Appropriation	\$155,000
TOTAL APPROPRIATION	(\$65,027,000)
	<u>\$89,891,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) \$25,000,000 of the multimodal transportation account--state appropriation is provided solely for a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation.

(a) \$5,500,000 of the amount provided in this subsection is provided solely for grants to nonprofit providers of special needs transportation. Grants for nonprofit providers shall be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided.

(b) \$19,500,000 of the amount provided in this subsection is provided solely for grants to transit agencies to transport persons with special transportation needs. To receive a grant, the transit agency must have a maintenance of effort for special needs transportation that is no less than the previous year's maintenance of effort for special needs transportation. Grants for transit agencies shall be prorated based on the amount expended for demand response service and route deviated service in calendar year 2003 as reported in the "Summary of Public Transportation - 2003" published by the department of transportation. No transit agency may receive more than thirty percent of these distributions. The first \$450,000 provided to King county shall be used as follows:

(b) \$7,000,000 of the multimodal transportation account--state appropriation is provided solely to providers of rural mobility service in areas not served or underserved by transit agencies through a competitive grant process.

(3) ~~(\$5,000,000)~~ \$8,900,000 of the multimodal transportation account--state appropriation is provided solely for a vanpool grant program for: (a) Public transit agencies to add vanpools; and (b) incentives for employers to increase employee vanpool use. The grant program for public transit agencies will cover capital costs only; no operating costs for public transit agencies are eligible for funding under this grant program. No additional employees may be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. Additional criteria for selecting grants must include leveraging funds other than state funds.

(4) \$3,000,000 of the multimodal transportation account--state appropriation is provided solely for the city of

(5) \$1,200,000 of the multimodal transportation account--state appropriation is provided solely for the implementation of Engrossed Substitute House Bill No. 2124. If Engrossed Substitute House Bill No. 2124 is not enacted by June 30, 2005, the amount provided in this subsection shall lapse.

The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, shall be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and identify where unused grant funds remain because actual project costs were lower than estimated in the grant award. When funds become available either because grant awards have been rescinded for lack of sufficient project activity or because completed projects returned excess grant funds upon project closeout, the department shall expeditiously extend new grant awards to qualified alternative projects identified on the list.

(b) Pursuant to the grant program established in ((Engrossed Substitute House Bill No. 2124)) RCW 47.66.030, the department shall issue a call for projects and/or service proposals. Applications must be received by the department by November 1, 2005, and November 1, 2006. (1) To manage some projects more efficiently, federal funds may be transferred from program Z to programs I and P and state funds shall be transferred from programs I and P to program Z to replace those federal funds in a dollar-for-dollar match. Fund transfers authorized under this subsection shall not affect project prioritization status. Appropriations shall initially be allotted as appropriated in this act. The department may not transfer funds as authorized under this subsection without approval of the ~~((transportation commission))~~ office of financial management. The department shall submit a report on those projects receiving fund transfers to the transportation committees of the senate and house of representatives by December 1, 2006.

(2) The department shall, on a quarterly basis, provide status reports to the legislature on the delivery of projects as outlined in the project lists distributed with this act, and on any additional projects for which the department has expended funds during the 2005-07 fiscal biennium, except for projects managed by the freight mobility strategic investment board. Any project that has been awarded traffic and pedestrian safety improvement grant funds, but does not report activity on the project within one year of grant award should be reviewed by the department to determine whether the grant should be terminated. The department must promptly close out grants when projects have been completed, and identify where unused grant funds remain because actual project costs were lower than estimated in the grant award. The department shall expeditiously extend new grant awards to qualified projects when funds become available either because grant awards have been rescinded for lack of sufficient project activity or because completed projects returned excess grant funds upon project closeout.

The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, shall be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and identify where unused grant funds remain because actual project costs were lower than estimated in the grant award. When funds become available either because grant awards have been rescinded for lack of sufficient project activity or because completed projects returned excess grant funds upon project closeout, the department shall expeditiously extend new grant awards to qualified alternative projects identified on the list.

(15)(a) The legislature intends that federal funds administered by the department of transportation and used to fund projects selected by regional transportation planning organizations be used in a more effective and efficient manner. The legislature further intends that regional transportation planning organizations implement a project selection process which focuses on the highest priority investments in their regional transportation plan to solve the transportation issues facing that region. These federal funds are not to be used as "peanut butter" and spread through the region on low-priority projects. The regional transportation planning organization shall make these funds available for the wide range of projects eligible for these federal funds, including transit, highways and arterials, and rural transportation projects as long as the projects are a priority and address the regions most pressing transportation issues.

(b) The department shall provide a full and transparent accounting of all federal surface transportation program funds received and expected to be received by the state under the new federal surface transportation act and shall as soon as possible make this information available to regional transportation planning organizations and the legislature. The regional transportation planning organizations shall provide information to the department of transportation that details the project prioritization process and criteria, the prioritized list of projects, and the transportation problem that the project addresses. The department of transportation will issue a report to the transportation committees of the legislature providing information about the implementation of this subsection every November 1st covering the prior federal fiscal year. These funds shall not be used for administrative costs or participation in project selection processes or transportation improvement program compilation processes. Nothing in this subsection displaces currently programmed projects, but to the extent

practicable, the region is to implement this subsection as soon as possible.

Energy Freedom Program (06-2-852)

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) The appropriation is provided solely for low-interest loans to political subdivisions for renewable energy projects including the development of biofuel oilseed crushers, supporting infrastructure, and facilities. The political subdivision may negotiate an appropriate agreement with the bioenergy industry for the use of the oilseed crushers, supporting infrastructure, and facilities.

(b) For purposes of this section, political subdivision means any port district, county, city, town, special purpose district, and any other municipal corporations or quasi-municipal corporations in the state.

(2) The appropriation is provided solely for the following list of projects:

Project	Recommendation
Spokane conservation district	\$2,750,000

Odessa public development authority \$2,750,000

Port of Columbia county \$2,750,000

Port of Sunnyside \$750,000

Total \$9,000,000

(3) All agreements negotiated between the political subdivision and the bioenergy industry for use of the oilseed crushers, supporting infrastructure, or facilities funded in this section must provide for at least a fifty percent match by the industry partner. The industry match may include, but is not limited to, investments in rail, buildings, refining capacity, or seed stock.

(4) All other project funds must be disbursed prior to energy freedom loans, except where required on a matching basis by other federal or state programs.

(5) The department shall disburse loans to the political subdivision on a reimbursement basis only.

(6) The department may defer loan repayment for up to twenty-four months or until the projects start to receive revenue from operations, whichever is sooner.

(7) Upon written notice to the political subdivision, the department may suspend or cancel its loans if any of the following occur:

(a) The political subdivision fails to make satisfactory and reasonable progress to complete the project, or the department concludes the political subdivision will be unable to complete the project or any portion of it; or

(b) The political subdivision or bioenergy industry partners have made misrepresentations in any information furnished to the department or the legislature in connection with the project.

(8) In the event that any portion of the loan has been paid to the political subdivision under this section at the time of breach, or failure of the political subdivision to satisfactorily perform, the department may require that the full amount of the loan, or a portion thereof, be repaid within a period specified by the department.

(9) Future loan repayments shall be deposited into the energy freedom account created in section 3 of this act.

(10) Chapter 39.12 RCW applies to the renewable energy projects funded in whole or in part by the appropriation in this section.

(11) It is the intent of the legislature to provide loans for the development of a Washington state biodiesel industry based on Washington grown oilseed. The legislature is aware that in the development of this industry, the start-up process may necessitate the use of other oilseeds until Washington state growers plant sufficient crops to support this industry. The legislature also understands the realities of weather and market conditions in this process. The conversion to maximum Washington grown oilseed must be accomplished as quickly as possible. The political subdivision shall: (a) Develop a plan for outreach to local growers and an estimate of when maximum Washington state oilseed-based production will be reached; (b) develop a goal for the political subdivision to return a portion of the biofuel to local oilseed producers; and (c) report this information to the department of community, trade, and economic development by December 1, 2006. The department shall report on the implementation of this section by January 1, 2007, to the appropriate committees of the legislature.

FOR THE DEPARTMENT OF ECOLOGY

State Drought Preparedness (05-4-009)

The reappropriation in this section is subject to the following conditions and limitations:

(1) The reappropriation in this section is provided solely for response to the statewide drought that was declared pursuant to chapter 43.83B RCW. The department of ecology may provide funding or compensation for purchase or lease of water rights and to public bodies as defined in RCW 43.83B.050 in connection with projects and measures designed to alleviate drought conditions which may affect: Public health and safety; drinking water supplies; agricultural activities; or fish and wildlife survival.

(2) Projects or measures for which funding or compensation will be provided must be connected with a water system, water source, or water body which is receiving, or has been projected to receive, less than seventy-five percent of normal water supply, as the result of natural drought conditions. This reduction in water supply must be such that it is causing, or will cause, undue hardship for the entities or fish or wildlife depending on the water supply. General criteria for guidelines to be established by the department of ecology for distribution of funds must include: A balanced and equitable distribution of the funds among the different sectors affected by drought; a funding process that ensures funds are available for drought impacts that arise both early and later during the course of the drought; and preference for projects that leverage other federal and local funds.

Sec. 204. 2005 c 488 s 905 (uncodified) is amended to read as follows:

(1) To ensure that minor works appropriations are carried out in accordance with legislative intent, funds appropriated in this act shall not be allotted until project lists are on file at the office of financial management (~~and the office of financial management has formally approved the lists. Proposed revisions~~), the house of representatives capital budget committee, and the senate ways and means committee. All projects must meet the criteria included in subsection (2)(a) of this section. Revisions to the lists must be filed with (~~and approved by~~) the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee and include an explanation of variances from the prior list before funds may be expended on the revisions.

(2)(a) Minor works projects are single line appropriations that shall include multiple projects valued between \$25,000 and \$1,000,000 each that are of a similar nature and can (~~generally~~) be completed within two years of the appropriation with the funding provided. These projects cannot be combined with or be a part of an overall project, that if combined over a continuous period of time, would exceed \$1,000,000. Minor works categories include (i) health, safety, and code requirements; (ii) facility preservation; (iii) infrastructure preservation; and (iv) program improvement or expansion. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the above minor works categories.

(b) Minor works appropriations shall not be used for, among other things: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; or to

supplement funding for projects with funding shortfalls unless expressly authorized elsewhere in this act. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(3) The (~~office of financial management~~) agency shall (~~forward~~) provide copies of these project lists and revised lists to the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee. No expenditure may be incurred or obligation entered into for minor works appropriations until the office of financial management has approved the allotment of the funds to be expended. The office of financial management shall encourage state agencies to incorporate accessibility planning and improvements into the normal and customary capital program.

(4) It is generally not intended to make future appropriations for capital expenditures or for maintenance and operating expenses for an acquisition project or a significant expansion project that is initiated through the minor works process and therefore does not receive a policy and fiscal analysis by the legislature. Minor works projects are intended to be one-time expenditures that do not require future state resources to complete.

OFFICE OF FINANCIAL MANAGEMENT OFFICE OF FINANCIAL MANAGEMENT. The legislature finds that the January 23, 2006, report on 63-20 capital projects financing submitted by the state treasurer raised significant issues that could benefit from additional exploration and analysis. The legislature further finds that financing costs are only one important dimension to consider when analyzing and comparing the use of conventional bonds with other capital project financing mechanisms in the development of major public facilities. Other factors that must be considered include total project and life-cycle costs, long-term costs of capital, scheduling, generally accepted accounting principles, transfer of risk, project management, project complexity, public works contracting procedures, and applicability of private sector

strategies or practices in the development and ongoing maintenance of public facilities.

The office of financial management and the department of general administration, in consultation with legislative staff from the appropriate policy and fiscal committees of the legislature shall:

(1) Research models and best practices used by other governments and private industry to provide major facility and infrastructure information for budgeting purposes, including the updated joint legislative audit and review committee life-cycle cost model in section 102 of this act. The analysis must include total cost of capital and long-term forecasting information for facility preservation, major facility or system replacement, and new capacity to result in more effective investment decisions for major public facilities and infrastructure.

(2) Develop recommendations that incorporate best practices in the state's capital budgeting process and public works contracting procedures, including lessons learned from 63-20 financing projects entered into by state agencies or local governments.

(3) Develop recommendations for appropriate uses of alternative capital project financing instruments and a corresponding decision making process.

(4) Develop a strategy to manage risk and reduce the potential for claims and litigation associated with state construction projects. This strategy must include the enumeration of best practices for the management of project risk and conflicts, in order to minimize future expenses related to construction claims.

(5) Coordinate with the capital projects advisory review board created in chapter 377, Laws of 2005 to evaluate public capital project construction processes and policies related to alternative public works delivery methods.

(6) Submit report findings and recommendations to the appropriate fiscal committees of the legislature by September 1, 2007.

(2) Land exchanged under this section shall not be used to reduce the publicly owned forest land base.

(3) The board shall determine that each land exchange is in the best interest of the trust for which the land is held prior to authorizing the land exchange.

(4) During the biennium ending June 30, ~~((2005))~~ 2007, the department, with approval of the board, may exchange any state land and any timber thereon for any land and proceeds of equal value. (a) On or before June 30th of each year, the office of financial management shall accumulate in the stadium and exhibition center account an amount at least equal to the amount required in the next succeeding twelve months for the payment of principal of and interest on the bonds issued under RCW 43.99N.020;

(b) An additional reserve amount not in excess of the expected average annual principal and interest requirements of bonds issued under RCW 43.99N.020 shall be accumulated and maintained in the account, subject to withdrawal by the state treasurer at any time if necessary to meet the requirements of (a) of this subsection, and, following any withdrawal, reaccumulated from the first tax revenues and other amounts deposited in the account after meeting the requirements of (a) of this subsection; and

(c) The balance, if any, shall be transferred to the youth athletic facility account under subsection (4) of this section.

Any revenues derived from the taxes authorized by RCW 36.38.010(5) and 36.38.040 or other amounts that if used as provided under (a) and (b) of this subsection would cause the loss of any tax exemption under federal law for interest on bonds issued under RCW 43.99N.020 shall be deposited in and used exclusively for the purposes of the youth athletic facility account and shall not be used, directly or indirectly, as a source of payment of principal of or interest on bonds issued under RCW 43.99N.020, or to replace or reimburse other funds used for that purpose.

(4) Any moneys in the stadium and exhibition center account not required or permitted to be used for the purposes described in subsection (3)(a) and (b) of this section shall be deposited in the youth athletic facility account hereby created in the state treasury. Expenditures from the account may be used only for purposes of grants or loans to cities, counties, and qualified nonprofit organizations for community outdoor athletic facilities. The athletic facility grants or loans may be used for acquiring, developing, equipping, maintaining, and improving community outdoor athletic facilities. Funds shall be divided equally between the development of new community outdoor athletic facilities, the improvement of existing community outdoor athletic facilities, and the maintenance of existing community outdoor athletic facilities. Cities, counties, and qualified nonprofit organizations must submit proposals for grants or loans from the account. To the extent that funds are available, cities, counties, and qualified nonprofit organizations must meet eligibility criteria as established by the director of the interagency committee for outdoor recreation. The grants and loans shall be awarded on a competitive application process and the amount of the grant or loan shall be in proportion to the population of the city or county for where the community outdoor athletic facility is located. Grants or loans awarded in any one year need not be distributed in that year. The director of the interagency committee for outdoor recreation may expend up to one and one-half percent of the moneys deposited in the account created in this subsection for administrative purposes.

A person who knowingly possesses visual or printed matter depicting a minor engaged in sexually explicit conduct is guilty of a class ((E)) B felony.

Sec. 4. RCW 9.94A.030 and 2005 c 436 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's

sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed pursuant to RCW 9.94A.505(2)(b), 9.94A.650 through 9.94A.670, 9.94A.690, 9.94A.700 through 9.94A.715, or 9.94A.545, served in the community subject to controls placed on the offender's movement and activities by the department. For offenders placed on community custody for crimes committed on or after July 1, 2000, the department shall assess the offender's risk of reoffense and may establish and modify conditions of community custody, in addition to those imposed by the court, based upon the risk to community safety.

(6) "Community custody range" means the minimum and maximum period of community custody included as part of a sentence under RCW 9.94A.715, as established by the commission or the legislature under RCW 9.94A.850, for crimes committed on or after July 1, 2000.

(7) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

(8) "Community protection zone" means the area within eight hundred eighty feet of the facilities and grounds of a public or private school.

(9) "Community restitution" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(10) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW 16.52.200(6) or 46.61.524. Where the court finds that any offender has a chemical dependency that has contributed to his or her offense, the conditions of supervision may, subject to available resources, include treatment. For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

(11) "Confinement" means total or partial confinement.

(12) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

(13) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(14) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere.

(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

FIFTY-SEVENTH DAY, MARCH 6, 2006

2006 REGULAR SESSION

(b) A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's pardon.

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(15) "Day fine" means a fine imposed by the sentencing court that equals the difference between the offender's net daily income and the reasonable obligations that the offender has for the support of the offender and any dependents.

(16) "Day reporting" means a program of enhanced supervision designed to monitor the offender's daily activities and compliance with sentence conditions, and in which the offender is required to report daily to a specific location designated by the department or the sentencing court.

(17) "Department" means the department of corrections.

(18) "Determinate sentence" means a sentence that states with exactitude the number of actual years, months, or days of total confinement, of partial confinement, of community supervision, the number of actual hours or days of community restitution work, or dollars or terms of a legal financial obligation. The fact that an offender through earned release can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(19) "Disposable earnings" means that part of the earnings of an offender remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

(20) "Drug offender sentencing alternative" is a sentencing option available to persons convicted of a felony offense other than a violent offense or a sex offense and who are eligible for the option under RCW 9.94A.660.

(21) "Drug offense" means:

(a) Any felony violation of chapter 69.50 RCW except possession of a controlled substance (RCW 69.50.4013) or forged prescription for a controlled substance (RCW 69.50.403);

(b) Any offense defined as a felony under federal law that relates to the possession, manufacture, distribution, or transportation of a controlled substance; or

(c) Any out-of-state conviction for an offense that under the laws of this state would be a felony classified as a drug offense under (a) of this subsection.

(22) "Earned release" means earned release from confinement as provided in RCW 9.94A.728.

(23) "Escape" means:

(a) Sexually violent predator escape (RCW 9A.76.115), escape in the first degree (RCW 9A.76.110), escape in the second degree (RCW 9A.76.120), willful failure to return from furlough (RCW 72.66.060), willful failure to return from work release (RCW 72.65.070), or willful failure to be available for supervision by the department while in community custody (RCW 72.09.310); or

(b) Any federal or out-of-state conviction for an offense that under the laws of this state would be a felony classified as an escape under (a) of this subsection.

(24) "Felony traffic offense" means:

(a) Vehicular homicide (RCW 46.61.520), vehicular assault (RCW 46.61.522), eluding a police officer (RCW 46.61.024), or felony hit-and-run injury-accident (RCW 46.52.020(4)); or

(b) Any federal or out-of-state conviction for an offense that under the laws of this state would be a felony classified as a felony traffic offense under (a) of this subsection.

(25) "Fine" means a specific sum of money ordered by the sentencing court to be paid by the offender to the court over a specific period of time.

(26) "First-time offender" means any person who has no prior convictions for a felony and is eligible for the first-time offender waiver under RCW 9.94A.650.

(27) "Home detention" means a program of partial confinement available to offenders wherein the offender is confined in a private residence subject to electronic surveillance.

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6255, with the following amendments{s} 6255-S.E AMH ED H5273.3.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that there are specific skills and a body of knowledge that each student needs to chart a course through middle school, high school, and post-high school options. Each student needs active involvement from parents and at least one supportive adult in the school who knows the student well and cares about the student's progress and future. Students, parents, and teachers also need the benefit of immediate feedback and accurate diagnosis of students' academic strengths and weaknesses to inform the students' short-term and long-term plans. To empower and motivate all students and parents to take a greater role in charting the students' own educational experiences, the legislature intends to strengthen schools' guidance and planning programs.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.600 RCW to read as follows:

(1) The legislature encourages each middle school, junior high school, and high school to implement a comprehensive guidance and planning program for all students. The purpose of the program is to support students as they navigate their education and plan their future; encourage an ongoing and personal relationship between each student and an adult in the school; and involve parents in students' educational decisions and plans.

(2) A comprehensive guidance and planning program is a program that contains at least the following components:

MESSAGE FROM THE HOUSE

March 3, 2006

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6475, with the following amendments{s} 6475-S.E AMH QUAL MCLA 144, 6475-S.E AMH QUAL MCLA 140.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 28A.655 RCW to read as follows:

(1) The legislature has made a commitment to rigorous academic standards for receipt of a high school diploma. The primary way that students will demonstrate that they meet the standards in reading, writing, mathematics, and science is

through the Washington assessment of student learning. Only objective assessments that are comparable in rigor to the state assessment are authorized as an alternative assessment. Before seeking an alternative assessment, the legislature expects students to make a genuine effort to meet state standards, through retaking the Washington assessment of student learning; regular and consistent attendance at school; and participation in extended learning and other assistance programs.

(2) Under RCW 28A.655.061, beginning in the 2006-07 school year, the superintendent of public instruction shall implement objective alternative assessment methods as provided in this section for students to demonstrate achievement of the state standards in content areas in which the student has not yet met the standard on the high school Washington assessment of student learning. A student may access an alternative if the student meets applicable eligibility criteria in RCW 28A.655.061 and other eligibility criteria established by the superintendent of public instruction, including but not limited to attendance criteria and participation in the remediation or supplemental instruction contained in the student learning plan developed under RCW 28A.655.061. A school district may waive attendance or remediation criteria for special, unavoidable circumstances.

(3) For the purposes of this section, "applicant" means a student seeking to use one of the alternative assessment methods in this section.

(4) One alternative assessment method shall be a combination of the applicant's grades in applicable courses and the applicant's highest score on the high school Washington assessment of student learning, as provided in this subsection. The superintendent of public instruction shall determine which high school courses are applicable to the alternative assessment method and shall issue guidelines to school districts.

(a) Using guidelines prepared by the superintendent of public instruction, a school district shall identify the group of students in the same school as the applicant who took the same high school courses as the applicant in the applicable content area. From the group of students identified in this manner, the district shall select the comparison cohort that shall be those students who met or slightly exceeded the state standard on the Washington assessment of student learning.

(b) The district shall compare the applicant's grades in high school courses in the applicable content area to the grades of students in the comparison cohort for the same high school courses. If the applicant's grades are equal to or above the mean grades of the comparison cohort, the applicant shall be deemed to have met the state standard on the alternative assessment.

(c) An applicant may not use the alternative assessment under this subsection (4) if there are fewer than six students in the comparison cohort.

(5) The superintendent of public instruction shall develop an alternative assessment method that shall be an evaluation of a collection of work samples prepared and submitted by the applicant, as provided in this subsection and, for career and technical applicants, the additional requirements of subsection (6) of this section.

(a) The superintendent of public instruction shall develop guidelines for the types and number of work samples in each content area that may be submitted as a collection of evidence that the applicant has met the state standard in that content area. Work samples may be collected from academic, career and technical, or remedial courses and may include performance tasks as well as written products. The superintendent shall submit the guidelines for approval by the state board of education.

(b) The superintendent shall develop protocols for submission of the collection of work samples that include

affidavits from the applicant's teachers and school district that the samples are the work of the applicant and a requirement that a portion of the samples be prepared under the direct supervision of a classroom teacher. The superintendent shall submit the protocols for approval by the state board of education.

(c) The superintendent shall develop uniform scoring criteria for evaluating the collection of work samples and submit the scoring criteria for approval by the state board of education. Collections shall be scored at the state level or regionally by a panel of educators selected and trained by the superintendent to ensure objectivity, reliability, and rigor in the evaluation. An educator may not score work samples submitted by applicants from the educator's school district. If the panel awards an applicant's collection of work samples the minimum required score, the applicant shall be deemed to have met the state standard on the alternative assessment.

(d) Using an open and public process that includes consultation with district superintendents, school principals, and other educators, the state board of education shall consider the guidelines, protocols, scoring criteria, and other information regarding the collection of work samples submitted by the superintendent of public instruction. The collection of work samples may be implemented as an alternative assessment after the state board of education has approved the guidelines, protocols, and scoring criteria and determined that the collection of work samples: (i) will meet professionally accepted standards for a valid and reliable measure of the grade level expectations and the essential academic learning requirements; and (ii) is comparable to or exceeds the rigor of the skills and knowledge that a student must demonstrate on the Washington assessment of student learning in the applicable content area. The state board shall make an approval decision and determination no later than December 1, 2006, and thereafter may increase the required rigor of the collection of work samples.

(e) By September of 2006, the superintendent of public instruction shall develop informational materials for parents, teachers, and students regarding the collection of work samples and the status of its development as an alternative assessment method. The materials shall provide specific guidance regarding the type and number of work samples likely to be required, include examples of work that meets the state learning standards, and describe the scoring criteria and process for the collection. The materials shall also encourage students in the graduating class of 2008 to begin creating a collection if they believe they may seek to use the collection once it is implemented as an alternative assessment.

(6)(a) For students enrolled in a career and technical education program approved under section 2 of this act, the superintendent of public instruction shall develop additional guidelines for a collection of work samples that evidences that the collection:

(i) Is relevant to the student's particular career and technical program;

(ii) Focuses on the application of academic knowledge and skills within the program;

(iii) Includes completed activities or projects where demonstration of academic knowledge is inferred; and

(iv) Is related to the essential academic learning requirements and state standards that students must meet to earn a certificate of academic achievement or certificate of individual achievement, but also represents the knowledge and skills that successful individuals in the career and technical field of the approved program are expected to possess.

(b) To meet the state standard on the alternative assessment under this subsection (6), an applicant must also attain the state

or nationally recognized certificate or credential associated with the approved career and technical program.

(c) The superintendent shall consult with community and technical colleges, employers, the work force training and education coordinating board, apprenticeship programs, and other regional and national experts in career and technical education to create an appropriate collection of work samples and other evidence of a career and technical student's knowledge and skills on the state academic standards.

(7) The superintendent of public instruction shall study the feasibility of using existing mathematics assessments in languages other than English as an additional alternative assessment option. The study shall include an estimation of the cost of translating the tenth grade mathematics assessment into other languages and scoring the assessments should they be implemented.

(8) The superintendent of public instruction shall implement:

(a) By June 1, 2006, a process for students to appeal the score they received on the high school assessments; and

(b) By January 1, 2007, guidelines and appeal processes for waiving specific requirements in RCW 28A.655.061 pertaining to the certificate of academic achievement and to the certificate of individual achievement for students who: (i) Transfer to a Washington public school in their junior or senior year with the intent of obtaining a public high school diploma, or (ii) have special, unavoidable circumstances.

(9) The superintendent of public instruction may adopt rules to implement this section.

NEW SECTION. Sec. 2. A new section is added to chapter 28C.04 RCW to read as follows:

The superintendent of public instruction shall develop a list of approved career and technical education programs that qualify for the objective alternative assessment for career and technical students developed under section 1 of this act. Programs on the list must meet the following minimum criteria:

(1) Lead to a certificate or credential that is state or nationally recognized by trades, industries, or other professional associations as necessary for employment or advancement in that field;

(2) Require a sequenced progression of multiple courses, both exploratory and preparatory, that are vocationally intensive and rigorous; and

(3) Have a high potential for providing the program completer with gainful employment or entry into a postsecondary work force training program.

NEW SECTION. Sec. 3. (1) By September 10, 2006, the superintendent of public instruction shall report the following, in detail, to the education committees of the legislature:

(a) Results of the pilot testing of the alternative assessments authorized under section 1 of this act, particularly the pilot testing of the collection of work samples or collection of evidence;

(b) The proposed guidelines, protocols, and procedures to be used by the superintendent in implementing the alternative assessments, particularly the collection of evidence;

(c) The proposed criteria, rubrics, and methodology for scoring the collection of evidence;

(d) A description of the training to be provided for school districts, educators serving on scoring panels, and teachers assisting students with collections of evidence;

(e) Preliminary results of the feasibility study in section 1(7) of this act; and

(f) Updated estimates of the number of students likely to be eligible or apply for an alternative assessment method.

(2) By December 1, 2006, and again by February 1, 2007, the superintendent of public instruction shall provide the

FIFTY-SEVENTH DAY, MARCH 6, 2006

education committees of the legislature with an update on the number of students eligible for or participating in an alternative assessment method.

(3) The Washington state institute for public policy shall conduct an independent and objective evaluation of the reliability, validity, and rigor of the alternative assessment methods authorized under section 1 of this act, including an examination of a representative sample of the collections of work samples submitted by the graduating classes of 2008 and 2009. The institute shall submit its findings to the education committees of the legislature by September 1, 2009, to enable the legislature to develop and consider statutory changes to the alternative assessment during the 2010 legislative session.

Sec. 4. RCW 28A.655.061 and 2004 c 19 s 101 are each amended to read as follows:

(1) The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and if approved by the legislature pursuant to subsection ~~((1+))~~ (10) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning shall earn a certificate of academic achievement. If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection ~~((1+))~~ (10) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has retaken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement. ~~((The student's transcript shall note whether the certificate of academic achievement was acquired by means of the Washington assessment of student learning or by an alternative assessment.))~~

(4) Beginning with the graduating class of 2010, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter

28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

~~(7) ((Beginning with the graduating class of 2006, the highest scale score and level achieved in each content area on the high school Washington assessment of student learning shall be displayed on a student's transcript. In addition, beginning with the graduating class of 2008, each student shall receive a scholar's designation on his or her transcript for each content area in which the student achieves level four the first time the student takes that content area assessment.~~

~~(8))~~ Beginning in 2006, school districts must make available to students the following options:

(a) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

~~((9))~~ (8) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

~~((10))~~ (9) Subject to available funding, the superintendent shall pilot opportunities for retaking the high school assessment beginning in the 2004-05 school year. Beginning no later than September 2006, opportunities to retake the assessment at least twice a year shall be available to each school district.

~~((11))~~ (10)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

~~((12))~~ (b) A student's score on the mathematics portion of the preliminary scholastic assessment test (PSAT), the scholastic assessment test (SAT), or the American college test (ACT) may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the mathematics standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the mathematics portion of the PSAT, SAT, or ACT to meet or exceed the state standard for mathematics. The state board of education shall identify the first scores by December 1, 2006, and thereafter may increase but not decrease the scores required for students to meet or exceed the state standard for mathematics.

(11) By December 15, 2004, the house of representatives and senate education committees shall obtain information and

conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations.

~~((+3))~~ (12) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for students as provided in this subsection ~~((+3))~~ (12).

(a) Student learning plans are required for eighth through twelfth grade students who were not successful on any or all of the content areas of the Washington assessment for student learning during the previous school year. The plan shall include the courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation. This requirement shall be phased in as follows:

(i) Beginning no later than the 2004-05 school year ninth grade students as described in this subsection ~~((+3))~~ (12)(a) shall have a plan.

(ii) Beginning no later than the 2005-06 school year and every year thereafter eighth grade students as described in this subsection ~~((+3))~~ (12)(a) shall have a plan.

(iii) The parent or guardian shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was unsuccessful, strategies to help them improve their student's skills, and the content of the student's plan.

(iv) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary.

(b) Beginning with the 2005-06 school year and every year thereafter, all fifth grade students who were not successful in one or more of the content areas of the fourth grade Washington assessment of student learning shall have a student learning plan.

(i) The parent or guardian of a student described in this subsection ~~((+3))~~ (12)(b) shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was unsuccessful, and provide strategies to help them improve their student's skills.

(ii) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary.

NEW SECTION. Sec. 5. A new section is added to chapter 28A.655 RCW to read as follows:

Subject to the availability of funds appropriated for this purpose, school districts shall reimburse students for the cost of taking the tests in RCW 28A.655.061(10)(b) when the students take the tests for the purpose of using the mathematics results as an objective alternative assessment.

Sec. 6. RCW 28A.305.220 and 2004 c 19 s 108 are each amended to read as follows:

(1) The state board of education shall develop for use by all public school districts a standardized high school transcript. The state board of education shall establish clear definitions for the terms "credits" and "hours" so that school programs operating on the quarter, semester, or trimester system can be compared.

(2) The standardized high school transcript shall include ~~(the following information:~~

~~(a) The highest scale score and level achieved in each content area on the high school Washington assessment of student learning or other high school measures successfully~~

~~completed by the student as provided by RCW 28A.655.061 and 28A.155.045;~~

~~(b) All scholar designations as provided by RCW 28A.655.061;~~

~~(c)) a notation of whether the student has earned a certificate of individual achievement or a certificate of academic achievement ((by means of the Washington assessment of student learning or by an alternative assessment)).~~

(3) Transcripts are important documents to students who will apply for admission to postsecondary institutions of higher education. Transcripts are also important to students who will seek employment upon or prior to graduation from high school. It is recognized that student transcripts may be the only record available to employers in their decision-making processes regarding prospective employees. The superintendent of public instruction shall require school districts to inform annually all high school students that prospective employers may request to see transcripts and that the prospective employee's decision to release transcripts can be an important part of the process of applying for employment.

NEW SECTION. Sec. 7. If specific funding for the purposes of this act and section 5 of this act, referencing this act and section 5 of this act by bill or chapter number and section number, is not provided by June 30, 2006, in the omnibus appropriations act, section 5 of this act is null and void."

MESSAGE FROM THE HOUSE

March 3, 2006

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6427, with the following amendments{s} 6427-S.E AMH LGH5400.1.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. There is a statewide interest in maintaining coordinated planning as called for in the legislative findings of the growth management act, RCW 36.70A.010. It is the intent of the legislature that smaller, slower-growing counties and cities be provided with flexibility in meeting the requirements to review local plans and development regulations in RCW 36.70A.130, while ensuring coordination and consistency with the plans of neighboring cities and counties.

Sec. 2. RCW 36.70A.130 and 2005 c 423 s 6 and 2005 c 294 s 2 are each reenacted and amended to read as follows:

(1)(a) Each comprehensive land use plan and development regulations shall be subject to continuing review and evaluation by the county or city that adopted them. Except as otherwise provided, a county or city shall take legislative action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure the plan and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section.

(b) Except as otherwise provided, a county or city not planning under RCW 36.70A.040 shall take action to review and, if needed, revise its policies and development regulations regarding critical areas and natural resource lands adopted according to this chapter to ensure these policies and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section. Legislative action means the adoption of a resolution or ordinance following notice and a public hearing indicating at a minimum, a finding that a review and evaluation has occurred and identifying the revisions made, or that a revision was not needed and the reasons therefor.

(c) The review and evaluation required by this subsection may be combined with the review required by subsection (3) of this section. The review and evaluation required by this subsection shall include, but is not limited to, consideration of critical area ordinances and, if planning under RCW 36.70A.040, an analysis of the population allocated to a city or county from the most recent ten-year population forecast by the office of financial management.

(d) Any amendment of or revision to a comprehensive land use plan shall conform to this chapter. Any amendment of or revision to development regulations shall be consistent with and implement the comprehensive plan.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program consistent with RCW 36.70A.035 and 36.70A.140 that identifies procedures and schedules whereby updates, proposed amendments, or revisions of the comprehensive plan are considered by the governing body of the county or city no more frequently than once every year. "Updates" means to review and revise, if needed, according to subsection (1) of this section, and the time periods specified in subsection (4) of this section or in accordance with the provisions of subsections (5) and (8) of this section. Amendments may be considered more frequently than once per year under the following circumstances:

(i) The initial adoption of a subarea plan that does not modify the comprehensive plan policies and designations applicable to the subarea;

(ii) The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.58 RCW;

(iii) The amendment of the capital facilities element of a comprehensive plan that occurs concurrently with the adoption or amendment of a county or city budget; ~~(and)~~

(iv) Until June 30, 2006, the designation of recreational lands under RCW 36.70A.1701. A county amending its comprehensive plan pursuant to this subsection (2)(a)(iv) may not do so more frequently than every eighteen months; and

(v) The adoption of comprehensive plan amendments necessary to enact a planned action under RCW 43.21C.031(2), provided that amendments are considered in accordance with the public participation program established by the county or city under this subsection (2)(a) and all persons who have requested notice of a comprehensive plan update are given notice of the amendments and an opportunity to comment.

(b) Except as otherwise provided in (a) of this subsection, all proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with a growth management hearings board or with the court.

(3)(a) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas.

(b) The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. The review required by this subsection may be combined with the review and evaluation required by RCW 36.70A.215.

(4) The department shall establish a schedule for counties and cities to take action to review and, if needed, revise their comprehensive plans and development regulations to ensure the plan and regulations comply with the requirements of this chapter. Except as provided in subsections (5) and (8) of this section, the schedule established by the department shall provide for the reviews and evaluations to be completed as follows:

(a) On or before December 1, 2004, and every seven years thereafter, for Clallam, Clark, Jefferson, King, Kitsap, Pierce,

FIFTY-SEVENTH DAY, MARCH 6, 2006

Snohomish, Thurston, and Whatcom counties and the cities within those counties;

(b) On or before December 1, 2005, and every seven years thereafter, for Cowlitz, Island, Lewis, Mason, San Juan, Skagit, and Skamania counties and the cities within those counties;

(c) On or before December 1, 2006, and every seven years thereafter, for Benton, Chelan, Douglas, Grant, Kittitas, Spokane, and Yakima counties and the cities within those counties; and

(d) On or before December 1, 2007, and every seven years thereafter, for Adams, Asotin, Columbia, Ferry, Franklin, Garfield, Grays Harbor, Klickitat, Lincoln, Okanogan, Pacific, Pend Oreille, Stevens, Wahkiakum, Walla Walla, and Whitman counties and the cities within those counties.

(5)(a) Nothing in this section precludes a county or city from conducting the review and evaluation required by this section before the time limits established in subsection (4) of this section. Counties and cities may begin this process early and may be eligible for grants from the department, subject to available funding, if they elect to do so.

(b) A county that is subject to a schedule established by the department under subsection (4)(b) through (d) of this section and meets the following criteria may comply with the requirements of this section at any time within the thirty-six months following the date established in the applicable schedule: The county has a population of less than fifty thousand and has had its population increase by no more than seventeen percent in the ten years preceding the date established in the applicable schedule as of that date.

(d) State agencies are encouraged to provide technical assistance to the counties and cities in the review of critical area ordinances, comprehensive plans, and development regulations.

(6) A county or city subject to the time periods in subsection (4)(a) of this section that, pursuant to an ordinance adopted by the county or city establishing a schedule for periodic review of its comprehensive plan and development regulations, has conducted a review and evaluation of its comprehensive plan and development regulations and, on or after January 1, 2001, has taken action in response to that review and evaluation shall be deemed to have conducted the first review required by subsection (4)(a) of this section. Subsequent review and evaluation by the county or city of its comprehensive plan and development regulations shall be conducted in accordance with the time periods established under subsection (4)(a) of this section.

(7) The requirements imposed on counties and cities under this section shall be considered "requirements of this chapter" under the terms of RCW 36.70A.040(1). Only those counties and cities ~~((in compliance))~~: (a) Complying with the schedules in this section ((and those counties and cities)); (b) demonstrating substantial progress towards compliance with the schedules in this section for development regulations that protect critical areas; or (c) complying with the extension provisions of subsection (5)(b) or (c) of this section may receive grants, loans, pledges, or financial guarantees from those accounts established in RCW 43.155.050 and 70.146.030. A county or city that is fewer than twelve months out of compliance with the schedules in this section for development regulations that protect critical areas is ~~((deemed to be))~~ making substantial progress towards compliance. Only those counties and cities in compliance with the schedules in this section may

receive preference for grants or loans subject to the provisions of RCW 43.17.250.

(8) Except as provided in subsection (5)(b) and (c) of this section:

(a) Counties and cities required to satisfy the requirements of this section according to the schedule established by subsection (4)(b) through (d) of this section may comply with the requirements of this section for development regulations that protect critical areas one year after the dates established in subsection (4)(b) through (d) of this section~~((:));~~

(b) Counties and cities complying with the requirements of this section one year after the dates established in subsection (4)(b) through (d) of this section for development regulations that protect critical areas shall be deemed in compliance with the requirements of this section~~((:));~~ and

(c) This subsection (8) applies only to the counties and cities specified in subsection (4)(b) through (d) of this section, and only to the requirements of this section for development regulations that protect critical areas that must be satisfied by December 1, 2005, December 1, 2006, and December 1, 2007.

(9) Notwithstanding subsection (8) of this section and the substantial progress provisions of subsections (7) and (10) of this section, only those counties and cities complying with the schedule in subsection (4) of this section, or the extension provisions of subsection (5)(b) or (c) of this section, may receive preferences for grants, loans, pledges, or financial guarantees from those accounts established in RCW 43.155.050 and 70.146.030.

(10) Until December 1, 2005, and notwithstanding subsection (7) of this section, a county or city subject to the time periods in subsection (4)(a) of this section demonstrating substantial progress towards compliance with the schedules in this section for its comprehensive land use plan and development regulations may receive grants, loans, pledges, or financial guarantees from those accounts established in RCW 43.155.050 and 70.146.030. A county or city that is fewer than twelve months out of compliance with the schedules in this section for its comprehensive land use plan and development regulations is deemed to be making substantial progress towards compliance."

and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

March 3, 2006

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6366, with the following amendments{s} 6366-S.E AMH APP H5458.1.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that certain threats to public health do not respect the jurisdictional boundaries of local public health districts and departments. Such threats require an efficient, well-coordinated response by local health jurisdictions in order to protect the health of local residents as well as the health of all Washingtonians. These threats place demands on public health to be more vigilant than ever and to respond quickly and decisively. Rapid responses of substantial magnitude are no longer a goal for the future, but a necessity for preserving the health of society.

For over a decade, the public health improvement plan process has brought state and local health jurisdictions together to achieve a partnership that has produced standards of quality and best practices that are a national model. The standards developed by the public health improvement partnership have focused largely on formal documentation of administrative processes by state and local health jurisdictions. This is the necessary first step to measuring the performance of public health, but is not yet sufficient for measuring the outcomes of these improvements in public health operations. Performance measures are needed immediately to ascertain the extent to which the residents of the state of Washington have a consistent and adequate level of protection from communicable diseases including a pandemic disease outbreak.

The legislature recognizes the magnitude of the demands placed on public health in today's society and the strides that it has made toward holding itself accountable for the way in which it performs. The legislature finds that enhanced funding and enhanced performance measures are immediately necessary in order for public health to perform at levels that will protect all of the residents of Washington.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of health.

(2) "Local health jurisdiction" means a local health department as established under chapter 70.05 RCW, a combined city-county health department as established under chapter 70.08 RCW, or a health district established under chapter 70.05 or 70.46 RCW.

FIFTY-SEVENTH DAY, MARCH 6, 2006

(3) "Performance measure" means a standard that establishes a benchmark against which a local health jurisdiction's performance can be measured that is as closely associated with a desired outcome as possible.

(4) "Secretary" means the secretary of health.

NEW SECTION. Sec. 3. The secretary shall:

(1) By June 15, 2006, establish a template, consistent with requirements and performance standards established by the United States department of health and human services, to define preparedness activities that should be undertaken prior to a pandemic disease outbreak or other communicable disease outbreak; describe the response, coordination, and decision-making structure among all local public health, health care, and response organizations; and define the roles and responsibilities of all local public health, health care, and response organizations during all phases of a pandemic disease outbreak or other communicable disease outbreak. The template shall be used by each local health jurisdiction to assess their capacity to respond to a pandemic disease outbreak or other communicable disease outbreak that poses a significant risk of a statewide health hazard. The template must include explicit criteria and performance or outcome measures related to the activities identified in section 5 of this act, and reflect the relative priorities among the activities for purposes of local health jurisdiction planning and implementation efforts. The performance measures included in the template must provide a means to assess operations of the department and each local health jurisdiction with respect to providing an adequate and consistent level of statewide protection for the residents of the state in the event of a pandemic disease outbreak or other communicable disease outbreak. In developing these measures, the secretary shall consider performance measures developed by government agencies and private organizations. The secretary shall attempt to develop these performance measures in categories consistent with the process standards applicable to protection from communicable disease as identified in the public health improvement plan under RCW 43.70.520 and 43.70.580, to the extent that these measures are consistent with federal standards defined by the United States department of health and human services;

(2) Develop a process for assessing the compliance of the department and each local health jurisdiction with the performance measures developed under subsection (1) of this section at least biannually;

(3) Develop a process for distributing federal funds appropriated in the omnibus appropriations act on or before July 1, 2006, to local health jurisdictions for development of their pandemic flu and communicable disease outbreak preparedness and response plans, based upon a formula developed by the secretary. The formula developed by the secretary shall ensure that each local health jurisdiction receives a minimum amount of funds for plan development and that any additional funds for plan development be distributed equitably, including consideration of population and factors that increase susceptibility to an outbreak, upon soliciting the advice of the local health jurisdictions;

(4) Develop a process for approving or rejecting pandemic flu and communicable disease outbreak preparedness and response plans developed by local health jurisdictions under section 5 of this act by November 30, 2006.

NEW SECTION. Sec. 4. (1) Each local health jurisdiction must substantially comply with the performance measures established under section 3 of this act by July 1, 2007, and maintain such substantial compliance.

(2) The department shall report to the legislature by November 15, 2008, on the level of compliance with the performance measures established in section 3 of this act. The report shall consider the extent to which local health jurisdictions comply with each performance measure and any impediments to meeting the expected level of performance.

