenses of providing community service voice mail services. The community service voice mail service may include toll-free lines in community action agencies through which recipients can access their community service voice mailboxes at no charge.

Sec. 5. RCW 80.36.440 and 1990 c 170 s 4 are each amended to read as follows:

The Washington telephone assistance program shall (be limited) limit reimbursement to one residential switched access line per eligible household, or one discounted community service voice mailbox per eligible person.

Local exchange companies shall (file tariffs with the commission which) waive deposits on local exchange service for eligible subscribers and (which establishes) provide a fifty percent discount on the company's customary charge for commencing telecommunications service ((connection fees)) for eligible subscribers. Part or all of the remaining fifty percent of service connection fees may be paid by funds from federal government or other programs for this purpose. The commission or other appropriate agency shall make timely application for any available federal funds. ((Eligible subscribers shall be allowed one waiver of a deposit and one discount on service connection fees per year.))

Local exchange companies shall ((file tariffs with the commission which)) waive deposits on local exchange service for eligible subscribers and (which establishes) provide a fifty percent discount on the company's customary charge for commencing telecommunications services available under RCW 50.50.020 (1), (2), and (3) after completing use of community service voice mail services. Eligibility shall be for a period including the remainder of the current service year and the following service year. Community agencies shall notify the department of participants eligible under this subsection.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 35.67.020 and 1997 c 447 s 8 are each amended to read as follows:

(1) Every city and town may construct, condemn and purchase, acquire, add to, maintain, conduct, and operate systems of sewerage and systems and plants for refuse collection and disposal together with additions, extensions, and betterments thereto, within and without the limits of the city or town; every city and town has full power and authority to manage, regulate, and control them, except as provided in subsection (3) of this section, to fix, alter, regulate, and control the rates and charges for their use.

(2) Subject to subsection (3) of this section, the rates charged under this section must be uniform for the same class of customers or service and facilities furnished. In classifying customers served or service and facilities furnished by such system of sewerage, the city or town legislative body may in its discretion consider any or all of the following factors:

(a) The difference in cost of service and facilities to the various customers;
(b) The location of the various customers within and without the city or town;
(c) The difference in cost of maintenance, operation, repair, and replacement of the various parts of the system;
(d) The different character of the service and facilities furnished various customers;
(e) The quantity and quality of the sewage delivered and the time of its delivery;
(f) The achievement of water conservation goals and the discouragement of wasteful water use practices;
(g) Capital contributions made to the system, including but not limited to, assessments;
(h) The nonprofit public benefit status, as defined in RCW 24.03.400, of the land user; and
(i) Any other matters which present a reasonable difference as a ground for distinction.

(3) The rate a city or town may charge under this section for storm or surface water sewer systems or combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permisive rainfall harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(4) Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

(5) A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

(6) Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner’s agent, or trained owner.

(7) Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

(8) A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this chapter using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town’s sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law.

Sec. 2. RCW 35.92.020 and 1997 c 447 s 9 are each amended to read as follows:

(2) Subject to subsection (3) of this section, the rates charged shall be uniform for the same class of customers or service and facilities. In classifying customers served or service and facilities furnished by a system or systems of sewerage, the legislative authority of the city or town may in its discretion consider any or all of the following factors:

Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law.

Sec. 5. RCW 57.08.005 and 1999 c 153 s 2 are each amended to read as follows:

A district shall have the following powers:

1. To acquire by purchase or condemnation, or both, all lands, property and property rights, and all water and water rights, both within and without the district, necessary for its purposes. The right of eminent domain shall be exercised in the same manner and by the same procedure as provided for cities and towns, insofar as consistent with this title, except that all assessment or reassessment rolls to be prepared and filed by eminent domain commissioners or commissioners appointed by the court shall be prepared and filed by the district, and the duties devolving upon the county treasurer are imposed upon the county treasurer;
2. To lease real or personal property necessary for its purposes for a term of years for which that leased property may reasonably be needed;
3. To construct, condemn and purchase, add to, maintain, and supply waterworks to furnish the district and inhabitants thereof and any other persons, both within and without the district, with an ample supply of water for all uses and purposes public and private with full authority to regulate and control the use, content, distribution, and price thereof in such a manner as is not in conflict with general laws and may construct, acquire, or own buildings and other necessary district facilities. Where a customer connected to the district’s system uses the water on an intermittent or transient basis, a district may charge for providing water service to such a customer, regardless of the amount of water, if any, used by the customer. District waterworks may include facilities which result in combined water supply and electric generation, if the electricity generated thereby is a byproduct of the water supply system. That electricity may be used by the district or sold to any entity authorized by law to use or distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of water supply. For such purposes, a district may take, condemn and purchase, acquire, and retain water from any public or navigable lake, river or watercourse, or any underflowing water, and by means of aqueducts or pipelines conduct the same throughout the district and any city or town therein and carry it along and upon public highways, roads, and streets, within and without such district. For the purpose of constructing or laying aqueducts or pipelines, dams, or waterworks or other necessary structures in storing and retaining water or for any other lawful purpose such district may occupy the beds and shores up to the high water mark of any such lake, river, or other watercourse, and may acquire by purchase or condemnation such property or property rights or privileges as may be necessary to protect its water supply from pollution. For the purposes of waterworks which include facilities for the generation of electricity as a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner;
4. To purchase and take water from any municipal corporation, private person, or entity. A district contiguous to Canada may contract with a Canadian corporation for the purchase of water and for the construction, purchase, maintenance, and supply of waterworks to furnish the district and inhabitants thereof and residents of Canada with an ample supply of water under the terms approved by the board of commissioners;
5. To construct, condemn and purchase, add to, maintain, and operate systems of sewers for the purpose of furnishing the district, the inhabitants thereof, and persons outside the district with an adequate system of sewers for all uses and purposes, public and private, including but not limited to on-site sewage disposal facilities, approved septic tanks or approved septic tank systems, on-site sanitary sewerage systems, inspection services and maintenance services for private and public on-site systems, point and nonpoint water
pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a district, other facilities, programs, and systems for the collection, interception, treatment, and disposal of wastewater, and for the control of pollution from wastewater with full authority to regulate the use and operation thereof and the service rates to be charged. Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner’s agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer. Sewage by the state may include facilities which result in combined sewage disposal or treatment and electric generation, except that the electricity generated thereby is a byproduct of the system of sewers. Such electricity may be used by the district or sold to any entity authorized by law to distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of sewage disposal or treatment. For such purposes a district may construct, condemn and purchase, add to, maintain, and operate systems of drainage for the benefit and use of the district, the inhabitants thereof, and persons outside the district with an adequate system of drainage, including but not limited to facilities and systems for the collection, interception, treatment, and disposal of storm or surface waters, and for the protection, preservation, and rehabilitation of surface and underground waters, and drainage facilities for public highways, streets, and roads, with full authority to regulate the use and operation thereof and, except as provided in (b) of this subsection, the service rates to be charged.

(6) Any public entity and public property, including the state of Washington and other areas of land from pollution from its sewers or other maintenance or repair services under this section using water from those waters in accordance with the district’s comprehensive plan, and to issue general obligation bonds, revenue bonds, and local improvement district bonds, or utility local improvement bonds for the purpose of paying all or any part of the cost of reducing, minimizing, or eliminating the pollutants from these waters; (7) To construct, condemn and purchase, add to, maintain, and operate systems of drainage for the benefit and use of the district, the inhabitants thereof, and persons outside the district with an adequate system of drainage, including but not limited to facilities and systems for the collection, interception, treatment, and disposal of storm or surface waters, and for the protection, preservation, and rehabilitation of surface and underground waters, and drainage facilities for public highways, streets, and roads, with full authority to regulate the use and operation thereof and, except as provided in (b) of this subsection, the service rates to be charged.

(8) To construct, condemn and purchase, add to, maintain, and operate systems of drainage for the benefit and use of the district, the inhabitants thereof, and persons outside the district with an adequate system of drainage, including but not limited to facilities and systems for the collection, interception, treatment, and disposal of storm or surface waters, and for the protection, preservation, and rehabilitation of surface and underground waters, and drainage facilities for public highways, streets, and roads, with full authority to regulate the use and operation thereof and, except as provided in (b) of this subsection, the service rates to be charged.

(9) Where a district contains within its borders, abuts, or is located adjacent to any lake, stream, ground water as defined by RCW 90.44.035, or other waterway within the state of Washington, to provide for the reduction, minimization, or elimination of pollutants from those waters in accordance with the district’s comprehensive plan, and to issue general obligation bonds, revenue bonds, local improvement district bonds, or utility local improvement bonds for the purpose of paying all or any part of the cost of reducing, minimizing, or eliminating the pollutants from these waters; (10) To subject to subsection (6) of this section, to fix rates and charges for water, sewer, and drain service supplied and to charge property owners seeking to connect to the district’s systems, as a condition to granting the right to so connect, in addition to the cost of the connection, such reasonable connection charge as the board of commissioners shall determine to be proper in order that those property owners who bear the equitable share of the cost of the connection shall contribute in proportion to the extent of their participation in the improvement; the board of commissioners shall determine the pro rata share of the cost of existing facilities and facilities planned for construction within the next ten years and contained in an adopted comprehensive plan and other costs borne by the district which are directly attributable to the improvements required by property owners seeking to connect to the system. The cost of existing facilities shall not include those portions of the system which have been donated or which have been paid for by grants. The connection charge may include interest charges applied from the date of construction of the system until the connection, or for a period not to exceed ten years, whichever is shorter, at a rate commensurate with the rate of interest applicable to the district at the time of construction or major rehabilitation of the system, or at the time of installation of the lines to which the property owner is seeking to connect. A district may permit payment of the cost of connection and the reasonable connection charge to be paid with interest in installments over a period not exceeding fifteen years. The county treasurer may charge and collect a fee of three dollars for each year for the treasurer’s services. Those fees shall be a charge to be included as part of each annual installment, and shall be credited to the county current expense fund by the county treasurer. Revenues from connection charges excluding permit fees are to be considered payments in aid of construction as defined by department of revenue rule. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

Before adopting an on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A water-sewer district shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using water-sewer district employees unless the on-site system is connected by a publicly owned collection system to the water-sewer district’s sewage system, and the on-site system represents the first step in the sewage disposal process.

A district may use water or wastewater from the river, stream, or other waterway within the state of Washington, to provide for the reduction, minimization, or elimination of pollutants over a period not exceeding fifteen years. A district may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also any other areas of land from pollution from its sewers or other maintenance or repair services under this section using water from those waters in accordance with the district’s comprehensive plan, and to issue general obligation bonds, revenue bonds, and local improvement district bonds, or utility local improvement bonds for the purpose of paying all or any part of the cost of reducing, minimizing, or eliminating the pollutants from these waters; (7) To construct, condemn and purchase, add to, maintain, and operate systems of drainage for the benefit and use of the district, the inhabitants thereof, and persons outside the district with an adequate system of drainage, including but not limited to facilities and systems for the collection, interception, treatment, and disposal of storm or surface waters, and for the protection, preservation, and rehabilitation of surface and underground waters, and drainage facilities for public highways, streets, and roads, with full authority to regulate the use and operation thereof and, except as provided in (b) of this subsection, the service rates to be charged.

(8) To construct, condemn and purchase, add to, maintain, and operate systems of drainage for the benefit and use of the district, the inhabitants thereof, and persons outside the district with an adequate system of drainage, including but not limited to facilities and systems for the collection, interception, treatment, and disposal of storm or surface waters, and for the protection, preservation, and rehabilitation of surface and underground waters, and drainage facilities for public highways, streets, and roads, with full authority to regulate the use and operation thereof and, except as provided in (b) of this subsection, the service rates to be charged.
(13) To contract for the provision of engineering, legal, and other professional services as in the board of commissioner’s discretion is necessary in carrying out their duties;

(14) To sue and be sued;

(15) To loan and borrow funds and to issue bonds and instruments evidencing indebtedness under chapter 57.20 RCW and other applicable laws;

(16) To transfer funds, real or personal property, property interests, or services subject to RCW 57.08.015;

(17) To levy taxes in accordance with this chapter and chapters 57.04 and 57.20 RCW;

(21) To exercise any of the powers granted to cities and counties with respect to the acquisition, construction, maintenance, operation of, and fixing rates and charges for waterworks and systems of sewerage and drainage.

RCW 84.33.210 and 2001 c 153 s 11 are each amended to read as follows:

(1) Subject to RCW 57.08.005(6), the commissioners of any district shall provide for revenues by fixing rates and charges for furnishing sewer and drainage service and facilities to those to whom service is available or for providing water, such rates and charges to be fixed as deemed necessary by the commissioners, so that uniform charges will be made for the same class of customer or service and facility. Rates and charges may be combined for the furnishing of more than one type of sewer or drainage service and facilities.

(2) In classifying customers of such water, sewer, or drainage system, the board of commissioners may in its discretion consider any or all of the following factors: The difference in cost to various customers; the location of the various customers within and without the district; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the service and facility furnished; the time of its use; the achievement of water conservation goals and the discouragement of wasteful practices; capital contributions made to the system; the contributions made to the system by other means; the experience and the condition of the service and facilities; and any other matters which present a reasonable difference as a ground for distinction. Rates shall be established as deemed proper by the commissioners and as fixed by resolution and shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for efficient and proper operation of the system. Prior to furnishing services, a district may require a deposit to guarantee payment for services. However, failure to require a deposit does not affect the validity of any lien authorized by this section.

(3) The commissioners shall enforce collection of connection charges, and rates and charges for water supplied against property owners connecting with the system or receiving such water, and for sewer and drainage services charged against property to which and its owners to whom the service is available, such charges being deemed charges against the property served, by additions of penalties of not more than ten percent thereof in case of failure to pay the charges at times fixed by resolution. The commissioners may provide by resolution that where either connection charges or rates and charges for services supplied are delinquent for any specified period of time, the district shall certify the delinquencies to the auditor of the county in which the real property is located, and the charges and any penalties added thereto and interest thereon at the prime lending rate of not more than ten percent thereof for the period of delinquency, or (b) to approve or confirm a final special benefit assessment roll relating to a sanitary sewer district.

(4) The district, at any time after the connection charges or rates and charges for services supplied or available and penalties are delinquent for a period of sixty days, bring suit in foreclosure by civil action in the superior court of the county in which the real property is located. The court may award, in addition to the special benefit assessments provided to by statute, attorneys’ fees, title search and report costs, and expenses as it adjudges reasonable. The action shall be in rem, and may be brought in the name of the district against an individual or against all of those who are delinquent in one action. The laws and rules of the court shall control as in other civil actions.

(5) In addition to the right to foreclose provided in this section, the district may also cut off all or part of the service after charges for water, sewer or drainage service supplied or delinquent are delinquent for a period of thirty days.

(6) A district may determine how to apply partial payments on past due accounts.

(7) A district may provide a real property owner or the owner’s designee with duplicate bills for service to tenants, or may notify an owner or the owner’s designee that a tenant’s service account is delinquent. However, if an owner or the owner’s designee notifies the district in writing that a property served by the district is a rental property, asks to be notified of a tenant’s delinquency, and has provided, in writing, a complete and accurate mailing address, the district shall notify the owner or the owner’s designee of a tenant’s delinquency at the same time and in the manner the district notifies the tenant of the tenant’s delinquency or by mail. When a district provides a real property owner or the owner’s designee with duplicate of tenant utility service bills or notice that a tenant’s utility account is delinquent, the district shall notify the tenant that it is providing the duplicate bills or delinquency notice to the owner or the owner’s designee. After January 1, 2005, if a district fails to notify the owner or the owner’s designee after receiving a written request to do so and after receiving the other information required by this subsection (7), the district shall have no lien against the premises for the tenant’s delinquent and unpaid charges.

Sec. 7. RCW 84.33.210 and 2001 c 249 s 6 are each amended to read as follows:

(1) Any land that is designated as forest land under this chapter at the earlier of the times the legislative authority of a local government adopts a resolution, ordinance, or legislative act (a) to create a local improvement district, in which the land is included or would have been included but for the designations, or (b) to approve or confirm a final special benefit assessment roll relating to a sanitary or storm sewerage system, domestic water supply or distribution system, or road construction or improvement, which roll would have been included but for the designation, or (c) to approve a final special benefit assessment roll relating to a sanitary sewer district by this title or other applicable laws; and

(2) Whenever a local government creates a local improvement district, the levying, collection, and enforcement of assessments shall be in the manner and subject to the same procedures and limitations as are provided under the law concerning the initiation and formation of local improvement districts for the particular local government. Notice of the creation of a local improvement district that includes designated forest land shall be filed with the assessor and the legislative authority of the county in which the land is located. The assessor, upon receiving notice of the creation of a local improvement district, shall send a notice to the owners of the designated forest lands listed on the tax rolls of the applicable treasurer of:

(a) The creation of the local improvement district;

(b) The exemption of that land from special benefit assessments;

(c) The fact that the designated forest land may become subject to the special benefit assessments if the owner waives the exemption by filing a notarized document with the governing body of the local government creating the local improvement district before the confirmation of the final special benefit assessment roll; and

(d) The potential liability, pursuant to RCW 84.33.220, if the exemption is not waived and the land is subsequently removed from designated forest land status.

(3) When a local government approves and confirms a special benefit assessment roll, from which designated forest land has been exempted under this section, it shall file a notice of this action with the assessor and the legislative authority of the county in which the land is located and with the treasurer of that local government. The notice shall describe the action taken, the type of improvement involved, the land exempted, and the amount of the special benefit assessment that would have been levied against the land if it had not been
exempted. The filing of the notice with the assessor and the treasurer of that local government shall constitute constructive notice to a purchaser or encumbrancer of the affected land and every person whose conveyance or encumbrance is subsequently executed or subsequently recorded, that the exempt land is subject to the charges provided in RCW 84.33.220 and 84.33.230, if the land is removed from its designation as forest land.

(4) The owner of the land exempted from special benefit assessments under this section may waive that exemption by filing a notarized document to that effect with the legislative authority of the local government upon receiving notice from said local government concerning the assessment roll hearing and before the local government confirms the final special benefit assessment roll. A copy of that waiver shall be filed by the local government with the assessor, but the failure to file this copy shall not affect the waiver.

(5) Except to the extent provided in RCW 84.33.250, the local government shall have no duty to furnish service from the improvement financed by the special benefit assessment to the exempted land.

Sec. 8. RCW 86.15.160 and 1986 c 278 s 60 are each amended to read as follows:

For the purposes of this chapter the supervisors may authorize:

(1) An annual excess ad valorem tax levy within any zone or participating zones when authorized by the voters of the zone or participating zones under RCW 84.52.052 and 84.52.054, 84.52.070 and 84.52.074;

(3) Within any zone or participating zones an annual ad valorem property tax levy of not to exceed fifty cents per thousand dollars of assessed value when the levy will not take dollar rates that other taxing districts may lawfully claim and that will not cause the combined levies to exceed the constitutional and/or statutory limitations, and the additional levy, or any portion thereof, may also be made when dollar rates of other taxing units is released therefor by agreement with the other taxing units from their authorized levies;

(4) A charge, under RCW 36.89.080, for the furnishing of service to those who are receiving or will receive benefits from storm water control facilities and who are contributing to an increase in surface water runoff. The rate or charge imposed under this section shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permisive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested;

(5) Except as otherwise provided in RCW 90.03.325, any public entity and public property, including the state and state property, shall be liable for the charges to the same extent a private person and privately owned property is liable for the charges, and in setting these rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property;

(6) The creation of local improvement districts and utility local improvement districts, the issuance of improvement district bonds and warrants, and the imposition, collection, and enforcement of special assessments on all property, including any state-owned or other publicly-owned property, specially benefited from improvements in the same manner as provided for counties by chapter 36.94 RCW."

The bill was read the third time.

POINT OF ORDER

Senator Hargrove: “A point of order, I would like to ask you to rule on the scope and object of the House amendment to Engrossed House Bill No. 2030. I would like to refer you to Rule 66, when ruling on the scope and object of the amendment. It is a constitutional provision and it does not limit the ruling to be Senate amendments. If I could speak on the House amendment. The House amendment to this bill added a study to the bill. Neither the title nor the original bill referred to a study, but simply the change in the B & O tax system that was in place. So, that I believe, makes the substance of the House amendment beyond the scope and object of the bill.”

REMARKS BY SENATOR SHEAHAN

Senator Sheahan: “Arguing against the point of order by Senator Hargrove. If you look at Rule 66, if I may, Mr. President, the last sentence says, ‘A point of order raising the question of scope and object may be raised at any time during consideration of an amendment prior to voting on the amendment.’ I would suggest that since this is a House amendment the question of scope and object is not timely.”

RULING BY THE PRESIDENT

President Owen: “Senator Hargrove, the President doesn’t believe that the constitutional issue is an issue for him to consider and that has been made clear in previous rulings and tradition and history. The Constitution is not something that the President feels that is appropriate for him to rule on. With that said, once a bill is engrossed by the House, that defines the scope and object of the bill for the consideration and how the Senate will consider the bill for the purposes of scope and object. Therefore, your point is not well taken.”

MOTION
Senator Morton moved that the following Committee on Natural Resources, Energy, and Water striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Applicant" means a person applying for a tax deferral under this chapter.
(2) "Department" means the department of revenue.
(3) "Eligible area" means a county with fewer than one hundred persons per square mile as determined annually by the office of financial management and published by the department effective for the period July 1st through June 30th, or a county that has a population of less than two hundred twenty-five thousand as determined by the office of financial management and has an area greater than two hundred twenty-five square miles.
(4)(a) "Eligible investment project" means an investment project in an eligible area.
(b) The lessee or owner of a qualified building is not eligible for a deferral unless the underlying ownership of the buildings, machinery, and equipment vests exclusively in the same person, or unless the lessee by written contract agrees to pass the economic benefit of the deferral to the lessee in the form of reduced rent payments.
(c) "Eligible investment project" does not include any portion of an investment project undertaken by a light and power business as defined in RCW 82.16.010(5), other than that portion of a cogeneration project that is used to generate power for consumption within the manufacturing site of which the cogeneration project is an integral part, or investment projects which have already received deferrals under this chapter.
(5) "Investment project" means an investment in qualified buildings or qualified machinery and equipment, including labor and services rendered in the planning, installation, and construction of the project.
(6) "Manufacturing" means the same as defined in RCW 82.04.120. "Manufacturing" also includes computer programming, the production of computer software, and other computer-related services, and the activities performed by research and development laboratories and commercial testing laboratories.
(7) "Person" has the meaning given in RCW 82.04.030.
(8) "Qualified buildings" means construction of new structures, and expansion or renovation of existing structures for the purpose of increasing floor space or production capacity used for manufacturing and research and development activities, including plant offices and warehouses or other facilities for storage of raw material or finished goods if such facilities are an essential or an integral part of a factory, mill, plant, or laboratory used for manufacturing or research and development. If a building is used partly for manufacturing or research and development and partly for other purposes, the applicable tax deferral shall be determined by apportionment of the costs of construction under rules adopted by the department.
(9) "Qualified machinery and equipment" means all new industrial and research fixtures, equipment, and support facilities that are an integral and necessary part of a manufacturing or research and development operation. "Qualified machinery and equipment" includes: Computers; software; data processing equipment; laboratory equipment; manufacturing components such as belts, pulleys, shafts, and moving parts; molds, tools, and dies; operating structures; and all equipment used to control or operate the machinery.
(10) "Recipient" means a person receiving a tax deferral under this chapter.
(11) "Research and development" means the development, refinement, testing, marketing, and commercialization of a product, service, or process before commercial sales have begun. As used in this subsection, "commercial sales" excludes sales of prototypes or sales for market testing if the total gross receipts from such sales of the product, service, or process do not exceed one million dollars.
(12) "Wood biomass fuel" means pyrolytic liquid fuel or synthesis gas derived liquid fuel, used in internal combustion engines, and produced from wood, forest, or field residue, or dedicated energy crops that do not include wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chroma-arsenic.

NEW SECTION. Sec. 2. (1) Application for deferral of taxes under this chapter must be made before initiation of the construction of the investment project or acquisition of equipment or machinery. The application shall be made to the department in a form and manner prescribed by the department. The application shall contain information regarding the location of the investment project, the applicant's average employment in the state for the prior year, estimated or actual new employment related to the project, estimated or actual wages of employees related to the project, estimated or actual costs, time schedules for completion and operation, and other information required by the department.
(2) The department shall issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW on each eligible investment project that is located in an eligible area as defined in section 1 of this act, if the investment project is undertaken for the purpose of manufacturing wood biomass fuel.

NEW SECTION. Sec. 3. (1) The department shall issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW on each eligible investment project that is located in an eligible area, if the project is operationally complete:
(a) The applicant will hire at least one qualified employment position for each seven hundred fifty thousand dollars of investment on which a deferral is requested; and
(b) The positions will be filled by persons who at the time of hire are residents of the community empowerment zone. As used in this subsection, "resident" means the person makes his or her home in the community empowerment zone. A mailing address alone is insufficient to establish that a person is a resident for the purposes of this section. The persons must be hired after the date the application is filed with the department.
(3) All other provisions and eligibility requirements of this chapter apply to applicants eligible under this section.
(4) The qualified employment position must be filled by the end of the calendar year following the year in which the project is certified as operationally complete. If a person does not meet the requirements for qualified employment positions by the end of the second calendar year following the year in which the project is certified as operationally complete, all deferred taxes are immediately due.

NEW SECTION. Sec. 5. (1) Each recipient of a deferral granted under this chapter after June 30, 2003, shall submit a report to the department on December 31st of the year in which the investment project is certified by the department as having been operationally completed, and on December 31st of each of the seven succeeding calendar years. The report shall contain information, as required by the department, from which the department may determine whether the recipient is meeting the requirements of this chapter. If the recipient
fails to submit a report or submits an inadequate report, the department may declare the amount of deferred taxes outstanding to be immediately due, assessed and payable.

(2) If, on the basis of a report under this section or other information, the department finds that an investment project is not eligible for tax deferral under this chapter, the amount of deferred taxes outstanding for the project is immediately due. For any taxes that are due, penalties and interest applicable to delinquent excise taxes shall be assessed and imposed for delinquent payments under this chapter. The debt for deferred taxes will not be extinguished by insolvency or other failure of the recipient. Transfer of ownership does not terminate the deferral. The deferral is transferred, subject to the successor meeting the eligibility requirements of this chapter, for the remaining periods of the deferral.

(3) Deferred taxes need not be repaid if the department determines, in accordance with the provisions of subsection (1) of this section, that the recipient has met the requirements of this chapter for the seven calendar years following the certification by the department that the investment project has been operationally completed.

NEW SECTION. Sec. 6. The employment security department shall make, and certify to the department of revenue, all determinations of employment and wages as requested by the department under this chapter.

NEW SECTION. Sec. 7. Chapter 82.32 RCW applies to the administration of this chapter.

NEW SECTION. Sec. 8. Applications, reports, and any other information received by the department under this chapter shall not be confidential and shall be subject to disclosure.

NEW SECTION. Sec. 9. A new section is added to chapter 84.36 RCW to read as follows:

(1) For the purposes of this section, “wood biomass fuel” means a pyrolytic liquid fuel or synthesis gas-derived liquid fuel, used in internal combustion engines, and produced from wood, forest, or field residue, or dedicated energy crops that do not include wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chroma-arsenic.

(2)(a) All buildings, machinery, equipment, and other personal property which is used primarily for the manufacturing of wood biomass fuel, the land upon which this property is located, and land that is reasonably necessary in the manufacturing of wood biomass fuel, but not land necessary for growing of crops, which together comprise a new manufacturing facility or an addition to an existing manufacturing facility, are exempt from property taxation for the six assessment years following the date on which the facility or the addition to the existing facility becomes operational.

(b) For manufacturing facilities which produce products in addition to wood biomass fuel, the amount of the property tax exemption shall be based upon the annual percentage of the total value of all products manufactured that is the value of the wood biomass fuel manufactured.

(3) Claims for exemptions authorized by this section shall be filed with the county assessor on forms prescribed by the department of revenue and furnished by the assessor. Once filed, the exemption is valid for six years and shall not be renewed. The assessor shall verify and approve claims as the assessor determines to be justified and in accordance with this section. No claims may be filed after December 31, 2009.

The department of revenue may promulgate such rules, pursuant to chapter 34.05 RCW, as necessary to properly administer this section.

MOTION

Senator McCaslin moved that the following Committee on Judiciary striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes the extreme dangers present when the safety of our citizens requires first responders such as police and fire fighters to evacuate and secure a building. In an effort to prepare for responding to unintended disasters, criminal acts, and acts of terrorism, the legislature intends to create a statewide first responder building mapping information system that will provide all first responders with the information they need to be successful when disaster strikes. The first responder building mapping system in the act is to be developed for a limited and specific purpose and is in no way to be construed as imposing standards or system requirements on any other mapping systems developed and used for any other local government purposes.

NEW SECTION. Sec. 2. A new section is added to chapter 36.28A RCW to read as follows:

(1) When funded, the Washington Association of Sheriffs and Police Chiefs shall create and operate a statewide first responder building mapping information system.

(2) All state agencies and local governments must utilize building mapping software that complies with the building mapping software standards established under section 3 of this act for any building mapped for this purpose after the statewide first responder building mapping information system is operational. If, prior to creation of the statewide building mapping information system, a local
government has utilized building mapping software standards established under section 3 of this act, the local government may continue to use its own building mapping system unless the Washington association of sheriffs and police chiefs provides funding to bring the local government’s system in compliance with the standards established under section 3 of this act.

(3) All state and local government-owned buildings that are occupied by state or local government employees must be mapped when funding is provided by the Washington association of sheriffs and police chiefs, or from other sources. Nothing in this act requires any state agency or local government to map a building unless the entire cost of mapping the building is provided by the Washington association of sheriffs and police chiefs, or from other sources.

(4) Once the statewide first responder building mapping information system is operational, all state and local government buildings that are mapped must forward their building mapping information data to the Washington association of sheriffs and police chiefs. All participating privately, federally, and tribally owned buildings may voluntarily forward their mapping and emergency information data to the Washington association of sheriffs and police chiefs. The Washington association of sheriffs and police chiefs may refuse any building mapping information that does not comply with the specifications described in section 3 of this act.

(5) Consistent with the guidelines developed under section 5 of this act, the Washington association of sheriffs and police chiefs shall electronically make the building mapping information available to all state, local, federal, and tribal law enforcement agencies, the military department of Washington state, and fire departments.

(6) Consistent with the guidelines developed under section 3 of this act, the Washington association of sheriffs and police chiefs shall develop building mapping software standards that must be used to participate in the statewide first responder building mapping information system.

(7) The Washington association of sheriffs and police chiefs shall pursue federal funds to:
   (a) Create the statewide first responder building mapping information system; and
   (b) Develop grants for the mapping of all state and local government buildings in the order determined under section 3 of this act.

(8) All tactical and intelligence information provided to the Washington association of sheriffs and police chiefs under this act is exempt from public disclosure as provided in RCW 42.17.310(1)(d).

NEW SECTION. Sec. 3. A new section is added to chapter 36.28A RCW to read as follows:

(1) The Washington association of sheriffs and police chiefs in consultation with the Washington state emergency management office, the Washington association of county officials, the Washington association of cities, the information services board, the Washington state fire chiefs' association, and the Washington state patrol shall convene a committee to establish guidelines related to the statewide first responder building mapping information system. The committee shall have the following responsibilities:
   (a) Develop the type of information to be included in the statewide first responder building mapping information system. The information shall include, but is not limited to: Floor plans, fire protection information, evacuation plans, utility information, known hazards, and text and digital images showing emergency personnel contact information;
   (b) Develop building mapping software standards that must be utilized by all entities participating in the statewide first responder building mapping information system; and
   (c) Determine the order in which buildings shall be mapped when funding is received;
   (d) Develop guidelines on how the information shall be made available. These guidelines shall include detailed procedures and security systems to ensure that the information is only made available to the government entity that either owns the building or is responding to an incident at the building;

   (2) Recommend training guidelines regarding using the statewide first responder building mapping information system to the criminal justice training commission and the Washington state patrol fire protection bureau.

   (a) Nothing in this section supersedes the authority of state agencies and local governments to control and maintain access to information within their independent systems.

NEW SECTION. Sec. 4. A new section is added to chapter 36.28A RCW to read as follows:

Units of local government and their employees, as provided in RCW 36.28A.010, are immune from civil liability for damages arising out of the creation and use of the statewide first responder building mapping information system, unless it is shown that an employee acted with gross negligence or bad faith.

MOTION

Senator Stevens moved that the following striking amendment by Senators Stevens and Hargrove be adopted:

"Strike everything after the enacting clause and insert the following:

**NEW SECTION.** Sec. 1. The legislature intends to revise and improve the processes for billing and collecting legal financial obligations. The purpose of this act is to respond to suggestions and requests made by county government officials, and in particular county clerks, to improve the collection process, coordination with the Department of Corrections, and administrative office for the counties. The legislature undertakes this effort following a collaboration between local officials, the department of corrections, and the administrative office for the courts. The intent of this act is to promote an increased and more efficient collection of legal financial obligations and, as a result, improve the likelihood that the affected agencies will increase the collections which will provide additional benefits to all parties and, in particular, crime victims whose restitution is dependent upon the collections.

Sec. 2. RCW 9.94A.760 and 2001 c 10 s 3 are each amended to read as follows:

(1) Whenever a person is convicted of a felony, the court may order the payment of a legal financial obligation as part of the sentence. The court must on either the judgment and sentence or on a subsequent order to pay, designate the total amount of a legal financial obligation and segregate this amount among the separate assessments made for restitution, costs, fines, and other assessments required by law. On the same order, the court is also to set a sum that the offender is required to pay on a monthly basis towards satisfying the legal financial obligation. If the court fails to set the offender monthly payment amount, the department shall set the amount. Upon receipt of an offender’s monthly payment, restitution shall be paid prior to any payments of other monetary obligations. After restitution is satisfied, the county clerk shall distribute the payment proportionally among all other fines, costs, and assessments imposed, unless otherwise ordered by the court.

(2) If the court determines that the offender, at the time of sentencing, has the means to pay for the cost of incarceration, the court may require the offender to pay for the cost of incarceration at a rate of fifty dollars per day of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision shall take precedence over the payment of the cost of incarceration ordered by the court. All funds recovered from offenders for the cost of incarceration in the county jail shall be remitted to the county and the costs of incarceration in a prison shall be remitted to the department.

(3) The court may add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction is to be issued immediately. If the court chooses not to order the immediate issuance of a notice of payroll deduction at sentencing, the court shall add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction may be issued or other income-withholding action may be taken, without further notice to the offender if a monthly court-ordered legal financial obligation payment is not paid when due, and an amount equal to or greater than the amount payable for one month is owed.

If a judgment and sentence or subsequent order to pay does not include the statement that a notice of payroll deduction may be issued or other income-withholding action may be taken if a monthly legal financial obligation payment is past due, the department or the county clerk may serve a notice on the offender stating such requirements and authorizations. Service shall be by personal service or any form of mail requiring a return receipt.

(4) Independent of the department or the county clerk, the party or entity to whom the legal financial obligation is owed shall have the authority to use any other remedies available to the party or entity to collect the legal financial obligation. These remedies include enforcement in the same manner as a judgment in a civil action by the party or entity to whom the legal financial obligation is owed. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim’s loss when there is more than one victim. The judgment and sentence shall identify the party or entity to whom restitution is owed so that the state, party, or entity may enforce the judgment. If restitution is ordered pursuant to RCW 9.94A.750(6) or 9.94A.753(6) to a victim of rape of a child or a victim’s child born from the rape, the Washington state child support registry shall be identified as the party to whom payments must be made. Restitution obligations arising from the rape of a child in the first, second, or third degree result in the pregnancy of the victim may be enforced for the time periods provided under RCW 9.94A.750(6) and 9.94A.753(6). All other legal financial obligations for an offense committed on or after July 1, 2000, may be enforced at any time during the ten-year period following the offender’s release from total confinement or within ten years of entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial ten-year period, the superior court may extend the criminal judgment an additional ten years for payment of legal financial obligations including crime victims’ assessments. All other legal financial obligations for an offense committed on or after July 1, 2000, may be enforced at any time the offender remains under the court’s jurisdiction. For an offense committed on or after July 1, 2000, the court shall retain jurisdiction over the offender, for purposes of the offender’s compliance with payment of the legal financial obligations, until the obligation is completely satisfied, regardless of the statutory maximum for the crime.

The department (of corrections shall) may only supervise the offender’s compliance with payment of the legal financial obligations (for ten years following the entry of the judgment and sentence, or ten years following the offender’s release from total confinement, whichever period ends later) during any period in which the department is authorized to supervise the offender in the community under RCW
(7)(a) During the period of supervision, the department may make a recommendation to the court that the offender’s monthly payment schedule be modified so as to reflect a change in financial circumstances. If the department sets the monthly payment amount, the department may modify the monthly payment amount without the matter being returned to the court. During the period of supervision, the department may require the offender to report to the department for the purposes of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the department in order to prepare the collection schedule.

(b) Subsequent to any period of supervision, or if the department is not authorized to supervise the offender in the community, the county clerk may make a recommendation to the court that the offender’s monthly payment schedule be modified so as to reflect a change in financial circumstances. If the county clerk sets the monthly payment amount, the clerk may modify the monthly payment amount without the matter being returned to the court. During the period of repayment, the county clerk may require the offender to report to the clerk for the purposes of reviewing the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The county clerk shall provide the offender with the schedule and shall notify the county clerk of the offender’s monthly payment amount. Any change resulting from this recommendation is not authorized to be made towards a satisfied legal financial obligation.

Subsequent to any period of supervision or, if the department is not authorized to supervise the offender in the community, the county clerk is authorized to collect unpaid legal financial obligations from the offender. Any amount collected by the department shall be remitted daily to the county clerk for the purpose of disbursements. The department (\(\text{department}\)) and the county clerks are authorized, but not required, to accept credit cards as payment for a legal financial obligation, and any costs incurred related to accepting credit card payments shall be the responsibility of the offender.

(9) The department or any obligee of the legal financial obligation may seek a mandatory wage assignment for the purposes of obtaining satisfaction for the legal financial obligation pursuant to RCW 9.94A.7701. (11)(a) Until January 1, 2004, the department shall mail individualized monthly billings to the address known by the department for each offender with an unsatisfied legal financial obligation. (12) The department (\(\text{department}\)) shall arrange for the collection of unpaid legal financial obligations during any period of supervision in the community through the county clerk (\(\text{county clerk}\)). The department shall either collect unpaid legal financial obligations or arrange for collections through another entity if the clerk does not assume responsibility for collection pursuant to subsection (3) of this section. The costs for collection services shall be paid by the offender.

(13) Nothing in this chapter makes the department, the state, the counties, or any (\(\text{state or county}\)) state or county employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations or for the acts of any offender who is no longer, or was not, subject to supervision by the department in a term of community custody, community placement, or community supervision, and who remains under the jurisdiction of the court for payment of legal financial obligations.

Sec. 3. RCW 9.94A.780 and 2000 c 28 s 32 are each amended to read as follows:

This section applies to offenses committed on or before July 1, 1985.

(1) If restitution is ordered, the court shall determine the amount of restitution due at the sentencing hearing or within one hundred eighty days. The court may continue the hearing beyond the one hundred eighty days for good cause. The court shall then set a minimum monthly payment that the offender is required to make towards the restitution that is ordered. The court should take into consideration the total amount of the restitution owed, the offender’s present, past, and future ability to pay, as well as any assets that the offender may have.

(2) During the period of supervision, the community corrections officer may examine the offender to determine if there has been a change in circumstances that warrants an amendment of the monthly payments, schedule. The community corrections officer may recommend a change to the schedule of payment and shall inform the court of the recommended change and the reasons for the change. The sentencing court may then reset the monthly minimum payments based on the report from the community corrections officer of the change in circumstances.

Except as provided in subsection (6) of this section, restitution ordered by a court pursuant to a criminal conviction shall be based on easily ascertainable damages for injury to or loss of property, actual expenses incurred for treatment for injury to persons, and lost wages resulting from injury. Restitution shall not include reimbursement for damages for mental anguish, pain and suffering, or other intangible losses, but may include the costs of counseling reasonably related to the offense. The amount of restitution shall not exceed double the amount of the offender’s gain or the victim’s loss from the commission of the offense.

(4) For the purposes of this section, the offender shall remain under the court’s jurisdiction for a term of ten years following the offender’s release from total confinement or ten years subsequent to the entry of the judgment and sentence, whichever period is longer. Prior to the expiration of the initial ten-year period, the superior court may extend jurisdiction under the criminal judgment an additional ten
years for payment of restitution. (If jurisdiction under the criminal judgment is extended, the department is not responsible for supervision of the offender during the subsequent period.) The portion of the sentence concerning restitution to be so reduced, may be modified as to amount, terms and conditions during either the initial ten-year period or subsequent ten-year period if the criminal judgment is extended, regardless of the expiration of the offender’s term of community supervision and regardless of the statutory maximum sentence for the crime. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The offender’s compliance with the restitution shall be supervised by the department only during any period which the department is authorized to supervise the offender in the community under R.C.W. 9.94A.728, section 5, chapter 7, Senate Bill No. 5990, Laws of 2003, or in which the offender is in confinement in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender’s compliance during any such period. The department is responsible for supervise the offender only during confinement and not during any subsequent period in which the offender remains under the court’s jurisdiction. The county clerk is authorized to collect unpaid restitution at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(5) Restitution may be ordered whenever the offender is convicted of an offense which results in injury to any person or damage to or loss of property as provided in subsection (6) of this section. In addition, restitution may be ordered to pay for an injury, loss, or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor’s recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement.

