Senators Fraser and Spanel spoke against adoption of the amendment.

POINT OF INQUIRY

Senator Spanel: "Would Senator Fraser yield to a question? I noticed on page 14, there is a reappropriation for 4.3 million for the Lewis and Clark confluence project so it's my understanding that there is 4.3 million there and there's an additional 1.5 million being newly appropriated. It seems like there's still a good sum of money to be spent on this project that has not been spent. I don't know whether the chair has any more information than I have on that but if she does I would ask her that question."

Senator Fraser: "Yes, Madam President and Senator Spanel. There is a reappropriation in that amount in the budget."

Senator Spanel: "So it is the addition of the two. So essentially what's in this budget is 5.8 million?"

Senator Fraser: "I believe that would be the correct addition."

PARLIAMENTARY INQUIRY

Senator Benton: "It's my understanding that amendments are passed or failed by a percentage of those members present. Can you please tell me how many members are present in the Senate today and what the vote count was? The vote count wasn't reported on the division and I'd appreciate having those numbers please."

REPLY BY THE PRESIDENT PRO TEMPORE

President Pro Tempore Franklin: "Thank you for your inquiry. The vote was twenty-two for; twenty-one against. The answer to the Senator's question: We do not have anyone excused at this time. And also twenty-two is not. Senator, we need sixty percent of forty-nine and we do not have sixty percent so, therefore, the amendment fails."

MOTION

On motion of Senator Hewitt, Senators McCaslin and Oke were excused.

MOTION

Senator Pflug moved that the following amendment by Senator Pflug be adopted.

PERSONAL PRIVILEGE

Senator Jacobsen: "Thank you Madame President. I just arranged to have handed out on your desk, from probably one of the most colorful individuals that was ever here, Julia Butler Hansen. In fact she had such a forceful personality. She was chair of the Transportation Committee and when they went into, the Democrats, went into the minority, they still allowed her to chair the Joint Legislative Committee. What this is is an announcement. They just donated her house to the state in Cathlamet. The other little bit of trivia on this, our Assistant Secretary of the Senate used to, Brad Hendrickson, used to mow her lawn. Then he lost his job. He, turns out that, he tells me, that a drunk driver plowed through her yard and so Julia insisted that his sentence be two years of community service and that meant mowing that yard. So Brad lost his job. He'd done a good job. Anyway, they're having a fund raiser in Olympia, Washington and it will be on May 26 at noon. I urge everybody to think about coming because it goes for a good cause. Thank you."

They are a newly acknowledged tribe. Now, mind you, that does not mean 'designated.' The credit may not exceed the amount of tax that would otherwise be due under chapters 82.04 and 82.16 RCW. No refunds may be granted for credits under this section.

(ii) For credits approved by the department after the effective date of this act, the credit may be carried over until used.

REMARKS BY THE PRESIDENT

President Owen: "Ladies and Gentlemen of the Senate. The President has had the great privilege for the last half hour or hour or so with spending a little time with these incredible football stars for the Seattle Seahawks. You might recognize them or at least the Qwest commercial that's been coming out recently with Mr. Hasselbeck over here. They've agreed to come up and spend a little time up here today, sign some autographs. When we get done here they will be available for you in the wings if you would like. Then, later on, for staff and the folks around the capitol. They will be in my office around 3:15 -3:30 or so and please don't rush into the office. You might try the Rules Room first and then they'd be happy to sign some autographs there. It's my great privilege to be able to introduce to my right, Mr. Mack Strong, to my left Mr. Matt Hasselbeck, and from Washington State University Mr. Robbie Tobeck.

PERSONAL PRIVILEGE

Senator Kohl-Welles: "I am very excited about having the Seahawks here today and for those of you that were not here in 1998, I had a nickname attached to me, 'Senator Jock.' I had worked on football stadium legislation, cosponsoring along with the prime sponsor, Senator Deccio. We embarked on quite an effort over the actually the 1998 session. It started for me the year before. I had been appointed to Kingdome Task Force by then King County Executive, Gary Locke. What started off to be just a, we thought, maybe six weeks, two months meetings to determine what we were going to do with the Kingdome task. The Kingdome turned into a eleven month ordeal of meetings nearly every week resulting in a vote in December to make recommendations to the legislature in 1998 to have legislation get through pertaining to creating the new plan for the football stadium. Senator Deccio and I bonded during that time. We spent a lot of time together and we did have the results of a referendum on the ballot in June. As a result we created a public stadium authority and Senator Deccio and I are members of the public stadium authority legislative advisory committee. We know that a lot of really exciting days have come out of that. In fact, this last season the Seahawks were the National Football Conference - West Division Champions. Congratulations and we expect that there going to go on even more from that title. It's a very exciting sport and many people don't know that we have the only professional football team, I believe west of Denver and North of San Francisco so people come here from all over the northwest and even beyond for the football games and bring a lot of revenue into our state as well. I would also like to mention that I hope that many of you will be attending the pre-season game on Saturday, August 20 when we have the National Conference of State Legislatures annual meeting being held in Seattle, August 14-20 and on Thursday night of that week we will be having the closing reception in the Exhibition hall between Safeco Field and Qwest Field. The Seahawks are going to have a whole lot of equipment there for kids because of the football game on that Saturday. So, it's going to be a really terrific event but more important than that I would just like to say, you guys are terrific, you embody great sportsmanship and skills and bring a great deal of excitement and with your having, with you going to Eastern Washington University every summer for your training camp, you bring a lot of thrills, enjoyment, family participation watching you work your hearts out and a lot more during that summer time. So, thank you Lt. Governor, President Owen for having the Seahawks here today."

PERSONAL PRIVILEGE

Senator Deccio: "I remember the day well. A lobbyist for the Seahawks came over and said the gentlemen that Luke Esser defeated for the Senate seat in the forty-eighth district couldn't get the bill out of committee. Would I sponsor the bill? I said, 'Well if I'm asked by the proper folks I'll do it.' I'm probably the only legislator who in the same day got a letter from a multi-

million, billionaire by the name of Paul Allen and the Governor of the State of Washington asking me, 'Would you sponsor the bill?' I said, 'OK, but I got to have a Seattle co-sponsor.' It was tough, here a kid from the apple country sponsoring a multi-million dollar facility and I don't even go any Seahawks games folks. That's how far sighted I am. Looking out for King County. I want you to appreciate it. It was hard particularly when another gentlemen sitting on the floor opposed it. He's pretty successful in his arguments but he lost too. But, anyway, I do congratulate you folks, I'm glad you're here. Glad we got through the greatest facilities in the country, the Seahawks and the baseball stadium and good luck to you."

PERSONAL PRIVILEGE

Senator McCaslin: "Mr. Strong, did you forget to take your should pads off?"

PERSONAL PRIVILEGE

Senator McAuliffe: "I just do remember the day as well when we were going to be voting on the stadium. The Senator from the thirty-sixth district worked very, very hard to bring down Paul Allen. He shook our hands, he asked for our vote and we were very pleased to do that. I believe that a metropolitan city should have a great football team and we do. I brought my football for grandsons to get signed today. So thanks for being here."

PERSONAL PRIVILEGE

Senator Esser: "It's a great honor for those of us in the forty-eighth district to be the host of the Seahawks offices and training facility in Kirkland. They do us a great honor. In addition to that, in addition to that, I'm someone whose had a little bit of experience as a free lance sports writer which, for those who've known me for a long time are aware of, an old saying, 'Those that can't do, write.' That was certainly the case with me when it came to athletics. It gave me the opportunity to really appreciate the incredible athleticism and frankly tolerance for pain that professional football players have. So I salute all of these three gentlemen for those attributes. In addition, I think it's appropriate that we honor them for their excellence and they have a team for their excellence. Fortunately the National Football League has a playoff scheme that does not just allow everybody to make the post-season. Only twelve of thirty-two teams make the playoffs. The Seahawks have been in the playoffs the last two years. We expect even greater things in the years ahead but you've given us a lot of thrills and looking forward to you building upon that record of success in the future. Thank you very much."

PERSONAL PRIVILEGE

Senator Schmidt: "In regards to Senator Kohl-Welles and Senator Deccio: At that time I was on the other side of the rotunda and prime sponsor of that was the former Representative Van Luven but I was the number two sponsor signer on that bill. I was kind of the behind the scenes guy and I don't remember how many times that I had Bob in my office working on this issue. I had always made the statement, 'You know this was the whole northwest team, not just the Seattle team.' This was an issue that was also strong issue for us, economic development State of Washington. One of the things that we were frequently told is back then when the new stadium was being built that twenty-two percent of the season ticket holders were from the State of Alaska. They would come down, fly down around planes ten times a year to go to the games. Twenty-two percent of the season ticket holders were from the State of Alaska. We knew how important was, we knew the value that you bring to whole northwest, not just us in the State of Washington. We're very thankful for what you do, but with that I got to mention one little personal note. Maybe this is my ego moment of the legislature. If I ever had the opportunity to play professional sports it was as a kicker. When I was in high school I could put it in the end zone, but then when I did I dislocated my toe, my senior year in high school so I couldn't go out on and play football in college. I hadn't touched a ball in three years. After three years of not touching a ball I was three for four from the forty and one for two from the fifty yard line. At the age of forty-five I can still kick a forty yard field goal. Thank you."

PERSONAL PRIVILEGE

Senator Jacobsen: "And I just want to point out one thing that a lot of people probably forgotten but this wasn't only good for the fans and the Seahawks. It was also good for the kids of the State of Washington because inside that bill there was a provision that if there was more revenue than was needed to pay off the bonds that that would go to a interagency and outdoor recreation to build fields for kids and it's funded millions of dollars in fields that way. So all over the state there's been a beneficiary of that part of the Seahawks bill. So it benefitted players and kids."

PERSONAL PRIVILEGE

Senator Kohl-Welles: "Thank you, I'd like to make just one more statement if you don't mind. What Senator Jacobsen said brought to mind something. I don't think people are aware that the Seattle Seahawks have a tremendous outreach to the community. Players, I'm sure these three here, too as well go out all over and raise funds for charity organizations. Go out on appearances in the community. Do a terrific job, so thank you."

PERSONAL PRIVILEGE

Senator Spanel: "Well, I'll be the first to acknowledge that I'm not a football fan and don't go to games. But what I wanted to say was thank you to you guys because today is a special day for some people from Skagit County and I think the group that had an appointment with the Governor right ahead of you were some kids and their parents from Skagit Valley, the Tulip Festival Ambassadors. I think, they're not going to remember that they came to see the Senate, the Governor and the House today. They saw you guys and they were thrilled and so thanks for giving them some attention."

REMARKS BY THE PRESIDENT

President Owen: "The President sometimes will bend his rules of decorum and it appears that he may have to do that for a certain Senator from Seattle in the back who is wearing a hat today. The hat seems to be appropriate for the occasion, Senator Poulsen. Again, thank you for all your comments. The President would now like to turn the mike over to Mr. Hasselbeck."

REMARKS BY MATT HASSELBECK

Mr. Hasselbeck: "I don't really have anything prepared to say but I just want to say how humble I know that we all feel right now by your kind comments. How honored we feel to be here. This is the first time for me and I know it's been quite an experience. It's been a learning experience, I've learned some things that I did not know and I've got to meet some great people from all over the State of Washington already since I've been here. We are trying so hard, I can promise you this. We are trying so hard, we're working so hard whether it's in Kirkland or it be this summer in Cheney, Washington to bring a championship to this state. That's what we're working for and I know people in this room want the same thing. We're giving it everything we have and the feeling of excitement that the Mariners had for their big opening day win yesterday. We're trying to blow that out of the water with a Super Bowl trophy, Lombardi Trophy here in Seattle, here in Washington. The stuff we're trying to do is great but it's no where near as important as the job that you guys are all doing here. We know that everyone knows that but I would just like to take it upon myself to say it publicly to say it to you all that the real noble work that gets done, gets done here. We know nothing that we do is really that important but if we can build self-esteem in young boys and even young girls growing up and do things in the community to help raise money for good causes then we're very excited to do that also. So, we're happy, we're very happy to be here. We'd love to sign autographs and take pictures for kids, grandkids, friends, friends of friends, whatever it is. Also, just wanted to say thank you and we've enjoyed our time very much."

NEW SECTION. Sec. 6. VALIDITY OF AGREEMENT TO ARBITRATE. (1) An agreement contained in a record to submit to arbitration any existing or subsequent controversy arising between the parties to the agreement is valid, enforceable, and irrevocable except upon a ground that exists at law or in equity for the revocation of contract.

(2) The court shall decide whether an agreement to arbitrate exists or a controversy is subject to an agreement to arbitrate.

(3) An arbitrator shall decide whether a condition precedent to arbitrability has been fulfilled and whether a contract containing a valid agreement to arbitrate is enforceable.

(4) If a party to a judicial proceeding challenges the existence of, or claims that a controversy is not subject to, an agreement to arbitrate, the arbitration proceeding may continue pending final resolution of the issue by the court, unless the court otherwise orders.

NEW SECTION. Sec. 7. MOTION TO COMPEL OR STAY ARBITRATION. (1) On motion of a person showing an agreement to arbitrate and alleging another person's refusal to arbitrate pursuant to the agreement, the court shall order the parties to arbitrate if the refusing party does not appear or does not oppose the motion. If the refusing party opposes the motion, the court shall proceed summarily to decide the issue. Unless the court finds that there is no enforceable agreement to arbitrate, it

shall order the parties to arbitrate. If the court finds that there is no enforceable agreement, it may not order the parties to arbitrate.

(2) On motion of a person alleging that an arbitration proceeding has been initiated or threatened but that there is no agreement to arbitrate, the court shall proceed summarily to decide the issue. If the court finds that there is an enforceable agreement to arbitrate, it shall order the parties to arbitrate. If the court finds that there is no enforceable agreement, it may not order the parties to arbitrate.

(3) The court may not refuse to order arbitration because the claim subject to arbitration lacks merit or grounds for the claim have not been established.

(6) If the court orders arbitration, the court shall on just terms stay any judicial proceeding that involves a claim subject to the arbitration. If a claim subject to the arbitration is severable, the court may sever it and limit the stay to that claim.

NEW SECTION. Sec. 8. PROVISIONAL REMEDIES. (1) Before an arbitrator is appointed and is authorized and able to act, the court, upon motion of a party to an arbitration proceeding and for good cause shown, may enter an order for provisional remedies to protect the effectiveness of the arbitration proceeding to the same extent and under the same conditions as if the controversy were the subject of a civil action.

(2) After an arbitrator is appointed and is authorized and able to act, the arbitrator may issue such orders for provisional remedies, including interim awards, as the arbitrator finds necessary to protect the effectiveness of the arbitration proceeding and to promote the fair and expeditious resolution of the controversy, to the same extent and under the same conditions as if the controversy were the subject of a civil action. After an arbitrator is appointed and is authorized and able to act, a party to an arbitration proceeding may move the court for a provisional remedy only if the matter is urgent and the arbitrator is not able to act timely or if the arbitrator cannot provide an adequate remedy.

(3) A motion to a court for a provisional remedy under subsection (1) or (2) of this section does not waive any right of arbitration.

NEW SECTION. Sec. 9. INITIATION OF ARBITRATION. (1) A person initiates an arbitration proceeding by giving notice in a record to the other parties to the agreement to arbitrate in the agreed manner between the parties or, in the absence of agreement, by mail certified or registered, return receipt requested and obtained, or by service as authorized for the initiation of a civil action. The notice must describe the nature of the controversy and the remedy sought.

(2) Unless a person interposes an objection as to lack or insufficiency of notice under section 15(3) of this act not later than the commencement of the arbitration hearing, the person's appearance at the hearing waives any objection to lack of or insufficiency of notice.

NEW SECTION. Sec. 10. CONSOLIDATION OF SEPARATE ARBITRATION PROCEEDINGS. (1) Except as otherwise provided in subsection (3) of this section, upon motion of a party to an agreement to arbitrate or to an arbitration proceeding, the court may order consolidation of separate arbitration proceedings as to all or some of the claims if:

(b) The claims subject to the agreements to arbitrate arise in substantial part from the same transaction or series of related transactions;

(c) The existence of a common issue of law or fact creates the possibility of conflicting decisions in the separate arbitration proceedings; and

(d) Prejudice resulting from a failure to consolidate is not outweighed by the risk of undue delay or prejudice to the rights of or hardship to parties opposing consolidation.

(2) The court may order consolidation of separate arbitration proceedings as to certain claims and allow other claims to be resolved in separate arbitration proceedings.

(3) The court may not order consolidation of the claims of a party to an agreement to arbitrate that prohibits consolidation.

NEW SECTION. Sec. 11. APPOINTMENT OF ARBITRATOR--SERVICE AS A NEUTRAL ARBITRATOR. (1) If the parties to an agreement to arbitrate agree on a method for appointing an arbitrator, that method must be followed, unless the method fails. If the parties have not agreed on a method, the agreed method fails, or an arbitrator appointed fails or is unable to act and a successor has not been appointed, the court, on motion of a party to the arbitration proceeding, shall appoint the arbitrator. The arbitrator so appointed has all the powers of an arbitrator designated in the agreement to arbitrate or appointed under the agreed method.

(2) An arbitrator who has a known, direct, and material interest in the outcome of the arbitration proceeding or a known, existing, and substantial relationship with a party may not serve as a neutral arbitrator.

NEW SECTION. Sec. 12. DISCLOSURE BY ARBITRATOR. (1) Before accepting appointment, an individual who is requested to serve as an arbitrator, after making a reasonable inquiry, shall disclose to all parties to the agreement to arbitrate and arbitration proceeding and to any other arbitrators any known facts that a reasonable person would consider likely to affect the impartiality of the arbitrator in the arbitration proceeding, including:

(a) A financial or personal interest in the outcome of the arbitration proceeding; and
(b) An existing or past relationship with any of the parties to the agreement to arbitrate or the arbitration proceeding, their counsel or representatives, witnesses, or the other arbitrators.

(2) An arbitrator has a continuing obligation to disclose to all parties to the agreement to arbitrate and arbitration proceedings and to any other arbitrators any facts that the arbitrator learns after accepting appointment that a reasonable person would consider likely to affect the impartiality of the arbitrator.

(3) If an arbitrator discloses a fact required by subsection (1) or (2) of this section to be disclosed and a party timely objects to the appointment or continued service of the arbitrator based upon the disclosure, the objection may be a ground to vacate the award under section 23(1)(b) of this act.

(4) If the arbitrator did not disclose a fact as required by subsection (1) or (2) of this section, upon timely objection of a party, an award may be vacated under section 23(1)(b) of this act.

(5) An arbitrator appointed as a neutral who does not disclose a known, direct, and material interest in the outcome of the arbitration proceeding or a known, existing, and substantial relationship with a party is presumed to act with evident partiality under section 23(1)(b) of this act.

(6) If the parties to an arbitration proceeding agree to the procedures of an arbitration organization or any other procedures for challenges to arbitrators before an award is made, substantial compliance with those procedures is a condition precedent to a motion to vacate an award on that ground under section 23(1)(b) of this act.

NEW SECTION. Sec. 13. ACTION BY MAJORITY. If there is more than one arbitrator, the powers of the arbitrators must be exercised by a majority of them.

NEW SECTION. Sec. 14. IMMUNITY OF ARBITRATOR--COMPETENCY TO TESTIFY--ATTORNEYS' FEES AND COSTS. (1) An arbitrator or an arbitration organization acting in that capacity is immune from civil liability to the same extent as a judge of a court of this state acting in a judicial capacity.

(2) The immunity afforded by this section supplements any other immunity.

(3) If an arbitrator does not make a disclosure required by section 12 of this act, the nondisclosure does not cause a loss of immunity under this section.

(4) In any judicial, administrative, or similar proceeding, an arbitrator or representative of an arbitration organization is not competent to testify or required to produce records as to any statement, conduct, decision, or ruling occurring during the arbitration proceeding to the same extent as a judge of a court of this state acting in a judicial capacity. This subsection does not apply:

(a) To the extent necessary to determine the claim of an arbitrator or an arbitration organization or a representative of the arbitration organization against a party to the arbitration proceeding; or

(b) If a party to the arbitration proceeding files a motion to vacate an award under section 23(1) (a) or (b) of this act and establishes prima facie that a ground for vacating the award exists.

(5) If a person commences a civil action against an arbitrator, an arbitration organization, or a representative of an arbitration organization arising from the services of the arbitrator, organization, or representative or if a person seeks to compel an arbitrator or a representative of an arbitration organization to testify in violation of subsection (4) of this section, and the court decides that the arbitrator, arbitration organization, or representative of an arbitration organization is immune from civil liability or that the arbitrator or representative of the organization is incompetent to testify, the court shall award to the arbitrator, organization, or representative reasonable attorneys' fees and other reasonable expenses of litigation.

NEW SECTION. Sec. 15. ARBITRATION PROCESS. (1) The arbitrator may conduct the arbitration in such manner as the arbitrator considers appropriate so as to aid in the fair and expeditious disposition of the proceeding. The authority conferred upon the arbitrator includes the power to hold conferences with the parties to the arbitration proceeding before the hearing and to determine the admissibility, relevance, materiality, and weight of any evidence.

(2) The arbitrator may decide a request for summary disposition of a claim or particular issue by agreement of all interested parties or upon request of one party to the arbitration proceeding if that party gives notice to all other parties to the arbitration proceeding and the other parties have a reasonable opportunity to respond.

(3) The arbitrator shall set a time and place for a hearing and give notice of the hearing not less than five days before the hearing. Unless a party to the arbitration proceeding interposes an objection to lack of or insufficiency of notice not later than the commencement of the hearing, the party's appearance at the hearing waives the objection. Upon request of a party to the arbitration proceeding and for good cause shown, or upon the arbitrator's own initiative, the arbitrator may adjourn the hearing from time to time as necessary but may not postpone the hearing to a time later than that fixed by the agreement to arbitrate for making the award unless the parties to the arbitration proceeding consent to a later date. The arbitrator may hear and decide the controversy upon the evidence produced although a party who was duly notified of the arbitration proceeding did not appear. The court, on request, may direct the arbitrator to promptly conduct the hearing and render a timely decision.

(4) If an arbitrator orders a hearing under subsection (3) of this section, the parties to the arbitration proceeding are entitled to be heard, to present evidence material to the controversy, and to cross-examine witnesses appearing at the hearing.

(5) If there is more than one arbitrator, all of them shall conduct the hearing under subsection (3) of this section; however, a majority shall decide any issue and make a final award.

(6) If an arbitrator ceases, or is unable, to act during the arbitration proceeding, a replacement arbitrator must be appointed in accordance with section 11 of this act to continue the hearing and to decide the controversy.

NEW SECTION. Sec. 16. REPRESENTATION BY LAWYER. A party to an arbitration proceeding may be represented by a lawyer.

NEW SECTION. Sec. 17. WITNESSES--SUBPOENAS--DEPOSITIONS--DISCOVERY. (1) An arbitrator may issue a subpoena for the attendance of a witness and for the production of records and other evidence at any hearing and may administer oaths. A subpoena must be served in the manner for service of subpoenas in a civil action and, upon motion to the court by a party to the arbitration proceeding or the arbitrator, enforced in the manner for enforcement of subpoenas in a civil action.

(2) On request of a party to or a witness in an arbitration proceeding, an arbitrator may permit a deposition of any witness, including a witness who cannot be subpoenaed for or is unable to attend a hearing, to be taken under conditions determined by the arbitrator for use as evidence in order to make the proceeding fair, expeditious, and cost-effective.

(3) An arbitrator may permit such discovery as the arbitrator decides is appropriate in the circumstances, taking into account the needs of the parties to the arbitration proceeding and other affected persons and the desirability of making the proceeding fair, expeditious, and cost-effective.

(4) If an arbitrator permits discovery under subsection (3) of this section, the arbitrator may order a party to the arbitration proceeding to comply with the arbitrator's discovery-related orders, including the issuance of a subpoena for the attendance of a witness and for the production of records and other evidence at a discovery proceeding, and may take action against a party to the arbitration proceeding who does not comply to the extent permitted by law as if the controversy were the subject of a civil action in this state.

(5) An arbitrator may issue a protective order to prevent the disclosure of privileged information, confidential information, trade secrets, and other information protected from disclosure as if the controversy were the subject of a civil action in this state.

(6) All laws compelling a person under subpoena to testify and all fees for attending a judicial proceeding, a deposition, or a discovery proceeding as a witness apply to an arbitration proceeding as if the controversy were the subject of a civil action in this state.

(7) The court may enforce a subpoena or discovery-related order for the attendance of a witness within this state and for the production of records and other evidence issued by an arbitrator in connection with an arbitration proceeding in another state upon conditions determined by the court in order to make the arbitration proceeding fair, expeditious, and cost-effective. A subpoena or discovery-related order issued by an arbitrator must be served in the manner provided by law for service of subpoenas in a civil action in this state and, upon motion to the court by a party to the arbitration proceeding or the arbitrator, enforced in the manner provided by law for enforcement of subpoenas in a civil action in this state.

NEW SECTION. Sec. 18. COURT ENFORCEMENT OF PREAWARD RULING BY ARBITRATOR. If an arbitrator makes a preaward ruling in favor of a party to the arbitration proceeding, the party may request the arbitrator to incorporate the ruling into an award under section 19 of this act. The successful party may file a motion to the court for an expedited order to confirm the award under section 22 of this act, in which case the court shall proceed summarily to decide the motion. The court shall issue an order to confirm the award unless the court vacates, modifies, or corrects the award of the arbitrator under sections 23 and 24 of this act.

NEW SECTION. Sec. 19. AWARD. (1) An arbitrator shall make a record of an award. The record must be authenticated by any arbitrator who concurs with the award. The arbitrator or the arbitration organization shall give notice of the award, including a copy of the award, to each party to the arbitration proceeding.

(2) An award must be made within the time specified by the agreement to arbitrate or, if not specified therein, within the time ordered by the court. The court may extend or the parties to the arbitration proceeding may agree in a record to extend the time. The court or the parties may do so within or after the time specified or ordered. A party waives any objection that an award was not timely made unless the party gives notice of the objection to the arbitrator before receiving notice of the award.

NEW SECTION. Sec. 20. CHANGE OF AWARD BY ARBITRATOR. (1) On motion to an arbitrator by a party to the arbitration proceeding, the arbitrator may modify or correct an award:

(a) Upon the grounds stated in section 24(1) (a) or (c) of this act;

(b) Because the arbitrator has not made a final and definite award upon a claim submitted by the parties to the arbitration proceeding; or

(c) To clarify the award.

(2) A motion under subsection (1) of this section must be made and served on all parties within twenty days after the movant receives notice of the award.

(3) A party to the arbitration proceeding must serve any objections to the motion within ten days after receipt of the notice.

(4) If a motion to the court is pending under section 22, 23, or 24 of this act, the court may submit the claim to the arbitrator to consider whether to modify or correct the award:

(a) Upon the grounds stated in section 24(1) (a) or (c) of this act;

(b) Because the arbitrator has not made a final and definite award upon a claim submitted by the parties to the arbitration proceeding; or

(c) To clarify the award.

(5) An award modified or corrected under this section is subject to sections 22, 23, and 24 of this act.

NEW SECTION. Sec. 21. REMEDIES--FEES AND EXPENSES OF ARBITRATION PROCEEDING. (1) An arbitrator may award punitive damages or other exemplary relief if such an award is authorized under the applicable law in a civil action involving the same claim and the evidence produced at the hearing justifies the award under the legal standards otherwise applicable to the claim.

(2) An arbitrator may award attorneys' fees and other reasonable expenses of arbitration if such an award is authorized by law in a civil action involving the same claim or by the agreement of the parties to the arbitration proceeding.

(3) As to all remedies other than those authorized by subsections (1) and (2) of this section, an arbitrator may order such remedies as the arbitrator considers just and appropriate under the circumstances of the arbitration proceeding. The fact that such a remedy could not or would not be granted by the court is not a ground for refusing to confirm an award under section 22 of this act or for vacating an award under section 23 of this act.

(4) An arbitrator's expenses and fees, together with other expenses, must be paid as provided in the award.

(5) If an arbitrator awards punitive damages or other exemplary relief under subsection (1) of this section, the arbitrator shall specify in the award the basis in fact justifying and the basis in law authorizing the award and state separately the amount of the punitive damages or other exemplary relief.

NEW SECTION. Sec. 22. CONFIRMATION OF AWARD. After a party to the arbitration proceeding receives notice of an award, the party may file a motion with the court for an order confirming the award, at which time the court shall issue such an order unless the award is modified or corrected under section 20 or 24 of this act or is vacated under section 23 of this act.

NEW SECTION. Sec. 23. VACATING AWARD. (1) Upon motion of a party to the arbitration proceeding, the court shall vacate an award if:

(a) The award was procured by corruption, fraud, or other undue means;

(b) There was:

(i) Evident partiality by an arbitrator appointed as a neutral;

(ii) Corruption by an arbitrator; or

(iii) Misconduct by an arbitrator prejudicing the rights of a party to the arbitration proceeding;

(c) An arbitrator refused to postpone the hearing upon showing of sufficient cause for postponement, refused to consider evidence material to the controversy, or otherwise conducted the hearing contrary to section 15 of this act, so as to prejudice substantially the rights of a party to the arbitration proceeding;

(d) An arbitrator exceeded the arbitrator's powers;

(e) There was no agreement to arbitrate, unless the person participated in the arbitration proceeding without raising the objection under section 15(3) of this act not later than the commencement of the arbitration hearing; or

(f) The arbitration was conducted without proper notice of the initiation of an arbitration as required in section 9 of this act so as to prejudice substantially the rights of a party to the arbitration proceeding.

(2) A motion under this section must be filed within ninety days after the movant receives notice of the award in a record under section 19 of this act or within ninety days after the movant receives notice of an arbitrator's award in a record on a motion to modify or correct an award under section 20 of this act, unless the motion is predicated upon the ground that the award was procured by corruption, fraud, or other undue means, in which case it must be filed within ninety days after such a ground is known or by the exercise of reasonable care should have been known by the movant.

(3) In vacating an award on a ground other than that set forth in subsection (1)(e) of this section, the court may order a rehearing before a new arbitrator. If the award is vacated on a ground stated in subsection (1)(c), (d), or (f) of this section, the court may order a rehearing before the arbitrator who made the award or the arbitrator's successor. The arbitrator must render the decision in the rehearing within the same time as that provided in section 19(2) of this act for an award.

(4) If a motion to vacate an award is denied and a motion to modify or correct the award is not pending, the court shall confirm the award.

NEW SECTION. Sec. 24. MODIFICATION OR CORRECTION OF AWARD. (1) Upon motion filed within ninety days after the movant receives notice of the award in a record under section 19 of this act or within ninety days after the movant receives notice of an arbitrator's award in a record on a motion to modify or correct an award under section 20 of this act, the court shall modify or correct the award if:

(a) There was an evident mathematical miscalculation or an evident mistake in the description of a person, thing, or property referred to in the award;

(b) The arbitrator has made an award on a claim not submitted to the arbitrator and the award may be corrected without affecting the merits of the decision upon the claims submitted; or

(c) The award is imperfect in a matter of form not affecting the merits of the decision on the claims submitted.

(2) If a motion filed under subsection (1) of this section is granted, the court shall modify or correct and confirm the award as modified or corrected. Otherwise, the court shall confirm the award.

(3) A motion to modify or correct an award under this section may be joined with a motion to vacate the award.

NEW SECTION. Sec. 25. JUDGMENT ON AWARD--ATTORNEYS' FEES AND LITIGATION EXPENSES. (1) Upon granting an order confirming, vacating without directing a rehearing, modifying, or correcting an award, the court shall enter a judgment in conformity with the order. The judgment may be recorded, docketed, and enforced as any other judgment in a civil action.

(2) A court may allow reasonable costs of the motion and subsequent judicial proceedings.

(3) On application of a prevailing party to a contested judicial proceeding under section 22, 23, or 24 of this act, the court may add to a judgment confirming, vacating without directing a rehearing, modifying, or correcting an award, attorneys' fees and other reasonable expenses of litigation incurred in a judicial proceeding after the award is made.

NEW SECTION. Sec. 26. JURISDICTION. (1) A court of this state having jurisdiction over the dispute and the parties may enforce an agreement to arbitrate.

(2) An agreement to arbitrate providing for arbitration in this state confers exclusive jurisdiction on the court to enter judgment on an award under this chapter.

NEW SECTION. Sec. 27. VENUE. A motion under section 5 of this act must be filed in the court of the county in which the agreement to arbitrate specifies the arbitration hearing is to be held or, if the hearing has been held, in the court of the county in which it was held. Otherwise, the motion must be filed in any county in which an adverse party resides or has a place of business or, if no adverse party has a residence or place of business in this state, in the court of any county in this state. All subsequent motions must be filed in the court hearing the initial motion unless the court otherwise directs.

NEW SECTION. Sec. 28. APPEALS. (1) An appeal may be taken from:

- (a) An order denying a motion to compel arbitration;
- (b) An order granting a motion to stay arbitration;
- (c) An order confirming or denying confirmation of an award;
- (d) An order modifying or correcting an award;
- (e) An order vacating an award without directing a rehearing; or
- (f) A final judgment entered under this chapter.

(2) An appeal under this section must be taken as from an order or a judgment in a civil action.

NEW SECTION. Sec. 29. UNIFORMITY OF APPLICATION AND CONSTRUCTION. In applying and construing this uniform act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

NEW SECTION. Sec. 30. CAPTIONS. Captions used in this act are not part of the law.

NEW SECTION. Sec. 31. SAVINGS CLAUSE. This act does not affect an action or proceeding commenced or right accrued before the effective date of this act.

NEW SECTION. Sec. 32. RELATIONSHIP TO ELECTRONIC SIGNATURES IN GLOBAL AND NATIONAL COMMERCE ACT. The provisions of this chapter governing the legal effect, validity, and enforceability of electronic records or electronic signatures, and of contracts performed with the use of such records or signatures conform to the requirements of section 102 of the electronic signatures in global and national commerce act.

Sec. 33. RCW 3.46.150 and 2001 c 68 s 2 are each amended to read as follows:

(1) Any city, having established a municipal department as provided in this chapter may, by written notice to the county legislative authority not less than one year prior to February 1st of the year in which all district court judges are subject to election, require the termination of the municipal department created pursuant to this chapter. A city may terminate a municipal department only at the end of a four-year judicial term. However, the city may not give the written notice required by this section unless the city has reached an agreement with the county under chapter 39.34 RCW under which the county is to be paid a reasonable amount for costs associated with prosecution, adjudication, and sentencing in criminal cases filed in district court as a result of the termination. The agreement shall provide for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter ((7-04)) 7.-- RCW (sections 1 through 32 of this act). Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter ((7-04)) 7.-- RCW (sections 1 through 32 of this act).

(2) A county that wishes to terminate a municipal department of the district court must provide written notice to the city legislative authority at least one year prior to the date of the intended termination.

Sec. 34. RCW 3.50.800 and 1984 c 258 s 202 are each amended to read as follows:

(1) If a municipality has, prior to July 1, 1984, repealed in its entirety that portion of its municipal code defining crimes but continues to hear and determine traffic infraction cases under chapter 46.63 RCW in a municipal court, the municipality and the appropriate county shall, prior to January 1, 1985, enter into an agreement under chapter 39.34 RCW under which the county is to be paid a reasonable amount for costs incurred after January 1, 1985, associated with prosecution, adjudication, and sentencing in criminal cases filed in district court as a result of the repeal. If the municipality and the county cannot come to an agreement within the time prescribed by this section, they shall be deemed to have entered into an agreement to submit the issue to arbitration pursuant to chapter ((7-04)) 7.-- RCW (sections 1 through 32 of this act). The municipality and the county have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter ((7-04)) 7.-- RCW (sections 1 through 32 of this act).

(2) The agreement between the municipality and the county shall include provisions for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter ((7-04)) 7.-- RCW (sections 1 through 32 of this act). Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county have the same rights as other parties who have agreed to submit to arbitration under chapter ((7-04)) 7.-- RCW (sections 1 through 32 of this act).

Sec. 35. RCW 3.50.805 and 1984 c 258 s 203 are each amended to read as follows:

(1) A municipality operating a municipal court under this chapter shall not terminate that court unless the municipality has reached an agreement with the appropriate county or another municipality under chapter 39.34 RCW under which the county or municipality is to be paid a reasonable amount for costs associated with prosecution, adjudication, and sentencing in criminal cases filed in district or municipal court as a result of the termination. The agreement shall provide for periodic review and renewal of the terms of the agreement. If the municipality and the county or municipality are unable to agree on the terms for

renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter ~~((7.04))~~ 7.-- RCW (sections 1 through 32 of this act). Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county or municipality have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter ~~((7.04))~~ 7.-- RCW (sections 1 through 32 of this act). A municipality that has entered into agreements with other municipalities that have terminated their municipal courts may not thereafter terminate its court unless each municipality has reached an agreement with the appropriate county in accordance with this section.

(2) A municipality operating a municipal court under this chapter may not repeal in its entirety that portion of its municipal code defining crimes while retaining the court's authority to hear and determine traffic infractions under chapter 46.63 RCW unless the municipality has reached an agreement with the county under chapter 39.34 RCW under which the county is to be paid a reasonable amount for costs associated with prosecution, adjudication, and sentencing in criminal cases filed in district court as a result of the repeal. The agreement shall provide for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter ~~((7.04))~~ 7.-- RCW (sections 1 through 32 of this act). The agreement shall provide for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter ~~((7.04))~~ 7.-- RCW (sections 1 through 32 of this act). Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter ~~((7.04))~~ 7.-- RCW (sections 1 through 32 of this act).

(1) When a buyer is damaged by the failure of any seed covered by this chapter to produce or perform as represented by the required label, by warranty, or as a result of negligence, the buyer, as a prerequisite to maintaining a legal action against the dealer of such seed, shall have first provided for the arbitration of the claim. Any statutory period of limitations with respect to such claim shall be tolled from the date arbitration proceedings are instituted until ten days after the date on which the arbitration award becomes final.

(2) Similarly, no such claim may be asserted as a counterclaim or defense in any action brought by a dealer against a buyer until the buyer has first provided for arbitration of the claim. Upon the buyer's filing of a written notice of intention to assert such a claim as a counterclaim or defense in the action accompanied by a copy of the buyer's complaint in arbitration filed as provided in this chapter, the action shall be stayed, and any applicable statute of limitations shall be tolled with respect to such claim from the date arbitration proceedings are instituted until ten days after the arbitration award becomes final.

(3) Conspicuous language calling attention to the requirement for arbitration under this section shall be referenced or included on the analysis label required under RCW 15.49.011 through 15.49.101.

(4) If the parties agree to submit the claim to arbitration and to be bound by the arbitration award, then the arbitration shall be subject to chapter ~~((7.04))~~ 7.-- RCW (sections 1 through 32 of this act), and RCW 15.49.081 through 15.49.111 will not apply to the arbitration. If the parties do not so agree, then the buyer may provide for mandatory arbitration by the arbitration committee under RCW 15.49.081 through 15.49.111. An award rendered in such mandatory arbitration shall not be binding upon the parties and any trial on any claim so arbitrated shall be de novo.

(5) This section applies only to claims, or counterclaims, where the relief sought is, or includes, a monetary amount in excess of two thousand dollars. All claims for two thousand dollars or less shall be commenced in either district court or small claims court.

Sec. 37. RCW 35.20.010 and 2001 c 68 s 3 are each amended to read as follows:

(1) There is hereby created and established in each incorporated city of this state having a population of more than four hundred thousand inhabitants, as shown by the federal or state census, whichever is the later, a municipal court, which shall be styled "The Municipal Court of (name of city)," hereinafter designated and referred to as the municipal court, which court shall have jurisdiction and shall exercise all the powers by this chapter declared to be vested in such municipal court, together with such powers and jurisdiction as is generally conferred in this state either by common law or statute.

(2) A municipality operating a municipal court under this section may terminate that court if the municipality has reached an agreement with the county under chapter 39.34 RCW under which the county is to be paid a reasonable amount for costs associated with prosecution, adjudication, and sentencing in criminal cases filed in district court as a result of the termination. The agreement shall provide for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter ~~((7.04))~~ 7.-- RCW (sections 1 through 32 of this act). Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter ~~((7.04))~~ 7.-- RCW (sections 1 through 32 of this act).

(3) A city that has entered into an agreement for court services with the county must provide written notice of the intent to terminate the agreement to the county legislative authority not less than one year prior to February 1st of the year in which all district court judges are subject to election. A city that terminates an agreement for court services to be provided by a district court may terminate the agreement only at the end of a four-year district court judicial term.

(4) A county that wishes to terminate an agreement with a city for the provision of court services must provide written notice of the intent to terminate the agreement to the city legislative authority not less than one year prior to the expiration of the agreement.

Sec. 38. RCW 35.22.425 and 1984 c 258 s 204 are each amended to read as follows:

The agreement shall include provisions for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter ~~((7.04))~~ 7.-- RCW (sections 1 through 32 of this act). Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter ~~((7.04))~~ 7.-- RCW (sections 1 through 32 of this act).

Sec. 39. RCW 35.23.555 and 1994 c 81 s 52 are each amended to read as follows:

A city of the second class operating a municipal court may not repeal in its entirety that portion of its municipal code defining crimes or repeal a provision of its municipal code which defines a crime equivalent to an offense listed in RCW 46.63.020 unless the municipality has reached an agreement with the appropriate county under chapter 39.34 RCW under which the county is to be paid a reasonable amount for costs associated with prosecution, adjudication, and sentencing in criminal cases filed in district court as a result of the repeal. The agreement shall include provisions for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter ~~((7.04))~~ 7.-- RCW (sections 1 through 32 of this act). A town operating a municipal court may not repeal in its entirety that portion of its municipal code defining crimes or repeal a provision of its municipal code which defines a crime equivalent to an offense listed in RCW 46.63.020 unless the municipality has reached an agreement with the appropriate county under chapter 39.34 RCW under which the county is to be paid a reasonable amount for costs associated with prosecution, adjudication, and sentencing in criminal cases filed in district court as a result of the repeal. The agreement shall include provisions for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter ~~((7.04))~~ 7.-- RCW (sections 1 through 32 of this act). Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter ~~((7.04))~~ 7.-- RCW (sections 1 through 32 of this act).