2006 REGULAR SESSION

NEW SECTION. Sec. 5. By December 1, 2006, each jurisdiction shall submit a pandemic flu and communicable disease outbreak preparedness and response plan in consultation with appropriate public and private sector partners, including departments of emergency management, law enforcement, school districts, hospitals and medical professionals, tribal governments, and business organizations. The plan shall include the specific activities, including their relative priority within the plan, that it will undertake to meet the standards included in the template developed by the secretary under section 3 of this act by June 30, 2007, and a detailed explanation of the expenditures needed to implement the plan. At a minimum, each plan shall address:

(1) Public education and citizen preparedness, including improvements in the ability of the public to employ universal infectious disease prevention practices, maintain emergency supplies, and respond to a community public health emergency;

(2)(a) Disease surveillance, investigation, and rapid response, including health care provider compliance with reportable conditions requirements;

(b) Investigation and analysis of reported illness or outbreaks; and

(c) Disease control response;

(3) Communications systems, including improving effectiveness of communication, the availability of specialized communications equipment, and access by health officials and community leaders to mass media outlets;

(4) Medical system mobilization, including improving the linkages and coordination of emergency responses across health care organizations, contracts with community facilities to serve as emergency alternative sites during an emergency, availability of trained personnel, conducting practice drills and access to medical supplies and equipment, plans and protocols to rapidly administer vaccine to large populations and monitor vaccine effectiveness and safety, and guidelines for the appropriate use of medications to treat and prevent influenza or other communicable diseases;

(5) Community-level disease containment capability including increasing adherence to public health advisories, voluntary social isolation during disease outbreaks, and health officer orders related to quarantines;

(6) Maintenance of social order and essential public services, including improving linkages with the local emergency incident command structure and maintenance of essential service and the development of the legal documents necessary to facilitate and support the necessary government response.

Upon approval of a local health jurisdiction's pandemic flu and communicable disease outbreak preparedness and response plan by the secretary, the secretary shall distribute state funds and any additional federal funds appropriated under the omnibus appropriations act for implementation of the plan, based upon a formula developed by the secretary.

NEW SECTION. Sec. 6. The department shall provide implementation support and assistance to a local health jurisdiction when the secretary or the local health jurisdiction has significant concerns regarding a jurisdiction's progress toward implementing its plan. Nothing in this section is intended to limit the authority of the secretary to act under RCW 43.70.130(4).

NEW SECTION. Sec. 7. Sections 1 through 6 of this act constitute a new chapter in Title 70 RCW.

NEW SECTION. Sec. 8. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Correct the title.

and the same are herewith transmitted.

RICHARD NAFZIGER, Chief Clerk

POINT OF ORDER

Senator Keiser: "Thank you. I believe that the House amendments added to Engrossed Substitute Senate Bill No. 6366 are beyond the scope and object of the underlying bill. The underlying bill deals with the very urgent and real possibility of a pandemic flu outbreak and directs our local public health districts to begin the necessary steps to prepare for such an outbreak. The House amendments are much more broadly focused on a long-term improvement planning process of our public health system, which maybe all well and good, but is not what the original bill set out to achieve. I believe it may also be putting forward an unfunded mandate for our public health districts in section four. We have no way to make sure that would be complied with under these new performance measures that are being set for forth in the amendments that were added by the House. All together, I think it puts the underlying bill at risk and I would urge this be ruled beyond the scope and object."

Senator Deccio spoke in favor of the point of order.

MOTION

On motion of Senator Eide, further consideration of Engrossed Substitute Senate Bill No. 6366 was deferred and the bill held its place on the calendar.

MESSAGE FROM THE HOUSE

March 2, 2006

(b) An optometrist may not:

(i) Prescribe, dispense, or administer a controlled substance for more than seven days in treating a particular patient for a single trauma, episode, or condition or for pain associated with or related to the trauma, episode, or condition; or

Ophthalmic surgery is defined as any invasive procedure in which human tissue is cut, ablated, or otherwise penetrated by incision, injection, laser, ultrasound, or other means, in order to: Treat human eye diseases; alter or correct refractive error; or alter or enhance cosmetic appearance. Nothing in this chapter limits an optometrist's ability to use diagnostic instruments utilizing laser or ultrasound technology. Ophthalmic surgery, as defined in this subsection, does not include removal of superficial ocular foreign bodies, epilation of misaligned eyelashes, placement of punctal or lacrimal plugs, diagnostic dilation and irrigation of the lacrimal system, orthokeratology, prescription and fitting of contact lenses with the purpose of altering refractive error, or other similar procedures within the scope of practice of optometry.

MESSAGE FROM THE HOUSE

February 28, 2006

MR. PRESIDENT:

The House has passed SECOND ENGROSSED SENATE BILL NO. 5714, with the following amendments{ } 5714-E2 AMH HC H5274.1.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1 A new section is added to chapter 43.70 RCW to read as follows:

(1) The legislature finds that Washington state has the highest incidence of breast cancer in the nation. Despite this, mortality rates from breast cancer have declined due largely to early screening and detection. Invasive cervical cancer is the most preventable type of cancer. The Pap test, used to detect early signs of this disease, has been called "medicine's most successful screening test." Applied consistently, invasive cervical cancer could nearly be eliminated. The legislature further finds that increasing access to breast and cervical cancer screening is critical to reducing incidence and mortality rates, and eliminating the disparities of this disease in women in Washington state. Furthermore, the legislature finds there is a need for a permanent program providing early detection and screening to the women and families of Washington state.

It is the intent of the legislature to establish an early detection breast and cervical cancer screening program as a voluntary screening program directed at reducing mortalities through early detection to be offered to eligible women only as funds are available.

(2) As used in this section:

(a) "Eligible woman" means a woman who is age forty to sixty-four, and whose income is at or below two hundred fifty

2006 REGULAR SESSION

percent of the federal poverty level, as published annually by the federal department of health and human services. Priority enrollment shall be given to women as defined by the federal national breast and cervical cancer early detection program, under P.L. 101-354.

(b) "Approved providers" means those state-supported health providers, radiology facilities, and cytological laboratories that are recognized by the department as meeting the minimum program policies and procedures adopted by the department to qualify under the federal national breast and cervical cancer early detection program, and are designated as eligible for funding by the department.

(c) "Comprehensive" means a screening program that focuses on breast and cervical cancer screening as a preventive health measure, and includes diagnostic and case management services.

(3) The department of health is authorized to administer a state-supported early detection breast and cervical cancer screening program to assist eligible women with preventive health services. To the extent of available funding, eligible women may be enrolled in the early detection breast and cervical cancer screening program and additional eligible women may be enrolled to the extent that grants and contributions from community sources provide sufficient funds for expanding the program.

(4) Funds appropriated for the state program shall be used only to operate early detection breast and cervical cancer screening programs that have been approved by the department, or to increase access to existing state-approved programs, and shall not supplant federally supported breast and cervical cancer early detection programs.

(5) Enrollment in the early detection breast and cervical cancer screening program shall not result in expenditures that exceed the amount that has been appropriated for the program in the operating budget. If it appears that continued enrollment will result in expenditures exceeding the appropriated level for a particular fiscal year, the department may freeze new enrollment in the program. Nothing in this section prevents the department from continuing enrollment in the program if there are adequate private or public funds in addition to those appropriated in the biennial budget to support the cost of such enrollment.

(6) The department shall establish a medical advisory committee composed of interested medical professionals and consumer liaisons with expertise in a variety of areas relevant to breast and cervical health to provide expert medical advice and guidance. The medical advisory committee shall address national, state, and local concerns regarding best practices in the field of early prevention and detection for breast and cervical cancer and assist the early detection breast and cervical cancer screening program in implementing program policy that follows the best practices of high quality health care for clinical, diagnostic, pathologic, radiological, and oncology services."

(c) Post notice of its intent on the department's internet web site on a page specifically designated for such notices. If the authorized public entity is not the department, the department must facilitate the internet posting.

(2) All notices sent, posted, or published in accordance with this section must, at a minimum, explain the intent of the authorized public entity to take custody of the vessel, the rights of the authorized public entity after taking custody of the vessel as provided in RCW 79.100.030, the procedures the owner must follow in order to avoid custody being taken by the authorized public entity, the procedures the owner must follow in order to reclaim possession after custody is taken by the authorized public entity, and the financial liabilities that the owner may incur as provided for in RCW 79.100.060.

(3) If a vessel is in immediate danger of sinking, breaking up, or blocking navigational channels, and the owner of the vessel cannot be located or is unwilling or unable to assume immediate responsibility for the vessel, ~~((am))~~ any authorized public entity may tow, beach, or otherwise take temporary possession of the vessel. Before taking temporary possession of the vessel, the authorized public entity must make reasonable attempts to consult with the department ~~((and))~~ or the United States coast guard to ensure that other remedies are not available. The basis for taking temporary possession of the vessel must be set out in writing by the authorized public entity within seven days of taking action and be submitted to the owner, if known, as soon thereafter as is reasonable. If the authorized public entity has not already provided the required notice, immediately after taking possession of the vessel, the authorized public entity must initiate the notice provisions in subsection (1) of this section. The authorized public entity must complete the notice requirements of subsection (1) of this

2006 REGULAR SESSION

section before using or disposing of the vessel as authorized in RCW 79.100.050.

Sec. 4. RCW 79.100.060 and 2002 c 286 s 7 are each amended to read as follows:

(1) The owner of an abandoned or derelict vessel is responsible for reimbursing an authorized public entity for all reasonable and auditable costs associated with the removal or disposal of the owner's vessel under this chapter. These costs include, but are not limited to, costs incurred exercising the authority granted in RCW 79.100.030, all administrative costs incurred by the authorized public entity during the procedure set forth in RCW 79.100.040, removal and disposal costs, and costs associated with environmental damages directly or indirectly caused by the vessel. An authorized public entity that has taken temporary possession of a vessel may require that all reasonable and auditable costs associated with the removal of the vessel be paid before the vessel is released to the owner.

(2) Reimbursement for costs may be sought from an owner who is identified subsequent to the vessel's removal and disposal.

(3) If the full amount of all costs due to the authorized public entity under this chapter is not paid to the authorized public entity within thirty days after first notifying the responsible parties of the amounts owed, the authorized public entity or the department may bring an action in any court of competent jurisdiction to recover the costs, plus reasonable attorneys' fees and costs incurred by the authorized public entity.

NEW SECTION. Sec. 5. A new section is added to chapter 79.100 RCW to read as follows:

(1) A person seeking to contest an authorized public entity's decision to take temporary possession or custody of a vessel under this chapter, or to contest the amount of reimbursement owed to an authorized public entity under this chapter, may request a hearing in accordance with this section.

(2)(a) If the contested decision or action was undertaken by a state agency, a written request for a hearing related to the decision or action must be filed with the aquatic resources division of the department within twenty days of the date the authorized public entity acquires custody of the vessel under RCW 79.100.040, or if the vessel is redeemed before the authorized public entity acquires custody, the date of redemption, or the right to a hearing is deemed waived and the vessel's owner is liable for any costs owed the authorized public entity. In the event of litigation, the prevailing party is entitled to reasonable attorneys' fees and costs.

(b) Upon receipt of a timely hearing request, the department shall proceed to hear and determine the validity of the decision to take the vessel into temporary possession or custody and the reasonableness of any towing, storage, or other charges permitted under this chapter. Within five business days after the request for a hearing is filed, the department shall notify the vessel owner requesting the hearing and the authorized public entity of the date, time, and location for the hearing. Unless the vessel is redeemed before the request for hearing is filed, the department shall set the hearing on a date that is within ten business days of the filing of the request for hearing. If the vessel is redeemed before the request for a hearing is filed, the department shall set the hearing on a date that is within sixty days of the filing of the request for hearing.

(3)(a) If the contested decision or action was undertaken by a metropolitan park district, port district, city, town, or county, which has adopted rules or procedures for contesting decisions or actions pertaining to derelict or abandoned vessels, those rules or procedures must be followed in order to contest a decision to take temporary possession or custody of a vessel, or to contest the amount of reimbursement owed.

(b) If the metropolitan park district, port district, city, town, or county has not adopted rules or procedures for contesting decisions or actions pertaining to derelict or abandoned vessels, then a person requesting a hearing under this section must

FIFTY-SEVENTH DAY, MARCH 6, 2006

follow the procedure established in RCW 53.08.320(5) for contesting the decisions or actions of moorage facility operators.

Sec. 6. RCW 79.100.100 and 2002 c 286 s 11 are each amended to read as follows:

(1) The derelict vessel removal account is created in the state treasury. All receipts from RCW 79.100.050 and 79.100.060 and those moneys specified in RCW 88.02.030 and 88.02.050 must be deposited into the account. The account is authorized to receive gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of this chapter and expend the same or any income according to the terms of the gifts, grants, or endowments provided those terms do not conflict with any provisions of this section or any guidelines developed to prioritize reimbursement of removal projects associated with this chapter. Moneys in the account may only be spent after appropriation. Expenditures from the account shall be used by the department to reimburse authorized public entities for ~~((seventy-five))~~ up to ninety percent of the total reasonable and auditable administrative, removal, disposal, and environmental damage costs of abandoned or derelict vessels when the previous owner is either unknown after a reasonable search effort or insolvent. ~~((During the 2001-2003 biennium, up to forty percent of the expenditures from the account may be used for administrative expenses of the department of licensing and department of natural resources in implementing this chapter.))~~ Costs associated with removal and disposal of an abandoned or derelict vessel under the authority granted in RCW 53.08.320 also qualify for reimbursement from the derelict vessel removal account. In each ~~((subsequent))~~ biennium, up to twenty percent of the expenditures from the account may be used for administrative expenses of the department of licensing and department of natural resources in implementing this chapter.

(2) If the balance of the account reaches one million dollars as of March 1st of any year, the department must notify the department of licensing and the collection of any fees associated with this account must be suspended for the following fiscal year.

(3) Priority for use of this account is for the removal of derelict and abandoned vessels that are in danger of sinking, breaking up, or blocking navigation channels, or that present environmental risks such as leaking fuel or other hazardous substances. The department must develop criteria, in the form of informal guidelines, to prioritize removal projects associated with this chapter, but may not consider whether the applicant is a state or local entity when prioritizing. The guidelines must also include guidance to the authorized public entities as to what removal activities and associated costs are reasonable and eligible for reimbursement.

(4) The department must keep all authorized public entities apprized of the balance of the derelict vessel removal account and the funds available for reimbursement. The guidelines developed by the department must also be made available to the other authorized public entities. This subsection (4) must be satisfied by utilizing the least costly method, including maintaining the information on the department's internet web site, or any other cost-effective method.

(5) An authorized public entity may contribute its ~~((twenty-five))~~ ten percent of costs that are not eligible for reimbursement by using in-kind services, including the use of existing staff, equipment, and volunteers.

(6) This chapter does not guarantee reimbursement for an authorized public entity. Authorized public entities seeking certainty in reimbursement prior to taking action under this chapter may first notify the department of their proposed action and the estimated total costs. Upon notification by an authorized public entity, the department must make the authorized public entity aware of the status of the fund and the likelihood of reimbursement being available. The department may offer technical assistance and assure reimbursement for up

2006 REGULAR SESSION

to two years following the removal action if an assurance is appropriate given the balance of the fund and the details of the proposed action.

NEW SECTION. **Sec. 7.** RCW 79.100.090 (Contest custody/reimbursement--Lawsuit) and 2002 c 286 s 10 are each repealed." and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

March 2, 2006

MR. PRESIDENT:

The House has passed SECOND SUBSTITUTE SENATE BILL NO. 6319, with the following amendments{s} 6319-S2 AMH APP H5462.1.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 9A.44.130 and 2003 c 215 s 1 and 2003 c 53 s 68 are each reenacted and amended to read as follows:

(1) Any adult or juvenile residing whether or not the person has a fixed residence, or who is a student, is employed, or carries on a vocation in this state who has been found to have committed or has been convicted of any sex offense or kidnapping offense, or who has been found not guilty by reason of insanity under chapter 10.77 RCW of committing any sex offense or kidnapping offense, shall register with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation, or as otherwise specified in this section. Where a person required to register under this section is in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility as a result of a sex offense or kidnapping offense, the person shall also register at the time of release from

custody with an official designated by the agency that has jurisdiction over the person. In addition, any such adult or juvenile: (a) Who is admitted to a public or private institution of higher education shall, within ten days of enrolling or by the first business day after arriving at the institution, whichever is earlier, notify the sheriff for the county of the person's residence of the person's intent to attend the institution; (b) who gains employment at a public or private institution of higher education shall, within ten days of accepting employment or by the first business day after commencing work at the institution, whichever is earlier, notify the sheriff for the county of the person's residence of the person's employment by the institution; or (c) whose enrollment or employment at a public or private institution of higher education is terminated shall, within ten days of such termination, notify the sheriff for the county of the person's residence of the person's termination of enrollment or employment at the institution. Persons required to register under this section who are enrolled in a public or private institution of higher education on June 11, 1998, must notify the county sheriff immediately. The sheriff shall notify the institution's department of public safety and shall provide that department with the same information provided to a county sheriff under subsection (3) of this section.

(2) This section may not be construed to confer any powers pursuant to RCW (~~(4.24.500)~~) 4.24.550 upon the public safety department of any public or private institution of higher education.

(3)(a) The person shall provide the following information when registering: (i) Name; (ii) address; (iii) date and place of birth; (iv) place of employment; (v) crime for which convicted; (vi) date and place of conviction; (vii) aliases used; (viii) social security number; (ix) photograph; and (x) fingerprints.

(b) Any person who lacks a fixed residence shall provide the following information when registering: (i) Name; (ii) date and place of birth; (iii) place of employment; (iv) crime for which convicted; (v) date and place of conviction; (vi) aliases used; (vii) social security number; (viii) photograph; (ix) fingerprints; and (x) where he or she plans to stay.

(4)(a) Offenders shall register with the county sheriff within the following deadlines. For purposes of this section the term "conviction" refers to adult convictions and juvenile adjudications for sex offenses or kidnapping offenses:

(i) OFFENDERS IN CUSTODY. (A) Sex offenders who committed a sex offense on, before, or after February 28, 1990, and who, on or after July 28, 1991, are in custody, as a result of that offense, of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, and (B) kidnapping offenders who on or after July 27, 1997, are in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register at the time of release from custody with an official designated by the agency that has jurisdiction over the offender. The agency shall within three days forward the registration information to the county sheriff for the county of the offender's anticipated residence. The offender must also register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. Failure to register at the time of release and within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

When the agency with jurisdiction intends to release an offender with a duty to register under this section, and the agency has knowledge that the offender is eligible for developmental disability services from the department of social and health services, the agency shall notify the division of

FIFTY-SEVENTH DAY, MARCH 6, 2006

developmental disabilities of the release. Notice shall occur not more than thirty days before the offender is to be released. The agency and the division shall assist the offender in meeting the initial registration requirement under this section. Failure to provide such assistance shall not constitute a defense for any violation of this section.

(ii) **OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION.** Sex offenders who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction's active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction's active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iii) **OFFENDERS UNDER FEDERAL JURISDICTION.** Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. Sex offenders who, on July 23, 1995, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 23, 1995. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997 shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) **OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED.** Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) **OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS.** Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the

2006 REGULAR SESSION

jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within thirty days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) **OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY.** Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

(vii) **OFFENDERS WHO LACK A FIXED RESIDENCE.** Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than twenty-four hours after entering the county and provide the information required in subsection (3)(b) of this section.

(viii) **OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION.** Offenders who lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(ix) **OFFENDERS WHO MOVE TO, WORK, CARRY ON A VOCATION, OR ATTEND SCHOOL IN ANOTHER STATE.** Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in another state shall register a new address, fingerprints, and photograph with the new state within ten days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state. The person must also send written notice within ten days of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff

FIFTY-SEVENTH DAY, MARCH 6, 2006

shall promptly forward this information to the Washington state patrol.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (10) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence. The notice shall include the information required by subsection (3)(b) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. The county sheriff's office may require the person to list the locations where the person has stayed during the last seven days. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall

2006 REGULAR SESSION

make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within five days of the entry of the order.

(8) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints.

(9) For the purpose of RCW 9A.44.130, 10.01.200, 43.43.540, 70.48.470, and 72.09.330:

(a) "Sex offense" means:

(i) Any offense defined as a sex offense by RCW 9.94A.030;

(ii) Any violation under RCW 9A.44.096 (sexual misconduct with a minor in the second degree);

(iii) Any violation under RCW 9.68A.090 (communication with a minor for immoral purposes);

(iv) Any federal or out-of-state conviction for an offense that under the laws of this state would be classified as a sex offense under this subsection; and

(v) Any gross misdemeanor that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a sex offense under RCW 9.94A.030 or this subsection.

(i) OFFENDERS IN CUSTODY. (A) Sex offenders who committed a sex offense on, before, or after February 28, 1990, and who, on or after July 28, 1991, are in custody, as a result of that offense, of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, and (B) kidnapping offenders who on or after July 27, 1997, are in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register at the time of release from custody with an official designated by the agency that has jurisdiction over the offender. The agency shall within three days forward the registration information to the county sheriff for the county of the offender's anticipated residence. The offender must also register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. Failure to register at the time of release and within twenty-four hours of release constitutes a

FIFTY-SEVENTH DAY, MARCH 6, 2006

violation of this section and is punishable as provided in subsection (10) of this section.

When the agency with jurisdiction intends to release an offender with a duty to register under this section, and the agency has knowledge that the offender is eligible for developmental disability services from the department of social and health services, the agency shall notify the division of developmental disabilities of the release. Notice shall occur not more than thirty days before the offender is to be released. The agency and the division shall assist the offender in meeting the initial registration requirement under this section. Failure to provide such assistance shall not constitute a defense for any violation of this section.

(ii) OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION. Sex offenders who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of corrections' active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of corrections' active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iii) OFFENDERS UNDER FEDERAL JURISDICTION. Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. Sex offenders who, on July 23, 1995, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 23, 1995. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997 shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED. Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not

2006 REGULAR SESSION

sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS. Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within thirty days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

(vii) OFFENDERS WHO LACK A FIXED RESIDENCE. Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than twenty-four hours after entering the county and provide the information required in subsection (3)(b) of this section.

(viii) OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION. Offenders who lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(ix) OFFENDERS WHO MOVE TO, WORK, CARRY ON A VOCATION, OR ATTEND SCHOOL IN ANOTHER STATE. Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in another state shall register a new address,

FIFTY-SEVENTH DAY, MARCH 6, 2006

2006 REGULAR SESSION

fingerprints, and photograph with the new state within ten days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state. The person must also send written notice within ten days of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (10) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence. The notice shall include the information required by subsection (3)(b) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the

county sheriff's office, and shall occur during normal business hours. The county sheriff's office may require the person to list the locations where the person has stayed during the last seven days. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within five days of the entry of the order.

(8) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints.

- Sec. 4.** RCW 9.94A.545 and 2003 c 379 s 8 are each amended to read as follows:
 (1) Except as provided in RCW 9.94A.650 and in subsection (2) of this section, on all sentences of confinement for one year or less, in which the offender is convicted of a sex offense, a violent offense, a crime against a person under RCW 9.94A.411, or felony violation of chapter 69.50 or 69.52 RCW or an attempt, conspiracy, or solicitation to commit such a crime, the court may impose up to one year of community custody, subject to conditions and sanctions as authorized in RCW 9.94A.715 and 9.94A.720. An offender shall be on community custody as of the date of sentencing. However, during the time for which the offender is in total or partial confinement pursuant to the sentence or a violation of the sentence, the period of community custody shall toll.
 (2) If the offender is guilty of failure to register under RCW 9A.44.130(10)(a), the court shall impose a term of community custody under RCW 9.94A.715.
- Sec. 5.** RCW 9.94A.715 and 2003 c 379 s 6 are each amended to read as follows:
 (1) When a court sentences a person to the custody of the department for a sex offense not sentenced under RCW 9.94A.712, a violent offense, any crime against persons under RCW 9.94A.411(2), or a felony offense under chapter 69.50 or 69.52 RCW, committed on or after July 1, 2000, or when a court sentences a person to a term of confinement of one year or less for a violation of RCW 9A.44.130(10)(a) committed on or after the effective date of this act, the court shall in addition to the other terms of the sentence, sentence the offender to community

FIFTY-SEVENTH DAY, MARCH 6, 2006

custody for the community custody range established under RCW 9.94A.850 or up to the period of earned release awarded pursuant to RCW 9.94A.728 (1) and (2), whichever is longer. The community custody shall begin: (a) Upon completion of the term of confinement; (b) at such time as the offender is transferred to community custody in lieu of earned release in accordance with RCW 9.94A.728 (1) and (2); or (c) with regard to offenders sentenced under RCW 9.94A.660, upon failure to complete or administrative termination from the special drug offender sentencing alternative program. Except as provided in RCW 9.94A.501, the department shall supervise any sentence of community custody imposed under this section.

(2)(a) Unless a condition is waived by the court, the conditions of community custody shall include those provided for in RCW 9.94A.700(4). The conditions may also include those provided for in RCW 9.94A.700(5). The court may also order the offender to participate in rehabilitative programs or otherwise perform affirmative conduct reasonably related to the circumstances of the offense, the offender's risk of reoffending, or the safety of the community, and the department shall enforce such conditions pursuant to subsection (6) of this section.

(b) As part of any sentence that includes a term of community custody imposed under this subsection, the court shall also require the offender to comply with any conditions imposed by the department under RCW 9.94A.720. The department shall assess the offender's risk of reoffense and may establish and modify additional conditions of the offender's community custody based upon the risk to community safety. In addition, the department may require the offender to participate in rehabilitative programs, or otherwise perform affirmative conduct, and to obey all laws.

(c) The department may not impose conditions that are contrary to those ordered by the court and may not contravene or decrease court imposed conditions. The department shall notify the offender in writing of any such conditions or modifications. In setting, modifying, and enforcing conditions of community custody, the department shall be deemed to be performing a quasi-judicial function.

(3) If an offender violates conditions imposed by the court or the department pursuant to this section during community custody, the department may transfer the offender to a more restrictive confinement status and impose other available sanctions as provided in RCW 9.94A.737 and 9.94A.740.

(4) Except for terms of community custody under RCW 9.94A.670, the department shall discharge the offender from community custody on a date determined by the department, which the department may modify, based on risk and performance of the offender, within the range or at the end of the period of earned release, whichever is later.

(5) At any time prior to the completion or termination of a sex offender's term of community custody, if the court finds that public safety would be enhanced, the court may impose and enforce an order extending any or all of the conditions imposed pursuant to this section for a period up to the maximum allowable sentence for the crime as it is classified in chapter 9A.20 RCW, regardless of the expiration of the offender's term of community custody. If a violation of a condition extended under this subsection occurs after the expiration of the offender's term of community custody, it shall be deemed a violation of the sentence for the purposes of RCW 9.94A.631 and may be punishable as contempt of court as provided for in RCW 7.21.040. If the court extends a condition beyond the expiration of the term of community custody, the department is not responsible for supervision of the offender's compliance with the condition.

(6) Within the funds available for community custody, the department shall determine conditions and duration of community custody on the basis of risk to community safety, and shall supervise offenders during community custody on the basis of risk to community safety and conditions imposed by the

2006 REGULAR SESSION

court. The secretary shall adopt rules to implement the provisions of this subsection.

(7) By the close of the next business day after receiving notice of a condition imposed or modified by the department, an offender may request an administrative review under rules adopted by the department. The condition shall remain in effect unless the reviewing officer finds that it is not reasonably related to any of the following: (a) The crime of conviction; (b) the offender's risk of reoffending; or (c) the safety of the community.

Sec. 6. RCW 9.94A.525 and 2002 c 290 s 3 and 2002 c 107 s 3 are each reenacted and amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.589.

(2) Class A and sex prior felony convictions shall always be included in the offender score. Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction. Class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction. Serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction. This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.589(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.589(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender

FIFTY-SEVENTH DAY, MARCH 6, 2006

score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense. When these convictions are used as criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11) or (12) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior violent felony conviction and ½ point for each juvenile prior nonviolent felony conviction.

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), or (12) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and ½ point for each prior juvenile nonviolent felony conviction.

(9) If the present conviction is for a serious violent offense, count three points for prior adult and juvenile convictions for crimes in this category, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and ½ point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense count one point for each adult and ½ point for each juvenile prior conviction; for each serious traffic offense, other than those used for an enhancement pursuant to RCW 46.61.520(2), count one point for each adult and ½ point for each juvenile prior conviction.

(12) If the present conviction is for manufacture of methamphetamine count three points for each adult prior manufacture of methamphetamine conviction and two points for each juvenile manufacture of methamphetamine offense. If the present conviction is for a drug offense and the offender has a criminal history that includes a sex offense or serious violent offense, count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(13) If the present conviction is for Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as ½ point.

(14) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior

2006 REGULAR SESSION

convictions as one point and juvenile prior convictions as ½ point.

(15) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(16) If the present conviction is for a sex offense, count priors as in subsections (7) through (15) of this section; however count three points for each adult and juvenile prior sex offense conviction.

(17) If the present conviction is for failure to register as a sex offender under RCW 9A.44.130(10), count priors as in subsections (7) through (15) of this section; however count three points for each adult and juvenile prior sex offense conviction, excluding prior convictions for failure to register as a sex offender under RCW 9A.44.130(10), which shall count as one point.

(18) If the present conviction is for an offense committed while the offender was under community placement, add one point.

~~((+8))~~ (19) The fact that a prior conviction was not included in an offender's offender score or criminal history at a previous sentencing shall have no bearing on whether it is included in the criminal history or offender score for the current offense. Accordingly, prior convictions that were not counted in the offender score or included in criminal history under repealed or previous versions of the sentencing reform act shall be included in criminal history and shall count in the offender score if the current version of the sentencing reform act requires including or counting those convictions.

NEW SECTION. Sec. 7. Section 1 of this act expires September 1, 2006.

NEW SECTION. Sec. 8. Section 2 of this act takes effect September 1, 2006.

NEW SECTION. Sec. 9. If specific funding for the purposes of section 3 of this act, referencing this act and section 3 of this act by bill or chapter number and section number, is not provided by June 30, 2006, in the omnibus appropriations act, section 3 of this act is null and void.

SECOND READING

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2582, by House Committee on Appropriations (originally sponsored by Representatives Uptegrove, Hunter, Appleton, Hasegawa, Quall, Clibborn, Simpson, Green, Ormsby, Kenney, Hudgins and Kagi)

Expanding high school completion programs.

The measure was read the second time.

MOTION

Senator McAuliffe moved that the following committee striking amendment by the Committee on Ways & Means be not adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the goal of Washington's education reform is for all students to meet rigorous academic standards so that they are prepared for success in college, work, and life. Educators know that not all students learn at the same rate or in the same way. Some students will take longer to meet the state's standards for high school graduation. Older students who cannot graduate with their peers need an appropriate learning environment and flexible programming that enables them simultaneously to earn a diploma, work, and pursue other training options. Providing learning options in locations in addition to high schools will encourage older students to complete their diplomas. The legislature further finds that the state's commitment to providing a basic education for all public school students under the age of twenty-one should continue until a student earns a diploma. Therefore the legislature intends to expand high school completion programs at community and technical colleges for older students who have not yet received a diploma but are eligible for state basic education support.

Sec. 2. RCW 28B.50.535 and 1991 c 238 s 58 are each amended to read as follows:

A community or technical college may issue a high school diploma or certificate, subject to rules (~~and regulations promulgated~~) adopted by the superintendent of public instruction and the state board of education.

NEW SECTION. Sec. 3. A new section is added to chapter 28B.50 RCW to read as follows:

(1) In accordance with this section, each community or technical college shall make available courses or a program of study, on the college campus, designed to enable students under the age of twenty-one who have completed all state and local high school graduation requirements except the certificate of academic achievement or certificate of individual achievement to complete their high school education and obtain a high school diploma.

(a) Colleges may make courses or programs under this section available by entering into contracts with local school districts to deliver the courses or programs. Colleges that offer courses or programs under contract shall be reimbursed for each enrolled eligible student as provided in the contract, and the high school diploma shall be issued by the local school district;

2006 REGULAR SESSION

this waiver of tuition and services and activities fees shall be in effect only for those courses that lead to a high school diploma.

(4) Nothing in this section or section 4 of this act precludes a community or technical college from offering courses or a program of study for students other than eligible students as defined by section 4 of this act to obtain a high school diploma, nor is intended to restrict diploma completion programs offered by school districts or educational service districts. Community and technical colleges and school districts are encouraged to consult with educational service districts in the development and delivery of programs and courses required under this section.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.600 RCW to read as follows:

(1) For purposes of this section and section 3 of this act, "eligible student" means a student who has completed all state and local high school graduation requirements except the certificate of academic achievement under RCW 28A.655.061 or the certificate of individual achievement under RCW 28A.155.045, and who is less than age twenty-one as of September 1st of the academic year the student enrolls at a community and technical college under this section.

(2) An eligible student may enroll in courses or a program of study made available by a community or technical college under section 3 of this act for the purpose of obtaining a high school diploma.

(3) For eligible students in courses or programs delivered directly by the community or technical college under section 3 of this act and only for enrollment in courses that lead to a high school diploma, the superintendent of public instruction shall transmit to the college an amount per each full-time equivalent college student at statewide uniform rates. The amount shall be the sum of (a), (b), (c), and (d) of this subsection, as applicable.

(a) The superintendent shall separately calculate and allocate moneys appropriated for basic education under RCW 28A.150.260 for purposes of making payments under this section. The calculations and allocations shall be based upon the estimated statewide annual average per full-time equivalent high school student allocations under RCW 28A.150.260, excluding small high school enhancements, and applicable rules adopted under chapter 34.05 RCW.

(b) The superintendent shall allocate an amount equal to the per funded student state allocation for the learning assistance program under chapter 28A.165 RCW for each full-time equivalent college student or a pro rata amount for less than full-time enrollment.

(c) The superintendent shall allocate an amount equal to the per full-time equivalent student allocation for the student achievement program under RCW 28A.505.210 for each full-time equivalent college student or a pro rata amount for less than full-time enrollment.

(d) For eligible students who meet eligibility criteria for the state transitional bilingual instruction program under chapter 28A.180 RCW, the superintendent shall allocate an amount equal to the per student state allocation for the transitional bilingual instruction program or a pro rata amount for less than full-time enrollment.

(4) School districts and the state board for community and technical colleges shall report no student for more than 1.0 full-time equivalent combining both their high school enrollment and instruction in the college program offered for students meeting all graduation requirements except the certificate of academic achievement or certificate of individual achievement.

(5) The superintendent may adopt rules establishing enrollment reporting, recordkeeping, and accounting requirements necessary to ensure accountability for the use of basic education, learning assistance, and transitional bilingual program funds under this section.

(6) All school districts shall provide information about the high school completion option under section 3 of this act to students in grades ten, eleven, and twelve and the parents or guardians of those students.

Sec. 5. RCW 28A.230.120 and 2003 c 234 s 1 are each amended to read as follows:

(1) School districts shall issue diplomas to students signifying graduation from high school upon the students' satisfactory completion of all local and state graduation requirements. Districts shall grant students the option of receiving a final transcript in addition to the regular diploma. Students who satisfactorily complete all local and state graduation requirements except the certificate of academic achievement under RCW 28A.655.061 or the certificate of individual achievement under RCW 28A.155.045 may participate in high school graduation ceremonies.

(2) School districts or schools of attendance shall establish policies and procedures to notify senior students of the transcript option and shall direct students to indicate their decisions in a timely manner. School districts shall make appropriate provisions to assure that students who choose to receive a copy of their final transcript shall receive such transcript after graduation.

(3)(a) A school district may issue a high school diploma to a person who:

(i) Is an honorably discharged member of the armed forces of the United States;

(ii) Was scheduled to graduate from high school in the years 1940 through 1955; and

(iii) Left high school before graduation to serve in World War II or the Korean conflict.

(b) A school district may issue a diploma to or on behalf of a person otherwise eligible under (a) of this subsection notwithstanding the fact that the person holds a high school equivalency certification or is deceased.

(c) The superintendent of public instruction shall adopt a form for a diploma application to be used by a veteran or a person acting on behalf of a deceased veteran under this subsection (3). The superintendent of public instruction shall specify what constitutes acceptable evidence of eligibility for a diploma.

Sec. 6. RCW 28A.655.061 and 2004 c 19 s 101 are each amended to read as follows:

(1) The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and if approved by the legislature pursuant to subsection (11) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning shall earn a

certificate of academic achievement. If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (11) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has retaken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement. The student's transcript shall note whether the certificate of academic achievement was acquired by means of the Washington assessment of student learning or by an alternative assessment.

(4) Beginning with the graduating class of 2010, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) Beginning with the graduating class of 2006, the highest scale score and level achieved in each content area on the high school Washington assessment of student learning shall be displayed on a student's transcript. In addition, beginning with the graduating class of 2008, each student shall receive a scholar's designation on his or her transcript for each content area in which the student achieves level four the first time the student takes that content area assessment.

(8) Beginning in 2006, school districts must make available to students the following options:

(a) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(9) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(10) Subject to available funding, the superintendent shall pilot opportunities for retaking the high school assessment beginning in the 2004-05 school year. Beginning no later than September 2006, opportunities to retake the assessment at least twice a year shall be available to each school district.

(11) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process, for students to demonstrate achievement of the state academic standards.

The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(12) By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations.

(13) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for students as provided in this subsection (13).

(a) Student learning plans are required for eighth through twelfth grade students who were not successful on any or all of the content areas of the Washington assessment for student learning during the previous school year. The plan shall include the courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation. If applicable, the plan shall also include the high school completion option created under section 3 of this act. This requirement shall be phased in as follows:

(i) Beginning no later than the 2004-05 school year ninth grade students as described in this subsection (13)(a) shall have a plan.

(ii) Beginning no later than the 2005-06 school year and every year thereafter eighth grade students as described in this subsection (13)(a) shall have a plan.

(iii) The parent or guardian shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was unsuccessful, strategies to help them improve their student's skills, and the content of the student's plan.

(iv) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary.

(b) Beginning with the 2005-06 school year and every year thereafter, all fifth grade students who were not successful in one or more of the content areas of the fourth grade Washington assessment of student learning shall have a student learning plan.

(i) The parent or guardian of a student described in this subsection (13)(b) shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was unsuccessful, and provide strategies to help them improve their student's skills.

(ii) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary.

Sec. 7. RCW 28B.15.520 and 1993 sp.s. c 18 s 16 are each amended to read as follows:

The motion by Senator McAuliffe carried and the committee striking amendment was not adopted by voice vote.

MOTION

Senator McAuliffe moved that the following striking amendment by Senators McAuliffe and Schmidt be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the goal of Washington's education reform is for all students to meet rigorous academic standards so that they are prepared for success in college, work, and life. Educators know that not all students learn at the same rate or in the same way. Some students will take longer to meet the state's standards for high school graduation. Older students who cannot graduate with their peers need an appropriate learning environment and flexible programming that enables them simultaneously to earn a diploma, work, and pursue other training options. Providing learning options in locations in addition to high schools will encourage older students to complete their diplomas. The legislature further finds that the state's commitment to providing a basic education for all public school students under the age of twenty-one should continue until a student earns a diploma. Therefore the legislature intends to expand high school completion programs at community and technical colleges for older students who have not yet received a diploma but are eligible for state basic education support.

Sec. 2. RCW 28B.50.535 and 1991 c 238 s 58 are each amended to read as follows:

A community or technical college may issue a high school diploma or certificate, subject to rules (~~and regulations promulgated~~) adopted by the superintendent of public instruction and the state board of education.

NEW SECTION. Sec. 3. A new section is added to chapter 28B.50 RCW to read as follows:

(1) In accordance with this section, each community or technical college shall make available courses or a program of study, on the college campus, designed to enable students under the age of twenty-one who have completed all state and local high school graduation requirements except the certificate of academic achievement or certificate of individual achievement to complete their high school education and obtain a high school diploma.

(a) Colleges may make courses or programs under this section available by entering into contracts with local school districts to deliver the courses or programs. Colleges that offer courses or programs under contract shall be reimbursed for each enrolled eligible student as provided in the contract, and the high school diploma shall be issued by the local school district;

(b) Colleges may deliver courses or programs under this section directly. Colleges that deliver courses or programs directly shall be reimbursed for each enrolled eligible student as provided in section 4 of this act, and the high school diploma shall be issued by the college; or

FIFTY-SEVENTH DAY, MARCH 6, 2006

2006 REGULAR SESSION

(c) Colleges may make courses or programs under this section available through a combination of contracts with local school districts, collaboration with educational service districts, and direct service delivery. Colleges may also make courses or programs under this section available for students at locations in addition to the college campus but not on a high school campus.

(2) Regardless of the service delivery method chosen, colleges shall ensure that all eligible students have an opportunity to enroll in a course or program under this section.

(3) Colleges shall not require students enrolled under this section to pay tuition or services and activities fees, however this waiver of tuition and services and activities fees shall be in effect only for those courses that lead to a high school diploma.

(4) Nothing in this section or section 4 of this act precludes a community or technical college from offering courses or a program of study for students other than eligible students as defined by section 4 of this act to obtain a high school diploma, nor is intended to restrict diploma completion programs offered by school districts or educational service districts. Community and technical colleges and school districts are encouraged to consult with educational service districts in the development and delivery of programs and courses required under this section.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.600 RCW to read as follows:

(1) For purposes of this section and section 3 of this act, "eligible student" means a student who has completed all state and local high school graduation requirements except the certificate of academic achievement under RCW 28A.655.061 or the certificate of individual achievement under RCW 28A.155.045, and who is less than age twenty-one as of September 1st of the academic year the student enrolls at a community and technical college under this section.

(2) An eligible student may enroll in courses or a program of study made available by a community or technical college under section 3 of this act for the purpose of obtaining a high school diploma.

(3) For eligible students in courses or programs delivered directly by the community or technical college under section 3 of this act and only for enrollment in courses that lead to a high school diploma, the superintendent of public instruction shall transmit to the college an amount per each full-time equivalent college student at statewide uniform rates. The amount shall be the sum of (a), (b), (c), and (d) of this subsection, as applicable.

(a) The superintendent shall separately calculate and allocate moneys appropriated for basic education under RCW 28A.150.260 for purposes of making payments under this section. The calculations and allocations shall be based upon the estimated statewide annual average per full-time equivalent high school student allocations under RCW 28A.150.260, excluding small high school enhancements, and applicable rules adopted under chapter 34.05 RCW.

(b) The superintendent shall allocate an amount equal to the per funded student state allocation for the learning assistance program under chapter 28A.165 RCW for each full-time equivalent college student or a pro rata amount for less than full-time enrollment.

(c) The superintendent shall allocate an amount equal to the per full-time equivalent student allocation for the student achievement program under RCW 28A.505.210 for each full-time equivalent college student or a pro rata amount for less than full-time enrollment.

(4) School districts and the state board for community and technical colleges shall report no student for more than 1.0 full-time equivalent combining both their high school enrollment and instruction in the college program offered for students

meeting all graduation requirements except the certificate of academic achievement or certificate of individual achievement.

(5) The superintendent may adopt rules establishing enrollment reporting, recordkeeping, and accounting requirements necessary to ensure accountability for the use of basic education, learning assistance, and transitional bilingual program funds under this section.

(6) All school districts shall provide information about the high school completion option under section 3 of this act to students in grades ten, eleven, and twelve and the parents or guardians of those students.

Sec. 5. RCW 28A.230.120 and 2003 c 234 s 1 are each amended to read as follows:

(1) School districts shall issue diplomas to students signifying graduation from high school upon the students' satisfactory completion of all local and state graduation requirements. Districts shall grant students the option of receiving a final transcript in addition to the regular diploma. Each district must adopt a policy regarding whether students who satisfactorily complete all local and state graduation requirements except the certificate of academic achievement under RCW 28A.655.061 or the certificate of individual achievement under RCW 28A.155.045 may participate in high school graduation ceremonies.

(2) School districts or schools of attendance shall establish policies and procedures to notify senior students of the transcript option and shall direct students to indicate their decisions in a timely manner. School districts shall make appropriate provisions to assure that students who choose to receive a copy of their final transcript shall receive such transcript after graduation.

(3)(a) A school district may issue a high school diploma to a person who:

(i) Is an honorably discharged member of the armed forces of the United States;

(ii) Was scheduled to graduate from high school in the years 1940 through 1955; and

(iii) Left high school before graduation to serve in World War II or the Korean conflict.

(b) A school district may issue a diploma to or on behalf of a person otherwise eligible under (a) of this subsection notwithstanding the fact that the person holds a high school equivalency certification or is deceased.

(c) The superintendent of public instruction shall adopt a form for a diploma application to be used by a veteran or a person acting on behalf of a deceased veteran under this subsection (3). The superintendent of public instruction shall specify what constitutes acceptable evidence of eligibility for a diploma.

Sec. 6. RCW 28A.655.061 and 2004 c 19 s 101 are each amended to read as follows:

(1) The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and if approved by the legislature pursuant to subsection (11) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

FIFTY-SEVENTH DAY, MARCH 6, 2006

2006 REGULAR SESSION

(3) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning shall earn a certificate of academic achievement. If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (11) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has retaken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement. The student's transcript shall note whether the certificate of academic achievement was acquired by means of the Washington assessment of student learning or by an alternative assessment.

(4) Beginning with the graduating class of 2010, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(7) Beginning with the graduating class of 2006, the highest scale score and level achieved in each content area on the high school Washington assessment of student learning shall be displayed on a student's transcript. In addition, beginning with the graduating class of 2008, each student shall receive a scholar's designation on his or her transcript for each content area in which the student achieves level four the first time the student takes that content area assessment.