(6) Restitution for the crime of rape of a child in the first, second, or third degree, in which the victim becomes pregnant, shall include: (a) All of the victim’s medical expenses that are associated with the rape and resulting pregnancy; and (b) child support for any child born as a result of the rape if child support is ordered pursuant to a proceeding in superior court or administrative order for support for that child. The clerk must forward any restitution payments made on behalf of the victim’s child to the Washington state child support registry under chapter 26.23 RCW. Identifying information about the victim and child shall not be included in the order. The offender shall receive a credit against any obligation owing under the administrative or superior court order for support of the victim’s child. For the purposes of this subsection, the offender shall remain under the court’s jurisdiction only during any period which the department is authorized to supervise the offender in the community under chapter 26.23 RCW. The county clerk is authorized to collect unpaid restitution at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(7) In addition to any sentence that may be imposed, an offender who has been found guilty of an offense involving fraud or other deceptive practice or an organization which has been found guilty of any such offense may be ordered by the sentencing court to give notice of the conviction to the class of persons or to the sector of the public affected by the conviction or financially interested in the subject matter of the offense by mail, advertising in designated media, or by other appropriate means.

(8) This section does not limit civil remedies or defenses available to the victim or offender including support enforcement remedies for support ordered under subsection (6) of this section for a child born as a result of a rape of a child victim. The court shall identify in the judgment and sentence the victim or victims entitled to restitution and what amount is due each victim. The state or victim may embed the court-ordered restitution in the same manner as a judgment in a civil action. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim’s loss when there is more than one victim.

Sec. 4. R.C.W. 9.94A.753 and 2000 c 226 s 3 and 2000 c 28 s 33 are each reenacted and amended to read as follows: supervising the offender’s compliance with the restitution ordered by a court pursuant to a conviction of a lesser offense or offenses which are not prosecuted pursuant to a plea agreement.

Prior to the expiration of the initial ten-year period, the superior court may extend jurisdiction under the criminal judgment an additional ten years for payment of restitution. For an offense committed on or after July 1, 2000, the offender shall remain under the court’s jurisdiction until the obligation is completely satisfied, regardless of the statutory maximum sentence for the crime. The portion of the sentence concerning restitution may be modified as to amount, terms and conditions during any period of time the offender remains under the court’s jurisdiction, regardless of the expiration of the offender’s term of community supervision and regardless of the statutory maximum sentence for the crime. The court may not reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount. The offender’s compliance with the restitution shall be supervised by the department (see section 7 of this title) only during any period which the department is authorized to supervise the offender in the community under R.C.W. 9.94A.728, section 5, chapter 7, Senate Bill No. 5990, Laws of 2003, or in which the offender is in confinement in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender’s compliance during any such period. (5) Restitution shall be ordered whenever the offender is convicted of an offense which results in injury to any person or damage to or loss of property or as provided in subsection (6) of this section unless extraordinary circumstances exist which make restitution inappropriate in the court’s judgment and the court sets forth such circumstances in the record. In addition, restitution shall be ordered to pay for an injury, loss, or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor’s recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement.
(6) Restitution for the crime of rape of a child in the first, second, or third degree, in which the victim becomes pregnant, shall include: (a) All of the victim’s medical expenses that are associated with the rape and resulting pregnancy; and (b) child support for any child born as a result of the rape if child support is ordered pursuant to a civil superior court or administrative order for support for that child. The clerk must forward any restitution payments made on behalf of the victim’s child to the Washington state child support registry under chapter 26.23 RCW. Identifying information about the victim and child shall not be included in the order. The offender shall receive a credit against any obligation owing under an administrative or superior court order for support of the victim’s child. For the purposes of this subsection, the offender shall remain under the court’s jurisdiction until the offender has satisfied support obligations under the superior court or administrative order for the period provided in RCW 4.16.020 or a maximum term of twenty-five years following the offender’s release from total confinement or twenty-five years subsequent to the entry of the judgment and sentence, whichever is longer. The court may reduce the total amount of restitution ordered because the offender may lack the ability to pay the total amount.

The department shall supervise the offender’s compliance with the restitution ordered under this subsection.

(7) Regardless of the provisions of subsections (1) through (6) of this section, the court shall order restitution in all cases where the victim is entitled to benefits under the crime victims’ compensation act, chapter 7.68 RCW. Upon receipt of a petition from the department of labor and industries, the court shall hold a restitution hearing and shall enter a restitution order.

(8) In addition to any sentence that may be imposed, an offender who has been found guilty of an offense involving fraud or other deceptive practice or an organization which has been found guilty of any such offense may be ordered by the sentencing court to give notice of the conviction to the class of persons or to the sector of the public affected by the conviction or financially interested in the subject matter of the offense by mail, by advertising in designated areas or through designated media, or by other appropriate means.

(9) This section does not limit civil remedies or defenses available to the victim, survivors of the victim, or offender including support enforcement. The court shall identify in the judgment and sentence the victim or victims entitled to restitution and what amount is due each victim. The state or victim may enforce the court-ordered restitution in the same manner as a judgment in a civil action. NEW SECTION. Sec. 5. A new section is added to chapter 9.94A RCW to read as follows:

If an offender with an unsatisfied legal financial obligation is not subject to supervision by the department for a term of community placement, community custody, or community supervision, or has not completed payment of all legal financial obligations included in the sentence at the expiration of his or her term of community placement, community custody, or community supervision, the department shall notify the administrative office of the courts of the termination of the offender’s supervision and provide information to the administrative office of the courts to enable the county clerk to monitor payment of the remaining obligations. The county clerk is authorized to monitor payment after such notification. The department may exempt or defer a person from the payment of all or any part of the assessment based upon any of the following factors:

(a) The offender has diligently attempted but has been unable to obtain employment that provides the offender sufficient income to make such payments.

(b) The offender is a student in a school, college, university, or a course of vocational or technical training designed to fit the student for gainful employment.

(c) The offender has an employment handicap, as determined by an examination acceptable to or ordered by the department.

(d) The offender’s age prevents him or her from obtaining employment.

(e) The offender is responsible for the support of dependents and the payment of the assessment constitutes an undue hardship on the offender.

(f) Other extenuating circumstances as determined by the department.

(2) The department of corrections shall adopt a rule prescribing the amount of the assessment. The department may, if it finds it appropriate, prescribe a schedule of assessments that shall vary according to the intensity or cost of the supervision. The department may not prescribe any assessment that is less than ten dollars or more than fifty dollars.

(3) All amounts required to be paid under this section shall be collected by the department of corrections and deposited by the department in the dedicated fund established pursuant to RCW 72.11.040.

(4) This section shall not apply to probation services provided under an interstate compact pursuant to chapter 9.95 RCW or to probation services provided for persons placed on probation prior to June 10, 1982.

(5) If a county clerk assumes responsibility for collection of unpaid legal financial obligations under RCW 9.94A.760, or under any agreement with the department under that section, whether before or after the completion of any period of community placement, community custody, or community supervision, the clerk may impose a monthly or annual assessment for the cost of collections. (4) Except as provided in subsection (5) of this section, the discharge shall have the effect of restoring all civil rights lost by operation of law upon conviction, and the certificate of discharge shall so state. Nothing in this section prohibits the use of an offender’s prior record for purposes of determining sentences for later offenses as provided in this chapter. Nothing in this section affects or prevents use of the offender’s prior conviction in a later criminal prosecution either as an element of an offense or for impeachment purposes. A certificate of discharge is not based on a finding of rehabilitation.

(5) Unless otherwise ordered by the sentencing court, a certificate of discharge shall not terminate the offender’s obligation to comply with an order issued under chapter 10.99 RCW that excludes or prohibits the offender from having contact with a specified person or coming within a set distance of any specified location that was contained in the judgment and sentence. An offender who violates such an order after a certificate of discharge has been issued shall be subject to prosecution according to the chapter under which the order was originally issued.

POINT OF ORDER

Senator Fraser: “A point of order, Mr. President. I believe the amendment exceeds the scope and object of the bill. The underlying bill exempts from SEPA urban infill within urban growth areas. The amendment exempts timber sales from state trust lands, so I think, they are clearly very different and urge you to so rule.”
Senator Hargrove: “Thank you, Mr. President. Both have--the underlying bill and the amendment--relate to exemptions from the SEPA process. It is just simply a different type of exemption, so I think that is just changing the definition.”

RULING BY THE PRESIDENT
President Owen: “In ruling upon the point order raised by Senator Fraser as to the scope and object of the amendment by Senators Hargrove, Doumit and Morton to Substitute House Bill No. 1707, the President finds and rules as follows:

“Substitute House Bill No. 1707 is a measure which exempts development of urban infill areas from the SEPA process. The amendment would exempt forest practices, including timber sales, from the SEPA process. While they both deal with exemptions from the SEPA process, the amendment exceeds the scope and object of the underlying bill, which has nothing to do with timber practices. “Senator Fraser’s point is well taken.”

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 71.09.300 and 2001 2nd sp.s. c 12 s 216 are each amended to read as follows:

((a)) At any time the census of a facility that accepts its first resident before July 1, 2003, is six or fewer residents, the facility shall maintain a minimum staffing ratio of one staff per three residents during normal waking hours and one awake staff per four residents during normal sleeping hours. In no case shall the staffing ratio permit less than two staff per housing unit.

(b) At any time the census of a facility that accepts its first resident on or after July 1, 2003, is six or fewer residents, the facility shall maintain a minimum staffing ratio of one staff per three residents during normal waking hours and two awake staff per three residents during normal sleeping hours. In no case shall the staffing ratio permit less than two staff per housing unit.

(c) All staff must pass a departmental background check and the check is not subject to the limitations in chapter 9.96A RCW. A person who has been convicted of a felony, or any sex offense, may not be employed at the secure community transition facility or be approved as an escort for a resident of the facility.

(d) With respect to the facility established pursuant to RCW 71.09.200(1), the department shall, no later than December 1, 2001, provide a staffing plan to the appropriate committees of the legislature that will cover the growth of that facility to its full capacity.

Sec. 2. RCW 71.09.020 and 2002 c 68 s 4 and 2002 c 58 s 2 are each reenacted and amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of social and health services.

(2) "Health care facility" means any hospital, hospice care center, licensed or certified health care facility, health maintenance organization regulated under chapter 48.46 RCW, federally qualified health maintenance organization, federally approved renal dialysis center or facility, or federally approved blood bank.

(3) "Health care practitioner" means an individual or firm licensed or certified to engage actively in a regulated health profession.

(4) "Health care services" means those services provided by health professionals licensed pursuant to RCW 18.120.020(4).

(5) "Health profession" means those licensed or regulated professions set forth in RCW 18.120.020(4).

(6) "Less restrictive alternative" means court-ordered treatment in a setting less restrictive than total confinement which satisfies the conditions set forth in RCW 71.09.092.

(7) "Likely to engage in predatory acts of sexual violence if not confined in a secure facility" means that the person more probably than not will engage in such acts if released unconditionally from detention on the sexually violent predator petition. Such likelihood must be evidenced by a recent overt act if the person is not totally confined at the time the petition is filed under RCW 71.09.030.

(8) "Mental abnormality" means a congenital or acquired condition affecting the emotional or volitional capacity which predisposes the person to the commission of criminal sexual acts in a degree constituting such person a menace to the health and safety of others.
Sec. 3. RCW 71.09.250 and 2001 2nd sp. s. c 12 § 201 are each amended to read as follows:

(1)(a) The secretary is authorized to site, construct, occupy, and operate (I) a secure community transition facility on McNeil Island for persons authorized to petition for a less restrictive alternative under RCW 71.09.090(1) and who are conditionally released, and (II) a special commitment center on McNeil Island with up to four hundred four beds as a total confinement facility under this chapter, subject to appropriated funding for such purposes. The secure community transition facility shall be authorized for the number of beds needed to ensure compliance with the orders of the superior courts under this chapter and the federal district court for the western district of Washington. The total number of beds in the secure community transition facility shall be limited to twenty-four, consisting of up to fifteen transitional beds (shall be limited to fifteen) and up to nine pretransitional beds. The residents occupying (these) the transitional beds shall be the only residents eligible for transitional services occurring in Pierce county. In no event shall more than fifteen residents of the secure community transition facility be participating in off-island transitional, educational, or employment activity at the same time in Pierce county. The department shall provide the Pierce county sheriff, or his or her designee, with a list of the fifteen residents so designated, along with their photographs and physical descriptions, and (this) the list shall be immediately updated whenever a residential change occurs. The Pierce county sheriff, or his or her designee, shall be provided an opportunity to confirm the residential status of each resident leaving McNeil Island.

(b) For purposes of this subsection, "transitional beds" means beds only for residents (in halfway house status) who are judged by a qualified expert to be suitable to leave the island for treatment, education, and employment.

(c) For purposes of this subsection, "pretransitional beds" means beds for residents whose progress toward a less secure residential environment and transition into more complete community involvement is projected to take substantially longer than a typical resident of the special commitment center.

(3) Notwithstanding RCW 36.70A.103 or any other law, this statute preempts and supersedes local plans, development regulations, permitting requirements, inspection requirements, and all other laws as necessary to enable the secretary to site, construct, occupy, and operate a secure community transition facility on McNeil Island and a total confinement facility on McNeil Island.

(4) To the greatest extent possible, until June 30, 2003, persons who were not civilly committed from the county in which the secure community transition facility established pursuant to subsection (1) of this section is located may not be conditionally released to a setting in that same county less restrictive than that facility.

(5) As of June 26, 2001, the state shall immediately cease any efforts in effect on such date to site secure community transition facilities, other than the facility authorized by subsection (1) of this section, and shall instead site such facilities in accordance with the provisions of this section.

(6) The department must:

(a) Identify the minimum and maximum number of secure community transition facility beds in addition to the facility established under subsection (1) of this section that may be necessary for the period of May 2004 through May 2007 and provide notice of these numbers to all counties by August 31, 2001; and

(b) (In consultation with the joint select committee established in section 275, chapter 12, Laws of 2001 2nd sp. sess.,) Develop and publish policy guidelines for the siting and operation of secure community transition facilities, and (by October 1, 2001, and thereafter, submit a report to the appropriate committees of the legislature by December 1, 2002,) on the development of facilities under the incentive program established in RCW 71.09.255. The report shall include a projection of the anticipated number of secure community transition facility beds that will become operational between May 2004 and May 2007. If it appears that an insufficient number
of beds will be operational, the department’s report shall recommend a progression of methods to facilitate siting in counties and cities including, but not limited to, procedures to ensure planning process and timelines.

7(a) The total number of secure community transition facility beds that may be required to be sited in a county between June 26, 2001, and June 30, 2008, may be no greater than the total number of persons civilly committed from that county, or detained at the special commitment center under a pending civil commitment petition from that county where a finding of probable cause had been made on April 1, 2001. The total number of secure community transition facility beds required to be sited in each county between July 1, 2008, and June 30, 2015, may be no greater than the total number of persons civilly committed from that county or detained at the special commitment center under a pending civil commitment petition from that county where a finding of probable cause had been made as of July 1, 2008.

(b) Counties and cities that provide secure community transition facility beds above the maximum number that they could be required to under this subsection are eligible for a bonus grant under the incentive provisions of RCW 71.09.255. The county where the special commitment center is located shall receive this bonus grant for the number of beds in the facility established in subsection (1) of this section in excess of the maximum number established by this subsection.

(c) No secure community transition facilities in addition to the one established in subsection (1) of this section may be required to be sited in the county where the special commitment center is located until after June 30, 2008, provided however, that the county and its cities may elect to site additional secure community transition facilities and shall be eligible under the incentive provisions of RCW 71.09.255 for any additional facilities meeting the requirements of that section.

8 In identifying potential sites within a county for the location of a secure community transition facility, the department shall work with and assist local governments to provide for the equitable distribution of such facilities. In coordinating and deciding upon the siting of secure community transition facilities, great weight shall be given by the county and cities within the county to:

(a) The number and location of existing residential facility beds operated by the department of corrections or the mental health division of the department of social and health services in each jurisdiction in the county; and

(b) The number of registered sex offenders classified as level II or level III and the number of sex offenders registered as homeless residing in each jurisdiction in the county.

9(a) “Equitable distribution” means siting or locating secure community transition facilities in a manner that will not cause a disproportionate grouping of similar facilities either in any one county, or in any one jurisdiction or community within a county, as relevant; and

(b) “Jurisdiction” means a city, town, or geographic area of a county in which ((district)) distinct political or judicial authority may be exercised.

Sec. 4. RCW 71.09.275 and 2001 2nd sp.s. c 12 s 211 are each amended to read as follows:

(1) By August 1, 2001, the department must provide the appropriate committees of the legislature with a transportation plan to address the need to coordinate the movement of residents of the secure community transition facility established pursuant to RCW 71.09.250(1) between McNeil Island and the mainland with the movement of others who must use the same docks or equipment with the funds appropriated for this purpose.

(2) If the department does not provide a separate vessel for transporting residents of the secure community transition facility established in RCW 71.09.250(1) between McNeil Island and the mainland, the ((department)) department shall (include at least the following components):

(a) ((Decide)) Separate residents ((shall be separated)) from minors and vulnerable adults, except vulnerable adults who have been found to be sexually violent predators.

((b))) (2) The department shall designate a separate waiting area at the points of debarkation, and residents shall be required to remain in this area while awaiting transportation.

((c))) (3) The department shall provide for the equitable distribution of such facilities. In coordinating and deciding upon the siting of secure community transition facilities, great weight shall be given by the county and cities within the county to:

(a) Whether limited visibility between the facility and adjacent properties can be achieved prior to placement of any person; and

(b) Whether the number of registered sex offenders classified as level II or level III and the number of sex offenders registered as homeless residing in each jurisdiction in the county.

Sec. 5. RCW 71.09.290 and 2001 2nd sp.s. c 12 s 214 are each amended to read as follows:

(3) Public safety and security criteria shall include at least the following:

(a) Whether limited visibility between the facility and adjacent properties can be achieved prior to placement of any person;

(b) The distance from, and number of, risk potential activities and facilities, as measured using the ((distance)) distance guidelines adopted under RCW 71.09.285;

(c) The existence of or ability to establish barriers between the site and the risk potential facilities and activities;

(d) Suitability of the buildings to be used for the secure community transition facility with regard to existing or feasibly modified features; and

Debate ensued.

The President declared the question before the Senate to be the adoption of the amendment by Senators Roach, Tim Sheldon and Morton on page 2, line 7, to Substitute Senate Bill No. 5071.

The motion by Senator Roach carried and the amendment was adopted.

MOTION

On motion of Senator Rossi, the rules were suspended, Engrossed Substitute Senate Bill No. 5071 was advanced to third reading, the second reading considered the third and the bill was placed on final passage

POINT OF INQUIRY

Senator Regala: “Senator Reardon, can you tell me what the fiscal cost is now that the bill has been amended?”

Senator Reardon: “Specifically, I am unable to do that. I will tell you this. The fiscal note that was presented was around a million dollars. The same piece of legislation was introduced last year in the House, by me, and the fiscal note was three hundred and fifty thousand dollars. What I would submit to you is the current fiscal note of million dollars is much higher than what it will actually cost. Most of that money will be captured in paper work. The addition of the amendment from the good lady in the thirty-fifth district, I don’t believe, will have much impact at all”

The President declared the question before the Senate to be the roll call on the final passage of Engrossed Substitute Senate Bill No. 5071.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 5071 and the bill passed the Senate by the following vote: Yeas, 34; Nays, 11; Absent, 0; Excused, 4.

Voting nay: Senators Brown, Fairley, Franklin, Fraser, Johnson, Kastama, Kline, McAuliffe, Regala, Spanel and Thibaudeau - 11.

Excused: Senators Horn, McCaslin, Poulsen and Schmidt - 4.
ENGROSSED SUBSTITUTE SENATE BILL NO. 5071, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 74.34.020 and 1999 c 176 s 3 are each amended to read as follows:

(1) "Abandonment" means action or inaction that leaves the vulnerable person without the means or ability to obtain necessary food, clothing, shelter, or health care.

(2) "Abuse" means the willful action or inaction that inflicts injury, unreasonable confinement, intimidation, or punishment on a vulnerable adult. In instances of abuse of a vulnerable adult who is unable to express or demonstrate physical harm, pain, or mental anguish, the abuse is presumed to cause physical harm, pain, or mental anguish. Abuse includes sexual abuse, mental abuse, physical abuse, and exploitation of a vulnerable adult, which have the following meanings:

(a) "Sexual abuse" means any form of nonconsensual sexual contact, including but not limited to unwanted or inappropriate touching, rape, sodomy, sexual coercion, sexually explicit photographing, and sexual harassment. Sexual abuse includes any sexual contact between a staff person, who is not also a resident or client, of a facility or a staff person of a program authorized under chapter 71A.12 RCW, and a vulnerable adult living in that facility or receiving service from a program authorized under chapter 71A.12 RCW, whether or not it is consensual.

(b) "Physical abuse" means the willful action of inflicting bodily injury or physical mistreatment. Physical abuse includes, but is not limited to, striking with or without an object, slapping, pinching, choking, kicking, shoving, prodding, or the use of chemical restraints or physical restraints unless the restraints are consistent with licensing requirements, and includes restraints that are otherwise being used inappropriately.

(c) "Mental abuse" means any willful action or inaction of mental or verbal abuse. Mental abuse includes, but is not limited to, coercion, harassment, inappropriately isolating a vulnerable adult from family, friends, or regular activity, and verbal assault that includes ridiculing, intimidating, yelling, or swearing.

(d) "Exploitation" means an act of forcing, compelling, or exerting undue influence over a vulnerable adult causing the vulnerable adult to act in a way that is inconsistent with relevant past behavior, or causing the vulnerable adult to perform services for the benefit of another.

(3) "Consent" means express written consent granted after the vulnerable adult or his or her legal representative has been fully informed of the nature of the services to be offered and that the receipt of services is voluntary.

(4) "Department" means the department of social and health services.

(5) "Facility" means a residence licensed or required to be licensed under chapter 18.20 RCW, boarding homes; chapter 18.51 RCW, nursing homes; chapter 70.128 RCW, adult family homes; chapter 72.36 RCW, soldiers' homes; or chapter 71A.20 RCW, residential habilitation centers; or any other facility licensed by the department.

(6) "Financial exploitation" means the illegal or improper use of the property, income, resources, or trust funds of the vulnerable adult by any person for any person's profit or advantage.

(7) "Individual provider" means a person under contract with the department to provide services in the home under chapter 74.09 or 74.39A RCW.

(8) "Mandated reporter" is an employee of the department; law enforcement officer; social worker; professional school personnel; individual provider; an employee of a facility; an operator of a facility; an employee of a social service, welfare, mental health, adult day health, adult day care, home health, home care, or hospice agency; county coroner or medical examiner; Christian Science practitioner; or health care provider subject to chapter 18.130 RCW.

(9) "Neglect" means (a) a pattern of conduct or inaction by a person or entity with a duty of care that fails to provide the goods and services that maintain physical or mental health of a vulnerable adult, or that fails to avoid((a)) or prevent((a)) physical or mental harm or pain to a vulnerable adult; or (b) an act or omission that demonstrates a serious disregard of consequences of such a magnitude as to constitute a clear and present danger to the vulnerable adult's health, welfare, or safety.

(10) "Permissive reporter" means any person, employee of a financial institution, attorney, or volunteer in a facility or program providing services for vulnerable adults.

(11) "Protective services" means any services provided by the department to a vulnerable adult with the consent of the vulnerable adult, or the legal representative of the vulnerable adult, who has been abandoned, abused, financially exploited, neglected, or in a state of self-neglect. These services may include, but are not limited to case management, social casework, home care, placement, arranging for medical evaluations, psychological evaluations, day care, or referral for legal assistance.

(12) "Self-neglect" means the failure of a vulnerable adult, not living in a facility, to provide for himself or herself the goods and services necessary for the vulnerable adult's physical or mental health, and the absence of which impairs or threatens the vulnerable adult's well-being. This definition may include a vulnerable adult who is receiving services through home health, hospice, or a home care agency, or an individual provider when the neglect is not a result of inaction by that agency or individual provider.

(13) "Vulnerable adult" includes a person:

(a) Sixty years of age or older who has the functional, mental, or physical inability to care for himself or herself; or
(b) Found incapacitated under chapter 11.88 RCW; or

(a) Mandated reporters shall immediately report to the department; and
(b) Mandated reporters shall immediately report to the appropriate law enforcement agency, except as provided in subsection (4) of this section.

(4) A mandated reporter is not required to report to a law enforcement agency, unless requested by the injured vulnerable adult or his or her legal representative or family member, an incident of physical assault between vulnerable adults that causes minor bodily injury and does not require more than basic first aid, unless:
(a) The injury appears on the back, face, head, neck, chest, breasts, groin, inner thigh, buttock, genital, or anal area;
(b) There is a fracture;
(c) There is a pattern of physical assault between the same vulnerable adults or involving the same vulnerable adults; or
(d) There is an attempt to choke a vulnerable adult.

(5) Permissive reporters may report to the department or a law enforcement agency when there is reasonable cause to believe that a vulnerable adult is being or has been abandoned, abused, financially exploited, or neglected.

(6) No facility, as defined by this chapter, agency licensed or required to be licensed under chapter 70.127 RCW, or facility or agency under contract with the department to provide care for vulnerable adults may develop policies or procedures that interfere with the reporting requirements of this chapter.

(7) Each report, oral or written, must contain as much as possible of the following information:

(b) The name and address of the vulnerable adult and the name of the facility or agency providing care for the vulnerable adult;
(c) The name and address of the legal guardian or alternate decision maker;

(8) Unless there is a judicial proceeding or the person consents, the identity of the person making the report under this section is confidential.

NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

MOTION

Senator Roach moved that the following amendment by Senators Roach, Rossi, Rasmussen, Keiser and Eide to the Committee on Health and Long-Term Care striking amendment be adopted:

"Sec. 3. RCW 4.24.550 and 2002 c 118 s 1 are each amended to read as follows:
(1) In addition to the disclosure under subsection (5) of this section, public agencies are authorized to release information to the public regarding sex offenders and kidnapping offenders when the agency determines that disclosure of the information is relevant and necessary to protect the public and counteract the danger created by the particular offender. This authorization applies to information regarding:
(a) Any person adjudicated or convicted of a sex offense as defined in RCW 9A.44.130 or a kidnapping offense as defined by RCW 9A.44.130; (b) any person under the jurisdiction of the indeterminate sentence review board as the result of a sex offense or kidnapping offense; (c) any person committed as a sexually violent predator under chapter 71.09 RCW or as a sexual psychopath under chapter 71.06 RCW; (d) any person found not guilty of a sex offense or kidnapping offense by reason of insanity under chapter 10.77 RCW; and (e) any person found incompetent to stand trial for a sex offense or kidnapping offense and subsequently committed under chapter 71.05 or 71.34 RCW.

(2) Except for the information specifically required under subsection (5) of this section, the extent of the public disclosure of relevant and necessary information shall be rationed to:
(a) The location of the offender residing, expects to reside, or is regularly found; and (b) the conditions that would make it necessary to disclose information to enhance their individual and collective safety.

(3) Except for the information specifically required under subsection (5) of this section, local law enforcement agencies shall consider the following guidelines in determining the extent of a public disclosure made under this section: (a) For offenders classified as risk level I, the agency shall share information with other appropriate law enforcement agencies and may disclose, upon request, relevant, necessary, and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the offender resides, expects to reside, or is regularly found; (b) for offenders classified as risk level II, the agency may also disclose relevant, necessary, and accurate information to public and private schools, child day care centers, family day care providers, businesses and organizations that serve primarily children, women, or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside, or is regularly found; (c) for offenders classified as risk level III, the agency may also disclose relevant, necessary, and accurate information to the public at large; and (d) because more localized notification is not feasible and home and transient offenders may present unique risks to the community, the agency may also disclose relevant, necessary, and accurate information to the public at large for offenders registered as homeless or transient.

(4) The county sheriff with whom an offender classified as risk level III is registered shall cause to be published by legal notice, advertising, or news release a sex offender community notification that conforms to the guidelines established under RCW 4.24.5501 in at least one legal newspaper with general circulation in the area of the sex offender’s registered address or location. The county sheriff shall also cause to be published consistent with this subsection a current list of level III registered sex offenders, twice yearly. Unless the information is posted on the web site described in subsection (5) of this section, this list shall be maintained by the county sheriff on a publicly accessible web site and shall be updated at least once per month.

(5)(a) When funded by federal grants or other sources (other than state funds), the Washington association of sheriffs and police chiefs shall create and maintain a statewide registered sex offender web site, which shall be available to the public. The web site shall post all level III registered sex offenders in the state of Washington. The web site shall contain, but is not limited to, the registered sex offender’s name, relevant criminal convictions, address by hundred block, physical description, and photograph. The web site shall
provide mapping capabilities that display the sex offender’s address by hundred block on a map. The web site shall allow citizens to search for registered sex offenders within the state of Washington by county, city, zip code, last name, type of conviction, and address by hundred block.

(b) Until the implementation of (a) of this subsection, the Washington association of sheriffs and police chiefs shall create a web site available to the public that provides electronic links to county- operated web sites that offer sex offender registration information.

(6) Local law enforcement agencies that disseminate information pursuant to this section shall: (a) Review available risk level classifications made by the department of corrections, the department of social and health services, and the indeterminate sentence review board; (b) assign risk level classifications to all offenders about whom information will be disseminated; and (c) make a good faith effort to notify the public and residents at least fourteen days before the offender is released from confinement or, where an offender moves from another jurisdiction, as soon as possible after the agency learns of the offender’s move, except that in no case may this notification provision be construed to require an extension of an offender’s release date. The juvenile court shall provide local law enforcement officials with all relevant information on offenders allowed to remain in the community in a timely manner.

(7) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470, or units of local government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any discretionary risk level classification decisions or release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith. The immunity in this section applies to risk level classification decisions and the release of relevant and necessary information regarding any individual for whom disclosure is authorized. The decision of a local law enforcement agency or official to classify an offender to a risk level other than the one assigned by the department of corrections, the department of social and health services, or the indeterminate sentence review board, or the release of any relevant and necessary information based on that different classification shall not, by itself, be considered gross negligence or bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

(8) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information authorized under this section.

(9) Nothing in this section implies that information regarding persons designated in subsection (1) of this section is confidential except as may otherwise be provided by law.

(10) When a local law enforcement agency or official classifies an offender differently than the offender is classified by the end of sentence review committee or the department of social and health services at the time of the offender’s release from confinement, the law enforcement agency or official shall notify the end of sentence review committee (ESEC) or the department of social and health services and submit its reasons supporting the change in classification. Upon implementation of subsection (5)(a) of this section, notification of the change shall also be sent to the Washington association of sheriffs and police chiefs.

Renumber the remaining section consecutively.

(3) A proposition placed before the voters under this section may:

(a) Limit the period for which the increased levy is to be made;

(b) Authorize annual increases in levies for multiple consecutive years, up to six consecutive years, during which period each year’s authorized maximum legal levy shall be used as the base upon which an increased levy limit for the succeeding year is computed, but the ballot proposition must state the dollar rate proposed only for the first year of the consecutive years and must state the limit factor, or a specified index to be used for determining a limit factor, such as the consumer price index, which need not be the same for all years, by which the regular tax levy for the district may be increased in each of the subsequent consecutive years;

(c) Limit the purpose for which the increased levy is to be made, but if the limited purpose includes making redemption payments on bonds, the period for which the increased levies are made shall not exceed nine years;

(d) Set the levy at a rate less than the maximum rate allowed for the district;

(e) Provide that the maximum allowable dollar amount of the final annual levy of the period specified in the measure shall be used to compute the limitations provided for in this chapter on levy increases occurring after the expiration of the period, or

(f) Include any combination of the conditions in this subsection.

(4) Except as otherwise provided in an approved ballot measure under this section, after the expiration of a limited period or the satisfaction of a limited purpose, whichever comes first, subsequent levies shall be computed as if:

(a) The limited proposition under subsection (3) of this section had not been approved; and

(b) The taxing district had made levies at the maximum rates which would otherwise have been allowed under this chapter during the years levies were made under the limited proposition.”

Debate ensued.

POINT OF INQUIRY

Senator Benton: “Senator Winsley, you were talking about the statutory limit. I just want to make clear in my own mind if it is a statutory limit, then it is a simple fifty percent vote. Right? If it were to be above and beyond the constitutional or statutory limit, it would be similar to a school levy, which would normally require for fire districts and so on, a sixty percent vote. But, even with a sixty percent vote, it is not authorized, under this bill, to go beyond the statutory limit. Is that correct?”

Senator Winsley: “That is correct.”

Senator Benton: “Okay. Thank you very much.”

The President declared the question before the Senate to be the adoption of the amendment by Senators Winsley and Rasmussen on page 2, line 11, to Substitute Senate Bill No. 5659.

The motion by Senator Winsley carried and the amendment was adopted.

MOTION

Senator Mulliken moved that the following amendment by Senators Mulliken, Hargrove, Winsley and Tim Sheldon be adopted:

On page 2, after line 11, insert the following:

“See. 3. RCW 36.70A.130 and 2002 c 320 s 1 are each amended to read as follows:

(a) Each comprehensive land use plan and development regulations shall be subject to continuing review and evaluation by the county or city that adopted them. A county or city shall take legislative action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure the plan and regulations comply with the requirements of this chapter according to
Senator Kline: “A point of order, Mr. President. I question whether this amendment is within the scope and object of Substitute Senate Bill No. 5659. The scope and object of this bill is local government taxation and local government funding. In fact, that is pretty well stated by the status of the bill. I believe that this is a growth management amendment. It has to do with several counties and their growth management procedure. I believe this is outside the scope and object of the bill.”

Senator Hargrove: “Well, I would think that funding and revenue for local counties is directly impacted by their necessity to do these plans. If you look--well, I don’t need to talk about the substance of the amendment, but definitely the revenue of these two counties is going to be significantly impacted by having to do this plan a year earlier, instead of a year later. So, I think it fits the scope and object of the very broad bill below it.”

POINT OF ORDER

MOTION
On motion of Senator Sheahan, further consideration of the amendment by Senators Mulliken, Hargrove, Winsley and Tim Sheldon on page 2, after line 11, was deferred.

MOTION

Senator Mulliken moved that the following amendment by Senators Mulliken, Winsley, Morton and Tim Sheldon be adopted:

On page 2, after line 11, insert the following:

"Sec. 3. RCW 36.70A.040 and 2000 c 36 s 1 are each amended to read as follows:

(1)(a) Each county that has both a population of fifty thousand or more and, until May 16, 1995, has had its population increase by more than ten percent in the previous ten years or, on or after May 16, 1995, has had its population increase by more than seventeen percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection ((6a)) (6) of this section. For the purposes of this subsection, a county not currently planning under this chapter is not required to include in its population count those persons confined in a correctional facility under the jurisdiction of the department of corrections that is located in the county.

(b) Once a county meets either of these sets of criteria and the county has not removed itself from the requirement to plan under this section pursuant to subsection (3) of this section, the requirement to conform with all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.

(2) The county legislative authority of any county that does not meet either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county and the cities located within the county remain subject to all of the requirements of this chapter unless the county removes itself from the requirement to plan under this section pursuant to subsection (3) of this section.

(3) A county that is east of the Cascade crest and north of Interstate 90, with a population of less than ten thousand and a taxable land base of fifteen percent or less may adopt a resolution removing the county, and the cities located within the county, from the requirement to plan under this section if the resolution is adopted and filed with the department. Removal shall occur on the date the resolution is filed with the department.

(4) Any county or city that is initially required to conform with all of the requirements of this chapter under subsection (1) of this section and has not removed itself under subsection (3) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall designate critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated agricultural lands, forest lands, and mineral resource lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; (d) if the county has a population of fifty thousand or more, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, 1994, and if the county has a population of less than fifty thousand, the county and each city located within

the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan by January 1, 1995, but if the governor makes written findings that a county with a population of less than fifty thousand or a city located within such a county is not making reasonable progress toward adopting a comprehensive plan and development regulations the governor may reduce this deadline for such actions to be taken by no more than one hundred eighty days. Any county or city subject to this subsection may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(6a) (2) Any county or city that is initially required to conform with all of the requirements of this chapter under subsection (2) of this section and the county has not removed itself pursuant to subsection (3) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city that is located within the county shall adopt development regulations conserving agricultural lands, forest lands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city that is located within the county shall adopt a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan and development regulations not later than four years from the date the county legislative authority adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(6a) (5) If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forest lands, and mineral resource lands it designated within one year of the certification by the office of financial management; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city located within the county shall adopt a comprehensive land use plan and development regulations that are consistent with and implement the comprehensive plan within four years of the certification by the office of financial management, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department of community, trade, and economic development of its need prior to the deadline for adopting both a comprehensive plan and development regulations.
A copy of each document that is required under this section shall be submitted to the department at the time of its adoption.

Cities and counties planning under this chapter must amend the transportation element of the comprehensive plan to be in compliance with this chapter and chapter 47.80 RCW no later than December 31, 2000.

Renumber the sections consecutively and correct any internal references accordingly.

Debate ensued.

POINTS OF ORDER

Senator Kline: “Mr. President, a point of order. First, I would like to withdraw my request to challenge the amendment by Senators Mulliken, Hargrove, Winsley and Tim Sheldon on page 2, line 11.

“However, I believe that this amendment by Senators Mulliken, Winsley, Morton and Tim Sheldon, again, is outside the scope and object of the Senate Bill No. 5659--for the same reason.”

MOTION

On motion of Senator Sheahan, further consideration of the amendment by Senators Mulliken, Winsley, Morton and Tim Sheldon on page 2, after line 11, was deferred.

The President declared the question before the Senate to be the adoption of the amendment on page 2, line 11, by Senators Mulliken, Hargrove, Winsley and Tim Sheldon, which Senator Mulliken earlier moved to be adopted.

The motion by Senator Mulliken carried and the amendment by Senators Mulliken, Hargrove, Winsley and Tim Sheldon was adopted.

MOTION

Senator McAuliffe moved that the following amendment by Senators Kline and McAuliffe be adopted:

On page 1, after “authority” on line 13, delete the following: “in a county with a population of less than one million”.

Debate ensued.

POINT OF INQUIRY

Senator Tim Sheldon: “Senator Kline, you didn’t speak on your amendment. Do you have a body double in the front row?”

Senator Kline: “It is my twin brother, Dave.”

Senator Tim Sheldon: “Senator Kline, has your car ever broken down or have you ever had a break down in Ferry County?”

Senator Kline: “My car has never been to Ferry County.”

Senator Tim Sheldon: “I understand. Thank you very much.”

POINT OF ORDER

Senator Kline: “A point of order, Mr. President, I would like to withdraw my request to challenge the scope and object of the amendment by Senators Mulliken, Winsley, Morton and Tim Sheldon on page 2, after line 11, to Substitute Senate Bill No. 5659.

The motion by Senator Mulliken carried and the amendment was adopted.
MOTION

On motion of Senator Winsley, the rules were suspended, Engrossed Substitute Senate Bill No. 5659 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1057, by House Committee on Fisheries, Ecology and Parks (originally sponsored by Representatives Hatfield, Buck, Blake and Kessler)

Creating the license suspension review committee.

The bill was read the second time.

MOTION

Senator Oke, moved that the following Committee on Parks, Fish and Wildlife striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1)(a) The legislature finds that existing law as it relates to the suspension of commercial fishing licenses does not take into account the real-life circumstances faced by the state’s commercial fishing fleets. The nature of the commercial fishing industry, together with the complexity of fisheries regulations, is such that honest mistakes can be made by well-meaning and otherwise law-abiding fishers. Commercial fishing violations that occur within an acceptable margin of error should not result in the suspension of fishing privileges. Likewise, fishers facing the possibility of license suspension or revocation deserve the opportunity to explain any extenuating circumstances prior to having his or her professional privileges suspended.

(b) The legislature intends, by creating the license suspension review committee, to provide a fisher with the opportunity to explain any extenuating circumstances that led to a commercial fishing violation. The legislature intends for the license suspension review committee
to give serious considerations to the case-specific facts and scenarios leading up to a violation, and for license suspensions to issue only when the facts indicate a willful act that undermines the conservation of fish stocks. Frivolous violations should not result in the suspension of privileges, and should be punished only by the criminal sanctions attached to the underlying crime.

(2)(a) The legislature further finds that gross abuses of fish stocks should not be tolerated. Individuals convicted of even one violation that is egregious in nature, causing serious detriment to a fishery or the competitive disposition of other fishers, should have his or her license suspended and revoked.

(b) The legislature intends for the license suspension review committee to take egregious fisheries’ violations seriously. When dealing with individuals convicted of only one violation, the license suspension review committee should only consider suspension for individuals that are convicted of violations that are of a severe magnitude and show a wanton disregard for the public’s resource.

NEW SECTION. Sec. 2. RCW 77.15.700 and 2001 c 253 s 46 are each amended to read as follows:

The department shall impose revocation and suspension of privileges upon conviction in the following circumstances:

(1) If directed by statute for an offense;
(2) If the department finds that actions of the defendant demonstrated a willful or wanton disregard for conservation of fish or wildlife.
(3) If a person is convicted twice within ten years for a violation involving unlawful hunting, killing, or possessing big game, the department shall order revocation and suspension of all hunting privileges for two years. RCW 77.12.722 or 77.16.050 as it existed before June 11, 1998, may comprise one of the convictions constituting the basis for revocation and suspension under this subsection;
(4) If a person is convicted three times in ten years of any violation of recreational hunting or fishing laws or rules, the department shall order a revocation and suspension of all hunting privileges for two years;
(5) If a person is convicted twice within five years of a gross misdemeanor or felony involving unlawful commercial fish or shellfish harvesting, buying, or selling, the department shall impose a revocation and suspension of the person’s commercial fishing privileges for one year;
(6) A commercial fishery license revoked under this subsection may not be used by an alternate operator or transferred during the period of suspension.

