If the guardian objects in writing within fifteen days after the notice is mailed, the staff member may not obtain the additional information.

(3) Whenever federal law or federal regulations restrict the release of information contained in the treatment records of any patient who receives treatment for (alcoholism or drug) chemical dependency, the department may restrict the release of the information as necessary to comply with federal law and regulations.

NEW SECTION. Sec. 203. (1) The secretary, after consulting with the Washington state association of counties, shall select and contract with regional support networks or counties to provide two integrated crisis response and involuntary treatment pilot programs for adults and shall allocate resources for both integrated services and secure detoxification services in the pilot areas. In selecting the two regional support networks or counties, the secretary shall endeavor to site one in an urban and one in a rural regional support network or county; and to site them in counties other than those selected pursuant to section 220 of this act, to the extent necessary to facilitate evaluation of pilot project results.

(2) The regional support networks or counties shall implement the pilot programs by providing integrated crisis response and involuntary treatment to persons with a chemical dependency, a mental disorder, or both, consistent with this chapter. The pilot programs shall:

(a) Combine the crisis responder functions of a designated mental health professional under chapter 71.05 RCW and a designated chemical dependency specialist under chapter 70.96A RCW by establishing a new designated crisis responder who is authorized to conduct investigations and detain persons up to seventy-two hours to the proper facility;

(3) Person who meets the waiver criteria of RCW 71.24.260, which waiver was granted before 1986;

(4) Person who had an approved waiver to perform the duties of a mental health professional that was requested by the regional support network and granted by the department before July 1, 2001; or

(5) Person who has been granted a time-limited exception of the minimum requirements of a mental health professional by the department consistent with rules adopted by the secretary.

NEW SECTION. Sec. 205. In addition to the provisions of this chapter, a designated crisis responder has all the powers and duties of a designated mental health professional as well as the powers and duties of a designated chemical dependency specialist under RCW 70.96A.120.

NEW SECTION. Sec. 206. (1)(a) When a designated crisis responder receives information alleging that a person, as a result of a mental disorder, chemical dependency disorder, or both, presents a likelihood of serious harm or is gravely disabled, the designated crisis responder may, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of any person providing information to initiate detention, if satisfied that the allegations are true and that the person will not voluntarily seek appropriate treatment, file a petition for initial detention. Before filing the petition, the designated crisis responder must personally interview the person, unless the person refuses an interview, and determine whether the person will voluntarily receive appropriate evaluation and treatment at either an evaluation and treatment facility, a detoxification facility, or other certified chemical dependency provider.

(b)(i)(A) Whenever it appears, by petition for initial detention, to the satisfaction of a judge of the superior court that a person presents as a result of a mental disorder, a likelihood of serious harm, or is gravely disabled, and that the person has refused or failed to accept appropriate evaluation and treatment voluntarily, the judge may issue an order requiring the person to
appear within twenty-four hours after service of the order at a designated evaluation and treatment facility for not more than a seventy-two hour evaluation and treatment period; or

(B) Whenever it appears, by petition for initial detention, to the satisfaction of a judge of the superior court, district court, or other court permitted by court rule, that a person presents as a result of a chemical dependency, a likelihood of serious harm, or is gravely disabled, and that the person has refused or failed to accept appropriate evaluation and treatment voluntarily, the judge may issue an order requiring the person to appear within twenty-four hours after service of the order at a secure detoxification facility or other certified chemical dependency provider for not more than a seventy-two hour evaluation and treatment period.

(ii) The order issued under this subsection (1)(b) shall state the address of the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider to which the person is to report; whether the required seventy-two hour evaluation and treatment services may be delivered on an outpatient or inpatient basis; and that if the person named in the order fails to appear at the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider at or before the date and time stated in the order, the person may be involuntarily taken into custody for evaluation and treatment. The order shall also designate retained counsel or, if counsel is appointed from a list provided by the court, the name, business address, and telephone number of the attorney appointed to represent the person.

(c) The designated crisis responder shall then serve or cause to be served on such person, his or her guardian, and conservator, if any, a copy of the order to appear, together with a notice of rights and a petition for initial detention. After service on the person, the designated crisis responder shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility or secure detoxification facility and the designated attorney. The designated crisis responder shall notify the court and the prosecuting attorney that a probable cause hearing will be held within seventy-two hours of the date and time of outpatient evaluation or admission to the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider. The person shall be permitted to remain in his or her home or other place of his or her choosing before the time of evaluation and shall be permitted to be accompanied by one or more of his or her relatives, friends, an attorney, a personal physician, or other professional or religious advisor to the place of evaluation. An attorney accompanying the person to the place of evaluation shall be permitted to be present during the admission evaluation. Any other person accompanying the person may be present during the admission evaluation. The facility may exclude the person if his or her presence would present a safety risk, delay the proceedings, or otherwise interfere with the evaluation.

(d) If the person ordered to appear does appear on or before the date and time specified, the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider may admit the person as required by subsection (3) of this section or may provide treatment on an outpatient basis. If the person ordered to appear fails to appear on or before the date and time specified, the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider shall immediately notify the designated crisis responder who may notify a peace officer to take the person or cause the person to be taken into custody and placed in an evaluation and treatment facility, a secure detoxification facility, or other certified chemical dependency provider. Should the designated crisis responder notify a peace officer authorizing the officer to take a person into custody under this subsection, the designated crisis responder shall file with the court a copy of the authorization and a notice of detention. At the time the person is taken into custody there shall commence to be served on the person, his or her guardian, and conservator, if any, a copy of the original order together with a notice of detention, a notice of rights, and a petition for initial detention.

(2) If a designated crisis responder receives information alleging that a person, as the result of:

(a) A mental disorder, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take the person, or cause by oral or written order the person to be taken into emergency custody in an evaluation and treatment facility for not more than seventy-two hours as described in this chapter; or

(b) Chemical dependency, presents an imminent likelihood of serious harm, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the designated crisis responder may take the person, or cause by oral or written order the person to be taken into emergency custody in a secure detoxification facility for not more than seventy-two hours as described in this chapter.

(3) If the designated crisis responder petitions for detention of a person whose actions constitute a likelihood of serious harm, or who is gravely disabled, the evaluation and treatment facility, the secure detoxification facility, or other certified chemical dependency provider providing seventy-two hour evaluation and treatment must immediately accept on a provisional basis the petition and the person. The evaluation and treatment facility, the secure detoxification facility, or other certified chemical dependency provider shall then evaluate the person's condition and admit, detain, transfer, or discharge such person in

accordance with this chapter. The facility shall notify in writing the court and the designated crisis responder of the date and time of the initial detention of each person involuntarily detained so that a probable cause hearing will be held no later than seventy-two hours after detention.

(4) A peace officer may, without prior notice of the proceedings provided for in subsection (1) of this section, take or cause the person to be taken into custody and immediately delivered to an evaluation and treatment facility, secure detoxification facility, other certified chemical dependency treatment provider only pursuant to subsections (1)(d) and (2) of this section.

(5) Nothing in this chapter limits the power of a peace officer to take a person into custody and immediately deliver the person to the emergency department of a local hospital or to a detoxification facility.

NEW SECTION. Sec. 207. (1) A person or public or private entity employing a person is not civilly or criminally liable for performing duties under this chapter if the duties were performed in good faith and without gross negligence.

(2) This section does not relieve a person from giving the required notices under RCW 71.05.330(2) or 71.05.340(1)(b), or the duty to warn or to take reasonable precautions to provide protection from violent behavior where the patient has communicated an actual threat of physical violence against a reasonably identifiable victim or victims. The duty to warn or to take reasonable precautions to provide protection from violent behavior is discharged if reasonable efforts are made to communicate the threat to the victim or victims and to law enforcement personnel.

NEW SECTION. Sec. 208. If the evaluation and treatment facility, secure detoxification facility, or other certified chemical dependency provider admits the person, it may detain the person for evaluation and treatment for a period to exceed seventy-two hours from the time of acceptance. The computation of the seventy-two hour period excludes Saturdays, Sundays, and holidays.

NEW SECTION. Sec. 209. Whenever any person is detained for evaluation and treatment for a mental disorder under section 206 of this act, chapter 71.05 RCW applies.

NEW SECTION. Sec. 210. (1) A person detained for seventy-two hour evaluation and treatment under section 206 of this act or RCW 70.96A.120 may be detained for not more than fourteen additional days of involuntary chemical dependency treatment if there are beds available at the secure detoxification facility and the following conditions are met:

(a) The professional person in charge of the agency or facility or the person's designee providing evaluation and treatment services in a secure detoxification facility has assessed the person's condition and finds that the condition is caused by chemical dependency and either results in a likelihood of serious harm or in the detained person being gravely disabled, and the professional person or his or her designee is prepared to testify those conditions are met;

(b) The person has been advised of the need for voluntary treatment and the professional person in charge of the agency or facility or his or her designee has evidence that he or she has not in good faith volunteered for treatment; and

(c) The professional person in charge of the agency or facility or the person's designee has filed a petition for fourteen-day involuntary detention with the superior court, district court, or other court permitted by court rule. The petition must be signed by the chemical dependency professional who has examined the person.

(2) The petition under subsection (1)(c) of this section shall be accompanied by a certificate of a licensed physician who has examined the person, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the licensed physician's findings in support of the allegations of the petition. A physician employed by the petitioning program or the department is eligible to be the certifying physician.

(3) The petition shall state facts that support the finding that the person, as a result of chemical dependency, presents a likelihood of serious harm or is gravely disabled, and that there are no less restrictive alternatives to detention in the best interest of the person or others. The petition shall state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate.

(4) A copy of the petition shall be served on the detained person, his or her attorney, and his or her guardian or conservator, if any, before the probable cause hearing.

(5)(a) The court shall inform the person whose commitment is sought of his or her right to contest the petition, be represented by counsel at every stage of any proceedings relating to his or her commitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment is sought shall be informed of his or her right to be examined by a licensed physician of his or her choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall appoint a reasonably available licensed physician designated by the person.

(b) At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that the person, as the result of chemical dependency, presents a likelihood of serious harm or is gravely disabled and, after considering
less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interest of such person or others, the court shall order that the person be detained for involuntary chemical dependency treatment not to exceed fourteen days in a secure detoxification facility.

NEW SECTION. Sec. 211. If a person is detained for additional treatment beyond fourteen days under section 210 of this act, the professional staff of the agency or facility may petition for additional treatment under RCW 70.96A.140.

NEW SECTION. Sec. 212. The prosecuting attorney of the county in which an action under this chapter is taken must represent the petitioner in judicial proceedings under this chapter for the involuntary chemical dependency treatment of a person, including any judicial proceeding where the person sought to be treated for chemical dependency challenges the action.

NEW SECTION. Sec. 213. (1) Every person involuntarily detained or committed under this chapter as a result of a mental disorder is entitled to all the rights set forth in this chapter and in chapter 71.05 RCW, and retains all rights not denied him or her under this chapter or chapter 71.05 RCW.

(2) Every person involuntarily detained or committed under this chapter as a result of a chemical dependency is entitled to all the rights set forth in this chapter and chapter 70.96A RCW, and retains all rights not denied him or her under this chapter or chapter 70.96A RCW.

NEW SECTION. Sec. 214. (1) When a designated crisis responder is notified by a jail that a defendant or offender who was subject to a discharge review under RCW 71.05.232 is to be released to the community, the designated crisis responder shall evaluate the person within seventy-two hours of release.

(2) When an offender is under court-ordered treatment in the community and the supervision of the department of corrections, and the treatment provider becomes aware that the person is in violation of the terms of the court order, the treatment provider shall notify the designated crisis responder of the violation and request an evaluation for purposes of revocation of the less restrictive alternative.

(3) When a designated crisis responder becomes aware that an offender who is under court-ordered treatment in the community and the supervision of the department of corrections is in violation of a treatment order or a condition of supervision that relates to public safety, or the designated crisis responder detains a person under this chapter, the designated crisis responder shall notify the person's treatment provider and the department of corrections.

(4) When an offender who is confined in a state correctional facility or is under supervision of the department of corrections in the community is subject to a petition for involuntary treatment under this chapter, the petitioner shall notify the department of corrections and the department of corrections shall provide documentation of its risk assessment or other concerns to the petitioner and the court if the department of corrections classified the offender as a high risk or high needs offender.

(5) Nothing in this section creates a duty on any treatment provider or designated crisis responder to provide offender supervision.

NEW SECTION. Sec. 215. The secretary may adopt rules to implement this chapter.

NEW SECTION. Sec. 216. The provisions of RCW 71.05.550 apply to this chapter.

(2) The evaluation of the pilot programs shall include:

(a) Whether the designated crisis responder pilot program:

(i) Has increased efficiency of evaluation and treatment of persons involuntarily detained for seventy-two hours;

(ii) Is cost-effective;

(iii) Results in better outcomes for persons involuntarily detained;

(iv) Increased the effectiveness of the crisis response system in the pilot catchment areas;

(b) The effectiveness of providing a single chapter in the Revised Code of Washington to address initial detention of persons with mental disorders or chemical dependency, in crisis response situations and the likelihood of effectiveness of providing a single, comprehensive involuntary treatment act.

(3) The reports shall consider the impact of the pilot programs on the existing mental health system and on the persons served by the system.

Sec. 218. RCW 71.05.550 and 1973 1st ex.s. c 142 s 60 are each amended to read as follows:

The department of social and health services, in planning and providing funding to counties pursuant to chapter 71.24 RCW, shall recognize the financial necessities imposed upon counties by implementation of this chapter and chapter 70.96A RCW (sections 202 through 216 of this act), and shall consider needs, if any, for additional community mental health services and facilities and reduction in commitments to state hospitals for the mentally ill accomplished by individual counties, in planning and providing such funding. The state shall provide financial assistance to the counties to enable the counties to meet all
increased costs, if any, to the counties resulting from their administration of the provisions of chapter 142, Laws of 1973 1st ex. sess.

NEW SECTION. Sec. 219. Sections 202 through 216 of this act expire July 1, 2008.

NEW SECTION. Sec. 220. A new section is added to chapter 70.96A RCW to read as follows:

1. The secretary shall select and contract with counties to provide intensive case management for chemically dependent persons with histories of high utilization of crisis services at two sites. In selecting the two sites, the secretary shall endeavor to site one in an urban county, and one in a rural county; and to site them in counties other than those selected pursuant to section 203 of this act, to the extent necessary to facilitate evaluation of pilot project results.

2. The contracted sites shall implement the pilot programs by providing intensive case management to persons with a primary chemical dependency diagnosis or dual primary chemical dependency and mental health diagnoses, through the employment of chemical dependency case managers. The chemical dependency case managers shall:

   a. Be trained in and use the integrated, comprehensive screening and assessment process adopted under section 601 of this act;
   b. Reduce the use of crisis medical, chemical dependency and mental health services, including but not limited to, emergency room admissions, hospitalizations, detoxification programs, inpatient psychiatric admissions, involuntary treatment petitions, emergency medical services, and ambulance services;

   g. Where appropriate and available, coordinate with primary care and other programs operated through the federal government including federally qualified health centers, Indian health programs, and veterans' health programs for which the person is eligible to reduce duplication of services and conflicts in case approach;
   h. Where appropriate, advocate for the client's needs to assist the person in achieving and maintaining stability and progress toward recovery;

PART IV
RESOURCES

NEW SECTION. Sec. 401. Sections 402 through 425 of this act constitute a new chapter in Title 70 RCW.

NEW SECTION. Sec. 402. The legislature finds that there are persons with mental disorders, including organic or traumatic brain disorders, and combinations of mental disorders with other medical conditions or behavior histories that result in behavioral and security issues that make these persons ineligible for, or unsuccessful in, existing types of licensed facilities, including adult residential rehabilitation centers, boarding homes, adult family homes, group homes, and skilled nursing facilities. The legislature also finds that many of these persons have been treated on repeated occasions in inappropriate acute care facilities and released without an appropriate placement or have been treated or detained for extended periods in inappropriate settings including state hospitals and correctional facilities. The legislature further finds that some of these persons present complex safety and treatment issues that require security measures that cannot be instituted under most facility licenses or supported housing programs. These include the ability to detain persons under involuntary treatment orders or administer court ordered medications.

Consequently, the legislature intends, to the extent of available funds, to establish a new type of facility licensed by the department of social and health services as an enhanced services facility with standards that will provide a safe, secure treatment environment for a limited population of persons who are not appropriately served in other facilities or programs. The legislature also finds that enhanced services facilities may need to specialize in order to effectively care for a particular segment of the identified population.

An enhanced services facility may only serve individuals that meet the criteria specified in section 405 of this act.

NEW SECTION. Sec. 403. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(4) Persons receiving evaluation or treatment under this chapter shall be given a reasonable choice of an available physician or other professional person qualified to provide such services.
The physician-patient privilege or the psychologist-client privilege shall be deemed waived in proceedings under this chapter relating to the administration of antipsychotic medications. As to other proceedings under chapter 10.77, 70.96A, or 71.05 RCW, the privileges shall be waived when a court of competent jurisdiction in its discretion determines that such waiver is necessary to protect either the detained person or the public.

Insofar as danger to the person or others is not created, each resident of an enhanced services facility shall have, in addition to other rights not specifically withheld by law, the following rights, a list of which shall be prominently posted in all facilities, institutions, and hospitals providing such services:

(a) To wear his or her own clothes and to keep and use his or her own personal possessions, except when deprivation of same is essential to protect the safety of the resident or other persons;

(h) To discuss and actively participate in treatment plans and decisions with professional persons;

Nothing contained in this chapter shall prohibit a resident from petitioning by writ of habeas corpus for release.

Nothing in this section permits any person to knowingly violate a no-contact order or a condition of an active judgment and sentence or active supervision by the department of corrections.

(3) An enhanced services facility may hold only one license but, to the extent permitted under state and federal law and medicaid requirements, a facility may be located in the same building as another licensed facility, provided that:
(a) The enhanced services facility is in a location that is totally separate and discrete from the other licensed facility; and
(b) The two facilities maintain separate staffing, unless an exception to this is permitted by the department in rule.
(4) Nursing homes under chapter 18.51 RCW, boarding homes under chapter 18.20 RCW, or adult family homes under chapter 70.128 RCW, that become licensed as facilities under this chapter shall be deemed to meet the applicable state and local rules, regulations, permits, and code requirements. All other facilities are required to meet all applicable state and local rules, regulations, permits, and code requirements.
NEW SECTION. Sec. 409. (1) The enhanced services facility shall complete a comprehensive assessment for each resident within fourteen days of admission, and the assessments shall be repeated upon a significant change in the resident's condition or, at a minimum, every one hundred eighty days if there is no significant change in condition.

(2) The enhanced services facility shall develop an individualized treatment plan for each resident based on the comprehensive assessment and any other information in the person's record. The plan shall be updated as necessary, and shall include a plan for appropriate transfer or discharge and reintegration into the community. Where the person is under the supervision of the department of corrections, the facility shall collaborate with the department of corrections to maximize treatment outcomes and reduce the likelihood of reoffense.

(3) The plan shall maximize the opportunities for independence, recovery, employment, the resident's participation in treatment decisions, and collaboration with peer-supported services, and provide for care and treatment in the least restrictive manner appropriate to the individual resident, and, where relevant, to any court orders with which the resident must comply.

NEW SECTION. Sec. 410. (1) An enhanced services facility must have sufficient numbers of staff with the appropriate credentials and training to provide residents with the appropriate care and treatment:

(a) Mental health treatment;
(b) Medication services;
(c) Assistance with the activities of daily living;
(d) Medical or habilitative treatment;
(e) Dietary services;
(f) Security; and
(g) Chemical dependency treatment.

(2) Where an enhanced services facility specializes in medically fragile persons with mental disorders, the on-site staff must include at least one licensed nurse twenty-four hours per day. The nurse must be a registered nurse for at least sixteen hours per day. If the nurse is not a registered nurse, a registered nurse or a doctor must be on-call during the remaining eight hours.

(3) Any employee or other individual who will have unsupervised access to vulnerable adults must successfully pass a background inquiry check.

(3) A licensee shall have the following readily accessible and available for review by the department, residents, families of residents, and the public:

(a) Its license to operate and a copy of the department's most recent inspection report and any recent complaint investigation reports issued by the department;
(b) Its written policies and procedures for all treatment, care, and services provided directly or indirectly by the facility; and
(c) The department's toll-free complaint number, which shall also be posted in a clearly visible place and manner.

(4) Enhanced services facilities shall maintain a grievance procedure that meets the requirements of rules established by the department.

(5) No facility shall discriminate or retaliate in any manner against a resident or employee because the resident, employee, or any other person made a complaint or provided information to the department, the long-term care ombudsman, Washington protection and advocacy system, or a mental health ombudsperson.

(6) Each enhanced services facility will post in a prominent place in a common area a notice by the Washington protection and advocacy system providing contact information.

NEW SECTION. Sec. 413. (1) In any case in which the department finds that a licensee of a facility, or any partner, officer, director, owner of five percent or more of the assets of the facility, or managing employee failed or refused to comply with the requirements of this chapter or the rules established under them, the department may take any or all of the following actions:
(a) Suspend, revoke, or refuse to issue or renew a license;
(b) Order stop placement; or
(c) Assess civil monetary penalties.

(2) The department may suspend, revoke, or refuse to renew a license, assess civil monetary penalties, or both, in any case in which it finds that the licensee of a facility, or any partner, officer, director, owner of five percent or more of the assets of the facility, or managing employee:
(a) Operated a facility without a license or under a revoked or suspended license;
(b) Knowingly or with reason to know made a false statement of a material fact in the license application or any data attached thereto, or in any matter under investigation by the department;
(c) Refused to allow representatives or agents of the department to inspect all books, records, and files required to be maintained or any portion of the premises of the facility;
(d) Willfully prevented, interfered with, or attempted to impede in any way the work of any duly authorized representative of the department and the lawful enforcement of any provision of this chapter;
(e) Willfully prevented or interfered with any representative of the department in the preservation of evidence of any violation of any of the provisions of this chapter or of the rules adopted under it; or
(f) Failed to pay any civil monetary penalty assessed by the department under this chapter within ten days after the assessment becomes final.

(3)(a) Civil penalties collected under this chapter shall be deposited into a special fund administered by the department.
(b) Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day the facility is or was out of compliance. Civil monetary penalties shall not exceed three thousand dollars per day. Each day upon which the same or a substantially similar action occurs is a separate violation subject to the assessment of a separate penalty.

(4) The department may use the civil penalty monetary fund for the protection of the health or property of residents of facilities found to be deficient including:
(a) Payment for the cost of relocation of residents to other facilities;
(b) Payment to maintain operation of a facility pending correction of deficiencies or closure; and
(c) Reimbursement of a resident for personal funds or property loss.

(5)(a) The department may issue a stop placement order on a facility, effective upon oral or written notice, when the department determines:
(i) The facility no longer substantially meets the requirements of this chapter; and
(ii) The deficiency or deficiencies in the facility:
(A) Jeopardizes the health and safety of the residents; or
(B) Seriously limits the facility's capacity to provide adequate care.
(b) When the department has ordered a stop placement, the department may approve a readmission to the facility from a hospital, residential treatment facility, or crisis intervention facility when the department determines the readmission would be in the best interest of the individual seeking readmission.

(6) If the department determines that an emergency exists and resident health and safety is immediately jeopardized as a result of a facility's failure or refusal to comply with this chapter, the department may summarily suspend the facility's license and order the immediate closure of the facility, or the immediate transfer of residents, or both.

(7) If the department determines that the health or safety of the residents is immediately jeopardized as a result of a facility's failure or refusal to comply with requirements of this chapter, the department may appoint temporary management to:
(a) Oversee the operation of the facility; and
(b) Ensure the health and safety of the facility's residents while:
(i) Orderly closure of the facility occurs; or
(ii) The deficiencies necessitating temporary management are corrected.

NEW SECTION. Sec. 414. (1) All orders of the department denying, suspending, or revoking the license or assessing a monetary penalty shall become final twenty days after the same has been served upon the applicant or licensee unless a hearing is requested.

(2) All orders of the department imposing stop placement, temporary management, emergency closure, emergency transfer, or summary license suspension shall be effective immediately upon notice, pending any hearing.

(3) Subject to the requirements of subsection (2) of this section, all hearings under this chapter and judicial review of such determinations shall be in accordance with the administrative procedure act, chapter 34.05 RCW.

NEW SECTION. Sec. 415. Operation of a facility without a license in violation of this chapter and discrimination against medicaid recipients is a matter vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. Operation of an enhanced services facility without a license in violation of this chapter is not
reasonable in relation to the development and preservation of business. Such a violation is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

NEW SECTION. Sec. 416. A person operating or maintaining a facility without a license under this chapter is guilty of a misdemeanor and each day of a continuing violation after conviction shall be considered a separate offense.

NEW SECTION. Sec. 417. Notwithstanding the existence or use of any other remedy, the department may, in the manner provided by law, maintain an action in the name of the state for an injunction, civil penalty, or other process against a person to restrain or prevent the operation or maintenance of a facility without a license issued under this chapter.

NEW SECTION. Sec. 418. (1) The department shall make or cause to be made at least one inspection of each facility prior to licensure and an unannounced full inspection of facilities at least once every eighteen months. The statewide average interval between full facility inspections must be fifteen months.

(2) Any duly authorized officer, employee, or agent of the department may enter and inspect any facility at any time to determine that the facility is in compliance with this chapter and applicable rules, and to enforce any provision of this chapter. Complaint inspections shall be unannounced and conducted in such a manner as to ensure maximum effectiveness. No advance notice shall be given of any inspection unless authorized or required by federal law.

(3) During inspections, the facility must give the department access to areas, materials, and equipment used to provide care or support to residents, including resident and staff records, accounts, and the physical premises, including the buildings, grounds, and equipment. The department has the authority to privately interview the provider, staff, residents, and other individuals familiar with resident care and treatment.

(4) Any public employee giving advance notice of an inspection in violation of this section shall be suspended from all duties without pay for a period of not less than five nor more than fifteen days.

(5) The department shall prepare a written report describing the violations found during an inspection, and shall provide a copy of the inspection report to the facility.

(6) The facility shall develop a written plan of correction for any violations identified by the department and provide a plan of correction to the department within ten working days from the receipt of the inspection report.

NEW SECTION. Sec. 419. The facility shall only admit individuals:

(1) Who are over the age of eighteen;

(2) Who meet the resident eligibility requirements described in section 405 of this act; and

(3) Whose needs the facility can safely and appropriately meet through qualified and trained staff, services, equipment, security, and building design.

NEW SECTION. Sec. 420. If the facility does not employ a qualified professional able to furnish needed services, the facility must have a written contract with a qualified professional or agency outside the facility to furnish the needed services.

NEW SECTION. Sec. 421. At least sixty days before the effective date of any change of ownership, or change of management of a facility, the current operating entity must provide written notification about the proposed change separately and in writing, to the department, each resident of the facility, or the resident's guardian or representative.

NEW SECTION. Sec. 422. The facility shall:

(1) Maintain adequate resident records to enable the provision of necessary treatment, care, and services and to respond appropriately in emergency situations;

(2) Comply with all state and federal requirements related to documentation, confidentiality, and information sharing, including chapters 10.77, 70.02, 70.24, 70.96A, and 71.05 RCW; and

(3) Where possible, obtain signed releases of information designating the department, the facility, and the department of corrections where the person is under its supervision, as recipients of health care information.

NEW SECTION. Sec. 423. (1) Standards for fire protection and the enforcement thereof, with respect to all facilities licensed under this chapter, are the responsibility of the chief of the Washington state patrol, through the director of fire protection, who must adopt recognized standards as applicable to facilities for the protection of life against the cause and spread of fire and fire hazards. If the facility to be licensed meets with the approval of the chief of the Washington state patrol, through the director of fire protection, the director of fire protection must submit to the department a written report approving the facility with respect to fire protection before a full license can be issued. The chief of the Washington state patrol, through the director of fire protection, shall conduct an unannounced full inspection of facilities at least once every eighteen months. The statewide average interval between full facility inspections must be fifteen months.

(2) Inspections of facilities by local authorities must be consistent with the requirements adopted by the chief of the Washington state patrol, through the director of fire protection. Findings of a serious nature must be coordinated with the department and the chief of the Washington state patrol, through the director of fire protection, for determination of appropriate actions to ensure a safe environment for residents. The chief of the Washington state patrol, through the director of fire protection, has exclusive authority to determine appropriate corrective action under this section.
NEW SECTION. Sec. 424. No facility providing care and treatment for individuals placed in a facility, or agency licensing or placing residents in a facility, acting in the course of its duties, shall be civilly or criminally liable for performing its duties under this chapter, provided that such duties were performed in good faith and without gross negligence.

NEW SECTION. Sec. 425. (1) The secretary shall adopt rules to implement this chapter.
(2) Such rules shall at the minimum: (a) Promote safe treatment and necessary care of individuals residing in the facility and provide for safe and clean conditions; (b) establish licensee qualifications, licensing and enforcement, and license fees sufficient to cover the cost of licensing and enforcement.

evaluation and treatment facility. No person referred to an evaluation and treatment facility may be held at the facility longer than seventy-two hours.

(2) If an individual is placed in an evaluation and treatment facility under RCW 10.77.090(1)(d)(iii)(B), a professional person shall evaluate the individual for purposes of determining whether to file a ninety-day inpatient or outpatient petition under chapter 71.05 RCW. Before expiration of the seventy-two hour evaluation period authorized under RCW 10.77.090(1)(d)(iii)(B), the professional person shall file a petition or, if the recommendation of the professional person is to release the individual, present his or her recommendation to the superior court of the county in which the criminal charge was dismissed. The superior court shall review the recommendation not later than forty-eight hours, excluding Saturdays, Sundays, and holidays, after the recommendation is presented. If the court rejects the recommendation to unconditionally release the individual, the court may order the individual detained at a designated evaluation and treatment facility for not more than a seventy-two hour evaluation and treatment period and direct the individual to appear at a surety hearing before that court within seventy-two hours, or the court may release the individual but direct the individual to appear at a surey hearing set before that court within eleven days, at which time the prosecutor may file a petition under this chapter for ninety-day inpatient or outpatient treatment. If a petition is filed by the prosecutor, the court may order that the person named in the petition be detained at the evaluation and treatment facility that performed the evaluation under this subsection or order the respondent to be in outpatient treatment. If a petition is filed but the individual fails to appear in court for the surety hearing, the court shall order that a mental health professional or peace officer shall take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility to be brought before the court the next judicial day after detention. Upon the individual's first appearance in court after a petition has been filed, proceedings under RCW 71.05.310 and 71.05.320 shall commence. For an individual subject to this subsection, the prosecutor or professional person may directly file a petition for ninety-day inpatient or outpatient treatment and no petition for initial detention or fourteen-day detention is required before such a petition may be filed.

The court shall conduct the hearing on the petition filed under this subsection within five judicial days of the date the petition is filed. The court may continue the hearing upon the written request of the person named in the petition or the person's attorney, for good cause shown, which continuance shall not exceed five additional judicial days. If the person named in the petition requests a jury trial, the trial shall commence within ten judicial days of the date of the filing of the petition. The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the petitioner. The person shall be present at such proceeding, which shall in all respects accord with the constitutional guarantees of due process of law and the rules of evidence pursuant to RCW (71.05.250) 71.05.360 (8) and (9).

During the proceeding the person named in the petition shall continue to be detained and treated until released by order of the court. If no order has been made within thirty days after the filing of the petition, not including any extensions of time requested by the detained person or his or her attorney, the detained person shall be released.

(3) If an (county) designated mental health professional or the professional person and prosecuting attorney for the county in which the criminal charge was dismissed or attorney general, as appropriate, stipulate that the individual does not present a likelihood of serious harm or is not gravely disabled, the hearing under this section is not required and the individual, if in custody, shall be released.

(4) The individual shall have the rights specified in RCW (71.05.250) 71.05.360 (8) and (9).

Sec. 709. RCW 71.05.310 and 1987 c 439 s 9 are each amended to read as follows:

The court shall conduct a hearing on the petition for ninety day treatment within five judicial days of the first court appearance after the probable cause hearing. The court may continue the hearing upon the written request of the person named in the petition or the person's attorney, for good cause shown, which continuance shall not exceed five additional judicial days. If the person named in the petition requests a jury trial, the trial shall commence within ten judicial days of the first court appearance after the probable cause hearing. The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the petitioner. The person shall be present at such proceeding, which shall in all respects accord with the constitutional guarantees of due process of law and the rules of evidence pursuant to RCW (71.05.250) 71.05.360 (8) and (9).

During the proceeding, the person named in the petition shall continue to be treated until released by order of the superior court. If no order has been made within thirty days after the filing of the petition, not including extensions of time requested by the detained person or his or her attorney, the detained person shall be released.

For purposes of this subsection a written request includes requests made by e-mail or facsimile so long as the requesting person at the department of corrections is clearly identified. (9) This section does not modify the terms and conditions of disclosure of information related to sexually transmitted diseases under chapter 70.24 RCW.

(10) The department shall, subject to available resources, electronically, or by the most cost-effective means available, provide the department of corrections with the names, last dates of services, and addresses of specific regional support networks and mental health services providers that delivered mental health services to a person subject to chapter 9.94A or 9.95 RCW pursuant to an agreement between the departments.

(c) Allocate one hundred percent of available resources to the regional support networks in accordance with subsection (13) of this section. Incentive payments authorized under subsection (13) of this section may be allocated separately from other available resources.

(d) Notify regional support networks of their allocation of available resources at least sixty days prior to the start of a new biennial contract period.

(e) Deny funding allocations to regional support networks based solely upon formal findings of noncompliance with the terms of the regional support network's contract with the department. Written notice and at least thirty days for corrective action must precede any such action. In such cases, regional support networks shall have full rights to appeal under chapter 34.05 RCW.

(16) The department, in cooperation with the state congressional delegation, shall actively seek waivers of federal requirements and such modifications of federal regulations as are necessary to allow federal medicaid reimbursement for services provided by free-standing evaluation and treatment facilities certified under chapter 71.05 RCW. (1) Any license to engage in any of the gambling activities authorized by this chapter ((as now exists or as hereafter amended)), and issued under the authority thereof shall be legal authority to engage in the gambling activities for which issued throughout the incorporated and unincorporated area of any county, except that;

(a) The commission shall neither issue nor renew any license to engage in a house-banked card game except in a location specified in a license to conduct a house-banked card game approved pursuant to subsection (4) of this section, or that, as of March 10, 2005:

(i) Is approved by the commission, is in effect, and is not subsequently a license at issue in an application for relocation submitted pursuant to subsection (4) of this section; or

(ii) Has been submitted to and has not subsequently been denied by the commission;

(b) A licensee authorized to engage in house-banked card games pursuant to a license described in (a) of this subsection may continue to engage only in gambling activity authorized under the license unless, on the renewal date of the license, the city, town, city-county, or county with jurisdiction over the location identified in the license has in effect an ordinance, resolution, or other legislative act adopted pursuant to (c) of this subsection prohibiting such gambling activity; and

(c) A city located therein with respect to that city, or a county with respect to all areas within that county except for such cities, may absolutely prohibit((, but may not change the scope of license)) any or all of the gambling activities for which the license was issued.

(2) Nothing in this section authorizes any city, town, city-county, or county to adopt or enforce any ordinance, resolution, or other legislative act changing or purporting to change any provision within the scope of a license issued under this chapter.

(3) For purposes of this section, an ordinance, resolution, or other legislative act that:

(a) Prohibits all house-banked card games within the applicable jurisdiction on and after the effective date of the legislative act, or on and after any other date specified in the legislative act, shall be deemed to be an act adopted in compliance with subsection (1)(c) of this section;

(b) Allows any house-banked card games to continue to operate within the applicable jurisdiction for an indefinite period after the effective date of the legislative act, or after another date, if any, specified in the legislative act, shall be deemed to be an act not in compliance with subsection (1)(c) of this section, and is null and void.

(4) The commission may issue or renew a license to engage in a house-banked card game in a location specified in an application submitted pursuant to rules adopted by the commission to relocate a licensed premise, if:

(a)(i) The licensed premise proposed to be relocated was, as of March 10, 2005, in a location where a house-banked card game was licensed to be conducted; (ii) the application for approval to be relocated is submitted to the commission on or before July 1, 2010; and (iii) the location to which the applicant requests to be relocated is within the geographic boundaries of the same jurisdiction in which the licensee is authorized by the commission to operate on the date the application is submitted;

(b) The city, town, city-county, or county in which the licensee described in (a) of this subsection is licensed by the commission to operate adopts an ordinance or resolution unequivocally approving and supporting the licensee's request to relocate: (i) By at least a sixty percent majority vote of the members of the jurisdiction's legislative body; and (ii) within ninety days of the date the application described in (a) of this subsection is submitted; and

(c) The commission approves the application to relocate with at least a sixty percent majority vote of the voting members of the commission.

(5) The commission shall not approve an application submitted pursuant to subsection (4) of this section if the licensee:

(a) Has previously applied to relocate the premise; or (b) does not meet any existing standard required to obtain or retain a license to engage in a house-banked card game.

(6) An application to relocate a licensed premise under subsection (4) of this section shall not be approved, and if previously approved, the license to engage in a house-banked card game at such location shall be revoked and not subsequently

(5) To establish a schedule of annual license fees for carrying on specific gambling activities upon the premises, and for such other activities as may be licensed by the commission, which fees shall provide to the commission not less than an amount of money adequate to cover all costs incurred by the commission relative to licensing under this chapter and the enforcement by the commission of the provisions of this chapter and rules and regulations adopted pursuant thereto: PROVIDED, That all licensing fees shall be submitted with an application therefor and such portion of said fees as the commission may determine, based upon its cost of processing and investigation, shall be retained by the commission upon the withdrawal or denial of any such license application as its reasonable expense for processing the application and investigation into the granting thereof: PROVIDED FURTHER, That if in a particular case the basic license fee established by the commission for a particular class of license is less than the commission's actual expenses to investigate that particular application, the commission may at any time charge to that applicant such additional fees as are necessary to pay the commission for those costs. The commission may decline to proceed with its investigation and no license shall be issued until the commission has been fully paid therefor by the applicant: AND PROVIDED FURTHER, That the commission may establish fees for the furnishing by it to licensees of identification stamps to be affixed to such devices and equipment as required by the commission and for such other special services or programs required or offered by the commission, the amount of each of these fees to be not less than is adequate to offset the cost to the commission of the stamps and of administering their dispersal to licensees or the cost of administering such other special services, requirements or programs;

All national criminal history background checks shall be conducted using fingerprints submitted to the United States department of justice-federal bureau of investigation. The commission must establish rules to delineate which persons named on the application are subject to national
The commission shall take into account (i) the nature, character, and scope of the activities of the licensee, as distinguished from nonprofit, purposes.

(9) To require that all income from bingo games, raffles, and amusement games be recorded and reported as established by rule or regulation of the commission to the extent deemed necessary by considering the scope and character of the gambling activity in such a manner that will disclose gross income from any gambling activity, amounts received from each player, the nature and value of prizes, and the fact of distributions of such prizes to the winners thereof;

(10) To regulate and establish maximum limitations on income derived from bingo. In establishing limitations pursuant to this subsection the commission shall take into account (i) the nature, character, and scope of the activities of the licensee; (ii) the source of all other income of the licensee; and (iii) the percentage or extent to which income derived from bingo is used for charitable, as distinguished from nonprofit, purposes. However, the commission's powers and duties granted by this subsection are discretionary and not mandatory;

(11) To regulate and establish the type and scope of and manner of conducting the gambling activities authorized by this chapter, including but not limited to, the extent of wager, money, or other thing of value which may be wagered or contributed or won by a player in any such activities;

(12) To require that any license holder maintain records as directed by the commission and submit such reports as the commission may deem necessary;

(13) To require that all income from bingo games, raffles, and amusement games be recorded and reported as established by rule or regulation of the commission to the extent deemed necessary by considering the scope and character of the gambling activity in such a manner that will disclose gross income from any gambling activity, amounts received from each player, the nature and value of prizes, and the fact of distributions of such prizes to the winners thereof;

(14) To publish and make available at the office of the commission or elsewhere to anyone requesting it a list of the names, addresses, and dates of birth of the volunteers.

In establishing these maximum limits the commission shall take into account the amount of income received, or expected to be received, from the class of activities to which the limits will apply and the amount of money the games could generate for authorized charitable or nonprofit purposes absent such expenses. The commission may also take into account, in its discretion, other factors, including but not limited to, the local prevailing wage scale and whether charitable purposes are benefited by the activities;

(15) To set forth for the perusal of counties, city-counties, cities and towns, model ordinances by which any legislative authority thereof may enter into the taxing of any gambling activity authorized by this chapter;

(16) To establish and regulate a maximum limit on salaries or wages which may be paid to persons employed in connection with activities conducted by bona fide charitable or nonprofit organizations and authorized by this chapter, where payment of such persons is allowed, and to regulate and establish maximum limits for other expenses in connection with such authorized activities, including but not limited to rent or lease payments. However, the commissioner's powers and duties granted by this subsection are discretionary and not mandatory.

In establishing these maximum limits the commission shall take into account the amount of income received, or expected to be received, from the class of activities to which the limits will apply and the amount of money the games could generate for authorized charitable or nonprofit purposes absent such expenses. The commission may also take into account, in its discretion, other factors, including but not limited to, the local prevailing wage scale and whether charitable purposes are benefited by the activities;

(17) To authorize, require, and issue for a period not to exceed one year such licenses or permits, for which the commission may by rule provide, to any person to work for any operator of any gambling activity authorized by this chapter in connection with that activity, or any manufacturer, supplier, or distributor of devices for those activities in connection with such business. The commission shall not require that persons working solely as volunteers in an authorized activity conducted by a bona fide charitable or bona fide nonprofit organization, who receive no compensation of any kind for any purpose from that organization, and who have no managerial or supervisory responsibility in connection with that activity, be licensed to do such work.

The commission may require that licensees employing such unlicensed volunteers submit to the commission periodically a list of the names, addresses, and dates of birth of the volunteers. If any volunteer is not approved by the commission, the commission may require that the licensee not allow that person to work in connection with the licensed activity;

(18) To publish and make available at the office of the commission or elsewhere to anyone requesting it a list of the commission licensees, including the name, address, type of license, and license number of each licensee;

(19) To establish guidelines for determining what constitutes active membership in bona fide nonprofit or charitable organizations for the purposes of this chapter; and

(20) To perform all other matters and things necessary to carry out the purposes and provisions of this chapter.

The legislature also finds that deaf and hard of hearing children can benefit greatly if they are taught by an educator who is trained to understand the learning and communication issues the children face. Educators who received teacher training in a program for the deaf and hard of hearing are sensitive to the needs of deaf and hard of hearing students and are able to provide appropriate strategies to assist students in reacting to and interacting with their environment. The legislature intends to assist school districts in their efforts to attract teachers who are especially trained to work with deaf and hard of hearing students by directing the state board of education to establish a certification endorsement for teachers of the deaf and hard of hearing.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.410 RCW to read as follows:

The agency responsible for teacher certification shall develop certification endorsement requirements for teachers of deaf and hard of hearing students. The endorsement shall be focused on the specific skills and knowledge necessary to serve the education and communication needs of deaf and hard of hearing students. In establishing rules for the endorsement of teachers who will be working almost exclusively with students who are deaf or hard of hearing, the agency shall consider applicants to have met state endorsement requirements if they possess a baccalaureate or master's degree in deaf education from a teacher training program approved by the council on education of the deaf.

(1) The transportation element required by RCW 36.70A.070 may include, in addition to improvements or strategies to accommodate the impacts of development authorized under RCW 36.70A.070(6)(b), multimodal transportation improvements or strategies that are made concurrent with the development. (g) Where appropriate, sets forth the relationship of high capacity transportation providers and other public transit providers with regard to responsibility for, and the coordination between, services and facilities.
   (2) The organization shall review the regional transportation plan biennially for currency and forward the adopted plan along with documentation of the biennial review to the state department of transportation.

MESSAGE FROM THE HOUSE

April 21, 2005

MR. PRESIDENT:

Under suspension of rules ENGROSSED SENATE BILL NO. 5513, was returned to second reading for purpose of an amendment, and passed the House as amended by the House.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that it is in the interest of the state to restructure the roles and responsibilities of the state's transportation agencies in order to improve efficiency and accountability. The legislature also finds that continued citizen oversight of the state's transportation system remains an important priority. To achieve these purposes, the
legislature intends to provide direct accountability of the department of transportation to the governor, in his or her role as chief executive officer of state government, by making the secretary of transportation a cabinet-level official. Additionally, it is essential to clearly delineate between the separate and distinct roles and responsibilities of the executive and legislative branches of government. The role of executive is to oversee the implementation of transportation programs, while the legislature reserves to itself the role of policymaking. Finally, consolidating public outreach and auditing of the state's transportation agencies under a single citizen-governed entity, the transportation commission, will provide the public with information about the performance of the transportation system and an avenue for direct participation in its oversight.

(a) Transportation finance;
(b) Preserving, maintaining, and operating the statewide transportation system;
(c) Transportation infrastructure needs;
(d) Promoting best practices for adoption and use by transportation-related agencies and programs;

(9) To advise the governor and the legislature with respect to matters under the jurisdiction of the department; and
(10) To execute all other powers and perform all other duties as are now or hereafter provided by law.

Sec. 8. RCW 47.05.021 and 2002 c 56 s 301 are each amended to read as follows:

(1) The (transportation commission is hereby directed to) department shall conduct periodic analyses of the entire state highway system, report (thereon) to the commission and the chairs of the transportation committees of the senate and house of representatives, (including one copy to the staff of each of the committees, biennially and based thereon,) any subsequent recommendations to subdivide, classify, and subclassify (according to their function and importance) all designated state highways (and those added from time to time and periodically review and revise the classifications) into the following three functional classes:
(a) The "principal arterial system" shall consist of a connected network of rural arterial routes with appropriate extensions into and through urban areas, including all routes designated as part of the interstate system, which serve corridor movements having travel characteristics indicative of substantial statewide and interstate travel;
(b) The "minor arterial system" shall, in conjunction with the principal arterial system, form a rural network of arterial roads linking cities and other activity centers which generate long distance travel, and, with appropriate extensions into and through urban areas, form an integrated network providing interstate and interregional service; and
(c) The "collector system" shall consist of routes which primarily serve the more important intercounty, intracounty, and intracity travel corridors, collect traffic from the system of local access roads and convey it to the arterial system, and on which, regardless of traffic volume, the predominant travel distances are shorter than on arterial routes.
(2) (In making the functional classification) The transportation commission shall adopt ((and)) a functional classification of highways. The commission shall consider the recommendations of the department and testimony from the public and local municipalities. The commission shall give consideration to criteria consistent with this section and federal regulations relating to the functional classification of highways, including but not limited to the following:
(a) Urban population centers within and without the state stratified and ranked according to size;
(b) Important traffic generating economic activities, including but not limited to recreation, agriculture, government, business, and industry;
(c) Feasibility of the route, including availability of alternate routes within and without the state;
(d) Directness of travel and distance between points of economic importance;
(e) Length of trips;
(f) Character and volume of traffic;
(g) Preferential consideration for multiple service which shall include public transportation;
(h) Reasonable spacing depending upon population density; and
(i) System continuity.

