NEW SECTION. Sec. 834. FOR THE COMMUNITY AND TECHNICAL COLLEGE SYSTEM

Preventive Facility Maintenance and Building System Repairs (06-1-750)

The appropriation in this section is subject to the following conditions and limitations:

(1) Pursuant to definitions and provisions in section 925, chapter 26, Laws of 2003 1st sp. sess., the appropriation is provided solely to maintain facilities housing educational and general programs and to maintain its major building systems and campus infrastructure. Building maintenance, mechanical adjustments, repairs, and minor works for the facility or its major building systems and campus infrastructure must extend the remaining useful life of the facility or keep it safe and functioning normally.

(2) With this appropriation, the intent is to improve the average condition of state facilities as compared to the baseline conditions documented in report 03-1 of the joint legislative audit and review committee. Preventive facility maintenance project funds shall be allocated at the state board's discretion to achieve the above stated performance goal, with particular attention given to buildings currently rated in superior to adequate condition so as to maximize useful life given both the passage of time and intensity with which the space is used.

(3) Section 906 of this act does not apply to this appropriation.

(4) There is no intent to reappropriate amounts not expended by June 30, 2007.

PART 6
MISCELLANEOUS AND SUPPLEMENTAL PROVISIONS
MISCELLANEOUS PROVISIONS

NEW SECTION. Sec. 901. The estimated debt service costs impacting future general fund expenditures related solely to new capital appropriations within this act are \$19,503,912 during the 2005-2007 fiscal period; \$128,151,322 during the 2007-2009 fiscal period; \$200,451,220 during the 2009-2011 fiscal period; \$207,686,311 during the 2011-2013 fiscal period; and \$210,558,739 during the 2013-2015 period.

NEW SECTION. Sec. 902. (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management. The office of financial management shall notify the house of representatives capital budget committee and the senate ways and means committee of allotment releases based on review by the office of financial management. No expenditure may be incurred or obligation entered into for appropriations in this act until the office of financial management has given final approval to the allotment of the funds to be expended or encumbered. For allotments under this act, the allotment process includes, in addition to the statement of proposed expenditures for the current biennium, a category or categories for any reserve amounts and amounts expected to be expended in future biennia. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110. Contracts shall not be executed that call for expenditures in excess of the approved allotment, and the total amount shown in such contracts for the cost of future work that has not been appropriated shall not exceed the amount identified for such work in the level of funding approved by the office of financial management at the completion of predesign.

(2) The legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

NEW SECTION. Sec. 903. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act in excess of \$5,000,000 shall not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign and other documents, and approved an allotment for the project that includes specific authorization to enter into a contract to expend or encumber funds. The predesign document shall include but not be limited to program, site, and cost analysis in accordance with the predesign manual adopted by the office of financial management. To improve monitoring of major construction projects, progress reports shall be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports will be submitted on July 1st and December 31st each year in a format to be developed by the office of financial management.

NEW SECTION. Sec. 904. Appropriations in this act for design and construction of facilities on higher education campuses shall be expended only after funds are allotted to institutions of higher education on the basis of: (1) Comparable unit cost standards, as determined by the office of financial management in consultation with the higher education coordinating board; (2) costs consistent with other higher education teaching facilities in the state; and (3) student full-time equivalent enrollment levels as established by the office of financial management in consultation with the higher education coordinating board.

NEW SECTION. Sec. 905. (1) To ensure that minor works appropriations are carried out in accordance with legislative intent, funds appropriated in this act shall not be allotted until project lists are on file at the office of financial management and the office of financial management has formally approved the lists. Proposed revisions to the lists must be filed with and approved by the office of financial management before funds may be expended on the revisions.

(2)(a) Minor works projects are single line appropriations that include multiple projects valued between \$25,000 and \$1,000,000 each that are of a similar nature and can generally be completed within two years of the appropriation with the funding provided. Minor works categories include (i) health, safety, and code requirements; (ii) facility preservation; (iii) infrastructure preservation; and (iv) program improvement or expansion. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the above minor works categories.

(b) Minor works appropriations shall not be used for, among other things: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; or to supplement funding for projects with funding shortfalls unless expressly authorized elsewhere in this act. The office of financial management may make an exception to the limitations described in this

subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(3) The office of financial management shall forward copies of these project lists and revised lists to the house of representatives capital budget committee and the senate ways and means committee. No expenditure may be incurred or obligation entered into for minor works appropriations until the office of financial management has approved the allotment of the funds to be expended. The office of financial management shall encourage state agencies to incorporate accessibility planning and improvements into the normal and customary capital program.

(4) It is generally not intended to make future appropriations for capital expenditures or for maintenance and operating expenses for an acquisition project or a significant expansion project that is initiated through the minor works process and therefore does not receive a policy and fiscal analysis by the legislature. Minor works projects are intended to be one-time expenditures that do not require future state resources to complete.

NEW SECTION. Sec. 906. (1) The governor, through the office of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) Transfers of funds to an agency's infrastructure savings appropriation are subject to review and approval by the office of financial management. Expenditures from an infrastructure savings appropriation are limited to projects that have a primary purpose to correct infrastructure deficiencies or conditions that: (a) Adversely affect the ability to utilize the infrastructure for its current programmatic use; (b) reduce the life expectancy of the infrastructure; or (c) increase the operating costs of the infrastructure for its current programmatic use. Eligible infrastructure projects may include structures and surface improvements, site amenities, utility systems outside building footprints and natural environmental changes or requirements as part of an environmental regulation, a declaration of emergency for an infrastructure issue in conformance with RCW 43.88.250, or infrastructure planning as part of a facility master plan.

(5) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 907. (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

(4) The office of financial management shall report the following to the appropriate fiscal committees of the legislature by January 30, 2007: (a) A listing of reappropriations in the governor's 2007-2009 capital budget recommendation that will be reappropriated more than once and have ten percent or more of the original appropriation unexpended; and (b) an explanation of why the appropriation remains unexpended.

NEW SECTION. Sec. 908. The legislature finds that the state's public four-year institutions and the higher education coordinating board have made substantial progress in developing a process to create a single prioritized list of capital project requests as required under RCW 28B.76.220. The legislature also recognizes that continuing work by the institutions and the board is needed to refine the methodology for determining the ranking of project requests, and that this work will benefit from additional legislative guidance. Therefore, the higher education coordinating board and the public four-year institutions, in developing and submitting the single prioritized project list of capital project requests under RCW 28B.76.220, shall use the following additional guidelines:

(1) Representatives of the board shall participate in the process of scoring projects using the criteria in the board's biennial budget guidelines. Representatives of the board shall also review the preliminary project list to verify the scoring and

ranking of projects. As required under RCW 28B.76.210, institutions must submit the preliminary project list to the board by August 1st of each even-numbered year to enable this review. Any disagreements over project scorings or rankings shall be resolved as provided under RCW 28B.76.220(4).

(2) The board's biennial budget guidelines and the prioritization process shall place a greater emphasis on early critical review of project proposals at the pre-design phase, rather than deferring critical review and prioritization to the design or construction phases of a project.

(3) When projects are aggregated into single line-item requests, each project must meet the definition of minor works according to the capital budget instructions issued by the office of financial management. All major projects must be listed and ranked as individual line-item requests.

(4) The scoring and ranking of projects shall not be based on assigning an equal number of overall points to each public four-year institution, but shall reflect an assignment of points to individual projects based on the priorities and criteria in this section and in the board's biennial budget guidelines.

(5) Projects shall not be ranked on the basis of a project funding source.

(6) In consultation with the appropriate fiscal and policy committees of the legislature, the board shall identify statewide priorities for higher education capital investments and incorporate those priorities into its biennial budget guidelines. The statewide priorities shall address the need for higher education capital projects to:

- (a) Implement a specific legislatively authorized program or planning priority;
- (b) Reduce the backlog of deferred building or system preservation, renewal, or replacement;
- (c) Provide additional capacity or adaptation of space for high demand instructional or research programs;
- (d) Provide additional instructional program capacity for under-served geographic regions or populations; and
- (e) Reflect institutional planning priorities and areas of emphasis.

(7) The board's biennial budget guidelines shall include a quantitative method for scoring projects on the identified priorities. The quantitative method shall include use of the facility condition index developed by the joint legislative audit and review committee for assessing building or system condition, and use of the board's space utilization and allocation standards for assessing the need for additional capacity.

NEW SECTION. Sec. 909. ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS. The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements or financial contracts using certificates of participation. Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds of the financial contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.

NEW SECTION. Sec. 910. It is in the public interest to provide more prison capacity in Washington state. During the 2005-2007 biennium, the department of corrections shall solicit proposals for an approximate 2,000 bed, medium/hybrid security prison in Franklin county. The department of corrections, in consultation with the department of general administration, will evaluate and choose from among the broadest possible set of options with regards to cost, quality, and timeliness. Upon the department of correction's approval of the selected proposal, which approval shall be made only with the concurrence of the department of general administration, the department of corrections shall enter into a financing contract or financing contracts for the prison pursuant to chapter 39.94 RCW and the certificate of participation program established by the state treasurer thereunder. The amount financed for the prison shall not exceed \$245,000,000, plus financing costs and required reserves.

NEW SECTION. Sec. 911. FOR THE ARTS COMMISSION--ART WORK ALLOWANCE POOLING. (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the superintendent of public instruction and representatives of school district boards.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding two hundred thousand dollars by colleges or universities is provided solely for the purposes of RCW 28B.10.027. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the board of regents or trustees.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency as defined in RCW 43.17.020 is provided solely for the purposes of RCW 43.17.200. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the state agency.

(4) At least eighty-five percent of the moneys spent by the Washington state arts commission during the 2005-2007 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art.

NEW SECTION. Sec. 912. The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically

refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2007-09 biennium and the following four biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

NEW SECTION. Sec. 913. "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2005, from the 2003-2005 biennial appropriations for each project.

NEW SECTION. Sec. 914. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 915. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

NEW SECTION. Sec. 916. (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

NEW SECTION. Sec. 917. Any capital improvements or capital projects involving construction or major expansion of a state office facility, including, but not limited to, district headquarters, detachment offices, and off-campus faculty offices, must be reviewed by the department of general administration for possible consolidation, colocation, and compliance with state office standards before allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

NEW SECTION. Sec. 918. The military department shall file quarterly progress reports in addition to the annual project progress reporting requirement of RCW 43.88.160(3). These reports must contain local, state, and federal funding reconciliation and balance sheets for all appropriated readiness center projects and detail any federal intentions on future readiness centers and other facilities.

NEW SECTION. Sec. 919. NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the state building construction account may be transferred to the state taxable building construction account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority from the state building construction account to the state taxable building construction account is necessary.

NEW SECTION. Sec. 920. The office of financial management, in consultation with the department of general administration, shall identify capital projects that may benefit from an energy analysis to determine whether there are alternate, more economical, and energy efficient means of completing the work. The office of financial management shall hold appropriations in allotment reserve on the following types of capital projects until this analysis can be completed: Heating, ventilation, and air conditioning modifications, chiller plants, steam plants, boilers, chilled water or steam lines, building control systems, lighting improvements, or other major energy using systems that may warrant additional analysis. Agencies receiving appropriations for such projects are encouraged to utilize energy performance contracts or alternative financing for equipment in lieu of state appropriated funds. The office of financial management may transfer funds remaining in allotment reserve to infrastructure savings projects within the agency that has realized savings from energy efficiency alternatives.

Sec. 921. RCW 43.135.045 and 2003 1st sp.s. c 25 s 920 are each amended to read as follows:

(1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall deposit in the emergency reserve fund all general fund--state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of annual general fund--state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer as follows: Seventy-five percent to the student achievement fund hereby created in the state treasury and twenty-five percent to the general fund balance. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter. When per-student state funding for the maintenance and operation of K-12 education meets a level of no less than ninety percent of the national average of total funding from all sources per student as determined by the most recent published data from the national center for education statistics of the United States department of education, as calculated by the office of financial management, further deposits to the student achievement fund

shall be required only to the extent necessary to maintain the ninety-percent level. Remaining funds are part of the general fund balance and these funds are subject to the expenditure limits of this chapter.

(4) The education construction fund is hereby created in the state treasury.

(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction. During the fiscal years beginning July 1, 2005, and ending June 30, 2007, funds may also be used for higher education facilities preservation and maintenance.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

(5) Funds from the student achievement fund shall be appropriated to the superintendent of public instruction strictly for distribution to school districts to meet the provisions set out in the student achievement act. Allocations shall be made on an equal per full-time equivalent student basis to each school district.

(6) Earnings of the emergency reserve fund under RCW 43.84.092(4)(a) shall be transferred quarterly to the multimodal transportation account, except for those earnings that are in excess of thirty-five million dollars each fiscal year. Within thirty days following any fiscal year in which earnings transferred to the multimodal transportation account under this subsection did not total thirty-five million dollars, the state treasurer shall transfer from the emergency reserve fund an amount necessary to bring the total deposited in the multimodal transportation account under this subsection to thirty-five million dollars. The revenues to the multimodal transportation account reflected in this subsection provide ongoing support for the transportation programs of the state. However, it is the intent of the legislature that any new long-term financial support that may be subsequently provided for transportation programs will be used to replace and supplant the revenues reflected in this subsection, thereby allowing those revenues to be returned to the purposes to which they were previously dedicated. No transfers from the emergency reserve fund to the multimodal fund shall be made during the 2003-05 fiscal biennium.

Sec. 922. RCW 43.88.032 and 1997 c 96 s 5 are each amended to read as follows:

(1) Normal maintenance costs, except for funds appropriated for facility preservation of state institutions of higher education, shall be programmed in the operating budget rather than in the capital budget.

(2) All debt-financed pass-through money to local governments shall be programmed and separately identified in the budget document.

Sec. 923. RCW 28B.50.360 and 2004 c 277 s 910 are each amended to read as follows:

Within thirty-five days from the date of start of each quarter all collected building fees of each such community and technical college shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board if issuing bonds payable out of building fees shall certify to the state treasurer the amounts required in the ensuing twelve-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be exclusively devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) The community and technical college capital projects account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended exclusively to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community and technical colleges in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, ~~((and, during the 2003-05 biennium,))~~ engineering and architectural services provided by the department of general administration, and for the payment of principal of and interest on any bonds issued for such purposes.

NEW SECTION. Sec. 924. In accordance with the recommendation of the joint legislative audit and review committee report "Performance Audit of Capital Budget Processes," the office of financial management shall develop a plan, in consultation with legislative fiscal committees, to address weaknesses identified in that report in the oversight of facility projects. The report shall address, but not be limited to:

- (1) Aligning resources to program workload;
- (2) Identifying and institutionalizing best practices;
- (3) Creating easily accessible and reliable information systems; and
- (4) Improving the review and evaluation of projects at the predesign stage prior to the authorization of design and construction.

The office of financial management shall report on its plan to the governor and the senate committee on ways and means and house of representatives capital budget committee no later than December 1, 2005.

Sec. 925. RCW 43.155.050 and 2001 c 131 s 2 are each amended to read as follows:

The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money

in the public works assistance account shall be used to make loans and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated to provide for state match requirements under federal law for projects and activities conducted and financed by the board under the drinking water assistance account. Not more than fifteen percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans, emergency loans, or loans for capital facility planning under this chapter; of this amount, not more than ten percent of the biennial capital budget appropriation may be expended for emergency loans and not more than one percent of the biennial capital budget appropriation may be expended for capital facility planning loans. For the 2005-2007 biennium, moneys in the account may be used for grants for projects identified in section 137 of this act.

NEW SECTION. Sec. 926. If chapter ... (Engrossed Substitute House Bill No. 1903), Laws of 2005 does not become law by June 30, 2005, section 925 of this act is null and void.

NEW SECTION. Sec. 927. To provide additional financial assistance and relief to irrigation districts and farmers during the current drought, loan principal and interest payments due to the department of ecology from previous biennia loans and loans in the 2005-2007 biennium for drought assistance or agricultural water supply projects may be deferred for the 2005-2007 biennium. Deferrals are intended only for loan recipients that involve a significant number of farmers who are temporarily leasing or not using their water rights for the benefit of the drought response. The deferrals shall apply to loans from the state drought preparedness account, the state emergency water projects revolving account, and state and local improvement revolving account (water supply facilities). Such loan repayments will resume consistent with the original loan agreement at the beginning of the 2007-2009 biennium.

NEW SECTION. Sec. 928. (1) The house of representatives capital budget committee, with staff support provided by the office of program research, shall research and develop recommendations and findings comparing the stewardship costs to properly manage public lands compared to private lands and the fiscal impacts on counties of purchasing additional public lands under chapter 79A.15 RCW. The capital budget committee shall work with the interagency committee for outdoor recreation, the department of fish and wildlife, the department of natural resources, and counties to obtain necessary information to complete the report.

(a) The private versus public stewardship comparison component of the report shall include, but not be limited to, weed control, diking and drainage, fencing, signage, and other land management activities.

(b) The county fiscal impact component of the report shall include, but not be limited to, a financial analysis determining the difference by county of assessing property taxes on lands acquired under chapter 79A.15 RCW based on one hundred percent of a property's true and fair value compared to assessing property as open space under chapter 84.34 RCW. The analysis shall also compare the fiscal impacts of using these different property tax rates by county for existing game lands held by the department of fish and wildlife and natural areas managed by the department of natural resources.

(2) The capital budget committee shall prepare the report by December 1, 2005.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$8,200,000 of the state taxable building construction account--state appropriation shall be deposited in the state drought preparedness account.

(2) The appropriations in this section are provided solely for response to the statewide drought that was declared pursuant to chapter 43.83B RCW. The department of ecology may provide funding or compensation for purchase or lease of water rights and to public bodies as defined in RCW 43.83B.050 in connection with projects and measures designed to alleviate drought conditions that may affect: Public health and safety; drinking water supplies; agricultural activities; or fish and wildlife survival.

(3) Projects or measures for which funding or compensation will be provided must be connected with a water system, water source, or water body that is receiving, or has been projected to receive, less than seventy-five percent of normal water supply, as the result of natural drought conditions. This reduction in water supply must be such that it is causing, or will cause, undue hardship for the entities or fish or wildlife depending on the water supply. General criteria for guidelines to be established by the department of ecology for distribution of funds must include: A balanced and equitable distribution of the funds among the different sectors affected by drought; a funding process that ensures funds are available for drought impacts that arise both early and later during the course of the drought; and preference for projects that leverage other federal and local funds.

MESSAGE FROM THE HOUSE

April 8, 2005

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5922, with the following amendments{s}:

Strike everything after the enacting clause and insert the following:

" **Sec. 1.** RCW 26.44.100 and 1998 c 314 s 8 are each amended to read as follows:

(1) The legislature finds parents and children often are not aware of their due process rights when agencies are investigating allegations of child abuse and neglect. The legislature reaffirms that all citizens, including parents, shall be afforded due process, that protection of children remains the priority of the legislature, and that this protection includes protecting the family unit from unnecessary disruption. To facilitate this goal, the legislature wishes to ensure that parents and children be advised in writing and orally, if feasible, of their basic rights and other specific information as set forth in this chapter, provided that nothing contained in this chapter shall cause any delay in protective custody action.

(2) The department shall notify the alleged perpetrator of ~~(the allegations of child abuse ((and)) or neglect ((at the earliest possible point in the investigation that will not jeopardize the safety and protection of the child or the investigation process))~~ at the initial point of contact with the alleged perpetrator, in a manner consistent with the laws maintaining the confidentiality of the persons making the complaints or allegations. Investigations of child abuse and neglect should be conducted so that relevant evidence of offenses is not concealed or destroyed, child victims are not subjected to undue influence, and actions are not taken that would jeopardize the safety or protection of the child.

Whenever the department completes an investigation of a child abuse or neglect report under chapter 26.44 RCW, the department shall notify the alleged perpetrator of the report and the department's investigative findings. The notice shall also advise the alleged perpetrator that:

(a) A written response to the report may be provided to the department and that such response will be filed in the record following receipt by the department;

(b) Information in the department's record may be considered in subsequent investigations or proceedings related to child protection or child custody;

(c) Founded reports of child abuse and neglect may be considered in determining whether the person is disqualified from being licensed to provide child care, employed by a licensed child care agency, or authorized by the department to care for children; and

(d) An alleged perpetrator named in a founded report of child abuse or neglect has the right to seek review of the finding as provided in this chapter.

(3) The notification required by this section shall be made by certified mail, return receipt requested, to the person's last known address.

(4) The duty of notification created by this section is subject to the ability of the department to ascertain the location of the person to be notified. The department shall exercise reasonable, good-faith efforts to ascertain the location of persons entitled to notification under this section.

(5) The department shall provide training to all persons who conduct investigations under this section that shall include, but is not limited to, training regarding the legal duties of the department from the initial time of contact during investigation through treatment in order to protect children and families.

NEW SECTION. **Sec. 2.** The legislature finds that whenever possible, children should remain in the home of their parents. It is only when the safety of the child is a concern that the child should be removed from the home.

The legislature finds that the safety of a child is put in jeopardy when a child is subject to chronic neglect. The legislature recognizes that chronic neglect may be more dangerous to a child than physical or sexual abuse, and must be treated as such by those charged with the protection of children in this state.

It is the intent of the legislature that the department of social and health services be permitted to intervene in cases of chronic neglect where the well-being of the child is at risk. One incident of neglect may not rise to the level requiring state intervention; however, a pattern of neglect has been shown to cause damage to the health and well-being of the child subject to the neglect.

It is the intent of the legislature that when chronic neglect has been found to exist in a family, the legal system reinforce the need for the parent to engage in services that will decrease the likelihood of future neglect. However, if the parents fail to comply with the necessary services, the state must intervene to protect the children who are at risk.

Sec. 3. RCW 13.34.138 and 2003 c 227 s 5 are each amended to read as follows:

(1) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ninety days from the entry of the disposition order, whichever comes first. The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145(3) or 13.34.134. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits. This review shall consider both the agency's and parent's efforts that demonstrate consistent measurable progress over time in meeting the disposition plan requirements. The requirements for the initial review hearing, including the in-court requirement, shall be accomplished within existing resources. The supervising agency shall provide a foster parent, preadoptive parent, or relative with notice of, and their right to an opportunity to be heard in, a review hearing pertaining to the child, but only if that person is currently providing care to that child at the time of the hearing. This section shall not be construed to grant party status to any person who has been provided an opportunity to be heard.

(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:

(i) Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered;

(ii) Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration and preference has been given to placement with the child's relatives;

(iii) Whether there is a continuing need for placement and whether the placement is appropriate;

(iv) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(v) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

(vii) Whether additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered specifying such services; and

(viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

(2)(a) In any case in which the court orders that a dependent child may be returned to or remain in the child's home, the in-home placement shall be contingent upon the following:

(i) The cooperation by the parents with the agency case plan;

(ii) The compliance of the parents with court orders related to the care and supervision of the child; and

(iii) The continued participation of the parents in remedial services.

(b) The following may be grounds for removal of the child from the home, subject to review by the court:

(i) Noncompliance by the parents with the case plan or court order;

(ii) The parent's inability, unwillingness, or failure to participate in services or treatment for themselves or the child; or

(iii) The failure of the parents to successfully and substantially complete services or treatment for themselves or the child.

(3) The court's ability to order housing assistance under RCW 13.34.130 and this section is: (a) Limited to cases in which homelessness or the lack of adequate and safe housing is the primary reason for an out-of-home placement; and (b) subject to the availability of funds appropriated for this specific purpose.

~~((3))~~ (4) The court shall consider the child's relationship with siblings in accordance with RCW 13.34.130(3).

Sec. 4. RCW 26.44.015 and 1999 c 176 s 28 are each amended to read as follows:

(1) This chapter shall not be construed to authorize interference with child-raising practices, including reasonable parental discipline, which are not injurious to the child's health, welfare, ~~((and))~~ or safety.

(2) Nothing in this chapter may be used to prohibit the reasonable use of corporal punishment as a means of discipline.

(3) No parent or guardian may be deemed abusive or neglectful solely by reason of the parent's or child's blindness, deafness, developmental disability, or other handicap.

Sec. 5. RCW 26.44.020 and 2000 c 162 s 19 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Court" means the superior court of the state of Washington, juvenile department.

(2) "Law enforcement agency" means the police department, the prosecuting attorney, the state patrol, the director of public safety, or the office of the sheriff.

If the child's parents, guardians, or legal custodians are available and willing to participate on a voluntary basis in in-

home services, and the department determines that in-home services on a voluntary basis are appropriate for the family, the department may offer such services.

(2) In cases where the department has offered appropriate and reasonable services under subsection (1) of this section, and the parents, guardians, or legal custodians refuse to accept or fail to obtain appropriate treatment or services, or are unable or unwilling to participate in or successfully complete the treatment or services identified by the department, the department may initiate a dependency proceeding under chapter 13.34 RCW on the basis that the negligent treatment or maltreatment by the parent, guardian, or legal custodian constitutes neglect.

(3) Nothing in this section precludes the department from filing a dependency petition as provided in chapter 13.34 RCW if it determines that such action is necessary to protect the child from abuse or neglect or safeguard the child from future abuse or neglect.

(4) Nothing in this section shall be construed to create in any person an entitlement to services or financial assistance in paying for services or to create judicial authority to order the provision of services to any person or family if the services are unavailable or unsuitable or if the child or family is not eligible for such services.

Sec. 7. RCW 74.13.031 and 2004 c 183 s 3 are each amended to read as follows:

(4) Offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(8) Have authority to purchase care for children; and shall follow in general the policy of using properly approved private agency services for the actual care and supervision of such children insofar as they are available, paying for care of such children as are accepted by the department as eligible for support at reasonable rates established by the department.

(9) Establish a children's services advisory committee which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(10) Have authority to provide continued foster care or group care for individuals from eighteen through twenty years of age to enable them to complete their high school or vocational school program.

(11) Refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child.

(12) Have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order; and the purchase of such care shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 and 74.13.032 through 74.13.036, or of this section all services to be provided by the department of social and health services under subsections (4), (6), and (7) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(13) Within amounts appropriated for this specific purpose, provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(14) Have authority to provide independent living services to youths, including individuals eighteen through twenty years of age, who are or have been in foster care.

NEW SECTION. Sec. 8. The legislature recognizes that the fiscal and workload impact of this act may not be fully determined until after it is implemented and that such impact may further be affected by the funding or availability of community-based prevention and remedial services. For that reason, the department of social and health services shall report on the implementation of this act to the appropriate legislative committees and the governor by December 1, 2006. The report shall include information regarding any change over previous years in the number and type of child abuse and neglect referrals received and investigations conducted, any change in in-home and out-of-home dependency placements and/or filings, any increased service costs, barriers to implementation, and an assessment of the fiscal and workload impact on the department. Such information shall be reviewed by the legislature for possible amendment of this act or additional allocation of resources to the department for implementation purposes.

Sec. 104. RCW 28A.305.130 and 2002 c 205 s 3 are each amended to read as follows:

The purpose of the state board of education is to adopt statewide policies that promote achievement of the goals of RCW 28A.150.210; implement a standards-based accountability system; and provide leadership in the creation of an education system that respects the diverse cultures, abilities, and learning styles of all students. In addition to any other powers and duties as provided by law, the state board of education shall:

(b) ~~((The state board of education shall))~~ Require that at the time of the individual's enrollment in a teacher preparation program, the supervising teacher and the building principal shall jointly provide to the teacher preparation program of the higher education institution at which the teacher candidate is enrolled, a written assessment of the performance of the teacher candidate.

In compliance with such rules as may be established by the state board of education under this section, the teacher preparation programs of the higher education institution where the candidate is enrolled shall make the final determination as to what teacher preparation program requirements may be fulfilled by teacher aide work experience.

(5) Until January 1, 2006, supervise the issuance of such certificates as provided for in subsection (1) of this section and specify the types and kinds of certificates necessary for the several departments of the common schools by rule or regulation in accordance with RCW 28A.410.010.

(7) Form committees as necessary to effectively and efficiently conduct the work of the board.

(8) Seek advice from the public and interested parties regarding the work of the board.

(9) For purposes of statewide accountability, the board shall:

(a) Adopt and revise performance improvement goals in reading, writing, science, and mathematics, by subject and grade level, once assessments in these subjects are required statewide; academic and technical skills, as appropriate, in secondary career and technical education programs; and student attendance, as the board deems appropriate to improve student learning. The goals shall be consistent with student privacy protection provisions of RCW 28A.655.090(7) and shall not conflict with requirements contained in Title I of the federal elementary and secondary education act of 1965, or the requirements of the Carl D. Perkins vocational education act of 1998, each as amended. The goals may be established for all students, economically disadvantaged students, limited English proficient students, students with disabilities, and students from disproportionately academically underachieving racial and ethnic backgrounds. The board may establish school and school district goals addressing high school graduation rates and dropout reduction goals for students in grades seven through twelve. The board shall adopt the goals by rule. However, before each goal is implemented, the board shall present the goal to the education committees of the house of representatives and the senate for the committees' review and comment in a time frame that will permit the legislature to take statutory action on the goal if such action is deemed warranted by the legislature;

(b) Identify the scores students must achieve in order to meet the standard on the Washington assessment of student learning and, for high school students, to obtain a certificate of academic achievement. The board shall also determine student scores that identify levels of student performance below and beyond the standard. The board shall consider the incorporation of the standard error of measurement into the decision regarding the award of the certificates. The board shall set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose. The initial performance standards and any changes recommended by the board in the performance standards for the tenth grade assessment shall be presented to the education committees of the house of representatives and the senate by November 30th of the school year in which the changes will take place to permit the legislature to take statutory action before the changes are implemented if such action is deemed warranted by the legislature. The legislature shall be advised of the initial performance standards and any changes made to the elementary level performance standards and the middle school level performance standards;

(c) Adopt objective, systematic criteria to identify successful schools and school districts and recommend to the superintendent of public instruction schools and districts to be recognized for two types of accomplishments, student achievement and improvements in student achievement. Recognition for improvements in student achievement shall include consideration of one or more of the following accomplishments:

(i) An increase in the percent of students meeting standards. The level of achievement required for recognition may be based on the achievement goals established by the legislature and by the board under (a) of this subsection;

(ii) Positive progress on an improvement index that measures improvement in all levels of the assessment; and

(iii) Improvements despite challenges such as high levels of mobility, poverty, English as a second language learners, and large numbers of students in special populations as measured by either the percent of students meeting the standard, or the improvement index. When determining the baseline year or years for recognizing individual schools, the board may use the assessment results from the initial years the assessments were administered, if doing so with individual schools would be appropriate;

(d) Adopt objective, systematic criteria to identify schools and school districts in need of assistance and those in which significant numbers of students persistently fail to meet state standards. In its deliberations, the board shall consider the use of all statewide mandated criterion-referenced and norm-referenced standardized tests;

(e) Identify schools and school districts in which state intervention measures will be needed and a range of appropriate intervention strategies after the legislature has authorized a set of intervention strategies. After the legislature has authorized a set of intervention strategies, at the request of the board, the superintendent shall intervene in the school or school district and take corrective actions. This chapter does not provide additional authority for the board or the superintendent of public instruction to intervene in a school or school district;

(f) Identify performance incentive systems that have improved or have the potential to improve student achievement;

(g) Annually review the assessment reporting system to ensure fairness, accuracy, timeliness, and equity of opportunity, especially with regard to schools with special circumstances and unique populations of students, and a recommendation to the superintendent of public instruction of any improvements needed to the system;

(h) Include in the biennial report required under section 103 of this act, information on the progress that has been made in achieving goals adopted by the board.

(10) Accredited, subject to such accreditation standards and procedures as may be established by the state board of education, all schools that apply for accreditation, and approve, subject to the provisions of RCW 28A.195.010, private schools carrying out a program for any or all of the grades kindergarten through twelve: PROVIDED, That no private school may be approved that operates a kindergarten program only: PROVIDED FURTHER, That no public or private schools shall be placed upon the list of accredited schools so long as secret societies are knowingly allowed to exist among its students by school officials: PROVIDED FURTHER, That the state board may elect to require all or certain classifications of the public schools to conduct and participate in such preaccreditation examination and evaluation processes as may now or hereafter be established by the board.

~~((7))~~ (11) Make rules and regulations governing the establishment in any existing nonhigh school district of any secondary program or any new grades in grades nine through twelve. Before any such program or any new grades are established the district must obtain prior approval of the state board.

Sec. 215. RCW 28A.205.050 and 1995 c 335 s 201 are each amended to read as follows:

In accordance with chapter 34.05 RCW, the administrative procedure act, the ~~((state board of education))~~ Washington professional educator standards board with respect to the matter of certification, and the superintendent of public instruction with respect to all other matters, shall have the power and duty to make the necessary rules to carry out the purpose and intent of this chapter.

Sec. 216. RCW 28A.405.210 and 1996 c 201 s 1 are each amended to read as follows:

No teacher, principal, supervisor, superintendent, or other certificated employee, holding a position as such with a school district, hereinafter referred to as "employee", shall be employed except by written order of a majority of the directors of the district at a regular or special meeting thereof, nor unless he or she is the holder of an effective teacher's certificate or other certificate required by law or the ~~((state board of education))~~ Washington professional educator standards board for the position for which the employee is employed.

The board shall make with each employee employed by it a written contract, which shall be in conformity with the laws of this state, and except as otherwise provided by law, limited to a term of not more than one year. Every such contract shall be made in duplicate, one copy to be retained by the school district superintendent or secretary and one copy to be delivered to the employee. No contract shall be offered by any board for the employment of any employee who has previously signed an employment contract for that same term in another school district of the state of Washington unless such employee shall have been released from his or her obligations under such previous contract by the board of directors of the school district to which he or she was obligated. Any contract signed in violation of this provision shall be void.

In the event it is determined that there is probable cause or causes that the employment contract of an employee should not be renewed by the district for the next ensuing term such employee shall be notified in writing on or before May 15th preceding the commencement of such term of that determination, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 1st, which notification shall specify the cause or causes for nonrenewal of contract. Such determination of probable cause for certificated employees, other than the superintendent, shall be made by the superintendent. Such notice shall be served upon the employee personally, or by certified or registered mail, or by leaving a copy of the notice at the house of his or her usual abode with some person of suitable age and discretion then resident therein. Every such employee so notified, at his or her request made in writing and filed with the president, chair or secretary of the board of directors of the district within ten days after receiving such notice, shall be granted opportunity for hearing pursuant to RCW 28A.405.310 to determine whether there is sufficient cause or causes for nonrenewal of contract: PROVIDED, That any employee receiving notice of nonrenewal of contract due to an enrollment decline or loss of revenue may, in his or her request for a hearing, stipulate that initiation of the arrangements for a hearing officer as provided for by RCW 28A.405.310(4) shall occur within ten days following July 15 rather than the day that the employee submits the request for a hearing. If any such notification or opportunity for hearing is not timely given, the employee entitled thereto shall be conclusively presumed to have been reemployed by the district for the next ensuing term upon contractual terms identical with those which would have prevailed if his or her employment had actually been renewed by the board of directors for such ensuing term.

This section shall not be applicable to "provisional employees" as so designated in RCW 28A.405.220; transfer to a subordinate certificated position as that procedure is set forth in RCW 28A.405.230 shall not be construed as a nonrenewal of contract for the purposes of this section.

Sec. 217. RCW 28B.10.140 and 2004 c 60 s 1 are each amended to read as follows:

The University of Washington, Washington State University, Central Washington University, Eastern Washington University, Western Washington University, and The Evergreen State College are each authorized to train teachers and other personnel for whom teaching certificates or special credentials prescribed by the ~~((state board of education))~~ Washington professional educator standards board are required, for any grade, level, department, or position of the public schools of the state.

Sec. 218. RCW 18.118.010 and 1990 c 33 s 553 are each amended to read as follows:

(1) The purpose of this chapter is to establish guidelines for the regulation of the real estate profession and other business professions which may seek legislation to substantially increase their scope of practice or the level of regulation of the profession, and for the regulation of business professions not licensed or regulated on July 26, 1987: PROVIDED, That the provisions of this chapter are not intended and shall not be construed to: (a) Apply to any regulatory entity created prior to July 26, 1987, except as provided in this chapter; (b) affect the powers and responsibilities of the superintendent of public instruction or ~~((state board of education))~~ Washington professional educator standards board under RCW ~~((28A.305.130))~~ 28A.410.210 and 28A.410.010; (c) apply to or interfere in any way with the practice of religion or to any kind of treatment by prayer; (d) apply to any remedial or technical amendments to any statutes which licensed or regulated activity before July 26, 1987; and (e) apply to proposals relating solely to continuing education. The legislature believes that all individuals should be permitted to enter into a business profession unless there is an overwhelming need for the state to protect the interests of the public by restricting entry into the profession. Where such a need is identified, the regulation adopted by the state should be set at the least restrictive level consistent with the public interest to be protected.

(2) It is the intent of this chapter that no regulation shall be imposed upon any business profession except for the exclusive purpose of protecting the public interest. All bills introduced in the legislature to regulate a business profession for the

first time should be reviewed according to the following criteria. A business profession should be regulated by the state only when:

(a) Unregulated practice can clearly harm or endanger the health, safety, or welfare of the public, and the potential for the harm is easily recognizable and not remote or dependent upon tenuous argument;

(b) The public needs and can reasonably be expected to benefit from an assurance of initial and continuing professional ability; and

(c) The public cannot be effectively protected by other means in a more cost-beneficial manner.

(3) After evaluating the criteria in subsection (2) of this section and considering governmental and societal costs and benefits, if the legislature finds that it is necessary to regulate a business profession not previously regulated by law, the least restrictive alternative method of regulation should be implemented, consistent with the public interest and this section:

(a) Where existing common law and statutory civil actions and criminal prohibitions are not sufficient to eradicate existing harm, the regulation should provide for stricter civil actions and criminal prosecutions;

(b) Where a service is being performed for individuals involving a hazard to the public health, safety, or welfare, the regulation should impose inspection requirements and enable an appropriate state agency to enforce violations by injunctive relief in court, including, but not limited to, regulation of the business activity providing the service rather than the employees of the business;

(c) Where the threat to the public health, safety, or economic well-being is relatively small as a result of the operation of the business profession, the regulation should implement a system of registration;

(d) Where the consumer may have a substantial basis for relying on the services of a practitioner, the regulation should implement a system of certification; or

(e) Where apparent that adequate regulation cannot be achieved by means other than licensing, the regulation should implement a system of licensing.

Sec. 219. RCW 18.120.010 and 1990 c 33 s 554 are each amended to read as follows:

(1) The purpose of this chapter is to establish guidelines for the regulation of health professions not licensed or regulated prior to July 24, 1983, and those licensed or regulated health professions which seek to substantially increase their scope of practice: PROVIDED, That the provisions of this chapter are not intended and shall not be construed to: (a) Apply to any regulatory entity created prior to July 24, 1983, except as provided in this chapter; (b) affect the powers and responsibilities of the superintendent of public instruction or ((state board of education)) Washington professional educator standards board under RCW ((28A.305.130)) 28A.410.210 and 28A.410.010; (c) apply to or interfere in any way with the practice of religion or to any kind of treatment by prayer; and (d) apply to any remedial or technical amendments to any statutes which licensed or regulated activity before July 24, 1983. The legislature believes that all individuals should be permitted to enter into a health profession unless there is an overwhelming need for the state to protect the interests of the public by restricting entry into the profession. Where such a need is identified, the regulation adopted by the state should be set at the least restrictive level consistent with the public interest to be protected.

(2) It is the intent of this chapter that no regulation shall, after July 24, 1983, be imposed upon any health profession except for the exclusive purpose of protecting the public interest. All bills introduced in the legislature to regulate a health profession for the first time should be reviewed according to the following criteria. A health profession should be regulated by the state only when:

(a) Unregulated practice can clearly harm or endanger the health, safety, or welfare of the public, and the potential for the harm is easily recognizable and not remote or dependent upon tenuous argument;

(b) The public needs and can reasonably be expected to benefit from an assurance of initial and continuing professional ability; and

(c) The public cannot be effectively protected by other means in a more cost-beneficial manner.

(3) After evaluating the criteria in subsection (2) of this section and considering governmental and societal costs and benefits, if the legislature finds that it is necessary to regulate a health profession not previously regulated by law, the least restrictive alternative method of regulation should be implemented, consistent with the public interest and this section:

(a) Where existing common law and statutory civil actions and criminal prohibitions are not sufficient to eradicate existing harm, the regulation should provide for stricter civil actions and criminal prosecutions;

(b) Where a service is being performed for individuals involving a hazard to the public health, safety, or welfare, the regulation should impose inspection requirements and enable an appropriate state agency to enforce violations by injunctive relief in court, including, but not limited to, regulation of the business activity providing the service rather than the employees of the business;

(c) Where the threat to the public health, safety, or economic well-being is relatively small as a result of the operation of the health profession, the regulation should implement a system of registration;

(d) Where the consumer may have a substantial basis for relying on the services of a practitioner, the regulation should implement a system of certification; or

(e) Where apparent that adequate regulation cannot be achieved by means other than licensing, the regulation should implement a system of licensing.

Sec. 220. RCW 28A.410.032 and 1996 c 135 s 4 are each amended to read as follows:

Teachers of visually impaired students shall be qualified according to rules adopted by the ((state board of education)) professional educator standards board.

MESSAGE FROM THE HOUSE

April 20, 2005

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5432, with the following amendments{s}:
Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 90.56.005 and 2004 c 226 s 2 are each amended to read as follows:

(1) The legislature declares that ~~((the increasing reliance on))~~ water borne transportation as a source of supply for oil and hazardous substances poses special concern for the state of Washington. Each year billions of gallons of crude oil and refined petroleum products are transported as cargo and fuel by vessels on the navigable waters of the state. These shipments are expected to increase in the coming years. Vessels transporting oil into Washington travel on some of the most unique and special marine environments in the United States. These marine environments are a source of natural beauty, recreation, and economic livelihood for many residents of this state. As a result, the state has an obligation to ensure the citizens of the state that the waters of the state will be protected from oil spills.

(2) The legislature finds that prevention is the best method to protect the unique and special marine environments in this state. The technology for containing and cleaning up a spill of oil or hazardous substances is ~~((in the early stages of development))~~ at best only partially effective. Preventing spills is more protective of the environment and more cost-effective when all the response and damage costs associated with responding to a spill are considered. Therefore, the legislature finds that the primary objective of the state is to ~~((adopt))~~ achieve a zero spills strategy to prevent any oil or hazardous substances from entering waters of the state.

(3) The legislature also finds that:

(a) Recent accidents in Washington, Alaska, southern California, Texas, Pennsylvania, and other parts of the nation have shown that the transportation, transfer, and storage of oil have caused significant damage to the marine environment;

(b) Even with the best efforts, it is nearly impossible to remove all oil that is spilled into the water, and average removal rates are only fourteen percent;

(c) Washington's navigable waters are treasured environmental and economic resources that the state cannot afford to place at undue risk from an oil spill; ~~((and))~~

(d) The state has a fundamental responsibility, as the trustee of the state's natural resources and the protector of public health and the environment to prevent the spill of oil; and

(e) In section 5002 of the federal oil pollution act of 1990, the United States congress found that many people believed that complacency on the part of industry and government was one of the contributing factors to the Exxon Valdez spill and, further, that one method to combat this complacency is to involve local citizens in the monitoring and oversight of oil spill plans. Congress also found that a mechanism should be established that fosters the long-term partnership of industry, government, and local communities in overseeing compliance with environmental concerns in the operation of crude oil terminals. Moreover, congress concluded that, in addition to Alaska, a program of citizen monitoring and oversight should be established in other major crude oil terminals in the United States because recent oil spills indicate that the safe transportation of oil is a national problem.

(4) In order to establish a comprehensive prevention and response program to protect Washington's waters and natural resources from spills of oil, it is the purpose of this chapter:

(a) To establish state agency expertise in marine safety and to centralize state activities in spill prevention and response activities;

(b) To prevent spills of oil and to promote programs that reduce the risk of both catastrophic and small chronic spills;

(c) To ensure that responsible parties are liable, and have the resources and ability, to respond to spills and provide compensation for all costs and damages;

(d) To provide for state spill response and wildlife rescue planning and implementation;

(e) To support and complement the federal oil pollution act of 1990 and other federal law, especially those provisions relating to the national contingency plan for cleanup of oil spills and discharges, including provisions relating to the responsibilities of state agencies designated as natural resource trustees. The legislature intends this chapter to be interpreted and implemented in a manner consistent with federal law;

(f) To provide broad powers of regulation to the department of ecology relating to spill prevention and response;

(g) To provide for an independent ~~((oversight board))~~ oil spill advisory council to review on an ongoing basis the adequacy of oil spill prevention, preparedness, and response activities in this state; and

(h) To provide an adequate funding source for state response and prevention programs.

NEW SECTION. Sec. 2. A new section is added to chapter 90.56 RCW to read as follows:

(1)(a) There is established in the office of the governor the oil spill advisory council.

(7) The first meeting of the council shall be convened by the governor or the governor's designee. Other meetings may be convened by a vote of at least a majority of the voting members of the council, or by call of the chair. All meetings are subject to the open public meetings act. The council shall maintain minutes of all meetings.

(8) To the extent possible, all decisions of the council shall be by the consensus of the members. If consensus is not possible, nine voting members of the council may call for a vote on a matter. When a vote is called, all decisions shall be determined by a majority vote of the voting members present. Two-thirds of the voting members are required to be present for a quorum for all votes. The subject matter of all votes and the vote tallies shall be recorded in the minutes of the council.

(9) The council may form subcommittees and technical advisory committees.

NEW SECTION. Sec. 3. A new section is added to chapter 90.56 RCW to read as follows:

(j) Accepting moneys from appropriations, gifts, grants, or donations for the purposes of this section; and

(k) Any other activities necessary to maintain the state's vigilance in preventing oil spills.

(2) The council shall establish a work plan for accomplishing the duties identified in subsection (1) of this section.

(3) The council is not intended to address issues related to spills involving hazardous substances.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1058, by House Committee on Juvenile Justice & Family Law (originally sponsored by Representatives Dickerson, Hinkle, Moeller, Kenney and Darneille)

Revising provisions relating to mental health treatment for minors.

