In addition to all other fees prescribed by law, there shall be paid and collected for each vehicle license number plate treated with such materials, the sum of ((fifty cents)) two dollars and for each set of two plates, the sum of ((one dollar: PROVIDED HOWEVER,)) four dollars. However, one plate is available only to those vehicles that by law require only one plate. Such fees shall be deposited in the motor vehicle fund.

Sec. 2. RCW 46.16.270 and 1997 c 291 s 3 are each amended to read as follows:

The total replacement plate fee shall be deposited in the motor vehicle fund.

Upon the loss, defacement, or destruction of one or both of the vehicle license number plates issued for any vehicle where more than one plate was originally issued or where one or both have become so illegible or in such a condition as to be difficult to distinguish, or upon the owner’s option, the owner of the vehicle shall make application for new vehicle license number plates upon a form furnished by the director. The application shall be filed with the director or the director’s authorized agent, accompanied by the certificate of license registration of the vehicle and a fee in the amount of ((three)) ten dollars per plate, whereupon the director, or the director’s authorized agent, shall issue new vehicle license number plates to the applicant. It shall be accompanied by a fee of two dollars for a new motorcycle license number plate. In the event the director has issued license period tabs or a windshield emblem instead of vehicle license number plates, and upon the loss, defacement, or destruction of the tabs or windshield emblem, application shall be made on a form provided by the director and in the same manner as above described, and shall be accompanied by a fee of one dollar for each pair of tabs or for each windshield emblem, whereupon the director shall issue to the applicant a duplicate pair of tabs, year tabs, and when necessary month tabs or a windshield emblem to replace those lost, defaced, or destroyed. For vehicles owned, rented, or leased by the state of Washington or by any county, city, town, school district, or other political subdivision of the state of Washington or United States government, or owned or leased by the governing body of an Indian tribe as defined in RCW 46.16.020, a fee shall be charged for replacement of a vehicle license number plate only to the extent required by the provisions of RCW 46.16.020, (sec. 2)) 46.16.237, and 46.01.140. For vehicles owned, rented, or leased by foreign countries or international bodies to which the United States government is a signatory by treaty, the payment of any fee for the replacement of a vehicle license number plate shall not be required.

Sec. 3. RCW 46.20.055 and 2002 c 352 s 10 and 2002 c 195 s 2 are each reenacted and amended to read as follows:

(1) Driver’s instruction permit. The department may issue a driver’s instruction permit with or without a photograph to an applicant who has successfully passed all parts of the examination other than the driving test, provided the information required by RCW 46.20.091, paid a fee of ((fifteen)) twenty dollars, and meets the following requirements:

(a) Is at least fifteen and one-half years of age; or
(b) Is at least fifteen years of age and:

(i) Has submitted a proper application; and

(ii) Is enrolled in a traffic safety education program offered, approved, and accredited by the superintendent of public instruction or offered by a ((driving (driver))) driver training school licensed and inspected by the department of licensing under chapter 46.82 RCW, that includes practice driving.

(2) Waiver of written examination for instruction permit. The department may waive the written examination, if, at the time of application, an applicant is enrolled in:

(a) A traffic safety education course as defined by RCW 28A.220.020(2); or

(b) A course of instruction offered by a licensed driver training school as defined by RCW 46.82.280(1).

The department may require proof of registration in such a course as it deems necessary.
(3) **Effect of instruction permit.** A person holding a driver’s instruction permit may drive a motor vehicle, other than a motorcycle, upon the public highways if:

(a) The person has immediate possession of the permit; and
(b) An approved instructor, or a licensed driver with at least five years of driving experience, occupies the seat beside the driver.

(4) **Term of instruction permit.** A driver’s instruction permit is valid for one year from the date of issue.

(a) The department may issue one additional one-year permit.
(b) The department may issue a third driver’s permit if it finds after an investigation that the permittee is diligently seeking to improve driving proficiency.

**Sec. 4.** RCW 46.20.070 and 2002 c 352 s 11 and 2002 c 195 s 3 are each reenacted and amended to read as follows:

(1) **Agricultural driving permit authorized.** The director may issue a juvenile agricultural driving permit to a person under the age of eighteen years if:

(a) The application is signed by the applicant and the applicant’s father, mother, or legal guardian;
(b) The applicant has passed the driving examination required by RCW 46.20.120; and
(c) The department has investigated the applicant’s need for the permit and determined that the need justifies issuance;
(d) The department has determined the applicant is capable of operating a motor vehicle without endangering himself or herself or other persons and property; and
(e) The applicant has paid a fee of ((fifteen)) twenty dollars.

The permit must contain a photograph of the person.

(2) **Effect of agricultural driving permit.** (a) The permit authorizes the holder to:

(i) Drive a motor vehicle on the public highways of this state in connection with farm work. The holder may drive only within a restricted farming locality described on the permit; and
(ii) Participate in the classroom portion of a traffic safety education course authorized under RCW 28A.220.030 or the classroom portion of a traffic safety education course offered by a driver training school licensed and inspected by the department of licensing under chapter 46.82 RCW offered in the community where the holder resides.

(b) The director may transfer the permit from one farming locality to another. A transfer is not a renewal of the permit.

(3) **Term and renewal of agricultural driving permit.** An agricultural driving permit expires one year from the date of issue.

(a) A person under the age of eighteen who holds a permit may renew the permit by paying a fee of fifteen dollars.
(b) An agricultural driving permit is invalidated when a permittee attains age eighteen. In order to drive a motor vehicle on a highway he or she must obtain a motor vehicle driver’s license under this chapter.

(4) **Suspension, revocation, or cancellation.** The director has sole discretion to suspend, revoke, or cancel a juvenile agricultural driving permit if:

(a) The permittee has been found to have committed an offense that requires mandatory suspension or revocation of a driver’s license; or
(b) The director is satisfied that the permittee has violated the permit’s restrictions.

**Sec. 5.** RCW 46.20.117 and 2002 c 352 s 12 are each amended to read as follows:

(1) **Issuance.** The department shall issue an identicard, containing a picture, if the applicant:

(a) Does not hold a valid Washington driver’s license;
(b) Proves his or her identity as required by RCW 46.20.035; and
(c) Pays the required fee. The fee is ((fifteen)) twenty dollars unless an applicant is a recipient of continuing public assistance, as defined in Title 74 RCW, who is referred in writing by the secretary of social and health services. For those persons the fee must be the actual cost of production of the identicard.

(2) **Design and term.** The identicard must:

(a) Be distinctly designed so that it will not be confused with the official driver’s license; and
(b) Expire on the fifth anniversary of the applicant’s birthdate after issuance.

(3) **Cancellation.** The department may cancel an identicard if the holder of the identicard used the card or allowed others to use the card in violation of RCW 46.20.0921.

**Sec. 6.** RCW 46.20.120 and 2002 c 352 s 13 are each amended to read as follows:

An applicant for a new or renewed driver’s license must successfully pass a driver licensing examination to qualify for a driver’s license. The department shall give examinations at places and times reasonably available to the people of this state.

(1) **Waiver.** The department may waive:

(a) All or any part of the examination of any person applying for the renewal of a driver’s license unless the department determines that the applicant is not qualified to hold a driver’s license under this title; or
(b) The actual demonstration of the ability to operate a motor vehicle if the applicant:

(i) Surrenders a valid driver’s license issued by the person’s previous home state; and
(ii) Is otherwise qualified to be licensed.

(2) **Fee.** Each applicant for a new license must pay an examination fee of ((fifteen)) twenty dollars.

(a) The examination fee is in addition to the fee charged for issuance of the license.
(b) “New license” means a license issued to a driver:

(i) Who has not been previously licensed in this state; or
(ii) Whose last previous Washington license has been expired for more than five years.

(3) A person whose license expired or will expire on or after January 1, 1998, while he or she was or is living outside the state may:

(a) Apply to the department to extend the validity of his or her license for no more than twelve months. If the person establishes to the department’s satisfaction that he or she is unable to return to Washington before the date his or her license expires, the department shall extend the person’s license. The department may grant consecutive extensions, but in no
event may the cumulative total of extensions exceed twelve months. An extension granted under this section does not change the expiration date of the license for purposes of RCW 46.20.181. The department shall charge a fee of five dollars for each license extension;

(b) Apply to the department to renew his or her license by mail. If the person establishes to the department's satisfaction that he or she is unable to return to Washington within twelve months of the date that his or her license expires, the department shall renew the person's license by mail. If a person qualifies for a mail-in renewal he or she is not required to pass an examination nor provide an updated photograph. He or she must, however, pay the fee required by RCW 46.20.181 plus an additional five-dollar mail-in renewal fee. A license renewed by mail that does not include a photograph of the licensee shall be labeled "not valid for identification purposes."

(4) If a person's driver's license is extended or renewed under subsection (3) of this section while he or she is outside the state, he or she must submit to the examination required under this section within sixty days of returning to this state. The department will not assess a penalty or examination fee for the examination.

Sec. 7. RCW 46.20.308 and 1999 c 331 s 2 and 1999 c 274 s 2 are each reenacted and amended to read as follows:

(1) Any person who operates a motor vehicle within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath or blood for the purpose of determining the alcohol concentration or presence of any drug in his or her breath or blood if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug or was in violation of RCW 46.61.503.

(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or the person to have been driving or in actual physical control of a motor vehicle while having alcohol in a concentration in violation of RCW 46.61.503 in his or her system and being under the age of twenty-one. However, in those instances where the person is incapable due to physical injury, physical incapacity, or other physical limitation, of providing a breath sample or where the person is being treated in a hospital, clinic, doctor's office, emergency medical vehicle, ambulance, or other similar facility in which a breath testing instrument is not present or where the officer has reasonable grounds to believe that the person is under the influence of a drug, a blood test shall be administered by a qualified person as provided in RCW 46.61.506(4). The officer shall inform the person of his or her right to refuse the breath or blood test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver that:

(a) His or her license, permit, or privilege to drive will be revoked or denied if he or she refuses to submit to the test;

(b) His or her license, permit, or privilege to drive will be suspended, revoked, or denied if the test is administered and the test indicates the alcohol concentration or any drug or the person to have been driving or in actual physical control of a motor vehicle while having alcohol in a concentration in violation of RCW 46.61.503 in his or her system and being under the age of twenty-one or over, or in violation of RCW 46.61.502, 46.61.503, or 46.61.504 in the case of a person under age twenty-one; and

(c) His or her refusal to take the test may be used in a criminal trial.

(3) Except as provided in this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of vehicular homicide as provided in RCW 46.61.502 or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which there has been serious bodily injury to another person, a breath or blood test may be administered without the consent of the individual so arrested.

(4) Any person who is dead, unconscious, or who is otherwise in a condition rendering him or her incapable of refusal, shall be deemed not to have withdrawn the consent provided by subsection (1) of this section and the test or tests may be administered, subject to the provisions of RCW 46.61.506, and the person shall be deemed to have received the warnings required under subsection (2) of this section.

(5) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath or blood, no test shall be given except as authorized under subsection (3) or (4) of this section.

(6) If, after arrest and after the other applicable conditions and requirements of this section have been satisfied, a test or tests of the person's blood or breath is administered and the test results indicate that the alcohol concentration of the person's breath or blood is 0.08 or more if the person is age twenty-one or over, or is in violation of RCW 46.61.502, 46.61.503, or 46.61.504 if the person is under the age of twenty-one, or the person refuses to submit to a test, the arresting officer or other law enforcement officer at whose direction any test has been given, or the department, where applicable, if the arrest results in a test of the person's blood, shall:

(a) Serve notice in writing on the person on behalf of the department of its intention to suspend, revoke, or deny the person's license, permit, or privilege to drive as required by subsection (7) of this section;

(b) Serve notice in writing on the person on behalf of the department of his or her right to a hearing, specifying the steps he or she must take to obtain a hearing as provided by subsection (8) of this section;

(c) Mark the person's Washington state driver's license or permit to drive, if any, in a manner authorized by the department;

(d) Serve notice in writing that the marked license or permit, if any, is a temporary license that is valid for sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or until the suspension, revocation, or denial of the person's license, permit, or privilege to drive is sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first. No temporary license is valid to any greater degree than the license or permit that it replaces; and

(e) Immediately notify the department of the arrest and transmit to the department within seventy-two hours, except as delayed as the result of a blood test, a sworn report or report under a declaration authorized by RCW 9A.72.085 that states:

(i) That the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or was under the
(ii) That after receipt of the warnings required by subsection (2) of this section the person refused to submit to a test of his or her blood or breath, or a test was administered and the results indicated that the alcohol concentration of the person’s breath or blood was 0.08 or more if the person is age twenty-one or over, or was in violation of RCW 46.61.502, 46.61.503, or 46.61.504 if the person is under the age of twenty-one; and

(iii) Any other information that the director may require by rule.

(7) The department of licensing, upon the receipt of a sworn report or report under a declaration authorized by RCW 9A.72.085 under subsection (6)(c) of this section, shall suspend, revoke, or deny the person’s license, permit, or privilege to drive or any nonresident operating privilege, as provided in RCW 46.20.3101, such suspension, revocation, or denial to be effective beginning sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or when sustained at a hearing pursuant to subsection (8) of this section, whichever occurs first.

(8) A person receiving notification under subsection (6)(b) of this section may, within thirty days after the notice has been given, request in writing a formal hearing before the department. The person shall pay a fee of ((two hundred dollars)) two hundred dollar fee, the department shall afford the person an opportunity for a hearing. The department may waive the required fee if the person is an indigent as defined in RCW 10.101.010. Except as otherwise provided in this section, the hearing is subject to and shall be scheduled and conducted in accordance with RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic means. The hearing shall be held within sixty days from the arrest or following a blood test, unless otherwise agreed to by the department and the person, in which case the action by the department shall be stayed, and any valid temporary license marked under subsection (6) of this section extended, if the person is otherwise eligible for licensing.

For the purposes of this section, the scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration in violation of RCW 46.61.503 and was under the age of twenty-one, whether the person was placed under arrest, and (a) whether the person refused to submit to the test or tests upon request of the officer after having been informed that such refusal would result in the revocation of the person’s license, permit, or privilege to drive, or (b) if a test or tests were administered, whether the applicable requirements of this section were satisfied before the administration of the test or tests, whether the person submitted to the test or tests, or whether a test was administered without express consent as permitted under this section, and whether the test or tests indicated that the alcohol concentration of the person’s breath or blood was 0.08 or more if the person was age twenty-one or over at the time of the arrest, or was in violation of RCW 46.61.502, 46.61.503, or 46.61.504 if the person was under the age of twenty-one at the time of the arrest. The sworn report or report under a declaration authorized by RCW 9A.72.085 submitted by a law enforcement officer is prima facie evidence that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration in violation of RCW 46.61.503 and was under the age of twenty-one and that the officer complied with the requirements of this section.

A hearing officer shall conduct the hearing, may issue subpoenas for the attendance of witnesses and the production of documents, and shall administer oaths to witnesses. The department shall not issue a subpoena for the attendance of a witness at the request of the person unless the request is accompanied by the fee required by RCW 5.56.010 for a witness in district court. The sworn report or report under a declaration authorized by RCW 9A.72.085 of the law enforcement officer and any other evidence accompanying the report shall be admissible without further evidentiary foundation and the certificates authorized by the criminal rules for courts of limited jurisdiction shall be admissible without further evidentiary foundation. The person may be represented by counsel, may question witnesses, may present evidence, and may testify. The department shall order that the suspension, revocation, or denial either be rescinded or sustained.

(9) If the suspension, revocation, or denial is sustained after such a hearing, the person whose license, privilege, or permit is suspended, revoked, or denied has the right to file a petition in the superior court of the county of arrest to review the final order of revocation by the department in the same manner as an appeal from a decision of a court of limited jurisdiction. Notice of appeal must be filed within thirty days after the date the final order is served or the right to appeal is waived. Notwithstanding RCW 46.20.334, RALJ 1.1, or other statutes or rules referencing de novo review, the appeal shall be limited to a review of the record of the administrative hearing. The appellant must pay the costs associated with obtaining the record of the hearing before the hearing officer. The filing of the appeal does not stay the effective date of the suspension, revocation, or denial. A petition filed under this subsection must include the petition’s grounds for requesting review. Upon granting petitioner’s request for review, the court shall review the department’s final order of suspension, revocation, or denial as expeditiously as possible. The review must be limited to a determination of whether the department has committed any errors of law. The superior court shall accept those factual determinations supported by substantial evidence in the record: (a) That were expressly made by the department; or (b) that may reasonably be inferred from the final order of the department. The superior court may reverse, affirm, or modify the decision of the department or remand the case back to the department for further proceedings. The decision of the superior court must be in writing and filed in the clerk’s office with the other papers in the case. The court shall state the reasons for the decision. If judicial relief is sought for a stay or other temporary remedy from the department’s action, the court shall not grant such relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury. If the court stays the suspension, revocation, or denial it may impose conditions on such stay.

(10) If a person whose driver’s license, permit, or privilege to drive has been or will be suspended, revoked, or denied under subsection (7) of this section, other than as a result of a breath or blood test refusal, and who has not committed
an offense for which he or she was granted a deferred prosecution under chapter 10.05 RCW, petitions a court for a deferred prosecution treatment plan.

(1)(a) If the person is granted a deferred prosecution under this section, the court may direct the department to stay any actual or proposed suspension, revocation, or denial for at least forty-five days but not more than ninety days. If the court stays the suspension, revocation, or denial, it may impose conditions on such stay. If the person is otherwise eligible for licensing, the department shall issue a temporary license, or extend any valid temporary license marked under subsection (6) of this section, for the period of the stay. If a deferred prosecution treatment plan is not recommended in the report made under RCW 10.05.050, or if treatment is rejected by the court, or if the person declines to accept an offered treatment plan, or if the person violates any condition imposed by the court, then the court shall immediately direct the department to cancel the stay and any temporary marked license or extension of a temporary license issued under this subsection.

A suspension, revocation, or denial imposed under this section, other than as a result of a breath or blood test refusal, shall be stayed if the person is accepted for deferred prosecution as provided in chapter 10.05 RCW for the incident upon which the suspension, revocation, or denial is based. If the deferred prosecution is terminated, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred prosecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled.

(11) When it has been finally determined under the procedures of this section that a nonresident’s privilege to operate a motor vehicle in this state has been suspended, revoked, or denied, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person’s residence and of any state in which he or she has a license.

Sec. 8. RCW 46.20.311 and 2003 c 366 s 2 are each amended to read as follows:

(1)(a) The department shall not suspend a driver’s license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as specifically permitted under RCW 46.20.267, 46.20.342, or other provisions of law. Except for a suspension under RCW 46.20.267, 46.20.289, 46.20.309, 46.20.320, 46.61.502, 46.61.504, 46.61.740, and 74.20A.3,20, whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person’s eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502 or 46.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person’s eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned and/or operated by the person seeking reinstatement. Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW or a residential or visitation order, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

(b)(i) The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of ((twenty)) seventy-five dollars.

(ii) If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be one hundred fifty dollars.

(2)(a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (i) After the expiration of one year from the date the license or privilege to drive was revoked; (ii) the suspension is the result of a violation of RCW 46.20.267, 46.20.289, 46.20.309, 46.20.320, 46.61.502, 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person’s eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned and/or operated by the person seeking reinstatement. Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW or a residential or visitation order, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

(b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of ((twenty)) seventy-five dollars.

(ii) If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred fifty dollars. If the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred fifty dollars. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person’s eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person’s eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned and/or operated by the person applying for a new license.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver’s license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of ((twenty)) seventy-five dollars.

(b) If the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (i) the operation or physical control of a motor vehicle upon the public highways while under the influence of

The applicant shall receive upon payment an official receipt for the payment of such fee. All such fees shall be forwarded to the director who shall transmit such fees to the state treasurer in the same manner as other driver’s license fees.

See 10. RCW 46.63.110 and 2003 c 380 s 2 are each amended to read as follows:

(1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The monetary penalty for a violation of RCW 46.55.105(2) is two hundred fifty dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter it is immediately payable. If the ([person is unable to pay at that time the court may, in its discretion, grant an extension of the period in which the penalty may be paid. If the penalty is not paid on or before the time established for payment the court shall notify the department of the failure to pay the penalty)) court determines, in its discretion that a person is not able to pay a monetary obligation in full, and not more than one year has passed since the effective date of this section or the date the monetary obligation initially became due and payable, the court shall enter into a payment plan with the person, unless the person has previously been granted a payment plan with the same monetary obligation, in which case the court may implement a payment plan. “Payment plan,” as used in this section, means a plan that requires reasonable payments based on the financial ability of the person to pay. The person may voluntarily pay an amount at any time in addition to the payments required under the payment plan:

(a) If a payment required to be made under the payment plan is delinquent or the person fails to complete a community restitution program on or before the time established under the payment plan, the court shall notify the department of the person’s failure to meet the conditions of the plan, and the court shall suspend the person’s license to drive privilege until the penalty has) all monetary obligations, including those imposed under subsections (3) and (4) of this section, have been paid, and (the penalty provided in subsection (4) of this section has been paid) court-authorized community restitution has been completed or until the department has been notified that the court has entered into a new time payment or community restitution agreement with the person.

(b) If a person has not entered into a payment plan with the court and has not paid the monetary obligation in full on or before the time established for payment, the court shall notify the department of the delinquency. The department shall suspend the person’s license or driving privilege until (the penalty has) all monetary obligations have been paid, including those imposed under subsections (3) and (4) of this section, or until the court determines, in its discretion that a person is not able to pay a monetary obligation in full, and not more than one year has passed since the effective date of this section or the date the monetary obligation initially became due and payable.

(c) If the payment plan is to be administered by the court, the court may assess the person a reasonable administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee may not exceed ten dollars per infraction or twenty-five dollars per payment plan, whichever is less.

(d) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan system. When outside entities are used for the administration of a payment plan, the court may assess the person a reasonable fee for the administrative services, which fee may be calculated on a periodic, percentage, or other basis. Fees collected under this subsection must be wholly retained by the city or county with jurisdiction, for payment to its outside entity.

(e) If a court-authorized community restitution program for offenders is available in the jurisdiction, the court may allow conversion of all or part of the monetary obligations due under subsection (5) of this section to court-authorized community restitution in lieu of time payments if the person is unable to make reasonable time payments.

(f) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 shall be assessed an additional penalty of thirty dollars. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a court-authorized community restitution program for offenders is available in the jurisdiction, the court (shall) may allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the court-authorized community restitution program.

(g) Eight dollars and fifty cents of the additional penalty under (a) of this subsection shall be remitted to the state treasurer. The remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited as provided in RCW 43.08.250. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into
the county or city current expense fund. Moneys retained by the city or county under this subsection shall constitute 
reimbursements for any liabilities under RCW 43.135.060.

(9) A person may not enter into a second or subsequent payment plan if the person is in noncompliance with the 
terms of any existing or prior plan.

(10) A person is not eligible to enter into a payment plan if any delinquent amount owed by the person for any 
penalty imposed by the court under this section has been assigned to a collection agency and legal action has commenced to 
collect the delinquent amount.

Sec. 11. RCW 46.64.025 and 1999 c 86 s 7 are each amended to read as follows:

1. Whenever any person violates his or her written promise to appear in court, (a)(i) fails to appear for a scheduled 
court hearing, or fails to comply with the terms of a citation, the court in which the defendant failed to appear or comply shall 
promptly give notice of such fact to the department of licensing. Whenever thereafter the case in which the defendant failed to 
appear or comply is adjudicated, the court hearing the case shall promptly file with the department a certificate showing that 
the case has been adjudicated.

2. (a) Where compliance with the terms of a misdemeanor citation is limited to the payment of a monetary penalty, 
fee, cost, assessment, or other monetary obligation, and the court determines, in its discretion, that a person is not able to pay 
the monetary obligation in full, and not more than one year has passed since the effective date of this section or the date the 
monetary obligation initially became due and payable, the court shall enter into a payment plan with the person, unless the 
person has previously been granted a payment plan with respect to the same monetary obligation, in which case the court may 
implement a payment plan. "Payment plan," as used in this section, means a plan that requires reasonable payments based on 
the financial ability of the person to pay. The person may voluntarily pay any amount at any time in addition to these 
payments. If a person has entered into a payment plan under this subsection, the court shall not notify the department of 
licensing that the person has failed to comply with the terms of a citation as it applies to payment of the monetary obligation 
until a payment required to be made under the payment plan is delinquent.

(b) If the payment plan is to be administered by the court, the court may assess the person a reasonable 
administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee may not exceed ten 
dollars per infraction or twenty-five dollars per payment plan, whichever is less.

(c) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan 
system. When outside entities are used for the administration of a payment plan, the court may assess the person a reasonable 
fee for the administrative services, which fee may be calculated on a periodic, percentage, or other basis. Fees collected under 
this subsection must be wholly retained by the city or county with jurisdiction, for payment to its outside entity.

(d) A person may not enter into a second or subsequent payment plan if the person is in noncompliance with the 
terms of any existing or prior plan.

(e) A person is not eligible to enter into a payment plan if any delinquent amount owed by the person for any penalty 
imposed by the court under this section has been assigned to a collection agency and legal action has commenced to collect the 
delinquent amount.

SUBSTITUTE HOUSE BILL NO. 2707, by House Committee on Higher Education (originally sponsored by Representatives Kenney, Priest, Sommers, Jarrett, McCoy, Chase and Hudgins)

Reaffirming the mission of the higher education branch campuses. Revised for 1st Substitute: Regarding higher education branch campuses.

The bill was read the second time.

MOTION

Senator Carlson moved that the following committee amendment by the Committee on Higher Education be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28B.45 RCW to read as follows:

(1) In 1989, the legislature created five branch campuses to be operated by the state’s two public research universities. Located in growing urban areas, the branch campuses were charged with two missions:

(a) Increasing access to higher education by focusing on upper division and graduate programs, targeting placebound students, and operating as models of a two plus two educational system in cooperation with the community colleges; and

(b) Promoting regional economic development by responding to demand for degrees from local businesses and supporting regional economies through research activities.

(2) Fifteen years later, the legislature finds that branch campuses are responding to their original mission:

(a) Branch campuses accounted for half of statewide upper division and graduate public enrollment growth since 1990;

(b) Branch campuses have grown steadily and enroll increasing numbers of transfer students each year;

(c) Branch campuses enroll proportionately more older and part-time students than their main campuses and attract increasing proportions of students from nearby counties;

(d) Although the extent of their impact has not been measured, branch campuses positively affect local economies and offer degree programs that roughly correspond with regional occupational projections; and

(e) The capital investments made by the state to support branch campuses represent a significant benefit to regional economic development."
(3) However, the legislature also finds the policy landscape in higher education has changed since the original.

(4) Therefore, it is the legislature’s intent to recognize the unique nature of Washington’s higher education branch campuses, reaffirm the role and mission of each, and set the course for their continued future development.

(5) It is the further intent of the legislature that the campuses be identified by the following names: University of Washington Bothell, University of Washington Tacoma, Washington State University Tri-Cities, and Washington State University Vancouver.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.45 RCW to read as follows:

(1) The primary mission of the higher education branch campuses created under this chapter remains to expand access to baccalaureate and master’s level graduate education in under-served urban areas of the state in collaboration with community and technical colleges.

(2) Branch campuses shall collaborate with the community and technical colleges in their region to develop articulation agreements, dual admissions policies, and other partnerships to ensure that branch campuses serve as innovative models of a two plus two educational system. Other possibilities for collaboration include but are not limited to joint development of curricula and degree programs, colocation of instruction, and arrangements to share faculty.

(3) In communities where a private postsecondary institution is located, representatives of the private institution may be invited to participate in the conversation about meeting the baccalaureate and master’s level graduate needs in underserved urban areas of the state.

(4) However, the legislature recognizes there are alternative models for achieving this primary mission. Some campuses may have additional missions in response to regional needs and demands. At selected branch campuses, an innovative combination of instruction and research targeted to support regional economic development may be appropriate to meet the region’s needs for both access and economic viability. Other campuses should focus on becoming models of a two plus two educational system through continuous improvement of partnerships and agreements with community and technical colleges.

(5) Still other campuses may be best suited to transition to a four-year comprehensive university or be removed from designation as a branch campus entirely.

(6) It is the legislature’s intent that each branch campus be funded commensurate with its unique mission, the degree programs offered, and the institutional combination of instruction and research, but at a level less than a research university.

(7) In consultation with the higher education coordinating board, a branch campus may propose legislation to authorize practice-oriented or professional doctoral programs if: (a) Unique research facilities and equipment are located near the campus; or (b) the campus can clearly demonstrate student and employer demand in the region that is linked to regional economic development.

(8) It is not the legislature’s intent to have each campus chart its own future path without legislative guidance. Instead, the legislature intends to consider carefully the mission and model of education that best suits each campus and best meets the needs of students, the community, and the region.

Sec. 3. RCW 28B.45.050 and 1991 c 205 s 11 are each amended to read as follows:

Washington State University and Eastern Washington University ((are responsible for providing upper division and graduate education)) shall collaborate with one another and with local community colleges in providing educational pathways and programs to the citizens of the Spokane area (under rules and guidelines adopted by the joint center for higher education). However, before any degree is authorized under this section it shall be subject to the review and approval of the higher education coordinating board. Washington State University shall meet its responsibility through the operation of branch campuses in the Spokane area. Eastern Washington University shall meet its responsibility through the operation of branch campuses in Spokane.

NEW SECTION. Sec. 4. (1) Each branch campus shall examine its instructional programs, costs, research initiatives, student enrollment characteristics, programs offered in partnership with community and technical colleges, and regional context and make a recommendation by November 15, 2004, to the higher education coordinating board regarding the future evolution of the campus. The board will analyze the recommendations of each campus in the context of statewide goals for higher education and provide policy options along with the original campus recommendations to the higher education and fiscal committees of the legislature by January 15, 2005. The recommendations and options must address:

(a) The model of education that best suits the campus, including the possibility of continuing as a two plus two model and areas for possible improvement in working with community and technical colleges, making a transition to a four-year university or some other alternative;

(b) The mission that best suits the campus, including the possibility of focusing on upper division baccalaureate education, combining instruction and research targeted to support regional economic development, or some other alternative;

(c) Data and analysis that illustrate how the model will increase baccalaureate and master’s degree production; and

(d) An estimate of the costs to implement the recommendation.

(2) In developing its recommendation, each branch campus shall solicit input from students, local community and technical colleges, the main campus and other four-year institutions, and community stakeholders such as economic development councils and business and labor leaders.

(3) The higher education coordinating board, in cooperation with the branch campuses, shall develop parameters and a standard format for the evaluation and recommendations to permit comparison by the legislative committees.

Sec. 5. RCW 28B.80.510 and 1989 1st ex.s. c 7 s 8 are each amended to read as follows:

(In rules and guidelines adopted for purposes of chapter 7, Laws of 1989 1st ex. sess.)) The higher education coordinating board shall adopt performance measures to ensure a collaborative partnership between the community and technical colleges and the (four-year institutions) branch campuses. The partnership shall be one in which the community and technical colleges prepare students for transfer to the upper-division programs of the branch campuses and the branch campuses work with community and technical colleges to enable students to transfer and obtain degrees efficiently.

(4) In rules and guidelines adopted for purposes of chapter 7, Laws of 1989 1st ex. sess., (a) Data and analysis that illustrate how the model will increase baccalaureate and master’s degree production; and

(d) An estimate of the costs to implement the recommendation.)
NEW SECTION. Sec. 6. (1) RCW 28B.80.510 as amended by this act is recodified as a new section in chapter 28B.45 RCW.
(2) RCW 28B.45.050 as amended by this act is recodified as a new section in chapter 28B.30 RCW.

NEW SECTION. Sec. 7. The following acts or parts of acts are each repealed:
(1) RCW 28B.45.070 (Authorization subject to legislative appropriation) and 1989 1st ex.s. c 7 s 14;
(2) RCW 28B.80.500 (Branch campuses—Adjustment of enrollment lids) and 1989 1st ex.s. c 7 s 2; and

MOTION

Senator Hargrove moved that the following striking amendment by Senators Carlson and Hargrove be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 29A.52 RCW to read as follows:

(1) This act may be known and cited as the Qualifying Primary Act.

(2) The purpose of any primary held in this state is to qualify candidates to appear on the general election ballot.

Primary elections do not function as a procedure to determine the nominees of political parties. The sole purpose of allowing candidates to identify a political party preference is to provide to voters a brief description of each candidate’s political philosophy, which the voters may consider when casting their votes at a primary or general election. In a primary election, each voter, regardless of party affiliation, may vote for any candidate listed on the ballot, and the two candidates who receive the most votes, also known as the top two vote getters, and who receive at least one percent of the total votes cast for that office, advance to the general election. Primary election voters are not choosing a party’s nominee. A qualifying primary ensures more choice, greater participation, increased privacy, and a sense of fairness for the voters.

(3) The provisions of this title relating to primaries must be liberally construed to further the following interests:

(a) The legislature finds that the process of determining which candidates will appear on the general election ballot or be elected to office is a public process, in which all voters must be permitted to participate. The legislature further finds that it is in the public interest to expend public funds on an election procedure that limits the rights of voters by restricting their ability to participate based on the party affiliation, if any, of the voters or the candidates, or that requires voters to publicly declare an affiliation with a political party;

(b) All qualified registered voters of the state of Washington should be permitted to participate in all meaningful stages of the process for qualifying candidates to appear on the general election ballot by voting for the candidates of their choice in the districts and jurisdictions where they are eligible to vote; and

(c) No registered voter of the state of Washington should be required to divulge to any public or private entity his or her party affiliation, if any, as a prerequisite to voting.

NEW SECTION. Sec. 2. The rights of Washington voters are protected by its Constitution and laws and include the following fundamental rights:

(1) The right of qualified voters to vote at all elections;

(2) The right of absolute secrecy of the vote. No voter may be required to disclose political faith or adherence in order to vote;

(3) The right to cast a vote for any candidate for each office without any limitation based on party preference or affiliation, of either the voter or the candidate.

Sec. 3. RCW 29A.04.085 and 2003 c 111 s 115 are each amended to read as follows:

"Major political party" means a political party ((of which at least one nominee for president, vice president, United States senator, or a statewide office received at least five percent of the total vote cast at the last preceding state general election in an even-numbered year. A political party qualifying as a major political party under this section retains such status until the next even-year election at which a candidate of that party does not achieve at least five percent of the vote for one of the following positions as a presidential candidate: the office of president of the United States, the office of governor at a general election in an even-numbered year)) that is identified on the declaration of candidacy of at least one candidate for an office appearing on the general election ballot in an even-numbered year in which each registered voter eligible to vote in the district or jurisdiction is permitted to cast a vote, without any limitation based on party preference or affiliation, without any limitation based on party preference or affiliation on the part of the voter or the candidate, with the result that not more than two candidates for each office qualify to appear on the general election ballot.

A minor political party or independent candidate convention nominating candidates for the offices of president and vice president of the United States shall, not later than ten days after the adjournment of the convention, submit a list of presidential electors to the office of the secretary of state. The list shall contain the names and the mailing addresses of the persons selected and shall be verified by the (presiding officer of the convention) candidates named on the nominating petition.

**Sec. 14.** RCW 29A.20.190 and 2003 c 111 s 513 are each amended to read as follows:

Upon the receipt of the (certificate of nomination) nominating petition, the (officer with whom it is filed shall check the certificate and) secretary of state shall canvass the signatures (on the accompanying nominating petitions to determine if the requirements of RCW 29A.20.140 have been met) once the determination of the sufficiency of the petitions has been made, the filing officer shall notify the (presiding officer of the convention) candidates and any other persons requesting the notification(( of his or her decision regarding the sufficiency of the certificate or the nominating petitions)). Any appeal regarding the filing officer's determination must be filed with the superior court of the county in which the certificate or petitions were filed not later than five days from the date the determination is made, and shall be heard and finally disposed of by the court within five days of the filing. Nominating petitions shall not be available for public inspection or copying.

**Sec. 15.** RCW 29A.24.030 and 2003 c 111 s 603 are each amended to read as follows:

A candidate who desires to have his or her name printed on the ballot for election to an office other than president of the United States, vice president of the United States, or an office for which ownership of property is a prerequisite to voting shall complete and file a declaration of candidacy. The secretary of state shall adopt, by rule, a declaration of candidacy form for the office of precinct committee officer and a separate standard form for candidates for all other offices under this chapter. Included on the standard form shall be:

(1) A place for the candidate to declare that he or she is a registered voter within the jurisdiction of the office for which he or she is filing, and the address at which he or she is registered;

(2) A place for the candidate to indicate the position for which he or she is filing;

(3) For those offices defined in section 4 of this act only, a place for the candidate to (identify a party designation, if applicable) identify a major or minor political party, if any, the candidate regards as best approximating his or her own political philosophy. No candidate may list more than one political party. Nothing in this indication of political philosophy may be construed as denoting an endorsement or nomination by that party. The sole purpose of allowing candidates to identify a political party preference is to provide to voters a brief description of each candidate’s political philosophy, which the voters may consider when casting their votes at a primary or general election. If a court of competent jurisdiction holds that a political party has a right to control the use of the name in a manner inconsistent with this subsection, this subsection is inoperative and section 16 of this act applies;

(4) A place for the candidate to indicate the amount of the filing fee accompanying the declaration of candidacy or for the candidate to indicate that he or she is filing a (nominating) petition in lieu of the filing fee under RCW 29A.24.090;

(5) A place for the candidate to sign the declaration of candidacy, stating that the information provided on the form is true and swearing or affirming that he or she will support the Constitution and laws of the United States and the Constitution and laws of the state of Washington.

In the case of a declaration of candidacy filed electronically, submission of the form constitutes agreement that the information provided with the filing is true, that he or she will support the Constitutions and laws of the United States and the state of Washington, and that he or she agrees to electronic payment of the filing fee established in RCW 29A.24.090.

The secretary of state may require any other information on the form he or she deems appropriate to facilitate the filing process.

**NEW SECTION.** Sec. 16. A new section is added to chapter 29A.24 RCW to read as follows: If, as provided in RCW 29A.24.030(3), a court of competent jurisdiction holds that a political party has the right to control the use of its name in a manner inconsistent with the provisions of that subsection, then the following process applies:

For those offices defined in section 4 of this act, a place for the candidate to submit a description of up to three words that the candidate regards as best approximating his or her own political philosophy. The sole purpose of allowing a candidate to submit a three-word description is to provide to voters information about each candidate’s political philosophy, which the voters may consider when casting their votes at a primary or general election. The secretary of state shall adopt rules as necessary for the implementation of this section.

**Sec. 17.** RCW 29A.24.080 and 2003 c 111 s 608 are each amended to read as follows:

Any candidate may mail his or her declaration of candidacy for an office to the filing officer. Such declarations of candidacy shall be processed by the filing officer in the following manner:

(1) Any declaration received by the filing officer by mail before the tenth business day immediately preceding the first day for candidates to file for office shall be returned to the candidate submitting it, together with a notification that the
declaration of candidacy was received too early to be processed. The candidate shall then be permitted to resubmit his or her declaration of candidacy during the filing period.

(2) Any properly executed declaration of candidacy received by mail on or after the tenth business day immediately preceding the first day for candidates to file for office and before the close of business on the last day of the filing period shall be included with filings made in person during the filing period. In primaries for partisan office and judicial (elections), offices the filing officer shall determine by lot the order in which the names of those candidates shall appear upon sample and absentee primary ballots.

(3) Any declaration of candidacy received by the filing officer after the close of business on the last day for candidates to file for office shall be rejected and returned to the candidate attempting to file it.

Sec. 18. RCW 29A.24.090 and 2003 c 111 s 609 are each amended to read as follows:

A filing fee of ten dollars shall accompany each declaration of candidacy for precinct committee officer; a filing fee of one dollar shall accompany each declaration of candidacy for any office with a fixed annual salary of one thousand dollars or less; a filing fee equal to one percent of the annual salary of the office at the time of filing shall accompany the declaration of candidacy for any office with a fixed annual salary of more than one thousand dollars per annum. No filing fee need accompany a declaration of candidacy for any office for which compensation is on a per diem or per meeting attended basis. A candidate who lacks sufficient assets or income at the time of filing to pay the filing fee required by this section shall submit with his or her declaration of candidacy a ((nominating)) filing petition. The petition shall contain not less than a number of signatures of registered voters equal to the number of dollars of the filing fee. The signatures shall be of voters registered to vote within the jurisdiction of the office for which the candidate is filing.

When the candidacy is for:

(1) A legislative or judicial office that includes territory from more than one county, the fee shall be paid to the secretary of state for equal division between the treasuries of the counties comprising the district.

(2) A city or town office, the fee shall be paid to the county auditor who shall transmit it to the city or town clerk for deposit in the city or town treasury.

Sec. 19. RCW 29A.24.100 and 2003 c 111 s 610 are each amended to read as follows:

The ((nominating)) filing petition authorized by RCW 29A.24.090 shall be printed on sheets of uniform color and size, shall contain no more than twenty numbered lines, and must be in substantially the following form:

The warning prescribed by RCW 29A.72.140; followed by:

We, the undersigned registered voters of . . . (the state of Washington or the political subdivision for which the ((nominating)) filing is made), hereby petition that the name of . . . (candidate’s name), . . . be printed on the official primary ballot for the office of . . . (insert name of office). . . .

If the candidate listed a political party on the declaration of candidacy, then the name of that party must appear on the filing petition.

The petition must include a place for each individual to sign and print his or her name, and the address, city, and county at which he or she is registered to vote.

Sec. 20. RCW 29A.24.110 and 2003 c 111 s 611 are each amended to read as follows:

((Nominating)) Petitions may be rejected for the following reasons:

(1) The petition is not in the proper form;

(2) The petition clearly bears insufficient signatures;

(3) The petition is not accompanied by a declaration of candidacy;

(4) The time within which the petition and the declaration of candidacy could have been filed has expired.

If the petition is accepted, the officer with whom it is filed shall canvass the signatures contained on it and shall reject the signatures of those persons who are not registered voters and the signatures of those persons who are not registered to vote within the jurisdiction of the office for which the ((nominating)) petition is filed. He or she shall additionally reject any signature that appears on the ((nominating)) petitions of two or more candidates for the same office and shall also reject, each time it appears, the name of any person who signs the same petition more than once.

If the officer with whom the petition is filed refuses to accept the petition or refuses to certify the petition as bearing sufficient valid signatures, the person filing the petition may appeal that action to the superior court. The application for judicial review shall take precedence over other cases and matters and shall be speedily heard and determined.

Sec. 21. RCW 29A.24.140 and 2003 c 111 s 614 are each amended to read as follows:

A void in candidacy for ((nonpartisan)) an office occurs when an election for such office, except for the short term, has been scheduled and no valid declaration of candidacy has been filed for the position or all persons filing such valid declarations of candidacy have died or been disqualified.

Sec. 22. RCW 29A.24.150 and 2003 c 111 s 615 are each amended to read as follows:

The election officer with whom declarations of candidacy are filed shall give notice of a void in candidacy for ((nonpartisan)) an office by notifying press, radio, and television in the county or counties involved and by such other means as may now or hereafter be provided by law. The notice shall state the office, and the time and place for filing declarations of candidacy.

Sec. 23. RCW 29A.24.160 and 2003 c 111 s 616 are each amended to read as follows:

Filings to fill a void in candidacy for ((nonpartisan)) an office must be made in the same manner and with the same official as required during the regular filing period for such office((except that nominating signature petitions that may be required of candidates filing for certain district offices during the normal filing period may not be required of candidates filing during the special three day filing period)).

Sec. 24. RCW 29A.24.170 and 2003 c 111 s 617 are each amended to read as follows:

Filings for ((nonpartisan)) an office shall be reopened for a period of three normal business days, such three day period to be fixed by the election officer with whom such declarations of candidacy are filed and notice thereof given by notifying press, radio, and television in the county or counties and by such other means as may now or hereafter be provided by law whenever before the sixth Tuesday prior to a primary:

(1) A void in candidacy occurs;
(2) A vacancy occurs in any office leaving an unexpired term to be filled by an election for which filings have not been held; or

(3) A candidate for judge of the superior court entitled to a certificate of election pursuant to Article IV, section 29, Amendment 41 of the state Constitution, dies or is disqualified. 

Candidacies validly filed within said three-day period shall appear on the ballot as if made during the earlier filing period.

Sec. 25. RCW 29A.24.180 and 2003 c 111 s 618 are each amended to read as follows:
Filings for a nonpartisan office (other than judge of the supreme court or superintendent of public instruction) shall be reopened for a period of three normal business days, such three-day period to be fixed by the election officer with whom such declarations of candidacy are filed and notice thereof given by notifying press, radio, and television in the county and by such other means as may now or hereafter be provided by law, when:

(1) A void in candidacy for such nonpartisan office occurs on or after the sixth Tuesday prior to a primary but prior to the filing period, then the following will occur:

(2) A vacancy occurs in any nonpartisan office on or after the sixth Tuesday prior to a primary but prior to the filing period, then the following will occur:

(3) A candidate for judge of the superior court eligible after a contested primary for a certificate of election by Article IV, section 29, Amendment 41 of the state Constitution, dies or is disqualified within the ten day period immediately following the last day allotted for a candidate to withdraw; or

A vacancy occurs in any nonpartisan office on or after the sixth Tuesday prior to a primary but prior to the filing period, then the following will occur:

If the death or disqualification of a candidate for a partisan or nonpartisan office does not give rise to the opening of a new filing period, then the declaration of candidacy is void and his or her name will not appear on the ballot; or

If the candidate was the only candidate for the same office at the preceding primary or the person's name appeared on the ballot for the same office at the preceding primary, then his or her name will appear on the primary ballot and all otherwise valid votes for that candidate will be tabulated.

Any person who desires to be a write-in candidate and have such votes counted at a primary or election may file a declaration of candidacy with the officer designated in RCW 29A.24.070 not later than the day before the primary or election. Declarations of candidacy for write-in candidates must be accompanied by a filing fee in the same manner as required of other candidates filing for the office as provided in RCW 29A.24.090.

Voting in write-in candidates who have filed such declarations of candidacy ((and write-in votes for persons appointed by political parties pursuant to RCW 29A.28.020)) need only specify the name of the candidate in the appropriate location on the ballot in order to be counted. Write-in votes cast for any other candidate, in order to be counted, must designate the office sought and position number ((or political party)), if the manner in which the write-in is done does not make the office or position clear. In order for write-in votes to be valid in jurisdictions employing optical-scan mark sense ballot systems the voter must complete the proper mark next to the write-in line for that office.

No person may file as a write-in candidate where:

(1) At a general election, the person attempting to file either filed as a write-in candidate for the same office at the preceding primary or the person's name appeared on the ballot for the same office at the preceding primary;

(2) The person attempting to file as a write-in candidate has already filed a valid write-in declaration for that primary or election, unless one or the other of the two filings is for the office of precinct committeeperson;

(3) The name of the person attempting to file already appears on the ballot as a candidate for another office, unless one of the two offices for which he or she is a candidate is precinct committeeperson.

The declaration of candidacy shall be similar to that required by RCW 29A.24.030. No write-in candidate filing under this section may be included in any voter's pamphlet produced under chapter 29A.32 RCW unless that candidate qualifies to have his or her name printed on the general election ballot. The legislative authority of any jurisdiction producing a local voter's pamphlet under chapter 29A.32 RCW may provide, by ordinance, for the inclusion of write-in candidates in such pamphlets.

NEW SECTION. Sec. 28. A new section is added to chapter 29A.28 RCW to read as follows:

If the death or disqualification of a candidate for a partisan or nonpartisan office does not give rise to the opening of a new filing period under RCW 29A.24.170, then the following will occur:

(1) If the candidate dies or becomes disqualified after filing a declaration of candidacy but before the close of the filing period, then the declaration of candidacy is void and his or her name will not appear on the ballot;

(2) If the candidate dies or becomes disqualified after the close of the filing period but before the day of the primary, then his or her name will appear on the primary ballot and all otherwise valid votes for that candidate will be tabulated. The candidate's name will not appear on the general election ballot even if he or she otherwise would have qualified to do so, but no other candidate will advance, or be substituted, in the place of that candidate. If the candidate was the only candidate to qualify to advance to the general election, then the general election for that office lapses, and the office will be regarded as vacant as of the time the newly elected official would have otherwise taken office;

(3) If the candidate dies or becomes disqualified on or after the day of the primary, and he or she would have otherwise qualified to appear on the general election ballot, then his or her name will appear on the general election ballot and all otherwise valid votes for that candidate will be tabulated. If the candidate received a number of votes sufficient to be elected to office, but for his or her death or disqualification, then the office will be regarded as vacant as of the time the newly elected official would have otherwise taken office.

Sec. 29. RCW 29A.28.040 and 2003 c 111 s 704 are each amended to read as follows:

(1) A scheduled election ((shall be nullified)) lapses, the office is deemed stricken from the ballot, no purported write-in votes may be counted, and no candidate may be certified as elected, when:

(2) Except as otherwise specified in RCW 29A.24.180, a candidate for judge of the superior court entitled to a certificate of election pursuant to Article IV, section 29, Amendment 41 of the state Constitution dies or is disqualified on or after the sixth Tuesday prior to a primary;

(3) In other elections for nonpartisan office a void in candidacy occurs or a vacancy occurs involving an unexpired term to be filled on or after the sixth Tuesday prior to an election.

The candidate receiving a plurality of the votes cast for that office in the general election shall be deemed elected.
(1) Whenever a vacancy occurs in the United States house of representatives or the United States senate from this state, the governor shall order a special election to fill the vacancy.

(2) Within ten days of such vacancy occurring, he or she shall issue a writ of election fixing a date for the special vacancy election not less than ninety days after the issuance of the writ, fixing a date for the primary for [(nominate)(nominating)] qualifying candidates for the special vacancy election not less than thirty days before the day fixed for holding the special vacancy election, fixing the dates for the special filing period, and designating the term or part of the term for which the vacancy exists. If the vacancy is in the office of United States representative, the writ of election shall specify the congressional district that is vacant.

(3) If the vacancy occurs less than six months before a state general election and before the second Friday following the close of the filing period for that general election, the special primary and special vacancy elections shall be held in concert with the state primary and state general election in that year.

(4) If the vacancy occurs on or after the first day for filing under RCW 29A.24.050 and on or before the second Friday following the close of the filing period, a special filing period of three normal business days shall be fixed by the governor and notice thereof given to all media, including press, radio, and television within the area in which the vacancy election is to be held, to the end that, insofar as possible, all interested persons will be aware of such filing period. The last day of the filing period shall not be later than the third Tuesday before the primary. [(which candidates are to be nominated)] The names of candidates who have filed valid declarations of candidacy during this three-day period shall appear on the approaching primary ballot.

(5) If the vacancy occurs later than the second Friday following the close of the filing period, a special primary and special vacancy election to fill the position shall be held after the next state general election but, in any event, no later than the ninetieth day following the November election.

Sec. 30. RCW 29A.28.060 and 2003 c 111 s 706 are each amended to read as follows:

General election laws and laws relating to [(partisan) primaries (shall)] for partisan offices apply to the special primaries and vacancy elections provided for in RCW 29A.28.040 through 29A.28.050 to the extent that they are not inconsistent with the provisions of these sections. Statutory time deadlines relating to availability of absentee ballots, certification, canvassing, and related procedures that cannot be met in a timely fashion may be modified for the purposes of a specific primary or vacancy election under this chapter by the secretary of state through emergency rules adopted under RCW 29A.04.610.

Sec. 31. RCW 29A.32.030 and 2003 c 111 s 803 are each amended to read as follows:

(2) In even-numbered years, statements, if submitted, advocating the candidacy of [(nominees) candidates] qualified to appear on the ballot for the office of president and vice president of the United States, United States senator, United States representative, governor, lieutenant governor, secretary of state, state treasurer, state auditor, attorney general, commissioner of public lands, superintendent of public instruction, insurance commissioner, state senator, state representative, justice of the supreme court, judge of the court of appeals, or judge of the superior court. Candidates may also submit a campaign mailing address and telephone number and a photograph not more than five years old and of a size and quality that the secretary of state determines to be suitable for reproduction in the voters’ pamphlet;

(3) In odd-numbered years, if any office voted upon statewide appears on the ballot due to a vacancy, then statements and photographs for candidates for any vacant office listed in subsection (2) of this section must appear;

(4) In even-numbered years, a section explaining how voters may participate in the election campaign process; the address and telephone number of the public disclosure commission established under RCW 42.17.350; and a summary of the disclosure requirements that apply when contributions are made to candidates and political committees;

(5) In even-numbered years the name, address, and telephone number of each political party [(with nominees listed in the pamphlet, if filed with the secretary of state by the state committee of a major political party or the presiding officer of the convention of a minor political party) for which a candidate appearing on the ballot has expressed a preference on his or her declaration of candidacy, if the party has provided that information to the secretary of state];

(6) In each odd-numbered year immediately before a year in which a president of the United States is to be nominated and elected, information explaining the precinct caucus and convention process used by each major political party to elect delegates to its national presidential candidate nominating convention. The pamphlet must also provide a description of the statutory procedures by which minor political parties are formed and the statutory methods used by the parties to nominate candidates for president;

(7) In even-numbered years, a description of the office of precinct committee officer and its duties;

(8) An application form for an absentee ballot;

(9) A brief statement explaining the deletion and addition of language for proposed measures under RCW 29A.32.080;

(10) Any additional information pertaining to elections as may be required by law or in the judgment of the secretary of state is deemed informative to the voters.

Sec. 32. RCW 29A.32.120 and 2003 c 254 s 6 and 2003 c 111 s 812 are each reenacted and amended to read as follows:

(1) The maximum number of words for statements submitted by candidates is as follows: State representative, one hundred words; state senator, judge of the superior court, judge of the court of appeals, justice of the supreme court, and all state offices voted upon throughout the state, except that of governor, two hundred words; president and vice president, United States senator, United States representative, and governor, three hundred words and for the office of president and vice president of the United States.

(2) Arguments written by committees under RCW 29A.32.060 may not exceed two hundred fifty words in length.

(3) Rebuttal arguments written by committees may not exceed seventy-five words in length.

(4) The secretary of state shall allocate space in the pamphlet based on the number of candidates (or nominees) for each office.

Sec. 33. RCW 29A.36.010 and 2003 c 111 s 901 are each amended to read as follows:
On or before the day following the last day allowed for (political parties to fill vacancies in the ticket as provided by RCW 29A.28.030(4)) candidates to withdraw under RCW 29A.24.130, the secretary of state shall certify to each county auditor a list of the candidates who have filed declarations of candidacy in his or her office for the primary. For each office, the certificate shall include the name of each candidate, his or her address, and his or her party (designate) preference, if any.

