REMARKS BY QUEEN ANITA GRUBBS

Queen Grubbs: "Well, thank you so much for the privilege of speaking here today. We've received such a great welcome at the Capitol Building. It really is an honor for us to be here and we feel very fortunate to be able to see the new newly refurbished Legislative Building. It's very special and it's even more special for me because I hope to go into government some day. I'd like to go to law school then eventually run for public office and all of us, all the girls and I, really, really admire all of you for working so hard to better our state and all the people who live here, so thank you for all your tireless efforts. I know that this is a very busy time for all of you, so I thank you for allowing us to take the time to address you. We also would like to invite all of you to the Washington State Apple Blossom Festival. As Senator Parlette said, it is an amazing time in our valley. If you haven't been able to visit this festival you'll really enjoy if you come out this year. We have parades, we have food fairs and it's a great time for family and friends to come together but really it's a time to promote our apple industry. This not only benefits our community but it is really important to our state. It's a five billion dollar industry so it's very important that we promote it and that we encourage people to eat Washington apples. So, thank you, all of you, for having us here. We've had an amazing time and we look forward to meeting more of you today. Thank you and have a great afternoon."

"NEW SECTION. Sec. 1. The legislature finds that ambulance and emergency medical services are essential services and the availability of these services is vital to preserving and promoting the health, safety, and welfare of people in local communities throughout the state. All persons, businesses, and industries benefit from the availability of ambulance and emergency medical services, and survival rates can be increased when these services are available, adequately funded, and appropriately regulated. It is the legislature's intent to explicitly recognize local jurisdictions' ability and authority to collect utility service charges to fund ambulance and emergency medical service systems that are based, at least in some part, upon a charge for the availability of these services.

Sec. 2. RCW 35.21.766 and 2004 c 129 s 34 are each amended to read as follows:

(1) Whenever a regional fire protection service authority ((or the legislative authority of any city or town)) determines that the fire protection jurisdictions that are members of the authority ((or the city or town or a substantial portion of the city or town is)) are not adequately served by existing private ambulance service, the governing board of the authority may by resolution((, or the legislative authority of the city or town may by appropriate legislation,)) provide for the establishment of a system of ambulance service to be operated by the authority as a public utility ((of the city or town, or)) operated by contract after a call for bids.

(2) The legislative authority of any city or town may establish an ambulance service to be operated as a public utility. However, the legislative authority of the city or town shall not provide for the establishment of an ambulance service utility that would compete with any existing private ambulance service, unless the legislative authority of the city or town determines that the city or town, or a substantial portion of the city or town, is not adequately served by an existing private ambulance service. In determining the adequacy of existing ambulance service, the legislative authority of the city or town shall determine if the service is meeting relevant performance standards. Before making any adequacy determination, performance standards shall be established by the city or town through adoption of a resolution or ordinance by its legislative body, which shall first hold one or more public hearings on the subject of proposed performance standards, or any amendment thereto, after giving at least fourteen days' notice of the time and place by publication in a newspaper of general circulation in the city and individual written notice to any private ambulance company registered with the jurisdiction as operating an ambulance service in the city or town, and to the department of health. Performance standards adopted by any city or town shall be no less stringent than existing standards adopted by the department of health or any other agency with applicable jurisdiction, and may include, but not be limited to, standards regarding response times, equipment, personnel, training, communication, dispatch, reporting, and other relevant requirements and expectations.

(3) The city or town legislative authority is authorized to set and collect rates and charges in an amount sufficient to regulate, operate, and maintain an ambulance utility. Prior to setting such rates and charges, the legislative authority must determine, through a cost-of- service study, the total cost necessary to regulate, operate, and maintain the ambulance utility. Total costs shall not include capital cost for the construction, major renovation, or major repair of the physical plant. For purposes of establishing and setting rates and charges under this section, costs shall be reduced by any revenues collected and described in subsection (5)(a) through (c) of this section. Once the legislative authority determines the total costs, the legislative authority shall then identify that portion of the total costs that are attributable to the availability of the ambulance service and that portion of the total costs that are attributable to the demand placed on the ambulance utility.

(a) Availability costs are those costs attributable to the basic infrastructure needed to respond to a single call for service within the utility's response criteria. Availability costs may include costs for dispatch, labor, training of personnel, equipment, patient care supplies, and maintenance of equipment.

(b) Demand costs are those costs that are attributable to the burden placed on the ambulance service by individual calls for ambulance service. Demand costs shall include costs related to frequency of calls, distances from hospitals, and other factors identified in the cost-of-service study conducted to assess burdens imposed on the ambulance utility.

(c) Beginning on the effective date of this act, the rate attributable to costs for availability described under (a) of this subsection shall be uniformly applied across user classifications within the utility.

(d) Beginning on the effective date of this act, the rate attributable to costs for demand, described under (b) of this subsection, shall be established and billed to each utility user classification based on each user classification's burden on the ambulance utility.

(e) The fee charged by the utility shall reflect a combination of the availability cost and the demand cost.

(4) The combined rates charged shall reflect an exemption for persons who are medicaid eligible, and may reflect an exemption or reduction for designated classes consistent with Article VIII, section 7 of the state Constitution. The amounts of exemption or reduction shall be a general expense of the utility, and designated as an availability cost, to be spread uniformly across the utility user classifications.

(5) In each city or town operating an ambulance utility pursuant to this section:

(a) The legislative authority must continue to allocate at least fifty percent of the total amount of general fund revenues expended, as of May 6, 2004, toward the total costs necessary to regulate, operate, and maintain the ambulance utility.

However, cities or towns that operated an ambulance service as a public utility as of May 6, 2004, and commingled general fund dollars and ambulance service utility dollars, may reasonably estimate that portion of general fund dollars that were, as of that date, applied toward the operation of the ambulance service utility, and at least fifty percent of such estimated amount must then continue to be applied toward the total cost necessary to regulate, operate, and maintain the ambulance utility.

(b) The legislative authority must allocate available emergency medical service levy funds, in an amount proportionate to the percentage of the ambulance services costs to the total combined operating costs for emergency medical services and ambulance services, towards the total costs necessary to regulate, operate, and maintain the ambulance utility.

(c) The legislative authority must allocate all revenues received through direct billing to the individual user of the ambulance service to the demand-related costs under subsection (3)(b) of this section.

(d) The total revenue generated by the rates and charges shall not exceed the total costs necessary to regulate, operate, and maintain an ambulance utility.

(e) Revenues generated by the rates and charges must be deposited in a separate fund or funds and be used only for the purpose of paying for the cost of regulating, maintaining, and operating the ambulance utility.

(6) Ambulance service rates charged pursuant to this section do not constitute taxes or charges under RCW 82.02.050 through 82.02.090, or RCW 35.21.768, or charges otherwise prohibited by law.

NEW SECTION. Sec. 3. The joint legislative audit and review committee shall study and review ambulance utilities established and operated by cities under this act. The committee shall examine, but not be limited to, the following factors: the number and operational status of utilities established under this act; whether the utility rate structures and user classifications used by cities were established in accordance with generally accepted utility rate-making practices; and rates charged by the utility to the user classifications. The committee shall provide a final report on this review by December, 2007.

NEW SECTION. Sec. 4. The sum of sixty-five thousand dollars, or as much thereof as may be necessary, is appropriated for the fiscal year ending June 30, 2006, from the general fund to the joint legislative audit and review committee for the purposes of the study required by section 3 of this act."

On page 1, at the beginning of line 2 of the title, strike the remainder of the title and insert "amending RCW 35.21.766; creating new sections; and making an appropriation."

Senator Kastama spoke in favor of the motion to not adopt the committee striking amendment.

The President declared the question before the Senate to be the motion by Senator Kastama that the committee striking amendment by the Committee on Government Operations & Elections be not adopted.

The motion by Senator Kastama carried and the committee striking amendment by the Committee on Government Operations & Elections was not adopted by voice vote.

MOTION

Senator Kastama moved that the following striking amendment by Senators Kastama and Hargrove be adopted:
Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that ambulance and emergency medical services are essential services and the availability of these services is vital to preserving and promoting the health, safety, and welfare of people in local communities throughout the state. All persons, businesses, and industries benefit from the availability of ambulance and emergency medical services, and survival rates can be increased when these services are available, adequately funded, and appropriately regulated. It is the legislature's intent to explicitly recognize local jurisdictions' ability and authority to collect utility service charges to fund ambulance and emergency medical service systems that are based, at least in some part, upon a charge for the availability of these services.

Sec. 2. RCW 35.21.766 and 2004 c 129 s 34 are each amended to read as follows:

(1) Whenever a regional fire protection service authority (~~(or the legislative authority of any city or town)~~) determines that the fire protection jurisdictions that are members of the authority (~~(or the city or town or a substantial portion of the city or town is)~~) are not adequately served by existing private ambulance service, the governing board of the authority may by resolution (~~(, or the legislative authority of the city or town may by appropriate legislation,)~~) provide for the establishment of a system of ambulance service to be operated by the authority as a public utility (~~(of the city or town, or)~~) operated by contract after a call for bids.

(2) The legislative authority of any city or town may establish an ambulance service to be operated as a public utility. However, the legislative authority of the city or town shall not provide for the establishment of an ambulance service utility that would compete with any existing private ambulance service, unless the legislative authority of the city or town determines that the city or town, or a substantial portion of the city or town, is not adequately served by an existing private ambulance service. In determining the adequacy of existing ambulance service, the legislative authority of the city or town shall determine if the service is meeting relevant performance standards. Before making any adequacy determination, performance standards shall be established by the city or town through adoption of a resolution or ordinance by its legislative body, which shall first hold one or more public hearings on the subject of proposed performance standards, or any amendment thereto, after giving at least fourteen days' notice of the time and place by publication in a newspaper of general circulation in the city and individual written notice to any private ambulance company registered with the jurisdiction as operating an ambulance service in the city or town, and to the department of health. Performance standards adopted by any city or town shall be no less stringent than existing standards adopted by the department of health or any other agency with applicable jurisdiction, and may include, but not be limited to, standards regarding response times, equipment, personnel, training, communication, dispatch, reporting, and other relevant requirements and expectations.

(3) The city or town legislative authority is authorized to set and collect rates and charges in an amount sufficient to regulate, operate, and maintain an ambulance utility. Prior to setting such rates and charges, the legislative authority must determine, through a cost-of- service study, the total cost necessary to regulate, operate, and maintain the ambulance utility. Total costs shall not include capital cost for the construction, major renovation, or major repair of the physical plant. For purposes of establishing and setting rates and charges under this section, costs shall be reduced by any revenues collected and described in subsection (5)(a) through (c) of this section. Once the legislative authority determines the total costs, the legislative authority shall then identify that portion of the total costs that are attributable to the availability of the ambulance service and that portion of the total costs that are attributable to the demand placed on the ambulance utility.

(a) Availability costs are those costs attributable to the basic infrastructure needed to respond to a single call for service within the utility's response criteria. Availability costs may include costs for dispatch, labor, training of personnel, equipment, patient care supplies, and maintenance of equipment.

(b) Demand costs are those costs that are attributable to the burden placed on the ambulance service by individual calls for ambulance service. Demand costs shall include costs related to frequency of calls, distances from hospitals, and other factors identified in the cost-of-service study conducted to assess burdens imposed on the ambulance utility.

(c) Beginning on the effective date of this act, the rate attributable to costs for availability described under (a) of this subsection shall be uniformly applied across user classifications within the utility.

(d) Beginning on the effective date of this act, the rate attributable to costs for demand, described under (b) of this subsection, shall be established and billed to each utility user classification based on each user classification's burden on the ambulance utility.

(e) The fee charged by the utility shall reflect a combination of the availability cost and the demand cost.

(4)(a) Except as provided in (b) of this subsection, the combined rates charged shall reflect an exemption for persons who are medicaid eligible and who reside in a nursing facility, boarding home, adult family home, or receive in home services. The combined rates charged may reflect an exemption or reduction for designated classes consistent with Article VIII, section 7

of the state Constitution. The amounts of exemption or reduction shall be a general expense of the utility, and designated as an availability cost, to be spread uniformly across the utility user classifications.

(b) For cities with a population less than 2,500 that established an ambulance utility before May 6, 2004, the combined rates charged may reflect an exemption or reduction for persons who are medicaid eligible, and for designated classes consistent with Article VIII, section 7 of the state Constitution.

(5) In each city or town operating an ambulance utility pursuant to this section:

(a) The legislative authority must continue to allocate at least fifty percent of the total amount of general fund revenues expended, as of May 6, 2004, toward the total costs necessary to regulate, operate, and maintain the ambulance utility.

However, cities or towns that operated an ambulance service as a public utility as of May 6, 2004, and commingled general fund dollars and ambulance service utility dollars, may reasonably estimate that portion of general fund dollars that were, as of that date, applied toward the operation of the ambulance service utility, and at least fifty percent of such estimated amount must then continue to be applied toward the total cost necessary to regulate, operate, and maintain the ambulance utility.

(b) The legislative authority must allocate available emergency medical service levy funds, in an amount proportionate to the percentage of the ambulance services costs to the total combined operating costs for emergency medical services and ambulance services, towards the total costs necessary to regulate, operate, and maintain the ambulance utility.

(c) The legislative authority must allocate all revenues received through direct billing to the individual user of the ambulance service to the demand-related costs under subsection (3)(b) of this section.

(d) The total revenue generated by the rates and charges shall not exceed the total costs necessary to regulate, operate, and maintain an ambulance utility.

(e) Revenues generated by the rates and charges must be deposited in a separate fund or funds and be used only for the purpose of paying for the cost of regulating, maintaining, and operating the ambulance utility.

(6) Ambulance service rates charged pursuant to this section do not constitute taxes or charges under RCW 82.02.050 through 82.02.090, or RCW 35.21.768, or charges otherwise prohibited by law.

NEW SECTION. Sec. 3. The joint legislative audit and review committee shall study and review ambulance utilities established and operated by cities under this act. The committee shall examine, but not be limited to, the following factors: the number and operational status of utilities established under this act; whether the utility rate structures and user classifications used by cities were established in accordance with generally accepted utility rate-making practices; and rates charged by the utility to the user classifications. The committee shall provide a final report on this review by December, 2007.

Senator Kastama spoke in favor of adoption of the striking amendment.

POINT OF INQUIRY

Senator Roach: "Would Senator Kastama yield to a question? Thank you Senator Kastama. How does this striking amendment differ from the bill that we passed out of the Senate?"

Senator Kastama: "Thank you very much for that question. I apologize for not bringing that up. It does two things. First of all, it makes sure that we're talking about Medicaid people who in fact reside in nursing home facilities and boarding homes and in assisted-living facilities. It also addresses the concern of the Senator from the twelfth district. She has an area that has less than twenty-five hundred people in it and this allows them to get reductions for Medicaid individuals within that area. The reason is is so many people live in that area in fact are on Medicaid that is gives them a clear exemption that make it inrefusable fee. Thank you."

Senator Roach spoke in favor of adoption of the striking amendment.

MOTIONS

On motion of Senator Mulliken, Senators Johnson and Parlette were excused.

On motion of Senator Regala, Senators Fairley and Keiser were excused.

The President declared the question before the Senate to be the adoption of the striking amendment by Senators Kastama and Hargrove to Engrossed Substitute House Bill No. 1635.

Senators Kastama and Hargrove spoke in favor of passage of the bill.

POINT OF INQUIRY

Senator Pflug: "Would Senator Kastama yield to a question? Senator, with the measure before us now, is the non-compete language and the non-supplant language. Does that remain in the bill?"

Senator Kastama: "Yes, there is a, well, there is a process I believe we talked about non-compete language. There's a process that a local city has to go through to determine that in fact an ambulance services is not sufficient and this lays out an extensive due process that they must go through in stating the performance standards, etc., having public meetings and that is found actually in section two of the piece of legislation. Also it does have supplanting language in it which requires, in fact, they cannot get more than fifty percent of the funds from such a utility. Thank you."

Senator Pflug: "They cannot get more than fifty percent of their funds from the utility."

Senator Kastama: "Correct. That's in the bill."

Senator Pflug: "So, does it shift the financial burden to private pay then?"

Senator Kastama: "There is an ability to give a discount to people who are on Medicaid in this. What this does is it has a two part formula. It has it to those people who utilize this service but also a general fee that goes out for the general benefit of everyone. So, right now, the fee would go entirely on the people who utilize this service. This is a way of moderating that."

Senators Pflug and Mulliken spoke against passage of the bill.

Senator Hargrove spoke in favor of passage of the bill.

On motion of Senator Weinstein, Senator Poulsen was excused.

POINT OF ORDER

Senator Honeyford: "Mr. President, I rise to ask the President of the Senate for a ruling on this measure, Engrossed Substitute House Bill No. 1397. I rise for this point of order because I'm concerned this bill with its general reference to California's Title 13 may not be a lawful delegation of legislative authority. According to our State Supreme Court, legislation of delegation of rule-making authority must satisfy certain due process standards. The people of this state must not be left to guess which vague standards do and do not apply. What authority our state agencies have and have not been given and what it would take to comply. The bill violates due process precisely because primary reference to Title 13 is so vague. It's void for vagueness. Further, our Supreme Court has said that the legislature must provide adequate procedural safeguards. To quote, 'to control arbitrary administrative action and any administrative abuse of discretionary power.' If, as our Supreme Court's *Barry* case [*Barry and Barry, Inc. v. State Department of Motor Vehicles*, 81 Wn.2d 155 (1972). Ed.] indicates, it is improper to delegate authority to one of our own agencies without clear sideboards, it must be even more of a problem to delegate such vague authority to California and the bureaucrats of its Air Resource Board. Even worse, the bill provides no oversight mechanism for this legislative, this legislature's review of future rule-making. It provides no opportunity to prevent abuses of discretion within the California process. This bill does not provide sufficient due process and again is void for vagueness and it lacks adequate procedural safeguards. For this reason the bill seems to be unconstitutional."

Senator Hargrove spoke against the point of order.

PARLIAMENTARY INQUIRY

Senator Brown: "Thank you Mr. President. I'm sorry but I did not quite understand the issue that Senator Honeyford was raising. What he was asking the President? How he was asking the President to rule? I just wasn't clear on what specific thing he was asking you to rule on. Perhaps if that can restated, it would be easier to respond."

RESPONSE BY THE PRESIDENT

President Owen: "The President only allows one response on either side and that response has been made. I would ask for – it would appear to be that Senator Honeyford has that written and I would be happy to provide that to you as we examine it."

PARLIAMENTARY INQUIRY

Senator Benton: "Thank you Mr. President. My question is, whether not the bill would require a two-thirds vote and whether or not it's properly before us? This is a separate point of order, Mr. President. Separate from the last one. If I may continue? Thank you, Mr. President. Referencing the constitution of the State of Washington clearly says that in article two, section 1 that legislative powers, where vested, the legislative authority of the State of Washington shall be vested in the legislature consisting of the Senate and House of Representatives which shall be called the Legislature of the State of Washington, but the people reserve to themselves the power to oppose bills, laws, etc. Furthermore, in Senate Rules, it states that amendments to the state constitution may be proposed in either branch of the legislature only by joint resolution, this is under Rule Fourteen, Mr. President. The measure before us is an Engrossed Substitute House Bill not a house or senate joint memorial and I submit to the President since it enacts laws passed in the State of California rather than in the State of Washington and submits the citizens of the State of Washington to future laws that may be passed by the State of California, that it is in fact a change to the Washington State Constitution and therefore should be before this body in the form of a joint resolution rather than in the form of a house or

senate bill and as such would then require a two-thirds vote for approval to be put to the people of the State of Washington for their vote and I would ask that you rule on that Mr. President."

POINT OF ORDER

Senator Kline: "In the event that you feel that you need responsive argument regarding the constitutionality, I recognize the President does not rule on constitutionality. We have a legal argument to the effect that if it is unconstitutional as a bill, regular house bill that some how that would change if it were a resolution, if you feel you need further argument."

REPLY BY THE PRESIDENT

President Owen: "You have the option to make one if you want. I have pretty good legal advisors up here."

RULING BY THE PRESIDENT

President Owen: "In ruling upon the points of inquiry raised by Senator Honeyford and Senator Benton that House Bill 1397 is not properly before us for various legal, constitutional, and format reasons, the President finds and rules as follows:

The President begins by reminding the body that he does not make legal or constitutional interpretations as to the substantive law within a measure; instead, the President rules on parliamentary matters and those Constitutional or legal mandates affecting the vote on a particular matter. While there may be legal challenges that can be raised as to the substantive law in a bill, those challenges are better left to the courts for their decision. Moreover, with respect to the challenge that this measure should have been placed within a Joint Resolution because it amends the Constitution, the President finds that no where within the express text of the bill does it amend any language found within the Washington Constitution. If the body believes a Constitutional amendment is necessary, it would need, of course, to make such an amendment in the form of a Joint Resolution, but this does not preclude the body from taking up the language in this bill. For these reasons, the points are not well-taken and this measure is properly before the body for its consideration."

NEW SECTION. Sec. 2. A new section is added to chapter 69.43 RCW to read as follows:

(1) Any product containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers as its only active ingredient, sold at retail shall be sold only by a pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, or a practitioner as defined in RCW 18.64.011. A pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, or a practitioner as defined in RCW 18.64.011 may only sell products containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers as its only active ingredient to customers that are at least eighteen years old, upon presentation of photographic identification that shows the date of birth of the person. The products must be kept in a location that is not accessible by customers without the assistance of an employee of the merchant.

(2) A person buying or receiving a product at retail containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers as its only active ingredient, from a pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, or a practitioner as defined in RCW 18.64.011, must be at least eighteen years old and must first produce photographic identification of the person that shows the date of birth of the person.

NEW SECTION. Sec. 3. A new section is added to chapter 69.43 RCW to read as follows:

(1)(a) The Washington association of sheriffs and police chiefs or the Washington state patrol may petition the state board of pharmacy to establish restrictions for one or more products containing any amount of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, in combination with another active ingredient. The petition shall establish that:

(i) Ephedrine, pseudoephedrine, or phenylpropanolamine can be effectively extracted from the product and converted into methamphetamine or another controlled dangerous substance; and

(ii) Law enforcement, the Washington state patrol, or the department of ecology are finding substantial evidence that the product is being used for the illegal manufacture of methamphetamine or another controlled dangerous substance.

(b) The state board of pharmacy shall adopt rules when a petition establishes that restricting the sale of the product at retail is warranted based upon the effectiveness and extent of use of the product for the illegal manufacture of methamphetamine or other controlled dangerous substances and the extent of the burden of any restrictions upon consumers. The state board of pharmacy may adopt such restrictions as are warranted to prevent access to the product for use for the illegal manufacture of methamphetamine or another controlled dangerous substance, including the presentation of photographic identification and accessibility requirements. The state board of pharmacy may adopt emergency rules to restrict the sale of a product when the petition establishes that the immediate restriction of the product is necessary in order to protect public health and safety.

(c) A manufacturer of a drug product may apply for removal of the product from this section if the product is determined by the state board of pharmacy to have been formulated in such a way as to effectively prevent the conversion of the active ingredient into methamphetamine. The burden of proof for exemption is upon the person requesting the exemption. The petitioner shall provide the state board of pharmacy with evidence that the product has been formulated in such a way as to serve as an effective general deterrent to the conversion of pseudoephedrine into methamphetamine. The evidence must include the furnishing of a valid scientific study, conducted by an independent, professional laboratory and evincing professional quality chemical analysis. Factors to be considered in whether a product should be excluded from this section include but are not limited to:

(i) Ease with which the product can be converted to methamphetamine;

(ii) Ease with which pseudoephedrine is extracted from the substance and whether it forms an emulsion, salt, or other form;

(iii) Whether the product contains a "molecular lock" that renders it incapable of being converted into methamphetamine;

(iv) Presence of other ingredients that render the product less likely to be used in the manufacture of methamphetamine; and

(v) Any pertinent data that can be used to determine the risk of the substance being used in the illegal manufacture of methamphetamine or any other controlled substance.

(2) Nothing in this section applies:

(a) To the sale of a product that may only be sold upon the presentation of a prescription; or

(b) When the details of the transaction are recorded in a pharmacy profile individually identified with the recipient and maintained by a licensed pharmacy or registered shopkeeper or itinerant vendor.

(3)(a) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or a practitioner as defined in RCW 18.64.011, may retaliate against any employee that has made a good faith attempt to comply with any requirement that the state board of pharmacy may impose under subsection (1) of this section.

(b) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or a practitioner as defined in RCW 18.64.011, is subject to prosecution under subsection (4) of this section if they made a good faith attempt to comply with any requirement that the state board of pharmacy may impose under subsection (1) of this section.

Many of these tire piles have been in existence for a significant amount of time and are a continuing challenge to state and local officials responsible for cleaning up unauthorized dump sites and preventing further accumulation of waste tires. Therefore it is the intent of the legislature to document the extent of the problem, create and fund an effective program to eliminate unauthorized tire piles, and minimize potential future problems and costs.

Sec. 2. RCW 70.95.510 and 1989 c 431 s 92 are each amended to read as follows:

(1) There is levied a one dollar per tire fee on the retail sale of new replacement vehicle tires for a period of five years, beginning ~~((October 1, 1989))~~ July 1, 2005. The fee imposed in this section shall be paid by the buyer to the seller, and each seller shall collect from the buyer the full amount of the fee. The fee collected from the buyer by the seller less the ten percent amount retained by the seller as provided in RCW 70.95.535(1) shall be paid to the department of revenue in accordance with RCW 82.32.045.

(2) The department of revenue shall incorporate into the agency's regular audit cycle a reconciliation of the number of tires sold and the amount of revenue collected by the businesses selling new replacement vehicle tires at retail. The department of revenue shall collect on the business excise tax return from the businesses selling new replacement vehicle tires at retail:

Moneys in the account may be spent only after appropriation. Expenditures from the account may be used for the cleanup of unauthorized waste tire piles and measures that prevent future accumulation of unauthorized waste tire piles.

NEW SECTION. Sec. 4. A new section is added to chapter 70.95 RCW to read as follows:

(1) The fee required by this chapter, to be collected by the seller, shall be deemed to be held in trust by the seller until paid to the department of revenue, and any seller who appropriates or converts the fee collected to his or her own use or to any use other than the payment of the fee to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter is guilty of a gross misdemeanor.

(2) In case any seller fails to collect the fee imposed in this chapter or, having collected the fee, fails to pay it to the department of revenue in the manner prescribed by this chapter, whether such failure is the result of his or her own acts or the result of acts or conditions beyond his or her control, he or she shall, nevertheless, be personally liable to the state for the amount of the fee.

(3) The amount of the fee, until paid by the buyer to the seller or to the department of revenue, shall constitute a debt from the buyer to the seller and any seller who fails or refuses to collect the fee as required with intent to violate the provisions of this chapter or to gain some advantage or benefit, either direct or indirect, and any buyer who refuses to pay any fee due under this chapter is guilty of a misdemeanor.

In addition, the plan must include a process to be followed in selecting entities to perform the tire site cleanups. The 2006 legislature shall determine the final distribution of the tire cleanup fee and the appropriations for this statewide tire cleanup plan.

ENGROSSED HOUSE BILL NO. 1003, by Representatives Hinkle, B. Sullivan, Curtis, Campbell, Blake, Dunn and Condotta

Allowing off-road vehicles on nonhighway roads.

The measure was read the second time.

MOTION

Senator Jacobsen moved that the following committee striking amendment by the Committee on Natural Resources, Ocean & Recreation be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that off-road recreational vehicles (ORVs) provide opportunities for a wide variety of outdoor recreation activities. The legislature further finds that the limited amount of ORV recreation areas presents a challenge for ORV recreational users, natural resource land managers, and private landowners. The legislature further finds that many nonhighway roads provide opportunities for ORV use and that these opportunities may reduce conflicts between users and facilitate responsible ORV recreation. However, restrictions intended for motor vehicles may prevent ORV use on certain roads, including forest service roads. Therefore, the legislature finds that local, state, and federal jurisdictions should be given the flexibility to allow ORV use on nonhighway roads they own and manage or for which they are authorized to allow public ORV use under an easement granted by the owner. Nothing in this act authorizes trespass on private property.

Sec. 2. RCW 46.09.010 and 1972 ex.s. c 153 s 2 are each amended to read as follows:

The provisions of this chapter shall apply to all lands in this state. Nothing in this chapter (~~(43.09 RCW)~~), RCW (~~(67.32.050, 67.32.080, 67.32.100, 67.32.130 or 67.32.140)~~) 79A.35.040, 79A.35.070, 79A.35.090, 79A.35.110, and 79A.35.120 shall be deemed to grant to any person the right or authority to enter upon private property without permission of the property owner.

Sec. 3. RCW 46.09.120 and 2003 c 377 s 1 are each amended to read as follows:

(1) It is a traffic infraction for any person to operate any nonhighway vehicle:

(a) In such a manner as to endanger the property of another;

(b) On lands not owned by the operator or owner of the nonhighway vehicle without a lighted headlight and taillight between the hours of dusk and dawn, or when otherwise required for the safety of others regardless of ownership;

(c) On lands not owned by the operator or owner of the nonhighway vehicle without an adequate braking device or when otherwise required for the safety of others regardless of ownership;

(d) Without a spark arrester approved by the department of natural resources;

(e) Without an adequate, and operating, muffling device which effectively limits vehicle noise to no more than eighty-six decibels on the "A" scale at fifty feet as measured by the Society of Automotive Engineers (SAE) test procedure J 331a, except that a maximum noise level of one hundred and five decibels on the "A" scale at a distance of twenty inches from the exhaust outlet shall be an acceptable substitute in lieu of the Society of Automotive Engineers test procedure J 331a when measured:

(i) At a forty-five degree angle at a distance of twenty inches from the exhaust outlet;

(ii) With the vehicle stationary and the engine running at a steady speed equal to one-half of the manufacturer's maximum allowable ("red line") engine speed or where the manufacturer's maximum allowable engine speed is not known the test speed in revolutions per minute calculated as sixty percent of the speed at which maximum horsepower is developed; and

(iii) With the microphone placed ten inches from the side of the vehicle, one-half way between the lowest part of the vehicle body and the ground plane, and in the same lateral plane as the rearmost exhaust outlet where the outlet of the exhaust pipe is under the vehicle;

(f) On lands not owned by the operator or owner of the nonhighway vehicle upon the shoulder or inside bank or slope of any nonhighway road or highway, or upon the median of any divided highway;

POINT OF ORDER

Senator Sheldon: "The state constitution reserves the first power of the people is the initiative. Engrossed House Bill 1222 imposes a requirement on petitions for initiatives. The initiative process is set forth in Washington's Constitution, Article 2, Section 1, sub 1, which explicitly sets forth the requirements for initiatives petitions and does not contain a requirement that the petition must contain an attestation by the petition gatherer that the signatures were legally gathered. Thus, this bill should be in a form of a joint resolution amending the constitution and not a statutory amendment. Mr. President, in the Washington State Constitution, as I mentioned, in Section 1, sub 1 there's many, many provisions of our constitution that relate to the initiative process and in the index portion of our constitution – I won't read all those and numerate them – but there are many, many provisions that are in the constitution. I believe that this bill would illegally amend, try to, attempts to, amend the Washington State Constitution and is in the wrong form. As I mentioned, it should be a joint resolution amending the constitution and that would be the only proper form before us."

Senator Kline spoke against the point of order.

REPLY BY THE PRESIDENT

President Owen: "Senator Sheldon, the President believes that he has just recently addressed this same issue. That the issue of constitutionality of a measure is not one that the President would rule on, that he has consistently ruled that that is an issue to be determined by the courts. The Legislature, the Senate can forward a bill in whatever form they choose but it is for the courts to determine, not the President, whether or not that is a constitutional issue or not. Therefore your point is not well taken."

POINT OF ORDER

Senator Sheldon: "Mr. President, if I might? Does your ruling address the issue of how the bill is before us, whether it's a constitutional, as a joint resolution or a statutory amendment?"

REPLY BY THE PRESIDENT

President Owen: "That is not an issue for the President to determine of what form you wish to forward a measure. That is for the courts to determine. Whether or not it is appropriate or not."

The President declared the question before the Senate to be the final passage of Engrossed House Bill No. 1222, as amended by the Senate.

(1) Except as provided in (a) through (e) of this subsection, the administrator shall require any person seeking enrollment in the basic health plan as a nonsubsidized enrollee to complete the standard health questionnaire designated under chapter 48.41 RCW.

(a) If a person is seeking enrollment in the basic health plan as a nonsubsidized enrollee due to his or her change of residence from one geographic area in Washington state to another geographic area in Washington state where his or her current health plan is not offered, completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of relocation.

(b) If a person is seeking enrollment in the basic health plan as a nonsubsidized enrollee:

(i) Because a health care provider with whom he or she has an established care relationship and from whom he or she has received treatment within the past twelve months is no longer part of the provider network under his or her existing Washington individual health benefit plan; and

(ii) His or her health care provider is part of a managed health care system's provider network; and

(iii) Application for enrollment in the basic health plan as a nonsubsidized enrollee under that managed health care system's provider network is made within ninety days of his or her provider leaving the previous carrier's provider network; then completion of the standard health questionnaire shall not be a condition of coverage.

(c) If a person is seeking enrollment in the basic health plan as a nonsubsidized enrollee due to his or her having exhausted continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of exhaustion of continuation coverage. The administrator shall accept an application without a standard health questionnaire from a person currently covered by such continuation coverage if application is made within ninety days prior to the date the continuation coverage would be exhausted and the effective date of the basic health plan coverage applied for is the date the continuation coverage would be exhausted, or within ninety days thereafter.

(d) If a person is seeking enrollment in the basic health plan as a nonsubsidized enrollee due to his or her receiving notice that his or her coverage under a conversion contract is discontinued, completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of discontinuation of eligibility under the conversion contract. The administrator shall accept an application without a standard health questionnaire from a person currently covered by such conversion contract if application is made within ninety days prior to the date eligibility under the conversion contract would be discontinued and the effective date of the basic health plan coverage applied for is the date eligibility under the conversion contract would be discontinued, or within ninety days thereafter.

(e) If a person is seeking enrollment in the basic health plan as a nonsubsidized enrollee and, but for the number of persons employed by his or her employer, would have qualified for continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire shall not be a condition of coverage if: (i) Application for coverage is made within ninety days of a qualifying event as defined in 29 U.S.C. Sec. 1163; and (ii) the person had at least twenty-four months of continuous group coverage immediately prior to the qualifying event. The administrator shall accept an application without a standard health questionnaire from a person with at least twenty-four months of continuous group coverage if application is made

no more than ninety days prior to the date of a qualifying event and the effective date of the basic health plan coverage applied for is the date of the qualifying event, or within ninety days thereafter.

(2) If, based upon the results of the standard health questionnaire, the person qualifies for coverage under the Washington state health insurance pool, the following shall apply:

(a) The administrator shall not accept the person's application for enrollment in the basic health plan as a nonsubsidized enrollee; and

(b) Within fifteen business days of receipt of a completed application, the administrator shall provide written notice of the decision not to accept the person's application for enrollment in the basic health plan as a nonsubsidized enrollee to both the person and the administrator of the Washington state health insurance pool. The notice to the person shall state that the person is eligible for health insurance provided by the Washington state health insurance pool, and shall include information about the Washington state health insurance pool and an application for such coverage. If the administrator does not provide or postmark such notice within fifteen business days, the application for enrollment in the basic health plan as a nonsubsidized enrollee is deemed approved."

MOTION

On page 7, after line 24 of the amendment, insert the following:

"NEW SECTION. Sec. 4. For purposes of this chapter "small employer" and "carrier" have the same meaning as in RCW 48.43.005.

NEW SECTION. Sec. 5. By January 1, 2007, the health care authority established under chapter 41.05 RCW shall implement a program to assist small employers in providing meaningful health care coverage to their employees and employees' dependents. The program shall:

(1) Offer a choice of health benefit plans at varying prices that are consistent with the requirements of section 6 of this act, including a high deductible plan that may be used in conjunction with a health savings account;

(2) Require an affordable premium contribution from participating employers and employees, subsidized as available federal, state, local, or other funding allows and if necessary to provide meaningful coverage;

(3) Be designed to: (a) Encourage small employers that do not offer health coverage to do so, and discourage those that offer coverage from dropping it in favor of the small employer assistance program; (b) meet the needs of small employers in different areas of the state; and (c) meet the needs of small employers with differing work force characteristics;

(4) Use appropriate and effective risk management mechanisms where they would reduce the cost of coverage;

(5) Collaborate with and make maximum use of existing federal, state, local, and other programs providing coverage or health care to the uninsured, particularly those who are employed by small employers.

Initially, the program may be offered in limited areas of the state, but if so, the health care authority shall develop a plan for expanding the program statewide.

NEW SECTION. Sec. 6. Any health benefit plan offered under the small employer assistance program shall reflect the conscientious, explicit, and judicious use of current best information and data with regard to patient care. In designing the schedule of benefits and cost sharing, the authority shall:

(1) Include preventive care services, based on the recommendations of the United States preventive services task force, with minimal enrollee cost sharing;

(2) Include other benefits determined to be the most efficacious and cost-effective within the limits affordable to small employers and their employees, given the available subsidy;

(3) Structure enrollee cost sharing to discourage demand for inappropriate or unnecessary treatment, encourage enrollee responsibility, including the use of efficacious and cost-effective services and products, and promote quality care.

A carrier may offer any health benefit plan available under the small employer assistance program to any small employer, whether through the small employer assistance program or otherwise.

NEW SECTION. Sec. 7. In contracting with a carrier to offer coverage under the small employer assistance program, the health care authority shall ensure that the carrier:

(1) Actively educates enrollees regarding responsible health care decision making and encourages their engagement in health promotion and wellness activities and their receipt of appropriate preventive services;

(2) Actively seeks to identify and encourage appropriate, efficacious, and cost-effective care by its providers based on evidence of best practices and promotes the use of quality providers by its enrollees;

(3) Actively seeks to identify enrollees with, or with the potential for, chronic or other high-cost conditions and provides them coordinated care through disease and demand management programs;

(4) Actively encourages innovative, efficient, and patient-centered facility designs and service delivery methods that improve enrollee access to care and health outcomes.

If the health care authority implements a self-insured plan, it shall be responsible for these requirements.

NEW SECTION. Sec. 8. The activities and operations of the small employer assistance program, including carriers to the extent of their participation in the program, are exempt from the provisions and requirements of Title 48 RCW except:

(1) Carriers are subject to RCW 48.43.022, 48.43.500, 48.43.505 through 48.43.535, 48.43.545, and 48.43.550;

(2) Persons appointed or authorized to solicit applications for enrollment in a plan offered under the small employer assistance program, including employees of the health care authority, must comply with chapter 48.17 RCW. For purposes of this section, "solicit" does not include distributing information and applications for the small employer assistance program and responding to questions; and

(3) Amounts paid to a carrier representing the premium contribution of employers and employees must comply with RCW 48.14.0201.

NEW SECTION. Sec. 9. The health care authority may implement a self-funded or self-insured method of providing insurance coverage, as provided in RCW 41.05.140, under the small employer assistance program if no carrier is willing to provide coverage under the program in a given area and the health care authority has received a certification from a member of the American academy of actuaries that the funding available in the small employer assistance self-insurance reserve account is sufficient for the self-funded or self-insured risk assumed, or expected to be assumed, by the authority.

NEW SECTION. Sec. 10. The health care authority shall consult with interested parties in its development of the small employer assistance program and shall provide a progress report on its implementation to the legislature by December 1, 2005. The report shall: (1) Identify and provide an explanation for any variance in the program design from the requirements of Title 48 RCW; (2) discuss funding options to support the subsidy of small employer program enrollees; and (3) identify any additional statutory changes necessary to meet the intent of the program.

NEW SECTION. Sec. 11. The health care authority may adopt rules to implement this chapter.

NEW SECTION. Sec. 12. (1) Beginning July 1, 2006, the health care authority may accept applications for premium assistance from individuals whose current small employer has not offered health insurance within the last six months, on behalf of themselves and their spouses and dependent children. The health care authority may determine the minimum premium contribution to be paid by small employers whose employees are participating in this premium assistance option.

(2) To the extent of funding provided in the biennial operating budget, the health care authority may make premium assistance payments to help employees pay their premium obligation for their employer's health benefit plan when:

(a) The individual seeking premium assistance, plus the individual's spouse and dependent children: (i) Is not confined or residing in a government-operated institution, unless he or she meets eligibility criteria adopted by the health care authority; (ii) has gross family income at the time of enrollment that does not exceed two hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services; (iii) resides within the state of Washington; and (iv) meets the definition of eligible employee as defined in RCW 48.43.005;

(b) The premium assistance paid would be less than the subsidy that would be paid if the individual, or the individual plus his or her spouse and dependent children, were to enroll in the Washington basic health plan under chapter 70.47 RCW as subsidized enrollees. The amount of an individual's premium assistance shall be determined by applying the percent of premium subsidy paid for subsidized basic health plan enrollees under RCW 70.47.060 to the employee's premium obligation for his or her employer's health benefit plan;

(c) The premium assistance enrollee agrees to provide verification of continued enrollment in his or her small employer's health benefit plan on a semiannual basis, or to notify the health care authority whenever his or her enrollment status changes, whichever is earlier. Verification or notification may be made directly by the employee, or through his or her employer or the carrier providing the small employer health benefit plan. When necessary, the health care authority has the authority to perform retrospective audits on premium assistance accounts.

(3) The health care authority may adopt standards for minimum thresholds of small employer health benefit plans for which premium assistance will be paid under this section. The office of insurance commissioner under Title 48 RCW shall certify that small employer health benefit plans meet any standards developed under this subsection.

(4) The health care authority, in consultation with small employers, carriers, and the office of insurance commissioner under Title 48 RCW, shall determine an effective and efficient method for the payment of premium assistance and adopt rules necessary for its implementation.

(5) Funds received by a family as part of participation in the adoption support program authorized under RCW 26.33.320 and 74.13.100 through 74.13.145 may not be counted toward a family's current gross family income for the purposes of this chapter. No premium assistance may be paid to an employee whose current gross family income exceeds twice the federal poverty level or who is a recipient of medical assistance or medical care services under chapter 74.09 RCW.

NEW SECTION. Sec. 13. Sections 4 through 12 of this act constitute a new chapter in Title 70 RCW.

NEW SECTION. Sec. 14. (1) The sum of five hundred thousand dollars, or as much thereof as may be necessary, is appropriated from the general fund to the health care authority for the fiscal year ending June 30, 2006, to carry out the purposes of this act.

(2) The sum of two hundred twenty-four thousand dollars, or as much thereof as may be necessary, is appropriated from the general fund to the health care authority for the fiscal year ending June 30, 2007, to carry out the purposes of this act."

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that, despite explicit statements in statute that the consent of a minor child is not required for a parent-initiated admission to inpatient or outpatient mental health treatment, treatment providers consistently refuse to accept a minor aged thirteen or over if the minor does not also consent to treatment. The legislature intends that the parent-initiated treatment provisions, with their accompanying due process provisions for the minor, be made fully available to parents.

NEW SECTION. Sec. 2. A new section is added to chapter 71.34 RCW to read as follows:

A minor child shall have no cause of action against an evaluation and treatment facility, inpatient facility, or provider of outpatient mental health treatment for admitting or accepting the minor in good faith for evaluation or treatment under RCW 71.34.052 or 71.34.054 based solely upon the minor's lack of consent if the minor's parent has consented to the evaluation or treatment.

Sec. 3. RCW 71.34.052 and 1998 c 296 s 17 are each amended to read as follows:

(1) A parent may bring, or authorize the bringing of, his or her minor child to an evaluation and treatment facility or an inpatient facility and request that the professional person examine the minor to determine whether the minor has a mental disorder and is in need of inpatient treatment.

(2) The consent of the minor is not required for admission, evaluation, and treatment if the parent brings the minor to the facility.

(3) An appropriately trained professional person may evaluate whether the minor has a mental disorder. The evaluation shall be completed within twenty-four hours of the time the minor was brought to the facility, unless the professional person determines that the condition of the minor necessitates additional time for evaluation. In no event shall a minor be held longer than seventy-two hours for evaluation. If, in the judgment of the professional person, it is determined it is a medical necessity for the minor to receive inpatient treatment, the minor may be held for treatment. The facility shall limit treatment to that which the professional person determines is medically necessary to stabilize the minor's condition until the evaluation has been completed. Within twenty-four hours of completion of the evaluation, the professional person shall notify the department if the child is held for treatment and of the date of admission.

(4) No provider is obligated to provide treatment to a minor under the provisions of this section except that no provider may refuse to treat a minor under the provisions of this section solely on the basis that the minor has not consented to the treatment. No provider may admit a minor to treatment under this section unless it is medically necessary.

(5) No minor receiving inpatient treatment under this section may be discharged from the facility based solely on his or her request.

(6) Prior to the review conducted under RCW 71.34.025, the professional person shall notify the minor of his or her right to petition superior court for release from the facility.

~~((7) For the purposes of this section "professional person" does not include a social worker, unless the social worker is certified under RCW 18.19.110 and appropriately trained and qualified by education and experience, as defined by the department, in psychiatric social work.))"~~

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Keiser that amendment number 580 to the committee striking amendment of Engrossed Substitute House Bill No. 2060 is beyond the scope and object of the underlying bill, the President finds and rules as follows:

Senator Deccio argues that both his amendment and the underlying bill share a common goal: expanding the coverage options available to uninsured people through the Health Care Authority. While the President agrees that they share similar goals, the measures take different approaches in trying to meet them. The underlying measure would require certain persons applying for enrollment in the Basic Health Plan to complete a standard health questionnaire. The results of this questionnaire are then used to determine eligibility for the high-risk insurance pool or the Basic Health Plan. The amendment requires the Health Care Authority to implement a program to assist small employers in providing health care coverage to their employees. While the goals may be similar, the President must first and foremost look to the language within the four corners of the underlying measure and the amendment.

In this case, adding a whole new program is an expansion clearly not contemplated by the measure before us, which applies questionnaires and eligibility for existing programs. For these reasons, Senator Keiser's point is well-taken. The amendment is beyond the scope and object of the bill and is not properly before us."

The Senate resumed consideration of Engrossed Substitute House Bill No. 2060 which was deferred earlier today.

PERSONAL PRIVILEGE

Senator Benson: "Thank you Mr. President. Well, to everybody, I need to say a very brief 'Good bye.' I know some people would be sad for even a brief good bye and other people would be sad that it's only brief. I have been called to duty just for a couple of days back at Fairchild Air Force Base and, because of state law, when I'm called to duty and I'm put on active duty orders I have the option, working with my county commissioners, to appoint a replacement. So you're actually getting a replacement Senator for two days. I'm not done, you can hold your applause. Anyway, for the next couple of days you'll have a replacement. This is actually only the second time in state history this has been done. It was done once before with Mike Kriedler when he was in the State Senate. He was a reserve officer and he was also an optometrist. During the first Persian Gulf War he was activated and his wife served the entire 1991 session, I believe it was '91, so this is actually only the second time. Like I say, sorry, it's not for the whole session, it's just for two days. I will be back Sunday if you're on the floor Sunday and if not I will be back with you guys on Monday. I hope you'll make John Wyss feel very comfortable, he's a great person from my district. I know you'll grow to like him as much as we have and that's all I need to say. I did tell him about the deal about if he ever gets up, he has to give a gift so I'm not sure. But I also told him you get away with an IOU for quite a while. Thank you Mr. President."

REPLY BY THE PRESIDENT

President Owen: "Senator Jacobsen, in response to your point of inquiry, when Senator Benson departs, then Senator Wyss will take his place. Senator Brown: "Well, maybe a little too late because he's heading out the door. I just wanted to tell Senator Benson, wish him well. And, welcome our new Senator from Spokane - encourage him to keep an open mind. As a couple of our Senators could school you in independence in voting. Just weigh each issue carefully and make up your own mind. And then, finally, what I was going to say to Senator Benson before he headed out the door: While I'm very pleased with the substitute he's come up with, Senator Jill Benson would of worked for me as well."

(b) Has undergone review and final determination by a medical review officer.

A report that a person has refused a drug test, under circumstances that constitute the refusal of a federal department of transportation drug test under 49 C.F.R. 40, will be considered equivalent to a report of a verified positive drug test for the purposes of this chapter.

Sec. 3. RCW 46.25.123 and 2002 c 272 s 1 are each amended to read as follows:

(1) All medical review officers or breath alcohol technicians hired by or under contract to a motor carrier or employer who employs drivers who operate commercial motor vehicles and who is required to have a testing program conducted under the procedures established by 49 C.F.R. ~~((382))~~ 40 or to a consortium the carrier or employer belongs to, as defined in 49 C.F.R. ~~((382-17))~~ 40.3, shall report the finding of a commercial motor vehicle driver's ~~((confirmed))~~ verified positive drug test or positive alcohol confirmation test to the department of licensing on a form provided by the department. If the employer is required to have a testing program under 49 C.F.R. 655, a report of a verified positive drug test or positive alcohol confirmation

test must not be forwarded to the department under this subsection unless the test is a pre-employment drug test conducted under 49 C.F.R. 655.41 or a pre-employment alcohol test conducted under 49 C.F.R. 655.42.

(2)(a) A motor carrier or employer who employs drivers who operate commercial motor vehicles and who is required to have a testing program conducted under the procedures established by 49 C.F.R. 40, or the consortium the carrier or employer belongs to, must report a refusal by a commercial motor vehicle driver to take a drug or alcohol test, under circumstances that constitute the refusal of a test under 49 C.F.R. 40 and where such refusal has not been reported by a medical review officer or breath alcohol technician, to the department of licensing on a form provided by the department.

(b) An employer who is required to have a testing program under 49 C.F.R. 655 must report a commercial motor vehicle driver's verified positive drug test or a positive alcohol confirmation test when: (i) The driver's employment has been terminated or the driver has resigned; (ii) any grievance process, up to but not including arbitration, has been concluded; and (iii) at the time of termination or resignation the driver has not been cleared to return to safety-sensitive functions.

(3) Motor carriers, employers, or consortiums shall make it a written condition of their contract or agreement with a medical review officer or breath alcohol technician, regardless of the state where the medical review officer or breath alcohol technician is located, that the medical review officer or breath alcohol technician is required to report all Washington state licensed drivers who have a ~~((confirmed))~~ verified positive drug test or positive alcohol confirmation test to the department of licensing within three business days of the ~~((confirmed test))~~ verification or confirmation. Failure to obtain this contractual condition or agreement with the medical review officer or breath alcohol technician by the motor carrier, employer, or consortium, or failure to report a refusal as required by subsection (2) of this section, will result in an administrative fine as provided in RCW 46.32.100 or 81.04.405.

(4) Substances obtained for testing may not be used for any purpose other than drug or alcohol testing under 49 C.F.R. ~~((382))~~ 40.

Sec. 4. RCW 46.25.125 and 2002 c 272 s 2 are each amended to read as follows:

(1) When the department of licensing receives a report from a medical review officer ~~((or))~~, breath alcohol technician, employer, contractor, or consortium that ~~((the holder of a commercial driver's license))~~ a driver has a ~~((confirmed))~~ verified positive drug test or positive alcohol confirmation test, ~~((either))~~ as part of the testing program ~~((required by))~~ conducted under 49 C.F.R. ~~((382 or as part of a preemployment drug test))~~ 40, the department shall disqualify the driver from driving a commercial motor vehicle under RCW 46.25.090(7) subject to a hearing as provided in this section. The department shall notify the person in writing of the disqualification by first class mail. The notice must explain the procedure for the person to request a hearing.

(2) A person disqualified from driving a commercial motor vehicle for having a ~~((confirmed))~~ verified positive drug test or positive alcohol confirmation test may request a hearing to challenge the disqualification within twenty days from the date notice is given. If the request for a hearing is mailed, it must be postmarked within twenty days after the department has given notice of the disqualification.

(3) The hearing must be conducted in the county of the person's residence, except that the department may conduct all or part of the hearing by telephone or other electronic means.