(3) The transportation commission or the legislature shall designate state highways of statewide significance under RCW 47.06.140. If the commission designates a state highway of statewide significance, it shall submit a list of such facilities for adoption by the legislature. This statewide system shall include at a minimum interstate highways and other statewide principal arterials that are needed to connect major communities across the state and support the state’s economy.

(4) The transportation commission shall designate a freight and goods transportation system. This statewide system shall include state highways, county roads, and city streets. The commission, in cooperation with cities and counties, shall review and make recommendations to the legislature regarding policies governing weight restrictions and road closures which affect the transportation of freight and goods.

Sec. 9. RCW 47.05.030 and 2002 c 5 s 402 are each amended to read as follows:

The transportation commission shall adopt a comprehensive ((six-year)) ten-year investment program specifying program objectives and performance measures for the preservation and improvement programs defined in this section. The adopted ten-year investment program must be forwarded as a recommendation to the governor and the legislature. In the specification of investment program objectives and performance measures, the transportation commission, in consultation with the Washington state department of transportation, shall define and adopt standards for effective programming and prioritization practices including a needs analysis process. The analysis process must ensure the identification of problems and deficiencies, the evaluation of alternative solutions and trade-offs, and estimations of the costs and benefits of prospective projects. The investment program must be revised (biennially, effective on July 1st of odd-numbered years) based on directions by the office of financial management. The investment program must be based upon the needs identified in the state-owned highway component of the statewide transportation plan as defined in RCW 47.01.071(3).

1 The preservation program consists of those investments necessary to preserve the existing state highway system and to restore existing safety features, giving consideration to lowest life cycle costing. The preservation program must require use of the most cost-effective pavement surfaces, considering:
   (a) Life-cycle cost analysis;
   (b) Traffic volume;
   (c) Subgrade soil conditions;
   (d) Environmental and weather conditions;
   (e) Materials available; and
   (f) Construction factors.

The comprehensive ((six-year)) ten-year investment program for preservation must identify projects for two years and an investment plan for the remaining ((four)) eight years.

2 The improvement program consists of investments needed to address identified deficiencies on the state highway system to increase mobility, address congestion, and improve safety, support for the economy, and protection of the environment. The ((six-year)) ten-year investment program for improvements must identify projects for two years and major deficiencies proposed to be addressed in the ((six-year)) ten-year period giving consideration to relative benefits and life cycle costing. The transportation commission shall give higher priority for correcting identified deficiencies on those facilities classified as facilities of statewide significance as defined in RCW 47.06.140. Project prioritization must be based primarily upon cost-benefit analysis, where appropriate.

The transportation commission shall approve and present the comprehensive ((six-year)) ten-year investment program to the governor and the legislature (in support of the biennial budget request under RCW 44.40.070 and 44.40.080) as directed by the office of financial management.

Sec. 10. RCW 47.05.035 and 2002 c 5 s 403 are each amended to read as follows:

1 The department ((and the commission)) shall use the transportation demand modeling tools developed under subsection (2) of this section to evaluate investments based on the best mode or improvement, or mix of modes and improvements, to meet current and future long-term demand within a corridor or system for the lowest cost. The end result of these demand modeling tools is to provide a cost-benefit analysis by which the department ((and the commission)) can determine the relative mobility improvement and congestion relief each mode or improvement under consideration will provide and the relative investment each mode or improvement under consideration will need to achieve that relief.

2 The department will participate in the refinement, enhancement, and application of existing transportation demand modeling tools to be used to evaluate investments. This participation and use of transportation demand modeling tools will be phased in.

3 In developing program objectives and performance measures, the transportation commission) department shall evaluate investment trade-offs between the preservation and improvement programs. In making these investment trade-offs, the commission) department shall evaluate, using cost-benefit techniques, roadway and bridge maintenance activities as compared to roadway and bridge preservation program activities and adjust those programs accordingly.

4 The commission) department shall allocate the estimated revenue between preservation and improvement programs giving primary consideration to the following factors:
   (a) The relative needs in each of the programs and the system performance levels that can be achieved by meeting these needs;
(b) The need to provide adequate funding for preservation to protect the state's investment in its existing highway system;
(c) The continuity of future transportation development with those improvements previously programmed; and
(d) The availability of dedicated funds for a specific type of work.
(5) The commission shall review the results of the department's findings and shall consider those findings in the development of the ten-year program.

Sec. 11. RCW 47.05.051 and 2002 c 189 s 3 are each amended to read as follows:

(1) The comprehensive ((six-year)) ten-year investment program shall be based upon the needs identified in the state-owned highway component of the statewide multimodal transportation plan as defined in RCW 47.01.071(((4))) (4) and priority selection systems that incorporate the following criteria:
(a) Priority programming for the preservation program shall take into account the following, not necessarily in order of importance:
(i) Extending the service life of the existing highway system, including using the most cost-effective pavement surfaces, considering:
(A) Life-cycle cost analysis;
(B) Traffic volume;
(C) Subgrade soil conditions;
(D) Environmental and weather conditions;
(E) Materials available; and
(F) Construction factors;
(ii) Ensuring the structural ability to carry loads imposed upon highways and bridges; and
(iii) Minimizing life cycle costs. The transportation commission in carrying out the provisions of this section may delegate to the department of transportation the authority to select preservation projects to be included in the ((six-year)) ten-year program.
(b) Priority programming for the improvement program must be based primarily upon the following, not necessarily in order of importance:
(i) Traffic congestion, delay, and accidents;
(ii) Location within a heavily traveled transportation corridor;
(iii) Except for projects in cities having a population of less than five thousand persons, synchronization with other potential transportation projects, including transit and multimodal projects, within the heavily traveled corridor; and
(iv) Use of benefit/cost analysis wherever feasible to determine the value of the proposed project.
(c) Priority programming for the improvement program may also take into account:
(i) Support for the state's economy, including job creation and job preservation;
(ii) The cost-effective movement of people and goods;
(iii) Accident and accident risk reduction;
(iv) Protection of the state's natural environment;
(v) Continuity and systematic development of the highway transportation network;
(vi) Consistency with local comprehensive plans developed under chapter 36.70A RCW including the following if they have been included in the comprehensive plan:
(A) Support for development in and revitalization of existing downtowns;
(B) Extent that development implements local comprehensive plans for rural and urban residential and nonresidential densities;
(C) Extent of compact, transit-oriented development for rural and urban residential and nonresidential densities;
(D) Opportunities for multimodal transportation; and
(E) Extent to which the project accommodates planned growth and economic development;
(vii) Consistency with regional transportation plans developed under chapter 47.80 RCW;
(viii) Public views concerning proposed improvements;
(ix) The conservation of energy resources;
(x) Feasibility of financing the full proposed improvement;
(xi) Commitments established in previous legislative sessions;
(xii) Relative costs and benefits of candidate programs.
(d) Major projects addressing capacity deficiencies which prioritize allowing for preliminary engineering shall be reprioritized during the succeeding biennium, based upon updated project data. Reprioritized projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding.
(e) Major project approvals which significantly increase a project's scope or cost from original prioritization estimates shall include a review of the project's estimated revised priority rank and the level of funding provided. Projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding.
(2) The commission may depart from the priority programming established under subsection (1) of this section: (a) To the extent that otherwise funds cannot be utilized feasibly within the program; (b) as may be required by a court judgment, legally binding agreement, or state and federal laws and regulations; (c) as may be required to coordinate with federal, local, or other state agency construction projects; (d) to take advantage of some substantial financial benefit that may be available; (e) for continuity of route development; or (f) because of changed financial or physical conditions of an unforeseen or emergent nature.
The commission or secretary of transportation shall maintain in its files information sufficient to show the extent to which the commission has departed from the established priority.

(3) The commission shall identify those projects that yield freight mobility benefits or that alleviate the impacts of freight mobility upon affected communities.

Joint Transportation Committee

NEW SECTION, Sec. 12. The joint transportation committee is created. The executive committee of the joint committee consists of the chairs and ranking members of the house and senate transportation committees. The chairs of the house and senate transportation committees shall serve as cochairs of the joint committee. All members of the house and senate standing committees on transportation are eligible for membership of the joint committee and shall serve when appointed by the executive committee.

The joint transportation committee shall review and research transportation programs and issues in order to educate and promote the dissemination of transportation research to state and local government policymakers, including legislators and associated staff. All four members of the executive committee shall approve the annual work plan. Membership of the committee may vary depending on the subject matter of oversight and research projects. The committee may also make recommendations for functional or performance audits to the transportation performance audit board.

The executive committee shall adopt rules and procedures for its operations.

NEW SECTION, Sec. 13. The members of the joint transportation committee will receive allowances while attending meetings of the committee or subcommittees and while engaged in other authorized business of the committees as provided in RCW 44.04.120. Subject to RCW 44.04.260, all expenses incurred by the committee must be paid upon voucher forms as provided by the office of financial management and signed by the cochairs of the joint committee, or their authorized designees, and the authority of the chair or vice chair to sign vouchers continues until their successors are selected. Vouchers may be drawn upon funds appropriated for the expenses of the committee.

NEW SECTION, Sec. 14. The joint transportation committee shall conduct a review of state level governance of transportation, with a focus on the appropriate roles of the separate branches of government. The committee shall review the statutory duties, roles, and functions of the transportation commission and the department. In that review the committee shall determine which responsibilities may be transferred to the executive and which may be transferred to the legislature. By December 15, 2005, the joint transportation committee shall make its recommendations to the house and senate transportation committees. The joint transportation committee shall consult with affected agencies and other stakeholders in conducting its analysis. The committee may consult with and retain private professional and technical experts as necessary to ensure an independent review and analysis.

Transfers

NEW SECTION, Sec. 15. (1)(a) All reports, documents, surveys, books, records, files, papers, or written material relating to the conduct of performance reviews and audits in the possession of the legislative transportation committee must be delivered to the custody of the transportation commission. Any remaining documents, books, records, files, papers, and written materials must be delivered to the custody of the joint transportation committee. All funds, credits, or other assets held by the legislative transportation committee for the purposes of staffing the transportation performance audit board are assigned to the transportation commission. Any remaining funds, credits, or other assets held by the legislative transportation committee are assigned to the joint transportation committee.

(b) If any question arises as to the transfer of any funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(2) All employees of the legislative transportation committee are transferred to the jurisdiction of the transportation commission for the support of the transportation performance audit board. However, the commission may, if staffing needs warrant, assign the employees to other commission functions.

Transportation Performance Audits

Sec. 16. RCW 44.75.020 and 2003 c 362 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter.

(1) "Economy and efficiency audit" has the meaning contained in chapter 44.28 RCW.

(2) "Joint legislative audit and review committee" means the agency created in chapter 44.28 RCW, or its statutory successor.

(3) "Legislative auditor" has the meaning contained in chapter 44.28 RCW.

(4) "Legislative transportation committee" means the agency created in chapter 44.40 RCW, or its statutory successor.

(5) "Performance audit" has the meaning contained in chapter 44.28 RCW.
The transportation performance audit board may review the performance and outcome measures of the transportation system, including road construction and congestion management. The purpose of these reviews is to ensure that the legislature has the means to adequately and accurately assess the performance and outcomes of those agencies and departments. Where two or more agencies have shared responsibility for related experiences, these reviews can also determine whether effective interagency cooperation and collaboration occurs in areas such as program coordination, administrative structures, information systems, and administration of grants and loans.
(2) The board shall, as soon as practicable, conduct a review of the comprehensive ten-year investment program process, including the required criteria, under RCW 47.05.030 and 47.05.051.

(3) In conducting these reviews, the transportation performance audit board may work in consultation with the (legislative transportation committee, the) joint legislative audit and review committee, the office of financial management, and other state agencies.

Sec. 20. RCW 44.75.080 and 2003 c 362 s 8 are each amended to read as follows:

After reviewing the performance or outcome measures and benchmarks of an agency or department, or at any time it so determines, the transportation performance audit board shall (recommend to the executive committee of the legislative transportation committee, whether) direct a full performance or functional audit of the agency or department, or a specific program within the agency or department (as appropriate). Upon the request of the legislative transportation committee or its executive committee, the joint legislative audit and review committee shall add the full performance or functional audit to its biennial performance audit work plan. If the request duplicates or overlaps audits already in the work plan, or was performed under the previous biennial work plan, the executive committees of the legislative transportation committee and the joint legislative audit and review committee shall meet to discuss and resolve the duplication or overlap).

Sec. 21. RCW 44.75.090 and 2003 c 362 s 9 are each amended to read as follows:

In determining the need to contract with private experts, the (legislative auditor) board administrator shall consider the degree of difficulty of the review or audit, the relative cost of contracting for expertise, and the need to maintain auditor independence from the subject agency or program. The board administrator may, subject to board approval, contract with the legislative auditor or state auditor to serve as the contract manager of the reviews and performance audits.

((2)) After consultation with the executive committee of the legislative transportation committee on the appropriateness of costs, the legislative transportation committee shall reimburse the joint legislative audit and review committee or the legislative auditor for the costs of carrying out any requested performance audits, including the cost of contracts and consultant services.

Sec. 22. RCW 44.75.100 and 2003 c 362 s 10 are each amended to read as follows:

(1) When the board has completed a performance audit, the board shall transmit the preliminary performance audit report to the affected state agency or local government and the office of financial management for comment. The agency or local government and the office of financial management shall provide any response to the board within thirty days after receipt of the preliminary report unless a different time period is approved by the board. The board shall incorporate the response of the agency or local government and the office of financial management into the final performance audit report. The board may also include an addendum with board comments on the management of the audit.

(2) Before releasing the results of a performance audit originally requested by the joint transportation committee to the legislature or the public, the board administrator shall submit the preliminary performance audit report to the joint committee for review and comments solely on the management of the audit. Any comments by the joint committee must be included as a separate addendum to the final performance audit report.

(3) Completed performance audits must be presented to the transportation performance audit board ((and the legislative transportation committee)). Published performance audits must be made available to the public through the (legislative transportation committee and the joint legislative audit and review committee's) board's web site and through customary public communications. Final reports must also be transmitted to the affected agency, the director of financial management, and the appropriate policy and fiscal standing committees of the legislature.

In doing so, the (legislative auditor) board administrator, or legislative auditor or state auditor if contracted under RCW 44.75.090, and the transportation performance audit board((and the legislative transportation committee or its executive committee)) shall consider inclusion of the following elements in the scope of the audit:

(1) Identification of potential cost savings in the agency, its programs, and its services;
(2) Identification and recognition of best practices;
(3) Identification of funding to the agency, to programs, and to services that can be eliminated or reduced;

(9) Verification of the reliability and validity of department performance data, self-assessments, and performance measurement systems as required under RCW 43.88.090.

Sec. 24. RCW 44.75.120 and 2003 c 362 s 12 are each amended to read as follows:

When conducting a full performance audit of an agency or department, or a specific program within an agency or department, or multiple agencies, in accordance with RCW 44.75.110, the ((legislative auditor)) board administrator shall solicit input from appropriate industry representatives or experts. The audit report must make recommendations regarding the continuation, abolition, consolidation, or reorganization of each affected agency, department, or program. The audit report must identify opportunities to develop government partnerships, and eliminate program redundancies that will result in increased quality, effectiveness, and efficiency of state agencies.

Sec. 25. RCW 44.28.161 and 2003 c 362 s 13 are each amended to read as follows:

In addition to any other audits developed or included in the audit work plan under this chapter, the legislative auditor shall manage transportation-related performance audits ((directed by the executive committee of the legislative transportation committee under RCW 44.75.080. This new account is nonbudgeted and nonappropriated. At the same time, federal and private local appropriations and full-time equivalents in subprograms R2, R3, T6, Y6, and Z2 processed through this new account are removed from the department of transportation's 1997-99 budget.

The department of transportation may make expenditures from the account before receiving federal and local reimbursements. However, at the end of each biennium, the account must maintain a zero or positive cash balance. In the twenty-fourth month of each biennium the department of transportation shall calculate and transfer sufficient cash from either the motor vehicle fund or the multimodal transportation account to cover any negative cash balances. The amount transferred is calculated based on expenditures from each fund. In addition, any interest charges accruing to the new account must be distributed to the motor vehicle fund and the multimodal transportation account.

The department of transportation shall provide an annual report to the senate and house transportation committees and the office of financial management on expenditures and full-time equivalents processed through the new account.    (c) Other reimbursable activities as recommended by the senate and house transportation committees and approved by the office of financial management.

Sec. 124. RCW 47.06.110 and 1996 c 186 s 512 are each amended to read as follows:
The state-interest component of the statewide multimodal transportation plan shall include a state public transportation plan that:

2. Identifies the goals for public transit and the roles of federal, state, regional, and local entities in achieving those goals;
3. Recommends mechanisms for coordinating state, regional, and local planning for public transportation;
4. Recommends mechanisms for coordinating public transportation with other transportation services and modes;
5. Recommends criteria, consistent with the goals identified in subsection (2) of this section and with RCW 82.44.180 (2) and (3), for existing federal authorizations administered by the department to transit agencies; and

   (b) Solicit from public entities proposed projects that meet eligibility criteria established in accordance with subsection (4) of this section; and
   (c) Review and evaluate project applications based on criteria established under this section, and prioritize and select projects comprising a portfolio to be funded in part with grants from state funds appropriated for the freight mobility strategic investment program. In determining the appropriate level of state funding for a project, the board shall ensure that state funds are allocated to leverage the greatest amount of partnership funding possible. After selecting projects comprising the portfolio, the board shall submit them as part of its budget request to the office of financial management and the legislature. The board shall ensure that projects submitted as part of the portfolio are not more appropriately funded with other federal, state, or local government funding mechanisms or programs. The board shall reject those projects that appear to improve overall general mobility with limited enhancement for freight mobility.

The board shall provide periodic progress reports on its activities to the office of financial management and the legislative (senate and house) transportation committees.

2. The board may:
   (a) Accept from any state or federal agency, loans or grants for the financing of any transportation project and enter into agreements with any such agency concerning the loans or grants;
   (b) Provide technical assistance to project applicants;
   (c) Accept any gifts, grants, or loans of funds, property, or financial, or other aid in any form from any other source on any terms and conditions which are not in conflict with this chapter;
   (d) Adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this chapter; and
   (e) Do all things necessary or convenient to carry out the powers expressly granted or implied under this chapter.

3. The board shall designate strategic freight corridors within the state. The board shall update the list of designated strategic corridors not less than every two years, and shall establish a method of collecting and verifying data, including information on city and county-owned roadways.

4. ((From June 11, 1998, through the biennium ending June 30, 2001.)) The board shall utilize threshold project eligibility criteria that, at a minimum, includes the following:
   (a) The project must be on a strategic freight corridor;
   (b) The project must meet one of the following conditions:
      (i) It is primarily aimed at reducing identified barriers to freight movement with only incidental benefits to general or personal mobility; or
      (ii) It is primarily aimed at increasing capacity for the movement of freight with only incidental benefits to general or personal mobility; or
      (iii) It is primarily aimed at mitigating the impact on communities of increasing freight movement, including roadway/railway conflicts; and
   (c) The project must have a total public benefit/total public cost ratio of equal to or greater than one.

5. From June 11, 1998, through the biennium ending June 30, 2001, the board shall use the multicriteria analysis and scoring framework for evaluating and ranking eligible freight mobility and freight mitigation projects developed by the freight mobility project prioritization committee and contained in the January 16, 1998, report entitled "Project Eligibility, Priority and Selection Process for a Strategic Freight Investment Program." The prioritization process shall measure the degree to which projects address important program objectives and shall generate a project score that reflects a project's priority compared to other projects. The board shall assign scoring points to each criterion that indicate the relative importance of the criterion in the overall determination of project priority. After June 30, 2001, the board may supplement and refine the initial project priority score.
criteria and scoring framework developed by the freight mobility project prioritization committee as expertise and experience is gained in administering the freight mobility program.

(6) It is the intent of the legislature that each freight mobility project contained in the project portfolio submitted by the board utilize the greatest amount of nonstate funding possible. The board shall adopt rules that give preference to projects that contain the greatest levels of financial participation from nonprogram fund sources. The board shall consider twenty percent as the minimum partnership contribution, but shall also ensure that there are provisions allowing exceptions for projects that are located in areas where minimal local funding capacity exists or where the magnitude of the project makes the adopted partnership contribution financially unfeasible.

(7) The board shall develop and recommend policies that address operational improvements that primarily benefit and enhance freight movement, including, but not limited to, policies that reduce congestion in truck lanes at border crossings and weigh stations and provide for access to ports during nonpeak hours.

Sec. 126. RCW 47.10.790 and 1985 c 406 s 1 are each amended to read as follows:

The public-private initiatives program may develop up to six demonstration projects. Each proposal shall be weighed on its own merits, and each of the six agreements shall be negotiated individually, and as a stand-alone project.

2. If project proposals selected prior to September 1, 1994, are terminated by the public or private sectors, the department shall not select any new projects, including project proposals submitted to the department prior to September 1, 1994, and designated by the transportation commission as placeholder projects, after June 16, 1995, until June 30, 1997.

The department, in consultation with the legislative transportation committee, shall conduct a program and fiscal audit of the public-private initiatives program for the biennium ending June 30, 1997. The department shall submit a progress report to the legislative transportation committee on the program and fiscal audit by June 30, 1996, with preliminary and final audit reports due December 1, 1996, and June 30, 1997, respectively.

The department shall develop and submit a proposed public involvement plan to the 1997 legislature to identify the process for selecting new potential projects and the associated costs of implementing the plan. The legislature must adopt the public involvement plan before the department may proceed with any activity related to project identification and selection. Following legislative adoption of the public involvement plan, the department is authorized to implement the plan and to identify potential new projects.
The public involvement plan for projects selected after June 30, 1997, shall, at a minimum, identify projects that: (a) Have the potential of achieving overall public support among users of the projects, residents of communities in the vicinity of the projects, and residents of communities impacted by the projects; (b) meet a state transportation need; (c) provide a significant state benefit; and (d) provide competition among proposers and maximum cost benefits to users. Prospective projects may include projects identified by the department or submitted by the private sector.

Projects that meet the minimum criteria established under this section and the requirements of the public involvement plan developed by the department and approved by the legislature shall be submitted to the Washington state transportation commission for its review. (The commission, in turn, shall submit a list of eligible projects to the legislative transportation committee for its consideration.) Forty-five days after the submission to the (legislative transportation committee) commission of the list of eligible projects, the secretary is authorized to solicit proposals for the eligible project.

Prior to entering into agreements with private entities under the requirements of RCW 47.46.040 for any project proposal selected before September 1, 1994, or after June 30, 1997, except as provided for in subsections ((442)) (11) and ((443)) (12) of this section, the department shall require an advisory vote as provided under subsections (5) through ((443)) (9) of this section.

(4) The advisory vote shall apply to project proposals selected prior to September 1, 1994, or after June 30, 1997, that receive public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project collected and submitted in accordance with the dates established in subsections ((442)) (11) and ((443)) (12) of this section. The advisory vote shall be on the preferred alternative identified under the requirements of chapter 43.21C RCW and, if applicable, the national environmental policy act, 42 U.S.C. 4321 et seq. The execution by the department of the advisory vote process established in this section is subject to the prior appropriation of funds by the legislature for the purpose of conducting environmental impact studies, a public involvement program, local involvement committee activities, traffic and economic impact analyses, engineering and technical studies, and the advisory vote.

(5) In preparing for the advisory vote, the department shall conduct a comprehensive analysis of traffic patterns and economic impact to define the geographical boundary of the project area that is affected by the imposition of tolls or user fees authorized under this chapter. The area so defined is referred to in this section as the affected project area. In defining the affected project area, the department shall, at a minimum, undertake: (a) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (b) an analysis of the anticipated traffic diversion patterns; (c) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and commercial entities in communities in the vicinity of and impacted by the project; (d) an analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (e) an analysis of the relationship of the project to state transportation needs and benefits.

(6)(a) After determining the definition of the affected project area, the department shall establish a committee comprised of individuals who represent cities and counties in the affected project area; organizations formed to support or oppose the project; and users of the project. The committee shall be named the public-private local involvement committee, and be known as the local involvement committee.

(b) The members of the local involvement committee shall be: (i) An elected official from each city within the affected project area; (ii) an elected official from each county within the affected project area; (iii) two persons from each county within the affected project area who represent an organization formed in support of the project, if the organization exists; (iv) two persons from each county within the affected project area who represent an organization formed to oppose the project, if the organization exists; and (v) four public members active in a statewide transportation organization. If the committee makeup results in an even number of committee members, there shall be an additional appointment of an elected official from the county in which all, or the greatest portion of the project is located.

(c) City and county elected officials shall be appointed by a majority of the members of the city or county legislative authorities of each city or county within the affected project area, respectively. The county legislative authority of each county within the affected project area shall identify and validate organizations officially formed in support of or in opposition to the project and shall make the appointments required under this section from a list submitted by the chair of the organizations. Public members shall be appointed by the governor. All appointments to the local involvement committee shall be made and submitted to the department of transportation no later than January 1, 1996, for projects selected prior to September 1, 1994, and no later than thirty days after the affected project area is defined for projects selected after June 30, 1997. Vacancies in the membership of the local involvement committee shall be filled by the appointing authority under (b)(i) through (v) of this subsection for each position on the committee.

(d) The local involvement committee shall serve in an advisory capacity to the department on all matters related to the execution of the advisory vote.

(e) Members of the local involvement committee serve without compensation and may not receive subsistence, lodging expenses, or travel expenses.

(7) The department shall conduct a minimum thirty-day public comment period on the definition of the geographical boundary of the project area. The department, in consultation with the local involvement committee, shall make adjustments, if required, to the definition of the geographical boundary of the affected project area, based on comments received from the public. Within fourteen calendar days after the public comment period, the department shall set the boundaries of the affected project area in units no smaller than a precinct as defined in RCW ((29.04.120)) 29A.04.121.
The department, in consultation with the local involvement committee, shall develop a description for selected project proposals. After developing the description of the project proposal, the department shall publish the project proposal description in newspapers of general circulation for seven calendar days in the affected project area. Within fourteen calendar days after the last day of the publication of the project proposal description, the department shall transmit a copy of the map depicting the affected project area and the description of the project proposal to the county auditor of the county in which any portion of the affected project area is located.

The department shall provide the legislative transportation committee with progress reports on the status of the definition of the affected project area and the description of the project proposal.

Upon receipt of the map and the description of the project proposal, the county auditor shall, within thirty days, verify the precincts that are located within the affected project area. The county auditor shall prepare the text identifying and describing the affected project area and the project proposal using the definition of the geographical boundary of the affected project area and the project description submitted by the department and shall set an election date for the submission of a ballot proposition authorizing the imposition of tolls or user fees to implement the proposed project within the affected project area, which date may be the next succeeding general election to be held in the state, or at a special election, if requested by the department. The text of the project proposal must appear in a voter's pamphlet for the affected project area. The department shall pay the costs of publication and distribution. The special election date must be the next date for a special election provided under RCW 29.13.020 that is at least sixty days but, if authorized under RCW 29A.04.330, no more than ninety days after the receipt of the final map and project description by the auditor. The department shall pay the cost of an election held under this section.

Notwithstanding any other provision of law, the department may contract with a private developer of a selected project proposal to conduct environmental impact studies, a public involvement program, and engineering and technical studies funded by the legislature. For projects subject to this subsection, the department shall not enter into an agreement under RCW 47.46.040 prior to the advisory vote on the preferred alternative.

Subsections (5) through (9) of this section shall not apply to project proposals selected prior to September 1, 1994, that have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted after September 1, 1994, and by thirty calendar days after June 16, 1995.

Subsections (5) through (9) of this section shall not apply to project proposals selected after June 30, 1997, that have no organized public opposition as demonstrated by the submission to the department of original petitions bearing at least five thousand signatures of individuals opposing the project, collected and submitted by ninety calendar days after project selection.

Sec. 133. RCW 47.46.040 and 2002 c 114 s 16 are each amended to read as follows:

(1) The secretary or a designee shall consult with legal, financial, and other experts within and outside state government in the negotiation and development of the agreements.

(2) Agreements may provide for private ownership of the projects during the construction period. After completion and final acceptance of each project or discrete segment thereof, the agreement may provide for state ownership of the transportation systems and facilities and lease to the private entity unless the state elects to provide for ownership of the facility by the private entity during the term of the agreement.

The state may lease each of the demonstration projects, or applicable project segments, to the private entities for operating purposes for up to fifty years.

The department may exercise any power possessed by it to facilitate the development, construction, financing, operation, and maintenance of transportation projects under this section. Agreements for maintenance services entered into under this section shall provide for full reimbursement for services rendered by the department or other state agencies. Agreements for police services for projects, involving state highway routes, developed under agreements shall be entered into with the Washington state patrol. The agreement for police services shall provide that the state patrol will be reimbursed for costs on a comparable basis with the costs incurred for comparable service on other state highway routes. The department may provide services for which it is reimbursed, including but not limited to preliminary planning, environmental certification, and preliminary design of the demonstration projects.

The plans and specifications for each project constructed under this section shall comply with the department's standards for state projects. A facility constructed by and leased to a private entity is deemed to be a part of the state highway system for purposes of identification, maintenance, and enforcement of traffic laws and for the purposes of applicable sections of this title. Upon reversion of the facility to the state, the project must meet all applicable state standards. Agreements shall address responsibility for reconstruction or renovations that are required in order for a facility to meet all applicable state standards upon reversion of the facility to the state.

For the purpose of facilitating these projects and to assist the private entity in the financing, development, construction, and operation of the transportation systems and facilities, the agreements may include provisions for the department to exercise its authority, including the lease of facilities, rights of way, and airspace, exercise of the power of eminent domain, granting of development rights and opportunities, granting of necessary easements and rights of access, issuance of permits and other authorizations, protection from competition, remedies in the event of default of either of the parties, granting of contractual and real property rights, liability during construction and the term of the lease, authority to negotiate acquisition of rights of way in excess of appraised value, and any other provision deemed necessary by the secretary.
(6) The agreements entered into under this section may include provisions authorizing the state to grant necessary easements and lease to a private entity existing rights of way or rights of way subsequently acquired with public or private financing. The agreements may also include provisions to lease to the entity airspace above or below the right of way associated or to be associated with the private entity's transportation facility. In consideration for the reversion rights in these privately constructed facilities, the department may negotiate a charge for the lease of airspace rights during the term of the agreement for a period not to exceed fifty years. If, after the expiration of this period, the department continues to lease these airspace rights to the private entity, it shall do so only at fair market value. The agreement may also provide the private entity the right of first refusal to undertake projects utilizing airspace owned by the state in the vicinity of the public-private project.

(7) Agreements under this section may include any contractual provision that is necessary to protect the project revenues required to repay the costs incurred to study, plan, design, finance, acquire, build, install, operate, enforce laws, and maintain toll highways, bridges, and tunnels and which will not unreasonably inhibit or prohibit the development of additional public transportation systems and facilities. Agreements under this section must secure and maintain liability insurance coverage in amounts appropriate to protect the project's viability and may address state indemnification of the private entity for design and construction liability where the state has approved relevant design and construction plans.

(8) Agreements entered into under this section shall include a process that provides for public involvement in decision making with respect to the development of the projects.

(9)(a) In carrying out the public involvement process required in subsection (8) of this section, the private entity shall proactively seek public participation through a process appropriate to the characteristics of the project that assesses and demonstrates public support among: Users of the project, residents of communities in the vicinity of the project, and residents of communities impacted by the project.

(b) The private entity shall conduct a comprehensive public involvement process that provides, periodically throughout the development and implementation of the project, users and residents of communities in the affected project area an opportunity to comment upon key issues regarding the project including, but not limited to: (i) Alternative sizes and scopes; (ii) design; (iii) environmental assessment; (iv) right of way and access plans; (v) traffic impacts; (vi) tolling or user fee strategies and tolling or user fee ranges; (vii) project cost; (viii) construction impacts; (ix) facility operation; and (x) any other salient characteristics.

(c) If the affected project area has not been defined, the private entity shall define the affected project area by conducting, at a minimum: (i) A comparison of the estimated percentage of residents of communities in the vicinity of the project and in other communities impacted by the project who could be subject to tolls or user fees and the estimated percentage of other users and transient traffic that could be subject to tolls or user fees; (ii) an analysis of the anticipated traffic diversion patterns; (iii) an analysis of the potential economic impact resulting from proposed toll rates or user fee rates imposed on residents, commercial traffic, and commercial entities in communities in the vicinity of and impacted by the project; (iv) an analysis of the economic impact of tolls or user fees on the price of goods and services generally; and (v) an analysis of the relationship of the project to state transportation needs and benefits.

The agreement may require an advisory vote by users of and residents in the affected project area.

(d) In seeking public participation, the private entity shall establish a local involvement committee or committees comprised of residents of the affected project area, individuals who represent cities and counties in the affected project area, organizations formed to support or oppose the project, if such organizations exist, and users of the project. The private entity shall, at a minimum, establish a committee as required under the specifications of RCW 47.46.030(6)(b) (ii) and (iii) and appointments to such committee shall be made no later than thirty days after the project area is defined.

(e) Local involvement committees shall act in an advisory capacity to the department and the private entity on all issues related to the development and implementation of the public involvement process established under this section.

(f) The department and the private entity shall provide the ((legislative transportation committee and)) local involvement committees with progress reports on the status of the public involvement process including the results of an advisory vote, if any occurs.

(10) Nothing in this chapter limits the right of the secretary and his or her agents to render such advice and to make such recommendations as they deem to be in the best interests of the state and the public.

Sec. 134. RCW 79A.05.125 and 1999 c 301 s 3 are each amended to read as follows:

(1) The department of transportation shall negotiate a franchise with a rail carrier to establish and maintain a rail line over portions of the Milwaukee Road corridor owned by the state between Ellensburg and Lind. The department of transportation may negotiate such a franchise with any qualified rail carrier. Criteria for negotiating the franchise and establishing the right of way include:

(a) Assurances that resources from the franchise will be sufficient to compensate the state for use of the property, including completion of a cross-state trail between Easton and the Idaho border;

(b) Types of payment for use of the franchise, including payment for the use of federally granted trust lands in the transportation corridor;

(c) Standards for maintenance of the line;

(d) Provisions ensuring that both the conventional and intermodal rail service needs of local shippers are met. Such accommodations may comprise agreements with the franchisee to offer or maintain adequate service or to provide service by other carriers at commercially reasonable rates;
(e) Provisions requiring the franchisee, upon reasonable request of any other rail operator, to provide rail service and interchange freight over what is commonly known as the Stampede Pass rail line from Cle Elum to Auburn at commercially reasonable rates;

(f) If any part of the franchise agreement is invalidated by actions or rulings of the federal surface transportation board or a court of competent jurisdiction, the remaining portions of the franchise agreement are not affected;

(g) Compliance with environmental standards; and

(h) Provisions for insurance and the coverage of liability.

(2) The franchise may provide for periodic review of financial arrangements under the franchise.

(3) The department of transportation, in consultation with the parks and recreation commission and the (legislative) senate and house transportation committees, shall negotiate the terms of the franchise, and shall present the agreement to the parks and recreation commission for approval of as to terms and provisions affecting the cross-state trail or affecting the commission.

(4) This section expires July 1, 2006, if the department of transportation does not enter into a franchise agreement for a rail line over portions of the Milwaukee Road corridor by July 1, 2006.

Sec. 135. RCW 81.80.395 and 1988 c 138 s 1 are each amended to read as follows:

The Washington utilities and transportation commission may enter into an agreement or arrangement with a duly authorized representative of the state of Idaho, for the purpose of granting to operators of commercial vehicles that are properly registered in the state of Idaho, the privilege of operating their vehicles in this state within a designated area near the border of their state without the need for registration as required by chapter 81.80 RCW if the state of Idaho grants a similar privilege to operators of commercial vehicles from this state. The initial designated area shall be limited to state route 195 from the Idaho border to Lewiston, and SR 12 from Lewiston to Clarkston. (The utilities and transportation commission shall submit other proposed reciprocal agreements in designated border areas to the legislative transportation committee for approval.)

Sec. 136. RCW 81.104.110 and 1998 c 245 s 165 are each amended to read as follows:

The legislature recognizes that the planning processes described in RCW 81.104.100 provide a recognized framework for guiding high capacity transportation studies. However, the process cannot guarantee appropriate decisions unless key study assumptions are reasonable.

To assure appropriate system plan assumptions and to provide for review of system plan results, an expert review panel shall be appointed to provide independent technical review for development of any system plan which is to be funded in whole or in part by the imposition of any voter-approved local option funding sources enumerated in RCW 81.104.140.

(1) The expert review panel shall consist of five to ten members who are recognized experts in relevant fields, such as transit operations, planning, emerging transportation technologies, engineering, finance, law, the environment, geography, economics, and political science.

(2) The expert review panel shall be selected cooperatively by the chairs of the (legislative) senate and house transportation committees, the secretary of the department of transportation, and the governor to assure a balance of disciplines. In the case of counties adjoining another state or Canadian province the expert review panel membership shall be selected cooperatively with representatives of the adjoining state or Canadian province.

(3) The chair of the expert review panel shall be designated by the appointing authorities.

(4) The expert review panel shall serve without compensation but shall be reimbursed for expenses according to (chapter 43.03 RCW) RCW 43.03.050 and 43.03.060. Reimbursement shall be paid from within the existing resources of the local authority planning under this chapter.

(5) The expert panel shall carry out the duties set forth in subsections (6) and (7) of this section until the date on which an election is held to consider the high capacity transportation system and financing plans. (Funds appropriated for expenses of the expert panel shall be administered by the department of transportation.)

(6) The expert panel shall review all reports required in RCW 81.104.100(2) and shall concentrate on service modes and concepts, costs, patronage and financing evaluations.

(7) The expert panel shall provide timely reviews and comments on individual reports and study conclusions to the department of transportation, the regional transportation planning organization, the joint regional policy committee, and the submitting lead transit agency. In the case of counties adjoining another state or Canadian province, the expert review panel shall provide its reviews, comments, and conclusions to the representatives of the adjoining state or Canadian province.

(8) The (legislative transportation committee)) local authority planning under this chapter shall contract for consulting services for expert review panels. The amount of consultant support shall be negotiated with each expert review panel by the (legislative transportation committee)) local authority and shall be paid from ((appropriations for that purpose from the high capacity transportation account)) within the local authority's existing resources.

Sec. 137. RCW 82.33.020 and 1992 c 231 s 34 are each amended to read as follows:

(1) Four times each year the supervisor shall prepare, subject to the approval of the economic and revenue forecast council under RCW 82.33.010:

(a) An official state economic and revenue forecast;

(b) An unofficial state economic and revenue forecast based on optimistic economic and revenue projections; and

(c) An unofficial state economic and revenue forecast based on pessimistic economic and revenue projections.

(2) The supervisor shall submit forecasts prepared under this section, along with any unofficial forecasts provided under RCW 82.33.010, to the governor and the members of the committees on ways and means and the chairs of the committees on transportation of the senate and house of representatives (and the chair of the legislative transportation committee), including
one copy to the staff of each of the committees, on or before November 20th, February 20th in the even-numbered years, March 20th in the odd-numbered years, June 20th, and September 20th. All forecasts shall include both estimated receipts and estimated revenues in conformance with generally accepted accounting principles as provided by RCW 43.88.037.

(3) All agencies of state government shall provide to the supervisor immediate access to all information relating to economic and revenue forecasts. Revenue collection information shall be available to the supervisor the first business day following the conclusion of each collection period.

(4) The economic and revenue forecast supervisor and staff shall co-locate and share information, data, and files with the tax research section of the department of revenue but shall not duplicate the duties and functions of one another.

(5) As part of its forecasts under subsection (1) of this section, the supervisor shall provide estimated revenue from tuition fees as defined in RCW 28B.15.020.

**Sec. 138.** RCW 82.70.060 and 2003 c 364 s 6 are each amended to read as follows:

The commute trip reduction task force shall determine the effectiveness of the tax credit under RCW 82.70.020, the grant program in RCW 70.94.996, and the relative effectiveness of the tax credit and the grant program as part of its ongoing evaluation of the commute trip reduction law and report to the (legislature) senate and house transportation committees and to the fiscal committees of the house of representatives and the senate. The report must include information on the amount of tax credits claimed to date and recommendations on future funding between the tax credit program and the grant program. The report must be incorporated into the recommendations required in RCW 70.94.537(5).

**Sec. 139.** RCW 82.80.070 and 2002 c 56 s 413 are each amended to read as follows:

(1) The proceeds collected pursuant to the exercise of the local option authority of RCW 82.80.010. ((82.80.020.)) 82.80.030, and 82.80.050 (hereafter called "local option transportation revenues") shall be used for transportation purposes only, including but not limited to the following: The operation and preservation of roads, streets, and other transportation improvements; new construction, reconstruction, and expansion of city streets, county roads, and state highways and other transportation improvements; development and implementation of public transportation and high-capacity transit improvements and programs; and planning, design, and acquisition of right of way and sites for such transportation purposes. The proceeds collected from excise taxes on the sale, distribution, or use of motor vehicle fuel and special fuel under RCW 82.80.010 shall be used exclusively for "highway purposes" as that term is construed in Article II, section 40 of the state Constitution.

(2) The local option transportation revenues shall be expended for transportation uses consistent with the adopted transportation and land use plans of the jurisdiction expending the funds and consistent with any applicable and adopted regional transportation plan for metropolitan planning areas.

(3) Each local government with a population greater than eight thousand that levies or expends local option transportation funds, is also required to develop and adopt a specific transportation program that contains the following elements:

(a) The program shall identify the geographic boundaries of the entire area or areas within which local option transportation revenues will be levied and expended.

(b) The program shall be based on an adopted transportation plan for the geographic areas covered and shall identify the proposed operation and construction of transportation improvements and services in the designated plan area intended to be funded in whole or in part by local option transportation revenues and shall identify the annual costs applicable to the program.

(c) The program shall indicate how the local transportation plan is coordinated with applicable transportation plans for the region and for adjacent jurisdictions.

(d) The program shall include at least a six-year funding plan, updated annually, identifying the specific public and private sources and amounts of revenue necessary to fund the program. The program shall include a proposed schedule for construction of projects and expenditure of revenues. The funding plan shall consider the additional local tax revenue estimated to be generated by new development within the plan area if all or a portion of the additional revenue is proposed to be earmarked as future appropriations for transportation improvements in the program.

(4) Local governments with a population greater than eight thousand exercising the authority for local option transportation funds shall periodically review and update their transportation program to ensure that it is consistent with applicable local and regional transportation and land use plans and within the means of estimated public and private revenue available.

(5) In the case of expenditure for new or expanded transportation facilities, improvements, and services, priorities in the use of local option transportation revenues shall be identified in the transportation program and expenditures shall be made based upon the following criteria, which are stated in descending order of weight to be attributed:

(a) First, the project serves a multijurisdictional function;

(b) Second, it is necessitated by existing or reasonably foreseeable congestion;

(c) Third, it has the greatest person-carrying capacity;

(d) Fourth, it is partially funded by other government funds, such as from the state transportation improvement board, or by private sector contributions, such as those from the local transportation act, chapter 39.92 RCW; and

(e) Fifth, it meets such other criteria as the local government determines is appropriate.

(6) It is the intent of the legislature that as a condition of levying, receiving, and expending local option transportation revenues, no local government agency use the revenues to replace, divert, or loan any revenues currently being used for transportation purposes to nontransportation purposes. ((The association of Washington cities and the Washington state association of counties, in consultation with the legislative transportation committee, shall study the issue of nondiversion and make recommendations to the legislative transportation committee for language implementing the intent of this section by December 1, 1990.))
(7) Local governments are encouraged to enter into interlocal agreements to jointly develop and adopt with other local governments the transportation programs required by this section for the purpose of accomplishing regional transportation planning and development.

(8) Local governments may use all or a part of the local option transportation revenues for the amortization of local government general obligation and revenue bonds issued for transportation purposes consistent with the requirements of this section.

(9) Subsections (1) through (8) of this section do not apply to a regional transportation investment district imposing a tax or fee under the local option authority of this chapter. Proceeds collected under the exercise of local option authority under this chapter by a district must be used in accordance with chapter 36.120 RCW.

Sec. 140. RCW 90.03.525 and 1996 c 285 s 1 and 1996 c 230 s 1617 are each reenacted and amended to read as follows:

(1) The rate charged by a local government utility to the department of transportation with respect to state highway right of way or any section of state highway right of way for the construction, operation, and maintenance of storm water control facilities under chapters 35.67, 35.92, 36.89, 36.94, 57.08, and 86.15 RCW, shall be thirty percent of the rate for comparable real property, except as otherwise provided in this section. The rate charged to the department with respect to state highway right of way or any section of state highway right of way within a local government utility's jurisdiction shall not, however, exceed the rate charged for comparable city street or county road right of way within the same jurisdiction. The legislature finds that the aforesaid rates are presumptively fair and equitable because of the traditional and continuing expenditures of the department of transportation for the construction, operation, and maintenance of storm water control facilities designed to control surface water or storm water runoff from state highway rights of way.

(2) Charges paid under subsection (1) of this section by the department of transportation must be used solely for storm water control facilities that directly reduce state highway runoff impacts or implementation of best management practices that will reduce the need for such facilities. By January 1st of each year, beginning with calendar year 1997, the local government utility, in coordination with the department, shall develop a plan for the expenditure of the charges for that calendar year. The plan must be consistent with the objectives identified in RCW 90.78.010. In addition, beginning with the submittal for 1998, the utility shall provide a progress report on the use of charges assessed for the prior year. No charges may be paid until the plan and report have been submitted to the department.

(3) The utility imposing the charge and the department of transportation may, however, agree to either higher or lower rates with respect to the construction, operation, or maintenance of any specific storm water control facilities based upon the annual plan prescribed in subsection (2) of this section. (If a different rate is agreed to, a report so stating shall be submitted to the legislative transportation committee.) If, after mediation, the local government utility and the department of transportation cannot agree upon the proper rate, (and after a report has been submitted to the legislative transportation committee and after ninety days from submission of such report,) either may commence an action in the superior court for the county in which the state highway right of way is located to establish the proper rate. The court in establishing the proper rate shall take into account the extent and adequacy of storm water control facilities constructed by the department and the actual benefits to the sections of state highway rights of way from storm water control facilities constructed, operated, and maintained by the local government utility. Control of surface water runoff and storm water runoff from state highway rights of way shall be deemed an actual benefit to the state highway rights of way. The rate for sections of state highway right of way as determined by the court shall be set forth in terms of the percentage of the rate for comparable real property, but shall in no event exceed the rate charged for comparable city street or county road right of way within the same jurisdiction.

(4) The legislature finds that the federal clean water act (national ((pollution--pollutant)) pollutant discharge elimination system, 40 C.F.R. parts 122-124), the state water pollution control act, chapter 90.48 RCW, and the highway runoff program under chapter (90.22) 90.71 RCW mandate the treatment and control of storm water runoff from state highway rights of way owned by the department of transportation. Appropriations made by the legislature to the department of transportation for the construction, operation, and maintenance of storm water control facilities are intended to address applicable federal and state mandates related to storm water control and treatment. This section is not intended to limit opportunities for sharing the costs of storm water improvements between cities, counties, and the state.