NEW SECTION. Sec. 3. A new section is added to chapter 77.15 RCW to read as follows:

(1) If a person is convicted of two or more qualifying commercial fishing violations within a three-year period, the person’s privileges to participate in the commercial fishery to which the violations applied may be suspended by the director for up to one year. A commercial fishing license that is suspended under this section may not be transferred after the director issues a notice of suspension, or used by an alternate operator or transferred during the period of suspension, if the person who is the subject of the suspension notice is the person who owns the commercial fishing license.

(2) For the purposes of this section only, “qualifying commercial fishing violation” means either:
(a) A conviction under RCW 77.15.500, 77.15.510, 77.15.520, 77.15.530, 77.15.540(1)(a), 77.15.570, 77.15.580, or 77.15.590;
(b) A gross misdemeanor or felony involving commercial fish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold fish, other than shellfish, groundfish, or coastal pelagic species of baitfish totals greater than six percent, by weight, of the harvest available for inspection at the time of citation and the cumulative value of the unlawfully harvested fish is more than two hundred fifty dollars at the time of citation;
(c) A gross misdemeanor or felony involving commercial groundfish or coastal pelagic baitfish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if: (i) The quantity of unlawfully harvested, possessed, bought, or sold groundfish or coastal pelagic baitfish totals greater than ten percent, by weight, of the harvest available for inspection at the time of citation; (ii) the quantity of the unlawfully harvested groundfish or coastal pelagic baitfish is ten percent greater than the landing allowances provided under rules adopted by the department for species categorized as over- fished by the national marine fisheries service; or
(d) A gross misdemeanor or felony involving commercial shellfish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold shellfish:
(i) Totals greater than six percent of the harvest available for inspection at the time of citation; (ii) totals fifty or more individual shellfish;
(3)(a) The director may refer a person convicted of one qualifying commercial fishing violation to the license suspension review committee if the director feels that the qualifying commercial fishing violation was of a severe enough magnitude to justify suspension of the individual’s license renewal privileges.
(b) The director may refer any person convicted of one egregious shellfish violation to the license suspension review committee. 
(c) For the purposes of this section only, “egregious shellfish violation” means a gross misdemeanor or felony involving commercial shellfish harvesting, buying, or selling that is unlawful under the terms of the license, this title, or the rules issued pursuant to this title, if the quantity of unlawfully harvested, possessed, bought, or sold shellfish: (i) Totals more than twenty percent of the harvest available for inspection at the time of citation; (ii) totals five hundred or more individual shellfish; and (iii) is valued at two thousand five hundred dollars or more.
(4) A person who has a commercial fishing license suspended or revoked under this section may file an appeal with the license suspension review committee pursuant to section 4 of this act. An appeal must be filed within thirty-one days of notice of license suspension or revocation. If an appeal is filed, the suspension or revocation issued by the department does not take effect until after the license suspension review committee has delivered an opinion. If no appeal is filed within thirty-one days of notice of license suspension or revocation, the right to an appeal is considered waived. All suspensions ordered under this section take effect either thirty- one days of notice of license suspension or revocation, the right to an appeal is considered waived. All suspensions ordered under this section take effect either thirty- one days following the conviction for the second qualifying commercial fishing violation, or upon a decision pursuant to section 4 of this act, whichever is later.
(5) A fishing privilege suspended under this section is in addition to the statutory penalties assigned to the underlying crime.
(6) For the purposes of this section only, the burden is on the state to show the dollar amount or the percent of a harvest that is comprised of unlawfully harvested, bought, or sold individual fish or shellfish.

NEW SECTION. Sec. 4. A new section is added to chapter 77.15 RCW to read as follows:

(1) The license suspension review committee is created. The license suspension review committee may only hear appeals from commercial fishers who have had a license revoked or suspended pursuant to section 3 of this act.
(2)(a) The license suspension review committee is composed of five voting members and up to four alternates.
(b) Two of the members must be appointed by the director and may be department employees.
(c) Members, and up to four alternates, must be peer-group members, who are individuals owning a commercial fishing license issued by the department. If a peer-group member appears before the license suspension review committee because of a qualifying commercial fishing violation, the member must recuse himself or herself from the proceedings relating to that violation. No two voting peer- group members may reside in the same county. All peer-group members must be appointed by the commission, who may accept recommendations from professional organizations that represent commercial fishing interests or from the legislative authority of any Washington county.
(d) All license suspension review committee members serve a two- year renewable term.
(e) The commission may develop minimum member standards for service on the license suspension review committee, and standards for terminating a member before the expiration of his or her term.
The license suspension review committee must convene and deliver an opinion on a license renewal suspension within three months of appeal or of referral from the department. The director shall consider the committee’s opinion and make a decision and may issue, not issue, or modify the license suspension.

The license suspension review committee shall collect the information and hear the testimony that it feels necessary to deliver an opinion on the proper length, if any, of a suspension of a commercial license. The opinion may be based on extenuating circumstances presented by the individual convicted of the qualifying commercial fishing violation or considerations of the type and magnitude of violations that have been committed by the individual. The maximum length of any suspension may not exceed one year.

All opinions of the license suspension review committee must be by a majority vote of all voting members. Alternate committee members may only vote when one of the voting members is unavailable, has been recused, or has decided not to vote on the case before the committee. Nonvoting alternates may be present and may participate at all license suspension review committee meetings.

Members of the license suspension review committee serve as volunteers, and are not eligible for compensation other than travel expenses pursuant to RCW 43.03.050 and 43.03.060.

“NEW SECTION. Sec. 1. The legislature finds that the department of fish and wildlife is responsible for the proper management of the state’s diverse wildlife resources. The legislature finds that it is often necessary for the department to use certain controlled substances to accomplish these purposes. Therefore, the legislature finds that the department of fish and wildlife, in coordination with the board of pharmacy, must be enabled to use approved controlled substances in order to accomplish its legitimate wildlife management goals.

NEW SECTION. Sec. 2. A new section is added to chapter 69.50 RCW to read as follows:

The department of fish and wildlife may apply to the department of health for registration pursuant to the applicable provisions of this chapter to purchase, possess, and administer controlled substances for use in chemical capture programs. The department of fish and wildlife must not permit a person to administer controlled substances unless the person has demonstrated adequate knowledge of the potential hazards and proper techniques to be used in administering controlled substances.

The department of health may issue a limited registration to carry out the provisions of this section. The board may adopt rules to ensure strict compliance with the provisions of this section. The board, in consultation with the department of fish and wildlife, must by rule add or remove additional controlled substances for use in chemical capture programs. The board shall suspend or revoke registration upon determination that the person administering controlled substances has not demonstrated adequate knowledge as required by this section. This authority is granted in addition to any other power to suspend or revoke registration as provided by law.”

The legislature recognizes the increase in water-oriented recreation by users of human and wind-powered, beachable vessels such as kayaks, canoes, or day sailors on Washington's waters. These recreationists frequently require overnight camping facilities along the shores of public or private beaches. The legislature now creates a water trail recreation program, to be administered by the Washington state parks and recreation commission. The legislature recognizes that the effort to develop water trail sites is a continuing need and that the commission provides beneficial expertise and consultation to water trail user groups, agencies, and private landowners for the existing Cascadia marine trail and Willapa Bay water trail.

Sec. 2. RCW 79A.05.385 and 1993 c 182 s 2 are each amended to read as follows:

(2) (a) Provide and issue, upon payment of the proper fee, with the assistance of these authorized agents as may be necessary for the convenience of the public, water trail permits to utilize designated water trail facilities. The commission may, after consultation with the water trail advisory committee, adopt rules authorizing reciprocity of water trail permits provided by another state or Canadian province, but only to the extent that a similar exemption or provision for water trail permits is issued by that state or province.

(b) Compile, publish, distribute, and charge a fee for maps or other forms of public information indicating areas and facilities suitable for water trail activities.

(c) Contract with a public agency, private entity, or person for the actual conduct of these duties.

(d) Work with individuals or organizations who wish to volunteer their time to support the water trail recreation program.

The commission may, after consultation with the water trail advisory committee,

(a) adopt rules to administer the water trail program and facilities on areas owned or administered by the commission. Where water trail facilities administered by other public or private entities are incorporated into the water trail system, the rules adopted by those entities shall prevail. The commission is not responsible or liable for enforcement of these alternative rules.

NEW SECTION. Sec. 4. Any unspent balance of funds in the water trail program account created in RCW 79A.05.405 as of June 30, 2003, must be transferred to the state parks renewal and stewardship account created in RCW 79A.05.215. All receipts from sales of materials under RCW 79A.05.385 and all monetary civil penalties collected under RCW 79A.05.415 must be deposited in the state parks renewal and stewardship account. **POINT OF INQUIRY**

Senator Benton: “Senator Oke, I notice that a considerable number of House members, on both sides of the aisle actually, voted ‘no’ on this bill. Can you tell me the difference—the primary difference—between the Senate striking amendment and how it would change this bill, as opposed to what they voted on, actually, over there? Can you give me some comparison?”

Senator Oke: “Yes sir, Senator. Initially, the bill came over to us and did have controversy in it, because it was trying to take funding that was traditionally used by the off road vehicles and moved some of those funds into those site-seers fishers-persons and so forth. We have looked at that and tried to work with it and felt that we needed more time to study the issue and that is why the study is before us, versus actually trying to make the determination who uses the funds and how they are used. During the interim, we will make that decision. It is a good bill now, I think, for us and we will come, I hope, with a good solution at the end of the interim.”

The President declared the question before the Senate to be the roll call on the final passage of Second Substitute House Bill No. 1698, as amended by the Senate.

**RULING BY THE PRESIDENT**

President Owen: ‘In ruling upon the point of order raised by Senator Deccio as to the scope and object of the amendment by Senators Roach, Rossi, Eide, Rasmussen and Kline on page 5, line 23, to the Committee on Health and Long-Term Care Committee striking amendment, the President finds and rules as follows:

“Engrossed Substitute House Bill No. 1904 is a measure which limits the reporting requirements for mandated reporters of incidents involving vulnerable adults. The amendment to the committee amendment would require that the Washington Association of Sheriffs and Police Chiefs create and maintain a statewide sex offender web site available to the public when funds to do so are provided by any source, including state funds. This exceeds the scope and object of the underlying bill, which was limited only to vulnerable adults. Senator Deccio’s point is well taken.”

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2056, by House Committee on State Government (originally sponsored by Representatives Haigh, Armstrong and Miloscia)

The bill was read the second time.
Senator Roach moved that the following Committee on Government Operations and Elections striking amendment be adopted:

"NEW SECTION. Sec. 1. A new section is added to chapter 39.04 RCW to read as follows:

When a municipality receives a written protest from a bidder for a public works project which is the subject of competitive bids, the municipality shall not execute a contract for the project with anyone other than the protesting bidder without first providing at least two full business days' written notice of the protest to the protesting bidder, the owner and general contractor/construction manager. If the protesting bidder submits notice in writing of its protest no later than two full business days following bid opening. Intermediate Saturdays, Sundays, and legal holidays are not counted in determining the minimum two-day notice period.

NEW SECTION. Sec. 2. A new section is added to chapter 39.04 RCW to read as follows:

(1) Notwithstanding any other provision of law, and after complying with RCW 39.10.030, a public body may utilize the general contractor/construction manager procedure for public works contracting for public works projects authorized under subsection (2) of this section. For the purposes of this section, "general contractor/construction manager" means a firm with which a public body has selected and negotiated a maximum allowable construction cost to be guaranteed by the firm, after competitive selection through formal advertisement and competitive bids, to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, and alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase.

(2) Except those school districts proposing projects that are considered and approved by the school district project review board, public bodies authorized under this section may utilize the general contractor/construction manager procedure for public works projects valued over ten million dollars where:

(a) Implementation of the project involves complex scheduling requirements; or
(b) The project involves construction at an existing facility which must continue to operate during construction; or
(c) The involvement of the general contractor/construction manager during the design stage is critical to the success of the project.

(3) Public bodies shall select general contractor/construction managers early in the life of public works projects, and in most situations no later than the completion of schematic design.

(4) Contracts for the services of a general contractor/construction manager under this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. The public solicitation of proposals shall include:

(a) A description of the project, including programmatic, performance, and technical requirements and specifications when available; the reasons for using the general contractor/construction manager procedure; a description of the qualifications to be required of the proposer, including submission of the proposer's accident prevention program; a description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors; the form of the contract to be awarded; the estimated maximum allowable construction cost; and the bid instructions to be used by the general contractor/construction manager.

(b) History of successful subcontracting, including sealed bids for the percent fee, which is the percentage amount to be outbids by the general contractor/construction manager as overhead and profit, on the estimated maximum allowable construction cost and the fixed amount for the detailed specified general conditions work. The public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public solicitation of proposals.

(c) Project management and project supervision personnel with experience on similar projects and the availability of such personnel for the project.

(d) Adequate financial resources or the ability to secure such resources;

(e) History of successful completion of a contract of similar type and scope;

(f) Project management and project supervision personnel with experience on similar projects and the availability of such personnel for the project.

(g) Ability to meet subcontract bid package scheduling requirements.

(h) Ability to accurately estimate the subcontract bid package scope of work.

(i) Ability to meet subcontract bid package drawing and other coordination procedures.

(j) Eligibility to receive an award under applicable laws and regulations; and

(k) Ability to meet subcontract bid package scheduling requirements.

The owner and general contractor/construction manager shall weigh the evaluation criteria and determine a minimum acceptable score to be considered an eligible subcontract bidder. After notification of intent to determine bidder eligibility, subcontractors requesting eligibility shall be provided the evaluation criteria and weighting to be used by the owner and general contractor/construction manager to determine eligible subcontract bidders. After the committee has selected the most qualified finalists, these finalists shall submit final proposals, including sealed bids for the percent fee, which is the percentage amount to be outbids by the general contractor/construction manager as overhead and profit, on the estimated maximum allowable construction cost and the fixed amount for the detailed specified general conditions work. The public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public solicitation of proposals.

The maximum allowable construction cost may be negotiated between the public body and the selected firm after the scope of the project is adequately determined to establish a guaranteed contract cost for which the general contractor/construction manager will provide a performance and payment bond. The guaranteed contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the percent fee on the negotiated maximum allowable construction cost, and sales tax.

(5) The maximum allowable construction cost may be negotiated between the public body and the selected firm after the scope of the project is adequately determined to establish a guaranteed contract cost for which the general contractor/construction manager will provide a performance and payment bond. The guaranteed contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the percent fee on the negotiated maximum allowable construction cost, and sales tax.

contractor/construction manager. If a general contractor/construction manager receives a written protest from a subcontractor bidder, the general contractor/construction manager shall not execute a contract for the subcontract bid package with anyone other than the protesting bidder without first providing at least two full business days' written notice of the general contractor/construction manager's intent to execute a contract for the subcontract bid package. Intermediate Saturdays, Sundays, and legal holidays are not counted in determining the minimum two-day notice period. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. Except as provided for under subsection (7) of this section, bidding on subcontract work by the general contractor/construction manager or its subsidiaries is prohibited. The general contractor/construction manager may negotiate with the low-responsive bidder in accordance with RCW 39.10.080 or, if unsuccessful in such negotiations, rebid.

(7) The general contractor/construction manager, or its subsidiaries, may bid on subcontract work if:
(a) The work within the subcontract bid package is customarily performed by the general contractor/construction manager;
(b) The bid opening is managed by the public body; and
(c) Notification of the general contractor/construction manager's intention to bid is included in the public solicitation of bids for the bid package.

In no event may the value of subcontract work performed by the general contractor/construction manager exceed thirty percent of the negotiated maximum allowable construction cost.

(8) A public body may include an incentive clause in any contract awarded under this section for savings of either time or cost or both from that originally negotiated. No incentives granted may exceed five percent of the maximum allowable construction cost. If the project is completed for less than the agreed upon maximum allowable construction cost, any savings not otherwise negotiated as part of an incentive clause shall accrue to the public body. If the project is completed for more than the agreed upon maximum allowable construction cost, excepting increases due to any contract change orders approved by the public body, the additional cost shall be the responsibility of the general contractor/construction manager.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 2111, by House Committee on Higher Education (originally sponsored by Representatives Priest, Jarrett and Cox)

Exploring opportunities to create performance contracts between the state and institutions of higher education.

The bill was read the second time.

MOTION

Senator Carlson moved that the following Committee on Higher Education striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that ten years have passed since the state attempted to redefine the relationship with its institutions of higher education based on trust, evidence, and a new alignment of responsibilities, as articulated in chapter 363, Laws of 1993.

(2) However, the legislature also finds that the intent to combine institutional flexibility and authority to make decisions at the local level with accountability for achieving statewide goals and objectives has never been fully achieved, in part because there has not been an operating mechanism through which to implement this relationship.

(3) Therefore, the legislature intends to explore opportunities to create performance contracts between the state and public institutions of higher education. It is the intent of the legislature that such a contract would constitute a negotiated agreement between the state and an institution, where the state’s primary interest would lie not in the management and operations of an institution, but in the institution’s contribution to achieving agreed-upon statewide goals and objectives for higher education.

NEW SECTION. Sec. 2. (1) A work group on higher education performance contracts is established. The work group shall consist of members as follows:

(a) The members of the house and senate higher education and fiscal committees;

(b) One representative of the higher education coordinating board, appointed by the board;

(c) One representative of the state board for community and technical colleges, appointed by the state board;

(d) Two representatives of public four-year institutions of higher education, appointed by the council of presidents;

(e) Two representatives of the community and technical colleges, appointed by the Washington association of community and technical colleges; and

(f) One representative of the governor’s office and one representative of the office of financial management, each appointed by the governor.

On pag...
(2) The work group may invite input from other interested parties, including but not limited to faculty and student representatives and representatives of the business community. Within available funds, the work group may obtain additional expertise or engage consultants if necessary to carry out its work.

(3) The work group shall:
(a) Examine the experience of other states in developing and implementing performance contracts with institutions of higher education;
(b) Consider the feasibility of implementing performance contracts in Washington;
(c) Identify whether amendments to current laws may be necessary to implement performance contracts; and
(d) Develop guidelines and possible models for performance contracts, including:
(i) The types of indicators and benchmarks that could be included in a contract to measure an institution’s progress in meeting the contract’s objectives; and
(ii) The types of flexibility, exemptions, or commitments that could be included in a contract to reflect the state’s obligation to an institution.

(4) The work group shall use legislative facilities and staff from senate committee services and the office of program research. Each nonlegislative member of the work group shall be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060. Travel expenses for the nonlegislative members shall be paid by their respective institutions or agencies.

(5) The work group shall report its findings and recommendations to the higher education and fiscal committees of the legislature by December 15, 2003.

NEW SECTION. Sec. 3. This act expires June 30, 2004."

Debate ensued.

The President declared the question before the Senate to be the adoption of the Committee on Higher Education striking amendment to Substitute House Bill No. 2111.

The motion by Senator Carlson carried and the committee striking amendment was adopted. There being no objection, the following title amendment was adopted.

On page 1, line 2 of the title, after “education;” strike the remainder of the title and insert “creating new sections; and providing an expiration date.”

MOTION

On motion of Senator Carlson, the rules were suspended, Substitute House Bill No. 2111, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage. The President declared the question before the Senate to be the roll call on the final passage of Substitute House Bill No. 2111, as amended by the Senate.

ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 2111, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 49; Nays, 0; Absent, 0; Excused, 0.

SUBSTITUTE HOUSE BILL NO. 2111, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1571, by House Committee on Juvenile Justice and Family Law (originally sponsored by Representatives Holmquist, Dickerson, Delvin, Upthegrove, Pettigrew, Hinkle, Priest, Condotta, Kristiansen, Orcutt, Rockefeller, Bush, McCoy and Clements)

Enhancing enforcement of child support obligations.

The bill was read the second time.

MOTION

On motion of Senator Mulliken, the following Committee on Children and Family Services and Corrections striking amendment was adopted:

"NEW SECTION. Sec. 1. The legislature finds that there is an urgent need for vigorous enforcement of child support obligations. The legislature further finds that the duty of child support to provide for the needs of dependent children, including their necessary food, clothing, shelter, education, and health care, should not be avoided because of where an obligor resides. A person owing a duty of child support who chooses to engage in behaviors that result in the person becoming incarcerated should not be able to avoid child support obligations.

The legislature also finds the current system of child support collections due from persons confined in state correctional facilities does not facilitate family preservation nor does it promote the best interests of children. The legislature intends that, particularly in instances of very low payment levels, child support deductions go directly to the person or persons in whose custody the child is and who is responsible for the daily support of the child. The legislature does not intend the child support system to be a mechanism for the support of government, but rather to directly assist children in need of support."
Sec. 2. RCW 72.09.111 and 2002 c 126 s 2 are each amended to read as follows:

(1) The secretary shall deduct from the gross wages or gratuities of each inmate working in correctional industries work programs, taxes and legal financial obligations. The secretary shall also deduct child support payments from the gratuities of each inmate working in class II through class IV correctional industries work programs. The secretary shall develop a formula for the distribution of offender wages and gratuities.

(a) The formula shall include the following minimum deductions from class I gross wages and from all others earning at least minimum wage:

(i) Five percent to the public safety and education account for the purpose of crime victims’ compensation;
(ii) Ten percent to a department personal inmate savings account;
(iii) Twenty percent to the department to contribute to the cost of incarceration; and
(iv) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court.

(b) The formula shall include the following minimum deductions from class II gross gratuities:

(i) Five percent to the public safety and education account for the purpose of crime victims’ compensation;
(ii) Ten percent to a department personal inmate savings account;
(iii) Fifteen percent to the department to contribute to the cost of incarceration; and
(iv) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court.

(c) Five percent for any child support owed under a support order.

(d) The formula shall include the following minimum deduction from class IV gross gratuities:

(i) Five percent to the department to contribute to the cost of incarceration.

Any person sentenced to life imprisonment without possibility of release or parole under chapter 10.95 RCW or sentenced to death shall be exempt from the requirement under (a)(ii) or (b)(ii) of this subsection.

The department personal inmate savings account, together with any accrued interest, shall only be available to an inmate at the time of his or her release from confinement, unless the secretary determines that an emergency exists for the inmate, at which time the funds can be made available to the inmate in an amount determined by the secretary. The management of classes I, II, and IV correctional industries may establish an incentive payment for offender workers based on productivity criteria. This incentive shall be paid separately from the hourly wage/gratuity rate and shall not be subject to the specified deduction for cost of incarceration.

In the event that the offender worker’s wages or gratuity is subject to garnishment for support enforcement, the crime victims' compensation, savings, and cost of incarceration deductions shall be calculated on the net wages after taxes, legal financial obligations, and garnishment.

(2) The department shall explore other methods of recovering a portion of the cost of the inmate’s incarceration and for encouraging participation in work programs, including development of incentive programs that offer inmates benefits and amenities paid for only from wages earned while working in a correctional industries work program.

(3) The department shall develop the necessary administrative structure to recover inmates’ wages and keep records of the amount inmates pay for the costs of incarceration and amenities. All funds deducted from inmate wages under subsection (1) of this section for the purpose of contributions to the cost of incarceration shall be deposited in a dedicated fund with the department and shall be used only for the purpose of enhancing and maintaining correctional industries work programs.

(4) The expansion of inmate employment in class I and class II correctional industries shall be implemented according to the following schedule:

(a) Not later than June 30, 1995, the secretary shall achieve a net increase of at least two hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;
(b) Not later than June 30, 1996, the secretary shall achieve a net increase of at least four hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;
(c) Not later than June 30, 1997, the secretary shall achieve a net increase of at least six hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;
(d) Not later than June 30, 1998, the secretary shall achieve a net increase of at least nine hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;
(e) Not later than June 30, 1999, the secretary shall achieve a net increase of at least one thousand two hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994;
(f) Not later than June 30, 2000, the secretary shall achieve a net increase of at least one thousand five hundred in the number of inmates employed in class I or class II correctional industries work programs above the number so employed on June 30, 1994.

(5) It shall be in the discretion of the secretary to apportion the inmates between class I and class II depending on available contracts and resources.

(6) Nothing in this section shall limit the authority of the department of social and health services division of child support from taking collection against an inmate’s monies, assets, or property pursuant to chapter 26.23, 74.20, or 74.20A RCW.

Sec. 3. RCW 72.09.480 and 1999 c 325 s 1 are each amended to read as follows:

(1) Unless the context clearly requires otherwise, the definitions in this section apply to this section.

(a) “Cost of incarceration” means the cost of providing an inmate with shelter, food, clothing, transportation, supervision, and other services and supplies as may be necessary for the maintenance and support of the inmate while in the custody of the department, based on the average inmate costs established by the department and the office of financial management.

(b) “Minimum term of confinement” means the minimum amount of time an inmate will be confined in the custody of the department, considering the sentence imposed and adjusted for the total potential earned early release time available to the inmate.

(c) “Program” means any series of courses or classes necessary to achieve a proficiency standard, certificate, or postsecondary degree.
(2) When an inmate, except as provided in subsection ((4a)) (2) of this section, receives any funds in addition to his or her wages or gratuities, except settlements or awards resulting from legal action, the additional funds shall be subject to the following deductions ((a) RCW 72.09.111(1)(a)) and the priorities established in chapter 72.11 RCW:

(a) Five percent to the public safety and education account for the purpose of crime victims' compensation;
(b) Ten percent to a department personal inmate savings account;
(c) Twenty percent for payment of legal financial obligations for all inmates who have legal financial obligations owing in any Washington state superior court; and
(d) Fifty percent for any child support owed under a support order.

(3) When an inmate, except as provided in subsection ((1)) (1) of this section, receives any funds from a settlement or award resulting from a legal action, the additional funds shall be subject to the deductions in RCW 72.09.111(1)(a) and the priorities established in chapter 72.11 RCW.

(4a) (4) The amount deducted from an inmate's funds under subsection (2) of this section shall not exceed the department's total cost of incarceration for the inmate incurred during the inmate's minimum or actual term of confinement, whichever is longer.

(4b) (5) The deductions required under subsection (2) of this section shall not apply to funds received by the department on behalf of an offender for payment of one fee-based education or vocational program that is associated with an inmate's work program or a placement decision made by the department under RCW 72.09.460 to prepare an inmate for work upon release.

An inmate may, prior to the completion of the fee-based education or vocational program authorized under this subsection, apply to a person designated by the secretary for permission to make a change in his or her program. The secretary, or his or her designee, may approve the application based solely on the following criteria: (a) The inmate has been transferred to another institution by the department for reasons unrelated to education or a change to a higher security classification and the offender's current program is unavailable in the offender's new placement; (b) the inmate entered an academic program as an undeclared major and wishes to declare a major. No inmate may apply for more than one change to his or her major and receive the exemption from deductions specified in this subsection; (c) the educational or vocational institution is terminating the inmate's current program; or (d) the offender's training or education has demonstrated that the current program is not the appropriate program to assist the offender to achieve a placement decision made by the department under RCW 72.09.460 to prepare the inmate for work upon release.

(b) Five percent to the public safety and education account for the purpose of crime victims' compensation ((a) RCW 72.09.111(1)(a)), twenty percent to the department to contribute to the cost of incarceration, and fifteen percent to child support payments.

(6) (5) When an inmate sentenced to life imprisonment without possibility of release or parole, or to death under chapter 10.95 RCW, receives any funds in addition to his or her gratuities, except settlements or awards resulting from legal action, the additional funds shall be subject to: Deductions of five percent to the public safety and education account for the purpose of crime victims' compensation ((a) RCW 72.09.111(1)(a)), twenty percent to the department to contribute to the cost of incarceration, and fifteen percent to child support payments.

(7) When an inmate sentenced to life imprisonment without possibility of release or parole, or to death under chapter 10.95 RCW, receives any funds from a settlement or award related to payment for education and training under section 4, chapter 325, Laws of 1999, the inmate savings account created as a result of the plan in section 4, chapter 325, Laws of 1999 shall be exempt from the mandatory deductions under this section and RCW 72.09.111.

(8) When an inmate sentenced to life imprisonment without possibility of release or parole, or to death under chapter 10.95 RCW, receives any funds from a settlement or award resulting from a legal action in addition to his or her gratuities, the additional funds shall be subject to: Deductions of five percent to the public safety and education account for the purpose of crime victims' compensation and twenty percent to the department to contribute to the cost of incarceration.

(9) The interest earned on an inmate savings account created as a result of the plan in section 4, chapter 325, Laws of 1999 shall be exempt from the mandatory deductions under this section and RCW 72.09.111.

(10) Nothing in this section shall limit the authority of the department of social and health services division of child support from taking collection action against an inmate's moneys, assets, or property pursuant to chapter 26.23, 74.20, or 74.20A RCW including, but not limited to, the collection of moneys received by the inmate from settlements or awards resulting from legal action.

There being no objection, the following title amendment was adopted:
On page 1, line 1 of the title, after "payments;" strike the remainder of the title and insert "amending RCW 72.09.111 and 72.09.480; and creating a new section."

(1) All work ordered, the estimated cost of which is in excess of (fifty thousand dollars) ten thousand dollars, shall be let by contract and competitive bidding. Before awarding any such contract the board of commissioners shall publish a notice in a newspaper of general circulation where the district is located at least once thirteen days before the last date upon which bids will be received, inviting sealed proposals for such work, plans and specifications which must at the time of publication of such notice be on file in the office of the board of commissioners subject to the public inspection. The notice shall state generally the work to be done and shall call for proposals for doing the same to be sealed and filed with the board of commissioners on or before the day and hour named therein.

Each bid shall be accompanied by a certified or cashier’s check or postal money order payable to the order of the county treasurer for a sum not less than five percent of the amount of the bid, or accompanied by a bid bond in an amount not less than five percent of the bid with a corporate surety licensed to do business in the state, conditioned that the bidder will pay the district as liquidated damages the amount specified in the bond, unless the bidder enters into a contract in accordance with the bidder’s bid, and no bid shall be considered unless accompanied by such check, cash or bid bond. At the time and place named such bids shall be publicly opened and read and the board of commissioners shall proceed to canvass the bids and may let such contract to the lowest responsible bidder upon plans and specifications on file or to the best bidder submitting the bidder’s own plans and specifications. The board of commissioners may reject all bids for good cause and readvertise and in such case all checks, cash or bid bonds shall be returned to the bidders, except that of the successful bidder, which shall be retained until a contract shall be entered into for doing the work, and a bond to perform such work furnished with sureties satisfactory to the board of commissioners in the full amount of the contract price between the bidder and the commission in accordance with the bid. If the bidder fails to enter into the contract in accordance with the bid and furnish the bond within ten days from the date at which the bidder is notified that the bidder is the successful bidder, the check, cash, or bid bonds and the amount thereof shall be forfeited to the district. If the bidder fails to enter into a contract in accordance with the bidder’s bid, and the board of commissioners deems it necessary to take legal action to collect on any bid bond required by this section, then the district shall be entitled to collect from the bidder any legal expenses, including reasonable attorneys’ fees occasioned thereby. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

(2) As an alternative to requirements under subsection (1) of this section, a water-sewer district may let contracts using the small works roster process under RCW 39.04.155.

(3) Any purchase of materials, supplies, or equipment, with an estimated cost of less than fifty thousand dollars shall be made using the process provided in RCW 39.04.190. Any purchase of materials, supplies, or equipment with an estimated cost of fifty thousand dollars or more shall be made by competitive bidding following the procedure for letting contracts for projects under subsection (1) of this section.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1592, by House Committee on Transportation (originally sponsored by Representatives Simpson and Ericksen)

Regulating special license plates.

The bill was read the second time.

MOTION

On motion of Senator Horn, the following Committee on Highways and Transportation striking amendment was adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature has seen an increase in the demand from constituent groups seeking recognition and funding through the establishment of commemorative or special license plates. The high cost of implementing a new special license plate series coupled with the uncertainty of the state’s ability to recoup its costs, has led the legislature to delay the implementation of new special license plates. In order to address these issues, it is the intent of the legislature to create a mechanism that will allow for the evaluation of special license plate requests and establish a funding policy that will alleviate the financial burden currently placed on the state. Using these two strategies, the legislature will be better equipped to efficiently process special license plate legislation.

PART I

SPECIAL LICENSE PLATE REVIEW BOARD

NEW SECTION. Sec. 101. A new section is added to chapter 46.16 RCW to read as follows:

SPECIAL LICENSE PLATE REVIEW BOARD CREATED. (1) The special license plate review board is created.

(2) The board will consist of seven members: One member appointed by the governor and who will serve as chair of the board; four members of the legislature, one from each caucus of the house of representatives and the senate; a department of licensing representative appointed by the director; and a Washington state patrol representative appointed by the chief.

(3) Members shall serve terms of four years, except that four of the members initially appointed will be appointed for terms of two years. No member may be appointed for more than three consecutive terms.

(4) The legislative transportation committee may remove members from the board before the expiration of their terms only for cause based upon a determination of incapacity, incompetence, neglect of duty, or malfeasance in office as ordered by the Thurston county superior court, upon petition and show cause proceedings brought for that purpose in that court and directed to the board member in question.

NEW SECTION. Sec. 102. A new section is added to chapter 46.16 RCW to read as follows:

ADMINISTRATION OF THE BOARD. (1) The board shall meet periodically at the call of the chair, but must meet at least one time each year within ninety days before an upcoming regular session of the legislature. There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. "Payment plan," as used in this section, means a plan that requires a person to pay an initial payment of not less than five percent of the total owed, followed by reasonable payments in an amount established by the court.

Revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. MOTION

Senator Benton moved that the rules be suspended and Senate Joint Memorial No. 8005 be advanced to third reading, the second reading considered the third and the joint memorial was placed on final passage.

POINT OF ORDER

Senator Brown: “A point of order, Mr. President. I do not believe that this memorial is properly before us. Senate Concurrent Resolution No. 8400 states that Senate Bills must pass the Senate by Wednesday, March 19, 2003, unless the bill is a budget bill or a bill necessary to implement the budget. This joint memorial is not a budget bill and it is not necessary to implement the budget. Senate Joint Memorial 8005 is a letter to Congress asking them to— they have already passed the bill to phase out the estate taxes. This asks them to permanently repeal the estate tax. Numerous bills have been introduced in the US Congress. Since this is a federal issue and depends on action by Congress, I do not believe that this is necessary to implement the Washington State Budget. The action has already been taken to Congress, relative to the issue and I would ask the President to find that this bill does not affect our Washington State Budget and, therefore, is not properly before us.”

MOTION

On motion of Senator Sheahan, further consideration of Senate Joint Memorial No. 8005 was deferred.

INTRODUCTION AND FIRST READING

SB 6076 by Senators Esser and Thibaudeau

AN ACT Relating to committees of members of nonprofit corporations; and amending RCW 24.03.065, 24.03.075, and 24.03.465.
Referred to Committee on Judiciary.

MOTION

On motion of Senator Sheahan, the Senate advanced to the ninth order of business.

MOTION

Senator Sheahan moved that the Committee on Judiciary be relieved of further consideration of Engrossed Substitute House Bill No. 1001 and that the bill be placed on the second reading calendar.

MOTION

Senator Betti Sheldon moved to amend the motion by Senator Sheahan to include Engrossed Substitute House Bill No. 1431, Engrossed Second Substitute House Bill No. 1214, House Joint Resolution No. 4204 and Substitute House Bill No. 1809.

MOTION

Senator Sheahan moved that the question be divided and that each bill be taken separately.

REPLY BY THE PRESIDENT

President Owen: "In trying to place this together, I think the motion would be, as you stated, to divide the question, so what you are asking is to divide the question on the amendment to your motion."

PARLIAMENTARY INQUIRY

Senator Betti Sheldon: "A parliamentary inquiry, Mr. President. So, with his motion to divide the question, exactly where does that put all four bills—the amendment and the motion itself?"

REPLY BY THE PRESIDENT

President Owen: "That is exactly what I am trying to figure out."
Senator Betti Sheldon: "Thank you."
President Owen: “Senator Sheldon, in answer to your inquiry, the way that Senator Sheahan put it is that we will vote on to divide the question on each measure. If Engrossed Substitute House Bill No. 1431, for instance, has an affirmative vote, then it would be added to the motion to relieve the Committee—the way that this has been asked. Then, we will go to Engrossed Second Substitute House Bill No. 1214, and the same thing would take place on that motion and if that succeeds, then it will be added to the committee and place the bill on the second reading calendar—the way the motion was made. So, the question before the Senate is shall Engrossed Substitute House Bill No. 1431 be added to the motion to relieve the committee of Judiciary of Engrossed Substitute House Bill No. 1001 and those bills be placed on the second reading calendar.”

POINT OF ORDER

Senator West: “Mr. President, a point of order. The Senate, earlier this year, passed Senate Concurrent Resolution No. 8400. Senate Concurrent Resolution No. 8400 was a cutoff resolution for establishing the various cutoffs, as to when bills could be considered by the Senate and it had very few exceptions. On page two, line one, it indicates, Friday, April 4, 2003, the eighty-second day, to be the final day to read in committee reports on bills from the opposite house, with the exception of reports from Ways and Means, Highways and Transportation and the House of Representatives Fiscal Committees.

“I believe, Sir, that Senator Sheahan’s motion and Senator Betti Sheldon’s motion are out of order and it would take a new vote to amend the concurrent resolution or to change the Senate Rules.”

REPLY BY THE PRESIDENT

President Owen: “Senator West, the motions are not out of order. The motion can be made. In previous rulings, the President has ruled that any measure is subject to the cutoff—that is not exempted from the cutoff, in order to be relieved from committee and placed on the calendar at this time—in less than the last three days before the cutoff—I believe it is three days before the cutoff—would take a two-thirds vote or a suspension of the rules. So, none of these measures are exempt from the cutoff and would take a two-thirds vote of this body—to relieve them of the committee. However, that is not a two-thirds vote for the amendments—just in the final relieving of the committees.”

Senator Betti Sheldon demanded a roll call and the demand was sustained.

The President declared the question before the Senate to be the roll call on shall Engrossed Substitute House Bill No. 1431 be added to the motion to relieve the committee of Engrossed Substitute House Bill No. 1001.

MOTION

On motion of Senator Sheahan, the motion to divide the question was withdrawn.

MOTION

MOTION

At 10:47 a.m., on motion of Senator Sheahan, the Senate was declared to be at ease.

The Senate was called to order at 11:57 a.m. by President Owen.

There being no objection, the Senate resumed consideration of the point of order raised by Senator West regarding the cutoff resolution, Senate Concurrent Resolution 8400.

RULING BY PRESIDENT

President Owen: “In ruling upon the point of order raised by Senator West, the President finds and rules as follows:

“A number of issues are presented by the floor action up to this point which need explanation. Consistent with past rulings on these issues, the President finds that all measures are subject to the cutoff resolution passed by both the House and the Senate this year--Senate Concurrent Resolution 8400. Pursuant to this cutoff resolution, April 4th was the last day to read in committee reports on House Bills from all committees except fiscal committees, which could be read in no later that April 7th. The specific language within the cutoff resolution for these committee cutoff dates is very important because it relates only to reporting by committees, not to consideration of the measure by the full Senate. The only relevant date for consideration of a House Bill by the full Senate is April 18. The ultimate say is and should be the will of the full body, which is reflected in Rule 48.

“Rule 48 clearly and unambiguously allows this body to recall a bill from committee with a simple majority vote of the full membership, in other words, twenty-five votes. The cutoff resolution also clearly and unambiguously sets April 18th as the final day by which the Senate may consider a House Bill. Combining these two precepts, the President rules, therefore, that the body may properly relieve any committee of a House Bill for consideration by the full Senate so long as it does so on or before 5:00 p.m. on April 18.

“The President has reviewed previous rulings on this subject and recognized that this ruling is a departure from an earlier ruling in 1997. The President believes, however, that today’s ruling better harmonizes the interplay between Rule 48 and the cutoff resolution and is more consistent with the principles expressed by the Senate Rules, the Cutoff Resolution and Reed’s Parliamentary Rules, which are to be construed in such a way as to allow the body to complete its business.

“Therefore, the President finds that Senator Sheahan’s motion, as amended, is properly before the Senate.”

The President ruled that the bills relieved from committee earlier today were properly before the Senate.

(d) For purposes of this section, “standard permit” means a written permit issued by the department when the conditions under subsections (3) and (5)(b) of this section are not met.

(3)(a) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship to the applicant or unacceptable damage to the environment. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to repair existing structures, move obstructions, restore banks, protect property, or protect fish resources. Expedited permit requests require a complete written application as provided in subsection (2)(b) of this section and shall be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance.

(b) For the purposes of this subsection, “imminent danger” means a threat by weather, water flow, or other natural conditions that is likely to occur within sixty days of a request for a permit application.

(c) The department may not require the provisions of the state environmental policy act, chapter 36.70A RCW, to be met as a condition of issuing a permit under this subsection.

(d) The department or the county legislative authority may determine if an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists.

(e) Approval of a standard permit is valid for a period of up to five years from date of issuance. The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If the department denies approval, the department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Chapter 34.05 RCW applies to any denial of project approval, conditional approval, or requirements for project modification upon which approval may be contingent.

(5)(a) In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department, through its authorized representatives, shall issue immediately, upon request, oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval to protect fish life shall be established by the department and reduced to writing within thirty days and comply with as provided for in this section. Oral approval shall be granted immediately, upon request, for a stream crossing during an emergency situation.

(b) For purposes of this section and RCW 77.55.110, “emergency” means an immediate threat to life, the public, property, or of environmental degradation.

