Sec. 1101. 2004 c 276 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES. (1) Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2004, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2004 among programs after approval by the director of financial management; and after May 1, 2005, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2005 in this act and in chapter 278, Laws of 2004 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in subsection (3)(b) of this section.

(b) To the extent that transfers under subsection (3)(a) of this section are insufficient to fund actual expenditures in excess of fiscal year 2004 and fiscal year 2005 caseload forecasts and utilization assumptions in the medical assistance, long-term

care, foster care, adoption support, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose after approval by the director of financial management.

(c) The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing prior to approving any allotment modifications or transfers under this subsection.

(4) After consultation and coordination with local elected officials and community groups to assure there will be no degradation in existing services as a result of implementing the Washington medicaid integration project, the department shall report its progress to the appropriate committees of the legislature during the 2004 September committee assembly days and is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage Medicaid expenditures for the aged and disabled population. Under this Washington medicaid integration partnership (WMIP) the department may combine and transfer such Medicaid funds appropriated under sections 204, 206, 208, and 209 of this act as may be necessary to finance a unified health care plan for the WMIP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons during the 2003-05 biennium. The amount of funding assigned to the pilot projects from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled in the pilot, times the number of clients enrolled in the pilot. In implementing the WMIP pilot projects, the department may: (a) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for individuals enrolled in the pilots; and (b) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs. The department shall conduct an evaluation of the WMIP, measuring changes in participant health outcomes, changes in patterns of service utilization, participant satisfaction, participant access to services, and the state fiscal impact.

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--DEVELOPMENTAL DISABILITIES PROGRAM (1) COMMUNITY SERVICES

General Fund--State Appropriation (FY 2004)

General Fund--State Appropriation (FY 2005)

~~(\$274,414,000)~~

General Fund--Federal Appropriation	<u>\$272,837,000</u>
	((<u>\$453,434,000</u>))
Health Services Account--State Appropriation	<u>\$450,747,000</u>
	\$971,000
TOTAL APPROPRIATION	((<u>\$979,452,000</u>))
	<u>\$975,188,000</u>

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Any new funding for family support and high school transition along with a portion of existing funding for these programs shall be provided as supplemental security income (SSI) state supplemental payments for persons with developmental disabilities in families with taxable incomes at or below 150 percent of median family income. Individuals receiving family support or high school transition payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(b) The health services account appropriation and \$971,000 of the general fund--federal appropriation are provided solely for health care benefits for home care workers with family incomes below 200 percent of the federal poverty level who are employed through state contracts for twenty hours per week or more.

(i) Premium payments for individual provider home care workers shall be made only to the subsidized basic health plan.

(ii) Home care agencies may obtain coverage either through the basic health plan or through an alternative plan with substantially equivalent benefits. Premium payments made to home care agencies shall be limited to home care workers who are employed at least twenty hours per week to serve state-funded clients. It is the intent of the legislature to fund the purchase of health care benefits for agency home care providers in a more fiscally prudent manner. The legislature encourages agency providers to purchase more cost-effective health care benefits, including increasing participation in the basic health plan or purchasing substantially equivalent benefits with substantially equivalent costs.

(c) \$562,000 of the general fund--state appropriation for fiscal year 2004, \$1,767,000 of the general fund--state appropriation for fiscal year 2005, and \$2,266,000 of the general fund--federal appropriation are provided solely for community residential and support services. Funding in this subsection shall be prioritized for (i) residents of residential habilitation centers who are able to be adequately cared for in community settings and who choose to live in those community settings; (ii) clients without residential services who are at immediate risk of institutionalization or in crisis; (iii) children who are aging out of other state services; and (iv) current home and community-based waiver program clients who have been assessed as having an immediate need for increased services. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed \$300. In order to maximize the number of clients served and ensure the cost-effectiveness of the waiver programs, the department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients may be served with excess funds provided the total projected carry-forward expenditures do not exceed the amounts estimated. The department shall implement the four new waiver programs such that decisions about enrollment levels and the amount, duration, and scope of services maintain expenditures within appropriations. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of residents moving into community settings and the actual expenditures for all community services to support those residents.

(d) \$563,000 of the general fund--state appropriation for fiscal year 2004, \$1,390,000 of the general fund--state appropriation for fiscal year 2005, and \$1,905,000 of the general fund--federal appropriation are provided solely for expanded community services for persons with developmental disabilities who also have community protection issues. Funding in this subsection shall be prioritized for (i) clients being diverted or discharged from the state psychiatric hospitals; (ii) clients participating in the dangerous mentally ill offender program; (iii) clients participating in the community protection program; and (iv) mental health crisis diversion outplacements. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed \$300. In order to maximize the number of clients served and ensure the cost-effectiveness of the waiver programs, the department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients may be served with excess funds provided the total projected carry-forward expenditures do not exceed the amounts estimated. The department shall implement the four new waiver programs

such that decisions about enrollment levels and the amount, duration, and scope of services maintain expenditures within appropriations. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to placement, and the actual expenditures for all community services to support these clients.

(e) The department shall provide a status report on the transition, implementation, and operation of the four home and community-based waivers that will replace the community alternatives program waiver. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter for the quarters through December 2004, the following information for each home and community-based waiver: Total projected state and federal fiscal year expenditures, year-to-date actual expenditures compared to projected expenditures, year-to-date unduplicated clients compared to projected clients, actual average per capita costs compared to projected per capita costs, number of transfers between waivers, amount of emergency funds spent to date compared to projected emergency costs, state and federal funds transferred from the medicaid personal care program to the four home and community-based waiver programs, and the year-to-date number of new clients added to a waiver program.

(f) The department may transfer funding provided in this subsection to meet the purposes of subsection (2) of this section to the extent that fewer residents of residential habilitation centers choose to move to community placements than was assumed in this appropriation.

(g) \$3,202,000 of the general fund--state appropriation for fiscal year 2004, \$4,472,000 of the general fund--state appropriation for fiscal year 2005, and \$7,633,000 of the general fund--federal appropriation are provided solely for the purpose of providing a wage increase effective October 1, 2003, for individual home care workers providing state-funded services. The amounts in this subsection also include the funds needed for the employer share of unemployment and social security taxes on the amount of the increase.

(h) \$213,000 of the general fund--state appropriation for fiscal year 2004, \$289,000 of the general fund--state appropriation for fiscal year 2005, and \$500,000 of the general fund--federal appropriation are provided solely to increase payments to agency home care providers from \$13.44 per hour to \$14.27 per hour effective October 1, 2003. The amounts in this subsection shall be used to increase compensation for direct care workers by 75 cents per hour. The amounts in this subsection also include the funds needed for the employer share of unemployment and social security taxes on the amount of the increase.

(i) \$1,000,000 of the general fund--state appropriation for fiscal year 2005 and \$300,000 of the general fund--federal appropriation are provided solely for employment and day services. Priority consideration for this new funding shall be young adults with developmental disabilities living with their family who need employment opportunities and assistance after high school graduation. Services shall be provided proportionately between waiver and nonwaiver clients. Federal funds may be used to enhance this funding only to the extent that a client is already on a home and community-based waiver. This funding shall not be used to add new clients to a home and community-based waiver.

(j) ~~(\$312,000)~~ \$347,000 of the general fund--state appropriation for fiscal year 2005 and ~~(\$290,000)~~ \$322,000 of the general fund--federal appropriation are provided solely to increase payments to agency home care providers from \$14.27 per hour to \$14.93 per hour, effective October 1, 2004. \$7,365,696,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(2) The department shall continue to extend medicaid eligibility to children through age 18 residing in households with incomes below 200 percent of the federal poverty level.

(3) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(4) \$493,000 of the health services account appropriation for fiscal year 2004, ~~((~~\$748,000~~))~~ \$1,184,000 of the health services account appropriation for fiscal year 2005, and ~~((~~\$1,241,000~~))~~ \$1,438,000 of the general fund--federal appropriation are

provided solely for implementation of a "ticket to work" medicaid buy-in program for working persons with disabilities, operated in accordance with the following conditions:

- (a) To be eligible, a working person with a disability must have total income which is less than 450 percent of poverty;
 - (b) Participants shall participate in the cost of the program by paying (i) a monthly enrollment fee equal to fifty percent of any unearned income in excess of the medicaid medically needy standard; and (ii) a monthly premium equal to 5 percent of all unearned income, plus 5 percent of all earned income after disregarding the first sixty-five dollars of monthly earnings, and half the remainder;
 - (c) The department shall establish more restrictive eligibility standards than specified in this subsection to the extent necessary to operate the program within appropriated funds; and
 - (d) The department may require point-of-service copayments as appropriate, except that copayments shall not be so high as to discourage appropriate service utilization, particularly of prescription drugs needed for the treatment of psychiatric conditions.
- (5) Sufficient funds are appropriated in this section for the department to continue podiatry services for medicaid-eligible adults.
- (6) Sufficient funds are appropriated in this section for the department to provide an adult dental benefit equivalent to approximately 75 percent of the dental benefit provided during the 2001-03 biennium. The department shall establish the scope of services to be provided within the available funds in consultation with dental providers and consumer representatives.
- (7) The legislature reaffirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.
- (8) In accordance with RCW 74.46.625, \$35,953,000 of the fiscal year 2004 health services account appropriation, \$20,577,000 of the fiscal year 2005 health services account appropriation, and \$61,037,000 of the general fund--federal appropriation are provided solely for supplemental payments to nursing homes operated by rural public hospital districts. The payments shall be conditioned upon (a) a contractual commitment by ~~((the association of public hospital districts and))~~ participating rural public hospital districts to make an intergovernmental transfer to the state treasurer, for deposit into the health services account, equal to at least 91.9 percent of the supplemental payments; and (b) ~~((a contractual commitment by the association of public hospital districts to return at least 8.1 percent of the supplemental payments to the participating rural hospital districts; and~~ (c)) amounts intergovernmentally transferred to the state treasurer to be included in the nursing home cost report as expenditures or settlement against payments to be used for medicaid nursing home rate setting. It is the legislature's intent that the payments provided in this subsection shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs to improve access to healthcare at nursing facilities otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. A ~~((hospital))~~ nursing home which does not participate in the supplemental payment intergovernmental transfer budgeted for fiscal year 2003 shall not be eligible to participate in the supplemental payments budgeted in this subsection for fiscal year 2004. The participating districts shall retain no more than a total of \$9,600,000 for the 2003-05 biennium.
- (9) \$12,318,000 of the health services account appropriation for fiscal year 2004, \$10,738,000 of the health services account appropriation for fiscal year 2005, and \$23,056,000 of the general fund--federal appropriation are provided solely for additional disproportionate share and medicare upper payment limit payments to public hospital districts and to the state's teaching hospitals. The state's teaching hospitals shall retain at least 28 percent of the amounts retained by hospitals under these programs, or the maximum allowable under the teaching hospitals' limits as established under federal rule, whichever is less.
- (10) \$3,178,000 of the health services account appropriation, \$4,208,000 of the general fund--local appropriation, and \$7,308,000 of the general fund--federal appropriation are provided solely for grants to rural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.
- (11) \$36,002,000 of the health services account appropriation and \$26,080,000 of the general fund--federal appropriation are provided solely for grants to nonrural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(12) \$302,000 of the general fund--state appropriation for fiscal year 2004, ~~(\$1,671,000)~~ \$1,633,000 of the general fund--state appropriation for fiscal year 2005, and ~~(\$17,757,000)~~ \$17,410,000 of the general fund--federal appropriation are provided solely for development and implementation of a replacement system for the existing medicaid management information system. In designing strategies, the primary strategy considered shall be selective or direct contracting with durable medical equipment and supplies vendors or manufacturers.

(14) The department shall, within available resources, design and implement a medical care services care management pilot project for clients receiving general assistance benefits. The pilot project shall be operated in at least two of the counties with the highest concentration of general assistance clients, and may use a full or partial capitation model. In designing the project, the department shall consult with the mental health division and its managed care contractors that include community and migrant health centers in their provider network. The pilot project shall be designed to maximize care coordination, high-risk medical management, and chronic care management to achieve better health outcomes. The pilot project shall begin enrollment on July 1, 2004.

(15) Within available resources and to the extent possible, the department shall evaluate and pilot a nurse consultant services program to assist fee-for-service clients in accessing medical information, with the goal of reducing administrative burdens on physicians and unnecessary emergency room utilization.

(16) The department shall include in any pending medicaid reform section 1115 waiver application, or in any existing section 1115 waiver, a request for authorization to provide optional medicaid services that have been eliminated in this act to American Indian and Alaska Native persons as defined in relevant federal law who are eligible for medicaid only to the extent that such services are provided through the American Indian health system and are financed with one hundred percent federal medicaid matching funds.

(18) The department of social and health services, the office of the superintendent of public instruction, and the department of health should jointly identify opportunities for early intervention and prevention activities that can help prevent disease and reduce oral health issues among children. Disease prevention among infants at the age of one year and among children entering the K-12 education system provides cost-effective ways to avoid higher health care spending later in life.

(19) The department shall secure a federal waiver, effective no later than September 1, 2003, which will enable it to charge ~~(ee-)~~ premiums for medical and dental coverage of children whose family incomes exceed the federal poverty level.

The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. (1) \$18,000 of the general fund--state appropriation for fiscal year 2004, \$18,000 of the general fund--state appropriation for fiscal year 2005, and \$1,006,950 of the aquatic lands enhancement account appropriation are provided solely for the implementation of the Puget Sound work plan and agency action items DNR-01, DNR-02, and DNR-04.

These funds shall not be allocated to cover any portion of agency indirect and administrative expenses. The legislature finds that general fund and disaster response account support for emergency fire suppression is a significant and direct subsidy of the costs to administer and manage various trust lands. It would be an unintended additional subsidy if a portion of the general fund and disaster response account amounts provided in this subsection were used to fund agency indirect and administrative expenses. (a) Number of sales conducted through contract harvesting;

(b) For each sale conducted, the (i) number of board feet sold; (ii) stumpage and pond prices; (iii) difference in revenues received compared to revenues that would have accrued through noncontract harvest sales, and the distribution of revenues to the contract harvesting revolving account, and to applicable management and trust accounts; and (iv) total cost to conduct the contract harvest, by fund and object of expenditure; and

(c) Other costs and benefits attributable to contract harvesting.

(10) \$208,000 of the general fund--state appropriation of fiscal year 2004 and \$70,000 of the general fund--state appropriation for fiscal year 2005 are provided solely to implement Second Substitute House Bill No. 1095 (small forest landowners), chapter 311, Laws of 2003.

Expenditure of the moneys provided in this subsection shall not be made until the SDS lumber company accepts the land and timber acquisition as full and complete settlement of the current litigation brought by the SDS lumber company against the state and the litigation is dismissed, with prejudice. The land and timber acquired with the funding in this subsection shall be managed for the benefit of the common schools. By June 30, 2004, if the department has not recovered through trust asset management the state's capital investment from the land acquisition provided in this subsection, the department shall seek reimbursement from the federal government.

(14) \$265,000 of the aquatic lands enhancement account appropriation is provided solely for developing a pilot project to study the feasibility of geoduck aquaculture on both intertidal and subtidal lands in the state of Washington.