REPORT OF THE CONFERENCE REPORT
Engrossed Substitute House Bill No. 1903
April 21, 2005

MR. PRESIDENT:

MR. SPEAKER:

We of your conference committee, to whom was referred Engrossed Substitute House Bill No. 1903, have had the same under consideration and recommend that all previous amendments not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 149. The legislature has and continues to recognize the vital importance of economic development to the health and prosperity of Washington state as indicated in RCW 43.160.010, 43.155.070(4)(g), 43.163.005, and 43.168.010. The legislature finds that current economic development programs and funding, which are primarily low-interest loan programs, can be enhanced by creating a grant program to assist with public infrastructure projects that directly stimulate community and economic development by supporting the creation of new jobs or the retention of existing jobs.

NEW SECTION. Sec. 150. A new section is added to chapter 43.160 RCW to read as follows:

(1) The job development fund program is created to provide grants for public infrastructure projects that will stimulate job creation or assist in job retention. The program is to be administered by the board. The board shall establish a competitive process to request and prioritize proposals and make grant awards.

(2) For the purposes of this act, "public infrastructure projects" has the same meaning as "public facilities" as defined in RCW 43.160.020(11).

(3) The board shall conduct a statewide request for project applications. The board shall apply the following criteria for evaluation and ranking of applications:

(a) The relative benefits provided to the community by the jobs the project would create, including, but not limited to:
(i) The total number of jobs; (ii) the total number of full-time, family wage jobs; (iii) the unemployment rate in the area; and (iv) the increase in employment in comparison to total community population;

(b) The present level of economic activity in the community and the existing local financial capacity to increase economic activity in the community;

(c) The rate of return of the state's investment, that includes the expected increase in state and local tax revenues associated with the project;

(d) The lack of another timely source of funding available to finance the project which would likely prevent the proposed community or economic development, absent the financing available under this act;

(e) The ability of the project to improve the viability of existing business entities in the project area;
(f) Whether or not the project is a partnership of multiple jurisdictions;

(g) Demonstration that the requested assistance will directly stimulate community and economic development by facilitating the creation of new jobs or the retention of existing jobs; and

(h) The availability of existing assets that applicants may apply to projects.

(4) Job development fund program grants may only be awarded to those applicants that have entered into or expect to enter into a contract with a private developer relating to private investment that will result in the creation or retention of jobs upon completion of the project. Job development fund program grants shall not be provided for any project where:

(a) The funds will not be used within the jurisdiction or jurisdictions of the applicants; or

(b) Evidence exists that the project would result in a development or expansion that would displace existing jobs in any other community in the state.

(5) The board shall, with the joint legislative audit and review committee, develop performance criteria for each grant and evaluation criteria to be used to evaluate both how well successful applicants met the community and economic development objectives stated in their applications, and how well the job development fund program performed in creating and retaining jobs.

NEW SECTION. Sec. 151. A new section is added to chapter 43.160 RCW to read as follows:

The maximum grant from the job development fund for any one project is ten million dollars. Grant assistance from the job development fund may not exceed thirty-three percent of the total cost of the project. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions.

NEW SECTION. Sec. 152. RCW 43.155.050 and 2001 c 131 s 2 are each amended to read as follows:

(1) The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated to provide for state match requirements under federal law for projects and activities conducted and financed by the board under the drinking water assistance account. Not more than fifteen percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans, emergency loans, or loans for capital facility planning under this chapter; of this amount, not more than ten percent of the biennial capital budget appropriation may be expended for emergency loans and not more than one percent of the biennial capital budget appropriation may be expended for capital facility planning loans.

(2) The job development fund is hereby established in the state treasury. Up to fifty million dollars each biennium from the public works assistance account may be transferred into the job development fund. Money in the job development fund may be used solely for job development fund program grants, administrative expenses related to the administration of the job development fund program created in section 2 of this act, and for the report prepared by the joint legislative audit and review committee pursuant to section 5(2) of this act. Moneys in the job development fund may be spent only after appropriation. The board shall prepare a prioritized list of proposed projects of up to fifty million dollars as part of the department's 2007-09 biennial budget request. The board may provide an additional alternate job development fund project list of up to ten million dollars. The legislature may remove projects from the list recommended by the board. The legislature may not change the prioritization of projects recommended for funding by the board, but may add projects from the alternate list in order of priority, as long as the total funding does not exceed fifty million dollars.

NEW SECTION. Sec. 153. (1) The joint legislative audit and review committee shall conduct an inventory of all state public infrastructure programs and funds. The inventory shall identify: The public infrastructure state programs and funds and the purposes each serve; how the program or fund is implemented; the types of public infrastructure projects supported by the program or fund; the dollar amount of the projects funded by each program or fund; the balance of a fund, if applicable; and the geographic distribution of projects supported by a program or fund. Where applicable, the inventory shall identify overlaps or gaps in types of public infrastructure projects supported through state programs or funds. Where appropriate, the inventory shall evaluate the return on investment for economic development infrastructure programs. The inventory shall be delivered to the appropriate committees of the legislature by December 1, 2006.

(2) By September 1, 2010, the joint legislative audit and review committee shall submit a report on the outcomes of the job development fund program to the appropriate committees of the legislature. The report shall apply the performance and evaluation criteria developed by the community economic revitalization board and the committee and shall include a project by project review detailing how the funds were used and whether the performance measures were met. The report shall also include impacts to the availability of low-interest and interest-free loans to local governments under RCW 43.155.055, 43.155.060, 43.155.065, and 43.155.068, resulting from appropriations to the job development fund. Information in the report shall include, but not be limited to:

(a) The total funds appropriated from the public works assistance account to the job development account;
(b) The ratio of loan requests submitted to the public works board as compared to actual money available for loans in the public works assistance account since the effective date of this act;
(c) The total amount that would have been available for loans from the public works assistance account had this act not taken effect;
(d) Identification of specific loan requests that would have qualified for funding under chapter 43.155 RCW had money been available in the public works assistance account;
(e) Assessment of increased costs for otherwise qualifying projects where local governments were compelled to seek alternate funding sources.

NEW SECTION. Sec. 154. This act expires June 30, 2011.

NEW SECTION. Sec. 155. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

On page 1, line 1 of the title, after "fund;" strike the remainder of the title and insert "amending RCW 43.155.050; adding new sections to chapter 43.160 RCW; creating new sections; and providing an expiration date."

For the purposes of this chapter:

(1) "Selling price" includes "sales price." "Sales price" means the total amount of consideration, except separately stated trade-in property of like kind, including cash, credit, property, and services, for which tangible personal property or services defined as a "retail sale" under RCW 82.04.050 are sold, leased, or rented, valued in money, whether received in money or otherwise. No deduction from the total amount of consideration is allowed for the following: (a) The seller's cost of the property sold; (b) the cost of materials used, labor or service cost, interest, losses, all costs of transportation to the seller, all taxes imposed on the seller, and any other expense of the seller; (c) charges by the seller for any services necessary to complete the sale, other than delivery and installation charges; (d) delivery charges; (e) installation charges; and (f) the value of exempt tangible personal property given to the purchaser where taxable and exempt tangible personal property have been bundled together and sold by the seller as a single product or piece of merchandise.

When tangible personal property is rented or leased under circumstances that the consideration paid does not represent a reasonable rental for the use of the articles so rented or leased, the "selling price" shall be determined as nearly as possible according to the value of such use at the places of use of similar products of like quality and character under such rules as the department may prescribe.

"Selling price" or "sales price" does not include: Discounts, including cash, term, or coupons that are not reimbursed by a third party that are allowed by a seller and taken by a purchaser on a sale; interest, financing, and carrying charges from credit extended on the sale of tangible personal property or services, if the amount is separately stated on the invoice, bill of sale, or similar document given to the purchaser; and any taxes legally imposed directly on the consumer that are separately stated on the invoice, bill of sale, or similar document given to the purchaser;

(2) "Seller" means every person, including the state and its departments and institutions, making sales at retail or retail sales to a buyer, purchaser, or consumer, whether as agent, broker, or principal, except "seller" does not mean the state and its departments and institutions when making sales to the state and its departments and institutions;
(3) "Buyer," "purchaser," and "consumer" include, without limiting the scope hereof, every individual, receiver, assignee, trustee in bankruptcy, trust, estate, firm, copartnership, joint venture, club, company, joint stock company, business trust, corporation, association, society, or any group of individuals acting as a unit, whether mutual, cooperative, fraternal, nonprofit, or otherwise, municipal corporation, quasi municipal corporation, and also the state, its departments and institutions and all political subdivisions thereof, irrespective of the nature of the activities engaged in or functions performed, and also the United States or any instrumentality thereof;

(4) "Delivery charges" means charges by the seller of personal property or services for preparation and delivery to a location designated by the purchaser of personal property or services including, but not limited to, transportation, shipping, postage, handling, crating, and packing;

(5) "Direct mail" means printed material delivered or distributed by United States mail or other delivery service to a mass audience or to addressees on a mailing list provided by the purchaser or at the direction of the purchaser when the cost of the items are not billed directly to the recipients. "Direct mail" includes tangible personal property supplied directly or indirectly by the purchaser to the direct mail seller for inclusion in the package containing the printed material. "Direct mail" does not include multiple items of printed material delivered to a single address;

"Selling price" or "sales price" does not include: Discounts, including cash, term, or coupons that are not reimbursed by a third party that are allowed by a seller and taken by a purchaser on a sale; interest, financing, and carrying charges from credit extended on the sale of tangible personal property or services, if the amount is separately stated on the invoice, bill of sale, or similar document given to the purchaser; and any taxes legally imposed directly on the consumer that are separately stated on the invoice, bill of sale, or similar document given to the purchaser;

(2) It is the intent of the legislature to establish a program to:

Such extension shall be for a period of thirty days from the date the department issues its written notification to the taxpayer that it qualifies for an extension under this section. The department may grant additional extensions as it deems proper.

(2) In making a determination whether the failure of a taxpayer to file an annual survey by the due date was the result of circumstances beyond the control of the taxpayer, the department shall be guided by rules adopted by the department for the waiver or cancellation of penalties when the underpayment or untimely payment of any tax was due to circumstances beyond the control of the taxpayer.

NEW SECTION, Sec. 902. A new section is added to chapter 82.32 RCW to read as follows:

(1) Persons required to file surveys under RCW 82.04.4452 must electronically file with the department all surveys, returns, and any other forms or information the department requires in an electronic format as provided or approved by the department, unless the department grants relief under subsection (2) of this section. (4) Any survey, return, or any other form or information required to be filed in an electronic format under subsection (1) of this section is not filed until received by the department in an electronic format.

Sec. 903. RCW 82.04.4452 and 2004 c 2 s 2 are each amended to read as follows:

(1) In computing the tax imposed under this chapter, a credit is allowed for each person whose research and development spending during the year in which the credit is claimed exceeds 0.92 percent of the person's taxable amount during the same calendar year.

(2) The credit shall be calculated as follows:

(a) Determine the greater of the amount of qualified research and development expenditures of a person or eighty percent of amounts received by a person other than a public educational or research institution in compensation for the conduct of qualified research and development;

(b) Subtract 0.92 percent of the person's taxable amount from the amount determined under (a) of this subsection;

(c) Multiply the amount determined under (b) of this subsection by ((the rate provided in RCW 82.04.260(3) in the case of a nonprofit corporation or nonprofit association engaging within this state in research and development, and the person's average tax rate for every other person)) the following:

   (v) For the calendar year ending December 31, 2010, and thereafter, 1.50 percent.

   For purposes of calculating the credit, if a person's reporting period is less than annual, the person may use an estimated average tax rate for the calendar year for which the credit is claimed by using the person's average tax rate for each reporting period. A person who uses an estimated average tax rate must make an adjustment to the total credit claimed for the calendar year using the person's actual average tax rate for the calendar year when the person files its last return for the calendar year for which the credit is claimed.

(3) Any person entitled to the credit provided in subsection (2) of this section as a result of qualified research and development conducted under contract may assign all or any portion of the credit to the person contracting for the performance of the qualified research and development.

(4) The credit, including any credit assigned to a person under subsection (3) of this section, shall be (taken) claimed against taxes due for the same calendar year in which the qualified research and development expenditures are incurred. The
credit, including any credit assigned to a person under subsection (3) of this section, for each calendar year shall not exceed the lesser of two million dollars or the amount of tax otherwise due under this chapter for the calendar year.

(5) For any person (taking) claiming the credit, including any credit assigned to a person under subsection (3) of this section, whose research and development spending during the calendar year in which the credit is claimed fails to exceed 0.92 percent of the person's taxable amount during the same calendar year ((shall be liable for payment of the additional)) or who is otherwise ineligible, the department shall declare the taxes (represented by the amount of) against which the credit ((taken together with)) was claimed to be immediately due and payable. The department shall assess interest, but not penalties, on the taxes against which the credit was claimed. Interest shall be (assessed) assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, retroactively to the date the credit was (taken until the taxes are paid) claimed, and shall accrue until the taxes against which the credit was claimed are repaid. Any credit assigned to a person under subsection (3) of this section that is disallowed as a result of this section may be ((taken)) claimed by the person who performed the qualified research and development subject to the limitations set forth in subsection (4) of this section.

(6) Any person claiming the credit, and any person assigning a credit as provided in subsection (2) of this section, shall file an annual report in a form prescribed by the department which shall include the amount of the credit claimed, the qualified research and development expenditures during the calendar year for which the credit is claimed, and the taxable amount during the calendar year for which the credit is claimed, and such additional information as the department may prescribe. The report is due by March 31st following any year a credit is taken.

(7) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources the legislature needs information on how a tax incentive is used.

(b) A person claiming the credit shall (agree to) file a complete (an) annual survey with the department. (The annual survey is in addition to the annual report due under subsection (6) of this section.) The survey is due by March 31st following any year in which a credit is (taken) claimed. The department may extend the due date for timely filing of annual surveys under this section as provided in section 901 of this act. The survey shall include the amount of the tax credit (taken) claimed, the qualified research and development expenditures during the calendar year for which the credit is claimed, the taxable amount during the calendar year for which the credit is claimed, the number of new products or research projects by general classification, (and) the number of trademarks, patents, and copyrights associated with the research and development activities for which a credit was (taken) claimed, and whether the credit has been assigned under subsection (3) of this section and who assigned the credit. The survey shall also include the following information for employment positions in Washington:

(i) The number of total employment positions;

(ii) Full-time, part-time, and temporary employment positions as a percent of total employment;

(iii) The number of employment positions according to the following wage bands: Less than thirty thousand dollars; thirty thousand dollars or greater, but less than sixty thousand dollars; and sixty thousand dollars or greater. A wage band containing fewer than three individuals may be combined with another wage band; and

(iv) The number of employment positions that have employer-provided medical, dental, and retirement benefits, by each of the wage bands.

(c) The department may request additional information necessary to measure the results of the tax credit program, to be submitted at the same time as the survey.

(d) All information collected under this subsection, except the amount of the tax credit (taken) claimed, is deemed taxpayer information under RCW 82.32.330 ((and is not disclosable)). Information on the amount of tax credit (taken) claimed is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request except ((that)) as provided in this subsection (6)(d). If the amount of the tax credit as reported on the survey is different than the amount actually claimed on the taxpayer's tax returns or otherwise allowed by the department, the amount actually claimed or allowed may be disclosed.

(ii) Persons (taking) for whom the actual amount of the tax credit claimed on the taxpayer's returns or otherwise allowed by the department is less than ten thousand dollars ((of credit)) during the period covered by the survey may request the department to treat the tax credit amount as confidential under RCW 82.32.330.

(e) If a person fails to file a complete (the) annual survey required under this subsection with the department by the due date or any extension under section 901 of this act, the person entitled to the credit provided in subsection (2) of this section is not eligible to (take) claim or assign the credit provided in subsection (2) of this section in the year the person failed to timely file a complete (the) survey.

((6)(f)) The department shall use the information from subsection ((7)) of this section to prepare summary descriptive statistics by category. No fewer than three taxpayers shall be included in any category. The department shall report these statistics to the legislature each year by September 1st.
(1) For the purposes of determining the Washington taxable estate, a deduction is allowed from the federal taxable estate for
the value of qualified real property and the value of any tangible personal property used primarily for farming purposes conducted on the qualified real property, reduced by any amounts allowable as a deduction in respect of the qualified real property and tangible personal property under section 2053(a)(4) of the Internal Revenue Code, if the decedent was at the time of his or her death a citizen or resident of the United States. For the purposes of determining the deduction amount, the value of property is its value as used to determine the value of the gross estate:

(a) The value of qualified real property reduced by any amounts allowable as a deduction in respect of the qualified real property and tangible personal property under section 2053(a)(4) of the internal revenue code, if the decedent was at the time of his or her death a citizen or resident of the United States.

(b) The value of any tangible personal property used by the decedent or a member of the decedent's family for a qualified use on the date of the decedent's death, reduced by any amounts allowable as a deduction in respect of the tangible personal property under section 2053(a)(4) of the internal revenue code, if all of the requirements of subsection (10)(f)(i)(A) of this section are met and the decedent was at the time of his or her death a citizen or resident of the United States.

(c) The value of real property that is not deductible under (a) of this subsection solely by reason of subsection (10)(f)(i)(B) of this section, reduced by any amounts allowable as a deduction in respect of the qualified real property and tangible personal property under section 2053(a)(4) of the internal revenue code, if the requirements of subsection (10)(f)(i)(C) of
this section are met with respect to the property and the decedent was at the time of his or her death a citizen or resident of the United States.

(2) Property shall be considered to have been acquired from or to have passed from the decedent if:
(a) The property is so considered under section 1014(b) of the Internal Revenue Code;
(b) The property is acquired by any person from the estate; or
(c) The property is acquired by any person from a trust, to the extent the property is includible in the gross estate of the decedent.

(3) If the decedent and the decedent's surviving spouse at any time held qualified real property as community property, the interest of the surviving spouse in the property shall be taken into account under this section to the extent necessary to provide a result under this section with respect to the property which is consistent with the result which would have obtained under this section if the property had not been community property.

(4) In the case of any qualified woodland, the value of trees growing on the woodland may be deducted if otherwise qualified under this section.

(5) If property is qualified real property with respect to a decedent, hereinafter in this subsection referred to as the "first decedent," and the property was acquired from or passed from the first decedent to the surviving spouse of the first decedent, active management of the farm by the surviving spouse shall be treated as material participation by the surviving spouse in the operation of the farm.

(6) Property owned indirectly by the decedent may qualify for a deduction under this section if owned through an interest in a corporation, partnership, or trust as the terms corporation, partnership, or trust are used in section 2032A(g) of the Internal Revenue Code. In order to qualify for a deduction under this subsection, the interest, in addition to meeting the other tests for qualification under this section, must qualify under section 6166(b)(1) of the Internal Revenue Code as an interest in a closely held business on the date of the decedent's death and for sufficient other time, combined with periods of direct ownership, to equal at least five years of the eight-year period preceding the death.

(7)(a) If, on the date of the decedent's death, the requirements of subsection (10)(f)(i)(C)(II) of this section with respect to the decedent for any property are not met, and the decedent (i) was receiving old age benefits under Title II of the social security act for a continuous period ending on such date, or (ii) was disabled for a continuous period ending on this date, then subsection (10)(f)(i)(C)(II) of this section shall be applied with respect to the property by substituting "the date on which the longer of such continuous periods began" for "the date of the decedent's death" in subsection (10)(f)(i)(C) of this section.
(b) For the purposes of (a) of this subsection, an individual shall be disabled if the individual has a mental or physical impairment which renders that individual unable to materially participate in the operation of the farm.

(8) Property may be deducted under this section whether or not special valuation is elected under section 2032A of the Internal Revenue Code on the federal return. For the purposes of determining the deduction under this section, the value of property is its value as used to determine the value of the gross estate.

(9)(a) In the case of any qualified replacement property, any period during which there was ownership, qualified use, or material participation with respect to the replaced property by the decedent or any member of the decedent's family shall be treated as a period during which there was ownership, use, or material participation, as the case may be, with respect to the qualified replacement property.
(b) Subsection (9)(a) of this section shall not apply to the extent that the fair market value of the qualified replacement property, as of the date of its acquisition, exceeds the fair market value of the replaced property, as of the date of its disposition.
(c) For the purposes of this subsection (9), the following definitions apply:
(i) "Qualified replacement property" means any real property:
(A) Which is acquired in an exchange which qualifies under section 1031 of the Internal Revenue Code; or
(B) The acquisition of which results in the nonrecognition of gain under section 1033 of the Internal Revenue Code. The term "qualified replacement property" only includes property which is used for the same qualified use as the replaced property was being used before the exchange.
(ii) "Replaced property" means the property was:
(A) Transferred in the exchange which qualifies under section 1031 of the Internal Revenue Code; or
(B) Compulsorily or involuntarily converted within the meaning of section 1033 of the Internal Revenue Code.
(10) For the purposes of this section, the following definitions apply:
(a) "Active management" means the making of the management decisions of a farm, other than the daily operating decisions.
(b) "Farm" includes stock, dairy, poultry, fruit, fur-bearing animal, and truck farms; plantations; ranches; nurseries; ranges; greenhouses or other similar structures used primarily for the raising of agricultural or horticultural commodities; and orchards and woodlands.
(c) "Farming purposes" means:

(i) Cultivating the soil or raising or harvesting any agricultural or horticultural commodity, including the raising, shearing, feeding, caring for, training, and management of animals on a farm;

(ii) Handling, drying, packing, grading, or storing on a farm any agricultural or horticultural commodity in its unmanufactured state, but only if the owner, tenant, or operator of the farm regularly produces more than one-half of the commodity so treated; and

(iii)(A) The planting, cultivating, caring for, or cutting of trees; or

(B) The preparation, other than milling, of trees for market.

d) "Member of the family" means, with respect to any individual, only:

(ii) The spouse of the individual;

(iii) A lineal descendant of the individual, of the individual's spouse, or of a parent of the individual; or

(iv) The spouse of any lineal descendant described in (d)(iii) of this subsection.

For the purposes of this subsection (10)(d), a legally adopted child of an individual shall be treated as the child of such individual by blood.

(e) "Qualified heir" means, with respect to any property, a member of the decedent's family who acquired property, or to whom property passed, from the decedent.

(f)(i) "Qualified real property" means real property which was acquired from or passed from the decedent to a qualified heir of the decedent and which, on the date of the decedent's death, was being used for a qualified use by the decedent or a member of the decedent's family, but only if:

(A) Fifty percent or more of the adjusted value of the gross estate consists of the adjusted value of real or personal property which:

(I) On the date of the decedent's death, was being used for a qualified use by the decedent or a member of the decedent's family; and

(II) Was acquired from or passed from the decedent to a qualified heir of the decedent;

(B) Twenty-five percent or more of the adjusted value of the gross estate consists of the adjusted value of real property which meets the requirements of (f)(i)(A)(II) and (f)(i)(C) of this subsection; and

(C) During the eight-year period ending on the date of the decedent's death there have been periods aggregating five years or more during which:

(I) The real property was owned by the decedent or a member of the decedent's family and used for a qualified use by the decedent or a member of the decedent's family; and

(II) There was material participation by the decedent or a member of the decedent's family in the operation of the farm.

For the purposes of this subsection (f)(i)(C)(II), material participation shall be determined in a manner similar to the manner used for purposes of section 1402(a)(1) of the Internal Revenue Code.

(ii) For the purposes of this subsection, the term "adjusted value" means:

(A) In the case of the gross estate, the value of the gross estate, determined without regard to any special valuation under section 2032A of the Internal Revenue Code, reduced by any amounts allowable as a deduction under section 2053(a)(4) of the Internal Revenue Code; or

(B) In the case of any real or personal property, the value of the property for purposes of chapter 11 of the Internal Revenue Code, determined without regard to any special valuation under section 2032A of the Internal Revenue Code, reduced by any amounts allowable as a deduction in respect of such property under section 2053(a)(4) of the Internal Revenue Code.

(g) "Qualified use" means the property is used as a farm for farming purposes. In the case of real property which meets the requirements of (f)(i)(C) of this subsection, residential buildings and related improvements on the real property occupied on a regular basis by the owner or lessee of the real property or by persons employed by the owner or lessee for the purpose of operating or maintaining the real property, and roads, buildings, and other structures and improvements functionally related to the qualified use shall be treated as real property devoted to the qualified use. For tangible personal property eligible for a deduction under subsection (1)(b) of this section, "qualified use" means the property is used primarily for farming purposes on a farm.

(h) "Qualified woodland" means any real property which:

(i) Is used in timber operations; and

(ii) Is an identifiable area of land such as an acre or other area for which records are normally maintained in conducting timber operations.

(i) "Timber operations" means:

(i) The planting, cultivating, caring for, or cutting of trees; or

MESSAGE FROM THE HOUSE

April 23, 2005

MR. PRESIDENT:

The House concurred in Senate amendment[s] to the following bills and passed the bills as amended by the Senate:
SUBSTITUTE HOUSE BILL NO. 1591,
SUBSTITUTE HOUSE BILL NO. 1606,
MR. PRESIDENT:

Under suspension of rules SUBSTITUTE SENATE BILL NO. 5610, was returned to second reading for purpose of an amendment[s], and passed the House as amended by the House.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 77.85.005 and 1999 sp.s. c 13 s 1 are each amended to read as follows:

The legislature finds that repeated attempts to improve salmonid fish runs throughout the state of Washington have failed to avert listings of salmon and steelhead runs as threatened or endangered under the federal endangered species act (16 U.S.C. Sec. 1531 et seq.). These listings threaten the sport, commercial, and tribal fishing industries as well as the economic well-being and vitality of vast areas of the state. It is the intent of the legislature to begin activities required for the recovery of salmon stocks as soon as possible, although the legislature understands that successful recovery efforts may not be realized for many years because of the life cycle of salmon and the complex array of natural and human-caused problems they face.

The legislature finds that it is in the interest of the citizens of the state of Washington for the state to retain primary responsibility for managing the natural resources of the state, rather than abdicate those responsibilities to the federal government, and that the state may best accomplish this objective by integrating local and regional recovery activities into a statewide strategy that can make the most effective use of provisions of federal laws allowing for a state lead in salmon recovery, delivered through implementation activities consistent with regional and watershed recovery plans. The legislature also finds that a statewide salmon recovery strategy must be developed and implemented through an active public involvement process in order to ensure public participation in, and support for, salmon recovery. The legislature also finds that there is a substantial link between the provisions of the federal endangered species act and the federal clean water act (33 U.S.C. Sec. 1251 et seq.). The legislature further finds that habitat restoration is a vital component of salmon recovery efforts. Therefore, it is the intent of the legislature to specifically address salmon habitat restoration in a coordinated manner and to develop a structure that allows for the coordinated delivery of federal, state, and local assistance to communities for habitat projects that will assist in the recovery and enhancement of salmon stocks. A strong watershed-based locally implemented plan is essential for local, regional, and statewide salmon recovery.

The legislature also finds that credible scientific review and oversight is essential for any salmon recovery effort to be successful.

The legislature further finds that it is important to monitor the overall health of the salmon resource to determine if recovery efforts are providing expected returns. It is important to monitor salmon habitat projects and salmon recovery activities to determine their effectiveness in order to secure federal acceptance of the state's approach to salmon recovery. Adaptive management cannot exist without monitoring. For these reasons, the legislature believes that a coordinated and integrated monitoring system should be developed and implemented.

The legislature therefore finds that a coordinated framework for responding to the salmon crisis is needed immediately. To that end, the salmon recovery office should be created within the governor's office to provide overall coordination of the
state's response; an independent science panel is needed to provide scientific review and oversight; a coordinated state funding process should be established through a salmon recovery funding board; the appropriate local or tribal government should provide local leadership in identifying and sequencing habitat projects to be funded by state agencies; habitat projects should be implemented without delay; and a strong locally based effort to restore salmon habitat should be established by providing a framework to allow citizen volunteers to work effectively.

Sec. 2. RCW 77.85.010 and 2002 c 210 s 1 are each amended to read as follows:
The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adaptive management" means reliance on scientific methods to test the results of actions taken so that the management and related policy can be changed promptly and appropriately.

(2) "Critical pathways methodology" means a project scheduling and management process for examining interactions between habitat projects and salmonid species, prioritizing habitat projects, and assuring positive benefits from habitat projects.

(3) "Habitat project list" is the list of projects resulting from the critical pathways methodology under RCW 77.85.060(2). Each project on the list must have a written agreement from the landowner on whose land the project will be implemented. Projects include habitat restoration projects, habitat protection projects, habitat projects that improve water quality, habitat projects that protect water quality, habitat-related mitigation projects, and habitat project maintenance and monitoring activities.

(4) "Habitat work schedule" means those projects from the habitat project list that will be implemented during the current funding cycle. The schedule shall also include a list of the entities and individuals implementing projects, the start date, duration, estimated date of completion, estimated cost, and funding sources for the projects.

(5) "Limiting factors" means conditions that limit the ability of habitat to fully sustain populations of salmon. These factors are primarily fish passage barriers and degraded estuarine areas, riparian corridors, stream channels, and wetlands.

(6) "Project sponsor" is a county, city, special district, tribal government, state agency, a combination of such governments through interlocal or interagency agreements, a nonprofit organization, regional fisheries enhancement group, or one or more private citizens. A project sponsored by a state agency may be funded by the board only if it is included on the habitat project list submitted by the lead entity for that area and the state agency has a local partner that would otherwise qualify as a project sponsor.

(7) "Regional recovery organization" or "regional salmon recovery organization" means an entity formed under RCW 77.85.090 for the purpose of recovering salmon, which is recognized in statute or by the salmon recovery office.

(8) "Salmon" includes all species of the family Salmonidae which are capable of self-sustaining, natural production.

(9) "Salmon recovery plan" means a state or regional plan developed in response to a proposed or actual listing under the federal endangered species act that addresses limiting factors including, but not limited to harvest, hatchery, hydropower, habitat, and other factors of decline.

(10) "Salmon recovery region" means geographic areas of the state identified or formed under RCW 77.85.090 that encompass groups of watersheds in the state with common stocks of salmon identified for recovery activities, and that generally are consistent with the geographic areas within the state identified by the national oceanic and atmospheric administration or the United States fish and wildlife service for activities under the federal endangered species act.

(11) "Salmon recovery strategy" means the strategy adopted under RCW 77.85.150 and includes the compilation of all subbasin and regional salmon recovery plans developed in response to a proposed or actual listing under the federal endangered species act with state hatchery, harvest, and hydropower plans compiled in accordance with RCW 77.85.150.

(12) "Tribe" or "tribes" means federally recognized Indian tribes.

(13) "WRIA" means a water resource inventory area established in chapter 173-500 WAC as it existed on January 1, 1997.

(14) "Owner" means the person holding title to the land or the person under contract with the owner to lease or manage the legal owner's property.

Sec. 3. RCW 77.85.020 and 1998 c 246 s 4 are each amended to read as follows:

is to help ensure that sound science is used in salmon recovery efforts. The governor's salmon recovery office (shall) may request review of regional salmon recovery plans by the science review panel. The science panel does not have the authority to review individual projects or habitat project lists developed under RCW 77.85.050(c) or 77.85.060((and 75.46.080)) or to make policy decisions. The panel shall periodically submit its findings and recommendations under this subsection to the legislature and the governor.

(5) The independent science panel, in conjunction with the technical review team, shall recommend standardized monitoring indicators and data quality guidelines for use by entities involved in habitat projects and salmon recovery activities across the state.

(6) The independent science panel, in conjunction with the technical review team, shall also recommend criteria for the systematic and periodic evaluation of monitoring data in order for the state to be able to answer critical questions about the effectiveness of the state's salmon recovery efforts.

(7) The recommendations on monitoring as required in this section shall be provided in a report to the governor and to the legislature by the independent science panel, in conjunction with the salmon recovery office, no later than December 31, 2000. The report shall also include recommendations on the level of effort needed to sustain monitoring of salmon projects and other recovery efforts, and any other recommendations on monitoring deemed important by the independent science panel and the technical review team. The report may be included in the biennial state of the salmon report required under RCW 77.85.020.)

Sec. 6. RCW 77.85.050 and 1999 sp.s. c 13 s 11 are each amended to read as follows:

(1) Counties, cities, and tribal governments must jointly designate, by resolution or by letters of support, the area for which a habitat project list is to be developed and the lead entity that is to be responsible for submitting the habitat project list. No project included on a habitat project list shall be considered mandatory in nature and no private landowner may be forced or coerced into participation in any respect. The lead entity may be a county, city, conservation district, special district, tribal government, regional recovery organization, or other entity.

(2) The lead entity shall establish a committee that consists of representative interests of counties, cities, conservation districts, tribes, environmental groups, business interests, landowners, citizens, volunteer groups, regional fish enhancement groups, and other habitat interests. The purpose of the committee is to provide a citizen-based evaluation of the projects proposed to promote salmon habitat. (The technical review team may provide the lead entity with organizational models that may be used in establishing the committees.)

(3) The committee shall compile a list of habitat projects, establish priorities for individual projects, define the sequence for project implementation, and submit these activities as the habitat project list. The committee shall also identify potential federal, state, local, and private funding sources.

(2) The area covered by the habitat project list must be based, at a minimum, on a WRIA, combination of WRias, or any other area as agreed to by the counties, cities, and tribes in resolutions or in letters of support meeting the requirements of this subsection. Preference will be given to projects in an area that contain a salmon species that is listed or proposed for listing under the federal endangered species act.

(3) The lead entity shall submit the habitat project list to the board in accordance with procedures adopted by the board.

Sec. 7. RCW 77.85.090 and 2000 c 107 s 99 are each amended to read as follows:

(1) The southwest Washington salmon recovery region, whose boundaries are provided in chapter 60, Laws of 1998, is created.

(2) Lead entities within a salmon recovery region that agree to form a regional salmon recovery organization may be recognized by the salmon recovery office as a regional recovery organization. The regional recovery organization may plan, coordinate, and monitor the implementation of a regional recovery plan in accordance with RCW 77.85.150. Regional recovery organizations existing as of the effective date of this act that have developed draft recovery plans approved by the governor's salmon recovery office by July 1, 2005, may continue to plan, coordinate, and monitor the implementation of regional recovery plans.

Sec. 8. RCW 77.85.130 and 2000 c 107 s 102 and 2000 c 15 s 1 are each reenacted and amended to read as follows:

(1) The salmon recovery funding board shall develop procedures and criteria for allocation of funds for salmon habitat projects and salmon recovery activities on a statewide basis to address the highest priorities for salmon habitat protection and restoration. To the extent practicable the board shall adopt an annual allocation of funding. The allocation should address both protection and restoration of habitat, and should recognize the varying needs in each area of the state on an equitable basis. The board has the discretion to partially fund, or to fund in phases, salmon habitat projects. The board may annually establish a maximum amount of funding available for any individual project, subject to available funding. No projects required solely as a mitigation or a condition of permitting are eligible for funding.
(2) (a) In evaluating, ranking, and awarding funds for projects and activities the board shall give preference to projects that:

(i) Are based upon the limiting factors analysis identified under RCW 77.85.060;
(ii) Provide a greater benefit to salmon recovery based upon the stock status information contained in the department of fish and wildlife salmonid stock inventory (SASSI), the salmon and steelhead habitat inventory and assessment project (SSHIAP), and any comparable science-based assessment when available;
(iii) Will benefit listed species and other fish species; (and)
(iv) Will preserve high quality salmonid habitat; and
(v) Are included in a regional or watershed-based salmon recovery plan that accords the project, action, or area a high priority for funding.

(b) In evaluating, ranking, and awarding funds for projects and activities the board shall also give consideration to projects that:

(i) Are the most cost-effective;
(ii) Have the greatest matched or in-kind funding; (and)
(iii) Will be implemented by a sponsor with a successful record of project implementation; and
(iv) Are part of a regionwide list developed by lead entities.

(3) The board may reject, but not add, projects from a habitat project list submitted by a lead entity for funding.

(4) ((For fiscal year 2000, the board may authorize the interagency review team to evaluate, rank, and make funding decisions for categories of projects or activities or from funding sources provided for categories of projects or activities. In delegating such authority the board shall consider the review team's staff resources, procedures, and technical capacity to meet the purposes and objectives of this chapter. The board shall maintain general oversight of the team's exercise of such authority.)) The board shall seek the guidance of the technical review team to ensure that scientific principles and information are incorporated into the allocation standards and into proposed projects and activities. If the technical review team determines that a habitat project list complies with the critical pathways methodology under RCW 77.85.060, it shall provide substantial weight to the list's project priorities when making determinations among applications for funding of projects within the area covered by the list.

(6) (i) The board shall establish criteria for determining when block grants may be made to a lead entity ((or other recognized regional recovery entity consistent with one or more habitat project lists developed for that region.)) Where a lead entity has been established pursuant to RCW 77.85.050, the board may provide block grants to the lead entity to ((assist in carrying out lead entity functions under this chapter.)) implement habitat project lists developed under RCW 77.85.050, subject to available funding. The board shall determine an equitable minimum amount of project funds for each recovery region, and shall distribute the remainder of funds on a competitive basis. The board may also provide block grants to the lead entity or regional recovery organization to assist in carrying out functions described under this chapter. Block grants must be expended consistent with the priorities established for the board in subsection (2) of this section. Lead entities or regional recovery organizations receiving block grants under this subsection shall provide an annual report to the board summarizing how funds were expended for activities consistent with this chapter, including the types of projects funded, project outcomes, monitoring results, and administrative costs.

((4))) (5) The board may waive or modify portions of the allocation procedures and standards adopted under this section in the award of grants or loans to conform to legislative appropriations directing an alternative award procedure or when the funds to be awarded are from federal or other sources requiring other allocation procedures or standards as a condition of the board's receipt of the funds. The board shall develop an integrated process to manage the allocation of funding from federal and state sources to minimize delays in the award of funding while recognizing the differences in state and legislative appropriation timing.

((4))) (6) The board may award a grant or loan for a salmon recovery project on private or public land when the landowner has a legal obligation under local, state, or federal law to perform the project, when expedited action provides a clear benefit to salmon recovery, and there will be harm to salmon recovery if the project is delayed. For purposes of this subsection, a legal obligation does not include a project required solely as a mitigation or a condition of permitting.

((4))) (7) The board may condition a grant or loan to include the requirement that property may only be transferred to a federal agency if the agency that will acquire the property agrees to comply with all terms of the grant or loan to which the project sponsor was obligated. Property acquired or improved by a project sponsor may be conveyed to a federal agency, but only if the agency agrees to comply with all terms of the grant or loan to which the project sponsor was obligated.

Sec. 9. RCW 77.85.150 and 1999 sp.s. c 13 s 9 are each amended to read as follows:
By September 1, 1999, the governor, with the assistance of the salmon recovery office, shall submit a statewide salmon recovery strategy to the appropriate federal agencies administering the federal endangered species act and maintain and revise a statewide salmon recovery strategy.

(2) The governor and the salmon recovery office shall be guided by the following considerations in developing and revising the strategy:

(a) The strategy should identify statewide initiatives and responsibilities with regional recovery plans and local watershed initiatives as the principal means for implementing the strategy;

(b) The strategy should emphasize collaborative, incentive-based approaches;

(c) The strategy should address all factors limiting the recovery of Washington's listed salmon stocks, including habitat and water quality degradation, harvest and hatchery management, inadequate streamflows, and other barriers to fish passage. Where other limiting factors are beyond the state's jurisdictional authorities to respond to, such as some natural predators and high seas fishing, the strategy shall include the state's requests for federal action to effectively address these factors;

(d) The strategy should identify immediate actions necessary to prevent extinction of a listed salmon stock, establish performance measures to determine if restoration efforts are working, recommend effective monitoring and data management, and recommend to the legislature clear and certain measures to be implemented if performance goals are not met;

(e) The strategy shall rely on the best scientific information available and provide for incorporation of new information as it is obtained;

(f) The strategy should seek a fair allocation of the burdens and costs upon economic and social sectors of the state whose activities may contribute to limiting the recovery of salmon; and

(g) The strategy should seek clear measures and procedures from the appropriate federal agencies for removing Washington's salmon stocks from listing under the federal act.

(3) Beginning on September 1, 2000, the strategy shall be updated through an active public involvement process, including early and meaningful opportunity for public comment. In obtaining public comment, the salmon recovery office shall hold public meetings throughout the state and shall encourage regional and local recovery planning efforts to similarly ensure an active public involvement process.

(4) This section shall apply prospectively only and not retroactively. Nothing in this section shall be construed to invalidate actions taken in recovery planning at the local, regional, or state level prior to July 1, 1999.

NEW SECTION. Sec. 10. The following acts or parts of acts are each repealed:

(1) RCW 77.85.070 (Technical advisory groups) and 2000 c 107 s 97 & 1998 c 246 s 10; and

(2) RCW 77.85.210 (Monitoring activities--Monitoring oversight committee--Legislative steering committee--Report to the legislature--Monitoring strategy and action plan) and 2001 c 298 s 3.

Correct the title.

and the same is herewith transmitted.

RICHARD NAFZIGER, Chief Clerk

MOTION

Senator Jacobsen moved that the Senate concur in the House amendment(s) to Substitute Senate Bill No. 5610.

Senators Jacobson, Oke and Spanel spoke in favor of the motion.

POINT OF INQUIRY

Senator Honeyford: "Would Senator Jacobsen yield to a question? Does this improve the role of the counties in the approval of the salmon recovery plan or does it remain constant? Does this improve the role of the counties in approving salmon recovery plans? Are they brought more into the picture or are they still pretty much left out?"

Senator Jacobsen: "This doesn’t change those two. These two amendments in the House as the bill originally came back on 5610. It does not change that. It clarifies what, clarifies the word ‘strategy’ and also the role of the governor’s Salmon Recovery Office. So it does not change that. The other one is in regards to regional organization and allows a smaller group to, if they want to, to set up regionally, if they are inside an ESU [evolutionarily significant unit. –Ed.]. So it does not change that."

Senator Honeyford spoke against the motion.

MOTIONS

On motion of Senator Regala, Senators Eide and Haugen were excused.
MOTION

SUBSTITUTE SENATE BILL NO. 5610, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MESSAGE FROM THE HOUSE

April 21, 2005

MR. PRESIDENT:

Under suspension of rules ENGROSSED SUBSTITUTE SENATE BILL NO. 5922, was returned to second reading for purpose of an amendment{s} and passed the House as amended by the House.

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 26.44.100 and 1998 c 314 s 8 are each amended to read as follows:

(1) The legislature finds parents and children often are not aware of their due process rights when agencies are investigating allegations of child abuse and neglect. The legislature reaffirms that all citizens, including parents, shall be afforded due process, that protection of children remains the priority of the legislature, and that this protection includes protecting the family unit from unnecessary disruption. To facilitate this goal, the legislature wishes to ensure that parents and children be advised in writing and orally, if feasible, of their basic rights and other specific information as set forth in this chapter, provided that nothing contained in this chapter shall cause any delay in protective custody action.

(2) The department shall notify the ((alleged perpetrator of the)) parent, guardian, or legal custodian of a child of any allegations of child abuse ((and)) or neglect ((at the earliest possible point in the investigation that will not jeopardize the safety and protection of the child or the investigation process)) made against such person at the initial point of contact with such person, in a manner consistent with the laws maintaining the confidentiality of the persons making the complaints or allegations. Investigations of child abuse and neglect should be conducted in a manner that will not jeopardize the safety or protection of the child or the integrity of the investigation process.

Whenever the department completes an investigation of a child abuse or neglect report under chapter 26.44 RCW, the department shall notify the ((alleged perpetrator)) subject of the report ((and)) of the department's investigative findings. The notice shall also advise the ((alleged perpetrator)) subject of the report that:

(a) A written response to the report may be provided to the department and that such response will be filed in the record following receipt by the department;

(b) Information in the department's record may be considered in subsequent investigations or proceedings related to child protection or child custody;

(c) Founded reports of child abuse and neglect may be considered in determining whether the person is disqualified from being licensed to provide child care, employed by a licensed child care agency, or authorized by the department to care for children; and

(d) (An alleged perpetrator) A subject named in a founded report of child abuse or neglect has the right to seek review of the finding as provided in this chapter.
(3) The notification required by this section shall be made by certified mail, return receipt requested, to the person's last known address.

(4) The duty of notification created by this section is subject to the ability of the department to ascertain the location of the person to be notified. The department shall exercise reasonable, good-faith efforts to ascertain the location of persons entitled to notification under this section.

(5) The department shall provide training to all department personnel who conduct investigations under this section that shall include, but is not limited to, training regarding the legal duties of the department from the initial time of contact during investigation through treatment in order to protect children and families.

NEW SECTION.  Sec. 2. The legislature finds that whenever possible, children should remain in the home of their parents. It is only when the safety of the child is in jeopardy that the child should be removed from the home.

It is the intent of the legislature that the department of social and health services be permitted to intervene in cases of chronic neglect where the health, welfare, or safety of the child is at risk. One incident of neglect may not rise to the level requiring state intervention; however, a pattern of neglect has been shown to cause damage to the health and well-being of the child subject to the neglect.

It is the intent of the legislature that, when chronic neglect has been found to exist in a family, the legal system reinforce the need for the parent's early engagement in services that will decrease the likelihood of future neglect. However, if the parents fail to comply with the offered necessary and available services, the state has the authority to intervene to protect the children who are at risk. If a parent fails to engage in available substance abuse or mental health services necessary to maintain the safety of a child or a parent fails to correct substance abuse deficiencies that jeopardize the safety of a child, the state has the authority to intervene to protect a child.

Sec. 3. RCW 13.34.138 and 2003 c 227 s 5 are each amended to read as follows:

1. Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first, at a hearing in which it shall be determined whether court supervision should continue. The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ninety days from the entry of the dispositional order, whichever comes first. The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145(3) or 13.34.134. The review shall include findings regarding the agency and parental completion of disposition plan requirements, and if necessary, revised permanency time limits. This review shall consider both the agency's and parent's efforts that demonstrate consistent measurable progress over time in meeting the disposition plan requirements. The requirements for the initial review hearing, including the in-court requirement, shall be accomplished within existing resources. The supervising agency shall provide a foster parent, preadoptive parent, or relative with notice of, and their right to an opportunity to be heard in, a review hearing pertaining to the child, but only if that person is currently providing care to that child at the time of the hearing. This section shall not be construed to grant party status to any person who has been provided an opportunity to be heard.

a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

b) If the child is not returned home, the court shall establish in writing:

i. Whether reasonable services have been provided to or offered to the parties to facilitate reunion, specifying the services provided or offered;

ii. Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration and preference has been given to placement with the child's relatives;

iii. Whether there is a continuing need for placement and whether the placement is appropriate;

iv. Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

v. Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

vi. Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

vii. Whether additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents; if so, the court shall order that reasonable services be offered specifying such services; and

viii. The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(c) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

2) In any case in which the court orders that a dependent child may be returned to or remain in the child's home, the in-home placement shall be contingent upon the following:

i. The compliance of the parents with court orders related to the care and supervision of the child, including compliance with an agency case plan; and

ii. The continued participation of the parents, if applicable, in available substance abuse or mental health treatment if substance abuse or mental illness was a contributing factor to the removal of the child.

b) The following may be grounds for removal of the child from the home, subject to review by the court:
(i) Noncompliance by the parents with the agency case plan or court order;
(ii) The parent's inability, unwillingness, or failure to participate in available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect; or
(iii) The failure of the parents to successfully and substantially complete available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect.
(2) The court's ability to order housing assistance under RCW 13.34.130 and this section is: (a) Limited to cases in which homelessness or the lack of adequate and safe housing is the primary reason for an out-of-home placement; and (b) subject to the availability of funds appropriated for this specific purpose.