(4) For the purposes of this section, or for the purpose of a hearing de novo in an appeal to superior court, the hearing must be limited to the following issues: (a) Whether the driver is the person who ~~((took the drug or alcohol test))~~ is the subject of the report; (b) whether the motor carrier, employer, or consortium has a program that ~~((meets))~~ is subject to the federal requirements under 49 C.F.R. ~~((382))~~ 40; and (c) whether the medical review officer or breath alcohol technician making the report accurately followed the protocols ~~((for testing))~~ established to ~~((certify))~~ verify or confirm the results, or if the driver refused a test, whether the circumstances constitute the refusal of a test under 49 C.F.R. 40. Evidence may be presented to demonstrate that the test results are a false positive. For the purpose of a hearing under this section, a copy of ~~((the))~~ a positive test result with a declaration by the tester or medical review officer or breath alcohol technician stating the accuracy of the laboratory protocols followed to arrive at the test result is prima facie evidence;

(i) Of a ~~((confirmed))~~ verified positive drug test or positive alcohol confirmation test result;

(ii) That the motor carrier, employer, or consortium has a program that is subject to the federal requirements under 49 C.F.R. 40; and

(iii) That the medical review officer or breath alcohol technician making the report accurately followed the protocols for testing established to verify or confirm the results.

After the hearing, the department shall order the disqualification of the person either be rescinded or sustained.

(5) If the person does not request a hearing within the twenty-day time limit, or if the person fails to appear at a hearing, the person has waived the right to a hearing and the department shall sustain the disqualification.

(6) A decision by the department disqualifying a person from driving a commercial motor vehicle is stayed and does not take effect while a formal hearing is pending under this section or during the pendency of a subsequent appeal to superior court so long as there is no conviction for a moving violation or no finding that the person has committed a traffic infraction that is a moving violation and the department receives no further report of a ~~((confirmed))~~ verified positive drug test or positive alcohol confirmation test during the pendency of the hearing and appeal. If the disqualification is sustained after the hearing, the person who is disqualified may file a petition in the superior court of the county of his or her residence to review the final order of disqualification by the department in the manner provided in RCW 46.20.334.

(7) The department of licensing may adopt rules specifying further requirements for requesting and conducting a hearing under this section.

(8) The department of licensing is not civilly liable for damage resulting from disqualifying a driver based on a ~~((confirmed))~~ verified positive drug test or positive alcohol confirmation test result as required by this section or for damage resulting from release of this information that occurs in the normal course of business.

Senator Thibaudeau: "Thank you, Mr. President. My comments are about the bill that we recently passed, but I do need to say that I trust that this bill does not turn into another study which gathers dust on the shelf. I can't remember how many children have been killed in the past three or four years. I am familiar with some of the details with some of them. It was because – not because CPS (Child Protected Services) is such a bad organization – but because the workers simply didn't go back and check when they should have. So, I do hope this study results in something. Thank you."

Children being raised by kin have faced barriers to medical care because their kinship caregivers have not been able to verify that they are the identified primary caregivers of these children. Such barriers pose an especially significant challenge to kinship caregivers in dealing with health professionals when children are left in their care.

(2) It is the intent of the legislature to assist kinship caregivers in accessing appropriate medical care to meet the needs of a child in their care by permitting such responsible adults who are providing care to a child to give informed consent to medical care.

Sec. 2. RCW 7.70.065 and 2003 c 283 s 29 are each amended to read as follows:

(1) Informed consent for health care for a patient who is not competent, as defined in RCW 11.88.010(1)(e), to consent may be obtained from a person authorized to consent on behalf of such patient.

(a) Persons authorized to provide informed consent to health care on behalf of a patient who is not competent to consent, based upon a reason other than incapacity as defined in RCW 11.88.010(1)(d), shall be a member of one of the following classes of persons in the following order of priority:

~~((a))~~ (i) The appointed guardian of the patient, if any;

~~((b))~~ (ii) The individual, if any, to whom the patient has given a durable power of attorney that encompasses the authority to make health care decisions;

~~((c))~~ (iii) The patient's spouse;

~~((d))~~ (iv) Children of the patient who are at least eighteen years of age;

~~((e))~~ (v) Parents of the patient; and

~~((g))~~ (b) If the ~~(physician)~~ health care provider seeking informed consent for proposed health care of the patient who is not competent to consent under RCW 11.88.010(1)(e), other than a person determined to be incapacitated because he or she is under the age of majority and who is not otherwise authorized to provide informed consent, makes reasonable efforts to locate and secure authorization from a competent person in the first or succeeding class and finds no such person available, authorization may be given by any person in the next class in the order of descending priority. However, no person under this section may provide informed consent to health care:

~~((h))~~ (i) If a person of higher priority under this section has refused to give such authorization; or

~~((i))~~ (ii) If there are two or more individuals in the same class and the decision is not unanimous among all available members of that class.

~~((j))~~ (c) Before any person authorized to provide informed consent on behalf of a patient not competent to consent under RCW 11.88.010(1)(e), other than a person determined to be incapacitated because he or she is under the age of majority and who is not otherwise authorized to provide informed consent, exercises that authority, the person must first determine in good faith that that patient, if competent, would consent to the proposed health care. If such a determination cannot be made, the decision to consent to the proposed health care may be made only after determining that the proposed health care is in the patient's best interests.

(2) Informed consent for health care for a patient who is not competent, as defined in RCW 11.88.010(1)(e), because he or she is under the age of majority and who is not otherwise authorized to provide informed consent, may be obtained from a person authorized to consent on behalf of such a patient.

(i) The appointed guardian or legal custodian of the minor patient, if any;

(ii) A person authorized by the court to consent to medical care for a child in out-of-home placement pursuant to chapter 13.32A or 13.34 RCW, if any;

(iii) Parents of the minor patient; and

(iv) A competent adult with an affidavit signed and dated under penalty of perjury pursuant to RCW 9A.72.085 representing himself or herself to be a relative responsible for the health care of such minor patient. Such authorization shall be effective for up to six months from the date of the affidavit.

(b) A health care provider may, but is not required to, rely on the representations of a person with an affidavit claiming to be a relative responsible for the care of the minor patient if the health care provider does not have actual notice of the falsity of any of the statements made by the person claiming to be responsible for the health care of the minor patient.

(c) A health care facility or a health care provider may, in its discretion, require additional documentation of a person's claimed status as being responsible for the health care of the minor patient. However, there is no obligation to require such additional documentation.

(d) The health care provider or health care facility where services are rendered shall be immune from suit in any action, civil or criminal, or from professional or other disciplinary action based on such reliance.

(3) For the purposes of this section, "health care provider" and "health care facility" shall be defined as established in RCW 70.02.010."

On page 1, line 4 of the title, after "minor;" strike the remainder of the title and insert "amending RCW 7.70.065; and creating a new section."

The President declared the question before the Senate to be the motion by Senator Hargrove to not adopt the committee striking amendment by the Committee on Human Services & Corrections to Substitute House Bill No. 1281.

MOTION

Senator Weinstein moved that the following committee striking amendment by the Committee on Early Learning, K-12 & Higher Education be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that parents are their children's first and most important teachers, caregivers, and decision makers. The legislature also recognizes that many parents are employed or in school and must seek services in their communities to assist with the care and support of their children. Welfare reform requires parents with low incomes to enter the work force while their children are young, increasing parents' need for the support of such resources. In seeking out resources in their communities to provide care and support for their children, parents throughout the state need and deserve to have the best possible information to help inform their choices about the care and education of their children.

The legislature also finds that research on brain development in young children establishes that early experiences are important to children's emotional, social, physical, and cognitive development. Research also shows a clear and compelling connection between the quality of children's early childhood care and education experiences and later success in school and in life.

The legislature intends to build on the efforts of communities across the state to improve the quality of early learning environments available to children and their families, as well as the information available to families relating to those early learning environments. The legislature recognizes that efforts to improve early learning must build upon existing partnerships between the public and private sectors. The experiences and resources of both public and private entities are essential to making meaningful and lasting improvements in the quality of early learning environments across the state. Statewide leadership is needed to guide and support the efforts of the private and public sectors working together to make systemwide improvements in the quality, affordability, and accessibility of early learning opportunities.

The legislature intends to establish an effective oversight body, composed of representation from the public and private sectors, to provide leadership and vision to strengthen the quality of early learning services and programs for all children and families in the state and to ensure that children enter school ready to succeed.

NEW SECTION. Sec. 2. The definitions in this section apply throughout sections 1 through 6 of this act unless the context clearly requires otherwise.

(1) "Early learning programs and services" include the following: Child care; state, private, and nonprofit preschool programs; child care subsidy programs; and training and professional development programs for early learning professionals.

(2) "Council" means the Washington early learning council.

NEW SECTION. Sec. 3. (1) The Washington early learning council is established in the governor's office. The purpose of the council is to provide vision, leadership, and direction to the improvement, realignment, and expansion of early learning programs and services for children birth to five years of age in order to better meet the early learning needs of children and their families. The goal of the council is to build upon existing efforts and recommend new initiatives, as necessary, to create an adequately financed, high-quality, accessible, and comprehensive early learning system that benefits all young children whose parents choose it.

(2) The council shall develop an early learning plan to improve the organization of early learning programs and services at the state level, and to improve the accessibility and quality of early learning programs and services throughout the state.

(a) By November 15, 2005, the council shall make recommendations to the governor and the appropriate committees of the legislature concerning statewide organization of early learning.

(b) The council shall also make recommendations to the governor and the appropriate committees of the legislature concerning the following:

(i) Identification of current populations being served and potential populations to be served by early learning programs and services;

(iii) Appropriate levels and sources of stable and sustainable funding to meet statewide and local need for early learning programs and services, including public-private partnerships;

(iv) Changes in existing early learning programs and services, including the administration of those programs and services, to improve their efficiency, effectiveness, and quality;

(v) Changes in existing early learning programs and services to ensure that the content is aligned with what children need to know and be able to do upon entering school;

(vi) How to maximize available early learning resources to ensure children are receiving continuity of care; and

(vii) Providing for smooth transitions from early learning programs and services to K-12 programs.

(c) As provided in sections 5 and 6 of this act, the council shall focus on quality improvements to licensed child care through the following mechanisms:

(i) A voluntary, quality-based, graduated rating system to provide information to parents on the quality of child care programs and to provide resources and incentives for quality improvements; and

(ii) A tiered-reimbursement system for state-subsidized child care to improve the quality of care for children participating in state-funded care.

(d) The council shall make recommendations to the governor and the appropriate committees of the legislature concerning the regulation of child care, including child care that is exempt from regulation and unlicensed child care that is subject to regulation, in order to ensure the safety, health, quality, and accessibility of child care services throughout the state.

(3) The council shall serve as the advisory committee on early learning to the comprehensive education study steering committee, created in Engrossed Second Substitute Senate Bill No. 5441. The nongovernmental cochair of the council shall serve as the chair of the advisory committee on early learning. The council shall have input on the recommendations developed by the comprehensive education study steering committee.

(4) The council shall make use of existing reports, research, planning efforts, and programs, including, but not limited to, the following: The federal early head start program, the federal head start program, the state early childhood education and assistance program, the state's essential academic learning requirements and K-3 grade level expectations, the Washington state early learning and development benchmarks, existing tiered-reimbursement initiatives, the state's early childhood comprehensive systems plan, and the work of the child care coordinating committee established pursuant to RCW 74.13.090.

NEW SECTION. Sec. 4. (1) The council shall include representation from public, nonprofit, and for-profit entities, and its membership shall reflect regional, racial, and cultural diversity to ensure representation of the needs of all children and families in the state.

(2) The council shall consist of seventeen members, as follows:

(a) One representative each of the governor's office, the department of social and health services, the department of health, and the state board for community and technical colleges, appointed by the governor;

(5) The governor may employ an executive director, who is exempt from the provisions of chapter 41.06 RCW, and such other staff as is necessary to carry out the purposes of sections 1 through 6 of this act. The governor pursuant to RCW 43.03.040 shall fix the salary of the executive director.

(6) The council shall monitor and measure its progress and regularly report, as appropriate, to the governor and the appropriate committees of the legislature on the progress, findings, and recommendations of the council.

(7) The council shall establish one or more technical advisory committees, as needed. Membership of such advisory committees may include the following: Representatives of any state agency the council deems appropriate, including the higher

NEW SECTION. Sec. 5. (1) The council shall develop a voluntary, quality-based, graduated rating system consisting of levels of quality to be achieved by licensed child care providers serving children and families in the state. The purpose of the rating system is to provide families with vital information about the quality of early learning programs available to them and to increase the quality of early learning programs operating throughout the state. In developing the voluntary rating system, the council shall seek to build upon existing partnerships and initiate new partnerships between the public and private sectors.

(2) In developing the voluntary rating system, the council shall establish a system of tiers as the basis for the rating system's levels of quality. In developing the system of tiers, the council shall take into consideration the following quality criteria:

NEW SECTION. Sec. 6. (2) In developing the tiered-reimbursement system, the council shall review existing tiered-reimbursement initiatives in the state and integrate those initiatives into the tiered-reimbursement system.

Sec. 9. RCW 41.04.385 and 2002 c 354 s 236 are each amended to read as follows:

The legislature finds that (1) demographic, economic, and social trends underlie a critical and increasing demand for child care in the state of Washington; (2) working parents and their children benefit when the employees' child care needs have been resolved; (3) the state of Washington should serve as a model employer by creating a supportive atmosphere, to the extent feasible, in which its employees may meet their child care needs; and (4) the state of Washington should encourage the development of partnerships between state agencies, state employees, state employee labor organizations, and private employers to expand the availability of affordable quality child care. The legislature finds further that resolving employee child care concerns not only benefits the employees and their children, but may benefit the employer by reducing absenteeism, increasing employee productivity, improving morale, and enhancing the employer's position in recruiting and retaining employees. Therefore, the legislature declares that it is the policy of the state of Washington to assist state employees by creating a supportive atmosphere in which they may meet their child care needs. The secretary shall have the power and it shall be the secretary's duty:

(1) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages, sex and other characteristics of persons served, variations in the purposes and services offered or size or structure of the agencies to be licensed hereunder, or because of any other factor relevant thereto;

(2) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed.

The minimum requirements shall be limited to:

(a) The size and suitability of a facility and the plan of operation for carrying out the purpose for which an applicant seeks a license;

(b) The character, suitability and competence of an agency and other persons associated with an agency directly responsible for the care and treatment of children, expectant mothers or developmentally disabled persons. In consultation with law enforcement personnel, the secretary shall investigate the conviction record or pending charges and dependency record information under chapter 43.43 RCW of each agency and its staff seeking licensure or relicensure. No unfounded allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a child-placing agency, private adoption agency, or any other provider licensed under this chapter. In order to determine the suitability of applicants for an agency license, licensees, their employees, and other persons who have unsupervised access to children in care, and who have not resided in the state of Washington during the three-year period before being authorized to care for children shall be fingerprinted. The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history records check. The fingerprint criminal history records checks will be at the expense of the licensee except that in the case of a foster family home, if this expense would work a hardship on the licensee, the department shall pay the expense. The licensee may not pass this cost on to the employee or prospective employee, unless the employee is determined to be unsuitable due to his or her criminal history record. The secretary shall use the information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children, expectant mothers, and developmentally disabled persons. Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose;

(c) The number of qualified persons required to render the type of care and treatment for which an agency seeks a license;

(d) The safety, cleanliness, and general adequacy of the premises to provide for the comfort, care and well-being of children, expectant mothers or developmentally disabled persons;

(e) The provision of necessary care, including food, clothing, supervision and discipline; physical, mental and social well-being; and educational, recreational and spiritual opportunities for those served;

(f) The financial ability of an agency to comply with minimum requirements established pursuant to chapter 74.15 RCW and RCW 74.13.031; and

(g) The maintenance of records pertaining to the admission, progress, health and discharge of persons served;

(3) To investigate any person, including relatives by blood or marriage except for parents, for character, suitability, and competence in the care and treatment of children, expectant mothers, and developmentally disabled persons prior to authorizing that person to care for children, expectant mothers, and developmentally disabled persons. However, if a child is placed with a relative under RCW 13.34.065 or 13.34.130, and if such relative appears otherwise suitable and competent to provide care and treatment the criminal history background check required by this section need not be completed before placement, but shall be completed as soon as possible after placement;

(4) On reports of alleged child abuse and neglect, to investigate agencies in accordance with chapter 26.44 RCW, including child day-care centers and family day-care homes, to determine whether the alleged abuse or neglect has occurred, and whether child protective services or referral to a law enforcement agency is appropriate;

(5) To issue, revoke, or deny licenses to agencies pursuant to chapter 74.15 RCW and RCW 74.13.031. Licenses shall specify the category of care which an agency is authorized to render and the ages, sex and number of persons to be served;

(6) To prescribe the procedures and the form and contents of reports necessary for the administration of chapter 74.15 RCW and RCW 74.13.031 and to require regular reports from each licensee;

(7) To inspect agencies periodically to determine whether or not there is compliance with chapter 74.15 RCW and RCW 74.13.031 and the requirements adopted hereunder;

(8) To review requirements adopted hereunder at least every two years and to adopt appropriate changes after consultation with ~~((the child care coordinating committee and other))~~ affected groups for child day-care requirements and with the children's services advisory committee for requirements for other agencies; and

(9) To consult with public and private agencies in order to help them improve their methods and facilities for the care of children, expectant mothers and developmentally disabled persons.

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1290, by House Committee on Appropriations (originally sponsored by Representatives Cody, Bailey, Schual-Berke, Campbell, Morrell, Hinkle, Green, Appleton, Moeller, Haigh, Linville, Kenney, Wood and Santos)

Modifying community mental health services provisions.

The measure was read the second time.

MOTION

Senator Hargrove moved that the following committee striking amendment by the Committee on Human Services & Corrections be not adopted.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 71.24.015 and 2001 c 334 s 6 and 2001 c 323 s 1 are each reenacted and amended to read as follows:

It is the intent of the legislature to establish a community mental health program which shall help people experiencing mental illness to retain a respected and productive position in the community. This will be accomplished through programs that focus on resilience and recovery, and practices that are evidence-based, research-based, consensus-based, or, where these do not exist, promising or emerging best practices, which provide for:

(1) Access to mental health services for adults of the state who are acutely mentally ill, chronically mentally ill, or seriously disturbed and children of the state who are acutely mentally ill, severely emotionally disturbed, or seriously disturbed, which services recognize the special needs of underserved populations, including minorities, children, the elderly, disabled, and low-income persons. Access to mental health services shall not be limited by a person's history of confinement in a state, federal, or local correctional facility. It is also the purpose of this chapter to promote the early identification of mentally ill children and to ensure that they receive the mental health care and treatment which is appropriate to their developmental level. This care should improve home, school, and community functioning, maintain children in a safe and nurturing home environment, and should enable treatment decisions to be made in response to clinical needs in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their children;

(2) The involvement of persons with mental illness, their family members, and advocates in designing and implementing mental health services that reduce unnecessary hospitalization and incarceration and promote the recovery and employment of persons with mental illness. To improve the quality of services available and promote the rehabilitation, recovery, and reintegration of persons with mental illness, consumer and advocate participation in mental health services is an integral part of the community mental health system and shall be supported;

(3) Accountability of efficient and effective services through state of the art outcome and performance measures and statewide standards for monitoring client and system outcomes, performance, and reporting of client and system outcome information. These processes shall be designed so as to maximize the use of available resources for direct care of people with a mental illness and to assure uniform data collection across the state;

~~((3))~~ (4) Minimum service delivery standards;

~~((4))~~ (5) Priorities for the use of available resources for the care of the mentally ill consistent with the priorities defined in the statute;

~~((5))~~ (6) Coordination of services within the department, including those divisions within the department that provide services to children, between the department and the office of the superintendent of public instruction, and among state mental hospitals, county authorities, regional support networks, community mental health services, and other support services, which shall to the maximum extent feasible also include the families of the mentally ill, and other service providers; and

~~((6))~~ (7) Coordination of services aimed at reducing duplication in service delivery and promoting complementary services among all entities that provide mental health services to adults and children.

It is the policy of the state to encourage the provision of a full range of treatment and rehabilitation services in the state for mental disorders including services operated by consumers and advocates. The legislature intends to encourage the development of county-based and county-managed regional mental health services with adequate local flexibility to assure eligible people in need of care access to the least-restrictive treatment alternative appropriate to their needs, and the availability of treatment components to assure continuity of care. To this end, counties are encouraged to enter into joint operating agreements with other counties to form regional systems of care which will integrate planning, administration, and service delivery duties ~~((assigned to counties))~~ under chapters 71.05 and 71.24 RCW to consolidate administration, reduce administrative layering, and reduce administrative costs. The legislature hereby finds and declares that sound fiscal management requires vigilance to ensure that funds appropriated by the legislature for the provision of needed community mental health programs and services are ultimately expended solely for the purpose for which they were appropriated, and not for any other purpose.

It is further the intent of the legislature to integrate the provision of services to provide continuity of care through all phases of treatment. To this end the legislature intends to promote active engagement with mentally ill persons and collaboration between families and service providers.

The department shall annually report to the legislature on its criteria and allocation of the incentives provided under this subsection.

(14) The secretary shall assume all duties assigned to the nonparticipating ~~((counties))~~ regional support networks under chapters 71.05, 71.34, and 71.24 RCW. Such responsibilities shall include those which would have been assigned to the nonparticipating counties ~~((under))~~ in regions where there are not participating regional support networks.

The regional support networks, or the secretary's assumption of all responsibilities under chapters 71.05, 71.34, and 71.24 RCW, shall be included in all state and federal plans affecting the state mental health program including at least those required by this chapter, the medicaid program, and P.L. 99-660. Nothing in these plans shall be inconsistent with the intent and requirements of this chapter.

(15) The secretary shall:

(a) Disburse funds for the regional support networks within sixty days of approval of the biennial contract. The department must either approve or reject the biennial contract within sixty days of receipt.

(b) Enter into biennial contracts with regional support networks. The contracts shall be consistent with available resources. No contract shall be approved that does not include progress toward meeting the goals of this chapter by taking responsibility for: (i) Short-term commitments; (ii) residential care; and (iii) emergency response systems.

~~(c) ~~((Allocate one hundred percent of available resources to the regional support networks in accordance with subsection (13) of this section. Incentive payments authorized under subsection (13) of this section may be allocated separately from other available resources.~~~~

~~(d))~~ Notify regional support networks of their allocation of available resources at least sixty days prior to the start of a new biennial contract period.

~~((e))~~ (d) Deny funding allocations to regional support networks based solely upon formal findings of noncompliance with the terms of the regional support network's contract with the department. Written notice and at least thirty days for corrective action must precede any such action. In such cases, regional support networks shall have full rights to appeal under chapter 34.05 RCW.

(16) The department, in cooperation with the state congressional delegation, shall actively seek waivers of federal requirements and such modifications of federal regulations as are necessary to allow federal medicaid reimbursement for services provided by free-standing evaluation and treatment facilities certified under chapter 71.05 RCW. The department shall periodically report its efforts to the appropriate committees of the senate and the house of representatives.

NEW SECTION. Sec. 5. A new section is added to chapter 71.24 RCW to read as follows:

Any regional support network selected pursuant to the pilot procurement process under section 3 of this act shall:

(1) Contract as needed with licensed service providers. The regional support network may, in the absence of a licensed service provider entity, become a licensed service provider entity pursuant to minimum standards required for licensing by the department for the purpose of providing services not available from licensed service providers;

(2) Operate as a licensed service provider if it deems that doing so is more efficient and cost-effective than contracting for services. When doing so, the regional support network shall comply with rules promulgated by the secretary that shall provide measurements to determine when a regional support network provided service is more efficient and cost-effective;

(3) Monitor and perform biennial fiscal audits of licensed service providers who have contracted with the regional support network to provide services required by this chapter. The monitoring and audits shall be performed by means of a formal process which ensures that the licensed service providers and professionals designated in this subsection meet the terms of their contracts;

(4) Assure that the special needs of minorities, the elderly, individuals with disabilities, children, and low-income persons are met within the priorities established in this chapter;

(5) Maintain patient tracking information in a central location as required for resource management services and the department's information system;

(6) Work with county authorities to ensure that policies do not result in an adverse shift of mentally ill persons into state and local correctional facilities;

(7) Work with the department to expedite the enrollment or re-enrollment of eligible persons leaving state or local correctional facilities and institutions for mental diseases;

(8) If a regional support network under the pilot procurement process is not controlled by the county, work closely with the county designated mental health professional or county designated crisis responder to maximize appropriate placement of persons into community services; and

(9) Coordinate services for individuals who have received services through the community mental health system and who become patients at a state mental hospital.

Sec. 6. RCW 71.24.240 and 1982 c 204 s 13 are each amended to read as follows:

In order to establish eligibility for funding under this chapter, any ~~((county or counties))~~ regional support network seeking to obtain federal funds for the support of any aspect of a community mental health program as defined in this chapter shall submit program plans to the secretary for prior review and approval before such plans are submitted to any federal agency.

Sec. 7. RCW 71.24.300 and 2001 c 323 s 17 are each amended to read as follows:

A county authority or a group of county authorities whose combined population is no less than forty thousand may enter into a joint operating agreement to form a regional support network. Upon the request of a tribal authority or authorities within a regional support network the joint operating agreement or the county authority shall allow for the inclusion of the tribal authority to be represented as a party to the regional support network. The roles and responsibilities of the county and tribal authorities shall be determined by the terms of that agreement including a determination of membership on the governing board and advisory committees, the number of tribal representatives to be party to the agreement, and the provisions of law and shall assure the provision of culturally competent services to the tribes served. The state mental health authority may not determine the roles and responsibilities of county authorities as to each other under regional support networks by rule, except to assure that all duties required of regional support networks are assigned and that counties and the regional support network do not duplicate functions and that a single authority has final responsibility for all available resources and performance under the regional support network's contract with the secretary. If a regional support network subject to the procurement process in section 3 of this act is a private entity, the department shall allow for the inclusion of the tribal authority to be represented as a party to the regional support network. The roles and responsibilities of the private entity and the tribal authorities shall be determined by the department, through negotiation with the tribal authority.

(1) Regional support networks shall submit an overall six-year operating and capital plan, timeline, and budget and submit progress reports and an updated two-year plan biennially thereafter, to assume within available resources all of the following duties:

(a) Administer and provide for the availability of all resource management services, residential services, and community support services.

(b) Assume the powers and duties of county authorities within its area as described in RCW 71.24.045 (1) through (7).

(c) Administer and provide for the availability of all investigation, transportation, court-related, and other services provided by the state or counties pursuant to chapter 71.05 RCW.

(d) Provide within the boundaries of each regional support network evaluation and treatment services for at least eighty-five percent of persons detained or committed for periods up to seventeen days according to chapter 71.05 RCW.

Regional support networks with populations of less than one hundred fifty thousand may contract to purchase evaluation and treatment services from other networks. Insofar as the original intent of serving persons in the community is maintained, the secretary is authorized to approve exceptions on a case-by-case basis to the requirement to provide evaluation and treatment services within the boundaries of each regional support network. Such exceptions are limited to contracts with neighboring or contiguous regions.

(e) Administer a portion of funds appropriated by the legislature to house mentally ill persons in state institutions from counties within the boundaries of any regional support network, with the exception of persons currently confined at, or under the supervision of, a state mental hospital pursuant to chapter 10.77 RCW, and provide for the care of all persons needing evaluation and treatment services for periods up to seventeen days according to chapter 71.05 RCW in appropriate residential services, which may include state institutions. The regional support networks shall reimburse the state for use of state institutions at a rate equal to that assumed by the legislature when appropriating funds for such care at state institutions during the biennium when reimbursement occurs. The secretary shall submit a report to the appropriate committees of the senate and house of representatives on the efforts to implement this section by October 1, 2002. The duty of a state hospital to accept persons for evaluation and treatment under chapter 71.05 RCW is limited by the responsibilities assigned to regional support networks under this section.

(f) Administer and provide for the availability of all other mental health services, which shall include patient counseling, day treatment, consultation, education services, employment services as defined in RCW 71.24.035, and mental health services to children as provided in this chapter designed to achieve the outcomes specified in section 5 of this act.

(g) Establish standards and procedures for reviewing individual service plans and determining when that person may be discharged from resource management services.

(2) Regional support networks shall assume all duties assigned to county authorities by this chapter and chapter 71.05 RCW.

(3) A regional support network may request that any state-owned land, building, facility, or other capital asset which was ever purchased, deeded, given, or placed in trust for the care of the mentally ill and which is within the boundaries of a regional support network be made available to support the operations of the regional support network. State agencies managing such capital assets shall give first priority to requests for their use pursuant to this chapter.

(4) Each regional support network shall appoint a mental health advisory board which shall review and provide comments on plans and policies developed under this chapter, provide local oversight regarding the activities of the regional support network, and work with the regional support network to resolve significant concerns regarding service delivery and outcomes. The department shall establish procedures for the operation of regional advisory committees including mechanisms for advisory board feedback to the department regarding regional support network performance. The composition of the board shall be established by the department and be broadly representative of the demographic character of the region and the mentally ill persons served therein. The membership shall include, but not be limited to representatives of consumers, families, county-elected officials, and law enforcement. Length of terms of board members shall be determined by the regional support network.

(5) Regional support networks shall assume all duties specified in their plans and joint operating agreements through biennial contractual agreements with the secretary.

(6) Counties or groups of counties participating in a regional support network are not subject to RCW 71.24.045(6).

(7) Regional support networks may receive technical assistance from the housing trust fund and may identify and submit projects for housing and housing support services to the housing trust fund established under chapter 43.185 RCW. Projects identified or submitted under this subsection must be fully integrated with the regional support network six-year operating and capital plan, timeline, and budget required by subsection (1) of this section.

MOTION

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 71.24.015 and 2001 c 334 s 6 and 2001 c 323 s 1 are each reenacted and amended to read as follows:

It is the intent of the legislature to establish a community mental health program which shall help people experiencing mental illness to retain a respected and productive position in the community. This will be accomplished through programs that focus on resilience and recovery, and practices that are evidence-based, research-based, consensus-based, or, where these do not exist, promising or emerging best practices, which provide for:

(1) Access to mental health services for adults of the state who are acutely mentally ill, chronically mentally ill, or seriously disturbed and children of the state who are acutely mentally ill, severely emotionally disturbed, or seriously disturbed, which services recognize the special needs of underserved populations, including minorities, children, the elderly, disabled, and low-income persons. Access to mental health services shall not be limited by a person's history of confinement in a state, federal, or local correctional facility. It is also the purpose of this chapter to promote the early identification of mentally ill children and to ensure that they receive the mental health care and treatment which is appropriate to their developmental level. This care should improve home, school, and community functioning, maintain children in a safe and nurturing home environment, and should enable treatment decisions to be made in response to clinical needs in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their children;

(2) The involvement of persons with mental illness, their family members, and advocates in designing and implementing mental health services that reduce unnecessary hospitalization and incarceration and promote the recovery and employment of persons with mental illness. To improve the quality of services available and promote the rehabilitation, recovery, and reintegration of persons with mental illness, consumer and advocate participation in mental health services is an integral part of the community mental health system and shall be supported;

(3) Accountability of efficient and effective services through state of the art outcome and performance measures and statewide standards for monitoring client and system outcomes, performance, and reporting of client and system outcome information. These processes shall be designed so as to maximize the use of available resources for direct care of people with a mental illness and to assure uniform data collection across the state;

~~((3))~~ (4) Minimum service delivery standards;

~~((4))~~ (5) Priorities for the use of available resources for the care of the mentally ill consistent with the priorities defined in the statute;

~~((5))~~ (6) Coordination of services within the department, including those divisions within the department that provide services to children, between the department and the office of the superintendent of public instruction, and among state mental hospitals, county authorities, regional support networks, community mental health services, and other support services, which shall to the maximum extent feasible also include the families of the mentally ill, and other service providers; and

~~((6))~~ (7) Coordination of services aimed at reducing duplication in service delivery and promoting complementary services among all entities that provide mental health services to adults and children.

It is the policy of the state to encourage the provision of a full range of treatment and rehabilitation services in the state for mental disorders including services operated by consumers and advocates. The legislature intends to encourage the development of ~~((county based and county managed))~~ regional mental health services with adequate local flexibility to assure eligible people in need of care access to the least-restrictive treatment alternative appropriate to their needs, and the availability of treatment components to assure continuity of care. To this end, counties are encouraged to enter into joint operating agreements with other counties to form regional systems of care ~~((which))~~. Regional systems of care, whether operated by a county, group of counties, or another entity shall integrate planning, administration, and service delivery duties ~~((assigned to counties))~~ under chapters 71.05 and 71.24 RCW to consolidate administration, reduce administrative layering, and reduce administrative costs. The legislature hereby finds and declares that sound fiscal management requires vigilance to ensure that funds appropriated by the legislature for the provision of needed community mental health programs and services are ultimately expended solely for the purpose for which they were appropriated, and not for any other purpose.

It is further the intent of the legislature to integrate the provision of services to provide continuity of care through all phases of treatment. To this end the legislature intends to promote active engagement with mentally ill persons and collaboration between families and service providers.

In the first step of the procurement process, existing regional support networks may respond to a request for qualifications developed by the department. The secretary shall issue the request for qualifications not later than October 1, 2005. The request for qualifications shall be based on cost-effectiveness, adequate residential and service capabilities, effective collaboration with criminal justice agencies and the chemical dependency treatment system, and the ability to provide the full array of services as stated in the mental health state plan, and shall meet all applicable federal and state regulations and standards. (n) Assure the availability of an appropriate amount, as determined by the legislature in the operating budget by amounts appropriated for this specific purpose, of community-based, geographically distributed residential services.

(6) The secretary shall use available resources only for regional support networks, except to the extent authorized, and in accordance with any priorities or conditions specified, in the biennial appropriations act.

(7) Each certified regional support network and licensed service provider shall file with the secretary, on request, such data, statistics, schedules, and information as the secretary reasonably requires. A certified regional support network or licensed service provider which, without good cause, fails to furnish any data, statistics, schedules, or information as requested, or files fraudulent reports thereof, may have its certification or license revoked or suspended.

(8) The secretary may suspend, revoke, limit, or restrict a certification or license, or refuse to grant a certification or license for failure to conform to: (a) The law; (b) applicable rules and regulations; (c) applicable standards; or (d) state minimum standards.

(12) The standards for certification of evaluation and treatment facilities shall include standards relating to maintenance of good physical and mental health and other services to be afforded persons pursuant to this chapter and chapters 71.05 and 71.34 RCW, and shall otherwise assure the effectuation of the purposes of these chapters.

(13)(a) The department, in consultation with affected parties, shall establish a distribution formula that reflects (~~(county))~~) regional needs assessments based on the number of persons who are acutely mentally ill, chronically mentally ill, severely emotionally disturbed children, and seriously disturbed. The formula shall take into consideration the impact on (~~(counties))~~) regions of demographic factors (~~(in counties))~~) which result in concentrations of priority populations as set forth in subsection (5)(b) of this section. These factors shall include the population concentrations resulting from commitments under chapters 71.05 and 71.34 RCW to state psychiatric hospitals, as well as concentration in urban areas, at border crossings at state boundaries, and other significant demographic and workload factors.

(b) The formula shall also include a projection of the funding allocations that will result for each (~~(county))~~) region, which specifies allocations according to priority populations, including the allocation for services to children and other underserved populations.

(c) After July 1, 2003, the department may allocate up to two percent of total funds to be distributed to the regional support networks for incentive payments to reward the achievement of superior outcomes, or significantly improved outcomes, as measured by a statewide performance measurement system consistent with the framework recommended in the joint legislative audit and review committee's performance audit of the mental health system. The department shall annually report to the legislature on its criteria and allocation of the incentives provided under this subsection.

(14) The secretary shall assume all duties assigned to the nonparticipating (~~(counties))~~) regional support networks under chapters 71.05, 71.34, and 71.24 RCW. Such responsibilities shall include those which would have been assigned to the nonparticipating counties (~~(under))~~) in regions where there are not participating regional support networks.

The regional support networks, or the secretary's assumption of all responsibilities under chapters 71.05, 71.34, and 71.24 RCW, shall be included in all state and federal plans affecting the state mental health program including at least those required by this chapter, the medicaid program, and P.L. 99-660. Nothing in these plans shall be inconsistent with the intent and requirements of this chapter.

(15) The secretary shall:

(a) Disburse funds for the regional support networks within sixty days of approval of the biennial contract. The department must either approve or reject the biennial contract within sixty days of receipt.

(b) Enter into biennial contracts with regional support networks. The contracts shall be consistent with available resources. No contract shall be approved that does not include progress toward meeting the goals of this chapter by taking responsibility for: (i) Short-term commitments; (ii) residential care; and (iii) emergency response systems.

~~(c) ((Allocate one hundred percent of available resources to the regional support networks in accordance with subsection (13) of this section. Incentive payments authorized under subsection (13) of this section may be allocated separately from other available resources.~~

~~(d))~~ Notify regional support networks of their allocation of available resources at least sixty days prior to the start of a new biennial contract period.

~~((e))~~ (d) Deny funding allocations to regional support networks based solely upon formal findings of noncompliance with the terms of the regional support network's contract with the department. Written notice and at least thirty days for corrective action must precede any such action. In such cases, regional support networks shall have full rights to appeal under chapter 34.05 RCW.

(16) The department, in cooperation with the state congressional delegation, shall actively seek waivers of federal requirements and such modifications of federal regulations as are necessary to allow federal medicaid reimbursement for services provided by free-standing evaluation and treatment facilities certified under chapter 71.05 RCW. The department shall periodically report its efforts to the appropriate committees of the senate and the house of representatives.

Sec. 8. RCW 71.24.045 and 2001 c 323 s 12 are each amended to read as follows:

The ~~((county authority))~~ regional support network shall:

(1) Contract as needed with licensed service providers. The ~~((county authority))~~ regional support network may, in the absence of a licensed service provider entity, become a licensed service provider entity pursuant to minimum standards required for licensing by the department for the purpose of providing services not available from licensed service providers;

(2) Operate as a licensed service provider if it deems that doing so is more efficient and cost effective than contracting for services. When doing so, the ~~((county authority))~~ regional support network shall comply with rules promulgated by the secretary that shall provide measurements to determine when a ~~((county))~~ regional support network provided service is more efficient and cost effective;

(3) Monitor and perform biennial fiscal audits of licensed service providers who have contracted with the ~~((county))~~ regional support network to provide services required by this chapter. The monitoring and audits shall be performed by means of a formal process which insures that the licensed service providers and professionals designated in this subsection meet the terms of their contracts;

(4) Assure that the special needs of minorities, the elderly, disabled, children, and low-income persons are met within the priorities established in this chapter;

(5) Maintain patient tracking information in a central location as required for resource management services and the department's information system;

(6) Use not more than two percent of state-appropriated community mental health funds, which shall not include federal funds, to administer community mental health programs under RCW 71.24.155: PROVIDED, That county authorities serving a county or combination of counties whose population is one hundred twenty-five thousand or more may be entitled to sufficient state-appropriated community mental health funds to employ up to one full-time employee or the equivalent thereof in addition to the two percent limit established in this subsection when such employee is providing staff services to a county mental health advisory board;

(7) Collaborate to ensure that policies do not result in an adverse shift of mentally ill persons into state and local correctional facilities;

(8) Work with the department to expedite the enrollment or re-enrollment of eligible persons leaving state or local correctional facilities and institutions for mental diseases;

(9) If a regional support network is not operated by the county, work closely with the county designated mental health professional or county designated crisis responder to maximize appropriate placement of persons into community services; and

(10) Coordinate services for individuals who have received services through the community mental health system and who become patients at a state mental hospital.

Sec. 9. RCW 71.24.100 and 1982 c 204 s 7 are each amended to read as follows:

A county authority or a group of county authorities may enter into a joint operating agreement to form a regional support network. Any agreement between two or more county authorities for the establishment of a ~~((community mental health program))~~ regional support network shall provide:

(1) That each county shall bear a share of the cost of mental health services; and

(2) That the treasurer of one participating county shall be the custodian of funds made available for the purposes of such mental health services, and that the treasurer may make payments from such funds upon audit by the appropriate auditing officer of the county for which he is treasurer.

Sec. 10. RCW 71.24.240 and 1982 c 204 s 13 are each amended to read as follows:

In order to establish eligibility for funding under this chapter, any ~~((county or counties))~~ regional support network seeking to obtain federal funds for the support of any aspect of a community mental health program as defined in this chapter shall submit program plans to the secretary for prior review and approval before such plans are submitted to any federal agency.

Sec. 11. RCW 71.24.300 and 2001 c 323 s 17 are each amended to read as follows:

~~((A county authority or a group of county authorities whose combined population is no less than forty thousand may enter into a joint operating agreement to form a regional support network.))~~ Upon the request of a tribal authority or authorities within a regional support network the joint operating agreement or the county authority shall allow for the inclusion of the tribal authority to be represented as a party to the regional support network. The roles and responsibilities of the county and tribal authorities shall be determined by the terms of that agreement including a determination of membership on the governing board and advisory committees, the number of tribal representatives to be party to the agreement, and the provisions of law and shall assure the provision of culturally competent services to the tribes served. The state mental health authority may not determine the roles and responsibilities of county authorities as to each other under regional support networks by rule, except to assure that all duties required of regional support networks are assigned and that counties and the regional support network do not duplicate functions and that a single authority has final responsibility for all available resources and performance under the regional support network's contract with the secretary. If a regional support network is a private entity, the department shall allow for the inclusion of the tribal authority to be represented as a party to the regional support network. The roles and responsibilities of the private entity and the tribal authorities shall be determined by the department, through negotiation with the tribal authority.

(1) Regional support networks shall submit an overall six-year operating and capital plan, timeline, and budget and submit progress reports and an updated two-year plan biennially thereafter, to assume within available resources all of the following duties:

(a) Administer and provide for the availability of all resource management services, residential services, and community support services.

~~(b) ((Assume the powers and duties of county authorities within its area as described in RCW 71.24.045 (1) through (7)).~~

~~((⇒))~~ (c) Provide within the boundaries of each regional support network evaluation and treatment services for at least eighty-five percent of persons detained or committed for periods up to seventeen days according to chapter 71.05 RCW. Regional support networks with populations of less than one hundred fifty thousand may contract to purchase evaluation and treatment services from other networks. Insofar as the original intent of serving persons in the community is maintained, the secretary is authorized to approve exceptions on a case-by-case basis to the requirement to provide evaluation and treatment services within the boundaries of each regional support network. Such exceptions are limited to contracts with neighboring or contiguous regions.

~~((⇒))~~ (d) Administer a portion of funds appropriated by the legislature to house mentally ill persons in state institutions from counties within the boundaries of any regional support network, with the exception of persons currently confined at, or under the supervision of, a state mental hospital pursuant to chapter 10.77 RCW, and provide for the care of all persons needing evaluation and treatment services for periods up to seventeen days according to chapter 71.05 RCW in appropriate residential services, which may include state institutions. The regional support networks shall reimburse the state for use of state institutions at a rate equal to that assumed by the legislature when appropriating funds for such care at state institutions during the biennium when reimbursement occurs. The secretary shall submit a report to the appropriate committees of the senate and house of representatives on the efforts to implement this section by October 1, 2002. The duty of a state hospital to accept persons for evaluation and treatment under chapter 71.05 RCW is limited by the responsibilities assigned to regional support networks under this section.

~~((⇒))~~ (e) Administer and provide for the availability of all other mental health services, which shall include patient counseling, day treatment, consultation, education services, employment services as defined in RCW 71.24.035, and mental health services to children ~~((as provided in this chapter designed to achieve the outcomes specified in section 5 of this act)).~~

~~((⇒))~~ (f) Establish standards and procedures for reviewing individual service plans and determining when that person may be discharged from resource management services.

~~(2) ((Regional support networks shall assume all duties assigned to county authorities by this chapter and chapter 71.05 RCW.~~

~~((⇒))~~ A regional support network may request that any state-owned land, building, facility, or other capital asset which was ever purchased, deeded, given, or placed in trust for the care of the mentally ill and which is within the boundaries of a regional support network be made available to support the operations of the regional support network. State agencies managing such capital assets shall give first priority to requests for their use pursuant to this chapter.

~~((⇒))~~ (3) Each regional support network shall appoint a mental health advisory board which shall review and provide comments on plans and policies developed under this chapter, provide local oversight regarding the activities of the regional support network, and work with the regional support network to resolve significant concerns regarding service delivery and outcomes. The department shall establish statewide procedures for the operation of regional advisory committees including mechanisms for advisory board feedback to the department regarding regional support network performance. The composition of the board shall be broadly representative of the demographic character of the region and ~~((the mentally ill persons served therein))~~ shall include, but not be limited to, representatives of consumers and families, law enforcement, and where the county is

not the regional support network, county elected officials. Composition and length of terms of board members may differ between regional support networks but shall be ((determined)) included in each regional support network's contract and approved by the ((regional support network)) secretary.

~~((5))~~ (4) Regional support networks shall assume all duties specified in their plans and joint operating agreements through biennial contractual agreements with the secretary.

~~((6) Counties or groups of counties participating in a regional support network are not subject to RCW 71.24.045(6).~~

~~((7))~~ (5) Regional support networks may receive technical assistance from the housing trust fund and may identify and submit projects for housing and housing support services to the housing trust fund established under chapter 43.185 RCW. Projects identified or submitted under this subsection must be fully integrated with the regional support network six-year operating and capital plan, timeline, and budget required by subsection (1) of this section.

NEW SECTION. Sec. 12. A new section is added to chapter 74.09 RCW to read as follows:

(1) The department shall adopt rules and policies providing that when persons with a mental disorder, who were enrolled in medical assistance immediately prior to confinement, are released from confinement, their medical assistance coverage will be fully reinstated on the day of their release, subject to any expedited review of their continued eligibility for medical assistance coverage that is required under federal or state law.

(2) The department, in collaboration with the Washington association of sheriffs and police chiefs, the department of corrections, and the regional support networks, shall establish procedures for coordination between department field offices, institutions for mental disease, and correctional institutions, as defined in RCW 9.94.049, that result in prompt reinstatement of eligibility and speedy eligibility determinations for persons who are likely to be eligible for medical assistance services upon release from confinement. Procedures developed under this subsection must address:

(a) Mechanisms for receiving medical assistance services applications on behalf of confined persons in anticipation of their release from confinement;

(b) Expedient review of applications filed by or on behalf of confined persons and, to the extent practicable, completion of the review before the person is released;

(c) Mechanisms for providing medical assistance services identity cards to persons eligible for medical assistance services immediately upon their release from confinement; and

(d) Coordination with the federal social security administration, through interagency agreements or otherwise, to expedite processing of applications for federal supplemental security income or social security disability benefits, including federal acceptance of applications on behalf of confined persons.

(3) Where medical or psychiatric examinations during a person's confinement indicate that the person is disabled, the correctional institution or institution for mental diseases shall provide the department with that information for purposes of making medical assistance eligibility and enrollment determinations prior to the person's release from confinement. The department shall, to the maximum extent permitted by federal law, use the examination in making its determination whether the person is disabled and eligible for medical assistance.

(4) For purposes of this section, "confined" or "confinement" means incarcerated in a correctional institution, as defined in RCW 9.94.049, or admitted to an institute for mental disease, as defined in 42 C.F.R. part 435, Sec. 1009 on the effective date of this section.

(5) For purposes of this section, "likely to be eligible" means that a person:

(a) Was enrolled in medicaid or supplemental security income or general assistance immediately before he or she was confined and his or her enrollment was terminated during his or her confinement; or

(b) Was enrolled in medicaid or supplemental security income or general assistance at any time during the five years before his or her confinement, and medical or psychiatric examinations during the person's confinement indicate that the person continues to be disabled and the disability is likely to last at least twelve months following release.

(6) The economic services administration shall adopt standardized statewide screening and application practices and forms designed to facilitate the application of a confined person who is likely to be eligible for medicaid.

NEW SECTION. Sec. 13. A new section is added to chapter 71.24 RCW to read as follows:

The secretary shall require the regional support networks to develop interlocal agreements pursuant to section 12 of this act. To this end, the regional support networks shall accept referrals for enrollment on behalf of a confined person, prior to the person's release.

NEW SECTION. Sec. 14. (1) A joint legislative and executive task force on mental health services delivery and financing is created. The joint task force shall consist of eight members, as follows: The secretary of the department of social and health services or his or her designee; the president of the Washington state association of counties or his or her designee; a representative from the governor's office; two members of the senate appointed by the president of the senate, one of whom shall be a member of the majority caucus and one of whom shall be a member of the minority caucus; two members of the house of representatives appointed by the speaker of the house of representatives, one of whom shall be a member of the majority caucus and one of whom shall be a member of the minority caucus; and the chair of the joint legislative audit and review committee or his or her designee. Staff support for the joint task force shall be provided by the office of financial management, the house of representatives office of program research, and senate committee services.

(2) The joint task force may create advisory committees to assist the joint task force in its work.

(3) Joint task force members may be reimbursed for travel expenses as authorized under RCW 43.03.050 and 43.03.060 and chapter 44.04 RCW, as appropriate. Advisory committee members, if appointed, shall not receive compensation or reimbursement for travel or expenses.

- (4) The joint task force shall oversee and make recommendations related to:
- (a) The reorganization of the mental health administrative structure within the department of social and health services;
 - (b) The standards and correction process and the procurement process established by sections 4 through 6 of this act, including the establishment of regional support networks through a procurement process;

 - (d) Serving the needs of nonmedicaid consumers for the priority populations under chapter 71.24 RCW; and
 - (e) The types, numbers, and locations of inpatient psychiatric hospital and community residential beds needed to serve persons with a mental illness.
- (5) The joint task force shall report its initial findings and recommendations to the governor and appropriate committees of the legislature by January 1, 2006, and its final findings and recommendations by June 30, 2007.
- (6) This section expires June 30, 2007.

POINT OF ORDER

Senator Carrell: "Mr. President, a point of order. There is amendment 585 that I wish to withdraw. Shouldn't that be done first?"

POINT OF PARLIAMENTARY INQUIRY

Senator Kline: "With one amendment adopted and one automatically withdrawn, are there any other amendments at the bar?"

REPLY BY THE PRESIDENT

President Owen: "No."

MOTION

Senator Kline moved the following oral title amendment be adopted:

On page 1 of the existing title, insert ' and amending RCW 16.52.117'

Senators Kline, Esser, Johnson, Shin and Weinstein spoke in favor of passage of the bill.

POINT OF INQUIRY

Senator Regala: "Would Senator Esser yield to a question? I may be misunderstanding what I'm reading one section of the bill. I see that it strikes the language regarding the provision that makes it a crime to be a spectator at animal fighting sports. Am I misreading that?"

Senator Esser: "Is that from the amendment that was just adopted."

Senator Regala: "Yes."

Senator Esser: "I think that the Senator from the twenty-eighth district may be better able to answer that question, that was his amendment along with the Senator from the forty-first. I'm more familiar with the underlying bill."

POINT OF INQUIRY

Senator Regala: "Would the fine gentleman from the twenty-eighth district be able to answer my question?"

Senator Carrell: "Well, I will try and I would like to pass the buck to the fine gentleman from..... My amendment is simply to add to the underline bill a clarification that the types of animals that we are dealing with here are male chickens and dogs."

Senator Regala spoke on passage of the bill.

Senator Weinstein: "Thank you Mr. President, I'd like to speak to the question that Senator Regala asked. As I understand it as this bill made it's way through the process, the reason the spectator section was taken out because it was thought that there are some people who unintentionally go to dog fights thinking it's something else and since this bill moved it up to Class C Felony we wanted to remove that provision from those who unintentionally would be at a dog fight. Other wise it's a fantastic bill and I urge that you support this bill."

MOTIONS

On motion of Senator Hewitt, Senators Finkbeiner, Honeyford and Parlette were excused.

POINT OF INQUIRY

Senator Shin: "Would Senator Weinstein yield to a question? In the biological sense of the word, we humans are known as 'homo sapiens,' which means the highest creature in animal kingdom. Does that mean this bill includes human beings as well?"

Senator Weinstein: "No, it only includes cocks and dogs for the amendment."

Senator Shin: "Well, we're animals too."

Senator Weinstein: "Well, I think if somebody suffocates or starves a homosapien, then I think they should be guilty of a Class C Felony as well."

The President declared the question before the Senate to be the final passage of Substitute House Bill No. 1304, as amended by the Senate.

The measure was read the second time.

MOTION

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that Hood Canal is a precious aquatic resource of our state. The legislature finds that Hood Canal is a rich source of recreation, fishing, aquaculture, and aesthetic enjoyment for the citizens of this state. The legislature also finds that Hood Canal has great cultural significance for the tribes in the Hood Canal area. The legislature therefore recognizes Hood Canal's substantial environmental, cultural, economic, recreational, and aesthetic importance in this state.