(c) The department or the county legislative authority may declare and continue an emergency when one or more of the criteria under (b) of this subsection are met. The county legislative authority shall immediately notify the department if it declares an emergency under this subsection.

(d) The department shall, at the request of a county, develop five-year maintenance approval agreements, consistent with comprehensive flood control management plans adopted under the authority of RCW 86.12.200, or other watershed plan approved by a county legislative authority, to allow for work on public and private property for bank stabilization, breach repair, removal of sand bars and debris, channel maintenance, and other flood damage repair and reduction activity agreed upon conditions and times without obtaining permits for specific projects.

(7) This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or other watering purposes and not for agricultural purposes authorized under or recognized as being valid by the state’s water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural lands as defined in RCW 84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 77.55.110.

A landscape management plan approved by the department and the department of natural resources under RCW 76.09.350(2), shall serve as a hydraulic project approval for the life of the plan if fish are selected as one of the public resources for coverage under such a plan.

(8) For the purposes of this section and RCW 77.55.110, “bed” means the land below the ordinary high water lines of state waters. This definition does not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

(9) The phrase “to construct any form of hydraulic project or perform other work” does not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.

(10) The department shall not require a fishway on a tide gate, flood gate, or other associated man-made agricultural drainage facilities as a condition of a hydraulic project approval if such a fishway was not originally installed as part of an agricultural drainage system existing on or before the effective date of this section.

(11) Any condition requiring a self-regulating tide gate to achieve fish passage in an existing hydraulic project approval under this section may not be enforced.

NEW SECTION. Sec. 3. A new section is added to chapter 77.55 RCW to read as follows:

Upon written request of adversely affected landowners of land designated as agricultural lands of long-term commercial significance according to chapter 36.70A RCW or the associated special districts under RCW 85.38.180, the department shall authorize the removal of the self-regulating function of any self-regulating tide gate installed because of a condition imposed by the department in an approval issued according to RCW 77.55.100 or during implementation of fish passage requirements pursuant to RCW 77.55.060. The department shall make authorization of the removal of the self-regulating function of any self-regulating tide gate a priority. The department shall pay for any tide gate removal required by this section within existing resources.

NEW SECTION. Sec. 4. A new section is added to chapter 77.85 RCW to read as follows:

(a) If a limiting factors analysis has been conducted under this chapter for a specific geographic area and that analysis shows insufficient intertidal salmon habitat, the department of fish and wildlife and the county legislative authorities of the affected counties may jointly initiate a salmon intertidal habitat restoration plan.

(b) The department shall, at the request of a county, develop a plan that addresses the intertidal habitat goals contained in the limiting factors analysis. The fish and wildlife commission and the county legislative authorities of the geographic area shall jointly appoint a task force composed of the following members:

(a) One representative of the fish and wildlife commission, appointed by the chair of the commission;

(c) One representative of the lead entity for salmon recovery in the geographic area, appointed by the lead entity;

(e) One representative of each county in the geographic area, appointed by the respective county legislative authorities; and

(g) One representative from the office of the governor.

(2) Representatives of the United States environmental protection agency, the United States natural resources conservation service, federal fishery agencies, as appointed by their regional director, and tribes with interests in the geographic area shall be invited and encouraged to participate as members of the task force.

(3) The task force shall elect a chair and adopt rules for conducting the business of the task force. Staff support for the task force shall be provided by the Washington state conservation commission.

(4) The task force shall:

(a) Review and analyze the limiting factors analysis for the geographic area;

(b) Initiate and oversee intertidal salmon habitat studies for enhancement of the intertidal area as provided in section 5 of this act;

(c) Review and analyze the completed assessments listed in section 5 of this act;

(d) Develop and draft an overall plan that addresses identified intertidal salmon habitat goals that has public support; and

(e) Identify appropriate demonstration projects and early implementation projects that are of high priority and should commence immediately within the geographic area.

(5) The task force may request briefings as needed on legal issues that may need to be considered when developing or implementing various plan options.

(b) Members of the task force shall be reimbursed by the conservation commission for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(6) The task force shall provide annual reports that provide an update on its activities to the fish and wildlife commission, to the involved county legislative authorities, and to the lead entity formed under this chapter.

NEW SECTION. Sec. 5. A new section is added to chapter 77.85 RCW to read as follows:
In consultation with the task force, the conservation commission may contract with universities, private consultants, nonprofit groups, or other entities to assist it in developing a plan incorporating the following elements:

(a) An inventory of existing tide gates located on streams in the county. The inventory shall include location, age, type, and maintenance history of the tide gates and other factors as determined by the task force in consultation with the county and diking and drainage districts;

(b) An assessment of the role of tide gates located on streams in the county; the role of intertidal fish habitat for various life stages of salmon; the quantity and characterization of intertidal fish habitat currently accessible to fish; the quantity and characterization of the present intertidal fish habitat created at the time the dikes and outlets were constructed; the quantity of potential intertidal fish habitat on public lands and alternatives to enhance this habitat; the effects of saltwater intrusion on agricultural land, including the effects of backfeeding of saltwater through the underground drainage system; the role of tide gates in drainage systems, including relieving excess water from saturated soil and providing reservoir functions between tides; the effect of saturated soils on production of crops; the characteristics of properly functioning intertidal fish habitat; a map of agricultural lands designated by the county as having long-term commercial significance and the effect of that designation; and the economic impacts to existing land uses for various alternatives for tide gate alteration;

(c) A long-term plan for intertidal salmon habitat enhancement to meet the goals of salmon recovery and protection of agricultural lands.

The proposal shall consider all other means to achieve salmon recovery without converting farmland. The proposal shall include methods to increase fish passage and otherwise enhance intertidal habitat on public lands pursuant to subsection (2) of this section, voluntary methods to increase fish passage on private lands, a priority list of intertidal salmon enhancement projects, and recommendations for funding of high priority projects. The task force also may propose pilot projects that will be designed to test and measure the success of various proposed strategies.

In conjunction with other public landowners and the task force, the department shall develop an initial salmon intertidal habitat enhancement plan for public lands in the county. The initial plan shall include a list of public properties in the intertidal zone that could be enhanced for salmon, a description of how those properties could be altered to support salmon, a description of costs and sources of funds to enhance the property, and a strategy and schedule for prioritizing the enhancement of public lands for intertidal salmon habitat. This initial plan shall be submitted to the task force at least six months before the deadline established in subsection (3) of this section.

The final intertidal salmon enhancement plan shall be completed within two years from the date the task force is formed and funding has been secured. A final plan shall be submitted by the task force to the lead entity for the geographic area established under this chapter.

**NEW SECTION.** Sec. 6. A new section is added to chapter 77.55 RCW to read as follows:

As used in this chapter, "tide gate" means a one-way check valve that prevents the backflow of tidal water.

**NEW SECTION.** Sec. 7. The process established in sections 4 and 5 of this act shall be initiated as soon as practicable in Skagit county.

**NEW SECTION.** Sec. 8. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

This transfer may be made in those regions that lower foster care expenditures through efficient use of preservation services and permanency planning efforts. The transfer shall be equivalent to the amount of reduced foster care expenditures and shall be made in accordance with the provisions of this chapter and with the approval of the office of financial management. The (secretary) department shall present an annual report to the legislature regarding any transfers under this section only if transfers occur. Sec. 4. RCW 26.44.030 and 1999 c 267 s 20 and 1999 c 176 s 30 are each reenacted and amended to read as follows:

(1)(a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, licensed or certified child care providers or their employees, employee of the department, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, or state family and children’s ombudsman or any volunteer in the ombudsman’s office has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency provided in RCW 26.44.040.
(b) The reporting requirement also applies to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(c) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, “severe abuse” means any of the following: Any sexual act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.
(d) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child’s welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency’s investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency’s disposition of them. In emergency cases, where the child’s welfare is endangered, the law enforcement agency shall notify the department of the occurrence of the incident at such time as the department deems necessary.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that a child abused, neglect, or sexual abuse has occurred and that the child’s safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents’ choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child’s health or safety, and the department agrees with the physician’s assessment, the child may be left in the parent’s home while the department proceeds with reasonable efforts to remedy parenting defects through parenting classes and other remedial efforts.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving reports of alleged abuse or neglect, the department or law enforcement agency may interview children. The interviews may be conducted on school premises, at day-care facilities, at the child’s home, or at other suitable locations outside of the presence of parents. Parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the
interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child’s wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

(11) Upon receiving a report of alleged child abuse and neglect, the department or investigating law enforcement agency shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(12) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(13) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

(14) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

(15) The department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identity of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which: (a) The department believes there is a serious threat of substantial harm to the child; (b) the report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or (c) the department has, after investigation, a report of abuse or neglect that has been found with regard to a member of the household within three years of receipt of the referral.

Sec. 6. RCW 13.40.030 and 1996 c 232 s 5 are each amended to read as follows:

(1) The secretary shall submit guidelines pertaining to the nature of the security to be imposed on youth placed in his or her custody based on the age, offense(s), and criminal history of the juvenile offender. Such guidelines shall be submitted to the legislature for its review no later than November 1st of each year. (At the same time the secretary shall submit a report on security at juvenile detention facilities during the preceding year. The report shall include the number of escapees who escaped on a minimum term, the number of escapes for which each juvenile was confined, the number and nature of offenses found to have been committed by juveniles while on escape status, the number of authorized leaves granted, the number of failures to comply, the number and nature of offenses committed while on leave, and the number and nature of offenses committed by youth while in the community on minimum security status; to the extent this information is available to the secretary.) The department shall include security status definitions in the security guidelines it submits to the legislature pursuant to this section.

(2) The permissible ranges of confinement resulting from a finding of manifest injustice under RCW 13.40.0357 are subject to the following limitations:

(a) Where the maximum term in the range is ninety days or less, the minimum term in the range may be no less than fifty percent of the maximum term in the range;

(b) Where the maximum term in the range is greater than ninety days but not greater than one year, the minimum term in the range may be no less than seventy-five percent of the maximum term in the range; and

(c) Where the maximum term in the range is more than one year, the minimum term in the range may be no less than eighty percent of the maximum term in the range.

Sec. 7. RCW 70.96A.420 and 2001 c 242 s 3 are each amended to read as follows:

(1) The department, in consultation with opiate substitution treatment service providers and counties and cities, shall establish statewide treatment standards for certified opiate substitution treatment programs. The department shall enforce these treatment standards. The treatment standards shall include, but not be limited to, reasonable provisions for all appropriate and necessary medical procedures, counseling requirements, urinalysis, and other suitable tests as needed to ensure compliance with this chapter.

(2) The department, in consultation with opiate substitution treatment programs and counties, shall establish statewide operating standards for certified opiate substitution treatment programs. The department shall enforce these operating standards. The operating standards shall include, but not be limited to, reasonable provisions necessary to enable the department and counties to monitor certified and licensed opiate substitution treatment programs for compliance with this chapter and the treatment standards authorized by this chapter and to minimize the impact of the opiate substitution treatment programs upon the business and residential neighborhoods in which the program is located.

(3) The department shall establish criteria for evaluating the compliance of opiate substitution treatment programs with the goals and standards established under this chapter. As a condition of certification, opiate substitution programs shall submit an annual report to the department and county legislature, including data as specified by the department necessary for outcome analysis. The department shall analyze and evaluate the data submitted by each treatment program and take corrective action where necessary to ensure compliance with the goals and standards enumerated under this chapter.

(4) Before January 1st of each year, the secretary shall submit a report to the legislature and governor. The report shall include the number of persons enrolled in each treatment program during the period covered by the report, the number of persons enrolled in each treatment program during the period covered by the report, the number of persons enrolled in each treatment program during the period covered by the report.

Sec. 7A. WAC 408-185-100 is amended to read as follows:

The department may consider variations between the nature of the treatment standards and the programs provided and clients served but must provide funds first for those programs that demonstrate the greatest success in treatment within categories of treatment and the nature of the persons receiving treatment.

Sec. 8. RCW 74.13.017 and 2001 c 265 s 2 are each amended to read as follows:

The department shall undertake the process of accreditation with the goal of completion by July 2006. MOTION

POINT OF INQUIRY
Senator West: “Senator Brown, this is not the first time you talked about tax reform on this floor. Today you talked about taxing the net—not the gross and taxing profitable businesses and not unprofitable businesses. When you speak of tax reform, does that include income tax?”

Senator Brown: “Senator West, I would refer you to the Gates Commission Report and we put forward two or three proposals. One would be a value added tax. There were other proposals put forward. One of the proposals would allow for the Business and Occupation Tax to completely go away; the states sales tax to drop in half. We would replace that with a net corporate tax, so, yes, in fact, it could. One of the options could, in fact, include an income tax. But, the reality is that it would be a fair system for business if they paid on the net, rather than on the gross. It is the real lack of competition in our state and comes from not being able to tax businesses according to their profitability—and actually taxing them for every dollar that comes in the door, through sale of products.”

Senators Sheahan, Hale and Esser demanded the previous question and the demand was sustained. The President declared the question before the Senate to be shall the main question be now put. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the sheriff of the county where he or she last registered. The sheriff must forward the information concerning the change of address to the county sheriff for the county of the person’s new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state’s offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130, 10.01.200, 43.45.540, 70.48.470, and 72.09.330:

(a) "Sex offense" means:

(I) Any offense defined as a sex offense by RCW 9.94A.030;

(ii) Any violation under RCW 9A.44.096 (sexual misconduct with a minor in the second degree);

(iii) Any violation under RCW 9.68A.090 (communication with a minor for immoral purposes);

(iv) Any federal or out-of-state conviction for an offense that under the laws of this state was classified as a sex offense under this subsection; and

(v) Any gross misdemeanor that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a sex offense under RCW 9.94A.030 or this subsection.

(b) "Kidnapping offense" means: (I) The crimes of kidnapping in the first degree, kidnapping in the second degree, and unlawful imprisonment, as defined in chapter 9A.40 RCW, where the victim is a minor and the offender is not the minor’s parent; (ii) any offense that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a kidnapping offense under this subsection (9)(b); and (iii) any federal or out-of-state conviction for an offense that under the laws of this state would be classified as a kidnapping offense under this subsection (9)(b).

(c) "Employed" or "carries on a vocation" means employment that is full time or part-time for a period of time exceeding fourteen days, or for an aggregate period of time exceeding thirty days during any calendar year.

(d) "Student" means a person who is enrolled, on a full-time or part-time basis, in any public or private educational institution. An educational institution includes any secondary school, trade or professional institution, or institution of higher education.

(10) A person who knowingly fails to register with the county sheriff or notify the county sheriff, or who changes his or her name without notifying the county sheriff and the state patrol, as required by notifying the county sheriff and the state patrol, by written notice at least four hours of determining the new address, and unlawful imprisonment, as defined in chapter 9A.40 RCW, where the victim is a minor and the offender is not the minor’s parent; (ii) any offense that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a kidnapping offense under this subsection (9)(b); and (iii) any federal or out-of-state conviction for an offense that under the laws of this state would be classified as a kidnapping offense under this subsection (9)(b).

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.
Senator Roach moved that the following amendment by Senators Roach, Benton, Johnson, Brandland, Keiser, Rasmussen, Eide, Hargrove, Rossi, Stevens and Zarelli to the Committee on Children and Family Services and Corrections striking amendment be adopted:

On page 10, after line 32 of the amendment, insert the following:

"Sec. 2. RCW 4.24.550 and 2002 c 118 s 1 are each amended to read as follows:

(1) In addition to the disclosure under subsection (5) of this section, public agencies are authorized to release information to the public regarding sex offenders and kidnapping offenders when the agency determines that disclosure of the information is relevant and necessary to protect the public and counteract the danger created by the particular offender. This authorization applies to information regarding: (a) Any person adjudicated or convicted of a sex offense as defined in RCW 9A.44.130 or a kidnapping offense as defined by RCW 9A.44.130; (b) any person under the jurisdiction of the indeterminate sentence review board as the result of a sex offense or kidnapping offense; (c) any person committed as a sexual violent predator under chapter 71.09 RCW or as a sexual psychopath under chapter 71.06 RCW; (d) any person found not guilty of a sex offense or kidnapping offense by reason of insanity under chapter 10.77 RCW; and (e) any person found incompetent to stand trial for a sex offense or kidnapping offense and subsequently committed under chapter 71.05 or 71.34 RCW.

(2) Except for the information specifically required under subsection (5) of this section, the extent of the public disclosure of relevant and necessary information shall be rationally related to: (a) The level of risk posed by the offender to the community; (b) the locations where the offender resides, expects to reside, or is regularly found; and (c) the needs of the affected community members for information to enhance their individual and collective safety.

(3) Except for the information specifically required under subsection (5) of this section, local law enforcement agencies shall consider the following in determining the extent of a public disclosure made under this section: (a) For offenders classified as risk level I, the agency shall share information with other appropriate law enforcement agencies and may disclose, upon request, relevant, necessary, and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the offender resides, expects to reside, or is regularly found; (b) for offenders classified as risk level II, the agency may also disclose relevant, necessary, and accurate information to public and private schools, child care centers, family day care providers, businesses and organizations that serve primarily children, women, or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside, or is regularly found; (c) for offenders classified as risk level III, the agency may also disclose relevant, necessary, and accurate information to the public at large; and (d) because more localized notification is not feasible and homeless and transient offenders may present unmeasured risks to the community, the agency may also disclose relevant, necessary, and accurate information to the public at large for offenders registered as homeless or transient.

(4) The county sheriff with whom an offender classified as risk level III is registered shall cause to be published by legal notice, advertising, or news release a sex offender community notification that conforms to the guidelines established under RCW 4.24.5501 in at least one legal newspaper with general circulation in the area of the sex offender’s registered address or location. The county sheriff shall also cause to be published consistent with this subsection a current list of level III registered sex offenders, twice yearly. Unless the information is posted on the web site described in subsection (5) of this section, this list shall be maintained by the county sheriff on a publicly accessible web site and shall be updated at least once per month.

(a) When funded by federal grants or other sources (other than state funds), the Washington association of sheriffs and police chiefs shall create and maintain a statewide registered sex offender web site, which shall be available to the public. The web site shall post all level III registered sex offenders in the state of Washington. The web site shall contain, but is not limited to, the registered sex offender's name, relevant criminal convictions, address by hundred block, physical description, and photograph. The web site shall provide mapping capabilities that display the sex offender’s address by hundred block on a map. The web site shall allow citizens to search for registered sex offenders within the state of Washington by county, city, zip code, last name, type of conviction, and address by hundred block.

(b) Until the implementation of (a) of this subsection, the Washington association of sheriffs and police chiefs shall create a web site available to the public that provides electronic links to county-operated web sites that offer sex offender registration information.

(5) Local law enforcement agencies that disseminate information pursuant to this section shall: (a) Review available risk level classifications made by the department of corrections, the department of social and health services, and the indeterminate sentence review board; (b) assign risk level classifications to all offenders about whom information will be disseminated; and (c) make a good faith effort to notify the public and residents at least fourteen days before the offender is released from confinement or, where an offender moves from another jurisdiction, as soon as possible after the agency learns of the offender’s move, except that in no case may this notification provision be construed to require an extension of an offender’s residency.

(6) Local law enforcement agencies that disseminate information pursuant to this section shall: (a) Review available risk level classifications made by the department of corrections, the department of social and health services, and the indeterminate sentence review board; (b) assign risk level classifications to all offenders about whom information will be disseminated; and (c) make a good faith effort to notify the public and residents at least fourteen days before the offender is released from confinement or, where an offender moves from another jurisdiction, as soon as possible after the agency learns of the offender’s move, except that in no case may this notification provision be construed to require an extension of an offender’s residency.

(7) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470, or units of local government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any discretionary risk level classification decisions or release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith. The immunity in this section applies to risk level classification decisions and the release of relevant and necessary information regarding any individual for whom disclosure is authorized. The decision of a local law enforcement agency or official to classify an offender to a risk level lower than the risk assessment as the result of the department of corrections, the department of social and health services, or the indeterminate sentence review board, or the release of any relevant and necessary information based on that different classification shall not, by itself, be considered gross negligence or bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

(8) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information authorized under this section.

(9) Nothing in this section implies that information regarding persons designated in subsection (1) of this section is confidential except as may otherwise be provided by law.

(10) When a local law enforcement agency or official classifies an offender differently than the offender is classified by the end of sentence review committee or the department of social and health services at the time of the offender’s release from confinement, the law enforcement agency or official shall notify the end of sentence review committee (or the department of social and health services) and submit its reasons supporting the change in classification. Upon implementation of subsection (5)(a) of this section, notification of the change shall also be sent to the Washington association of sheriffs and police chiefs."

The President declared the question before the Senate to be the roll call on the final passage of Substitute House Bill No. 1634, as amended by the Senate.

ROLL CALL

SUBSTITUTE HOUSE BILL NO. 1634, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill will stand as the title of the act.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1113, by House Committee on Agriculture and Natural Resources (originally sponsored by Representatives Hinkle, Linville, Schoesler, Boldt and Mielke)

Regarding irrigation district boards of joint control.

The bill was read the second time.

MOTION

Senator Honeyford moved that the following Committee on Natural Resources, Energy and Water striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 87.80.005 and 1996 c 320 s 2 are each amended to read as follows:

(1) "Area of jurisdiction" means all lands within the exterior boundary of the composite area served by the irrigation entities that comprise the board of joint control as the boundary is represented on the map filed under RCW 87.80.030. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(2) "Irrigation entity" means an irrigation district or an operating entity for a division within a federal reclamation project. For the purposes of this chapter, a water company, a water users' association, a municipality, a water right owner and user of irrigation water, or any other entity that provides irrigation water as a primary purpose, is an irrigation entity when creating or joining a board of joint control with another irrigation entity.

(3) "Joint use facilities" means those works, including reservoirs, canals, ditches, natural streams in which the irrigation entity has rights of conveyance under RCW 90.03.030, hydroelectric facilities, pumping stations, drainage works, reserved works as may be transferred by contracts with the United States, and system interties that are determined by the board of joint control to provide common benefit to its members.

(4) "Ownership interest" means the irrigation entity holds water rights in its name for the benefit of itself, its water users or, in federal reclamation projects, the irrigation entity has a contractual responsibility for delivery of water to its individual water users.

(5) "Source of water" means a hydrological distinct river and tributary system or aquifer system from which board of joint control member entities appropriate water.

Sec. 2. RCW 87.80.030 and 1996 c 320 s 4 are each amended to read as follows:

The petition for the creation of a board of joint control shall be addressed to the board of county commissioners, shall describe generally the relationship, if any, of the irrigation entities to an established federal reclamation project, the primary water works of the entities including reservoirs, main canals, hydroelectric facilities, pumping stations, and drainage facilities, giving them their local names, if any they have, and shall show generally the physical relationship of the lands being watered from the water facilities. However, lands included in any irrigation entity involved need not be described individually but shall be included by stating the name of the irrigation entity and all the irrigable lands in the irrigation entity named by that method be deemed to be involved unless otherwise specifically stated in the petition. Further, the petition must include a formula for board of joint control apportionment of costs among its members, and may propose the composition of the board of joint control as to membership, chair, and voting structure. When a board of joint control includes irrigation entities other than an irrigation district or an operating entity for a division within a federal reclamation project as provided in RCW 87.80.005, the voting structure must be such that the votes appportioned to those entities are less than fifty percent of the total votes.

The petition shall also state generally the reasons for the creation of a board of joint control and any other matter the petitioners deem material, and shall allege that it is in the public interest and to the benefit of all the owners of the lands receiving water within the area of jurisdiction, that the board of joint control be created and request that the board of county commissioners consider the petition and take the necessary steps provided by law for the creation of a board of joint control. The petition shall be accompanied by a map showing the area of jurisdiction and the general location of the water supply and distribution facilities.

Sec. 3. RCW 87.80.130 and 1998 c 84 s 2 are each amended to read as follows:

(1) A board of joint control created under the provisions of this chapter shall have full authority within its area of jurisdiction to enter into and perform any and all necessary contracts; to accept grants and loans, including, but not limited to, those provided under chapters 43.83B and 43.99E RCW, to appoint and employ and discharge the necessary officers, agents, and employees; to sue and be sued as a board but without personal liability of the members thereof in any and all matters in which all the irrigation entities represented on the board as a whole have a common interest without making the irrigation entities parties to the suit; to represent the entities in all matters of common interest as a whole within the scope of this chapter; and to do any and all lawful acts required and expedient to carry out the purposes of this chapter. A board of joint control may, subject to the same limitations as an irrigation district operating under chapter 87.03 RCW, acquire any property or property rights for use within the board's area of jurisdiction by power of eminent domain; acquire, purchase, or lease in its own name all necessary real or personal property or property rights; and sell, lease, or exchange any surplus real or personal property or property rights. Any transfers of water, however, are limited to transfers authorized under subsection (2) of this section.

(2)(a) A board of joint control is authorized and encouraged to pursue conservation and system efficiency improvements to optimize the use of appropriated waters and to either redistribute the saved water within its area of jurisdiction, or (2)(b) transfer the water to others, or both. A redistribution of
saved water as an operational practice internal to the board of joint control’s area of jurisdiction, may be authorized if it can be made without detriment or injury to rights existing outside of the board of control’s area of jurisdiction, including instream flow water rights established under state or federal law.

(b) Prior to undertaking a water conservation or system efficiency improvement project ("water conservation project") that will result in a redistribution of saved water, the board of joint control must consult with the department of ecology and, if the board’s jurisdiction is within a United States reclamation project, the board must obtain the approval of the bureau of reclamation. The purpose of such consultation is to assure that the proposal will not impair the rights of other water holders or bureau of reclamation contract water users.

(c) A board of joint control does not have the power to authorize a change of any water right that would change the purpose or points of diversion, purpose of use, or place of use outside the board’s area of jurisdiction, without the approval of the department of ecology pursuant to RCW 90.03.380 and, if the board’s jurisdiction is within a United States reclamation project, the approval of the bureau of reclamation.

(d) The board of joint control shall notify the department of ecology, and any Indian tribe requesting notice, of transfers of water between individual entities of the board of joint control. This subsection (d) applies only to a board of joint control created after January 1, 2003.

NEW SECTION.
Sec. 1. A new section is added to chapter 87.80 RCW to read as follows:

(1) The legislature finds that:

(a) It is the policy of this state to conserve and manage its water resources for beneficial use and to provide for the efficient use of water resources.

(b) Water conservation and improvement projects are necessary to meet the water needs of the people of this state and to preserve the quality and quantity of water resources.

(c) The purpose of such consultation is to assure that the proposal will not impair the rights of other water holders or bureau of reclamation contract water users.

Sec. 2. The provisions of chapter . . ., Laws of 2003 (this act) shall not be construed or interpreted to authorize the impairment of any existing water rights.

MOTION

On motion of Senator Honeyford, the following amendment by Senators Honeyford, Morton and Fraser to the Committee on Natural Resources, Energy and Water striking amendment was adopted:

On page 4, line 11 of the amendment, after “reclamation,” insert “Any change in place of use that results from a transfer of water between the individual entities of the board of joint control shall not result in any reduction in the total water supply available in a federal reclamation project. In making the determination of whether a change in place of use in an area covered by a federal reclamation project will result in a reduction in the total water supply available, the board of joint control shall consult with the bureau of reclamation.”

The President declared the question before the Senate to be the roll call on the final passage of Substitute House Bill No. 1113, as amended by the Senate, having received the constitutional majority, and the bill was placed on final passage.

ROLL CALL

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2076, by House Committee on Higher Education (originally sponsored by Representatives Kenney, Cox, Fromhold, Chase, Miloscia, Conway, Berkey, Upthegrove, Moeller, Wood and Schual-Berke)

Requiring a statewide strategic plan for higher education.

The bill was read the second time.

MOTION

On motion of Senator Carlson, the following Committee on Higher Education striking amendment was not adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:
(a) At the time the higher education coordinating board was created in 1985, the legislature wanted a board with a comprehensive mission that included planning, budget and program review authority, and program administration;
(b) Since its creation, the board has achieved numerous accomplishments, including proposals leading to creation of the branch campus system, and has maintained access and affordability of higher education a consistent priority;
(c) However, higher education in Washington state is currently at a crossroads. Demographic, economic, and technological changes present new and daunting challenges for the state and its institutions of higher education. As the state looks forward to the future, the legislature, the governor, and institutions need a common strategic vision to guide planning and decision making;
(2) Therefore, it is the legislature’s intent to reaffirm and strengthen the strategic planning role of the higher education coordinating board. It is also the legislature’s intent to examine options for reassigning or altering other roles and responsibilities to enable the board to place priority and focus on planning and coordination.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.80 RCW to read as follows:

(1) The board shall develop a statewide strategic master plan for higher education that proposes a vision and identifies goals and priorities for the system of higher education in Washington state. The board shall also specify strategies for maintaining and expanding access, affordability, quality, efficiency, and accountability among the various institutions of higher education.
(2) In developing the statewide strategic master plan for higher education, the board shall collaborate with the four-year institutions of higher education including the council of presidents, the community and technical college system, and, when appropriate, the work force training and education coordinating board, the superintendent of public instruction, and the independent higher education institutions. The board shall also seek input from students, faculty organizations, community and business leaders in the state, members of the legislature, and the governor.
(3) As a foundation for the statewide strategic master plan for higher education, the board shall develop and establish role and mission statements for each of the four-year institutions of higher education and the community and technical college system. The board shall determine whether certain major lines of study or types of degrees, including applied degrees or research-oriented degrees, shall be assigned uniquely to some institutions or institutional sectors in order to create centers of excellence that focus resources and expertise.
(4) In assessing needs of the state’s higher education system, the board may consider and analyze the following information:
(a) Demographic, social, economic, and technological trends and their impact on service delivery;
(b) The changing ethnic composition of the population and the special needs arising from those trends;
(c) Business and industrial needs for a skilled work force;
(d) College attendance, retention, transfer, and dropout rates;
(e) Needs and demands for basic and continuing education and opportunities for lifelong learning by individuals of all age groups; and
(f) Needs and demands for access to higher education by placebound students and individuals in heavily populated areas underserved by public institutions.
(5) The statewide strategic master plan for higher education shall include, but not be limited to, the following:
(a) Recommendations based on enrollment forecasts and analysis of data about demand for higher education, and policies and actions to meet those needs;
(b) State or regional priorities for new or expanded degree programs or off-campus programs, including what models of service delivery may be most cost-effective;
(c) Recommended policies or actions to improve the efficiency of student transfer and graduation or completion;
(d) State or regional priorities for addressing needs in high-demand fields where enrollment access is limited and employers are experiencing difficulty finding enough qualified graduates to fill job openings;
(e) Recommended tuition and fees policies and levels;
(f) Priorities and recommendations on financial aid;
(g) The board shall present the vision, goals, priorities, and strategies in the statewide strategic master plan for higher education in a way that provides guidance for institutions, the governor, and the legislature to make further decisions regarding institution-level plans, policies, legislation, and operating and capital funding for higher education. In the statewide strategic master plan for higher education, the board shall recommend specific actions to be taken and identify measurable performance indicators and benchmarks for gauging progress toward achieving the goals and priorities.
(7) Every year from December 15th, the board shall submit the statewide strategic master plan for higher education to the governor and the legislature. The board shall also provide, during the initial resolution, approve or recommend changes to the plan, follow through with implementation, and submit the statewide strategic master plan for higher education policy unless legislation is enacted to alter the policies set forth in the plan. Any legislative changes shall be incorporated into the final plan and published by June.

Sec. 3. RCW 28B.80.330 and 1997 c 369 s 10 are each amended to read as follows:

The board shall perform the following planning duties in consultation with the four-year institutions including the council of presidents, the community and technical college system, and when appropriate the work force training and education coordinating board, the superintendent of public instruction, and the independent higher education institutions.

(a) Develop and establish role and mission statements for each of the four-year institutions and for the community and technical college system;
(b) Identify the state’s higher education goals, objectives, and priorities;
(c) Develop a comprehensive master plan which includes but is not limited to:
(i) Assessments of the state’s higher education needs. These assessments may include, but are not limited to: The basic and continuing needs of various age groups, business and industrial needs for a skilled work force, analysis of demographic, social, and economic trends, consideration of the changing composition of the population and the special needs arising from such changes, college and university enrollment and dropout rates, and the needs of recent high school graduates and placebound adults. The board should consider the needs of residents of all geographic regions, but its initial priorities should be applied to heavily populated areas underserved by public institutions;
(ii) Recommendations on enrollments and other policies and actions to meet those needs;
(iii) Guidelines for continuing education, adult education, public service, and other higher education programs and opportunities;
(iv) Mechanisms through which the state’s higher education system can meet the needs of employers hiring for industrial projects of statewide significance;
(v) The initial plan shall be submitted to the governor and the legislature by December 1, 1987. Comments on the plan from the board’s advisory committees and the institutions shall be submitted with the plan.
(2) Therefore, it is the legislature’s intent to reaffirm and strengthen the strategic planning role of the higher education coordinating board. It is also the legislature’s intent to examine options for reassigning or altering other roles and responsibilities to enable the board to place priority and focus on planning and coordination.
The plan shall be updated every four years, and presented to the governor and the appropriate legislative policy committees. Following public hearings, the legislature shall, by concurrent resolution, approve or recommend changes to the initial plan, and the updates.
(2) The plan shall then become state higher education policy unless legislation is enacted to alter the policies set forth in the plan. Any legislative changes shall be incorporated into the final plan and published by June.

Sec. 4. RCW 28B.80.340 and 1985 c 370 s 5 are each amended to read as follows:

The board shall perform the following program responsibilities, in consultation with the institutions and with other interested agencies and individuals:
(a) Recommend legislative changes affecting higher education;
(b) Recommend tuition and fees policies and levels based on comparisons with peer institutions;
(c) Establish priorities and develop recommendations on financial aid based on comparisons with peer institutions;
(d) Recommendations on mergers or closing institutions; and
(e) Develop criteria for identifying the need for new baccalaureate institutions.
(12)(b) Review, evaluate, and make recommendations for the modification, consolidation, initiation, or elimination of on-campus programs, at the four-year institutions;
(12)(c) Review and evaluate and approve, modify, consolidate, initiate, or eliminate off-campus programs at the four-year institutions;
(12)(d) Establish guidelines for, higher education centers and consortiums;
(12)(e) Approve purchase or lease of major off-campus facilities for the four-year institutions and the community colleges;
(12)(f) Establish campus service areas and define on-campus and off-campus activities and major facilities; and
(12)(g) Approve contracts for off-campus educational programs initiated by the state’s four-year institutions individually, in concert with other public institutions, or with independent institutions.
(2) In performing its responsibilities under this section, the board shall consider, and require institutions to demonstrate, how the proposals align with or implement the statewide strategic master plan for higher education under section 2 of this act. The board shall also develop clear guidelines and objective decision-making criteria regarding approval of proposals under this section.

Sec. 5. RCW 28B.80.610 and 1993 c 363 s 2 are each amended to read as follows:
(1) At the local level, the higher education institutional responsibilities include but are not limited to:
(a) Development and provision of strategic plans (under the guidelines established by the higher education coordinating board) that implement the vision, goals, priorities, and strategies within the statewide strategic master plan for higher education under section 2 of this act based on the institution’s role and mission. MOTION

Senator Carlson moved that the following striking amendment by Senators Carlson and Kohl-Welles be adopted: Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:
(a) At the time the higher education coordinating board was created in 1985, the legislature wanted a board with a comprehensive mission that included planning, budget and program review authority, and program administration;
(b) Since its creation, the board has achieved numerous accomplishments, including proposals leading to creation of the branch campus system, and has made access and affordability of higher education a consistent priority;
(c) However, higher education in Washington state is currently at a crossroads. Demographic, economic, and technological changes present new and daunting challenges for the state and its institutions of higher education. As the state looks forward to the future, the legislature, the governor, and institutions seek a common strategic vision to guide planning and decision making;
(2) Therefore, it is the legislature’s intent to reaffirm and strengthen the strategic planning role of the higher education coordinating board. It is also the legislature’s intent to examine options for reassigning or altering other roles and responsibilities to enable the board to place priority and focus on planning and coordination.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.80 RCW to read as follows:

The board shall develop a statewide strategic master plan for higher education that proposes a vision and identifies goals and priorities for the system of higher education in Washington state. The board shall also specify strategies for maintaining and expanding access, affordability, quality, efficiency, and accountability among the various institutions of higher education.

(2) In developing the statewide strategic master plan for higher education, the board shall collaborate with the four-year institutions of higher education including the council of presidents, the community and technical college system, and, when appropriate, the work force training and education coordinating board, the superintendent of public instruction, and the independent higher education institutions. The board shall also seek input from students, faculty organizations, community and business leaders in the state, members of the legislature, and the governor.

(3) As a foundation for the statewide strategic master plan for higher education, the board shall develop and establish role and mission statements for each of the four-year institutions of higher education and the community and technical college system. The board shall determine whether certain major lines of study or types of degrees, including applied degrees, or research-oriented degrees, shall be assigned uniquely to some institutions or institutional sectors in order to create centers of excellence that focus resources and expertise.

(4) In assessing needs of the state’s higher education system, the board may consider and analyze the following information:
(a) Demographic, social, economic, and technological trends and their impact on service delivery;
(b) The changing ethnic composition of the population and the special needs arising from those trends;
(c) Business and industrial needs for a skilled work force;
(d) College attendance, retention, transfer, and dropout rates;
(e) Needs and demands for basic and continuing education and opportunities for lifelong learning by individuals of all age groups; and
(f) Needs and demands for access to higher education by placed students and individuals in heavily populated areas underserved by public institutions.

(5) The statewide strategic master plan for higher education shall include, but not be limited to, the following:
(a) Recommendations based on enrollment forecasts and analysis of data about demand for higher education, and policies and actions to meet those needs;
(b) State or regional priorities for new or expanded degree programs or off-campus programs, including what models of service delivery may be most cost-effective;
(c) Recommended policies or actions to improve the efficiency of student transfer and graduation or completion;
(d) State or regional priorities for addressing needs in high-demand fields where enrollment access is limited and employers are experiencing difficulty finding enough qualified graduates to fill job openings;
(e) Recommended tuition and fees policies and levels; and
(f) Priorities and recommendations on financial aid.

(6) The board shall present the vision, goals, priorities, and strategies in the statewide strategic master plan for higher education in a way that provides guidance for institutions, the governor, and the legislature to make further decisions regarding institution-level plans, policies, legislation, and operating and capital funding for higher education. In the statewide strategic master plan for higher education, the board shall recommend specific actions to be taken and identify measurable performance indicators and benchmarks for gauging progress toward achieving the goals and priorities.

(7) Every four years by December statewide strategic master plan for higher education to the governor and the legislature. The interim plan shall reflect the expectations and policy directions of the legislative higher education and fiscal committees, and shall provide a timely and relevant framework for the development of future budgets and policy proposals. The legislature shall, by concurrent resolution, approve or recommend changes to the interim plan, following public hearings. The board shall submit the final plan, incorporating legislative changes, to the governor and the legislature by June of the year in which the legislature approves the concurrent resolution. The plan shall then become state higher education policy unless legislation is enacted to alter the policies set forth in the plan.

Sec. 3. RCW 28B.80.330 and 1997 c 369 s 10 are each amended to read as follows:

(b) The performance of such additional acts requiring education and training and that are recognized by the medical and nursing professions as proper and recognized by the commission to be performed by registered nurses licensed under this chapter and that are authorized by the commission through its rules; 

(c) The administration, supervision, delegation, and evaluation of nursing practice. However, nothing in this subsection affects the authority of a hospital, hospital district, in-home service agency, community-based care setting, medical clinic, or office, concerning its administration and supervision; 

(d) The teaching of nursing; 

(e) The executing of medical regimen as prescribed by a licensed physician and surgeon, dentist, osteopathic physician and surgeon, podiatric physician and surgeon, physician assistant, osteopathic physician assistant, or advanced registered nurse practitioner. 

(2) Nothing in this section prohibits a person from practicing a profession for which a license has been issued under the laws of this state or specifically authorized by any other law of the state of Washington. 

(3) This section does not prohibit (a) the nursing care of the sick, without compensation, by an unlicensed person who does not hold himself or herself out to be a registered nurse, (b) the practice of licensed practical nursing by a licensed practical nurse, or (c) the practice of a nursing assistant, providing delegated nursing tasks under chapter 18.88A RCW. 

Sec. 2. RCW 18.79.260 and 2000 c 95 s 3 are each amended to read as follows: 

(1) A registered nurse under his or her license may perform for compensation nursing care, as that term is usually understood, (individuals with illnesses, injuries, or disabilities, or in the maintenance of health or prevention of illness of others); 

(b) The performance of such additional acts requiring education and training and that are recognized by the medical and nursing professions as proper and recognized by the commission to be performed by registered nurses licensed under this chapter and that are authorized by any other law of the state of Washington. 

(2) A registered nurse may, at or under the general direction of a licensed physician and surgeon, dentist, osteopathic physician and surgeon, naturopathic physician, podiatric physician and surgeon, physician assistant, osteopathic physician assistant, or advanced registered nurse practitioner acting within the scope of his or her license, administer medications, treatments, tests, and inoculations, whether or not the severing or penetrating of tissues is involved and whether or not a degree of independent judgment and skill is required. Such direction must be for acts which are within the scope of registered nursing practice.
A registered nurse may delegate tasks of nursing care to other individuals where the registered nurse determines that it is in the best interest of the patient. 

(a) The delegating nurse shall:
   (i) Determine the competency of the individual to perform the tasks;
   (ii) Evaluate the appropriateness of the delegation;
   (iii) Supervise the actions of the person performing the delegated task; and

(b) A registered nurse, working for a home health or hospice agency regulated under chapter 70.127 RCW, may delegate the application, instillation, or insertion of medications to a registered or certified nursing assistant under a plan of care.