(2) Allocations for certificated staff salaries for the 2003-04 and 2004-05 school years shall be determined using formula-generated staff units calculated pursuant to this subsection. Staff allocations for small school enrollments in (d) through (f) of this subsection shall be reduced for vocational full-time equivalent enrollments. Staff allocations for small school enrollments in grades K-6 shall be the greater of that generated under (a) of this subsection, or under (d) and (e) of this subsection. Certificated staffing allocations shall be as follows:

(a) On the basis of each 1,000 average annual full-time equivalent enrollments, excluding full-time equivalent enrollment otherwise recognized for certificated staff unit allocations under (c) through (f) of this subsection:

(i) Four certificated administrative staff units per thousand full-time equivalent students in grades K-12;

(ii) 49 certificated instructional staff units per thousand full-time equivalent students in grades K-3;

(iii) Forty-six certificated instructional staff units per thousand full-time equivalent students in grades 4-12; and

The allocation may be used for reducing class sizes in grades K-4 or to provide additional classroom contact hours for kindergarten, before-and-after-school programs, weekend school programs, summer school programs, and intercession opportunities to assist elementary school students in meeting the essential academic learning requirements and student assessment performance standards. For purposes of this subsection, additional classroom contact hours provided by teachers beyond the normal school day under a supplemental contract shall be converted to a certificated full-time equivalent by dividing the classroom contact hours by 900.

(A) Funds provided under this subsection (2)(a)(iv) and (v) in excess of the amount required to maintain the statutory minimum ratio established under RCW 28A.150.260(2)(b) shall be allocated only if the district documents an actual ratio in

grades K-4 equal to or greater than 54.0 certificated instructional staff per thousand full-time equivalent students in the 2003-04 school year and 53.2 certificated instructional staff per thousand full-time equivalent students in the 2004-05 school year. For any school district documenting a lower certificated instructional staff ratio, the allocation shall be based on the district's actual grades K-4 certificated instructional staff ratio achieved in that school year, or the statutory minimum ratio established under RCW 28A.150.260(2)(b), if greater;

(B) Districts at or above 51.0 certificated instructional staff per one thousand full-time equivalent students in grades K-4 may dedicate up to 1.3 of the 54.0 funding ratio in the 2003-04 school year, and up to 1.3 of the 53.2 funding ratio in the 2004-05 school year, to employ additional classified instructional assistants assigned to basic education classrooms in grades K-4. For purposes of documenting a district's staff ratio under this section, funds used by the district to employ additional classified instructional assistants shall be converted to a certificated staff equivalent and added to the district's actual certificated instructional staff ratio. Additional classified instructional assistants, for the purposes of this subsection, shall be determined using the 1989-90 school year as the base year;

(C) Any district maintaining a ratio in grades K-4 equal to or greater than 54.0 certificated instructional staff per thousand full-time equivalent students in the 2003-04 school year and 53.2 certificated instructional staff per thousand full-time equivalent students in the 2004-05 school year may use allocations generated under this subsection (2)(a)(iv) and (v) in excess of that required to maintain the minimum ratio established under RCW 28A.150.260(2)(b) to employ additional basic education certificated instructional staff or classified instructional assistants in grades 5-6. Funds allocated under this subsection (2)(a)(iv) and (v) shall only be expended to reduce class size in grades K-6. No more than 1.3 of the certificated instructional funding ratio amount may be expended for provision of classified instructional assistants;

(b) For school districts with a minimum enrollment of 250 full-time equivalent students whose full-time equivalent student enrollment count in a given month exceeds the first of the month full-time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that such increased enrollment would have generated had such additional full-time equivalent students been included in the normal enrollment count for that particular month;

(c)(i) On the basis of full-time equivalent enrollment in:

(A) Vocational education programs approved by the superintendent of public instruction, a maximum of 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 19.5 full-time equivalent vocational students; and

(ii) Vocational full-time equivalent enrollment shall be reported on the same monthly basis as the enrollment for students eligible for basic support, and payments shall be adjusted for reported vocational enrollments on the same monthly basis as those adjustments for enrollment for students eligible for basic support; and

(iii) Indirect cost charges by a school district to vocational-secondary programs shall not exceed 15 percent of the combined basic education and vocational enhancement allocations of state funds;

(d) For districts enrolling not more than twenty-five average annual full-time equivalent students in grades K-8, and for small school plants within any school district which have been judged to be remote and necessary by the state board of education and enroll not more than twenty-five average annual full-time equivalent students in grades K-8:

(i) For those enrolling no students in grades 7 and 8, 1.76 certificated instructional staff units and 0.24 certificated administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled; and

(ii) For those enrolling students in grades 7 or 8, 1.68 certificated instructional staff units and 0.32 certificated administrative staff units for enrollment of not more than five students, plus one-tenth of a certificated instructional staff unit for each additional student enrolled;

(e) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full-time equivalent students in grades K-8, and for small school plants within any school district which enroll more than twenty-five average annual full-time equivalent students in grades K-8 and have been judged to be remote and necessary by the state board of education:

(i) For enrollment of up to sixty annual average full-time equivalent students in grades K-6, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(ii) For enrollment of up to twenty annual average full-time equivalent students in grades 7 and 8, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units;

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full time equivalent students.

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational full-time equivalent students;

(g) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit; and

(h) For each nonhigh school district having an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit.

(5) Insurance benefit allocations shall be calculated at the maintenance rate specified in section 504(2) of this act, based on the number of benefit units determined as follows:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (h) of this section, there shall be provided a maximum of \$8,785 per certificated staff unit in the 2003-04 school year and a maximum of \$8,855 per certificated staff unit in the 2004-05 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maintenance rate of \$531.09 for the 2003-04 and 2004-05 school years per allocated classroom teachers exclusive of salary increase amounts provided in section 504 of this act. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported statewide for the prior school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition.

Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

The funds shall be allocated at a rate not to exceed \$500 per full-time equivalent student enrolled in those programs.

(10) For purposes of RCW 84.52.0531, the increase per full-time equivalent student is 3.4 percent from the 2002-03 school year to the 2003-04 school year and 2.5 percent from the 2003-04 school year to the 2004-05 school year.

(7) The certificated instructional staff base salary specified for each district in LEAP Document 12E and the salary schedules in subsection (4)(a) of this section include two learning improvement days. A school district is eligible for the learning improvement day funds only if the learning improvement days have been added to the 180-day contract year. If fewer days are added, the additional learning improvement allocation shall be adjusted accordingly. The additional days shall be for activities related to improving student learning consistent with education reform implementation, and shall not be considered part of basic education. The length of a learning improvement day shall not be less than the length of a full day under the base contract. The superintendent of public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.

(8) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2), subsection (7) of this section, and section 504(1) of this act.

Sec. 1404. 2004 c 276 s 504 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS

General Fund--State Appropriation (FY 2004)

\$28,604,000

General Fund--State Appropriation (FY 2005)

~~(\$132,202,000)~~

\$132,232,000

General Fund--Federal Appropriation

~~(\$663,000)~~

\$655,000

TOTAL APPROPRIATION

~~(\$161,469,000)~~

\$161,491,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$8,944,000 of the general fund--state appropriation for fiscal year 2004 and (~~(\$20,339,000)~~) \$20,366,000 of the general fund--state appropriation for fiscal year 2005 are provided solely to provide a salary adjustment for state formula certificated instructional staff units in their first seven years of service. Consistent with the statewide certificated instructional staff salary allocation schedule in section 503 of this act, sufficient funding is provided to increase the salary of certificated instructional staff units in the 2003-04 school year and the 2004-05 school year by the following percentages: Three percent for certificated instructional staff in their first and second years of service; two and one-half percent for certificated instructional staff in their third year of service; one and one-half percent for certificated instructional staff in their fourth year of service; one percent for certificated instructional staff in their fifth year of service; and one-half of a percent for certificated instructional staff in their sixth and seventh years of service. These increases will take effect September 1, 2003 and September 1, 2004.

(a) In order to receive funding provided in this subsection, school districts shall certify to the office of superintendent of public instruction that they will provide the percentage increases in the amounts specified in this subsection. In cases where a school district providing the increases in the amounts specified in this subsection would cause that school district to be out of compliance with RCW 28A.400.200, they may provide salary increases in different amounts but only to the extent necessary to come into compliance with RCW 28A.400.200. Funds provided in this subsection shall be used exclusively for providing the percentage increases specified in this subsection to the certificated staff units in their first seven years of service and shall not be used to supplant any other state or local funding for compensation for these staff.

(b) The appropriations include associated incremental fringe benefit allocations at rates of 9.04 percent for school year 2003-04 and (~~(9.05)~~) 9.02 percent for school year 2004-05 for certificated staff. Increases for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Increases for special education result from increases in each district's basic education allocation per student. Increases for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.

(2) (~~(\$5,452,000)~~) \$5,443,000 of the general fund--state appropriation is provided solely to provide a salary adjustment for state formula classified units of one percent effective September 1, 2004, and (~~(\$126,598,000)~~) \$126,605,000 is provided solely for adjustments to insurance benefit allocations.

(a)(i) In order to receive funding provided in this subsection for salary adjustments for state formula classified units, school districts shall certify to the office of superintendent of public instruction that they will provide the percentage increases in the amounts specified in this subsection. Funds provided in this subsection for this purpose shall be used exclusively for providing the percentage increases specified in this subsection to classified staff units and shall not be used to supplant any other state or local funding for compensation for these staff.

(ii) The appropriations include associated incremental fringe benefit allocations at rates of (~~(8.75)~~) 8.72 percent for the 2004-05 school year for classified staff. The appropriations in this section include the increased portion of salaries and incremental fringe benefits for all relevant state-funded school programs in this part V of this act. Increases for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Increases for special education result from increases in each district's basic education allocation per student. Increases for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.

(b) The maintenance rate for insurance benefit allocations is \$457.07 per month for the 2003-04 and 2004-05 school years. The appropriations in this section provide for a rate increase to \$481.31 per month for the 2003-04 school year and \$582.47 per month for the 2004-05 school year.

(3) The appropriations in this section provide salary adjustments and incremental fringe benefit allocations based on formula adjustments as follows:

	School Year	
	2003-04	2004-05
Pupil Transportation (per weighted pupil mile)	\$0.00	\$0.22

Transitional Bilingual Education (per eligible bilingual student)	\$2.45	\$4.97
Learning Assistance (per entitlement unit)	\$0.69	\$2.94

(4) The adjustments to insurance benefit allocations are at the following rates:

	School Year	
	2003-04	2004-05
Pupil Transportation (per weighted pupil mile)	\$0.22	\$1.14
Highly Capable (per formula student)	\$1.52	\$7.72
Transitional Bilingual Education (per eligible bilingual student)	\$3.92	\$20.30

Sec. 1407. 2004 c 276 s 507 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS

General Fund--State Appropriation (FY 2004)	\$435,061,000
General Fund--State Appropriation (FY 2005)	(((\$426,802,000))
	<u>\$430,000,000</u>
General Fund--Federal Appropriation	(((\$426,450,000))
	<u>\$426,218,000</u>
TOTAL APPROPRIATION	(((\$1,288,313,000))
	<u>\$1,291,279,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall use the excess cost methodology developed and implemented for the 2001-02 school year using the S-275 personnel reporting system and all related accounting requirements to ensure that:

- (i) Special education students are basic education students first;
- (ii) As a class, special education students are entitled to the full basic education allocation; and
- (iii) Special education students are basic education students for the entire school day.

(b) The S-275 and accounting changes in effect since the 2001-02 school year shall supercede any prior excess cost methodologies and shall be required of all school districts.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state and federal funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(5)(a) For the 2003-04 and 2004-05 school years, the superintendent shall make allocations to each district based on the sum of:

- (i) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent. Increases in enrollment percent from 12.7 percent to 13.0 percent shall be funded from the general fund--federal appropriation.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, \$25,746,000 of the general fund--federal appropriation is provided for safety net awards for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (5) of this section. If safety net awards exceed the amount appropriated in this subsection (8), the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal and local sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff from the office of superintendent of public instruction;

(b) Staff of the office of the state auditor; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(11) A maximum of \$678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(12) \$1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(13) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(14) A maximum of \$1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services. The superintendent shall prepare an information database on laws, best practices, examples of programs, and recommended resources. The information may be disseminated in a variety of ways, including workshops and other staff development activities.

(15) A school district may carry over from one year to the next year up to 10 percent of the general fund--state funds allocated under this program; however, carry over funds shall be expended in the special education program.

(2) The educational service districts, at the request of the state board of education pursuant to RCW 28A.310.010 and 28A.310.340, may receive and screen applications for school accreditation, conduct school accreditation site visits pursuant to state board of education rules, and submit to the state board of education post-site visit recommendations for school accreditation. **PART XVIII
MISCELLANEOUS**

Sec. 1801. RCW 43.185.050 and 2002 c 294 s 6 are each amended to read as follows:

(1) The department shall use moneys from the housing trust fund and other legislative appropriations to finance in whole or in part any loans or grant projects that will provide housing for persons and families with special housing needs and with incomes at or below fifty percent of the median family income for the county or standard metropolitan statistical area where the project is located. At least thirty percent of these moneys used in any given funding cycle shall be for the benefit of projects located in rural areas of the state as defined by the department. If the department determines that it has not received an adequate number of suitable applications for rural projects during any given funding cycle, the department may allocate unused moneys for projects in nonrural areas of the state.

(2) Activities eligible for assistance from the housing trust fund and other legislative appropriations include, but are not limited to:

- (a) New construction, rehabilitation, or acquisition of low and very low-income housing units;
- (b) Rent subsidies;
- (c) Matching funds for social services directly related to providing housing for special-need tenants in assisted projects;
- (d) Technical assistance, design and finance services and consultation, and administrative costs for eligible nonprofit community or neighborhood-based organizations;
- (e) Administrative costs for housing assistance groups or organizations when such grant or loan will substantially increase the recipient's access to housing funds other than those available under this chapter;
- (f) Shelters and related services for the homeless, including emergency shelters and overnight youth shelters;
- (g) Mortgage subsidies, including temporary rental and mortgage payment subsidies to prevent homelessness;
- (h) Mortgage insurance guarantee or payments for eligible projects;
- (i) Down payment or closing cost assistance for eligible first-time home buyers;
- (j) Acquisition of housing units for the purpose of preservation as low-income or very low-income housing; and
- (k) Projects making housing more accessible to families with members who have disabilities.

(3) Legislative appropriations from capital bond proceeds may be used only for the costs of projects authorized under subsection (2)(a), (i), and (j) of this section, and not for the administrative costs of the department.

(4) Moneys from repayment of loans from appropriations from capital bond proceeds may be used for all activities necessary for the proper functioning of the housing assistance program except for activities authorized under subsection (2)(b) and (c) of this section.

(5) Administrative costs of the department shall not exceed four percent of the annual funds available for the housing assistance program, except in fiscal year 2005 when administrative costs shall not exceed five percent.

Sec. 1802. RCW 43.185.070 and 1994 sp.s. c 3 s 9 are each amended to read as follows:

(1) During each calendar year in which funds from the housing trust fund or other legislative appropriations are available for use by the department for the housing assistance program, the department shall announce to all known interested parties, and through major media throughout the state, a grant and loan application period of at least ninety days' duration. This announcement shall be made as often as the director deems appropriate for proper utilization of resources. The department shall then promptly grant as many applications as will utilize available funds less appropriate administrative costs of the department. Administrative costs paid out of the housing trust fund may not exceed four percent of annual revenues available for distribution to housing trust fund projects, except in fiscal year 2005 when administrative costs shall not exceed five percent. In awarding funds under this chapter, the department shall provide for a geographic distribution on a statewide basis.