Sec. 34. RCW 29A.36.070 and 2003 c 111 s 907 are each amended to read as follows:

(1) Except as provided to the contrary in RCW 82.14.036, 82.46.021, or 82.80.090, the ballot title of any referendum filed on an enactment or portion of an enactment of a local government and any other question submitted to the voters of a local government consists of three elements: (a) An identification of the enacting legislative body and a statement of the subject matter; (b) a concise description of the measure; and (c) a question. The ballot title must conform with the requirements and be displayed substantially as provided under RCW 29A.72.050, except that the concise description must not exceed seventy-five words. If the local governmental unit is a city or a town, the concise statement shall be prepared by the city or town attorney. If the local governmental unit is a county, the concise statement shall be prepared by the prosecuting attorney of the county. If the unit is a unit of local government other than a city, town, or county, the concise statement shall be prepared by the prosecuting attorney of the county within which the majority area of the unit is located.

(2) A referendum measure on the enactment of a unit of local government shall be advertised in the manner provided for (nominated) candidates for elective office.

(3) Subsection (1) of this section does not apply if another provision of law specifies the ballot title for a specific type of ballot question or proposition.

Sec. 35. RCW 29A.36.100 and 2003 c 111 s 910 are each amended to read as follows:

Except for the candidates for the positions of president and vice president or for a partisan or nonpartisan office for which no primary is required, the names of all candidates who, under this title, filed a declaration of candidacy, (were certified as a candidate to fill a vacancy on a major party ticket, or were nominated as an independent or minor party candidate) will appear on the appropriate ballot at the primary throughout the jurisdiction (in which they are to be nominated) of the office for which they are a candidate.

Sec. 36. RCW 29A.36.170 and 2003 c 111 s 917 are each amended to read as follows:

(1) Except as provided in RCW 29A.36.180 and in subsection (2) of this section, on the ballot at the general election for (a nonpartisan) office for which a primary was held, only the names of the candidate who received the greatest number of votes and the candidate who received the next greatest number of votes for that office shall appear under the title of that office, and the names shall appear in that order. If a primary was conducted, no candidate’s name may be printed on the subsequent general election ballot unless he or she receives at least one percent of the total votes cast for that office at the preceding primary. On the ballot at the general election for (an any other nonpartisan) office for which no primary was held, the names of the candidates shall be listed in the order determined under RCW 29A.36.130.

(2) On the ballot at the general election for the office of justice of the supreme court, judge of the court of appeals, judge of the superior court, or state superintendent of public instruction, if a candidate in a contested primary receives a majority of all the votes cast for that office or position, only the name of that candidate may be printed under the title of the office for that position.

Sec. 37. RCW 29A.36.200 and 2003 c 111 s 920 are each amended to read as follows:

The names of the persons certified (as nominees) by the secretary of state or the county canvassing board as having qualified to appear on the general election ballot shall be printed on the ballot at the ensuing election. No name of any candidate (whose nomination at a primary is required by law shall) for an office for which a primary is conducted may be placed upon the ballot at a general or special election unless it appears upon the certificate of either (1) the secretary of state(ies)) or (2) the county canvassing board(ies) or (3) a minor party convention or the state or county central committee for a major political party to fill a vacancy on its ticket under RCW 29A.28.020).

Excluding the office of precinct committee officer or a temporary elected position such as a charter review board member or freeholder, a candidate’s name shall not appear more than once upon a ballot for a position regularly (nominated) elected at the same election.

Sec. 38. RCW 29A.52.010 and 2003 c 111 s 1301 are each amended to read as follows:

Whenever it shall be necessary to hold a special election in an odd-numbered year to fill an unexpired term of any office which is scheduled to be voted upon for a full term in an even-numbered year, no (September) primary election shall be held in the odd-numbered year if, after the last day allowed for candidates to withdraw (either of the following circumstances exist):

(1) No more than one candidate of each qualified political party has filed a declaration of candidacy for the same partisan office to be filled; or
(2) no more than two candidates have filed a declaration of candidacy for a single (nonpartisan) office to be filled.

In (either this event, the officer with whom the declarations of candidacy were filed shall immediately notify all candidates concerned and the names of the candidates that would have been printed upon the (September) primary ballot, but for the provisions of this section, shall be printed as (nominees) candidates for the positions sought upon the (November) general election ballot.

Sec. 39. RCW 29A.52.110 and 2003 c 111 s 1302 are each amended to read as follows:

Candidates for (the following offices shall be nominated at) partisan offices will appear on the ballot at primaries held (pursuant to the provisions of) under this chapter(i):

(2) All state offices except (a) judicial offices and (b) the office of superintendent of public instruction;
(3) All county offices except (a) judicial offices and (b) those offices where a county home rule charter provides otherwise).

NEW SECTION. Sec. 40. A new section is added to chapter 29A.52 RCW to read as follows:

(1) Whenever candidates for partisan office are to be elected, the general election must be preceded by a primary conducted under this chapter, except as otherwise provided in law. Based upon votes cast at the primary, two candidates must be certified as qualified to appear on the general election ballot, under RCW 29A.52.320 and 29A.36.170.
(2) A primary may not be used to select the nominees of a political party. A primary is a critical stage in the public process by which voters elect candidates to public office.

(3) If a candidate indicates a political philosophy as provided by RCW 29A.24.030(3) or section 16 of this act on his or her declaration of candidacy, then the philosophy will be listed for the candidate on the primary and general election ballots. Each candidate who does not express a philosophy will be listed as an independent candidate on the primary and general election ballots. Political philosophy will be listed for the information of the voters only, and may not be used for any purpose relating to the conduct, canvassing, or certification of the primary, and may in no way limit the options available to voters in deciding for whom to cast a vote.

Sec. 41. RCW 29A.52.230 and 2003 c 111 s 1307 are each amended to read as follows:

The offices of superintendent of public instruction, justice of the supreme court, judge of the court of appeals, judge of the superior court, and judge of the district court shall be nonpartisan and the candidates therefor shall be ((nominated)) qualified and elected as such.

All city, town, and special purpose district elective offices shall be nonpartisan and the candidates therefor shall be ((nominated)) qualified and elected as such.

Sec. 42. RCW 29A.52.320 and 2003 c 111 s 1310 are each amended to read as follows:

Sec. 43. RCW 29A.52.350 and 2003 c 111 s 1313 are each amended to read as follows:

Except as provided in RCW 29A.32.260, notice for any state, county, district, or municipal election, whether special or general, must be given at least one publication not more than ten nor less than three days before the election by the county auditor or the officer conducting the election as the case may be, in one or more newspapers of general circulation within the county. The legal notice must contain the names of each office under the proper party ((designation)) preference, the names and addresses of all ((officers)) candidates who have been ((nominated)) qualified to appear on the ballot for an office to be voted upon at that election, together with the ballot titles of all measures, the hours during which the polls will be open, and the polling places for each precinct, giving the address of each polling place. The names of all candidates for nonpartisan offices must be published separately with designation of the offices for which they are candidates but without party designation. This is the only notice required for a state, county, district, or municipal general or special election and supersedes the provisions of any and all other statutes, whether general or special in nature, having different requirements for the giving of notice of any general or special elections.

Sec. 44. RCW 29A.60.020 and 2003 c 111 s 1502 are each amended to read as follows:

(1) For any office at any election or primary, any voter may write in on the ballot the name of any person for an office who has filed as a write-in candidate for the office in the manner provided by RCW 29A.24.310 and such vote shall be counted the same as if the name had been printed on the ballot and marked by the voter. No write-in vote made for any person who has not filed a declaration of candidacy pursuant to RCW 29A.24.310 is valid if that person filed for the same office, either as a regular candidate or a write-in candidate, at the preceding primary. Any abbreviation used to designate office, position, or political party shall be accepted if the canvassing board can determine, to their satisfaction, the voter’s intent.

(2) The number of write-in votes cast for each office must be recorded and reported with the canvass for the election.

(3) Write-in votes cast for an individual candidate for an office need not be tallied if the total number of write-in votes cast for the office is not greater than the number of votes cast for the candidate apparently ((nominated)) qualified to appear on the general election ballot or elected, and the write-in votes could not have altered the outcome of the primary or election.

(4) In the case of statewide offices or jurisdictions that encompass more than one county, if the total number of write-in votes cast for an office within a county is greater than the number of votes cast for a candidate apparently ((nominated)) qualified to appear on the general election ballot or elected, the write-in votes for an individual candidate must be tallied whenever the county auditor is notified by either the office of the secretary of state or another auditor in a multicounty jurisdiction that it appears that the write-in votes could alter the outcome of the primary or election.

(5) In the case of statewide offices or jurisdictions that encompass more than one county, if the total number of write-in votes cast for an office within a county is greater than the number of votes cast for a candidate apparently ((nominated)) qualified to appear on the general election ballot or elected in a primary or election, the auditor shall tally all write-in votes for individual candidates for that office and notify the office of the secretary of state and the auditors of the other counties within the jurisdiction, that the write-in votes for individual candidates should be tallied.

Sec. 45. RCW 29A.60.220 and 2003 c 111 s 1522 are each amended to read as follows:

(1) If the requisite number of any federal, state, county, city, or district officers have not ((been nominated)) qualified to appear on the general election ballot in a primary by reason of two or more persons having an equal and requisite number of votes for being placed on the general election ballot, the official empowered by state law to certify candidates for the general election ballot shall give notice to the several persons so having the equal and requisite number of votes to attend at the appropriate office designated by that official, who shall then and there proceed publicly to decide by lot which of those persons will be declared ((nominated)) qualified and placed on the general election ballot.

(2) If the requisite number of any federal, state, county, city, district, or precinct officers have not been elected by reason of two or more persons having an equal and highest number of votes for one and the same office, the official empowered by state law to issue the original certificate of election shall give notice to the several persons so having the highest and equal number of votes to attend at the appropriate office at the time to be appointed by that official, who shall then and there proceed publicly to decide by lot which of those persons will be declared duly elected, and the official shall make out and deliver to the person thus duly declared elected a certificate of election.

Sec. 46. RCW 29A.64.010 and 2003 c 111 s 1601 are each amended to read as follows:

An officer of a political party or any person for whom votes were cast in a primary who was not declared ((nominated)) qualified to appear on the general election ballot may file a written application for a recount of the votes or a portion of the votes cast at that primary for all persons for whom votes were cast for ((nomination to)) that office.
An officer of a political party or any person for whom votes were cast at any election may file a written application for a recount of the votes or a portion of the votes cast at that election for all candidates for that office.

Any group of five or more registered voters may file a written application for a recount of the votes or a portion of the votes cast upon any question or issue. They shall designate one of the members of the group as chair and shall indicate the voting residence of each member of the group.

An application for a recount of the votes cast for an office or on a ballot measure must be filed with the officer with whom filings are made for the jurisdiction.

An application for a recount must specify whether the recount will be done manually or by the vote tally system. A recount done by the vote tally system must use programming that recounts reports only the office or ballot measure in question. The county shall also provide for a test of the logic and accuracy of that program.

An application for a recount must be filed within three business days after the county canvassing board or secretary of state has declared the official results of the primary or election for the office or issue for which the recount is requested.

This chapter applies to the recounting of votes cast by paper ballots and to the recounting of votes recorded on ballots counted by a vote tally system.

Sec. 47. RCW 29A.64.020 and 2003 c 111 s 1602 are each amended to read as follows:
(1) If the official canvass of all of the returns for any office at any primary or election reveals that the difference in the number of votes cast for a candidate apparently nominated to appear on the general election ballot or elected to any office and the number of votes cast for the closest apparently defeated opponent is less than two thousand votes and also less than one-half of one percent of the total number of votes cast for both candidates, the county canvassing board shall conduct a recount of all votes cast on that position.
(a) Whenever such a difference occurs in the number of votes cast for candidates for a position the declaration of candidacy for which was filed with the secretary of state, the secretary of state shall, within three business days of the day that the returns of the primary or election are first certified by the canvassing boards of those counties, direct those boards to recount all votes cast on the position.
(b) If the difference in the number of votes cast for the apparent winner and the closest apparently defeated opponent is less than one hundred fifty votes and also less than one-fourth of one percent of the total number of votes cast for both candidates, the votes shall be recounted manually or as provided in subsection (3) of this section.
(2) A mandatory recount shall be conducted in the manner provided by RCW 29A.64.030, 29A.64.040, and 29A.64.060. No cost of a mandatory recount may be charged to any candidate.
(3) The apparent winner and closest apparently defeated opponent for an office for which a manual recount is required under subsection (1)(b) of this section may select an alternative method of conducting the recount. To select such an alternative, the two candidates shall agree to the alternative in a signed, written statement filed with the election official for the office. The recount shall be conducted using the alternative method if: It is suited to the ballot system that was used for casting the votes for the office; it involves the use of a vote tallying system that is approved for use in this state by the secretary of state; and the vote tallying system is readily available in each county required to conduct the recount. If more than one ballot system was used in casting votes for the office, an alternative to a manual recount may be selected for each system.

Sec. 48. RCW 29A.64.040 and 2003 c 111 s 1604 are each amended to read as follows:
(1) At the time and place established for a recount, the canvassing board or its duly authorized representatives, in the presence of all witnesses who may be in attendance, shall open the sealed containers containing the ballots to be recounted, and shall recount the votes for the offices or issues for which the recount has been ordered. Ballots shall be handled only by the members of the canvassing board or their duly authorized representatives.
(2) Witnesses shall be permitted to observe the ballots and the process of tabulating the votes, but they shall not be permitted to handle the ballots. The canvassing board shall not permit the tabulation of votes for any office or issue other than the ones for which a recount was applied for or required.
(3) At any time before the ballots from all of the precincts listed in the application for the recount have been recounted, the applicant may file with the board a written request to stop the recount.
(4) The recount may be observed by persons representing the candidates affected by the recount or the persons representing both sides of an issue that is being recounted. The observers may not make a record of the names, addresses, or other information on the ballots, poll books, or applications for absentee ballots unless authorized by the superior court. The secretary of state or county auditor may limit the number of observers to not less than two on each side if, in his or her opinion, a greater number would cause undue delay or disruption of the recount process.

Sec. 49. RCW 29A.64.060 and 2003 c 111 s 1606 are each amended to read as follows:
Upon completion of the canvass of a recount, the canvassing board shall prepare and certify an amended abstract showing the votes cast in each precinct for which the recount was conducted. Copies of the amended abstracts must be transmitted to the same officers who received the abstract on which the recount was based.

If the office or issue for which the recount was conducted was submitted only to the voters of a county, the canvassing board shall file the amended abstract with the original results of that election.

If the office or issue for which a recount was conducted was submitted to the voters of more than one county, the secretary of state shall canvass the amended abstracts and shall file an amended abstract with the original results of that election. An amended abstract certified under this section supersedes any prior abstract of the results for the same offices or issues at the same primary or election.

Sec. 50. RCW 29A.64.080 and 2003 c 111 s 1608 are each amended to read as follows:
The canvassing board shall determine the expenses for conducting a recount of votes. The cost of the recount shall be deducted from the amount deposited by the applicant for the recount at the time of filing the request for the recount, and the balance shall be returned to the applicant. If the costs of the recount exceed the deposit, the applicant shall pay the difference. No charges may be deducted by the canvassing board from the deposit for a recount if the recount changes the result of the primary or election for which the recount was ordered.

Sec. 104. RCW 29A.04.215 and 2003 c 111 s 134 are each amended to read as follows:
The county auditor of each county shall be ex officio the supervisor of all primaries and elections, general or special, and it shall be the county auditor's duty to provide places for holding such primaries and elections; to appoint the precinct election officers and to provide for their compensation; to provide the supplies and materials necessary for the conduct of elections to the precinct election officers; and to publish and post notices of calling such primaries and elections in the manner provided by law. The notice of a (general election) primary held in an even-numbered year must indicate that the office of precinct committee officer will be on the primary ballot. The auditor shall also apportion to each city, town, or district, and to the state of Washington in the odd-numbered year, its share of the expense of such primaries and elections. This section does not apply to general or special elections for any city, town, or district that is not subject to RCW 29A.04.320 and 29A.04.330, but all such elections must be held and conducted at the time, in the manner, and by the officials (with such notice, requirements for filing for office, and certifications by local officers) as provided and required by the laws governing such elections.

Sec. 105. RCW 29A.04.310 and 2003 c 111 s 143 are each amended to read as follows:
Nominating primaries for general elections to be held in November, and the election of precinct committee officers, must be held on the third Tuesday of the preceding September or on the seventh Tuesday immediately preceding such general election, whichever occurs first.

(1) All state, county, city, town, and district general elections for the election of federal, state, legislative, judicial, county, city, town, and district (and precinct) officers, and for the submission to the voters of the state, county, city, town, or district of any measure for their adoption and approval or rejection, shall be held on the first Tuesday after the first
Monday of November, in the year in which they may be called. A statewide general election shall be held on the first Tuesday after the first Monday of November of each year. However, the statewide general election held in odd-numbered years shall be limited to (a) city, town, and district general elections as provided for in RCW 29A.04.330, or as otherwise provided by law; (b) the election of federal officers for the remainder of any unexpired terms in the membership of either branch of the Congress of the United States; (c) the election of state and county officers for the remainder of any unexpired terms of offices created by or whose duties are described in Article II, section 15, Article III, sections 16, 17, 19, 20, 21, 22, and 23, and Article IV, sections 3 and 5 of the state Constitution and RCW 2.06.080; (d) the election of county officers in any county governed by a charter containing provisions calling for general county elections at this time; and (e) the approval or rejection of state measures, including proposed constitutional amendments, matters pertaining to any proposed constitutional convention, initiative measures and referendum measures proposed by the electorate, referendum bills, and any other matter provided by the legislature for submission to the electorate.

(2) A county legislative authority may, if it deems an emergency to exist, call a special county election by presenting a resolution to the county auditor at least forty-five days prior to the proposed election date. Except as provided in subsection (4) of this section, a special election called by the county legislative authority shall be held on one of the following dates as decided by such governing body:
   (a) The first Tuesday after the first Monday in February;
   (b) The second Tuesday in March;
   (c) The fourth Tuesday in April;
   (d) The third Tuesday in May;
   (e) The day of the primary as specified by RCW 29A.04.310; or
   (f) The first Tuesday after the first Monday in November.

(3) In addition to the dates set forth in subsection (2)(a) through (f) of this section, a special election to validate an excess levy, bond issue may be held at any time to meet a need resulting from fire, flood, earthquake, or other act of God. Such county special election shall be noticed and conducted in the manner provided by law.

(4) In a presidential election year, if a presidential preference primary is conducted in February, March, April, or May under chapter 29A.56 RCW, the date on which a special election may be called by the county legislative authority under subsection (2) of this section during the month of that primary is the day of the primary election.

(5) This section shall supersede the provisions of any and all other statutes, whether general or special in nature, having different dates for such city, town, and district elections, the purpose of this section being to establish mandatory dates for holding elections except for those elections held pursuant to a home-rule charter adopted under Article XI, section 4 of the state Constitution. This section shall not be construed as fixing the time for holding primary elections, or elections for the recall of any elective public officer.

Sec. 107. RCW 29A.08.110 and 2003 c 111 s 206 are each amended to read as follows:

(1) On receipt of an application for voter registration under this chapter, the county auditor shall review the application to determine whether the information supplied is complete. An application that contains the applicant’s name, complete valid residence address, date of birth, and signature attesting to the truth of the information provided on the application is complete. If it is not complete, the auditor shall promptly mail a verification notice of the deficiency to the applicant. This verification notice shall require the applicant to provide the missing information. If the verification notice is not returned by the applicant or is returned as undeliverable the auditor shall not place the name of the applicant on the county voter list. If the applicant provides the required information, the applicant shall be registered to vote as of the date of mailing of the original voter registration application. Party affiliation information is not required for a complete voter registration.

(2) If the information is complete, the applicant is considered to be registered to vote as of the date of mailing. The auditor shall record the appropriate precinct identification, taxing district identification, (and if applicable) date of registration, and party affiliation, on the voter’s record. Within forty-five days after the receipt of an application, but not later than seven days before the next primary, special election, or general election, the auditor shall send to the applicant, by first class mail, an acknowledgement notice identifying the registrant’s precinct and party affiliation, if any, and containing such other information as may be required by the secretary of state. The postal service shall be instructed not to forward a voter registration card to any other address and to return to the auditor any card which is not deliverable. If the applicant has indicated that he or she is registered to vote in another county in Washington but has also provided an address within the auditor’s county that is for voter registration purposes, the auditor shall send, on behalf of the registrant, a registration cancellation notice to the auditor of that other county and the auditor receiving the notice shall cancel the registrant’s voter registration in that other county. If the registrant has indicated on the form that he or she is registered to vote within the county but has provided a new address within the county that is for voter registration purposes, the auditor shall transfer the voter’s registration.

(3) If an acknowledgement notice card is properly mailed as required by this section to the address listed by the voter as being the voter’s mailing address and the notice is subsequently returned to the auditor by the postal service as being undeliverable to the voter at that address, the auditor shall promptly send the voter a confirmation notice. The auditor shall place the voter’s registration on inactive status pending a response from the voter to the confirmation notice.

NEW SECTION. Sec. 108. A new section is added to chapter 29A.08 RCW to read as follows:

In addition to the information required by RCW 29A.08.010 for voter registration, the county auditor shall provide each voter an opportunity to affiliate with a major political party by checking the appropriate box, or to indicate that the voter wants to affiliate with a minor political party not listed, as part of his or her voter registration. A voter may choose any major or minor political party, or may make no party selection. Under no circumstances may an individual be required to affiliate with a political party in order to register to vote. Each voter who chooses to affiliate with a major political party as part of his or her voter registration is considered a “registered party member” of that political party so long as he or she maintains that affiliation as part of his or her voter registration. A voter who does not affiliate with any major party on his or her voter registration form will be considered to be an unaffiliated voter. A voter may not affiliate with more than one political party at a time, but may change his or her party affiliation information in a manner consistent with the procedures for changing a voter registration address, as provided in RCW 29A.08.140, 29A.08.145, and 29A.08.430: PROVIDED, HOWEVER, That a change of party affiliation made less than thirty days prior to a primary shall not be effective until the day after the primary.
No record may be created or maintained by a state or local governmental agency that identifies a voter with the votes cast by the voter.

Sec. 109. RCW 29A.08.125 and 2003 c 111 s 209 are each amended to read as follows:

Each county auditor shall maintain a computer file containing the records of all registered voters within the county. The auditor may provide for the establishment and maintenance of such files by private contract or through interlocal agreement as provided by chapter 39.34 RCW. The computer file must include, but not be limited to, each voter’s last name, first name, middle initial, date of birth, residence address, gender, party affiliation, if any, date of registration, applicable taxing district and precinct codes, and the last date on which the individual voted. The county auditor shall subsequently record each consecutive date upon which the individual has voted and retain at least the last five such consecutive dates. If the voter has not voted at least five times since establishing his or her current registration record, only the available dates will be included.

Sec. 110. RCW 29A.08.135 and 2003 c 111 s 211 are each amended to read as follows:

The county auditor shall acknowledge each new voter registration or transfer of address or party affiliation by providing or sending the voter a card identifying his or her current precinct and party affiliation, if any, and containing such other information as may be prescribed by the secretary of state. When a person who has previously registered to vote in a jurisdiction applies for voter registration in a new jurisdiction, the person shall provide on the registration form, all information needed to cancel any previous registration. The county auditor shall forward any information pertaining to the voter’s prior voter registration to the county where the voter was previously registered, so that registration may be canceled. If the prior voter registration is in another state, the notification must be made to the state elections office of that state. A county auditor receiving official information that a voter has registered to vote in another jurisdiction shall immediately cancel that voter’s registration.

Sec. 111. RCW 29A.08.140 and 2003 c 111 s 212 are each amended to read as follows:

The registration files of all precincts shall be closed against original registration or transfers of address or party affiliation for thirty days immediately preceding every primary, special election, and general election to be held in such precincts.

The county auditor shall give notice of the closing of the precinct files for original registration and transfer and notice of the special registration and voting procedure provided by RCW 29A.08.145 by one publication in a newspaper of general circulation in the county at least five days before the closing of the precinct files.

No person may vote at any primary, special election, or general election in a precinct polling place unless he or she has registered to vote at least thirty days before that primary or election. If a person, otherwise qualified to vote in the state, county, and precinct in which he or she applies for registration, does not register at least thirty days before any primary, special election, or general election, he or she may register and vote (by absentee ballot) for that primary or election under RCW 29A.08.145.

Sec. 112. RCW 29A.08.145 and 2003 c 111 s 213 are each amended to read as follows:

This section establishes a special procedure which an elector may use to register to vote or change his or her voter registration address during the period beginning after the closing of registration for voting at the polls under RCW 29A.08.140 and ending on the fifteenth day before a primary, special election, or general election. A qualified elector in the ((county)) state may register to vote or change his or her registration address in person in the office of the county auditor or at a voter registration location specifically designated for this purpose by the county auditor of the county in which the applicant resides, and apply for an absentee ballot for that primary or election. The auditor or registration assistant shall register that individual in the manner provided in this chapter and provide an absentee ballot. If the elector is not registered to vote in Washington, and registers less than thirty days before a primary election, the absentee ballot or ballots must comply with RCW 29A.40.090, and the elector’s party affiliation, if any. The application for an absentee ballot executed by the newly registered voter for the primary or election that follows the execution of the registration shall be promptly transmitted to the auditor with the completed voter registration form.

Sec. 113. RCW 29A.08.210 and 2003 c 111 s 216 are each amended to read as follows:

An applicant for voter registration shall complete an application providing the following information concerning his or her qualifications as a voter in this state:

1. The address of the last former registration of the applicant as a voter in the state;
2. The applicant’s full name;
3. The applicant’s date of birth;
4. The address of the applicant’s residence for voting purposes;
5. The mailing address of the applicant if that address is not the same as the address in subsection (4) of this section;
6. The sex of the applicant;
7. A declaration that the applicant is a citizen of the United States;
8. The applicant’s signature; and
9. Any other information that the secretary of state determines is necessary to establish the identity of the applicant and prevent duplicate or fraudulent voter registrations.

The application must also include a box for the applicant to check in order to affiliate with a major political party or indicate affiliation with a minor political party not listed. Affiliation with a political party is not required for registration, and lack of party affiliation may not be used as grounds for not registering an applicant to vote.

This information shall be recorded on a single registration form to be prescribed by the secretary of state.

If the applicant fails to provide the information required for voter registration, the auditor shall send the applicant a verification notice. The auditor shall not register the applicant until the required information is provided. If a verification notice is returned as undeliverable or the applicant fails to respond to the notice within forty-five days, the auditor shall not register the applicant to vote.

The following warning shall appear in a conspicuous place on the voter registration form:
If you knowingly provide false information on this voter registration form or knowingly make a false declaration about your voter registration, you will have committed a class C felony that is punishable by imprisonment for up to five years, or a fine of up to ten thousand dollars, or both imprisonment and fine."

The voter registration form must include information on how to affiliate with a political party, and the fact that party affiliation is not required to register to vote.

**Sec. 114.** RCW 29A.08.340 and 2003 c 111 s 225 are each amended to read as follows:

1. A person may register to vote((under the form for voter registration purposes)) or change his or her voter registration name ((for voter registration purposes)) by appearing in the precinct where he or she resides, or by providing the county with the address from which the voter was last registered, and the date that the request for address change was received. For the purpose of maintaining a readable file received from the department of licensing, the secretary of state shall amend the record of that voter to reflect the county in which the applicant has registered to vote.

2. The secretary of state shall sort the records in the machine-readable file according to the county in which the applicant has registered to vote and produce a file of voter registration transactions for each county. The records of each county may be transmitted on or through whatever medium the county auditor determines will best facilitate the incorporation of these records into the existing voter registration files of that county.

3. The secretary of state shall produce a list of voter registration transactions for each county and transmit a copy of this list to that county with each file of voter registration transactions no later than ten days after the date on which that information was to be transmitted under subsection (1) of this section.

4. If a registrant has indicated on the voter registration application form that he or she is registered to vote in another county in Washington but has also provided an address within the auditor’s county that is for voter registration purposes, the auditor shall send, on behalf of the registrant, a registration cancellation notice to the auditor of that other county and the auditor receiving the notice shall cancel the registrant’s voter registration in that other county. If the registrant has indicated on the form that he or she is registered to vote within the county but has provided a new address within the county that is for voter registration purposes, the auditor shall transfer the voter’s registration.

5. The department of licensing shall provide information on all persons changing their address on change of address forms submitted under RCW 29A.08.340 to be collected from each driver’s licensing facility within five days of their completion.

6. The department of licensing shall produce and transmit to the secretary of state a machine-readable file containing the following information from the records of each individual who requested a voter registration or transfer at a driver’s license facility during each period for which forms are transmitted under subsection (1) of this section: The name, address, date of birth, gender, and driver’s license number of the applicant, the (driver’s license number), applicant’s party affiliation, if any, the date on which the application for voter registration or transfer was submitted, and the location of the office at which the application was submitted.

7. The voter registration forms from the driver’s licensing facilities must be forwarded to the county in which the applicant has registered to vote no later than ten days after the date on which the forms were to be collected.

8. For a voter registration application where the address for voting purposes is different from the address in the machine-readable file received from the department of licensing, the secretary of state shall amend the record in the machine-readable file to reflect the county in which the applicant has registered to vote.

9. The secretary of state shall forward this information to the appropriate county each week. When the information indicates that the voter has moved within the county, the county auditor shall use the change of address information to transfer the voter’s registration and send the voter an acknowledgement notice of the transfer. If the information indicates that the new address is outside the voter’s original county, the county auditor shall send the voter a registration by mail form at the voter’s new address and advise the voter of the need to reregister in the new county. The auditor shall then place the voter on inactive status.

10. A person may register to vote((under the form for voter registration purposes)) or change his or her party affiliation, or residence from one address to another within the same county, without transferring his or her registration ((to the new address)) information in one of the following ways: (1) Sending to the county auditor a signed request stating the voter’s present and previous party affiliation or registration address (and the address from which the voter was last registered), as applicable; (2) appearing in person before the auditor and signing such a request; or (3) transferring the registration information in the manner provided by RCW 29A.08.430(( or (4) telephoning the county auditor to transfer the registration. The telephone call transferring a registration by telephone must be received by the auditor before the precinct registration files are closed to new registrations for the next primary or special or general election in which the voter participates)).

11. The voter’s party affiliation must be transmitted to the secretary of state each week in a machine-readable file according to the county in which the applicant has registered to vote.

12. The secretary of state shall provide for the voter registration forms submitted under RCW 29A.08.340 to be transmitted to the new address and advise the voter of the new residential address in the precinct list of registered voters.
The county auditor shall determine which of these two procedures are to be used in the county or may determine that both procedures are to be available to voters for use in the county.

(2) A voter who transfers his or her registration in the manner authorized by this section shall vote in the precinct in which he or she was previously registered.

(3) The auditor shall, within ninety days, mail to each voter who has transferred a registration under this section a notice of his or her current precinct and polling place.

(4) A change in the voter's party affiliation made less than thirty days prior to a primary election is not effective until the day after the primary election.

Sec. 119. RCW 29A.08.645 and 2003 c 111 s 244 are each amended to read as follows:

The secretary of state shall create a standard electronic file format (state transfer form) to be used for the transfer of voter registration information between county auditors and the office of the secretary of state. The format must be prescribed by rule and contain at least the following information: Voter name, address, date of birth, party affiliation, if any, date of registration, mailing address, legislative and congressional district, and digitized signature image. Each county shall program its voter registration system to convert this data from the county's storage format into the state transfer format.

Sec. 120. RCW 29A.08.710 and 2003 c 111 s 246 are each amended to read as follows:

(1) The county auditor shall have custody of the voter registration records for each county. The original voter registration form must be filed without regard to precinct and is considered confidential and unavailable for public inspection and copying. An automated file of all registered voters must be maintained pursuant to RCW 29A.08.125. An auditor may maintain the automated file in lieu of filing or maintaining the original voter registration forms if the automated file includes all of the information from the original voter registration forms including, but not limited to, a retrievable facsimile of each voter's signature.

(2) The following information contained in voter registration records or files regarding a voter or a group of voters is available for public inspection and copying: The voter's name, gender, voting record, party affiliation, if any, date of registration, and registration number. The address and political jurisdiction of a registered voter are available for public inspection and copying except as provided by chapter 40.24 RCW. No other information from voter registration records or files is available for public inspection or copying, including an unaffiliated voter's choice of ballot under RCW 29A.44.230.

Sec. 121. RCW 29A.12.100 and 2003 c 111 s 310 are each amended to read as follows:

The secretary of state shall not approve a vote tallying system unless it:

(1) Correctly counts votes on ballots on which the proper number of votes have been marked for any office or issue;

(2) Ignores votes marked for any office or issue where more than the allowable number of votes have been marked, but correctly counts the properly voted portions of the ballot;

(3) Accumulates a count of the specific number of ballots tallied for each precinct, total votes by candidate for each office, and total votes for and against each issue of the ballot in that precinct;

(4) Produces correct and cumulative totals in printed form; and

(5) Except for functions or capabilities unique to this state, has been tested, certified, and used in at least one other state or election jurisdiction.

Sec. 122. RCW 29A.20.020 and 2003 c 111 s 502 are each amended to read as follows:

(1) A person filing a declaration of candidacy for an office shall, at the time of filing, be a registered voter and possess the qualifications specified by law for persons who may be elected to the office.

(2) Excluding the office of precinct committee officer or a temporary elected position such as a charter review board member or freeholder, no person may file for more than one office. This subsection does not apply to the office of a member of the United States congress.

(3) The name of a candidate for an office shall not appear on a ballot for that office unless, except as provided in RCW 3.46.067 and 3.50.057, the candidate is, at the time the candidate's declaration of candidacy is filed, properly registered to vote in the geographic area represented by the office, and, if seeking a partisan office, the candidate is qualified to run as a candidate of the party indicated or as an independent. For the purposes of this section, each geographic area in which registered voters may cast ballots for an office is represented by that office. If a person elected to an office must be nominated from a district or similar division of the geographic area represented by the office, the name of a candidate for the office shall not appear on a primary ballot for that office unless the candidate is, at the time the candidate's declaration of candidacy is filed, properly registered to vote in that district or division. The officer with whom declarations of candidacy must be filed under this title shall review each such declaration filed regarding compliance with this subsection. This subsection does not apply to the office of a member of the United States Congress.

(4) For a primary conducted in 2004, if a person filing a declaration of candidacy for a partisan office designates on his or her declaration an affiliation with a major political party, he or she must, at the time of filing, be a registered party member of that major political party. Beginning January 1, 2005, if a person filing a declaration of candidacy for a partisan office designates on his or her declaration an affiliation with a major political party, he or she must, at the time of filing: (a) Be a registered party member of that major political party; and (b)(i) be qualified to run as a candidate of that party according to the party's rules in effect on the fifth day of March preceding the filing; (ii) submit a petition substantially in the form required by RCW 29A.24.100(3); (iii) meet any party rules in effect on March 5th preceding the primary regarding the number of signatures required for ballot eligibility, provided that such rules may not exceed the five percent requirement of (b)(ii) of this subsection and the signatures shall be submitted substantially in the form required by RCW 29A.24.100(3). The candidate may gather petition signatures at any time after the first day of February preceding the primary, and may provide documentation and assistance to qualified electors desiring to register to vote, affiliate with a political party, or change party affiliation.

(5) If a person filing a declaration of candidacy for a partisan office designates on his or her declaration an affiliation with a minor political party or indicates that he or she is an independent candidate, he or she may not, at the time of filing, be a registered party member of any major political party.
(6) Within thirty days after the effective date of this section, each major political party shall file with the secretary of state a copy of its rules governing the eligibility of persons to seek election to public office on behalf of the party. The secretary of state shall place the text of the rules on its website. A copy of any party’s rules shall be publicly available upon request. If a major political party changes its rules governing the eligibility of persons to seek the nomination of the party to public office, the amended rules must be filed with the secretary of state and take effect no later than March 1st for purposes of any partisan primary conducted that year.

**Sec. 123.** RCW 29A.20.120 and 2003 c 111 s 306 are each amended to read as follows:

(1) Any nomination of a candidate for partisan public office by ((other than a major political party)) a party not participating in the primary may be made only: (a) In (i) conventions held not earlier than the last Saturday in (January) February and not later than the first Saturday in July or during any of the seven days immediately preceding the first day for filing declarations of candidacy as fixed in accordance with RCW 29A.28.040; (b) as provided by RCW 29A.60.020; or (c) as otherwise provided in this section. Candidates of a party not participating in the primary and independent candidates may appear only on the general election ballot.

(2) Nominations of candidates for president and vice president of the United States other than by a major political party may be made either at a convention conducted under subsection (1) of this section, or at a similar convention taking place not earlier than the first Sunday in July and not later than seventy days before the general election. Conventions held during this time period may not nominate candidates for any public office other than president and vice president of the United States, except as provided in subsection (3) of this section.

(3) If a special filing period for a partisan office is opened under RCW 29A.24.210, candidates of ((minor political)) parties not participating in the primary that year and independent candidates may file for office during that special filing period. The names of those candidates may not appear on the ballot unless they are nominated by convention held no later than five days after the close of the special filing period and a certificate of nomination is filed with the filing officer no later than the last Tuesday in July.

(4) A ((minor political)) party not participating in the primary may hold more than one convention but in no case shall any such party nominate more than one candidate for any one partisan public office or position. (For purposes of nominating candidates for the office of United States senator, or a statewide office, minor party members of a major political party may be nominated by a convention held no later than the last Tuesday in July. For the purposes of nominating candidates for the office of governor or auditor, or a statewide office, members of a minor political party other than a major party may hold more than one convention but in no case shall any such party nominate more than one candidate for any one partisan public office or position.)

(5) The petition of a party not participating in the primary or an independent candidate holding multiple conventions may add together the number of signatures of different individuals from each convention obtained in support of the candidate or candidates in order to obtain the number required by RCW 29A.20.140. (For all other offices for which nominations are made, signatures of the requisite number of registered voters must be obtained at a single convention.)

**Sec. 124.** RCW 29A.20.140 and 2003 c 111 s 308 are each amended to read as follows:

(1) To be valid, a convention must be attended by at least ((twenty-five)) one hundred registered voters, not including registered party members of a party participating in the primary. A candidate of a party not participating in the primary or an independent candidate holding multiple conventions may add together the number of different individuals attending different conventions in order to obtain the required number of registered voters.

(2) In order to nominate candidates for the offices of president and vice president of the United States, United States senator, or any statewide office, a nominating convention shall obtain and submit to the filing officer the signatures of at least ((two hundred)) one thousand registered voters of the state of Washington, not including the signatures of registered party members of a party participating in the primary. A candidate of a party not participating in the primary or an independent candidate holding multiple conventions may add together the number of signatures of different individuals from different conventions in order to obtain the required number of required signatures. In order to nominate candidates for any other office, a nominating convention shall obtain and submit to the filing officer the signatures of ((twenty-five)) one hundred persons who are registered to vote in the jurisdiction of the office for which the nominations are made, none of whom may be registered party members of a major political party.

(3) A person signing a nominating petition for a candidate of a party not participating in the primary shall be limited to voting a nonpartisan ballot at the subsequent primary election and may not vote a party ballot.

**Sec. 125.** RCW 29A.20.150 and 2003 c 111 s 309 are each amended to read as follows:

A nominating petition submitted under this chapter shall clearly identify the name of the ((minor)) party not participating in the primary or independent candidate convention as it appears on the certificate of nomination as required by RCW 29A.20.160(3). The petition shall ((minor)) contain a statement that the person signing the petition is a registered voter of the state of Washington and that the person signing the petition will not be eligible to vote a party ballot at the subsequent primary election. The petition shall also have a space for the voter to sign his or her name and to print his or her name and address. No person may sign more than one nominating petition under this chapter for an office for ((a primary or)) an election.

**Sec. 126.** RCW 29A.20.160 and 2003 c 111 s 510 are each amended to read as follows:

A certificate evidencing nominations made at a convention or conventions must:

(1) Be in writing;

(2) Contain the name of each person nominated, his or her residence, a statement that he or she is a registered party member of a party participating in the primary, and the office for which he or she is named, and if the nomination is for the offices of president and vice president of the United States, a sworn statement from both nominees giving their consent to the nomination;

(3) Identify the ((minor political)) party not participating in the primary or the independent candidate on whose behalf the convention was held;

(4) Be verified by the oath of the presiding officer and secretary;

(5) Be accompanied by a nominating petition or petitions bearing the signatures and addresses of registered voters equal in number to that required by RCW 29A.20.140;

(6) Contain proof of publication of the notice of calling the convention; and
(7) Be submitted to the appropriate filing officer not later than one week following the adjournment of the convention at which the nominations were made. If the nominations are made only for offices whose jurisdiction is entirely within one county, the certificate and nominating petitions must be filed with the county auditor. If a (party)
convention of a party not participating in the primary or independent candidate convention nominates any candidates for
offices whose jurisdiction encompasses more than one county, all nominating petitions and the convention certificates must
be filed with the secretary of state.

Sec. 127. RCW 29A.20.170 and 2003 c 111 s 511 are each amended to read as follows:
(1) For a general election or qualifying primary, if two or more valid certificates of nomination are filed purporting
to nominate different candidates for the same position using the same party name or confusingly similar party names, or if a
valid certificate is filed using the same party name as a party participating in the primary or a name confusingly similar to the
name of a party participating in the primary, the filing officer must give effect to (the) all certificates. If conflicting claims
come to the party name are not resolved either by mutual agreement or by a judicial determination of the right to the name, the
candidates must be treated as independent candidates. Disputes over the right to use of the name must not be permitted to delay the
printing of either ballots or a voters' pamphlet. Other candidates nominated by the same conventions may continue to use the
partisan affiliation unless a court of competent jurisdiction directs otherwise.
(2) A person or party participating in the primary affected may petition the superior court of the county in which the
filing officer is located for a judicial determination of the right to the name of a minor political party, either before or after
documents are filed with the filing officer. The court shall resolve the conflict between competing claims to the use of the
same or similar party name according to the following principles: (a) The prior established public use of the name during
previous elections by a party composed of or led by the same individuals or individuals in documented succession; (b) prior
established public use of the name earlier in the same election cycle; (c) the nomination of a more complete slate of candidates
for a number of offices or in a number of different regions of the state; (d) documented affiliation with a national or statewide
party organization with an established use of the name; (e) the date of filing of a certificate of nomination; (f) if the
issue is whether the names are confusingly similar, the likelihood of confusion on the part of a reasonable voter; and (g)
such other indicia of an established right to use of the name as the court may deem relevant. If more than one filing officer is
involved, and one of them is the secretary of state, the petition must be filed in the superior court for Thurston county. Upon
resolving the conflict between competing claims, the court may also address any ballot designation for the candidate who does
not prevail. An action brought under this section has priority over other docket items and shall be heard within seven days of
filing and the completion of service.

Sec. 128. RCW 29A.20.190 and 2003 c 111 s 513 are each amended to read as follows:
Upon the receipt of the certificate of nomination, the officer with whom it is filed shall check the certificate and
 canvases the signatures on the accompanying nominating petitions to determine if the requirements of RCW 29A.20.140 have
been met. Once the determination has been made, the filing officer shall notify the presiding officer of the convention and any
other persons requesting the notification, of his or her decision regarding the sufficiency of the certificate or the nominating
petition. Any appeal regarding the filing officer’s determination must be filed with the superior court of the county in which the
certificate or petitions were filed not later than five days from the date the determination is made, and shall be heard and
disposed of by the court within five days of the filing. Nominating petitions shall not be available for public inspection or
copying.

Sec. 129. RCW 29A.20.200 and 2003 c 111 s 514 are each amended to read as follows:
Not later than the Friday immediately preceding the first day for candidates to file, the secretary of state shall notify
the county auditors of the names and addresses of all minor party and independent candidates who have filed valid
convention certificates and nominating petitions with that office. The secretary of state shall also forward to the appropriate
county auditors the names and addresses of all voters on the nominating petitions residing in that county. Except for the
offices of president and vice president, persons nominated under this chapter shall file declarations of candidacy as provided
by RCW 29A.24.030 and 29A.24.070. The name of a candidate nominated at a convention shall not be printed upon the
( primary) general election ballot unless he or she pays the fee required by law to be paid by candidates for the same office to be
nominated at a primary.

Sec. 130. RCW 29A.24.030 and 2003 c 111 s 603 are each amended to read as follows:
A candidate who desires to have his or her name printed on the ballot for election to an office other than president of the
United States, vice president of the United States, or an office for which ownership of property is a prerequisite to voting
shall complete and file a declaration of candidacy. The secretary of state shall adopt, by rule, a declaration of candidacy form
for the office of precinct committee officer and a separate standard form for candidates for all other offices filing under this
chapter. Included on the standard form shall be:
(1) A place for the candidate to declare that he or she is a registered voter within the jurisdiction of the office for
which he or she is filing, and the address at which he or she is registered;
(2) A place for the candidate to indicate the position for which he or she is filing;
(3) A place for the candidate to indicate a party designation, if applicable, and declare that he or she meets the
requirements of RCW 29A.20.020 if the designation is a major political party;
(4) A place for the candidate to indicate the amount of the filing fee accompanying the declaration of candidacy or
for the candidate to indicate that he or she is filing a nominating petition in lieu of the filing fee under RCW 29A.24.090; and
(5) A place for the candidate to sign the declaration of candidacy, stating that the information provided on the form
is true and swearing or affirming that he or she will support the Constitution and laws of the United States and the
Constitution and laws of the state of Washington.
In the case of a declaration of candidacy filed electronically, submission of the form constitutes agreement that the
information provided with the filing is true, that he or she will support the Constitutions and laws of the United States and the
state of Washington, and that he or she agrees to electronic payment of the filing fee established in RCW 29A.24.090.
The secretary of state may require any other information on the form he or she deems appropriate to facilitate the filing process.

Sec. 131. RCW 29A.24.100 and 2003 c 111 s 610 are each amended to read as follows:

(1) The nominating petition authorized by RCW 29A.24.090 ((shall)) must be printed on sheets of uniform color and size, ((shall)) include a place for each individual to sign and print his or her name and the address, city, and county at which he or she is registered to vote, and contain no more than twenty numbered lines((shall)).

(2) For candidates for nonpartisan office, the nominating petition must be in substantially the following form:
The warning prescribed by RCW 29A.72.140; followed by:
We, the undersigned registered voters of . . . (the state of Washington or the political subdivision for which the nomination is made), hereby petition that the name of . . . (candidate’s name) be printed on the official primary ballot for the office of . . . (insert name of office).

We, the undersigned registered voters of . . . (the state of Washington or the political subdivision for which the nomination is made), hereby petition that the name of . . . (candidate’s name) be printed on the official primary ballot for the office of . . . (insert name of office) as a candidate of the . . . (major political party).

(4) For independent candidates and candidates of a minor political party for partisan office, the nominating petition must be in substantially the following form:
The warning prescribed by RCW 29A.72.140; followed by:

(candidate’s name) . . . be printed on the official general election ballot for the office of . . . (insert name of office) . . .

Sec. 132. RCW 29A.24.130 and 2003 c 111 s 615 are each amended to read as follows:

A candidate may withdraw his or her declaration of candidacy at any time before the close of business on the Thursday following the last day for candidates to file under RCW 29A.24.050 by filing, with the officer with whom the declaration of candidacy was filed, a signed request that his or her name not be printed on the ballot. There shall be no withdrawal period for declarations of candidacy filed during special filing periods held under this title. The filing officer may permit the withdrawal of a filing for the office of precinct committee officer at the request of the candidate at any time if no absentee ballots have been issued for that office and the (general election) party ballots for that precinct have not been printed. The filing officer may permit the withdrawal of a filing for any elected office of a city, town, or special district at the request of the candidate at any time before a primary if the primary ballots for that city, town, or special district have not been ordered. No filing fee may be refunded to any candidate who withdraws under this section. Notice of the deadline for withdrawal of candidacy and that the filing fee is not refundable shall be given to each candidate at the time he or she files.

Sec. 133. RCW 29A.24.310 and 2003 c 111 s 621 are each amended to read as follows:

Filings for a partisan elective office shall be opened for a period of three normal business days whenever, on or after the first day of the regular filing period and before the sixth Tuesday prior to a primary, a vacancy occurs in that office, leaving an unexpired term to be filled by an election for which filings have not been held.

Any such three-day filing period shall be fixed by the election officer with whom declarations of candidacy for that office are filed. The election officer shall give notice of the special three-day filing period by notifying the press, radio, and television in the county or counties involved, and by such other means as may be required by law.

Candidates validly filed within the special three-day filing period shall appear on the (primary) ballot as if filed during the regular filing period.

Sec. 134. RCW 29A.24.310 and 2003 c 111 s 622 are each amended to read as follows:

Any person who desires to be a write-in candidate and have such votes counted at a primary or election may file a declaration of candidacy with the officer designated in RCW 29A.24.070 not later than the day prior to the primary or election. Declarations of candidacy for write-in candidates must be accompanied by a filing fee in the same manner as required of other candidates filing for the office as provided in RCW 29A.24.090.

Votes cast for write-in candidates who have filed such declarations of candidacy and write-in votes for persons appointed by major political parties pursuant to RCW 29A.28.020 need only specify the name of the candidate in the appropriate location on the ballot in order to be counted. Write-in votes cast for any other candidate, in order to be counted, must designate the office sought and position number or political party, if the manner in which the write-in is done does not make the office or position clear. In order for write-in votes to be valid in jurisdictions employing optical-scan mark sense ballot systems the voter must complete the proper mark next to the write-in line for that office.

No person may file as a write-in candidate ((whereas)):
(1) Where at a general election, the person attempting to file either filed as a write-in candidate for the same office at the preceding primary or the person’s name appeared on the ballot for the same office at the preceding primary;
(2) Where the person attempting to file as a write-in candidate has already filed a valid write-in declaration for that primary or election, unless one or the other of the two filings is for the office of precinct ((committee person)) committee officer;
(3) Where the name of the person attempting to file already appears on the ballot as a candidate for another office, unless one of the two offices for which he or she is a candidate is precinct ((committee person)) committee officer;
(4) At a party primary election unless the person meets the requirements of RCW 29A.20.020.

The declaration of candidacy shall be similar to that required by RCW 29A.24.030. No write-in candidate filing under this section may be included in any voter’s pamphlet produced under chapter 29A.32 RCW unless that candidate qualifies to have his or her name included on the general election ballot. The legislative authority of any jurisdiction producing
a local voter's pamphlet under chapter 29A.32 RCW may provide, by ordinance, for the inclusion of write-in candidates in such pamphlets.

Sec. 135. RCW 29A.28.040 and 2003 c 111 s 704 are each amended to read as follows:

(1) Whenever a vacancy occurs in the United States house of representatives or the United States senate from this state, the governor shall order a special election to fill the vacancy. Candidates of a party not participating in a primary that year and independent candidates may be nominated through the convention procedures provided in RCW 29A.20.110 through 29A.20.200.

(2) Within ten days of such vacancy occurring, he or she shall issue a writ of election fixing a date for the special vacancy election not less than ninety days after the issuance of the writ, fixing a date for the primary for nominating major political party candidates for the special vacancy election not less than thirty days before the day fixed for holding the special vacancy election, fixing the dates for the special filing period, and designating the term or part of the term for which the vacancy exists. If the vacancy is in the office of United States representative, the writ of election shall specify the congressional district that is vacant.

(3) If the vacancy occurs less than six months before a state general election and before the second Friday following the close of the filing period for that general election, the special primary and special vacancy elections shall be held in concert with the state primary and state general election in that year.

(4) If the vacancy occurs on or after the first day for filing under RCW 29A.24.050 and on or before the second Friday following the close of the filing period, a special filing period of three normal business days shall be fixed by the governor and notice thereof given to all media, including press, radio, and television within the area in which the vacancy election is to be held, to the end that, insofar as possible, all interested persons will be aware of such filing period. The last day of the filing period shall not be later than the third Tuesday before the primary at which major political party candidates are to be nominated. The names of major political party candidates who have filed valid declarations of candidacy during this three-day period shall appear on the special election ballot. The requirements of RCW 29A.20.130 do not apply to the convention of parties not participating in the primary or an independent candidate convention held under this subsection.

(5) If the vacancy occurs later than the second Friday following the close of the filing period, a special primary ((and)), special vacancy election, and the conventions of parties not participating in the primary and independent candidates to fill the position shall be held after the next state general election but, in any event, no later than the ninetieth day following the November election.

Sec. 136. RCW 29A.28.060 and 2003 c 111 s 706 are each amended to read as follows:

If general election laws and laws relating to partisan primaries shall apply to the special primaries and vacancy elections provided for in RCW 29A.28.040 through 29A.28.050 to the extent that they are not inconsistent with the provisions of these sections. Candidates of a party not participating in a primary and independent candidates may appear only on the general election ballot. Statutory time deadlines relating to availability of absentee ballots, certification, canvassing, and related procedures that cannot be met in a timely fashion may be modified for the purposes of a specific primary or vacancy election under this chapter by the secretary of state through emergency rules adopted under RCW 29A.04.610.

Sec. 137. RCW 29A.28.070 and 2003 c 111 s 707 are each amended to read as follows:

Whenever a vacancy occurs in the office of precinct committee officer by reason of death, resignation, or disqualification of the incumbent, or because of failure to elect, the respective county chair of the county central committee shall fill the vacancy by appointment. (However, in a legislative district having a majority of its precincts in a county with a population of one million or more, the appointment may be made only upon the recommendation of the legislative district chair.) The person so appointed must have the same qualifications as candidates when filing for election to the office for that precinct. When a vacancy in the office of precinct committee officer exists because of failure to elect at a (primary) election, the vacancy may not be filled until after the organization meeting of the county central committee and the new county chair has been selected as provided by RCW 29A.80.030.