Except as authorized in (e) of this subsection, a registered nurse may not delegate acts requiring substantial skill, (the administration of medications, etc.) and may not delegate piercing or severing of tissues (except to registered or certified nursing assistants who provide care to individuals in community-based care settings as authorized in (e) of this subsection). Acts that require nursing judgment shall not be delegated.

((d)) (d) No person may coerce a nurse into compromising patient safety by requiring the nurse to delegate if the nurse determines that it is inappropriate to do so. Nurses shall not be subject to any employer reprisal or disciplinary action by the nursing care quality assurance commission for refusing to delegate tasks or refusing to provide the required training for delegation if the nurse determines delegation may compromise patient safety.

((e)1) (e) For delegation in community-based care settings or in-home care settings, a registered nurse may delegate nursing care tasks only to registered or certified nursing assistants. Simple care tasks such as blood pressure monitoring, personal care service, or other tasks as defined by the nursing care quality assurance commission are exempted from this requirement.

(iii) The delegation of nursing care tasks in community-based care settings and in-home care settings is only allowed for individuals who have a stable and predictable condition. "Stable and predictable condition" means a situation in which the individual’s clinical and behavioral status is known and does not require the frequent presence and evaluation of a registered nurse.

(iv) The determination of the appropriateness of delegation of a nursing task is at the discretion of the registered nurse. However, the administration of medication by injection, sterile procedures, and central line maintenance may never be delegated.

(v) The registered nurse shall verify that the nursing assistant has completed the required core nurse delegation training as required in chapter 18.88A RCW prior to authorizing delegation.

(vi) The nurse is accountable for his or her own individual actions in the delegation process. Nurses acting within the protocols of their delegation authority are immune from liability for any action performed in the course of their delegation duties.

(vii) On or before June 30, 2001, the nursing care quality assurance commission, in conjunction with the professional nursing organizations and the department of social and health services, shall make any needed revisions or additions to nurse delegation protocols by rule, including standards for nurses to obtain informed consent prior to the delegation of nursing care tasks.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 2007, by House Committee on Technology, Telecommunications and Energy (originally sponsored by Representatives Nixon, Ruderman, Bush, Dickerson and Hudgins)

Prohibiting unsolicited commercial text messages.

The bill was read the second time.

MOTION

On motion of Senator Esser, the following Committee on Technology and Communications striking amendment was adopted: Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the number of unsolicited commercial text messages sent to cellular telephones and pagers is increasing. This practice is raising serious concerns on the part of cellular telephone and pager subscribers. These unsolicited messages often result in costs to the cellular telephone and pager subscribers in that they pay for use when a message is received through their devices. The limited memory of these devices can be exhausted by unwanted text messages resulting in the inability to receive necessary and expected messages. The legislature intends to limit the practice of sending unsolicited commercial text messages to cellular telephone or pager numbers in Washington.

Sec. 2. RCW 19.190.010 and 1999 c 289 s 1 are each amended to read as follows;

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise."
(1) "Assist the transmission" means actions taken by a person to provide substantial assistance or support which enables any person to formulate, compose, send, originate, initiate, or transmit a commercial electronic mail message or a commercial electronic text message when the person providing the assistance knows or consciously avoids knowing that the initiator of the commercial electronic mail message or the commercial electronic text message is engaged, or intends to engage, in any practice that violates the consumer protection act.

(2) "Commercial electronic mail message" means an electronic mail message sent for the purpose of promoting real property, goods, or services for sale or lease. It does not mean an electronic mail message to which an interactive computer service provider has attached an advertisement in exchange for free use of an electronic mail account, when the sender has agreed to such an arrangement.

(3) "Commercial electronic text message" means an electronic text message sent to promote real property, goods, or services for sale or lease.

(4) "Electronic mail address" means a destination, commonly expressed as a string of characters, to which electronic mail may be sent or delivered.

(5) "Electronic text message" means a text message sent to a cellular telephone or pager equipped with short message service or any similar capability, whether the message is initiated as a short message service message or as an electronic mail message.

(6) "Initiate the transmission" refers to the action by the original sender of an electronic mail message or an electronic text message, not to the action by any intervening interactive computer service or wireless network that may handle or retransmit the message, unless such intervening interactive computer service assists in the transmission of an electronic mail message when it knows, or consciously avoids knowing, that the person initiating the transmission is engaged, or intends to engage, in any act or practice that violates the consumer protection act.

(7) "Interactive computer service" means any information service, system, or access software provider that provides or enables computer access by multiple users to a computer server, including specifically a service or system that provides access to the internet and such systems operated or services offered by libraries or educational institutions.

(8) "Internet domain name" refers to a globally unique, hierarchical reference to an internet host or service, assigned through centralized internet naming authorities, comprising a series of character strings separated by periods, with the right-most string specifying the top of the hierarchy.

(9) "Person" means a person, corporation, partnership, or association.

NEW SECTION. Sec. 3. A new section is added to chapter 19.190 RCW to read as follows:

(1) No person conducting business in the state may initiate or assist in the transmission of an electronic commercial text message to a telephone number assigned to a Washington resident for cellular telephone or pager service that is equipped with short message capability or any similar capability allowing the transmission of text messages.

(2) The legislature finds that the practices covered by this section are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this section is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

NEW SECTION. Sec. 4. A new section is added to chapter 19.190 RCW to read as follows:

(1) The commercial electronic text message is transmitted at the direction of a person offering cellular telephone or pager service to the person’s existing subscriber at no cost to the subscriber unless the subscriber has indicated that he or she is not willing to receive further commercial text messages from the person; or

(2) The unsolicited commercial electronic text message is transmitted by a person to a subscriber and the subscriber has clearly and affirmatively consented in advance to receive these text messages.

(3) No person offering cellular or pager service may be held liable for serving merely as an intermediary between the sender and the recipient of a commercial electronic text message sent in violation of this chapter unless the person is assisting in the transmission of the commercial electronic text message.

Sec. 5. RCW 19.190.040 and 1998 c 149 s 5 are each amended to read as follows:

(1) Damages to the recipient of a commercial electronic mail message or a commercial electronic text message sent in violation of this section are five hundred dollars, or actual damages, whichever is greater.

(2) Damages to an interactive computer service resulting from a violation of this section are one thousand dollars, or actual damages, whichever is greater.

There being no objection, the following title amendment was adopted:

On page 1, line 1 of the title, after "messages;" strike the remainder of the title and insert "amending RCW 19.190.010 and 19.190.040; adding new sections to chapter 19.190 RCW; creating a new section; and prescribing penalties."

POINT OF INQUIRY

Senator Honeyford: “Senator Jacobsen, can you tell me which came first, the chicken or the egg?”

Senator Jacobsen: “Maybe she has the answer.”

POINT OF INQUIRY

Senator Fraser: “Would Senator Jacobsen yield to a question?”

Senator Jacobsen: “Boy, this is a lot of responsibility for an assistant ranking minority member on the Agriculture Committee. I do.”

Senator Fraser: “Well, thank you. I am actually very interested in this bill because it is a bill that provides women in agriculture more opportunity. So, my question is, do your amendments which define chickens--does it limit the number and types of chickens that people can include and take advantage of the opportunity provided by this bill? Does it include bantam chickens? I don’t know how many kinds of chickens there are, but I am concerned about narrowing the definition too much.”

Senator Jacobsen: “That is a very good question. I need to do a little more research and I am not sure that bantam chickens fall under that Latin name in the amendments. I am just guessing that they came from the island in Indonesia called..."
Bantam. So, I would assume that we need to look at that Latin term there. That is a very good question, because perhaps it is a different--I think it is a different species.” Further debate ensued.

POINT OF INQUIRY

Senator Rasmussen: “Senator Jacobsen, is a rooster a chicken?”

Senator Jacobsen: “Yes, it is—definitely that. It takes a rooster and a chicken to make more chickens.”

The bill was read the second time.

MOTION

"NEW SECTION. Sec. 1. The legislature finds that the littering of potentially dangerous products poses a greater danger to the public safety than other classes of litter. As such, the legislature finds that a higher penalty should be imposed on those who improperly dispose of potentially dangerous products, such as is imposed on those who improperly dispose of tobacco products.

4. It is a class 1 civil infraction as provided in RCW 7.80.120 for a person to discard, in violation of this section, ((a cigarette, cigar, or other tobacco product that is capable of starting a fire)) potentially dangerous litter in any amount.

Sec. 4. RCW 7.80.120 and 1997 c 159 s 2 are each amended to read as follows:

1. A person found to have committed a civil infraction shall be assessed a monetary penalty.

(2) Any person who drops, or permits to be dropped or thrown, upon any highway any ((destructive or injurious)) material shall immediately remove the same or cause it to be removed.

(3) Any person removing a wrecked or damaged vehicle from a highway shall remove any glass or other injurious substance dropped upon the highway from such vehicle.

(8) Have power to compound and release in whole or in part any debt due to the county when in their opinion the interest of their county will not be prejudiced thereby, except in cases where they or any of them are personally interested;

Have power to declare by ordinance what shall be deemed a nuisance within the county, including but not limited to "litter" and "potentially dangerous litter" as defined in RCW 70.93.030; to prevent, remove, and abate a nuisance at the expense of the parties creating, causing, or committing the nuisance; and to levy a special assessment on the land or premises on which the nuisance is situated to defray the cost, or to reimburse the county for the cost of abating it. PERSONAL PRIVILEGE

Senator Brown: “A point of personal privilege, Mr. President. I just want to take a moment. I think many of you may remember a few weeks ago when I lost my purse and I told you the story about the woman in Seattle who found it and spent the weekend trying to contact me and ultimately got it back to me. She was staying at the YWCA Emergency Women’s Shelter. After I told that story, many of you began to give me donations and I ended up getting donations from several members, staff, lobbyists, some of our security personnel, the interns took up a collection and many of our Legislative Assistants took up a collection. In fact, the donations poured in.

“I went and met Darwnian and thanked her. She gave me my purse back. We ended up collecting nearly a thousand dollars, which was given to the Spokane and Seattle YWCA Women’s Shelters. Darwnian, herself, was also given a gift. They bought gift cards, phone cards, bus passes and some Fred Meyer gift certificates for the women at the shelter. They were very excited about it. We gave them a video tape of my ‘point of personal privilege’ on the Senate floor. I am sure they would not want to hear all of my speeches. Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature declares and reaffirms that a core principle embodied in chapter 90.82 RCW is that state agencies must work cooperatively with local citizens in a process of planning for future uses of water by giving local citizens and the governments closest to them the ability to determine the management of water in the WRIA or WRIAs being planned.

The legislature further finds that this process of local planning must have all the tools necessary to accomplish this task and that it is essential for the legislature to provide a clear statutory process for implementation so that the locally developed plan will be the adopted and implemented plan to the greatest extent possible.

Sec. 2. RCW 90.82.040 and 2001 c 237 s 2 are each amended to read as follows:

(1) Once a WRIA planning unit has been initiated under RCW 90.82.060 and a lead agency has been designated, it shall notify the department and may apply to the department for funding assistance for conducting the planning and implementation. Funds shall be provided from and to the extent of appropriations made by the legislature to the department expressly for this purpose.

(a) Each planning unit that has complied with subsection (1) of this section is eligible to receive watershed planning grants in the following amounts for the first three phases of watershed planning and phase four watershed plan implementation:

(i) Initiating governments may apply for an initial organizing grant of up to fifty thousand dollars for a single WRIA or up to seventy-five thousand dollars for a multi-WRIA management area in accordance with RCW 90.82.060(4);

(ii) A planning unit may apply for up to two hundred thousand dollars for each WRIA in the management area for conducting watershed assessments in accordance with RCW 90.82.070, except that a planning unit that chooses to conduct a detailed assessment or studies under (a)(ii)(B) of this subsection or whose initiating governments choose or have chosen to include an instream flow or water quality component in accordance with RCW 90.82.080 or 90.82.090 may apply for up to one hundred thousand additional dollars for each instream flow and up to one hundred thousand additional dollars for each water quality component included for each WRIA to conduct an assessment on that optional component and for each WRIA in which the assessments or studies under (a)(ii)(B) of this subsection are conducted.

(b) A planning unit may elect to apply for up to one hundred thousand additional dollars to conduct a detailed assessment of multipurpose water storage opportunities or for studies of specific multipurpose storage projects which opportunities or projects are consistent with and support the other elements of the planning unit’s watershed plan developed under this chapter; and

(c) A planning unit may apply for up to two hundred fifty thousand dollars for each WRIA in the management area for developing a watershed plan and making recommendations for actions by local, state, and federal agencies, tribes, private property owners, private organizations, and individual citizens, including a recommended list of strategies and projects that would further the purpose of the plan in accordance with RCW 90.82.060 through 90.82.100.

(2)(a) By December 1, 2001, or within one year of initiating phase one of watershed planning, whichever occurs later, the initiating governments for each planning unit must inform the department whether they intend to have the planning unit establish or amend instream flows as part of its planning process. If they elect to have the planning unit establish or amend instream flows, the planning unit is eligible to receive one hundred thousand dollars for that purpose in accordance with (a)(ii) of this subsection. If the initiating governments for a planning unit elect not to establish or amend instream flows as part of the plan’s planning process, the department shall retain one hundred thousand dollars to carry out an assessment to support establishment of instream flows and to establish such flows in accordance with RCW 90.54.020(5)(a) and chapter 90.22 RCW. The department shall not use these funds to amend an existing instream flow unless requested to do so by the initiating governments for a planning unit.

(b) In administering funds appropriated for supplemental funding for optional plan components under (a)(ii) of this subsection, the department shall give priority in granting the available funds to proposals for setting or amending instream flows.

(c) A planning unit may apply for a matching grant for phase four watershed plan implementation. A match of ten percent is required and may include financial contributions or in-kind goods and services directly related to coordination and oversight functions. The match can be provided by the planning unit or by the combined commitments from federal agencies, tribal governments, local governments, special districts, or other local organizations. The phase four grant may be up to one hundred thousand dollars for each planning unit for each of the first three years of implementation. At the end of the three-year period, a two-year extension may be available for up to fifty thousand dollars each year. For planning units that cover more than one WRIA, additional matching funds of up to twenty-five thousand dollars may be available for each additional WRIA per year for the first three years of implementation, and up to twenty thousand five hundred dollars per WRIA per year for each of the fourth and fifth years.

(f) Within one year of accepting funding under (e) of this subsection, the planning unit must complete a detailed implementation plan. An implementation plan must clearly define coordination and oversight responsibilities; any needed interlocal agreements, rules, or ordinances; specific funding mechanisms, and timelines for carrying out the actions included in the plan. The planning unit must consider coordination of watershed planning implementation with salmon recovery efforts. Submittal of a detailed implementation plan to the department is a condition for receiving grants for the second and all subsequent years of the phase four grant.
(3)(a) The department shall use the eligibility criteria in this subsection (3) instead of rules, policies, or guidelines when evaluating grant applications at each stage of the grants program.

(b) In reviewing grant applications under this subsection (3), the department shall evaluate whether:

(i) The planning unit meets all of the requirements of this chapter;

(ii) The application demonstrates a need for state planning funds to accomplish the objectives of the planning process; and

(iii) The application and supporting information evidences a readiness to proceed.

(c) In ranking grant applications submitted at each stage of the grants program, the department shall give preference to applications in the following order of priority:

(i) Applications from existing planning groups that have been in existence for at least one year;

(ii) Applications that address protection and enhancement of fish habitat in watersheds or for which there is evidence of an inability to supply adequate water for population and economic growth from:

(A) First, multi-WRIA planning; and

(B) Second, single WRIA planning;

(iii) Applications that address protection and enhancement of fish habitat in watersheds or for which there is evidence of an inability to supply adequate water for population and economic growth from:

(A) First, multi-WRIA planning; and

(B) Second, single WRIA planning.

(d) Except for phase four watershed plan implementation, the department may not impose any local matching fund requirement as a condition for grant eligibility or as a preference for receiving a grant.

(4) The department may retain up to one percent of funds allocated under this section to defray administrative costs.

(5) Planning under this chapter should be completed as expeditiously as possible, with the focus being on local stakeholders cooperating to meet local needs.

(6) Funding provided under this section shall be considered a contractual obligation against the moneys appropriated for this purpose.

Sec. 3. RCW 90.82.130 and 2001 c 237 s 4 are each amended to read as follows:

(1)(a) Upon completing its proposed watershed plan, the planning unit may approve the proposal by consensus of all of the members of the planning unit or by consensus among the members of the planning unit appointed to represent units of government and a majority vote of the nongovernmental members of the planning unit.

(b) If the proposal is approved by the planning unit, the unit shall submit the proposal to the counties with territory within the management area. If the planning unit has received funding beyond the initial organizing grant under RCW 90.82.040, such a proposal approved by the planning unit shall be submitted to the counties within four years of the date that funds beyond the initial funding are first drawn upon by the planning unit.

(c) If the watershed plan is not approved by the planning unit, the planning unit may submit the components of the plan for which agreement has been achieved using the procedure under (a) of this subsection, or the planning unit may terminate the planning process.

(2)(a) With the exception of a county legislative authority that chooses to opt out of watershed planning as provided in (e) of this subsection, the legislative authority of each of the counties with territory in the management area shall provide public notice of and conduct at least one public hearing on the proposed watershed plan submitted under this section. After the public hearings, the legislative authorities of these counties shall convene in joint session to consider the proposal. The counties may approve or reject the proposed watershed plan for the management area, but may not amend it. Approval of such a proposal shall be made by a majority vote of the members of each of the counties with territory in the management area.

(b) If a proposed watershed plan is not approved, it shall be returned to the planning unit with recommendations for revisions.

Approval of such a revised proposal by the planning unit and the counties shall be made in the same manner provided for the original watershed plan. If approval of the revised plan is not achieved, the process shall terminate.

(c) A county legislative authority may choose to opt out of watershed planning under this chapter and the public hearing processes under (a) and (b) of this subsection if the county’s affected territory within a particular management area includes: (i) Less than five percent of the total territory within the management area, or (ii) five percent or more of the total territory within the management area and all other initiating governments within the management area consist. A county meeting these conditions and choosing to opt out shall notify the department and the other initiating governments of that choice prior to commencement of plan adoption under the provisions of (a) of this subsection.

(d) A county choosing to opt out shall not be bound by obligations contained in the watershed plan adopted for that management area under this chapter. Even if a county chooses to opt out as provided in this section, the other counties within a management area may adopt a proposed watershed plan as provided in this chapter.

(3) The planning unit shall not add an element to its watershed plan that creates an obligation unless each of the governments to be obligated has at least one representative on the planning unit and the respective members appointed to represent those governments agree to adding the element that creates the obligation. A member’s agreeing to add an element shall be evidenced by a recorded vote of all members of the planning unit in which the members record support for adding the element. If the watershed plan is approved under subsections (1) and (2) of this section and the plan creates obligations:

(a) For agencies of state government, the agencies shall adopt by rule the obligations of both state and county governments and rules implementing the state obligations, or, with the consent of the planning unit, may adopt policies, procedures, or agreements related to the obligations or implementation of the obligations. The obligations on state agencies are binding upon adoption of the obligations (under rules), and the agencies shall take other actions to fulfill their obligations as soon as possible, and should annually review implementation needs with respect to budget and staffing; (iia) (b) for counties, the obligations are binding on the counties and the counties shall adopt any necessary implementing ordinances and take other actions to fulfill their obligations as soon as possible, and should annually review implementation needs with respect to budget and staffing; or (c) for an organization voluntarily accepting an obligation, the organization must adopt policies, procedures, agreements, rules, or ordinances to implement the plan, and should annually review implementation needs with respect to budget and staffing.

(4) After a plan is adopted in accordance with subsection (3) of this section, and if the department participated in the planning process, the plan shall be deemed to satisfy the watershed planning authority of the department with respect to the components included under the provisions of RCW 90.82.070 through 90.82.100 for the watershed or watersheds included in the plan. The department shall rely on such a plan in making all future water resource decisions for the planned watershed or watersheds. The department shall also rely upon the plan as a primary consideration in determining the public interest related to such decisions.

(5) Once a plan is adopted under the provisions of RCW 90.82.130, the department may only modify the plan or obligations imposed by the plan through a negotiated rule-making process conducted among state, local, and other affected residents in a watershed or group of watersheds, and must include the members of the original planning unit, to the greatest extent practicable.

(6) As used in this section, “obligation” means any action required as a result of this chapter that imposes upon a tribal government, county government, or state government, either: A fiscal impact; a redeployment of resources; or a change of existing policy.
Senator Honeyford moved that the following striking amendment by Senators Honeyford and Morton be adopted:

Senator Honeyford: Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature declares and reaffirms that a core principle embodied in chapter 90.82 RCW is that state agencies must work cooperatively with local citizens in a process of planning for future uses of water by giving local citizens and the governments closest to them the ability to determine the management of water in the WRIA or WRIAs as being planned.

The legislature further finds that this process of local planning must have all the tools necessary to accomplish this task and that it is essential for the legislature to provide a clear statutory process for implementation so that the locally developed plan will be the adopted and implemented plan to the greatest extent possible.

Sec. 2. RCW 90.82.040 and 2001 c 237 s 2 are each amended to read as follows:

(1) Once a WRIA planning unit has been initiated under RCW 90.82.060 and a lead agency has been designated, it shall notify the department and may apply to the department for funding assistance for conducting the planning and implementation. Funds shall be provided from and to the extent of appropriations made by the legislature to the department expressly for this purpose.

(2)(a) Each planning unit that has complied with subsection (1) of this section is eligible to receive watershed planning grants in the following amounts for the first three phases of watershed planning and phase four watershed plan implementation:

(i) The planning unit may apply for up to two hundred thousand dollars for that purpose in accordance with (a)(ii) of this subsection.

(ii) A planning unit may apply for up to two hundred thousand dollars for each WRIA in the management area for conducting watershed assessments in accordance with RCW 90.82.070, except that a planning unit that chooses to conduct a detailed assessment or studies under (a)(ii)(B) of this subsection or whose initiating governments choose to have included to include an instream flow or water quality component in accordance with RCW 90.82.080 or 90.82.090 may apply for up to one hundred thousand additional dollars for each instream flow and up to one hundred thousand additional dollars for each water quality component included for each WRIA to conduct an assessment on that optional component and for each WRIA in which the assessments or studies under (a)(ii)(B) of this subsection are conducted.

(b) A planning unit may elect to apply for up to one hundred thousand additional dollars to conduct a detailed assessment of multipurpose water storage opportunities or for studies of specific multipurpose storage projects which opportunities or projects are consistent with and support the other elements of the planning unit’s watershed plan developed under this chapter; and

(c) Each planning unit may apply for up to two hundred fifty thousand dollars for each WRIA in the management area for developing a watershed plan and making recommendations for actions by local, state, and federal agencies, tribes, private property owners, private organizations, and individual citizens, including a recommended list of strategies and projects that would further the purpose of the plan in accordance with RCW 90.82.060 through 90.82.100.

(d) If a planning unit requests a different amount for phase two or phase three of watershed planning than is specified in (a) of this subsection, provided that the total amount of funds awarded do not exceed the maximum amount the planning unit is eligible for under (a) of this subsection. The department shall approve such an alternative allocation of funds if the planning unit identifies how the proposed alternative will meet the goals of this chapter and provides a proposed timeline for the completion of planning. However, the up to one hundred thousand additional dollars in funding for instream flow and water quality components and for water storage assessments or studies that a planning unit may apply for under (a)(ii)(A) of this subsection may be used only for those instream flow, water quality, and water storage purposes.

(e) By December 1, 2001, or within one year of initiating phase one of watershed planning, whichever occurs later, the initiating governments for each planning unit must inform the department whether they intend to have the planning unit establish or amend instream flows as part of the planning process.

(f) If the initiating governments of a planning unit elect not to establish or amend instream flows, the planning unit is eligible to receive one hundred thousand dollars for that purpose in accordance with (a)(ii) of this subsection.

(g) If the initiating governments for a planning unit elect not to establish or amend instream flows as part of the unit’s planning process, the department shall retain one hundred thousand dollars to carry out an assessment to support establishment of instream flows and to establish such flows in accordance with RCW 90.82.020 and chapter 90.22 RCW.

The department shall not use these funds to amend an existing instream flow unless requested to do so by the initiating governments for a planning unit.

(h) In administering funds appropriated for supplemental funding for optional plan components under (a)(ii) of this subsection, the department shall give priority in granting the available funds to proposals for setting or amending instream flows.

(i) A planning unit may apply for a matching grant for phase four watershed plan implementation following approval under the provisions of RCW 90.82.130. A match of ten percent is required and may include financial contributions or in-kind goods and services directly related to coordination and oversight functions. The match can be provided by the planning unit or by the combined contributions from federal agencies, tribal governments, local governments, special districts, or other local organizations. The phase four grant may be up to one hundred thousand dollars for each planning unit for the first three years of implementation of WRIAs and up to two hundred thousand dollars for each WRIA for the second three years of implementation. At the end of the three-year period, a two-year extension may be available for up to fifty thousand dollars each year. For planning units that cover more than one WRIA, additional matching funds of up to twenty-five thousand dollars may be available for each additional WRIA per year for the first three years of implementation, and up to twelve thousand five hundred dollars per WRIA per year for each of the fourth and fifth years.

Sec. 3. The department shall use the eligibility criteria in this subsection (3) instead of rules, policies, or guidelines when evaluating grant applications at each stage of the grants program.

(a) In reviewing grant applications under this subsection (3), the department shall evaluate whether:

(i) The planning unit meets all of the requirements of this chapter;

(ii) The application demonstrates a need for state planning funds to accomplish the objectives of the planning process; and

(iii) The application and supporting information evidences a readiness to proceed.

(b) In ranking grant applications submitted at each stage of the grants program, the department shall give preference to applications in the following order of priority:

(i) Applications from existing planning groups that have been in existence for at least one year;

(ii) Applications that address protection and enhancement of fish habitat in watersheds that have aquatic fish species listed or proposed to be listed as endangered or threatened under the federal endangered species act, 16 U.S.C. Sec. 1531 et seq. and for which there is evidence of an inability to supply adequate water for population and economic growth from:

(A) First, multi-WRIA planning; and

(B) Second, single WRIA planning;

(iii) Applications that address protection and enhancement of fish habitat in watersheds or for which there is evidence of an inability to supply adequate water for population and economic growth from:

(A) First, multi-WRIA planning; and

(B) Second, single WRIA planning;

(iv) Except for phase four watershed plan implementation, the department may not impose any local matching fund requirement as a condition for grant eligibility or as a preference for receiving a grant.

(c) The department may retain up to one percent of funds allocated under this section to defray administrative costs.

(d) Planning under this chapter should be completed as expeditiously as possible, with the focus being on local stakeholders cooperating to meet local needs.

Strike everything after the enacting clause and insert the following:
(6) Funding provided under this section shall be considered a contractual obligation against the moneys appropriated for this purpose.

NEW SECTION, Sec. 3. A new section is added to chapter 90.82 RCW to read as follows:

(1) Within one year of accepting funding under RCW 90.82.040(2)(e), the planning unit must complete a detailed implementation plan. Submittal of a detailed implementation plan to the department is a condition of receiving grants for the second and all subsequent years of the phase four grant.

(2) Each implementation plan must contain strategies to provide sufficient water for: (a) Production agriculture; (b) commercial, industrial, and residential use; and (c) instream flows. Each implementation plan must contain timelines to achieve these strategies and interim milestones to measure progress.

The implementation plan must clearly define coordination and oversight responsibilities; any needed interlocal agreements, rules, or ordinances; any needed state or local administrative approvals and permits that must be secured; and specific funding mechanisms.

(4) In developing the implementation plan, the planning unit must consult with other entities planning in the watershed management area and identify and seek to eliminate any activities or policies that are duplicative or inconsistent.

(5) By December 1, 2003, and by December 1st of each subsequent year, the director of the department shall report to the appropriate legislative standing committees regarding statutory changes necessary to enable state agency approval or permit decision making needed to implement a plan approved under this chapter.

Sec. 4. RCW 90.82.080 and 1998 c 247 s 4 are each amended to read as follows:

(1) If the initiating governments choose, by majority vote, to include an instream flow component, it shall be accomplished in the following manner:

(a) If minimum instream flows have already been adopted by rule for a stream within the management area, unless the members of the local governments and tribes on the planning unit by a recorded unaninomous vote request the department to modify those flows, the minimum instream flows shall not be modified under this chapter. If the members of local governments and tribes request the planning unit to modify instream flows and unanimous approval of the decision to modify such flow is not achieved, then the instream flows shall not be modified under this section;

(b) If minimum stream flows have not been adopted by rule for a stream within the management area, setting the minimum instream flows shall be a collaborative effort between the department and members of the planning unit. The department must attempt to achieve consensus and approval among the members of the planning unit regarding the minimum flows to be adopted by the department. Approval is achieved if all government members and tribes that have been invited and accepted on the planning unit present for a recorded vote unanimously vote to support the proposed minimum instream flows, and all nongovernmental members of the planning unit present for the recorded vote, by a majority, vote to support the proposed minimum instream flows.

(c) Any existing minimum instream flow set by rule of the department that is reduced shall have a priority date of two years after funding is first received for planning in the WRIA or multi-WRIA area from the department under RCW 90.82.040, unless determined otherwise by a unanimous vote of the members of the planning unit but in no instance may it be later than the effective date of the rule adopting such flow.

(b) Any increase to an existing minimum instream flow set by rule of the department shall have a priority date of two years after funding is first received for planning in the WRIA or multi-WRIA area from the department under RCW 90.82.040, unless determined otherwise by a unanimous vote of the members of the planning unit but in no instance may it be later than the effective date of the rule adopting such flow.

(2)(a) Notwithstanding RCW 90.03.345, minimum instream flows set under this section for rivers or streams that do not have existing minimum instream flow levels set by rule of the department shall have a priority date of two years after funding is first received from the department for planning under RCW 90.82.040, unless determined otherwise by a unanimous vote of the members of the planning unit but in no instance may it be later than the effective date of the rule adopting such flow.

(b) If the department requires the department to adopt points under (a) of this subsection. The department may adopt the rules either by the regular rules adoption process provided in chapter 34.05 RCW, the expedited rules adoption process as set forth in RCW (34.05.230) 34.05.335, or through a rules adoption process that uses public hearings and notice provided by the county legislative authority to the greatest extent possible. Such rules do not constitute significant legislative rules as defined in RCW 34.05.328, and do not require preparation of a statement of small business economic impact statements.

(c) If approval is not achieved within four years of the date the planning unit first receives funds from the department for conducting watershed assessments under RCW 90.82.040, the department may prompt initiate rule making under chapter 34.05 RCW to establish flows for those streams and shall have two additional years to establish the instream flows for those streams for which approval is not achieved.

(3)(a) The planning unit shall undertake rulemaking to adopt instream flows under this chapter for streams and other bodies of water including but not limited to rivers, streams, and other bodies of water that are included in the plan approved under chapter 90.48 RCW and that do not have minimum instream flow levels set by rule of the department. If minimum instream flow levels set under chapter 90.48 RCW are not adopted, the department shall adopt instream flow levels in those streams.

(b) The department shall undertake rulemaking to adopt instream flows under this chapter for streams and other bodies of water that are included in the plan approved under chapter 90.48 RCW and that do not have minimum instream flow levels set by rule of the department. If minimum instream flow levels set under chapter 90.48 RCW are not adopted, the department shall adopt instream flow levels in those streams.

(c) If the department is unable to obtain unanimity under subsection (1) of this section, the department may adopt rules setting such flows.

(6) The department shall report annually to the appropriate legislative standing committees on the progress of instream flows being set under this chapter, as well as progress toward setting instream flows in those watersheds not being planned under this chapter.

The report shall be made by December 1, 2003, and by December 1st of each subsequent year.

Sec. 5. RCW 90.82.130 and 2001 c 323 s 4 are each amended to read as follows:

(1) Upon completing its proposed watershed plan, the planning unit may approve the proposal by consensus of all of the members of the planning unit or by consensus among the members of the planning unit appointed to represent units of government and a majority vote of the nongovernmental members of the planning unit.

(2)(a) The planning unit shall submit the proposal to the counties with territory within the management area. If the planning unit has received funding beyond the initial organizing grant under RCW 90.82.040, such a proposal approved by the planning unit shall be submitted to the counties within four years of the date that funds beyond the initial funding are first drawn upon by the planning unit.

(b) If the watershed plan is not approved by the planning unit, the planning unit may submit the components of the plan for which agreement is achieved under the procedure under (a) of this subsection, or the planning unit may terminate the planning process.

(2)(a) With the exception of a county legislative authority that chooses to opt out of watershed planning as provided in (c) of this subsection, the legislative authority of each of the counties with territory in the management area shall provide public notice of and conduct at least one public hearing on the proposed watershed plan submitted under this section. After the public hearings, the legislative authorities of these counties shall convene in joint session to consider the proposal. The counties may approve or reject the proposed watershed plan for the management area, but may not amend it. Approval of such a proposal shall be made by a majority vote of the members of each of the counties with territory in the management area.

(b) If a proposed watershed plan is not approved, it shall be returned to the planning unit with recommendations for revisions. Approval of such a revised proposal by the planning unit and the counties shall be made in the same manner provided for the original watershed plan. If approval of the revised plan is not achieved, the process shall terminate.
A county legislative authority may choose to opt out of watershed planning under this chapter and the public hearing processes under (a) and (b) of this subsection if the county’s affected territory within a particular management area is: (i) Less than five percent of the total territory within the management area; or (ii) five percent or more of the total territory within the management area and all other initiating governments within the management area consent. A county meeting these conditions and choosing to opt out shall notify the department and the other initiating governments of that choice prior to commencement of plan adoption under the provisions of (a) of this subsection. A county choosing to opt out under the provisions of this section shall not be bound by obligations contained in the watershed plan adopted for that management area under this chapter. Even if a county chooses to opt out under the provisions of this section, the other counties within a management area may adopt a proposed watershed plan as provided in this chapter.

(3) The planning unit shall not add an element to its watershed plan that creates an obligation unless each of the governments to be obligated has at least one representative on the planning unit and the respective members appointed to represent those governments agree to adding the element that creates the obligation. A member’s agreeing to add an element shall be evidenced by a recorded vote of all members of the planning unit in which the members record support for adding the element. If the watershed plan is approved under subsections (1) and (2) of this section and the plan creates obligations: (a) For agencies of state government, the agencies shall adopt by rule the obligations of both state and county governments and rules implementing the state obligations, or, with the consent of the planning unit, may adopt policies, procedures, or agreements related to the obligations or implementation of the obligations in addition to or in lieu of rules. The obligations on state agencies are binding upon adoption of the obligations ((under rules)), and the agencies shall take other actions to fulfill their obligations as soon as possible, and should annually review implementation needs with respect to budget and staffing; (b) for counties, the obligations are binding on the counties and the counties shall adopt any necessary implementing ordinances and take other actions to fulfill their obligations as soon as possible, and should annually review implementation needs with respect to budget and staffing; or (c) for an organization voluntarily accepting an obligation, the organization must adopt policies, procedures, agreements, rules, or ordinances to implement the plan, and should annually review implementation needs with respect to budget and staffing.

(4) After a plan is adopted in accordance with subsection (3) of this section, and if the department participated in the planning process, the plan shall be deemed to satisfy the watershed planning authority of the department with respect to the components included under the provisions of RCW 90.82.070 through 90.82.100 for the watershed or watersheds included in the plan. The department shall use the plan as the framework for making future water resource decisions for the planned watershed or watersheds. Additionally, the department shall rely upon the plan as a primary consideration in determining the public interest related to such decisions.

(5) Once a WRIA plan has been approved under subsection (2) of this section for a watershed, the department may develop and adopt modifications to the plan or obligations imposed by the plan only through a form of negotiated rule making that uses the same processes that applied in that watershed for developing the plan.

As used in this section, “obligation” means any action required as a result of this chapter that imposes upon a tribal government, county government, or state government, either: A fiscal impact; a redeployment of resources; or a change of existing policy."

POINT OF INQUIRY

Senator Benton: “Senator Horn, in your comments, you mentioned that this would be allowable if it was done by agreement. I would like to have some elaboration on that, because as I read the bill it actually says, ‘the city and town may exercise travel control restriction over any private road or street.’ So, I am a little concerned that we may granting extensive authority to cities, towns or counties to exercise traffic control authority over private roads that are owned privately by people. That would cause me some great concern. I don’t see where it allows provisions for the agreement or for the agreement to be broken. Can you clarify that for me, please?”

Senator Horn: “Yes, Senator Benton. I think you are addressing the very thing that we addressed in committee and you are looking at the original bill instead of the striking amendment that we are talking about. The striking amendment very specifically says that state, local or county enforcement personnel may enforce speeding violations under RCW 46.61.400 or on private roads within communities organized under Chapter 64.38 RCW, if a whole set of conditions exist. So, that is what we did in committee to tighten this bill up very specifically. Thank you for your question.”
Further debate ensued.

The President declared the question before the Senate to be the roll call on the final passage of House Bill No. 1379, as amended by the Senate.

Senator Hargrove moved that the following striking amendment by Senators Hargrove and Stevens be adopted:

"Sec. 1. RCW 74.04.300 and 1998 c 79 s 7 are each amended to read as follows:

If a recipient receives public assistance and/or food stamps or food stamp benefits transferred electronically for which the recipient is not eligible, or receives public assistance and/or food stamps or food stamp benefits transferred electronically in an amount greater than that for which the recipient is eligible, the portion of the payment to which the recipient is not entitled shall be a debt due the state recoverable under RCW 43.20B.030 and 43.20B.620 through 43.20B.645. It shall be the duty of recipients of ((public assistance and/or food stamps or food stamp)) cash benefits ((transferred electronically)) to notify the department ((within twenty days of the receipt or possession of all income or resources not previously declared to the department)) of changes to earned income as defined in RCW 74.04.005(11). It shall be the duty of recipients of cash benefits to notify the department of changes to liquid resources as defined in RCW 74.04.005(10) that would result in ineligibility for cash benefits. It shall be the duty of recipients of food benefits to report changes in income that result in ineligibility for food benefits. All recipients shall report changes required in this section by the tenth of the month following the month in which the change occurs. The department shall make a determination of eligibility within ten days from the date it receives the reported change from the recipient. The department shall adopt rules consistent with federal law and regulations for additional reporting requirements. The department shall advise applicants for assistance that failure to report as required, failure to reveal resources or income, and false statements will result in recovery by the state of any overpayment and may result in criminal prosecution."

POINT OF INQUIRY

Senator Fairley: “Senator Hargrove, what happens if the agency is unable to make this determination within ten days?”

Senator Hargrove: “They told me that that was their practice. They are doing it within ten days now. The original bill just basically said, ‘go forth and do good.’ I wanted them to put in the code exactly what they are doing, so they couldn’t change it on us later.”

Senator Fairley: “Thank you.”

POINT OF INQUIRY
Senator Thibaudeau: “Senator Hargrove, how many FTEs are required to do this--under you amendment?”

Senator Hargrove: “There will be no more. This is current practice--what they are doing. The bill is intended to simplify the reporting and this will bring them into line with exactly what their current practice is.”

Senator Thibaudeau: “So, the sanctions mentioned in the bill report could amount to millions of dollars--could not be offered”

Senator Hargrove: “That is the point. We are potentially at risk as a state of losing several million dollars, because of our error rate on either accepting or not accepting people under these programs.”

SUBSTITUTE HOUSE BILL NO. 1250, by House Committee on Agriculture and Natural Resources (originally sponsored by Representatives Eickmeyer, Schoesler, Linville, Sump, Quall and Mielke) (by request of Commissioner of Public Lands Sutherland)

Determining annual rental rates for the lease of state-owned aquatic lands for qualifying marinas.

The bill was read the second time.

MOTION

Senator Morton moved that the following Committee on Natural Resources, Energy and Water striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

*Sec. 1. RCW 79.90.480 and 1998 c 185 s 2 are each amended to read as follows:

Except as otherwise provided by this chapter, annual rent rates for the lease of state-owned aquatic lands for water-dependent uses shall be determined as follows:

(1)(a) The assessed land value, exclusive of improvements, as determined by the county assessor, of the upland tax parcel used in conjunction with the leased area or, if there are no such uplands, of the nearest upland tax parcel used for water-dependent purposes divided by the parcel area equals the upland value.

(b) The upland value times the area of leased aquatic lands times thirty percent equals the aquatic land value.

(2) As of July 1, 1989, and each July 1 thereafter, the department shall determine the real capitalization rate to be applied to water-dependent aquatic land leases commencing or being adjusted under subsection (3)(a) of this section in that fiscal year. The real capitalization rate shall be the real rate of return, except that until June 30, 1989, the real capitalization rate shall be five percent and thereafter it shall not change by more than one percentage point in any one year or be more than seven percent or less than three percent.

(3) The annual rent shall be:

(a) Determined initially, and redetermined every four years or as otherwise provided in the lease, by multiplying the aquatic land value times the real capitalization rate; and

(b) Adjusted by the inflation rate each year in which the rent is not determined under subsection (3)(a) of this section.

(4) If the upland parcel used in conjunction with the leased area is not assessed or has an assessed value inconsistent with the purposes of the lease, the nearest comparable upland parcel used for similar purposes shall be substituted and the lease payment determined in the same manner as provided in this section.

(5) For the purposes of this section, "upland tax parcel" is a tax parcel, some portion of which has upland characteristics. Filled tidal or shorelands with upland characteristics which abut state-owned aquatic land shall be considered as uplands in determining aquatic land values.

(6) The annual rent for filled state-owned aquatic lands that have the characteristics of uplands shall be determined in accordance with RCW 79.90.500 in those cases in which the state owns the fill and has a right to charge for the fill.