((23)) (4) The court shall consider the child's relationship with siblings in accordance with RCW 13.34.130(3). Sec. 4. RCW 26.44.015 and 1999 c 176 s 28 are each amended to read as follows:
(1) This chapter shall not be construed to authorize interference with child-raising practices, including reasonable parental discipline, which are not injurious to the child's health, welfare, ((and)) or safety.
(2) Nothing in this chapter may be used to prohibit the reasonable use of corporal punishment as a means of discipline.
(3) No parent or guardian may be deemed abusive or neglectful solely by reason of the parent's or child's blindness, deafness, developmental disability, or other handicap.

Sec. 5. RCW 26.44.020 and 2000 c 162 s 19 are each amended to read as follows:
The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.
(1) "Court" means the superior court of the state of Washington, juvenile department.
(2) "Law enforcement agency" means the police department, the prosecuting attorney, the state patrol, the director of public safety, or the office of the sheriff.
(3) "Practitioner of the healing arts" or "practitioner" means a person licensed by this state to practice pediatric medicine and surgery, optometry, chiropractic, nursing, dentistry, osteopathic medicine and surgery, or medicine and surgery or to provide other health services. The term "practitioner" includes a duly accredited Christian Science practitioner: PROVIDED, HOWEVER, that a person who is being furnished Christian Science treatment by a duly accredited Christian Science practitioner will not be considered, for that reason alone, a neglected person for the purposes of this chapter.
(4) "Institution" means a private or public hospital or any other facility providing medical diagnosis, treatment or care.
(5) "Department" means the state department of social and health services.
(6) "Child" or "children" means any person under the age of eighteen years of age.
(7) "Professional school personnel" include, but are not limited to, teachers, counselors, administrators, child care facility personnel, and school nurses.
(8) "Social service counselor" means anyone engaged in a professional capacity during the regular course of employment in encouraging or promoting the health, welfare, support or education of children, or providing social services to adults or families, including mental health, drug and alcohol treatment, and domestic violence programs, whether in an individual capacity, or as an employee or agent of any public or private organization or institution.
(9) "Psychologist" means any person licensed to practice psychology under chapter 18.83 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.
(10) "Pharmacist" means any registered pharmacist under chapter 18.64 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.
(11) "Clergy" means any regularly licensed or ordained minister, priest, or rabbi of any church or religious denomination, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.
(12) "Abuse or neglect" means ((the injury)) sexual abuse, sexual exploitation, ((negligent treatment, or maltreatment)) or injury of a child by any person under circumstances which ((indicate that)) cause harm to the child's health, welfare, ((and)) or safety ((is harmed)), excluding conduct permitted under RCW 9A.16.100; or the negligent treatment or maltreatment of a child by a person responsible for or providing care to the child. An abused child is a child who has been subjected to child abuse or neglect as defined in this section.
(13) "Child protective services section" means the child protective services section of the department.

(15) "Negligent treatment or maltreatment" means an act or ((omission)) a failure to act, or the cumulative effects of a pattern of conduct, behavior, or inaction, that evidences a serious disregard of consequences of such magnitude as to constitute a clear and present danger to ((the)) a child's health, welfare, ((and)) or safety. When considering whether a clear and present danger exists, evidence of a parent's substance abuse as a contributing factor to negligent treatment or maltreatment shall be given great weight. The fact that siblings share a bedroom is not, in and of itself, negligent treatment or maltreatment. Poverty, homelessness, or exposure to domestic violence as defined in RCW 26.50.010 that is perpetrated against someone other than the child do not constitute negligent treatment or maltreatment in and of themselves.
(16) "Child protective services" means those services provided by the department designed to protect children from child abuse and neglect and safeguard such children from future abuse and neglect, and conduct investigations of child abuse and neglect reports. Investigations may be conducted regardless of the location of the alleged abuse or neglect. Child protective services includes referral to services to ameliorate conditions that endanger the welfare of children, the coordination of necessary programs and services relevant to the prevention, intervention, and treatment of child abuse and neglect, and services to children.
to ensure that each child has a permanent home. In determining whether protective services should be provided, the department shall not decline to provide such services solely because of the child's unwillingness or developmental inability to describe the nature and severity of the abuse or neglect.

(17) "Malice" or "maliciously" means an evil intent, wish, or design to vex, annoy, or injure another person. Such malice may be inferred from an act done in willful disregard of the rights of another, or an act wrongfully done without just cause or excuse, or an act or omission of duty betraying a willful disregard of social duty.

(19) "Unfounded" means available information indicates that, more likely than not, child abuse or neglect did not occur. No unfounded allegation of child abuse or neglect may be disclosed to a child-placing agency, private adoption agency, or any other provider licensed under chapter 74.15 RCW.

NEW SECTION. Sec. 6. A new section is added to chapter 26.44 RCW to read as follows:

(1) If the department, upon investigation of a report that a child has been abused or neglected as defined in this chapter, determines that the child has been subject to negligent treatment or maltreatment, the department may offer services to the child's parents, guardians, or legal custodians to: (a) Ameliorate the conditions that endangered the welfare of the child; or (b) address or treat the effects of mistreatment or neglect upon the child.

(2) When evaluating whether the child has been subject to negligent treatment or maltreatment, evidence of a parent's substance abuse as a contributing factor to a parent's failure to provide for a child's basic health, welfare, or safety shall be given great weight.

(3) If the child's parents, guardians, or legal custodians are available and willing to participate on a voluntary basis in in-home services, and the department determines that in-home services on a voluntary basis are appropriate for the family, the department may offer such services.

(4) In cases where the department has offered appropriate and reasonable services under subsection (1) of this section, and the parents, guardians, or legal custodians refuse to accept or fail to obtain available and appropriate treatment or services, or are unable or unwilling to participate in or successfully and substantially complete the treatment or services identified by the department, the department may initiate a dependency proceeding under chapter 13.34 RCW on the basis that the negligent treatment or maltreatment by the parent, guardian, or legal custodian constitutes neglect. When evaluating whether to initiate a dependency proceeding on this basis, the evidence of a parent's substance abuse as a contributing factor to the negligent treatment or maltreatment shall be given great weight.

(5) Nothing in this section precludes the department from filing a dependency petition as provided in chapter 13.34 RCW if it determines that such action is necessary to protect the child from abuse or neglect.

(6) Nothing in this section shall be construed to create in any person an entitlement to services or financial assistance in paying for services or to create judicial authority to order the provision of services to any person or family if the services are unavailable or unsuitable or if the child or family is not eligible for such services.

Sec. 7. RCW 74.13.031 and 2004 c 183 s 3 are each amended to read as follows:

The department shall have the duty to provide child welfare services and shall:

(1) Develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of runaway, dependent, or neglected children.

(2) Within available resources, recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e., homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, handicapped and emotionally disturbed, teens, pregnant and parenting teens, and annually report to the governor and the legislature concerning the department's success in: (a) Meeting the need for adoptive and foster home placements; (b) reducing the foster parent turnover rate; (c) completing home studies for legally free children; and (d) implementing and operating the passport program required by RCW 74.13.285. The report shall include a section entitled "Foster Home Turn-Over, Causes and Recommendations."

(3) (a) Investigate (complaints of any recent act or failure to act)) any reports of child abuse or neglect, as defined in chapter 26.44 RCW, on the part of a parent, guardian, or legal custodian of the child, member of the household of such persons, an agency providing care to the child as defined in chapter 74.15 RCW, or other caretaker ((that)) of the child who is serving in place of the parent if the child abuse or neglect results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm((, and on the basis of the findings of such investigation, offer)). Evidence of a parent's substance abuse as a contributing factor to the alleged abuse or neglect shall be considered to present an imminent risk of serious harm to the child.

(b) Offer child welfare services ((in relation to the problem to such)), where warranted, to parents, legal custodians, or persons serving in ((locos parentis)) the place of the parent, ((and/or)) or bring the situation to the attention of an appropriate court, or another community agency((provided that)), including the appropriate law enforcement agency if the investigation reveals that a crime against a child may have been committed. However, an investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in ((locos parentis)) the place of the parent. ((If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.))

(4) Offer, on a voluntary basis, family reconciliation services to families who are in conflict.
(5) Monitor out-of-home placements, on a timely and routine basis, to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 73.14.010 and 73.15.010, and annually submit a report measuring the extent to which the department achieved the specified goals to the governor and the legislature.

(6) Have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(7) Have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(8) Have authority to purchase care for children; and shall follow in general the policy of using properly approved private agency services for the actual care and supervision of such children insofar as they are available, paying for care of such children as are accepted by the department as eligible for support at reasonable rates established by the department.

(9) Establish a children's services advisory committee which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(10) Have authority to provide continued foster care or group care for individuals from eighteen through twenty years of age to enable them to complete their high school or vocational school program.

(11) Refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child.

(12) Have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order; and the purchase of such care shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 and 74.13.032 through 74.13.036, or of this section all services to be provided by the department of social and health services under subsections (4), (6), and (7) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(13) Within amounts appropriated for this specific purpose, provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(14) Have authority to provide independent living services to youths, including individuals eighteen through twenty years of age, who are or have been in foster care.

NEW SECTION. Sec. 8. The legislature recognizes that the fiscal and workload impact of this act may not be fully determined until after it is implemented and that such impact may further be affected by the funding or availability of community-based prevention and remedial services. For that reason, the department of social and health services shall report on the implementation of this act to the appropriate legislative committees and the governor by December 1, 2006. The report shall include information regarding any change over previous years in the number and type of child abuse and neglect referrals received and investigations conducted, any change in in-home and out-of-home dependency placements and/or filings, any increased service costs, barriers to implementation, and an assessment of the fiscal and workload impact on the department. Such information shall be reviewed by the legislature for possible amendment of this act or additional allocation of resources to the department for implementation purposes.

Sec. 9. RCW 13.34.050 and 2000 c 122 s 3 are each amended to read as follows:

(1) The court may enter an order directing a law enforcement officer, probation counselor, or child protective services official to take a child into custody if: (a) A petition is filed with the juvenile court alleging that the child is dependent and that the child's health, safety, and welfare will be seriously endangered if not taken into custody; (b) an affidavit or declaration is filed by the department in support of the petition setting forth specific factual information evidencing reasonable grounds that the child's health, safety, and welfare will be seriously endangered if not taken into custody and at least one of the grounds set forth demonstrates a risk of imminent harm to the child. "Imminent harm" for purposes of this section shall include, but not be limited to, circumstances of sexual abuse, (c) sexual exploitation as defined in RCW 26.44.020, and a parent's failure to perform basic parental functions, obligations, and duties as the result of substance abuse; and (c) the court finds reasonable grounds to believe the child is dependent and that the child's health, safety, and welfare will be seriously endangered if not taken into custody.

(2) Any petition that does not have the necessary affidavit or declaration demonstrating a risk of imminent harm requires that the parents are provided notice and an opportunity to be heard before the order may be entered.

(3) The petition and supporting documentation must be served on the parent, and if the child is in custody at the time the child is removed, on the entity with custody other than the parent. Failure to effect service does not invalidate the petition if service was attempted and the parent could not be found.

NEW SECTION. Sec. 10. This act takes effect January 1, 2007.

NEW SECTION. Sec. 11. This act may be known and cited as the Justice and Raiden Act."
and the same are herewith transmitted.

PERSONAL PRIVILEGE

Senator Thibaudeau: “I voted for this previous bill and continue to be supportive of it but I do need to stay that I know of at least two instances where children who were known to CPS died because the workers simply didn’t go back to see them. I’ve heard of all kinds of excuses and I think that one of the things that we must continue to face is that this should be in the best interest of the child. And too often, every time we hear about this, these instances, we change systems, we change procedures, we change policies and I think what we must do is consider how the workers just simply must keep in touch. So I urge you all to think about that. Thank you very much.”

REPORT OF THE CONFERENCE REPORT
Engrossed Substitute Senate Bill No. 5499
April 21, 2005

MR. PRESIDENT:

MR. SPEAKER:

We of your conference committee, to whom was referred Engrossed Substitute Senate Bill No. 5499, have had the same under consideration and recommend that all previous amendments not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:
"Sec. 1. RCW 29A.04.008 and 2004 c 271 s 102 are each amended to read as follows:
As used in this title:
(1) "Ballot" means, as the context implies, either:
(a) The issues and offices to be voted upon in a jurisdiction or portion of a jurisdiction at a particular primary, general election, or special election;
(b) A facsimile of the contents of a particular ballot whether printed on a paper ballot or ballot card or as part of a voting machine or voting device;
(c) A physical or electronic record of the choices of an individual voter in a particular primary, general election, or special election; or
(d) The physical document on which the voter's choices are to be recorded;
(2) "Paper ballot" means a piece of paper on which the ballot for a particular election or primary has been printed, on which a voter may record his or her choices for any candidate or for or against any measure, and that is to be tabulated manually;
(3) "Ballot card" means any type of card or piece of paper of any size on which a voter may record his or her choices for any candidate and for or against any measure and that is to be tabulated on a vote tallying system;
(4) "Sample ballot" means a printed facsimile of all the issues and offices on the ballot in a jurisdiction and is intended to give voters notice of the issues, offices, and candidates that are to be voted on at a particular primary, general election, or special election;
(5) "Provisional ballot" means a ballot issued ((to a voter)) at the polling place on election day by the precinct election board((, for one of the following reasons)) to a voter who would otherwise be denied an opportunity to vote a regular ballot, for any reason authorized by the help America vote act, including but not limited to the following:
(a) The voter's name does not appear in the poll book;
(b) There is an indication in the poll book that the voter has requested an absentee ballot, but the voter wishes to vote at the polling place;
(c) There is a question on the part of the voter concerning the issues or candidates on which the voter is qualified to vote;

(d) Any other reason allowed by law;

(6) “Party ballot” means a primary election ballot specific to a particular major political party that lists all partisan offices to be voted on at that primary, and the candidates for those offices who affiliate with that same major political party;

**Sec. 2.** RCW 29A.04.530 and 2003 c 111 s 151 are each amended to read as follows:

The secretary of state shall:

(1) Establish and operate, or provide by contract, training and certification programs for state and county elections administration officials and personnel, including training on the various types of election law violations and discrimination, and training programs for political party observers which conform to the rules for such programs established under RCW 29A.04.630;

(2) Establish guidelines, in consultation with state and local law enforcement or certified document examiners, for signature verification processes. All election personnel assigned to verify signatures must receive training on the guidelines;

(3) Administer tests for state and county officials and personnel who have received such training and issue certificates to those who have successfully completed the training and passed such tests;

(4) Maintain a record of those individuals who have received such training and certificates; and

(5) Provide the staffing and support services required by the board created under RCW 29A.04.510.

**NEW SECTION.** Sec. 3. A new section is added to chapter 29A.36 RCW to read as follows:

All provisional and absentee ballots must be visually distinguishable from each other and must be either:

(1) Printed on colored paper; or

(2) Imprinted with a bar code for the purpose of identifying the ballot as a provisional or absentee ballot. The bar code must not identify the voter.

**Sec. 4.** RCW 29A.40.091 and 2004 c 271 s 135 are each amended to read as follows:

The county auditor shall send each absentee voter a ballot, a security envelope in which to seal the ballot after voting, a larger envelope in which to return the security envelope, and instructions on how to mark the ballot and how to return it to the county auditor. The instructions that accompany an absentee ballot for a partisan primary must include instructions for voting the applicable ballot style, as provided in chapter 29A.36 RCW. The absentee voter's name and address must be printed on the larger return envelope, which must also contain a declaration by the absentee voter reciting his or her qualifications and stating that he or she has not voted in any other jurisdiction at this election, together with a summary of the penalties for any violation of any of the provisions of this chapter. The declaration must clearly inform the voter that it is illegal to vote if he or she is not a United States citizen; it is illegal to vote if he or she has been convicted of a felony and has not had his or her voting rights restored; and, except as otherwise provided by law, it is illegal to cast a ballot or sign an absentee envelope on behalf of another voter. The return envelope must provide space for the voter to indicate the date on which the ballot was voted and for the voter to sign the oath. It must also contain a space that the voter may include a telephone number. A summary of the applicable penalty provisions of this chapter must be printed on the return envelope immediately adjacent to the space for the voter's signature. The signature of the voter on the return envelope must affirm and attest to the statements regarding the qualifications of that voter and to the validity of the ballot. The return envelope must also have a secrecy flap that the voter may seal that will cover the voter's signature and optional telephone number. For out-of-state voters, overseas voters, and service voters, the signed declaration on the return envelope constitutes the equivalent of a voter registration for the election or primary for which the ballot has been issued. The voter must be instructed to either return the ballot to the county auditor by whom it was issued or attach sufficient first class postage, if applicable, and mail the ballot to the appropriate county auditor no later than the day of the election or primary for which the ballot was issued.

If the county auditor chooses to forward absentee ballots, he or she must include with the ballot a clear explanation of the qualifications necessary to vote in that election and must also advise a voter with questions about his or her eligibility to contact the county auditor. This explanation may be provided on the ballot envelope, on an enclosed insert, or printed directly on the ballot itself. If the information is not included, the envelope must clearly indicate that the ballot is not to be forwarded and that return postage is guaranteed.

**Sec. 5.** RCW 29A.40.110 and 2003 c 111 s 1011 are each amended to read as follows:

(1) The opening and subsequent processing of return envelopes for any primary or election may begin ((on or after the tenth day before the primary or election)) upon receipt. The tabulation of absentee ballots must not commence until after 8:00 p.m. on the day of the primary or election.

(2) All received absentee return envelopes must be placed in secure locations from the time of delivery to the county auditor until their subsequent opening. After opening the return envelopes, the county canvassing board shall place all of the ballots in secure storage until after 8:00 p.m. of the day of the primary or election. Absentee ballots that are to be tabulated on an electronic vote tallying system may be taken from the inner envelopes and all the normal procedural steps may be performed to prepare these ballots for tabulation.

(3) Before opening a returned absentee ballot, the canvassing board, or its designated representatives, shall examine the postmark, statement, and signature on the return envelope that contains the security envelope and absentee ballot. They shall verify that the voter's signature on the return envelope is the same as the signature of that voter in the registration files of the
county. For registered voters casting absentee ballots, the date on the return envelope to which the voter has attested determines the validity, as to the time of voting for that absentee ballot if the postmark is missing or is illegible. For out-of-state voters, overseas voters, and service voters stationed in the United States, the date on the return envelope to which the voter has attested determines the validity as to the time of voting for that absentee ballot. For any absentee ballot, a variation between the signature of the voter on the return envelope and the signature of that voter in the registration files due to the substitution of initials or the use of common nicknames is permitted so long as the surname and handwriting are clearly the same.

NEW SECTION. Sec. 6. A new section is added to chapter 29A.44 RCW to read as follows:

Provisional ballots must be issued, along with a provisional ballot outer envelope and a security envelope, to voters as appropriate under RCW 29A.04.008. The provisional ballot outer envelope must include a place for the voter's name; registered address, both present and former if applicable; date of birth; reason for the provisional ballot; the precinct number and the precinct polling location at which the voter has voted; and a space for the county auditor to list the disposition of the provisional ballot. The provisional ballot outer envelope must also contain a declaration as required for absentee ballot outer envelopes under RCW 29A.40.091; a place for the voter to sign the oath; and a summary of the applicable penalty provisions of this chapter. The voter shall vote the provisional ballot in secrecy and, when done, place the provisional ballot in the security envelope, then place the security envelope into the outer envelope, and return it to the precinct election official. The election official shall ensure that the required information is completed on the outer envelope, have the voter sign it in the appropriate space, and place the envelope in a secure container. The official shall then give the voter written information advising the voter how to ascertain whether the vote was counted and, if applicable, the reason why the vote was not counted.

NEW SECTION. Sec. 7. A new section is added to chapter 29A.44 RCW to read as follows:

Any person desiring to vote at any primary or election is required to provide identification to the election officer before signing the poll book. The identification required in this section can be satisfied by providing a valid photo identification, such as a driver's license or state identification card, student identification card, or tribal identification card, a voter's voter identification issued by a county elections officer, or a copy of a current utility bill, bank statement, paycheck, or government check or other government document. Any individual who desires to vote in person but cannot provide identification as required by this section shall be issued a provisional ballot.

The secretary of state may adopt rules to carry out this section.

NEW SECTION. Sec. 8. A new section is added to chapter 29A.60 RCW to read as follows:

(1) If the voter neglects to sign the outside envelope of an absentee or provisional ballot, the auditor shall notify the voter by telephone and advise the voter of the correct procedures for completing the unsigned affidavit. If the auditor is not able to provide the information personally to the voter by telephone, then the voter must be contacted by first class mail and advised of the correct procedures for completing the unsigned affidavit. Leaving a voice mail message for the voter is not to be considered as personally contacting the voter. In order for the ballot to be counted, the voter must either:

(a) Appear in person and sign the envelope no later than the day before the certification of the primary or election; or

(b) Sign a copy of the envelope provided by the auditor, and return it to the auditor no later than the day before the certification of the primary or election.

(2)(a) If the handwriting of the signature on an absentee or provisional ballot envelope is not the same as the handwriting of the signature on the registration file, the auditor shall notify the voter by telephone and advise the voter of the correct procedures for updating his or her signature on the voter registration file. If the auditor is not able to provide the information personally to the voter by telephone, then the voter must be contacted by first class mail and advised of the correct procedures for completing the unsigned affidavit. Leaving a voice mail message for the voter is not to be considered as personally contacting the voter. In order for the ballot to be counted, the voter must either:

(i) Appear in person and sign a new registration form no later than the day before the certification of the primary or election; or

(ii) Sign a copy of the affidavit provided by the auditor and return it to the auditor no later than the day before the certification of the primary or election.

(b) If the signature on an absentee or provisional ballot envelope is not the same as the signature on the registration file because the name is different, the ballot may be counted as long as the handwriting is clearly the same. The auditor shall send the voter a change-of-name form under RCW 29A.08.440 and direct the voter to complete the form.

(c) If the signature on an absentee or provisional ballot envelope is not the same as the signature on the registration file because the voter used initials or a common nickname, the ballot may be counted as long as the surname and handwriting are clearly the same.

(3) A voter may not cure a missing or mismatched signature for purposes of counting the ballot in a recount.

(4) A record must be kept of all ballots with missing and mismatched signatures. The record must contain the date on which the voter was contacted or the notice was mailed, as well as the date on which the voter signed the envelope, a copy of the envelope, a new registration form, or a change-of-name form. That record is a public record under chapter 42.17 RCW and may be disclosed to interested parties on written request.

NEW SECTION. Sec. 9. A new section is added to chapter 29A.60 RCW to read as follows:

Before certification of the primary or election, the county auditor must examine and investigate all received provisional ballots to determine whether the ballot can be counted. The auditor shall provide the disposition of the provisional ballot and, if the ballot was not counted, the reason why it was not counted, on a free access system such as a toll-free telephone number, web
NEW SECTION. Sec. 10. A new section is added to chapter 29A.60 RCW to read as follows:
If inspection of the ballot reveals a physically damaged ballot or ballot that may be otherwise unreadable or uncountable by the tabulating system, the county auditor may refer the ballot to the county canvassing board or duplicate the ballot if so authorized by the county canvassing board. The voter's original ballot may not be altered. A ballot may be duplicated only if the intent of the voter's marks on the ballot is clear and the electronic voting equipment might not otherwise properly tally the ballot to reflect the intent of the voter. Ballots must be duplicated by teams of two or more people working together. When duplicating ballots, the county auditor shall take the following steps to create and maintain an audit trail of the action taken:
(1) Each original ballot and duplicate ballot must be assigned the same unique control number, with the number being marked upon the face of each ballot, to ensure that each duplicate ballot may be tied back to the original ballot;
(2) A log must be kept of the ballots duplicated, which must at least include:
   (a) The control number of each original ballot and the corresponding duplicate ballot;
   (b) The initials of at least two people who participated in the duplication of each ballot; and
   (c) The total number of ballots duplicated.
Original and duplicate ballots must be sealed in secure storage at all times, except during duplication, inspection by the canvassing board, or tabulation.

NEW SECTION. Sec. 11. A new section is added to chapter 29A.60 RCW to read as follows:
(1) The county auditor shall prepare, make publicly available at the auditor's office or on the auditor's web site, and submit at the time of certification an election reconciliation report that discloses the following information:
   (a) The number of registered voters;
   (b) The number of ballots counted;
   (c) The number of provisional ballots issued;
   (d) The number of provisional ballots counted;
   (e) The number of provisional ballots rejected;
   (f) The number of absentee ballots issued;
   (g) The number of absentee ballots counted;
   (h) The number of absentee ballots rejected;
   (i) The number of federal write-in ballots counted;
   (j) The number of out-of-state, overseas, and service ballots issued;
   (k) The number of out-of-state, overseas, and service ballots counted; and
   (l) The number of out-of-state, overseas, and service ballots rejected.
(2) The county auditor shall prepare and make publicly available at the auditor's office or on the auditor's web site within thirty days of certification a final election reconciliation report that discloses the following information:
   (a) The number of registered voters;
   (b) The total number of voters credited with voting;
   (c) The number of poll voters credited with voting;
   (d) The number of provisional voters credited with voting;
   (e) The number of absentee voters credited with voting;
   (f) The number of federal write-in voters credited with voting;
   (g) The number of out-of-state, overseas, and service voters credited with voting;
   (h) The total number of voters credited with voting even though their ballots were postmarked after election day and were not counted; and
   (i) Any other information the auditor deems necessary to reconcile the number of ballots counted with the number of voters credited with voting.

Sec. 12. RCW 29A.60.021 and 2004 c 271 s 147 are each amended to read as follows:
(1) For any office at any election or primary, any voter may write in on the ballot the name of any person for an office who has filed as a write-in candidate for the office in the manner provided by RCW 29A.24.311 and such vote shall be counted the same as if the name had been printed on the ballot and marked by the voter. (For a partisan primary in a jurisdiction using the physically separate ballot format, a voter may write in on a party ballot only the names of write-in candidates who affiliate with that major political party.) No write-in vote made for any person who has not filed a declaration of candidacy pursuant to RCW 29A.24.311 is valid if that person filed for the same office, either as a regular candidate or a write-in candidate, at the preceding primary. Any abbreviation used to designate office((s)) or position((s)) or political party shall be accepted if the canvassing board can determine, to ((their)) its satisfaction, the voter's intent.
(2) The number of write-in votes cast for each office must be recorded and reported with the canvass for the election.
(3) A write-in vote for an individual candidate for an office whose name appears on the ballot for that same office is a valid vote for that candidate as long as the candidate's name is clearly discernible, even if other requirements of RCW 29A.24.311 are not satisfied and even if the voter also marked a vote for that candidate such as to register an overvote. These votes need not be tabulated unless: (a) The difference between the number of votes cast for the candidate apparently qualified to appear on the general election ballot or elected and the candidate receiving the next highest number of votes is less than the sum
of the total number of write-in votes cast for the office plus the overvotes and undervotes recorded by the vote tabulating system; or (b) a manual recount is conducted for that office.

(4) Write-in votes cast for an individual candidate for an office whose name does not appear on the ballot need not be tallied (id) unless the total number of write-in votes and undervotes recorded by the vote tabulation system for the office is ((more(4)) greater than the number of votes cast for the candidate apparently ((nominated)) qualified to appear on the general election ballot or elected,((and the write-in votes could not have altered the outcome of the primary or election. In the case of write-in votes for statewide office or for any office whose jurisdiction encompasses more than one county, write-in votes for an individual candidate must be tallied whenever the county auditor is notified by either the office of the secretary of state or another auditor in a multicounty jurisdiction that it appears that the write-in votes could alter the outcome of the primary or election).)

((Sec. 14. RCW 29A.60.050 and 2003 c 111 s 1505 are each amended to read as follows:
Whenever the precinct election officers or the counting center personnel have a question about the validity of a ballot or the votes for an office or issue that they are unable to resolve, they shall prepare and sign a concise record of the facts in question or dispute. These ballots shall be delivered to the canvassing board for processing. A ballot is not considered rejected until the canvassing board has rejected the ballot individually, or the ballot was included in a batch or on a report of ballots that was rejected in its entirety by the canvassing board. All ballots shall be preserved in the same manner as valid ballots for that primary or election.

results of the primary, election, or subsequent recount and correct any error and document the correction of any error that it finds.

Sec. 18. RCW 29A.60.250 and 2003 c 111 s 1525 are each amended to read as follows:
As soon as the returns have been received from all the counties of the state, but not later than the thirtieth day after the election, the secretary of state shall canvass (of such returns as are not required to be canvassed by the legislature and make out a statement thereof, file it in his or her office, and transmit a certified copy to the governor) and certify the returns of the general election as to candidates for state offices, the United States senate, congress, and all other candidates whose districts extend beyond the limits of a single county. The secretary of state shall transmit a copy of the certification to the governor, president of the senate, and speaker of the house of representatives.

Sec. 19. RCW 29A.64.021 and 2004 c 271 s 178 are each amended to read as follows:
(1) If the official canvass of all of the returns for any office at any primary or election reveals that the difference in the number of votes cast for a candidate apparently nominated or elected to any office and the number of votes cast for the closest apparently defeated opponent is less than two thousand votes and also less than one-half of one percent of the total number of votes cast for both candidates, the county canvassing board shall conduct a recount of all votes cast on that position.
(a) Whenever such a difference occurs in the number of votes cast for candidates for a position the declaration of candidacy for which was filed with the secretary of state, the secretary of state shall, within three business days of the day that the returns of the primary or election are first certified by the canvassing boards of those counties, direct those boards to recount all votes cast on the position.
(b)(i) For statewide elections, if the difference in the number of votes cast for the apparent winner and the closest apparently defeated opponent is less than one thousand votes and also less than one-fourth of one percent of the total number of votes cast for both candidates, the votes shall be recounted manually or as provided in subsection (3) of this section.
(ii) For elections not included in (b)(i) of this subsection, if the difference in the number of votes cast for the apparent winner and the closest apparently defeated opponent is less than one hundred fifty votes and also less than one-fourth of one percent of the total number of votes cast for both candidates, the votes shall be recounted manually or as provided in subsection (3) of this section.
(2) A mandatory recount shall be conducted in the manner provided by RCW 29A.64.030, 29A.64.041, and 29A.64.061. No cost of a mandatory recount may be charged to any candidate.
(3) The apparent winner and closest apparently defeated opponent for an office for which a manual recount is required under subsection (1)(b) of this section may select an alternative method of conducting the recount. To select such an alternative, the two candidates shall agree to the alternative in a signed, written statement filed with the election official for the office. The recount shall be conducted using the alternative method if: It is suited to the balloting system that was used for casting the votes for the office; it involves the use of a vote tallying system that is approved for use in this state by the secretary of state; and the vote tallying system is readily available in each county required to conduct the recount. If more than one balloting system was used in casting votes for the office, an alternative to a manual recount may be selected for each system.

Sec. 20. RCW 29A.64.030 and 2003 c 111 s 1603 are each amended to read as follows:
An application for a recount shall state the office for which a recount is requested and whether the request is for all or only a portion of the votes cast in that jurisdiction of that office. The person filing an application for a manual recount shall, at the same time, deposit with the county canvassing board or secretary of state, in cash or by certified check, a sum equal to twenty-five cents for each ballot cast in the jurisdiction or portion of the jurisdiction for which the recount is requested as security for the payment of any costs of conducting the recount. If the application is for a machine recount, the deposit must be equal to fifteen cents for each ballot. These charges shall be determined by the county canvassing board or boards under RCW (29A.64.080) 29A.64.081.

The county canvassing board shall determine (a) the date, time, and (a) place or places at which the recount will be conducted. ((This time shall be less than three business days after the day upon which. The application was filed with the board.) the request for a recount or directive ordering a recount was received by the board from the secretary of state; or the returns are certified which indicate that a recount is required under RCW 29A.64.020 for an issue or office voted upon only within the county.) Not less than two days before the date of the recount, the county auditor shall mail a notice of the time and place of the recount to the applicant or affected parties and, if the recount involves an office, to any person for whom votes were cast for that office. The county auditor shall also notify the affected parties by either telephone, fax, e-mail, or other electronic means at the time of mailing. At least three attempts must be made over a two-day period to notify the affected parties or until the affected parties have received the notification. Each attempt to notify affected parties must request a return response indicating that the notice has been received. Each person entitled to receive notice of the recount may attend, witness the recount, and be accompanied by counsel.

Proceedings of the canvassing board are public under chapter 42.30 RCW. Subject to reasonable and equitable guidelines adopted by the canvassing board, all interested persons may attend and witness a recount.

Sec. 21. RCW 29A.64.061 and 2004 c 271 s 180 are each amended to read as follows:
Upon completion of the canvass of a recount, the canvassing board shall prepare and certify an amended abstract showing the votes cast in each precinct for which the recount was conducted. Copies of the amended abstracts must be transmitted to the same officers who received the abstract on which the recount was based.
If the nomination, election, or issue for which the recount was conducted was submitted only to the voters of a county, the canvassing board shall file the amended abstract with the original results of that election or primary.
If the nomination, election, or issue for which a recount was conducted was submitted to the voters of more than one county, the secretary of state shall canvass the amended abstracts and shall file an amended abstract with the original results of that election. The secretary of state may require that the amended abstracts be certified by each canvassing board on a uniform date. An amended abstract certified under this section supersedes any prior abstract of the results for the same offices or issues at the same primary or election.

Sec. 22. RCW 29A.68.011 and 2004 c 271 s 182 are each amended to read as follows:

Any justice of the supreme court, judge of the court of appeals, or judge of the superior court in the proper county shall, by order, require any person charged with error, wrongful act, or neglect to forthwith correct the error, desist from the wrongful act, or perform the duty and to do as the court orders or to show cause forthwith why the error should not be corrected, the wrongful act desisted from, or the duty or order not performed, whenever it is made to appear to such justice or judge by affidavit of an elector that:

(1) An error or omission has occurred or is about to occur in printing the name of any candidate on official ballots; or
(2) An error other than as provided in subsections (1) and (3) of this section has been committed or is about to be committed in printing the ballots; or
(3) The name of any person has been or is about to be wrongfully placed upon the ballots; or
(4) A wrongful act other than as provided for in subsections (1) and (3) of this section has been performed or is about to be performed by any election officer; or

(6) An error or omission has occurred or is about to occur in the issuance of a certificate of election.

An affidavit of an elector under subsections (1) and (3) (above) of this section when relating to a primary election must be filed with the appropriate court no later than the second Friday following the closing of the filing period for nominations for such office and shall be heard and finally disposed of by the court not later than five days after the filing thereof. An affidavit of an elector under subsections (1) and (3) of this section when relating to a general election must be filed with the appropriate court no later than three days following the official certification of the primary election returns and shall be heard and finally disposed of by the court not later than five days after the filing thereof. An affidavit of an elector under subsection (6) of this section shall be filed with the appropriate court no later than ten days following the (issuance of a certificate of election) official certification of the election as provided in RCW 29A.60.190, 29A.60.240, or 29A.60.250 or, in the case of a recount, ten days after the official certification of the amended abstract as provided in RCW 29A.64.061.

NEW SECTION. Sec. 23. A new section is added to chapter 29A.84 RCW to read as follows:

A person who knowingly destroys, alters, defaces, conceals, or discards a completed voter registration form or signed absentee or provisional ballot signature affidavit is guilty of a gross misdemeanor. This section does not apply to (1) the voter who completed the voter registration form, or (2) a county auditor or registration assistant who acts as authorized by voter registration law.

Sec. 24. RCW 29A.84.650 and 2003 c 111 s 2131 are each amended to read as follows:

(1) Any person who intentionally votes or attempts to vote in this state more than once at any ((primary or general or special)) election, or who intentionally votes or attempts to vote in both this state and another state at any election, is guilty of a ((gross misdemeanor, punishable to the same extent as a gross misdemeanor that is punishable under RCW 9A.20.021)) class C felony.

(2) Any person who recklessly or negligently violates this section commits a class 1 civil infraction as provided in RCW 7.80.120.

NEW SECTION. Sec. 25. The secretary of state shall study the feasibility of requiring that the names of the top two vote-getters in primary elections of justices of the state supreme court, judges of the courts of appeals, superior courts, and district courts, and the superintendent of public instruction shall appear on the general election ballot. The study shall include a survey of how many times a judicial candidate and a candidate for superintendent of public instruction have appeared without opposition on the general election ballot from 1985 to present; the number of voters voting for these races in the primary election as opposed to voting for the same races in the general election; and if the differences in the numbers of voters voting at the primary and voting at the general election may have resulted in a different election result. The study shall also include a financial analysis of the proposed changes. The secretary of state shall report the results of the study to the appropriate committees of the legislature no later than January 31, 2006."

POINT OF ORDER

POINT OF ORDER

Senator Brown: "Would yielding to a question be an inadvertent way of getting around speaking once?"

POINT OF PARLIAMENTARY INQUIRY

REPORT OF THE CONFERENCE REPORT
Engrossed Substitute Senate Bill No. 5743
April 21, 2005

MR. PRESIDENT:

MR. SPEAKER:

We of your conference committee, to whom was referred Engrossed Substitute Senate Bill No. 5743, have had the same under consideration and recommend that all previous amendments not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 10.64 RCW to read as follows:

When a person is convicted of a felony, the court shall require the defendant to sign a statement acknowledging that:

(1) The defendant's right to vote has been lost due to the felony conviction;

(2) If the defendant is registered to vote, the voter registration will be canceled;

(3) The right to vote may be restored by:

(a) A certificate of discharge issued by the sentencing court, as provided in RCW 9.94A.637;

(b) A court order issued by the sentencing court restoring the right, as provided in RCW 9.92.066;

(c) A final order of discharge issued by the indeterminate sentence review board, as provided in RCW 9.96.050; or

(d) A certificate of restoration issued by the governor, as provided in RCW 9.96.020; and

(4) Voting before the right is restored is a class C felony under RCW 29A.84.660.

Sec. 2. RCW 29A.08.010 and 2004 c 267 s 102 are each amended to read as follows:

As used in this chapter: "Information required for voter registration" means the minimum information provided on a voter registration application that is required by the county auditor in order to place a voter registration applicant on the voter registration rolls. This information includes (the applicant's):

(1) Name;

(2) Residential address;

(3) Date of birth;

(4) Washington state driver's license number or Washington state identification card number, or the last four digits of the applicant's Social Security number if the applicant does not have a Washington state driver's license or Washington state identification card;

(5) A signature attesting to the truth of the information provided on the application; and

(6) A check or indication in the box confirming the individual is a United States citizen. If the individual does not have a driver's license, state identification card, or Social Security number, the registrant must be issued a unique voter registration number in order to be placed on the voter registration rolls. All other information supplied is ancillary and not to be used as grounds for not registering an applicant to vote. Modification of the language of the official Washington state voter registration form by the voter will not be accepted and will cause the rejection of the registrant's application.

Sec. 3. RCW 29A.08.030 and 2004 c 267 s 104 are each amended to read as follows:

The definitions set forth in this section apply throughout this chapter, unless the context clearly requires otherwise.

(1) "Verification notice" means a notice sent by the county auditor or secretary of state to a voter registration applicant and is used to verify or collect information about the applicant in order to complete the registration. The verification notice must be designed to include a postage prepaid, preaddressed return form by which the applicant may verify or send information.

(2) "Acknowledgement notice" means a notice sent by nonforwardable mail by the county auditor or secretary of state to a registered voter to acknowledge a voter registration transaction, which can include initial registration, transfer, or reactivation of an inactive registration. An acknowledgement notice may be a voter registration card.

(3) "Confirmation notice" means a notice sent to a registered voter by first class forwardable mail at the address indicated on the voter's permanent registration record and to any other address at which the county auditor or secretary of state could reasonably expect mail to be received by the voter in order to confirm the voter's residence address. The confirmation notice must be designed (so that the voter may update his or her current residence address) to include a postage prepaid, preaddressed return form by which the registrant may verify the address information.
Sec. 4. RCW 29A.08.107 and 2004 c 267 s 106 are each amended to read as follows:

(1) The secretary of state must review the information provided by each voter registration applicant to ensure that ((either)) the provided driver's license number, state identification card number, or ((the)) last four digits of the Social Security number match the information maintained by the Washington department of licensing or the Social Security administration. If a match cannot be made, the secretary of state or county auditor must correspond with the applicant to resolve the discrepancy.

(2) If the applicant fails to respond to any correspondence required in this section to confirm information provided on a voter registration application((a)) within ((thirty)) forty-five days, the applicant will not be registered to vote. The secretary of state shall forward the application to the appropriate county auditor for document storage.

(3) Only after the secretary of state has confirmed that ((an applicant's)) the provided driver's license number, state identification card number, or ((the)) last four digits of the applicant's Social Security number match existing records with the Washington department of licensing or the Social Security administration, or determined that the applicant does not have ((either)) a driver's license number, state identification card number, or Social Security number may the applicant be placed on the official list of registered voters.

(4) In order to prevent duplicate registration records, all complete voter registration applications must be screened against existing voter registration records in the official statewide voter registration list. If a match of an existing record is found in the official list, the record must be updated with the new information provided on the application. If the new information indicates that the voter has changed his or her county of residence, the application must be forwarded to the voter's new county of residence for processing.

Sec. 5. RCW 29A.08.110 and 2004 c 267 s 107 are each amended to read as follows:

(1) On receipt of an application for voter registration, the county auditor shall review the application to determine whether the information supplied is complete. An application is considered complete only if it contains the applicant's name, complete valid residence address, date of birth, ((and)) signature attesting to the truth of the information provided, a mark in the check-off box confirming United States citizenship, and an indication ((the license information)) that the provided driver's license number, state identification card number, or Social Security number has been confirmed by the secretary of state. If it is not complete, the auditor shall promptly mail a verification notice of the deficiency to the applicant. This verification notice shall require the applicant to provide the missing information. If the verification notice is not returned by the applicant within forty-five days or is returned as undeliverable ((the auditor shall not place)), the name of the applicant shall not be placed on the official list of registered voters. If the applicant provides the required verified information, the applicant shall be registered to vote as of the original date of mailing ((of the original voter registration application)) or date of delivery, whichever is applicable.

(2) In order to prevent duplicate registration records, all complete voter registration applications must be screened against existing voter registration records in the official statewide voter registration list. If a match of an existing record is found in the official list the record must be updated with the new information provided on the application. If the new information indicates that the voter has changed his or her county of residence, the application must be forwarded to the voter's new county of residence for processing. If the new information indicates that the voter remains in the same county of residence or if the applicant is a new voter the application must be processed by the county of residence.

(3) If the information required in subsection (1) of this section is complete, the applicant is considered to be registered to vote as of the original date of mailing or date of delivery, whichever is applicable. The auditor shall record the appropriate precinct identification, taxing district identification, and date of registration on the voter's record in the official voter registration list. Within forty-five days after the receipt of an application but no later than seven days before the next primary, special election, or general election, the auditor shall send to the applicant, by first class mail, an acknowledgement notice identifying the registrant's precinct and containing such other information as may be required by the secretary of state. The postal service shall be instructed not to forward a voter registration card to any other address and to return to the auditor any card which is not deliverable. ((If the registrant has indicated on the form that he or she is registered to vote within the county but has provided a new address within the county that is for voter registration purposes, the auditor shall transfer the voter's registration.))

(4) If an acknowledgement notice card is properly mailed as required by this section to the address listed by the voter as being the voter's mailing address and the notice is subsequently returned to the auditor by the postal service as being undeliverable to the voter at that address, the auditor shall promptly send the voter a confirmation notice. The auditor shall place the voter's registration on inactive status pending a response from the voter to the confirmation notice.

NEW SECTION. Sec. 6. A new section is added to chapter 29A.08 RCW to read as follows:

No person registering to vote, who meets all the qualifications of a registered voter in the state of Washington, shall be disqualified because of a nontraditional address being used as a residence address. Voters using such an address will be registered and assigned to a precinct based on the location provided. Voters without a traditional address will be registered at the county courthouse, city hall, or other public building near the area that the voter considers his or her residence. Registering at a nontraditional address will not disqualify a voter from requesting ongoing absentee voter status if the voter designates a valid mailing address.

For the purposes of this section, "nontraditional address" includes shelters, parks, or other identifiable locations that the voter deems to be his or her residence.

NEW SECTION. Sec. 7. A new section is added to chapter 29A.08 RCW to read as follows:

(1) If a voter who registered by mail indicates on the voter registration form that he or she does not have a Washington state driver's license, Washington state identification card, or Social Security number, he or she must provide one of the following forms of identification the first time he or she votes after registering:

((1))) If the information required in subsection (1) of this section is complete, the applicant is considered to be registered to vote as of the original date of mailing or date of delivery, whichever is applicable. The auditor shall record the appropriate precinct identification, taxing district identification, and date of registration on the voter's record in the state voter registration records. If the new information indicates that the voter remains in the same county of residence or if the applicant is a new voter the application must be processed by the county of residence.
An applicant for voter registration shall complete an application providing the following information concerning his or her qualifications as a voter in this state:

1. The address of the last former registration of the applicant as a voter in the state;
2. The applicant's full name;
3. The applicant's date of birth;
4. The address of the applicant's residence for voting purposes;
5. The mailing address of the applicant if that address is not the same as the address in subsection (4) of this section;
6. The sex of the applicant;
7. The applicant's Social Security number if he or she does not have a Washington state driver's license or Washington state identification card;
8. A check box for the applicant to indicate that he or she does not have a Washington state driver's license, Washington state identification card, or Social Security number;
9. A check box allowing the applicant to indicate that he or she is a member of the armed forces, national guard, or reserves, or that he or she is an overseas voter;
10. A check box allowing the applicant to confirm that he or she is at least eighteen years of age;
11. Clear and conspicuous language, designed to draw the applicant's attention, stating that the applicant must be a United States citizen in order to register to vote;
12. A check box and declaration confirming that the applicant is a citizen of the United States; and
13. The following warning:
   "If you knowingly provide false information on this voter registration form or knowingly make a false declaration about your qualifications for voter registration you will have committed a class C felony that is punishable by imprisonment for up to five years, a fine of up to ten thousand dollars, or both."
14. The following affirmation by the applicant:
"By signing this document, I hereby assert, under penalty of perjury, that I am legally eligible to vote. If I am found to have voted illegally, I may be prosecuted and/or fined for this illegal act. In addition, I hereby acknowledge that my name and last known address will be forwarded to the appropriate state and/or federal authorities if I am found to have voted illegally."

(15) The oath required by RCW 29A.08.230 and a space for the applicant's signature; and

(16) Any other information that the secretary of state determines is necessary to establish the identity of the applicant and prevent duplicate or fraudulent voter registrations.