Sec. 138. RCW 29A.32.030 and 2003 c 111 s 803 are each amended to read as follows:

The voters' pamphlet must contain:

(1) Information about each ballot measure initiated by or referred to the voters for their approval or rejection as required by RCW 29A.32.070;

(2) In even-numbered years, statements, if submitted, advocating the candidacies of nominees for the office of president and vice president of the United States, United States senator, United States representative, governor, lieutenant governor, secretary of state, state treasurer, state auditor, attorney general, commissioner of public lands, superintendent of public instruction, insurance commissioner, state senator, state representative, justice of the supreme court, judge of the court of appeals, or judge of the superior court. The voters' pamphlet must not contain any statement of affiliation with any major political party unless the candidate is the nominee of that party. Candidates may also submit a campaign mailing address and phone number and a photograph not more than five years old and of a size and quality that the secretary of state determines to be suitable for reproduction in the voters' pamphlet;

(3) In odd-numbered years, if any office voted upon statewide appears on the ballot due to a vacancy, then statements and photographs for candidates for any vacant office listed in subsection (2) of this section must appear;

(4) In even-numbered years, a section explaining how voters may participate in the election campaign process; the address and telephone number of the public disclosure commission established under RCW 42.17.350; and a summary of the disclosure requirements that apply when contributions are made to candidates and political committees;

(5) In even-numbered years the name, address, and telephone number of each political party with nominees listed in the pamphlet, if filed with the secretary of state by the state committee of a major political party or the presiding officer of the convention of a minor political party;

(6) In each odd-numbered year immediately before a year in which a president of the United States is to be nominated and elected, information explaining the precinct caucus and convention process used by each major political party to elect delegates to its national presidential candidate nominating convention. The pamphlet must also provide a description of the statutory procedures by which minor political parties are formed and the statutory methods used by the parties to nominate candidates for president.
(7) ((In even numbered years, a description of the office of precinct committee officer and its duties)) A section explaining how to register to vote, how to affiliate with a major or minor political party, and the fact that party affiliation is not required in order to register to vote;

(8) An application form for an absentee ballot;

(9) A brief statement explaining the deletion and addition of language for proposed measures under RCW 29A.32.080;

(10) Any additional information pertaining to elections as may be required by law or in the judgment of the secretary of state is deemed informative to the voters.

NEW SECTION. Sec. 139. A new section is added to chapter 29A.32 RCW to read as follows:

If the secretary of state prints and distributes a voters’ pamphlet for a primary in an even-numbered year, it must not contain any statement of affiliation of a candidate with any major political party unless that candidate is qualified under RCW 29A.20.020(4) to run as a candidate of that party.

If the secretary of state prints and distributes a voters’ pamphlet for a primary in an even-numbered year, it must contain:

(1) A description of the office of precinct committee officer and its duties;

(2) An explanation of whether each major political party is allowing unaffiliated voters to participate in that party’s partisan primary;

On or before the day following the last day for political parties to fill vacancies in the ticket as provided by RCW 29A.28.010, the secretary of state shall certify to each county auditor a list of the candidates who have filed declarations of candidacy in his or her office for the primary. For each office, the certificate shall include the name of each candidate, his or her address, and his or her party designation, if any. Candidates of parties not participating in the primary and independent candidates may appear only on the general election ballot.

NEW SECTION. Sec. 143. A new section is added to chapter 29A.36 RCW to read as follows:

(1) At all partisan primaries, the county auditor must prepare a nonpartisan ballot, if nonpartisan races or ballot measures are to be voted on at the primary, and party ballots for each major political party. Partisan primaries must be conducted using party ballots when applicable.

(2) In order to appear on a party ballot, a candidate must be a registered party member, have designated that same major political party in his or her declaration of candidacy for partisan office, and meet the requirements of RCW 29A.20.020(4).

(3) Every eligible registered voter, regardless of party affiliation, may vote in a partisan primary as follows:

(a) A voter who is a registered party member of a major political party may vote the party ballot for that same political party, and may not vote the party ballot for any other political party.

(b) An unaffiliated voter may vote the party ballot for any particular political party unless, by March 1st of that year, the state chair of that political party has provided to the secretary of state a signed statement refusing to consent to the participation of unaffiliated voters in that party’s partisan primary. If a state chair does not provide such a statement, the party is deemed to have consented to the participation of unaffiliated voters in that party’s partisan primary.

(c) An unaffiliated voter who has signed a minor party or independent candidate nominating petition may vote only the nonpartisan ballot and may not vote a party ballot.

Sec. 144. RCW 29A.36.110 and 2003 c 111 s 911 are each amended to read as follows:

Every ballot for a single combination of issues (((i)), offices (((i)), and candidates must be uniform within a precinct and (((i))) identify the type of primary or election, the county, and the date of the primary or election((i))). The
ballot or voting device shall contain instructions on the proper method of recording a vote, including write-in votes. Each position on the ballot with the names of the candidates for that office, shall be clearly separated from other offices or positions in the same jurisdiction. The offices in each jurisdiction shall be clearly separated from each other. No paper ballot or ballot card may be marked in any way that would permit the identification of the person who voted that ballot.

**Sec. 145.** RCW 29A.36.120 and 2003 c 111 s 912 are each amended to read as follows:

(1) The positions or offices on a primary ballot shall be arranged in substantially the following order: United States senator; United States representative; governor; lieutenant governor; secretary of state; state treasurer; state auditor; attorney general; commissioner of public lands; superintendent of public instruction; insurance commissioner; state senator; state representative; county officers; justices of the supreme court; judges of the court of appeals; judges of the superior court; and judges of the district court. For all other jurisdictions on the primary ballot, the offices in each jurisdiction shall be grouped together and be in the order of the position numbers assigned to those offices, if any.

(2) The order of the positions or offices on ((a)) a general election ballot shall be substantially the same as on a primary ballot except that the offices of president and vice president of the United States shall precede all other offices on a presidential election ballot. (**State ballot issues shall be placed before all offices on an election ballot.**) The positions on a ballot to be assigned to ballot measures regarding local units of government shall be established by the secretary of state by rule.

(3) The political party or independent candidacy of each candidate for partisan office shall be indicated next to the name of the candidate on ((the)) party primary and general election ballots. A candidate shall file a written notice with the filing officer within three business days after the close of the filing period designating the political party to be indicated next to the candidate’s name on the ballot if either: (a) The candidate has been nominated by two or more minor political parties or independent conventions; or (b) the candidate has both filed a declaration of candidacy declaring an affiliation with a major political party and been nominated by a minor political party or independent convention. If no written notice is filed the filing officer shall file the declaration or independent convention. If no written notice is filed the filing officer shall, to the extent practicable, place the names of candidates for partisan office on a sample nonpartisan ballot and sample party ballots.

**Sec. 146.** RCW 29A.36.130 and 2003 c 111 s 913 are each amended to read as follows:

After the close of business on the last day for candidates to file for office, the filing officer shall, from among those filings made in person and by mail, determine by lot the order in which the names of those candidates will appear on ((all sample and absentee)) the applicable ballots. (In the case of candidates for city, town, and district office, this procedure shall also determine the order for candidate names on the official primary ballot used at the polling place). The determination shall be done publicly and may be witnessed by the media and by any candidate. If no primary is required for any nonpartisan office under RCW 29A.52.010 or 29A.52.220, or if any independent or minor party candidate files a declaration of candidacy, the names shall appear on the general election ballot in the order determined by lot.

**Sec. 147.** RCW 29A.36.150 and 2003 c 111 s 915 are each amended to read as follows:

Except in each county with a population of one million or more, on or before the fifteenth day before a primary or election, the county auditor shall prepare a sample ballot which shall be made readily available to members of the public. For a partisan primary, the county auditor shall prepare a sample nonpartisan ballot and sample party ballots. The secretary of state shall adopt rules governing the preparation of sample ballots in counties with a population of one million or more. The rules shall permit, among other alternatives, the preparation of more than one sample ballot by a county with a population of one million or more for a primary or election, each of which lists a portion of the offices and issues to be voted on in that county. The position of precinct committee officer shall be shown on the sample party ballot for the (general election) primary, but the names of candidates for the individual positions need not be shown.

**Sec. 148.** RCW 29A.36.160 and 2003 c 111 s 916 are each amended to read as follows:

Whenever a candidate for the office of president or vice president of the United States has been nominated by two or more minor political parties or independent conventions, the names of those candidates will appear on the general election ballot in alphabetical order.

**Sec. 149.** RCW 29A.36.190 and 2003 c 111 s 919 are each amended to read as follows:

The name of a candidate for a partisan office for which a primary was conducted shall not be printed on the ballot for that office at the subsequent general election unless the candidate receives ((a number of votes equal to at least one percent of the total number cast for all candidates for that position sought)) a plurality of the votes cast for the candidates of his or her party for that office at the preceding primary.

**Sec. 150.** RCW 29A.40.060 and 2003 c 111 s 1006 are each amended to read as follows:

(1) The county auditor shall issue an absentee ballot for the primary or election for which it was requested, or for the next occurring primary or election when ongoing absentee status has been requested if the information contained in a request for an absentee ballot or ongoing absentee status received by the county auditor is complete and correct and the applicant is qualified to vote under federal or state law. Otherwise, the county auditor shall notify the applicant of the reason.
At a partisan primary, every voter who is a registered party member of a major political party must be issued the party ballot specific to his or her political party; and every unaffiliated voter who has signed a nominating petition for a candidate of a party not participating in the primary or an independent candidate nominating petition a nonpartisan ballot, a security envelope in which to return the security envelope, and instructions on how to mark the ballot voted by an unaffiliated voter voting in any election.

For primary and general elections, the larger return envelope must contain a declaration by the absentee voter certifying his or her qualifications and stating that he or she has not voted in any other jurisdiction at this election and, for a primary election, that he or she has destroyed any unused primary ballots, together with a summary of the penalties for any violation of any of the provisions of this chapter. The return envelope must provide space for the voter to indicate the date on which the ballot was voted and for the voter to sign the oath. A summary of the applicable penalty provisions of this chapter must be printed on the return envelope immediately adjacent to the space for the voter's signature. The signature of the voter on the return envelope must affirm and attest to the statements regarding the qualifications of that voter and to the validity of the ballot. For out-of-state voters, overseas voters, and service voters, the signed declaration on the return envelope constitutes the equivalent of a voter registration for the election or primary for which the ballot has been issued. The voter must be instructed to either return the ballot to the county auditor by whom it was issued or attach sufficient first class postage, if applicable, and mail the ballot to the appropriate county auditor no later than the day of the election or primary for which the ballot was issued.

If the county auditor chooses to forward absentee ballots, he or she must include with the ballot a clear explanation of the qualifications necessary to vote in that election and must also advise a voter with questions about his or her eligibility to contact the county auditor. This explanation may be provided on the ballot envelope, on an enclosed insert, or printed directly on the ballot itself. If the information is not included, the envelope must clearly indicate that the ballot is not to be forwarded and that return postage is guaranteed.

Sec. 153. RCW 29A.44.020 and 2003 c 111 s 1102 are each amended to read as follows:

(1) At any election, general or special, or at any primary, any political party or committee may designate a person other than a precinct election officer, for each polling place to check a list of registered voters of the precinct to determine who has and who has not voted.

(2) The precinct election officer or his or her designee or designees must not seek to obtain or keep a record of the party ballot voted by an unaffiliated voter voting in any election.

The voter may obtain the ballot by telephone request, by mail, electronically, or in person. The county auditor shall keep a record of each replacement ballot provided under this subsection.

At a partisan primary, the contest for that position must be presented to absentee voters from that precinct by either including the contest on the regular absentee ballot or a separate absentee ballot. The ballot must provide space designated for writing in the name of additional candidates.

(2) A registered voter may obtain a replacement ballot if the ballot is destroyed, spoiled, lost, or not received by the voter. The voter may obtain the ballot by telephone request, by mail, electronically, or in person. The county auditor shall keep a record of each replacement ballot provided under this subsection.

A copy of the state voters' pamphlet must be sent to registered voters temporarily outside the state, out-of-state voters, overseas voters, and service voters along with the absentee ballot if such a pamphlet has been prepared for the primary or election and is available to the county auditor at the time of mailing. The county auditor shall mail all absentee ballots and related material to voters outside the territorial limits of the United States and the District of Columbia under 39 U.S.C. 3406.

NEW SECTION. Sec. 151. A new section is added to chapter 29A.40 RCW to read as follows:

(1) For the 2004 primary, all registered voters shall be considered to be absentee voters. Each county auditor shall issue ballots to all registered voters in accordance with RCW 29A.40.090.

(2) This section expires January 1, 2005.

Sec. 152. RCW 29A.40.090 and 2003 c 111 s 1009 are each amended to read as follows:

(1) For a primary election with at least one partisan race, the county auditor shall:

(a) Send each absentee unaffiliated voter a party ballot for each major political party, one security envelope in which to seal the voted party ballot, a larger envelope in which to return the security envelope, instructions on how to mark and return one ballot to the county auditor, and instructions to destroy unused party ballots. The instructions that accompany absentee party ballots to an unaffiliated voter must include an explanation that only one party ballot may be voted and returned, and that if more than one party ballot is voted and returned, none of the party ballots will be counted.

(b) Send each absentee unaffiliated voter who has signed a nominating petition for a candidate of a party not participating in the primary or an independent candidate nominating petition a nonpartisan ballot, a security envelope in which to seal the nonpartisan ballot after voting, a larger envelope in which to return the security envelope, and instructions on how to mark the ballot and how to return it to the county auditor.

(c) Send each absentee voter who is a registered party member of a major political party the party ballot of the major political party with which the voter is affiliated, a security envelope in which to seal the party ballot after voting, a larger envelope in which to return the security envelope, and instructions on how to mark the ballot and how to return it to the county auditor.

(d) Instruct the voter to destroy and discard all unvoted party ballots.

(2) For a general election, the county auditor shall send each absentee voter a ballot, a security envelope in which to seal the ballot after voting, a larger envelope in which to return the security envelope, and instructions on how to mark the ballot and how to return it to the county auditor.

(3) For primary and general elections, the larger return envelope must contain a declaration by the absentee voter certifying his or her qualifications and stating that he or she has not voted in any other jurisdiction at this election and, if for a primary election, that he or she has destroyed any unused primary ballots, together with a summary of the penalties for any violation of any of the provisions of this chapter. The return envelope must provide space for the voter to indicate the date on which the ballot was voted and for the voter to sign the oath. A summary of the applicable penalty provisions of this chapter must be printed on the return envelope immediately adjacent to the space for the voter's signature. The signature of the voter on the return envelope must affirm and attest to the statements regarding the qualifications of that voter and to the validity of the ballot. For out-of-state voters, overseas voters, and service voters, the signed declaration on the return envelope constitutes the equivalent of a voter registration for the election or primary for which the ballot has been issued. The voter must be instructed to either return the ballot to the county auditor by whom it was issued or attach sufficient first class postage, if applicable, and mail the ballot to the appropriate county auditor no later than the day of the election or primary for which the ballot was issued.

If the county auditor chooses to forward absentee ballots, he or she must include with the ballot a clear explanation of the qualifications necessary to vote in that election and must also advise a voter with questions about his or her eligibility to contact the county auditor. This explanation may be provided on the ballot envelope, on an enclosed insert, or printed directly on the ballot itself. If the information is not included, the envelope must clearly indicate that the ballot is not to be forwarded and that return postage is guaranteed.

This officer shall announce the name to the precinct election officer who has the copy of the inspector's poll book for that precinct. If the right of this voter to participate in the primary or election is not challenged, the voter must be issued a ballot or permitted to enter a voting booth or to operate a voting device. At a partisan primary, every voter who is a registered party member of a major political party must be issued the party ballot specific to his or her political party; every unaffiliated voter must be issued a party ballot for each major political party that has consented to the participation of unaffiliated voters in its partisan primary under section 143 of this act; and every unaffiliated voter who has signed a nominating petition for a candidate of a party not participating in the primary or independent candidate nominating petition...

"Major political party" means a political party identified as the party best approximating his or her political philosophy by at least one candidate for an office voted upon statewide who also received at least five percent of the total votes cast for that office at the last primary or general election in a year in which the governor is elected.

NEW SECTION. Sec. 202. The rights of Washington voters are protected by its Constitution and laws and include the following fundamental rights:
(1) The right of qualified voters to vote at all elections;
(2) The right of absolute secrecy of the vote. No voter may be required to disclose political faith or adherence in order to vote; and
(3) The right to cast a vote for any candidate for each office without any limitation based on party preference or affiliation, of either the voter or the candidate.

NEW SECTION. Sec. 203. "Partisan office" means an office for which a candidate may identify a political philosophy under section 214(3) or 215 of this act, and is limited to the following offices:
(1) United States senator and representative;
(2) All state offices except (a) judicial offices and (b) the office of superintendent of public instruction;
(3) All county offices except (a) judicial offices and (b) those offices where a county home rule charter provides otherwise.

NEW SECTION. Sec. 204. "Primary" means a statutory qualifying procedure in which each registered voter eligible to vote in the district or jurisdiction is permitted to cast a vote for his or her preferred candidate for each office appearing on the ballot, without any limitation based on party preference or affiliation on the part of the voter or the candidate, with the result that not more than two candidates for each office qualify to appear on the general election ballot.

NEW SECTION. Sec. 205. Qualifying primaries for general elections to be held in November must be held on the third Tuesday of the preceding September or on the seventh Tuesday immediately preceding such general election, whichever occurs first.

NEW SECTION. Sec. 206. (1) A person filing a declaration of candidacy for an office shall, at the time of filing, be a registered voter and possess the qualifications specified by law for persons who may be elected to the office.
(2) Excluding the office of precinct committee officer or a temporary elected position such as a charter review board member or freeholder, no person may file for more than one office.

For the purposes of this section, each geographic area in which registered voters may cast ballots for an office is represented by that office. If a person elected to an office must be elected from a district or similar division of the geographic area represented by the office, the name of a candidate for the office shall not appear on a primary ballot for that office unless the candidate is, at the time the candidate’s declaration of candidacy is file
filed, properly registered to vote in that district or division. The officer with whom declarations of candidacy must be filed under this title shall review each such declaration filed and determine whether the contents of the declaration comply with this subsection.

(4) The requirements of voter registration and residence within the geographic area of a district do not apply to candidates for congressional office. Qualifications for United States Congress are specified in the United States Constitution.

NEW SECTION. Sec. 207. Nominations of candidates for president and vice president of the United States other than by a major political party must be made at a convention to be held not earlier than the first Sunday in July and not later than seventy days before the general election.

The court shall resolve the conflict between competing claims to the use of the same party name according to the following principles: (a) The prior established public use of the name during previous elections by a party composed of or led by the same individuals or individuals in documented succession; (b) prior established public use of the name earlier in the same election cycle: ; (c) documented affiliation with a national or statewide party organization with an established use of the name; (d) the first date of filing of a certificate of nomination; and (e) such other indicia of an established right to use of the name as the court may deem relevant.

Upon resolving the conflict between competing claims, the court may also address any ballot designation for the candidate who does not prevail.

NEW SECTION. Sec. 211. (1) If two or more valid certificates of nomination are filed purporting to nominate different candidates for president and vice president using the same party name, the filing officer must give effect to both certificates. If conflicting claims to the party name are not resolved either by mutual agreement or by a judicial determination of the right to the name, the candidates must be treated as independent candidates. Disputes over the right to the name must not be permitted to delay the printing of either ballots or a voters' pamphlet.

(2) A person affected may petition the superior court of Thurston county for a judicial determination of the right to the name of a minor political party, either before or after documents are filed with the secretary of state. The court shall resolve the conflict between competing claims to the use of the same party name according to the following principles: (a) The prior established public use of the name during previous elections by a party composed of or led by the same individuals or individuals in documented succession; (b) prior established public use of the name earlier in the same election cycle: ; (c) documented affiliation with a national or statewide party organization with an established use of the name; (d) the first date of filing of a certificate of nomination; and (e) such other indicia of an established right to use of the name as the court may deem relevant.

Upon resolving the conflict between competing claims, the court may also address any ballot designation for the candidate who does not prevail.

NEW SECTION. Sec. 212. A minor political party or independent candidate convention nominating candidates for the offices of president and vice president of the United States shall, not later than ten days after the adjournment of the convention, submit a list of presidential electors to the office of the secretary of state. The list shall contain the names and the mailing addresses of the persons selected and shall be verified by the candidates named on the nominating petition.

NEW SECTION. Sec. 213. Upon the receipt of the nominating petition, the secretary of state shall canvass the signatures. Once the determination of the sufficiency of the petitions has been made, the filing officer shall notify the candidates and any other persons requesting the notification. Any appeal regarding the filing officer's determination must be filed with the superior court of Thurston county not later than five days from the date the determination is made, and shall be heard and finally disposed of by the court within five days of the filing. Nominating petitions shall not be available for public inspection or copying.

The secretary of state shall adopt, by rule, a declaration of candidacy form for the office of precinct committee officer and a separate standard form for candidates for all other offices filing under this chapter. Included on the standard form shall be:

(1) A place for the candidate to declare that he or she is a registered voter within the jurisdiction of the office for which he or she is filing, and the address at which he or she is registered;

(3) For those offices defined in section 203 of this act only, a place for the candidate to identify a major or minor political party, if any, the candidate regards as best approximating his or her own political philosophy. No candidate may list more than one political party. Nothing in this indication of political philosophy may be construed as denoting an endorsement or nomination by that party. The sole purpose of allowing candidates to identify a political party preference is to provide to voters a brief description of each candidate's political philosophy, which the voters may consider when casting their votes at a primary or general election. If a court of competent jurisdiction holds that a political party has a right to control the use of the name in a manner inconsistent with this subsection, this subsection is inoperative and section 215 of this act applies;
(4) A place for the candidate to indicate the amount of the filing fee accompanying the declaration of candidacy or for the candidate to indicate that he or she is filing a petition in lieu of the filing fee under section 217 of this act;
NEW SECTION. Sec. 215. If, as provided in section 214(3) of this act, a court of competent jurisdiction holds that a political party has the right to control the use of its name in a manner inconsistent with the provisions of that subsection, then the following process applies:

For those offices defined in section 203 of this act, a place for the candidate to submit a description of up to three words that the candidate regards as best approximating his or her own political philosophy. The sole purpose of allowing a candidate to submit a three-word description is to provide to voters information about each candidate’s political philosophy, which the voters may consider when casting their votes at a primary or general election. The secretary of state shall adopt rules as necessary for the implementation of this section.

NEW SECTION. Sec. 216. Any candidate may mail his or her declaration of candidacy for an office to the filing officer. Such declarations of candidacy shall be processed by the filing officer in the following manner:

(1) Any declaration received by the filing officer by mail before the tenth business day immediately preceding the first day for candidates to file for office shall be returned to the candidate submitting it, together with a notification that the declaration of candidacy was received too early to be processed. The candidate shall then be permitted to resubmit his or her declaration of candidacy during the filing period.

(2) Any properly executed declaration of candidacy received by mail on or after the tenth business day immediately preceding the first day for candidates to file for office and before the close of business on the last day of the filing period shall be included with filings made in person during the filing period. In primaries for partisan office and judicial offices the filing officer shall determine by lot the order in which the names of those candidates shall appear upon sample and absentee primary ballots.

(3) Any declaration of candidacy received by the filing officer after the close of business on the last day for candidates to file for office shall be rejected and returned to the candidate attempting to file it.

NEW SECTION. Sec. 217. A filing fee of one dollar shall accompany each declaration of candidacy for precinct committee officer; a filing fee of ten dollars shall accompany the declaration of candidacy for any office with a fixed annual salary of one thousand dollars or less; a filing fee equal to one percent of the annual salary of the office at the time of filing shall accompany the declaration of candidacy for any office with a fixed annual salary of more than one thousand dollars per annum. No filing fee need accompany a declaration of candidacy for any office for which compensation is on a per diem or per meeting attended basis.

A candidate who lacks sufficient assets or income at the time of filing to pay the filing fee required by this section shall submit with his or her declaration of candidacy a filing petition. The petition shall contain not less than a number of signatures of registered voters equal to the number of dollars of the filing fee. The signatures shall be of voters registered to vote within the jurisdiction of the office for which the candidate is filing.

When the candidacy is for:

(2) A city or town office, the fee shall be paid to the county auditor who shall transmit it to the city or town clerk for deposit in the city or town treasury.

NEW SECTION. Sec. 218. The filing petition authorized by section 217 of this act shall be printed on sheets of uniform color and size, shall contain no more than twenty numbered lines, and must be in substantially the following form:

The warning prescribed by RCW 29A.72.140; followed by:

If the candidate listed a political party on the declaration of candidacy, then the name of that party must appear on the filing petition.

The petition must include a place for each individual to sign and print his or her name, and the address, city, and county at which he or she is registered to vote.

NEW SECTION. Sec. 219. Petitions may be rejected for the following reasons:

(1) The petition is not in the proper form;

(2) The petition clearly bears insufficient signatures;

(3) The petition is not accompanied by a declaration of candidacy;

(4) The time within which the petition and the declaration of candidacy could have been filed has expired.

He or she shall additionally reject any signature that appears on the petitions of two or more candidates for the same office and shall also reject, each time it appears, the name of any person who signs the same petition more than once.

If the officer with whom the petition is filed refuses to accept the petition or refuses to certify the petition as bearing sufficient valid signatures, the person filing the petition may appeal that action to the superior court. The application for judicial review shall take precedence over other cases and matters and shall be speedily heard and determined.

NEW SECTION. Sec. 220. A void in candidacy for an office occurs when an election for such office, except for the short term, has been scheduled and no valid declaration of candidacy has been filed for the position or all persons filing such valid declarations of candidacy have died or been disqualified.
NEW SECTION. Sec. 221. The election officer with whom declarations of candidacy are filed shall give notice of a void in candidacy for an office by notifying press, radio, and television in the county or counties involved and by such other means as may now or hereafter be provided by law. The notice shall state the office, and the time and place for filing declarations of candidacy.

Candidacies validly filed within said three-day period shall appear on the ballot as if made during the earlier filing period.

NEW SECTION. Sec. 224. Filings for a nonpartisan office (other than judge of the supreme court or superintendent of public instruction) shall be reopened for a period of three normal business days, such three day period to be fixed by the election officer with whom such declarations of candidacy are filed and notice thereof given by notifying press, radio, and television in the county and by such other means as may now or hereafter be provided by law, when:

(1) A void in candidacy for such nonpartisan office occurs on or after the sixth Tuesday prior to a primary but prior to the sixth Tuesday before an election; or

(2) A candidate for judge of the superior court eligible after a contested primary for a certificate of election by Article 4, section 29, Amendment 41 of the state Constitution, dies or is disqualified within the ten day period immediately following the last day allotted for a candidate to withdraw; or

(3) A vacancy occurs in any nonpartisan office on or after the sixth Tuesday prior to a primary but prior to the sixth Tuesday before an election leaving an unexpired term to be filled by an election for which filings have not been held.

The candidate receiving a plurality of the votes cast for that office in the general election shall be deemed elected.

NEW SECTION. Sec. 225. A scheduled election lapses, the office is deemed stricken from the ballot, no purported write-in votes may be counted, and no candidate may be certified as elected, when:

(1) In an election for judge of the supreme court, superintendent of public instruction, or a partisan office, a void in candidacy occurs on or after the sixth Tuesday prior to a primary, public filings and the primary being an indispensable phase of the election process for such offices;

(2) Except as otherwise specified in section 224 of this act, a candidate for judge of the superior court entitled to a certificate of election pursuant to Article 4, section 29, Amendment 41 of the state Constitution dies or is disqualified on or after the sixth Tuesday prior to a primary;

(3) In other elections for nonpartisan office a void in candidacy occurs or a vacancy occurs involving an unexpired term to be filled on or after the sixth Tuesday prior to an election.

NEW SECTION. Sec. 226. Any person who desires to be a write-in candidate and have such votes counted at a primary or election may file a declaration of candidacy with the officer designated in RCW 29A.24.070 not later than the day before the primary or election. Declarations of candidacy for write-in candidates must be accompanied by a filing fee in the same manner as required of other candidates filing for the office as provided in section 217 of this act.

Prior to the close of the filing period, a list of the names of write-in candidates who have filed valid such declarations of candidacy shall be compiled on a form with the same official as required during the regular filing period for such office.

Any person who desires to be a write-in candidate and have such votes counted at a primary or election may file a declaration of candidacy with the officer designated in RCW 29A.24.070 not later than the day before the primary or election. Declarations of candidacy for write-in candidates must be accompanied by a filing fee in the same manner as required of other candidates filing for the office as provided in section 217 of this act.

The notice shall state the office, and the time and place for filing declarations of candidacy.

No person may file as a write-in candidate where:

(1) At a general election, the person attempting to file either filed as a write-in candidate for the same office at the preceding primary or the person's name appeared on the ballot for the same office at the preceding primary;

(2) The person attempting to file as a write-in candidate has already filed a valid write-in declaration for that primary or election, unless one or the other of the two filings is for the office of precinct committeeperson;

(3) The name of the person attempting to file already appears on the ballot as a candidate for another office, unless one of the two offices for which he or she is a candidate is precinct committeeperson.

The declaration of candidacy shall be similar to that required by section 214 of this act. No write-in candidate filing under this section may be included in any voter's pamphlet produced under chapter 29A.32 RCW unless that candidate qualifies to have his or her name printed on the general election ballot. The legislative authority of any jurisdiction producing a local voter's pamphlet under chapter 29A.32 RCW may provide, by ordinance, for the inclusion of write-in candidates in such pamphlets.

NEW SECTION. Sec. 227. If the death or disqualification of a candidate for a partisan or nonpartisan office does not give rise to the opening of a new filing period under section 223 of this act, then the following will occur:

(1) If the candidate dies or becomes disqualified after filing a declaration of candidacy but before the close of the filing period, then the declaration of candidacy is void and his or her name will not appear on the ballot;

(2) If the candidate dies or becomes disqualified after the close of the filing period but before the day of the primary, then his or her name will appear on the primary ballot and all otherwise valid votes for that candidate will be tabulated. The candidate's name will not appear on the general election ballot even if he or she otherwise would have qualified to do so, but no other candidate will advance, or be substituted, in the place of that candidate. If the candidate was the only candidate to qualify to advance to the general election, then the general election for that office lapses, and the office will be regarded as vacant as of the time the newly elected official would have otherwise taken office;
(3) If the candidate dies or becomes disqualified on or after the day of the primary, and he or she would have otherwise qualified to appear on the general election ballot, then his or her name will appear on the general election ballot and all otherwise valid votes for that candidate will be tabulated. If the candidate received a number of votes sufficient to be elected to office, but for his or her death or disqualification, then the office will be regarded as vacant as of the time the newly elected official would have otherwise taken office.

NEW SECTION. Sec. 228. (1) Whenever a vacancy occurs in the United States house of representatives or the United States senate from this state, the governor shall order a special election to fill the vacancy.

(2) Within ten days of such vacancy occurring, he or she shall issue a writ of election fixing a date for the special vacancy election not less than ninety days after the issuance of the writ, fixing a date for the primary for qualifying candidates for the special vacancy election not less than thirty days before the day fixed for holding the special vacancy election, fixing the dates for the special filing period, and designating the term or part of the term for which the vacancy exists. If the vacancy is in the office of United States representative, the writ of election shall specify the congressional district that is vacant.

(3) If the vacancy occurs less than six months before a state general election and before the second Friday following the close of the filing period for that general election, the special primary and special vacancy elections shall be held in concert with the state primary and state general election in that year.

(4) If the vacancy occurs on or after the first day for filing under RCW 29A.24.050 and on or before the second Friday following the close of the filing period, a special filing period of three normal business days shall be fixed by the governor and notice thereof given to all media, including press, radio, and television within the area in which the vacancy election is to be held, to the end that, insofar as possible, all interested persons will be aware of such filing period. The last day of the filing period shall not be later than the third Tuesday before the primary. The names of candidates who have filed valid declarations of candidacy during this three-day period shall appear on the approaching primary ballot.

(5) If the vacancy occurs later than the second Friday following the close of the filing period, a special primary and special vacancy election to fill the position shall be held after the next state general election but, in any event, no later than the ninetieth day following the November election.

NEW SECTION. Sec. 229. After calling a special primary and special vacancy election to fill a vacancy in the United States house of representatives or the United States senate from this state, the governor shall immediately notify the secretary of state who shall, in turn, immediately notify the county auditor of each county wholly or partly within which the vacancy exists.

Each county auditor shall publish notices of the special primary and the special vacancy election at least once in any legal newspaper published in the county, as provided by RCW 29A.52.310 and 29A.52.350 respectively.

NEW SECTION. Sec. 230. The general election laws and laws relating to primaries for partisan offices apply to the special primaries and vacancy elections provided for in sections 228 and 229 of this act to the extent that they are not inconsistent with the provisions of these sections. Statutory time deadlines relating to availability of absentee ballots, certification, canvassing, and related procedures that cannot be met in a timely fashion may be modified for the purposes of a specific primary or vacancy election under this chapter by the secretary of state through emergency rules adopted under RCW 29A.04.610.

NEW SECTION. Sec. 231. The voters’ pamphlet must contain:

(1) Information about each ballot measure initiated by or referred to the voters for their approval or rejection as required by RCW 29A.32.070;

(2) In even-numbered years, statements, if submitted, advocating the candidacies of candidates qualified to appear on the ballot for the office of president and vice president of the United States, United States senator, United States representative, governor, lieutenant governor, secretary of state, state treasurer, state auditor, attorney general, commissioner of public lands, superintendent of public instruction, insurance commissioner, state senator, state representative, judge of the supreme court, judge of the court of appeals, or judge of the superior court. Candidates may also submit a campaign mailing address and telephone number and a photograph not more than five years old and of a size and quality that the secretary of state determines to be suitable for reproduction in the voters’ pamphlet;

(3) In odd-numbered years, if any office voted upon statewide appears on the ballot due to a vacancy, then statements and photographs for candidates for any vacant office listed in subsection (2) of this section must appear;

(4) In even-numbered years, a section explaining how voters may participate in the election campaign process; the address and telephone number of the public disclosure commission established under RCW 42.17.350; and a summary of the disclosure requirements that apply when contributions are made to candidates and political committees;

(5) In even-numbered years the name, address, and telephone number of each political party for which a candidate appearing on the ballot has expressed a preference on his or her declaration of candidacy, if the party has provided that information to the secretary of state;

(6) In each odd-numbered year immediately before a year in which a president of the United States is to be nominated and elected, information explaining the precinct caucus and convention process used by each major political party to elect delegates to its national presidential candidate nominating convention. The pamphlet must also provide a description of the statutory procedures by which minor political parties are formed and the statutory methods used by the parties to nominate candidates for president;

(7) In even-numbered years, a description of the office of precinct committee officer and its duties;

(8) An application form for an absentee ballot;

(9) A brief statement explaining the deletion and addition of language for proposed measures under RCW 29A.32.080;

(10) Any additional information pertaining to elections as may be required by law or in the judgment of the secretary of state is deemed informative to the voters.
(2) Arguments written by committees under RCW 29A.32.060 may not exceed two hundred fifty words in length.

(3) Arguments written by committees under RCW 29A.44.040 may not exceed seventy-five words in length.

(4) The secretary of state shall allocate space in the pamphlet based on the number of candidates for each office.

NEW SECTION. Sec. 233. On or before the day following the last day allowed for candidates to withdraw under RCW 29A.24.130, the secretary of state shall certify to each county auditor a list of the candidates who have filed declarations of candidacy in his or her office for the primary. For each office, the certificate shall include the name of each candidate, his or her address, and his or her party preference, if any.

NEW SECTION. Sec. 234. (1) Except as provided to the contrary in RCW 82.14.036, 82.46.021, or 82.80.090, the ballot title of any referendum filed on an enactment or portion of an enactment of a local government and any other question submitted to the voters of a local government consists of three elements: (a) an identification of the enacting legislative body and a statement of the subject matter; (b) a concise description of the measure; and (c) a question. The ballot title must conform with the requirements and be displayed substantially as provided under RCW 29A.72.050, except that the concise description must not exceed seventy-five words. If the local governmental unit is a city or a town, the concise statement shall be prepared by the city or town attorney. If the local governmental unit is a county, the concise statement shall be prepared by the prosecuting attorney of the county. If the unit is a unit of local government other than a city, town, or county, the concise statement shall be prepared by the prosecuting attorney of the county within which the majority area of the unit is located.

(2) A referendum measure on the enactment of a unit of local government shall be advertised in the manner provided for candidates for elective office.

(3) Subsection (1) of this section does not apply if another provision of law specifies the ballot title for a specific type of ballot question or proposition.

NEW SECTION. Sec. 235. Except for the candidates for the positions of president and vice president or for a nonpartisan or nonpartisan office for which no primary is required, the names of all candidates who, under this title, filed a declaration of candidacy will appear on the appropriate ballot at the primary throughout the jurisdiction of the office for which they are a candidate.

NEW SECTION. Sec. 236. (1) Except as provided in RCW 29A.36.180 and in subsection (2) of this section, on the ballot at the general election for an office for which a primary was held, only the names of the candidate who received the greatest number of votes and the candidate who received the next greatest number of votes for that office shall appear under the title of that office, and the names shall appear in that order. If a primary was conducted, no candidate’s name may be printed on the subsequent general election ballot unless he or she receives at least one percent of the total votes cast for that office at the preceding primary. On the ballot at the general election for an office for which no primary was held, the names of the candidates shall be listed in the order determined under RCW 29A.36.130.

(2) On the ballot at the general election for the office of justice of the supreme court, judge of the court of appeals, judge of the superior court, or state superintendent of public instruction, if a candidate in a contested primary receives a majority of all the votes cast for that office or position, only the name of that candidate may be printed under the title of the office for that position.

NEW SECTION. Sec. 237. The names of the persons certified by the secretary of state or the county canvassing board as having qualified to appear on the general election ballot shall be printed on the ballot at the ensuing election.

No name of any candidate for an office for which a primary is conducted may be placed upon the ballot at a general or special election unless it appears upon the certificate of either (1) the secretary of state or (2) the county canvassing board. Excluding the office of precinct committee officer or a temporary elected position such as a charter review board member or freeholder, a candidate’s name shall not appear more than once upon a ballot for a position regularly elected at the same election.

NEW SECTION. Sec. 238. Whenever it shall be necessary to hold a special election in an odd-numbered year to fill an unexpired term of any office which is scheduled to be voted upon for a full term in an even-numbered year, no primary election shall be held in the odd-numbered year if, after the last day allowed for candidates to withdraw no more than two candidates have filed a declaration of candidacy for a single office to be filled.

In this event, the officer with whom the declarations of candidacy were filed shall immediately notify all candidates concerned and the names of the candidates that would have been printed upon the primary ballot, but for the provisions of this section, shall be printed as candidates for the positions sought upon the general election ballot.

NEW SECTION. Sec. 239. Candidates for partisan offices will appear on the ballot at primaries held under this chapter.

NEW SECTION. Sec. 240. (1) Whenever candidates for partisan office are to be elected, the general election must be preceded by a primary conducted under this chapter, except as otherwise provided in law. Based upon votes cast at the primary, two candidates must be certified as qualified to appear on the general election ballot, under sections 236 and 242 of this act.

(2) A primary may not be used to select the nominees of a political party. A primary is a critical stage in the public process by which voters elect candidates to public office.

(3) If a candidate indicates a political philosophy as provided by section 214(3) or 215 of this act on his or her declaration of candidacy, then the philosophy will be listed for the candidate on the primary and general election ballots. Each candidate who does not express a philosophy will be listed as an independent candidate on the primary and general election ballots. Political philosophy will be listed for the information of the voters only, and may not be used for any purpose relating to the conduct, canvassing, or certification of the primary, and may in no way limit the options available to voters in deciding for whom to cast a vote.

NEW SECTION. Sec. 241. The offices of superintendent of public instruction, justice of the supreme court, judge of the court of appeals, judge of the superior court, and judge of the district court shall be nonpartisan and the candidates therefor shall be qualified and elected as such.

All city, town, and special purpose district elective offices shall be nonpartisan and the candidates therefor shall be qualified and elected as such.
NEW SECTION. Sec. 242. No later than the day following the certification of the returns of any primary, the secretary of state shall certify to the appropriate county auditors, the names of all persons qualified to appear on the general election ballot as candidates for offices, the returns of which have been canvassed by the secretary of state.

NEW SECTION. Sec. 243. Except as provided in RCW 29A.32.260, notice for any state, county, district, or municipal election, whether special or general, must be given by at least one publication not more than ten nor less than three days before the election by the county auditor or the officer conducting the election as the case may be, in one or more newspapers of general circulation within the county. The legal notice must contain the title of each office under the proper party preference, the names and addresses of all candidates who have been qualified to appear on the ballot for an office to be voted upon at that election, together with the ballot titles of all measures, the hours, during which the polls will be open, and the polling places for each precinct, giving the address of each polling place. The names of all candidates for nonpartisan offices must be published separately with designation of the offices for which they are candidates but without party designation. This is the only notice required for a state, county, district, or municipal general or special election.

NEW SECTION. Sec. 244. (1) For any office at any election or primary, any voter may write in on the ballot the name of any person for an office who has filed as a write-in candidate for the office in the manner provided by section 226 of this act and such vote shall be counted the same as if the name had been printed on the ballot and marked by the voter. No write-in vote made for any person who has not filed a declaration of candidacy pursuant to section 226 of this act is valid if that person filed for the same office, either as a regular candidate or a write-in candidate, at the preceding primary. Any abbreviation used to designate office, position, or political party shall be accepted if the canvassing board can determine, to their satisfaction, the voter’s intent.

(2) The number of write-in votes cast for each office must be recorded and reported with the canvass for the election.

(3) Write-in votes cast for an individual candidate for an office need not be tallied if the total number of write-in votes cast for the office is not greater than the number of votes cast for the candidate apparently qualified to appear on the general election ballot or elected, and the write-in votes could not have altered the outcome of the primary or election. In the case of write-in votes for statewide office or for any office whose jurisdiction encompasses more than one county, write-in votes for an individual candidate must be tallied whenever the county auditor is notified by either the office of the secretary of state or another auditor in a multicounty jurisdiction that it appears that the write-in votes could alter the outcome of the primary or election.

(4) In the case of statewide offices or jurisdictions that encompass more than one county, if the total number of write-in votes cast for an office within a county is greater than the number of votes cast for a candidate apparently qualified to appear on the general election ballot or elected in a primary or election, the auditor shall tally all write-in votes for individual candidates for that office and notify the office of the secretary of state and the auditors of the other counties within the jurisdiction, that the write-in votes for individual candidates should be tallied.

NEW SECTION. Sec. 245. (1) If the requisite number of any federal, state, county, city, or district offices have not been satisfied by reason of two or more persons having an equal and requisite number of votes for being placed on the general election ballot, the official empowered by state law to certify candidates for the general election ballot shall give notice to the several persons so having the equal and requisite number of votes to attend at the appropriate office at the time designated by that official, who shall then and there proceed publicly to decide by lot which of those persons will be declared duly elected, and the official shall make out and deliver to the person thus duly declared elected a certificate of election.

(2) If the requisite number of any federal, state, county, city, district, or precinct officers have not been elected by reason of two or more persons having an equal and highest number of votes for one and the same office, the official empowered by state law to issue the original certificate of election shall give notice to the several persons so having the highest and equal number of votes to attend at the appropriate office at the time to be appointed by that official, who shall then and there proceed publicly to decide by lot which of those persons will be declared duly elected, and the official shall make out and deliver to the person thus duly declared elected a certificate of election.

NEW SECTION. Sec. 246. An officer of a political party or any person for whom votes were cast in a primary who was not declared qualified to appear on the general election ballot may file a written application for a recount of the votes or a portion of the votes cast at that primary for all persons for whom votes were cast for that office.

An officer of a political party or any person for whom votes were cast at any election may file a written application for a recount of the votes or a portion of the votes cast at that election for all candidates for election to that office.

Any group of five or more registered voters may file a written application for a recount of the votes or a portion of the votes cast upon any question or issue. They shall designate one of the members of the group as chair and shall indicate the voting residence of each member of the group.

An application for a recount of the votes cast for an office or on a ballot measure must be filed with the officer with whom filings are made for the jurisdiction.

An application for a recount must specify whether the recount will be done manually or by the vote tally system. A recount done by the vote tally system must use programming that recounts and reports only the office or ballot measure in question. The county shall also provide for a test of the logic and accuracy of that program.

An application for a recount must be filed within three business days after the county canvassing board or secretary of state has declared the official results of the primary or election for the office or issue for which the recount is requested.

This chapter applies to the recounting of votes cast by paper ballots and to the recounting of votes recorded on ballots counted by a vote tally system.

NEW SECTION. Sec. 247. (1) If the official canvass of all of the returns for any office at any primary or election reveals that the difference in the number of votes cast for a candidate apparently qualified to appear on the general election ballot or elected to any office and the number of votes cast for the closest apparently defeated opponent is less than two thousand votes and also less than one-half of one percent of the total number of votes cast for both candidates, the county canvassing board shall conduct a recount of all votes cast on that position.
(a) Whenever such a difference occurs in the number of votes cast for candidates for a position the declaration of
candidacy for which was filed with the secretary of state, the secretary of state shall, within three business days of the day that
the returns of the primary or election are first certified by the canvassing boards of those counties, direct those boards to
recount all votes cast on the position.

(b) If the difference in the number of votes cast for the apparent winner and the closest apparently defeated opponent
is less than one hundred fifty votes and also less than one-fourth of one percent of the total number of votes cast for both
candidates, the votes shall be recounted manually or as provided in subsection (3) of this section.

(2) A mandatory recount shall be conducted in the manner provided by sections 248, 249, and 250 of this act. No
cost of a mandatory recount may be charged to any candidate.

(3) The apparent winner and closest apparently defeated opponent for an office for which a manual recount is
required under subsection (1)(b) of this section may select an alternative method of conducting the recount. To select such an
alternative, the two candidates shall agree to the alternative in a signed, written statement filed with the election official for the
office. The recount shall be conducted using the alternative method if: It is suited to the balloting system that was used for
casting the votes for the office; it involves the use of a vote tallying system that is approved for use in this state by the
secretary of state; and the vote tallying system is readily available in each county required to conduct the recount. If more
than one balloting system was used in casting votes for the office, an alternative to a manual recount may be selected for each
system.

NEW SECTION. Sec. 248. An application for a recount shall state the office for which a recount is requested and
whether the request is for all or only a portion of the votes cast in that jurisdiction of that office. The person filing an
application for a manual recount shall, at the same time, deposit with the county canvassing board or secretary of state, in
cash or by certified check, a sum equal to twenty-five cents for each ballot cast in the jurisdiction or portion of the jurisdiction
for which the recount is requested as security for the payment of any costs of conducting the recount. If the application is for a
machine recount, the deposit must be equal to fifteen cents for each ballot. These charges shall be determined by the county
 canvassing board or boards under RCW 29A.64.080.

The county canvassing board shall determine a time and a place or places at which the recount will be conducted.
This time shall be less than three business days after the day upon which: The application was filed with the board; the
request for a recount or directive ordering a recount was received by the board from the secretary of state; or the returns are
certified which indicate that a recount is required under RCW 29A.64.020 for an issue or office voted upon only within the
county. Not less than two days before the date of the recount, the county auditor shall mail a notice of the time and place of
the recount to the applicant or affected parties and, if the recount involves an office, to any person for whom votes were cast
for that office. The county auditor shall also notify the affected parties by either telephone, fax, e-mail, or other electronic
means at the time of mailing. At least three attempts must be made over a two-day period to notify the affected parties or
until the affected parties have received the notification. Each attempt to notify affected parties must request a return response
indicating that the notice has been received. Each person entitled to receive notice of the recount may attend, witness the
recount, and be accompanied by counsel.

Proceedings of the canvassing board are public under chapter 42.30 RCW. Subject to reasonable and equitable
guidelines adopted by the canvassing board, all interested persons may attend and witness a recount.

NEW SECTION. Sec. 249. (1) At the time and place established for a recount, the canvassing board or its duly
authorized representatives, in the presence of all witnesses who may be in attendance, shall open the sealed containers
containing the ballots to be recounted, and shall recount the votes for the offices or issues for which the recount has been
ordered. Ballots shall be handled only by the members of the canvassing board or their duly authorized representatives.
Witneses shall be permitted to observe the ballots and the process of tabulating the votes, but they shall not be
permitted to handle the ballots. The canvassing board shall not permit the tabulation of votes for any office or issue other than
the one for which a recount was applied for or required.

(2) At any time before the ballots from all of the precincts listed in the application for the recount have been
recounted, the applicant may file with the board a written request to stop the recount.

(3) The recount may be observed by persons representing the candidates affected by the recount or the persons
representing both sides of an issue that is being recounted. The observers may not make a record of the names, addresses, or
other information on the ballots, poll books, or applications for absentee ballots unless authorized by the superior court. The
secretary of state or county auditor may limit the number of observers to not less than two on each side if, in his or her
opinion, a greater number would cause undue delay or disruption of the recount process.

NEW SECTION. Sec. 250. Upon completion of the canvass of a recount, the canvassing board shall prepare and
 certify an amended abstract showing the votes cast in each precinct for which the recount was conducted. Copies of the
amended abstracts must be transmitted to the same officers who received the abstract on which the recount was based.
If the office or issue for which the recount was conducted was submitted only to the voters of a county, the
canvassing board shall file the amended abstract with the original results of that election or primary.
If the office or issue for which a recount was conducted was submitted to the voters of more than one county, the
secretary of state shall canvass the amended abstracts and shall file an amended abstract with the original results of that
election. An amended abstract certified under this section supersedes any prior abstract of the results for the same offices or
issues at the same primary or election.

NEW SECTION. Sec. 251. The canvassing board shall determine the expenses for conducting a recount of votes.
The cost of the recount shall be deducted from the amount deposited by the applicant for the recount at the time of
 filiing the request for the recount, and the balance shall be returned to the applicant. If the costs of the recount exceed the
deposit, the applicant shall pay the difference. No charges may be deducted by the canvassing board from the deposit for a
recount if the recount changes the result of the primary or election for which the recount was ordered.

NEW SECTION. Sec. 252. Any justice of the supreme court, judge of the court of appeals, or judge of the
superior court in the proper county shall, by order, require any person charged with error, wrongful act, or neglect to
forthwith correct the error, desist from the wrongful act, or perform the duty and to do as the court orders or to show cause
forthwith why the error should not be corrected, the wrongful act desisted from, or the duty or order not performed, whenever
it is made to appear to such justice or judge by affidavit of an elector that:
(1) An error or omission has occurred or is about to occur in printing the name of any candidate on official ballots; or

(2) An error other than as provided in subsections (1) and (3) of this section has been committed or is about to be committed in printing the ballots; or

(3) The name of any person has been or is about to be wrongfully placed upon the ballots; or

(4) A wrongful act other than as provided for in subsections (1) and (3) of this section has been performed or is about to be performed by any election officer; or

(5) Any neglect of duty on the part of an election officer other than as provided for in subsections (1) and (3) of this section has occurred or is about to occur; or

(6) An error or omission has occurred or is about to occur in the issuance of a certificate of election.

An affidavit of an election officer under subsections (1) and (3) above when relating to a primary election must be filed with the appropriate court no later than the second Friday following the closing of the filing period for such office and shall be heard and finally disposed of by the court not later than five days after the filing thereof. An affidavit of an election officer under subsections (1) and (3) of this section when relating to a general election must be filed with the appropriate court no later than three days following the official certification of the primary election returns and shall be heard and finally disposed of by the court not later than five days after the filing thereof. An affidavit of an election officer under subsection (6) of this section shall be filed with the appropriate court no later than ten days following the issuance of a certificate of election.

NEW SECTION. Sec. 253. The following apply to persons signing petitions prescribed by sections 209 and 218 of this act:

(1) A person who signs a petition with any other than his or her name shall be guilty of a misdemeanor.

(2) A person shall be guilty of a misdemeanor if the person knowingly: Signs more than one petition for any single candidacy of any single candidate; signs the petition when he or she is not a legal voter; or makes a false statement as to his or her residence.

NEW SECTION. Sec. 254. Every person who:

(1) Knowingly provides false information on his or her declaration of candidacy, filing petition, or nominating petition; or

(2) Conceals or fraudulently defaces or destroys a certificate that has been filed with an election officer under sections 207 through 212 of this act or a declaration of candidacy or petition of nomination that has been filed with an election officer, or any part of such a certificate, declaration, or petition, is guilty of a class C felony punishable under RCW 9A.20.021.

NEW SECTION. Sec. 255. Every person who:

(1) Knowingly and falsely issues a certificate of qualification or election; or

) The legislature finds that homemakers are an unrecognized part of the work force who make an invaluable contribution to the strength, durability, and purpose of our state.

The legislature further finds that there is an increasing number of persons in this state who, having fulfilled a role as homemaker, find themselves "displaced" in their middle years through divorce, death of spouse, disability of spouse, or other loss of family income of a spouse. As a consequence, displaced homemakers are very often left with little or no income; they are ineligible for categorical welfare assistance; they are subject to the highest rate of unemployment of any sector of the work force; they face continuing discrimination in employment because of their age and lack of recent paid work experience; they are ineligible for unemployment insurance because they have been engaged in unpaid labor in the home; they are ineligible for social security benefits because they are too young, and many never qualify because they have been divorced from the family wage earner; they may have lost beneficiaries' rights under employer's pension and health plans through divorce or death of spouse; and they are often unacceptable to private health insurance plans because of their age.

It is the purpose of this chapter to establish guidelines under which the state board for community and technical colleges shall contract to establish multipurpose service centers and programs to provide necessary training opportunities, counseling, and services for displaced homemakers so that they may enjoy the independence and economic security vital to a productive life.
Sec. XXX. RCW 28B.04.030 and 1985 c 370 s 37 are each amended to read as follows:
The purposes of this chapter are to establish the principles upon which the state financial aid programs will be based and to establish the state of Washington state need grant program, thus assisting financially needy or disadvantaged students domiciled in Washington to obtain the opportunity of attending an accredited institution of higher education (as defined in RCW 28B.10.820(4)). State need grants under this chapter are available only to students who are resident students as defined in RCW 28B.15.012(1)(a) through (d).

Sec. XXXI. RCW 28B.04.080 and 1985 c 370 s 42 are each amended to read as follows:
(1) "Board" means the (higher education coordinating board) state board for community and technical colleges.
(2) "Center" means a multipurpose service center for displaced homemakers as described in RCW 28B.04.050.
(3) "Program" means those programs described in RCW 28B.04.050 which provide direct, outreach, and information and training services which serve the needs of displaced homemakers.
(4) "Displaced homemaker" means an individual who:
(a) Has worked in the home for ten or more years providing unsalaried household services for family members on a full-time basis; and
(b) Is not gainfully employed;
(c) Needs assistance in securing employment; and
(d) Has been dependent on the income of another family member but is no longer supported by that income, or has been dependent on federal assistance but is no longer eligible for that assistance, or is supported as the parent of minor children by public assistance or spousal support but whose children are within two years of reaching their majority.

Sec. XXXII. RCW 28B.04.085 and 1987 c 230 s 2 are each amended to read as follows:
(1) The executive coordinator of the (higher education coordinating board) shall establish an advisory committee, to be known as the displaced homemaker program advisory committee.

(2) "Financial aid" shall mean loans and/or grants to needy students enrolled or accepted for enrollment as a student at institutions of higher education.

(3) "Needy student" shall mean a post high school student of an institution of higher learning as defined in subsection (1) of this section who demonstrates to the board the financial inability, either
through the student’s parents, family and/or personally, to meet the total cost of board, room, books, and tuition and incidental fees for any semester or quarter.