(2) The legislature finds that Hood Canal is a marine water of the state at significant risk. The legislature finds that Hood Canal has a "dead zone" related to low-dissolved oxygen concentrations, a condition that has recurred for many years. The legislature also finds that this problem and various contributors to the problem were documented in the May 2004 *Preliminary Assessment and Corrective Action Plan* published by the state Puget Sound action team and the Hood Canal coordinating council.

(3) The legislature further finds that significant research, monitoring, and study efforts are currently occurring regarding Hood Canal's low-dissolved oxygen concentrations. The legislature also finds numerous public, private, and community organizations are working to provide public education and identify potential solutions. The legislature recognizes that, while some information and research is now available and some potential solutions have been identified, more research and analysis is needed to fully develop a program to resolve Hood Canal's low-dissolved oxygen concentrations.

(4) The legislature finds a need exists for the state to take action to address Hood Canal's low-dissolved oxygen concentrations. The legislature also finds establishing an aquatic rehabilitation zone for Hood Canal will serve as a statutory framework for future regulations and programs directed at recovery of this important aquatic resource.

(5) The legislature therefore intends to establish an aquatic rehabilitation zone for Hood Canal as the framework to address Hood Canal's low-dissolved oxygen concentrations. The legislature also intends to incorporate provisions in the new statutory chapter creating the designation as solutions are identified regarding this problem.

NEW SECTION. Sec. 2. (1) Aquatic rehabilitation zones may be designated by the legislature for areas whose surrounding marine water bodies pose serious environmental or public health concerns.

(2) Aquatic rehabilitation zone one is established. Aquatic rehabilitation zone one includes all watersheds that drain to Hood Canal south of a line projected from Tala Point in Jefferson county to Foulweather Bluff in Kitsap county.

NEW SECTION. Sec. 3. This chapter does not apply to forest practices regulated under chapter 76.09 RCW.

NEW SECTION. Sec. 4. This chapter does not alter, diminish, or expand the jurisdictional authorities in other statutes or affect the application of other statutory requirements or programs that do not specifically refer to aquatic rehabilitation zones. If this chapter conflicts with other statutory provisions, however, this chapter governs aquatic rehabilitation zones, provided that

this chapter's provisions meet or exceed the authorities, requirements, and standards expressed in the statutory provisions found to be in conflict.

NEW SECTION. Sec. 5. Sections 1 through 4 of this act constitute a new chapter in Title 90 RCW.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

SENATE RESOLUTION

8677

By Senators Parlette, Hewitt, Pflug, Finkbeiner, Esser, Schmidt, Swecker, Oke, Zarelli, Deccio, Mulliken, Honeyford, Morton, Poulsen, Johnson, Carrell, Berkey and Doumit

WHEREAS, On October 5, 1931, Clyde Edward Pangborn and Hugh Herndon, Jr. solidified their place in history with the completion of a 5,550 mile, 41 hour, 15 minute nonstop flight from Misawa, Japan, to East Wenatchee, Washington, aboard *Miss Veedol*, their single engine, bright red Bellanca "Skyrocket" monoplane; and

WHEREAS, This historic flight was the first nonstop crossing of the Pacific Ocean in the history of the world, and was due in large part to Pangborn's revolutionary idea of releasing the landing gear upon take-off, increasing the range of the plane by fifteen percent; and

WHEREAS, Without landing gear, Pangborn and Herndon were forced to land the plane on its belly in the sagebrush flat above the Columbia River, which they accomplished safely; and

WHEREAS, While their momentous accomplishment equaled or exceeded that of Charles Lindbergh's transatlantic crossing, Pangborn and Herndon were nationally celebrated for only a short period of time as the country lapsed back into the depths of the Great Depression; and

WHEREAS, This historic flight would have nearly been lost to the history books had it not been for a dedicated group of airmen in the Wenatchee branch of the Experimental Aircraft Association, appropriately named "The Spirit of Wenatchee," who have been hard at work raising awareness of the magnificent achievements of Pangborn and Herndon; and

WHEREAS, Through the construction of a replica plane and regular travel to airshows across the country, the Spirit of Wenatchee Project has been telling the story of Pangborn and Herndon to an entirely new generation of Americans; and

WHEREAS, In concert with the 75th anniversary of this historic flight, the Spirit of Wenatchee Project is hard at work preparing for a complete trans-Pacific recreation, complete with the sagebrush belly landing in East Wenatchee; and

WHEREAS, The Spirit of Wenatchee Project has increased the unity between sister cities Wenatchee, Washington, and Misawa, Japan;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State Senate honor Clyde E. Pangborn and Hugh Herndon, Jr. for their tremendous accomplishment, and honor the Spirit of Wenatchee Project for its dedicated community service to the State of Washington and its commitment to preserving the memory of Clyde Pangborn and Hugh Herndon, Jr.

(ii) The individual files under RCW 50.06.020(2).

(c) Benefits paid which represent the state's share of benefits payable as extended benefits defined under RCW 50.22.010(6) shall not be charged to the experience rating account of any contribution paying employer.

(d) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place.

(e) Individuals who qualify for benefits under RCW 50.20.050(2)(b)(iv), as applicable, shall not have their benefits charged to the experience rating account of any contribution paying employer.

(f) Benefits paid under RCW 50.20.120(4) shall not be charged to the experience rating account of any contribution paying employer.

(4)(a) A contribution paying base year employer, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:

(i) Last left the employ of such employer voluntarily for reasons not attributable to the employer;

(ii) Was discharged for misconduct or gross misconduct connected with his or her work not a result of inability to meet the minimum job requirements;

(iii) Is unemployed as a result of closure or severe curtailment of operation at the employer's plant, building, worksite, or other facility. This closure must be for reasons directly attributable to a catastrophic occurrence such as fire, flood, or other natural disaster; or

(iv) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who at some time during the base year was concurrently employed and subsequently separated from at least one other base year employer. Benefit charge relief ceases when the employment relationship between the employer requesting relief and the claimant is terminated. This subsection does not apply to shared work employers under chapter 50.60 RCW.

(b) The employer requesting relief of charges under this subsection must request relief in writing within thirty days following mailing to the last known address of the notification of the valid initial determination of such claim, stating the date and reason for the separation or the circumstances of continued employment. The commissioner, upon investigation of the request, shall determine whether relief should be granted.

Sec. 3. RCW 50.29.025 and 2003 2nd sp.s. c 4 s 14 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the contribution rate for each employer subject to contributions under RCW 50.24.010 shall be determined under this subsection.

(a) A fund balance ratio shall be determined by dividing the balance in the unemployment compensation fund as of the September 30th immediately preceding the rate year by the total remuneration paid by all employers subject to contributions during the second calendar year preceding the rate year and reported to the department by the following March 31st. The division shall be carried to the fourth decimal place with the remaining fraction, if any, disregarded. The fund balance ratio shall be expressed as a percentage.

(b) The interval of the fund balance ratio, expressed as a percentage, shall determine which tax schedule in (e) of this subsection shall be in effect for assigning tax rates for the rate year. The intervals for determining the effective tax schedule shall be:

Interval of the Fund Balance Ratio Expressed as a Percentage	Effective Tax Schedule
2.90 and above	AA
2.10 to 2.89	A
1.70 to 2.09	B
1.40 to 1.69	C
1.00 to 1.39	D
0.70 to 0.99	E

Less than 0.70

(c) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer: (i) Identification number; (ii) benefit ratio; (iii) taxable payrolls for the four calendar quarters immediately preceding the computation date and reported to the department by the cut-off date; (iv) a cumulative total of taxable payrolls consisting of the employer's taxable payroll plus the taxable payrolls of all other employers preceding him or her in the array; and (v) the percentage equivalent of the cumulative total of taxable payrolls.

(d) Each employer in the array shall be assigned to one of twenty rate classes according to the percentage intervals of cumulative taxable payrolls set forth in (e) of this subsection: PROVIDED, That if an employer's taxable payroll falls within two or more rate classes, the employer and any other employer with the same benefit ratio shall be assigned to the lowest rate class which includes any portion of the employer's taxable payroll.

(e) Except as provided in RCW 50.29.026, the contribution rate for each employer in the array shall be the rate specified in the following tables for the rate class to which he or she has been assigned, as determined under (d) of this subsection, within the tax schedule which is to be in effect during the rate year:

(f) The contribution rate for each employer not qualified to be in the array shall be as follows:

(i) Employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due shall be assigned a contribution rate two-tenths higher than that in rate class 20 for the applicable rate year, except employers who have an approved agency-deferred payment contract by September 30 of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any

succeeding tax report and payment in a timely manner, the employer's tax rate shall immediately revert to a contribution rate two-tenths higher than that in rate class 20 for the applicable rate year; and

(ii) For all other employers not qualified to be in the array, the contribution rate shall be a rate equal to the average industry rate as determined by the commissioner; however, the rate may not be less than one percent.

(2) Beginning with contributions assessed for rate year 2005, the contribution rate for each employer subject to contributions under RCW 50.24.010 shall be the sum of the array calculation factor rate and the graduated social cost factor rate determined under this subsection, and the solvency surcharge determined under RCW 50.29.041, if any.

(a) The array calculation factor rate shall be determined as follows:

(i) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer: (A) Identification number; (B) benefit ratio; and (C) taxable payrolls for the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(ii) Each employer in the array shall be assigned to one of forty rate classes according to his or her benefit ratio as follows, and, except as provided in RCW 50.29.026, the array calculation factor rate for each employer in the array shall be the rate specified in the rate class to which the employer has been assigned:

(b) The graduated social cost factor rate shall be determined as follows:

(i)(A) Except as provided in (b)(i)(B) and (C) of this subsection, the commissioner shall calculate the flat social cost factor for a rate year by dividing the total social cost by the total taxable payroll. The division shall be carried to the second decimal place with the remaining fraction disregarded unless it amounts to five hundredths or more, in which case the second decimal place shall be rounded to the next higher digit. The flat social cost factor shall be expressed as a percentage.

(B) If, on the cut-off date, the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide more than ten months of unemployment benefits, the commissioner shall calculate the flat social cost factor for the rate year immediately following the cut-off date by reducing the total social cost by the dollar amount that represents the number of months for which the balance in the unemployment compensation fund on the cut-off date will provide benefits above ten months and dividing the result by the total taxable payroll. However, the calculation under this subsection (2)(b)(i)(B) for a rate year may not result in a flat social cost factor that is more than two-tenths lower than the ~~((calculation under (b)(i)(A) of this subsection for that))~~ flat social cost factor for the immediately preceding rate year. For the purposes of this subsection, the commissioner shall determine the number of months of unemployment benefits in the unemployment compensation fund using the benefit cost rate for the average of the three highest calendar benefit cost rates in the twenty consecutive completed calendar years immediately preceding the cut-off date or a period of consecutive calendar years immediately preceding the cut-off date that includes three recessions, if longer.

(C) The minimum flat social cost factor calculated under this subsection (2)(b) shall be six-tenths of one percent.

(ii) The graduated social cost factor rate for each employer in the array is the flat social cost factor multiplied by the percentage specified as follows for the rate class to which the employer has been assigned in (a)(ii) of this subsection, except that the sum of an employer's array calculation factor rate and the graduated social cost factor rate may not exceed six and five-tenths percent or, for employers whose standard industrial classification code is within major group "01," "02," "07," "091," "203," "209," or "5148," or the equivalent code in the North American industry classification system code, may not exceed six percent:

- (A) Rate class 1 - 78 percent;
- (B) Rate class 2 - 82 percent;
- (C) Rate class 3 - 86 percent;
- (D) Rate class 4 - 90 percent;
- (E) Rate class 5 - 94 percent;
- (F) Rate class 6 - 98 percent;
- (G) Rate class 7 - 102 percent;
- (H) Rate class 8 - 106 percent;
- (I) Rate class 9 - 110 percent;
- (J) Rate class 10 - 114 percent;
- (K) Rate class 11 - 118 percent; and
- (L) Rate classes 12 through 40 - 120 percent.

(iii) For the purposes of this section:

(A)(I) "Total social cost" means the amount calculated by subtracting the array calculation factor contributions paid by all employers with respect to the four consecutive calendar quarters immediately preceding the computation date and paid to the employment security department by the cut-off date from the total unemployment benefits paid to claimants in the same four consecutive calendar quarters. To calculate the flat social cost factor for rate year 2005, the commissioner shall calculate the total

social cost using the array calculation factor contributions that would have been required to be paid by all employers in the calculation period if (a) of this subsection had been in effect for the relevant period.

(II) For rate year 2007, the amount calculated under (b)(iii)(A)(I) of this subsection is reduced by the amount of benefits paid under RCW 50.20.120(4).

(B) "Total taxable payroll" means the total amount of wages subject to tax, as determined under RCW 50.24.010, for all employers in the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(c) The array calculation factor rate for each employer not qualified to be in the array shall be as follows:

(i) Employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due shall be assigned an array calculation factor rate two-tenths higher than that in rate class 40, except employers who have an approved agency-deferred payment contract by September 30th of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the employer's tax rate shall immediately revert to an array calculation factor rate two-tenths higher than that in rate class 40; and

(ii) For all other employers not qualified to be in the array, the array calculation factor rate shall be a rate equal to the average industry array calculation factor rate as determined by the commissioner, plus fifteen percent of that amount; however, the rate may not be less than one percent or more than the array calculation factor rate in rate class 40.

(d) The graduated social cost factor rate for each employer not qualified to be in the array shall be as follows:

(i) For employers whose array calculation factor rate is determined under (c)(i) of this subsection, the social cost factor rate shall be the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(ii) For employers whose array calculation factor rate is determined under (c)(ii) of this subsection, the social cost factor rate shall be a rate equal to the average industry social cost factor rate as determined by the commissioner, plus fifteen percent of that amount, but not more than the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(3) Assignment of employers by the commissioner to industrial classification, for purposes of this section, shall be in accordance with established classification practices found in the "Standard Industrial Classification Manual" issued by the federal office of management and budget to the third digit provided in the standard industrial classification code, or in the North American industry classification system code.

Sec. 4. RCW 50.16.030 and 1999 c 36 s 1 are each amended to read as follows:

(1)(a) Except as provided in (b) of this subsection, moneys shall be requisitioned from this state's account in the unemployment trust fund solely for the payment of benefits and repayment of loans from the federal government to guarantee solvency of the unemployment compensation fund in accordance with regulations prescribed by the commissioner, except that money credited to this state's account pursuant to section 903 of the social security act, as amended, shall be used exclusively as provided in RCW 50.16.030(5). The commissioner shall from time to time requisition from the unemployment trust fund such amounts, not exceeding the amounts standing to its account therein, as he or she deems necessary for the payment of benefits for a reasonable future period. Upon receipt thereof the treasurer shall deposit such moneys in the benefit account and shall issue his or her warrants for the payment of benefits solely from such benefits account.

(b) Moneys for the payment of regular benefits as defined in RCW 50.22.010 shall be requisitioned in the following order:

(i) First, from the moneys credited to this state's account in the unemployment trust fund pursuant to section 903 of the social security act, as amended in section 209 of the temporary extended unemployment compensation act of 2002 (42 U.S.C. Sec. 1103(d)), the amount equal to the amount of benefits paid under RCW 50.20.120(4); and

(ii) Second, after the requisitioning required under (b)(i) of this subsection, from all other moneys credited to this state's account in the unemployment trust fund.

(2) Expenditures of such moneys in the benefit account and refunds from the clearing account shall not be subject to any provisions of law requiring specific appropriations or other formal release by state officers of money in their custody, and RCW 43.01.050, as amended, shall not apply. All warrants issued by the treasurer for the payment of benefits and refunds shall bear the signature of the treasurer and the countersignature of the commissioner, or his or her duly authorized agent for that purpose.

(3) Any balance of moneys requisitioned from the unemployment trust fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which sums were requisitioned shall either be deducted from estimates for, and may be utilized for the payment of, benefits during succeeding periods, or in the discretion of the commissioner, shall be redeposited with the secretary of the treasury of the United States of America to the credit of this state's account in the unemployment trust fund.

(4) Money credited to the account of this state in the unemployment trust fund by the secretary of the treasury of the United States of America pursuant to section 903 of the social security act, as amended, may be requisitioned and used for the payment of expenses incurred for the administration of this title pursuant to a specific appropriation by the legislature, provided that the expenses are incurred and the money is requisitioned after the enactment of an appropriation law which:

(a) Specifies the purposes for which such money is appropriated and the amounts appropriated therefor;

(b) Limits the period within which such money may be obligated to a period ending not more than two years after the date of the enactment of the appropriation law; and

(c) Limits the amount which may be obligated during a twelve-month period beginning on July 1st and ending on the next June 30th to an amount which does not exceed the amount by which (i) the aggregate of the amounts credited to the account of this state pursuant to section 903 of the social security act, as amended, during the same twelve-month period and the thirty-four preceding twelve-month periods, exceeds (ii) the aggregate of the amounts obligated pursuant to RCW 50.16.030 (4), (5) and (6) and charged against the amounts credited to the account of this state during any of such thirty-five twelve-month periods. For the purposes of RCW 50.16.030 (4), (5) and (6), amounts obligated during any such twelve-month period shall be charged against equivalent amounts which were first credited and which are not already so charged; except that no amount obligated for administration during any such twelve-month period may be charged against any amount credited during such a twelve-month period earlier than the thirty-fourth twelve-month period preceding such period: PROVIDED, That any amount credited to this state's account under section 903 of the social security act, as amended, which has been appropriated for expenses of administration, whether or not withdrawn from the trust fund shall be excluded from the unemployment compensation fund balance for the purpose of experience rating credit determination.

(5) Money credited to the account of this state pursuant to section 903 of the social security act, as amended, may not be withdrawn or used except for the payment of benefits and for the payment of expenses of administration and of public employment offices pursuant to RCW 50.16.030 (4), (5) and (6). However, moneys credited because of excess amounts in federal accounts in federal fiscal years 1999, 2000, and 2001 shall be used solely for the administration of the unemployment compensation program and are not subject to appropriation by the legislature for any other purpose.

(6) Money requisitioned as provided in RCW 50.16.030 (4), (5) and (6) for the payment of expenses of administration shall be deposited in the unemployment compensation fund, but until expended, shall remain a part of the unemployment compensation fund. The commissioner shall maintain a separate record of the deposit, obligation, expenditure and return of funds so deposited. Any money so deposited which either will not be obligated within the period specified by the appropriation law or remains unobligated at the end of the period, and any money which has been obligated within the period but will not be expended, shall be returned promptly to the account of this state in the unemployment trust fund.

NEW SECTION. Sec. 5. To establish additional capacity within the employment security department, the department is authorized to add two full-time equivalent employees to develop economic models for estimating the impacts of policy changes on the unemployment insurance system and the unemployment trust fund.

NEW SECTION. Sec. 6. (1) The legislature finds that the main purpose of unemployment insurance is to cushion temporary, unanticipated periods of unemployment and is not intended to be a wage supplement for those who are chronically or routinely unemployed because they work in industries with relatively high expected unemployment periods. The legislature further finds that unemployment benefits provided to workers whose unemployment is routine or seasonal is placing significant burdens on the unemployment insurance system and is causing inequity in the distribution of unemployment taxes. Therefore, it is the intent of the legislature to establish a joint legislative task force on seasonal unemployment benefits to review the impact of routine or seasonal benefits to the unemployment insurance system and implications to employers in seasonal industries.

(2)(a) The joint legislative task force on unemployment insurance seasonal unemployment benefits is established. The joint legislative task force shall consist of the following members:

(i) Two members of the senate, appointed by the president of the senate, one of whom shall be a member of the majority caucus and one of whom shall be a member of the minority caucus;

(ii) Two members of the house of representatives, appointed by the speaker of the house of representatives, one of whom shall be a member of the majority caucus and one of whom shall be a member of the minority caucus;

(iii) Four members representing business, selected from nominations submitted by statewide business organizations representing a cross-section of industries and appointed jointly by the president of the senate and the speaker of the house of representatives; and

(iv) Four members representing labor, selected from nominations submitted by statewide labor organizations representing a cross-section of industries and appointed jointly by the president of the senate and the speaker of the house of representatives.

(b) In addition, the employment security department shall cooperate with the task force and maintain a liaison representative, who shall be a nonvoting member. The department shall cooperate with the task force and provide information as the task force may reasonably request.

(3) The task force shall review the unemployment insurance benefit and tax structure to:

(a) Determine the impacts of claimants whose use of the unemployment system is considered routine or chronic;

(b) Analyze the effect of providing full-time benefits to routine or chronic unemployment insurance claimants on employer experience rates and the resulting tax implications; and

(c) Make recommendations to the legislature regarding alternative methods to address the impact of chronic and routine claimants on the unemployment insurance system and the employers who employ them.

(4)(a) The task force shall use legislative facilities, and staff support shall be provided by senate committee services and the house of representatives office of program research. The task force may hire additional staff with specific technical expertise if such expertise is necessary to carry out the mandates of this study.

(b) Legislative members of the task force shall be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members, except those representing an employer or organization, are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(c) The expenses of the task force shall be paid jointly by the senate and the house of representatives.

(5) The task force shall report its findings and recommendations to the legislature by January 1, 2006.

(6) This section expires July 1, 2006.

NEW SECTION. Sec. 7. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment tax credits, the conflicting part of this act is inoperative solely to the extent of the conflict, and the finding or determination does not affect the operation of the remainder of this act. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state.

NEW SECTION. Sec. 8. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Senator Kohl-Welles moved that the following striking amendment by Senators Kohl-Welles and Doumit be adopted:
Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the unemployment insurance system was created to set aside unemployment reserves to be used for the benefit of persons who are unemployed through no fault of their own and to maintain purchasing power and limit the social consequences of unemployment. The legislature further finds that the system is falling short of these goals by failing to recognize the importance of applying liberal construction for the purpose of reducing involuntary unemployment, and the suffering caused by it, to the minimum, and by failing to provide equitable benefits to unemployed workers. The legislature also recognizes the desirability of managing the system to take into account the goal of reducing costs to foster a competitive business climate. The legislature intends to adjust the balance between these goals by reinstating the requirement for liberal construction and making other adjustments in the system that will allow reasonable improvements in benefit equity, including reinstating a weekly benefit calculation based on the wages in the two quarters of the claimant's base year in which wages were the highest. The legislature finds that these adjustments are critical to the health and welfare of unemployed workers, and to the purchasing power essential to the economic health and welfare of communities and the state, and should be implemented as soon as feasible.

Sec. 2. RCW 50.01.010 and 2003 2nd sp.s. c 4 s 1 are each amended to read as follows:

Whereas, economic insecurity due to unemployment is a serious menace to the health, morals and welfare of the people of this state; involuntary unemployment is, therefore, a subject of general interest and concern which requires appropriate action by the legislature to prevent its spread and to lighten its burden which now so often falls with crushing force upon the unemployed worker and his family. Social security requires protection against this greatest hazard of our economic life. This can be provided only by application of the insurance principle of sharing the risks, and by the systematic accumulation of funds during periods of employment to provide benefits for periods of unemployment, thus maintaining purchasing powers and limiting the serious social consequences of relief assistance. The state of Washington, therefore, exercising herein its police and sovereign power endeavors by this title to remedy any widespread unemployment situation which may occur and to set up safeguards to prevent its recurrence in the years to come. The legislature, therefore, declares that in its considered judgment the public good, and the general welfare of the citizens of this state require the enactment of this measure, under the police powers of the state, for the compulsory setting aside of unemployment reserves to be used for the benefit of persons unemployed through no fault of their own, and that this title shall be liberally construed for the purpose of reducing involuntary unemployment and the suffering caused thereby to the minimum.

Sec. 3. RCW 50.20.120 and 2003 2nd sp.s. c 4 s 11 are each amended to read as follows:

(1)(a) Subject to the other provisions of this title, benefits shall be payable to any eligible individual during the individual's benefit year in a maximum amount equal to the lesser of thirty times the weekly benefit amount, as determined in subsection (2) of this section, or one-third of the individual's base year wages under this title: PROVIDED, That as to any week which falls in an extended benefit period as defined in RCW 50.22.010(1), an individual's eligibility for maximum benefits in excess of twenty-six times his or her weekly benefit amount will be subject to the terms and conditions set forth in RCW 50.22.020.

(b) With respect to claims that have an effective date on or after the first Sunday of the calendar month immediately following the month in which the commissioner finds that the state unemployment rate is six and eight-tenths percent or less, benefits shall be payable to any eligible individual during the individual's benefit year in a maximum amount equal to the lesser of twenty-six times the weekly benefit amount, as determined in subsection (2) of this section, or one-third of the individual's base year wages under this title.

(2)(a) For claims with an effective date before January 4, 2004, an individual's weekly benefit amount shall be an amount equal to one twenty-fifth of the average quarterly wages of the individual's total wages during the two quarters of the individual's base year in which such total wages were highest.

(b) With respect to claims with an effective date on or after January 4, 2004, and before January 2, 2005, an individual's weekly benefit amount shall be an amount equal to one twenty-fifth of the average quarterly wages of the individual's total wages during the three quarters of the individual's base year in which such total wages were highest.

(c)(i) With respect to claims with an effective date on or after January 2, 2005, except as provided in (c)(ii) of this subsection, an individual's weekly benefit amount shall be an amount equal to one percent of the total wages paid in the individual's base year.

(ii) With respect to claims with an effective date on or after the first Sunday following the day on which the governor signs this act, and before July 1, 2007, an individual's weekly benefit amount shall be an amount equal to three and eighty-five

one-hundredths percent of the average quarterly wages of the individual's total wages during the two quarters of the individual's base year in which such total wages were highest.

(3) The maximum and minimum amounts payable weekly shall be determined as of each June 30th to apply to benefit years beginning in the twelve-month period immediately following such June 30th.

(a)(i) With respect to claims that have an effective date before January 4, 2004, the maximum amount payable weekly shall be seventy percent of the "average weekly wage" for the calendar year preceding such June 30th.

(ii) With respect to claims that have an effective date on or after January 4, 2004, the maximum amount payable weekly shall be either four hundred ninety-six dollars or sixty-three percent of the "average weekly wage" for the calendar year preceding such June 30th, whichever is greater.

(b) The minimum amount payable weekly shall be fifteen percent of the "average weekly wage" for the calendar year preceding such June 30th.

(4) If any weekly benefit, maximum benefit, or minimum benefit amount computed herein is not a multiple of one dollar, it shall be reduced to the next lower multiple of one dollar.

Sec. 4. RCW 50.29.021 and 2003 2nd sp.s. c 4 s 21 are each amended to read as follows:

(1) This section applies to benefits charged to the experience rating accounts of employers for claims that have an effective date on or after January 4, 2004.

(2)(a) An experience rating account shall be established and maintained for each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, based on existing records of the employment security department.

(b) Benefits paid to an eligible individual shall be charged to the experience rating accounts of each of such individual's employers during the individual's base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year, except as otherwise provided in this section.

(c) When the eligible individual's separating employer is a covered contribution paying base year employer, benefits paid to the eligible individual shall be charged to the experience rating account of only the individual's separating employer if the individual qualifies for benefits under:

(i) RCW 50.20.050(2)(b)(i), as applicable, and became unemployed after having worked and earned wages in the bona fide work; or

(ii) RCW 50.20.050(2)(b)(v) through (x).

(3) The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows:

(a) Benefits paid to any individual later determined to be ineligible shall not be charged to the experience rating account of any contribution paying employer.

(b) Benefits paid to an individual filing under the provisions of chapter 50.06 RCW shall not be charged to the experience rating account of any contribution paying employer only if:

(i) The individual files under RCW 50.06.020(1) after receiving crime victims' compensation for a disability resulting from a nonwork-related occurrence; or

(ii) The individual files under RCW 50.06.020(2).

(c) Benefits paid which represent the state's share of benefits payable as extended benefits defined under RCW 50.22.010(6) shall not be charged to the experience rating account of any contribution paying employer.

(d) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place.

(e) Individuals who qualify for benefits under RCW 50.20.050(2)(b)(iv), as applicable, shall not have their benefits charged to the experience rating account of any contribution paying employer.

(f) With respect to claims with an effective date on or after the first Sunday following the day on which the governor signs this act, and before July 1, 2007, benefits paid that exceed the benefits that would have been paid if the weekly benefit amount for the claim had been determined as one percent of the total wages paid in the individual's base year shall not be charged to the experience rating account of any contribution paying employer.

(4)(a) A contribution paying base year employer, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:

(i) Last left the employ of such employer voluntarily for reasons not attributable to the employer;
(ii) Was discharged for misconduct or gross misconduct connected with his or her work not a result of inability to meet the minimum job requirements;

(iii) Is unemployed as a result of closure or severe curtailment of operation at the employer's plant, building, worksite, or other facility. This closure must be for reasons directly attributable to a catastrophic occurrence such as fire, flood, or other natural disaster; or

(iv) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who at some time during the base year was concurrently employed and subsequently separated from at least one other base year employer. Benefit charge relief ceases when the employment relationship between the employer requesting relief and the claimant is terminated. This subsection does not apply to shared work employers under chapter 50.60 RCW.

(b) The employer requesting relief of charges under this subsection must request relief in writing within thirty days following mailing to the last known address of the notification of the valid initial determination of such claim, stating the date and reason for the separation or the circumstances of continued employment. The commissioner, upon investigation of the request, shall determine whether relief should be granted.

Sec. 5. RCW 50.29.025 and 2003 2nd sp.s. c 4 s 14 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the contribution rate for each employer subject to contributions under RCW 50.24.010 shall be determined under this subsection.

(a) A fund balance ratio shall be determined by dividing the balance in the unemployment compensation fund as of the September 30th immediately preceding the rate year by the total remuneration paid by all employers subject to contributions during the second calendar year preceding the rate year and reported to the department by the following March 31st. The division shall be carried to the fourth decimal place with the remaining fraction, if any, disregarded. The fund balance ratio shall be expressed as a percentage.

(b) The interval of the fund balance ratio, expressed as a percentage, shall determine which tax schedule in (e) of this subsection shall be in effect for assigning tax rates for the rate year. The intervals for determining the effective tax schedule shall be:

Interval of the Fund Balance Ratio Expressed as a Percentage	Effective Tax Schedule
2.90 and above	AA
2.10 to 2.89	A
1.70 to 2.09	B
1.40 to 1.69	C
1.00 to 1.39	D
0.70 to 0.99	E
Less than 0.70	F

(c) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer: (i) Identification number; (ii) benefit ratio; (iii) taxable payrolls for the four calendar quarters immediately preceding the computation date and reported to the department by the cut-off date; (iv) a cumulative total of taxable payrolls consisting of the employer's taxable payroll plus the taxable payrolls of all other employers preceding him or her in the array; and (v) the percentage equivalent of the cumulative total of taxable payrolls.

(d) Each employer in the array shall be assigned to one of twenty rate classes according to the percentage intervals of cumulative taxable payrolls set forth in (e) of this subsection: PROVIDED, That if an employer's taxable payroll falls within two or more rate classes, the employer and any other employer with the same benefit ratio shall be assigned to the lowest rate class which includes any portion of the employer's taxable payroll.

(e) Except as provided in RCW 50.29.026, the contribution rate for each employer in the array shall be the rate specified in the following tables for the rate class to which he or she has been assigned, as determined under (d) of this subsection, within the tax schedule which is to be in effect during the rate year:

(f) The contribution rate for each employer not qualified to be in the array shall be as follows:

(i) Employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due shall be assigned a contribution rate two-tenths higher than that in rate class 20 for the applicable rate year, except employers who have an approved agency-deferred payment contract by September 30 of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the employer's tax rate shall immediately revert to a contribution rate two-tenths higher than that in rate class 20 for the applicable rate year; and

(ii) For all other employers not qualified to be in the array, the contribution rate shall be a rate equal to the average industry rate as determined by the commissioner; however, the rate may not be less than one percent.

(2) Beginning with contributions assessed for rate year 2005, the contribution rate for each employer subject to contributions under RCW 50.24.010 shall be the sum of the array calculation factor rate and the graduated social cost factor rate determined under this subsection, and the solvency surcharge determined under RCW 50.29.041, if any.

(a) The array calculation factor rate shall be determined as follows:

(i) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer: (A) Identification number; (B) benefit ratio; and (C) taxable payrolls for the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(ii) Each employer in the array shall be assigned to one of forty rate classes according to his or her benefit ratio as follows, and, except as provided in RCW 50.29.026, the array calculation factor rate for each employer in the array shall be the rate specified in the rate class to which the employer has been assigned:

(b) The graduated social cost factor rate shall be determined as follows:

(i)(A) Except as provided in (b)(i)(B) ~~((and))~~, (C), and (D) of this subsection, the commissioner shall calculate the flat social cost factor for a rate year by dividing the total social cost by the total taxable payroll. The division shall be carried to the

second decimal place with the remaining fraction disregarded unless it amounts to five hundredths or more, in which case the second decimal place shall be rounded to the next higher digit. The flat social cost factor shall be expressed as a percentage.

(B) If, on the cut-off date, the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide more than ten months of unemployment benefits, the commissioner shall calculate the flat social cost factor for the rate year immediately following the cut-off date by reducing the total social cost by the dollar amount that represents the number of months for which the balance in the unemployment compensation fund on the cut-off date will provide benefits above ten months and dividing the result by the total taxable payroll. However, the calculation under this subsection (2)(b)(i)(B) for a rate year may not result in a flat social cost factor that is more than two-tenths lower than the calculation under (b)(i)(A) of this subsection for that rate year. For the purposes of this subsection, the commissioner shall determine the number of months of unemployment benefits in the unemployment compensation fund using the benefit cost rate for the average of the three highest calendar benefit cost rates in the twenty consecutive completed calendar years immediately preceding the cut-off date or a period of consecutive calendar years immediately preceding the cut-off date that includes three recessions, if longer.

(C) The minimum flat social cost factor calculated under this subsection (2)(b) shall be six-tenths of one percent.

(D) With respect to rate year 2007, the flat social cost factor shall be the lesser of:

(I) The flat social cost factor determined under (b)(i)(A) through (C) of this subsection; or

(II) The flat social cost factor that would be determined under (b)(i)(A) through (C) of this subsection if RCW 50.20.120(2)(c)(i) had been in effect during the immediately preceding rate year.

(ii)(A) Except as provided in (b)(ii)(B) of this subsection, the graduated social cost factor rate for each employer in the array is the flat social cost factor multiplied by the percentage specified as follows for the rate class to which the employer has been assigned in (a)(ii) of this subsection, except that the sum of an employer's array calculation factor rate and the graduated social cost factor rate may not exceed six and five-tenths percent or, for employers whose ((standard industrial classification)) North American industry classification system code is within ((major group "01," "02," "07," "091," "203," "209," or "5148," or the equivalent code in the North American industry classification system code,)) "111," "112," "1141," "115," "3114," "3117," or "42448," may not exceed six percent:

((A)) (I) Rate class 1 - 78 percent;

((B)) (II) Rate class 2 - 82 percent;

((C)) (III) Rate class 3 - 86 percent;

((D)) (IV) Rate class 4 - 90 percent;

((E)) (V) Rate class 5 - 94 percent;

((F)) (VI) Rate class 6 - 98 percent;

((G)) (VII) Rate class 7 - 102 percent;

((H)) (VIII) Rate class 8 - 106 percent;

((I)) (IX) Rate class 9 - 110 percent;

((J)) (X) Rate class 10 - 114 percent;

((K)) (XI) Rate class 11 - 118 percent; and

((L)) (XII) Rate classes 12 through 40 - 120 percent.

(B) For contributions assessed beginning July 1, 2005, through June 30, 2007, for employers whose North American industry classification system code is "111," "112," "1141," "115," "3114," "3117," "42448," or "49312," the graduated social cost factor rate is zero.

(iii) For the purposes of this section:

(A) "Total social cost" means:

(I) Except as provided in (b)(iii)(A)(II) of this subsection, the amount calculated by subtracting the array calculation factor contributions paid by all employers with respect to the four consecutive calendar quarters immediately preceding the computation date and paid to the employment security department by the cut-off date from the total unemployment benefits paid to claimants in the same four consecutive calendar quarters. To calculate the flat social cost factor for rate year 2005, the commissioner shall calculate the total social cost using the array calculation factor contributions that would have been required to be paid by all employers in the calculation period if (a) of this subsection had been in effect for the relevant period.

(II) For rate year 2007, the amount calculated under (b)(iii)(A)(I) of this subsection reduced by the amount of benefits charged that exceed the contributions paid in the four consecutive calendar quarters immediately preceding the applicable computation date because, as applicable, specified employers are subject to the social cost contributions under (b)(ii)(B) of this subsection, and/or because the social cost factor contributions are paid under (b)(i)(D)(II) of this subsection.

(B) "Total taxable payroll" means the total amount of wages subject to tax, as determined under RCW 50.24.010, for all employers in the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(c) The array calculation factor rate for each employer not qualified to be in the array shall be as follows:

(i) Employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due shall be assigned an array calculation factor rate two-tenths higher than that in rate class 40, except employers who have an approved agency-deferred payment contract by September 30th of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the employer's tax rate shall immediately revert to an array calculation factor rate two-tenths higher than that in rate class 40; and

(ii) For all other employers not qualified to be in the array, the array calculation factor rate shall be a rate equal to the average industry array calculation factor rate as determined by the commissioner, plus fifteen percent of that amount; however, the rate may not be less than one percent or more than the array calculation factor rate in rate class 40.

(d) The graduated social cost factor rate for each employer not qualified to be in the array shall be as follows:

(i) For employers whose array calculation factor rate is determined under (c)(i) of this subsection, the social cost factor rate shall be the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(ii) For employers whose array calculation factor rate is determined under (c)(ii) of this subsection, the social cost factor rate shall be a rate equal to the average industry social cost factor rate as determined by the commissioner, plus fifteen percent of that amount, but not more than the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(3) Assignment of employers by the commissioner to industrial classification, for purposes of this section, shall be in accordance with established classification practices found in the "Standard Industrial Classification Manual" issued by the federal office of management and budget to the third digit provided in the standard industrial classification code, or in the North American industry classification system code.

Sec. 6. RCW 50.16.030 and 1999 c 36 s 1 are each amended to read as follows:

(1)(a) Except as provided in (b) and (c) of this subsection, moneys shall be requisitioned from this state's account in the unemployment trust fund solely for the payment of benefits and repayment of loans from the federal government to guarantee solvency of the unemployment compensation fund in accordance with regulations prescribed by the commissioner, except that money credited to this state's account pursuant to section 903 of the social security act, as amended, shall be used exclusively as provided in RCW 50.16.030(5). The commissioner shall from time to time requisition from the unemployment trust fund such amounts, not exceeding the amounts standing to its account therein, as he or she deems necessary for the payment of benefits for a reasonable future period. Upon receipt thereof the treasurer shall deposit such moneys in the benefit account and shall issue his or her warrants for the payment of benefits solely from such benefits account.

(b) Moneys for the payment of regular benefits as defined in RCW 50.22.010 shall be requisitioned during fiscal years 2006 and 2007 in the following order:

(i) First, from the moneys credited to this state's account in the unemployment trust fund pursuant to section 903 of the social security act, as amended in section 209 of the temporary extended unemployment compensation act of 2002 (42 U.S.C. Sec. 1103(d)), the amount equal to the amount of benefits charged that exceed the contributions paid in the four consecutive calendar quarters ending on June 30, 2006, for the fiscal year 2006 calculation, and ending on June 30, 2007, for the fiscal year 2007 calculation, because the social cost factor contributions that employers are subject to under RCW 50.29.025(2)(b)(ii)(B) are less than the social cost factor contributions that these employers would have been subject to if RCW 50.29.025(2)(b)(ii)(A) had applied to these employers; and

(ii) Second, after the requisitioning required under (b)(i) of this subsection in the respective fiscal year, from all other moneys credited to this state's account in the unemployment trust fund.

(c) After the requisitioning required under (b) of this subsection, if applicable, moneys for the payment of regular benefits as defined in RCW 50.22.010 shall be requisitioned during calendar year 2007 in the following order:

(i) First, from the moneys credited to this state's account in the unemployment trust fund pursuant to section 903 of the social security act, as amended in section 209 of the temporary extended unemployment compensation act of 2002 (42 U.S.C. Sec. 1103(d)), the amount equal to the amount of benefits paid under RCW 50.20.120(2)(c)(ii) beginning on the first Sunday following the day on which the governor signs this act and ending on June 30, 2007, that exceed the amount of benefits that would have been paid if the weekly benefit amount had been determined as one percent of the total wages paid in the individual's base year; and

(ii) Second, after the requisitioning required under (c)(i) of this subsection in the respective calendar year, from all other moneys credited to this state's account in the unemployment trust fund.

(2) Expenditures of such moneys in the benefit account and refunds from the clearing account shall not be subject to any provisions of law requiring specific appropriations or other formal release by state officers of money in their custody, and RCW 43.01.050, as amended, shall not apply. All warrants issued by the treasurer for the payment of benefits and refunds shall

bear the signature of the treasurer and the countersignature of the commissioner, or his or her duly authorized agent for that purpose.

(3) Any balance of moneys requisitioned from the unemployment trust fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which sums were requisitioned shall either be deducted from estimates for, and may be utilized for the payment of, benefits during succeeding periods, or in the discretion of the commissioner, shall be redeposited with the secretary of the treasury of the United States of America to the credit of this state's account in the unemployment trust fund.

(4) Money credited to the account of this state in the unemployment trust fund by the secretary of the treasury of the United States of America pursuant to section 903 of the social security act, as amended, may be requisitioned and used for the payment of expenses incurred for the administration of this title pursuant to a specific appropriation by the legislature, provided that the expenses are incurred and the money is requisitioned after the enactment of an appropriation law which:

(a) Specifies the purposes for which such money is appropriated and the amounts appropriated therefor;

(b) Limits the period within which such money may be obligated to a period ending not more than two years after the date of the enactment of the appropriation law; and

(c) Limits the amount which may be obligated during a twelve-month period beginning on July 1st and ending on the next June 30th to an amount which does not exceed the amount by which (i) the aggregate of the amounts credited to the account of this state pursuant to section 903 of the social security act, as amended, during the same twelve-month period and the thirty-four preceding twelve-month periods, exceeds (ii) the aggregate of the amounts obligated pursuant to RCW 50.16.030 (4), (5) and (6) and charged against the amounts credited to the account of this state during any of such thirty-five twelve-month periods. For the purposes of RCW 50.16.030 (4), (5) and (6), amounts obligated during any such twelve-month period shall be charged against equivalent amounts which were first credited and which are not already so charged; except that no amount obligated for administration during any such twelve-month period may be charged against any amount credited during such a twelve-month period earlier than the thirty-fourth twelve-month period preceding such period: PROVIDED, That any amount credited to this state's account under section 903 of the social security act, as amended, which has been appropriated for expenses of administration, whether or not withdrawn from the trust fund shall be excluded from the unemployment compensation fund balance for the purpose of experience rating credit determination.

(5) Money credited to the account of this state pursuant to section 903 of the social security act, as amended, may not be withdrawn or used except for the payment of benefits and for the payment of expenses of administration and of public employment offices pursuant to RCW 50.16.030 (4), (5) and (6). However, moneys credited because of excess amounts in federal accounts in federal fiscal years 1999, 2000, and 2001 shall be used solely for the administration of the unemployment compensation program and are not subject to appropriation by the legislature for any other purpose.

(6) Money requisitioned as provided in RCW 50.16.030 (4), (5) and (6) for the payment of expenses of administration shall be deposited in the unemployment compensation fund, but until expended, shall remain a part of the unemployment compensation fund. The commissioner shall maintain a separate record of the deposit, obligation, expenditure and return of funds so deposited. Any money so deposited which either will not be obligated within the period specified by the appropriation law or remains unobligated at the end of the period, and any money which has been obligated within the period but will not be expended, shall be returned promptly to the account of this state in the unemployment trust fund.

NEW SECTION. Sec. 12. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Excused: Senator Oke - 1

POINT OF ORDER

Senator Honeyford: "It appears the consideration of Engrossed House Bill No. 2255 is not proper at this point. According to Senate Concurrent Resolution No. 8400, Wednesday, March 26 was the final date to consider bills in the house of origin. This bill did not pass its house of origin until April 1. In addition, the final day for House bills in the Senate committee was April 1

and this bill did not move out of the Senate Labor, Commerce, Research & Development Committee until April 6. While there is an exception to the cut off resolution for bills necessary to implement the budget, that provision can not apply to Engrossed House Bill No. 2255. The bill's not referenced in the budget that passed the Senate nor does it provide any necessary revenue relied upon in that budget. While there is an appropriation in the House version of the budget, the appropriation does not appear to lapse if the bill is not passed. I would argue that the bill is not necessary to implement the House version of the budget. I therefore submit to you Mr. President that consideration of Engrossed House Bill No. 2255 is not proper and ask you to so rule."

Senator Brown spoke against the point of order.

MOTION

On motion of Senator Eide, further consideration of Engrossed House Bill No. 2255 was deferred and the bill held its place on the second reading calendar.

Revising provisions concerning possession of firearms by persons found not guilty by reason of insanity.

The measure was read the second time.

MOTION

Senator Kline moved that the following committee striking amendment by the Committee on Judiciary be adopted.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 9.41.040 and 2003 c 53 s 26 are each amended to read as follows:

(1)(a) A person, whether an adult or juvenile, is guilty of the crime of unlawful possession of a firearm in the first degree, if the person owns, has in his or her possession, or has in his or her control any firearm after having previously been convicted or found not guilty by reason of insanity in this state or elsewhere of any serious offense as defined in this chapter.

(b) Unlawful possession of a firearm in the first degree is a class B felony punishable according to chapter 9A.20 RCW.

(2)(a) A person, whether an adult or juvenile, is guilty of the crime of unlawful possession of a firearm in the second degree, if the person does not qualify under subsection (1) of this section for the crime of unlawful possession of a firearm in the first degree and the person owns, has in his or her possession, or has in his or her control any firearm:

(i) After having previously been convicted or found not guilty by reason of insanity in this state or elsewhere of any felony not specifically listed as prohibiting firearm possession under subsection (1) of this section, or any of the following crimes when committed by one family or household member against another, committed on or after July 1, 1993: Assault in the fourth degree, coercion, stalking, reckless endangerment, criminal trespass in the first degree, or violation of the provisions of a protection order or no-contact order restraining the person or excluding the person from a residence (RCW 26.50.060, 26.50.070, 26.50.130, or 10.99.040);

(ii) After having previously been involuntarily committed for mental health treatment under RCW 71.05.320, 71.34.090, chapter 10.77 RCW, or equivalent statutes of another jurisdiction, unless his or her right to possess a firearm has been restored as provided in RCW 9.41.047;

(iii) If the person is under eighteen years of age, except as provided in RCW 9.41.042; and/or

(iv) If the person is free on bond or personal recognizance pending trial, appeal, or sentencing for a serious offense as defined in RCW 9.41.010.

(b) Unlawful possession of a firearm in the second degree is a class C felony punishable according to chapter 9A.20 RCW.

(3) Notwithstanding RCW 9.41.047 or any other provisions of law, as used in this chapter, a person has been "convicted", whether in an adult court or adjudicated in a juvenile court, at such time as a plea of guilty has been accepted, or a verdict of guilty has been filed, notwithstanding the pendency of any future proceedings including but not limited to sentencing or disposition, post-trial or post-factfinding motions, and appeals. Conviction includes a dismissal entered after a period of probation, suspension or deferral of sentence, and also includes equivalent dispositions by courts in jurisdictions other than Washington state. A person shall not be precluded from possession of a firearm if the conviction has been the subject of a pardon, annulment, certificate of rehabilitation, or other equivalent procedure based on a finding of the rehabilitation of the person convicted or the conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure based on a finding of innocence. Where no record of the court's disposition of the charges can be found, there shall be a rebuttable presumption that the person was not convicted of the charge.

(4) Notwithstanding subsection (1) or (2) of this section, a person convicted or found not guilty by reason of insanity of an offense prohibiting the possession of a firearm under this section other than murder, manslaughter, robbery, rape, indecent liberties, arson, assault, kidnapping, extortion, burglary, or violations with respect to controlled substances under RCW 69.50.401 and 69.50.410, who received a probationary sentence under RCW 9.95.200, and who received a dismissal of the charge under RCW 9.95.240, shall not be precluded from possession of a firearm as a result of the conviction or finding of not guilty by reason of insanity. Notwithstanding any other provisions of this section, if a person is prohibited from possession of a firearm under subsection (1) or (2) of this section and has not previously been convicted or found not guilty by reason of insanity of a sex offense prohibiting firearm ownership under subsection (1) or (2) of this section and/or any felony defined under any law as a class A felony or with a maximum sentence of at least twenty years, or both, the individual may petition a court of record to have his or her right to possess a firearm restored:

(a) Under RCW 9.41.047; and/or

(b)(i) If the conviction or finding of not guilty by reason of insanity was for a felony offense, after five or more consecutive years in the community without being convicted or found not guilty by reason of insanity or currently charged with any felony, gross misdemeanor, or misdemeanor crimes, if the individual has no prior felony convictions that prohibit the possession of a firearm counted as part of the offender score under RCW 9.94A.525; or

(ii) If the conviction or finding of not guilty by reason of insanity was for a nonfelony offense, after three or more consecutive years in the community without being convicted or found not guilty by reason of insanity or currently charged with any felony, gross misdemeanor, or misdemeanor crimes, if the individual has no prior felony convictions that prohibit the possession of a firearm counted as part of the offender score under RCW 9.94A.525 and the individual has completed all conditions of the sentence.

(5) In addition to any other penalty provided for by law, if a person under the age of eighteen years is found by a court to have possessed a firearm in a vehicle in violation of subsection (1) or (2) of this section or to have committed an offense while armed with a firearm during which offense a motor vehicle served an integral function, the court shall notify the department of licensing within twenty-four hours and the person's privilege to drive shall be revoked under RCW 46.20.265.

(6) Nothing in chapter 129, Laws of 1995 shall ever be construed or interpreted as preventing an offender from being charged and subsequently convicted for the separate felony crimes of theft of a firearm or possession of a stolen firearm, or both, in addition to being charged and subsequently convicted under this section for unlawful possession of a firearm in the first or second degree. Notwithstanding any other law, if the offender is convicted under this section for unlawful possession of a firearm in the first or second degree and for the felony crimes of theft of a firearm or possession of a stolen firearm, or both, then the offender shall serve consecutive sentences for each of the felony crimes of conviction listed in this subsection.

(7) Each firearm unlawfully possessed under this section shall be a separate offense.

Sec. 2. RCW 9.41.047 and 1996 c 295 s 3 are each amended to read as follows:

(1) At the time a person is convicted or found not guilty by reason of insanity of an offense making the person ineligible to possess a firearm, or at the time a person is committed by court order under RCW 71.05.320, 71.34.090, or chapter

10.77 RCW for mental health treatment, the convicting or committing court shall notify the person, orally and in writing, that the person must immediately surrender any concealed pistol license and that the person may not possess a firearm unless his or her right to do so is restored by a court of record. For purposes of this section a convicting court includes a court in which a person has been found not guilty by reason of insanity.

The convicting or committing court also shall forward a copy of the person's driver's license or identicard, or comparable information, to the department of licensing, along with the date of conviction or commitment.

(2) Upon receipt of the information provided for by subsection (1) of this section, the department of licensing shall determine if the convicted or committed person has a concealed pistol license. If the person does have a concealed pistol license, the department of licensing shall immediately notify the license-issuing authority which, upon receipt of such notification, shall immediately revoke the license.

(3)(a) A person who is prohibited from possessing a firearm, by reason of having been involuntarily committed for mental health treatment under RCW 71.05.320, 71.34.090, chapter 10.77 RCW, or equivalent statutes of another jurisdiction may, upon discharge, petition a court of record to have his or her right to possess a firearm restored. At the time of commitment, the court shall specifically state to the person that he or she is barred from possession of firearms.

(b) The secretary of social and health services shall develop appropriate rules to create an approval process under this subsection. The rules must provide for the restoration of the right to possess a firearm upon a showing in a court of competent jurisdiction that the person is no longer required to participate in an inpatient or outpatient treatment program, is no longer required to take medication to treat any condition related to the commitment, and does not present a substantial danger to himself or herself, others, or the public. Unlawful possession of a firearm under this subsection shall be punished as a class C felony under chapter 9A.20 RCW.