Beginning no later than September 2006, opportunities to retake the assessment at least twice a year shall be available to each school district.

to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(12) By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations.

(13) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for students as provided in this subsection (13).

(a) Student learning plans are required for eighth through twelfth grade students who were not successful on any or all of the content areas of the Washington assessment for student learning during the previous school year. The plan shall include the courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation. If applicable, the plan shall also include the high school completion option created under section 3 of this act. This requirement shall be phased in as follows:

POINT OF INQUIRY

Senator Roach: "Would the Senator from the First District yield to a question? I just want to make sure that I fully understand this, maybe preference my question by this statement. Most people understand that students that go on to the community colleges, fifty to sixty percent of them, if not more, have to be enrolled in at least one remedial class, whether that's something to do with writing and reading or math and so we are right now graduating students that don't meet some of those requirements. These students are required to pay tuition for these classes so....."

REMARKS BY THE PRESIDENT

President Owen: "Senator Roach, you're making a speech, do you have a question, Senator Roach?"

FIFTY-SEVENTH DAY, MARCH 6, 2006

Senator Roach: "Yes, I do Mr. President, but I needed to put the question into context. So, on page two of the bill, section three, colleges shall not require students enrolled under this section to pay tuition or services and activity fees.' So, the question I have is then, would this, individuals who then go to the college right now, the sixty percent that have to be enrolled in remedial class, would those be the same remedial classes and would in fact we allow what they had to pay for before is now going to be essentially a transfer out of the K-12 system?"

Senator McAuliffe: "Senator, this a high school completion program designed to help the student demonstrate they have the skills and knowledge necessary to receive a diploma that today demands a certificate of academic achievement be obtained. That is what the high school completion program will be, this is not about taking community college courses. If they were to take a community college course at the same time they were under high school completion, they would have to pay for that themselves."

The President declared the question before the Senate to be the final passage of Engrossed Second Substitute House Bill No. 2582.

POINT OF ORDER

Senator Honeyford: "Is this amendment properly before us? It's past cut off and this is a striking amendment."

REPLY BY THE PRESIDENT

President Owen: "Senator, the striking amendment has already been adopted. We are on final passage of Engrossed Second Substitute House Bill No. 2582. We are on final passage of the bill."

POINT OF ORDER

Senator Honeyford: "Well, then is the bill properly before us as it was amended?"

MOTION

On motion of Senator Eide, further consideration of Engrossed Second Substitute House Bill No. 2582 was deferred and the bill held its place on the third reading calendar.

MOTION

On motion of Senator Eide, the Senate reverted to the fourth order of business.

(3) The manufacturers participating in an approved plan are responsible for covering all administrative and operational costs associated with the collection, transportation, and recycling of their plan's equivalent share of covered electronic products. If costs are passed on to consumers, it must be done without any fees at the time the unwanted electronic product is delivered or collected for recycling. However, this does not prohibit collectors providing premium or curbside services from charging customers a fee for the additional collection cost of providing this service, when funding for collection provided by an independent plan or the standard plan does not fully cover the cost of that service.

(4) Nothing in this chapter changes or limits the authority of the Washington utilities and transportation commission to regulate collection of solid waste in the state of Washington, including curbside collection of residential recyclable materials, nor does this chapter change or limit the authority of a city or town to provide such service itself or by contract pursuant to RCW 81.77.020.

(4) The registration must include the following information:

(a) The name and contact information of the manufacturer submitting the registration;

(b) The manufacturer's brand names of covered electronic products, including all brand names sold in the state in the past, all brand names currently being sold in the state, and all brand names for which the manufacturer has legal responsibility under section 10 of this act;

(5) The registrant shall submit any changes to the information provided in the registration to the department within fourteen days of such change.

(6) The department shall identify, using all reasonable means, manufacturers that are in business or that are no longer in business but that have a successor in interest by examining best available return share data and other pertinent data. The department shall notify manufacturers that have been identified and for whom an address has been found of the requirements of this chapter, including registration and plan requirements under this section and section 5 of this act.

NEW SECTION. Sec. 5. (1) A manufacturer must participate in the standard plan administered by the authority, unless the manufacturer obtains department approval for an independent plan for the collection, transportation, and recycling of unwanted electronic products.

2006 REGULAR SESSION

(2) An independent plan may be submitted by an individual manufacturer or by a group of manufacturers, provided that:

(a) Each independent plan represents at least a five percent return share of covered electronic products; and

(b) No manufacturer may participate in an independent plan if it is a new entrant or a white box manufacturer.

(3) An individual manufacturer submitting an independent plan to the department is responsible for collecting, transporting, and recycling its equivalent share of covered electronic products.

(4)(a) Manufacturers collectively submitting an independent plan are responsible for collecting, transporting, and recycling the sum of the equivalent shares of each participating manufacturer.

(b) Each group of manufacturers submitting an independent plan must designate a party authorized to file the plan with the department on their behalf. A letter of certification from each of the manufacturers designating the authorized party must be submitted to the department together with the plan.

(5) Each manufacturer in the standard plan or in an independent plan retains responsibility and liability under this chapter in the event that the plan fails to meet the manufacturer's obligations under this chapter.

NEW SECTION. Sec. 6. (1) All initial independent plans and the initial standard plan required under section 5 of this act must be submitted to the department by February 1, 2008. The department shall review each independent plan and the standard plan.

(2) The authority submitting the standard plan and each authorized party submitting an independent plan to the department must pay a fee to the department to cover the costs of administering and implementing this chapter. The department shall set the fees as described under section 23 of this act.

(3) The fees in subsection (2) of this section apply to the initial plan submission and plan updates and revisions required in section 7 of this act.

(4) Within ninety days after receipt of a plan, the department shall determine whether the plan complies with this chapter. If the plan is approved, the department shall send a letter of approval. If a plan is rejected, the department shall provide the reasons for rejecting the plan to the authority or authorized party. The authority or authorized party must submit a new plan within sixty days after receipt of the letter of disapproval.

(5) An independent plan and the standard plan must contain the following elements:

(a) Contact information for the authority or authorized party and a comprehensive list of all manufacturers participating in the plan and their contact information;

(ii) Fairly compensate collectors for providing collection services; and

(iii) Fairly compensate processors for providing processing services;

(c) The method or methods for the reasonably convenient collection of all product types of covered electronic products in rural and urban areas throughout the state, including how the plan will provide for collection services in each county of the state and for a minimum of one collection site or alternate collection service for each city or town with a population greater than ten thousand. A collection site for a county may be the same as a collection site for a city or town in the county;

(d) A description of how the plan will provide service to small businesses, small governments, charities, and school districts in Washington;

FIFTY-SEVENTH DAY, MARCH 6, 2006

2006 REGULAR SESSION

(f) Documentation of audits of each processor used in the plan and compliance with processing standards established under sections 25 and 26 of this act;

(g) A description of the accounting and reporting systems that will be employed to track progress toward the plan's equivalent share;

(h) A timeline describing startup, implementation, and progress towards milestones with anticipated results;

(i) A public information campaign to inform consumers about how to recycle their covered electronic products at the end of the product's life; and

(j) A description of how manufacturers participating in the plan will communicate and work with processors utilized by that plan to promote and encourage design of electronic products and their components for recycling.

(6) The standard plan shall address how it will incorporate and fairly compensate registered collectors providing curbside or premium services such that they are not compensated at a lower rate for collection costs than the compensation offered other collectors providing drop-off collection sites in that geographic area.

(7) All transporters, collectors, and processors used to fulfill the requirements of this section must be registered as described in section 24 of this act.

NEW SECTION. Sec. 7. (1) An independent plan and the standard plan must be updated at least every five years and as required in (a) and (b) of this subsection.

(a) If the program fails to provide service in each county in the state or meet other plan requirements, the authority or authorized party shall submit to the department within sixty days of failing to provide service an updated plan addressing how the program will be adjusted to meet the program geographic coverage and collection service requirements established in section 9 of this act.

(b) The authority or authorized party shall notify the department of any modification to the plan. If the department determines that the authority or authorized party has significantly modified the program described in the plan, the authority or authorized party shall submit a revised plan describing the changes to the department within sixty days of notification by the department.

(2) Within sixty days after receipt of a revised plan, the department shall determine whether the revised plan complies with this chapter. If the revised plan is approved, the department shall send a letter of approval. If the revised plan is rejected, the department shall provide the reasons for rejecting the plan to the authority or authorized party. The authority or authorized party must submit a new plan revision within sixty days after receipt of the letter of disapproval.

(3) The authority or authorized parties may buy and sell collected covered electronic products with other programs without submitting a plan revision for review.

NEW SECTION. Sec. 8. (1) A manufacturer participating in an independent plan may join the standard plan by notifying the authority and the department of its intention at least five months prior to the start of the next program year.

(2) Manufacturers may not change from one plan to another plan during a program year.

(3) A manufacturer participating in the standard plan wishing to implement or participate in an independent plan may do so by complying with rules adopted by the department under section 23 of this act.

NEW SECTION. Sec. 9. (1) A program must provide collection services for covered electronic products of all product types that are reasonably convenient and available to all citizens of the state residing within its geographic boundaries, including both rural and urban areas. Each program must provide

collection service in every county of the state. A program may provide collection services jointly with another plan or plans.

(a) For any city or town with a population of greater than ten thousand, each program shall provide a minimum of one collection site or alternate collection service described in subsection (3) of this section or a combination of sites and alternate service that together provide at least one collection opportunity for all product types. A collection site for a county may be the same as a collection site for a city or town in the county.

(b) Collection sites may include electronics recyclers and repair shops, recyclers of other commodities, reuse organizations, charities, retailers, government recycling sites, or other suitable locations.

(c) Collection sites must be staffed, open to the public at a frequency adequate to meet the needs of the area being served, and on an on-going basis.

(2) A program may limit the number of covered electronic products or covered electronic products by product type accepted per customer per day or per delivery at a collection site or service. All covered entities may use a collection site as long as the covered entities adhere to any restrictions established in the plans.

(3) A program may provide collection services in forms different than collection sites, such as curbside services, if those alternate services provide equal or better convenience to citizens and equal or increased recovery of unwanted covered electronic products.

(4) For rural areas without commercial centers or areas with widely dispersed population, a program may provide collection at the nearest commercial centers or solid waste sites, collection events, mail-back systems, or a combination of these options.

(5) For small businesses, small governments, charities, and school districts that may have large quantities of covered electronic products that cannot be handled at collection sites or curbside services, a program may provide alternate services. At a minimum, a program must provide for processing of these large quantities of covered electronic products at no charge to the small businesses, small governments, charities, and school districts.

NEW SECTION. Sec. 10. Any person acquiring a manufacturer, or who has acquired a manufacturer, shall have all responsibility for the acquired company's covered electronic products, including covered electronic products manufactured prior to the effective date of this section, unless that responsibility remains with another entity per the purchase agreement and the acquiring manufacturer provides the department with a letter from the other entity accepting responsibility for the covered electronic products. Cobranding manufacturers may negotiate with retailers for responsibility for those products and must notify the department of the results of their negotiations.

NEW SECTION. Sec. 11. (1) An independent plan and the standard plan must implement and finance an auditable, statistically significant sampling of covered electronic products entering its program every program year. The information collected must include a list of the brand names of covered electronic products by product type, the number of covered electronic products by product type, the weight of covered electronic products that are identified for each brand name or that lack a manufacturer's brand, the total weight of the sample by product type, and any additional information needed to assign return share.

(2) The sampling must be conducted in the presence of the department or a third-party organization approved by the department. The department may, at its discretion, audit the methodology and the results.

(3) After the fifth program year, the department may reassess the sampling required in this section. The department may adjust the frequency at which manufacturers must implement the sampling or may adjust the frequency at which

FIFTY-SEVENTH DAY, MARCH 6, 2006

manufacturers must provide certain information from the sampling. Prior to making any changes, the department shall notify the public, including all registered manufacturers, and provide a comment period. The department shall notify all registered manufacturers of any such changes.

NEW SECTION. Sec. 12. (1) An independent plan and the standard plan must inform covered entities about where and how to reuse and recycle their covered electronic products at the end of the product's life, including providing a web site or a toll-free telephone number that gives information about the recycling program in sufficient detail to educate covered entities regarding how to return their covered electronic products for recycling.

(2) The department shall promote covered electronic product recycling by:

(a) Posting information describing where to recycle unwanted covered electronic products on its web site;

(b) Providing information about recycling covered electronic products through a toll-free telephone service; and

(4) A retailer who sells new covered electronic products shall provide information to consumers describing where and how to recycle covered electronic products and opportunities and locations for the convenient collection or return of the products. This requirement can be fulfilled by providing the department's toll-free telephone number and web site. Remote sellers may include the information in a visible location on their web site as fulfillment of this requirement.

(5) Manufacturers, state government, local governments, retailers, and collection sites and services shall collaborate in the development and implementation of the public information campaign.

NEW SECTION. Sec. 13. (1) The electronic products recycling account is created in the custody of the state treasurer. Any moneys collected for manufacturer registration fees, fees associated with reviewing and approving plans and plan revisions, and penalties levied under this chapter shall be deposited into the account.

(2) Only the director of the department or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(3) Moneys in the account may be used solely by the department for the purposes of fulfilling department responsibilities specified in this chapter and for expenditures to the authority and authorized parties resulting from plans exceeding their equivalent share, as described in section 22 of this act. Funds in the account may not be diverted for any purpose or activity other than those specified in this section.

The report must also include a list of subcontractors who further processed or recycled unwanted covered electronic products, electronic components, or electronic scrap described in section 26(1) of this act, including facility locations;

(d) Other documentation as established under section 26(3) of this act;

(e) Educational and promotional efforts that were undertaken;

(f) The results of sampling and sorting as required in section 11 of this act, including a list of the brand names of covered electronic products by product type, the number of covered electronic products by product type, the weight of covered electronic products that are identified for each brand name or that lack a manufacturer's brand, and the total weight of the sample by product type;

(g) The list of manufacturers that are participating in the standard plan; and

(h) Any other information deemed necessary by the department.

(3) The department shall review each report within ninety days of its submission and shall notify the authority or authorized party of any need for additional information or documentation, or any deficiency in its program.

NEW SECTION. Sec. 15. Nonprofit charitable organizations that qualify for a taxation exemption under section 501(c)(3) of the internal revenue code of 1986 (26 U.S.C. Sec. 501(c)(3)) that are primarily engaged in the business of reuse and resale and that are used by a plan to collect covered electronic products shall file a report with the department by March 1st of the second program year and each program year thereafter. The report must indicate and document the weight of covered electronic products sent for recycling during the previous program year attributed to each plan that the charitable organization is participating in.

NEW SECTION. Sec. 16. (1) Beginning January 1, 2007, no person may sell or offer for sale an electronic product to any person in the state unless the electronic product is labeled with the manufacturer's brand. The label must be permanently affixed and readily visible.

(2) In-state retailers in possession of unlabeled products on January 1, 2007, may exhaust their stock through sales to the public.

NEW SECTION. Sec. 17. No person may sell or offer for sale a covered electronic product to any person in this state unless the manufacturer of the covered electronic product has filed a registration with the department under section 4 of this act and is participating in an approved plan under section 5 of this act. A person that sells or offers for sale a covered electronic product in the state shall consult the department's web site for lists of manufacturers with registrations and approved plans prior to selling a covered electronic product in the state. A person is considered to have complied with this section if on the date the product was ordered from the manufacturer or its agent, the manufacturer was listed as having registered and having an approved plan on the department's web site.

FIFTY-SEVENTH DAY, MARCH 6, 2006

2006 REGULAR SESSION

NEW SECTION. Sec. 18. (1) The department shall maintain on its web site the following information:

(a) The names of the manufacturers and the manufacturer's brands that are registered with the department under section 4 of this act;

(b) The names of the manufacturers and the manufacturer's brands that are participating in an approved plan under section 5 of this act;

(c) The names and addresses of the collectors and transporters that are listed in registrations filed with the department under section 24 of this act;

(d) The names and addresses of the processors used to fulfill the requirements of the plans;

(e) Return and equivalent shares for all manufacturers.

(2) The department shall update this web site information promptly upon receipt of a registration or a report.

NEW SECTION. Sec. 19. (1) The department shall determine the return share for each manufacturer in the standard plan or an independent plan by dividing the weight of covered electronic products identified for each manufacturer by the total weight of covered electronic products identified for all manufacturers in the standard plan or an independent plan, then multiplying the quotient by one hundred.

(2) For the first program year, the department shall determine the return share for such manufacturers using all reasonable means and based on best available information regarding return share data from other states and other pertinent data.

(3) For the second and each subsequent program year, the department shall determine the return share for such manufacturers using all reasonable means and based on the most recent sampling of covered electronic products conducted in the state under section 11 of this act.

NEW SECTION. Sec. 20. (1) The department shall determine the total equivalent share for each manufacturer in the standard plan or an independent plan by dividing the return share percentage for each manufacturer by one hundred, then multiplying the quotient by the total weight in pounds of covered electronic products collected for that program year, allowing as needed for the additional credit authorized in subsection (3) of this section.

(2)(a) By June 1st of each program year, the department shall notify each manufacturer of the manufacturer's equivalent share of covered electronic products to be applied to the previous program year. The department shall also notify each manufacturer of how its equivalent share was determined.

(b) By June 1st of each program year, the department shall bill any authorized party or authority that has not attained its plan's equivalent share as determined under section 22 of this act. The authorized party or authority shall remit payment to the department within sixty days from the billing date.

(c) By September 1st of each program year, the department shall pay any authorized party or authority that exceeded its plan's equivalent share.

(3) Plans that utilize the collection services of nonprofit charitable organizations that qualify for a taxation exemption under section 501(c)(3) of the internal revenue code of 1986 (26 U.S.C. Sec. 501(c)(3)) that are primarily engaged in the business of reuse and resale must be given an additional five percent credit to be applied toward a plan's equivalent share for pounds that are received for recycling from those organizations. The department may adjust the percentage of credit annually.

NEW SECTION. Sec. 21. (1) By June 1, 2007, the department shall notify each manufacturer of its preliminary return share of covered electronic products for the first program year.

(2) Preliminary return share of covered electronic products must be announced annually by June 1st of each program year for the next program year.

(3) Manufacturers may challenge the preliminary return share by written petition to the department. The petition must

be received by the department within thirty days of the date of publication of the preliminary return shares.

(4) The petition must contain a detailed explanation of the grounds for the challenge, an alternative calculation, and the basis for such a calculation, documentary evidence supporting the challenge, and complete contact information for requests for additional information or clarification.

(5) Sixty days after the publication of the preliminary return share, the department shall make a final decision on return share, having fully taken into consideration any and all challenges to its preliminary calculations.

(6) A written record of challenges received and a summary of the bases for the challenges, as well as the department's response, must be published at the same time as the publication of the final return share.

(7) By August 1, 2007, the department shall publish the final return shares for the first program year. By August 1st of each program year, the department shall publish the final return shares for use in the coming program year.

NEW SECTION. Sec. 22. (1) For an independent plan and the standard plan, if the total weight in pounds of covered electronic products collected during a program year is less than the plan's equivalent share of covered electronic products for that year, then the authority or authorized party shall submit to the department a payment equal to the weight in pounds of the deficit multiplied by the reasonable collection, transportation, and recycling cost for covered electronic products and an administrative fee. Moneys collected by the department must be deposited in the electronic products recycling account.

(2) For an independent plan and the standard plan, if the total weight in pounds of covered electronic products collected during a program year is more than the plan's equivalent share of covered electronic products for that year, then the department shall submit to the authority or authorized party, a payment equal to the weight in pounds of the surplus multiplied by the reasonable collection, transportation, and recycling cost for covered electronic products.

(3) For purposes of this section, the initial reasonable collection, transportation, and recycling cost for covered electronic products is forty-five cents per pound and the administrative fee is five cents per pound.

(4) The department may annually adjust the reasonable collection, transportation, and recycling cost for covered electronic products and the administrative fee described in this section. Prior to making any changes in the fees described in this section, the department shall notify the public, including all registered manufacturers, and provide a comment period. The department shall notify all registered manufacturers of any changes to the reasonable collection, transportation, and recycling cost or the administrative fee by January 1st of the program year in which the change is to take place.

NEW SECTION. Sec. 23. (1) The department shall adopt rules to determine the process for manufacturers to change plans under section 8 of this act.

(2) The department shall establish annual registration and plan review fees for administering this chapter. An initial fee schedule must be established by rule and be adjusted no more often than once every two years. All fees charged must be based on factors relating to administering this chapter and be based on a sliding scale that is representative of annual sales of covered electronic products in the state. Fees must be established in amounts to fully recover and not to exceed expenses incurred by the department to implement this chapter.

(3) The department shall establish an annual process for local governments and local communities to report their satisfaction with the services provided by plans under this chapter. This information must be used by the department in reviewing plan updates and revisions.

(4) The department may adopt rules as necessary for the purpose of implementing, administering, and enforcing this chapter.

FIFTY-SEVENTH DAY, MARCH 6, 2006

2006 REGULAR SESSION

NEW SECTION. Sec. 24. (1) Each collector and transporter of covered electronic products in the state must register annually with the department. The registration must include all identification requirements for licensure in the state and the geographic area of the state that they serve. The department shall develop a single form for registration of both collectors and transporters.

NEW SECTION. Sec. 25. (1) The authority and each authorized party shall ensure that each processor used directly by the authority or the authorized party to fulfill the requirements of their respective standard plan or independent plan has provided the authority or the authorized party a written statement that the processor will comply with the requirements of this section and section 26 of this act.

(2) The department shall establish by rule performance standards for environmentally sound management for processors directly used to fulfill the requirements of an independent plan or the standard plan. Performance standards may include financial assurance to ensure proper closure of facilities consistent with environmental standards.

(3) The department shall establish by rule guidelines regarding nonrecycled residual that may be properly disposed after covered electronic products have been processed.

(4) The department may audit processors that are utilized to fulfill the requirements of an independent plan or the standard plan.

(5) No plan or program required under this chapter may include the use of federal or state prison labor for processing.

NEW SECTION. Sec. 26. (1) The international export of any unwanted covered electronic products or electronic components or electronic scrap derived from such products destined for disposal or recycling that are capable of leaching lead, cadmium, mercury, hexavalent chromium, or selenium or selenium compounds in concentrations above the limits listed in 40 C.F.R. Sec. 261.24 as of the effective date of this section are prohibited except for exports to:

(a) Countries that are members of the organization for economic cooperation and development;

(b) Countries that are members of the European Union; or

(c) Countries that have entered into an agreement with the United States that allows for such exports.

(2) Any unwanted electronic products or electronic components derived from such products that are capable of leaching lead, cadmium, mercury, hexavalent chromium, or selenium or selenium compounds in concentrations exceeding the levels established in 40 C.F.R. Sec. 261.24 as of the effective date of this section and exported to countries that are not members of the organization for economic cooperation and development or the European Union or with whom the United States has not entered into an agreement for such export for reuse, must be tested and labeled as fully functional or needing only repairs that do not result in the replacement of components capable of leaching these substances in concentrations exceeding the levels established in 40 C.F.R. Sec. 261.24 as of the effective date of this section.

(3) The department shall establish rules to implement this section, including any requirements necessary to ensure that full compliance is adequately documented.

NEW SECTION. Sec. 27. (1) No manufacturer may sell or offer for sale a covered electronic product in or into the state unless the manufacturer of the covered electronic product is participating in an approved plan. The department shall send a written warning to a manufacturer that does not have an approved plan or is not participating in an approved plan as required under section 5 of this act. The written warning must inform the manufacturer that it must participate in an approved

plan within thirty days of the notice. Any violation after the initial written warning shall be assessed a penalty of up to ten thousand dollars for each violation.

(2) If the authority or any authorized party fails to implement their approved plan, the department must assess a penalty of up to five thousand dollars for the first violation along with notification that the authority or authorized party must implement its plan within thirty days of the violation. After thirty days, the authority or any authorized party failing to implement their approved plan must be assessed a penalty of up to ten thousand dollars for the second and each subsequent violation.

(3) Any person that does not comply with manufacturer registration requirements under section 4 of this act, education and outreach requirements under section 12 of this act, reporting requirements under section 14 of this act, labeling requirements under section 16 of this act, retailer responsibility requirements under section 17 of this act, collector or transporter registration requirements under section 24 of this act, or requirements under sections 25 and 26 of this act, must first receive a written warning including a copy of the requirements under this chapter and thirty days to correct the violation. After thirty days, a person must be assessed a penalty of up to one thousand dollars for the first violation and up to two thousand dollars for the second and each subsequent violation.

(4) All penalties levied under this section must be deposited into the electronic products recycling account created under section 13 of this act.

(5) The department shall enforce this section.

NEW SECTION. Sec. 28. (1) By December 31, 2012, the department shall provide a report to the appropriate committees of the legislature that includes the following information:

(a) For each of the preceding program years, the weight of covered electronic products recycled in the state by plan, by county, and in total;

(b) The performance of each plan in meeting its equivalent share, and payments received from and disbursed to each plan from the electronic products recycling account;

(c) A description of the various collection programs used to collect covered electronic products in the state;

(d) An evaluation of how the pounds per capita recycled of covered electronic products in the state compares to programs in other states;

(e) Comments received from local governments and local communities regarding satisfaction with the program, including accessibility and convenience of services provided by the plans;

(f) Recommendations on how to improve the statewide collection, transportation, and recycling system for convenient, safe, and environmentally sound recycling of electronic products; and

(2) By April 1, 2010, the department shall provide a report to the appropriate committees of the legislature regarding the amount of orphan products collected as a percent of the total amount of covered electronic products collected. If the orphan products collected exceed ten percent of the total amount of covered electronic products collected, the department shall report to the appropriate committees of the legislature within ninety days describing the orphan products collected and include recommendations for decreasing the amount of orphan products or alternative methods for financing the collection, transportation, and recycling of orphan products.

NEW SECTION. Sec. 29. (1) The Washington materials management and financing authority is established as a public body corporate and politic, constituting an instrumentality of the

FIFTY-SEVENTH DAY, MARCH 6, 2006

2006 REGULAR SESSION

state of Washington exercising essential governmental functions.

(2) The authority shall plan and implement a collection, transportation, and recycling program for manufacturers that have registered with the department their intent to participate in the standard program as required under section 4 of this act.

(3) Membership in the authority is comprised of registered participating manufacturers. Any registered manufacturer who does not qualify or is not approved to submit an independent plan, or whose independent plan has not been approved by the department, is a member of the authority. All new entrants and white box manufacturers are also members of the authority.

(4) The authority shall act as a business management organization on behalf of the citizens of the state to manage financial resources and contract for services for collection, transportation, and recycling of covered electronic products.

(5) The authority's standard plan is responsible for collecting, transporting, and recycling the sum of the equivalent shares of each participating manufacturer.

(6) The authority shall accept into the standard program covered electronic products from any registered collector who meets the requirements of this chapter. The authority shall compensate registered collectors for the reasonable costs associated with collection, but is not required to compensate nor restricted from compensating the additional collection costs resulting from the additional convenience offered to customers through premium and curbside services.

(7) The authority shall accept and utilize in the standard program any registered processor meeting the requirements of this chapter and any requirements described in the authority's operating plan or through contractual arrangements. Processors utilized by the standard plan shall provide documentation to the authority at least annually regarding how they are meeting the requirements in sections 25 and 26 of this act, including enough detail to allow the standard plan to meet its reporting requirements in section 14(2) (c) and (d), and must submit to audits conducted by or for the authority. The authority shall compensate such processors for the reasonable costs, as determined by the authority, associated with processing unwanted electronic products. Such processors must demonstrate that the unwanted electronic products have been received from registered collectors or transporters, and provide other documentation as may be required by the authority.

(8) Except as specifically allowed in this chapter, the authority shall operate without using state funds or lending the credit of the state or local governments.

(9) The authority shall develop innovative approaches to improve materials management efficiency in order to ensure and increase the use of secondary material resources within the economy.

NEW SECTION. Sec. 30. (1)(a) The authority is governed by a board of directors. The board of directors is comprised of eleven participating manufacturers, appointed by the director of the department. Five board positions are reserved for representatives of the top ten brand owners by return share of covered electronic products, and six board positions are reserved for representatives of other brands, including at least one board position reserved for a manufacturer who is also a retailer selling their own private label. The return share of covered electronic products used to determine the top ten brand owners for purposes of electing the board must be determined by the department by January 1, 2007.

(b) The board must have representation from both television and computer manufacturers.

(2) The board shall select from its membership the chair of the board and such other officers as it deems appropriate.

(3) A majority of the board constitutes a quorum.

(4) The directors of the department of community, trade, and economic development and the department of ecology, and the state treasurer serve as ex officio members. The state agency directors and the state treasurer serving in ex officio

capacity may each designate an employee of their respective departments to act on their behalf in all respects with regard to any matter to come before the authority. Ex officio designations must be made in writing and communicated to the authority director.

(5) The board shall create its own bylaws in accordance with the laws of the state of Washington.

(6) Any member of the board may be removed for misfeasance, malfeasance, or willful neglect of duty after notice and a public hearing, unless the notice and hearing are expressly waived in writing by the affected member.

(7) The members of the board serve without compensation but are entitled to reimbursement, solely from the funds of the authority, for expenses incurred in the discharge of their duties under this chapter.

NEW SECTION. Sec. 31. (1) Manufacturers participating in the standard plan shall pay the authority to cover all administrative and operational costs associated with the collection, transportation, and recycling of covered electronic products within the state of Washington incurred by the standard program operated by the authority to meet the standard plan's equivalent share obligation as described in section 29(5) of this act.

(2) The authority shall assess charges on each manufacturer participating in the standard plan and collect funds from each participating manufacturer for the manufacturer's portion of the costs in subsection (1) of this section. Such apportionment shall be based on return share, market share, or any other equitable method. The authority's apportionment of costs to manufacturers participating in the standard plan may not include nor be based on electronic products imported through the state and subsequently exported outside the state. Charges assessed under this section must not be formulated in such a way as to create incentives to divert imported electronic products to ports or distribution centers in other states. The authority shall adjust the charges to manufacturers participating in the standard plan as necessary in order to ensure that all costs associated with the identified activities are covered.

(3) The authority may require financial assurances or performance bonds for manufacturers participating in the standard plan, including but not limited to new entrants and white box manufacturers, when determining equitable methods for apportioning costs to ensure that the long-term costs for collecting, transporting, and recycling of a covered electronic product are borne by the appropriate manufacturer in the event that the manufacturer ceases to participate in the program.

(4) Nothing in this section authorizes the authority to assess fees or levy taxes directly on the sale or possession of electronic products.

(5) If a manufacturer has not met its financial obligations as determined by the authority under this section, the authority shall notify the department that the manufacturer is no longer participating in the standard plan.

(6) The authority shall submit its plan for assessing charges and apportioning cost on manufacturers participating in the standard plan to the department for review and approval along with the standard plan as provided in section 6 of this act.

(7)(a) Any manufacturer participating in the standard plan may appeal an assessment of charges or apportionment of costs levied by the authority under this section by written petition to the director of the department. The director of the department or the director's designee shall review all appeals within timelines established by the department and shall reverse any assessments of charges or apportionment of costs if the director finds that the authority's assessments or apportionment of costs was an arbitrary administrative decision, an abuse of administrative discretion, or is not an equitable assessment or apportionment of costs. The director shall make a fair and impartial decision based on sound data. If the director of the

FIFTY-SEVENTH DAY, MARCH 6, 2006

department reverses an assessment of charges, the authority must redetermine the assessment or apportionment of costs.

(b) Disputes regarding a final decision made by the director or director's designee may be challenged through arbitration. The director shall appoint one member to serve on the arbitration panel and the challenging party shall appoint one other. These two persons shall choose a third person to serve. If the two persons cannot agree on a third person, the presiding judge of the Thurston county superior court shall choose a third person. The decision of the arbitration panel shall be final and binding, subject to review by the superior court solely upon the question of whether the decision of the panel was arbitrary or capricious.

NEW SECTION. Sec. 32. (1) The authority shall use any funds legally available to it for any purpose specifically authorized by this chapter to:

(a) Contract and pay for collecting, transporting, and recycling of covered electronic products and education and other services as identified in the standard plan;

(b) Pay for the expenses of the authority including, but not limited to, salaries, benefits, operating costs and consumable supplies, equipment, office space, and other expenses related to the costs associated with operating the authority;

(c) Pay into the electronic products recycling account amounts billed by the department to the authority for any deficit in reaching the standard plan's equivalent share as required under section 22 of this act; and

(d) Pay the department for the fees for submitting the standard plan and any plan revisions.

(2) If practicable, the authority shall avoid creating new infrastructure already available through private industry in the state.

(3) The authority may not receive an appropriation of state funds, other than:

(a) Funds that may be provided as a one-time loan to cover administrative costs associated with start up of the authority, such as electing the board of directors and conducting the public hearing for the operating plan, provided that no appropriated funds may be used to pay for collection, transportation, or recycling services; and

(b) Funds received from the department from the electronic products recycling account for exceeding the standard plan's equivalent share.

(4) The authority may receive additional sources of funding that do not obligate the state to secure debt.

(5) All funds collected by the authority under this chapter, including interest, dividends, and other profits, are and must remain under the complete control of the authority and its board of directors, be fully available to achieve the intent of this chapter, and be used for the sole purpose of achieving the intent of this chapter.

NEW SECTION. Sec. 33. (1) The board shall adopt a general operating plan of procedures for the authority. The board shall also adopt operating procedures for collecting funds from participating covered electronic manufacturers and for providing funding for contracted services. These operating procedures must be adopted by resolution prior to the authority operating the applicable programs.

(2) The general operating plan must include, but is not limited to: (a) Appropriate minimum reserve requirements to secure the authority's financial stability; (b) appropriate standards for contracting for services; and (c) standards for service.

(3) The board shall conduct at least one public hearing on the general operating plan prior to its adoption. The authority shall provide and make public a written response to all comments received by the public.

(4) The general operating plan must be adopted by resolution of the board. The board may periodically update the general operating plan as necessary, but must update the plan no less than once every four years. The general operating plan or

2006 REGULAR SESSION

updated plan must include a report on authority activities conducted since the commencement of authority operation or since the last reported general operating plan, whichever is more recent, including a statement of results achieved under the purposes of this chapter and the general operating plan. Upon adoption, the authority shall conduct its programs in observance of the objectives established in the general operating plan.

NEW SECTION. Sec. 34. (1) The authority shall employ a chief executive officer, appointed by the board, and a chief financial officer, as well as professional, technical, and support staff, appointed by the chief executive officer, necessary to carry out its duties.

(2) Employees of the authority are not classified employees of the state. Employees of the authority are exempt from state service rules and may receive compensation only from the authority at rates competitive with state service.

(3) The authority may retain its own legal counsel.

(4) The departments of ecology and community, trade, and economic development shall provide staff to assist in the creation of the authority. If requested by the authority, the departments of ecology and community, trade, and economic development shall also provide start-up support staff to the authority for its first twelve months of operation, or part thereof, to assist in the quick establishment of the authority. Staff expenses must be paid through funds collected by the authority and must be reimbursed to the departments from the authority's financial resources within the first twenty-four months of operation.

(5) In addition to accomplishing the activities specifically authorized in this chapter, the authority may:

(a) Maintain an office or offices;

(b) Make and execute all manner of contracts, agreements, and instruments and financing documents with public and private parties as the authority deems necessary, useful, or convenient to accomplish its purposes;

(c) Make expenditures as appropriate for paying the administrative costs and expenses of the authority in carrying out the provisions of this chapter;

(d) Give assistance to private and public bodies contracted to provide collection, transportation, and recycling services by providing information, guidelines, forms, and procedures for implementing their programs;

(e) Delegate, through contract, any of its powers and duties if consistent with the purposes of this chapter; and

(f) Exercise any other power the authority deems necessary, useful, or convenient to accomplish its purposes and exercise the powers expressly granted in this chapter.

NEW SECTION. Sec. 35. This chapter is void if a federal law, or a combination of federal laws, takes effect that establishes a national program for the collection and recycling of covered electronic products that substantially meets the intent of this chapter, including the creation of a financing mechanism for collection, transportation, and recycling of all covered electronic products from households, small businesses, school districts, small governments, and charities in the United States.

NEW SECTION. Sec. 36. A new section is added to chapter 43.19 RCW to read as follows:

(1) The department of general administration shall establish purchasing and procurement policies that establish a preference for electronic products that meet environmental performance standards relating to the reduction or elimination of hazardous materials.

(2) The department of general administration shall ensure that their surplus electronic products, other than those sold individually to private citizens, are managed only by registered transporters and by processors meeting the requirements of sections 25 and 26 of this act.

(3) The department of general administration shall ensure that their surplus electronic products are directed to legal secondary materials markets by requiring a chain of custody

MESSAGE FROM THE HOUSE

March 1, 2006

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6508, with the following amendments {s} 6508-S.E AMH AMH5473.3.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1 The legislature finds that it is in the public interest to establish a market for alternative fuels in Washington. By requiring a growing percentage of our fuel supply to be renewable biofuel that meets appropriate fuel quality standards, we will reduce our dependence on imports of foreign oil, improve the health and quality of life for Washingtonians, and stimulate the creation of a new industry in Washington that benefits our farmers and rural communities. The legislature finds that it is in the public interest for the state to play a central role in spurring the market by purchasing an increasing amount of alternative fuels produced in Washington. The legislature finds that we must act now and that the time available before the requirements of this act take effect is sufficient for feedstock and fuel providers to prepare for successful implementation.

The legislature intends for consumers to have a choice of fuels and to encourage and promote the development, availability, and use of a diversity of renewable fuels and fuel blends ranging from fuels composed of no renewable content to completely renewable fuels.

NEW SECTION. Sec. 2 A new section is added to chapter 19.112 RCW to read as follows:

(1) Special fuel licensees under chapter 82.38 RCW, other than international fuel tax agreement licensees, dyed special fuel users, and special fuel distributors, shall provide evidence to the department of licensing that at least two percent of the total annual diesel fuel sold in Washington is biodiesel fuel, following the earlier of: (a) November 30, 2008; or (b) when a determination is made by the director, published in the Washington State Register, that feedstock grown in Washington state can satisfy a two-percent requirement.

(2) Special fuel licensees under chapter 82.38 RCW, other than international fuel tax agreement licensees, dyed special fuel users, and special fuel distributors, shall provide evidence to the department of licensing that at least five percent of total annual diesel fuel sold in Washington is biodiesel fuel, when the director determines, and publishes this determination in the Washington State Register, that both in-state oil seed crushing capacity and feedstock grown in Washington state can satisfy a three-percent requirement.

(3) The requirements of subsections (1) and (2) of this section shall take effect no sooner than one hundred eighty days after the determination has been published in the Washington State Register.

(4) The director and the director of licensing shall each adopt rules, in coordination with each other, for enforcing and carrying out the purposes of this section.

NEW SECTION. Sec. 3 A new section is added to chapter 19.112 RCW to read as follows:

(1) By December 1, 2008, motor vehicle fuel licensees under chapter 82.36 RCW, other than motor vehicle fuel distributors, shall provide evidence to the department of licensing that at least two percent of total gasoline sold in Washington, measured on a quarterly basis, is denatured ethanol.

(2) If the director of ecology determines that ethanol content greater than two percent of the total gasoline sold in Washington will not jeopardize continued attainment of the federal clean air act's national ambient air quality standard for ozone pollution in Washington and the director of agriculture determines and publishes this determination in the Washington State Register that sufficient raw materials are available within Washington to support economical production of ethanol at higher levels, the director of agriculture may require by rule that licensees provide evidence to the department of licensing that denatured ethanol comprises between two percent and at least ten percent of total gasoline sold in Washington, measured on a quarterly basis.

(3) The requirements of subsections (1) and (2) of this section shall take effect no sooner than one hundred eighty days after the determination has been published in the Washington State Register.

(4) The director and the director of licensing shall each adopt rules, in coordination with each other, for enforcing and carrying out the purposes of this section.

(5) Nothing in this section is intended to prohibit the production, sale, or use of motor fuel for use in federally designated flexibly fueled vehicles capable of using up to eighty-five percent ethanol fuel blends. Nothing in this section is intended to limit the use of high octane gasoline not blended with ethanol for use in aircraft.

NEW SECTION. Sec. 4 A new section is added to chapter 19.112 RCW to read as follows:

The department of licensing shall not publicly release, unless pursuant to an order of a court of competent jurisdiction, information submitted as evidence as required by section 2 or 3 of this act, except information disclosed in aggregate form that does not permit the identification of information related to individual fuel licensees.

Sec. 5 RCW 42.56.270 and 2005 c 274 s 407 are each amended to read as follows:

The following financial, commercial, and proprietary information is exempt from disclosure under this chapter:

(1) Valuable formulae, designs, drawings, computer source code or object code, and research data obtained by any agency within five years of the request for disclosure when disclosure would produce private gain and public loss;

(2) Financial information supplied by or on behalf of a person, firm, or corporation for the purpose of qualifying to submit a bid or proposal for (a) a ferry system construction or repair contract as required by RCW 47.60.680 through 47.60.750 or (b) highway construction or improvement as required by RCW 47.28.070;

(3) Financial and commercial information and records supplied by private persons pertaining to export services provided under chapters 43.163 and 53.31 RCW, and by persons pertaining to export projects under RCW 43.23.035;

(4) Financial and commercial information and records supplied by businesses or individuals during application for loans or program services provided by chapters 43.163, 43.160, 43.330, and 43.168 RCW, or during application for economic development loans or program services provided by any local agency;

(5) Financial information, business plans, examination reports, and any information produced or obtained in evaluating or examining a business and industrial development corporation organized or seeking certification under chapter 31.24 RCW;

(6) Financial and commercial information supplied to the state investment board by any person when the information

(9) Financial and commercial information requested by the public stadium authority from any person or organization that leases or uses the stadium and exhibition center as defined in RCW 36.102.010;

(10) Financial information, including but not limited to account numbers and values, and other identification numbers supplied by or on behalf of a person, firm, corporation, limited liability company, partnership, or other entity related to an application for a liquor license, gambling license, or lottery retail license;

(11) Proprietary data, trade secrets, or other information that relates to: (a) A vendor's unique methods of conducting business; (b) data unique to the product or services of the vendor; or (c) determining prices or rates to be charged for services, submitted by any vendor to the department of social and health services for purposes of the development, acquisition, or implementation of state purchased health care as defined in RCW 41.05.011; ~~(and)~~

(12)(a) When supplied to and in the records of the department of community, trade, and economic development:

(b) When developed by the department of community, trade, and economic development based on information as described in (a)(i) of this subsection, any work product is not exempt from disclosure;

(c) For the purposes of this subsection, "siting decision" means the decision to acquire or not to acquire a site;

(d) If there is no written contact for a period of sixty days to the department of community, trade, and economic development from a person connected with siting, recruitment, expansion, retention, or relocation of that person's business, information described in (a)(ii) of this subsection will be available to the public under this chapter; and

(13) Financial and commercial information provided as evidence to the department of licensing as required by section 2 or 3 of this act, except information disclosed in aggregate form that does not permit the identification of information related to individual fuel licensees.

Sec. 6 RCW 19.112.060 and 1990 c 102 s 7 are each amended to read as follows:

(1)(a) Any person who knowingly violates any provision of this chapter or rules adopted under it is guilty of a misdemeanor and, upon conviction, shall be punished by a fine of not more than one thousand dollars or imprisonment for not more than one year, or both.

(b) The director shall assess a civil penalty ranging from one hundred dollars to ten thousand dollars per occurrence, giving due consideration to the appropriateness of the penalty with respect to the gravity of the violation, and the history of previous violations. 2006 REGULAR SESSION

(2) The penalties in subsection (1)(a) of this section do not apply to violations of sections 2 and 3 of this act.

NEW SECTION. Sec. 7 A new section is added to chapter 19.112 RCW to read as follows:

(1) The director shall adopt rules for maintaining standards for biodiesel fuel or fuel blended with biodiesel fuel by adopting all or part of the standards set forth in the Annual Book of ASTM Standards and supplements, amendments, or revisions thereof, all or part of the standards set forth in the National Institute of Standards and Technology (NIST) Handbook 130, Uniform Laws and Regulations in the areas of legal metrology and engine fuel quality rules, and any supplements, amendments, or revisions thereof, together with applicable federal environmental protection agency standards. The rules shall provide that the biodiesel refiner is responsible for meeting the ASTM standards required by this act when providing biodiesel fuel into the distribution system. If a conflict exists between federal environmental protection agency standards, ASTM standards, or NIST standards, for purposes of uniformity, federal environmental protection agency standards shall take precedence over ASTM and NIST standards. The department of agriculture shall not exceed ASTM standards for diesel.

(2) The rules adopted under subsection (1) of this section shall be updated to provide for fuel stability standards when national or international fuel stability standards have been adopted.

Sec. 8 RCW 19.112.020 and 1990 c 102 s 3 are each amended to read as follows:

(1) This chapter shall be administered by the director or his or her authorized agent. For the purpose of administering this chapter, for motor fuel except biodiesel fuel, the standards set forth in the Annual Book of ASTM Standards and supplements thereto, and revisions thereof, are adopted, together with applicable federal environmental protection agency standards. If a conflict exists between federal environmental protection agency standards, ASTM standards, or state standards, for purposes of uniformity, federal environmental protection agency standards shall take precedence over ASTM standards. Any state standards adopted must be consistent with federal environmental protection agency standards and ASTM standards not in conflict with federal environmental protection agency standards.