Sec. 41. RCW 35.30.100 and 1984 c 258 s 208 are each amended to read as follows:

A city operating a municipal court may not repeal in its entirety that portion of its municipal code defining crimes unless the municipality has reached an agreement with the appropriate county under chapter 39.34 RCW under which the county is to be paid a reasonable amount for costs associated with prosecution, adjudication, and sentencing in criminal cases filed in district court as a result of the repeal. The agreement shall include provisions for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter ~~((7.04))~~ 7.-- RCW (sections 1 through 32 of this act). Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter ~~((7.04))~~ 7.-- RCW (sections 1 through 32 of this act).

Sec. 42. RCW 35A.11.200 and 1984 c 258 s 209 are each amended to read as follows:

A code city operating a municipal court may not repeal in its entirety that portion of its municipal code defining crimes unless the municipality has reached an agreement with the appropriate county under chapter 39.34 RCW under which the county is to be paid a reasonable amount for costs associated with prosecution, adjudication, and sentencing in criminal cases filed in district court as a result of the repeal. The agreement shall include provisions for periodic review and renewal of the terms of the agreement. If the municipality and the county are unable to agree on the terms for renewal of the agreement, they shall be deemed to have entered into an agreement to submit the issue to arbitration under chapter ~~((7.04))~~ 7.-- RCW (sections 1 through 32 of this act). Pending conclusion of the arbitration proceeding, the terms of the agreement shall remain in effect. The municipality and the county have the same rights and are subject to the same duties as other parties who have agreed to submit to arbitration under chapter ~~((7.04))~~ 7.-- RCW (sections 1 through 32 of this act).

Sec. 43. RCW 46.96.150 and 1994 c 274 s 2 are each amended to read as follows:

(1) Within thirty days after receipt of the notice under RCW 46.96.140, or within thirty days after the end of an appeal procedure provided by the manufacturer, whichever is greater, a new motor vehicle dealer so notified or entitled to notice may file a petition with the department protesting the proposed establishment or relocation. The petition shall contain a short statement setting forth the reasons for the dealer's objection to the proposed establishment or relocation. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The manufacturer shall not establish or relocate the new motor vehicle dealer until the administrative law judge has held a hearing and has determined that there is good cause for permitting the proposed establishment or relocation. When more than one protest is filed against the establishment or relocation of the same dealer, the administrative law judge shall consolidate the hearings to expedite disposition of the matter.

(2) If a manufacturer provides in the franchise agreement or by written statement distributed and provided to its dealers for arbitration under the ~~((Washington))~~ Uniform Arbitration Act, chapter ~~((7.04))~~ 7.-- RCW (sections 1 through 32 of this act), as a mechanism for resolving disputes relating to the establishment of an additional new motor vehicle dealer or the relocation of a new motor vehicle dealer, then the provisions of this section and RCW 46.96.170 relating to hearings by an administrative law judge do not apply, and a dispute regarding the establishment of an additional new motor vehicle dealer or the relocation of an existing new motor vehicle dealer shall be determined in an arbitration proceeding conducted in accordance with the ~~((Washington))~~ Uniform Arbitration Act, chapter ~~((7.04))~~ 7.-- RCW (sections 1 through 32 of this act). The thirty-day period for filing a protest under this section still applies except that the protesting dealer shall file his protest with the manufacturer within thirty days after receipt of the notice under RCW 46.96.140.

(3) The dispute shall be referred for arbitration to such arbitrator as may be agreed upon by the parties to the dispute. If the parties cannot agree upon a single arbitrator within thirty days from the date the protest is filed, the protesting dealer will select an arbitrator, the manufacturer will select an arbitrator, and the two arbitrators will then select a third. If a third arbitrator is not agreed upon within thirty days, any party may apply to the superior court, and the judge of the superior court having jurisdiction will appoint the third arbitrator. The protesting dealer will pay the arbitrator selected by him, and the manufacturer will pay the arbitrator it selected. The expense of the third arbitrator and all other expenses of arbitration will be shared equally by the parties. Attorneys' fees and fees paid to expert witnesses are not expenses of arbitration and will be paid by the person incurring them.

(4) Notwithstanding the terms of a franchise or written statement of the manufacturer and notwithstanding the terms of a waiver, the arbitration will take place in the state of Washington in the county where the protesting dealer has his principal place of business. RCW 46.96.160 applies to a determination made by the arbitrator or arbitrators in determining whether good cause exists for permitting the proposed establishment or relocation of a new motor vehicle dealer, and the manufacturer has the burden of proof to establish that good cause exists for permitting the proposed establishment or relocation. After a hearing has been held, the arbitrator or arbitrators shall render a decision as expeditiously as possible, but in any event not later than one hundred twenty days from the date the arbitrator or arbitrators are selected or appointed. The manufacturer shall not establish or relocate the new motor vehicle dealer until the arbitration hearing has been held and the arbitrator or arbitrators have determined that there is good cause for permitting the proposed establishment or relocation. The written decision of the arbitrator is binding upon the parties unless modified, corrected, or vacated under the Washington Arbitration Act. Any party may appeal the decision of the arbitrator under the ~~((Washington))~~ Uniform Arbitration Act, chapter ~~((7.04))~~ 7.-- RCW (sections 1 through 32 of this act).

(5) If the franchise agreement or the manufacturer's written statement distributed and provided to its dealers does not provide for arbitration under the ~~((Washington))~~ Uniform Arbitration Act as a mechanism for resolving disputes relating to the establishment of an additional new motor vehicle dealer or the relocation of a new motor vehicle dealer, then the hearing provisions of this section and RCW 46.96.170 apply. Nothing in this section is intended to preclude a new motor vehicle dealer from electing to use any other dispute resolution mechanism offered by a manufacturer.

Sec. 44. RCW 49.66.090 and 1973 2nd ex.s. c 3 s 7 are each amended to read as follows:

In the event that a health care activity and an employees' bargaining unit shall reach an impasse, the matters in dispute shall be submitted to a board of arbitration composed of three arbitrators for final and binding resolution. The board shall be selected in the following manner: Within ten days, the employer shall appoint one arbitrator and the employees shall appoint one arbitrator. The two arbitrators so selected and named shall within ten days agree upon and select the name of a third arbitrator who shall act as chairman. If, upon the expiration of the period allowed therefor the arbitrators are unable to agree on the selection of a third arbitrator, such arbitrator shall be appointed at the request of either party in accordance with ~~((the provisions of RCW 7.04.050))~~ section 11 of this act, and ~~((he))~~ that person shall act as ~~((chairman))~~ chair of the arbitration board.

(2) The party initiating arbitration under subsection (1) of this section shall give reasonable notice to the other party or parties.

If any person refuses to obey such subpoena or refuses to be sworn to testify, or any witness, party, or attorney is guilty of any contempt while in attendance at any hearing held hereunder, the arbitrator may invoke the jurisdiction of any superior court, and such court shall have jurisdiction to issue an appropriate order. A failure to obey such order may be punished by the court as a contempt thereof.

(4) Within five days after conclusion of the hearing, the arbitrator shall make a written decision upon the issues presented, a copy of which shall be mailed by certified mail or otherwise delivered to the parties or their designated representatives. The determination of the dispute made by the arbitrator shall be final and binding upon both parties.

(5) If a defective condition exists which affects more than one dwelling unit in a similar manner, the arbitrator may consolidate the issues of fact common to those dwelling units in a single proceeding.

(6) Decisions of the arbitrator shall be enforced or appealed according to the provisions of chapter ~~((7.04))~~ 7.-- RCW (sections 1 through 32 of this act).

Hearings shall be informal and the rules of evidence prevailing in judicial proceedings shall not be binding. Hearings may be public or private. The proceedings may be recorded. Any oral or documentary evidence and other data deemed relevant by the arbitrator may be received in evidence. The arbitrator may administer oaths, issue subpoenas, and require the attendance of witnesses and the production of books, papers, contracts, agreements, and documents deemed by the arbitrator to be material to a just determination of the issues in dispute. If a person refuses to obey a subpoena or refuses to be sworn to testify, or any witness, party, or attorney is guilty of any contempt while in attendance at any hearing held under this section, the arbitrator may invoke the jurisdiction of any district or superior court, and the court shall have jurisdiction to issue an appropriate order. Failure to obey the order may be punished by the court as contempt.

(4) Within five days after the hearing, the arbitrator shall make a written decision upon the issues presented. A copy of the decision shall be mailed by certified mail or otherwise delivered to the parties or their designated representatives. The decision of the arbitrator shall be final and binding upon all parties.

(5) If a dispute exists affecting more than one tenant in a similar manner, the arbitrator may with the consent of the parties consolidate the cases into a single proceeding.

MOTION

Senator Prentice moved that the following committee striking amendment by the Committee on Ways & Means be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) The costs to society of problem and pathological gambling include family disintegration, criminal activity, and financial insolvencies;

(b) Problem and pathological gamblers suffer a higher incidence of addictive disorders such as alcohol and substance abuse;

(c) Residents of Washington have the opportunity to participate in a variety of legal gambling activities operated by the state, by federally recognized tribes, and by private businesses and nonprofit organizations; and

(d) A 1999 study found that five percent of adult Washington residents and eight percent of adolescents could be classified as problem gamblers during their lifetimes, and that more than one percent of adults have been afflicted with pathological gambling.

(2) The legislature intends to provide long-term, dedicated funding for public awareness and education regarding problem and pathological gambling, training in its identification and treatment, and treatment services for problem and pathological gamblers and, as clinically appropriate, members of their families.

Sec. 2. RCW 43.20A.890 and 2002 c 349 s 4 are each amended to read as follows:

(1) A program for (a) the prevention and treatment of ((pathological)) problem and pathological gambling; and (b) the training of professionals in the identification and treatment of problem and pathological gambling is established within the department of social and health services, to be administered by a qualified person who has training and experience in ((handling pathological)) problem gambling ((problems)) or the organization and administration of treatment services for persons suffering from ((pathological)) problem gambling ((problems)). The department may contract for any services provided under the program. The department shall track program participation and client outcomes.

(2) To receive treatment under subsection (1) of this section, a person must:

(a) Need treatment for ((pathological)) problem or pathological gambling, or because of the problem or pathological gambling of a family member, but be unable to afford treatment; and

(b) Be targeted by the department of social and health services as ((to-be)) being most amenable to treatment.

(3) Treatment under this section is ((limited to)) available only to the extent of the funds appropriated or otherwise made available to the department of social and health services for this purpose. The department may solicit and accept for use any gift of money or property made by will or otherwise, and any grant of money, services, or property from the federal government, any tribal government, the state, or any political subdivision thereof or any private source, and do all things necessary to cooperate with the federal government or any of its agencies or any tribal government in making an application for any grant.

(4) The department of social and health services shall ((report to the legislature by September 1, 2002, with a plan for implementing this section)) establish an advisory committee to assist it in designing, managing, and evaluating the effectiveness of the program established in this section. The committee shall include, at a minimum, persons knowledgeable in the field of problem and pathological gambling and persons representing tribal gambling, privately owned nontribal gambling, and the state lottery.

(5) ((The department of social and health services shall report to the legislature by November 1, 2003, on program participation and client outcomes.)) For purposes of this section, "pathological gambling" is a mental disorder characterized by loss of control over gambling, progression in preoccupation with gambling and in obtaining money to gamble, and continuation of gambling despite adverse consequences. "Problem gambling" is an earlier stage of pathological gambling which compromises, disrupts, or damages family or personal relationships or vocational pursuits.

NEW SECTION. Sec. 3. A new section is added to chapter 43.20A RCW to read as follows:

The problem gambling account is created in the state treasury. Money in the account may be spent only after appropriation. Expenditures from the account may be used only for the purposes of the program established under RCW 43.20A.890.

Sec. 4. RCW 67.70.340 and 2002 c 349 s 3 are each amended to read as follows:

(1) The legislature recognizes that creating a shared game lottery could result in less revenue being raised by the existing state lottery ticket sales. The legislature further recognizes that the two funds most impacted by this potential event are the student achievement fund and the education construction account. Therefore, it is the intent of the legislature to use some of the proceeds from the shared game lottery to make up the difference that the potential state lottery revenue loss would have on the student achievement fund and the education construction account. The legislature further intends to use some of the proceeds from the shared game lottery to fund programs and services related to problem and pathological gambling.

(2) The student achievement fund and the education construction account are expected to collectively receive one hundred two million dollars annually from state lottery games other than the shared game lottery. For fiscal year 2003 and thereafter, if the amount of lottery revenues earmarked for the student achievement fund and the education construction account

~~((are))~~ is less than one hundred two million dollars, the commission, after making the transfer required under subsection (3) of this section, must transfer sufficient moneys from revenues derived from the shared game lottery into the student achievement fund and the education construction account to bring the total revenue up to one hundred two million dollars. The funds transferred from the shared game lottery account under this subsection must be divided between the student achievement fund and the education construction account in a manner consistent with RCW 67.70.240(3).

~~(3) ((For fiscal year 2003, the commission shall transfer from revenues derived from the shared game lottery to the violence reduction and drug enforcement account under RCW 69.50.520 five hundred thousand dollars exclusively for the treatment of pathological gambling as prescribed by RCW 67.70.350.)) (a) The commission shall transfer, from revenue derived from the shared game lottery, to the problem gambling account created in section 3 of this act, an amount equal to the percentage specified in (b) of this subsection of net receipts. For purposes of this subsection, "net receipts" means the difference between (i) revenue received from the sale of lottery tickets or shares and revenue received from the sale of shared game lottery tickets or shares; and (ii) the sum of payments made to winners.~~

~~(b) In fiscal year 2006, the percentage to be transferred to the problem gambling account is one-tenth of one percent. In fiscal year 2007 and subsequent fiscal years, the percentage to be transferred to the problem gambling account is thirteen one-hundredths of one percent.~~

(4) The remaining net revenues, if any, in the shared game lottery account after the transfers pursuant to this section shall be deposited into the general fund.

NEW SECTION. Sec. 5. A new section is added to chapter 82.04 RCW, to be codified between RCW 82.04.220 and 82.04.310, to read as follows:

(1) Upon every person engaging within this state in the business of operating contests of chance; as to such persons, the amount of tax with respect to the business of operating contests of chance is equal to the gross income of the business derived from contests of chance multiplied by the rate of 1.5 percent.

(2) An additional tax is imposed on those persons subject to tax in subsection (1) of this section. The amount of the additional tax with respect to the business of operating contests of chance is equal to the gross income of the business derived from contests of chance multiplied by the rate of 0.1 percent through June 30, 2006, and 0.13 percent thereafter. The money collected under this subsection (2) shall be deposited in the problem gambling account created in section 3 of this act.

(3) For the purpose of this section, "contests of chance" means any contests, games, gaming schemes, or gaming devices, other than the state lottery as defined in RCW 67.70.010, in which the outcome depends in a material degree upon an element of chance, notwithstanding that skill of the contestants may also be a factor in the outcome. The term includes social card games, bingo, raffle, and punchboard games, and pull-tabs as defined in chapter 9.46 RCW. The term does not include race meets for the conduct of which a license must be secured from the Washington horse racing commission, or "amusement game" as defined in RCW 9.46.0201.

(4) "Gross income of the business" does not include the monetary value or actual cost of any prizes that are awarded, amounts paid to players for winning wagers, accrual of prizes for progressive jackpot contests, or repayment of amounts used to seed guaranteed progressive jackpot prizes.

NEW SECTION. Sec. 6. A new section is added to chapter 82.04 RCW to read as follows:

(1) Upon every person engaging within this state in the business of conducting race meets for the conduct of which a license must be secured from the Washington horse racing commission; as to such persons, the amount of tax with respect to the business of parimutuel wagering is equal to the gross income of the business derived from parimutuel wagering multiplied by the rate of 0.1 percent through June 30, 2006, and 0.13 percent thereafter. The money collected under this section shall be deposited in the problem gambling account created in section 3 of this act.

(2) For purposes of this section, "gross income of the business" does not include amounts paid to players for winning wagers, or taxes imposed or other distributions required under chapter 67.16 RCW.

(3) The tax imposed under this section is in addition to any tax imposed under chapter 67.16 RCW.

Sec. 7. RCW 82.04.350 and 1961 c 15 s 82.04.350 are each amended to read as follows:

Except as provided in section 6(1) of this act, this chapter shall not apply to any person in respect to the business of conducting race meets for the conduct of which a license must be secured from the horse racing commission.

Sec. 8. RCW 82.04.290 and 2004 c 174 s 2 are each amended to read as follows:

(1) Upon every person engaging within this state in the business of providing international investment management services, as to such persons, the amount of tax with respect to such business shall be equal to the gross income or gross proceeds of sales of the business multiplied by a rate of 0.275 percent.

(2) Upon every person engaging within this state in any business activity other than or in addition to ~~((those enumerated in RCW 82.04.230, 82.04.240, 82.04.250, 82.04.255, 82.04.260, 82.04.270, 82.04.298, 82.04.2905, 82.04.280, 82.04.2907, 82.04.272, 82.04.2906, and 82.04.2908, and))~~ an activity taxed explicitly under another section in this chapter or subsection (1) of this section; as to such persons the amount of tax on account of such activities shall be equal to the gross income of the business multiplied by the rate of 1.5 percent.

(3) Subsection (2) of this section includes, among others, and without limiting the scope hereof (whether or not title to materials used in the performance of such business passes to another by accession, confusion or other than by outright sale), persons engaged in the business of rendering any type of service which does not constitute a "sale at retail" or a "sale at wholesale." The value of advertising, demonstration, and promotional supplies and materials furnished to an agent by his principal or supplier to be used for informational, educational and promotional purposes shall not be considered a part of the agent's remuneration or commission and shall not be subject to taxation under this section.

Sec. 9. RCW 9.46.071 and 2003 c 75 s 1 are each amended to read as follows:

(1) The legislature recognizes that some individuals in this state are problem or (~~(compulsive)~~) pathological gamblers. Because the state promotes and regulates gambling through the activities of the state lottery commission, the Washington horse racing commission, and the Washington state gambling commission, the state has the responsibility to continue to provide resources for the support of services for problem and (~~(compulsive)~~) pathological gamblers. Therefore, (~~(at a minimum,)~~) the Washington state gambling commission, the Washington horse racing commission, and the state lottery commission shall jointly develop informational signs concerning problem and (~~(compulsive)~~) pathological gambling which include a toll-free hot line number for problem and (~~(compulsive)~~) pathological gamblers. The signs shall be placed in the establishments of gambling licensees, horse racing licensees, and lottery retailers. In addition, the Washington state gambling commission, the Washington horse racing commission, and the state lottery commission may also contract with other qualified entities to provide public awareness, training, and other services to ensure the intent of this section is fulfilled.

(2)(a) During any period in which section 5(2) of this act is in effect, the commission may not increase fees payable by licensees under its jurisdiction for the purpose of funding services for problem and pathological gambling. Any fee imposed or increased by the commission, for the purpose of funding these services, before the effective date of this section shall have no force and effect after the effective date of this section.

(b) During any period in which section 5(2) of this act is not in effect:

(i) The commission, the Washington state horse racing commission, and the state lottery commission may contract for services, in addition to those authorized in subsection (1) of this section, to assist in providing for treatment of problem and pathological gambling; and

(ii) The commission may increase fees payable by licenses under its jurisdiction for the purpose of funding the services authorized in this section for problem and pathological gamblers.

NEW SECTION. Sec. 10. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 11. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2005."

On page 1, line 1 of the title, after "gambling;" strike the remainder of the title and insert "amending RCW 43.20A.890, 67.70.340, 82.04.350, 82.04.290, and 9.46.071; adding a new section to chapter 43.20A RCW; adding new sections to chapter 82.04 RCW; creating a new section; providing an effective date; and declaring an emergency."

Senator Prentice spoke in favor of adoption of the committee striking amendment.

(4) Each expenditure from the problem gambling account shall be credited:

(a) First against the balance of receipts, payments, and deposits accounted for under subsection (2)(c) of this section, with the remaining amount of the expenditure, if any, credited

(b) From balances of the (i) mandatory contributions to the problem gambling account; and the (ii) voluntary tribal contributions to the problem gambling account, as accounted for under subsection (2)(a) and (b) of this section, respectively on the same pro rata basis as determined in subsection (3)(a) of this section, as may be adjusted by the office of financial management under subsection (8) of this section, for the most recently completed fiscal year for which the pro rata basis has been determined.

(5) No expenditure shall be made from the problem gambling account if the balance of either the (a) mandatory contributions to the problem gambling account; or the (b) voluntary tribal contributions to the problem gambling account, as accounted for under subsection (2)(a) and (b) of this section, respectively, is insufficient to fully pay for its respective pro rata share of expenditure after the reduction of the credit required under subsection (4)(a) of this section.

(6) Within ninety days after the end of each fiscal year, the treasurer shall determine, and shall promptly thereafter notify the office of financial management of:

(a) The balance, as of the first day of the most recently completed fiscal year, of the mandatory contributions portion of the problem gambling account, as accounted for under subsection (2)(a) of this section, net of all receipts, payments, deposits, and expenditures;

(b) The gross total amount of the mandatory contributions received during the fiscal year by the problem gambling account, as accounted for under subsection (2)(a) of this section; and

(c) The balance, as of the last day of the most recently completed fiscal year, of the mandatory contributions portion of the problem gambling account, as accounted for under subsection (2)(a) of this section, net of all receipts, payments, deposits, and expenditures.

(7) The office of financial management shall promptly determine and report to the department of revenue and the lottery commission the ratio of:

(a) The balance of the mandatory contributions portion of the problem gambling account as of the end of the most recent fiscal year, as determined under subsection (6)(c) of this section; to

(b) The gross amount of mandatory contributions made available to the problem gambling account during the most recent fiscal year, which shall be calculated as the sum of the amounts determined under subsection (6)(a) and (b) of this section.

(8) In computing the ratio required by subsection (7) of this section, the office of financial management may consider and adjust the balances reported by the treasurer under subsection (6) of this section, and the ratio determined by the gambling commission under subsection (3) of this section to reflect the monetary value of nonstate programs for the treatment of problem and pathological gambling as determined by the advisory committee, as provided under RCW 43.20A.890(4).

Sec. 4. RCW 67.70.340 and 2002 c 349 s 3 are each amended to read as follows:

(1) The legislature recognizes that creating a shared game lottery could result in less revenue being raised by the existing state lottery ticket sales. The legislature further recognizes that the two funds most impacted by this potential event are the student achievement fund and the education construction account. Therefore, it is the intent of the legislature to use some of the proceeds from the shared game lottery to make up the difference that the potential state lottery revenue loss would have on the student achievement fund and the education construction account. The legislature further intends to use some of the proceeds from the shared game lottery to fund programs and services related to problem and pathological gambling.

(2) The student achievement fund and the education construction account are expected to collectively receive one hundred two million dollars annually from state lottery games other than the shared game lottery. For fiscal year 2003 and thereafter, if the amount of lottery revenues earmarked for the student achievement fund and the education construction account ~~((are))~~ is less than one hundred two million dollars, the commission, after making the transfer required under subsection (3) of this section, must transfer sufficient moneys from revenues derived from the shared game lottery into the student achievement fund and the education construction account to bring the total revenue up to one hundred two million dollars. The funds transferred from the shared game lottery account under this subsection must be divided between the student achievement fund and the education construction account in a manner consistent with RCW 67.70.240(3).

(3) ~~((For fiscal year 2003, the commission shall transfer from revenues derived from the shared game lottery to the violence reduction and drug enforcement account under RCW 69.50.520 five hundred thousand dollars exclusively for the~~

~~treatment of pathological gambling as prescribed by RCW 67.70.350.)~~ (a) The commission shall transfer, from revenue derived from the shared game lottery, to the problem gambling account created in section 3 of this act, an amount equal to the percentage specified in (b) of this subsection of net receipts. For purposes of this subsection, "net receipts" means the difference between (i) revenue received from the sale of lottery tickets or shares and revenue received from the sale of shared game lottery tickets or shares; and (ii) the sum of payments made to winners.

(b) In fiscal year 2006, the percentage to be transferred to the problem gambling account is one-tenth of one percent. Except as provided in (c) of this subsection, in fiscal year 2007 and subsequent fiscal years, the percentage to be transferred to the problem gambling account is thirteen one-hundredths of one percent.

(c) If the ratio of the amount determined under section 3(7) of this act is greater than twenty percent, the percentage to be transferred to the problem gambling account during the calendar year beginning January 1st following the end of the fiscal year for which the ratio was determined shall be reduced by an amount equal to the amount otherwise due multiplied by the ratio determined under section 3(7) of this act.

(4) The remaining net revenues, if any, in the shared game lottery account after the transfers pursuant to this section shall be deposited into the general fund."

On page 5, beginning on line 13 of the amendment, strike all of section 6 and insert the following:

"NEW SECTION. Sec. 6. A new section is added to chapter 82.04 RCW to read as follows:

(1) Upon every person engaging within this state in the business of conducting race meets for the conduct of which a license must be secured from the Washington horse racing commission; as to such persons, the amount of tax with respect to the business of parimutuel wagering is equal to the gross income of the business derived from parimutuel wagering multiplied by the rate of 0.1 percent through June 30, 2006, and 0.13 percent thereafter. The money collected under this section shall be deposited in the problem gambling account created in section 3 of this act.

(2) If the persons described in subsection (1) of this section receive income from sources other than those described in subsection (1) of this section or provide services other than those named in subsection (1) of this section, that income and those services are subject to tax as otherwise provided in this chapter.

(3) For purposes of this section, "gross income of the business" does not include amounts paid to players for winning wagers, or taxes imposed or other distributions required under chapter 67.16 RCW.

(4) The tax imposed under this section is in addition to any tax imposed under chapter 67.16 RCW."

Beginning on page 6, line 28 of the amendment, strike all of section 9 and insert the following:

"NEW SECTION. Sec. 9. A new section is added to chapter 82.04 RCW to read as follows:

If the ratio of the amount determined under section 3(7) of this act is greater than twenty percent, a taxpayer required to pay the tax imposed under section 5(2) or 6(1) of this act, during the calendar year beginning January 1st following the end of the fiscal year for which the ratio was determined, shall be allowed to take a credit against the current tax due in an amount equal to the amount due multiplied by the ratio of the amount determined under section 3(7) of this act. The credit is nontransferable and may not be carried forward to any future tax period.

Sec. 10. RCW 9.46.071 and 2003 c 75 s 1 are each amended to read as follows:

(1) The legislature recognizes that some individuals in this state are problem or ((~~compulsive~~)) pathological gamblers. Because the state promotes and regulates gambling through the activities of the state lottery commission, the Washington horse racing commission, and the Washington state gambling commission, the state has the responsibility to continue to provide resources for the support of services for problem and ((~~compulsive~~)) pathological gamblers. Therefore, ((~~at a minimum~~)) the Washington state gambling commission, the Washington horse racing commission, and the state lottery commission shall jointly develop informational signs concerning problem and ((~~compulsive~~)) pathological gambling which include a toll-free hot line number for problem and ((~~compulsive~~)) pathological gamblers. The signs shall be placed in the establishments of gambling licensees, horse racing licensees, and lottery retailers. In addition, the Washington state gambling commission, the Washington horse racing commission, and the state lottery commission may also contract with other qualified entities to provide public awareness, training, treatment, and other services to ensure the intent of this section is fulfilled.

(2) While section 5 of this act is in effect, the commission may not increase fees payable by licensees under its jurisdiction for the purpose of funding services for problem and compulsive gamblers, including but not limited to the program established under RCW 43.20A.890. Any fee imposed or increased by the commission, for the purpose described in this section, before the effective date of this section, shall have no force or effect after the effective date of this section."

Renumber the remaining sections consecutively.

Senator Honeyford spoke in favor of adoption of the amendment to the committee striking amendment.

Senator Prentice spoke against adoption of the amendment to the committee striking amendment.

Senator Esser demanded a roll call.

The President declared that one-sixth of the members supported the demand and the demand was sustained.

MOTION

On motion of Senator Eide, Engrossed Substitute House Bill No. 1031 was deferred and the bill held its place on the second reading calendar.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1640, by House Committee on Housing (originally sponsored by Representatives Morrell, Chase, Dunn, McCoy, O'Brien, Appleton and Lantz)

Providing a dispute mechanism for manufactured/mobile home landlord and tenant disputes.

The measure was read the second time.

MOTION

Senator Kastama moved that the following committee striking amendment by the Committee on Financial Institutions, Housing & Consumer Protection be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that there are factors unique to the relationship between a manufactured/mobile homeowner and a manufactured/mobile home park owner. Once occupancy has commenced, the difficulty and expense in moving and relocating a manufactured/mobile home can affect the operation of market forces, and lead to an inequality of the bargaining position of the parties. Once occupancy has commenced, a homeowner may be subject to violations of the manufactured/mobile home landlord-tenant act or unfair practices without a timely and cost-effective conflict resolution process. Although a homeowner, landlord, or park owner may take legal action as prescribed in the manufactured/mobile home landlord-tenant act, the judicial process is often time and cost prohibitive. This act is created for the purpose of protecting the public, fostering fair and honest competition, and regulating the factors unique to the relationship between the manufactured/mobile homeowner and park owner.

(2) The legislature finds that taking legal action against a park owner for violations of the manufactured/mobile home landlord-tenant act can be a costly and lengthy process, and that many people cannot afford to pursue a court process to vindicate statutory rights. Park owners similarly are impacted by legal fees and lengthy proceedings resulting from pursuing a remedy through the legal system and would also, therefore, benefit from having access to an appropriate, effective process that resolves disputes quickly and efficiently.

(3) Therefore, it is the intent of the legislature to provide a less costly and more efficient way for manufactured/mobile homeowners and park owners to resolve disputes, and to provide a mechanism for state authorities to quickly locate owners of manufactured housing communities. The legislature further intends to authorize the department of community, trade, and economic development to:

(a) Register mobile home parks or manufactured housing communities and report upon data to the appropriate committees of the legislature by December 31, 2005;

(b) Expand its current ombudsman program by hiring or contracting with additional persons to conduct a greater number of investigations of alleged violations of the manufactured/mobile home landlord-tenant act; and

(c) Collect and report upon data related to conflicts and violations to the appropriate committees of the legislature by December 31, 2005.

(4) If after receiving the reports under subsection (3) of this section, the legislature finds that the provisions of this act authorizing the department to register mobile/manufactured home communities, investigate complaints, clarify existing law, and work to resolve disputes in good faith voluntarily prove insufficient to adequately protect the rights and responsibilities of mobile home park tenants and owners, it is the intent of the legislature to find other methods for resolution in the future.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this act unless the context requires otherwise.

(1) "Department" means the department of community, trade, and economic development.

(2) "Director" means the director of the department of community, trade, and economic development.

(3) "Mobile home park" or "manufactured housing community" means any real property that is rented or held out for rent to others for the placement of two or more mobile homes, manufactured homes, or park models for the primary purpose of production of income, except when the real property is rented or held out for rent for seasonal recreational purposes only and is not intended for year-round occupancy.

NEW SECTION. Sec. 3. (1) A complainant shall have the right to file a complaint with the department alleging an unfair practice or a violation of chapter 59.20 RCW.

(2) The complainant must provide written notice to the respondent prior to notifying the department of an alleged violation of chapter 59.20 RCW or unfair practice. If the complaint is not remedied within the time frame provided by RCW 59.20.080 for tenant violations or 59.20.200 for landlord violations, the complainant may then file a complaint with the department.

(3) The department may:

(a) Investigate the alleged violations at its discretion upon receipt of a complaint alleging unfair practices or violations of chapter 59.20 RCW;

(b) Utilize investigative ombudsman staff or contractors to investigate and evaluate complaints alleging unfair practices or violations of chapter 59.20 RCW;

(6)(a) Complainants and respondents shall cooperate with the department in the course of an investigation by:

(i) Furnishing any papers or documents requested;

(ii) Furnishing in writing an explanation covering the matter contained in a complaint when requested by the department; and

(iii) Allowing authorized access to department representatives for inspection of mobile home parks/manufactured housing community facilities relevant to the alleged violation being investigated.

(b) Failure to cooperate with the department in the course of an investigation is a violation of this act.

(7) After the department has completed its investigation and other duties, the department shall compile a written report documenting the process and resolution of the complaint investigation. Under no circumstances shall the department make or issue any finding, conclusion, decision, or ruling on whether there was a violation of chapter 59.20 or 19.86 RCW.

(8) By December 31, 2005, the department shall submit a summary report of its activities under this act during the period after the effective date of this act, through December 31, 2005, to the house of representatives housing committee and the senate committee on financial institutions, housing and consumer protection, including:

(a) The number of complaints received;

(b) The nature and extent of the complaints received;

(c) The actions taken on each complaint by the department;

(d) Recommendations on what further changes in law are necessary to resolve disputes;

(e) Recommendations on changes to the department's ombudsman and investigative programs;

(f) Recommendations on resources necessary to retain or improve the program; and

(g) Recommendations on whether a formal mobile/manufactured home landlord-tenant act enforcement and administrative hearing process should be adopted and how such a process should be structured.

(9) The department shall ensure that notice of the ombudsman complaint resolution program is given to each mobile/manufactured home landlord or park owner and each mobile home unit owner or tenant. The landlord shall post an easily visible notice in all common areas of mobile/manufactured home communities, including in each clubhouse, summarizing mobile home park tenant rights and responsibilities, in a style and format to be determined by the department, and including a toll-free telephone number that mobile home park owners and tenants can use to seek additional information and communicate complaints.

(10) This section is not exclusive and does not limit the right of landlords or tenants to take legal action against another party as provided in chapter 59.20 RCW or otherwise. Exhaustion of this ombudsman remedy process is not required before bringing legal action. This act is not subject to chapter 34.05 RCW. This section does not apply to unlawful detainer actions initiated under chapters 59.20, 59.12, and 59.18 RCW; however, a tenant is not precluded from seeking relief under this act if the complaint claims the notice of termination violates RCW 59.20.080. Filing a complaint with the department is not a defense nor shall it in any way delay or otherwise affect an unlawful detainer action. Department-written reports documenting the process and resolution of the complaint investigation, any written explanation covering the matter requested by the department, any other documents or papers requested or produced by the department, or any other record of the complaint may be admissible only for purposes of impeachment in any unlawful detainer or other administrative or legal action in regard to chapter 59.20 RCW.

NEW SECTION. Sec. 4. The director or individuals acting on the director's behalf are immune from suit in any action, civil or criminal, based upon any disciplinary actions or other official acts performed in the course of their duties under this act, except their intentional or willful misconduct.

NEW SECTION. Sec. 5. (1) All mobile home parks and manufactured housing communities must be registered with the department.

(2) To apply for registration, the owner of a mobile home park or manufactured housing community must file with the department an application for registration on a form prescribed by the department. The application must include, but is not limited to:

- (a) The name and address of the owner of the mobile home park or manufactured housing community;
- (b) The name and address of the mobile home park or manufactured housing community;

- (d) The number of lots within the mobile home park or manufactured housing community that are subject to chapter 59.20 RCW.

(3) Certificates of registration are effective on the date issued by the department.

NEW SECTION. Sec. 6. The department must:

(1) Compile the most accurate list possible of all the mobile home parks or manufactured housing communities in the state, the number of lots subject to chapter 59.20 RCW located in each mobile home park or manufactured housing community, and the names and addresses of the owners of these parks. The department shall present this list to the house of representatives housing committee and the senate committee on financial institutions, housing and consumer protection by December 31, 2005. The department is encouraged to work with groups including, but not limited to: The office of community development, mobile homeowners' associations, tenant advocacy groups, park owners' associations, and county assessors to generate the list;

(2) Send out notifications to all known mobile home park owners or manufactured housing community owners regarding the due date of the assessment pursuant to section 7 of this act. These notifications must include information about late fees and passing costs on to tenants; and

(3) Collect the registration assessment due from all mobile home park owners or manufactured housing community owners, and allow ninety days to pass before sending notices of late fees to noncomplying owners as provided in this act.

NEW SECTION. Sec. 7. All receipts from assessments and fees collected under section 7 of this act must be deposited into the account. Expenditures from the account may be used only for the costs associated with administering this act. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(1) In order to provide general assistance to mobile home resident organizations, park owners, and landlords and tenants, the department shall establish an office of mobile home affairs which will serve as the coordinating office within state government for matters relating to mobile homes or manufactured housing.

This office will provide an ombudsman service to mobile home park owners and mobile home tenants with respect to problems and disputes between park owners and park residents and to provide technical assistance to resident organizations or persons in the process of forming a resident organization pursuant to chapter 59.22 RCW. The office will keep records of its activities in this area.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1062, by House Committee on Technology, Energy & Communications (originally sponsored by Representatives Morris, Hudgins and Chase)

Regulating the energy efficiency of certain products.

The measure was read the second time.

MOTION

Senator Rockefeller moved that the following committee striking amendment by the Committee on Water, Energy & Environment be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) According to estimates of the department of community, trade, and economic development, the efficiency standards set forth in this act will save nine hundred thousand megawatt-hours of electricity, thirteen million therms of natural gas, and one billion seven hundred million gallons of water in the year 2020, fourteen years after the standards have become effective, with a total net present value to buyers of four hundred ninety million dollars in 2020.

(2) Efficiency standards for certain products sold or installed in the state assure consumers and businesses that such products meet minimum efficiency performance levels thus saving money on utility bills.

(3) Efficiency standards save energy and reduce pollution and other environmental impacts associated with the production, distribution, and use of electricity and natural gas.

(4) Efficiency standards contribute to the economy of Washington by helping to better balance energy supply and demand, thus reducing pressure for higher natural gas and electricity prices. By saving consumers and businesses money on energy bills, efficiency standards help the state and local economy, since energy bill savings can be spent on local goods and services.

(5) Efficiency standards can make electricity systems more reliable by reducing the strain on the electricity grid during peak demand periods. Furthermore, improved energy efficiency can reduce or delay the need for new power plants, power transmission lines, and power distribution system upgrades.

By September 1, 2005, the board shall expand operations in at least twenty state-operated retail stores to include Sundays. The board shall select the stores that are expected to gross the most revenues on Sunday by considering factors including, but not limited to, population density, proximity to shopping centers, and proximity to other businesses that are open on Sunday. The selected stores shall be open for retail business a minimum of five hours on Sunday. In implementing this

program, if the board determines it would be beneficial to retain a consultant to assist the board in determining appropriate stores for the program and monitoring the results of the program, the agency is authorized to do so. The board shall track gross sales and expenses of the selected stores and compare them to previous years' sales and projected sales and expenses before opening on Sunday. The board shall also examine the sales of state and contract liquor stores in proximity to those stores opened on Sundays to determine whether Sunday openings has reduced the sales of other state and contract liquor stores that are not open on Sundays. The board shall present this information to the appropriate policy and fiscal committees of the legislature by January 31, 2007.

Sec. 3. RCW 66.08.060 and 1933 ex.s. c 62 s 43 are each amended to read as follows:

(1) The board shall not advertise liquor in any form or through any medium whatsoever.

NEW SECTION. Sec. 4. A new section is added to chapter 66.08 RCW to read as follows:

(1) Before the board determines which state liquor stores will be open on Sundays, it shall give: (a) Due consideration to the location of the liquor store with respect to the proximity of places of worship, schools, and public institutions; (b) due consideration to motor vehicle accident data in the proximity of the liquor store; and (c) written notice by certified mail of the proposed Sunday opening, including proposed Sunday opening hours, to places of worship, schools, and public institutions within five hundred feet of the liquor store proposed to be open on Sunday.

(2) Before permitting an agency vendor liquor store to open for business on Sunday, the board must meet the due consideration and written notice requirements established in subsection (1) of this section.

(3) For the purpose of this section, "place of worship" means a building erected for and used exclusively for religious worship and schooling or other related religious activity.

NEW SECTION. Sec. 5. A new section is added to chapter 66.16 RCW to read as follows:

Employees in state liquor stores, including agency vendor liquor stores, may not be required to work on their Sabbath for the purpose of selling liquor if doing so would violate their religious beliefs.

NEW SECTION. Sec. 6. RCW 66.16.080 (Sunday closing) and 1988 c 101 s 1 & 1933 ex.s. c 62 s 11 are each repealed.

PARLIAMENTARY INQUIRY

Senator Stevens: "In accordance with Article II, Section 24, does the House Bill No. 1379, Liquor Control Board implementing retail business plan take an effective vote, on sixty percent affirmative vote, of the Senate? The legislation repeals

or temporarily repeals all stores from being open on Sunday. If House Bill No. 1379 passes all one-hundred and fifty-four contract liquor stores and additional tribal stores will now have the option to open up on Sunday, therefore expanding lottery outlets on Sunday. This legislation will expand lottery outlets on Sunday to potentially one-hundred fifty-four contract liquor and additional tribal stores thus expanding gambling."

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Stevens that House Bill 1379 is an expansion of gambling that requires a sixty percent vote under Article II, Section 24 of the Washington Constitution, the President finds and rules as follows:

This measure would allow some Sunday sales in certain liquor stores and permit in-store liquor merchandising. Senator Stevens' argument essentially is that, because some of these stores may sell lottery tickets, allowing sales of liquor on Sunday at these stores would expand gambling. The President is not persuaded by this argument for two reasons.

First, many of the contract stores are already open on Sundays, able to sell all merchandise—including lottery tickets—except liquor. Adding liquor sales to Sunday for these stores therefore has no impact on the sales of lottery tickets in these stores.

Second, the statutory scheme authorizing lottery sales already allows for the regulation of times, types, and locations of lottery outlets. Thus, the question as to limitations on the time and place of lottery sales has already been set by law, and the bill before us does nothing to change this. For these reasons, Senator Stevens' point is not well-taken and the bill takes only a simple majority for final passage."

The President declared the question before the Senate to be the final passage of Substitute House Bill No. 1379, as amended by the Senate.

ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 1379, as amended by the Senate, and the bill passed the Senate by the following vote: Yeas, 31; Nays, 17; Absent, 0; Excused, 1.

STATEMENT FOR THE JOURNAL

The Senate Journal reflects that I voted "Yes" on Substitute House Bill No. 1379. I voted "Yes" on this bill by mistake. I was being interviewed by telephone during the roll call and inadvertently voted "yes." I oppose the principal of increased liquor sales, specifically, sales of liquor on Sunday.

Again, I oppose Substitute House Bill 1379 and should have voted no on final passage of the bill.