(c) A person petitioning the court under this subsection (3) shall bear the burden of proving by a preponderance of the evidence that the circumstances resulting in the commitment no longer exist and are not reasonably likely to recur. If a preponderance of the evidence in the record supports a finding that the person petitioning the court has engaged in violence and that it is more likely than not that the person will engage in violence after his or her right to possess a firearm is restored, the person shall bear the burden of proving by clear, cogent, and convincing evidence that he or she does not present a substantial danger to the safety of others.

(4) No person who has been found not guilty by reason of insanity may petition a court for restoration of the right to possess a firearm unless the person meets the requirements for the restoration of the right to possess a firearm under RCW 9.41.040(4).

Sec. 3. RCW 9.41.060 and 1998 c 253 s 2 are each amended to read as follows:

The provisions of RCW 9.41.050 shall not apply to:

(1) Marshals, sheriffs, prison or jail wardens or their deputies, or other law enforcement officers of this state or another state;

(2) Members of the armed forces of the United States or of the national guard or organized reserves, when on duty;

(3) Officers or employees of the United States duly authorized to carry a concealed pistol;

(4) Any person engaged in the business of manufacturing, repairing, or dealing in firearms, or the agent or representative of the person, if possessing, using, or carrying a pistol in the usual or ordinary course of the business;

(5) Regularly enrolled members of any organization duly authorized to purchase or receive pistols from the United States or from this state;

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 28A.235.160 and 2004 c 54 s 2 are each amended to read as follows:

(1) For the purposes of this section:

(a) "Free or reduced-price lunch" means a lunch served by a school district participating in the national school lunch program to a student qualifying for national school lunch program benefits based on family size-income criteria.

(b) "School lunch program" means a meal program meeting the requirements defined by the superintendent of public instruction under subsection ~~((4))~~ (2)(b) of this section.

(c) "School breakfast program" means a program meeting federal requirements defined in 42 U.S.C. Sec. 1773.

(d) "Severe-need school" means a school that qualifies for a severe-need school reimbursement rate from federal funds for school breakfasts served to children from low-income families.

(e) "Summer food service program" means a meal or snack program meeting the requirements defined by the superintendent of public instruction under subsection ~~((5))~~ (4) of this section.

(2) School districts shall implement a school lunch program in each public school in the district in which educational services are provided to children in any of the grades kindergarten through four and in which twenty-five percent or more of the enrolled students qualify for a free or reduced-price lunch. In developing and implementing its school lunch program, each school district may consult with an advisory committee including school staff, community members, and others appointed by the board of directors of the district.

~~((3))~~ (a) Applications to determine free or reduced-price lunch eligibility shall be distributed and collected for all households of children in schools containing any of the grades kindergarten through four and in which there are no United States department of agriculture child nutrition programs. The applications that are collected must be reviewed to determine eligibility for free or reduced-price lunches. Nothing in this section shall be construed to require completion or submission of the application by a parent or guardian.

~~((4))~~ (b) Using the most current available school data on free and reduced-price lunch eligibility, the superintendent of public instruction shall adopt a schedule for implementation of school lunch programs at each school required to offer such a program under subsection (2) of this section as follows:

~~((a))~~ (i) Schools not offering a school lunch program and in which twenty-five percent or more of the enrolled students are eligible for free or reduced-price lunch shall implement a school lunch program not later than the second day of school in the 2005-06 school year and in each school year thereafter.

~~((b))~~ (ii) The superintendent shall establish minimum standards defining the lunch meals to be served, and such standards must be sufficient to qualify the meals for any available federal reimbursement.

~~((c))~~ (iii) Nothing in this section shall be interpreted to prevent a school from implementing a school lunch program earlier than the school is required to do so.

~~((5))~~ (3) To extent funds are appropriated for this purpose, each school district shall implement a school breakfast program in each school where more than forty percent of students eligible to participate in the school lunch program qualify for free or reduced-price meal reimbursement by the school year 2005-06. For the second year before the implementation of the district's school breakfast program, and for each subsequent school year, each school district shall submit data enabling the superintendent of public instruction to determine which schools within the district will qualify for this requirement. Schools where lunch programs start after the 2003-04 school year, where forty percent of students qualify for free or reduced-price meals, must begin school breakfast programs the second year following the start of a lunch program.

(4) Each school district shall implement a summer food service program in each public school in the district in which a summer program of academic, enrichment, or remedial services is provided and in which fifty percent or more of the children enrolled in the school qualify for free or reduced-price lunch. However, the superintendent of public instruction shall develop rules establishing criteria to permit an exemption for a school that can demonstrate availability of an adequate alternative summer feeding program. Sites providing meals should be open to all children in the area, unless a compelling case can be made to limit access to the program. The superintendent of public instruction shall adopt a definition of compelling case and a schedule for implementation as follows:

(a) Beginning the summer of 2005 if the school currently offers a school breakfast or lunch program; or

(b) Beginning the summer following the school year during which a school implements a school lunch program under subsection ~~((4))~~ (2)(b) of this section.

~~((6))~~ (5) Schools not offering a breakfast or lunch program may meet the meal service requirements of subsections (2)(b) and (4) ~~(and (5))~~ of this section through any of the following:

(a) Preparing the meals on-site;

(b) Receiving the meals from another school that participates in a United States department of agriculture child nutrition program; or

(c) Contracting with a nonschool entity that is a licensed food service establishment under RCW 69.07.010.

~~((7))~~ (6) Requirements that school districts have a school lunch, breakfast, or summer nutrition program under this section shall not create or imply any state funding obligation for these costs. The legislature does not intend to include these programs within the state's obligation for basic education funding under Article IX of the state Constitution.

~~((8))~~ (7) The requirements in this section shall lapse if the federal reimbursement for any school breakfasts, lunches, or summer food service programs is eliminated.

~~((9))~~ (8) School districts may be exempted from the requirements of this section by showing good cause why they cannot comply with the office of the superintendent of public instruction to the extent that such exemption is not in conflict with federal or state law. The process and criteria by which school districts are exempted shall be developed by the office of the superintendent of public instruction in consultation with representatives of school directors, school food service, community-based organizations and the Washington state PTA.

Sec. 2. 2004 c 54 s 1 (uncodified) is amended to read as follows:

The legislature recognizes that hunger and food insecurity are serious problems in the state. Since the United States department of agriculture began to collect data on hunger and food insecurity in 1995, Washington has been ranked each year within the top ~~((five))~~ ten states with the highest levels of hunger. A significant number of these households classified as hungry are families with children.

The legislature recognizes the correlation between adequate nutrition and a child's development and school performance. This problem can be greatly diminished through improved access to federal nutrition programs.

The legislature also recognizes that improved access to federal nutrition and assistance programs, such as the federal food stamp program and child nutrition programs, can be a critical factor in enabling recipients to gain the ability to support themselves and their families. This is an important step towards self-sufficiency and decreased long-term reliance on governmental assistance and will serve to strengthen families in this state."

POINT OF INQUIRY

Senator Brandland: "Would Senator McAuliffe yield to a question? I'm looking at the bill report. I haven't had to chance to look at the bill itself but, basically, on page 2, it says that breakfast and some nutrition programs do not become a state funding obligation and is not included in basic education. Is that still a part of this bill? Am I reading this correctly? This is not a ..., we do not have a funding obligation at the state level?"

Senator McAuliffe: "That is right. This bill does not make school breakfast a basic education program."

Senator Brandland: "I have another question, and that is that I'm wondering, and I don't mean to put you on the spot here, but I'm looking at the bottom of page 112 and it says that if the school districts can show 'good cause.' Have we thought about that? Has 'good cause' been defined anywhere else in the statute? That is a pretty vague term – and I don't mean to put you on the spot. I'm not trying to do that, but...."

REMARKS BY THE PRESIDENT PRO TEMPORE

Senator Franklin: "Senator Weinstein might be able to answer that question. Senator Weinstein."

Senator Weinstein: "Thank you Madam President. In answer to Senator Brandland's question, yes. Providing for certification of teachers of the deaf and hard of hearing. Revised for 1st Substitute: Providing for a certification endorsement for teachers of the deaf and hard of hearing.

The measure was read the second time.

MOTION

Senator Pridemore moved that the following committee striking amendment by the Committee on Early Learning, K-12 & Higher Education be adopted.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the quality of education for children who are deaf or hard of hearing and the expectations for those children's achievement should be equivalent to those for children throughout the state. The legislature also finds that deaf and hard of hearing children can benefit greatly if they are taught by an educator who is trained to understand the learning and communication issues the children face. Educators who received teacher training in a program for the deaf and hard of hearing are sensitive to the needs of deaf and hard of hearing students and are able to provide appropriate strategies to assist students in reacting to and interacting with their environment. The legislature intends to assist school districts in their efforts to attract teachers who are especially trained to work with deaf and hard of hearing students by directing the state board of education to establish a certification endorsement for teachers of the deaf and hard of hearing.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.410 RCW to read as follows:

The state board of education, with advice from the professional educator standards board, shall develop certification endorsement requirements for teachers of deaf and hard of hearing students. The endorsement shall be focused on the specific skills and knowledge necessary to serve the education and communication needs of deaf and hard of hearing students. In establishing rules for the endorsement of teachers who will be working almost exclusively with students who are deaf or hard of hearing, the state board of education shall consider applicants to have met state endorsement requirements if they possess a baccalaureate or master's degree in deaf education from a teacher training program approved by the council on education of the deaf.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.410 RCW to read as follows:

The definitions in this section apply throughout sections 4 and 5 of this act unless the context clearly requires otherwise.

(1) "Educational interpreters" means school district employees providing sign language translation and further explanation of concepts introduced by the teacher for students who are deaf, deaf-blind, or hard of hearing.

(2) "Educational interpreter written and performance assessment" means a national performance assessment offered by a national organization of professional sign language interpreters and transliterators, that is designed to evaluate more than one sign system or language.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.410 RCW to read as follows:

(1) By 2009, educational interpreters must have completed the educational interpreter written and performance assessments, and must achieve the standard on both, established by the office of the superintendent of public instruction. For those interpreters not achieving the established standard, the interpreter must continue training until he or she is able to pass the assessments.

(2) By 2012, all educational interpreters must pass the written assessment, meet the standard on the educational interpreter performance assessment, and become nationally certified by the national association of the deaf registry of interpreters for the deaf.

NEW SECTION. Sec. 5. A new section is added to chapter 28A.410 RCW to read as follows:

(1) The state board of education, with advice from the professional educator standards board, shall develop educational staff associate certification requirements for educational interpreters of deaf and hard of hearing students. The certification shall focus on the specific skills and knowledge necessary to serve the educational and communication needs of deaf and hard of hearing students.

(2) In establishing rules of the educational staff associate certification for educational interpreters who will be working almost exclusively with students who are deaf or hard of hearing, the state board of education shall consider applicants to have met state endorsement requirements if they:

(a) Hold national certification and pass the educational interpreter performance assessment and written test at the standard established by the office of superintendent of public instruction; and

(b) Hold a bachelor's degree in education or educational interpreting from a regionally accredited institution of higher education; or a bachelor's degree in another field of study unrelated to education, from a regionally accredited institution of higher education and thirty hours of course work in education.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Honeyford that Engrossed House Bill 2255 is not properly before the body because it is beyond the cutoff dates established by Senate Concurrent Resolution 8400, the President finds and rules as follows:

The plain language of the cutoff resolution clearly exempts budget-related measures from all of the cutoff dates set forth in the resolution. To determine if the measure before us relates to the budget, the President begins by looking at the plain language of the budgets under consideration by the Legislature to date. Where a measure has passed the Senate, the President will consider that version first and foremost as the budget to be utilized for this determination. The President will take notice, however, of evolving budget negotiations within the Legislature as that budget is modified in the process, and can look beyond the exact version passed by this body where such an examination yields a more complete picture of the budget at issue.

Engrossed Substitute Senate Bill 6090, the budget passed by the Senate, contains a vague reference to House Bill 2255 in subsection (4) of Section 225. By itself, this reference is insufficient for the President to conclude that the measure is necessary for the budget. The President reminds the body that merely referencing a bill within the budget is not enough.

By contrast, the House version of the budget, proposed as a striking amendment to the Senate's budget, contains a more precise reference to the measure which enables the President to undertake a more complete analysis. Under this version, it is clear that specific appropriations are made to implement the mechanics and policies within House Bill 2255. The appropriations require that this measure be enacted in order to implement the policy limitations which are to govern this expenditure, including administration, reporting, and implementation of a major component of a program within the Employment Security Department.

For these reasons, the President finds that the bill is necessary to implement the budget, is exempt from cutoff, and is properly before this body for consideration."

The Senate resumed consideration of Engrossed House Bill No. 2255 which had been deferred earlier in the day.

MOTION

There being no objection, the following title amendment was adopted:

On page 1, line 2 of the title, after "system;" strike the remainder of the title and insert "amending RCW 50.01.010, 50.20.120, 50.29.021, 50.29.025, and 50.16.030; adding a new section to chapter 50.29 RCW; creating new sections; providing expiration dates; and declaring an emergency."

"PART I - CITY FIRE DEPARTMENTS

NEW SECTION. Sec. 101. The legislature intends for city fire departments to set standards for addressing the reporting and accountability of substantially career fire departments, and to specify performance measures applicable to response time objectives for certain major services. The legislature acknowledges the efforts of the international city/county management association, the international association of fire chiefs, and the national fire protection association for the organization and deployment of resources for fire departments. The arrival of first responders with automatic external defibrillator capability before the onset of brain death, and the arrival of adequate fire suppression resources before flash-over is a critical event during the mitigation of an emergency, and is in the public's best interest. For these reasons, this chapter contains performance measures, comparable to that research, relating to the organization and deployment of fire suppression operations, emergency medical operations, and special operations by substantially career fire departments. This chapter does not, and is not intended to, in any way modify or limit the authority of cities and towns to set levels of service.

NEW SECTION. Sec. 102. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Advanced life support" means functional provision of advanced airway management, including intubation, advanced cardiac monitoring, manual defibrillation, establishment and maintenance of intravenous access, and drug therapy.

(2) "Aircraft rescue and fire fighting" means the fire fighting actions taken to rescue persons and to control or extinguish fire involving or adjacent to aircraft on the ground.

(3) "Brain death" as defined by the American heart association means the irreversible death of brain cells that begins four to six minutes after cardiac arrest.

The department must be a substantially career fire department, and not a substantially volunteer fire department.

(6) "Fire suppression" means the activities involved in controlling and extinguishing fires.

(7) "First responder" means provision of initial assessment and basic first-aid intervention, including cardiac pulmonary resuscitation and automatic external defibrillator capability.

(8) "Flash-over" as defined by national institute of standards and technology means when all combustibles in a room burst into flame and the fire spreads rapidly.

(9) "Marine rescue and fire fighting" means the fire fighting actions taken to prevent, control, or extinguish fire involved in or adjacent to a marine vessel and the rescue actions for occupants using normal and emergency routes for egress.

(10) "Response time" means the time immediately following the turnout time that begins when units are en route to the emergency incident and ends when units arrive at the scene.

(11) "Special operations" means those emergency incidents to which the fire department responds that require specific and advanced training and specialized tools and equipment.

(12) "Town" means a town that provides fire protection services, which may include fire fighting actions, emergency medical services, and other special operations, in a specified geographic area.

(13) "Turnout time" means the time beginning when units receive notification of the emergency to the beginning point of response time.

NEW SECTION. Sec. 103. (1) Every city and town shall maintain a written statement or policy that establishes the following:

- (a) Turnout time;
- (b) Response time for the arrival of the first arriving engine company at a fire suppression incident and response time for the deployment of a full first alarm assignment at a fire suppression incident;
- (c) Response time for the arrival of a unit with first responder or higher level capability at an emergency medical incident; and
- (d) Response time for the arrival of an advanced life support unit at an emergency medical incident, where this service is provided by the fire department.

(4) Every city and town shall also establish a performance objective of not less than ninety percent for the achievement of each response time objective established under subsection (3) of this section.

NEW SECTION. Sec. 104. (1) Every city and town shall evaluate its level of service and deployment delivery and response time objectives on an annual basis. NEW SECTION. Sec. 2. The legislature finds that the use of renewable energy resources generated from local sources such as solar and wind power benefit our state by reducing the load on the state's electric energy grid, by providing nonpolluting sources of electricity generation, and by the creation of jobs for local industries that develop and sell renewable energy products and technologies.

The legislature finds that Washington state has become a national and international leader in the technologies related to the solar electric markets. The state can support these industries by providing incentives for the purchase of locally made renewable energy products. Locally made renewable technologies benefit and protect the state's environment. The legislature also finds that the state's economy can be enhanced through the creation of incentives to develop additional renewable energy industries in the state.

The legislature intends to provide incentives for the greater use of locally created renewable energy technologies, support and retain existing local industries, and create new opportunities for renewable energy industries to develop in Washington state.

NEW SECTION. Sec. 3. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Customer-generated electricity" means the alternating current electricity that is generated from a renewable energy system located on an individual's, businesses', or local government's real property that is also provided electricity generated by a light and power business. (2) "Economic development kilowatt-hour" means the actual kilowatt-hour measurement of customer-generated electricity multiplied by the appropriate economic development factor.

(3) "Photovoltaic cell" means a device that converts light directly into electricity without moving parts.

(4) "Renewable energy system" means a solar energy system, an anaerobic digester as defined in RCW 82.08.900, or a wind generator used for producing electricity.

(5) "Solar energy system" means any device or combination of devices or elements that rely upon direct sunlight as an energy source for use in the generation of electricity.

(6) "Solar inverter" means the device used to convert direct current to alternating current in a photovoltaic cell system.

(7) "Solar module" means the smallest nondivisible self-contained physical structure housing interconnected photovoltaic cells and providing a single direct current electrical output.

NEW SECTION. Sec. 4. (1) Any individual, business, or local governmental entity, not in the light and power business or in the gas distribution business, may apply to the light and power business serving the situs of the system, each fiscal year beginning on July 1, 2005, for an investment cost recovery incentive for each kilowatt-hour from a customer-generated electricity renewable energy system installed on its property. No incentive may be paid for kilowatt-hours generated before July 1, 2005, or after June 30, 2015.

(2)(a) Before submitting for the first time the application for the incentive allowed under this section, the applicant shall submit to the department of revenue and to the climate and rural energy development center at the Washington State University, established under RCW 28B.30.642, a certification in a form and manner prescribed by the department that includes, but is not limited to, the following information:

(i) The name and address of the applicant and location of the renewable energy system;

(ii) The applicant's tax registration number;

(iii) That the electricity produced by the applicant meets the definition of "customer-generated electricity" and that the renewable energy system produces electricity with:

(A) Any solar inverters and solar modules manufactured in Washington state;

(B) A wind generator powered by blades manufactured in Washington state;

(C) A solar inverter manufactured in Washington state;

(D) A solar module manufactured in Washington state; or

(E) Solar or wind equipment manufactured outside of Washington state;

(iv) That the electricity can be transformed or transmitted for entry into or operation in parallel with electricity transmission and distribution systems;

(v) The date that the renewable energy system received its final electrical permit from the applicable local jurisdiction.

(b) Within thirty days of receipt of the certification the department of revenue shall advise the applicant in writing whether the renewable energy system qualifies for an incentive under this section. The department may consult with the climate and rural energy development center to determine eligibility for the incentive. System certifications and the information contained therein are subject to disclosure under RCW 82.32.330(3)(m).

(3)(a) By August 1st of each year application for the incentive shall be made to the light and power business serving the situs of the system by certification in a form and manner prescribed by the department that includes, but is not limited to, the following information:

(i) The name and address of the applicant and location of the renewable energy system;

(ii) The applicant's tax registration number;

(iii) The date of the letter from the department of revenue stating that the renewable energy system is eligible for the incentives under this section;

(iv) A statement of the amount of kilowatt-hours generated by the renewable energy system in the prior fiscal year.

(b) Within sixty days of receipt of the incentive certification the light and power business serving the situs of the system shall notify the applicant in writing whether the incentive payment will be authorized or denied. The business may consult with the climate and rural energy development center to determine eligibility for the incentive payment. Incentive certifications and the information contained therein are subject to disclosure under RCW 82.32.330(3)(m).

(c)(i) Persons receiving incentive payments shall keep and preserve, for a period of five years, suitable records as may be necessary to determine the amount of incentive applied for and received. Such records shall be open for examination at any time upon notice by the light and power business that made the payment or by the department. If upon examination of any records or from other information obtained by the business or department it appears that an incentive has been paid in an amount that exceeds the correct amount of incentive payable, the business may assess against the person for the amount found to have been paid in excess of the correct amount of incentive payable and shall add thereto interest on the amount. Interest shall be assessed in the manner that the department assesses interest upon delinquent tax under RCW 82.32.050.

(ii) If it appears that the amount of incentive paid is less than the correct amount of incentive payable the business may authorize additional payment.

(4) The investment cost recovery incentive may be paid fifteen cents per economic development kilowatt-hour unless requests exceed the amount authorized for credit to the participating light and power business. For the purposes of this section, the rate paid for the investment cost recovery incentive may be multiplied by the following factors:

(a) For customer-generated electricity produced using solar modules manufactured in Washington state, two and four-tenths;

(b) For customer-generated electricity produced using a solar or a wind generator equipped with an inverter manufactured in Washington state, one and two-tenths;

(c) For customer-generated electricity produced using an anaerobic digester, or by other solar equipment or using a wind generator equipped with blades manufactured in Washington state, one; and

(d) For all other customer-generated electricity produced by wind, eight-tenths.

(5) No individual, household, business, or local governmental entity is eligible for incentives for more than two thousand dollars per year.

(6) If requests for the investment cost recovery incentive exceed the amount of funds available for credit to the participating light and power business, the incentive payments shall be reduced proportionately.

(7) The climate and rural energy development center at Washington State University energy program may establish guidelines and standards for technologies that are identified as Washington manufactured and therefore most beneficial to the state's environment.

(8) The environmental attributes of the renewable energy system belong to the applicant, and do not transfer to the state or the light and power business upon receipt of the investment cost recovery incentive.

NEW SECTION. Sec. 5. (1) A light and power business shall be allowed a credit against taxes due under this chapter in an amount equal to investment cost recovery incentive payments made in any fiscal year under section 4 of this act. The credit

shall be taken in a form and manner as required by the department. The credit under this section for the fiscal year shall not exceed twenty-five one-hundredths of one percent of the businesses' taxable power sales due under RCW 82.16.020(1)(b) or twenty-five thousand dollars, whichever is greater. The credit may not exceed the tax that would otherwise be due under this chapter. Refunds shall not be granted in the place of credits. Expenditures not used to earn a credit in one fiscal year may not be used to earn a credit in subsequent years.

(2) For any business that has claimed credit for amounts that exceed the correct amount of the incentive payable under section 4 of this act, the amount of tax against which credit was claimed for the excess payments shall be immediately due and payable. The department shall assess interest but not penalties on the taxes against which the credit was claimed. Interest shall be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, retroactively to the date the credit was claimed, and shall accrue until the taxes against which the credit was claimed are repaid.

(3) The right to earn tax credits under this section expires June 30, 2016. Credits may not be claimed after June 30, 2017.

NEW SECTION. Sec. 6. (1) Using existing sources of information, the department shall report to the house appropriations committee, the house committee dealing with energy issues, the senate committee on ways and means, and the senate committee dealing with energy issues by December 1, 2013. The report shall measure the impacts of sections 2 through 5 this act, including the total number of solar energy system manufacturing companies in the state, any change in the number of solar energy system manufacturing companies in the state, and, where relevant, the effect on job creation, the number of jobs created for Washington residents, and such other factors as the department selects.

(2) The department shall not conduct any new surveys to provide the report in subsection (1) of this section.

NEW SECTION. Sec. 7. Sections 2 through 5 of this act are each added to chapter 82.16 RCW.

NEW SECTION. Sec. 8. The legislature finds that the welfare of the people of the state of Washington is positively impacted through the encouragement and expansion of key growth industries in the state. The legislature further finds that targeting tax incentives to focus on key growth industries is an important strategy to enhance the state's business climate.

A recent report by the Washington State University energy program recognized the solar electric industry as one of the state's important growth industries. It is of great concern that businesses in this industry have been increasingly expanding and relocating their operations elsewhere. The report indicates that additional incentives for the solar electric industry are needed in recognition of the unique forces and issues involved in business decisions in this industry.

Therefore, the legislature intends to enact comprehensive tax incentives for the solar electric industry that address activities of the manufacture of these products and to encourage these industries to locate in Washington. Tax incentives for the solar electric industry are important in both retention and expansion of existing business and attraction of new businesses, all of which will strengthen this growth industry within our state, will create jobs, and will bring many indirect benefits to the state.

NEW SECTION. Sec. 9. A new section is added to chapter 82.04 RCW to read as follows:

(1) Beginning October 1, 2005, upon every person engaging within this state in the business of manufacturing solar energy systems using photovoltaic modules, or silicon components of such systems; as to such persons the amount of tax with respect to such business shall, in the case of manufacturers, be equal to the value of the product manufactured, or in the case of processors for hire, be equal to the gross income of the business, multiplied by the rate of 0.2904 percent.

(2) Beginning October 1, 2005, upon every person engaging within this state in the business of making sales at wholesale of solar energy systems using photovoltaic modules, or silicon components of such systems, manufactured by that person; as to such persons the amount of tax with respect to such business shall be equal to the gross proceeds of sales of the solar energy systems using photovoltaic modules multiplied by the rate of 0.2904 percent.

(3) The definitions in this subsection apply throughout this section.

(a) "Module" means the smallest nondivisible self-contained physical structure housing interconnected photovoltaic cells and providing a single direct current output.

(b) "Photovoltaic cell" means a device that converts light directly into electricity without moving parts.

(c) "Solar energy system" means any device or combination of devices or elements that rely upon direct sunlight as an energy source for use in the generation of electricity.

manufacturing taxes paid with respect to the manufacturing of products using ingredients so extracted in this state, or (iii) manufacturing taxes paid with respect to manufacturing activities completed in another state for products so manufactured in this state. The amount of the credit shall not exceed the tax liability arising under this chapter with respect to the extraction or manufacturing of those products.

(5) For the purpose of this section:

(a) "Gross receipts tax" means a tax:

NEW SECTION. Sec. 11. A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax levied by RCW 82.08.020 shall not apply to charges made for labor and services rendered in respect to the constructing of investment projects, and tangible personal property that will be incorporated as an ingredient or component of investment projects during the course of constructing, either of which is used for the manufacture of solar energy systems using photovoltaic modules into a solar energy system or for the manufacture of silicon components of such systems, located in a rural county. The exemption is available only when the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller shall retain a copy of the certificate for the seller's files.

(2) To be eligible under this section the person must use the investment project for the manufacturing of solar energy systems using photovoltaic modules into a solar energy system or silicon components of such systems for an eight-year period, such period beginning the day the investment project commences commercial production, or a portion of tax otherwise due shall be immediately due and payable pursuant to subsection (3) of this section:

(3) If the investment project is not used for manufacturing solar energy systems using photovoltaic modules or silicon components of such systems for any one calendar year, one-eighth of the exempt sales and use taxes shall be due and payable by April 1st of the following year. The department shall assess interest, but not penalties, on the taxes for which the person is not eligible. The interest shall be assessed at the rate provided for delinquent excise taxes under this chapter, retroactively to the date the exemption was claimed, and shall accrue until the taxes for which the exemption was claimed are repaid.

(4) The definitions in this subsection apply throughout this section.

(a) "Commencement of commercial production" is deemed to have occurred when the equipment and process qualifications in the investment project are completed and production for sale has begun.

(b) "Investment project" means an investment in qualified buildings or qualified machinery and equipment, including labor and services rendered in the planning, installation, and construction of the project. An investment project does not include any portion of an investment project undertaken by a light and power business as defined in RCW 82.16.010(5), other than that portion of a cogeneration project that is used to generate power for consumption within the manufacturing site of which the cogeneration project is an integral part.

(c) "Manufacturing" means the same as defined in RCW 82.04.120.

(d) "Qualified buildings" means construction of new structures including parking facilities, and expansion or renovation of existing structures, for the purpose of increasing floor space or production capacity used for manufacturing, including plant offices and warehouses or other facilities for the storage of raw material or finished goods if such facilities are an essential or an integral part of a factory, mill, or plant, used for manufacturing. (e) "Qualified machinery and equipment" means all new industrial fixtures, equipment, and support facilities that are an integral and necessary part of a manufacturing operation. "Qualified machinery and equipment" includes manufacturing components such as belts, pulleys, shafts, and moving parts; molds, tools, and dies; operating structures; and all equipment used to control or operate the machinery.

For the purposes of this section "solar energy system" has the same meaning as provided in section 9 of this act.

(2)(a) The credit under this section shall equal three thousand dollars for each full-time employment position used in manufacturing process that takes place in investment projects exempt from sales and use tax under sections 11 and 12 of this act. A credit is earned for the calendar year a person fills a position. Additionally a credit is earned for each year the position is maintained over the subsequent consecutive years, up to eight years. Those positions that are not filled for the entire year are eligible for fifty percent of the credit if filled less than six months, and the entire credit if filled six months or more.

(b) To qualify for the credit, the manufacturing activity of the person must be conducted at an investment project that qualifies for the exemption from sales and use tax under sections 11 and 12 of this act.

(3) No application is necessary for the tax credit. The person is subject to all of the requirements of chapter 82.32 RCW. In no case may a credit earned during one calendar year be carried over to be credited against taxes incurred in a subsequent calendar year. No refunds may be granted for credits under this section.

(4) If at any time the department finds that a person is not eligible for tax credit under this section, the amount of taxes for which a credit has been claimed shall be immediately due. NEW SECTION. Sec. 15. A new section is added to chapter 82.32 RCW to read as follows:

(1) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources the legislature needs information on how a tax incentive is used.

(2)(a) A person who reports taxes under section 9 of this act shall make an annual report to the department detailing employment, wages, and employer-provided health and retirement benefits per job at the manufacturing site. MOTION

Senator Jacobsen moved that the following committee striking amendment by the Committee on Transportation be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 36.70A RCW to read as follows:

(1) The transportation element required by RCW 36.70A.070 may include, in addition to improvements or strategies to accommodate the impacts of development authorized under RCW 36.70A.070(6)(b), multimodal transportation improvements or strategies that are made concurrent with the development. These transportation improvements or strategies may include, but are not limited to, measures implementing or evaluating:

(a) Multiple modes of transportation with peak and nonpeak hour capacity performance standards for locally owned transportation facilities; and

(b) Modal performance standards meeting the peak and nonpeak hour capacity performance standards.

(2) Nothing in this section or RCW 36.70A.070(6)(b) shall be construed as prohibiting a county or city planning under RCW 36.70A.040 from exercising existing authority to develop multimodal improvements or strategies to satisfy the concurrency requirements of this chapter.

(3) Nothing in this section is intended to affect or otherwise modify the authority of jurisdictions planning under RCW 36.70A.040.

Sec. 2. RCW 47.80.030 and 1998 c 171 s 9 are each amended to read as follows:

(1) Each regional transportation planning organization shall develop in cooperation with the department of transportation, providers of public transportation and high capacity transportation, ports, and local governments within the region, adopt, and periodically update a regional transportation plan that:

(a) Is based on a least cost planning methodology that identifies the most cost-effective facilities, services, and programs;

(b) Identifies existing or planned transportation facilities, services, and programs, including but not limited to major roadways including state highways and regional arterials, transit and nonmotorized services and facilities, multimodal and intermodal facilities, marine ports and airports, railroads, and noncapital programs including transportation demand management that should function as an integrated regional transportation system, giving emphasis to those facilities, services, and programs that exhibit one or more of the following characteristics:

(i) Crosses member county lines;

(ii) Is or will be used by a significant number of people who live or work outside the county in which the facility, service, or project is located;

(iii) Significant impacts are expected to be felt in more than one county;

(iv) Potentially adverse impacts of the facility, service, program, or project can be better avoided or mitigated through adherence to regional policies;

(v) Transportation needs addressed by a project have been identified by the regional transportation planning process and the remedy is deemed to have regional significance; and

(vi) Provides for system continuity;

(c) Establishes level of service standards for state highways and state ferry routes, with the exception of transportation facilities of statewide significance as defined in RCW 47.06.140. These regionally established level of service standards for state highways and state ferries shall be developed jointly with the department of transportation, to encourage consistency across jurisdictions. In establishing level of service standards for state highways and state ferries, consideration shall be given for the necessary balance between providing for the free interjurisdictional movement of people and goods and the needs of local commuters using state facilities;

(d) Includes a financial plan demonstrating how the regional transportation plan can be implemented, indicating resources from public and private sources that are reasonably expected to be made available to carry out the plan, and recommending any innovative financing techniques to finance needed facilities, services, and programs;

(e) Assesses regional development patterns, capital investment and other measures necessary to:

(i) Ensure the preservation of the existing regional transportation system, including requirements for operational improvements, resurfacing, restoration, and rehabilitation of existing and future major roadways, as well as operations, maintenance, modernization, and rehabilitation of existing and future transit, railroad systems and corridors, and nonmotorized facilities; and

(ii) Make the most efficient use of existing transportation facilities to relieve vehicular congestion and maximize the mobility of people and goods;

(f) Sets forth a proposed regional transportation approach, including capital investments, service improvements, programs, and transportation demand management measures to guide the development of the integrated, multimodal regional transportation system. For regional growth centers, the approach must address transportation concurrency strategies required under RCW 36.70A.070 and include a measurement of vehicle level of service for off-peak periods and total multimodal capacity for peak periods; and

(g) Where appropriate, sets forth the relationship of high capacity transportation providers and other public transit providers with regard to responsibility for, and the coordination between, services and facilities.

(2) The organization shall review the regional transportation plan biennially for currency and forward the adopted plan along with documentation of the biennial review to the state department of transportation.

(3) All transportation projects, programs, and transportation demand management measures within the region that have an impact upon regional facilities or services must be consistent with the plan and with the adopted regional growth and transportation strategies.

NEW SECTION. Sec. 3. (1)(a) The department of transportation shall administer a study to examine multimodal transportation improvements and strategies to comply with the concurrency requirements of RCW 36.70A.070(6), subject to the availability of amounts appropriated for this specific purpose. The study shall be completed by one or more regional transportation planning organizations established under chapter 47.80 RCW electing to participate in the study.

(b) The department of community, trade, and economic development shall provide technical assistance with the study to the department of transportation and participating regional transportation planning organizations.

(2) The department of transportation shall, in consultation with members from each of the two largest caucuses of the senate, appointed by the president of the senate, and members from each of the two largest caucuses of the house of representatives, appointed by the speaker of the house of representatives, approve the scope of the study established by this section.

(3) The study shall, at a minimum, include:

(a) An assessment and comprehensive summary of studies or reports examining concurrency requirements and practices in Washington;

(b) An examination of existing or proposed multimodal transportation improvements or strategies employed by a city in a county with a population of one million or more residents;

(c) An examination of transit services and how these services promote multimodal transportation improvements or strategies for jurisdictions planning under RCW 36.70A.070(6)(b);

(d) Recommendations for statutory and administrative rule changes that will further the promotion of effective multimodal transportation improvements and strategies that are consistent with the provisions of RCW 36.70A.070 and 36.70A.020(3);

(e) Recommendations for improving the coordination of concurrency practices in jurisdictions subject to RCW 36.70A.215;

(g) An identification of effective multimodal transportation improvements and strategies employed by jurisdictions subject to RCW 36.70A.215;

(h) Recommendations for model multimodal transportation improvements and strategies that may be employed by counties and cities; and

(i) An examination of multimodal infrastructure needs, such as bus pull outs and pedestrian crosswalks and overpasses, and how these needs can be better identified in the plans required by RCW 36.70A.070(6).

(4) The department of transportation shall, in coordination with participating regional transportation planning organizations completing the study established by this section, submit a report of findings and recommendations to the appropriate committees of the legislature by December 31, 2006."

For all of us, no matter how long we've been or how short a time we've been here, I hope that you feel that there's something we've done in this last bit of time that you feel proud of when you go back home. I know we've also all experienced some disappointments. So, once again, thank you very much for all your hard work and as we think about the next couple of weeks lets just get back to work and resolve our differences, I mean one week, and resolve our differences with the other body so that we can get out of here on time or possibly even make a little legislative history and do it early."

REMARKS BY THE PRESIDENT

President Owen: "It is my great privilege and honor to turn the microphone and dais over to a very outstanding public servant, outstanding General of the National Guard and many of us have served with several Generals. We have been very, very fortunate to have excellent representatives for us serving as the head of the National Guard. Here is one of the most outstanding, General Timothy Lowenberg."

With permission of the Senate, business was suspended to allow Major General Timothy J. Lowenberg, Adjutant General of the Washington National Guard to address the Senate.

REMARKS BY MAJOR GENERAL TIMOTHY LOWENBERG

Major General Lowenberg: "Lt. Governor Owen, Senators Carrell and Rasmussen, members of the Washington State Senate, Lt. General Dubik, Brigadier Generals Loper and Hilman, Colonels Schatz, Mauer, and Crabtree, Command Sgts. Majors, Command Chief Master Sgts. and other non-commissioned officers. It is an honor to, once again, address this body in open session and a special privilege to do so today on behalf of all of the military services and service component members, our families and, in the case of the Guard and Reserve, our employers to whom you have paid tribute with the enactment of Senate Resolution No. 8679. On their behalf, I say a very humble and heartfelt thank you. Thank you for standing with and supporting your National Guard soldiers and airmen as we have mobilized and deployed our community sons and daughters, fathers and mothers and, in some cases, grandfathers and grandmothers abroad in support of operations 'Enduring Freedom' and our 'Operation Iraqi Freedom.' From Afghanistan to Iraq to countries throughout the horn of Africa, from Cuba to the jungles of the Philippines, to South Korea, in the past three years we have mobilized and deployed more than four times the number of Washington National Guard soldiers and airmen than were deployed in the Korean War and Vietnam conflict combined. We have answered our countries call side by side with all of our colleagues in arms as part of a far larger and equally historic deployment of the patriot sons and daughters of all Reserve components and with all of our active-duty counterparts in the Army, Navy, Air Force, Marines and Coast Guard. In short, we have answered our country's call as a total force. A total force totally dedicated to our nation's defense. The Washington State-based senior commanders and their soldiers, sailors, airmen, marines and coast guardsmen are very proud to be with you today and have asked me to express their deep respect and appreciation to you today. The state of Washington has been blessed with a rich and unique bounty of natural resources: deep water ports; land and maritime training ranges; open air space; strategic proximity to polar routes; and time-sensitive air and maritime access to the Asia Pacific region; and other points of strategic importance to the United States. All of which make the State of Washington a critical power projection platform and a key partner with our central Federal Government in providing for our Nation's defense. Simply put, the state of Washington is essential to America's global reach and global power. Our native sons and daughters who serve in various armed services and all service members who are privileged to be based here are especially grateful for the leadership of Governor Gregoire and the members of the Washington State Legislature who have recognized the state of Washington's solemn responsibility for preserving, protecting and, when given the opportunity, enhancing and expanding our military installations and our specialized training facilities. We are grateful for you commitment to our military missions and to the special needs of service members and their families. Our success in past and ongoing operations, including combat, combat support and humanitarian relief operations, would simply not be possible without the earnest and steadfast support of the citizens, employers and elected leaders of the state of Washington. Your Senate Resolution this day is an unequivocal affirmation of that

support. It reminds each of us how blessed we are to be part of such a supportive community and how deeply honored we are to serve you and this land we all love. May God continue to bless each of you in this great State Senate. May God continue to bless the state of Washington and United States of America. Thank you ladies and gentlemen."

PERSONAL PRIVILEGE

Senator Rasmussen: "There is a display from the, from our military out on the grounds, campus grounds and I want to make sure that all of my colleagues take part and recognize what is going on out at the memorials. I would like to personally thank the Adjutant General, Tim Lowenberg for what he has done for, personally, he put the striping on my son. He's with the 446th and when he got his E8 many years ago and he came – and I need to tell this body what this is like. When you get a striping, it's a big privilege for a member of the military and he's with the 446th at McChord. Anyway, of course mom is going to the striping, right, this is a big deal. He said, 'Mom, were you going to bring a friend?' and I said, 'Yeah.' and he said, 'Who are you bringing?'" I said 'Well, Tim is coming.' He said, 'Mom, he's a two-star general. You just don't bring a two-star general onto the base.' They had to go through all the protocol, but it was really exciting for him to have his, to get his E8 with the striping with the Adjutant General and wanted to thank him for that. He was also pretty much involved when my son retired in February after twenty-one years with the Air Force. I was real pleased with that and I wanted to take this chance to be able to tell him that. Thank you."

PERSONAL PRIVILEGE

Senator Schmidt: "I wanted to make an announcement. I was hoping to have done this sooner, but I think this a very appropriate time. I would just like to take a couple of minutes to mention to a major endeavor that we're going to take on here in the state. The story behind this. There's a personal friend of mine, Major Rick Jimenez whose the commander of the 941st personnel support battalion right now in Iraq. He sent me an email a few months ago. He said that in his company headquarters he had the Washington State flag flying there along with the unit flag. An active duty command Sgt. Major came around and told him he had to take that flag down. Now, first problem I had was, why is this Sgt. Major telling a Major what to do? That was my concern. But then the joke was, okay they did it for the day and the Sgt. Major leaves and the flag, the state flag, goes right back up. Well, General Dubik, we have a little bone of contention here. I know in the active components, the units all go around with unit patches and that's where the camaraderie is. But for those of us in the National Guard, it's the state that we come from and I know over there in Iraq there's a lot of National Guard units that are wanting to have their state flags flown with them as the sign of their unit that they come from. Well, first of all, you see this flag here? That was flown over Camp Anaconda where our 81st Brigade headquarters was and it was a gift to us, here, from General Hilman so we have that flag here in our chambers as long as we're in session recognizing our 81st Brigade soldiers that are in Iraq and the rest of them. But what happened out of this, he, Major Jimenez sent me an email says, 'Can you send me some more state flags?' I went down to the Secretary of State's office to find out what I could do. Well, they had one that was there, so I sent one off to him and sent him another email. I said 'Rick, you tell me how many flags you want and shoot for the moon.' He sends the email back and he said 'I want to give a state flag to every single one of the soldiers in my unit before they come home.' Well, that got the ball rolling. We were hoping to announce this a couple of weeks ago but there's been some logistics. We are going to set up a fund that people can donate to and it will be the Washington State flag fund that anybody can donate to so that we can give a Washington State flag to every one of our National Guard soldiers that served overseas during this conflict. The State of Oregon is already doing it, so we're somewhat copying that. We're having to get the logistics set up. How the fund can be operated. It will be worked through the Secretary of State's office because the Secretary of State is the guardian of our state flag and state seal. So, they'll be able to go to the Secretary of State's web site, click on it, make a donation. We anticipate this being a major media campaign. We want to do this. It's our way for the State of Washington showing the support. So, General Dubik, I don't know if there's going to be a conflict there, sir, but you know, we're going to do it and we would like to have, to see our folks be able to fly their flags over there as well because for us in the Guard, that's where our unit of support is, our camaraderie builds around, and thank you for considering that, sir."

REMARKS BY THE PRESIDENT

President Owen: "Colonel Phil Dyer, welcome back to the Legislature. It's always good to have you here and your service to the military and certainly your service that you had with the Legislature. Would you please be so kind as to come up and direct these fine officers to their next place? Thank you."

(a) If the child is less than six years old and/or sixty pounds and the passenger seating position equipped with a safety belt system allows sufficient space for installation, then the child will be restrained in a child restraint system that complies with standards of the United States department of transportation and that is secured in the vehicle in accordance with instructions of the manufacturer of the child restraint system;

(b) If the child is less than one year of age or weighs less than twenty pounds, the child shall be properly restrained in a rear-facing infant seat;

(c) If the child is more than one but less than four years of age or weighs less than forty pounds but at least twenty pounds, the child shall be properly restrained in a forward facing child safety seat restraint system;

(d) If the child is less than six but at least four years of age or weighs less than sixty pounds but at least forty pounds, the child shall be properly restrained in a child booster seat;

(f) Enforcement of (a) through (e) of this subsection is subject to a visual inspection by law enforcement to determine if the child restraint system in use is appropriate for the child's individual height, weight, and age. The visual inspection for usage of a forward facing child safety seat must ensure that the seat in use is equipped with a four-point shoulder harness system. The visual inspection for usage of a booster seat must ensure that the seat belt properly fits across the child's lap and the shoulder strap crosses the center of the child's chest. The visual inspection for the usage of a seat belt by a child must ensure that the lap belt properly fits across the child's lap and the shoulder strap crosses the center of the child's chest. In determining violations, consideration to the above criteria must be given in conjunction with the provisions of (a) through (e) of this subsection. The driver of a vehicle transporting a child who is under the age of six years old or weighs less than sixty pounds, when the vehicle is equipped with a passenger side air bag supplemental restraint system, and the air bag system is activated, shall transport the child in the back seat positions in the vehicle where it is practical to do so.

"NEW SECTION. Sec. 1. It is the intent of the legislature to establish a boating safety education program that contributes to the reduction of accidents and increases the enjoyment of boating by all operators of all recreational vessels on the waters of this state. Based on the 2003 report to the legislature titled "Recreational Boating Safety in Washington, A Report on Methods to Achieve Safer Boating Practices," the legislature recognizes that boating accidents also occur in nonmotorized vessels in this state, but, at this time there is no national educational standard for nonmotorized vessels. Therefore, the commission is hereby authorized and directed to work with agencies and organizations representing nonmotorized vessel activities and individuals operating nonmotorized vessels to decrease accidents of operators in these vessels. (1) A program for salmon and steelhead recovery is established in Clark, Cowlitz, Lewis, Skamania, and Wahkiakum counties within the habitat areas classified as the lower Columbia evolutionarily significant ~~((unit 4))~~ units by the federal national marine fisheries service. The management board created under subsection (2) of this section is responsible for ~~((implementing the habitat portion of the approved))~~ developing and overseeing the implementation of the habitat portion of the salmon and steelhead recovery ((initiative) plan and is empowered to receive and disburse funds for the ~~((approved))~~ salmon and steelhead recovery initiatives. The management board created pursuant to this section shall constitute the lead entity and the committee established under RCW 77.85.050 responsible for fulfilling the requirements and exercising powers under this chapter.

(2) A management board consisting of fifteen voting members is created within the lower Columbia evolutionarily significant ~~((unit 4))~~ units. The members shall consist of one county commissioner or designee from each of the five participating counties selected by each county legislative authority; one member representing the cities contained within the lower Columbia evolutionarily significant ~~((unit 4))~~ units as a voting member selected by the cities in the lower Columbia evolutionarily significant ~~((unit 4))~~ units; a representative of the Cowlitz Tribe appointed by the tribe; one state legislator elected from one of the legislative districts contained within the lower Columbia evolutionarily significant ~~((unit 4))~~ units selected by that group of state legislators representing the area; five representatives to include at least one member who represents private property interests appointed by the five county commissioners or designees; one hydro utility representative nominated by hydro utilities and appointed by the five county commissioners or designees; and one representative nominated from the environmental community who resides in the lower Columbia evolutionarily significant ~~((unit 4))~~ units appointed by the five county commissioners or designees. The board shall appoint and consult a technical advisory committee, which shall include four representatives of state agencies one each appointed by the directors of the departments of ecology, fish and wildlife, and transportation, and the commissioner of public lands. The board may also appoint additional persons to the technical advisory committee as needed. The chair of the board shall be selected from among the members of the management board by the five county commissioners or designees and the legislator on the board. In making appointments under this subsection, the county commissioners shall consider recommendations of interested parties. Vacancies shall be filled in the same manner as the original appointments were selected. (3)(a) The management board shall participate in the development of a habitat recovery plan to implement its responsibilities under (b) of this subsection. The management board shall consider local watershed efforts and activities as well as habitat conservation plans in the development and implementation of the recovery plan. Any of the participating counties may continue its own efforts for restoring steelhead habitat. Nothing in this section limits the authority of units of local government to enter into interlocal agreements under chapter 39.34 RCW or any other provision of law.

The management board will submit all future plans and amendments to plans to the governor's salmon recovery office for the incorporation of hatchery, harvest, and hydropower components of the statewide salmon recovery strategy for all submissions to the national marine fisheries service. In developing and implementing the habitat recovery plan, the management board will work with appropriate federal and state agencies, tribal governments, local governments, and the public to make sure hatchery, harvest, and hydropower components receive consideration in context with the habitat component. The management board may work in cooperation with the state and the national marine fisheries service to modify the ~~((initiative))~~ plan, or to address habitat for other aquatic species that may be subsequently listed under the federal endangered species act. The management board may not exercise authority over land or water within the individual counties or otherwise preempt the authority of any units of local government.

(c) The management board shall prioritize as appropriate and approve projects and programs related to the recovery of lower Columbia river salmon and steelhead runs, including the funding of those projects and programs, and coordinate local government efforts as prescribed in the recovery plan. The management board shall establish criteria for funding projects and programs based upon their likely value in salmon and steelhead recovery. The management board may consider local economic impact among the criteria, but jurisdictional boundaries and factors related to jurisdictional population may not be considered as part of the criteria.

(d) The management board shall assess the factors for decline along each ~~((prioritized stream as listed))~~ tributary basin in the lower Columbia ~~((steelhead conservation initiative))~~. The management board is encouraged to take a stream-by-stream approach in conducting the assessment which utilizes state and local expertise, including volunteer groups, interest groups, and affected units of local government.

(4) The management board has the authority to hire and fire staff, including an executive director, enter into contracts, accept grants and other moneys, disburse funds, make recommendations to cities and counties about potential code changes and the development of programs and incentives upon request, pay all necessary expenses, and may choose a fiduciary agent. MESSAGE FROM THE HOUSE

April 6, 2005

MR. PRESIDENT:

The House has passed ENGROSSED SENATE BILL NO. 5381, with the following amendment{s}:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that public policies and programs will be improved when informed by independent scientific analysis and communication with state and local policymakers. Throughout the state there are highly

qualified persons in a wide range of scientific disciplines who are willing to contribute their time and expertise in such reviews, but that presently there is lacking an organizational structure in which the entire scientific community may most effectively respond to requests for assessments of complex public policy questions. Therefore it is the purpose of this act to authorize the creation of the Washington academy of sciences as a nonprofit entity independent of government, whose principal mission will be the provision of scientific analysis and recommendations on questions referred to the academy by the governor, the governor's designee, or the legislature.

NEW SECTION. Sec. 2. The Washington academy of sciences authorized to be formed under section 3 of this act shall serve as a principal source of scientific investigation, examination, and reporting on scientific questions referred to the academy by the governor or the legislature under the provisions of section 4 of this act. Nothing in this section or this chapter supersedes or diminishes the responsibilities performed by scientists employed by the state or its political subdivisions.

NEW SECTION. Sec. 3. (1) The presidents of the University of Washington and Washington State University shall jointly form and serve as the cochaIRS of an organizing committee for the purpose of creating the Washington academy of sciences as an independent entity to carry out the purposes of this chapter. The committee should be representative of appropriate disciplines from the academic, private, governmental, and research sectors.

(2) Staff from the University of Washington and Washington State University, and from other available entities, shall provide support to the organizing committee under the direction of the cochaIRS.

(3)(a) The committee shall investigate organizational structures that will ensure the participation or membership in the academy of scientists and experts with distinction in their fields, and that will ensure broad participation among the several disciplines that may be called upon in the investigation, examination, and reporting upon questions referred to the academy by the governor or the legislature.

(b) The organizational structure shall include a process by which the academy responds to inquiries from the governor or the legislature, including but not limited to the identification of research projects, past or present, at Washington or other research institutions and the findings of such research projects.

(4) The committee cochaIRS shall use their best efforts to form the committee by January 1, 2006, and to complete the committee's review by April 30, 2007. By April 30, 2007, the committee, or such individuals as the committee selects, shall file articles of incorporation to create the academy as a Washington independent organizational entity. The articles shall expressly recognize the power and responsibility of the academy to provide services as described in section 4 of this act upon request of the governor, the governor's designee, or the legislature. The articles shall also provide for a board of directors of the academy that includes distinguished scientists from the range of disciplines that may be called upon to provide such services to the state and its political subdivisions, and provide a balance of representation from the academic, private, governmental, and research sectors.

(5) The articles shall provide for all such powers as may be appropriate or necessary to carry out the academy's purposes under this chapter, to the full extent allowable under the proposed organizational structure.