4. (The term) “Disadvantaged student” ((shall mean)) means a post high school student who by reason of adverse cultural, educational, environmental, experiential, familial or other circumstances is unable to qualify for enrollment as a full time student in an institution of higher ((learning)) education, who would otherwise qualify as a needy student, and who is attending an institution of higher ((learning)) education under an established program designed to qualify the student for enrollment as a full time student.

5. ((Commission - as)) “Board” ((shall mean)) means the higher education coordinating board.

Sec. XXXVI. RCW 28B.10.804 and 1999 c 345 s 3 are each amended to read as follows:

The board shall be cognizant of the following guidelines in the performance of its duties:

1. The board shall be research oriented, not only at its inception but continually through its existence.
2. The board shall coordinate all existing programs of financial aid except those specifically dedicated to a particular institution by the donor.
3. The board shall take the initiative and responsibility for coordinating all federal student financial aid programs to ensure that the state recognizes the maximum potential effect of these programs, and shall design state programs that complement existing federal, state, and institutional programs. The board shall ensure that state programs continue to follow the principle that state financial aid funding follows the student to the student’s choice of institution of higher education.
4. Counseling is a paramount function of the state need grant and other state student financial aid programs, and in most cases could only be properly implemented at the institutional levels; therefore, state student financial aid programs shall be concerned with the attainment of those goals which, in the judgment of the board, are the reasons for the existence of a student financial aid program, and not solely with administration of the program on an individual basis.
5. The “package” approach of combining loans, grants and employment for student financial aid shall be the conceptual element of the state’s involvement.
6. The board shall ensure that allocations of state appropriations for financial aid are made to individuals and institutions in a timely manner and shall closely monitor expenditures to avoid under or overexpenditure of appropriated funds.

Sec. XXXVII. RCW 28B.10.808 and 1999 c 345 s 5 are each amended to read as follows:

In awarding need grants, the board shall proceed substantially as follows: PROVIDED, That nothing contained herein shall be construed to prevent the board, in the exercise of its sound discretion, from following another procedure when the best interest of the program so dictates:

1. The board shall annually select the financial aid award recipients from among Washington residents applying for student financial aid who have been ranked according to financial need as determined by the amount of the family contribution and other considerations brought to the board’s attention.
2. The financial need of the highest ranked students shall be met by grants depending upon the evaluation of financial need until the total allocation has been disbursed. Funds from grants which are declined, forfeited or otherwise unused shall be reawarded until dispersed.
3. A student shall be eligible to receive a state need grant for up to five years, or the credit or clock hour equivalent of five years, or up to one hundred twenty-five percent of the published length of time of the student’s program. A student may not start a new associate degree program as a state need grant recipient until at least five years have elapsed since earning an associate degree as a need grant recipient, except that a student may earn two associate degrees concurrently. Qualifications for renewal will include maintaining satisfactory academic progress toward completion of an eligible program as determined by the board. Should the recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the grant shall be returned to the state educational grant fund by the institution according to the institution’s own policy for issuing refunds, except as provided in RCW 28B.10.8081 (as recodified by this act).
4. In computing financial need, the board shall determine a maximum student expense budget allowance, not to exceed an amount equal to the maximum total state student expense budget at the public institutions plus the current average state appropriation per student for operating expense in the public institutions.

Sec. XXXVIII. RCW 28B.10.8081 and 1991 c 164 s 3 are each amended to read as follows:

Under rules adopted by the board, the provisions of RCW 28B.10.808(3) (as recodified by this act) shall not apply to eligible students, as defined in RCW 28B.10.017, and eligible students shall not be required to repay the unused portions of grants received under the state student financial aid program.

For a student to be eligible for a state need grant a student must:

Sec. XLIV. RCW 28B.10.790 and 1985 c 370 s 54 are each amended to read as follows:

Sec. LXVI. RCW 28B.15.820 and 1995 1st sp.s. c 9 s 10 are each amended to read as follows:

(1) Each institution of higher education, including technical colleges, shall deposit a minimum of three and one-half percent of revenues collected from tuition and services and activities fees in an institutional financial aid fund that is hereby created and which shall be held locally. Moneys in the fund shall be used only for the following purposes: (a) To make guaranteed long-term loans to eligible students as provided in subsections (3) through (8) of this section; (b) to make short-term loans as provided in subsection (9) of this section; or (d) to provide financial aid to needy students as provided in subsection (10) of this section.

(2) An "eligible student" for the purposes of subsections (3) through (8) and (10) of this section is a student registered for at least six credit hours or the equivalent, who is eligible for resident tuition and fee rates as defined in RCW 28B.15.012 and 28B.15.013, and who is a "needy student" as defined in RCW 28B.10.802 (as recodified by this act).

(3) The amount of the guaranteed long-term loans made under this section shall not exceed the demonstrated financial need of the student. Each institution shall establish loan terms and conditions which shall be consistent with the terms of the guaranteed loan program established by 20 U.S. Code Section 1071 et seq., as now or hereafter amended. All loans made shall be guaranteed by the Washington student loan guaranty association or its successor agency. Institutions are hereby granted full authority to operate as an eligible lender under the guaranteed loan program.

(4) Before approving a guaranteed long-term loan, each institution shall analyze the ability of the student to repay the loan based on factors which include, but are not limited to, the student’s accumulated total education loan burdens and the employment opportunities and average starting salary characteristics of the student’s chosen fields of study. The institution shall counsel the student on the advisability of acquiring additional debt, and on the availability of other forms of financial aid.

(5) Each institution is responsible for collection of guaranteed long-term loans made under this section and shall exercise due diligence in such collection, maintaining all necessary records to insure that maximum repayments are made. Institutions shall cooperate with other lenders and the Washington student loan guaranty association, or its successor agency, in the coordinated collection of guaranteed loans, and shall assure that the guarantability of the loans is not violated. Collection and servicing of guaranteed long-term loans under this section shall be performed by entities approved for such servicing by the Washington student loan guaranty association or its successor agency: PROVIDED, That institutions be permitted to perform such servicing if specifically recognized to do so by the Washington student loan guaranty association or its successor agency. Collection and servicing of guaranteed long-term loans made by community colleges under subsection (1) of this section shall be coordinated by the state board for community and technical colleges and shall be conducted under procedures adopted by the state board.

(6) Receipts from payment of interest or principal or any other subsidies to which institutions as lenders are entitled, that are paid by or on behalf of borrowers of funds under subsections (3) through (8) of this section, shall be deposited in each institution’s financial aid fund and shall be used to cover the costs of making the guaranteed long-term loans under this section and maintaining necessary records and making collections under subsection (5) of this section: PROVIDED, That such costs shall not exceed five percent of aggregate outstanding loan principal. Institutions shall maintain accurate records of such costs, and all receipts beyond those necessary to pay such costs, shall be deposited in the institution’s financial aid fund.
The governing boards of the state universities, the regional universities, and The Evergreen State College, and the state board for community and technical colleges, on behalf of the community colleges and technical colleges, shall each adopt necessary rules and regulations to implement this section.

First priority for any guaranteed long-term loans made under this section shall be directed toward students who would not normally have access to educational loans from private financial institutions in Washington state, and maximum use shall be made of secondary markets in the support of loan consolidation.

Short-term loans, not to exceed one year, may be made from the institutional financial aid fund to students enrolled in the institution. No such loan shall be made to any student who is known by the institution to be in default or delinquent in the payment of any outstanding student loan. A short-term loan may be made only if the institution has ample evidence that the student has the capability of repaying the loan within the time frame specified by the institution for repayment.

Any moneys deposited in the institutional financial aid fund that are not used in making long-term or short-term loans may be used by the institution for locally-administered financial aid programs for needy students, such as need-based institutional employment programs or need-based tuition and fee scholarship or grant programs. These funds shall be used in addition to and not to replace institutional funds that would otherwise support these locally-administered financial aid programs.

First priority in the use of these funds shall be given to needy students who have accumulated excessive educational loan burdens. An excessive educational loan burden is a burden that will be difficult to repay given employment opportunities and average starting salaries in the student’s chosen fields of study. Second priority in the use of these funds shall be given to needy single parents, to assist these students with their educational expenses, including expenses associated with child care and transportation.

The legislature finds that encouraging outstanding students to enter the teaching profession is of paramount importance to the state of Washington. By creating the future teachers conditional scholarship and loan repayment program, the legislature intends to assist in the effort to recruit as future teachers (students) individuals who have distinguished themselves through outstanding academic achievement or demonstrated their commitment to teaching through work as a paraprofessional in the public school system, and (students) who can act as role models for children (including those from targeted ethnic minorities). The legislature urges business, industry, and philanthropic community organizations to join with state government in making this program successful.

Sec. 2. RCW 28B.102.020 and 1996 c 53 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

Resident students defined in RCW 28B.15.012(2)(e) are not eligible students under this chapter) and commits to teaching service in the state of Washington.

(5) "Public school" means an elementary school, a middle school, junior high school, or high school within the public school system referred to in Article IX of the state Constitution.

1. Select students to receive conditional scholarships (with the assistance of a screening committee composed of teachers and leaders in government, business, and education) or loan repayments:
   - Adopt necessary rules and guidelines;
   - Publicize the program;
   - Collect and manage repayments from students who do not meet their teaching obligations under this chapter; and

The criteria shall emphasize factors demonstrating excellence including but not limited to superior scholastic achievement, leadership ability, community contributions, bilingual ability, willingness to commit to providing teaching service in shortage areas, and an ability to act as a role model for (targeted ethnic minority) students. 1. The amount of the conditional scholarship or loan repayment awarded an individual shall not exceed the amount of tuition and fees at the institution of higher education attended by the participant or resident undergraduate tuition and fees at the University of Washington per academic year for a full-time student, whichever is lower.

2. If the board selects participants for the program, it shall establish a selection committee (to develop criteria). The criteria shall emphasize factors demonstrating excellence including but not limited to superior scholastic achievement, leadership ability, community contributions, bilingual ability, willingness to commit to providing teaching service in shortage areas, and an ability to act as a role model for (targeted ethnic minority) students. (These criteria also may include, for approximately half of the recipients, requirements that those recipients meet the definition of 'needy student' under RCW 28B.10.802.)

1. Participants in the conditional scholarship program incur an obligation to repay the conditional scholarship, with interest and an equalization fee, unless they teach for two years in an approved education program for each year of scholarship received. The board shall exercise due diligence in such collection, maintaining all necessary records to insure that maximum repayments are made. Collection and servicing of repayments under this section shall be pursued using the full extent of the law, including wage garnishment if necessary. The board is responsible for forgiving all or parts of such repayments under the criteria established in this section and shall maintain all necessary records of forgiven payments.

2. The interest rate shall be (eight percent for the first four years of repayment and ten percent beginning with the fifth year of repayment) determined annually by the board. Participants who fail to complete the teaching service shall incur an equalization fee based on the remaining unforgiven balance of the loan. The equalization fee shall be added to the remaining balance and repaid by the participant.

3. The maximum repayment period shall be set by the board. The maximum period for repayment shall be ten years, with payments of principal and interest accruing quarterly commencing (six months) from the date the participant completes or discontinues the course of study. Provisions for deferral of payment shall be determined by the board.

4. The entire principal and interest of each payment shall be forgiven for each payment period in which the participant teaches in an approved education program until the entire repayment obligation is satisfied. Should the participant cease to teach in an approved education program in this state before the participant's repayment obligation is completed, payments on the unsatisfied portion of the principal and interest shall begin the next payment period and continue until the remainder of the participant's repayment obligation is satisfied.

5. The board is responsible for collection of repayments made under this section and shall exercise due diligence in such collection, maintaining all necessary records to insure that maximum repayments are made. Collection and servicing of repayments under this section shall be pursued using the full extent of the law, including wage garnishment if necessary. The board is responsible for forgiving all or parts of such repayments under the criteria established in this section and shall maintain all necessary records of forgiven payments.

6. Receipts from the payment of principal or interest or any other subsidies to which the board as administrator is entitled, which are paid by or on behalf of participants under this section, shall be deposited in the future teachers conditional scholarship account and shall be used to cover the costs of granting the conditional scholarships, maintaining necessary records, and making collections under subsection (5) of this section. The board shall maintain accurate records of these costs, and all receipts beyond those necessary to pay such costs shall be used to grant conditional scholarships to eligible students.

7. The board shall (temporarily or, in special circumstances, permanently defer the requirements of this section for eligible students as defined in RCW 28B.10.017.)
NEW SECTION. Sec. 8. A new section is added to chapter 28B.102 RCW to read as follows:

(1) Upon documentation of federal student loan indebtedness, the board may enter into agreements with participants to repay all or part of a federal student loan in exchange for teaching service in an approved educational program. The ratio of loan repayment to years of teaching service for the loan repayment program shall be the same as established for the conditional scholarship program.

(2) The agreement shall specify the period of time it is in effect and detail the obligations of the board and the participant, including the amount to be paid to the participant. The agreement may also specify the geographic location and subject matter area of teaching service for which loan repayment will be provided.

(3) At the end of each school year, a participant under this section shall provide evidence to the board that the requisite teaching service has been provided. Upon receipt of the evidence, the board shall pay the participant the agreed-upon amount for one year of full-time teaching service or a prorated amount for less than full-time teaching service. To qualify for additional loan repayments, the participant must be engaged in continuous teaching service as defined by the board.

(4) The board may, at its discretion, arrange to make the loan repayment directly to the holder of the participant's federal student loan.

(5) The board's obligations to a participant under this section shall cease when:
   (a) The terms of the agreement have been fulfilled;
   (b) The participant fails to maintain continuous teaching service as determined by the board; or
   (c) All of the participant's federal student loans have been repaid.

(6) The board shall adopt rules governing loan repayments, including approved leaves of absence from continuous teaching service and other debarments as may be necessary.

NEW SECTION. Sec. 9. A new section is added to chapter 28B.102 RCW to read as follows:

(1) The future teachers conditional scholarship account is created in the custody of the state treasurer. An appropriation is not required for expenditures of funds from the account. The account is not subject to allotment procedures under chapter 43.88 RCW except for moneys used for program administration.

(2) The board shall deposit in the account all moneys received for the program. The account shall be self-sustaining and consist of funds appropriated by the legislature for the future teachers conditional scholarship and loan repayment program, private contributions to the program, and receipts from participant repayments. Beginning July 1, 2004, the board shall also deposit into the account: (a) All funds from the institution of higher education loan account that are traceable to any conditional scholarship program for teachers or prospective teachers established by the legislature before the effective date of this act; and (b) all amounts repaid by individuals under any such program.

(3) Expenditures from the account may be made solely for conditional loans and loan repayments to participants in the program established by this chapter and costs associated with program administration by the board.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 13.50.050 and 2001 c 175 s 1, 2001 c 174 s 1, and 2001 c 49 s 2 are each reenacted and amended to read as follows:

(1) This section governs records relating to the commission of juvenile offenses, including records relating to diversions.

(2) The official juvenile court file of any alleged or proven juvenile offender shall be open to public inspection, unless sealed pursuant to subsection (12) of this section.

(3) All records other than the official juvenile court file are confidential and may be released only as provided in this section, RCW 13.50.010, 13.40.215, and 4.24.550.

(4) Except as otherwise provided in this section and RCW 13.50.010, records retained or produced by any juvenile justice or care agency may be released to other participants in the juvenile justice or care system only when an investigation or
case involving the juvenile in question is being pursued by the other participant or when that other participant is assigned the responsibility for supervising the juvenile.

(5) Except as provided in RCW 4.24.550, information not in an official juvenile court file concerning a juvenile or a juvenile’s family may be released to the public only when that information could not reasonably be expected to identify the juvenile or the juvenile’s family.

(6) Notwithstanding any other provision of this chapter, the release, to the juvenile or his or her attorney, of law enforcement and prosecuting attorneys’ records pertaining to investigation, diversion, and prosecution of juvenile offenses shall be governed by the rules of discovery and other rules of law applicable in adult criminal investigations and prosecutions. Upon the decision to arrest or the arrest, law enforcement and prosecuting attorneys may cooperate with schools in releasing information to a school pertaining to the investigation, diversion, and prosecution of a juvenile attending the school. Upon the decision to arrest or the arrest, incident reports may be released unless releasing the records would jeopardize the investigation or prosecution or endanger witnesses. If release of incident reports would jeopardize the investigation or prosecution or endanger witnesses, law enforcement and prosecuting attorneys may release information to the maximum extent possible to assist schools in protecting other students, staff, and school property.

(7) The juvenile court and the prosecutor may set up and maintain a central record-keeping system which may receive information on all alleged juvenile offenders against whom a complaint has been filed pursuant to RCW 13.40.070 whether or not their cases are currently pending before the court. The central record-keeping system may be computerized. If a complaint has been referred to a diversion unit, the diversion unit shall promptly report to the juvenile court or the prosecuting attorney when the juvenile has agreed to diversion. An offense shall not be reported as criminal history in any central record-keeping system without notification by the diversion unit of the date on which the offender agreed to diversion.

(9) Upon request of the victim of a crime or the victim’s immediate family, the identity of an alleged or proven juvenile offender alleged or found to have committed a crime against the victim and the identity of the alleged or proven juvenile’s parent, guardian, or custodian and the circumstance of the alleged or proven crime shall be released to the victim of the crime or the victim’s immediate family.

(10) Subject to the rules of discovery applicable in adult criminal proceedings, the juvenile offense records of an adult criminal defendant or witness in an adult criminal proceeding shall be released upon request to prosecution and defense counsel after a charge has actually been filed. The juvenile offense records of any adult convicted of a crime and placed under the supervision of the adult corrections system shall be released upon request to the adult corrections system.

(11) In any case in which an information has been filed pursuant to RCW 13.40.100 or a complaint has been filed with the prosecutor and referred for diversion pursuant to RCW 13.40.070, the person the subject of the information or complaint may file a motion with the court to have the court vacate its order and findings, if any, and, subject to subsection (23) of this section, order the sealing of the official juvenile court file, the social file, and records of the court and of any other agency in the case.

(12) The court shall not grant any motion to seal records made pursuant to subsection (11) of this section that is filed on or after July 1, 1997, unless it finds that:
   (a) For class B offenses other than sex offenses, since the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition, the person has spent ((ten)) five consecutive years in the community without committing any offense or crime that subsequently results in conviction. For class C offenses other than sex offenses, since the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition, the person has spent ((five)) two consecutive years in the community without committing any offense or crime that subsequently results in conviction. For gross misdemeanors and misdemeanors, since the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition, the person has spent two consecutive years in the community without committing any offense or crime that subsequently results in conviction (and the person is at least eighteen years old).
   (b) For any adjudication of a juvenile offense or a crime subsequent to sealing has the effect of nullifying the sealing order. Any charging of an adult felony subsequent to sealing has the effect of nullifying the sealing order for the purposes of chapter 9.94A RCW. The administrative office of the courts shall ensure that the superior court judicial information system provides prosecutors access to information on the existence of sealed juvenile records.

   (c) Full restitution has been paid.
   (d) The person has not been convicted of a class A or sex offense; and
   (e) Thereafter, the proceedings in the case shall be treated as if they never occurred, and the subject of the records may reply accordingly to any inquiry about the events, records of which are sealed. Any agency shall reply to any inquiry concerning confidential or sealed records that records are confidential, and no information can be given about the existence or nonexistence of records concerning an individual.

(15) Inspection of the files and records included in the order to seal may thereafter be permitted only by order of the court upon motion made by the person who is the subject of the information or complaint, except as otherwise provided in RCW 13.50.010(8) and subsection (23) of this section.

(16) Any adjudication of a juvenile offense or a crime subsequent to sealing has the effect of nullifying the sealing order. (1) "Underinsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance, or use of which either no bodily injury or property damage liability bond or insurance policy applies at the time of an accident, or with respect to which the sum of the limits of liability under all bodily injury or property damage liability bonds and insurance policies applicable to a covered person after an accident is less than the applicable damages which the covered person is legally entitled to recover.

(2) Except under subsection (9) of this section, no new policy or renewal of an existing policy insuring against loss resulting from liability imposed by law for bodily injury, death, or property damage, suffered by any person arising out of the ownership, maintenance, or use of a motor vehicle shall be issued with respect to any motor vehicle registered or principally garaged in this state unless coverage is provided therein or supplemental thereto for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of underinsured motor vehicles, hit-and-run motor vehicles, and phantom vehicles because of bodily injury, death, or property damage, resulting therefrom, except while operating or occupying a motorcycle or motor-driven cycle, and except while operating or occupying a motor vehicle owned or available for the regular use by the named insured or any family member, and which is not insured under the liability coverage of the policy. (3) Except as to property damage, coverage required under subsection (2) of this section shall be in the same amount as the insured’s third party liability coverage unless the insured rejects all or part of the coverage as provided in subsection (4) of this section. Coverage for property damage need only be issued in conjunction with coverage for bodily injury or death. Property damage coverage required under subsection (2) of this section shall mean physical damage to the insured motor vehicle unless the policy specifically provides coverage for the contents thereof or other forms of property damage. When a named insured or spouse chooses a property damage coverage less than the insured’s third party liability coverage for property damage, a written rejection is not required.

(4) A named insured or spouse may reject, in writing, underinsured coverage for bodily injury or death, or property damage, and the requirements of subsections (2) and (3) of this section shall not apply. If a named insured or spouse has rejected underinsured coverage, such coverage shall not be included in any supplemental or renewal policy unless a named insured or spouse subsequently requests such coverage in writing. The requirement of a written rejection under this subsection shall apply only to the original issuance of policies issued after July 24, 1983, and not to any renewal or replacement policy.

(5) The limit of liability under the policy coverage may be defined as the maximum limits of liability for all damages resulting from any one accident regardless of the number of covered persons, claims made, or vehicles or premiums shown on the policy, or premiums paid, or vehicles involved in an accident.

(6) The policy may provide that if an injured person has other similar insurance available to him under other policies, the total limits of liability of all coverages shall not exceed the higher of the applicable limits of the respective coverages.

(7) (a) The policy may provide for a deductible of not more than three hundred dollars for payment for property damage when the damage is caused by a hit-and-run driver or a phantom vehicle.

(b) In all other cases of underinsured property damage coverage, the policy may provide for a deductible of not more than one hundred dollars.

(8) For the purposes of this chapter, a “phantom vehicle” shall mean a motor vehicle which causes bodily injury, death, or property damage to an insured and has no physical contact with the insured or the vehicle which the insured is occupying at the time of the accident if:

(a) The facts of the accident can be corroborated by competent evidence other than the testimony of the insured or any person having an underinsured motorist claim resulting from the accident; and

(b) The accident has been reported to the appropriate law enforcement agency within seventy-two hours of the accident.

(9) An insurer who elects to write motorcycle or motor-driven cycle insurance in this state must provide information to prospective insureds about the coverage and provide an opportunity for prospective insureds to reject the coverage in writing.

As a condition of probation, the superior court shall require the payment of the penalty assessment required by RCW 7.68.035. The superior court may also require the defendant to make such monetary payments, on such terms as it deems appropriate under the circumstances, as are necessary: (a) To comply with any order of the court for the payment of family support; (b) to make restitution to any person or persons who may have suffered loss or damage by reason of the commission of the crime in question or when the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor’s recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement; (c) to pay such fine as may be imposed and court costs, including reimbursement of the state for costs of extradition if return to this state by extradition was required; (d) following consideration of the financial condition of the person subject to possible electronic monitoring, to pay for the costs of electronic monitoring if that monitoring was required by the court as a condition of release from custody or as a condition of probation; (e) to contribute to a county or interlocal drug fund; and (f) to make restitution to a public agency for the costs of an emergency response under RCW 38.52.430, and may require bonds for the faithful observance of any and all conditions imposed in the probation.

(3) The superior court shall order restitution in all cases where the victim is entitled to benefits under the crime victims’ compensation act, chapter 7.68 RCW. Upon receipt of a petition from the department of labor and industries, the superior court shall hold a restitution hearing and shall enter a restitution order.

(4) In granting probation, the superior court may order the probationer to report to the secretary of corrections or such officer as the secretary may designate and as a condition of the probation to follow the instructions of the secretary. If the county legislative authority has elected to assume responsibility for the supervision of superior court misdemeanor probationers within its jurisdiction, the superior court misdemeanor probationer shall report to a probation officer employed or contracted for by the county. In cases where a superior court misdemeanor probationer is sentenced in one county, but resides within another county, there must be provisions for the probationer to report to the agency having supervision responsibility for the probationer’s county of residence.

(5) If the probationer has been ordered to make restitution and the superior court has ordered supervision, the officer supervising the probationer shall make a reasonable effort to ascertain whether restitution has been made. If the superior court has ordered supervision and restitution and has been made as ordered, the officer shall inform the prosecutor of that violation of the terms of probation not less than three months prior to the termination of the probation period. The secretary of corrections will promulgate rules and regulations for the conduct of the person during the term of probation. For defendants found guilty in district court, like functions as the secretary performs in regard to probation may be performed by probation officers employed for that purpose by the county legislative authority of the county wherein the court is located.

PERSONAL PRIVILEGE

Senator Franklin: “A point of personal privilege. Well, Mr. President and ladies and gentleman of the Senate. This is the day, the day of red hats. Last session was our first red hat day and today will be our second. It’s the day when we have humor and fun with red hats. Let me, Mr. President, just give a short history about red hats. In 1998, a lady in California Fullerton, California, gave her friend a red hat with a poem by the earth, entitled ‘warning’ and that poem was written by Jenny Joseph Ruby at the fair and from that it became an urban myth that it went around and was very acceptable. Today, internationally there are more than five thousand chapters of red hat women. Today, ladies and gentlemen we will put on our red hats. Put on your red hats ladies. We will dedicate today’s red hat to our colleague who was under going treatment for cancer surgery, Senator Jim West who is now the Mayor of Spokane. When he returned if you remember he said he
looked up and wondered what was happening on the Senate floor. Had those red hatters taken over the Senate. Well, we’re ready to take over the Senate and so Mr. President I would like to read Jenny Joseph’s poem. It says:

“When I am an old woman I shall wear purple’ and you will notice the purple. ‘With the red hat which doesn’t go’ and you noticed mine- and a suit that doesn’t fit me and I shall spend my pension on brandy and summer gloves and satin slippers, and say we have no money for butter. I shall sit down on the pavement when I’m tired and gobble samples in shops and press alarm buttons and run my stick along the public railing and make up for the sobriety of my youth. I shall go out in my slippers in the rain and pick the flowers and other people’s gardens and learn to spit. You can wear terrible shirts and grow more fat and eat three pounds of sausage at a go or only bread and pickle for a week and hoard pens and pencils and beer mats and things in boxes. But now we must have clothes that keep us dry and pay our rent and not swear in the streets and set a good example for the children. We must have friends for dinner and read the papers but maybe I ought to practice a little now so people who know me are not to shocked and surprised when suddenly I am old and start to wear purple’. It’s a day of humor and we always need to have humor, Mr. President, ladies and gentlemen of the Senate, with our red hats and purple.”

PERSONAL PRIVILEGE

Senator McCaslin: “A point of personal privilege. Ladies, everyday you are absolutely beautiful and today you’ve added to your beauty. Thank you very much”.

PERSONAL PRIVILEGE

Senator McAuliffe: “Thank you, Mr. President. A point of personal privilege. Thank you Mr. President and members of the Senate. I have today a red hat society pen to bestow on our Senator Rosa Franklin for her leadership in always bringing fun to the Senate and I would like to nominate you as President of the Red Hat Society for the Washington State Senate.”

PERSONAL PRIVILEGE

Senator Deccio: “A point of personal privilege. This place looks like the college of cardinals.”

PERSONAL PRIVILEGE

Senator Kohl-Welles: “A point of personal privilege. Thank you Mr. President. I was not going to wear a red hat, I didn’t want to be too much of a conformists but then last night I went out and bought one. I just had to do it. I’d like to read something as well with the pleasure of the President and the body. Thank you very much, I think you’ll all enjoy this. ‘How women see themselves. Age 8: Looks at herself and sees Cinderella or sleeping beauty. Age 15: Looks at herself and sees Cinderella, sleeping beauty, cheerleader or if she is PMSing sees pimples, ugly. ‘Mom, I can’t go to school looking like this: Age 20: Looks at herself and sees too fat, too thin, too short, too tall, too straight, too curly but decides she’s going out anyway. Age 30 - 40: Looks at herself and sees too fat, too thin, too short, too tall, too straight, too curly but decides she doesn’t have time to fix it so she’s going out anyway. Age 40: Looks at herself and sees, too fat, too thin, too short, too tall, too straight, too curly but it says but says at least I’m clean and goes out anyway. Age 50: Looks at herself and sees, I am, and goes wherever she wants to. Age 60: Looks at herself and reminds herself of all the people who can’t even see themselves in the mirror anymore goes out and conquers the world. Age 70: Looks at herself and sees wisdom, laughter and ability, goes out and enjoys life. Age 80: Doesn’t bother to look, just puts on a red hat and goes out to participate in the world. Age 90: Can’t see and doesn’t worry about it.”

Improving articulation and transfer between institutions of higher education.

The bill was read the second time.

MOTION

Senator Carlson moved that the following committee striking amendment by the Committee on Education be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that community and technical colleges play a vital role for students obtaining baccalaureate degrees. In 2002, more than forty percent of students graduating with a baccalaureate degree had transferred from a community or technical college.

(2) The legislature also finds that demand continues to grow for baccalaureate degrees. Increased demand comes from larger numbers of students seeking access to higher education and greater expectations from employers for the knowledge and skills needed to expand the state’s economy. Community and technical colleges are an essential partner in meeting this demand.

(3) However, the legislature also finds that current policies and procedures do not provide for efficient transfer of courses, credits, or prerequisites for academic majors. Furthermore, the state’s public higher education system must expand its capacity to enroll transfer students in baccalaureate education. The higher education coordinating board must take a leadership role in working with the community and technical colleges and four-year institutions to ensure efficient and seamless transfer across the state.

(4) Therefore, it is the legislature’s intent to build clearer pathways to baccalaureate degrees, improve statewide coordination of transfer and articulation, and ensure long-term capacity in the state’s higher education system for transfer students.

NEW SECTION. Sec. 2. (1) The higher education coordinating board must convene work groups to develop transfer associate degrees that will satisfy lower division requirements at public four-year institutions of higher education for specific academic majors. Work groups must include representatives from the state board for community and technical colleges and the council of presidents, as well as faculty from two and four-year institutions. Work groups may include representatives from independent four-year institutions.

(2) Each transfer associate degree developed under this section must enable a student to complete the lower-division courses or competencies for general education requirements and preparation for the major that a direct-entry student would typically complete in the freshman and sophomore years for that academic major.

(3) Completion of a transfer associate degree does not guarantee a student admission into an institution of higher education or admission into a major, minor, or professional program at an institution of higher education that has competitive admission standards for the program based on grade point average or other performance criteria.

(4) During the 2004-05 academic year, the work groups must develop transfer degrees for elementary education, engineering, and nursing. Each year thereafter, the higher education coordinating board must convene additional groups to identify and develop additional transfer degrees. The board must give priority to majors in high demand by transfer students and majors that the general direct transfer agreement associate degree does not adequately prepare students to enter automatically upon transfer."
Senator Carlson: I would like to see that. You Senator, in child, with child In spite of.

Senator Carlson: I would like to see that. You Senator, in child, with child In spite of that I would to answer the question. Yes, they should do that but part of the problem is, that they don’t always take care in the consideration of the gentlemen, the balding gentlemen who should have their credits given. So hopefully, this bill will help you get what you want.”
Senator McCaslin: “Is that a yes?”

POINT OF ORDER

Senator Kastama: “Mr. President, I don’t know if it’s appropriate at this time but I would like to object to the committee amendment being accepted. I would ask that we not accept the committee striking amendment and the reason for that is that this is a performance audit bill. This has been worked on for approximately four years. It has come through the Government Operations & Elections Committee two times. We worked extensively with the Governor’s Office with other members who are associated with this bill and we have come forward with a good bill that does the following: It does performance audits; creates a citizens oversight board; it also does performance reviews of our state agencies; and, I think very importantly, it has a score card grading procedure that us as legislators can see how a state agency is doing by score card that is developed by the particular group. I also think that the under, or actually the amendment, I would like you not to vote for that because it deals with the priorities of government and not that that’s such a bad thing but the point is priorities of government really is us in the legislature. It’s forty-nine Senators, it’s ninety-eight Representatives deciding what our priorities are here in the legislature. And finally I will just add this that if we go ahead and accept the striking amendment, the bill will not proceed to the Governor’s office, we will not have performance audits in Washington state again and our citizens out there demand that we have this. Let’s do something that is agreed to by the parties that we work through in our Government Operations that will go to the Governor’s desk and will be signed. As opposed to going through the motion again this year so we can tell people that we did vote for performance audits and it won’t go anywhere. That’s why I ask you to not accept the committee striking amendment. Thank you Mr. President.”

MOTION

Senator Honeyford moved that the following amendment to the committee striking amendment by Senator Honeyford be adopted.

On page 4, after line 23 of the amendment, insert the following:

“(4)(a) Beginning in 2005, the state auditor shall conduct a performance audit of the department of labor and industries. The performance audit shall include a financial audit and actuarial review of the state fund, under RCW 51.08.175. The joint legislative audit and review committee shall assist in overseeing the audit of the state fund which shall be conducted by a firm recognized as qualified to perform financial audits and a separate independent actuarial audit. The financial audit and the independent actuarial audit may be performed by separate firms.

(b) To assist in the performance audit and state fund audit, the department of labor and industries shall prepare financial statements on the state fund in accordance with generally accepted accounting principles, including but not limited to the accident fund, the medical aid fund, the pension reserve fund, the supplemental pension fund, and the second injury fund. Statements shall be presented desegregated and in aggregate.

(c) The firm or firms conducting the reviews shall be familiar with the accounting standards applicable to the accounts under review, shall have experience in workers’ compensation reserving and rate making in Washington state, and shall employ staff who have attained fellowship in the casualty actuarial society and shall maintain professionally recognized standards of limits for errors and omission insurance.

(d) The state auditor shall determine the scope of the financial audit which shall include, but is not limited to, an opinion on whether the financial statements were prepared in accordance with generally accepted accounting principles.

(e) The state auditor shall determine the scope of the actuarial audit, which shall include, but is not limited to:

(i) An independent estimate of the claim reserves;
(ii) An evaluation of the effect of discounting using various investment yields on reported reserve levels;
(iii) A retrospective test of the accuracy of labor and industries reserve estimates over at least a fifteen-year period;
(iv) An assessment of the actuarial calculations underlying the break-even indicated rate level;
(v) A retrospective test of the accuracy of past rate level indications over at least a ten-year period;
(vi) An assessment of the actuarial reserving calculations; and
(vii) An assessment of the financial impact of the rate level on the actuarial soundness of the industrial insurance fund, taking into consideration the risks inherent with insurance and the fact that competition does not mitigate rate setting.

labor and industries shall notify the legislative auditor in writing of the measures taken and proposed to be taken, if any, to respond to the recommendations of the audit report.”

POINT OF ORDER

Senator Keiser: “Mr. President, I object. The amendment offered by Senator Honeyford is beyond the scope and object of the bill. The bill creates a priorities of government processed, performance audits and, of state agencies by the state auditor. Section two of the bill sets forward the privro criteria of the govern assessment of agency programs and subsequent performance audits. These criteria include: education, health care and economic vitality. And each agency program can be assessed in the light of those priorities. This amendment introduces an entirely new kind of evaluation that has nothing to do with priorities of government or performance audits. Even though the amendment includes the word ‘performance audit’ it actually includes an actuarial review by independent actuaries. It specifies - it specifically contemplates that the state auditor is not qualified to perform an actuarial audit and requires the use of outside companies to perform it. Here is how it differs from a performance audit required in the bill. An actuarial review is not a performance audit and the amendment recognizes that. Second, there is no priority of government process at all as the amendment has nothing to do with the bill criteria of education, health and safety. Third, it requires a fifteen year review of the accuracy of Labor and Industries reserve estimate. A prospect not even remotely connected to a performance review or a priority government standard. Finally, it requires independent funding source the state fund - showing that the audit required by this amendment falls far outside the scope of audits contemplated in this bill. So I ask that this amendment be rejected as outside the scope and object of the bill.”

POINT OF ORDER

Senator Roach: “Yes, I wish to concur with the previous speaker. I think that in fact this particular amendment has another place to go.

Nothing in this subsection shall preclude an insurer from offering, or a small employer from purchasing, other health benefit plans that may have more or less comprehensive benefits than the basic health plan, provided such plans are in accordance with this chapter. An insurer offering a health benefit plan that does not include benefits in the basic health plan shall clearly disclose these differences to the small employer in a brochure approved by the commissioner.

For group health benefit plans, the following shall apply:

(1) All health carriers shall accept for enrollment any state resident within the group to whom the plan is offered and within the carrier’s service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The insurance commissioner may grant a temporary exemption from this subsection if, upon application by a health carrier the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

(2) Except as provided in subsection (5) of this section, all health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is “renewed” when it is continued beyond the earliest date upon which, at the carrier’s sole option, the plan could have been terminated for other than nonpayment of premium. The carrier may consider the group’s anniversary date as the renewal date for purposes of complying with the provisions of this section.

(3) The guarantee of continuity of coverage required in health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:

(a) Nonpayment of premium;

(b) Violation of published policies of the carrier approved by the insurance commissioner;

(c) Covered persons entitled to become eligible for medicare benefits for reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;

(d) Covered persons who fail to pay any deductible or copayment amount owed to the carrier and not the provider of health care services;

(e) Covered persons committing fraudulent acts as to the carrier;

(f) Covered persons who materially breach the health plan; or

(g) Change or implementation of federal or state laws that no longer permit the continued offering of such coverage.

(4) The provisions of this section do not apply in the following cases:

(a) A carrier has zero enrollment ((100)) in a product; ((100))
A carrier replaces a product and the replacement product is provided to all covered persons within that class or line of business; includes all of the services covered under the replaced product, and does not significantly limit access to the kind of services covered under the replaced product. The health plan may also allow unrestricted conversion to a fully comparable product; (sec. 4)

(c) A carrier discontinues offering a particular type of health benefit plan offered to groups of up to two hundred if:

(i) The carrier provides notice to each covered group provided coverage of this type of the discontinuation at least ninety days prior to the date of the discontinuation; (ii) the carrier offers to each group provided coverage of this type the option to enroll in any other plan currently being offered by the carrier in the applicable group market; and (iii) in exercising the option to discontinue coverage of this type and in offering the option of coverage under (c)(ii) of this subsection, the carrier acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for this coverage;

(d) A carrier discontinues offering all health coverage to groups of up to two hundred in the state and discontinues coverage under all existing group health benefit plans in the large or small group market involved if: (i) The carrier provides notice to the commissioner of its intent to discontinue offering all such coverage in the state and its intent to discontinue coverage under all such existing health benefit plans at least one hundred eighty days prior to the date of the discontinuation of coverage under all such existing health benefit plans; and (ii) the carrier provides notice to each covered group of the intent to discontinue the existing health benefit plan at least one hundred eighty days prior to the date of discontinuation. In the case of discontinuation under this subsection, the carrier may not issue any group health coverage in this state in the group market involved for a five-year period beginning on the date of the discontinuation of the last health benefit plan not so renewed. This subsection (4) does not require a carrier to provide notice to the commissioner of its intent to discontinue offering a health benefit plan to new applicants when the carrier does not discontinue coverage of existing enrollees under that health benefit plan; or

(e) A carrier is withdrawing from a service area or from a segment of its service area because the carrier has demonstrated to the insurance commissioner that the carrier’s clinical, financial, or administrative capacity to serve enrollees would be exceeded.

(5) The provisions of this section do not apply to health plans deemed by the insurance commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the insurance commissioner.

(6) Notwithstanding any other provision of this section, the guarantee of continuity of coverage applies to a group of one only if:

(a) The carrier offering the particular plan in which the group of one was enrolled on the day prior to the effective date of this act continues to offer small group plans; and (b) the person continues to qualify as a group of one under the criteria in place on the day prior to the effective date of this act.

Sec. 5. RCW 48.44.023 and 1995 c 265 s 16 are each amended to read as follows:

(1)(a) A health care service contractor offering any health benefit plan to a small employer shall offer and actively market to the small employer a health benefit plan providing benefits identical to the schedule of covered health services that are required to be delivered to an individual enrolled in the basic health plan. Nothing in this subsection shall preclude a contractor from offering, or a small employer from purchasing, other health benefit plans that may have more or less comprehensive benefits than the basic health plan, provided such plans are in accordance with this chapter. A contractor offering a health benefit plan that does not include benefits in the basic health plan shall clearly disclose these differences to the small employer in a brochure approved by the commissioner.

(2) A health care service contractor offering the plan under subsection (1) of this section must also offer and actively market to the small employer at least one additional health benefit plan.

(3) Nothing in this section shall prohibit a health care service contractor from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the ((basic health plan services)) health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

and actively market to the small employer no more than one health benefit plan including a limited schedule of covered health care services.

(a) The plan offered under this subsection may be offered with a choice of cost-sharing arrangements, and may, but is not required to comply with: RCW 48.46.250, 48.46.272 through 48.46.290, 48.46.320, 48.46.350, 48.46.375, 48.46.440 through 48.46.460, 48.46.480, 48.46.490, 48.46.510, 48.46.520, 48.46.530, 48.46.565, 48.46.570, 48.46.575, 48.43.045(1) except as required in (b) of this subsection, 48.43.093, 48.43.115 through 48.43.185, or 48.42.100.

(b) In offering the plan under this subsection, the health maintenance organization must offer the small employer the option of permitting every category of health care provider to provide health services or care for conditions covered by the plan pursuant to RCW 48.43.045(1).

(2) A health maintenance organization offering the plan under subsection (1) of this section must also offer and actively market to the small employer at least one additional health benefit plan.

(3) Nothing in this section shall prohibit a health maintenance organization from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the (basic health plan services) health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

((4)) (4) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The health maintenance organization shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;

(ii) Family size;

(iii) Age; and

(iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The health maintenance organization shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (((4)) (4)).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs (not to exceed twenty percent).

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the enrollment of the small employer;

(iii) Changes to the health benefit plan requested by the small employer; or

(iv) Changes in government requirements affecting the health benefit plan.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered to be a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage.

((4)) (4) The health benefit plans authorized by this section that are lower than the required offering shall not supplant or supersede any existing policy for the benefit of employees in this state.) However, adjustments for each small group health benefit plan may vary by up to plus or minus ten percentage points from the overall adjustment of the carrier’s entire small group pool upon a showing by the carrier, certified by a member of the American academy of actuaries, that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier’s small group pool. Variations of greater than ten percentage points from the overall adjustment of the carrier’s entire small group pool must be approved by the commissioner.

((5)) (5) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

((6)) (6)(a) Except as provided in this subsection, requirements used by a health maintenance organization in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(i) One hundred percent of eligible employees working for groups with three or less employees; and

(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A health maintenance organization may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.
Health maintenance organizations may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A health maintenance organization may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

Sec. 7. RCW 48.21.143 and 1997 c 276 s 3 are each amended to read as follows:
The legislature finds that diabetes imposes a significant health risk and tremendous financial burden on the citizens and government of the state of Washington, and that access to the medically accepted standards of care for diabetes, its treatment and supplies, and self-management training and education is crucial to prevent or delay the short and long-term complications of diabetes and its attendant costs.

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.
(a) "Person with diabetes" means a person diagnosed by a health care provider as having diabetes, noninsulin using diabetes, or elevated blood glucose levels induced by pregnancy; and
(b) "Health care provider" means a health care provider as defined in RCW 48.43.005.
(2) All group disability insurance contracts and blanket disability insurance contracts providing health care services, issued or renewed after January 1, 1998, shall provide benefits for at least the following services and supplies for persons with diabetes:
(a) For group disability insurance contracts and blanket disability insurance contracts that include coverage for pharmacy services, appropriate and medically necessary equipment and supplies, as prescribed by a health care provider, that includes but is not limited to insulin, syringes, injection aids, blood glucose monitors, test strips for blood glucose monitors, visual reading and urine test strips, insulin pumps and accessories to the pumps, insulin infusion devices, prescriptive oral agents for controlling blood sugar levels, foot care appliances for prevention of complications associated with diabetes, and glucagon emergency kits; and
(b) For all group disability insurance contracts and blanket disability insurance contracts providing health care services, outpatient self-management training and education, including medical nutrition therapy, as ordered by the health care provider. Diabetes outpatient self-management training and education may be provided only by health care providers with expertise in diabetes. Nothing in this section prevents the insurer from restricting patients to seeing only health care providers who have signed participating provider agreements with the insurer or an insuring entity under contract with the insurer.
(3) Coverage required under this section may be subject to customary cost-sharing provisions established for all other similar services or supplies within a policy.
(4) Health care coverage may not be reduced or eliminated due to this section.
(5) Services required under this section shall be covered when deemed medically necessary by the medical director, or his or her designee, subject to any referral and formulary requirements.
(6) The insurer need not include the coverage required in this section in a group contract offered to an employer or other group that offers to its eligible enrollees a self-insured health plan not subject to mandated benefits status under this title that does not offer coverage similar to that mandated under this section.
(7) This section does not apply to the health benefit plan that provides benefits identical to the schedule of services covered by the basic health plan (as required by RCW 48.21.045).

Sec. 8. RCW 48.21.250 and 1984 c 190 s 2 are each amended to read as follows:
Every insurer that issues policies providing group coverage for hospital or medical expense shall offer the policyholder an option to include a policy provision granting a person who becomes ineligible for coverage under the group policy, the right to continue the group benefits for a period of time and at a rate agreed upon.
(1) Except as provided in subsection (4) of this section, all individual health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is "renewed" when it is continued beyond the earliest date upon which, at the carrier’s sole option, the plan could have been terminated for other than nonpayment of premium.
(2) The guarantee of continuity of coverage required in individual health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:
(a) Nonpayment of premium;
(b) Violation of published policies of the carrier approved by the commissioner;
(c) Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;
(d) Covered persons who fail to pay any deductible or copayment amount owed to the carrier and not the provider of health care services;
(e) Covered persons committing fraudulent acts as to the carrier;
(f) Covered persons who materially breach the health plan; or
(g) Change or implementation of federal or state laws that no longer permit the continued offering of such coverage.
(3) This section does not apply in the following cases:
(a) A carrier has zero enrollment on a product;
(b) A carrier is withdrawing from a service area or from a segment of its service area because the carrier has demonstrated to the commissioner that the carrier’s clinical, financial, or administrative capacity to serve enrollees would be exceeded;
(c) No sooner than the first day of the month following the expiration of a one hundred eighty-day period beginning on March 23, 2000, a carrier discontinues offering a particular type of health benefit plan offered in the individual market, including conversion contracts, if: (i) The carrier provides notice to each covered individual provided coverage of this type of such discontinuation at least ninety days prior to the date of the discontinuation; (ii) the carrier offers to each individual provided coverage of this type the option, without being subject to the standard health questionnaire, to enroll in any other individual health benefit plan currently being offered by the carrier; and (iii) in exercising the option to discontinue coverage.
of this type and in offering the option of coverage under (c)(ii) of this subsection, the carrier acts uniformly without regard to any health status of any covered individuals who may become eligible for such coverage; or

(d) A carrier discontinues offering all individual health coverage in the state and discontinues coverage under all existing individual health benefit plans if: (i) the carrier provides notice to the commissioner of its intent to discontinue offering all individual health coverage in the state and its intent to discontinue coverage under all existing health benefit plans at least one hundred eighty days prior to the date of the discontinuation of coverage under all existing health benefit plans; and (ii) the carrier provides notice to each covered individual of the intent to discontinue his or her existing health benefit plan at least one hundred eighty days prior to the date of such discontinuation. In the case of discontinuation under this subsection, the carrier may not issue any individual health coverage in this state for a five-year period beginning on the date of the discontinuation of the last health plan not so renewed. Nothing in this subsection (3) shall be construed to require a carrier to provide notice to the commissioner of its intent to discontinue offering a health benefit plan to new applicants where the carrier does not discontinue coverage of existing enrollees under that health benefit plan.

(4) The provisions of this section do not apply to health plans deemed by the commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the commissioner.

MOTION

Senator Swecker moved that the following amendment by Senators Swecker be adopted:
On page 8, after line 34, insert the following:
"Sec. 2. RCW 36.70A.030 and 1997 c 429 s 3 are each amended to read as follows:
(Unless the context clearly requires otherwise.) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.
(1) "Adopt a comprehensive land use plan" means to enact a new comprehensive land use plan or to update an existing comprehensive land use plan.
(2) "Agricultural land" means land primarily devoted to the commercial production of horticultural, viticultural, floricultural, dairy, apiary, vegetable, or animal products or of berries, grain, hay, straw, turf, seed, Christmas trees not
subject to the excise tax imposed by RCW 84.33.100 through 84.33.140, finfish in upland hatcheries, or livestock, and that has long-term commercial significance for agricultural production. 

(3) "City" means any city or town, including a code city. 

(4) "Comprehensive land use plan," "comprehensive plan," or "plan" means a generalized coordinated land use policy statement of the governing body of a county or city that is adopted pursuant to this chapter. 

(5) "Critical areas" include the following areas and ecosystems: (a) Wetlands; (b) areas with a critical recharging effect on aquifers used for potable water; (c) fish and wildlife habitat conservation areas; (d) frequently flooded areas; and (e) geologically hazardous areas. 

(6) "Department" means the department of community, trade, and economic development. 

(7) "Development regulations" or "regulation" means the controls placed on development or land use activities by a county or city, including, but not limited to, zoning ordinances, critical areas ordinances, shoreline master programs, official controls, planned unit development ordinances, subdivision ordinances, and binding site plan ordinances together with any amendments thereto. A development regulation does not include a decision to approve a project permit application, as defined in RCW 36.70B.020, even though the decision may be expressed in a resolution or ordinance of the legislative body of the county or city. 

(8) "Forest land" means land primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, including Christmas trees subject to the excise tax imposed under RCW 84.33.100 through 84.33.140, and that has long-term commercial significance. In determining whether forest land is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and public services conducive to conversion of forest land to other uses. 

(9) "Geologically hazardous areas" means areas that because of their susceptibility to erosion, sliding, earthquake, or other geological events, are not suited to the siting of commercial, residential, or industrial development consistent with public health or safety concerns. 

(10) "Long-term commercial significance" (includes) is based on the nature and needs of the agriculture industry in the county. Factors to be considered include: (a) Historic and projected crops and products; (b) the current and projected needs of the agriculture industry to ensure long-term viability; and (c) the growing capacity, productivity, and soil composition of the land for long-term commercial production, in consideration with the land's proximity to population areas, and the possibility of more intensive uses of the land. 

(11) "Minerals" include gravel, sand, and valuable metallic substances. 

(12) "Public facilities" include streets, roads, highways, sidewalks, street and road lighting systems, traffic signals, domestic water systems, storm and sanitary sewer systems, parks and recreational facilities, and schools. 

(13) "Public services" include fire protection and suppression, law enforcement, public health, education, recreation, environmental protection, and other governmental services. 

(14) "Rural character" refers to the patterns of land use and development established by a county in the rural element of its comprehensive plan: 

(a) In which open space, the natural landscape, and vegetation predominate over the built environment; 

(b) That foster traditional rural lifestyles, rural-based economies, and opportunities to both live and work in rural areas; 

(c) That provide visual landscapes that are traditionally found in rural areas and communities; 

(d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat; 

(e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development; 

(f) That generally do not require the extension of urban governmental services; and 

(g) That are consistent with the protection of natural surface water flows and ground water and surface water recharge and discharge areas. 

(15) "Rural development" refers to development outside the urban growth area and outside agricultural, forest, and mineral resource lands designated pursuant to RCW 36.70A.170. Rural development can consist of a variety of uses and residential densities, including clustered residential development, at levels that are consistent with the preservation of rural character and the requirements of the rural element. Rural development does not refer to agriculture or forestry activities that may be conducted in rural areas. 

(16) "Rural governmental services" or "rural services" include those public services and public facilities historically and typically delivered at an intensity usually found in rural areas, and may include domestic water systems, fire and police protection services, transportation and public transit services, and other public utilities associated with rural development and normally not associated with urban areas. Rural services do not include storm or sanitary sewers, except as otherwise authorized by RCW 36.70A.110(4). 

(17) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth. 

(18) "Urban growth areas" means those areas designated by a county pursuant to RCW 36.70A.110. 

(19) "Urban governmental services" or "urban services" include those public services and public facilities at an intensity historically and typically provided in cities, specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with rural areas.
(20) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands.

Senator Swecker spoke in favor of the amendment.

POINT OF ORDER

Senator Kline: “A point of order. Mr. President, I request a ruling from the President as to the scope and object of amendment #771 and whether it fits into the scope and object of Engrossed Substitute House Bill No. 2905. Mr. President, Engrossed Substitute House Bill No. 2905 makes some clarifications and some changes to one category of what we’re calling a lamird it’s a very awkward acronym for Local Area of More Intensive Rural Development; but amendment #771 has nothing to do.

REPLY BY THE PRESIDENT

President Owen: “Senator, the amendment is 775. Is that the amendment that you wish to raise a point of order?”

POINT OF ORDER

Senator Kline: “Yes, I believe it is Mr. President. 775 which refers at page two, line 27 a definition to a long term commercial significance of agricultural land that maybe effected by various GMA changes, which I believe is very far outside the scope of Engrossed Substitute House Bill No. 2905.”

POINT OF PARLIAMENTARY INQUIRY

Senator Jacobsen: “A point of Parliamentary inquiry. I’m curious, under Rule 224 where it’s not permissible to allude to the actions of the other house of the legislature or to refer to a debate there. Such conduct might lead to misunderstanding ill-will between the two bodies which much cooperate in order to properly serve the body. So also, the actions of the other body should not be referred to to influence the body the members addressing. ’If a member persists in doing that, what action is taken?’”

REPLY BY THE PRESIDENT

President Owen: “Senator Jacobsen, I think I’m going to answer that by just saying it’s at the discretion of the President what action would be taken.”

MOTION

On motion of Senator Eide, Senator Fraser was excused.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2556, by House Committee on Criminal Justice & Corrections (originally sponsored by Representatives O’Brien, Kagi, Carrell, Upthegrove, Miloscia, Lovick and Moeller)

Studying criminal background check processes.

The bill was read the second time.

MOTION

Senator Brandland moved that the following committee striking amendment by the Committee on Children & Family Services be adopted:

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. The legislature finds that criminal history record information background checks for employment purposes are rapidly increasing in Washington state. While the demand for criminal history record information background checks is growing, the existing criminal history record information background check data transmission infrastructure and processes are not adequate to keep pace with the growing demand. Furthermore, employers are concerned with the current system’s ability to quickly secure results. Without adequate data transmission infrastructure and processes to encourage efficient criminal history record information background checks and to receive results quickly, a public safety risk is created. This is especially true when new or prospective employees will be working with children.