SENATE RESOLUTION

8667

By Senator Oke

WHEREAS, Edgar Martinez was born in New York City on January 2, 1963, grew up playing baseball with his brother and neighborhood friends in Dorado, Puerto Rico, and attended American College in Puerto Rico; and

WHEREAS, Edgar Martinez was nineteen years old when he signed with the Seattle Mariners as an amateur free agent on September 12, 1982; and

WHEREAS, When Edgar Martinez was a skinny twenty-year-old with the Mariners' Class A team in Bellingham in 1983, he hit only .173 and was better known for his glove than his bat; and

WHEREAS, Edgar Martinez endured several more seasons in the minors before he made his major league debut in 1987, ironically as a pinch runner; and

WHEREAS, Edgar's first big-league hit was a triple, proving to newer Mariners' fans that he was a fast baserunner early in his Seattle career; and

WHEREAS, Edgar Martinez became Seattle's everyday third baseman in 1990 and responded by hitting .302 that season and .307 in 1991; and

WHEREAS, Edgar Martinez made his American League All-Star debut in 1992, a season in which he was crowned American League batting champion with a .343 average; and

WHEREAS, A severely pulled hamstring in a 1993 preseason exhibition game in Vancouver, B.C., caused Edgar to miss most of that season and forced him to transform himself from an able third baseman into the greatest designated hitter in history; and

WHEREAS, Edgar Martinez helped keep baseball alive in Seattle in 1995 by delivering arguably the biggest hit in Mariners' history, a game-winning double ripped down the left-field line in the bottom of the eleventh inning of the fifth and final game of the American League Divisional Series against the New York Yankees, knocking in Joey Cora and Ken Griffey, Jr. and resulting in the most enduring image and defining moment in Mariners' history, as teammates mobbed Junior at the plate after he slid home with the series-winning run while a sold-out Kingdome crowd roared with joy; and

WHEREAS, Edgar Martinez was a one-man wrecking crew in that fabled playoff series against the Yankees, as he drove in a major league record seven postseason runs to almost single-handedly rally the Mariners from a two-games-to-zero deficit against the Yankees; and

WHEREAS, Edgar Martinez became a fan favorite throughout the Northwest and a team icon as a result of his loyalty and dedication to the Mariners and the Northwest, his quiet team leadership, his friendly, pleasant demeanor, his powerful bat, and his funny TV ads for the Mariners and Eagle Hardware; and

WHEREAS, Mariners' fans often showed their love and respect for Edgar Martinez by serenading him with chants of "Edddd...Grrrrr" before or after one of his at-bats; and

WHEREAS, Mariners announcer Dave Niehaus frequently said Edgar Martinez is the nicest guy to ever put on a pair of spikes; and

WHEREAS, Edgar Martinez gained even more respect and admiration from fans throughout the region for his willingness to give back to the community through charities and other activities, which is evidenced by his winning the 2004 Roberto Clemente Award for outstanding baseball skills and devotion to the community; and

WHEREAS, Edgar Martinez defined the position of designated hitter, holding the all-time major league record for home runs and RBIs by a DH, and is the only designated hitter in the history of baseball to win a batting title, hitting .356 in 1995; and

WHEREAS, Major League Baseball Commissioner Allan H. "Bud" Selig paid fitting tribute to Edgar Martinez's remarkable status as the most prolific designated hitter in the history of Major League Baseball when he announced on October 2, 2004, that the American League Designated Hitter of the Year Award has been officially renamed "The Edgar Martinez Award"; and

WHEREAS, Edgar Martinez retired at the end of the 2004 season with the same team with which he began, a rarity among major league ballplayers, ending his eighteen-year career with 309 home runs, 1,261 runs batted in, and 2,247 hits, including 514 doubles; and

WHEREAS, Edgar Martinez joins Babe Ruth, Ted Williams, and Lou Gehrig as one of only seven players in baseball history to have a career batting average of .300 or more, an on-base percentage of .400 or more, a slugging percentage of .500 or more, 2,000 hits, 300 home runs, 500 doubles, and 1,000 walks;

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1179, by House Committee on Transportation (originally sponsored by Representatives Murray, Shabro, Wallace, Woods, Jarrett, Simpson, Springer, Dickerson, Quall, Armstrong, Kenney, Clibborn and McIntire)

Authorizing a pilot project for high-occupancy toll lanes.

The measure was read the second time.

MOTION

Senator Haugen moved that the following committee striking amendment by the Committee on Transportation be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. LEGISLATIVE INTENT. The legislature recognizes that the Puget Sound region is faced with growing traffic congestion and has limited ability to expand freeway capacity due to financial, environmental, and physical constraints. Freeway high-occupancy vehicle lanes have been an effective means of providing transit, vanpools, and carpools with a fast trip on congested freeway corridors, but in many cases, these lanes are themselves getting crowded during the peak commute times, while some are being underused at off-peak times.

It is the intent of the legislature to maximize the effectiveness and efficiency of the freeway system. To evaluate methods to accomplish this, it is beneficial to evaluate alternative approaches to managing the use of freeway high-occupancy vehicle lanes, including pilot projects to determine and demonstrate the effectiveness and benefits of implementing high-occupancy toll lanes. The legislature acknowledges that state route 167 provides an ideal test of the high-occupancy toll lane concept because it is a congested corridor, it has underused capacity in the high-occupancy vehicle lane, and it has adequate right of way for improvements needed to test the concept. Therefore, it is the intent of this act to direct that the department of transportation, as a pilot project, develop and operate a high-occupancy toll lane on state route 167 in King county and to conduct an evaluation of that project to determine impacts on freeway efficiency, effectiveness for transit, feasibility of financing improvements through tolls, and the impacts on freeway users.

NEW SECTION. Sec. 2. A new section is added to chapter 47.56 RCW to read as follows:

DEFINITION OF HIGH-OCCUPANCY TOLL LANES. For the purposes of RCW 46.61.165 and sections 3 and 4 of this act, "high-occupancy toll lanes" means one or more lanes of a highway that charges tolls as a means of regulating access to or the use of the facility, to maintain travel speed and reliability. Supporting facilities include, but are not limited to, approaches, enforcement areas, improvements, buildings, and equipment.

NEW SECTION. Sec. 3. A new section is added to chapter 47.56 RCW to read as follows:

AUTHORITY TO DESIGNATE STATE ROUTE 167 HIGH-OCCUPANCY TOLL LANE PILOT PROJECT. (1) The department may provide for the establishment, construction, and operation of a pilot project of high-occupancy toll lanes on state route 167 high-occupancy vehicle lanes within King county. The department may issue, buy, and redeem bonds, and deposit and expend them; secure and remit financial and other assistance in the construction of high-occupancy toll lanes, carry insurance, and handle any other matters pertaining to the high-occupancy toll lane pilot project.

(2) Tolls for high-occupancy toll lanes will be established as follows:

(a) The schedule of toll charges for high-occupancy toll lanes must be established by the transportation commission and collected in a manner determined by the commission.

(b) Toll charges shall not be assessed on transit buses and vanpool vehicles owned or operated by any public agency.

(c) The department shall establish performance standards for the state route 167 high-occupancy toll lane pilot project.

The department must automatically adjust the toll charge, using dynamic tolling, to ensure that toll-paying single-occupant vehicle users are only permitted to enter the lane to the extent that average vehicle speeds in the lane remain above forty-five miles per hour at least ninety percent of the time during peak hours. The toll charge may vary in amount by time of day, level of traffic congestion within the highway facility, vehicle occupancy, or other criteria, as the commission may deem appropriate. The commission may also vary toll charges for single-occupant inherently low-emission vehicles such as those powered by electric batteries, natural gas, propane, or other clean burning fuels.

(d) The commission shall periodically review the toll charges to determine if the toll charges are effectively maintaining travel time, speed, and reliability on the highway facilities.

(3) The department shall monitor the state route 167 high-occupancy toll lane pilot project and shall annually report to the transportation commission and the legislature on operations and findings. At a minimum, the department shall provide facility use data and review the impacts on:

(a) Freeway efficiency and safety;

(b) Effectiveness for transit;

(c) Person and vehicle movements by mode;

(d) Ability to finance improvements and transportation services through tolls; and

(e) The impacts on all highway users. The department shall analyze aggregate use data and conduct, as needed, separate surveys to assess usage of the facility in relation to geographic, socioeconomic, and demographic information within the corridor in order to ascertain actual and perceived questions of equitable use of the facility.

(4) The department shall modify the pilot project to address identified safety issues and mitigate negative impacts to high-occupancy vehicle lane users.

(5) Authorization to impose high-occupancy vehicle tolls for the state route 167 high-occupancy toll pilot project expires if either of the following two conditions apply:

(a) If no contracts have been let by the department to begin construction of the toll facilities associated with this pilot project within four years of the effective date of this section; or

(b) Four years after toll collection begins under this section.

(6) The department of transportation shall adopt rules that allow automatic vehicle identification transponders used for electronic toll collection to be compatible with other electronic payment devices or transponders from the Washington state ferry system, other public transportation systems, or other toll collection systems to the extent that technology permits.

(7) The conversion of a single existing high-occupancy vehicle lane to a high-occupancy toll lane as proposed for SR-167 must be taken as the exception for this pilot project.

(8) A violation of the lane restrictions applicable to the high-occupancy toll lanes established under this section is a traffic infraction.

(9) Procurement activity associated with this pilot project shall be open and competitive in accordance with chapter 39.29 RCW.

NEW SECTION. Sec. 4. A new section is added to chapter 47.66 RCW to read as follows:

The high-occupancy toll lanes operations account is created in the state treasury. The department shall deposit all revenues received by the department as toll charges collected from high-occupancy toll lane users. Moneys in this account may be spent only if appropriated by the legislature. Moneys in this account may be used for, but be not limited to, debt service, planning, administration, construction, maintenance, operation, repair, rebuilding, enforcement, and expansion of high-occupancy toll lanes and to increase transit, vanpool and carpool, and trip reduction services in the corridor. A reasonable proportion of the moneys in this account must be dedicated to increase transit, vanpool, carpool, and trip reduction services in the corridor. A reasonable proportion of the moneys in this account must be dedicated to increase transit, vanpool, carpool, and trip reduction services in the corridor.

Sec. 5. RCW 42.17.310 and 2003 1st sp.s. c 26 s 926, 2003 c 277 s 3, and 2003 c 124 s 1 are each reenacted and amended to read as follows:

On page 4, after line 23 of the amendment, insert the following:

"NEW SECTION. Sec. 5. A new section is added to chapter 47.20 RCW to read as follows:

The department of transportation may not operate any high-occupancy toll lanes or any existing high-occupancy vehicle lanes, and may not open or operate any new high-occupancy toll lane or high-occupancy vehicle lane projects, in counties with a population of three hundred thousand or more that border the state of Oregon unless: (a) Vehicle spaces at park and ride lots within the county are three times the capacity in existence on the effective date of this section; (b) the Interstate 5 bridge over the Columbia river is retrofitted to include four southbound general purpose lanes; and (c) the department of transportation determines that high-occupancy vehicle lanes will improve travel time by at least eight minutes over the length of the high-occupancy vehicle lanes."

Senator Benton spoke in favor of adoption of the amendment to the committee striking amendment.

POINT OF ORDER

Senator Pridemore: "Mr. President, I would question the scope and object of this amendment for the underlying bill. Surely a bill intended to authorize a pilot project in King County can not admit to an amendment design to shut a pilot project in Clark County."

Senator Benton spoke against the point of order.

MOTION

On motion of Senator Eide, Substitute House Bill No. 1179 was deferred and the bill held its place on the second reading calendar.

SECOND READING

SUBSTITUTE HOUSE BILL NO. 2173, by House Committee on Judiciary (originally sponsored by Representatives Serben, Lantz, Curtis, Darneille, Williams, Rodne, Ahern, Sump, Sells, Woods, Dunn, Springer, Haler, Talcott, Wallace, Conway, O'Brien, Kenney and P. Sullivan)

Adopting the service members' civil relief act.

The measure was read the second time.

MOTION

Senator Kline moved that the following committee striking amendment by the Committee on Judiciary be adopted.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. DEFINITIONS. The definitions in this section apply throughout this chapter.

(1) "Dependent" means:

- (a) The service member's spouse;
- (b) The service member's minor child; or

(c) An individual for whom the service member provided more than one-half of the individual's support for one hundred eighty days immediately preceding an application for relief under this chapter.

(2) "Judgment" does not include temporary orders as issued by a judicial court or administrative tribunal in domestic relations cases under Title 26 RCW, including but not limited to establishment of a temporary child support obligation, creation of a temporary parenting plan, or entry of a temporary protective or restraining order.

(3) "Military service" means a service member under a call to active service authorized by the president of the United States or the secretary of defense for a period of more than thirty consecutive days.

(4) "National guard" has the meaning in RCW 38.04.010.

(5) "Service member" means any resident of Washington state that is a member of the national guard or member of a military reserve component.

NEW SECTION. Sec. 2. APPLICABILITY OF CHAPTER. (1) Any service member who is ordered to report for military service and his or her dependents are entitled to the rights and protections of this chapter during the period beginning on the date on which the service member receives the order and ending one hundred eighty days after termination of or release from military service.

(2) This chapter applies to any judicial or administrative proceeding commenced in any court or agency in Washington state in which a service member or his or her dependent is a defendant. This chapter does not apply to criminal proceedings.

(3) This chapter shall be construed liberally so as to provide fairness and do substantial justice to service members and their dependents.

NEW SECTION. Sec. 3. PROTECTION OF PERSONS SECONDARILY LIABLE. (1) Whenever pursuant to this chapter a court stays, postpones, or suspends (a) the enforcement of an obligation or liability, (b) the prosecution of a suit or proceeding, (c) the entry or enforcement of an order, writ, judgment, or decree, or (d) the performance of any other act, the court may likewise grant such a stay, postponement, or suspension to a surety, guarantor, endorser, accommodation maker, comaker, or other person who is or may be primarily or secondarily subject to the obligation or liability the performance or enforcement of which is stayed, postponed, or suspended.

(2) When a judgment or decree is vacated or set aside, in whole or in part, pursuant to this chapter, the court may also set aside or vacate, as the case may be, the judgment or decree as to a surety, guarantor, endorser, accommodation maker, comaker, or other person who is or may be primarily or secondarily liable on the contract or liability for the enforcement of the judgment decree.

NEW SECTION. Sec. 4. WAIVER OF RIGHTS PURSUANT TO WRITTEN AGREEMENT. (1) A service member may waive any of the rights and protections provided by this chapter. In the case of a waiver that permits an action described in subsection (2) of this section, the waiver is effective only if made pursuant to a written agreement of the parties that is executed

during or after the service member's period of military service. The written agreement shall specify the legal instrument to which the waiver applies and, if the service member is not party to that instrument, the service member concerned.

(2) The requirement in subsection (1) of this section for a written waiver applies to the following: (a) The modification, termination, or cancellation of a contract, lease, or bailment; or an obligation secured by a mortgage, trust, deed, lien, or other security in the nature of a mortgage; and (b) the repossession, retention, foreclosure, sale, forfeiture, or taking possession of property that is security for any obligation or was purchased or received under a contract, lease, or bailment.

NEW SECTION. Sec. 5. PROTECTION OF SERVICE MEMBERS AGAINST DEFAULT JUDGMENTS. (1) This section applies to any civil action or proceeding in which a service member or his or her dependent is a defendant and does not make an appearance under applicable court rules or by law.

(2) In any action or proceeding covered by this section, the court, before entering judgment for the plaintiff, shall require the plaintiff to file with the court an affidavit:

(a) Stating whether the defendant is in military service, or is a dependent of a service member in military service, and showing necessary facts to support the affidavit; or

(b) If the plaintiff is unable to determine whether the defendant is in military service or is a dependent of a service member in military service, stating that the plaintiff is unable to determine whether the defendant is in military service or is a dependent of a service member in military service.

(3) If in an action covered by this section it appears that the defendant is in military service or is a dependent of a service member in military service, the court may not enter a judgment until after the court appoints an attorney to represent the defendant. If an attorney appointed under this section to represent a service member or his or her dependent cannot locate the service member or dependent, actions by the attorney in the case do not waive any defense of the service member or dependent or otherwise bind the service member or dependent.

(4) In an action covered by this section in which the defendant is in military service or is a dependent of a service member in military service, the court shall grant a stay of proceedings until one hundred eighty days after termination of or release from military service, upon application of defense counsel, or on the court's own motion, if the court determines that:

(a) There may be a defense to the action and a defense cannot be presented without presence of the defendant; or

(b) After due diligence, counsel has been unable to contact the defendant or otherwise determine if a meritorious defense exists.

(5) No bar to entry of judgment under subsection (3) of this section or requirement for grant of stay under subsection (4) of this section precludes the entry of temporary orders in domestic relations cases. If a court or administrative tribunal enters a temporary order as allowed under this subsection, it shall include a finding that failure to act, despite the absence of the service member, would result in manifest injustice to the other interested parties. Temporary orders issued without the service member's participation shall not set any precedent for the final disposition of the matters addressed therein.

(6) If a service member or dependent who is a defendant in an action covered by this section receives actual notice of the action, the service member or dependent may request a stay of proceedings pursuant to section 6 of this act.

(7) A person who makes or uses an affidavit permitted under this section knowing it to be false, is guilty of a class C felony.

(8) If a default judgment is entered in an action covered by this section against a service member or his or her dependent during the service member's period of military service or within one hundred eighty days after termination of or release from military service, the court entering the judgment shall, upon application by or on behalf of the service member or his or her dependent, reopen the judgment for the purpose of allowing the service member or his or her dependent to defend the action if it appears that:

(a) The service member or dependent was materially affected by reason of that military service in making a defense to the action; and

(b) The service member or dependent has a meritorious or legal defense to the action or some part of it.

(9) If a court vacates, sets aside, or reverses a default judgment against a service member or his or her dependent and the vacating, setting aside, or reversing is because of a provision of this chapter, that action does not impair a right or title acquired by a bona fide purchaser for value.

NEW SECTION. Sec. 6. STAY OF PROCEEDINGS WHEN SERVICE MEMBER HAS NOTICE. (1) This section applies to any civil action or proceeding in which a defendant at the time of filing an application under this section:

(a)(i) Is in military service, or it is within one hundred eighty days after termination of or release from military service; or

(ii) Is a dependent of a service member in military service; and

(b) Has received actual notice of the action or proceeding.

(2) At any stage before final judgment in a civil action or proceeding in which a service member or his or her dependent described in subsection (1) of this section is a party, the court may on its own motion and shall, upon application by the service member or his or her dependent, stay the action until one hundred eighty days after termination of or release from military service, if the conditions in subsection (3) of this section are met.

(3) An application for a stay under subsection (2) of this section shall include the following:

(a) A letter or other communication setting forth facts stating the manner in which current military duty requirements materially affect the service member's or dependent's ability to appear and stating a date when the service member or dependent will be available to appear; and

(b) A letter or other communication from the service member's commanding officer stating that the service member's current military duty prevents either the service member's or dependent's appearance and that military leave is not authorized for the service member at the time of the letter.

(4) An application for a stay under this section does not constitute an appearance for jurisdictional purposes and does not constitute a waiver of any substantive or procedural defense, including a defense relating to lack of personal jurisdiction.

(5) A service member or dependent who is granted a stay of a civil action or proceeding under subsection (2) of this section may apply for an additional stay based on the continuing material affect of military duty on the service member's or dependent's ability to appear. Such application may be made by the service member or his or her dependent at the time of the initial application under subsection (2) of this section or when it appears that the service member or his or her dependent is unable to prosecute or defend the action. The same information required under subsection (3) of this subsection shall be included in an application under this subsection.

(6) If the court refuses to grant an additional stay of proceedings under subsection (2) of this section, the court shall appoint counsel to represent the service member or his or her dependent in the action or proceeding.

(7) A service member or dependent who applies for a stay under this section and is unsuccessful may not seek the protections afforded by section 5 of this act.

NEW SECTION. Sec. 7. FINES AND PENALTIES UNDER CONTRACTS. (1) If an action for compliance with the terms of a contract is stayed pursuant to this chapter, a penalty shall not accrue for failure to comply with the terms of the contract during the period of the stay.

(2) If a service member or his or her dependent fails to perform an obligation arising under a contract and a penalty is incurred arising from that nonperformance, a court may reduce or waive the fine or penalty if:

(a)(i) The service member was in military service at the time the fine or penalty was incurred; or

(ii) The action is against a dependent of the service member and the service member was in military service at the time the fine or penalty was incurred; and

(b) The ability of the service member or dependent to perform the obligation was materially affected by the military service.

NEW SECTION. Sec. 8. CODEFENDANTS. If the service member or his or her dependent is a codefendant with others who are not in military service and who are not entitled to the relief and protections provided under this chapter, the plaintiff may proceed against those other defendants with the approval of the court.

NEW SECTION. Sec. 9. STATUTE OF LIMITATIONS. (1) The period of a service member's military service may not be included in computing any period limited by law, rule, or order, for the bringing of any action or proceeding in a court, or in any board bureau, commission, department, or other agency of a state, or political subdivision of a state, or the United States by or against the service member or the service member's dependents, heirs, executors, administrators, or assigns.

(2) A period of military service may not be included in computing any period provided by law for the redemption of real property sold or forfeited to enforce an obligation, tax, or assessment.

(3) This section does not apply to any period of limitation prescribed by or under the internal revenue laws of the United States.

NEW SECTION. Sec. 10. INAPPROPRIATE USE OF CHAPTER. If a court determines, in any proceeding to enforce a civil right, that any interest, property, or contract has been transferred or acquired with the intent to delay the just enforcement of such right by taking advantage of this chapter, the court shall enter such judgment or make such order as might lawfully be entered or made concerning such transfer or acquisition.

NEW SECTION. Sec. 11. This chapter may be known and cited as the Washington service members' civil relief act.

NEW SECTION. Sec. 12. Captions used in this act are no part of the law.

NEW SECTION. Sec. 13. Sections 1 through 12 of this act constitute a new chapter in Title 38 RCW.

NEW SECTION. Sec. 14. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 15. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

"Sec. 1. RCW 46.44.170 and 2004 c 79 s 4 are each amended to read as follows:

(1) Any person moving a mobile home as defined in RCW 46.04.302 or a park model trailer as defined in RCW 46.04.622 upon public highways of the state must obtain:

(a) A special permit from the department of transportation and local authorities pursuant to RCW 46.44.090 and 46.44.093 and shall pay the proper fee as prescribed by RCW 46.44.0941 and 46.44.096; and

(b) For mobile homes constructed before June 15, 1976, and already situated in the state: (i) A certification from the department of labor and industries that the mobile home was inspected for fire safety; or (ii) an affidavit in the form prescribed by the department of community, trade, and economic development signed by the owner at the county treasurer's office at the time of the application for the movement permit stating that the mobile home is being moved by the owner for his or her continued occupation or use; or (iii) a copy of the certificate of ownership or title together with an affidavit signed under penalty of perjury by the certified owner stating that the mobile home is being transferred to a wrecking yard or similar facility for disposal. In addition, the destroyed mobile home must be removed from the assessment rolls of the county and any outstanding taxes on the destroyed mobile home must be removed by the county treasurer.

(2) A special permit issued as provided in subsection (1) of this section for the movement of any mobile home or a park model trailer that is assessed for purposes of property taxes shall not be valid until the county treasurer of the county in which the mobile home or park model trailer is located shall endorse or attach his or her certificate that all property taxes which are a lien or which are delinquent, or both, upon the mobile home or park model trailer being moved have been satisfied. Further, any mobile home or park model trailer required to have a special movement permit under this section shall display an easily recognizable decal. However, endorsement or certification by the county treasurer and the display of the decal is not required:

(a) When a mobile home or park model trailer is to enter the state or is being moved from a manufacturer or distributor to a retail sales outlet or directly to the purchaser's designated location or between retail and sales outlets;

(b) When a signed affidavit of destruction is filed with the county assessor and the mobile home or park model trailer is being moved to a disposal site by a landlord as defined in RCW 59.20.030 after (i) the mobile home or park model trailer has been abandoned as defined in RCW 59.20.030; or (ii) a final judgment for restitution of the premises under RCW 59.18.410 has been executed in favor of the landlord with regard to the mobile home or park model trailer. The mobile home or park model trailer will be removed from the tax rolls and, upon notification by the assessor, any outstanding taxes on the destroyed mobile home or park model trailer will be removed by the county treasurer; or

(c) When a signed affidavit of destruction is filed with the county assessor by any mobile home or park model trailer owner or any property owner with an abandoned mobile home or park model trailer, the same shall be removed from the tax rolls and upon notification by the assessor, any outstanding taxes on the destroyed mobile home or park model trailer shall be removed by the county treasurer.

(3) If the landlord of a mobile home park takes ownership of a mobile home or park model trailer with the intent to resell or rent the same under RCW 59.20.030 after (a) the mobile home or park model trailer has been abandoned as defined in RCW 59.20.030; or (b) a final judgment for restitution of the premises under RCW 59.18.410 has been executed in favor of the landlord with regard to the mobile home or park model trailer, the outstanding taxes become the responsibility of the landlord.

(4) It is the responsibility of the owner of the mobile home or park model trailer subject to property taxes or the agent to obtain the endorsement and decal from the county treasurer before a mobile home or park model trailer is moved.

(5) This section does not prohibit the issuance of vehicle license plates for a mobile home or park model trailer subject to property taxes, but plates shall not be issued unless the mobile home or park model trailer subject to property taxes for which plates are sought has been listed for property tax purposes in the county in which it is principally located and the appropriate fee for the license has been paid.

(6) The department of transportation, the department of labor and industries, and local authorities are authorized to adopt reasonable rules for implementing the provisions of this section. The department of transportation shall adopt rules specifying the design, reflective characteristics, annual coloration, and for the uniform implementation of the decal required by this section. The rules shall be reasonably consistent with recognized and accepted principles of safety for body and frame design and plumbing, heating, and electrical installations, in order to protect the health and safety of the people of this state from dangers inherent in the use of substandard and unsafe body and frame design, construction, plumbing, heating, electrical, and other equipment and shall correlate with and, so far as practicable, conform to the then current standards and specifications of the American National Standards Institute standards A119.1 for mobile homes and commercial coaches, A119.2 for recreational vehicles, and A119.5 for park trailers.

If any deletions or amendments to the federal standards or regulations are thereafter made and notice thereof is given to the department, the standards or regulations shall be considered automatically adopted by the state under this chapter after the expiration of thirty days from publication in the federal register of a final order describing the deletions or amendments unless within that thirty day period the department objects to the deletion or amendment. In case of objection, the department shall proceed under the rule making procedure of chapter 34.05 RCW.

(2) The department shall adopt rules with respect to manufactured homes that require the prior written approval of the department before changes or alterations may be made to a manufactured home that differ from the construction standards provided for in this section.

(3) For purposes of implementing this section, by January 1, 2006, the department shall adopt requirements for manufactured homes built before June 15, 1976.

(4) Except as provided in RCW 43.22.436, it is unlawful for any person to lease, sell, or offer for sale, within this state, a manufactured home unless the home meets the requirements of the rules provided for in this section.

(2) In order to transfer ownership of a mobile home, all registered owners of record must sign the title certificate releasing their ownership. (3) The director of licensing shall have the power to adopt such rules as necessary to implement the provisions of this chapter relating to mobile homes.

Sec. 5. RCW 59.21.021 and 2002 c 257 s 2 are each amended to read as follows:

(1) If a mobile home park is closed or converted to another use after December 31, 1995, eligible tenants shall be entitled to assistance on a first-come, first-serve basis. ENGROSSED HOUSE BILL NO. 1068, as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PERSONAL PRIVILEGE

Senator Pflug: "Ladies and gentlemen of the Senate. We have a number of weeks to go and I would like to make a comment and make a request. That last bill has been something that we have negotiated on for weeks now. A number of us have been working on it very hard today in good faith. We had come to an agreement and I withdrew my amendment on the agreement that there would be a colloquy on the floor. Now, ladies and gentlemen of the Senate, when you ask a question in a colloquy the answer is 'Yes' or the answer is 'No.' The answer not, 'I will work with you.' When the question is: 'Does this mean that OSPI will?' The answer is not: 'I will work with you.' That is not negotiating in good faith."

REMARKS BY THE PRESIDENT

President Owen: "Senator Pflug, a point of personal privilege is something that effects you personally and is not to be used to debate an issue on the floor."

PERSONAL PRIVILEGE

Senator Pflug: "No, I'm not intending to debate an issue. I would like, my comments are intended to be about the process. Thank you, Mr. President. In addition, then, I think that we have kind of had a tendency to alternate our comments in debate from one side of the aisle to the other just as a matter of courtesy. Having spent most of the day working in good faith on this bill, I didn't, I thought that's what we were doing. And so, having risen three times in a row to speak, but having it be someone else's turn, I had no problem with another member from the other side of the aisle rising to speak ahead of me. However, when you then call the question and you vote on the bill without allowing those who've been most involved to even speak to it. I think that this doesn't bode well for our process or for respecting each other. And considering that we have several weeks to go and that we

like to continue negotiating in good faith, I would just ask the body to keep this in mind as we go forward. That we negotiate better when we keep our agreements and that we have debate better when it goes with some trust back and forth. Thank you, Mr. President."

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Pridemore that amendment number 448 to the committee striking amendment is beyond the scope and object of the underlying bill, the President finds and rules as follows:

The President begins by reminding the body again that, while the title of a bill is instructive, it is the subject matter in the substantive text that is controlling for scope and object analysis, never the title.

Both the underlying bill and the committee amendment relate to the establishment of a pilot high-occupancy toll lane project on State Route 167. By contrast, amendment 448 would restrict the operation of high-occupancy vehicle, or carpool, lanes in higher-population counties bordering Oregon. This is an expansion clearly not contemplated by the measure before us, which applies only to one pilot project involving different types of lanes in a specific area of the state. For these reasons, Senator Pridemore's point is well-taken. The amendment is beyond the scope and object of the bill and not properly before us."

The Senate resumed consideration of Substitute House Bill No. 1179.

(5) Any agreement entered into by the department as authorized under this section with a port district adjacent to Puget Sound and located within a county that has a population of more than seven hundred thousand, but less than one million, must limit the applicability of any established heavy haul corridor to that portion of state route no. 509 beginning at milepost 0.25 in the vicinity of East 'D' Street and ending at milepost 3.88 in the vicinity of Taylor Way.

Creating a task force to review the certificate of need program and the health care facilities bonding program. Revised for 2nd Substitute: Creating a task force to review health care facilities and services supply issues. (REVISED FOR ENGROSSED: Studying and preparing recommendations to improve and update the certificate of need program.)

The measure was read the second time.

MOTION

Senator Keiser moved that the following committee striking amendment by the Committee on Ways & Means be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Since the enactment of health planning and development legislation in 1979, the widespread adoption of new health care technologies has resulted in significant advancements in the diagnosis and treatment of disease, and has enabled substantial expansion of sites where complex care and surgery can be performed;

(2) New and existing technologies, supply sensitive health services, and demographics have a substantial effect on health care expenditures. Yet, evidence related to their effectiveness is not routinely or systematically considered in decision making regarding widespread adoption of these technologies and services. The principles of evidence-based medicine call for comprehensive review of data and studies related to a particular health care service or device, with emphasis given to high quality, objective studies. Findings regarding the effectiveness of these health services or devices should then be applied to increase the likelihood that they will be used appropriately;

(3) The standards governing whether a certificate of need should be granted in RCW 70.38.115 focus largely on broad concepts of access to and availability of health services, with only limited consideration of cost-effectiveness. Moreover, the standards do not provide explicit guidance for decision making or evaluating competing certificate of need applications; and

(4) The certificate of need statute plays a vital role and should be reexamined and strengthened to reflect changes in health care delivery and financing since its enactment.

NEW SECTION. Sec. 2. (1) A task force is created to study and prepare recommendations to the governor and the legislature related to improving and updating the certificate of need program in chapter 70.38 RCW. The report must be submitted to the governor and appropriate committees of the legislature by November 1, 2006.

(2) Members of the task force must be appointed by the governor. The task force members shall elect a member of the task force to serve as chair. Members of the task force include:

(a) Four representatives of the legislature, including one member appointed by each caucus of the house of representatives and the senate;

(b) Two representatives of private employer-sponsored health benefits purchasers;

(c) One representative of labor organizations that purchase health benefits through Taft-Hartley plans;

(d) One representative of health carriers;

(e) Two representatives of health care consumers;

(f) One health care economist;

(g) The secretary of the department of social and health services, or his or her designee;

(h) The administrator of the health care authority, or his or her designee;

(i) The secretary of the department of health; and

(j) Two health care provider representatives, chosen by the members of the technical advisory committee established in subsection (3) of this section, from among the members of that committee.

(3) The task force shall establish one or more technical advisory committees composed of affected health care providers and other individuals or entities who can serve as a source of technical expertise. The task force shall actively consult with, and solicit recommendations from, the technical advisory committee or committees regarding issues under consideration by the task force.

(4) Subject to the availability of amounts appropriated for this specific purpose, staff support for the task force shall be provided by the health care authority. The health care authority shall contract for technical expertise necessary to complete the responsibilities of the task force. Legislative members of the task force shall be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members, except those representing an employer or organization, are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050.

NEW SECTION. Sec. 3. (1) In conducting the certificate of need study and preparing recommendations, the task force shall be guided by the following principles:

(a) The supply of a health service can have a substantial impact on utilization of the service, independent of the effectiveness, medical necessity, or appropriateness of the particular health service for a particular individual;

(b) Given that health care resources are not unlimited, the impact of any new health service or facility on overall health expenditures in the state must be considered;

(c) Given our increasing ability to undertake technology assessment and measure the quality and outcomes of health services, the likelihood that a requested new health facility, service, or equipment will improve health care quality and outcomes must be considered; and

(d) It is generally presumed that the services and facilities currently subject to certificate of need should remain subject to those requirements.

(2) The task force shall, at a minimum, examine and develop recommendations related to the following issues:

(a) The need for a new and regularly updated set of service and facility specific policies that guide certificate of need decisions;

(b) A review of the purpose and goals of the current certificate of need program, including the relationship between the supply of health services and health care outcomes and expenditures in Washington state;

(c) The scope of facilities, services, and capital expenditures that should be subject to certificate of need review, including consideration of the following:

(i) Acquisitions of major medical equipment, meaning a single unit of medical equipment or a single system of components with related functions used to provide medical and other health services;

(ii) Major capital expenditures. Capital expenditures for information technology needed to support electronic health records should be encouraged;

(iii) The offering or development of any new health services, as defined in RCW 70.38.025, that meets any of the following:

(A) The obligation of substantial capital expenditures by or on behalf of a health care facility that is associated with the addition of a health service that was not offered on a regular basis by or on behalf of the health care facility within the twelve-month period prior to the time the services would be offered;

(B) The addition of equipment or services, by transfer of ownership, acquisition by lease, donation, transfer, or acquisition of control, through management agreement or otherwise, that was not offered on a regular basis by or on behalf of the health care facility or the private office of a licensed health care provider regulated under Title 18 RCW or chapter 70.127 RCW within the twelve-month period prior to the time the services would be offered and that for the third fiscal year of operation, including a partial first year following acquisition of that equipment or service, is projected to entail substantial incremental operating costs or annual gross revenue directly attributable to that health service;

(iv) The scope of health care facilities subject to certificate of need requirements, to include consideration of hospitals, including specialty hospitals, psychiatric hospitals, nursing facilities, kidney disease treatment centers including freestanding hemodialysis facilities, rehabilitation facilities, ambulatory surgical facilities, freestanding emergency rooms or urgent care facilities, home health agencies, hospice agencies and hospice care centers, freestanding radiological service centers, freestanding cardiac catheterization centers, or cancer treatment centers. "Health care facility" includes the office of a private health care practitioner in which surgical procedures are performed;

(d) The criteria for review of certificate of need applications, as currently defined in RCW 70.38.115, with the goal of having criteria that are consistent, clear, technically sound, and reflect state law, including consideration of:

(i) Public need for the proposed services as demonstrated by certain factors, including, but not limited to:

(A) Whether, and the extent to which, the project will substantially address specific health problems as measured by health needs in the area to be served by the project;

(B) Whether the project will have a positive impact on the health status indicators of the population to be served;

(C) Whether there is a substantial risk that the project would result in inappropriate increases in service utilization or the cost of health services;

(D) Whether the services affected by the project will be accessible to all residents of the area proposed to be served; and

(E) Whether the project will provide demonstrable improvements in quality and outcome measures applicable to the services proposed in the project, including whether there is data to indicate that the proposed health services would constitute innovations in high quality health care delivery;

(ii) Impact of the proposed services on the orderly and economic development of health facilities and health resources for the state as demonstrated by:

(A) The impact of the project on total health care expenditures after taking into account, to the extent practical, both the costs and benefits of the project and the competing demands in the local service area and statewide for available resources for health care;

(B) The impact of the project on the ability of existing affected providers and facilities to continue to serve uninsured or underinsured residents of the community and meet demands for emergency care;

(C) The availability of state funds to cover any increase in state costs associated with utilization of the project's services; and

(D) The likelihood that more effective, more accessible, or less costly alternative technologies or methods of service delivery may become available;

(e) The timeliness and consistency of certificate of need reviews and decisions, the sufficiency and use of resources available to the department of health to conduct timely reviews, the means by which the department of health projects future need for services, the ability to reflect differences among communities and approaches to providing services, and clarification on the use of the concurrent review process; and

(f) Mechanisms to monitor ongoing compliance with the assumptions made by facilities that have received either a certificate of need or an exemption to a certificate of need, including those related to volume, the provision of charity care, and access to health services to medicaid and medicare beneficiaries as well as underinsured and uninsured members of the community.

(3) In developing its recommendations, the task force shall consider the results of a performance audit of the department of health regarding its administration and implementation of the certificate of need program. The audit shall be conducted by the joint legislative audit and review committee, and be completed by July 1, 2006.

NEW SECTION. Sec. 4. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2005, in the omnibus appropriations act, this act is null and void."

(1) The commission may investigate and take necessary action to prevent or eliminate unfair trade and regulatory barriers and practices and correct, where possible, trade and regulatory barriers and practices that hinder the sale, production, transport, and export of Washington-produced potatoes or potato products. If the commission finds as a result of the investigation that trade, regulatory, or transportation barriers are restricting the free flow of potatoes produced in this state, the commission may institute appropriate action before any agency or body deemed necessary to correct the situation. Information acquired in an investigation is confidential and may be released only to the extent necessary to effectuate the purposes of this chapter, including but not limited to information regarding:

(6) The commission may, subject to this chapter, provide information and communicate on matters pertaining to the production, irrigation, processing, transportation, trade, or uses of potatoes produced in Washington state, as requested by any elected official or officer or employee of any agency.

NEW SECTION. Sec. 8. (1) An assessment shall be levied and collected by the commission of four cents per hundredweight upon all potatoes sold, processed, delivered for sale or processing by a producer, or stored or delivered for storage when storage or delivery for storage is outside the state. The assessment may be decreased or increased at any time subject to a referendum approved by affected potato producers in accordance with this chapter. The assessment shall be paid by the producer. No assessment may be collected on:

(a) Potatoes grown and sold for seed under an established seed certification program;

(b) Potatoes sold for livestock feed, regardless of grade;

(c) Potatoes sold for nonfood products, such as industrial starch;

(d) Potatoes of a producer's own production used by the producer on the producer's own premises for seed, feed, or personal consumption;

(e) Potatoes donated or shipped for relief or charitable purposes; or

(f) Potatoes sold by a producer whose production is less than five hundred pounds per year.

(2)(a) All assessments made and levied under this chapter apply to the respective producer who is primarily liable therefor.

(i) Handlers receiving potatoes from the producer, including, but not limited to, warehousemen, shippers, and processors that collect assessments from producers whose production they handle, shall pay assessments collected to the commission on or before the twentieth day of the succeeding month for the previous month's collections. On a monthly basis, each handler shall file with the commission a return under oath on forms to be furnished by the commission, stating the quantity of potatoes handled, processed, delivered, or shipped during the period prescribed by the commission.

(ii) Any person, producer, or handler subject to the payment of assessments shall give adequate assurance or security concerning the payments to the commission.

(b) On or before the beginning of each fiscal year, the commission shall give reasonable notice to all producers, handlers, and other affected persons of the method or methods of collection to be used for that fiscal year on field run or ungraded potatoes.

(c) No affected units of potatoes may be transported, carried, shipped, sold, stored, or otherwise handled or disposed of until every due and payable assessment under this chapter has been paid and the receipt issued or stamp canceled. No liability under this chapter attaches to common carriers in the regular course of their business. When any potatoes for which an exemption as provided in subsection (1) of this section is claimed are shipped either by railroad or truck, the reasons for the exemption shall be plainly noted on the bill of lading, shipping document, container, or invoice.

(d) Any producer or handler who fails to comply with this subsection is guilty of violating this chapter and is subject to the penalty, collection, and liability provisions of this chapter.

(3)(a) Moneys collected by the commission under this chapter as assessments shall be used by the commission only for the purposes of paying for the costs or expenses arising in connection with carrying out the purposes and provisions of this chapter.

(b) At the end of each fiscal year the commission shall credit each producer with any amount paid by the producer in excess of three percent of the total market value of all potatoes sold, processed, or delivered for sale or processing during that period. Refunds may be made only upon satisfactory proof given by the producer, which may include bills of lading, bills of sale, or receipts.

NEW SECTION. Sec. 9. Assessments shall be levied upon potatoes sold on a field run or ungraded basis as provided in this section.

(1) If payment to the grower for the potatoes is based upon the gross weight of potatoes sold and not upon the yield of any particular grade of potatoes as determined by any type of sorting or inspection, then the assessment is made on ninety percent of the gross hundredweight of potatoes so sold.

(2) If payment to the grower for the potatoes is based upon the net weight of potatoes intended for human consumption derived from the potatoes so sold as determined by any type of sorting or inspection, then the assessment is made on the total net weight of potatoes intended for human consumption.

NEW SECTION. Sec. 10. This section establishes the procedure for reporting and paying assessments levied under this chapter. Assessments shall be paid in accordance with one or more of the following methods as prescribed by the commission, in its discretion, for each affected producer or handler:

(1) By means of collection from producers by handlers, including warehousemen, packers, and processors receiving potatoes from producers, at the time the potatoes are first handled, and payment of assessments by those handlers to the commission:

(a) The commission shall bill each handler at such intervals, at least monthly, as the commission may from time to time determine, for the assessments due upon potatoes handled in the preceding period for which billing has not previously been made, and upon which assessments have not been paid, computed on the basis of the quantity of potatoes so handled as recorded on potato shipping pertaining to each handler prepared by the department on behalf of the commission, and filed with the commission, or with respect to handlers who are packers or processors, on the basis of the quantity of potatoes so handled as recorded on potato shipping records pertaining to such packer or processor prepared by such processor and filed with the commission;

(b) As used in (a) of this subsection, "handler" is the person, firm, or corporation designated as shipper on the potato shipping record form;

(c) In the event potatoes subject to assessment are handled by processors or other handlers under circumstances in which no potato shipping record is filed with the commission, with respect to the potatoes so handled the handler shall, at the time of submitting the report required by (d) of this subsection, pay in full the assessment on the potatoes so reported;

(d) Each handler shall file a monthly report, under oath, on forms provided by the commission, showing the name and address of the handler making the report, the quantity of potatoes handled during the preceding calendar month, the name, address, handler's lot number, and quantity of potatoes handled, for each respective producer, and the representative district in which the potatoes were grown. The report shall be filed with the commission not later than the twentieth day of the month following that in which the potatoes were handled; or

(2) By means of payment in cash by the producer or handler, as determined by the commission in each respective instance, before the time the potatoes are shipped in either interstate or intrastate commerce.