NEW SECTION. Sec. 4. (1) The academy shall investigate, examine, and report on any subject of science requested by the governor, the governor's designee, or the legislature. The procedures for selecting panels of experts to respond to such requests shall be set forth in the bylaws or other appropriate operating guidelines. In forming review panels, the academy shall endeavor to assure that the panel members have no conflicts of interest and that proposed panelists first disclose any advocacy positions or financial interest related to the questions to be addressed by the panel that the candidate has held within the past ten years.

(2) The governor shall provide funding to the academy for the actual expense of such investigation, examination, and reports. Such funding shall be in addition to state funding assistance to the academy in its initial years of operation as described in section 6 of this act.

NEW SECTION. Sec. 5. The academy may carry out functions or provide services to its members and the public in addition to the services provided under section 4 of this act, such as public education programs, newsletters, web sites, science fairs, and research assistance.

NEW SECTION. Sec. 6. The organizational committee shall recommend procedures and funding requirements for receiving and disbursing funding in support of the academy's programs and services in a report to the governor and the appropriate committees of the senate and house of representatives no later than April 30, 2007.

NEW SECTION. Sec. 7. Sections 1 through 5 of this act constitute a new chapter in Title 70 RCW." and the same are herewith transmitted.

The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated to provide for state match requirements under federal law for projects and activities conducted and financed by the board under the drinking water assistance account. Not more than fifteen percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans, emergency loans, or loans for capital facility planning under this chapter; of this amount, not more than ten percent of the biennial capital budget appropriation may be expended for emergency loans and not more than one percent of the biennial capital budget appropriation may be expended for capital facility planning loans. In addition to other appropriations, beginning July 1, 2007, and continuing until June 30, 2011, ten million dollars from the public works assistance account will be appropriated each biennium to the economic development strategic reserve account to be used for public infrastructure expenditures only.

MESSAGE FROM THE HOUSE

April 12, 2005

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5828, with the following amendment{s}:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28A.150 RCW to read as follows:

The legislature finds that digital learning courses and programs can provide students with opportunities to study subjects that may not otherwise be available within the students' schools, school districts, or communities. These courses can also meet the instructional needs of students who have scheduling conflicts, students who learn best from technology-based instructional methods, and students who have a need to enroll in schools on a part-time basis. Digital learning courses can also meet the needs of students and families seeking nontraditional learning environments. The legislature further finds that the state rules used by school districts to support some digital learning courses were adopted before these types of courses were created, so the rules are not well-suited to the funding and delivery of digital instruction. It is the intent of the legislature to clarify the funding and delivery requirements for digital learning courses.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.150 RCW to read as follows:

Under RCW 28A.150.260, the superintendent of public instruction shall revise the definition of a full-time equivalent student to include students who receive instruction through digital programs. "Digital programs" means electronically delivered learning that occurs primarily away from the classroom. The superintendent of public instruction has the authority to adopt rules to implement the revised definition beginning with the 2005-2007 biennium for school districts claiming state funding for the programs. The rules shall include but not be limited to the following:

(1) Defining a full-time equivalent student under RCW 28A.150.260 or part-time student under RCW 28A.150.350 based upon the district's estimated average weekly hours of learning activity as identified in the student's learning plan, as long as the student is found, through monthly evaluation, to be making satisfactory progress; the rules shall require districts providing programs under this section to nonresident students to establish procedures that address, at a minimum, the coordination of student counting for state funding so that no student is counted for more than one full-time equivalent in the aggregate;

(2) Requiring the board of directors of a school district offering, or contracting under RCW 28A.150.305 to offer, a digital program to adopt and annually review written policies for each program and program provider and to receive an annual report on its digital learning programs from its staff;

(3) Requiring each school district offering or contracting to offer a digital program to report annually to the superintendent of public instruction on the types of programs and course offerings, and number of students participating;

(4) Requiring completion of a program self-evaluation;

(5) Requiring documentation of the district of the student's physical residence;

(6) Requiring that supervision, monitoring, assessment, and evaluation of the digital program be provided by certificated instructional staff;

(7) Requiring each school district offering courses or programs to identify the ratio of certificated instructional staff to full-time equivalent students enrolled in such courses or programs, and to include a description of their ratio as part of the reports required under subsections (2) and (3) of this section;

(8) Requiring reliable methods to verify a student is doing his or her own work; the methods may include proctored examinations or projects, including the use of web cams or other technologies. "Proctored" means directly monitored by an adult authorized by the school district;

(9) Requiring, for each student receiving instruction in a digital program, a learning plan that includes a description of course objectives and information on the requirements a student must meet to successfully complete the program or courses. The rules shall allow course syllabi and other additional information to be used to meet the requirement for a learning plan;

(10) Requiring that the district assess the educational progress of enrolled students at least annually, using, for full-time students, the state assessment for the student's grade level and using any other annual assessments required by the school district. Part-time students shall also be assessed at least annually. However, part-time students who are either receiving home-based instruction under chapter 28A.200 RCW or who are enrolled in an approved private school under chapter 28A.195 RCW are not required to participate in the assessments required under chapter 28A.655 RCW. The rules shall address how students who reside outside the geographic service area of the school district are to be assessed;

(11) Requiring that each student enrolled in the program have direct personal contact with certificated instructional staff at least weekly until the student completes the course objectives or the requirements in the learning plan. Direct personal contact is for the purposes of instruction, review of assignments, testing, evaluation of student progress, or other learning activities. Direct personal contact may include the use of telephone, e-mail, instant messaging, interactive video communication, or other means of digital communication;

(12) Requiring state-funded public schools or public school programs whose primary purpose is to provide digital learning programs to receive accreditation through the state accreditation program or through the regional accreditation program;

(13) Requiring state-funded public schools or public school programs whose primary purpose is to provide digital learning to provide information to students and parents on whether or not the courses or programs: Cover one or more of the school district's learning goals or of the state's essential academic learning requirements or whether they permit the student to meet one or more of the state's or district's graduation requirements; and

(14) Requiring that a school district that provides one or more digital courses to a student provide the parent or guardian of the student, prior to the student's enrollment, with a description of any difference between home-based education as described in chapter 28A.200 RCW and the enrollment option selected by the student. The parent or guardian shall sign documentation attesting to his or her understanding of the difference and the documentation shall be retained by the district and made available for audit."

Correct the title.

(1) Within thirty days of receipt of proof of the consumer's identification and a copy of a (~~filed~~) police report, filed by the consumer, evidencing the consumer's claim to be a victim of a violation of RCW 9.35.020, a consumer reporting agency shall permanently block reporting any information the consumer identifies on his or her consumer report is a result of a violation of RCW 9.35.020, so that the information cannot be reported, except as provided in subsection (2) of this section. The consumer reporting agency shall promptly notify the furnisher of the information that a police report has been filed, that a block has been requested, and the effective date of the block.

(2) A consumer reporting agency may decline to block or may rescind any block of consumer information if, in the exercise of good faith and reasonable judgment, the consumer reporting agency believes:

(a) The information was blocked due to a misrepresentation of fact by the consumer relevant to the request to block under this section;

(b) The consumer agrees that the blocked information or portions of the blocked information were blocked in error; or

(c) The consumer knowingly obtained possession of goods, services, or moneys as a result of the blocked transaction or transactions or the consumer should have known that he or she obtained possession of goods, services, or moneys as a result of the blocked transaction or transactions.

(3) If the block of information is declined or rescinded under this section, the consumer shall be notified promptly in the same manner as consumers are notified of the reinsertion of information pursuant to section 611 of the fair credit reporting act, 15 U.S.C. Sec. 1681I, as amended. The prior presence of the blocked information in the consumer reporting agency's file on the consumer is not evidence of whether the consumer knew or should have known that he or she obtained possession of any goods, services, or moneys.

(4) In order to facilitate the exercise of a consumer's right to block information in his or her consumer report, all police and sheriff's departments in Washington state shall provide to the consumer, at the consumer's request, a copy of any police report, filed by the consumer, evidencing the consumer's claim to be a victim of a violation of RCW 9.35.020.

Nothing in this section shall be construed to require a law enforcement agency to investigate reports claiming identity theft."

MESSAGE FROM THE HOUSE

April 15, 2005

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 6078, with the following amendments{s}.

On page 1, of the amendment, after line 2, strike the remainder of the amendment and insert:

"NEW SECTION. Sec. 1. The legislature finds that the citizens of the state benefit from a state expenditure limit that ensures that the state budget operates with stability and predictability, while encouraging the establishment of budget priorities and a periodic review of state programs and the delivery of state services. A state expenditure limit can prevent budgeting crises that can occur because of increased spending levels during periods of revenue surplus followed by drastic reductions in state services in lean years. The citizens of the state are best served by an expenditure limit that keeps pace with the growth in the state's economy yet ensures budget discipline and taxpayer protection. For these reasons, the legislature finds that modifications to the state expenditure limit, after ten years of experience following the initial implementation of Initiative Measure No. 601, will recognize the economic productivity of the state's economy and better balance the needs of the citizens for essential government services with the obligation of the legislature for strict spending accountability and protection of its taxpayers.

Sec. 2. RCW 43.135.035 and 2001 c 3 s 8 and 2000 2nd sp.s. c 2 s 2 are each reenacted and amended to read as follows:

(1) After July 1, 1995, any action or combination of actions by the legislature that raises state revenue or requires revenue-neutral tax shifts may be taken only if approved by a two-thirds vote of each house, and then only if state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter. However, for legislation enacted between the effective date of this 2005 act and June 30, 2007, any action or combination of actions by the legislature that raises state revenue or requires revenue-neutral tax shifts may be taken with the approval of a majority of members elected to each house, so long as state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter.

(2)(a) If the legislative action under subsection (1) of this section will result in expenditures in excess of the state expenditure limit, then the action of the legislature shall not take effect until approved by a vote of the people at a November general election. The ((office of financial management)) state expenditure limit committee shall adjust the state expenditure limit by the amount of additional revenue approved by the voters under this section. This adjustment shall not exceed the amount of revenue generated by the legislative action during the first full fiscal year in which it is in effect. The state expenditure limit shall be adjusted downward upon expiration or repeal of the legislative action.

(b) The ballot title for any vote of the people required under this section shall be substantially as follows:

"Shall taxes be imposed on in order to allow a spending increase above last year's authorized spending adjusted for inflation and population increases?"

(3)(a) The state expenditure limit may be exceeded upon declaration of an emergency for a period not to exceed twenty-four months by a law approved by a two-thirds vote of each house of the legislature and signed by the governor. The law shall set forth the nature of the emergency, which is limited to natural disasters that require immediate government action to alleviate human suffering and provide humanitarian assistance. The state expenditure limit may be exceeded for no more than twenty-four months following the declaration of the emergency and only for the purposes contained in the emergency declaration.

(b) Additional taxes required for an emergency under this section may be imposed only until thirty days following the next general election, unless an extension is approved at that general election. The additional taxes shall expire upon expiration of the declaration of emergency. The legislature shall not impose additional taxes for emergency purposes under this subsection unless funds in the education construction fund have been exhausted.

(c) The state or any political subdivision of the state shall not impose any tax on intangible property listed in RCW 84.36.070 as that statute exists on January 1, 1993.

(4) If the cost of any state program or function is shifted from the state general fund on or after January 1, 1993, to another source of funding, or if moneys are transferred from the state general fund to another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall lower the state expenditure limit to reflect the shift. For the purposes of this section, a transfer of money from the state general fund to another fund or account includes any state legislative action taken (~~(after July 1, 2000,)~~) that has the effect of reducing revenues from a particular source, where such revenues would otherwise be deposited into the state general fund, while increasing the revenues from that particular source to another state or local government account. This subsection does not apply to the dedication or use of lottery revenues under RCW 67.70.240(3) or property taxes under RCW 84.52.068, in support of education or education expenditures.

(5) If the cost of any state program or function is shifted to the state general fund on or after January 1, 2000, from another source of funding, or if moneys are transferred to the state general fund from another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall increase the state expenditure limit to reflect the shift.

Sec. 3. RCW 43.135.010 and 1994 c 2 s 1 are each amended to read as follows:

The people of the state of Washington hereby find and declare:

(1) The continuing increases in our state tax burden and the corresponding growth of state government is contrary to the interest of the people of the state of Washington.

(2) It is necessary to limit the rate of growth of state government while assuring adequate funding of essential services, including basic education as defined by the legislature.

(3) The current budgetary system in the state of Washington lacks stability. The system encourages crisis budgeting and results in cutbacks during lean years and overspending during surplus years.

(4) It is therefore the intent of this chapter to:

(a) Establish a limit on state expenditures that will assure that the growth rate of state expenditures does not exceed the growth rate (~~(of inflation and state population)~~) in Washington personal income;

(b) Assure that local governments are provided funds adequate to render those services deemed essential by their citizens;

(c) Assure that the state does not impose responsibility on local governments for new programs or increased levels of service under existing programs unless the costs thereof are paid by the state;

(d) Provide for adjustment of the limit when costs of a program are transferred between the state and another political entity;

(e) Establish a procedure for exceeding this limit in emergency situations;

(f) Provide for voter approval of tax increases; and

(g) Avoid overfunding and underfunding state programs by providing stability, consistency, and long-range planning.

Sec. 4. RCW 43.135.025 and 2000 2nd sp.s. c 2 s 1 are each amended to read as follows:

(1) The state shall not expend from the general fund and related funds during any fiscal year state moneys in excess of the state expenditure limit established under this chapter.

(2) Except pursuant to a declaration of emergency under RCW 43.135.035 or pursuant to an appropriation under RCW 43.135.045(4)(b), the state treasurer shall not issue or redeem any check, warrant, or voucher that will result in a state general fund or related fund expenditure for any fiscal year in excess of the state expenditure limit established under this chapter. A violation of this subsection constitutes a violation of RCW 43.88.290 and shall subject the state treasurer to the penalties provided in RCW 43.88.300.

(3) The state expenditure limit for any fiscal year shall be the previous fiscal year's state expenditure limit increased by a percentage rate that equals the fiscal growth factor.

(4) For purposes of computing the state expenditure limit for the fiscal year beginning July 1, (~~(1995))~~ 2007, the phrase "the previous fiscal year's state expenditure limit" means the total state expenditures from the state general fund and related funds, not including federal funds, for the fiscal year beginning July 1, (~~(1989))~~ 2006, plus the fiscal growth factor. (~~(This calculation is then computed for the state expenditure limit for fiscal years 1992, 1993, 1994, and 1995, and as required under RCW 43.135.035(4).))~~)

(5) A state expenditure limit committee is established for the purpose of determining and adjusting the state expenditure limit as provided in this chapter. The members of the state expenditure limit committee are the director of financial management, the attorney general or the attorney general's designee, and the chairs and ranking minority members of the senate committee on ways and means and the house of representatives committee on appropriations. All actions of the state expenditure limit committee taken pursuant to this chapter require an affirmative vote of at least (~~(three))~~ four members.

(6) Each November, the state expenditure limit committee shall adjust the expenditure limit for the preceding fiscal year based on actual expenditures and known changes in the fiscal growth factor and then project an expenditure limit for the next two fiscal years. If, by November 30th, the state expenditure limit committee has not adopted the expenditure limit

adjustment and projected expenditure limit as provided in subsection (5) of this section, the attorney general or his or her designee shall adjust or project the expenditure limit, as necessary.

(7) "Fiscal growth factor" means the average ~~((of the sum of inflation and population change for each of the prior three fiscal years))~~ growth in state personal income for the prior ten fiscal years.

(8) ~~("Inflation" means the percentage change in the implicit price deflator for the United States for each fiscal year as published by the federal bureau of labor statistics.~~

~~(9) "Population change" means the percentage change in state population for each fiscal year as reported by the office of financial management.)~~ "General fund" means the state general fund.

(9) "Related fund" means the health services account, violence reduction and drug enforcement account, public safety and education account, water quality account, or student achievement fund.

Sec. 5. RCW 43.135.035 and 2005 c ... s 2 (section 2 of this act) are each amended to read as follows:

(1) After July 1, 1995, any action or combination of actions by the legislature that raises state revenue or requires revenue-neutral tax shifts may be taken only if approved by a two-thirds vote of each house, and then only if state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter.

~~((However, for legislation enacted between the effective date of this 2005 act and June 30, 2007, any action or combination of actions by the legislature that raises state revenue or requires revenue neutral tax shifts may be taken with the approval of a majority of members elected to each house, so long as state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter.))~~

(2)(a) If the legislative action under subsection (1) of this section will result in expenditures in excess of the state expenditure limit, then the action of the legislature shall not take effect until approved by a vote of the people at a November general election. The state expenditure limit committee shall adjust the state expenditure limit by the amount of additional revenue approved by the voters under this section. This adjustment shall not exceed the amount of revenue generated by the legislative action during the first full fiscal year in which it is in effect. The state expenditure limit shall be adjusted downward upon expiration or repeal of the legislative action.

(b) The ballot title for any vote of the people required under this section shall be substantially as follows:

"Shall taxes be imposed on in order to allow a spending increase above last year's authorized spending adjusted for ~~((inflation and population increases))~~ personal income growth?"

(3)(a) The state expenditure limit may be exceeded upon declaration of an emergency for a period not to exceed twenty-four months by a law approved by a two-thirds vote of each house of the legislature and signed by the governor. The law shall set forth the nature of the emergency, which is limited to natural disasters that require immediate government action to alleviate human suffering and provide humanitarian assistance. The state expenditure limit may be exceeded for no more than twenty-four months following the declaration of the emergency and only for the purposes contained in the emergency declaration.

(b) Additional taxes required for an emergency under this section may be imposed only until thirty days following the next general election, unless an extension is approved at that general election. The additional taxes shall expire upon expiration of the declaration of emergency. The legislature shall not impose additional taxes for emergency purposes under this subsection unless funds in the education construction fund have been exhausted.

(c) The state or any political subdivision of the state shall not impose any tax on intangible property listed in RCW 84.36.070 as that statute exists on January 1, 1993.

(4) If the cost of any state program or function is shifted from the state general fund ~~((on or after January 1, 1993,))~~ or a related fund to another source of funding, or if moneys are transferred from the state general fund or a related fund to another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall lower the state expenditure limit to reflect the shift. For the purposes of this section, a transfer of money from the state general fund or a related fund to another fund or account includes any state legislative action taken that has the effect of reducing revenues from a particular source, where such revenues would otherwise be deposited into the state general fund or a related fund, while increasing the revenues from that particular source to another state or local government account. This subsection does not apply to the dedication or use of lottery revenues under RCW 67.70.240(3) or property taxes under RCW 84.52.068, in support of education or education expenditures.

(5) If the cost of any state program or function ~~((is))~~ and the ongoing revenue necessary to fund the program or function are shifted to the state general fund or a related fund on or after January 1, ~~((2000, from another source of funding, or if moneys are transferred to the state general fund from another fund or account))~~ 2007, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall increase the state expenditure limit to reflect the shift.

Sec. 6. RCW 43.135.045 and 2003 1st sp.s. c 25 s 920 are each amended to read as follows:

(1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall ~~((deposit in the emergency reserve fund all general fund state revenues in excess of the state expenditure limit for that fiscal year. Deposits))~~ transfer an amount from the state general fund to the emergency reserve fund. The amount transferred shall equal the amount by which total state revenue for the general fund and related funds exceeds the state expenditure limit, multiplied by the percentage that general fund expenditures are of total expenditures from the general fund and related funds. Transfers shall be made at the end of each fiscal quarter based on projections of state revenues, expenditures, and the state expenditure limit. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of annual general fund--state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer as follows: Seventy-five percent to the student achievement fund hereby created in the state treasury and twenty-five percent to the general fund balance. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter. When per-student state funding for the maintenance and operation of K-12 education meets a level of no less than ninety percent of the national average of total funding from all sources per student as determined by the most recent published data from the national center for education statistics of the United States department of education, as calculated by the office of financial management, further deposits to the student achievement fund shall be required only to the extent necessary to maintain the ninety-percent level. Remaining funds are part of the general fund balance and these funds are subject to the expenditure limits of this chapter.

(4) The education construction fund is hereby created in the state treasury.

(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

(5) Funds from the student achievement fund shall be appropriated to the superintendent of public instruction strictly for distribution to school districts to meet the provisions set out in the student achievement act. Allocations shall be made on an equal per full-time equivalent student basis to each school district.

~~((6) Earnings of the emergency reserve fund under RCW 43.84.092(4)(a) shall be transferred quarterly to the multimodal transportation account, except for those earnings that are in excess of thirty five million dollars each fiscal year. Within thirty days following any fiscal year in which earnings transferred to the multimodal transportation account under this subsection did not total thirty five million dollars, the state treasurer shall transfer from the emergency reserve fund an amount necessary to bring the total deposited in the multimodal transportation account under this subsection to thirty five million dollars. The revenues to the multimodal transportation account reflected in this subsection provide ongoing support for the transportation programs of the state. However, it is the intent of the legislature that any new long term financial support that may be subsequently provided for transportation programs will be used to replace and supplant the revenues reflected in this subsection, thereby allowing those revenues to be returned to the purposes to which they were previously dedicated. No transfers from the emergency reserve fund to the multimodal fund shall be made during the 2003-05 fiscal biennium.))~~

NEW SECTION. Sec. 7. (1) Sections 1 and 2 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately.

(2) Sections 3 through 6 of this act take effect July 1, 2007."

Correct the title.

and the same are herewith transmitted.

MOTION

Senator Prentice moved that the Senate concur in the House amendment(s) to Substitute Senate Bill No. 6078.

POINT OF ORDER

Senator Zarelli: "I would submit to the body and the President that Substitute Senate Bill No. 6078 as amended by the House is not properly before the Senate. I would like to explain that. Thank you Mr. President. Senate Concurrent Resolution No. 8400 provides that after five p.m. on Friday, April 15, 2005, neither House may consider any bills, memorials or joint resolutions, except those necessary to implement the budget. Yesterday, the House considered Substitute Senate Bill No. 6078 as its special order of business, the last bill heard before 5:00 p.m. At about 6:00 p.m., the bill was voted upon and the Speaker ruled that the bill failed as it did not receive the constitutional required fifty votes. At this point the bill failed and nothing in the Concurrent Resolution contemplates any further action on a bill that is not necessary to implement the budget. At about 7:00 p.m., some two hours after the cut-off the House took up consideration of the bill for a the second time. This was in direct contravention of the cut-off resolution which states that neither House may consider any bills not necessary to implement the budget after 5:00 p.m. on April 15. Mr. President, I would further like to say that under the joint rules and under the concurrent resolution, that, though this action was taken in another body and the President may feel that he doesn't have jurisdiction over that decision, I would argue to the President that, in fact, he does. That both bodies have agreed to the rules, to the concurrent resolution and therefore both bodies including the President, who presides over this body, should have a say as to one body or the other's decision to, in my mind, breach those rules, Mr. President. I think that at the end of the day, the legitimacy of joint rules and concurrent resolutions is in doubt in an action like this and would ask the President for these reasons to rule that the bill is not properly before us."

POINT OF ORDER

Senator Brown: "I would ask the President to rule that, in fact, that Substitute Senate Bill No. 6078 is properly before the Senate. That the actions that took place in the House when they considered this bill, temporarily went at ease, and ultimately passed this bill. That if such an objection were to be raised about the bill that it's properly raised in the House and not in the Senate and would ask the President to rule thus."

MOTION

On motion of Senator Eide, further consideration of Substitute Senate Bill No. 6078 was deferred and the bill held its place on the concurrence calendar.

The President Pro Tempore assumed the chair.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. To achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and ground water resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments.

(A) A commercial, industrial, residential, shoreline, or mixed-use area shall be subject to the requirements of (d)(iv) of this subsection, but shall not be subject to the requirements of (c)(ii) and (iii) of this subsection.

(B) Any development or redevelopment other than an industrial area or an industrial use within a mixed-use area or an industrial area under this subsection (5)(d)(i) must be principally designed to serve the existing and projected rural population.

(C) Any development or redevelopment in terms of building size, scale, use, or intensity shall be consistent with the character of the existing areas. Development and redevelopment may include changes in use from vacant land or a previously existing use so long as the new use conforms to the requirements of this subsection (5);

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl, such as a connection to an existing sewer line where such connection serves only the recreational or tourist use and is not available to adjacent nonrecreational or nontourist use parcels;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area as defined by the local government according to RCW 36.70A.030(14). Rural counties may also allow new small-scale businesses to utilize a site previously occupied by an existing business as long as the new small-scale business conforms to the rural character of the area as defined by the local government according to RCW 36.70A.030(14). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating travel;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county's jurisdictional boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and the department of transportation's six-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(F) Identification of state and local system needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the statewide multimodal transportation plan required under chapter 47.06 RCW;

(iv) Finance, including:

(A) An analysis of funding capability to judge needs against probable funding resources;

(B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the six-year improvement program developed by the department of transportation as required by RCW 47.05.030;

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(vi) Demand-management strategies.

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

(c) The transportation element described in this subsection (6), and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, RCW 35.58.2795 for public transportation systems, and RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. The element shall include: (a) A summary of the local economy such as population, employment, payroll, sectors, businesses, sales, and other information as appropriate; (b) a summary of the strengths and weaknesses of the local economy defined as the commercial and industrial sectors and supporting factors such as land use, transportation, utilities, education, work force, housing, and natural/cultural resources; and (c) an identification of policies, programs, and projects to foster economic growth and development and to address future needs. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ten-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null

and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at least two years before local government must update comprehensive plans as required in RCW 36.70A.130.

NEW SECTION. Sec. 2. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

NEW SECTION. Sec. 3. Section 1 of this act expires August 31, 2005."

MESSAGE FROM THE HOUSE

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5902, with the following amendment{s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that small technology-based firms are the source of approximately one-half of the economy's major innovations and that it is in the interest of the state to increase participation by Washington state small businesses in the federal small business innovation research program by assisting them in becoming small business innovation research program grant recipients.

The legislature further finds that many small business innovators lack the grant-writing skills necessary to prepare a successful small business innovation research program proposal, and the federal program that funded grant-writing assistance has stopped operations. Nearly fifty percent of small businesses trained under the federal program won grants compared to less than ten percent of those that did not receive training.

(2) As used in this section:

(a) "Small business innovation research program" means the program, enacted pursuant to the small business innovation development act of 1982, P.L. 97-219, that provided funds to small businesses to conduct innovative research having commercial application.

(b) "Small business" means a corporation, partnership, sole proprietorship, or individual, operating a business for profit, with two hundred fifty employees or fewer, including employees employed in a subsidiary or affiliated corporation, that otherwise meets the requirements of the federal small business innovation research program.

(3) The Washington technology center shall establish a small business innovation research assistance program, including a proposal review process, to train and assist Washington small businesses to win phase I small business innovation research program awards.

(a) The Washington technology center shall give priority to first-time small business innovation research program applicants, new businesses, and firms with fewer than ten employees.

(b) The Washington technology center may charge a fee for this service."

President Owen assumed the chair.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Zarelli that Substitute Senate Bill 6078 is not properly before us because the House did not act upon it in time to comply with the cutoff dates set forth in Senate Concurrent Resolution 8400, the President finds and rules as follows:

Matters of difference between the Senate and the House must generally be resolved by the processes set forth for passage of bills within the Constitution, applicable codes, and any concurrent resolutions by and between the two bodies, such as the Joint Rules or the cutoff resolution. Conduct of affairs and conclusions reached within the House are not matters on which the President should properly rule. The President will make rulings, such as scope and object, with respect to bills passed from the House over to the Senate, where such a ruling is necessary to determine the actual text of the bill to be considered, or to determine the votes needed or similar parliamentary necessities. Beyond this, the President will defer to the House on the conduct of its affairs.

When the House reports a measure out or otherwise sends an official message to the Senate, the President will generally take this message as a proper communication as to the disposition of the House's business, and not look beyond this. Any other analysis risks generating bad will between the bodies and invites endless 'second guessing' of procedural matters already decided. To avoid this and promote comity between the two chambers, the President follows an approach similar to the enrolled bill doctrine found at law, under which the body promulgating a measure is the final authority as to whether it followed its own applicable procedures. The President reserves the right, of course to consider any substantial irregularities in process between the bodies. In general, however, the President will confine himself to ruling on the parliamentary merits of the matters before us, not the process followed in the House.

For these reasons, the President finds that Senator Zarelli's point is not well-taken and the measure is properly before this body for consideration."

The Senate resumed consideration of Substitute Senate Bill No. 6078 which had been deferred earlier in the day.

The President declared the question before the Senate to be the motion by Senator Prentice that the Senate concur in the House amendment(s) to Substitute Senate Bill No. 6078.

The Secretary called the roll on the final passage of Substitute Senate Bill No. 6078, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 25; Nays, 16; Absent, 0; Excused, 8.

"**Sec. 3** RCW 46.63.110 and 2003 c 380 s 2 are each amended to read as follows:

(1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is two hundred fifty dollars for each offense; (b) RCW 46.61.210(1) is five hundred dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for

failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty is imposed by a court under this chapter it is immediately payable. If the person is unable to pay at that time the court may, in its discretion, grant an extension of the period in which the penalty may be paid. If the penalty is not paid on or before the time established for payment the court shall notify the department of the failure to pay the penalty, and the department shall suspend the person's driver's license or driving privilege until the penalty has been paid and the penalty provided in subsection (4) of this section has been paid.

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed a fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040.

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 shall be assessed an additional penalty of twenty dollars. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the community restitution program.

(b) Eight dollars and fifty cents of the additional penalty under (a) of this subsection shall be remitted to the state treasurer. The remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited as provided in RCW 43.08.250. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city current expense fund. MESSAGE FROM THE HOUSE

April 12, 2005

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5052, with the following amendment{s}:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. SHORT TITLE. This chapter may be cited as the Washington Uniform Estate Tax Apportionment Act of 2005.

NEW SECTION. Sec. 2. DEFINITIONS. The following definitions apply throughout this chapter unless the context clearly requires otherwise.

(1) "Apportionable estate" means the value of the gross estate as finally determined for purposes of the estate tax to be apportioned reduced by:

(a) Any claim or expense allowable as a deduction for purposes of the tax;

(b) The value of any interest in property that, for purposes of the tax, qualifies for a marital or charitable deduction or otherwise is deductible or is exempt; and

(c) Any amount added to the decedent's gross estate because of a gift tax on transfers made before death.

(2) "Estate tax" means a federal, state, or foreign tax imposed because of the death of an individual and interest and penalties associated with the tax. The term does not include an inheritance tax, income tax, or generation-skipping transfer tax other than a generation-skipping transfer tax incurred on a direct skip taking effect at death.

(3) "Gross estate" means, with respect to an estate tax, all interests in property subject to the tax.

(4) "Person" means an individual, corporation, business trust, estate, trust, partnership, limited liability company, association, joint venture, public corporation, government, governmental subdivision, agency, or instrumentality, or any other legal or commercial entity.

(5) "Ratable" means apportioned or allocated pro rata according to the relative values of interests to which the term is to be applied. "Ratably" has a corresponding meaning.

(6) "Time-limited interest" means an interest in property which terminates on a lapse of time or on the occurrence or nonoccurrence of an event or which is subject to the exercise of discretion that could transfer a beneficial interest to another person. The term does not include a cotenancy unless the cotenancy itself is a time-limited interest.

(7) "Value" means, with respect to an interest in property, fair market value as finally determined for purposes of the estate tax that is to be apportioned, reduced by any outstanding debt secured by the interest without reduction for taxes paid or required to be paid or for any special valuation adjustment.

(8) "Internal Revenue Code" means the United States Internal Revenue Code of 1986, as amended or renumbered as of January 1, 2005.

NEW SECTION. Sec. 3. APPORTIONMENT BY WILL OR OTHER DISPOSITIVE INSTRUMENT. (1) Except as otherwise provided in subsection (3) of this section, the following rules apply:

(a) To the extent that a provision of a decedent's will provides for the apportionment of an estate tax, the tax must be apportioned accordingly.

(b) Any portion of an estate tax not apportioned pursuant to (a) of this subsection must be apportioned in accordance with any provision of a revocable trust of which the decedent was the settlor which provides for the apportionment of an estate tax. If conflicting apportionment provisions appear in two or more revocable trust instruments, the provision in the most recently dated instrument prevails. For purposes of this subsection (1)(b):

(i) A trust is revocable if it was revocable immediately after the trust instrument was executed, even if the trust subsequently becomes irrevocable; and

(ii) The date of an amendment to a revocable trust instrument is the date of the amended instrument only if the amendment contains an apportionment provision.

(c) If any portion of an estate tax is not apportioned pursuant to (a) or (b) of this subsection, and a provision in any other dispositive instrument provides that any interest in the property disposed of by the instrument is or is not to be applied to

the payment of the estate tax attributable to the interest disposed of by the instrument, the provision controls the apportionment of the tax to that interest.

(2) Subject to subsection (3) of this section, and unless the decedent provides to the contrary, the following rules apply:

(a) If an apportionment provision provides that a person receiving an interest in property under an instrument is to be exonerated from the responsibility to pay an estate tax that would otherwise be apportioned to the interest:

(i) The tax attributable to the exonerated interest must be apportioned among the other persons receiving interests passing under the instrument; or

(ii) If the values of the other interests are less than the tax attributable to the exonerated interest, the deficiency must be apportioned ratably among the other persons receiving interests in the apportionable estate that are not exonerated from apportionment of the tax.

(b) If an apportionment provision provides that an estate tax is to be apportioned to an interest in property a portion of which qualifies for a marital or charitable deduction, the estate tax must first be apportioned ratably among the holders of the portion that does not qualify for a marital or charitable deduction and then apportioned ratably among the holders of the deductible portion to the extent that the value of the nondeductible portion is insufficient.

(c) Except as otherwise provided in (d) of this subsection, if an apportionment provision provides that an estate tax be apportioned to property in which one or more time-limited interests exist, other than interests in specified property under section 7 of this act, the tax must be apportioned to the principal of that property, regardless of the deductibility of some of the interests in that property.

(d) If an apportionment provision provides that an estate tax is to be apportioned to the holders of interests in property in which one or more time-limited interests exist and a charity has an interest that otherwise qualifies for an estate tax charitable deduction, the tax must first be apportioned, to the extent feasible, to interests in property that have not been distributed to the persons entitled to receive the interests. No tax shall be paid from a charitable remainder annuity trust or a charitable remainder unitrust described in section 664 of the Internal Revenue Code and created during the decedent's life.

(3) A provision that apportions an estate tax is ineffective to the extent that it increases the tax apportioned to a person having an interest in the gross estate over which the decedent had no power to transfer immediately before the decedent executed the instrument in which the apportionment direction was made. For purposes of this section, a testamentary power of appointment is a power to transfer the property that is subject to the power.

NEW SECTION. Sec. 4. STATUTORY APPORTIONMENT OF ESTATE TAXES. To the extent that apportionment of an estate tax is not controlled by an instrument described in section 3 of this act and except as otherwise provided in sections 6 and 7 of this act, the following rules apply:

(1) Subject to subsections (2), (3), and (4) of this section, the estate tax is apportioned ratably to each person that has an interest in the apportionable estate.

(2) A generation-skipping transfer tax incurred on a direct skip taking effect at death is charged to the person to which the interest in property is transferred.

(3) If property is included in the decedent's gross estate because of section 2044 of the Internal Revenue Code or any similar estate tax provision, the difference between the total estate tax for which the decedent's estate is liable and the amount of estate tax for which the decedent's estate would have been liable if the property had not been included in the decedent's gross estate is apportioned ratably among the holders of interests in the property. The balance of the tax, if any, is apportioned ratably to each other person having an interest in the apportionable estate.

(4) Except as otherwise provided in section 3(2)(d) of this act and except as to property to which section 7 of this act applies, an estate tax apportioned to persons holding interests in property subject to a time-limited interest must be apportioned, without further apportionment, to the principal of that property.

(5) If the court finds that it is inequitable to apportion interest and penalties in the manner provided in this chapter because of special circumstances, it may direct apportionment thereon in the manner it finds equitable.

NEW SECTION. Sec. 5. CREDITS AND DEFERRALS. Except as otherwise provided in sections 6 and 7 of this act, the following rules apply to credits and deferrals of estate taxes:

(1) A credit resulting from the payment of gift taxes or from estate taxes paid on property previously taxed inures ratably to the benefit of all persons to which the estate tax is apportioned.

(2) A credit for state or foreign estate taxes inures ratably to the benefit of all persons to which the estate tax is apportioned, except that the amount of a credit for a state or foreign tax paid by a beneficiary of the property on which the state or foreign tax was imposed, directly or by a charge against the property, inures to the benefit of the beneficiary.

(3) If payment of a portion of an estate tax is deferred because of the inclusion in the gross estate of a particular interest in property, the benefit of the deferral inures ratably to the persons to which the estate tax attributable to the interest is

apportioned. The burden of any interest charges incurred on a deferral of taxes and the benefit of any tax deduction associated with the accrual or payment of the interest charge is allocated ratably among the persons receiving an interest in the property.

NEW SECTION. Sec. 6. INSULATED PROPERTY--ADVANCEMENT OF TAX. (1) As used in this section:

(a) "Advanced fraction" means a fraction that has as its numerator the amount of the advanced tax and as its denominator the value of the interests in insulated property to which that tax is attributable.

(b) "Advanced tax" means the aggregate amount of estate tax attributable to interests in insulated property which is required to be advanced by uninsulated holders under subsection (3) of this section.

(c) "Insulated property" means property subject to a time-limited interest which is included in the apportionable estate and is unavailable for payment of an estate tax because of impossibility or impracticability. Insulated property does not include property from which the beneficial holder has the unilateral right to cause distribution to himself or herself.

(d) "Uninsulated holder" means a person who has an interest in uninsulated property.

(e) "Uninsulated property" means property included in the apportionable estate other than insulated property.

(2) If an estate tax is to be advanced pursuant to subsection (3) of this section by persons holding interests in uninsulated property subject to a time-limited interest other than property to which section 7 of this act applies, the tax must be advanced, without further apportionment, from the principal of the uninsulated property.

(3) Subject to section 9 (2) and (4) of this act, an estate tax attributable to interests in insulated property must be advanced ratably by uninsulated holders.

(4) A court having jurisdiction to determine the apportionment of an estate tax may require a beneficiary of an interest in insulated property to pay all or part of the estate tax otherwise apportioned to the interest if the court finds that it would be substantially more equitable for that beneficiary to bear the tax liability personally than for that part of the tax to be advanced by uninsulated holders.

(5) Upon payment by an uninsulated holder of estate tax required to be advanced, a court may require the beneficiary of an interest in insulated property to provide a bond or other security, including a recordable lien on the property of the beneficiary, for repayment of the advanced tax.

(6) When a distribution of insulated property is made, each uninsulated holder may recover from the distributee a ratable portion of the advanced fraction of the property distributed. To the extent that undistributed insulated property ceases to be insulated, each uninsulated holder may recover from the property a ratable portion of the advanced fraction of the total undistributed property.

NEW SECTION. Sec. 7. APPORTIONMENT AND RECAPTURE OF SPECIAL ELECTIVE BENEFITS. (1) As used in this section:

(a) "Special elective benefit" means a reduction in an estate tax obtained by an election for:

(i) A reduced valuation of specified property that is included in the gross estate;

(ii) A deduction from the gross estate, other than a marital or charitable deduction, allowed for specified property; or

(iii) An exclusion from the gross estate of specified property.

(b) "Specified property" means property for which an election has been made for a special elective benefit.

(2) If an election is made for one or more special elective benefits, an initial apportionment of a hypothetical estate tax must be computed as if no election for any of those benefits had been made. The aggregate reduction in estate tax resulting from all elections made must be allocated among holders of interests in the specified property in the proportion that the amount of deduction, reduced valuation, or exclusion attributable to each holder's interest bears to the aggregate amount of deductions, reduced valuations, and exclusions obtained by the decedent's estate from the elections. If the estate tax initially apportioned to the holder of an interest in specified property is reduced to zero, any excess amount of reduction reduces ratably the estate tax apportioned to other persons that receive interests in the apportionable estate.

(3) An additional estate tax imposed to recapture all or part of a special elective benefit must be charged to the persons that are liable for the additional tax under the law providing for the recapture.

NEW SECTION. Sec. 8. SECURING PAYMENT OF ESTATE TAX FROM PROPERTY IN POSSESSION OF FIDUCIARY. (1) A fiduciary may defer a distribution of property until the fiduciary is satisfied that adequate provision for payment of the estate tax has been made.

(2) A fiduciary may withhold from a distributee the estate tax apportioned to and the estate tax required to be advanced by the distributee.

(3) As a condition to a distribution, a fiduciary may require the distributee to provide a bond or other security for the estate tax apportioned to and the estate tax required to be advanced by the distributee.

NEW SECTION. Sec. 9. COLLECTION OF ESTATE TAX BY FIDUCIARY. (1) A fiduciary responsible for payment of an estate tax may collect from any person the estate tax apportioned to and the estate tax required to be advanced by the person.

(2) Except as otherwise provided in section 6 of this act, any estate tax due from a person that cannot be collected from the person may be collected by the fiduciary from other persons in the following order of priority:

- (a) Any person having an interest in the apportionable estate which is not exonerated from the tax;
- (b) Any other person having an interest in the apportionable estate;
- (c) Any person having an interest in the gross estate.

(3) A domiciliary fiduciary may recover from an ancillary personal representative the estate tax apportioned to the property controlled by the ancillary personal representative.

(4) The total tax collected from a person pursuant to this chapter may not exceed the value of the person's interest.

NEW SECTION. Sec. 10. RIGHT OF REIMBURSEMENT. (1) A person required under section 9 of this act to pay an estate tax greater than the amount due from the person under section 3 or 4 of this act has a right to reimbursement from another person to the extent that the other person has not paid the tax required by section 3 or 4 of this act and a right to reimbursement ratably from other persons to the extent that each has not contributed a portion of the amount collected under section 9(2) of this act.

(2) A fiduciary may enforce the right of reimbursement under subsection (1) of this section on behalf of the person that is entitled to the reimbursement and shall take reasonable steps to do so if requested by the person.

NEW SECTION. Sec. 11. ACTION TO DETERMINE OR ENFORCE CHAPTER--APPLICATION OF CHAPTER 11.96A RCW. Chapter 11.96A RCW applies to issues, questions, or disputes that arise under or that relate to this chapter. Any and all such issues, questions, or disputes may be resolved judicially or nonjudicially under chapter 11.96A RCW.

NEW SECTION. Sec. 12. UNIFORMITY OF APPLICATION AND CONSTRUCTION. In applying and construing this uniform act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

NEW SECTION. Sec. 13. SEVERABILITY. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 14. APPLICATION DATE. (1) This act takes effect for estate tax due on account of decedents who die on or after January 1, 2006.

(2) Sections 2 through 7 of this act do not apply to a decedent who dies after December 31, 2005, if the decedent continuously lacked testamentary capacity from January 1, 2006, until the date of death. For such a decedent, estate tax must be apportioned pursuant to the law in effect immediately before the effective date of this act.

NEW SECTION. Sec. 15. The following acts or parts of acts are each repealed:

INTRODUCTION OF SPECIAL GUESTS

The President welcomed and introduced Ryne Sandberg who was seated on the rostrum.

With permission of the Senate, business was suspended to allow Mr. Ryne Sandberg, Major League Baseball's 2005 inductee to the Baseball Hall of Fame, to address the Senate.

REMARKS BY MR. RYNE SANDBERG

Mr. Ryne Sandberg: "I believe that passed in a land slide, didn't it. That was good to hear. I have great pride growing up in Spokane, spending my first eighteen years there. It was a great opportunity for me to grow up. It had great opportunities for the athletes. I got to play my basketball at the coliseum, which was a big thrill. I played all my football games at Joe Albi Stadium, for high school, it doesn't get any better than that. Of course, I played American Legion baseball at Shadle Park under the lights. So, I felt like I was in the right place for me to flourish and to work and play at the game that I love. I loved all sports. In 1978, I was fortunate enough to be drafted by the Philadelphia Phillies. An interesting story growing up in Spokane, we didn't have the Seattle Mariners yet, so I was a big Cincinnati Red's fan because they seemed to be on the Saturday Games of the Week quite often in the '70s. My favorite player was Pete Rose growing up and besides a family vacation trip where we went to Fenway Park and saw the Minnesota Twins play once and then the Oakland A's play. Those were my only three times in a major league ballpark. Until the fourth time, I was in uniform with the Philadelphia Phillies after spending four years in the minor league with the Phillies and my locker was next to Pete Rose. So just a lot of great thrills along the way. That was definitely a big one but playing for the team, the Chicago Cubs, I also felt very, very lucky and very fortunate. A lot of our games, as you know, were on WGN TV so that my relatives could watch me. My friends could watch. Hanging out with Harry Caray wasn't too bad, a lot of laughs there. The Cubs have always been a team that's had a great following of fans and I saw that all across the United States when we played, so that was a big thrill. Also playing our games at Wrigley Field was I thought was a treat. We had a lot, most of our games were day baseball which I enjoyed as a hitter being able to see the ball very well. I was actually there when we finally put lights up in 1988. That was a big thrill. I hit a two-run home run my first at bat under the lights. So, all in all it's just been like a dream come true for me. I always played sports, played a lot out in the front yard by myself, actually. We had a house, a two-story house with two-tiered grass going up. And we had the nice steps up there and I used to throw the ball up against the steps and field the ball coming back and imagine that I was playing in the major leagues. Emulated players that were on the major games of the week back then and so to have everything happen as it did is just remarkable to me. This is a great honor being here today and throughout the State of Washington I feel like I always had great support and especially out of Spokane. This is an honor here today also. Thank you very much."

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5308, with the following amendment{s):
Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 26.44.030 and 2003 c 207 s 4 are each amended to read as follows:

(1)(a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, licensed or certified child care providers or their employees, employee of the department, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, or state family and children's ombudsman or any volunteer in the ombudsman's office has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b)(i) When any person who is an employee or regular-service volunteer of a for-profit entity that provides services to children as a primary mission or purpose of the entity, or nonprofit entity as defined in RCW 84.36.800, has reasonable cause to believe that a child has suffered abuse or neglect, and the alleged perpetrator is an employee, contractor, or regular-service or occasional-service volunteer of the same for-profit or nonprofit entity, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(ii) Nothing in this subsection (1)(b) shall limit a person's duty to report under (a) of this subsection.

(c) The reporting requirement also applies to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

~~((c))~~ (d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

~~((4))~~ (e) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2)(a) The reporting requirement of subsection (1) of this section does not apply to a member of the clergy with regard to information obtained by the member of the clergy in his or her professional character as a religious or spiritual advisor when the information is obtained solely as a result of a confession made pursuant to the clergy-penitent privilege as provided in RCW 5.60.060(3), and the member of the clergy is authorized to hear such confession, and has a duty under the discipline, tenets, doctrine, or custom of his or her church, religious denomination, religious body, spiritual community, or sect to keep the confession secret. The privilege shall not apply, and the member of the clergy shall report child abuse or neglect pursuant to this section, if the member of the clergy has received the information from any source other than from a confession.

(b) Nothing in this subsection shall exempt a member of the clergy from making a report of child abuse or neglect as required in subsection (1) of this section when the member of the clergy is acting in some other capacity that would otherwise require him or her to make a report.

(3) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

~~((3))~~ (4) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

~~((4))~~ (5) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

~~((5))~~ (6) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

~~((6))~~ (7) Any county prosecutor or city attorney receiving a report under subsection ~~((5))~~ (6) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

~~((7))~~ (8) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

~~((8))~~ (9) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

~~((9))~~ (10) Persons or agencies exchanging information under subsection ~~((7))~~ (8) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

~~((10))~~ (11) Upon receiving reports of alleged abuse or neglect, the department or law enforcement agency may interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation.

~~((11))~~ (12) Upon receiving a report of alleged child abuse and neglect, the department or investigating law enforcement agency shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

~~((12))~~ (13) The department shall maintain investigation records and conduct timely and periodic reviews of all cases constituting abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

~~((13))~~ (14) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

~~((14))~~ (15) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

~~((15))~~ (16) The department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which: (a) The department believes there is a serious threat of substantial harm to the child; (b) the report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or (c) the department has, after investigation, a report of abuse or neglect that has been founded with regard to a member of the household within three years of receipt of the referral.

(17) For the purposes of this section, the following definitions apply:

(a) "Volunteer" means any person who, of his or her own free will, provides goods or services without any financial gain to any agency, instrumentality, political subdivision, or school district of the state of Washington;

(b) "Occasional-service volunteer" means any person who provides a one-time or occasional volunteer service; and

(c) "Regular-service volunteer" means any person engaged in specific volunteer service activities on an ongoing or continuing basis."

Correct the title.

and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 12, 2005

MR. PRESIDENT:

The House has passed ENGROSSED SENATE BILL NO. 5513, with the following amendment{s}:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that it is in the interest of the state to restructure the roles and responsibilities of the state's transportation agencies in order to improve efficiency and accountability. The legislature also finds that continued citizen oversight of performance of the state's transportation system remains an important priority. To achieve these purposes, the legislature intends to provide direct accountability of the department of transportation to the governor, in his or her role as chief executive officer of state government, by making the secretary of transportation a cabinet-level official. Additionally, it is essential to clearly delineate between the separate and distinct roles and responsibilities of the executive and legislative branches of government. The role of executive is to oversee the implementation of transportation programs, while the legislature reserves to itself the role of policy making. Finally, consolidating public outreach and auditing of the state's transportation agencies under a single citizen-governed entity, the transportation accountability commission, will provide the public with information about the performance of the transportation system and an avenue for direct participation in its oversight.

Departmental Governance

Before a motion for dismissal shall be acted on by the commission, the secretary shall be granted a hearing on formal written charges before the full commission. An action by the commission to remove the secretary shall be final))~~ at the pleasure of the governor.

Sec. 4. RCW 47.01.051 and 1977 ex.s. c 151 s 5 are each amended to read as follows:

No more than two members of the commission shall reside in the same county. Service on the commission shall not be considered as service credit for the purposes of any public retirement system.

(4) Each member of the commission shall disclose any actual or potential conflict of interest, if applicable under the circumstance, regarding any commission business.

The commission shall consider the recommendations of the department and testimony from the public and local municipalities. The commission shall give consideration to criteria consistent with this section and federal regulations relating to the functional classification of highways, including but not limited to the following:

The commission, in cooperation with cities and counties, shall review and make recommendations to the legislature regarding policies governing weight restrictions and road closures which affect the transportation of freight and goods.

Sec. 9. RCW 47.05.030 and 2002 c 5 s 402 are each amended to read as follows:

The transportation commission shall adopt a comprehensive (~~six-year~~) ten-year investment program specifying program objectives and performance measures for the preservation and improvement programs defined in this section. The adopted ten-year investment program must be forwarded as a recommendation to the governor and legislature for final adoption. In the specification of investment program objectives and performance measures, the transportation commission, in consultation with the Washington state department of transportation, shall define and adopt standards for effective programming and prioritization practices including a needs analysis process. The analysis process must ensure the identification of problems and deficiencies, the evaluation of alternative solutions and trade-offs, and estimations of the costs and benefits of prospective projects. The investment program must be revised (~~biennially, effective on July 1st of odd-numbered years~~) based on directions by the office of financial management. The investment program must be based upon the needs identified in the state-owned highway component of the statewide transportation plan as defined in RCW 47.01.071(3).

(1) The preservation program consists of those investments necessary to preserve the existing state highway system and to restore existing safety features, giving consideration to lowest life cycle costing. The preservation program must require use of the most cost-effective pavement surfaces, considering:

- (a) Life-cycle cost analysis;
- (b) Traffic volume;
- (c) Subgrade soil conditions;
- (d) Environmental and weather conditions;
- (e) Materials available; and
- (f) Construction factors.

The comprehensive (~~six-year~~) ten-year investment program for preservation must identify projects for two years and an investment plan for the remaining (~~four~~) eight years.

(2) The improvement program consists of investments needed to address identified deficiencies on the state highway system to increase mobility, address congestion, and improve safety, support for the economy, and protection of the environment. The (~~six-year~~) ten-year investment program for improvements must identify projects for two years and major deficiencies proposed to be addressed in the (~~six-year~~) ten-year period giving consideration to relative benefits and life cycle

costing. The transportation commission shall give higher priority for correcting identified deficiencies on those facilities classified as facilities of statewide significance as defined in RCW 47.06.140. Project prioritization must be based primarily upon cost-benefit analysis, where appropriate.

The transportation commission shall approve and present the comprehensive ~~((six-year))~~ ten-year investment program to the governor and the legislature ~~((in support of the biennial budget request under RCW 44.40.070 and 44.40.080))~~ as directed by the office of financial management.