The legislature has learned that some states have recently developed comprehensive criminal history record information background check programs. These programs focus on making criminal history record information background checks easily accessible to employers and prospective employees and have eliminated long response times.

NEW SECTION. Sec. 2. (1) A joint task force on criminal background check processes is established. The joint task force shall consist of the following members:

(a) One member from each of the two largest caucuses of the senate, appointed by the president of the senate;
(b) One member from each of the two largest caucuses of the house of representatives, appointed by the speaker of the house of representatives;
(c) The chief of the Washington state patrol, or the chief’s designee;
(d) The secretary of the department of social and health services, or the secretary’s designee;

"Total carbon dioxide emissions" means:

(a) For a fossil-fueled thermal electric generation facility described under section 2(1) (a) and (b) of this act, the amount of carbon dioxide emitted over a thirty-year period based on the manufacturer’s or designer’s guaranteed total net station generating capability, new equipment heat rate, an assumed sixty percent capacity factor for facilities under the council’s jurisdiction or sixty percent of the operational limitations on facilities subject to an order of approval, and taking into account any enforceable limitations on operational hours or fuel types and use; and

(b) For a fossil-fueled thermal electric generation facility described under section 2(1) (c) and (d) of this act, the amount of carbon dioxide emitted over a thirty-year period based on the proposed increase in the amount of electrical output of the facility that exceeds the station generating capability of the facility prior to the applicant applying for certification or an order of approval pursuant to section 2(1) (c) and (d) of this act, new equipment heat rate, an assumed sixty percent capacity factor for facilities under the council’s jurisdiction or sixty percent of the operational limitations on facilities subject to an order of approval, and taking into account any enforceable limitations on operational hours or fuel types and use.

NEW SECTION. Sec. 2. (1) The provisions of this chapter apply to:

(a) New fossil-fueled thermal electric generation facilities with station-generating capability of three hundred fifty thousand kilowatts or more and fossil-fueled floating thermal electric generation facilities of one hundred thousand kilowatts or more under RCW 80.50.020(14)(a), for which an application for site certification is made to the council after July 1, 2004;

(b) New fossil-fueled thermal electric generation facilities with station-generating capability of more than twenty-five thousand kilowatts, but less than three hundred fifty thousand kilowatts, except for fossil-fueled floating thermal electric generation facilities under the council’s jurisdiction, for which an application for an order of approval has been submitted after July 1, 2004;

(c) Fossil-fueled thermal electric generation facilities with station-generating capability of three hundred fifty thousand kilowatts or more that have an existing site certification agreement and, after July 1, 2004, apply to the council to increase the output of carbon dioxide emissions by fifteen percent or more through permanent changes in facility operations or modification or equipment; and

(d) Fossil-fueled thermal electric generation facilities with station-generating capability of more than twenty-five thousand kilowatts, but less than three hundred fifty thousand kilowatts, except for fossil-fueled floating thermal electric generation facilities under the council’s jurisdiction, that have an existing order of approval and, after July 1, 2004, apply to the department or authority, as appropriate, to permanently modify the facility so as to increase its station-generating capability by at least twenty-five thousand kilowatts or to increase the output of carbon dioxide emissions by fifteen percent or more, whichever measure is greater.

(2)(a) A proposed site certification agreement submitted to the governor under RCW 80.50.100 and a final site certification agreement issued under RCW 80.50.100 shall include an approved carbon dioxide mitigation plan.

(b) For fossil-fueled thermal electric generation facilities not under jurisdiction of the council, the order of approval shall require an approved carbon dioxide mitigation plan.

(c) Site certification agreement holders or order of approval holders may request, at any time, a change in conditions of an approved carbon dioxide mitigation plan if the council, department, or authority, as appropriate, finds that the change meets all requirements and conditions for approval of such plans.

(3) An applicant for a fossil-fueled thermal electric generation facility shall include one or a combination of the following carbon dioxide mitigation options as part of its mitigation plan:

(a) Payment to a third party to provide mitigation;

(b) Direct purchase of permanent carbon credits; or

(c) Investment in applicant-controlled carbon dioxide mitigation projects, including combined heat and power (cogeneration).

(4) Fossil-fueled thermal electric generation facilities that receive site certification approval or an order of approval shall provide mitigation for twenty percent of the total carbon dioxide emissions produced by the facility.

(5) If the certificate holder or order of approval holder chooses to pay a third party to provide the mitigation, the mitigation rate shall be one dollar and sixty cents per metric ton of carbon dioxide to be mitigated. For a cogeneration plant, the monetary amount is based on the difference between twenty percent of the total carbon dioxide emissions and the cogeneration credit.

(6) The applicant may choose to make to the third party a lump sum payment or partial payment over a period of five years.

(a) Under the lump sum payment option, the payment amount is determined by multiplying the total carbon dioxide emissions by the twenty percent mitigation requirement under subsection (4) of this section and by the per ton mitigation rate established under subsection (5) of this section.

(b) No later than one hundred twenty days after the start of commercial operation, the certificate holder or order of approval holder shall make a one-time payment to the independent qualified organization for the amount determined under subsection (5) of this section.

(c) As an alternative to a one-time payment, the certificate holder or order of approval holder may make a partial payment of twenty percent of the amount determined under subsection (5) of this section no later than one hundred twenty days after commercial operation and a payment in the same amount or as adjusted according to subsection (5)(a) of this section, on the anniversary date of the initial payment in each of the following four years. With the initial payment, the certificate holder or order of approval holder shall provide a letter of credit or other comparable security acceptable to the
council or the department for the remaining eighty percent mitigation payment amount including possible changes to the rate per metric ton from rule making under subsection (5)(a) of this section.

NEW SECTION. Sec. 3. (1) Carbon dioxide mitigation plans relying on purchase of permanent carbon credits must meet the following criteria:
(a) Credits must derive from real, verified, permanent, and enforceable carbon dioxide or carbon dioxide equivalents emission mitigation not otherwise required by statute, regulation, or other legal requirements;
(b) The credits must be acquired after July 1, 2004; and
(c) The credits may not have been used for other carbon dioxide mitigation projects.

NEW SECTION. Sec. 4. (1) The carbon dioxide mitigation option that provides for direct investment shall be implemented through mitigation projects conducted directly by, or under the control of, the certificate holder or order of approval holder.
(2) Mitigation projects must be approved by the council, department, or authority, as appropriate, and made a condition of the proposed and final site certification agreement or order of approval. Direct investment mitigation projects shall be approved if the mitigation projects provide a reasonable certainty that the performance requirements of the mitigation projects will be achieved and the mitigation projects were implemented after July 1, 2004. No certificate holder or order of approval holder shall be required to make direct investments that would exceed the cost of making a lump sum payment to a third party, had the certificate holder or order of approval holder chosen that option under section 2 of this act.
(3) Mitigation projects must be fully in place within a reasonable time after the start of commercial operation. Failure to implement an approved mitigation plan is subject to enforcement under chapter 80.50 or 70.94 RCW.
(4) The certificate holder or order of approval holder may not use more than twenty percent of the total funds for the selection, contracting, and evaluating of mitigation projects and enforcement of contracts.
(5)(a) For facilities under the jurisdiction of the council, the implementation of a carbon dioxide mitigation project, other than purchase of a carbon credit shall be monitored by an independent entity for conformance with the performance requirements of the carbon dioxide mitigation plan. The independent entity shall make available the mitigation project monitoring results to the council.
(b) For facilities under the jurisdiction of the department or authority pursuant to section 2(1) (b) or (c) of this act, the implementation of a carbon dioxide mitigation project, other than purchase of carbon dioxide equivalent emission reduction credits, shall be monitored by the department or authority issuing the order of approval.
(6) Upon promulgation of federal requirements for carbon dioxide mitigation for fossil-fueled thermal electric generation facilities, those requirements may be deemed by the council, department, or authority to be equivalent and a replacement for the requirements of this section.

NEW SECTION. Sec. 5. (1) The council shall maintain a list of independent qualified organizations with proven experience in emissions mitigation activities and a demonstrated ability to carry out their activities in an efficient, reliable, and cost-effective manner.
(2) An independent qualified organization shall not use more than twenty percent of the total funds for selection, monitoring, and evaluation of mitigation projects and the management and enforcement of contracts. None of these funds shall be used to lobby federal, state, and local agencies, their elected officials, officers, or employees.
(3) Before signing contracts to purchase offsets with funds from certificate holders or order of approval holders, an independent qualified organization must demonstrate to the council that the mitigation projects it proposes to use provides a reasonable certainty that the performance requirements of the carbon dioxide mitigation projects will be achieved.
(4) The independent qualified organization shall permit the council to appoint up to three persons to inspect plans, operation, and compliance of the organization and to audit financial records and performance measures for carbon dioxide mitigation projects using carbon dioxide mitigation money paid by certificate holders or order of approval holders under this chapter.
(5) An independent qualified organization must file biennial reports with the council, the department, or authority on the performance of carbon dioxide mitigation projects, including the amount of carbon dioxide reductions achieved and a statement of cost for the mitigation period.

NEW SECTION. Sec. 6. Reasonable and necessary costs incurred by the council in implementing and administering this chapter shall be assessed against applicants and holders of site certification agreements that are subject to the requirements of this chapter.

NEW SECTION. Sec. 7. The council, department, and authority shall adopt rules to carry out this chapter.

NEW SECTION. Sec. 8. A new section is added to chapter 70.94 RCW to read as follows:

(2) For mitigation projects conducted directly by or under the control of the applicant, the department or local air authority shall approve or deny the mitigation plans, as part of its action to approve or deny an application submitted under RCW 70.94.152 based upon whether or not the mitigation plan is consistent with the requirements of chapter 80.-- RCW (sections 1 through 7 of this act).
(3) The department or authority may determine, assess, and collect fees sufficient to cover the costs to review and approve or deny the carbon dioxide mitigation plan components of an order of approval issued under RCW 70.94.152. The department or authority may also collect fees sufficient to cover its additional costs to monitor conformance with the carbon dioxide mitigation plan components of the registration and air operating permit programs authorized in RCW 70.94.151 and 70.94.161. The department or authority shall track its costs related to review, approval, and monitoring conformance with carbon dioxide mitigation plans.

MOTION

Senator Esser moved that the following committee striking amendment by the committee on Financial Services, Insurance & Housing be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. I. The legislature finds and declares that:

(1) Domestic violence, sexual assault, and stalking are widespread societal problems that have devastating effects for individual victims, their children, and their communities. Victims of violence may be forced to remain in unsafe situations because they are bound by residential lease agreements. The legislature finds that the inability of victims to terminate their rental agreements hinders or prevents victims from being able to safely flee domestic violence, sexual assault, or stalking. The legislature further finds that victims of these crimes who do not have access to safe housing are more likely to remain in or return to abusive or dangerous situations. Also, the legislature finds that victims of these crimes are further victimized
when they are unable to obtain or retain rental housing due to their history as a victim of these crimes. The legislature further finds that evidence that a prospective tenant has been a victim of domestic violence, sexual assault, or stalking is not relevant to the decision whether to rent to that prospective tenant.

(2) By this act, the legislature intends to increase safety for victims of domestic violence, sexual assault, and stalking by removing barriers to safety and offering protection against discrimination.

NEW SECTION.  Sec. II. A new section is added to chapter 59.18 RCW to read as follows:

The definitions in this section apply throughout this section and sections 3 through 5 of this act unless the context clearly requires otherwise.

(1) "Domestic violence" has the same meaning as set forth in RCW 26.50.010.
(2) "Sexual assault" has the same meaning as set forth in RCW 70.125.030.
(3) "Stalking" has the same meaning as set forth in RCW 9A.46.110.
(4) "Qualified third party" means any of the following people acting in their official capacity:
   (a) Law enforcement officers;
   (b) Persons subject to the provisions of chapter 18.120 RCW;
   (c) Employees of a court of the state;
   (d) Licensed mental health professionals or other licensed counselors;
   (e) Employees of crime victim/witness programs as defined in RCW 7.69.020 who are trained advocates for the program; and
   (f) Members of the clergy as defined in RCW 26.44.020.
(5) "Household member" means a child or adult residing with the tenant other than the perpetrator of domestic violence, stalking, or sexual assault.
(6) "Tenant screening service provider" means any nongovernmental agency that provides, for a fee, background information on prospective tenants to landlords.

   (i) The tenant or the household member has a valid order for protection under one or more of the following:
      Chapter 26.50 or 26.26 RCW or RCW 9A.46.040, 9A.46.050, 10.14.080, 10.99.040 (2) or (3), or 26.09.050; or
   (ii) The tenant or the household member has reported the domestic violence, sexual assault, or stalking to a qualified third party acting in his or her official capacity and the qualified third party has provided the tenant or the household member a written record of the report signed by the qualified third party.
(b) When a copy of a valid order for protection or a written record of a report signed by a qualified third party, as required under (a) of this subsection, is made available to the landlord, the tenant may terminate the rental agreement and quit the premises without further obligation under the rental agreement or under chapter 59.12 RCW. However, the request to terminate the rental agreement must occur within ninety days of the reported act, event, or circumstance that gave rise to the protective order or report to a qualified third party. A record of the report to a qualified third party that is provided to the tenant or household member shall consist of a document signed and dated by the qualified third party stating: (i) That the tenant or the household member notified him or her that he or she was a victim of an act or acts that constitute a crime of domestic violence, sexual assault, or stalking; (ii) the time and date the act or acts occurred; (iii) the location where the act or acts occurred; (iv) a brief description of the act or acts of domestic violence, sexual assault, or stalking; and (v) that the tenant or household member informed him or her of the name of the alleged perpetrator of the act or acts. (2) A landlord who refuses to enter into a rental agreement in violation of this section may be liable to the tenant or applicant in a civil action for damages sustained by the tenant or applicant. The prevailing party may also recover court costs and reasonable attorneys’ fees.

(3) It is a defense to an unlawful detainer action under chapter 59.12 RCW that the action to remove the tenant and recover possession of the premises is in violation of subsection (1) of this section.

Once objective alternative assessments are authorized pursuant to subsection (11) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has retaken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement with an alternate assessment designation.

(4) Beginning with the graduating class of 2010, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of section 104 of this act.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) Beginning with the graduating class of 2006, the highest scale score and level achieved in each content area on the high school Washington assessment of student learning shall be displayed on a student’s transcript. In addition, beginning with the graduating class of 2008, each student shall receive a scholar’s designation on his or her transcript for each content area in which the student achieves level four the first time the student takes that content area assessment.

(8) Beginning in 2006, school districts must make available to students the following options:

(a) To retake the Washington assessment of student learning up to two times in the content areas in which the student did not meet the state standards if the student is enrolled in a public school;

(b) To retake the Washington assessment of student learning up to two times in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(9) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(10) Subject to available funding, the superintendent shall pilot opportunities for retaking the high school assessment beginning in the 2004-05 school year. Beginning no later than September 2006, opportunities to retake the assessment at least twice a year shall be available to each school district.

(11) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(12) By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations.

(13) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for students as provided in this subsection (13).

(a) Student learning plans are required for eighth through twelfth grade students who were not successful on any or all of the content areas of the Washington assessment for student learning during the previous school year. The plan shall include the courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation. This requirement shall be phased in as follows:

(i) Beginning no later than the 2004-05 school year ninth grade students as described in this subsection (13)(a) shall have a plan.

(ii) Beginning no later than the 2005-06 school year and every year thereafter eighth grade students as described in this subsection (13)(a) shall have a plan.

(iii) The parent or guardian shall be notified, preferably through a parent conference, of the student’s results on the Washington assessment of student learning, actions the school intends to take to improve the student’s skills in any content area in which the student was unsuccessful, strategies to help them improve their student’s skills, and the content of the student’s plan.

(iv) Progress made on the student plan shall be reported to the student’s parents or guardian at least annually and adjustments to the plan made as necessary.

(b) Beginning with the 2005-06 school year and every year thereafter, all fifth grade students who were not successful in one or more of the content areas of the fourth grade Washington assessment of student learning shall have a student learning plan.
(i) The parent or guardian of a student described in this subsection (13)(b) shall be notified, through a parent conference, of the student’s results on the Washington assessment of student learning, actions the school intends to take to improve the student’s skills in any content area in which the student was unsuccessful, and provide strategies to help them improve their student’s skills.

(ii) Progress made on the student plan shall be reported to the student’s parents or guardian at least annually and adjustments to the plan made as necessary.

NEW SECTION. Sec. 102. CERTIFICATE REPORTS REQUIRED ON THE CUT SCORES REQUIRED TO ACHIEVE THE CERTIFICATE, OBJECTIVE ALTERNATIVE ASSESSMENTS, AND ISSUES RELATED TO VALIDITY AND RELIABILITY. (1) The academic achievement and accountability commission shall review and adjust, if necessary, the performance standards needed to meet the high school standards and obtain a certificate of academic achievement as provided in section 101 of this act. The commission shall include in its review consideration of various conjunctive and compensatory score models, including the use of the standard error of measurement, into the decision regarding the award of the certificate of academic achievement. To assist in its deliberations, the commission shall seek advice from a committee that includes parents, practicing classroom teachers and principals, administrators, staff, and other interested parties. If the commission makes any adjustment of the student performance standards, then the commission shall present the recommended performance standard to the education committees of the house of representatives and the senate by November 30th of the year before the school year in which the changes will take place to permit the legislature to take statutory action before the changes are implemented if such action is deemed warranted by the legislature.

(2) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards.

(a) By July 1, 2004, the office of the superintendent of public instruction shall report its recommendations for objective alternative assessments to the governor, the state board of education, and the house of representatives and senate education committees.

(b) In its deliberations, the office of the superintendent of public instruction shall consult with parents, administrators, practicing classroom teachers including teachers in career and technical education, practicing principals, appropriate agencies, professional organizations, assessment experts, and other interested parties.

(c) Through the omnibus appropriations act, or by statute or concurrent resolution, the legislature shall formally approve the use of any objective alternative assessments before its implementation as a part of the high school assessment system.

(3) By September 15, 2004, the superintendent of public instruction shall develop recommendations on the best practices that may be used with students who need additional assistance to meet the requirements of the certificate of academic achievement.

(4) By November 30, 2004, the superintendent of public instruction and the state board of education shall provide to the house of representatives and senate education committees all available pertinent studies, information, and independent third-party analyses on the validity and reliability of the high school assessment system, especially as it pertains to the use of the system for individual student decisions.

Sec. 103. RCW 28A.230.090 and 1997 c 222 s 2 are each amended to read as follows:

(4) If requested by the student and his or her family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

NEW SECTION. Sec. 104. A new section is added to chapter 28A.155 RCW to read as follows:

CERTIFICATE OF INDIVIDUAL ACHIEVEMENT. Beginning with the graduating class of 2008, students served under this chapter, who are not appropriately assessed by the high school Washington assessment system as defined in section 101 of this act, even with accommodations, may earn a certificate of individual achievement. The certificate may be earned using multiple ways to demonstrate skills and abilities commensurate with their individual education programs. The determination of whether the high school assessment system is appropriate shall be made by the student’s individual education program team. For these students, the certificate of individual achievement is required for graduation from a public high school, but need not be the only requirement for graduation. When measures other than the high school assessment system as defined in section 101 of this act are used, the measures shall be in agreement with the appropriate educational opportunity provided for the student as required by this chapter. The superintendent of public instruction shall develop the guidelines for determining which students should not be required to participate in the high school assessment system and which types of assessments are appropriate to use.

When measures other than the high school assessment system as defined in section 101 of this act are used for high school graduation purposes, the student’s high school transcript shall note whether that student has earned a certificate of individual achievement.

Nothing in this section shall be construed to deny a student the right to participation in the high school assessment system as defined in section 101 of this act, and, upon successfully meeting the high school standard, receipt of the certificate of academic achievement.

NEW SECTION. Sec. 105. A new section is added to chapter 28A.180 RCW to read as follows:

The office of the superintendent of public instruction and the state board for community and technical colleges shall jointly develop a program plan to provide a continuing education option for students who are eligible for the state transitional bilingual instruction program and who need more time to develop language proficiency but who are more age-appropriately suited for a postsecondary learning environment than for a high school. In developing the plan, the superintendent of public instruction shall consider options to formally recognize the accomplishments of students in the state transitional bilingual instruction program who have completed the twelfth grade but have not earned a certificate of academic achievement. By December 1, 2004, the agencies shall report to the legislative education and fiscal committees with any recommendations for legislative action and any resources necessary to implement the plan.

At the time of a transfer to a public school, the superintendent of the local school district in which the child enrolls may require a standardized achievement test to be administered and shall have the authority to determine the appropriate grade and course level placement of the child after consultation with parents and review of the child's records; and

- ((\ref{44})) (c) Ensure that a standardized achievement test approved by the state board of education is administered annually to the child by a qualified individual or that an annual assessment of the student’s academic progress is written by a certified person who is currently working in the field of education. ((The state board of education shall not require these children to meet the student learning goals, master the essential academic learning requirements, to take the assessments, or to obtain a certificate of mastery pursuant to RCW 28A.630.885.)) The standardized test administered or the annual academic progress assessment written shall be made a part of the child’s permanent records. Transcripts are also important to students who will seek employment upon or prior to graduation from high school. It is recognized that student transcripts may be the only record available to employers in their decision-making processes regarding prospective employees. The superintendent of public instruction shall require school districts to inform annually all high school students that prospective employers may request to see transcripts and that the prospective employee’s decision to release transcripts can be an important part of the process of applying for employment.

\textbf{NEW SECTION.} \textbf{Sec. 109.} The superintendent of public instruction shall study the effect of the certificate of academic achievement and the certificate of individual achievement requirements on dropout rates and report the findings to the legislature and the academic achievement and accountability commission by October 1, 2010. To the maximum extent possible, the superintendent shall integrate goal four and the knowledge and skill areas in the other goals in the essential academic learning requirements; and

(b) Review and prioritize the essential academic learning requirements and identify, with clear and concise descriptions, the grade level content expectations to be assessed on the Washington assessment of student learning and used for state or federal accountability purposes. The review, prioritization, and identification shall result in more focus and targeting with an emphasis on depth over breadth in the number of grade level content expectations assessed at each grade level. Grade
level content expectations shall be articulated over the grades as a sequence of expectations and performances that are logical, build with increasing depth after foundational knowledge and skills are acquired, and reflect, where appropriate, the sequential nature of the discipline. The office of the superintendent of public instruction, within seven working days, shall post on its web site any grade level content expectations provided to an assessment vendor for use in constructing the Washington assessment of student learning.

(3) In consultation with the academic achievement and accountability commission, the superintendent of public instruction shall maintain and continue to develop and revise a statewide academic assessment system in the content areas of reading, writing, mathematics, and science for use in the elementary, middle, and high school years designed to determine if each student has mastered the essential academic learning requirements at the appropriate periods in the student’s educational development.

(4) If the superintendent proposes any modification to the essential academic learning requirements or the statewide assessments, then the superintendent shall, upon request, provide opportunities for the education committees of the house of representatives and the senate to review the assessments and proposed modifications to the essential academic learning requirements before the modifications are adopted.

(5) (a) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not mastered the essential academic learning requirements at the appropriate periods in the student’s educational development.

(b) Assessments measuring the essential academic learning requirements in the content area of science shall be available for mandatory use in middle schools and high schools by the 2003-04 school year and for mandatory use in elementary schools by the 2004-05 school year unless the legislature takes action to delay or prevent implementation of the assessment.

(6) By September 2007, the results for reading and mathematics shall be reported in a format that will allow parents and teachers to determine the academic gain a student has acquired in those content areas from one school year to the next.

(7) To assist parents and teachers in their efforts to provide educational support to individual students, the superintendent of public instruction shall provide as much individual student performance information as possible within the constraints of the assessment system’s item bank. The superintendent shall also provide to school districts:

(a) Information on classroom-based and other assessments that may provide additional achievement information for individual students; and

(b) A collection of diagnostic tools that educators may use to evaluate the academic status of individual students.

The tools shall be designed to be inexpensive, easily administered, and quickly and easily scored, with results provided in a format that may be easily shared with parents and students.

(8) To the maximum extent possible, the superintendent shall integrate knowledge and skill areas in development of the assessments.

(9) Assessments for goals three and four of RCW 28A.150.210 shall be integrated in the essential academic learning requirements and assessments for goals one and two.

(11) The superintendent shall consider methods to address the unique needs of special education students when developing the assessments under this section.

(12) The superintendent shall consider methods to address the unique needs of highly capable students when developing assessments under this section.

(13) The superintendent shall post on the superintendent’s web site lists of resources and model assessments in social studies, the arts, and health and fitness.

ESSENTIAL ACADEMIC LEARNING REQUIREMENTS AND ASSESSMENTS - DUTIES OF THE ACADEMIC ACHIEVEMENT AND ACCOUNTABILITY COMMISSION. The powers and duties of the academic achievement and accountability commission shall include, but are not limited to the following:

(1) For purposes of statewide accountability, the commission shall:

(a) Adopt and revise performance improvement goals in reading, writing, science, and mathematics by subject and grade level as the commission deems appropriate to improve student learning, once assessments in these subjects are required statewide. The goals shall be consistent with student privacy protection provisions of RCW 28A.655.090(7) and shall not conflict with requirements contained in Title I of the federal elementary and secondary education act of 1965, as amended. The goals may be established for all students, economically disadvantaged students, limited English proficient students, students with disabilities, and students from disproportionately academically underachieving racial and ethnic backgrounds. The commission may establish school and school district goals addressing high school graduation rates and dropout reduction goals for students in grades seven through twelve. (The goals shall be in addition to any goals adopted in RCW 28A.655.050.) The commission may also revise any goal adopted in RCW 28A.655.050.)

(b) Identify the scores students must achieve in order to meet the standard on the Washington assessment of student learning and, for high school students, to obtain a certificate of academic high school. The commission shall also determine student scores that identify levels of student performance below and beyond the standard. The commission shall consider the incorporation of the standard error of measurement into the decision regarding the award of the certificates. The commission shall set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose. The initial performance standards and any changes recommended by the commission in the performance standards
shall be presented to the education committees of the house of representatives and the senate by November 30th of the year before the school year in which the changes will take place to permit the legislature to take statutory action before the changes are implemented if such action is deemed warranted by the legislature:

(c) Adopt objective, systematic criteria to identify successful schools and school districts and recommend to the superintendent of public instruction schools and districts to be recognized for two types of accomplishments, student achievement and improvements in student achievement. Recognition for improvements in student achievement shall include consideration of one or more of the following accomplishments:

(i) An increase in the percent of students meeting standards. The level of achievement required for recognition may be based on the achievement goals established by the legislature (under RCW 28A.655.050) and by the commission under (a) of this subsection;

(ii) Positive progress on an improvement index that measures improvement in all levels of the assessment; and

(iii) Improvements despite challenges such as high levels of mobility, poverty, English as a second language learners, and large numbers of students in special populations as measured by either the percent of students meeting the standard, or the improvement index.

When determining the baseline year or years for recognizing individual schools, the commission may use the assessment results from the initial years the assessments were administered, if doing so with individual schools would be appropriate;

(d) Adopt objective, systematic criteria to identify schools and school districts in need of assistance and those in which significant numbers of students persistently fail to meet state standards. In its deliberations, the commission shall consider the use of all statewide mandated criterion-referenced and norm-referenced standardized tests;

(e) Identify schools and school districts in which state intervention measures will be needed and a range of appropriate intervention strategies, beginning no earlier than June 30, 2001, and after the legislature has authorized a set of intervention strategies. Beginning no earlier than June 30, 2001, and after the legislature has authorized a set of intervention strategies, at the request of the commission, the superintendent shall intervene in the school or school district and take corrective actions. This chapter does not provide additional authority for the commission or the superintendent of public instruction to intervene in a school or school district;

(f) Identify performance incentive systems that have improved or have the potential to improve student achievement;

(g) Annually review the assessment reporting system to ensure fairness, accuracy, timeliness, and equity of opportunity, especially with regard to schools with special circumstances and unique populations of students, and a recommendation to the superintendent of public instruction of any improvements needed to the system;

(h) Annually report by December 1st to the legislature, the governor, the superintendent of public instruction, and the state board of education on the progress, findings, and recommendations of the commission. The report may include recommendations of actions to help improve student achievement;

(i) By December 1, 2000, and by December 1st annually thereafter, report to the education committees of the house of representatives and the senate on the progress that has been made in achieving ((the reading goal under RCW 28A.655.050 and any additional)) goals adopted by the commission;

(j) Coordinate its activities with the state board of education and the office of the superintendent of public instruction;

(k) Seek advice from the public and all interested educational organizations in the conduct of its work; and

(l) Establish advisory committees, which may include persons who are not members of the commission;

(2) Holding meetings and public hearings, which may include regional meetings and hearings;

(3) Hiring necessary staff and determining the staff’s duties and compensation. However, the office of the superintendent of public instruction shall provide staff support to the commission until the commission has hired its own staff, and shall provide most of the technical assistance and logistical support needed by the commission thereafter. The office of the superintendent of public instruction shall be the fiscal agent for the commission. The commission may direct the office of the superintendent of public instruction to enter into subcontracts, within the commission’s resources, with school districts, teachers, higher education faculty, state agencies, business organizations, and other individuals and organizations to assist the commission in its deliberations; and

(4) Receiving per diem and travel allowances as permitted under RCW 43.03.050 and 43.03.060.

CERTIFICATE OF ACADEMIC ACHIEVEMENT

NEW SECTION. Sec. 101. A new section is added to chapter 28A.655 RCW to read as follows:

CERTIFICATE REQUIREMENTS. (1) The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and if approved by the legislature pursuant to subsection (11) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of section 104 of this act, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of section 104 of this act, a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning shall earn a certificate of academic achievement. If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (11) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has retaken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement. The student’s transcript shall note whether the certificate of academic achievement was acquired by means of the Washington assessment of student learning or by an alternative assessment.

(4) Beginning with the graduating class of 2010, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.195 RCW, or for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of section 104 of this act.

(6) A student may retain and use the highest result from each completed content area of the high school assessment.

(7) Beginning with the graduating class of 2006, the highest scale score and level achieved in each content area on the high school Washington assessment of student learning shall be displayed on a student's transcript. In addition, beginning with the graduating class of 2008, each student shall receive a scholar's designation on his or her transcript for each content area in which the student achieves level four the first time the student takes that content area assessment.

(8) Beginning in 2006, school districts must make available to students the following options:

(a) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(9) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(10) Subject to available funding, the superintendent shall pilot opportunities for retaking the high school assessment beginning in the 2004-05 school year. Beginning no later than September 2006, opportunities to retake the assessment at least twice a year shall be available to each school district.

(11) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(12) By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations.

(13) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for students as provided in this subsection (13).

(a) Student learning plans are required for eighth through twelfth grade students who were not successful on any or all of the content areas of the Washington assessment for student learning during the previous school year. The plan shall include the courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation. This requirement shall be phased in as follows:
(i) Beginning no later than the 2004-05 school year ninth grade students as described in this subsection (13)(a) shall have a plan.
(ii) Beginning no later than the 2005-06 school year and every year thereafter eighth grade students as described in this subsection (13)(a) shall have a plan.
(iii) The parent or guardian shall be notified, preferably through a parent conference, of the student’s results on the Washington assessment of student learning, actions the school intends to take to improve the student’s skills in any content area in which the student was unsuccessful, strategies to help them improve their student’s skills, and the content of the student’s plan.
(iv) Progress made on the student plan shall be reported to the student’s parents or guardian at least annually and adjustments to the plan made as necessary.
(b) Beginning with the 2005-06 school year and every year thereafter, all fifth grade students who were not successful in one or more of the content areas of the fourth grade Washington assessment of student learning shall have a student learning plan.
(i) The parent or guardian of a student described in this subsection (13)(b) shall be notified, preferably through a parent conference, of the student’s results on the Washington assessment of student learning, actions the school intends to take to improve the student’s skills in any content area in which the student was unsuccessful, and provide strategies to help them improve their student’s skills.
(ii) Progress made on the student plan shall be reported to the student’s parents or guardian at least annually and adjustments to the plan made as necessary.

NEW SECTION. Sec. 102. Certificate reports required on the cut scores required to achieve the certificate, objective alternative assessments, and issues related to validity and reliability. (1) The academic achievement and accountability commission shall review and adjust, if necessary, performance standards needed to meet the high school standards and obtain a certificate of academic achievement as provided in section 101 of this act. The commission shall include in its review consideration of various conjunctive and compensatory score models, including the use of the standard error of measurement, into the decision regarding the award of the certificate of academic achievement. To assist in its deliberations, the commission shall seek advice from a committee that includes parents, practicing classroom teachers and principals, administrators, staff, and other interested parties. If the commission makes any adjustment of the student performance standards, then the commission shall present the recommended performance standard to the education committees of the house of representatives and the senate by November 30th of the school year in which the changes will take place to permit the legislature to take statutory action before the changes are implemented if such action is deemed warranted by the legislature.
(2) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards.
(a) By September 1, 2004, the office of the superintendent of public instruction shall report its recommendations for objective alternative assessments to the governor, the state board of education, and the house of representatives and senate education committees.
(b) In its deliberations, the office of the superintendent of public instruction shall consult with parents, administrators, practicing classroom teachers including teachers in career and technical education, practicing principals, appropriate agencies, professional organizations, assessment experts, and other interested parties.
(c) Through the omnibus appropriations act, or by statute or concurrent resolution, the legislature shall formally approve the use of any objective alternative assessments before its implementation as a part of the high school assessment system.
(3) By September 15, 2004, the superintendent of public instruction shall develop recommendations on the best practices that may be used with students who need additional assistance to meet the requirements of the certificate of academic achievement.
(4) By November 30, 2004, the superintendent of public instruction and the state board of education shall provide to the house of representatives and senate education committees all available pertinent studies, information, and independent third-party analyses on the validity and reliability of the high school assessment system, especially as it pertains to the use of the system for individual student decisions.

Sec. 103. RCW 28A.230.090 and 1997 c 222 s 2 are each amended to read as follows:

CERTIFICATE OF ACADEMIC ACHIEVEMENT - STATE BOARD OF EDUCATION HIGH SCHOOL GRADUATION REQUIREMENTS, INCLUDING LOCAL DETERMINATION OF INDIVIDUAL STUDENT SUCCESS.
(1) The state board of education shall establish high school graduation requirements or equivalencies for students.
(a) Any course in Washington state history and government used to fulfill high school graduation requirements is encouraged to include information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.
(b) The certificate of academic achievement requirements under section 101 of this act or the certificate of individual achievement requirements under section 104 of this act are required for graduation from a public high school but are not the only requirements for graduation.
(c) Any decision on whether a student has met the state board’s high school graduation requirements for a high school and beyond plan shall remain at the local level.
(2) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.
(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in
American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) If requested by the student and his or her family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit. (Subsection (4) of this section shall also apply to students enrolled in high school on April 11, 1990, who took the courses before attending high school.)

NEW SECTION. Sec. 104. A new section is added to chapter 28A.155 RCW to read as follows:

CERTIFICATE OF INDIVIDUAL ACHIEVEMENT. Beginning with the graduating class of 2008, students served under this chapter, who are not appropriately assessed by the high school Washington assessment system as defined in section 101 of this act, even with accommodations, may earn a certificate of individual achievement. The certificate may be earned using multiple ways to demonstrate skills and abilities commensurate with their individual education programs. The determination of whether the high school assessment system is appropriate shall be made by the student’s individual education program team. For these students, the certificate of individual achievement is required for graduation from a public high school, but need not be the only requirement for graduation. When measures other than the high school assessment system as defined in section 101 of this act are used, the measures shall be in agreement with the appropriate educational opportunity provided for the student as required by this chapter. The superintendent of public instruction shall develop the guidelines for determining which students should not be required to participate in the high school assessment system and which types of assessments are appropriate to use.

When measures other than the high school assessment system as defined in section 101 of this act are used for high school graduation purposes, the student’s high school transcript shall note whether that student has earned a certificate of individual achievement.

Nothing in this section shall be construed to deny a student the right to participation in the high school assessment system as defined in section 101 of this act, and, upon successfully meeting the high school standard, receipt of the certificate of academic achievement.

NEW SECTION. Sec. 105. A new section is added to chapter 28A.180 RCW to read as follows:

The office of the superintendent of public instruction and the state board for community and technical colleges shall jointly develop a program plan to provide a continuing education option for students who are eligible for the state transitional bilingual instruction program and who need more time to develop language proficiency but who are more age-appropriately suited for a postsecondary learning environment than for a high school. In developing the plan, the superintendent of public instruction shall consider options to formally recognize the accomplishments of students in the state transitional bilingual instruction program who have completed the twelfth grade but have not earned a certificate of academic achievement. By December 1, 2004, the agencies shall report to the legislative education and fiscal committees with any recommendations for legislative action and any resources necessary to implement the plan.

RCW 28A.155.010 and 1993 c 336 § 1101 are each amended to read as follows:

CERTIFICATE OF ACADEMIC ACHIEVEMENT - PRIVATE SCHOOL STUDENTS EXEMPTED. The legislature hereby recognizes that private schools should be subject only to those minimum state controls necessary to insure the health and safety of all the students in the state and to insure a sufficient basic education to meet usual graduation requirements. The state, any agency or official thereof, shall not restrict or dictate any specific educational or other programs for private schools except as hereinafter in this section provided.

Principals of private schools or superintendents of private school districts shall file each year with the state superintendent of public instruction a statement certifying that the minimum requirements hereinafter set forth are being met, noting any deviations. After review of the statement, the state superintendent will notify schools or school districts of those deviations which must be corrected. In case of major deviations, the school or school district may request and the state board of education may grant provisional status for one year in order that the school or school district may take action to meet the requirements. The state board of education shall not require private school students to meet the student learning goals, obtain a certificate of academic achievement, or a certificate of individual achievement to graduate from high school, to master the essential academic learning requirements, or to be assessed pursuant to section 101 of this act. (3) All classroom teachers shall hold appropriate Washington state certification except as follows:

(a) Teachers for religious courses or courses for which no counterpart exists in public schools shall not be required to obtain a state certificate to teach those courses.
(b) In exceptional cases, people of unusual competence but without certification may teach students so long as a certified person exercises general supervision. Annual written statements shall be submitted to the office of the superintendent of public instruction reporting and explaining such circumstances.

(4) An approved private school may operate an extension program for parents, guardians, or persons having legal custody of a child to teach children in their custody. The extension program shall require at a minimum that:

(a) The parent, guardian, or custodian be under the supervision of an employee of the approved private school who is certified under chapter 28A.410 RCW;

(b) The planning by the certified person and the parent, guardian, or person having legal custody include objectives consistent with this subsection and subsections (1), (2), (5), (6), and (7) of this section;

(5) Appropriate measures shall be taken to safeguard all permanent records against loss or damage.

(6) The physical facilities of the school or district shall be adequate to meet the program offered by the school or district: PROVIDED, That each school building shall meet reasonable health and fire safety requirements. (However, the state board shall not require private school students to meet the student learning goals, obtain a certificate of mastery to graduate from high school, to master the essential academic learning requirements, or to be assessed pursuant to RCW 28A.630.885. However, private schools may choose, on a voluntary basis, to have their students master these essential academic learning requirements, take these assessments, and obtain certificates of mastery.) A residential dwelling of the parent, guardian, or custodian shall be deemed to be an adequate physical facility when a parent, guardian, or person having legal custody is instructing his or her child under subsection (4) of this section.

(7) Private school curriculum shall include instruction of the basic skills of occupational education, science, mathematics, language, social studies, history, health, reading, writing, spelling, and the development of appreciation of art and music, all in sufficient units for meeting state board of education graduation requirements.

(8) Each school or school district shall be required to maintain up-to-date policy statements related to the administration and operation of the school or school district.

All decisions of policy, philosophy, selection of books, teaching material, curriculum, except as in subsection (7) (above)) and school rules and administration, or other matters not specifically referred to in this section, shall be the responsibility of the administration and administrators of the particular private school involved.

Sec. 107. RCW 28A.200.010 and 1995 c 52 s 1 are each amended to read as follows:

CERTIFICATE OF ACADEMIC ACHIEVEMENT - STUDENTS IN HOME-BASED INSTRUCTION

EXEMPTED. (1) Each parent whose child is receiving home-based instruction under RCW 28A.225.010(4) shall have the duty to:

((4a)) (a) File annually a signed declaration of intent that he or she is planning to cause his or her child to receive home-based instruction. The statement shall include the name and age of the child, shall specify whether a certificated person will be supervising the instruction, and shall be written in a format prescribed by the superintendent of public instruction.

Each parent shall file the statement by September 15th of the school year or within two weeks of the beginning of any public school quarter, trimester, or semester with the superintendent of the public school district within which the child resides or the district that accepts the transfer, and the student shall be deemed a transfer student of the nonresident district. Parents may apply for transfer under RCW 28A.225.220;

((4b)) (b) Ensure that test scores or annual academic progress assessments and immunization records, together with any other records that are kept relating to the instructional and educational activities provided, are forwarded to any other public or private school to which the child transfers. At the time of a transfer to a public school, the superintendent of the local school district in which the child enrolls may require a standardized achievement test to be administered and shall have the authority to determine the appropriate grade and course level placement of the child after consultation with parents and review of the child’s records; and

((4c)) (c) Ensure that a standardized achievement test approved by the state board of education is administered annually to the child by a qualified individual or that an annual assessment of the student’s academic progress is written by a certificated person who is currently working in the field of education. The state board of education shall not require these children to meet the student learning goals, master the essential academic learning requirements, to take the assessments, or to obtain a certificate of ((mastery pursuant to RCW 28A.630.885)) academic achievement or a certificate of individual achievement pursuant to sections 101 and 104 of this act. The standardized test administered or the annual academic progress assessment written shall be made a part of the child’s permanent records. If, as a result of the annual test or assessment, it is determined that the child is not making reasonable progress consistent with his or her age or stage of development, the parent shall make a good faith effort to remedy any deficiency.

Failure of a parent to comply with the duties in this section shall be deemed a failure of such parent’s child to attend school without valid justification under RCW 28A.225.020. Parents who do comply with the duties set forth in this section shall be presumed to be providing home-based instruction as set forth in RCW 28A.225.010(4).

Sec. 108. RCW 28A.305.220 and 1984 c 178 s 1 are each amended to read as follows:

(1) The state board of education shall develop for use by all public school districts a standardized high school transcript. The state board of education shall establish clear definitions for the terms “credits” and “hours” so that school programs operating on the quarter, semester, or trimester system can be compared.

(2) The standardized high school transcript shall include the following information:

(a) The highest scale score and level achieved in each content area on the high school Washington assessment of student learning or other high school measures successfully completed by the student as provided by sections 101 and 104 of this act;

(b) All scholar designations as provided by section 101 of this act;
(c) A notation of whether the student has earned a certificate of individual achievement or a certificate of academic achievement by means of the Washington assessment of student learning or by an alternative assessment.

(3) Transcripts are important documents to students who will apply for admission to postsecondary institutions of higher education. Transcripts are also important to students who will seek employment upon or prior to graduation from high school. It is recognized that student transcripts may be the only record available to employers in their decision-making processes regarding prospective employees. The superintendent of public instruction shall require school districts to inform annually all high school students that prospective employers may request to see transcripts and that the prospective employee's decision to release transcripts can be an important part of the process of applying for employment.

NEW SECTION. Sec. 109. The superintendent of public instruction shall study the effect of the certificate of academic achievement and the certificate of individual achievement requirements on dropout rates and report the findings to the legislature and the academic achievement and accountability commission by October 1, 2010. The superintendent of public instruction shall include any related recommendations for decreasing the dropout rate in the report.

(2) The superintendent of public instruction shall:

(a) Periodically revise the essential academic learning requirements, as needed, based on the student learning goals in RCW 28A.150.210. Goals one and two shall be considered primary. To the maximum extent possible, the superintendent shall integrate goal four and the knowledge and skill areas in the other goals in the essential academic learning requirements and

(b) Review and prioritize the essential academic learning requirements and identify, with clear and concise descriptions, the grade level content expectations to be assessed on the Washington assessment of student learning and used for state or federal accountability purposes. The review, prioritization, and identification shall result in more focus and targeting with an emphasis on depth over breadth in the number of grade level content expectations assessed at each grade level. Grade level content expectations shall be articulated over the grades as a sequence of expectations and performances that are logical, build with increasing depth after foundational knowledge and skills are acquired, and reflect, where appropriate, the sequential nature of the discipline. The office of the superintendent of public instruction, within seven working days, shall post on its web site any grade level content expectations provided to an assessment vendor for use in constructing the Washington assessment of student learning.

(3) In consultation with the academic achievement and accountability commission, the superintendent of public instruction shall maintain and continue to develop and revise a statewide academic assessment system in the content areas of reading, writing, mathematics, and science for use in the elementary, middle, and high school years designed to determine if each student has mastered the essential academic learning requirements identified in subsection (1) of this section. School districts shall administer the assessments under guidelines adopted by the superintendent of public instruction. The academic assessment system shall include a variety of assessment methods, including criterion-referenced and performance-based measures.

(4) If the superintendent proposes any modification to the essential academic learning requirements or the statewide assessments, then the superintendent shall, upon request, provide opportunities for the education committees of the house of representatives and the senate to review the assessments and proposed modifications to the essential academic learning requirements before the modifications are adopted.

(5) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not mastered the essential academic learning requirements at the appropriate periods in the student’s educational development.

((6)(a)) (a) Assessments measuring the essential academic learning requirements in the content area of science shall be available for mandatory use in middle schools and high schools by the 2003-04 school year and for mandatory use in elementary schools by the 2004-05 school year unless the legislature takes action to delay or prevent implementation of the assessment.

(6) By September 2007, the results for reading and mathematics shall be reported in a format that will allow parents and teachers to determine the academic gain a student has acquired in those content areas from one school year to the next.

(7) To assist parents and teachers in their efforts to provide educational support to individual students, the superintendent of public instruction shall provide as much individual student performance information as possible within the constraints of the assessment system’s item bank. The superintendent shall also provide to school districts:

(a) Information on classroom-based and other assessments that may provide additional achievement information for individual students; and

(b) A collection of diagnostic tools that educators may use to evaluate the academic status of individual students. The tools shall be designed to be inexpensive, easily administered, and quickly and easily scored, with results provided in a format that may be easily shared with parents and students.

(8) To the maximum extent possible, the superintendent shall integrate knowledge and skill areas in development of the assessments.

((6)(a)) (9) Assessments for goals three and four of RCW 28A.150.210 shall be integrated in the essential academic learning requirements and assessments for goals one and two.

((6)(a)) (10) The superintendent shall develop assessments that are directly related to the essential academic learning requirements, and are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

((6)(a)) (11) The superintendent shall consider methods to address the unique needs of special education students when developing the assessments under this section.

((6)(a)) (12) The superintendent shall consider methods to address the unique needs of highly capable students when developing the assessments under this section.

(13) The superintendent shall post on the superintendent’s web site lists of resources and model assessments in social studies, the arts, and health and fitness.

Sec. 205. RCW 28A.655.030 and 2002 c 37 s 1 are each amended to read as follows:

ESSENTIAL ACADEMIC LEARNING REQUIREMENTS AND ASSESSMENTS - DUTIES OF THE ACADEMIC ACHIEVEMENT AND ACCOUNTABILITY COMMISSION. The powers and duties of the academic achievement and accountability commission shall include, but are not limited to the following:

(1) For purposes of statewide accountability, the commission shall:

(a) Adopt and revise performance improvement goals in reading, writing, science, and mathematics by subject and grade level as the commission deems appropriate to improve student learning, once assessments in these subjects are required statewide. The goals shall be consistent with student privacy protection provisions of RCW 28A.655.090(7) and shall not conflict with requirements contained in Title I of the federal elementary and secondary education act of 1965, as amended. The goals may be established for all students, economically disadvantaged students, limited English proficient students, students with disabilities, and students from disproportionately academically underachieving racial and ethnic backgrounds.
The commission may establish school and school district goals addressing high school graduation rates and dropout reduction goals for students in grades seven through twelve. (The goals shall be in addition to any goals adopted in RCW 28A.655.050. The commission may also require any goal adopted in RCW 28A.655.050.) The commission shall adopt the goals by rule. However, before each goal is implemented, the commission shall present the goal to the education committees of the house of representatives and the senate for the committees' review and comment in a time frame that will permit the legislature to take statutory action on the goal if such action is deemed warranted by the legislature;

(b) Identify the scores students must achieve in order to meet the standard on the Washington assessment of student learning and, for high school students, to obtain a certificate of academic achievement. The commission shall also determine student scores that identify levels of student performance below and beyond the standard. The commission shall consider the incorporation of the standard error of measurement into the decision regarding the award of the certificates. The commission shall set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose. The initial performance standards and any changes recommended by the commission in the performance standards for the tenth grade assessment shall be presented to the education committees of the house of representatives and the senate by November 30th of the school year in which the changes will take place to permit the legislature to take statutory action before the changes are implemented if such action is deemed warranted by the legislature. The legislature shall be advised of the initial performance standards and any changes made to the elementary level performance standards and the middle school level performance standards;

(c) Adopt objective, systematic criteria to identify successful schools and school districts and recommend to the superintendent of public instruction schools and districts to be recognized for two types of accomplishments, student achievement and improvements in student achievement. Recognition for improvements in student achievement shall include consideration of one or more of the following accommodations;

(i) An increase in the percent of students meeting standards. The level of achievement required for recognition may be based on the achievement goals established by the legislature ((under RCW 28A.655.050)) and by the commission under (a) of this subsection;
(ii) Positive progress on an improvement index that measures improvement in all levels of the assessment; and
(iii) Improvements despite challenges such as high levels of mobility, poverty, English as a second language learners, and large numbers of students in special populations as measured by either the percent of students meeting the standard, or the improvement index.

When determining the baseline year or years for recognizing individual schools, the commission may use the assessment results from the initial years the assessments were administered, if doing so with individual schools would be appropriate;

(d) Adopt objective, systematic criteria to identify schools and school districts in need of assistance and those in which significant numbers of students persistently fail to meet state standards. In its deliberations, the commission shall consider the use of all statewide mandated criterion-referenced and norm-referenced standardized tests;

(e) Identify schools and school districts in which state intervention measures will be needed and a range of appropriate intervention strategies, beginning no earlier than June 30, 2001, and after the legislature has authorized a set of intervention strategies. Beginning no earlier than June 30, 2001, and after the legislature has authorized a set of intervention strategies, at the request of the commission, the superintendent shall intervene in the school or school district and take corrective actions. This chapter does not provide additional authority for the commission or the superintendent of public instruction to intervene in a school or school district;

(f) Identify performance incentive systems that have improved or have the potential to improve student achievement;

(g) Annually review the assessment reporting system to ensure fairness, accuracy, timeliness, and equity of opportunity, especially with regard to special circumstances and unique populations of students, and a recommendation to the superintendent of public instruction of any improvements needed to the system;

(h) Annually report by December 1st to the legislature, the governor, the superintendent of public instruction, and the board of education on the progress, findings, and recommendations of the commission. The report may include recommendations of actions to help improve student achievement;

(i) By December 1, 2000, and by December 1st annually thereafter, report to the education committees of the house of representatives and the senate for the committees' review and comment in a time frame that will permit the legislature to take statutory action before the changes are implemented if such action is deemed warranted by the legislature. The legislature shall be advised of the initial performance standards and any changes made to the elementary level performance standards and the middle school level performance standards;

(j) Coordinate its activities with the state board of education and the office of the superintendent of public instruction;

(k) Seek advice from the public and all interested educational organizations in the conduct of its work; and

(l) Establish advisory committees, which may include persons who are not members of the commission;

(m) Hold meetings and public hearings, which may include regional meetings and hearings;

(n) Hiring necessary staff and determining the staff’s duties and compensation. However, the office of the superintendent of public instruction shall provide staff support to the commission until the commission has hired its own staff, and shall provide most of the technical assistance and logistical support needed by the commission thereafter. The office of the superintendent of public instruction shall be the fiscal agent for the commission. The commission may direct the office of the superintendent of public instruction to enter into subcontracts, within the commission’s resources, with school districts, teachers, higher education faculty, state agencies, business organizations, and other individuals and organizations to assist the commission in its deliberations; and

(4) Receiving per diem and travel allowances as permitted under RCW 43.03.050 and 43.03.060.

Beginning on page 1, line 10, strike all material through "Washington." on page 3, line 19 and insert the following: "WHEREAS, Since the birth of this country, our nation owes our coal miners a debt we could never begin to repay for the difficult and dangerous job they perform so we could have the fuel we need to operate our industries and heat our homes; and

WHEREAS, The energy needs of communities throughout the nation have been met due to the hard work and dedication of American coal miners; and

WHEREAS, Millions of workers toiled in the nation’s coal mines over the last century, risking both life and limb to fuel the nation’s economic expansion, and through their manual labor made possible the technological conveniences of modern American life, though those contributions to the nation’s welfare are generally unknown to the public; and

WHEREAS, During the last century, over 100,000 coal miners have been killed in mining accidents in the nation’s coal mines, and 3,500,000 coal miners have suffered nonfatal injuries; and

WHEREAS, 100,000 coal miners have contracted Black Lung Disease as a direct result of their toil in the nation’s coal mines; and

WHEREAS, Coal provides 50 percent of the nation’s electricity and is an essential fuel for industries such as steel, cement, chemical, food, and paper; and

WHEREAS, Coal miners keep the nation supplied with an energy resource that produces electricity for the lowest cost, when compared to fuels other than nuclear, and which makes possible the country’s unmatched productivity and prosperity; and

WHEREAS, Coal miners provide a vital pool of labor with the expertise to produce energy supplies from vast national coal reserves, which serves to buffer the country from a dangerous dependence on foreign energy fuels; and

WHEREAS, The United States has a demonstrated coal reserve of more than 500,000,000,000 tons, with an estimated 275,000,000,000 tons of recoverable reserves which, at current production rates, represents about 275 years of recoverable coal reserves; and

WHEREAS, These coal reserves represent about 95 percent of all fossil fuel reserves in the United States, about one-fourth of the world’s known coal reserves; and

WHEREAS, Approximately two-thirds of all coal mined in the United States is transported by rail, making coal the largest single source of freight revenue for United States’ railroads; and

WHEREAS, Transportation by railroad provided jobs for thousands of workers who built the infrastructure, maintained it, and loaded and unloaded coal; and

WHEREAS, It would be proper and fitting for our nation to recognize our coal miners, both past and present, for their contributions to this nation; and

WHEREAS, Coal mining continues to be the economic engine for many communities, providing jobs to areas with little economic diversity; and

WHEREAS, Coal mining provides an economic benefit far beyond its direct revenue, including billions of dollars in economic output and household earnings and hundreds of thousands of jobs in other industries;
NOW, THEREFORE, Your Memorialists respectfully pray that the United States Postal service issue a postage stamp commemorating American coal miners, which would hold the promise of illustrating a colorful and historically rich segment of society for the benefit of school children, stamp collectors, educators, and the public.