The measure was read the second time.

MOTION

Senator Hargrove moved that the following striking amendment by Senators Hargrove and Stevens be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that, despite explicit statements in statute that the consent of a minor child is not required for a parent-initiated admission to inpatient or outpatient mental health treatment, treatment providers consistently refuse to accept a minor aged thirteen or over if the minor does not also consent to treatment. The legislature intends that the parent-initiated treatment provisions, with their accompanying due process provisions for the minor, be made fully available to parents.

Sec. 2. RCW 71.34.042 and 1998 c 296 s 14 are each amended to read as follows:

(1) A minor thirteen years or older may admit himself or herself to an evaluation and treatment facility for inpatient mental treatment, without parental consent. The admission shall occur only if the professional person in charge of the facility concurs with the need for inpatient treatment. Parental authorization is required for inpatient treatment of a minor under the age of thirteen.

(2) When, in the judgment of the professional person in charge of an evaluation and treatment facility, there is reason to believe that a minor is in need of inpatient treatment because of a mental disorder, and the facility provides the type of evaluation and treatment needed by the minor, and it is not feasible to treat the minor in any less restrictive setting or the minor's home, the minor may be admitted to an evaluation and treatment facility.

(3) Written renewal of voluntary consent must be obtained from the applicant no less than once every twelve months. The minor's need for continued inpatient treatments shall be reviewed and documented no less than every one hundred eighty days.

NEW SECTION. Sec. 3. A new section is added to chapter 71.34 RCW to read as follows:

A minor child shall have no cause of action against an evaluation and treatment facility, inpatient facility, or provider of outpatient mental health treatment for admitting or accepting the minor in good faith for evaluation or treatment under RCW 71.34.052 or 71.34.054 based solely upon the fact that the minor did not consent to evaluation or treatment if the minor's parent has consented to the evaluation or treatment.

Sec. 4. RCW 71.34.052 and 1998 c 296 s 17 are each amended to read as follows:

(1) A parent may bring, or authorize the bringing of, his or her minor child to an evaluation and treatment facility or an inpatient facility licensed under chapter 70.41, 71.12, or 72.23 RCW and request that the professional person as defined in RCW 71.05.020(24) examine the minor to determine whether the minor has a mental disorder and is in need of inpatient treatment.

(2) The consent of the minor is not required for admission, evaluation, and treatment if the parent brings the minor to the facility.

(3) An appropriately trained professional person may evaluate whether the minor has a mental disorder. The evaluation shall be completed within twenty-four hours of the time the minor was brought to the facility, unless the professional person determines that the condition of the minor necessitates additional time for evaluation. In no event shall a minor be held longer than seventy-two hours for evaluation. If, in the judgment of the professional person, it is determined it is a medical necessity for the minor to receive inpatient treatment, the minor may be held for treatment. The facility shall limit treatment to that which the professional person determines is medically necessary to stabilize the minor's condition until the evaluation has been completed. Within twenty-four hours of completion of the evaluation, the professional person shall notify the department if the child is held for treatment and of the date of admission.

(4) No provider is obligated to provide treatment to a minor under the provisions of this section except that no provider may refuse to treat a minor under the provisions of this section solely on the basis that the minor has not consented to the treatment. No provider may admit a minor to treatment under this section unless it is medically necessary.

(5) No minor receiving inpatient treatment under this section may be discharged from the facility based solely on his or her request.

(6) Prior to the review conducted under RCW 71.34.025, the professional person shall notify the minor of his or her right to petition superior court for release from the facility.

(7) For the purposes of this section "professional person" (~~does not include a social worker, unless the social worker is certified under RCW 18.19.110 and appropriately trained and qualified by education and experience, as defined by the department, in psychiatric social work~~) means "professional person" as defined in RCW 71.05.020.

Sec. 5. RCW 71.34.270 and 1985 c 354 s 27 are each amended to read as follows:

No public or private agency or governmental entity, nor officer of a public or private agency, nor the superintendent, or professional person in charge, his or her professional designee or attending staff of any such agency, nor any public official performing functions necessary to the administration of this chapter, nor peace officer responsible for detaining a person under this chapter, nor any county designated mental health professional, nor professional person, nor evaluation and treatment facility, shall be civilly or criminally liable for performing (~~his or her duties under~~) actions authorized in this chapter with regard to the decision of whether to admit, release, or detain a person for evaluation and treatment: **PROVIDED,** That such duties were performed in good faith and without gross negligence.

"**Sec. 1.** RCW 42.17.270 and 1987 c 403 s 4 are each amended to read as follows:

Public records shall be available for inspection and copying, and agencies shall, upon request for identifiable public records, make them promptly available to any person including, if applicable, on a partial or installment basis as records that are part of a larger set of requested records are assembled or made ready for inspection or disclosure. Agencies shall not deny a request for identifiable public records solely on the basis that the request is overbroad. Agencies shall not distinguish among persons requesting records, and such persons shall not be required to provide information as to the purpose for the request except to establish whether inspection and copying would violate RCW 42.17.260(~~(5)~~) (9) or other statute which exempts or prohibits disclosure of specific information or records to certain persons. Agency facilities shall be made available to any person for the copying of public records except when and to the extent that this would unreasonably disrupt the operations of the agency. Agencies shall honor requests received by mail for identifiable public records unless exempted by provisions of this chapter.

Sec. 2. RCW 42.17.300 and 1995 c 397 s 14 and 1995 c 341 s 2 are each reenacted and amended to read as follows:

No fee shall be charged for the inspection of public records. No fee shall be charged for locating public documents and making them available for copying. A reasonable charge may be imposed for providing copies of public records and for the use by any person of agency equipment or equipment of the office of the secretary of the senate or the office of the chief clerk of the house of representatives to copy public records, which charges shall not exceed the amount necessary to reimburse the agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives for its actual costs directly incident to such copying. Agency charges for photocopies shall be imposed in accordance with the actual per page cost or other costs established and published by the agency. In no event may an agency charge a per page cost greater than the actual per page cost as established and published by the agency. To the extent the agency has not determined the actual per page cost for photocopies of public records, the agency may not charge in excess of fifteen cents per page. An agency may require a deposit in an amount not to exceed ten percent of the estimated cost of providing copies for a request. If an agency makes a request available on a partial or installment basis, the agency may charge for each part of the request as it is provided. If an installment of a records request is not claimed or reviewed, the agency is not obligated to fulfill the balance of the request.

NEW SECTION. **Sec. 3.** A new section is added to chapter 42.17 RCW to read as follows:

(1) Each state and local agency shall appoint and publicly identify a public records officer whose responsibility is to serve as a point of contact for members of the public in requesting disclosure of public records and to oversee the agency's compliance with the public records disclosure requirements of this chapter. A state or local agency's public records officer may appoint an employee or official of another agency as its public records officer.

(2) For state agencies, the name and contact information of the agency's public records officer to whom members of the public may direct requests for disclosure of public records and who will oversee the agency's compliance with the public records disclosure requirements of this chapter shall be published in the state register at the time of designation and annually every year thereafter.

(3) For local agencies, the name and contact information of the agency's public records officer to whom members of the public may direct requests for disclosure of public records and who will oversee the agency's compliance within the public records disclosure requirements of this chapter shall be made in a way reasonably calculated to provide notice to the public, including posting at the local agency's place of business, posting on its internet site, or including in its publications.

(2) The attorney general, by February 1, 2006, shall adopt by rule an advisory model rule for state and local agencies, as defined in RCW 42.17.020, addressing the following subjects:

(a) Providing fullest assistance to requestors;

(b) Fulfilling large requests in the most efficient manner;

(c) Fulfilling requests for electronic records; and

(d) Any other issues pertaining to public disclosure as determined by the attorney general.

(3) The attorney general, in his or her discretion, may from time to time revise the model rule.

Sec. 5. RCW 42.17.340 and 1992 c 139 s 8 are each amended to read as follows:

(1) Upon the motion of any person having been denied an opportunity to inspect or copy a public record by an agency, the superior court in the county in which a record is maintained may require the responsible agency to show cause why it has

refused to allow inspection or copying of a specific public record or class of records. The burden of proof shall be on the agency to establish that refusal to permit public inspection and copying is in accordance with a statute that exempts or prohibits disclosure in whole or in part of specific information or records.

(2) Upon the motion of any person who believes that an agency has not made a reasonable estimate of the time that the agency requires to respond to a public record request, the superior court in the county in which a record is maintained may require the responsible agency to show that the estimate it provided is reasonable. The burden of proof shall be on the agency to show that the estimate it provided is reasonable.

(3) Judicial review of all agency actions taken or challenged under RCW 42.17.250 through 42.17.320 shall be de novo. Courts shall take into account the policy of this chapter that free and open examination of public records is in the public interest, even though such examination may cause inconvenience or embarrassment to public officials or others. Courts may examine any record in camera in any proceeding brought under this section. The court may conduct a hearing based solely on affidavits.

(4) Any person who prevails against an agency in any action in the courts seeking the right to inspect or copy any public record or the right to receive a response to a public record request within a reasonable amount of time shall be awarded all costs, including reasonable attorney fees, incurred in connection with such legal action. In addition, it shall be within the discretion of the court to award such person an amount not less than five dollars and not to exceed one hundred dollars for each day that he or she was denied the right to inspect or copy said public record.

(5) For actions under this section against counties, the venue provisions of RCW 36.01.050 apply.

(6) Actions under this section must be filed within one year of the agency's claim of exemption or the last production of a record on a partial or installment basis."

PERSONAL PRIVILEGE

Senator Fraser: "My point of personal privilege is that I would like to wish a happy birthday to somebody who is very special in my life, very special in the life of my legislative assistant, Brenda Fitzsimmons, somebody who is very special in the life of the Senate and somebody whose very special in the life of constituents in the Twenty-second district. That person, whose having happy birthday today, is Ellie Dornan who is my session aide. She's been my session aide for all thirteen years I've been here in the Senate. She is, amazingly, turning eighty years old today. The Senate has been an important part of her life. Before working in my office, she worked for Senator Bill Gissberg from Snohomish, for Senator Jimmy Keefe from Spokane. So my constituents, when they call the office and talk to her – and most people do – she handles all the inquiries and commentaries with great patience, with great depth of understanding and with great cheer. She's famous for her great cheer. Whenever we want to have great conversation we tell Ellie stories. So I'm not going to tell you any here on the floor today, in spite of popular demand, but if you come by our office today there are refreshments. You can wish Ellie happy birthday. You can have a treat. You can sign her card and maybe you can hear an Ellie story. So, happy birthday, Ellie."

PERSONAL PRIVILEGE

Senator Eide: "I want to talk about Ellie too. I have a special spot in my heart for this women and I wanted to recognize her. This women is light of foot and quick of wit and someone that I love to see everyday, look forward to seeing her. I just hope I can be like her when I grow up, but a lovely woman she is. She has a absolute special spot in my heart. Ellie, happy birthday, my dear."

PERSONAL PRIVILEGE

Senator Swecker: "Well, Ellie and I have a history that pre-dates the legislature. She was the officer in charge of the office when I was an intern in cooperative education at Evergreen. I remember every letter that I wrote, I think, she'd type it up and then it'd get red marked with red pencil and it would come back to me. And for a year and a half I never sent a piece of correspondence out of that office without having an opportunity to correct my English. Because of that I'm a fairly good writer today and Ellie was the one that help make all that happen so I truly appreciate her, contribution to me and her contribution in my professional life. Thank you Ellie."

PERSONAL PRIVILEGE

Senator Haugen: "I also want to congratulate Ellie. I think everyone of us should have an Ellie in our office. I mean she has really been somebody that I have really admired. I think one of the things we need to make sure is that she trains our LAs how to handle people. She has a way of sort of telling those difficult constituents what alternatives they might have other than harassing us. In fact, I really think they ought to make her in charge of giving a class to our LAs so that she could teach them in such a way that they could do it in a very diplomatic way and send the message that I think a lot of us would like to send. I heard one tale about one time when somebody called and was complaining about the Post Office she said, 'Well sir, I think you could just go 'tp' the Post Office.' There was little that we could do but he maybe he could feel better about that. But she's an extraordinary person. She brightens everyone's day who happens to wander her way and you know I just really do think we are really blessed that she's a part of this process. Happy birthday, Ellie, look forward to next year."

PERSONAL PRIVILEGE

Senator McAuliffe: "I stand to wish Ellie a very happy birthday. She brings fun and life to the fourth floor and she makes sure that things are properly taking care of. So she does bathroom patrol, and refrigerator control, and she captures people who do things they shouldn't do. She makes sure that they know that, next time, they shouldn't be doing that. But we really love having you Ellie. It's been great. I know you're going to have a great cruise. I hope you take your birthday present that I gave you with you. It'll be very important."

PERSONAL PRIVILEGE

Senator Spanel: "Well, I too want to add my happy birthdays to Ellie and welcome to the Leg Building. I almost feel jealous that I'm not on the fourth floor. I'm down on the third floor and that, but the stories are great. I won't tell any that I heard but they're great. So maybe when people come up for, whether it's the morning event or the afternoon event or the evening event in your office, you'll tell, some more stories will be told. Happy birthday."

PERSONAL PRIVILEGE

Senator Fairley: "Well, I got here just in time to wish Ellie a happy birthday. I got to tell a story on her. She's so funny. She comes and she says 'You know what I did, Darlene. I saw somebody parked in the disabled stall and they ran in. They weren't disabled, so I put big garbage can right behind their tire. Boy.' She says, 'I do that all the time.' Then she tells me what she thinks about them and, oh my goodness, I've never used language like that, Ellie. You are one feisty eighty-year old lady. Happy birthday."

INTRODUCTION OF SPECIAL GUEST

The President Pro Tempore recognized Mrs. Ellie Dornan, Session Aide to Senator Fraser, who was seated in the gallery.

MOTION

On motion of Senator Rasmussen, the Senate refused to grant the request of the House for a conference on Substitute Senate Bill No. 5602 and asked the House to recede therefrom.

PARLIAMENTARY INQUIRY

Senator Zarelli: "Mr. President, I believe yesterday I was assigned to be involved on a conference concerning the operating budget. My inquiry is: Do the rules provide that if there's going to be meetings held concerning that item in which we're assigned as conferees that notice should be given to all members as well as the public. I believe there are meetings being held, I'm just not sure where there at at this time."

PARLIAMENTARY INQUIRY

Senator Eide: "Is it to my understanding that the rules do allow us to have an informal conference?"

REPLY BY THE PRESIDENT

President Owen: "Senator Eide, the rules do not allow for you to have an informal conference. Members certainly can get together to meet informally, if they want to. In answer to the inquiry by Senator Zarelli: If you're having an official conference committee meeting, yes, the public is to be notified as are all the members of the conference committee."

PARLIAMENTARY INQUIRY

Senator Zarelli: "Thank you Mr. President. I'd like to follow up on that to clarify. Then, if we're assigned to a conference and then any group or a portion of those members that are assigned to that conference from both bodies gathers, is there a quorum requirement that then notice would have be given to all conferees as well as the public?"

REPLY BY THE PRESIDENT

President Owen: "Senator Zarelli, the President would just basically reiterate that, if there's an official meeting of the committee, then notice must be given but nothing prohibits members from meeting informally if they choose to do so."

PARLIAMENTARY INQUIRY

Senator Zarelli: "Thank you Mr. President. I'm not real stupid but I'm just trying best to understand this. So, if all the conferees that were assigned gather together absent one of those conferees, then that's just a casual meeting? It's not an actual conference?"

REPLY BY THE PRESIDENT

President Owen: "Senator, it's up to the members to characterize the meetings."

MESSAGE FROM THE HOUSE

April 14, 2005

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5610, with the following amendment{s}:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 77.85.005 and 1999 sp.s. c 13 s 1 are each amended to read as follows:

The legislature finds that repeated attempts to improve salmonid fish runs throughout the state of Washington have failed to avert listings of salmon and steelhead runs as threatened or endangered under the federal endangered species act (16 U.S.C. Sec. 1531 et seq.). These listings threaten the sport, commercial, and tribal fishing industries as well as the economic well-being and vitality of vast areas of the state. It is the intent of the legislature to begin activities required for the recovery of salmon stocks as soon as possible, although the legislature understands that successful recovery efforts may not be realized for many years because of the life cycle of salmon and the complex array of natural and human-caused problems they face.

The legislature finds that it is in the interest of the citizens of the state of Washington for the state to retain primary responsibility for managing the natural resources of the state, rather than abdicate those responsibilities to the federal government, and that the state may best accomplish this objective by integrating local and regional recovery activities into a statewide (~~(plan)~~) strategy that can make the most effective use of provisions of federal laws allowing for a state lead in salmon recovery, delivered through implementation activities consistent with regional and watershed recovery plans. The legislature also finds that a statewide salmon recovery (~~(plan)~~) strategy must be developed and implemented through an active public involvement process in order to ensure public participation in, and support for, salmon recovery. The legislature also finds that there is a substantial link between the provisions of the federal endangered species act and the federal clean water act (33 U.S.C. Sec. 1251 et seq.). The legislature further finds that habitat restoration is a vital component of salmon recovery efforts. Therefore, it is the intent of the legislature to specifically address salmon habitat restoration in a coordinated manner and to develop a structure that allows for the coordinated delivery of federal, state, and local assistance to communities for habitat projects that will assist in the recovery and enhancement of salmon stocks. A strong watershed-based locally implemented plan is essential for local, regional, and statewide salmon recovery.

The legislature also finds that credible scientific review and oversight is essential for any salmon recovery effort to be successful.

The legislature further finds that it is important to monitor the overall health of the salmon resource to determine if recovery efforts are providing expected returns. It is important to monitor salmon habitat projects and salmon recovery activities to determine their effectiveness in order to secure federal acceptance of the state's approach to salmon recovery. Adaptive management cannot exist without monitoring. For these reasons, the legislature believes that a coordinated and integrated monitoring (~~(process)~~) system should be developed and implemented.

The legislature therefore finds that a coordinated framework for responding to the salmon crisis is needed immediately. To that end, the salmon recovery office should be created within the governor's office to provide overall coordination of the state's response; an independent science panel is needed to provide scientific review and oversight; a coordinated state funding process should be established through a salmon recovery funding board; the appropriate local or tribal government should provide local leadership in identifying and sequencing habitat projects to be funded by state agencies; habitat projects should be implemented without delay; and a strong locally based effort to restore salmon habitat should be established by providing a framework to allow citizen volunteers to work effectively.

Sec. 2. RCW 77.85.010 and 2002 c 210 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adaptive management" means reliance on scientific methods to test the results of actions taken so that the management and related policy can be changed promptly and appropriately.

(2) "Critical pathways methodology" means a project scheduling and management process for examining interactions between habitat projects and salmonid species, prioritizing habitat projects, and assuring positive benefits from habitat projects.

(3) "Habitat project list" is the list of projects resulting from the critical pathways methodology under RCW 77.85.060(2). Each project on the list must have a written agreement from the landowner on whose land the project will be implemented. Projects include habitat restoration projects, habitat protection projects, habitat projects that improve water quality, habitat projects that protect water quality, habitat-related mitigation projects, and habitat project maintenance and monitoring activities.

(4) "Habitat work schedule" means those projects from the habitat project list that will be implemented during the current funding cycle. The schedule shall also include a list of the entities and individuals implementing projects, the start date, duration, estimated date of completion, estimated cost, and funding sources for the projects.

(5) "Limiting factors" means conditions that limit the ability of habitat to fully sustain populations of salmon. These factors are primarily fish passage barriers and degraded estuarine areas, riparian corridors, stream channels, and wetlands.

(6) "Project sponsor" is a county, city, special district, tribal government, state agency, a combination of such governments through interlocal or interagency agreements, a nonprofit organization, regional fisheries enhancement group, or one or more private citizens. A project sponsored by a state agency may be funded by the board only if it is included on the habitat project list submitted by the lead entity for that area and the state agency has a local partner that would otherwise qualify as a project sponsor.

(7) "Regional recovery organization" or "regional salmon recovery organization" means an entity formed under RCW 77.85.090 for the purpose of recovering salmon, which is recognized in statute or by the salmon recovery office.

(8) "Salmon" includes all species of the family Salmonidae which are capable of self-sustaining, natural production.

~~((9))~~ (9) "Salmon recovery plan" means a state or regional plan developed in response to a proposed or actual listing under the federal endangered species act that addresses limiting factors including, but not limited to harvest, hatchery, hydropower, habitat, and other factors of decline.

~~((10))~~ (10) "Salmon recovery region" means geographic areas of the state identified or formed under RCW 77.85.090 that encompass groups of watersheds in the state with common stocks of salmon identified for recovery activities, and that generally are consistent with the geographic areas within the state identified by the national oceanic and atmospheric administration or the United States fish and wildlife service for activities under the federal endangered species act.

(11) "Tribe" or "tribes" means federally recognized Indian tribes.

~~((12))~~ (12) "WRIA" means a water resource inventory area established in chapter 173-500 WAC as it existed on January 1, 1997.

~~((13))~~ (13) "Owner" means the person holding title to the land or the person under contract with the owner to lease or manage the legal owner's property.

Sec. 3. RCW 77.85.020 and 1998 c 246 s 4 are each amended to read as follows:

~~((Beginning in))~~ (1) By December ((2000)) 1, 2006, the governor shall submit a ((biennial state of the salmon)) report to the legislature ((during the first week of December)) regarding the implementation of the state's salmon recovery strategy. The report may include the following:

~~((A))~~ (a) A description of the amount of in-kind and financial contributions, including volunteer, private, and state, federal, tribal as available, and local government money directly spent on salmon recovery in response to actual, proposed, or expected endangered species act listings;

~~((B))~~ (b) A summary of habitat projects including but not limited to:

~~((i))~~ (i) A summary of accomplishments in removing barriers to salmon passage and an identification of existing barriers;

~~((ii))~~ (ii) A summary of salmon restoration efforts undertaken in the past two years;

~~((iii))~~ (iii) A summary of the role which private volunteer initiatives contribute in salmon habitat restoration efforts; and

~~((iv))~~ (iv) A summary of efforts taken to protect salmon habitat;

~~((v))~~ (v) A summary of collaborative efforts undertaken with adjoining states or Canada;

~~((vi))~~ (vi) A summary of harvest and hatchery management activities affecting salmon recovery;

~~((vii))~~ (vii) A summary of information regarding impediments to successful salmon recovery efforts;

Sec. 4. RCW 77.85.030 and 2000 c 107 s 93 are each amended to read as follows:

(1) The salmon recovery office is created within the office of the governor to coordinate state strategy to allow for salmon recovery to healthy sustainable population levels with productive commercial and recreational fisheries. The primary purpose of the office is to coordinate and assist in the development of regional salmon recovery plans ~~((for evolutionarily significant units, and submit those plans to the appropriate tribal governments and federal agencies))~~ as an integral part of a statewide strategy developed consistent with the guiding principles and procedures under RCW 77.85.150. The governor's salmon recovery office ~~((may also:~~

~~((shall~~ shall assist regional recovery organizations in submitting plans to the federal fish services for adoption as federal recovery plans. The governor's salmon recovery office may also:

(b) Act as liaison to local governments, the state congressional delegation, the United States congress, federally recognized tribes, and the federal executive branch agencies for issues related to the state's ((endangered species act)) salmon recovery plans; and

((b)) (c) Provide ((the biennial state of the salmon report to the legislature)) periodic reports pursuant to RCW 77.85.020.

(2) This section expires June 30, ~~((2006))~~ 2007.

Sec. 5. RCW 77.85.040 and 2000 c 107 s 94 are each amended to read as follows:

(1) The governor shall request the national academy of sciences, the American fisheries society, or a comparable institution to screen candidates to serve as members on the independent science panel. The institution that conducts the screening of the candidates shall submit a list of the nine most qualified candidates to the governor, the speaker of the house of representatives, and the majority leader of the senate. The candidates shall reflect expertise in habitat requirements of salmon, protection and restoration of salmon populations, artificial propagation of salmon, hydrology, or geomorphology.

(2) The speaker of the house of representatives and the majority leader in the senate may each remove one name from the nomination list. The governor shall consult with tribal representatives and the governor shall appoint five scientists from the remaining names on the nomination list.

(3) The members of the independent science panel shall serve four-year terms. Vacant positions on the panel shall be filled in the same manner as the original appointments. Members shall serve no more than two full terms. The independent science panel members shall elect the chair of the panel among themselves every two years. Based upon available funding, the governor's salmon recovery office may contract for services with members of the independent science panel for compensation under chapter 39.29 RCW.

(4) The independent science panel shall be governed by generally accepted guidelines and practices governing the activities of independent science boards such as the national academy of sciences. The purpose of the independent science panel is to help ensure that sound science is used in salmon recovery efforts. The governor's salmon recovery office ~~((shall))~~ may request review of regional salmon recovery plans by the science review panel. The science panel does not have the authority to review individual projects or habitat project lists developed under RCW 77.85.050(~~(,)~~) or 77.85.060(~~(, and 75.46.080))~~) or to make policy decisions. The panel shall periodically submit its findings and recommendations under this subsection to the legislature and the governor.

~~((5) The independent science panel, in conjunction with the technical review team, shall recommend standardized monitoring indicators and data quality guidelines for use by entities involved in habitat projects and salmon recovery activities across the state.~~

~~(6) The independent science panel, in conjunction with the technical review team, shall also recommend criteria for the systematic and periodic evaluation of monitoring data in order for the state to be able to answer critical questions about the effectiveness of the state's salmon recovery efforts.~~

~~(7) The recommendations on monitoring as required in this section shall be provided in a report to the governor and to the legislature by the independent science panel, in conjunction with the salmon recovery office, no later than December 31, 2000. The report shall also include recommendations on the level of effort needed to sustain monitoring of salmon projects and other recovery efforts, and any other recommendations on monitoring deemed important by the independent science panel and the technical review team. The report may be included in the biennial state of the salmon report required under RCW 77.85.020.)~~

Sec. 6. RCW 77.85.050 and 1999 sp.s. c 13 s 11 are each amended to read as follows:

(1)(a) Counties, cities, and tribal governments must jointly designate, by resolution or by letters of support, the area for which a habitat project list is to be developed and the lead entity that is to be responsible for submitting the habitat project list. No project included on a habitat project list shall be considered mandatory in nature and no private landowner may be forced or coerced into participation in any respect. The lead entity may be a county, city, conservation district, special district, tribal government, regional recovery organization, or other entity.

(b) The lead entity shall establish a committee that consists of representative interests of counties, cities, conservation districts, tribes, environmental groups, business interests, landowners, citizens, volunteer groups, regional fish enhancement groups, and other habitat interests. The purpose of the committee is to provide a citizen-based evaluation of the projects proposed to promote salmon habitat. ~~((The technical review team may provide the lead entity with organizational models that may be used in establishing the committees.))~~

(c) The committee shall compile a list of habitat projects, establish priorities for individual projects, define the sequence for project implementation, and submit these activities as the habitat project list. The committee shall also identify potential federal, state, local, and private funding sources.

(2) The area covered by the habitat project list must be based, at a minimum, on a WRIA, combination of WRIs, or any other area as agreed to by the counties, cities, and tribes in resolutions or in letters of support meeting the requirements of this subsection. Preference will be given to projects in an area that contain a salmon species that is listed or proposed for listing under the federal endangered species act.

(3) The lead entity shall submit the habitat project list to the ~~((technical review team))~~ board in accordance with procedures adopted by the board.

Sec. 7. RCW 77.85.090 and 2000 c 107 s 99 are each amended to read as follows:

(1) The southwest Washington salmon recovery region, whose boundaries are provided in chapter 60, Laws of 1998, is created.

(2) Lead entities within a salmon recovery region that agree to form a regional salmon recovery organization may be recognized by the salmon recovery office as a regional recovery organization. The regional recovery organization may plan, coordinate, and monitor the implementation of a regional recovery plan.

Sec. 8. RCW 77.85.130 and 2000 c 107 s 102 and 2000 c 15 s 1 are each reenacted and amended to read as follows:

(1) The salmon recovery funding board shall develop procedures and criteria for allocation of funds for salmon habitat projects and salmon recovery activities on a statewide basis to address the highest priorities for salmon habitat protection and restoration. To the extent practicable the board shall adopt an annual allocation of funding. The allocation should address both protection and restoration of habitat, and should recognize the varying needs in each area of the state on an equitable basis. The board has the discretion to partially fund, or to fund in phases, salmon habitat projects. The board may annually establish a maximum amount of funding available for any individual project, subject to available funding. No projects required solely as a mitigation or a condition of permitting are eligible for funding.

(2)(a) In evaluating, ranking, and awarding funds for projects and activities the board shall give preference to projects that:

(i) Are based upon the limiting factors analysis identified under RCW 77.85.060;

(ii) Provide a greater benefit to salmon recovery based upon the stock status information contained in the department of fish and wildlife salmonid stock inventory (SASSI), the salmon and steelhead habitat inventory and assessment project (SSHIAP), and any comparable science-based assessment when available;

(iii) Will benefit listed species and other fish species; ~~((and))~~

(iv) Will preserve high quality salmonid habitat; and

(v) Are included in a regional or watershed-based salmon recovery plan that accords the project, action, or area a high priority for funding.

(b) In evaluating, ranking, and awarding funds for projects and activities the board shall also give consideration to projects that:

(i) Are the most cost-effective;

(ii) Have the greatest matched or in-kind funding; ~~((and))~~

(iii) Will be implemented by a sponsor with a successful record of project implementation; and

(iv) Are part of a regionwide list developed by lead entities.

(3) The board may reject, but not add, projects from a habitat project list submitted by a lead entity for funding.

~~(4) ((For fiscal year 2000, the board may authorize the interagency review team to evaluate, rank, and make funding decisions for categories of projects or activities or from funding sources provided for categories of projects or activities. In delegating such authority the board shall consider the review team's staff resources, procedures, and technical capacity to meet the purposes and objectives of this chapter. The board shall maintain general oversight of the team's exercise of such authority.~~

~~(5) The board shall seek the guidance of the technical review team to ensure that scientific principles and information are incorporated into the allocation standards and into proposed projects and activities. If the technical review team determines that a habitat project list complies with the critical pathways methodology under RCW 77.85.060, it shall provide substantial weight to the list's project priorities when making determinations among applications for funding of projects within the area covered by the list.~~

~~(6))~~ The board shall establish criteria for determining when block grants may be made to a lead entity ~~((or other recognized regional recovery entity consistent with one or more habitat project lists developed for that region. Where a lead entity has been established pursuant to RCW 77.85.050.))~~. The board may provide block grants to the lead entity to ~~((assist in carrying out lead entity functions under this chapter.))~~ implement habitat project lists developed under RCW 77.85.050, subject to available funding. The board shall determine an equitable minimum amount of project funds for each recovery region, and shall distribute the remainder of funds on a competitive basis. The board may also provide block grants to the lead entity or regional recovery organization to assist in carrying out functions described under this chapter. Block grants must be expended consistent with the priorities established for the board in subsection (2) of this section. Lead entities or regional recovery organizations receiving block grants under this subsection shall provide an annual report to the board summarizing how funds were expended for activities consistent with this chapter, including the types of projects funded, project outcomes, monitoring results, and administrative costs.

~~((7))~~ (5) The board may waive or modify portions of the allocation procedures and standards adopted under this section in the award of grants or loans to conform to legislative appropriations directing an alternative award procedure or when the funds to be awarded are from federal or other sources requiring other allocation procedures or standards as a condition of the board's receipt of the funds. The board shall develop an integrated process to manage the allocation of funding from federal and state sources to minimize delays in the award of funding while recognizing the differences in state and legislative appropriation timing.

~~((8))~~ (6) The board may award a grant or loan for a salmon recovery project on private or public land when the landowner has a legal obligation under local, state, or federal law to perform the project, when expedited action provides a clear benefit to salmon recovery, and there will be harm to salmon recovery if the project is delayed. For purposes of this subsection, a legal obligation does not include a project required solely as a mitigation or a condition of permitting.

~~((9))~~ (7) The board may condition a grant or loan to include the requirement that property may only be transferred to a federal agency if the agency that will acquire the property agrees to comply with all terms of the grant or loan to which the

project sponsor was obligated. Property acquired or improved by a project sponsor may be conveyed to a federal agency, but only if the agency agrees to comply with all terms of the grant or loan to which the project sponsor was obligated.

Sec. 9. RCW 77.85.150 and 1999 sp.s. c 13 s 9 are each amended to read as follows:

(1) ~~((By September 1, 1999,))~~ The governor, with the assistance of the salmon recovery office, shall ~~((submit a statewide salmon recovery strategy to the appropriate federal agencies administering the federal endangered species act))~~ maintain and revise a statewide salmon recovery strategy.

(2) The governor and the salmon recovery office shall be guided by the following considerations in ~~((developing))~~ maintaining and revising the strategy:

(a) The strategy should identify statewide initiatives and responsibilities with regional recovery plans and local watershed initiatives as the principal ~~((mechanism))~~ means for implementing the strategy;

(b) The strategy should emphasize collaborative, incentive-based approaches;

(c) The strategy should address all factors limiting the recovery of Washington's listed salmon stocks, including habitat and water quality degradation, harvest and hatchery management, inadequate streamflows, and other barriers to fish passage. Where other limiting factors are beyond the state's jurisdictional authorities to respond to, such as some natural predators and high seas fishing, the strategy shall include the state's requests for federal action to effectively address these factors;

(d) The strategy should identify immediate actions necessary to prevent extinction of a listed salmon stock, establish performance measures to determine if restoration efforts are working, recommend effective monitoring and data management, and recommend to the legislature clear and certain measures to be implemented if performance goals are not met;

(e) The strategy shall rely on the best scientific information available and provide for incorporation of new information as it is obtained;

(f) The strategy should seek a fair allocation of the burdens and costs upon economic and social sectors of the state whose activities may contribute to limiting the recovery of salmon; and

(g) The strategy should seek clear measures and procedures from the appropriate federal agencies for removing Washington's salmon stocks from listing under the federal act.

(3) Beginning on September 1, 2000, the strategy shall be updated through an active public involvement process, including early and meaningful opportunity for public comment. In obtaining public comment, the salmon recovery office shall hold public meetings throughout the state and shall encourage regional and local recovery planning efforts to similarly ensure an active public involvement process.

(4) This section shall apply prospectively only and not retroactively. Nothing in this section shall be construed to invalidate actions taken in recovery planning at the local, regional, or state level prior to July 1, 1999.

NEW SECTION. Sec. 10. The following acts or parts of acts are each repealed:

(1) RCW 77.85.070 (Technical advisory groups) and 2000 c 107 s 97 & 1998 c 246 s 10; and

(2) RCW 77.85.210 (Monitoring activities--Monitoring oversight committee--Legislative steering committee--Report to the legislature--Monitoring strategy and action plan) and 2001 c 298 s 3."

REPORT OF THE CONFERENCE REPORT
Engrossed Second Substitute Senate Bill No. 5763
April 20, 2005

MR. PRESIDENT:

MR. SPEAKER:

We of your conference committee, to whom was referred Engrossed Second Substitute Senate Bill No. 5763, have had the same under consideration and recommend that all previous amendments not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

**"PART I
GENERAL PROVISIONS**

NEW SECTION. Sec. 101. The legislature finds that persons with mental disorders, chemical dependency disorders, or co-occurring mental and substance abuse disorders are disproportionately more likely to be confined in a correctional institution, become homeless, become involved with child protective services or involved in a dependency proceeding, or lose those state and federal benefits to which they may be entitled as a result of their disorders. The legislature finds that prior state policy of addressing mental health and chemical dependency in isolation from each other has not been cost-effective and has often resulted in longer-term, more costly treatment that may be less effective over time. The legislature finds that a substantial number of persons have co-occurring mental and substance abuse disorders and that identification and integrated treatment of co-occurring disorders is critical to successful outcomes and recovery. Consequently, the legislature intends, to the extent of available funding, to:

- (1) Establish a process for determining which persons with mental disorders and substance abuse disorders have co-occurring disorders;
- (2) Reduce the gap between available chemical dependency treatment and the documented need for treatment;
- (3) Improve treatment outcomes by shifting treatment, where possible, to evidence-based, research-based, and consensus-based treatment practices and by removing barriers to the use of those practices;
- (4) Expand the authority for and use of therapeutic courts including drug courts, mental health courts, and therapeutic courts for dependency proceedings;
- (5) Improve access to treatment for persons who are not enrolled in medicaid by improving and creating consistency in the application processes, and by minimizing the numbers of eligible confined persons who leave confinement without medical assistance;
- (6) Improve access to inpatient treatment by creating expanded services facilities for persons needing intensive treatment in a secure setting who do not need inpatient care, but are unable to access treatment under current licensing restrictions in other settings;
- (7) Establish secure detoxification centers for persons involuntarily detained as gravely disabled or presenting a likelihood of serious harm due to chemical dependency and authorize combined crisis responders for both mental disorders and chemical dependency disorders on a pilot basis and study the outcomes;
- (8) Slow or stop the loss of inpatient and intensive residential beds and children's long-term inpatient placements and refine the balance of state hospital and community inpatient and residential beds;
- (9) Improve cross-system collaboration including collaboration with first responders and hospital emergency rooms, schools, primary care, developmental disabilities, law enforcement and corrections, and federally funded and licensed programs;
- (10) Following the receipt of outcomes from the pilot programs in Part II of this act, if directed by future legislative enactment, implement a single, comprehensive, involuntary treatment act with a unified set of standards, rights, obligations, and procedures for adults and children with mental disorders, chemical dependency disorders, and co-occurring disorders; and
- (11) Amend existing state law to address organizational and structural barriers to effective use of state funds for treating persons with mental and substance abuse disorders, minimize internal inconsistencies, clarify policy and requirements, and maximize the opportunity for effective and cost-effective outcomes.

NEW SECTION. Sec. 102. (1) The department of social and health services shall explore and report to the appropriate committees of the legislature by December 1, 2005, on the feasibility, costs, benefits, and time frame to access federal medicaid funds for mental health and substance abuse treatment under the following provisions:

(a) The optional clinic provisions;
(b) Children's mental health treatment or co-occurring disorders treatment under the early periodic screening, diagnosis, and treatment provisions.

(2) The department shall provide the appropriate committees of the legislature with a clear and concise explanation of the reasons for reducing state hospital capacity and the differences in costs and benefits of treatment in state and community hospital treatment.

(3) The department may not reduce the capacity of either state hospital until at least an equal number of skilled nursing, residential, expanded services facility, or supported housing placements are available in the community to the persons displaced by the capacity reduction.

Mental Health Treatment

NEW SECTION. Sec. 103. A new section is added to chapter 71.05 RCW to read as follows:

(1) The secretary, after consulting with the Washington state association of counties, shall select and contract with regional support networks or counties to provide two integrated crisis response and involuntary treatment pilot programs for adults and shall allocate resources for both integrated services and secure detoxification services in the pilot areas. In selecting the two regional support networks or counties, the secretary shall endeavor to site one in an urban and one in a rural regional support network or county; and to site them in counties other than those selected pursuant to section 220 of this act, to the extent necessary to facilitate evaluation of pilot project results.

(2) The regional support networks or counties shall implement the pilot programs by providing integrated crisis response and involuntary treatment to persons with a chemical dependency, a mental disorder, or both, consistent with this chapter. The pilot programs shall:

(a) Combine the crisis responder functions of a designated mental health professional under chapter 71.05 RCW and a designated chemical dependency specialist under chapter 70.96A RCW by establishing a new designated crisis responder who is authorized to conduct investigations and detain persons up to seventy-two hours to the proper facility;

(4) Person who had an approved waiver to perform the duties of a mental health professional that was requested by the regional support network and granted by the department before July 1, 2001; or

(5) Person who has been granted a time-limited exception of the minimum requirements of a mental health professional by the department consistent with rules adopted by the secretary.

NEW SECTION. Sec. 205. In addition to the provisions of this chapter, a designated crisis responder has all the powers and duties of a designated mental health professional as well as the powers and duties of a designated chemical dependency specialist under RCW 70.96A.120.

NEW SECTION. Sec. 206. (1)(a) When a designated crisis responder receives information alleging that a person, as a result of a mental disorder, chemical dependency disorder, or both, presents a likelihood of serious harm or is gravely disabled, the designated crisis responder may, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of any person providing information to initiate detention, if satisfied that the allegations are true and that the person will not voluntarily seek appropriate treatment, file a petition for initial detention. Before filing the petition, the designated crisis responder must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at either an evaluation and treatment facility, a detoxification facility, or other certified chemical dependency provider.

(b)(i)(A) Whenever it appears, by petition for initial detention, to the satisfaction of a judge of the superior court that a person presents as a result of a mental disorder, a likelihood of serious harm, or is gravely disabled, and that the person has refused or failed to accept appropriate evaluation and treatment voluntarily, the judge may issue an order requiring the person to

appear within twenty-four hours after service of the order at a designated evaluation and treatment facility for not more than a seventy-two hour evaluation and treatment period; or

(B) Whenever it appears, by petition for initial detention, to the satisfaction of a judge of the superior court, district court, or other court permitted by court rule, that a person presents as a result of a chemical dependency, a likelihood of serious harm, or is gravely disabled, and that the person has refused or failed to accept appropriate evaluation and treatment voluntarily, the judge may issue an order requiring the person to appear within twenty-four hours after service of the order at a secure detoxification facility or other certified chemical dependency provider for not more than a seventy-two hour evaluation and treatment period.

(ii) The order issued under this subsection (1)(b) shall state the address of the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider to which the person is to report; whether the required seventy-two hour evaluation and treatment services may be delivered on an outpatient or inpatient basis; and that if the person named in the order fails to appear at the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider at or before the date and time stated in the order, the person may be involuntarily taken into custody for evaluation and treatment. The order shall also designate retained counsel or, if counsel is appointed from a list provided by the court, the name, business address, and telephone number of the attorney appointed to represent the person.

(c) The designated crisis responder shall then serve or cause to be served on such person, his or her guardian, and conservator, if any, a copy of the order to appear, together with a notice of rights and a petition for initial detention. After service on the person, the designated crisis responder shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility or secure detoxification facility and the designated attorney. The designated crisis responder shall notify the court and the prosecuting attorney that a probable cause hearing will be held within seventy-two hours of the date and time of outpatient evaluation or admission to the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider. The person shall be permitted to remain in his or her home or other place of his or her choosing before the time of evaluation and shall be permitted to be accompanied by one or more of his or her relatives, friends, an attorney, a personal physician, or other professional or religious advisor to the place of evaluation. An attorney accompanying the person to the place of evaluation shall be permitted to be present during the admission evaluation. Any other person accompanying the person may be present during the admission evaluation. The facility may exclude the person if his or her presence would present a safety risk, delay the proceedings, or otherwise interfere with the evaluation.

(d) If the person ordered to appear does appear on or before the date and time specified, the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider may admit the person as required by subsection (3) of this section or may provide treatment on an outpatient basis. If the person ordered to appear fails to appear on or before the date and time specified, the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider shall immediately notify the designated crisis responder who may notify a peace officer to take the person or cause the person to be taken into custody and placed in an evaluation and treatment facility, a secure detoxification facility, or other certified chemical dependency provider. Should the designated crisis responder notify a peace officer authorizing the officer to take a person into custody under this subsection, the designated crisis responder shall file with the court a copy of the authorization and a notice of detention. At the time the person is taken into custody there shall commence to be served on the person, his or her guardian, and conservator, if any, a copy of the original order together with a notice of detention, a notice of rights, and a petition for initial detention.

(2) If a designated crisis responder receives information alleging that a person, as the result of:

(a) A mental disorder, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take the person, or cause by oral or written order the person to be taken into emergency custody in an evaluation and treatment facility for not more than seventy-two hours as described in this chapter; or

(b) Chemical dependency, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take the person, or cause by oral or written order the person to be taken into emergency custody in a secure detoxification facility for not more than seventy-two hours as described in this chapter.

(3) If the designated crisis responder petitions for detention of a person whose actions constitute a likelihood of serious harm, or who is gravely disabled, the evaluation and treatment facility, the secure detoxification facility, or other certified chemical dependency provider providing seventy-two hour evaluation and treatment must immediately accept on a provisional basis the petition and the person. The evaluation and treatment facility, the secure detoxification facility, or other certified chemical dependency provider shall then evaluate the person's condition and admit, detain, transfer, or discharge such person in

accordance with this chapter. The facility shall notify in writing the court and the designated crisis responder of the date and time of the initial detention of each person involuntarily detained so that a probable cause hearing will be held no later than seventy-two hours after detention.

(4) A peace officer may, without prior notice of the proceedings provided for in subsection (1) of this section, take or cause the person to be taken into custody and immediately delivered to an evaluation and treatment facility, secure detoxification facility, other certified chemical dependency treatment provider only pursuant to subsections (1)(d) and (2) of this section.

(5) Nothing in this chapter limits the power of a peace officer to take a person into custody and immediately deliver the person to the emergency department of a local hospital or to a detoxification facility.

NEW SECTION. Sec. 207. (1) A person or public or private entity employing a person is not civilly or criminally liable for performing duties under this chapter if the duties were performed in good faith and without gross negligence.

(2) This section does not relieve a person from giving the required notices under RCW 71.05.330(2) or 71.05.340(1)(b), or the duty to warn or to take reasonable precautions to provide protection from violent behavior where the patient has communicated an actual threat of physical violence against a reasonably identifiable victim or victims. The duty to warn or to take reasonable precautions to provide protection from violent behavior is discharged if reasonable efforts are made to communicate the threat to the victim or victims and to law enforcement personnel.

NEW SECTION. Sec. 208. If the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider admits the person, it may detain the person for evaluation and treatment for a period not to exceed seventy-two hours from the time of acceptance. The computation of the seventy-two hour period excludes Saturdays, Sundays, and holidays.

NEW SECTION. Sec. 209. Whenever any person is detained for evaluation and treatment for a mental disorder under section 206 of this act, chapter 71.05 RCW applies.