Sec. 10. RCW 47.05.035 and 2002 c 5 s 403 are each amended to read as follows:

(1) The department ~~((and the commission))~~ shall use the transportation demand modeling tools developed under subsection (2) of this section to evaluate investments based on the best mode or improvement, or mix of modes and improvements, to meet current and future long-term demand within a corridor or system for the lowest cost. The end result of these demand modeling tools is to provide a cost-benefit analysis by which the department ~~((and the commission))~~ can determine the relative mobility improvement and congestion relief each mode or improvement under consideration will provide and the relative investment each mode or improvement under consideration will need to achieve that relief.

(2) The department will participate in the refinement, enhancement, and application of existing transportation demand modeling tools to be used to evaluate investments. This participation and use of transportation demand modeling tools will be phased in.

(3) In developing program objectives and performance measures, the ~~((transportation commission))~~ department shall evaluate investment trade-offs between the preservation and improvement programs. In making these investment trade-offs, the ~~((commission))~~ department shall evaluate, using cost-benefit techniques, roadway and bridge maintenance activities as compared to roadway and bridge preservation program activities and adjust those programs accordingly.

(4) The ~~((commission))~~ department shall allocate the estimated revenue between preservation and improvement programs giving primary consideration to the following factors:

(a) The relative needs in each of the programs and the system performance levels that can be achieved by meeting these needs;

(b) The need to provide adequate funding for preservation to protect the state's investment in its existing highway system;

(c) The continuity of future transportation development with those improvements previously programmed; and

(d) The availability of dedicated funds for a specific type of work.

(5) The commission shall review the results of the department's findings and shall consider those findings in the development of the ten-year program.

Sec. 11. RCW 47.05.051 and 2002 c 189 s 3 are each amended to read as follows:

(1) The comprehensive ~~((six-year))~~ ten-year investment program shall be based upon the needs identified in the state-owned highway component of the statewide multimodal transportation plan as defined in RCW 47.01.071(3) and priority selection systems that incorporate the following criteria:

(a) Priority programming for the preservation program shall take into account the following, not necessarily in order of importance:

(i) Extending the service life of the existing highway system, including using the most cost-effective pavement surfaces, considering:

(A) Life-cycle cost analysis;

(B) Traffic volume;

(C) Subgrade soil conditions;

(D) Environmental and weather conditions;

(E) Materials available; and

(F) Construction factors;

(ii) Ensuring the structural ability to carry loads imposed upon highways and bridges; and

(iii) Minimizing life cycle costs. The transportation commission in carrying out the provisions of this section may delegate to the department of transportation the authority to select preservation projects to be included in the ~~((six-year))~~ ten-year program.

(b) Priority programming for the improvement program must be based primarily upon the following, not necessarily in order of importance:

(i) Traffic congestion, delay, and accidents;

(ii) Location within a heavily traveled transportation corridor;

(iii) Except for projects in cities having a population of less than five thousand persons, synchronization with other potential transportation projects, including transit and multimodal projects, within the heavily traveled corridor; and

- (iv) Use of benefit/cost analysis wherever feasible to determine the value of the proposed project.
- (c) Priority programming for the improvement program may also take into account:
 - (i) Support for the state's economy, including job creation and job preservation;
 - (ii) The cost-effective movement of people and goods;
 - (iii) Accident and accident risk reduction;
 - (iv) Protection of the state's natural environment;
 - (v) Continuity and systematic development of the highway transportation network;
 - (vi) Consistency with local comprehensive plans developed under chapter 36.70A RCW including the following if they have been included in the comprehensive plan:
 - (A) Support for development in and revitalization of existing downtowns;
 - (B) Extent that development implements local comprehensive plans for rural and urban residential and nonresidential densities;
 - (C) Extent of compact, transit-oriented development for rural and urban residential and nonresidential densities;
 - (D) Opportunities for multimodal transportation; and
 - (E) Extent to which the project accommodates planned growth and economic development;
 - (vii) Consistency with regional transportation plans developed under chapter 47.80 RCW;
 - (viii) Public views concerning proposed improvements;
 - (ix) The conservation of energy resources;
 - (x) Feasibility of financing the full proposed improvement;
 - (xi) Commitments established in previous legislative sessions;
 - (xii) Relative costs and benefits of candidate programs.
- (d) Major projects addressing capacity deficiencies which prioritize allowing for preliminary engineering shall be reprioritized during the succeeding biennium, based upon updated project data. Reprioritized projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding.
- (e) Major project approvals which significantly increase a project's scope or cost from original prioritization estimates shall include a review of the project's estimated revised priority rank and the level of funding provided. Projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding.
- (2) After final adoption of the ten-year investment program by the legislature, the commission may depart from the priority programming established under subsection (1) of this section: (a) To the extent that otherwise funds cannot be utilized feasibly within the program; (b) as may be required by a court judgment, legally binding agreement, or state and federal laws and regulations; (c) as may be required to coordinate with federal, local, or other state agency construction projects; (d) to take advantage of some substantial financial benefit that may be available; (e) for continuity of route development; or (f) because of changed financial or physical conditions of an unforeseen or emergent nature. The commission or secretary of transportation shall maintain in its files information sufficient to show the extent to which the commission has departed from the established priority.
- (3) The commission shall identify those projects that yield freight mobility benefits or that alleviate the impacts of freight mobility upon affected communities.

Joint Transportation Committee

NEW SECTION. Sec. 12. The joint transportation committee is created. The executive committee of the joint committee consists of the chairs and ranking members of the house and senate transportation committees. The chairs of the house and senate transportation committees shall serve as cochairs of the joint committee. All members of the house and senate standing committees on transportation are eligible for membership of the joint committee and shall serve when appointed by the executive committee.

The joint transportation committee shall review and research transportation programs and issues. All four members of the executive committee shall approve the annual work plan. Membership of the committee may vary depending on the subject matter of oversight and research projects. The committee may also make recommendations for functional or performance audits to the transportation accountability commission.

Staff support of the joint transportation committee will be provided by the staffs of the house and senate transportation committees.

NEW SECTION. Sec. 13. The members of the joint transportation committee and the house and senate transportation committees will receive allowances while attending meetings of the committees or subcommittees and while engaged in other authorized business of the committees as provided in RCW 44.04.120. Subject to RCW 44.04.260, all expenses incurred by the

committee, and the house and senate transportation committees must be paid upon voucher forms as provided by the office of financial management and signed by the cochairs of the joint committee, or their authorized designees, and the authority of the chair or vice chair to sign vouchers continues until their successors are selected. Vouchers may be drawn upon funds appropriated for the expenses of the committee.

NEW SECTION. Sec. 14. The joint transportation committee shall conduct a review of state level governance of transportation, with a focus on the appropriate roles of the separate branches of government. The committee shall review the statutory duties, roles, and functions of the transportation commission and the department. In that review the committee shall determine which responsibilities may be transferred to the executive and which may be transferred to the legislature. By December 15, 2005, the joint transportation committee shall make its recommendations to the house and senate transportation committees. The joint transportation committee shall consult with affected agencies and other stakeholders in conducting its analysis. The committee may consult with and retain private professional and technical experts as necessary to ensure an independent review and analysis.

Transfers

NEW SECTION. Sec. 15. (1)(a) All reports, documents, surveys, books, records, files, papers, or written material relating to the conduct of performance reviews and audits in the possession of the legislative transportation committee must be delivered to the custody of the transportation accountability commission. Any remaining documents, books, records, files, papers, and written materials must be delivered to the custody of the joint transportation committee. All funds, credits, or other assets held by the legislative transportation committee for the purposes of staffing the transportation performance audit board are assigned to the transportation accountability commission. Any remaining funds, credits, or other assets held by the legislative transportation committee are assigned to the joint transportation committee.

(b) If any question arises as to the transfer of any funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(2) All employees of the legislative transportation committee are transferred to the jurisdiction of the transportation accountability commission.

(3) All existing contracts and obligations remain in full force and must be performed by the transportation accountability commission.

Transportation Accountability Commission

Sec. 16. RCW 44.75.010 and 2003 c 362 s 1 are each amended to read as follows:

It is essential that the legislature improve the accountability and efficiency of transportation-related agencies and measure transportation system performance against benchmarks established in chapter 5, Laws of 2002. Taxpayers must know that their tax dollars are being well spent to deliver critically needed transportation projects and services. To accomplish this, the transportation (~~performance audit board~~) accountability commission is created and a system of transportation functional and performance audits is established to provide oversight and accountability of transportation-related agencies. Furthermore, the transportation accountability commission will provide a public forum for the citizens of the state to contribute to the formation of state transportation policy.

Sec. 17. RCW 44.75.020 and 2003 c 362 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter.

(5) Each member of the commission shall disclose any actual or potential conflict of interest, if applicable under the circumstance, regarding all performance reviews and performance audits conducted under this chapter.

NEW SECTION. Sec. 20. A new section is added to chapter 47.-- RCW (new chapter created in section 149 of this act) to read as follows:

(1) The transportation accountability commission shall provide a public forum for the development of transportation policy in Washington state. It may recommend to the secretary of transportation, the governor, and the legislature means for obtaining appropriate citizen and professional involvement in transportation accountability policy formulation. It may further hold hearings and explore ways to enhance the accountability of transportation programs.

(2) Every two years, in coordination with the development of the state biennial budget, the commission shall prepare the statewide transportation accountability progress report that evaluates progress towards transportation performance goals and outlines the transportation priorities of the ensuing biennium. The report must:

(a) Consider the citizen input gathered at the forums;

(b) Consider the results of performance measure reviews and performance audits performed in the two-year period leading up to that review;

(c) Be developed with the assistance of transportation-related agencies and organizations;

(d) Be considered by the secretary of transportation and other state transportation-related agencies in preparing proposed agency budgets and executive request legislation;

(e) Be submitted by the commission to the governor and the legislature by October 1st of each even-numbered year.

(3) In fulfilling its responsibilities under this section, the commission may create ad hoc committees or other such committees of limited duration as necessary.

Sec. 21. RCW 44.75.050 and 2003 c 362 s 5 are each amended to read as follows:

(1) The transportation (~~(performance audit board)~~) accountability commission may review the performance and outcome measures of transportation-related agencies. The purpose of these reviews is to ensure that the governor and the legislature has the means to adequately and accurately assess the performance and outcomes of those agencies and departments. Where two or more agencies have shared responsibility for functions or priorities of government, these reviews can also determine whether effective interagency cooperation and collaboration occurs in areas such as program coordination, administrative structures, information systems, and administration of grants and loans.

(2) The commission shall, as soon as practicable, conduct a review of the comprehensive ten-year investment program process, including the required criteria, under RCW 47.05.030 and 47.05.051.

(3) In conducting these reviews, the (~~(transportation performance audit board)~~) commission may work in consultation with the (~~(legislative transportation committee, the)~~) joint legislative audit and review committee, the office of financial management, and other state agencies.

Sec. 22. RCW 44.75.060 and 2003 c 362 s 6 are each amended to read as follows:

The performance and outcome measures and benchmarks of each agency or department may be reviewed at the discretion of the transportation (~~(performance audit board)~~) accountability commission. In setting the schedule and the extent of performance reviews, the (~~(board)~~) commission shall consider the timing and results of other recent state, federal, and independent reviews and audits, the seriousness of past findings, any inadequate remedial action taken by an agency or department, whether an agency or department lacks performance and outcome measures, and the desirability to include a diverse range of agencies or programs each year.

Sec. 23. RCW 44.75.080 and 2003 c 362 s 8 are each amended to read as follows:

Upon the request of the legislative transportation committee or its executive committee, the joint legislative audit and review committee shall add the full performance or functional audit to its biennial performance audit work plan. If the request duplicates or overlaps audits already in the work plan, or was performed under the previous biennial work plan, the executive committees of the legislative transportation committee and the joint legislative audit and review committee shall meet to discuss and resolve the duplication or overlap)~~).

Sec. 24. RCW 44.75.090 and 2003 c 362 s 9 are each amended to read as follows:

(~~(H)~~) To the greatest extent possible, (~~(or when requested by the executive committee of the legislative transportation committee)~~) and to the extent funds are appropriated, the (~~(legislative auditor)~~) commission administrator shall, subject to commission approval, contract with and consult with private independent professional and technical experts to optimize the independence of the reviews and performance audits. In determining the need to contract with private experts, the (~~(legislative auditor)~~) commission administrator shall consider the degree of difficulty of the review or audit, the relative cost of contracting for expertise, and the need to maintain auditor independence from the subject agency or program. The commission administrator

may, subject to commission approval, contract with the legislative auditor to serve as the contract manager of the reviews and performance audits.

~~((2) After consultation with the executive committee of the legislative transportation committee on the appropriateness of costs, the legislative transportation committee shall reimburse the joint legislative audit and review committee or the legislative auditor for the costs of carrying out any requested performance audits, including the cost of contracts and consultant services.~~

~~(3) The executive committee of the legislative transportation committee must review and approve the methodology for performance audits recommended by the transportation performance audit board.)~~

Sec. 25. RCW 44.75.100 and 2003 c 362 s 10 are each amended to read as follows:

(1) When the commission has completed a performance audit, the commission shall transmit the preliminary performance audit report to the affected state agency or local government and the office of financial management for comment. The agency or local government and the office of financial management shall provide any response to the commission within thirty days after receipt of the preliminary report unless a different time period is approved by the commission. The commission shall incorporate the response of the agency or local government and the office of financial management into the final performance audit report. The commission may also include an addendum with commission comments on the management of the audit.

(2) Before releasing the results of a performance audit originally requested by the joint transportation committee to the legislature or the public, the commission administrator shall submit the preliminary performance audit report to the joint committee for review and comments solely on the management of the audit. Any comments by the joint committee must be included as a separate addendum to the final performance audit report. However, the commission administrator is not required to submit the preliminary performance audit report if the legislative auditor submits it under RCW 44.28.088.

(3) Completed performance audits must be presented to the ~~((transportation performance audit board and the legislative transportation committee))~~ commission. Published performance audits must be made available to the public through the ~~((legislative transportation committee and the joint legislative audit and review committee's))~~ commission's web site and through customary public communications. Final reports must also be transmitted to the affected agency, the director of financial management, and the appropriate policy and fiscal standing committees of the legislature.

Sec. 26. RCW 44.75.110 and 2003 c 362 s 11 are each amended to read as follows:

The ~~((legislative auditor))~~ commission administrator, or the legislative auditor if contracted under RCW 44.75.090 (as recodified by this act), shall determine in writing the scope of any performance audit ~~((requested))~~ directed by the ~~((legislative transportation committee or its executive committee))~~ commission, subject to the review and approval of the final scope of the audit by the ~~((transportation performance audit board, and the legislative transportation committee or its executive committee))~~ commission. In doing so, the ~~((legislative auditor,))~~ commission administrator, or legislative auditor if contracted under RCW 44.75.090 (as recodified by this act), and the ~~((transportation performance audit board, and the legislative transportation committee or its executive committee))~~ commission shall consider inclusion of the following elements in the scope of the audit:

- (1) Identification of potential cost savings in the agency, its programs, and its services;
- (2) Identification and recognition of best practices;
- (3) Identification of funding to the agency, to programs, and to services that can be eliminated or reduced;
- (4) Identification of programs and services that can be eliminated, reduced, or transferred to the private sector;

- (7) Analysis of the roles and functions of the agency, its programs, and its services and their compliance with statutory authority and recommendations for eliminating or changing those roles and functions and ensuring compliance with statutory authority;
- (8) Recommendations for eliminating or changing statutes, rules, and policy directives as may be necessary to ensure that the agency carry out reasonably and properly those functions expressly vested in the department by statute; and
- (9) Verification of the reliability and validity of department performance data, self-assessments, and performance measurement systems as required under RCW 43.88.090.

Sec. 27. RCW 44.75.120 and 2003 c 362 s 12 are each amended to read as follows:

When conducting a full performance audit of an agency or department, or a specific program within an agency or department, or multiple agencies, in accordance with RCW 44.75.110 (as recodified by this act), the ~~((legislative auditor))~~ commission administrator shall solicit input from appropriate industry representatives or experts. The audit report must make recommendations regarding the continuation, abolition, consolidation, or reorganization of each affected agency, department, or

program. The audit report must identify opportunities to develop government partnerships, and eliminate program redundancies that will result in increased quality, effectiveness, and efficiency of state agencies.

Sec. 28. RCW 44.28.161 and 2003 c 362 s 13 are each amended to read as follows:

In addition to any other audits developed or included in the audit work plan under this chapter, the legislative auditor shall manage transportation-related performance audits (~~(directed by the executive committee of the legislative transportation committee under RCW 44.75.080. In the twenty-fourth month of each biennium the department of transportation shall calculate and transfer sufficient cash from either the motor vehicle fund or the multimodal transportation account to cover any negative cash balances. The department shall calculate the distribution of this transfer based on expenditures. In the ensuing biennium the department shall transfer the reimbursements received in the miscellaneous transportation programs account back to the motor vehicle fund and the multimodal transportation account to the extent of the cash transferred at biennium end. The department shall also distribute any interest charges accruing to the miscellaneous transportation programs account to the motor vehicle fund and the multimodal transportation account. Adjustments for any indirect cost recoveries may also be made at this time.

In determining the appropriate level of state funding for a project, the board shall ensure that state funds are allocated to leverage the greatest amount of partnership funding possible. After selecting projects comprising the portfolio, the board shall submit them as part of its budget request to the office of financial management and the legislature. The board shall ensure that projects submitted as part of the portfolio are not more appropriately funded with other federal, state, or local government funding mechanisms or programs. The board shall reject those projects that appear to improve overall general mobility with limited enhancement for freight mobility.

The board shall provide periodic progress reports on its activities to the office of financial management and the ~~((legislative))~~ senate and house transportation committees.

(2) The board may:

(a) Accept from any state or federal agency, loans or grants for the financing of any transportation project and enter into agreements with any such agency concerning the loans or grants;

The prioritization process shall measure the degree to which projects address important program objectives and shall generate a project score that reflects a project's priority compared to other projects. The board shall assign scoring points to each criterion that indicate the relative importance of the criterion in the overall determination of project priority. After June 30, 2001, the board may supplement and refine the initial project priority criteria and scoring framework developed by the freight mobility project prioritization committee as expertise and experience is gained in administering the freight mobility program.

(6) It is the intent of the legislature that each freight mobility project contained in the project portfolio submitted by the board utilize the greatest amount of nonstate funding possible. The board shall adopt rules that give preference to projects that contain the greatest levels of financial participation from nonprogram fund sources. (7) The board shall develop and recommend policies that address operational improvements that primarily benefit and enhance freight movement, including, but not limited to, policies that reduce congestion in truck lanes at border crossings and weigh stations and provide for access to ports during nonpeak hours.

Sec. 135. RCW 47.12.242 and 1991 c 291 s 1 are each amended to read as follows:

The term "advance right of way acquisition" means the acquisition of property and property rights, generally not more than ten years in advance of programmed highway construction projects, together with the engineering costs necessary for such advance right of way acquisition. Any property or property rights purchased must be in designated highway transportation corridors and be for projects approved (~~by the commission~~) as part of the state's (~~six-year~~) ten-year plan or included in the state's route development planning effort.

Sec. 136. RCW 47.12.330 and 1998 c 181 s 2 are each amended to read as follows:

For the purpose of environmental mitigation of transportation projects, the department may acquire or develop, or both acquire and develop, environmental mitigation sites in advance of the construction of programmed projects. The term "advanced environmental mitigation" means mitigation of adverse impacts upon the environment from transportation projects before their design and construction. Advanced environmental mitigation consists of the acquisition of property; the acquisition of property, water, or air rights; the development of property for the purposes of improved environmental management; engineering costs necessary for such purchase and development; and the use of advanced environmental mitigation sites to fulfill project environmental permit requirements. Advanced environmental mitigation must be conducted in a manner that is consistent with the definition of mitigation found in the council of environmental quality regulations (40 C.F.R. Sec. 1508.20) and the governor's executive order on wetlands (EO 90-04). Advanced environmental mitigation is for projects approved by the transportation commission as part of the state's ~~((six-year))~~ ten-year plan or included in the state highway system plan. Advanced environmental mitigation must give consideration to activities related to fish passage, fish habitat, wetlands, and flood management. Advanced environmental mitigation may also be conducted in partnership with federal, state, or local government agencies, tribal governments, interest groups, or private parties. Partnership arrangements may include joint acquisition and development of mitigation sites, purchasing and selling mitigation bank credits among participants, and transfer of mitigation site title from one party to another. Specific conditions of partnership arrangements will be developed in written agreements for each applicable environmental mitigation site.

Sec. 137. RCW 47.17.850 and 1984 c 7 s 139 are each amended to read as follows:

A state highway to be known as state route number 906 is established as follows:

Beginning at a junction with state route number 90 at the West Summit interchange of Snoqualmie Pass, thence along the alignment of the state route number 90 as it existed on May 11, 1967, in a southeasterly direction to a junction with state route number 90 at the Hyak interchange.

~~((The legislative transportation committee, the house and senate transportation committees, and the department shall undertake appropriate studies to evaluate state route number 906 to determine whether or not it should permanently remain on the state system.))~~

Sec. 138. RCW 47.26.167 and 1991 c 342 s 62 are each amended to read as follows:

The legislature recognizes the need for a multijurisdictional body to review future requests for jurisdictional transfers. The board is hereby directed, beginning September 1, 1991, to receive petitions from cities, counties, or the state requesting any addition or deletion from the state highway system. The board is required to utilize the criteria established in RCW 47.17.001 in evaluating petitions and to adopt rules for implementation of this process. The board shall forward to the ~~((legislative))~~ senate and house transportation committees by November 15 each year any recommended jurisdictional transfers.

Sec. 139. RCW 47.26.170 and 1994 c 179 s 16 are each amended to read as follows:

Each county having within its boundaries an urban area and cities and towns shall prepare and submit to the transportation improvement board arterial inventory data required to determine the long-range arterial construction needs. The counties, cities, and towns shall revise the arterial inventory data every four years to show the current arterial construction needs through the advanced planning period, and as revised shall submit them to the transportation improvement board during the first week of January every four years beginning in 1996. The inventory data shall be prepared pursuant to guidelines established by the transportation improvement board. As information is updated, it shall be made available to the commission ~~((and the legislative transportation committee))~~.

Sec. 140. RCW 47.46.030 and 2002 c 114 s 3 are each amended to read as follows:

(1) The secretary or a designee shall solicit proposals from, and negotiate and enter into agreements with, private entities to undertake as appropriate, together with the department and other public entities, all or a portion of the study, planning, design, construction, operation, and maintenance of transportation systems and facilities, using in whole or in part public or private sources of financing.

The public-private initiatives program may develop up to six demonstration projects. Each proposal shall be weighed on its own merits, and each of the six agreements shall be negotiated individually, and as a stand-alone project.

(2) If project proposals selected prior to September 1, 1994, are terminated by the public or private sectors, the department shall not select any new projects, including project proposals submitted to the department prior to September 1, 1994, and designated by the transportation commission as placeholder projects, after June 16, 1995, until June 30, 1997.

The department, in consultation with the legislative transportation committee, shall conduct a program and fiscal audit of the public-private initiatives program for the biennium ending June 30, 1997. The department shall submit a progress report to the legislative transportation committee on the program and fiscal audit by June 30, 1996, with preliminary and final audit reports due December 1, 1996, and June 30, 1997, respectively.

The department shall develop and submit a proposed public involvement plan to the 1997 legislature to identify the process for selecting new potential projects and the associated costs of implementing the plan. The legislature must adopt the

public involvement plan before the department may proceed with any activity related to project identification and selection. Following legislative adoption of the public involvement plan, the department is authorized to implement the plan and to identify potential new projects.

The public involvement plan for projects selected after June 30, 1997, shall, at a minimum, identify projects that: (a) Have the potential of achieving overall public support among users of the projects, residents of communities in the vicinity of the projects, and residents of communities impacted by the projects; (b) meet a state transportation need; (c) provide a significant state benefit; and (d) provide competition among proposers and maximum cost benefits to users. Prospective projects may include projects identified by the department or submitted by the private sector.

Projects that meet the minimum criteria established under this section and the requirements of the public involvement plan developed by the department and approved by the legislature shall be submitted to the Washington state transportation commission for its review. ~~((The commission, in turn, shall submit a list of eligible projects to the legislative transportation committee for its consideration.))~~ Forty-five days after the submission to the ~~((legislative transportation committee))~~ commission of the list of eligible projects, the secretary is authorized to solicit proposals for the eligible project.

(3) Prior to entering into agreements with private entities under the requirements of RCW 47.46.040 for any project proposal selected before September 1, 1994, or after June 30, 1997, except as provided for in subsections ~~((12))~~ (11) and ~~((13))~~ (12) of this section, the department shall require an advisory vote as provided under subsections (5) through ~~((10))~~ (9) of this section.

(4) The advisory vote shall apply to project proposals selected prior to September 1, 1994, or after June 30, 1997, that receive public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project collected and submitted in accordance with the dates established in subsections ~~((12))~~ (11) and ~~((13))~~ (12) of this section. The advisory vote shall be on the preferred alternative identified under the requirements of chapter 43.21C RCW and, if applicable, the national environmental policy act, 42 U.S.C. 4321 et seq. The execution by the department of the advisory vote process established in this section is subject to the prior appropriation of funds by the legislature for the purpose of conducting environmental impact studies, a public involvement program, local involvement committee activities, traffic and economic impact analyses, engineering and technical studies, and the advisory vote.

(5) In preparing for the advisory vote, the department shall conduct a comprehensive analysis of traffic patterns and economic impact to define the geographical boundary of the project area that is affected by the imposition of tolls or user fees authorized under this chapter. The area so defined is referred to in this section as the affected project area. In defining the affected project area, the department shall, at a minimum, undertake: (a) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (b) an analysis of the anticipated traffic diversion patterns; (c) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and commercial entities in communities in the vicinity of and impacted by the project; (d) an analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (e) an analysis of the relationship of the project to state transportation needs and benefits.

(6)(a) After determining the definition of the affected project area, the department shall establish a committee comprised of individuals who represent cities and counties in the affected project area; organizations formed to support or oppose the project; and users of the project. The committee shall be named the public-private local involvement committee, and be known as the local involvement committee.

(b) The members of the local involvement committee shall be: (i) An elected official from each city within the affected project area; (ii) an elected official from each county within the affected project area; (iii) two persons from each county within the affected project area who represent an organization formed in support of the project, if the organization exists; (iv) two persons from each county within the affected project area who represent an organization formed to oppose the project, if the organization exists; and (v) four public members active in a statewide transportation organization. If the committee makeup results in an even number of committee members, there shall be an additional appointment of an elected official from the county in which all, or the greatest portion of the project is located.

(c) City and county elected officials shall be appointed by a majority of the members of the city or county legislative authorities of each city or county within the affected project area, respectively. The county legislative authority of each county within the affected project area shall identify and validate organizations officially formed in support of or in opposition to the project and shall make the appointments required under this section from a list submitted by the chair of the organizations. Public members shall be appointed by the governor. All appointments to the local involvement committee shall be made and submitted to the department of transportation no later than January 1, 1996, for projects selected prior to September 1, 1994, and no later than thirty days after the affected project area is defined for projects selected after June 30, 1997. Vacancies in the

membership of the local involvement committee shall be filled by the appointing authority under (b)(i) through (v) of this subsection for each position on the committee.

(d) The local involvement committee shall serve in an advisory capacity to the department on all matters related to the execution of the advisory vote.

(e) Members of the local involvement committee serve without compensation and may not receive subsistence, lodging expenses, or travel expenses.

(7) The department shall conduct a minimum thirty-day public comment period on the definition of the geographical boundary of the project area. The department, in consultation with the local involvement committee, shall make adjustments, if required, to the definition of the geographical boundary of the affected project area, based on comments received from the public. Within fourteen calendar days after the public comment period, the department shall set the boundaries of the affected project area in units no smaller than a precinct as defined in RCW ~~((29.01.120))~~ 29A.04.121.

(8) The department, in consultation with the local involvement committee, shall develop a description for selected project proposals. After developing the description of the project proposal, the department shall publish the project proposal description in newspapers of general circulation for seven calendar days in the affected project area. Within fourteen calendar days after the last day of the publication of the project proposal description, the department shall transmit a copy of the map depicting the affected project area and the description of the project proposal to the county auditor of the county in which any portion of the affected project area is located.

~~(9) ((The department shall provide the legislative transportation committee with progress reports on the status of the definition of the affected project area and the description of the project proposal.~~

~~(10))~~ Upon receipt of the map and the description of the project proposal, the county auditor shall, within thirty days, verify the precincts that are located within the affected project area. The county auditor shall prepare the text identifying and describing the affected project area and the project proposal using the definition of the geographical boundary of the affected project area and the project description submitted by the department and shall set an election date for the submission of a ballot proposition authorizing the imposition of tolls or user fees to implement the proposed project within the affected project area, which date may be the next succeeding general election to be held in the state, or at a special election, if requested by the department. The text of the project proposal must appear in a voter's pamphlet for the affected project area. The department shall pay the costs of publication and distribution. The special election date must be the next date for a special election provided under RCW ~~((29.13.020))~~ 29A.04.330 that is at least sixty days but, if authorized under RCW ~~((29.13.020))~~ 29A.04.330, no more than ninety days after the receipt of the final map and project description by the auditor. The department shall pay the cost of an election held under this section.

~~((11))~~ (10) Notwithstanding any other provision of law, the department may contract with a private developer of a selected project proposal to conduct environmental impact studies, a public involvement program, and engineering and technical studies funded by the legislature. For projects subject to this subsection, the department shall not enter into an agreement under RCW 47.46.040 prior to the advisory vote on the preferred alternative.

~~((12))~~ (11) Subsections (5) through ~~((10))~~ (9) of this section shall not apply to project proposals selected prior to September 1, 1994, that have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted after September 1, 1994, and by thirty calendar days after June 16, 1995.

~~((13))~~ (12) Subsections (5) through ~~((10))~~ (9) of this section shall not apply to project proposals selected after June 30, 1997, that have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted by ninety calendar days after project selection.

Sec. 141. RCW 47.46.040 and 2002 c 114 s 16 are each amended to read as follows:

(1) The secretary or a designee shall consult with legal, financial, and other experts within and outside state government in the negotiation and development of the agreements.

(2) Agreements may provide for private ownership of the projects during the construction period. After completion and final acceptance of each project or discrete segment thereof, the agreement may provide for state ownership of the transportation systems and facilities and lease to the private entity unless the state elects to provide for ownership of the facility by the private entity during the term of the agreement.

The state may lease each of the demonstration projects, or applicable project segments, to the private entities for operating purposes for up to fifty years.

(3) The department may exercise any power possessed by it to facilitate the development, construction, financing operation, and maintenance of transportation projects under this section. Agreements for maintenance services entered into under this section shall provide for full reimbursement for services rendered by the department or other state agencies. Agreements for

police services for projects, involving state highway routes, developed under agreements shall be entered into with the Washington state patrol. The agreement for police services shall provide that the state patrol will be reimbursed for costs on a comparable basis with the costs incurred for comparable service on other state highway routes. The department may provide services for which it is reimbursed, including but not limited to preliminary planning, environmental certification, and preliminary design of the demonstration projects.

(4) The plans and specifications for each project constructed under this section shall comply with the department's standards for state projects. A facility constructed by and leased to a private entity is deemed to be a part of the state highway system for purposes of identification, maintenance, and enforcement of traffic laws and for the purposes of applicable sections of this title. Upon reversion of the facility to the state, the project must meet all applicable state standards. Agreements shall address responsibility for reconstruction or renovations that are required in order for a facility to meet all applicable state standards upon reversion of the facility to the state.

(5) For the purpose of facilitating these projects and to assist the private entity in the financing, development, construction, and operation of the transportation systems and facilities, the agreements may include provisions for the department to exercise its authority, including the lease of facilities, rights of way, and airspace, exercise of the power of eminent domain, granting of development rights and opportunities, granting of necessary easements and rights of access, issuance of permits and other authorizations, protection from competition, remedies in the event of default of either of the parties, granting of contractual and real property rights, liability during construction and the term of the lease, authority to negotiate acquisition of rights of way in excess of appraised value, and any other provision deemed necessary by the secretary.

(6) The agreements entered into under this section may include provisions authorizing the state to grant necessary easements and lease to a private entity existing rights of way or rights of way subsequently acquired with public or private financing. The agreements may also include provisions to lease to the entity airspace above or below the right of way associated or to be associated with the private entity's transportation facility. In consideration for the reversion rights in these privately constructed facilities, the department may negotiate a charge for the lease of airspace rights during the term of the agreement for a period not to exceed fifty years. If, after the expiration of this period, the department continues to lease these airspace rights to the private entity, it shall do so only at fair market value. The agreement may also provide the private entity the right of first refusal to undertake projects utilizing airspace owned by the state in the vicinity of the public-private project.

(7) Agreements under this section may include any contractual provision that is necessary to protect the project revenues required to repay the costs incurred to study, plan, design, finance, acquire, build, install, operate, enforce laws, and maintain toll highways, bridges, and tunnels and which will not unreasonably inhibit or prohibit the development of additional public transportation systems and facilities. Agreements under this section must secure and maintain liability insurance coverage in amounts appropriate to protect the project's viability and may address state indemnification of the private entity for design and construction liability where the state has approved relevant design and construction plans.

(8) Agreements entered into under this section shall include a process that provides for public involvement in decision making with respect to the development of the projects.

(9)(a) In carrying out the public involvement process required in subsection (8) of this section, the private entity shall proactively seek public participation through a process appropriate to the characteristics of the project that assesses and demonstrates public support among: Users of the project, residents of communities in the vicinity of the project, and residents of communities impacted by the project.

(b) The private entity shall conduct a comprehensive public involvement process that provides, periodically throughout the development and implementation of the project, users and residents of communities in the affected project area an opportunity to comment upon key issues regarding the project including, but not limited to: (i) Alternative sizes and scopes; (ii) design; (iii) environmental assessment; (iv) right of way and access plans; (v) traffic impacts; (vi) tolling or user fee strategies and tolling or user fee ranges; (vii) project cost; (viii) construction impacts; (ix) facility operation; and (x) any other salient characteristics.

(c) If the affected project area has not been defined, the private entity shall define the affected project area by conducting, at a minimum: (i) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (ii) an analysis of the anticipated traffic diversion patterns; (iii) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and commercial entities in communities in the vicinity of and impacted by the project; (iv) an analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (v) an analysis of the relationship of the project to state transportation needs and benefits.

The agreement may require an advisory vote by users of and residents in the affected project area.

(d) In seeking public participation, the private entity shall establish a local involvement committee or committees comprised of residents of the affected project area, individuals who represent cities and counties in the affected project area, organizations formed to support or oppose the project, if such organizations exist, and users of the project. The private entity shall, at a minimum, establish a committee as required under the specifications of RCW 47.46.030(6)(b) (ii) and (iii) and appointments to such committee shall be made no later than thirty days after the project area is defined.

(e) Local involvement committees shall act in an advisory capacity to the department and the private entity on all issues related to the development and implementation of the public involvement process established under this section.

(f) The department and the private entity shall provide the ~~((legislative transportation committee and))~~ local involvement committees with progress reports on the status of the public involvement process including the results of an advisory vote, if any occurs.

(10) Nothing in this chapter limits the right of the secretary and his or her agents to render such advice and to make such recommendations as they deem to be in the best interests of the state and the public.

Sec. 142. RCW 79A.05.125 and 1999 c 301 s 3 are each amended to read as follows:

(1) The department of transportation shall negotiate a franchise with a rail carrier to establish and maintain a rail line over portions of the Milwaukee Road corridor owned by the state between Ellensburg and Lind. The department of transportation may negotiate such a franchise with any qualified rail carrier. Criteria for negotiating the franchise and establishing the right of way include:

(a) Assurances that resources from the franchise will be sufficient to compensate the state for use of the property, including completion of a cross-state trail between Easton and the Idaho border;

(b) Types of payment for use of the franchise, including payment for the use of federally granted trust lands in the transportation corridor;

(c) Standards for maintenance of the line;

(d) Provisions ensuring that both the conventional and intermodal rail service needs of local shippers are met. Such accommodations may comprise agreements with the franchisee to offer or maintain adequate service or to provide service by other carriers at commercially reasonable rates;

(e) Provisions requiring the franchisee, upon reasonable request of any other rail operator, to provide rail service and interchange freight over what is commonly known as the Stampede Pass rail line from Cle Elum to Auburn at commercially reasonable rates;

(f) If any part of the franchise agreement is invalidated by actions or rulings of the federal surface transportation board or a court of competent jurisdiction, the remaining portions of the franchise agreement are not affected;

(g) Compliance with environmental standards; and

(h) Provisions for insurance and the coverage of liability.

(2) The franchise may provide for periodic review of financial arrangements under the franchise.

(3) The department of transportation, in consultation with the parks and recreation commission and the ~~((legislative))~~ senate and house transportation committees, shall negotiate the terms of the franchise, and shall present the agreement to the parks and recreation commission for approval of as to terms and provisions affecting the cross-state trail or affecting the commission.

(4) This section expires July 1, 2006, if the department of transportation does not enter into a franchise agreement for a rail line over portions of the Milwaukee Road corridor by July 1, 2006.

Sec. 143. RCW 81.80.395 and 1988 c 138 s 1 are each amended to read as follows:

The Washington utilities and transportation commission may enter into an agreement or arrangement with a duly authorized representative of the state of Idaho, for the purpose of granting to operators of commercial vehicles that are properly registered in the state of Idaho, the privilege of operating their vehicles in this state within a designated area near the border of their state without the need for registration as required by chapter 81.80 RCW if the state of Idaho grants a similar privilege to operators of commercial vehicles from this state. The initial designated area shall be limited to state route 195 from the Idaho border to Lewiston, and SR 12 from Lewiston to Clarkston. ~~((The utilities and transportation commission shall submit other proposed reciprocal agreements in designated border areas to the legislative transportation committee for approval.))~~

Sec. 144. RCW 81.104.110 and 1998 c 245 s 165 are each amended to read as follows:

The legislature recognizes that the planning processes described in RCW 81.104.100 provide a recognized framework for guiding high capacity transportation studies. However, the process cannot guarantee appropriate decisions unless key study assumptions are reasonable.

To assure appropriate system plan assumptions and to provide for review of system plan results, an expert review panel shall be appointed to provide independent technical review for development of any system plan which is to be funded in whole or in part by the imposition of any voter-approved local option funding sources enumerated in RCW 81.104.140.

(2) The expert review panel shall be selected cooperatively by the chairs of the ~~((legislative))~~ senate and house transportation committees, the secretary of the department of transportation, and the governor to assure a balance of disciplines. In the case of counties adjoining another state or Canadian province the expert review panel membership shall be selected cooperatively with representatives of the adjoining state or Canadian province.

(3) The chair of the expert review panel shall be designated by the appointing authorities.

(4) The expert review panel shall serve without compensation but shall be reimbursed for expenses according to ~~((chapter 43.03))~~ RCW 43.03.050 and 43.03.060. Reimbursement shall be paid from within the existing resources of the local authority planning under this chapter.

(5) The panel shall carry out the duties set forth in subsections (6) and (7) of this section until the date on which an election is held to consider the high capacity transportation system and financing plans. ~~((Funds appropriated for expenses of the expert panel shall be administered by the department of transportation.))~~

(6) The expert panel shall review all reports required in RCW 81.104.100(2) and shall concentrate on service modes and concepts, costs, patronage and financing evaluations.

(7) The expert panel shall provide timely reviews and comments on individual reports and study conclusions to the department of transportation, the regional transportation planning organization, the joint regional policy committee, and the submitting lead transit agency. In the case of counties adjoining another state or Canadian province, the expert review panel shall provide its reviews, comments, and conclusions to the representatives of the adjoining state or Canadian province.

(8) The ~~((legislative transportation committee))~~ local authority planning under this chapter shall contract for consulting services for expert review panels. The amount of consultant support shall be negotiated with each expert review panel by the ~~((legislative transportation committee))~~ local authority and shall be paid from ~~((appropriations for that purpose from the high capacity transportation account))~~ within the local authority's existing resources.

- (c) An unofficial state economic and revenue forecast based on pessimistic economic and revenue projections.

(2) The supervisor shall submit forecasts prepared under this section, along with any unofficial forecasts provided under RCW 82.33.010, to the governor and the members of the committees on ways and means and the chairs of the committees on transportation of the senate and house of representatives ~~((and the chair of the legislative transportation committee))~~, including one copy to the staff of each of the committees, on or before November 20th, February 20th in the even-numbered years, March 20th in the odd-numbered years, June 20th, and September 20th. All forecasts shall include both estimated receipts and estimated revenues in conformance with generally accepted accounting principles as provided by RCW 43.88.037.

improvements; new construction, reconstruction, and expansion of city streets, county roads, and state highways and other transportation improvements; development and implementation of public transportation and high-capacity transit improvements and programs; and planning, design, and acquisition of right of way and sites for such transportation purposes. (c) The program shall indicate how the local transportation plan is coordinated with applicable transportation plans for the region and for adjacent jurisdictions.

(d) The program shall include at least a six-year funding plan, updated annually, identifying the specific public and private sources and amounts of revenue necessary to fund the program. The program shall include a proposed schedule for construction of projects and expenditure of revenues. The funding plan shall consider the additional local tax revenue estimated to be generated by new development within the plan area if all or a portion of the additional revenue is proposed to be earmarked as future appropriations for transportation improvements in the program.

(4) Local governments with a population greater than eight thousand exercising the authority for local option transportation funds shall periodically review and update their transportation program to ensure that it is consistent with applicable local and regional transportation and land use plans and within the means of estimated public and private revenue available.

(5) In the case of expenditure for new or expanded transportation facilities, improvements, and services, priorities in the use of local option transportation revenues shall be identified in the transportation program and expenditures shall be made based upon the following criteria, which are stated in descending order of weight to be attributed:

(a) First, the project serves a multijurisdictional function;

(b) Second, it is necessitated by existing or reasonably foreseeable congestion;

(c) Third, it has the greatest person-carrying capacity;

(d) Fourth, it is partially funded by other government funds, such as from the state transportation improvement board, or by private sector contributions, such as those from the local transportation act, chapter 39.92 RCW; and

(e) Fifth, it meets such other criteria as the local government determines is appropriate.

(6) It is the intent of the legislature that as a condition of levying, receiving, and expending local option transportation revenues, no local government agency use the revenues to replace, divert, or loan any revenues currently being used for transportation purposes to nontransportation purposes. ~~((The association of Washington cities and the Washington state association of counties, in consultation with the legislative transportation committee, shall study the issue of nondiversion and make recommendations to the legislative transportation committee for language implementing the intent of this section by December 1, 1990.))~~

(7) Local governments are encouraged to enter into interlocal agreements to jointly develop and adopt with other local governments the transportation programs required by this section for the purpose of accomplishing regional transportation planning and development.

(8) Local governments may use all or a part of the local option transportation revenues for the amortization of local government general obligation and revenue bonds issued for transportation purposes consistent with the requirements of this section.

(9) Subsections (1) through (8) of this section do not apply to a regional transportation investment district imposing a tax or fee under the local option authority of this chapter. Proceeds collected under the exercise of local option authority under this chapter by a district must be used in accordance with chapter 36.120 RCW.

Sec. 148. RCW 90.03.525 and 1996 c 285 s 1 and 1996 c 230 s 1617 are each reenacted and amended to read as follows:

(1) The rate charged by a local government utility to the department of transportation with respect to state highway right of way or any section of state highway right of way for the construction, operation, and maintenance of storm water control

facilities under chapters 35.67, 35.92, 36.89, 36.94, 57.08, and 86.15 RCW, shall be thirty percent of the rate for comparable real property, except as otherwise provided in this section. The rate charged to the department with respect to state highway right of way or any section of state highway right of way within a local government utility's jurisdiction shall not, however, exceed the rate charged for comparable city street or county road right of way within the same jurisdiction. The legislature finds that the aforesaid rates are presumptively fair and equitable because of the traditional and continuing expenditures of the department of transportation for the construction, operation, and maintenance of storm water control facilities designed to control surface water or storm water runoff from state highway rights of way.

(2) Charges paid under subsection (1) of this section by the department of transportation must be used solely for storm water control facilities that directly reduce state highway runoff impacts or implementation of best management practices that will reduce the need for such facilities. By January 1st of each year, beginning with calendar year 1997, the local government utility, in coordination with the department, shall develop a plan for the expenditure of the charges for that calendar year. The plan must be consistent with the objectives identified in RCW 90.78.010. In addition, beginning with the submittal for 1998, the utility shall provide a progress report on the use of charges assessed for the prior year. No charges may be paid until the plan and report have been submitted to the department.

(3) The utility imposing the charge and the department of transportation may, however, agree to either higher or lower rates with respect to the construction, operation, or maintenance of any specific storm water control facilities based upon the annual plan prescribed in subsection (2) of this section. ~~((If a different rate is agreed to, a report so stating shall be submitted to the legislative transportation committee.))~~ If, after mediation, the local government utility and the department of transportation cannot agree upon the proper rate, ~~((and after a report has been submitted to the legislative transportation committee and after ninety days from submission of such report,))~~ either may commence an action in the superior court for the county in which the state highway right of way is located to establish the proper rate. The court in establishing the proper rate shall take into account the extent and adequacy of storm water control facilities constructed by the department and the actual benefits to the sections of state highway rights of way from storm water control facilities constructed, operated, and maintained by the local government utility. Control of surface water runoff and storm water runoff from state highway rights of way shall be deemed an actual benefit to the state highway rights of way. The rate for sections of state highway right of way as determined by the court shall be set forth in terms of the percentage of the rate for comparable real property, but shall in no event exceed the rate charged for comparable city street or county road right of way within the same jurisdiction.

(4) The legislature finds that the federal clean water act (national ~~((pollution [pollutant]))~~ pollutant discharge elimination system, 40 C.F.R. parts 122-124), the state water pollution control act, chapter 90.48 RCW, and the highway runoff program under chapter ~~((90.70))~~ 90.71 RCW, mandate the treatment and control of storm water runoff from state highway rights of way owned by the department of transportation. Appropriations made by the legislature to the department of transportation for the construction, operation, and maintenance of storm water control facilities are intended to address applicable federal and state mandates related to storm water control and treatment. This section is not intended to limit opportunities for sharing the costs of storm water improvements between cities, counties, and the state.

MESSAGE FROM THE HOUSE

April 14, 2005

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5602, with the following amendment{s}:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) This chapter applies to all operations that meet the definition of an animal feeding operation.

(2)(a) This chapter creates specific permit requirements consistent with state and federal water quality laws for concentrated animal feeding operations.

(b) All dairies are required to implement nutrient management plans and perform certain reporting.

(c) AFOs that are not CAFOs or dairies are not required to have a plan under this chapter and are only required to obtain a permit if it has been determined by the department that they are discharging to the waters of the state. However, no AFO is allowed to pollute waters of the state, and all AFOs may be inspected by the department under this chapter.

Sec. 2. RCW 90.64.005 and 1998 c 262 s 1 are each amended to read as follows:

~~The legislature finds that there is a need ((to establish a clear and understandable process that provides for the proper and effective management of dairy nutrients that affect the quality of surface or ground waters in the state of Washington. The legislature finds that there is a need for a program that will provide a stable and predictable business climate upon which dairy farms may base future investment decisions.~~

~~The legislature finds that federal regulations require a permit program for dairies with over seven hundred head of mature cows and, other specified dairy farms that directly discharge into waters or are otherwise significant contributors of pollution. The legislature finds that significant work has been ongoing over a period of time and that the intent of this chapter is to take the consensus that has been developed and place it into statutory form.~~

~~It is also the intent of this chapter to establish an inspection and technical assistance program for dairy farms to address the discharge of pollution to surface and ground waters of the state that will lead to water quality compliance by the industry. A further purpose is to create a balanced program involving technical assistance, regulation, and enforcement with coordination and oversight of the program by a committee composed of industry, agency, and other representatives. Furthermore, it is the objective of this chapter to maintain the administration of the water quality program as it relates to dairy operations at the state level.~~

~~It is also the intent of this chapter to recognize the existing working relationships between conservation districts, the conservation commission, and the department of ecology in protecting water quality of the state. A further purpose of this chapter is to provide statutory recognition of the coordination of the functions of conservation districts, the conservation commission, and the department of ecology pertaining to development of dairy waste management plans for the protection of water quality)) for an effective livestock nutrient management program for all AFOs that meets federal and state water quality rules. The goals of the program are to provide clear guidance to animal feeding operations about their responsibilities under state and federal water quality laws and to implement the necessary program requirements in a consistent manner that will maintain a healthy and productive livestock industry in Washington state while preventing degradation of water quality. It is the intent of the legislature that the department of agriculture continues the existing program for all licensed dairies, implements the revised program for CAFOs and AFOs, and carries out effective, fair, and equitable enforcement.~~

Sec. 3. RCW 90.64.010 and 1998 c 262 s 2 are each amended to read as follows:

The department shall also conduct such additional inspections as are necessary to ensure compliance with state and federal water quality requirements, provided that all licensed dairy farms shall be inspected once within two years of the start of this program. The department, in consultation with the advisory and oversight committee established in section 8 of this act, shall develop performance based criteria to determine the frequency of inspections.~~

~~((4) Dairy farms))~~ The department shall inspect all dairies and permitted CAFOs at least once every two years.

(3) Dairies and permitted CAFOs shall be prioritized for inspection based on ~~((the development of))~~ criteria that include, but are not limited to, the following factors:

(a) Existence or implementation of a ~~((dairy))~~ livestock nutrient management plan;

(b) Proximity to impaired waters of the state; ~~((and))~~

(c) Proximity to all other waters of the state ~~((The criteria developed to implement this subsection (4) shall be reviewed by the advisory and oversight committee.))~~;

(d) Proximity to shellfish beds;

(e) Permit status;

(f) Compliance history; and

(g) Other relevant factors as may be determined by the department.

(4)(a) All permitted CAFOs must make available during inspection those records required to be kept by the permit.

(b) Dairies not covered by a permit and AFOs shall make available during inspection records including, but not limited to, animal inventories for purposes of determining if the dairy or AFO is subject to regulation as a CAFO, to assess compliance with state and federal water quality laws, and to verify qualification for technical assistance programs, education programs, or any tax exemptions available under state law.

(5) The department may conduct follow-up inspections to ensure that corrective actions identified in the course of an inspection are being carried out. The department may conduct such additional inspections as are necessary to ensure compliance with administrative orders issued by the department and compliance with permit conditions and state and federal water quality laws and rules.

NEW SECTION. Sec. 6. (1) All CAFOs required to apply for a permit and all dairies are required to develop a livestock nutrient management plan. These plans must be approved by the department and certified as fully implemented by the department and the livestock producer. If at any time compliance with a livestock nutrient management plan fails to prevent the discharge of pollutants or if complying with the plan would still pose a significant potential to discharge pollutants to waters of the state, the livestock producer must revise the plan as directed by the department.

(2) Plans must be developed using natural resource conservation service (NRCS) practice standards. Equivalent practices and standards may be used if the department determines they meet or exceed NRCS standards and there is a substantial likelihood that, once implemented, the alternative practices and standards would meet state and federal water quality standards. The department shall establish by rule a technical review process to make determinations on proposed equivalent practices and standards.

(3) Prior to approval and certification, a nutrient management plan must be verified by a conservation district as meeting the NRCS standards except that, at the request of the producer, verification may be by a technical review team convened by the director. The team must include a representative of a conservation district.

NEW SECTION. Sec. 7. The following requirements apply to all CAFOs required to apply for a permit.

(1) All CAFOs required to apply for a permit must meet livestock nutrient management plan deadlines for development and implementation required by this chapter, permit, or rule.