(2) The director may establish a fuel testing laboratory or may contract with a laboratory for testing. The director may also adopt rules on false and misleading advertising, labeling and posting of prices, and the standards for, and identity of, motor fuels. The director shall require fuel pumps offering biodiesel and ethanol blends to be identified by a label stating the percentage of biodiesel or ethanol.

(3) The rules adopted under section 7 of this act shall also provide that the diesel refiner is responsible for meeting the ASTM standards required by this act when providing diesel fuel into the distribution system.

NEW SECTION. Sec. 9 A new section is added to chapter 19.112 RCW to read as follows:

The director shall establish a biofuels advisory committee to advise the director on implementing or suspending the minimum renewable fuel content requirements. The committee shall advise the director on applicability to all users; logistical, technical, and economic issues of implementation, including the potential for credit trading, compliance and enforcement provisions, and tracking and reporting requirements; and how the use of renewable fuel blends greater than two percent and renewable fuels other than biodiesel or ethanol could achieve the goals of chapter ..., Laws of 2006 (this act). In addition, the committee shall make recommendations to the legislature and governor on the potential to use alternatives to biodiesel, which are produced from nonpetroleum renewable sources (inclusive of vegetable oils and animal fats), to meet the minimum renewable fuel content requirement. The director shall make

FIFTY-SEVENTH DAY, MARCH 6, 2006

recommendations to the legislature and the governor on the implementation or suspension of chapter . . . , Laws of 2006 (this act) by September 1, 2007.

Sec. 10 RCW 43.19.642 and 2003 c 17 s 2 are each amended to read as follows:

(1) All state agencies are encouraged to use a fuel blend of twenty percent biodiesel and eighty percent petroleum diesel for use in diesel-powered vehicles and equipment.

(2) Effective June 1, 2006, for agencies complying with the ultra-low sulfur diesel mandate of the United States environmental protection agency for on-highway diesel fuel, agencies shall use biodiesel as an additive to ultra-low sulfur diesel for lubricity, provided that the use of a lubricity additive is warranted and that the use of biodiesel is comparable in performance and cost with other available lubricity additives. The amount of biodiesel added to the ultra-low sulfur diesel fuel shall be not less than two percent.

(3) Effective June 1, 2009, state agencies are required to use a minimum of twenty percent biodiesel as compared to total volume of all diesel purchases made by the agencies for the operation of the agencies' diesel-powered vessels, vehicles, and construction equipment.

(4) All state agencies using biodiesel fuel shall, beginning on July 1, 2006, file quarterly reports with the department of general administration documenting the use of the fuel and a description of how any problems encountered were resolved.

NEW SECTION. Sec. 11 A new section is added to chapter 19.112 RCW to read as follows:

The governor, by executive order, may suspend all or portions of the minimum renewable fuel content requirements in section 2 or 3 of this act, or RCW 43.19.642, based on a determination that such requirements are temporarily technically or economically infeasible, or pose a significant risk to public safety.

NEW SECTION. Sec. 12 A new section is added to chapter 43.19 RCW to read as follows:

(1) The department of general administration must assist state agencies seeking to meet the biodiesel fuel requirements in RCW 43.19.642 by coordinating the purchase and delivery of biodiesel if requested by any state agency. The department may use long-term contracts of up to ten years, when purchasing from in-state suppliers who use predominantly in-state feedstock, to secure a sufficient and stable supply of biodiesel for use by state agencies.

(2) The department shall compile and analyze the reports submitted under RCW 43.19.642(4) and report in an electronic format its findings and recommendations to the governor and committees of the legislature with responsibility for energy issues, within sixty days from the end of each reporting period. The governor shall consider these reports in determining whether to temporarily suspend minimum renewable fuel content requirements as authorized under section 11 of this act.

NEW SECTION. Sec. 13 A new section is added to chapter 19.112 RCW to read as follows:

(1) By November 30, 2008, the director shall determine whether the state's diesel fuel supply is comprised of at least ten percent biodiesel made predominantly from Washington feedstock.

(2) By November 30, 2008, the director shall determine whether the state's gasoline fuel supply is comprised of at least twenty percent ethanol made predominantly from Washington feedstock, without jeopardizing continued attainment of the federal clean air act's national ambient air quality standard for ozone pollution.

(3) By December 1, 2008, the director shall notify the governor and the legislature of the findings in subsections (1) and (2) of this section.

(4) If the findings from the director indicate that the goals of subsection (1) or (2) of this section, or both, have been achieved, then the governor shall issue an executive order

2006 REGULAR SESSION

declaring that section 2 or 3 of this act, or both, are no longer applicable.

NEW SECTION. Sec. 14 A new section is added to chapter 19.112 RCW to read as follows:

(2) The director shall report to the governor and the legislature regarding the goals in section 13 of this act by November 30th of the year in which a goal is met.

(3) Following notification under this section that a goal has been met, the governor shall prepare executive request legislation repealing section 2 or 3 of this act, or both, as applicable.

The survey is due by March 31st following any year in which a credit is claimed. The department may extend the due date for timely filing of annual surveys under this section as provided in RCW 82.32.590. The reports shall include a discussion of principles to apply in evaluating whether the legislature should reenact the credit authorized in section 3 of this act.

(6) A person who is subject to the requirements in RCW 82.32.545 is not required to file a complete annual survey under this section if the person timely files the annual report required by RCW 82.32.545.

The department may grant additional extensions as it deems proper.

SUBSTITUTE HOUSE BILL NO. 2155 as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

REPLY BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Honeyford that Engrossed Second Substitute House Bill 2582 is not properly before the body because it is beyond the cutoff dates established by Senate Concurrent Resolution 8414, the President finds and rules as follows:

The plain language of the cutoff resolution clearly exempts budget-related measures from all of the cutoff dates set forth in the resolution. To determine if the measure before us is necessary to implement the budget, the President generally looks first to determine if the mechanics of the bill relate to the budget, and second, whether any budget references the measure itself.

The measure before us relates to high school completion programs. Although an argument can be made that this bill is related to the budget, its substance is in no way crucial to raising or spending money in such a way that it can truly be considered an integral and necessary part of the budget process. And, while it is possible that funding for the bill or its programs will be provided in the budget ultimately enacted, neither the House nor the Senate versions of the budget to date even reference this measure, let alone provide funding for its programs.

2006 REGULAR SESSION

As a result, the President concludes that this measure is not presently necessary for the budget and is beyond the cutoff dates set forth in Senate Concurrent Resolution 8414. For this reason, Senator Honeyford's point is well-taken, and the measure is not properly before the body for its consideration at this time."

MOTION

On motion of Senator Eide, further consideration of Engrossed Second Substitute House Bill No. 2582 was deferred and the bill held its place on the third reading calendar.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Keiser on the scope and object of the House amendment to Senate Bill No. 6366, the President finds and rules as follows. The President finds that the Senate bill sets forth a comprehensive plan for preparing and responding to pandemic influenza. While some of those procedures may be applied to other disease outbreaks and pandemics, the scope of the bill is limited to influenza pandemics.

The House amendment would establish a comprehensive template for preparedness for all pandemic and communicable disease outbreaks. The amendment would also require local health jurisdictions to comply with the same performance measures. This exceeds the scope of the underlying bill which is limited to only addressing an influenza pandemic.

The President, therefore, finds that the amendment does change the scope and object of the bill and the point of order is well taken."

MOTION

On motion of Senator Eide, the Senate reverted to the fourth order of business.

The Senate resumed consideration of Engrossed Substitute Senate Bill No. 6366 which had been deferred earlier in the day.

MOTION

Senator Keiser moved that the Senate refuse to concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 6366 and ask the House to recede therefrom.

Senators Deccio spoke in favor of the motion.

The President declared the question before the Senate to be motion by Senator Keiser that the Senate refuse to concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 6366 and ask the House to recede therefrom.

The motion by Senator Keiser carried and the Senate refused to concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 6366 and asked the House to recede therefrom.

MOTION

On motion of Senator Eide, the Senate advanced to the sixth order of business.

SECOND READING

SECOND SUBSTITUTE HOUSE BILL NO. 2754, by House Committee on Appropriations (originally sponsored by Representatives Morrell, Campbell, Green, Haigh, Appleton, Kilmer, Darneille, Cox, Ormsby, Haler, Chase, P. Sullivan, McCoy, Wallace, Sells, Serben, Curtis, Moeller, Blake, Cody,

2006 REGULAR SESSION

Creating the veterans innovations program.

The measure was read the second time.

MOTION

Senator Jacobsen moved that the following amendment by Senator Jacobsen be adopted.

On page 4, after line 7, insert the following:

"Sec. 9. RCW 70.47.060 and 2004 c 192 s 3 are each amended to read as follows:

The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. In addition, the administrator may, to the extent that funds are available, offer as basic health plan services chemical dependency services, mental health services and organ transplant services; however, no one service or any combination of these three services shall increase the actuarial value of the basic health plan benefits by more than five percent excluding inflation, as determined by the office of financial management. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive covered basic health care services in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.47.030, and such other factors as the administrator deems appropriate.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (11) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (12) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.

(c) To determine the periodic premiums due the administrator from health coverage tax credit eligible enrollees. Premiums due from health coverage tax credit eligible enrollees must be in an amount equal to the cost charged by the managed health care system provider to the state for the plan, plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201. The administrator will consider the impact of eligibility determination by the appropriate federal agency designated by the Trade Act of 2002 (P.L. 107-210) as well as the premium collection and remittance activities by the United States internal revenue service when determining the administrative cost charged for health coverage tax credit eligible enrollees.

(d) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator. The administrator shall establish a mechanism for receiving premium payments from the United States internal revenue service for health coverage tax credit eligible enrollees.

(e) To develop, as an offering by every health carrier providing coverage identical to the basic health plan, as configured on January 1, 2001, a basic health plan model plan with uniformity in enrollee cost-sharing requirements.

(3) To evaluate, with the cooperation of participating managed health care system providers, the impact on the basic health plan of enrolling health coverage tax credit eligible enrollees. The administrator shall issue to the appropriate committees of the legislature preliminary evaluations on June 1, 2005, and January 1, 2006, and a final evaluation by June 1, 2006. The evaluation shall address the number of persons enrolled, the duration of their enrollment, their utilization of covered services relative to other basic health plan enrollees, and the extent to which their enrollment contributed to any change in the cost of the basic health plan.

(4) To end the participation of health coverage tax credit eligible enrollees in the basic health plan if the federal government reduces or terminates premium payments on their behalf through the United States internal revenue service.

(5) To design and implement a structure of enrollee cost-sharing due a managed health care system from subsidized, nonsubsidized, and health coverage tax credit eligible enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(6) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists. Such a closure does not apply to health coverage tax credit eligible enrollees who receive a premium subsidy from the United States internal revenue service as long as the enrollees qualify for the health coverage tax credit program.

(7) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

(8) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(9) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible

FIFTY-SEVENTH DAY, MARCH 6, 2006

2006 REGULAR SESSION

basic health care providers under the plan for subsidized enrollees, nonsubsidized enrollees, or health coverage tax credit eligible enrollees. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(10) To receive periodic premiums from or on behalf of subsidized, nonsubsidized, and health coverage tax credit eligible enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(11) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized, nonsubsidized, or health coverage tax credit eligible enrollees, to give priority to members of the Washington national guard and reserves who served in operation enduring freedom, operation Iraqi freedom, or operation noble eagle, and their spouses and dependents, for enrollment in the Washington basic health plan, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and on a reasonable schedule defined by the authority, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. Funds received by a family as part of participation in the adoption support program authorized under RCW 26.33.320 and 74.13.100 through 74.13.145 shall not be counted toward a family's current gross family income for the purposes of this chapter. When an enrollee fails to report income or income changes accurately, the administrator shall have the authority either to bill the enrollee for the amounts overpaid by the state or to impose civil penalties of up to two hundred percent of the amount of subsidy overpaid due to the enrollee incorrectly reporting income. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to reenroll in the plan.

(12) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator

may require that a business owner pay at least an amount equal to what the employee pays after the state pays its portion of the subsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(13) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same or actuarially equivalent for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(14) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(15) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(16) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(17) To provide, consistent with available funding, assistance for rural residents, underserved populations, and persons of color.

(18) In consultation with appropriate state and local government agencies, to establish criteria defining eligibility for persons confined or residing in government-operated institutions.

(19) To administer the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii) pursuant to a contract with the Washington state health insurance pool."

Remember the remaining sections consecutively and correct internal references accordingly.

MOTION

2006 REGULAR SESSION

Senator Doumit moved that the following striking amendment by Senators Doumit and Prentice be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 41.45 RCW to read as follows:

The pension funding stabilization account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for payment of state government employer contributions for members of the public employees' retirement system, the teachers' retirement system, the school employees' retirement system, and the public safety employees' retirement system. The account may not be used to pay for any new benefit or for any benefit increase that takes effect after July 1, 2005. An increase that is provided in accordance with a formula that is in existence on July 1, 2005, is not considered a benefit increase for this purpose. Moneys in the account shall be for the exclusive use of the specified retirement systems and invested by the state investment board pursuant to RCW 43.33A.030 and 43.33A.170. For purposes of RCW 43.135.035, expenditures from the pension funding stabilization account shall not be considered a state program cost shift from the state general fund to another account.

NEW SECTION. Sec. 2. A new section is added to chapter 41.45 RCW to read as follows:

(1) The state investment board has the full power to invest, reinvest, manage, contract, sell, or exchange investment moneys in the pension funding stabilization account. The pension funding stabilization account shall be considered to be a public pension or retirement fund within the meaning of Article XXIX, section 1 of the state Constitution, for the purpose of determining eligible investments and deposits of the moneys therein. All investment and operating costs associated with the investment of money shall be paid pursuant to RCW 43.33A.160 and 43.84.160. With the exception of these expenses, the earnings from the investment of the money shall be retained by the account.

(2) All investments made by the state investment board shall be made with the exercise of that degree of judgment and care pursuant to RCW 43.33A.140 and the investment policies established by the state investment board.

(3) As deemed appropriate by the state investment board, moneys in the account may be commingled for investment with other funds subject to investment by the board.

NEW SECTION. Sec. 3. A new section is added to chapter 41.45 RCW to read as follows:

(1) It is the intent of the legislature to provide for the systematic funding of the plan 1 unfunded accrued actuarial liabilities in a manner that promotes contribution rate adequacy and stability for the affected systems. The rates established in this section shall be collected in addition to the rates established pursuant to RCW 41.45.062.

(2) Beginning September 1, 2006, a 1.29 percent contribution is established as part of the basic state and employer contribution rate for the teachers' retirement system, to be used for the sole purpose of amortizing the unfunded accrued actuarial liability in the teachers' retirement system plan 1.

(3) Beginning September 1, 2006, a 0.87 percent contribution is established as part of the basic state and employer contribution rate for the school employees' retirement system, to be used for the sole purpose of amortizing the unfunded accrued actuarial liability in the public employees' retirement system plan 1.

(4) Beginning January 1, 2007, a 1.77 percent contribution is established as part of the basic state and employer contribution rate for the public employees' retirement system and the public safety employees' retirement system, to be used

for the sole purpose of amortizing the unfunded accrued actuarial liability in the public employees' retirement system plan 1.

(5) The contribution rates in this section shall be collected through June 30, 2007, for the public employees' retirement system and the public safety employees' retirement system and August 31, 2007, for the teachers' retirement system and the school employees' retirement system.

(6) Upon completion of the 2005 actuarial valuation, the pension funding council and the state actuary shall review the contribution rates for the plan 1 unfunded actuarial accrued liability for fiscal year 2008 and fiscal year 2009 and by September 30, 2006, the pension funding council shall adopt contribution rates to complete the three-year phase-in schedule, adjusted for any material changes in benefits or actuarial assumptions, methods, and experience. The expected present value of projected contributions during the three-year phase-in period shall be the same as the expected present value of projected contributions that would have been collected without the phase-in, as determined by the state actuary and adjusted for any material changes in benefits or actuarial assumptions, methods, or experience.

NEW SECTION. Sec. 4. The sum of three hundred fifty million dollars is appropriated for the fiscal year ending June 30, 2006, from the general fund to the pension funding stabilization account for the purposes of section 1 of this act.

NEW SECTION. Sec. 5. The sum of two hundred million dollars is appropriated for the fiscal year ending June 30, 2006, from the general fund to the health services account for the purposes of providing fiscal stability for the account.

NEW SECTION. Sec. 6. The sum of two hundred seventy-five million dollars is appropriated for the fiscal year ending June 30, 2006, from the general fund to the student achievement fund for the purposes of providing fiscal stability for the fund.

Sec. 7. RCW 43.135.025 and 2000 2nd sp.s. c 2 s 1 are each amended to read as follows:

(1) The state shall not expend from the general fund during any fiscal year state moneys in excess of the state expenditure limit established under this chapter.

(2) Except pursuant to a declaration of emergency under RCW 43.135.035 or pursuant to an appropriation under RCW 43.135.045(4)(b), the state treasurer shall not issue or redeem any check, warrant, or voucher that will result in a state general fund expenditure for any fiscal year in excess of the state expenditure limit established under this chapter. A violation of this subsection constitutes a violation of RCW 43.88.290 and shall subject the state treasurer to the penalties provided in RCW 43.88.300.

(3) The state expenditure limit for any fiscal year shall be the previous fiscal year's state expenditure limit increased by a percentage rate that equals the fiscal growth factor.

(4) For purposes of computing the state expenditure limit for the fiscal year beginning July 1, 1995, the phrase "the previous fiscal year's state expenditure limit" means the total state expenditures from the state general fund, not including federal funds, for the fiscal year beginning July 1, 1989, plus the fiscal growth factor. This calculation is then computed for the state expenditure limit for fiscal years 1992, 1993, 1994, and 1995, and as required under RCW 43.135.035(4).

(5) A state expenditure limit committee is established for the purpose of determining and adjusting the state expenditure limit as provided in this chapter. The members of the state expenditure limit committee are the director of financial management, the attorney general or the attorney general's designee, and the chairs of the senate committee on ways and means and the house of representatives committee on appropriations. All actions of the state expenditure limit committee taken pursuant to this chapter require an affirmative vote of at least three members.

(6) Each November, the state expenditure limit committee shall adjust the expenditure limit for the preceding fiscal year

2006 REGULAR SESSION

based on actual expenditures and known changes in the fiscal growth factor and then project an expenditure limit for the next two fiscal years. In calculating the expenditure limit for fiscal year 2006, the calculation shall be the expenditure limit established by the state expenditure limit committee in November 2005 adjusted as provided by this chapter and adjusted to include the fiscal year 2006 state general fund appropriations to the pension funding stabilization account, the health services account, and the student achievement fund in chapter . . . , Laws of 2006 (this act). If, by November 30th, the state expenditure limit committee has not adopted the expenditure limit adjustment and projected expenditure limit as provided in subsection (5) of this section, the attorney general or his or her designee shall adjust or project the expenditure limit, as necessary.

(7) "Fiscal growth factor" means the average of the sum of inflation and population change for each of the prior three fiscal years.

(8) "Inflation" means the percentage change in the implicit price deflator for the United States for each fiscal year as published by the federal bureau of labor statistics.

(9) "Population change" means the percentage change in state population for each fiscal year as reported by the office of financial management.

Sec. 8. RCW 43.135.035 and 2005 c 72 s 2 are each amended to read as follows:

(1) After July 1, 1995, any action or combination of actions by the legislature that raises state revenue or requires revenue-neutral tax shifts may be taken only if approved by a two-thirds vote of each house, and then only if state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter. However, for legislation enacted between the effective date of this 2005 act and June 30, 2007, any action or combination of actions by the legislature that raises state revenue or requires revenue-neutral tax shifts may be taken with the approval of a majority of members elected to each house, so long as state expenditures in any fiscal year, including the new revenue, will not exceed the state expenditure limits established under this chapter.

(2)(a) If the legislative action under subsection (1) of this section will result in expenditures in excess of the state expenditure limit, then the action of the legislature shall not take effect until approved by a vote of the people at a November general election. The state expenditure limit committee shall adjust the state expenditure limit by the amount of additional revenue approved by the voters under this section. This adjustment shall not exceed the amount of revenue generated by the legislative action during the first full fiscal year in which it is in effect. The state expenditure limit shall be adjusted downward upon expiration or repeal of the legislative action.

(b) The ballot title for any vote of the people required under this section shall be substantially as follows:

"Shall taxes be imposed on in order to allow a spending increase above last year's authorized spending adjusted for inflation and population increases?"

(3)(a) The state expenditure limit may be exceeded upon declaration of an emergency for a period not to exceed twenty-four months by a law approved by a two-thirds vote of each house of the legislature and signed by the governor. The law shall set forth the nature of the emergency, which is limited to natural disasters that require immediate government action to alleviate human suffering and provide humanitarian assistance. The state expenditure limit may be exceeded for no more than twenty-four months following the declaration of the emergency and only for the purposes contained in the emergency declaration.

(b) Additional taxes required for an emergency under this section may be imposed only until thirty days following the next general election, unless an extension is approved at that general election. The additional taxes shall expire upon expiration of the declaration of emergency. The legislature shall not impose

additional taxes for emergency purposes under this subsection unless funds in the education construction fund have been exhausted.

(c) The state or any political subdivision of the state shall not impose any tax on intangible property listed in RCW 84.36.070 as that statute exists on January 1, 1993.

(4) If the cost of any state program or function is shifted from the state general fund on or after January 1, 1993, to another source of funding, or if moneys are transferred from the state general fund to another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall lower the state expenditure limit to reflect the shift. For purposes of this section, expenditures from the pension funding stabilization account shall not be considered a state program cost shift from the state general fund to another account. For the purposes of this section, a transfer of money from the state general fund to another fund or account includes any state legislative action taken that has the effect of reducing revenues from a particular source, where such revenues would otherwise be deposited into the state general fund, while increasing the revenues from that particular source to another state or local government account. This subsection does not apply to the dedication or use of lottery revenues under RCW 67.70.240(3) or property taxes under RCW 84.52.068, in support of education or education expenditures.

(5) If the cost of any state program or function is shifted to the state general fund on or after January 1, 2000, from another source of funding, or if moneys are transferred to the state general fund from another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall increase the state expenditure limit to reflect the shift.

Sec. 9. RCW 43.84.092 and 2005 c 514 s 1105, 2005 c 353 s 3, 2005 c 339 s 22, 2005 c 314 s 109, 2005 c 312 s 7, and 2005 c 94 s 1 are each reenacted and amended to read as follows:

The office of financial management shall determine the amounts due to or from the federal government pursuant to the cash management improvement act. The office of financial management may direct transfers of funds between accounts as deemed necessary to implement the provisions of the cash management improvement act, and this subsection. REMARKS BY QUEEN HAMPTON

Queen Hampton: "Hello, I am the Apple Blossom Queen, Jenny Hampton, and on behalf of Princesses Julie Rice and Liz Speidel, I'd like to thank you for allowing us to be here today. All three of us have looked forward to this trip ever since we were handed our year-long calendar of Apple Blossom events. And no, it's not because we know we'd get to go shopping. That was just an added bonus. It has been such a pleasure meeting so many of you and being able to get an inside look at the political process here in Olympia. Both of my parents have served in the armed forces and when my dad returned from Iraq last year, he would tell me stories about the voting and the purple thumbs and how the people over there were so excited for change and how they began to have hope. Some of the stories that go on in the streets over there are just unbelievable. Stories like that make me so thankful that I live in a country where I don't have to be afraid of road side bombs. Thankful of a government that allows me to freely express my opinions and thankful of it's people who, often times, may be polarized are all fighting for the same thing, that of our natural rights. We may not always agree on how we should go about keeping these freedoms but it's the process of compromise that makes America so great. So, thank you for all that you do. On behalf of the Washington State Apple Blossom Festival, I'd like to officially invite you to take a

FIFTY-EIGHTH DAY, MARCH 7, 2006

walk on Orondo street on Saturday, May 6, to watch the eighty-seventh Apple Blossom Grand Parade. Also join us for any of our other festivities running from April 27 through May 7 and I'm sure we will see all of you there for there are no excuses, it's a bipartisan event. Thank you again for having us here today. Hope you have a wonderful day."

MOTION

On motion of Senator Eide, the Senate reverted to the fourth order of business.

(ii) Growth and transportation efficiency centers certified as consistent with the minimum requirements by the regional transportation planning organization shall be identified in subsequent updates of the regional commute trip reduction plan. These plans shall be developed in collaboration with all affected local jurisdictions, transit agencies, and other interested parties within the region. The plan will be reviewed and approved by commute trip reduction board as established under RCW 70.94.537. Regions without an approved regional commute trip reduction plan shall not be eligible for state commute trip reduction program funds.

The regional commute trip reduction plan shall be consistent with and incorporated into transportation demand management components in the regional transportation plan as required by RCW 47.80.030.

(7) Each (county, city, or town) regional transportation planning organization implementing a regional commute trip reduction program shall, ~~((within thirty days submit a summary~~

~~of its plan along with certification of adoption)) consistent with the rules and deadline established by the department of transportation, submit its plan as well as any related local commute trip reduction plans and certified growth and transportation efficiency center programs, to the commute trip reduction ((task force)) board established under RCW 70.94.537. The commute trip reduction board shall review the regional commute trip reduction plan and the local commute trip reduction plans. The regional transportation planning organization shall collaborate with the commute trip reduction board to evaluate the consistency of local commute trip reduction plans with the regional commute trip reduction plan. Local and regional plans must be approved by the commute trip reduction board in order to be eligible for state funding provided for the purposes of this chapter.~~

(8) Each ~~((county, city, or town))~~ regional transportation planning organization implementing a regional commute trip reduction program shall submit an annual progress report to the commute trip reduction ~~((task force))~~ board established under RCW 70.94.537. The report shall be due ~~((July 1, 1994, and each July 1st thereafter through July 1, 2006))~~ at the end of each state fiscal year for which the program has been implemented. The report shall describe progress in attaining the applicable commute trip reduction goals ~~((for each commute trip reduction zone))~~ and shall highlight any problems being encountered in achieving the goals. The information shall be reported in a form established by the commute trip reduction ~~((task force))~~ board.

(9) Any waivers or modifications of the requirements of a commute trip reduction plan granted by a jurisdiction shall be submitted for review to the commute trip reduction ~~((task force))~~ board established under RCW 70.94.537. The commute trip reduction ~~((task force))~~ board may not deny the granting of a waiver or modification of the requirements of a commute trip reduction plan by a jurisdiction but they may notify the jurisdiction of any comments or objections.

(10) ~~((Each county, city, or town implementing a commute trip reduction program shall count commute trips eliminated through work-at-home options or alternate work schedules as one and two-tenths vehicle trips eliminated for the purpose of meeting trip reduction goals.~~

~~((11)) Each county, city, or town implementing a commute trip reduction program shall ensure that employers that have modified their employees' work schedules so that some or all employees are not scheduled to arrive at work between 6:00 a.m. and 9:00 a.m. are provided credit when calculating single-occupancy vehicle use and vehicle miles traveled at that worksite. This credit shall be awarded if implementation of the schedule change was an identified element in that worksite's approved commute trip reduction program or if the schedule change occurred because of impacts associated with chapter 36.70A RCW, the growth management act.~~

~~((12)) Plans implemented under this section shall not apply to commute trips for seasonal agricultural employees.~~

~~((13)) (11) Plans implemented under this section shall not apply to construction worksites when the expected duration of the construction project is less than two years.~~

~~(12) If an affected urban growth area has not previously implemented a commute trip reduction program, and the state has funded solutions to state highway deficiencies to address the area's exceeding the person hours of delay threshold, the affected urban growth area shall be exempt from the duties of this section for a period not exceeding two years.~~

NEW SECTION. Sec. 3. A new section is added to chapter 70.94 RCW to read as follows:

Nothing in this act preempts the ability of state employees to collectively bargain over commute trip reduction issues, including parking fees under chapter 41.80 RCW, or the ability of private sector employees to collectively bargain over commute trip reduction issues if previously such issues were mandatory subjects of collective bargaining.

NEW SECTION. Sec. 4. A new section is added to chapter 70.94 RCW to read as follows:

(1) A county, city, or town may, as part of its commute trip reduction plan, designate existing activity centers listed in its comprehensive plan or new activity centers as growth and transportation efficiency centers and establish a transportation demand management program in the designated area.

(a) The transportation demand management program for the growth and transportation efficiency center shall be developed in consultation with local transit agencies, the applicable regional transportation planning organization, major employers, and other interested parties.

(b) In order to be eligible for state funding provided for the purposes of this section, designated growth and transportation efficiency centers shall be certified by the applicable regional transportation organization to: (i) Meet the minimum land use and transportation criteria established in collaboration among local jurisdictions, transit agencies, the regional transportation planning organization, and other interested parties as part of the regional commute trip reduction plan; and (ii) have established a transportation demand management program that includes the elements identified in (c) of this subsection and is consistent with the rules established by the department of transportation in RCW 70.94.537(2). If a designated growth and transportation efficiency center is denied certification, the local jurisdiction may appeal the decision to the commute trip reduction board.

(c) Transportation demand management programs for growth and transportation efficiency centers shall include, but are not limited to: (i) Goals for reductions in the proportion of single-occupant vehicle trips that are more aggressive than the state program goal established by the commute trip reduction board; (ii) a sustainable financial plan demonstrating how the program can be implemented to meet state and regional trip reduction goals, indicating resources from public and private sources that are reasonably expected to be made available to carry out the plan, and recommending any innovative financing techniques consistent with chapter 47.29 RCW, including public/private partnerships, to finance needed facilities, services, and programs; (iii) a proposed organizational structure for implementing the program; (iv) a proposal to measure performance toward the goal and implementation progress; and (v) an evaluation to which local land use and transportation policies apply, including parking policies and ordinances, to determine the extent that they complement and support the trip reduction investments of major employers. Each of these program elements shall be consistent with the rules established under RCW 70.94.537.

(d) A designated growth and transportation efficiency center shall be consistent with the land use and transportation elements of the local comprehensive plan.

(e) Transit agencies, local governments, and regional transportation planning organizations shall identify certified growth and transportation efficiency centers as priority areas for new service and facility investments in their respective investment plans.

(2) A county, city, or town that has established a growth and transportation efficiency center program shall support vehicle trip reduction activities in the designated area. The implementing jurisdiction shall adopt policies, ordinances, and funding strategies that will lead to attainment of program goals in those areas.

Sec. 5. RCW 70.94.531 and 1997 c 250 s 3 are each amended to read as follows:

(1) State agency worksites are subject to the same requirements under this section and RCW 70.94.534 as private employers.

~~(2) Not more than ((six months))~~ ninety days after the adoption of ~~((the))~~ a jurisdiction's commute trip reduction plan ~~((by a jurisdiction))~~, each major employer in that jurisdiction shall perform a baseline measurement consistent with the rules established by the department of transportation under RCW

FIFTY-EIGHTH DAY, MARCH 7, 2006

70.94.537. Not more than ninety days after receiving the results of the baseline measurement, each major employer shall develop a commute trip reduction program and shall submit a description of that program to the jurisdiction for review. The program shall be implemented not more than ~~((six months))~~ ninety days after ~~((submission to))~~ approval by the jurisdiction.

~~((2))~~ (3) A commute trip reduction program of a major employer shall consist of, at a minimum (a) designation of a transportation coordinator and the display of the name, location, and telephone number of the coordinator in a prominent manner at each affected worksite; (b) regular distribution of information to employees regarding alternatives to single-occupant vehicle commuting; (c) ~~((an annual))~~ a regular review of employee commuting and reporting of progress toward meeting the single-occupant vehicle reduction goals to the county, city, or town consistent with the method established in the commute trip reduction plan and the rules established by the department of transportation under RCW 70.94.537; and (d) implementation of a set of measures designed to achieve the applicable commute trip reduction goals adopted by the jurisdiction. - (xii) Provision of a program of parking incentives such as a rebate for employees who do not use the parking facility;
- (xiii) Establishment of a program to permit employees to work part or full time at home or at an alternative worksite closer to their homes;
- (xiv) Establishment of a program of alternative work schedules such as compressed work week schedules which reduce commuting; and
- (xv) Implementation of other measures designed to facilitate the use of high-occupancy vehicles such as on-site day care facilities and emergency taxi services.

~~((3))~~ (4) Employers or owners of worksites may form or utilize existing transportation management associations or other transportation-related associations authorized by RCW 35.87A.010 to assist members in developing and implementing commute trip reduction programs.

~~((4))~~ (5) Employers shall make a good faith effort towards achievement of the goals identified in RCW 70.94.527(4)~~((t))~~ (d).

Sec. 6. RCW 70.94.534 and 1997 c 250 s 4 are each amended to read as follows:

(1) Each jurisdiction implementing a commute trip reduction plan under this chapter or as part of a plan or ordinance developed under RCW 36.70A.070 shall review each employer's initial commute trip reduction program to determine if the program is likely to meet the applicable commute trip reduction goals. The employer shall be notified by the jurisdiction of its findings. If the jurisdiction finds that the program is not likely to meet the applicable commute trip reduction goals, the jurisdiction will work with the employer to modify the program as necessary. The jurisdiction shall

complete review of each employer's initial commute trip reduction program within ~~((three months))~~ ninety days of receipt.

(2) Employers implementing commute trip reduction programs are expected to undertake good faith efforts to achieve the goals outlined in RCW 70.94.527(4). Employers are considered to be making a good faith effort if the following conditions have been met:

(a) The employer has met the minimum requirements identified in RCW 70.94.531; ~~((and))~~

(b) The employer has notified the jurisdiction of its intent to substantially change or modify its program and has either received the approval of the jurisdiction to do so or has acknowledged that its program may not be approved without additional modifications;

(c) The employer has provided adequate information and documentation of implementation when requested by the jurisdiction; and

(d) The employer is working collaboratively with its jurisdiction to continue its existing program or is developing and implementing program modifications likely to result in improvements to the program over an agreed upon length of time.

(3) Each jurisdiction shall ~~((annually))~~ review at least once every two years each employer's progress and good faith efforts toward meeting the applicable commute trip reduction goals. If an employer makes a good faith effort, as defined in this section, but is not likely to meet the applicable commute trip reduction goals, the jurisdiction shall work collaboratively with the employer to make modifications to the commute trip reduction program. Failure of an employer to reach the applicable commute trip reduction goals is not a violation of this chapter.

(4) If an employer fails to make a good faith effort and fails to meet the applicable commute trip reduction goals, the jurisdiction shall work collaboratively with the employer to propose modifications to the program and shall direct the employer to revise its program within thirty days to incorporate those modifications or modifications which the jurisdiction determines to be equivalent.

(5) Each jurisdiction implementing a commute trip reduction plan pursuant to this chapter may impose civil penalties, in the manner provided in chapter 7.80 RCW, for failure by an employer to implement a commute trip reduction program or to modify its commute trip reduction program as required in subsection (4) of this section. No major employer may be held liable for civil penalties for failure to reach the applicable commute trip reduction goals. No major employer shall be liable for civil penalties under this chapter if failure to achieve a commute trip reduction program goal was the result of an inability to reach agreement with a certified collective bargaining agent under applicable laws where the issue was raised by the employer and pursued in good faith.

(6) Jurisdictions shall notify major employers of the procedures for applying for goal modification or exemption from the commute trip reduction requirements based on the guidelines established by the commute trip reduction ~~((task force))~~ board authorized under RCW 70.94.537.

Sec. 7. RCW 70.94.537 and 1997 c 250 s 5 are each amended to read as follows:

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2475, by House Committee on Commerce & Labor (originally sponsored by Representatives Conway, Williams, Fromhold, Wood, B. Sullivan, Simpson, Sells, Ormsby and Green)

Requiring collective bargaining regarding hours of work for individual providers.

The measure was read the second time.

MOTION

Senator Kohl-Welles moved that the following striking amendment by Senator Kohl-Welles be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 74.39A.270 and 2004 c 3 s 1 are each amended to read as follows:

(1) Solely for the purposes of collective bargaining and as expressly limited under subsections (2) and (3) of this section, the governor is the public employer, as defined in chapter 41.56 RCW, of individual providers, who, solely for the purposes of collective bargaining, are public employees as defined in chapter 41.56 RCW. To accommodate the role of the state as payor for the community-based services provided under this chapter and to ensure coordination with state employee collective bargaining under chapter 41.80 RCW and the coordination necessary to implement RCW 74.39A.300, the public employer shall be represented for bargaining purposes by the governor or the governor's designee appointed under chapter 41.80 RCW. The governor or governor's designee shall periodically consult with the authority during the collective bargaining process to allow the authority to communicate issues relating to the long-term in-home care services received by consumers. The governor or the governor's designee shall consult the authority on all issues for which the exclusive bargaining representative requests to engage in collective bargaining under subsection (6) of this section. The authority shall work with the developmental disabilities council, the governor's committee on disability issues and employment, the state council on aging, and other consumer advocacy organizations to obtain informed input from consumers on their interests, including impacts on consumer choice, for all issues proposed for collective bargaining under subsection (6) of this section.

(2) Chapter 41.56 RCW governs the collective bargaining relationship between the governor and individual providers, except as otherwise expressly provided in this chapter and except as follows:

(a) The only unit appropriate for the purpose of collective bargaining under RCW 41.56.060 is a statewide unit of all individual providers;

(b) The showing of interest required to request an election under RCW 41.56.060 is ten percent of the unit, and any intervener seeking to appear on the ballot must make the same showing of interest;

(c) The mediation and interest arbitration provisions of RCW 41.56.430 through 41.56.470 and 41.56.480 apply, except that:

(i) With respect to commencement of negotiations between the governor and the bargaining representative of individual providers, negotiations shall be commenced by May 1st of any year prior to the year in which an existing collective bargaining agreement expires;

(ii) With respect to factors to be taken into consideration by an interest arbitration panel, the panel shall consider the financial ability of the state to pay for the compensation and

fringe benefit provisions of a collective bargaining agreement; and

(iii) The decision of the arbitration panel is not binding on the legislature and, if the legislature does not approve the request for funds necessary to implement the compensation and fringe benefit provisions of the arbitrated collective bargaining agreement, is not binding on the authority or the state;

(d) Individual providers do not have the right to strike; and

(e) Individual providers who are related to, or family members of, consumers or prospective consumers are not, for that reason, exempt from this chapter or chapter 41.56 RCW.

(3) Individual providers who are public employees solely for the purposes of collective bargaining under subsection (1) of this section are not, for that reason, employees of the state, its political subdivisions, or an area agency on aging for any purpose. Chapter 41.56 RCW applies only to the governance of the collective bargaining relationship between the employer and individual providers as provided in subsections (1) and (2) of this section.

(4) Consumers and prospective consumers retain the right to select, hire, supervise the work of, and terminate any individual provider providing services to them. Consumers may elect to receive long-term in-home care services from individual providers who are not referred to them by the authority.

(5) In implementing and administering this chapter, neither the authority nor any of its contractors may reduce or increase the hours of service for any consumer below or above the amount determined to be necessary under any assessment prepared by the department or an area agency on aging.

(6) Except as expressly limited in this section and RCW 74.39A.300, the wages, hours, and working conditions of individual providers are determined solely through collective bargaining as provided in this chapter. No agency or department of the state (~~or other than the authority~~) may establish policies or rules governing the wages or hours of individual providers. However, this subsection does not modify:

(a) The department's authority to establish a plan of care for each consumer ((and to determine the hours)) or its core responsibility to manage long-term in-home care services under this chapter, including determination of the level of care that each consumer is eligible to receive. However, at the request of the exclusive bargaining representative, the governor or the governor's designee appointed under chapter 41.80 RCW shall engage in collective bargaining, as defined in RCW 41.56.030(4), with the exclusive bargaining representative over how the department's core responsibility affects hours of work for individual providers. This subsection shall not be interpreted to require collective bargaining over an individual consumer's plan of care;

(b) The department's authority to terminate its contracts with individual providers who are not adequately meeting the needs of a particular consumer, or to deny a contract under RCW 74.39A.095(8);

(c) The consumer's right to assign hours to one or more individual providers selected by the consumer within the maximum hours determined by his or her plan of care;

(d) The consumer's right to select, hire, terminate, supervise the work of, and determine the conditions of employment for each individual provider providing services to the consumer under this chapter;

(e) The department's obligation to comply with the federal medicaid statute and regulations and the terms of any community-based waiver granted by the federal department of health and human services and to ensure federal financial participation in the provision of the services; and

(f) The legislature's right to make programmatic modifications to the delivery of state services under this title, including standards of eligibility of consumers and individual providers participating in the programs under this title, and the nature of services provided. The governor shall not enter into,

REMARKS BY THE PRESIDENT

President Owen: "The President needs to explain the situation that we're in right now. You receded from the amendment, the striking amendment and the amendment. That Senator McAuliffe has offered is to that striking amendment, to do what you want to accomplish. So, in fact, since you did recede from the striking amendment we need to reintroduce it and then amend it with this. You do not have it on your desk. If any member wishes to have that passed out we will do that. Otherwise, we will move forward at this time with the adoption of striking amendment. Senator McAuliffe, did you wish to move adoption of that striking amendment?"

MOTION

Senator McAuliffe moved that the following committee striking amendment by the Committee on Early Learning, K-12 & Higher Education be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1 In 2005, the legislature reconstituted the state board of education to refocus its purpose; abolished the academic achievement and accountability commission; and assigned policy and rule-making authority for educator preparation and certification to the professional educator standards board. The purpose of this act is to address the remaining statutory responsibilities of the state board of education held before 2005. The legislature finds that some duties should be retained with the reconstituted board; many duties should be transferred to other agencies or organizations, primarily but not exclusively to the superintendent of public instruction; and some duties should be repealed. This act also corrects statutes to implement fully the transfer of responsibilities authorized in 2005.

PART 1 NEW STATE BOARD OF EDUCATION

NEW SECTION. Sec. 101 The legislature encourages the

members of the new state board of education to review the transfer of duties from the state board to other entities made in this act and if any of the duties that were transferred away from the state board are necessary for the board to accomplish the purpose set out in this act then the state board shall come back to the legislature to request those necessary duties to be returned to the state board of education. The state board of education is encouraged to make such a request by January 15, 2007.

Sec. 102 RCW 28A.305.130 and 2005 c 497 s 104 are each amended to read as follows: The purpose of the state board of education is to ~~((adopt statewide policies that promote achievement of the goals of RCW 28A.150.210; implement a standards-based accountability system; and provide leadership in the creation of an education system that respects the diverse cultures, abilities, and learning styles of all students))~~ provide advocacy and strategic oversight of public education; implement a standards-based accountability system to improve student academic achievement; provide leadership in the creation of a system that personalizes education for each student and respects diverse cultures, abilities, and learning styles; and promote achievement of the goals of RCW 28A.150.210. In addition to any other powers and duties as provided by law, the state board of education shall:

(1) ~~((Until January 1, 2006, approve or disapprove the program of courses leading to teacher, school administrator, and school specialized personnel certification offered by all institutions of higher education within the state which may be accredited and whose graduates may become entitled to receive such certification.~~

~~— (3) Until January 1, 2006, investigate the character of the work required to be performed as a condition of entrance to and graduation from any institution of higher education in this state relative to such certification as provided for in subsection (1) of this section, and prepare a list of accredited institutions of higher education of this and other states whose graduates may be awarded such certificates.~~

~~— (4) Until January 1, 2006:~~

~~— (a) Adopt rules to allow a teacher certification candidate to fulfill, in part, teacher preparation program requirements through work experience as a classified teacher's aide in a public school or private school meeting the requirements of RCW 28A.195.010. The rules shall include, but are not limited to, limitations based upon the recency of the teacher preparation candidate's teacher aide work experience, and limitations based on the amount of work experience that may apply toward teacher preparation program requirements under this chapter; and~~

~~— (b) Require that at the time of the individual's enrollment in a teacher preparation program, the supervising teacher and the building principal shall jointly provide to the teacher preparation program of the higher education institution at which the teacher candidate is enrolled, a written assessment of the performance of the teacher candidate. The assessment shall contain such information as determined by the state board of education and shall include: Evidence that at least fifty percent of the candidate's work as a classified teacher's aide was involved in instructional activities with children under the supervision of a certificated teacher and that the candidate worked a minimum of six hundred thirty hours for one school year; the type of work performed by the candidate; and a recommendation of whether the candidate's work experience as a classified teacher's aide~~

The goals shall be consistent with student privacy protection provisions of RCW 28A.655.090(7) and shall not conflict with requirements contained in Title I of the federal elementary and secondary education act of 1965, or the requirements of the Carl D. Perkins vocational education act of 1998, each as amended. The goals may be established for all students, economically disadvantaged students, limited English proficient students, students with disabilities, and students from disproportionately academically underachieving racial and ethnic backgrounds. The board may establish school and school district goals addressing high school graduation rates and dropout reduction goals for students in grades seven through twelve. The board shall adopt the goals by rule. However, before each goal is implemented, the board shall present the goal to the education committees of the house of representatives and the senate for the committees' review and comment in a time frame that will permit the legislature to take statutory action on the goal if such action is deemed warranted by the legislature;

(b) Identify the scores students must achieve in order to meet the standard on the Washington assessment of student learning and, for high school students, to obtain a certificate of academic achievement. The board shall also determine student scores that identify levels of student performance below and beyond the standard. The board shall consider the incorporation of the standard error of measurement into the decision regarding the award of the certificates. The board shall set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose. (ii) Positive progress on an improvement index that measures improvement in all levels of the assessment; and

(iii) Improvements despite challenges such as high levels of mobility, poverty, English as a second language learners, and large numbers of students in special populations as measured by either the percent of students meeting the standard, or the improvement index. When determining the baseline year or years for recognizing individual schools, the board may use the assessment results from the initial years the assessments were administered, if doing so with individual schools would be appropriate;

(d) Adopt objective, systematic criteria to identify schools and school districts in need of assistance and those in which significant numbers of students persistently fail to meet state standards. In its deliberations, the board shall consider the use of all statewide mandated criterion-referenced and norm-referenced standardized tests;

This chapter does not provide additional authority for the board or the superintendent of public instruction to intervene in a school or school district;

(b) No such matching funds shall be required as a condition to the allotment of funds for the purpose of making major or minor structural changes to existing school facilities in order to bring such facilities into compliance with the barrier free access requirements of section 504 of the federal rehabilitation act of 1973 (29 U.S.C. Sec. 706) and rules implementing the act.