(7)(a) For leases for marina uses only, (beginning on June 11, 1998) as of July 1, 2004, (the annual rental rates in effect on December 31, 1987, shall remain in effect until July 1, 1999, at which time the annual water-dependent rent shall be determined by the method in effect at that time. In order to be eligible for the rate to remain at this level, a marine lease must be in good standing, meaning that the lessee must be current with payment of rent, the lease not expired or in approved holdover status, and the lessee not in breach of other terms of the agreement) lease rates will be a percentage of the annual gross revenues generated by that marina. It is the intent of the legislature that additional legislation be enacted prior to July 1, 2004, to establish the percentage of gross revenues that will serve as the basis for determining annual water-dependent rates for leases for marina uses only.

(b) The percentage shall be redetermined every four years (as any time the same as the rate of personal income tax for the state of Washington) and adjusted by the inflation rate each year in which the rate is not redetermined.

(c) The percent of gross revenues shall be five percent until June 30, 1989, and each July 1 thereafter, the department shall determine the rate to be applied to water-dependent aquatic land leases commencing or being adjusted under subsection (3)(a) of this section in that fiscal year. The rate shall be the real rate of return, except that until June 30, 1989, the rate shall be five percent and thereafter it shall not change by more than one percentage point in any one year or be more than seven percent or less than three percent.
for a marina’s rent and a definition of gross revenues. Annual rent must be recalculated each year based upon the marina’s gross revenues from the previous year, as reported to the department consistent with this subsection (7).

(b) By December 31, 2003, the department will develop a recommended formula for calculating marina rents consistent with this subsection (7) and report the recommendation to the legislature. The formula recommended by the department must include a percentage or a range of percentages of gross revenues, a system for implementing such percentages, and the designation of revenue sources to be considered for rent calculation purposes. The department must also ensure, given the available information, that the rent formula recommended by the department is initially calculated to maintain state proceeds from marina rents as of July 1, 2003, and that if the department does not receive income reporting forms representing at least ninety percent of the projected annual marina revenue and at least seventy-five percent of all marinas, the current model for calculating marina rents, as described in subsections (1) through (6) of this section, will continue to be the method used to calculate marina rents, and the income method, as described in (a) of this subsection, will not be applied. In addition to the percent of marina income, the department shall determine its direct administrative costs (cost of hours worked directly on applications and leases, based on salaries and benefits, plus travel reimbursement and other actual out-of-pocket costs) to calculate, audit, execute, and monitor marina leases, and shall recover these costs from lessees. All administrative costs recovered by the department must be deposited into the resource management cost account created in RCW 79.64.020. Prior to making recommendations to the legislature, a work session consisting of the department, marina owners, and stakeholders must be convened to discuss the rate-setting criteria. The legislature directs the department to deliver recommendations to the legislature by December 2003, including any minority reports by the participating parties.

c) When developing its recommendation for a marina lease formula consistent with this subsection (7), the department shall ensure that the percentage of revenue established is applied to the income of the direct lessee, as well as to the income of any person or entity that subleases, or contracts to operate the marina, with the direct lessee, less the amount paid by the sublessee to the direct lessee.

d) All marina operators under lease with the department must return to the department an income reporting form, provided by the department, and certified by a licensed certified public accountant, before July 1, 2003, and again annually on a date set by the department. On the income reporting form, the department may require a marina to disclose to the department any information about income from all marina-related sources, excluding restaurants and bars. All income reports submitted to the department are subject to either audit or verification, or both, by the department, and the department may inspect all of the lessee’s books, records, and documents, including state and federal income tax returns relating to the operation of the marina and leased aquatic lands at all reasonable times. If the lessee fails to submit the required income reporting form once the new method for calculating marina rents is effective, the department may conduct an audit at the lessee’s expense or cancel the lease.

e) Initially, the marina rent formula developed by the department pursuant to (b) of this subsection will be applied to each marina on its anniversary date, beginning on July 1, 2004, and will be based on that marina’s 2003 income information. Thereafter, rents will be recalculated each year, based on the marina’s gross revenue from the previous year.

(f) No marina lease may be for less than five hundred dollars plus direct administrative costs.

(8) For all new leases for ((marinas, or any)) other water-dependent uses, issued after December 31, 1997, the initial annual water-dependent rent shall be determined by the methods in subsections (1) through (6) of this section.

NEW SECTION. Sec. 2. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.”

MOTION

On motion of Senator Horn, the following Committee on Highways and Transportation striking amendment was adopted:

Strike everything after the enacting clause and insert the following:

Sec. 1. (a) To cause or permit to be advertised, printed, published, distributed, broadcasted, televised, or disseminated in any manner whatsoever, any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to the following:

(a) That no down payment is required in connection with the sale of a vehicle when a down payment is in fact required, or that a vehicle may be purchased for a smaller down payment than is actually required;

(b) That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;

(c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;

(d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;

(e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

(ii) To incorporate within the terms of any purchase and sale or lease agreement any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price or capitalized cost of a vehicle an amount for licensing or transfer of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale. However, an amount not to exceed thirty-five dollars per vehicle sale or lease may be charged by a dealer to recover administrative costs for collecting motor vehicle excise taxes, licensing and registration fees and other agency fees, verifying and clearing titles, transferring titles, perfecting, releasing, or satisfying liens or other security interests, and other administrative and documentary services rendered by a dealer in connection with the sale or lease of a vehicle and in carrying out the requirements of this chapter or any other provisions of state law.

(b) A dealer may charge the documentary service fee in (a) of this subsection under the following conditions:

(i) The documentary service fee is not represented to the purchaser or lessee as a fee or charge required by the state to be paid by either the dealer or prospective purchaser or lessee;

(ii) The documentary service fee is separately designated from the selling price or capitalized cost of the vehicle and from any other taxes, fees, or charges; and

(iii) Dealers disclose in any advertisement that a documentary service fee in an amount up to thirty-five dollars may be added to the sale price or the capitalized cost.

For the purposes of this subsection (2), the term "documentary service fee" means the optional amount charged by a dealer to provide the services specified in (a) of this subsection.

(3) To set up, promote, or aid in the promotion of a plan by which vehicles are to be sold or leased to a person for a consideration and upon further consideration that the purchaser or lessee agrees to secure one or more persons to participate in the plan by making a similar purchase and in turn agreeing to secure one or more persons likewise to join in said plan, each purchaser or lessee being given the right to secure money, credits, goods, or something of value, depending upon the number of persons joining the plan.

(4) To commit, allow, or ratify any act of "bushing" which is defined as follows: Taking from a prospective buyer or lessee of a vehicle a written order or offer to purchase or lease, or a contract document signed by the buyer or lessee, which:

(a) Is subject to the dealer's, or his or her authorized representative's future acceptance, and the dealer fails or refuses within three calendar days, exclusive of Saturday, Sunday, or legal holiday, and prior to any further negotiations with said buyer or lessee, either (i) to deliver to the buyer or lessee the dealer's signed acceptance, or (ii) to void the order, offer, or contract document and tender the return of any initial payment or security made or given by the buyer or lessee, including but not limited to money, check, promissory note, vehicle keys, a trade-in, or certificate of title to a trade-in; or

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer or lessee as part of the purchase price or lease, for any reason except:

(I) Failure to disclose that the vehicle's certificate of ownership has been branded for any reason, including, but not limited to, status as a rebuilt vehicle as provided in RCW 46.12.050 and 46.12.075; or

(ii) Substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or
iii. Excessive additional miles or a discrepancy in the mileage. "Excessive additional miles" means the addition of five hundred miles or more, as reflected on the vehicle’s odometer, between the time the vehicle was first valued by the dealer for purposes of determining its trade-in value and the time of actual delivery of the vehicle to the dealer. "A discrepancy in the mileage" means (A) a discrepancy between the mileage reflected on the vehicle’s odometer and the stated mileage on the signed odometer statement; or (B) a discrepancy between the mileage stated on the signed odometer statement and the actual mileage on the vehicle; or (C) failing to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.

5. To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.

6. For any vehicle dealer to fail to furnish, upon request of a prospective purchaser or lessee, for vehicles previously registered to a business or governmental entity, the name and address of the business or governmental entity.

7. To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.

8. To commit any offense relating to a dealer’s temporary license permit, including but not limited to failure to properly complete such permit, or the issuance of more than one such permit on any one vehicle. However, a dealer may issue a second temporary permit on a vehicle if the following conditions are met:
   (a) the lienholder fails to deliver the vehicle title to the dealer within the required time period;
   (b) the dealer has satisfied the lien; and

9. For a dealer, salesperson, or mobile home manufacturer, having taken an instrument or cash “on deposit” from a purchaser or lessee prior to the delivery of the bargain-for vehicle, to commingle the “on deposit” funds with assets of the dealer, salesperson, or mobile home manufacturer instead of maintaining the “on deposit” funds in a separate trust account. Failure to take delivery of the bargain-for vehicle. Delivery of a manufactured home shall be deemed to occur in accordance with RCW 46.70.135(5). Failure, immediately upon receipt, to endorse “on deposit” instruments to such a trust account, or to set aside “on deposit” cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day of receipt thereof, shall be deemed a violation of this unlawful practice: PROVIDED, HOWEVER, That a motor vehicle dealer may keep a separate trust account which equals his or her customary total customer deposits for vehicles for future delivery.

For purposes of this section, “on deposit” funds received from a purchaser of a manufactured home means those funds that a seller requires a purchaser to advance before ordering the manufactured home, but does not include any loan proceeds or moneys that might have been paid on an installment contract.

10. For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser or lessee, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all terms in the terms of a sales or lease agreement signed by the seller and buyer or lessee, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all terms in the terms of a sales or lease agreement signed by the seller and buyer or lessee.

12. For a buyer’s agent, acting directly or through a subsidiary, to pay to or receive from any new motor vehicle dealer any compensation, fee, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle. In addition, it is unlawful for any buyer’s agent to engage in any of the following acts on behalf of or in the name of the consumer:
   (a) Receiving or paying any purchase moneys or funds into or out of any account controlled or used by any buyer’s agent;
   (b) Signing any vehicle purchase orders, sales contracts, leases, odometer statements, or title documents, or having the name of the buyer’s agent appear on the vehicle purchase order, sales contract, lease, or title; or
   (c) Signing any other documentation relating to the purchase, sale, lease, or transfer of any new motor vehicle.

13. It is unlawful for a buyer’s agent to use a power of attorney obtained from the consumer to accomplish or effect the purchase, sale, lease, or transfer of ownership documents of any new motor vehicle by any means which would otherwise be prohibited under (a) through (c) of this subsection. However, the buyer’s agent may use a power of attorney for physical delivery of motor vehicle license plates to the consumer.

Further, it is unlawful for a buyer’s agent to engage in any false, deceptive, or misleading advertising, disseminated in any manner whatsoever, including but not limited to making any claim or statement that the buyer’s agent offers, obtains, or guarantees the lowest price on any motor vehicle or words to similar effect.

14. For a buyer’s agent to arrange for or to negotiate the purchase, or both, of a new motor vehicle through an out-of-state dealer without disclosing in writing to the customer that the new vehicle would not be subject to chapter 19.118 RCW. This subsection also applies to leased vehicles. In addition, it is unlawful for any buyer’s agent to fail to have a written agreement with the customer that: (a) Sets forth the terms of the parties’ agreement; (b) discloses to the customer the total amount of any fees or other compensation being paid by the customer to the buyer’s agent for the agent’s services; and (c) further discloses whether the fee or any portion of the fee is refundable.

15. Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.94 RCW, to:
   (a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;
   (b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his or her capital investment which shall include, but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he or she is notified of such cancellation or termination and which are still within the dealer’s possession on the day the cancellation or termination is effective, if: (I) The capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) the cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchisee to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith;
   (c) Encourage, aid, abet, or teach a vehicle dealer to sell or lease vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;
   (d) Coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer’s franchise agreement;
   (e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale or lease of new and used vehicles sold or distributed by such manufacturer within sixty days after such dealer’s order has been received in writing unless caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;
(f) To provide under the terms of any warranty that a purchaser or lessee of any new or unused vehicle that has been sold or leased, distributed for sale or lease, or transferred for sale or lease into this state for resale or lease by the vehicle manufacturer may only make any warranty claim on any item included as an integral part of the vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this chapter if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting parties. This paragraph and subsection (14)(b) of this section do not apply to new motor vehicle manufacturers governed by chapter 46.96 RCW.

(15) Unlawful transfer of an ownership interest in a motor vehicle as defined in RCW 19.116.050.

(16) To knowingly and intentionally engage in collusion to repossess and return or resell the vehicle to the registered owner in an attempt to avoid a suspended license impound under chapter 46.55 RCW. However, compliance with chapter 62A.9A RCW in repossessing, selling, leasing, or otherwise disposing of the vehicle, including providing redemption rights to the debtor, is not a violation of this section.

A party denied access to records may request judicial review of the denial. If the party prevails, he or she shall be awarded attorneys’ fees, costs, and an amount not less than five dollars and not more than one hundred dollars for each day the records were wrongfully denied.

WHEREAS, Any increase in Bonneville Power Administration rates will only slow or prevent economic recovery as well as exacerbate the state’s budget crisis; and
WHEREAS, The Bonneville Power Administration has the tools available to meet all of its legal obligations, including protecting fish and wildlife, without raising rates; and
WHEREAS, As a result of its $500 million in prepayments to Treasury to avoid a rate increase, the Bonneville Power Administration can cut costs (not just slow its rate of growth) and utilize its newly acquired additional borrowing authority and the flexibility it has garnered; and

WHEREAS, Many industries moved to Washington to take advantage of low-cost hydroelectric power. They are now paying more for power in Washington than in most of their other locations in the nation; and
WHEREAS, Without affordable energy for these industries (aluminum, pulp and paper, aerospace, agriculture, etc.), thousands of family-wage jobs will be lost; and
WHEREAS, Many of these jobs are in rural and economically challenged areas. These industries are at the core of many Northwest communities and provide the foundation for numerous secondary employment opportunities and also provide substantial tax revenues; and
WHEREAS, The proposed rate increase will do more than jeopardize high paying jobs. The nation is suffering a severe recession and the Pacific Northwest is already the hardest hit region in the country; and
WHEREAS, Any increase in Bonneville Power Administration rates will only slow or prevent economic recovery as well as exacerbate the state’s budget crisis; and
WHEREAS, The Bonneville Power Administration has the tools available to meet all of its legal obligations, including protecting fish and wildlife, without raising rates; and

WHEREAS, This region simply cannot support an additional billion dollars over the next three years; and
NOW, THEREFORE, Your Memorialists respectfully communicate their request for the Bonneville Power Administration to refrain from adopting rate increases at this time, unless absolutely necessary to preserve its bond rating, and to use other tools at its disposal to manage costs until economic recovery is in sight.
BE IT RESOLVED, That copies of this Memorial be immediately transmitted to the Honorable George W. Bush, President of the United States, Steven Wright, Administrator of the Bonneville Power Administration, Spencer Abraham, Secretary of Energy, Tom Ridge, Secretary of the Department of Homeland Security, the President of the United States Senate, the Speaker of the House of Representatives, and each member of Congress from the State of Washington.

PART 7
COMMUNITY OUTDOOR ATHLETIC FIELDS ADVISORY COUNCIL

Sec. 701. RCW 79A.25.800 and 2000 c 11 s 80 are each amended to read as follows:

(1) The legislature recognizes that coordinated funding efforts are needed to maintain, develop, and improve the state’s community outdoor athletic fields. Rapid population growth and increased urbanization have caused a decline in suitable outdoor fields for community athletic activities and has resulted in overcrowding and deterioration of existing surfaces. Lack of adequate community outdoor athletic fields directly affects the health and well-being of all citizens of the state, reduces the state’s economic viability, and prevents Washington from maintaining and achieving the quality of life that it deserves. Therefore, it is the policy of the state and its agencies to maintain, develop, fund, and improve youth or community athletic facilities, including but not limited to community outdoor athletic fields.

(2) In carrying out this policy, the legislature intends to promote the building of new community outdoor athletic fields, the upgrading of existing community outdoor athletic fields, and the maintenance of existing community outdoor athletic fields across the state of Washington. (The purpose of RCW 79A.25.800 through 79A.25.830 is to create an advisory council to provide information and advice to the interagency committee for outdoor recreation in the distribution of the funds in the youth athletic facility grant account established in RCW 43.99N.060(4).)

Sec. 702. RCW 79A.25.820 and 2000 c 11 s 81 are each amended to read as follows:

Subject to available resources, the interagency committee for outdoor recreation may:

(1) Prepare and update a strategic plan for the development, maintenance, and improvement of community outdoor athletic fields in the state. In the preparation of such plan, the interagency committee for outdoor recreation may use available data from federal, state, and local agencies having community outdoor athletic responsibilities, user groups, private sector interests, and the general public. The plan may include, but is not limited to:

(a) An inventory of current community outdoor athletic fields;
(b) A forecast of demand for these fields;
(c) An identification and analysis of actual and potential funding sources; and
(d) Other information the interagency committee for outdoor recreation deems appropriate to carry out the purposes of RCW 79A.25.800 through 79A.25.830;
(2) Determine the eligibility requirements for cities, counties, and qualified nonprofit organizations to access funding from the youth athletic facility (grant) account created in RCW 43.99N.060(4);
(3) Encourage and provide opportunities for interagency and regional coordination and cooperative efforts between public agencies and between public entities and nonprofit organizations involved in the maintenance, development, and improvement of community outdoor athletic fields; and
(4) Create and maintain data, studies, research, and other information relating to community outdoor athletic fields in the state, and to encourage the exchange of this information.

NEW SECTION. Sec. 703. RCW 79A.25.810 (Community outdoor athletic fields advisory council) and 2001 c 245 s 1 & 1998 c 264 s 2 are each repealed.

(1) The director shall furnish to all persons making satisfactory application for vehicle license as provided by law, two identical vehicle license number plates each containing the vehicle license number to be displayed on such vehicle as by law required: PROVIDED, That if the vehicle to be licensed is a trailer, semitrailer or motorcycle only one vehicle license number plate shall be issued for each thereof. The number and plate shall be of such size and color and shall contain such symbols indicative of the registration period for which the same is issued and of the state of Washington, as shall be determined and prescribed by the director. Any vehicle license number plate or plates issued to a dealer shall contain thereon a sufficient and satisfactory indication that such plates have been issued to a dealer in vehicles. All vehicle license number plates ((may)) shall be obtained by the director from the metal working plant of a state correctional facility ((or from any source in accordance with existing state of Washington purchasing procedures)).

(2) Notwithstanding the foregoing provisions of this section, the director may, in his discretion and under such rules and regulations as he may prescribe, adopt a type of vehicle license number plates whereby the same shall be used as long as legible on the vehicle for which issued, with provision for tabs or emblems to be attached thereto or elsewhere on the vehicle to signify renewals, in which event the term "vehicle license number plate" as used in any enactment shall be deemed to include in addition to such plate the tab or emblem signifying renewal except when such plate contains the designation of the current year without reference to any tab or emblem. Renewals shall be effected by the issuance and display of such tab or emblem.

(3) The department shall implement a flat, digitally printed license plate system. This system must be in place and operational by July 1, 2004, and must be used to produce all license plates issued by the department by no later than January 1, 2007. The department must phase in the production of flat, digitally printed license plates by first issuing special and personalized plates using this system. Before January 1, 2007, the department may issue all license plates as flat, digitally printed license plates, if the department determines that production of all license plates by the digital printing system is economically viable.

Sec. 2. RCW 46.16.230 and 1992 c 7 s 41 are each amended to read as follows:
(1) Except for those license plates issued under RCW 46.16.305(1) before January 1, 1987, under RCW 46.16.305(3), and to commercial vehicles with a gross weight in excess of twenty-six thousand pounds, effective with vehicle registrations due or to become due on January 1, 2001, the appearance of all vehicle license plates must be ([(issued on a standard background)]) legible and clearly identifiable as a Washington state license plate, as designated by the department.

(2) Additionally, to ensure maximum legibility and reflectivity, the department shall periodically provide for the replacement of license plates, except for commercial vehicles with a gross weight in excess of twenty-six thousand pounds. Frequency of replacement shall be established in accordance with empirical studies documenting the longevity of the reflective materials used to make license plates.

(3) In providing for the periodic replacement of license plates, the department shall offer to vehicle owners the option of retaining their current license plate numbers. The department shall charge a retention fee of twenty dollars if this option is exercised. Revenue generated from the retention fee must be deposited into the license plate technology account created under section 4 of this act until such time as the financing necessary to implement a digital license plate system has been paid in full. After the financing has been paid in full, the revenue collected under this section shall be deposited into the multimodal transportation account.

Sec. 3. RCW 46.01.140 and 2001 c 331 s 1 are each amended to read as follows:

(1) The county auditor, if appointed by the director of licensing shall carry out the provisions of this title relating to the licensing of vehicles and the issuance of vehicle license number plates under the direction and supervision of the director and may with the approval of the director appoint assistants as special deputies and recommend subagents to accept applications and collect fees for vehicle licenses and transfers and to deliver vehicle license number plates.

(2) A county auditor appointed by the director may request that the director appoint subagencies within the county.

The auditor shall include in his or her recommendation to the director, not only the name of the successor who is a relative or employee, if applicable and if otherwise qualified, but also the name of one other applicant who is qualified and was chosen through the open competitive process. (f) The director may waive any provisions of the contract deemed necessary in order to ensure that readily accessible service is provided to the citizens of the state.

(4) (a) At any time any application is made to the director, the county auditor, or other agent pursuant to any law dealing with licenses, registration, or the right to operate any vehicle or vessel upon the public highways or waters of this state, excluding applicants already paying such fee under RCW 46.16.070 or 46.16.085, the applicant shall pay to the director, county auditor, or other agent a fee of three dollars for each application in addition to any other fees required by law.

(b) Counties that do not cover the expenses of vehicle licensing and vessel registration and title activities may submit to the department a request for cost-coverage moneys. The request must be submitted on a form developed by the department. The department shall develop procedures to verify whether a request is reasonable. Payment shall be made on requests found to be allowable from the licensing services account.
(c) Applicants for certificates of ownership, including applicants paying fees under RCW 46.16.070 or 46.16.085, shall pay to the director, county auditor, or other agent a fee of four dollars in addition to any other fees required by law. (ii) Twenty-five cents must be deposited into the license plate technology account created under section 4 of this act.

(5) A subagent shall collect a service fee of (a) eight dollars and fifty cents for changes in a certificate of ownership, with or without registration renewal, or verification of record and preparation of an affidavit of lost title other than at the time of the title application or transfer and (b) three dollars and fifty cents for registration renewal only, issuing a transit permit, or any other service under this section.

(6) If the fee is collected by the state patrol as agent for the director, the fee so collected shall be certified to the state treasurer and deposited to the credit of the state patrol highway account. If the fee is collected by the department of transportation as agent for the director, the fee shall be certified to the state treasurer and deposited to the credit of the motor vehicle fund. All such fees collected by the director or branches of his office shall be certified to the state treasurer and deposited to the credit of the highway safety fund.

HOUSE BILL NO. 1734, by Representatives Romero, Hinkle, Moeller, Delvin, Grant, Jarrett and Flannigan (by request of Department of Community, Trade, and Economic Development)

Updating the state building code.

The bill was read the second time.

POINT OF ORDER

Senator McCaslin: “A point of order, Mr. President. I submit that House Bill No. 1734 is not properly before the body, because the bill was not properly reported by the committee. Senate Rule 45, No. 7 -- the rule governing committee procedure states, ‘Any measure which does not receive a majority vote of the members present may be reconsidered, etc.’ The rule is very specific in its authority to reconsider a measure that fails to receive a majority vote. The rule does not authorize reconsideration of a measure that does receive a majority vote may be reconsidered.

“A brief chronology of House Bill No 1734 in the committee is as follows: The bill was voted out with a ‘do pass as amended’ recommendation on March 31, 2003. The bill was thereafter held in committee for four days. The bill was voted out a second time with a ‘do pass as amended’ recommendation on April 3, 2003. It was the second recommendation that was adopted by this body on the floor and the measure was referred to the Committee on Rules. I submit that this second vote was tantamount to a reconsideration and for this reason the bill is not now properly before us under Senate Rule 45, No. 7.

“Mr. President, I readily admit that I did not raise the point of order in committee. Under previous rulings of the President, I believe I have not waived my right to do so on the floor. For the benefit of the body, however, I would inquire whether I have waived my right to raise the point of order at this time.

“Mr. President, in no way am I criticizing the Chair of the Land Use Committee. I raise this point of order simply to seek instruction for myself as a committee chair and for other chairs. In this case, the bill
was held in committee for four days after the first ‘due pass’ recommendation was passed. Mr President, I am concerned that if you permit this process, it might be permitted for a chair to hold a bill for reconsideration or otherwise right up to cutoff. I would, therefore ask, as how long a chair may hold a bill before it has been ‘pocket vetoed’ under Senate Rule 63?”

REMARKS BY SENATOR MULLIKEN

Senator Mulliken: “Thank you, Mr. President, in response, first of all, I am glad the previous speaker acknowledged that he did not make this statement before we sent it out of committee. So, I do believe the objection is untimely and should have been done on committee time and not now at this point when we are ready to debate the issue on the floor. When we voted the bill out of committee, the first time—I don’t mind explaining this as a new chair—there was a word or two that were not expressed accurately in the motion. So, to be on the safe side, we recommended—we discussed it—and said we would move the bill again. We received the same vote count, but we used the correct terminology on moving the proposed substitute bill with a striker. I am sure that my ranking member can also explain further, if we need more details.”

MOTION

On motion of Senator Sheahan, further consideration of Substitute House Bill No. 1734 was deferred.

MOTION

At 3:17 p.m., on motion of Senator Sheahan, the Senate was declared to be at ease.

MOTION

On motion of Senator Tim Sheldon, the following Committee on Economic Development striking amendment was adopted:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. The legislature finds that tourism is a growing sector of the Washington economy. Washington has a diverse geography, geology, climate, and natural resources, and offers abundant opportunities for wildlife viewing. Nature-based tourism is the fastest growing outdoor activity and segment of the travel industry and the state can take advantage of this by marketing Washington’s natural assets to international as well as national tourist markets. Expanding tourism efforts can provide Washington residents with jobs and local communities with needed revenues.

The legislature also finds that current efforts to promote Washington’s natural resources and nature-based tourism to national and international markets are too diffuse and limited by funding and that a collaborative effort among state and local governments, tribes, and private enterprises can serve to leverage the investments in nature-based tourism made by each.

Sec. 2. RCW 43.330.090 and 1998 c 245 s 85 are each amended to read as follows:

(1) The department shall work with private sector organizations, local governments, local ((economic)) associate development organizations, and higher education and training institutions to assist in the development of strategies to diversify the economy, facilitate technology transfer and diffusion, and increase value-added production by focusing on targeted sectors. The targeted sectors may include, but are not limited to, software, forest products, biotechnology, environmental industries, recycling markets and waste reduction, aerospace, food processing, tourism, film and video, microelectronics, new materials, robotics, and machine tools. The department shall, on a continuing basis, evaluate the potential return to the state from devoting additional resources to a targeted sector’s approach to economic development
and including additional sectors in its efforts. The department shall use information gathered in each service delivery region in formulating its sectoral strategies and in designating new targeted sectors.

The department shall (a) promote Washington as a tourism destination to national and international markets to include nature-based and wildlife viewing tourism; (b) provide information to businesses and local communities on tourism opportunities that could expand local revenues; (c) assist local communities to strengthen their tourism partnerships, including their relationships with state and local agencies; (d) provide leadership training and assistance to local communities to facilitate the development and implementation of local tourism plans; (e) coordinate the development of a statewide tourism and marketing plan. The department’s tourism planning efforts shall be carried out in conjunction with public and private tourism development organizations including the department of fish and wildlife and other appropriate agencies. The plan shall specifically address mechanisms for: (i) funding national and international marketing and nature-based tourism efforts; (ii) interagency cooperation; and (iii) integrating the state plan with local tourism plans.

(3) The department may, in carrying out its efforts to expand the tourism industry in the state:

(a) solicit and receive gifts, grants, funds, fees, and endowments, in trust or otherwise, from tribal, local or other governmental entities, as well as private sources, and may expend the same or any income therefrom for tourism purposes. All revenue received for tourism purposes shall be deposited into the tourism development and promotion account created in RCW 43.330.094.

(b) host conferences and strategic planning workshops relating to the promotion of nature-based and wildlife viewing tourism;

(c) conduct or contract for tourism-related studies;

(d) contract with individuals, businesses, or public entities to carry out its tourism-related activities under this section;

(e) provide tourism-related organizations with marketing and other technical assistance;

(f) evaluate and make recommendations on proposed tourism-related policies.

(4) The department shall promote, market, and encourage growth in the production of films and videos, as well as television commercials within the state; to this end the department is directed to assist in the location of a film and video production studio within the state.

((3))) (5) in assisting in the development of a targeted sector, the department’s activities may include, but are not limited to:

(a) conducting focus group discussions, facilitating meetings, and conducting studies to identify members of the sector, appraise the current state of the sector, and identify issues of common concern within the sector;

(b) supporting the formation of industry associations, publications of association directories, and related efforts to create or expand the activities or industry associations;

(c) assisting in the formation of flexible networks by providing (i) agency employees or private sector consultants trained to act as flexible network brokers and (ii) funding for potential flexible network participants for the purpose of organizing or implementing a flexible network;

(d) helping establish research consortia;

(e) facilitating joint training and education programs;

(f) promoting cooperative market development activities;

(g) analyzing the need, feasibility, and cost of establishing product certification and testing facilities and services; and

(h) providing for methods of electronic communication and information dissemination among firms and groups of firms to facilitate network activity.

NEW SECTION. Sec. 3. A new section is added to chapter 77.12 RCW to read as follows:

The department shall manage wildlife programs in a manner that provides for public opportunities to view wildlife and supports nature-based and wildlife viewing tourism without impairing the state’s wildlife mechanisms for: (i) funding national and international marketing and nature-based tourism efforts; (ii) interagency cooperation; and (iii) integrating the state plan with local tourism plans.

NEW SECTION. Sec. 4. A new section is added to chapter 42.52 RCW to read as follows:

(e) coordinate the development of a statewide tourism and marketing plan. The department’s tourism planning efforts shall be carried out in conjunction with public and private tourism development organizations including the department of fish and wildlife and other appropriate agencies. The plan shall specifically address mechanisms for: (i) funding national and international marketing and nature-based tourism efforts; (ii) interagency cooperation; and (iii) integrating the state plan with local tourism plans.

(f) solicit and receive gifts, grants, funds, fees, and endowments, in trust or otherwise, from tribal, local or other governmental entities, as well as private sources, and may expend the same or any income therefrom for tourism purposes. All revenue received for tourism purposes shall be deposited into the tourism development and promotion account created in RCW 43.330.094.

(g) host conferences and strategic planning workshops relating to the promotion of nature-based and wildlife viewing tourism;

(h) conduct or contract for tourism-related studies;

(i) contract with individuals, businesses, or public entities to carry out its tourism-related activities under this section;

(j) provide tourism-related organizations with marketing and other technical assistance;

(k) evaluate and make recommendations on proposed tourism-related policies.

NEW SECTION. Sec. 5. A new section is added to chapter 42.52 RCW to read as follows:

When soliciting charitable gifts, grants, or donations solely for the purposes of promoting the expansion of tourism as provided for in RCW 43.330.090, state officers and state employees are presumed not to be in violation of the solicitation and receipt of gift provisions in RCW 42.52.140.

Sec. 6. RCW 42.52.150 and 1998 c 7 s 2 are each amended to read as follows:

(1) no state officer or state employee may accept gifts, other than those specified in subsections (2) and (5) of this section, with an aggregate value in excess of fifty dollars from a single source in a calendar year or a single gift from multiple sources with a value in excess of fifty dollars. For purposes of this section, “single source” means any person, as defined in RCW 42.52.010, whether acting directly or through any agent or other intermediary, and “single gift” includes any event, item, or group of items used in conjunction with each other or any trip including transportation, lodging, and
attendant costs, not excluded from the definition of gift under RCW 42.52.010. The value of gifts given to an officer’s or employee’s family member or guest shall be attributed to the official or employee for the purpose of determining whether the limit has been exceeded, unless an independent business, family, or social relationship exists between the donor and the family member or guest.

(2) Except as provided in subsection (4) of this section, the following items are presumed not to influence under RCW 42.52.140, and may be accepted without regard to the limit established by subsection (1) of this section:

(b) Unsolicited advertising or promotional items of nominal value, such as pens and note pads;
(c) Unsolicited tokens or awards of appreciation in the form of a plaque, trophy, desk item, wall memento, or similar item;
(d) Unsolicited items received by a state officer or state employee for the purpose of evaluation or review, if the officer or employee has no personal beneficial interest in the eventual use or acquisition of the item by the officer’s or employee’s agency;
(e) Informational material, publications, or subscriptions related to the recipient’s performance of official duties;
(f) Food and beverages consumed at hosted receptions where attendance is related to the state officer’s or state employee’s official duties;

((d)) Unsolicited gifts from dignitaries from another state or a foreign country that are intended to be personal in nature.

(3) The presumption in subsection (2) of this section is rebuttable and may be overcome based on the circumstances surrounding the giving and acceptance of the item.

(4) Notwithstanding subsections (2) and (5) of this section, a state officer or state employee of a regulatory agency or of an agency that seeks to acquire goods or services who participates in those regulatory or contractual matters may receive, accept, take, or seek, directly or indirectly, only the following items from a person regulated by the agency or from a person who seeks to provide goods or services to the agency:
(a) Unsolicited advertising or promotional items of nominal value, such as pens and note pads;
(b) Unsolicited tokens or awards of appreciation in the form of a plaque, trophy, desk item, wall memento, or similar item;
(c) Unsolicited items received by a state officer or state employee for the purpose of evaluation or review, if the officer or employee has no personal beneficial interest in the eventual use or acquisition of the item by the officer’s or employee’s agency;

(h) Admission to, and the cost of food and beverages consumed at, events sponsored by or in conjunction with a civic, charitable, governmental, or community organization; and
(i) Those items excluded from the definition of gift in RCW 42.52.010 except:
(1) Payments by a governmental or nongovernmental entity of reasonable expenses incurred in connection with a speech, presentation, appearance, or trade mission made in an official capacity;
(ii) Payments for seminars and educational programs sponsored by a bona fide governmental or nonprofit professional, educational, trade, or charitable association or institution; and
(iii) Flowers, plants, and floral arrangements.
(5) A state officer or state employee may accept gifts in the form of food and beverage on infrequent occasions in the ordinary course of meals where attendance by the officer or employee is related to the performance of official duties.

There being no objection, the following title amendment was adopted: On page 1, line 1 of the title, after “tourism;” strike the remainder of the title and insert “amending RCW 43.330.090, 43.330.094, and 42.52.150; adding a new section to chapter 77.12 RCW; adding a new section to chapter 42.52 RCW; and creating a new section.”

MOTION

Senator Winsley moved that the following Committee on Government Operations and Elections striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 39.10 RCW to read as follows:

(1) Public bodies may use a job order contract for public works projects when:

(a) A public body has made a determination that the use of job order contracts will benefit the public by providing an effective means of reducing the total lead-time and cost for public works projects or repair required at public facilities through the use of unit price books and work orders by eliminating time-consuming, costly aspects of the traditional public works process, which require separate contracting actions for each small project;

(b) A public body has made a determination that the use of job order contracts will benefit the public by providing an effective means of reducing the total lead-time and cost for public works projects or repair required at public facilities through the use of unit price books and work orders by eliminating time-consuming, costly aspects of the traditional public works process, which require separate contracting actions for each small project;"
(b) The work order to be issued for a particular project does not exceed two hundred thousand dollars;
(c) Less than twenty percent of the dollar value of the work order consists of items of work not contained in the unit price book; and
(d) At least eighty percent of the job order contract must be subcontracted to entities other than the job order contractor.

(2) Public bodies shall award job order contracts through a competitive process utilizing public requests for proposals. Public bodies shall make an effort to solicit proposals from a certified minority or certified woman-owned contractor to the extent permitted by the Washington state civil rights act, RCW 49.60.400. The public body shall publish, at least once in a legal newspaper of general circulation published in or as near as possible to that part of the county in which the public works will be done, a request for proposals for job order contracts and the availability and location of the request for proposal documents. The public body shall ensure that the request for proposal documents at a minimum includes:

(a) A detailed description of the scope of the job order contract including performance, technical requirements and specifications, functional and operational elements, minimum and maximum work order amounts, duration of the contract, and options to extend the job order contract;
(b) The reasons for using job order contracts;
(c) A description of the qualifications required of the proposer;
(d) The identity of the specific unit price book to be used;
(e) The minimum contracted amount committed to the selected job order contractor;
(f) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors. The public body shall ensure that evaluation factors include, but are not limited to, proposal price and the ability of the proposer to perform the job order contract. In evaluating the ability of the proposer to perform the job order contract, the public body may consider: The ability of the professional personnel who will perform on the job order contract; past performance on similar contracts; ability to meet time and budget requirements; ability to provide a performance and payment bond for the job order contract; recent, current, and projected work loads of the proposer; location; and the concept of the proposal;
(g) The form of the contract to be awarded;
(h) The method for pricing renewals of or extensions to the job order contract;
(i) A notice that the proposals are subject to the provisions of RCW 39.10.100; and
(j) Other information relevant to the project.

The public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, the finalists shall submit final proposals, including sealed bids based upon the identified unit price book. Such bids may be in the form of coefficient markups from listed price book costs. The public body shall award the contract to the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public request for proposals.

(4) The public body shall provide a protest period of at least ten business days following the day of the announcement of the apparent successful proposal to allow a protestor to file a detailed statement of the grounds of the protest. The public body shall promptly make a determination on the merits of the protest and provide to all proposers a written decision of denial or acceptance of the protest. The public body shall not execute the contract until two business days following the public body's decision on the protest.

(5) The public body shall issue no work orders until it has approved, in consultation with the office of minority and women's business enterprises or the equivalent local agency, a plan prepared by the job order contractor that equitably spreads certified women and minority business enterprise subcontracting opportunities, to the extent permitted by the Washington state civil rights act, RCW 49.60.400, among the various subcontract disciplines.

(6) Job order contracts may be executed for an initial contract term of not to exceed two years, with the option of extending or renewing the job order contract for one year. All extensions or renewals must be priced as provided in the request for proposals. The extension or renewal must be mutually agreed to by the public body and the job order contractor.

(7) The maximum total dollar amount that may be awarded under a job order contract shall not exceed three million dollars in the first year of the job order contract, five million dollars over the first two years of the job order contract, and, if extended or renewed, eight million dollars over the three years of the job order contract.

(8) For each job order contract, public bodies shall not issue more than two work orders equal to or greater than one hundred fifty thousand dollars in a twelve-month contract performance period.

(9) All work orders issued for the same project shall be treated as a single work order for purposes of the one hundred fifty thousand dollar limit on work orders in subsection (8) of this section and the two hundred thousand dollar limit on work orders in subsection (1)(b) of this section.

(10) Any new permanent, enclosed building space constructed under a work order shall not exceed two thousand gross square feet.

(11) Each public body may have no more than two job order contracts in effect at any one time.

(12) For purposes of chapters 39.08, 39.76, and 60.28 RCW, each work order issued shall be treated as a separate contract.

(13) The requirements of RCW 39.30.060 do not apply to requests for proposals for job order contracts.

(14) Job order contractors shall pay prevailing wages for all work that would otherwise be subject to the requirements of chapter 39.12 RCW. Prevailing wages for a job order contract must be determined as of the time of the execution of the job order contract and any extension or renewal.

(15) If, in the initial contract term, the public body, at no fault of the job order contractor, fails to issue the minimum amount of work orders stated in the public request for proposals, the public body shall pay the contractor an amount equal to the difference between the minimum work order amount and the actual total of the work orders issued multiplied by an appropriate percentage for overhead and profit contained in the general conditions for Washington state facility construction. This will be the contractor's sole remedy.
(16) All job order contracts awarded under this section must be executed before July 1, 2007, however the job order contract may be extended or renewed as provided for in this section.

(17) For purposes of this section, "public body" includes any school district.

Sec. 4. RCW 39.30.060 and 2002 c 163 s 2 are each amended to read as follows:
(1) Every invitation to bid on a prime contract that is expected to cost one million dollars or more for the construction, alteration, or repair of any public building or public work of the state or a state agency or municipality as defined under RCW 39.04.010 or an institution of higher education as defined under RCW 28B.10.016 shall require each prime contract bidder to submit as part of the bid, or within one hour after the published bid submittal time, the names of the subcontractors with whom the bidder, if awarded the contract, will subcontract for performance of the work of: HVAC (heating, ventilation, and air conditioning); plumbing as described in chapter 18.106 RCW; and electrical as described in chapter 19.28 RCW, or to name itself for the work. The prime contract bidder shall not list more than one subcontractor for each category of work identified, unless subcontractors vary with bid alternates, in which case the prime contract bidder must indicate which subcontractor will be used for which alternate. Failure of the prime contract bidder to submit as part of the bid the names of such subcontractors or to name itself to perform such work or the naming of two or more subcontractors to perform the same work shall render the prime contract bidder’s bid nonresponsive and, therefore, void.