(2) At a minimum, a livestock nutrient management plan for a CAFO required to apply for a permit must include site-appropriate best management practices including those set out in 40 C.F.R. Sec. 412.4 (April 14, 2003), and procedures necessary to implement applicable effluent limitations including those set out in 40 C.F.R. Part 412 (April 14, 2003), and standards. The plan must, to the extent applicable:

(a) Ensure adequate storage of livestock nutrients, including procedures to ensure proper operation and maintenance of the storage facilities;

(b) Ensure proper management of dead animals to ensure that they are not disposed of in a liquid manure, storm water, or process wastewater storage or treatment system that is not specifically designed to treat animal mortalities;

(c) Ensure that clean water is diverted, as appropriate, from the production area;

(d) Prevent direct contact of confined animals with waters of the state;

(e) Ensure that chemicals and other contaminants handled on-site are not disposed of in any livestock nutrients or storm water storage or treatment system unless specifically designed to treat such chemicals and other contaminants;

(f) Identify appropriate site-specific conservation practices to be implemented, including as appropriate buffers or equivalent practices, to control runoff of pollutants to waters of the state;

(g) Identify protocols for appropriate testing of livestock nutrients and soil;

(h) Establish protocols to apply livestock nutrients in accordance with site-specific nutrient management practices that ensure appropriate agricultural utilization of the nutrients in the livestock nutrients; and

(i) Identify specific records that will be maintained to document the implementation and management of the minimum elements described in (a) through (h) of this subsection.

(3) Review and approval of a plan by the department is part of the permit application and issuance process. The department shall determine whether a plan contains the elements identified in subsection (2) of this section, meets the permit requirements, and is adequate to meet applicable state and federal water quality laws, including chapter 90.48 RCW.

(4)(a) An approved plan shall be certified by the department and the livestock producer when the plan is fully implemented and is being used as designed and intended.

(b) A certification form shall be developed by the department and shall provide for a signature by both the director and the livestock producer. The livestock producer must submit to the department a signed certification form.

(c) Upon receipt of the completed certification form, the department shall determine within one hundred twenty days whether the approved plan has been fully implemented. If the department finds the plan is not fully implemented, the department shall deny certification. The department shall notify the livestock producer in writing of the reasons for the denial of certification.

NEW SECTION. Sec. 8. The following requirements apply to all dairies not required to apply for a permit.

(1) A dairy that is not a CAFO required to apply for a permit has six months from the date of obtaining a license under chapter 15.36 RCW to submit its livestock nutrient management plan to the department and eighteen months from the date of plan approval to submit the plan to the department for certification.

(2) The plan for a dairy that is not a CAFO required to apply for a permit shall include the minimum elements as defined by the department by rule.

(3) The department shall review and determine whether a plan contains the minimum elements. The department shall approve or deny approval of the plan no later than ninety days after receiving the plan. If the department denies approval, the department shall notify the livestock producer in writing of the denial and of modifications needed for plan compliance no later than ninety days after receiving the plan. The livestock producer must provide a revised plan that includes the needed modifications within ninety days of the date of the department's notification.

(4)(a) An approved plan shall be certified by the department and the livestock producer when the plan is fully implemented and is being used as designed and intended.

(b) A certification form shall be developed by the department and shall provide for a signature by both the director and the livestock producer. The livestock producer must submit to the department a signed certification form within eighteen months of plan approval.

(c) Upon receipt of the completed certification form, the department shall determine within one hundred twenty days whether the approved plan has been fully implemented. If the department finds the plan is not fully implemented, the department shall deny certification. The department shall notify the livestock producer in writing of the reasons for the denial of certification and set a date by which full implementation must occur.

(5) A dairy that is not a CAFO required to apply for a permit that fails to have an approved or a certified livestock nutrient management plan in place by the timelines specified in this section is in violation of this chapter. Each month beyond these deadlines that the dairy is out of compliance with the requirement for either plan approval or plan certification is considered a separate violation that may subject the dairy to penalties. The penalties are one hundred dollars per month for each violation up to a combined total of one thousand two hundred dollars and then the penalty is two hundred dollars per month for each violation up to a combined maximum of five thousand dollars.

NEW SECTION. Sec. 9. AFOs that are not dairies may voluntarily develop and implement livestock nutrient management plans. If an AFO requests that the department approve and certify the plan, then the plan must meet the minimum elements required in section 8 of this act. Plan approval and certification shall follow the same process as identified in section 8 of this act.

Sec. 10. RCW 90.64.028 and 1998 c 262 s 7 are each amended to read as follows:

(1) ~~((Conservation district))~~ (a) Department decisions pertaining to denial of approval or denial of certification of a ~~((dairy))~~ livestock nutrient management plan for a facility not required to have a permit, including a denial of the use of alternative standards and practices; modification or amendment of a plan; conditions contained in a plan; application of any ~~((dairy))~~ livestock nutrient management practices, standards, methods, and technologies to a particular AFO, CAFO, or dairy ~~((farm))~~; and the failure to adhere to plan review and approval timelines identified in ~~((RCW 90.64.026))~~ section 8 of this act are appealable under this chapter. ~~((Department actions pertaining to water quality violations are appealable under chapter 90.48 RCW.~~

~~In addition, a dairy producer who is constrained from complying with the planning requirements of this chapter because of financial hardship or local permitting delays may request a hearing before the conservation commission and may request an extension of up to one year beyond the approval and certification dates prescribed in this chapter for plan approval and certification.~~

~~((2))~~ (b) Within thirty days of receiving ~~((a local conservation district))~~ notification regarding any of the decisions identified in (a) of this subsection ~~((1) of this section))~~, a ~~((dairy))~~ livestock producer who disagrees with any of these decisions ~~((may request an informal hearing before the conservation commission or))~~ may appeal ~~((directly))~~ to the pollution control hearings board. ~~((The commission shall issue a written decision no later than thirty days after the informal hearing.~~

~~((3))~~ If the conservation commission reverses the decision of the conservation district, the conservation district may appeal this reversal to the pollution control hearings board according to the procedure in chapter 43.21B RCW within thirty days of receipt of the commission's decision.

~~(4))~~ (c) When an appeals process is initiated under this section, the length of time extending from the start of the appeals process to its conclusion shall be added onto the timelines provided in this chapter for plan development, approval, and certification (~~(only if an appeal is heard by the pollution control hearings board)~~).

(2) For facilities applying for a permit, department decisions pertaining to those elements of a livestock nutrient management plan that are conditions of a permit are made as part of the permit application and issuance process and are appealable by any person to the pollution control hearings board under RCW 43.21B.110.

Sec. 11. RCW 90.64.030 and 2003 c 325 s 3 are each amended to read as follows:

~~(1) ((Under the inspection program established in RCW 90.64.023, the department may investigate a dairy farm to determine whether the operation is discharging pollutants or has a record of discharging pollutants into surface or ground waters of the state. Upon concluding an investigation, the department shall make a written report of its findings, including the results of any water quality measurements, photographs, or other pertinent information, and provide a copy of the report to the dairy producer within twenty days of the investigation.~~

~~(2))~~ (a) The department shall investigate a (~~(written)~~) complaint filed with the department within three working days and shall make a written report of its findings including the results of any water quality measurements, photographs, or other pertinent information. Within twenty days of receiving a (~~(written)~~) complaint, a copy of the findings shall be provided to the (~~(dairy)~~) livestock producer subject to the complaint, and, if requested, to the complainant if the person gave his or her name and address to the department at the time the complaint was filed.

~~((3))~~ (b) The department may consider past complaints against the same AFO, CAFO, or dairy (~~(farm)~~) from the same person and the results of its previous inspections, and has the discretion to decide whether to conduct an inspection if:

~~((a))~~ (i) The same or a similar complaint or complaints have been filed against the same AFO, CAFO, or dairy (~~(farm)~~) within the immediately preceding six-month period; and

~~((b))~~ (ii) The department made a determination that the activity that was the subject of the prior complaint was not a violation.

~~((4))~~ (c) If the decision of the department is not to conduct an inspection, it shall document the decision and the reasons for the decision within twenty days. The department shall provide the decision to the complainant if the name and address were provided to the department, and to the (~~(dairy)~~) livestock producer subject to the complaint, and the department shall place the decision in the department's administrative records.

~~((5))~~ (2) The report of findings of any inspection conducted as the result of (~~(either an oral or a written)~~) a complaint shall be placed in the department's administrative records. (~~(Only findings of violations shall be entered into the data base identified in RCW 90.64.130.~~

~~(6) A)~~ (3) An AFO, CAFO, or dairy (~~(farm)~~) that is determined to be a significant contributor of pollution based on actual water quality tests, photographs, or other pertinent information, or that violates the terms and conditions of a permit is subject to the provisions of this chapter and to the enforcement provisions of chapters 43.05 and 90.48 RCW, including civil penalties levied under RCW 90.48.144 or this chapter.

~~((7))~~ (4) If the department determines that an unresolved water quality problem from (~~(a)~~) an AFO, CAFO, or dairy (~~(farm)~~) requires immediate corrective action, the department shall notify the livestock producer (~~(and the district in which the problem is located)~~). When corrective actions are required to address such unresolved water quality problems, the department shall provide copies of all final (~~(dairy farm)~~) inspection reports and documentation of all formal regulatory and enforcement actions taken by the department against that particular (~~(dairy farm to the local conservation district and to the appropriate dairy farm)~~) facility to the livestock producer within twenty days.

~~((8) For a violation of water quality laws that is a first offense for a dairy producer, the penalty may be waived to allow the producer to come into compliance with water quality laws)~~ (5) The penalty may be waived for the first violation of water quality laws on an AFO, CAFO, or dairy to allow the livestock producer to promptly come into compliance. The department shall record all (~~(legitimate)~~) violations and subsequent enforcement actions.

~~((9))~~ (6) A discharge of pollutants, including (~~(a)~~) an agricultural storm water discharge, (~~(to surface)~~) into waters of the state by an AFO, CAFO, or dairy shall not be considered a violation of this chapter (~~(, chapter 90.48 RCW, or chapter 173-201A WAC,)~~) and shall therefore not be enforceable by the department, the department of ecology, or a third party, if at the time of the discharge, a violation is not occurring under (~~(RCW 90.64.010(18))~~) section 34 of this act. In addition, a (~~(dairy)~~) livestock producer shall not be held liable for violations of this chapter (~~(, chapter 90.48 RCW, chapter 173-201A WAC, or the federal clean water act)~~) due to the discharge of (~~(dairy)~~) livestock nutrients to waters of the state resulting from spreading these materials on lands other than where the nutrients were generated, when the nutrients are spread by persons other than the (~~(dairy)~~) livestock producer or the (~~(dairy)~~) producer's agent.

~~((10))~~ (7) As provided under RCW 7.48.305, agricultural activities associated with the management of ~~((dairy))~~ livestock nutrients are presumed to be reasonable and shall not be found to constitute a nuisance unless the activity has a substantial adverse effect on public health and safety.

~~((11))~~ (8) This section specifically acknowledges that if a holder of a general or individual national pollutant discharge elimination system permit complies with the permit and the ~~((dairy))~~ livestock nutrient management plan conditions for appropriate land application practices, the permit provides compliance with the federal clean water act and acts as a shield against citizen or agency enforcement for any additions of pollutants to waters ~~((of the state or))~~ of the United States as authorized by the permit.

~~((12)) A dairy producer who fails to have an approved dairy nutrient management plan by July 1, 2002, or a certified dairy nutrient management plan by December 31, 2003, and for which no appeals have been filed with the pollution control hearings board, is in violation of this chapter. Each month beyond these deadlines that a dairy producer is out of compliance with the requirement for either plan approval or plan certification shall be considered separate violations of chapter 90.64 RCW that may be subject to penalties. Such penalties may not exceed one hundred dollars per month for each violation up to a combined total of five thousand dollars. The department has discretion in imposing penalties for failure to meet deadlines for plan approval or plan certification if the failure to comply is due to lack of state funding for implementation of the program. Failure to register as required in RCW 90.64.017 shall subject a dairy producer to a maximum penalty of one hundred dollars. Penalties shall be levied by the department.)~~

Sec. 12. RCW 90.64.040 and 1993 c 221 s 5 are each amended to read as follows:

Enforcement actions and administrative orders issued by the department ~~((of ecology))~~ may be appealed to the pollution control hearings board in accordance with the provisions of chapter 43.21B RCW.

Sec. 13. RCW 90.64.050 and 1998 c 262 s 12 are each amended to read as follows:

(1) The department has the ~~((following duties))~~ duty to implement and administer a livestock nutrient management program including the duty to:

(a) Enforce this chapter including carrying out inspections and enforcement actions, and assessing penalties;

(b) Identify existing or potential water quality problems resulting from a dairy farm(s) or CAFO through implementation of the inspection program in ~~((RCW 90.64.023))~~ this chapter;

~~((b) Inspect a dairy farm upon the request of a dairy producer;)~~

(c) Receive, process, and verify complaints concerning discharge of pollutants from ~~((all dairy farms))~~ any AFO, CAFO, or dairy;

(d) ~~((Determine if a dairy related water quality problem requires immediate corrective action under the Washington state water pollution control laws, chapter 90.48 RCW, or the Washington state water quality standards adopted under chapter 90.48 RCW. The department shall maintain the lead enforcement responsibility;~~

~~((e))~~ Upon delegation, administer and enforce ~~((national pollutant discharge elimination system))~~ permits for ~~((operators of))~~ concentrated ~~((dairy))~~ animal feeding operations, where required by federal regulations and state laws or upon request of a ~~((dairy))~~ livestock producer;

~~((f) Participate on the advisory and oversight committee;~~

~~((g) Encourage communication and cooperation between local department personnel and the appropriate conservation district personnel;~~

~~((h))~~ (e) Require the ~~((use of dairy))~~ development of livestock nutrient management plans as required under this chapter ~~((for entities required to plan under this chapter));~~ and

~~((i) Provide to the commission and the advisory and oversight committee an annual report of dairy farm inspection and enforcement activities))~~ (f) Approve and certify livestock nutrient management plans that meet the minimum standards developed under this chapter.

(2) The department ~~((may not delegate its responsibilities in enforcement))~~ has the authority to:

(a) Inspect a facility upon the request of the livestock producer;

(b) Provide technical assistance to AFOs, CAFOs, and dairies in gaining compliance with this chapter and in implementing livestock nutrient management plans to protect water quality;

(c) Maintain and manage data necessary to administer the program effectively and to track compliance activity;

(d) Provide communication and outreach to representatives of agricultural and environmental organizations; and

(e) Coordinate with conservation districts or other agencies and organizations that provide education and technical or financial assistance programs for AFOs, CAFOs, and dairies.

Sec. 14. RCW 90.64.110 and 1993 c 221 s 12 are each amended to read as follows:

(1) In addition to the specific grants of rule-making authority in this chapter, the department may adopt rules as necessary to implement this chapter, including rules concerning the administration of permit programs.

(2) The department has the authority to adopt in rule any provisions in the following federal regulations: 40 C.F.R. parts 9, 122, 123, 124, and 412 (April 14, 2003). The department is authorized to adopt rules to accommodate changes to federal regulations that are subsequently adopted by the United States environmental protection agency.

Sec. 15. RCW 90.64.150 and 2003 c 325 s 5 are each amended to read as follows:

~~((The livestock nutrient management account is created in the custody of the state treasurer.))~~ All receipts from monetary penalties levied pursuant to violations of this chapter must be deposited into the livestock nutrient management grant account hereby created within the agricultural local fund. Expenditures from the account may be used only to provide grants for research or education proposals that assist livestock operations to achieve compliance with state and federal water quality laws. The director ~~((of agriculture))~~ shall accept and prioritize research proposals and education proposals. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 16. Any residual balance of funds remaining in the livestock nutrient management account on the effective date of this section shall be transferred to the livestock nutrient management grant account within the agricultural local fund.

NEW SECTION. Sec. 17. (1) Permitted CAFOs shall maintain and make available to the department the records and annual reports as described in 40 C.F.R. Sec. 122.42(e) (2), (3), and (4) (April 14, 2003). The department shall develop a standard annual reporting form and a submittal date by rule for the annual report from CAFOs.

(2) Dairies that are not a CAFO required to apply for a permit shall maintain and make available to the department all records required by their livestock nutrient management plans. These dairies must also submit a completed summary report to the department every two years beginning in 2006. The department shall develop and send out a standard reporting form and designate a submittal date by rule for the report. If the producer fails to submit a completed summary report by the submittal date, the department shall levy a penalty of one hundred dollars.

NEW SECTION. Sec. 18. The department may coordinate with Washington State University, the conservation commission, conservation districts, the department of ecology, other federal, state, and local agencies, and private organizations and individuals in implementing an education program for improvement of nutrient management by dairies, AFOs, and CAFOs and to prevent livestock nutrients from degrading the quality of waters of the state. The department may refer livestock producers to conservation districts, Washington State University, and other entities for educational programs, technical assistance, or financial assistance.

NEW SECTION. Sec. 19. (1) Conservation districts may, at the request of a livestock producer, provide technical or financial assistance in developing or revising and implementing the producer's livestock nutrient management plan.

(2) The conservation commission and conservation districts shall, to the extent practical and to the extent that funding allows, provide technical and financial assistance to livestock producers to assist them in complying with this chapter.

NEW SECTION. Sec. 20. When the environmental protection agency delegates authority under the federal clean water act to the department and the department of ecology relinquishes its authority under RCW 90.48.260 to administer its national pollutant discharge elimination permit system authority and other duties regarding animal feeding operations and concentrated animal feeding operations, the department is hereby authorized to participate fully in the programs of the federal clean water act as well as to take all action necessary to secure to the state the benefits and to meet the requirements of that act for AFOs and CAFOs. Implementation shall be accomplished so that compliance with AFO and CAFO rules, permits, programs, and directives will achieve compliance with all federal and state water pollution control laws. The powers granted in this section include, among others, and notwithstanding any provisions of chapter 90.48 RCW or otherwise, the following:

(1) Complete authority to establish and administer a livestock nutrient management program, including a pollution discharge elimination permit program which will allow the department to be the sole agency issuing permits required by such national system operating in the state of Washington. Program elements authorized may include, but are not limited to: (a) Issuance of permits; (b) termination and modification of permits for cause; (c) requirements for public notices and opportunities for public hearings; (d) requirements for inspection, monitoring, entry, and reporting; (e) enforcement of the program through penalties, emergency powers, and criminal sanctions; (f) a continuing planning process; and (g) user charges.

(2) The power to establish and administer a state program in a manner which will ensure the procurement of moneys, whether in the form of grants, loans, or otherwise, to assist in the construction, operation, and maintenance of various water pollution control facilities and works.

(3) The power to develop and implement appropriate programs pertaining to continuing planning processes.

NEW SECTION. Sec. 21. Until the department receives federal delegation for the NPDES CAFO program, the department of ecology shall remain responsible for NPDES permit administration as described under a memorandum of understanding between the department and the department of ecology. Sections 22 through 26 of this act are not effective until federal delegation occurs.

NEW SECTION. Sec. 22. (1) Any person who owns or operates a dairy or CAFO that is required to apply for a permit under RCW 90.64.020 (as recodified by this act) or under the federal CAFO rule shall obtain a permit from the department. Any AFO that is determined by the department to be discharging into the waters of the state is required to obtain a state waste discharge permit from the department.

(2) The permit issued by the department shall meet the requirements of either the NPDES or the state waste discharge permit system, or both.

(3) A livestock operation meeting the definition of large CAFO may seek a determination from the department that the large CAFO has no potential to discharge to the waters of the state. Within sixty days of such a request, the director will make a determination using the process and criteria of 40 C.F.R. Sec. 122.23(f) (April 14, 2003). A livestock operation that receives a determination that it has no potential to discharge is not required to apply for permit coverage. Such a livestock operation is not relieved from liability under this chapter for actual discharges.

NEW SECTION. Sec. 23. (1) Applications for permits or modifications of a permit must be made on forms prescribed by the department, which shall be consistent with the federal CAFO permit application form. A copy of the nutrient management plan must be submitted with the application. An application for a permit shall be made:

(a) At least one hundred eighty days prior to commencement of operation of any new source CAFO required to apply for a permit;

(b) At least one hundred eighty days prior to the permit expiration date;

(c) Within ninety days of designation as a newly designated CAFO; or

(d) Within ninety days of the change in circumstance that causes a facility not covered by a permit to become defined as a CAFO required to apply for a permit.

(2) The department shall establish by rule public notice and public hearing requirements pertaining to department decisions on applications and permits in conformance with the requirements of 40 C.F.R. Secs. 124.10, 124.11, and 124.12 (April 14, 2003) and any other applicable federal regulation. At a minimum, the department's rules shall include providing notice of permit application. These rules shall also define the methods of public notice including, but not limited to, electronic means.

(3) When an application has been filed with the department that complies with this chapter and its rules, the department shall determine whether the management of livestock nutrients as proposed will pollute waters of the state in violation of the public policy of the state.

NEW SECTION. Sec. 24. The department shall issue a permit under section 22 of this act unless it finds that the disposal of livestock nutrients as proposed in the application will pollute or present a substantial potential to pollute the waters of the state in violation of state or federal law. The department shall have authority to specify conditions necessary to avoid such pollution in each permit under which livestock nutrients may be disposed of by the permittee. Permits, whether individual or general, shall not be valid for more than five years from the date of issuance.

NEW SECTION. Sec. 25. A permit under section 22 of this act shall be subject to termination upon thirty days' notice in writing if the department finds:

(1) That it was procured by misrepresentation of any material fact or by lack of full disclosure in the application;

(2) That there has been a violation of the conditions thereof;

(3) That a material change in quantity or type of livestock nutrient disposal exists.

NEW SECTION. Sec. 26. In the event that a material change in the condition of the waters occurs, the department may, by appropriate order, modify permit conditions or specify additional conditions in permits previously issued. The department may modify or revoke and reissue permits in accordance with 40 C.F.R. Sec. 122.62 and 63 (April 14, 2003). Reissued permits or permits with major modifications shall be issued in accordance with section 23 of this act and subject to appeal in accordance with RCW 43.21B.110. Modification of the terms and conditions of the nutrient management plan included in a permit constitutes a modification of the permit.

NEW SECTION. Sec. 27. It is unlawful for any person regulated by this chapter to throw, drain, run, or otherwise discharge into any of the waters of this state, or to cause, permit, or suffer to be thrown, run, drained, allowed to seep, or otherwise discharged into such waters any organic or inorganic matter, including livestock nutrients, that shall cause or tend to cause pollution of such waters according to the determination of the department, as provided for in this chapter.

NEW SECTION. Sec. 28. If any discharge to waters of the state occurs, a permitted CAFO shall notify the department as specified in the permit. A dairy or CAFO that is not a permitted CAFO shall notify the department within twenty-four hours and submit a written report within five days describing at a minimum: The discharge, receiving water, cause, dates, estimated quantities, corrective steps taken to repair impacts, and how it will prevent any future discharge.

NEW SECTION. Sec. 29. (1) The director has the authority to enter any AFO, CAFO, or dairy at any reasonable time and inspect property or facilities and records required under this chapter. Upon arrival at an AFO, CAFO, or dairy, the

department shall present identification and give verbal notification of the purpose of the inspection, which may include sampling and testing, to the livestock producer or his or her agent.

(2) If the director is denied access to property, facility, or records, the director may apply to a court of competent jurisdiction for a search warrant authorizing access to property, facilities, or records for purposes of inspections, sampling, or testing as authorized in this chapter. The court may upon the application issue a search warrant for the purposes requested.

NEW SECTION. Sec. 30. The department, with the assistance of the attorney general, is authorized to bring any appropriate action at law or in equity, including action for injunctive relief, in the name of the people of the state of Washington as may be necessary to carry out this chapter.

NEW SECTION. Sec. 31. (1) Whenever, in the opinion of the department, any person violates or creates a substantial potential to violate this chapter, or fails to control the polluting content of waste discharged or to be discharged into any waters of the state, the department shall notify the person of its determination by registered or certified mail. Such determination shall not constitute an order or directive under chapter 43.21B or 34.05 RCW. Within thirty days from the receipt of notice of the determination, the person must file with the department a full report stating what steps have been and are being taken to control the waste or pollution or to otherwise comply with the determination of the department. The department then shall issue such order or directive as it deems appropriate under the circumstances, and shall notify the person by registered or certified mail.

(2) Whenever the department deems immediate action is necessary to accomplish the purposes of this chapter, it may issue such order or directive, as appropriate under the circumstances, without first issuing a notice or determination pursuant to subsection (1) of this section. An order or directive issued pursuant to this subsection shall be served by registered or certified mail or personally upon any person to whom it is directed.

NEW SECTION. Sec. 32. Any person found guilty of willfully violating this chapter, or any final written orders or directive of the department or a court in pursuance thereof, is guilty of a gross misdemeanor, and upon conviction thereof shall be punished by a fine of up to ten thousand dollars and costs of prosecution, or by imprisonment in the county jail for not more than one year, or by both such fine and imprisonment in the discretion of the court. Each day upon which a willful violation of this chapter occurs may be deemed a separate and additional violation.

NEW SECTION. Sec. 33. (1) Any person who:

- (a)(i) Violates this chapter;
- (ii) Fails to perform any duty imposed by this chapter;
- (iii) Violates an order or other determination of the department or the director made under this chapter;
- (iv) Violates the conditions of a permit issued under this chapter; or
- (v) Otherwise causes a reduction in the quality of the state's waters below the standards set under chapter 90.48 RCW or, if no standards have been set, causes significant degradation of water quality, thereby damaging the state's waters; and

(b) Causes the death of, or injury to, fish, animals, vegetation, or other resources of the state;

shall be liable to pay the state and affected counties and cities damages in an amount determined under RCW 90.48.367.

(2) An action is not authorized under this section against any person operating in compliance with the conditions of a permit issued under this chapter.

NEW SECTION. Sec. 34. (1) Except as provided in chapter 43.05 RCW, every person who:

- (a) Violates the terms or conditions of a permit issued under this chapter or chapter 90.48 RCW for an AFO or a CAFO;
- (b) Operates a CAFO without a permit as required by this chapter or chapter 90.48 RCW; or
- (c) Discharges livestock nutrients in violation of this chapter, or rules or orders adopted or issued under this chapter or chapter 90.48 RCW,

shall incur, in addition to any other penalty as provided by law, a penalty in an amount of up to ten thousand dollars a day for every such violation. Each and every such violation shall be a separate and distinct offense, and in case of a continuing violation, every day's continuance shall be and be deemed to be a separate and distinct violation. Every act of commission or omission which procures, aids, or abets in the violation shall be considered a violation under this section and subject to the penalty provided for in this section. The penalty amount shall be set in consideration of the previous history of the violator and the severity of the violation's impact on public health or the environment in addition to other relevant factors. The department is authorized to set forth the procedures and the criteria for setting the penalty in rule.

(2) A discharge of pollutants into the waters of the state is a violation of this chapter, except those discharges that occur when a livestock producer has a current national pollutant discharge elimination system permit with a wastewater system designed, constructed, operated, and maintained for the current herd size and that contains all process-generated wastewater plus average annual precipitation minus evaporation plus contaminated storm water runoff from a rainfall event as specified for the type of facility in 40 C.F.R. Part 412 (April 14, 2003) for that specific location, the discharge is the result of a rainfall event as

specified for the type of facility in 40 C.F.R. Part 412 (April 14, 2003), and the livestock producer has complied with all permit conditions, including livestock nutrient management plan conditions for appropriate land application practices.

(3) A livestock producer may assert upset as an affirmative defense to allegations of discharge in violation of a permit. "Upset" means an exceptional incident in which there is an unintentional and temporary noncompliance with technology-based permit effluent limitations because of factors beyond the reasonable control of the producer. An upset does not include noncompliance to the extent caused by operational error, improperly designed treatment facilities, inadequate treatment facilities, lack of preventive maintenance, or careless or improper operation. In any enforcement proceeding the permittee seeking to establish the occurrence of an upset has the burden of proof.

NEW SECTION. Sec. 35. (1) Notwithstanding any other provisions of this chapter, whenever it appears to the director that a person regulated by this chapter is causing water quality conditions to exist which require immediate action to protect the public health or welfare, the director may issue a written temporary order to cease and desist to the person responsible without prior notice or hearing, directing the person to either: (a) Immediately discontinue or modify the discharge into the waters of the state; or (b) appear before the department at the time and place specified in the order to provide the department information pertaining to the violations and conditions alleged in the order. The temporary order to cease and desist is effective upon service on the responsible person and will remain in effect until ten days after the informational meeting. The responsible person shall be given not less than twenty-four hours' notice of the informational meeting.

(2) Following the informational meeting or if the responsible person fails to attend the informational meeting, if the department determines that water quality conditions exist which require immediate action to protect the public health or welfare, the department may issue a written permanent order to cease and desist requiring the person to immediately discontinue or modify the discharge into waters. The permanent order to cease and desist is effective upon service. If this order is not immediately complied with, the attorney general, upon request of the department, may seek enforcement of the order in the superior court of the county in which the violation took place. Permanent orders to cease and desist issued by the department are appealable under chapter 43.21B RCW.

NEW SECTION. Sec. 36. (1) The department shall establish by rule annual fees for administering permits issued under this chapter. Fees shall be used for costs incurred by the department in processing permit applications and modifications, monitoring and evaluating compliance with permits, conducting inspections, securing laboratory analysis of samples taken during inspections, reviewing plans and documents directly related to operations of permittees, overseeing performance of delegated pretreatment programs, and supporting the overhead expenses that are directly related to these activities.

(2) The initial fee schedule adopted after delegation of national pollutant discharge elimination system permit authority from the environmental protection agency shall be the same as the fee schedule established by the department of ecology except that fees may rise in accordance with the fiscal growth factor as provided in chapter 43.135 RCW. Until the initial fee schedule is adopted, the fees established by the department of ecology shall be in effect.

(3) All fees collected under this section shall be deposited in the livestock nutrient management permit account within the agricultural local fund and used only for purposes of administering permits under this chapter.

NEW SECTION. Sec. 37. (1) Prior to issuing an order related to discharges from agricultural activity on agricultural land, the department shall consider whether an enforcement action would contribute to the conversion of agricultural land to nonagricultural uses. Any enforcement action shall attempt to minimize the possibility of such conversion.

(2) As used in this section:

(a) "Agricultural activity" means the growing, raising, or production of horticultural or viticultural crops, berries, poultry, livestock, grain, mint, hay, and dairy products.

(b) "Agricultural land" means at least five acres of land devoted primarily to the commercial production of livestock or agricultural commodities.

NEW SECTION. Sec. 38. (1) The department of ecology shall develop and maintain a standard protocol for water quality monitoring of the waters of the state within the vicinity of dairies and CAFOs. The protocol shall include sampling methods and procedures and identify the water quality constituents to be monitored.

(2) The department of ecology shall submit the initial protocol developed according to this section to the appropriate committees of the legislature by December 1, 2005.

MESSAGE FROM THE HOUSE

April 14, 2005

MR. PRESIDENT:

The House has passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5763, with the following amendment{s}:

Strike everything after the enacting clause and insert the following:

"PART I GENERAL PROVISIONS

NEW SECTION. Sec. 101. The legislature finds that persons with mental disorders, chemical dependency disorders, or co-occurring mental and substance abuse disorders are disproportionately more likely to be confined in a correctional institution, become homeless, become involved with child protective services or involved in a dependency proceeding, or lose those state and federal benefits to which they may be entitled as a result of their disorders. The legislature finds that prior state policy of addressing mental health and chemical dependency in isolation from each other has not been cost-effective and has often resulted in longer-term, more costly treatment that may be less effective over time. The legislature finds that a substantial number of persons have co-occurring mental and substance abuse disorders and that identification and integrated treatment of co-occurring disorders is critical to successful outcomes and recovery. Consequently, the legislature intends, to the extent of available funding, to:

- (1) Establish a process for determining which persons with mental disorders and substance abuse disorders have co-occurring disorders;
- (2) Reduce the gap between available chemical dependency treatment and the documented need for treatment;
- (3) Improve treatment outcomes by shifting treatment, where possible, to evidence-based, research-based, and consensus-based treatment practices and by removing barriers to the use of those practices;
- (4) Expand the authority for and use of therapeutic courts including drug courts, mental health courts, and therapeutic courts for dependency proceedings;
- (5) Improve access to treatment for persons who are not enrolled in medicaid by improving and creating consistency in the application processes, and by minimizing the numbers of eligible confined persons who leave confinement without medical assistance;
- (6) Improve access to inpatient treatment by creating expanded services facilities for persons needing intensive treatment in a secure setting who do not need inpatient care, but are unable to access treatment under current licensing restrictions in other settings;
- (7) Establish secure detoxification centers for persons involuntarily detained as gravely disabled or presenting a likelihood of serious harm due to chemical dependency and authorize combined crisis responders for both mental disorders and chemical dependency disorders on a pilot basis and study the outcomes;
- (8) Slow or stop the loss of inpatient and intensive residential beds and children's long-term inpatient placements and refine the balance of state hospital and community inpatient and residential beds;
- (9) Improve cross-system collaboration including collaboration with first responders and hospital emergency rooms, schools, primary care, developmental disabilities, law enforcement and corrections, and federally funded and licensed programs;
- (10) Following the receipt of outcomes from the pilot programs in Part II of this act, if directed by future legislative enactment, implement a single, comprehensive, involuntary treatment act with a unified set of standards, rights, obligations, and procedures for adults and children with mental disorders, chemical dependency disorders, and co-occurring disorders; and
- (11) Amend existing state law to address organizational and structural barriers to effective use of state funds for treating persons with mental and substance abuse disorders, minimize internal inconsistencies, clarify policy and requirements, and maximize the opportunity for effective and cost-effective outcomes.

NEW SECTION. Sec. 102. (1) The department of social and health services shall explore and report to the appropriate committees of the legislature by December 1, 2005, on the feasibility, costs, benefits, and time frame to access federal medicaid funds for mental health and substance abuse treatment under the following provisions:

(a) The optional clinic provisions;
(b) Children's mental health treatment or co-occurring disorders treatment under the early periodic screening, diagnosis, and treatment provisions.

(2) The department shall provide the appropriate committees of the legislature with a clear and concise explanation of the reasons for reducing state hospital capacity and the differences in costs and benefits of treatment in state and community hospital treatment.

(3) The department may not reduce the capacity of either state hospital until at least an equal number of skilled nursing, residential, expanded services facility, or supported housing placements are available in the community to the persons displaced by the capacity reduction.

Mental Health Treatment

NEW SECTION. Sec. 103. A new section is added to chapter 71.05 RCW to read as follows:

(1) The secretary, after consulting with the Washington state association of counties, shall select and contract with regional support networks or counties to provide two integrated crisis response and involuntary treatment pilot programs for adults and shall allocate resources for both integrated services and secure detoxification services in the pilot areas. In selecting the two regional support networks or counties, the secretary shall endeavor to site one in an urban and one in a rural regional support network or county; and to site them in counties other than those selected pursuant to section 220 of this act, to the extent necessary to facilitate evaluation of pilot project results.

(2) The regional support networks or counties shall implement the pilot programs by providing integrated crisis response and involuntary treatment to persons with a chemical dependency, a mental disorder, or both, consistent with this chapter. The pilot programs shall:

(a) Combine the crisis responder functions of a designated mental health professional under chapter 71.05 RCW and a designated chemical dependency specialist under chapter 70.96A RCW by establishing a new designated crisis responder who is authorized to conduct investigations and detain persons up to seventy-two hours to the proper facility;

NEW SECTION. Sec. 205. In addition to the provisions of this chapter, a designated crisis responder has all the powers and duties of a designated mental health professional as well as the powers and duties of a designated chemical dependency specialist under RCW 70.96A.120.

NEW SECTION. Sec. 206. (1)(a) When a designated crisis responder receives information alleging that a person, as a result of a mental disorder, chemical dependency disorder, or both, presents a likelihood of serious harm or is gravely disabled, the designated crisis responder may, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of any person providing information to initiate detention, if satisfied that the allegations are true and that the person will not voluntarily seek appropriate treatment, file a petition for initial detention. Before filing the petition, the designated crisis responder must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at either an evaluation and treatment facility, a detoxification facility, or other certified chemical dependency provider.

(b)(i)(A) Whenever it appears, by petition for initial detention, to the satisfaction of a judge of the superior court that a person presents as a result of a mental disorder, a likelihood of serious harm, or is gravely disabled, and that the person has refused or failed to accept appropriate evaluation and treatment voluntarily, the judge may issue an order requiring the person to

appear within twenty-four hours after service of the order at a designated evaluation and treatment facility for not more than a seventy-two hour evaluation and treatment period; or

(B) Whenever it appears, by petition for initial detention, to the satisfaction of a judge of the superior court, district court, or other court permitted by court rule, that a person presents as a result of a chemical dependency, a likelihood of serious harm, or is gravely disabled, and that the person has refused or failed to accept appropriate evaluation and treatment voluntarily, the judge may issue an order requiring the person to appear within twenty-four hours after service of the order at a secure detoxification facility or other certified chemical dependency provider for not more than a seventy-two hour evaluation and treatment period.

(ii) The order issued under this subsection (1)(b) shall state the address of the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider to which the person is to report; whether the required seventy-two hour evaluation and treatment services may be delivered on an outpatient or inpatient basis; and that if the person named in the order fails to appear at the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider at or before the date and time stated in the order, the person may be involuntarily taken into custody for evaluation and treatment. The order shall also designate retained counsel or, if counsel is appointed from a list provided by the court, the name, business address, and telephone number of the attorney appointed to represent the person.

(c) The designated crisis responder shall then serve or cause to be served on such person, his or her guardian, and conservator, if any, a copy of the order to appear, together with a notice of rights and a petition for initial detention. After service on the person, the designated crisis responder shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility or secure detoxification facility and the designated attorney. The designated crisis responder shall notify the court and the prosecuting attorney that a probable cause hearing will be held within seventy-two hours of the date and time of outpatient evaluation or admission to the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider. The person shall be permitted to remain in his or her home or other place of his or her choosing before the time of evaluation and shall be permitted to be accompanied by one or more of his or her relatives, friends, an attorney, a personal physician, or other professional or religious advisor to the place of evaluation. An attorney accompanying the person to the place of evaluation shall be permitted to be present during the admission evaluation. Any other person accompanying the person may be present during the admission evaluation. The facility may exclude the person if his or her presence would present a safety risk, delay the proceedings, or otherwise interfere with the evaluation.

(d) If the person ordered to appear does appear on or before the date and time specified, the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider may admit the person as required by subsection (3) of this section or may provide treatment on an outpatient basis. If the person ordered to appear fails to appear on or before the date and time specified, the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider shall immediately notify the designated crisis responder who may notify a peace officer to take the person or cause the person to be taken into custody and placed in an evaluation and treatment facility, a secure detoxification facility, or other certified chemical dependency provider. Should the designated crisis responder notify a peace officer authorizing the officer to take a person into custody under this subsection, the designated crisis responder shall file with the court a copy of the authorization and a notice of detention. At the time the person is taken into custody there shall commence to be served on the person, his or her guardian, and conservator, if any, a copy of the original order together with a notice of detention, a notice of rights, and a petition for initial detention.

(2) If a designated crisis responder receives information alleging that a person, as the result of:

(a) A mental disorder, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take the person, or cause by oral or written order the person to be taken into emergency custody in an evaluation and treatment facility for not more than seventy-two hours as described in this chapter; or

(b) Chemical dependency, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take the person, or cause by oral or written order the person to be taken into emergency custody in a secure detoxification facility for not more than seventy-two hours as described in this chapter.

(3) If the designated crisis responder petitions for detention of a person whose actions constitute a likelihood of serious harm, or who is gravely disabled, the evaluation and treatment facility, the secure detoxification facility, or other certified chemical dependency provider providing seventy-two hour evaluation and treatment must immediately accept on a provisional basis the petition and the person. The evaluation and treatment facility, the secure detoxification facility, or other certified chemical dependency provider shall then evaluate the person's condition and admit, detain, transfer, or discharge such person in

accordance with this chapter. The facility shall notify in writing the court and the designated crisis responder of the date and time of the initial detention of each person involuntarily detained so that a probable cause hearing will be held no later than seventy-two hours after detention.

(4) A peace officer may, without prior notice of the proceedings provided for in subsection (1) of this section, take or cause the person to be taken into custody and immediately delivered to an evaluation and treatment facility, secure detoxification facility, other certified chemical dependency treatment provider only pursuant to subsections (1)(d) and (2) of this section.

(5) Nothing in this chapter limits the power of a peace officer to take a person into custody and immediately deliver the person to the emergency department of a local hospital or to a detoxification facility.

NEW SECTION. Sec. 207. (1) A person or public or private entity employing a person is not civilly or criminally liable for performing duties under this chapter if the duties were performed in good faith and without gross negligence.

(2) This section does not relieve a person from giving the required notices under RCW 71.05.330(2) or 71.05.340(1)(b), or the duty to warn or to take reasonable precautions to provide protection from violent behavior where the patient has communicated an actual threat of physical violence against a reasonably identifiable victim or victims. The duty to warn or to take reasonable precautions to provide protection from violent behavior is discharged if reasonable efforts are made to communicate the threat to the victim or victims and to law enforcement personnel.

NEW SECTION. Sec. 208. If the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider admits the person, it may detain the person for evaluation and treatment for a period not to exceed seventy-two hours from the time of acceptance. The computation of the seventy-two hour period excludes Saturdays, Sundays, and holidays.

NEW SECTION. Sec. 209. Whenever any person is detained for evaluation and treatment for a mental disorder under section 206 of this act, chapter 71.05 RCW applies.

NEW SECTION. Sec. 210. (1) A person detained for seventy-two hour evaluation and treatment under section 206 of this act or RCW 70.96A.120 may be detained for not more than fourteen additional days of involuntary chemical dependency treatment if there are beds available at the secure detoxification facility and the following conditions are met:

(a) The professional person in charge of the agency or facility or the person's designee providing evaluation and treatment services in a secure detoxification facility has assessed the person's condition and finds that the condition is caused by chemical dependency and either results in a likelihood of serious harm or in the detained person being gravely disabled, and the professional person or his or her designee is prepared to testify those conditions are met;

(b) The person has been advised of the need for voluntary treatment and the professional person in charge of the agency or facility or his or her designee has evidence that he or she has not in good faith volunteered for treatment; and

(c) The professional person in charge of the agency or facility or the person's designee has filed a petition for fourteen-day involuntary detention with the superior court, district court, or other court permitted by court rule. The petition must be signed by the chemical dependency professional who has examined the person.

(2) The petition under subsection (1)(c) of this section shall be accompanied by a certificate of a licensed physician who has examined the person, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the licensed physician's findings in support of the allegations of the petition. A physician employed by the petitioning program or the department is eligible to be the certifying physician.

(3) The petition shall state facts that support the finding that the person, as a result of chemical dependency, presents a likelihood of serious harm or is gravely disabled, and that there are no less restrictive alternatives to detention in the best interest of the person or others. The petition shall state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate.

(4) A copy of the petition shall be served on the detained person, his or her attorney, and his or her guardian or conservator, if any, before the probable cause hearing.

(5)(a) The court shall inform the person whose commitment is sought of his or her right to contest the petition, be represented by counsel at every stage of any proceedings relating to his or her commitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment is sought shall be informed of his or her right to be examined by a licensed physician of his or her choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall appoint a reasonably available licensed physician designated by the person.

(b) At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that the person, as the result of chemical dependency, presents a likelihood of serious harm or is gravely disabled and, after considering

less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interest of such person or others, the court shall order that the person be detained for involuntary chemical dependency treatment not to exceed fourteen days in a secure detoxification facility.

NEW SECTION. Sec. 211. If a person is detained for additional treatment beyond fourteen days under section 210 of this act, the professional staff of the agency or facility may petition for additional treatment under RCW 70.96A.140.

NEW SECTION. Sec. 212. The prosecuting attorney of the county in which an action under this chapter is taken must represent the petitioner in judicial proceedings under this chapter for the involuntary chemical dependency treatment of a person, including any judicial proceeding where the person sought to be treated for chemical dependency challenges the action.

NEW SECTION. Sec. 213. (1) Every person involuntarily detained or committed under this chapter as a result of a mental disorder is entitled to all the rights set forth in this chapter and in chapter 71.05 RCW, and retains all rights not denied him or her under this chapter or chapter 71.05 RCW.

(2) Every person involuntarily detained or committed under this chapter as a result of a chemical dependency is entitled to all the rights set forth in this chapter and chapter 70.96A RCW, and retains all rights not denied him or her under this chapter or chapter 70.96A RCW.

NEW SECTION. Sec. 214. (1) When a designated crisis responder is notified by a jail that a defendant or offender who was subject to a discharge review under RCW 71.05.232 is to be released to the community, the designated crisis responder shall evaluate the person within seventy-two hours of release.

(2) When an offender is under court-ordered treatment in the community and the supervision of the department of corrections, and the treatment provider becomes aware that the person is in violation of the terms of the court order, the treatment provider shall notify the designated crisis responder of the violation and request an evaluation for purposes of revocation of the less restrictive alternative.

(3) When a designated crisis responder becomes aware that an offender who is under court-ordered treatment in the community and the supervision of the department of corrections is in violation of a treatment order or a condition of supervision that relates to public safety, or the designated crisis responder detains a person under this chapter, the designated crisis responder shall notify the person's treatment provider and the department of corrections.

(4) When an offender who is confined in a state correctional facility or is under supervision of the department of corrections in the community is subject to a petition for involuntary treatment under this chapter, the petitioner shall notify the department of corrections and the department of corrections shall provide documentation of its risk assessment or other concerns to the petitioner and the court if the department of corrections classified the offender as a high risk or high needs offender.

(5) Nothing in this section creates a duty on any treatment provider or designated crisis responder to provide offender supervision.

NEW SECTION. Sec. 215. The secretary may adopt rules to implement this chapter.

NEW SECTION. Sec. 216. The provisions of RCW 71.05.550 apply to this chapter.

PART IV RESOURCES

NEW SECTION. Sec. 401. Sections 402 through 425 of this act constitute a new chapter in Title 70 RCW.

NEW SECTION. Sec. 402. The legislature finds that there are persons with mental disorders, including organic or traumatic brain disorders, and combinations of mental disorders with other medical conditions or behavior histories that result in behavioral and security issues that make these persons ineligible for, or unsuccessful in, existing types of licensed facilities, including adult residential rehabilitation centers, boarding homes, adult family homes, group homes, and skilled nursing facilities. The legislature also finds that many of these persons have been treated on repeated occasions in inappropriate acute care facilities and released without an appropriate placement or have been treated or detained for extended periods in inappropriate settings including state hospitals and correctional facilities. The legislature further finds that some of these persons present complex safety and treatment issues that require security measures that cannot be instituted under most facility licenses or supported housing programs. These include the ability to detain persons under involuntary treatment orders or administer court ordered medications.

Consequently, the legislature intends, to the extent of available funds, to establish a new type of facility licensed by the department of social and health services as an enhanced services facility with standards that will provide a safe, secure treatment environment for a limited population of persons who are not appropriately served in other facilities or programs. The legislature also finds that enhanced services facilities may need to specialize in order to effectively care for a particular segment of the identified population.

An enhanced services facility may only serve individuals that meet the criteria specified in section 405 of this act.

NEW SECTION. Sec. 403. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(a) The enhanced services facility is in a location that is totally separate and discrete from the other licensed facility; and

(b) The two facilities maintain separate staffing, unless an exception to this is permitted by the department in rule.

(4) Nursing homes under chapter 18.51 RCW, boarding homes under chapter 18.20 RCW, or adult family homes under chapter 70.128 RCW, that become licensed as facilities under this chapter shall be deemed to meet the applicable state and local rules, regulations, permits, and code requirements. All other facilities are required to meet all applicable state and local rules, regulations, permits, and code requirements.

(2) The enhanced services facility shall develop an individualized treatment plan for each resident based on the comprehensive assessment and any other information in the person's record. The plan shall be updated with a full review every ninety days or sooner if clinically necessary, and shall include a plan for appropriate transfer or discharge and supported reintegration into the community. Discharge planning shall commence immediately upon placement at an enhanced services facility. Where the person is under the supervision of the department of corrections, the facility shall collaborate with the department of corrections to maximize treatment outcomes and reduce the likelihood of reoffense.

(3) The plan shall maximize the opportunities for independence, recovery, employment, the resident's participation in treatment decisions, and collaboration with peer-supported services, and provide for care and treatment in the least restrictive manner appropriate to the individual resident, and, where relevant, to any court orders with which the resident must comply.

The nurse must be a registered nurse for at least sixteen hours per day. If the nurse is not a registered nurse, a registered nurse or a doctor must be on-call during the remaining eight hours.

(3) Any employee or other individual who will have unsupervised access to vulnerable adults must successfully pass a background inquiry check.

(5) Each enhanced services facility will post in a prominent place in a common area a notice by the Washington protection and advocacy system providing contact information.

(1) In any case in which the department finds that a licensee of a facility, or any partner, officer, director, owner of five percent or more of the assets of the facility, or managing employee failed or refused to comply with the requirements of this chapter or the rules established under them, the department may take any or all of the following actions:

(a) Suspend, revoke, or refuse to issue or renew a license;

(b) Order stop placement; or

(c) Assess civil monetary penalties.

(2) The department may suspend, revoke, or refuse to renew a license, assess civil monetary penalties, or both, in any case in which it finds that the licensee of a facility, or any partner, officer, director, owner of five percent or more of the assets of the facility, or managing employee:

(b) Knowingly or with reason to know made a false statement of a material fact in the license application or any data attached thereto, or in any matter under investigation by the department;

(c) Refused to allow representatives or agents of the department to inspect all books, records, and files required to be maintained or any portion of the premises of the facility;

(d) Willfully prevented, interfered with, or attempted to impede in any way the work of any duly authorized representative of the department and the lawful enforcement of any provision of this chapter;

(e) Willfully prevented or interfered with any representative of the department in the preservation of evidence of any violation of any of the provisions of this chapter or of the rules adopted under it; or

(f) Failed to pay any civil monetary penalty assessed by the department under this chapter within ten days after the assessment becomes final.

(3)(a) Civil penalties collected under this chapter shall be deposited into a special fund administered by the department.

(b) Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day the facility is or was out of compliance. Civil monetary penalties shall not exceed three thousand dollars per day. Each day upon which the same or a substantially similar action occurs is a separate violation subject to the assessment of a separate penalty.

(4) The department may use the civil penalty monetary fund for the protection of the health or property of residents of facilities found to be deficient including:

(a) Payment for the cost of relocation of residents to other facilities;

(b) Payment to maintain operation of a facility pending correction of deficiencies or closure; and

(c) Reimbursement of a resident for personal funds or property loss.

(A) Jeopardizes the health and safety of the residents; or

(B) Seriously limits the facility's capacity to provide adequate care.

(b) When the department has ordered a stop placement, the department may approve a readmission to the facility from a hospital, residential treatment facility, or crisis intervention facility when the department determines the readmission would be in the best interest of the individual seeking readmission.

(6) If the department determines that an emergency exists and resident health and safety is immediately jeopardized as a result of a facility's failure or refusal to comply with this chapter, the department may summarily suspend the facility's license and order the immediate closure of the facility, or the immediate transfer of residents, or both.

(7) If the department determines that the health or safety of the residents is immediately jeopardized as a result of a facility's failure or refusal to comply with requirements of this chapter, the department may appoint temporary management to:

- (a) Oversee the operation of the facility; and
- (b) Ensure the health and safety of the facility's residents while:
 - (i) Orderly closure of the facility occurs; or
 - (ii) The deficiencies necessitating temporary management are corrected.

NEW SECTION. Sec. 414. (1) All orders of the department denying, suspending, or revoking the license or assessing a monetary penalty shall become final twenty days after the same has been served upon the applicant or licensee unless a hearing is requested.

(2) All orders of the department imposing stop placement, temporary management, emergency closure, emergency transfer, or summary license suspension shall be effective immediately upon notice, pending any hearing.

(3) Subject to the requirements of subsection (2) of this section, all hearings under this chapter and judicial review of such determinations shall be in accordance with the administrative procedure act, chapter 34.05 RCW.

NEW SECTION. Sec. 415. Operation of a facility without a license in violation of this chapter and discrimination against medicaid recipients is a matter vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. Operation of an enhanced services facility without a license in violation of this chapter is not reasonable in relation to the development and preservation of business. Such a violation is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

NEW SECTION. Sec. 416. A person operating or maintaining a facility without a license under this chapter is guilty of a misdemeanor and each day of a continuing violation after conviction shall be considered a separate offense.

NEW SECTION. Sec. 417. Notwithstanding the existence or use of any other remedy, the department may, in the manner provided by law, maintain an action in the name of the state for an injunction, civil penalty, or other process against a person to restrain or prevent the operation or maintenance of a facility without a license issued under this chapter.

NEW SECTION. Sec. 418. (1) The department shall make or cause to be made at least one inspection of each facility prior to licensure and an unannounced full inspection of facilities at least once every eighteen months. The statewide average interval between full facility inspections must be fifteen months.