(3) For the purpose of computing the state matching percentage under RCW 28A.525.166 when a school district is granted authority to enter into contracts, adjusted valuation per pupil shall be calculated using headcount student enrollments from the most recent October enrollment reports submitted by districts to the superintendent of public instruction, adjusted as follows:

(a) In the case of projects for which local bonds were approved after May 11, 1989:

(i) For districts which have been designated as serving high school districts under RCW 28A.540.110, students residing in the nonhigh district so designating shall be excluded from the enrollment count if the student is enrolled in any grade level not offered by the nonhigh district;

(iii) The number of preschool students with disabilities included in the enrollment count shall be multiplied by one-half;

(b) In the case of construction or modernization of high school facilities in districts serving students from nonhigh school districts, the adjusted valuation per pupil shall be computed using the combined adjusted valuations and enrollments of each district, each weighted by the percentage of the district's resident high school students served by the high school district; and

(c) The number of kindergarten students included in the enrollment count shall be multiplied by one-half.

(4) The ~~((state board of education))~~ superintendent of public instruction, considering policy recommendations from the school facilities citizen advisory panel, shall prescribe ~~((and make effective))~~ such rules as are necessary to equate insofar as possible the efforts made by school districts to provide capital funds by the means aforesaid.

(3) Authorize the payment of approved allotments by warrant of the state treasurer; and

(4) In the event that the amount of state assistance applied for pursuant to the provisions hereof exceeds the funds available for such assistance during any biennium, make allotments on the basis of the urgency of need for school facilities in the districts that apply for assistance or prorate allotments among such districts in conformity with ~~((procedures and regulations))~~ applicable ~~((thereto which shall be established by the board))~~ rules.

Sec. 311 RCW 28A.525.166 and 1997 c 369 s 9 are each amended to read as follows:

Allocations to school districts of state funds provided by RCW ~~((28A.525.160 through 28A.525.182))~~ 28A.525.162 through 28A.525.180 shall be made by the ~~((state board of education))~~ superintendent of public instruction and the amount of state assistance to a school district in financing a school plant project shall be determined in the following manner:

(1) The boards of directors of the districts shall determine the total cost of the proposed project, which cost may include the cost of acquiring and preparing the site, the cost of constructing the building or of acquiring a building and preparing the same for school use, the cost of necessary equipment, taxes chargeable to the project, necessary architects' fees, and a reasonable amount for contingencies and for other necessary incidental expenses: PROVIDED, That the total cost of the project shall be subject to review and approval by the ~~((state board of education))~~ superintendent.

(2) The state matching percentage for a school district shall be computed by the following formula:

The ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil shall be subtracted from three, and then the result of the foregoing shall be divided by three plus (the ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil).

	District adjusted		Total state

Computed	per pupil		per pupil	State
State	—————		-	%
Ratio	District adjusted		Total state	
	3+valuatio	÷	adjusted valuation	
	n		per pupil	
	per pupil		per pupil	

PROVIDED, That in the event the percentage of state assistance to any school district based on the above formula is

less than twenty percent and such school district is otherwise eligible for state assistance under RCW ~~((28A.525.160 through 28A.525.182))~~ 28A.525.162 through 28A.525.180, the ~~((state board of education))~~ superintendent may establish for such district a percentage of state assistance not in excess of twenty percent of the approved cost of the project, if the ~~((state board))~~ superintendent finds that such additional assistance is necessary to provide minimum facilities for housing the pupils of the district.

(3) In addition to the computed percent of state assistance developed in subsection (2) ((above)) of this section, a school district shall be entitled to additional percentage points determined by the average percentage of growth for the past three years. One percent shall be added to the computed percent of state assistance for each percent of growth, with a maximum of twenty percent.

(4) The approved cost of the project determined in the manner ~~((herein))~~ prescribed ~~((times))~~ in this section multiplied by the percentage of state assistance derived as provided for ((herein)) in this section shall be the amount of state assistance to the district for the financing of the project: PROVIDED, That need therefor has been established to the satisfaction of the ~~((state board of education))~~ superintendent: PROVIDED, FURTHER, That additional state assistance may be allowed if it is found by the ~~((state board of education))~~ superintendent, considering policy recommendations from the school facilities citizen advisory panel that such assistance is necessary in order to meet (a) a school housing emergency resulting from the destruction of a school building by fire, the condemnation of a school building by properly constituted authorities, a sudden excessive and clearly foreseeable future increase in school population, or other conditions similarly emergent in nature; or (b) a special school housing burden resulting from industrial projects of statewide significance or imposed by virtue of the admission of nonresident students into educational programs established, maintained and operated in conformity with the requirements of law; or (c) a deficiency in the capital funds of the district resulting from financing, subsequent to April 1, 1969, and without benefit of the state assistance provided by prior state assistance programs, the construction of a needed school building project or projects approved in conformity with the requirements of such programs, after having first applied for and been denied state assistance because of the inadequacy of state funds available for the purpose, or (d) a condition created by the fact that an excessive number of students live in state owned housing, or (e) a need for the construction of a school building to provide for improved school district organization or racial balance, or (f) conditions similar to those defined under (a), (b), (c), (d), and (e) ~~((hereinabove))~~ of this subsection, creating a like emergency.

Sec. 312 RCW 28A.525.168 and 1990 c 33 s 458 are each amended to read as follows:

Whenever the voters of a school district authorize the issuance of bonds and/or the levying of excess taxes in an amount sufficient to meet the requirements of RCW 28A.525.162 respecting eligibility for state assistance in providing school facilities, the taxable valuation of the district and the percentage of state assistance in providing school facilities prevailing at the time of such authorization shall be the valuation and the percentage used for the purpose of determining the eligibility of the district for an allotment of state funds and the amount or amounts of such allotments, respectively, for all projects for which the voters authorize capital funds as aforesaid, unless a higher percentage of state assistance prevails on the date that state funds for assistance in financing a project are allotted by the ~~((state board of education))~~ superintendent of public instruction in which case

At any time thereafter when the ~~((state board of education))~~ superintendent finds that the financial position of such school district has improved through an increase in its taxable valuation or through retirement of bonded indebtedness or through a reduction in school housing requirements, or for any combination of these reasons, the amount of such additional allotment, or any part of such amount as the ~~((state board of education))~~ superintendent determines, shall be deducted, under terms and conditions prescribed by the ~~((board))~~ superintendent, from any state school building construction funds which might otherwise be provided to such district.

The distribution formula shall have the primary objective of equalizing educational opportunities and shall provide appropriate recognition of the following costs among the various districts within the state:

- (a) Certificated instructional staff and their related costs;
- (b) Certificated administrative staff and their related costs;
- (c) Classified staff and their related costs;
- (d) Nonsalary costs;

(f) The attendance of students pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district.

(2)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature. The formula shall be for allocation purposes only. Sec. 806 RCW 28A.405.110 and 1985 c 420 s 1 are each amended to read as follows:

The legislature recognizes the importance of teachers in the educational system. Teachers are the fundamental element in assuring a quality education for the state's and the nation's children. Teachers, through their direct contact with children, have a great impact on the development of the child. The legislature finds that this important role of the teacher requires an assurance that teachers are as successful as possible in attaining the goal of a well-educated society. The legislature finds, therefore, that the evaluation of those persons seeking to enter the teaching profession is no less important than the evaluation of those persons currently teaching. The evaluation of persons seeking teaching credentials should be strenuous while making accommodations uniquely appropriate to the applicants. Strenuous teacher training and preparation should be complemented by examinations of prospective teachers prior to candidates being granted official certification by the (~~(state board of education)~~) professional educator standards board. Teacher preparation program entrance evaluations, teacher training, teacher preparation program exit examinations, official certification, in-service training, and ongoing evaluations of individual progress and professional growth are all part of developing and maintaining a strong precertification and postcertification professional education system.

The legislature further finds that an evaluation system for teachers has the following elements, goals, and objectives: (1) An evaluation system must be meaningful, helpful, and objective; (2) an evaluation system must encourage improvements in teaching skills, techniques, and abilities by identifying areas needing improvement; (3) an evaluation

system must provide a mechanism to make meaningful distinctions among teachers and to acknowledge, recognize, and encourage superior teaching performance; and (4) an evaluation system must encourage respect in the evaluation process by the persons conducting the evaluations and the persons subject to the evaluations through recognizing the importance of objective standards and minimizing subjectivity.

Sec. 807 RCW 28A.415.010 and 1991 c 285 s 1 are each amended to read as follows:

To assist in these activities, each educational service district board shall establish an improvement of teaching coordinating council to include, at a minimum, representatives as specified in RCW 28A.415.040. An existing in-service training task force, established pursuant to RCW 28A.415.040, may serve as the improvement of teaching coordinating council. The educational service district board shall ensure coordination of programs established pursuant to RCW 28A.415.030, 28A.410.060, and 28A.415.250.

The educational service district board may arrange each year for the holding of one or more teachers' institutes and/or workshops for professional staff preparation and in-service training in such manner and at such time as the board believes will be of benefit to the teachers and other professional staff of school districts within the educational service district and shall comply with rules (~~and regulations of the state board of education~~) of the professional educator standards board pursuant to RCW 28A.410.060 or the superintendent of public instruction (~~or state board of education~~) pursuant to RCW 28A.415.250. The board may provide such additional means of teacher and other professional staff preparation and in-service training as it may deem necessary or appropriate and there shall be a proper charge against the educational service district general expense fund when approved by the educational service district board.

Educational service district boards of contiguous educational service districts, by mutual arrangements, may hold joint institutes and/or workshops, the expenses to be shared in proportion to the numbers of certificated personnel as shown by the last annual reports of the educational service districts holding such joint institutes or workshops.

In local school districts employing more than one hundred teachers and other professional staff, the school district superintendent may hold a teachers' institute of one or more days in such district, said institute when so held by the school district superintendent to be in all respects governed by the provisions of this title and (~~state board of education~~) rules (~~and regulations~~) relating to teachers' institutes held by educational service district superintendents.

Sec. 808 RCW 28A.415.020 and 1995 c 284 s 2 are each amended to read as follows:

Therefore, the Washington state patrol identification and criminal history section shall disclose, upon the request of a business or organization as defined in RCW 43.43.830, a developmentally disabled person, or a vulnerable adult as defined in RCW 43.43.830 or his or her guardian, an applicant's record for convictions as defined in chapter 10.97 RCW.

(2) The legislature also finds that the ~~((state board of education))~~ Washington professional educator standards board may request of the Washington state patrol criminal identification system information regarding a certificate applicant's record for convictions under subsection (1) of this section.

(3) The legislature also finds that law enforcement agencies, the office of the attorney general, prosecuting authorities, and the department of social and health services may request this same information to aid in the investigation and prosecution of child, developmentally disabled person, and vulnerable adult abuse cases and to protect children and adults from further incidents of abuse.

(4) The legislature further finds that the secretary of the department of social and health services must establish rules and set standards to require specific action when considering the information listed in subsection (1) of this section, and when considering additional information including but not limited to civil adjudication proceedings as defined in RCW 43.43.830 and any out-of-state equivalent, in the following circumstances:

(5) Whenever a state conviction record check is required by state law, persons may be employed or engaged as volunteers or independent contractors on a conditional basis pending completion of the state background investigation. Whenever a national criminal record check through the federal bureau of investigation is required by state law, a person may be employed or engaged as a volunteer or independent contractor on a conditional basis pending completion of the national check. The Washington personnel resources board shall adopt rules to accomplish the purposes of this subsection as it applies to state employees.

(6)(a) For purposes of facilitating timely access to criminal background information and to reasonably minimize the number of requests made under this section, recognizing that certain health care providers change employment frequently, health care facilities may, upon request from another health care facility, share copies of completed criminal background inquiry information.

(b) Completed criminal background inquiry information may be shared by a willing health care facility only if the following conditions are satisfied: The licensed health care facility sharing the criminal background inquiry information is reasonably known to be the person's most recent employer, no more than twelve months has elapsed from the date the person was last employed at a licensed health care facility to the date of their current employment application, and the criminal background information is no more than two years old.

(c) If criminal background inquiry information is shared, the health care facility employing the subject of the inquiry must require the applicant to sign a disclosure statement indicating that there has been no conviction or finding as described in RCW 43.43.842 since the completion date of the most recent criminal background inquiry.

(d) Any health care facility that knows or has reason to believe that an applicant has or may have a disqualifying conviction or finding as described in RCW 43.43.842, subsequent to the completion date of their most recent criminal background inquiry, shall be prohibited from relying on the applicant's previous employer's criminal background inquiry information. A new criminal background inquiry shall be requested pursuant to RCW 43.43.830 through 43.43.842.

(e) Health care facilities that share criminal background inquiry information shall be immune from any claim of defamation, invasion of privacy, negligence, or any other claim in connection with any dissemination of this information in accordance with this subsection.

(f) Health care facilities shall transmit and receive the criminal background inquiry information in a manner that reasonably protects the subject's rights to privacy and confidentiality.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 19.28.041 and 2002 c 249 s 2 are each amended to read as follows:

(1) It is unlawful for any person, firm, partnership, corporation, or other entity to advertise, offer to do work, submit a bid, engage in, conduct, or carry on the business of installing or maintaining wires or equipment to convey electric current, or installing or maintaining equipment to be operated by electric current as it pertains to the electrical industry, without having an unrevoked, unsuspended, and unexpired electrical contractor license, issued by the department in accordance with this chapter. All electrical contractor licenses expire twenty-four calendar months following the day of their issue. The department may issue an electrical contractors license for a period of less than twenty-four months only for the purpose of equalizing the number of electrical contractor licenses that expire each month. Application for an electrical contractor license shall be made in writing to the department, accompanied by the required fee. The application shall state:

(a) The name and address of the applicant; in case of firms or partnerships, the names of the individuals composing the firm or partnership; in case of corporations, the names of the managing officials thereof;

(b) The location of the place of business of the applicant and the name under which the business is conducted;

(c) Employer social security number;

(d) Evidence of workers' compensation coverage for the applicant's employees working in Washington, as follows:

(i) The applicant's industrial insurance account number issued by the department;

(ii) The applicant's self-insurer number issued by the department; or

(iii) For applicants domiciled in a state or province of Canada subject to an agreement entered into under RCW 51.12.120(7), as permitted by the agreement, filing a certificate of coverage issued by the agency that administers the workers' compensation law in the applicant's state or province of domicile certifying that the applicant has secured the payment of compensation under the other state's or province's workers' compensation law;

(e) Employment security department number;

(f) State excise tax registration number;

(g) Unified business identifier (UBI) account number may be substituted for the information required by (d) of this subsection if the applicant will not employ employees in Washington, and by (e) and (f) of this subsection; and

(h) Whether a general or specialty electrical contractor license is sought and, if the latter, the type of specialty. Electrical contractor specialties include, but are not limited to: Residential, pump and irrigation, limited energy system, signs, nonresidential maintenance, restricted nonresidential maintenance, appliance repair, and a combination specialty. A general electrical contractor license shall grant to the holder the right to engage in, conduct, or carry on the business of installing or maintaining wires or equipment to carry electric current, and installing or maintaining equipment, or installing or maintaining material to fasten or insulate such wires or equipment to be operated by electric current, in the state of Washington. A specialty electrical contractor license shall grant to the holder a limited right to engage in, conduct, or carry on the business of installing or maintaining wires or equipment to carry electrical current, and installing or maintaining equipment; or installing or maintaining material to fasten or insulate such wires or equipment to be operated by electric current in the state of Washington as expressly allowed by the license.

(2) The department may verify the workers' compensation coverage information provided by the applicant under subsection (1)(d) of this section, including but not limited to

information regarding the coverage of an individual employee of the applicant. If coverage is provided under the laws of another state, the department may notify the other state that the applicant is employing employees in Washington.

(3) The application for an electrical contractor license shall be accompanied by a bond in the sum of four thousand dollars with the state of Washington named as obligee in the bond, with good and sufficient surety, to be approved by the department. The bond shall at all times be kept in full force and effect, and any cancellation or revocation thereof, or withdrawal of the surety therefrom, suspends the license issued to the principal until a new bond has been filed and approved as provided in this section. Upon approval of a bond, the department shall on the next business day deposit the fee accompanying the application in the electrical license fund and shall file the bond in the office. The department shall upon request furnish to any person, firm, partnership, corporation, or other entity a certified copy of the bond upon the payment of a fee that the department shall set by rule. The fee shall cover but not exceed the cost of furnishing the certified copy. The bond shall be conditioned that in any installation or maintenance of wires or equipment to convey electrical current, and equipment to be operated by electrical current, the principal will comply with the provisions of this chapter and with any electrical ordinance, building code, or regulation of a city or town adopted pursuant to RCW 19.28.010(3) that is in effect at the time of entering into a contract. The bond shall be conditioned further that the principal will pay for all labor, including employee benefits, and material furnished or used upon the work, taxes and contributions to the state of Washington, and all damages that may be sustained by any person, firm, partnership, corporation, or other entity due to a failure of the principal to make the installation or maintenance in accordance with this chapter or any applicable ordinance, building code, or regulation of a city or town adopted pursuant to RCW 19.28.010(3). In lieu of the surety bond required by this section the license applicant may file with the department a cash deposit or other negotiable security acceptable to the department. If the license applicant has filed a cash deposit, the department shall deposit the funds in a special trust savings account in a commercial bank, mutual savings bank, or savings and loan association and shall pay annually to the depositor the interest derived from the account.

(4) The department shall issue general or specialty electrical contractor licenses to applicants meeting all of the requirements of this chapter. The provisions of this chapter relating to the licensing of any person, firm, partnership, corporation, or other entity including the requirement of a bond with the state of Washington named as obligee therein and the collection of a fee therefor, are exclusive, and no political subdivision of the state of Washington may require or issue any licenses or bonds or charge any fee for the same or a similar purpose. No person, firm, partnership, corporation, or other entity holding more than one specialty contractor license under this chapter may be required to pay an annual fee for more than one such license or to post more than one four thousand dollar bond, equivalent cash deposit, or other negotiable security.

(5) To obtain a general or specialty electrical contractor license the applicant must designate an individual who currently possesses a valid master journeyman electrician's certificate of competency, master specialty electrician's certificate of competency in the specialty for which application has been made, or administrator's certificate as a general electrical contractor administrator or as a specialty electrical contractor administrator in the specialty for which application has been made.

(6) Administrator certificate specialties include but are not limited to: Residential, pump and irrigation, limited energy system, signs, nonresidential maintenance, restricted nonresidential maintenance, appliance repair, and combination specialty. To obtain an administrator's certificate an individual must pass an examination as set forth in RCW 19.28.051 unless

the applicant was a licensed electrical contractor at any time during 1974. Applicants who were electrical contractors licensed by the state of Washington at any time during 1974 are entitled to receive a general electrical contractor administrator's certificate without examination if the applicants apply prior to January 1, 1984. The board of electrical examiners shall certify to the department the names of all persons who are entitled to either a general or specialty electrical contractor administrator's certificate.

If the signature on the copy of the affidavit does not match the signature on file or the signature on the copy of the identification document, the voter must appear in person and sign a new registration form no later than the day before the certification of the primary or election in order for the ballot to be counted.

(b) If the signature on an absentee or provisional ballot envelope is not the same as the signature on the registration file because the name is different, the ballot may be counted as long as the handwriting is clearly the same. The auditor shall send the voter a change-of-name form under RCW 29A.08.440 and direct the voter to complete the form.

PERSONAL PRIVILEGE

Senator Johnson: "Thank you Mr. President. I'm almost tempted to be sentimental as I see my wife Lynn in the front and the family up in the gallery but I am Norwegian after all and so sentiment can't be much of a part of it here. I do want to reflect on some things but first I want to take care of little business. The prestigious law firm, I have some outgoing recommendations here. I'm talking of course about Johnson, Kline and others. My first would be that Senator Esser be

FIFTY-EIGHTH DAY, MARCH 7, 2006

elevated to senior status immediately. You'll be the only learned person in the noble profession on this side of the aisle. Secondly, Senator Rockefeller, the most urbane of us all, stay exactly where he is which is of counsel status. Thirdly, Senator Weinstein, who isn't here now, I suggest that he stay right where he is and do more briefing on the reporters shield bill. And finally, our intern. Nobody has referred to our intern, who isn't here either for the moment. You may remember that Abraham Lincoln became a lawyer without going to law school. He read the law in an office of a lawyer. I think based on that Senator Hargrove should now be admitted to the bar immediately, as our intern. A couple of other matters, Senator Kline we have files to divide between us. I suggest that you take all the probate files. I think you'd look perfect in a three piece suit and a bow tie and I'll take the personal injury files. I've always wanted that kind of income with fancy shoes and a sports car. No, this for me has been twelve years. It's been a wonderful time. When you like politics ever since you can remember, being elected to the Senate is a thing of beauty. After all, it's the most exclusive club in the state of Washington, the Washington State Senate, and we're all above average which we know. So, it's the people. It's the institution. It's the issues that we've undertaken. My primary impulse is one of gratitude now as I look back. Gratitude for the opportunity given me by the people of the Forty-seventh District. Let me take a minute and talk about those folks. The Renton Highlines for the first two elections, not the last one after redistricting. The people of the east hill of Kent, people of Covington, Black Diamond, most of Black Diamond, and a lot of Auburn. All those folks have in common is this: That they care a lot about schools, they care a lot about their community and really don't like to pay a lot of taxes for those things. So, I've tried to represent them for twelve years. The Forty-seventh District desk has been occupied, over the last forty some years primarily by three members. The late Senator Markin Durkin, the late Senator Kent Pullen, and the not yet late Senator Johnson so it's good company that I followed when I was elected to this seat and I'm very proud of it and it's something that I think in our district for will continue to do so. I also want to express gratitude for the pioneers of this state. When you're up on the fourth floor and you look at all the photographs, the galleries of members since territorial days, you realize how many people have been taking care of this Senate for a long, long time. All people above average, going back over a hundred years now so that we have that responsibility and I think I seen that happen. There are many times when I think members here say, 'Are we doing this in the best interest of the state of Washington and of the Senate? Because we have a certain level of standards that we think are important. I'm very grateful for that. To the members on both sides of the aisle. When I came twelve years ago your predecessor, Senator Brown, was Mark Gaspard, as Leader and Senator Hewitt, your predecessor was Dan McDonald who was newly elected at that time. To the Senate administration, the Secretary's not here right now. When I came, Marty Brown was Secretary. This shows you how often the majority has changed in this chamber which makes it interesting too. Marty Brown, succeeded by Mike O'Connell, who, in turn, was succeeded by Tony Cook, Milt Doumit and now Tom Hoemann. All who have done fine jobs. This is a marvelous institution and I feel blessed to have served with people after whom buildings have been named or maybe will be named in the future. I want to thank you Mr. President. The Lt. Governor was newly elected in 1996 and came aboard in the session in 1997. I was in my third year and newly elected as Majority Floor Leader, so we worked together then and have ever since. On the matter of naming buildings, I have a feeling if I come back here in a dozen years or so this building which has never had a good name. I mean it's the

2006 REGULAR SESSION

Legislative Building, the Capital, will be the 'Brad Owen Building' for two reasons: In gratitude for your service, Mr. President, and by that time he will have used up all the available office space in the building as well. You've all noticed the lovely lady sitting next to the President. I want to give a special thanks to her. Not just for the support I've had for the years I've been in the Senate, but the interest of which she has shown in Olympia and in the Senate with her friend Judy Oke, Jerri Honeyford and others over the years and I hope that you'll have introduced to you my family as well, which is in the gallery. We all know that you have to have and friends by the way. You have to have family and friends supportive of what you do because its such, kind of an irregular sort of schedule and a lot of up and downs so I want to thank them. Especially Lynn. I also want to thank Jennifer Baga who has been my legislative assistant for eleven of the twelve years. Boy, does she know this place. She thinks about things that I should of thought about before I do and that's exactly the kind of assistant that you want in this business. Finally, or the penultimate point I want to make and that is, "What have I learned," and that is, as above average as we all are in this chamber, as vain as we might be at times, there's probably a lot more wisdom that exists back at home. I think that's worth remembering most of the time even if we begin to feel that this is the world here in Olympia and taking a deep breath and looking back isn't a bad idea because there is a lot of wisdom with the six million Washingtonians that are out there. I've taken the position for a long time that you don't leave anything. You go on to something else. So, Vic Moon isn't leaving his career here at the Senate. He's going on to an interesting career of traveling around the country. I feel that same way myself. I'm looking forward to another chapter. I think we all should. I was, I read the obituaries, not because of my profession but I find some very, very interesting life stories in the obituaries. Some of them very encouraging and inspiring and some just kind of odd and furious but in one of them some time ago, you can see this, from the newspaper yellow by now. I cut it out about four or five years ago thinking to myself, 'well, maybe I'll need that sometime,' because it has an interesting message. It's a quote from Thoreau which I want to read. Thoreau says 'I left the woods for as good a reason as I went there. Perhaps it seemed to me that I had several more lives to live and could not spare any more time for that one.' I want to wish you all my sincere gratitude and God's blessing for all that you do in the future. Thank you."

FIFTY-EIGHTH DAY, MARCH 7, 2006
 SENATE RESOLUTION
 8737

2006 REGULAR SESSION

The President welcomed and introduced Judy Oke, the wife of Senator Oke, who was seated at the rostrum.

INTRODUCTION OF SPECIAL GUESTS

The President welcomed members of the Senator Okes family and friends who were seated in the gallery and recognized by the Senate.

PERSONAL PRIVILEGE

Senator Oke: "Thank you Mr. President. Boy, what a time this has been listening to these comments. I want to thank you personally for how you and Linda have treated me over the years. You're a special friend, special person and you handle that job so well. I hope you're here for a long time. Thank you. I learned one thing quickly, I'm not Norwegian I've got this Kleenex here and that proves it. I've been shedding some tears and the other thing I know, I'm not a lawyer. I got a one pager here. He couldn't even find where all his stuff was. I really would like to take a moment and just share with you quickly cause I had opportunities to do a lot of sharing but I want you to know Bob Oke as an eighteen year old and where I come from. I'm going to try to do this very quickly. Eighteen I joined the navy and my dad gave me two choices: Either go to school or join the service and I said, 'But Pop, I'm having a great time, I mean I got a car I got my own bedroom, I can come and go when I want. He says, 'Ya, you got a couple weeks to make this choice'. Next day I went down and went to the Coast Guard but they couldn't take me right away and I went across the way to the navy and I said 'why not?' so I went over there and bang I'm going in. They gave me a good education. Not one out of the universities but a good ground floor education. When I was thirty-five, everything changed. I mean it was going one and it wasn't the right direction. In a little chapel in Bremerton the preacher, I had Judy with me, had met her and we, the first question I asked her was, 'Do you want to go to church?' and this is a senior chief in the navy, I mean we don't ask girls to go to church but I knew I had to make a change in my life. A month or so later the preacher really opened the door for me to understand that all I had to do was ask forgiveness for my sins and except Christ as my Lord and Savior and I'd be saved. I didn't know what saved was, I went home and I didn't know what saved was but I knew I had changed. Everything inside of me was clean and boy was that a good feeling. I fell in love with Judy. We married. My only possession, was a little tricky on my part, my only possession at that time was a sea bag and there wasn't much in the sea bag. She had a house and a lot of other things and I thought she had a lot of money and she thought I had a lot of money so we just joined forces but I think we were both wrong. One thing in accepting the Lord in your life gives you the Holy Spirit which guides and directs you and that's what made Bob Oke something other than I was. While I was out salmon fishing after one year of retirement, just having a ball, I was hunting, fishing, that's all I ever wanted to do for one year. I was reeling in a salmon and I just knew there was more to life than this and I looked up and I said 'Lord, whatever you want me to do here I am' and that's a big statement let me tell you. When I got home I told Judy, 'Pack your bags, we're on our way to Africa.' I just figured if you told the Lord you were going to do His will, you're on your way to Africa, I don't know why but a day or two later a niece that was working for one of the representatives called me and said, 'Would you come to Olympia? We need somebody up here like you,' and everything inside of me went 'No way, no way, no way,' but there was a little voice said, 'This is your call. You said you'd go' and so that's what really got me involved. 1st Corinthians 1:27 was the verse that convinced me that I could do it. It's says 'God chooses the foolish things of the world to shame the wise.' That

was me God chooses the weak things of the world to shame the strong, and I fit right there. I just knew when I read that I could do this with the Holy Spirit's power and guidance. I'm not considered the smartest person on the block. In fact, if we took a WASL test I'd probably be dead last in this room. I don't know how I get by sometimes, I'm a terrible speller and my staff helps me a great deal. The other issue that I've learned strongly and it's grown me strongly is, love your enemies. Love them to death and tell them that you love them and pray for them and you know what. One day it turns around and they come to respect you and love you. If we could all do that, wouldn't this be a wonderful world? Phillipines 4:13, 'I can do all things through Christ who strengthen me' It's a plaque in my room, and I put it there originally cause some of these lobbyist would come in and I was shocked at their language and I thought I need put something up there to let them know we don't talk like that in my office. My biggest fear in sixteen years is that I would somehow, some way embarrassed my Lord and I hope when I stand before my Lord that there's a smile on His face and then he'll say, 'Well done my faithful servant.' That's what its all about. Tacoma Narrows project. I want to thank you and Judy thanks you for what you did last year. I mean that tape has been played so many times, I can't believe it. Of course when you give Judy the standing ovation, she wants to start from the back and work forward, but it doesn't quite work that way. We always end that tape with your sweet standing ovations. The pheasant farm is the cherry on the top. You know, I was thinking, those Fish & Wildlife guys are pretty smart, putting my name down there for the future. I hope, let you guys in the legislature say, 'Well, we need to take care of Bob's farm' You know, so that's a pretty good move. Tobacco sampling. Nobody will understand how much that meant to me. I don't know, truly the guidance of the Holy Spirit, but I just know that that's the most important bill that I've ever got through the Legislature and when I saw that pass in the House, I'm telling you, I just leaped with joy. Just leaped with joy. It will be one of the proudest moments in my sixteen years to be down in the Governor's office, I hope in a couple of days, to sign that bill. I wasn't the one that got it there. To be truthful, the press did it. I mean, don't pass up the pen for the sword because those articles that they wrote just nailed it. The last one in particular and the young men, that's sitting back behind me I'm told convinced the speaker to let that out for a vote. I just have one item of a negative thing. We all have to go back and campaign, half of you here don't but all the House does. Make the determination before you get started, whoever you hire to be your man in the field or whatever that nothing, nothing goes out unless you see it and approve it. We have separated ourselves through those campaigns and it's ugly. Some of the stuff that goes out there and your turn to the other candidate and say, 'Well, I didn't do it. I'm not responsible even though it was a little wrong,' and of course the Supreme Court said we could lie and I sure hope somebody fixes that one. It's the ugliest and then we have to come back as a body and I'll tell you some people have a hard time in forgiveness. You know, 'Vengeance is mine' saith the Lord and that gets me through a lot of trouble but watch, don't let somebody do your mailing and not look at it. You're responsible. I've had candidates tell me, 'Well, I didn't do it.' Well, their responsible for their campaign and dog gone it they ought to make sure that it's run right. I want to thank my staff, Michelle, in particular whose standing there and Penny, just come a little close so they can see you. They have made me and Vic and so many other staff people, look good. I mean without them I would not of made it. Penny's been with me this whole sixteen years. She's the pen behind Bob Oke. Some people think I'm pretty smart because I write all these cool articles but all I do is a little editing once in awhile and very seldom make any

2006 REGULAR SESSION

changes. God Bless you and thank you dears. The lady behind me, I think the Governor's going to probably say something about her, but I can't, even when my back's to her, I can't but say I have the most wonderful wife in the world. You know I had a wife before her and I picked her and her name was Judy and that's why I call Mrs. Oke. 'Mrs. Oke' because I don't need anymore Judy's in my life. I need a Mrs. Oke and she has been terrific. She has been through everything with me and in fact when I was dealing with that sampling bill and decided that I would come back again, she had told me, 'No way. You go back, you go back by yourself, and I said, 'I got to do this, Mrs. Oke and she looked at me and said, 'You'll do it, I'm with you.' So I'll tell you she didn't want to go and I didn't really either. I will miss you all of you and I'll try to come back and I think I mentioned it, I told the Governor if I'm healthy enough and so forth I would like to serve on the Fish & Wildlife Commission. I got a feeling that if they do they'll make me the legislative whatever, so I might be around. I won't bug you but when I see an issue that's right you might hear from me. Truly, God Bless you all. I just pray for your families. I pray for all of you and we have such a wonderful country and a wonderful state and a wonderful community. We all ought to be smiling all the time because we have so much to be smiling for, so much to be happy about and forget all that negative junk out there. I don't read that stuff anymore and I don't listen to it. I don't need negative in my mind. I protect my mind from the bad elements and the only thing I let go in I hope is those good things. God Bless each one of you. Thank you for being here and thank you for saying so much wonderful things and Jake, you're my favorite. I'll tell you, I just love you to death. Thank you."

(iii) The amount of credit shall be fifty percent of the dollar amount of qualifying contributions given in the fiscal year in which the tax credit is taken.

(b)(i) A credit may be taken for billing discounts if the dollar amount of billing discounts for the fiscal year in which the tax credit is taken is greater than one hundred twenty-five percent of the dollar amount of billing discounts given in fiscal year 2000.

(ii) If no billing discounts were given in fiscal year 2000, a credit shall be allowed in the first fiscal year that billing discounts are given. (ii) The total amount of credit, statewide, that may be taken in fiscal year 2007 shall not exceed five million five hundred thousand dollars.

(b) By May 1st of each year starting in 2002, the department of community, trade, and economic development shall notify the department of revenue in writing of the grants received in the current fiscal year by each light and power business and gas distribution business.

The total amount of credit that may be taken by an applicant is the base credit plus any ratable portion of unused base credit.

(5) The credit taken under this section is limited to the amount of tax imposed under this chapter for the fiscal year. The credit must be claimed in the fiscal year in which the billing reduction is made. Any unused credit expires. Refunds shall not be given in place of credits.

(6) No credit may be taken for billing discounts made before July 1, 2001. Within two weeks of May 8, 2001, the department of community, trade, and economic development shall notify the department of revenue in writing of the grants received in fiscal year 2001 by each light and power business and gas distribution business. The interest shall be assessed at the rate provided for delinquent taxes under chapter 82.32 RCW, and shall accrue until the amounts due are repaid.

(b) A recipient who must repay deferred taxes under RCW 82.74.050(2) because the department has found that an investment project is used for purposes other than fresh fruit and vegetable processing, dairy product manufacturing, egg handling, cold storage warehousing, or research and development is no longer required to file annual surveys under this section beginning on the date an investment project is used for nonqualifying purposes.

Sec. 8. RCW 82.74.050 and 2005 c 513 s 8 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, taxes deferred under this chapter need not be repaid.

(2) If, on the basis of survey under RCW 82.74.040 or other information, the department finds that an investment project is used for purposes other than fresh fruit and vegetable processing, dairy product manufacturing, egg handling, cold storage warehousing, or research and development at any time during the calendar year in which the investment project is certified by the department as having been operationally completed, or at any time during any of the seven succeeding calendar years, a portion of deferred taxes shall be immediately due according to the following schedule:

Year in which <u>nonqualifying</u> use occurs	% of deferred taxes due
1	100%
2	87.5%
3	75%
4	62.5%
5	50%
6	37.5%
7	25%
8	12.5%

(3) The department shall assess interest, but not penalties, on the deferred taxes under subsection (2) of this section. The interest shall be assessed at the rate provided for delinquent taxes under chapter 82.32 RCW, retroactively to the date of deferral, and shall accrue until the deferred taxes are repaid. The debt for deferred taxes will not be extinguished by insolvency or other failure of the recipient. Transfer of ownership does not terminate the deferral. The deferral is transferred, subject to the successor meeting the eligibility requirements of this chapter, for the remaining periods of the deferral.

(4) Notwithstanding subsection (2) of this section, deferred taxes on the following need not be repaid:

(a) Machinery and equipment, and sales of or charges made for labor and services, which at the time of purchase would have qualified for exemption under RCW 82.08.02565; and

(b) Machinery and equipment which at the time of first use would have qualified for exemption under RCW 82.12.02565.

Sec. 9. RCW 82.08.820 and 1997 c 450 s 2 are each amended to read as follows:

(a) "Agricultural products" has the meaning given in RCW 82.04.213;

(b) "Construction" means the actual construction of a warehouse or grain elevator that did not exist before the construction began. "Construction" does not include renovation, remodeling, or repair;

(c) "Department" means the department of revenue;

(d) "Distribution center" means a warehouse that is used exclusively by a retailer solely for the storage and distribution of finished goods to retail outlets of the retailer. "Distribution center" does not include a warehouse at which retail sales occur;

"Finished goods" does not include agricultural products stored by wholesalers, third-party warehouses, or retailers if the storage takes place on the land of the person who produced the agricultural product. "Finished goods" does not include logs, minerals, petroleum, gas, or other extracted products stored as raw materials or in bulk;

(f) "Grain elevator" means a structure used for storage and handling of grain in bulk;

(4) Notwithstanding subsection (2) of this section, deferred taxes on the following need not be repaid:

MESSAGE FROM THE HOUSE

March 7, 2006

MR. PRESIDENT:

The House has passed SECOND SUBSTITUTE SENATE BILL NO. 6558, with the following amendment(s) 6558-S2 AMH FIN AMH5443.1.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1 The legislature recognizes the motion picture industry in Washington as a valuable commodity contributing greatly to the economic vitality of the state and the cultural integrity of our communities. The legislature further recognizes the production of in-state motion pictures, television programs, and television commercials creates a marked increase in tourism, family wage jobs, and the sale of local goods and services generating revenue for the state. Furthermore, with captive national and international audiences, the world is introduced to the state's pristine scenic venues and reminded that the Pacific Northwest is a great place to live and raise a family. The legislature also recognizes the inherent educational value of promoting arts and culture as well as the benefits of training young motion picture professionals who will build a fruitful industry for years to come.

The legislature finds in recent years that the state has realized a drastic decline in motion picture production that precludes economic expansion and threatens the state's reputation as a production destination. With the emergence of tax incentives in thirty states nationwide, in-state producers are taking their projects to more competitive economic climates, such as Oregon and Vancouver, British Columbia, where compelling tax incentive packages and subsidies are already in effect.

The legislature also finds that in recent years increasingly workers in Washington state are without health insurance coverage and retirement income protections, causing hardships on workers and their families and higher costs to the state.

Therefore, it is the intent of the legislature to recognize both national and international competition in the motion picture production marketplace. The legislature is committed to leveling the competitive playing field and interested in a partnership with the private sector to regain Washington's place as a premier destination to make motion pictures, television, and television commercials. While at the same time the legislature is committed to ensuring that workers in the motion picture and television industry are covered under health insurance and retirement income plans.

NEW SECTION. Sec. 2 The following definitions apply to this chapter, unless the context clearly requires otherwise.

(1) "Approved motion picture competitiveness program" means a nonprofit organization under the internal revenue code, section 501(c)(6), with the sole purpose of revitalizing the state's economic, cultural, and educational standing in the national and international market of motion picture production by recommending and awarding financial assistance for costs associated with motion pictures in the state of Washington.

(2) "Contribution" means cash contributions.

(3) "Costs" means actual expenses of production and postproduction expended in Washington state for the production of motion pictures, including but not limited to payments made for salaries, wages, and health insurance and retirement benefits, the rental costs of machinery and equipment and the purchase of services, food, property, lodging, and permits for work conducted in Washington state.

(4) "Department" means the department of community, trade, and economic development.

(5) "Motion picture" means a recorded audio-visual production intended for distribution to theaters, DVD, video, or the internet, or television, or one or more episodes of a single television series, television pilots or presentations, or a commercial. "Motion picture" does not mean production of a television commercial of an amount less than two hundred fifty thousand dollars in actual total investment or one or more segments of a newscast or sporting event.

(6) "Funding assistance" means cash expenditures from an approved motion picture competitiveness program.

(7) "Person" has the same meaning as provided in RCW 82.04.030.

Rules adopted by the department shall allow the program, within the established criteria, to provide funding assistance only when it captures economic opportunities for Washington's communities and businesses and shall only be provided under a contractual arrangement with a private entity. In establishing the criteria, the department shall consider:

(a) The additional income and tax revenue to be retained in the state for general purposes;

(b) The creation and retention of family wage jobs which provide health insurance and payments into a retirement plan;

(c) The impact of motion picture projects to maximize in-state labor and the use of in-state film production and film postproduction companies;

(j) Giving preference to additional seasons of television series that have previously qualified;

(k) Other factors the department may deem appropriate for the implementation of this chapter.

(2) The board of directors created under section 4 of this act shall create and administer an account for carrying out the purposes of subsection (3) of this section.

(3) Money received by an approved motion picture competitiveness program shall be used only for: (a) Health

insurance and payments into a retirement plan, and other costs associated with film production; (b) a tax credit marketer to market the tax credits authorized under section 5 of this act; and (c) staff and related expenses to maintain the program's proper administration and operation.

NEW SECTION. Sec. 4 (1) A Washington motion picture competitiveness program under this chapter shall be administered by a board of directors appointed by the governor, and the appointments shall be made within sixty days following enactment. The department, after consulting with the board, shall adopt rules for the standards that shall be used to evaluate the applications for funding assistance prior to June 30, 2006.

(2) The board shall evaluate and award financial assistance to motion picture projects under rules set forth under section 3 of this act.

(e) One member representing the Washington tourism industry;

(f) One member representing the Washington restaurant, hotel, and airline industry; and

(g) A chairperson, chosen at large, shall serve at the pleasure of the governor.

(4) The term of the board members, other than the chair, is four years. A board member appointed by the governor may be removed by the governor for cause under RCW 43.06.070 and 43.06.080.

(5) Five members of the board constitute a quorum.

(6) The board shall elect a treasurer and secretary annually, and other officers as the board members determine necessary, and may adopt bylaws or rules for its own government.

(7) The board shall make any information available at the request of the department to administer this chapter.

(8) Contributions received by a board shall be deposited into the account described in section 3(2) of this act.

NEW SECTION. Sec. 5 A new section is added to chapter 82.04 RCW to read as follows:

(1) Subject to the limitations in this section, a credit is allowed against the tax imposed under this chapter for contributions made by a person to a Washington motion picture competitiveness program.

(2) The person must make the contribution before claiming a credit authorized under this section. Credits earned under this section may be claimed against taxes due for the calendar year

2006 REGULAR SESSION

in which the contribution is made. The amount of credit claimed for a reporting period shall not exceed the tax otherwise due under this chapter for that reporting period. No person may claim more than one million dollars of credit in any calendar year, including credit carried over from a previous calendar year. No refunds may be granted for any unused credits.

(3) The maximum credit that may be earned for each calendar year under this section for a person is limited to the lesser of:

(a) One million dollars; or

(b)(i) Through calendar year 2008, an amount equal to one hundred percent of the contributions made by the person to a program during the calendar year; and

(ii) For calendar years after 2008, an amount equal to ninety percent of the contributions made by the person to a program during the calendar year.

(4) Except as provided under subsection (5) of this section, a tax credit claimed under this section may not be carried over to another year.

(5) Any amount of tax credit otherwise allowable under this section not claimed by the person in any calendar year may be carried over and claimed against the person's tax liability for the next succeeding calendar year. Any credit remaining unused in the next succeeding calendar year may be carried forward and claimed against the person's tax liability for the second succeeding calendar year; and any credit not used in that second succeeding calendar year may be carried over and claimed against the person's tax liability for the third succeeding calendar year, but may not be carried over for any calendar year thereafter.

(6) Credits are available on a first in-time basis. The department shall disallow any credits, or portion thereof, that would cause the total amount of credits claimed under this section during any calendar year to exceed three million five hundred thousand dollars. If this limitation is reached, the department shall notify all Washington motion picture competitiveness programs that the annual statewide limit has been met. In addition, the department shall provide written notice to any person who has claimed tax credits in excess of the three million five hundred thousand dollar limitation in this subsection. The notice shall indicate the amount of tax due and shall provide that the tax be paid within thirty days from the date of such notice. The department shall not assess penalties and interest as provided in chapter 82.32 RCW on the amount due in the initial notice if the amount due is paid by the due date specified in the notice, or any extension thereof.

(7) To claim a credit under this section, a person must electronically file with the department all returns, forms, and any other information required by the department, in an electronic format as provided or approved by the department. Any return, form, or information required to be filed in an electronic format under this section is not filed until received by the department in an electronic format. (9) A Washington motion picture competitiveness program shall provide to the department, upon request, such information needed to verify eligibility for credit under this section, including information regarding contributions received by the program.

(10) The department shall not allow any credit under this section before July 1, 2006.