(2) Substitution of a listed subcontractor in furtherance of bid shopping or bid peddling before or after the award of the prime contract is prohibited and the originally listed subcontractor is entitled to recover monetary damages from the prime contract bidder who executed a contract with the public entity and the substituted subcontractor but not from the public entity inviting the bid. It is the original subcontractor’s burden to prove by a preponderance of the evidence that bid shopping or bid peddling occurred. Substitution of a listed subcontractor may be made by the prime contractor for the following reasons:

(a) Refusal of the listed subcontractor to sign a contract with the prime contractor;
(b) Bankruptcy or insolvency of the listed subcontractor;
(c) Inability of the listed subcontractor to perform the requirements of the proposed contract or the project;
(d) Inability of the listed subcontractor to obtain the necessary license, bonding, insurance, or other statutory requirements to perform the work detailed in the contract; or
(e) The listed subcontractor is barred from participating in the project as a result of a court order or summary judgment.

(3) The requirement of this section to name the prime contract bidder’s proposed HVAC, plumbing, and electrical subcontractors applies only to proposed HVAC, plumbing, and electrical subcontractors who will contract directly with the prime contract bidder submitting the bid to the public entity.

(4) This section does not apply to job order contract requests for proposals under section 1 of this act.

NEW SECTION. Sec. 5. A new section is added to chapter 39.12 RCW to read as follows:

Job order contracts under section 1 of this act must pay prevailing wages for all work that would otherwise be subject to the requirements of this chapter. Prevailing wages for a job order contract must be determined as of the time the job order contract and any extension or renewal is executed.

Sec. 6. RCW 60.28.011 and 2000 c 185 s 1 are each amended to read as follows:

(1) Public improvement contracts shall provide, and public bodies shall reserve, a contract retainage not to exceed five percent of the moneys earned by the contractor as a trust fund for the protection and payment of: (a) The claims of any person arising under the contract; and (b) the state with respect to taxes imposed pursuant to Title 82 RCW which may be due from such contractor.

(2) Every person performing labor or furnishing supplies toward the completion of a public improvement contract shall have a lien upon moneys reserved by a public body under the provisions of a public improvement contract. However, the notice of the lien of the claimant shall be given within forty-five days of completion of the contract work, and in the manner provided in RCW 39.08.030.

(3) The contractor at any time may request the contract retainage be reduced to one hundred percent of the value of the work remaining on the project.

(a) After completion of all contract work other than landscaping, the contractor may request that the public body release and pay in full the amounts retained during the performance of the contract, and sixty days thereafter the public body must release and pay in full the amounts retained (other than continuing retention of five percent of the moneys earned for landscaping) subject to the provisions of chapters 39.12 and 60.28 RCW.

(b) Sixty days after completion of all contract work the public body must release and pay in full the amounts retained during the performance of the contract subject to the provisions of chapters 39.12 and 60.28 RCW.

(4) The moneys reserved by a public body under the provisions of a public improvement contract, at the option of the contractor, shall be:

(a) Retained in a fund by the public body;
(b) Deposited by the public body in an interest bearing account in a bank, mutual savings bank, or savings and loan association. Interest on moneys reserved by a public body under the provision of a public improvement contract shall be paid to the contractor;
(c) Placed in escrow with a bank or trust company by the public body. When the moneys reserved are placed in escrow, the public body shall issue a check representing the sum of the moneys reserved payable to the bank or trust company and the contractor jointly. This check shall be converted into bonds and securities chosen by the contractor and approved by the public body and the bonds and securities shall be held in escrow. Interest on the bonds and securities shall be paid to the contractor as the interest accrues.

(5) The contractor or subcontractor may withhold payment of not more than five percent from the moneys earned by any subcontractor or sub-subcontractor or supplier contracted with by the contractor to provide labor, materials, or equipment to the public project. Whenever the contractor or subcontractor reserves funds earned by a subcontractor or sub-subcontractor or supplier, the contractor or subcontractor shall pay interest to the subcontractor or sub-subcontractor or supplier at a rate equal to that received by the contractor or subcontractor from reserved funds.

(6) A contractor may submit a bond for all or any portion of the contract retainage in a form acceptable to the public body and subject to the bonding company meeting standards established by the public body. The public body shall accept a bond meeting these requirements unless the public body can demonstrate good cause for refusing to accept it. This bond and any proceeds therefrom are subject to all claims and liens and in the same manner and priority as set forth for retained percentages in this chapter. The public body shall release the bonded portion of the retained funds to the...
contractor within thirty days of accepting the bond from the contractor. Whenever a public body accepts a bond in lieu of retained funds from a contractor, the contractor shall accept like bonds from any subcontractors or suppliers from which the contractor has retained funds. The contractor shall then release the funds retained from the subcontractor or supplier to the subcontractor or supplier within thirty days of accepting the bond from the subcontractor or supplier.

(7) If the public body administering a contract, after a substantial portion of the work has been completed, finds that an unreasonable delay will occur in the completion of the remaining portion of the contract for any reason not the result of a breach thereof, it may, if the contractor agrees, delete from the contract the remaining work and accept as final the improvement at the stage of completion then attained and make payment in proportion to the amount of the work accomplished and in this case any amounts retained and accumulated under this section shall be held for a period of sixty days following the completion. In the event that the work is terminated before final completion as provided in this section, the public body may thereafter enter into a new contract with the same contractor to perform the remaining work or improvement for an amount equal to or less than the cost of the remaining work as was provided for in the original contract without advertisement or bid. The provisions of this chapter are exclusive and shall supersede all provisions and regulations in conflict herewith.

(8) Whenever the department of transportation has contracted for the construction of two or more ferry vessels, sixty days after completion of all contract work on each ferry vessel, the department must release and pay in full the amounts retained in connection with the construction of each vessel subject to the provisions of RCW 60.28.020 and chapter 39.12 RCW. However, the department of transportation may at its discretion condition the release of funds retained in connection with the completed ferry upon the contractor delivering a good and sufficient bond with two or more sureties, or with a surety company, in the amount of the retained funds to be released to the contractor, conditioned that no taxes shall be certified or claims filed for work on the ferry after a period of sixty days following completion of the ferry; and if taxes are certified or claims filed, recovery may be had on the bond by the department of revenue and the materialmen and laborers filing claims.

Except as provided in subsection (1) of this section, reservation by a public body for any purpose from the moneys earned by a contractor by fulfilling its responsibilities under public improvement contracts is prohibited.

(10) Contracts on projects funded in whole or in part by farmers home administration and subject to farmers home administration regulations are not subject to subsections (1) through (9) of this section.

(11) This subsection applies only to a public body that has contracted for the construction of a facility using the general contractor/construction manager procedure, as defined under RCW (39.10.040) 39.10.061. If the work performed by a subcontractor on the project has been completed within the first half of the time provided in the general contractor/construction manager contract for completing the work, the public body may accept the completion of the subcontract. The public body must give public notice of this acceptance. After a forty-five day period for giving notice of liens, and compliance with the retainage release procedures in RCW 60.28.021, the public body may release that portion of the retained funds associated with the subcontract. Claims against the retained funds after the forty-five day period are not valid.

Sec. 2. RCW 59.20.070 and 1999 c 359 s 6 are each amended to read as follows:

A landlord shall not:
(1) Deny any tenant the right to sell such tenant’s mobile home, manufactured home, or park model within a park or require the removal of the mobile home, manufactured home, or park model from the park because of the sale thereof. Requirements for the transfer of the rental agreement are in RCW 59.20.073;

(2) Restrict the tenant’s freedom of choice in purchasing goods or services but may reserve the right to approve or disapprove any exterior structural improvements on a mobile home space: PROVIDED, That door-to-door solicitation in the mobile home park may be restricted in the rental agreement. Door-to-door solicitation does not include public officials or candidates for public office meeting or distributing information to tenants in accordance with subsection (4) of this section;

(3) Prohibit meetings by tenants of the mobile home park to discuss mobile home living and affairs, including political caucuses or forums for or speeches of public officials or candidates for public office, or meetings of organizations that represent the interest of tenants in the park, held in any of the parks community or recreation halls if these halls are open for the use of the tenants conducted at reasonable times and in an orderly manner on the premises, nor penalize any tenant for participation in such activities;

(4) Prohibit a public official or candidate for public office from meeting with or distributing information to tenants in their individual mobile homes, manufactured homes, or park models, nor penalize any tenant for participating in these meetings or receiving this information;

(5) Evict a tenant, terminate a rental agreement, decline to renew a rental agreement, increase rental or other tenant obligations, decrease services, or modify park rules in retaliation for any of the following actions on the part of a tenant taken in good faith:

(a) Filing a complaint with any state, county, or municipal governmental authority relating to any alleged violation by the landlord of an applicable statute, regulation, or ordinance;

(b) Requesting the landlord to comply with the provision of this chapter or other applicable statute, regulation, or ordinance of the state, county, or municipality;

(c) Filing suit against the landlord for any reason;

(d) Participation or membership in any homeowners association or group;

(e) Charge to any tenant a utility fee in excess of actual utility costs or intentionally cause termination or interruption of any tenant’s utility services, including water, heat, electricity, or gas, except when an interruption of a reasonable duration is required to make necessary repairs;

(f) Remove or exclude a tenant from the premises unless this chapter is complied with or the exclusion or removal is under an appropriate court order; or

(g) Prevent the entry or require the removal of a mobile home, manufactured home, or park model for the sole reason that the mobile home has reached a certain age. Nothing in this subsection shall limit a landlord’s right to exclude or expel a mobile home, manufactured home, or park model for any other reason, including but not limited to, (fire and safety concerns provided such) failure to comply with fire, safety, and other provisions of local ordinances and state laws relating to mobile homes, manufactured homes, and park models, as long as the action conforms to this chapter (59.20.RCWW) or any other relevant statutory provision.

Sec. 3. RCW 59.20.073 and 1999 c 359 s 7 are each amended to read as follows:

Any rental agreement shall be assignable by the tenant to any person to whom he or she sells or transfers title to the mobile home, manufactured home, or park model.

A tenant who sells a mobile home, manufactured home, or park model within a park shall notify the landlord in writing of the date of the intended sale and transfer of the rental agreement at least fifteen days in advance of such intended transfer and shall notify the buyer in writing of the provisions of this section. The tenant shall verify in writing to the landlord payment of all taxes, rent, and reasonable expenses due on the mobile home, manufactured home, or park model and mobile home lot.

The landlord shall notify the selling tenant, in writing, of a refusal to permit the transfer of the rental agreement at least seven days in advance of such intended transfer.

The landlord may require the mobile home, manufactured home, or park model to meet applicable fire and safety standards if a state or local agency responsible for the enforcement of fire and safety standards has issued a notice of violation of those standards to the tenant and those violations remain uncorrected. Upon correction of the violation to the satisfaction of the state or local agency responsible for the enforcement of that notice of violation, the landlord’s refusal to permit the transfer is deemed withdrawn.

The landlord shall approve or disapprove of the assignment of a rental agreement on the same basis that the landlord approves or disapproves of any new tenant, and any disapproval shall be in writing. Consent to an assignment shall not be unreasonably withheld.

Failure to notify the landlord in writing, as required under subsection (2) of this section; or failure of the new tenant to make a good faith attempt to arrange an interview with the landlord to discuss assignment of the rental agreement; or failure of the current or new tenant to obtain written approval of the landlord for assignment of the rental agreement, shall be grounds for disapproval of such transfer.

Sec. 4. RCW 59.20.080 and 1999 c 359 s 10 are each amended to read as follows:

A landlord shall not terminate or fail to renew a tenancy of a tenant or the occupancy of an occupant, of whatever duration except for one or more of the following reasons:

(a) Substantial violation, or repeated or periodic violations of the rules of the mobile home park as established by the landlord at the inception of the tenancy or as assumed subsequently with the consent of the tenant or for violation of the tenant’s duties as provided in RCW 59.20.140. The tenant shall be given written notice to cease the rule violation immediately. The notice shall state that failure to cease the violation of the rule or any subsequent violation of that or any other rule shall result in termination of the tenancy, and that the tenant shall vacate the premises within fifteen days: PROVIDED, That for a periodic violation the notice shall also specify that repetition of the same violation shall result in termination: PROVIDED FURTHER, That in the case of a violation of a “material change” in park rules with respect to pets, tenants with minor children living with them, or recreational facilities, the tenant shall be given written notice under this chapter of a six month period in which to comply or vacate;

(b) Nonpayment of rent or other charges specified in the rental agreement, upon five days written notice to pay rent and/or other charges or to vacate;

(c) Conviction of the tenant of a crime, commission of which threatens the health, safety, or welfare of the other mobile home park tenants. The tenant shall be given written notice of a fifteen day period in which to vacate;

(d) Failure of the tenant to comply with local ordinances and state laws and regulations relating to mobile homes, manufactured homes, or park models or mobile home, manufactured homes, or park model living within a reasonable time after the tenant’s receipt of notice of such noncompliance from the appropriate governmental agency;

(e) Change of land use of the mobile home park including, but not limited to, conversion to a use other than for mobile homes, manufactured homes, or park models or conversion of the mobile home park to a mobile home park cooperative or mobile home park subdivision: PROVIDED, That the landlord shall give the tenants twelve months’ notice in advance of the proposed effective date of such change, except that for the period of six months following April 28, 1989, the landlord shall give the tenants eighteen months’ notice in advance of the proposed effective date of such change;

(f) Engaging in “criminal activity.” “Criminal activity” means a criminal act defined by statute or ordinance that threatens the health, safety, or welfare of the tenants. A park owner seeking to evict a tenant or occupant under this subsection need not produce
evidence of a criminal conviction, even if the alleged misconduct constitutes a criminal offense. Notice from a law enforcement agency of criminal activity constitutes grounds, but not the only grounds, for an eviction under this subsection. Notification of the seizure of illegal drugs under RCW 59.20.155 is evidence of criminal activity and is grounds for an eviction under this subsection. The requirement that any tenant or occupant register as a sex offender under RCW 9A.44.130 is grounds for eviction under this subsection. If criminal activity is alleged to be a basis of termination, the park owner may proceed directly to an unlawful detainer action.

The tenant’s application for tenancy contained a material misstatement that induced the park owner to approve the tenant as a resident of the park, and the park owner discovers and acts upon the misstatement within one year of the time the resident began paying rent:

(h) If the landlord serves a tenant three fifteen-day notices within a twelve-month period to comply or vacate for failure to comply with the material terms of the rental agreement or park rules. The applicable twelve-month period shall commence on the date of the first violation;

The landlord shall give the tenant written notice to comply immediately. The notice must state that failure to comply will result in termination of the tenancy and that the tenant shall vacate the premises within fifteen days;

If the parties cannot agree, then mediation shall be through industry mediation procedures. A duty is imposed upon both parties to participate in the mediation process in good faith for a period of ten days for an eviction under subsection (1)(a) of this section. The President declared the question before the Senate to be the adoption of the Committee on Agriculture striking amendment, as amended, to House Bill No. 1361.

The motion by Senator Swecker carried and the committee amendment, as amended, was adopted.

There being no objection, the following title amendments were considered simultaneously and were adopted:

On page 20, line 11 of the title amendment, after "16.67 RCW;" insert "adding new sections to chapter 15.88 RCW;"

On page 20, line 8 of the title amendment, strike "and 16.67.040" and insert "16.67.040, 15.88.030, 15.88.040, 15.88.050, 15.88.100, and 15.88.180"

The bill was originally moved by the committee upon a motion to recommend a substitute bill be adopted and passed.

In fact, the underlying measure is a House Bill No. 1361, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

MOTION

On motion of Senator Swecker, the rules were suspended, House Bill No. 1361, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Senator Rasmussen: “Senator Swecker, I understand that this striking amendment is not meant to affect the outcome of the recent Washington State Apple Commission case, or any related settlement negotiations. It is also my understanding that, by adopting this amendment, we do not intend to expand or alter the state’s liability with regard to agricultural commissions. Is this the case?”

Senator Swecker: “Thank you, Senator Rasmussen. Yes, you are correct. This amendment is not meant to affect the outcome of the case you referred to or to influence settlement negotiations in any manner. Furthermore, in adopting this amendment, we do not intend to expand the state’s liability with regard to agricultural commissions, and it is our intent that this amendment not be construed in a manner that would subject the state to liability.”

Further debate ensued.

The President declared the question before the Senate to be the roll call on the final passage of House Bill No. 1361, as amended by the Senate.

ROLL CALL

The Secretary called the roll on the final passage of House Bill No. 1361, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 49; Nays, 0; Absent, 0; Excused, 0.

HOUSE BILL NO. 1361, as amended by the Senate, having received the constitutional majority, was declared passed.

There being no objection, the title of the bill will stand as the title of the act.

There being no objection, the Senate resumed consideration of Substitute House Bill No. 1734, deferred on April 16, after a point of order on whether the bill was properly before the Senate.

RULING BY THE PRESIDENT

“In ruling upon the point of order raised by Senator McCaslin as to whether Substitute House Bill No. 1734 was properly before the Senate, the President finds and rules as follows:

“The President believes a brief recitation of the facts is appropriate to explain how this measure came before the body. The bill was originally moved by the committee upon a motion to recommend a substitute bill be adopted and passed. In fact, the underlying measure is a House Bill, and the Senate cannot adopt a substitute to a House Bill."
Instead, the proper way to change language in the underlying bill is with an amendment. Realizing the mistake, the committee later moved to report the bill out with a 'do pass' recommendation as amended by the committee. This was the proper motion. Because the previous motion to substitute the bill was never proper, it could not properly be reported out. Put another way, the bill was never actually reported out until the motion was correctly put to adopt a striking amendment—not a substitute. Therefore, the measure, as amended by the committee, is properly reported out and before this body for consideration.

“Senator McCaslin is correct that Senate Rule 45, No. 7, provides a mechanism by which a committee may reconsider a measure that has failed to receive a majority vote by providing one day’s notice. This is not, however, the exclusive authority by which a question may be reconsidered. The President believes that motions to reconsider achieve two primary purposes. First, they allow for the question to be decided by a true majority of the body or committee by providing an opportunity for a measure to pass that has failed because of a member’s absence or a mistake. Likewise, they allow for a member to change his or her mind. Second, a motion to reconsider can serve as a means by which the body or committee can change mistakes made in the text of a bill, presentation of a motion, or in procedure. In this regard, the main thrust of reconsideration is to ensure that the will of the body is done and done correctly, whether the reconsideration be for a question that has failed or passed. Reed’s Rule 202 makes this clear.

“It states: ‘Even after a measure has passed the ordeal of consideration, of debate and amendment, and of final passage by the assembly, it has not yet, in American assemblies, reached an end. It is subject to a motion to reconsider.’ Reed’s Rules, along with Senate Rule 37, provide additional means of reconsideration which are supplemented, not excluded, by Rule 45, No. 7. The need for Rule 45, No. 7 to specifically state a mechanism for reconsideration of a failed measure in committee is clear: once a measure has failed in committee, it will generally not be presented on the floor for full consideration, and there may be no other practical opportunity to consider any other aspect—procedural or substantive—of the measure. By contrast, a measure which has passed will, as a practical matter, generally provide more opportunities to be revisited to correct procedural or substantive mistakes. Rule 45, No 7, clearly provides a process by which a measure which fails in committee may be reconsidered by that committee, but Senate Rules and Reed’s Rules likewise provide a means by which that committee may reconsider measures which have not failed.

“The President, therefore, finds that a committee may reconsider any question still pending or within its control, regardless of whether that question was previously positively or negatively decided by that committee. Any other interpretation would leave a committee without reasonable means to correct substantive or procedural mistakes.

“With respect to the ability of a chair to hold a committee report or exercise a ‘pocket veto’ under Senate Rule 63, the President finds that a committee has a reasonable time to transmit a committee report to the Secretary of the Senate to be read in to the full body as part of the First Order of Business. If a member believes that a chair is not acting in good faith, that member has several options. First, he or she may move, in committee, that the report be immediately transmitted to the Secretary of the Senate to be read in to the full body as part of the First Order of Business. Second, he or she may move, on the floor of the Senate, that the report be read in during First Order. Third, under Rule 48, a bill may be recalled from committee by a majority vote of the membership. These are not necessarily the only remedies available, but should provide some guidance as to how a member may protest a perceived pocket veto. Therefore, the President finds that Substitute House Bill No. 1734, and the amendment by the Committee on Land Use Planning, are properly before this body for consideration. The President thanks Senator McCaslin for an opportunity to elaborate on these important issues.”

The President ruled that Substitute House Bill No. 1734 was properly before the Senate.

PERSONAL PRIVILEGE

Senator Oke: “A point of personal privilege, Mr. President. I know that we are in real tight quarters in here and I noticed when you spoke, this place was like a pin could drop and you could hear. I appreciate that. I wonder, Mr. President, if you could institute an award for the best and worst desks in here. I have walked through the passage way here and I have noticed that some are even flowing over to the other desks. If you had an award for the best or worst, we might clear this matter up.”

POINT OF ORDER

Senator Roach: “A point of order, Mr. President. This is entirely unfair. I have just noticed my desk and I think there should be plenty of warning for such a thing. I think Senator Oke’s motion is completely out of order until I have just about two minutes—if you will give me that.”

REPLY BY THE PRESIDENT

President Owen: “Since this room is set up in somewhat of a schoolroom fashion, possibly a gold star?”

PERSONAL PRIVILEGE

Senator McAuliffe: “A point of personal privilege, Mr. President. I was so impressed with your analysis of the rules and I would appreciate that it would they be written out in full and that I might have a copy.”
REPLY BY THE PRESIDENT

President Owen: “Any member may have a copy of the any of the rulings if they so desire. So it is said, so it is written and so it is done.”

PERSONAL PRIVILEGE

Senator Deccio: “A point of personal privilege, Mr. President. When you are reading those long rulings, can we ask for the last line, please?”

REPLY BY THE PRESIDENT

President Owen: “What is the opposite of a gold star?”

PERSONAL PRIVILEGE

Senator Jacobsen: “Mr. President, a point of personal privilege, Mr. President. When Senator Oke said the best and worst desk, and of course what is the best and worst desk? I understand that there have been studies and the messy desk is the most efficient, because the working documents are at the top of the pile and the eighty percent that you never use are at the bottom.”

MOTION

On motion of Senator Sheahan, the Senate will immediately consider Substitute House Bill No. 1734.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1734, by House Committee on Local Government (originally sponsored by Representatives Romero, Hinkle, Moeller, Delvin, Grant, Jarrett and Flannigan) (by request of Department of Community, Trade, and Economic Development)

Updating the state building code.

The bill was read the second time.

PERSONAL PRIVILEGE

Senator Horn: “A point of personal privilege, Mr. President. I want to thank the other members of the Highways and Transportation Committee for their fine work and cooperation on this budget process. I want to give special recognition, particularly, to Senator Finkbeiner and Senator Swecker on my side of the aisle and want to compliment Senator Haugen and her fine leadership that she has done on the opposite side of the aisle, as well as Senator Jacobsen and Senator Spanel. I think this is a budget that we have worked very closely together and I think it should solve the votes--split on both sides. It was worked as close to the center between the two bodies as you could possibly get. Thank you for all the cooperation on this budget. I look forward to trying to finish this for the rest of the session. I, particularly, want to give a compliment to our outstanding staff that we have. They have turned around things and just over night. I think both sides of the aisle appreciate the staff work without exception. They are the finest that I have worked with down here. Thank you very much."

PERSONAL PRIVILEGE

Senator Haugen: “A point of personal privilege, Mr. President. I, too, want to take the opportunity to thank our staff. I think we have the best staff in Olympia. Certainly, they have had a challenge this year with an engineer who did everything very straight and a sort of neurotic person on this side of the aisle, who wants to read everything. So, between the two of us, I think we drove them crazy. But, we really did have a good team. It was truly a bipartisan team working together to put together this revenue package and, also, this package that is really going to make a difference in the state of Washington. I think we can be proud of what the Senate has done. We have done something in a bipartisan manner both last year and this year and I hope we have set the stage for the future for transportation. Truly, it is a bipartisan issue. I really do hope that we are able to be successful this time, because if we don’t I really do think that the quality of life, which all of us really care about, will be gone. Again, thank you, Senator Horn, for your allowing us to be a part of the process. Even with the taxes, we were glad to be there. Thank you."

MOTION

On motion of Senator Eide, Senator Fairley was excused.

MOTION

On motion of Senator Roach, the following Committee on Government Operations and Elections striking amendment was adopted:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 40.14.070 and 1999 c 326 s 2 are each amended to read as follows:

(1) County, municipal, and other local government agencies may request authority to destroy noncurrent public records having no further administrative or legal value by submitting to the division of archives and records management lists of such records to be destroyed.

(b) A local government agency, as an alternative to submitting lists, may elect to establish a records control program based on recurring disposition schedules recommended by the agency to the local records committee. The schedules are to be submitted on forms prepared by the division of archives and records management to the local records committee, which may either veto, approve, or amend the schedule. Upon such approval, the schedule shall constitute authority for the local government agency to destroy the records listed thereon, after the required retention period, on a recurring basis until the schedule is either amended or revised by the committee.

(2)(a) Except as otherwise provided by law, no public records shall be destroyed until approved for destruction by the local records committee. Official public records shall not be destroyed unless:

(i) The records are six months or more years old;

(ii) The department of origin of the records has made a satisfactory showing to the local records committee that the retention of the records for a minimum of six years is both unnecessary and uneconomical, particularly where lesser federal retention periods for records generated by the state under federal programs have been established;

(iii) The original of official public records less than six years old have been copied or reproduced by any photographic, photostatic, microfilm, miniature photographic, or other process approved by the state archivist which accurately reproduces or forms a durable medium for so reproducing the original.

An automatic reduction of retention periods from seven to six years for official public records on record retention schedules existing on June 10, 1982, shall not be made, but the same shall be reviewed individually by the local records committee for approval or disapproval of the change to a retention period of six years.

The state archivist may furnish appropriate information, suggestions, and guidelines to local government agencies for their assistance in the preparation of lists and schedules or any other matter relating to the retention, preservation, or destruction of records under this chapter. The local records committee may adopt appropriate regulations establishing procedures to be followed in such matters.

Records of county, municipal, or other local government agencies, designated by the archivist as of primarily historical interest, may be transferred to a recognized depository agency.

(2)(b) Records of investigative reports prepared by any state, county, municipal, or other law enforcement agency pertaining to sex offenders contained in chapter 9A.44 RCW or sexually violent offenses as defined in RCW 71.09.020 that are not required in the current operation of the law enforcement agency or for pending judicial proceedings shall, following the expiration of the applicable schedule of the law enforcement agency’s retention of the records, be transferred to the Washington association of sheriffs and police chiefs for permanent electronic retention and retrieval. Upon electronic retention of any document, the association shall be permitted to destroy the paper copy of the document.

(c) Any record transferred to the Washington association of sheriffs and police chiefs pursuant to (b) of this subsection shall be deemed to no longer constitute a public record pursuant to RCW 42.17.020 and shall be exempt from public disclosure. Such records shall be disseminated only to criminal justice agencies as defined in RCW 10.97.030 for the purpose of determining if a sex offender met the criteria of a sexually violent predator as defined in chapter 71.09 RCW.
Except as otherwise provided by law, county, municipal, and other local government agencies may, as an alternative to destroying noncurrent public records having no further administrative or legal value, donate the public records to the state library, local library, historical society, genealogical society, or similar society or organization.

Public records may not be donated under this subsection unless:

(a) The records are seventy years old or more;
(b) The local records committee has approved the destruction of the public records; and
(c) The state archivist has determined that the public records have no historic interest.

PERSONAL PRIVILEGE

Senator Rossi: “Mr. President, a point of personal privilege. We’ve passed a number of bills today and we have been passing a number of bills all session long. I just thought--it is kind of at that point where I would like to say, ‘thank you.’ We have had bills that passed in a bipartisan fashion--fifty bills necessary to implement the budget, the average vote thirty votes. When we started this session, we said that this problem was too big for one party to solve. Many people understood exactly what we said. We have only seen maybe four or five bills to implement the budget from the other body so far, but we have pretty much everything we need to make all the budgets work over in the other body, as we speak. These are the lists of the bills that we passed. I would just like to say ‘thank you,’ not only to this side of the aisle, but on the other side of the aisle.

“Thank you to Senator Fairley. We didn’t agree on everything, obviously. There are some things we didn’t agree on, but you know, when you told me where you stood, when I got there, you were there--always. You are honest as the day is long and I appreciate that. The other part of this--what about the staff--theTransportation Committee, the Ways and Means Committee--tremendous job. I think we all owe them a debt of gratitude. I just want to bring that up of how this body is operated and I think we all have a right to be proud of. Thank you, Mr. President.”

In circumstances where a nonmercury-added product is not available, preference must be given to the purchase of products that contain the least amount of mercury added to the product necessary for the required performance.

NEW SECTION. Sec. 8. The department is authorized to participate in a regional or multistate clearinghouse to assist in carrying out any of the requirements of this chapter. The application must indicate the reach or reaches of the stream where the trust water right will be established before the transfer of the water right or portion thereof from the trust water program, and identify reasonably foreseeable future temporary or permanent beneficial uses for which the water right or portion thereof may be used by a third party upon transfer from the trust water right program. In the event the future use of, period of use, or other elements of the water right are not specifically identified at the time of the transfer into the trust water program, another review under RCW 90.03.380 will be necessary at the time of a proposed transfer from the trust water program.

ENGROSSED HOUSE BILL NO. 1376, by Representatives Romero, Dickerson, Schoesler, Hunt, Linville, Eickmeyer, Lantz, Wallace and Kenney

Exempting the use of certain water storage facilities from the water code permitting requirements.
Senator Morton moved that the following Committee on Natural Resources, Energy and Water striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 90.03.250 and 1987 c 109 s 83 are each amended to read as follows:

(1) Any person, municipal corporation, firm, irrigation district, association, corporation, or water users' association hereafter desiring to appropriate water for a beneficial use shall make an application to the department for a permit to make such appropriation, and shall not use or divert such waters until he or she has received a permit from the department as in this chapter provided. The construction of any ditch, canal, or works, or performing any work in connection with said construction or appropriation, or the use of any waters, shall not be an appropriation of such water nor an act for the purpose of appropriating water unless a permit to make said appropriation has first been granted by the department (provided further that),

(2) A temporary permit may be granted upon a proper showing made to the department to be valid only during the pendency of such application for a permit unless sooner revoked by the department (provided further that),

(3) Nothing in this chapter (containing) shall be deemed to affect RCW 90.40.010 through 90.40.080 except that the notice and certificate (therein) provided for in RCW 90.40.030 shall be addressed to the department, and the department shall exercise the powers and perform the duties prescribed by RCW 90.40.030.

(4) No permit is required to capture or use water in rain barrels, cisterns, ponds, or other storm water facilities for capturing runoff from residential, commercial, or industrial properties, or from public facilities, regardless of whether the captured water is put to beneficial use. The captured water may not be transferred to or used in a water resource inventory area (WRIA), as defined in RCW 90.82.020, other than the water resource inventory area in which the water is captured. The exemption specified in this subsection only applies within counties that are not under the jurisdiction of growth management hearings boards established in RCW 96.70A.250.

Sec. 2. RCW 90.03.370 and 2002 c 329 s 10 are each amended to read as follows:

(1)(a) All applications for reservoir permits are subject to the provisions of RCW 90.03.250 through 90.03.320. But the party or parties proposing to apply to a beneficial use the water stored in any such reservoir shall also file an application for a permit, to be known as the secondary permit, which shall be in compliance with the provisions of RCW 90.03.250 through 90.03.320. Such secondary application shall refer to such reservoir as its source of water supply and shall show documentary evidence that an agreement has been entered into with the owners of the reservoir for a permanent and sufficient interest in said reservoir to impound enough water for the purposes set forth in said application. When the beneficial use has been completed and perfected under the secondary permit, the department shall take the proof of the water users under such permit and the final certificate of appropriation shall refer to both the ditch and works described in the secondary permit and the reservoir described in the primary permit. The department may accept for processing a single application form covering both a proposed reservoir and a proposed secondary permit or permits for use of water from that reservoir.

(b) The department shall expedite processing applications for the following types of storage proposals:

(i) Development of storage facilities that will not require a new water right for diversion or withdrawal of the water to be stored;

(ii) Adding or changing one or more purposes of use of stored water;

(iii) Adding to the storage capacity of an existing storage facility; and

(iv) Applications for secondary permits to secure use from existing storage facilities.

(c) A secondary permit for the beneficial use of water shall not be required for use of water stored in a reservoir where the water right for the source of the stored water authorizes the beneficial use.

(a) For the purposes of this section, "reservoir" includes, in addition to any surface reservoir, any naturally occurring underground geological formation where water is collected and stored for subsequent use as part of an underground artificial storage and recovery project. To qualify for issuance of a reservoir permit an underground geological formation must meet standards for review and mitigation of adverse impacts identified, for the following issues:

(I) Aquifer vulnerability and hydraulic continuity;

(ii) Potential impairment of existing water rights;

(iii) Geotechnical impacts and aquifer boundaries and characteristics;

(iv) Chemical compatibility of surface waters and ground water;

(v) Recharge and recovery treatment requirements;

(vi) System operation;

(vii) Water rights and ownership of water stored for recovery; and

(viii) Environmental impacts.

(b) Standards for review and standards for mitigation of adverse impacts for an underground artificial storage and recovery project shall be established by the department by rule. Notwithstanding the provisions of RCW 90.03.250 through 90.03.320, analysis of each underground artificial storage and recovery project and each underground geological formation for which an applicant seeks the status of a reservoir shall be through applicant-initiated studies reviewed by the department.

(c) For the purposes of this section, "underground artificial storage and recovery project" means any project in which it is intended to artificially store water in the ground through injection, surface spreading and infiltration, or other department-approved method, and to make subsequent use of the stored water. However, (a) this subsection does not apply to irrigation return flow, or to operational and seepage losses that occur during the irrigation of land, or to water that is artificially stored due to the construction, operation, or maintenance of an irrigation district project, or to projects involving water reclaimed in accordance with chapter 90.46 RCW; and (b) RCW 90.44.130 applies to those instances of claimed artificial recharge occurring due to the construction, operation, or maintenance of an irrigation district project or operational and seepage losses that occur during the irrigation of land, as well as other forms of claimed artificial recharge already existing at the time a ground water subarea is established.

(d) Nothing in chapter 98, Laws of 2000 changes the requirements of existing law governing issuance of permits to appropriate or withdraw the waters of the state.

(e) The department shall report to the legislature by December 31, 2001, on the standards for review and standards for mitigation developed under subsection (3) of this section and on the status of any applications that have been filed with the department for underground artificial storage and recovery projects by that date.

(f) Where needed to ensure that existing storage capacity is effectively and efficiently used to meet multiple purposes, the department may authorize reservoirs to be filled more than once per year or more than once per season of use.

(g) No permit is required to capture or use water in rain barrels, cisterns, ponds, or other storm water facilities for capturing runoff from residential, commercial, or industrial properties, or from public facilities, regardless of whether the captured water is put to beneficial use. The captured water may not be transferred to or used in a water resource inventory area (WRIA), as defined in RCW.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 35.13 RCW to read as follows:

(1) The legislative body of any county, city, or town planning under chapter 36.70A RCW may initiate an annexation process for unincorporated territory by adopting a resolution commencing negotiations for an interlocal agreement as provided in chapter 39.34 RCW between a county and any city or town within the county. The territory proposed for annexation must meet the following criteria:

(a) Be within the city or town urban growth area designated under RCW 36.70A.110, and
(b) at least sixty percent of the boundaries of the territory proposed for annexation must be contiguous to the annexing city or town and at least one other city or town.

(2) If the territory proposed for annexation has been designated in an adopted county comprehensive plan as part of an urban growth area, urban service area, or potential annexation area for a specific city or town, or if the urban growth area territory proposed for annexation has been designated in a written agreement between a city or town and a county for annexation to a specific city or town, the designation or designations shall receive full consideration before a city or county may initiate the annexation process provided for in section 2 of this act.

(3) The agreement shall describe the boundaries of the territory to be annexed. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

(4) Following adoption and execution of the agreement by both legislative bodies, the city or town legislative body shall adopt an ordinance providing for the annexation of the territory described in the agreement. The legislative body shall cause notice of the proposed effective date of the agreement, together with a description of the property to be annexed, to be published at least once a week for two weeks subsequent to the date of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the territory to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of the requirements. Any territory to be annexed through an ordinance adopted under this section is annexed and becomes a part of the city or town upon the date fixed in the ordinance of annexation, which date may not be fewer than forty-five days after adoption of the ordinance.

NEW SECTION. Sec. 2. A new section is added to chapter 35.13 RCW to read as follows:

(1) The legislative body of any county planning under chapter 36.70A RCW may initiate an annexation process with the legislative body of any other cities or towns that are contiguous to the territory proposed for annexation in section 1 of this act if:

(a) The county legislative body initiated an annexation process as provided in section 1 of this act; and
(b) The affected city or town legislative body adopted a responsive resolution accepting the proposed annexation or declined to create the requested interlocal agreement with the county; or
(c) More than one hundred eighty days have passed since adoption of a county resolution as provided for in section 1 of this act and the parties have not adopted or executed an interlocal agreement providing for the annexation of unincorporated territory. The legislative body for either the county or an affected city or town may, however, pass a resolution extending the negotiation period for one or more six-month periods if a public hearing is held and findings of fact are made prior to each extension.

(2) Any county initiating the process provided for in subsection (1) of this section must do so by adopting a resolution commencing negotiations for an interlocal agreement as provided in chapter 39.34 RCW between the county and any city or town within the county. The annexation area must be within an urban growth area designated under RCW 36.70A.110 and at least sixty percent of the boundaries of the territory to be annexed must be contiguous to two or more cities or towns.

(3) The agreement shall describe the boundaries of the territory to be annexed. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

(4) Following adoption and execution of the agreement by both legislative bodies, the city or town legislative body shall adopt an ordinance providing for the annexation. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once a week for two weeks subsequent to the date of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the territory to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of the requirements. Any area to be annexed through an ordinance adopted under this section is annexed and becomes a part of the city or town upon the date fixed in the ordinance of annexation, which date may not be fewer than forty-five days after adoption of the ordinance.

(5) The annexation ordinances provided for in section 1(4) of this act and subsection (4) of this section are subject to referendum for forty-five days after passage. Upon the filing of a timely and sufficient referendum petition with the legislative body, signed by registered voters in number equal to not less than fifteen percent of the votes cast in the last general state election in the area to be annexed, the question of annexation shall be submitted to the voters of the area in a general election if one is to be held within ninety days or at a special election called for that purpose not less than forty-five days nor more than ninety days after the filing of the referendum petition. Notice of the election shall be given as provided in RCW 35.13.080 and the election shall be conducted as provided in the general election law. The annexation shall be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition thereto.

After the expiration of the forty-fifth day from but excluding the date of passage of the annexation ordinance, if no timely and sufficient referendum petition has been filed, the area annexed shall become a part of the city or town upon the date fixed in the ordinance of annexation.

(6) If more than one city or town adopts interlocal agreements providing for annexation of the same unincorporated territory as provided by this section, an election shall be held in the area to be annexed pursuant to RCW 35.13.070 and 35.13.080. In addition to the provisions of RCW 35.13.070 and 35.13.080, the ballot shall also contain a separate proposition allowing voters to cast votes in favor of annexation to any one city or town participating in an interlocal agreement as provided by this section. If a majority of voters voting on the proposition vote against annexation, the proposition is defeated. If, however, a majority of voters voting in the election approve annexation, the area shall be annexed to the city or town receiving the highest number of votes among those cast in favor of annexation.

(7) Costs for an election required under subsection (6) of this section shall be borne by the county.

NEW SECTION. Sec. 3. A new section is added to chapter 35A.14 RCW to read as follows:

RCW between a county and any code city within the county. The territory proposed for annexation must meet the following criteria:

(1) Be within the code city urban growth area designated under RCW 36.70A.110, and

(2) If the territory proposed for annexation has been designated in an adopted county comprehensive plan as part of an urban growth area, urban service area, or potential annexation area for a specific city, or if the urban growth area territory proposed for annexation has been designated in a county code city or the annexation to a specific city or town, the designation or designations shall receive full consideration before a city or county may initiate the annexation process provided for in section 4 of this act.

The agreement shall describe the boundaries of the territory to be annexed. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

Following adoption and execution of the agreement by both legislative bodies, the city legislative body shall adopt an ordinance providing for the annexation of the territory described in the agreement. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the territory to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of the requirements. Any territory to be annexed through an ordinance adopted under this section is annexed and becomes a part of the city at the date fixed in the ordinance of annexation, which date may not be fewer than forty-five days after adoption of the ordinance.

NEW SECTION. Sec. 4. A new section is added to chapter 35A.14 RCW to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each county that is designated an urban growth area shall adopt, in its comprehensive plan, a statement of the criteria for designation.

(2) Based upon the growth management provisions of RCW 35A.14.070, the ballot shall also contain a separate proposition allowing voters to cast votes in favor of annexation to any one city or town participating in an interlocal agreement as provided by this section. If a majority of voters voting on the proposition vote against annexation, the proposition is defeated. If, however, a majority of voters voting in the election approve annexation, the area shall be annexed to the city or town receiving the highest number of votes among those cast in favor of annexation. Costs for an election required under subsection (6) of this section shall be borne by the county.

Sec. 5. RCW 36.70A.110 and 1997 c 429 s 24 are each amended to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than one city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth or whether it not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as provided for in RCW 36.70A.350.

(2) Based upon the growth management projections made for the county by the office of financial management, the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth. Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chosen to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban...
(4) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and RCW 36.70A.110. Such action may be appealed to the appropriate growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

(7) An urban growth area designated in accordance with this section may include within its boundaries urban service areas or potential annexation areas designated for specific cities or towns within the county.”

(a) Be within the city or town urban growth area designated under RCW 36.70A.110, and
(b) at least sixty percent of the boundaries of the territory proposed for annexation must be contiguous to the annexing city or town or one or more cities or towns.