BE IT RESOLVED, That copies of this Memorial be immediately transmitted to the Honorable George W. Bush, President of the United States, the United States Postmaster General, the Citizens' Stamp Advisory Committee of the United States Postal Service, the President of the United States Senate, the Speaker of the House of Representatives, and each member of Congress from the State of Washington."

(c) Credit history or an insurance score based on collection accounts identified with a medical industry code;

(4) If a consumer is charged higher premiums due to disputed credit history, the insurer shall rerate the policy retroactive to the effective date of the current policy term. As rered, the consumer shall be charged the same premiums they would have been charged if accurate credit history was used to calculate an insurance score. This subsection applies only if the consumer resolves the dispute under the process set forth in the fair credit reporting act and notifies the insurer in writing that the dispute has been resolved.

If, based upon notification from the interlock provider or otherwise, the department determines that an interlock required under RCW 46.20.720 is no longer installed or functioning as required, the department shall suspend the person’s license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(d) Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW or a residential or visitation order, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

((eb)) (e)(i) The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of twenty dollars.

(2)(a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or

(b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of twenty dollars.

(ii) If the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred fifty dollars. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, the department shall determine the person’s eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person’s eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned ((and)) or operated by the person applying for a new license. If, following issuance of a new license, the department determines, based upon notification from the interlock provider or otherwise, that an interlock required under RCW 46.20.720 is no longer functioning, the department shall suspend the person’s license or privilege to drive until the department has received written verification from an interlock provider that a functioning interlock is installed.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future claims to be paid under RCW 46.20.299. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

If, based upon notification from the interlock provider or otherwise, the department determines that an ignition interlock required under this section is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

The bill was read the second time.

MOTION

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature to optimize the management of the recreational allocation of Dungeness crab in Washington state. To accomplish this task, it is necessary to accurately and efficiently quantify the total catch by recreational fishers for Dungeness crab using data from catch record cards. Therefore, an endorsement fee on the catch record card paid at the time of purchasing a recreational fishing license will be required for Dungeness crab to specifically identify the recreational crab harvesting population. The endorsement fee will significantly improve the precision of the catch estimates by eliminating the current practice of sampling fishers who do not participate in the recreational crab fishery.

Sec. 2. RCW 77.32.430 and 2003 c 318 s 1 are each amended to read as follows:

(1) Catch record card((s)) information is necessary for proper management of the state’s food fish and game fish species and shellfish resources. Catch record card administration shall be ((administered)) under rules adopted by the commission ((and issued at no charge for the)). There is no charge for an initial catch record card ((and ten dollars for)).

Each subsequent or duplicate catch record card((.—A duplicate catch record (card))) costs ten dollars.

(2) A license to take and possess Dungeness crab is only valid in Puget Sound waters east of the Bonilla-Tatoosh line if the fisher has in possession a valid catch record card officially endorsed for Dungeness crab. The endorsement shall cost no more than three dollars including any or all fees authorized under RCW 77.32.050.

(3) Catch record cards issued with affixed temporary short-term charter stamp licenses are not subject to the ten-dollar charge (((a))) nor to the Dungeness crab endorsement fee provided for in this section. Charter boat or guide operators issuing temporary short-term charter stamp licenses shall affix the stamp to each catch record card issued before fishing commences. Catch record cards issued with a temporary short-term charter stamp are valid for two consecutive days.

(4) The department shall include provisions for recording marked and unmarked salmon in catch record cards issued after March 31, 2004.
The funds received from the sale of catch record cards and the Dungeness crab endorsement must be deposited into the wildlife fund. The funds received from the Dungeness crab endorsement may be used only for the sampling, monitoring, and management of catch associated with the Dungeness crab recreational fisheries. Moneys allocated under this section shall supplement and not supplant other federal, state, and local funds used for Dungeness crab recreational fisheries management.

NEW SECTION. Sec. 3. After the completion of one season using the Dungeness crab endorsement fee for Puget Sound recreational Dungeness crab fisheries, the department of fish and wildlife shall evaluate the effectiveness of the endorsement fee as a method for improving the accuracy of catch estimates for the Puget Sound recreational Dungeness crab fishery. The department's report shall include how the method has affected their ability to more accurately estimate the preseason allocation of the Puget Sound recreational Dungeness crab fishery and monitor in-season catch. The department shall report their findings to the appropriate committees of the legislature by May 15, 2006.

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect May 15, 2004."

SENATE RESOLUTION NO. 8727

WHEREAS, Chief Leschi was a prominent Nisqually Indian leader who made a profound impression upon our early history as a Territory; and
WHEREAS, Chief Leschi was a benevolent man of great intelligence and character, who acted humanely during times of both war and peace; and
WHEREAS, Chief Leschi led the Nisqually Indians at the time the Treaty of Medicine Creek was signed in December 1854; and
WHEREAS, By the terms of the Treaty, the Nisqually Indians were assigned to a reservation on lands far removed from the Nisqually River and its fisheries which had sustained them for centuries; and
WHEREAS, Chief Leschi met with territorial leaders seeking a reservation with a sufficient land base for the Nisqually people, but was refused; and
WHEREAS, War broke out between Indians and territorial forces, and in the course of war, A. Benton Moses, a soldier in the Washington Territorial Militia, was killed during the Battle of Connell Prairie; and
WHEREAS, Chief Leschi was charged with murder in the death of Moses and was tried before a territorial court.

The trial resulted in a hung jury after the jurors were instructed that killing of a combatant in the time of war was not murder; and
WHEREAS, Chief Leschi was tried a second time and was convicted of murder and sentenced to death by hanging after the court refused to give the jury instruction regarding the death of combatants. The judge also refused to admit into evidence a map of the battleground showing that Chief Leschi could not have traveled the distance required to be in a position to fire at A. Benton Moses; and
WHEREAS, The U.S. Army refused to execute Chief Leschi, who was regarded as a prisoner of war, and he was hanged only after the Territorial Legislature enacted a law enabling local authorities, under color of law, to execute Leschi. Accordingly, the Supreme Court rescheduled his execution, which took place on February 19, 1858; and
WHEREAS, Chief Leschi was the victim of discrimination and was executed because, as the leader of the Nisqually Indians, he vigorously defended the territorial rights of his people; and
WHEREAS, There was at that time, and continues to be, a public outcry over the wrongful conviction and execution of Chief Leschi;

NOW, THEREFORE, BE IT RESOLVED, That the Senate recognize the injustice which occurred in 1858 with the trial and execution of Chief Leschi and reaffirm the commitment to a legal system under which a fair trial is the right of everyone regardless of race or creed; and
BE IT FURTHER RESOLVED, That the Senate recognize Chief Leschi as a courageous leader whose sacrifice for his people is worthy of honor and respect and that the residents of the State of Washington solemnly remember Chief Leschi as a great and noble man; and
BE IT FURTHER RESOLVED, That the Senate join with those who hope that the Nisqually Tribe is successful in its efforts to right a gross injustice through a vacation of his conviction by the Washington Supreme Court; and
BE IT FURTHER RESOLVED, That a copy of this resolution be immediately transmitted by the Secretary of the Senate to Dorian Sanchez, Chairman of the Nisqually Indian Tribal Council, and to Cynthia Iyall, Chairman of the Committee of Leschi Descendants.

SENATE BILL NO. 6411, by Senators Brandland, Rasmussen, Sheahan, Hargrove, Swecker, Brown, Jacobsen, McAuliffe, Regala, Eide, Kline, Kohl-Welles and Winsley

Reducing hunger.

MOTION

On motion of Senator Brandland, the bill was not substituted.

The bill was read the second time.

MOTION

Senator Brandland moved that the following striking amendment by Senators Brandland, Stevens and Hargrove be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature recognizes that hunger and food insecurity are serious problems in the state. Since the United States department of agriculture began to collect data on hunger and food insecurity in 1995, Washington has been ranked each year within the top five states with the highest levels of hunger. A significant number of these households classified as hungry are families with children.

The legislature recognizes the correlation between adequate nutrition and a child’s development and school performance. This problem can be greatly diminished through improved access to federal nutrition programs.

The legislature also recognizes that improved access to federal nutrition and assistance programs, such as the federal food stamp program, can be a critical factor in enabling recipients to gain the ability to support themselves and their families. This is an important step towards self-sufficiency and decreased long-term reliance on governmental assistance and will serve to strengthen families in this state.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.235 RCW to read as follows:

(1) For the purposes of this section:

(a) "Free or reduced-price lunch" means a lunch served by a school district participating in the national school lunch program to a student qualifying for national school lunch program benefits based on family size-income criteria.

(b) "School lunch program" means a meal program meeting the requirements defined by the superintendent of public instruction under subsection (4) of this section.

(c) "Summer food service program" means a meal or snack program meeting the requirements defined by the superintendent of public instruction under subsection (5) of this section.

(2) School districts shall implement a school lunch program in each public school in the district in which educational services are provided to children in any of the grades kindergarten through four and in which twenty-five percent or more of the enrolled students qualify for a free or reduced-price lunch. In developing and implementing its school lunch program, each school district may consult with an advisory committee including school staff, community members, and others appointed by the board of directors of the district.

(3) Applications to determine free or reduced-price lunch eligibility shall be distributed and collected for all households of children in schools containing any of the grades kindergarten through four and in which there are no United States department of agriculture child nutrition programs. The applications that are collected must be reviewed to determine eligibility for free or reduced-price lunches. Nothing in this section shall be construed to require completion or submission of the application by a parent or guardian.

(4) Using the most current available school data on free and reduced-price lunch eligibility, the superintendent of public instruction shall adopt a schedule for implementation of school lunch programs at each school required to offer such a program under subsection (2) of this section as follows:

(a) Schools not offering a school lunch program and in which twenty-five percent or more of the enrolled students are eligible for free or reduced-price lunch shall implement a school lunch program not later than the second day of school in the 2005-06 school year and in each school year thereafter.

(b) The superintendent shall establish minimum standards defining the lunch meals to be served, and such standards must be sufficient to qualify the meals for any available federal reimbursement.

(c) Nothing in this section shall be interpreted to prevent a school from implementing a school lunch program earlier than the school is required to do so.
Each school district shall implement a summer food service program in each public school in the district in which a summer program of academic, enrichment, or remedial services is provided and in which fifty percent or more of the children enrolled in the school qualify for free or reduced-price lunch. However, the superintendent of public instruction shall develop rules establishing criteria to permit an exemption for a school that can demonstrate availability of an adequate alternative summer feeding program. Sites providing meals should be open to all children in the area, unless a compelling case can be made to limit access to the program. The superintendent of public instruction shall adopt a definition of compelling case and a schedule for implementation as follows:

(a) Beginning the summer of 2005 if the school currently offers a school breakfast or lunch program; or
(b) Beginning the summer following the school year during which a school implements a school lunch program under subsection (4) of this section.

(6) Schools not offering a breakfast or lunch program may meet the meal service requirements of subsections (4) and (5) of this section through any of the following:
(a) Preparing the meals on-site;
(b) Receiving the meals from another school that participates in a United States department of agriculture child nutrition program; or
(c) Contracting with a non-school entity that is a licensed food service establishment under RCW 69.07.010.

(7) Requirements that school districts have a school lunch program under this section shall not create or imply any state funding obligation for these costs. The legislature does not intend to include these programs within the state’s obligation for basic education funding under Article IX of the state Constitution.

(8) The requirements in this section shall lapse if the federal reimbursement for any school breakfasts, lunches, or summer food service programs is eliminated.

(9) School districts may be exempted from the requirements of this section by showing good cause why they cannot comply with the office of the superintendent of public instruction to the extent that such exemption is not in conflict with federal or state law.

NEW SECTION. Sec. 3. A new section is added to chapter 74.04 RCW to read as follows:

(1) To the maximum extent allowable by federal law, the department shall implement simplified reporting for the food stamp program by October 31, 2004.

(2) For the purposes of this section, "simplified reporting" means the only change in circumstance that a recipient of a benefit program must report between eligibility reviews is an increase of income that would result in ineligibility for the benefit program or a change of address. Every six months the assistance unit must either complete a semiannual report or participate in an eligibility review.

Sec. 4. RCW 74.08A.010 and 1997 c 58 s 103 are each amended to read as follows:

(1) A family that includes an adult who has received temporary assistance for needy families for sixty months after July 27, 1997, shall be ineligible for further temporary assistance for needy families assistance.

(2) For the purposes of applying the rules of this section, the department shall count any month in which an adult family member received a temporary assistance for needy families cash assistance grant unless the assistance was provided when the family member was a minor child and not the head of the household or married to the head of the household.

(3) The department shall refer recipients who require specialized assistance to appropriate department programs, crime victims’ programs through the department of community, trade, and economic development, or the crime victims’ compensation program of the department of labor and industries.

(4) The department may exempt a recipient and the recipient’s family from the application of subsection (1) of this section by reason of hardship or if the recipient meets the family violence options of section 402(A)(7) of Title IVA of the federal social security act as amended by P.L. 104-193. The number of recipients and their families exempted from subsection (1) of this section for a fiscal year shall not exceed twenty percent of the average monthly number of recipients and their families to which assistance is provided under the temporary assistance for needy families program.

(5) The department shall not exempt a recipient and his or her family from the application of subsection (1) of this section until after the recipient has received fifty-two months of assistance under this chapter.

(6) Beginning on October 31, 2005, the department shall provide transitional food stamp assistance for a period of five months to a household that ceases to receive temporary assistance for needy families assistance. If necessary, the department may extend the household’s food stamp certification until the end of the transition period.

Sec. 5. RCW 74.08.025 and 1997 c 58 s 101 are each amended to read as follows:

(1) Public assistance may be awarded to any applicant:
(a) Who is in need and otherwise meets the eligibility requirements of department assistance programs; and
(b) Who has not made a voluntary assignment of property or cash for the purpose of qualifying for an assistance grant.

(2) Who is not an inmate of a public institution except as a patient in a medical institution or except as an inmate in a public institution who could qualify for federal aid assistance: PROVIDED, That the assistance paid by the department to recipients in nursing homes, or receiving nursing home care, may cover the cost of clothing and incidentals and general maintenance exclusive of medical care and health services. The department may pay a grant to cover the cost of clothing and personal incidentals in public or private medical institutions and institutions for tuberculosis. The department shall allow recipients in nursing homes to retain, in addition to the grant to cover the cost of clothing and incidentals, wages received for work as a part of a training or rehabilitative program designed to prepare the recipient for less restrictive placement to the extent permitted under Title XIX of the federal social security act.

(3) Any person otherwise qualified for temporary assistance for needy families under this title who has resided in the state of Washington for fewer than twelve consecutive months immediately preceding application for assistance is limited to the benefit level in the state in which the person resided immediately before Washington, using the eligibility rules and other definitions established under this chapter, that was obtainable on the date of application in Washington state, if the benefit level of the prior state is lower than the level provided to similarly situated applicants in Washington state. The benefit level under this subsection shall be in effect for the first twelve months a recipient is on temporary assistance for needy families in Washington state.
(3) Any person otherwise qualified for temporary assistance for needy families who is assessed through the state alcohol and substance abuse program as drug or alcohol-dependent and requiring treatment to become employable shall be required by the department to participate in a drug or alcohol treatment program as a condition of benefit receipt.

(4) In order to be eligible for temporary assistance for needy families (and food stamp program) benefits, any applicant with a felony conviction after August 21, 1996, involving drug use or possession, must: (a) Have been assessed as chemically dependent by a chemical dependency program approved under chapter 70.96A RCW and be participating in or have completed a coordinated rehabilitation plan consisting of chemical dependency treatment and vocational services; and (b) have not been convicted of a felony involving drug use or possession in the three years prior to the most current conviction.

(5) Pursuant to 21 U.S.C. 862a(d)(1), the department shall exempt individuals from the eligibility restrictions of 21 U.S.C. 862a(a)(2) to ensure eligibility for federal food assistance.

NEW SECTION. Sec. 6. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

NEW SECTION. Sec. 7. If specific funding for the purposes of section 2 of this act, referencing this act by bill or chapter number, is not provided by June 30, 2004, in the omnibus appropriations act, section 2 of this act is null and void.”

On page 5, line 2, after "families assistance" insert "and is not in sanction status"

Senator Brandland spoke in favor of adoption of the amendment to the striking amendment.

The President declared the question before the Senate to be the adoption of the amendment by Senators Brandland and Zarelli to the striking amendment on page 5, line 2 to Senate Bill No. 6411.

The motion by Senator Brandland carried and the striking amendment as amended was adopted by voice vote.

There being no objection, the following title amendment was adopted:

On page 1, line 1 of the title, after "hunger;" strike the remainder of the title and insert "amending RCW 74.08A.010 and 74.08.025; adding a new section to chapter 28A.235 RCW; adding a new section to chapter 74.04 RCW; and creating new sections.”

MOTION

On motion of Senator Brandland, the rules were suspended, Engrossed Senate Bill No. 6411 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Senator Brandland spoke in favor of passage of the bill.

MOTION

On motion of Senator Hewitt, Senators Finkbeiner and Horn were excused.

POINT OF INQUIRY

Senator Stevens: “Would Senator Brandland yield to a question? Senator Brandland, is it the intent of Section IV, subsection VI of the amendment to extend basic food transition benefits for five months to people who are leaving public assistance because they are no longer eligible because they have a job?”

Senator Brandland: “Yes.”

Senator Stevens: “Is it the intent of this bill to continue to provide them food stamps as an incentive to continue work, allowing them to earn more money while still receiving basic food benefits for which they might not otherwise be eligible and succeed in the transition to work?”

Senator Brandland: “Yes.”

Senator Stevens: “Is it the intent of this bill to extend transitional basic food benefits to those who leave TANIF in sanction status because they are not cooperating with DSHS and are unwilling to participate in work or the work related activities required by the department?”

Senator Brandland: “No, that is not the intent of the legislation. We have amended this bill to specifically reflect our intent by no longer requiring the department to extend these benefits to the maximum allowable by the Federal government.”

Senator Stevens spoke in favor of passage of the bill.

POINT OF INQUIRY
Senator Fraser: “Would Senator Brandland yield to a question? I tried to listen carefully to the question and answer that was going on and I didn’t quite understand what the intent is with regard to Federal maximums for receipt of food stamps. I couldn’t tell if the intent of the bill is to allow for the state to allow people to receive food stamps for the maximum amount of time or if the intent is to not allow people to receive them for the maximum amount of time that Federal law allows.”

Senator Brandland: “To the best of my knowledge what we are trying to do here, and what I did is, I actually had a phrase removed from that particular section of the bill. That phrase was ‘to the maximum extent allowable by Federal law’ and what that was going to do, if we left that particular language in there, it was going to make for a huge fiscal note for this particular bill. By putting that in there and allowing them to scale it back, it made this bill fiscally responsible enough that we could actually run it. If we did not have that language, I don’t think that this bill would have been able to get through the process. Does that answer your question? I would be more than happy to present you with some folks outside that will perhaps give you that answer.”

Senator Franklin spoke on passage of the bill.
Senator Regala spoke in favor of passage of the bill.
The President declared the question before the Senate to be the final passage of Engrossed Senate Bill No. 6411.

ROLL CALL

ENGROSSED SENATE BILL NO. 6411, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PERSONAL PRIVILEGE

Senator McCaslin: “A point of personal privilege. Ladies and gentlemen please listen to my advice that is coming up. I realize I don’t know everything and I know when you get free advice it’s worth what you pay for, but having experienced the Senate for some twenty-four years, I’ve learned just a little bit. And what I learned years ago was when a very, very aggressive Senator got up and after I moved a bill and he said ‘Mr. President, will Senator McCaslin yield to a question’ and I rose and I said ‘Yes I will yield’. He asked me a question that I don’t think the bar association could answer. When he got through I said ‘Mr. President, I said I’d yield, I didn’t say I’d answer the question. I sat down. And that’s a lesson for you Senator. Sometimes people, I know they didn’t ask to embarrass you, you understand that any one bill there could be a million questions on. So the best thing is, if you don’t know the answer just say ‘I’m sorry I don’t know the answer’ and sit down. Remember Magnuson. ‘A politician never get’s in trouble for what he doesn’t say’ and we should all remember that lesson.”

SUBSTITUTE HOUSE BILL NO. 2455, by House Committee on Education (originally sponsored by Representatives Santos, Anderson and G. Simpson)

Providing for financial literacy.

The bill was read the second time.

MOTION

Senator Benton moved that the following committee striking amendment by the Committee on Financial Services, Insurance & Housing be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the average high school student lacks a basic knowledge of personal finance. In addition, the legislature recognizes the damaging effects of not properly preparing youth for the financial challenges of modern life, including bankruptcy, poor retirement planning, unmanageable debt, and a lower standard of living for Washington families.

The legislature finds that the purpose of the state's system of public education is to help students acquire the skills and knowledge they will need to be productive and responsible 21st century citizens.

The legislature further finds that responsible citizenship includes an ability to make wise financial decisions. The legislature further finds that financial literacy could easily be included in lessons, courses, and projects that demonstrate each student's understanding of the state's four learning goals, including goal four: Understanding the importance of work and how performance, effort, and decisions directly affect future opportunities.

The legislature intends to assist school districts in their efforts to ensure that students are financially literate through identifying critical financial literacy skills and knowledge, providing information on instructional materials, and creating a public-private partnership to help provide instructional tools and professional development to school districts that wish to increase the financial literacy of their students.

NEW SECTION. Sec. 2. (1) A financial literacy public-private partnership is established, composed of up to four members representing the legislature, one from and appointed by the office of the superintendent of public instruction, one from and appointed by the department of financial institutions, up to four from the financial services sector, and four educators. One or two members of the senate, one of whom is a member of the senate committee on financial services, insurance and housing, shall be appointed by the president of the senate. One or two members of the house of representatives, one of whom is a member of the house committee on financial institutions and insurance, shall be appointed by the speaker of the house of representatives. The superintendent of public instruction shall appoint the members from the financial services sector and educator members. The chair of the partnership shall be selected by the members of the partnership.

(2) To the extent funds are appropriated or are available for this purpose, technical and logistical support may be provided by the office of the superintendent of public instruction, the organizations composing the partnership, and other participants in the financial literacy public-private partnership. The superintendent of public instruction shall compile the initial list of members and convene the first meeting of the partnership.

(3) The members of the committee shall be appointed by July 1, 2004.

(4) Legislative members of the partnership shall receive per diem and travel under RCW 44.04.120.

(5) Travel and other expenses of members of the partnership shall be provided by the agency, association, or organization that member represents.

NEW SECTION. Sec. 3. (1) By September 30, 2004, the financial literacy public-private partnership shall adopt a definition of financial literacy to be used in educational efforts.

(2) By June 30, 2005, the financial literacy public-private partnership shall identify strategies to increase the financial literacy of public school students in our state. To the extent funds are available, strategies to be considered by the partnership shall include, but not be limited to:

(a) Identifying and making available to school districts:

(i) Important financial literacy skills and knowledge;

(ii) Ways in which teachers at different grade levels may integrate financial literacy in mathematics, social studies, and other course content areas;

(iii) Instructional materials and programs, including schoolwide programs, that include the important financial literacy skills and knowledge;
(iv) Assessments and other outcome measures that schools and communities may use to determine whether students are financially literate; and
(v) Other strategies for expanding and increasing the quality of financial literacy instruction in public schools, including professional development for teachers;
(b) Developing a structure and set of operating principles for the financial literacy public-private partnership to assist interested school districts in improving the financial literacy of their students by providing such things as financial literacy instructional materials and professional development; and
(c) Providing a report to the governor, the house and senate financial institutions and education committees of the legislature, the superintendent of public instruction, the state board of education, and education stakeholder groups, on the results of work of the financial literacy public-private partnership. A final report shall be submitted to the same parties by June 30, 2007.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.230 RCW to read as follows:
(1) To the extent funds are appropriated or are available for this purpose, the superintendent of public instruction and other members of the partnership created in section 2 of this act, shall make available to school districts the list of identified financial literacy skills and knowledge, instructional materials, assessments, and other relevant information.
(2) Each school district is encouraged to provide its students with an opportunity to master the financial literacy skills and knowledge developed under section 3 of this act.
(3) For the purposes of this act, it is unnecessary to evaluate and apply the office of the superintendent of public instruction essential academic learning requirements, or to develop grade level expectations.

NEW SECTION. Sec. 5. The task of the financial literacy public-private partnership is to seek out and determine the best methods of equipping students with the knowledge and skills they need, before they become self-supporting, in order for them to make critical decisions regarding their personal finances. The components of personal financial literacy examined shall include, at a minimum, consumer financial education, personal finance, and personal credit. The partnership shall identify the types of outcome measures expected from participating students, in accordance with the definitions and outcomes developed under section 3 of this act.

NEW SECTION. Sec. 6. A new section is added to chapter 28A.300 RCW to read as follows:
The Washington financial literacy public-private partnership account is hereby created in the custody of the state treasurer. The purpose of the account is to support the financial literacy public-private partnership, and to provide financial literacy opportunities for students and financial literacy professional development opportunities for the teachers providing those educational opportunities. Revenues to the account may include gifts from the private sector, federal funds, and any appropriations made by the legislature or other sources. Grants and their administration shall be paid from the account. Only the superintendent of public instruction or the superintendent’s designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 7. The financial literacy public-private partnership expires June 30, 2007." The President declared the question before the Senate to be the adoption of the committee striking amendment by the committee on Financial Services, Insurance & Housing to Substitute House Bill No. 2455.

Senators Benton and Keiser spoke in favor of passage of the bill.

POINT OF INQUIRY

Senator McAuliffe: “Would Senator Benton yield to a question? Since this went through in another committee other than Education, I’m just curious to know how this group of twelve to fourteen members, what will finance meetings and if there is not an expense for the group to come together.”
Senator Benton: “The original bill would have had the agencies paying for that. That was our concern. So we went back to the drawing board and that’s why we have created a public private partnership. So the cost involved in the meetings will be borned through a trust that’s set up that will be paid for by private companies.”

Senator McAuliffe: “I see, so there’s no public dollars, is that correct?”
Senator Benton: “No.”

Senators Hargrove and Eide spoke in favor of passage of the bill.

MOTION

Senator Benton moved that the following amendment by Senators Benton, Winsley, Berkey and Prentice to the committee striking amendment be adopted:

On page 4, after line 3 of the amendment, insert the following:

"NEW SECTION. Sec. 2. (1) This chapter may be known and cited as the "third party utility billing act." The purpose of this chapter is to prevent landlords, either themselves or through a third party billing agent, from billing tenants for master metered or unmetered utility services without proper notice and disclosure of billing practices to tenants, to protect tenants from deceptive or fraudulent billing practices, and to establish uniform statewide standards for third party utility billing that do not permit the adoption of inconsistent or more restrictive standards by any city, code city, or county.

(2) This chapter does not prevent a landlord from including a tenant’s cost of master metered or unmetered utility services within the rent set forth in a rental agreement, and the practice of including that cost within a tenant’s rent is not a billing practice or methodology affected by this chapter.

(3) This chapter does not affect the practices used by public utilities to bill and collect residential multiunit building owners or landlords for master metered or unmetered utility services.

NEW SECTION. Sec. 3. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Billing entity" means the landlord or third party billing agent responsible for billing multiunit building tenants for master metered or unmetered utility services.

(2) "Disclosure" means providing tenants with complete and accurate written information in a clear, concise, and understandable manner in all notices required under this chapter and on each bill presented from the billing entity to tenants.

(3) "Landlord" has the meaning provided in RCW 59.18.030.

(4) "Master metered utility service" means a utility service supplied to more than one unit in a multiunit building and measured through a single inclusive metering system.

(5) "Methodology" means any method, technique, or criterion used to apportion to tenants charges billed to the landlord by the utility for master metered or unmetered utility services, including but not limited to, ratio utility billing systems, submetering systems, and hot water metering systems.

(6) "Multiunit building" means a residential building, or group of buildings with three or more dwelling units, as defined in RCW 59.18.030 with a master metered utility service or unmetered utility service that is provided to the building or group of buildings as a whole.

(7) "Ratio utility billing system" means any method by which the cost of master metered or unmetered utility services provided to tenants and common areas of a multiunit building are apportioned to tenants through the use of a formula that estimates the utility usage of each rental unit in the multiunit building based on the number of occupants in a unit, number of bedrooms in a unit, square footage of a unit, or any similar criterion.

(8) "Rental agreement" has the meaning provided in RCW 59.18.030.

(9) "Tenant" has the meaning provided in RCW 59.18.030.

(10) "Billing practices" means the practices of a billing entity that apportions and bills multiunit building tenants for master metered or unmetered utility services provided to the multiunit building as a whole by an apportioning methodology and also means any related practices including but not limited to, collecting, using, or disclosing tenants’ personally identifiable information, other than name, address, and number of occupants. Only such information may be conveyed to third parties.

(11) "Third party billing agent" means any entity retained or authorized by a landlord as a billing entity.

(12) "Unmetered" or " unmetered utility services" means utilities provided to more than one unit of a multiunit building, in which the bill from the utility is based on a method other than a meter and includes, but is not limited to, sewer and solid waste services.

(13) "Utilities" or "utility services" means water, sewer, electric, and solid waste services.

NEW SECTION. Sec. 4. A landlord of a multiunit building may only bill tenants for utility services separately from rent if the city, town, county, or other municipality where the multiunit building is located has implemented laws and ordinances relating to third-party utility billings that are consistent with this chapter.
NEW SECTION. Sec. 5. (1) A landlord may or may authorize a third party billing agent to bill tenants of a multiunit building for master metered or unmetered utility services provided to the tenants, only if the following requirements are met:

(a) Billing practices may be adopted only upon advance written notice to a tenant as part of a new or renewed rental agreement. Tenants must receive written notice of the billing practices at least thirty days before expiration of their rental agreements, or, in the case of month-to-month tenancies, at least thirty days before the billing practices may become effective. However, if billing practices are already in place on the effective date of this act, written notice must be given within thirty days of the effective date of this act.

(b) The notice required under (a) of this subsection shall include a detailed written disclosure of the methodology used by the billing entity to allocate the charges to each tenant, including the methodology used to allocate utility services for common areas of the multiunit building, along with all other terms and conditions of the billing arrangement. If submetering is used, the notice shall also include descriptions of the location of the submeter and any access requirements to tenant dwelling units for submeter installation, reading, repair, maintenance, or inspections, including removal of the submeter for testing. Access requirements shall be consistent with the provisions of RCW 59.18.150. An additional written notice must also be given at least thirty days prior to the due date of the next rental payment in order to implement a change in billing agents, apportionment methodology, fees, or other terms and conditions of the billing arrangement.

(c) The total of all charges for any utility service included in the bills sent to all units may not cumulatively exceed the amount of the bill sent by the utility to the landlord for the multiunit building or the covered dwelling units in the multiunit building as a whole, less any late charges, interest, or other penalties owed by the landlord, with the exception of the following, which may be included in each bill covering an individual dwelling unit:

(i) A service charge of no more than two dollars per utility per month, not to exceed a cumulative service charge of five dollars per month for all the utilities included in the bill;

(ii) Late payment charges of no more than five dollars per month plus interest at a rate not to exceed one percent per month;

(iii) Insufficient funds check charges for dishonored checks, not to exceed thirty-one dollars per dishonored check; and

(iv) A one-time account activation fee of five dollars.

The charges under this subsection may be adjusted and increased on an annual basis by an amount not to exceed the greater of the consumer price index or three percent.

Service charges, late payment charges, and insufficient funds check charges shall be reasonable, and shall be a flat fee, or schedule of fees disclosed in the billing practice notices. No late payment charges may accrue until at least twenty-one days after the date the bill was mailed to the tenant or until twenty-one days after the bill was delivered to the tenant if the bill was not mailed.

(d) Any third party billing agent must be properly registered and licensed to do business in this state and must be in compliance with all applicable state laws and rules, and all applicable state license identification numbers, if any, must be disclosed upon request.

(e) Each billing statement sent to a tenant by a billing entity must disclose all required information in a clear and conspicuous manner and at minimum must:

(i) Include the name, business address, and telephone number of the billing entity;

(ii) Identify and show the basis for each separate charge, including service charges and late charges, if any, as a line item, and show the total amount of the bill;

(iii) If the building units are submetered, include:

(A) The current and previous submeter readings, the current read dates, and the amount concerned; and

(B) If the landlord was provided with an estimated bill from the serving utility, whether the tenant billing is also an estimated billing or whether it was prepared on the basis of factual submetered usage consistent with normal serving utility service charges;

(iv) Specify the due date, the date upon which the bill becomes overdue, the amount of any late charges or penalties that may apply, and the date upon which the late charges or penalties may be imposed;

(v) Identify any past due dollar amounts;

(vi) Identify a mailing address and telephone number for billing inquiries and disputes, identify the entity responsible for resolving billing inquiries and disputes and its business hours and days of availability, and describe the process used to resolve disputes related to bills as set forth in this chapter; and

(vii) Include a statement to the effect that “this bill is from (landlord name) and not from (utility company name).”
If a utility company has billed the landlord using an estimate of utility service consumed, the billing agent may estimate the charges to be billed to tenants until billing based on actual consumption resumes.

Submetering is permitted as a way of allocating master metered utility services to tenants.

This section does not prevent a landlord from addressing billing of master metered or other unmetered utility services in a written addendum to a lease. A lease addendum may be used to give the notice required under subsection (1)(a)

The state of Washington fully occupies and preempts the entire field of residential third party utility billings. Cities, towns, and counties or other municipalities may enact only those laws and ordinances relating to third party utility billings that are consistent with this chapter. Local laws and ordinances that are inconsistent with, more restrictive than, or exceed the requirements of state law may not be enacted and are preempted and repealed, regardless of the nature of the code, charter, or home rule status of the city, town, county, or municipality.

Further, no sale is authorized by this section unless the department is satisfied that the amounts to be received from the several purchasers will equal or exceed the appraised price of the entire parcel plus any costs of publishing notices.

(4) If no sale or exchange is consummated as provided in subsections (1) through (3) of this section, the department shall sell the properties in the same manner as state lands are sold.

MESSAGE FROM THE HOUSE

March 3, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6208, with the following amendments(s).

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 57.08.005 and 2003 c 394 s 5 are each amended to read as follows:

A district shall have the following powers:

(1) To acquire by purchase or condemnation, or both, all lands, property and property rights, and all water and water rights, both within and without the district, necessary for its purposes. The right of eminent domain shall be exercised in the same manner and by the same procedure as provided for cities and towns, insofar as consistent with this title, except that all assessment or reassessment rolls to be prepared and filed by eminent domain commissioners or commissioners"
appointed by the court shall be prepared and filed by the district, and the duties devolving upon the city treasurer are imposed upon the county treasurer;

(2) To lease real or personal property necessary for its purposes for a term of years for which that leased property may reasonably be needed;

(3) To construct, condemn and purchase, add to, maintain, and supply waterworks to furnish the district and inhabitants thereof and any other persons, both within and without the district, with an ample supply of water for all uses and purposes public and private with full authority to regulate and control the use, content, distribution, and price thereof in such a manner as is not in conflict with general law and may construct, acquire, or own buildings and other necessary district facilities. Where a customer connected to the district’s system uses the water on an intermittent or transient basis, a district may charge for providing water service to such a customer, regardless of the amount of water, if any, used by the customer. District waterworks may include facilities which result in combined water supply and electric generation, if the electricity generated thereby is a byproduct of the water supply system. That electricity may be used by the district or sold to any entity authorized by law to use or distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of water supply. For such purposes, a district may take, condemn and purchase, acquire, and retain water from any public or navigable lake, river or watercourse, or any underflowing water, and by means of aqueducts or pipeline conduct the same throughout the district and any city or town therein and carry it along and upon public highways, roads, and streets, within and without such district. For the purpose of constructing or laying aqueducts or pipelines, dams, or waterworks or other necessary structures in storing and retaining water or for any other lawful purpose such district may occupy the beds and shores up to the high water mark of any such lake, river, or other watercourse, and may acquire by purchase or condemnation such property or property rights or privileges as may be necessary to protect its water supply from pollution. For the purposes of waterworks which include facilities for the generation of electricity as a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner;

(4) To purchase and take water from any municipal corporation, private person, or entity. A district contiguous to Canada may contract with a Canadian corporation for the purchase of water and for the construction, purchase, maintenance, and supply of waterworks to furnish the district and inhabitants thereof and residents of Canada with an ample supply of water under the terms approved by the board of commissioners;

(5) To construct, condemn and purchase, add to, maintain, and operate systems of sewers for the purpose of furnishing the district, the inhabitants thereof, and persons outside the district with an adequate system of sewers for all uses and purposes, public and private, including but not limited to on-site sewage disposal facilities, approved septic tanks or approved septic tank systems, on-site sanitary sewerage systems, inspection services and maintenance services for private and public on-site systems, point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a district, other facilities, programs, and systems for the collection, interception, treatment, and disposal of wastewater, and for the control of pollution from wastewater with full authority to regulate the use and operation thereof and the service rates to be charged. Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner’s agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer. Sewage facilities may include facilities which result in combined sewage disposal or treatment and electric generation, except that the electricity generated thereby is a byproduct of the system of sewers. Such electricity may be used by the district or sold to any entity authorized by law to distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of sewage disposal or treatment. For such purposes a district may conduct sewage throughout the district and throughout other political subdivisions within the district, and construct and lay sewer pipe along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights of way necessary for such sewer pipe. A district may erect sewage treatment plants within or without the district, and may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also other areas of land from pollution from its sewers or its sewage treatment plant. For the purposes of sewage facilities which include facilities that result in combined sewage disposal or treatment and electric generation where the electric generation is a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owners;

(6)(a) To construct, condemn and purchase, add to, maintain, and operate systems of drainage for the benefit and use of the district, the inhabitants thereof, and persons outside the district with an adequate system of drainage, including but
not limited to facilities and systems for the collection, interception, treatment, and disposal of storm or surface waters, and for the protection, preservation, and rehabilitation of surface and underground waters, and drainage facilities for public highways, streets, and roads, with full authority to regulate the use and operation thereof and, except as provided in (b) of this subsection, the service rates to be charged.

(b) The rate a district may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

c) Drainage facilities may include natural systems. Drainage facilities may include facilities which result in combined drainage facilities and electric generation, except that the electricity generated thereby is a byproduct of the drainage system. Such electricity may be used by the district or sold to any entity authorized by law to distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of drainage collection, disposal, and treatment. For such purposes, a district may conduct storm or surface water throughout the district and throughout other political subdivisions within the district, construct and lay drainage pipe and culverts along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights of way necessary for such drainage systems. A district may provide or erect facilities and improvements for the treatment and disposal of storm or surface water within or without the district, and may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also other areas of land from pollution from storm or surface waters. For the purposes of drainage facilities which include facilities that also generate electricity as a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owners;

(7) To construct, condemn, acquire, and own buildings and other necessary district facilities;

(8) To compel all property owners within the district located within an area served by the district’s system of sewers to connect their private drain and sewer systems with the district’s system under such penalty as the commissioners shall prescribe by resolution. The district may for such purpose enter upon private property and connect the private drains or sewers with the district system and the cost thereof shall be charged against the property owner and shall be a lien upon property served;

(9) Where a district contains within its borders, abuts, or is located adjacent to any lake, stream, ground water as defined by RCW 90.44.035, or other waterway within the state of Washington, to provide for the reduction, minimization, or elimination of pollutants from those waters in accordance with the district’s comprehensive plan, and to issue general obligation bonds, revenue bonds, local improvement district bonds, or utility local improvement bonds for the purpose of paying all or any part of the cost of reducing, minimizing, or eliminating the pollutants from these waters;

(10) Subject to subsection (6) of this section, to fix rates and charges for water, sewer, and drain service supplied and to charge property owners seeking to connect to the district’s systems, as a condition to granting the right to so connect, in addition to the cost of the connection, such reasonable connection charge as the board of commissioners shall determine to be proper in order that those property owners shall bear their equitable share of the cost of the system. For the purposes of calculating a connection charge, the board of commissioners shall determine the pro rata share of the cost of existing facilities and facilities planned for construction within the next ten years and contained in an adopted comprehensive plan and other costs borne by the district which are directly attributable to the improvements required by property owners seeking to connect to the system. The cost of existing facilities shall not include those portions of the system which have been donated or which have been paid for by grants. The connection charge may include interest charges applied from the date of construction of the system until the connection, or for a period not to exceed ten years, whichever is shorter, at a rate commensurate with the rate of interest applicable to the district at the time of construction or major rehabilitation of the system, or at the time of installation of the lines to which the property owner is seeking to connect. In lieu of requiring the installation of permanent local facilities not planned for construction by the district, a district may permit connection to the water and/or sewer systems through temporary facilities installed at the property owner’s expense, provided the property owner pays a connection charge consistent with the provisions of this chapter and agrees, in the future, to connect to permanent facilities when they are installed; or a district may permit connection to the water and/or sewer systems through temporary facilities and collect from property owners so connecting a proportionate share of the estimated cost of future local facilities needed to serve the property, as determined by the district. The amount collected, including interest at a rate commensurate with the rate of interest applicable to the district at the time of construction of the temporary facilities, shall be held for contribution to the
construction of the permanent local facilities by other developers or the district. The amount collected shall be deemed full satisfaction of the proportionate share of the actual cost of construction of the permanent local facilities. If the permanent local facilities are not constructed within fifteen years of the date of payment, the amount collected, including any accrued interest, shall be returned to the property owner, according to the records of the county auditor on the date of return. If the amount collected is returned to the property owner, and permanent local facilities capable of serving the property are constructed thereafter, the property owner at the time of construction of such permanent local facilities shall pay a proportionate share of the cost of such permanent local facilities, in addition to reasonable connection charges and other charges authorized by this section. A district may permit payment of the cost of connection and the reasonable connection charge to be paid with interest in installments over a period not exceeding fifteen years. The county treasurer may charge and collect a fee of three dollars for each year for the treasurer’s services. Those fees shall be a charge to be included as part of each annual installment, and shall be credited to the county current expense fund by the county treasurer. Revenues from connection charges excluding permit fees are to be considered payments in aid of construction as defined by department of revenue rule. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A water-sewer district shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using water-sewer district employees unless the on-site system is connected by a publicly owned collection system to the water-sewer district’s sewerage system, and the on-site system represents the first step in the sewage disposal process.

Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state of Washington and state property, shall be subject to rates and charges for sewer, water, storm water control, drainage, and street lighting facilities to the same extent private persons and private property are subject to those rates and charges that are imposed by districts. In setting those rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property;

(11) To contract with individuals, associations and corporations, the state of Washington, and the United States;
(12) To employ such persons as are needed to carry out the district’s purposes and fix salaries and any bond requirements for those employees;
(13) To contract for the provision of engineering, legal, and other professional services as in the board of commissioner’s discretion is necessary in carrying out their duties;
(14) To sue and be sued;
(15) To loan and borrow funds and to issue bonds and instruments evidencing indebtedness under chapter 57.20 RCW and other applicable laws;
(16) To transfer funds, real or personal property, property interests, or services subject to RCW 57.08.015;
(17) To levy taxes in accordance with this chapter and chapters 57.04 and 57.20 RCW;
(18) To provide for making local improvements and to levy and collect special assessments on property benefitted thereby, and for paying for the same or any portion thereof in accordance with chapter 57.16 RCW;
(19) To establish street lighting systems under RCW 57.08.060;
(20) To exercise any of the powers granted to water-sewer districts by this title or other applicable laws; and
(21) To exercise any of the powers granted to cities and counties with respect to the acquisition, construction, maintenance, operation of, and fixing rates and charges for waterworks and systems of sewerage and drainage.”

NEW SECTION. Sec. 2. A new section is added to chapter 35.13A RCW to read as follows:

(1) A city having a population of less than five thousand residents may not assume, under this chapter, the jurisdiction of all or part of a water-sewer district serving a population greater than one thousand residents and containing, within its boundaries, the territory of two or more cities, or one city and unincorporated territory, unless voters of the entire water-sewer district approve a ballot proposition authorizing the assumption under general election law. The cost of the election shall be borne by the city seeking approval to assume jurisdiction of a water-sewer district.

(2) A city or town may assume jurisdiction over a water-sewer district located within its boundaries without seeking approval of the voters, as required under subsection (1) of this section, if the board of commissioners of the water-sewer district consent to the assumption of jurisdiction by the city or town. The feasibility study required under subsection (3) of

NEW SECTION. Sec. 3. A new section is added to chapter 84.36 RCW to read as follows:

"A water-sewer district located within the boundaries of a city or town may not be dissolved without the consent of the city or town. A water-sewer district may not be dissolved unless it is dissolved by order of a judge of the superior court in a civil action brought by the city or town.”
this section is not required if the board of commissioners of the water-sewer district consents to the assumption of jurisdiction by the city or town.

(3) Following the passage of a resolution by a city or town to assume all or part of a special purpose water-sewer district under this chapter, a feasibility study of such assumption shall be conducted, unless the board of commissioners of the water-sewer district consent to the assumption of jurisdiction by the city or town as provided under subsection (2) of this section. The study will be jointly and equally funded by the city and the district through a mutually agreed contract with a qualified independent consultant with professional expertise involving public water and sewer systems. The study shall address the impact of the proposed assumption on both the city and district. Issues to be considered shall be mutually agreed to by the city and the district and shall include, but not be limited to, engineering and operational impacts, costs of the assumption to the city and the district including potential impacts on future water-sewer rates, bond ratings and future borrowing costs, status of existing water rights, and other issues jointly agreed to. The findings of the joint study shall be presented as a public record that is available to the registered voters of the district, both within and without the boundary of the city conducting the assumption, prior to a vote on the proposed assumption by all the voters in the district. The study shall be completed within six months of the passage of the resolution to assume the district. No vote shall take place until such study has been completed and the results have been made available to the registered voters of the district.

(4) This section is applicable to assumptions of jurisdiction of water-sewer districts by cities or towns that have been initiated prior to the effective date of this act and which are pending as of that date, as well as those assumptions of jurisdiction that are initiated on or after the effective date of this act.

(5) Once the voters in a water-sewer district have made the decision to approve or disapprove an assumption through the ballot proposition process required under subsection (1) of this section, a boundary review board does not have jurisdiction, under chapter 36.93 RCW, to conduct a review of such assumption where the attempted or completed assumption involves not more than one city.

WHEREAS, The Territory of Washington was created by Act of Congress and approved by President Millard Fillmore on March 2, 1853; and

INTRODUCTION OF SPECIAL GUESTS

The President welcomed and introduced Secretary of State, Sam Reed who was seated at the Rostrum.

REMARKS BY SECRETARY OF STATE, SAM REED

Secretary of State Sam Reed: “Thank you, Mr. President, members of the Washington State Senate. It’s been a great privilege and honor to serve as the Chair for the Washington Territorial Sesquicentennial Commission. Now, I’d like to ask now if everybody in unison could repeat that back. Washington Territorial Sesquicentennial Commission. One thing that has been kind of humorous as I’ve gone around the state is having people introduce me. You did pretty well actually with it. The territory of Washington as of March 2, last year, celebrated one-hundred-fifty anniversary. And you may recall, I was here then. We have culminated our commemration with the commencement of the Territorial Legislature which is actually February 27, 1854. That indeed was a historic moment, your predecessors did come here and your resolution described very well the conditions they were under. Could you imagine, what the challenge for you today dealing with all this. Could you imagine starting a government and really from scratch and without much direction because they were so far away from the East Coast. And they were really on their own. Governor Isaac Stevens first delivered his message on February 28, the second day. The first bill that was passed by the Legislature established the Board of Commissioners, prepared a code of law but of course they had no laws here in the territory. One of the other bills was passed right away, I think it was May 2 or 3 was establishing the Washington State Library and that’s because, I think I mentioned this to you last year, that the Organic Apt that created the Washington Territory. One of the provisions was you shall have a territorial library and they actually appropriated five-thousand dollars. Isaac Stevens went shopping in Philadelphia, Baltimore, put it on a ship, shipped around the horn. Imagine what five-thousand dollars could do. They had four tons of books that arrived here in Olympia. The first territorial legislature had to do something about those books because they were just stacked up in a warehouse. They created eight new counties; Skamania, Whatcom, Mason, Grays Harbor, Cowlitz, Wakiakum, Walla Walla and Clallum. The key event of the last few days of the session took place on April 17, when the two houses met in joint session to elect territorial officers. The officers elected were; Printer, Treasurer, Librarian and Auditor. The Secretary of the Territory, my predecessor, as Secretary of State was appointed by the President. Like the Governor, was as a federal appointee and actually provided the on-going continuity. So we’ve had, you’ve had one-hundred-fifty years of glorious history of Washington State and the Washington Territory that proceeded, it was often was viewed as being a bell weather state for the country in terms of progressive legislation and being out front on new issues. You’ve continued that in terms of your make up, in terms of the kind of public policy that’s been adopted. I commend you and I thank you for commerating the day, the one-hundred-fiftieth anniversary of the commencement of the Legislature in Territory of the State of Washington. Thank you.”

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.61.690 and 1983 c 247 s 1 are each amended to read as follows:

Any person who uses a toll bridge, toll tunnel, toll road, or toll ferry, and the approaches thereto, operated by the state of Washington, the department of transportation, ((or any)) a political subdivision or municipal corporation empowered to operate toll facilities, or an entity operating a toll facility under a contract with the department of transportation, a political subdivision, or municipal corporation, at the entrance to which appropriate signs have been erected to notify both pedestrian and vehicular traffic that it is entering a toll facility or its approaches and is subject to the payment of tolls, commits a traffic infraction if:

Sec. 2. RCW 46.63.030 and 2002 c 279 s 14 are each amended to read as follows:

(1) A law enforcement officer has the authority to issue a notice of traffic infraction:
(a) When the infraction is committed in the officer’s presence;
(b) When the officer is acting upon the request of a law enforcement officer in whose presence the traffic infraction was committed; ((ae))
(c) If an officer investigating at the scene of a motor vehicle accident has reasonable cause to believe that the driver of a motor vehicle involved in the accident has committed a traffic infraction; or
(d) When the notice of infraction is detected through the use of a photo enforcement system under section 6 of this act.

(2) A court may issue a notice of traffic infraction upon receipt of a written statement of the officer that there is reasonable cause to believe that an infraction was committed.

(3) If any motor vehicle without a driver is found parked, standing, or stopped in violation of this title or an equivalent administrative regulation or local law, ordinance, regulation, or resolution, the officer finding the vehicle shall take its information number and may take any other information displayed on the vehicle which may identify its user, and shall conspicuously affix to the vehicle a notice of traffic infraction.

(4) In the case of failure to redeem an abandoned vehicle under RCW 46.55.120, upon receiving a complaint by a registered tow truck operator that has incurred costs in removing, storing, and disposing of an abandoned vehicle, an officer of the law enforcement agency responsible for directing the removal of the vehicle shall send a notice of infraction by certified mail to the last known address of the person responsible under RCW 46.55.105. The notice must be entitled “Littering—Abandonment—Vehicle” and give notice of the monetary penalty. The officer shall append to the notice of infraction, on a form prescribed by the department of licensing, a notice indicating the amount of costs incurred as a result of removing, storing, and disposing of the abandoned vehicle, less any amount realized at auction, and a statement that monetary penalties for the infraction will not be considered as having been paid until the monetary penalty payable under this chapter has been paid and the court is satisfied that the person has made restitution in the amount of the deficiency remaining after disposal of the vehicle.

NEW SECTION.  Sec. 3. A new section is added to chapter 46.63 RCW to read as follows:

(1) In a traffic infraction case involving an infraction detected through the use of a photo enforcement system under section 6 of this act, proof that the particular vehicle described in the notice of traffic infraction was in violation of any such provision of section 6 of this act, together with proof that the person named in the notice of traffic infraction was at the time of the violation the registered owner of the vehicle, constitutes in evidence a prima facie presumption that the registered owner of the vehicle was in control of the vehicle at the point where, and for the time during which, the violation occurred.

(2) This presumption may be overcome only if the registered owner states, under oath, in a written statement to the court or in testimony before the court that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner.

Sec. 4. RCW 46.16.216 and 1990 2nd ex.s. c 1 s 401 are each amended to read as follows:

(1) To renew a vehicle license, an applicant shall satisfy all listed standing, stopping, and parking violations, and other infractions issued under RCW 46.63.030(1)(d) for the vehicle incurred while the vehicle was registered in the applicant’s name and forwarded to the department pursuant to RCW 46.20.270(3). For the purposes of this section, “listed” standing, stopping, and parking violations and other infractions issued under RCW 46.63.030(1)(d) include only those violations in which notice has been received from state or local agencies or courts by the department one hundred twenty days or more before the date the vehicle license expires and that are placed on the records of the department. Notice of such violations received by the department later than one hundred twenty days before that date that are not satisfied shall be considered by the department in connection with any applications for license renewal in any subsequent license year. The renewal application may be processed by the department or its agents only if the applicant;
(a) Presents a preprinted renewal application showing no listed standing, stopping, ((and)) or parking violations, or other infractions issued under RCW 46.63.030(1)(d), or in the absence of such presentation, the agent verifies the information that would be contained on the preprinted renewal application; or
(b) If listed standing, stopping, ((and)) or parking violations, or other infractions issued under RCW 46.63.030(1)(d) exist, presents proof of payment and pays a fifteen dollar surcharge.

(2) The surcharge shall be allocated as follows:
(a) Ten dollars shall be deposited in the motor vehicle fund to be used exclusively for the administrative costs of the department of licensing; and
(b) Five dollars shall be retained by the agent handling the renewal application to be used by the agent for the administration of this section.

(3) If there is a change in the registered owner of the vehicle, the department shall forward the information regarding the change to the state or local charging jurisdiction and release any hold on the renewal of the vehicle license resulting from parking violations or other infractions issued under RCW 46.63.030(1)(d) incurred while the certificate of license registration was in a previous registered owner’s name.

(2) Every court having jurisdiction over offenses committed under this chapter, or any other act of this state or municipal ordinance adopted by a local authority regulating the operation of motor vehicles on highways, or any federal authority having jurisdiction over offenses substantially the same as those set forth in Title 46 RCW which occur on federal installations within this state, shall forward to the department within ten days of a forfeiture of bail or collateral deposited to secure the defendant’s appearance in court, a payment of a fine or penalty, a plea of guilty or a finding of guilt, or a finding that any person has committed a traffic infraction an abstract of the court record in the form prescribed by rule of the supreme court, showing the conviction of any person or the finding that any person has committed a traffic infraction in said court for a violation of any said laws other than regulations governing standing, stopping, parking, and pedestrian offenses.

NEW SECTION. Sec. 6. A new section is added to chapter 46.63 RCW to read as follows:

(1) This section applies only to traffic infractions issued under RCW 46.61.690 for toll collection evasion.