(11) For the purposes of this section, "Washington motion picture competitiveness program" or "program" means an organization established pursuant to chapter 43.-- RCW (sections 1 through 4 of this act).

(12) No credit may be earned for contributions made on or after July 1, 2011.

FIFTY-EIGHTH DAY, MARCH 7, 2006

2006 REGULAR SESSION

NEW SECTION. Sec. 6 (1) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources the legislature needs information on how incentives are used.

(2) Each motion picture production receiving funding assistance under section 3 of this act shall report information to the department by filing a complete annual survey. The survey is due by March 31st of the year following any calendar year in which funding assistance under section 4 of this act is taken. The department may extend the due date for timely filing of annual surveys under this section if failure to file was the result of circumstances beyond the control of the motion picture production receiving the funding assistance.

(3) The survey shall include the amount of funding assistance received. The survey shall also include the following information for employment positions in Washington by the motion picture production receiving funding assistance, including indirect employment by contractors or other affiliates:

(a) The number of total employment positions;

(b) Full-time, part-time, and temporary employment positions as a percent of total employment;

A wage band containing fewer than three individuals may be combined with another wage band; and

(d) The number of employment positions that have employer-provided medical, dental, and retirement benefits, by each of the wage bands.

(4) The department may request additional information necessary to measure the results of the funding assistance program, to be submitted at the same time as the survey.

(5) If a person fails to submit an annual survey under subsection (2) of this section by the due date of the report or any extension the department shall declare the amount of funding assistance for the previous calendar year to be immediately due and payable. The department shall assess interest, but not penalties, on the amounts due under this section. The interest shall be assessed at the rate provided for delinquent taxes under chapter 82.32 RCW, retroactively to the date the funding assistance was received, and shall accrue until the funding assistance is repaid.

(6) The department shall use the information from this section to prepare summary descriptive statistics. The department shall report these statistics to the legislature each year by September 1st. The department shall provide the complete annual surveys to the joint legislative audit and review committee.

NEW SECTION. Sec. 7 The provisions of section 5 of this act are subject to review by the joint legislative audit and review committee. this assessment as a part of a comprehensive assessment system. Recently some alternative assessments have been developed. The legislature finds that there is interest in exploring why some students have not been able to meet the state standards and whether additional alternative methods, options, procedures, or performance measures could be used to augment the current system.

NEW SECTION, Sec. 2. (1) The Washington state institute for public policy shall conduct a study to explore options to augment the current system of assessments to provide additional opportunities for students to demonstrate that they have met the state learning standards. The study is limited to:

(a) A review and statistical analysis of Washington assessment of student learning data to increase understanding of the students who did not meet the standard in one or more areas of assessment, identify the characteristics of those students, and identify possible barriers to student success or possible causes of the lack of success;

(b) A review and identification of additional alternative assessment options that could be used to augment the current assessment system. In identifying the alternative assessment options, the institute shall include a review of alternative assessments used in other states as well as those that have been developed and those that have been proposed in Washington. The institute shall examine the use of national tests as well as career skill certification exams in their review of possible alternative assessment options. For each of the identified alternative assessment options, the study shall at a minimum include:

(i) An estimation of the costs for implementation;

(ii) A review of the cultural appropriateness;

(iii) Whether the alternative assessment reliably measures a student's ability to meet state learning standards in one or more of the required content areas;

(iv) Whether the alternative assessment is in compliance with RCW 28A.655.061(1); and

(v) Any challenges to implementation for each of the identified alternative assessment options, including any legislative action necessary for implementation;

(c) A review and identification of additional alternative methods, procedures, or combinations of performance measures, including those proposed in Washington, to assess whether students have met the state learning standards. For each of the identified alternative methods, procedures, or performance measures, the study shall at a minimum include:

(i) An estimation of the costs for implementation;

(ii) A review of the cultural appropriateness;

(iii) Whether the method, procedure, or performance measure reliably measures a student's ability to meet state learning standards in one or more of the required content areas;

(iv) Whether the method, procedure, or performance measure is in compliance with RCW 28A.655.061(1);

(v) Any challenges to implementation for each of the identified methods, procedures, or performance measures, including any legislative action necessary for implementation; and

(vi) Whether the procedures or methods could be standardized across the state.

(2) The Washington state institute for public policy shall provide an interim report to the legislature by December 1, 2006, and a final report by December 1, 2007. The interim report shall include a preliminary statistical analysis of the information required under subsection (1)(a) of this section and shall include recommendations on at least two alternative assessment options, alternative methods, procedures, or performance measures that were reviewed under subsection (1)(b) and (c) of this section. The final study shall include suggestions for any follow-up studies that the legislature could undertake to continue to build on the information obtained in this study.

2006 REGULAR SESSION

(3) The institute shall consult, at a minimum, with nationally recognized experts on assessments including representatives from nationally recognized centers for multicultural education, representatives of the office of the superintendent of public instruction, educators, counselors, parents, the business community, classified employees, career and technical organizations, representatives of federally recognized Washington tribes, representatives of cultural, linguistic, and racial minority groups, and the community of persons with disabilities in developing the initial list of possible alternative assessment options, alternative assessment methods, procedures, or performance measures to be reviewed under subsection (1)(b) and (c) of this section.

(4) The office of the superintendent of public instruction and school districts shall provide the institute with access to all necessary data to conduct the studies in this act.

NEW SECTION, Sec. 3. This act shall be known as the Governor Booth Gardner Act."

and the same are herewith transmitted.

MR. PRESIDENT:

The House has passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6239, with the following amendments{s} 6239-S2.E AMH APP AMH5461.1.

Strike everything after the enacting clause and insert the following:

**"PART I
SUBSTANCE ABUSE REDUCTION**

NEW SECTION. Sec. 101 A new section is added to chapter 70.96A RCW to read as follows:

(1) Any county that has imposed the sales and use tax authorized by RCW 82.14.460 may seek a state appropriation of up to one hundred thousand dollars annually beginning in fiscal year 2008 and ending in fiscal year 2010. The funds shall be used to provide additional support to counties for mental health or substance abuse treatment for persons with methamphetamine addiction. Local governments receiving funds under this section may not use the funds to supplant existing funding.

(2) Counties receiving funding shall: (a) Provide a financial plan for the expenditure of any potential funds prior to funds being awarded; (b) report annually to the appropriate committees of the legislature regarding the number of clients served, services provided, and a statement of expenditures; and (c) expend no more than ten percent for administrative costs or for information technology.

NEW SECTION. Sec. 102 A new section is added to chapter 72.09 RCW to read as follows:

(1) Through June 30, 2010, it is the intent of the legislature to provide one hundred additional placements for therapeutic drug and alcohol treatment in the state's correctional institutions, above the level of placements provided on January 1, 2006.

(2) This section expires June 30, 2010.

NEW SECTION. Sec. 103 It is the intent of the legislature to provide assistance for jurisdictions enforcing illegal drug laws that have historically been underserved by federally funded state narcotics task forces and are considered to be major transport areas of narcotics traffickers.

NEW SECTION. Sec. 104 (1) Three pilot enforcement areas shall be established for a period of four fiscal years, beginning July 1, 2006, and ending June 30, 2010, with one in the southwestern region of the state, comprising of Pacific, Wahkiakum, Lewis, Grays Harbor, and Cowlitz counties; one in the southeastern region of the state, comprising of Walla Walla, Columbia, Garfield, and Asotin counties; and one in the northeastern part of the state, comprising of Stevens, Ferry, Pend Oreille, and Lincoln counties. The counties comprising a specific pilot area shall coordinate with each other to establish and implement a regional strategy to enforce illegal drug laws.

(2) When funded by the legislature, funding is to be divided equally among the three pilot enforcement areas. This funding is intended to provide a minimum of four additional sheriff deputies for each pilot area, two deputy prosecutors who will support the counties that are included in the pilot area, a court clerk, and clerical staff to serve the pilot area. It is the intent of

2006 REGULAR SESSION

the legislature that those counties that have not previously received significant federal narcotics task force funding shall be allocated funding for at least one additional sheriff's deputy. Counties are encouraged to utilize drug courts and treatment programs, and to share resources that operate in the region through the use of interlocal agreements. The funding appropriated for this purpose must not be used to supplant existing funding and cannot be used for any purpose other than the enforcement of illegal drug laws.

The criminal justice training commission shall allocate funds to the Washington association of prosecuting attorneys and the Washington association of sheriffs and police chiefs. The Washington association of prosecuting attorneys is responsible for administration of the funding and programs for the prosecution of crimes and court proceedings. The Washington association of sheriffs and police chiefs shall administer the funds provided for law enforcement.

NEW SECTION. Sec. 105 The Washington association of sheriffs and police chiefs, the Washington association of prosecuting attorneys, and the Washington association of county officials shall jointly develop measures to determine the efficacy of the programs in the pilot areas. These measures shall include comparison of arrest rates before the implementation of this act and after, reduction of recidivism, and any other factors that are determined to be relevant to evaluation of the programs. The organizations named in this section shall present their findings to the legislature by December 1, 2008.

Sec. 106 RCW 2.28.170 and 2005 c 504 s 504 are each amended to read as follows:

(1) Counties may establish and operate drug courts.

(2) For the purposes of this section, "drug court" means a court that has special calendars or dockets designed to achieve a reduction in recidivism and substance abuse among nonviolent, substance abusing felony and nonfelony offenders, whether adult or juvenile, by increasing their likelihood for successful rehabilitation through early, continuous, and intense judicially supervised treatment; mandatory periodic drug testing; and the use of appropriate sanctions and other rehabilitation services.

(3)(a) Any jurisdiction that seeks a state appropriation to fund a drug court program must first:

(i) Exhaust all federal funding that is available to support the operations of its drug court and associated services; and

(ii) Match, on a dollar-for-dollar basis, state moneys allocated for drug court programs with local cash or in-kind resources. Moneys allocated by the state must be used to supplement, not supplant, other federal, state, and local funds for drug court operations and associated services.

(b) Any county that establishes a drug court pursuant to this section shall establish minimum requirements for the participation of offenders in the program. The drug court may adopt local requirements that are more stringent than the minimum. The minimum requirements are:

(i) The offender would benefit from substance abuse treatment;

(ii) The offender has not previously been convicted of a serious violent offense or sex offense as defined in RCW 9.94A.030; and

(iii) Without regard to whether proof of any of these elements is required to convict, the offender is not currently charged with or convicted of an offense:

(A) That is a sex offense;

(B) That is a serious violent offense;

(C) During which the defendant used a firearm; or

(D) During which the defendant caused substantial or great bodily harm or death to another person.

When considering whether a clear and present danger exists, evidence of a parent's substance abuse as a contributing factor to negligent treatment or maltreatment shall be given great weight. Poverty, homelessness, or exposure to domestic violence as defined in RCW 26.50.010 that is perpetrated against someone other than the child (~~the~~ ~~does~~) does not constitute negligent treatment or maltreatment in and of (themselves [itself]) itself.

Investigations may be conducted regardless of the location of the alleged abuse or neglect. (17) "Malice" or "maliciously" means an evil intent, wish, or design to vex, annoy, or injure another person. Such malice may be inferred from an act done in willful disregard of the rights of another, or an act wrongfully done without just cause or excuse, or an act or omission of duty betraying a willful disregard of social duty.

(2) For persons convicted of the anticipatory offenses of criminal attempt, solicitation, or conspiracy under chapter 9A.28 RCW, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by seventy-five percent.

(3) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any firearm enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the firearm enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a firearm enhancement. If the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any firearm enhancements, the following additional times shall be added to

(e) Notwithstanding any other provision of law, all firearm enhancements under this section are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be granted an extraordinary medical placement when authorized under RCW 9.94A.728(4);

(b) The offender has no current or prior convictions for a sex offense at any time or violent offense within ten years before conviction of the current offense, in this state, another state, or the United States;

(c) For a violation of the Uniform Controlled Substances Act under chapter 69.50 RCW or a criminal solicitation to commit such a violation under chapter 9A.28 RCW, the offense involved only a small quantity of the particular controlled substance as determined by the judge upon consideration of such factors as the weight, purity, packaging, sale price, and street value of the controlled substance;

(d) The offender has not been found by the United States attorney general to be subject to a deportation detainer or order and does not become subject to a deportation order during the period of the sentence;

(e) The standard sentence range for the current offense is greater than one year; and

(f) The offender has not received a drug offender sentencing alternative more than once in the prior ten years before the current offense.

(2) A motion for a sentence under this section may be made by the court, the offender, or the state. If the sentencing court determines that the offender is eligible for this alternative, the court may order an examination of the offender. The examination shall, at a minimum, address the following issues:

(a) Whether the offender suffers from drug addiction;

(b) Whether the addiction is such that there is a probability that criminal behavior will occur in the future;

(c) Whether effective treatment for the offender's addiction is available from a provider that has been licensed or certified by the division of alcohol and substance abuse of the department of social and health services; and

(d) Whether the offender and the community will benefit from the use of the alternative.

(3) The examination report must contain:

(a) Information on the issues required to be addressed in subsection (2) of this section; and

(b) A proposed treatment plan that must, at a minimum, contain:

(i) A proposed treatment provider that has been licensed or certified by the division of alcohol and substance abuse of the department of social and health services;

(ii) The recommended frequency and length of treatment, including both residential chemical dependency treatment and treatment in the community;

(iii) A proposed monitoring plan, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others; and

(iv) Recommended crime-related prohibitions and affirmative conditions.

(4) After receipt of the examination report, if the court determines that a sentence under this section is appropriate, the court shall waive imposition of a sentence within the standard sentence range and impose a sentence consisting of either a prison-based alternative under subsection (5) of this section or a residential chemical dependency treatment-based alternative under subsection (6) of this section. The residential chemical dependency treatment-based alternative is only available if the midpoint of the standard range is twenty-four months or less.

(5) The prison-based alternative shall include:

(a) A period of total confinement in a state facility for one-half of the midpoint of the standard sentence range or twelve months, whichever is greater. During incarceration in the state facility, offenders sentenced under this subsection shall undergo a comprehensive substance abuse assessment and receive, within available resources, treatment services appropriate for the offender. The treatment services shall be designed by the division of alcohol and substance abuse of the department of social and health services, in cooperation with the department of corrections;

(b) The remainder of the midpoint of the standard range as a term of community custody which must include appropriate substance abuse treatment in a program that has been approved by the division of alcohol and substance abuse of the department of social and health services. If the department finds that

FIFTY-EIGHTH DAY, MARCH 7, 2006

conditions have been willfully violated, the offender may be reclassified to serve the remaining balance of the original sentence. An offender who fails to complete the program or who is administratively terminated from the program shall be reclassified to serve the unexpired term of his or her sentence as ordered by the sentencing court;

(c) Crime-related prohibitions including a condition not to use illegal controlled substances;

(d) A requirement to submit to urinalysis or other testing to monitor that status; and

(6) The residential chemical dependency treatment-based alternative shall include:

(a) A term of community custody equal to one-half of the midpoint of the standard sentence range or two years, whichever is greater, conditioned on the offender entering and remaining in residential chemical dependency treatment certified under chapter 70.96A RCW for a period set by the court between three and six months. If the court imposes a term of community custody, the department shall, within available resources, make chemical dependency assessment and treatment services available to the offender during the term of community custody. The court shall impose, as conditions of community custody, treatment and other conditions as proposed in the plan under subsection (3)(b) of this section. The department may impose conditions and sanctions as authorized in RCW 9.94A.715 (2), (3), (6), and (7), 9.94A.737, and 9.94A.740. The court shall schedule a progress hearing during the period of residential chemical dependency treatment, and schedule a treatment termination hearing for three months before the expiration of the term of community custody;

(b) Before the progress hearing and treatment termination hearing, the treatment provider and the department shall submit written reports to the court and parties regarding the offender's compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment. At the hearing, the court may:

(ii) Continue the hearing to a date before the expiration date of community custody, with or without modifying the conditions of community custody; or

(iii) Impose a term of total confinement equal to one-half the midpoint of the standard sentence range, followed by a term of community custody under RCW 9.94A.715;

(c) If the court imposes a term of total confinement under (b)(iii) of this subsection, the department shall, within available resources, make chemical dependency assessment and treatment services available to the offender during the terms of total confinement and community custody.

The offender may be required to pay thirty dollars per month while on community custody to offset the cost of monitoring. In addition, the court may impose any of the following conditions:

(8)(a) The court may bring any offender sentenced under this section back into court at any time on its own initiative to evaluate the offender's progress in treatment or to determine if any violations of the conditions of the sentence have occurred.

(b) If the offender is brought back to court, the court may modify the terms of the community custody or impose sanctions under (c) of this subsection.

(c) The court may order the offender to serve a term of total confinement within the standard range of the offender's current offense at any time during the period of community custody if the offender violates the conditions of the sentence or if the offender is failing to make satisfactory progress in treatment.

(d) An offender ordered to serve a term of total confinement under (c) of this subsection shall receive credit for any time previously served under this section.

(9) If an offender sentenced to the prison-based alternative under subsection (5) of this section is found by the United States attorney general to be subject to a deportation order, a hearing shall be held by the department unless waived by the offender, and, if the department finds that the offender is subject to a valid deportation order, the department may administratively terminate the offender from the program and reclassify the offender to serve the remaining balance of the original sentence.

"**Sec. 1.** RCW 82.32.045 and 2003 1st sp.s. c 13 s 8 are each amended to read as follows:

(1) Except as otherwise provided in this chapter, payments of the taxes imposed under chapters 82.04, 82.08, 82.12, 82.14, and 82.16 RCW, along with reports and returns on forms prescribed by the department, are due monthly within ~~((twenty))~~ twenty-five days after the end of the month in which the taxable activities occur.

(2) The department of revenue may relieve any taxpayer or class of taxpayers from the obligation of remitting monthly and may require the return to cover other longer reporting periods, but in no event may returns be filed for a period greater than one year. For these taxpayers, tax payments are due on or before the last day of the month next succeeding the end of the period covered by the return.

(3) The department of revenue may also require verified annual returns from any taxpayer, setting forth such additional information as it may deem necessary to correctly determine tax liability.

(4) Notwithstanding subsections (1) and (2) of this section, the department may relieve any person of the requirement to file returns if the following conditions are met:

(a) The person's value of products, gross proceeds of sales, or gross income of the business, from all business activities taxable under chapter 82.04 RCW, is less than twenty-eight thousand dollars per year;

(b) The person's gross income of the business from all activities taxable under chapter 82.16 RCW is less than twenty-four thousand dollars per year; and

(c) The person is not required to collect or pay to the department of revenue any other tax or fee which the department is authorized to collect.

Sec. 2. RCW 82.23B.020 and 2003 1st sp.s. c 13 s 9 are each amended to read as follows:

(1) An oil spill response tax is imposed on the privilege of receiving crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine terminal from a waterborne vessel or barge at the rate of one cent per barrel of crude oil or petroleum product received.

(2) In addition to the tax imposed in subsection (1) of this section, an oil spill administration tax is imposed on the privilege of receiving crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine terminal from a waterborne vessel or barge at the rate of four cents per barrel of crude oil or petroleum product.

(3) The taxes imposed by this chapter shall be collected by the marine terminal operator from the taxpayer. If any person charged with collecting the taxes fails to bill the taxpayer for the taxes, or in the alternative has not notified the taxpayer in writing of the imposition of the taxes, or having collected the taxes, fails to pay them to the department in the manner

FIFTY-EIGHTH DAY, MARCH 7, 2006

2006 REGULAR SESSION

prescribed by this chapter, whether such failure is the result of the person's own acts or the result of acts or conditions beyond the person's control, he or she shall, nevertheless, be personally liable to the state for the amount of the taxes. Payment of the taxes by the owner to a marine terminal operator shall relieve the owner from further liability for the taxes.

(4) Taxes collected under this chapter shall be held in trust until paid to the department. Any person collecting the taxes who appropriates or converts the taxes collected shall be guilty of a gross misdemeanor if the money required to be collected is not available for payment on the date payment is due. The taxes required by this chapter to be collected shall be stated separately from other charges made by the marine terminal operator in any invoice or other statement of account provided to the taxpayer.

(5) If a taxpayer fails to pay the taxes imposed by this chapter to the person charged with collection of the taxes and the person charged with collection fails to pay the taxes to the department, the department may, in its discretion, proceed directly against the taxpayer for collection of the taxes.

(6) The taxes shall be due from the marine terminal operator, along with reports and returns on forms prescribed by the department, within ~~((twenty))~~ twenty-five days after the end of the month in which the taxable activity occurs.

(7) The amount of taxes, until paid by the taxpayer to the marine terminal operator or to the department, shall constitute a debt from the taxpayer to the marine terminal operator. Any person required to collect the taxes under this chapter who, with intent to violate the provisions of this chapter, fails or refuses to do so as required and any taxpayer who refuses to pay any taxes due under this chapter, shall be guilty of a misdemeanor as provided in chapter 9A.20 RCW.

(8) Upon prior approval of the department, the taxpayer may pay the taxes imposed by this chapter directly to the department. The department shall give its approval for direct payment under this section whenever it appears, in the department's judgment, that direct payment will enhance the administration of the taxes imposed under this chapter. The department shall provide by rule for the issuance of a direct payment certificate to any taxpayer qualifying for direct payment of the taxes. Good faith acceptance of a direct payment certificate by a terminal operator shall relieve the marine terminal operator from any liability for the collection or payment of the taxes imposed under this chapter.

(9) All receipts from the tax imposed in subsection (1) of this section shall be deposited into the state oil spill response account. All receipts from the tax imposed in subsection (2) of this section shall be deposited into the oil spill prevention account.

(10) Within forty-five days after the end of each calendar quarter, the office of financial management shall determine the balance of the oil spill response account as of the last day of that calendar quarter. Balance determinations by the office of financial management under this section are final and shall not be used to challenge the validity of any tax imposed under this chapter. The office of financial management shall promptly notify the departments of revenue and ecology of the account balance once a determination is made. For each subsequent calendar quarter, the tax imposed by subsection (1) of this section shall be imposed during the entire calendar quarter unless:

(a) Tax was imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than nine million dollars; or

(b) Tax was not imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than eight million dollars.

Sec. 3. RCW 82.27.060 and 2003 1st sp.s. c 13 s 10 are each amended to read as follows:

The taxes levied by this chapter shall be due for payment monthly and remittance therefor shall be made within ~~((twenty))~~ twenty-five days after the end of the month in which the taxable activity occurs. The taxpayer on or before the due date shall make out a signed return, setting out such information as the department of revenue may require, including the gross measure of the tax, any deductions, credits, or exemptions claimed, and the amount of tax due for the preceding monthly period, which amount shall be transmitted to the department along with the return.

The department may relieve any taxpayer from the obligation of filing a monthly return and may require the return to cover other periods, but in no event may periodic returns be filed for a period greater than one year. In such cases tax payments are due on or before the last day of the month next succeeding the end of the period covered by the return.

Sec. 4. RCW 82.32.085 and 1990 c 69 s 3 are each amended to read as follows:

(1) "Electronic funds transfer" means any transfer of funds, other than a transaction originated by check, drafts, or similar paper instrument, which is initiated through an electronic terminal, telephonic instrument, or computer or magnetic tape so as to order, instruct, or authorize a financial institution to debit or credit an account.

~~((The electronic funds transfer is to be completed so that the state receives collectible funds on or before the next banking day following the due date.))~~

(2)(a) Except as provided in (b) of this subsection, the electronic funds transfer is to be completed so that the state receives collectible funds on or before the next banking day following the due date.

(b) A remittance made using the automated clearinghouse debit method will be deemed to be received on the due date if the electronic funds transfer is initiated on or before 11:59 p.m. pacific time on the due date with an effective payment date on or before the next banking day following the due date.

~~(3)(a) The department shall adopt rules necessary to implement the provisions of RCW 82.32.080 and this section. The rules shall include but are not limited to: ~~((+))~~ (i) Coordinating the filing of tax returns with payment by electronic funds transfer; ~~((2))~~ (ii) form and content of electronic funds transfer; ~~((3))~~ (iii) voluntary use of electronic funds transfer with permission of the department; ~~((4))~~ (iv) use of commonly accepted means of electronic funds transfer; ~~((5))~~ (v) means of crediting and recording proof of payment; and ~~((6))~~ (vi) means of correcting errors in transmission.~~

(b) Any changes in the threshold of tax shall be implemented with a separate rule-making procedure.

NEW SECTION. Sec. 5. (1) The legislature recognizes the following with respect to the payment of excise taxes to the department of revenue by electronic funds transfer:

(a) Taxpayers required to pay their taxes by electronic funds transfer must do so through the use of either the automated clearinghouse debit method or automated clearinghouse credit method;

(b) For a remittance by electronic funds transfer to be considered timely, the transfer must be completed so that the state receives collectible funds on or before the next banking day following the due date;

(c) For the state to receive collectible funds on or before the next banking day following the due date, taxpayers using the automated clearinghouse debit method must initiate the transfer before 5:00 p.m. pacific time on the due date;

FIFTY-EIGHTH DAY, MARCH 7, 2006

2006 REGULAR SESSION

(d) The department of revenue receives information identifying the precise date and time the electronic funds transfer is initiated when a taxpayer uses the debit method; and

(e) The department receives information identifying only the date that the state receives collectible funds when a taxpayer uses the automated clearinghouse credit method.

(2) The legislature therefore finds that a remittance made using the automated clearinghouse debit method should be deemed to be received on the due date if the transfer is initiated on or before 11:59 p.m. pacific time on the due date with an effective payment date on or before the next banking day following the due date. The legislature further finds that because the department does not receive information about when an electronic funds transfer is initiated when a taxpayer uses the automated clearinghouse credit method, such transfers must be completed so that the state receives collectible funds on or before the next banking day following the due date.

Sec. 6. RCW 82.32.105 and 1998 c 304 s 13 are each amended to read as follows:

(1) If the department of revenue finds that the payment by a taxpayer of a tax less than that properly due or the failure of a taxpayer to pay any tax by the due date was the result of circumstances beyond the control of the taxpayer, the department of revenue shall waive or cancel any penalties imposed under this chapter with respect to such tax.

(2) The department shall waive or cancel the penalty imposed under RCW 82.32.090(1) when the circumstances under which the delinquency occurred do not qualify for waiver or cancellation under subsection (1) of this section if:

(a) The taxpayer requests the waiver for a tax return required to be filed under RCW 82.32.045, 82.14B.061, 82.23B.020, 82.27.060, 82.29A.050, or 84.33.086; and

(b) The taxpayer has timely filed and remitted payment on all tax returns due for that tax program for a period of twenty-four months immediately preceding the period covered by the return for which the waiver is being requested.

(3) The department shall waive or cancel the initial five percent assessment penalty imposed under RCW 82.32.090(2) when the circumstances under which the deficiency occurred do not qualify for waiver or cancellation under subsection (1) of this section if:

(a) The taxpayer requests the waiver for a single tax return required to be filed under RCW 82.32.045, 82.14B.061, 82.23B.020, 82.27.060, 82.29A.050, or 84.33.086, whether or not the assessment covers a single tax return or multiple tax returns;

(b) The penalty is not included in an assessment involving more than a twelve-month period; and

(c) The amount of underpaid tax included in the assessment is no more than twenty percent of the total tax due for the period or periods included in the assessment.

The waiver in this subsection shall only be granted once in a twelve-month period.

(4) The department shall waive or cancel interest imposed under this chapter if:

(a) The failure to timely pay the tax was the direct result of written instructions given the taxpayer by the department; or

(b) The extension of a due date for payment of an assessment of deficiency was not at the request of the taxpayer and was for the sole convenience of the department.

~~((+))~~ (5) The department of revenue shall adopt rules for the waiver or cancellation of penalties and interest imposed by this chapter.

NEW SECTION. Sec. 7. (1) Sections 1 through 3 of this act apply to returns due after July 31, 2006.

(2) Section 4 of this act applies to payments due after July 31, 2006.

(3) Section 6 of this act only applies to assessments originally issued after June 30, 2006.

NEW SECTION. Sec. 8. This act does not affect any existing right acquired or liability or obligation incurred under the sections amended in this act or under any rule or order adopted under those sections, nor does it affect any proceeding instituted under those sections.

NEW SECTION. Sec. 9. (1) Sections 1 through 4 of this act take effect August 1, 2006.

(2) Sections 6 and 7 of this act take effect July 1, 2006."

The President declared the question before the Senate to be the motion by Senator Prentice to not adopt the committee striking amendment by the Committee on Ways & Means to House Bill No. 2671.

The motion by Senator Prentice carried and the committee striking amendment was not adopted by voice vote.

MOTION

Senator Prentice moved that the following striking amendment by Senators Prentice and Doumit be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 82.32.045 and 2003 1st sp.s. c 13 s 8 are each amended to read as follows:

Sec. 2. RCW 82.23B.020 and 2003 1st sp.s. c 13 s 9 are each amended to read as follows:

(1) An oil spill response tax is imposed on the privilege of receiving crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine terminal from a waterborne vessel or barge at

(2) In addition to the tax imposed in subsection (1) of this section, an oil spill administration tax is imposed on the privilege of receiving crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine terminal from a waterborne vessel or barge at the rate of four cents per barrel of crude oil or petroleum product.

(10) Within forty-five days after the end of each calendar quarter, the office of financial management shall determine the balance of the oil spill response account as of the last day of that calendar quarter. Sec. 3. RCW 82.27.060 and 2003 1st sp.s. c 13 s 10 are each amended to read as follows:

The taxes levied by this chapter shall be due for payment monthly and remittance therefor shall be made within ~~((twenty))~~ twenty-five days after the end of the month in which the taxable activity occurs. The taxpayer on or before the due date shall make out a signed return, setting out such information as the department of revenue may require, including the gross measure of the tax, any deductions, credits, or exemptions claimed, and the amount of tax due for the preceding monthly period, which amount shall be transmitted to the department along with the return.

In such cases tax payments are due on or before the last day of the month next succeeding the end of the period covered by the return.

Sec. 4. RCW 82.32.085 and 1990 c 69 s 3 are each amended to read as follows:

(1) "Electronic funds transfer" means any transfer of funds, other than a transaction originated by check, drafts, or similar paper instrument, which is initiated through an electronic terminal, telephonic instrument, or computer or magnetic tape so as to order, instruct, or authorize a financial institution to debit or credit an account.

(2)(a) Except as provided in (b) of this subsection, the electronic funds transfer is to be completed so that the state receives collectible funds on or before the next banking day following the due date.

(b) A remittance made using the automated clearinghouse debit method will be deemed to be received on the due date if the electronic funds transfer is initiated on or before 11:59 p.m. pacific time on the due date with an effective payment date on or before the next banking day following the due date.

(3)(a) The department shall adopt rules necessary to implement the provisions of RCW 82.32.080 and this section. The rules shall include but are not limited to: ~~((+))~~ (i) Coordinating the filing of tax returns with payment by electronic funds transfer; ~~((2))~~ (ii) form and content of electronic funds transfer; ~~((3))~~ (iii) voluntary use of electronic funds transfer with permission of the department; ~~((4))~~ (iv) use of commonly accepted means of electronic funds transfer; ~~((5))~~ (v) means of crediting and recording proof of payment; and ~~((6))~~ (vi) means of correcting errors in transmission.

(b) Any changes in the threshold of tax shall be implemented with a separate rule-making procedure.

NEW SECTION. Sec. 5. (1) The legislature recognizes the following with respect to the payment of excise taxes to the department of revenue by electronic funds transfer:

(a) Taxpayers required to pay their taxes by electronic funds transfer must do so through the use of either the automated clearinghouse debit method or automated clearinghouse credit method;

FIFTY-EIGHTH DAY, MARCH 7, 2006

(b) For a remittance by electronic funds transfer to be considered timely, the transfer must be completed so that the state receives collectible funds on or before the next banking day following the due date;

(c) For the state to receive collectible funds on or before the next banking day following the due date, taxpayers using the automated clearinghouse debit method must initiate the transfer before 5:00 p.m. pacific time on the due date;

(d) The department of revenue receives information identifying the precise date and time the electronic funds transfer is initiated when a taxpayer uses the debit method; and

(e) The department receives information identifying only the date that the state receives collectible funds when a taxpayer uses the automated clearinghouse credit method.

(2) The legislature therefore finds that a remittance made using the automated clearinghouse debit method should be deemed to be received on the due date if the transfer is initiated on or before 11:59 p.m. pacific time on the due date with an effective payment date on or before the next banking day following the due date. The legislature further finds that because the department does not receive information about when an electronic funds transfer is initiated when a taxpayer uses the automated clearinghouse credit method, such transfers must be completed so that the state receives collectible funds on or before the next banking day following the due date.

Sec. 6. RCW 82.32.090 and 2003 1st sp.s. c 13 s 13 are each amended to read as follows:

(1) If payment of any tax due on a return to be filed by a taxpayer is not received by the department of revenue by the due date, there shall be assessed a penalty of five percent of the amount of the tax; and if the tax is not received on or before the last day of the month following the due date, there shall be assessed a total penalty of fifteen percent of the amount of the tax under this subsection; and if the tax is not received on or before the last day of the second month following the due date, there shall be assessed a total penalty of twenty-five percent of the amount of the tax under this subsection. No penalty so added shall be less than five dollars.

(2) If the department of revenue determines that any tax (~~is due~~) has been substantially underpaid, there shall be assessed a penalty of five percent of the amount of the tax determined by the department to be due (~~and~~). If payment of any tax determined by the department to be due is not received by the department by the due date specified in the notice, or any extension thereof, there shall be assessed a total penalty of fifteen percent of the amount of the tax under this subsection; and if ((the)) payment of any tax determined by the department to be due is not received on or before the thirtieth day following the due date specified in the notice of tax due, or any extension thereof, there shall be assessed a total penalty of twenty-five percent of the amount of the tax under this subsection. No penalty so added shall be less than five dollars. As used in this section, "substantially underpaid" means that the taxpayer has paid less than eighty percent of the amount of tax determined by the department to be due for all of the types of taxes included in, and for the entire period of time covered by, the department's examination, and the amount of underpayment is at least one thousand dollars.

(3) If a warrant be issued by the department of revenue for the collection of taxes, increases, and penalties, there shall be added thereto a penalty of ten percent of the amount of the tax, but not less than ten dollars.

(4) If the department finds that a person has engaged in any business or performed any act upon which a tax is imposed under this title and that person has not obtained from the department a registration certificate as required by RCW 82.32.030, the department shall impose a penalty of five percent of the amount of tax due from that person for the period that the person was not registered as required by RCW 82.32.030. The department shall not impose the penalty under this subsection (4) if a person who has engaged in business taxable under this

title without first having registered as required by RCW 82.32.030, prior to any notification by the department of the need to register, obtains a registration certificate from the department.

(5) If the department finds that all or any part of a deficiency resulted from the disregard of specific written instructions as to reporting or tax liabilities, the department shall add a penalty of ten percent of the amount of the additional tax found due because of the failure to follow the instructions. A taxpayer disregards specific written instructions when the department of revenue has informed the taxpayer in writing of the taxpayer's tax obligations and the taxpayer fails to act in accordance with those instructions unless the department has not issued final instructions because the matter is under appeal pursuant to this chapter or departmental regulations. The department shall not assess the penalty under this section upon any taxpayer who has made a good faith effort to comply with the specific written instructions provided by the department to that taxpayer. Specific written instructions may be given as a part of a tax assessment, audit, determination, or closing agreement, provided that such specific written instructions shall apply only to the taxpayer addressed or referenced on such documents. Any specific written instructions by the department of revenue shall be clearly identified as such and shall inform the taxpayer that failure to follow the instructions may subject the taxpayer to the penalties imposed by this subsection.

(6) If the department finds that all or any part of the deficiency resulted from an intent to evade the tax payable hereunder, a further penalty of fifty percent of the additional tax found to be due shall be added.

(7) The penalties imposed under subsections (1) through (4) of this section can each be imposed on the same tax found to be due. This subsection does not prohibit or restrict the application of other penalties authorized by law.

(8) The department of revenue may not impose both the evasion penalty and the penalty for disregarding specific written instructions on the same tax found to be due.

(9) For the purposes of this section, "return" means any document a person is required by the state of Washington to file to satisfy or establish a tax or fee obligation that is administered or collected by the department of revenue, and that has a statutorily defined due date.

NEW SECTION. Sec. 7. (1) Sections 1 through 3 of this act apply to returns due after July 31, 2006.

(2) Section 4 of this act applies to payments due after July 31, 2006.

(3) Section 6 of this act only applies to assessments originally issued after June 30, 2006.

NEW SECTION. Sec. 8. This act does not affect any existing right acquired or liability or obligation incurred under the sections amended in this act or under any rule or order adopted under those sections, nor does it affect any proceeding instituted under those sections.

NEW SECTION. Sec. 9. (1) Sections 1 through 4 of this act take effect August 1, 2006.

(2) Sections 6 and 7 of this act take effect July 1, 2006."

March 2, 2006

MR. PRESIDENT:

The House has passed SECOND SUBSTITUTE SENATE BILL NO. 6193, with the following amendments{s} 6193-S2 AMH HC H5388.1.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that people of color experience significant disparities from the general population in education, employment, healthy living conditions, access to health care, and other social determinants of health. The legislature intends to address barriers to gender-appropriate

and culturally and linguistically appropriate health care and health education materials, including increasing the number of female and minority health care providers, through expanded recruiting, education, and retention programs. The legislature finds that before developing a work force that is representative of the diversity of the state's population, relevant and accurate data on health care professionals, students in health care professions, and recipients of health services must first be collected.

NEW SECTION. Sec. 2. A new section is added to chapter 43.70 RCW to read as follows:

(1) The department, in collaboration with the work force training and education coordinating board, shall distribute survey questions for the purpose of gathering data related to work force supply and demographics to all health care providers who hold a license to practice a health profession. The department shall adopt a schedule for distributing surveys by profession so that each profession is surveyed every two years. In developing the survey, the department shall seek advice from researchers that are likely to use the survey data.

(2)(a) At a minimum, the survey shall include questions related to understanding the following characteristics of individuals in the health care work force:

- (i) Specialty;
- (ii) Birthdate and gender;
- (iii) Race and ethnicity;
- (iv) Hours in practice per week;
- (v) Practice statistics, including hours spent in direct patient care;
- (vi) Zip codes of the location where the provider practices;
- (vii) Years in practice, years in practice in Washington, location and years in practice in other jurisdictions;
- (viii) Education and training background, including the location and types of education and training received; and
- (ix) Type of facilities where the provider practices.

(b) The department may approve proposals for the distribution of surveys containing additional data elements to selected health care professions if it determines that there is a legitimate research interest in obtaining the information, the additional burden on members of the health care profession is not unreasonable, the effect on survey response rates is not unreasonable, and there are funds available. The department may accept funds through contracts, grants, donations, or other forms of contributions to support more detailed surveys.

(3) The department must make a public data set available that meets the confidentiality requirements of subsection (5) of this section. The department may respond to requests for data and other information from the registry for special studies and analysis pursuant to a data-sharing agreement. Any use of the data by the requestor must comply with the confidentiality requirements of subsection (5) of this section. The department may require requestors to pay any or all of the reasonable costs associated with such requests that may be approved.

(4) The failure to complete or return the survey may not be grounds to withhold, fail to renew, or revoke a license or to impose any other disciplinary sanctions against a credentialed health care provider.

(5) The department must process the surveys that it receives in such a way that the identity of individual providers remains confidential. Data elements related to the identification of individual providers are confidential and are exempt from RCW 42.56.040 through 42.56.570 and 42.17.350 through 42.17.450, except as provided in a data-sharing agreement approved by the department pursuant to subsection (3) of this section.

(6) By July 1, 2009, the department shall provide a report to the appropriate committees of the legislature on the effectiveness of using a survey to obtain information on the supply of health care professionals, the distribution and use of the information obtained by the surveys by employers and health professions education and training programs and the

extent to which the surveys have alleviated identified shortages of trained health care providers.

NEW SECTION. Sec. 3. Section 1 of this act takes effect July 1, 2006.

NEW SECTION. Sec. 4. This act expires January 1, 2012." Correct the title. and the same are herewith transmitted.

SECOND SUBSTITUTE SENATE BILL NO. 6193, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Honeyford that Substitute House Bill 2688 is not properly before the body because it is beyond the cutoff dates established by Senate Concurrent Resolution 8414, the President finds and rules as follows:

The plain language of the cutoff resolution clearly exempts budget-related measures from all of the cutoff dates set forth in the resolution. To determine if the measure before us is necessary to implement the budget, the President generally looks first to determine if the mechanics of the bill relate to the budget, and second, whether any budget references the measure itself.

The measure before us relates to LEOFF benefits and contribution rates. Although an argument can be made that this bill is related to the budget, its substance is in no way crucial to raising or spending money in such a way that it can truly be considered an integral and necessary part of the budget process. And, while it is possible that funding for the bill or its programs will be provided in the budget ultimately enacted, no versions of

FIFTY-EIGHTH DAY, MARCH 7, 2006

the budget to date reference this measure specifically.

As a result, the President concludes that this measure is not presently necessary for the budget and is beyond the cutoff dates set forth in Senate Concurrent Resolution 8414. For this reason, Senator Honeyford's point is well-taken, and the measure is not properly before the body for its consideration at this time."

MOTION

On motion of Senator Eide, further consideration of Substitute House Bill No. 2688 was deferred and the bill held its place on the third reading calendar.

MESSAGE FROM THE HOUSE

March 2, 2006

MR. PRESIDENT:

The House has passed SECOND SUBSTITUTE SENATE BILL NO. 6197, with the following amendments{s} 6197-S2 AMH HC H5391.1.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 43.20 RCW to read as follows:

The legislature finds that women and people of color experience significant disparities from men and the general population in education, employment, healthful living conditions, access to health care, and other social determinants of health. The legislature finds that these circumstances coupled with lower, slower, and less culturally appropriate and gender appropriate access to needed medical care result in higher rates of morbidity and mortality for women and persons of color than observed in the general population. Health disparities are defined by the national institute of health as the differences in incidence, prevalence, mortality, and burden of disease and other adverse health conditions that exist among specific population groups in the United States.

It is the intent of the Washington state legislature to create the healthiest state in the nation by striving to eliminate health disparities in people of color and between men and women. In meeting the intent of this act, the legislature creates the governor's interagency coordinating council on health disparities. This council shall create an action plan and statewide policy to include health impact reviews that measure and address other social determinants of health that lead to disparities as well as the contributing factors of health that can have broad impacts on improving status, health literacy, physical activity, and nutrition.

Sec. 2. RCW 43.20.025 and 1989 1st ex.s. c 9 s 208 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) Over the past five years, Washington has received more than seven hundred million dollars from the tobacco master settlement agreement;

(b) While the state has securitized a portion of the moneys it was promised under the master settlement agreement, the remainder of the master settlement agreement payments is used to fund important health programs such as the state's basic health plan, children's health insurance, childhood vaccines, and public health;

(c) Litigation now pending in the state or filed in the future could result in damage awards against master settlement agreement signatories or their successors or affiliates that are so large that the defendants could obtain a stay of the execution of the judgment while they appeal only by declaring bankruptcy, rather than posting an appeal bond under state law;

(d) Should a master settlement agreement signatory declare bankruptcy, issues might be raised about whether that disrupts or jeopardizes the payments that fund important state programs;

(e) The legislature has the substantive obligation to raise revenue and to protect the financial well-being of the state and its citizens. Pursuant to that obligation, it is the legislature's responsibility to ensure the continued receipt of master settlement agreement funds to the maximum extent possible.

(2) Therefore, the legislature intends to place a maximum limit on the appeal bond a master settlement agreement signatory or a successor or affiliate of a master settlement agreement signatory can be required to post in litigation in order to stay execution of the judgment without being forced into bankruptcy while it exercises its right to appeal an adverse judgment.

NEW SECTION. Sec. 2. A new section is added to chapter 43.340 RCW to read as follows:

2006 REGULAR SESSION

(1) Except as provided in subsection (2) of this section, in order to secure and protect the moneys to be received as a result of the master settlement agreement in civil litigation under any legal theory involving a signatory, a successor of a signatory, or any affiliate of a signatory to the master settlement agreement, the supersedeas bond to be furnished in order to stay the execution of the judgment during the entire course of appellate review shall be set in accordance with applicable laws or court rules, except that the total bond that is required of all appellants collectively shall not exceed one hundred million dollars, regardless of the value of the judgment.

(2) If an appellee proves by a preponderance of the evidence that an appellant is dissipating assets outside the ordinary course of business to avoid the payment of a judgment, a court may require the appellant to post a bond in an amount up to the amount of the judgment.

NEW SECTION. Sec. 3. This act applies to all actions pending on or filed on or after the effective date of this section."

Persons required to register under this section who are enrolled in a public or private institution of higher education on June 11, 1998, must notify the county sheriff immediately. The sheriff shall notify the institution's department of public safety and shall provide that department with the same information provided to a county sheriff under subsection (3) of this section.

(2) This section may not be construed to confer any powers pursuant to RCW ((4.24.500)) 4.24.550 upon the public safety department of any public or private institution of higher education.

(i) OFFENDERS IN CUSTODY. (A) Sex offenders who committed a sex offense on, before, or after February 28, 1990, and who, on or after July 28, 1991, are in custody, as a result of that offense, of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, and (B) kidnapping offenders who on or after July 27, 1997, are in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register at the time of release from custody with an official designated by the agency that has jurisdiction over the offender. The agency shall within three days forward the registration information to the county sheriff for the county of the offender's anticipated residence. The offender must also register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. Failure to register at the time of release and within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

When the agency with jurisdiction intends to release an offender with a duty to register under this section, and the agency has knowledge that the offender is eligible for developmental disability services from the department of social and health services, the agency shall notify the division of developmental disabilities of the release. Notice shall occur not more than thirty days before the offender is to be released. The agency and the division shall assist the offender in meeting the initial registration requirement under this section. Failure to provide such assistance shall not constitute a defense for any violation of this section.