NEW SECTION. Sec. 11. Any due and payable assessment levied under this chapter, and every sum due in a specified amount under this chapter constitutes a personal debt of every person so assessed or who otherwise owes the same, and the amount is due and payable to the commission when payment is called for by the commission. In the event that any assessment is not paid within ninety days after the date of the billing by the commission, or within ninety days after the due date of the report required by this chapter, a sum equal to ten percent of the unpaid assessment or unpaid portion thereof shall be added to the original amount and is due and owing to the commission. In the event of failure of a person or persons to pay any such due and payable assessment or other sum, the commission may bring a civil action against the person or persons in a state court of competent jurisdiction for the collection thereof, together with the additional ten percent as provided in this section, and the action shall be tried and judgment rendered as in any other cause of action for debt due and payable.

NEW SECTION. Sec. 12. (1)(a) Any handler handling potatoes for fresh market who has not established a record of prompt payment of assessments due on fresh market potatoes in accordance with this chapter must prepay the assessments due the commission.

(b) The amount of prepayment shall be determined on the estimated basis of the potatoes the handler will handle during the first thirty days of the potato shipping season, or if the handler has shipped in the immediately prior potato shipping season, the prepayment shall be based on the highest thirty-day assessment due the commission during that shipping season. Prepayment shall not exceed twenty-five percent of the total estimated annual assessment payable by the handler.

(2) Any handler who has established a record of prompt payment during the entire previous potato shipping season and continues to maintain a record of prompt payment is not subject to the prepayment requirements in subsection (1) of this section.

NEW SECTION. Sec. 13. The commission shall notify the department in writing of any handler who has not established a record of prompt payment as set forth in this chapter, and that handler is subject to this section. No affected units of potatoes shall be transported, carried, shipped, sold, stored or otherwise handled or disposed of until every due and payable assessment herein provided for has been paid and the receipt issued, but no liability hereunder shall attach to common carriers in the regular course of their business. When any potatoes for which exemption as provided in this chapter is claimed are shipped either by railroad or truck, there shall be plainly noted on the bill of lading, shipping document, container or invoice, the reasons for such exemptions.

NEW SECTION. Sec. 14. (1) Commission expenditures for agricultural development or trade promotion and promotional hosting shall be pursuant to specific budget items as approved by the commission at annual public hearings on the commission budget.

(2) Individual commissioners and commission staff shall make agricultural development or trade promotion and promotional hosting expenditures, or seek reimbursements for those expenditures, only in those instances where the expenditures have been approved by the commission.

(3) All payments and reimbursements shall be as identified and supported by vouchers to which receipts are attached. Voucher forms will be supplied by the commission, and require the following information:

(a) Name and position of each person hosted, however in the case of a group of twenty-five or more persons, then only the name of the group hosting shall be required;

(b) General purpose of the hosting;

(c) Date of hosting;

(d) To whom payment was or will be made; and

(e) Signature of person seeking payment or reimbursement;

(4) The chair of the commission, the executive director of the commission, or assistant executive director of the commission may approve direct payment or reimbursements submitted in accordance with this section.

(5) The following persons may be hosted when it is reasonably believed such hosting will promote trade for the Washington state potato industry, as long as the hosting does not violate federal or state conflict of interest laws:

(a) Individuals from private business and accompanying interpreter or interpreters;

(b) Foreign government officials and accompanying interpreter or interpreters;

(c) Federal, state, and local officials, however lodging, meals, and transportation may not be provided when those officials may obtain reimbursement for these expenses from their government employer;

(d) The general public, at meetings and gatherings open to the general public;

(e) Commissioners and employees of the commission when their attendance at meetings, meals, and gatherings at which the persons described in (a) through (d) of this subsection are being hosted will promote trade for the Washington state potato industry.

NEW SECTION. Sec. 15. (1) It is a misdemeanor for:

(a) Any person willfully to violate any provision of this chapter;

(b) Any person willfully to render or furnish a false or fraudulent report, statement of record required by the commission under this chapter, or any rule of the commission or rule of the department adopted under this chapter, or willfully to fail or refuse to furnish or render any such report, statement, or record so required.

(2) In the event of violation or threatened violation of any provision of this chapter or any rule of the commission or rule of the department adopted under this chapter, the commission is entitled to an injunction to prevent further violation and to a decree of specific performance of such rules, and to a temporary restraining order and injunction pending litigation upon filing a verified complaint and sufficient bond.

(3) All persons subject to this chapter shall severally from time to time, upon the request of the commission, furnish the commission with such information necessary to effectuate the policies of this chapter or to ascertain and determine the extent to which this chapter has been carried out or has effectuated such policies and purposes, or to determine whether or not there has been any abuse of the privilege of exemptions from laws relating to trusts, monopolies, and restraints of trade. Such information shall be furnished in accordance with forms and reports to be prescribed by the commission. For the purpose of ascertaining the correctness of any report made to the commission under this section or for the purpose of obtaining the information required in any such report where it has been requested and has not been furnished, the commission is authorized to examine such books, papers, records, copies of tax reports, accounts, correspondence, contracts, documents, or memoranda as the commission deems relevant and that are within the control of any such person from whom such report was requested, or of any person having, either directly or indirectly, actual or legal control of or over such person or such records, or of any subsidiary of any such person. To carry out the purposes of this section, the commission, upon giving due notice, may hold hearings, take testimony, administer oaths, subpoena witnesses, and issue subpoenas for the production of books, records, documents, or other writings of any kind, and shall apply with respect to any such hearing, together with such other rules consistent therewith as the commission may from time to time prescribe.

NEW SECTION. Sec. 16. Moneys collected by the commission under this chapter from any assessment or as an advance deposit thereon shall be used by the commission only for the purpose of paying for the costs or expenses arising in connection with carrying out the purposes and provisions of this chapter.

If the commission is ever terminated any and all moneys remaining with the commission operating under this chapter and not required to defray expenses or repay obligations incurred by that commission shall be returned to the affected producers in proportion to the assessments paid by each in the two-year period preceding the date of the termination.

NEW SECTION. Sec. 17. If after complying with the procedures outlined in this chapter and a referendum proposal to terminate the commission is assented to, the commission shall:

(1) Document the details of all measures undertaken to terminate the commission and identify and document all closing costs;

(2) Contact the office of the state auditor and arrange for a final audit of the commission. Payment for the audit shall be from commission funds and identified in the budget for closing costs;

(3) Provide for the reimbursement to affected producers of moneys collected by assessment. Reimbursement shall be made to those considered affected producers over the previous three-year time frame on a pro rata basis and at a percent commensurate with their volume of production over the previous three-year period. If the commission finds that the amounts of moneys are so small as to make impractical the computation and remitting of the pro rata refund, the moneys shall be paid into the state treasury as unclaimed trust moneys; and

(4) Transfer all remaining files to the department for storage and archiving, as appropriate.

NEW SECTION. Sec. 18. Any due and payable assessment levied under this chapter, and every sum due under this chapter in a specified amount constitutes a personal debt of every person so assessed or who otherwise owes the same, and the same shall be due and payable to the commission when payment is called for by the commission. In the event any person fails to pay the full amount of the assessment or such other sum on or before the date due, the commission may add to the unpaid assessment or sum an amount not exceeding ten percent of the same to defray the cost of enforcing collection of it. In the event of failure of such person or persons to pay any such due and payable assessment or other such sum, the commission may bring a civil action against such person or persons in a state court of competent jurisdiction for the collection thereof, together with the above specified ten percent thereon, and such action shall be tried and judgment rendered as in any other cause of action for debt due and payable.

NEW SECTION. Sec. 19. All moneys that are collected or otherwise received under this chapter shall be used solely by and for the commission and shall not be used for any other commission, nor the department except as otherwise provided in this chapter. Such moneys shall be deposited in a separate account or accounts in the name of the commission in any bank that is a state depository. All expenses and disbursements incurred and made under the provisions of this chapter shall be paid from moneys collected and received under this chapter without the necessity of a specific legislative appropriation and all moneys shall be paid from the account by check or voucher in such form and in such manner and upon the signature of such person as may be prescribed by the commission. The provisions of RCW 43.01.050 do not apply to any such account or any moneys so received, collected, or expended.

NEW SECTION. Sec. 20. (1) Any funds of the commission may be invested in savings or time deposits in a public depository as defined in RCW 39.58.010.

(2) This section applies to all funds that may be lawfully so invested, that in the judgment of the commission are not required for immediate expenditure. The authority granted by this section is not exclusive and shall be construed to be cumulative and in addition to other authority provided by law for the investment of such funds, including, but not limited to, authority granted under chapters 39.58, 39.59, and 43.84 RCW.

NEW SECTION. Sec. 21. Every administrator, employee, or other person occupying a position of trust with the commission and every member actually handling or drawing upon funds shall give a bond in such penal amount as may be required by the commission, the premium for which bond or bonds shall be paid by the commission.

NEW SECTION. Sec. 22. (1) Pursuant to RCW 42.17.31907, certain agricultural business records, commodity commission records, and department of agriculture records relating to commodity commissions and producers of agricultural commodities are exempt from public disclosure.

(2) Financial and commercial information and records submitted to either the department or the commission for the purpose of administering this chapter may be shared between the department and the commission. They may also be used, if required, in any suit or administrative hearing involving any provision of this chapter.

(3) This chapter does not prohibit:

(a) The issuance of general statements based upon the reports of a number of persons subject to this chapter as long as the statements do not identify the information furnished by any person; or

(b) The publication by the commission of the name of any person violating this chapter and a statement of the manner of the violation by that person.

NEW SECTION. Sec. 23. (1) The commission shall prepare a list of all affected producers from any information available from the department, producers, producer associations, organizations, or handlers of potatoes. This list shall contain the names and addresses of all affected persons who produce the potatoes and the amount, by unit, of the potatoes produced during at least the past three years.

(2) The commission shall prepare a list of all persons who handle potatoes and the amount of potatoes handled by each person during at least the past three years.

(3) It is the responsibility of all affected parties to ensure that their correct address is filed with the commission. It is also the responsibility of affected parties to submit production data and handling data to the commission as prescribed by the commission's rules or policies.

Inadvertent failure to notify an affected producer or handler does not invalidate a proceeding conducted under this chapter.

NEW SECTION. Sec. 24. Any member of a commission may also be a member or officer of an association that has the same objectives for which the commission was formed. The commission may also contract with such association for services necessary to carry out any purposes authorized under this chapter, if an appropriate contract has been entered into.

The director, in case of the refusal of any witness to attest or testify or produce any papers required by the subpoena, shall report to the superior court of the county in which the proceeding is pending by petition setting forth that due notice has been given of the time and place of attendance of the witness or the production of the papers and that the witness has been summoned in the manner prescribed in this chapter and that he or she has failed to attend or produce the papers required by the subpoena at the hearing, cause, or proceeding specified in the subpoena, or has refused to answer questions propounded to it in the course of such hearing, cause, or proceeding, and shall ask an order of the court to compel a witness to appear and testify before the director. The findings, conclusions, and recommended decision, and the full text of the proposal shall be posted on the department's web site.

(2) The recommended decision may deny or approve the proposal in its entirety, or it may recommend a rule containing other or different terms or conditions from those contained in the proposal, however any such rule shall be of a kind or type substantially within the purview of the notice of hearing and shall be supported by evidence taken at the hearing or by documents of which the director is authorized to take official notice. The director shall not approve the amendment or termination unless he or she finds with respect thereto:

(a) That the proposed issuance, amendment, or termination thereof is reasonably calculated to attain the objective sought in a rule;

(b) That the proposed issuance, amendment, or termination is in conformity with this chapter and, within the applicable limitations and restrictions in this chapter, will tend to effectuate its declared purposes and policies; and

(c) That the interests of consumers of potatoes are protected in that the powers of this chapter are being exercised only to the extent necessary to attain such objectives.

(3) If the director's recommended decision does not make any changes to the proposal, notification will be made by mail in the form of a postcard reciting the recommended decision. The postcard must also include the department's web site address where any person can access the full text of the findings, conclusions, and recommended decision.

(4) If the director's recommended decision makes changes to the proposal or does not support the proposal, notification will be made by mail in the form of a letter describing the changes made or explaining the reason for not supporting the proposal and a referendum. The letter must also include the department's web site address where any person can access the full text of the findings, conclusions, and recommended decision.

(5) After the director issues his or her findings, conclusions, and recommended decision, all interested parties shall have a period of not less than fifteen days from the date of the mailing of the postcard or letter to file statements with the director in support of or in opposition to the recommended decision. The director shall consider the additional statements and shall issue his or her final decision. The final decision may be the same as the recommended decision or may be revised in light of the additional information received in response to the recommended decision. The director shall notify affected parties of his or her final decision by mail in the form of a postcard. Notification shall include the department's web site address where any person can access the full text of the findings, conclusions, and final decision and the full text of the final proposal. (6) Affected parties who do not have access to materials posted on the department's web site may request notification by fax or mail.

NEW SECTION. Sec. 31. After the director issues his or her final decision approving the amendment or termination, the director shall determine by a referendum whether the affected parties or producers assent to the proposed action or not. The director shall conduct the referendum among the affected parties or producers based on the list as provided for in this chapter, as applicable. The affected parties or producers shall be deemed to have assented to the proposed issuance or termination order if fifty-one percent or more by number reply to the referendum within the time specified by the director, and if, of those replying (a) sixty-five percent or more by number and fifty-one percent or more by volume assent to the proposed order; or (b) sixty percent or more by number and sixty percent or more by volume of those replying assent to the proposed order. The determination by volume shall be made on the basis of volume as determined in the list of affected producers created under this chapter, subject to rules of the director for such determination. MOTION

Senator McAuliffe moved that the following committee striking amendment by the Committee on Financial Institutions, Housing & Consumer Protection be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Despite laudable efforts by all levels of government, private individuals, nonprofit organizations, and charitable foundations to end homelessness, the number of homeless persons in Washington is unacceptably high. The state's homeless population, furthermore, includes a large number of families with children, youth, and employed persons. The legislature finds that the fiscal and societal costs of homelessness are high for both the public and private sectors, and that ending homelessness should be a goal for state and local government.

The legislature finds that there are many causes of homelessness, including a shortage of affordable housing; a shortage of family-wage jobs which undermines housing affordability; a lack of an accessible and affordable health care system available to all who suffer from physical and mental illnesses and chemical and alcohol dependency; domestic violence; and a lack of education and job skills necessary to acquire adequate wage jobs in the economy of the twenty-first century.

The support and commitment of all sectors of the statewide community is critical to the chances of success in ending homelessness in Washington. While the provision of housing and housing-related services to the homeless should be administered at the local level to best address specific community needs, the legislature also recognizes the need for the state to play a primary coordinating, supporting, and monitoring role. There must be a clear assignment of responsibilities and a clear statement of achievable and quantifiable goals. Systematic statewide data collection on homelessness in Washington must be a critical component of such a program enabling the state to work with local governments to count homeless persons and assist them in finding housing.

The systematic collection and rigorous evaluation of homeless data, a search for and implementation through adequate resource allocation of best practices, and the systematic measurement of progress toward interim goals and the ultimate goal of ending homelessness are all necessary components of a statewide effort to end homelessness in Washington by July 1, 2015.

NEW SECTION. Sec. 2. This chapter may be known and cited as the homelessness housing and assistance act.

NEW SECTION. Sec. 3. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(2) "Director" means the director of the department of community, trade, and economic development.

(3) "Homeless person" means an individual living outside or in a building not meant for human habitation or which they have no legal right to occupy, in an emergency shelter, or in a temporary housing program which may include a transitional and supportive housing program if habitation time limits exist. This definition includes substance abusers, mentally ill people, and sex offenders who are homeless.

(4) "Washington homeless census" means an annual statewide census conducted as a collaborative effort by towns, cities, counties, community-based organizations, and state agencies, with the technical support and coordination of the department, to count and collect data on all homeless individuals in Washington.

(8) "Housing continuum" means the progression of individuals along a housing-focused continuum with homelessness at one end and homeownership at the other.

(9) "Local homeless housing task force" means a voluntary local committee created to advise a local government on the creation of a local homeless housing plan and participate in a local homeless housing program. It must include a representative of the county, a representative of the largest city located within the county, at least one homeless or formerly homeless person, such other members as may be required to maintain eligibility for federal funding related to housing programs and services and if feasible, a representative of a private nonprofit organization with experience in low-income housing.

The interagency council on homelessness shall be responsible to further the goals of the state ten-year homeless housing strategic plan to end homelessness through the following actions:

(2) Identifying and eliminating policies and actions which contribute to homelessness or interfere with its reduction;

and
(3) Adopting or recommending new policies to improve practices and align resources, including those policies requested by the affordable housing advisory board or through state and local homeless housing plans.

NEW SECTION. Sec. 5. There is created within the department the homeless housing program to develop and coordinate a statewide strategic plan aimed at housing homeless persons. The program shall be developed and administered by the department with advice and input from the affordable housing advisory board established in RCW 43.185B.020.

NEW SECTION. Sec. 6. The department shall annually conduct a Washington homeless census or count consistent with the requirements of RCW 43.63A.655. The census shall make every effort to count all homeless individuals living outdoors, in shelters, and in transitional housing, coordinated, when reasonably feasible, with already existing homeless census projects including those funded in part by the United States department of housing and urban development under the McKinney-Vento homeless assistance program. The department shall determine, in consultation with local governments, the data to be collected.

All personal information collected in the census is confidential, and the department and each local government shall take all necessary steps to protect the identity and confidentiality of each person counted.

The department and each local government are prohibited from disclosing any personally identifying information about any homeless individual when there is reason to believe or evidence indicating that the homeless individual is an adult or minor victim of domestic violence, dating violence, sexual assault, or stalking; or revealing other confidential information regarding HIV/AIDS status, as found in RCW 70.24.105. The department and each local government shall not ask any homeless housing provider to disclose personally identifying information about any homeless individuals when the providers implementing those programs have reason to believe or evidence indicating that those clients are adult or minor victims of domestic violence, dating violence, sexual assault, or stalking or are the parents or guardians of child victims of domestic violence, dating violence, sexual assault, or stalking. Summary data for the provider's facility or program may be substituted.

The Washington homeless census shall be conducted annually on a schedule created by the department. The department shall make summary data by county available to the public each year. This data, and its analysis, shall be included in the department's annual updated homeless housing program strategic plan.

Based on the annual census and provider information from the local government plans, the department shall, by the end of year four, implement an online information and referral system to enable local governments and providers to identify available housing for a homeless person. The department shall work with local governments and their providers to develop a capacity for continuous case management to assist homeless persons.

By the end of year four, the department shall implement an organizational quality management system.

NEW SECTION. Sec. 7. (1) Six months after the first Washington homeless census, the department shall, in consultation with the interagency council on homelessness and the affordable housing advisory board, prepare and publish a ten-year homeless housing strategic plan which shall outline statewide goals and performance measures and shall be coordinated with the plan for homeless families with children required under RCW 43.63A.650. To guide local governments in preparation of their first local homeless housing plans due December 31, 2005, the department shall issue by October 15, 2005, temporary guidelines consistent with this chapter and including the best available data on each community's homeless population. Local governments' ten-year homeless housing plans shall not be substantially inconsistent with the goals and program recommendations of the temporary guidelines and, when amended after 2005, the state strategic plan.

(2) Program outcomes and performance measures and goals shall be created by the department and reflected in the department's homeless housing strategic plan as well as interim goals against which state and local governments' performance may be measured, including:

(a) By the end of year one, completion of the first census as described in section 6 of this act;

(b) By the end of each subsequent year, goals common to all local programs which are measurable and the achievement of which would move that community toward housing its homeless population; and

(c) By July 1, 2015, reduction of the homeless population statewide and in each county by fifty percent.

(3) The department shall develop a consistent statewide data gathering instrument to monitor the performance of cities and counties receiving grants in order to determine compliance with the terms and conditions set forth in the grant application or required by the department.

The department shall, in consultation with the interagency council on homelessness and the affordable housing advisory board, report annually to the governor and the appropriate committees of the legislature an assessment of the state's performance in furthering the goals of the state ten-year homeless housing strategic plan and the performance of each participating local government in creating and executing a local homeless housing plan which meets the requirements of this chapter. The annual report may include performance measures such as:

(4) Based on the performance of local homeless housing programs in meeting their interim goals, on general population changes and on changes in the homeless population recorded in the annual census, the department may revise the performance measures and goals of the state homeless housing strategic plan, set goals for years following the initial ten-year period, and recommend changes in local governments' plans.

NEW SECTION. Sec. 8. (1) Each local homeless housing task force shall prepare and recommend to its local government legislative authority a ten-year homeless housing plan for its jurisdictional area which shall be not inconsistent with the department's statewide temporary guidelines, for the December 31, 2005, plan, and thereafter the department's ten-year homeless housing strategic plan and which shall be aimed at eliminating homelessness, with a minimum goal of reducing homelessness by fifty percent by July 1, 2015. The local government may amend the proposed local plan and shall adopt a plan by December 31, 2005. Performance in meeting the goals of this local plan shall be assessed annually in terms of the performance measures published by the department. Local plans may include specific local performance measures adopted by the local government legislative authority, and may include recommendations for any state legislation needed to meet the state or local plan goals.

(2) Eligible activities under the local plans include:

(a) Rental and furnishing of dwelling units for the use of homeless persons;

The funds collected pursuant to this section are to be distributed and used as follows:

(a) The auditor shall retain two percent for collection of the fee, and of the remainder shall remit sixty percent to the county to be deposited into a fund that must be used by the county and its cities and towns to accomplish the purposes of this act, six percent of which may be used by the county for administrative costs related to its homeless housing plan, and the remainder for programs which directly accomplish the goals of the county's homeless housing plan, except that for each city in the county which elects as authorized in section 12 of this act to operate its own homeless housing program, a percentage of the surcharge assessed under this section equal to the percentage of the city's local portion of the real estate excise tax collected by the county shall be transmitted at least quarterly to the city treasurer, without any deduction for county administrative costs, for use by the city for program costs which directly contribute to the goals of the city's homeless housing plan; of the funds received by the city, it may use six percent for administrative costs for its homeless housing program.

The remaining eighty-seven and one-half percent is to be distributed by the department to local governments through the homeless housing grant program.

(2) The surcharge imposed in this section does not apply to assignments or substitutions of previously recorded deeds of trust.

NEW SECTION. Sec. 10. The homeless housing account is created in the custody of the state treasurer. The state's portion of the surcharge established in section 9 of this act must be deposited in the account. Expenditures from the account may be used only for the homeless housing program as described in this chapter. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 11. (1) During each calendar year in which moneys from the homeless housing account are available for use by the department for the homeless housing grant program, the department shall announce to all Washington counties, participating cities, and through major media throughout the state, a grant application period of at least ninety days' duration. This announcement will be made as often as the director deems appropriate for proper utilization of resources. The department shall then promptly grant as many applications as will utilize available funds, less appropriate administrative costs of the department as described in section 9 of this act.

(2) The department will develop, with advice and input from the affordable housing advisory board established in RCW 43.185B.020, criteria to evaluate grant applications.

(3) The department may approve applications only if they are consistent with the local and state homeless housing program strategic plans. The department may give preference to applications based on some or all of the following criteria:

(a) The total homeless population in the applicant local government service area, as reported by the most recent annual Washington homeless census;

(b) Current local expenditures to provide housing for the homeless and to address the underlying causes of homelessness as described in section 1 of this act;

(c) Local government and private contributions pledged to the program in the form of matching funds, property, infrastructure improvements, and other contributions; and the degree of leveraging of other funds from local government or private sources for the program for which funds are being requested, to include recipient contributions to total project costs, including allied contributions from other sources such as professional, craft and trade services, and lender interest rate subsidies;

(d) Construction projects or rehabilitation that will serve homeless individuals or families for a period of at least twenty-five years;

(e) Projects which demonstrate serving homeless populations with the greatest needs, including projects that serve special needs populations;

(f) The degree to which the applicant project represents a collaboration between local governments, nonprofit community-based organizations, local and state agencies, and the private sector, especially through its integration with the coordinated and comprehensive plan for homeless families with children required under RCW 43.63A.650;

(g) The cooperation of the local government in the annual Washington homeless census project;

(h) The commitment of the local government and any subcontracting local governments, nonprofit organizations, and for-profit entities to employ a diverse work force;

(i) The extent, if any, that the local homeless population is disproportionate to the revenues collected under this chapter, RCW 36.22.178, and section 9 of this act; and

(j) Other elements shown by the applicant to be directly related to the goal and the department's state strategic plan.

NEW SECTION. Sec. 12. (1) Only a local government is eligible to receive a homeless housing grant from the homeless housing account. Any city may assert responsibility for homeless housing within its borders if it so chooses, by

forwarding a resolution to the legislative authority of the county stating its intention and its commitment to operate a separate homeless housing program. The city shall then receive a percentage of the surcharge assessed under section 9 of this act equal to the percentage of the city's local portion of the real estate excise tax collected by the county. A participating city may also then apply separately for homeless housing program grants. A city choosing to operate a separate homeless housing program shall be responsible for complying with all of the same requirements as counties and shall adopt a local homeless housing plan meeting the requirements of this chapter for county local plans. However, the city may by resolution of its legislative authority accept the county's homeless housing task force as its own and based on that task force's recommendations adopt a homeless housing plan specific to the city.

(2) Local governments applying for homeless housing funds may subcontract with any other local government, housing authority, community action agency or other nonprofit organization for the execution of programs contributing to the overall goal of ending homelessness within a defined service area. All subcontracts shall be consistent with the local homeless housing plan adopted by the legislative authority of the local government, time limited, and filed with the department and shall have specific performance terms. While a local government has the authority to subcontract with other entities, the local government continues to maintain the ultimate responsibility for the homeless housing program within its borders.

(3) A county may decline to participate in the program authorized in this chapter by forwarding to the department a resolution adopted by the county legislative authority stating the intention not to participate. A copy of the resolution shall also be transmitted to the county auditor and treasurer. If such a resolution is adopted, all of the funds otherwise due to the county under section 10 of this act shall be remitted monthly to the state treasurer for deposit in the homeless housing account, without any reduction by the county for collecting or administering the funds. Upon receipt of the resolution, the department shall promptly begin to identify and contract with one or more entities eligible under this section to create and execute a local homeless housing plan for the county meeting the requirements of this chapter. The department shall expend all of the funds received from the county under this subsection to carry out the purposes of this act in the county, provided that the department may retain six percent of these funds to offset the cost of managing the county's program.

(4) A resolution by the county declining to participate in the program shall have no effect on the ability of each city in the county to assert its right to manage its own program under this chapter, and the county shall monthly transmit to the city the funds due under this chapter.

NEW SECTION. Sec. 13. The department shall allocate grant moneys from the homeless housing account to finance in whole or in part programs and projects in approved local homeless housing plans to assist homeless individuals and families gain access to adequate housing, prevent at-risk individuals from becoming homeless, address the root causes of homelessness, track and report on homeless-related data, and facilitate the movement of homeless or formerly homeless individuals along the housing continuum toward more stable and independent housing. The department may issue criteria or guidelines to guide local governments in the application process.

NEW SECTION. Sec. 14. The department shall provide technical assistance to any participating local government that requests such assistance. Technical assistance activities may include:

- (1) Assisting local governments to identify appropriate parties to participate on local homeless housing task forces;
- (2) Assisting local governments to identify appropriate service providers with which the local governments may subcontract for service provision and development activities, when necessary;
- (3) Assisting local governments to implement or expand homeless census programs to meet homeless housing program requirements;
- (4) Assisting in the identification of "best practices" from other areas;
- (5) Assisting in identifying additional funding sources for specific projects; and
- (6) Training local government and subcontractor staff.

NEW SECTION. Sec. 15. The department shall establish a uniform process for participating local governments to report progress toward reducing homelessness and meeting locally established goals.

NEW SECTION. Sec. 16. The department may adopt such rules as may be necessary to effect the purposes of this chapter.

NEW SECTION. Sec. 17. The department shall ensure that the state's interest is protected upon the development, use, sale, or change of use of projects constructed, acquired, or financed in whole or in part through the homeless housing grant program. These policies may include, but are not limited to: (1) Requiring a share of the appreciation in the project in proportion to the state's contribution to the project, or (2) requiring a lump sum repayment of the grant upon the sale or change of use of the project.

Sec. 18. RCW 36.22.178 and 2002 c 294 s 2 are each amended to read as follows:

INTRODUCTION OF SPECIAL GUESTS

The President welcomed and introduced championship Junior Elite team members Kelsey Wehner and Tori Stephenson of the Eastern Washington Elite Dance Teams who were seated in the gallery.

INTRODUCTION OF SPECIAL GUEST

President Owen: "We have the great privilege today of having a very special guest with us, Miss Tri-Cities, 2000-2005. I wanted to introduce this young lady to you because I was going through her resume and we are very fortunate in the State of Washington to have these most outstanding students doing all sorts of things in athletics and academics and musical things. Here's one of those outstanding students right here that covers a couple different ones. Not only is she an outstanding student, she, as a matter of fact, received the Washington State Honors Award for outstanding academic achievement. She received the Marshall/Alexander Speech/Drama Award; the WWHS Choir Ensemble Award; the Arion Award; she's a member of the National Honor Society; and Honor Roll at Columbia Basin Community College. She is a very talented person as a classical vocalist. Not only is she scholastically accomplish but, also, she's quite a leader as ASB Representative; Conspiracy of Hope Commissioner and organizer which is a charity talent show; Counselor and President of Young Women's Organization at church; and she chaired the annual WWHS Teacher Appreciation Dinner; and co-organizer of Children's Olympics. Her goals and objectives are to educate people about family values. Ladies and gentlemen, would you please help me welcome this wonderful young lady? Alainna Fielding, Miss Tri-Cities."

REMARKS BY MISS ALAINNA FIELDING

Miss Alainna Fielding: "They said I have a few minutes to speak to you. So, I am the youngest of seven children born to two loving parents and raised on a farm in the Columbia Basin. I attended Walla Walla High School where I had an excellent civics teacher who taught, in great detail, about the different branches of the government including the purposes and duties of the State Senate. Never once did I entertain the thought that I would one day be standing on the Senate floor speaking to those very people. I even get to sit in the Lt. Governor's seat and that really surprised me, so that was a great honor. I am again honored and humbled to be in your presence and want to, first and foremost, extend my sincere gratitude for all that you do to uphold the principles and ideals of this great country is founded upon. From the time that I was very young my mother and dad endeavored to instill the attitude of patriotism in me and my siblings through literature and song. Maybe that is why both of my brothers have gone into law. In fact, my eldest brother just graduated from Harvard Law School a few years ago and my other brother in currently attending Duke Law School. A little over a year ago I was attending Brigham Young University in Provo, Utah. Funds were very tight and my parents being in a position where they couldn't help me much financially I began a diligent exploration of other options. A friend of mine recommended the Miss America organization. She explained to me that it was not a beauty pageant but a scholarship program. That, in fact, it is the largest scholarship program for women in the nation, distributing over forty-five million dollars. It starts by winning a local pageant, Miss Tri-Cities, for example, and then proceeding to the state level. I will have the opportunity, the privilege, to compete for the title of Miss Washington on June 24th and 25th. The state titleholders complete at Miss America in September. I learned through some additional research that the overwhelming majority of the score involved in this pageant is, a whopping eighty percent, is based on interview and talent – hardly a beauty pageant. Another interesting fact is that it is a non-profit organization. Thousands of men and women including the ones that came with me here today, they're up in the galleries supporting me, they donate countless hours of their personal time to support this program and the promising young women who participate. The Kennewick relief squad is a fine example of the type of young women to which this program caters. I personally want to congratulate you girls, and all the ones that aren't present here today, for all your hard work and your determination and what you stand for. The motto of the Miss Washington organization sums up the result of this program perfectly. 'Building leaders one scholarship at a time.' It embraces the true essence of leadership and that is service. In fact by the end of this year I will have been able to have volunteer over five-hundred hours of my time to my community through speaking engagements; presentations; visiting grade schools, middle schools; and meeting and mentoring youths, just to mention a few. Through these opportunities I am getting a crash course in public relations and I am getting a clear understanding of what it means to be an effective leader and a role model. In addition, it has provided me with much needed scholarship money to continue to pursue my degree in vocal performance and my career in opera. Clearly the benefits of this program far exceed that which meets the eye and, in my mind, the most positive aspect of this program is the opportunity it provides young women to promote a personally chosen platform. I chose strengthening the family to be my focus, an issue with which I am genuinely concerned. Goethe, a revered philopher, once said, 'Never let that which matters most be at the mercy of that which matters least.' The families often take a back seat to the pursuit of wealth and just plain busyness in all of it's forms. When it comes to

the family, I am convinced that you, the leaders of this state, can have a tremendous impact. When considering whether to support a bill, I ask you to carefully consider the effect its passing will have on the family. Please promote those measures designed to maintain and strengthen the family as a fundamental unit of society. I want you to know that you are prayed for. May God grant you wisdom and understanding and support you in the responsibilities that you bear. His eye is on the sparrow. I know He watches this country. Thank you so much."

Senator Thibaudeau: "Would Senator Kohl-Welles yield to a question? My question has to do with how does the University – and I'm a great admirer of many of their inventions – benefit financially from these? I raised questions with some pharmaceutical manufacturers and they said universities can't afford to market these things and we can. So, they research and we do the marketing and they make all the money. So, can you explain that a little bit for me, please?"

Senator Kohl-Welles: "Thank you Senator Thibaudeau. Yes, the institutions, the universities and colleges, are able to get royalty payments for the inventions and development of products that take place through their university research programs."

POINT OF INQUIRY

Senator Benton: "Would the gentleman from the 42nd District yield to a question? Senator Brandland, is the language in this bill written such a way that it is very, very narrow and only applies to international border areas?"

Senator Brandland: "You know, I don't know if it is that narrowly focused, but I can tell you the intent of the legislation was for that, generally, that narrow type of focus."

Senator Benton: "So its clear, then that the intent would not apply to all teller machines throughout Washington State only on teller machines that are on the international border?"

Senator Brandland: "No, it's intended for a Canadian. If a Canadian, for example, uses an ATM machine in the United States and they agree to continue to pay the \$1.50, then with this law that will mean that Canada will reimburse that store owner, whether there in Sumas or in Seattle, that \$1.50."

Senator Benton: "But it wouldn't apply to Italians or Mexicans or Germans. It would be Canadians?"

Senator Brandland: "My sense is that, I think, what the intent here is to deal with the Canadian traffic."

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator McCaslin that House Bill 1944 is an expansion of gambling that requires a sixty percent vote under Article II, Section 24 of the Washington Constitution, the President finds and rules as follows:

It seems clear that the main impetus of this measure is to clarify that state employee raffles for charitable purposes are permitted under the Ethics Act. Section 2 makes this clarification and, had the measure been limited to the Ethics Act, no question as to gambling expansion would arise. The first section, however, unequivocally adds state agencies to the list of nonprofit organizations which may hold charitable raffles. In so doing, it expands the class of people who may conduct gambling, and this is therefore an expansion of gambling, albeit for a limited and charitable cause. As a result, Senator McCaslin's point is well-taken and a sixty percent vote of this body will be needed for final passage."

MOTION

On motion of Senator Eide, House Bill No. 1944 was deferred and the bill held its place on the third reading calendar.

This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. The regulations issued by the governor pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; director of financial management. The governor, through the director of financial management, shall devise and supervise a modern and complete accounting system for each agency to the end that all revenues, expenditures, receipts, disbursements, resources, and obligations of the state shall be properly and systematically accounted for. The

accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for central accounts in the office of financial management at the level of detail deemed necessary by the director to perform central financial management. The director of financial management shall adopt and periodically update an accounting procedures manual. Any agency maintaining its own accounting and reporting system shall comply with the updated accounting procedures manual and the rules of the director adopted under this chapter. An agency may receive a waiver from complying with this requirement if the waiver is approved by the director. Waivers expire at the end of the fiscal biennium for which they are granted. The director shall forward notice of waivers granted to the appropriate legislative fiscal committees. The director of financial management may require such financial, statistical, and other reports as the director deems necessary from all agencies covering any period.

(2) Except as provided in chapter 43.88C RCW, the director of financial management is responsible for quarterly reporting of primary operating budget drivers such as applicable workloads, caseload estimates, and appropriate unit cost data. These reports shall be transmitted to the legislative fiscal committees or by electronic means to the legislative evaluation and accountability program committee. Quarterly reports shall include actual monthly data and the variance between actual and estimated data to date. The reports shall also include estimates of these items for the remainder of the budget period.

(3) The director of financial management shall report at least annually to the appropriate legislative committees regarding the status of all appropriated capital projects, including transportation projects, showing significant cost overruns or underruns. If funds are shifted from one project to another, the office of financial management shall also reflect this in the annual variance report. Once a project is complete, the report shall provide a final summary showing estimated start and completion dates of each project phase compared to actual dates, estimated costs of each project phase compared to actual costs, and whether or not there are any outstanding liabilities or unsettled claims at the time of completion.

(4) In addition, the director of financial management, as agent of the governor, shall:

(a) Develop and maintain a system of internal controls and internal audits comprising methods and procedures to be adopted by each agency that will safeguard its assets, check the accuracy and reliability of its accounting data, promote operational efficiency, and encourage adherence to prescribed managerial policies for accounting and financial controls. The system developed by the director shall include criteria for determining the scope and comprehensiveness of internal controls required by classes of agencies, depending on the level of resources at risk.

Each agency head or authorized designee shall be assigned the responsibility and authority for establishing and maintaining internal audits following the standards of internal auditing of the institute of internal auditors;

(b) Make surveys and analyses of agencies with the object of determining better methods and increased effectiveness in the use of manpower and materials; and the director shall authorize expenditures for employee training to the end that the state may benefit from training facilities made available to state employees;

(c) Establish policies for allowing the contracting of child care services;

(d) Report to the governor with regard to duplication of effort or lack of coordination among agencies;

(e) Review any pay and classification plans, and changes thereunder, developed by any agency for their fiscal impact: **PROVIDED**, That none of the provisions of this subsection shall affect merit systems of personnel management now existing or hereafter established by statute relating to the fixing of qualifications requirements for recruitment, appointment, or promotion of employees of any agency. The director shall advise and confer with agencies including appropriate standing committees of the legislature as may be designated by the speaker of the house and the president of the senate regarding the fiscal impact of such plans and may amend or alter the plans, except that for the following agencies no amendment or alteration of the plans may be made without the approval of the agency concerned: Agencies headed by elective officials;

(f) Fix the number and classes of positions or authorized employee years of employment for each agency and during the fiscal period amend the determinations previously fixed by the director except that the director shall not be empowered to fix the number or the classes for the following: Agencies headed by elective officials;

(g) Adopt rules to effectuate provisions contained in (a) through (f) of this subsection.

(5) The treasurer shall:

(a) Receive, keep, and disburse all public funds of the state not expressly required by law to be received, kept, and disbursed by some other persons: **PROVIDED**, That this subsection shall not apply to those public funds of the institutions of higher learning which are not subject to appropriation;

(b) Receive, disburse, or transfer public funds under the treasurer's supervision or custody;

(c) Keep a correct and current account of all moneys received and disbursed by the treasurer, classified by fund or account;

(d) Coordinate agencies' acceptance and use of credit cards and other payment methods, if the agencies have received authorization under RCW 43.41.180;

It shall be unlawful for the treasurer to disburse public funds in the treasury except upon forms or by alternative means duly prescribed by the director of financial management. These forms or alternative means shall provide for authentication and certification by the agency head or the agency head's designee that the services have been rendered or the materials have been furnished; or, in the case of loans or grants, that the loans or grants are authorized by law; or, in the case of payments for periodic maintenance services to be performed on state owned equipment, that a written contract for such periodic maintenance services is currently in effect; and the treasurer shall not be liable under the treasurer's surety bond for erroneous or improper payments so made. (a) Report to the legislature the results of current post audits that have been made of the financial transactions of each agency; to this end the auditor may, in the auditor's discretion, examine the books and accounts of any agency, official, or employee charged with the receipt, custody, or safekeeping of public funds. The state auditor, upon completing an audit for legal and financial compliance under chapter 43.09 RCW or a performance verification, may report to the joint legislative audit and review committee or other appropriate committees of the legislature, in a manner prescribed by the joint legislative audit and review committee, on facts relating to the management or performance of governmental programs where such facts are discovered incidental to the legal and financial audit or performance verification. The auditor may make such a report to a legislative committee only if the auditor has determined that the agency has been given an opportunity and has failed to resolve the management or performance issues raised by the auditor. If the auditor makes a report to a legislative committee, the agency may submit to the committee a response to the report. This subsection (6) shall not be construed to authorize the auditor to allocate other than de minimis resources to performance audits except as expressly authorized in the appropriations acts or in the performance audit work plan. The results of a performance audit conducted by the state auditor that has been requested by the joint legislative audit and review committee must only be transmitted to the joint legislative audit and review committee.))~~

Using revenues under the county conservation futures levy.

The measure was read the second time.

MOTION

Senator Jacobsen moved that the following committee striking amendment by the Committee on Natural Resources, Ocean & Recreation not be adopted.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 84.34.230 and 1995 c 318 s 8 are each amended to read as follows:

Conservation futures are a useful tool for counties to preserve lands of public interest for future generations. Counties are encouraged to use some conservation futures as one tool for salmon preservation purposes.

For the purpose of acquiring conservation futures (~~(as well as)~~) and other rights and interests in real property pursuant to RCW 84.34.210 and 84.34.220, ~~and for maintaining and operating any property acquired with these funds,~~ a county may levy an amount not to exceed (~~six and one quarter~~) ten cents per thousand dollars of assessed valuation against the assessed valuation of all taxable property within the county. The limitations in RCW 84.52.043 shall not apply to the tax levy authorized in this section. Any rights or interests in real property acquired under this section after the effective date of this section must be located within the assessing county.