NEW SECTION. Sec. 210. (1) A person detained for seventy-two hour evaluation and treatment under section 206 of this act or RCW 70.96A.120 may be detained for not more than fourteen additional days of involuntary chemical dependency treatment if there are beds available at the secure detoxification facility and the following conditions are met:

(a) The professional person in charge of the agency or facility or the person's designee providing evaluation and treatment services in a secure detoxification facility has assessed the person's condition and finds that the condition is caused by chemical dependency and either results in a likelihood of serious harm or in the detained person being gravely disabled, and the professional person or his or her designee is prepared to testify those conditions are met;

(b) The person has been advised of the need for voluntary treatment and the professional person in charge of the agency or facility or his or her designee has evidence that he or she has not in good faith volunteered for treatment; and

(c) The professional person in charge of the agency or facility or the person's designee has filed a petition for fourteen-day involuntary detention with the superior court, district court, or other court permitted by court rule. The petition must be signed by the chemical dependency professional who has examined the person.

(2) The petition under subsection (1)(c) of this section shall be accompanied by a certificate of a licensed physician who has examined the person, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the licensed physician's findings in support of the allegations of the petition. A physician employed by the petitioning program or the department is eligible to be the certifying physician.

(3) The petition shall state facts that support the finding that the person, as a result of chemical dependency, presents a likelihood of serious harm or is gravely disabled, and that there are no less restrictive alternatives to detention in the best interest of the person or others. The petition shall state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate.

(4) A copy of the petition shall be served on the detained person, his or her attorney, and his or her guardian or conservator, if any, before the probable cause hearing.

(5)(a) The court shall inform the person whose commitment is sought of his or her right to contest the petition, be represented by counsel at every stage of any proceedings relating to his or her commitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment is sought shall be informed of his or her right to be examined by a licensed physician of his or her choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall appoint a reasonably available licensed physician designated by the person.

(b) At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that the person, as the result of chemical dependency, presents a likelihood of serious harm or is gravely disabled and, after considering

less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interest of such person or others, the court shall order that the person be detained for involuntary chemical dependency treatment not to exceed fourteen days in a secure detoxification facility.

NEW SECTION. Sec. 211. If a person is detained for additional treatment beyond fourteen days under section 210 of this act, the professional staff of the agency or facility may petition for additional treatment under RCW 70.96A.140.

NEW SECTION. Sec. 212. The prosecuting attorney of the county in which an action under this chapter is taken must represent the petitioner in judicial proceedings under this chapter for the involuntary chemical dependency treatment of a person, including any judicial proceeding where the person sought to be treated for chemical dependency challenges the action.

PART IV RESOURCES

NEW SECTION. Sec. 401. Sections 402 through 425 of this act constitute a new chapter in Title 70 RCW.

NEW SECTION. Sec. 402. The legislature finds that there are persons with mental disorders, including organic or traumatic brain disorders, and combinations of mental disorders with other medical conditions or behavior histories that result in behavioral and security issues that make these persons ineligible for, or unsuccessful in, existing types of licensed facilities, including adult residential rehabilitation centers, boarding homes, adult family homes, group homes, and skilled nursing facilities. The legislature also finds that many of these persons have been treated on repeated occasions in inappropriate acute care facilities and released without an appropriate placement or have been treated or detained for extended periods in inappropriate settings including state hospitals and correctional facilities. The legislature further finds that some of these persons present complex safety and treatment issues that require security measures that cannot be instituted under most facility licenses or supported housing programs. These include the ability to detain persons under involuntary treatment orders or administer court ordered medications.

Consequently, the legislature intends, to the extent of available funds, to establish a new type of facility licensed by the department of social and health services as an enhanced services facility with standards that will provide a safe, secure treatment environment for a limited population of persons who are not appropriately served in other facilities or programs. The legislature also finds that enhanced services facilities may need to specialize in order to effectively care for a particular segment of the identified population.

An enhanced services facility may only serve individuals that meet the criteria specified in section 405 of this act.

NEW SECTION. Sec. 403. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

The plan shall be updated as necessary, and shall include a plan for appropriate transfer or discharge and reintegration into the community. Where the person is under the supervision of the department of corrections, the facility shall collaborate with the department of corrections to maximize treatment outcomes and reduce the likelihood of reoffense.

(3) The plan shall maximize the opportunities for independence, recovery, employment, the resident's participation in treatment decisions, and collaboration with peer-supported services, and provide for care and treatment in the least restrictive manner appropriate to the individual resident, and, where relevant, to any court orders with which the resident must comply.

(2) Where an enhanced services facility specializes in medically fragile persons with mental disorders, the on-site staff must include at least one licensed nurse twenty-four hours per day. The nurse must be a registered nurse for at least sixteen hours per day. If the nurse is not a registered nurse, a registered nurse or a doctor must be on-call during the remaining eight hours.

(3) Any employee or other individual who will have unsupervised access to vulnerable adults must successfully pass a background inquiry check.

(4) Enhanced services facilities shall maintain a grievance procedure that meets the requirements of rules established by the department.

(5) No facility shall discriminate or retaliate in any manner against a resident or employee because the resident, employee, or any other person made a complaint or provided information to the department, the long-term care ombudsman, Washington protection and advocacy system, or a mental health ombudsperson.

(6) Each enhanced services facility will post in a prominent place in a common area a notice by the Washington protection and advocacy system providing contact information.

NEW SECTION. Sec. 413. (1) In any case in which the department finds that a licensee of a facility, or any partner, officer, director, owner of five percent or more of the assets of the facility, or managing employee failed or refused to comply with the requirements of this chapter or the rules established under them, the department may take any or all of the following actions:

- (a) Suspend, revoke, or refuse to issue or renew a license;
- (b) Order stop placement; or
- (c) Assess civil monetary penalties.

(2) The department may suspend, revoke, or refuse to renew a license, assess civil monetary penalties, or both, in any case in which it finds that the licensee of a facility, or any partner, officer, director, owner of five percent or more of the assets of the facility, or managing employee:

(3)(a) Civil penalties collected under this chapter shall be deposited into a special fund administered by the department.

(b) Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day the facility is or was out of compliance. Civil monetary penalties shall not exceed three thousand dollars per day. Each day upon which the same or a substantially similar action occurs is a separate violation subject to the assessment of a separate penalty.

(4) The department may use the civil penalty monetary fund for the protection of the health or property of residents of facilities found to be deficient including:

- (a) Payment for the cost of relocation of residents to other facilities;
- (b) Payment to maintain operation of a facility pending correction of deficiencies or closure; and
- (c) Reimbursement of a resident for personal funds or property loss.

- (i) The facility no longer substantially meets the requirements of this chapter; and
- (ii) The deficiency or deficiencies in the facility:
 - (A) Jeopardizes the health and safety of the residents; or
 - (B) Seriously limits the facility's capacity to provide adequate care.

(b) When the department has ordered a stop placement, the department may approve a readmission to the facility from a hospital, residential treatment facility, or crisis intervention facility when the department determines the readmission would be in the best interest of the individual seeking readmission.

(6) If the department determines that an emergency exists and resident health and safety is immediately jeopardized as a result of a facility's failure or refusal to comply with this chapter, the department may summarily suspend the facility's license and order the immediate closure of the facility, or the immediate transfer of residents, or both.

NEW SECTION. Sec. 423. (1) Standards for fire protection and the enforcement thereof, with respect to all facilities licensed under this chapter, are the responsibility of the chief of the Washington state patrol, through the director of fire protection, who must adopt recognized standards as applicable to facilities for the protection of life against the cause and spread of fire and fire hazards. If the facility to be licensed meets with the approval of the chief of the Washington state patrol, through the director of fire protection, the director of fire protection must submit to the department a written report approving the facility with respect to fire protection before a full license can be issued. The chief of the Washington state patrol, through the director of fire protection, shall conduct an unannounced full inspection of facilities at least once every eighteen months. The court shall hold a hearing to consider the decision of the ~~((county))~~ designated mental health professional not later than the next judicial day. At the hearing the superior court shall review the determination of the ~~((county))~~ designated mental health professional and determine whether an order should be entered requiring the person to be evaluated at an

The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the petitioner. The person shall be present at such proceeding, which shall in all respects accord with the constitutional guarantees of due process of law and the rules of evidence pursuant to RCW ((71.05.250)) 71.05.360 (8) and (9).

During the proceeding the person named in the petition shall continue to be detained and treated until released by order of the court. If no order has been made within thirty days after the filing of the petition, not including any extensions of time requested by the detained person or his or her attorney, the detained person shall be released.

(3) If a ((county)) designated mental health professional or the professional person and prosecuting attorney for the county in which the criminal charge was dismissed or attorney general, as appropriate, stipulate that the individual does not present a likelihood of serious harm or is not gravely disabled, the hearing under this section is not required and the individual, if in custody, shall be released.

(4) The individual shall have the rights specified in RCW ((71.05.250)) 71.05.360 (8) and (9).

(c) After July 1, 2003, the department may allocate up to two percent of total funds to be distributed to the regional support networks for incentive payments to reward the achievement of superior outcomes, or significantly improved outcomes, as measured by a statewide performance measurement system consistent with the framework recommended in the joint legislative audit and review committee's performance audit of the mental health system. The department shall annually report to the legislature on its criteria and allocation of the incentives provided under this subsection.

(14) The secretary shall assume all duties assigned to the nonparticipating counties under chapters 71.05, 71.34, and 71.24 RCW. Such responsibilities shall include those which would have been assigned to the nonparticipating counties under regional support networks.

The regional support networks, or the secretary's assumption of all responsibilities under chapters 71.05, 71.34, and 71.24 RCW, shall be included in all state and federal plans affecting the state mental health program including at least those required by this chapter, the medicaid program, and P.L. 99-660. Nothing in these plans shall be inconsistent with the intent and requirements of this chapter.

(15) The secretary shall:

(a) Disburse funds for the regional support networks within sixty days of approval of the biennial contract. The department must either approve or reject the biennial contract within sixty days of receipt.

(b) Enter into biennial contracts with regional support networks. The contracts shall be consistent with available resources. No contract shall be approved that does not include progress toward meeting the goals of this chapter by taking responsibility for: (i) Short-term commitments; (ii) residential care; and (iii) emergency response systems.

(c) Allocate one hundred percent of available resources to the regional support networks in accordance with subsection (13) of this section. Incentive payments authorized under subsection (13) of this section may be allocated separately from other available resources.

(d) Notify regional support networks of their allocation of available resources at least sixty days prior to the start of a new biennial contract period.

(e) Deny funding allocations to regional support networks based solely upon formal findings of noncompliance with the terms of the regional support network's contract with the department. Written notice and at least thirty days for corrective action must precede any such action. In such cases, regional support networks shall have full rights to appeal under chapter 34.05 RCW.

(16) The department, in cooperation with the state congressional delegation, shall actively seek waivers of federal requirements and such modifications of federal regulations as are necessary to allow federal medicaid reimbursement for services provided by free-standing evaluation and treatment facilities certified under chapter 71.05 RCW. The department shall periodically report its efforts to the appropriate committees of the senate and the house of representatives.

An Act relating to house-banked social card game provisions.

MOTIONS

On motion of Senator Prentice, Substitute Senate Bill No. 5287 was substituted for Senate Bill No. 5287 and the substitute bill was placed on the second reading and read the second time.

Senator Zarelli moved that the following striking amendment by Senators Prentice and Zarelli be adopted:
Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 9.46.295 and 1974 ex.s. c 155 s 6 are each amended to read as follows:

(1) Any license to engage in any of the gambling activities authorized by this chapter ((as now exists or as hereafter amended)), and issued under the authority thereof shall be legal authority to engage in the gambling activities for which issued throughout the incorporated and unincorporated area of any county, except that:

(a) The commission shall neither issue nor renew any license to engage in a house-banked card game except in a location specified in a license to conduct a house-banked card game approved pursuant to subsection (4) of this section, or that, as of March 10, 2005:

(i) Is approved by the commission, is in effect, and is not subsequently a license at issue in an application for relocation submitted pursuant to subsection (4) of this section; or

(ii) Has been submitted to and has not subsequently been denied by the commission;

(b) A licensee authorized to engage in house-banked card games pursuant to a license described in (a) of this subsection may continue to engage only in gambling activity authorized under the license unless, on the renewal date of the license, the city, town, city-county, or county with jurisdiction over the location identified in the license has in effect an ordinance, resolution, or other legislative act adopted pursuant to (c) of this subsection prohibiting such gambling activity; and

(c) A city located therein with respect to that city, or a county with respect to all areas within that county except for such cities, may absolutely prohibit((, but may not change the scope of license,)) any or all of the gambling activities for which the license was issued.

(2) Nothing in this section authorizes any city, town, city-county, or county to adopt or enforce any ordinance, resolution, or other legislative act changing or purporting to change any provision within the scope of a license issued under this chapter.

(3) For purposes of this section, an ordinance, resolution, or other legislative act that:

(a) Prohibits all house-banked card games within the applicable jurisdiction on and after the effective date of the legislative act, or on and after any other date specified in the legislative act, shall be deemed to be an act adopted in compliance with subsection (1)(c) of this section;

(b) Allows any house-banked card games to continue to operate within the applicable jurisdiction for an indefinite period after the effective date of the legislative act, or after another date, if any, specified in the legislative act, shall be deemed to be an act not in compliance with subsection (1)(c) of this section, and is null and void.

(4) The commission may issue or renew a license to engage in a house-banked card game in a location specified in an application submitted pursuant to rules adopted by the commission to relocate a licensed premise, if:

(a)(i) The licensed premise proposed to be relocated was, as of March 10, 2005, in a location where a house-banked card game was licensed to be conducted; (ii) the application for approval to be relocated is submitted to the commission on or before July 1, 2010; and (iii) the location to which the applicant requests to be relocated is within the geographic boundaries of the same jurisdiction in which the licensee is authorized by the commission to operate on the date the application is submitted;

(b) The city, town, city-county, or county in which the licensee described in (a) of this subsection is licensed by the commission to operate adopts an ordinance or resolution unequivocally approving and supporting the licensee's request to relocate: (i) By at least a sixty percent majority vote of the members of the jurisdiction's legislative body; and (ii) within ninety days of the date the application described in (a) of this subsection is submitted; and

(c) The commission approves the application to relocate with at least a sixty percent majority vote of the voting members of the commission.

(5) The commission shall not approve an application submitted pursuant to subsection (4) of this section if the licensee: (a) Has previously applied to relocate the premise; or (b) does not meet any existing standard required to obtain or retain a license to engage in a house-banked card game.

(6) An application to relocate a licensed premise under subsection (4) of this section shall not be approved, and if previously approved, the license to engage in a house-banked card game at such location shall be revoked and not subsequently

issued or renewed in any location, if the licensee who submitted the application under subsection (4) of this section, or any director, officer, or other substantial interest holder of the licensed gambling activity, pleads guilty to or is found guilty of any crime constituting, or if prosecuted under the laws of Washington would constitute, a class A, B, or C felony under RCW 9A.20.021 or 9A.20.040 or Title 9 RCW, arising out of any act or acts that occurred at any time the licensee held a license issued by the commission.

Sec. 2. RCW 9.46.070 and 2002 c 119 s 1 are each amended to read as follows:

The commission shall have the following powers and duties:

(1) To authorize and issue licenses for a period not to exceed one year to bona fide charitable or nonprofit organizations approved by the commission meeting the requirements of this chapter and any rules (~~and regulations~~) adopted pursuant thereto permitting said organizations to conduct bingo games, raffles, amusement games, and social card games, to utilize punch boards and pull-tabs in accordance with the provisions of this chapter and any rules (~~and regulations~~) adopted pursuant thereto and to revoke or suspend said licenses for violation of any provisions of this chapter or any rules (~~and regulations~~) adopted pursuant thereto(~~(- PROVIDED, That)~~). However, except as provided in RCW 9.46.295, the commission shall not deny a license to an otherwise qualified applicant in an effort to limit the number of licenses to be issued(~~(- PROVIDED FURTHER, That)~~). The commission or director shall not issue, deny, suspend, or revoke any license because of considerations of race, sex, creed, color, or national origin(~~(- AND PROVIDED FURTHER, That)~~). The commission may authorize the director to temporarily issue or suspend licenses subject to final action by the commission;

(2) To authorize and issue licenses for a period not to exceed one year to any person, association, or organization operating a business primarily engaged in the selling of items of food or drink for consumption on the premises, approved by the commission meeting the requirements of this chapter and any rules (~~and regulations~~) adopted pursuant thereto permitting said person, association, or organization to utilize punch boards and pull-tabs and to conduct social card games as a commercial stimulant in accordance with the provisions of this chapter and any rules (~~and regulations~~) adopted pursuant thereto and to revoke or suspend said licenses for violation of any provisions of this chapter and any rules (~~and regulations~~) adopted pursuant thereto(~~(- PROVIDED, That)~~). However, except as provided in RCW 9.46.295, the commission shall not deny a license to an otherwise qualified applicant in an effort to limit the number of licenses to be issued(~~(- PROVIDED FURTHER, That)~~). The commission may authorize the director to temporarily issue or suspend licenses subject to final action by the commission;

(3) To authorize and issue licenses for a period not to exceed one year to any person, association, or organization approved by the commission meeting the requirements of this chapter and meeting the requirements of any rules and regulations adopted by the commission pursuant to this chapter as now or hereafter amended, permitting said person, association, or organization to conduct or operate amusement games in such manner and at such locations as the commission may determine;

(4) To authorize, require, and issue, for a period not to exceed one year, such licenses as the commission may by rule provide, to any person, association, or organization to engage in the selling, distributing, or otherwise supplying or in the manufacturing of devices for use within this state for those activities authorized by this chapter;

(5) To establish a schedule of annual license fees for carrying on specific gambling activities upon the premises, and for such other activities as may be licensed by the commission, which fees shall provide to the commission not less than an amount of money adequate to cover all costs incurred by the commission relative to licensing under this chapter and the enforcement by the commission of the provisions of this chapter and rules and regulations adopted pursuant thereto: PROVIDED, That all licensing fees shall be submitted with an application therefor and such portion of said fee as the commission may determine, based upon its cost of processing and investigation, shall be retained by the commission upon the withdrawal or denial of any such license application as its reasonable expense for processing the application and investigation into the granting thereof: PROVIDED FURTHER, That if in a particular case the basic license fee established by the commission for a particular class of license is less than the commission's actual expenses to investigate that particular application, the commission may at any time charge to that applicant such additional fees as are necessary to pay the commission for those costs. The commission may decline to proceed with its investigation and no license shall be issued until the commission has been fully paid therefor by the applicant: AND PROVIDED FURTHER, That the commission may establish fees for the furnishing by it to licensees of identification stamps to be affixed to such devices and equipment as required by the commission and for such other special services or programs required or offered by the commission, the amount of each of these fees to be not less than is adequate to offset the cost to the commission of the stamps and of administering their dispersal to licensees or the cost of administering such other special services, requirements or programs;

(6) To prescribe the manner and method of payment of taxes, fees and penalties to be paid to or collected by the commission;

(7) To require that applications for all licenses contain such information as may be required by the commission: PROVIDED, That all persons (a) having a managerial or ownership interest in any gambling activity, or the building in which any gambling activity occurs, or the equipment to be used for any gambling activity, or (b) participating as an employee in the operation of any gambling activity, shall be listed on the application for the license and the applicant shall certify on the application, under oath, that the persons named on the application are all of the persons known to have an interest in any gambling activity, building, or equipment by the person making such application: PROVIDED FURTHER, That the commission shall require fingerprinting and national criminal history background checks on any persons seeking licenses, certifications, or permits under this chapter or of any person holding an interest in any gambling activity, building, or equipment to be used therefor, or of any person participating as an employee in the operation of any gambling activity. All national criminal history background checks shall be conducted using fingerprints submitted to the United States department of justice-federal bureau of investigation. The commission must establish rules to delineate which persons named on the application are subject to national

criminal history background checks. In identifying these persons, the commission must take into consideration the nature, character, size, and scope of the gambling activities requested by the persons making such applications;

(8) To require that any license holder maintain records as directed by the commission and submit such reports as the commission may deem necessary;

(9) To require that all income from bingo games, raffles, and amusement games be recorded and reported as established by rule or regulation of the commission to the extent deemed necessary by considering the scope and character of the gambling activity in such a manner that will disclose gross income from any gambling activity, amounts received from each player, the nature and value of prizes, and the fact of distributions of such prizes to the winners thereof;

(10) To regulate and establish maximum limitations on income derived from bingo. In establishing limitations pursuant to this subsection the commission shall take into account (i) the nature, character, and scope of the activities of the licensee; (ii) the source of all other income of the licensee; and (iii) the percentage or extent to which income derived from bingo is used for charitable, as distinguished from nonprofit, purposes. However, the commission's powers and duties granted by this subsection are discretionary and not mandatory;

(11) To regulate and establish the type and scope of and manner of conducting the gambling activities authorized by this chapter, including but not limited to, the extent of wager, money, or other thing of value which may be wagered or contributed or won by a player in any such activities;

(12) To regulate the collection of and the accounting for the fee which may be imposed by an organization, corporation, or person licensed to conduct a social card game on a person desiring to become a player in a social card game in accordance with RCW 9.46.0282;

(13) To cooperate with and secure the cooperation of county, city, and other local or state agencies in investigating any matter within the scope of its duties and responsibilities;

(14) In accordance with RCW 9.46.080, to adopt such rules and regulations as are deemed necessary to carry out the purposes and provisions of this chapter. All rules and regulations shall be adopted pursuant to the administrative procedure act, chapter 34.05 RCW;

(15) To set forth for the perusal of counties, city-counties, cities and towns, model ordinances by which any legislative authority thereof may enter into the taxing of any gambling activity authorized by this chapter;

(16) To establish and regulate a maximum limit on salaries or wages which may be paid to persons employed in connection with activities conducted by bona fide charitable or nonprofit organizations and authorized by this chapter, where payment of such persons is allowed, and to regulate and establish maximum limits for other expenses in connection with such authorized activities, including but not limited to rent or lease payments. However, the commissioner's powers and duties granted by this subsection are discretionary and not mandatory.

In establishing these maximum limits the commission shall take into account the amount of income received, or expected to be received, from the class of activities to which the limits will apply and the amount of money the games could generate for authorized charitable or nonprofit purposes absent such expenses. The commission may also take into account, in its discretion, other factors, including but not limited to, the local prevailing wage scale and whether charitable purposes are benefited by the activities;

(17) To authorize, require, and issue for a period not to exceed one year such licenses or permits, for which the commission may by rule provide, to any person to work for any operator of any gambling activity authorized by this chapter in connection with that activity, or any manufacturer, supplier, or distributor of devices for those activities in connection with such business. In establishing rules for the endorsement of teachers who will be working almost exclusively with students who are deaf or hard of hearing, the agency shall consider applicants to have met state endorsement requirements if they possess a baccalaureate or master's degree in deaf education from a teacher training program approved by the council on education of the deaf."

Sec. 4. RCW 47.80.030 and 1998 c 171 s 9 are each amended to read as follows:

(1) Each regional transportation planning organization shall develop in cooperation with the department of transportation, providers of public transportation and high capacity transportation, ports, and local governments within the region, adopt, and periodically update a regional transportation plan that:

(g) Where appropriate, sets forth the relationship of high capacity transportation providers and other public transit providers with regard to responsibility for, and the coordination between, services and facilities.

(2) The organization shall review the regional transportation plan biennially for currency and forward the adopted plan along with documentation of the biennial review to the state department of transportation.

MESSAGE FROM THE HOUSE

April 21, 2005

MR. PRESIDENT:

Under suspension of rules ENGROSSED SENATE BILL NO. 5513, was returned to second reading for purpose of an amendment, and passed the House as amended by the House.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that it is in the interest of the state to restructure the roles and responsibilities of the state's transportation agencies in order to improve efficiency and accountability. The legislature also finds that continued citizen oversight of the state's transportation system remains an important priority. To achieve these purposes, the

legislature intends to provide direct accountability of the department of transportation to the governor, in his or her role as chief executive officer of state government, by making the secretary of transportation a cabinet-level official. Additionally, it is essential to clearly delineate between the separate and distinct roles and responsibilities of the executive and legislative branches of government. The role of executive is to oversee the implementation of transportation programs, while the legislature reserves to itself the role of policymaking. Finally, consolidating public outreach and auditing of the state's transportation agencies under a single citizen-governed entity, the transportation commission, will provide the public with information about the performance of the transportation system and an avenue for direct participation in its oversight.

Departmental Governance

Sec. 2. RCW 43.17.020 and 1995 1st sp.s. c 2 s 2 are each amended to read as follows:

(1) The (~~(transportation commission is hereby directed to)~~) department shall conduct periodic analyses of the entire state highway system, report (~~(thereon)~~) to the commission and the chairs of the transportation committees of the senate and house of representatives, (~~(including one copy to the staff of each of the committees, biennially and based thereon,)~~) any subsequent recommendations to subdivide, classify, and subclassify (~~(according to their function and importance)~~) all designated state highways (~~(and those added from time to time and periodically review and revise the classifications)~~) into the following three functional classes:

(a) The "principal arterial system" shall consist of a connected network of rural arterial routes with appropriate extensions into and through urban areas, including all routes designated as part of the interstate system, which serve corridor movements having travel characteristics indicative of substantial statewide and interstate travel;

(b) The "minor arterial system" shall, in conjunction with the principal arterial system, form a rural network of arterial routes linking cities and other activity centers which generate long distance travel, and, with appropriate extensions into and through urban areas, form an integrated network providing interstate and interregional service; and

(c) The "collector system" shall consist of routes which primarily serve the more important intercounty, intracounty, and intraurban travel corridors, collect traffic from the system of local access roads and convey it to the arterial system, and on which, regardless of traffic volume, the predominant travel distances are shorter than on arterial routes.

(2) (~~(In making the functional classification)~~) The transportation commission shall adopt (and) a functional classification of highways. The commission shall consider the recommendations of the department and testimony from the public and local municipalities. The commission shall give consideration to criteria consistent with this section and federal regulations relating to the functional classification of highways, including but not limited to the following:

- (a) Urban population centers within and without the state stratified and ranked according to size;
- (b) Important traffic generating economic activities, including but not limited to recreation, agriculture, government, business, and industry;
- (c) Feasibility of the route, including availability of alternate routes within and without the state;
- (d) Directness of travel and distance between points of economic importance;
- (e) Length of trips;
- (f) Character and volume of traffic;

- (g) Preferential consideration for multiple service which shall include public transportation;
- (h) Reasonable spacing depending upon population density; and
- (i) System continuity.

(3) The transportation commission or the legislature shall designate state highways of statewide significance under RCW 47.06.140. If the commission designates a state highway of statewide significance, it shall submit a list of such facilities for adoption by the legislature. This statewide system shall include at a minimum interstate highways and other statewide principal arterials that are needed to connect major communities across the state and support the state's economy.

(4) The transportation commission shall designate a freight and goods transportation system. This statewide system shall include state highways, county roads, and city streets. The commission, in cooperation with cities and counties, shall review and make recommendations to the legislature regarding policies governing weight restrictions and road closures which affect the transportation of freight and goods.

Sec. 9. RCW 47.05.030 and 2002 c 5 s 402 are each amended to read as follows:

The transportation commission shall adopt a comprehensive (~~(six-year)~~) ten-year investment program specifying program objectives and performance measures for the preservation and improvement programs defined in this section. The adopted ten-year investment program must be forwarded as a recommendation to the governor and the legislature. In the specification of investment program objectives and performance measures, the transportation commission, in consultation with the Washington state department of transportation, shall define and adopt standards for effective programming and prioritization practices including a needs analysis process. The analysis process must ensure the identification of problems and deficiencies, the evaluation of alternative solutions and trade-offs, and estimations of the costs and benefits of prospective projects. The investment program must be revised (~~(biennially, effective on July 1st of odd numbered years)~~) based on directions by the office of financial management. The investment program must be based upon the needs identified in the state-owned highway component of the statewide transportation plan as defined in RCW 47.01.071(3).

(1) The preservation program consists of those investments necessary to preserve the existing state highway system and to restore existing safety features, giving consideration to lowest life cycle costing. The preservation program must require use of the most cost-effective pavement surfaces, considering:

- (a) Life-cycle cost analysis;
- (b) Traffic volume;
- (c) Subgrade soil conditions;
- (d) Environmental and weather conditions;
- (e) Materials available; and
- (f) Construction factors.

The comprehensive (~~(six-year)~~) ten-year investment program for preservation must identify projects for two years and an investment plan for the remaining (~~(four)~~) eight years.

(2) The improvement program consists of investments needed to address identified deficiencies on the state highway system to increase mobility, address congestion, and improve safety, support for the economy, and protection of the environment. The (~~(six-year)~~) ten-year investment program for improvements must identify projects for two years and major deficiencies proposed to be addressed in the (~~(six-year)~~) ten-year period giving consideration to relative benefits and life cycle costing. The transportation commission shall give higher priority for correcting identified deficiencies on those facilities classified as facilities of statewide significance as defined in RCW 47.06.140. Project prioritization must be based primarily upon cost-benefit analysis, where appropriate.

The transportation commission shall approve and present the comprehensive (~~(six-year)~~) ten-year investment program to the governor and the legislature (~~(in support of the biennial budget request under RCW 44.40.070 and 44.40.080)~~) as directed by the office of financial management.

Sec. 10. RCW 47.05.035 and 2002 c 5 s 403 are each amended to read as follows:

(1) The department (~~(and the commission)~~) shall use the transportation demand modeling tools developed under subsection (2) of this section to evaluate investments based on the best mode or improvement, or mix of modes and improvements, to meet current and future long-term demand within a corridor or system for the lowest cost. The end result of these demand modeling tools is to provide a cost-benefit analysis by which the department (~~(and the commission)~~) can determine the relative mobility improvement and congestion relief each mode or improvement under consideration will provide and the relative investment each mode or improvement under consideration will need to achieve that relief.

(2) The department will participate in the refinement, enhancement, and application of existing transportation demand modeling tools to be used to evaluate investments. This participation and use of transportation demand modeling tools will be phased in.

(3) In developing program objectives and performance measures, the (~~(transportation commission)~~) department shall evaluate investment trade-offs between the preservation and improvement programs. In making these investment trade-offs, the (~~(commission)~~) department shall evaluate, using cost-benefit techniques, roadway and bridge maintenance activities as compared to roadway and bridge preservation program activities and adjust those programs accordingly.

(4) The (~~(commission)~~) department shall allocate the estimated revenue between preservation and improvement programs giving primary consideration to the following factors:

- (a) The relative needs in each of the programs and the system performance levels that can be achieved by meeting these needs;

(b) The need to provide adequate funding for preservation to protect the state's investment in its existing highway system;

(c) The continuity of future transportation development with those improvements previously programmed; and

(d) The availability of dedicated funds for a specific type of work.

(5) The commission shall review the results of the department's findings and shall consider those findings in the development of the ten-year program.

Sec. 11. RCW 47.05.051 and 2002 c 189 s 3 are each amended to read as follows:

(1) The comprehensive (~~six-year~~) ten-year investment program shall be based upon the needs identified in the state-owned highway component of the statewide multimodal transportation plan as defined in RCW 47.01.071(~~(3)~~) (4) and priority selection systems that incorporate the following criteria:

(a) Priority programming for the preservation program shall take into account the following, not necessarily in order of importance:

(i) Extending the service life of the existing highway system, including using the most cost-effective pavement surfaces, considering:

(A) Life-cycle cost analysis;

(B) Traffic volume;

(C) Subgrade soil conditions;

(D) Environmental and weather conditions;

(E) Materials available; and

(F) Construction factors;

(ii) Ensuring the structural ability to carry loads imposed upon highways and bridges; and

(iii) Minimizing life cycle costs. The transportation commission in carrying out the provisions of this section may delegate to the department of transportation the authority to select preservation projects to be included in the (~~six-year~~) ten-year program.

(b) Priority programming for the improvement program must be based primarily upon the following, not necessarily in order of importance:

(i) Traffic congestion, delay, and accidents;

(ii) Location within a heavily traveled transportation corridor;

(iii) Except for projects in cities having a population of less than five thousand persons, synchronization with other potential transportation projects, including transit and multimodal projects, within the heavily traveled corridor; and

(iv) Use of benefit/cost analysis wherever feasible to determine the value of the proposed project.

(c) Priority programming for the improvement program may also take into account:

(i) Support for the state's economy, including job creation and job preservation;

(ii) The cost-effective movement of people and goods;

(iii) Accident and accident risk reduction;

(iv) Protection of the state's natural environment;

(v) Continuity and systematic development of the highway transportation network;

(vi) Consistency with local comprehensive plans developed under chapter 36.70A RCW including the following if they have been included in the comprehensive plan:

(A) Support for development in and revitalization of existing downtowns;

(B) Extent that development implements local comprehensive plans for rural and urban residential and nonresidential densities;

(C) Extent of compact, transit-oriented development for rural and urban residential and nonresidential densities;

(D) Opportunities for multimodal transportation; and

(E) Extent to which the project accommodates planned growth and economic development;

(vii) Consistency with regional transportation plans developed under chapter 47.80 RCW;

(viii) Public views concerning proposed improvements;

(ix) The conservation of energy resources;

(x) Feasibility of financing the full proposed improvement;

(xi) Commitments established in previous legislative sessions;

(xii) Relative costs and benefits of candidate programs.

(d) Major projects addressing capacity deficiencies which prioritize allowing for preliminary engineering shall be reprioritized during the succeeding biennium, based upon updated project data. Reprioritized projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding.

(e) Major project approvals which significantly increase a project's scope or cost from original prioritization estimates shall include a review of the project's estimated revised priority rank and the level of funding provided. Projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding.

(2) The commission may depart from the priority programming established under subsection (1) of this section: (a) To the extent that otherwise funds cannot be utilized feasibly within the program; (b) as may be required by a court judgment, legally binding agreement, or state and federal laws and regulations; (c) as may be required to coordinate with federal, local, or other state agency construction projects; (d) to take advantage of some substantial financial benefit that may be available; (e) for continuity of route development; or (f) because of changed financial or physical conditions of an unforeseen or emergent nature.

The commission or secretary of transportation shall maintain in its files information sufficient to show the extent to which the commission has departed from the established priority.

(3) The commission shall identify those projects that yield freight mobility benefits or that alleviate the impacts of freight mobility upon affected communities.

Joint Transportation Committee

NEW SECTION. Sec. 12. The joint transportation committee is created. The executive committee of the joint committee consists of the chairs and ranking members of the house and senate transportation committees. The chairs of the house and senate transportation committees shall serve as cochairs of the joint committee. All members of the house and senate standing committees on transportation are eligible for membership of the joint committee and shall serve when appointed by the executive committee.

The joint transportation committee shall review and research transportation programs and issues in order to educate and promote the dissemination of transportation research to state and local government policymakers, including legislators and associated staff. All four members of the executive committee shall approve the annual work plan. Membership of the committee may vary depending on the subject matter of oversight and research projects. The committee may also make recommendations for functional or performance audits to the transportation performance audit board.

The executive committee shall adopt rules and procedures for its operations.

NEW SECTION. Sec. 13. The members of the joint transportation committee will receive allowances while attending meetings of the committee or subcommittees and while engaged in other authorized business of the committees as provided in RCW 44.04.120. Subject to RCW 44.04.260, all expenses incurred by the committee must be paid upon voucher forms as provided by the office of financial management and signed by the cochairs of the joint committee, or their authorized designees, and the authority of the chair or vice chair to sign vouchers continues until their successors are selected. Vouchers may be drawn upon funds appropriated for the expenses of the committee.

NEW SECTION. Sec. 14. The joint transportation committee shall conduct a review of state level governance of transportation, with a focus on the appropriate roles of the separate branches of government. The committee shall review the statutory duties, roles, and functions of the transportation commission and the department. In that review the committee shall determine which responsibilities may be transferred to the executive and which may be transferred to the legislature. By December 15, 2005, the joint transportation committee shall make its recommendations to the house and senate transportation committees. The joint transportation committee shall consult with affected agencies and other stakeholders in conducting its analysis. The committee may consult with and retain private professional and technical experts as necessary to ensure an independent review and analysis.

Transfers

NEW SECTION. Sec. 15. (1)(a) All reports, documents, surveys, books, records, files, papers, or written material relating to the conduct of performance reviews and audits in the possession of the legislative transportation committee must be delivered to the custody of the transportation commission. Any remaining documents, books, records, files, papers, and written materials must be delivered to the custody of the joint transportation committee. All funds, credits, or other assets held by the legislative transportation committee for the purposes of staffing the transportation performance audit board are assigned to the transportation commission. Any remaining funds, credits, or other assets held by the legislative transportation committee are assigned to the joint transportation committee.

(b) If any question arises as to the transfer of any funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(2) All employees of the legislative transportation committee are transferred to the jurisdiction of the transportation commission for the support of the transportation performance audit board. However, the commission may, if staffing needs warrant, assign the employees to other commission functions.

Federal funds that are administered by the department of transportation and are passed through to municipal corporations or political subdivisions of the state and moneys that are received as total reimbursement for goods, services, or projects constructed by the department of transportation are removed from the transportation budget. The department of transportation may make expenditures from the account before receiving federal and local reimbursements. However, at the end of each biennium, the account must maintain a zero or positive cash balance. In the twenty-fourth month of each biennium the department of transportation shall calculate and transfer sufficient cash from either the motor vehicle fund or the multimodal transportation account to cover any negative cash balances. The amount transferred is calculated based on expenditures from each fund. In addition, any interest charges accruing to the new account must be distributed to the motor vehicle fund and the multimodal transportation account.

(4) No appropriation is required for expenditures from this account. This fund is not subject to allotment procedures provided under chapter 43.88 RCW.

(5) Only the secretary of transportation or the secretary's designee may authorize expenditures from the account.

(6) It is the intent of the legislature that this account maintain a zero or positive cash balance at the end of each biennium. Before the end of the biennium, the department shall transfer sufficient cash to cover any negative cash balances from the motor vehicle fund and the multimodal transportation account to the miscellaneous transportation programs account for unrecovered reimbursements. The department shall calculate the distribution of this transfer based on expenditures. In the ensuing biennium the department shall transfer the reimbursements received in the miscellaneous transportation programs account back to the motor vehicle fund and the multimodal transportation account to the extent of the cash transferred at biennium end. The department shall also distribute any interest charges accruing to the miscellaneous transportation programs account to the motor vehicle fund and the multimodal transportation account. Adjustments for any indirect cost recoveries may also be made at this time.

 - (b) The project must meet one of the following conditions:
 - (i) It is primarily aimed at reducing identified barriers to freight movement with only incidental benefits to general or personal mobility; or
 - (ii) It is primarily aimed at increasing capacity for the movement of freight with only incidental benefits to general or personal mobility; or
 - (iii) It is primarily aimed at mitigating the impact on communities of increasing freight movement, including roadway/railway conflicts; and
 - (c) The project must have a total public benefit/total public cost ratio of equal to or greater than one.

(5) From June 11, 1998, through the biennium ending June 30, 2001, the board shall use the multicriteria analysis and scoring framework for evaluating and ranking eligible freight mobility and freight mitigation projects developed by the freight mobility project prioritization committee and contained in the January 16, 1998, report entitled "Project Eligibility, Priority and Selection Process for a Strategic Freight Investment Program." The prioritization process shall measure the degree to which projects address important program objectives and shall generate a project score that reflects a project's priority compared to other projects. The board shall assign scoring points to each criterion that indicate the relative importance of the criterion in the overall determination of project priority. After June 30, 2001, the board may supplement and refine the initial project priority

criteria and scoring framework developed by the freight mobility project prioritization committee as expertise and experience is gained in administering the freight mobility program.

(6) It is the intent of the legislature that each freight mobility project contained in the project portfolio submitted by the board utilize the greatest amount of nonstate funding possible. The board shall adopt rules that give preference to projects that contain the greatest levels of financial participation from nonprogram fund sources. The board shall consider twenty percent as the minimum partnership contribution, but shall also ensure that there are provisions allowing exceptions for projects that are located in areas where minimal local funding capacity exists or where the magnitude of the project makes the adopted partnership contribution financially unfeasible.

(7) The board shall develop and recommend policies that address operational improvements that primarily benefit and enhance freight movement, including, but not limited to, policies that reduce congestion in truck lanes at border crossings and weigh stations and provide for access to ports during nonpeak hours.

Sec. 126. RCW 47.10.790 and 1985 c 406 s 1 are each amended to read as follows:

(1) In order to provide funds for the location, design, right of way, and construction of selected interstate highway improvements, there shall be issued and sold upon the request of the Washington state transportation commission, a total of one hundred million dollars of general obligation bonds of the state of Washington to pay the state's share of costs for completion of state route 90 (state route 5 to state route 405) and other related state highway projects eligible for regular federal interstate funding and until December 31, 1989, to temporarily pay the regular federal share of construction of completion projects on state route 90 (state route 5 to state route 405) and other related state highway projects eligible for regular interstate funding in advance of federal-aid apportionments under the provisions of 23 U.S.C. Sec. 127. RCW 47.10.801 and 1999 c 94 s 13 are each amended to read as follows:

(3) The amount of bonds authorized in subsection (1)(b) of this section shall be increased by an amount not to exceed, and concurrent with, any reduction of bonds authorized under subsection (1)(a) of this section in the manner prescribed in subsection (2) of this section.

(4) The transportation commission may decrease the amount of bonds authorized in subsection (1)(c) of this section and increase the amount of bonds authorized in subsection (1)(a) or (b) of this section, or both by an amount equal to the decrease in subsection (1)(c) of this section. The transportation commission may decrease the amount of bonds authorized in subsection

(1)(c) of this section only if the legislature appropriates an equal amount of funds from the motor vehicle fund - basic account for the purposes enumerated in subsection (1)(c) of this section.

Sec. 128. RCW 47.10.802 and 1986 c 290 s 1 are each amended to read as follows:

The state finance committee may obtain insurance, letters of credit, or other credit facility devices with respect to the bonds and may authorize the execution and delivery of agreements, promissory notes, and other obligations for the purpose of insuring the payment or enhancing the marketability of the bonds. Promissory notes or other obligations issued under this section shall not constitute a debt or the contracting of indebtedness under any constitutional or statutory indebtedness limitation if their payment is conditioned upon the failure of the state to pay the principal of or interest on the bonds with respect to which the promissory notes or other obligations relate. The state finance committee may authorize the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purposes of retiring the bonds during the life of the project for which they were issued.

Sec. 129. RCW 47.17.850 and 1984 c 7 s 139 are each amended to read as follows:

A state highway to be known as state route number 906 is established as follows:

~~((The legislative transportation committee, the house and senate transportation committees, and the department shall undertake appropriate studies to evaluate state route number 906 to determine whether or not it should permanently remain on the state system.))~~

Sec. 130. RCW 47.26.167 and 1991 c 342 s 62 are each amended to read as follows:

The legislature recognizes the need for a multijurisdictional body to review future requests for jurisdictional transfers. The board is hereby directed, beginning September 1, 1991, to receive petitions from cities, counties, or the state requesting any addition or deletion from the state highway system. The board is required to utilize the criteria established in RCW 47.17.001 in evaluating petitions and to adopt rules for implementation of this process. The board shall forward to the ~~((legislative))~~ senate and house transportation committees by November 15 each year any recommended jurisdictional transfers.

Sec. 131. RCW 47.26.170 and 1994 c 179 s 16 are each amended to read as follows:

Each county having within its boundaries an urban area and cities and towns shall prepare and submit to the transportation improvement board arterial inventory data required to determine the long-range arterial construction needs. The counties, cities, and towns shall revise the arterial inventory data every four years to show the current arterial construction needs through the advanced planning period, and as revised shall submit them to the transportation improvement board during the first week of January every four years beginning in 1996. The inventory data shall be prepared pursuant to guidelines established by the transportation improvement board. As information is updated, it shall be made available to the commission ~~((and the legislative transportation committee)).~~

Sec. 132. RCW 47.46.030 and 2002 c 114 s 3 are each amended to read as follows:

(1) The secretary or a designee shall solicit proposals from, and negotiate and enter into agreements with, private entities to undertake as appropriate, together with the department and other public entities, all or a portion of the study, planning, design, construction, operation, and maintenance of transportation systems and facilities, using in whole or in part public or private sources of financing.

The public-private initiatives program may develop up to six demonstration projects. Each proposal shall be weighed on its own merits, and each of the six agreements shall be negotiated individually, and as a stand-alone project.

(2) If project proposals selected prior to September 1, 1994, are terminated by the public or private sectors, the department shall not select any new projects, including project proposals submitted to the department prior to September 1, 1994, and designated by the transportation commission as placeholder projects, after June 16, 1995, until June 30, 1997.

The department, in consultation with the legislative transportation committee, shall conduct a program and fiscal audit of the public-private initiatives program for the biennium ending June 30, 1997. The department shall submit a progress report to the legislative transportation committee on the program and fiscal audit by June 30, 1996, with preliminary and final audit reports due December 1, 1996, and June 30, 1997, respectively.

The department shall develop and submit a proposed public involvement plan to the 1997 legislature to identify the process for selecting new potential projects and the associated costs of implementing the plan. The legislature must adopt the public involvement plan before the department may proceed with any activity related to project identification and selection. Following legislative adoption of the public involvement plan, the department is authorized to implement the plan and to identify potential new projects.

The public involvement plan for projects selected after June 30, 1997, shall, at a minimum, identify projects that: (a) Have the potential of achieving overall public support among users of the projects, residents of communities in the vicinity of the projects, and residents of communities impacted by the projects; (b) meet a state transportation need; (c) provide a significant state benefit; and (d) provide competition among proposers and maximum cost benefits to users. Prospective projects may include projects identified by the department or submitted by the private sector.

Projects that meet the minimum criteria established under this section and the requirements of the public involvement plan developed by the department and approved by the legislature shall be submitted to the Washington state transportation commission for its review. ~~((The commission, in turn, shall submit a list of eligible projects to the legislative transportation committee for its consideration.))~~ Forty-five days after the submission to the ~~((legislative transportation committee))~~ commission of the list of eligible projects, the secretary is authorized to solicit proposals for the eligible project.

(3) Prior to entering into agreements with private entities under the requirements of RCW 47.46.040 for any project proposal selected before September 1, 1994, or after June 30, 1997, except as provided for in subsections ~~((42))~~ (11) and ~~((43))~~ (12) of this section, the department shall require an advisory vote as provided under subsections (5) through ~~((40))~~ (9) of this section.