(ii) OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION. Sex offenders who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the

FIFTY-EIGHTH DAY, MARCH 7, 2006

department of correction's active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of correction's active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iii) OFFENDERS UNDER FEDERAL JURISDICTION. Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. Sex offenders who, on July 23, 1995, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 23, 1995. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997 shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED. Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS. Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within ~~(thirty)~~ three business days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after February 28, 1990, and to kidnapping offenders convicted under the laws

of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

(vii) OFFENDERS WHO LACK A FIXED RESIDENCE. Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than twenty-four hours after entering the county and provide the information required in subsection (3)(b) of this section.

(viii) OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION. Offenders who lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(ix) OFFENDERS WHO MOVE TO, WORK, CARRY ON A VOCATION, OR ATTEND SCHOOL IN ANOTHER STATE. Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in another state shall register a new address, fingerprints, and photograph with the new state within ten days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state. The person must also send written notice within ten days of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (10) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person

FIFTY-EIGHTH DAY, MARCH 7, 2006

2006 REGULAR SESSION

charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send signed written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send signed written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send signed written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide signed written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence. Failure to register at the time of release and within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

When the agency with jurisdiction intends to release an offender with a duty to register under this section, and the agency has knowledge that the offender is eligible for developmental disability services from the department of social and health services, the agency shall notify the division of developmental disabilities of the release. (ii) **OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION.** Sex offenders who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of corrections' active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of corrections' active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed on or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) **OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY.** Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

(vii) **OFFENDERS WHO LACK A FIXED RESIDENCE.** Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than twenty-four hours after entering the county and provide the information required in subsection (3)(b) of this section.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send signed written notice of the change of address to the county sheriff within seventy-two hours of moving. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide signed written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence. The notice shall include the information required by subsection (3)(b) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. The county sheriff's office may require the person to list the locations where the person has stayed during the last seven days. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within five days of the entry of the order.

(8) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints.

Failure to pay the annual fees may constitute grounds for an order to suspend surface mining, pay fines, or ~~((cancellation of))~~ cancel the reclamation permit as provided in this chapter.

~~((4))~~ (7) All fees collected by the department shall be deposited into the surface mining reclamation account created in RCW 78.44.045.

(3) Fines, interest, and other penalties collected by the department under the provisions of this chapter shall be used to reclaim surface mines abandoned prior to 1971.

Sec. 3. RCW 78.44.087 and 1997 c 186 s 1 are each amended to read as follows:

(1) The department should ensure that a sufficient performance security is available to reclaim each surface mine permitted under this chapter. To ensure sufficient funds are available:

(a) The department shall not issue a reclamation permit, except to public or governmental agencies, until the applicant has either deposited with the department an acceptable

performance security on forms prescribed ~~((and furnished))~~ by the department that is deemed adequate by the department to cover reclamation costs or has complied with the blanket performance security option in section 4 of this act. A public or governmental agency shall not be required to post performance security.

(b) No person may create a disturbed area that meets or exceeds the minimum threshold for a reclamation permit without first submitting an adequate and acceptable performance security to the department and complying with all requirements of this chapter.

~~((2))~~ ~~((This performance security may be))~~ The department may refuse to accept any performance security that the department, for any reason, deems to be inadequate to cover reclamation costs or is not in a form that is acceptable to the department.

The engineering cost estimate must be prepared using engineering principles and methods that are acceptable to the department. If the department does not approve the engineering cost estimate, the department shall determine the amount of the performance security using a standardized performance security formula developed by the department by rule.

~~((5))~~ (6) The department may ~~((increase or decrease the amount of the performance security at any time to compensate for a change in the disturbed area, the depth of excavation, a modification of the reclamation plan, or any other alteration in the conditions of the mine that affects the cost of reclamation.~~

FIFTY-EIGHTH DAY, MARCH 7, 2006

2006 REGULAR SESSION

~~The department may, for any reason, refuse any performance security not deemed adequate) recalculate a surface mine's performance security based on subsection (5) of this section. When the department recalculates a performance security, the new calculation will not be prejudiced by the existence of any previous calculation. A new performance security must be submitted to the department within thirty days of the department's written request.~~

~~((6)) (7) Liability under the performance security and the permit holder's obligation to maintain the calculated performance security amount shall be maintained until (reclamation is completed according to the approved reclamation plan to the satisfaction of the department) the surface mine is reclaimed, unless released as hereinafter provided. Partial drawings will proportionately reduce the value of a performance security but will not extinguish the remaining value. Liability under the performance security may be released only (upon written notification by the department. Notification shall be given upon completion of compliance or acceptance by the department of a substitute performance security) when the surface mine is reclaimed as evidenced by the department in writing or after the department receives and approves a substitute performance security. The department will notify the permit holder, and surety if applicable, when reclamation is accepted by the department as complete or upon the department's acceptance of an alternate security. The liability of the surety shall not exceed the amount of security required by this section and the department's reasonable legal fees to recover the security.~~

~~((7)) (8) Any interest or appreciation on the performance security shall be held by the department until (reclamation is completed to its satisfaction. At such time, the interest shall be remitted to the permit holder, except that such interest or appreciation may be used by the department to effect reclamation in the event that the permit holder fails to comply with the provisions of this chapter and the costs of reclamation exceed the face value of the performance security) the surface mine is reclaimed. The department may collect and use appreciation or interest accrued on a performance security to the same extent as for the underlying performance security. If the permit holder meets its obligations under this chapter, rules adopted under this chapter, and its approved reclamation permit and plan by completing reclamation, the department will return any unused performance security and accrued interest or appreciation.~~

~~((8)) (9) No other state agency or local government other than the department shall require performance security for the purposes of surface mine reclamation. However, nothing in this section prohibits a state agency or local government from requiring a performance security when the state agency or local government is acting in its capacity as a landowner and contracting for extraction-related activities on state or local government property.~~

~~(10) The department may enter into written agreements with federal agencies in order to avoid redundant bonding of any surface (mines straddling boundaries between federally controlled and other lands within) mine that is located on both federal and nonfederal lands in Washington state.~~

~~((9) When acting in its capacity as a regulator, no other state agency or local government may require a surface mining operation regulated under this chapter to post performance security unless that state agency or local government has express statutory authority to do so. A state agency's or local government's general authority to protect the public health, safety, and welfare does not constitute express statutory authority to require a performance security. However, nothing in this section prohibits a state agency or local government from requiring a performance security when the state agency or local government is acting in its capacity as a landowner and contracting for extraction-related activities on state or local government property.)~~

NEW SECTION. Sec. 4. A new section is added to chapter 78.44 RCW to read as follows:

(1) A permit holder, in lieu of an individual performance security for each mining site, may file a blanket performance security with the department for their group of permits.

(2) The department may reduce the required performance security calculated from its standard method prescribed in RCW 78.44.087, to an amount not to exceed the sum of reclamation security calculated by the department for the two surface mines with the largest performance security obligations, for nonmetal and nonfuel surface mines that meet the following conditions:

(a) The permit holder has had a valid reclamation permit for more than ten years and can demonstrate exemplary mining and reclamation practices that have been accepted by the department;

(b) The landowner agrees to allow the permit holder to hold a blanket security. The department must include, on forms to be signed by the landowner, notice of the risk of a lien on the landowner's lands; and

(c) The permit holder can demonstrate substantial financial ability to perform the reclamation in the approved reclamation plan and permit.

(3) Permit holders are not eligible for blanket securities if they are in violation of a final order of the department.

(4) The department must consider the compliance history and the state of the existing surface mines of the permit holder before approving any blanket performance security.

(5) Lands covered by a blanket performance security are subject to a lien placed by the department in the event of abandonment.

(6) In lieu of the performance security required of the permit holder, the department may accept a similar security from the landowner, equal to the estimated cost of reclamation as determined by the department.

NEW SECTION. Sec. 5. A new section is added to chapter 78.44 RCW to read as follows:

(1) To the extent a performance security is insufficient to cover the cost of reclamation performed by the department, a lien shall be established in favor of the department upon all of the permit holder's real and personal property.

(2) The lien attaches upon the filing of a notice of claim of lien with the county clerk of the county in which the property is located. The notice of lien claim must contain a true statement of the demand, the insufficiency of the performance security to compensate the department, and the failure of the permit holder to perform the reclamation required.

(3) The lien becomes effective when filed.

(4) The lien created by this section may be foreclosed by a suit in the superior court in the manner provided by law for the foreclosure of other liens on real or personal property.

Sec. 6. RCW 42.56.270 and 2005 c 274 s 407 are each amended to read as follows:

The assessment must be consistent with the guidelines for risk assessments and psychosexual evaluations developed by the department. The person requesting services and the person's legal representative have the right to choose the qualified professional who will perform the assessment from a list of state contracted qualified professionals. The assessment must contain, at a minimum, a determination by the qualified professional whether the person can be managed successfully in the community with reasonably available safeguards and that lesser restrictive residential placement alternatives have been considered and would not be reasonable for the person seeking services. The department may request an additional evaluation by a qualified professional evaluator who is contracted with the state.

(2) Any person being considered for placement in the community protection program and his or her legal representative must be informed in writing of the following: (a) Limitations regarding the services that will be available due to the person's community protection issues; (b) disclosure requirements as a condition of receiving services other than case management; (c) the requirement to engage in therapeutic treatment may be a condition of receiving certain services; (d) anticipated restrictions that may be provided including, but not limited to intensive supervision, limited access to television viewing, reading material, videos; (e) the right to accept or decline services; (f) the anticipated consequences of declining services such as the loss of existing services and removal from waiver services; (g) the right to an administrative fair hearing in accordance with department and division policy; (h) the requirement to sign a preplacement agreement as a condition of receiving community protection intensive supported living services; (i) the right to retain current services during the pendency of any challenge to the department's decision; (j) the right to refuse to participate in the program.

(b) If the department determines that a person cannot be managed successfully in the community protection program with reasonably available safeguards, the department must notify the person and his or her legal representative in writing.

NEW SECTION. Sec. 5. (1) Individuals receiving services through the department's community protection waiver retain all appeal rights provided for in RCW 71A.10.050. right to an adjudicative proceeding and the time limits for filing an application for an adjudicative proceeding. Notice must also include a statement advising the recipient of the right to file a petition for judicial review of a final administrative decision as provided in chapter 34.05 RCW.

(5) Nothing in this section creates an entitlement to placement on the community protection waiver nor does it create a right to an administrative hearing on department decisions denying placement on the community protection waiver.

NEW SECTION. Sec. 6. (1) Community protection program participants shall have appropriate opportunities to receive services in the least restrictive manner and in the least restrictive environments possible.

(2) There must be a review by the treatment team every ninety days to assess each participant's progress, evaluate use of less restrictive measures, and make changes in the participant's program as necessary. The team must review all restrictions and recommend reductions if appropriate. The therapist must write a report annually evaluating the participant's risk of offense and/or risk of behaviors that are dangerous to self or others. The department shall have rules in place describing this process. If a treatment team member has reason to be concerned that circumstances have changed significantly, the team member may request that a complete reassessment be conducted at any time.

NEW SECTION. Sec. 7. A participant who demonstrates success in complying with reduced restrictions and remains free of offenses that may indicate a relapse for at least twelve months, may be considered for placement in a less restrictive community residential setting.

The process to move a participant to a less restrictive residential placement shall include, at a minimum:

(1) Written verification of the person's treatment progress, compliance with reduced restrictions, an assessment of low risk of reoffense, and a recommendation as to suitable placement by the treatment team;

(2) Development of a gradual phase out plan by the treatment team, projected over a reasonable period of time and includes specific criteria for evaluating reductions in restrictions, especially supervision;

(3) The absence of any incidents that may indicate relapse for a minimum of twelve months;

(4) A written plan that details what supports and services, including the level of supervision the person will receive from the division upon exiting the community protection program;

(5) An assessment consistent with the guidelines for risk assessments and psychosexual evaluations developed by the division, conducted by a qualified professional. At a minimum, the assessment shall include:

(a) An evaluation of the participant's risk of reoffense and/or dangerousness; and

(6) Recommendation by the treatment team that the participant is ready to move to a less restrictive community residential placement.

NEW SECTION. Sec. 8. (1) The department is authorized to take one or more of the enforcement actions listed in subsection (2) of this section when the department finds that a provider of residential services and support with whom the department entered into an agreement under this chapter has:

(a) Failed or refused to comply with the requirements of this chapter or the rules adopted under it;

(b) Failed or refused to cooperate with the certification process;

(c) Prevented or interfered with a certification, inspection, or investigation by the department;

(d) Failed to comply with any applicable requirements regarding vulnerable adults under chapter 74.34 RCW; or

FIFTY-EIGHTH DAY, MARCH 7, 2006

2006 REGULAR SESSION

(e) Knowingly, or with reason to know, made a false statement of material fact related to certification or contracting with the department, or in any matter under investigation by the department.

(2) The department may:

(a) Decertify or refuse to renew the certification of a provider;

(b) Impose conditions on a provider's certification status;

(c) Suspend department referrals to the provider; or

(d) Require a provider to implement a plan of correction developed by the department and to cooperate with subsequent monitoring of the provider's progress. In the event a provider fails to implement the plan of correction or fails to cooperate with subsequent monitoring, the department may impose civil penalties of not more than one hundred fifty dollars per day per violation. Each day during which the same or similar action or inaction occurs constitutes a separate violation.

(3) When determining the appropriate enforcement action or actions under subsection (2) of this section, the department must select actions commensurate with the seriousness of the harm or threat of harm to the persons being served by the provider. Further, the department may take enforcement actions that are more severe for violations that are uncorrected, repeated, pervasive, or which present a serious threat of harm to the health, safety, or welfare of persons served by the provider. The department shall by rule develop criteria for the selection and implementation of enforcement actions authorized in subsection (2) of this section. Rules adopted under this section shall include a process for an informal review upon request by a provider.

(4) The provisions of chapter 34.05 RCW apply to enforcement actions under this section. Except for the imposition of civil penalties, the effective date of enforcement actions shall not be delayed or suspended pending any hearing or informal review.

(5) The enforcement actions and penalties authorized in this section are not exclusive or exhaustive and nothing in this section prohibits the department from taking any other action authorized in statute or rule or under the terms of a contract with the provider.

NEW SECTION. Sec. 9. The department shall develop and maintain rules, guidelines, or policy manuals, as appropriate, for implementing and maintaining the community protection program under this chapter.

Sec. 10. RCW 71.09.020 and 2003 c 216 s 2 and 2003 c 50 s 1 are each reenacted and amended to read as follows:

(2) "Health care facility" means any hospital, hospice care center, licensed or certified health care facility, health maintenance organization regulated under chapter 48.46 RCW, federally qualified health maintenance organization, federally approved renal dialysis center or facility, or federally approved blood bank.

A less restrictive alternative may not include placement in the community protection program as pursuant to section 4 of this act.

(7) "Likely to engage in predatory acts of sexual violence if not confined in a secure facility" means that the person more

probably than not will engage in such acts if released unconditionally from detention on the sexually violent predator petition. Such likelihood must be evidenced by a recent overt act if the person is not totally confined at the time the petition is filed under RCW 71.09.030.

(8) "Mental abnormality" means a congenital or acquired condition affecting the emotional or volitional capacity which predisposes the person to the commission of criminal sexual acts in a degree constituting such person a menace to the health and safety of others.

(11) "Risk potential activity" or "risk potential facility" means an activity or facility that provides a higher incidence of risk to the public from persons conditionally released from the special commitment center. Risk potential activities and facilities include: Public and private schools, school bus stops, licensed day care and licensed preschool facilities, public parks, publicly dedicated trails, sports fields, playgrounds, recreational and community centers, churches, synagogues, temples, mosques, public libraries, public and private youth camps, and others identified by the department following the hearings on a potential site required in RCW 71.09.315. For purposes of this chapter, "school bus stops" does not include bus stops established primarily for public transit.

(12) "Secretary" means the secretary of social and health services or the secretary's designee.

(13) "Secure facility" means a residential facility for persons civilly confined under the provisions of this chapter that includes security measures sufficient to protect the community. Such facilities include total confinement facilities, secure community transition facilities, and any residence used as a court-ordered placement under RCW 71.09.096.

(14) "Secure community transition facility" means a residential facility for persons civilly committed and conditionally released to a less restrictive alternative under this chapter. A secure community transition facility has supervision and security, and either provides or ensures the provision of sex offender treatment services. Secure community transition facilities include but are not limited to the facility established pursuant to RCW 71.09.250(1)(a)(i) and any community-based facilities established under this chapter and operated by the secretary or under contract with the secretary.

2006 REGULAR SESSION

have been sexually motivated, as that term is defined in RCW 9.94A.030; or (d) an act as described in chapter 9A.28 RCW, that is an attempt, criminal solicitation, or criminal conspiracy to commit one of the felonies designated in (a), (b), or (c) of this subsection.

(16) "Sexually violent predator" means any person who has been convicted of or charged with a crime of sexual violence and who suffers from a mental abnormality or personality disorder which makes the person likely to engage in predatory acts of sexual violence if not confined in a secure facility.

(17) "Total confinement facility" means a secure facility that provides supervision and sex offender treatment services in a total confinement setting. Total confinement facilities include the special commitment center and any similar facility designated as a total confinement facility by the secretary.

Sec. 11. RCW 71.09.060 and 2001 c 286 s 7 are each amended to read as follows:

(1) The court or jury shall determine whether, beyond a reasonable doubt, the person is a sexually violent predator. In determining whether or not the person would be likely to engage in predatory acts of sexual violence if not confined in a secure facility, the fact finder may consider only placement conditions and voluntary treatment options that would exist for the person if unconditionally released from detention on the sexually violent predator petition. The community protection program under section 4 of this act may not be considered as a placement condition or treatment option available to the person if unconditionally released from detention on a sexually violent predator petition. When the determination is made by a jury, the verdict must be unanimous.

If, on the date that the petition is filed, the person was living in the community after release from custody, the state must also prove beyond a reasonable doubt that the person had committed a recent overt act. If the state alleges that the prior sexually violent offense that forms the basis for the petition for commitment was an act that was sexually motivated as provided in RCW 71.09.020(~~((6))~~) (15)(c), the state must prove beyond a reasonable doubt that the alleged sexually violent act was sexually motivated as defined in RCW 9.94A.030.

If the court or jury determines that the person is a sexually violent predator, the person shall be committed to the custody of the department of social and health services for placement in a secure facility operated by the department of social and health services for control, care, and treatment until such time as: (a) The person's condition has so changed that the person no longer meets the definition of a sexually violent predator; or (b) conditional release to a less restrictive alternative as set forth in RCW 71.09.092 is in the best interest of the person and conditions can be imposed that would adequately protect the community.

If the court or unanimous jury decides that the state has not met its burden of proving that the person is a sexually violent predator, the court shall direct the person's release.

If the jury is unable to reach a unanimous verdict, the court shall declare a mistrial and set a retrial within forty-five days of the date of the mistrial unless the prosecuting agency earlier moves to dismiss the petition. The retrial may be continued upon the request of either party accompanied by a showing of good cause, or by the court on its own motion in the due administration of justice provided that the respondent will not be substantially prejudiced. In no event may the person be released from confinement prior to retrial or dismissal of the case.

(2) If the person charged with a sexually violent offense has been found incompetent to stand trial, and is about to or has been released pursuant to RCW 10.77.090(4), and his or her commitment is sought pursuant to subsection (1) of this section, the court shall first hear evidence and determine whether the person did commit the act or acts charged if the court did not enter a finding prior to dismissal under RCW 10.77.090(4) that the person committed the act or acts charged. The hearing on this issue must comply with all the procedures specified in this

section. (a) The "principal arterial system" shall consist of a connected network of rural arterial routes with appropriate extensions into and through urban areas, including all routes designated as part of the interstate system, which serve corridor movements having travel characteristics indicative of substantial statewide and interstate travel;

(b) The "minor arterial system" shall, in conjunction with the principal arterial system, form a rural network of arterial routes linking cities and other activity centers which generate long distance travel, and, with appropriate extensions into and through urban areas, form an integrated network providing interstate and interregional service; and

(c) The "collector system" shall consist of routes which primarily serve the more important intercounty, intracounty, and intraurban travel corridors, collect traffic from the system of local access roads and convey it to the arterial system, and on which, regardless of traffic volume, the predominant travel distances are shorter than on arterial routes.

(2) The ~~((transportation commission))~~ department shall adopt a functional classification of highways. The ~~((commission))~~ department shall consider ~~((the recommendations of the department and testimony))~~ comments from the public and local municipalities. The ~~((commission))~~ department shall give consideration to criteria consistent with this section and federal regulations relating to the functional classification of highways, including but not limited to the following:

Sec. 11. RCW 47.05.030 and 2005 c 319 s 9 are each amended to read as follows:

The ~~((transportation commission))~~ department, in consultation with the office of financial management, shall ~~((adopt))~~ develop a comprehensive ~~((ten-year))~~ sixteen-year investment program specifying program objectives and performance measures for the preservation and improvement programs defined in this section. The ~~((adopted ten-year))~~ sixteen-year investment program must be forwarded as a

FIFTY-EIGHTH DAY, MARCH 7, 2006

2006 REGULAR SESSION

recommendation to the governor and the legislature. In the specification of investment program objectives and performance measures, the ~~((transportation commission, in consultation with the Washington state))~~ department ~~((of transportation;))~~ shall define and adopt standards for effective programming and prioritization practices including a needs analysis process. The analysis process must ensure the identification of problems and deficiencies, the evaluation of alternative solutions and trade-offs, and estimations of the costs and benefits of prospective projects. ~~((The investment program must be revised based on directions by the office of financial management.))~~ The investment program must be based upon the needs identified in the state-owned highway component of the statewide comprehensive transportation plan ~~((as defined in RCW 47.01.071(3))).~~

(1) The preservation program consists of those investments necessary to preserve the existing state highway system and to restore existing safety features, giving consideration to lowest life-cycle costing. The preservation program must require use of the most cost-effective pavement surfaces, considering:

- (a) Life-cycle cost analysis;
- (b) Traffic volume;
- (c) Subgrade soil conditions;
- (d) Environmental and weather conditions;
- (e) Materials available; and
- (f) Construction factors.

The comprehensive ~~((ten-year))~~ sixteen-year investment program for preservation must identify projects for two years and an investment plan for the remaining eight years.

(2) The improvement program consists of investments needed to address identified deficiencies on the state highway system to increase mobility, address congestion, and improve safety, support for the economy, and protection of the environment. The ~~((ten-year))~~ sixteen-year investment program for improvements must identify projects for two years and major deficiencies proposed to be addressed in the ~~((ten-year))~~ sixteen-year period giving consideration to relative benefits and life-cycle costing. The ~~((transportation commission))~~ program shall give higher priority for correcting identified deficiencies on those facilities classified as facilities of statewide significance as defined in RCW 47.06.140. Project prioritization must be based primarily upon cost-benefit analysis, where appropriate.

The ~~((transportation commission))~~ department shall ~~((approve and present))~~ submit the comprehensive ~~((ten-year))~~ sixteen-year investment program to the governor and the legislature as directed by the office of financial management.

Sec. 12. RCW 47.05.035 and 2005 c 319 s 10 are each amended to read as follows:

(1) The department shall use the transportation demand modeling tools developed under subsection (2) of this section to evaluate investments based on the best mode or improvement, or mix of modes and improvements, to meet current and future long-term demand within a corridor or system for the lowest cost. The end result of these demand modeling tools is to provide a cost-benefit analysis by which the department can determine the relative mobility improvement and congestion relief each mode or improvement under consideration will provide and the relative investment each mode or improvement under consideration will need to achieve that relief.

(2) The department will participate in the refinement, enhancement, and application of existing transportation demand modeling tools to be used to evaluate investments. This participation and use of transportation demand modeling tools will be phased in.

(3) In developing program objectives and performance measures, the department shall evaluate investment trade-offs between the preservation and improvement programs. In making these investment trade-offs, the department shall evaluate, using cost-benefit techniques, roadway and bridge maintenance activities as compared to roadway and bridge

preservation program activities and adjust those programs accordingly.

(4) The department shall allocate the estimated revenue between preservation and improvement programs giving primary consideration to the following factors:

(a) The relative needs in each of the programs and the system performance levels that can be achieved by meeting these needs;

(b) The need to provide adequate funding for preservation to protect the state's investment in its existing highway system;

(c) The continuity of future transportation development with those improvements previously programmed; and

(d) The availability of dedicated funds for a specific type of work.

(5) The ~~((commission))~~ office of financial management shall review the results of the department's findings and shall consider those findings in the development of the ~~((ten-year))~~ sixteen-year program.

Sec. 13. RCW 47.05.051 and 2005 c 319 s 11 are each amended to read as follows:

~~((+))~~ (1) The comprehensive ~~((ten-year))~~ sixteen-year investment program shall be based upon the needs identified in the state-owned highway component of the statewide ~~((multimodal))~~ comprehensive transportation plan ~~((as defined in RCW 47.01.071(4)))~~ and priority selection systems that incorporate the following criteria:

~~((+))~~ (1) Priority programming for the preservation program shall take into account the following, not necessarily in order of importance:

~~((+))~~ (a) Extending the service life of the existing highway system, including using the most cost-effective pavement surfaces, considering:

- ~~((A))~~ (i) Life-cycle cost analysis;
- ~~((B))~~ (ii) Traffic volume;
- ~~((C))~~ (iii) Subgrade soil conditions;
- ~~((D))~~ (iv) Environmental and weather conditions;
- ~~((E))~~ (v) Materials available; and
- ~~((F))~~ (vi) Construction factors;

~~((+))~~ (b) Ensuring the structural ability to carry loads imposed upon highways and bridges; and

~~((+))~~ (c) Minimizing life-cycle costs. ~~((The transportation commission in carrying out the provisions of this section may delegate to the department of transportation the authority to select preservation projects to be included in the ten-year program.~~

~~((b))~~ (2) Priority programming for the improvement program must be based primarily upon the following, not necessarily in order of importance:

~~((+))~~ (a) Traffic congestion, delay, and accidents;

~~((+))~~ (b) Location within a heavily traveled transportation corridor;

~~((+))~~ (c) Except for projects in cities having a population of less than five thousand persons, synchronization with other potential transportation projects, including transit and multimodal projects, within the heavily traveled corridor; and

~~((+))~~ (d) Use of benefit/cost analysis wherever feasible to determine the value of the proposed project.

~~((+))~~ (3) Priority programming for the improvement program may also take into account:

~~((+))~~ (a) Support for the state's economy, including job creation and job preservation;

~~((+))~~ (b) The cost-effective movement of people and goods;

~~((+))~~ (c) Accident and accident risk reduction;

~~((+))~~ (d) Protection of the state's natural environment;

~~((+))~~ (e) Continuity and systematic development of the highway transportation network;

~~((+))~~ (f) Consistency with local comprehensive plans developed under chapter 36.70A RCW including the following if they have been included in the comprehensive plan:

FIFTY-EIGHTH DAY, MARCH 7, 2006

~~((A))~~ (i) Support for development in and revitalization of existing downtowns;

~~((B))~~ (ii) Extent that development implements local comprehensive plans for rural and urban residential and nonresidential densities;

~~((C))~~ (iii) Extent of compact, transit-oriented development for rural and urban residential and nonresidential densities;

~~((D))~~ (iv) Opportunities for multimodal transportation; and

~~((E))~~ (v) Extent to which the project accommodates planned growth and economic development;

~~((vi))~~ (g) Consistency with regional transportation plans developed under chapter 47.80 RCW;

~~((viii))~~ (h) Public views concerning proposed improvements;

~~((ix))~~ (i) The conservation of energy resources;

~~((x))~~ (j) Feasibility of financing the full proposed improvement;

~~((xi))~~ (k) Commitments established in previous legislative sessions;

~~((xii))~~ (l) Relative costs and benefits of candidate programs.

~~((d)) Major projects addressing capacity deficiencies which prioritize allowing for preliminary engineering shall be reprioritized during the succeeding biennium, based upon updated project data. Reprioritized projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding.~~

~~(c) Major project approvals which significantly increase a project's scope or cost from original prioritization estimates shall include a review of the project's estimated revised priority rank and the level of funding provided. Projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding.~~

~~(2) The commission may depart from the priority programming established under subsection (1) of this section: (a) To the extent that otherwise funds cannot be utilized feasibly within the program; (b) as may be required by a court judgment, legally binding agreement, or state and federal laws and regulations; (c) as may be required to coordinate with federal, local, or other state agency construction projects; (d) to take advantage of some substantial financial benefit that may be available; (e) for continuity of route development; or (f) because of changed financial or physical conditions of an unforeseen or emergent nature. The commission or secretary of transportation shall maintain in its files information sufficient to show the extent to which the commission has departed from the established priority.~~

~~(3) The commission shall identify those projects that yield freight mobility benefits or that alleviate the impacts of freight mobility upon affected communities.)~~

Sec. 14. RCW 36.57A.191 and 2003 c 363 s 304 are each amended to read as follows:

As a condition of receiving state funding, a public transportation benefit area authority shall submit a maintenance and preservation management plan for certification by the ~~((transportation commission or its successor entity))~~ department of transportation's office of transit mobility. The plan must inventory all transportation system assets within the direction and control of the authority, and provide a preservation plan based on lowest life-cycle cost methodologies.

Sec. 15. RCW 36.78.121 and 2003 c 363 s 307 are each amended to read as follows:

The county road administration board, or its successor entity, shall establish a standard of good practice for maintenance of transportation system assets. This standard must be implemented by all counties no later than December 31, 2007. The board shall develop a model maintenance management system for use by counties. The board shall develop rules to assist the counties in the implementation of this system. Counties shall annually submit their maintenance plans to the board. The board shall compile the county data regarding

2006 REGULAR SESSION

maintenance management and annually submit it to the ~~((transportation commission or its successor entity))~~ department of transportation's office of transit mobility.

Sec. 16. RCW 36.79.120 and 1988 c 26 s 6 are each amended to read as follows:

Matching requirements shall be established after appropriate studies by the board, taking into account financial resources available to counties to meet arterial needs.

Sec. 17. RCW 36.79.130 and 1983 1st ex.s. c 49 s 13 are each amended to read as follows:

Not later than November 1st of each even-numbered year the board shall prepare and present to the ~~((state))~~ department of transportation ((commission)) a recommended budget for expenditures from the rural arterial trust account during the ensuing biennium. The budget shall contain an estimate of the revenues to be credited to the rural arterial trust account.

The ~~((state transportation commission))~~ department shall review the budget as recommended, revise the budget as it deems proper, and include the budget as revised as a separate section of the transportation budget which it shall submit to the governor pursuant to chapter 43.88 RCW.

Sec. 19. RCW 36.120.060 and 2002 c 56 s 106 are each amended to read as follows:

(1) The planning committee shall consider the following criteria for selecting transportation projects to improve corridor performance:

- (a) Reduced level of congestion and improved safety;
- (b) Improved travel time;
- (c) Improved air quality;
- (d) Increases in daily and peak period person and vehicle trip capacity;

(2) These criteria represent only minimum standards that must be considered in selecting transportation improvement projects. The board shall also consider rules and standards for benchmarks adopted by the ~~((transportation commission or its successor))~~ department as approved by the office of financial management.

Sec. 20. RCW 43.10.101 and 2005 c 319 s 104 are each amended to read as follows:

The attorney general shall prepare annually a report to the transportation committees of the legislature, ~~((the transportation commission))~~ the governor, the office of financial management, and ~~((the transportation performance audit board))~~ the Washington state department of transportation comprising a comprehensive summary of all cases involving tort claims

against the department of transportation involving highways which were concluded and closed in the previous calendar year. The report shall include for each case closed:

- (1) A summary of the factual background of the case;
- (2) Identification of the attorneys representing the state and the opposing parties;
- (3) A synopsis of the legal theories asserted and the defenses presented;
- (4) Whether the case was tried, settled, or dismissed, and in whose favor;
- (5) The approximate number of attorney hours expended by the state on the case, together with the corresponding dollar amount billed therefore; and

(6) Such other matters relating to the case as the attorney general deems relevant or appropriate, especially including any comments or recommendations for changes in statute law or agency practice that might effectively reduce the exposure of the state to such tort claims.

Sec. 21. RCW 46.44.042 and 1996 c 116 s 1 are each amended to read as follows:

Subject to the maximum gross weights specified in RCW 46.44.041, it is unlawful to operate any vehicle upon the public highways with a gross weight, including load, upon any tire concentrated upon the surface of the highway in excess of six hundred pounds per inch width of such tire. An axle manufactured after July 31, 1993, carrying more than ten thousand pounds gross weight must be equipped with four or more tires. ~~((Effective January 1, 1997,))~~ An axle carrying more than ten thousand pounds gross weight must have four or more tires, regardless of date of manufacture. Instead of the four or more tires per axle requirements of this section, an axle may be equipped with two tires limited to five hundred pounds per inch width of tire. This section does not apply to vehicles operating under oversize or overweight permits, or both, issued under RCW 46.44.090, while carrying a nonreducible load.

The following equipment may operate at six hundred pounds per inch width of tire: (1) A nonliftable steering axle or axles on the power unit; (2) a tiller axle on fire fighting apparatus; (3) a rear booster trailing axle equipped with two tires on a ready-mix concrete transit truck; and (4) a straddle trailer manufactured before January 1, 1996, equipped with single-tire axles or a single axle using a walking beam supported by two in-line single tires and used exclusively for the transport of fruit bins between field, storage, and processing. A straddle trailer manufactured after January 1, 1996, meeting this use criteria may carry five hundred fifteen pounds per inch width of tire on sixteen and one-half inch wide tires.

For the purpose of this section, the width of tire in case of solid rubber or hollow center cushion tires, so long as the use thereof may be permitted by the law, shall be measured between the flanges of the rim. For the purpose of this section, the width of tires in case of pneumatic tires shall be the maximum overall normal inflated width as stipulated by the manufacturer when inflated to the pressure specified and without load thereon.

The department of transportation, ~~((under rules adopted by the transportation commission))~~ by rule with respect to state highways, and a local authority, with respect to a public highway under its jurisdiction, may extend the weight table in RCW 46.44.041 to one hundred fifteen thousand pounds. However, the extension must be in compliance with federal law, and vehicles operating under the extension must be in full compliance with the 1997 axle and tire requirements under this section.

Sec. 22. RCW 46.44.080 and 1977 ex.s. c 151 s 29 are each amended to read as follows:

Local authorities with respect to public highways under their jurisdiction may prohibit the operation thereon of motor trucks or other vehicles or may impose limits as to the weight thereof, or any other restrictions as may be deemed necessary, whenever any such public highway by reason of rain, snow, climatic or other conditions, will be seriously damaged or

FIFTY-EIGHTH DAY, MARCH 7, 2006

2006 REGULAR SESSION

destroyed unless the operation of vehicles thereon be prohibited or restricted or the permissible weights thereof reduced: PROVIDED, That whenever a highway has been closed generally to vehicles or specified classes of vehicles, local authorities shall by general rule or by special permit authorize the operation thereon of school buses, emergency vehicles, and motor trucks transporting perishable commodities or commodities necessary for the health and welfare of local residents under such weight and speed restrictions as the local authorities deem necessary to protect the highway from undue damage: PROVIDED FURTHER, That the governing authorities of incorporated cities and towns shall not prohibit the use of any city street designated ~~((by the transportation commission as forming))~~ a part of the route of any primary state highway through any such incorporated city or town by vehicles or any class of vehicles or impose any restrictions or reductions in permissible weights unless such restriction, limitation, or prohibition, or reduction in permissible weights be first approved in writing by the department of transportation.

The local authorities imposing any such restrictions or limitations, or prohibiting any use or reducing the permissible weights shall do so by proper ordinance or resolution and shall erect or cause to be erected and maintained signs designating the provisions of the ordinance or resolution in each end of the portion of any public highway affected thereby, and no such ordinance or resolution shall be effective unless and until such signs are erected and maintained.

The department shall have the same authority as hereinabove granted to local authorities to prohibit or restrict the operation of vehicles upon state highways. The department shall give public notice of closure or restriction. The department may issue special permits for the operation of school buses and motor trucks transporting perishable commodities or commodities necessary for the health and welfare of local residents under specified weight and speed restrictions as may be necessary to protect any state highway from undue damage.

Sec. 23. RCW 46.44.090 and 2001 c 262 s 1 are each amended to read as follows:

The department of transportation, pursuant to its rules ~~((adopted by the transportation commission))~~ with respect to state highways, and local authorities, with respect to public highways under their jurisdiction, may, upon application in writing and good cause being shown therefor, issue a special permit in writing, or electronically, authorizing the applicant to operate or move a vehicle or combination of vehicles of a size, weight of vehicle, or load exceeding the maximum set forth in RCW 46.44.010, 46.44.020, 46.44.030, 46.44.034, and 46.44.041 upon any public highway under the jurisdiction of the authority granting such permit and for the maintenance of which such authority is responsible.

Sec. 24. RCW 46.44.092 and 1989 c 398 s 2 are each amended to read as follows:

Special permits may not be issued for movements on any state highway outside the limits of any city or town in excess of the following widths:

On two-lane highways, fourteen feet;

On multiple-lane highways where a physical barrier serving as a median divider separates opposing traffic lanes, twenty feet;

On multiple-lane highways without a physical barrier serving as a median divider, thirty-two feet.

These limits apply except under the following conditions:

(1) In the case of buildings, the limitations referred to in this section for movement on any two lane state highway other than the national system of interstate and defense highways may be exceeded under the following conditions: (a) Controlled vehicular traffic shall be maintained in one direction at all times; (b) the maximum distance of movement shall not exceed five miles; additional contiguous permits shall not be issued to exceed the five-mile limit: PROVIDED, That when the department of transportation ~~((pursuant to general rules adopted by the transportation commission))~~ determines a hardship

would result, this limitation may be exceeded upon approval of the department of transportation; (c) prior to issuing a permit a qualified transportation department employee shall make a visual inspection of the building and route involved determining that the conditions listed herein shall be complied with and that structures or overhead obstructions may be cleared or moved in order to maintain a constant and uninterrupted movement of the building; (d) special escort or other precautions may be imposed to assure movement is made under the safest possible conditions, and the Washington state patrol shall be advised when and where the movement is to be made;

(2) Permits may be issued for widths of vehicles in excess of the preceding limitations on highways or sections of highways which have been designed and constructed for width in excess of such limitations;

(3) Permits may be issued for vehicles with a total outside width, including the load, of nine feet or less when the vehicle is equipped with a mechanism designed to cover the load pursuant to RCW 46.61.655;

(4) These limitations may be rescinded when certification is made by military officials, or by officials of public or private power facilities, or when in the opinion of the department of transportation the movement or action is a necessary movement or action: PROVIDED FURTHER, That in the judgment of the department of transportation the structures and highway surfaces on the routes involved are capable of sustaining widths in excess of such limitation;

(5) These limitations shall not apply to movement during daylight hours on any two lane state highway where the gross weight, including load, does not exceed eighty thousand pounds and the overall width of load does not exceed sixteen feet: PROVIDED, That the minimum and maximum speed of such movements, prescribed routes of such movements, the times of such movements, limitation upon frequency of trips (which limitation shall be not less than one per week), and conditions to assure safety of traffic may be prescribed by the department of transportation or local authority issuing such special permit.

The applicant for any special permit shall specifically describe the vehicle or vehicles and load to be operated or moved and the particular state highways for which permit to operate is requested and whether such permit is requested for a single trip or for continuous operation.

Sec. 25. RCW 46.44.096 and 1996 c 92 s 1 are each amended to read as follows:

In determining fees according to RCW 46.44.0941, mileage on state primary and secondary highways shall be determined from the planning survey records of the department of transportation, and the gross weight of the vehicle or vehicles, including load, shall be declared by the applicant. Overweight on which fees shall be paid will be gross loadings in excess of loadings authorized by law or axle loadings in excess of loadings authorized by law, whichever is the greater. Loads which are overweight and oversize shall be charged the fee for the overweight permit without additional fees being assessed for the oversize features.

Special permits issued under RCW 46.44.047, 46.44.0941, or 46.44.095, may be obtained from offices of the department of transportation, ports of entry, or other agents appointed by the department.

The department may appoint agents for the purposes of selling special motor vehicle permits, temporary additional tonnage permits, and log tolerance permits. Agents so appointed may retain three dollars and fifty cents for each permit sold to defray expenses incurred in handling and selling the permits. If the fee is collected by the department of transportation, the department shall certify the fee so collected to the state treasurer for deposit to the credit of the motor vehicle fund.

The department may select a third party contractor, by means of competitive bid, to perform the department's permit issuance function, as provided under RCW 46.44.090. Factors

FIFTY-EIGHTH DAY, MARCH 7, 2006

the department shall consider, but is not limited to, in the selection of a third party contractor are economic benefit to both the department and the motor carrier industry, and enhancement of the overall level of permit service. For purposes of this section, "third party contractor" means a business entity that is authorized by the department to issue special permits. The department of transportation (~~(commission)~~) may adopt rules specifying the criteria that a business entity must meet in order to qualify as a third party contractor under this section.

Fees established in RCW 46.44.0941 shall be paid to the political body issuing the permit if the entire movement is to be confined to roads, streets, or highways for which that political body is responsible. When a movement involves a combination of state highways, county roads, and/or city streets the fee shall be paid to the (~~(state)~~) department of transportation. When a movement is confined within the city limits of a city or town upon city streets, including routes of state highways on city streets, all fees shall be paid to the city or town involved. A permit will not be required from city or town authorities for a move involving a combination of city or town streets and state highways when the move through a city or town is being confined to the route of the state highway. When a move involves a combination of county roads and city streets the fee shall be paid to the county authorities, but the fee shall not be collected nor the county permit issued until valid permits are presented showing that the city or town authorities approve of the move in question. When the movement involves only county roads the fees collected shall be paid to the county involved. Fees established shall be paid to the political body issuing the permit if the entire use of the vehicle during the period covered by the permit shall be confined to the roads, streets, or highways for which that political body is responsible.

Sec. 26. RCW 46.61.450 and 1977 ex.s. c 151 s 39 are each amended to read as follows:

It shall be unlawful for any person to operate a vehicle or any combination of vehicles over any bridge or other elevated structure or through any tunnel or underpass constituting a part of any public highway at a rate of speed or with a gross weight or of a size which is greater at any time than the maximum speed or maximum weight or size which can be maintained or carried with safety over any such bridge or structure or through any such tunnel or underpass when such bridge, structure, tunnel, or underpass is sign posted as hereinafter provided. The secretary of transportation, if it be a bridge, structure, tunnel, or underpass upon a state highway, or the governing body or authorities of any county, city, or town, if it be upon roads or streets under their jurisdiction, may restrict the speed which may be maintained or the gross weight or size which may be operated upon or over any such bridge or elevated structure or through any such tunnel or underpass with safety thereto. The secretary or the governing body or authorities of any county, city, or town having jurisdiction shall determine and declare the maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel, or underpass can withstand or accommodate and shall cause suitable signs stating such maximum speed or maximum gross weight, or size, or either, to be erected and maintained on the right hand side of such highway, road, or street and at a distance of not less than one hundred feet from each end of such bridge, structure, tunnel, or underpass and on the approach thereto: PROVIDED, That in the event that any such bridge, elevated structure, tunnel, or underpass is upon a city street designated by the department of transportation (~~(commission)~~) as forming a part of the route of any state highway through any such incorporated city or town the determination of any maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel, or underpass can withstand or accommodate shall not be enforceable at any speed, weight, or size less than the maximum allowed by law, unless with the approval in writing of the secretary. Upon the trial of any person charged with a violation of this section, proof of either violation of maximum speed or

2006 REGULAR SESSION

maximum weight, or size, or either, and the distance and location of such signs as are required, shall constitute conclusive evidence of the maximum speed or maximum weight, or size, or either, which can be maintained or carried with safety over such bridge or elevated structure or through such tunnel or underpass.

Sec. 27. RCW 46.68.113 and 2003 c 363 s 305 are each amended to read as follows:

During the 2003-2005 biennium, cities and towns shall provide to the transportation commission, or its successor entity, preservation rating information on at least seventy percent of the total city and town arterial network. Thereafter, the preservation rating information requirement shall increase in five percent increments in subsequent biennia. The rating system used by cities and towns must be based upon the Washington state pavement rating method or an equivalent standard approved by the department of transportation (~~(commission or its successor entity)~~). Beginning January 1, 2007, the preservation rating information shall be submitted to the department.

Sec. 28. RCW 47.68.410 and 2005 c 316 s 3 are each amended to read as follows:

(1) Upon completion of both the statewide assessment and analysis required under RCW 47.68.390 and 47.68.400, and to the extent funds are appropriated to the department for this purpose, the governor shall appoint an aviation planning council to consist of the following members: (a) The director of the aviation division of the department of transportation, or a designee; (b) the director of the department of community, trade, and economic development, or a designee; (c) (~~(a member of the transportation commission)~~) an at large who shall be the chair of the council; (d) two members of the general public familiar with airport issues, including the impacts of airports on communities, one of whom must be from western Washington and one of whom must be from eastern Washington; (e) a technical expert familiar with federal aviation administration airspace and control issues; (f) a commercial airport operator; (g) a member of a growth management hearings board; (h) a representative of the Washington airport management association; and (i) an airline representative. The chair of the council may designate another councilmember to serve as the acting chair in the absence of the chair. The department of transportation shall provide all administrative and staff support for the council.