Sec. 2. RCW 84.34.240 and 1971 ex.s. c 243 s 5 are each amended to read as follows:

Conservation futures are a useful tool for counties to preserve lands of public interest for future generations. Counties are encouraged to use some conservation futures as one tool for salmon preservation purposes.

(1) Any board of county commissioners may establish by resolution a special fund which may be termed a conservation futures fund to which it may credit all taxes levied pursuant to RCW 84.34.230. Amounts placed in this fund may be used (~~solely~~) for the purpose of acquiring rights and interests in real property pursuant to the terms of RCW 84.34.210 and 84.34.220, ~~and for the maintenance and operation of any property acquired with these funds.~~ The amount of revenue used for maintenance and operations of parks and recreational land may not exceed fifteen percent of the total amount collected from the tax levied under RCW 84.34.230 in the preceding calendar year. Revenues from this tax may not be used to supplant existing maintenance and operation funding. Any rights or interests in real property acquired under this section must be located within the assessing county.

(2) In counties greater than one hundred thousand in population, the board of county commissioners or county legislative authority shall develop a process to help ensure distribution of the tax levied under RCW 84.34.230, over time, throughout the county.

(3)(a) Between the effective date of this section and July 1, 2008, the county legislative authority of a county with a population density of fewer than four persons per square mile may enact an ordinance offering a ballot proposal to the people of the county to determine whether or not the county legislative authority may make a one-time emergency reallocation of unspent conservation futures funds to pay for other county government purposes, where such conservation futures funds were originally levied under RCW 84.34.230 but never spent to acquire rights and interests in real property.

(b) Upon adoption by the county legislative authority of a ballot proposal ordinance under (a) of this subsection the county auditor shall: (i) Confer with the county legislative authority and review any proposal to the people as to form and style; (ii) give the ballot proposal a number, which thereafter shall be the identifying number for the proposal; (iii) transmit a copy of the proposal to the prosecuting attorney; and (iv) submit the proposal to the people at the next general or special election that is not less than ninety days after the adoption of the ordinance by the county legislative authority.

(c) The county prosecuting attorney shall within fifteen working days of receipt of the proposal compose a concise statement, posed as a positive question, not to exceed twenty-five words, which shall express and give a true and impartial statement of the proposal. Such concise statement shall be the ballot title.

(d) If the measure is affirmed by a majority voting on the issue it shall become effective ten days after the results of the election are certified.

(4) Nothing in this section shall be construed as limiting in any manner methods and funds otherwise available to a county for financing the acquisition of such rights and interests in real property.

Sec. 3. RCW 84.52.010 and 2004 c 129 s 21 and 2004 c 80 s 3 are each reenacted and amended to read as follows:

Except as is permitted under RCW 84.55.050, all taxes shall be levied or voted in specific amounts.

The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the assessor shall recompute and establish a consolidated levy in the following manner:

(1) The full certified rates of tax levy for state, county, county road district, and city or town purposes shall be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy shall take precedence over all other levies and shall not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW 84.52.135, 36.54.130, 84.52.069, 84.34.230, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, and 84.52.105, the combined rate of regular property tax levies that are subject to the one percent limitation exceeds one percent of the true and fair value of any property, then these levies shall be reduced as follows:

(a) If the consolidated tax levy rate exceeds these limitations, any portion of the levy imposed under RCW 84.34.230 that is in excess of six and one-quarter cents per thousand dollars of assessed valuation shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated prior to any other levy authorized under RCW 84.34.230;

(b) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.135 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

~~((b))~~ (c) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a ferry district under RCW 36.54.130 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

~~((c))~~ (d) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by a metropolitan park district that is protected under RCW 84.52.120 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated;

~~((d))~~ (e) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, shall be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated; and

~~((e))~~ (f) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or eliminated.

(2) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property shall be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(a) First, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, 35.95A.100, and 67.38.130 shall be reduced on a pro rata basis or eliminated;

(b) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts shall be reduced on a pro rata basis or eliminated;

(c) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of all other junior taxing districts, other than fire protection districts, regional fire protection service authorities, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, shall be reduced on a pro rata basis or eliminated;

(d) Fourth, if the consolidated tax levy rate still exceeds these limitations, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts created on or after January 1, 2002, shall be reduced on a pro rata basis or eliminated;

(e) Fifth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to regional fire protection service authorities under RCW 52.26.140(1) (b) and (c) and fire protection districts under RCW 52.16.140 and 52.16.160 shall be reduced on a pro rata basis or eliminated; and

(f) Sixth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for regional fire protection service authorities under RCW 52.26.140(1)(a), fire protection districts under RCW 52.16.130, library districts, metropolitan park districts created before January 1, 2002, under their first fifty cent per thousand dollars of assessed valuation levy, and public hospital districts under their first fifty cent per thousand dollars of assessed valuation levy, shall be reduced on a pro rata basis or eliminated."

On page 1, line 2 of the title, after "levy;" strike the remainder of the title and insert "amending RCW 84.34.230 and 84.34.240; and reenacting and amending RCW 84.52.010."

SECOND READING

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1794, by House Committee on Appropriations (originally sponsored by Representatives Kenney, Cox, Sommers, Fromhold, Priest, Sells, Moeller, Hasegawa, Conway, Ormsby, McCoy, Roberts, Kessler, Darneille, O'Brien, Murray, Dickerson, Lantz, Williams, Chase, Hunter, Lovick, Dunshee, Kagi, Morrell, Haigh, McDermott, Wood and Hudgins)

Expanding access to baccalaureate degree programs.

The measure was read the second time.

MOTION

Senator Pridemore moved that the following committee striking amendment by the Committee on Ways & Means be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) Since their creation in 1989, the research university branch campuses have significantly expanded access to baccalaureate and graduate education for placebound students in Washington's urban and metropolitan cities. Furthermore, the campuses have contributed to community revitalization and economic development in their regions. The campuses have met their overall mission through the development of new degree programs and through collaboration with community and technical colleges. These findings were confirmed by a comprehensive review of the campuses by the Washington state institute for public policy in 2002 and 2003, and reaffirmed through legislation enacted in 2004 that directed four of the campuses to make recommendations for their future evolution.

(2) The self-studies conducted by the University of Washington Bothell, University of Washington Tacoma, Washington State University Tri-Cities, and Washington State University Vancouver reflect thoughtful and strategic planning and involved the input of numerous students, faculty, community and business leaders, community colleges, advisory committees, and board members. The higher education coordinating board's careful review provides a statewide context for the legislature to implement the next stage of the campuses.

(3) Concurrently, the higher education coordinating board has developed a strategic master plan for higher education that sets a goal of increasing the number of students who earn college degrees at all levels: Associate, baccalaureate, and graduate. The strategic master plan also sets a goal to increase the higher education system's responsiveness to the state's economic needs.

(4) The legislature finds that to meet both of the master plan's goals and to provide adequate educational opportunities for Washington's citizens, additional access is needed to baccalaureate degree programs. Expansion of the four campuses is one strategy for achieving the desired outcomes of the master plan. Other strategies must also be implemented through service delivery models that reflect both regional demands and statewide priorities.

(5) Therefore, the legislature intends to increase baccalaureate access and encourage economic development through overall expansion of upper division capacity, continued development of two plus two programs in some areas of the state, authorization of four-year university programs in other areas of the state, and creation of new types of baccalaureate programs on a pilot basis. These steps will make significant progress toward achieving the master plan goals, but the legislature will also continue to monitor the development of the higher education system and evaluate what additional changes or expansion may be necessary.

Sec. 2. RCW 28B.45.014 and 2004 c 57 s 2 are each amended to read as follows:

(1) The primary mission of the higher education branch campuses created under this chapter remains to expand access to baccalaureate and master's level graduate education in underserved urban areas of the state in collaboration with community and technical colleges. The top priority for each of the campuses is to expand courses and degree programs for transfer and graduate students. New degree programs should be driven by the educational needs and demands of students and the community, as well as the economic development needs of local businesses and employers.

(2) Branch campuses shall collaborate with the community and technical colleges in their region to develop articulation agreements, dual admissions policies, and other partnerships to ensure that branch campuses serve as innovative models of a two plus two educational system. Other possibilities for collaboration include but are not limited to joint development of curricula and degree programs, colocation of instruction, and arrangements to share faculty.

(3) In communities where a private postsecondary institution is located, representatives of the private institution may be invited to participate in the conversation about meeting the baccalaureate and master's level graduate needs in underserved urban areas of the state.

(4) However, the legislature recognizes there are alternative models for achieving this primary mission. Some campuses may have additional missions in response to regional needs and demands. At selected branch campuses, an innovative combination of instruction and research targeted to support regional economic development may be appropriate to meet the region's needs for both access and economic viability. Other campuses should focus on becoming models of a two plus two educational system through continuous improvement of partnerships and agreements with community and technical colleges. Still other campuses may be best suited to transition to a four-year (~~comprehensive~~) university or be removed from designation as a branch campus entirely.

(5) ~~((It is the legislature's intent that each branch campus be funded commensurate with its unique mission, the degree programs offered, and the institutional combination of instruction and research, but at a level less than a research university))~~ The legislature recognizes that size, mix of degree programs, and proportion of lower versus upper-division and graduate enrollments are factors that affect costs at branch campuses. However over time, the legislature intends that branch campuses be funded more similarly to regional universities.

(6) In consultation with the higher education coordinating board, a branch campus may propose legislation to authorize practice-oriented or professional doctoral programs if: (a) Unique research facilities and equipment are located near the campus; or (b) the campus can clearly demonstrate student and employer demand in the region that is linked to regional economic development.

(7) It is not the legislature's intent to have each campus chart its own future path without legislative guidance. Instead, the legislature intends to consider carefully the mission and model of education that best suits each campus and best meets the needs of students, the community, and the region. The higher education coordinating board shall monitor and evaluate the

addition of lower division students to the branch campuses and periodically report and make recommendations to the higher education committees of the legislature to ensure the campuses continue to follow the priorities established under this chapter.

Sec. 3. RCW 28B.45.020 and 1994 c 217 s 3 are each amended to read as follows:

(1) The University of Washington is responsible for ensuring the expansion of ((upper division)) baccalaureate and graduate educational programs in the central Puget Sound area under rules or guidelines adopted by the higher education coordinating board and in accordance with proportionality agreements emphasizing access for transfer students developed with the state board for community and technical colleges. The University of Washington shall meet that responsibility through the operation of at least two branch campuses. One branch campus shall be located in the Tacoma area. Another branch campus shall be collocated with Cascadia Community College in the Bothell-Woodinville area.

(2) At the University of Washington Tacoma, a top priority is expansion of upper division capacity for transfer students and graduate capacity and programs. Beginning in the fall of 2006, the campus may offer lower division courses linked to specific majors in fields not addressed at local community colleges. The campus shall admit lower division students through coadmission or coenrollment agreements with a community college, or through direct transfer for students who have accumulated approximately one year of transferable college credits. In addition to offering lower division courses linked to specific majors as addressed above, the campus may also directly admit freshmen and sophomores gradually and deliberately in accordance with the campus plan submitted to the higher education coordinating board in 2004.

(3) At the University of Washington Bothell, a top priority is expansion of upper division capacity for transfer students and graduate capacity and programs. The campus shall also seek additional opportunities to collaborate with and maximize its collocation with Cascadia Community College. Beginning in the fall of 2006, the campus may offer lower division courses linked to specific majors in fields not addressed at local community colleges. The campus may admit lower division students through coadmission or coenrollment agreements with a community college, or through direct transfer for students who have accumulated approximately one year of transferable college credits. In addition to offering lower division courses linked to specific majors as addressed above, the campus may also directly admit freshmen and sophomores gradually and deliberately in accordance with the campus plan submitted to the higher education coordinating board in 2004.

Sec. 4. RCW 28B.45.030 and 1989 1st ex.s. c 7 s 4 are each amended to read as follows:

(1) Washington State University is responsible for providing ((upper division)) baccalaureate and graduate level higher education programs to the citizens of the Tri-Cities area, under rules or guidelines adopted by the higher education coordinating board and in accordance with proportionality agreements emphasizing access for transfer students developed with the state board for community and technical colleges. Washington State University shall meet that responsibility through the operation of a branch campus in the Tri-Cities area. The branch campus shall replace and supersede the Tri-Cities university center. All land, facilities, equipment, and personnel of the Tri-Cities university center shall be transferred from the University of Washington to Washington State University.

(2) Washington State University Tri-Cities shall continue providing innovative coadmission and coenrollment options with Columbia Basin College, and expand its upper division capacity for transfer students and graduate capacity and programs. The campus shall also seek additional opportunities to collaborate with the Pacific Northwest national laboratory. Beginning in the fall of 2006, the campus may offer lower division courses linked to specific majors in fields not addressed at local community colleges. The campus may admit lower division students through coadmission or coenrollment agreements with a community college, or through direct transfer for students who have accumulated approximately one year of transferable college credits. In addition to offering lower division courses linked to specific majors as addressed above, the campus may also directly admit freshmen and sophomores for a bachelor's degree program in biotechnology subject to approval by the higher education coordinating board. The campus may not directly admit freshmen and sophomores for degree programs other than biotechnology, however this topic shall be the subject of further study and recommendations by the higher education coordinating board.

Sec. 5. RCW 28B.45.040 and 1989 1st ex.s. c 7 s 5 are each amended to read as follows:

(1) Washington State University is responsible for providing ((upper division)) baccalaureate and graduate level higher education programs to the citizens of the southwest Washington area, under rules or guidelines adopted by the higher education coordinating board and in accordance with proportionality agreements emphasizing access for transfer students developed with the state board for community and technical colleges. Washington State University shall meet that responsibility through the operation of a branch campus in the southwest Washington area.

(2) Washington State University Vancouver shall expand upper division capacity for transfer students and graduate capacity and programs and continue to collaborate with local community colleges on coadmission and coenrollment programs. In addition, beginning in the fall of 2006, the campus may admit lower division students directly. By simultaneously admitting freshmen and sophomores, increasing transfer enrollment, coadmitting transfer students, and expanding graduate and professional programs, the campus shall develop into a four-year institution serving the southwest Washington region.

NEW SECTION. Sec. 6. A new section is added to chapter 28B.50 RCW to read as follows:

(1) The college board shall select four community or technical colleges to develop and offer programs of study leading to an applied baccalaureate degree. The college board shall convene a task force that includes representatives of both the community and technical colleges to develop objective selection criteria.

(2) Colleges may submit an application to become a pilot college under this section. The college board shall review the applications and select the pilot colleges using objective criteria, including:

(a) The college demonstrates the capacity to make a long-term commitment of resources to build and sustain a high quality program;

(b) The college has or can readily engage faculty appropriately qualified to develop and deliver a high quality curriculum at the baccalaureate level;

(c) The college can demonstrate demand for the proposed program from a sufficient number of students within its service area to make the program cost-effective and feasible to operate;

(d) The college can demonstrate that employers demand the level of technical training proposed within the program, making it cost-effective for students to seek the degree; and

(e) The proposed program fills a gap in options available for students because it is not offered by a public four-year institution of higher education in the college's geographic area.

(3) A college selected as a pilot college under this section may develop the curriculum for and design and deliver courses leading to an applied baccalaureate degree. However, degree programs developed under this section are subject to approval by the college board under RCW 28B.50.090 and by the higher education coordinating board under RCW 28B.76.230 before a pilot college may enroll students in upper-division courses. A pilot college may not enroll students in upper division courses before the fall academic quarter of 2006.

Sec. 7. RCW 28B.50.020 and 1991 c 238 s 21 are each amended to read as follows:

The purpose of this chapter is to provide for the dramatically increasing number of students requiring high standards of education either as a part of the continuing higher education program or for occupational education and training, or for adult basic skills and literacy education, by creating a new, independent system of community and technical colleges which will:

(1) Offer an open door to every citizen, regardless of his or her academic background or experience, at a cost normally within his or her economic means;

(2) Ensure that each college district shall offer thoroughly comprehensive educational, training and service programs to meet the needs of both the communities and students served by combining high standards of excellence in academic transfer courses; realistic and practical courses in occupational education, both graded and ungraded; community services of an educational, cultural, and recreational nature; and adult education, including basic skills and general, family, and work force literacy programs and services. However, college districts containing only technical colleges shall maintain programs solely for occupational education, basic skills, and literacy purposes, and, for as long as a need exists, may continue those programs, activities, and services offered by the technical colleges during the twelve-month period preceding September 1, 1991;

(3) Provide for basic skills and literacy education, and occupational education and technical training at technical colleges in order to prepare students for careers in a competitive work force;

(4) Provide or coordinate related and supplemental instruction for apprentices at community and technical colleges;

(5) Provide administration by state and local boards which will avoid unnecessary duplication of facilities or programs; and which will encourage efficiency in operation and creativity and imagination in education, training and service to meet the needs of the community and students;

(6) Allow for the growth, improvement, flexibility and modification of the community colleges and their education, training and service programs as future needs occur; and

(7) Establish firmly that, except on a pilot basis as provided under section 6 of this act, community colleges are, for purposes of academic training, two year institutions, and are an independent, unique, and vital section of our state's higher education system, separate from both the common school system and other institutions of higher learning, and never to be considered for conversion into four-year liberal arts colleges.

Sec. 8. RCW 28B.50.030 and 2003 2nd sp.s. c 4 s 33 are each amended to read as follows:

(3) Shall employ for a period to be fixed by the board a college president for each community and technical college and, may appoint a president for the district, and fix their duties and compensation, which may include elements other than salary. Compensation under this subsection shall not affect but may supplement retirement, health care, and other benefits that are otherwise applicable to the presidents as state employees. The board shall also employ for a period to be fixed by the board members of the faculty and such other administrative officers and other employees as may be necessary or appropriate and fix their salaries and duties. Compensation and salary increases under this subsection shall not exceed the amount or percentage established for those purposes in the state appropriations act by the legislature as allocated to the board of trustees by the state board for community and technical colleges. The state board for community and technical colleges shall adopt rules defining the permissible elements of compensation under this subsection;

However, the authority of boards of trustees to purchase or lease major off-campus facilities shall be subject to the approval of the higher education coordinating board pursuant to RCW 28B.76.230;

(5) May establish or lease, operate, equip and maintain dormitories, food service facilities, bookstores and other self-supporting facilities connected with the operation of the community and technical college;

(6) May, with the approval of the college board, borrow money and issue and sell revenue bonds or other evidences of indebtedness for the construction, reconstruction, erection, equipping with permanent fixtures, demolition and major alteration of buildings or other capital assets, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances, for dormitories, food service facilities, and other self-supporting facilities connected with the operation of the community and technical college in accordance with the provisions of RCW 28B.10.300 through 28B.10.330 where applicable;

(b) Employ necessary employees to govern, manage and operate the same;

(8) May receive such gifts, grants, conveyances, devises and bequests of real or personal property from private sources, as may be made from time to time, in trust or otherwise, whenever the terms and conditions thereof will aid in carrying out the community and technical college programs as specified by law and the (~~(regulations)~~) rules of the state college board; sell, lease or exchange, invest or expend the same or the proceeds, rents, profits and income thereof according to the terms and conditions thereof; and adopt (~~(regulations)~~) rules to govern the receipt and expenditure of the proceeds, rents, profits and income thereof;

Technical colleges shall offer only (~~(nonbaccalaureate)~~) technical degrees under the rules of the state board for community and technical colleges that are appropriate to their work force education and training mission. The primary purpose of (~~(this)~~) these degrees is to lead the individual directly to employment in a specific occupation. Technical colleges may not offer transfer degrees. Only pilot colleges under section 6 of this act may award baccalaureate degrees. The board, upon recommendation of the faculty, may also confer honorary associate of arts degrees upon persons other than graduates of the community college, in recognition of their learning or devotion to education, literature, art, or science. (15) May perform such other activities consistent with this chapter and not in conflict with the directives of the college board;

(16) Notwithstanding any other provision of law, may offer educational services on a contractual basis other than the tuition and fee basis set forth in chapter 28B.15 RCW for a special fee to private or governmental entities, consistent with rules

~~((and regulations))~~ adopted by the state board for community and technical colleges: PROVIDED, That the whole of such special fee shall go to the college district and be not less than the full instructional costs of such services including any salary increases authorized by the legislature for community and technical college employees during the term of the agreement: PROVIDED FURTHER, That enrollments generated hereunder shall not be counted toward the official enrollment level of the college district for state funding purposes;

(17) Notwithstanding any other provision of law, may offer educational services on a contractual basis, charging tuition and fees as set forth in chapter 28B.15 RCW, counting such enrollments for state funding purposes, and may additionally charge a special supplemental fee when necessary to cover the full instructional costs of such services: PROVIDED, That such contracts shall be subject to review by the state board for community and technical colleges and to such rules as the state board may adopt for that purpose in order to assure that the sum of the supplemental fee and the normal state funding shall not exceed the projected total cost of offering the educational service: PROVIDED FURTHER, That enrollments generated by courses offered on the basis of contracts requiring payment of a share of the normal costs of the course will be discounted to the percentage provided by the college;

(18) Shall be authorized to pay dues to any association of trustees that may be formed by the various boards of trustees; such association may expend any or all of such funds to submit biennially, or more often if necessary, to the governor and to the legislature, the recommendations of the association regarding changes which would affect the efficiency of such association;

(20) Shall perform any other duties and responsibilities imposed by law or rule (~~((and regulation))~~) of the state board.

Sec. 10. RCW 28B.15.069 and 2003 c 232 s 5 are each amended to read as follows:

(1) The building fee for each academic year shall be a percentage of total tuition fees. This percentage shall be calculated by the higher education coordinating board and be based on the actual percentage the building fee is of total tuition for each tuition category in the 1994-95 academic year, rounded up to the nearest half percent.

(2) The governing boards of each institution of higher education, except for the technical colleges, shall charge to and collect from each student a services and activities fee. A governing board may increase the existing fee annually, consistent with budgeting procedures set forth in RCW 28B.15.045, by a percentage not to exceed the annual percentage increase in student tuition fees for resident undergraduate students: PROVIDED, That such percentage increase shall not apply to that portion of the services and activities fee previously committed to the repayment of bonded debt. These rate adjustments may exceed the fiscal growth factor. For the 2003-04 academic year, the services and activities fee shall be based upon the resident undergraduate services and activities fee in 2002-03. The services and activities fee committee provided for in RCW 28B.15.045 may initiate a request to the governing board for a fee increase.

(3) Tuition and services and activities fees consistent with subsection (2) of this section shall be set by the state board for community and technical colleges for community college summer school students unless the community college charges fees in accordance with RCW 28B.15.515.

(4) Subject to the limitations of RCW 28B.15.910, each governing board of a community college may charge such fees for ungraded courses, noncredit courses, community services courses, and self-supporting courses as it, in its discretion, may determine, consistent with the rules of the state board for community and technical colleges.

(5) The governing board of a college offering an applied baccalaureate degree program under section 6 of this act may charge tuition fees for those courses above the associate degree level at rates consistent with rules adopted by the state board for community and technical colleges, not to exceed tuition fee rates at the regional universities.

Sec. 11. RCW 28B.76.230 and 2004 c 275 s 9 are each amended to read as follows:

(1) The board shall develop a comprehensive and ongoing assessment process to analyze the need for additional degrees and programs, additional off-campus centers and locations for degree programs, and consolidation or elimination of programs by the four-year institutions.

(2) As part of the needs assessment process, the board shall examine:

(a) Projections of student, employer, and community demand for education and degrees, including liberal arts degrees, on a regional and statewide basis;

(b) Current and projected degree programs and enrollment at public and private institutions of higher education, by location and mode of service delivery; and

(c) Data from the work force training and education coordinating board and the state board for community and technical colleges on the supply and demand for work force education and certificates and associate degrees.

(3) Every two years the board shall produce, jointly with the state board for community and technical colleges and the work force training and education coordinating board, an assessment of the number and type of higher education and training credentials required to match employer demand for a skilled and educated work force. The assessment shall include the number of forecasted net job openings at each level of higher education and training and the number of credentials needed to match the forecast of net job openings.

(4) The board shall determine whether certain major lines of study or types of degrees, including applied degrees or research-oriented degrees, shall be assigned uniquely to some institutions or institutional sectors in order to create centers of excellence that focus resources and expertise.

(5) The following activities are subject to approval by the board:

- (a) New degree programs by a four-year institution;
- (b) Creation of any off-campus program by a four-year institution;
- (c) Purchase or lease of major off-campus facilities by a four-year institution or a community or technical college;
- (d) Creation of higher education centers and consortia; ~~((and))~~
- (e) New degree programs and creation of off-campus programs by an independent college or university in collaboration with a community or technical college; and
- (f) Applied baccalaureate degree programs developed by colleges under section 6 of this act.

(6) Institutions seeking board approval under this section must demonstrate that the proposal is justified by the needs assessment developed under this section. Institutions must also demonstrate how the proposals align with or implement the statewide strategic master plan for higher education under RCW 28B.76.200.

(7) The board shall develop clear guidelines and objective decision-making criteria regarding approval of proposals under this section, which must include review and consultation with the institution and other interested agencies and individuals.

(8) The board shall periodically recommend consolidation or elimination of programs at the four-year institutions, based on the needs assessment analysis.

NEW SECTION. Sec. 12. A new section is added to chapter 28B.50 RCW to read as follows:

(1) One strategy to accomplish expansion of baccalaureate capacity in underserved regions of the state is to allocate state funds for student enrollment to a community and technical college and authorize the college to enter into agreements with a regional university or state college as defined in RCW 28B.10.016 or a branch campus under chapter 28B.45 RCW, to offer baccalaureate degree programs.

(2) Subject to legislative appropriation for the purpose described in this section, the college board shall select and allocate funds to three community or technical colleges for the purpose of entering into an agreement with one or more regional universities, branch campuses, or the state college to offer baccalaureate degree programs on the college campus.

(3) The college board shall select the community or technical college based on analysis of gaps in service delivery, capacity, and student and employer demand for programs. Before taking effect, the agreement under this section must be approved by the higher education coordinating board.

(4) Students enrolled in programs under this section are considered students of the regional university, branch campus, or state college for all purposes including tuition and reporting of state-funded enrollments.

NEW SECTION. Sec. 13. (1) The legislature finds that access to baccalaureate and graduate degree programs continues to be limited for residents of North Snohomish, Island, and Skagit counties. Studies conducted by the state board for community and technical colleges, the higher education coordinating board, and the council of presidents confirm that enrollment in higher education in this geographic region lags enrollment in other parts of the state, particularly for upper division courses leading to advanced degrees. The higher education consortium created to serve the region has not been able to successfully address the region's access needs. The university center model of service delivery, centered on a community college campus with a single point of accountability, has proven more effective in developing degree programs and attracting students.

(2) Therefore the legislature intends to refocus the consortium by assigning management and leadership responsibility for consortium operations to Everett Community College. Everett Community College shall collaborate with community and business leaders, other local community colleges, the public four-year institutions of higher education, and the higher education coordinating board to develop an educational plan for the North Snohomish, Island, and Skagit county region based on the university center model. The plan should provide for projections of student enrollment demand, coordinated delivery of lower and upper division courses, expanded availability of baccalaureate degree programs and high demand degree and certificate programs in the region, and a timeline and cost estimates for moving the physical location of the consortium to the college campus. The college shall submit preliminary recommendations to the higher education and fiscal committees of the legislature by December 1, 2005.

NEW SECTION. Sec. 14. (1) The higher education coordinating board shall define potential outcomes resulting from this act and develop performance measures for those outcomes, including but not limited to increased numbers of baccalaureate degrees awarded; expansion of upper division and graduate capacity at the University of Washington Bothell and Tacoma and Washington State University Tri-Cities and Vancouver; enhanced regional access to baccalaureate programs; and creation and award of applied baccalaureate degrees. The board shall provide a progress report on the outcomes to the higher education committees of the senate and the house of representatives by December 1, 2008.

(2) This section expires July 1, 2009."

SECOND READING

SUBSTITUTE HOUSE BILL NO. 1189, by House Committee on Local Government (originally sponsored by Representatives Moeller, Bailey, McCoy, Armstrong, Williams, Newhouse, Fromhold, Springer, Ericks, Flannigan, Curtis, Cody, Condotta, Appleton, Hinkle, Morrell, Campbell, Pearson, Chase, Dickerson, Linville, Woods, Kenney, O'Brien, Conway, Lantz, Sells, Kagi, Ormsby, Haigh, Upthegrove, Hasegawa and Kilmer)

Providing relief for indigent veterans and their families.

The measure was read the second time.

MOTION

Senator Pridemore moved that the following committee striking amendment by the Committee on Government Operations & Elections be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) It is the intent of the legislature that each county establish a veterans' assistance program to benefit indigent veterans and their families. These programs must be funded, at least in part, by veterans' assistance funds. The legislature intends also for each county to establish a veterans' advisory board responsible for advising the county legislative authority on needed and appropriate assistance programs for local indigent veterans and their families. Recognizing the valuable insight and perspectives that veterans offer, it is the intent of the legislature that each board be comprised entirely of veterans.

(2) The legislature recognizes that ongoing veterans' relief or assistance programs in some areas of the state have provided meaningful assistance to indigent veterans and family members. The legislature further recognizes that veterans' service organizations have traditionally been the initial point of contact for indigent veterans and family members seeking assistance. In recognition of these factors, the legislature intends to authorize, upon the satisfaction of certain administrative requirements, existing veterans' relief or assistance programs to continue providing needed and effective assistance to indigent veterans and their families.

(3) The legislature recognizes that counties respond to the needs of indigent veterans and family members in the manner most appropriate to the needs and resources of the county. The legislature intends for the provisions of this act to facilitate the effective use of assistance funds through efficient model programs that benefit veterans and family members experiencing financial hardships.

(4) It is the policy of the state of Washington that bias shall not play a role in the distribution of the veterans' assistance fund.

NEW SECTION. Sec. 2. A new section is added to chapter 73.08 RCW to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Direct costs" includes those allowable costs that can be readily assigned to the statutory objectives of this chapter, consistent with the cost principles promulgated by the federal office of management and budget in circular No. A-87, dated May 10, 2004.

(2) "Family" means the spouse, widow, widower, and dependent children of a living or deceased veteran.

(3) "Indigent" means a person who is defined as such by the county legislative authority using one or more of the following definitions:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, general assistance, poverty-related veterans' benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicaid, or supplemental security income;

(b) Receiving an annual income, after taxes, of up to one hundred fifty percent or less of the current federally established poverty level, or receiving an annual income not exceeding a higher qualifying income established by the county legislative authority; or

(c) Unable to pay reasonable costs for shelter, food, utilities, and transportation because his or her available funds are insufficient.

(4) "Indirect costs" includes those allowable costs that are generally associated with carrying out the statutory objectives of this chapter, but the identification and tracking of those costs cannot be readily assigned to a specific statutory objective without an accounting effort that is disproportionate to the benefit received. A county legislative authority may allocate allowable indirect costs to its veterans' assistance fund if it is accomplished in a manner consistent with the cost principles promulgated by the federal office of management and budget in circular No. A-87, dated May 10, 2004.

(5) "Veteran" has the same meaning as defined in RCW 41.04.005 and 41.04.007.

(6) "Veterans' advisory board" means a board established by a county legislative authority under the authority of section 4 of this act.

(7) "Veterans' assistance fund" means an account in the custody of the county auditor, or the chief financial officer in a county operating under a charter, that is funded by taxes levied under the authority of RCW 73.08.080.

(8) "Veterans' assistance program" means a program approved by the county legislative authority under the authority of RCW 73.08.010 that is fully or partially funded by the veterans' assistance fund authorized by RCW 73.08.080.

Sec. 3. RCW 73.08.010 and 2002 c 292 s 7 are each amended to read as follows:

(1) For the relief of indigent ~~((and suffering))~~ veterans ~~((as defined in RCW 41.04.007 and))~~, their families ~~((or))~~, and the families of ~~((those))~~ deceased indigent veterans, ~~((who need assistance in any city, town or precinct in this state,))~~ the legislative authority of ~~((the))~~ each county ~~((in which the city, town or precinct is situated shall provide such sum or sums of money as may be necessary, to be drawn upon by the commander and quartermaster, or commander and adjutant or commander and service officer of any post, camp or chapter of any national organization of veterans now, or which may hereafter be, chartered by an act of congress in the city or town upon recommendation of the relief committee of said post, camp or chapter: PROVIDED, Said veteran or the families of those deceased are and have been residents of the state for at least twelve months, and the orders of said commander and quartermaster, or commander and adjutant or commander and service officer shall be the proper voucher for the expenditure of said sum or sums of money))~~ shall establish a veterans' assistance program to address the needs of local indigent veterans and their families. Veterans' assistance programs shall be funded, at least in part, by the veterans' assistance fund created under the authority of RCW 73.08.080.

(2) The county legislative authority may authorize other entities to administer a veterans' assistance program or programs through grants, contracts, or interlocal agreements. If the county legislative authority authorizes another entity to

- (d) The costs and sources of funding;
- (e) Any insurance or bond requirements;
- (f) The format and frequency of progress and final reports; and

(3) If the county legislative authority authorizes another entity to administer a veterans' assistance program or programs, the authorized entity should, to the extent feasible and consistent with this chapter, ensure that a local branch of a nationally recognized veterans' service organization is the initial point of contact for a veteran or family member seeking assistance.

(4) Nothing in this section shall prohibit or be construed as prohibiting a county from authorizing the continued operation of a veterans' relief or assistance program or programs existing on January 1, 2005, if the authorizing legislative authority:

- (a) Solicits advice from the veterans' advisory board established in section 4 of this act; and
- (b) Satisfies the grant, contractual, or interlocal agreement requirements of subsection (2) of this section.

NEW SECTION. Sec. 4. A new section is added to chapter 73.08 RCW to read as follows:

(1) The legislative authority for each county must establish a veterans' advisory board. Upon its establishment, the board shall advise the county legislative authority on the needs of local indigent veterans, the resources available to local indigent veterans, and programs that could benefit the needs of local indigent veterans and their families.

(2) The county legislative authority must solicit representatives from either local branches of nationally recognized veterans' service organizations or the veterans' community at large, or both, to serve on the board. No fewer than a majority of the board members shall be members from nationally recognized veterans' service organizations and only veterans are eligible to serve as board members.

(3) Service on the board is voluntary. The county legislative authority may provide for reimbursement to board members for expenses incurred.

~~(2) If the funds on deposit~~~~((less outstanding warrants, residing))~~ in the ~~((veteran's))~~ veterans' assistance fund, less outstanding warrants, on the first Tuesday in September exceed the expected yield of one and one-eighth cents per thousand dollars of assessed value against the taxable property of the county, the county legislative authority may levy a lesser amount~~((PROVIDED FURTHER, That the))~~. "NEW SECTION. Sec. 1. The legislature finds and declares that:

(1) An estimated one hundred twenty-eight million Americans suffer from chronic, degenerative, and acute diseases, including diabetes, Alzheimer's disease, cancer, Huntington's disease, Parkinson's disease, heart disease, and spinal cord injury. The crippling economic and psychological burdens of such diseases result in billions of dollars every year in costs of treatment and lost productivity as well as extreme human loss and emotional suffering.

(2) Adult stem cell research continues to offer immense promise for developing new medical therapies for these debilitating diseases and a critical means to explore fundamental questions of biology. Stem cell research could lead to unprecedented treatments and potential cures for diabetes, Alzheimer's disease, Huntington's disease, Parkinson's disease, heart disease, spinal cord injury, and other diseases.

(3) Stem cell therapy was born in Washington state over thirty years ago, with the pioneering work of nobel laureate, E. Donnall Thomas, and his colleagues at the Fred Hutchinson cancer research center. The Fred Hutchinson cancer research center remains the premier center for adult stem cell transplantation in the world. Support for adult stem cell research at this critical juncture represents a commitment to continue this distinguished legacy.

(4) While adult stem cell research holds enormous potential for treating or even curing some diseases, the cloning of human beings is morally and ethically unacceptable. Furthermore, the cloning of human beings poses grave health risks to any child who may be produced in this manner. Any attempt to clone a human being is in direct conflict with the policies of this state.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Cloning of a human being" means human asexual reproduction, accomplished by introducing nuclear material from one or more human somatic cells into a fertilized or unfertilized oocyte whose nucleus has been removed or inactivated to produce a living organism at any stage of development with a human or predominantly human genetic constitution that is genetically virtually identical to an existing or previously existing human organism.

(2) "Diploid cell" means a cell which has a complete set of chromosomes.

(3) "Human somatic cell" means a diploid cell obtained or derived from a living or deceased human at any stage of development.

(4) "Oocyte" means the unfertilized human ovum.

NEW SECTION. Sec. 3. (1) No person may knowingly engage or assist in cloning or attempted cloning of a human being.

(2) The attorney general may bring an action to enjoin any person from violating subsection (1) of this section.

(3) Any person who violates subsection (1) of this section is subject to a civil penalty not to exceed three hundred thousand dollars for each violation. Civil penalties authorized by this subsection may be imposed in any civil action brought by the attorney general.

(4) Any person may bring a cause of action for injunctive relief against a person or entity that is reasonably believed to be about to violate or is in the course of violating section (1) of this section.

(5) Nothing in this section shall be construed to restrict areas of biomedical, agricultural, and scientific research not specifically prohibited by this section, including research in the use of nuclear transfer or other cloning technologies to clone molecules, DNA, cells other than human embryos, tissues, organs, plants, or animals other than humans.

NEW SECTION. Sec. 4. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

The measure was read the second time.

MOTION

Senator McAuliffe moved that the following committee striking amendment by the Committee on Early Learning, K-12 & Higher Education be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature to promote the full success of the centennial accord, which was signed by state and tribal government leaders in 1989. As those leaders declared in the subsequent millennial accord in 1999, this will require "educating the citizens of our state, particularly the youth who are our future leaders, about tribal history, culture, treaty rights, contemporary tribal and state government institutions and relations and the contribution of Indian nations to the state of Washington." The legislature recognizes that this goal has yet to be achieved in most of our state's schools and districts. As a result, Indian students may not find the school curriculum, especially Washington state history curriculum, relevant to their lives or experiences. In addition, many students may remain uninformed about the experiences, contributions, and perspectives of their tribal neighbors, fellow citizens, and classmates. The legislature further finds that the lack of accurate and complete curricula may contribute to the persistent achievement gap between Indian and other students. The legislature finds there is a need to establish collaborative government-to-government relationships between elected school boards and tribal councils to create local and/or regional curricula about tribal history and culture, and to promote dialogue and cultural exchanges that can help tribal leaders and school leaders implement strategies to close the achievement gap.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.345 RCW to read as follows:

(1) Beginning in 2006, and at least once annually through 2010, the Washington state school directors' association is encouraged to convene regional meetings and invite the tribal councils from the region for the purpose of establishing government-to-government relationships and dialogue between tribal councils and school district boards of directors. Participants in these meetings should discuss issues of mutual concern, and should work to:

- (a) Identify the extent and nature of the achievement gap and strategies necessary to close it;
- (b) Increase mutual awareness and understanding of the importance of accurate, high-quality curriculum materials about the history, culture, and government of local tribes; and
- (c) Encourage school boards to identify and adopt curriculum that includes tribal experiences and perspectives, so that Indian students are more engaged and learn more successfully, and so that all students learn about the history, culture, government, and experiences of their Indian peers and neighbors.

(2) By December 1, 2008, and every two years thereafter through 2012, the school directors' association shall report to the education committees of the legislature regarding the progress made in the development of effective government-to-government relations, the narrowing of the achievement gap, and the identification and adoption of curriculum regarding tribal history, culture, and government. The report shall include information about any obstacles encountered, and any strategies under development to overcome them.

Sec. 3. RCW 28A.230.090 and 2004 c 19 s 103 are each amended to read as follows:

(1) The state board of education shall establish high school graduation requirements or equivalencies for students.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements (~~is encouraged to include~~) shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) The certificate of academic achievement requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation.

(c) Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level.

(2) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) If requested by the student and his or her family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.320 RCW to read as follows:

(1) Each school district board of directors is encouraged to incorporate curricula about the history, culture, and government of the nearest tribe or tribes, so that students learn about the unique heritage and experience of their closest neighbors. School districts near Washington's borders are encouraged to include tribes whose traditional lands and territories included parts of Washington, but who now reside in Oregon, Idaho, and British Columbia. School districts and tribes are encouraged to work together to develop such curricula.

(2) As they conduct regularly scheduled reviews and revisions of their social studies and history curricula, school districts are encouraged to collaborate with any tribe within their district, and with neighboring tribes, to incorporate expanded and improved curricular materials about tribes, and to create programs of classroom and community cultural exchanges.

(3) School districts are encouraged to collaborate with the office of the superintendent of public instruction on curricular areas regarding tribal government and history that are statewide in nature, such as the concept of tribal sovereignty and the history of federal policy towards tribes. The program of Indian education within the office of the superintendent of public instruction is encouraged to help local school districts identify Indian tribes whose reservations are in whole or in part within the boundaries of the district and/or those that are nearest to the school district."

Such license shall permit the holder thereof to practice dentistry only in connection with his or her duties in employment with the school of dentistry of the University of Washington. This limitation shall be stated on the license.

(2) The commission may, upon written request of the dean of the school of dentistry of the University of Washington or the director of a dental residency program under RCW 18.32.040, issue a limited license to practice dentistry in this state to university residents in postgraduate dental education or postdoctorate residents in a dental residency program under RCW 18.32.040. The license shall permit the resident dentist to provide dental care only in connection with his or her duties as a university resident or a postdoctorate resident in a program under RCW 18.32.040.

(3) The commission may condition the granting of a license under this section with terms the commission deems appropriate. All persons licensed under this section shall be subject to the jurisdiction of the commission to the same extent as other members of the dental profession, in accordance with this chapter, and in addition the licensee may be disciplined by the commission after a hearing has been held in accordance with the provisions set forth in this chapter, and determination by the commission that such licensee has violated any of the restrictions set forth in this section.

(4) Persons applying for licensure pursuant to this section shall pay the application fee determined by the secretary and, in the event the license applied for is issued, a license fee at the rate provided for licenses generally. After review by the commission, licenses issued under this section may be renewed annually if the licensee continues to be employed as a full-time faculty member of the school of dentistry of the University of Washington, or a university resident in postgraduate dental education, or a postdoctorate resident in a dental residency program under RCW 18.32.040, and otherwise meets the requirements of the provisions and conditions deemed appropriate by the commission. Any person who obtains a license pursuant to this section may, without an additional application fee, apply for licensure under this chapter, in which case the applicant shall be subject to examination and the other requirements of this chapter.