(4) The advisory vote shall apply to project proposals selected prior to September 1, 1994, or after June 30, 1997, that receive public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project collected and submitted in accordance with the dates established in subsections ~~((42))~~ (11) and ~~((43))~~ (12) of this section. The advisory vote shall be on the preferred alternative identified under the requirements of chapter 43.21C RCW and, if applicable, the national environmental policy act, 42 U.S.C. 4321 et seq. The execution by the department of the advisory vote process established in this section is subject to the prior appropriation of funds by the legislature for the purpose of conducting environmental impact studies, a public involvement program, local involvement committee activities, traffic and economic impact analyses, engineering and technical studies, and the advisory vote.

(5) In preparing for the advisory vote, the department shall conduct a comprehensive analysis of traffic patterns and economic impact to define the geographical boundary of the project area that is affected by the imposition of tolls or user fees authorized under this chapter. The area so defined is referred to in this section as the affected project area. In defining the affected project area, the department shall, at a minimum, undertake: (a) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (b) an analysis of the anticipated traffic diversion patterns; (c) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and commercial entities in communities in the vicinity of and impacted by the project; (d) an analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (e) an analysis of the relationship of the project to state transportation needs and benefits.

(6)(a) After determining the definition of the affected project area, the department shall establish a committee comprised of individuals who represent cities and counties in the affected project area; organizations formed to support or oppose the project; and users of the project. The committee shall be named the public-private local involvement committee, and be known as the local involvement committee.

(b) The members of the local involvement committee shall be: (i) An elected official from each city within the affected project area; (ii) an elected official from each county within the affected project area; (iii) two persons from each county within the affected project area who represent an organization formed in support of the project, if the organization exists; (iv) two persons from each county within the affected project area who represent an organization formed to oppose the project, if the organization exists; and (v) four public members active in a statewide transportation organization. If the committee makeup results in an even number of committee members, there shall be an additional appointment of an elected official from the county in which all, or the greatest portion of the project is located.

(c) City and county elected officials shall be appointed by a majority of the members of the city or county legislative authorities of each city or county within the affected project area, respectively. The county legislative authority of each county within the affected project area shall identify and validate organizations officially formed in support of or in opposition to the project and shall make the appointments required under this section from a list submitted by the chair of the organizations. Public members shall be appointed by the governor. All appointments to the local involvement committee shall be made and submitted to the department of transportation no later than January 1, 1996, for projects selected prior to September 1, 1994, and no later than thirty days after the affected project area is defined for projects selected after June 30, 1997. Vacancies in the membership of the local involvement committee shall be filled by the appointing authority under (b)(i) through (v) of this subsection for each position on the committee.

(d) The local involvement committee shall serve in an advisory capacity to the department on all matters related to the execution of the advisory vote.

(e) Members of the local involvement committee serve without compensation and may not receive subsistence, lodging expenses, or travel expenses.

(7) The department shall conduct a minimum thirty-day public comment period on the definition of the geographical boundary of the project area. The department, in consultation with the local involvement committee, shall make adjustments, if required, to the definition of the geographical boundary of the affected project area, based on comments received from the public. Within fourteen calendar days after the public comment period, the department shall set the boundaries of the affected project area in units no smaller than a precinct as defined in RCW ~~((29.01.120))~~ 29A.04.121.

(8) The department, in consultation with the local involvement committee, shall develop a description for selected project proposals. After developing the description of the project proposal, the department shall publish the project proposal description in newspapers of general circulation for seven calendar days in the affected project area. Within fourteen calendar days after the last day of the publication of the project proposal description, the department shall transmit a copy of the map depicting the affected project area and the description of the project proposal to the county auditor of the county in which any portion of the affected project area is located.

~~(9) ((The department shall provide the legislative transportation committee with progress reports on the status of the definition of the affected project area and the description of the project proposal.~~

~~(10))~~ Upon receipt of the map and the description of the project proposal, the county auditor shall, within thirty days, verify the precincts that are located within the affected project area. The county auditor shall prepare the text identifying and describing the affected project area and the project proposal using the definition of the geographical boundary of the affected project area and the project description submitted by the department and shall set an election date for the submission of a ballot proposition authorizing the imposition of tolls or user fees to implement the proposed project within the affected project area, which date may be the next succeeding general election to be held in the state, or at a special election, if requested by the department. The text of the project proposal must appear in a voter's pamphlet for the affected project area. The department shall pay the costs of publication and distribution. The special election date must be the next date for a special election provided under RCW ~~((29.13.020))~~ 29A.04.330 that is at least sixty days but, if authorized under RCW ~~((29.13.020))~~ 29A.04.330, no more than ninety days after the receipt of the final map and project description by the auditor. The department shall pay the cost of an election held under this section.

~~((11))~~ (10) Notwithstanding any other provision of law, the department may contract with a private developer of a selected project proposal to conduct environmental impact studies, a public involvement program, and engineering and technical studies funded by the legislature. For projects subject to this subsection, the department shall not enter into an agreement under RCW 47.46.040 prior to the advisory vote on the preferred alternative.

~~((12))~~ (11) Subsections (5) through ~~((10))~~ (9) of this section shall not apply to project proposals selected prior to September 1, 1994, that have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted after September 1, 1994, and by thirty calendar days after June 16, 1995.

~~((13))~~ (12) Subsections (5) through ~~((10))~~ (9) of this section shall not apply to project proposals selected after June 30, 1997, that have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted by ninety calendar days after project selection.

Sec. 133. RCW 47.46.040 and 2002 c 114 s 16 are each amended to read as follows:

(1) The secretary or a designee shall consult with legal, financial, and other experts within and outside state government in the negotiation and development of the agreements.

(2) Agreements may provide for private ownership of the projects during the construction period. After completion and final acceptance of each project or discrete segment thereof, the agreement may provide for state ownership of the transportation systems and facilities and lease to the private entity unless the state elects to provide for ownership of the facility by the private entity during the term of the agreement.

The state may lease each of the demonstration projects, or applicable project segments, to the private entities for operating purposes for up to fifty years.

(3) The department may exercise any power possessed by it to facilitate the development, construction, financing operation, and maintenance of transportation projects under this section. Agreements for maintenance services entered into under this section shall provide for full reimbursement for services rendered by the department or other state agencies. Agreements for police services for projects, involving state highway routes, developed under agreements shall be entered into with the Washington state patrol. The agreement for police services shall provide that the state patrol will be reimbursed for costs on a comparable basis with the costs incurred for comparable service on other state highway routes. The department may provide services for which it is reimbursed, including but not limited to preliminary planning, environmental certification, and preliminary design of the demonstration projects.

(4) The plans and specifications for each project constructed under this section shall comply with the department's standards for state projects. A facility constructed by and leased to a private entity is deemed to be a part of the state highway system for purposes of identification, maintenance, and enforcement of traffic laws and for the purposes of applicable sections of this title. Upon reversion of the facility to the state, the project must meet all applicable state standards. Agreements shall address responsibility for reconstruction or renovations that are required in order for a facility to meet all applicable state standards upon reversion of the facility to the state.

(5) For the purpose of facilitating these projects and to assist the private entity in the financing, development, construction, and operation of the transportation systems and facilities, the agreements may include provisions for the department to exercise its authority, including the lease of facilities, rights of way, and airspace, exercise of the power of eminent domain, granting of development rights and opportunities, granting of necessary easements and rights of access, issuance of permits and other authorizations, protection from competition, remedies in the event of default of either of the parties, granting of contractual and real property rights, liability during construction and the term of the lease, authority to negotiate acquisition of rights of way in excess of appraised value, and any other provision deemed necessary by the secretary.

(6) The agreements entered into under this section may include provisions authorizing the state to grant necessary easements and lease to a private entity existing rights of way or rights of way subsequently acquired with public or private financing. The agreements may also include provisions to lease to the entity airspace above or below the right of way associated or to be associated with the private entity's transportation facility. In consideration for the reversion rights in these privately constructed facilities, the department may negotiate a charge for the lease of airspace rights during the term of the agreement for a period not to exceed fifty years. If, after the expiration of this period, the department continues to lease these airspace rights to the private entity, it shall do so only at fair market value. The agreement may also provide the private entity the right of first refusal to undertake projects utilizing airspace owned by the state in the vicinity of the public-private project.

(7) Agreements under this section may include any contractual provision that is necessary to protect the project revenues required to repay the costs incurred to study, plan, design, finance, acquire, build, install, operate, enforce laws, and maintain toll highways, bridges, and tunnels and which will not unreasonably inhibit or prohibit the development of additional public transportation systems and facilities. Agreements under this section must secure and maintain liability insurance coverage in amounts appropriate to protect the project's viability and may address state indemnification of the private entity for design and construction liability where the state has approved relevant design and construction plans.

(8) Agreements entered into under this section shall include a process that provides for public involvement in decision making with respect to the development of the projects.

(9)(a) In carrying out the public involvement process required in subsection (8) of this section, the private entity shall proactively seek public participation through a process appropriate to the characteristics of the project that assesses and demonstrates public support among: Users of the project, residents of communities in the vicinity of the project, and residents of communities impacted by the project.

(b) The private entity shall conduct a comprehensive public involvement process that provides, periodically throughout the development and implementation of the project, users and residents of communities in the affected project area an opportunity to comment upon key issues regarding the project including, but not limited to: (i) Alternative sizes and scopes; (ii) design; (iii) environmental assessment; (iv) right of way and access plans; (v) traffic impacts; (vi) tolling or user fee strategies and tolling or user fee ranges; (vii) project cost; (viii) construction impacts; (ix) facility operation; and (x) any other salient characteristics.

(c) If the affected project area has not been defined, the private entity shall define the affected project area by conducting, at a minimum: (i) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (ii) an analysis of the anticipated traffic diversion patterns; (iii) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and commercial entities in communities in the vicinity of and impacted by the project; (iv) an analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (v) an analysis of the relationship of the project to state transportation needs and benefits.

The agreement may require an advisory vote by users of and residents in the affected project area.

(d) In seeking public participation, the private entity shall establish a local involvement committee or committees comprised of residents of the affected project area, individuals who represent cities and counties in the affected project area, organizations formed to support or oppose the project, if such organizations exist, and users of the project. The private entity shall, at a minimum, establish a committee as required under the specifications of RCW 47.46.030(6)(b) (ii) and (iii) and appointments to such committee shall be made no later than thirty days after the project area is defined.

(e) Local involvement committees shall act in an advisory capacity to the department and the private entity on all issues related to the development and implementation of the public involvement process established under this section.

(f) The department and the private entity shall provide the (~~legislative transportation committee and~~) local involvement committees with progress reports on the status of the public involvement process including the results of an advisory vote, if any occurs.

(10) Nothing in this chapter limits the right of the secretary and his or her agents to render such advice and to make such recommendations as they deem to be in the best interests of the state and the public.

Sec. 134. RCW 79A.05.125 and 1999 c 301 s 3 are each amended to read as follows:

(1) The department of transportation shall negotiate a franchise with a rail carrier to establish and maintain a rail line over portions of the Milwaukee Road corridor owned by the state between Ellensburg and Lind. The department of transportation may negotiate such a franchise with any qualified rail carrier. Criteria for negotiating the franchise and establishing the right of way include:

(a) Assurances that resources from the franchise will be sufficient to compensate the state for use of the property, including completion of a cross-state trail between Easton and the Idaho border;

(b) Types of payment for use of the franchise, including payment for the use of federally granted trust lands in the transportation corridor;

(c) Standards for maintenance of the line;

(d) Provisions ensuring that both the conventional and intermodal rail service needs of local shippers are met. Such accommodations may comprise agreements with the franchisee to offer or maintain adequate service or to provide service by other carriers at commercially reasonable rates;

(e) Provisions requiring the franchisee, upon reasonable request of any other rail operator, to provide rail service and interchange freight over what is commonly known as the Stampede Pass rail line from Cle Elum to Auburn at commercially reasonable rates;

(f) If any part of the franchise agreement is invalidated by actions or rulings of the federal surface transportation board or a court of competent jurisdiction, the remaining portions of the franchise agreement are not affected;

(g) Compliance with environmental standards; and

(h) Provisions for insurance and the coverage of liability.

(2) The franchise may provide for periodic review of financial arrangements under the franchise.

(3) The department of transportation, in consultation with the parks and recreation commission and the ~~((legislative)) senate and house~~ transportation committees, shall negotiate the terms of the franchise, and shall present the agreement to the parks and recreation commission for approval of as to terms and provisions affecting the cross-state trail or affecting the commission.

(4) This section expires July 1, 2006, if the department of transportation does not enter into a franchise agreement for a rail line over portions of the Milwaukee Road corridor by July 1, 2006.

Sec. 135. RCW 81.80.395 and 1988 c 138 s 1 are each amended to read as follows:

The Washington utilities and transportation commission may enter into an agreement or arrangement with a duly authorized representative of the state of Idaho, for the purpose of granting to operators of commercial vehicles that are properly registered in the state of Idaho, the privilege of operating their vehicles in this state within a designated area near the border of their state without the need for registration as required by chapter 81.80 RCW if the state of Idaho grants a similar privilege to operators of commercial vehicles from this state. The initial designated area shall be limited to state route 195 from the Idaho border to Lewiston, and SR 12 from Lewiston to Clarkston. ~~((The utilities and transportation commission shall submit other proposed reciprocal agreements in designated border areas to the legislative transportation committee for approval.))~~

Sec. 136. RCW 81.104.110 and 1998 c 245 s 165 are each amended to read as follows:

The legislature recognizes that the planning processes described in RCW 81.104.100 provide a recognized framework for guiding high capacity transportation studies. However, the process cannot guarantee appropriate decisions unless key study assumptions are reasonable.

To assure appropriate system plan assumptions and to provide for review of system plan results, an expert review panel shall be appointed to provide independent technical review for development of any system plan which is to be funded in whole or in part by the imposition of any voter-approved local option funding sources enumerated in RCW 81.104.140.

(1) The expert review panel shall consist of five to ten members who are recognized experts in relevant fields, such as transit operations, planning, emerging transportation technologies, engineering, finance, law, the environment, geography, economics, and political science.

(2) The expert review panel shall be selected cooperatively by the chairs of the ~~((legislative)) senate and house~~ transportation committees, the secretary of the department of transportation, and the governor to assure a balance of disciplines. In the case of counties adjoining another state or Canadian province the expert review panel membership shall be selected cooperatively with representatives of the adjoining state or Canadian province.

(3) The chair of the expert review panel shall be designated by the appointing authorities.

(c) An unofficial state economic and revenue forecast based on pessimistic economic and revenue projections.

(2) The supervisor shall submit forecasts prepared under this section, along with any unofficial forecasts provided under RCW 82.33.010, to the governor and the members of the committees on ways and means and the chairs of the committees on transportation of the senate and house of representatives ~~((and the chair of the legislative transportation committee)),~~ including

one copy to the staff of each of the committees, on or before November 20th, February 20th in the even-numbered years, March 20th in the odd-numbered years, June 20th, and September 20th. All forecasts shall include both estimated receipts and estimated revenues in conformance with generally accepted accounting principles as provided by RCW 43.88.037.

(3) All agencies of state government shall provide to the supervisor immediate access to all information relating to economic and revenue forecasts. Revenue collection information shall be available to the supervisor the first business day following the conclusion of each collection period.

(4) The economic and revenue forecast supervisor and staff shall co-locate and share information, data, and files with the tax research section of the department of revenue but shall not duplicate the duties and functions of one another.

(5) As part of its forecasts under subsection (1) of this section, the supervisor shall provide estimated revenue from tuition fees as defined in RCW 28B.15.020.

Sec. 138. RCW 82.70.060 and 2003 c 364 s 6 are each amended to read as follows:

The commute trip reduction task force shall determine the effectiveness of the tax credit under RCW 82.70.020, the grant program in RCW 70.94.996, and the relative effectiveness of the tax credit and the grant program as part of its ongoing evaluation of the commute trip reduction law and report to the ~~((legislative))~~ senate and house transportation committees and to the fiscal committees of the house of representatives and the senate. The report must include information on the amount of tax credits claimed to date and recommendations on future funding between the tax credit program and the grant program. The report must be incorporated into the recommendations required in RCW 70.94.537(5).

Sec. 139. RCW 82.80.070 and 2002 c 56 s 413 are each amended to read as follows:

(1) The proceeds collected pursuant to the exercise of the local option authority of RCW 82.80.010, ~~((82.80.020,))~~ 82.80.030, and 82.80.050 (hereafter called "local option transportation revenues") shall be used for transportation purposes only, including but not limited to the following: The operation and preservation of roads, streets, and other transportation improvements; new construction, reconstruction, and expansion of city streets, county roads, and state highways and other transportation improvements; development and implementation of public transportation and high-capacity transit improvements and programs; and planning, design, and acquisition of right of way and sites for such transportation purposes. The proceeds collected from excise taxes on the sale, distribution, or use of motor vehicle fuel and special fuel under RCW 82.80.010 shall be used exclusively for "highway purposes" as that term is construed in Article II, section 40 of the state Constitution.

(2) The local option transportation revenues shall be expended for transportation uses consistent with the adopted transportation and land use plans of the jurisdiction expending the funds and consistent with any applicable and adopted regional transportation plan for metropolitan planning areas.

(3) Each local government with a population greater than eight thousand that levies or expends local option transportation funds, is also required to develop and adopt a specific transportation program that contains the following elements:

(a) The program shall identify the geographic boundaries of the entire area or areas within which local option transportation revenues will be levied and expended.

(b) The program shall be based on an adopted transportation plan for the geographic areas covered and shall identify the proposed operation and construction of transportation improvements and services in the designated plan area intended to be funded in whole or in part by local option transportation revenues and shall identify the annual costs applicable to the program.

(c) The program shall indicate how the local transportation plan is coordinated with applicable transportation plans for the region and for adjacent jurisdictions.

(d) The program shall include at least a six-year funding plan, updated annually, identifying the specific public and private sources and amounts of revenue necessary to fund the program. The program shall include a proposed schedule for construction of projects and expenditure of revenues. The funding plan shall consider the additional local tax revenue estimated to be generated by new development within the plan area if all or a portion of the additional revenue is proposed to be earmarked as future appropriations for transportation improvements in the program.

(4) Local governments with a population greater than eight thousand exercising the authority for local option transportation funds shall periodically review and update their transportation program to ensure that it is consistent with applicable local and regional transportation and land use plans and within the means of estimated public and private revenue available.

(5) In the case of expenditure for new or expanded transportation facilities, improvements, and services, priorities in the use of local option transportation revenues shall be identified in the transportation program and expenditures shall be made based upon the following criteria, which are stated in descending order of weight to be attributed:

(a) First, the project serves a multijurisdictional function;

(b) Second, it is necessitated by existing or reasonably foreseeable congestion;

(c) Third, it has the greatest person-carrying capacity;

(d) Fourth, it is partially funded by other government funds, such as from the state transportation improvement board, or by private sector contributions, such as those from the local transportation act, chapter 39.92 RCW; and

(e) Fifth, it meets such other criteria as the local government determines is appropriate.

(6) It is the intent of the legislature that as a condition of levying, receiving, and expending local option transportation revenues, no local government agency use the revenues to replace, divert, or loan any revenues currently being used for transportation purposes to nontransportation purposes. ~~((The association of Washington cities and the Washington state association of counties, in consultation with the legislative transportation committee, shall study the issue of nondiversion and make recommendations to the legislative transportation committee for language implementing the intent of this section by December 1, 1990.))~~

(7) Local governments are encouraged to enter into interlocal agreements to jointly develop and adopt with other local governments the transportation programs required by this section for the purpose of accomplishing regional transportation planning and development.

(8) Local governments may use all or a part of the local option transportation revenues for the amortization of local government general obligation and revenue bonds issued for transportation purposes consistent with the requirements of this section.

(9) Subsections (1) through (8) of this section do not apply to a regional transportation investment district imposing a tax or fee under the local option authority of this chapter. Proceeds collected under the exercise of local option authority under this chapter by a district must be used in accordance with chapter 36.120 RCW.

Sec. 140. RCW 90.03.525 and 1996 c 285 s 1 and 1996 c 230 s 1617 are each reenacted and amended to read as follows:

(1) The rate charged by a local government utility to the department of transportation with respect to state highway right of way or any section of state highway right of way for the construction, operation, and maintenance of storm water control facilities under chapters 35.67, 35.92, 36.89, 36.94, 57.08, and 86.15 RCW, shall be thirty percent of the rate for comparable real property, except as otherwise provided in this section. The rate charged to the department with respect to state highway right of way or any section of state highway right of way within a local government utility's jurisdiction shall not, however, exceed the rate charged for comparable city street or county road right of way within the same jurisdiction. The legislature finds that the aforesaid rates are presumptively fair and equitable because of the traditional and continuing expenditures of the department of transportation for the construction, operation, and maintenance of storm water control facilities designed to control surface water or storm water runoff from state highway rights of way.

(2) Charges paid under subsection (1) of this section by the department of transportation must be used solely for storm water control facilities that directly reduce state highway runoff impacts or implementation of best management practices that will reduce the need for such facilities. By January 1st of each year, beginning with calendar year 1997, the local government utility, in coordination with the department, shall develop a plan for the expenditure of the charges for that calendar year. The plan must be consistent with the objectives identified in RCW 90.78.010. In addition, beginning with the submittal for 1998, the utility shall provide a progress report on the use of charges assessed for the prior year. No charges may be paid until the plan and report have been submitted to the department.

(3) The utility imposing the charge and the department of transportation may, however, agree to either higher or lower rates with respect to the construction, operation, or maintenance of any specific storm water control facilities based upon the annual plan prescribed in subsection (2) of this section. ~~((If a different rate is agreed to, a report so stating shall be submitted to the legislative transportation committee.))~~ If, after mediation, the local government utility and the department of transportation cannot agree upon the proper rate, ~~((and after a report has been submitted to the legislative transportation committee and after ninety days from submission of such report.))~~ either may commence an action in the superior court for the county in which the state highway right of way is located to establish the proper rate. The court in establishing the proper rate shall take into account the extent and adequacy of storm water control facilities constructed by the department and the actual benefits to the sections of state highway rights of way from storm water control facilities constructed, operated, and maintained by the local government utility. Control of surface water runoff and storm water runoff from state highway rights of way shall be deemed an actual benefit to the state highway rights of way. The rate for sections of state highway right of way as determined by the court shall be set forth in terms of the percentage of the rate for comparable real property, but shall in no event exceed the rate charged for comparable city street or county road right of way within the same jurisdiction.

(4) The legislature finds that the federal clean water act (national ~~((pollution-pollutant))~~ pollutant discharge elimination system, 40 C.F.R. parts 122-124), the state water pollution control act, chapter 90.48 RCW, and the highway runoff program under chapter ~~((90.70))~~ 90.71 RCW, mandate the treatment and control of storm water runoff from state highway rights of way owned by the department of transportation. Appropriations made by the legislature to the department of transportation for the construction, operation, and maintenance of storm water control facilities are intended to address applicable federal and state mandates related to storm water control and treatment. This section is not intended to limit opportunities for sharing the costs of storm water improvements between cities, counties, and the state.

REPORT OF THE CONFERENCE REPORT

Engrossed Substitute House Bill No. 1903

April 21, 2005

MR. PRESIDENT:

MR. SPEAKER:

We of your conference committee, to whom was referred Engrossed Substitute House Bill No. 1903, have had the same under consideration and recommend that all previous amendments not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 149. The legislature has and continues to recognize the vital importance of economic development to the health and prosperity of Washington state as indicated in RCW 43.160.010, 43.155.070(4)(g), 43.163.005, and 43.168.010. The legislature finds that current economic development programs and funding, which are primarily low-interest loan programs, can be enhanced by creating a grant program to assist with public infrastructure projects that directly stimulate community and economic development by supporting the creation of new jobs or the retention of existing jobs.

NEW SECTION. Sec. 150. A new section is added to chapter 43.160 RCW to read as follows:

(1) The job development fund program is created to provide grants for public infrastructure projects that will stimulate job creation or assist in job retention. The program is to be administered by the board. The board shall establish a competitive process to request and prioritize proposals and make grant awards.

(2) For the purposes of this act, "public infrastructure projects" has the same meaning as "public facilities" as defined in RCW 43.160.020(11).

(3) The board shall conduct a statewide request for project applications. The board shall apply the following criteria for evaluation and ranking of applications:

(a) The relative benefits provided to the community by the jobs the project would create, including, but not limited to:

(i) The total number of jobs; (ii) the total number of full-time, family wage jobs; (iii) the unemployment rate in the area; and (iv) the increase in employment in comparison to total community population;

(b) The present level of economic activity in the community and the existing local financial capacity to increase economic activity in the community;

(c) The rate of return of the state's investment, that includes the expected increase in state and local tax revenues associated with the project;

(d) The lack of another timely source of funding available to finance the project which would likely prevent the proposed community or economic development, absent the financing available under this act;

- (4) Job development fund program grants may only be awarded to those applicants that have entered into or expect to enter into a contract with a private developer relating to private investment that will result in the creation or retention of jobs upon completion of the project. Job development fund program grants shall not be provided for any project where:
- (a) The funds will not be used within the jurisdiction or jurisdictions of the applicants; or
 - (b) Evidence exists that the project would result in a development or expansion that would displace existing jobs in any other community in the state.
- (5) The board shall, with the joint legislative audit and review committee, develop performance criteria for each grant and evaluation criteria to be used to evaluate both how well successful applicants met the community and economic development objectives stated in their applications, and how well the job development fund program performed in creating and retaining jobs.

Moneys in the account may also be appropriated to provide for state match requirements under federal law for projects and activities conducted and financed by the board under the drinking water assistance account. Not more than fifteen percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans, emergency loans, or loans for capital facility planning under this chapter; of this amount, not more than ten percent of the biennial capital budget appropriation may be expended for emergency loans and not more than one percent of the biennial capital budget appropriation may be expended for capital facility planning loans.

Money in the job development fund may be used solely for job development fund program grants, administrative expenses related to the administration of the job development fund program created in section 2 of this act, and for the report prepared by the joint legislative audit and review committee pursuant to section 5(2) of this act. Moneys in the job development fund may be spent only after appropriation. The board shall prepare a prioritized list of proposed projects of up to fifty million dollars as part of the department's 2007-09 biennial budget request. The board may provide an additional alternate job development fund project list of up to ten million dollars. The legislature may remove projects from the list recommended by the board. The legislature may not change the prioritization of projects recommended for funding by the board, but may add projects from the alternate list in order of priority, as long as the total funding does not exceed fifty million dollars.

NEW SECTION. Sec. 153. (1) The joint legislative audit and review committee shall conduct an inventory of all state public infrastructure programs and funds. Where applicable, the inventory shall identify overlaps or gaps in types of public infrastructure projects supported through state programs or funds. Where appropriate, the inventory shall evaluate the return on investment for economic development infrastructure programs. The inventory shall be delivered to the appropriate committees of the legislature by December 1, 2006.

(2) By September 1, 2010, the joint legislative audit and review committee shall submit a report on the outcomes of the job development fund program to the appropriate committees of the legislature. The report shall apply the performance and evaluation criteria developed by the community economic revitalization board and the committee and shall include a project by project review detailing how the funds were used and whether the performance measures were met. The report shall also include impacts to the availability of low-interest and interest-free loans to local governments under RCW 43.155.055, 43.155.060, 43.155.065, and 43.155.068, resulting from appropriations to the job development fund. "Sales price" means the total amount of consideration, except separately stated trade-in property of like kind, including cash, credit, property, and services, for which tangible personal property or services defined as a "retail sale" under RCW 82.04.050 are sold, leased, or rented, valued in money, whether received in money or otherwise. No deduction from the total amount of consideration is allowed for the following: (a) The seller's cost of the property sold; (b) the cost of materials used, labor or service cost, interest, losses, all costs of transportation to the seller, all taxes imposed on the seller, and any other expense of the seller; (c) charges by the seller for any services necessary to complete the sale, other than delivery and installation charges; (d) delivery charges; (e) installation charges; and (f) the value of exempt tangible personal property given to the purchaser where taxable and exempt tangible personal property have been bundled together and sold by the seller as a single product or piece of merchandise.

When tangible personal property is rented or leased under circumstances that the consideration paid does not represent a reasonable rental for the use of the articles so rented or leased, the "selling price" shall be determined as nearly as possible according to the value of such use at the places of use of similar products of like quality and character under such rules as the department may prescribe.

"Selling price" or "sales price" does not include: Discounts, including cash, term, or coupons that are not reimbursed by a third party that are allowed by a seller and taken by a purchaser on a sale; interest, financing, and carrying charges from credit extended on the sale of tangible personal property or services, if the amount is separately stated on the invoice, bill of sale, or similar document given to the purchaser; and any taxes legally imposed directly on the consumer that are separately stated on the invoice, bill of sale, or similar document given to the purchaser;

(5) "Direct mail" means printed material delivered or distributed by United States mail or other delivery service to a mass audience or to addressees on a mailing list provided by the purchaser or at the direction of the purchaser when the cost of the items are not billed directly to the recipients. "Direct mail" includes tangible personal property supplied directly or indirectly by the purchaser to the direct mail seller for inclusion in the package containing the printed material. "Direct mail" does not include multiple items of printed material delivered to a single address;

~~((6))~~ (7) For the purposes of the taxes imposed under this chapter and under chapter 82.12 RCW, "tangible personal property" means personal property that can be seen, weighed, measured, felt, or touched, or that is in any other manner perceptible to the senses. (a) The continued economic vitality of downtown and neighborhood commercial districts in our state's cities is essential to community preservation, social cohesion, and economic growth;

(2) It is the intent of the legislature to establish a program to:

Such extension shall be for a period of thirty days from the date the department issues its written notification to the taxpayer that it qualifies for an extension under this section. The department may grant additional extensions as it deems proper.

(2) In making a determination whether the failure of a taxpayer to file an annual survey by the due date was the result of circumstances beyond the control of the taxpayer, the department shall be guided by rules adopted by the department for the waiver or cancellation of penalties when the underpayment or untimely payment of any tax was due to circumstances beyond the control of the taxpayer.

For purposes of calculating the credit, if a person's reporting period is less than annual, the person may use an estimated average tax rate for the calendar year for which the credit is claimed by using the person's average tax rate for each reporting period. A person who uses an estimated average tax rate must make an adjustment to the total credit claimed for the calendar year using the person's actual average tax rate for the calendar year when the person files its last return for the calendar year for which the credit is claimed.

(3) Any person entitled to the credit provided in subsection (2) of this section as a result of qualified research and development conducted under contract may assign all or any portion of the credit to the person contracting for the performance of the qualified research and development.

(3) This section expires December 31, 2010.

PART X ESTATES

Sec. 1001. RCW 83.100.--- and 2005 c ... (ESB 6096) s 4 are each amended to read as follows:

(1) For the purposes of determining the Washington taxable estate, a deduction is allowed from the federal taxable estate for ~~((the value of qualified real property and the value of any tangible personal property used primarily for farming purposes conducted on the qualified real property, reduced by any amounts allowable as a deduction in respect of the qualified real property and tangible personal property under section 2053(a)(4) of the Internal Revenue Code, if the decedent was at the time of his or her death a citizen or resident of the United States. For the purposes of determining the deduction amount, the value of property is its value as used to determine the value of the gross estate))~~:

(a) The value of qualified real property reduced by any amounts allowable as a deduction in respect of the qualified real property and tangible personal property under section 2053(a)(4) of the internal revenue code, if the decedent was at the time of his or her death a citizen or resident of the United States.

(b) The value of any tangible personal property used by the decedent or a member of the decedent's family for a qualified use on the date of the decedent's death, reduced by any amounts allowable as a deduction in respect of the tangible personal property under section 2053(a)(4) of the internal revenue code, if all of the requirements of subsection (10)(f)(i)(A) of this section are met and the decedent was at the time of his or her death a citizen or resident of the United States.

(c) The value of real property that is not deductible under (a) of this subsection solely by reason of subsection (10)(f)(i)(B) of this section, reduced by any amounts allowable as a deduction in respect of the qualified real property and tangible personal property under section 2053(a)(4) of the internal revenue code, if the requirements of subsection (10)(f)(i)(C) of

this section are met with respect to the property and the decedent was at the time of his or her death a citizen or resident of the United States.

(2) Property shall be considered to have been acquired from or to have passed from the decedent if:

(a) The property is so considered under section 1014(b) of the Internal Revenue Code;

(b) The property is acquired by any person from the estate; or

(c) The property is acquired by any person from a trust, to the extent the property is includible in the gross estate of the decedent.

(3) If the decedent and the decedent's surviving spouse at any time held qualified real property as community property, the interest of the surviving spouse in the property shall be taken into account under this section to the extent necessary to provide a result under this section with respect to the property which is consistent with the result which would have obtained under this section if the property had not been community property.

(4) In the case of any qualified woodland, the value of trees growing on the woodland may be deducted if otherwise qualified under this section.

(5) If property is qualified real property with respect to a decedent, hereinafter in this subsection referred to as the "first decedent," and the property was acquired from or passed from the first decedent to the surviving spouse of the first decedent, active management of the farm by the surviving spouse shall be treated as material participation by the surviving spouse in the operation of the farm.

(6) Property owned indirectly by the decedent may qualify for a deduction under this section if owned through an interest in a corporation, partnership, or trust as the terms corporation, partnership, or trust are used in section 2032A(g) of the Internal Revenue Code. In order to qualify for a deduction under this subsection, the interest, in addition to meeting the other tests for qualification under this section, must qualify under section 6166(b)(1) of the Internal Revenue Code as an interest in a closely held business on the date of the decedent's death and for sufficient other time, combined with periods of direct ownership, to equal at least five years of the eight-year period preceding the death.

(7)(a) If, on the date of the decedent's death, the requirements of subsection (10)(f)(i)(C)(II) of this section with respect to the decedent for any property are not met, and the decedent (i) was receiving old age benefits under Title II of the social security act for a continuous period ending on such date, or (ii) was disabled for a continuous period ending on this date, then subsection (10)(f)(i)(C)(II) of this section shall be applied with respect to the property by substituting "the date on which the longer of such continuous periods began" for "the date of the decedent's death" in subsection (10)(f)(i)(C) of this section.

(b) For the purposes of (a) of this subsection, an individual shall be disabled if the individual has a mental or physical impairment which renders that individual unable to materially participate in the operation of the farm.

(8) Property may be deducted under this section whether or not special valuation is elected under section 2032A of the Internal Revenue Code on the federal return. For the purposes of determining the deduction under this section, the value of property is its value as used to determine the value of the gross estate.

(9)(a) In the case of any qualified replacement property, any period during which there was ownership, qualified use, or material participation with respect to the replaced property by the decedent or any member of the decedent's family shall be treated as a period during which there was ownership, use, or material participation, as the case may be, with respect to the qualified replacement property.

(b) Subsection (9)(a) of this section shall not apply to the extent that the fair market value of the qualified replacement property, as of the date of its acquisition, exceeds the fair market value of the replaced property, as of the date of its disposition.

(c) For the purposes of this subsection (9), the following definitions apply:

(i) "Qualified replacement property" means any real property:

(A) Which is acquired in an exchange which qualifies under section 1031 of the Internal Revenue Code; or

(B) The acquisition of which results in the nonrecognition of gain under section 1033 of the Internal Revenue Code.

The term "qualified replacement property" only includes property which is used for the same qualified use as the replaced property was being used before the exchange.

(ii) "Replaced property" means the property was:

(A) Transferred in the exchange which qualifies under section 1031 of the Internal Revenue Code; or

(B) Compulsorily or involuntarily converted within the meaning of section 1033 of the Internal Revenue Code.

(10) For the purposes of this section, the following definitions apply:

(c) "Farming purposes" means:

(i) Cultivating the soil or raising or harvesting any agricultural or horticultural commodity, including the raising, shearing, feeding, caring for, training, and management of animals on a farm;

(ii) Handling, drying, packing, grading, or storing on a farm any agricultural or horticultural commodity in its unmanufactured state, but only if the owner, tenant, or operator of the farm regularly produces more than one-half of the commodity so treated; and

(iii)(A) The planting, cultivating, caring for, or cutting of trees; or

(B) The preparation, other than milling, of trees for market.

(d) "Member of the family" means, with respect to any individual, only:

(iv) The spouse of any lineal descendant described in (d)(iii) of this subsection.

For the purposes of this subsection (10)(d), a legally adopted child of an individual shall be treated as the child of such individual by blood.

(e) "Qualified heir" means, with respect to any property, a member of the decedent's family who acquired property, or to whom property passed, from the decedent.

(f)(i) "Qualified real property" means real property which was acquired from or passed from the decedent to a qualified heir of the decedent and which, on the date of the decedent's death, was being used for a qualified use by the decedent or a member of the decedent's family, but only if:

(A) Fifty percent or more of the adjusted value of the gross estate consists of the adjusted value of real or personal property which:

(I) On the date of the decedent's death, was being used for a qualified use by the decedent or a member of the decedent's family; and

(II) Was acquired from or passed from the decedent to a qualified heir of the decedent;

(B) Twenty-five percent or more of the adjusted value of the gross estate consists of the adjusted value of real property which meets the requirements of (f)(i)(A)(II) and (f)(i)(C) of this subsection; and

(C) During the eight-year period ending on the date of the decedent's death there have been periods aggregating five years or more during which:

(I) The real property was owned by the decedent or a member of the decedent's family and used for a qualified use by the decedent or a member of the decedent's family; and

(II) There was material participation by the decedent or a member of the decedent's family in the operation of the farm.

For the purposes of this subsection (f)(i)(C)(II), material participation shall be determined in a manner similar to the manner used for purposes of section 1402(a)(1) of the Internal Revenue Code.

(ii) For the purposes of this subsection, the term "adjusted value" means:

(A) In the case of the gross estate, the value of the gross estate, determined without regard to any special valuation under section 2032A of the Internal Revenue Code, reduced by any amounts allowable as a deduction under section 2053(a)(4) of the Internal Revenue Code; or

(B) In the case of any real or personal property, the value of the property for purposes of chapter 11 of the Internal Revenue Code, determined without regard to any special valuation under section 2032A of the Internal Revenue Code, reduced by any amounts allowable as a deduction in respect of such property under section 2053(a)(4) of the Internal Revenue Code.

(g) "Qualified use" means the property is used as a farm for farming purposes. In the case of real property which meets the requirements of (f)(i)(C) of this subsection, residential buildings and related improvements on the real property occupied on a regular basis by the owner or lessee of the real property or by persons employed by the owner or lessee for the purpose of operating or maintaining the real property, and roads, buildings, and other structures and improvements functionally related to the qualified use shall be treated as real property devoted to the qualified use. For tangible personal property eligible for a deduction under subsection (1)(b) of this section, "qualified use" means the property is used primarily for farming purposes on a farm.

(h) "Qualified woodland" means any real property which:

(i) Is used in timber operations; and

(ii) Is an identifiable area of land such as an acre or other area for which records are normally maintained in conducting timber operations.

(i) "Timber operations" means:

(i) The planting, cultivating, caring for, or cutting of trees; or

(ii) The preparation, other than milling, of trees for market.

ENGROSSED SENATE BILL NO. 6096

MESSAGE FROM THE HOUSE

April 22, 2005

MR. PRESIDENT:

Under suspension of rules SUBSTITUTE SENATE BILL NO. 5610, was returned to second reading for purpose of an amendment{s}, and passed the House as amended by the House.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 77.85.005 and 1999 sp.s. c 13 s 1 are each amended to read as follows:

The legislature finds that repeated attempts to improve salmonid fish runs throughout the state of Washington have failed to avert listings of salmon and steelhead runs as threatened or endangered under the federal endangered species act (16 U.S.C. Sec. 1531 et seq.). These listings threaten the sport, commercial, and tribal fishing industries as well as the economic well-being and vitality of vast areas of the state. It is the intent of the legislature to begin activities required for the recovery of salmon stocks as soon as possible, although the legislature understands that successful recovery efforts may not be realized for many years because of the life cycle of salmon and the complex array of natural and human-caused problems they face.

The legislature finds that it is in the interest of the citizens of the state of Washington for the state to retain primary responsibility for managing the natural resources of the state, rather than abdicate those responsibilities to the federal government, and that the state may best accomplish this objective by integrating local and regional recovery activities into a statewide ~~((plan))~~ strategy that can make the most effective use of provisions of federal laws allowing for a state lead in salmon recovery, delivered through implementation activities consistent with regional and watershed recovery plans. The legislature also finds that a statewide salmon recovery ~~((plan))~~ strategy must be developed and implemented through an active public involvement process in order to ensure public participation in, and support for, salmon recovery. The legislature also finds that there is a substantial link between the provisions of the federal endangered species act and the federal clean water act (33 U.S.C. Sec. 1251 et seq.). The legislature further finds that habitat restoration is a vital component of salmon recovery efforts. Therefore, it is the intent of the legislature to specifically address salmon habitat restoration in a coordinated manner and to develop a structure that allows for the coordinated delivery of federal, state, and local assistance to communities for habitat projects that will assist in the recovery and enhancement of salmon stocks. A strong watershed-based locally implemented plan is essential for local, regional, and statewide salmon recovery.

The legislature also finds that credible scientific review and oversight is essential for any salmon recovery effort to be successful.

The legislature further finds that it is important to monitor the overall health of the salmon resource to determine if recovery efforts are providing expected returns. It is important to monitor salmon habitat projects and salmon recovery activities to determine their effectiveness in order to secure federal acceptance of the state's approach to salmon recovery. Adaptive management cannot exist without monitoring. For these reasons, the legislature believes that a coordinated and integrated monitoring ~~((process))~~ system should be developed and implemented.

The legislature therefore finds that a coordinated framework for responding to the salmon crisis is needed immediately. To that end, the salmon recovery office should be created within the governor's office to provide overall coordination of the

state's response; an independent science panel is needed to provide scientific review and oversight; a coordinated state funding process should be established through a salmon recovery funding board; the appropriate local or tribal government should provide local leadership in identifying and sequencing habitat projects to be funded by state agencies; habitat projects should be implemented without delay; and a strong locally based effort to restore salmon habitat should be established by providing a framework to allow citizen volunteers to work effectively.

Sec. 2. RCW 77.85.010 and 2002 c 210 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adaptive management" means reliance on scientific methods to test the results of actions taken so that the management and related policy can be changed promptly and appropriately.

(2) "Critical pathways methodology" means a project scheduling and management process for examining interactions between habitat projects and salmonid species, prioritizing habitat projects, and assuring positive benefits from habitat projects.

(3) "Habitat project list" is the list of projects resulting from the critical pathways methodology under RCW 77.85.060(2). Each project on the list must have a written agreement from the landowner on whose land the project will be implemented. Projects include habitat restoration projects, habitat protection projects, habitat projects that improve water quality, habitat projects that protect water quality, habitat-related mitigation projects, and habitat project maintenance and monitoring activities.

(4) "Habitat work schedule" means those projects from the habitat project list that will be implemented during the current funding cycle. The schedule shall also include a list of the entities and individuals implementing projects, the start date, duration, estimated date of completion, estimated cost, and funding sources for the projects.

(5) "Limiting factors" means conditions that limit the ability of habitat to fully sustain populations of salmon. These factors are primarily fish passage barriers and degraded estuarine areas, riparian corridors, stream channels, and wetlands.

(6) "Project sponsor" is a county, city, special district, tribal government, state agency, a combination of such governments through interlocal or interagency agreements, a nonprofit organization, regional fisheries enhancement group, or one or more private citizens. A project sponsored by a state agency may be funded by the board only if it is included on the habitat project list submitted by the lead entity for that area and the state agency has a local partner that would otherwise qualify as a project sponsor.

(7) "Regional recovery organization" or "regional salmon recovery organization" means an entity formed under RCW 77.85.090 for the purpose of recovering salmon, which is recognized in statute or by the salmon recovery office.

(8) "Salmon" includes all species of the family Salmonidae which are capable of self-sustaining, natural production.

~~((8))~~ (9) "Salmon recovery plan" means a state or regional plan developed in response to a proposed or actual listing under the federal endangered species act that addresses limiting factors including, but not limited to harvest, hatchery, hydropower, habitat, and other factors of decline.

~~((9))~~ (10) "Salmon recovery region" means geographic areas of the state identified or formed under RCW 77.85.090 that encompass groups of watersheds in the state with common stocks of salmon identified for recovery activities, and that generally are consistent with the geographic areas within the state identified by the national oceanic and atmospheric administration or the United States fish and wildlife service for activities under the federal endangered species act.

(11) "Salmon recovery strategy" means the strategy adopted under RCW 77.85.150 and includes the compilation of all subbasin and regional salmon recovery plans developed in response to a proposed or actual listing under the federal endangered species act with state hatchery, harvest, and hydropower plans compiled in accordance with RCW 77.85.150.

(12) "Tribe" or "tribes" means federally recognized Indian tribes.

~~((10))~~ (13) "WRIA" means a water resource inventory area established in chapter 173-500 WAC as it existed on January 1, 1997.

~~((11))~~ (14) "Owner" means the person holding title to the land or the person under contract with the owner to lease or manage the legal owner's property.

Sec. 3. RCW 77.85.020 and 1998 c 246 s 4 are each amended to read as follows:

Sec. 4. RCW 77.85.030 and 2000 c 107 s 93 are each amended to read as follows:

(1) The salmon recovery office is created within the office of the governor to coordinate state strategy to allow for salmon recovery to healthy sustainable population levels with productive commercial and recreational fisheries. The primary purpose of the office is to coordinate and assist in the development of regional salmon recovery plans ~~((for evolutionarily significant units, and submit those plans to the appropriate tribal governments and federal agencies))~~ as an integral part of a statewide strategy developed consistent with the guiding principles and procedures under RCW 77.85.150. The governor's salmon recovery office ~~((may also:~~

~~((a))~~ shall gather regional recovery plans from regional recovery organizations and submit the plans to the federal fish services for adoption as federal recovery plans. The governor's salmon recovery office may also:

(2) This section expires June 30, ~~((2006))~~ 2007.