(2) The purpose of the council is to make recommendations, based on the findings of the assessment and analysis completed under RCW 47.68.390 and 47.68.400, regarding how best to meet the statewide commercial and general aviation capacity needs, as determined by the council. The council shall determine which regions of the state are in need of improvement regarding the matching of existing, or projected, airport facilities, and the long-range capacity needs at airports within the region expected to reach capacity before the year 2030. After determining these areas, the council shall make recommendations regarding the placement of future commercial and general aviation airport facilities designed to meet the need for improved aviation planning in the region. The council shall include public input in making final recommendations.

(3) The council shall submit its recommendations to the appropriate standing committees of the legislature, the governor, (~~(the transportation commission)~~) and applicable regional transportation planning organizations.

(4) This section expires July 1, 2009.

Sec. 29. RCW 47.28.010 and 1977 ex.s. c 151 s 59 are each amended to read as follows:

Whenever the general route of any state highway shall be designated and laid out as running to or by way of certain designated points, without specifying the particular route to be followed to or by way of such points, the (~~(transportation commission)~~) department shall determine the particular route to be followed by said state highway to or by way of said designated points, and shall be at liberty to select and adopt as a

FIFTY-EIGHTH DAY, MARCH 7, 2006

part of such state highway, the whole or any part of any existing public highway previously designated as a county road, primary road, or secondary road or now or hereafter classified as a county road. The ~~((commission))~~ department need not select and adopt the entire routes for such state highways at one time, but may select and adopt parts of such routes from time to time as it deems advisable. Where a state highway is designated as passing by way of a certain point, this shall not require the ~~((commission))~~ department to cause such state highway to pass through or touch such point but such designation is directional only and may be complied with by location in the general vicinity. The department ~~((of transportation))~~ is empowered to construct as a part of any state highway as designated and in addition to any portion meeting the limits of any incorporated city or town a bypass section either through or around any such incorporated city or town.

Sec. 30. RCW 47.28.170 and 1990 c 265 s 1 are each amended to read as follows:

(1) Whenever the department finds that as a consequence of accident, natural disaster, or other emergency, an existing state highway is in jeopardy or is rendered impassible in one or both directions and the department further finds that prompt reconstruction, repair, or other work is needed to preserve or restore the highway for public travel, the department may obtain at least three written bids for the work without publishing a call for bids, and the secretary of transportation may award a contract forthwith to the lowest responsible bidder.

The department shall notify any association or organization of contractors filing a request to regularly receive notification. Notification to an association or organization of contractors shall include: (a) The location of the work to be done; (b) the general anticipated nature of the work to be done; and (c) the date determined by the department as reasonable in view of the nature of the work and emergent nature of the problem after which the department will not receive bids.

(2) Whenever the department finds it necessary to protect a highway facility from imminent damage or to perform emergency work to reopen a highway facility, the department may contract for such work on a negotiated basis not to exceed force account rates for a period not to exceed thirty working days.

(3) The secretary shall review any contract exceeding ~~((two))~~ seven hundred thousand dollars awarded under subsection (1) or (2) of this section with the ~~((transportation commission at its next regularly scheduled meeting))~~ office of financial management within thirty days of the contract award.

(4) Any person, firm, or corporation awarded a contract for work must be prequalified pursuant to RCW 47.28.070 and may be required to furnish a bid deposit or performance bond.

Sec. 31. RCW 47.38.060 and 1996 c 172 s 1 are each amended to read as follows:

The ~~((transportation commission))~~ department may designate interstate safety rest areas, as appropriate, as locations for memorial signs to prisoners of war and those missing in action. The ~~((commission))~~ department shall adopt policies for the placement of memorial signs on interstate safety rest areas and may disapprove any memorial sign that it determines to be inappropriate or inconsistent with the policies. The policies shall include, but are not limited to, guidelines for the size and location of and inscriptions on memorial signs. The secretary shall adopt rules for administering this program. Nonprofit associations may have their name identified on a memorial sign if the association bears the cost of supplying and maintaining the memorial sign.

Sec. 32. RCW 47.52.133 and 1987 c 200 s 2 are each amended to read as follows:

Except as provided in RCW 47.52.134, the ~~((transportation commission))~~ department and the highway authorities of the counties and incorporated cities and towns, with regard to facilities under their respective jurisdictions, prior to the establishment of any limited access facility, shall hold a public

2006 REGULAR SESSION

hearing within the county, city, or town wherein the limited access facility is to be established to determine the desirability of the plan proposed by such authority. Notice of such hearing shall be given to the owners of property abutting the section of any existing highway, road, or street being established as a limited access facility, as indicated in the tax rolls of the county, and in the case of a state limited access facility, to the county and/or city or town. Such notice shall be by United States mail in writing, setting forth a time for the hearing, which time shall be not less than fifteen days after mailing of such notice. Notice of such hearing also shall be given by publication not less than fifteen days prior to such hearing in one or more newspapers of general circulation within the county, city, or town. Such notice by publication shall be deemed sufficient as to any owner or reputed owner or any unknown owner or owner who cannot be located. Such notice shall indicate a suitable location where plans for such proposal may be inspected.

Sec. 33. RCW 47.52.145 and 1981 c 95 s 2 are each amended to read as follows:

~~((Whenever))~~ After ~~((the))~~ final adoption of a ~~((plan for a))~~ limited access highway by the ~~((transportation commission))~~ department, an additional design public hearing with respect to the facility or any portion thereof is conducted pursuant to federal law resulting in a revision of the design of the limited access plan, the ~~((commission))~~ department may modify the previously adopted limited access plan to conform to the revised design without further public hearings providing the following conditions are met:

(1) As compared with the previously adopted limited access plan, the revised plan will not require additional or different right of way with respect to that section of highway for which the design has been revised, in excess of five percent by area; and

(2) If the previously adopted limited access plan was modified by a board of review convened at the request of a county, city, or town, the legislative authority of the county, city, or town shall approve any revisions of the plan which conflict with modifications ordered by the board of review.

Sec. 34. RCW 47.52.210 and 1981 c 95 s 3 are each amended to read as follows:

(1) Whenever the ~~((transportation commission))~~ department adopts a plan for a limited access highway to be constructed within the corporate limits of a city or town which incorporates existing city or town streets, title to such streets shall remain in the city or town, and the provisions of RCW 47.24.020 as now or hereafter amended shall continue to apply to such streets until such time that the highway is operated as either a partially or fully controlled access highway. Title to and full control over that portion of the city or town street incorporated into the limited access highway shall be vested in the state upon a declaration by the secretary of transportation that such highway is operational as a limited access facility, but in no event prior to the acquisition of right of way for such highway including access rights, and not later than the final completion of construction of such highway.

(2) Upon the completion of construction of a state limited access highway within a city or town, the department of transportation may relinquish to the city or town streets constructed or improved as a functional part of the limited access highway, slope easements, landscaping areas, and other related improvements to be maintained and operated by the city or town in accordance with the limited access plan. Title to such property relinquished to a city or town shall be conveyed by a deed executed by the secretary of transportation and duly acknowledged. Relinquishment of such property to the city or town may be expressly conditioned upon the maintenance of access control acquired by the state and the continued operation of such property as a functional part of the limited access highway.

Sec. 35. RCW 47.60.330 and 2003 c 374 s 5 are each amended to read as follows:

FIFTY-EIGHTH DAY, MARCH 7, 2006

2006 REGULAR SESSION

(1) Before a substantial expansion or curtailment in the level of service provided to ferry users, or a revision in the schedule of ferry tolls or charges, the department ~~((of transportation))~~ shall consult with affected ferry users. The consultation shall be: (a) By public hearing in affected local communities; (b) by review with the affected ferry advisory committees pursuant to RCW 47.60.310; (c) by conducting a survey of affected ferry users; or (d) by any combination of (a) through (c). Concerning energy efficiency and renewable energy standards.

The measure was read the second time.

MOTION

Senator Poulsen moved that the following striking amendment by Senators Poulsen and Morton be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature to encourage the development of new safe, clean, and reliable energy resources to meet demand in Washington for affordable and reliable electricity. To achieve this end, the legislature finds it essential that electric utilities in Washington develop comprehensive resource plans that explain the mix of generation and demand-side resources they plan to use to meet their customers' electricity needs in both the short term and the long term. The legislature intends that information obtained from integrated resource planning under this chapter will be used to assist in identifying and developing new energy generation, conservation and efficiency resources, and related infrastructure to meet the state's electricity needs.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Commission" means the utilities and transportation commission.

(2) "Conservation and efficiency resources" means any reduction in electric power consumption that results from increases in the efficiency of energy use, production, transmission, or distribution.

(3) "Consumer-owned utility" includes a municipal electric utility formed under Title 35 RCW, a public utility district formed under Title 54 RCW, an irrigation district formed under chapter 87.03 RCW, a cooperative formed under chapter 23.86 RCW, a mutual corporation or association formed under chapter 24.06 RCW, a port district formed under Title 53 RCW, or a water-sewer district formed under Title 57 RCW, that is engaged in the business of distributing electricity to one or more retail electric customers in the state.

(4) "Department" means the department of community, trade, and economic development.

(5) "Electric utility" means a consumer-owned or investor-owned utility.

(6) "Full requirements customer" means an electric utility that relies on the Bonneville power administration for all power needed to supply its total load requirement other than that served by nondispatchable generating resources totaling no more than six megawatts or renewable resources.

FIFTY-EIGHTH DAY, MARCH 7, 2006

(7) "Governing body" means the elected board of directors, city council, commissioners, or board of any consumer-owned utility.

(8) "High efficiency cogeneration" means the sequential production of electricity and useful thermal energy from a common fuel source, where, under normal operating conditions, the facility has a useful thermal energy output of no less than thirty-three percent of the total energy output.

(9) "Integrated resource plan" means an analysis describing the mix of generating resources and conservation and efficiency resources that will meet current and projected needs at the lowest reasonable cost to the utility and its ratepayers and that complies with the requirements specified in section 3(1) of this act.

(10) "Investor-owned utility" means a corporation owned by investors that meets the definition in RCW 80.04.010 and is engaged in distributing electricity to more than one retail electric customer in the state.

(11) "Lowest reasonable cost" means the lowest cost mix of generating resources and conservation and efficiency resources determined through a detailed and consistent analysis of a wide range of commercially available resources. At a minimum, this analysis must consider resource cost, market-volatility risks, demand-side resource uncertainties, resource dispatchability, resource effect on system operation, the risks imposed on the utility and its ratepayers, public policies regarding resource preference adopted by Washington state or the federal government, and the cost of risks associated with environmental effects including emissions of carbon dioxide.

(12) "Plan" means either an "integrated resource plan" or a "resource plan."

(13) "Renewable resources" means electricity generation facilities fueled by: (a) Water; (b) wind; (c) solar energy; (d) geothermal energy; (e) landfill gas; (f) biomass energy utilizing animal waste, solid organic fuels from wood, forest, or field residues or dedicated energy crops that do not include wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chrome-arsenic; (g) byproducts of pulping or wood manufacturing processes, including but not limited to bark, wood chips, sawdust, and lignin in spent pulping liquors; (h) ocean thermal, wave, or tidal power; or (i) gas from sewage treatment facilities.

(14) "Resource plan" means an assessment that estimates electricity loads and resources over a defined period of time and complies with the requirements in section 3(2) of this act.

NEW SECTION. Sec. 3. Each electric utility must develop a plan consistent with this section.

(1) Utilities with more than twenty-five thousand customers that are not full requirements customers shall develop or update an integrated resource plan by September 1, 2008. At a minimum, progress reports reflecting changing conditions and the progress of the integrated resource plan must be produced every two years thereafter. An updated integrated resource plan must be developed at least every four years subsequent to the 2008 integrated resource plan. The integrated resource plan, at a minimum, must include:

(a) A range of forecasts, for at least the next ten years, of projected customer demand which takes into account econometric data and customer usage;

(b) An assessment of commercially available conservation and efficiency resources. Such assessment may include, as appropriate, high efficiency cogeneration, demand response and load management programs, and currently employed and new policies and programs needed to obtain the conservation and efficiency resources;

(c) An assessment of commercially available, utility scale renewable and nonrenewable generating technologies;

(d) A comparative evaluation of renewable and nonrenewable generating resources, including transmission and distribution delivery costs, and conservation and efficiency resources using "lowest reasonable cost" as a criterion;

(e) The integration of the demand forecasts and resource evaluations into a long-range assessment describing the mix of supply side generating resources and conservation and efficiency resources that will meet current and projected needs at the lowest reasonable cost and risk to the utility and its ratepayers; and

(f) A short-term plan identifying the specific actions to be taken by the utility consistent with the long-range integrated resource plan.

(2) All other utilities may elect to develop a full integrated resource plan as set forth in subsection (1) of this section or, at a minimum, shall develop a resource plan that:

(a) Estimates loads for the next five and ten years;

(b) Enumerates the resources that will be maintained and/or acquired to serve those loads; and

(c) Explains why the resources in (b) of this subsection were chosen and, if the resources chosen are not renewable resources or conservation and efficiency resources, why such a decision was made.

(3) An electric utility that is required to develop a resource plan under this section must complete its initial plan by September 1, 2008.

(4) Resource plans developed under this section must be updated on a regular basis, at a minimum on intervals of two years.

(5) Plans shall not be a basis to bring legal action against electric utilities.

(6) Each electric utility shall publish its final plan either as part of an annual report or as a separate document available to the public. The report may be in an electronic form.

NEW SECTION. Sec. 4. (1) Investor-owned utilities shall submit integrated resource plans to the commission. The commission shall establish by rule the requirements for preparation and submission of integrated resource plans.

(2) The commission may adopt additional rules as necessary to clarify the requirements of section 3 of this act as they apply to investor-owned utilities.

NEW SECTION. Sec. 5. (1) The governing body of a consumer-owned utility that develops a plan under this chapter shall encourage participation of its consumers in development of the plans and progress reports and approve the plans and progress reports after it has provided public notice and hearing.

(2) Each consumer-owned utility shall transmit a copy of its plan to the department by September 1, 2008, and transmit subsequent progress reports or plans to the department at least every two years thereafter. The department shall develop, in consultation with utilities, a common cover sheet that summarizes the essential data in their plans or progress reports.

(3) Consumer-owned utilities may develop plans of a similar type jointly with other consumer-owned utilities. Data and assessments included in joint reports must be identifiable to each individual utility.

(4) To minimize duplication of effort and maximize efficient use of utility resources, in developing their plans under section 3 of this act, consumer-owned utilities are encouraged to use resource planning concepts, techniques, and information provided to and by organizations such as the United States department of energy, the Northwest planning and conservation council, Pacific Northwest utility conference committee, and other state, regional, national, and international entities, and, for the 2008 plan, as appropriate, are encouraged to use and be consistent with relevant determinations required under Title XII - Electricity; Subtitle E, Sections 1251 - 1254 of the federal energy policy act of 2005.

NEW SECTION. Sec. 6. The department shall review the plans of consumer-owned utilities and investor-owned utilities, and data available from other state, regional, and national sources, and prepare an electronic report to the legislature aggregating the data and assessing the overall adequacy of Washington's electricity supply. The report shall include a statewide summary of utility load forecasts, load/resource

The measure was read the second time.

MOTION

Senator Haugen moved that the following striking amendment by Senator Haugen be adopted:

Strike everything after the enacting clause and insert the following:

FIFTY-EIGHTH DAY, MARCH 7, 2006

"NEW SECTION. Sec. 1. The legislature finds that effective transportation planning in urbanized regions requires stronger and clearer lines of responsibility and accountability.

The legislature further finds that integrated, multimodal transportation planning will help reduce transportation congestion and improve safety, and that streamlined decision making will help reduce political congestion.

The legislature further finds that coordinated planning of, investment in, and operation of transportation systems will have significant benefit to the citizens of Washington, and that it is the will of the people to fund regional transportation solutions, including improving transit service in urbanized areas and among existing, fragmented transit agencies in the region. Although equity considerations must be respected, transportation problems are broader and deeper than the sum of geographic subareas.

It is therefore the policy of the state of Washington to create a regional transportation commission to develop a proposal for a regional transportation governing entity more directly accountable to the public, and to develop a comprehensive regional transportation finance plan for the citizens of the Puget Sound metropolitan region.

NEW SECTION. Sec. 2. (1) The regional transportation commission is established.

(2) The commission shall consist of nine voting commissioners. The commissioners shall be appointed by the governor by June 1, 2006. The governor shall appoint four commissioners from designated lists of three nominees submitted by each major party caucus of the legislature, with one commissioner to be appointed from each respective list of nominees. The governor shall appoint the additional five commissioners independent of the legislative caucus nominees. In addition, the secretary of transportation or the secretary's designee shall serve as a nonvoting member. Appointments of commissioners must reflect geographical balance and diversity of populations within the central Puget Sound region and, to the extent possible, include commissioners with special expertise in relevant fields such as funding, planning, and construction of transportation improvement projects, structural reorganizations, and operation of transportation systems. Appointees must be citizen members who do not hold public office. Vacancies for any appointed commission seat shall be filled in the same manner as the original appointments were made.

(3) The term of office for a commissioner begins seven days following appointment by the governor. A commissioner must be a qualified elector under the state Constitution when his or her term of office begins.

(4) The commission chair presides over the commission and sets the commission agenda subject to general rules established by the commission. Except as provided otherwise in this act, the commission chair appoints all members of the committees, councils, and boards created by the rules of the commission. The commission chair shall be designated by the governor from among the commissioners appointed under subsection (2) of this section.

(5) Each member of the commission is eligible to receive compensation in an amount not to exceed two hundred fifty dollars for each day during which the member attends an official meeting of the group or performs statutorily prescribed duties approved by the chair. A commissioner may be compensated under this subsection only if the compensation is necessarily incurred in the course of authorized business, consistent with the responsibilities of the commission established by this act.

(6) The commission may be entitled to state funding, as appropriated by the legislature, to pay for expenses incurred by the commission and the department of transportation and through contracts in carrying out the duties authorized in this act.

(7) The department of transportation shall provide staff support to the commission and, upon request of the commission, contract with other parties for staff support to the commission.

NEW SECTION. Sec. 3. The regional transportation commission has the following duties:

(1) Evaluate transportation governance in the central Puget Sound area within the jurisdiction of the Puget Sound regional council. This evaluation must include an assessment of the current roles of regional transportation agencies, including regional transportation and metropolitan planning organizations, the regional transit authority, regional transportation investment districts, county and municipal agencies operating transit services, and cities, counties, and other public agencies providing transportation services or facilities, including the state department of transportation. The commission shall assess and develop recommendations for what steps should be taken to:

(a) Consolidate governance among agencies, including changes in institutional powers, structures, and relationships and governance needed to improve accountability for transportation decisions, while enhancing the regional focus for transportation decisions and maintaining equity among citizens in the region;

(b) Improve coordination in the planning of transportation investments and services;

(c) Improve investment strategies;

(d) Coordinate transportation planning and investments with adopted land use policies within the region;

(e) Enhance efficiency and coordination in the delivery of services provided;

(f) Adjust boundaries for agencies or functions within the region to address existing and future transportation and land use issues; and

(g) Improve coordination between regional investments and federal funds, and state funding, including those administered by the transportation improvement board, the county road administration board, and the freight mobility strategic investment board;

(2) Develop options for a regional transportation governance proposal that include, at a minimum, an option providing for the formation of a regional transportation governing entity, of which all of its members must be directly elected, the revenue sources that will be available to such entity, and the scope of planning authority of such entity. The commission shall consult with affected jurisdictions when developing a proposal under this subsection;

(3) Develop a comprehensive financing strategy and recommended revenue options for improving transportation system performance within the region through investments in transportation projects, including, but not limited to, system-wide pricing policies and network value-pricing charges;

(4) Publicize the commission's proposal referenced in subsection (2) of this section, and the list of revenue options referenced in subsection (3) of this section, by November 15, 2006, and provide at least fifteen days for public comment;

(5) Adopt the proposal referenced in subsection (2) of this section, and the list of revenue options referenced in subsection (3) of this section, and submit them to the legislature by January 1, 2007, after which time the commission shall dissolve; and

(6) Conduct public meetings to assure active public participation in the development of the recommendations, proposal, and finance plan under this section.

Sec. 4. RCW 36.120.020 and 2002 c 56 s 102 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Board" means the governing body of a regional transportation investment district.

(2) "Department" means the Washington state department of transportation.

(3) "Highway of statewide significance" means an existing or proposed state route or federal interstate designated as a highway of statewide significance by the transportation commission, its successor entity, or the legislature.

FIFTY-EIGHTH DAY, MARCH 7, 2006

2006 REGULAR SESSION

(4) "Lead agency" means a public agency that by law can plan, design, and build a transportation project and has been so designated by the district.

(5) "Regional transportation investment district" or "district" means a municipal corporation (~~whose boundaries are coterminous with two or more contiguous counties and~~) that has been created by county legislative authorities and a vote of the people under this chapter to implement a regional transportation investment plan.

(6) "Regional transportation investment district planning committee" or "planning committee" means the advisory committee created under RCW 36.120.030 to create and propose to county legislative authorities a regional transportation investment plan to develop, finance, and construct transportation projects.

(7) "Regional transportation investment plan" or "plan" means a plan to develop, construct, and finance a transportation project or projects.

(8) "Transportation project" means:

(a) A capital improvement or improvements to a highway that has been designated, in whole or in part, as a highway of statewide significance, including an extension, that:

(i) Adds a lane or new lanes to an existing state or federal highway; or

(ii) Repairs or replaces a lane or lanes damaged by an event declared an emergency by the governor before January 1, 2002.

(b) A capital improvement or improvements to all or a portion of a highway of statewide significance, including an extension, and may include the following associated multimodal capital improvements:

(i) Approaches to highways of statewide significance;

(ii) High-occupancy vehicle lanes;

(iii) Flyover ramps;

(iv) Park and ride lots;

(v) Bus pullouts;

(vi) Vans for vanpools;

(vii) Buses; and

(viii) Signalization, ramp metering, and other transportation system management improvements.

(c) A capital improvement or improvements to all or a portion of a city street, county road, or existing highway or the creation of a new highway that intersects with a highway of statewide significance, if all of the following conditions are met:

(i) The project is included in a plan that makes highway improvement projects that add capacity to a highway or highways of statewide significance;

(ii) The secretary of transportation determines that the project would better relieve traffic congestion than investing that same money in adding capacity to a highway of statewide significance;

(iii) Matching money equal to ~~(one-third)~~ fifteen percent of the total cost of the project is provided by local entities, including but not limited to a metropolitan planning organization, county, city, port, or private entity in which a county participating in a plan is located. Local entities may use federal grants to meet this matching requirement;

(iv) In no case may the cumulative regional transportation investment district contribution to all projects constructed under this subsection (8)(c) exceed ten percent of the revenues generated by the district;

(v) In no case may the cumulative regional transportation investment district contribution to all projects constructed under this subsection (8)(c) exceed one billion dollars; and

(vi) The specific projects are included within the plan and submitted as part of the plan to a vote of the people.

(d) Except as otherwise provided in this subsection, operations, preservation, and maintenance are excluded from this definition and may not be included in a regional transportation investment plan. However, operations, preservation, and maintenance of tolled facilities where toll revenues have been pledged for the payment of contracts is

expressly authorized and may be included in a regional transportation investment plan. The authority under this subsection includes operational expenses for toll enforcement.

(e) Operational expenses for traffic mitigation provided solely for transportation project construction mitigation directly related to specific projects as outlined in the plan shall be included in a regional transportation investment plan. Construction mitigation strategies may include, but are not limited to, funding for increased transit service hours, trip reduction incentives, nonmotorized mode support, and ridematching services. Prior to construction of any project, corridor mitigation plans must be developed in conjunction with the department and partner transit agencies, including local transit agencies and the regional transit authority serving the counties, with the following goals: (i) Reducing drive alone trips in affected corridors; (ii) reducing delay per person and delay per unit of goods in affected corridors; and (iii) improving levels of service that improve system performance for all transportation users in affected corridors. The regional transportation commission established under section 2 of this act, or a successor regional governing entity, shall review transit investments according to these performance measures to determine whether to continue funding for successful and effective operations after the construction period is completed.

(9) "Weighted vote" means a vote that reflects the population each board or planning committee member represents relative to the population represented by the total membership of the board or planning committee. Population will be determined using the federal 2000 census or subsequent federal census data.

Sec. 5. RCW 36.120.030 and 2002 c 56 s 103 are each amended to read as follows:

Regional transportation investment district planning committees are advisory entities that are created, convened, and empowered as follows:

(1) A county with a population over one million five hundred thousand persons and any adjoining counties with a population over five hundred thousand persons may create a regional transportation investment district and shall convene a regional transportation investment district planning committee.

(a) The boundaries of the district should include at least the contiguous areas within the regional transit authority serving the counties. The boundaries must be proposed by the planning committee and approved by the county legislative authorities by ordinance before or in conjunction with approval of a regional transportation investment plan. Boundaries must follow complete parcels of land. However, any portion of a county that is located on a peninsula shall be exempt from a regional transportation investment district in which more than one county is included if (i) the portion of the county located on the peninsula is connected to the other portion of the county by a bridge improved under chapter 47.46 RCW, and (ii) the county has a national park and a population of more than five hundred thousand persons, but less than one million five hundred thousand persons.

(b) After voters within the district boundaries have approved a plan under RCW 36.120.070, elections to add areas to the district boundaries may be called by a resolution of the board, after consultation with the regional transportation planning organization and affected transit agencies and with the concurrence of the legislative authority of the city or town if the area is incorporated or with the concurrence of the county legislative authority if the area is unincorporated. The election may include a single ballot measure providing annexation to the district, approval of the plan, and approval of revenue sources necessary to finance the plan. The electorate are the voters voting within the proposed area to be annexed. A simple majority of the persons voting on the single ballot measure is required for approval of the measure.

(2) The members of the legislative authorities participating in planning under this chapter shall serve as the district planning

FIFTY-EIGHTH DAY, MARCH 7, 2006

committee. Members of the planning committee receive no compensation, but may be reimbursed for travel and incidental expenses as the planning committee deems appropriate.

The secretary of transportation, or the appropriate regional administrator of the department, as named by the secretary, shall serve on the committee as a nonvoting member.

(3) A regional transportation investment district planning committee may be entitled to state funding, as appropriated by the legislature, for start-up funding to pay for salaries, expenses, overhead, supplies, and similar expenses ordinarily and necessarily incurred in selecting transportation projects and funding for those transportation projects under this chapter. Upon creation of a regional transportation investment district, the district shall within one year reimburse the state for any sums advanced for these start-up costs from the state.

(4) The planning committee shall conduct its affairs and formulate a regional transportation investment plan as provided under RCW 36.120.040, except that it shall elect an executive board of seven members to discharge the duties of the planning committee and formulate a regional transportation investment plan, subject to the approval of the full committee.

(5) At its first meeting, a regional transportation investment district planning committee may elect officers and provide for the adoption of rules and other operating procedures.

(6) Governance of and decisions by a regional transportation investment district planning committee must be by a sixty-percent weighted majority vote of the total membership.

(7) The planning committee may dissolve itself at any time by a two-thirds weighted majority vote of the total membership of the planning committee.

(8) If a multicounty regional transportation investment district is not formed by December 1, 2007, through approval by the voters voting on a regional transportation investment plan, then the authority under this chapter to create a district, and to fund and construct transportation projects, shall be available to each of the eligible counties described in subsection (1) of this section on an individual and independent basis.

Sec. 6. RCW 36.120.040 and 2003 c 194 s 1 are each amended to read as follows:

(1) A regional transportation investment district planning committee shall adopt a regional transportation investment plan providing for the development, construction, and financing of transportation projects. The planning committee may consider the following factors in formulating its plan:

(a) Land use planning criteria;

(b) The input of cities located within a participating county; and

(c) The input of regional transportation planning organizations ~~((m))~~ of which a participating county is ~~((located))~~ a member. A regional transportation planning organization in which a participating county is located shall review its adopted regional transportation plan and submit, for the planning committee's consideration, its list of transportation improvement priorities.

(2) The planning committee may coordinate its activities with the department, which shall provide services, data, and personnel to assist in this planning as desired by the planning committee. In addition, the planning committee may coordinate its activities with affected cities, towns, and other local governments, including any regional transit authority existing within the participating counties' boundaries, that engage in transportation planning.

(3) The planning committee shall:

(a) Conduct public meetings that are needed to assure active public participation in the development of the plan;

(b) Adopt a plan proposing the:

(i) Creation of a regional transportation investment district, including district boundaries; and

(ii) Construction of transportation projects to improve mobility within each county and within the region. Operations, maintenance, and preservation of facilities or systems may not

be part of the plan, except for the limited purposes provided under RCW 36.120.020(8); and

(c) Recommend sources of revenue authorized by RCW 36.120.050 and a financing plan to fund selected transportation projects. The overall plan of the district must leverage the district's financial contributions so that the federal, state, local, and other revenue sources continue to fund major congestion relief and transportation capacity improvement projects in each county and the district. A combination of local, state, and federal revenues may be necessary to pay for transportation projects, and the planning committee shall consider all of these revenue sources in developing a plan.

(4) The plan must use tax revenues and related debt for projects that generally benefit a participating county in proportion to the general level of tax revenues generated within that participating county. This equity principle applies to all modifications to the plan, appropriation of contingency funds not identified within the project estimate, and future phases of the plan. Per agreement with a regional transit authority serving the counties participating in a district, the equity principle identified under this subsection may include using the combined district and regional transit authority revenues generated within a participating county to determine the distribution that proportionally benefits the county. For purposes of the transportation subarea equity principle established under this subsection, a district may use the five subareas within a regional transit authority's boundaries as identified in an authority's system plan adopted in May 1996. During implementation of the plan, the board shall retain the flexibility to manage distribution of revenues, debt, and project schedules so that the district may effectively implement the plan. Nothing in this section should be interpreted to prevent the district from pledging district-wide tax revenues for payment of any contract or debt entered into under RCW 36.120.130.

(5) Before adopting the plan, the planning committee, with assistance from the department, shall work with the lead agency to develop accurate cost forecasts for transportation projects. This project costing methodology must be integrated with revenue forecasts in developing the plan and must at a minimum include estimated project costs in constant dollars as well as year of expenditure dollars, the range of project costs reflected by the level of project design, project contingencies, identification of mitigation costs, the range of revenue forecasts, and project and plan cash flow and bond analysis. The plan submitted to the voters must provide cost estimates for each project, including reasonable contingency costs. Plans submitted to the voters must provide that the maximum amount possible of the funds raised will be used to fund projects in the plan, including environmental improvements and mitigation, and that administrative costs be minimized. If actual revenue exceeds actual plan costs, the excess revenues must be used to retire any outstanding debt associated with the plan.

(6) If a county opts not to adopt the plan or participate in the regional transportation investment district, but two or more contiguous counties do choose to continue to participate, then the planning committee may, within ninety days, redefine the regional transportation investment plan and the ballot measure to be submitted to the people to reflect elimination of the county, and submit the redefined plan to the legislative authorities of the remaining counties for their decision as to whether to continue to adopt the redefined plan and participate. This action must be completed within sixty days after receipt of the redefined plan.

(7) Once adopted by the planning committee, the plan must be forwarded to the participating county legislative authorities to initiate the election process under RCW 36.120.070. The planning committee shall at the same time provide notice to each city and town within the district, the governor, the chairs of the transportation committees of the legislature, the secretary of transportation, and each legislator whose legislative district is partially or wholly within the boundaries of the district.

FIFTY-EIGHTH DAY, MARCH 7, 2006

2006 REGULAR SESSION

(8) If the ballot measure is not approved, the planning committee may redefine the selected transportation projects, financing plan, and the ballot measure. The county legislative authorities may approve the new plan and ballot measure, and may then submit the revised proposition to the voters at the next election or a special election. If no ballot measure is approved by the voters by the third vote, the planning committee is dissolved.

NEW SECTION. Sec. 7. A new section is added to chapter 36.120 RCW to read as follows:

The planning committee must develop and include in the regional transportation investment plan a funding proposal for the state route number 520 bridge replacement and HOV project that assures full project funding for seismic safety and corridor connectivity on state route number 520 between Interstate 5 and Interstate 405.

Sec. 8. RCW 36.120.070 and 2002 c 56 s 107 are each amended to read as follows:

(1) Beginning no sooner than the 2007 general election, two or more contiguous county legislative authorities, or a single county legislative authority as provided under RCW 36.120.030(8), upon receipt of the regional transportation investment plan under RCW 36.120.040, may (certify the plan to the ballot, including identification of the tax options) submit to the voters of the proposed district a single ballot measure that approves formation of the district, approves the regional transportation investment plan, and approves the revenue sources necessary to (fund) finance the plan. ((County legislative authorities)) For a county to participate in the plan, the county legislative authority shall, within ninety days after receiving the plan, adopt an ordinance indicating the county's participation. The planning committee may draft ((a ballot title)) the ballot measure on behalf of the county legislative authorities, and the county legislative authorities may give notice as required by law for ballot measures, and perform other duties as required to ((put the plan before)) submit the measure to the voters of the proposed district for their approval or rejection ((as a single ballot measure that both approves formation of the district and approves the plan)). Counties may negotiate interlocal agreements necessary to implement the plan. The electorate will be the voters voting within the boundaries of the ((participating counties)) proposed district. A simple majority of the total persons voting on the single ballot measure ((to approve the plan, establish the district, and approve the taxes and fees)) is required for approval.

(2) In conjunction with RCW 81.112.030(10), at the 2007 general election the participating counties shall submit a regional transportation investment plan on the same ballot along with a proposition to support additional implementation phases of the authority's system and financing plan developed under chapter 81.112 RCW. The plan shall not be considered approved unless voters also approve the proposition to support additional implementation phases of the authority's system and financing plan.

Sec. 9. RCW 29A.36.071 and 2004 c 271 s 169 are each amended to read as follows:

(1) Except as provided to the contrary in RCW 82.14.036, 82.46.021, or 82.80.090, the ballot title of any referendum filed on an enactment or portion of an enactment of a local government and any other question submitted to the voters of a local government consists of three elements: (a) An identification of the enacting legislative body and a statement of the subject matter; (b) a concise description of the measure; and (c) a question. The ballot title must conform with the requirements and be displayed substantially as provided under RCW 29A.72.050, except that the concise description must not exceed seventy-five words; however, a concise description submitted on behalf of a proposed or existing regional transportation investment district may exceed seventy-five words. If the local governmental unit is a city or a town, the concise statement shall be prepared by the city or town attorney.

If the local governmental unit is a county, the concise statement shall be prepared by the prosecuting attorney of the county. If the unit is a unit of local government other than a city, town, or county, the concise statement shall be prepared by the prosecuting attorney of the county within which the majority area of the unit is located.

(2) A referendum measure on the enactment of a unit of local government shall be advertised in the manner provided for nominees for elective office.

(3) Subsection (1) of this section does not apply if another provision of law specifies the ballot title for a specific type of ballot question or proposition.

Sec. 10. RCW 36.120.080 and 2002 c 56 s 108 are each amended to read as follows:

If the voters approve the plan, including creation of a regional transportation investment district and imposition of taxes and fees, the district will be declared formed. The county election officials of participating counties shall, within fifteen days of the final certification of the election results, publish a notice in a newspaper or newspapers of general circulation in the district declaring the district formed, and mail copies of the notice to the governor, the secretary of transportation, the executive director of the regional transit authority in which any part of the district is located, and the executive director of the regional transportation planning organization in which any part of the district is located. A party challenging the procedure or the formation of a voter-approved district must file the challenge in writing by serving the prosecuting attorney of the participating counties and the attorney general within thirty days after the final certification of the election. Failure to challenge within that time forever bars further challenge of the district's valid formation.

Sec. 11. RCW 36.120.110 and 2002 c 56 s 111 are each amended to read as follows:

(1) The governing board of the district is responsible for the execution of the voter-approved plan. The board shall:

(a) Impose taxes and fees authorized by district voters;

(b) Enter into agreements with state, local, and regional agencies and departments as necessary to accomplish district purposes and protect the district's investment in transportation projects;

(c) Accept gifts, grants, or other contributions of funds that will support the purposes and programs of the district;

(d) Monitor and audit the progress and execution of transportation projects to protect the investment of the public and annually make public its findings;

(e) Pay for services and enter into leases and contracts, including professional service contracts;

(f) Hire no more than ten employees, including a director or executive officer, a treasurer or financial officer, a project manager or engineer, a project permit coordinator, and clerical staff; and

(g) Coordinate its activities with affected cities, towns, and other local governments, including any regional transit authority existing either partially or entirely within the district area, that engage in transportation planning; and

(h) Exercise other powers and duties as may be reasonable to carry out the purposes of the district.

(2) It is the intent of the legislature that existing staff resources of lead agencies be used in implementing this chapter. A district may coordinate its activities with the department, which shall provide services, data, and personnel to assist as desired by the regional transportation investment district. Lead agencies for transportation projects that are not state facilities shall also provide staff support for the board.

(3) A district may not acquire, hold, or dispose of real property.

(4) Except for the limited purposes provided under RCW 36.120.020(8), a district may not own, operate, or maintain an ongoing facility, road, or transportation system.

FIFTY-EIGHTH DAY, MARCH 7, 2006

(5) A district may accept and expend or use gifts, grants, or donations.

(6) It is the intent of the legislature that administrative and overhead costs of a regional transportation investment district be minimized. For transportation projects costing up to fifty million dollars, administrative and overhead costs may not exceed three percent of the total construction and design project costs per year. For transportation projects costing more than fifty million dollars, administrative and overhead costs may not exceed three percent of the first fifty million dollars in costs, plus an additional one-tenth of one percent of each additional dollar above fifty million. These limitations apply only to the district, and do not limit the administration or expenditures of the department.

(7) A district may use the design-build procedure for transportation projects developed by it. As used in this section "design-build procedure" means a method of contracting under which the district contracts with another party for that party to both design and build the structures, facilities, and other items specified in the contract. The requirements and limitations of RCW 47.20.780 and 47.20.785 do not apply to the transportation projects under this chapter.

Sec. 12. RCW 81.112.030 and 1994 c 44 s 1 are each amended to read as follows:

Two or more contiguous counties each having a population of four hundred thousand persons or more may establish a regional transit authority to develop and operate a high capacity transportation system as defined in chapter 81.104 RCW.

The authority shall be formed in the following manner:

(1) The joint regional policy committee created pursuant to RCW 81.104.040 shall adopt a system and financing plan, including the definition of the service area. This action shall be completed by September 1, 1992, contingent upon satisfactory completion of the planning process defined in RCW 81.104.100. The final system plan shall be adopted no later than June 30, 1993. In addition to the requirements of RCW 81.104.100, the plan for the proposed system shall provide explicitly for a minimum portion of new tax revenues to be allocated to local transit agencies for interim express services. Upon adoption the joint regional policy committee shall immediately transmit the plan to the county legislative authorities within the adopted service area.

(2) The legislative authorities of the counties within the service area shall decide by resolution whether to participate in the authority. This action shall be completed within forty-five days following receipt of the adopted plan or by August 13, 1993, whichever comes first.

(3) Each county that chooses to participate in the authority shall appoint its board members as set forth in RCW 81.112.040 and shall submit its list of members to the secretary of the Washington state department of transportation. These actions must be completed within thirty days following each county's decision to participate in the authority.

(4) The secretary shall call the first meeting of the authority, to be held within thirty days following receipt of the appointments. At its first meeting, the authority shall elect officers and provide for the adoption of rules and other operating procedures.

(5) The authority is formally constituted at its first meeting and the board shall begin taking steps toward implementation of the system and financing plan adopted by the joint regional policy committee. If the joint regional policy committee fails to adopt a plan by June 30, 1993, the authority shall proceed to do so based on the work completed by that date by the joint regional policy committee. Upon formation of the authority, the joint regional policy committee shall cease to exist. The authority may make minor modifications to the plan as deemed necessary and shall at a minimum review local transit agencies' plans to ensure feeder service/high capacity transit service integration, ensure fare integration, and ensure avoidance of

parallel competitive services. The authority shall also conduct a minimum thirty-day public comment period.

(6) If the authority determines that major modifications to the plan are necessary before the initial ballot proposition is submitted to the voters, the authority may make those modifications with a favorable vote of two-thirds of the entire membership. Any such modification shall be subject to the review process set forth in RCW 81.104.110. The modified plan shall be transmitted to the legislative authorities of the participating counties. The legislative authorities shall have forty-five days following receipt to act by motion or ordinance to confirm or rescind their continued participation in the authority.

(7) If any county opts to not participate in the authority, but two or more contiguous counties do choose to continue to participate, the authority's board shall be revised accordingly. The authority shall, within forty-five days, redefine the system and financing plan to reflect elimination of one or more counties, and submit the redefined plan to the legislative authorities of the remaining counties for their decision as to whether to continue to participate. This action shall be completed within forty-five days following receipt of the redefined plan.

(8) The authority shall place on the ballot within two years of the authority's formation, a single ballot proposition to authorize the imposition of taxes to support the implementation of an appropriate phase of the plan within its service area. In addition to the system plan requirements contained in RCW 81.104.100(2)(d), the system plan approved by the authority's board before the submittal of a proposition to the voters shall contain an equity element which:

(a) Identifies revenues anticipated to be generated by corridor and by county within the authority's boundaries;

(b) Identifies the phasing of construction and operation of high capacity system facilities, services, and benefits in each corridor. Phasing decisions should give priority to jurisdictions which have adopted transit-supportive land use plans; and

(c) Identifies the degree to which revenues generated within each county will benefit the residents of that county, and identifies when such benefits will accrue.

A simple majority of those voting within the boundaries of the authority is required for approval. If the vote is affirmative, the authority shall begin implementation of the projects identified in the proposition. However, the authority may not submit any authorizing proposition for voter-approved taxes prior to July 1, 1993; nor may the authority issue bonds or form any local improvement district prior to July 1, 1993.

(9) If the vote on a proposition fails, the board may redefine the proposition, make changes to the authority boundaries, and make corresponding changes to the composition of the board. If the composition of the board is changed, the participating counties shall revise the membership of the board accordingly. The board may then submit the revised proposition or a different proposition to the voters. No single proposition may be submitted to the voters more than twice. Beginning no sooner than the 2007 general election, the authority may place additional propositions on the ballot to impose taxes to support additional phases of plan implementation.

(10) In conjunction with RCW 36.120.070, at the 2007 general election the authority shall submit a proposition to support additional implementation phases of the authority's system and financing plan on the same ballot along with a regional transportation investment plan developed under chapter 36.120 RCW. The proposition shall not be considered approved unless voters also approve the regional transportation investment plan.

(11) Additional phases of plan implementation may include a transportation subarea equity element which (a) identifies the combined authority and regional transportation investment district revenues anticipated to be generated by corridor and by county within the authority's boundaries, and (b) identifies the degree to which the combined authority and regional

transportation investment district revenues generated within each county will benefit the residents of that county, and identifies when such benefits will accrue. For purposes of the transportation subarea equity principle established under this subsection, the authority may use the five subareas within the authority's boundaries as identified in the authority's system plan adopted in May 1996.

(12) If the authority is unable to achieve a positive vote on a proposition within two years from the date of the first election on a proposition, the board may, by resolution, reconstitute the authority as a single-county body. With a two-thirds vote of the entire membership of the voting members, the board may also dissolve the authority.

Sec. 13. RCW 36.120.050 and 2003 c 350 s 4 are each amended to read as follows:

(1) A regional transportation investment district planning committee may, as part of a regional transportation investment plan, recommend the imposition or authorization of some or all of the following revenue sources, which a regional transportation investment district may impose or authorize upon approval of the voters as provided in this chapter:

(iii) Unless otherwise specified by law, the department shall administer the collection of vehicle tolls on designated facilities, and the state transportation commission, or its successor, shall be the tolling authority.

(2) Taxes, fees, and tolls may not be imposed or authorized without an affirmative vote of the majority of the voters within the boundaries of the district voting on a ballot proposition as set forth in RCW 36.120.070. Revenues from these taxes and fees may be used only to implement the plan as set forth in this chapter. A district may contract with the state department of revenue or other appropriate entities for administration and collection of any of the taxes or fees authorized in this section.

(3) Existing statewide motor vehicle fuel and special fuel taxes, at the distribution rates in effect on January 1, 2001, are not intended to be altered by this chapter.

Sec. 14. RCW 81.100.080 and 1990 c 43 s 19 are each amended to read as follows:

Not more than ten percent of the funds may be used for transit agency high occupancy vehicle programs.

These expenditures shall not be limited to high occupancy vehicle systems.

(3) Priorities for construction of high occupancy vehicle lanes and related facilities shall be as follows:

Sec. 15. RCW 81.100.060 and 2002 c 56 s 411 are each amended to read as follows:

A county with a population of one million or more and a county with a population of from two hundred ten thousand to less than one million that is adjoining a county with a population of one million or more, having within their boundaries existing or planned high-occupancy vehicle lanes on the state highway system, or a regional transportation investment district ~~((for capital improvements))~~, but only to the extent that the surcharge has not already been imposed by the county, may, with voter approval, impose a local surcharge of not more than three-tenths of one percent in the case of a county, or eight-tenths of one percent in the case of a regional transportation investment district, of the value on vehicles registered to a person residing within the county or investment district and not more than 13.64 percent on the state sales and use taxes paid under the rate in RCW 82.08.020(2) on retail car rentals within the county or investment district.