Sec. 2. RCW 18.32.040 and 1994 sp.s. c 9 s 211 are each amended to read as follows:

The commission shall require that every applicant for a license to practice dentistry shall:

(1) Present satisfactory evidence of graduation from a dental college, school, or dental department of an institution approved by the commission;

(2) Submit, for the files of the commission, a recent picture duly identified and attested; and

(3)(a) Pass an examination prepared or approved by and administered under the direction of the commission. The dentistry licensing examination shall consist of practical and written tests upon such subjects and of such scope as the commission determines. ~~((The commission may accept, in lieu of all or part of a written examination, a certificate granted by a national or regional testing organization approved by the commission.))~~ The commission shall set the standards for passing the examination. The secretary shall keep on file the examination papers and records of examination for at least one year. This file shall be open for inspection by the applicant or the applicant's agent unless the disclosure will compromise the examination process as determined by the commission or is exempted from disclosure under RCW 42.17.250 through 42.17.340.

(b) The commission may accept, in lieu of all or part of the written examination required in (a) of this subsection, a certificate granted by a national or regional testing organization approved by the commission.

(c) The commission shall accept, in lieu of the practical examination required in (a) of this subsection, proof that an applicant has satisfactorily completed a postdoctoral dental residency program accredited by the commission on dental accreditation of the American dental association and approved by the commission, of one to three year's duration, in a community health clinic that serves predominantly low-income patients or is located in a dental care health professional shortage area in this state, and that includes an outcome assessment evaluation, other than the western regional examining board's clinical examination, assessing the resident's competence to practice dentistry. The commission shall develop criteria, consistent with the standards of the commission on dental accreditation of the American dental association, for community clinics to use when sponsoring students in a residency program under this subsection, including guidelines for the proper supervision of the resident and measuring the resident's competence to practice dentistry.

Concerning park rangers employed by the parks and recreation commission. Revised for 1st Substitute: Creating a task force on public recreational lands and public safety.

The measure was read the second time.

MOTION

Senator Jacobsen moved that the following committee striking amendment by the Committee on Natural Resources, Ocean & Recreation be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that law enforcement functions at state parks and lands are insufficient to adequately protect the public and our natural resources. Threats to the safety of the visiting public and public lands are not necessarily confined to the boundaries of state parks and lands. State law does not expressly grant or deny park rangers the authority to engage in law enforcement activities outside of park and land boundaries. Further, the legislature finds that, in many areas of the state, other state or local law enforcement officers are either too far away or understaffed to provide adequate support to on-site law enforcement professionals in emergency situations. The legislature finds that a comprehensive review of the role and responsibilities of law enforcement professionals within and around state parks and lands is necessary to ensure the value of state parks and natural resources is not diminished.

NEW SECTION. Sec. 2. (1) The task force on state public recreational lands and public safety is created. The task force shall be comprised of twelve members appointed as follows:

(a) Two members of the house of representatives, one from each major caucus, to be appointed by the speaker of the house of representatives;

(b) Two members of the senate, one from each major caucus, to be appointed by the president of the senate;

(2) The task force members shall elect a chair and determine its operating procedures. The task force shall be jointly staffed by the office of program research and senate committee services as determined by their respective staff directors.

(a) Legislative members of the task force shall be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members, except those representing an employer or organization, are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(b) The compensable travel expenses as provided in (a) of this subsection shall be paid jointly by the senate and the house of representatives.

(3) This section expires January 1, 2006.

NEW SECTION. Sec. 3. The task force shall conduct a comprehensive review of law enforcement issues in and around state parks and lands, including but not limited to:

(1) The extent to which illegal activity in and around state parks and lands threatens public safety and natural resources; and

(2) The ability of the current state and local law enforcement to respond to illegal activity on or near public recreational lands.

NEW SECTION. Sec. 4. By December 15, 2005, the task force shall provide a final report of its recommendations, including any draft legislation to implement the recommendations. The report shall be submitted to the chief clerk of the house of representatives and the secretary of the senate."

Addressing construction defect disputes involving multiunit residential buildings.

The measure was read the second time.

MOTION

Senator Kline moved that the following committee striking amendment by the Committee on Judiciary be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. APPLICABILITY. (1)(a) Sections 2 through 10 of this act apply to any multiunit residential building for which the permit for construction or rehabilitative construction of such building was issued on or after the effective date of this act.

(b) Sections 2 and 10 of this act apply to conversion condominiums as defined in RCW 64.34.020, provided that section 10 of this act shall not apply to a condominium conversion for which a public offering statement had been delivered pursuant to chapter 64.34 RCW prior to the effective date of this act.

(2) Sections 2 and 11 through 18 of this act apply to any action that alleges breach of an implied or express warranty under chapter 64.34 RCW or that seeks relief that could be awarded for such breach, regardless of the legal theory pled, except that sections 11 through 18 of this act shall not apply to:

(a) Actions filed or served prior to the effective date of this act;

(b) Actions for which a notice of claim was served pursuant to chapter 64.50 RCW prior to the effective date of this act;

(c) Actions asserting any claim regarding a building that is not a multiunit residential building;

(d) Actions asserting any claim regarding a multiunit residential building that was permitted on or after the effective date of this act unless the letter required by section 7 of this act has been submitted to the appropriate building department or the requirements of section 10 of this act have been satisfied.

(3) Other than the requirements imposed by sections 2 through 10 of this act, nothing in this chapter amends or modifies the provisions of RCW 64.34.050.

NEW SECTION. **Sec. 2. DEFINITIONS.** Unless the context clearly requires otherwise, the definitions in RCW 64.34.020 and in this section apply throughout this chapter.

(1) "Attached dwelling unit" means any dwelling unit that is attached to another dwelling unit by a wall, floor, or ceiling that separates heated living spaces. A garage is not a heated living space.

(2) "Building enclosure" means that part of any building, above or below grade, that physically separates the outside or exterior environment from interior environments and which weatherproofs, waterproofs, or otherwise protects the building or its components from water or moisture intrusion. Interior environments consist of both heated and unheated enclosed spaces. The building enclosure includes, but is not limited to, that portion of roofs, walls, balcony support columns, decks, windows, doors, vents, and other penetrations through exterior walls, which waterproof, weatherproof, or otherwise protect the building or its components from water or moisture intrusion.

(3) "Building enclosure design documents" means plans, details, and specifications for the building enclosure that have been stamped by a licensed engineer or architect. The building enclosure design documents shall include details and specifications that are appropriate for the building in the professional judgment of the architect or engineer which prepared the same to waterproof, weatherproof, and otherwise protect the building or its components from water or moisture intrusion, including details of flashing, intersections at roof, eaves or parapets, means of drainage, water-resistive membrane, and details around openings.

(4) "Developer" means:

(a) With respect to a condominium or a conversion condominium, the declarant; and

(b) With respect to all other buildings, an individual, group of individuals, partnership, corporation, association, municipal corporation, state agency, or other entity or person that obtains a building permit for the construction or rehabilitative reconstruction of a multiunit residential building. If a permit is obtained by service providers such as architects, contractors, and consultants who obtain permits for others as part of services rendered for a fee, the person for whom the permit is obtained shall be the developer, not the service provider.

(5) "Dwelling unit" has the meaning given to that phrase or similar phrases in the ordinances of the jurisdiction issuing the permit for construction of the building enclosure but if such ordinances do not provide a definition, then "dwelling unit" means a residence containing living, cooking, sleeping, and sanitary facilities.

(6) "Multiunit residential building" means:

(a) A building containing more than two attached dwelling units, including a building containing nonresidential units if the building also contains more than two attached dwelling units, but excluding the following classes of buildings:

(i) Hotels and motels;

(ii) Dormitories;

(iii) Care facilities;

(iv) Floating homes;

(v) A building that contains attached dwelling units that are each located on a single platted lot, except as provided in (b) of this subsection.

(vi) A building in which all of the dwelling units are held under one ownership and is subject to a recorded irrevocable sale prohibition covenant.

(b) If the developer submits to the appropriate building department when applying for the building permit described in section 3 of this act a statement that the developer elects to treat the improvement for which a permit is sought as a multiunit residential building for all purposes under this chapter, then "multiunit residential building" also means the following buildings for which such election has been made:

(i) A building containing only two attached dwelling units;

(ii) A building that does not contain attached dwelling units; and

(iii) Any building that contains attached dwelling units each of which is located on a single platted lot.

(7) "Party unit owner" means a unit owner who is a named party to an action subject to this chapter and does not include any unit owners whose involvement with the action stems solely from their membership in the association.

(8) "Qualified building inspector" means a person satisfying the requirements of section 5 of this act.

(9) "Rehabilitative construction" means construction work on the building enclosure of a multiunit residential building if the cost of such construction work is more than five percent of the assessed value of the building.

(10) "Sale prohibition covenant" means a recorded covenant that prohibits the sale or other disposition of individual dwelling units as or as part of a condominium for five years or more from the date of first occupancy except as otherwise provided in section 10 of this act, a certified copy of which the developer shall submit to the appropriate building department; provided such covenant shall not apply to sales or dispositions listed in RCW 64.34.400(2). The covenant must be recorded in the county in which the building is located and must be in substantially the following form:

This covenant has been recorded in the real property records of County, Washington, in satisfaction of the requirements of sections 2 through 10 of this act. The undersigned is the owner of the property described on Exhibit A (the "Property"). Until termination of this covenant, no dwelling unit in or on the Property may be sold as a condominium unit except for sales listed in RCW 64.34.400(2).

This covenant terminates on the earlier of either: (a) Compliance with the requirements of section 10 of this act, as certified by the owner of the Property in a recorded supplement hereto; or (b) the fifth anniversary of the date of first occupancy of a dwelling unit as certified by the Owner in a recorded supplement hereto.

All title insurance companies and persons acquiring an interest in the Property may rely on the forgoing certifications without further inquiry in issuing any policy of title insurance or in acquiring an interest in the Property.

(11) "Stamped" means bearing the stamp and signature of the responsible licensed architect or engineer on the title page, and on every sheet of the documents, drawings, or specifications, including modifications to the documents, drawings, and specifications that become part of change orders or addenda to alter those documents, drawings, or specifications.

NEW SECTION. Sec. 3. DESIGN DOCUMENTS. (1) Any person applying for a building permit for construction of a multiunit residential building or rehabilitative construction shall submit building enclosure design documents to the appropriate building department prior to the start of construction or rehabilitative construction of the building enclosure. If construction work on a building enclosure is not rehabilitative construction because the cost thereof is not more than five percent of the assessed value of the building, then the person applying for a building permit shall submit to the building department a letter so certifying. Any changes to the building enclosure design documents that alter the manner in which the building or its components is waterproofed, weatherproofed, and otherwise protected from water or moisture intrusion shall be stamped by the architect or engineer and shall be provided to the building department and to the person conducting the course of construction inspection in a timely manner to permit such person to inspect for compliance therewith, and may be provided through individual updates, cumulative updates, or as-built updates.

(2) The building department shall not issue a building permit for construction of the building enclosure of a multiunit residential building or for rehabilitative construction unless the building enclosure design documents contain a stamped statement by the person stamping the building enclosure design documents in substantially the following form: "The undersigned has provided building enclosure documents that in my professional judgment are appropriate to satisfy the requirements of sections 1 through 10 of this act."

(3) The building department is not charged with determining whether the building enclosure design documents are adequate or appropriate to satisfy the requirements of sections 1 through 10 of this act. Nothing in sections 1 through 10 of this act requires a building department to review, approve, or disapprove enclosure design documents.

NEW SECTION. Sec. 4. INSPECTIONS. All multiunit residential buildings shall have the building enclosure inspected by a qualified inspector during the course of initial construction and during rehabilitative construction.

NEW SECTION. Sec. 5. INSPECTORS--QUALIFICATIONS--INDEPENDENCE. (1) A qualified building enclosure inspector:

(a) Must be a person with substantial and verifiable training and experience in building enclosure design and construction;

(b) Shall be free from improper interference or influence relating to the inspections; and

(c) May not be an employee, officer, or director of, nor have any pecuniary interest in, the declarant, developer, association, or any party providing services or materials for the project, or any of their respective affiliates, except that the qualified inspector may be the architect or engineer who approved the building enclosure design documents or the architect or engineer of record. The qualified inspector may, but is not required to, assist with the preparation of such design documents.

(2) Nothing in this section alters requirements for licensure of any architect, engineer, or other professional, or alters the jurisdiction, authority, or scope of practice of architects, engineers, other professionals, or general contractors.

NEW SECTION. Sec. 6. SCOPE OF INSPECTION. (1) Any inspection required by this chapter shall include, at a minimum, the following:

(a) Water penetration resistance testing of a representative sample of windows and window installations. Such tests shall be conducted according to industry standards. Where appropriate, tests shall be conducted with an induced air pressure difference across the window and window installation. Additional testing is not required if the same assembly has previously been tested in situ within the previous two years in the project under construction by the builder, by another member of the construction team such as an architect or engineer, or by an independent testing laboratory; and

(b) An independent periodic review of the building enclosure during the course of construction or rehabilitative construction to ascertain whether the multiunit residential building has been constructed, or the rehabilitative construction has been performed, in substantial compliance with the building enclosure design documents.

(2) Subsection (1)(a) of this section shall not apply to rehabilitative construction if the windows and adjacent cladding are not altered in the rehabilitative construction.

(3) "Project" means one or more parcels of land in a single ownership, which are under development pursuant to a single land use approval or building permit, where window installation is performed by the owner with its own forces, or by the same general contractor, or, if the owner is contracting directly with trade contractors, is performed by the same trade contractor.

NEW SECTION. Sec. 7. CERTIFICATION--CERTIFICATE OF OCCUPANCY. Upon completion of an inspection required by this chapter, the qualified inspector shall prepare and submit to the appropriate building department a signed letter certifying that the building enclosure has been inspected during the course of construction or rehabilitative construction and that it has been constructed or reconstructed in substantial compliance with the building enclosure design documents, as updated pursuant to section 3 of this act. The building department shall not issue a final certificate of occupancy or other equivalent final acceptance until the letter required by this section has been submitted. The building department is not charged with and has no responsibility for determining whether the building enclosure inspection is adequate or appropriate to satisfy the requirements of this chapter.

NEW SECTION. Sec. 8. INSPECTOR, ARCHITECT, AND ENGINEER LIABILITY. (1) Nothing in this act is intended to, or does:

(a) Create a private right of action against any inspector, architect, or engineer based upon compliance or noncompliance with its provisions; or

(b) Create any independent basis for liability against an inspector, architect, or engineer.

(2) The qualified inspector, architect, or engineer and the developer that retained the inspector, architect, or engineer may contractually agree to the amount of their liability to the developer.

NEW SECTION. Sec. 9. NO EVIDENTIARY PRESUMPTION--ADMISSIBILITY. A qualified inspector's report or testimony regarding an inspection conducted pursuant to this chapter is not entitled to any evidentiary presumption in any arbitration or court proceeding. Nothing in this chapter restricts the admissibility of such a report or testimony, and questions of the admissibility of such a report or testimony shall be determined under the rules of evidence.

NEW SECTION. Sec. 10. NO SALE OF CONDOMINIUM UNIT ABSENT COMPLIANCE. (1) Except for sales or other dispositions listed in RCW 64.34.400(2), no declarant may convey a condominium unit that may be occupied for residential use in a multiunit residential building without first complying with the requirements of sections 1 through 9 of this act unless the building enclosure of the building in which such unit is included is inspected by a qualified building enclosure inspector, and:

(a) The inspection includes such intrusive or other testing, such as the removal of siding or other building enclosure materials, that the inspector believes, in his or her professional judgment, is necessary to ascertain the manner in which the building enclosure was constructed;

(b) The inspection evaluates, to the extent reasonably ascertainable and in the professional judgment of the inspector, the present condition of the building enclosure including whether such condition has adversely affected or will adversely affect the performance of the building enclosure to waterproof, weatherproof, or otherwise protect the building or its components from water or moisture intrusion. "Adversely affect" has the same meaning as provided in RCW 64.34.445(7);

(c) The inspection report includes recommendations for repairs to the building enclosure that, in the professional judgment of the qualified building inspector, are necessary to: (i) Repair a design or construction defect in the building enclosure that results in the failure of the building enclosure to perform its intended function and allows unintended water penetration not caused by flooding; and (ii) repair damage caused by such a defect that has an adverse effect as provided in RCW 64.34.445(7);

(d) With respect to a building that would be a multiunit residential building but for the recording of a sale prohibition covenant and unless more than five years have elapsed since the date such covenant was recorded, all repairs to the building enclosure recommended pursuant to (c) of this subsection have been made; and

(e) The declarant provides as part of the public offering statement, consistent with RCW 64.34.410 (1)(nn) and (2) and 64.34.415(1)(b), an inspection and repair report signed by the qualified building enclosure inspector that identifies:

(i) The extent of the inspection performed pursuant to this section;

(ii) The information obtained as a result of that inspection; and

(iii) The manner in which any repairs required by this section were performed, the scope of those repairs, and the names of the persons performing those repairs.

(2) Failure to deliver the inspection and repair report in violation of this section constitutes a failure to deliver a public offering statement for purposes of chapter 64.34 RCW.

NEW SECTION. Sec. 11. ARBITRATION--ELECTION--NUMBER OF ARBITRATORS--QUALIFICATIONS--TRIAL DE NOVO. (1) If the declarant, an association, or a party unit owner demands an arbitration by filing such demand with the court not less than thirty and not more than ninety days after filing or service of the complaint, whichever is later, the parties shall participate in a private arbitration hearing. The declarant, the association, and the party unit owner do not have the right to compel arbitration without giving timely notice in compliance with this subsection. Unless otherwise agreed by the parties, the arbitration hearing shall commence no more than fourteen months from the later of the filing or service of the complaint.

(2) Unless otherwise agreed by the parties, claims that in aggregate are for less than one million dollars shall be heard by a single arbitrator and all other claims shall be heard by three arbitrators. As used in this chapter, arbitrator also means arbitrators where applicable.

(3) Unless otherwise agreed by the parties, the court shall appoint the arbitrator, who shall be a current or former attorney with experience as an attorney, judge, arbitrator, or mediator in construction defect disputes involving the application of Washington law.

(4) Upon conclusion of the arbitration hearing, the arbitrator shall file the decision and award with the clerk of the superior court, together with proof of service thereof on the parties. Within twenty days after the filing of the decision and award, any aggrieved party may file with the clerk a written notice of appeal and demand for a trial de novo in the superior court on all claims between the appealing party and an adverse party. As used in this section, "adverse party" means the party who either directly asserted or defended claims against the appealing party. The demand shall identify the adverse party or parties and all claims between those parties shall be included in the trial de novo. The right to a trial de novo includes the right to a jury, if demanded. The court shall give priority to the trial date for the trial de novo.

(5) If the judgment for damages, not including awards of fees and costs, in the trial de novo is not more favorable to the appealing party than the damages awarded by the arbitrator, not including awards of fees and costs, the appealing party shall pay the nonappealing adverse party's costs and fees incurred after the filing of the appeal, including reasonable attorneys' fees so incurred.

(6) If the judgment for damages, not including awards of fees and costs, in the trial de novo is more favorable to the appealing party than the damages awarded by the arbitrator, not including awards of fees and costs, then the court may award costs and fees, including reasonable attorneys' fees, incurred after the filing of the request for trial de novo in accordance with

applicable law; provided if such a judgment is not more favorable to the appealing party than the most recent offer of judgment, if any, made pursuant to section 17 of this act, the court shall not make an award of fees and costs to the appealing party.

(7) If a party is entitled to an award with respect to the same fees and costs pursuant to this section and section 17 of this act, then the party shall only receive an award of fees and costs as provided in and limited by section 17 of this act. Any award of fees and costs pursuant to subsections (5) or (6) of this section is subject to review in the event of any appeal thereof otherwise permitted by applicable law or court rule.

NEW SECTION. Sec. 12. CASE SCHEDULE PLAN. (1) Not less than sixty days after the later of filing or service of the complaint, the parties shall confer to create a proposed case schedule plan for submission to the court that includes the following deadlines:

- (a) Selection of a mediator;
- (b) Commencement of the mandatory mediation and submission of mediation materials required by this chapter;
- (c) Selection of the arbitrator by the parties, where applicable;
- (d) Joinder of additional parties in the action;
- (e) Completion of each party's investigation;
- (f) Disclosure of each party's proposed repair plan;
- (g) Disclosure of each party's estimated costs of repair;
- (h) Meeting of parties and experts to confer in accordance with section 13 of this act; and
- (i) Disclosure of each party's settlement demand or response.

(2) If the parties agree upon a proposed case schedule plan, they shall move the court for the entry of the proposed case schedule plan. If the parties cannot agree, either party may move the court for entry of a case schedule plan that includes the above deadlines.

NEW SECTION. Sec. 13. MANDATORY MEDIATION. (1) The parties to an action subject to this act shall engage in mediation. Unless the parties agree otherwise, the mediation required by this section shall commence within seven months of the later of the filing or service of the complaint. If the parties cannot agree upon a mediator, the court shall appoint a mediator.

(2) Prior to the mediation required by this section, the parties and their experts shall meet and confer in good faith to attempt to resolve or narrow the scope of the disputed issues, including issues related to the parties' repair plans.

(3) Prior to the mandatory mediation, the parties or their attorneys shall file and serve a declaration that:

- (a) A decision maker with authority to settle will be available for the duration of the mandatory mediation; and
- (b) The decision maker has been provided with and has reviewed the mediation materials provided by the party to which the decision maker is affiliated as well as the materials submitted by the opposing parties.

(4) Completion of the mediation required by this section occurs upon written notice of termination by any party. The provisions of section 17 of this act shall not apply to any later mediation conducted following such notice.

NEW SECTION. Sec. 14. NEUTRAL EXPERT. (1) If, after meeting and conferring as required by section 13(2) of this act, disputed issues remain, a party may file a motion with the court, or arbitrator if an arbitrator has been appointed, requesting the appointment of a neutral expert to address any or all of the disputed issues. (10) The court, or arbitrator if then appointed, shall determine the significance of the neutral expert's report and testimony with respect to parties joined after the neutral expert's appointment and shall determine whether additional neutral experts should be appointed or other measures should be taken to protect such joined parties from undue prejudice.

NEW SECTION. Sec. 16. SUBCONTRACTORS. Upon the demand of a party to an arbitration demanded under section 11 of this act, any subcontractor or supplier against whom such party has a legal claim and whose work or performance on the building in question becomes an issue in the arbitration may be joined in and become a party to the arbitration. However, joinder of such parties shall not be allowed if such joinder would require the arbitration hearing date to be continued beyond the date established pursuant to section 11 of this act, unless the existing parties to the arbitration agree otherwise. Nothing in sections 2 through 10 of this act shall be construed to release, modify, or otherwise alleviate the liabilities or responsibilities that any party may have towards any other party, contractor, or subcontractor.

NEW SECTION. Sec. 17. OFFERS OF JUDGMENT--COSTS AND FEES. (1) On or before the sixtieth day following completion of the mediation pursuant to section 13(4) of this act, the declarant, association, or party unit owner may serve on an adverse party an offer to allow judgment to be entered. The offer of judgment shall specify the amount of damages, not including costs or fees, that the declarant, association, or party unit owner is offering to pay or receive. A declarant's offer shall also include its commitment to pay costs and fees that may be awarded as provided in this section. The declarant, association, or party unit owner may make more than one offer of judgment so long as each offer is timely made. Each subsequent offer supersedes and replaces the previous offer. Any offer not accepted within twenty-one days of the service of that offer is deemed rejected and withdrawn and evidence thereof is not admissible and may not be provided to the court or arbitrator except in a proceeding to determine costs and fees or as part of the motion identified in subsection (2) of this section.

(2) A declarant's offer must include a demonstration of ability to pay damages, costs, and fees, including reasonable attorneys' fees, within thirty days of acceptance of the offer of judgment. The demonstration of ability to pay shall include a sworn statement signed by the declarant, the attorney representing the declarant, and, if any insurance proceeds will be used to fund any portion of the offer, an authorized representative of the insurance company. If the association or party unit owner disputes the adequacy of the declarant's demonstration of ability to pay, the association or party unit owner may file a motion with the court requesting a ruling on the adequacy of the declarant's demonstration of ability to pay. Upon filing of such motion, the deadline for a response to the offer shall be tolled from the date the motion is filed until the court has ruled.

(3) An association or party unit owner that accepts the declarant's offer of judgment shall be deemed the prevailing party and, in addition to recovery of the amount of the offer, shall be entitled to a costs and fees award, including reasonable attorneys' fees, in an amount to be determined by the court in accordance with applicable law.

(4) If the amount of the final nonappealable or nonappealed judgment, exclusive of costs or fees, is not more favorable to the offeree than the offer of judgment, then the offeror is deemed the prevailing party for purposes of this section only and is entitled to an award of costs and fees, including reasonable attorneys' fees, incurred after the date the last offer of judgment was rejected and through the date of entry of a final nonappealable or nonappealed judgment, in an amount to be determined by the court in accordance with applicable law. The nonprevailing party shall not be entitled to receive any award of costs and fees.

(5) If the final nonappealable or nonappealed judgment on damages, not including costs or fees, is more favorable to the offeree than the last offer of judgment, then the court shall determine which party is the prevailing party and shall determine the amount of the costs and fees award, including reasonable attorneys' fees, in accordance with applicable law.

(6) Notwithstanding any other provision in this section, with respect to claims brought by an association or unit owner, the liability for declarant's costs and fees, including reasonable attorneys' fees, shall:

(a) With respect to claims brought by an association, not exceed five percent of the assessed value of the condominium as a whole, which is determined by the aggregate tax-assessed value of all units at the time of the award; and

(b) With respect to claims brought by a party unit owner, not exceed five percent of the assessed value of the unit at the time of the award.

REMARKS BY SENATOR KOHL-WELLES

Senator Kohl-Welles: "Thank you Mr. President. Well, we're voting now on the bill known as 'stem-cell research' and we talked a lot about it already with amendments that were offered last night, but it's very important to recognize that this legislation that is ground-breaking, that will bring scientific research to our state that has the potential for, not only assisting thousands and

thousands of people, if not more, by finding an eventual cure to some of our most debilitating diseases such as Alzheimer's; Parkinson's Disease; cancer; childhood diabetes; adult diabetes; and so forth, also has the potential to do a great deal for our economy. We want to be able to keep the research efforts that have been ongoing in our state since the last thirty years. In fact, at Fred Hutchinson Cancer Center, we had the first stem-cell research in the world. We have premier scientists, with the University of Washington being the number one public institution in the country to receive federal funds. And we would like our premier scientists to stay in our state and not go to other places where embryonic stem-cell research is now allowed, such as in California; New Jersey; soon to be Massachusetts; and other states are vying for the ability to have the premier research scientists be working on these important efforts, but there are serious considerations to this effort and what this bill represents is not only creating a state policy for conducting stem-cell research, utilizing therapeutic cloning, but there are regulations that are needed and have not existed especially with regard to the source of the embryonic tissue that is needed for stem-cell research, mainly through in-vitro fertilization. This bill is very important, because it does establish regulations. It prohibits reproductive cloning. It prohibits the sale of unused embryos as a result of in-vitro fertilization. It places penalties, \$500,000, for the conducting or engaging in reproductive cloning. So ..."

Pursuant to Rule 29, imposed by the Senate earlier in the day, debate was limited to three minutes.

REMARKS BY SENATOR MULLIKEN

Senator Mulliken: "Thank you Mr. President. I think this is a tragedy and it's a travesty. And I'm absolutely overwhelmed with a broken heart, because I believe that God's heart is broken that we would even be considering exchanging one life for another. We don't have to have a moral discussion on this issue. We can have our cake and eat it too. We can have adult stem-cell research which has proven ninety-nine percent effective in the early studies. We have countries that are developing stem-cells out of tissue from our nostrils in Australia and they can create a heart, they can create a kidney from just adult tissue which would be our own DNA - there's no rejection. Embryonic stem-cells aren't even proven to be effective. Zero, zero effectiveness out of embryonic stem-cells in all the research that they've done. And, I know, everybody in this room has made up their minds. But I hope that there's at least one or two more people in this chamber whose hearts are going to be broken tonight if they go home and vote for this, because this a tragic day in our state that we would legalize this kind of behavior, this kind of immoral research. We don't have to have the moral debate. We can have the scientific and medical assurance of finding cures for Parkinson's disease, for Lou Gehrig's disease, for diabetes, for all the diseases that plague our family members and the people we love. I have two great aunts that died of Parkinson's disease. There's nothing I'd like better than to find a cure for a disease that debilitates the body while the mind continues to work and know exactly what is happening and there's nothing you can do to stop it. We can have that with adult stem-cell research and emphasis on that kind of research. We don't have to exchange a life for another. And I urge you to please vote no on final passage."

REMARKS BY SENATOR FRANKLIN

Senator Franklin: "Mr. President, Ladies and Gentlemen of the Senate, I would first like to say, thank my colleagues for the civility of the discussion that has gone on with regards to this very, very important issue. It's an issue that many have very strong feelings about. I had to take a course in embryology at the University of Puget Sound when I returned a few, several years ago in pursuit of my undergraduate degree which was a major in science. And to tell you the truth, in the very early hours after fertilization, I could not really identify anything, but a clump of cells under the microscope. These cells that had not been assigned to a home and that home would be whether that cell would be developed into a nose, an ear, an eye, a mouth. This is what researchers are concentrating on, rudimentary cells. Not having been assigned to a home in hopes of teasing these cells in order to be able to find a cure for those very, very debilitating diseases such as Lou Gehrig's disease, which is known as ALS, Amyotrophic Lateral Sclerosis, diabetes, some cancers. Prohibiting, for me, which allows me to really support this bill, is the prohibiting of human cloning, a bill which I had put forth in the last session which did not get passed because of a very strong feeling. The bill is made stronger because of a Class C felony. It was not as strong as it should have been. My fear is that the science are moving so fast, and the technology, is moving so fast that public policy is not keeping up. My fear is that some mad scientist somewhere without anything in control, any public policy, will be allowed to create another Frankenstein and that is really my greatest fear. We need to be able to have some public policy in place. As we look over the world, we know that it is going to happen. Be not, don't think that it will not happen, that someone will try to clone a human being, but what we are saying, it should not happen here in this state and we need to have a public policy. This bill, of course, is not an all to end all. We must be always alert. This bill casts some light, some sunshine on what is taking place. Science, as we know, tend to operate in a very closed environment. What we need is to have this ..."

Pursuant to Rule 29, imposed by the Senate earlier in the day, debate was limited to three minutes.

REMARKS BY SENATOR DECCIO

Senator Deccio: "One of the most vivid memories I have of World War II was visiting the Belsen concentration camp after World War II. To see those bodies that were stacked like cord wood and those who were still alive were gaunt ready, almost

ready, to die. They were embryos at one point, but somebody decided that those people should be done away with. It was government. That was the public policy of Germany. Genocide in Africa, those were embryos at one time. Public policy said those people should be destroyed. We're talking about the same thing. When human life begins, does it begin with an embryo and then results in a Jew being executed in the Belsen concentration camps? There is a relationship here. I think, we're living, we've developed a culture of death in this world today with what goes on and I think that for my part, when I have to answer the call, when someone asks me, 'Did you destroy human life?' I'm going to say, 'I did not support the destruction of human life because human life begins with an embryo.' And that's what we're talking about here. I'm not trying to offend anybody. I think its time we took a good, hard look at what happened and how far we go in this process. So I'm going to vote no."

REMARKS BY SENATOR KLINE

Senator Kline: "Thank you Mr. President. This is not the time, I believe, for anybody to draw moral equivalence between the events of the Holocaust or references to recent German history. This is a bill about the use of science and the application, by law, of ethical rules to science. We want to produce, and we want our state to be the place to produce, medicines that can approach a wide variety of physical diseases. This is a far cry from the Holocaust. I, personally, have a difficult time accepting some kind, any kind of political rhetoric that attempts to draw moral equivalency between science on one hand and murder of millions of people on the other. This is not that kind of occasion and I think we can, please, keep the rhetoric to this issue, to science and medicine. Thank you."

REMARKS BY SENATOR STEVENS

Senator Stevens: "Thank you Mr. President. We had a lot of conversation here about different aspects of life, where it begins, how we should end it and on. And I really appreciated Senator Franklin's reference to back when she was in school and just I want to say, 'We've come a long way, baby.' This is about babies. We are talking about what goes on in creation. When we are putting the male and the female together in the form of reproduction, we are not reproducing little kittens. That never comes out that way. It never comes out as little puppies or baby horses. It comes out as human beings and you can not pretend that it is something other than what it is. There's been a lot of talk today about the reproductive cloning that we are prohibiting here and the therapeutic cloning and, if I may Mr. President, I would just like to give an example of what therapeutic cloning is and explain that a little bit?"

REMARKS BY SENATOR STEVENS

Senator Stevens: "Thank you Mr. President. 'Therapeutic cloning which consists of inserting the DNA from the cell's nucleus into an egg whose genetic material has been removed.' That's what we're talking about doing here. 'The egg is stimulated resulting in a cloned embryo that, genetically, is identical to the person who donated the cell.' Now, you can talk about reproductive cloning and, yeah, that is what we're taking away here, but we're not taking away the creation of human life. And as I said, we're not creating puppies or kittens, we're creating people and you can not pretend that it's otherwise. And, as Senator Deccio said a moment ago, we will have to answer for this some day in our consciences if nothing else, but certainly to the higher being who is the author of life. And I would just urge you, each and every one, to search your hearts to recognize that, indeed, we are moving into a labyrinth where we could have mad scientists who are creating life and using it for ill purposes. And I would just urge you people to have that heart to heart with yourself and examine exactly where we're going here and what we are we're doing."

REMARKS BY SENATOR BROWN

Senator Brown: "Thank Mr. President. I also respect the strong feelings on both sides of this issue. I'd like to just point out a couple of things. This bill not only forms some ethical guidelines, some ethic policy guidelines around the utilization of this type of research that, in the absence of this bill, would not be there. We would not have those kinds of guidelines or prohibitions in our law in the absence of this bill. So, this bill is an important step forward with respect to some ethical guidelines for this type of research. And then, furthermore, this bill does not allow the creation of embryos for research. Absolutely not. There are embryos that are already present because couples wishing to fulfill their desire to have children create them. Sometimes they are successful in having children. I know some of these children. I know some of these couples. I know the happiest day of their life is when their baby was born through the use of this process. And some of them are not successful and they do not have children. Under this bill, there's a process in place by which they may donate the embryonic material for research, which means that they know that, though they may not have been able to have children, that these efforts may help relieve human suffering, may keep someone's father or grandfather alive, may benefit in the overall scheme of things to the advancement of human knowledge and the reduction of human suffering. Personally, as someone who was born and raised Catholic and believes that the social teachings of the church teachings inspires me everyday, I find no contradiction between those essential values of wanting to reduce human suffering and advance ..."

POINT OF ORDER

Senator Mulliken "I object. I am truly offended. With all due respect to the Majority Leader, please, please do not say there is no conflict with the beloved Catholic Church. The Holy Catholic Church does not teach ..."

REMARKS BY SENATOR BROWN

Senator Brown: "Senator, I apologize. That was not what I was trying to say. Senator what I'm saying, is that, with my values and with my upbringing, I personally, see no conflict in promoting this bill and having values relating to reducing human suffering. That does not extend to other people. It does not extend to the official position of the Catholic Church. It certainly does not. I would never claim that. So, I apologize. I was simply trying to explain some of my personal motivation. I think many of us are motivated by our own personal values and religious views when we cast votes, despite the separation of church and state. Our personal religious views do motivate us. Our personal values and ethics and convictions do motivate us. That was all I was trying to explain. In any case, I do believe that this bill is consistent with the idea of alleviating human suffering and that many people who are involved and care a lot about it have that motivation."

REMARKS BY SENATOR HEWITT

Senator Hewitt: "Thank Mr. President. This is a decision I do not take lightly and I have pondered on this decision long and hard. My grandfather died from Alzheimer's and Alzheimer's wasn't even identified at that time. They didn't even call it Alzheimer's. I saw my grandfather go in and out of institutions not knowing what to do with him, not how to deal with him. And I saw the pain and suffering that my family endured because of that. I lost a very close, personal friend who was a Viet Nam veteran to Alzheimer's at the age of 52 years of age. 52 years of old. We have cancer patients on my wife's side of the family that have died at early ages, many of them, not just a few, but many of them. I saw my father die from the complications of diabetes. And this was over a period of years, this just wasn't a couple of years, this took many, many years for this to happen. I saw the mini-strokes. I saw the heart attacks and all the things that come from diabetes. I have a niece who has diabetes and she's had a transplant since then. And I've seen people suffer. And I know that we say that 90 percent, 98 percent of the research has come from adult stem cells, but, you know, that's like telling science that we can't move forward. We can't go to the moon. We can't do all the things and all the progress that we've made in that last fifty years. So I, this is a decision that I had to ponder on long and hard on and I'll tell you, it was difficult for me to get there, but I'm going to be supporting this bill just because of the reasons that I spoke about."

REMARKS BY SENATOR ZARELLI

Senator Zarelli: "Thank you Mr. President. Of course, I didn't think we were going to have this discussion until Monday. I certainly would've felt better coming in and starting the week off the week that way rather than ending it. However, we're at where we're at today. You know, I'm feeling a little used in this process. Earlier in the session, we passed the Life Sciences Fund and we put some amending language on there dealing with the issue of cloning. That was sent out of here and that's been stripped out. So with the passage of this bill today and it becoming law, now what we have, is not only the moving forward in this very, very debatable issue, but we're saying that the taxpayers are going to pay for it too, all of us, whether we agree with it or not. And it's something that I think, on this issue of life we decided, both on the national level and the state level, that if you want to do it, that's fine, but don't ask all of us to pay the freight. But, we're going to be asking the citizens of the state of Washington today, because of that previous motion out of this body, is that, not only we're going to do it, despite your objection, but we're going to make you pay for it. And I think that's wrong. The second point I wanted to make is that I understand the difficulty of seeing a loved one suffer and for me, it really doesn't matter that it's a loved one, it's just coming into contact with somebody who is in life and is struggling and suffering. It's very difficult to deal with. However, at some point, we need to come to the conclusion that life ends for all of us. And as much as we want for life to go on for everybody that we want to keep close to us, at a certain point, life gives way and we go on. And the concern I have, that we're going to be faced with in the future, is that our greed for life rather than living becomes the thing that consumes us. Instead of focusing on the days that we're given and doing everything that we can for our neighbor, for ourselves, for our families with the time we're given. Instead become reliant on man's desire to live as long as he or she can and therefore begin to put our faith in science to create the heart for us, to create the brain for us, to create the leg, to create the ligament, to simply replace it when we abuse it, use it and it's gone. And I think that'll be a terrible day. When we come to rely on ourselves and focus on the length of life rather than the quality of life in which we live. And I think that's the dilemma and the dynamic, Mr. President, that we're entering in today. I wish that we would be taking a smaller step and at least asking for further consideration in this body and the other as we move forward in this very, very difficult thing. This is the most difficult issue that we're challenged, not only as legislators, but as Americans today. I would just ask this body to move slower. Move this aside and let's reconsider where we're going in more of a baby step approach. Thank you."

REMARKS BY SENATOR SHELDON

Senator Sheldon: "Thank you Mr. President. This really is a perplexing issue. I stayed awake quite a bit last night, tossed and turned. I think I slept, but I did get up at five. We had a lot of calls in our office from people who see this bill as hope for their family, for their loved one. They may have Parkinson's disease or other ailments and there's hope there. In my own personal

belief, I sometimes say when bills come up like this that are so darned confusing, they're so complex that I'm reluctant to vote for it. I tried to do more research when somebody, the advocate, for the bill you see there reading their articles they're always in favor. And the people that don't like it, they give the articles that are on the other side. And I read a pretty good article in the magazine we all get, State Legislatures Magazine, here this morning which lays out briefly what other states are struggling with, in Missouri and other states on the east coast, California, which has just passed an initiative. So, rest assured there's lots of other people that are legislators that are dealing with this issue too. Yesterday I wasn't prepared to vote yes after some of the amendments failed, but I'm going to vote yes today. I'm going to do it, especially, for a person here that's not here today, and that's Senator Haugen, because in 2001 we had another big vote. It was collective bargaining. I was going to vote no on that bill. And my mother was in the hospital with gall bladder surgery, she had complications and there was a possibility that she wouldn't make it and I was there, just like she's with her daughter today in the hospital, and she voted no for me. She would've voted yes. I'm going to vote yes today and partially pay her back for what she did. Thank you."

REMARKS BY SENATOR BENSON

Senator Benson: "Thank you Mr. President. Some of the discussion today has been that we need to have a policy on this issue. And I agree and I think everybody on this floor agrees that we need to have a policy on this issue. So, the question isn't whether we should have a policy or whether we should not have a policy. We all agree on that. Yesterday, we offered an amendment and if that amendment had gone through we would've had a good, non-partisan policy that we could've all moved forward with. It would've been something that would've moved forward research without raising the ethical questions of how we use an embryo. Essentially, use a human life. And that's what this is about, is using a human life. There's no country in the history of this world that has ever been judged harshly by history for erring to the side of human rights. Ever. The great tragedies of human history have always begun with dehumanization of other human beings. It's very important that we as a body, we as a state, we as a country do whatever we can to stay as clear of devaluing the human life and using human life for our own purposes as we can possibly be. Therefore, I ask you to vote no on this and let's build a new policy that is a bi-partisan policy."

REMARKS BY SENATOR RASMUSSEN

Senator Rasmussen: "Thank you Mr. President. Well, this too has been a real struggle for me, but let me tell you a little story first. Fifty-one years ago, May 3rd in 1954, my mother died of breast cancer. She left three little kids. Her doctor cried at her bedside because he couldn't save her. His name was Dr. Hutchinson. He went on to develop the tumor institute. His patients were my mother's sisters, all seven of them. Because of his research, the work that he did, it meant that people like me, my cousins, my daughters have a mother and have grandmother. Dr. Hutchinson, of course, is the founder of the Hutchinson Research. When I came down here in '97, my first bill was to give the research facilities bonding capacity, like hospitals, so that we could form the Fred Hutch Center. Research is never done. And I support this bill because I think we cannot put stopgaps into what the good Lord gave us. A free will to be able to preserve life, be able to use the capacity we have to save others. I think that this bill is what we want it to do. It sets up those guidelines and those policies so they will be ethical. So they will be ethical. So the research does not go beyond what we think and our society knows that is what's best. The debate for us is to be able to make sure that there will be a foundation, a foundation that will give the guidelines for the state of Washington. I support this. I support this and I'm asking you to do the same."