(2) If the territory proposed for annexation has been designated in an adopted county comprehensive plan as part of an urban growth area, urban service area, or potential annexation area for a specific city or town, or if the urban growth area territory proposed for annexation has been designated in a written agreement between a city or town and a county for annexation to a specific city or town, the designation or designations shall receive full consideration before a city or county may initiate the annexation process provided for in section 2 of this act.

(3) The agreement shall describe the boundaries of the territory to be annexed. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

(4) Following adoption and execution of the agreement by both legislative bodies, the city or town legislative body shall adopt an ordinance providing for the annexation of the territory described in the agreement. The legislative body shall cause notice of the proposed effective date of the ordinance to be published, to be published at least once each week for two weeks subsequent to the date of the hearing, in one or more newspapers of general circulation within the territory to be annexed. If such an agreement is not reached with each city located within the urban growth area, the county shall in writing justify why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(5) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

(6) On motion of Senator Mulliken, the following striking amendment was adopted:

“NEW SECTION. Sec. 1. A new section is added to chapter 35.13 RCW to read as follows:

(1) The legislative body of any county planning under chapter 36.70A RCW and subject to the requirements of RCW 36.70A.215 may initiate an annexation process with the legislative body of any other cities or towns that are contiguous to the territory proposed for annexation in section 1 of this act if:

(a) The county legislative body initiated an annexation process as provided in section 1 of this act; and
(b) The affected city or town legislative body adopted a resolution rejecting the proposed annexation or declined to create the requested interlocal agreement with the county; or
(c) More than one hundred eighty days have passed since adoption of a county resolution as provided for in section 1 of this act and the parties have not adopted or executed an interlocal agreement providing for the annexation of unincorporated territory. The legislative body for either the county or an affected city or town may, however, pass a resolution extending the negotiation period for one or more six-month periods if a public hearing is held and findings of fact are made prior to each extension.

(2) Any county initiating the process provided for in subsection (1) of this section must do so by adopting a resolution commencing negotiations for an interlocal agreement as provided in chapter 39.34 RCW between the county and any city or town within the county. The annexation area must be within an urban growth area designated under RCW 36.70A.110 and at least sixty percent of the boundaries of the territory to be annexed must be contiguous to one or more cities or towns.

(3) The agreement shall describe the boundaries of the territory to be annexed. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

(4) The agreement shall describe the boundaries of the territory to be annexed. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and RCW 36.70A.110. Such action may be appealed to the appropriate growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

(7) An urban growth area designated in accordance with this section may include within its boundaries urban service areas or potential annexation areas designated for specific cities or towns within the county.”
to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the territory to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of the requirements. Any area to be annexed through an ordinance adopted under this section is annexed and becomes a part of the city or town upon the date fixed in the ordinance of annexation, which date may not be less than forty-five days after adoption of the ordinance.

(5) The annexation ordinances provided for in section 1(4) of this act and subsection (4) of this section are subject to referendum for forty-five days after passage. Upon the filing of a timely and sufficient referendum petition with the legislative body, signed by registered voters in number equal to not less than fifteen percent of the votes cast in the last general state election in the area to be annexed, the question of annexation shall be submitted to the voters of the area in a general election if one is to be held within ninety days or at a special election called for that purpose not less than forty-five days nor more than ninety days after the filing of the referendum petition. Notice of the election shall be given as provided in RCW 35.13.080 and the election shall be conducted as provided in the general election law. The annexation shall be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition thereto.

After the expiration of the forty-fifth day from but excluding the date of passage of the annexation ordinance, if no timely and sufficient referendum petition has been filed, the area annexed shall become a part of the city or town upon the date fixed in the ordinance of annexation.

(6) If more than one city or town adopts interlocal agreements providing for annexation of the same unincorporated territory as provided by this section, an election shall be held in the area to be annexed pursuant to RCW 35.13.070 and 35.13.080. In addition to the provisions of RCW 35.13.070 and 35.13.080, the ballot shall also contain a separate proposition allowing voters to cast votes in favor of annexation to any one city or town participating in an interlocal agreement as provided by this section. If a majority of voters voting on the proposition vote against annexation, the proposition is defeated. If, however, a majority of voters voting in the election approve annexation, the area shall be annexed to the city or town receiving the highest number of votes among those cast in favor of annexation.

(7) Costs for an election required under subsection (6) of this section shall be borne by the county.

NEW SECTION. Sec. 3. A new section is added to chapter 35A.14 RCW to read as follows:

(1) The legislative body of a county or code city planning under chapter 36.70A RCW and subject to the requirements of RCW 36.70A.215 may initiate an annexation process for unincorporated territory by adopting an agreement commencing negotiations for an interlocal agreement as provided in chapter 39.34 RCW between a county and any code city within the county. The territory proposed for annexation must meet the following criteria: (a) Be within the code city urban growth area designated under RCW 36.70A.110, and (b) at least sixty percent of the boundaries of the territory proposed for annexation must be contiguous to the annexing code city, one or more cities or townships.

(2) If the territory proposed for annexation has been designated in an adopted county comprehensive plan as part of an urban growth area, urban service area, or potential annexation area for a specific city, or if the urban growth area territory proposed for annexation has been designated in a written agreement between a city and a county for annexation to a specific city or town, the designation or designations shall receive full consideration before a city or county may initiate the annexation process provided for in section 4 of this act.

(3) The agreement shall describe the boundaries of the territory to be annexed. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

(4) Following adoption and execution of the agreement by both legislative bodies, the city legislative body shall adopt an ordinance providing for the annexation of the territory described in the agreement. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the territory to be annexed. Any territory to be annexed through an ordinance adopted under this section is annexed and becomes a part of the city or town upon the date fixed in the ordinance of annexation, which date may not be less than forty-five days after adoption of the ordinance.

NEW SECTION. Sec. 4. A new section is added to chapter 35A.14 RCW to read as follows:

(1) The legislative body of any county planning under chapter 36.70A RCW and subject to the requirements of RCW 36.70A.215 may initiate an annexation process with the legislative body of any other cities or towns that are contiguous to the territory proposed for annexation in section 3 of this act if:

(a) The county legislative body initiated an annexation process as provided in section 3 of this act; and

(b) The affected city legislative body adopted a responsive resolution rejecting the proposed annexation or declined to create the requested interlocal agreement with the county; or

(c) More than one hundred eighty days have passed since adoption of a county resolution as provided for in section 3 of this act and the parties have not adopted or executed an interlocal agreement providing for the annexation of unincorporated territory. The legislative body for either the county or an affected city may, however, pass a resolution extending the negotiation period for one or more six-month periods if a public hearing is held and findings of fact are made prior to each extension.

(2) Any county initiating the process provided for in subsection (1) of this section must do so by adopting a resolution commencing negotiations for an interlocal agreement as provided in chapter 39.34 RCW between the county and any city or town within the county. The annexation area must be within an urban growth area designated under RCW 36.70A.110 and at least sixty percent of the boundaries of the territory to be annexed must be contiguous to one or more cities or townships.

(3) The agreement shall describe the boundaries of the territory to be annexed. A public hearing shall be held by each legislative body, separately or jointly, before the agreement is executed. Each legislative body holding a public hearing shall, separately or jointly, publish the agreement at least once a week for two weeks before the date of the hearing in one or more newspapers of general circulation within the territory proposed for annexation.

(4) Following adoption and execution of the agreement by both legislative bodies, the city or town legislative body shall adopt an ordinance providing for the annexation. The legislative body shall cause notice of the proposed effective date of the annexation, together with a description of the property to be annexed, to be published at least once each week for two weeks subsequent to passage of the ordinance, in one or more newspapers of general circulation within the city and in one or more newspapers of general circulation within the territory to be annexed. If the annexation ordinance provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice shall include a statement of the requirements. Any territory to be annexed through an ordinance adopted under this section is annexed and becomes a part of the city or town upon the date fixed in the ordinance of annexation, which date may not be less than forty-five days after adoption of the ordinance.
(5) The annexation ordinances provided for in section 3(4) of this act and subsection (4) of this section are subject to referendum for forty-five days after passage. Upon the filing of a timely and sufficient referendum petition with the legislative body, signed by registered voters in number equal to not less than fifteen percent of the votes cast in the last general state election in the area to be annexed, the question of annexation shall be submitted to the voters of the area in a general election if one is to be held within ninety days or at a special election called for that purpose not less than forty-five days nor more than ninety days after the filing of the referendum petition. Notice of the election shall be given as provided in RCW 35A.14.070 and the election shall be conducted as provided in the general election law. The annexation shall be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition thereto. After the expiration of the forty-fifth day from but excluding the date of passage of the annexation ordinance, if no timely and sufficient referendum petition has been filed, the area annexed shall become a part of the city or town upon the date fixed in the ordinance of annexation.

(6) If more than one city or town adopts interlocal agreements providing for annexation of the same unincorporated territory as provided by this section, an election shall be held in the area to be annexed pursuant to RCW 35A.14.070. If a majority of voters voting on the proposition vote against annexation, the proposition is defeated. If, however, a majority of voters voting in the election approve annexation, the area shall be annexed to the city or town receiving the highest number of votes among those cast in favor of annexation.

Sec. 5. RCW 36.70A.110 and 1997 c 429 s 24 are each amended to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the growth management population projection made for the county by the office of financial management, the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period. Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances.

Cities and counties have discretion in their comprehensive planning in making decisions about accommodating urban growth. Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification of the resolution of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally within sixty days of receipt of the designation of the urban growth area in which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

(4) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and RCW 36.70A.110. Such action may be appealed to the appropriate growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

(7) An urban growth area designated in accordance with this section may include within its boundaries urban service areas or potential annexation areas designated for specific cities or towns within the county.

There being no objection, the following title amendment was adopted:

On page 1, line 2 of the title, after "territory;" strike the remainder of the title and insert "amending RCW 36.70A.110; adding new sections to chapter 35.13 RCW; and adding new sections to chapter 35A.14 RCW."

MOTION

On motion of Senator Mulliken, the rules were suspended. Substitute House Bill No. 1755, as amended by the Senate, was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

The President declared the question before the Senate to be the roll call on the final passage of Substitute Senate Bill No. 1755, as amended by the Senate.

ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 1755, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 48; Nays, 0; Absent, 0; Excused, 1.
A point of personal privilege, Mr. President. I know it is a very busy day, but I did want to note the sad passing this morning of a man who has had a very positive influence on my life and the life of many millions of people around the world, Dr. Robert Atkins. He slipped and fell on an ivy sidewalk in New York City last week and unfortunately died this morning after being in a comma, at the age of seventy-two. He is the namesake of the Atkins Diet, which has become a very popular regiment for many individuals. There are a lot of us who owe a great deal of gratitude to him. I, myself, have lost about eighty pounds over the past two plus years, thanks to the Atkins Diet. I felt I needed to take this opportunity to say a little bit about him this morning. He first came in to prominence with the publication of a book in 1972, called *DR. ATKINS DIET REVOLUTION*. It really was a revolutionary in the good sense and the bad sense. It was not very popular with the medical establishment. It was about as well received as during its time of Copernicus and Galileo’s theories of about the earth not being the center of the universe. “The American Medical Association described his theories as potentially dangerous, naive, mild chemically incorrect and bizarre concepts of nutrition and dieting. Fortunately, before he died, some studies came out earlier this year that largely vindicated his belief that a high protein, low carbohydrate the key for many individuals to av...

Sec. 2. RCW 28A.655.070 and 1999 c 388 s 501 are each amended to read as follows:

(1) The superintendent of public instruction shall develop essential academic learning requirements that identify the knowledge and skills all public school students need to know and be able to do based on the student learning goals in RCW 28A.150.210, develop student assessments, and implement the accountability recommendations and requests regarding assistance, rewards, and recognition of the academic achievement and accountability commission.

(2) The superintendent of public instruction shall:

   (a) Periodically revise the essential academic learning requirements, as needed, based on the student learning goals in RCW 28A.150.210. Goals one and two shall be considered primary. To the maximum extent possible, the superintendent shall integrate goal four and the knowledge and skill areas in the other goals in the essential academic learning requirements, and
   (b) Review and prioritize the essential academic learning requirements and identify, with clear and concise descriptions, the grade level content expectations to be assessed on the Washington assessment of student learning and used for state or federal accountability purposes. The review, prioritization, and identification shall result in more focus and targeting with an emphasis on depth over breadth in the number of grade level content expectations assessed at each grade level. Grade level content expectations shall be articulated over the grades as a sequence of expectations and performances that are logical, build with increasing depth after foundational knowledge and skills are acquired, and reflect, where appropriate, the sequential nature of the discipline.

(3) In consultation with the academic achievement and accountability commission, the superintendent of public instruction shall maintain and continue to develop and revise a statewide academic assessment system in the content areas of reading, writing, mathematics, and science for use in the elementary, middle, and high school years designed to determine if each student has mastered the essential academic learning requirements identified in subsection (1) of this section. The academic assessment system shall include a variety of assessment methods, including criterion-referenced and performance-based measures.

(4) If the superintendent proposes any modification to the essential academic learning requirements or the statewide assessments, then the superintendent shall, upon request, provide opportunities for the education committees of the house of representatives and the senate to review the proposed modifications to the essential academic learning requirements before the modifications are adopted.

(5)(a) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not mastered the essential academic learning requirements at the appropriate periods in the student’s educational development.

   (b) Assessments measuring the essential academic learning requirements in the content areas of reading, writing, mathematics, and science shall be available for voluntary use by school districts and shall be required to be administered by school districts according to the following schedule unless the legislature takes action to delay or prevent implementation of the assessment system and essential academic learning requirements.

(c) School districts may design, develop, administer, score, and report classroom-based elementary, middle, and/or high school assessments in the content areas of communication, social studies, arts, and health and fitness. Such assessments shall be based on the student learning goals and measure the essential academic learning requirements.

(6) By September 2006, the results for reading and mathematics shall be reported in a format that will allow parents and teachers to determine the academic gain a student has acquired in those content areas from one school year to the next.

(7) In order to assist parents and teachers in their efforts to provide educational support to individual students, including students seeking a scholar’s certificate or a certificate of achievement, the superintendent of public instruction shall provide as much individual student performance information as possible within the constraints of the assessment system’s item bank. The superintendent shall also provide to school districts information on classroom-based and other assessments that may provide additional achievement information for individual students.
Senator Johnson moved that the following striking amendment by Senators Johnson and McAuliffe be adopted: Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The superintendent of public instruction shall report to the governor, the state board of education, and the house of representatives and senate education committees on:

(a) The review, prioritization, and identification of the essential academic learning requirements and grade level content expectations in accordance with the following timelines:
(i) In the content areas of reading, writing, math, and science by November 1, 2004;
(ii) In the content area of social studies by November 1, 2005;

(b) Subject to available funding, the results of independent research on the alignment and technical review of the reading, writing, and science content areas of the Washington assessment of student learning for fourth and seventh grades and for high school.

The review shall be comparable to the research conducted on the mathematics assessments.

(2) By November 30, 2004, the superintendent of public instruction shall report to the governor, the state board of education, and the house of representatives and senate education committees on the results of its review of the student performance scores needed to meet all grade level content standards on the Washington assessment of student learning, including individual student performance information, to schools, teachers, and parents in the same school year in which the assessment is administered. Subject to available funding, beginning no later than 2006, the results of the math component of the spring administration of the high school Washington assessment of student learning shall be available to students, parents, and schools before June 1st of each year.

(3) By November 30, 2006, subject to available funding, the academic achievement and accountability commission shall report to the governor, the superintendent of public instruction, the state board of education, and the house of representatives and senate education committees on the results of its review of the student performance scores needed to meet all grade level content standards on the Washington assessment of student learning. In its report, the commission shall include a schedule for the regular review and adjustment of the student performance scores. If the commission makes any change or adjustment to the student performance standards, then the changes shall not be implemented until after the conclusion of the subsequent legislative session, providing an opportunity for the legislature to take action if any action is deemed warranted by the legislature.

Sec. 4. RCW 9.94A.535 and 2002 c 169 s 1 are each amended to read as follows:

The court may impose a sentence outside the standard sentence range for an offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence. Whenever a sentence outside the standard sentence range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard sentence range shall be a determinate sentence unless it is imposed on an offender sentenced under RCW 9.94A.712. An exceptional sentence imposed on an offender sentenced under RCW 9.94A.712 shall be to a minimum term set by the court and a maximum term equal to the statutory maximum sentence for the offense of conviction under chapter 9A.20 RCW.

If the sentencing court finds that an exceptional sentence outside the standard sentence range should be imposed, the sentence is subject to review only as provided for in RCW 9.94A.585(4). A departure from the standards in RCW 9.94A.589 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in this section, and may be appealed by the offender or the state as set forth in RCW 9.94A.585 (2) through (6).

The following are illustrative factors which the court may consider in the exercise of its discretion to impose an exceptional sentence. The following are illustrative only and are not intended to be exclusive reasons for exceptional sentences.

(1) Mitigating Circumstances
   (a) To a significant degree, the victim was an initiator, willing participant, aggressor, or provoker of the incident.
   (b) Before detection, the defendant compensated, or made a good faith effort to compensate, the victim of the criminal conduct for any damage or injury sustained.
   (c) The defendant committed the crime under duress, coercion, threat, or compulsion insufficient to constitute a complete defense but which significantly affected his or her conduct.
   (d) The defendant, with no apparent predisposition to do so, was induced by others to participate in the crime.
   (e) The defendant’s capacity to appreciate the wrongfulness of his or her conduct, or to conform his or her conduct to the requirements of the law, was significantly impaired.
   (f) The offense was principally accomplished by another person and the defendant manifested extreme caution or sincere concern for the safety or well-being of the victim.
   (g) The operation of the multiple offense policy of RCW 9.94A.589 results in a presumptive sentence that is clearly excessive in light of the purpose of this chapter, as expressed in RCW 9.94A.010.
   (h) The defendant or the defendant’s children suffered a continuing pattern of physical or sexual abuse by the victim of the offense and the offense is a response to that abuse.
   (2) Aggravating Circumstances
   (a) The defendant’s conduct during the commission of the current offense manifested deliberate cruelty to the victim.
   (b) The defendant knew or should have known that the victim of the current offense was particularly vulnerable or incapable of resistance due to extreme youth, advanced age, disability, or ill health.
   (c) The current offense was a violent offense, and the defendant knew that the victim of the current offense was pregnant.
   (d) The current offense was a major economic offense or series of offenses, so identified by a consideration of any of the following factors:
      (I) The current offense involved multiple victims or multiple incidents per victim;
      (ii) The current offense involved attempted or actual monetary loss substantially greater than typical for the offense;
      (iii) The current offense involved a high degree of sophistication or planning or occurred over a lengthy period of time; or
      (iv) The defendant used his or her position of trust, confidence, or fiduciary responsibility to facilitate the commission of the current offense.
   (e) The current offense was a major violation of the Uniform Controlled Substances Act, chapter 69.50 RCW (VUCSA), related to trafficking in controlled substances, which was more onerous than the typical offense of its statutory definition: The presence of ANY of the following may identify a current offense as a major VUCSA:
      (I) The current offense involved at least three separate transactions in which controlled substances were sold, transferred, or possessed with intent to do so;
      (ii) The current offense involved an attempted or actual sale or transfer of controlled substances in quantities substantially larger than for personal use;
      (iii) The current offense involved the manufacture of controlled substances for use by other parties;
      (iv) The circumstances of the current offense reveal the offender to have occupied a high position in the drug distribution hierarchy;
      (v) The current offense involved a high degree of sophistication or planning, occurred over a lengthy period of time, or involved a broad geographic area of disbursement; or
      (vi) The offender used his or her position or status to facilitate the commission of the current offense, including positions of trust, confidence or fiduciary responsibility (e.g., pharmacist, physician, or other medical professional).
   (f) The current offense included a finding of sexual motivation pursuant to RCW 9.94A.835.
   (g) The offense was part of an ongoing pattern of sexual abuse of the same victim under the age of eighteen years manifested by multiple incidents over a prolonged period of time.
(h) The current offense involved domestic violence, as defined in RCW 10.99.020, and one or more of the following was present:
   (I) The offense was part of an ongoing pattern of psychological, physical, or sexual abuse of the victim manifested by multiple incidents over a prolonged period of time;
   (ii) The offense occurred within sight or sound of the victim’s or the offender’s minor children under the age of eighteen years;
   (iii) The offender’s conduct during the commission of the current offense manifested deliberate cruelty or intimidation of the victim.
   (j) The operation of the multiple offense policy of RCW 9.94A.589 results in a presumptive sentence that is clearly too lenient in light of the purpose of this chapter, as expressed in RCW 9.94A.010.
   (k) The defendant knew that the victim of the current offense was a youth who was not residing with a legal custodian and the defendant established or promoted the relationship for the primary purpose of victimization.
   (m) The offense was committed with the intent to obstruct or impair human or animal health care or agricultural or forestry research or commercial production.

(n) The current offense is trafficking in the first degree or trafficking in the second degree and any victim was a minor at the time of the offense.

NEW SECTION. Sec. 5. Section 2 of this act expires July 1, 2004.

NEW SECTION. Sec. 6. Section 3 of this act takes effect July 1, 2004.

MOTION

On motion of Senator Hargrove, the following amendment by Senators Hargrove and Stevens to the Committee on Children and Family Services and Corrections striking amendment was adopted:

On page 25, after line 16 of the amendment, insert the following:

"Sec. 5. RCW 9A.82.090 and 2001 c 222 s 13 are each amended to read as follows:
During the pendency of any criminal case charging a violation of RCW 9A.82.060 or (((a violation of RCW)) 9A.82.080, or an offense defined in section 1 of this act, the superior court may, in addition to its other powers, issue an order pursuant to RCW 9A.82.100 (2) or (3). Upon conviction of a person for a violation of RCW 9A.82.060 or (((a violation of RCW)) 9A.82.080, or an offense defined in section 1 of this act, the superior court may, in addition to its other powers of disposition, issue an order pursuant to RCW 9A.82.100.

Sec. 6. RCW 9A.82.100 and 2001 c 222 s 14 are each amended to read as follows:

(a) A person who sustains injury to his or her person, business, or property by an act of criminal profiteering that is part of a pattern of criminal profiteering activity, or by an offense defined in section 1 of this act, or by a violation of RCW 9A.82.060 or 9A.82.080 may file an action in superior court for the recovery of damages and the costs of the suit, including reasonable investigative and attorney’s fees.
(b) The attorney general or county prosecuting attorney may file an action: (I) On behalf of those persons injured or, respectively, on behalf of the state or county if the entity has sustained damages, or (ii) to prevent, restrain, or remedy a pattern of criminal profiteering activity, or an offense defined in section 1 of this act, or a violation of RCW 9A.82.060 or 9A.82.080.
(c) An action for damages filed by or on behalf of an injured person, the state, or the county shall be for the recovery of damages and the costs of the suit, including reasonable investigative and attorney’s fees.

(2) The superior court has jurisdiction to prevent, restrain, and remedy a pattern of criminal profiteering, or an offense defined in section 1 of this act, or a violation of RCW 9A.82.060 or 9A.82.080 after making provision for the rights of all innocent persons affected by the violation and after hearing or trial, as appropriate, by issuing appropriate orders.
(3) Prior to a determination of liability, orders issued under subsection (2) of this section may include, but are not limited to, entering restraining orders or prohibiting other actions, including the acceptance of satisfaction of performance bonds, in connection with any property or other interest subject to damages, forfeiture, or other restraints pursuant to this section as the court deems proper.
   The orders may also include attachment, receivership, or injunctive relief in regard to personal or real property pursuant to Title 7 RCW. In shaping the reach or scope of receivership, attachment, or injunctive relief, the superior court shall provide for the protection of bona fide interests in property, including community property, of persons who were not involved in the violation of this chapter, except to the extent that such interests or property were acquired or used in such a way as to be subject to forfeiture under RCW 9A.82.100(4)(f).

(4) Following a determination of liability, orders may include, but are not limited to:
   (a) Ordering any person to divest himself or herself of any interest, direct or indirect, in any enterprise.
   (b) Imposing reasonable restrictions on the future activities or investments of any person, including prohibiting any person from engaging in the same type of endeavor as the enterprise engaged in, the activities of which affect the laws of this state, to the extent the Constitutions of the United States and this state permit.
   (c) Ordering dissolution or reorganization of any enterprise.
   (d) Ordering the payment of actual damages sustained to those persons injured by a violation of RCW 9A.82.060 or 9A.82.080, or an offense defined in section 1 of this act, or an act of criminal profiteering that is part of a pattern of criminal profiteering, and in the court’s discretion, increasing the payment to an amount not exceeding three times the actual damages sustained.
   (e) Ordering the payment of all costs and expenses of the prosecution and investigation of a pattern of criminal profiteering, or an offense defined in section 1 of this act, activity or a violation of RCW 9A.82.060 or 9A.82.080, civil and criminal, incurred by the state or county, including any costs of defense provided at public expense, as appropriate to the state general fund or the antiprofiteering revolving fund of the county.
   (i) Ordering forfeiture first as restitution to any person damaged by an act of criminal profiteering that is part of a pattern of criminal profiteering, or by an offense defined in section 1 of this act, then to the state general fund or antiprofiteering revolving fund of the county, as appropriate, to the extent not already ordered to be paid in other damages, of the following:
      (I) Any property or other interest acquired or maintained in violation of RCW 9A.82.060 or 9A.82.080 to the extent of the investment of funds, and any appreciation or income attributable to the investment, from a violation of RCW 9A.82.060 or 9A.82.080.
      (ii) Any property, contractual right, or claim against property used to influence any enterprise that a person has established, operated, controlled, conducted, or participated in the conduct of, in violation of RCW 9A.82.060 or 9A.82.080.
(iii) All proceeds traceable to or derived from an offense included in the pattern of criminal profiteering activity, or an offense defined in section 1 of this act, and all moneys, negotiable instruments, securities, and other things of value significantly used or intended to be used significantly to facilitate commission of the offense.

(g) Ordering payment to the state general fund or antiprofiteering revolving fund of the county, as appropriate, of an amount equal to the gain a person has acquired or maintained through an offense included in the definition of criminal profiteering.

(5) In addition to or in lieu of an action under this section, the attorney general or county prosecuting attorney may file an action for forfeiture to the state general fund or antiprofiteering revolving fund of the county, as appropriate, to the extent not already ordered paid pursuant to this section, of the following:

(a) Any interest acquired or maintained by a person in violation of RCW 9A.82.060 or 9A.82.080 to the extent of the investment of funds obtained from a violation of RCW 9A.82.060 or 9A.82.080 and any appreciation or income attributable to the investment.

(b) Any property, contractual right, or claim against property used to influence any enterprise that a person has established, operated, controlled, conducted, or participated in the conduct of, in violation of RCW 9A.82.060 or 9A.82.080.

(c) Any proceeds traceable to or derived from an offense included in the pattern of criminal profiteering activity, or an offense defined in section 1 of this act, and all moneys, negotiable instruments, securities, and other things of value significantly used or intended to be used significantly to facilitate the commission of the offense.

(6) A defendant convicted in any criminal proceeding is precluded in any civil proceeding from denying the essential allegations of the criminal offense proven in the criminal trial in which the defendant was convicted. For the purposes of this subsection, a conviction shall be deemed to have occurred upon a verdict, finding, or plea of guilty, notwithstanding the fact that appellate review of the conviction and sentence has been or may be sought. If a subsequent reversal of the conviction occurs, any judgment that was based upon that conviction may be reopened upon motion of the defendant.

(7) The initiation of civil proceedings under this section shall be commenced within three years after discovery of the pattern of criminal profiteering activity or after the pattern should reasonably have been discovered, or, in the case of an offense that is defined in section 1 of this act, within three years after the final disposition of any criminal charges relating to the offense, whichever is later.

(8) The attorney general or county prosecuting attorney may, in a civil action brought pursuant to this section, file with the clerk of the superior court a certificate stating that the case is of special public importance. A copy of that certificate shall be furnished immediately to the clerk to the presiding chief judge of the superior court in which the action is pending and, upon receipt of a copy, the judge shall immediately designate a judge to hear and determine the action. The judge so designated shall promptly assign the action for hearing, participate in the hearings and determination, and cause the action to be expedited.

(9) The standard of proof in actions brought pursuant to this section is the preponderance of the evidence test.

(10) A person other than the attorney general or county prosecuting attorney who files an action under this section shall serve notice and one copy of the pleading on the attorney general within thirty days after the action is filed with the superior court. The notice shall identify the action, the person, and the person's attorney. Service of the notice does not limit or otherwise affect the right of the state to maintain an action under this section or intervene in a pending action nor does it authorize the person to name the state or the attorney general as a party to the action.

(11) Except in cases filed by a county prosecuting attorney, the attorney general may, upon timely application, intervene in any civil action or proceeding brought under this section if the attorney general certifies that in the attorney general's opinion the action is of special public importance. Upon intervention, the attorney general may assert any available claim and is entitled to the same relief as if the attorney general had instituted a separate action.

(12) In addition to the attorney general's right to intervene as a party in any action under this section, the attorney general may appear as amicus curiae in any proceeding in which a claim under this section has been asserted or in which a court is interpreting RCW 9A.82.010, 9A.82.080, 9A.82.090, 9A.82.110, or 9A.82.120, or this section.

(13) A defendant who is the target of a criminal action may appear as amicus curiae in any proceeding in which a claim under this section has been asserted or in which a court is interpreting RCW 9A.82.010, 9A.82.080, 9A.82.090, 9A.82.110, or 9A.82.120, or this section.

(14) Private civil remedies provided under this section are supplemental and not mutually exclusive.

(15) Upon motion by the defendant, the court may authorize the sale or transfer of assets subject to an order or lien authorized by this chapter for the purpose of paying actual attorney's fees and costs of defense. The motion shall specify the assets for which sale or transfer is sought and shall be accompanied by the defendant's sworn statement that the defendant has no other assets available for such purposes. No order authorizing such sale or transfer may be entered unless the court finds that the assets involved are not subject to possible forfeiture under RCW 9A.82.100(4)(f). Prior to disposition of the motion, the court shall notify the state of the assets sought to be sold or transferred and shall hear argument on the issue of whether the assets are subject to forfeiture under RCW 9A.82.100(4)(f). Such a motion may be made from time to time and shall be heard by the court on an expedited basis.

(16) In an action brought under subsection (1)(a) and (b)(i) of this section, either party has the right to a jury trial. Sec. 7. RCW 9A.82.120 and 2001 c 222 s 16 are each amended to read as follows:

(1) The state, upon filing a criminal action under RCW 9A.82.060 or 9A.82.080 or for an offense defined in section 1 of this act, or a civil action under RCW 9A.82.100, may file in accordance with this section a criminal profiteering lien. A filing fee or other charge is not required for filing a criminal profiteering lien.

(2) A criminal profiteering lien shall be signed by the attorney general or the county prosecuting attorney representing the state in the action and shall set forth the following information:

(a) The name of the defendant whose property or other interests are to be subject to the lien;

(b) In the discretion of the attorney general, or county prosecuting attorney filing the lien, any aliases or fictitious names of the defendant named in the lien;

(c) If known to the attorney general or county prosecuting attorney filing the lien, the present residence or principal place of business of the person named in the lien;

(d) A reference to the proceeding pursuant to which the lien is filed, including the name of the court, the title of the action, and the court's file number for the proceeding;

(e) The name and address of the attorney representing the state in the proceeding pursuant to which the lien is filed;

(f) A statement that the notice is being filed pursuant to this section;

(g) The amount that the state claims in the action or, with respect to property or other interests that the state has requested forfeiture to the state or county, a description of the property or interests sought to be paid or forfeited;

(h) If known to the attorney general or county prosecuting attorney filing the lien, a description of a property that is subject to forfeiture to the state or property in which the defendant has an interest that is available to satisfy a judgment entered in favor of the state; and

(i) Such other information as the attorney general or county prosecuting attorney filing the lien deems appropriate.

(3) The attorney general or the county prosecuting attorney filing the lien may amend a lien filed under this section at any time by filing an amended criminal profiteering lien in accordance with this section that identifies the prior lien amended.

(4) The attorney general or the county prosecuting attorney filing the lien shall, as soon as practical after filing a criminal profiteering lien, furnish to any person named in the lien a notice of the filing of the lien. Failure to furnish notice under this subsection does not invalidate or otherwise affect a criminal profiteering lien filed in accordance with this section.
(5)(a) A criminal profiteering lien is perfected against interests in personal property in the same manner as a security interest in like property pursuant to RCW (62A.9A-302, 62A.9A-303, 62A.9A-304, 62A.9A-305, and 62A.9A-306), 62A.9A-301 through 62A.9A-316 or as otherwise required to perfect a security interest in like property under applicable law. In the case of perfection by filing, the state shall file, in lieu of a financing statement in the form prescribed by RCW (62A.9A-402) 62A.9A-502, a notice of lien in substantially the following form:

NOTICE OF LIEN

Pursuant to RCW 9A.82.120, the state of Washington claims a criminal profiteering lien on all real and personal property of:

Name:

Address:

State of Washington

By (authorized signature)

On receipt of such a notice from the state, a filing officer shall, without payment of filing fee, file and index the notice as if it were a financing statement naming the state as secured party and the defendant as debtor.

(b) A criminal profiteering lien is perfected against interests in real property by filing the lien in the office where a mortgage on the real estate would be filed or recorded. The filing officer shall file and index the criminal profiteering lien, without payment of a filing fee, in the same manner as a mortgage.

(6) The filing of a criminal profiteering lien in accordance with this section creates a lien in favor of the state in:

(a) Any interest of the defendant, in real property situated in the county in which the lien is filed, then maintained, or thereafter acquired in the name of the defendant identified in the lien;

(b) Any interest of the defendant, in personal property situated in this state, then maintained or thereafter acquired in the name of the defendant identified in the lien; and

(c) Any property identified in the lien to the extent of the defendant’s interest therein.

(7) The lien created in favor of the state in accordance with this section, when filed or otherwise perfected as provided in subsection (5) of this section, has, with respect to any of the property described in subsection (6) of this section, the same priority determined pursuant to the laws of this state as a mortgage or security interest given for value (but not a purchase money security interest) and perfected in the same manner with respect to such property; except that any lien perfected pursuant to Title 60 RCW by any person who, in the ordinary course of his or her business, furnishes labor, services, or materials, or rents, leases, or otherwise supplies equipment, without knowledge of the criminal profiteering lien, is superior to the criminal profiteering lien.

(8) Upon entry of judgment in favor of the state, the state may proceed to execute thereon as in the case of any other judgment, except that in order to preserve the state’s lien priority as provided in this section the state shall, in addition to such other notice as is required by law, give at least thirty days’ notice of the execution to any person possessing at the time the notice is given, an interest recorded subsequent to the date the state’s lien was perfected.

(9) Upon the entry of a final judgment in favor of the state providing for forfeiture of property to the state, the title of the state to the property:

(a) In the case of real property or a beneficial interest in real property, relates back to the date of filing the criminal profiteering lien or, if no criminal profiteering lien is filed, then to the date of recording of the final judgment or the abstract thereof; or

(b) In the case of personal property or a beneficial interest in personal property, relates back to the date the personal property was seized by the state, or the date of filing of a criminal profiteering lien in accordance with this section, whichever is earlier, but if the
property was not seized and no criminal profiteering lien was filed then to the date the final judgment was filed with the department of licensing and, if the personal property is an aircraft, with the federal aviation administration.

"NEW SECTION. Sec. 4. A new section is added to chapter 44.04 RCW to read as follows:

The legislative international trade account is created in the custody of the state treasurer. All moneys received by the president of the senate from gifts, grants, and endowments for international trade hosting and missions activities must be deposited in the account. Only private, nonpublic gifts, grants, and endowments may be deposited in the account. Expenditures from the account may be used only for the purposes of international trade hosting and international trade mission activities, excluding travel and lodging, in which the president and members of the senate and members of the house of representatives participate in an official capacity. Only the president of the senate may authorize expenditures from the account. An appropriation is not required for expenditures. All requests by individual legislators for use of funds from this account must be approved by the secretary of the senate, or the chief clerk of the house of representatives for members of the house of representatives prior to final approval by the president of the senate.

NEW SECTION. Sec. 5. A new section is added to chapter 42.52 RCW to read as follows:
(1) When soliciting charitable gifts, grants, or donations solely for the legislative international trade account created in section 4 of this act, the president of the senate is presumed not to be in violation of the solicitation and receipt of gift provisions in RCW 42.52.140.

(2) When soliciting charitable gifts, grants, or donations solely for the legislative international trade account created in section 4 of this act, state officers and state employees are presumed not to be in violation of the solicitation and receipt of gift provisions in RCW 42.52.140.

Sec. 6. RCW 42.52.150 and 1998 c 7 s 2 are each amended to read as follows:

(1) No state officer or state employee may accept gifts, other than those specified in subsections (2) and (5) of this section, with an aggregate value in excess of fifty dollars from a single source in a calendar year or a single gift from multiple sources with a value in excess of fifty dollars. For purposes of this section, "single source" means any person, as defined in RCW 42.52.010, whether acting directly or through any agent or other intermediary, and "single gift" includes any event, item, or group of items used in conjunction with each other or any trip including transportation, lodging, and attendant costs, not excluded from the definition of gift under RCW 42.52.010. The value of gifts given to an officer’s or employee’s family member or guest shall be attributed to the official or employee for the purpose of determining whether the limit has been exceeded, unless an independent business, family, or social relationship exists between the donor and the family member or guest.

(2) Except as provided in subsection (4) of this section, the following items are presumed not to influence under RCW 42.52.140, and may be accepted without regard to the limit established by subsection (1) of this section:

(a) Unsolicited flowers, plants, and floral arrangements;

(b) Unsolicited advertising or promotional items of nominal value, such as pens and note pads;

(c) Unsolicited tokens or awards of appreciation in the form of a plaque, trophy, desk item, wall memento, or similar item;

(d) Unsolicited items received by a state officer or state employee for the purpose of evaluation or review, if the officer or employee has no personal beneficial interest in the eventual use or acquisition of the item by the officer’s or employee’s agency;

(e) Informational material, publications, or subscriptions related to the recipient’s performance of official duties;

(f) Food and beverages consumed at hosted receptions where attendance is related to the state officer’s or state employee’s official duties;

(h) Admission to, and the cost of food and beverages consumed at, events sponsored by or in conjunction with a civic, charitable, governmental, or community organization; and

(i) Unsolicited gifts from dignitaries from another state or a foreign country that are intended to be personal in nature.

The presumption in subsection (2) of this section is rebuttable and may be overcome based on the circumstances surrounding the giving and acceptance of the item.

(4) Notwithstanding subsections (2) and (5) of this section, a state officer or state employee of a regulatory agency or of an agency that seeks to acquire goods or services who participates in those regulatory or contractual matters may receive, accept, take, or seek, directly or indirectly, only the following items from a person regulated by the agency or from a person who seeks to provide goods or services to the agency:

(b) Unsolicited tokens or awards of appreciation in the form of a plaque, trophy, desk item, wall memento, or similar item;

(e) Food and beverages consumed at hosted receptions where attendance is related to the state officer’s or state employee’s official duties;

(f) Admission to, and the cost of food and beverages consumed at, events sponsored by or in conjunction with a civic, charitable, governmental, or community organization; and

(g) Those items excluded from the definition of gift in RCW 42.52.010 except:

(i) Payments by a governmental or nongovernmental entity of reasonable expenses incurred in connection with a speech, presentation, appearance, or trade mission made in an official capacity;

(ii) Payments for seminars and educational programs sponsored by a bona fide governmental or nonprofit professional, educational, trade, or charitable association or institution; and

(iii) Flowers, plants, and floral arrangements.

(5) A state officer or state employee may accept gifts in the form of food and beverage on infrequent occasions in the ordinary course of meals where attendance by the officer or employee is related to the performance of official duties; gifts in the form of food and beverage that exceed fifty dollars on a single occasion shall be reported as provided in chapter 42.17 RCW."

(6) If the completed timeshare building or contracted for amenities are materially and adversely different from the building or amenities that were promised to purchasers at the time that the purchase agreements were signed, the director may declare any or all of the purchaser contracts void. Before declaring the contracts void, the director shall give the promoter the opportunity for a hearing in accordance with chapters 34.05 and 18.235 RCW.

(7) If the promoter intends to or does pledge or borrow against funds or properties, that are held in escrow or protected by a third party escrow account for the purpose of protecting the funds or other property paid, pledged, or deposited by purchasers, the promoter must agree in writing to make periodic payments to the department of licensing of the dispute and the department shall determine if and how the funds should be distributed. MESSAGE FROM THE GOVERNOR

VETO MESSAGE ON SUBSTITUTE SENATE BILL NO. 5240

April 17, 2003

To the Honorable President and Members, The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 5240 entitled:

"AN ACT Relating to including a classified employee on the Washington professional educator standards board;"

This bill alters the composition of the Professional Educator Standards Board by eliminating the designated public member and substituting a classified school employee who assists in public school student instruction. I strongly support the addition of the classified school employee to the Board. However, the bill would have the effect of removing the voice of a representative of the public. In our state efforts to strengthen teacher accountability, it is important to provide an avenue for direct public communication and participation. Rather than eliminating this position, my preference is to sign a bill that maintains the current membership of the Board and adds a classified school employee. For these reasons I have vetoed Substitute Senate Bill No. 5240 in its entirety.

Respectfully submitted,
GARY LOCKE, Governor

MOTION

On motion of Senator Sheahan, the Governor’s Veto Message on Substitute Senate Bill No. 5240 was held at the desk.

EDITOR’S NOTE: See action on override of Veto of Substitute Senate Bill No. 5240 on one hundred-third day, April 25.