(2) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(3) Toll collection systems include manual cash collection, electronic toll collection, and photo enforcement systems.

(4) “Electronic toll collection system” means a system of collecting tolls or charges that is capable of charging the account of the toll patron the appropriate toll or charge by electronic transmission from the motor vehicle to the toll collection system, which information is used to charge the appropriate toll or charge to the patron’s account.

(5) “Photo enforcement system” means a vehicle sensor installed to work in conjunction with an electronic toll collection system that automatically produces one or more photographs, one or more microphotographs, a videotape, or other recorded images of a vehicle operated in violation of an infraction under this chapter.

(6) The use of a toll collection system is subject to the following requirements:

(a) The department of transportation shall adopt rules that allow an open standard for automatic vehicle identification transponders used for electronic toll collection to be compatible with other electronic payment devices or transponders from the Washington state ferry system, other public transportation systems, or other toll collection systems to the extent that technology permits. The rules must also allow for multiple vendors providing electronic payment devices or transponders as technology permits.

(b) The department of transportation may not sell, distribute, or make available in any way, the names and addresses of electronic toll collection system account holders.

(7) The use of a photo enforcement system for issuance of notices of infraction is subject to the following requirements:

(a) Photo enforcement systems may take photographs, digital photographs, microphotographs, videotapes, or other recorded images of the vehicle and vehicle license plate only.

(b) A notice of infraction must be mailed to the registered owner of the vehicle or to the renter of a vehicle within sixty days of the violation. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, videotape, or other recorded images produced by a photo enforcement system, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The
photographs, digital photographs, microphotographs, videotape, or other recorded images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction.

(c) Notwithstanding any other provision of law, all photographs, digital photographs, microphotographs, videotape, or other recorded images prepared under this chapter are for the exclusive use of the tolling agency and law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this chapter. No photograph, digital photograph, microphotograph, video tape, or other recorded image may be used for any purpose other than enforcement of violations under this chapter nor retained longer than necessary to enforce this chapter or verify that tolls are paid.

(d) All locations where a photo enforcement system is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by a photo enforcement system.

(8) Infractions detected through the use of photo enforcement systems are not part of the registered owner’s driving record under RCW 46.52.101 and 46.52.120.

(9) If the registered owner of the vehicle is a rental car business the department of transportation or a law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of the mailing of the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable toll and fee.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction."

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 17.21.020 and 2002 c 122 s 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Agricultural commodity" means any plant or part of a plant, or animal, or animal product, produced by a person (including farmers, ranchers, vineyardists, plant propagators, Christmas tree growers, aquaculturists, floriculturists, orchardists, foresters, or other comparable persons) primarily for sale, consumption, propagation, or other use by people or animals."
(2) "Agricultural land" means land on which an agricultural commodity is produced or land that is in a government-recognized conservation reserve program. This definition does not apply to private gardens where agricultural commodities are produced for personal consumption.

(3) "Antimicrobial pesticide" means a pesticide that is used for the control of microbial pests, including but not limited to viruses, bacteria, algae, and protozoa, and is intended for use as a disinfectant or sanitizer.

(4) "Apparatus" means any type of ground, water, or aerial equipment, device, or contrivance using motorized, mechanical, or pressurized power and used to apply any pesticide on land and anything that may be growing,habitating, or stored on or in such land, but shall not include any pressurized handsized household device used to apply any pesticide, or any equipment, device, or contrivance of which the person who is applying the pesticide is the source of power or energy in making such pesticide application, or any other small equipment, device, or contrivance that is transported in a piece of equipment licensed under this chapter as an apparatus.

(5) "Arthropod" means any invertebrate animal that belongs to the phylum arthropoda, which in addition to insects, includes allied classes whose members are wingless and usually have more than six legs; for example, spiders, mites, ticks, centipedes, and isopod crustaceans.

(6) "Certified applicator" means any individual who is licensed as a commercial pesticide applicator, commercial pesticide operator, public operator, private-commercial applicator, demonstration and research applicator, (or certified) private applicator, limited private applicator, rancher private applicator, or any other individual who is certified by the director to use or supervise the use of any pesticide which is classified by the EPA or the director as a restricted use pesticide.

(7) "Commercial pesticide applicator" means any person who engages in the business of applying pesticides to the land of another.

(8) "Commercial pesticide operator" means any employee of a commercial pesticide applicator who uses or supervises the use of any pesticide and who is required to be licensed under provisions of this chapter.

The certified private applicant shall have direct management responsibility and familiarity of the pesticide, manner of application, pest, and land to which the pesticide is being applied. Direct supervision by all other certified applicators means direct on-the-job supervision and shall require that the certified applicator be physically present at the application site and that the person making the application be in voice and visual contact with the certified applicator at all times during the application. However, direct supervision for forest applications does not require constant voice and visual contact when general use pesticides are applied using nonapparatus type equipment, the certified applicator is physically present and readily available in the immediate application area, and the certified applicator directly observes pesticide mixing and batching. Direct supervision of an aerial apparatus means the pilot of the aircraft must be appropriately certified.

A limited private applicator may apply restricted use herbicides to the types of land described in this subsection of another person if applied without compensation other than trading of personal services between the applicator and the other person. This license is only valid when making applications in counties of Washington located east of the crest of the Cascade mountains.

(30) "Limited production agricultural land" means land used to grow hay and grain crops that are consumed by the livestock on the farm where produced. (37) "Private applicator" means a certified applicator who uses or is in direct supervision of the use of any pesticide classified by the EPA or the director as a restricted use pesticide, for the purpose of producing any agricultural commodity and for any associated noncrop application on land owned or rented by the applicator or the applicator’s employer or if applied without compensation other than trading of personal services between producers of agricultural commodities on the land of another person.

(38) "Rancher private applicator" means a certified applicator who uses or is in direct supervision, as defined for private applicators in this section, of the use of any herbicide or any rodenticide classified by the EPA or the director as a restricted use pesticide for the purpose of controlling weeds and pest animals on nonproduction agricultural land and limited production agricultural land owned or rented by the applicator or the applicator’s employer. REPLY BY THE PRESIDENT

President Owen: “The motion was to advance to the ninth order for the purpose of considering Substitute House Bill No. 1809 but the motion was not to relieve, the motion was not to place the bill on second reading. It was just to go to the ninth order but she included for the purpose of considering Substitute House Bill No. 1809. It would take another vote.”

(3) For purposes of determining compliance with this chapter’s permitting requirements for alterations of mobile and manufactured homes, the department may audit the records of a contractor as defined in chapter 18.27 RCW or RCW 18.106.020(1) or an electrical contractor as defined in RCW 19.28.006 when the department has reason to believe that a violation of the permitting requirements has occurred. The department shall adopt rules implementing the auditing procedures. Information obtained from a contractor through an audit authorized by this subsection is confidential and not open to public inspection under chapter 42.17 RCW.

(4)(a) The department shall set a schedule of fees by rule which will cover the costs incurred by the department in the administration of RCW 43.22.335 through 43.22.490. The department may waive mobile/manufactured home alteration permit fees for indigent permit applicants.

(b)(i) Until April 1, 2004, subject to (a) of this subsection, (and for the purposes of implementing the pilot project approved by the mobile/manufactured home alteration task force,) the department may adopt by rule a temporary statewide fee schedule that decreases fees for mobile/manufactured home alteration permits and increases fees for factory-built housing and commercial structures plan review and inspection services. (Under the temporary fee schedule, the department may waive mobile/manufactured home alteration permit fees for indigent permit applicants. The department may increase fees for factory-built housing and commercial structures plan review and inspection services in excess of the fiscal growth factor under chapter 43.135 RCW, if the increases are necessary to fund the cost of administering RCW 43.22.335 through 43.22.490. In no instance shall any fee that applies to the factory-built housing and commercial plan review and inspection services be increased in excess of forty percent.)

(ii) Effective April 1, 2004, the department must adopt a new fee schedule that is the same as the fee schedule that was in effect immediately prior to the temporary fee schedule authorized in (b)(i) of this subsection. However, the new fee schedule must be adjusted by the fiscal growth factors not applied during the period that the temporary fee schedule was in effect.

NEW SECTION. Sec. II. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect March 31, 2004.”

MESSAGE FROM THE HOUSE

March 3, 2004
MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6481, with the following amendment[s].

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 67.16 RCW to read as follows:

(1) The horse racing commission may authorize advance deposit wagering to be conducted by:
(a) A licensed class 1 racing association operating a live horse racing facility; or
(b) The operator of an advance deposit wagering system accepting wagers pursuant to an agreement with a licensed class 1 racing association. The agreement between the operator and the class 1 racing association must be approved by the commission.

(2) An entity authorized to conduct advance deposit wagering under subsection (1) of this section:
(a) May accept advance deposit wagering for races conducted in this state under a class 1 license or races not conducted within this state on a schedule approved by the class 1 licensee. A system of advance deposit wagering located outside or within this state may not accept wagers from residents or other individuals located within this state, and residents or other individuals located within this state are prohibited from placing wagers through advance deposit wagering systems, except with an entity authorized to conduct advance deposit wagering under subsection (1) of this section;
(b) May not accept an account wager in an amount in excess of the funds on deposit in the advance deposit wagering account of the individual placing the wager;
(c) May not allow individuals under the age of twenty-one to open, own, or have access to an advance deposit wagering account;
(d) Must include a statement in all forms of advertising for advance deposit wagering that individuals under the age of twenty-one are not allowed to open, own, or have access to an advance deposit wagering account; and
(e) Must verify the identification, residence, and age of the advance deposit wagering account holder using methods and technologies approved by the commission.

As used in this section, "advance deposit wagering" means a form of parimutuel wagering in which an individual deposits money in an account with an entity authorized by the commission to conduct advance deposit wagering and then the account funds are used to pay for parimutuel wagers made in person, by telephone, or through communication by other electronic means.

(4) In order to participate in advance deposit wagering, the holder of a class 1 racing association license must have conducted at least one full live racing season. All class 1 racing associations must complete a live race meet within each succeeding twelve-month period to maintain eligibility to continue participating in advance deposit wagering.

(5) When more than one class 1 racing association is participating in advance deposit wagering the moneys paid to the racing associations shall be allocated proportionate to the gross amount of all sources of parimutuel wagering during each twelve-month period derived from the association’s live race meets. This percentage must be calculated annually. Revenue derived from advance deposit wagers placed on races conducted by the class 1 racing association shall all be allocated to that association.

(6) The commission shall adopt rules regulating advance deposit wagering.

(7) This section expires October 1, 2007.

Sec. 2. RCW 67.16.200 and 2001 1st sp.s.c 10 s 2 are each amended to read as follows:

(1) A class 1 racing association licensed by the commission to conduct a race meet may seek approval from the commission to conduct parimutuel wagering (on its program) at a satellite location or locations within the state of Washington. In order to participate in parimutuel wagering at a satellite location or locations within the state of Washington, the holder of a class 1 racing association license must have conducted at least one full live racing season. All class 1 racing associations must hold a live race meet within each succeeding twelve-month period to maintain eligibility to continue participating in advance deposit wagering.

(a) The commission may approve only one satellite location in each county in the state; however, the commission may grant approval for more than one licensee to conduct wagering at each satellite location. A satellite location shall not be operated within twenty driving miles of any class 1 racing facility. For the purposes of this section, "driving miles" means miles measured by the most direct route as determined by the commission; and
(b) A licensee shall not conduct satellite wagering at any satellite location within sixty driving miles of any other racing facility conducting a live race meet.

(2) Subject to local zoning and other land use ordinances, the commission shall be the sole judge of whether approval to conduct wagering at a satellite location shall be granted.

(3) The licensee shall combine the parimutuel pools of the satellite location with those of the racing facility for the purpose of determining odds and computing payoffs. The amount wagered at the satellite location shall be combined with the amount wagered at the racing facility for the application of take out formulas and distribution as provided in RCW 67.16.102, 67.16.105, 67.16.170, and 67.16.175. A satellite extension of the licensee’s racing facility shall be subject to the same application of the rules of racing as the licensee’s racing facility.

(4) Upon written application to the commission, a class 1 racing association may be authorized to transmit simulcasts of live horse races conducted at its racetrack to locations outside of the state of Washington approved by the commission and in accordance with the interstate horse racing act of 1978 (15 U.S.C. Sec. 3001 to 3007) or any other applicable laws. The commission may permit parimutuel pools on the simulcast races to be combined in a common pool. A racing association that transmits simulcasts of its races to locations outside this state shall pay at least fifty percent of the fee that it receives for sale of the simulcast signal to the horsemen’s purse account for its live races after first deducting the actual cost of sending the signal out of state.

(5) Upon written application to the commission, a class 1 racing association may be authorized to transmit simulcasts of live horse races conducted at its racetrack to licensed racing associations located within the state of Washington and
-approved by the commission for the receipt of the simulcasts. The commission shall permit pari-mutuel pools on the simulcast races to be combined in a common pool. The fee for in-state, track-to-track simulcasts shall be five and one-half percent of the gross pari-mutuel receipts generated at the receiving location and payable to the sending racing association. A racing association that transmits simulcasts of its races to other licensed racing associations shall pay at least fifty percent of the fee that it receives for the simulcast signal to the horserace’s purse account for its live race meet after first deducting the actual cost of sending the simulcast signal. A racing association that receives races simulcast from class 1 racing associations within the state shall pay at least fifty percent of its share of the pari-mutuel receipts to the horserace’s purse account for its live race meet after first deducting the purchase price and the actual direct costs of importing the race.

Chapter 10, Laws of 2001 1st sp. sess. does not establish a new form of gaming in Washington or allow expanded gaming within the state beyond what has been previously authorized. Simulcast wagering has been allowed in Washington before April 19, 1997. Therefore, this section does not allow gaming of any nature or scope that was prohibited before April 19, 1997. This section is necessary to protect the Washington equine breeding and racing industries, and in particular those sectors of these industries that are dependent upon live horse racing. The purpose of this section is to protect these industries from adverse economic impacts and to promote fan attendance at class 1 racing facilities. (Therefore, imported simulcast race card programs shall not be disseminated to any location outside the live racing facility of the class 1 racing association and a class 1 racing association is strictly prohibited from simulcasting imported race card programs to any location outside its live racing facility.) Therefore, a licensed class 1 racing association may be approved to disseminate imported simulcast race card programs to satellite locations approved under this section, provided that the class 1 racing association has conducted at least forty live racing days with an average on-track handle on the live racing product of a minimum of one hundred fifty thousand dollars per day during the twelve months immediately preceding the application date. However, to promote the development of a new class 1 racing association facility and to meet the best interests of the Washington equine breeding and racing industries, the commission may by rule reduce the required minimum average on-track handle on the live racing product from one hundred fifty thousand dollars per day to thirty thousand dollars per day.

A racing association that receives races simulcast from another licensed racing association shall pay a fee for the gross pari-mutuel receipts generated at the receiving location and payable to the sending racing association. A racing association that transmits simulcasts of its races to other licensed racing associations shall pay at least fifty percent of the fee that it receives for the simulcast signal to the horserace’s purse account for its live race meet after first deducting the actual cost of sending the simulcast signal. A racing association that receives races simulcast from class 1 racing associations within the state shall pay at least fifty percent of its share of the pari-mutuel receipts to the horserace’s purse account for its live race meet after first deducting the purchase price and the actual direct costs of importing the race.

Chapter 10, Laws of 2001 1st sp. sess. does not establish a new form of gaming in Washington or allow expanded gaming within the state beyond what has been previously authorized. Simulcast wagering has been allowed in Washington before August 23, 2001. Therefore, this section does not allow gaming of any nature or scope that was prohibited before August 23, 2001. Chapter 10, Laws of 2001 1st sp. sess. is necessary to protect these industries from adverse economic impacts and to promote fan attendance at class 1 racing facilities. (Therefore, imported simulcast race card programs shall not be disseminated to any location outside the live racing facility of the class 1 racing association and a class 1 racing association is strictly prohibited from simulcasting imported race card programs to any location outside its live racing facility.) Therefore, a licensed class 1 racing association may be approved to disseminate imported simulcast race card programs to satellite locations approved under this section, provided that the class 1 racing association has conducted at least forty live racing days with an average on-track handle on the live racing product of a minimum of one hundred fifty thousand dollars per day during the twelve months immediately preceding the application date. However, to promote the development of a new class 1 racing association facility and to meet the best interests of the Washington equine breeding and racing industries, the commission may by rule reduce the required minimum average on-track handle on the live racing product from one hundred fifty thousand dollars per day to thirty thousand dollars per day.

A racing association that receives races simulcast from another licensed racing association shall pay a fee for the gross pari-mutuel receipts generated at the receiving location and payable to the sending racing association. A racing association that transmits simulcasts of its races to other licensed racing associations shall pay at least fifty percent of the fee that it receives for the simulcast signal to the horserace’s purse account for its live race meet after first deducting the actual cost of sending the simulcast signal. A racing association that receives races simulcast from class 1 racing associations within the state shall pay at least fifty percent of its share of the pari-mutuel receipts to the horserace’s purse account for its live race meet after first deducting the purchase price and the actual direct costs of importing the race.

MESSAGE FROM THE HOUSE

March 3, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6641, with the following amendments[s]. Strike everyth ing after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. (1) The legislature recognizes the importance of prevention in obtaining the goal of zero oil spills to waters of the state. The legislature also recognizes that the regulation of oil and fuel transfers on or near waters of the state vary depending on many factors including the type of facility or equipment that is used, the type of products being transferred, where the transfer takes place, and the type of vessels involved in the transfer. The legislature therefore finds that the department of ecology shall initiate a review of the current statewide marine fueling practices for covered vessels and ships as those terms are defined in RCW 88.46.010.

(2) The department of ecology shall work with stakeholders to develop a report describing:

(a) The types of fueling practices being employed by covered vessels and ships;

(b) The current spill prevention planning requirements that are applicable under state and federal law for covered vessels and ships; and

(c) The current spill response requirements under state and federal law for covered vessels and ships.

(3) The department of ecology shall report recommendations for regulatory improvements for covered vessel and ship fueling. These recommendations must include any new authorities that the department of ecology believes are necessary to establish a protective regulatory system for the fueling of covered vessels and ships. The department of ecology shall consider any applicable federal requirements and the state’s desire to not duplicate federal vessel fueling laws. The department of ecology shall also provide recommendations for funding to implement recommendations.
(4) The department of ecology shall deliver the report with its recommendations and findings to the appropriate committees of the legislature by December 15, 2004.

Sec. 2. RCW 90.56.005 and 1991 c 200 s 101 are each amended to read as follows:

(1) The legislature declares that the increasing reliance on water borne transportation as a source of supply for oil and hazardous substances poses special concern for the state of Washington. Each year billions of gallons of crude oil and refined petroleum products are transported by vessel on the navigable waters of the state. These shipments are expected to increase in the coming years. Vessels transporting oil into Washington travel on some of the most unique and special marine environments in the United States. These marine environments are a source of natural beauty, recreation, and economic livelihood for many residents of this state. As a result, the state has an obligation to ensure the citizens of the state that the waters of the state will be protected from oil spills.

(2) The legislature finds that prevention is the best method to protect the unique and special marine environments in this state. The technology for containing and cleaning up a spill of oil or hazardous substances is in the early stages of development. Preventing spills is more protective of the environment and more cost-effective when all the costs associated with responding to a spill are considered. Therefore, the legislature finds that the primary objective of the state is to adopt a zero spills strategy to prevent any oil or hazardous substances from entering waters of the state.

(3) The legislature also finds that:

(a) Recent accidents in Washington, Alaska, southern California, Texas, and other parts of the nation have shown that the transportation, transfer, and storage of oil have caused significant damage to the marine environment;

(b) Even with the best efforts, it is nearly impossible to remove all oil that is spilled into the water;

(c) Washington’s navigable waters are treasured environmental and economic resources that the state cannot afford to place at undue risk from an oil spill; and

(d) The state has a fundamental responsibility, as the trustee of the state’s natural resources and the protector of public health and the environment, to prevent the spill of oil.

(4) In order to establish a comprehensive prevention and response program to protect Washington’s waters and natural resources from spills of oil, it is the purpose of this chapter:

(a) To establish state agency expertise in marine safety and to centralize state activities in spill prevention and response activities;

(b) To prevent spills of oil and to promote programs that reduce the risk of both catastrophic and small chronic spills;

(c) To ensure that responsible parties are liable, and have the resources and ability, to respond to spills and provide compensation for all costs and damages;

(d) To provide for state spill response and wildlife rescue planning and implementation;

(e) To support and complement the federal oil pollution act of 1990 and other federal law, especially those provisions relating to the national contingency plan for cleanup of oil spills and discharges, including provisions relating to the responsibilities of state agencies designated as natural resource trustees. The legislature intends this chapter to be interpreted and implemented in a manner consistent with federal law;

(f) To provide for an independent oversight board to review the adequacy of spill prevention and response activities in this state; and

(h) To provide an adequate funding source for state response and prevention programs.

Sec. 3. RCW 88.46.160 and 2000 c 69 s 12 are each amended to read as follows:

Any person or facility conducting ship refueling and bunkering operations, or the lightering of petroleum products, and any person or facility transferring oil between an onshore or offshore facility and a tank vessel shall have containment and recovery equipment readily available for deployment in the event of the discharge of oil into the waters of the state and shall deploy the containment and recovery equipment in accordance with standards adopted by the department. All persons conducting refueling, bunkering, or lightering operations, or oil transfer operations shall be trained in the use and deployment of oil spill containment and recovery equipment. The department shall adopt rules as necessary to carry out the provisions of this section by June 30, 2006. The rules shall include standards for the circumstances under which containment equipment should be deployed including standards requiring deployment of containment equipment prior to the transfer of oil when determined to be safe and effective by the department. The department may require a person or facility to employ alternative measures including but not limited to automatic shutoff devices and alarms, extra personnel to monitor the transfer, or containment equipment that is deployed quickly and effectively. The standards adopted by rule must be suitable to the specific environmental and operational conditions and characteristics of the facilities that are subject to the standards, and the department must consult with the United States coast guard with the objective of developing state standards that are compatible with federal requirements applicable to the activities covered by this section. An onshore or offshore facility shall include the procedures used to contain and recover discharges in the facility’s contingency plan. It is the responsibility of the person providing bunkering, refueling, or lightering services to provide any containment or recovery equipment required under this section. This section does not apply to a person operating a ship for personal pleasure or for recreational purposes.

Sec. 4. RCW 90.56.060 and 2000 c 69 s 16 are each amended to read as follows:

(1) The department shall prepare and annually update a statewide master oil and hazardous substance spill prevention and contingency plan. In preparing the plan, the department shall consult with an advisory committee representing diverse interests concerned with oil and hazardous substance spills, including the United States coast guard, the federal environmental protection agency, state agencies, local governments, port districts, private facilities, environmental organizations, oil companies, shipping companies, containment and cleanup contractors, tow companies, and hazardous substance manufacturers.

(2) The state master plan prepared under this section shall at a minimum:

(a) Take into consideration the elements of oil spill prevention and contingency plans approved or submitted for approval pursuant to this chapter and chapter 88.46 RCW and oil and hazardous substance spill contingency plans prepared pursuant to other state or federal law or prepared by federal agencies and regional entities;
Sec. 5. RCW 90.56.200 and 2000 c 69 s 19 are each amended to read as follows:

(1) Each onshore and offshore facility and any state agency conducting ship refueling or bunkering of more than one million gallons of oil on the waters of the state during any calendar year shall prepare and submit to the department an oil spill prevention plan in conformance with the requirements of this chapter. The plans shall be submitted to the department in the time and manner directed by the department. The spill prevention plan may be consolidated with a spill contingency plan submitted pursuant to RCW 90.56.210. The department may accept plans prepared to comply with other state or federal law as spill prevention plans to the extent those plans comply with the requirements of this chapter. The department, by rule, shall establish standards for spill prevention plans.

(2) The spill prevention plan for an onshore or offshore facility and state agencies identified under subsection (1) of this section shall:

(a) Establish compliance with the federal oil pollution act of 1990, if applicable, and financial responsibility requirements under federal and state law;
(b) Certify that supervisory and other key personnel in charge of transfer, storage, and handling of oil have received certification pursuant to RCW 90.56.220;
(c) Certify that the facility has an operations manual required by RCW 90.56.230;
(d) Certify the implementation of alcohol and drug use awareness programs;
(e) Describe spill prevention technology that has been installed, including overflow alarms, automatic overflow cutoff switches, secondary containment facilities, and storm water retention, treatment, and discharge systems;
(f) Describe any discharges of oil to the land or the water of more than twenty-five barrels in the prior five years and the measures taken to prevent a reoccurrence;
(g) Describe the procedures followed by the facility to contain and recover any oil that spills during the transfer of oil to or from the facility;
(h) Provide for the incorporation into the facility during the period covered by the plan of those measures that will provide the best achievable protection for the public health and the environment; and
(i) Include any other information reasonably necessary to carry out the purposes of this chapter required by rules adopted by the department.

(3) The department shall only approve a prevention plan if it provides the best achievable protection from damages caused by the discharge of oil into the waters of the state and if it determines that the plan meets the requirements of this section and rules adopted by the department.

(4) Upon approval of a prevention plan, the department shall provide to the person submitting the plan a statement indicating that the plan has been approved, the facilities covered by the plan, and other information the department determines should be included.

(5) The approval of a prevention plan shall be valid for five years. An owner or operator of a facility shall notify the department in writing immediately of any significant change of which it is aware affecting its prevention plan, including changes in any factor set forth in this section or in rules adopted by the department. The department may require the owner or operator to update a prevention plan as a result of these changes.

(6) The department by rule shall require prevention plans to be reviewed, updated, if necessary, and resubmitted to the department at least once every five years.

(7) Approval of a prevention plan by the department does not constitute an express assurance regarding the adequacy of the plan nor constitute a defense to liability imposed under this chapter or other state law.

Sec. 6. RCW 90.56.210 and 2000 c 69 s 20 are each amended to read as follows:

MESSAGE FROM THE HOUSE

March 3, 2004

MR. PRESIDENT:

The House has passed SENATE BILL NO. 6480, with the following amendments[s].

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 66.24.010 and 2002 c 119 s 3 are each amended to read as follows:

(1) Every license shall be issued in the name of the applicant, and the holder thereof shall not allow any other person to use the license.

(2) For the purpose of considering any application for a license, the board may cause an inspection of the premises to be made, and may inquire into all matters in connection with the construction and operation of the premises. For the purpose of reviewing any application for a license and for considering the denial, suspension or revocation of any license, the liquor control board may consider any prior criminal conduct of the applicant, including a criminal history record information check. The board may submit the criminal history record information check to the Washington state patrol and to the identification division of the federal bureau of investigation in order that these agencies may search their records for prior arrests and convictions of the individual or individuals who filled out the forms. The board shall require fingerprinting of any applicant whose criminal history record information check is submitted to the federal bureau of investigation. The provisions of RCW 9.95.240 and of chapter 9.96A RCW shall not apply to such cases. The board may, in its discretion, grant or refuse the license applied for. Authority to approve an uncontested or unopposed license may be granted by the board to any staff member the board designates in writing. Conditions for granting such authority shall be adopted by rule. No retail license of any kind may be issued to:

(a) A person who has not resided in the state for at least one month prior to making application, except in cases of licenses issued to dining places on railroads, boats, or aircraft;

(b) A copartnership, unless all of the members thereof are qualified to obtain a license, as provided in this section;"
(c) A person whose place of business is conducted by a manager or agent, unless such manager or agent possesses the same qualifications as the licensees;
(d) A corporation or a limited liability company, unless it was created under the laws of the state of Washington or holds a certificate of authority to transact business in the state of Washington.

(3)(a) The board may, in its discretion, subject to the provisions of RCW 66.08.150, suspend or cancel any license; and all rights of the licensees to keep or sell liquor thereunder shall be suspended or terminated, as the case may be.
(b) The board shall immediately suspend the license or certificate of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the license or certificate shall be automatic upon the board’s receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the order.
(c) The board may request the appointment of administrative law judges under chapter 34.12 RCW who shall have power to administer oaths, issue subpoenas for the attendance of witnesses and the production of papers, books, accounts, documents, and testimony, examine witnesses, and to receive testimony in any inquiry, investigation, hearing, or proceeding in any part of the state, under such rules and regulations as the board may adopt.
(d) Witnesses shall be allowed fees and mileage each way to and from any such inquiry, investigation, hearing, or proceeding at the rate authorized by RCW 34.05.446, as now or hereafter amended. Fees need not be paid in advance of appearance of witnesses to testify or to produce books, records, or other legal evidence.
(e) In case of disobedience of any person to comply with the order of the board or a subpoena issued by the board, or any of its members, or administrative law judges, or on the refusal of a witness to testify to any matter regarding which he or she may be lawfully interrogated, the judge of the superior court of the county in which the person resides, on application of any member of the board or administrative law judge, shall compel obedience by contempt proceedings, as in the case of disobedience of the requirements of a subpoena issued by a court or a refusal to testify.
(f) Upon receipt of notice of the suspension or cancellation of a license, the licensee shall forthwith deliver up the license to the board. Where the license has been suspended only, the board shall return the license to the licensee at the expiration or termination of the period of suspension. The board shall notify all vendors in the city or place where the licensee has its premises of the suspension or cancellation of the license; and no employee may allow or cause any liquor to be delivered to or for any person at the premises of that licensee.

(5)(a) At the time of the original issuance of a spirits, beer, and wine restaurant license, the board shall prorate the license fees charged to the new licensee according to the number of calendar quarters, or portion thereof, remaining until the first renewal of that license is required.
(b) Unless sooner canceled, every license issued by the board shall expire at midnight of the thirtieth day of June of the fiscal year for which it was issued. However, if the board deems it feasible and desirable to do so, it may establish, by rule pursuant to chapter 34.05 RCW, a system for staggering the annual renewal dates for any and all licenses authorized by this chapter. If such a system of staggered annual renewal dates is established by the board, the license fees provided by this chapter shall be appropriately prorated during the first year that the system is in effect.
(c)(a) Every license issued under this chapter shall be subject to all conditions and restrictions imposed by this title or by the regulations in force from time to time. All conditions and restrictions imposed by the board in the issuance of an individual license shall be listed on the face of the individual license along with the trade name, address, and expiration date.
(7)(a) Licensee shall post and keep posted its license, or licenses, in a conspicuous place on the premises.
(b) If the application for a special occasion license is for an event held during a county, district, or area fair as defined by RCW 15.76.120, and the county, district, or area fair is located on property owned by the county but located within an incorporated city or town, the county legislative authority shall be the entity notified by the board under (a) of this subsection. The board shall send a duplicate notice to the incorporated city or town within which the fair is located.
(c) The incorporated city or town((d)) through the official or employee selected by it, or the county legislative authority or the official or employee selected by it, shall have the right to file with the board within twenty days after date of transmission of such notice, written objections against the applicant or against the premises for which the license is asked((e) and (f)).
(d) The written objections shall include ((with such objections)) a statement of all facts upon which such objections are based, and in case written objections are filed, may request and the liquor control board may in its discretion hold a formal hearing subject to the applicable provisions of Title 34 RCW.
(e) Upon the granting of a license under this title the board shall send a duplicate of the license or written notification to the chief executive officer of the incorporated city or town in which the license is granted, or to the county legislative authority if the license is granted outside the boundaries of incorporated cities or towns. When the license is for a special occasion license for an event held during a county, district, or area fair as defined by RCW 15.76.120, and the county, district, or area fair is located on county-owned property but located within an incorporated city or town, the duplicate shall be sent to both the incorporated city or town and the county legislative authority.

(9) Before the board issues any license to any applicant, it shall give (a) due consideration to the location of the business to be conducted under such license with respect to the proximity of churches, schools, and public institutions and (b) written notice by certified mail of the application to churches, schools, and public institutions within five hundred feet of the premises to be licensed. The board shall issue no beer retailer license for licensed premises for either on-premises consumption or wine retailer license for either on-premises or off-premises consumption or spirits, beer, and wine restaurant license covering any premises not now licensed, if such premises are within five hundred feet of the premises of any tax-supported public elementary or secondary school measured along the most direct route over or across established public walks, streets, or other public passageway from the outer property line of the school grounds to the nearest public entrance of the premises proposed for license, and if, after receipt by the school or public institution of the notice as provided in this subsection, the board
receives written notice, within twenty days after posting such notice, from an official representative or representatives of the school within five hundred feet of said proposed licensed premises, indicating to the board that there is an objection to the issuance of such license because of proximity to a school. For the purpose of this section, church shall mean a building erected for and used exclusively for religious worship and schooling or other activity in connection therewith. No liquor license may be issued or reissued by the board to any motor sports facility or licensee operating within the motor sports facility unless the motor sports facility enforces a program reasonably calculated to prevent alcohol or alcoholic beverages not purchased within the facility from entering the facility and such program is approved by local law enforcement agencies. It is the intent under this subsection that a retail license shall not be issued by the board where doing so would, in the judgment of the board, adversely affect a private school meeting the requirements for private schools under Title 28A RCW, which school is within five hundred feet of the proposed licensee. The board shall fully consider and give substantial weight to objections filed by private schools. If a license is issued despite the proximity of a private school, the board shall state in a letter addressed to the private school the board’s reasons for issuing the license.

(10) The restrictions set forth in subsection (9) of this section shall not prohibit the board from authorizing the assumption of existing licenses now located within the restricted area by other persons or licenses or relocations of existing licensed premises within the restricted area. In no case may the licensed premises be moved closer to a church or school than it was before the assumption or relocation.

(11) Nothing in this section prohibits the board, in its discretion, from issuing a temporary retail or distributor license to an applicant assuming an existing retail or distributor license to continue the operation of the retail or distributor premises during the period the application for the license is pending and when the following conditions exist:

(a) The licensed premises has been operated under a retail or distributor license within ninety days of the date of filing the application for a temporary license;

(b) The retail or distributor license for the premises has been surrendered pursuant to issuance of a temporary operating license;

(c) The applicant for the temporary license has filed with the board an application to assume the retail or distributor license at such premises to himself or herself; and

(d) The application for a temporary license is accompanied by a temporary license fee established by the board by rule.

A temporary license issued by the board under this section shall be for a period not to exceed sixty days. A temporary license may be extended at the discretion of the board for an additional sixty-day period upon payment of an additional fee and upon compliance with all conditions required in this section. Refusal by the board to issue or extend a temporary license shall not entitle the applicant to request a hearing. A temporary license may be canceled or suspended summarily at any time if the board determines that good cause for cancellation or suspension exists. RCW 66.08.130 and chapter 34.05 RCW shall apply to temporary licenses.

Application for a temporary license shall be on such form as the board shall prescribe. If an application for a temporary license is withdrawn before issuance or is refused by the board, the fee which accompanied such application shall be refunded in full.

Sec. 2. RCW 66.24.380 and 1997 c 321 s 24 are each amended to read as follows:

There shall be a retailer’s license to be designated as a special occasion license to be issued to a not-for-profit society or organization to sell spirits, beer, and wine by the individual serving for on-premises consumption at a specified event, such as at picnics or other special occasions, at a specified date and place; fee sixty dollars per day.

(1) The not-for-profit society or organization is limited to sales of no more than twelve calendar days per year. For the purposes of this subsection, special occasion licensees that are "agricultural area fairs" or "agricultural county, district, and area fairs," as defined by RCW 15.76.120, that receive a special occasion license may, once per calendar year, count as one event fairs that last multiple days, so long as alcohol sales are at set dates, times, and locations, and the board receives prior notification of the dates, times, and locations. The special occasion license applicant will pay the sixty dollars per day for this event.

(2) The licensee may sell beer and/or wine in original, unopened containers for off-premises consumption if permission is obtained from the board prior to the event.

(3) Sale, service, and consumption of spirits, beer, and wine is to be confined to specified premises or designated areas only.

(4) Spirituous liquor sold under this special occasion license must be purchased at a state liquor store or agency without discount at retail prices, including all taxes.

(5) Any violation of this section is a class 1 civil infraction having a maximum penalty of two hundred fifty dollars as provided for in chapter 7.80 RCW.

March 2, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6384, with the following amendments[s].

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature recognizes that domestic violence is a growing and more visible public safety problem in Washington state than ever before, and that domestic violence-related incidents have a significant bearing on overall law enforcement and court caseloads. The legislature further recognizes that the growing costs associated with domestic violence, including the costs of victimization and advocacy programs established by local governments and by community-based organizations.

It is the legislature's intent to establish a penalty in law that will hold convicted domestic violence offenders accountable while requiring them to pay penalties to offset the costs of domestic violence advocacy and prevention programs. It is the legislature's intent that the penalties imposed against convicted domestic violence offenders under section 2 of this act be used for established domestic violence prevention and prosecution programs. It is the legislature's intent that the revenue from the penalty assessment shall be in addition to existing sources of funding to enhance or help prevent the reduction and elimination of domestic violence prevention and prosecution programs.

(2) Revenue from the assessment shall be used solely for the purposes of establishing and funding domestic violence advocacy and domestic violence prevention and prosecution programs in the city or county of the court imposing the assessment. (4) For the purposes of this section, "convicted" includes a plea of guilty, a finding of guilt regardless of whether the imposition of the sentence is deferred or any part of the penalty is suspended, or the levying of a fine. For the purposes of this section, "domestic violence" has the same meaning as that term is defined under RCW 10.99.020 and includes violations of equivalent local ordinances.

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6419, with the following amendment[s]. Strike everything after the enacting clause and insert the following:

"PART I
STATEWIDE VOTER REGISTRATION DATA BASE

NEW SECTION. Sec. 101. (1) The office of the secretary of state shall create and maintain a statewide voter registration data base. This data base must be a single, uniform, official, centralized, interactive computerized statewide voter registration list defined, maintained, and administered at the state level that contains the name and registration information of every legally registered voter in the state and assigns a unique identifier to each legally registered voter in the state.
(2) The computerized list must serve as the single system for storing and maintaining the official list of registered voters throughout the state.
(3) The computerized list must contain the name and registration information of every legally registered voter in the state.
(4) Under the computerized list, a unique identifier is assigned to each legally registered voter in the state.
(5) The computerized list must be coordinated with other agency data bases within the state, including but not limited to the department of corrections, the department of licensing, and the department of health.
(6) Any election officer in the state, including any local election officer, may obtain immediate electronic access to the information contained in the computerized list.
(7) All voter registration information obtained by any local election officer in the state must be electronically entered into the computerized list on an expedited basis at the time the information is provided to the local officer.
(8) The chief state election officer shall provide support, as may be required, so that local election officers are able to enter information as described in subsection (3) of this section.
(9) The computerized list serves as the official voter registration list for the conduct of all elections.
(10) The secretary of state has data authority on all voter registration data.
(11) The voter registration data base must be designed to accomplish at a minimum, the following:
(a) Comply with the Help America Vote Act of 2002 (P.L. 107-252);
(b) Identify duplicate voter registrations;
(c) Identify suspected duplicate voters;
(d) Screen against the department of corrections data base to aid in the cancellation of voter registration of felons;
(e) Provide up-to-date signatures of voters for the purposes of initiative signature checking;
(f) Provide for a comparison between the voter registration data base and the department of licensing change of address data base;
(g) Provide online access for county auditors with the goal of real time duplicate checking and update capabilities; and
(h) Provide for the cancellation of voter registration for persons who have moved to other states and surrendered their Washington state drivers’ licenses.

Sec. 102. RCW 29A.08.010 and 2003 c 111 s 201 are each amended to read as follows:
As used in this chapter: "Information required for voter registration" means the minimum information provided on a voter registration application that is required by the county auditor in order to place a voter registration applicant on the voter registration rolls. This information includes the applicant’s name, complete residence address, date of birth, (and) Washington state driver’s license number, Washington state identification card, or the last four digits of the applicant’s social security number, a signature attesting to the truth of the information provided on the application, and a check or indication in the box confirming the individual is a United States citizen. If the individual does not have a driver’s license or social security number the registrant must be issued a unique voter registration number and placed on the voter registration rolls. All other information supplied is ancillary and not to be used as grounds for not registering an applicant to vote. Modification of the language of the official Washington state voter registration form by the voter will not be accepted and will cause the rejection of the registrant’s application.

Sec. 103. RCW 29A.08.020 and 2003 c 111 s 204 are each amended to read as follows:
(1) "By mail" means delivery of a completed original voter registration application by mail ((or by personal delivery)) to the office of the secretary of state.
(2) For voter registration applicants, "date of mailing" means the date of the postal cancellation on the voter registration application. This date will also be used as the date of application for the purpose of meeting the registration cutoff deadline. If the postal cancellation date is illegible then the date of receipt by the elections official is considered the date of
Sec. 104. RCW 29A.08.030 and 2003 c 111 s 203 are each amended to read as follows:

The definitions set forth in this section apply throughout this chapter, unless the context clearly requires otherwise.

(1) "Verification notice" means a notice sent by the county auditor or secretary of state to a voter registration applicant and is used to verify or collect information about the applicant in order to complete the registration.

(2) "Acknowledgement notice" means a notice sent by nonforwardable mail by the county auditor or secretary of state to a registered voter to acknowledge a voter registration transaction, which can include initial registration, transfer, or reactivation of an inactive registration.

(3) "Confirmation notice" means a notice sent to a registered voter by first class forwardable mail at the address indicated on the voter's permanent registration record and to any other address at which the county auditor or secretary of state could reasonably expect mail to be received by the voter in order to confirm the voter's residence address. The confirmation notice must be designed so that the voter may update his or her current residence address.

Sec. 105. RCW 29A.08.105 and 2003 c 111 s 205 are each amended to read as follows:

(1) In compliance with the Help America Vote Act (P.L. 107-252), the centralized statewide voter registration list maintained by the secretary of state is the official list of eligible voters for all elections.

(2) In all counties, the county auditor shall be the chief registrar of voters for every precinct within the county. The auditor may appoint registration assistants to assist in registering persons residing in the county. Each registration assistant holds office at the pleasure of the county auditor and must be a registered voter.

(3) Only after the secretary of state has confirmed that an applicant's driver's license number or the last four digits of the social security number match the information maintained by the Washington department of licensing or the social security administration. If a match cannot be made the county auditor must correspond with the applicant to resolve the discrepancy.

(4) The county auditor shall ensure that mail-in voter registration application forms are readily available to the public at locations that include but not limited to the elections office, and all common schools, fire stations, and public libraries.

NEW SECTION. Sec. 106. (1) The secretary of state must review the information provided by each voter registration applicant to ensure that either the driver's license number or the last four digits of the social security number match the information maintained by the Washington department of licensing or the social security administration. If a match cannot be made the county auditor must correspond with the applicant to resolve the discrepancy.

(2) In all counties, the county auditor shall be the chief registrar of voters for every precinct within the county. Each registration assistant holds office at the pleasure of the county auditor and must be a registered voter.

(3) The county auditor shall ensure that mail-in voter registration application forms are readily available to the public at locations that include but not limited to the elections office, and all common schools, fire stations, and public libraries.

Sec. 107. RCW 29A.08.110 and 2003 c 111 s 206 are each amended to read as follows:

(1) On receipt of an application for voter registration ((under this chapter)), the county auditor shall review the application to determine whether the information supplied is complete. An application ((under this chapter)) is considered complete only if it contains the applicant's name, complete valid residence address, date of birth, and signature attesting to the truth of the information provided ((under the application is complete)) and an indication the license information or social security number has been confirmed by the secretary of state. If it is not complete, the auditor shall promptly mail a verification notice of the deficiency to the applicant. This verification notice shall require the applicant to provide the missing information. If the verification notice is not returned by the applicant or is returned as undeliverable the auditor shall not place the name of the applicant on the county voter list. If the applicant provides the required verified information, the applicant shall be registered to vote as of the date of mailing of the original voter registration application.

(2) In order to prevent duplicate registration records, all complete voter registration applications must be screened against existing voter registration records in the official statewide voter registration list. If a match of an existing record is found in the official list the record must be updated with the new information provided on the application. If the new information indicates that the voter has changed his or her county of residence, the application must be forwarded to the voter's new county of residence for processing. If the new information indicates that the voter remains in the same county of residence or if the applicant is already registered, the application must be processed by the county of residence.

(3) If the information required in subsection (1) of this section is complete, the applicant is considered to be registered to vote as of the date of mailing. The auditor shall record the appropriate precinct identification, taxing district identification, and date of registration on the voter's record in the state voter registration list. Within forty-five days after the receipt of an application but no later than seven days before the next primary, special election, or general election, the auditor shall send to the applicant, by first class mail, an acknowledgement notice identifying the registrant's precinct and containing such other information as may be required by the secretary of state. The postal service shall be instructed not to forward a voter registration card to any other address and to return to the auditor any card which is not deliverable. (If the application has indicated that he or she is registered to vote in another county in Washington but has also provided an address within the auditor's county that is for voter registration purposes, the auditor shall send, on behalf of the registrant, a registration cancellation notice to the auditor of that other county and the auditor receiving the notice shall cancel the registrant's voter registration in that other county.) If the registrant has indicated on the form that he or she is registered to vote within the county but has provided a new address within the county that is for voter registration purposes, the auditor shall transfer the voter's registration.

(4) If an acknowledgement notice card is properly mailed as required by this section to the address listed by the voter as being the voter's mailing address and the notice is subsequently returned to the auditor by the postal service as being undeliverable to the voter at that address, the auditor shall promptly send the voter a confirmation notice. The auditor shall place the voter's registration on inactive status pending a response from the voter to the confirmation notice.

If the registrant has indicated on the form that he or she is registered to vote within the county but has provided a new address within the county that is for voter registration purposes, the auditor shall transfer the voter's registration.

(4) If an acknowledgement notice card is properly mailed as required by this section to the address listed by the voter as being the voter's mailing address and the notice is subsequently returned to the auditor by the postal service as being undeliverable to the voter at that address, the auditor shall promptly send the voter a confirmation notice. The auditor shall place the voter's registration on inactive status pending a response from the voter to the confirmation notice.

(a) For purposes of this chapter, a person may be deemed incapacitated as to person when the superior court determines the individual has a significant risk of personal harm based upon a demonstrated inability to adequately provide for nutrition, health, housing, or physical safety.

(b) For purposes of this chapter, a person may be deemed incapacitated as to the person’s estate when the superior court determines the individual is at significant risk of financial harm based upon a demonstrated inability to adequately manage property or financial affairs.

(c) A determination of incapacity is a legal not a medical decision, based upon a demonstration of management insufficiencies over time in the area of person or estate. Age, eccentricity, poverty, or medical diagnosis alone shall not be sufficient to justify a finding of incapacity.

(d) A person may also be determined incapacitated if he or she is under the age of majority as defined in RCW 26.28.010.

(e) For purposes of giving informed consent for health care pursuant to RCW 7.70.050 and 7.70.065, an "incompetent" person is any person who is (i) incompetent by reason of mental illness, developmental disability, senility, habitual drunkenness, excessive use of drugs, or other mental incapacity, of either managing his or her property or caring for himself or herself, or both, or (ii) incapacitated as defined in (a), (b), or (c) of this subsection.

(f) For purposes of the terms "incompetent," "disabled," or "not legally competent," as those terms are used in the Revised Code of Washington to apply to persons incapacitated under this chapter, those terms shall be interpreted to mean "incapacitated" persons for purposes of this chapter.

(2) The superior court for each county shall have power to appoint limited guardians for the persons and estates, or either thereof, of incapacitated persons, who by reason of their incapacity have need for protection and assistance, but who are capable of managing some of their personal and financial affairs. After considering all evidence presented as a result of such investigation, the court shall impose, by order, only such specific limitations and restrictions on an incapacitated person to be placed under a limited guardianship as the court finds necessary for such person’s protection and assistance. A person shall not be presumed to be incapacitated nor shall a person lose any legal rights or suffer any legal disabilities as the result of being placed under a limited guardianship, except as to those rights and disabilities specifically set forth in the court order establishing such a limited guardianship. In addition, the court order shall state the period of time for which it shall be applicable.

(3) Venue for petitions for guardianship or limited guardianship shall lie in the county wherein the alleged incapacitated person is domiciled, or if such person resides in a facility supported in whole or in part by local, state, or federal funding sources, in either the county where the facility is located, the county of domicile prior to residence in the supported facility, or the county where a parent or spouse of the alleged incapacitated person is domiciled.

If the alleged incapacitated person’s residency has changed within one year of the filing of the petition, any interested person may move for a change of venue for any proceedings seeking the appointment of a guardian or a limited guardian under this chapter to the county of the alleged incapacitated person’s last place of residence of one year or more. The motion shall be granted when it appears to the court that such venue would be in the best interests of the alleged incapacitated person and would promote more complete consideration of all relevant matters.

(4) Under RCW 11.94.010, a principal may nominate, by a durable power of attorney, the guardian or limited guardian of his or her estate or person for consideration by the court if guardianship proceedings for the principal’s person or
estate are thereafter commenced. The court shall make its appointment in accordance with the principal’s most recent nomination in the manner of a guardian ad litem except for good cause or disqualification. (5) When a court imposes a full guardianship for an incapacitated person, the person shall be considered incompetent for purposes of rationally exercising the right to vote and shall lose the right to vote, unless the court specifically finds that the person is rationally capable of exercising the franchise. Imposition of a limited guardianship for an incapacitated person shall not result in the loss of the right to vote unless the court determines that the person is incompetent for purposes of rationally exercising the franchise. When a court determines that the person is incompetent for the purpose of rationally exercising the right to vote, the court shall notify the appropriate county auditor.

NEW SECTION. Sec. 140. In developing the technical standards of data formats for transferring voter registration data, the secretary shall consult with the information services board. The board shall review and make recommendations regarding proposed technical standards prior to implementation.

(2) The advisory committee shall review grant proposals and establish a prioritized list of projects to be considered for funding by the third Tuesday in May of each year beginning in 2004 and continuing as long as funds in the election account established by chapter 48, Laws of 2003 are available. The grant award may have an effective date other than the date the project is placed on the prioritized list, including money spent previously by the county that would qualify for reimbursement under the Help America Vote Act (P.L. 107-252).

(3) Examples of projects that would be eligible for local government grant funding include, but are not limited to the following:

NEW SECTION. Sec. 308. (1) During posted disability access voting hours, no person may, within the voting location, or in any public area within three hundred feet of an entrance to the voting location:

Any sheriff, deputy sheriff, or municipal law enforcement officer shall prevent the obstruction, and may arrest a person creating such an obstruction.

NEW SECTION. Sec. 310. A voter desiring to vote at a disability access voting site shall give his or her name to the voting election officer who has the precinct list of registered voters. This officer shall announce the name to the election officer who has the copy of the list of voters. If the right of this voter to participate in the primary or election is not challenged, the voter must be issued a ballot or permitted to enter a voting booth and operate a voting device. The number of the ballot or the voter must be recorded by the election officers. If the right of the voter to participate is challenged, RCW 29A.08.810 and 29A.08.820 apply to that voter.

NEW SECTION. Sec. 311. Disability access voting locations must remain open continuously until the time specified in the notice of disability access voting. At the time of closing, the election officers shall announce that the disability access voting location is closed.

NEW SECTION. Sec. 312. If at the time of closing the disability access voting location, there are voters in the location who have not voted, they must be allowed to vote after the location has been closed.

NEW SECTION. Sec. 313. Immediately after the daily close of the disability access voting location and the completion of voting, the election officers shall count the number of votes cast and make a record of any discrepancy between this number and the number of voters who signed the poll book for that day, complete the certifications in the poll book, prepare the ballots for transfer to the counting center if necessary, and seal the voting devices.

NEW SECTION. Sec. 314. (1) At the direction of the county auditor, a team or teams composed of a representative of at least two major political parties shall stop at disability access voting locations and pick up the sealed containers of ballots or electronic ballot media for delivery to the counting center. This process must occur daily at the closing hour for the voting location. Two election officials, representing two major political parties, shall seal the containers furnished by the county auditor and properly identified with his or her address with uniquely prenumbered seals.

(2) At the counting center or the collection stations where the sealed ballot containers are delivered by the designated representatives of the major political parties, the county auditor or a designated representative of the county auditor shall receive the sealed ballot containers, record the time, date, voting location, and seal number of each ballot container.

Sec. 315. RCW 29A.16.010 and 2003 c 111 s 401 are each amended to read as follows:

The intent of this chapter is to require state and local election officials to designate and use polling places and disability access voting locations in all elections and permanent registration locations which are accessible to elderly and disabled persons. County auditors shall:

(1) Make modifications such as installation of temporary ramps or relocation of polling places within buildings, where appropriate;

(2) Designate new, accessible polling places to replace those that are inaccessible; and

(3) Continue to use polling places and voter registration locations which are accessible to elderly and disabled persons.

Sec. 316. RCW 29A.16.130 and 2003 c 111 s 409 are each amended to read as follows:

Each state agency and entity of local government shall permit the use of any space, facilities, or equipment within its buildings and the most suitable locations therein as polling places or disability access voting locations when required by a county auditor to provide accessible places in each precinct.

Sec. 317. RCW 29A.44.030 and 2003 c 111 s 1103 are each amended to read as follows:

Any voter may take into the voting booth or voting device any printed or written material to assist in casting his or her vote. The voter shall not use this material to electioneer and shall remove the material when he or she leaves the polling place or the disability access voting location.

No ballots may be used in any polling place or disability access voting location other than those prepared by the county auditor. No voter is entitled to vote more than once at a primary or a general or special election, except that if a voter incorrectly marks a ballot, he or she may return it and be issued a new ballot. The precinct election officers shall void the incorrectly marked ballot and return it to the county auditor.

Sec. 319. RCW 29A.44.220 and 2003 c 111 s 1121 are each amended to read as follows:
On signing the precinct list of registered voters or being issued a ballot, the voter shall, without leaving the polling place or disability access location, proceed to one of the voting booths or voting devices to cast his or her vote. When county election procedures so provide, the election officers may tear off and retain the numbered stub from the ballot before delivering the ballot to the voter. If an election officer has not already done so, when the voter has finished, he or she shall either (1) remove the numbered stub from the ballot, place the ballot in the ballot box, and return the number to the ((precinct)) election officers, or (2) deliver the entire ballot to the ((precinct)) election officers, who shall remove the numbered stub from the ballot and place the ballot in the ballot box. If poll-site ballot counting devices are used, the voter shall put the ballot in the device.

NEW SECTION. Sec. 320. RCW 29A.44.350 and 2003 c 111 s 1133 are each amended to read as follows:

NEW SECTION. Sec. 321. In developing technical standards for voting technology and systems to be accessible for individuals with disabilities, the secretary shall consult with the information services board. The board shall review and make recommendations regarding proposed technical standards prior to implementation.