Sec. 5. RCW 77.85.040 and 2000 c 107 s 94 are each amended to read as follows:

(1) The governor shall request the national academy of sciences, the American fisheries society, or a comparable institution to screen candidates to serve as members on the independent science panel. The institution that conducts the screening of the candidates shall submit a list of the nine most qualified candidates to the governor, the speaker of the house of representatives, and the majority leader of the senate. The candidates shall reflect expertise in habitat requirements of salmon, protection and restoration of salmon populations, artificial propagation of salmon, hydrology, or geomorphology.

(2) The speaker of the house of representatives and the majority leader in the senate may each remove one name from the nomination list. The governor shall consult with tribal representatives and the governor shall appoint five scientists from the remaining names on the nomination list.

(3) The members of the independent science panel shall serve four-year terms. Vacant positions on the panel shall be filled in the same manner as the original appointments. Members shall serve no more than two full terms. The independent science panel members shall elect the chair of the panel among themselves every two years. Based upon available funding, the governor's salmon recovery office may contract for services with members of the independent science panel for compensation under chapter 39.29 RCW.

(4) The independent science panel shall be governed by generally accepted guidelines and practices governing the activities of independent science boards such as the national academy of sciences. The purpose of the independent science panel

is to help ensure that sound science is used in salmon recovery efforts. The governor's salmon recovery office (~~shall~~) may request review of regional salmon recovery plans by the science review panel. The science panel does not have the authority to review individual projects or habitat project lists developed under RCW 77.85.050(~~(,)~~) or 77.85.060(~~(, and 75.46.080)~~) or to make policy decisions. The panel shall periodically submit its findings and recommendations under this subsection to the legislature and the governor.

~~((5) The independent science panel, in conjunction with the technical review team, shall recommend standardized monitoring indicators and data quality guidelines for use by entities involved in habitat projects and salmon recovery activities across the state.~~

~~(6) The independent science panel, in conjunction with the technical review team, shall also recommend criteria for the systematic and periodic evaluation of monitoring data in order for the state to be able to answer critical questions about the effectiveness of the state's salmon recovery efforts.~~

~~(7) The recommendations on monitoring as required in this section shall be provided in a report to the governor and to the legislature by the independent science panel, in conjunction with the salmon recovery office, no later than December 31, 2000. The report shall also include recommendations on the level of effort needed to sustain monitoring of salmon projects and other recovery efforts, and any other recommendations on monitoring deemed important by the independent science panel and the technical review team. The report may be included in the biennial state of the salmon report required under RCW 77.85.020.)~~

Sec. 6. RCW 77.85.050 and 1999 sp.s. c 13 s 11 are each amended to read as follows:

(1)(a) Counties, cities, and tribal governments must jointly designate, by resolution or by letters of support, the area for which a habitat project list is to be developed and the lead entity that is to be responsible for submitting the habitat project list. No project included on a habitat project list shall be considered mandatory in nature and no private landowner may be forced or coerced into participation in any respect. The lead entity may be a county, city, conservation district, special district, tribal government, regional recovery organization, or other entity.

(b) The lead entity shall establish a committee that consists of representative interests of counties, cities, conservation districts, tribes, environmental groups, business interests, landowners, citizens, volunteer groups, regional fish enhancement groups, and other habitat interests. The purpose of the committee is to provide a citizen-based evaluation of the projects proposed to promote salmon habitat. ~~((The technical review team may provide the lead entity with organizational models that may be used in establishing the committees.))~~

(c) The committee shall compile a list of habitat projects, establish priorities for individual projects, define the sequence for project implementation, and submit these activities as the habitat project list. The committee shall also identify potential federal, state, local, and private funding sources.

(2) The area covered by the habitat project list must be based, at a minimum, on a WRIA, combination of WRIs, or any other area as agreed to by the counties, cities, and tribes in resolutions or in letters of support meeting the requirements of this subsection. Preference will be given to projects in an area that contain a salmon species that is listed or proposed for listing under the federal endangered species act.

(3) The lead entity shall submit the habitat project list to the ~~((technical review team))~~ board in accordance with procedures adopted by the board.

Sec. 7. RCW 77.85.090 and 2000 c 107 s 99 are each amended to read as follows:

(1) The southwest Washington salmon recovery region, whose boundaries are provided in chapter 60, Laws of 1998, is created.

(2) Lead entities within a salmon recovery region that agree to form a regional salmon recovery organization may be recognized by the salmon recovery office as a regional recovery organization. The regional recovery organization may plan, coordinate, and monitor the implementation of a regional recovery plan in accordance with RCW 77.85.150. Regional recovery organizations existing as of the effective date of this act that have developed draft recovery plans approved by the governor's salmon recovery office by July 1, 2005, may continue to plan, coordinate, and monitor the implementation of regional recovery plans.

Sec. 8. RCW 77.85.130 and 2000 c 107 s 102 and 2000 c 15 s 1 are each reenacted and amended to read as follows:

(1) The salmon recovery funding board shall develop procedures and criteria for allocation of funds for salmon habitat projects and salmon recovery activities on a statewide basis to address the highest priorities for salmon habitat protection and restoration. To the extent practicable the board shall adopt an annual allocation of funding. The allocation should address both protection and restoration of habitat, and should recognize the varying needs in each area of the state on an equitable basis. The board has the discretion to partially fund, or to fund in phases, salmon habitat projects. The board may annually establish a maximum amount of funding available for any individual project, subject to available funding. No projects required solely as a mitigation or a condition of permitting are eligible for funding.

(2)(a) In evaluating, ranking, and awarding funds for projects and activities the board shall give preference to projects that:

- (i) Are based upon the limiting factors analysis identified under RCW 77.85.060;
- (ii) Provide a greater benefit to salmon recovery based upon the stock status information contained in the department of fish and wildlife salmonid stock inventory (SASSI), the salmon and steelhead habitat inventory and assessment project (SSHIAP), and any comparable science-based assessment when available;
- (iii) Will benefit listed species and other fish species; ~~((and))~~
- (iv) Will preserve high quality salmonid habitat; and
- (v) Are included in a regional or watershed-based salmon recovery plan that accords the project, action, or area a high priority for funding.

(b) In evaluating, ranking, and awarding funds for projects and activities the board shall also give consideration to projects that:

- (i) Are the most cost-effective;
 - (ii) Have the greatest matched or in-kind funding; ~~((and))~~
 - (iii) Will be implemented by a sponsor with a successful record of project implementation; and
 - (iv) Are part of a regionwide list developed by lead entities.
- (3) The board may reject, but not add, projects from a habitat project list submitted by a lead entity for funding.
- (4) ~~((For fiscal year 2000, the board may authorize the interagency review team to evaluate, rank, and make funding decisions for categories of projects or activities or from funding sources provided for categories of projects or activities. In delegating such authority the board shall consider the review team's staff resources, procedures, and technical capacity to meet the purposes and objectives of this chapter. The board shall maintain general oversight of the team's exercise of such authority.~~

~~((5) The board shall seek the guidance of the technical review team to ensure that scientific principles and information are incorporated into the allocation standards and into proposed projects and activities. If the technical review team determines that a habitat project list complies with the critical pathways methodology under RCW 77.85.060, it shall provide substantial weight to the list's project priorities when making determinations among applications for funding of projects within the area covered by the list.~~

~~((6))~~ (6) The board shall establish criteria for determining when block grants may be made to a lead entity ~~((or other recognized regional recovery entity consistent with one or more habitat project lists developed for that region. Where a lead entity has been established pursuant to RCW 77.85.050,)).~~ The board may provide block grants to the lead entity to ~~((assist in carrying out lead entity functions under this chapter,))~~ implement habitat project lists developed under RCW 77.85.050, subject to available funding. The board shall determine an equitable minimum amount of project funds for each recovery region, and shall distribute the remainder of funds on a competitive basis. The board may also provide block grants to the lead entity or regional recovery organization to assist in carrying out functions described under this chapter. Block grants must be expended consistent with the priorities established for the board in subsection (2) of this section. Lead entities or regional recovery organizations receiving block grants under this subsection shall provide an annual report to the board summarizing how funds were expended for activities consistent with this chapter, including the types of projects funded, project outcomes, monitoring results, and administrative costs.

~~((7))~~ (5) The board may waive or modify portions of the allocation procedures and standards adopted under this section in the award of grants or loans to conform to legislative appropriations directing an alternative award procedure or when the funds to be awarded are from federal or other sources requiring other allocation procedures or standards as a condition of the board's receipt of the funds. The board shall develop an integrated process to manage the allocation of funding from federal and state sources to minimize delays in the award of funding while recognizing the differences in state and legislative appropriation timing.

~~((8))~~ (6) The board may award a grant or loan for a salmon recovery project on private or public land when the landowner has a legal obligation under local, state, or federal law to perform the project, when expedited action provides a clear benefit to salmon recovery, and there will be harm to salmon recovery if the project is delayed. For purposes of this subsection, a legal obligation does not include a project required solely as a mitigation or a condition of permitting.

~~((9))~~ (7) The board may condition a grant or loan to include the requirement that property may only be transferred to a federal agency if the agency that will acquire the property agrees to comply with all terms of the grant or loan to which the project sponsor was obligated. Property acquired or improved by a project sponsor may be conveyed to a federal agency, but only if the agency agrees to comply with all terms of the grant or loan to which the project sponsor was obligated.

Sec. 9. RCW 77.85.150 and 1999 sp.s. c 13 s 9 are each amended to read as follows:

(1) ~~((By September 1, 1999,))~~ The governor, with the assistance of the salmon recovery office, shall ~~((submit a statewide salmon recovery strategy to the appropriate federal agencies administering the federal endangered species act))~~ maintain and revise a statewide salmon recovery strategy.

(2) The governor and the salmon recovery office shall be guided by the following considerations in ~~((developing))~~ maintaining and revising the strategy:

(a) The strategy should identify statewide initiatives and responsibilities with regional recovery plans and local watershed initiatives as the principal ~~((mechanism))~~ means for implementing the strategy;

(b) The strategy should emphasize collaborative, incentive-based approaches;

(c) The strategy should address all factors limiting the recovery of Washington's listed salmon stocks, including habitat and water quality degradation, harvest and hatchery management, inadequate streamflows, and other barriers to fish passage. Where other limiting factors are beyond the state's jurisdictional authorities to respond to, such as some natural predators and high seas fishing, the strategy shall include the state's requests for federal action to effectively address these factors;

(d) The strategy should identify immediate actions necessary to prevent extinction of a listed salmon stock, establish performance measures to determine if restoration efforts are working, recommend effective monitoring and data management, and recommend to the legislature clear and certain measures to be implemented if performance goals are not met;

(e) The strategy shall rely on the best scientific information available and provide for incorporation of new information as it is obtained;

(f) The strategy should seek a fair allocation of the burdens and costs upon economic and social sectors of the state whose activities may contribute to limiting the recovery of salmon; and

(g) The strategy should seek clear measures and procedures from the appropriate federal agencies for removing Washington's salmon stocks from listing under the federal act.

(3) Beginning on September 1, 2000, the strategy shall be updated through an active public involvement process, including early and meaningful opportunity for public comment. In obtaining public comment, the salmon recovery office shall hold public meetings throughout the state and shall encourage regional and local recovery planning efforts to similarly ensure an active public involvement process.

(4) This section shall apply prospectively only and not retroactively. Nothing in this section shall be construed to invalidate actions taken in recovery planning at the local, regional, or state level prior to July 1, 1999.

NEW SECTION. Sec. 10. The following acts or parts of acts are each repealed:

(1) RCW 77.85.070 (Technical advisory groups) and 2000 c 107 s 97 & 1998 c 246 s 10; and

(2) RCW 77.85.210 (Monitoring activities--Monitoring oversight committee--Legislative steering committee--Report to the legislature--Monitoring strategy and action plan) and 2001 c 298 s 3."

Correct the title.

and the same is herewith transmitted.

RICHARD NAFZIGER, Chief Clerk

MOTION

Senator Jacobsen moved that the Senate concur in the House amendment(s) to Substitute Senate Bill No. 5610.

Senators Jacobsen, Oke and Spanel spoke in favor of the motion.

POINT OF INQUIRY

Senator Honeyford: "Would Senator Jacobsen yield to a question? Does this improve the role of the counties in the approval of the salmon recovery plan or does it remain constant? Does this improve the role of the counties in approving salmon recovery plans? Are they brought more into the picture or are they still pretty much left out?"

Senator Jacobsen: "This doesn't change those two. These two amendments in the House as the bill originally came back on 5610. It does not change that. It clarifies what, clarifies the word 'strategy' and also the role of the governor's Salmon Recovery Office. So it does not change that. The other one is in regards to regional organization and allows a smaller group to, if they want to, to set up regionally, if they are inside an ESU [evolutionarily significant unit. -Ed.]. So it does not change that."

Senator Honeyford spoke against the motion.

MOTIONS

On motion of Senator Regala, Senators Eide and Haugen were excused.

On motion of Senator Stevens, Senator Carrell was excused.

MOTION

The President declared the question before the Senate to be the motion by Senator Jacobsen that the Senate concur in the House amendment(s) to Substitute Senate Bill No. 5610.

MESSAGE FROM THE HOUSE

April 21, 2005

MR. PRESIDENT:

Under suspension of rules ENGROSSED SUBSTITUTE SENATE BILL NO. 5922, was returned to second reading for purpose of an amendment{s} and passed the House as amended by the House.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 26.44.100 and 1998 c 314 s 8 are each amended to read as follows:

(1) The legislature finds parents and children often are not aware of their due process rights when agencies are investigating allegations of child abuse and neglect. The legislature reaffirms that all citizens, including parents, shall be afforded due process, that protection of children remains the priority of the legislature, and that this protection includes protecting the family unit from unnecessary disruption. To facilitate this goal, the legislature wishes to ensure that parents and children be advised in writing and orally, if feasible, of their basic rights and other specific information as set forth in this chapter, provided that nothing contained in this chapter shall cause any delay in protective custody action.

(2) The department shall notify the ~~((alleged perpetrator of the))~~ parent, guardian, or legal custodian of a child of any allegations of child abuse ((and)) or neglect ((at the earliest possible point in the investigation that will not jeopardize the safety and protection of the child or the investigation process)) made against such person at the initial point of contact with such person, in a manner consistent with the laws maintaining the confidentiality of the persons making the complaints or allegations. Investigations of child abuse and neglect should be conducted in a manner that will not jeopardize the safety or protection of the child or the integrity of the investigation process.

Whenever the department completes an investigation of a child abuse or neglect report under chapter 26.44 RCW, the department shall notify the ~~((alleged perpetrator))~~ subject of the report ~~((and))~~ of the department's investigative findings. The notice shall also advise the ~~((alleged perpetrator))~~ subject of the report that:

(a) A written response to the report may be provided to the department and that such response will be filed in the record following receipt by the department;

(b) Information in the department's record may be considered in subsequent investigations or proceedings related to child protection or child custody;

(c) Founded reports of child abuse and neglect may be considered in determining whether the person is disqualified from being licensed to provide child care, employed by a licensed child care agency, or authorized by the department to care for children; and

(d) ~~((An alleged perpetrator))~~ A subject named in a founded report of child abuse or neglect has the right to seek review of the finding as provided in this chapter.

(3) The notification required by this section shall be made by certified mail, return receipt requested, to the person's last known address.

(4) The duty of notification created by this section is subject to the ability of the department to ascertain the location of the person to be notified. The department shall exercise reasonable, good-faith efforts to ascertain the location of persons entitled to notification under this section.

(5) The department shall provide training to all department personnel who conduct investigations under this section that shall include, but is not limited to, training regarding the legal duties of the department from the initial time of contact during investigation through treatment in order to protect children and families.

NEW SECTION. Sec. 2. The legislature finds that whenever possible, children should remain in the home of their parents. It is only when the safety of the child is in jeopardy that the child should be removed from the home.

It is the intent of the legislature that the department of social and health services be permitted to intervene in cases of chronic neglect where the health, welfare, or safety of the child is at risk. One incident of neglect may not rise to the level requiring state intervention; however, a pattern of neglect has been shown to cause damage to the health and well-being of the child subject to the neglect.

It is the intent of the legislature that, when chronic neglect has been found to exist in a family, the legal system reinforce the need for the parent's early engagement in services that will decrease the likelihood of future neglect. However, if the parents fail to comply with the offered necessary and available services, the state has the authority to intervene to protect the children who are at risk. If a parent fails to engage in available substance abuse or mental health services necessary to maintain the safety of a child or a parent fails to correct substance abuse deficiencies that jeopardize the safety of a child, the state has the authority to intervene to protect a child.

Sec. 3. RCW 13.34.138 and 2003 c 227 s 5 are each amended to read as follows:

(1) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ninety days from the entry of the disposition order, whichever comes first. The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145(3) or 13.34.134. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits. This review shall consider both the agency's and parent's efforts that demonstrate consistent measurable progress over time in meeting the disposition plan requirements. The requirements for the initial review hearing, including the in-court requirement, shall be accomplished within existing resources. The supervising agency shall provide a foster parent, preadoptive parent, or relative with notice of, and their right to an opportunity to be heard in, a review hearing pertaining to the child, but only if that person is currently providing care to that child at the time of the hearing. This section shall not be construed to grant party status to any person who has been provided an opportunity to be heard.

(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) If the child is not returned home, the court shall establish in writing:

(i) Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered;

(ii) Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration and preference has been given to placement with the child's relatives;

(iii) Whether there is a continuing need for placement and whether the placement is appropriate;

(iv) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(v) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(vi) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

(vii) Whether additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered specifying such services; and

(viii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

(2)(a) In any case in which the court orders that a dependent child may be returned to or remain in the child's home, the in-home placement shall be contingent upon the following:

(i) The compliance of the parents with court orders related to the care and supervision of the child, including compliance with an agency case plan; and

(ii) The continued participation of the parents, if applicable, in available substance abuse or mental health treatment if substance abuse or mental illness was a contributing factor to the removal of the child.

(b) The following may be grounds for removal of the child from the home, subject to review by the court:

(i) Noncompliance by the parents with the agency case plan or court order;

(ii) The parent's inability, unwillingness, or failure to participate in available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect; or

(iii) The failure of the parents to successfully and substantially complete available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect.

(3) The court's ability to order housing assistance under RCW 13.34.130 and this section is: (a) Limited to cases in which homelessness or the lack of adequate and safe housing is the primary reason for an out-of-home placement; and (b) subject to the availability of funds appropriated for this specific purpose.

~~((3))~~ (4) The court shall consider the child's relationship with siblings in accordance with RCW 13.34.130(3).

Sec. 4. RCW 26.44.015 and 1999 c 176 s 28 are each amended to read as follows:

(1) This chapter shall not be construed to authorize interference with child-raising practices, including reasonable parental discipline, which are not injurious to the child's health, welfare, ~~((and))~~ or safety.

(2) Nothing in this chapter may be used to prohibit the reasonable use of corporal punishment as a means of discipline.

(3) No parent or guardian may be deemed abusive or neglectful solely by reason of the parent's or child's blindness, deafness, developmental disability, or other handicap.

An abused child is a child who has been subjected to child abuse or neglect as defined in this section.

(13) "Child protective services section" means the child protective services section of the department.

(14) "Sexual exploitation" includes: (a) Allowing, permitting, or encouraging a child to engage in prostitution by any person; or (b) allowing, permitting, encouraging, or engaging in the obscene or pornographic photographing, filming, or depicting of a child by any person.

(15) "Negligent treatment or maltreatment" means an act or ~~((omission))~~ a failure to act, or the cumulative effects of a pattern of conduct, behavior, or inaction, that evidences a serious disregard of consequences of such magnitude as to constitute a clear and present danger to ~~((the))~~ a child's health, welfare, ~~((and))~~ or safety. When considering whether a clear and present danger exists, evidence of a parent's substance abuse as a contributing factor to negligent treatment or maltreatment shall be given great weight. The fact that siblings share a bedroom is not, in and of itself, negligent treatment or maltreatment. Poverty, homelessness, or exposure to domestic violence as defined in RCW 26.50.010 that is perpetrated against someone other than the child do not constitute negligent treatment or maltreatment in and of themselves.

(16) "Child protective services" means those services provided by the department designed to protect children from child abuse and neglect and safeguard such children from future abuse and neglect, and conduct investigations of child abuse and neglect reports. Investigations may be conducted regardless of the location of the alleged abuse or neglect. Child protective services includes referral to services to ameliorate conditions that endanger the welfare of children, the coordination of necessary programs and services relevant to the prevention, intervention, and treatment of child abuse and neglect, and services to children

to ensure that each child has a permanent home. In determining whether protective services should be provided, the department shall not decline to provide such services solely because of the child's unwillingness or developmental inability to describe the nature and severity of the abuse or neglect.

(17) "Malice" or "maliciously" means an evil intent, wish, or design to vex, annoy, or injure another person. Such malice may be inferred from an act done in willful disregard of the rights of another, or an act wrongfully done without just cause or excuse, or an act or omission of duty betraying a willful disregard of social duty.

(18) "Sexually aggressive youth" means a child who is defined in RCW 74.13.075(1)(b) as being a sexually aggressive youth.

(19) "Unfounded" means available information indicates that, more likely than not, child abuse or neglect did not occur. No unfounded allegation of child abuse or neglect may be disclosed to a child-placing agency, private adoption agency, or any other provider licensed under chapter 74.15 RCW.

NEW SECTION. Sec. 6. A new section is added to chapter 26.44 RCW to read as follows:

(1) If the department, upon investigation of a report that a child has been abused or neglected as defined in this chapter, determines that the child has been subject to negligent treatment or maltreatment, the department may offer services to the child's parents, guardians, or legal custodians to: (a) Ameliorate the conditions that endangered the welfare of the child; or (b) address or treat the effects of mistreatment or neglect upon the child.

(2) When evaluating whether the child has been subject to negligent treatment or maltreatment, evidence of a parent's substance abuse as a contributing factor to a parent's failure to provide for a child's basic health, welfare, or safety shall be given great weight.

(3) If the child's parents, guardians, or legal custodians are available and willing to participate on a voluntary basis in in-home services, and the department determines that in-home services on a voluntary basis are appropriate for the family, the department may offer such services.

(4) In cases where the department has offered appropriate and reasonable services under subsection (1) of this section, and the parents, guardians, or legal custodians refuse to accept or fail to obtain available and appropriate treatment or services, or are unable or unwilling to participate in or successfully and substantially complete the treatment or services identified by the department, the department may initiate a dependency proceeding under chapter 13.34 RCW on the basis that the negligent treatment or maltreatment by the parent, guardian, or legal custodian constitutes neglect. When evaluating whether to initiate a dependency proceeding on this basis, the evidence of a parent's substance abuse as a contributing factor to the negligent treatment or maltreatment shall be given great weight.

(5) Nothing in this section precludes the department from filing a dependency petition as provided in chapter 13.34 RCW if it determines that such action is necessary to protect the child from abuse or neglect.

(6) Nothing in this section shall be construed to create in any person an entitlement to services or financial assistance in paying for services or to create judicial authority to order the provision of services to any person or family if the services are unavailable or unsuitable or if the child or family is not eligible for such services.

Sec. 7. RCW 74.13.031 and 2004 c 183 s 3 are each amended to read as follows:

The department shall have the duty to provide child welfare services and shall:

(1) Develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of runaway, dependent, or neglected children.

(2) Within available resources, recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, handicapped and emotionally disturbed, teens, pregnant and parenting teens, and annually report to the governor and the legislature concerning the department's success in: (a) Meeting the need for adoptive and foster home placements; (b) reducing the foster parent turnover rate; (c) completing home studies for legally free children; and (d) implementing and operating the passport program required by RCW 74.13.285. The report shall include a section entitled "Foster Home Turn-Over, Causes and Recommendations."

(3)(a) Investigate ~~((complaints of any recent act or failure to act))~~ any reports of child abuse or neglect, as defined in chapter 26.44 RCW, on the part of a parent, guardian, or legal custodian of the child, member of the household of such persons, an agency providing care to the child as defined in chapter 74.15 RCW, or other caretaker ((that)) of the child who is serving in place of the parent if the child abuse or neglect results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm((, and on the basis of the findings of such investigation, offer)). Evidence of a parent's substance abuse as a contributing factor to the alleged abuse or neglect shall be considered to present an imminent risk of serious harm to the child.

(b) Offer child welfare services ((in relation to the problem to such)), where warranted, to parents, legal custodians, or persons serving in ((loco parentis)) the place of the parent, ((and/or)) or bring the situation to the attention of an appropriate court, or another community agency((: PROVIDED, That)), including the appropriate law enforcement agency if the investigation reveals that a crime against a child may have been committed. However, an investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in ((loco parentis)) the place of the parent. ((If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.))

(4) Offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(5) Monitor out-of-home placements, on a timely and routine basis, to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010, and annually submit a report measuring the extent to which the department achieved the specified goals to the governor and the legislature.

(6) Have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(7) Have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(8) Have authority to purchase care for children; and shall follow in general the policy of using properly approved private agency services for the actual care and supervision of such children insofar as they are available, paying for care of such children as are accepted by the department as eligible for support at reasonable rates established by the department.

(9) Establish a children's services advisory committee which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(10) Have authority to provide continued foster care or group care for individuals from eighteen through twenty years of age to enable them to complete their high school or vocational school program.

(11) Refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child.

(12) Have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order; and the purchase of such care shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 and 74.13.032 through 74.13.036, or of this section all services to be provided by the department of social and health services under subsections (4), (6), and (7) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(13) Within amounts appropriated for this specific purpose, provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(14) Have authority to provide independent living services to youths, including individuals eighteen through twenty years of age, who are or have been in foster care.

NEW SECTION. Sec. 8. The legislature recognizes that the fiscal and workload impact of this act may not be fully determined until after it is implemented and that such impact may further be affected by the funding or availability of community-based prevention and remedial services. For that reason, the department of social and health services shall report on the implementation of this act to the appropriate legislative committees and the governor by December 1, 2006. The report shall include information regarding any change over previous years in the number and type of child abuse and neglect referrals received and investigations conducted, any change in in-home and out-of-home dependency placements and/or filings, any increased service costs, barriers to implementation, and an assessment of the fiscal and workload impact on the department. Such information shall be reviewed by the legislature for possible amendment of this act or additional allocation of resources to the department for implementation purposes.

Sec. 9. RCW 13.34.050 and 2000 c 122 s 3 are each amended to read as follows:

(1) The court may enter an order directing a law enforcement officer, probation counselor, or child protective services official to take a child into custody if: (a) A petition is filed with the juvenile court alleging that the child is dependent and that the child's health, safety, and welfare will be seriously endangered if not taken into custody; (b) an affidavit or declaration is filed by the department in support of the petition setting forth specific factual information evidencing reasonable grounds that the child's health, safety, and welfare will be seriously endangered if not taken into custody and at least one of the grounds set forth demonstrates a risk of imminent harm to the child. "Imminent harm" for purposes of this section shall include, but not be limited to, circumstances of sexual abuse, ~~((or))~~ sexual exploitation as defined in RCW 26.44.020, and a parent's failure to perform basic parental functions, obligations, and duties as the result of substance abuse; and (c) the court finds reasonable grounds to believe the child is dependent and that the child's health, safety, and welfare will be seriously endangered if not taken into custody.

(2) Any petition that does not have the necessary affidavit or declaration demonstrating a risk of imminent harm requires that the parents are provided notice and an opportunity to be heard before the order may be entered.

(3) The petition and supporting documentation must be served on the parent, and if the child is in custody at the time the child is removed, on the entity with custody other than the parent. Failure to effect service does not invalidate the petition if service was attempted and the parent could not be found.

NEW SECTION. Sec. 10. This act takes effect January 1, 2007.

NEW SECTION. Sec. 11. This act may be known and cited as the Justice and Raiden Act."

Correct the title.

PERSONAL PRIVILEGE

Senator Thibaudeau: "I voted for this previous bill and continue to be supportive of it but I do need to stay that I know of at least two instances where children who were known to CPS died because the workers simply didn't go back to see them. I've heard of all kinds of excuses and I think that one of the things that we must continue to face is that this should be in the best interest of the child. And too often, every time we hear about this, these instances, we change systems, we change procedures, we change policies and I think what we must do is consider how the workers just simply must keep in touch. So I urge you all to think about that. Thank you very much."

Engrossed Substitute Senate Bill No. 5499

April 21, 2005

MR. PRESIDENT:

MR. SPEAKER:

We of your conference committee, to whom was referred Engrossed Substitute Senate Bill No. 5499, have had the same under consideration and recommend that all previous amendments not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 29A.04.008 and 2004 c 271 s 102 are each amended to read as follows:

As used in this title:

(1) "Ballot" means, as the context implies, either:

(a) The issues and offices to be voted upon in a jurisdiction or portion of a jurisdiction at a particular primary, general election, or special election;

(b) A facsimile of the contents of a particular ballot whether printed on a paper ballot or ballot card or as part of a voting machine or voting device;

(c) A physical or electronic record of the choices of an individual voter in a particular primary, general election, or special election; or

(d) The physical document on which the voter's choices are to be recorded;

(2) "Paper ballot" means a piece of paper on which the ballot for a particular election or primary has been printed, on which a voter may record his or her choices for any candidate or for or against any measure, and that is to be tabulated manually;

(3) "Ballot card" means any type of card or piece of paper of any size on which a voter may record his or her choices for any candidate and for or against any measure and that is to be tabulated on a vote tallying system;

(4) "Sample ballot" means a printed facsimile of all the issues and offices on the ballot in a jurisdiction and is intended to give voters notice of the issues, offices, and candidates that are to be voted on at a particular primary, general election, or special election;

(5) "Provisional ballot" means a ballot issued ~~((to a voter))~~ at the polling place on election day by the precinct election board ~~((, for one of the following reasons))~~ to a voter who would otherwise be denied an opportunity to vote a regular ballot, for any reason authorized by the help America vote act, including but not limited to the following:

(a) The voter's name does not appear in the poll book;

(b) There is an indication in the poll book that the voter has requested an absentee ballot, but the voter wishes to vote at the polling place;

(c) There is a question on the part of the voter concerning the issues or candidates on which the voter is qualified to vote;

(d) Any other reason allowed by law;

(6) "Party ballot" means a primary election ballot specific to a particular major political party that lists all partisan offices to be voted on at that primary, and the candidates for those offices who affiliate with that same major political party;

(7) "Nonpartisan ballot" means a primary election ballot that lists all nonpartisan races and ballot measures to be voted on at that primary.

Sec. 2. RCW 29A.04.530 and 2003 c 111 s 151 are each amended to read as follows:

The secretary of state shall:

(1) Establish and operate, or provide by contract, training and certification programs for state and county elections administration officials and personnel, including training on the various types of election law violations and discrimination, and training programs for political party observers which conform to the rules for such programs established under RCW 29A.04.630;

(2) Establish guidelines, in consultation with state and local law enforcement or certified document examiners, for signature verification processes. All election personnel assigned to verify signatures must receive training on the guidelines;

(3) Administer tests for state and county officials and personnel who have received such training and issue certificates to those who have successfully completed the training and passed such tests;

~~((3))~~ (4) Maintain a record of those individuals who have received such training and certificates; and

~~((4))~~ (5) Provide the staffing and support services required by the board created under RCW 29A.04.510.

NEW SECTION. Sec. 3. A new section is added to chapter 29A.36 RCW to read as follows:

All provisional and absentee ballots must be visually distinguishable from each other and must be either:

(1) Printed on colored paper; or

(2) Imprinted with a bar code for the purpose of identifying the ballot as a provisional or absentee ballot. The bar code must not identify the voter.

Provisional and absentee ballots must be incapable of being tabulated by poll-site counting devices.

Sec. 4. RCW 29A.40.091 and 2004 c 271 s 135 are each amended to read as follows:

The county auditor shall send each absentee voter a ballot, a security envelope in which to seal the ballot after voting, a larger envelope in which to return the security envelope, and instructions on how to mark the ballot and how to return it to the county auditor. The instructions that accompany an absentee ballot for a partisan primary must include instructions for voting the applicable ballot style, as provided in chapter 29A.36 RCW. The absentee voter's name and address must be printed on the larger return envelope, which must also contain a declaration by the absentee voter reciting his or her qualifications and stating that he or she has not voted in any other jurisdiction at this election, together with a summary of the penalties for any violation of any of the provisions of this chapter. The declaration must clearly inform the voter that it is illegal to vote if he or she is not a United States citizen; it is illegal to vote if he or she has been convicted of a felony and has not had his or her voting rights restored; and, except as otherwise provided by law, it is illegal to cast a ballot or sign an absentee envelope on behalf of another voter. The return envelope must provide space for the voter to indicate the date on which the ballot was voted and for the voter to sign the oath. It must also contain a space that the voter may include a telephone number. A summary of the applicable penalty provisions of this chapter must be printed on the return envelope immediately adjacent to the space for the voter's signature. The signature of the voter on the return envelope must affirm and attest to the statements regarding the qualifications of that voter and to the validity of the ballot. The return envelope must also have a secrecy flap that the voter may seal that will cover the voter's signature and optional telephone number. For out-of-state voters, overseas voters, and service voters, the signed declaration on the return envelope constitutes the equivalent of a voter registration for the election or primary for which the ballot has been issued. The voter must be instructed to either return the ballot to the county auditor by whom it was issued or attach sufficient first class postage, if applicable, and mail the ballot to the appropriate county auditor no later than the day of the election or primary for which the ballot was issued.

If the county auditor chooses to forward absentee ballots, he or she must include with the ballot a clear explanation of the qualifications necessary to vote in that election and must also advise a voter with questions about his or her eligibility to contact the county auditor. This explanation may be provided on the ballot envelope, on an enclosed insert, or printed directly on the ballot itself. If the information is not included, the envelope must clearly indicate that the ballot is not to be forwarded and that return postage is guaranteed.

Sec. 5. RCW 29A.40.110 and 2003 c 111 s 1011 are each amended to read as follows:

(1) The opening and subsequent processing of return envelopes for any primary or election may begin ~~((on or after the tenth day before the primary or election))~~ upon receipt. The tabulation of absentee ballots must not commence until after 8:00 p.m. on the day of the primary or election.

(2) All received absentee return envelopes must be placed in secure locations from the time of delivery to the county auditor until their subsequent opening. After opening the return envelopes, the county canvassing board shall place all of the ballots in secure storage until after 8:00 p.m. of the day of the primary or election. Absentee ballots that are to be tabulated on an electronic vote tallying system may be taken from the inner envelopes and all the normal procedural steps may be performed to prepare these ballots for tabulation.

(3) Before opening a returned absentee ballot, the canvassing board, or its designated representatives, shall examine the postmark, statement, and signature on the return envelope that contains the security envelope and absentee ballot. They shall verify that the voter's signature on the return envelope is the same as the signature of that voter in the registration files of the

county. For registered voters casting absentee ballots, the date on the return envelope to which the voter has attested determines the validity, as to the time of voting for that absentee ballot if the postmark is missing or is illegible. For out-of-state voters, overseas voters, and service voters stationed in the United States, the date on the return envelope to which the voter has attested determines the validity as to the time of voting for that absentee ballot. For any absentee ballot, a variation between the signature of the voter on the return envelope and the signature of that voter in the registration files due to the substitution of initials or the use of common nicknames is permitted so long as the surname and handwriting are clearly the same.

NEW SECTION. Sec. 6. A new section is added to chapter 29A.44 RCW to read as follows:

Provisional ballots must be issued, along with a provisional ballot outer envelope and a security envelope, to voters as appropriate under RCW 29A.04.008. The provisional ballot outer envelope must include a place for the voter's name; registered address, both present and former if applicable; date of birth; reason for the provisional ballot; the precinct number and the precinct polling location at which the voter has voted; and a space for the county auditor to list the disposition of the provisional ballot. The provisional ballot outer envelope must also contain a declaration as required for absentee ballot outer envelopes under RCW 29A.40.091; a place for the voter to sign the oath; and a summary of the applicable penalty provisions of this chapter. The voter shall vote the provisional ballot in secrecy and, when done, place the provisional ballot in the security envelope, then place the security envelope into the outer envelope, and return it to the precinct election official. The election official shall ensure that the required information is completed on the outer envelope, have the voter sign it in the appropriate space, and place the envelope in a secure container. The official shall then give the voter written information advising the voter how to ascertain whether the vote was counted and, if applicable, the reason why the vote was not counted.

NEW SECTION. Sec. 7. A new section is added to chapter 29A.44 RCW to read as follows:

Any person desiring to vote at any primary or election is required to provide identification to the election officer before signing the poll book. The identification required in this section can be satisfied by providing a valid photo identification, such as a driver's license or state identification card, student identification card, or tribal identification card, a voter's voter identification issued by a county elections officer, or a copy of a current utility bill, bank statement, paycheck, or government check or other government document. Any individual who desires to vote in person but cannot provide identification as required by this section shall be issued a provisional ballot.

The secretary of state may adopt rules to carry out this section.

NEW SECTION. Sec. 8. A new section is added to chapter 29A.60 RCW to read as follows:

(1) If the voter neglects to sign the outside envelope of an absentee or provisional ballot, the auditor shall notify the voter by telephone and advise the voter of the correct procedures for completing the unsigned affidavit. If the auditor is not able to provide the information personally to the voter by telephone, then the voter must be contacted by first class mail and advised of the correct procedures for completing the unsigned affidavit. Leaving a voice mail message for the voter is not to be considered as personally contacting the voter. In order for the ballot to be counted, the voter must either:

(a) Appear in person and sign the envelope no later than the day before the certification of the primary or election; or

(b) Sign a copy of the envelope provided by the auditor, and return it to the auditor no later than the day before the certification of the primary or election.

(2)(a) If the handwriting of the signature on an absentee or provisional ballot envelope is not the same as the handwriting of the signature on the registration file, the auditor shall notify the voter by telephone and advise the voter of the correct procedures for updating his or her signature on the voter registration file. If the auditor is not able to provide the information personally to the voter by telephone, then the voter must be contacted by first class mail and advised of the correct procedures for completing the unsigned affidavit. Leaving a voice mail message for the voter is not to be considered as personally contacting the voter. In order for the ballot to be counted, the voter must either:

(i) Appear in person and sign a new registration form no later than the day before the certification of the primary or election; or

(ii) Sign a copy of the affidavit provided by the auditor and return it to the auditor no later than the day before the certification of the primary or election. If the signature on the copy of the affidavit does not match the signature on file, the voter must appear in person and sign a new registration form no later than the day before the certification of the primary or election in order for the ballot to be counted.

(b) If the signature on an absentee or provisional ballot envelope is not the same as the signature on the registration file because the name is different, the ballot may be counted as long as the handwriting is clearly the same. The auditor shall send the voter a change-of-name form under RCW 29A.08.440 and direct the voter to complete the form.

(c) If the signature on an absentee or provisional ballot envelope is not the same as the signature on the registration file because the voter used initials or a common nickname, the ballot may be counted as long as the surname and handwriting are clearly the same.

(3) A voter may not cure a missing or mismatched signature for purposes of counting the ballot in a recount.

(4) A record must be kept of all ballots with missing and mismatched signatures. The record must contain the date on which the voter was contacted or the notice was mailed, as well as the date on which the voter signed the envelope, a copy of the envelope, a new registration form, or a change-of-name form. That record is a public record under chapter 42.17 RCW and may be disclosed to interested parties on written request.

NEW SECTION. Sec. 9. A new section is added to chapter 29A.60 RCW to read as follows:

Before certification of the primary or election, the county auditor must examine and investigate all received provisional ballots to determine whether the ballot can be counted. The auditor shall provide the disposition of the provisional ballot and, if the ballot was not counted, the reason why it was not counted, on a free access system such as a toll-free telephone number, web

site, mail, or other means. The auditor must notify the voter in accordance with section 8 of this act when the envelope is unsigned or when the signatures do not match.

NEW SECTION. Sec. 10. A new section is added to chapter 29A.60 RCW to read as follows:

If inspection of the ballot reveals a physically damaged ballot or ballot that may be otherwise unreadable or uncountable by the tabulating system, the county auditor may refer the ballot to the county canvassing board or duplicate the ballot if so authorized by the county canvassing board. The voter's original ballot may not be altered. A ballot may be duplicated only if the intent of the voter's marks on the ballot is clear and the electronic voting equipment might not otherwise properly tally the ballot to reflect the intent of the voter. Ballots must be duplicated by teams of two or more people working together. When duplicating ballots, the county auditor shall take the following steps to create and maintain an audit trail of the action taken:

(1) Each original ballot and duplicate ballot must be assigned the same unique control number, with the number being marked upon the face of each ballot, to ensure that each duplicate ballot may be tied back to the original ballot;

(2) A log must be kept of the ballots duplicated, which must at least include:

(a) The control number of each original ballot and the corresponding duplicate ballot;

(b) The initials of at least two people who participated in the duplication of each ballot; and

(c) The total number of ballots duplicated.

Original and duplicate ballots must be sealed in secure storage at all times, except during duplication, inspection by the canvassing board, or tabulation.

NEW SECTION. Sec. 11. A new section is added to chapter 29A.60 RCW to read as follows:

(1) The county auditor shall prepare, make publicly available at the auditor's office or on the auditor's web site, and submit at the time of certification an election reconciliation report that discloses the following information:

(a) The number of registered voters;

(b) The number of ballots counted;

(c) The number of provisional ballots issued;

(d) The number of provisional ballots counted;

(e) The number of provisional ballots rejected;

(f) The number of absentee ballots issued;

(g) The number of absentee ballots counted;

(h) The number of absentee ballots rejected;

(i) The number of federal write-in ballots counted;

(j) The number of out-of-state, overseas, and service ballots issued;

(k) The number of out-of-state, overseas, and service ballots counted; and

(l) The number of out-of-state, overseas, and service ballots rejected.

(2) The county auditor shall prepare and make publicly available at the auditor's office or on the auditor's web site within thirty days of certification a final election reconciliation report that discloses the following information:

(a) The number of registered voters;

(b) The total number of voters credited with voting;

(c) The number of poll voters credited with voting;

(d) The number of provisional voters credited with voting;

(e) The number of absentee voters credited with voting;

(f) The number of federal write-in voters credited with voting;

(g) The number of out-of-state, overseas, and service voters credited with voting;

(h) The total number of voters credited with voting even though their ballots were postmarked after election day and were not counted; and

(i) Any other information the auditor deems necessary to reconcile the number of ballots counted with the number of voters credited with voting.

(3) The county auditor may also prepare such reports for jurisdictions located, in whole or in part, in the county.

Sec. 12. RCW 29A.60.021 and 2004 c 271 s 147 are each amended to read as follows:

(1) For any office at any election or primary, any voter may write in on the ballot the name of any person for an office who has filed as a write-in candidate for the office in the manner provided by RCW 29A.24.311 and such vote shall be counted the same as if the name had been printed on the ballot and marked by the voter. ~~((For a partisan primary in a jurisdiction using the physically separate ballot format, a voter may write in on a party ballot only the names of write-in candidates who affiliate with that major political party.))~~ No write-in vote made for any person who has not filed a declaration of candidacy pursuant to RCW 29A.24.311 is valid if that person filed for the same office, either as a regular candidate or a write-in candidate, at the preceding primary. Any abbreviation used to designate office~~(s)~~ or position~~(s) or political party shall~~) will be accepted if the canvassing board can determine, to ~~((their))~~ its satisfaction, the voter's intent.

(2) The number of write-in votes cast for each office must be recorded and reported with the canvass for the election.

(3) A write-in vote for an individual candidate for an office whose name appears on the ballot for that same office is a valid vote for that candidate as long as the candidate's name is clearly discernible, even if other requirements of RCW 29A.24.311 are not satisfied and even if the voter also marked a vote for that candidate such as to register an overvote. These votes need not be tabulated unless: (a) The difference between the number of votes cast for the candidate apparently qualified to appear on the general election ballot or elected and the candidate receiving the next highest number of votes is less than the sum

of the total number of write-in votes cast for the office plus the overvotes and undervotes recorded by the vote tabulating system; or (b) a manual recount is conducted for that office.

~~(4)~~ Write-in votes cast for an individual candidate for an office whose name does not appear on the ballot need not be tallied ~~((#))~~ unless the total number of write-in votes and undervotes recorded by the vote tabulation system for the office is ~~((not))~~ greater than the number of votes cast for the candidate apparently ~~((nominated))~~ qualified to appear on the general election ballot or elected ~~((, and the write-in votes could not have altered the outcome of the primary or election. In the case of write-in votes for statewide office or for any office whose jurisdiction encompasses more than one county, write-in votes for an individual candidate must be tallied whenever the county auditor is notified by either the office of the secretary of state or another auditor in a multicounty jurisdiction that it appears that the write-in votes could alter the outcome of the primary or election)).~~

~~((4))~~ (5) In the case of write-in votes for a statewide office ~~((s))~~ or any office whose jurisdiction ~~((s that))~~ encompasses more than one county, ~~((if the total number of write-in votes and undervotes recorded by the vote tabulation system for an office within a county is greater than the number of votes cast for a candidate apparently nominated or elected in a primary or election, the auditor shall tally all write-in votes for individual candidates for that office and notify the office of the secretary of state and the auditors of the other counties within the jurisdiction, that the write-in votes for individual candidates should be tallied))~~ write-in votes for an individual candidate must be tallied when the county auditor is notified by either the secretary of state or another county auditor in the multicounty jurisdiction that it appears that the write-in votes must be tabulated under the terms of this section. In all other cases, the county auditor determines when write-in votes must be tabulated. Any abstract of votes must be modified to reflect the tabulation and certified by the canvassing board. Tabulation of write-in votes may be performed simultaneously with a recount.

Sec. 13. RCW 29A.60.050 and 2003 c 111 s 1505 are each amended to read as follows:

Whenever the precinct election officers or the counting center personnel have a question about the validity of a ballot or the votes for an office or issue that they are unable to resolve, they shall prepare and sign a concise record of the facts in question or dispute. These ballots shall be delivered to the canvassing board for processing. A ballot is not considered rejected until the canvassing board has rejected the ballot individually, or the ballot was included in a batch or on a report of ballots that was rejected in its entirety by the canvassing board. All ballots shall be preserved in the same manner as valid ballots for that primary or election.

Sec. 14. RCW 29A.60.070 and 2003 c 111 s 1507 are each amended to read as follows:

The county auditor shall produce cumulative and precinct returns for each primary and election and deliver them to the canvassing board for verification and certification. The precinct and cumulative returns of any primary or election are public records under chapter 42.17 RCW.