WHEREAS, Pope John Paul II was called home by God on Saturday, April 2, leaving more than a billion Catholics worldwide--and 1.6 million Catholics in Washington state--mourning the loss of their bold and beloved leader, who "towered over his century, then led his church into a new millennium"; and

WHEREAS, Pope John Paul II was born Karol Wojtyla in Wadowice, Poland, in 1920, received his First Holy Communion at age 9 and was confirmed at age 18; and

WHEREAS, He lost his mother, father, and brother all by 1941; and

WHEREAS, He enrolled in the university and in a school for drama in 1938, but went to work in the quarry, then later a chemical factory to avoid being deported to Germany when Nazi occupation forces closed the university in 1939; and

WHEREAS, He was called to the priesthood in 1942 and began courses in the clandestine seminary of Cracow, run by the Archbishop of Cracow, while at the same time pioneering the "Rhapsodic Theatre"--also clandestine; and

WHEREAS, He is credited with helping Jews find refuge from the Nazis and appeared on a Nazi blacklist in Poland in 1944 for his activities in a Christian democratic underground; and

WHEREAS, After surviving World War II, he continued his studies in the major seminary of Cracow and in the faculty of theology at the university, until his priestly ordination on November 1, 1946; and

WHEREAS, On July 4, 1958, he was appointed Auxiliary Bishop of Cracow by Pope Pius XII, and was consecrated on September 28, 1958, by Archbishop Baziak; and

WHEREAS, He was nominated Archbishop of Cracow on January 13, 1964, by Pope Paul VI who made him a cardinal on June 26, 1967; and

WHEREAS, Besides taking part in Vatican Council II, as Cardinal, he participated in all the assemblies of the Synod of Bishops; and

WHEREAS, He took the name John Paul II on October 16, 1978, when he was elected pope at the age of 58, making him the youngest pope in 132 years, the first non-Italian pope in 455 years, and the first Pole to claim the position of Holy Father; and

WHEREAS, His election placed him on a global stage as "winds of reform were blowing through the Soviet Union and Eastern bloc" and many call him the "most influential pope since the Reformation, playing a dual role as consolidator of church teachings and catalyzer of post-communist world politics"; and

WHEREAS, He is credited with "toppling the totalitarian government of his native Poland in 1989, which contributed to the fall of communist Eastern Europe and the Soviet Union"; and

WHEREAS, He is also credited for his "unique ability to talk to non-Catholics" and "address centuries-old grievances," holding power for a generation "as presidents and world leaders came and went" and as the church changed, "growing enormously in Africa and Latin America during his tenure"; and

WHEREAS, No other pope has encountered so many individuals as John Paul II with more than 17.6 billion pilgrims having participated in the General Audiences held on Wednesdays, more than 8 million pilgrims participating in the Great Jubilee of the Year 2000, 104 pastoral visits outside of Italy and 146 within Italy as well as 38 official visits, 738 audiences and meetings with heads of state, and 246 audiences and meetings with Prime Ministers; and

WHEREAS, Even as a revered world leader, possessing a broad range of talents as a poet, an athlete, a linguist, a playwright, an actor, a philosopher, an economic critic, a deft political strategist, and a prolific writer, Pope John Paul II "never let his followers forget he was human," and noted "his own sinfulness, his feeling of unworthiness of God's love"; and

WHEREAS, Among his final comments, he said, "Do not weep for me. You should be joyful, as I am joyful";

NOW, THEREFORE, BE IT RESOLVED, That the members of the Washington State Senate join people across the earth in mourning the passing of this great champion of human dignity and freedom, this faithful and humble servant of God, and this powerful shepherd of the Catholic Church; and

BE IT FURTHER RESOLVED, That the members of the Washington State Senate take a moment of silence to reflect upon Pope John Paul II's contributions to this world, to celebrate his life, and to remember his guidance to "Be not afraid," as we go forth in our work to protect the vulnerable, promote human freedom, and unite the people of Washington for the common good; and

BE IT FURTHER RESOLVED, That a copy of this resolution be immediately transmitted to the Vatican as well as to the Archdiocese of Seattle and to the Dioceses of Spokane and Yakima.

MOTION

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 48.14.0201 and 2004 c 260 s 24 are each amended to read as follows:

(1) As used in this section, "taxpayer" means a health maintenance organization as defined in RCW 48.46.020, a health care service contractor as defined in RCW 48.44.010, or a self-funded multiple employer welfare arrangement as defined in RCW 48.125.010.

(2) Each taxpayer shall pay a tax on or before the first day of March of each year to the state treasurer through the insurance commissioner's office. The tax shall be equal to the total amount of all premiums and prepayments for health care services received by the taxpayer during the preceding calendar year multiplied by the rate of two percent.

(3) Taxpayers shall prepay their tax obligations under this section. The minimum amount of the prepayments shall be percentages of the taxpayer's tax obligation for the preceding calendar year recomputed using the rate in effect for the current year. For the prepayment of taxes due during the first calendar year, the minimum amount of the prepayments shall be percentages of the taxpayer's tax obligation that would have been due had the tax been in effect during the previous calendar year. The tax prepayments shall be paid to the state treasurer through the commissioner's office by the due dates and in the following amounts:

(a) On or before June 15, forty-five percent;

(b) On or before September 15, twenty-five percent;

(c) On or before December 15, twenty-five percent.

(4) For good cause demonstrated in writing, the commissioner may approve an amount smaller than the preceding calendar year's tax obligation as recomputed for calculating the health maintenance organization's, health care service contractor's, self-funded multiple employer welfare arrangement's, or certified health plan's prepayment obligations for the current tax year.

(5) Moneys collected under this section shall be deposited in the general fund through March 31, 1996, and in the health services account under RCW 43.72.900 after March 31, 1996.

(6) The taxes imposed in this section do not apply to:

(a) Amounts received by any taxpayer from the United States or any instrumentality thereof as prepayments for health care services provided under Title XVIII (medicare) of the federal social security act.

(b) Amounts received by any taxpayer from the state of Washington as prepayments for health care services provided under:

(i) The medical care services program as provided in RCW 74.09.035;

(ii) The Washington basic health plan on behalf of subsidized enrollees as provided in chapter 70.47 RCW; or

(iii) The medicaid program on behalf of elderly or disabled clients as provided in chapter 74.09 RCW when these prepayments are received prior to July 1, 2009, and are associated with a managed care contract program that has been implemented on a voluntary demonstration or pilot project basis.

(c) Amounts received by any health care service contractor, as defined in RCW 48.44.010, as prepayments for health care services included within the definition of practice of dentistry under RCW 18.32.020.

~~((c))~~ (d) Participant contributions to self-funded multiple employer welfare arrangements that are not taxable in this state.

(7) Beginning January 1, 2000, the state does hereby preempt the field of imposing excise or privilege taxes upon taxpayers and no county, city, town, or other municipal subdivision shall have the right to impose any such taxes upon such taxpayers. This subsection shall be limited to premiums and payments for health benefit plans offered by health care service contractors under chapter 48.44 RCW, health maintenance organizations under chapter 48.46 RCW, and self-funded multiple employer welfare arrangements as defined in RCW 48.125.010. The preemption authorized by this subsection shall not impair the ability of a county, city, town, or other municipal subdivision to impose excise or privilege taxes upon the health care services directly delivered by the employees of a health maintenance organization under chapter 48.46 RCW.

(8) The taxes imposed by this section apply to a self-funded multiple employer welfare arrangement only in the event that they are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner shall initially request an advisory opinion from the United States department of labor or obtain a declaratory ruling from a federal court on the legality of imposing state premium taxes on these arrangements. If there has not been a final determination by the United States department of labor or a federal court that the taxes are not preempted by federal law, the taxes provided for in this section become effective on March 1, 2005, or thirty days following the issuance of a certificate of authority, whichever is later. During the time period between March 1, 2005, or thirty days following the issuance of a certificate of authority, whichever is later, and the final determination by the United States department of labor or a federal court, any taxes shall be deposited in an interest bearing escrow account maintained by the ~~((self-funded))~~ self-funded multiple employer welfare arrangement. Upon a final determination that the taxes are not preempted by the employee retirement income

security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq., all funds in the interest bearing escrow account shall be transferred to the state treasurer.

Sec. 2. RCW 48.41.090 and 2000 c 79 s 11 are each amended to read as follows:

(1) Following the close of each accounting year, the pool administrator shall determine the net premium (premiums less administrative expense allowances), the pool expenses of administration, and incurred losses for the year, taking into account investment income and other appropriate gains and losses.

(2)(a) Each member's proportion of participation in the pool shall be determined annually by the board based on annual statements and other reports deemed necessary by the board and filed by the member with the commissioner; and shall be determined by multiplying the total cost of pool operation by a fraction. The numerator of the fraction equals that member's total number of resident insured persons, including spouse and dependents, covered under all health plans in the state by that member during the preceding calendar year. The denominator of the fraction equals the total number of resident insured persons, including spouses and dependents, covered under all health plans in the state by all pool members during the preceding calendar year.

(b) For purposes of calculating the numerator and the denominator under (a) of this subsection:

(i) All health plans in the state by the state health care authority include only the uniform medical plan; ~~((and))~~

(ii) Each ten resident insured persons, including spouse and dependents, under a stop loss plan or the uniform medical plan shall count as one resident insured person;

(iii) Health plans serving medical care services program clients under RCW 74.09.035 are exempted from the calculation; and

(iv) Health plans established to serve elderly or disabled medicaid clients under chapter 74.09 RCW when the plan has been implemented on a demonstration or pilot project basis are exempted from the calculation until July 1, 2009.

(c) Except as provided in RCW 48.41.037, any deficit incurred by the pool shall be recouped by assessments among members apportioned under this subsection pursuant to the formula set forth by the board among members.

(3) The board may abate or defer, in whole or in part, the assessment of a member if, in the opinion of the board, payment of the assessment would endanger the ability of the member to fulfill its contractual obligations. If an assessment against a member is abated or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other members in a manner consistent with the basis for assessments set forth in subsection (2) of this section. The member receiving such abatement or deferment shall remain liable to the pool for the deficiency.

(4) If assessments exceed actual losses and administrative expenses of the pool, the excess shall be held at interest and used by the board to offset future losses or to reduce pool premiums. As used in this subsection, "future losses" includes reserves for incurred but not reported claims."

PERSONAL PRIVILEGE

Senator Brandland: "As those of you in the audience or on the floor know I come from Whatcom county which borders Canada and I just want to actually speak to this full Intern program just very briefly, if you don't mind. You know, working on the border is a very, at times, it's a very delicate issue but when push comes to shove we always find ways to get along and get things done. It's really been kind of an honor, I think, to be a part of – a very small part – of the Intern program that we have here. We have eighty young interns that are working with the House and the Senate this year and I'm standing because you're going to be introduced to a lot of them throughout the day and you're probably going to be introduced to some of our British Columbia interns as well. I think this is a great program. It's been a great learning experience for me as a Legislator to talk with our intern in our office. For the past two years we've had an intern. To see them grow and learn is a very rewarding part of this process for me. I hope that each of you have had the opportunity to at one time to have an intern as well and to give these young people the opportunity to go up to Canada and see how their process works and to have the BC folks come down here and take a look at our process. I think everybody is a winner here and I welcome them whole heartedly. Thank you."

President Owen: "Senator Benton, the motion to demand the previous question has higher rank and we will dispose of that first before we can address your motion."

Senator Esser demanded a roll call.

The President declared that one-sixth of the members supported the demand and the demand was sustained.

The President declared the question before the Senate to be the motion by Senator Brown, "Shall the main question be now put?"

PARLIAMENTARY INQUIRY

Senator Benton: "Clarification, Mr. President. I want to make sure with the motion and the procedural stuff that's happening here that every member understands exactly what their yes or no vote on this motion would mean. Am I to understand correctly that the motion that we are about to roll call is the motion to end debate on the issue and nothing else? Is that correct?"

REPLY BY THE PRESIDENT

President Owen: "That's correct."

RULING BY THE PRESIDENT

President Owen: "Senator Morton, your motion would be out of order because of the fact that we have just had a motion to, in effect, adjourn until a time certain which is what your motion is. The President believes that the overriding factor is adjourning or recessing 'to a time certain' are the same motion."

MOTIONS

Senator Benton demanded a division.

Senator Esser demanded a roll call.

The President declared that one-sixth of the members supported the demand and the demand was sustained.

MOTION

Senator Zarelli moved that the Senate adjourn.

PARLIAMENTARY INQUIRY

Senator Kline: "Mr. President, I'm, I wish I could remember the exact section of the Senate Rules and or in Reed's Rules. I believe there is explicit language about the abuse of the rules and I believe Mr. President, that you may very well rule that what we're seeing here is just exactly that. A repetitive motion to adjourn either to one time certain or to another or not to a time certain. This is I believe an abuse of those rules not to be allowed."

REPLY BY THE PRESIDENT

President Owen: "The President believes there is some language over orderly conduct, etcetera, and I will take that into consideration as we continue on. Right now, the point before us is the matter by Senator Zarelli to adjourn. Senator Zarelli, you must provide a time to adjourn to."

Excused: Senator McCaslin - 1.

POINT OF ORDER

Senator Doumit: "Thank you Mr. President. I'm just wondering how many times you can reconsider the same motion without being on the prevailing side?"

REPLY BY THE PRESIDENT

President Owen: "They're not reconsidering. These are new motions, Senator Doumit."

MOTION

Senator Benton demanded a call of the Senate.

The President declared that two additional members supported the demand and the demand was sustained.

POINT OF ORDER

Senator Kline: "Mr. President, these repetitive motions are, in effect, motions for reconsideration and I believe that, as motions for reconsideration of decisions previously made, they're improper for two reasons. The most important of which is, in order to move for reconsideration, you must've been on the prevailing side, in each one of these motions, the maker has been not someone on the prevailing side. Secondly I believe they are an abuse of Rule 36 of the Senate Rules in they are constantly calling a previous question, constantly going over the same motions and are, in effect, an abuse. For that reason, I urge that the, Mr. President, that you rule that the previous motion that is currently before you is out of order."

POINT OF ORDER

Senator Benton: "Thank you Mr. President. I believe there's a motion for a call of the Senate on the floor and do not believe that motion is debatable. It would appear that Senator Kline is attempting to debate that motion."

REPLY BY THE PRESIDENT

President Owen: "Senator Kline is asking for a point of order which the President believes is appropriate at this time, however, he is not correct in his interpretation. Once an action has taken place another motion to adjourn would be in order. A motion to adjourn and then another by another motion to adjourn would not be in order. Therefore the procedures that have been taking place are appropriate at this time."

The President declared the question before the Senate to be the motion by Senator Benton for a call of the Senate.

RULING BY THE PRESIDENT

President Owen: "The President feels that its appropriate that he clarifies where we're at at this time and just some of the process just generally. The rules provide for the motions that you have been making to be allowed for, because there are specific rules that provide for it. The rules do not allow for a call of the Senate prior to the vote being taken at this time because of where we are at in the rules right now. Your motion for a call of the Senate at this time is not in order."

The President declared the question before the Senate to be the final passage of Engrossed House Bill No. 1268.

CALL OF THE SENATE

Senator Benton demanded a call of the Senate.

The President declared that two additional members supported the demand and the demand was sustained.

The motion by Senator Benton failed by voice vote.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed House Bill No. 1268 and the bill failed to pass the Senate by the following vote: Yeas, 23; Nays, 26; Absent, 0; Excused, 0.

Voting yea: Senators Berkey, Eide, Fairley, Finkbeiner, Franklin, Fraser, Haugen, Jacobsen, Kastama, Keiser, Kline, Kohl-Welles, McAuliffe, Poulsen, Prentice, Pridemore, Rasmussen, Regala, Rockefeller, Shin, Spanel, Thibaudeau and Weinstein - 23

"Sec. 1. RCW 48.31.020 and 1998 c 284 s 8 are each amended to read as follows:

(1) For the purposes of this chapter, other than as to RCW 48.31.010, and in addition to persons included under RCW 48.99.010, the term "insurer" shall be deemed to include an insurer authorized under chapter 48.05 RCW, an insurer or institution holding a certificate of exemption under RCW 48.38.010, a health care service contractor registered under chapter 48.44 RCW, and a health maintenance organization registered under chapter 48.46 RCW, as well as all persons engaged as, or purporting to be engaged as insurers, institutions issuing charitable gift annuities, health care service contractors, or health maintenance organizations in this state, and to persons in process of organization to become insurers, institutions issuing charitable gift annuities, health care service contractors, or health maintenance organizations.

(2) The definitions in this subsection apply throughout this chapter unless the context clearly requires otherwise.

(a) "Exceeded its powers" means the following conditions:

(i) The insurer has refused to permit examination of its books, papers, accounts, records, or affairs by the commissioner, his or her deputies, employees, or duly commissioned examiners as required by this title or any rules adopted by the commissioner;

(ii) A domestic insurer has unlawfully removed from this state books, papers, accounts, or records necessary for an examination of the insurer;

(iii) The insurer has failed to promptly comply with the filing of any applicable financial reports as required by this title or any rules adopted by the commissioner;

(iv) The insurer has neglected or refused to observe a lawful order of the commissioner to comply, within the time prescribed by law, with any prohibited deficiency in its applicable capital, capital stock, or surplus;

(v) The insurer is continuing to transact insurance or write business after its license has been revoked or suspended by the commissioner;

(vii) The insurer engaged in any transaction in which it is not authorized to engage under this title or any rules adopted by the commissioner.

(b) "Consent" means agreement to administrative supervision by the insurer.

Sec. 2. RCW 48.31.115 and 1993 c 462 s 60 are each amended to read as follows:

(1) The persons entitled to protection under this section are:

(a) The commissioner and any other receiver or administrative supervisor responsible for conducting a delinquency proceeding under this chapter, including present and former commissioners, administrative supervisors, and receivers; and

(b) The commissioner's employees, meaning all present and former special deputies and assistant special deputies and special receivers and special administrative supervisors appointed by the commissioner and all persons whom the commissioner, special deputies, or assistant special deputies have employed to assist in a delinquency proceeding under this chapter. Attorneys, accountants, auditors, and other professional persons or firms who are retained as independent contractors, and their employees, are not considered employees of the commissioner for purposes of this section.

(2) The commissioner and the commissioner's employees are immune from suit and liability, both personally and in their official capacities, for a claim for damage to or loss of property or personal injury or other civil liability caused by or resulting from an alleged act or omission of the commissioner or an employee arising out of or by reason of his or her duties or employment. However, nothing in this subsection may be construed to hold the commissioner or an employee immune from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of the commissioner or an employee.

(3) If a legal action is commenced against the commissioner or an employee, whether against him or her personally or in his or her official capacity, alleging property damage, property loss, personal injury, or other civil liability caused by or resulting from an alleged act or omission of the commissioner or an employee arising out of or by reason of his or her duties or employment, the commissioner and any employee shall be indemnified from the assets of the insurer for all expenses, attorneys' fees, judgments, settlements, decrees, or amounts due and owing or paid in satisfaction of or incurred in the defense of the legal action unless it is determined upon a final adjudication on the merits that the alleged act or omission of the commissioner or employee giving rise to the claim did not arise out of or by reason of his or her duties or employment, or was caused by intentional or willful and wanton misconduct.

(a) Attorneys' fees and related expenses incurred in defending a legal action for which immunity or indemnity is available under this section shall be paid from the assets of the insurer, as they are incurred, in advance of the final disposition of such action upon receipt of an undertaking by or on behalf of the commissioner or employee to repay the attorneys' fees and expenses if it is ultimately determined upon a final adjudication on the merits and that the commissioner or employee is not entitled to immunity or indemnity under this section.

(b) Any indemnification under this section is an administrative expense of the insurer.

(c) In the event of an actual or threatened litigation against the commissioner or an employee for which immunity or indemnity may be available under this section, a reasonable amount of funds that in the judgment of the commissioner may be needed to provide immunity or indemnity shall be segregated and reserved from the assets of the insurer as security for the payment of indemnity until all applicable statutes of limitation have run or all actual or threatened actions against the

commissioner or an employee have been completely and finally resolved, and all obligations of the insurer and the commissioner under this section have been satisfied.

(d) In lieu of segregation and reserving of funds, the commissioner may obtain a surety bond or make other arrangements that will enable the commissioner to secure fully the payment of all obligations under this section.

(4) If a legal action against an employee for which indemnity may be available under this section is settled before final adjudication on the merits, the insurer shall pay the settlement amount on behalf of the employee, or indemnify the employee for the settlement amount, unless the commissioner determines:

(a) That the claim did not arise out of or by reason of the employee's duties or employment; or

(b) That the claim was caused by the intentional or willful and wanton misconduct of the employee.

(5) In a legal action in which the commissioner is a defendant, that portion of a settlement relating to the alleged act or omission of the commissioner is subject to the approval of the court before which the delinquency proceeding is pending. The court may not approve that portion of the settlement if it determines:

(a) That the claim did not arise out of or by reason of the commissioner's duties or employment; or

(b) That the claim was caused by the intentional or willful and wanton misconduct of the commissioner.

(6) Nothing in this section removes or limits an immunity, indemnity, benefit of law, right, or defense otherwise available to the commissioner, an employee, or any other person, not an employee under subsection (1)(b) of this section, who is employed by or in the office of the commissioner or otherwise employed by the state.

(7)(a) Subsection (2) of this section applies to any suit based in whole or in part on an alleged act or omission that takes place on or after July 25, 1993.

(b) No legal action lies against the commissioner or an employee based in whole or in part on an alleged act or omission that took place before July 25, 1993, unless suit is filed and valid service of process is obtained within twelve months after July 25, 1993.

(c) Subsections (3), (4), and (5) of this section apply to a suit that is pending on or filed after July 25, 1993, without regard to when the alleged act or omission took place.

NEW SECTION. Sec. 3. (1) An insurer may be subject to administrative supervision by the commissioner if upon examination or at any other time the commissioner makes a finding that:

(a) The insurer's condition renders the continuance of its business financially hazardous to the public or to its insureds consistent with this title or any rules adopted by the commissioner;

(b) The insurer has or appears to have exceeded its powers granted under its certificate of authority and this title or any rules adopted by the commissioner;

(c) The insurer has failed to comply with the applicable provisions of Title 48 RCW or rules adopted by the commissioner such that its condition has or will render the continuance of its business financially hazardous to the public or to its insureds;

(d) The business of the insurer is being conducted fraudulently; or

(e) The insurer gives its consent.

(2) If the commissioner determines that the conditions set forth in subsection (1) of this section exist, the commissioner shall:

(a) Notify the insurer of his or her determination;

(b) Furnish to the insurer a written list of the requirements to abate this determination; and

(c) Notify the insurer that it is under the supervision of the commissioner and that the commissioner is applying and effectuating the provisions of this chapter. Action by the commissioner shall be subject to review pursuant to chapters 48.04 and 34.05 RCW.

(3) If placed under administrative supervision, the insurer has sixty days, or another period of time as designated by the commissioner, to comply with the requirements of the commissioner subject to the provisions of this chapter.

(4) If it is determined after notice and hearing that the conditions giving rise to the administrative supervision still exist at the end of the supervision period under subsection (3) of this section, the commissioner may extend the period.

(5) If it is determined that none of the conditions giving rise to the administrative supervision exist, or that the insurer has remedied the conditions that gave rise to the supervision, the commissioner shall release the insurer from supervision.

NEW SECTION. Sec. 4. (1) Except as set forth in this section, proceedings, hearings, notices, correspondence, reports, records, and other information in the possession of the commissioner relating to the supervision of any insurer under this chapter are confidential and are not subject to chapter 42.17 RCW, are not subject to subpoena, and are not subject to discovery or admissible in evidence in any private civil action, except as provided by this section. However, the commissioner is authorized to use the documents, materials, or other information in the furtherance of any regulatory or legal action brought as part of the commissioner's official duties.

(2) The employees of the commissioner have access to these proceedings, hearings, notices, correspondence, reports, records, or information as permitted by the commissioner. Neither the commissioner nor any person who received documents, materials, or other information while acting under the authority of the commissioner is permitted or required to testify in any private civil action concerning any confidential documents, materials, or information subject to subsection (1) of this section.

(3) The commissioner may share the notices, correspondence, reports, records, or information with other state, federal, and international regulatory agencies, with the national association of insurance commissioners and its affiliates and subsidiaries, and with state, federal, and international law enforcement authorities, if the commissioner determines that the disclosure is necessary or proper for the enforcement of the laws of this or another state of the United States, and provided that the recipient

agrees to maintain the confidentiality of the documents, material, or other information. No waiver of any applicable privilege or claim of confidentiality may occur as a result of the sharing of documents, materials, or other information under this subsection.

(4) The commissioner may open the proceedings or hearings or make public the notices, correspondence, reports, records, or other information if the commissioner deems that it is in the best interest of the public or in the best interest of the insurer or its insureds, creditors, or the general public. However, the determination of whether to disclose any confidential information at the public proceedings or hearings is subject to applicable law.

(5) This section does not apply to hearings, notices, correspondence, reports, records, or other information obtained upon the appointment of a receiver for the insurer by a court of competent jurisdiction.

NEW SECTION. Sec. 5. During the period of administrative supervision, the commissioner or the commissioner's designated appointee shall serve as the administrative supervisor. Denial of the insurer's request upon reconsideration entitles the insurer to request a proceeding under chapters 48.04 and 34.05 RCW.

NEW SECTION. Sec. 7. RCW 48.31.020, 48.31.115, and sections 3 through 6, 8, and 10 of this act do not preclude the commissioner from initiating judicial proceedings to place an insurer in rehabilitation or liquidation proceedings or other delinquency proceedings, however designated under the laws of this state, regardless of whether the commissioner has previously initiated administrative supervision proceedings under this chapter against the insurer.

NEW SECTION. Sec. 8. The commissioner may meet with the administrative supervisor appointed under this chapter and with the attorney or other representative of the administrative supervisor, without the presence of any other person, at the time of any proceeding or during the pendency of any proceeding held under authority of this chapter to carry out the commissioner's duties under this chapter or for the supervisor to carry out his or her duties under this chapter.

Senator Jacobsen moved that the following committee striking amendment by the Committee on Natural Resources, Ocean & Recreation be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that Hood Canal is a precious aquatic resource of our state. The legislature finds that Hood Canal is a rich source of recreation, fishing, aquaculture, and aesthetic enjoyment for the citizens of this state. The legislature therefore recognizes Hood Canal's substantial environmental, cultural, economic, recreational, and aesthetic importance to Washington.

(2) The legislature finds that Hood Canal is a marine water of the state at significant risk. The legislature finds that Hood Canal has a "dead zone" related to low-dissolved oxygen concentrations, a condition that has recurred for many years. The legislature also finds this problem and various contributors to the problem were documented in the May 2004 *Preliminary Assessment and Corrective Action Plan* published by the state Puget Sound action team and the Hood Canal coordinating council.

(3) The legislature further finds that significant research, monitoring, and study efforts are currently occurring regarding Hood Canal's low-dissolved oxygen concentrations. The legislature recognizes that federal, state, tribal, and local governments and other organizations and entities are coordinating research, monitoring, and modeling efforts through the Hood Canal low-dissolved oxygen program. The legislature also recognizes that these entities and others are continuing individual efforts to study and identify potential solutions for Hood Canal's low-dissolved oxygen concentrations. The legislature also recognizes numerous public, private, and community organizations are working to provide public education regarding Hood Canal's low-dissolved oxygen concentrations. The legislature recognizes and encourages the continuation of these efforts.

(4) The legislature finds a need exists for the state to take additional action to address and resolve Hood Canal's low-dissolved oxygen concentrations. The legislature also finds a need exists to designate the state and local entities to develop, coordinate, and administer a Hood Canal rehabilitation program and funding.

NEW SECTION. Sec. 2. (1) The development of a program for rehabilitation of Hood Canal is authorized in Jefferson, Kitsap, and Mason counties within the aquatic rehabilitation zone one.

The Puget Sound action team and the local management board shall jointly coordinate a process to prioritize projects, studies, and activities for which the Puget Sound action team receives state funding specifically allocated for Hood Canal corrective actions to implement this section. The local management board and the Puget Sound action team shall establish criteria for funding these projects, studies, and activities based upon their likely value in addressing and resolving Hood Canal's low-dissolved oxygen concentrations. The Puget Sound action team shall make final approval and manage projects under this section. Nothing in this section prohibits any federal, tribal, state, or local agencies, universities, or nonprofit organizations from receiving funding for specific projects that may assist in the rehabilitation of Hood Canal.

(2) Immediately upon receiving information of third-party damage to a hazardous liquid pipeline, the company that operates the pipeline shall terminate the flow of hazardous liquid in that pipeline until it has visually inspected the pipeline. After visual inspection, the operator of the hazardous liquid pipeline shall determine whether the damaged pipeline section should be replaced or repaired, or whether it is safe to resume pipeline operation. Immediately upon receiving information of third-party damage to a gas pipeline, the company that operates the pipeline shall conduct a visual inspection of the pipeline to determine whether the flow of gas through that pipeline should be terminated, and whether the damaged pipeline should be replaced or repaired. A record of the pipeline company's inspection report and test results shall be provided to the utilities and transportation commission consistent with reporting requirements under 49 C.F.R. 195 Subpart B.

(2) Any excavator who willfully or maliciously damages a field-marked underground facility shall be liable for treble the costs incurred in repairing or relocating the facility. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997 shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The obligation to register shall only cease pursuant to RCW 9A.44.140.

Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. (vi) **OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY.** Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

(vii) **OFFENDERS WHO LACK A FIXED RESIDENCE.** Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than twenty-four hours after entering the county and provide the information required in subsection (3)(b) of this section.

(viii) **OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION.** Offenders who lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence. The notice shall include the information required by subsection (3)(b) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. The county sheriff's office may require the person to list the locations where the person has stayed during the last seven days. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within five days of the entry of the order.

(8) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints.

(9) For the purpose of RCW 9A.44.130, 10.01.200, 43.43.540, 70.48.470, and 72.09.330:

(10)(a) A person who knowingly fails to register with the county sheriff or notify the county sheriff, or who changes his or her name without notifying the county sheriff and the state patrol, as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a felony sex offense as defined in subsection (9)(a) of this section or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony sex offense as defined in subsection (9)(a) of this section.

(b) If the crime for which the individual was convicted was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

(11)(a) A person who knowingly fails to register or who moves within the state without notifying the county sheriff as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a felony kidnapping offense as defined in subsection (9)(b) of this section or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony kidnapping offense as defined in subsection (9)(b) of this section.

(b) If the crime for which the individual was convicted was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

(12) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a peace officer, including a county sheriff, or law enforcement agency, for failing to release information authorized under this section.

Sec. 2. RCW 4.24.550 and 2003 c 217 s 1 are each amended to read as follows:

(1) In addition to the disclosure under subsection (5) of this section, public agencies are authorized to release information to the public regarding sex offenders and kidnapping offenders when the agency determines that disclosure of the information is relevant and necessary to protect the public and counteract the danger created by the particular offender. This authorization applies to information regarding: (a) Any person adjudicated or convicted of a sex offense as defined in RCW 9A.44.130 or a kidnapping offense as defined by RCW 9A.44.130; (b) any person under the jurisdiction of the indeterminate sentence review board as the result of a sex offense or kidnapping offense; (c) any person committed as a sexually violent predator under chapter 71.09 RCW or as a sexual psychopath under chapter 71.06 RCW; (d) any person found not guilty of a sex offense or kidnapping offense by reason of insanity under chapter 10.77 RCW; and (e) any person found incompetent to stand trial for a sex offense or kidnapping offense and subsequently committed under chapter 71.05 or 71.34 RCW.

(2) Except for the information specifically required under subsection (5) of this section, the extent of the public disclosure of relevant and necessary information shall be rationally related to: (a) The level of risk posed by the offender to the community; (b) the locations where the offender resides, expects to reside, or is regularly found; and (c) the needs of the affected community members for information to enhance their individual and collective safety.

(3) Except for the information specifically required under subsection (5) of this section, local law enforcement agencies shall consider the following guidelines in determining the extent of a public disclosure made under this section: (a) For offenders classified as risk level I, the agency shall share information with other appropriate law enforcement agencies and if the offender is a student, the public or private school regulated under Title 28A RCW or chapter 72.40 RCW which the offender is attending, or planning to attend. The agency may disclose, upon request, relevant, necessary, and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the offender resides, expects to reside, or is regularly found; (b) for offenders classified as risk level II, the agency may also disclose relevant, necessary, and accurate information to public and private schools, child day care centers, family day care providers, businesses and organizations that serve primarily children, women, or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside, or is regularly found; (c) for offenders classified as risk level III, the agency may also disclose relevant, necessary, and accurate information to the public at large; and (d) because more localized notification is not feasible and homeless and transient offenders may present unique risks to the community, the agency may also disclose relevant, necessary, and accurate information to the public at large for offenders registered as homeless or transient.

(4) The county sheriff with whom an offender classified as risk level III is registered shall cause to be published by legal notice, advertising, or news release a sex offender community notification that conforms to the guidelines established under RCW 4.24.5501 in at least one legal newspaper with general circulation in the area of the sex offender's registered address or location. The county sheriff shall also cause to be published consistent with this subsection a current list of level III registered sex offenders, twice yearly. Unless the information is posted on the web site described in subsection (5) of this section, this list shall be maintained by the county sheriff on a publicly accessible web site and shall be updated at least once per month.

(5)(a) When funded by federal grants or other sources, the Washington association of sheriffs and police chiefs shall create and maintain a statewide registered sex offender web site, which shall be available to the public. The web site shall post all level III and level II registered sex offenders in the state of Washington.

(i) For level III offenders, the web site shall contain, but is not limited to, the registered sex offender's name, relevant criminal convictions, address by hundred block, physical description, and photograph. The web site shall provide mapping capabilities that display the sex offender's address by hundred block on a map. The web site shall allow citizens to search for registered sex offenders within the state of Washington by county, city, zip code, last name, type of conviction, and address by hundred block.

(ii) For level II offenders, the web site shall contain, but is not limited to, the same information and functionality as described in (a)(i) of this subsection, provided that it is permissible under state and federal law. If it is not permissible, the web site shall be limited to the information and functionality that is permissible under state and federal law.

(b) Until the implementation of (a) of this subsection, the Washington association of sheriffs and police chiefs shall create a web site available to the public that provides electronic links to county-operated web sites that offer sex offender registration information.

(6) Local law enforcement agencies that disseminate information pursuant to this section shall: (a) Review available risk level classifications made by the department of corrections, the department of social and health services, and the indeterminate sentence review board; (b) assign risk level classifications to all offenders about whom information will be disseminated; and (c) make a good faith effort to notify the public and residents at least fourteen days before the offender is released from confinement or, where an offender moves from another jurisdiction, as soon as possible after the agency learns of the offender's move, except that in no case may this notification provision be construed to require an extension of an offender's release date. The juvenile court shall provide local law enforcement officials with all relevant information on offenders allowed to remain in the community in a timely manner.

(7) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470, or units of local government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any discretionary risk level classification decisions or release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith. The immunity in this section applies to risk level classification decisions and the release of relevant and necessary information regarding any individual for whom disclosure is authorized. The decision of a local law enforcement agency or official to classify an offender to a risk level other than the one assigned by the department of corrections, the department of social and health services, or the indeterminate sentence review board, or the release of any relevant and necessary information based on that different classification shall not, by itself, be considered gross negligence or bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

(8) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information authorized under this section.

(9) Nothing in this section implies that information regarding persons designated in subsection (1) of this section is confidential except as may otherwise be provided by law.

(10) When a local law enforcement agency or official classifies an offender differently than the offender is classified by the end of sentence review committee or the department of social and health services at the time of the offender's release from confinement, the law enforcement agency or official shall notify the end of sentence review committee or the department of social and health services and submit its reasons supporting the change in classification. Upon implementation of subsection (5)(a) of this section, notification of the change shall also be sent to the Washington association of sheriffs and police chiefs.

NEW SECTION. Sec. 3. The safety center of the office of the superintendent of public instruction shall review the types and amounts of training that will be necessary for principals, teachers, supervisors, and school staff to implement this act and shall report to the appropriate committees of the legislature with recommendations for training requirements not later than January 1, 2006.

"NEW SECTION. Sec. 1. The legislature believes that electronic monitoring, as an alternative to incarceration, is a proper and cost-effective method of punishment and supervision for many criminal offenders. The legislature further finds that advancements in electronic monitoring technology have made the technology more common and acceptable to criminal justice system personnel, policymakers, and the general public.

In an effort to reduce prison and jail populations, many states are increasing their utilization of electronic monitoring. However, Washington state's use of electronic monitoring has been relatively stagnant.

The intent of this act is to determine what electronic monitoring policies and programs have been implemented in the other forty-nine states, in order that Washington state can learn from the other states' experiences.

NEW SECTION. Sec. 2. (1) The Washington association of sheriffs and police chiefs shall conduct a comprehensive study on electronic monitoring in every state. The study shall review and analyze each state's activity regarding electronic monitoring. Specifically, the study shall include:

- (a) How often electronic monitoring is used;
- (b) A description of laws and circumstances of when an offender is placed on electronic monitoring;
- (c) The discovery and analysis of specific programs used to promote electronic monitoring and how they are operated;
- (d) The type of electronic monitoring technology used;
- (e) Evaluation of offender pay programs and the amount of money recovered from these programs;
- (f) Overall perceptions of electronic monitoring from the criminal justice community, and any real or perceived problems or concerns with electronic monitoring;
- (g) Estimates on savings realized by utilizing electronic monitoring.

(2) The findings and any recommendations from the study shall be placed into a final report and presented to the legislature no later than December 31, 2005.

Sec. 3. RCW 9.94A.737 and 2002 c 175 s 15 are each amended to read as follows:

(1) If an offender violates any condition or requirement of community custody, the department may transfer the offender to a more restrictive confinement status to serve up to the remaining portion of the sentence, less credit for any period actually spent in community custody or in detention awaiting disposition of an alleged violation and subject to the limitations of subsection (2) of this section.

(2)(a) For a sex offender sentenced to a term of community custody under RCW 9.94A.670 who violates any condition of community custody, the department may impose a sanction of up to sixty days' confinement in a local correctional facility for

each violation. If the department imposes a sanction, the department shall submit within seventy-two hours a report to the court and the prosecuting attorney outlining the violation or violations and the sanctions imposed.

(b) For a sex offender sentenced to a term of community custody under RCW 9.94A.710 who violates any condition of community custody after having completed his or her maximum term of total confinement, including time served on community custody in lieu of earned release, the department may impose a sanction of up to sixty days in a local correctional facility for each violation.

(c) For an offender sentenced to a term of community custody under RCW 9.94A.505(2)(b), 9.94A.650, or 9.94A.715, or under RCW 9.94A.545, for a crime committed on or after July 1, 2000, who violates any condition of community custody after having completed his or her maximum term of total confinement, including time served on community custody in lieu of earned release, the department may impose a sanction of up to sixty days in total confinement for each violation. The department may impose sanctions such as work release, home detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, or any other sanctions available in the community.

(d) For an offender sentenced to a term of community placement under RCW 9.94A.705 who violates any condition of community placement after having completed his or her maximum term of total confinement, including time served on community custody in lieu of earned release, the department may impose a sanction of up to sixty days in total confinement for each violation. The department may impose sanctions such as work release, home detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, or any other sanctions available in the community.

(3) If an offender is accused of violating any condition or requirement of community custody, he or she is entitled to a hearing before the department prior to the imposition of sanctions. The hearing shall be considered as offender disciplinary proceedings and shall not be subject to chapter 34.05 RCW. The department shall develop hearing procedures and a structure of graduated sanctions.

(4) The hearing procedures required under subsection (3) of this section shall be developed by rule and include the following:

(a) Hearing officers shall report through a chain of command separate from that of community corrections officers;

(d) The offender shall have the right to: (i) Be present at the hearing; (ii) have the assistance of a person qualified to assist the offender in the hearing, appointed by the hearing officer if the offender has a language or communications barrier; (iii) testify or remain silent; (iv) call witnesses and present documentary evidence; and (v) question witnesses who appear and testify; and

(e) The sanction shall take effect if affirmed by the hearing officer. Within seven days after the hearing officer's decision, the offender may appeal the decision to a panel of three reviewing officers designated by the secretary or by the secretary's designee. The sanction shall be reversed or modified if a majority of the panel finds that the sanction was not reasonably related to any of the following: (i) The crime of conviction; (ii) the violation committed; (iii) the offender's risk of reoffending; or (iv) the safety of the community.

(5) For purposes of this section, no finding of a violation of conditions may be based on unconfirmed or unconfirmable allegations.

(6) The department shall work with the Washington association of sheriffs and police chiefs to establish and operate an electronic monitoring program for low-risk offenders who violate the terms of their community custody. Between January 1, 2006, and December 31, 2006, the department shall endeavor to place at least one hundred low-risk community custody violators on the electronic monitoring program per day if there are at least that many low-risk offenders who qualify for the electronic monitoring program.

(7) Local governments, their subdivisions and employees, the department and its employees, and the Washington association of sheriffs and police chiefs and its employees shall be immune from civil liability for damages arising from incidents involving low-risk offenders who are placed on electronic monitoring unless it is shown that an employee acted with gross negligence or bad faith.

"NEW SECTION. Sec. 1. A new section is added to chapter 48.43 RCW to read as follows:

(1) Except in the case of fraud, or as provided in subsection (2) and (3) of this section, a carrier may not: (a) request a refund from a health care provider of a payment previously made to satisfy a claim unless it does so in writing to the provider within twenty-four months after the date that the payment was made; or (b) request that a contested refund be paid any sooner than six months after receipt of the request. Any such request must specify why the carrier believes the provider owes the refund. If a provider fails to contest the request in writing to the carrier within thirty days of its receipt, the request is deemed accepted and the refund must be paid.

(2) A carrier may not, if doing so for reasons related to coordination of benefits with another carrier or entity responsible for payment of a claim: (a) request a refund from a health care provider of a payment previously made to satisfy a claim unless it does so in writing to the provider within thirty months after the date that the payment was made; or (b) request that a contested refund be paid any sooner than six months after receipt of the request. Any such request must specify why the carrier believes the provider owes the refund, and include the name and mailing address of the entity that has primary responsibility for payment of the claim. If a provider fails to contest the request in writing to the carrier within thirty days of its receipt, the request is deemed accepted and the refund must be paid.

(3) A carrier may at any time request a refund from a health care provider of a payment previously made to satisfy a claim if: (a) a third party, including a government entity, is found responsible for satisfaction of the claim as a consequence of liability imposed by law, such as tort liability; and (b) the carrier is unable to recover directly from the third party because the third party has either already paid or will pay the provider for the health services covered by the claim.