As to court orders extending the time for closing the polls, this section does not apply to any voters who were present in the polling place at the statutory closing time and as a result are permitted to vote under RCW 29A.44.070. This section does not, by itself, authorize any court to order that any individual be permitted to vote or to extend the time for closing the polls, but this section is intended to comply with 42 U.S.C. Restricted access areas do not include common areas of egress or ingress open to the general public.

The restricted areas shall be the minimum necessary to fulfill the objective of this subsection (1)(b).

In addition, the local legislative authority shall provide either a stationary locked box sufficient in size for pistols and key to a weapon owner for weapon storage, or shall designate an official to receive weapons for safekeeping, during the owner’s visit to restricted areas of the building. The locked box or designated official shall be located within the same building used in connection with court proceedings. The local legislative authority shall be liable for any negligence causing damage to or loss of a weapon either placed in a locked box or left with an official during the owner’s visit to restricted areas of the building.

The local judicial authority shall designate and clearly mark those areas where weapons are prohibited, and shall post notices at each entrance to the building of the prohibition against weapons in the restricted areas;

Any restricted access area shall be clearly indicated by prominent signs indicating that firearms and other weapons are prohibited in the area.

(2) Cities, towns, counties, and other municipalities may enact laws and ordinances:

(a) Restricting the discharge of firearms in any portion of their respective jurisdictions where there is a reasonable likelihood that humans, domestic animals, or property will be jeopardized. Such laws and ordinances shall not abridge the right of the individual guaranteed by Article I, section 24 of the state Constitution to bear arms in defense of self or others; and

(b) Restricting the possession of firearms in any stadium or convention center, operated by a city, town, county, or other municipality, except that such restrictions shall not apply to:

(3)(a) Cities, towns, and counties may enact ordinances restricting the areas in their respective jurisdictions in which firearms may be sold, but, except as provided in (b) of this subsection, a business selling firearms may not be treated more restrictively than other businesses located within the same zone. An ordinance requiring the cessation of business within a zone shall not have a shorter grandfather period for businesses selling firearms than for any other businesses within the zone.

(b) Cities, towns, and counties may restrict the location of a business selling firearms to not less than five hundred feet from primary or secondary school grounds, if the business has a storefront, has hours during which it is open for business, and posts advertisements or signs observable to passersby that firearms are available for sale. A business selling firearms that exists as of the date a restriction is enacted under this subsection (3)(b) shall be grandfathered according to existing law.

MESSAGE FROM THE HOUSE

March 5, 2004

MR. PRESIDENT:

The House has passed SECOND SUBSTITUTE SENATE BILL NO. 6304, with the following amendments[s].

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the loss of domestic manufacturing jobs has become a national concern. Washington state has lost one out of every six manufacturing jobs since July 2000. The aluminum industry has long been an important component of Washington state’s manufacturing base, providing family-wage jobs often in rural communities where unemployment rates are very high. The aluminum industry is electricity intensive and was greatly affected by the dramatic increase in electricity prices which began in 2000 and which continues to affect the Washington economy. Before the energy crisis, aluminum smelters provided about 5,000 direct jobs. Today they provide fewer than 1,000 direct jobs. For every job lost in that industry, almost three additional jobs are estimated to be lost elsewhere in the state’s economy. It is the legislature’s intent to preserve and restore family wage jobs by providing tax relief to the state’s aluminum industry.

The electric loads of aluminum smelters provide a unique benefit to the infrastructure of the electric power system. Under the transmission tariff of the Bonneville Power Administration, aluminum smelter loads, whether served with federal or nonfederal power, are subject to short-term interruptions that allow a higher import capability on the transmission interconnection between the northwest and California. These stability reserves allow more power to be imported in winter months, reducing the need for additional generation in the northwest, and would be used to prevent a widespread transmission collapse and blackout if there were a failure in the transmission interconnection between California and the northwest. It is the legislature’s intent to retain these benefits for the people of the state.

NEW SECTION. Sec. 2. A new section is added to chapter 82.04 RCW, to be codified between RCW 82.04.020 and 82.04.120, to read as follows:

(1) "Direct service industrial customer" means the same as in RCW 82.16.0495.

(2) "Aluminum smelter" means the manufacturing facility of any direct service industrial customer that processes alumina into aluminum.

NEW SECTION. Sec. 3. A new section is added to chapter 82.04 RCW to read as follows:

(1) Upon every person who is an aluminum smelter engaging within this state in the business of manufacturing aluminum; as to such persons the amount of tax with respect to such business shall, in the case of manufacturers, be equal to the value of the product manufactured, or in the case of processors for hire, be equal to the gross income of the business, multiplied by the rate of .2904 percent.

(2) Upon every person who is an aluminum smelter engaging within this state in the business of making sales at wholesale of aluminum manufactured by that person, as to such persons the amount of tax with respect to such business shall be equal to the gross proceeds of sales of the aluminum multiplied by the rate of .2904 percent.

(3) This section expires January 1, 2007.

Sec. 4. RCW 82.04.240 and 1998 c 312 s 3 are each amended to read as follows:

"NEW SECTION. Sec. 1. "Direct service industrial customer" means the same as in RCW 82.16.0495.

"NEW SECTION. Sec. 2. A new section is added to chapter 82.04 RCW, to be codified between RCW 82.04.020 and 82.04.120, to read as follows:

(1) "Direct service industrial customer" means the same as in RCW 82.16.0495.

(2) "Aluminum smelter" means the manufacturing facility of any direct service industrial customer that processes alumina into aluminum.

NEW SECTION. Sec. 3. A new section is added to chapter 82.04 RCW to read as follows:

(1) Upon every person who is an aluminum smelter engaging within this state in the business of manufacturing aluminum; as to such persons the amount of tax with respect to such business shall, in the case of manufacturers, be equal to the value of the product manufactured, or in the case of processors for hire, be equal to the gross income of the business, multiplied by the rate of .2904 percent.

(2) Upon every person who is an aluminum smelter engaging within this state in the business of making sales at wholesale of aluminum manufactured by that person, as to such persons the amount of tax with respect to such business shall be equal to the gross proceeds of sales of the aluminum multiplied by the rate of .2904 percent.

(3) This section expires January 1, 2007.

As used in this section, "periodical or magazine" means a printed publication, other than a newspaper, issued regularly at stated intervals at least once every three months, including any supplement or special edition of the publication.

Sec. 7. RCW 82.04.440 and 2003 2nd sp.s. c 1 s 6 are each amended to read as follows:

Every person engaged in the activities which are within the purview of the provisions of two or more of sections RCW 82.04.230 to 82.04.290, inclusive, shall be taxable under each paragraph applicable to the activities engaged in.

(2) Persons taxable under section 3(2) of this act, RCW 82.04.250, 82.04.270, or 82.04.260 (4) or (13) with respect to selling products in this state shall be allowed a credit against those taxes for any (a) manufacturing taxes paid with respect to the manufacturing of products so sold in this state, and/or (b) extracting taxes paid with respect to the extracting of products so sold in this state or ingredients of products so sold in this state.

Extracting taxes taken as credit under subsection (3) of this section may also be taken under this subsection, if otherwise allowable under this subsection. The amount of the credit shall not exceed the tax liability arising under this chapter with respect to the sale of those products.

(3) Persons taxable under RCW 82.04.240 or 82.04.260(1)(b) shall be allowed a credit against those taxes for any extracting taxes paid with respect to extracting the ingredients of the products so manufactured in this state. The amount of the credit shall not exceed the tax liability arising under this chapter with respect to the manufacturing of those products.

(4) Persons taxable under RCW 82.04.230, 82.04.240, section 3(1) of this act, or 82.04.260 (1), (2), (4), (6), or (13) with respect to extracting or manufacturing products in this state shall be allowed a credit against those taxes for any (i) gross receipts taxes paid to another state with respect to the sales of the products so extracted or manufactured in this state, (ii) manufacturing taxes paid with respect to the manufacturing of products using ingredients so extracted in this state, or (iii) gross receipts taxes paid with respect to manufacturing activities completed in another state for products so manufactured in this state.

The amount of the credit shall not exceed the tax liability arising under this chapter with respect to the extraction or manufacturing of those products.

(5) For the purpose of this section:
(a) "Gross receipts tax" means a tax.
(b) "State" means (i) the state of Washington, (ii) a state of the United States other than Washington, or any political subdivision of such other state, (iii) the District of Columbia, and (iv) any foreign country or political subdivision thereof.
(c) "Manufacturing tax" means a gross receipts tax imposed on the act or privilege of engaging in business as a manufacturer, and includes (i) the taxes imposed in RCW 82.04.240, section 3(1) of this act, and 82.04.260 (1), (2), (4), and (13), and (ii) similar gross receipts taxes paid to other states.
(d) "Extracting tax" means a gross receipts tax imposed on the act or privilege of engaging in business as an extractor, and includes the tax imposed in RCW 82.04.230 and similar gross receipts taxes paid to other states.
(e) "Business", "manufacturer", "extractor", and other terms used in this section have the meanings given in RCW 82.04.020 through 82.04.212, notwithstanding the use of those terms in the context of describing taxes imposed by other states.

NEW SECTION. Sec. 8. A new section is added to chapter 82.04 RCW to read as follows:

(1) In computing the tax imposed under this chapter, a credit is allowed for all property taxes paid during the calendar year on property owned by a direct service industrial customer and reasonably necessary for the purposes of an aluminum smelter.

(2) A person taking the credit under this section is subject to all the requirements of chapter 82.32 RCW. A credit earned during one calendar year may be carried over to be credited against taxes incurred in the subsequent calendar year, but may not be carried over a second year. Credits carried over must be applied to tax liability before new credits. No refunds may be granted for credits under this section.

(3) Credits may not be claimed under this section for property taxes levied for collection in 2007 and thereafter.

NEW SECTION. Sec. 9. A new section is added to chapter 82.04 RCW to read as follows:

(1) A person who is subject to tax under this chapter on gross income from sales of electricity, natural gas, or manufactured gas made to an aluminum smelter is eligible for an exemption from the tax in the form of a credit, if the contract for sale of electricity or gas to the aluminum smelter specifies that the price charged for the electricity or gas will be reduced by an amount equal to the credit.
The credit is equal to the gross income from the sale of the electricity or gas to an aluminum smelter multiplied by the corresponding rate in effect at the time of the sale under this chapter.

The exemption provided for in this section does not apply to amounts received from the remarketing or resale of electricity originally obtained by contract for the smelting process.

(2) The credit is equal to the gross income from the sale of the electricity or gas to an aluminum smelter multiplied by the corresponding rate in effect at the time of the sale under this chapter.

(3) The exemption provided for in this section does not apply to amounts received from the remarketing or resale of electricity originally obtained by contract for the smelting process.

NEW SECTION. Sec. 10. A new section is added to chapter 82.08 RCW to read as follows:

(1) A person who has paid tax under RCW 82.08.020 for tangible personal property used at an aluminum smelter, tangible personal property that will be incorporated as an ingredient or component of buildings or other structures at an aluminum smelter, or for labor and services rendered with respect to such buildings, structures, or tangible personal property, is eligible for an exemption from the state share of the tax in the form of a credit, as provided in this section. A person claiming an exemption must pay the tax and may then take a credit equal to the state share of retail sales tax paid under RCW 82.08.020. The person shall submit information, in a form and manner prescribed by the department, specifying the amount of qualifying purchases or acquisitions for which the exemption is claimed and the amount of exempted tax.

(2) For the purposes of this section, "aluminum smelter" has the same meaning as provided in section 2 of this act.

(3) Credits may not be claimed under this section for taxable events occurring on or after January 1, 2007.

NEW SECTION. Sec. 11. A new section is added to chapter 82.12 RCW to read as follows:

(1) A person who is subject to tax under RCW 82.12.020 for tangible personal property used at an aluminum smelter, or for tangible personal property that will be incorporated as an ingredient or component of buildings or other structures at an aluminum smelter, or for labor and services rendered with respect to such buildings, structures, or tangible personal property, is eligible for an exemption from the state share of the tax in the form of a credit, as provided in this section.

The amount of the credit shall be equal to the state share of use tax computed to be due under RCW 82.12.020. The person shall submit information, in a form and manner prescribed by the department, specifying the amount of qualifying purchases or acquisitions for which the exemption is claimed and the amount of exempted tax.

(2) For the purposes of this section, "aluminum smelter" has the same meaning as provided in section 2 of this act.

(3) Credits may not be claimed under this section for taxable events occurring on or after January 1, 2007.

Sec. 12. RCW 82.12.022 and 1994 c 124 s 9 are each amended to read as follows:

(1) There is hereby levied and there shall be collected from every person in this state a use tax for the privilege of using natural gas or manufactured gas within this state as a consumer.

(2) The tax shall be levied and collected in an amount equal to the value of the article used by the taxpayer multiplied by the rate in effect for the public utility tax on gas distribution businesses under RCW 82.16.020. The "value of the article used" does not include any amounts that are paid for the hire or use of a gas distribution business as defined in RCW 82.16.010(7) in transporting the gas subject to tax under this chapter.

(3) The tax levied in this section shall not apply to the use of natural or manufactured gas delivered to the consumer by other means than through a pipeline.

(4) The tax levied in this section shall not apply to the use of natural or manufactured gas if the person who sold the gas to the consumer has paid a tax under RCW 82.12.020 with respect to the gas for which exemption is sought under this subsection.

(5) The tax levied in this section shall not apply to the use of natural or manufactured gas by an aluminum smelter as that term is defined in section 2 of this act before January 1, 2007.

(6) There shall be a credit against the tax levied under this section in an amount equal to any tax paid by:

(a) The person who sold the gas to the consumer when that tax is a gross receipts tax similar to that imposed pursuant to RCW 82.16.020 by another state with respect to the gas for which a credit is sought under this subsection; or

(b) The person consuming the gas upon which a use tax similar to the tax imposed by this section was paid to another state with respect to the gas for which a credit is sought under this subsection.

(7) The use tax hereby imposed shall be paid by the consumer to the department.

(8) There is imposed a reporting requirement on the person who delivered the gas to the consumer to make a quarterly report to the department. Such report shall contain the volume of gas delivered, name of the consumer to whom delivered, and such other information as the department shall require by rule.

(9) The department may adopt rules under chapter 34.05 RCW for the administration and enforcement of sections 1 through 6, chapter 384, Laws of 1989.

NEW SECTION. Sec. 13. A new section is added to chapter 82.16 RCW to read as follows:

(1) A person who is subject to tax under this chapter on gross income from sales of electricity, natural gas, or manufactured gas made to an aluminum smelter is eligible for an exemption from the tax in the form of a credit, if the contract for sale of electricity or gas to the aluminum smelter specifies that the price charged for the electricity or gas will be reduced by an amount equal to the credit.

(2) The credit is equal to the gross income from the sale of the electricity or gas to an aluminum smelter multiplied by the corresponding rate in effect at the time of the sale for the public utility tax under RCW 82.16.020.

(3) The exemption provided for in this section does not apply to amounts received from the remarketing or resale of electricity originally obtained by contract for the smelting process.

(4) For the purposes of this section, "aluminum smelter" has the same meaning as provided in section 2 of this act.

NEW SECTION. Sec. 14. A new section is added to chapter 82.32 RCW to read as follows:

(1) For the purposes of this section, "smelter tax incentive" means the preferential tax rate under section 3 of this act, or an exemption or credit under section 8, 10, or 11 of this act or RCW 82.12.022(5).

(2) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources the legislature needs information to evaluate whether the stated goals of legislation were achieved.

(3) The goals of the smelter tax incentives are to retain family wage jobs in rural areas by:

(a) Enabling the aluminum industry to maintain production of aluminum at a level that will preserve at least 75 percent of the jobs that were on the payroll effective January 1, 2004, as adjusted for employment reductions publicly announced before November 30, 2003; and
(b) Allowing the aluminum industry to continue producing aluminum in this state through 2006 so that the industry will be positioned to preserve and create new jobs when the anticipated reduction of energy costs occurs.

(4)(a) An aluminum smelter receiving the benefit of a smelter tax incentive shall make an annual report to the department detailing employment, wages, and employer-provided health and retirement benefits per job at the manufacturing site. The report is due by March 31st following any year in which a tax incentive is claimed or used. The report shall not include names of employees. The report shall detail employment by the total number of full-time, part-time, and temporary positions. The report shall indicate the quantity of aluminum smelted at the plant during the time period covered by the report. The first report filed under this subsection shall include employment, wage, and benefit information for the twelve-month period immediately before first use of a tax incentive. Employment reports shall include data for actual levels of employment and identification of the number of jobs affected by any employment reductions that have been publicly announced at the time of the report. Information in a report under this section is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(b) If a person fails to submit an annual report under (a) of this subsection by the due date of the report, the department shall declare the amount of taxes exempted or credited, or reduced in the case of the preferential business and occupation tax rate, for that year to be immediately due and payable. Excise taxes payable under this subsection are subject to interest but not penalties, as provided under this chapter. This information is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(5) By December 1, 2005, and by December 1, 2006, the fiscal committees of the house of representatives and the senate, in consultation with the department, shall report to the legislature on the effectiveness of the smelter tax incentives and, by December 1, 2010, on the effectiveness of the incentives under sections 9 and 13 of this act. The reports shall measure the effect of the tax incentives on job retention for Washington residents and any other factors the committees may select.

NEW SECTION. Sec. 15. This act takes effect July 1, 2004." and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

March 3, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6329, with the following amendments[s]. Strike everything after the enacting clause and insert the following:
The legislature recognizes the international ramifications and the rapidly changing dimensions of this issue, the lack of currently available treatment technologies, and the difficulty that any one state has in either legally or practically managing this issue. Recognizing the possible limits of state jurisdiction over international issues, the state declares its support for the international maritime organization and United States coast guard efforts, and the state intends to complement, to the extent its powers allow, the United States coast guard’s ballast water management program.

Sec. 2. 2002 c 282 s 1 (uncodified) is amended to read as follows:

(a) One staff person from the governor’s executive policy office. This person must act as chair of the ballast water work group;

(b) Two representatives from the Puget Sound steamship operators;

(c) Two representatives from the Columbia river steamship operators;

(d) Three representatives from the Washington public ports, one of whom must be a marine engineer;

(e) Two representatives from the petroleum transportation industry;

(f) One representative from the Puget Sound water quality action team; ((and))

(g) Two representatives from the environmental community;

(h) One representative of the shellfish industry;

(i) One representative of the tribes;

(j) One representative of maritime labor; and

(k) One representative from the department of fish and wildlife.

(3) The ballast water work group must study, and provide a report to the legislature by December 15, ((2003)) 2006, the following issues:

(a) All issues relating to ballast water technology, including exchange and treatment methods ((and)), management plans, the associated costs, and the availability of feasible and proven ballast water treatment technologies that could be cost-effectively installed on vessels that typically call on Washington ports;

(b) The services needed by the industry and the state to protect the marine environment, including penalties and enforcement; ((and))

(c) The costs associated with, and possible funding methods for, implementing the ballast water program;

(d) Consistency with federal and international standards, and identification of gaps between those standards, and the need for additional measures, if any, to meet the goals of this chapter;

(e) Describe how the costs of treatment required as of July 1, 2007, will be substantially equivalent among ports where treatment is required;

(f) Describe how the states of Washington and Oregon are coordinating their efforts for ballast water management in the Columbia river system; and

(g) Describe how the states of Washington, Oregon, and California and the province of British Columbia are coordinating their efforts for ballast water management on the west coast.

(4) The ballast water work group must begin operation immediately upon the effective date of this section. The Puget Sound water quality action team must provide staff for the ballast water work group. The staff must come from existing personnel within the ((department of fish and wildlife)) team.

The director must also monitor the activities of the task force created by the state of Oregon in 2001 Or. Laws 722, concerning ballast water management. The director shall provide the ballast water work group with periodic updates of the Oregon task force’s efforts at developing a ballast water management system.

60(a) The ballast water work group expires June 30, ((2004)) 2007.

(b) This section expires June 30, ((2004)) 2007.

Sec. 3. RCW 77.120.030 and 2002 c 282 s 2 are each amended to read as follows:

The owner or operator in charge of any vessel covered by this chapter is required to ensure that the vessel under their ownership or control does not discharge ballast water into the waters of the state except as authorized by this section.

(1) Discharge into waters of the state is authorized if the vessel has conducted an open sea exchange of ballast water. A vessel is exempt from this requirement if the vessel’s master reasonably determines that such a ballast water exchange operation will threaten the safety of the vessel or the vessel’s crew, or is not feasible due to vessel design limitations or equipment failure. If a vessel relies on this exemption, then it may discharge ballast water into waters of the state, subject to any requirements of treatment under subsection (2) of this section and subject to RCW 77.120.040.

(2) After July 1, ((2004)) 2007, discharge of ballast water into waters of the state is authorized only if there has been an open sea exchange or if the vessel has treated its ballast water to meet standards set by the department consistent with applicable state and federal laws. When weather or extraordinary circumstances make access to treatment unsafe to the vessel or crew, the master of a vessel may delay compliance with any treatment required under this subsection until it is safe to complete the treatment.

(3) Masters, owners, operators, or persons-in-charge shall submit to the department an interim ballast water management report by July 1, 2006, in the form and manner prescribed by the department. The report shall describe actions needed to implement the ballast water requirements in subsection (2) of this section, including treatment methods applicable to the class of the vessel. Reports may include a statement that there are no treatment methods applicable to the vessel for which the report is being submitted.

(4) The ballast water work group created in section 1, chapter 282, Laws of 2002 shall develop recommendations for the interim ballast water management report. The recommendations must include, but are not limited to:

(a) Actions that the vessel owner or operator will take to implement the ballast water requirements in subsection (2) of this section, including treatment methods applicable to the class of the vessel;
(b) Necessary plan elements when there are not treatment methods applicable to the vessel for which the report is being submitted, or which would meet the requirements of this chapter; and

c) The method, form, and content of reporting to be used for such reports.

(5) For treatment technologies requiring shipyard modification that cannot reasonably be performed prior to July 1, 2007, the department shall provide the vessel owner or operator with an extension to the first scheduled drydock or shipyard period following July 1, 2007.

(6) The department shall make every effort to align ballast water standards with adopted international and federal standards while ensuring that the goals of this chapter are met.

(7) The requirements of this section do not apply to a vessel discharging ballast water or sediments that originated solely within the waters of Washington state, the Columbia river system, or the internal waters of British Columbia south of latitude fifty degrees north, including the waters of the Straits of Georgia and Juan de Fuca.

(8) Open sea exchange is an exchange that occurs fifty or more nautical miles offshore. If the United States coast guard requires a vessel to conduct an exchange further offshore, then that distance is the required distance for purposes of compliance with this chapter."

MESSAGE FROM THE HOUSE

March 4, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6171, with the following amendments:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28A.410.095 and 1992 c 159 s 5 are each amended to read as follows:

(1) The superintendent of public instruction may initiate and conduct investigations as may be reasonably necessary to establish the existence of any alleged violations of or noncompliance with this chapter or any rules adopted under it. For the purpose of any investigation or proceeding under this chapter, the superintendent or any officer designated by the superintendent may administer oaths and affirmations, subpoena witnesses and compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, agreements, or other documents or records that the superintendent deems relevant and material to the inquiry.

(2) Investigations conducted by the superintendent of public instruction concerning alleged sexual misconduct towards a child shall be completed within one year of the initiation of the investigation or within thirty days of the completion of all proceedings, including court proceedings, resulting from an investigation conducted by law enforcement or child protective services if there is such an investigation. The superintendent of public instruction may take, for reasonable cause, additional time for completion of the investigation after informing the victim, the individual being investigated, and the school district that employs the individual being investigated of the reasons additional time is needed and the amount of additional time needed. Written notification must be provided to each of the parties who must be informed. The sole remedy for a failure to complete an investigation of sexual misconduct within the time allowed by this subsection is a civil penalty of fifty dollars per day for each day beyond the allowed time.

(3) If any person fails to obey a subpoena or obeys a subpoena but refuses to give evidence, any court of competent jurisdiction, upon application by the superintendent, may issue an order requiring him or her to appear before the court and to show cause why he or she should not be compelled to obey the subpoena, and give evidence material to the matter under investigation. The failure to obey an order of the court may be punishable as contempt.

(4) Once an investigation has been initiated by the superintendent of public instruction, the investigation shall be completed regardless of whether the individual being investigated has resigned his or her position or allowed his or her teaching certificate to lapse. The superintendent shall make a written finding regarding each investigation indicating the actions taken, including a statement of the reasons why a complaint was dismissed or did not warrant further investigation or action by the superintendent, and shall provide such notice to each person who filed the complaint. Written findings under this section are subject to public disclosure under chapter 42.17 RCW.

(5) An investigation into sexual or physical abuse of a student by a school employee shall only be initiated by the superintendent of public instruction after the superintendent of public instruction verifies that the incident has been reported to the proper law enforcement agency or the department of social and health services as required under RCW 26.44.030.

Sec. 2. RCW 28A.410.090 and 1996 c 126 s 2 are each amended to read as follows:

If the superintendent of public instruction has reasonable cause to believe that an alleged violation of this chapter or rules adopted under it has occurred based on a written complaint alleging physical abuse or sexual misconduct by a certificated school employee filed by a parent or another person, no complaint has been [(filed pursuant to this chapter)] forwarded to the superintendent by a school district superintendent, educational service district superintendent, or private school administrator, and that a school district superintendent, educational service district superintendent, or private school administrator has sufficient notice of the alleged violation and opportunity to file a complaint, the superintendent of public instruction may cause an investigation to be made of the alleged violation, together with such other matters that may be disclosed in the course of the investigation related to certificated personnel.

MESSAGE FROM THE HOUSE

March 4, 2004

MR. PRESIDENT:
The House has passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5533, with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION, Sec. 1. The legislature recognizes that state law requires criminal background checks of applicants for school district employment. However, the legislature finds that, because they generally are limited to criminal conviction histories, results of background checks are more complete when supplemented by an applicant’s history of past sexual misconduct. Therefore, the legislature finds that additional safeguards are necessary in the hiring of school district employees to ensure the safety of Washington’s school children. In order to provide the safest educational environment for children, school districts must provide known information regarding employees’ sexual misconduct when those employees attempt to transfer to different school districts.

NEW SECTION, Sec. 2. A new section is added to chapter 28A.400 RCW to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Applicant" means an applicant for employment in a certificated or classified position who is currently or was previously employed by a school district.

(b) "Employer" means a school district employer.

(2) Before hiring an applicant, a school district shall request the applicant to sign a statement:

(a) Authorizing the applicant’s current and past employers to disclose to the hiring school district sexual misconduct, if any, by the applicant and making available to the hiring school district copies of all documents in the previous employer’s personnel, investigative, or other files relating to sexual misconduct by the applicant; and

(b) Releasing the applicant’s current and past employers, and employees acting on behalf of that employer, from any liability for providing information described in (a) of this subsection, as provided in subsection (4) of this section.
(3) Before hiring an applicant, a school district shall request in writing, electronic or otherwise, the applicant’s current and past employers to provide the information described in subsection (2)(a) of this section, if any. The request shall include a copy of the statement signed by the applicant under subsection (2) of this section.

(4) Not later than twenty business days after receiving a request under subsection (3) of this section, a school district shall provide the information requested and make available to the requesting school district copies of all documents in the applicant’s personnel record relating to the sexual misconduct. The school district, or an employee acting on behalf of the school district, who in good faith discloses information under this section is immune from civil liability for the disclosure.

(5) A hiring district shall request from the office of the superintendent of public instruction verification of certification status, including information relating to sexual misconduct as established by the provisions of subsection (11) of this section, if any, for applicants for certificated employment.

(6) A school district shall not hire an applicant who does not sign the statement described in subsection (2) of this section.

(7) School districts may employ applicants on a conditional basis pending the district’s review of information obtained under this section.

(8) Information received under this section shall be used by a school district only for the purpose of evaluating an applicant’s qualifications for employment in the position for which he or she has applied. Except as otherwise provided by law, a board member or employee of a school district shall not disclose the information to any person, other than the applicant, who is not directly involved in the process of evaluating the applicant’s qualifications for employment. A person who violates this subsection is guilty of a misdemeanor.

(9) Beginning September 1, 2004, the board or an official of a school district shall not enter into a collective bargaining agreement, individual employment contract, resignation agreement, severance agreement, or any other contract or agreement that has the effect of suppressing information about verbal or physical abuse or sexual misconduct by a present or former employee or of expunging information about that abuse or sexual misconduct from any documents in the previous employer’s personnel, investigative, or other files relating to verbal or physical abuse or sexual misconduct by the applicant. Any provision of a contract or agreement that is contrary to this subsection is void and unenforceable, and may not be withheld from disclosure by the entry of any administrative or court order. This subsection does not restrict the expungement from a personnel file of information about alleged verbal or physical abuse or sexual misconduct that has not been substantiated.

(10) This section does not prevent a school district from requesting or requiring an applicant to provide information other than that described in this section.

(11) By September 1, 2004, the state board of education has the authority to and shall adopt rules defining "verbal abuse," "physical abuse," and "sexual misconduct" as used in this section for application to all classified and certificated employees. The definitions of verbal and physical abuse and sexual misconduct adopted by the state board of education must include the requirement that the school district has made a determination that there is sufficient information to conclude that the abuse or misconduct occurred and that the abuse or misconduct resulted in the employee’s leaving his or her position at the school district.

(12) Except as limited by chapter 49.12 RCW, at the conclusion of a school district’s investigation, a school employee has the right to review his or her entire personnel file, investigative file, or other file maintained by the school district relating to sexual misconduct as addressed in this section and to attach rebuttals to any documents as the employee deems necessary. Rebuttal documents shall be disclosed in the same manner as the documents to which they are attached. The provisions of this subsection do not supersede the protections provided individuals under the state whistleblower laws in chapter 42.41 RCW.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.320 RCW to read as follows:

School districts must, at the first opportunity but in all cases within forty-eight hours of receiving a report alleging sexual misconduct by a school employee, notify the parents of a student alleged to be the victim, target, or recipient of the misconduct. School districts shall provide parents with information regarding their rights under the Washington public disclosure act, chapter 42.17 RCW, to request the public records regarding school employee discipline. This information shall be provided to all parents on an annual basis.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.410 RCW to read as follows:

For the purposes of reporting disciplinary actions taken against certificated staff to other states via a national data base used by the office of the superintendent of public instruction, the following actions shall be reported: Suspension, surrender, revocation, denial, stayed suspension, reinstatement, and any written reprimand related to abuse and sexual misconduct. These actions will only be reported to the extent that they are accepted by the national clearinghouse, but if there are categories not included, the office of the superintendent of public instruction shall seek modification to the national clearinghouse format.

On page 1, line 2 of the title, after "employees;" strike the remainder of the title and insert "adding a new section to chapter 28A.400 RCW; adding a new section to chapter 28A.320 RCW; adding a new section to chapter 28A.410 RCW; creating a new section; and prescribing penalties."

and the same are herewith transmitted.

MESSAGE FROM THE HOUSE
March 4, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5139, with the following amendments:

"NEW SECTION. Sec. 1. The legislature recognizes that state education and higher education agencies are working on initiatives to communicate with parents and students about how high school graduates should gain and maintain the reading, writing, and mathematics skills they need to start immediately in college-level work. However, the legislature finds that insufficient progress has been made in reducing the proportion of recent high school graduates who must enroll in remedial or precollege classes at Washington's public colleges and universities. More than seventeen million dollars in state and tuition resources is being spent each year to provide these students with skills they should have gained before graduating from high school. It is the intent of the legislature that state education and higher education agencies place a higher priority on their work to address the issue of remediation and take concrete steps to make measurable improvements.

NEW SECTION. Sec. 2. (1) Within current budgets, the higher education coordinating board, the office of the superintendent of public instruction, and the state board for community and technical colleges shall convene a work group that includes representatives of the two and four-year institutions of higher education and school districts to address remediation issues. The work group shall:

(a) Discuss standards and expectations for the knowledge and skills high school graduates need for college-level work and strategies for communicating those standards to all Washington high schools;
(b) Identify the causes of current gaps in knowledge and skills of recent high school graduates;
(c) Identify innovative strategies currently used by school districts and other initiatives or programs designed to provide graduates with the knowledge and skills for college-level work; and
(d) Develop and initiate actions to address the gaps in knowledge and skills so that the need for remediation of recent high school graduates in public higher education institutions is significantly reduced.

(2) The state education and higher education agencies shall jointly submit a report to the education and higher education committees of the legislature by December 15, 2004. The report shall summarize the findings of the work group and describe actions taken by the agencies, higher education institutions, and school districts to enhance the knowledge and skills of high school graduates. The report shall also recommend additional strategies, timelines, and measurable benchmarks for reducing remediation of recent high school graduates over the next three years."

and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

March 2, 2004

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6160, with the following amendments(s).

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that quality assurance efforts will promote compliance with regulations by providers and achieve the goal of providing high quality of care to citizens residing in licensed boarding homes, and may reduce property and liability insurance premium costs for such facilities.

NEW SECTION. Sec. 2. A new section is added to chapter 18.20 RCW to read as follows:

(1) To ensure the proper delivery of services and the maintenance and improvement in quality of care through self-review, any boarding home licensed under this chapter may maintain a quality assurance committee that, at a minimum, includes:

(a) A licensed registered nurse under chapter 18.79 RCW;
(b) The administrator; and
(c) Three other members from the staff of the boarding home.

(2) When established, the quality assurance committee shall meet at least quarterly to identify issues that may adversely affect quality of care and services to residents and to develop and implement plans of action to correct identified quality concerns or deficiencies in the quality of care provided to residents.

(3) To promote quality of care through self-review without the fear of reprisal, and to enhance the objectivity of the review process, the department shall not require, and the long-term care ombudsman program shall not request, disclosure of any quality assurance committee records or reports, unless the disclosure is related to the committee’s compliance with this section, if:

(a) The records or reports are not maintained pursuant to statutory or regulatory mandate; and
(b) The records or reports are created for and collected and maintained by the committee.

(4) If the boarding home refuses to release records or reports that would otherwise be protected under this section, the department may then request only that information that is necessary to determine whether the boarding home has a quality assurance committee and to determine that it is operating in compliance with this section. However, if the boarding home offers the department documents generated by, or for, the quality assurance committee as evidence of compliance with boarding home requirements, the documents are not protected as quality assurance committee documents when in the possession of the department.

(5) Good faith attempts by the committee to identify and correct quality deficiencies shall not be used as a basis for sanctions.

(6) Any records that are created for and collected and maintained by the quality assurance committee shall not be discoverable or admitted into evidence in a civil action brought against a boarding home.

(7) Notwithstanding any records created for the quality assurance committee, the facility shall fully set forth in the resident’s records, available to the resident, the department, and others as permitted by law, the facts concerning any incident of injury or loss to the resident, the steps taken by the facility to address the resident’s needs, and the resident outcome.

Sec. 3. RCW 18.20.110 and 2003 c 280 s 1 are each amended to read as follows:

The department shall make or cause to be made, at least every eighteen months with an annual average of fifteen months, an inspection and investigation of all boarding homes. However, the department may delay an inspection to twenty-four months if the boarding home has had three consecutive inspections with no written notice of violations and has received no written notice of violations resulting from complaint investigation during that same time period. The department may at anytime make an unannounced inspection of a licensed home to assure that the licensee is in compliance with this chapter and
the rules adopted under this chapter. Every inspection shall focus primarily on actual or potential resident outcomes, and may include an inspection of every part of the premises and an examination of all records (other than financial records), methods of administration, the general and special dietary, and the stores and methods of supply; however, the department shall not have access to financial records or to other records or reports described in section 2 of this act. Financial records of the boarding home may be examined when the department has reasonable cause to believe that a financial obligation related to resident care or services will not be met, such as a complaint that staff wages or utility costs have not been paid, or when necessary for the department to investigate alleged financial exploitation of a resident. Following such an inspection or inspections, written notice of any violation of this law or the rules adopted hereunder shall be given to the applicant or licensee and the department. The department may prescribe by rule that any licensee or applicant desiring to make specified types of alterations or additions to its facilities or to construct new facilities shall, before commencing such alteration, addition, or new construction, submit plans and specifications therefor to the agencies responsible for plan reviews for preliminary inspection and approval or recommendations with respect to compliance with the rules and standards herein authorized.

NEW SECTION. Sec. 4. A new section is added to chapter 18.20 RCW to read as follows:

If during an inspection, reinspection, or complaint investigation by the department, a boarding home corrects a violation or deficiency that the department discovers, the department shall record and consider such violation or deficiency for purposes of the facility’s compliance history, however the licensor or complaint investigator shall not include in the facility report the violation or deficiency if the violation or deficiency:

1. Is corrected to the satisfaction of the department prior to the exit conference;
2. Is not recurring; and
3. Did not pose a significant risk of harm or actual harm to a resident.

For the purposes of this section, “recurring” means that the violation or deficiency was found under the same regulation or statute in one of the two most recent preceding inspections, reinspections, or complaint investigations.

NEW SECTION. Sec. 5. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

MESSAGE FROM THE HOUSE

March 5, 2004

MR. PRESIDENT:

The House has passed SECOND ENGROSSED SUBSTITUTE SENATE BILL NO. 5536, with the following amendments[s].

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 64.34 RCW to read as follows:

1. The legislature finds, declares, and determines that:
   (a) Washington’s cities and counties under the growth management act are required to encourage urban growth in urban growth areas at densities that accommodate twenty-year growth projections;
   (b) The growth management act’s planning goals include encouraging the availability of affordable housing for all residents of the state and promoting a variety of housing types;
   (c) Quality condominium construction needs to be encouraged to achieve growth management act mandated urban densities and to ensure that residents of the state, particularly in urban growth areas, have a broad range of ownership choices.
(2) It is the intent of the legislature that limited changes be made to the condominium act to ensure that a broad range of affordable homeownership opportunities continue to be available to the residents of the state, and to assist cities’ and counties’ efforts to achieve the density mandates of the growth management act.

Sec. 2. RCW 64.34.100 and 1989 c 43 s 1-113 are each amended to read as follows:

(1) The remedies provided by this chapter shall be liberally administered to the end that the aggrieved party is put in as good a position as if the other party had fully performed. However, consequential, special, or punitive damages may not be awarded except as specifically provided in this chapter or by other rule of law.

(2) Except as otherwise provided in chapter 64. -- RCW (sections 101 through 2002 of this act) or in this subsection, any right or obligation declared by this chapter is enforceable by judicial proceeding or, if provided for in the declaration or by other agreement between the parties, by arbitration.

(3) If arbitration is provided for in the declaration with respect to claims arising under RCW 64.34.443, 64.34.445, or 64.34.450, such provision shall be binding on the association and all unit owners and may not be amended without the consent of the declarant. In any arbitration of claims arising under RCW 64.34.443, 64.34.445, or 64.34.450, the arbitrator may award reasonable attorneys’ fees and costs, and arbitration fees and costs of arbitration, to the substantially prevailing party. Arbitration for claims arising under RCW 64.34.443, 64.34.445, or 64.34.450 shall be in accordance with chapter 7.06 RCW, and the mandatory arbitration rules adopted by the supreme court, to the extent consistent with this section, and except as follows:

(a) Chapter 7.06 RCW shall apply regardless of whether a county has authorized mandatory arbitration under RCW 7.06.010. No suit need be commenced in order to commence the arbitration.

(b) The monetary limitations and limitations on type of relief in RCW 7.06.020 shall not apply.

(c) Notwithstanding RCW 7.06.040, the compensation of the arbitrator shall be at the normal rate for such arbitrator in similar matters.

(d) All filings under RCW 7.06.050 shall be on the parties, not with the clerk of the court.

(e) Unless otherwise agreed by the parties, the arbitration hearing shall be conducted in the county in which the condominium is located.

(f) For purposes of RCW 64.34.452, the commencement of an arbitration proceeding under this section shall be deemed to be the equivalent of the commencement of a judicial proceeding.

Sec. 3. RCW 64.34.324 and 1992 c 220 s 16 are each amended to read as follows:

(1) Unless provided for in the declaration, the bylaws of the association shall provide for:

(2) Subject to the provisions of the declaration, the bylaws may provide for any other matters the association deems necessary and appropriate.

(3) In determining the qualifications of any officer or director of the association, notwithstanding the provision of RCW 64.34.020(32) the term “unit owner” in such context shall, unless the declaration or bylaws otherwise provide, be deemed to include any director, officer, partner in, or trustee of any person, who is, either alone or in conjunction with another person or persons, a unit owner. Any officer or director of the association who would not be eligible to serve as such if he or she were not a director, officer, partner in, or trustee of such a person shall be disqualified from continuing in office if he or she ceases to have any such affiliation with that person, or if that person would have been disqualified from continuing in such office as a natural person.

Sec. 4. RCW 64.34.425 and 1992 c 220 s 23 are each amended to read as follows:

(1) Except in the case of a sale where delivery of a public offering statement is required, or unless exempt under RCW 64.34.400(2), a unit owner shall furnish to a purchaser before execution of any contract for sale of a unit, or otherwise before conveyance, a resale certificate, signed by an officer or authorized agent of the association and based on the books and records of the association and the actual knowledge of the person signing the certificate, containing:

(a) A statement disclosing any right of first refusal or other restraint on the free alienability of the unit contained in the declaration;

(b) A statement setting forth the amount of the monthly common expense assessment and any unpaid common expense or special assessment currently due and payable from the selling unit owner and a statement of any special assessments that have been levied against the unit which have not been paid even though not yet due;

(r) A statement, as required by section 301 of this act, as to whether the units or common elements of the condominium are covered by a qualified warranty, and a history of claims under any such warranty.

The association, within ten days after a request by a unit owner, and subject to payment of any fee imposed pursuant to RCW 64.34.304(1), shall furnish a resale certificate signed by an officer or authorized agent of the association and containing the information necessary to enable the unit owner to comply with this section. For the purposes of this chapter, a reasonable charge for the preparation of a resale certificate may not exceed one hundred fifty dollars. The association may charge a unit owner a nominal fee for updating a resale certificate within six months of the unit owner’s request. The unit owner shall also sign the certificate but the unit owner is not liable to the purchaser for any erroneous information provided by the association and included in the certificate unless and to the extent the unit owner had actual knowledge thereof.

A purchaser is not liable for any unpaid assessment or fee against the unit as of the date of the certificate greater than the amount set forth in the certificate prepared by the association unless and to the extent such purchaser had actual knowledge thereof. A unit owner is not liable to a purchaser for the failure or delay of the association to provide the certificate in a timely manner, but the purchaser’s contract is voidable by the purchaser until the certificate has been provided and for five days thereafter or until conveyance, whichever occurs first.

Sec. 5. RCW 64.34.445 and 1992 c 220 s 26 are each amended to read as follows:

1. A declarant and any dealer warrants that a unit will be in at least as good condition at the earlier of the time of the conveyance or delivery of possession as it was at the time of contracting, reasonable wear and tear and damage by casualty or condemnation excepted.

2. A declarant and any dealer impliedly warrants that a unit and the common elements in the condominium are suitable for the ordinary uses of real estate of its type and that any improvements made or contracted for by such declarant or dealer will be:

(a) Free from defective materials; (and)
(b) Constructed in accordance with sound engineering and construction standards; (and)
(c) Constructed in a workmanlike manner; and
(d) Constructed in compliance with all laws then applicable to such improvements.

3. A declarant and any dealer warrants to a purchaser of a unit that the unit and the common elements in the condominium are in at least as good condition as of the date of the certificate greater than the amount set forth in the certificate prepared by the association unless and to the extent such purchaser had actual knowledge thereof.

4. Warranties imposed by this section may be excluded or modified as specified in RCW 64.34.450.

5. For purposes of this section, improvements made or contracted for by an affiliate of a declarant, as defined in RCW 64.34.020(1), are made or contracted for by the declarant.

6. Any conveyance of a unit transfers to the purchaser all of the declarant’s implied warranties of quality.

7. In a judicial proceeding or arbitration for breach of any of the obligations arising under this section, the plaintiff must show that the alleged breach has adversely affected or will adversely affect the performance of that portion of the unit or common elements alleged to be in breach. As used in this subsection, an “adverse effect” must be more than technical and must be significant to a reasonable person. To establish an adverse effect, the person alleging the breach is not required to prove that the breach renders the unit or common element uninhabitable or unfit for its intended purpose.

8. Proof of breach of any obligation arising under this section is not proof of damages. Damages awarded for a breach of an obligation arising under this section are the cost of repairs. However, if it is established that the cost of such repairs is clearly disproportionate to the loss in market value caused by the breach, then damages shall be limited to the loss in market value.

Sec. 6. RCW 64.34.450 and 1989 c 43 s 4-113 are each amended to read as follows:

1. (Except as limited by subsection (2) of this section)) For units intended for nonresidential use, implied warranties of quality:

(a) May be excluded or modified by written agreement of the parties; and
(b) Are excluded by written expression of disclaimer, such as “as is,” “with all faults,” or other language which in common understanding calls the buyer’s attention to the exclusion of warranties.

2. (With respect to a purchaser of a unit that may be occupied) For units intended for residential use, no disclaimer of implied warranties of quality is effective. (But) except that a declarant (and any) or dealer may disclaim liability in (an instrument) writing, in type that is bold faced, capitalized, underlined, or otherwise set out from
surrounding material so as to be conspicuous, and separately signed by the purchaser, for a specified defect or specified failure to comply with applicable law, if (a) the declarant or declarant knows or has reason to know that the specific defect or failure (entered into and became a part of the bargain) exists at the time of disclosure; (b) the disclaimer specifically describes the defect or failure; and (c) the disclaimer includes a statement as to the effect of the defect or failure.

3. A declarant or dealer may offer an express written warranty of quality only if the express written warranty does not reduce protections provided to the purchaser by the implied warranty set forth in RCW 64.34.445.

**Sec. 7.** RCW 64.34.452 and 2002 c 323 s 11 are each amended to read as follows:

1. A judicial proceeding or arbitration for breach of any obligations arising under RCW 64.34.443 ((and)) 64.34.445, and 64.34.450 must be commenced within four years after the cause of action accrues: PROVIDED, That the period for commencing (an action) a judicial proceeding or arbitration for a breach accruing pursuant to subsection (2)(b) of this section shall not expire prior to one year after termination of the period of declarant control, if any, under RCW 64.34.308(4). Such periods may not be reduced by either oral or written agreement, or through the use of contractual claims or notice procedures that require the filing or service of any claim or notice prior to the expiration of the period specified in this section. An arbitration is deemed commenced on delivery of a demand for arbitration. Any demand for arbitration shall be delivered by certified mail, return receipt requested, and by ordinary first class mail, or, in the case of persons not resident in the United States of America, by such other comparable form of mailed notice as is reasonably available. The party initiating the arbitration shall address such a notice to the address last known to the initiating party in the exercise of reasonable diligence, and also, in the case of any entity that is required to have a registered agent in the state of Washington, to the address of such a registered agent. Demand for arbitration shall be deemed delivered three days after the postmark date. "Judicial proceeding" as used in this section does not refer to a trial de novo appeal of an arbitration decision and award.

2. Subject to subsection (3) of this section, a cause of action or breach of warranty of quality, regardless of the purchaser’s lack of knowledge of the breach, accrues:
   (a) As to a unit, the date the purchaser to whom the warranty is first made enters into possession if a possessory interest was conveyed or the date of acceptance of the instrument of conveyance if a nonpossessory interest was conveyed; and
   (b) As to each common element, at the latest of (i) the date the first unit in the condominium was conveyed to a bona fide purchaser, (ii) the date the common element was completed, or (iii) the date the common element was added to the condominium.

3. If a warranty of quality explicitly extends to future performance or duration of any improvement or component of the condominium, the cause of action accrues at the time the breach is discovered or at the end of the period for which the warranty explicitly extends, whichever is earlier.

4. If a written notice of claim is served under RCW 64.50.020 within the time prescribed for the filing of an action under this chapter, the statutes of limitation in this chapter and any applicable statutes of repose for construction-related claims are tolled until sixty days after the period of time during which the filing of an action is barred under RCW 64.50.020.

5. Nothing in this section affects the time for filing a claim under chapter 64.-- RCW (sections 101 through 2002 of this act).

**NEW SECTION. Sec. 8.** (1) A committee is established to study the required use of independent third-party inspections of residential condominiums as a way to reduce the problem of water penetration in residential condominiums.

   (b) Deliver to the judiciary committees of the senate and house of representatives, not later than December 31, 2004, a report of the findings and conclusions of the committee, and any proposed legislation implementing third-party water penetration inspections.

**Sec. 13.** RCW 64.50.020 and 2002 c 323 s 3 are each amended to read as follows:

(1) In every construction defect action brought against a construction professional, the claimant shall, no later than forty-five days before claiming an action, serve written notice of claim on the construction professional. The notice of claim shall state that the claimant asserts a construction defect claim against the construction professional and shall describe the claim in reasonable detail sufficient to determine the general nature of the defect.

(2) Within twenty-one days after service of the notice of claim, the construction professional shall serve a written response on the claimant by registered mail or personal service. The written response shall:

(a) Propose to inspect the residence that is the subject of the claim and to complete the inspection within a specified time frame. The proposal shall include the statement that the construction professional shall, based on the inspection, offer to remedy the defect, compromise by payment, or dispute the claim;

(b) Offer to compromise and settle the claim by monetary payment without inspection. A construction professional's offer under this subsection (2)(b) to compromise and settle a homeowner's claim may include, but is not limited to, an express offer to purchase the claimant's residence that is the subject of the claim, and to pay the claimant's reasonable relocation costs; or

(c) State that the construction professional disputes the claim and will neither remedy the construction defect nor compromise and settle the claim.

(3)(a) If the construction professional disputes the claim or does not respond to the claimant's notice of claim within the time stated in subsection (2) of this section, the claimant may bring an action against the construction professional for the claim described in the notice of claim without further notice.

(b) If the claimant rejects the inspection proposal or the settlement offer made by the construction professional pursuant to subsection (2) of this section, the claimant shall serve written notice of the claimant's rejection on the construction professional. After service of the rejection, the claimant may bring an action against the construction professional for the construction defect claim described in the notice of claim. If the construction professional has not received from the claimant, within thirty days after the claimant's receipt of the construction professional's response, either an acceptance or rejection of
the inspection proposal or settlement offer, then at anytime thereafter the construction professional may terminate the proposal or offer by serving written notice to the claimant, and the claimant may thereafter bring an action against the construction professional for the construction defect claim described in the notice of claim.

(4)(a) If the claimant elects to allow the construction professional to inspect in accordance with the construction professional’s proposal pursuant to subsection (2)(a) of this section, the claimant shall provide the construction professional and its contractors or other agents reasonable access to the claimant’s residence during normal working hours to inspect the premises and the claimed defect.

(b) Within fourteen days following completion of the inspection, the construction professional shall serve on the claimant:

(i) A written offer to remedy the construction defect at no cost to the claimant, including a report of the scope of the inspection, the findings and results of the inspection, a description of the additional construction necessary to remedy the defect described in the claim, and a timetable for the completion of such construction;

(ii) A written offer to compromise and settle the claim by monetary payment pursuant to subsection (2)(b) of this section; or

(iii) A written statement that the construction professional will not proceed further to remedy the defect.

(c) If the construction professional does not proceed further to remedy the construction defect within the agreed timetable, or if the construction professional fails to comply with the provisions of (b) of this subsection, the claimant may bring an action against the construction professional for the claim described in the notice of claim without further notice.

(d) If the claimant rejects the offer made by the construction professional pursuant to (b)(i) or (ii) of this subsection to either remedy the construction defect or to compromise and settle the claim by monetary payment, the claimant shall serve written notice of the claimant’s rejection on the construction professional. After service of the rejection notice, the claimant may bring an action against the construction professional for the construction defect claim described in the notice of claim. If the construction professional has not received from the claimant, within thirty days after the claimant’s receipt of the construction professional’s response, either an acceptance or rejection of the offer made pursuant to (b)(i) or (ii) of this subsection, then at anytime thereafter the construction professional may terminate the offer by serving written notice to the claimant.

(5)(a) Any claimant accepting the offer of a construction professional to remedy the construction defect pursuant to subsection (4)(b)(i) of this section shall do so by serving the construction professional with a written notice of acceptance within a reasonable time period after receipt of the offer, and no later than thirty days after receipt of the offer. The claimant shall provide the construction professional and its contractors or other agents reasonable access to the claimant’s residence during normal working hours to perform and complete the construction by the timetable stated in the offer.

(b) The claimant and construction professional may, by written mutual agreement, alter the extent of construction or the timetable for completion of construction stated in the offer, including, but not limited to, repair of additional defects.

(c) If the construction professional does not proceed further to remedy the construction defect within the agreed timetable, or if the construction professional fails to comply with the provisions of (b) of this subsection, the claimant may bring an action against the construction professional for the construction defect claim described in the notice of claim. If the construction professional has not received from the claimant, within thirty days after the claimant’s receipt of the construction professional’s response, either an acceptance or rejection of the offer made pursuant to (b)(i) or (ii) of this subsection, then at anytime thereafter the construction professional may terminate the offer by serving written notice to the claimant.

All notices required by subsection (2) of this section may be served by insured mail or personal service. If the claimant or the construction professional is unable to effect service by personal service, the claimant or the construction professional, respectively, may serve any notice required by subsection (2) of this section by publication, and the publication of the notice may be made in the manner prescribed by law for the publication of legal process. Nothing in this section may be construed to prevent a claimant from commencing an action on the construction defect claim described in the notice of claim if the construction professional fails to perform the construction agreed upon, fails to remedy the defect, or fails to perform by the timetable agreed upon pursuant to subsection (2)(a) or (5) of this section.

Prior to commencing any action alleging a construction defect, or after the dismissal of any action without prejudice pursuant to subsection (6) of this section, the claimant may amend the notice of claim to include construction defects discovered after the service of the original notice of claim, and must otherwise comply with the requirements of this section for the additional claims. The service of an amended notice of claim shall relate back to the original notice of claim for purposes of tolling statutes of limitations and repose. Claims for defects discovered after the commencement of any action commenced by a claimant prior to compliance with the requirements of this section shall be subject to dismissal without prejudice, and may not be recommenced until the claimant has complied with the requirements of this section.

(7) Nothing in this section may be construed to prevent a claimant from commencing an action on the construction defect claim described in the notice of claim if the construction professional fails to perform the construction agreed upon, fails to remedy the defect, or fails to perform by the timetable agreed upon pursuant to subsection (2)(a) or (5) of this section.

Prior to commencing any action alleging a construction defect, or after the dismissal of any action without prejudice pursuant to subsection (6) of this section, the claimant may amend the notice of claim to include construction defects discovered after the service of the original notice of claim, and must otherwise comply with the requirements of this section for the additional claims. The service of an amended notice of claim shall relate back to the original notice of claim for purposes of tolling statutes of limitations and repose. Claims for defects discovered after the commencement or recommencement of an action may be added to such action only after providing notice to the construction professional of the defect and allowing for response under subsection (2) of this section.