Cumulative returns for state offices, judicial offices, the United States senate, and congress must be electronically transmitted to the secretary of state immediately.

Sec. 15. RCW 29A.60.160 and 2003 c 111 s 1516 are each amended to read as follows:

~~((At least every third day after a primary or election and before certification of the election results,))~~ Except Sundays and legal holidays, the county auditor, as delegated by the county canvassing board, shall process absentee ballots and canvass the votes cast at that primary or election on a daily basis in counties with a population of seventy-five thousand or more, or at least every third day for counties with a population of less than seventy-five thousand, if the county auditor is in possession of more than twenty-five ballots that have yet to be canvassed. The county auditor, as delegated by the county canvassing board, may use his or her discretion in determining when to process the remaining absentee ballots and canvass the votes during the final four days before the certification of election results in order to protect the secrecy of any ballot. In counties where this process has not been delegated to the county auditor, the county auditor shall convene the county canvassing board to process absentee ballots and canvass the votes cast at the primary or election as set forth in this section.

Each absentee ballot previously not canvassed that was received by the county auditor two days or more before processing absentee ballots and canvassing the votes as delegated by or processed by the county canvassing board, that either was received by the county auditor before the closing of the polls on the day of the primary or election for which it was issued, or that bears a postmark on or before the primary or election for which it was issued, must be processed at that time. The tabulation of votes that results from that day's canvass must be made available to the general public immediately upon completion of the canvass.

Sec. 16. RCW 29A.60.190 and 2004 c 266 s 18 are each amended to read as follows:

~~((On the tenth day after a special election or primary and on the fifteenth day))~~ Ten days after a primary or special election and twenty-one days after a general election, the county canvassing board shall complete the canvass and certify the results. Each absentee ballot that was returned before the closing of the polls on the date of the primary or election for which it was issued, and each absentee ballot with a postmark on or before the date of the primary or election for which it was issued and received on or before the date on which the primary or election is certified, must be included in the canvass report.

(2) At the request of a caucus of the state legislature, the county auditor shall transmit copies of all unofficial returns of state and legislative primaries or elections prepared by or for the county canvassing board to either the secretary of the senate or the chief clerk of the house of representatives.

Sec. 17. RCW 29A.60.210 and 2003 c 111 s 1521 are each amended to read as follows:

Whenever the canvassing board finds during the initial counting process, or during any subsequent recount thereof, that there is an apparent discrepancy or an inconsistency in the returns of a primary or election, or that election staff has made an error regarding the treatment or disposition of a ballot, the board may recanvass the ballots or voting devices in any precincts of the county. The canvassing board shall conduct any necessary recanvass activity on or before the last day to certify or recertify the

results of the primary ((~~or~~), election, or subsequent recount and correct any error and document the correction of any error that it finds.

Sec. 18. RCW 29A.60.250 and 2003 c 111 s 1525 are each amended to read as follows:

As soon as the returns have been received from all the counties of the state, but not later than the thirtieth day after the election, the secretary of state shall ~~((make a) canvass ((of such of the returns as are not required to be canvassed by the legislature and make out a statement thereof, file it in his or her office, and transmit a certified copy to the governor)) and certify the returns of the general election as to candidates for state offices, the United States senate, congress, and all other candidates whose districts extend beyond the limits of a single county. The secretary of state shall transmit a copy of the certification to the governor, president of the senate, and speaker of the house of representatives.~~

Sec. 19. RCW 29A.64.021 and 2004 c 271 s 178 are each amended to read as follows:

(1) If the official canvass of all of the returns for any office at any primary or election reveals that the difference in the number of votes cast for a candidate apparently nominated or elected to any office and the number of votes cast for the closest apparently defeated opponent is less than two thousand votes and also less than one-half of one percent of the total number of votes cast for both candidates, the county canvassing board shall conduct a recount of all votes cast on that position.

(a) Whenever such a difference occurs in the number of votes cast for candidates for a position the declaration of candidacy for which was filed with the secretary of state, the secretary of state shall, within three business days of the day that the returns of the primary or election are first certified by the canvassing boards of those counties, direct those boards to recount all votes cast on the position.

(b)(i) For statewide elections, if the difference in the number of votes cast for the apparent winner and the closest apparently defeated opponent is less than one ((hundred fifty)) thousand votes and also less than one-fourth of one percent of the total number of votes cast for both candidates, the votes shall be recounted manually or as provided in subsection (3) of this section.

(ii) For elections not included in (b)(i) of this subsection, if the difference in the number of votes cast for the apparent winner and the closest apparently defeated opponent is less than one hundred fifty votes and also less than one-fourth of one percent of the total number of votes cast for both candidates, the votes shall be recounted manually or as provided in subsection (3) of this section.

(2) A mandatory recount shall be conducted in the manner provided by RCW 29A.64.030, 29A.64.041, and 29A.64.061. No cost of a mandatory recount may be charged to any candidate.

(3) The apparent winner and closest apparently defeated opponent for an office for which a manual recount is required under subsection (1)(b) of this section may select an alternative method of conducting the recount. To select such an alternative, the two candidates shall agree to the alternative in a signed, written statement filed with the election official for the office. The recount shall be conducted using the alternative method if: It is suited to the balloting system that was used for casting the votes for the office; it involves the use of a vote tallying system that is approved for use in this state by the secretary of state; and the vote tallying system is readily available in each county required to conduct the recount. If more than one balloting system was used in casting votes for the office, an alternative to a manual recount may be selected for each system.

Sec. 20. RCW 29A.64.030 and 2003 c 111 s 1603 are each amended to read as follows:

An application for a recount shall state the office for which a recount is requested and whether the request is for all or only a portion of the votes cast in that jurisdiction of that office. The person filing an application for a manual recount shall, at the same time, deposit with the county canvassing board or secretary of state, in cash or by certified check, a sum equal to twenty-five cents for each ballot cast in the jurisdiction or portion of the jurisdiction for which the recount is requested as security for the payment of any costs of conducting the recount. If the application is for a machine recount, the deposit must be equal to fifteen cents for each ballot. These charges shall be determined by the county canvassing board or boards under RCW ~~((29A.64.080)) 29A.64.081.~~

The county canvassing board shall determine ~~((~~the~~)) the date, time, and ((~~the~~)) place or places at which the recount will be conducted. ~~((This time shall be less than three business days after the day upon which: The application was filed with the board; the request for a recount or directive ordering a recount was received by the board from the secretary of state; or the returns are certified which indicate that a recount is required under RCW 29A.64.020 for an issue or office voted upon only within the county.))~~ Not less than two days before the date of the recount, the county auditor shall mail a notice of the time and place of the recount to the applicant or affected parties and, if the recount involves an office, to any person for whom votes were cast for that office. The county auditor shall also notify the affected parties by either telephone, fax, e-mail, or other electronic means at the time of mailing. At least three attempts must be made over a two-day period to notify the affected parties or until the affected parties have received the notification. Each attempt to notify affected parties must request a return response indicating that the notice has been received. Each person entitled to receive notice of the recount may attend, witness the recount, and be accompanied by counsel.~~

Proceedings of the canvassing board are public under chapter 42.30 RCW. Subject to reasonable and equitable guidelines adopted by the canvassing board, all interested persons may attend and witness a recount.

Sec. 21. RCW 29A.64.061 and 2004 c 271 s 180 are each amended to read as follows:

Upon completion of the canvass of a recount, the canvassing board shall prepare and certify an amended abstract showing the votes cast in each precinct for which the recount was conducted. Copies of the amended abstracts must be transmitted to the same officers who received the abstract on which the recount was based.

If the nomination, election, or issue for which the recount was conducted was submitted only to the voters of a county, the canvassing board shall file the amended abstract with the original results of that election or primary.

If the nomination, election, or issue for which a recount was conducted was submitted to the voters of more than one county, the secretary of state shall canvass the amended abstracts and shall file an amended abstract with the original results of that election. The secretary of state may require that the amended abstracts be certified by each canvassing board on a uniform date. An amended abstract certified under this section supersedes any prior abstract of the results for the same offices or issues at the same primary or election.

Sec. 22. RCW 29A.68.011 and 2004 c 271 s 182 are each amended to read as follows:

Any justice of the supreme court, judge of the court of appeals, or judge of the superior court in the proper county shall, by order, require any person charged with error, wrongful act, or neglect to forthwith correct the error, desist from the wrongful act, or perform the duty and to do as the court orders or to show cause forthwith why the error should not be corrected, the wrongful act desisted from, or the duty or order not performed, whenever it is made to appear to such justice or judge by affidavit of an elector that:

- (6) An error or omission has occurred or is about to occur in the issuance of a certificate of election.

An affidavit of an elector under subsections (1) and (3) ~~((above))~~ of this section when relating to a primary election must be filed with the appropriate court no later than the second Friday following the closing of the filing period for nominations for such office and shall be heard and finally disposed of by the court not later than five days after the filing thereof. An affidavit of an elector under subsections (1) and (3) of this section when relating to a general election must be filed with the appropriate court no later than three days following the official certification of the primary election returns and shall be heard and finally disposed of by the court not later than five days after the filing thereof. An affidavit of an elector under subsection (6) of this section shall be filed with the appropriate court no later than ten days following the ~~((issuance of a certificate of election))~~ official certification of the election as provided in RCW 29A.60.190, 29A.60.240, or 29A.60.250 or, in the case of a recount, ten days after the official certification of the amended abstract as provided in RCW 29A.64.061.

(2) Any person who recklessly or negligently violates this section commits a class 1 civil infraction as provided in RCW 7.80.120.

NEW SECTION. Sec. 25. The secretary of state shall study the feasibility of requiring that the names of the top two vote-getters in primary elections of justices of the state supreme court, judges of the courts of appeals, superior courts, and district courts, and the superintendent of public instruction shall appear on the general election ballot. The study shall include a survey of how many times a judicial candidate and a candidate for superintendent of public instruction have appeared without opposition on the general election ballot from 1985 to present; the number of voters voting for these races in the primary election as opposed to voting for the same races in the general election; and if the differences in the numbers of voters voting at the primary and voting at the general election may have resulted in a different election result. POINT OF ORDER

POINT OF ORDER

Senator Brown: "Would yielding to a question be an inadvertent way of getting around speaking once?"

POINT OF PARLIAMENTARY INQUIRY

Senator Roach: "I don't know. I mean, are we impugning now the motives of the previous speaker who asked the question?"

April 21, 2005

MR. PRESIDENT:

MR. SPEAKER:

We of your conference committee, to whom was referred Engrossed Substitute Senate Bill No. 5743, have had the same under consideration and recommend that all previous amendments not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 10.64 RCW to read as follows:

When a person is convicted of a felony, the court shall require the defendant to sign a statement acknowledging that:

- (1) The defendant's right to vote has been lost due to the felony conviction;
- (2) If the defendant is registered to vote, the voter registration will be canceled;
- (3) The right to vote may be restored by:
 - (a) A certificate of discharge issued by the sentencing court, as provided in RCW 9.94A.637;
 - (b) A court order issued by the sentencing court restoring the right, as provided in RCW 9.92.066;
 - (c) A final order of discharge issued by the indeterminate sentence review board, as provided in RCW 9.96.050; or
 - (d) A certificate of restoration issued by the governor, as provided in RCW 9.96.020; and
- (4) Voting before the right is restored is a class C felony under RCW 29A.84.660.

Sec. 2. RCW 29A.08.010 and 2004 c 267 s 102 are each amended to read as follows:

As used in this chapter: "Information required for voter registration" means the minimum information provided on a voter registration application that is required by the county auditor in order to place a voter registration applicant on the voter registration rolls. This information includes ~~((the applicant's))~~:

(1) Name ~~((complete residence))~~;

(2) Residential address ~~((s))~~;

(3) Date of birth ~~((s))~~;

(4) Washington state driver's license number ~~((s))~~ or Washington state identification card number, or the last four digits of the applicant's Social Security number ~~((s))~~ if the applicant does not have a Washington state driver's license or Washington state identification card;

(5) A signature attesting to the truth of the information provided on the application ~~((s))~~; and

(6) A check or indication in the box confirming the individual is a United States citizen.

If the individual does not have a driver's license, state identification card, or Social Security number, the registrant must be issued a unique voter registration number ~~((and))~~ in order to be placed on the voter registration rolls. All other information supplied is ancillary and not to be used as grounds for not registering an applicant to vote. Modification of the language of the official Washington state voter registration form by the voter will not be accepted and will cause the rejection of the registrant's application.

Sec. 3. RCW 29A.08.030 and 2004 c 267 s 104 are each amended to read as follows:

The definitions set forth in this section apply throughout this chapter, unless the context clearly requires otherwise.

(1) "Verification notice" means a notice sent by the county auditor or secretary of state to a voter registration applicant and is used to verify or collect information about the applicant in order to complete the registration. The verification notice must be designed to include a postage prepaid, preaddressed return form by which the applicant may verify or send information.

(2) "Acknowledgement notice" means a notice sent by nonforwardable mail by the county auditor or secretary of state to a registered voter to acknowledge a voter registration transaction, which can include initial registration, transfer, or reactivation of an inactive registration. An acknowledgement notice may be a voter registration card.

(3) "Confirmation notice" means a notice sent to a registered voter by first class forwardable mail at the address indicated on the voter's permanent registration record and to any other address at which the county auditor or secretary of state could reasonably expect mail to be received by the voter in order to confirm the voter's residence address. The confirmation notice must be designed ~~((so that the voter may update his or her current residence address))~~ to include a postage prepaid, preaddressed return form by which the registrant may verify the address information.

Sec. 4. RCW 29A.08.107 and 2004 c 267 s 106 are each amended to read as follows:

(1) The secretary of state must review the information provided by each voter registration applicant to ensure that ~~((either))~~ the provided driver's license number, state identification card number, or ~~((the))~~ last four digits of the Social Security number match the information maintained by the Washington department of licensing or the Social Security administration. If a match cannot be made, the secretary of state or county auditor must correspond with the applicant to resolve the discrepancy.

(2) If the applicant fails to respond to any correspondence required in this section to confirm information provided on a voter registration application~~((s))~~ within ~~((thirty))~~ forty-five days, the applicant will not be registered to vote. The secretary of state shall forward the application to the appropriate county auditor for document storage.

(3) Only after the secretary of state has confirmed that ~~((an applicant's))~~ the provided driver's license number, state identification card number, or ~~((the))~~ last four digits of the applicant's Social Security number match existing records with the Washington department of licensing or the Social Security administration, or determined that the applicant does not have ~~((either))~~ a driver's license number, state identification card number, or Social Security number may the applicant be placed on the official list of registered voters.

(4) In order to prevent duplicate registration records, all complete voter registration applications must be screened against existing voter registration records in the official statewide voter registration list. If a match of an existing record is found in the official list, the record must be updated with the new information provided on the application. If the new information indicates that the voter has changed his or her county of residence, the application must be forwarded to the voter's new county of residence for processing.

Sec. 5. RCW 29A.08.110 and 2004 c 267 s 107 are each amended to read as follows:

(1) ~~((On receipt of an application for voter registration, the county auditor shall review the application to determine whether the information supplied is complete.))~~ An application is considered complete only if it contains the applicant's name, complete valid residence address, date of birth, ~~((and))~~ signature attesting to the truth of the information provided, a mark in the check-off box confirming United States citizenship, and an indication ~~((the license information))~~ that the provided driver's license number, state identification card number, or Social Security number has been confirmed by the secretary of state. If it is not complete, the auditor shall promptly mail a verification notice of the deficiency to the applicant. This verification notice shall require the applicant to provide the missing information. If the verification notice is not returned by the applicant within forty-five days or is returned as undeliverable ~~((the auditor shall not place)),~~ the name of the applicant shall not be placed on the ~~((county voter))~~ official list of registered voters. If the applicant provides the required verified information, the applicant shall be registered to vote as of the original date of mailing ~~((of the original voter registration application))~~ or date of delivery, whichever is applicable.

~~(2) ((In order to prevent duplicate registration records, all complete voter registration applications must be screened against existing voter registration records in the official statewide voter registration list. If a match of an existing record is found in the official list the record must be updated with the new information provided on the application. If the new information indicates that the voter has changed his or her county of residence, the application must be forwarded to the voter's new county of residence for processing. If the new information indicates that the voter remains in the same county of residence or if the applicant is a new voter the application must be processed by the county of residence.~~

~~((3))~~ If the information required in subsection (1) of this section is complete, the applicant is considered to be registered to vote as of the original date of mailing or date of delivery, whichever is applicable. The auditor shall record the appropriate precinct identification, taxing district identification, and date of registration on the voter's record in the state voter registration list. Within forty-five days after the receipt of an application but no later than seven days before the next primary, special election, or general election, the auditor shall send to the applicant, by first class mail, an acknowledgement notice identifying the registrant's precinct and containing such other information as may be required by the secretary of state. The postal service shall be instructed not to forward a voter registration card to any other address and to return to the auditor any card which is not deliverable. ~~((If the registrant has indicated on the form that he or she is registered to vote within the county but has provided a new address within the county that is for voter registration purposes, the auditor shall transfer the voter's registration.~~

~~((4))~~ (3) If an acknowledgement notice card is properly mailed as required by this section to the address listed by the voter as being the voter's mailing address and the notice is subsequently returned to the auditor by the postal service as being undeliverable to the voter at that address, the auditor shall promptly send the voter a confirmation notice. The auditor shall place the voter's registration on inactive status pending a response from the voter to the confirmation notice.

NEW SECTION. Sec. 6. A new section is added to chapter 29A.08 RCW to read as follows:

No person registering to vote, who meets all the qualifications of a registered voter in the state of Washington, shall be disqualified because of a nontraditional address being used as a residence address. Voters using such an address will be registered and assigned to a precinct based on the location provided. Voters without a traditional address will be registered at the county courthouse, city hall, or other public building near the area that the voter considers his or her residence. Registering at a nontraditional address will not disqualify a voter from requesting ongoing absentee voter status if the voter designates a valid mailing address.

For the purposes of this section, "nontraditional address" includes shelters, parks, or other identifiable locations that the voter deems to be his or her residence.

NEW SECTION. Sec. 7. A new section is added to chapter 29A.08 RCW to read as follows:

(1) If a voter who registered by mail indicates on the voter registration form that he or she does not have a Washington state driver's license, Washington state identification card, or Social Security number, he or she must provide one of the following forms of identification the first time he or she votes after registering:

- (a) Valid photo identification;
- (b) A valid enrollment card of a federally recognized Indian tribe in Washington state;
- (c) A copy of a current utility bill;
- (d) A current bank statement;
- (e) A copy of a current government check;
- (f) A copy of a current paycheck; or
- (g) A government document that shows both the name and address of the voter.

(2) If the voter fails to provide one of the above forms of identification prior to or at the time of voting, the ballot must be treated as a provisional ballot regardless of whether the voter is voting at a poll site or by mail. The ballot may only be counted if the voter's signature on the outside envelope matches the signature in the voter registration records.

(3) The requirements of this section do not apply to an out-of-state, overseas, or service voter who registers to vote by signing the return envelope of the absentee ballot.

Sec. 8. RCW 29A.08.115 and 2004 c 267 s 108 are each amended to read as follows:

A person or organization collecting voter registration application forms must transmit the forms to the secretary of state or a ~~((designee))~~ county auditor at least once weekly. The registration date on such forms will be the date they are received by the secretary of state or county auditor.

Sec. 9. RCW 29A.08.125 and 2004 c 267 s 110 are each amended to read as follows:

(1) Each county auditor shall maintain a computer file containing a copy of each record of all registered voters within the county contained on the official statewide voter registration list for that county.

(2) The secretary of state shall at least quarterly review and update the records of all registered voters on the official statewide voter registration data base to make additions and corrections.

(3) The computer file must include, but not be limited to, each voter's last name, first name, middle initial, date of birth, residence address, gender, date of registration, applicable taxing district and precinct codes, and the last date on which the individual voted.

(4) The county auditor shall subsequently record each consecutive date upon which the individual has voted and retain all such consecutive dates.

Sec. 10. RCW 29A.08.145 and 2004 c 267 s 113 are each amended to read as follows:

This section establishes a special procedure which an elector may use to register to vote or transfer a voter registration by changing his or her address during the period beginning after the closing of registration for voting at the polls under RCW 29A.08.140 and ending on the fifteenth day before a primary, special election, or general election. A qualified elector in the state may register to vote or change his or her registration address in person in the office of the county auditor of the county in which the applicant resides, or at a voter registration location specifically designated for this purpose by the county auditor ~~((of the county in which the applicant resides))~~ or secretary of state, and apply for an absentee ballot for that primary or election. The auditor or registration assistant shall register that individual in the manner provided in this chapter. The application for an absentee ballot executed by the newly registered or transferred voter for the primary or election that follows the execution of the registration shall be promptly transmitted to the auditor with the completed voter registration form.

Sec. 11. RCW 29A.08.210 and 2003 c 111 s 216 are each amended to read as follows:

An applicant for voter registration shall complete an application providing the following information concerning his or her qualifications as a voter in this state:

- (1) The address of the last former registration of the applicant as a voter in the state;
- (2) The applicant's full name;
- (3) The applicant's date of birth;
- (4) The address of the applicant's residence for voting purposes;
- (5) The mailing address of the applicant if that address is not the same as the address in subsection (4) of this section;
- (6) The sex of the applicant;
- (7) The applicant's Washington state driver's license number or Washington state identification card number, or the last four digits of the applicant's Social Security number if he or she does not have a Washington state driver's license or Washington state identification card;

(8) A check box for the applicant to indicate that he or she does not have a Washington state driver's license, Washington state identification card, or Social Security number;

(9) A check box allowing the applicant to indicate that he or she is a member of the armed forces, national guard, or reserves, or that he or she is an overseas voter;

(10) A check box allowing the applicant to confirm that he or she is at least eighteen years of age;

(11) Clear and conspicuous language, designed to draw the applicant's attention, stating that the applicant must be a United States citizen in order to register to vote;

(12) A check box and declaration confirming that the applicant is a citizen of the United States;

~~((§))~~ (13) The following warning:

"If you knowingly provide false information on this voter registration form or knowingly make a false declaration about your qualifications for voter registration you will have committed a class C felony that is punishable by imprisonment for up to five years, a fine of up to ten thousand dollars, or both."

(14) The following affirmation by the applicant:

"By signing this document, I hereby assert, under penalty of perjury, that I am legally eligible to vote. If I am found to have voted illegally, I may be prosecuted and/or fined for this illegal act. In addition, I hereby acknowledge that my name and last known address will be forwarded to the appropriate state and/or federal authorities if I am found to have voted illegally."

~~(15)~~ The oath required by RCW 29A.08.230 and a space for the applicant's signature; and

~~((9))~~ (16) Any other information that the secretary of state determines is necessary to establish the identity of the applicant and prevent duplicate or fraudulent voter registrations.

This information shall be recorded on a single registration form to be prescribed by the secretary of state.

If the applicant fails to provide the information required for voter registration, the auditor shall send the applicant a verification notice. The ~~((auditor shall not register the))~~ applicant may not be registered until the required information is provided. If a verification notice is returned as undeliverable or the applicant fails to respond to the notice within forty-five days, the ~~((auditor shall not register the))~~ applicant shall not be registered to vote.

~~((The following warning shall appear in a conspicuous place on the voter registration form:~~

~~"If you knowingly provide false information on this voter registration form or knowingly make a false declaration about your qualifications for voter registration you will have committed a class C felony that is punishable by imprisonment for up to five years, or by a fine of up to ten thousand dollars, or both imprisonment and fine."))~~

NEW SECTION. Sec. 12. A new section is added to chapter 29A.08 RCW to read as follows:

(1) When a felony offender has completed all the requirements of his or her sentence, the county clerk shall immediately transmit this information to the secretary of state along with information about the county where the conviction occurred and the county that is the last known residence of the offender. The secretary of state shall maintain such records as part of the elections data base.

(2) If the offender has completed all the requirements of all of his or her sentences for all of his or her felony convictions, the secretary of state shall transmit information about the restoration of the former felon's voting rights to the county auditor where the conviction took place and, if different, the county where the felon was last known to reside.

Sec. 13. RCW 29A.08.250 and 2004 c 267 s 117 are each amended to read as follows:

The secretary of state shall furnish registration forms necessary to carry out the registration of voters as provided by this chapter without cost to the respective counties. ~~((All voter registration forms must include clear and conspicuous language, designed to draw an applicant's attention, stating that the applicant must be a United States citizen in order to register to vote. Voter registration application forms must also contain a space for the applicant to provide his or her driver's license number or the last four digits of his or her social security number as well as check boxes intended to allow the voter to indicate age and United States citizenship eligibility under the Help America Vote Act of 2002 (P.L. 107-252).))~~

Sec. 14. RCW 29A.08.330 and 2003 c 111 s 224 are each amended to read as follows:

(1) The secretary of state shall prescribe the method of voter registration for each designated agency. The agency shall use either the state voter registration by mail form with a separate declination form for the applicant to indicate that he or she declines to register at this time, or the agency may use a separate form approved for use by the secretary of state.

(2) The person providing service at the agency shall offer voter registration services to every client whenever he or she applies for service or assistance and with each renewal, recertification, or change of address. The person providing service shall give the applicant the same level of assistance with the voter registration application as is offered to fill out the agency's forms and documents, including information about age and citizenship requirements for voter registration.

(3) The person providing service at the agency shall determine if the prospective applicant wants to register to vote or transfer his or her voter registration by asking the following question:

"Do you want to register to vote or transfer your voter registration?"

If the applicant chooses to register or transfer a registration, the service agent shall ask the following:

(a) "Are you a United States citizen?"

(b) "Are you or will you be eighteen years of age on or before the next election?"

If the applicant answers in the affirmative to both questions, the agent shall then provide the applicant with a voter registration form and instructions and shall record that the applicant has requested to register to vote or transfer a voter registration. If the applicant answers in the negative to either question, the agent shall not provide the applicant with a voter registration form.

(4) If an agency uses a computerized application process, it may, in consultation with the secretary of state, develop methods to capture simultaneously the information required for voter registration during a person's computerized application process.

~~((4))~~ (5) Each designated agency shall provide for the voter registration application forms to be collected from each agency office at least once each week. The agency shall then forward the application forms to the secretary of state each week. The secretary of state shall forward the forms to the county in which the applicant has registered to vote no later than ten days after the date on which the forms were received by the secretary of state.

Sec. 15. RCW 29A.08.520 and 2004 c 267 s 126 are each amended to read as follows:

(1) Upon receiving official notice of a person's conviction of a felony in either state or federal court, if the convicted person is a registered voter in the county, the county auditor shall cancel the defendant's voter registration. Additionally, the secretary of state in conjunction with the department of corrections, the Washington state patrol, the office of the administrator for the courts, and other appropriate state agencies shall arrange for a ~~((periodic))~~ quarterly comparison of a list of known felons with the statewide voter registration list. If a person is found on ~~((the department of corrections))~~ a felon list and the statewide voter registration list, the secretary of state or county auditor shall confirm the match through a date of birth comparison and

~~((cancel))~~ suspend the voter registration from the official state voter registration list. The canceling authority shall send ~~((notice of the proposed cancellation))~~ to the person at his or her last known voter registration address a notice of the proposed cancellation and an explanation of the requirements for restoring the right to vote once all terms of sentencing have been completed. If the person does not respond within thirty days, the registration must be canceled.

(2) The right to vote may be restored by, for each felony conviction, one of the following:

(a) A certificate of discharge issued by the sentencing court, as provided in RCW 9.94A.637;

(b) A court order restoring the right, as provided in RCW 9.92.066;

(c) A final order of discharge issued by the indeterminate sentence review board, as provided in RCW 9.96.050; or

(d) A certificate of restoration issued by the governor, as provided in RCW 9.96.020.

Sec. 16. RCW 29A.08.651 and 2004 c 267 s 101 are each amended to read as follows:

(1) The office of the secretary of state shall create and maintain a statewide voter registration data base. This data base must be a single, uniform, official, centralized, interactive computerized statewide voter registration list defined, maintained, and administered at the state level that contains the name and registration information of every legally registered voter in the state and assigns a unique identifier to each legally registered voter in the state.

(2) The computerized list must serve as the single system for storing and maintaining the official list of registered voters throughout the state.

(3) The computerized list must contain the name and registration information of every legally registered voter in the state.

(4) Under the computerized list, a unique identifier is assigned to each legally registered voter in the state.

(5) The computerized list must be coordinated with other agency data bases within the state, including but not limited to the department of corrections, the department of licensing, ~~((and))~~ the department of health, the Washington state patrol, and the office of the administrator for the courts. The computerized list may also be coordinated with the data bases of election officials in other states.

(6) Any election officer in the state, including any local election officer, may obtain immediate electronic access to the information contained in the computerized list.

(7) All voter registration information obtained by any local election officer in the state must be electronically entered into the computerized list on an expedited basis at the time the information is provided to the local officer.

(8) The chief state election officer shall provide support, as may be required, so that local election officers are able to enter information as described in subsection (3) of this section.

(9) The computerized list serves as the official voter registration list for the conduct of all elections.

(10) The secretary of state has data authority on all voter registration data.

(11) The voter registration data base must be designed to accomplish at a minimum, the following:

(h) Provide for the cancellation of voter registration for persons who have moved to other states and surrendered their Washington state drivers' licenses.

An auditor may maintain the automated file in lieu of filing or maintaining the original voter registration forms if the automated file includes all of the information from the original voter registration forms including, but not limited to, a retrievable facsimile of each voter's signature.

(2) The following information contained in voter registration records or files regarding a voter or a group of voters is available for public inspection and copying, except as provided in RCW 40.24.060: The voter's name, address, political jurisdiction, gender, date of birth, voting record, date of registration, and registration number. ~~((The address and political~~

In the case of voter registration records received through an agency designated under RCW 29A.08.310, the identity of the agency at which any particular individual registered to vote is not available for public inspection and shall not be disclosed to the public. Any record of a particular individual's choice not to register to vote at an office of the department of licensing or a state agency designated under RCW 29A.08.310 is not available for public inspection and any information regarding such a choice by a particular individual shall not be disclosed to the public.

The county auditor or secretary of state shall promptly furnish current lists ((or mailing labels)) of registered voters in his or her possession, at actual reproduction cost, to any person requesting such information. The lists ((and labels)) shall not be used for the purpose of mailing or delivering any advertisement or offer for any property, establishment, organization, product, or service or for the purpose of mailing or delivering any solicitation for money, services, or anything of value. However, the lists and labels may be used for any political purpose. The county auditor or secretary of state must provide a copy of RCW 29A.08.740 to the person requesting the material that is released under this section.~~

Sec. 19. RCW 29A.08.740 and 2003 c 111 s 249 and 2003 c 53 s 176 are each reenacted and amended to read as follows:

(1) Any person who uses registered voter data furnished under RCW 29A.08.720 ((or 29A.08.730)) for the purpose of mailing or delivering any advertisement or offer for any property, establishment, organization, product, or service or for the purpose of mailing or delivering any solicitation for money, services, or anything of value is guilty of a class C felony punishable by imprisonment in a state correctional facility for a period of not more than five years or a fine of not more than ten thousand dollars or both such fine and imprisonment, and is liable to each person provided such advertisement or solicitation, without the person's consent, for the nuisance value of such person having to dispose of it, which value is herein established at five dollars for each item mailed or delivered to the person's residence. However, a person who mails or delivers any advertisement, offer, or solicitation for a political purpose is not liable under this section unless the person is liable under subsection (2) of this section. For purposes of this subsection, two or more attached papers or sheets or two or more papers that are enclosed in the same envelope or container or are folded together are one item. Merely having a mailbox or other receptacle for mail on or near the person's residence is not an indication that the person consented to receive the advertisement or solicitation. A class action may be brought to recover damages under this section, and the court may award a reasonable attorney's fee to any party recovering damages under this section.

(2) Each person furnished data under RCW 29A.08.720 ((or 29A.08.730)) shall take reasonable precautions designed to assure that the data is not used for the purpose of mailing or delivering any advertisement or offer for any property, establishment, organization, product, or service or for the purpose of mailing or delivering any solicitation for money, services, or anything of value. Where failure to exercise due care in carrying out this responsibility results in the data being used for such purposes, then such person is jointly and severally liable for damages under subsection (1) of this section along with any other person liable under subsection (1) of this section for the misuse of such data.

Sec. 20. RCW 29A.08.775 and 2004 c 267 s 136 are each amended to read as follows:

Only voters who appear on the official statewide voter registration list are eligible to participate in elections. Each county shall maintain a copy of that county's portion of the state list. The county must ensure that data used for the production of poll lists and other lists and mailings done in the administration of each election are ~~((drawn from))~~ the same as the official statewide voter registration list.

Sec. 21. RCW 29A.40.091 and 2004 c 271 s 135 are each amended to read as follows:

The county auditor shall send each absentee voter a ballot, a security envelope in which to seal the ballot after voting, a larger envelope in which to return the security envelope, and instructions on how to mark the ballot and how to return it to the county auditor. The instructions that accompany an absentee ballot for a partisan primary must include instructions for voting the applicable ballot style, as provided in chapter 29A.36 RCW. The absentee voter's name and address must be printed on the larger return envelope, which must also contain a declaration by the absentee voter reciting his or her qualifications and stating that he or she has not voted in any other jurisdiction at this election, together with a summary of the penalties for any violation of any of the provisions of this chapter. The declaration must clearly inform the voter that it is illegal to vote if he or she is not a United States citizen; it is illegal to vote if he or she has been convicted of a felony and has not had his or her voting rights restored; and, except as otherwise provided by law, it is illegal to cast a ballot or sign an absentee envelope on behalf of another voter. A summary of the applicable penalty provisions of this chapter must be printed on the return envelope immediately adjacent to the space for the voter's signature. The signature of the voter on the return envelope must affirm and attest to the statements regarding the qualifications of that voter and to the validity of the ballot. The return envelope must also have a secrecy flap that the voter may seal that will cover the voter's signature and optional telephone number. For out-of-state voters, overseas voters, and service voters, the signed declaration on

the return envelope constitutes the equivalent of a voter registration for the election or primary for which the ballot has been issued. The voter must be instructed to either return the ballot to the county auditor by whom it was issued or attach sufficient first class postage, if applicable, and mail the ballot to the appropriate county auditor no later than the day of the election or primary for which the ballot was issued.

If the county auditor chooses to forward absentee ballots, he or she must include with the ballot a clear explanation of the qualifications necessary to vote in that election and must also advise a voter with questions about his or her eligibility to contact the county auditor. This explanation may be provided on the ballot envelope, on an enclosed insert, or printed directly on the ballot itself. If the information is not included, the envelope must clearly indicate that the ballot is not to be forwarded and that return postage is guaranteed.

Sec. 22. RCW 29A.84.140 and 2003 c 111 s 2108 are each amended to read as follows:

The department may also provide a print to the driver's next of kin in the event the driver is deceased.

Sec. 24. RCW 46.20.155 and 2004 c 249 s 7 are each amended to read as follows:

(1) Before issuing an original license or identicard or renewing a license or identicard under this chapter, the licensing agent shall determine if the applicant wants to register to vote or transfer his or her voter registration by asking the following question:

"Do you want to register to vote or transfer your voter registration?"

If the applicant chooses to register or transfer a registration, the agent shall ~~((state))~~ ask the following:

~~("I would like to remind you that you must be a United States citizen and at least eighteen years of age in order to vote.")~~

(1) "Are you a United States citizen?"

(2) "Are you or will you be eighteen years of age on or before the next election?"

If the applicant answers in the affirmative to both questions, the agent shall then provide the applicant with a voter registration form and instructions and shall record that the applicant has requested to register to vote or transfer a voter registration. If the applicant answers in the negative to either question, the agent shall not provide the applicant with a voter registration form.

(2) The department shall establish a procedure that substantially meets the requirements of subsection (1) of this section when permitting an applicant to renew a license or identicard by mail or by electronic commerce.

PERSONAL PRIVILEGE

Senator Finkbeiner: "Thank you Mr. President, members of the Senate. You know down here we spend sometimes so much time debating issues and arguing things back and forth and obviously they can be very emotional sometimes and I think sometimes it's sort of easy to forget our humanity here. There's somebody here in the Senate who, in particular, who's going to be facing some very serious challenges over the next several months. It's somebody that I know that we all have a tremendous amount of respect for and love for. Somebody who's, personally, taught me just a great deal about life in general about how to be a good person. I think that I just wanted to stand up convey all the best wishes and prayers and love from all the Senate to Senator Oke as he goes forward over these next several months."

PERSONAL PRIVILEGE

Senator Brown: "Thank you Mr. President. Adding my words to that of Senator Finkbeiner. I'd like to offer from my side of the aisle, first of all, our apologies for some of the tough schedules that we've put you through this session. But more than that our immense gratitude to Senator Oke because he has been a real inspiration to us. Truly, the way that he has greeted each day, so courageously. The way that his spirit has given us a sense of peace and a sense of, I'll tell you, inspiration to move forward and to try to get this session done on time. A lot of that has been because of you and because, I figure, if you can address what your addressing with such courage and grace, we should certainly do the same thing. So we also want to tell you, Bob, that we love you. And that we really appreciate everything that you've done for your constituents, for the state of Washington and also as part of this somewhat dysfunctional family that we in the Senate."

The President invited Senator Bob Oke to the bar of the Senate. On behalf of the Senate, Senators Finkbeiner and Brown presented a framed photograph of the Tacoma Narrows Bridge signed by all the members of the Senate.

REMARKS BY THE PRESIDENT

President Owen: "For those in the gallery who cannot see, the President will take a moment just to explain. This is an incredible picture of the Narrows bridge as it will look when the second bridge is in. For those of you who do not know, Senator Oke has been an incredible engineer on the effort to get this project done for the last several years. Senator Oke."

PERSONAL PRIVILEGE

Senator Oke: "Thank you, Mr. President. Somebody brought some Kleenex here, that's appropriate. Wow, I don't know what to say. I just wish my bride was standing there. I hope she's watching this. She's in the moving mode and she thinks we're coming back, though, next year. I pray that all of you have that strong faith.

I watched Senator Swecker yesterday shed some tears over many issues that he had in his life. We're all faced with challenges. I just know when I reached thirty-five, and Senator Hargrove knows where I'm coming from, the Lord completely changed my life. I was somebody that was down in the, if you will, the bottoms of this world and he picked me up and keeps bringing me up every day. I know that I've got some challenges in front of me but I know with yours prayers and the love I feel for all of you here that I'm going to make it through this one and I think I've got some years left in me. I do want to see that bridge one day, walk down the middle of it and, whether people or happy or unhappy, I know it's going to save a lot of lives. I know it's the right thing to do. I wish we were doing more projects like this throughout the state and not just talking about them. I guess I just want to, again, thank you. What a precious, precious day this is. One that I will remember forever. Just know that my love and respect is for this place. We've had some tough votes and sometimes I feel like I've been moving towards the other side

of the aisle, but I would love a vote again here to do away with tobacco sampling – actually more important than the bridge so... Mr. President, I know that we're not suppose to talk about the other body, but they've got another day and they could still pass that bill and then that would mean more than this."

PERSONAL PRIVILEGE

Senator Stevens: "I just wanted to add a word if I could. I think that the real toughest role in what Senator Oke is going through, is his wife. It is not easy for a wife to sit by and watch as a husband struggles. It is probably, how can say this, I've never been there, more difficult than what he is going through and I would just like to offer my condolences to Judy and what she must be feeling and I ask that you join me in giving her a round of applause."

PERSONAL PRIVILEGE

Senator Deccio: "I just want to add a quick word. A couple of years ago when Senator West discovered what his problem was, I gave him a little card that I carried around since I got out of the service. It's a prayer to St. Jude whose the advocate of the difficult and impossible. I gave that to Jim and when he was here the other day looking fit as a fiddle I said 'Hey, did St. Jude come through for you?' He said, 'He sure did.' He had a lapel jacket, he had a lapel St. Jude lapel, whatever. I gave the same thing to Senator Oke a few weeks ago and I know St. Jude has carried me through a lot of problems and I should not of being even considered. Bob, he's going to come forward for you too."

PERSONAL PRIVILEGE

Senator Swecker: "Well, I had a very personal story about Bob that I wanted to share. I wouldn't be here if it wasn't for Bob. It's kind of a funny story. My predecessor Neil Amondson resigned half way through his term and a good friend of mine Jim Zimmerman and Bob were out duck hunting and they were sitting in a duck blind and they were talking over who, oh it was pheasant, I'm sorry. Anyway they were hunting together and they were talking over who should be encouraged to run to replace Senator Amondson and they both came up my name. Now the really funny part is they called me and I wasn't home and they got my answering machine and they were like a couple of kids in a candy store. They were laughing and urging me to run and doing all kinds of things. It was a really remarkable story. I wish I could've saved that tape. It took me a whole day and a half to decide to run after that. So I'm here because of Bob and his mentorship and leadership has meant a great deal to me. Thank you, Bob."

MOTION

On motion of Senator Eide, Rule 15 was suspended for the remainder of the day for the purpose of allowing continued floor action.

EDITOR'S NOTE: Senate Rule 15 establishes the floor schedule and allows for a lunch and dinner break of 90 minutes each per day during regular daily sessions.

MOTION

At 12:49 p.m., on motion of Senator Eide, the Senate was declared to be recessed until 1:45 p.m.

AFTERNOON SESSION

The Senate was called to order at 1:45 p.m. by President Owen.

MOTION

On motion of Senator Eide, the Senate advanced to the sixth order of business.

A person shall be exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the year following the year in which a claim is filed, and thereafter, in accordance with the following:

(1) The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of the time of filing: PROVIDED, That any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant shall receive an exemption on more than one residence in any year: PROVIDED FURTHER, That confinement of the person to a hospital, nursing home, boarding home, or adult family home shall not disqualify the claim of exemption if:

(a) The residence is temporarily unoccupied;

(b) The residence is occupied by a spouse and/or a person financially dependent on the claimant for support; or

(c) The residence is rented for the purpose of paying nursing home, hospital, boarding home, or adult family home costs;

(2) The person claiming the exemption must have owned, at the time of filing, in fee, as a life estate, or by contract purchase, the residence on which the property taxes have been imposed or if the person claiming the exemption lives in a cooperative housing association, corporation, or partnership, such person must own a share therein representing the unit or portion of the structure in which he or she resides. (4) The amount that the person shall be exempt from an obligation to pay shall be calculated on the basis of combined disposable income, as defined in RCW 84.36.383. If the person claiming the exemption was retired for two months or more of the assessment year, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person during the months such person was retired by twelve. If the income of the person claiming exemption is reduced for two or more months of the assessment year by reason of the death of the person's spouse, or when other substantial changes occur in disposable income that are likely to continue for an indefinite period of time, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person after such occurrences by twelve. (ii) A person who otherwise qualifies under this section and has a combined disposable income of twenty-five thousand dollars or less shall be exempt from all regular property taxes on the greater of sixty thousand dollars or sixty percent of the valuation of his or her residence;

(6) For a person who otherwise qualifies under this section and has a combined disposable income of thirty-five thousand dollars or less, the valuation of the residence shall be the assessed value of the residence on the later of January 1, 1995, or January 1st of the assessment year the person first qualifies under this section. If the person subsequently fails to qualify under this section only for one year because of high income, this same valuation shall be used upon requalification. If the person fails to qualify for more than one year in succession because of high income or fails to qualify for any other reason, the valuation upon requalification shall be the assessed value on January 1st of the assessment year in which the person requalifies. If the person transfers the exemption under this section to a different residence, the valuation of the different residence shall be the assessed value of the different residence on January 1st of the assessment year in which the person transfers the exemption.

In no event may the valuation under this subsection be greater than the true and fair value of the residence on January 1st of the assessment year.

This subsection does not apply to subsequent improvements to the property in the year in which the improvements are made. Subsequent improvements to the property shall be added to the value otherwise determined under this subsection at their true and fair value in the year in which they are made."

NEW SECTION. Sec. 2. A new section is added to chapter 64.04 RCW to read as follows:

(1) If the department of social and health services has filed a request for notice of transfer or encumbrance under section 1 of this act:

Sec. 3. RCW 65.04.050 and 1996 c 143 s 4 are each amended to read as follows:

Every auditor or recording officer must keep a general index, direct and inverted. The index may be either printed on paper or produced on microfilm or microfiche, or it can be created from a computerized data base and displayed on a video display terminal. Any reference to a prior record location number may be entered in the remarks column. Any property legal description contained in the instrument must be entered in the description of property column of the general index. The direct index shall be divided into eight columns, and with heads to the respective columns, as follows: Date of reception, grantor, grantee, nature of instrument, volume and page where recorded and/or the auditor's file number, remarks, description of property, assessor's property tax parcel or account number. The auditor or recording officer shall correctly enter in such index every instrument concerning or affecting real estate which by law is required to be recorded, the names of grantors being in alphabetical order. The inverted index shall also be divided into eight columns, precisely similar, except that "grantee" shall occupy the second column and "grantor" the third, the names of grantees being in alphabetical order. The auditor or recording officer may combine the direct and indirect indexes into a single index if it contains all the information required to be contained in the separate direct and indirect indexes and the names of all grantors and grantees can be found by a person searching the combined index. For the purposes of this chapter, the term "grantor" means any person conveying or encumbering the title to any property, or any person against whom any lis pendens, judgment, notice of lien, order of sale, execution, writ of attachment, ((~~or~~)) claims of separate or community property, or notice for request of transfer or encumbrance under section 1 of this act shall be placed on

record. The auditor or recording officer shall also enter in the general index, the name of the party or parties platting a town, village, or addition in the column prescribed for "grantors," describing the grantee in such case as "the public." However, the auditor or recording officer shall not receive or record any such plat or map until it has been approved by the mayor and common council of the municipality in which the property so platted is situated, or if the property be not situated within any municipal corporation, then the plat must be first approved by the county legislative authority. The auditor or recording officer shall not receive for record any plat, map, or subdivision of land bearing a name the same or similar to the name of any map or plat already on record in the office. The auditor or recording officer may establish a name reservation system to preclude the possibility of duplication of names.

Sec. 4. RCW 6.13.080 and 1993 c 200 s 4 are each amended to read as follows:

The homestead exemption is not available against an execution or forced sale in satisfaction of judgments obtained:

(1) On debts secured by mechanic's, laborer's, construction, maritime, automobile repair, materialmen's or vendor's liens arising out of and against the particular property claimed as a homestead;

(2) On debts secured (a) by security agreements describing as collateral the property that is claimed as a homestead or (b) by mortgages or deeds of trust on the premises that have been executed and acknowledged by the husband and wife or by any unmarried claimant;

(3) On one spouse's or the community's debts existing at the time of that spouse's bankruptcy filing where (a) bankruptcy is filed by both spouses within a six-month period, other than in a joint case or a case in which their assets are jointly administered, and (b) the other spouse exempts property from property of the estate under the bankruptcy exemption provisions of 11 U.S.C. Sec. 522(d);

(4) On debts arising from a lawful court order or decree or administrative order establishing a child support obligation or obligation to pay spousal maintenance; ((€))

(5) On debts owing to the state of Washington for recovery of medical assistance correctly paid on behalf of an individual consistent with 42 U.S.C. Sec. 1396p; or

(6) On debts secured by a condominium's or homeowner association's lien. In order for an association to be exempt under this provision, the association must have provided a homeowner with notice that nonpayment of the association's assessment may result in foreclosure of the association lien and that the homestead protection under this chapter shall not apply. An association has complied with this notice requirement by mailing the notice, by first class mail, to the address of the owner's lot or unit. The notice required in this subsection shall be given within thirty days from the date the association learns of a new owner, but in all cases the notice must be given prior to the initiation of a foreclosure. The phrase "learns of a new owner" in this subsection means actual knowledge of the identity of a homeowner acquiring title after June 9, 1988, and does not require that an association affirmatively ascertain the identity of a homeowner. Failure to give the notice specified in this subsection affects an association's lien only for debts accrued up to the time an association complies with the notice provisions under this subsection.

Sec. 5. RCW 43.20B.030 and 2003 c 207 s 1 are each amended to read as follows:

(1) Except as otherwise provided by law, including subsection (2) of this section, there will be no collection of overpayments and other debts due the department after the expiration of six years from the date of notice of such overpayment or other debt unless the department has commenced recovery action in a court of law or unless an administrative remedy authorized by statute is in place. However, any amount due in a case thus extended shall cease to be a debt due the department at the expiration of ten years from the date of the notice of the overpayment or other debt unless a court-ordered remedy would be in effect for a longer period.

(2) There will be no collection of debts due the department after the expiration of twenty years from the date a lien is recorded pursuant to RCW 43.20B.080.

(3) The department, at any time, may accept offers of compromise of disputed claims or may grant partial or total write-off of any debt due the department if it is no longer cost-effective to pursue. The department shall adopt rules establishing the considerations to be made in the granting or denial of a partial or total write-off of debts.

Sec. 6. RCW 43.20B.080 and 1999 c 354 s 2 are each amended to read as follows:

(1) The department shall file liens, seek adjustment, or otherwise effect recovery for medical assistance correctly paid on behalf of an individual consistent with 42 U.S.C. Sec. 1396p. The department shall adopt a rule providing for prior notice and hearing rights to the record title holder or purchaser under a land sale contract.

(2) Liens may be adjusted by foreclosure in accordance with chapter 61.12 RCW.

(3) In the case of an individual who was fifty-five years of age or older when the individual received medical assistance, the department shall seek adjustment or recovery from the individual's estate, and from nonprobate assets of the individual as defined by RCW 11.02.005, but only for medical assistance consisting of nursing facility services, home and community-based services, other services that the department determines to be appropriate, and related hospital and prescription drug services. Recovery from the individual's estate, including foreclosure of liens imposed under this section, shall be undertaken as soon as practicable, consistent with 42 U.S.C. Sec. 1396p.

(4) The department shall apply the medical assistance estate recovery law as it existed on the date that benefits were received when calculating an estate's liability to reimburse the department for those benefits.

(5)(a) The department shall establish procedures consistent with standards established by the federal department of health and human services and pursuant to 42 U.S.C. Sec. 1396p to waive recovery when such recovery would work an undue hardship.

(b) Recovery of medical assistance from a recipient's estate shall not include property made exempt from claims by federal law or treaty, including exemption for tribal artifacts that may be held by individual Native Americans.

(6) A lien authorized under ~~((subsections (1) through (5) of))~~ this section relates back to attach to any real property that the decedent had an ownership interest in immediately before death and is effective as of that date or date of recording, whichever is earlier.

(7) The department may enforce a lien authorized under this section against a decedent's life estate or joint tenancy interest in real property held by the decedent immediately prior to his or her death. Such a lien enforced under this subsection shall not end and shall continue as provided in this subsection until the department's lien has been satisfied.

(a) The value of the life estate subject to the lien shall be the value of the decedent's interest in the property subject to the life estate immediately prior to the decedent's death.

(b) The value of the joint tenancy interest subject to the lien shall be the value of the decedent's fractional interest the recipient would have owned in the jointly held interest in the property had the recipient and the surviving joint tenants held title to the property as tenants in common on the date of the recipient's death.

(c) The department may not enforce the lien provided by this subsection against a bona fide purchaser or encumbrancer that obtains an interest in the property after the death of the recipient and before the department records either its lien or the request for notice of transfer or encumbrance as provided by section 1 of this act.

(d) The department may not enforce a lien provided by this subsection against any property right that vested prior to July 1, 2005.

(8)(a) Subject to the requirements of 42 U.S.C. Sec. 1396p(a) and the conditions of this subsection (8), the department is authorized to file a lien against the property of an individual prior to his or her death, and to seek adjustment and recovery from the individual's estate or sale of the property subject to the lien, if:

(i) The individual is an inpatient in a nursing facility, intermediate care facility for individuals with mental retardation, or other medical institution; and

(ii) The department has determined after notice and opportunity for a hearing that the individual cannot reasonably be expected to be discharged from the medical institution and to return home.

(b) If the individual is discharged from the medical facility and returns home, the department shall dissolve the lien.

(9) The department is authorized to adopt rules to effect recovery under this section. The department may adopt by rule later enactments of the federal laws referenced in this section.

~~((8))~~ (10) It is the responsibility of the department to fully disclose in advance verbally and in writing, in easy to understand language, the terms and conditions of estate recovery to all persons offered long-term care services subject to recovery of payments.

~~((9))~~ (11) In disclosing estate recovery costs to potential clients, and to family members at the consent of the client, the department shall provide a written description of the community service options.

~~((10) The department of social and health services shall develop an implementation plan for notifying the client or his or her legal representative at least quarterly of the types of services used and the cost of those services (debt) that will be charged against the estate. MOTION

Senator Deccio moved that the following striking amendment by Senator Deccio be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature recognizes that returns on the investment of retirement plan assets are volatile, and market volatility is reflected in variations in the funded status of the state retirement plans over time. The legislature also recognizes that the long-term liability in the plans 1 of the public employees' retirement system and the teachers' retirement system remains independent from short-term investment returns in the market. The legislature seeks to avoid contribution rate volatility that may unfairly benefit or burden particular groups of taxpayers with disproportionate responsibilities for retiring the unfunded liability in the plans 1. Therefore, it is the intent of the legislature to provide for the systematic payment of the plans 1 unfunded liability in a manner that promotes contribution rate adequacy and stability for the affected systems over time.

NEW SECTION. Sec. 2. A new section is added to chapter 41.45 RCW to read as follows:

(1) There shall be no suspension of those portions of the basic state and employer contribution rates that are necessary to pay for the unfunded actuarial accrued liability for plan 1 of the public employees' retirement system for the following periods: From July 1, 2005, through June 30, 2009, for the public employees' retirement system; from July 1, 2006, through June 30, 2009, for the public safety employees' retirement system; and from September 1, 2005, through August 31, 2009, for the school employees' retirement system.

(2) There shall be no suspension of those portions of the basic state and employer contribution rates that are necessary to pay for the unfunded actuarial accrued liability for plan 1 of the teachers' retirement system for the period beginning September 1, 2005, and ending August 31, 2009.

NEW SECTION. Sec. 3. A new section is added to chapter 41.45 RCW to read as follows:

(1) Beginning July 1, 2009, a minimum 2.75 percent contribution is established as part of the basic state and employer contribution rate for the public employees' retirement system, to be used for the sole purpose of amortizing the unfunded actuarial accrued liability in the public employees' retirement system plan 1. This minimum contribution rate shall remain effective until the actuarial value of assets equals one hundred twenty-five percent of the actuarial accrued liability or June 30, 2024, whichever comes first.

(2) Beginning July 1, 2009, a minimum 2.75 percent contribution is established as part of the basic state and employer contribution rate for the public safety employees' retirement system, to be used for the sole purpose of amortizing the unfunded actuarial accrued liability in the public employees' retirement system plan 1. This minimum contribution rate shall remain effective until the actuarial value of assets equals one hundred twenty-five percent of the actuarial accrued liability for the public employees' retirement system plan 1 or June 30, 2024, whichever comes first.

(3) Beginning September 1, 2009, a minimum 2.75 percent contribution is established as part of the basic state and employer contribution rate for the school employees' retirement system, to be used for the sole purpose of amortizing the unfunded actuarial accrued liability in the public employees' retirement system plan 1. This minimum contribution rate shall

remain effective until the actuarial value of assets equals one hundred twenty-five percent of the actuarial accrued liability for the public employees' retirement system plan 1 or June 30, 2024, whichever comes first.

(4) Beginning September 1, 2009, a minimum 5.00 percent contribution is established as part of the basic state and employer contribution rate for the teachers' retirement system, to be used for the sole purpose of amortizing the unfunded actuarial accrued liability in the teachers' retirement system plan 1. This minimum contribution rate shall remain effective until the actuarial value of assets equals one hundred twenty-five percent of the actuarial accrued liability for the teachers' retirement system plan 1 or June 30, 2024, whichever comes first.

(5) The minimum contribution rates for amortizing the unfunded liability in the plans 1 may exceed, but shall not drop below those specified in this section. Upon completion of each biennial actuarial valuation, the state actuary shall review the appropriateness of the minimum contribution rates and recommend to the legislature any adjustments as may be needed due to material changes in benefits or actuarial assumptions, methods, or experience.

Sec. 4. RCW 41.31.020 and 1998 c 340 s 2 are each amended to read as follows:

MESSAGE FROM THE HOUSE

April 16, 2005

MR. PRESIDENT:

The House has passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5581, with the following amendments{s}

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. LEGISLATIVE DECLARATION. The legislature declares that promoting the health of state residents is a fundamental purpose of state government. The legislature declares it to be a clear public purpose and governmental function to promote life sciences research to foster a preventive and predictive vision of the next generation of health-related innovations, to enhance the competitive position of Washington state in this vital sector of the economy, and to improve the quality and delivery of health care for the people of Washington. The legislature finds that public support for and promotion of life sciences research will benefit the state and its residents through improved health status and health outcomes, economic development, and contributions to scientific knowledge, and such research will lead to breakthroughs and improvements that might not otherwise be discovered due to lack of existing market incentives, especially in the area of regenerative medicine. The legislature finds that public support for and promotion of life sciences research has the potential to provide cures or new treatments for many debilitating diseases that cost the state millions of dollars each year. It is appropriate and consistent with the intent of the master settlement agreement between the state and tobacco product manufacturers to invest a portion of the revenues derived therefrom by the state in life sciences research, to leverage the revenues with other funds, and to encourage cooperation and innovation among public and private institutions involved in life sciences research. The purpose of this chapter is to establish a life sciences discovery fund authority, to grant that authority the power to contract with the state to receive revenues under the master settlement agreement, and to contract with other entities to receive other funds, and to disburse those funds consistent with the purpose of this chapter. The life sciences discovery fund is intended to promote the best available research in life sciences disciplines through diverse Washington institutions and to build upon existing strengths in the area of biosciences and biomanufacturing in order to spread the economic benefits across the state. The life sciences discovery fund is also intended to foster improved health care outcomes and improved agricultural production research across this state and the world. The research investments of the life sciences discovery fund are intended to further the goals of the "Bio 21" report and to support future statewide, comprehensive strategies to lead the nation in life sciences-related research and employment.

MESSAGE FROM THE HOUSE

April 21, 2005

MR. PRESIDENT:

The House has passed SUBSTITUTE SENATE BILL NO. 5177, with the following amendments{s):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 36.73 RCW to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "District" means a transportation benefit district created under this chapter.

(2) "City" means a city or town.

(3) "Transportation improvement" means a project contained in the transportation plan of the state or a regional transportation planning organization that is of statewide or regional significance. A project may include investment in new or existing highways of statewide significance, principal arterials of regional significance, high-capacity transportation, public transportation, and other transportation projects and programs of regional or statewide significance including transportation demand management. Projects may also include the operation, preservation, and maintenance of these facilities or programs. Not more than forty percent of the revenues generated by a district may be expended on city streets, county roads, existing highways other than highways of statewide significance, and the creation of a new highway that intersects with a highway of statewide significance.

Sec. 2. RCW 36.73.010 and 1987 c 327 s 1 are each amended to read as follows:

The legislature finds that the citizens of the state can benefit by cooperation of the public and private sectors in addressing transportation needs. This cooperation can be fostered through enhanced capability for cities, towns, and counties to make and fund transportation improvements necessitated by economic development and to improve the performance of the transportation system.

It is the intent of the legislature to encourage joint efforts by the state, local governments, and the private sector to respond to the need for those transportation improvements on state highways, county roads, and city streets. This goal can be better achieved by allowing cities, towns, and counties to establish transportation benefit districts in order to respond to the special transportation needs and economic opportunities resulting from private sector development for the public good. The legislature also seeks to facilitate the equitable participation of private developers whose developments may generate the need for those improvements in the improvement costs.

Sec. 3. RCW 36.73.020 and 1989 c 53 s 1 are each amended to read as follows:

(1) The legislative authority of a county or city may establish ((one or more)) a transportation benefit district((s)) within the county or city area or within the area specified in subsection (2) of this section, for the purpose of acquiring, constructing, improving, providing, and funding ((any city street, county road, or state highway)) a transportation improvement within the district that is ((+)) consistent with any existing state, regional, and local transportation plans((-(2))) and necessitated by existing or reasonably foreseeable congestion levels ((attributable to economic growth, and (3) partially funded by local government or private developer contributions, or a combination of such contributions)). ((Such)) The transportation improvements shall be owned by the county of jurisdiction if located in an unincorporated area, by the city of jurisdiction if located in an incorporated area, or by the state in cases where the transportation improvement is or becomes a state highway((and all such)). However, if deemed appropriate by the governing body of the transportation benefit district, a transportation improvement may be owned by a participating port district or transit district, unless otherwise prohibited by law. Transportation improvements shall be administered and maintained as other public streets, roads, ((and)) highways, and transportation improvements. ((The district may not include any area within the corporate limits of a city unless the city legislative authority has agreed to the inclusion pursuant to chapter 39.34 RCW. The agreement shall specify the area and such powers as may be granted to the benefit district.)) To the extent practicable, the district shall consider the following criteria when selecting transportation improvements:

(a) Reduced risk of transportation facility failure and improved safety;

(b) Improved travel time;

(c) Improved air quality;

- (d) Increases in daily and peak period trip capacity;
- (e) Improved modal connectivity;
- (f) Improved freight mobility;
- (g) Cost-effectiveness of the investment;
- (h) Optimal performance of the system through time; and
- (i) Other criteria, as adopted by the governing body.

(2) The district may include area within more than one county, city, port district, county transportation authority, or public transportation benefit area, if the legislative authority of each participating jurisdiction has agreed to the inclusion as provided in an interlocal agreement adopted pursuant to chapter 39.34 RCW. However, the boundaries of the district shall include all territory within the boundaries of the participating jurisdictions comprising the district.

(3) The members of the ((county)) legislative authority ~~proposing to establish the district~~, acting ex officio and independently, shall ~~((compose)) constitute~~ the governing body of the district: PROVIDED, That where a ~~((transportation benefit))~~ district includes ~~((any portion of an incorporated city, town, or another county, the district may be governed as provided in an interlocal agreement adopted pursuant to chapter 39.34 RCW))~~ area within more than one jurisdiction under subsection (2) of this section, the district shall be governed under an interlocal agreement adopted pursuant to chapter 39.34 RCW. However, the governing body shall be composed of at least five members including at least one elected official from the legislative authority of each participating jurisdiction.

(4) The ((county)) treasurer of the jurisdiction proposing to establish the district shall act as the ex officio treasurer of the district, unless an interlocal agreement states otherwise.

(5) The electors of the district shall all be registered voters residing within the district. ~~((For purposes of this section, the term "city" means both cities and towns.))~~

Sec. 4. RCW 36.73.040 and 1989 c 53 s 3 are each amended to read as follows:

(1) A transportation benefit district is a quasi-municipal corporation, an independent taxing "authority" within the meaning of Article VII, section 1 of the state Constitution, and a "taxing district" within the meaning of Article VII, section 2 of the state Constitution.

(2) A transportation benefit district constitutes a body corporate and possesses all the usual powers of a corporation for public purposes as well as all other powers that may now or hereafter be specifically conferred by statute, including, but not limited to, the authority to hire employees, staff, and services, to enter into contracts, to acquire, hold, and dispose of real and personal property, and to sue and be sued. Public works contract limits applicable to the jurisdiction that established the district ~~((shall))~~ apply to the district.

(3) To carry out the purposes of this chapter, and subject to the provisions of section 17 of this act, a district is authorized to impose the following taxes, fees, charges, and tolls:

(a) A sales and use tax in accordance with section 15 of this act;

(b) A vehicle fee in accordance with section 16 of this act;

(c) A fee or charge in accordance with RCW 36.73.120. However, if a county or city within the district area is levying a fee or charge for a transportation improvement, the fee or charge shall be credited against the amount of the fee or charge imposed by the district. Developments consisting of less than twenty residences are exempt from the fee or charge under RCW 36.73.120; and

(d) Vehicle tolls on state routes or federal highways, city streets, or county roads, within the boundaries of the district, unless otherwise prohibited by law. The department of transportation shall administer the collection of vehicle tolls authorized on state routes or federal highways, unless otherwise specified in law or by contract, and the state transportation commission, or its successor, may approve, set, and impose the tolls in amounts sufficient to implement the district's transportation improvement finance plan. The district shall administer the collection of vehicle tolls authorized on city streets or county roads, and shall set and impose, only with approval of the transportation commission, or its successor, the tolls in amounts sufficient to implement the district's transportation improvement plan.

Subject to the provisions of section 19 of this act, the legislative ~~((authority))~~ authorities shall make provision for a district to be automatically dissolved when all indebtedness of the district has been retired and anticipated responsibilities have been satisfied. This notice shall be in addition to any other notice required by law to be published. The notice shall, where applicable, specify the functions or activities proposed to be provided or funded, or the additional functions or activities proposed to be provided or funded, by the district. All hearings shall be public and the ~~((city or county))~~ legislative ~~((authority))~~ authorities shall hear objections from any person affected by the formation, modification of the boundaries, or dissolution of the district.

(2) Following the hearing held pursuant to subsection (1) of this section, the ~~((city or county))~~ legislative ~~((authority))~~ authorities may establish a ~~((transportation benefit))~~ district, modify the boundaries or functions of an existing district, or dissolve an existing district, if the ~~((city or county))~~ legislative ~~((authority finds))~~ authorities find the action to be in the public interest and ~~((adopts))~~ adopt an ordinance providing for the action. (4) The rate of the tax under subsection (1) of this section may be based either upon gross proceeds or the number of vehicle stalls available for commercial parking use. The rates charged must be uniform for the same class or type of commercial parking business.

(5) The county, city, or district levying the tax provided for in subsection (1) or (2) of this section may provide for its payment on a monthly, quarterly, or annual basis. Each local government may develop by ordinance or resolution rules for administering the tax, including provisions for reporting by commercial parking businesses, collection, and enforcement.

(6) The proceeds of the commercial parking tax fixed and imposed by a city or county under subsection (1) or (2) of this section shall be used ~~((strictly))~~ for transportation purposes in accordance with RCW 82.80.070 or for transportation improvements in accordance with chapter 36.73 RCW. The district shall administer the collection of vehicle tolls authorized on city streets or county roads, and shall set and impose the tolls, only with approval of the transportation commission, in amounts sufficient to implement the district's transportation improvement plan. Tolls may vary for type of vehicle, for time of day, for traffic conditions, and/or other factors designed to improve performance of the facility or the transportation network.

REPORT OF THE CONFERENCE REPORT

April 22, 2005

MR. PRESIDENT:

MR. SPEAKER:

We of your conference committee, to whom was referred Engrossed Substitute House Bill No. 2266, have had the same under consideration and recommend that all previous amendments not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Restricting access to certain precursor drugs used to manufacture methamphetamine to ensure that they are only sold at retail to individuals who will use them for legitimate purposes upon production of proper identification is an essential step to controlling the manufacture of methamphetamine.

NEW SECTION. Sec. 2. A new section is added to chapter 69.43 RCW to read as follows:

(1) For purposes of this section, "traditional Chinese herbal practitioner" means a person who is certified as a diplomate in Chinese herbology from the national certification commission for acupuncture and oriental medicine or who has received a certificate in Chinese herbology from a school accredited by the accreditation council on acupuncture and oriental medicine.

(2) A pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner may not knowingly sell, transfer, or otherwise furnish to any person a product at retail that he or she knows to contain any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, without first obtaining photo identification of the person that shows the date of birth of the person.

(3) A person buying or receiving a product at retail containing any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, from a pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner must first produce photo identification of the person that shows the date of birth of the person.

(4) Any product containing any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, shall be kept in a central location that is not accessible by customers without assistance of an employee of the merchant.

(5) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner may sell any product containing any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, to a person that is not at least eighteen years old.

(6) The board of pharmacy, by rule, may exempt products containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, in combination with another active ingredient from the requirements of this section if they are found not to be used in the illegal manufacture of methamphetamine or other controlled dangerous substances. A manufacturer of a drug product may apply for removal of the product from the requirements of this section if the product is determined by the board to have been formulated in such a way as to effectively prevent the conversion of the active ingredient into methamphetamine. The burden of proof for exemption is upon the person requesting the exemption. The petitioner shall provide the board with evidence that the product has been formulated in such a way as to serve as an effective general deterrent to the conversion of pseudoephedrine into methamphetamine. The evidence must include the furnishing of a valid scientific study, conducted by an independent, professional laboratory and evincing professional quality chemical analysis. Factors to be considered in whether a product should be excluded from this section include but are not limited to:

- (a) Ease with which the product can be converted to methamphetamine;
 - (b) Ease with which ephedrine, pseudoephedrine, or phenylpropanolamine is extracted from the substance and whether it forms an emulsion, salt, or other form;
 - (c) Whether the product contains a "molecular lock" that renders it incapable of being converted into methamphetamine;
 - (d) Presence of other ingredients that render the product less likely to be used in the manufacture of methamphetamine;
- and
- (e) Any pertinent data that can be used to determine the risk of the substance being used in the illegal manufacture of methamphetamine or any other controlled substance.

(7) Nothing in this section applies:

- (a) To any product containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers that is not the only active ingredient and that is in liquid, liquid capsule, or gel capsule form;
- (b) To the sale of a product that may only be sold upon the presentation of a prescription;
- (c) To the sale of a product by a traditional Chinese herbal practitioner to a patient; or

(d) When the details of the transaction are recorded in a pharmacy profile individually identified with the recipient and maintained by a licensed pharmacy.

(8)(a) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner may retaliate against any employee that has made a good faith attempt to comply with the requirements of this section by requesting that a customer present photo identification, making a reasonable effort to determine the customer's age.

(b) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner is subject to prosecution under subsection (9) of this section if they made a good faith attempt to comply with the requirements of this section by requesting that a customer present photo identification, making a reasonable effort to determine the customer's age.

(9) A violation of this section is a gross misdemeanor.

NEW SECTION. Sec. 3. A new section is added to chapter 69.43 RCW to read as follows:

(1) The Washington association of sheriffs and police chiefs or the Washington state patrol may petition the state board of pharmacy to apply the log requirements in section 8 of this act to one or more products that contain ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, that is not the only active ingredient and that is in liquid, liquid capsule, or gel capsule form. The petition shall establish that:

(a) Ephedrine, pseudoephedrine, or phenylpropanolamine can be effectively extracted from the product and converted into methamphetamine or another controlled dangerous substance; and

(b) Law enforcement, the Washington state patrol, or the department of ecology are finding substantial evidence that the product is being used for the illegal manufacture of methamphetamine or another controlled dangerous substance.

(2) The board of pharmacy shall adopt rules when a petition establishes that requiring the application of the log requirements in section 8 of this act to the sale of the product at retail is warranted based upon the effectiveness and extent of use of the product for the illegal manufacture of methamphetamine or other controlled dangerous substances and the extent of the burden of any restrictions upon consumers. The board of pharmacy may adopt emergency rules to apply the log requirements to the sale of a product when the petition establishes that the immediate restriction of the product is necessary in order to protect public health and safety.

Sec. 4. RCW 69.43.110 and 2004 c 52 s 5 are each amended to read as follows:

(1) It is unlawful for a pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, or a practitioner as defined in RCW 18.64.011, knowingly to sell, transfer, or to otherwise furnish, in a single transaction:

(a) More than (~~three~~) two packages of one or more products that he or she knows to contain ephedrine, pseudoephedrine, or phenylpropanolamine, their salts, isomers, or salts of isomers; or

(b) A single package of any product that he or she knows to contain more than three grams of ephedrine, pseudoephedrine, or phenylpropanolamine, their salts, isomers, or salts of isomers, or a combination of any of these substances.

(2) It is unlawful for a person who is not a manufacturer, wholesaler, practitioner, pharmacy, shopkeeper, or itinerant vendor licensed by or registered with the department of health under chapter 18.64 RCW to purchase or acquire, in any twenty-four hour period, more than the quantities of the substances specified in subsection (1) of this section.

(3) It is unlawful for any person to sell or distribute any of the substances specified in subsection (1) of this section unless the person is licensed by or registered with the department of health under chapter 18.64 RCW, or is a practitioner as defined in RCW 18.64.011.

(4) A violation of this section is a gross misdemeanor.

Sec. 5. RCW 18.64.044 and 2004 c 52 s 2 are each amended to read as follows:

(1) A shopkeeper registered as provided in this section may sell nonprescription drugs, if such drugs are sold in the original package of the manufacturer.

(2) Every shopkeeper not a licensed pharmacist, desiring to secure the benefits and privileges of this section, is hereby required to register as a shopkeeper through the master license system, and he or she shall pay the fee determined by the secretary for registration, and on a date to be determined by the secretary thereafter the fee determined by the secretary for renewal of the registration; and shall at all times keep said registration or the current renewal thereof conspicuously exposed in the location to which it applies. In event such shopkeeper's registration is not renewed by the master license expiration date, no renewal or new registration shall be issued except upon payment of the registration renewal fee and the master license delinquency fee under chapter 19.02 RCW. This registration fee shall not authorize the sale of legend drugs or controlled substances.

(3) The registration fees determined by the secretary under subsection (2) of this section shall not exceed the cost of registering the shopkeeper.

(4) Any shopkeeper who shall vend or sell, or offer to sell to the public any such nonprescription drug or preparation without having registered to do so as provided in this section, shall be guilty of a misdemeanor and each sale or offer to sell shall constitute a separate offense.

(5) A shopkeeper who is not a licensed pharmacy may purchase products containing any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, only from a wholesaler licensed by the department under RCW 18.64.046 or from a manufacturer licensed by the department under RCW 18.64.045. The board shall issue a warning to a shopkeeper who violates this subsection, and may suspend or revoke the registration of the shopkeeper for a subsequent violation.

(6) A shopkeeper who has purchased products containing any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, in a suspicious transaction as defined in RCW 69.43.035, is subject to the following requirements:

(a) The shopkeeper may not sell any quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, if the total monthly sales of these products exceed ten percent of the shopkeeper's total prior monthly sales of nonprescription drugs in March through October. In November through February, the shopkeeper may not sell any quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, if the total monthly sales of these products exceed twenty percent of the shopkeeper's total prior monthly sales of nonprescription drugs. For purposes of this section, "monthly sales" means total dollars paid by buyers. The board may suspend or revoke the registration of a shopkeeper who violates this subsection.

(b) The shopkeeper shall maintain inventory records of the receipt and disposition of nonprescription drugs, utilizing existing inventory controls if an auditor or investigator can determine compliance with (a) of this subsection, and otherwise in the form and manner required by the board. The records must be available for inspection by the board or any law enforcement agency and must be maintained for two years. The board may suspend or revoke the registration of a shopkeeper who violates this subsection. For purposes of this subsection, "disposition" means the return of product to the wholesaler or distributor.

Sec. 6. RCW 18.64.046 and 2004 c 52 s 3 are each amended to read as follows:

(1) The owner of each place of business which sells legend drugs and nonprescription drugs, or nonprescription drugs at wholesale shall pay a license fee to be determined by the secretary, and thereafter, on or before a date to be determined by the secretary as provided in RCW 43.70.250 and 43.70.280, a like fee to be determined by the secretary, for which the owner shall receive a license of location from the department, which shall entitle such owner to either sell legend drugs and nonprescription drugs or nonprescription drugs at wholesale at the location specified for the period ending on a date to be determined by the secretary, and each such owner shall at the time of payment of such fee file with the department, on a blank therefor provided, a declaration of ownership and location, which declaration of ownership and location so filed as aforesaid shall be deemed presumptive evidence of the ownership of such place of business mentioned therein. It shall be the duty of the owner to notify immediately the department of any change of location and ownership and to keep the license of location or the renewal thereof properly exhibited in such place of business.

(2) Failure to conform with this section is a misdemeanor, and each day that the failure continues is a separate offense.

(3) In event the license fee remains unpaid on the date due, no renewal or new license shall be issued except upon compliance with administrative procedures, administrative requirements, and fees determined as provided in RCW 43.70.250 and 43.70.280.

(4) No wholesaler may sell any quantity of drug products containing ephedrine, pseudoephedrine, phenylpropanolamine, or their salts, isomers, or salts of isomers, if the total monthly sales of these products to persons within the state of Washington exceed five percent of the wholesaler's total prior monthly sales of nonprescription drugs to persons within the state in March through October. (2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. The department shall conduct an evaluation of the WMIP, measuring changes in participant health outcomes, changes in patterns of service utilization, participant satisfaction, participant access to services, and the state fiscal impact.

(e) Provide a process evaluation to the juvenile rehabilitation administration and the family policy council by June 20, 2006, and a concluding report by June 30, 2007. The court shall develop this evaluation in consultation with the juvenile rehabilitation administration, the family policy council, and the Washington state institute for public policy.

(6) \$319,000 of the general fund--state appropriation for fiscal year 2006 and \$678,000 of the general fund--state appropriation for fiscal year 2007 are provided solely to establish a reinvesting in youth pilot program. Participation shall be limited to three counties or groups of counties, including one charter county with a population of over eight hundred thousand residents and at least one county or group of counties with a combined population of three hundred thousand residents or less.

(a) Only the following intervention service models shall be funded under the pilot program: (i) Functional family therapy; (ii) multi-systemic therapy; and (iii) aggression replacement training.

(b) Subject to (c) of this subsection, payments to counties in the pilot program shall be sixty-nine percent of the average service model cost per youth times the number of youth engaged by the selected service model. For the purposes of calculating the average service model cost per engaged youth for a county, the following costs will be included: Staff salaries, staff benefits, training, fees, quality assurance, and local expenditures on administration.

(c) Distribution of moneys to the charter county with a population of over eight hundred thousand residents shall be based upon the number of youth that are engaged by the intervention service models, up to six hundred thousand dollars for the biennium. The department may distribute the remaining grant moneys to the other counties selected to participate in the pilot program.

(d) The department shall provide recommendations to the legislature by June 30, 2006, regarding a cost savings calculation methodology, a funds distribution formula, and criteria for service model eligibility for use if the reinvesting in youth program is continued in future biennia.

The juvenile rehabilitation administration, in consultation with the juvenile court administrators, shall develop an equitable distribution formula for the funding provided in this subsection, and negotiate contracts that would avoid the cost of a youth kept in the community costing more than serving the youth in a juvenile rehabilitation institution and parole program on an average daily population basis. The juvenile rehabilitation administration may adjust the funding level provided in this subsection in the event that utilization rates of the disposition alternatives are lower than the level anticipated by the total appropriation to the juvenile rehabilitation administration in this section. The juvenile rehabilitation administration shall report to the appropriate

policy and fiscal committees of the legislature on the use of the disposition alternatives and revocations by December 1, 2006. If either bill is not enacted by June 30, 2005, the amounts provided in this subsection shall lapse.

NEW SECTION. Sec. 204. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--MENTAL HEALTH PROGRAM

(1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS

General Fund--State Appropriation (FY 2006)	\$261,430,000
General Fund--State Appropriation (FY 2007)	\$269,285,000
General Fund--Federal Appropriation	\$336,771,000
General Fund--Private/Local Appropriation	\$1,970,000
TOTAL APPROPRIATION	\$869,456,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) In fiscal year 2006 the department shall continue and in fiscal year 2007 it shall complete the phased-in implementation of the revised medicaid allocation formula under which each regional support network is paid the same standard capitation rate per medicaid eligible person, adjusted by age and disability status.

(b) \$103,400,000 of the general fund--state appropriation for fiscal year 2006 and \$103,400,000 of the general fund--state appropriation for fiscal year 2007 are provided solely for persons and services not covered by the medicaid program. The department shall distribute these amounts among the regional support networks according to a formula that, consistent with RCW 71.24.035(13), assures continuation of fiscal year 2003 levels of nonmedicaid service in each regional support network area for the following service categories in the following priority order: (i) Crisis and commitment services; (ii) community inpatient services; and (iii) residential care services, including personal care and emergency housing assistance. The remaining amounts shall be distributed based upon a formula that incorporates each regional support network's percentage of the state's population. In consultation with regional support networks and other interested groups, the department shall report to the joint legislative and executive task force by September 2006 on options for modifying the allocation formula to assure equitable statewide access to essential nonmedicaid services.

(c) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(d) Within amounts appropriated in this subsection, the department shall contract with the Clark county regional support network for development and operation of a project demonstrating collaborative methods for providing intensive mental health services in the school setting for severely emotionally disturbed children who are medicaid eligible. Project services shall be delivered by teachers and teaching assistants who qualify as, or who are under the supervision of, mental health professionals meeting the requirements of chapter 275-57 WAC. The department shall increase medicaid payments to the regional support network by the amount necessary to cover the necessary and allowable costs of the demonstration, not to exceed the upper payment limit specified for the regional support network in the department's medicaid waiver agreement with the federal government after meeting all other medicaid spending requirements assumed in this subsection. The regional support network shall provide the required nonfederal share of the increased medicaid payment provided for operation of this project.

(e) \$3,100,000 of the general fund--state appropriation for fiscal year 2006 and \$3,375,000 of the general fund--state appropriation for fiscal year 2007 are provided solely to establish a base community psychiatric hospitalization payment rate. The base payment rate shall be \$400 per indigent patient day at hospitals that accept commitments under the involuntary treatment act, and \$550 per medicaid patient day at free-standing psychiatric hospitals that accept commitments under the involuntary treatment act. The department shall allocate these funds among the regional support networks to reflect projected expenditures at the enhanced payment level by hospital and region.

(f) At least \$902,000 of the federal block grant funding appropriated in this subsection shall be used for the continued operation of the mentally ill offender pilot program.

(g) \$2,146,000 of the general fund--state appropriation for fiscal year 2006, \$4,408,000 of the general fund--state appropriation for fiscal year 2007, and \$4,559,000 of the general fund--federal appropriation are provided solely for a vendor rate increase to regional support networks for medicaid and nonmedicaid services, to the extent that: Amounts provided in this subsection (1) to serve medicaid clients through regional support networks are sufficient to ensure compliance with federally approved actuarially sound medicaid rate ranges in every rate category. If such amounts are not sufficient to ensure compliance,

funds provided in this subsection (1)(g) shall first be applied to address any noncompliant rate category; remaining amounts shall be allocated among the regional support networks by applying a uniform percentage of increase across regional support networks.

(h) \$5,000,000 of the general fund--state appropriation for fiscal year 2006 and \$5,000,000 of the general fund--state appropriation for fiscal year 2007 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon mentally ill offenders' release from confinement. These amounts shall supplement, and not supplant, local or other funding or in-kind resources currently being used for these purposes. The department is authorized to transfer such amounts as are necessary, which are not to exceed \$418,000 of the general fund--state appropriation for fiscal year 2006 and \$418,000 of the general fund--state appropriation for fiscal year 2007, to the economic services program for the purposes of implementing section 12 of Engrossed Second Substitute House Bill No. 1290 (community mental health) related to reinstating and facilitating access to mental health services upon mentally ill offenders' release from confinement.

Such projects may include, but are not limited to, clubhouse programs and projects for integrated health care and behavioral health services for general assistance recipients. These amounts shall supplement, and not supplant, local or other funding currently being used for activities funded under the projects authorized in this subsection.

(j) The department is authorized to continue to expend federal block grant funds, and special purpose federal grants, through direct contracts, rather than through contracts with regional support networks; and to distribute such funds through a formula other than the one established pursuant to RCW 71.24.035(13).

(k) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.

(l) \$2,250,000 of the general fund--state appropriation for fiscal year 2006, \$2,250,000 of the general fund--state appropriation for fiscal year 2007, and \$4,500,000 of the general fund--federal appropriation are provided solely for the continued operation of community residential and support services for persons who are older adults or who have co-occurring medical and behavioral disorders and who have been discharged or diverted from a state psychiatric hospital. These funds shall be used to serve individuals whose treatment needs constitute substantial barriers to community placement, who no longer require active psychiatric treatment at an inpatient hospital level of care, and who no longer meet the criteria for inpatient involuntary commitment. Coordination of these services will be done in partnership between the mental health program and the aging and disability services administration. The funds are not subject to the standard allocation formula applied in accordance with RCW 71.24.035(13)(a).

(m) \$750,000 of the general fund--state appropriation for fiscal year 2006 and \$750,000 of the general fund--state appropriation for fiscal year 2007 are provided to continue performance-based incentive contracts to provide appropriate community support services for individuals with severe mental illness who have been discharged from the state hospitals. These funds will be used to enhance community residential and support services provided by regional support networks through other state and federal funding.

(n) \$539,000 of the general fund--state appropriation for fiscal year 2007 is provided solely to assist with the one-time start-up costs of two evaluation and treatment facilities. Funding for ongoing program operations shall be from existing funds that would otherwise be expended upon short-term treatment in state or community hospitals.

(o) \$550,000 of the general fund--state appropriation for fiscal year 2006 and \$150,000 of the general fund--state appropriation for fiscal year 2007 are provided solely for a pilot project that provides integrated care through a facility specializing in long-term rehabilitation services for people with chronic mental illness who are chronically medically-compromised. This project is to be implemented in coordination with and under the auspices of a regional support network.

The pilot shall include contracted assisted living facilities that are ineligible to receive capital add-on payments and whose Medicaid occupancy rates exceeded 50 percent as of December 31, 2004.

(12) \$109,000 of the general fund--state appropriation for fiscal year 2006, \$90,000 of the general fund--state appropriation for fiscal year 2007, and \$198,000 of the general fund--federal appropriation are provided solely for the implementation of Second Substitute House Bill No. 1220 (long-term care financing). (a) Kinship navigator services shall include but not be limited to assisting kinship caregivers with understanding and navigating the system of services for children in out-of-home care while reducing barriers faced by kinship caregivers when accessing services.

(b) In providing kinship navigator services, area agencies on aging shall give priority to helping kinship caregivers maintain their caregiving role by helping them access existing services and supports, thus keeping children from entering foster care.

(ii) Proof of the existence of a method of enforcement of the commitment, such as arbitration, that is available to the employees or their representative, and proof that such a method is expeditious, uses a neutral decision maker, and is economical for the employees.

Those cases shall be given high priority for naturalization funding through the department;

(c) The department shall identify general assistance recipients who are or may be eligible to receive health care coverage or services through the federal veteran's administration and assist recipients in obtaining access to those benefits; and

(d) The department shall report by November of each year to the appropriate committees of the legislature on the progress and outcomes of these efforts.

NEW SECTION. Sec. 209. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--MEDICAL ASSISTANCE PROGRAM

General Fund--State Appropriation (FY 2006)	\$1,481,212,000
General Fund--State Appropriation (FY 2007)	\$1,596,101,000
General Fund--Federal Appropriation	\$4,036,615,000
General Fund--Private/Local Appropriation	\$2,000,000
Emergency Medical Services and Trauma Care Systems Trust Account--State Appropriation	\$15,000,000
Health Services Account--State Appropriation	\$636,942,000
TOTAL APPROPRIATION	\$7,767,870,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(2) The department shall continue to extend medicaid eligibility to children through age 18 residing in households with incomes below 200 percent of the federal poverty level.

(3) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(4) Sufficient amounts are appropriated in this section for the department to continue podiatry services for medicaid-eligible adults.

(5) Sufficient amounts are appropriated in this section for the department to provide an adult dental benefit that is equivalent to the benefit provided in the 2003-05 biennium.

(6) In accordance with RCW 74.46.625, \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments.

(7) \$1,660,000 of the health services account appropriation, \$4,361,000 of the general fund--federal appropriation, \$1,350,000 of the general fund--state appropriation for fiscal year 2006, and \$1,351,000 of the general fund--state appropriation for fiscal year 2007 are provided solely for grants to rural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income

and medically indigent patients and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(8) \$22,081,000 of the health services account appropriation and \$20,714,000 of the general fund--federal appropriation are provided solely for grants to nonrural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(9) In response to the federal directive to eliminate intergovernmental transfer transactions effective June 30, 2005, the department is directed to implement the inpatient hospital certified public expenditures program for the 2005-07 biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. Hospitals in the program shall be paid and shall retain (a) one hundred percent of the federal portion of each medicaid inpatient fee-for-service claim payable by the medical assistance administration; and (b) one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Medicaid fee-for-service claim amounts shall be established by applying the department's ratio of costs to charges payment methodology. The department shall provide participating hospitals with the information and instructions needed by the hospital to certify the public expenditures required to qualify for the federal portions of both the medicaid inpatient fee-for-service payments and the disproportionate share hospital payments. In the event that any part of the program including, but not limited to, allowable certified public expenditures, is disallowed by the federal government, the department shall not seek recoupment of payments from the hospitals, provided the hospitals have complied with the directions of the department for participation in the program. The legislature intends that hospitals in the program receive no less in combined state and federal payments than they would have received under the methodology that was in place during fiscal year 2005. The department shall therefore make additional grant payments, not to exceed the amounts provided in this subsection, to hospitals whose total payments under the program would otherwise be less than the total state and federal payments they would have received under the methodology in effect during fiscal year 2005. \$37,034,000 of the general fund--state appropriation for fiscal year 2006, \$37,552,000 of the general fund--state appropriation for fiscal year 2007, \$8,300,000 of the emergency medical services and trauma care systems trust account--state appropriation, and \$45,450,000 of the general fund--federal appropriation are provided solely for new state grant and upper payment limit programs for the participating hospitals.

(10) \$4,372,000 of the general fund--state appropriation for fiscal year 2006, \$4,014,000 of the general fund--state appropriation for fiscal year 2007, and \$65,112,000 of the general fund--federal appropriation are provided solely for development and implementation of a replacement system for the existing medicaid management information system.

(11) \$150,000 of the general fund--state appropriation for fiscal year 2006, \$75,000 of the general fund--state appropriation for fiscal year 2007, and \$225,000 of the general fund--federal appropriation are provided solely for the department to contract for an independent analysis of the medical assistance administration's current system for establishing hospital inpatient payment rates, and for recommendations on a new or updated system. The department shall submit an interim report of study findings by December 1, 2005, and a final report by November 15, 2006. The interim report shall include a comparison of the strengths and weaknesses of the current rate-setting system relative to those used by other state, federal, and private payers. The final report shall include recommendations on the design and implementation of a new or updated system that will promote equity among hospitals, access to quality care and improved health outcomes for patients, and cost-control and efficiency for taxpayers. The study should make use of complete and current cost data from a wide variety of hospitals, recognize unique aspects of hospital service delivery structures and medicaid payment systems in Washington, recognize impacts on productivity and quality of care that may result from hospital compensation, recruitment, and retention policies, and provide opportunities for comment and participation by key interest groups in the identification and assessment of alternatives.

(12) Payment rates for hospital inpatient and outpatient services shall be increased by an average of 1.3 percent effective July 1, 2005, and by an average of an additional 1.3 percent effective July 1, 2006. The inpatient increases shall be provided only on the portion of a hospital's rate that excludes medical education and outlier costs, and shall be allocated so that hospitals with lower costs of care (excluding medical education and outlier costs) receive larger percentage increases than those with higher costs of care. The inpatient increases shall be allocated in three percentage increments, with the lowest-cost hospitals receiving the largest percentage rate increase, highest-cost hospitals receiving the smallest percentage increase, and medium-cost hospitals receiving the average of the highest and the lowest percentage rate increase. Increases shall not be provided to those hospitals that are certified as critical access. Sufficient funds are appropriated in this section for Healthy Options contractors to increase hospital payment rates commensurate with the increases in fee-for-service payment rates.

(13) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the department shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(14) The medical assistance administration is authorized to use funds appropriated in this section to purchase goods and supplies through direct contracting with vendors when the administration determines it is cost-effective to do so.

(15) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(16) By October 1, 2005, the department shall recommend to the governor and legislature at least two pilot project designs which seem likely to reduce avoidable emergency room utilization at no net cost to the state within the projects' first eighteen months of operation.

(17) Within funds appropriated in this section, the department shall participate in the health technology assessment program required in section 213(6) of this act.

(18) The department is also required to participate in the joint health purchasing project described in section 213(7) of this act.

(19) The department shall, within available resources, continue operation of the medical care services care management pilot project for clients receiving general assistance benefits in King and Pierce counties. The project may use a full or partial capitation model that includes a mechanism for shared savings. The department shall provide a report to the appropriate committees of the legislature by January 1, 2006, on costs, savings, and any outcomes or quality measures associated with the pilot programs during the first year of operation.

(20) By October 1, 2005, the department shall report to the appropriate committees of the legislature on the potential fiscal and programmatic costs and benefits associated with an expansion of managed care pilot programs to SSI and other eligible medicaid elderly and disabled persons.

(21) Within the funding provided in section 207(2) of this act, the medical assistance administration and the economic services administration may implement a time-limited transitional prescription drug benefit for general assistance unemployable recipients who obtain employment and who have no other source of health insurance coverage. The benefit shall be limited to coverage of prescription drugs and medication management. The benefit shall be limited to one year. The department shall implement a premium schedule for the benefits under this subsection that is related to the participant's income. The minimum premium shall be twenty dollars per month. Recipients of this transitional benefit shall not be considered part of the general assistance caseload unless eligibility is established under standard reapplication procedures.

(22) By November 15, 2006, the department of social and health services, in consultation with the department of revenue and the health care authority, shall report to the health care and fiscal committees of the legislature on options for providing financial incentives for private practice physicians to serve uninsured, medicare, and medicaid patients. The report shall include an assessment of the relative costs and effectiveness of strategies including, but not limited to, tax credits and payment rate increases. The report shall further suggest alternative mechanisms and thresholds for varying tax credits and payment enhancements according to the extent to which a provider serves uninsured, medicare, and medicaid patients.

The funds shall be allocated at a rate not to exceed \$500 per full-time equivalent student enrolled in those programs; and

(e) \$394,000 of the general fund--state appropriation for fiscal year 2006 and \$787,000 of the general fund--state appropriation for fiscal year 2007 are provided solely for incentive grants to encourage school districts to increase enrollment in vocational skills centers. Up to \$500 for each full-time equivalent student may be proportionally distributed to a school district or school districts increasing skills centers enrollment above the levels in the 2004-05 school year. The office of the superintendent of public instruction shall develop criteria for awarding incentive grants pursuant to this subsection. The total amount allocated pursuant to this subsection shall be limited to \$1,181,000 for the 2005-07 biennium.

(10) For purposes of RCW 84.52.0531, the increase per full-time equivalent student is 5.2 percent from the 2004-05 school year to the 2005-06 school year and 3.4 percent from the 2005-06 school year to the 2006-07 school year.

(11) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (2)(b) through (h) of this section, the following shall apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (2)(a) through (h) of this section shall be reduced in increments of twenty percent per year.

NEW SECTION. Sec. 503. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--BASIC EDUCATION EMPLOYEE COMPENSATION. (1) The following calculations determine the salaries used in the general fund allocations for certificated instructional, certificated administrative, and classified staff units under section 502 of this act:

(a) Salary allocations for certificated instructional staff units shall be determined for each district by multiplying the district's certificated instructional total base salary shown on LEAP Document 12E by the district's average staff mix factor for certificated instructional staff in that school year, computed using LEAP Document 1Sb; and

(b) Salary allocations for certificated administrative staff units and classified staff units for each district shall be based on the district's certificated administrative and classified salary allocation amounts shown on LEAP Document 12E.

(2) For the purposes of this section:

(a) "LEAP Document 1Sb" means the computerized tabulation establishing staff mix factors for certificated instructional staff according to education and years of experience, as developed by the legislative evaluation and accountability program committee on March 18, 2005, at 10:00 hours; and

(b) "LEAP Document 12E" means the computerized tabulation of 2005-06 and 2006-07 school year salary allocations for certificated administrative staff and classified staff and derived and total base salaries for certificated instructional staff as developed by the legislative evaluation and accountability program committee on April 6, 2005, at 10:00 hours.

(3) Incremental fringe benefit factors shall be applied to salary adjustments at a rate of 10.26 percent for school year 2005-06 and 11.26 percent for school year 2006-07 for certificated staff and for classified staff 11.07 percent for school year 2005-06 and 12.32 percent for the 2006-07 school year.

(4)(a) Pursuant to RCW 28A.150.410, the following state-wide salary allocation schedules for certificated instructional staff are established for basic education salary allocations:

(b) As used in this subsection, the column headings "BA+(N)" refer to the number of credits earned since receiving the baccalaureate degree.

(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+(N)" refer to the total of:

- (i) Credits earned since receiving the masters degree; and
- (ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(5) For the purposes of this section:

(a) "BA" means a baccalaureate degree.

(b) "MA" means a masters degree.

(c) "PHD" means a doctorate degree.

(d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.

(e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this act, or any replacement schedules and documents, unless:

(a) The employee has a masters degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

(7) The certificated instructional staff base salary specified for each district in LEAP Document 12E and the salary schedules in subsection (4)(a) of this section include two learning improvement days. A school district is eligible for the learning improvement day funds only if the learning improvement days have been added to the 180-day contract year. If fewer days are added, the additional learning improvement allocation shall be adjusted accordingly. The additional days shall be limited to specific activities identified in the state required school improvement plan related to improving student learning that are consistent with education reform implementation, and shall not be considered part of basic education. The principal in each school shall assure that the days are used to provide the necessary school-wide, all staff professional development that is tied directly to the school improvement plan. The school principal and the district superintendent shall maintain documentation as to their approval of these activities. The length of a learning improvement day shall not be less than the length of a full day under the base contract. The superintendent of public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.

(8) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2) and subsection (7) of this section.

(a) The appropriations in this section include the increased portion of salaries and incremental fringe benefits for all relevant state-funded school programs in part V of this act. Increases for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Increases for special education result from increases in each district's basic education allocation per student. Increases for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.

(b) The appropriations in this section provide cost of living and incremental fringe benefit allocations based on formula adjustments as follows:

	School Year	
	2005-06	2006-07
Pupil Transportation (per weighted pupil mile)	\$0.28	\$0.68
Highly Capable (per formula student)	\$2.96	\$7.26

The appropriations in this section provide for a rate increase to \$629.07 per month for the 2005-06 school year and \$679.39 per month for the 2006-07 school year. The adjustments to health insurance benefit allocations are at the following rates:

NEW SECTION. Sec. 505. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR PUPIL TRANSPORTATION

General Fund--State Appropriation (FY 2006)	\$242,170,000
General Fund--State Appropriation (FY 2007)	\$248,575,000
TOTAL APPROPRIATION	\$490,745,000

(1) Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(2) A maximum of \$796,000 of this fiscal year 2006 appropriation and a maximum of \$812,000 of the fiscal year 2007 appropriation may be expended for regional transportation coordinators and related activities. The transportation coordinators shall ensure that data submitted by school districts for state transportation funding shall, to the greatest extent practical, reflect the actual transportation activity of each district.

(3) \$5,000 of the fiscal year 2006 appropriation and \$5,000 of the fiscal year 2007 appropriation are provided solely for the transportation of students enrolled in "choice" programs. Transportation shall be limited to low-income students who are transferring to "choice" programs solely for educational reasons.

(4) Allocations for transportation of students shall be based on reimbursement rates of \$41.51 per weighted mile in the 2005-06 school year and \$42.01 per weighted mile in the 2006-07 school year exclusive of salary and benefit adjustments provided in section 504 of this act. Allocations for transportation of students transported more than one radius mile shall be based on weighted miles as determined by superintendent of public instruction multiplied by the per mile reimbursement rates for the school year pursuant to the formulas adopted by the superintendent of public instruction. Allocations for transportation of students living within one radius mile shall be based on the number of enrolled students in grades kindergarten through five living within one radius mile of their assigned school multiplied by the per mile reimbursement rate for the school year multiplied by 1.29.

(5) For busses purchased between July 1, 2005, and June 30, 2007, the office of superintendent of public instruction shall provide reimbursement funding to a school district only after the superintendent of public instruction determines that the school bus was purchased from the list established pursuant to RCW 28A.160.195(2) or a comparable competitive bid process based on the lowest price quote based on similar bus categories to those used to establish the list pursuant to RCW 28A.160.195. The competitive specifications shall meet federal motor vehicle safety standards, minimum state specifications as established by rule by the superintendent, and supported options as determined by the superintendent in consultation with the regional transportation coordinators of the educational service districts.

(6) Beginning with the 2005-06 school year, the superintendent of public instruction shall base depreciation payments for school district buses on the five-year average of lowest bids in the appropriate category of bus. In the final year on the depreciation schedule, the depreciation payment shall be based on the current state price. The superintendent may include a weighting or other adjustment factor in the averaging formula to ease the transition from the current-price depreciation system to the average depreciation system. Prior to making any depreciation payment in the 2005-06 school year, the superintendent shall notify the office of financial management and the fiscal committees of the legislature of the specific depreciation formula to be used. The replacement cost shall be based on the lowest bid in the appropriate bus category for that school year. A maximum of \$50,000 of the fiscal year 2006 appropriation may be expended for software programming costs associated with the implementation of this subsection.

NEW SECTION. Sec. 506. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL FOOD SERVICE PROGRAMS

(3) \$47,000 of the general fund--state appropriation for fiscal year 2006 and \$59,000 of the general fund--state appropriation for fiscal year 2007 are provided solely to reimburse school districts for school breakfasts served to students enrolled in the free or reduced price meal program pursuant to House Bill No. 1771 (requiring school breakfast programs in certain schools). If House Bill No. 1771 is not enacted by June 30, 2005, the amounts provided in this subsection shall lapse.

NEW SECTION. Sec. 507. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS

General Fund--State Appropriation (FY 2006)	\$460,032,000
General Fund--State Appropriation (FY 2007)	\$471,961,000
General Fund--Federal Appropriation	\$435,464,000
TOTAL APPROPRIATION	\$1,367,457,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall use the excess cost methodology developed and implemented for the 2001-02 school year using the S-275 personnel reporting system and all related accounting requirements to ensure that:

- (i) Special education students are basic education students first;
- (ii) As a class, special education students are entitled to the full basic education allocation; and
- (iii) Special education students are basic education students for the entire school day.

(b) The S-275 and accounting changes in effect since the 2001-02 school year shall supercede any prior excess cost methodologies and shall be required of all school districts.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state and federal funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(5)(a) For the 2005-06 and 2006-07 school years, the superintendent shall make allocations to each district based on the sum of:

(i) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, \$18,940,000 of the general fund--state appropriation and \$28,698,000 of the general fund--federal appropriation are provided for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (5) of this section. If safety net awards exceed the amount appropriated in this subsection (8), the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff from the office of superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(11) A maximum of \$678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(12) A maximum of \$1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(13) A maximum of \$100,000 of the general fund--federal appropriation shall be expended to create a special education ombudsman program within the office of superintendent of public instruction. The purpose of the program is to provide support to parents, guardians, educators, and students with disabilities. The program will provide information to help families and educators understand state laws, rules, and regulations, and access training and support, technical information services, and mediation services. The ombudsman program will provide data, information, and appropriate recommendations to the office of superintendent of public instruction, school districts, educational service districts, state need projects, and the parent and teacher information center.

(14) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(15) A maximum of \$1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services.

(16) \$1,400,000 of the general fund--federal appropriation shall be expended for one-time grants to school districts for the start-up costs of implementing web-based programs that assist schools in meeting state and federal requirements regarding individualized education plans.

(17) The superintendent, consistent with the new federal IDEA reauthorization, shall continue to educate school districts on how to implement a birth-to-three program and review the cost effectiveness and learning benefits of early intervention.

(18) A school district may carry over from one year to the next year up to 10 percent of the general fund--state funds allocated under this program; however, carry over funds shall be expended in the special education program.

NEW SECTION. Sec. 508. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR EDUCATIONAL SERVICE DISTRICTS

MISCELLANEOUS**

NEW SECTION. Sec. 901. EXPENDITURE AUTHORIZATIONS. The appropriations contained in this act are maximum expenditure authorizations. Pursuant to RCW 43.88.037, moneys disbursed from the treasury on the basis of a formal

loan agreement shall be recorded as loans receivable and not as expenditures for accounting purposes. To the extent that moneys are disbursed on a loan basis, the corresponding appropriation shall be reduced by the amount of loan moneys disbursed from the treasury during the 2003-05 biennium.

NEW SECTION. Sec. 902. INFORMATION SYSTEMS PROJECTS. Agencies shall comply with the following requirements regarding information systems projects when specifically directed to do so by this act.

(1) Agency planning and decisions concerning information technology shall be made in the context of its information technology portfolio. "Information technology portfolio" means a strategic management approach in which the relationships between agency missions and information technology investments can be seen and understood, such that: Technology efforts are linked to agency objectives and business plans; the impact of new investments on existing infrastructure and business functions are assessed and understood before implementation; and agency activities are consistent with the development of an integrated, nonduplicative statewide infrastructure.

(2) Agencies shall use their information technology portfolios in making decisions on matters related to the following:

(a) System refurbishment, acquisitions, and development efforts;

(b) Setting goals and objectives for using information technology in meeting legislatively-mandated missions and business needs;

(c) Assessment of overall information processing performance, resources, and capabilities;

(d) Ensuring appropriate transfer of technological expertise for the operation of any new systems developed using external resources; and

(e) Progress toward enabling electronic access to public information.

(3) Each project will be planned and designed to take optimal advantage of Internet technologies and protocols. Agencies shall ensure that the project is in compliance with the architecture, infrastructure, principles, policies, and standards of digital government as maintained by the information services board.

(4) The agency shall produce a feasibility study for information technology projects at the direction of the information services board and in accordance with published department of information services policies and guidelines. At a minimum, such studies shall include a statement of: (a) The purpose or impetus for change; (b) the business value to the agency, including an examination and evaluation of benefits, advantages, and cost; (c) a comprehensive risk assessment based on the proposed project's impact on both citizens and state operations, its visibility, and the consequences of doing nothing; (d) the impact on agency and statewide information infrastructure; and (e) the impact of the proposed enhancements to an agency's information technology capabilities on meeting service delivery demands.

(5) The agency shall produce a comprehensive management plan for each project. The plan or plans shall address all factors critical to successful completion of each project. The plan(s) shall include, but is not limited to, the following elements: A description of the problem or opportunity that the information technology project is intended to address; a statement of project objectives and assumptions; a definition and schedule of phases, tasks, and activities to be accomplished; and the estimated cost of each phase. The planning for the phased approach shall be such that the business case justification for a project needs to demonstrate how the project recovers cost or adds measurable value or positive cost benefit to the agency's business functions within each development cycle.

(6) The agency shall produce quality assurance plans for information technology projects. Consistent with the direction of the information services board and the published policies and guidelines of the department of information services, the quality assurance plan shall address all factors critical to successful completion of the project and successful integration with the agency and state information technology infrastructure. At a minimum, quality assurance plans shall provide time and budget benchmarks against which project progress can be measured, a specification of quality assurance responsibilities, and a statement of reporting requirements. The quality assurance plans shall set out the functionality requirements for each phase of a project.

(7) A copy of each feasibility study, project management plan, and quality assurance plan shall be provided to the department of information services, the office of financial management, and legislative fiscal committees. The plans and studies shall demonstrate a sound business case that justifies the investment of taxpayer funds on any new project, an assessment of the impact of the proposed system on the existing information technology infrastructure, the disciplined use of preventative measures to mitigate risk, and the leveraging of private-sector expertise as needed. Authority to expend any funds for individual information systems projects is conditioned on the approval of the relevant feasibility study, project management plan, and quality assurance plan by the department of information services and the office of financial management.

(8) Quality assurance status reports shall be submitted to the department of information services, the office of financial management, and legislative fiscal committees at intervals specified in the project's quality assurance plan.

NEW SECTION. Sec. 903. BUSINESS CONTINUITY AND DISASTER RECOVERY. State agencies shall comply with the business continuity and disaster recovery policies, guidelines, and statements of direction developed by the department of information services and the information services board in consultation with state agencies. To ensure that agency

business continuity and disaster recovery activities identify the primary risks across state agencies, account for dependencies between agencies, capitalize on economies of scale, and avoid unnecessary duplication of costs and efforts, state agencies shall receive the prior approval of the department of information services before implementing business continuity and disaster recovery strategies and expending funds for business continuity activities.

NEW SECTION. Sec. 904. VIDEO TELECOMMUNICATIONS. The department of information services shall act as lead agency in coordinating video telecommunications services for state agencies. NEW SECTION. Sec. 910. VOLUNTARY RETIREMENT INCENTIVES. To foster the use of hybrid motor vehicles, beginning July 1, 2005, before the purchase or lease of a motor vehicle, state agencies should first consider the feasibility of hybrid motor vehicles. State agencies should strive to purchase or lease a hybrid motor vehicle when the use of such vehicle is consistent with and can accomplish the agency's mission and when the purchase is financially reasonable. - (6) Permit a waiver of tuition and services and activities fees as provided for in RCW 28B.15.543 and grants under RCW 28B.76.660.

Sec. 916. RCW 28A.600.150 and 1999 c 159 s 2 are each amended to read as follows:

Each year, three Washington scholars and one Washington scholars-alternate shall be selected from the students nominated under RCW 28A.600.140, except that during fiscal year 2007, no more than two scholars plus one alternate may be selected. The higher education coordinating board shall notify the students so designated, their high school principals, the legislators of their respective districts, and the governor when final selections have been made.

The board, in conjunction with the governor's office, shall prepare appropriate certificates to be presented to the Washington scholars and the Washington scholars-alternates. An awards ceremony at an appropriate time and place shall be planned by the board in cooperation with the Washington association of secondary school principals, and with the approval of the governor.

Sec. 917. RCW 28B.76.660 and 2004 c 275 s 24 are each amended to read as follows:

(1) Recipients of the Washington scholars award or the Washington scholars-alternate award under RCW 28A.600.100 through 28A.600.150 who choose to attend an independent college or university in this state, as defined in subsection (4) of this section, and recipients of the award named after June 30, 1994, who choose to attend a public college or university in the state may receive grants under this section if moneys are available. The higher education coordinating board shall distribute grants to eligible students under this section from moneys appropriated for this purpose. The individual grants shall not exceed, on a yearly basis, the yearly, full-time, resident, undergraduate tuition and service and activities fees in effect at the state-funded research universities. Grants to recipients attending an independent institution shall be contingent upon the institution matching on at least a dollar-for-dollar basis, either with actual money or by a waiver of fees, the amount of the grant received by the student from the state. The higher education coordinating board shall establish procedures, by rule, to disburse the awards as direct grants to the students.

(2) The higher education coordinating board shall establish rules that provide for the annual awarding of grants, if moneys are available, to three Washington scholars per legislative district except for fiscal year 2007 when no more than two scholars per district shall be selected; and, if not used by an original recipient, to the Washington scholars-alternate from the same legislative district.

Beginning with scholars selected in the year 2000, if the recipients of grants fail to demonstrate in a timely manner that they will enroll in a Washington institution of higher education in the fall term of the academic year following the award of the

grant or are deemed by the higher education coordinating board to have withdrawn from college during the first academic year following the award, then the grant shall be considered relinquished. The higher education coordinating board may then award any remaining grant amounts to the Washington scholars-alternate from the same legislative district if the grants are awarded within one calendar year of the recipient being named a Washington scholars-alternate. Washington scholars-alternates named as recipients of the grant must also demonstrate in a timely manner that they will enroll in a Washington institution of higher education during the next available term, as determined by the higher education coordinating board. The board may accept appeals and grant waivers to the enrollment requirements of this section based on exceptional mitigating circumstances of individual grant recipients.

To maintain eligibility for the grants, recipients must maintain a minimum grade point average at the college or university equivalent to 3.30. Students shall be eligible to receive a maximum of twelve quarters or eight semesters of grants for undergraduate study and may transfer among in-state public and independent colleges and universities during that period and continue to receive the grant as provided under RCW 28B.76.665. If the student's cumulative grade point average falls below 3.30 during the first three quarters or two semesters, that student may petition the higher education coordinating board which shall have the authority to establish a probationary period until such time as the student's grade point average meets required standards.

(3) No grant shall be awarded to any student who is pursuing a degree in theology.

(4) As used in this section, "independent college or university" means a private, nonprofit educational institution, the main campus of which is permanently situated in the state, open to residents of the state, providing programs of education beyond the high school level leading at least to the baccalaureate degree, and accredited by the northwest association of schools and colleges as of June 9, 1988, and other institutions as may be developed that are approved by the higher education coordinating board as meeting equivalent standards as those institutions accredited under this section.

(5) As used in this section, "public college or university" means an institution of higher education as defined in RCW 28B.10.016.

Sec. 918. RCW 28B.102.040 and 2004 c 276 s 905, 2004 c 275 s 68, and 2004 c 58 s 4 are each reenacted and amended to read as follows:

(1) The board may select participants based on an application process conducted by the board or the board may utilize selection processes for similar students in cooperation with the professional educator standards board or the office of the superintendent of public instruction.

(2) If the board selects participants for the program, it shall establish a selection committee for screening and selecting recipients of the conditional scholarships. The criteria shall emphasize factors demonstrating excellence including but not limited to superior scholastic achievement, leadership ability, community contributions, bilingual ability, willingness to commit to providing teaching service in shortage areas, and an ability to act as a role model for students. Priority will be given to individuals seeking certification or an additional endorsement in math, science, technology, or special education.

~~((Subject to enactment of chapter 58, Laws of 2004,))~~ For fiscal years ~~((2005))~~ 2006 and 2007, additional priority shall be given to such individuals who are also bilingual. It is the intent of the legislature to develop a pool of dual-language teachers in order to meet the challenge of educating students who are dominant in languages other than English.

Sec. 919. RCW 41.05.050 and 2003 c 158 s 1 are each amended to read as follows:

(1) Every department, division, or separate agency of state government, and such county, municipal, school district, educational service district, or other political subdivisions as are covered by this chapter, shall provide contributions to insurance and health care plans for its employees and their dependents, the content of such plans to be determined by the authority. Contributions, paid by the county, the municipality, or other political subdivision for their employees, shall include an amount determined by the authority to pay such administrative expenses of the authority as are necessary to administer the plans for employees of those groups, except as provided in subsection (4) of this section.

(2) If the authority at any time determines that the participation of a county, municipal, or other political subdivision covered under this chapter adversely impacts insurance rates for state employees, the authority shall implement limitations on the participation of additional county, municipal, or other political subdivisions.

(3) The contributions of any department, division, or separate agency of the state government, and such county, municipal, or other political subdivisions as are covered by this chapter, shall be set by the authority, subject to the approval of the governor for availability of funds as specifically appropriated by the legislature for that purpose. Insurance and health care contributions for ferry employees shall be governed by RCW 47.64.270.

(4)(a) Beginning September 1, 2003, the authority shall collect from each participating school district and educational service district an amount equal to the composite rate charged to state agencies, plus an amount equal to the employee premiums by plan and family size as would be charged to state employees, for groups of district employees enrolled in authority plans as of January 1, 2003. However, during the 2005-07 fiscal biennium, the authority shall collect from each participating school district

and educational service district an amount equal to the insurance benefit allocations provided in section 504 of this act, plus any additional funding provided by the legislature for school employee health benefits, plus an amount equal to the employee premiums by plan and family size as would be charged to state employees, for groups of district employees enrolled in authority plans as of July 1, 2005.

(b) For all groups of district employees enrolling in authority plans for the first time after September 1, 2003, the authority shall collect from each participating school district an amount equal to the composite rate charged to state agencies, plus an amount equal to the employee premiums by plan and by family size as would be charged to state employees, only if the authority determines that this method of billing the districts will not result in a material difference between revenues from districts and expenditures made by the authority on behalf of districts and their employees.

(c) If the authority determines at any time that the conditions in (b) of this subsection cannot be met, the authority shall offer enrollment to additional groups of district employees on a tiered rate structure until such time as the authority determines there would be no material difference between revenues and expenditures under a composite rate structure for all district employees enrolled in authority plans.

(d) The authority may charge districts a one-time set-up fee for employee groups enrolling in authority plans for the first time.

(e) For the purposes of this subsection:

(i) "District" means school district and educational service district; and

(ii) "Tiered rates" means the amounts the authority must pay to insuring entities by plan and by family size.

(f) Notwithstanding this subsection and RCW 41.05.065(3), the authority may allow districts enrolled on a tiered rate structure prior to September 1, 2002, to continue participation based on the same rate structure and under the same conditions and eligibility criteria.

(5) The authority shall transmit a recommendation for the amount of the employer contribution to the governor and the director of financial management for inclusion in the proposed budgets submitted to the legislature.

Sec. 920. RCW 41.05.065 and 2003 c 158 s 2 are each amended to read as follows:

(1) The board shall study all matters connected with the provision of health care coverage, life insurance, liability insurance, accidental death and dismemberment insurance, and disability income insurance or any of, or a combination of, the enumerated types of insurance for employees and their dependents on the best basis possible with relation both to the welfare of the employees and to the state. However, liability insurance shall not be made available to dependents.

(2) The board shall develop employee benefit plans that include comprehensive health care benefits for all employees. In developing these plans, the board shall consider the following elements:

(a) Methods of maximizing cost containment while ensuring access to quality health care;

(b) Development of provider arrangements that encourage cost containment and ensure access to quality care, including but not limited to prepaid delivery systems and prospective payment methods;

(c) Wellness incentives that focus on proven strategies, such as smoking cessation, injury and accident prevention, reduction of alcohol misuse, appropriate weight reduction, exercise, automobile and motorcycle safety, blood cholesterol reduction, and nutrition education;

(d) Utilization review procedures including, but not limited to a cost-efficient method for prior authorization of services, hospital inpatient length of stay review, requirements for use of outpatient surgeries and second opinions for surgeries, review of invoices or claims submitted by service providers, and performance audit of providers;

(e) Effective coordination of benefits;

(f) Minimum standards for insuring entities; and

(g) Minimum scope and content of public employee benefit plans to be offered to enrollees participating in the employee health benefit plans. To maintain the comprehensive nature of employee health care benefits, employee eligibility criteria related to the number of hours worked and the benefits provided to employees shall be substantially equivalent to the state employees' health benefits plan and eligibility criteria in effect on January 1, 1993. Nothing in this subsection (2)(g) shall prohibit changes or increases in employee point-of-service payments or employee premium payments for benefits.

(3) The board shall design benefits and determine the terms and conditions of employee participation and coverage, including establishment of eligibility criteria. The same terms and conditions of participation and coverage, including eligibility criteria, shall apply to state employees and to school district employees and educational service district employees.

(4) The board may authorize premium contributions for an employee and the employee's dependents in a manner that encourages the use of cost-efficient managed health care systems. During the 2005-2007 fiscal biennium, the board may only authorize premium contributions for an employee and the employee's dependents that are the same, regardless of an employee's status as represented or nonrepresented by a collective bargaining unit under the personnel system reform act of 2002. The board

shall require participating school district and educational service district employees to pay at least the same employee premiums by plan and family size as state employees pay.

(5) Employees shall choose participation in one of the health care benefit plans developed by the board and may be permitted to waive coverage under terms and conditions established by the board.

(6) The board shall review plans proposed by insuring entities that desire to offer property insurance and/or accident and casualty insurance to state employees through payroll deduction. The board may approve any such plan for payroll deduction by insuring entities holding a valid certificate of authority in the state of Washington and which the board determines to be in the best interests of employees and the state. The board shall promulgate rules setting forth criteria by which it shall evaluate the plans.

(7) Before January 1, 1998, the public employees' benefits board shall make available one or more fully insured long-term care insurance plans that comply with the requirements of chapter 48.84 RCW. Such programs shall be made available to eligible employees, retired employees, and retired school employees as well as eligible dependents which, for the purpose of this section, includes the parents of the employee or retiree and the parents of the spouse of the employee or retiree. Employees of local governments and employees of political subdivisions not otherwise enrolled in the public employees' benefits board sponsored medical programs may enroll under terms and conditions established by the administrator, if it does not jeopardize the financial viability of the public employees' benefits board's long-term care offering.

(a) Participation of eligible employees or retired employees and retired school employees in any long-term care insurance plan made available by the public employees' benefits board is voluntary and shall not be subject to binding arbitration under chapter 41.56 RCW. Participation is subject to reasonable underwriting guidelines and eligibility rules established by the public employees' benefits board and the health care authority.

(b) The employee, retired employee, and retired school employee are solely responsible for the payment of the premium rates developed by the health care authority. The health care authority is authorized to charge a reasonable administrative fee in addition to the premium charged by the long-term care insurer, which shall include the health care authority's cost of administration, marketing, and consumer education materials prepared by the health care authority and the office of the insurance commissioner.

(c) To the extent administratively possible, the state shall establish an automatic payroll or pension deduction system for the payment of the long-term care insurance premiums.

(d) The public employees' benefits board and the health care authority shall establish a technical advisory committee to provide advice in the development of the benefit design and establishment of underwriting guidelines and eligibility rules. The committee shall also advise the board and authority on effective and cost-effective ways to market and distribute the long-term care product. The technical advisory committee shall be comprised, at a minimum, of representatives of the office of the insurance commissioner, providers of long-term care services, licensed insurance agents with expertise in long-term care insurance, employees, retired employees, retired school employees, and other interested parties determined to be appropriate by the board.

(e) The health care authority shall offer employees, retired employees, and retired school employees the option of purchasing long-term care insurance through licensed agents or brokers appointed by the long-term care insurer. The authority, in consultation with the public employees' benefits board, shall establish marketing procedures and may consider all premium components as a part of the contract negotiations with the long-term care insurer.

(f) In developing the long-term care insurance benefit designs, the public employees' benefits board shall include an alternative plan of care benefit, including adult day services, as approved by the office of the insurance commissioner.

(g) The health care authority, with the cooperation of the office of the insurance commissioner, shall develop a consumer education program for the eligible employees, retired employees, and retired school employees designed to provide education on the potential need for long-term care, methods of financing long-term care, and the availability of long-term care insurance products including the products offered by the board.

(h) By December 1998, the health care authority, in consultation with the public employees' benefits board, shall submit a report to the appropriate committees of the legislature, including an analysis of the marketing and distribution of the long-term care insurance provided under this section.

Sec. 921. RCW 41.05.120 and 1994 c 153 s 9 are each amended to read as follows:

If those reports were not both timely and accurate the department may prospectively assess an additional fee under this subsection.

(b) An additional fee assessed by the department under this subsection shall not exceed fifty percent of the standard fee.

(3) The department shall compute and bill each employer, as defined in RCW 41.26.030, 41.32.010, 41.35.010, 41.37.010, or 41.40.010, at the end of each month for the amount due for that month to the department of retirement systems expense fund and the same shall be paid as are its other obligations. Such computation as to each employer shall be made on a percentage rate of salary established by the department. However, the department may at its discretion establish a system of billing based upon calendar year quarters in which event the said billing shall be at the end of each such quarter.

(4) The director may adjust the expense fund contribution rate for each system at any time when necessary to reflect unanticipated costs or savings in administering the department.

The department of health shall submit a report to the legislature on March 1, 2002, evaluating the cost-effectiveness of programs that improve the health of low-income persons and address diseases and illnesses that disproportionately affect low-income persons, and making recommendations to the legislature on which of these programs could most effectively utilize the funds appropriated under this subsection.

(b) Ten percent of the funds deposited into the health services account under RCW 82.24.028 and 82.26.028 remaining after the appropriation under (a) of this subsection shall be transferred no less frequently than annually by the treasurer to the tobacco prevention and control account established by RCW 43.79.480. The funds transferred shall be used exclusively for implementation of the Washington state tobacco prevention and control plan and shall be used only to supplement, and not supplant, funds in the tobacco prevention and control account as of January 1, 2001, however, these funds may be used to replace funds appropriated by the legislature for further implementation of the Washington state tobacco prevention and control plan for the biennium beginning July 1, 2001. For each state fiscal year beginning on and after July 1, 2002, the legislature shall appropriate no less than twenty-six million two hundred forty thousand dollars from the tobacco prevention and control account for implementation of the Washington state tobacco prevention and control plan.

(c) Because of its demonstrated effectiveness in improving the health of low-income persons and addressing illnesses and diseases that harm low-income persons, the remainder of the funds deposited into the health services account under RCW 82.24.028 and 82.26.028 shall be appropriated solely for Washington basic health plan enrollment as provided in chapter 70.47 RCW. Funds appropriated under this subsection may be used to support outreach and enrollment activities only to the extent necessary to achieve the enrollment goals described in this section.

(3) Prior to expenditure for the purposes described in subsection (2) of this section, funds deposited into the health services account under RCW 82.24.028 and 82.26.028 shall first be transferred to the following accounts to ensure the continued availability of previously dedicated revenues for certain existing programs:

(a) To the violence reduction and drug enforcement account under RCW 69.50.520, two million two hundred forty-nine thousand five hundred dollars for the state fiscal year beginning July 1, 2001, four million two hundred forty-eight thousand dollars for the state fiscal year beginning July 1, 2002, seven million seven hundred eighty-nine thousand dollars for the biennium beginning July 1, 2003, six million nine hundred thirty-two thousand dollars for the biennium beginning July 1, 2005, and six million nine hundred thirty-two thousand dollars for each biennium thereafter, as required by RCW 82.24.020(2);

(b) To the health services account under this section, nine million seventy-seven thousand dollars for the state fiscal year beginning July 1, 2001, seventeen million one hundred eighty-eight thousand dollars for the state fiscal year beginning July 1, 2002, thirty-one million seven hundred fifty-five thousand dollars for the biennium beginning July 1, 2003, twenty-eight million six hundred twenty-two thousand dollars for the biennium beginning July 1, 2005, and twenty-eight million six hundred twenty-two thousand dollars for each biennium thereafter, as required by RCW 82.24.020(3); and

(c) To the water quality account under RCW 70.146.030, two million two hundred three thousand five hundred dollars for the state fiscal year beginning July 1, 2001, four million two hundred forty-four thousand dollars for the state fiscal year beginning July 1, 2002, eight million one hundred eighty-two thousand dollars for the biennium beginning July 1, 2003, seven million eight hundred eighty-five thousand dollars for the biennium beginning July 1, 2005, and seven million eight hundred eighty-five thousand dollars for each biennium thereafter, as required by RCW 82.24.027(2)(a).

During the ((2001-2003)) 2005-2007 fiscal biennium, the legislature may transfer from the health services account such amounts as reflect the excess fund balance of the account to the state general fund.

Sec. 931. RCW 43.135.045 and 2003 1st sp.s. c 25 s 920 are each amended to read as follows:

(1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall deposit in the emergency reserve fund all general fund--state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of annual general fund--state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer as follows: Seventy-five percent to the student achievement fund hereby created in the state treasury and twenty-five percent to the general fund balance. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter. When per-student state funding for the maintenance and operation of K-12 education meets a level of no less than ninety percent of the national average of total funding from all sources per student as determined by the most recent published data from the national center for education statistics of the United States department of education, as calculated by the office of financial management, further deposits to the student achievement fund shall be required only to the extent necessary to maintain the ninety-percent level. Remaining funds are part of the general fund balance and these funds are subject to the expenditure limits of this chapter.

(4) The education construction fund is hereby created in the state treasury.

(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

(5) Funds from the student achievement fund shall be appropriated to the superintendent of public instruction strictly for distribution to school districts to meet the provisions set out in the student achievement act. Allocations shall be made on an equal per full-time equivalent student basis to each school district.

(6) Earnings of the emergency reserve fund under RCW 43.84.092(4)(a) shall be transferred quarterly to the multimodal transportation account, except for those earnings that are in excess of thirty-five million dollars each fiscal year. Within thirty days following any fiscal year in which earnings transferred to the multimodal transportation account under this subsection did not total thirty-five million dollars, the state treasurer shall transfer from the emergency reserve fund an amount necessary to bring the total deposited in the multimodal transportation account under this subsection to thirty-five million

dollars. The revenues to the multimodal transportation account reflected in this subsection provide ongoing support for the transportation programs of the state. However, it is the intent of the legislature that any new long-term financial support that may be subsequently provided for transportation programs will be used to replace and supplant the revenues reflected in this subsection, thereby allowing those revenues to be returned to the purposes to which they were previously dedicated. No transfers from the emergency reserve fund to the multimodal fund shall be made during the ((2003-05)) 2005-2007 fiscal biennium.

Sec. 932. RCW 43.320.110 and 2003 1st sp.s. c 25 s 921 and 2003 c 288 s 1 are each reenacted and amended to read as follows:

There is created a local fund known as the "financial services regulation fund" which shall consist of all moneys received by the divisions of the department of financial institutions, except for the division of securities which shall deposit thirteen percent of all moneys received, except as provided in RCW 43.320.115, and which shall be used for the purchase of supplies and necessary equipment; the payment of salaries, wages, and utilities; the establishment of reserves; and other incidental costs required for the proper regulation of individuals and entities subject to regulation by the department. The state treasurer shall be the custodian of the fund. Disbursements from the fund shall be on authorization of the director of financial institutions or the director's designee. In order to maintain an effective expenditure and revenue control, the fund shall be subject in all respects to chapter 43.88 RCW, but no appropriation is required to permit expenditures and payment of obligations from the fund.

During the 2005-2007 fiscal biennium, the legislature may transfer from the financial services regulation fund to the state general fund such amounts as reflect the excess fund balance of the fund.

Sec. 933. RCW 50.16.010 and 2003 2nd sp.s. c 4 s 23 and 2003 1st sp.s. c 25 s 925 are each reenacted and amended to read as follows:

(1) There shall be maintained as special funds, separate and apart from all public moneys or funds of this state an unemployment compensation fund, an administrative contingency fund, and a federal interest payment fund, which shall be administered by the commissioner exclusively for the purposes of this title, and to which RCW 43.01.050 shall not be applicable.

(2)(a) The unemployment compensation fund shall consist of:

(c) Moneys available in the administrative contingency fund, other than money in the special account created under RCW 50.24.014(1)(a), shall be expended upon the direction of the commissioner, with the approval of the governor, whenever it appears to him or her that such expenditure is necessary solely for:

(i) The proper administration of this title and no federal funds are available for the specific purpose to which such expenditure is to be made, provided, the moneys are not substituted for appropriations from federal funds which, in the absence of such moneys, would be made available.

(ii) The proper administration of this title for which purpose appropriations from federal funds have been requested but not yet received, provided, the administrative contingency fund will be reimbursed upon receipt of the requested federal appropriation.

(iii) The proper administration of this title for which compliance and audit issues have been identified that establish federal claims requiring the expenditure of state resources in resolution. Claims must be resolved in the following priority: First priority is to provide services to eligible participants within the state; second priority is to provide substitute services or program support; and last priority is the direct payment of funds to the federal government.

(d) During the ~~((2003-2005))~~ 2005-2007 fiscal biennium, the cost of the job skills program ~~((and the alliance for corporate education))~~ at community and technical colleges as appropriated by the legislature.

Money in the special account created under RCW 50.24.014(1)(a) may only be expended, after appropriation, for the purposes specified in this section and RCW 50.62.010, 50.62.020, 50.62.030, 50.24.014, 50.44.053, and 50.22.010.

Sec. 934. RCW 50.20.190 and 2003 2nd sp.s. c 4 s 26 are each amended to read as follows:

(1) An individual who is paid any amount as benefits under this title to which he or she is not entitled shall, unless otherwise relieved pursuant to this section, be liable for repayment of the amount overpaid. The department shall issue an overpayment assessment setting forth the reasons for and the amount of the overpayment. The amount assessed, to the extent not collected, may be deducted from any future benefits payable to the individual: PROVIDED, That in the absence of a back pay award, a settlement affecting the allowance of benefits, fraud, misrepresentation, or willful nondisclosure, every determination of liability shall be mailed or personally served not later than two years after the close of or final payment made on the individual's applicable benefit year for which the purported overpayment was made, whichever is later, unless the merits of the claim are subjected to administrative or judicial review in which event the period for serving the determination of liability shall be extended to allow service of the determination of liability during the six-month period following the final decision affecting the claim.

(2) The commissioner may waive an overpayment if the commissioner finds that the overpayment was not the result of fraud, misrepresentation, willful nondisclosure, or fault attributable to the individual and that the recovery thereof would be against equity and good conscience: PROVIDED, HOWEVER, That the overpayment so waived shall be charged against the individual's applicable entitlement for the eligibility period containing the weeks to which the overpayment was attributed as though such benefits had been properly paid.

(3) Any assessment herein provided shall constitute a determination of liability from which an appeal may be had in the same manner and to the same extent as provided for appeals relating to determinations in respect to claims for benefits: PROVIDED, That an appeal from any determination covering overpayment only shall be deemed to be an appeal from the determination which was the basis for establishing the overpayment unless the merits involved in the issue set forth in such determination have already been heard and passed upon by the appeal tribunal. If no such appeal is taken to the appeal tribunal by the individual within thirty days of the delivery of the notice of determination of liability, or within thirty days of the mailing of the notice of determination, whichever is the earlier, the determination of liability shall be deemed conclusive and final. Whenever any such notice of determination of liability becomes conclusive and final, the commissioner, upon giving at least twenty days notice by certified mail return receipt requested to the individual's last known address of the intended action, may file with the superior court clerk of any county within the state a warrant in the amount of the notice of determination of liability plus a filing fee under RCW 36.18.012(10). The clerk of the county where the warrant is filed shall immediately designate a superior court cause number for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the person(s) mentioned in the warrant, the amount of the notice of determination of liability, and the date when the warrant was filed. The amount of the warrant as docketed shall become a lien upon the title to, and any interest in, all real and personal property of the person(s) against whom the warrant is issued, the same as a judgment in a civil case duly docketed in the office of such clerk. A warrant so docketed shall be sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state in the manner provided by law for a civil judgment. A copy of the warrant shall be mailed to the person(s) mentioned in the warrant by certified mail to the person's last known address within five days of its filing with the clerk.

(4) On request of any agency which administers an employment security law of another state, the United States, or a foreign government and which has found in accordance with the provisions of such law that a claimant is liable to repay benefits received under such law, the commissioner may collect the amount of such benefits from the claimant to be refunded to the agency. In any case in which under this section a claimant is liable to repay any amount to the agency of another state, the United States, or a foreign government, such amounts may be collected without interest by civil action in the name of the commissioner acting as agent for such agency if the other state, the United States, or the foreign government extends such collection rights to the employment security department of the state of Washington, and provided that the court costs be paid by the governmental agency benefiting from such collection.

(5) Any employer who is a party to a back pay award or settlement due to loss of wages shall, within thirty days of the award or settlement, report to the department the amount of the award or settlement, the name and social security number of the recipient of the award or settlement, and the period for which it is awarded. When an individual has been awarded or receives

back pay, for benefit purposes the amount of the back pay shall constitute wages paid in the period for which it was awarded. For contribution purposes, the back pay award or settlement shall constitute wages paid in the period in which it was actually paid. The following requirements shall also apply:

(a) The employer shall reduce the amount of the back pay award or settlement by an amount determined by the department based upon the amount of unemployment benefits received by the recipient of the award or settlement during the period for which the back pay award or settlement was awarded;

(b) The employer shall pay to the unemployment compensation fund, in a manner specified by the commissioner, an amount equal to the amount of such reduction;

(c) The employer shall also pay to the department any taxes due for unemployment insurance purposes on the entire amount of the back pay award or settlement notwithstanding any reduction made pursuant to (a) of this subsection;

(d) If the employer fails to reduce the amount of the back pay award or settlement as required in (a) of this subsection, the department shall issue an overpayment assessment against the recipient of the award or settlement in the amount that the back pay award or settlement should have been reduced; and

(e) If the employer fails to pay to the department an amount equal to the reduction as required in (b) of this subsection, the department shall issue an assessment of liability against the employer which shall be collected pursuant to the procedures for collection of assessments provided herein and in RCW 50.24.110.

(6) When an individual fails to repay an overpayment assessment that is due and fails to arrange for satisfactory repayment terms, the commissioner shall impose an interest penalty of one percent per month of the outstanding balance. Interest shall accrue immediately on overpayments assessed pursuant to RCW 50.20.070 and shall be imposed when the assessment becomes final. For any other overpayment, interest shall accrue when the individual has missed two or more of the individual's monthly payments either partially or in full. The interest penalty shall be used, first, to fully fund either social security number cross-match audits or other more effective activities that ensure that individuals are entitled to all amounts of benefits that they are paid ~~((and))~~, second, to fund other detection and recovery of overpayment and collection activities, and third, during the 2005-07 fiscal biennium, the cost of the job skills program at community and technical colleges as appropriated by the legislature.

Sec. 935. RCW 66.16.010 and 2003 1st sp.s. c 25 s 928 are each amended to read as follows:

(1) There shall be established at such places throughout the state as the liquor control board, constituted under this title, shall deem advisable, stores to be known as "state liquor stores," for the sale of liquor in accordance with the provisions of this title and the regulations: PROVIDED, That the prices of all liquor shall be fixed by the board from time to time so that the net annual revenue received by the board therefrom shall not exceed thirty-five percent. Effective no later than ~~((September 1, 2003))~~ July 1, 2005, the liquor control board shall add an equivalent surcharge of \$0.42 per liter on all retail sales of spirits, excluding licensee, military, and tribal sales. The intent of this surcharge is to raise ~~(((\$14,000,000 in additional))~~ revenue for the general fund-state ((revenue)) for the 2003-2005 and 2005-2007 bienniums. ((To the extent that a lesser surcharge is sufficient to raise \$14,000,000, the board may reduce the amount of the surcharge.)) The board shall remove the surcharge ~~((once it generates \$14,000,000, but no later than))~~ June 30, ((2005)) 2007.

(2) The liquor control board may, from time to time, fix the special price at which pure ethyl alcohol may be sold to physicians and dentists and institutions regularly conducted as hospitals, for use or consumption only in such hospitals; and may also fix the special price at which pure ethyl alcohol may be sold to schools, colleges and universities within the state for use for scientific purposes. Regularly conducted hospitals may have right to purchase pure ethyl alcohol on a federal permit.

(3) The liquor control board may also fix the special price at which pure ethyl alcohol may be sold to any department, branch or institution of the state of Washington, federal government, or to any person engaged in a manufacturing or industrial business or in scientific pursuits requiring alcohol for use therein.

(4) The liquor control board may also fix a special price at which pure ethyl alcohol may be sold to any private individual, and shall make regulations governing such sale of alcohol to private individuals as shall promote, as nearly as may be, the minimum purchase of such alcohol by such persons.