(2) The department shall give first priority to applications for projects and activities which utilize existing privately owned housing stock including privately owned housing stock purchased by nonprofit public development authorities and public housing authorities as created in chapter 35.82 RCW. As used in this subsection, privately owned housing stock includes housing that is acquired by a federal agency through a default on the mortgage by the private owner. Such projects and activities shall be evaluated under subsection (3) of this section. Second priority shall be given to activities and projects which utilize existing

publicly owned housing stock. All projects and activities shall be evaluated by some or all of the criteria under subsection (3) of this section, and similar projects and activities shall be evaluated under the same criteria.

(3) The department shall give preference for applications based on some or all of the criteria under this subsection, and similar projects and activities shall be evaluated under the same criteria:

- (a) The degree of leveraging of other funds that will occur;
 - (b) The degree of commitment from programs to provide necessary habilitation and support services for projects focusing on special needs populations;
 - (c) Recipient contributions to total project costs, including allied contributions from other sources such as professional, craft and trade services, and lender interest rate subsidies;
 - (d) Local government project contributions in the form of infrastructure improvements, and others;
 - (e) Projects that encourage ownership, management, and other project-related responsibility opportunities;
 - (f) Projects that demonstrate a strong probability of serving the original target group or income level for a period of at least twenty-five years;
 - (g) The applicant has the demonstrated ability, stability and resources to implement the project;
 - (h) Projects which demonstrate serving the greatest need;
 - (i) Projects that provide housing for persons and families with the lowest incomes;
 - (j) Projects serving special needs populations which are under statutory mandate to develop community housing;
 - (k) Project location and access to employment centers in the region or area;
 - (l) Projects that provide employment and training opportunities for disadvantaged youth under a youthbuild or youthbuild-type program as defined in RCW 50.72.020; and
 - (m) Project location and access to available public transportation services.
- (4) The department shall only approve applications for projects for mentally ill persons that are consistent with a regional support network six-year capital and operating plan.

Sec. 1803. RCW 43.185A.030 and 1994 c 160 s 3 are each amended to read as follows:

- (1) Using moneys specifically appropriated for such purpose, the department shall finance in whole or in part projects that will provide housing for low-income households.
- (2) Activities eligible for assistance include, but are not limited to:
 - (a) New construction, rehabilitation, or acquisition of housing for low-income households;
 - (b) Rent subsidies in new construction or rehabilitated multifamily units;
 - (c) Down payment or closing costs assistance for first-time home buyers;
 - (d) Mortgage subsidies for new construction or rehabilitation of eligible multifamily units; and
 - (e) Mortgage insurance guarantee or payments for eligible projects.
- (3) Legislative appropriations from capital bond proceeds may be used only for the costs of projects authorized under subsection (2) (a), (c), (d), and (e) of this section, and not for the administrative costs of the department.
- (4) Moneys from repayment of loans from appropriations from capital bond proceeds may be used for all activities necessary for the proper functioning of the affordable housing program except for activities authorized under subsection (2)(b) of this section.
- (5) Administrative costs of the department shall not exceed four percent of the annual funds available for the affordable housing program, except in fiscal year 2005 when administrative costs shall not exceed five percent.

The motion by Senator Prentice carried and the Report of the Conference Committee was adopted by voice vote.

The President declared the question before the Senate to be the final passage of Engrossed Substitute Senate Bill No. 6090, as recommended by the Conference Committee.

Senator Kohl-Welles and McAuliffe spoke in favor of passage of the bill.

POINT OF INQUIRY

Senator McAuliffe: "Will the Senator from the Eleventh District yield to a question? Senator, concerns have been raised about the legislative intent regarding K-12 employees in section 728 of the conference budget agreement. Could you explain the legislative intent regarding these issues?"

Senator Prentice: "Yes, I'd be happy to. Section 728 of the conference budget agreement sets aside \$20,000,000 of the public employee and retirees insurance account as a contingency to fund higher employee health care contribution rates if health care inflation is higher than the amounts assumed in the budget. If additional funds are needed, the legislature intends to appropriate additional funds to cover the cost of inflation up to a maximum of eleven percent. While this section primarily deals with state employee health care inflation, it is also the legislative intent to appropriate sufficient funds in the supplemental budget for this same percentage increase in K-12 employer health care contribution rates. And I believe now its time to vote.

NEW SECTION. Sec. 152. FOR THE DEPARTMENT OF GENERAL ADMINISTRATION

General Administration Building Rehabilitation (06-1-002)

The appropriation in this section is subject to the following conditions and limitations: Funding is provided solely for predesign for replacement or renovation of the general administration building combined with the development of an office building on the block adjoining Capital Way and 11th avenue. The combined development is intended to provide: (1) Executive office space for statewide elected officials; (2) public access space for the state library collection and historically significant documents from the state archives and the state historical museum; and (3) high density general office space that can adapt to changing state needs. The project will maximize interagency sharing of support services such as information technology, printing and mailing, management and storage of supplies, reception areas, and other common functions. The project will also include sufficient parking to provide a significant net increase in parking spaces beyond what is required for the new office space. The project shall also include leasable ground floor retail space on Capital Way. The department shall consult with statewide elected officials and the city of Olympia in developing the predesign. The predesign shall evaluate the use of the Pritchard building as one of the options for use by the state library and historically significant documents from the state archives and state historical museum. Due to the intended replacement of the building adjoining Capital Way and 11th avenue, the department shall not charge the facility depreciation component of lease charges for nonprofit tenants in that facility during the 2005-2007 biennium.

NEW SECTION. Sec. 454. FOR THE DEPARTMENT OF NATURAL RESOURCES

Trust Land Transfer (06-2-012)

The appropriations in this section are subject to the following conditions and limitations:

(1) The total appropriation is provided to the department solely to transfer from trust status or enter into thirty-year timber harvest restrictive easements/leases for certain trust lands of statewide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, open space, or recreation purposes.

(2) Property transferred under this section shall be appraised and transferred at fair market value. The value of the timber transferred shall be deposited by the department to the common school construction account in the same manner as timber revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040. The value of the land transferred shall be deposited in the natural resources real property replacement account. These funds shall be expended by the department for the exclusive purpose of acquiring nonagricultural real property of equal value to be managed as common school trust land.

(3) Except as provided under subsection (11) of this section, property subject to easement/lease agreements under this section shall be appraised at fair market value both with and without the imposition of the easement/lease. The entire difference in appraised value shall be deposited by the department to the common school construction fund in the same manner as lease revenues from other common school trust lands. No deduction shall be made for the resource management cost account under RCW 79.64.040.

(4) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs.

(5) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

(6) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section for a minimum period of thirty years. The department, in consultation with the receiving state agencies, shall develop policy to address requests to replace transferred properties subject to the recorded property instrument that are no longer deemed appropriate for the purposes identified in subsection (1) of this section.

(7) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.

(8) Except as provided in subsection (11) of this section, the department shall execute trust land transfers and easements/leases such that, after the deduction of reasonable costs as provided in subsection (4) of this section, eighty percent of the appropriation in this section is deposited in the common school construction fund. To achieve the 80:20 ratio, the department may offset transfers of property with low timber-to-land ratios with easements/leases on other properties.

(9) On June 30, 2007, the state treasurer shall transfer all remaining uncommitted funds from this appropriation to the common school construction fund and the appropriations in this section shall be reduced by an equivalent amount.

(10) The appropriations in this section are provided for a list of projects in LEAP capital document No. 2005-17, as developed on April 16, 2005.

(11) The department may, after the deduction of reasonable costs as provided in subsection (4) of this section, execute leases for an initial term not to exceed fifty years, for Smugglers Cove, Cultus Bay, and Strawberry Point. Leases executed under this subsection may be renewed for an additional thirty-year period, under terms and conditions established by the

department, including revaluation. Trust land transfer leases under this subsection shall not be subject to the 80:20 ratio of timber value to land value required in subsection (8) of this section. Revenues derived from leases under this subsection shall be deposited in the appropriate account as provided by law.

Prevention and Intervention Study to Stabilize Inmate Population (06-2-952)	
<p>The appropriation in this section is subject to the following conditions and limitations: The appropriation is provided solely for the Washington state institute for public policy to study options to stabilize future prison population. The legislature intends to examine options that could stabilize the adult inmate population growth at the projected 2007 level in order to avoid construction of major prison facilities after construction of the Coyote Ridge correctional center. To do this, the legislature finds that sentencing options need to be examined in conjunction with prevention and intervention programs. The legislature finds that existing and current research underway by the Washington state institute for public policy can be synthesized to develop these options, in conjunction with sentencing options that will be developed by the sentencing guidelines commission. The Washington state institute for public policy shall build on the study required by chapter . . . (Engrossed Substitute Senate Bill No. 5763 (mental disorders treatment)), Laws of 2005, and study the net short-run and long-run fiscal savings to state and local governments of implementing evidence-based treatment human service and corrections programs and policies, including prevention and intervention programs, sentencing alternatives, and the use of risk factors in sentencing. The institute shall use the results from its 2004 report on cost-beneficial prevention and early intervention programs and its work on effective adult corrections programs to project total fiscal impacts under alternative implementation scenarios. The institute shall provide an interim report to the appropriate committees of the legislature by January 1, 2006, and a final report by October 1, 2006.</p>

The appropriation in this section is subject to the following conditions and limitations: \$50,000 is provided solely for the Washington state institute for public policy to conduct a study of governance, financing, and service delivery at the state school for the deaf and the state school for the blind. The study shall compare the costs, operations, and educational approach of the two schools, including differences in the cultural and educational needs of the populations served; the extent of collaboration with public schools; and alignment between current and future service delivery, current capital facilities, and the schools' ten-year capital plans. The study shall also include a comparison to services provided in public schools; recommend how the schools could configure service delivery to complement and support school district programs; and examine which state agency should have responsibility for governance and oversight of the schools. To reduce duplication, the institute may update studies of the state school for the deaf conducted in 2002. The institute shall submit the comparative study to the appropriate policy and fiscal committees of the legislature by December 1, 2005.

The appropriation in this section is subject to the following conditions and limitations:

(1) Pursuant to definitions and provisions in section 925, chapter 26, Laws of 2003 1st sp. sess., the appropriation is provided solely to maintain facilities housing educational and general programs and to maintain its major building systems and campus infrastructure. (2) With this appropriation, the intent is to improve the average condition of state facilities as compared to the baseline conditions documented in report 03-1 of the joint legislative audit and review committee. Preventive facility maintenance project funds shall be allocated at local discretion to achieve the above stated performance goal, with particular attention given to buildings currently rated in superior to adequate condition so as to maximize useful life given both the passage of time and intensity with which the space is used.

PART 6

MISCELLANEOUS AND SUPPLEMENTAL PROVISIONS
MISCELLANEOUS PROVISIONS

NEW SECTION. Sec. 901. The estimated debt service costs impacting future general fund expenditures related solely to new capital appropriations within this act are \$19,503,912 during the 2005-2007 fiscal period; \$128,151,322 during the 2007-2009 fiscal period; \$200,451,220 during the 2009-2011 fiscal period; \$207,686,311 during the 2011-2013 fiscal period; and \$210,558,739 during the 2013-2015 period.

NEW SECTION. Sec. 902. (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management. The office of financial management shall notify the house of representatives capital budget committee and the senate ways and means committee of allotment releases based on review by the office of financial management. No expenditure may be incurred or obligation entered into for appropriations in this act until the office of financial management has given final approval to the allotment of the funds to be expended or encumbered. For allotments under this act, the allotment process includes, in addition to the statement of proposed expenditures for the current biennium, a category or categories for any reserve amounts and amounts expected to be expended in future biennia. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110. Contracts shall not be executed that call for expenditures in excess of the approved allotment, and the total amount shown in such contracts for the cost of future work that has not been appropriated shall not exceed the amount identified for such work in the level of funding approved by the office of financial management at the completion of predesign.

(2) The legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

NEW SECTION. Sec. 903. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act in excess of \$5,000,000 shall not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign and other documents, and approved an allotment for the project that includes specific authorization to enter into a contract to expend or encumber funds. The predesign document shall include but not be limited to program, site, and cost analysis in accordance with the predesign manual adopted by the office of financial management. To improve monitoring of major construction projects, progress reports shall be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports will be submitted on July 1st and December 31st each year in a format to be developed by the office of financial management.

NEW SECTION. Sec. 904. Appropriations in this act for design and construction of facilities on higher education campuses shall be expended only after funds are allotted to institutions of higher education on the basis of: (1) Comparable unit cost standards, as determined by the office of financial management in consultation with the higher education coordinating board; (2) costs consistent with other higher education teaching facilities in the state; and (3) student full-time equivalent enrollment levels as established by the office of financial management in consultation with the higher education coordinating board.

NEW SECTION. Sec. 905. (1) To ensure that minor works appropriations are carried out in accordance with legislative intent, funds appropriated in this act shall not be allotted until project lists are on file at the office of financial management and the office of financial management has formally approved the lists. Proposed revisions to the lists must be filed with and approved by the office of financial management before funds may be expended on the revisions.

(2)(a) Minor works projects are single line appropriations that include multiple projects valued between \$25,000 and \$1,000,000 each that are of a similar nature and can generally be completed within two years of the appropriation with the funding provided. Minor works categories include (i) health, safety, and code requirements; (ii) facility preservation; (iii) infrastructure preservation; and (iv) program improvement or expansion. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the above minor works categories.

(b) Minor works appropriations shall not be used for, among other things: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; or to supplement funding for projects with funding shortfalls unless expressly authorized elsewhere in this act. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(3) The office of financial management shall forward copies of these project lists and revised lists to the house of representatives capital budget committee and the senate ways and means committee. No expenditure may be incurred or obligation entered into for minor works appropriations until the office of financial management has approved the allotment of the funds to be expended. The office of financial management shall encourage state agencies to incorporate accessibility planning and improvements into the normal and customary capital program.

(4) It is generally not intended to make future appropriations for capital expenditures or for maintenance and operating expenses for an acquisition project or a significant expansion project that is initiated through the minor works process and therefore does not receive a policy and fiscal analysis by the legislature. Minor works projects are intended to be one-time expenditures that do not require future state resources to complete.

NEW SECTION. Sec. 906. (1) The governor, through the office of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) Transfers of funds to an agency's infrastructure savings appropriation are subject to review and approval by the office of financial management. Expenditures from an infrastructure savings appropriation are limited to projects that have a primary purpose to correct infrastructure deficiencies or conditions that: (a) Adversely affect the ability to utilize the infrastructure for its current programmatic use; (b) reduce the life expectancy of the infrastructure; or (c) increase the operating costs of the infrastructure for its current programmatic use. Eligible infrastructure projects may include structures and surface improvements, site amenities, utility systems outside building footprints and natural environmental changes or requirements as part of an environmental regulation, a declaration of emergency for an infrastructure issue in conformance with RCW 43.88.250, or infrastructure planning as part of a facility master plan.

(5) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 907. (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

(4) The office of financial management shall report the following to the appropriate fiscal committees of the legislature by January 30, 2007: (a) A listing of reappropriations in the governor's 2007-2009 capital budget recommendation that will be reappropriated more than once and have ten percent or more of the original appropriation unexpended; and (b) an explanation of why the appropriation remains unexpended.