(2) Any duly authorized officer, employee, or agent of the department may enter and inspect any facility at any time to determine that the facility is in compliance with this chapter and applicable rules, and to enforce any provision of this chapter. Complaint inspections shall be unannounced and conducted in such a manner as to ensure maximum effectiveness. No advance notice shall be given of any inspection unless authorized or required by federal law.

(3) During inspections, the facility must give the department access to areas, materials, and equipment used to provide care or support to residents, including resident and staff records, accounts, and the physical premises, including the buildings, grounds, and equipment. The department has the authority to privately interview the provider, staff, residents, and other individuals familiar with resident care and treatment.

(4) Any public employee giving advance notice of an inspection in violation of this section shall be suspended from all duties without pay for a period of not less than five nor more than fifteen days.

(5) The department shall prepare a written report describing the violations found during an inspection, and shall provide a copy of the inspection report to the facility.

(6) The facility shall develop a written plan of correction for any violations identified by the department and provide a plan of correction to the department within ten working days from the receipt of the inspection report.

NEW SECTION. Sec. 419. The facility shall only admit individuals:

- (1) Who are over the age of eighteen;
- (2) Who meet the resident eligibility requirements described in section 405 of this act; and
- (3) Whose needs the facility can safely and appropriately meet through qualified and trained staff, services, equipment, security, and building design.

NEW SECTION. Sec. 420. If the facility does not employ a qualified professional able to furnish needed services, the facility must have a written contract with a qualified professional or agency outside the facility to furnish the needed services.

NEW SECTION. Sec. 421. At least sixty days before the effective date of any change of ownership, or change of management of a facility, the current operating entity must provide written notification about the proposed change separately and in writing, to the department, each resident of the facility, or the resident's guardian or representative.

NEW SECTION. Sec. 422. The facility shall:

(1) Maintain adequate resident records to enable the provision of necessary treatment, care, and services and to respond appropriately in emergency situations;

(2) Comply with all state and federal requirements related to documentation, confidentiality, and information sharing, including chapters 10.77, 70.02, 70.24, 70.96A, and 71.05 RCW; and

(3) Where possible, obtain signed releases of information designating the department, the facility, and the department of corrections where the person is under its supervision, as recipients of health care information.

NEW SECTION. Sec. 423. (1) Standards for fire protection and the enforcement thereof, with respect to all facilities licensed under this chapter, are the responsibility of the chief of the Washington state patrol, through the director of fire protection, who must adopt recognized standards as applicable to facilities for the protection of life against the cause and spread of fire and fire hazards. If the facility to be licensed meets with the approval of the chief of the Washington state patrol, through the director of fire protection, the director of fire protection must submit to the department a written report approving the facility with respect to fire protection before a full license can be issued. The chief of the Washington state patrol, through the director of fire protection, shall conduct an unannounced full inspection of facilities at least once every eighteen months. The statewide average interval between full facility inspections must be fifteen months.

(2) Inspections of facilities by local authorities must be consistent with the requirements adopted by the chief of the Washington state patrol, through the director of fire protection. Findings of a serious nature must be coordinated with the department and the chief of the Washington state patrol, through the director of fire protection, for determination of appropriate actions to ensure a safe environment for residents. The chief of the Washington state patrol, through the director of fire protection, has exclusive authority to determine appropriate corrective action under this section.

NEW SECTION. Sec. 424. No facility providing care and treatment for individuals placed in a facility, or agency licensing or placing residents in a facility, acting in the course of its duties, shall be civilly or criminally liable for performing its duties under this chapter, provided that such duties were performed in good faith and without gross negligence.

NEW SECTION. Sec. 425. (1) The secretary shall adopt rules to implement this chapter.

(2) Such rules shall at the minimum: (a) Promote safe treatment and necessary care of individuals residing in the facility and provide for safe and clean conditions; (b) establish licensee qualifications, licensing and enforcement, and license fees sufficient to cover the cost of licensing and enforcement.

Sec. 708. RCW 71.05.235 and 2000 c 74 s 6 are each amended to read as follows:

(1) If an individual is referred to a ((county)) designated mental health professional under RCW 10.77.090(1)(d)(iii)(A), the ((county)) designated mental health professional shall examine the individual within forty-eight hours. If the ((county)) designated mental health professional determines it is not appropriate to detain the individual or petition for a ninety-day less restrictive alternative under RCW 71.05.230(4), that decision shall be immediately presented to the superior court for hearing. The court shall hold a hearing to consider the decision of the ((county)) designated mental health professional not later than the next judicial day. At the hearing the superior court shall review the determination of the ((county)) designated mental health professional and determine whether an order should be entered requiring the person to be evaluated at an evaluation and treatment facility. No person referred to an evaluation and treatment facility may be held at the facility longer than seventy-two hours.

(2) If an individual is placed in an evaluation and treatment facility under RCW 10.77.090(1)(d)(iii)(B), a professional person shall evaluate the individual for purposes of determining whether to file a ninety-day inpatient or outpatient petition under chapter 71.05 RCW. Before expiration of the seventy-two hour evaluation period authorized under RCW 10.77.090(1)(d)(iii)(B), the professional person shall file a petition or, if the recommendation of the professional person is to release the individual, present his or her recommendation to the superior court of the county in which the criminal charge was dismissed. The superior court shall review the recommendation not later than forty-eight hours, excluding Saturdays, Sundays, and holidays, after the recommendation is presented. If the court rejects the recommendation to unconditionally release the individual, the court may order the individual detained at a designated evaluation and treatment facility for not more than a seventy-two hour evaluation and treatment period and direct the individual to appear at a surety hearing before that court within seventy-two hours, or the court may release the individual but direct the individual to appear at a surety hearing set before that court within eleven days, at which time the prosecutor may file a petition under this chapter for ninety-day inpatient or outpatient treatment. If a petition is filed by the prosecutor, the court may order that the person named in the petition be detained at the evaluation and treatment facility that performed the evaluation under this subsection or order the respondent to be in outpatient treatment. If a petition is filed but the individual fails to appear in court for the surety hearing, the court shall order that a mental health professional or peace officer shall take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility to be brought before the court the next judicial day after detention. Upon the individual's first appearance in court after a petition has been filed, proceedings under RCW 71.05.310 and 71.05.320 shall commence. For an individual subject to this subsection, the prosecutor or professional person may directly file a petition for ninety-day inpatient or outpatient treatment and no petition for initial detention or fourteen-day detention is required before such a petition may be filed.

The court shall conduct the hearing on the petition filed under this subsection within five judicial days of the date the petition is filed. The court may continue the hearing upon the written request of the person named in the petition or the person's attorney, for good cause shown, which continuance shall not exceed five additional judicial days. If the person named in the petition requests a jury trial, the trial shall commence within ten judicial days of the date of the filing of the petition. The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the petitioner. The person shall be present at such proceeding, which shall in all respects accord with the constitutional guarantees of due process of law and the rules of evidence pursuant to RCW ((71.05.250)) 71.05.360 (8) and (9).

During the proceeding the person named in the petition shall continue to be detained and treated until released by order of the court. If no order has been made within thirty days after the filing of the petition, not including any extensions of time requested by the detained person or his or her attorney, the detained person shall be released.

(3) If a ((county)) designated mental health professional or the professional person and prosecuting attorney for the county in which the criminal charge was dismissed or attorney general, as appropriate, stipulate that the individual does not present a likelihood of serious harm or is not gravely disabled, the hearing under this section is not required and the individual, if in custody, shall be released.

(4) The individual shall have the rights specified in RCW ((71.05.250)) 71.05.360 (8) and (9).

Sec. 709. RCW 71.05.310 and 1987 c 439 s 9 are each amended to read as follows:

The court shall conduct a hearing on the petition for ninety day treatment within five judicial days of the first court appearance after the probable cause hearing. If the person named in the petition requests a jury trial, the trial shall commence within ten judicial days of the first court appearance after the probable cause hearing. The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the petitioner. The person shall be present at such proceeding, which shall in all respects accord with the constitutional guarantees of due process of law and the rules of evidence pursuant to RCW ((71.05.250)) 71.05.360 (8) and (9).

During the proceeding, the person named in the petition shall continue to be treated until released by order of the superior court. If no order has been made within thirty days after the filing of the petition, not including extensions of time requested by the detained person or his or her attorney, the detained person shall be released.

(9) This section does not modify the terms and conditions of disclosure of information related to sexually transmitted diseases under chapter 70.24 RCW.

(10) The department shall, subject to available resources, electronically, or by the most cost-effective means available, provide the department of corrections with the names, last dates of services, and addresses of specific regional support networks and mental health service providers that delivered mental health services to a person subject to chapter 9.94A or 9.95 RCW pursuant to an agreement between the departments.

MESSAGE FROM THE HOUSE

April 13, 2005

MR. PRESIDENT:

The House has passed SENATE BILL NO. 5127, with the following amendment{s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that human trafficking is growing to epidemic proportions and that our state is impacted. Human trafficking is one of the greatest threats to human dignity. It is the commodification of human beings and an assault on human values. Washington is, and must continue to be, a national leader at the state level in the fight against human trafficking.

The legislature recognizes there are many state agencies and private organizations that might be called on to provide services to victims of trafficking of humans. Victims of human trafficking are often in need of services such as emergency medical attention, food and shelter, vocational and English language training, mental health counseling, and legal support. The state intends to improve the response of state, local, and private entities to incidents of trafficking of humans. Victims would be better served if there is an established, coordinated system of identifying the needs of trafficking victims, protocols for training of service delivery agencies and staff, timely and appropriate delivery of services, and better investigations and prosecutions of trafficking.

Leadership in providing services to victims of trafficking of humans also extends beyond government efforts and is grounded in the work of highly dedicated individuals and community-based groups. Without these efforts the struggle against human trafficking will be very difficult to win. The legislature, therefore, finds that such efforts merit regular public recognition and appreciation. Such recognition and appreciation will encourage the efforts of all persons to end human trafficking, and provide the public with information and education about the necessity of its involvement in this struggle.

NEW SECTION. Sec. 2. A new section is added to chapter 7.68 RCW to read as follows:

(1) By July 1, 2005, the director of the department of community, trade, and economic development, or the director's designee, shall within existing resources convene and chair a work group to develop written protocols for delivery of services to victims of trafficking of humans. The director shall invite appropriate federal agencies to consult with the work group for the purpose of developing protocols that, to the extent possible, are in concert with federal statutes, regulations, and policies. In addition to the director of the department of community, trade, and economic development, the following shall be members of the work group: The secretary of the department of health, the secretary of the department of social and health services, the attorney general, the director of the department of labor and industries, the commissioner of the employment security department, a representative of the Washington association of prosecuting attorneys, the chief of the Washington state patrol, two members selected by the Washington association of sheriffs and police chiefs, and five members, selected by the director of the department of community, trade, and economic development from a list submitted by public and private sector organizations that provide assistance to persons who are victims of trafficking. The attorney general, the chief of the Washington state patrol, and the secretaries or directors may designate a person to serve in their place.

Members of the work group shall serve without compensation.

(2) The protocols must meet all of the following minimum standards:

(a) The protocols must apply to the following state agencies: The department of community, trade, and economic development, the department of health, the department of social and health services, the attorney general's office, the Washington state patrol, the department of labor and industries, and the employment security department;

(b) The protocols must provide policies and procedures for interagency coordinated operations and cooperation with government agencies and nongovernmental organizations, agencies, and jurisdictions, including law enforcement agencies and prosecuting attorneys;

(c) The protocols must include the establishment of a data base electronically available to all affected agencies which contains the name, address, and telephone numbers of agencies that provide services to victims of human trafficking; and

(d) The protocols must provide guidelines for providing for the social service needs of victims of trafficking of humans, including housing, health care, and employment.

(3) By January 1, 2006, the work group shall finalize the written protocols and submit them with a report to the legislature and the governor.

(4) The protocols shall be reviewed on a biennial basis by the work group to determine whether revisions are appropriate. The director of the department of community, trade, and economic development, or the director's designee, shall within existing resources reconvene and chair the work group for this purpose.

NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Correct the title.

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5186, with the following amendment{s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that regular physical activity is essential to maintaining good health and reducing the rates of chronic disease. The legislature further finds that providing opportunities for walking, biking, horseback riding, and other regular forms of exercise is best accomplished through collaboration between the private sector and local, state, and institutional policymakers. This collaboration can build communities where people find it easy and safe to be physically active. It is the intent of the legislature to promote policy and planning efforts that increase access to inexpensive or free opportunities for regular exercise in all communities around the state.

Sec. 2. RCW 36.70A.070 and 2004 c 196 s 1 are each amended to read as follows:

The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140.

Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of ground water used for public water supplies. Wherever possible, the land use element should consider utilizing urban planning approaches that promote physical activity. Where applicable, the land use element shall review drainage, flooding, and storm water run-off in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to manage projected growth; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities;

(c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use element if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. To achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and ground water resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specifically provided in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments.

(A) A commercial, industrial, residential, shoreline, or mixed-use area shall be subject to the requirements of (d)(iv) of this subsection, but shall not be subject to the requirements of (c)(ii) and (iii) of this subsection.

(B) Any development or redevelopment other than an industrial area or an industrial use within a mixed-use area or an industrial area under this subsection (5)(d)(i) must be principally designed to serve the existing and projected rural population.

(C) Any development or redevelopment in terms of building size, scale, use, or intensity shall be consistent with the character of the existing areas. Development and redevelopment may include changes in use from vacant land or a previously existing use so long as the new use conforms to the requirements of this subsection (5);

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area as defined by the local government according to RCW 36.70A.030(14). Rural counties may also allow new small-scale businesses to utilize a site previously occupied by an existing business as long as the new small-scale business conforms to the rural character of the area as defined by the local government according to RCW 36.70A.030(14). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D) the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating travel;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county's jurisdictional boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and the department of transportation's six-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(F) Identification of state and local system needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the statewide multimodal transportation plan required under chapter 47.06 RCW;

(iv) Finance, including:

(A) An analysis of funding capability to judge needs against probable funding resources;

(B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate parts of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the six-year improvement program developed by the department of transportation as required by RCW 47.05.030;

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(vi) Demand-management strategies;

(vii) Pedestrian and bicycle component to include collaborative efforts to identify and designate planned improvements for pedestrian and bicycle facilities and corridors that address and encourage enhanced community access and promote healthy lifestyles.

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6) "concurrent with the development" shall mean that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years.

(c) The transportation element described in this subsection (6), and the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, RCW 35.58.2795 for public transportation systems, and RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. The element shall include: (a) A summary of the local economy such as population, employment, payroll, sectors, businesses, sales, and other information as appropriate; (b) a summary of the strengths and weaknesses of the local economy defined as the commercial and industrial sectors and supporting factors such as land use, transportation, utilities, education, work force, housing, and natural/cultural resources; and (c) an identification of policies, programs, and projects to foster economic growth and development and to address future needs. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ten-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at least two years before local government must update comprehensive plans as required in RCW 36.70A.130.

Sec. 3. RCW 36.81.121 and 1997 c 188 s 1 are each amended to read as follows:

(1) At any time before adoption of the budget, the legislative authority of each county, after one or more public hearings thereon, shall prepare and adopt a comprehensive transportation program for the ensuing six calendar years. If the county has adopted a comprehensive plan pursuant to chapter 35.63 or 36.70 RCW, the inherent authority of a charter county derived from its charter, or chapter 36.70A RCW, the program shall be consistent with this comprehensive plan.

The program shall include proposed road and bridge construction work and other transportation facilities and programs deemed appropriate, and for those counties operating ferries shall also include a separate section showing proposed capital expenditures for ferries, docks, and related facilities. The program shall include any new or enhanced bicycle or pedestrian facilities identified pursuant to RCW 36.70A.070(6) or other applicable changes that promote nonmotorized transit. Copies of the program shall be filed with the county road administration board and with the state secretary of transportation not more than thirty days after its adoption by the legislative authority. The purpose of this section is to assure that each county shall perpetually have available advanced plans looking to the future for not less than six years as a guide in carrying out a coordinated transportation program. The program may at any time be revised by a majority of the legislative authority but only after a public hearing thereon.

(2) Each six-year transportation program forwarded to the secretary in compliance with subsection (1) of this section shall contain information as to how a county will expend its moneys, including funds made available pursuant to chapter 47.30 RCW, for nonmotorized transportation purposes.

(3) Each six-year transportation program forwarded to the secretary in compliance with subsection (1) of this section shall contain information as to how a county shall act to preserve railroad right-of-way in the event the railroad ceases to operate in the county's jurisdiction.

(4) The six-year plan for each county shall specifically set forth those projects and programs of regional significance for inclusion in the transportation improvement program within that region.

Sec. 4. RCW 35.77.010 and 1994 c 179 s 1 and 1994 c 158 s 7 are each reenacted and amended to read as follows:

(1) The legislative body of each city and town, pursuant to one or more public hearings thereon, shall prepare and adopt a comprehensive transportation program for the ensuing six calendar years. If the city or town has adopted a comprehensive plan pursuant to chapter 35.63 or 35A.63 RCW, the inherent authority of a first class city derived from its charter, or chapter 36.70A RCW, the program shall be consistent with this comprehensive plan. The program shall include any new or enhanced bicycle or pedestrian facilities identified pursuant to RCW 36.70A.070(6) or other applicable changes that promote nonmotorized transit.

The program shall be filed with the secretary of transportation not more than thirty days after its adoption. Annually thereafter the legislative body of each city and town shall review the work accomplished under the program and determine current city transportation needs. Based on these findings each such legislative body shall prepare and after public hearings thereon adopt a revised and extended comprehensive transportation program before July 1st of each year, and each one-year extension and revision shall be filed with the secretary of transportation not more than thirty days after its adoption. The purpose of this section is to assure that each city and town shall perpetually have available advanced plans looking to the future for not less than six years as a guide in carrying out a coordinated transportation program. The program may at any time be revised by a majority of the legislative body of a city or town, but only after a public hearing.

The six-year plan for each city or town shall specifically set forth those projects and programs of regional significance for inclusion in the transportation improvement program within that region.

(2) Each six-year transportation program forwarded to the secretary in compliance with subsection (1) of this section shall contain information as to how a city or town will expend its moneys, including funds made available pursuant to chapter 47.30 RCW, for nonmotorized transportation purposes.

(3) Each six-year transportation program forwarded to the secretary in compliance with subsection (1) of this section shall contain information as to how a city or town shall act to preserve railroad right-of-way in the event the railroad ceases to operate in the city's or town's jurisdiction.

Sec. 5. RCW 79A.05.030 and 1999 c 249 s 302, 1999 c 155 s 1, and 1999 c 59 s 1 are each reenacted and amended to read as follows:

(2) Adopt policies, and adopt, issue, and enforce rules pertaining to the use, care, and administration of state parks and parkways. - (8) Cooperate with the United States, or any county or city of this state, in any matter pertaining to the acquisition, development, redevelopment, renovation, care, control, or supervision of any park or parkway, and enter into contracts in writing to that end. All parks or parkways, to which the state contributed or in whose care, control, or supervision the state participated pursuant to the provisions of this section, shall be governed by the provisions hereof.

(9) Within allowable resources, maintain policies that increase the number of people who have access to free or low-cost recreational opportunities for physical activity, including noncompetitive physical activity.

MR. PRESIDENT:

MESSAGE FROM THE HOUSE

April 7, 2005

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5767, with the following amendment{s}:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 43.-- RCW (created in HB 2163, as amended) to read as follows:

(1) Each county shall create a homeless housing task force to develop a ten-year homeless housing plan addressing short-term and long-term housing for homeless persons.

Membership on the task force may include representatives of the counties, cities, towns, housing authorities, civic and faith organizations, schools, community networks, human services providers, law enforcement personnel, criminal justice personnel, including prosecutors, probation officers, and jail administrators, substance abuse treatment providers, mental health care providers, emergency health care providers, businesses, at-large representatives of the community, and a homeless or formerly homeless individual.

In lieu of creating a new task force, a local government may designate an existing governmental or nonprofit body which substantially conforms to this section and which includes at least one homeless or formerly homeless individual to serve as its homeless representative. As an alternative to a separate plan, two or more local governments may work in concert to develop and execute a joint homeless housing plan, or to contract with another entity to do so according to the requirements of this chapter. While a local government has the authority to subcontract with other entities, the local government continues to maintain the ultimate responsibility for the homeless housing program within its borders.

A county may decline to participate in the program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative authority stating the intention not to participate. A copy of the resolution shall also be transmitted to the county auditor and treasurer. If a county declines to participate, the department shall create and execute a local homeless housing plan for the county meeting the requirements of this chapter.

(2) In addition to developing a ten-year homeless housing plan, each task force shall establish guidelines consistent with the statewide homeless housing strategic plan, as needed, for the following:

- (a) Emergency shelters;
- (b) Short-term housing needs;
- (c) Temporary encampments;
- (d) Supportive housing for chronically homeless persons; and
- (e) Long-term housing.

Guidelines must include, when appropriate, standards for health and safety and notifying the public of proposed facilities to house the homeless.

(3) Each county, including counties exempted from creating a new task force under subsection (1) of this section, shall report to the department of community, trade, and economic development such information as may be needed to ensure compliance with this chapter."

ENGROSSED SUBSTITUTE SENATE BILL NO. 5121, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

STATEMENT FOR THE JOURNAL

Senator Shin: Pursuant to Senate Rule 34, I submit the following statement for inclusion in the Senate Journal regarding my vote on Senate Bill 5121. I respectfully request that this be printed just after the official recording of the roll call in the Senate Journal.

The official Senate Journal records that I voted yes and concurrence on Senate Bill 5121, however my intent was to vote no. I voted incorrectly because I was working with another Senator on a different bill at the time and I was devoting my attention to that work.

For many years, I have fought to see the principles of the Mediated Role Agreement upheld. When this bill came before the Senate on March 12th, I voted against it and I did not then and I do not now support this bill. Though this study will focus on statewide airport capacity issues, the only real capacity issues are in the Puget Sound and this study could possibly lead to the introduction of commercial air service at Paine Field. I do not support this outcome and thus my vote should have been a no.

MESSAGE FROM THE HOUSE

April 11, 2005

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5449, with the following amendment{s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 70.105D RCW to read as follows:

(1) It is in the public interest for the department to recover remedial action costs incurred in discharging its responsibility under this chapter, as these recovered funds can then be applied to the cleanup of other facilities. Thus, in addition to other cost-recovery mechanisms provided under this chapter, this section is intended to facilitate the recovery of state funds spent on remedial actions by providing the department with lien authority. This will also prevent a facility owner or mortgagee from gaining a financial windfall from increased land value resulting from department-conducted remedial actions at the expense of the state taxpayers.

(2) If the state of Washington incurs remedial action costs relating to a remedial action of real property, and those remedial action costs are unrecovered by the state of Washington, the department may file a lien against that real property.

(a) Except as provided in (c) of this subsection, liens filed under this section shall have priority in rank over all other privileges, liens, monetary encumbrances, or other security interests affecting the real property, whenever incurred, filed, or recorded, except for the following liens:

(i) Local and special district property tax assessments; and

(ii) Mortgage liens recorded before liens or notices of intent to conduct remedial actions are recorded under this section.

(b) Liens filed pursuant to (a) and (c) of this subsection shall not exceed the remedial action costs incurred by the state.

(c)(i) If the real property for which the department has incurred remedial action costs is abandoned, the department may choose to limit the amount of the lien to the increase in the fair market value of the real property that is attributable to a remedial action conducted by the department. The increase in fair market value shall be determined by subtracting the county assessor's value of the real property for the most recent year prior to remedial action being initiated from the value of the real property after remedial action. The value of the real property after remedial action shall be determined by the bona fide purchase price of the real property or by a real estate appraiser retained by the department. Liens limited in this way have priority in rank over all other privileges, liens, monetary encumbrances, or other security interests affecting the real property, whenever incurred, filed, or recorded.

(ii) For the purposes of this subsection, "abandoned" means there has not been significant business activity on the real property for three years or property taxes owed on the real property are three years in arrears prior to the department incurring costs attributable to this lien.

(d) The department shall, when notifying potentially liable persons of their potential liability under RCW 70.105D.040, include a notice stating that if the department incurs remedial action costs relating to the remediation of real property and the costs are not recovered by the department, the department may file a lien against that real property under this section.

(e) Except for emergency remedial actions, the department must provide notice to the following persons before initiating remedial actions conducted by persons under contract to the department on real property on which a lien may be filed under this section:

(i) The real property owner;

(ii) Mortgagees;

(iii) Lienholders of record;

(iv) Persons known to the department to be conducting remedial actions at the facility at the time of such notice; and

(v) Persons known to the department to be under contract to conduct remedial actions at the facility at the time of such notice.

For emergency remedial actions, this notice shall be provided within thirty days after initiation of the emergency remedial actions.

(f) The department may record a copy of the notice in (e) of this subsection, along with a legal description of the property on which the remedial action will take place, with the county auditor in the county where the real property is located. If the department subsequently files a lien, the effective date of the lien will be the date this notice was recorded.

(3) Before filing a lien under this section, the department shall give the owner of real property on which the lien is to be filed and mortgagees and lienholders of record a notice of its intent to file a lien:

(a) The notice required under this subsection (3) must be sent by certified mail to the real property owner and mortgagees of record at the addresses listed in the recorded documents. If the real property owner is unknown or if a mailed notice is returned as undeliverable, the department shall provide notice by posting a legal notice in the newspaper of largest circulation in the county the site is located. The notice shall provide:

(i) A statement of the purpose of the lien;

(ii) A brief description of the real property to be affected by the lien;

(iii) A statement of the remedial action costs incurred by the state related to the real property affected by the lien;

(iv) A brief statement of facts showing probable cause that the real property is the subject of the remedial action costs incurred by the department; and

(v) The time period following service or other notice during which any recipient of the notice whose legal rights may be affected by the lien may comment on the notice.

(b) Any comments on the notice must be received by the department on or before thirty days following service or other provision of the notice of intent to file a lien.

(c) If no comments are received by the department, the lien may be filed on the real property immediately.

(d) If the department receives any comments on the lien, the department shall determine if there is probable cause for filing the certificate of lien. If the department determines there is probable cause, the department may file the lien. Any further challenge to the lien may only occur at the times specified under RCW 70.105D.060.

(e) If the department has reason to believe that exigent circumstances require the filing of a lien prior to giving notice under this subsection (3), or prior to the expiration of the time period for comments, the department may file the lien immediately. For the purposes of this subsection (3), exigent circumstances include, but are not limited to, an imminent bankruptcy filing by the real property owner, or the imminent transfer or sale of the real property subject to lien by the real property owner, or both.

(4) A lien filed under this section is effective when a statement of lien is filed with the county auditor in the county where the real property is located. The statement of lien must include a description of the real property subject to lien and the amount of the lien.

(5) Unless the department determines it is in the public interest to remove the lien, the lien continues until the liability for the remedial action costs have been satisfied through sale of the real property, foreclosure, or other means agreed to by the department. Any action for foreclosure of the lien shall be brought by the attorney general in a civil action in the court having jurisdiction and in the manner prescribed for the judicial foreclosure of a mortgage.

(6)(a) This section does not apply to real property owned by a local government or special purpose district or real property used solely for residential purposes and consisting of four residential units or less at the time the lien is recorded. This limitation does not apply to illegal drug manufacturing and storage sites under chapter 64.44 RCW.

(b) If the real property owner has consented to the department filing a lien on the real property, then only subsection (3)(a)(i) through (iii) of this section requiring notice to mortgagees and lienholders of record apply.

Sec. 2. RCW 70.105D.050 and 2002 c 288 s 4 are each amended to read as follows:

(1) With respect to any release, or threatened release, for which the department does not conduct or contract for conducting remedial action and for which the department believes remedial action is in the public interest, the director shall issue orders or agreed orders requiring potentially liable persons to provide the remedial action. Any liable person who refuses, without sufficient cause, to comply with an order or agreed order of the director is liable in an action brought by the attorney general for:

(a) Up to three times the amount of any costs incurred by the state as a result of the party's refusal to comply; and

(b) A civil penalty of up to twenty-five thousand dollars for each day the party refuses to comply.

The treble damages and civil penalty under this subsection apply to all recovery actions filed on or after March 1, 1989.

(2) Any person who incurs costs complying with an order issued under subsection (1) of this section may petition the department for reimbursement of those costs. If the department refuses to grant reimbursement, the person may within thirty

days thereafter file suit and recover costs by proving that he or she was not a liable person under RCW 70.105D.040 and that the costs incurred were reasonable.

(3) The attorney general shall seek, by filing an action if necessary, to recover the amounts spent by the department for investigative and remedial actions and orders, and agreed orders, including amounts spent prior to March 1, 1989.

(4) The attorney general may bring an action to secure such relief as is necessary to protect human health and the environment under this chapter.

(5)(a) Any person may commence a civil action to compel the department to perform any nondiscretionary duty under this chapter. At least thirty days before commencing the action, the person must give notice of intent to sue, unless a substantial endangerment exists. The court may award attorneys' fees and other costs to the prevailing party in the action.

(b) Civil actions under this section and RCW 70.105D.060 may be brought in the superior court of Thurston county or of the county in which the release or threatened release exists.

(6) Any person who fails to provide notification of releases consistent with RCW 70.105D.110 or who submits false information is liable in an action brought by the attorney general for a civil penalty of up to five thousand dollars per day for each day the party refuses to comply.

(7) Any person who owns real property or lender holding a mortgage on real property that is subject to a lien filed under section 1 of this act may petition the department to have the lien removed or the amount of the lien reduced. If, after consideration of the petition and the information supporting the petition, the department decides to deny the request, the person may, within ninety days after receipt of the department's denial, file suit for removal or reduction of the lien. The person is entitled to removal of a lien filed under section 1(2)(a) of this act if they can prove by a preponderance of the evidence that the person is not a liable party under RCW 70.105D.040. The person is entitled to a reduction of the amount of the lien if they can prove by a preponderance of the evidence:

(a) For liens filed under section 1(2)(a) of this act, the amount of the lien exceeds the remedial action costs the department incurred related to cleanup of the real property; and

(b) For liens filed under section 1(2)(c) of this act, the amount of the lien exceeds the remedial action costs the department incurred related to cleanup of the real property or exceeds the increase of the fair market value of the real property solely attributable to the remedial action conducted by the department.

Sec. 3. RCW 70.105D.060 and 1994 c 257 s 13 are each amended to read as follows:

The department's investigative and remedial decisions under RCW 70.105D.030 and 70.105D.050, its decisions regarding filing a lien under section 1 of this act, and its decisions regarding liable persons under RCW 70.105D.020(~~(8) and~~) (16), 70.105D.040, 70.105D.050, and section 1 of this act shall be reviewable exclusively in superior court and only at the following times: (1) In a cost recovery suit under RCW 70.105D.050(3); (2) in a suit by the department to enforce an order or an agreed order, or seek a civil penalty under this chapter; (3) in a suit for reimbursement under RCW 70.105D.050(2); (4) in a suit by the department to compel investigative or remedial action; (~~and~~) (5) in a citizen's suit under RCW 70.105D.050(5); and (6) in a suit for removal or reduction of a lien under RCW 70.105D.050(7). Except in suits for reduction or removal of a lien under RCW 70.105D.050(7), the court shall uphold the department's actions unless they were arbitrary and capricious. In suits for reduction or removal of a lien under RCW 70.105D.050(7), the court shall review such suits pursuant to the standards set forth in RCW 70.105D.050(7)."

MESSAGE FROM THE HOUSE

April 6, 2005

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5599, with the following amendment{s):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. Washington state is experiencing a critical shortage of registered nurses. To safeguard and promote patient safety and quality of care, the legislature finds that a central resource center for the nursing work force is critical and essential in addressing the nursing shortage and ensuring that the public continue to receive safe, quality care.

Sec. 2. RCW 43.70.110 and 1993 sp.s. c 24 s 918 are each amended to read as follows:

(1) The secretary shall charge fees to the licensee for obtaining a license. After June 30, 1995, municipal corporations providing emergency medical care and transportation services pursuant to chapter 18.73 RCW shall be exempt from such fees, provided that such other emergency services shall only be charged for their pro rata share of the cost of licensure and inspection, if appropriate. The secretary may waive the fees when, in the discretion of the secretary, the fees would not be in the best interest of public health and safety, or when the fees would be to the financial disadvantage of the state.

(2) Except as provided in section 4 of this act, until June 30, 2013, fees charged shall be based on, but shall not exceed, the cost to the department for the licensure of the activity or class of activities and may include costs of necessary inspection.

(3) Department of health advisory committees may review fees established by the secretary for licenses and comment upon the appropriateness of the level of such fees.

Sec. 3. RCW 43.70.250 and 1996 c 191 s 1 are each amended to read as follows:

It shall be the policy of the state of Washington that the cost of each professional, occupational, or business licensing program be fully borne by the members of that profession, occupation, or business. The secretary shall from time to time establish the amount of all application fees, license fees, registration fees, examination fees, permit fees, renewal fees, and any other fee associated with licensing or regulation of professions, occupations, or businesses administered by the department. In fixing said fees, the secretary shall set the fees for each program at a sufficient level to defray the costs of administering that program, except as provided in section 4 of this act until June 30, 2013. All such fees shall be fixed by rule adopted by the secretary in accordance with the provisions of the administrative procedure act, chapter 34.05 RCW.

NEW SECTION. Sec. 4. A new section is added to chapter 18.79 RCW to read as follows:

(1) In addition to the licensing fee for registered nurses and licensed practical nurses licensed under this chapter, the department shall impose an additional surcharge of five dollars per year on all initial licenses and renewal licenses for registered nurses and licensed practical nurses issued under this chapter. Advanced registered nurse practitioners are only required to pay the surcharge on their registered nurse licenses.

(2) The department, in consultation with the commission and the work force training and education coordinating board, shall use the proceeds from the surcharge imposed under subsection (1) of this section to provide grants to a central nursing resource center. The grants may be awarded only to a not-for-profit central nursing resource center that is comprised of and led by nurses. The central nursing resource center will demonstrate coordination with relevant nursing constituents including professional nursing organizations, groups representing nursing educators, staff nurses, nurse managers or executives, and labor organizations representing nurses. The central nursing resource center shall have as its mission to contribute to the health and wellness of Washington state residents by ensuring that there is an adequate nursing work force to meet the current and future health care needs of the citizens of the state of Washington. The grants may be used to fund the following activities of the central nursing resource center:

(a) Maintain information on the current and projected supply and demand of nurses through the collection and analysis of data regarding the nursing work force, including but not limited to education level, race and ethnicity, employment settings, nursing positions, reasons for leaving the nursing profession, and those leaving Washington state to practice elsewhere. This data collection and analysis must complement other state activities to produce data on the nursing work force and the central nursing resource center shall work collaboratively with other entities in the data collection to ensure coordination and avoid duplication of efforts;

(b) Monitor and validate trends in the applicant pool for programs in nursing. The central nursing resource center must work with nursing leaders to identify approaches to address issues arising related to the trends identified, and collect information on other states' approaches to addressing these issues;

(c) Facilitate partnerships between the nursing community and other health care providers, licensing authority, business and industry, consumers, legislators, and educators to achieve policy consensus, promote diversity within the profession, and enhance nursing career mobility and nursing leadership development;

(d) Evaluate the effectiveness of nursing education and articulation among programs to increase access to nursing education and enhance career mobility, especially for populations that are underrepresented in the nursing profession;

MESSAGE FROM THE HOUSE

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5631, with the following amendment{s}:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 72.09.100 and 2004 c 167 s 3 are each amended to read as follows:

It is the intent of the legislature to vest in the department the power to provide for a comprehensive inmate work program and to remove statutory and other restrictions which have limited work programs in the past. It is also the intent of the legislature to ensure that the correctional industries board of directors, in developing and selecting correctional industries work programs, does not encourage the development of, or provide for selection of or contracting for, or the significant expansion of, any new or existing class I correctional industries work programs that unfairly compete with Washington businesses. The legislature intends that the requirements relating to fair competition in the correctional industries work programs be liberally construed by the correctional industries board of directors to protect Washington businesses from unfair competition. For purposes of establishing such a comprehensive program, the legislature recommends that the department consider adopting any or all, or any variation of, the following classes of work programs:

(1) CLASS I: FREE VENTURE INDUSTRIES.

(a) The employer model industries in this class shall be operated and managed in total or in part by any profit or nonprofit organization pursuant to an agreement between the organization and the department. The organization shall produce goods or services for sale to both the public and private sector.

(b) The customer model industries in this class shall be operated and managed by the department to provide Washington state manufacturers or businesses with products or services currently produced or provided by out-of-state or foreign suppliers.

(c) The correctional industries board of directors shall review these proposed industries, including any potential new class I industries work program or the significant expansion of an existing class I industries work program, before the department contracts to provide such products or services. The review shall include the analysis required under RCW 72.09.115 to determine if the proposed correctional industries work program will compete with any Washington business. An agreement for a new class I correctional industries work program, or an agreement for a significant expansion of an existing class I correctional industries work program, that unfairly competes with any Washington business is prohibited.

(d) The department of corrections shall supply appropriate security and custody services without charge to the participating firms.

(e) Inmates who work in free venture industries shall do so at their own choice. They shall be paid a wage comparable to the wage paid for work of a similar nature in the locality in which the industry is located, as determined by the director of correctional industries. If the director cannot reasonably determine the comparable wage, then the pay shall not be less than the federal minimum wage.

(f) An inmate who is employed in the class I program of correctional industries shall not be eligible for unemployment compensation benefits pursuant to any of the provisions of Title 50 RCW until released on parole or discharged.

(2) CLASS II: TAX REDUCTION INDUSTRIES.

(a) Industries in this class shall be state-owned and operated enterprises designed primarily to reduce the costs for goods and services for tax-supported agencies and for nonprofit organizations.

(b)(i) The industries selected for development within this class shall, as much as possible, match the available pool of inmate work skills and aptitudes with the work opportunities in the free community. The industries shall be closely patterned after private sector industries but with the objective of reducing public support costs rather than making a profit.

(ii) The products and services of this industry, including purchased products and services necessary for a complete product line, may be sold to the following:

(A) Public agencies~~((-to))~~;

(B) Nonprofit organizations~~((-and to))~~;

(C) Private contractors when the goods purchased will be ultimately used by a public agency or a nonprofit organization;

(D) An employee and immediate family members of an employee of the department of corrections; and

(E) A person under the supervision of the department of corrections and his or her immediate family members.

(iii) The correctional industries board of directors shall authorize the type and quantity of items that may be purchased and sold under (b)(ii)(D) and (E) of this subsection.

(iv) It is prohibited to purchase any item purchased under (b)(ii)(D) and (E) of this subsection for the purpose of resale.

(v) Clothing manufactured by an industry in this class may be donated to nonprofit organizations that provide clothing free of charge to low-income persons.

(c)(i) Class II correctional industries products and services shall be reviewed by the correctional industries board of directors before offering such products and services for sale to private contractors.

(ii) The board of directors shall conduct a yearly marketing review of the products and services offered under this subsection. Such review shall include an analysis of the potential impact of the proposed products and services on the Washington state business community. To avoid waste or spoilage and consequent loss to the state, when there is no public sector market for such goods, byproducts and surpluses of timber, agricultural, and animal husbandry enterprises may be sold to private persons, at private sale. Surplus byproducts and surpluses of timber, agricultural and animal husbandry enterprises that cannot be sold to public agencies or to private persons may be donated to nonprofit organizations. All sales of surplus products shall be carried out in accordance with rules prescribed by the secretary.

(d) Security and custody services shall be provided without charge by the department of corrections.

(e) Inmates working in this class of industries shall do so at their own choice and shall be paid for their work on a gratuity scale which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located and which is approved by the director of correctional industries.

(f) Subject to approval of the correctional industries board, provisions of RCW 41.06.142 shall not apply to contracts with Washington state businesses entered into by the department of corrections through class II industries.

(3) CLASS III: INSTITUTIONAL SUPPORT INDUSTRIES.

(a) Industries in this class shall be operated by the department of corrections. They shall be designed and managed to accomplish the following objectives:

(i) Whenever possible, to provide basic work training and experience so that the inmate will be able to qualify for better work both within correctional industries and the free community. It is not intended that an inmate's work within this class of industries should be his or her final and total work experience as an inmate.

(ii) Whenever possible, to provide forty hours of work or work training per week.

(iii) Whenever possible, to offset tax and other public support costs.

(b) Class III correctional industries shall be reviewed by the correctional industries board of directors to set policy for work crews. The department shall present to the board of directors quarterly detail statements showing where work crews worked, what correctional industry class, and the hours worked. The board of directors may review any class III program at its discretion.

(c) Supervising, management, and custody staff shall be employees of the department.

(d) All able and eligible inmates who are assigned work and who are not working in other classes of industries shall work in this class.

(e) Except for inmates who work in work training programs, inmates in this class shall be paid for their work in accordance with an inmate gratuity scale. The scale shall be adopted by the secretary of corrections.

(4) CLASS IV: COMMUNITY WORK INDUSTRIES.

(a) Industries in this class shall be operated by the department of corrections. They shall be designed and managed to provide services in the inmate's resident community at a reduced cost. The services shall be provided to public agencies, to persons who are poor or infirm, or to nonprofit organizations.

(b) Class IV correctional industries shall be reviewed by the correctional industries board of directors to set policy for work crews. The department shall present to the board of directors quarterly detail statements showing where work crews worked, what correctional industry class, and the hours worked. The board of directors may review any class IV program at its discretion. Class IV correctional industries operated in work camps established pursuant to RCW 72.64.050 are exempt from the requirements of this subsection (4)(b).

(c) Inmates in this program shall reside in facilities owned by, contracted for, or licensed by the department of corrections. A unit of local government shall provide work supervision services without charge to the state and shall pay the inmate's wage.

(d) The department of corrections shall reimburse participating units of local government for liability and workers compensation insurance costs.

(e) Inmates who work in this class of industries shall do so at their own choice and shall receive a gratuity which shall not exceed the wage paid for work of a similar nature in the locality in which the industry is located.

(5) CLASS V: COMMUNITY RESTITUTION PROGRAMS.

(a) Programs in this class shall be subject to supervision by the department of corrections. The purpose of this class of industries is to enable an inmate, placed on community supervision, to work off all or part of a community restitution order as ordered by the sentencing court.

(b) Employment shall be in a community restitution program operated by the state, local units of government, or a nonprofit agency.

(c) To the extent that funds are specifically made available for such purposes, the department of corrections shall reimburse nonprofit agencies for workers compensation insurance costs.

Sec. 2. RCW 28A.335.190 and 2000 c 138 s 201 are each amended to read as follows:

(1) When, in the opinion of the board of directors of any school district, the cost of any furniture, supplies, equipment, building, improvements, or repairs, or other work or purchases, except books, will equal or exceed the sum of fifty thousand dollars, complete plans and specifications for such work or purchases shall be prepared and notice by publication given in at least one newspaper of general circulation within the district, once each week for two consecutive weeks, of the intention to receive bids therefor and that specifications and other information may be examined at the office of the board or any other officially designated location: PROVIDED, That the board without giving such notice may make improvements or repairs to the property of the district through the shop and repair department of such district when the total of such improvements or repair does not exceed the sum of (a) fifteen thousand dollars, for districts with fifteen thousand five hundred or more full-time equivalent students; or (b) for districts with fewer than fifteen thousand five hundred full-time equivalent students, fifteen thousand dollars if more than one craft or trade is involved with the school district improvement or repair, or ten thousand dollars if a single craft or trade is involved with the school district improvement or repair. The cost of any public work, improvement or repair for the purposes of this section shall be the aggregate of all amounts to be paid for labor, material, and equipment on one continuous or interrelated project where work is to be performed simultaneously or in close sequence. The bids shall be in writing and shall be opened and read in public on the date and in the place named in the notice and after being opened shall be filed for public inspection.

(2) Every purchase of furniture, equipment or supplies, except books, the cost of which is estimated to be in excess of fifteen thousand dollars, shall be on a competitive basis. The board of directors shall establish a procedure for securing telephone and/or written quotations for such purchases. Whenever the estimated cost is from fifteen thousand dollars up to fifty thousand dollars, the procedure shall require quotations from at least three different sources to be obtained in writing or by telephone, and recorded for public perusal. Whenever the estimated cost is in excess of fifty thousand dollars, the public bidding process provided in subsection (1) of this section shall be followed.

(3) Any school district may purchase goods produced or provided in whole or in part from class II inmate work programs operated by the department of corrections pursuant to RCW 72.09.100, including but not limited to furniture, equipment, or supplies. School districts are encouraged to set as a target to contract, beginning after June 30, 2006, to purchase up to one percent of the total goods required by the school districts each year, goods produced or provided in whole or in part from class II inmate work programs operated by the department of corrections.

(4) Every building, improvement, repair or other public works project, the cost of which is estimated to be in excess of (a) fifteen thousand dollars, for districts with fifteen thousand five hundred or more full-time equivalent students; or (b) for districts with fewer than fifteen thousand five hundred full-time equivalent students, fifteen thousand dollars if more than one craft or trade is involved with the school district improvement or repair, or ten thousand dollars if a single craft or trade is involved with the school district improvement or repair, shall be on a competitive bid process. Whenever the estimated cost of a public works project is fifty thousand dollars or more, the public bidding process provided in subsection (1) of this section shall be followed unless the contract is let using the small works roster process in RCW 39.04.155 or under any other procedure authorized for school districts. One or more school districts may authorize an educational service district to establish and operate a small works roster for the school district under the provisions of RCW 39.04.155.

~~((4))~~ (5) The contract for the work or purchase shall be awarded to the lowest responsible bidder as defined in RCW 43.19.1911 but the board may by resolution reject any and all bids and make further calls for bids in the same manner as the original call. On any work or purchase the board shall provide bidding information to any qualified bidder or the bidder's agent, requesting it in person.

~~((5))~~ (6) In the event of any emergency when the public interest or property of the district would suffer material injury or damage by delay, upon resolution of the board declaring the existence of such an emergency and reciting the facts constituting the same, the board may waive the requirements of this section with reference to any purchase or contract: PROVIDED, That an "emergency", for the purposes of this section, means a condition likely to result in immediate physical injury to persons or to property of the school district in the absence of prompt remedial action.

~~((6))~~ (7) This section does not apply to the direct purchase of school buses by school districts and educational services in accordance with RCW 28A.160.195." and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5692, with the following amendment{s}:

Strike everything after the enacting clause and insert the following:

NEW SECTION. **Sec. 1.** This chapter may be known and cited as the tax refund anticipation loan act.

NEW SECTION. **Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(4) "Facilitator" means a person who receives or accepts for delivery an application for a refund anticipation loan, delivers a check in payment of refund anticipation loan proceeds, or in any other manner acts to allow the making of a refund anticipation loan. "Facilitator" does not include a bank, thrift, savings association, industrial bank, or credit union, operating under the laws of the United States or this state, an affiliate that is a servicer for such an entity, or any person who acts solely as an intermediary and does not deal with a taxpayer in the making of the refund anticipation loan.

(5) "Lender" means a person who extends credit to a borrower in the form of a refund anticipation loan.

(6) "Person" means an individual, a firm, a partnership, an association, a corporation, or other entity.

(9) "Refund anticipation loan fee schedule" means a listing or table of refund anticipation loan fees charged by the facilitator or the lender for three or more representative refund anticipation loan amounts. Sec. 1601 et seq.

(10) "Taxpayer" means an individual who files a federal income tax return.

NEW SECTION. Sec. 3. (1) No person may individually, or in conjunction or cooperation with another person act as a facilitator unless that person is:

(b) A thirty-five dollar processing fee for each authorized e-file provider on the list.

(3) After the December 31st deadline, a facilitator may amend the registration required in subsection (2) of this section to reflect additions or deletions of office locations or e-file providers authorized by the internal revenue service.

(4) The department shall make available to the public a list of all facilitators registered under this section.

(6) This chapter shall preempt and be exclusive of all local acts, statutes, ordinances, and regulations relating to refund anticipation loans. This subsection shall be given retroactive and prospective effect.

NEW SECTION. Sec. 4. (1) For all refund anticipation loans, a facilitator must provide clear disclosure to the borrower prior to the borrower's completion of the application. The disclosure must contain the following:

(iii) The average times according to the internal revenue service within which a taxpayer who does not obtain a refund anticipation loan can expect to receive a refund if the taxpayer's return is (A) filed electronically and the refund is directly deposited to the taxpayer's bank account or mailed to the taxpayer, and (B) mailed to the internal revenue service and the refund is directly deposited to the taxpayer's bank account or mailed to the taxpayer;

(v) That the borrower is responsible for repayment of the loan and related fees in the event that the tax refund is not paid or paid in full;

(vi) The estimated time within which the loan proceeds will be paid to the borrower if the loan is approved;

(vii) The fee that will be charged, if any, if the borrower's loan is not approved; and

(2) The following additional information must be provided to the borrower of a refund anticipation loan before consummation of the loan transaction:

(a) The estimated total fees for obtaining the refund anticipation loan; and

(b) The estimated annual percentage rate for the borrower's refund anticipation loan, using the guidelines established under the federal truth in lending act (15 U.S.C. Sec. 1601 et seq.).

NEW SECTION. Sec. 5. A borrower may rescind a loan, on or before the close of business on the next day of business, by either returning the original check issued for the loan or providing the amount of the loan in cash to the lender or the facilitator. The facilitator may not charge the borrower a fee for rescinding the loan or a refund anticipation loan fee if the loan is rescinded but may charge the borrower the administrative cost of establishing a bank account to electronically receive the refund.

NEW SECTION. Sec. 6. It is unlawful for a facilitator of a refund anticipation loan to engage in any of the following activities:

- (3) Engage in any dishonest, fraudulent, unfair, unconscionable, or unethical practice or conduct in connection with a refund anticipation loan;
- (4) Arrange for a creditor to take a security interest in any property of the consumer other than the proceeds of the consumer's tax refund and the account into which that tax refund is deposited to secure payment of the loan; and
- (5) Offer a refund anticipation loan that, including any refund anticipation loan fee or any other fee related to the loan or tax preparation, exceeds the amount of the anticipated tax refund.

NEW SECTION. Sec. 7. Any person who knowingly and willfully violates this chapter is guilty of a misdemeanor and shall be fined up to five hundred dollars for each offense.

NEW SECTION. Sec. 8. The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

NEW SECTION. Sec. 9. Sections 1 through 8 of this act constitute a new chapter in Title 19 RCW."

(1) The legislature finds that businesses and organizations providing services to children, developmentally disabled persons, and vulnerable adults need adequate information to determine which employees or licensees to hire or engage. (2) The legislature also finds that the state board of education may request of the Washington state patrol criminal identification system information regarding a certificate applicant's record for convictions under subsection (1) of this section.

(3) The legislature also finds that law enforcement agencies, the office of the attorney general, prosecuting authorities, and the department of social and health services may request this same information to aid in the investigation and prosecution of child, developmentally disabled person, and vulnerable adult abuse cases and to protect children and adults from further incidents of abuse.

(4) The legislature further finds that the secretary of the department of social and health services must ~~((consider))~~ establish rules and set standards to require specific action when considering the information listed in subsection (1) of this section, and when considering additional information including but not limited to civil adjudication proceedings as defined in RCW 43.43.830 and any out-of-state equivalent, in the following circumstances:

The Washington personnel resources board shall adopt rules to accomplish the purposes of this subsection as it applies to state employees.

(6)(a) For purposes of facilitating timely access to criminal background information and to reasonably minimize the number of requests made under this section, recognizing that certain health care providers change employment frequently, health

care facilities may, upon request from another health care facility, share copies of completed criminal background inquiry information.

(b) Completed criminal background inquiry information may be shared by a willing health care facility only if the following conditions are satisfied: The licensed health care facility sharing the criminal background inquiry information is reasonably known to be the person's most recent employer, no more than twelve months has elapsed from the date the person was last employed at a licensed health care facility to the date of their current employment application, and the criminal background information is no more than two years old.

(c) If criminal background inquiry information is shared, the health care facility employing the subject of the inquiry must require the applicant to sign a disclosure statement indicating that there has been no conviction or finding as described in RCW 43.43.842 since the completion date of the most recent criminal background inquiry.

The department may extend the provisional approval until receipt of the federal bureau of investigation check. If the federal bureau of investigation check disqualifies an applicant, the department shall notify the requestor that the provisional approval to hire is withdrawn and the applicant may be terminated.