This information shall be recorded on a single registration form to be prescribed by the secretary of state.

If the applicant fails to provide the information required for voter registration, the auditor shall send the applicant a verification notice. The ((auditor shall not register the)) applicant may not be registered until the required information is provided. If a verification notice is returned as undeliverable or the applicant fails to respond to the notice within forty-five days, the ((auditor shall not register the)) applicant shall not be registered to vote.

(The following warning shall appear in a conspicuous place on the voter registration form:

"If you knowingly provide false information on this voter registration form or knowingly make a false declaration about your qualifications for voter registration you will have committed a class C felony that is punishable by imprisonment for up to five years, or by a fine of up to ten thousand dollars, or both imprisonment and fine.")

NEW SECTION. Sec. 12. A new section is added to chapter 29A.08 RCW to read as follows:

(1) When a felony offender has completed all the requirements of his or her sentence, the county clerk shall immediately transmit this information to the secretary of state along with information about the county where the conviction occurred and the county that is the last known residence of the offender. The secretary of state shall maintain such records as part of the elections data base.

(2) If the offender has completed all the requirements of all of his or her sentences for all of his or her felony convictions, the secretary of state shall transmit information about the restoration of the former felon's voting rights to the county auditor where the conviction took place and, if different, the county where the felon was last known to reside.

Sec. 13. RCW 29A.08.250 and 2004 c 267 s 117 are each amended to read as follows:

The secretary of state shall furnish registration forms necessary to carry out the registration of voters as provided by this chapter without cost to the respective counties. (All voter registration forms must include clear and conspicuous language designed to draw an applicant's attention, stating that the applicant must be a United States citizen in order to register to vote. Voter registration application forms must also contain a space for the applicant to provide his or her driver's license number or the last four digits of his or her social security number as well as check boxes intended to allow the voter to indicate age and United States citizenship eligibility under the Help America Vote Act of 2002 (P.L. 107-252).)

Sec. 14. RCW 29A.08.330 and 2003 c 111 s 224 are each amended to read as follows:

(1) The secretary of state shall prescribe the method of voter registration for each designated agency. The agency shall use either the state voter registration by mail form with a separate declaration form for the applicant to indicate that he or she declines to register at this time, or the agency may use a separate form approved for use by the secretary of state.

(2) The person providing service at the agency shall offer voter registration services to every client whenever he or she applies for service or assistance and with each renewal, recertification, or change of address. The person providing service shall give the applicant the same level of assistance with the voter registration application as is offered to fill out the agency's forms and documents, including information about age and citizenship requirements for voter registration.

(3) The person providing service at the agency shall determine if the prospective applicant wants to register to vote or transfer his or her voter registration by asking the following question:

"Do you want to register to vote or transfer your voter registration?"

If the applicant chooses to register or transfer a registration, the service agent shall ask the following:

(a) "Are you a United States citizen?"

(b) "Are you or will you be eighteen years of age on or before the next election?"

If the applicant answers in the affirmative to both questions, the agent shall then provide the applicant with a voter registration form and instructions and shall record that the applicant has requested to register to vote or transfer a voter registration. If the applicant answers in the negative to either question, the agent shall not provide the applicant with a voter registration form.

(4) If an agency uses a computerized application process, it may, in consultation with the secretary of state, develop methods to capture simultaneously the information required for voter registration during a person's computerized application process.

(5) Each designated agency shall provide for the voter registration application forms to be collected from each agency office at least once each week. The agency shall then forward the application forms to the secretary of state each week. The secretary of state shall forward the forms to the county in which the applicant has registered to vote no later than ten days after the date on which the forms were received by the secretary of state.

Sec. 15. RCW 29A.08.520 and 2004 c 267 s 126 are each amended to read as follows:

(1) Upon receiving official notice of a person's conviction of a felony in either state or federal court, if the convicted person is a registered voter in the county, the county auditor shall cancel the defendant's voter registration. Additionally, the secretary of state in conjunction with the department of corrections, the Washington state patrol, the office of the administrator for the courts, and other appropriate state agencies shall arrange for a quarterly comparison of a list of known felons with the statewide voter registration list. If a person is found on the department of corrections' felons list and the statewide voter registration list, the secretary of state or county auditor shall confirm the match through a date of birth comparison and

Sec. 18. RCW 29A.08.720 and 2004 c 266 s 9 are each amended to read as follows:

(1) In the case of voter registration records received through the department of licensing, the identity of the office at which any particular individual registered to vote is not available for public inspection and shall not be disclosed to the public. In the case of voter registration records received through an agency designated under RCW 29A.08.310, the identity of the agency at which any particular individual registered to vote is not available for public inspection and shall not be disclosed to the public. Any record of a particular individual's choice not to register to vote at an office of the department of licensing or a state agency designated under RCW 29A.08.310 is not available for public inspection and any information regarding such a choice by a particular individual shall not be disclosed to the public.

(2) (A)(i) Subject to the restrictions of RCW 29A.08.710, poll books (\(\text{\textasteriskcentered}\)), precinct lists, and current lists of registered voters((except original voter registration forms or their images, shall be)) are public records and must be made available for public inspection and copying under such reasonable rules and regulations as the county auditor or secretary of state may prescribe. The county auditor or secretary of state shall promptly furnish current lists ((of mailing labels)) of registered voters in his or her possession, at actual reproduction cost, to any person requesting such information. The lists ((and labels)) shall not be used for the purpose of mailing or delivering any advertisement or offer for any property, establishment, organization, product, or service or for the purpose of mailing or delivering any solicitation for money, services, or anything of value. However, the lists and labels may be used for any political purpose. The county auditor or secretary of state must provide a copy of RCW 29A.08.740 to the person requesting the material that is released under this section.

Sec. 19. RCW 29A.08.740 and 2003 c 111 s 249 and 2003 c 53 s 176 are each reenacted and amended to read as follows:

(1) Any person who uses registered voter data furnished under RCW 29A.08.720 ((or 29A.08.730)) for the purpose of mailing or delivering any advertisement or offer for any property, establishment, organization, product, or service or for the purpose of mailing or delivering any solicitation for money, services, or anything of value is guilty of a class C felony punishable by imprisonment in a state correctional facility for a period of not more than five years or a fine of not more than ten thousand dollars or both such fine and imprisonment, and is liable to each person provided such advertisement or solicitation, without the person's consent, for the nuisance value of such person having to dispose of it, which value is herein established at five dollars for each item mailed or delivered to the person's residence. However, a person who mails or delivers any advertisement, offer, or solicitation for a political purpose is not liable under this section unless the person is liable under subsection (2) of this section. For purposes of this subsection, two or more attached papers or sheets or two or more papers that are enclosed in the same envelope or container or are folded together are one item. Merely having a mailbox or other receptacle for mail on or near the person's residence is not an indication that the person consented to receive the advertisement or solicitation. A class action may be brought to recover damages under this section, and the court may award a reasonable attorney's fee to any party recovering damages under this section.

(2) Each person furnished data under RCW 29A.08.720 ((or 29A.08.730)) shall take reasonable precautions designed to assure that the data is not used for the purpose of mailing or delivering any advertisement or offer for any property, establishment, organization, product, or service or for the purpose of mailing or delivering any solicitation for money, services, or anything of value. However, the data may be used for any political purpose. Where failure to exercise due care in carrying out this responsibility results in the data being used for such purposes, then such person is jointly and severally liable for damages under subsection (1) of this section along with any other person liable under subsection (1) of this section for the misuse of such data.

Sec. 20. RCW 29A.08.775 and 2004 c 267 s 136 are each amended to read as follows:

Only voters who appear on the official statewide voter registration list are eligible to participate in elections. Each county shall maintain a copy of that county's portion of the state list. The county must ensure that data used for the production of poll lists and other lists and mailings done in the administration of each election are ((drawn from)) the same as the official statewide voter registration list.

Sec. 21. RCW 29A.40.091 and 2004 c 271 s 135 are each amended to read as follows:

The county auditor shall send each absentee voter a ballot, a security envelope in which to seal the ballot after voting, a larger envelope in which to return the security envelope, and instructions on how to mark the ballot and how to return it to the county auditor. The instructions that accompany an absentee ballot for a partisan primary must include instructions for voting the applicable ballot style, as provided in chapter 29A.36 RCW. The absentee voter's name and address must be printed on the larger return envelope, which must also contain a declaration by the absentee voter reciting his or her qualifications and stating that he or she has not voted in any other jurisdiction at this election, together with a summary of the penalties for any violation of any of the provisions of this chapter. The declaration must clearly inform the voter that it is illegal to vote if he or she is not a United States citizen; it is illegal to vote if he or she has been convicted of a felony and has not had his or her voting rights restored; and, except as otherwise provided by law, it is illegal to cast a ballot or sign an absentee envelope on behalf of another voter. The return envelope must provide space for the voter to indicate the date on which the ballot was voted and for the voter to sign the oath. It must also contain a space so that the voter may include a telephone number. A summary of the applicable penalty provisions of this chapter must be printed on the return envelope immediately adjacent to the space for the voter's signature. The signature of the voter on the return envelope must affirm and attest to the statements regarding the qualifications of that voter and to the validity of the ballot. The return envelope must also have a secrecy flap that the voter may seal that will cover the voter's signature and optional telephone number. For out-of-state voters, overseas voters, and service voters, the signed declaration on
the return envelope constitutes the equivalent of a voter registration for the election or primary for which the ballot has been issued. The voter must be instructed to either return the ballot to the county auditor by whom it was issued or attach sufficient first class postage, if applicable, and mail the ballot to the appropriate county auditor no later than the day of the election or primary for which the ballot was issued.

If the county auditor chooses to forward absentee ballots, he or she must include with the ballot a clear explanation of the qualifications necessary to vote in that election and must also advise a voter with questions about his or her eligibility to contact the county auditor. This explanation may be provided on the ballot envelope, on an enclosed insert, or printed directly on the ballot itself. If the information is not included, the envelope must clearly indicate that the ballot is not to be forwarded and that return postage is guaranteed.

Sec. 22. RCW 29A.84.140 and 2003 c 111 s 2108 are each amended to read as follows:
A person who knows that he or she does not possess the legal qualifications of a voter and who registers to vote is guilty of a ((misdemeanor punishable under RCW 9A.20.021)) class C felony.

Sec. 23. RCW 46.20.118 and 1990 c 250 s 37 are each amended to read as follows:
The department shall maintain a negative file. It shall contain negatives of all pictures taken by the department of licensing as authorized by RCW 46.20.070 through 46.20.119. Negatives in the file shall not be available for public inspection and copying under chapter 42.17 RCW. The department may make the file available to official governmental enforcement agencies to assist in the investigation by the agencies of suspected criminal activity. The department shall make the file available to the office of the secretary of state, at the expense of the secretary of state, to assist in maintenance of the statewide voter registration data base. The department may also provide a print to the driver's next of kin in the event the driver is deceased.

Sec. 24. RCW 46.20.155 and 2004 c 249 s 7 are each amended to read as follows:
(1) Before issuing an original license or identicard or renewing a license or identicard under this chapter, the licensing agent shall determine if the applicant wants to register to vote or transfer his or her voter registration by asking the following question:
"Do you want to register to vote or transfer your voter registration?"
If the applicant chooses to register or transfer a registration, the agent shall ((state)) ask the following:
("I would like to remind you that you must be a United States citizen and at least eighteen years of age in order to vote."
)(1) "Are you a United States citizen?"
(2) "Are you or will you be eighteen years of age on or before the next election?"
If the applicant answers in the affirmative to both questions, the agent shall provide the applicant with a voter registration form and instructions and shall record that the applicant has requested to register to vote or transfer a voter registration. If the applicant answers in the negative to either question, the agent shall not provide the applicant with a voter registration form.

NEW SECTION. Sec. 25. The following acts or parts of acts are each repealed:
(1) RCW 29A.08.155 (Payment for maintenance of electronic records) and 2004 c 267 s 114 & 2003 c 111 s 215; and

PERSONAL PRIVILEGE

Senator Finkbeiner: “Thank you Mr. President, members of the Senate. You know down here we spend sometimes so much time debating issues and arguing things back and forth and obviously they can be very emotional sometimes and I think sometimes it’s sort of easy to forget our humanity here. There’s somebody here in the Senate who, in particular, who’s going to be facing some very serious challenges over the next several months. It’s somebody that I know that we all have a tremendous amount of respect for and love for. Somebody who’s, personally, taught me just a great deal about life in general about how to be a good person. I think that I just wanted to stand up convey all the best wishes and prayers and love from all the Senate to Senator Oke as he goes forward over these next several months.”

PERSONAL PRIVILEGE

Senator Brown: “Thank you Mr. President. Adding my words to that of Senator Finkbeiner. I’d like to offer from my side of the aisle, first of all, our apologies for some of the tough schedules that we’ve put you through this session. But more than that our immense gratitude to Senator Oke because he has been a real inspiration to us. Truly, the way that he has greeted each day, so courageously. The way that his spirit has given us a sense of peace and a sense of, I’ll tell you, inspiration to move forward and to try to get this session done on time. A lot of that has been because of you and because, I figure, if you can address what your addressing with such courage and grace, we should certainly do the same thing. So we also want to tell you, Bob, that we love you. And that we really appreciate everything that you’ve done for your constituents, for the state of Washington and also as part of this somewhat dysfunctional family that we in the Senate.”

The President invited Senator Bob Oke to the bar of the Senate. On behalf of the Senate, Senators Finkbeiner and Brown presented a framed photograph of the Tacoma Narrows Bridge signed by all the members of the Senate.

REMARKS BY THE PRESIDENT

President Owen: “For those in the gallery who cannot see, the President will take a moment just to explain. This is an incredible picture of the Narrows bridge as it will look when the second bridge is in. For those of you who do not know, Senator Oke has been an incredible engineer on the effort to get this project done for the last several years. Senator Oke.”

PERSONAL PRIVILEGE

Senator Oke: “Thank you, Mr. President. Somebody brought some Kleenex here, that’s appropriate. Wow, I don’t know what to say. I just wish my bride was standing there. I hope she’s watching this. She’s in the moving mode and she thinks we’re coming back, though, next year. I pray that all of you have that strong faith.

I watched Senator Swecker yesterday shed some tears over many issues that he had in his life. We’re all faced with challenges. I just know when I reached thirty-five, and Senator Hargrove knows where I’m coming from, the Lord completely changed my life. I was somebody that was down in the, if you will, the bottoms of this world and he picked me up and keeps bringing me up every day. I know that I’ve got some challenges in front of me but I know with yours prayers and the love I feel for all of you here that I’m going to make it through this one and I think I’ve got some years left in me. I do want to see that bridge one day, walk down the middle of it and, whether people or happy or unhappy, I know it’s going to save a lot of lives. I know it’s the right thing to do. I wish we were doing more projects like this throughout the state and not just talking about them. I guess I just want to, again, thank you. What a precious, precious day this is. One that I will remember forever. Just know that my love and respect is for this place. We’ve had some tough votes and sometimes I feel like I’ve been moving towards the other side
of the aisle, but I would love a vote again here to do away with tobacco sampling – actually more important than the bridge so…. Mr. President, I know that we’re not suppose to talk about the other body, but they’ve got another day and they could still pass that bill and then that would mean more than this.”

PERSONAL PRIVILEGE

Senator Stevens: "I just wanted to add a word if I could. I think that the real toughest role in what Senator Oke is going through, is his wife. It is not easy for a wife to sit by and watch as a husband struggles. It is probably, how can say this, I’ve never been there, more difficult than what he is going through and I would just like to offer my condolences to Judy and what she must be feeling and I ask that you join me in giving her a round of applause."

PERSONAL PRIVILEGE

Senator Deccio: "I just want to add a quick word. A couple of years ago when Senator West discovered what his problem was, I gave him a little card that I carried around since I got out of the service. It’s a prayer to St. Jude whose the advocate of the difficult and impossible. I gave that to Jim and when he was here the other day looking fit as a fiddle I said ‘Hey, did St. Jude come through for you?’ He said, ‘He sure did.’ He had a lapel jacket, he had a lapel St. Jude lapel, whatever. I gave the same thing to Senator Oke a few weeks ago and I know St. Jude has carried me through a lot of problems and I should not of being even considered. Bob, he’s going to come forward for you too."

PERSONAL PRIVILEGE

Senator Swecker: "Well, I had a very personal story about Bob that I wanted to share. I wouldn’t be here if it wasn’t for Bob. It’s kind of a funny story. My predecessor Neil Amondson resigned half way through his term and a good friend of mine Jim Zimmerman and Bob were out duck hunting and they were sitting in a duck blind and they were talking over who, oh it was pheasant, I’m sorry. Anyway they were hunting together and they were talking over who should be encouraged to run to replace Senator Amondson and they both came up my name. Now the really funny part is they called me and I wasn’t home and they got my answering machine and they were like a couple of kids in a candy store. They were laughing and urging me to run and doing all kinds of things. It was a really remarkable story. I wish I could’ve saved that tape. It took me a whole day and a half to decide to run after that. So I’m here because of Bob and his mentorship and leadership has meant a great deal to me. Thank you, Bob."

1. The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of the time of filing: PROVIDED, That any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant shall receive an exemption on more than one residence in any year: PROVIDED FURTHER, That confinement of the person to a hospital, nursing home, boarding home, or adult family home shall not disqualify the claim of exemption if:

If the person subsequently fails to qualify under this section only for one year because of high income, this same valuation shall be used upon requalification. If the person fails to qualify for more than one year in succession because of high income or fails to qualify for any other reason, the valuation upon requalification shall be the assessed value on January 1st of the assessment year in which the person requalifies. If the person transfers the exemption under this section to a different residence, the valuation of the different residence shall be the assessed value of the different residence on January 1st of the assessment year in which the person transfers the exemption.

In no event may the valuation under this subsection be greater than the true and fair value of the residence on January 1st of the assessment year.

NEW SECTION. Sec. 2. A new section is added to chapter 64.04 RCW to read as follows:

(1) If the department of social and health services has filed a request for notice of transfer or encumbrance under section 1 of this act:

(b) Any individual who transfers or encumbers real property shall provide the department of social and health services with a notice of transfer or encumbrance. The department of social and health services shall adopt by rule a model form for notice of transfer or encumbrance to be used by a purchaser or lender when notifying the department.

(2) If the department of social and health services has caused to be recorded a termination of request for notice of transfer or encumbrance in the deed and mortgage records under section 1 of this act, an individual transferring or encumbering the real property is not required to provide the notice of transfer or encumbrance required by subsection (1)(b) of this section.

Sec. 3. RCW 65.04.050 and 1996 c 143 s 4 are each amended to read as follows:

Every auditor or recording officer must keep a general index, direct and inverted. The index may be either printed on paper or produced on microfilm or microfiche, or it can be created from a computerized data base and displayed on a video display terminal. Any reference to a prior record location number may be entered in the remarks column. Any property legal description contained in the instrument must be entered in the description of property column of the general index. The direct index shall be divided into eight columns, and with heads to the respective columns, as follows: Date of reception, grantor, grantee, nature of instrument, volume and page where recorded and/or the auditor's file number, remarks, description of property, assessor's property tax parcel or account number. The auditor or recording officer shall correctly enter in such index every instrument concerning or affecting real estate which by law is required to be recorded, the names of grantors being in alphabetical order. The inverted index shall also be divided into eight columns, precisely similar, except that "grantee" shall occupy the second column and "grantor" the third, the names of grantees being in alphabetical order. The auditor or recording officer may combine the direct and indirect indexes into a single index if it contains all the information required to be contained in the separate direct and indirect indexes and the names of all grantors and grantees can be found by a person searching the combined index. For the purposes of this chapter, the term "grantor" means any person conveying or encumbering the title to any property, or any person against whom any lis pendens, judgment, notice of lien, order of sale, execution, writ of attachment, ((★)) claims of separate or community property, or notice for request of transfer or encumbrance under section 1 of this act shall be placed on
record. The auditor or recording officer shall also enter in the general index, the name of the party or parties platting a town, village, or addition in the column prescribed for "grantees," describing the grantee in such case as "the public." However, the auditor or recording officer shall not receive or record any such plat or map until it has been approved by the mayor and common council of the municipality in which the property so platted is situated, or if the property be not situated within any municipal corporation, then the plat must be first approved by the county legislative authority. The auditor or recording officer shall not receive for record any plat, map, or subdivision of land a name the same or similar to the name of any map or plat already on record in the office. The auditor or recording officer may establish a name reservation system to preclude the possibility of duplication of names.

Sec 4. RCW 6.13.080 and 1993 c 200 s 4 are each amended to read as follows:

The homestead exemption is not available against an execution or forced sale in satisfaction of judgments obtained:
(1) On debts secured by mechanic's, laborer's, construction, maritime, automobile repair, materialmen's or vendor's liens arising out of and against the particular property claimed as a homestead;
(2) On debts secured (a) by security agreements describing as collateral the property that is claimed as a homestead or (b) by mortgages or deeds of trust on the premises that have been executed and acknowledged by the husband and wife or by any unmarried claimant;
(3) On one spouse's or the community's debts existing at the time of that spouse's bankruptcy filing where (a) bankruptcy is filed by both spouses within a six-month period, other than in a joint case or a case in which their assets are jointly administered, and (b) the other spouse exempts property from property of the estate under the bankruptcy exemption provisions of 11 U.S.C. Sec. 522(d);
(4) On debts arising from a lawful court order or decree or administrative order establishing a child support obligation or obligation to pay spousal maintenance; (\(\text{f}\))
(5) On debts owing to the state of Washington for recovery of medical assistance correctly paid on behalf of an individual consistent with 42 U.S.C. Sec. 1396p; or
(6) On debts secured by a condominium's or homeowner association's lien. In order for an association to be exempt under this provision, the association must have provided a homeowner with notice that nonpayment of the association's assessment may result in foreclosure of the association lien and that the homestead protection under this chapter shall not apply. An association has complied with this notice requirement by mailing the notice, by first class mail, to the address of the owner's lot or unit. The notice required in this subsection shall be given within thirty days from the date the association learns of a new owner, but in all cases the notice must be given prior to the initiation of a foreclosure. The phrase "learns of a new owner" in this subsection means actual knowledge of the identity of a homeowner acquiring title after June 9, 1988, and does not require that an association affirmatively ascertain the identity of a homeowner. Failure to give the notice specified in this subsection affects an association's lien only for debts accrued up to the time an association complies with the notice provisions under this subsection.

Sec 5. RCW 43.20B.030 and 2003 c 207 s 1 are each amended to read as follows:

(1) Except as otherwise provided by law, including subsection (2) of this section, there will be no collection of overpayments and other debts due the department after the expiration of six years from the date of notice of such overpayment or other debt unless the department has commenced recovery action in a court of law or unless an administrative remedy authorized by statute is in place. However, any amount due in a case thus extended shall cease to be a debt due the department at the expiration of ten years from the date of the notice of the overpayment or other debt unless a court-ordered remedy would be in effect for a longer period.
(2) There will be no collection of debts due the department after the expiration of twenty years from the date a lien is recorded pursuant to RCW 43.20B.080.
(3) The department, at any time, may accept offers of compromise of disputed claims or may grant partial or total write-off of any debt due the department if it is no longer cost-effective to pursue. The department shall adopt rules establishing the considerations to be made in the granting or denial of a partial or total write-off of debts.

Sec 6. RCW 43.20B.080 and 1999 c 354 s 2 are each amended to read as follows:

(1) The department shall file liens, seek adjustment, or otherwise effect recovery for medical assistance correctly paid on behalf of an individual consistent with 42 U.S.C. Sec. 1396p. The department shall adopt a rule providing for prior notice and hearing rights to the record title holder or purchaser under a land sale contract.
(2) Liens may be adjusted by foreclosure in accordance with chapter 61.12 RCW.
(3) In the case of an individual who was fifty-five years of age or older when the individual received medical assistance, the department shall seek adjustment or recovery from the individual's estate, and from nonprobate assets of the individual as defined by RCW 11.02.005, but only for medical assistance consisting of nursing facility services, home and community-based services, other services that the department determines to be appropriate, and related hospital and prescription drug services. Recovery from the individual's estate, including foreclosure of liens imposed under this section, shall be undertaken as soon as practicable, consistent with 42 U.S.C. Sec. 1396p.
(4) The department shall apply the medical assistance estate recovery law as it existed on the date that benefits were received when calculating an estate's liability to reimburse the department for those benefits.
(a) The department shall establish procedures consistent with standards established by the federal department of health and human services and pursuant to 42 U.S.C. Sec. 1396p to waive recovery when such recovery would work an undue hardship.
(b) Recovery of medical assistance from a recipient's estate shall not include property made exempt from claims by federal law or treaty, including exemption for tribal artifacts that may be held by individual Native Americans.
A lien authorized under ((subsection (1) through (5) of)) this section relates back to attach to any real property that the decedent had an ownership interest in immediately before death and is effective as of that date or date of recording, whichever is earlier.

The department may enforce a lien authorized under this section against a decedent's life estate or joint tenancy interest in real property held by the decedent immediately prior to his or her death. Such a lien enforced under this subsection shall not end and shall continue as provided in this subsection until the department's lien has been satisfied.

(a) The value of the life estate subject to the lien shall be the value of the decedent's interest in the property subject to the life estate immediately prior to the decedent's death.

(b) The value of the joint tenancy interest subject to the lien shall be the value of the decedent's fractional interest the recipient would have owned in the jointly held interest in the property had the recipient and the surviving joint tenants held title to the property as tenants in common on the date of the recipient's death.

(c) The department may not enforce the lien provided by this subsection against a bona fide purchaser or encumbrancer that obtains an interest in the property after the death of the recipient and before the department records either its lien or the request for notice of transfer or encumbrance as provided by section 1 of this act.

(d) The department may not enforce a lien provided by this subsection against any property right that vested prior to July 1, 2005.

Subject to the requirements of 42 U.S.C. Sec. 1396p(a) and the conditions of this subsection (8), the department is authorized to file a lien against the property of an individual prior to his or her death, and to seek adjustment and recovery from the individual's estate or sale of the property subject to the lien, if:

(i) The individual is an inpatient in a nursing facility, intermediate care facility for individuals with mental retardation, or other medical institution; and

(ii) The department has determined after notice and opportunity for a hearing that the individual cannot reasonably be expected to be discharged from the medical institution and to return home.

If the individual is discharged from the medical facility and returns home, the department shall dissolve the lien.

The department is authorized to adopt rules to effect recovery under this section. The department may adopt by rule later enactments of the federal laws referenced in this section.

It is the responsibility of the department to fully disclose in advance verbally and in writing, in easy to understand language, the terms and conditions of estate recovery to all persons offered long-term care services subject to recovery of payments.

In disclosing estate recovery costs to potential clients, and to family members at the consent of the client, the department shall provide a written description of the community service options.

The department of social and health services shall develop an implementation plan for notifying the client or his or her legal representative at least quarterly of the types of services used and the cost of those services (debt) that will be charged against the estate. The estate planning implementation plan shall be submitted by December 12, 1999, to the appropriate standing committees of the house of representatives and the senate, and to the joint legislative and executive task force on long-term care.

MOTION

Senator Deccio moved that the following striking amendment by Senator Deccio be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that returns on the investment of retirement plan assets are volatile, and market volatility is reflected in variations in the funded status of the state retirement plans over time. The legislature also recognizes that the long-term liability in the plans 1 of the public employees' retirement system and the teachers' retirement system remains independent from short-term investment returns in the market. The legislature seeks to avoid contribution rate volatility that may unfairly benefit or burden particular groups of taxpayers with disproportionate responsibilities for retiring the unfunded liability in the plans 1. Therefore, it is the intent of the legislature to provide for the systematic payment of the plans 1 unfunded liability in a manner that promotes contribution rate adequacy and stability for the affected systems over time.

NEW SECTION. Sec. 2. A new section is added to chapter 41.45 RCW to read as follows:

(1) There shall be no suspension of those portions of the basic state and employer contribution rates that are necessary to pay for the unfunded actuarial accrued liability for plan 1 of the public employees' retirement system for the following periods: From July 1, 2005, through June 30, 2009, for the public employees' retirement system; from July 1, 2006, through June 30, 2009, for the public safety employees' retirement system; and from September 1, 2005, through August 31, 2009, for the school employees' retirement system.

(2) There shall be no suspension of those portions of the basic state and employer contribution rates that are necessary to pay for the unfunded actuarial accrued liability for plan 1 of the teachers' retirement system for the period beginning September 1, 2009, and ending August 31, 2009.

NEW SECTION. Sec. 3. A new section is added to chapter 41.45 RCW to read as follows:

(1) Beginning July 1, 2009, a minimum 2.75 percent contribution is established as part of the basic state and employer contribution rate for the public employees' retirement system, to be used for the sole purpose of amortizing the unfunded actuarial accrued liability in the public employees' retirement system plan 1. This minimum contribution rate shall remain effective until the actuarial value of assets equals one hundred twenty-five percent of the actuarial accrued liability or June 30, 2024, whichever comes first.

MESSAGE FROM THE HOUSE

April 16, 2005

MR. PRESIDENT:

The House has passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5581, with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. LEGISLATIVE DECLARATION. The legislature declares that promoting the health of state residents is a fundamental purpose of state government. The legislature declares it to be a clear public purpose and governmental function to promote life sciences research to foster a preventive and predictive vision of the next generation of health-related innovations, to enhance the competitive position of Washington state in this vital sector of the economy, and to improve the quality and delivery of health care for the people of Washington. The legislature finds that public support for and promotion of life sciences research will benefit the state and its residents through improved health status and health outcomes, economic development, and contributions to scientific knowledge, and such research will lead to breakthroughs and improvements that might not otherwise be discovered due to lack of existing market incentives, especially in the area of regenerative medicine. The legislature finds that public support for and promotion of life sciences research has the potential to provide cures or new treatments for many debilitating diseases that cost the state millions of dollars each year. It is appropriate and consistent with the intent of the master settlement agreement between the state and tobacco product manufacturers to invest a portion of the revenues derived therefrom by the state in life sciences research, to leverage the revenues with other funds, and to encourage cooperation and innovation among public and private institutions involved in life sciences research. The purpose of this chapter is to establish a life sciences discovery fund authority, to grant that authority the power to contract with the state to receive revenues under the master settlement agreement, and to contract with other entities to receive other funds, and to disburse those funds consistent with the purpose of this chapter. The life sciences discovery fund is intended to promote the best available research in life sciences disciplines through diverse Washington institutions and to build upon existing strengths in the area of biosciences and biomanufacturing in order to spread the economic benefits across the state. The life sciences discovery fund is also intended to foster improved health care outcomes and improved agricultural production research across this state and the world. The research investments of the life sciences discovery fund are intended to further the goals of the "Bio 21" report and to support future statewide, comprehensive strategies to lead the nation in life sciences-related research and employment.

NEW SECTION. Sec. 2. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Authority" means the life sciences discovery fund authority created in this chapter.
(2) "Board" means the governing board of trustees of the authority.
(3) "Contribution agreement" means any agreement authorized under this chapter in which a private entity or a public entity other than the state agrees to provide to the authority contributions for the purpose of promoting life sciences research.
(4) "Life sciences research" means advanced and applied research and development intended to improve human health, including scientific study of the developing brain and human learning and development, and other areas of scientific research and development vital to the state's economy.
(5) "Master settlement agreement" means the national master settlement agreement and related documents entered into on November 23, 1998, by the state and the four principal United States tobacco product manufacturers, as amended and supplemented, for the settlement of litigation brought by the state against the tobacco product manufacturers.
(6) “Public employee” means any person employed by the state of Washington or any agency or political subdivision thereof.

(9) “State agreement” means the agreement authorized under this chapter in which the state provides to the authority the strategic contribution payments required to be made by tobacco product manufacturers to the state and the state’s rights to receive such payments, pursuant to the master settlement agreement, for the purpose of promoting life sciences research.

(10) “Strategic contribution payments” means the payments designated as such under the master settlement agreement, which will be made to the state in the years 2008 through 2017.

The term of the trustees, other than the chair, is four years from the date of their appointment, except that the term of all the initial gubernatorial appointees, as determined by the governor, are for two years from the date of their appointment. A trustee appointed by the governor may be removed by the governor for cause under RCW 43.06.070 and 43.06.080. (Such) The transportation improvements shall be owned by the county of jurisdiction if located in an unincorporated area, by the city of jurisdiction if located in an incorporated area, or by the state in cases where the transportation improvement is or becomes a state highway. (Such) shall be administered and maintained as other public streets, roads, and transportation improvements. (The district may not include any area within the corporate limits of a city unless the city legislative authority has agreed to the inclusion pursuant to chapter 39.34 RCW. The agreement shall specify the area and such powers as may be granted to the benefit district.) To the extent practicable, the district shall consider the following criteria when selecting transportation improvements:

(a) Reduced risk of transportation facility failure and improved safety;
(b) Improved travel time;
(c) Improved air quality;
(d) Increases in daily and peak period trip capacity;
(e) Improved modal connectivity;

authority of each participating jurisdiction.

(4) The {county} treasurer of the jurisdiction proposing to establish the district shall act as the ex officio treasurer of
the district, unless an interlocal agreement states otherwise.

36.73.120, and

MR. PRESIDENT:
MR. SPEAKER:

We of your conference committee, to whom was referred Engrossed Substitute House Bill No. 2266, have had the same under consideration and recommend that all previous amendments not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. Restricting access to certain precursor drugs used to manufacture methamphetamine to ensure that they are only sold at retail to individuals who will use them for legitimate purposes upon production of proper identification is an essential step to controlling the manufacture of methamphetamine.

NEW SECTION. Sec. 2. A new section is added to chapter 69.43 RCW to read as follows:

(1) For purposes of this section, "traditional Chinese herbal practitioner" means a person who is certified as a diplomate in Chinese herbology from the national certification commission for acupuncture and oriental medicine or who has received a certificate in Chinese herbology from a school accredited by the accreditation council on acupuncture and oriental medicine.

(2) A pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner may not knowingly sell, transfer, or otherwise furnish to any person a product at retail that he or she knows to contain any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, without first obtaining photo identification of the person.

(3) A person buying or receiving a product at retail containing any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, from a pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner must first produce photo identification of the person that shows the date of birth of the person.

(4) Any product containing any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, shall be kept in a central location that is not accessible by customers without assistance of an employee of the merchant.

(5) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner may sell any product containing any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, to a person that is not at least eighteen years old.

(6) The board of pharmacy, by rule, may exempt products containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, in combination with another active ingredient from the requirements of this section if they are found not to be used in the illegal manufacture of methamphetamine or other controlled dangerous substances. A manufacturer of a drug product may apply for removal of the product from the requirements of this section if the product is determined by the board to have been formulated in such a way as to effectively prevent the conversion of the active ingredient into methamphetamine. The burden of proof for exemption is upon the person requesting the exemption. The petitioner shall provide the board with evidence that the product has been formulated in such a way as to serve as an effective general deterrent to the conversion of pseudoephedrine into methamphetamine. The evidence must include the furnishing of a valid scientific study, conducted by an independent, professional laboratory and evincing professional quality chemical analysis. Factors to be considered in whether a product should be excluded from this section include but are not limited to:

(a) Ease with which the product can be converted to methamphetamine;

(b) Ease with which ephedrine, pseudoephedrine, or phenylpropanolamine is extracted from the substance and whether it forms an emulsion, salt, or other form;

(c) Whether the product contains a "molecular lock" that renders it incapable of being converted into methamphetamine;

(d) Presence of other ingredients that render the product less likely to be used in the manufacture of methamphetamine; and

(e) Any pertinent data that can be used to determine the risk of the substance being used in the illegal manufacture of methamphetamine or any other controlled substance.

(7) Nothing in this section applies:

(a) To any product containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers that is not the only active ingredient and that is in liquid, liquid capsule, or gel capsule form;

(b) To the sale of a product that may only be sold upon the presentation of a prescription;

(c) To the sale of a product by a traditional Chinese herbal practitioner to a patient; or
(d) When the details of the transaction are recorded in a pharmacy profile individually identified with the recipient and maintained by a licensed pharmacy.

(8)(a) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner may retaliate against any employee that has made a good faith attempt to comply with the requirements of this section by requesting that a customer present photo identification, making a reasonable effort to determine the customer's age.

(b) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner subject to prosecution under subsection (9) of this section if they made a good faith attempt to comply with the requirements of this section by requesting that a customer present photo identification, making a reasonable effort to determine the customer's age.

NEW SECTION. Sec. 3. A new section is added to chapter 69.43 RCW to read as follows:

(1) The Washington association of sheriffs and police chiefs or the Washington state patrol may petition the state board of pharmacy to apply the log requirements in section 8 of this act to one or more products that contain ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, that is not the only active ingredient and that is in liquid, liquid capsule, or gel capsule form. The petition shall establish that:

(a) Ephedrine, pseudoephedrine, or phenylpropanolamine can be effectively extracted from the product and converted into methamphetamine or another controlled dangerous substance; and

(b) Law enforcement, the Washington state patrol, or the department of ecology are finding substantial evidence that the product is being used for the illegal manufacture of methamphetamine or another controlled dangerous substance.

(2) The board of pharmacy shall adopt rules when a petition establishes that requiring the application of the log requirements in section 8 of this act to the sale of the product at retail is warranted based upon the effectiveness and extent of use of the product for the illegal manufacture of methamphetamine or other controlled dangerous substances and the extent of the burden of any restrictions upon consumers. The board of pharmacy may adopt emergency rules to apply the log requirements to the sale of a product when the petition establishes that the immediate restriction of the product is necessary in order to protect public health and safety.

Sec. 4. RCW 69.43.110 and 2004 c 52 s 5 are each amended to read as follows:

(1) It is unlawful for a pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, or a practitioner as defined in RCW 18.64.011, knowingly to sell, transfer, or to otherwise furnish, in a single transaction:

(a) More than (three) two packages of one or more products that he or she knows to contain ephedrine, pseudoephedrine, or phenylpropanolamine, their salts, isomers, or salts of isomers; or

(b) A single package of any product that he or she knows to contain more than three grams of ephedrine, pseudoephedrine, or phenylpropanolamine, their salts, isomers, or salts of isomers, or a combination of any of these substances.

(2) It is unlawful for a person who is not a manufacturer, wholesaler, pharmacy, practitioner, shopkeeper, or itinerant vendor licensed by or registered with the department of health under chapter 18.64 RCW to purchase or acquire, in any twenty-four hour period, more than the quantities of the substances specified in subsection (1) of this section.

(3) It is unlawful for any person to sell or distribute any of the substances specified in subsection (1) of this section unless the person is licensed by or registered with the department of health under chapter 18.64 RCW, or is a practitioner as defined in RCW 18.64.011.

(4) A violation of this section is a gross misdemeanor.

Sec. 5. RCW 18.64.044 and 2004 c 52 s 2 are each amended to read as follows:

(1) A shopkeeper registered as provided in this section may sell nonprescription drugs, if such drugs are sold in the original package of the manufacturer.

(2) Every shopkeeper not a licensed pharmacist, desiring to secure the benefits and privileges of this section, is hereby required to register as a shopkeeper through the master license system, and he or she shall pay the fee determined by the secretary for registration, and on a date to be determined by the secretary thereafter the fee determined by the secretary for renewal of the registration; and shall at all times keep said registration or the current renewal thereof conspicuously exposed in the location to which it applies. In event such shopkeeper's registration is not renewed by the master license expiration date, no renewal or new registration shall be issued except upon payment of the registration renewal fee and the master license delinquency fee under chapter 19.02 RCW. This registration fee shall not authorize the sale of legend drugs or controlled substances.

(3) The registration fees determined by the secretary under subsection (2) of this section shall not exceed the cost of registering the shopkeeper.

(4) Any shopkeeper who shall vend or sell, or offer to sell to the public any such nonprescription drug or preparation without having registered to do so as provided in this section, shall be guilty of a misdemeanor and each sale or offer to sell shall constitute a separate offense.

(2) The departments of agriculture and ecology shall examine their current statutory authorities and provide the legislature with recommendations for statutory changes to fully implement a livestock nutrient management program within the department of agriculture for concentrated animal feeding operations, animal feeding operations, and dairies, as authorized in RCW 90.48.260, 90.64.813, and 90.64.901. In developing recommended statutory changes, the departments shall consult with the livestock nutrient management program development and oversight committee created in RCW 90.64.813. The recommendations must be submitted to the legislature by the departments of agriculture and ecology prior to applying to the environmental protection agency for delegated authority to administer the CAFO portion of the national pollutant discharge elimination system permit program under the federal clean water act.

(3) For purposes of this act, animal feeding operations (AFOs) and concentrated animal feeding operations (CAFOs) have the same meaning as defined in 40 C.F.R. 122.23.

(4) This section applies to all operations that meet the definition of an AFO. This section does not apply to true pasture and rangeland operations that do not meet the definition of AFO, however, such operations may have confinement areas that may qualify as an AFO.

The planning tools and systematic practices may include coordinated resource management and shall differentiate between types of operations, between stock restricted and open range areas, and between regional differences in average annual precipitation. The goal shall be to introduce these practical models through technical assistance, education, and outreach so that all livestock owners will have clear guidance on how to meet basic responsibilities to protect water quality. The committee shall report its recommendations on tools and service delivery options to appropriate committees of the legislature during the September 2005 assembly.

HUMAN SERVICES

NEW SECTION. Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES. (1) Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage Medicaid expenditures for the aged and disabled population. Under this Washington medicaid integration partnership (WMIP) the department may combine and transfer such Medicaid funds appropriated under sections 204, 206, 208, and 209 of this act as may be necessary to finance a unified health care plan for the WMIP program enrollment. The amount of funding assigned to the pilot projects from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled in the pilot, times the number of clients enrolled in the pilot. In implementing the WMIP pilot projects, the department may: (a) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for individuals enrolled in the pilots; and (b) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs.

(End of partial section)
The department shall conduct an evaluation of the WMIP, measuring changes in participant health outcomes, changes in patterns of service utilization, participant satisfaction, participant access to services, and the state fiscal impact.

(4) In accordance with RCW 74.39A.300, the appropriations to the department of social and health services in this act are sufficient to implement the compensation and fringe benefits of the collective bargaining agreement reached between the governor and the exclusive bargaining representative of individual providers of home care services.

These amounts shall supplement, and not supplant, local or other funding currently being used for activities funded under the projects authorized in this subsection.

  (j) The department is authorized to continue to expend federal block grant funds, and special purpose federal grants, through direct contracts, rather than through contracts with regional support networks; and to distribute such funds through a formula other than the one established pursuant to RCW 71.24.035(13).

Coordination of these services will be done in partnership between the mental health program and the aging and disability services administration. The funds are not subject to the standard allocation formula applied in accordance with RCW 71.24.035(13(a).

(9) In response to the federal directive to eliminate intergovernmental transfer transactions effective June 30, 2005, the department is directed to implement the inpatient hospital certified public expenditures program for the 2005-07 biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. Hospitals in the program shall be paid and shall retain (a) one hundred percent of the federal portion of each medicaid inpatient fee-for-service claim payable by the medical assistance administration; and (b) one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Medicaid fee-for-service claim amounts shall be established by applying the department's ratio of costs to charges payment methodology. The department shall provide participating hospitals with the information and instructions needed by the hospital to certify the public expenditures required to qualify for the federal portions of both the medicaid inpatient fee-for-service payments and the disproportionate share hospital payments. In the event that any part of the program including, but not limited to, allowable certified public expenditures, is disallowed by the federal government, the department shall not seek recoupment of payments from the hospitals, provided the hospitals have complied with the directions of the department for participation in the program. The legislature intends that hospitals in the program receive no less in combined state and federal payments than they would have received under the methodology that was in place during fiscal year 2005. The department shall therefore make additional grant payments, not to exceed the amounts provided in this subsection, to hospitals whose total payments under the program would otherwise be less than the total state and federal payments they would have received under the methodology in effect during fiscal year 2005. $37,034,000 of the general fund--state appropriation for fiscal year 2006, $37,552,000 of the general fund--state appropriation for fiscal year 2007, $8,300,000 of the emergency medical services and trauma care systems trust account--state appropriation, and $45,450,000 of the general fund--federal appropriation are provided solely for new state grant and upper payment limit programs for the participating hospitals.

(10) $4,372,000 of the general fund--state appropriation for fiscal year 2006, $4,014,000 of the general fund--state appropriation for fiscal year 2007, and $65,112,000 of the general fund--federal appropriation are provided solely for development and implementation of a replacement system for the existing medicaid management information system.

(11) $150,000 of the general fund--state appropriation for fiscal year 2006, $75,000 of the general fund--state appropriation for fiscal year 2007, and $225,000 of the general fund--federal appropriation are provided solely for the department to contract for an independent analysis of the medical assistance administration's current system for establishing hospital inpatient payment rates, and for recommendations on a new or updated system. The department shall submit an interim report of study findings by December 1, 2005, and a final report by November 15, 2006. The interim report shall include a comparison of the strengths and weaknesses of the current rate-setting system relative to those used by other state, federal, and private payers. The final report shall include recommendations on the design and implementation of a new or updated system that will promote equity among hospitals, access to quality care and improved health outcomes for patients, and cost-control and efficiency for taxpayers. The study should make use of complete and current cost data from a wide variety of hospitals, recognize unique aspects of hospital service delivery structures and medicaid payment systems in Washington, recognize impacts on productivity and quality of care that may result from hospital compensation, recruitment, and retention policies, and provide opportunities for comment and participation by key interest groups in the identification and assessment of alternatives.

(12) Payment rates for hospital inpatient and outpatient services shall be increased by an average of 1.3 percent effective July 1, 2005, and by an average of an additional 1.3 percent effective July 1, 2006. The inpatient increases shall be provided only on the portion of a hospital's rate that excludes medical education and outlier costs, and shall be allocated so that hospitals with lower costs of care (excluding medical education and outlier costs) receive larger percentage increases than those with higher costs of care. The inpatient increases shall be allocated in three percentage increments, with the lowest-cost hospitals receiving the largest percentage rate increase, highest-cost hospitals receiving the smallest percentage increase, and medium-cost hospitals receiving the average of the highest and the lowest percentage rate increase. Increases shall not be provided to those hospitals that are certified as critical access. Sufficient funds are appropriated in this section for Healthy Options contractors to increase hospital payment rates commensurate with the increases in fee-for-service payment rates.

(13) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the department shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.
(14) The medical assistance administration is authorized to use funds appropriated in this section to purchase goods and supplies through direct contracting with vendors when the administration determines it is cost-effective to do so.

(15) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(16) By October 1, 2005, the department shall recommend to the governor and legislature at least two pilot project designs which seem likely to reduce avoidable emergency room utilization at no net cost to the state within the projects' first eighteen months of operation.

(17) Within funds appropriated in this section, the department shall participate in the health technology assessment program required in section 213(6) of this act.

(18) The department is also required to participate in the joint health purchasing project described in section 213(7) of this act.

(19) The department shall, within available resources, continue operation of the medical care services care management pilot project for clients receiving general assistance benefits in King and Pierce counties. The project may use a full or partial capitation model that includes a mechanism for shared savings. The department shall provide a report to the appropriate committees of the legislature by January 1, 2006, on costs, savings, and any outcomes or quality measures associated with the pilot programs during the first year of operation.

(20) By October 1, 2005, the department shall report to the appropriate committees of the legislature on the potential fiscal and programmatic costs and benefits associated with an expansion of managed care pilot programs to SSI and other eligible medicaid elderly and disabled persons.

(21) Within the funding provided in section 207(2) of this act, the medical assistance administration and the economic services administration may implement a time-limited transitional prescription drug benefit for general assistance unemployable recipients who obtain employment and who have no other source of health insurance coverage. The benefit shall be limited to coverage of prescription drugs and medication management. The benefit shall be limited to one year. The department shall implement a premium schedule for the benefits under this subsection that is related to the participant's income. The minimum premium shall be twenty dollars per month. Recipients of this transitional benefit shall not be considered part of the general assistance caseload unless eligibility is established under standard reapplication procedures.

(22) By November 15, 2006, the department of social and health services, in consultation with the department of revenue and the health care authority, shall report to the health care and fiscal committees of the legislature on options for providing financial incentives for private practice physicians to serve uninsured, medicare, and medicaid patients. The report shall include an assessment of the relative costs and effectiveness of strategies including, but not limited to, tax credits and payment rate increases. The report shall further suggest alternative mechanisms and thresholds for varying tax credits and payment enhancements according to the extent to which a provider serves uninsured, medicare, and medicaid patients.

General Fund--State Appropriation (FY 2006) $4,180,957,000

General Fund--State Appropriation (FY 2007) $4,243,010,000

TOTAL APPROPRIATION
The appropriations in this section are subject to the following conditions and limitations:

(1) Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(2) Allocations for certificated staff salaries for the 2005-06 and 2006-07 school years shall be determined using formula-generated staff units calculated pursuant to this subsection. Staff allocations for small school enrollments in (d) through (f) of this subsection shall be reduced for vocational full-time equivalent enrollments. Staff allocations for small school enrollments in grades K-6 shall be the greater of that generated under (a) of this subsection, or under (d) and (e) of this subsection. Certificated staffing allocations shall be as follows:

(a) On the basis of each 1,000 average annual full-time equivalent enrollments, excluding full-time equivalent enrollment otherwise recognized for certificated staff unit allocations under (c) through (f) of this subsection:

(i) Four certificated administrative staff units per thousand full-time equivalent students in grades K-12;
(ii) 49 certificated instructional staff units per thousand full-time equivalent students in grades K-3;
(iii) Forty-six certificated instructional staff units per thousand full-time equivalent students in grades 4-12; and
(iv) An additional 4.2 certificated instructional staff units for grades K-3 and an additional 7.2 certificated instructional staff units for grade 4. Any funds allocated for the additional certificated units provided in this subsection (iv) shall not be considered as basic education funding.

(A) Funds provided under this subsection (2)(a)(iv) in excess of the amount required to maintain the statutory minimum ratio established under RCW 28A.150.260(2)(b) shall be allocated only if the district documents an actual ratio in grades K-4 equal to or greater than 53.2 certificated instructional staff per thousand full-time equivalent students. For any school district documenting a lower certificated instructional staff ratio, the allocation shall be based on the district's actual grades K-4 certificated instructional staff ratio achieved in that school year, or the statutory minimum ratio established under RCW 28A.150.260(2)(b), if greater;

(B) Districts at or above 51.0 certificated instructional staff per one thousand full-time equivalent students in grades K-4 may dedicate up to 1.3 of the 53.2 funding ratio to employ additional classified instructional assistants assigned to basic education classrooms in grades K-4. For purposes of documenting a district's staff ratio under this section, funds used by the district to employ additional classified instructional assistants shall be converted to a certificated staff equivalent and added to the district's actual certificated instructional staff ratio. Additional classified instructional assistants, for the purposes of this subsection, shall be determined using the 1989-90 school year as the base year;

(C) Any district maintaining a ratio in grades K-4 equal to or greater than 53.2 certificated instructional staff per thousand full-time equivalent students may use allocations generated under this subsection (2)(a)(iv) in excess of that required to maintain the minimum ratio established under RCW 28A.150.260(2)(b) to employ additional basic education certificated instructional staff or classified instructional assistants in grades 5-6. Funds allocated under this subsection (2)(a)(iv) shall only be expended to reduce class size in grades K-6. No more than 1.3 of the certificated instructional funding ratio amount may be expended for provision of classified instructional assistants;

(b) For school districts with a minimum enrollment of 250 full-time equivalent students whose full-time equivalent student enrollment count in a given month exceeds the first of the month full-time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that such increased enrollment would have generated had such additional full-time equivalent students been included in the normal enrollment count for that particular month;

(c)(i) On the basis of full-time equivalent enrollment in:

(A) Vocational education programs approved by the superintendent of public instruction, a maximum of 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 19.5 full-time equivalent vocational students; and

(ii) Vocational full-time equivalent enrollment shall be reported on the same monthly basis as the enrollment for students eligible for basic support, and payments shall be adjusted for reported vocational enrollments on the same monthly basis as those adjustments for enrollment for students eligible for basic support; and

(iii) Indirect cost charges by a school district to vocational-secondary programs shall not exceed 15 percent of the combined basic education and vocational enhancement allocations of state funds;

(d) For districts enrolling not more than twenty-five average annual full-time equivalent students in grades K-8, and for small school plants within any school district which have been judged to be remote and necessary by the state board of education and enroll not more than twenty-five average annual full-time equivalent students in grades K-8:
(i) For those enrolling no students in grades 7 and 8, 1.76 certificated instructional staff units and 0.24 certificated administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled; and

(ii) For those enrolling students in grades 7 or 8, 1.68 certificated instructional staff units and 0.32 certificated administrative staff units for enrollment of not more than five students, plus one-tenth of a certificated instructional staff unit for each additional student enrolled;

(e) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full-time equivalent students in grades K-8, and for small school plants within any school district which enroll more than twenty-five average annual full-time equivalent students in grades K-8 and have been judged to be remote and necessary by the state board of education:

(i) For enrollment of up to sixty annual average full-time equivalent students in grades K-6, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(ii) For enrollment of up to twenty annual average full-time equivalent students in grades 7 and 8, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units;

(f) For districts operating no more than two high schools with enrollments of less than three hundred and less than one hundred eighty students, an additional one-half of a certificated instructional staff unit for each sixty average annual full-time equivalent students, for enrollment in grades 9-12 in each such school, other than alternative schools:

(i) For remote and necessary schools enrolling students in any grades 9-12 but no more than twenty-five average annual full-time equivalent students in grades K-12, four and one-half certificated instructional staff units and one-quarter of a certificated administrative staff unit;

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full time equivalent students.

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational full-time equivalent students;

(g) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit; and

(b) For each nonhigh school district having an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit.

(3) Allocations for classified salaries for the 2005-06 and 2006-07 school years shall be calculated using formula-generated classified staff units determined as follows:

(a) For enrollments generating certificated staff unit allocations under subsection (2)(d) through (h) of this section, one classified staff unit for each three certificated staff units allocated under such subsections;

(b) For all other enrollment in grades K-12, including vocational full-time equivalent enrollments, one classified staff unit for each sixty average annual full-time equivalent students; and

(c) For each nonhigh school district with an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of 10.90 percent in the 2005-06 school year and 11.90 percent in the 2006-07 school year for certificated salary allocations provided under subsection (2) of this section, and a rate of 14.57 percent in the 2005-06 school year and 15.82 percent in the 2006-07 school year for classified salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations shall be calculated at the maintenance rate specified in section 504(2) of this act, based on the number of benefit units determined as follows:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (h) of this section, there shall be provided a maximum of $9,112 per certificated staff unit in the 2005-06 school year and a maximum of $9,285 per certificated staff unit in the 2006-07 school year.
(b) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c)(i)(A) of this section, there shall be provided a maximum of $22,377 per certificated staff unit in the 2005-06 school year and a maximum of $22,802 per certificated staff unit in the 2006-07 school year.

(c) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c)(i)(B) of this section, there shall be provided a maximum of $17,362 per certificated staff unit in the 2005-06 school year and a maximum of $17,692 per certificated staff unit in the 2006-07 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maintenance rate of $531.09 for the 2005-06 and 2006-07 school years per allocated classroom teachers exclusive of salary increase amounts provided in section 504 of this act. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported statewide for the prior school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(9) The superintendent may distribute a maximum of $7,621,000 outside the basic education formula during fiscal years 2006 and 2007 as follows:

(a) For fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW, a maximum of $513,000 may be expended in fiscal year 2006 and a maximum of $523,000 may be expended in fiscal year 2007;

(b) For summer vocational programs at skills centers, a maximum of $2,035,000 may be expended for the 2006 fiscal year and a maximum of $2,035,000 for the 2007 fiscal year;

(c) A maximum of $365,000 may be expended for school district emergencies;

(d) A maximum of $485,000 each fiscal year may be expended for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. The funds shall be allocated at a rate not to exceed $500 per full-time equivalent student enrolled in those programs; and

(e) $394,000 of the general fund--state appropriation for fiscal year 2006 and $787,000 of the general fund--state appropriation for fiscal year 2007 are provided solely for incentive grants to encourage school districts to increase enrollment in vocational skills centers. Up to $500 for each full-time equivalent student may be proportionally distributed to a school district or school districts increasing skills centers enrollment above the levels in the 2004-05 school year. The office of the superintendent of public instruction shall develop criteria for awarding incentive grants pursuant to this subsection. The total amount allocated pursuant to this subsection shall be limited to $1,181,000 for the 2005-07 biennium.

(10) For purposes of RCW 84.52.0531, the increase per full-time equivalent student is 5.2 percent from the 2004-05 school year to the 2005-06 school year and 3.4 percent from the 2005-06 school year to the 2006-07 school year.

(11) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (2)(b) through (h) of this section, the following shall apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (2)(a) through (h) of this section shall be reduced in increments of twenty percent per year.

NEW SECTION. Sec. 503. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--BASIC EDUCATION EMPLOYEE COMPENSATION. (1) The following calculations determine the salaries used in the general fund allocations for certificated instructional, certificated administrative, and classified staff units under section 502 of this act:

(a) Salary allocations for certificated instructional staff units shall be determined for each district by multiplying the district's certificated instructional total base salary shown on LEAP Document 12E by the district's average staff mix factor for certificated instructional staff in that school year, computed using LEAP Document 15b; and

(b) Salary allocations for certificated administrative staff units and classified staff units for each district shall be based on the district's certificated administrative and classified salary allocation amounts shown on LEAP Document 12E.

(2) For the purposes of this section:
(a) "LEAP Document 1Sb" means the computerized tabulation establishing staff mix factors for certificated instructional staff according to education and years of experience, as developed by the legislative evaluation and accountability program committee on March 18, 2005, at 10:00 hours; and

(b) "LEAP Document 12E" means the computerized tabulation of 2005-06 and 2006-07 school year salary allocations for certificated administrative staff and classified staff and derived and total base salaries for certificated instructional staff as developed by the legislative evaluation and accountability program committee on April 6, 2005, at 10:00 hours.

(3) Incremental fringe benefit factors shall be applied to salary adjustments at a rate of 10.26 percent for school year 2005-06 and 11.26 percent for school year 2006-07 for certificated staff and for classified staff 11.07 percent for school year 2005-06 and 12.32 percent for the 2006-07 school year.

(4)(a) Pursuant to RCW 28A.150.410, the following state-wide salary allocation schedules for certificated instructional staff are established for basic education salary allocations:

(b) As used in this subsection, the column headings "BA+(N)" refer to the number of credits earned since receiving the baccalaureate degree.

c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+(N)" refer to the total of:

(i) Credits earned since receiving the masters degree; and

(ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

5) For the purposes of this section:

(a) "BA" means a baccalaureate degree.
(b) "MA" means a masters degree.
(c) "PHD" means a doctorate degree.
(d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.
(e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this act, or any replacement schedules and documents, unless:

(a) The employee has a masters degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

7) The certificated instructional staff base salary specified for each district in LEAP Document 12E and the salary schedules in subsection (4)(a) of this section include two learning improvement days. A school district is eligible for the learning improvement day funds only if the learning improvement days have been added to the 180-day contract year. If fewer days are added, the additional learning improvement allocation shall be adjusted accordingly. The additional days shall be limited to specific activities identified in the state required school improvement plan related to improving student learning that are consistent with education reform implementation, and shall not be considered part of basic education. The principal in each school shall assure that the days are used to provide the necessary school-wide, all staff professional development that is tied directly to the school improvement plan. The school principal and the district superintendent shall maintain documentation as to their approval of these activities. The length of a learning improvement day shall not be less than the length of a full day under the base contract. The superintendent of public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.

TOTAL APPROPRIATION $1,367,457,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall use the excess cost methodology developed and implemented for the 2001-02 school year using the S-275 personnel reporting system and all related accounting requirements to ensure that:
   (i) Special education students are basic education students first;
   (ii) As a class, special education students are entitled to the full basic education allocation; and
   (iii) Special education students are basic education students for the entire school day.

(b) The S-275 and accounting changes in effect since the 2001-02 school year shall supercede any prior excess cost methodologies and shall be required of all school districts.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state and federal funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(5)(a) For the 2005-06 and 2006-07 school years, the superintendent shall make allocations to each district based on the sum of:

   (i) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and
   (ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education enrollment per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent.
(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, $18,940,000 of the general fund--state appropriation and $28,698,000 of the general fund--federal appropriation are provided for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (5) of this section. If safety net awards exceed the amount appropriated in this subsection (8), the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff from the office of superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(11) A maximum of $678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(12) A maximum of $1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(13) A maximum of $100,000 of the general fund--federal appropriation shall be expended to create a special education ombudsman program within the office of superintendent of public instruction. The purpose of the program is to provide support to parents, guardians, educators, and students with disabilities. The program will provide information to help families and educators understand state laws, rules, and regulations, and access training and support, technical information services, and mediation services. The ombudsman program will provide data, information, and appropriate recommendations to the office of superintendent of public instruction, school districts, educational service districts, state need projects, and the parent and teacher information center.

(14) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(15) A maximum of $1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services.

(16) $1,400,000 of the general fund--federal appropriation shall be expended for one-time grants to school districts for the start-up costs of implementing web-based programs that assist schools in meeting state and federal requirements regarding individualized education plans.
(17) The superintendent, consistent with the new federal IDEA reauthorization, shall continue to educate school districts on how to implement a birth-to-three program and review the cost effectiveness and learning benefits of early intervention.

(18) A school district may carry over from one year to the next year up to 10 percent of the general fund--state funds allocated under this program; however, carry over funds shall be expended in the special education program.

TOTAL APPROPRIATION $1,172,338,000

NEW SECTION. Sec. 901. EXPENDITURE AUTHORIZATIONS. The appropriations contained in this act are maximum expenditure authorizations. Pursuant to RCW 43.88.037, moneys disbursed from the treasury on the basis of a formal
loan agreement shall be recorded as loans receivable and not as expenditures for accounting purposes. To the extent that moneys are disbursed on a loan basis, the corresponding appropriation shall be reduced by the amount of loan moneys disbursed from the treasury during the 2003-05 biennium.

**NEW SECTION.** Sec. 902. INFORMATION SYSTEMS PROJECTS. Agencies shall comply with the following requirements regarding information systems projects when specifically directed to do so by this act.

1. Agency planning and decisions concerning information technology shall be made in the context of its information technology portfolio. “Information technology portfolio” means a strategic management approach in which the relationships between agency missions and information technology investments can be seen and understood, such that: Technology efforts are linked to agency objectives and business plans; the impact of new investments on existing infrastructure and business functions are assessed and understood before implementation; and agency activities are consistent with the development of an integrated, nonduplicative statewide infrastructure.

2. Agencies shall use their information technology portfolios in making decisions on matters related to the following:
   a. System refurbishment, acquisitions, and development efforts;
   b. Setting goals and objectives for using information technology in meeting legislatively-mandated missions and business needs;
   c. Assessment of overall information processing performance, resources, and capabilities;
   d. Ensuring appropriate transfer of technological expertise for the operation of any new systems developed using external resources; and
   e. Progress toward enabling electronic access to public information.

3. Each project will be planned and designed to take optimal advantage of Internet technologies and protocols. Agencies shall ensure that the project is in compliance with the architecture, infrastructure, principles, policies, and standards of digital government as maintained by the information services board.

4. The agency shall produce a feasibility study for information technology projects at the direction of the information services board and in accordance with published department of information services policies and guidelines. At a minimum, such studies shall include a statement of: (a) The purpose or impetus for change; (b) The business value to the agency, including an examination and evaluation of benefits, advantages, and cost; (c) a comprehensive risk assessment based on the proposed project's impact on both citizens and state operations, its visibility, and the consequences of doing nothing; (d) the impact on agency and statewide information infrastructure; and (e) the impact of the proposed enhancements to an agency's information technology capabilities on meeting service delivery demands.

5. The agency shall produce a comprehensive management plan for each project. The plan or plans shall address all factors critical to successful completion of each project. The plan(s) shall include, but is not limited to, the following elements: A description of the problem or opportunity that the information technology project is intended to address; a statement of project objectives and assumptions; a definition and schedule of phases, tasks, and activities to be accomplished; and the estimated cost of each phase. The planning for the phased approach shall be such that the business case justification for a project needs to demonstrate how the project recovers cost or adds measurable value or positive cost benefit to the agency's business functions within each development cycle.

6. The agency shall produce quality assurance plans for information technology projects. Consistent with the direction of the information services board and the published policies and guidelines of the department of information services, the quality assurance plan shall address all factors critical to successful completion of the project and successful integration with the agency and state information technology infrastructure. At a minimum, quality assurance plans shall provide time and budget benchmarks against which project progress can be measured, a specification of quality assurance responsibilities, and a statement of reporting requirements. The quality assurance plans shall set out the functionality requirements for each phase of a project.

7. A copy of each feasibility study, project management plan, and quality assurance plan shall be provided to the department of information services, the office of financial management, and legislative fiscal committees. The plans and studies shall demonstrate a sound business case that justifies the investment of taxpayer funds on any new project, an assessment of the impact of the proposed system on the existing information technology infrastructure, the disciplined use of preventative measures to mitigate risk, and the leveraging of private-sector expertise as needed. Authority to expend any funds for individual information systems projects is conditioned on the approval of the relevant feasibility study, project management plan, and quality assurance plan by the department of information services and the office of financial management.

8. Quality assurance status reports shall be submitted to the department of information services, the office of financial management, and legislative fiscal committees at intervals specified in the project's quality assurance plan.

**NEW SECTION.** Sec. 903. BUSINESS CONTINUITY AND DISASTER RECOVERY. State agencies shall comply with the business continuity and disaster recovery policies, guidelines, and statements of direction developed by the department of information services and the information services board in consultation with state agencies. To ensure that agency
business continuity and disaster recovery activities identify the primary risks across state agencies, account for dependencies between agencies, capitalize on economies of scale, and avoid unnecessary duplication of costs and efforts, state agencies shall receive the prior approval of the department of information services before implementing business continuity and disaster recovery strategies and expending funds for business continuity activities.

**NEW SECTION.** Sec. 904. VIDEO TELECOMMUNICATIONS. The department of information services shall act as lead agency in coordinating video telecommunications services for state agencies. As lead agency, the department shall develop standards and common specifications for leased and purchased telecommunications equipment and assist state agencies in developing a video telecommunications expenditure plan. The options may include, but are not limited to, financial incentives for: Voluntary resignation and retirement, voluntary leave-without-pay, voluntary workweek or work hour reduction, voluntary downward movement, or temporary separation for development purposes. No employee shall have a contractual right to a financial incentive offered pursuant to this section.

Agencies shall report on the outcomes of their plans, and offers shall be reviewed and monitored jointly by the department of personnel and the department of retirement systems, for reporting to the office of financial management by December 1, 2006.

**NEW SECTION.** Sec. 910. VOLUNTARY RETIREMENT INCENTIVES. Agencies participating in this authorization are required to submit a report by June 30, 2007, to the legislature and the office of financial management on the outcome of their approved retirement incentive program. The report should include information on the details of the program including resulting service delivery changes, agency efficiencies, the cost of the retirement incentive per participant, the total cost to the state, and the projected or actual net dollar savings over the 2005-07 biennium.
NEW SECTION. Sec. 911. AGENCY EXPENDITURES FOR MOTOR VEHICLES. The use of hybrid motor vehicles reduces air contaminants, greenhouse gas emissions and reliance on imported sources of petroleum. To foster the use of hybrid motor vehicles, beginning July 1, 2005, before the purchase or lease of a motor vehicle, state agencies should first consider the feasibility of hybrid motor vehicles. State agencies should strive to purchase or lease a hybrid motor vehicle when the use of such vehicle is consistent with and can accomplish the agency's mission and when the purchase is financially reasonable. The financial assessment should include savings accruing from reduced fuel purchases over the life of the vehicle. Agencies shall report on their purchases of hybrid vehicles in their biennial sustainability plans as required under executive order 02-03.

The superintendent, in consultation with the regional transportation coordinators of the educational service districts, shall establish competitive specifications for each category of school bus. The categories shall be developed to produce minimum long-range operating costs, including costs of equipment and all costs in operating the vehicles. The categories, for purposes of comparative studies, will be at a minimum the same as those in the beginning of the 1994-95 school year. The competitive specifications shall meet federal motor vehicle safety standards, minimum state specifications as established by rule by the superintendent, and supported options as determined by the superintendent in consultation with the regional transportation coordinators of the educational service districts. In fiscal ((year 2005)) years 2006 and 2007, the superintendent may solicit and accept price quotes for a rear-engine category school bus that shall be reimbursed at the price of the corresponding front engine category.

(2) After establishing school bus categories and competitive specifications, the superintendent of public instruction shall solicit competitive price quotes from school bus dealers to be in effect for one year and shall (a) except in fiscal ((year 2005)) years 2006 and 2007, establish a list of the lowest competitive price quotes obtained under this subsection, and (b) in fiscal ((year 2005)) years 2006 and 2007, establish a list of all accepted price quotes in each category obtained under this subsection.

(3) The superintendent shall base the level of reimbursement to school districts and educational service districts for school buses on the lowest quote in each category.

(4) Notwithstanding RCW 28A.335.190, school districts and educational service districts may purchase at the quoted price directly from the dealer who is providing the lowest competitive price quote on the list established under subsection (2) of this section and in fiscal ((year 2005)) years 2006 and 2007 from any dealer on the list established under subsection (2)(b) of this section. School districts and educational service districts may make their own selections for school buses, but shall be reimbursed at the rates determined under subsection (3) of this section and RCW 28A.160.200. District-selected options shall not be reimbursed by the state. For the ((2003-05)) 2005-2007 fiscal biennium, school districts and educational service districts shall be reimbursed for buses purchased only through a lowest-price competitive bid process conducted pursuant to RCW 28A.335.190 or through the state bid process established by this section.

(5) This section does not prohibit school districts or educational service districts from conducting their own competitive bid process.

(6) The superintendent of public instruction may adopt rules under chapter 34.05 RCW to implement this section.

The higher education coordinating board shall distribute grants to eligible students under this section from moneys appropriated for this purpose. The individual grants shall not exceed, on a yearly basis, the yearly, full-time, resident, undergraduate tuition and service and activities fees in effect at the state-funded research universities. Grants to recipients attending an independent institution shall be contingent upon the institution matching on at least a dollar-for-dollar basis, either with actual money or by a waiver of fees, the amount of the grant received by the student from the state. The higher education coordinating board shall establish procedures, by rule, to disburse the awards as direct grants to the students.

(2) The higher education coordinating board shall establish rules that provide for the annual awarding of grants, if moneys are available, to three Washington scholars per legislative district except for fiscal year 2007 when no more than two scholars per district shall be selected; and, if not used by an original recipient, to the Washington scholars-alternate from the same legislative district.

grant or are deemed by the higher education coordinating board to have withdrawn from college during the first academic year following the award, then the grant shall be considered relinquished. The higher education coordinating board may then award any remaining grant amounts to the Washington scholars-alternate from the same legislative district if the grants are awarded within one calendar year of the recipient being named a Washington scholars-alternate. Washington scholars-alternates named as recipients of the grant must also demonstrate in a timely manner that they will enroll in a Washington institution of higher education during the next available term, as determined by the higher education coordinating board. The board may accept appeals and grant waivers to the enrollment requirements of this section based on exceptional mitigating circumstances of individual grant recipients.

To maintain eligibility for the grants, recipients must maintain a minimum grade point average at the college or university equivalent to 3.30. Students shall be eligible to receive a maximum of twelve quarters or eight semesters of grants for undergraduate study and may transfer among in-state public and independent colleges and universities during that period and continue to receive the grant as provided under RCW 28B.76.665. If the student's cumulative grade point average falls below 3.30 during the first three quarters or two semesters, that student may petition the higher education coordinating board which shall have the authority to establish a probationary period until such time as the student's grade point average meets required standards.

(3) No grant shall be awarded to any student who is pursuing a degree in theology.

(4) As used in this section, “independent college or university” means a private, nonprofit educational institution, the main campus of which is permanently situated in the state, open to residents of the state, providing programs of education beyond the high school level leading at least to the baccalaureate degree, and accredited by the northwest association of schools and colleges as of June 9, 1988, and other institutions as may be developed that are approved by the higher education coordinating board as meeting equivalent standards as those institutions accredited under this section.

(5) As used in this section, “public college or university” means an institution of higher education as defined in RCW 28B.10.016.

Sec. 918. RCW 28B.102.040 and 2004 c 276 s 905, 2004 c 275 s 68, and 2004 c 58 s 4 are each reenacted and amended to read as follows:

(2) If the board selects participants for the program, it shall establish a selection committee for screening and selecting recipients of the conditional scholarships. The criteria shall emphasize factors demonstrating excellence including but not limited to superior scholastic achievement, leadership ability, community contributions, bilingual ability, willingness to commit to providing teaching service in shortage areas, and an ability to act as a role model for students. Priority will be given to individuals seeking certification or an additional endorsement in math, science, technology, or special education.

(Subject to enactment of chapter 58, Laws of 2004) For fiscal years (2005) 2006 and 2007, additional priority shall be given to such individuals who are also bilingual. It is the intent of the legislature to develop a pool of dual-language teachers in order to meet the challenge of educating students who are dominant in languages other than English.

Sec. 919. RCW 41.05.050 and 2003 c 158 s 1 are each amended to read as follows:

(1) Every department, division, or separate agency of state government, and such county, municipal, school district, educational service district, or other political subdivisions as are covered by this chapter, shall provide contributions to insurance and health care plans for its employees and their dependents, the content of such plans to be determined by the authority. Contributions, paid by the county, the municipality, or other political subdivision for their employees, shall include an amount determined by the authority to pay such administrative expenses of the authority as are necessary to administer the plans for employees of those groups, except as provided in subsection (4) of this section.

(2) If the authority at any time determines that the participation of a county, municipal, or other political subdivision covered under this chapter adversely impacts insurance rates for state employees, the authority shall implement limitations on the participation of additional county, municipal, or other political subdivisions.

(3) The contributions of any department, division, or separate agency of the state government, and such county, municipal, or other political subdivisions as are covered by this chapter, shall be set by the authority, subject to the approval of the governor for availability of funds as specifically appropriated by the legislature for that purpose. Insurance and health care contributions for ferry employees shall be governed by RCW 47.64.270.

(4)(a) Beginning September 1, 2003, the authority shall collect from each participating school district and educational service district an amount equal to the composite rate charged to state agencies, plus an amount equal to the employee premiums by plan and family size as would be charged to state employees, for groups of district employees enrolled in authority plans as of January 1, 2003. However, during the 2005-07 fiscal biennium, the authority shall collect from each participating school district	
and educational service district an amount equal to the insurance benefit allocations provided in section 504 of this act, plus any additional funding provided by the legislature for school employee health benefits, plus an amount equal to the employee premiums by plan and family size as would be charged to state employees, for groups of district employees enrolled in authority plans as of July 1, 2005.

(b) For all groups of district employees enrolling in authority plans for the first time after September 1, 2003, the authority shall collect from each participating school district an amount equal to the composite rate charged to state agencies, plus an amount equal to the employee premiums by plan and by family size as would be charged to state employees, only if the authority determines that this method of billing the districts will not result in a material difference between revenues from districts and expenditures made by the authority on behalf of districts and their employees.

(c) If the authority determines at any time that the conditions in (b) of this subsection cannot be met, the authority shall offer enrollment to additional groups of district employees on a tiered rate structure until such time as the authority determines there would be no material difference between revenues and expenditures under a composite rate structure for all district employees enrolled in authority plans.

(d) The authority may charge districts a one-time set-up fee for employee groups enrolling in authority plans for the first time.

(e) For the purposes of this subsection:

(i) “District” means school district and educational service district; and

(ii) “Tiered rates” means the amounts the authority must pay to insuring entities by plan and by family size.

(f) Notwithstanding this subsection and RCW 41.05.065(3), the authority may allow districts enrolled on a tiered rate structure prior to September 1, 2002, to continue participation based on the same rate structure and under the same conditions and eligibility criteria.

(5) The authority shall transmit a recommendation for the amount of the employer contribution to the governor and the director of financial management for inclusion in the proposed budgets submitted to the legislature.

Sec. 920. RCW 41.05.065 and 2003 c 158 s 2 are each amended to read as follows:

(1) The board shall study all matters connected with the provision of health care coverage, life insurance, liability insurance, accidental death and dismemberment insurance, and disability income insurance or any of, or a combination of, the enumerated types of insurance for employees and their dependents on the best basis possible with relation both to the welfare of the employees and to the state. However, liability insurance shall not be made available to dependents.

(2) The board shall develop employee benefit plans that include comprehensive health care benefits for all employees. In developing these plans, the board shall consider the following elements:

(a) Methods of maximizing cost containment while ensuring access to quality health care;

(b) Development of provider arrangements that encourage cost containment and ensure access to quality care, including but not limited to prepaid delivery systems and prospective payment methods;

(c) Wellness incentives that focus on proven strategies, such as smoking cessation, injury and accident prevention, reduction of alcohol misuse, appropriate weight reduction, exercise, automobile and motorcycle safety, blood cholesterol reduction, and nutrition education;

(d) Utilization review procedures including, but not limited to a cost-efficient method for prior authorization of services, hospital inpatient length of stay review, requirements for use of outpatient surgeries and second opinions for surgeries, review of invoices or claims submitted by service providers, and performance audit of providers;

(e) Effective coordination of benefits;

(f) Minimum standards for insuring entities; and

(g) Minimum scope and content of public employee benefit plans to be offered to enrollees participating in the employee health benefit plans. To maintain the comprehensive nature of employee health care benefits, employee eligibility criteria related to the number of hours worked and the benefits provided to employees shall be substantially equivalent to the state employees’ health benefits plan and eligibility criteria in effect on January 1, 1993. Nothing in this subsection (2)(g) shall prohibit changes or increases in employee point-of-service payments or employee premium payments for benefits.

(3) The board shall design benefits and determine the terms and conditions of employee participation and coverage, including establishment of eligibility criteria. The same terms and conditions of participation and coverage, including eligibility criteria, shall apply to state employees and to school district employees and educational service district employees.

(4) The board may authorize premium contributions for an employee and the employee’s dependents in a manner that encourages the use of cost-efficient managed health care systems. During the 2005-2007 fiscal biennium, the board may only authorize premium contributions for an employee and the employee’s dependents that are the same, regardless of an employee’s status as represented or nonrepresented by a collective bargaining unit under the personnel system reform act of 2002. The board
shall require participating school district and educational service district employees to pay at least the same employee premiums by plan and family size as state employees pay.

(5) Employees shall choose participation in one of the health care benefit plans developed by the board and may be permitted to waive coverage under terms and conditions established by the board.

(6) The board shall review plans proposed by insuring entities that desire to offer property insurance and/or accident and casualty insurance to state employees through payroll deduction. The board may approve any such plan for payroll deduction by insuring entities holding a valid certificate of authority in the state of Washington and which the board determines to be in the best interests of employees and the state. The board shall promulgate rules setting forth criteria by which it shall evaluate the plans.

(7) Before January 1, 1998, the public employees’ benefits board shall make available one or more fully insured long-term care insurance plans that comply with the requirements of chapter 48.84 RCW. Such programs shall be made available to eligible employees, retired employees, and retired school employees as well as eligible dependents which, for the purpose of this section, includes the parents of the employee or retiree and the parents of the spouse of the employee or retiree. The technical advisory committee shall be comprised, at a minimum, of representatives of the office of the insurance commissioner, providers of long-term care services, licensed insurance agents with expertise in long-term care insurance, employees, retired employees, retired school employees, and other interested parties determined to be appropriate by the board.

(e) The health care authority shall offer employees, retired employees, and retired school employees the option of purchasing long-term care insurance through licensed agents or brokers appointed by the long-term care insurer. The authority, in consultation with the public employees’ benefits board, shall establish marketing procedures and may consider all premium components as a part of the contract negotiations with the long-term care insurer.

(f) In developing the long-term care insurance benefit designs, the public employees’ benefits board shall include an alternative plan of care benefit, including adult day services, as approved by the office of the insurance commissioner.

(g) The health care authority, with the cooperation of the office of the insurance commissioner, shall develop a consumer education program for the eligible employees, retired employees, and retired school employees designed to provide education on the potential need for long-term care, methods of financing long-term care, and the availability of long-term care insurance products including the products offered by the board.

(h) By December 1998, the health care authority, in consultation with the public employees’ benefits board, shall submit a report to the appropriate committees of the legislature, including an analysis of the marketing and distribution of the long-term care insurance provided under this section.

(1) Except as provided by RCW 41.50.255 and subsection (6) of this section, all expenses of the administration of the department, the expenses of administration of the retirement systems, and the expenses of the administration of the office of the state actuary created in chapters 2.10, 2.12, 41.26, 41.32, 41.40, 41.34, 41.35, 43.43, and 44.44 RCW shall be paid from the department of retirement systems expense fund.

If those reports were not both timely and accurate the department may prospectively assess an additional fee under this subsection.

(b) An additional fee assessed by the department under this subsection shall not exceed fifty percent of the standard fee.

(c) The department shall adopt rules implementing this section.

(6) Expenses other than those under RCW 41.34.060(3) shall be paid pursuant to subsection (1) of this section.

Such sum is to be computed in an amount directly proportional to the estimated entire expense of the administration as the ratio of monthly salaries of the employer's members bears to the total salaries of all members in the entire system. It shall then be the duty of all such employers to include in their budgets or otherwise provide the amounts so required.

(3) The department shall compute and bill each employer, as defined in RCW 41.26.030, 41.32.010, 41.35.010, 41.37.010, or 41.40.010, at the end of each month for the amount due for that month to the department of retirement systems expense fund and the same shall be paid as are its other obligations. Such computation as to each employer shall be made on a percentage rate of salary established by the department. However, the department may at its discretion establish a system of billing based upon calendar year quarters in which event the said billing shall be at the end of each such quarter.
(4) The director may adjust the expense fund contribution rate for each system at any time when necessary to reflect unanticipated costs or savings in administering the department.

Sec. 931. RCW 43.135.045 and 2003 1st sp.s. c 25 s 920 are each amended to read as follows:

(1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall deposit in the emergency reserve fund all general fund--state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of annual general fund--state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer as follows: Seventy-five percent to the student achievement fund hereby created in the state treasury and twenty-five percent to the general fund balance. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter. When per-student state funding for the maintenance and operation of K-12 education meets a level of no less than ninety percent of the national average of total funding from all sources per student as determined by the most recent published data from the national center for education statistics of the United States department of education, as calculated by the office of financial management, further deposits to the student achievement fund shall be required only to the extent necessary to maintain the ninety-percent level. Remaining funds are part of the general fund balance and these funds are subject to the expenditure limits of this chapter.

(4) The education construction fund is hereby created in the state treasury.

(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

(5) Funds from the student achievement fund shall be appropriated to the superintendent of public instruction strictly for distribution to school districts to meet the provisions set out in the student achievement act. Allocations shall be made on an equal per full-time equivalent student basis to each school district.

(6) Earnings of the emergency reserve fund under RCW 43.84.092(4)(a) shall be transferred quarterly to the multimodal transportation account, except for those earnings that are in excess of thirty-five million dollars each fiscal year. Within thirty days following any fiscal year in which earnings transferred to the multimodal transportation account under this subsection did not total thirty-five million dollars, the state treasurer shall transfer from the emergency reserve fund an amount necessary to bring the total deposited in the multimodal transportation account under this subsection to thirty-five million
dollars. The revenues to the multimodal transportation account reflected in this subsection provide ongoing support for the transportation programs of the state. However, it is the intent of the legislature that any new long-term financial support that may be subsequently provided for transportation programs will be used to replace and supplant the revenues reflected in this subsection, thereby allowing those revenues to be returned to the purposes to which they were previously dedicated. No transfers from the emergency reserve fund to the multimodal fund shall be made during the ((2003-05)) 2005-2007 fiscal biennium.

The state treasurer shall be the custodian of the fund. Disbursements from the fund shall be on authorization of the director of financial institutions or the director's designee. In order to maintain an effective expenditure and revenue control, the fund shall be subject in all respects to chapter 43.88 RCW, but no appropriation is required to permit expenditures and payment of obligations from the fund.

During the 2005-2007 fiscal biennium, the legislature may transfer from the financial services regulation fund to the state general fund such amounts as reflect the excess fund balance of the fund.

(1) An individual who is paid any amount as benefits under this title to which he or she is not entitled shall, unless otherwise relieved pursuant to this section, be liable for repayment of the amount overpaid. The department shall issue an overpayment assessment setting forth the reasons for and the amount of the overpayment. The amount assessed, to the extent not collected, may be deducted from any future benefits payable to the individual: PROVIDED, That in the absence of a back pay award, a settlement affecting the allowance of benefits, fraud, misrepresentation, or willful nondisclosure, every determination of liability shall be mailed or personally served not later than two years after the close of or final payment made on the individual's applicable benefit year for which the purported overpayment was made, whichever is later, unless the merits of the claim are subjected to administrative or judicial review in which event the period for serving the determination of liability shall be extended to allow service of the determination of liability during the six-month period following the final decision affecting the claim.

(2) The commissioner may waive an overpayment if the commissioner finds that the overpayment was not the result of fraud, misrepresentation, willful nondisclosure, or fault attributable to the individual and that the recovery thereof would be against equity and good conscience: PROVIDED, HOWEVER, That the overpayment so waived shall be charged against the individual's applicable entitlement for the eligibility period containing the weeks to which the overpayment was attributed as though such benefits had been properly paid.

(3) Any assessment herein provided shall constitute a determination of liability from which an appeal may be had in the same manner and to the same extent as provided for appeals relating to determinations in respect to claims for benefits: PROVIDED, That an appeal from any determination covering overpayment only shall be deemed to be an appeal from the determination which was the basis for establishing the overpayment unless the merits involved in the issue set forth in such determination have already been heard and passed upon by the appeal tribunal. If no such appeal is taken to the appeal tribunal by the individual within thirty days of the delivery of the notice of determination of liability, or within thirty days of the mailing of the notice of determination, whichever is the earlier, the determination of liability shall be deemed conclusive and final. Whenever any such notice of determination of liability becomes conclusive and final, the commissioner, upon giving at least twenty days notice by certified mail return receipt requested to the individual's last known address of the intended action, may file with the superior court clerk of any county within the state a warrant in the amount of the notice of determination of liability plus a filing fee under RCW 36.18.012(10). The clerk of the county where the warrant is filed shall immediately designate a superior court cause number for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the person(s) mentioned in the warrant, the amount of the notice of determination of liability, and the date when the warrant was filed. The amount of the warrant as docketed shall become a lien upon the title to, and any interest in, all real and personal property of the person(s) against whom the warrant is issued, the same as a judgment in a civil case duly docketed in the office of such clerk. A warrant so docketed shall be sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state in the manner provided by law for a civil judgment. A copy of the warrant shall be mailed to the person(s) mentioned in the warrant by certified mail to the person's last known address within five days of its filing with the clerk.

(4) On request of any agency which administers an employment security law of another state, the United States, or a foreign government and which has found in accordance with the provisions of such law that a claimant is liable to repay benefits received under such law, the commissioner may collect the amount of such benefits from the claimant to be refunded to the agency. In any case in which under this section a claimant is liable to repay any amount to the agency of another state, the United States, or a foreign government, such amounts may be collected without interest by civil action in the name of the commissioner acting as agent for such agency if the other state, the United States, or the foreign government extends such collection rights to the employment security department of the state of Washington, and provided that the court costs be paid by the governmental agency benefiting from such collection.

(5) Any employer who is a party to a back pay award or settlement due to loss of wages shall, within thirty days of the award or settlement, report to the department the amount of the award or settlement, the name and social security number of the recipient of the award or settlement, and the period for which it is awarded. When an individual has been awarded or receives
back pay, for benefit purposes the amount of the back pay shall constitute wages paid in the period for which it was awarded. For contribution purposes, the back pay award or settlement shall constitute wages paid in the period in which it was actually paid. The following requirements shall also apply:

(a) The employer shall reduce the amount of the back pay award or settlement by an amount determined by the department based upon the amount of unemployment benefits received by the recipient of the award or settlement during the period for which the back pay award or settlement was awarded;

(b) The employer shall pay to the unemployment compensation fund, in a manner specified by the commissioner, an amount equal to the amount of such reduction;

(c) The employer shall also pay to the department any taxes due for unemployment insurance purposes on the entire amount of the back pay award or settlement notwithstanding any reduction made pursuant to (a) of this subsection;

(d) If the employer fails to reduce the amount of the back pay award or settlement as required in (a) of this subsection, the department shall issue an overpayment assessment against the recipient of the award or settlement in the amount that the back pay award or settlement should have been reduced; and

(e) If the employer fails to pay to the department an amount equal to the reduction as required in (b) of this subsection, the department shall issue an assessment of liability against the employer which shall be collected pursuant to the procedures for collection of assessments provided herein and in RCW 50.24.110.

(6) When an individual fails to repay an overpayment assessment that is due and fails to arrange for satisfactory repayment terms, the commissioner shall impose an interest penalty of one percent per month of the outstanding balance. Interest shall accrue immediately on overpayments assessed pursuant to RCW 50.20.070 and shall be imposed when the assessment becomes final. For any other overpayment, interest shall accrue when the individual has missed two or more of the individual's monthly payments either partially or in full. The interest penalty shall be used, first, to fully fund either social security number cross-match audits or other more effective activities that ensure that individuals are entitled to all amounts of benefits that they are paid (section), second, to fund other detection and recovery of overpayment and collection activities, and third, during the 2005-07 fiscal biennium, the cost of the job skills program at community and technical colleges as appropriated by the legislature.

Effective no later than ((September 1, 2003)) July 1, 2005, the liquor control board shall add an equivalent surcharge of $0.42 per liter on all retail sales of spirits, excluding licensee, military, and tribal sales. (To the extent that a lesser surcharge is sufficient to raise $14,000,000, the board may reduce the amount of the surcharge.) The board shall remove the surcharge ((once it generates $14,000,000, but no later than)) June 30, (2005) 2007.

Regularly conducted hospitals may have right to purchase pure ethyl alcohol on a federal permit.

(3) The liquor control board may also fix the special price at which pure ethyl alcohol may be sold to any department, branch or institution of the state of Washington, federal government, or to any person engaged in a manufacturing or industrial business or in scientific pursuits requiring alcohol for use therein.

(4) The liquor control board may also fix a special price at which pure ethyl alcohol may be sold to any private individual, and shall make regulations governing such sale of alcohol to private individuals as shall promote, as nearly as may be, the minimum purchase of such alcohol by such persons.

The director may not expend more than fifteen million dollars for the financial assistance program.

Sec. 1101. 2004 c 276 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES.  (1) Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2004, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2004 among programs after approval by the director of financial management; and after May 1, 2005, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2005 in this act and in chapter 278, Laws of 2004 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in subsection (3)(b) of this section.

(b) To the extent that transfers under subsection (3)(a) of this section are insufficient to fund actual expenditures in excess of fiscal year 2004 and fiscal year 2005 caseload forecasts and utilization assumptions in the medical assistance, long-term
care, foster care, adoption support, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose after approval by the director of financial management.

(c) The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing prior to approving any allotment modifications or transfers under this subsection.

(4) After consultation and coordination with local elected officials and community groups to assure there will be no degradation in existing services as a result of implementing the Washington medicaid integration project, the department shall report its progress to the appropriate committees of the legislature during the 2004 September committee assembly days and is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage Medicaid expenditures for the aged and disabled population. Under this Washington medicaid integration partnership (WMIP) the department may combine and transfer such Medicaid funds appropriated under sections 204, 206, 208, and 209 of this act as may be necessary to finance a unified health care plan for the WMIP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons during the 2003-05 biennium. The amount of funding assigned to the pilot projects from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled in the pilot, times the number of clients enrolled in the pilot. In implementing the WMIP pilot projects, the department may: (a) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for individuals enrolled in the pilots; and (b) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs. The department shall conduct an evaluation of the WMIP, measuring changes in participant health outcomes, changes in patterns of service utilization, participant satisfaction, participant access to services, and the state fiscal impact.

The legislature concludes that the application of the support schedule continues to result in the correct amount of child support to be awarded. 1. Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

2. The department shall continue to extend medicaid eligibility to children through age 18 residing in households with incomes below 200 percent of the federal poverty level.

3. In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(d) The department may require point-of-service copayments as appropriate, except that copayments shall not be so high as to discourage appropriate service utilization, particularly of prescription drugs needed for the treatment of psychiatric conditions.

(5) Sufficient funds are appropriated in this section for the department to continue podiatry services for medicaid-eligible adults.

(6) Sufficient funds are appropriated in this section for the department to provide an adult dental benefit equivalent to approximately 75 percent of the dental benefit provided during the 2001-03 biennium. The department shall establish the scope of services to be provided within the available funds in consultation with dental providers and consumer representatives.

(7) The legislature reaffirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(8) In accordance with RCW 74.46.625, $35,953,000 of the fiscal year 2004 health services account appropriation, $20,577,000 of the fiscal year 2005 health services account appropriation, and $61,037,000 of the general fund--federal appropriation are provided solely for supplemental payments to nursing homes operated by rural public hospital districts. (9) $12,318,000 of the health services account appropriation for fiscal year 2004, $10,738,000 of the health services account appropriation for fiscal year 2005, and $23,056,000 of the general fund--federal appropriation are provided solely for additional disproportionate share and medicare upper payment limit payments to public hospital districts and to the state's teaching hospitals. The payments shall be conditioned upon a contractual commitment by the participating public hospitals to make an intergovernmental transfer to the state treasurer to be used for medicaid nursing home rate setting. It is the legislature's intent that the payments provided in this subsection shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs to improve access to healthcare at nursing facilities otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. A (hospital) nursing home which does not participate in the supplemental payment intergovernmental transfer budgeted for fiscal year 2003 shall not be eligible to participate in the supplemental payments budgeted in this subsection for fiscal year 2004. The participating districts shall retain no more than a total of $9,600,000 for the 2003-05 biennium.

(11) $36,002,000 of the health services account appropriation and $26,080,000 of the general fund--federal appropriation are provided solely for grants to nonrural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.
(12) $302,000 of the general fund—state appropriation for fiscal year 2004, ($1,671,000) $1,633,000 of the general fund—state appropriation for fiscal year 2005, and ($17,257,000) $17,410,000 of the general fund—federal appropriation are provided solely for development and implementation of a replacement system for the existing medicaid management information system. The medicaid management information system replacement project shall comply with section 902, chapter 25, Laws of 2003 1st sp. sess.

In designing strategies, the primary strategy considered shall be selective or direct contracting with durable medical equipment and supplies vendors or manufacturers.

(14) The department shall, within available resources, design and implement a medical care services care management pilot project for clients receiving general assistance benefits. The pilot project shall be operated in at least two of the counties with the highest concentration of general assistance clients, and may use a full or partial capitation model. In designing the project, the department shall consult with the mental health division and its managed care contractors that include community and migrant health centers in their provider network. (16) The department shall include in any pending medicaid reform section 1115 waiver application, or in any existing section 1115 waiver, a request for authorization to provide optional medicaid services that have been eliminated in this act to American Indian and Alaska Native persons as defined in relevant federal law who are eligible for medicaid only to the extent that such services are provided through the American Indian health system and are financed with one hundred percent federal medicaid matching funds.

(17) The department shall establish managed care rates within available funds, in a manner that promotes health plan efficiency, encourages continuity of service, and assures access in underserved areas.

(18) The department of social and health services, the office of the superintendent of public instruction, and the department of health should jointly identify opportunities for early intervention and prevention activities that can help prevent disease and reduce oral health issues among children. Disease prevention among infants at the age of one year and among children entering the K-12 education system provides cost-effective ways to avoid higher health care spending later in life.

(19) The department shall secure a federal waiver, effective no later than September 1, 2003, which will enable it to charge ((2.2)) premiums for medical and dental coverage of children whose family incomes exceed the federal poverty level.

The participating districts shall retain no more than $6,607,000 of the total additional amount paid.

(22) $10,000,000 of the general fund—federal and ($10,000,000) $20,000,000 of the general fund—local funds are provided solely to increase payments in the inpatient upper payment limit program for the state's teaching hospitals. Payments shall be made to the extent allowable under federal medicaid rule and law. The department shall work with the teaching hospitals to identify allowable sources of funding for the required match and to assure that the teaching hospitals are responsible for repayment of any disallowed federal matching funds.

The land and timber acquired with the funding in this subsection shall be managed for the benefit of the common schools. By June 30, 2004, if the department has not recovered through trust asset management the state's capital investment from the land acquisition provided in this subsection, the department shall seek reimbursement from the federal government.

(b) As used in this subsection, the column headings "BA+(N)" refer to the number of credits earned since receiving the baccalaureate degree.

(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+(N)" refer to the total of:

(i) Credits earned since receiving the masters degree; and

(ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(5) For the purposes of this section:

(a) "BA" means a baccalaureate degree.

(b) "MA" means a masters degree.

(c) "PHD" means a doctorate degree.

(d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.

(e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this act, or any replacement schedules and documents, unless:

(a) The employee has a masters degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

(7) The certificated instructional staff base salary specified for each district in LEAP Document 12E and the salary schedules in subsection (4)(a) of this section include two learning improvement days. A school district is eligible for the learning improvement day funds only if the learning improvement days have been added to the 180-day contract year. If fewer days are added, the additional learning improvement allocation shall be adjusted accordingly. The length of a learning improvement day shall not be less than the length of a full day under the base contract. The superintendent of public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.

(8) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2), subsection (7) of this section, and section 504(1) of this act.

Sec. 1404. 2004 c 276 s 504 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS

General Fund--State Appropriation (FY 2004) $28,604,000

General Fund--State Appropriation (FY 2005) ($132,202,000)

General Fund--Federal Appropriation

($663,000)

TOTAL APPROPRIATION ($161,469,000)

$161,491,000
The appropriations in this section are subject to the following conditions and limitations:

(1) $8,944,000 of the general fund--state appropriation for fiscal year 2004 and ($20,339,000) $20,366,000 of the general fund--state appropriation for fiscal year 2005 are provided solely to provide a salary adjustment for state formula certificated instructional staff units in their first seven years of service. Consistent with the statewide certificated instructional staff salary allocation schedule in section 503 of this act, sufficient funding is provided to increase the salary of certificated instructional staff units in the 2003-04 school year and the 2004-05 school year by the following percentages: Three percent for certificated instructional staff in their first and second years of service; two and one-half percent for certificated instructional staff in their third year of service; one and one-half percent for certificated instructional staff in their fourth year of service; one percent for certificated instructional staff in their fifth year of service; and one-half of a percent for certificated instructional staff in their sixth and seventh years of service. These increases will take effect September 1, 2003 and September 1, 2004.

(a) In order to receive funding provided in this subsection, school districts shall certify to the office of superintendent of public instruction that they will provide the percentage increases in the amounts specified in this subsection. In cases where a school district increased the amounts specified in this subsection would cause that school district to be out of compliance with RCW 28A.400.200, they may provide salary increases in different amounts but only to the extent necessary to come into compliance with RCW 28A.400.200. Funds provided in this subsection shall be used exclusively for providing the percentage increases specified in this subsection to the certificated staff units in their first seven years of service and shall not be used to supplant any other state or local funding for compensation for these staff.

(b) The appropriations include associated incremental fringe benefit allocations at rates of 9.04 percent for school year 2003-04 and (9.05) 9.02 percent for school year 2004-05 for certificated staff. Increases for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Increases for special education result from increases in each district's basic education allocation per student. Increases for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.

(2) ($5,452,000) $5,443,000 of the general fund--state appropriation is provided solely to provide a salary adjustment for state formula classified units of one percent effective September 1, 2004, and ($126,598,000) $126,605,000 is provided solely for adjustments to insurance benefit allocations.

(a)(i) In order to receive funding provided in this subsection for salary adjustments for state formula classified units, school districts shall certify to the office of superintendent of public instruction that they will provide the percentage increases in the amounts specified in this subsection. Funds provided in this subsection for this purpose shall be used exclusively for providing the percentage increases specified in this subsection to classified staff units and shall not be used to supplant any other state or local funding for compensation for these staff.

(ii) The appropriations include associated incremental fringe benefit allocations at rates of (8.75) 8.72 percent for the 2004-05 school year for classified staff. The appropriations in this section include the increased portion of salaries and incremental fringe benefits for all relevant state-funded school programs in this part V of this act. Increases for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Increases for special education result from increases in each district's basic education allocation per student. Increases for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.

(b) The maintenance rate for insurance benefit allocations is $457.07 per month for the 2003-04 and 2004-05 school years. The appropriations in this section provide for a rate increase to $481.31 per month for the 2003-04 school year and $582.47 per month for the 2004-05 school year.

(3) The appropriations in this section provide salary adjustments and incremental fringe benefit allocations based on formula adjustments as follows:

The appropriations in this section are subject to the following conditions and limitations:

1. Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

2. A maximum of $768,000 of this fiscal year 2004 appropriation and a maximum of $774,000 of the fiscal year 2005 appropriation may be expended for regional transportation coordinators and related activities. The transportation coordinators shall ensure that data submitted by school districts for state transportation funding shall, to the greatest extent practical, reflect the actual transportation activity of each district.

3. $5,000 of the fiscal year 2004 appropriation and $5,000 of the fiscal year 2005 appropriation are provided solely for the transportation of students enrolled in "choice" programs. Transportation shall be limited to low-income students who are transferring to "choice" programs solely for educational reasons.

4. Allocations for transportation of students shall be based on reimbursement rates of $39.21 per weighted mile in the 2003-04 school year and $39.30 per weighted mile in the 2004-05 school year exclusive of salary and benefit adjustments provided in section 504 of this act. Allocations for transportation of students transported more than one radius mile shall be based on weighted miles as determined by superintendent of public instruction multiplied by the per mile reimbursement rates for the school year pursuant to the formulas adopted by the superintendent of public instruction. Allocations for transportation of students living within one radius mile shall be based on the number of enrolled students in grades kindergarten through five living within one radius mile of their assigned school multiplied by the per mile reimbursement rate for the school year multiplied by 1.29.

5. For buses purchased between July 1, 2003, and June 30, 2004, the office of superintendent of public instruction shall provide reimbursement funding to a school district only after the superintendent of public instruction determines that the school bus was purchased from the list established pursuant to RCW 28A.160.195(2) or a comparable competitive bid process based on the lowest price quote based on similar bus categories to those used to establish the list pursuant to RCW 28A.160.195. The competitive specifications shall meet federal motor vehicle safety standards, minimum state specifications as established by rule by the superintendent, and supported options as determined by the superintendent in consultation with the regional transportation coordinators of the educational service districts.

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL FOOD SERVICE PROGRAMS

| General Fund--State Appropriation (FY 2004) | $3,100,000 |
| General Fund--State Appropriation (FY 2005) |
The appropriations in this section are subject to the following conditions and limitations:

(1) $3,000,000 of the general fund--state appropriation for fiscal year 2004 and $3,000,000 of the general fund--state appropriation for fiscal year 2005 are provided for state matching money for federal child nutrition programs.

(2) $100,000 of the general fund--state appropriation for fiscal year 2004 and $100,000 of the 2005 fiscal year appropriation are provided for summer food programs for children in low-income areas.

Sec. 1407. 2004 c 276 s 507 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS

General Fund--State Appropriation (FY 2004) $435,061,000

General Fund--State Appropriation (FY 2005) ($426,802,000)

General Fund--Federal Appropriation ($426,450,000)

TOTAL APPROPRIATION ($1,288,313,000)

$1,291,279,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall use the excess cost methodology developed and implemented for the 2001-02 school year using the S-275 personnel reporting system and all related accounting requirements to ensure that:

(i) Special education students are basic education students first;
(ii) As a class, special education students are entitled to the full basic education allocation; and
(iii) Special education students are basic education students for the entire school day.

(b) The S-275 and accounting changes in effect since the 2001-02 school year shall supercede any prior excess cost methodologies and shall be required of all school districts.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state and federal funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(5)(a) For the 2003-04 and 2004-05 school years, the superintendent shall make allocations to each district based on the sum of:

(i) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and
(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent. Increases in enrollment percent from 12.7 percent to 13.0 percent shall be funded from the general fund--federal appropriation.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, $25,746,000 of the general fund--federal appropriation is provided for safety net awards for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (5) of this section. If safety net awards exceed the amount appropriated in this subsection (8), the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional revenues from federal and local sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff from the office of superintendent of public instruction;
(b) Staff of the office of the state auditor; and
(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(11) A maximum of $678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(12) $1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(13) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly related to inclusion issues.
(14) A maximum of $1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services. The superintendent shall prepare an information database on laws, best practices, examples of programs, and recommended resources. The information may be disseminated in a variety of ways, including workshops and other staff development activities.

(15) A school district may carry over from one year to the next year up to 10 percent of the general fund--state funds allocated under this program; however, carry over funds shall be expended in the special education program.

The motion by Senator Prentice carried and the Report of the Conference Committee was adopted by voice vote.

The President declared the question before the Senate to be the final passage of Engrossed Substitute Senate Bill No. 6090, as recommended by the Conference Committee.

Senator Kohl-Welles and McAuliffe spoke in favor of passage of the bill.

POINT OF INQUIRY

Senator McAuliffe: "Will the Senator from the Eleventh District yield to a question? Senator, concerns have been raised about the legislative intent regarding K-12 employees in section 728 of the conference budget agreement. Could you explain the legislative intent regarding these issues?"

Senator Prentice: "Yes, I’d be happy to. Section 728 of the conference budget agreement sets aside $20,000,000 of the public employee and retirees insurance account as a contingency to fund higher employee health care contribution rates if health care inflation is higher than the amounts assumed in the budget. If additional funds are needed, the legislature intends to appropriate additional funds to cover the cost of inflation up to a maximum of eleven percent. While this section primarily deals with state employee health care inflation, it is also the legislative intent to appropriate sufficient funds in the supplemental budget for this same percentage increase in K-12 employer health care contribution rates. And I believe now its time to vote.

The reappropriations are provided solely to provide grants to conservation districts to assist the agricultural community to implement water conservation measures and irrigation efficiencies in the 16 critical basins. A conservation district receiving funds shall manage each grant to ensure that a portion of the water saved by the water conservation measure or irrigation efficiency will be placed as a purchase or lease in the trust water rights program to enhance instream flows. The proportion of saved water placed in the trust water rights program must be equal to the percentage of the public investment in the conservation measure or irrigation efficiency. The percentage of the public investment may not exceed 85 percent of the total cost of the conservation measure or irrigation efficiency. In awarding grants, a conservation district shall give first priority to family farms.

NEW SECTION. Sec. 330. FOR THE DEPARTMENT OF ECOLOGY
Watershed Plan Implementation and Flow Achievement (06-2-003)

The appropriation in this section is subject to the following conditions and limitations: $12,000,000 of the appropriation is provided solely for projects and water right acquisitions to support watershed planning efforts and achieving instream flows subject to the following project types, conditions, and limitations:

(1) Up to $1,353,172 of the appropriation is provided to improve irrigation efficiency and to achieve associated flow improvements in the Twisp and Methow rivers by providing for cleaning and lining and/or piping of 30,943 linear feet of the irrigation canal within the lower (downstream) seven miles of the Methow Valley irrigation district's west canal. Of this amount, up to $100,000 is provided for a neutral independent consultant to provide management assistance to the Methow Valley irrigation district for purposes of identifying structural and operational improvements to increase overall system water use efficiency.

(2) Up to $200,000 of the appropriation is provided for a portion of the costs of the project level environmental impact statement for the Ahtanum creek watershed restoration program, including construction of the Pine Hollow reservoir, provided there is agreement among the Yakama nation, Ahtanum irrigation district, and other jurisdictional federal, state, and local agencies and entities to proceed with the environmental impact statement.

(3) Up to $75,000 of the appropriation is provided to formalize the Ahtanum creek watershed restoration program, including identification of site specific habitat improvement projects and determination of the most appropriate restoration program alternative to implement.

(4) Up to $1,500,000 of the appropriation is provided to reduce diversions from the Dungeness river through pipeline projects identified in the Dungeness river comprehensive irrigation district management plan. For at least one year from the effective date of this section, while the parties seek resolution of the court action filed in Thurston county superior court, No. 04-2-00078-2, none of these funds may be allocated to any projects in the Dungeness river basin that are within the area that is the zone of contribution for ground and surface water infiltration to the existing Graysmarsh wetland.

(5) $100,000 of the appropriation is provided solely to the city of Normandy Park to implement the basin plan for the Miller/Walker and Salmon creek basins.

(6) Water storage grants for the development of plans, engineering and financing reports, acquiring lands and facilities, and other preconstruction activities associated with the development of water storage and groundwater storage and recovery projects. Proposed projects should be consistent with the recommendations of the water storage task force. The department of ecology would issue grants in consultation with the departments of agriculture and fish and wildlife.

(7) Infrastructure improvement projects and other water management actions that benefit stream flows and enhance water supply to resolve conflicts among water needs for municipal water supply, agriculture water supply, and fish restoration. The stream flow improvements and other public benefits secured from these projects should be commensurate with the investment of state funds.

(8) Projects for planning, acquisition, construction, and improvement of agriculture water supply facilities and achieving water conservation and water use efficiency improvements.

(9) Financial assistance to purchase and install water measuring devices at points of diversion and withdrawal. Preference would be given to fish-critical basins, to areas participating in the department of fish and wildlife fish screening and cooperative compliance programs, and to basins where watershed planning has determined additional water diversion and withdrawal information is needed.

(10) Funding for acquisition of either water or water rights, or both, for instream flow achievement and establishment of water accounts. The appropriation is provided for either the purchase or lease, or both, of water rights. It is also provided for the purpose of improving stream and river flows in fish critical basins under the trust water rights program under chapters 90.42 and 90.38 RCW.

(11) The department shall provide small grants to watershed councils that have completed watershed plans. The grants are intended to support periodic meetings of the councils so that they can monitor the implementation of watershed plans.

Trust Land Transfer (06-2-012)

The appropriations in this section are subject to the following conditions and limitations:

(1) The total appropriation is provided to the department solely to transfer from trust status or enter into thirty-year timber harvest restrictive easements/leases for certain trust lands of statewide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, open space, or recreation purposes.

(2) Property transferred under this section shall be appraised and transferred at fair market value. The value of the timber transferred shall be deposited by the department to the common school construction account in the same manner as timber revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040. The value of the land transferred shall be deposited in the natural resources real property replacement account. No deduction shall be made for the resource management cost account under RCW 79.64.040.

(3) Except as provided under subsection (11) of this section, property subject to easement/lease agreements under this section shall be appraised at fair market value both with and without the imposition of the easement/lease. The entire difference in appraised value shall be deposited by the department to the common school construction fund in the same manner as lease revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040.

(4) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs.

(5) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

(6) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section for a minimum period of thirty years. The department, in consultation with the receiving state agencies, shall develop policy to address requests to replace transferred properties subject to the recorded property instrument that are no longer deemed appropriate for the purposes identified in subsection (1) of this section.

(7) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.

(8) Except as provided in subsection (11) of this section, the department shall execute trust land transfers and easements/leases such that, after the deduction of reasonable costs as provided in subsection (4) of this section, eighty percent of the appropriation in this section is deposited in the common school construction fund. To achieve the 80:20 ratio, the department may offset transfers of property with low timber-to-land ratios with easements/leases on other properties.

(9) On June 30, 2007, the state treasurer shall transfer all remaining uncommitted funds from this appropriation to the common school construction fund and the appropriations in this section shall be reduced by an equivalent amount.

(10) The appropriations in this section are provided for a list of projects in LEAP capital document No. 2005-17, as developed on April 16, 2005.

(11) The department may, after the deduction of reasonable costs as provided in subsection (4) of this section, execute leases for an initial term not to exceed fifty years, for Smugglers Cove, Cultus Bay, and Strawberry Point. Leases executed under this subsection may be renewed for an additional thirty-year period, under terms and conditions established by the
department, including revaluation. Trust land transfer leases under this subsection shall not be subject to the 80:20 ratio of timber value to land value required in subsection (8) of this section. Revenues derived from leases under this subsection shall be deposited in the appropriate account as provided by law.

Prevention and Intervention Study to Stabilize Inmate Population (06-2-952)

The appropriation in this section is subject to the following conditions and limitations: The appropriation is provided solely for the Washington state institute for public policy to study options to stabilize future prison population. The legislature intends to examine options that could stabilize the adult inmate population growth at the projected 2007 level in order to avoid construction of major prison facilities after construction of the Coyote Ridge correctional center. To do this, the legislature finds that sentencing options need to be examined in conjunction with prevention and intervention programs. The legislature finds that existing and current research underway by the Washington state institute for public policy can be synthesized to develop these options, in conjunction with sentencing options that will be developed by the sentencing guidelines commission. The Washington state institute for public policy shall build on the study required by chapter . . . (Engrossed Substitute Senate Bill No. 5763 (mental disorders treatment)), Laws of 2005, and study the net short-run and long-run fiscal savings to state and local governments of implementing evidence-based treatment human service and corrections programs and policies, including prevention and intervention programs, sentencing alternatives, and the use of risk factors in sentencing. The institute shall use the results from its 2004 report on cost-beneficial prevention and early intervention programs and its work on effective adult corrections programs to project total fiscal impacts under alternative implementation scenarios. The institute shall provide an interim report to the appropriate committees of the legislature by January 1, 2006, and a final report by October 1, 2006.

The study shall compare the costs, operations, and educational approach of the two schools, including differences in the cultural and educational needs of the populations served; the extent of collaboration with public schools; and alignment between current and future service delivery, current capital facilities, and the schools' ten-year capital plans. The study shall also include a comparison to services provided in public schools; recommend how the schools could configure service delivery to complement and support school district programs; and examine which state agency should have responsibility for governance and oversight of the schools. To reduce duplication, the institute may update studies of the state school for the deaf conducted in 2002. The institute shall submit the comparative study to the appropriate policy and fiscal committees of the legislature by December 1, 2005.

PART 6
NEW SECTION. Sec. 901. The estimated debt service costs impacting future general fund expenditures related solely to new capital appropriations within this act are $19,503,912 during the 2005-2007 fiscal period; $128,151,322 during the 2007-2009 fiscal period; $200,451,220 during the 2009-2011 fiscal period; $207,686,311 during the 2011-2013 fiscal period; and $210,558,739 during the 2013-2015 period.

NEW SECTION. Sec. 902. (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management. The office of financial management shall notify the house of representatives capital budget committee and the senate ways and means committee of allotment releases based on review by the office of financial management. No expenditure may be incurred or obligation entered into for appropriations in this act until the office of financial management has given final approval to the allotment of the funds to be expended or encumbered. For allotments under this act, the allotment process includes, in addition to the statement of proposed expenditures for the current biennium, a category or categories for any reserve amounts and amounts expected to be expended in future biennia. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110. Contracts shall not be executed that call for expenditures in excess of the approved allotment, and the total amount shown in such contracts for the cost of future work that has not been appropriated shall not exceed the amount identified for such work in the level of funding approved by the office of financial management at the completion of predesign.

(2) The legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

NEW SECTION. Sec. 903. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act in excess of $5,000,000 shall not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign and other documents, and approved an allotment for the project that includes specific authorization to enter into a contract to expend or encumber funds. The predesign document shall include but not be limited to program, site, and cost analysis in accordance with the predesign manual adopted by the office of financial management. To improve monitoring of major construction projects, progress reports shall be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports will be submitted on July 1st and December 31st each year in a format to be developed by the office of financial management.

NEW SECTION. Sec. 904. Appropriations in this act for design and construction of facilities on higher education campuses shall be expended only after funds are allotted to institutions of higher education on the basis of: (1) Comparable unit cost standards, as determined by the office of financial management in consultation with the higher education coordinating board; (2) costs consistent with other higher education teaching facilities in the state; and (3) student full-time equivalent enrollment levels as established by the office of financial management in consultation with the higher education coordinating board.

NEW SECTION. Sec. 905. (1) To ensure that minor works appropriations are carried out in accordance with legislative intent, funds appropriated in this act shall not be allotted until project lists are on file at the office of financial management and the office of financial management has formally approved the lists. Proposed revisions to the lists must be filed with and approved by the office of financial management before funds may be expended on the revisions.

(2)(a) Minor works projects are single line appropriations that include multiple projects valued between $25,000 and $1,000,000 each that are of a similar nature and can generally be completed within two years of the appropriation with the funding provided. Minor works categories include (i) health, safety, and code requirements; (ii) facility preservation; (iii) infrastructure preservation; and (iv) program improvement or expansion. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the above minor works categories.

(b) Minor works appropriations shall not be used for, among other things: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; or to supplement funding for projects with funding shortfalls unless expressly authorized elsewhere in this act. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.
The office of financial management has approved the allotment of the funds for transfers are specifically authorized by the legislature. Transfers are effected in the amount of the appropriation remains unexpended. Funds will be transferred within thirty days from the date of transfer. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer. The office of financial management shall report the following to the appropriate fiscal committees of the legislature:

NEW SECTION. Sec. 906. (1) The governor, through the office of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intened by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) Transfers of funds to an agency's infrastructure savings appropriation are subject to review and approval by the office of financial management. Expenditures from an infrastructure savings appropriation are limited to projects that have a primary purpose to correct infrastructure deficiencies or conditions that: (a) Adversely affect the ability to utilize the infrastructure for its current programmatic use; (b) reduce the life expectancy of the infrastructure; or (c) increase the operating costs of the infrastructure for its current programmatic use. Eligible infrastructure projects may include structures and surface improvements, site amenities, utility systems outside building footprints and natural environmental changes or requirements as part of an environmental regulation, a declaration of emergency for an infrastructure issue in conformance with RCW 43.88.250, or infrastructure planning as part of a facility master plan.

(5) A report of any transfer effected under this section, except emergency projects or any transfer under $250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 907. (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

(4) The office of financial management shall report the following to the appropriate fiscal committees of the legislature by January 30, 2007: (a) A listing of reappropriations in the governor's 2007-2009 capital budget recommendation that will be reappropriated more than once and have ten percent or more of the original appropriation unexpended; and (b) an explanation of why the appropriation remains unexpended.

NEW SECTION. Sec. 908. The legislature finds that the state's public four-year institutions and the higher education coordinating board have made substantial progress in developing a process to create a single prioritized list of capital project requests as required under RCW 28B.76.220. The legislature also recognizes that continuing work by the institutions and the
board is needed to refine the methodology for determining the ranking of project requests, and that this work will benefit from additional legislative guidance. Therefore, the higher education coordinating board and the public four-year institutions, in developing and submitting the single prioritized project list of capital project requests under RCW 28B.76.220, shall use the following additional guidelines:

(1) Representatives of the board shall participate in the process of scoring projects using the criteria in the board's biennial budget guidelines. Representatives of the board shall also review the preliminary project list to verify the scoring and ranking of projects. As required under RCW 28B.76.210, institutions must submit the preliminary project list to the board by August 1st of each even-numbered year to enable this review. Any disagreements over project scorings or rankings shall be resolved as provided under RCW 28B.76.220(4).

(2) The board's biennial budget guidelines and the prioritization process shall place a greater emphasis on early critical review of project proposals at the pre-design phase, rather than deferring critical review and prioritization to the design or construction phases of a project.

(3) When projects are aggregated into single line-item requests, each project must meet the definition of minor works according to the capital budget instructions issued by the office of financial management. All major projects must be listed and ranked as individual line-item requests.

(4) The scoring and ranking of projects shall not be based on assigning an equal number of overall points to each public four-year institution, but shall reflect an assignment of points to individual projects based on the priorities and criteria in this section and in the board's biennial budget guidelines.

(5) Projects shall not be ranked on the basis of a project funding source.

(6) In consultation with the appropriate fiscal and policy committees of the legislature, the board shall identify statewide priorities for higher education capital investments and incorporate those priorities into its biennial budget guidelines. The statewide priorities shall address the need for higher education capital projects to:
   (a) Implement a specific legislatively authorized program or planning priority;
   (b) Reduce the backlog of deferred building or system preservation, renewal, or replacement;
   (c) Provide additional capacity or adaptation of space for high demand instructional or research programs;
   (d) Provide additional instructional program capacity for under-served geographic regions or populations; and
   (e) Reflect institutional planning priorities and areas of emphasis.

(7) The board's biennial budget guidelines shall include a quantitative method for scoring projects on the identified priorities. The quantitative method shall include use of the facility condition index developed by the joint legislative audit and review committee for assessing building or system condition, and use of the board's space utilization and allocation standards for assessing the need for additional capacity.

NEW SECTION. Sec. 909. ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS. The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. NEW SECTION. Sec. 910. FOR THE ARTS COMMISSION--ART WORK ALLOWANCE POOLING. (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the superintendent of public instruction and representatives of school district boards.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding two hundred thousand dollars by colleges or universities is provided solely for the purposes of RCW 28B.10.027. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the board of regents or trustees.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency as defined in RCW 43.17.020 is provided solely for the purposes of RCW 43.17.200. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the state agency.

(4) At least eighty-five percent of the moneys spent by the Washington state arts commission during the 2005-2007 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art. The commission may use up to $100,000 of this amount to contract for service to conserve or maintain existing pieces in the state art collection pursuant to chapter . . . (House Bill No. 2188 (funding the conservation of the state art collection)), Laws of 2005.

NEW SECTION. Sec. 911. The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2007-09 biennium and the following four biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

NEW SECTION. Sec. 912. "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2005, from the 2003-2005 biennial appropriations for each project.

NEW SECTION. Sec. 913. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 914. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

NEW SECTION. Sec. 915. (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

NEW SECTION. Sec. 916. Any capital improvements or capital projects involving construction or major expansion of a state office facility, including, but not limited to, district headquarters, detachment offices, and off-campus faculty offices, must be reviewed by the department of general administration for possible consolidation, colocation, and compliance with state office standards before allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

NEW SECTION. Sec. 917. The military department shall file quarterly progress reports in addition to the annual project progress reporting requirement of RCW 43.88.160(3). These reports must contain local, state, and federal funding reconciliation and balance sheets for all appropriated readiness center projects and detail any federal intentions on future readiness centers and other facilities.
NEW SECTION, Sec. 918. NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the state building construction account, or any other account receiving bond proceeds, may be transferred to the state taxable building construction account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority from the state building construction account, or any other account receiving bond proceeds, to the state taxable building construction account is necessary.

NEW SECTION, Sec. 919. The office of financial management, in consultation with the department of general administration, shall identify capital projects that may benefit from an energy analysis to determine whether there are alternate, more economical, and energy efficient means of completing the work. The office of financial management shall hold appropriations in allotment reserve on the following types of capital projects until this analysis can be completed: Heating, ventilation, and air conditioning modifications, chiller plants, steam plants, boilers, chilled water or steam lines, building control systems, lighting improvements, or other major energy using systems that may warrant additional analysis. Agencies receiving appropriations for such projects are encouraged to utilize energy performance contracts or alternative financing for equipment in lieu of state appropriated funds. The office of financial management may transfer funds remaining in allotment reserve to infrastructure savings projects within the agency that has realized savings from energy efficiency alternatives.

Sec. 920. RCW 43.135.045 and 2003 1st sp.s. c 25 s 920 are each amended to read as follows:

(1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall deposit in the emergency reserve fund all general fund--state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of annual general fund--state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer as follows: Seventy-five percent to the student achievement fund hereby created in the state treasury and twenty-five percent to the general fund balance. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter. When per-student state funding for the maintenance and operation of K-12 education meets a level of no less than ninety percent of the national average of total funding from all sources per student as determined by the most recent published data from the national center for education statistics of the United States department of education, as calculated by the office of financial management, further deposits to the student achievement fund shall be required only to the extent necessary to maintain the ninety-percent level. Remaining funds are part of the general fund balance and these funds are subject to the expenditure limits of this chapter.

(4) The education construction fund is hereby created in the state treasury.

(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction. During the fiscal years beginning July 1, 2005, and ending June 30, 2007, funds may also be used for higher education facilities preservation and maintenance.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

(5) Funds from the student achievement fund shall be appropriated to the superintendent of public instruction strictly for distribution to school districts to meet the provisions set out in the student achievement act. Allocations shall be made on an equal per full-time equivalent student basis to each school district.

(6) Earnings of the emergency reserve fund under RCW 43.84.092(4)(a) shall be transferred quarterly to the multimodal transportation account, except for those earnings that are in excess of thirty-five million dollars each fiscal year. Within thirty days following any fiscal year in which earnings transferred to the multimodal transportation account under this subsection did not total thirty-five million dollars, the state treasurer shall transfer from the emergency reserve fund an amount necessary to bring the total deposited in the multimodal transportation account under this subsection to thirty-five million dollars. The revenues to the multimodal transportation account reflected in this subsection provide ongoing support for the transportation programs of the state. However, it is the intent of the legislature that any new long-term financial support that may be subsequently provided for transportation programs will be used to replace and supplant the revenues reflected in this
subsection, thereby allowing those revenues to be returned to the purposes to which they were previously dedicated. No transfers from the emergency reserve fund to the multimodal fund shall be made during the 2003-05 fiscal biennium.

**Sec. 921.** RCW 43.88.032 and 1997 c 96 s 5 are each amended to read as follows:

(1) Normal maintenance costs, except for funds appropriated for facility preservation of state institutions of higher education, shall be programmed in the operating budget rather than in the capital budget.

(2) All debt-financed pass-through money to local governments shall be programmed and separately identified in the budget document.

**Sec. 922.** RCW 28B.50.360 and 2004 c 277 s 910 are each amended to read as follows:

Within thirty-five days from the date of start of each quarter all collected building fees of each such community and technical college shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board if issuing bonds payable out of building fees shall certify to the state treasurer the amounts required in the ensuing twelve-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be exclusively devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) The community and technical college capital projects account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended exclusively to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community and technical colleges in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, (and during the 2003-05 biennium,) engineering and architectural services provided by the department of general administration, and for the payment of principal of and interest on any bonds issued for such purposes.

**NEW SECTION.** Sec. 923. The department of general administration shall not sell or otherwise dispose of the Tacoma Rhodes building without legislative approval. The department shall submit a business plan for the building, to include an assessment of whether this building is surplus to the state's needs and whether other state agency tenants might be housed in the building, by December 1, 2005, to the appropriate committees of the legislature.

**NEW SECTION.** Sec. 924. In accordance with the recommendation of the joint legislative audit and review committee report "Performance Audit of Capital Budget Processes," the office of financial management shall develop a plan, in consultation with legislative fiscal committees, to address weaknesses identified in that report in the oversight of facility projects. The report shall address, but not be limited to:

(1) Aligning resources to program workload;

(2) Identifying and institutionalizing best practices;

(3) Creating easily accessible and reliable information systems; and

(4) Improving the review and evaluation of projects at the predesign stage prior to the authorization of design and construction.

The office of financial management shall report on its plan to the governor and the senate committee on ways and means and house of representatives capital budget committee no later than December 1, 2005.

**Sec. 925.** RCW 43.155.050 and 2001 c 131 s 2 are each amended to read as follows:

The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated to provide for state match requirements under federal law for projects and activities conducted and financed by the board under the drinking water assistance account. Not more than fifteen percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans, emergency loans, or loans for capital facility planning under this chapter; of this amount, not more than ten percent of the biennial capital budget appropriation may be expended for emergency loans and not more than one percent of the biennial capital budget appropriation may be expended for capital facility planning loans. For the 2005-2007 biennium, moneys in the account may be used for grants for projects identified in section 138 of this act.

**Sec. 926.** RCW 70.105D.070 and 2003 1st sp.s. c 25 s 933 are each amended to read as follows:
(1) The state toxics control account and the local toxics control account are hereby created in the state treasury.

(2) The following moneys shall be deposited into the state toxics control account:

(b) the costs of remedial actions recovered under this chapter or chapter 70.105A RCW; 
(c) penalties collected or recovered under this chapter; and 
(d) any other money appropriated or transferred to the account by the legislature. Moneys in the account may be used only to carry out the purposes of this chapter, including but not limited to the following activities:

(vii) Hazardous materials emergency response training; 
(viii) Water and environmental health protection and monitoring programs;

(x) A public participation program, including regional citizen advisory committees; 
(xi) Public funding to assist potentially liable persons to pay for the costs of remedial action in compliance with cleanup standards under RCW 70.105D.030(2)(c) but only when the amount and terms of such funding are established under a settlement agreement under RCW 70.105D.040(4) and when the director has found that the funding will achieve both (A) a substantially more expeditious or enhanced cleanup than would otherwise occur, and (B) the prevention or mitigation of unfair economic hardship; and 
(xii) Development and demonstration of alternative management technologies designed to carry out the top two hazardous waste management priorities of RCW 70.105.150.

(3) The following moneys shall be deposited into the local toxics control account: Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-seven one-hundredths of one percent. 
(a) Moneys deposited in the local toxics control account shall be used by the department for grants or loans to local governments for the following purposes in descending order of priority: 
(i) Remedial actions; 
(ii) hazardous waste plans and programs under chapter 70.105 RCW; 
(iii) solid waste plans and programs under chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;

(v) cleanup and disposal of hazardous substances from abandoned or derelict vessels that pose a threat to human health or the environment. For purposes of this subsection (3)(a)(v), "abandoned or derelict vessels" means vessels that have little or no value and either have no identified owner or have an identified owner lacking financial resources to clean up and dispose of the vessel. Funds for plans and programs shall be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW. During the 1999-2001 fiscal biennium, moneys in the account may also be used for the following activities: Conducting a study of whether dioxins occur in fertilizers, soil amendments, and soils; reviewing applications for registration of fertilizers; and conducting a study of plant uptake of metals. During the (2003-05) fiscal biennium, the legislature may transfer from the local toxics control account to the state toxics control account such amounts as specified in the omnibus (operating) capital budget bill (for methamphetamine lab cleanup). During the 2005-2007 fiscal biennium, moneys in the account may also be used for grants to local governments to retrofit public sector diesel equipment and for storm water planning and implementation activities.

(b) Funds may also be appropriated to the department of health to implement programs to reduce testing requirements under the federal safe drinking water act for public water systems. The department of health shall reimburse the account from fees assessed under RCW 70.119A.115 by June 30, 1995.

(4) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(5) One percent of the moneys deposited into the state and local toxics control accounts shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons
and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. However, during the 1999-2001 fiscal biennium, funding may not be granted to entities engaged in lobbying activities, and applicants may not be awarded grants if their cumulative grant awards under this section exceed two hundred thousand dollars. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation from either account which are not expended at the close of any biennium shall revert to the state toxics control account.

(6) No moneys deposited into either the state or local toxics control account may be used for solid waste incinerator feasibility studies, construction, maintenance, or operation.

(7) The department shall adopt rules for grant or loan issuance and performance.

(8) During the 2005-2007 fiscal biennium, the legislature may transfer from the state toxics control account to the water quality account such amounts as reflect the excess fund balance of the fund.

NEW SECTION. Sec. 930. (1) The house of representatives capital budget committee, with staff support provided by the office of program research, shall research and develop recommendations and findings comparing the stewardship costs to properly manage public lands compared to private lands and the fiscal impacts on counties of purchasing additional public lands under chapter 79A.15 RCW. The strategic plan shall include, but not be limited to, recommendations for operating and capital budget decisions, including capital investments needed to facilitate closure or consolidation and provide the necessary range of services in the juvenile rehabilitation system, such as acute mental health care and vocational education, if a facility is closed. The office of financial management shall report to the fiscal committees of the legislature not later than September 1, 2006.

NEW SECTION. Sec. 932. The department of corrections shall report to the office of financial management and the fiscal committees of the legislature not later than September 1, 2006, on the feasibility and cost of closing the McNeil Island corrections center (MICC). These models should reflect the various interrelated aspects of facilities management and investment including operations and maintenance, minor capital projects, and major projects to renew or expand existing facilities. The models should also evaluate the respective funding responsibilities of the university and other interested parties, and the respective roles of state operating accounts, state capital accounts, local tuition and building fee accounts, and external funds in the management of such capital facilities. The university should assess these models with respect to the strengths and weaknesses of systemically addressing the long-term management and investment needs of the facilities, and submit a report of these findings by January 1, 2006, to the governor, the house of representatives capital budget committee, and the senate ways and means committee.

PERSONAL PRIVILEGE

Senator Fraser: "Mr. President and members of the Senate. As had been alluded to, the process of the capital budget is a huge one. I’d, first, to express my appreciation to Senator Hewitt who was a total pleasure to work with and we were great partners in developing the Senate’s side of the budget and working together with the other body. I’d also like to thank the, assuming it’s in order, the principle negotiators from the other body, Representative Dunshee and Representative Jarrett. We spent a lot of hours together blending the two documents. I must say a special thank you to the Ways & Means staff who put in endless hours, intelligence, creativity and more endless hours into making this all come together. I’d like to say thank you to Brian Simms, who’s the coordinator and others who put a lot of work into it; Bryon Moore, Richard Ramsey, Chelsea Buchanan and Kirstan Arestad. They all deserve all of our appreciation and a few days off now. So, thank you all."

How we can fight and we can fight and then something like this comes together. Four members from four different bodies can actually work through a process and make it work correctly. I don’t know how we do it but we sometimes do it but, again, I just marvel at it. Thank you Mr. President."

All the time. We certainly appreciate the way you preside over the Senate with humor and grace and yet keep us all on track. Thank you very much."

PERSONAL PRIVILEGE

Senator Eide: "Thank you Mr. President. Well, I too would like to say I’ve learned from the best and it’s been an honor and privilege to be the floor leader here. It’s been a learning experience and I’ve enjoyed every bit of it. Also, I would like to say today is my son’s, Matthew’s, eighteenth birthday and I know that they are home at 5 o’clock having dinner and they are watching TVW. I love you honey, happy eighteenth."
PERSONAL PRIVILEGE

Senator Parlette: "Thank you Mr. President. Today is my oldest son’s birthday, Guy Evans. He is thirty-four years old and for some sad reason, we do not have TVW in Chelan anymore. I know my parents and my husband and Guy’s wife are celebrating. I wish I could be there but, as Senator Stevens’ husband said to me last night when I was moaning the fact that I can not be home with the family celebration, he said to me, ‘Well, is he healthy?’ and I said, ‘Yes he is.’ So that make it all better. Thank you very much.”

MESSAGE FROM THE HOUSE

April 24, 2005

MR. PRESIDENT:

The House has passed ENGROSSED SENATE BILL NO. 6003, with the following amendment(s):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 82.70.010 and 2003 c 364 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter and RCW 70.94.996 unless the context clearly requires otherwise.

(1) "Public agency" means any county, city, or other local government agency or any state government agency, board, or commission.

(2) "Public transportation" means the same as "public transportation service" as defined in RCW 36.57A.010 and includes passenger services of the Washington state ferries."
(3) "Nonmotorized commuting" means commuting to and from the workplace by an employee by walking or running or by riding a bicycle or other device not powered by a motor.

(4) "Ride sharing" means the same as "flexible commuter ride sharing" as defined in RCW 46.74.010, including ride sharing on Washington state ferries.

(5) "Car sharing" means a membership program intended to offer an alternative to car ownership under which persons or entities that become members are permitted to use vehicles from a fleet on an hourly basis.

(6) "Telework" means a program where work functions that are normally performed at a traditional workplace are instead performed by an employee at his or her home at least one day a week for the purpose of reducing the number of trips to the employee's workplace.

(7) "Applicant" means a person applying for a tax credit under this chapter.

NEW SECTION. Sec. 2. A new section is added to chapter 82.70 RCW to read as follows:

(1) Application for tax credits under this chapter must be received by the department between the first day of January and the 31st day of January, following the calendar year in which the applicant made payments to or on behalf of employees for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting. The application shall be made to the department in a form and manner prescribed by the department. The application shall contain information regarding the number of employees for which incentives are paid during the calendar year, the amounts paid to or on behalf of employees for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, the amount of credit deferred under RCW 82.70.040(2)(b)(i) to be used, and other information required by the department. For applications due by January 31, 2006, the application shall not include amounts paid from January 1, 2005, through June 30, 2005, to or on behalf of employees for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting.

(2) The department shall rule on the application within sixty days of the deadline provided in subsection (1) of this section.

(3) The department shall disapprove any application not received by the deadline provided in subsection (1) of this section regardless of the reason that the application was received after the deadline.

(4) After an application is approved and tax credit granted, no increase in the credit shall be allowed.

Sec. 3. RCW 82.70.020 and 2003 c 364 s 2 are each amended to read as follows:

(1) Employers in this state who are taxable under chapter 82.04 or 82.16 RCW and provide financial incentives to their own or other employees for ride sharing, for using public transportation, for using car sharing, or for using nonmotorized commuting before July 1, 2013, are allowed a credit against taxes payable under chapters 82.04 and 82.16 RCW for amounts paid to or on behalf of employees for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, not to exceed sixty dollars per employee per fiscal year.

(2) Property managers who are taxable under chapter 82.04 or 82.16 RCW and provide financial incentives to persons employed at a worksite in this state managed by the property manager for ride sharing, for using public transportation, for using car sharing, or for using nonmotorized commuting before July 1, 2013, are allowed a credit against taxes payable under chapters 82.04 and 82.16 RCW for amounts paid to or on behalf of these persons for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, not to exceed sixty dollars per person per fiscal year.

(3) The credit under this section is equal to the amount paid to or on behalf of each employee multiplied by fifty percent, but may not exceed sixty dollars per employee per fiscal year. (The credit may not exceed the amount of tax that would otherwise be due under chapters 82.04 and 82.16 RCW.) No refunds may be granted for credits under this section.

(4) A person may not receive credit under this section for amounts paid to or on behalf of the same employee under both chapters 82.04 and 82.16 RCW.

(5) A person may not take a credit under this section for amounts claimed for credit by other persons.

Sec. 4. RCW 82.70.030 and 2003 c 364 s 3 are each amended to read as follows:

(1)(a) Application for tax credit under RCW 82.70.020 may only be made in the form and manner prescribed by rules adopted by the department.

(b) The credit under this section must be taken or deferred under RCW 82.70.040 against taxes due for the same fiscal year in which the amounts for which credit is claimed were paid to or on behalf of employees for ride sharing; for using public transportation; for using car sharing; or for using nonmotorized commuting and must be claimed by the due date of the last tax return for the fiscal year in which the payment is made.

(2)(a) Any person who knowingly makes a false statement of a material fact in the application required under section 2 of this act for a credit under RCW 82.70.020 is guilty of a gross misdemeanor.

Sec. 5. RCW 82.70.040 and 2003 c 364 s 4 are each amended to read as follows:

(1)(a) The department shall keep a running total of all credits ((accrued)) allowed under RCW 82.70.020 during each fiscal year. ((No person is eligible for tax credits under RCW 82.70.020 if the credits would cause the tabulation for the total amount of credits taken in any fiscal year)) The department shall not allow any credits that would cause the total amount allowed to exceed two million ((two million)) seven hundred fifty thousand dollars in any fiscal year. This limitation includes any deferred credits carried forward under subsection (2)(b)(i) of this section from prior years.

(b) If the total amount of credit applied for by all applicants in any year exceeds the limit in this subsection, the department shall ratably reduce the amount of credit allowed for all applicants so that the limit in this subsection is not exceeded.
If a credit is reduced under this subsection, the amount of the reduction may not be carried forward and claimed in subsequent fiscal years.

(2) (a) (No person is eligible for) Tax credits under RCW 82.70.020 may not be claimed in excess of the amount of tax otherwise due under chapter 82.04 or 82.16 RCW.

(b)(i) Through June 30, 2005, a person with taxes equal to or in excess of the credit under RCW 82.70.020, and therefore not subject to the limitation in (a) of this subsection, may elect to defer tax credits for a period of not more than three years after the year in which the credits accrue. No credits deferred under this subsection (2)(b)(i) may be used after June 30, 2008. A person deferring tax credits under this subsection (2)(b)(i) must submit an application as provided in section 2 of this act in the year in which the deferred tax credits will be (applied) used. This application is subject to (eligibility under) the provisions of subsection (1) of this section for the (fiscal) year in which the tax credits will be applied. If a deferred credit is reduced under subsection (1)(b) of this section, the amount of deferred credit disallowed because of the reduction may be carried forward as long as the period of deferral does not exceed three years after the year in which the credit was earned.

(ii) For credits approved by the department after June 30, 2005, the approved credit may be carried forward to subsequent years until used. Credits carried forward as authorized by this subsection are subject to the limitation in subsection (1)(a) of this section for the fiscal year for which the credits were originally approved.

(3) No person (is eligible) shall be approved for tax credits under RCW 82.70.020 in excess of two hundred thousand dollars in any fiscal year. This limitation does not apply to credits (deferred in) carried forward from prior years under subsection (2)(b) of this section.

(4) No person (is eligible for) may claim tax credits((including deferred credits authorized under subsection (2)(b) of this section)) after June 30, 2013.

(5) Credits may not be carried forward (or carried backward) other than as authorized in subsection (2)(b) of this section.

(6) No person is eligible for tax credits under RCW 82.70.020 if the additional revenues for the multimodal transportation account created by Engrossed Substitute House Bill No. 2231 are terminated.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2005.

NEW SECTION. Sec. 7. If Senate Bill No. 6103, or substantially similar legislation, is not enacted by June 30, 2005, this act is null and void."

and the same are herewith transmitted.

PERSONAL PRIVILEGE

Senator Rasmussen: "Well, Mr. President there is a gentleman that’s been around the legislature for many, many years and he was always the godfather of the budget for the Senate. He’s kind of changed his position in my mind, well, he changed his position. I have to tell you that, for me, he’s the godfather of some very special children and I’d like to recognize him. He is sitting up in the gallery but he has helped me immensely in the last year and a half on an issue that I had about bringing care for autistic children. He worked with me to be able to bring an autism center, a satellite center, at the University of Washington at Tacoma. And in this budget, which many of you voted for, all of you, I’ve got to tell you thank you because we will be able to continue this outstanding program by Doctor Geraldine Dawson. This will reach children all across this state. As you know, autism is almost at epidemic proportions throughout our country and throughout the world. One out of every one-hundred and sixty-six children born today, one of them will be autistic. Randy Hodgins has been the godfather of this program for me, because he’s made sure that we could shepherd it through this budget, through the legislature without a hearing but we all know how important this is. So, I’d like to take a minute to say thank you to Randy Hodgins for everything he’s done for us in the past but certainly for what he’s doing for children of the future. Thank you."

IMPLEMENTING PROVISIONS

NEW SECTION. Sec. 601. INFORMATION SYSTEMS PROJECTS. Agencies shall comply with the following requirements regarding information systems projects when specifically directed to do so by sections 101 through 611 of this act.

(1) Agency planning and decisions concerning information technology shall be made in the context of its information technology portfolio. "Information technology portfolio" means a strategic management approach in which the relationships between agency missions and information technology investments can be seen and understood, such that: Technology efforts are linked to agency objectives and business plans; the impact of new investments on existing infrastructure and business functions are assessed and understood before implementation; and agency activities are consistent with the development of an integrated, nonduplicative statewide infrastructure.

(2) Agencies shall use their information technology portfolios in making decisions on matters related to the following:

(a) System refurbishment, acquisitions, and development efforts;

(b) Setting goals and objectives for using information technology in meeting legislatively-mandated missions and business needs;

(c) Assessment of overall information processing performance, resources, and capabilities;

(d) Ensuring appropriate transfer of technological expertise for the operation of any new systems developed using external resources; and

(e) Progress toward enabling electronic access to public information.
(3) Each project will be planned and designed to take optimal advantage of Internet technologies and protocols. Agencies shall ensure that the project is in compliance with the architecture, infrastructure, principles, policies, and standards of digital government as maintained by the information services board.

(4) The agency shall produce a feasibility study for information technology projects at the direction of the information services board and in accordance with published department of information services policies and guidelines. At a minimum, such studies shall include a statement of: (a) The purpose or impetus for change; (b) the business value to the agency, including an examination and evaluation of benefits, advantages, and cost; (c) a comprehensive risk assessment based on the proposed project's impact on both citizens and state operations, its visibility, and the consequences of doing nothing; (d) the impact on agency and statewide information infrastructure; and (e) the impact of the proposed enhancements to an agency's information technology capabilities on meeting service delivery demands.

(5) The agency shall produce a comprehensive management plan for each project. The plan or plans shall address all factors critical to successful completion of each project. The plan(s) shall include, but is not limited to, the following elements: A description of the problem or opportunity that the information technology project is intended to address; a statement of project objectives and assumptions; a definition and schedule of phases, tasks, and activities to be accomplished; and the estimated cost of each phase. The planning for the phased approach shall be such that the business case justification for a project needs to demonstrate how the project recovers cost or adds measurable value or positive cost benefit to the agency's business functions within each development cycle.

(6) The agency shall produce quality assurance plans for information technology projects. Consistent with the direction of the information services board and the published policies and guidelines of the department of information services, the quality assurance plan shall address all factors critical to successful completion of the project and successful integration with the agency and state information technology infrastructure. At a minimum, quality assurance plans shall provide time and budget benchmarks against which project progress can be measured, a specification of quality assurance responsibilities, and a statement of reporting requirements. The quality assurance plans shall set out the functionality requirements for each phase of a project.

(7) A copy of each feasibility study, project management plan, and quality assurance plan shall be provided to the department of information services, the office of financial management, and legislative fiscal committees. The plans and studies shall demonstrate a sound business case that justifies the investment of taxpayer funds on any new project, an assessment of the impact of the proposed system on the existing information technology infrastructure, the disciplined use of preventative measures to mitigate risk, and the leveraging of private-sector expertise as needed. Authority to expend any funds for individual information systems projects is conditioned on the approval of the relevant feasibility study, project management plan, and quality assurance plan by the department of information services and the office of financial management.

(8) Quality assurance status reports shall be submitted to the department of information services, the office of financial management, and legislative fiscal committees at intervals specified in the project's quality assurance plan.

NEW SECTION. Sec. 602. The department of transportation may transfer federal funds for state funds within the preservation and improvement programs if funded projects are eligible to use additional federal funds and the scope of the project is not increased. The department shall not transfer funds as authorized under this subsection without approval of the director of financial management. A report of the transfers will be submitted on October 1st of each fiscal year to the senate and house of representatives transportation committees.

NEW SECTION. Sec. 603. (1) The transportation commission may authorize a transfer of spending allocation within the appropriation provided and between projects funded with transportation 2003 account (nickel account) appropriations or the transportation partnership account appropriations to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(a) Transfers from a project may be made if the funds allocated to the project are in excess of the amount needed to complete the project;

(b) Transfers from a project may be made if the project is experiencing unavoidable expenditure delays;

(c) Transfers from a project may not be made as a result of the reduction of the scope of a project, nor shall a transfer be made to support increases in the scope of a project;

(d) Each transfer between projects may only occur if the commission finds that any resulting change will not hinder the completion of the projects approved by the legislature; and

(e) Transfers may not occur to projects not identified on the applicable project list.

(2) A report of the transfers shall be submitted on October 1st of each fiscal year to the senate and house of representatives transportation committees.

NEW SECTION. Sec. 604. If House Bill No. 1254 is enacted by July 1, 2005, then on June 30, 2007, the remaining unexpended fund balance in the bicycle and pedestrian safety account shall be deposited into the Share the Road account established in House Bill No. 1254.

NEW SECTION. Sec. 605. The department of transportation shall eliminate 131 middle management positions by June 30, 2007. The middle management reduction, however, shall not impact the work force required to manage and support the delivery of the 2003 nickel package and 2005 transportation partnership package.

NEW SECTION. Sec. 606. Based on the anticipated outcomes of the tolling study, to be conducted under section 206 of this act, the legislature intends that tolls be charged to offset or partially offset the costs for the Alaskan Way Viaduct, State Route 520 Bridge replacement, and widening of Interstate 405 including a managed lanes concept.

NEW SECTION. Sec. 607. The department of transportation, in conjunction with the office of financial management, must implement the governmental accounting standards board's (GASB) statement number 34. The financial reporting value of
the state's highway system must be adjusted for any new additions to the system. The biennial reporting of the condition of the system must be related to the funding levels of maintaining the system. The department must maintain a current inventory of the state's highway system and estimate the actual cost to maintain and preserve the assets. In addition to the GASB statement 34, the department of transportation with the office of financial management's assistance must establish an asset replacement value for the state's highway system. A report must be submitted to the transportation committees of the senate and the house of representatives each April. During 2005, the speaker of the house of representatives and the president of the senate must select one member from each caucus to work with the office of financial management, the joint legislative audit and review committee, the department of transportation, and the department of general administration to identify areas in state government where the GASB philosophy could be implemented. The purpose of this effort is to enhance decision making that will result in strategic long-term investment decisions in transportation capital project management.

NEW SECTION. Sec. 608. During the 2005-07 biennium, the director of general administration, through the office of state procurement, shall:

(1) In consultation with the state investment board and the state treasurer's office, explore and implement strategies designed to reduce the overall cost of fuel and mitigate the impact of market fluctuations and pressure on both short-term and long-term fuel costs. The department of general administration shall contract for these services. These fuel cost mitigation strategies shall be made available to all state agencies, institutions of higher education, and political subdivisions that purchase fuel through the office of state procurement. These strategies may include but are not limited to futures contracts, swap transactions, option contracts, costless collars, and long-term storage.

(2) Recommend a mechanism for funding these fuel cost mitigation strategies that recognizes that the benefit accrues across state and local governments. To pay for these services, the director may also explore negotiated incentives with contracted providers.

(3) Report to the fiscal committees of the legislature each December 15th regarding the types of contracts established to mitigate fuel costs, the amounts of fuel covered by the contracts, and the cost mitigation results. The reports shall also include recommendations for improving or continuing the fuel cost mitigation program.

Sec. 609. RCW 81.84.020 and 2003 c 373 s 5 are each amended to read as follows:

(1) Upon the filing of an application the commission shall give reasonable notice to the department, affected cities, counties, and public transportation benefit areas and any common carrier which might be adversely affected, of the time and place for hearing on such application. The commission shall have power after hearing, to issue the certificate as prayed for, or to refuse to issue it, or to issue it for the partial exercise only of the privilege sought, and may attach to the exercise of the rights granted by said certificate such terms and conditions as in its judgment the public convenience and necessity may require; but the commission shall not have power to grant a certificate to operate between districts and/or into any territory prohibited by RCW 47.60.120 or already served by an existing certificate holder, unless such existing certificate holder has failed or refused to furnish reasonable and adequate service or has failed to provide the service described in its certificate or tariffs after the time period allowed to initiate service has elapsed: PROVIDED, A certificate shall be granted when it shall appear to the satisfaction of the commission that the commercial ferry was actually operating in good faith over the route for which such certificate shall be sought, on January 15, 1927: PROVIDED, FURTHER, That in case two or more commercial ferries shall upon said date have been operating vessels upon the same route, or between the same districts the commission shall determine after public hearing whether one or more certificates shall issue, and in determining to whom a certificate or certificates shall be issued, the commission shall consider all material facts and circumstances including the prior operation, schedules, and services rendered by either of the ferries, and in case more than one certificate shall issue, the commission shall fix and determine the schedules and services of the ferries to which the certificates are issued to the end that duplication of service be eliminated and public convenience be furthered.

(2) Before issuing a certificate, the commission shall determine that the applicant has the financial resources to operate the proposed service for at least twelve months, based upon the submission by the applicant of a pro forma financial statement of operations. Issuance of a certificate shall be determined upon, but not limited to, the following factors: Ridership and revenue forecasts; the cost of service for the proposed operation; an estimate of the cost of the assets to be used in providing the service; a statement of the total assets on hand of the applicant that will be expended on the proposed operation; and a statement of priorities and forecasts; the cost of service for the proposed operation; an estimate of the cost of the assets to be used in providing the service; and a statement of priorities and forecasts.

(3) Subsection (2) of this section does not apply to an application for a certificate that is pending as of July 25, 1993.

(4) In granting a certificate for passenger-only ferries and determining what conditions to place on the certificate, the commission shall consider and give substantial weight to the effect of its decisions on public agencies operating, or eligible to operate, passenger-only ferry service.

TOTAL APPROPRIATION

The appropriations in this section are subject to the following conditions and limitations:

1. The commission may oversee up to four pilot projects implementing the use of traffic safety cameras to detect failure to stop at railroad crossings, stoplights, and school zones.
   a. In order to ensure adequate time in the 2003-05 biennium to evaluate the effectiveness of the pilot program, any projects authorized by the commission must be authorized by December 31, 2003.
   b. If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.
   c. The traffic safety commission shall use the following guidelines to administer the program:
      i. Traffic safety cameras may take pictures of the vehicle and vehicle license plate only, and only while an infraction is occurring;
      ii. The law enforcement agency of the city or county government shall plainly mark the locations where the automated traffic enforcement system is used by placing signs on street locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic enforcement system;
      iii. Cities and counties using traffic safety cameras must provide periodic notice by mail to its citizens indicating the zones in which the traffic safety cameras will be used;
      iv. Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;
      v. The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the issuing law enforcement agency, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;
      vi. Infractions detected through the use of traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120;
      vii. If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction will be dismissed against the business if it mails to the issuing agency, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the issuing agency within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be included with each automated traffic infraction notice issued, along with instructions for its completion and use;
(viii) For purposes of the 2003-05 biennium pilot projects, infractions generated by the use of traffic safety cameras are exempt from the provisions of RCW 3.46.120, 3.50.100, and 35.20.220, and must be processed in the same manner as parking violations; and

(ix) By June 30, 2005, the traffic safety commission shall provide a report to the legislature regarding the use, public acceptance, outcomes, and other relevant issues regarding traffic safety cameras demonstrated by the pilot projects.

MESSAGES FROM THE GOVERNOR

April 25, 2005

TO THE HONORABLE, THE SENATE
OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

In compliance with the provisions of Section 11 of Article III of the Constitution of the State of Washington, the Governor hereby submits his report of each case of reprieve, commutation or pardon that he has granted since the adjournment of the 2004 Regular Session of the 59th Legislature, copies of which are attached.

Sincerely,

JENNIFER JOLY, General Counsel

CONDITIONAL COMMUTATION
OF
TRINA MARIE STERN

To All To Whom These Presents Shall Come, Greetings:

WHEREAS, Trina Stern began her life as a small-town girl, who enjoyed showing dogs in 4-H. She was an honor student and never missed a day of school. However, a few months after starting at Port Angles High School, she quickly fell in with a new crowd. She began skipping school, running away from home, drinking alcohol, and doing drugs. Her drug and alcohol abuse was so severe she had to spend several weeks at a substance abuse treatment center; and

WHEREAS, despite her parents’ wishes, at fifteen, she ran away with her boyfriend, David Bircher, also fifteen, to live with him and his mother. Ms. Stern was pregnant with Mr. Bircher’s child. Ms. Stern and Mr. Bircher came to believe Mrs. Bircher was interfering with their relationship and that she had to be killed so they could finally be together. On the day of the murder, Ms. Stern had been smoking marijuana and drinking alcohol. She claimed to have gone in the bedroom and shut the door while her boyfriend, then repeatedly shot his mother with a semi-automatic gun, killing her. Fingerprints were wiped clean, so it is unknown as to who actually fired the shots. The two then fled to a campsite in Port Angles where they were arrested; and
WHEREAS, a five-day declination hearing was held to determine whether Ms. Stern should be tried as a juvenile or as an adult. Dr. Kenneth Asher, a psychologist, examined Ms. Stern. His evaluation showed that she was a very naive, protected, and depressed girl who lacked the psychological capacity to resist the influence of her boyfriend and his mother. He also determined she was at a high risk of substance abuse. He concluded that Ms. Stern was more likely to be rehabilitated in the juvenile system than in the adult system. Lance Norton, Ms. Stern’s juvenile probation officer, disagreed. He stated, in short, that the juvenile system would be inappropriate because she would not be incarcerated long enough to be rehabilitated, she did not appreciate the significance of her wrongful behavior, and was indifferent to the impact of that behavior on others. The determination was made that Ms. Stern be tried as an adult. She was convicted of First Degree Murder and sentenced in December 1997 to twenty-three years and four months; and

WHEREAS, whether or not she would have been rehabilitated in the juvenile system, Ms. Stern has shown incredible growth and maturity during her years in prison at the Purdy Corrections Center for Women. She has earned her high school diploma, taken classes in chemical dependency, moral recognition therapy, victim awareness, and college math. She has obtained valuable skills to assist in obtaining gainful employment upon transitioning back into the community; and

WHEREAS, Ms. Stern’s work supervisors commend her for her performance. She has been a model inmate; since her incarceration in December of 1997, she has only received one major infraction for possession another offender’s property. She has avoided drugs in prison, and has volunteered to help other inmates; and

WHEREAS, Dr. Asher performed a re-evaluation of Ms. Stern in May 2004 for the Clemency and Pardons Board. He found that Ms. Stern has matured into a thoughtful and focused young woman who is sensitive and aware of others, with deep feelings about life and morality. Dr. Asher gave Ms. Stern a strong, positive prognosis for succeeding in society when she is out in the community; and

WHEREAS, as demonstrated her behavior while in prison and the evaluations by Dr. Asher, the concerns expressed by Mr. Norton had when Ms. Stern was a juvenile—that she did not appreciate the significance of her crime and was indifferent to others—are aspects of her rehabilitation that have been met. The Clemency and Pardons Board voted unanimously in recommending a commutation based on the tremendous rehabilitation Ms. Stern had undergone and her low risk for re-offending. Board Member Smith Stated, “if the juvenile judge or judge deciding this juvenile remand had known them what we know now, he may have put her into the juvenile system. And we have the ability that he didn’t which is...we get to see what did turn out to happen. We don't have to guess.” Ms. Stern would have been released three years ago if she were sentenced under the juvenile system; and

WHEREAS, Ms. Stern has tremendous family and community support evidenced by letters and over one hundred signatures on her behalf. She is twenty-four years old now and her stated goal is to finish college and get a job in computed aided design or animal health care. She also wants to help troubled girls from going down the road she did; and

WHEREAS, Dong Qiu is a native of China who in 1993 immigrated to the United States, at the age of fifteen, as a lawful permanent resident. In 1996-1998, Mr. Qiu went through a difficult period during which he had some trouble with the law. In 1996, he pled guilty to Assault in the Third Degree. This conviction stemmed from an incident where Mr. Qiu and his roommate confronted two individuals they suspected of burgling their apartment. They hit one of them on the side of the head with a shotgun barrel; the shotgun discharged and embedded pellets in a wall. Mr. Qiu’s co-defendant also shot at the victim with a handgun. Later that year, in violation of court orders, Mr. Qiu was found in possession of a handgun. He pled guilty to Attempted Unlawful Possession of a Firearm in the Second Degree. In 1998, Mr. Qiu was a passenger in his own car, which was being driven by a friend. The care was stopped for an equipment violation and a search revealed twenty grams of marijuana in three bags, empty baggies, and a set of scales. Mr. Qiu pled guilty to Unlawful Solicitation to Possess a Controlled Substance. As a result of these convictions, Mr. Qiu is currently facing deportation to China as an “aggravated felon” under the Immigration and Nationality Act; and

FULL AND UNCONDITIONAL PARDON
OF
PEDRO AGUILERA-MONTERO

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, Pedro Aguilera-Montero is a native and citizen of Mexico. He was born in a small village and began working at the age of six. Seeking opportunities for a better life, he came to the United States in 1986 without proper documentation. Upon settling in Washington, he began associating with the wrong crowd and became involved with drugs. One day in 1993, he was pulled over for suspicion of driving under the influence and was discovered to be in the possession of a small amount of cocaine. He was convicted of Unlawful Possession of a Controlled Substance. He was sentenced to 20 days in jail and ordered to pay a fine of $1,565; and

WHEREAS, Mr. Aguilera-Montero is presently facing deportation from the U. S. At the time of his conviction, Possession of a Controlled Substance was not a basis for deportation. However, the immigration laws changed in 1997 and have been applied retroactively to make Mr. Aguilera-Montero’s conviction a deportable offense; and

WHEREAS, after the incident, Mr. Aguilera-Montero completed a drug and alcohol program, participated in Alcoholics Anonymous for five years, and has stayed away from drugs. He has paid his fine in full and has had no further criminal activity since his conviction. Mr. AgUILERA-MONTERO has been married to a U. S citizen wife for the past eleven years, which absent his
conviction would make him eligible to adjust his immigration status. Mr. Aguilera-Montero and his wife have a seven year-old daughter. Additionally, they are guardians to two young nephews; and

WHEREAS, Mr. Aguilera-Montero has worked diligently to support his family and become a productive member of society. He has been employed for the last five years as a construction foreman, managing a crew of six people. He provides the financial and emotional support to his family, who would suffer extreme hardship were he deported. Board member Smith of the Clemency and Pardons Board pointed out that, "The magnitude of the harm is so out of proportion to the offense and the culpability of the offender, that this is an extraordinary case;" and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the foregoing I have determined that the best interests of justice will be served by this action; and

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, grant to Pedro Aguilera-Montero this Full and Unconditional Pardon for the express purpose of allowing him to remain legally in the United States.

CONDITIONAL COMMUTATION
OF
ERIC RYAN BURDYSHAW

To All To Whom These Presents Shall Come, Greetings:

WHEREAS, thirteen years ago, Eric Burdyshaw committed an act that scarred the lives of several people. In 1990, when he was twenty-one, Mr. Burdyshaw became involved with a fourteen year-old female. He was eventually arrested, convicted of Communicating with a Minor for Immoral Purposes, and placed on probation. Shortly afterwards, he began to see the girl again and was arrested for a parole violation, whereupon he was sentenced to serve jail time. He was subsequently released and within a couple of days, he went to the residence of his victim intending to intimidate her and her family, whom he blamed for his conviction. Armed with a rifle, he threatened several family members and others present. As he pointed the rifle towards the girl’s parents, if fired and struck a family friend in the leg and seriously wounded him. The wound was potentially life-threatening, but fortunately the individual recovered. Mr. Burdyshaw was convicted of five crimes stemming from this incident: two counts of First Degree Assault, one count of Second Degree Assault while Armed with a Deadly weapon, and two counts of Unlawfully Carrying a Weapon. His sentence was a combined twenty-one years in prison; and

WHEREAS, Mr. Burdyshaw accepts total responsibility for the suffering he caused that day and is grateful the situation did not turn out worse than it did. He acknowledges his emotional immaturity at the time and believes being in prison has changed him for the better. He intends to continue employment with Omega upon his release; and

Because of his good behavior, he earned the privilege of participating in the Extended Family Visiting Program, where family members are allowed to visit overnight; and

WHEREAS, in 1988 Donald Girvan pled guilty to Third Degree Rape. The conviction arose out of a night of drinking. Mr. Girvan spent time with the victim at a bar and later a dance club. At the dance club, a male friend of Mr. Girvan’s asked him for a ride home. Mr. Girvan took him home and the victim accompanied him. After arriving at the home, Mr. Girvan, his friend, and the friend’s roommate continued drinking with the victim. Mr. Girvan claims to have left when the situation became sexual. Mr. Girvan’s co-defendants went to trial for the rape, but the jury was unable to reach a verdict in their case, so they were never convicted; and

WHEREAS, Mr. Girvan received a sentence of six months of work release and was ordered to pay $122.88 in restitution. It has been more than thirteen years since Mr. Girvan complete all the obligations relating to his sentence, having received an Order of Discharge on April 24, 1991; and

WHEREAS, Mr. Girvan now lives in Hawaii and is required to register as a sex offender because of his 1988 conviction. Had he remained in Washington, the relevant statute provides that he would have been eligible to stop registering as a sex offender several years ago. However, because the conviction occurred out of state, Hawaii will only relieve Mr. Girvan from having to register if Washington produces a written order stating that the obligation no longer exists. Her addiction strained her relationships with friends and family, and ultimately caused the end of her marriage. In early 2000, while severely intoxicated, Ms. Betz-Block and her then-husband were involved in several domestic disputes. In one incident, she was convicted of Fourth Degree Assault/Domestic Violence and Driving Under the Influence. After the couple separated, Ms. Betz-Block continued to drink. On two occasions, she violated No Contact Orders that her husband had against her. She was also convicted of Criminal Trespass; and

WHEREAS, finally hitting rock bottom, Ms. Betz-Block realized she had to change, especially for the sake of her daughter. She recognized that her alcohol addiction was the root of her problem and sought help. In 2001, she completed an intensive rehabilitation program at Schick Shadel Hospital. Counselors noted that she was focused and motivated during treatment; and

CONDITIONAL COMMUTATION
OF
CLYDE RAY SPENCER

To All To Whom These Presents Shall Come, Greetings:

WHEREAS. Clyde Ray Spencer served in the United States Air Force before joining the police department in Vancouver, Washington in 1979. In 1985, he was charged with 11 counts of statutory rape in the first degree of his two biological children and one stepchild. He entered an Alford plea, maintaining his innocence while acknowledging sufficient evidence existed to find him guilty. Given that the crimes for which he was convicted took place over a period of years, some of his convictions are pre-Sentencing Reform Act (SRA) and others are post-SRA. Specifically, he received an indeterminate sentence of two concurrent life sentences with parole for the two earliest convictions to run consecutive to a separate 171 month determinate sentence for the remaining nine counts; and

WHEREAS, there were a number of troubling aspects of the investigation. Clark County authorities withheld the fact that, despite the allegations of severe, repeated sexual abuse of the children, medical reports showed no sign of physical abuse. While the children recounted that Mr. Spencer had taken photographs of the abuse, no photos were ever found. Because Mr. Spencer was a City of Vancouver Police Officer, the Clark County Prosecutor submitted the case to King County Senior Deputy Prosecuting Attorney, Rebecca Roe, a renowned specialist in child sexual abuse cases. Ms. Roe noted significant problems with
the case, including the interview techniques used with Mr. Spencer’s daughter and resulting inconsistencies in her testimony. Ms. Roe found it “disturbing that she’s inconsistent on whether it happened more than once.” While denying for eight months that anything had happened, Mr. Spencer’s son 9-year-old son began to say that his father abused him after being threatened with a polygraph; and

WHEREAS, another troubling fact in this case is that one of the lead detectives investigating Mr. Spencer’s case began having an affair with his wife, Shirley Spencer, during the investigation. After Mr. Spencer’s conviction, the detective left his own wife and moved in with Mr. Spencer’s wife. This detective was also the supervisor of the primary detective involved in interviewing the children; and

WHEREAS, Mr. Spencer completed his determinate sentence of 171 months in 1994 and continues to serve time for the remaining two life terms. Mr. Spencer appeared before the Indeterminate Sentencing Review Board (ISRB) in 1990, 1992, 1994, 1998 and 2001. At each hearing the Board determined that he was not paroleable because he has not received treatment based on his denial of guilt. He has now served more time than anyone convicted of the same crime under the Sentencing Reform Act; and

WHEREAS, Mr. Spencer had no criminal history prior to his conviction. He has been an exemplary inmate without disciplinary problems. He has been constantly employed within the institution and taken every opportunity to further his education; and

WHEREAS, 56-year-old Mr. Spencer will have support upon his release. He is remarried to Norma Spencer, a registered nurse, who he has known for over 30 years; and

CONDITIONAL COMMUTATION
OF
CHRISTINE SUSAN CUMMINGS

To All To Whom These Presents Shall Come, Greetings:

WHEREAS, Christine "Susan" Cummings was sentenced on May 24, 1985 to life in prison without the possibility of parole for a crime that took place when she was 16 years old. The conviction was for the Aggravated First Degree Murder of Christine Zacharias, an elderly woman with whom Ms. Cummings was acquainted. The police believe the motive was burglary. The crime also allegedly involved Lillie Rowland, Joe Aguilar, Don Gesaman, and Kevin McNerney. While Ms. Cummings was not the person whose physical act caused Mrs. Zacharias' death, she was convicted based on the theory of accomplice liability, in which a person is held just as culpable as the person who actually committed the crime; and

WHEREAS, the sentencing judge expressed dissatisfaction with his options noting that, "The defendant was a teenager. At least four other teenagers participated. One was given immunity. One made a plea bargain for Murder Second. Charges against the other two were dropped. The latter two probably did the actual killing. One has been convicted of a subsequent murder in another state. As compared to the codefendants and sentences of other murders, most of which are equally heinous, it can be concluded that the sentences are not proportionate and that someone is getting either too much or not enough;" and

WHEREAS, Ms. Cummings conviction was based primarily on the word of Lillie Rowland and Joe Aguilar, who provided questionable testimony. Ms. Rowland, who was 14 at the time of the crime, had a history of drug and alcohol abuse as well as mental illness. As a result of Ms. Rowland’s testimony against Ms. Cummings, Rowland’s attorney was able to secure complete immunity from prosecution. Clemency Board Member Smith expressed concern that, until 30 days prior to trial, attorneys from the same law firm represented both Ms. Cummings and Ms. Rowland. While one attorney negotiated an immunity agreement, one prepared for trial. The other witness, Mr. Aguilar, faced with a possible death sentence or an offer of a reduced sentence of 20 years for Second Degree Murder, also readily agreed to testify against Ms. Cummings; and

WHEREAS, both Ms. Rowland and Mr. Aguilar’s testimony was inconsistent and often did not match the evidence. On different occasions Mr. Aguilar changed his statements as to who was involved in the crime; at various points he stated that he was in the house, outside, or was never even there. As for Ms. Rowland, she claimed that the victim had her throat cut and she had been stabbed multiple times. In fact, Mrs. Zacharias’ throat was not cut, nor was she stabbed. Rowland even testified "with certainty" that someone who was incarcerated at the time of the crime was present. Both Mr. Aguilar and Ms. Rowland have since recanted their testimony. Mr. Aguilar later stated that the recantation was a lie and was convicted of Second Degree Perjury. Ms. Rowland stated that she could not recall testifying at Susan Cummings’ trial. Under these circumstances, the veracity of these witnesses and the reliability of the confessions are questionable; and

WHEREAS, a few months after she began serving her sentence, Ms. Cummings contacted the police and confessed to being in Ms. Zacharias’ home at the time of the murder. She was set to testify against Mr. Gessaman and Mr. McNerney, but then refused to do so as the time for trial approached, stating that she could not give false testimony. She would later reiterate that she was innocent of any crime, and claim that her confession was false. According to Ms. Cummings, she had been desperate to get out of...
WHEREAS, by refusing to testify against others in exchange for her freedom, Ms. Cummings was sent to prison without the possibility of ever being free. Nonetheless, she has shown herself to be an exemplary inmate, remaining infraction free since 1996 and demonstrating a penchant for helping others. She has spent her time improving the lives of the prison’s special needs population, volunteering with offenders who have Alzheimer’s and other mental disorders. She also works full time maintaining three gardens on prison grounds, is a teaching assistant for pottery and quilting classes, and acts as a representative of fellow inmates. Forty-seven current and former employees at Washington Corrections Center for Women fully support her. Correctional Officer Sergeant Deloughery describes Susan as a “hard worker,” who “contributes to the stability of the institution population by setting a good example for other inmates to follow.” Other comments from officers include, “you don’t find inmates like this very often” and, Ms. Cummings “hard work and exceptional behavior has given me every reason to believe that if returned to society, she would be a plus to her community;” and

WHEREAS, it is clear that having spent 19 years in prison, Ms. Cummings has grown and matured within the system. In her own words, she states that, “I can’t say that prison has been such a bad experience for me because it has taught me to be normal. It’s taught me values and it’s taught me great things.” Clemency and Pardons Board members commended Ms. Cummings for the extraordinary work she has done while in prison and the relationships she has formed with the staff. Upon release Ms. Cummings has been offered work and housing at a nursery where she will be able to use her skills a master gardener; and

WHEREAS, I have reviewed all the pertinent facts and circumstances surrounding this matter, the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the circumstances, I have determined that the best interest of justice will be served by this action.

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, hereby grant to Christine Susan Cummings this Conditional Commutation of her sentence for the express purpose of allowing her to transition back into the community and become a productive citizen. By this order I hereby commute Ms. Cummings Life Without Parole sentence to a term of 20 years, effective May 24, 2005, subject to the following conditions:

Ms. Cummings shall:

1. Prior to release at the completion of her 20-year sentence, participate in a graduated transition program through Tacoma Pre-Release to begin as soon as the Department of Corrections can arrange for such a program;
2. Serve 24 months of community placement after her release from confinement, reporting regularly to a Community Corrections Officer as directed by the Department of Corrections;
3. Pay a monthly supervision fee as directed by the Community Corrections Officer;
4. Notify the Department of Corrections prior to any change of address or employment;
5. Remain in the geographic area as directed by the Community Corrections Officer;
6. Not commit any more crimes;
7. Not consume controlled substances except pursuant to lawfully issued prescriptions;
8. Not unlawfully possess controlled substances while in community custody;
9. Not associate with known drug users or drug dealers;
10. Submit to random and routine urinalysis and breathalyzer testing, as directed by the Community Corrections Officer; receive a chemical dependency assessment while on community placement;
11. Participate in any chemical dependency treatment as recommended by her Community Corrections Officer; 12
   Participate in any mental health evaluation and/or treatment as recommended by her Community Corrections Officer;
13. Not have any direct or indirect contact with the victim’s family;
14. Not possess, receive, ship, or transfer any firearms, ammunition, or explosives;
15. Pay legal financial obligations as determined by the courts; and
16. Comply with all standard conditions, recommendations, and instructions of community placement as directed by the Community Corrections Officer.

Violation of any of the above conditions shall result in sanctions as deemed appropriate by the Department of Corrections.

PROVIDED, that in the event Ms. Cummings commits any offense classified as a felony or gross misdemeanor in the state of Washington, this Conditional Commutation is revoked and the sentence imposed by the court reinstated without benefit of sentence reduction credit, whereupon Ms. Cummings shall be immediately returned to full confinement as per the Department of Corrections. The Department of Corrections shall provide a written report to the Office of the Governor and the Clemency and Pardons Board regarding the violation of any condition of this Conditional Commutation.

OF
LEONELO MOISES MARTINEZ

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, Leonelo Moise Martinez and his wife operated a brush cutting business growing salal. In December 1997, Mr. and Mrs. Martinez came upon some thieves illegally harvesting their salal. Mr. Martinez confiscated the stolen brush and told the thieves to leave. He then tried to contact the authorities with his cellular phone, but was unable to get reception while in the remote, timberland area where the salal was grown. After the trespassers left, Mr. and Mrs. Martinez waited in their car at the end of a dead end side road to see if there were additional thieves and to ascertain who was providing transportation for them. Suddenly, a van drove by the main road and made a U-turn, blocking their exit; and

WHEREAS, nearly a dozen individuals came out of the van, some of whom Mr. Martinez recognized from the earlier encounter. One individual walked towards the Martinez’ parked car. He demanded the confiscated brush but when he was refused, he began pounding on the vehicle’s door and yelling at Mrs. Martinez. He threatened to sexually assault her. Mrs. Martinez began screaming in fear. Mr. Martinez, fearing for his wife’s safety, drew his pistol hoping to scare away the man threatening his wife. He accidentally discharged the weapon and killed the man. Mr. Martinez subsequently pled guilty to the crime of Manslaughter in the First Degree and was sentenced to 102 months; and

WHEREAS, Mr. Martinez is described by family, friends and business associates as mild mannered, calm, and well tempered. He has significant support and ties to the Hispanic community, where he is seen as a hard-working man of integrity and honor. Before his incarceration, he supported his wife, a U.S. citizen with severe rheumatoid arthritis and a history of heart attacks, and his elderly parents who reside in Mexico; and

WHEREAS, while incarcerated, Mr. Martinez has been an exemplary inmate. He has remained infraction free and employed. One of his Department of Corrections supervisors sent a letter on his behalf noting that Mr. Martinez goes "above and beyond what is required to get the job done." He has even been permitted to leave the institution unshackled as part of his employment; and

WHEREAS, Mr. Martinez is a legal permanent resident of the United States. However, as an alien convicted of an "aggravated felony" under the Immigration and Naturalization Act, he is subject to deportation to Mexico upon completion of his sentence in a few months, and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the foregoing I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, hereby grant to Leonelo Moises Martinez this Full and Unconditional Pardon, for the express purposes of allowing him to obtain a deportation waiver, lawfully remain in the United States, and eventually become a United States Citizen.

Although he was about fourteen at the time the offenses took place, he was charged as an adult. He admitted having molested the girl and pled guilty to two counts. Mr. Mackay was sentenced in 1996 to 41 months suspended under the Special Sex offender Sentencing Alternative; and

WHEREAS, Mr. Mackay has taken responsibility for his actions and successfully completed sex offender treatment in 1997. At the conclusion of treatment, polygraph tests showed that Mr. Mackay had no arousal towards minor children. HECTOR LEAL

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, in January 2003 Hector Leal pled guilty to two counts of vehicular assault and one count of hit and run with injury. The plea arose out of an incident in April 2002 where Mr. Leal drove his pickup truck into a restaurant. As a result, two victims suffered serious injury, and other patrons suffered minor injuries. Mr. Leal, who does not recall leaving the scene of the accident, was arrested several hours later in a heavily intoxicated state; and

WHEREAS, Mr. Leal was sentenced to thirty-two months in prison for hit and run and twelve months for each of the two counts of vehicular assault. He received an exceptional sentence above the standard range because his offense involved multiple victims. After finishing his sentence, Mr. Leal was transferred to the custody of Immigration and Customs Enforcement and placed in removal proceedings. Mr. Leal, although a lawful permanent resident of the United States, is subject to deportation to Mexico based on his vehicular assault convictions, which are considered "aggravated felonies" under the Immigration and Nationality Act; and

WHEREAS, Mr. Leal has completed his sentence and has expressed remorse for his crimes. He has remained sober for over two years, recognizing that drinking has "never led to anything positive in my life." Appreciating his culpability, Mr. Leal accepted his sentence, which was above the standard range, despite knowledge of the immigration consequences. He does not seek pardon for the crime of hit and run, which would not subject him to deportation, nor does he seek to remove his obligation to pay restitution; and

WHEREAS, while incarcerated, Mr. Leal also performed heating, ventilation, and air conditioning (HVAC) work for the Department of Corrections (DOC). His DOC supervisor indicated that he would not hesitate to hire him if he was in private enterprise, and that Mr. Leal "has the qualities one needs in an employee." Additionally, Mr. Leal’s former employer, who he worked for prior to his incarceration, has agreed to guarantee his re-employment as an HVAC Installer. This will afford Mr. Leal the opportunity to make a good income to pay the substantial restitution ordered by the court. At the Clemency and Pardons Board hearing, Mr. Leal stated his commitment to make these restitution payments with every paycheck, even if it takes the rest of his life; and

WHEREAS, Mr. Leal has lived in the United States since he was four years old. He has four children and a fiancé who are United States citizens, and his parents are lawful residents of the United States. His family depends on him for financial and emotional support; and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the foregoing, I have determined that the best interests of justice will be served by this action.

Ms. Betts claims she as unaware of her then husband’s actions, but because they were married at the time, she took joint responsibility for the crime; and

WHEREAS, Ms. Betts has completed the full 120 hours of community service, 24 months of supervision, and paid the $1,555.00 in restitution ordered. Ms. Betts has also earned her GED and since 1999 has been employed as a Police and Fire Dispatcher with Lewis County. Ms. Betts disclosed her conviction to her employer prior to being hired. To All to Whom These Presents Shall Come, Greetings:

WHEREAS, on September 16, 1999, Antonio Ruiz-Herredia was convicted of criminal assault for domestic violence. He was sentenced to 365 days, with 360 days suspended after serving five days in jail. Because Mr. Ruiz-Herredia received a 365-day sentence, as opposed to anything less than one year, Mr. Ruiz-Herredia was placed in removal proceedings under the Immigration and Nationality Act; and

WHEREAS, Mr. Ruiz-Herredia has denied the assault charge against him and his wife later recanted her testimony. At the Clemency and Pardons Board hearing, Mrs. Ruiz-Herredia stated she knew "... that my husband was not guilty of hitting me when I called the police on May 15, 1999... I was angry at my husband and wanted him punished, only because he had caused me to leave a party I was attending and return home." Nonetheless, because Mr. Ruiz-Herredia had stipulated to the original police report, he was found guilty. He was not advised of the immigration consequences of his stipulation. Mr. Ruiz-Herredia’s attorney sought a one-day reduction in his sentence from the Tacoma Municipal Court, but the request was denied; and

WHEREAS, members of the Clemency and Pardons Board recognized Mr. Ruiz-Herredia’s significant ties to the United States both through family and employment. His wife and children are United States Citizens whom he supports by working for Schnitzer Steel. The Board also noted that Mr. Ruiz-Herredia has had no further trouble with the law since the isolated incident in 1999; and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the circumstances, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, grant to Antonio Ruiz-Herredia this Full and Unconditional Pardon for the express purpose of allowing him to obtain a deportation waiver, lawfully remain in the United States, and eventually become a United States Citizen.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the State of Washington to be affixed at Olympia on this 17th day of November, A. D. two thousand and four.

ROBERT WATSON

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, in 1989, Mr. Watson pled guilty to the crime of first degree theft. At the time, Mr. Watson was an alcoholic and living on the streets when he asked a stranger for money. The stranger resisted, and Mr. Watson "strong-armed" the stranger and took between thirty and forty dollars. Mr. Watson was unarmed; and

WHEREAS, Mr. Watson has served his sentence, paid all of the restitution ordered by the court, and has had no arrests or convictions since 1989. He wrote the victim of his theft a letter of apology, which was accepted. In fact, the victim indicated that "if there is anything I can do to clear that crime off your record, then let me know;" and

WHEREAS, Mr. Watson has remained clean and sober for the past thirteen years. He regularly attends Alcoholics Anonymous (AA) meetings, and shares his story to support others who are recovering. In the mid-1990s, Mr. Watson provided hundreds of hours of volunteer service to incarcerated teenagers at the Benton-Franklin Juvenile Justice Center in Kennewick. As the Mason County Superior Court has noted, Mr. Watson is "a positive role model for others in the community;" and

WHEREAS, in 2002, the Mason County Superior Court restored Mr. Watson’s gun rights, but was statutorily prohibited from expunging his conviction from the public record. Unfortunately, when his probation officer moved to terminate his supervision in 1991, Mr. Watson was unaware that he needed to obtain a Certificate of Discharge and pay a ten dollar supervision fee to the Department of Corrections. Although the ten dollar fee has since been paid, without a pardon, Mr. Watson would have to wait another ten years before he can apply to have his record sealed; and

WHEREAS, Mr. Watson is now in a position for a possible promotion marketing agricultural products overseas. With required oversees travel, such a position would require a passport; and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, hereby grant to Robert Watson this Conditional Pardon, SUBJECT TO THE CONDITION that Mr. Watson shall not commit any more crimes. The foregoing condition shall remain in force indefinitely. Upon breach of the foregoing condition, this Conditional Pardon shall automatically and immediately expire, and shall be null and void as if it had never been granted.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the State of Washington to be affixed at Olympia on this 17th day of November, A. D. two thousand and four.

ANTHONE HOWARD LIBNER
To All to Whom These Presents Shall Come, Greetings:

WHEREAS, in 2003, Anthone H. Libner pled guilty to the crime of first degree theft committed against La Quinta Inn. Mr. Libner has since made arrangements for restitution in the amount of $2,248.54; and

WHEREAS, Mr. Libner is a Sergeant in the 81st Armored Brigade of the Washington Army National Guard. His unit was recently deployed to active duty in Iraq. His commanding officer indicates that Sergeant Libner is a good soldier with a positive record of performance; and

WHEREAS, Mr. Libner’s felony conviction prevents him from owning or possessing a firearm. While there is a process for reinstatement of firearms, it requires that the felon remain crime free for five years following conviction. According to the National Guard, but for this firearm possession restriction, Sergeant Libner would be deployed to Iraq. FOR
PETE ROBERT HARRISON

To All To Whom These Presents Shall Come, Greetings:

WHEREAS, on August 9, 1977, Pete Robert Harrison entered Bob’s S & S Tires in Tacoma with the intent to burglarize the establishment. He was convicted of attempted burglary in the second-degree. He was sentenced to six months county jail with work release Monday through Friday. The court ordered Mr. Harrison to complete alcohol counseling, participate in Alcoholics Anonymous, pay restitution of $500.00 and maintain law abiding behavior. Mr. Harrison successfully fulfilled all of these obligations; and

WHEREAS, Mr. Harrison has demonstrated his rehabilitation and self-improvement through his educational accomplishments and community involvement. He earned an Associate Degree in Applied Science in 2001 and a Bachelor of Arts in 2003. In addition to these degrees, Mr. Harrison participated in numerous trainings, including "Pebbles in the Pond: Living with Chronic Neurobiological Disorders," and Individualized Tailored Care. He continued his professional formation through several internships at the Center for Psychiatric Recovery & Rehabilitation Education and the Rose House in Tacoma. Mr. Harrison is a
Registered Counselor for the Washington State Department of Health. Many community organizations, such as the Tacoma Coalition for Individuals with Disabilities, and the Homeless Coalition of Pierce County, benefit from Mr. Harrison’s volunteer work. Mr. Harrison began working at Armstrong Uniserve, Inc., a Washington State licensed home care service agency, in 2003. However, upon learning of Mr. Harrison’s conviction, Armstrong terminated his employment, as required by statute.

WHEREAS, RCW 43.43.842 requires that an agency that provides care and treatment to vulnerable adults shall ensure that any person having unsupervised access to a vulnerable adult shall not have been convicted of a crime relating to financial exploitation. Attempted burglary in the second-degree falls into this category, preventing Mr. Harrison from being employed as a caregiver. However, pursuant to RCW 43.43.830, a conviction record does not include a conviction for an offense that has been the subject of a pardon. Accordingly, Mr. Harrison has sought this pardon to pursue employment as a caregiver.

WHEREAS, the Pierce County Prosecutor does not oppose Mr. Harrison’s pardon. Chief Criminal Deputy, Gerald Costello, notes that Mr. Harrison’s felony conviction is very old and that he has changed the course of his life. Mr. Costello believes that the conviction should not preclude him from working in such an important field; and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the circumstances I have determined that the best interests of justice will be served by this action;

NOW, THEREFORE, I Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, grant to Pete Robert Harrison this Conditional Pardon SUBJECT TO THE CONDITION that Mr. Harrison shall not commit any more crimes.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the State of Washington to be affixed at Olympia on this 29th day of June, A. D. two thousand and four.

The victim, a child, was Mr. Gutierrez-Solorio’s stepdaughter. The abuse took place over the course of five years. Mr. Gutierrez-Solorio received a sentence of 14 months suspended with 30 days of jail time and 24 months of community supervision and treatment. Though deportable, Mr. Gutierrez-Solorio was initially granted a Judicial Recommendation Against Deportation (JRAD) in 1989, allowing him to remain in the county; and

He has worked hard to change his life by turning to God and completing sex offender treatment. His treatment evaluation notes that by maintaining external and internal controls all these years he has a markedly lower probability of re-offense; and
WHEREAS, Mr. Gutierrez-Solorio has become a role model and leader within the Hispanic community. He has founded five churches and is the president of a regional church organization, Alianza Hispana Evangelica Noreste (A.H.E.N.). As president of A.H.E.N., Mr. Gutierrez-Solorio counsels pastors from sixty other churches in the Pacific Northwest. His role in the community has been to assist in leadership training, community development, and advocating on behalf of social issues facing the Hispanic community. The seventeen people who attended Mr. Gutierrez-Solorio’s clemency hearing are evidence of this strong community support. He has disclosed his criminal history to many in the hopes that hearing his story can serve as inspiration for others; and

WHEREAS, the victim has forgiven Mr. Gutierrez-Solorio and even trusts him with her own children. She testified that her stepfather has made a dramatic change in his life. She and her family were even willing to follow him to Mexico if he were deported; and

WHEREAS, the King County Prosecutor, Norm Maleng, does not oppose Mr. Gutierrez-Solorio’s pardon, observing that he has become a law abiding citizen and has a low risk of re-offense because of the support of his family and friends; and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the circumstances I have determined that the best interests of justice will be served by this action;