NEW SECTION. Sec. 908. The legislature finds that the state's public four-year institutions and the higher education coordinating board have made substantial progress in developing a process to create a single prioritized list of capital project requests as required under RCW 28B.76.220. The legislature also recognizes that continuing work by the institutions and the

board is needed to refine the methodology for determining the ranking of project requests, and that this work will benefit from additional legislative guidance. Therefore, the higher education coordinating board and the public four-year institutions, in developing and submitting the single prioritized project list of capital project requests under RCW 28B.76.220, shall use the following additional guidelines:

(1) Representatives of the board shall participate in the process of scoring projects using the criteria in the board's biennial budget guidelines. Representatives of the board shall also review the preliminary project list to verify the scoring and ranking of projects. As required under RCW 28B.76.210, institutions must submit the preliminary project list to the board by August 1st of each even-numbered year to enable this review. Any disagreements over project scorings or rankings shall be resolved as provided under RCW 28B.76.220(4).

(2) The board's biennial budget guidelines and the prioritization process shall place a greater emphasis on early critical review of project proposals at the pre-design phase, rather than deferring critical review and prioritization to the design or construction phases of a project.

(3) When projects are aggregated into single line-item requests, each project must meet the definition of minor works according to the capital budget instructions issued by the office of financial management. All major projects must be listed and ranked as individual line-item requests.

(4) The scoring and ranking of projects shall not be based on assigning an equal number of overall points to each public four-year institution, but shall reflect an assignment of points to individual projects based on the priorities and criteria in this section and in the board's biennial budget guidelines.

(5) Projects shall not be ranked on the basis of a project funding source.

(6) In consultation with the appropriate fiscal and policy committees of the legislature, the board shall identify statewide priorities for higher education capital investments and incorporate those priorities into its biennial budget guidelines. The statewide priorities shall address the need for higher education capital projects to:

- (a) Implement a specific legislatively authorized program or planning priority;
- (b) Reduce the backlog of deferred building or system preservation, renewal, or replacement;
- (c) Provide additional capacity or adaptation of space for high demand instructional or research programs;
- (d) Provide additional instructional program capacity for under-served geographic regions or populations; and
- (e) Reflect institutional planning priorities and areas of emphasis.

(7) The board's biennial budget guidelines shall include a quantitative method for scoring projects on the identified priorities. The quantitative method shall include use of the facility condition index developed by the joint legislative audit and review committee for assessing building or system condition, and use of the board's space utilization and allocation standards for assessing the need for additional capacity.

NEW SECTION. Sec. 909. ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS. The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements or financial contracts using certificates of participation. Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds of the financial contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.

NEW SECTION. Sec. 910. FOR THE ARTS COMMISSION--ART WORK ALLOWANCE POOLING. (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the superintendent of public instruction and representatives of school district boards.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding two hundred thousand dollars by colleges or universities is provided solely for the purposes of RCW 28B.10.027. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the board of regents or trustees.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency as defined in RCW 43.17.020 is provided solely for the purposes of RCW 43.17.200. The Washington state arts commission may combine the proceeds from individual projects in order to fund larger works of art or mobile art displays in consultation with the state agency.

(4) At least eighty-five percent of the moneys spent by the Washington state arts commission during the 2005-2007 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art. The commission may use up to \$100,000 of this amount to contract for service to conserve or maintain existing pieces in the state art collection pursuant to chapter . . . (House Bill No. 2188 (funding the conservation of the state art collection)), Laws of 2005.

NEW SECTION. Sec. 911. The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2007-09 biennium and the following four biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

NEW SECTION. Sec. 912. "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2005, from the 2003-2005 biennial appropriations for each project.

NEW SECTION. Sec. 913. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 914. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

NEW SECTION. Sec. 915. (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

NEW SECTION. Sec. 916. Any capital improvements or capital projects involving construction or major expansion of a state office facility, including, but not limited to, district headquarters, detachment offices, and off-campus faculty offices, must be reviewed by the department of general administration for possible consolidation, colocation, and compliance with state office standards before allotment of funds. The intent of the requirement imposed by this section is to eliminate duplication and reduce total office space requirements where feasible, while ensuring proper service to the public.

NEW SECTION. Sec. 917. The military department shall file quarterly progress reports in addition to the annual project progress reporting requirement of RCW 43.88.160(3). These reports must contain local, state, and federal funding reconciliation and balance sheets for all appropriated readiness center projects and detail any federal intentions on future readiness centers and other facilities.

NEW SECTION. Sec. 918. NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the state building construction account, or any other account receiving bond proceeds, may be transferred to the state taxable building construction account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority from the state building construction account, or any other account receiving bond proceeds, to the state taxable building construction account is necessary.

NEW SECTION. Sec. 919. The office of financial management, in consultation with the department of general administration, shall identify capital projects that may benefit from an energy analysis to determine whether there are alternate, more economical, and energy efficient means of completing the work. The office of financial management shall hold appropriations in allotment reserve on the following types of capital projects until this analysis can be completed: Heating, ventilation, and air conditioning modifications, chiller plants, steam plants, boilers, chilled water or steam lines, building control systems, lighting improvements, or other major energy using systems that may warrant additional analysis. Agencies receiving appropriations for such projects are encouraged to utilize energy performance contracts or alternative financing for equipment in lieu of state appropriated funds. The office of financial management may transfer funds remaining in allotment reserve to infrastructure savings projects within the agency that has realized savings from energy efficiency alternatives.

Sec. 920. RCW 43.135.045 and 2003 1st sp.s. c 25 s 920 are each amended to read as follows:

(1) The emergency reserve fund is established in the state treasury. During each fiscal year, the state treasurer shall deposit in the emergency reserve fund all general fund--state revenues in excess of the state expenditure limit for that fiscal year. Deposits shall be made at the end of each fiscal quarter based on projections of state revenues and the state expenditure limit. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues and the expenditure limit for fiscal year 2000 and thereafter.

(2) The legislature may appropriate moneys from the emergency reserve fund only with approval of at least two-thirds of the members of each house of the legislature, and then only if the appropriation does not cause total expenditures to exceed the state expenditure limit under this chapter.

(3) The emergency reserve fund balance shall not exceed five percent of annual general fund--state revenues as projected by the official state revenue forecast. Any balance in excess of five percent shall be transferred on a quarterly basis by the state treasurer as follows: Seventy-five percent to the student achievement fund hereby created in the state treasury and twenty-five percent to the general fund balance. The treasurer shall make transfers between these accounts as necessary to reconcile actual annual revenues for fiscal year 2000 and thereafter. When per-student state funding for the maintenance and operation of K-12 education meets a level of no less than ninety percent of the national average of total funding from all sources per student as determined by the most recent published data from the national center for education statistics of the United States department of education, as calculated by the office of financial management, further deposits to the student achievement fund shall be required only to the extent necessary to maintain the ninety-percent level. Remaining funds are part of the general fund balance and these funds are subject to the expenditure limits of this chapter.

(4) The education construction fund is hereby created in the state treasury.

(a) Funds may be appropriated from the education construction fund exclusively for common school construction or higher education construction. During the fiscal years beginning July 1, 2005, and ending June 30, 2007, funds may also be used for higher education facilities preservation and maintenance.

(b) Funds may be appropriated for any other purpose only if approved by a two-thirds vote of each house of the legislature and if approved by a vote of the people at the next general election. An appropriation approved by the people under this subsection shall result in an adjustment to the state expenditure limit only for the fiscal period for which the appropriation is made and shall not affect any subsequent fiscal period.

(5) Funds from the student achievement fund shall be appropriated to the superintendent of public instruction strictly for distribution to school districts to meet the provisions set out in the student achievement act. Allocations shall be made on an equal per full-time equivalent student basis to each school district.

(6) Earnings of the emergency reserve fund under RCW 43.84.092(4)(a) shall be transferred quarterly to the multimodal transportation account, except for those earnings that are in excess of thirty-five million dollars each fiscal year. Within thirty days following any fiscal year in which earnings transferred to the multimodal transportation account under this subsection did not total thirty-five million dollars, the state treasurer shall transfer from the emergency reserve fund an amount necessary to bring the total deposited in the multimodal transportation account under this subsection to thirty-five million dollars. The revenues to the multimodal transportation account reflected in this subsection provide ongoing support for the transportation programs of the state. However, it is the intent of the legislature that any new long-term financial support that may be subsequently provided for transportation programs will be used to replace and supplant the revenues reflected in this

subsection, thereby allowing those revenues to be returned to the purposes to which they were previously dedicated. No transfers from the emergency reserve fund to the multimodal fund shall be made during the 2003-05 fiscal biennium.

Sec. 921. RCW 43.88.032 and 1997 c 96 s 5 are each amended to read as follows:

(1) Normal maintenance costs, except for funds appropriated for facility preservation of state institutions of higher education, shall be programmed in the operating budget rather than in the capital budget.

(2) All debt-financed pass-through money to local governments shall be programmed and separately identified in the budget document.

Sec. 922. RCW 28B.50.360 and 2004 c 277 s 910 are each amended to read as follows:

Within thirty-five days from the date of start of each quarter all collected building fees of each such community and technical college shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board if issuing bonds payable out of building fees shall certify to the state treasurer the amounts required in the ensuing twelve-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be exclusively devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) The community and technical college capital projects account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended exclusively to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community and technical colleges in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, ~~((and, during the 2003-05 biennium,))~~ engineering and architectural services provided by the department of general administration, and for the payment of principal of and interest on any bonds issued for such purposes.

NEW SECTION. Sec. 923. The department of general administration shall not sell or otherwise dispose of the Tacoma Rhodes building without legislative approval. The department shall submit a business plan for the building, to include an assessment of whether this building is surplus to the state's needs and whether other state agency tenants might be housed in the building, by December 1, 2005, to the appropriate committees of the legislature.

NEW SECTION. Sec. 924. In accordance with the recommendation of the joint legislative audit and review committee report "Performance Audit of Capital Budget Processes," the office of financial management shall develop a plan, in consultation with legislative fiscal committees, to address weaknesses identified in that report in the oversight of facility projects. The report shall address, but not be limited to:

- (1) Aligning resources to program workload;
- (2) Identifying and institutionalizing best practices;
- (3) Creating easily accessible and reliable information systems; and
- (4) Improving the review and evaluation of projects at the predesign stage prior to the authorization of design and construction.

The office of financial management shall report on its plan to the governor and the senate committee on ways and means and house of representatives capital budget committee no later than December 1, 2005.

Sec. 925. RCW 43.155.050 and 2001 c 131 s 2 are each amended to read as follows:

The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated to provide for state match requirements under federal law for projects and activities conducted and financed by the board under the drinking water assistance account. Not more than fifteen percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans, emergency loans, or loans for capital facility planning under this chapter; of this amount, not more than ten percent of the biennial capital budget appropriation may be expended for emergency loans and not more than one percent of the biennial capital budget appropriation may be expended for capital facility planning loans. For the 2005-2007 biennium, moneys in the account may be used for grants for projects identified in section 138 of this act.

Sec. 926. RCW 70.105D.070 and 2003 1st sp.s. c 25 s 933 are each amended to read as follows:

(2) The following moneys shall be deposited into the state toxics control account: (a) Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-three one-hundredths of one percent; (b) the costs of remedial actions recovered under this chapter or chapter 70.105A RCW; (c) penalties collected or recovered under this chapter; and (d) any other money appropriated or transferred to the account by the legislature. (xii) Development and demonstration of alternative management technologies designed to carry out the top two hazardous waste management priorities of RCW 70.105.150.

(3) The following moneys shall be deposited into the local toxics control account: Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-seven one-hundredths of one percent.

(a) Moneys deposited in the local toxics control account shall be used by the department for grants or loans to local governments for the following purposes in descending order of priority: (i) Remedial actions; (ii) hazardous waste plans and programs under chapter 70.105 RCW; (iii) solid waste plans and programs under chapters 70.95, 70.95C, 70.95I, and 70.105 RCW; (iv) funds for a program to assist in the assessment and cleanup of sites of methamphetamine production, but not to be used for the initial containment of such sites, consistent with the responsibilities and intent of RCW 69.50.511; and (v) cleanup and disposal of hazardous substances from abandoned or derelict vessels that pose a threat to human health or the environment. For purposes of this subsection (3)(a)(v), "abandoned or derelict vessels" means vessels that have little or no value and either have no identified owner or have an identified owner lacking financial resources to clean up and dispose of the vessel. Funds for plans and programs shall be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW. During the 1999-2001 fiscal biennium, moneys in the account may also be used for the following activities: Conducting a study of whether dioxins occur in fertilizers, soil amendments, and soils; reviewing applications for registration of fertilizers; and conducting a study of plant uptake of metals. During the 2005-2007 fiscal biennium, moneys in the account may also be used for grants to local governments to retrofit public sector diesel equipment and for storm water planning and implementation activities.

(b) Funds may also be appropriated to the department of health to implement programs to reduce testing requirements under the federal safe drinking water act for public water systems. The department of health shall reimburse the account from fees assessed under RCW 70.119A.115 by June 30, 1995.

(4) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(5) One percent of the moneys deposited into the state and local toxics control accounts shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons

and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. However, during the 1999-2001 fiscal biennium, funding may not be granted to entities engaged in lobbying activities, and applicants may not be awarded grants if their cumulative grant awards under this section exceed two hundred thousand dollars. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation from either account which are not expended at the close of any biennium shall revert to the state toxics control account.

(6) No moneys deposited into either the state or local toxics control account may be used for solid waste incinerator feasibility studies, construction, maintenance, or operation.

(7) The department shall adopt rules for grant or loan issuance and performance.

(8) During the 2005-2007 fiscal biennium, the legislature may transfer from the state toxics control account to the water quality account such amounts as reflect the excess fund balance of the fund.

(2) Property transferred under this section shall be appraised and transferred at fair market value. The value of the timber transferred shall be deposited by the department to the common school construction account in the same manner as timber

(3) Property subject to easement/lease agreements under this section shall be appraised at fair market value both with and without the imposition of the easement/lease. The entire difference in appraised value shall be deposited by the department to the common school construction fund in the same manner as lease revenues from other common school trust lands. (7) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.

(8) Except as provided in subsections (12) and (13) of this section, the department shall execute trust land transfers and easements/leases such that, after the deduction of reasonable costs as provided in subsection (4) of this section, eighty percent of the appropriation in this section is deposited in the common school construction fund. To achieve the 80:20 ratio, the department may offset transfers of property with low timber-to-land ratios with easements/leases on other properties.

(9) On June 30, 2005, the state treasurer shall transfer all remaining uncommitted funds from this appropriation to the common school construction fund, except as provided in subsection (13) of this section, and the appropriation in this section shall be reduced by an equivalent amount.

Leases executed under this subsection may be renewed for an additional thirty-year period, under terms and conditions established by the department, including revaluation. Trust land transfer leases under this subsection shall not be subject to the 80:20 ratio of timber value to land value required in subsection (8) of this section. Revenues derived from leases under this subsection shall be deposited in the appropriate account as provided by law.

(13) Up to \$4,500,000 of the appropriation from the state building construction account--state appropriation is provided for the transfer of trust land known as Harbour Pointe to the city of Mukilteo. PERSONAL PRIVILEGE

Senator Fraser: "Mr. President and members of the Senate. As had been alluded to, the process of the capital budget is a huge one. I'd, first, to express my appreciation to Senator Hewitt who was a total pleasure to work with and we were great partners in developing the Senate's side of the budget and working together with the other body. I'd also like to thank the, assuming it's in order, the principle negotiators from the other body, Representative Dunshee and Representative Jarrett. We spent a lot of hours together blending the two documents. I must say a special thank you to the Ways & Means staff who put in endless hours, intelligence, creativity and more endless hours into making this all come together. I'd like to say thank you to Brian Simms, who's the coordinator and others who put a lot of work into it; Bryon Moore, Richard Ramsey, Chelsea Buchanan and Kirstan Arestad. They all deserve all of our appreciation and a few days off now. So, thank you all."

PERSONAL PRIVILEGE

Senator Hewitt: "Thank you Mr. President and ladies and gentlemen of the Senate. I do want, again, thank the Ways & Means staff. They work incredibly long and hard hours and I just marvel at how good they are. Also, Senator Fraser, I want to thank you for including me in this budget. This was one budget that did have bipartisan work done on it. I want to thank you for that. You know it just, I marvel at this place. How we can fight and we can fight and then something like this comes together. Four members from four different bodies can actually work through a process and make it work correctly. I don't know how we do it but we sometimes do it but, again, I just marvel at it. Thank you Mr. President."

MESSAGE FROM THE HOUSE

April 24, 2005

MR. PRESIDENT:

The House has passed ENGROSSED SENATE BILL NO. 6003, with the following amendment{s}:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 82.70.010 and 2003 c 364 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter and RCW 70.94.996 unless the context clearly requires otherwise.

(1) "Public agency" means any county, city, or other local government agency or any state government agency, board, or commission.

(2) "Public transportation" means the same as "public transportation service" as defined in RCW 36.57A.010 and includes passenger services of the Washington state ferries.

(3) "Nonmotorized commuting" means commuting to and from the workplace by an employee by walking or running or by riding a bicycle or other device not powered by a motor.

(4) "Ride sharing" means the same as "flexible commuter ride sharing" as defined in RCW 46.74.010, including ride sharing on Washington state ferries.

(5) "Car sharing" means a membership program intended to offer an alternative to car ownership under which persons or entities that become members are permitted to use vehicles from a fleet on an hourly basis.

(6) "Telework" means a program where work functions that are normally performed at a traditional workplace are instead performed by an employee at his or her home at least one day a week for the purpose of reducing the number of trips to the employee's workplace.

(7) "Applicant" means a person applying for a tax credit under this chapter.

NEW SECTION. Sec. 2. A new section is added to chapter 82.70 RCW to read as follows:

(1) Application for tax credits under this chapter must be received by the department between the first day of January and the 31st day of January, following the calendar year in which the applicant made payments to or on behalf of employees for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting. The application shall be made to the department in a form and manner prescribed by the department. The application shall contain information regarding the number of employees for which incentives are paid during the calendar year, the amounts paid to or on behalf of employees for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, the amount of credit deferred under RCW 82.70.040(2)(b)(i) to be used, and other information required by the department. For applications due by January 31, 2006, the application shall not include amounts paid from January 1, 2005, through June 30, 2005, to or on behalf of employees for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting.

(2) The department shall rule on the application within sixty days of the deadline provided in subsection (1) of this section.

(3) The department shall disapprove any application not received by the deadline provided in subsection (1) of this section regardless of the reason that the application was received after the deadline.

(4) After an application is approved and tax credit granted, no increase in the credit shall be allowed.

Sec. 3. RCW 82.70.020 and 2003 c 364 s 2 are each amended to read as follows:

(1) Employers in this state who are taxable under chapter 82.04 or 82.16 RCW and provide financial incentives to their own or other employees for ride sharing, for using public transportation, for using car sharing, or for using nonmotorized commuting before July 1, 2013, are allowed a credit against taxes payable under chapters 82.04 and 82.16 RCW for amounts paid to or on behalf of employees for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, not to exceed sixty dollars per employee per fiscal year.

(2) Property managers who are taxable under chapter 82.04 or 82.16 RCW and provide financial incentives to persons employed at a worksite in this state managed by the property manager for ride sharing, for using public transportation, for using car sharing, or for using nonmotorized commuting before July 1, 2013, are allowed a credit against taxes payable under chapters 82.04 and 82.16 RCW for amounts paid to or on behalf of these persons for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, not to exceed sixty dollars per person per fiscal year.

(3) The credit under this section is equal to the amount paid to or on behalf of each employee multiplied by fifty percent, but may not exceed sixty dollars per employee per fiscal year. ~~((The credit may not exceed the amount of tax that would otherwise be due under chapters 82.04 and 82.16 RCW.))~~ No refunds may be granted for credits under this section.

(4) A person may not receive credit under this section for amounts paid to or on behalf of the same employee under both chapters 82.04 and 82.16 RCW.

(5) A person may not take a credit under this section for amounts claimed for credit by other persons.

Sec. 4. RCW 82.70.030 and 2003 c 364 s 3 are each amended to read as follows:

~~((1) Application for tax credit under RCW 82.70.020 may only be made in the form and manner prescribed in rules adopted by the department.~~

~~((2) The credit under this section must be taken or deferred under RCW 82.70.040 against taxes due for the same fiscal year in which the amounts for which credit is claimed were paid to or on behalf of employees for ride sharing, for using public transportation, for using car sharing, or for using nonmotorized commuting and must be claimed by the due date of the last tax return for the fiscal year in which the payment is made.~~

~~((3))~~ Any person who knowingly makes a false statement of a material fact in the application required under section 2 of this act for a credit under RCW 82.70.020 is guilty of a gross misdemeanor.

Sec. 5. RCW 82.70.040 and 2003 c 364 s 4 are each amended to read as follows:

(1)~~(a)~~ The department shall keep a running total of all credits ~~((accrued))~~ allowed under RCW 82.70.020 during each fiscal year. ~~((No person is eligible for tax credits under RCW 82.70.020 if the credits would cause the tabulation for the total amount of credits taken in any fiscal year))~~ The department shall not allow any credits that would cause the total amount allowed to exceed two million ((two)) seven hundred fifty thousand dollars in any fiscal year. This limitation includes any deferred credits carried forward under subsection (2)(b)(i) of this section from prior years.

(b) If the total amount of credit applied for by all applicants in any year exceeds the limit in this subsection, the department shall ratably reduce the amount of credit allowed for all applicants so that the limit in this subsection is not exceeded.

If a credit is reduced under this subsection, the amount of the reduction may not be carried forward and claimed in subsequent fiscal years.

(2)(a) ~~((No person is eligible for))~~ Tax credits under RCW 82.70.020 may not be claimed in excess of the amount of tax ~~((that would))~~ otherwise ~~((be))~~ due under chapter 82.04 or 82.16 RCW.

(b)(i) Through June 30, 2005, a person with taxes equal to or in excess of the credit under RCW 82.70.020, and therefore not subject to the limitation in (a) of this subsection, may elect to defer tax credits for a period of not more than three years after the year in which the credits accrue. No credits deferred under this subsection (2)(b)(i) may be used after June 30, 2008. A person deferring tax credits under this subsection (2)(b)(i) must submit an application as provided in section 2 of this act in the year in which the deferred tax credits will be ~~((applied))~~ used. This application is subject to ~~((eligibility under))~~ the provisions of subsection (1) of this section for the ((fiscal)) year in which the tax credits will be applied. If a deferred credit is reduced under subsection (1)(b) of this section, the amount of deferred credit disallowed because of the reduction may be carried forward as long as the period of deferral does not exceed three years after the year in which the credit was earned.

(ii) For credits approved by the department after June 30, 2005, the approved credit may be carried forward to subsequent years until used. Credits carried forward as authorized by this subsection are subject to the limitation in subsection (1)(a) of this section for the fiscal year for which the credits were originally approved.

(3) No person ~~((is eligible))~~ shall be approved for tax credits under RCW 82.70.020 in excess of two hundred thousand dollars in any fiscal year. This limitation does not apply to credits ~~((deferred in))~~ carried forward from prior years under subsection (2)(b) of this section.

(4) No person ~~((is eligible for))~~ may claim tax credits~~((, including deferred credits authorized under subsection (2)(b) of this section,))~~ after June 30, 2013.

(5) Credits may not be carried forward ~~((or carried backward))~~ other than as authorized in subsection (2)(b) of this section.

(6) No person is eligible for tax credits under RCW 82.70.020 if the additional revenues for the multimodal transportation account created by Engrossed Substitute House Bill No. 2231 are terminated.

NEW SECTION. Sec. 6. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2005.

NEW SECTION. Sec. 7. If Senate Bill No. 6103, or substantially similar legislation, is not enacted by June 30, 2005, this act is null and void."
and the same are herewith transmitted.

RICHARD NAFZIGER, Chief Clerk

PERSONAL PRIVILEGE

Senator Rasmussen: "Well, Mr. President there is a gentleman that's been around the legislature for many, many years and he was always the godfather of the budget for the Senate. He's kind of changed his position in my mind, well, he changed his position. I have to tell you that, for me, he's the godfather of some very special children and I'd like to recognize him. He is sitting up in the gallery but he has helped me immensely in the last year and a half on an issue that I had about bringing care for autistic children. He worked with me to be able to bring an autism center, a satellite center, at the University of Washington at Tacoma. And in this budget, which many of you voted for, all of you, I've got to tell you thank you because we will be able to continue this outstanding program by Doctor Geraldine Dawson. This will reach children all across this state. As you know, autism is almost at epidemic proportions throughout our country and throughout the world. One out of every one-hundred and sixty-six children born today, one of them will be autistic. Randy Hodgins has been the godfather of this program for me, because he's made sure that we could shepard it through this budget, through the legislature without a hearing but we all know how important this is. So, I'd like to take a minute to say thank you to Randy Hodgins for everything he's done for us in the past but certainly for what he's doing for children of the future. Thank you."

(1) Agency planning and decisions concerning information technology shall be made in the context of its information technology portfolio. "Information technology portfolio" means a strategic management approach in which the relationships between agency missions and information technology investments can be seen and understood, such that: Technology efforts are linked to agency objectives and business plans; the impact of new investments on existing infrastructure and business functions are assessed and understood before implementation; and agency activities are consistent with the development of an integrated, nonduplicative statewide infrastructure.

(2) Agencies shall use their information technology portfolios in making decisions on matters related to the following:

(a) System refurbishment, acquisitions, and development efforts;

(b) Setting goals and objectives for using information technology in meeting legislatively-mandated missions and business needs;

(c) Assessment of overall information processing performance, resources, and capabilities;

(d) Ensuring appropriate transfer of technological expertise for the operation of any new systems developed using external resources; and

(e) Progress toward enabling electronic access to public information.

(3) Each project will be planned and designed to take optimal advantage of Internet technologies and protocols. Agencies shall ensure that the project is in compliance with the architecture, infrastructure, principles, policies, and standards of digital government as maintained by the information services board.

(4) The agency shall produce a feasibility study for information technology projects at the direction of the information services board and in accordance with published department of information services policies and guidelines. At a minimum, such studies shall include a statement of: (a) The purpose or impetus for change; (b) the business value to the agency, including an examination and evaluation of benefits, advantages, and cost; (c) a comprehensive risk assessment based on the proposed project's impact on both citizens and state operations, its visibility, and the consequences of doing nothing; (d) the impact on agency and statewide information infrastructure; and (e) the impact of the proposed enhancements to an agency's information technology capabilities on meeting service delivery demands.

(5) The agency shall produce a comprehensive management plan for each project. The plan or plans shall address all factors critical to successful completion of each project. The plan(s) shall include, but is not limited to, the following elements: A description of the problem or opportunity that the information technology project is intended to address; a statement of project objectives and assumptions; a definition and schedule of phases, tasks, and activities to be accomplished; and the estimated cost of each phase. The planning for the phased approach shall be such that the business case justification for a project needs to demonstrate how the project recovers cost or adds measurable value or positive cost benefit to the agency's business functions within each development cycle.

(6) The agency shall produce quality assurance plans for information technology projects. Consistent with the direction of the information services board and the published policies and guidelines of the department of information services, the quality assurance plan shall address all factors critical to successful completion of the project and successful integration with the agency and state information technology infrastructure. At a minimum, quality assurance plans shall provide time and budget benchmarks against which project progress can be measured, a specification of quality assurance responsibilities, and a statement of reporting requirements. The quality assurance plans shall set out the functionality requirements for each phase of a project.

(7) A copy of each feasibility study, project management plan, and quality assurance plan shall be provided to the department of information services, the office of financial management, and legislative fiscal committees. The plans and studies shall demonstrate a sound business case that justifies the investment of taxpayer funds on any new project, an assessment of the impact of the proposed system on the existing information technology infrastructure, the disciplined use of preventative measures to mitigate risk, and the leveraging of private-sector expertise as needed. Authority to expend any funds for individual information systems projects is conditioned on the approval of the relevant feasibility study, project management plan, and quality assurance plan by the department of information services and the office of financial management.

(8) Quality assurance status reports shall be submitted to the department of information services, the office of financial management, and legislative fiscal committees at intervals specified in the project's quality assurance plan.

The department shall not transfer funds as authorized under this subsection without approval of the director of financial management. A report of the transfers will be submitted on October 1st of each fiscal year to the senate and house of representatives transportation committees.

NEW SECTION. Sec. 603. (b) Transfers from a project may be made if the project is experiencing unavoidable expenditure delays;

(c) Transfers from a project may not be made as a result of the reduction of the scope of a project, nor shall a transfer be made to support increases in the scope of a project;

(d) Each transfer between projects may only occur if the commission finds that any resulting change will not hinder the completion of the projects approved by the legislature; and

The appropriations in this section are subject to the following conditions and limitations:

(1) The commission may oversee up to four pilot projects implementing the use of traffic safety cameras to detect failure to stop at railroad crossings, stoplights, and school zones.

(a) In order to ensure adequate time in the 2003-05 biennium to evaluate the effectiveness of the pilot program, any projects authorized by the commission must be authorized by December 31, 2003.

(b) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(c) The traffic safety commission shall use the following guidelines to administer the program:

(i) Traffic safety cameras may take pictures of the vehicle and vehicle license plate only, and only while an infraction is occurring;

(ii) The law enforcement agency of the city or county government shall plainly mark the locations where the automated traffic enforcement system is used by placing signs on street locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic enforcement system;

(vii) If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction will be dismissed against the business if it mails to the issuing agency, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the issuing agency within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be included with each automated traffic infraction notice issued, along with instructions for its completion and use;

(viii) For purposes of the 2003-05 biennium pilot projects, infractions generated by the use of traffic safety cameras are exempt from the provisions of RCW 3.46.120, 3.50.100, and 35.20.220, and must be processed in the same manner as parking violations; and

MESSAGES FROM THE GOVERNOR

April 25, 2005

TO THE HONORABLE, THE SENATE
OF THE STATE OF WASHINGTON

Ladies and Gentlemen:

In compliance with the provisions of Section 11 of Article III of the Constitution of the State of Washington, the Governor hereby submits his report of each case of reprieve, commutation or pardon that he has granted since the adjournment of the 2004 Regular Session of the 59th Legislature, copies of which are attached.

Sincerely,

JENNIFER JOLY, General Counsel

**CONDITIONAL COMMUTATION
OF
TRINA MARIE STERN**

To All To Whom These Presents Shall Come, Greetings:

WHEREAS, Trina Stern began her life as a small-town girl, who enjoyed showing dogs in 4-H. She was an honor student and never missed a day of school. However, a few months after starting at Port Angeles High School, she quickly fell in with a new crowd. She began skipping school, running away from home, drinking alcohol, and doing drugs. Her drug and alcohol abuse was so severe she had to spend several weeks at a substance abuse treatment center; and

WHEREAS, despite her parents' wishes, at fifteen, she ran away with her boyfriend, David Bircher, also fifteen, to live with him and his mother. Ms. Stern was pregnant with Mr. Bircher's child. Ms. Stern and Mr. Bircher came to believe Mrs. Bircher was interfering with their relationship and that she had to be killed so they could finally be together. On the day of the murder, Ms. Stern had been smoking marijuana and drinking alcohol. She claimed to have gone in the bedroom and shut the door while her boyfriend, then repeatedly shot his mother with a semi-automatic gun, killing her. Fingerprints were wiped clean, so it is unknown as to who actually fired the shots. The two then fled to a campsite in Port Angeles where they were arrested; and

WHEREAS, a five-day declination hearing was held to determine whether Ms. Stern should be tried as a juvenile or as an adult. Dr. Kenneth Asher, a psychologist, examined Ms. Stern. His evaluation showed that she was a very naive, protected, and depressed girl who lacked the psychological capacity to resist the influence of her boyfriend and his mother. He also determined she was at a high risk of substance abuse. He concluded that Ms. Stern was more likely to be rehabilitated in the juvenile system than in the adult system. Lance Norton, Ms. Stern's juvenile probation officer, disagreed. He stated, in short, that the juvenile system would be inappropriate because she would not be incarcerated long enough to be rehabilitated, she did not appreciate the significance of her wrongful behavior, and was indifferent to the impact of that behavior on others. The determination was made that Ms. Stern be tried as an adult. She was convicted of First Degree Murder and sentenced in December 1997 to twenty-three years and four months; and

WHEREAS, whether or not she would have been rehabilitated in the juvenile system, Ms. Stern has shown incredible growth and maturity during her years in prison at the Purdy Corrections Center for Women. She has earned her high school diploma, taken classes in chemical dependency, moral recognition therapy, victim awareness, and college math. She has obtained valuable skills to assist in obtaining gainful employment upon transitioning back into the community; and

WHEREAS, Ms. Stern's work supervisors commend her for her performance. She has been a model inmate; since her incarceration in December of 1997, she has only received one major infraction for possession another offender's property. She has avoided drugs in prison, and has volunteered to help other inmates; and

WHEREAS, Dr. Asher performed a re-evaluation of Ms. Stern in May 2004 for the Clemency and Pardons Board. He found that Ms. Stern has matured into a thoughtful and focused young woman who is sensitive and aware of others, with deep feelings about life and morality. Dr. Asher gave Ms. Stern a strong, positive prognosis for succeeding in society when she is out in the community; and

WHEREAS, as demonstrated her behavior while in prison and the evaluations by Dr. Asher, the concerns expressed by Mr. Norton had when Ms. Stern was a juvenile—that she did not appreciate the significance of her crime and was indifferent to others—are aspects of her rehabilitation that have been met. The Clemency and Pardons Board voted unanimously in recommending a commutation based on the tremendous rehabilitation Ms. Stern had undergone and her low risk for re-offending. Board Member Smith Stated, "if the juvenile judge or judge deciding this juvenile remand had known them what we know now, he may have put her into the juvenile system. And we have the ability that he didn't which is...we get to see what did turn out to happen. We don't have to guess." Ms. Stern would have been released three years ago if she were sentenced under the juvenile system; and

WHEREAS, Ms. Stern has tremendous family and community support evidenced by letters and over one hundred signatures on her behalf. She is twenty-four years old now and her stated goal is to finish college and get a job in computed aided design or animal health care. She also wants to help troubled girls from going down the road she did; and

WHEREAS, I have reviewed all the pertinent facts and circumstances surrounding this matter, the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the foregoing, I have determined that the best interest of justice will be served by this action.

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, hereby grant to Trina Marie Stern this Conditional Commutation of her sentence for the express purpose of allowing her to transition back into the community and become a productive citizen. By this order I hereby commute Ms. Stern's sentence to time served as of June 23, 2007, after serving no less than eleven years on this conviction. Ms Stern will commence a term of forty-eight months of community placement following her release from confinement with the following conditions:

Ms. Stern shall:

1. Report regularly to a Community Corrections Officer as directed by the Department of Corrections;
2. Pay a monthly supervision fee as directed by the Community Corrections Officer;
3. Notify the Department of Corrections prior to any changes of address or employment;
4. Remain in the geographic area as directed by the Community Corrections Officer;
5. Not possess, receive, ship, or transport a firearm, ammunition, or explosives;
6. Not possess or use alcohol or possess or use any controlled substances without a prescription;

7. Submit to regular and random urinalysis and breathalyser testing, as directed by the Community Corrections Officer;
8. Participate in substance abuse evaluation as directed by the Community Corrections Officer, and follow up on any recommendations from such evaluation;
9. Participate in a chemical dependency evaluation as directed by the Community Corrections Officer, and follow-up on any recommendations from such evaluation;
10. Participate in chemical dependency and substance abuse support groups, as directed by the Community Corrections Officer;
11. Complete a Anger/Stress Management class if have not done so by release from incarceration;
12. Not associate with any drug users or dealers;
13. Not have any contact of any type with Co-Defendant, David Bircher;
14. Participate in electronic monitoring, if deemed appropriate by the Community Corrections Officer;
15. Participate in any mental health evaluation as recommended by the Community Corrections Officer, and follow-up on any recommendations from such evaluation; and,
16. Comply with all standard conditions, recommendations and instructions of community placement as directed by the Community Corrections Officer and with all other applicable conditions imposed by the sentencing court.

Violation of any of the above conditions shall result in sanctions as deemed appropriate by the Department of Corrections. **PROVIDED**, that in the event Ms. Stern commits any offense classified as a felony or gross misdemeanor in the State of Washington, this Conditional Commutation is revoked and the sentence imposed by the court reinstated without the benefit of sentence reduction credit, whereupon Ms. Stern shall be immediately returned to the Washington Corrections Center for Women or any such other facility as the Secretary of Corrections deems appropriate. The Department of Corrections shall provide a written report to the Clemency and Pardons Board regarding the violation of any condition of this Conditional Commutation.

WHEREAS, the Pierce County Prosecutor's Office does not oppose clemency for Mr. Jackman. WHEREAS, I have reviewed all the pertinent facts and circumstances surrounding this matter, and in light of the foregoing, I have determined that the best interests of justice will be served by this action; and

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, hereby grant to Gary Jackman this Conditional Commutation for the express purpose of allowing him to return to his life in Minnesota. By this order I hereby commute Mr. Jackman's sentence to time served as of January 15, 2005, SUBJECT TO THE FOLLOWING CONDITIONS:

OF
DONG QIU**

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, Dong Qiu is a native of China who in 1993 immigrated to the United States, at the age of fifteen, as a lawful permanent resident. In 1996-1998, Mr. Qiu went through a difficult period during which he had some trouble with the law. In 1996, he pled guilty to Assault in the Third Degree. This conviction stemmed from an incident where Mr. Qiu and his roommate confronted two individuals they suspected of burgling their apartment. They hit one of them on the side of the head with a shotgun barrel; the shotgun discharged and embedded pellets in a wall. Mr. Qiu's co-defendant also shot at the victim with a handgun. Later that year, in violation of court orders, Mr. Qiu was found in possession of a handgun. He pled guilty to Attempted Unlawful Possession of a Firearm in the Second Degree. In 1998, Mr. Qiu was a passenger in his own car, which was being driven by a friend. The care was stopped for an equipment violation and a search revealed twenty grams of marijuana in three bags, empty baggies, and a set of scales. Mr. Qiu pled guilty to Unlawful Solicitation to Possess a Controlled Substance. As a result of these convictions, Mr. Qiu is currently facing deportation to China as an "aggravated felon" under the Immigration and Nationality Act; and

WHEREAS, Mr. Qiu has completed all the requirements of his sentences, paid court expenses in full, and has remained crime-free since his 1998 conviction. He has worked hard to turn his life around. He went to college and for the last two years has been working as a computer programmer for a construction company. Having been in the U. S. For eleven years, Mr. Qiu has developed strong ties to his community. His entire family now lives in Washington. He is also married to a U. S. Citizen wife and has two children. Numerous letters of support were also sent by employers and friends attesting to Mr. Qiu's character; and

WHEREAS, Clemency and Pardons Board Member Smith noted that, "I think that the consequence {of deportation} from the convictions so far outweighs the magnitude of his culpability for those offenses;" and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the foregoing I have determined that the best interests of justice will be served by this action; and

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, grant to Dong Qiu this Full and Unconditional Pardon for the express purpose of obtaining a waiver to legally remain in the United States.

Mr. Herrera-Torres remained crime free until 1996 when he was charged with First Degree Child Molestation for fondling his nine year old niece. Once confronted, Mr. Herrera-Torres admitted his responsibility and sought help for his deviancy. He was sentenced to 51 months in prison; and

In addition, while incarcerated he remained infraction-free and completed his GED, and alcohol program, and anger management classes; and

WHEREAS, at the time of his sentencing, the crime for which Mr. Herrera-Torres was convicted of was not a deportable offense. WHEREAS, Rabih Aboul El Hosn was born in Lebanon and came to the United States in 1978 with his family. In 1980, he was accorded lawful permanent resident status. Having been in the U. S since he was four years old, he remembers little of his native country; and

WHEREAS, Mr. El Hosn never became a full U. S. citizen. As such, convictions for certain crimes subjected him to deportation under the Immigration and Nationality Act. When he was 18 years old, a dispute arose between Mr. El Hosn's younger brother and some neighbors over some compact discs. The neighbors allegedly threatened Mr. El Hosn and his brother, shot at their home, and then shattered the windows of Mr. El Hosn's car. Mr. El Hosn decided to go to the neighbors' house to confront them. After an angry exchange of words, Mr. El Hosn went to his car to retrieve a revolver and shot one of the neighbors in the chest. He admitted to being under the influence of LSD and alcohol at the time; and

WHEREAS, as a result of the incident, Mr. El Hosn was convicted of First Degree Assault with a Firearm and was sentenced to serve nine years and eleven months, and ordered to pay restitution in the amount of \$16,058.45. While serving his time in prison, Mr. El Hosn earned two college certificates for drafting and web development/computer programming from Edmonds Community College. He was also a teacher's assistant with the college for almost three years. In addition to the college coursework and various job training certifications, Mr. El Hosn received several recognition certificates; and

WHEREAS, after he served his prison term, Mr. El Hosn was deported to Lebanon in March 2004 after exhausting all immigration appeals. At the time of his conviction, Mr. El Hosn was not at risk of being deported. However, the immigration laws changed in 1997 and applied retroactively to make Mr. El Hosn's crime a deportable offense; and

WHEREAS, all of Mr. El Hosn's immediate family resides in the U. S. In testimony before the Clemency and Pardons Board via telephone, he indicated that he is living in Lebanon with an uncle he does not know, and he does not speak or read the language. SINXAY KEOSISANO**

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, Sinxay Keosisano entered the United States in 1979 as a refugee from Laos when he was eight years old. He became a lawful permanent resident in March 1982. In 1995, after some drinking, he and his brother, Vanxay, broke into a convenience store and stole some beer and candy. As a result, Mr. Keosisano was convicted of Burglary in the Second Degree, sentenced to community service, and ordered to pay \$1,718 in restitution. He has paid restitution in full and apologized to the storeowner. The owner has forgiven him and has since allowed Mr. Keosisano to return to his store; and

WHEREAS, Mr. Keosisano is facing deportation to Laos based on a separate incident that occurred in 1997. Again, after several drinks, Mr. Keosisano and his brother went to a Burger King. While they were there, they encountered some Marines, who were also intoxicated. The Marines followed the Keosisano brothers home and tried to pick a fight with Vanxay. Vanxay and a Marine then got into a fistfight on the street. Soon other Marines, one wielding a knife, surrounded Vanxay and began beating him. Panicked, Mr. Keosisano ran inside to get his father's hunting rifle, hoping to scare away the Marines. He came outside and fired a shot in the air, not knowing whether the rifle was loaded. Mr. KEOSISANO then struggled for possession of the gun with others who were involved in the altercation. The gun went off and Vanxay was hit in the hand. The Marines fled and Vanxay was taken to the hospital where his finger was amputated. Due to his previous felony conviction for burglary, Mr. Keosisano was convicted as a felon in possession of a firearm; and

WHEREAS, Mr. Keosisano was sentenced to 24 months for Unlawful Possession of a Firearm in the First Degree. Ms. Morales, Mr. Keosisano's attorney, presented an affidavit from Edward John Szendrey, a member of the Fact Finding Commission charged with bringing the plight of the Veterans of the U. S. Secret War in Laos to the attention of the U. S. Congress and the American People. Mr. Szendrey reported that in Laos family members of individuals who supported the U. S. government during the Vietnam War are subject to retaliation, including mistreatment, torture, and even genocide. Mr. Ronald Sley, an associate professor at the Seattle University School of Law who specializes in international human rights law corroborated Mr. Szendrey's position. He also reported that these individuals continue to be the target of abuse by the Laos military and are subject to being tortured, starved, raped and killed; and

WHEREAS, Mr. Keosiano acknowledged his alcohol problem and has sought help in order to live a more productive life. He completed an intensive outpatient treatment program for alcoholism. He also attends Alcoholics Anonymous on a daily basis. The victim, his brother, Vanxay, does not blame him for what happened and feels that he was only trying to help him; and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the foregoing I have determined that the best interests of justice will be served by this action; and

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, nine years ago, Audrey Riggs got into an altercation that resulted in her conviction for Second Degree Assault. Ms. Riggs, who claimed to have been defending herself, caused a laceration to the victim's cheek by using a knife, and by throwing a beer bottle at her. She pled guilty to the crime, received nine months in prison, and was ordered to pay \$669.39 in restitution; and

WHEREAS, since serving her sentence and paying restitution in full, Mr. Riggs has turned her life around. She has built a life for herself that does not involve alcohol. She attends Alcoholics Anonymous meetings and has been sober for eight years. In addition, she completed her GED and went on to obtain an Associates Degree in the Culinary Arts. With this degree, she hopes to start a family restaurant or catering business. She is also active in her church, participating as secretary of the Women's Department, and as a choir member; and

WHEREAS, Ms. Riggs has worked hard to demonstrate her rehabilitation so that she may gain custody of her seven year-old grandson, Rodney, who is currently in foster care. Rodney's mother has lost her parental rights, so his grandmother, Ms. Riggs, wants to care for him. However, Department of Social and Health Services' policy permanently disqualifies felons from becoming guardians; and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the foregoing I have determined that the best interests of justice will be served by this action; and

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, hereby grant to Audrey Riggs this Conditional Pardon, SUBJECT TO THE CONDITION that Ms. Riggs shall not commit any more crimes.

The condition of This Conditional Pardon shall remain in force indefinitely. Upon breach of the condition, this Conditional Pardon shall automatically and immediately expire, and shall be null and void as if it had never been granted.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the State of Washington to be affixed at Olympia on the 10th day of January, A. D. two thousand and five.

**OF
KATHLEEN ELIZABETH BETZ-BLOCH**

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, Ms. Betz-Block was an alcoholic who drank in an attempt to escape her problems. Her addiction strained her relationships with friends and family, and ultimately caused the end of her marriage. In early 2000, while severely intoxicated, Ms. Betz-Bloch and her then-husband were involved in several domestic disputes. In one incident, she was convicted of Fourth Degree Assault/Domestic Violence and Driving Under the Influence. After the couple separated, Ms. Betz-Bloch continued to drink. On two occasions, she violated No Contact Orders that her husband had against her. She was also convicted of Criminal Trespass; and

WHEREAS, finally hitting rock bottom, Ms. Betz-Bloch realized she had to change, especially for the sake of her daughter. She recognized that her alcohol addiction was the root of her problem and sought help. In 2001, she completed an intensive rehabilitation program at Schick Shadel Hospital. Counselors noted that she was focused and motivated during treatment; and

WHEREAS, Ms. Betz-Bloch's path to recovery did not end with just rehabilitation therapy. She continued to become actively involved with Alcoholics Anonymous (AA), attending daily meetings and even sponsoring others; and

WHEREAS, with her life back on track, Ms. Betz-Bloch mended her relationships and strove to improve herself. She is reconciled with her ex-husband and they plan to remarry. She went back to school and became a paralegal. Despite her success in that field, Ms. Betz-Bloch has decided mental health counseling is her true calling. So, she has completed the prerequisites for a graduate degree in psychology and has been accepted into Antioch University's Masters program for mental health and dependency counseling. However, due to her convictions, Ms. Betz-Bloch may be barred from becoming licensed and certified by the State of Washington as a mental health counselor; and

WHEREAS, Ms. Betz-Bloch has strong community and family support and has demonstrated her desire to help others. At the Clemency and Pardons Board hearing, a woman Ms. Betz-Bloch sponsored in AA told of how Ms. Betz-Bloch stayed with her for seven days and nights until she began treatment. Board member Smith believes, "the citizens of Washington State would be very well served if you were able to complete your degree and practice as a social worker, counselor, or therapist...working with recovering alcoholics and drug addicts."

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the circumstances I have determined that the best interests of justice will be served by this action;

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, hereby grant to Kathleen Elizabeth Betz-Bloch this Conditional Pardon, SUBJECT TO THE CONDITION that Ms. Betz-Bloch shall not commit any more crimes.

The foregoing condition shall remain in force indefinitely. Upon breach of the foregoing condition, this Conditional Pardon shall automatically and immediately expire, and shall be null and void as if it had never been granted.

IVO FRONEK**

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, in 1991, Ivo Fronek was convicted of First Degree Robbery. As the driver of a getaway car, he assisted two people who had robbed a grocery store. Mr. Fronek claimed that he did not know his two acquaintances were going to the store to commit a crime. He served 33 months in prison and was released in 1994; and

WHEREAS, in 1984 at age 20, Mr. Fronek immigrated to the United States as a refugee from the Czech Republic, formerly Czechoslovakia. His status was adjusted to that of a Lawful Permanent Resident in 1986. Mr. Fronek applied for United States citizenship in 1999. His application was denied and he was placed into removal proceedings because of his 1991 criminal offense. Although at the time of Mr. Fronek's conviction First Degree Robbery was not a crime mandating deportation, in 1996 the Immigration and Nationality Act was amended to expand the list of crimes that are considered "aggravated felonies" and from which no relief from deportation is available other than a presidential or gubernatorial pardon. These amendments apply retroactively to Mr. Fronek's 1991 conviction for First Degree Robbery; and

**CONDITIONAL COMMUTATION
OF
CLYDE RAY SPENCER**

To All To Whom These Presents Shall Come, Greetings:

WHEREAS, Clyde Ray Spencer served in the United States Air Force before joining the police department in Vancouver, Washington in 1979. In 1985, he was charged with 11 counts of statutory rape in the first degree of his two biological children and one stepchild. He entered an Alford plea, maintaining his innocence while acknowledging sufficient evidence existed to find him guilty. Given that the crimes for which he was convicted took place over a period of years, some of his convictions are pre-Sentencing Reform Act (SRA) and others are post-SRA. Specifically, he received an indeterminate sentence of two concurrent life sentences with parole for the two earliest convictions to run consecutive to a separate 171 month determinate sentence for the remaining nine counts; and

WHEREAS, there were a number of troubling aspects of the investigation. Clark County authorities withheld the fact that, despite the allegations of severe, repeated sexual abuse of the children, medical reports showed no sign of physical abuse. While the children recounted that Mr. Spencer had taken photographs of the abuse, no photos were ever found. Because Mr. Spencer was a City of Vancouver Police Officer, the Clark County Prosecutor submitted the case to King County Senior Deputy Prosecuting Attorney, Rebecca Roe, a renowned specialist in child sexual abuse cases. Ms. Roe noted significant problems with

the case, including the interview techniques used with Mr. Spencer's daughter and resulting inconsistencies in her testimony. Ms. Roe found it "disturbing that she's inconsistent on whether it happened more than once." While denying for eight months that anything had happened, Mr. Spencer's son 9-year-old son began to say that his father abused him after being threatened with a polygraph; and

WHEREAS, another troubling fact in this case is that one of the lead detectives investigating Mr. Spencer's case began having an affair with his wife, Shirley Spencer, during the investigation. After Mr. Spencer's conviction, the detective left his own wife and moved in with Mr. Spencer's wife. This detective was also the supervisor of the primary detective involved in interviewing the children; and

WHEREAS, Mr. Spencer completed his determinate sentence of 171 months in 1994 and continues to serve time for the remaining two life terms. Mr. Spencer appeared before the Indeterminate Sentencing Review Board (ISRB) in 1990, 1992, 1994, 1998 and 2001. At each hearing the Board determined that he was not paroleable because he has not received treatment based on his denial of guilt. He has now served more time than anyone convicted of the same crime under the Sentencing Reform Act; and

WHEREAS, James M. Peters, an Assistant United States Attorney in the District of Idaho, who was a Senior Deputy Prosecuting Attorney for the Clark County Prosecutor's Office at the time that Mr. Spencer was prosecuted submitted a letter to the ISRB prior to a 1998 parole ability hearing discussing the life sentences. Specifically, "I submit that 'life' in Mr. Spencer's case should be interpreted to mean the high end of whatever the applicable calculation would have been if all the offenses would have taken place under the Sentencing Reform Act. ... I believe that the combination of an equitable interpretation of the meaning of a 'life' sentence, coupled with mandatory sex offender treatment would achieve the goals of sentencing fairness and community safety"; and

WHEREAS, Mr. Spencer had no criminal history prior to his conviction. He has been an exemplary inmate without disciplinary problems. He has been constantly employed within the institution and taken every opportunity to further his education; and

WHEREAS, 56-year-old Mr. Spencer will have support upon his release. He is remarried to Norma Spencer, a registered nurse, who he has known for over 30 years; and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the circumstances I have determined that the best interests of justice will be served by this action;

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, hereby commute the remainder of the sentence imposed upon Clyde Ray Spencer to a term of community custody,

SUBJECT TO THE FOLLOWING CONDITIONS:

Mr. Spencer shall:

1. Serve 36 months of community placement after his release from confinement, reporting regularly to a Community Corrections Officer as directed by the Department of Corrections;
2. Pay a monthly supervision fee as directed by the Community Corrections Officer;
3. Notify the Department of Corrections prior to any changes of address or employment;
4. Remain in the geographic area as directed by the Community Corrections Officer;
5. Not possess, receive, ship, or transport a firearm, ammunition, or explosives;
6. Not possess or use alcohol or possess or use any controlled substances without a prescription;
7. Submit to regular and random urinalysis and breathalyzer testing, as directed by the Community Corrections Officer;
8. Not patronize or frequent businesses or other areas where the sale of intoxicating beverages is a main source of funding;
9. Not have any contact with minors unless approved by the Community Corrections Officer and his certified therapist and unless there is a responsible guardian present at all times;
10. Participate in a sex offender evaluation as directed by the Community Corrections Officer, and follow-up on any recommendations from such evaluation;
11. Participate in weekly sex offender treatment with a certified therapist for a period no less than three years;
12. Submit to regular and random polygraph and plethysmograph examinations, as directed by the Community Corrections Officer and/or his certified therapist;
13. Participate in electronic monitoring, if deemed appropriate by the Community Corrections Officer;
14. Participate in any mental health evaluation as recommended by the Community Corrections Officer, and follow-up on any recommendations from such evaluation; and,
15. Comply with all conditions, recommendations, and instructions of community placement as directed by the Community Corrections Officer.

Violation of any of the above conditions shall result in sanctions as deemed appropriate by the Department of Corrections.

PROVIDED, that in the event Mr. Spencer commits any offense classified as a felony or gross misdemeanor in the State of

Washington, this Conditional Commutation is revoked and the sentence imposed by the court reinstated without the benefit of sentence reduction credit, whereupon Mr. Spencer shall be immediately returned to the Washington Corrections Center or any such other facility as the Secretary of Corrections deems appropriate. CONDITIONAL COMMUTATION

**OF
CHRISTINE SUSAN CUMMINGS**

To All To Whom These Presents Shall Come, Greetings:

WHEREAS, Christine "Susan" Cummings was sentenced on May 24, 1985 to life in prison without the possibility of parole for a crime that took place when she was 16 years old. The conviction was for the Aggravated First Degree Murder of Christine Zacharias, an elderly woman with whom Ms. Cummings was acquainted. The police believe the motive was burglary. The crime also allegedly involved Lillie Rowland, Joe Aguilar, Don Gesaman, and Kevin McNerney. While Ms. Cummings was not the person whose physical act caused Mrs. Zacharias' death, she was convicted based on the theory of accomplice liability, in which a person is held just as culpable as the person who actually committed the crime; and

WHEREAS, the sentencing judge expressed dissatisfaction with his options noting that, "The defendant was a teenager. At least four other teenagers participated. One was given immunity. One made a plea bargain for Murder Second. Charges against the other two were dropped. The latter two probably did the actual killing. One has been convicted of a subsequent murder in another state. As compared to the codefendants and sentences of other murders, most of which are equally heinous, it can be concluded that the sentences are not proportionate and that someone is getting either too much or not enough;" and

WHEREAS, Ms. Cummings conviction was based primarily on the word of Lillie Rowland and Joe Aguilar, who provided questionable testimony. Ms. Rowland, who was 14 at the time of the crime, had a history of drug and alcohol abuse as well as mental illness. As a result of Ms. Rowland's testimony against Ms. Cummings, Rowland's attorney was able to secure complete immunity from prosecution. Clemency Board Member Smith expressed concern that, until 30 days prior to trial, attorneys from the same law firm represented both Ms. Cummings and Ms. Rowland. While one attorney negotiated an immunity agreement, one prepared for trial. The other witness, Mr. Aguilar, faced with a possible death sentence or an offer of a reduced sentence of 20 years for Second Degree Murder, also readily agreed to testify against Ms. Cummings; and

WHEREAS, both Ms. Rowland and Mr. Aguilar's testimony was inconsistent and often did not match the evidence. On different occasions Mr. Aguilar changed his statements as to who was involved in the crime; at various points he stated that he was in the house, outside, or was never even there. As for Ms. Rowland, she claimed that the victim had her throat cut and she had been stabbed multiple times. In fact, Mrs. Zacharias' throat was not cut, nor was she stabbed. Rowland even testified "with certainty" that someone who was incarcerated at the time of the crime was present. Both Mr. Aguilar and Ms. Rowland have since recanted their testimony. Mr. Aguilar later stated that the recantation was a lie and was convicted of Second Degree Perjury. Ms. Rowland stated that she could not recall testifying at Susan Cummings' trial. Under these circumstances, the veracity of these witnesses and the reliability of the confessions are questionable; and

WHEREAS, a few months after she began serving her sentence, Ms. Cummings contacted the police and confessed to being in Ms. Zacharias' home at the time of the murder. She was set to testify against Mr. Gessaman and Mr. McNerney, but then refused to do so as the time for trial approached, stating that she could not give false testimony. She would later reiterate that she was innocent of any crime, and claim that her confession was false. According to Ms. Cummings, she had been desperate to get out of

prison because another inmate was abusing her. Professor Steven Drizin, a clinical professor of law at Northwestern University School of Law and an expert on false confessions, opines that Ms. Cumming's confession "contains many of the indicia of unreliability that I have seen in hundreds of false confessions I have studied." The confession was obtained at a time when Ms. Cummings was a teenager in an adult prison allegedly being abused by another inmate and coming to realize that she would spend the rest of her life in prison. Like Ms. Rowland and Mr. Aguilar who testified against her, she could have testified against Mr. Geseman and Mr. McNerney in exchange for leniency. While it was in her best interest to do so, Ms. Cummings eventually opted not to provide what she later said was false testimony, even if it meant spending the rest of her life in prison; and

WHEREAS, by refusing to testify against others in exchange for her freedom, Ms. Cummings was sent to prison without the possibility of ever being free. Nonetheless, she has shown herself to be an exemplary inmate, remaining infraction free since 1996 and demonstrating a penchant for helping others. She has spent her time improving the lives of the prison's special needs population, volunteering with offenders who have Alzheimer's and other mental disorders. She also works full time maintaining three gardens on prison grounds, is a teaching assistant for pottery and quilting classes, and acts a representative of fellow inmates. Forty-seven current and former employees at Washington Corrections Center for Women fully support her. Correctional Officer Sergeant Deloughery describes Susan as a "hard worker," who "contributes to the stability of the institution population by setting a good example for other inmates to follow." Other comments from officers include, "you don't find inmates like this very often" and, Ms. Cummings' "hard work and exceptional behavior has given me every reason to believe that if returned to society, she would be a plus to her community;" and

WHEREAS, it is clear that having spent 19 years in prison, Ms. Cummings has grown and matured within the system. In her own words, she states that, "I can't say that prison has been such a bad experience for me because it has taught me to be normal. It's taught me values and it's taught me great things." Clemency and Pardons Board members commended Ms. Cummings for the extraordinary work she has done while in prison and the relationships she has formed with the staff. Upon release Ms. Cummings has been offered work and housing at a nursery where she will be able to use her skills a master gardener; and

WHEREAS, I have reviewed all the pertinent facts and circumstances surrounding this matter, the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the circumstances, I have determined that the best interest of justice will be served by this action.

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, hereby grant to Christine Susan Cummings this Conditional Commutation of her sentence for the express purpose of allowing her to transition back into the community and become a productive citizen. By this order I hereby commute Ms. Cummings Life Without Parole sentence to a term of 20 years, effective May 24, 2005, subject to the following conditions:
Ms. Cummings shall:

1. Prior to release at the completion of her 20-year sentence, participate in a graduated transition program through Tacoma Pre-Release to begin as soon as the Department of Corrections can arrange for such a program;
2. Serve 24 months of community placement after her release from confinement, reporting regularly to a Community Corrections Officer as directed by the Department of Corrections;
3. Pay a monthly supervision fee as directed by the Community Corrections Officer;
4. Notify the Department of Corrections prior to any change of address or employment;
5. Remain in the geographic area as directed by the Community Corrections Officer;
6. Not commit any more crimes;
7. Not consume controlled substances except pursuant to lawfully issued prescriptions;
8. Not unlawfully possess controlled substances while in community custody;
9. Not associate with known drug users or drug dealers;
10. Submit to random and routine urinalysis and breathalyzer testing, as directed by the Community Corrections Officer; receive a chemical dependency assessment while on community placement;
11. Participate in any chemical dependency treatment as recommended by her Community Corrections Officer; 12 Participate in any mental health evaluation and/or treatment as recommended by her Community Corrections Officer;
13. Not have any direct or indirect contact with the victim's family;
14. Not possess, receive, ship, or transfer any firearms, ammunition, or explosives;
15. Pay legal financial obligations as determined by the courts; and
16. Comply with all standard conditions, recommendations, and instructions of community placement as directed by the Community Corrections Officer.

Violation of any of the above conditions shall result in sanctions as deemed appropriate by the Department of Corrections.

PROVIDED, that in the event Ms. Cummings commits any offense classified as a felony or gross misdemeanor in the state of Washington, this Conditional Commutation is revoked and the sentence imposed by the court reinstated without benefit of sentence reduction credit, whereupon Ms. Cummings shall be immediately returned to full confinement as per the Department of Corrections. The Department of Corrections shall provide a written report to the Office of the Governor and the Clemency and Pardons Board regarding the violation of any condition of this Conditional Commutation.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the State of Washington to be affixed at Olympia on this 23rd day of December, A. D. two thousand and four.

LEONELO MOISES MARTINEZ**

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, Leonelo Moise Martinez and his wife operated a brush cutting business growing salal. In December 1997, Mr. and Mrs. Martinez came upon some thieves illegally harvesting their salal. Mr. Martinez confiscated the stolen brush and told the thieves to leave. He then tried to contact the authorities with his cellular phone, but was unable to get reception while in the remote, timberland area where the salal was grown. After the trespassers left, Mr. and Mrs. Martinez waited in their car at the end of a dead end side road to see if there were additional thieves and to ascertain who was providing transportation for them. Suddenly, a van drove by the main road and made a U-turn, blocking their exit; and

WHEREAS, nearly a dozen individuals came out of the van, some of whom Mr. Martinez recognized from the earlier encounter. One individual walked towards the Martinez' parked car. He demanded the confiscated brush but when he was refused, he began pounding on the vehicle's door and yelling at Mrs. Martinez. He threatened to sexually assault her. Mrs. Martinez began screaming in fear. Mr. Martinez, fearing for his wife's safety, drew his pistol hoping to scare away the man threatening his wife. He accidentally discharged the weapon and killed the man. Mr. Martinez subsequently pled guilty to the crime of Manslaughter in the First Degree and was sentenced to 102 months; and

WHEREAS, Mr. Martinez is described by family, friends and business associates as mild mannered, calm, and well tempered. He has significant support and ties to the Hispanic community, where he is seen as a hard-working man of integrity and honor. Before his incarceration, he supported his wife, a U.S. citizen with severe rheumatoid arthritis and a history of heart attacks, and his elderly parents who reside in Mexico; and

WHEREAS, while incarcerated, Mr. Martinez has been an exemplary inmate. He has remained infraction free and employed. One of his Department of Corrections supervisors sent a letter on his behalf noting that Mr. Martinez goes "above and beyond what is required to get the job done." He has even been permitted to leave the institution unshackled as part of his employment; and

WHEREAS, Mr. Martinez is a legal permanent resident of the United States. However, as an alien convicted of an "aggravated felony" under the Immigration and Naturalization Act, he is subject to deportation to Mexico upon completion of his sentence in a few months, and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the foregoing I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Gary Locke, by virtue of the power vested in me as Governor of the State of Washington, hereby grant to Leonelo Moise Martinez this Full and Unconditional Pardon, for the express purposes of allowing him to obtain a deportation waiver, lawfully remain in the United States, and eventually become a United States Citizen.

Due to the timing of the victim's disclosure, Mr. MacKay was not charged until six years after the offenses occurred. **OF
HECTOR LEAL**

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, in January 2003 Hector Leal pled guilty to two counts of vehicular assault and one count of hit and run with injury. The plea arose out of an incident in April 2002 where Mr. Leal drove his pickup truck into a restaurant. As a result, two victims suffered serious injury, and other patrons suffered minor injuries. Mr. Leal, who does not recall leaving the scene of the accident, was arrested several hours later in a heavily intoxicated state; and

WHEREAS, Mr. Leal was sentenced to thirty-two months in prison for hit and run and twelve months for each of the two counts of vehicular assault. He received an exceptional sentence above the standard range because his offense involved multiple victims. After finishing his sentence, Mr. Leal was transferred to the custody of Immigration and Customs Enforcement and placed in removal proceedings. Mr. Leal, although a lawful permanent resident of the United States, is subject to deportation to Mexico based on his vehicular assault convictions, which are considered "aggravated felonies" under the Immigration and Nationality Act; and

WHEREAS, Mr. Leal has completed his sentence and has expressed remorse for his crimes. He has remained sober for over two years, recognizing that drinking has "never led to anything positive in my life." Appreciating his culpability, Mr. Leal accepted his sentence, which was above the standard range, despite knowledge of the immigration consequences. He does not seek pardon for the crime of hit and run, which would not subject him to deportation, nor does he seek to remove his obligation to pay restitution; and

WHEREAS, while incarcerated, Mr. Leal also performed heating, ventilation, and air conditioning (HVAC) work for the Department of Corrections (DOC). His DOC supervisor indicated that he would not hesitate to hire him if he was in private enterprise, and that Mr. Leal "has the qualities one needs in an employee." Additionally, Mr. Leal's former employer, who he worked for prior to his incarceration, has agreed to guarantee his re-employment as an HVAC Installer. This will afford Mr. Leal the opportunity to make a good income to pay the substantial restitution ordered by the court. At the Clemency and Pardons Board hearing, Mr. Leal stated his commitment to make these restitution payments with every paycheck, even if it takes the rest of his life; and

WHEREAS, in December 2000, Sokha Sun was a passenger in a car that was stopped for speeding. When the police searched the car, they discovered a stolen gun in a backpack belonging to Mr. Sun. He pled guilty to Possession of a Stolen Firearm and was sentenced to one year and one day in prison along with restitution. His sentence was two days more than the one-year threshold that defines an "aggravated felony" under the Immigration and Nationality Act. As a result, an order of removal has been issued; and

WHEREAS, in 1975, Mr. Sun fled Cambodia during the genocidal regime of the Khmer Rouge. He was born in a refugee camp in Thailand and entered the United States as a refugee on July 24, 1979 at the age of two months. SHEILA ARLEEN BETTS**

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, in 1991, Sheila Arleen Betts pled guilty to first degree theft for welfare fraud. At the time of the crime, Ms. Betts and her former husband were receiving public assistance. However, her former husband, who filled out and signed their monthly income reports, did not declare his true income, which resulted in an overpayment of food stamps. Ms. Betts claims she as unaware of her then husband's actions, but because they were married at the time, she took joint responsibility for the crime; and

WHEREAS, Ms. Betts has completed the full 120 hours of community service, 24 months of supervision, and paid the \$1,555.00 in restitution ordered. Ms. Betts has also earned her GED and since 1999 has been employed as a Police and Fire Dispatcher with Lewis County. Ms. Betts disclosed her conviction to her employer prior to being hired. By all accounts, Ms. Betts has been an exemplary employee. On many occasions she has been the lead dispatcher, and she has been chosen as "Dispatcher of the Month;" and

WHEREAS, in late 2003, Federal audit findings disqualified Ms. Betts from accessing the National Crime Inquiry Center (NCIC) database due to her felony conviction. As a result, her employment was terminated. Just prior to the Clemency and Pardons Board hearing where Ms. Betts' petition was considered, the Regional Director of the Controller Terminal Officer's Association was granted the discretion of affording Ms. Betts a waiver allowing access to the NCIC system. Accordingly, Ms. Betts was reinstated. However, Ms. Betts is relocating to Snohomish County and still desires a pardon to allow her to seek similar work in that jurisdiction, as well as to volunteer in her children's schools; and

WHEREAS, the Lewis County Prosecutor strongly supports a pardon for Ms. Betts, stating, "it is our belief that a pardon has been earned, and should be granted." In their recommendation to the Governor, the Clemency and Pardons Board emphasized Ms. Betts' excellent work record and strong community support. They were also impressed with her honesty about the crime with her employer, and what she has done to improve her life; and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the foregoing, I have determined that the best interests of justice will be served by this action.

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, in 1998 Juan M. Pimienta pled guilty to fourth degree assault for domestic violence. He was sentenced to 365 days, with 363 days suspended after serving two days in jail. At the time of his plea, Mr. Pimienta was without counsel or an interpreter and was not advised of the immigration consequences of the plea. As a result of his conviction, Mr. Pimienta was placed in removal proceedings under the Immigration and Nationality Act; and

WHEREAS, although the Immigration Court has granted Mr. Pimienta a waiver from deportation, he is still in danger of deportation based upon this charge. That is, Mr. Pimienta may be recharged for the same offense under a different statute, that of "aggravated felony" for crimes of violence since the term of imprisonment was at least one year. This is despite the fact that the crime is a misdemeanor under Washington State law and 363 days of his sentence were suspended. If found guilty of an aggravated felony, Mr. Pimienta would have no relief from deportation; and

WHEREAS, Mr. Pimienta has completed his sentence, paid restitution in full, and completed a one-year domestic violence treatment program. In retrospect, Mr. Pimienta notes that the stress of caring for his severely disabled son and exhaustion from his many hours on the job led to the 1998 incident with his wife. Through treatment, he has learned coping mechanisms to deal with occasions when he is stressed or angry and there have been no further incidents; and

WHEREAS, Mr. Pimienta, a legal permanent resident of the United States, has resided in the United States for the past 18 years. As part owner and manager of two Mexican restaurants, he is a successful businessman. He is an active volunteer in his community, sponsoring youth athletic teams, and fundraising for other charitable causes. He is a loving father of three children. He seeks to become a United States citizen; and

WHEREAS, Mr. Pimienta's wife, the victim of his action, supports a pardon for her husband. She notes that, "Our relationship is better and my husband and I need each other very much. My children love their father, and I cannot imagine our lives without him." The Snohomish County Prosecuting Attorney also supports a pardon for Mr. Pimienta, noting that he is a successful and contributing member of his community; and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and, in light of the circumstances, I have determined that the best interests of justice will be served by this action.

WHEREAS, on September 16, 1999, Antonio Ruiz-Herredia was convicted of criminal assault for domestic violence. He was sentenced to 365 days, with 360 days suspended after serving five days in jail. Because Mr. Ruiz-Herredia received a 365-day sentence, as opposed to anything less than one year, Mr. Ruiz-Herredia was placed in removal proceedings under the Immigration and Nationality Act; and

WHEREAS, Mr. Ruiz-Herredia has denied the assault charge against him and his wife later recanted her testimony. At the Clemency and Pardons Board hearing, Mrs. Ruiz-Herredia stated she knew "... that my husband was not guilty of hitting me when I called the police on May 15, 1999... I was angry at my husband and wanted him punished, only because he had caused me to leave a party I was attending and return home." Nonetheless, because Mr. Ruiz-Herredia had stipulated to the original police report, he was found guilty. He was not advised of the immigration consequences of his stipulation. Mr. Ruiz-Herredia's attorney sought a one-day reduction in his sentence from the Tacoma Municipal Court, but the request was denied; and

WHEREAS, members of the Clemency and Pardons Board recognized Mr. Ruiz-Herredia's significant ties to the United States both through family and employment. His wife and children are United States Citizens whom he supports by working for Schnitzer Steel. The Board also noted that Mr. Ruiz-Herredia has had no further trouble with the law since the isolated incident in 1999; and

WHEREAS, Mr. Watson has served his sentence, paid all of the restitution ordered by the court, and has had no arrests or convictions since 1989. He wrote the victim of his theft a letter of apology, which was accepted. In fact, the victim indicated that "if there is anything I can do to clear that crime off your record, then let me know;" and

WHEREAS, Mr. Watson has remained clean and sober for the past thirteen years. He regularly attends Alcoholics Anonymous (AA) meetings, and shares his story to support others who are recovering. In the mid-1990s, Mr. Watson provided hundreds of hours of volunteer service to incarcerated teenagers at the Benton-Franklin Juvenile Justice Center in Kennewick. As the Mason County Superior Court has noted, Mr. Watson is "a positive role model for others in the community;" and

WHEREAS, in 2002, the Mason County Superior Court restored Mr. Watson's gun rights, but was statutorily prohibited from expunging his conviction from the public record. Unfortunately, when his probation officer moved to terminate his supervision in 1991, Mr. Watson was unaware that he needed to obtain a Certificate of Discharge and pay a ten dollar supervision fee to the Department of Corrections. WHEREAS, Mr. Watson is now in a position for a possible promotion marketing agricultural products overseas. With required overseas travel, such a position would require a passport; and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the foregoing, I have determined that the best interests of justice will be served by this action.

PETE ROBERT HARRISON**

To All To Whom These Presents Shall Come, Greetings:

WHEREAS, on August 9, 1977, Pete Robert Harrison entered Bob's S & S Tires in Tacoma with the intent to burglarize the establishment. He was convicted of attempted burglary in the second-degree. He was sentenced to six months county jail with work release Monday through Friday. The court ordered Mr. Harrison to complete alcohol counseling, participate in Alcoholics Anonymous, pay restitution of \$500.00 and maintain law abiding behavior. Mr. Harrison successfully fulfilled all of these obligations; and

WHEREAS, Mr. Harrison has demonstrated his rehabilitation and self-improvement through his educational accomplishments and community involvement. He earned an Associate Degree in Applied Science in 2001 and a Bachelor of Arts in 2003. In addition to these degrees, Mr. Harrison participated in numerous trainings, including "Pebbles in the Pond: Living with Chronic Neurobiological Disorders," and Individualized Tailored Care. He continued his professional formation through several internships at the Center for Psychiatric Recovery & Rehabilitation Education and the Rose House in Tacoma. Mr. Harrison is a

Registered Counselor for the Washington State Department of Health. Many community organizations, such as the Tacoma Coalition for Individuals with Disabilities, and the Homeless Coalition of Pierce County, benefit from Mr. Harrison's volunteer work. Mr. Harrison began working at Armstrong Uniserve, Inc., a Washington State licensed home care service agency, in 2003. However, upon learning of Mr. Harrison's conviction, Armstrong terminated his employment, as required by statute.

WHEREAS, RCW 43.43.842 requires that an agency that provides care and treatment to vulnerable adults shall ensure that any person having unsupervised access to a vulnerable adult shall not have been convicted of a crime relating to financial exploitation. Attempted burglary in the second-degree falls into this category, preventing Mr. Harrison from being employed as a caregiver. However, pursuant to RCW 43.43.830, a conviction record does not include a conviction for an offense that has been the subject of a pardon. Accordingly, Mr. Harrison has sought this pardon to pursue employment as a care giver.

WHEREAS, the Pierce County Prosecutor does not oppose Mr. Harrison's pardon. Chief Criminal Deputy, Gerald Costello, notes that Mr. Harrison's felony conviction is very old and that he has changed the course of his life. Mr. Costello believes that the conviction should not preclude him from working in such an important field; and

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the unanimous favorable recommendation of the Washington State Clemency and Pardons Board, and in light of the circumstances I have determined that the best interests of justice will be served by this action;