(4) If a contract between a carrier and a health care provider conflicts with this section, this section shall prevail. However, nothing in this section prohibits a health care provider from choosing at any time to refund to a carrier any payment previously made to satisfy a claim.

(5) For purposes of this section, "refund" means the return, either directly or through an offset to a future claim, of some or all of a payment already received by a health care provider.

(6) This section neither permits nor precludes a carrier from recovering from a subscriber, enrollee, or beneficiary any amounts paid to a health care provider for benefits to which the subscriber, enrollee, or beneficiary was not entitled under the terms and conditions of the health plan, insurance policy, or other benefit agreement.

(7) This section does not apply to claims for health care services provided through dental-only health carriers, health care services provided under Title XVIII (medicare) of the social security act, or medicare supplemental plans regulated under chapter 48.66 RCW.

NEW SECTION. Sec. 2. A new section is added to chapter 48.43 RCW to read as follows:

Any such request must specify why the provider believes the carrier owes the additional payment.

(2) A health care provider may not, if doing so for reasons related to coordination of benefits with another carrier or entity responsible for payment of a claim: (a) request additional payment from a carrier to satisfy a claim unless he or she does so in writing to the carrier within thirty months after the date the claim was denied or payment intended to satisfy the claim was made; or (b) request that the additional payment be made any sooner than six months after receipt of the request. Any such request must specify why the provider believes the carrier owes the additional payment, and include the name and mailing address of any entity that has disclaimed responsibility for payment of the claim.

(3) If a contract between a carrier and a health care provider conflicts with this section, this section shall prevail. However, nothing in this section prohibits a carrier from choosing at any time to make additional payments to a provider to satisfy a claim.

(4) This section does not apply to claims for health care services provided through dental-only health carriers, health care services provided under Title XVIII (medicare) of the social security act, or medicare supplemental plans regulated under chapter 48.66 RCW.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1696, by House Committee on Natural Resources, Ecology & Parks (originally sponsored by Representatives Blake, Buck, Takko, Holmquist, McCune, Condotta, Hinkle and B. Sullivan)

Increasing penalties for the violation of certain fish and wildlife provisions.

The measure was read the second time.

MOTION

Senator Jacobsen moved that the following committee striking amendment by the Committee on Natural Resources, Ocean & Recreation be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 77.15 RCW to read as follows:

The fish and wildlife enforcement reward account is created in the custody of the state treasurer. All receipts from criminal wildlife penalty assessments under RCW 77.15.420 must be deposited into the account. The department may accept money or personal property from persons under conditions requiring the property or money to be used consistent with the intent of expenditures from the fish and wildlife enforcement reward account. Expenditures from the account may be used only for investigation and prosecution of fish and wildlife offenses, to provide rewards to persons informing the department about violations of this title and rules adopted under this title, and for other valid enforcement uses as determined by the commission. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Sec. 2. RCW 77.15.070 and 2000 c 107 s 231 are each amended to read as follows:

(1) Fish and wildlife officers and ex officio fish and wildlife officers may seize without warrant boats, airplanes, vehicles, motorized implements, conveyances, gear, appliances, or other articles they have probable cause to believe have been held with intent to violate or used in violation of this title or rule of the commission or director. However, fish and wildlife officers or ex officio fish and wildlife officers may not seize any item or article, other than for evidence, if under the circumstances, it is reasonable to conclude that the violation was inadvertent. The property seized is subject to forfeiture to the state under this section regardless of ownership. Property seized may be recovered by its owner by depositing with the department or into court a cash bond or equivalent security equal to the value of the seized property but not more than ~~((twenty-five))~~ one hundred thousand dollars. Such cash bond or security is subject to forfeiture in lieu of the property. Forfeiture of property seized under this section is a civil forfeiture against property and is intended to be a remedial civil sanction.

(2) In the event of a seizure of property under this section, jurisdiction to begin the forfeiture proceedings shall commence upon seizure. Within fifteen days following the seizure, the seizing authority shall serve a written notice of intent to forfeit property on the owner of the property seized and on any person having any known right or interest in the property seized. Notice may be served by any method authorized by law or court rule, including service by certified mail with return receipt requested. Service by mail is deemed complete upon mailing within the fifteen-day period following the seizure.

(3) Persons claiming a right of ownership or right to possession of property are entitled to a hearing to contest forfeiture. Such a claim shall specify the claim of ownership or possession and shall be made in writing and served on the director within forty-five days of the seizure. If the seizing authority has complied with notice requirements and there is no claim made within forty-five days, then the property shall be forfeited to the state.

(4) If any person timely serves the director with a claim to property, the person shall be afforded an opportunity to be heard as to the person's claim or right. The hearing shall be before the director or director's designee, or before an administrative law judge appointed under chapter 34.12 RCW, except that a person asserting a claim or right may remove the matter to a court of competent jurisdiction if the aggregate value of the property seized is more than five thousand dollars. The department may settle a person's claim of ownership prior to the administrative hearing.

(5) The hearing to contest forfeiture and any subsequent appeal shall be as provided for in chapter 34.05 RCW, the administrative procedure act. The seizing authority has the burden to demonstrate that it had reason to believe the property was held with intent to violate or was used in violation of this title or rule of the commission or director. The person contesting forfeiture has the burden of production and proof by a preponderance of evidence that the person owns or has a right to possess the property and:

(a) That the property was not held with intent to violate or used in violation of this title; or

(b) If the property is a boat, airplane, or vehicle, that the illegal use or planned illegal use of the boat, airplane, or vehicle occurred without the owner's knowledge or consent, and that the owner acted reasonably to prevent illegal uses of such boat, airplane, or vehicle.

(6) A forfeiture of a conveyance encumbered by a perfected security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the act or omission. No security interest in seized property may be perfected after seizure.

(7) If seized property is forfeited under this section the department may retain it for official use unless the property is required to be destroyed, or upon application by any law enforcement agency of the state, release such property to the agency for the use of enforcing this title, or sell such property, and deposit the proceeds to the ~~((wildlife fund, as provided for in RCW 77.12.170))~~ fish and wildlife enforcement reward account created in section 1 of this act.

Sec. 3. RCW 77.15.370 and 2001 c 253 s 38 are each amended to read as follows:

(1) A person is guilty of unlawful recreational fishing in the first degree if:

(a) The person takes, possesses, or retains two times or more than the bag limit or possession limit of fish or shellfish allowed by any rule of the director or commission setting the amount of food fish, game fish, or shellfish that can be taken, possessed, or retained for noncommercial use;

(b) The person fishes in a fishway; ~~((or))~~

(c) The person shoots, gaffs, snags, snares, spears, dipnets, or stonies fish or shellfish in state waters, or possesses fish or shellfish taken by such means, unless such means are authorized by express rule of the commission or director; or

(b) Unlawful hunting of big game in the first degree is a class C felony. Upon conviction, the department shall revoke all hunting licenses or tags (~~(involved in the crime)~~) and the department shall order the person's hunting privileges suspended for ~~((two))~~ ten years.

Creating a job development fund. Revised for 1st Substitute: Providing funds to stimulate community and economic development.

The measure was read the second time.

MOTION

Senator Shin moved that the following committee striking amendment by the Committee on Ways & Means be adopted.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature has and continues to recognize the vital importance of economic development to the health and prosperity of Washington state as indicated in RCW 43.160.010, 43.155.070(4)(g), 43.163.005, and 43.168.010. The legislature finds that current economic development programs and funding, which are primarily low-interest loan programs, can be enhanced by creating a loan and grant program to assist political subdivisions with public infrastructure projects that directly stimulate community and economic development by supporting the creation of new jobs or the retention of existing jobs.

NEW SECTION. Sec. 2. A new section is added to chapter 43.160 RCW to read as follows:

(1) The job development fund program is created to provide loans and grants to political subdivisions of the state for public infrastructure projects that will stimulate job creation or assist in job retention. Grants may be awarded only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision and the board has made a finding that financial circumstances require grant assistance to enable the project to move forward. The program is to be administered by the board. The board shall establish a competitive process to request and prioritize proposals and make loan and grant awards.

(2) For the purposes of this act:

- (a) "Public infrastructure projects" has the same meaning as "public facilities" as defined in RCW 43.160.020(11); and
- (b) "Political subdivision" means a county, city, port district, or other special purpose district, excluding a school district.

(3) The board shall conduct a statewide request for project applications from political subdivisions. The board shall apply the following criteria for evaluation and ranking of applications:

(a) The relative benefits provided to the community by the jobs the project would create, including, but not limited to:

(i) The total number of jobs; (ii) the total number of full-time, family wage jobs; (iii) the unemployment rate in the area; and (iv) the increase in employment in comparison to total community population;

(b) The present level of economic activity in the community and the existing local financial capacity to increase economic activity in the community;

(c) The rate of return of the state's investment, that includes the expected increase in state and local tax revenues associated with the project;

(d) The lack of another timely source of funding available to finance the project which would likely prevent the proposed community or economic development, absent the financing available under this act;

(e) The ability of the project to improve the viability of existing business entities in the project area;

(f) Whether or not the project is a partnership of multiple jurisdictions;

(g) Demonstration that the requested assistance will directly stimulate community and economic development by facilitating the creation of new jobs or the retention of existing jobs; and

(h) The availability of existing assets that applicants may apply to projects.

(4) Job development fund program loans and grants may only be awarded to those applicants that have entered into or expect to enter into a contract with a private developer relating to private investment that will result in the creation or retention of jobs upon completion of the project. Job development fund program loans and grants shall not be provided for any project where:

(a) The funds will not be used within the jurisdiction or jurisdictions of the applicants; or

(b) Evidence exists that the project would result in a development or expansion that would displace existing jobs in any other community in the state.

(5) The board shall, with the joint legislative audit and review committee, develop performance criteria for each loan and grant and evaluation criteria to be used to evaluate both how well successful applicants met the community and economic development objectives stated in their applications, and how well the job development fund program performed in creating and retaining jobs.

Public records shall be available for inspection and copying, and agencies shall, upon request for identifiable public records, make them promptly available to any person including, if applicable, on a partial or installment basis as records that are part of a larger set of requested records are assembled or made ready for inspection or disclosure. Agencies shall not deny a request for identifiable public records solely on the basis that the request is overbroad. Agencies shall not distinguish among persons requesting records, and such persons shall not be required to provide information as to the purpose for the request except to establish whether inspection and copying would violate RCW 42.17.260(~~((§))~~) (9) or other statute which exempts or prohibits disclosure of specific information or records to certain persons. Agency facilities shall be made available to any person for the copying of public records except when and to the extent that this would unreasonably disrupt the operations of the agency. Agencies shall honor requests received by mail for identifiable public records unless exempted by provisions of this chapter.

Sec. 2. RCW 42.17.300 and 1995 c 397 s 14 and 1995 c 341 s 2 are each reenacted and amended to read as follows:

No fee shall be charged for the inspection of public records. No fee shall be charged for locating public documents and making them available for copying. Agency charges for photocopies shall be imposed in accordance with the actual per page cost or other costs established and published by the agency. In no event may an agency charge a per page cost greater than the actual per page cost as established and published by the agency. To the extent the agency has not determined the actual per page cost for photocopies of public records, the agency may not charge in excess of fifteen cents per page. An agency may require a deposit in an amount not to exceed ten percent of the estimated cost of providing copies for a request. If an agency makes a request available on a partial or installment basis, the agency may charge for each part of the request as it is provided. If an installment of a records request is not claimed or reviewed, the agency is not obligated to fulfill the balance of the request.

NEW SECTION. **Sec. 3.** A new section is added to chapter 42.17 RCW to read as follows:

(1) Each state and local agency shall appoint and publicly identify a public records officer whose responsibility is to serve as a point of contact for members of the public in requesting disclosure of public records and to oversee the agency's compliance with the public records disclosure requirements of this chapter. A state or local agency's public records officer may appoint an employee or official of another agency as its public records officer.

(2) For state agencies, the name and contact information of the agency's public records officer to whom members of the public may direct requests for disclosure of public records and who will oversee the agency's compliance with the public records disclosure requirements of this chapter shall be published in the state register at the time of designation and annually every year thereafter.

(3) For local agencies, the name and contact information of the agency's public records officer to whom members of the public may direct requests for disclosure of public records and who will oversee the agency's compliance within the public records disclosure requirements of this chapter shall be made in a way reasonably calculated to provide notice to the public, including posting at the local agency's place of business, posting on its internet site, or including in its publications.

(1) Upon the motion of any person having been denied an opportunity to inspect or copy a public record by an agency, the superior court in the county in which a record is maintained may require the responsible agency to show cause why it has refused to allow inspection or copying of a specific public record or class of records. The burden of proof shall be on the agency to establish that refusal to permit public inspection and copying is in accordance with a statute that exempts or prohibits disclosure in whole or in part of specific information or records.

(2) Upon the motion of any person who believes that an agency has not made a reasonable estimate of the time that the agency requires to respond to a public record request, the superior court in the county in which a record is maintained may require the responsible agency to show that the estimate it provided is reasonable. The burden of proof shall be on the agency to show that the estimate it provided is reasonable.

(3) Judicial review of all agency actions taken or challenged under RCW 42.17.250 through 42.17.320 shall be de novo. Courts may examine any record in camera in any proceeding brought under this section. The court may conduct a hearing based solely on affidavits.

(4) Any person who prevails against an agency in any action in the courts seeking the right to inspect or copy any public record or the right to receive a response to a public record request within a reasonable amount of time shall be awarded all costs, including reasonable attorney fees, incurred in connection with such legal action. In addition, it shall be within the discretion of the court to award such person an amount not less than five dollars and not to exceed one hundred dollars for each day that he or she was denied the right to inspect or copy said public record.

(5) For actions under this section against counties, the venue provisions of RCW 36.01.050 apply.

(6) Actions under this section must be filed within one year of the agency's claim of exemption or the last production of a record on a partial or installment basis."

Senators Rasmussen, McCaslin and Roach spoke in favor of adoption of the amendment to the committee striking amendment.

POINT OF INQUIRY

Senator Jacobsen: "Would Senator Kastama yield to a question? I'm just looking at an email I have here, Senator, and it says, 'the email message including any attachment is for the sole use of the intended recipient and may contain confidential proprietary and are privilege information protected by law.' Now, in the, if Senator Rasmussen's amendment did not pass, would this email that I received from this constituent still be confidential or would it be open to a legal inquiry if there's some legal issue involved?"

Senator Kastama: "I'm not an attorney Senator Jacobsen, so I would be the subject to whether in fact of an attorney-client privilege. I think that would be taken into account. Also, let me just clarify that currently the Chief Clerk of the House and Secretary of the Senate, this is what a public record means. It means a legislative record, all budget and financial records, personal leave, travel and pay roll records. Records of legislative sessions, reports submitted to the legislature and any other records designated a public record by any official action of the Senate or of the House. If this passes, that will be the definition that we will all go under here in the Senate. Currently, everything to my knowledge is a public record that you would have, so I don't know if this answers specifically, because that may have been an attorney-client relationship. If it was not, I would say that again an attorney could add to this. It may in fact be a public record."

The President declared the question before the Senate to be the adoption of the amendment by Senator Rasmussen and others on page 4, after line 22 to the committee striking amendment to Second Substitute House Bill No. 1758.

The motion by Senator Rasmussen carried and the amendment to the committee striking amendment was adopted by voice vote.

MOTION

Senator Hargrove moved that the following amendment to the committee striking amendment by Senators Hargrove and Brandland be adopted.

On page 1, after line 2 of the amendment, insert the following:

"NEW SECTION. Sec. 1. It is and has been the intent of the legislature that information regarding sex offenders be shared between state agencies and with local law enforcement, and that public disclosure of sex offender information that is accurate, relevant, and necessary to protect the public be managed by and controlled through the community notification statute, RCW 4.24.550. The legislature finds that law enforcement has been, and continues to be, the most reliable means of ensuring that the information released protects the public, protects the confidentiality of victims, protects ongoing criminal investigations, and complies with the confidentiality provisions of other federal and state laws. The legislature further finds that the criminal records privacy act and other statutes reference RCW 4.24.550 as the disclosure provision for sex offender information.

The legislature finds that to accomplish its penological duties, the department of corrections must receive and use protected information to appropriately confine, supervise, treat, and assess the risk of offenders. To further this intent, the legislature has authorized the end of sentence review committee to access and consider information that otherwise may be confidential for the specific reason of determining if the offender should be referred for civil commitment as a sexually violent predator under chapter 71.09 RCW. The legislature further finds that it is appropriate for the department to share information, beyond what is publicly disclosable, with law enforcement agencies for the appropriate supervision of offenders in the community or for the investigation of criminal acts. The legislature does not intend that law enforcement bulletins or notes, comments, and assessments of the end of sentence review committee to assess the risk, or plan the transition of sex offenders to the community, be available for public inspection through public disclosure due to the risk that providing the information in such a manner would pose to the state's community notification program and the risk that the information would unnecessarily traumatize the victims of the offenders' previous offenses."

On page 2, after line 17 of the amendment, insert the following:

"Sec. 3. RCW 42.17.310 and 2003 1st sp.s. c 26 s 926, 2003 c 277 s 3, and 2003 c 124 s 1 are each reenacted and amended to read as follows:

(a) Personal information in any files maintained for students in public schools, patients or clients of public institutions or public health agencies, or welfare recipients.

(b) Personal information in files maintained for employees, appointees, or elected officials of any public agency to the extent that disclosure would violate their right to privacy.

(c) Information required of any taxpayer in connection with the assessment or collection of any tax if the disclosure of the information to other persons would (i) be prohibited to such persons by RCW 84.08.210, 82.32.330, 84.40.020, or 84.40.340 or (ii) violate the taxpayer's right to privacy or result in unfair competitive disadvantage to the taxpayer.

REMARKS BY THE PRESIDENT

President Owen: "Before the President makes a couple of introductions, I would like to also provide some little corrections. The earthquake did not create the need for the renovation. The renovation, actually started, process many years earlier. I had the great privilege of working with some outstanding Directors of General Administration, including Marsha Tadano Long and Rob Fukai, who are no longer there, but they were absolutely incredible. Two other people I would like to mention. We had the privilege of getting advice and guidance from two wonderful people who were the sons of Wilder and White, I know Leavitt White was the son of Mr. White. I believe that Norm Johnson was the son of Mr. Wilder or maybe it was the person in charge of the construction project. I believe it was originally. The earthquake, though, did not create the need for the renovation. The renovation was there, but it did provide us the opportunity to make it a much safer place and, Senator Kohl-Welles, I am perfectly comfortable that we can stand anything that Mother Nature can throw at us and you'll be well protected because of the great work that the people have done."

INTRODUCTION OF SPECIAL GUESTS

The President welcomed and introduced members of the Legislative Building Renovation Project who were seated in the gallery.

MOTION

At 12:18 p.m., on motion of Senator Eide, the Senate was declared to be at recess until 1:30 p.m.

Providing accommodations to dependent persons who are victims and witnesses.

The measure was read the second time.

MOTION

Senator Kline moved that the following committee striking amendment by the Committee on Judiciary be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that it is important that dependent persons who are witnesses and victims of crime cooperate with law enforcement and prosecutorial agencies and that their assistance contributes to state and local enforcement efforts and the general effectiveness of the criminal justice system. The legislature finds that the state has an interest in making it possible for courts to adequately and fairly conduct cases involving dependent persons who are victims of crimes. Therefore, it is the intent of the legislature, by means of this chapter, to insure that all dependent persons who are victims and witnesses of crime are treated with sensitivity, courtesy, and special care and that their rights be protected by law enforcement agencies, prosecutors, and judges in a manner no less vigorous than the protection afforded to other victims, witnesses, and criminal defendants.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Crime" means an act punishable as a felony, gross misdemeanor, or misdemeanor under the laws of this state or equivalent federal or local law.

(2) "Dependent person" has the same meaning as that term is defined in RCW 9A.42.010.

(3) "Victim" means a living person against whom a crime has been committed.

(4) "Witness" means a person who has been or is expected to be summoned to testify for the prosecution or defense in a criminal action, or who by reason of having relevant information is subject to call or likely to be called as a witness, whether or not an action or proceeding has been commenced.

(5) "Family member" means a person who is not accused of a crime and who is an adult child, adult sibling, spouse, parent, or legal guardian of the dependent person.

(6) "Advocate" means any person not accused of a crime, including a family member, approved by the witness or victim, in consultation with his or her guardian if applicable, who provides support to a dependent person during any legal proceeding.

(7) "Court proceedings" means any court proceeding conducted during the course of the prosecution of a crime committed against a dependent person, including pretrial hearings, trial, sentencing, or appellate proceedings.

(8) "Identifying information" means the dependent person's name, address, location, and photograph, and in cases in which the dependent person is a relative of the alleged perpetrator, identification of the relationship between the dependent person and the alleged perpetrator.

(9) "Crime victim/witness program" means any crime victim and witness program of a county or local law enforcement agency or prosecutor's office, any rape crisis center's sexual assault victim advocacy program as provided in chapter 70.125 RCW, any domestic violence program's legal and community advocate program for domestic violence victims as provided in chapter 70.123 RCW, or any other crime victim advocacy program which provides trained advocates to assist crime victims during the investigation and prosecution of the crime.

NEW SECTION. Sec. 3. (1) In addition to the rights of victims and witnesses provided for in RCW 7.69.030, there shall be every reasonable effort made by law enforcement agencies, prosecutors, and judges to assure that dependent persons who are victims or witnesses are afforded the rights enumerated in this section. The enumeration of rights under this chapter shall not be construed to create substantive rights and duties, and the application of an enumerated right in an individual case is subject to the discretion of the law enforcement agency, prosecutor, or judge. Dependent persons who are victims or witnesses in the criminal justice system have the following rights, which apply to any criminal court or juvenile court proceeding:

(a) To have explained in language easily understood by the dependent person, all legal proceedings and police investigations in which the dependent person may be involved.

(b) With respect to a dependent person who is a victim of a sex or violent crime, to have a crime victim advocate from a crime victim/witness program, or any other advocate of the victim's choosing, present at any prosecutorial or defense interviews with the dependent person. This subsection applies unless it creates undue hardship and if the presence of the crime victim advocate or other advocate does not cause any unnecessary delay in the investigation or prosecution of the case. The role of the crime victim advocate or other advocate is to provide emotional support to the dependent person and to promote the dependent person's feelings of security and safety.

(c) To be provided, whenever possible, a secure waiting area during court proceedings and to have an advocate or support person remain with the dependent person prior to and during any court proceedings.

(d) To allow an advocate to make recommendations to the prosecuting attorney about the ability of the dependent person to cooperate with prosecution and the potential effect of the proceedings on the dependent person.

(e) To allow an advocate to provide information to the court concerning the dependent person's ability to understand the nature of the proceedings.

(f) To be provided information or appropriate referrals to social service agencies to assist the dependent person with the emotional impact of the crime, the subsequent investigation, and judicial proceedings in which the dependent person is involved.

(g) To allow an advocate to be present in court while the dependent person testifies in order to provide emotional support to the dependent person.

(h) To provide information to the court as to the need for the presence of other supportive persons at the court proceedings while the dependent person testifies in order to promote the dependent person's feelings of security and safety.

(i) To allow law enforcement agencies the opportunity to enlist the assistance of other professional personnel such as victim advocates or prosecutorial staff trained in the interviewing of the dependent person.

(j) With respect to a dependent person who is a victim of a violent or sex crime, to receive either directly or through the dependent person's legal guardian, if applicable, at the time of reporting the crime to law enforcement officials, a written statement of the rights of dependent persons as provided in this chapter. The statement may be paraphrased to make it more easily understood. The written statement shall include the name, address, and telephone number of a county or local crime victim/witness program, if such a crime victim/witness program exists in the county.

(2) Any party may request a preliminary hearing for the purpose of establishing accommodations for the dependent person consistent with, but not limited to, the rights enumerated in this section.

NEW SECTION. Sec. 4. (1) The prosecutor or defense may file a motion with the court at any time prior to commencement of the trial for an order authorizing the taking of a video tape deposition for the purpose of preserving the direct testimony of the moving party's witness if that witness is a dependent person.

(2) The court may grant the motion if the moving party shows that it is likely that the dependent person will be unavailable to testify at a subsequent trial. The court's finding shall be based upon, at a minimum, recommendations from the dependent person's physician or any other person having direct contact with the dependent person and whose recommendations are based on specific behavioral indicators exhibited by the dependent person.

(3) The moving party shall provide reasonable written notice to the other party of the motion and order, if granted, pursuant to superior court criminal rules for depositions.

(4) Both parties shall have an opportunity to be present at the deposition and the nonmoving party shall have the opportunity to cross-examine the dependent person.

(5) Under circumstances permitted by the rules of evidence, the deposition may be introduced as evidence in a subsequent proceeding if the dependent person is unavailable at trial and both the prosecutor and the defendant had notice of and an opportunity to participate in the taking of the deposition.

(1) The department may supervise nonfelony offenders transferred to Washington pursuant to RCW 9.94A.745, the interstate compact for adult offender supervision, and shall supervise these offenders according to the provisions of this chapter.

(2) The department shall process applications for interstate transfer of felony and nonfelony offenders pursuant to RCW 9.94A.745, the interstate compact for adult offender supervision, and may charge offenders a reasonable fee for processing the application.

Sec. 2. RCW 9.95.204 and 1996 c 298 s 1 are each amended to read as follows:

(1) When a superior court places a defendant convicted of a misdemeanor or gross misdemeanor on probation and orders supervision under RCW 9.92.060 or 9.95.210, the department of corrections has initial responsibility for supervision of that defendant.

(2) A county legislative authority may assume responsibility for the supervision of all defendants within its jurisdiction who have been convicted of a misdemeanor or gross misdemeanor and sentenced to probation by a superior court. The assumption of responsibility shall be made by contract with the department of corrections on a biennial basis.

(3) If a county assumes supervision responsibility, the county shall supervise all superior court misdemeanor probationers within that county for the duration of the biennium, as set forth in the contract with the department of corrections.

(4) A contract between a county legislative authority and the department of corrections for the transfer of supervision responsibility must include, at a minimum, the following provisions:

(a) The county's agreement to supervise all misdemeanor probationers who are sentenced by a superior court within that county and who reside within that county;

(b) A reciprocal agreement regarding the supervision of superior court misdemeanor probationers sentenced in one county but who reside in another county;

(c) The county's agreement to comply with the minimum standards for classification and supervision of offenders as required under RCW 9.95.206;

(h) Provisions regarding rights and remedies in the event of a possible breach of contract or default by either party; and

(i) Provisions allowing for voluntary termination of the contract by either party, with good cause, after sixty days' written notice.

A defendant who has been sentenced, or whose sentence has been deferred, and who then fails to appear for any hearing to address the defendant's compliance with the terms of probation when ordered to do so by the court, shall have the term of probation tolled until such time as the defendant makes his or her presence known to the court on the record. However, the jurisdiction period in this section does not apply to the enforcement of orders issued under RCW 46.20.720. Any time before entering an order terminating probation, the court may modify or revoke its order suspending or deferring the imposition or execution of the sentence.

(2)(a) If a defendant whose sentence has been deferred requests permission to travel or transfer to another state, the director of probation services or a designee thereof shall determine whether such request is subject to RCW 9.94A.745, the interstate compact for adult offender supervision. The assessment may also be made by a judge in superior court when such misdemeanor or gross misdemeanor cases are heard in the superior court.

(2) For the purposes of this section the office of the administrator for the courts shall define a probation department and adopt rules for the qualifications of probation officers based on occupational and educational requirements developed by an oversight committee. MOTION

Senator Kastama moved that the following striking amendment by Senators Kastama and Berkey be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes the importance of appropriate and meaningful land use measures and that such measures are critical to preserving and fostering the quality of life enjoyed by Washingtonians. The legislature recognizes also that the growth management act requires counties and cities to review and, if needed, revise their comprehensive plans and development regulations on a cyclical basis. These requirements, which often require significant compliance efforts by local governments are, in part, an acknowledgment of the continual changes that occur within the state, and the need to ensure that land use measures reflect the collective wishes of its citizenry.

The legislature acknowledges that only those jurisdictions in compliance with the review and revision schedules of the growth management act are eligible to receive funds from the public works assistance and water quality accounts in the state treasury. The legislature further recognizes that some jurisdictions that are not yet in compliance with these review and revision schedules have demonstrated substantial progress towards compliance.

The legislature, therefore, intends to grant jurisdictions that are not in compliance with requirements for development regulations that protect critical areas, but are demonstrating substantial progress towards compliance with these requirements, twelve months of additional eligibility to receive grants, loans, pledges, or financial guarantees from the public works assistance and water quality accounts in the state treasury. The legislature intends to specify, however, that only counties and cities in compliance with the review and revision schedules of the growth management act may receive preference for financial assistance from these accounts.

Sec. 2. RCW 36.70A.130 and 2002 c 320 s 1 are each amended to read as follows:

(1)(a) Each comprehensive land use plan and development regulations shall be subject to continuing review and evaluation by the county or city that adopted them. Except as otherwise provided, a county or city shall take legislative action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure the plan and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section.

(b) Except as otherwise provided, a county or city not planning under RCW 36.70A.040 shall take action to review and, if needed, revise its policies and development regulations regarding critical areas and natural resource lands adopted according to this chapter to ensure these policies and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section. Legislative action means the adoption of a resolution or ordinance following notice and a public hearing indicating at a minimum, a finding that a review and evaluation has occurred and identifying the revisions made, or that a revision was not needed and the reasons ~~((therefore))~~ therefor.

(c) The review and evaluation required by this subsection may be combined with the review required by subsection (3) of this section. The review and evaluation required by this subsection shall include, but is not limited to, consideration of critical area ordinances and, if planning under RCW 36.70A.040, an analysis of the population allocated to a city or county from the most recent ten-year population forecast by the office of financial management.

~~((b))~~ (d) Any amendment of or revision to a comprehensive land use plan shall conform to this chapter. Any amendment of or revision to development regulations shall be consistent with and implement the comprehensive plan.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program consistent with RCW 36.70A.035 and 36.70A.140 that identifies procedures and schedules whereby updates, proposed amendments, or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year. "Updates" means to review and revise, if needed, according to subsection (1) of this section, and the time periods specified in subsection (4) of this section or in accordance with the provisions of subsection (8) of this section. Amendments may be considered more frequently than once per year under the following circumstances:

(i) The initial adoption of a subarea plan that does not modify the comprehensive plan policies and designations applicable to the subarea;

(ii) The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.58 RCW; and

(iii) The amendment of the capital facilities element of a comprehensive plan that occurs concurrently with the adoption or amendment of a county or city budget.

(b) Except as otherwise provided in (a) of this subsection, all proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with a growth management hearings board or with the court.

(3)(a) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas.

(b) The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. The review required by this subsection may be combined with the review and evaluation required by RCW 36.70A.215.

(4) The department shall establish a schedule for counties and cities to take action to review and, if needed, revise their comprehensive plans and development regulations to ensure the plan and regulations comply with the requirements of this chapter. Except as provided in subsection (8) of this section, the schedule established by the department shall provide for the reviews and evaluations to be completed as follows:

(a) On or before December 1, 2004, and every seven years thereafter, for Clallam, Clark, Jefferson, King, Kitsap, Pierce, Snohomish, Thurston, and Whatcom counties and the cities within those counties;

(b) On or before December 1, 2005, and every seven years thereafter, for Cowlitz, Island, Lewis, Mason, San Juan, Skagit, and Skamania counties and the cities within those counties;

(c) On or before December 1, 2006, and every seven years thereafter, for Benton, Chelan, Douglas, Grant, Kittitas, Spokane, and Yakima counties and the cities within those counties; and

(5)(a) Nothing in this section precludes a county or city from conducting the review and evaluation required by this section before the time limits established in subsection (4) of this section. Counties and cities may begin this process early and may be eligible for grants from the department, subject to available funding, if they elect to do so.

(b) State agencies are encouraged to provide technical assistance to the counties and cities in the review of critical area ordinances, comprehensive plans, and development regulations.

(6) A county or city subject to the time periods in subsection (4)(a) of this section that, pursuant to an ordinance adopted by the county or city establishing a schedule for periodic review of its comprehensive plan and development regulations, has conducted a review and evaluation of its comprehensive plan and development regulations and, on or after January 1, 2001, has taken action in response to that review and evaluation shall be deemed to have conducted the first review required by subsection (4)(a) of this section. Subsequent review and evaluation by the county or city of its comprehensive plan and development regulations shall be conducted in accordance with the time periods established under subsection (4)(a) of this section.

(7) The requirements imposed on counties and cities under this section shall be considered "requirements of this chapter" under the terms of RCW 36.70A.040(1). ~~Only those counties and cities in compliance with the schedules in this section ((shall have the requisite authority to)) and those counties and cities demonstrating substantial progress towards compliance with the schedules in this section for development regulations that protect critical areas may receive grants, loans, pledges, or financial guarantees from those accounts established in RCW 43.155.050 and 70.146.030. (8)(a) Counties and cities required to satisfy the requirements of this section according to the schedule established by subsection (4)(b) through (d) of this section may comply with the requirements of this section for development regulations that protect critical areas one year after the dates established in subsection (4)(b) through (d) of this section.

(b) Counties and cities complying with the requirements of this section one year after the dates established in subsection (4)(b) through (d) of this section for development regulations that protect critical areas shall be deemed in compliance with the requirements of this section.

(c) This subsection (8) applies only to the counties and cities specified in subsection (4)(b) through (d) of this section, and only to the requirements of this section for development regulations that protect critical areas that must be satisfied by December 1, 2005, December 1, 2006, and December 1, 2007.

(9) Notwithstanding subsection (8) of this section and the substantial progress provisions of subsections (7) and (10) of this section, only those counties and cities complying with the schedule in subsection (4) of this section may receive preferences for grants, loans, pledges, or financial guarantees from those accounts established in RCW 43.155.050 and 70.146.030.

To finance a project in whole or in part, the commission may request that the state treasurer issue revenue bonds on behalf of the public sector partner. The bonds must be secured by a pledge of, and a lien on, and be payable only from moneys in the transportation innovative partnership account established in section 23 of this act, and any other revenues specifically pledged to repayment of the bonds. Such a pledge by the public partner creates a lien that is valid and binding from the time the pledge is made. Revenue bonds issued under this section are not general obligations of the state or local government and are not secured by or payable from any funds or assets of the state other than the moneys and revenues specifically pledged to the repayment of such revenue bonds.

(2) Moneys received from the issuance of revenue bonds or other debt obligations, including any investment earnings thereon, may be spent:

- (a) For the purpose of financing the costs of the project for which the bonds are issued;
- (b) To pay the costs and other administrative expenses of the bonds;
- (c) To pay the costs of credit enhancement or to fund any reserves determined to be necessary or advantageous in connection with the revenue bonds; and

This section does not prohibit voluntary agreements with counties, cities, towns, or other municipal corporations that allow a payment in lieu of a dedication of land or to mitigate a direct impact that has been identified as a consequence of a proposed development, subdivision, or plat. A local government shall not use such voluntary agreements for local off-site transportation improvements within the geographic boundaries of the area or areas covered by an adopted transportation program authorized by chapter 39.92 RCW. Any such voluntary agreement is subject to the following provisions:

(2) The payment shall be expended in all cases within five years of collection; and

(3) Any payment not so expended shall be refunded with interest to be calculated from the original date the deposit was received by the county and at the same rate applied to ~~((judgments to the property owners of record at the time of the refund))~~ tax refunds pursuant to RCW 84.69.100; however, if the payment is not expended within five years due to delay attributable to the developer, the payment shall be refunded without interest.

No county, city, town, or other municipal corporation shall require any payment as part of such a voluntary agreement which the county, city, town, or other municipal corporation cannot establish is reasonably necessary as a direct result of the proposed development or plat.

Nothing in this section prohibits cities, towns, counties, or other municipal corporations from collecting reasonable fees from an applicant for a permit or other governmental approval to cover the cost to the city, town, county, or other municipal corporation of processing applications, inspecting and reviewing plans, or preparing detailed statements required by chapter 43.21C RCW.

This section does not limit the existing authority of any county, city, town, or other municipal corporation to impose special assessments on property specifically benefitted thereby in the manner prescribed by law.

Nothing in this section prohibits counties, cities, or towns from imposing or permits counties, cities, or towns to impose water, sewer, natural gas, drainage utility, and drainage system charges: **PROVIDED**, That no such charge shall exceed the proportionate share of such utility or system's capital costs which the county, city, or town can demonstrate are attributable to the property being charged: **PROVIDED FURTHER**, That these provisions shall not be interpreted to expand or contract any existing authority of counties, cities, or towns to impose such charges.

Nothing in this section prohibits a transportation benefit district from imposing fees or charges authorized in RCW 36.73.120 nor prohibits the legislative authority of a county, city, or town from approving the imposition of such fees within a transportation benefit district.

Nothing in this section prohibits counties, cities, or towns from imposing transportation impact fees authorized pursuant to chapter 39.92 RCW.

Nothing in this section prohibits counties, cities, or towns from requiring property owners to provide relocation assistance to tenants under RCW 59.18.440 and 59.18.450.

(5) Delinquent taxes under this section are subject to interest at the rate of twelve percent per annum computed on a monthly basis on the full year amount of tax unpaid from the date of delinquency until paid. Interest shall be calculated at the rate in effect at the time of payment of the tax, regardless of when the taxes were first delinquent. In addition, delinquent taxes under this section are subject to penalties as follows:

(a) A penalty of three percent of the full year amount of tax unpaid shall be assessed on the tax delinquent on June 1st of the year in which the tax is due.

(b) An additional penalty of eight percent shall be assessed on the amount of tax delinquent on December 1st of the year in which the tax is due.

(6) Subsection (5) of this section notwithstanding, no interest or penalties may be assessed (~~for the period April 30, 2003, through April 30, 2005,~~) during any period of armed conflict on delinquent taxes imposed (~~for collection in 2003 or 2004 which are imposed~~) on the personal residences owned by active duty military personnel who (~~participated in the situation known as "Operation Enduring Freedom."~~) are participating as part of one of the branches of the military involved in the conflict and assigned to a duty station outside the territorial boundaries of the United States.

(7) For purposes of this chapter, "interest" means both interest and penalties.

(8) All collections of interest on delinquent taxes shall be credited to the county current expense fund; but the cost of foreclosure and sale of real property, and the fees and costs of distraint and sale of personal property, for delinquent taxes, shall, when collected, be credited to the operation and maintenance fund of the county treasurer prosecuting the foreclosure or distraint or sale; and shall be used by the county treasurer as a revolving fund to defray the cost of further foreclosure, distraint and sale for delinquent taxes without regard to budget limitations.

(11) Paid as a state property tax levied upon property, the assessed value of which has been established by the state board of tax appeals for the year of such levy: PROVIDED, HOWEVER, That the amount refunded shall only be for the difference between the state property tax paid and the amount of state property tax which would, when added to all other property taxes within the one percent limitation of Article VII, section 2 of the state Constitution equal one percent of the assessed value established by the board;

Any refunds made on delinquent taxes shall include the proportionate amount of interest and penalties paid. However, no refunds as a result of an incorrect payment authorized under subsection (8) of this section made by a third party payee shall (~~not include refund interest~~) be granted. The review also shall evaluate the statewide availability and use of the certifications. As part of the review, the superintendent shall make a determination of the extent to which the certifications are equivalent in rigor to the reading, writing, mathematics, or science Washington assessments of student learning, and whether they should be used as alternative assessments. The superintendent also shall develop a process for reviewing additional industry certification programs after the initial review."

(1) The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, ~~((and if approved by the legislature pursuant to subsection (11) of this section,))~~ one or more objective alternative assessments for a student to demonstrate achievement of state academic standards, and any appeals process. The objective alternative assessments for each content area shall be ~~((comparable))~~ equivalent in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning shall earn a certificate of academic achievement. If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are ~~((authorized))~~ implemented pursuant to subsection (11) of this section, a student may use the

objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has retaken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement. The student's transcript shall note whether the certificate of academic achievement was acquired by means of the Washington assessment of student learning or by an alternative assessment.

(4) Beginning with the graduating class of 2010, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment. A student may combine content area results from the Washington assessment of student learning and any subsequent retakes of the assessment and results from any alternative assessments to demonstrate achievement of state academic standards.

(7) Beginning with the graduating class of 2006, the highest scale score and level achieved in each content area on the high school Washington assessment of student learning shall be displayed on a student's transcript. In addition, beginning with the graduating class of 2008, each student shall receive a scholar's designation on his or her transcript for each content area in which the student achieves level four the first time the student takes that content area assessment.

(8) Beginning in 2006, school districts must make available to students the following options:

(a) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(9) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(10) Subject to available funding, the superintendent shall pilot opportunities for retaking the high school assessment beginning in the 2004-05 school year. Beginning no later than September 2006, opportunities to retake the assessment at least twice a year shall be available to each school district.

(11)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments (, which may include an appeals process,) for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be ((comparable)) equivalent in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the ((legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution)) superintendent of public instruction shall provide to the education committees of the legislature an opportunity to review any and all options developed and planned for implementation by January 15th of the school year before the school year planned for implementation.

(b) The office of the superintendent of public instruction shall pilot two or more alternative assessments in the 2005-06 school year, with the goal of implementing at least one alternative assessment in the 2006-07 school year. The superintendent of public instruction shall direct school districts to make available for student use any alternative assessments reviewed by the education committees of the legislature and deemed adequate by the superintendent of public instruction for implementation. The implementation shall begin with options that are complete and, to the extent funds are appropriated, the office of the superintendent of public instruction shall continue to develop, pilot, and implement additional alternative assessments. In its development and implementation of alternative assessments, the office of the superintendent of public instruction shall consult with parents, administrators, practicing classroom teachers including teachers in career and technical education, practicing principals, employers, tribal representatives from federally recognized tribes of Washington state and tribes that have signed the Washington state centennial accord, appropriate agencies, professional organizations, assessment experts, and other interested parties.

(12) ((By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations)) The office of the superintendent of public instruction shall develop appeals processes for use by students no later than the 2007-08 school year. The appeals processes shall be developed with criteria that can be consistently applied throughout the state.

(13) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for students as provided in this subsection (13).

(a) Student learning plans are required for eighth through twelfth grade students who ~~((were not successful))~~ did not score the level of proficient or above on any or all of the content areas of the Washington assessment for student learning during the previous school year. The plan shall include the courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation. This requirement shall be phased in as follows:
