NEW SECTION. Sec. 27. A new section is added to chapter 47.01 RCW to read as follows:

FIFTY-SECOND DAY, March 1, 2006

2006 REGULAR SESSION

The department shall not commence construction on any part of the state route number 520 bridge replacement and HOV project until agreements have been reached with the incorporated towns or cities directly affected by the project. The agreements must provide reasonable assurance that any degradation in the citizens' current use and enjoyment of their properties as a result of repairs and improvements made to the state route number 520 bridge and its connecting roadways will be addressed through engineering design choices, mitigation measures, or a combination of both.

NEW SECTION. Sec. 28. A new section is added to chapter 36.120 RCW to read as follows:

(1) Prior to a regional transportation public vote conducted under this chapter, the department of transportation must complete all of the following requirements for both the Alaskan Way viaduct and Seattle Seawall replacement project, and the state route number 520 bridge replacement and HOV project: (a) In accordance with the national environmental policy act, the department must designate the preferred alternative, prepare a substantial project mitigation plan, and complete a comprehensive cost estimate review using the department's cost estimate validation process, for each project; (b) in accordance with all applicable federal highway administration planning and project management requirements, the department must prepare a project finance plan for each project that clearly identifies secured and anticipated fund sources, cash flow timing requirements, and project staging and phasing plans if applicable; and (c) the department must report these results for each project to the joint transportation committee.

(2) The requirements of this section shall not apply to (a) utility relocation work, and related activities, on the Alaskan Way viaduct and Seattle Seawall replacement project and (b) off-site pontoon construction, and related activities, supporting the state route number 520 bridge replacement and HOV project.

Sec. 29. RCW 81.112.050 and 1998 c 192 s 1 are each amended to read as follows:

(1) At the time of formation, the area to be included within the boundary of the authority shall be that area set forth in the system plan adopted by the joint regional policy committee. Prior to submitting the system and financing plan to the voters, the authority may make adjustments to the boundaries as deemed appropriate but must assure that, to the extent possible, the boundaries: (a) Include the largest-population urban growth area designated by each county under chapter 36.70A RCW; and (b) follow election precinct boundaries. If a portion of any city is determined to be within the service area, the entire city must be included within the boundaries of the authority.

(2) After voters within the authority boundaries have approved the system and financing plan, elections to add areas contiguous to the authority boundaries may be called by resolution of the regional transit authority, after consultation with affected transit agencies and with the concurrence of the legislative authority of the city or town if the area is incorporated, or with the concurrence of the county legislative authority if the area is unincorporated. Only those areas that would benefit from the services provided by the authority may be included and services or projects proposed for the area must be consistent with the regional transportation plan. The election may include a single ballot proposition providing for annexation to the authority boundaries and imposition of the taxes at rates already imposed within the authority boundaries. Alternatively, the annexation proposition may be submitted as part of a proposition to support additional implementation phases of the authority's system and financing plan as provided in RCW 81.112.030(10), in which case a simple majority of the combined electorate, voting within the existing boundaries and

the proposed area to be annexed, is required to approve the annexation, along with approval of the plan and the revenue sources necessary to finance the plan.

(3) Upon receipt of a resolution requesting exclusion from the boundaries of the authority from a city whose municipal boundaries cross the boundaries of an authority and thereby result in only a portion of the city being subject to local option taxes imposed by the authority under chapters 81.104 and 81.112 RCW in order to implement a high-capacity transit plan, and where the vote to approve the city's incorporation occurred simultaneously with an election approving the local option taxes, then upon a two-thirds majority vote of the governing board of the authority, the governing board shall redraw the boundaries of the authority to exclude that portion of the city that is located within the authority's boundaries, and the excluded area is no longer subject to local option taxes imposed by the authority. This subsection expires December 31, 1998.

NEW SECTION. Sec. 30. Section 23 of this act expires July 1, 2006.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 9.94A RCW to read as follows:

(1) In a prosecution for rape of a child in the first degree, rape of a child in the second degree, or child molestation in the first degree, the prosecuting attorney shall file a special allegation that the offense was predatory whenever sufficient admissible evidence exists, which, when considered with the most plausible, reasonably foreseeable defense that could be raised under the evidence, would justify a finding by a reasonable and objective fact-finder that the offense was predatory, unless the prosecuting attorney determines, after consulting with a victim, that filing a special allegation under this section is likely to interfere with the ability to obtain a conviction.

(2) Once a special allegation has been made under this section, the state has the burden to prove beyond a reasonable doubt that the offense was predatory. If a jury is had, the jury shall, if it finds the defendant guilty, also find a special verdict as to whether the offense was predatory. If no jury is had, the court shall make a finding of fact as to whether the offense was predatory.

(3) The prosecuting attorney shall not withdraw a special allegation filed under this section without the approval of the court through an order of dismissal of the allegation. The court may not dismiss the special allegation unless it finds that the order is necessary to correct an error in the initial charging decision or that there are evidentiary problems that make proving the special allegation doubtful.

NEW SECTION. Sec. 2. A new section is added to chapter 9.94A RCW to read as follows:

(1) In a prosecution for rape in the first degree, rape in the second degree, indecent liberties by forcible compulsion, or kidnapping in the first degree with sexual motivation, the prosecuting attorney shall file a special allegation that the victim of the offense was under fifteen years of age at the time of the offense whenever sufficient admissible evidence exists, which, when considered with the most plausible, reasonably foreseeable defense that could be raised under the evidence, would justify a finding by a reasonable and objective fact-finder that the victim was under fifteen years of age at the time of the offense, unless the prosecuting attorney determines, after consulting with a victim, that filing a special allegation under this section is likely to interfere with the ability to obtain a conviction.

(2) Once a special allegation has been made under this section, the state has the burden to prove beyond a reasonable doubt that the victim was under fifteen years of age at the time of the offense. If a jury is had, the jury shall, if it finds the defendant guilty, also find a special verdict as to whether the victim was under the age of fifteen at the time of the offense. If no jury is had, the court shall make a finding of fact as to whether the victim was under the age of fifteen at the time of the offense.

(3) The prosecuting attorney shall not withdraw a special allegation filed under this section without the approval of the court through an order of dismissal of the allegation. The court may not dismiss the special allegation unless it finds that the order is necessary to correct an error in the initial charging decision or that there are evidentiary problems that make proving the special allegation doubtful.

NEW SECTION. Sec. 3. A new section is added to chapter 9.94A RCW to read as follows:

(1) In a prosecution for rape in the first degree, rape in the second degree with forcible compulsion, indecent liberties with forcible compulsion, or kidnapping in the first degree with sexual motivation, the prosecuting attorney shall file a special allegation that the victim of the offense was, at the time of the

offense, developmentally disabled, mentally disordered, or a frail elder or vulnerable adult, whenever sufficient admissible evidence exists, which, when considered with the most plausible, reasonably foreseeable defense that could be raised under the evidence, would justify a finding by a reasonable and objective fact-finder that the victim was, at the time of the offense, developmentally disabled, mentally disordered, or a frail elder or vulnerable adult, unless the prosecuting attorney determines, after consulting with a victim, that filing a special allegation under this section is likely to interfere with the ability to obtain a conviction.

(2) Once a special allegation has been made under this section, the state has the burden to prove beyond a reasonable doubt that the victim was, at the time of the offense, developmentally disabled, mentally disordered, or a frail elder or vulnerable adult. If a jury is had, the jury shall, if it finds the defendant guilty, also find a special verdict as to whether the victim was, at the time of the offense, developmentally disabled, mentally disordered, or a frail elder or vulnerable adult. If no jury is had, the court shall make a finding of fact as to whether the victim was, at the time of the offense, developmentally disabled, mentally disordered, or a frail elder or vulnerable adult.

(3) The prosecuting attorney shall not withdraw a special allegation filed under this section without the approval of the court through an order of dismissal of the allegation. The court may not dismiss the special allegation unless it finds that the order is necessary to correct an error in the initial charging decision or that there are evidentiary problems that make proving the special allegation doubtful.

(4) For purposes of this section, "developmentally disabled," "mentally disordered," and "frail elder or vulnerable adult" have the same meaning as in RCW 9A.44.010.

Sec. 4. RCW 9.94A.712 and 2005 c 436 s 2 are each amended to read as follows:

For offenders placed on community custody for crimes committed on or after July 1, 2000, the department shall assess the offender's risk of reoffense and may establish and modify conditions of community custody, in addition to those imposed by the court, based upon the risk to community safety.

(6) "Community custody range" means the minimum and maximum period of community custody included as part of a sentence under RCW 9.94A.715, as established by the commission or the legislature under RCW 9.94A.850, for crimes committed on or after July 1, 2000.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Kastama on the scope and object of House Bill No. 2520, the President finds and rules as follows. First the President would like to remind the body once again that the rule on scope and object is not concerned with the title of the bill. The President finds that the original bill makes recodifying changes, technical corrections and clarifying amendments to existing RCW sections that all deal with information that is exempt from disclosure under the public disclosure laws. The bill addresses only exemptions from disclosure.

Amendment No. 216 by Senator Benton would add a totally new substantive change to public disclosure law requiring the disclosure of information not currently regulated under the Public Disclosure Act. The amendment mandates new disclosure requirements and has nothing to do with existing exemptions from disclosure.

The President, therefore, finds that the amendment does change the scope and object of the bill and the point of order is well taken.

The Senate resumed consideration of House Bill No. 2520 which was deferred earlier in the day.

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1010, by House Committee on Technology, Energy & Communications (originally sponsored by Representatives Morris, Hudgins, Morrell, Linville, B. Sullivan, McCoy and Chase)

Concerning energy efficiency and renewable energy standards.

The measure was read the second time.

MOTION

Senator Poulsen moved that the following committee striking amendment by the Committee on Water, Energy & Environment be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature to ensure an adequate supply of safe, clean, and reliable electricity at the lowest reasonable cost and risk to the utility and its ratepayers. To achieve this end, the legislature finds it essential that electric utilities in Washington develop comprehensive resource plans that explain the mix of generation and demand-side resources they plan to use to meet their customers' electricity needs in both the short term and the long term. The legislature also finds that resource planning is an important way of maintaining Washington state's commitment to a vertically integrated utility structure. The legislature further finds that many utilities in Washington have had a long and successful history of resource planning and are able to share their expertise with other utilities. The legislature also finds it essential that the utility plans be made publicly available and be aggregated and analyzed at a statewide level so the citizens of the state and their public officials have confidence that Washington's electricity supply is adequate.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Commission" means the utilities and transportation commission.

(2) "Conservation and efficiency resources" means any reduction in electric power consumption that results from increases in the efficiency of energy use, production, transmission, or distribution.

(3) "Consumer-owned utility" includes a municipal electric utility formed under Title 35 RCW, a public utility district formed under Title 54 RCW, an irrigation district formed under chapter 87.03 RCW, a cooperative formed under chapter 23.86 RCW, a mutual corporation or association formed under chapter 24.06 RCW, a port district formed under Title 53 RCW, or a water-sewer district formed under Title 57 RCW, that is engaged in the business of distributing electricity to one or more retail electric customers in the state.

(4) "Department" means the department of community, trade, and economic development.

(5) "Electric utility" means a consumer-owned or investor-owned utility.

(6) "Full requirements customer" means an electric utility that relies on the Bonneville power administration for all power needed to supply its total load requirement other than that served by nondispatchable generating resources totaling no more than six megawatts or renewable resources.

(7) "Governing body" means the elected board of directors, city council, commissioners, or board of any consumer-owned utility.

(8) "High efficiency cogeneration" means the sequential production of electricity and useful thermal energy from a common fuel source, where, under normal operating conditions, the facility has a useful thermal energy output of no less than thirty-three percent of the total energy output.

(9) "Integrated resource plan" means an analysis describing the mix of generating resources and conservation and efficiency resources that will meet current and projected needs at the lowest reasonable cost to the utility and its ratepayers and that complies with the requirements specified in section 3(1) of this act.

(10) "Investor-owned utility" means a corporation owned by investors that meets the definition in RCW 80.04.010 and is engaged in distributing electricity to more than one retail electric customer in the state.

(11) "Lowest reasonable cost" means the lowest cost mix of generating resources and conservation and efficiency resources determined through a detailed and consistent analysis of a wide range of commercially available resources. At a minimum, this analysis must consider resource cost, market-volatility risks, demand-side resource uncertainties, resource dispatchability, resource effect on system operation, the risks imposed on the utility and its ratepayers, public policies regarding resource preference adopted by Washington state or the federal government, and the cost of risks associated with environmental effects including emissions of carbon dioxide.

(12) "Plan" means either an "integrated resource plan" or a "resource plan."

(13) "Renewable resources" means electricity generation facilities fueled by: (a) Water; (b) wind; (c) solar energy; (d) geothermal energy; (e) landfill gas; (f) biomass energy utilizing animal waste, solid organic fuels from wood, forest, or field residues or dedicated energy crops that do not include wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chrome-arsenic; (g) byproducts of pulping or wood manufacturing processes, including but not limited to bark, wood chips, sawdust, and lignin in spent pulping liquors; (h) ocean thermal, wave, or tidal power; or (i) gas from sewage treatment facilities.

(14) "Resource plan" means an assessment that estimates electricity loads and resources over a defined period of time and complies with the requirements in section 3(2) of this act.

NEW SECTION. Sec. 3. Each electric utility must develop a plan consistent with this section.

(1) Utilities with more than twenty-five thousand customers that are not full requirements customers shall develop or update an integrated resource plan by September 1, 2008. At a minimum, progress reports reflecting changing conditions and the progress of the integrated resource plan must be produced every two years thereafter. An updated integrated resource plan must be developed at least every four years subsequent to the 2008 integrated resource plan. The integrated resource plan, at a minimum, must include:

(a) A range of forecasts, for at least the next ten years, of projected customer demand which takes into account econometric data and customer usage;

(b) An assessment of commercially available conservation and efficiency resources. Such assessment may include, as appropriate, high efficiency cogeneration, demand response and load management programs, and currently employed and new policies and programs needed to obtain the conservation and efficiency resources;

(c) An assessment of a commercially available, utility scale renewable and nonrenewable generating technologies;

(d) A comparative evaluation of renewable and nonrenewable generating resources, including transmission and distribution delivery costs, and conservation and efficiency resources using "lowest reasonable cost" as a criterion;

(e) The integration of the demand forecasts and resource evaluations into a long-range assessment describing the mix of supply side generating resources and conservation and efficiency resources that will meet current and projected needs at the lowest reasonable cost and risk to the utility and its ratepayers; and

(f) A short-term plan identifying the specific actions to be taken by the utility consistent with the long-range integrated resource plan.

(2) All other utilities may elect to develop a full integrated resource plan as set forth in subsection (1) of this section or, at a minimum, shall develop a resource plan that:

(a) Estimates loads for the next five and ten years;

(b) Enumerates the resources that will be maintained and/or acquired to serve those loads; and

(c) Explains why the resources in (b) of this subsection were chosen and, if the resources chosen are not renewable resources or conservation and efficiency resources, why such a decision was made.

(3) An electric utility that is required to develop a resource plan under this section must complete its initial plan by September 1, 2008.

(4) Resource plans developed under this section must be updated on a regular basis, at a minimum on intervals of two years.

(5) Plans shall not be a basis to bring legal action against electric utilities.

(6) Each electric utility shall publish a final integrated resource plan either as part of an annual report or as a separate document available to the public.

NEW SECTION. Sec. 4. (1) Investor-owned utilities shall submit integrated resource plans to the commission. The commission shall establish by rule the requirements for preparation and submission of integrated resource plans.

(2) The commission may adopt additional rules as necessary to clarify the requirements of section 3 of this act as they apply to investor-owned utilities.

NEW SECTION. Sec. 5. (1) The governing body of a consumer-owned utility that develops a plan under this chapter shall encourage participation of its consumers in development of the plans and progress reports and approve the plans and progress reports after it has provided public notice and hearing.

(2) Each consumer-owned utility shall transmit a copy of its plan to the department by September 1, 2008, and transmit subsequent progress reports or plans to the department at least every two years thereafter. The department shall develop, in consultation with utilities, a common cover sheet that summarizes the essential data in their plans or progress reports.

(3) Consumer-owned utilities may develop plans of a similar type jointly with other consumer-owned utilities. Data and assessments included in joint reports must be identifiable to each individual utility.

(4) To minimize duplication of effort and maximize efficient use of utility resources, in developing their plans under section 3 of this act, consumer-owned utilities are encouraged to use resource planning concepts, techniques, and information provided to and by organizations such as the United States department of energy, the Northwest planning and conservation council, Pacific Northwest utility conference committee, and other state, regional, national, and international entities, and, for the 2008 plan, as appropriate, are encouraged to use and be consistent with relevant determinations required under Title XII - Electricity; Subtitle E, Sections 1251 - 1254 of the federal energy policy act of 2005.

NEW SECTION. Sec. 6. PERSONAL PRIVILEGE

Senator Brandland: "Madam President, I was driving down the road the other day and I was listening to my radio and I heard an ad on the radio. This ad was put out by the WEA, Washington Education Association, and it basically said something to the effect that Washington ranked forty-second, forty-sixth, somewhere in the nation as it relates to the amount of money that we spend on pupils and so I started thinking a little bit and I remember I received a little book from, this one happens to be from the Association of Washington Business, Washington Research Council, Washington Roundtable and the Washington Association of Realtors. I looked in there and basically what they're saying Washington ranks sixteenth. First in capital spending, thirtieth in operating spending and I'm not saying this because I want say anything negative about either one of these bodies because I believe that they think in their

own mind that they're putting out the right information. I think that the point that I'm trying to make here is that I think a lot of people that are watching this on TV and hear about the things that we do down here perhaps think that we make decisions in a vacuum. I can tell you that many times in my brief career here, we've had to make decisions based on conflicting information and, I think this is a classic example of that. Not saying that either ones right, either ones wrong. It is difficult to get all the information in sometimes in a relatively in a short period of time and make a good decision. I just wanted to pass that point along. Thank you."

PERSONAL PRIVILEGE

Senator Benton: "Thank you Madam President. I wanted to thank the Majority Leader for the candy she left on my desk this morning. I followed the instructions, it says, 'Please remove the tablet from the packet before use.' So I did. I took it out of the container and bit off a piece. I thought, I originally thought it was white chocolate and then I realized it was hard, so then occurred to me that it was a mint of some sort and so even though I removed the cover as instructed the taste was not what I expected when I took a bite of this lovely present that was left on my desk and so I just wanted to warn my colleagues before they bite into their present to be careful. Don't expect a minty taste because it's not like that at all. It's very, very different. It's kind a like you're going to take a drink of something, you think it's one thing, but it's something else. It's a very surprising thing that occurs to you when your expecting something and you get something totally different. I may have even chipped one of my teeth, I think, as I bit into this lovely present. So I wanted to thank her but at the same time I wanted to warn my colleagues to be very careful when they're taking advantage of this lovely present that the Majority Leader left for us this morning."

PERSONAL PRIVILEGE

Senator McCaslin: "Now I know why we're in the minority!"

PERSONAL PRIVILEGE

Senator Brown: "I am so sorry, Senator. Perhaps I should of put more explicit instructions. What you have here is not actually edible. Please send me the doctor bill but not the attorneys fees please. If I could avoid that, that would be great. What you have here is in light of the bill that we passed last night, related to phasing out the phosphorous in our dish washing detergent. This is a sample of the product. So this goes in your dishwasher and for those of you who passed that on to

your spouse, you just pass it on to her and she'll use it in the dishwasher. I just want to let you know that it does get your dishes and glasses spotless and clean. Thank you for helping me out with the bill and hope that you also find the product satisfactory."

POINT OF INQUIRY

Senator Honeyford: "Will Senator Benton yield to a question? Senator, the question is are your teeth whiter and cleaner?"

Senator Benton: "Well, the answer is yes I have noticed a remarkable change in the quality of the shininess of the teeth. I'll be careful not to smile. We wouldn't want to give anybody a sunburn."

PERSONAL PRIVILEGE

Senator Hargrove: "I thought this was a piece of candy I ate it. What is that going to do for me?"

PERSONAL PRIVILEGE

Senator Roach: "Madam President, members of the Senate. This brings up maybe a new discovery for us because if we were to eat these. Now, I don't know if there is phosphorous in people effluent but if there is, this might be something that we could all take. All of humanity and certainly do good for the ecology. What do you think of that? You've come on something."

PERSONAL PRIVILEGE

Senator Delvin: "Thank you Madam President. When did we go to the ninth order?"

PERSONAL PRIVILEGE

Senator Oke: "Thank you Madam President. I've got the arm band to prove it, but I wanted you to all know. It's hard for me to tell everybody. Yesterday I went into the VA hospital in Seattle. My red blood count was down to twenty-three. Not a good point and I got there with Judy about one. They started the first IV into me and they gave me three. At five-thirty, I started this and at two-thirty a. m. they finished with me and my lovely wife was there with me. Having people going in and going out. The good news is this morning when they took the blood sample and looked at it I'm thirty-one so. Anything over thirty is 'Praise the Lord.' Thank you for your prayers."

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 47.64.011 and 1983 c 15 s 2 are each amended to read as follows:

As used in this chapter, unless the context otherwise requires, the definitions in this section shall apply.

(1) (~~"Arbitration" means the procedure whereby the parties involved in an impasse submit their differences to a third party for a final and binding decision or as provided in this chapter.~~

~~"(2) "Arbitrator" means either a single arbitrator or a panel of three arbitrators as provided in RCW 47.64.240.~~

~~"(3)) "Collective bargaining representative" means the persons designated by the ((secretary of transportation)) governor and employee organizations to be the exclusive representatives during collective bargaining negotiations.~~

~~"((4)) (2) "Commission" means the marine employees' commission created in RCW 47.64.280.~~

~~"(3) "Department of transportation" means the department as defined in RCW 47.01.021.~~

~~"(4) "Employer" means the state of Washington.~~

(5) "Ferry employee" means any employee of the marine transportation division of the department of transportation who is a member of a collective bargaining unit represented by a ferry employee organization and does not include an exempt employee pursuant to RCW 41.06.079.

(6) "Ferry employee organization" means any labor organization recognized to represent a collective bargaining unit of ferry employees.

(7) (~~"Ferry system management" means those management personnel of the marine transportation division of the department of transportation who have been vested with the day-to-day management responsibilities of the Washington state ferry system by the transportation commission and who are not members of a collective bargaining unit represented by a ferry employee organization.~~

~~"(8)) "Lockout" means the refusal of ((ferry system management)) the employer to furnish work to ferry employees in an effort to get ferry employee organizations to make concessions during collective bargaining, grievance, or other labor relation negotiations. Curtailment of employment of ferry employees due to lack of work resulting from a strike or work stoppage(~~(, as defined in subsection (11) of this section,))~~) shall not be considered a lockout.~~

~~"((9) "Marine employees' commission" means the commission created in RCW 47.64.280.~~

~~"((10)) (8) "Office of financial management" means the office as created in RCW 43.41.050.~~

A refusal, in good faith, to work under conditions which pose an endangerment to the health and safety of ferry employees or the public, as determined by the master of the vessel, shall not be considered a strike for the purposes of this chapter.~~

~~"((12) "Transportation commission" means the commission as defined in RCW 47.01.021.)~~

NEW SECTION. Sec. 2. A new section is added to chapter 47.64 RCW to read as follows:

(1) For the purpose of negotiating collective bargaining agreements under this chapter, the employer shall be represented by the governor or governor's designee.

(2) Two or more ferry employee organizations may, upon agreement of the parties, negotiate, as a coalition with the employer representative as designated in subsection (1) of this section, a multiunion collective bargaining agreement on behalf of all the employees in ferry employee organization bargaining units that the exclusive bargaining representatives represent. The coalition shall bargain for a multiunion collective bargaining agreement covering all of the employees represented by the coalition. The governor's designee and the exclusive bargaining representative or representatives are authorized to enter into supplemental bargaining of bargaining unit-specific issues for inclusion in or as an addendum to the multiunion collective bargaining agreement, subject to the parties' agreement regarding the issues and procedures for supplemental bargaining. Nothing in this section impairs the right of each ferry employee organization to negotiate a collective bargaining agreement exclusive to the bargaining unit it represents.

Sec. 3. RCW 47.64.120 and 1997 c 436 s 1 are each amended to read as follows:

(1) (~~"Ferry system management")~~ The employer and ferry system employee organizations, through their collective bargaining representatives, shall meet at reasonable times, to negotiate in good faith with respect to wages, hours, working conditions, insurance, and health care benefits as limited by RCW 47.64.270, and other matters mutually agreed upon. Employer funded retirement benefits shall be provided under the public employees retirement system under chapter 41.40 RCW and shall not be included in the scope of collective bargaining.

FIFTY-THIRD DAY, MARCH 2, 2006

2006 REGULAR SESSION

(2) Upon ratification of bargaining agreements, ferry employees are entitled to an amount equivalent to the interest earned on retroactive compensation increases. For purposes of this section, the interest earned on retroactive compensation increases is the same monthly rate of interest that was earned on the amount of the compensation increases while held in the state treasury. The interest will be computed for each employee until the date the retroactive compensation is paid, and must be allocated in accordance with appropriation authority. The interest earned on retroactive compensation is not considered part of the ongoing compensation obligation of the state and is not compensation earnable for the purposes of chapter 41.40 RCW. Negotiations shall also include grievance procedures for resolving any questions arising under the agreement, which shall be embodied in a written agreement and signed by the parties.

(3) Except as otherwise provided in this chapter, if a conflict exists between an executive order, administrative rule, or agency policy relating to wages, hours, and terms and conditions of employment and a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with the terms of a statute is invalid and unenforceable.

Sec. 4. RCW 47.64.130 and 1983 c 15 s 4 are each amended to read as follows:

(1) It is an unfair labor practice for ~~((ferry system management))~~ the employer or its representatives:

(a) To interfere with, restrain, or coerce employees in the exercise of the rights guaranteed by this chapter;

(b) To dominate or interfere with the formation or administration of any employee organization or contribute financial or other support to it ~~((PROVIDED, That))~~. However, subject to rules made by the commission pursuant to RCW 47.64.280, an employer shall not be prohibited from permitting employees to confer with it or its representatives or agents during working hours without loss of time or pay;

(c) To encourage or discourage membership in any employee organization by discrimination in regard to hiring, tenure of employment, or any term or condition of employment, but nothing contained in this subsection prevents an employer from requiring, as a condition of continued employment, payment of periodic dues and fees uniformly required to an exclusive bargaining representative pursuant to RCW 47.64.160 ~~((PROVIDED, That))~~. However, nothing prohibits ~~((ferry system management))~~ the employer from agreeing to obtain employees by referral from a lawful hiring hall operated by or participated in by a labor organization;

(d) To discharge or otherwise discriminate against an employee because he has filed charges or given testimony under this chapter;

(e) To refuse to bargain collectively with the representatives of its employees.

(2) It is an unfair labor practice for an employee organization:

(a) To restrain or coerce (i) employees in the exercise of the rights guaranteed by this chapter ~~((PROVIDED, That this paragraph))~~. However, this subsection does not impair the right of an employee organization to prescribe its own rules with respect to the acquisition or retention of membership therein, or (ii) an employer in the selection of his representatives for the purposes of collective bargaining or the adjustment of grievances;

(b) To cause or attempt to cause an employer to discriminate against an employee in violation of subsection (1)(c) of this section;

(c) To refuse to bargain collectively with an employer ~~((when it is the representative of its employees subject to RCW 47.64.170))~~.

(3) The expression of any view, argument, or opinion, or the dissemination thereof to the public, whether in written, printed, graphic, or visual form, shall not constitute or be evidence of an unfair labor practice under any of the provisions of this chapter, if the expression contains no threat of reprisal or force or promise of benefit.

Sec. 5. RCW 47.64.140 and 1989 c 373 s 25 are each amended to read as follows:

(1) It is unlawful for any ferry system employee or any employee organization, directly or indirectly, to induce, instigate, encourage, authorize, ratify, or participate in a strike or work stoppage against the ferry system.

(2) It is unlawful for ~~((ferry system management))~~ the employer to authorize, consent to, or condone a strike or work stoppage; or to conduct a lockout; or to pay or agree to pay any ferry system employee for any day in which the employee participates in a strike or work stoppage; or to pay or agree to pay any increase in compensation or benefits to any ferry system employee in response to or as a result of any strike or work stoppage or any act that violates subsection (1) of this section. It is unlawful for any official, director, or representative of the ferry system to authorize, ratify, or participate in any violation of this subsection. Nothing in this subsection prevents new or renewed bargaining and agreement within the scope of negotiations as defined by this chapter, at any time. No collective bargaining agreement provision regarding suspension or modification of any court-ordered penalty provided in this section is binding on the courts.

(3) In the event of any violation or imminently threatened violation of subsection (1) or (2) of this section, any citizen domiciled within the jurisdictional boundaries of the state may petition the superior court for Thurston county for an injunction restraining the violation or imminently threatened violation. Rules of civil procedure regarding injunctions apply to the action. However, the court shall grant a temporary injunction if it appears to the court that a violation has occurred or is imminently threatened; the plaintiff need not show that the violation or threatened violation would greatly or irreparably injure him or her; and no bond may be required of the plaintiff unless the court determines that a bond is necessary in the public interest. Failure to comply with any temporary or permanent injunction granted under this section is a contempt of court as provided in chapter 7.21 RCW. The court may impose a penalty of up to ten thousand dollars for an employee organization or the ferry system, for each day during which the failure to comply continues. The sanctions for a ferry employee found to be in contempt shall be as provided in chapter 7.21 RCW. An individual or an employee organization which makes an active good faith effort to comply fully with the injunction shall not be deemed to be in contempt.

(4) The right of ferry system employees to engage in strike or work slowdown or stoppage is not granted and nothing in this chapter may be construed to grant such a right.

(5) Each of the remedies and penalties provided by this section is separate and several, and is in addition to any other legal or equitable remedy or penalty.

(6) In addition to the remedies and penalties provided by this section the successful litigant is entitled to recover reasonable attorney fees and costs incurred in the litigation.

(7) Notwithstanding the provisions of chapter 88.04 RCW and chapter 88.08 RCW, the department of transportation shall ~~((promulgate))~~ adopt rules (and regulations) allowing vessels, as defined in RCW ~~((88.04.300))~~ 88.04.015, as well as other watercraft, to engage in emergency passenger service on the

FIFTY-THIRD DAY, MARCH 2, 2006

waters of Puget Sound in the event ferry employees engage in a work slowdown or stoppage. Such emergency rules (~~and regulations~~) shall allow emergency passenger service on the waters of Puget Sound within seventy-two hours following a work slowdown or stoppage. Such rules (~~and regulations~~) that are (~~promulgated~~) adopted shall give due consideration to the needs and the health, safety, and welfare of the people of the state of Washington.

Sec. 6. RCW 47.64.170 and 1983 c 15 s 8 are each amended to read as follows:

(1) Any ferry employee organization certified as the bargaining representative shall be the exclusive representative of all ferry employees in the bargaining unit and shall represent all such employees fairly.

(2) A ferry employee organization or organizations and the (~~secretary of transportation~~) governor may each designate any individual as its representative to engage in collective bargaining negotiations.

(3) Negotiating sessions, including strategy meetings of (~~ferry system management~~) the employer or employee organizations, mediation, and the deliberative process of arbitrators are exempt from the provisions of chapter 42.30 RCW. Hearings conducted by arbitrators may be open to the public by mutual consent of the parties. (~~Any meeting of the transportation commission, during which a collective bargaining agreement is subject to ratification, shall be open to the public.~~)

(4) Terms of any collective bargaining agreement may be enforced by civil action in Thurston county superior court upon the initiative of either party.

(5) Ferry system employees or any employee organization shall not negotiate or attempt to negotiate directly with (~~a member of the transportation commission if the commission has~~) anyone other than the person who has been appointed or authorized a bargaining representative for the purpose of bargaining with the ferry employees or their representative (~~unless the member of the commission is the designated bargaining representative of the ferry system~~).

(6)(a) The negotiation of a proposed collective bargaining agreement by representatives of (~~ferry system management~~) the employer and a ferry employee organization shall commence (~~in each odd-numbered year immediately following adoption by the legislature and approval by the governor of the biennial budget~~) on or about September 1st of every odd-numbered year. However, negotiations for the 2007-2009 biennial agreements may commence at any time after the effective date of this section. Negotiations for agreements pertaining to the 2009-2011 biennium and all subsequent negotiations must conclude on or about April 1st of the year following the year in which the negotiations commence. If negotiations are not concluded by April 1st, the parties shall be deemed to be at impasse and shall proceed to mediation under RCW 47.64.230 and sections 12 through 14 of this act.

(b) For negotiations covering the 2009-2011 biennium and subsequent biennia, the time periods specified in this section, and in RCW 47.64.210 and sections 12 through 14 of this act, must ensure conclusion of all agreements on or before September 1st of the even-numbered year next preceding the biennial budget period during which the agreement should take effect. These time periods may only be altered by mutual agreement of the parties in writing. Any such agreement and any impasse procedures agreed to by the parties under RCW 47.64.200 must include an agreement regarding the new time periods that will allow final resolution by negotiations or arbitration by September 1st of each even-numbered year. Negotiations for the 2007-2009 biennium must be concluded on or before October 1, 2006.

(7) Until a new collective bargaining agreement is (~~negotiated, or until an award is made by the arbitrator~~) in effect, the terms and conditions of the previous collective bargaining agreement shall remain in force. (~~The wage and benefit provisions of any collective bargaining agreement, or arbitrator's award in lieu thereof, that is concluded after July 1st of an odd-numbered year shall be retroactive to July 1st.~~) It is the intent of this section that the collective bargaining agreement or arbitrator's award shall commence on July 1st of each odd-numbered year and shall terminate on June 30th of the next odd-numbered year to coincide with the ensuing biennial budget year, as defined by RCW 43.88.020(7), to the extent practical. It is further the intent of this section that all collective bargaining agreements be concluded by September 1st of the even-numbered year before the commencement of the biennial budget year during which the agreements are to be in effect.

(8) (~~Any ferry union contract terminating before July 1, 1983, shall, with the agreement of the parties, remain in effect until a contract can be concluded under RCW 47.64.006, 47.64.011, and 47.64.120 through 47.64.280. The contract may be retroactive to the expiration date of the prior contract, and the cost to the department of three months retroactive compensation and benefits for this 1983 contract negotiation only shall not be included in calculating the limitation imposed by RCW 47.64.180. If the parties cannot agree to contract extension, any increase agreed to for the three-month period shall be included in calculating the limit imposed by RCW 47.64.180.~~)

(9) Any ferry union contract which would terminate after July 1, 1983, may, by agreement of the parties, be terminated as of July 1, 1983, and a new contract concluded pursuant to RCW 47.64.006, 47.64.011, and 47.64.120 through 47.64.280. Any contract terminating after July 1, 1983, is subject to this chapter only upon its expiration and shall not be renewed for a period beyond July 1, 1985.) (a) The governor shall submit a request either for funds necessary to implement the collective bargaining agreements including, but not limited to, the compensation and fringe benefit provisions or for legislation necessary to implement the agreement, or both. Requests for funds necessary to implement the collective bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(b) The governor shall submit a request either for funds necessary to implement the arbitration awards or for legislation necessary to implement the arbitration awards, or both. Requests for funds necessary to implement the arbitration awards shall not be submitted to the legislature by the governor unless such requests have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered.

(c) The legislature shall approve or reject the submission of the request for funds necessary to implement the collective bargaining agreements or arbitration awards as a whole for each agreement or award. The legislature shall not consider a request for funds to implement a collective bargaining agreement or arbitration award unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement and award or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 47.64.210 and section 12 of this act.

FIFTY-THIRD DAY, MARCH 2, 2006

2006 REGULAR SESSION

(9) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

Sec. 7. RCW 47.64.200 and 1983 c 15 s 11 are each amended to read as follows:

As the first step in the performance of their duty to bargain, ~~((ferry system management))~~ the employer and the employee organization shall endeavor to agree upon impasse procedures. ~~((The agreement shall provide for implementation of these impasse procedures not later than July 1st in each odd-numbered year following enactment of the biennial budget.))~~ Unless otherwise agreed to by the employee organization and the employer in their impasse procedures, the arbitrator or panel is limited to selecting the most reasonable offer, in its judgment, of the final offers on each impasse item submitted by the parties. The employee organization and the employer may mutually agree to the impasse procedure under which the arbitrator or panel may issue a decision it deems just and appropriate with respect to each impasse item. If the parties fail to agree upon impasse procedures under this section, the impasse procedures provided in RCW 47.64.210 ~~((through))~~ and 47.64.230 and sections 12 through 14 of this act apply. It is unlawful for either party to refuse to participate in the impasse procedures provided in RCW 47.64.210 ~~((through))~~ and 47.64.230 and sections 12 through 14 of this act.

Sec. 8. RCW 47.64.210 and 1983 c 15 s 12 are each amended to read as follows:

In the absence of an impasse agreement between the parties or the failure of either party to utilize its procedures by ~~((August))~~ April 1st in ((each odd-numbered year, the marine employees' commission shall, upon the request of either party,)) the even-numbered year preceding the biennium, either party may request the commission to appoint an impartial and disinterested person to act as mediator ~~((pursuant to RCW 47.64.280)).~~ It is the function of the mediator to bring the parties together to effectuate a settlement of the dispute, but the mediator shall not compel the parties to agree.

Sec. 9. RCW 47.64.220 and 1999 c 256 s 1 are each amended to read as follows:

(1) Prior to collective bargaining and for purposes of collective bargaining and arbitration, the ((marine employees')) commission shall conduct a salary survey. The results of the survey shall be published in a report which shall be a public document comparing wages, hours, employee benefits, and conditions of employment of involved ferry employees with those of public and private sector employees in states along the west coast of the United States, including Alaska, and in British Columbia doing directly comparable but not necessarily identical work, giving consideration to factors peculiar to the area and the classifications involved. Such survey report shall be for the purpose of disclosing generally prevailing levels of compensation, benefits, and conditions of employment. It shall be used to guide generally but not to define or limit collective bargaining between the parties. ~~((The commission shall make such other findings of fact as the parties may request during bargaining or impasse.))~~

(2) ~~((Except as provided in subsection (3) of this section,))~~ Salary and employee benefit information collected from private employers that identifies a specific employer with the salary and employee benefit rates which that employer pays to its employees is not subject to public disclosure under chapter 42.17 RCW.

~~((3) A person or entity, having reason to believe that the salary survey results are inaccurate, may submit a petition to the state auditor requesting an audit of the data upon which the salary survey results are based. The state auditor shall review and analyze all data collected for the salary survey, including proprietary information, but is prohibited from disclosing the salary survey data to any other person or entity, except by court order.))~~

Sec. 10. RCW 47.64.220 and 2005 c 274 s 308 are each amended to read as follows:

(1) Prior to collective bargaining and for purposes of collective bargaining and arbitration, the ((marine employees')) commission shall conduct a salary survey. The results of the survey shall be published in a report which shall be a public document comparing wages, hours, employee benefits, and conditions of employment of involved ferry employees with those of public and private sector employees in states along the west coast of the United States, including Alaska, and in British Columbia doing directly comparable but not necessarily identical work, giving consideration to factors peculiar to the area and the classifications involved. Such survey report shall be for the purpose of disclosing generally prevailing levels of compensation, benefits, and conditions of employment. It shall be used to guide generally but not to define or limit collective bargaining between the parties. ~~((The commission shall make such other findings of fact as the parties may request during bargaining or impasse.))~~

(2) ~~((Except as provided in subsection (3) of this section,))~~ Salary and employee benefit information collected from private employers that identifies a specific employer with the salary and employee benefit rates which that employer pays to its employees is not subject to public disclosure under chapter 42.56 RCW.

The state auditor shall review and analyze all data collected for the salary survey, including proprietary information, but is prohibited from disclosing the salary survey data to any other person or entity, except by court order.))~~

Sec. 11. RCW 47.64.230 and 1983 c 15 s 14 are each amended to read as follows:

By mutual agreement, the parties may waive mediation ~~((and fact-finding, as provided for in RCW 47.64.210 and 47.64.220.))~~ and proceed with binding arbitration as provided for in ~~((RCW 47.64.240))~~ the impasse procedures agreed to under RCW 47.64.200 or in sections 12 through 14 of this act, as applicable. The waiver shall be in writing and be signed by the representatives of the parties.

NEW SECTION. **Sec. 12.** A new section is added to chapter 47.64 RCW to read as follows:

(1) If an agreement has not been reached following a reasonable period of negotiations and, when applicable, mediation, but in either event by April 15th, upon the recommendation of the assigned mediator that the parties remain at impasse, all impasse items shall be submitted to arbitration under this section. The issues for arbitration shall be limited to the issues certified by the commission.

(2) The parties may agree to submit the dispute to a single arbitrator, whose authority and duties shall be the same as those of an arbitration panel. If the parties cannot agree on the arbitrator within five working days, the selection shall be made under subsection (3) of this section. The full costs of arbitration under this section shall be shared equally by the parties to the dispute.

(3) Within seven days following the issuance of the determination of the commission, each party shall name one person to serve as its arbitrator on the arbitration panel. The two members so appointed shall meet within seven days following the appointment of the later appointed member to attempt to choose a third member to act as the neutral chair of the arbitration panel. Upon the failure of the arbitrators to select a neutral chair within seven days, either party may apply to the federal mediation and conciliation service, or the American arbitration association to provide a list of five qualified arbitrators from which the neutral chair shall be chosen. Each party shall pay the fees and expenses of its arbitrator, and the fees and expenses of the neutral chair shall be shared equally between the parties.

(4) In consultation with the parties, the arbitrator or arbitration panel shall promptly establish a date, time, and place for a hearing and shall provide reasonable notice thereof to the parties to the dispute. The parties shall exchange final positions in writing, with copies to the arbitrator or arbitration panel, with respect to every issue to be arbitrated, on a date mutually agreed upon, but in no event later than ten working days before the date set for hearing. A hearing, which shall be informal, shall be held, and each party shall have the opportunity to present evidence and make argument. No member of the arbitration panel may present the case for a party to the proceedings. The rules of evidence prevailing in judicial proceedings may be considered, but are not binding, and any oral testimony or documentary evidence or other data deemed relevant by the chair of the arbitration panel may be received in evidence. A recording of the proceedings shall be taken. The arbitration panel has the power to administer oaths, require the attendance of witnesses, and require the production of such books, papers, contracts, agreements, and documents as may be deemed by the panel to be material to a just determination of the issues in dispute. If any person refuses to obey a subpoena issued by the arbitration panel, or refuses to be sworn or to make an affirmation to testify, or any witness, party, or attorney for a party is guilty of any contempt while in attendance at any hearing held hereunder, the arbitration panel may invoke the jurisdiction of the superior court in the county where the labor dispute exists, and the court has jurisdiction to issue an appropriate order. Any failure to obey the order may be punished by the court as a contempt thereof.

(5) The neutral chair shall consult with the other members of the arbitration panel, if a panel has been created. Within thirty days following the conclusion of the hearing, the neutral chair shall make written findings of fact and a written determination of the issues in dispute, based on the evidence presented. A copy thereof shall be served on each of the other members of the arbitration panel, and on each of the parties to the dispute. That determination is final and binding upon both parties, subject to review by the superior court upon the application of either party solely upon the question of whether the decision of the panel was arbitrary or capricious.

NEW SECTION. Sec. 13. A new section is added to chapter 47.64 RCW to read as follows:

An interest arbitration proceeding under section 12 of this act exercises a state function and is, for the purposes of this chapter, functioning as a state agency. Chapter 34.05 RCW does not apply to an interest arbitration proceeding under this chapter.

NEW SECTION. Sec. 14. A new section is added to chapter 47.64 RCW to read as follows:

(1) The mediator, arbitrator, or arbitration panel may consider only matters that are subject to bargaining under this chapter.

(2) The decision of an arbitrator or arbitration panel is not binding on the legislature and, if the legislature does not approve the funds necessary to implement provisions pertaining to compensation and fringe benefit provisions of an arbitrated collective bargaining agreement, is not binding on the state, the department of transportation, or the ferry employee organization.

(3) In making its determination, the arbitrator or arbitration panel shall be mindful of the legislative purpose under RCW 47.64.005 and 47.64.006 and, as additional standards or guidelines to aid it in reaching a decision, shall take into consideration the following factors:

(a) Past collective bargaining contracts between the parties including the bargaining that led up to the contracts;

(b) The constitutional and statutory authority of the employer;

(c) Stipulations of the parties;

(d) The results of the salary survey as required in RCW 47.64.220;

(e) Comparison of wages, hours, employee benefits, and conditions of employment of the involved ferry employees with those of public and private sector employees in states along the west coast of the United States, including Alaska, and in British Columbia doing directly comparable but not necessarily identical work, giving consideration to factors peculiar to the area and the classifications involved;

(f) Changes in any of the foregoing circumstances during the pendency of the proceedings;

(g) The limitations on ferry toll increases and operating subsidies as may be imposed by the legislature; and

(h) Other factors that are normally or traditionally taken into consideration in the determination of matters that are subject to bargaining under this chapter.

NEW SECTION. Sec. 15. A new section is added to chapter 47.64 RCW to read as follows:

Collective bargaining under this act may not be for the purposes of making a collective bargaining agreement take effect before July 1, 2007. No party may engage in collective bargaining under this act to amend a collective bargaining agreement in effect on the effective date of this section. A collective bargaining agreement or amendment thereto entered into under this act shall not be effective before July 1, 2007, and may not have any retroactive effect.

NEW SECTION. Sec. 16. (1) This act applies prospectively only and not retroactively. It applies to collective bargaining agreements, the negotiations of collective bargaining agreements, mediations, arbitrations, and other actions under this act that arise or are commenced on or after the effective date of this section.

(2) This act does not apply to collective bargaining agreements, either in effect or for which the negotiations have begun, or mediations and arbitrations that arose or commenced under this chapter before the effective date of this section. Such collective bargaining agreements and related proceedings must be administered in accordance with the authorities, rules, and procedures that were established under this chapter as it existed before the effective date of this section. The repealers in section 19 of this act do not affect any existing right acquired, or liability or obligation incurred, under the statutes repealed or under any rule or order adopted under those statutes, nor do they affect any proceeding instituted under them.

Sec. 17. RCW 47.64.270 and 1995 1st sp.s. c 6 s 6 are each amended to read as follows:

Absent a collective bargaining agreement to the contrary, the department of transportation shall provide contributions to insurance and health care plans for ferry system employees and dependents, as determined by the state health care authority,

To the extent that ferry employees by bargaining unit have absorbed the required offset of wage increases by the amount that the employer's contribution for employees' and dependents' insurance and health care plans exceeds that of other state general government employees in the 1985-87 fiscal biennium, employees shall not be required to absorb a further offset except to the extent the differential between employer contributions for those employees and all other state general government employees increases during any subsequent fiscal biennium. If such differential increases in the 1987-89 fiscal biennium or the 1985-87 offset by bargaining unit is insufficient to meet the required deduction, the amount available for compensation shall be reduced by bargaining unit by the amount of such increase or the 1985-87 shortage in the required offset. Compensation shall include all wages and employee benefits.

(5) A registration issued under this section is valid, unless surrendered, suspended, or revoked by the commissioner, or not renewed for so long as the service contract provider continues in business in this state and remains in compliance with this chapter. A registration is subject to renewal annually on the first day of July upon application of the service contract provider and payment of a fee of two hundred dollars, which shall be deposited into the general fund. If not so renewed, the registration expires on the June 30th next preceding.

(6) A service contract provider shall keep current the information required to be disclosed in its registration under this section by reporting all material changes or additions within thirty days after the end of the month in which the change or addition occurs.

Sec. 5. RCW 48.110.040 and 2005 c 223 s 34 are each amended to read as follows:

(1) Every registered service contract provider ~~((that is assuring its faithful performance of its obligations to its service contract holders by complying with RCW 48.110.050(2)(b)))~~ must file an annual report for the preceding calendar year with the commissioner on or before March 1st of each year, or within any extension of time the commissioner for good cause may grant. The report must be in the form and contain those matters as the commissioner prescribes and shall be verified by at least two officers of the service contract provider.

(2) At the time of filing the report, the service contract provider must pay a filing fee of twenty dollars which shall be deposited into the general fund.

(3) As part of any investigation by the commissioner, the commissioner may require a service contract provider to file monthly financial reports whenever, in the commissioner's discretion, there is a need to more closely monitor the financial activities of the service contract provider. Monthly financial statements must be filed in the commissioner's office no later than the twenty-fifth day of the month following the month for which the financial report is being filed. These monthly financial reports are the internal financial statements of the service contract provider. The monthly financial reports that are filed with the commissioner constitute information that might be damaging to the service contract provider if made available to its competitors, and therefore shall be kept confidential by the commissioner. This information may not be made public or be subject to subpoena, other than by the commissioner and then only for the purpose of enforcement actions taken by the commissioner.

Sec. 6. RCW 48.110.050 and 1999 c 112 s 6 are each amended to read as follows:

(1) Service contracts shall not be issued, sold, or offered for sale in this state or sold to consumers in this state unless the service contract provider has:

(a) Provided a receipt for, or other written evidence of, the purchase of the service contract to the contract holder; and

(b) Provided a copy of the service contract to the service contract holder within a reasonable period of time from the date of purchase.

(2) In order to either demonstrate its financial responsibility or assure the faithful performance of ~~((a))~~ the service contract provider's obligations to its service contract holders, every service contract provider shall ~~((be responsible for complying))~~ comply with the requirements of one of the following:

(a) Insure all service contracts under a reimbursement insurance policy issued by an insurer holding a certificate of authority from the commissioner or a risk retention group, as defined in 15 U.S.C. Sec. 3901(a)(4), as long as that risk retention group is in full compliance with the federal liability

2006 REGULAR SESSION

risk retention act of 1986 (15 U.S.C. Sec. 3901 et seq.), is in good standing in its domiciliary jurisdiction, and is properly registered with the commissioner under chapter 48.92 RCW. The insurance required by this subsection must meet the following requirements:

(i) The insurer or risk retention group must, at the time the policy is filed with the commissioner, and continuously thereafter, maintain surplus as to policyholders and paid-in capital of at least fifteen million dollars and annually file audited financial statements with the commissioner; and

(ii) The commissioner may authorize an insurer or risk retention group that has surplus as to policyholders and paid-in capital of less than fifteen million dollars, but at least equal to ten million dollars, to issue the insurance required by this subsection if the insurer or risk retention group demonstrates to the satisfaction of the commissioner that the company maintains a ratio of direct written premiums, wherever written, to surplus as to policyholders and paid-in capital of not more than three to one;

(b)(i) Maintain a funded reserve account for its obligations under its service contracts issued and outstanding in this state. The reserves shall not be less than forty percent of the gross consideration received, less claims paid, on the sale of the service contract for all in-force contracts. The reserve account shall be subject to examination and review by the commissioner; and

(ii) Place in trust with the commissioner a financial security deposit, having a value of not less than five percent of the gross consideration received, less claims paid, on the sale of the service contract for all service contracts issued and in force, but not less than twenty-five thousand dollars, consisting of one of the following:

(A) A surety bond issued by an insurer holding a certificate of authority from the commissioner;

(B) Securities of the type eligible for deposit by authorized insurers in this state;

(C) Cash;

(D) An evergreen letter of credit issued by a qualified financial institution; or

(E) Another form of security prescribed by rule by the commissioner; or

(c)(i) Maintain, or its parent company maintain, a net worth or stockholder's equity of at least one hundred million dollars; and

(ii) Upon request, provide the commissioner with a copy of the service contract provider's or the service contract provider's parent company's most recent form 10-K or form 20-F filed with the securities and exchange commission within the last calendar year, or if the company does not file with the securities and exchange commission, a copy of the service contract provider's or the service contract provider's parent company's audited financial statements, which shows a net worth of the service contract provider or its parent company of at least one hundred million dollars. If the service contract provider's parent company's form 10-K, form 20-F, or audited financial statements are filed with the commissioner to meet the service contract provider's financial stability requirement, then the parent company shall agree to guarantee the obligations of the service contract provider relating to service contracts sold by the service contract provider in this state. A copy of the guarantee shall be filed with the commissioner. The guarantee shall be irrevocable as long as there is in force in this state any contract or any obligation arising from service contracts guaranteed, unless the parent company has made arrangements approved by the commissioner to satisfy its obligations under the guarantee.

(3) Service contracts shall require the service contract provider to permit the service contract holder to return the

service contract within twenty days of the date the service contract was mailed to the service contract holder or within ten days of delivery if the service contract is delivered to the service contract holder at the time of sale, or within a longer time period permitted under the service contract. Upon return of the service contract to the service contract provider within the applicable period, if no claim has been made under the service contract prior to the return to the service contract provider, the service contract is void and the service contract provider shall refund to the service contract holder, or credit the account of the service contract holder with the full purchase price of the service contract. The right to void the service contract provided in this subsection is not transferable and shall apply only to the original service contract purchaser. A ten percent penalty per month shall be added to a refund of the purchase price that is not paid or credited within thirty days after return of the service contract to the service contract provider.

~~(4) ((Except for service contract providers, persons marketing, selling, or offering to sell service contracts for providers are exempt from the registration requirements of RCW 48.110.030.~~

~~—(5) The marketing, sale, offering for sale, issuance, making, proposing to make, and administration of service contracts by service contract providers and related service contract sellers, administrators, and other persons complying with this chapter are exempt from the other provisions of this title, except chapter 48.04 RCW and as otherwise provided in this chapter.)) This section does not apply to service contracts on motor vehicles or to protection product guarantees.~~

Sec. 7. RCW 48.110.060 and 1999 c 112 s 7 are each amended to read as follows:

(1) Reimbursement insurance policies insuring service contracts or protection product guarantees issued, sold, or offered for sale in this state or issued or sold to consumers in this state shall state that the insurer that issued the reimbursement insurance policy shall reimburse or pay on behalf of the service contract provider or the protection product guarantee provider all sums the service contract provider or the protection product guarantee provider is legally obligated to pay, including but not limited to the refund of the full purchase price of the service contract to the service contract holder or shall provide the service which the service contract provider or the protection product guarantee provider is legally obligated to perform according to the service contract provider's or protection product guarantee provider's contractual obligations under the service contracts or protection product guarantees issued or sold by the service contract provider or the protection product guarantee provider.

(2) The reimbursement insurance policy shall fully insure the obligations of the service contract provider or protection product guarantee provider, rather than partially insure, or insure only in the event of service contract provider or protection product guarantee provider default.

(3) The reimbursement insurance policy shall state that the service contract holder or protection product guarantee holder is entitled to apply directly to the reimbursement insurance company for payment or performance due.

Sec. 8. RCW 48.110.070 and 1999 c 112 s 8 are each amended to read as follows:

(1) Service contracts marketed, sold, offered for sale, issued, made, proposed to be made, or administered in this state or sold to residents of this state shall be written, printed, or typed in clear, understandable language that is easy to read, and disclose the requirements set forth in this section, as applicable.

(2) Service contracts insured under a reimbursement insurance policy under RCW 48.110.050(2)(a) and 48.110.060 shall not be issued, sold, or offered for sale in this state or sold

FIFTY-THIRD DAY, MARCH 2, 2006

to residents of this state unless the service contract conspicuously contains a statement in substantially the following form: "Obligations of the service contract provider under this service contract are insured under a service contract reimbursement insurance policy." The service contract shall also conspicuously state the name and address of the issuer of the reimbursement (~~((insurance))~~) insurance policy and state that the service contract holder is entitled to apply directly to the reimbursement insurance company.

(3) Service contracts not insured under a reimbursement insurance policy under RCW 48.110.050(2)(a) and 48.110.060 shall contain a statement in substantially the following form: "Obligations of the service contract provider under this contract are backed by the full faith and credit of the service contract provider."

(4) Service contracts shall state the name and address of the service contract provider and shall identify any administrator if different from the service contract provider, the service contract seller, and the service contract holder to the extent that the name of the service contract holder has been furnished by the service contract holder. The identities of such parties are not required to be preprinted on the service contract and may be added to the service contract at the time of sale.

(5) Service contracts shall state the purchase price of the service contract and the terms under which the service contract is sold. The purchase price is not required to be preprinted on the service contract and may be negotiated at the time of sale.

(6) Service contracts shall state the procedure to obtain service or to file a claim, including but not limited to the procedures for obtaining prior approval for repair work, the toll-free telephone number if prior approval is necessary for service, and the procedure for obtaining emergency repairs performed outside of normal business hours or provide for twenty-four-hour telephone assistance.

(7) Service contracts shall state the existence of any deductible amount, if applicable.

(8) Service contracts shall specify the merchandise, parts, and services to be provided and any limitations, exceptions, or exclusions.

(9) Service contracts shall state any restrictions governing the transferability of the service contract, if applicable.

(10) Service contracts shall state the terms, restrictions, or conditions governing cancellation of the service contract prior to the termination or expiration date of the service contract by either the service contract provider or by the service contract holder, which rights can be no more restrictive than provided in RCW 48.110.050(3). The service contract provider of the service contract shall mail a written notice to the service contract holder at the last known address of the service contract holder contained in the records of the service contract provider at least twenty-one days prior to cancellation by the service contract provider. The notice shall state the effective date of the cancellation and the true and actual reason for the cancellation.

(11) Service contracts shall set forth the obligations and duties of the service contract holder, including but not limited to the duty to protect against any further damage and any requirement to follow owner's manual instructions.

(12) Service contracts shall state whether or not the service contract provides for or excludes consequential damages or preexisting conditions.

(13) Service contracts shall state any exclusions of coverage.

(14) Service contracts shall not contain a provision which requires that any civil action brought in connection with the service contract must be brought in the courts of a jurisdiction other than this state. Service contracts that authorize binding arbitration to resolve claims or disputes (~~((may))~~) must allow for

2006 REGULAR SESSION

arbitration proceedings to be held at a location in closest proximity to the service contract holder's permanent residence. This section does not apply to service contracts on motor vehicles or to protection product guarantees.

Sec. 9. RCW 48.110.080 and 1999 c 112 s 9 are each amended to read as follows:

(1) A service contract provider or protection product guarantee provider shall not use in its name the words insurance, casualty, guaranty, surety, mutual, or any other words descriptive of the insurance, casualty, guaranty, or surety business; or a name deceptively similar to the name or description of any insurance or surety corporation, or to the name of any other service contract provider or protection product guarantee provider. This subsection does not apply to a company that was using any of the prohibited language in its name prior to January 1, 1999. However, a company using the prohibited language in its name shall conspicuously disclose in its service contracts or protection product guarantees the following statement: "This agreement is not an insurance contract."

(2) Every service contract provider or protection product guarantee provider shall conduct its business in its own legal name, unless the commissioner has approved the use of another name.

(3) A service contract provider or protection product guarantee provider or ~~((its))~~ their representatives shall not in ~~((its))~~ their service contracts or protection product guarantees or literature make, permit, or cause to be made any false or misleading statement, or deliberately omit any material statement that would be considered misleading if omitted.

(4) A person, such as a bank, savings and loan association, lending institution, manufacturer, or seller shall not require the purchase of a service contract or protection product as a condition of a loan or a condition for the sale of any property.

Sec. 10. RCW 48.110.090 and 1999 c 112 s 10 are each amended to read as follows:

(1) The service contract provider or protection product guarantee provider shall keep accurate accounts, books, and records concerning transactions regulated under this chapter.

(2) The service contract provider's or protection product guarantee provider's accounts, books, and records shall include the following:

(a) Copies of each type of service contract or protection product guarantees offered, issued, or sold;

(b) The name and address of each service contract holder or protection product guarantee holder, to the extent that the name and address have been furnished by the service contract holder or protection product guarantee holder;

(5) A service contract provider or protection product guarantee provider discontinuing business in this state shall maintain its records until it furnishes the commissioner satisfactory proof that it has discharged all obligations to service

contract holders or protection product guarantee holders in this state.

Sec. 11. RCW 48.110.100 and 1999 c 112 s 11 are each amended to read as follows:

As applicable, an insurer that issued a reimbursement insurance policy shall not terminate the policy until a notice of termination in accordance with RCW 48.18.290 has been given to the service contract provider or protection product guarantee provider and has been delivered to the commissioner. The termination of a reimbursement insurance policy does not reduce the issuer's responsibility for service contracts issued by service contract providers or protection product guarantees issued by protection product guarantee providers prior to the effective date of the termination.

Sec. 12. RCW 48.110.110 and 1999 c 112 s 12 are each amended to read as follows:

(1) Service contract providers or protection product guarantee providers are considered to be the agent of the insurer which issued the reimbursement insurance policy for purposes of obligating the insurer to service contract holders or protection product guarantee holders in accordance with the service contract or protection product guarantee holders and this chapter. Payment of the provider fee by the consumer to the service contract seller, service contract provider, or administrator or payment of consideration for the protection product to the protection product seller constitutes payment by the consumer to the service contract provider or protection product guarantee provider and to the insurer which issued the reimbursement insurance policy. In cases where a service contract provider or protection product guarantee provider is acting as an administrator and enlists other service contract providers or protection product guarantee providers, the service contract provider or protection product guarantee provider acting as the administrator shall notify the insurer of the existence and identities of the other service contract providers or protection product guarantee providers.

(2) (~~Chapter 112, Laws of 1999~~) This chapter does not prevent or limit the right of an insurer which issued a reimbursement insurance policy to seek indemnification or subrogation against a service contract provider or protection product guarantee provider if the issuer pays or is obligated to pay the service contract holder or protection product guarantee holder sums that the service contract provider or protection product guarantee provider was obligated to pay under the provisions of the service contract or protection product guarantee.

Sec. 13. RCW 48.110.120 and 1999 c 112 s 13 are each amended to read as follows:

(1) The commissioner may conduct investigations of service contract providers or protection product guarantee providers, administrators, service contract sellers or protection product sellers, insurers, and other persons to enforce this chapter and protect service contract holders or protection product guarantee holders in this state. Upon request of the commissioner, the service contract provider or protection product guarantee provider shall make all accounts, books, and records concerning service contracts or protection products offered, issued, or sold by the service contract provider or protection product guarantee provider available to the commissioner which are necessary to enable the commissioner to determine compliance or noncompliance with this chapter.

(2) The commissioner may take actions under RCW 48.02.080 or 48.04.050 which are necessary or appropriate to enforce this chapter and the commissioner's rules and orders, and to protect service contract holders or protection product guarantee holders in this state.

Sec. 14. RCW 48.110.130 and 1999 c 112 s 14 are each amended to read as follows:

(1) The commissioner may, subject to chapter 48.04 RCW, deny, suspend, or revoke the registration of a service contract provider or protection product guarantee provider if the commissioner finds that the service contract provider or protection product guarantee provider:

(a) Has violated this chapter or the commissioner's rules and orders;

(b) Has refused to be investigated or to produce its accounts, records, and files for investigation, or if any of its officers has refused to give information with respect to its affairs or refused to perform any other legal obligation as to an investigation, when required by the commissioner;

(c) Has, without just cause, refused to pay proper claims or perform services arising under its contracts or has, without just cause, caused service contract holders or protection product guarantee holders to accept less than the amount due them or caused service contract holders or protection product guarantee holders to employ attorneys or bring suit against the service contract provider or protection product guarantee provider to secure full payment or settlement of claims;

(d) Is affiliated with or under the same general management or interlocking directorate or ownership as another service contract provider or protection product guarantee provider which unlawfully transacts business in this state without having a registration;

(e) At any time fails to meet any qualification for which issuance of the registration could have been refused had such failure then existed and been known to the commissioner;

(f) Has been convicted of, or has entered a plea of guilty or nolo contendere to, a felony;

(g) Is under suspension or revocation in another state with respect to its service contract business or protection product business;

(h) Has made a material misstatement in its application for registration;

(i) Has obtained or attempted to obtain a registration through misrepresentation or fraud;

(j) Has, in the transaction of business under its registration, used fraudulent, coercive, or dishonest practices; ~~(or)~~

(k) Has failed to pay any judgment rendered against it in this state regarding a service contract or protection product guarantee within sixty days after the judgment has become final; or

(l) Has failed to respond promptly to any inquiry from the insurance commissioner relative to service contract or protection product business. A lack of response within fifteen business days from receipt of an inquiry is untimely. A response must be in writing, unless otherwise indicated in the inquiry.

(2) The commissioner may, without advance notice or hearing thereon, immediately suspend the registration of a service contract provider or protection product guarantee provider if the commissioner finds that any of the following circumstances exist:

(a) The provider is insolvent;

(b) A proceeding for receivership, conservatorship, rehabilitation, or other delinquency proceeding regarding the service contract provider or protection product guarantee provider has been commenced in any state; or

(c) The financial condition or business practices of the service contract provider or protection product guarantee provider otherwise pose an imminent threat to the public health, safety, or welfare of the residents of this state.

(3) If the commissioner finds that grounds exist for the suspension or revocation of a registration issued under this chapter, the commissioner may, in lieu of suspension or

FIFTY-THIRD DAY, MARCH 2, 2006

revocation, impose a fine upon the service contract provider or protection product guarantee provider in an amount not more than two thousand dollars per violation.

Sec. 15. RCW 48.110.140 and 1999 c 112 s 15 are each amended to read as follows:

The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. Violations of this chapter are not reasonable in relation to the development and preservation of business. A violation of this chapter is an unfair or deceptive act or practice in the conduct of trade or commerce and an unfair method of competition, as specifically contemplated by RCW 19.86.020, and is a violation of the consumer protection act, chapter 19.86 RCW. Any service contract holder or protection product guarantee holder injured as a result of a violation of a provision of this chapter shall be entitled to maintain an action pursuant to chapter 19.86 RCW against the service contract provider or protection product guarantee provider and the insurer issuing the applicable service contract or protection product guarantee reimbursement (~~(insurance)~~) insurance policy and shall be entitled to all of the rights and remedies afforded by that chapter.

Sec. 16. RCW 48.110.900 and 1999 c 112 s 17 are each amended to read as follows:

This chapter applies to all service contracts, other than on motor vehicles, sold or offered for sale ninety or more days after July 25, 1999. This chapter applies to all service contracts on motor vehicles and protection products sold or offered for sale after September 30, 2006.

NEW SECTION. Sec. 17. A new section is added to chapter 48.110 RCW to read as follows:

(1) This section applies to protection product guarantee providers.

(2) A person shall not act as, or offer to act as, or hold himself or herself out to be a protection product guarantee provider in this state, nor may a protection product be sold to a consumer in this state, unless the protection product guarantee provider has:

(a) A valid registration as a protection product guarantee provider issued by the commissioner; and

(b) Either demonstrated its financial responsibility or assured the faithful performance of the protection product guarantee provider's obligations to its protection product guarantee holders by insuring all protection product guarantees under a reimbursement insurance policy issued by an insurer holding a certificate of authority from the commissioner or a risk retention group, as defined in 15 U.S.C. Sec. 3901(a)(4), as long as that risk retention group is in full compliance with the federal liability risk retention act of 1986 (15 U.S.C. Sec. 3901 et seq.), is in good standing in its domiciliary jurisdiction, and properly registered with the commissioner under chapter 48.92 RCW. The insurance required by this subsection must meet the following requirements:

(i) The insurer or risk retention group must, at the time the policy is filed with the commissioner, and continuously thereafter, maintain surplus as to policyholders and paid-in capital of at least fifteen million dollars and annually file audited financial statements with the commissioner; and

(ii) The commissioner may authorize an insurer or risk retention group that has surplus as to policyholders and paid-in capital of less than fifteen million dollars, but at least equal to ten million dollars, to issue the insurance required by this subsection if the insurer or risk retention group demonstrates to the satisfaction of the commissioner that the company maintains a ratio of direct written premiums, wherever written, to surplus

as to policyholders and paid-in capital of not more than three to one.

(3) Applicants to be a protection product guarantee provider shall make an application to the commissioner upon a form to be furnished by the commissioner. The application shall include or be accompanied by the following information and documents:

(a) The names of the protection product guarantee provider's executive officer or officers directly responsible for the protection product guarantee provider's protection product guarantee business and their biographical affidavits on a form prescribed by the commissioner;

(d) A copy of each protection product guarantee the protection product guarantee provider proposes to use in this state;

(e) Any other pertinent information required by the commissioner; and

(f) A nonrefundable application fee of two hundred fifty dollars.

(4) The applicant shall appoint the commissioner as its attorney to receive service of legal process in any action, suit, or proceeding in any court. This appointment is irrevocable and shall bind the protection product guarantee provider or any successor in interest, shall remain in effect as long as there is in force in this state any protection product guarantee or any obligation arising therefrom related to residents of this state, and shall be processed in accordance with RCW 48.05.210.

(5) The commissioner may refuse to issue a registration if the commissioner determines that the protection product guarantee provider, or any individual responsible for the conduct of the affairs of the protection product guarantee provider under subsection (3)(a) of this section, is not competent, trustworthy, financially responsible, or has had a license as a protection product guarantee provider or similar license denied or revoked for cause by any state.

(6) A registration issued under this section is valid, unless surrendered, suspended, or revoked by the commissioner, or not renewed for so long as the protection product guarantee provider continues in business in this state and remains in compliance with this chapter. A registration is subject to renewal annually on the first day of July upon application of the protection product guarantee provider and payment of a fee of two hundred fifty dollars. If not so renewed, the registration expires on the June 30th next preceding.

(7) A protection product guarantee provider shall keep current the information required to be disclosed in its registration under this section by reporting all material changes or additions within thirty days after the end of the month in which the change or addition occurs.

NEW SECTION. Sec. 18. A new section is added to chapter 48.110 RCW to read as follows:

(1) This section applies to service contracts on motor vehicles.

(2) Service contracts shall not be issued, sold, or offered for sale in this state or sold to consumers in this state unless:

defined in 15 U.S.C. Sec. 3901(a)(4), as long as that risk retention group is in full compliance with the federal liability risk retention act of 1986 (15 U.S.C. Sec. 3901 et seq.), is in good standing in its domiciliary jurisdiction, and properly registered with the commissioner under chapter 48.92 RCW. The insurance required by this subsection must meet the following requirements:

(i) The insurer or risk retention group must, at the time the policy is filed with the commissioner, and continuously thereafter, maintain surplus as to policyholders and paid-in capital of at least fifteen million dollars and annually file audited financial statements with the commissioner; and

(ii) The commissioner may authorize an insurer or risk retention group that has surplus as to policyholders and paid-in capital of less than fifteen million dollars, but at least equal to ten million dollars, to issue the insurance required by this subsection if the insurer or risk retention group demonstrates to the satisfaction of the commissioner that the company maintains a ratio of direct written premiums, wherever written, to surplus as to policyholders and paid-in capital of not more than three to one;

(b) The service contract conspicuously states that the obligations of the provider to the service contract holder are guaranteed under the reimbursement insurance policy, the name and address of the issuer of the reimbursement insurance policy, the applicable policy number, and the means by which a service contract holder may file a claim under the policy;

(c) The service contract conspicuously and unambiguously states the name and address of the service contract provider and identifies any administrator if different from the service contract provider, the service contract seller, and the service contract holder. The identity of the service contract seller and the service contract holder are not required to be preprinted on the service contract and may be added to the service contract at the time of sale;

(d) The service contract states the purchase price of the service contract and the terms under which the service contract is sold. The purchase price is not required to be preprinted on the service contract and may be negotiated at the time of sale;

(e) The contract contains a conspicuous statement that has been initialed by the service contract holder and discloses:

(i) Any material conditions that the service contract holder must meet to maintain coverage under the contract including, but not limited to, any maintenance schedule to which the service contract holder must adhere, any requirement placed on the service contract holder for documenting repair or maintenance work, any duty to protect against any further damage, and any procedure to which the service contract holder must adhere for filing claims;

(ii) The work and parts covered by the contract;

(iii) Any time or mileage limitations;

(iv) That the implied warranty of merchantability on the motor vehicle is not waived if the contract has been purchased within ninety days of the purchase date of the motor vehicle from a provider or service contract seller who also sold the motor vehicle covered by the contract;

(v) Any exclusions of coverage; and

(vi) The contract holder's right to return the contract for a refund, which right can be no more restrictive than provided for in subsection (4) of this section;

(f) The service contract states the procedure to obtain service or to file a claim, including but not limited to the procedures for obtaining prior approval for repair work, the toll-free telephone number if prior approval is necessary for service, and the procedure for obtaining emergency repairs performed outside of normal business hours or for obtaining twenty-four-hour telephone assistance;

(g) The service contract states the existence of any deductible amount, if applicable;

(h) The service contract states any restrictions governing the transferability of the service contract, if applicable; and

(i) The service contract states whether or not the service contract provides for or excludes consequential damages or preexisting conditions.

(3) Service contracts shall not contain a provision which requires that any civil action brought in connection with the service contract must be brought in the courts of a jurisdiction other than this state. Service contracts that authorize binding arbitration to resolve claims or disputes must allow for arbitration proceedings to be held at a location in closest proximity to the service contract holder's permanent residence.

(4)(a) At a minimum, every provider shall permit the service contract holder to return the contract within thirty days of its purchase if no claim has been made under the contract, and shall refund to the holder the full purchase price of the contract unless the service contract holder returns the contract ten or more days after its purchase, in which case the provider may charge a cancellation fee not exceeding twenty-five dollars.

(b) If no claim has been made and a contract holder returns the contract after thirty days, the provider shall refund the purchase price pro rata based upon either elapsed time or mileage computed from the date the contract was purchased and the mileage on that date, less a cancellation fee not exceeding twenty-five dollars.

(c) A ten percent penalty shall be added to any refund that is not paid within thirty days of return of the contract to the provider.

(d) If a contract holder returns the contract under this subsection, the contract is void from the beginning and the parties are in the same position as if no contract had been issued.

(e) If a service contract holder returns the contract in accordance with this section, the insurer issuing the reimbursement insurance policy covering the contract shall refund to the provider the full premium by the provider for the contract if canceled within thirty days or a pro rata refund if canceled after thirty days.

Electrical contractor specialties include, but are not limited to: Residential, pump and irrigation, limited energy system, signs, nonresidential maintenance, restricted nonresidential maintenance, appliance repair, and a combination specialty. A general electrical contractor license shall grant to the holder the right to engage in, conduct, or carry on the business of installing or maintaining wires or equipment to carry electric current, and installing or maintaining equipment, or installing or maintaining material to fasten or insulate such wires or equipment to be operated by electric current, in the state of Washington. A specialty electrical contractor license shall grant to the holder a limited right to engage in, conduct, or carry on the business of installing or maintaining wires or equipment to carry electrical current, and installing or maintaining equipment; or installing or maintaining material to fasten or insulate such wires or equipment to be operated by electric current in the state of Washington as expressly allowed by the license.

(2) The department may verify the workers' compensation coverage information provided by the applicant under subsection (1)(d) of this section, including but not limited to information regarding the coverage of an individual employee of the applicant. If coverage is provided under the laws of another state, the department may notify the other state that the applicant is employing employees in Washington.

(3) The application for an electrical contractor license shall be accompanied by a bond in the sum of four thousand dollars

with the state of Washington named as obligee in the bond, with good and sufficient surety, to be approved by the department. The bond shall at all times be kept in full force and effect, and any cancellation or revocation thereof, or withdrawal of the surety therefrom, suspends the license issued to the principal until a new bond has been filed and approved as provided in this section. Upon approval of a bond, the department shall on the next business day deposit the fee accompanying the application in the electrical license fund and shall file the bond in the office. The department shall upon request furnish to any person, firm, partnership, corporation, or other entity a certified copy of the bond upon the payment of a fee that the department shall set by rule. The fee shall cover but not exceed the cost of furnishing the certified copy. The bond shall be conditioned that in any installation or maintenance of wires or equipment to convey electrical current, and equipment to be operated by electrical current, the principal will comply with the provisions of this chapter and with any electrical ordinance, building code, or regulation of a city or town adopted pursuant to RCW 19.28.010(3) that is in effect at the time of entering into a contract. The bond shall be conditioned further that the principal will pay for all labor, including employee benefits, and material furnished or used upon the work, taxes and contributions to the state of Washington, and all damages that may be sustained by any person, firm, partnership, corporation, or other entity due to a failure of the principal to make the installation or maintenance in accordance with this chapter or any applicable ordinance, building code, or regulation of a city or town adopted pursuant to RCW 19.28.010(3). In lieu of the surety bond required by this section the license applicant may file with the department a cash deposit or other negotiable security acceptable to the department. If the license applicant has filed a cash deposit, the department shall deposit the funds in a special trust savings account in a commercial bank, mutual savings bank, or savings and loan association and shall pay annually to the depositor the interest derived from the account.

(4) The department shall issue general or specialty electrical contractor licenses to applicants meeting all of the requirements of this chapter. The provisions of this chapter relating to the licensing of any person, firm, partnership, corporation, or other entity including the requirement of a bond with the state of Washington named as obligee therein and the collection of a fee therefor, are exclusive, and no political subdivision of the state of Washington may require or issue any licenses or bonds or charge any fee for the same or a similar purpose. No person, firm, partnership, corporation, or other entity holding more than one specialty contractor license under this chapter may be required to pay an annual fee for more than one such license or to post more than one four thousand dollar bond, equivalent cash deposit, or other negotiable security.

(5) To obtain a general or specialty electrical contractor license the applicant must designate an individual who currently possesses a valid master journeyman electrician's certificate of competency, master specialty electrician's certificate of competency in the specialty for which application has been made, or administrator's certificate as a general electrical contractor administrator or as a specialty electrical contractor administrator in the specialty for which application has been made.

(6) Administrator certificate specialties include but are not limited to: Residential, pump and irrigation, limited energy system, signs, nonresidential maintenance, restricted nonresidential maintenance, appliance repair, and combination specialty. To obtain an administrator's certificate an individual must pass an examination as set forth in RCW 19.28.051 unless the applicant was a licensed electrical contractor at any time during 1974. Applicants who were electrical contractors licensed by the state of Washington at any time during 1974 are entitled to receive a general electrical contractor administrator's certificate without examination if the applicants apply prior to January 1, 1984. The board of electrical examiners shall certify

"Sec. 1. RCW 48.22.030 and 2004 c 90 s 1 are each amended to read as follows:

(1) "Underinsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance, or use of which either no bodily injury or property damage liability bond or insurance policy applies at the time of an accident, or with respect to which the sum of the limits of liability under all bodily injury or property damage liability bonds and insurance policies applicable to a covered person after an accident is less than the applicable damages which the covered person is legally entitled to recover.

(2) No new policy or renewal of an existing policy insuring against loss resulting from liability imposed by law for bodily injury, death, or property damage, suffered by any person arising out of the ownership, maintenance, or use of a motor vehicle shall be issued with respect to any motor vehicle registered or principally garaged in this state unless coverage is provided therein or supplemental thereto for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of underinsured motor vehicles, hit-and-run motor vehicles, and phantom vehicles because of bodily injury, death, or property damage, resulting therefrom, except while operating or occupying a motorcycle or motor-driven cycle, and except while operating or occupying a motor vehicle owned or available for the regular use by the named insured or any family member, and which is not insured under the liability coverage of the policy. The coverage required to be offered under this chapter is not applicable to general liability policies, commonly known as umbrella policies, or other policies which apply only as excess to the insurance directly applicable to the vehicle insured.

(3) Except as to property damage, coverage required under subsection (2) of this section shall be in the same amount as the insured's third party liability coverage unless the insured rejects all or part of the coverage as provided in subsection (4) of this section. damage, and the requirements of subsections (2) and (3) of this section shall not apply. The requirement of a written rejection under this subsection shall apply only to the original issuance of policies issued after July 24, 1983, and not to any renewal or replacement policy.

(5) The limit of liability under the policy coverage may be defined as the maximum limits of liability for all damages resulting from any one accident regardless of the number of covered persons, claims made, or vehicles or premiums shown on the policy, or premiums paid, or vehicles involved in an accident.

(6) The policy may provide that if an injured person has other similar insurance available to him under other policies, the total limits of liability of all coverages shall not exceed the higher of the applicable limits of the respective coverages.

(7)(a) The policy may provide for a deductible of not more than three hundred dollars for payment for property damage when the damage is caused by a hit-and-run driver or a phantom vehicle.

(b) In all other cases of underinsured property damage coverage, the policy may provide for a deductible of not more than one hundred dollars.

(8) For the purposes of this chapter, a "phantom vehicle" shall mean a motor vehicle which causes bodily injury, death, or property damage to an insured and has no physical contact with the insured or the vehicle which the insured is occupying at the time of the accident if:

(a) The facts of the accident can be corroborated by competent evidence other than the testimony of the insured or any person having an underinsured motorist claim resulting from the accident; and

(b) The accident has been reported to the appropriate law enforcement agency within seventy-two hours of the accident.

POINT OF INQUIRY

Senator Deccio: "Would Senator Fairley yield to a question? Senator Fairley, if that's the title, 'Providing the opportunity to reject motorcycle or motor driven cycle insurance coverage, are we to take that literally or what?'"

Senator Fairley: "Not at all. What it really does is, when a guy goes in that's got a policy with an insurance company and he wants to cover his motorcycle, he can refuse, just like we can in our automobile insurance, 'he can say, 'I don't want uninsured motorist coverage! Before it was kind of well, do they have to tell everybody that who might own a motorcycle that this is available? They've decided that you have a policy already with the company."

Senator Deccio: "Senator Fairley, under present insurance I think you have to carry the minimum requirement of uninsured motorist along with the coverage that is required by law. I don't know that you can reject uninsured motorist..."

Senator Fairley: "You can reject it, a car dealer can."

Senators Roach, Benton and Mulliken spoke in favor of passage of the bill.

ENGROSSED THIRD SUBSTITUTE HOUSE BILL NO. 2939, by House Committee on Capital Budget (originally sponsored by Representatives Grant, Dunshee, Linville, Kessler, Upthegrove, Kilmer, Ericks, Hasegawa, P. Sullivan, Santos, Green, Springer, Conway, Simpson and Hudgins)

Establishing the energy freedom program.

The measure was read the second time.

MOTION

Senator Rockefeller moved that the following committee striking amendment by the Committee on Water, Energy & Environment not be adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Washington's dependence on energy supplied from outside the state and volatile global energy markets makes its economy and citizens vulnerable to unpredictable and high energy prices;

(2) Washington's dependence on petroleum-based fuels increases energy costs for citizens and businesses;

(3) Diesel soot from diesel engines ranks as the highest toxic air pollutant in Washington, leading to hundreds of premature deaths and increasing rates of asthmas and other lung diseases;

(4) The use of biodiesel results in significantly less air pollution than traditional diesel fuels;

(5) Improper disposal and treatment of organic waste from farms and livestock operations can have a significant negative impact on water quality;

(6) Washington has abundant supplies of organic wastes from farms that can be used for energy production and abundant farmland where crops could be grown to supplement or supplant petroleum-based fuels;

(7) The use of energy and fuel derived from these sources can help citizens and business conserve energy and reduce the use of petroleum-based fuels, would improve air and water quality in Washington, reduce environmental risks from farm wastes, create new markets for farm products, and provide new industries and jobs for Washington citizens; and

(8) The bioenergy industry is a new and developing industry that is, in part, limited by the availability of capital for the construction of facilities for converting farm and forest products into energy and fuels.

Therefore, the legislature finds that it is in the public interest to encourage the rapid adoption and use of bioenergy, to develop a viable bioenergy industry within Washington state, and to support a viable agriculture industry to grow bioenergy crops. To accomplish this, the energy freedom program is established to stimulate the construction of facilities in Washington to generate energy from farm sources or convert organic matter into fuels.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Assistance" includes loans, leases, product purchases, or other forms of financial or technical assistance.

(2) "Department" means the department of agriculture.

(3) "Director" means the director of the department of agriculture.

(4) "Political subdivision" means any port district, county, city, town, special purpose district, and any other municipal corporation or quasi-municipal corporation in the state.

(5) "Project" means the construction of facilities, including the purchase of equipment, to convert farm products or wastes into electricity or gaseous and liquid fuels or other coproducts associated with such conversion. These specifically include facilities, fixed or mobile, to generate electricity or methane from the anaerobic digestion of organic matter, and facilities for the extracting oils from canola, rape, mustard, and other oilseeds. "Project" may also include the construction of facilities used to distribute and store fuels that are produced from farm products or wastes.

NEW SECTION. Sec. 3. (1) The energy freedom program is established within the department. The director, in cooperation with the department of community, trade, and economic development, may approve an application providing assistance for a project only if the director finds:

(a) The project will convert farm products or wastes directly into electricity or into gaseous or liquid fuels or other coproducts associated with such conversion;

(b) The project demonstrates technical feasibility and probable business success;

(c) The business or facility produces long-term economic benefits to the state, a region of the state, or a particular community in the state;

(d) The project does not require continuing state support;

(e) The assistance will result in new jobs, job retention, or higher incomes for citizens of the state;

(f) The assistance is accompanied by private investment;

(g) The state is provided an option under the assistance agreement to purchase a portion of the fuel or feedstock to be produced by the project, exercisable by the department of general administration;

(h) The project will increase energy independence or diversity for the state;

(i) The project will use feed stocks produced in the state, if feasible, except this criterion shall not apply to the construction of facilities used to distribute and store fuels that are produced from farm products or wastes;

(j) Any product produced by the project will be suitable for its intended use, will meet accepted national or state standards, and will be stored and distributed in a safe and environmentally sound manner;

(k) The application provides for adequate reporting or disclosure of financial and employment data to the director, and permits the director to require an annual or other periodic audit of the project books; and

(l) For applications seeking direct financial assistance, the applicant is unable to secure adequate financing from other sources.

(2) The director may approve an application for assistance up to five million dollars.

(3) The director shall enter into agreements with approved applicants to fix the terms and rates of the assistance to minimize the costs to the applicants, and to encourage establishment of a viable bioenergy industry. The agreement shall include provisions to protect the state's investment, taking into account depreciation and other circumstances or market conditions. In the event the department of general administration coordinates a biodiesel technical assistance team, the agreement shall incorporate the appropriate best management practices developed by the team.

(4) The director may defer any payments for up to twelve months or until the project starts to receive revenue from operations, whichever is sooner.

(5) Political subdivisions and private entities, including economic development councils, may participate in the program.

NEW SECTION. Sec. 4. (1) The director may establish policies and procedures necessary for processing, reviewing, and approving applications made under this section.

(2) Each application must show in detail the nature of the project, the source of the feedstock, and the technologies that will be used. Each application must contain a credit analysis of the applicant and a detailed feasibility analysis and business plan.

(3) The director shall consult with those agencies having expertise and knowledge to assess the technical and business feasibility of the project and probability of success. These agencies may include, but are not limited to, Washington State University, the University of Washington, the department of ecology, the department of community, trade, and economic development, and the Washington state conservation commission.

(4) If the total requested dollar amount of assistance exceeds the amount available in the energy freedom account created in section 5 of this act, the applications must be prioritized based upon the following criteria:

(a) The extent to which the project will help conserve energy and reduce dependence on petroleum fuels and imported energy either directly or indirectly;

(b) The extent to which the project will reduce air and water pollution either directly or indirectly;

(c) The extent to which the project will establish a viable bioenergy production capacity in Washington;

(d) The benefits to Washington's agriculture producers; and

(e) The number and quality of jobs and economic benefits created by the project.

NEW SECTION. Sec. 5. The energy freedom account is created in the state treasury. All receipts from appropriations made to the account and any loan payments of principal and interest derived from loans made under this chapter must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for assistance for projects consistent with this chapter.

This report must include information on the projects that have been funded, the status of these projects, and their environmental, energy savings, and job creation benefits.

"NEW SECTION. Sec. 1. The legislature finds that:

FIFTY-THIRD DAY, MARCH 2, 2006

2006 REGULAR SESSION

(1) Washington's dependence on energy supplied from outside the state and volatile global energy markets makes its economy and citizens vulnerable to unpredictable and high energy prices;

(2) Washington's dependence on petroleum-based fuels increases energy costs for citizens and businesses;

(3) Diesel soot from diesel engines ranks as the highest toxic air pollutant in Washington, leading to hundreds of premature deaths and increasing rates of asthma and other lung diseases;

(4) The use of biodiesel results in significantly less air pollution than traditional diesel fuels;

(5) Improper disposal and treatment of organic waste from farms and livestock operations can have a significant negative impact on water quality;

(6) Washington has abundant supplies of organic wastes from farms that can be used for energy production and abundant farmland where crops could be grown to supplement or supplant petroleum-based fuels;

(7) The use of energy and fuel derived from these sources can help citizens and businesses conserve energy and reduce the use of petroleum-based fuels, would improve air and water quality in Washington, reduce environmental risks from farm wastes, create new markets for farm products, and provide new industries and jobs for Washington citizens;

(8) The bioenergy industry is a new and developing industry that is, in part, limited by the availability of capital for the construction of facilities for converting farm and forest products into energy and fuels;

(9) Instead of leaving our economy at the mercy of global events, and the policies of foreign nations, Washington state should adopt a policy of energy independence; and

(10) The energy freedom program is meant to lead Washington state towards energy independence.

Therefore, the legislature finds that it is in the public interest to encourage the rapid adoption and use of bioenergy, to develop a viable bioenergy industry within Washington state, to promote public research and development in bioenergy sources and markets, and to support a viable agriculture industry to grow bioenergy crops. To accomplish this, the energy freedom program is established to promote public research and development in bioenergy, and to stimulate the construction of facilities in Washington to generate energy from farm sources or convert organic matter into fuels.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Applicant" means any political subdivision of the state, including port districts, counties, cities, towns, special purpose districts, and other municipal corporations or quasi-municipal corporations. "Applicant" may also include federally recognized tribes and state institutions of higher education with appropriate research capabilities.

(2) "Assistance" includes loans, leases, product purchases, or other forms of financial or technical assistance.

(3) "Department" means the department of agriculture.

(4) "Director" means the director of the department of agriculture.

(5) "Peer review committee" means a board, appointed by the director, that includes bioenergy specialists, energy conservation specialists, scientists, and individuals with specific recognized expertise.

(6) "Project" means the construction of facilities, including the purchase of equipment, to convert farm products or wastes into electricity or gaseous or liquid fuels or other coproducts associated with such conversion. These specifically include fixed or mobile facilities to generate electricity or methane from the anaerobic digestion of organic matter, and fixed or mobile facilities for extracting oils from canola, rape, mustard, and other oilseeds. "Project" may also include the construction of facilities associated with such conversion for the distribution and storage of such feedstocks and fuels.

(7) "Research and development project" means research and development, by an institution of higher education as defined in subsection (1) of this section, relating to:

(a) Bioenergy sources including but not limited to biomass and associated gases; or

(b) The development of markets for bioenergy coproducts.

NEW SECTION. Sec. 3. (1) The energy freedom program is established within the department. The director may establish policies and procedures necessary for processing, reviewing, and approving applications made under this chapter.

(2) When reviewing applications submitted under this program, the director shall consult with those agencies having expertise and knowledge to assess the technical and business feasibility of the project and probability of success. These agencies may include, but are not limited to, Washington State University, the University of Washington, the department of ecology, the department of community, trade, and economic development, and the Washington state conservation commission.

(3) The director, in cooperation with the department of community, trade, and economic development, may approve an application only if the director finds:

(a) The project will convert farm products or wastes directly into electricity or into gaseous or liquid fuels or other coproducts associated with such conversion;

(b) The project demonstrates technical feasibility and directly assists in moving a commercially viable project into the marketplace for use by Washington state citizens;

(c) The facility will produce long-term economic benefits to the state, a region of the state, or a particular community in the state;

(d) The project does not require continuing state support;

(e) The assistance will result in new jobs, job retention, or higher incomes for citizens of the state;

(f) The state is provided an option under the assistance agreement to purchase a portion of the fuel or feedstock to be produced by the project, exercisable by the department of general administration;

(g) The project will increase energy independence or diversity for the state;

(h) The project will use feedstocks produced in the state, if feasible, except this criterion does not apply to the construction of facilities used to distribute and store fuels that are produced from farm products or wastes;

(i) Any product produced by the project will be suitable for its intended use, will meet accepted national or state standards, and will be stored and distributed in a safe and environmentally sound manner;

(j) The application provides for adequate reporting or disclosure of financial and employment data to the director, and permits the director to require an annual or other periodic audit of the project books; and

(k) For research and development projects, the application has been independently reviewed by a peer review committee as defined in section 2 of this act and the findings delivered to the director.

(4) The director may approve an application for assistance up to five million dollars. In no circumstances shall this assistance constitute more than fifty percent of the total project cost.

(5) The director shall enter into agreements with approved applicants to fix the terms and rates of the assistance to minimize the costs to the applicants, and to encourage establishment of a viable bioenergy industry. The agreement shall include provisions to protect the state's investment, including a requirement that a successful applicant enter into contracts with any partners that may be involved in the use of any assistance provided under this program, including services, facilities, infrastructure, or equipment. Contracts with any partners shall become part of the application record.

FIFTY-THIRD DAY, MARCH 2, 2006

2006 REGULAR SESSION

(6) The director may defer any payments for up to twenty-four months or until the project starts to receive revenue from operations, whichever is sooner.

NEW SECTION. Sec. 4. (1) Upon written notice to the recipient of any assistance under this program, the director may suspend or cancel the assistance if any of the following occur:

(a) The recipient fails to make satisfactory and reasonable progress to complete the project, or the director concludes the recipient will be unable to complete the project or any portion of it; or

(b) The recipient has made misrepresentations in any information furnished to the director in connection with the project.

(2) In the event that any assistance has been awarded to the recipient under this program at the time of breach, or failure of the recipient to satisfactorily perform, the director may require that the full amount or value of the assistance, or a portion thereof, be repaid within a period specified by the director.

NEW SECTION. Sec. 5. If the total requested dollar amount of assistance exceeds the amount available in the energy freedom account created in section 6 of this act, the applications must be prioritized based upon the following criteria:

(1) The extent to which the project will help reduce dependence on petroleum fuels and imported energy either directly or indirectly;

(2) The extent to which the project will reduce air and water pollution either directly or indirectly;

(3) The extent to which the project will establish a viable bioenergy production capacity in Washington;

(4) The benefits to Washington's agricultural producers; and

(5) The number and quality of jobs and economic benefits created by the project.

NEW SECTION. Sec. 6. The energy freedom account is created in the state treasury. All receipts from appropriations made to the account and any loan payments of principal and interest derived from loans made under this chapter must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for assistance for projects consistent with this chapter. Administrative costs of the department may not exceed three percent of the total funds available for this program.

NEW SECTION. Sec. 7. The director shall report to the legislature and governor on the status of the energy freedom program created under this chapter, on or before December 1, 2006, and annually thereafter. This report must include information on the projects that have been funded, the status of these projects, and their environmental, energy savings, and job creation benefits.

MOTION

Strike everything after the enacting clause and insert the following: **"NEW SECTION. Sec. 1.** The legislature finds that beavers have historically played a significant role in maintaining the health of watersheds in the Pacific Northwest and act as key agents in riparian ecology. The live trapping and relocating of beavers has long been recognized as a beneficial wildlife management practice, and has been successfully utilized to restore and maintain stream ecosystems for over fifty years. The benefits of active beaver populations include reduced stream sedimentation, stream temperature moderation, higher dissolved

oxygen levels, overall improved water quality, increased natural water storage capabilities within watersheds, and reduced stream velocities. These benefits improve and create habitat for many other species, including endangered salmon, river otters, sandhill cranes, trumpeter swans, and other riparian and aquatic species. Relocating beavers into their historic habitat provides a natural mechanism for improving the environmental conditions in Washington's riparian ecosystems without having to resort to governmental regulation or expensive publically funded engineering projects.

NEW SECTION. Sec. 2 A new section is added to chapter 77.32 RCW to read as follows:

(1) The department shall offer a beaver relocation permit that allows the holder or the holder's agent to capture live beavers in the areas of the state where elevated beaver populations are considered a nuisance, transport the beavers, and release the live beavers on property owned or managed by the permit holder. Priority of issuing permits must be based on properties in which beaver populations are considered a nuisance.

(2) The department may limit the availability of beaver relocation permits to areas of the state where:

(a) There is a low probability of released beavers becoming a nuisance;

(b) Conditions exist for released beavers to improve, maintain, or manage stream or riparian ecosystem functions; and

(c) There is evidence of historic endemic beaver populations.

(3) The department may condition beaver relocation permits to maximize the relocation's success and minimize risk. Factors that the department may condition include:

(a) Stream gradient;

(b) Sufficiency of the water supply;

(c) Stream geomorphology;

(d) Adequacy of a food source;

(e) Proper site elevation and valley width;

(f) Age of the beavers relocated;

(g) Times of year for capture and relocation;

(h) Requirements for the capture, handling, and transport of the live beavers;

(i) Minimum and maximum numbers of beavers that can be relocated in one area; and

(j) Requirements for the permit holder to initially provide supplemental food and lodge building materials.

(4) The department shall provide beaver relocation permits at no charge to the applicant.

(5) The holder of a beaver relocation permit must either obtain a trapping license under RCW 77.65.450 or employ a trapper licensed under RCW 77.65.450 to capture and transport the beavers that are to be relocated.

(6) Nothing in this section creates any liability against the state or the beaver relocation permit holder nor authorizes any private right of action for any damages subsequently caused by beavers released pursuant to a beaver relocation permit.

(7) For the purposes of this section only, beaver may be relocated from west of the crest of the Cascade mountains to areas east of the crest of the Cascade mountains, but may not be relocated to any area west of the crest of the Cascade mountains.

NEW SECTION. Sec. 3 A new section is added to chapter 77.36 RCW to read as follows:

Whenever the department undertakes the trapping of nuisance or problem-causing beavers, the department must, if the option is available, capture the beavers with a live trap and work with the holders of beaver relocation permits issued under section 2 of this act to relocate the beavers onto properties that have requested their placement."

MOTION

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28B.10 RCW to read as follows:

(1) The legislature recognizes the vital importance to the state's economic prosperity and the economic benefit of placing a priority on enrolling and conferring degrees upon students in the fields of engineering, technology, biotechnology, science, computer science, and mathematics.

(2) The legislature has significant concerns that other countries are outpacing the United States in graduating qualified engineers, and that major corporations within Washington state are searching out-of-state and even outside the United States to find the qualified and trained employees they need.

(3) Data compiled by the technology alliance shows that Washington state ranks thirty-fourth among the fifty states in the percentage of residents who have earned a science or engineering degree, per capita.

(4) Data collected by the office of financial management indicates that between the academic years of 1993-94 and 2003-04 at public four-year institutions of higher education in Washington state:

(a) There was a twelve percent decline in the number of full-time equivalents enrolled in the fields of engineering and related technologies; and

(b) There was nearly a nine percent decline in the number of bachelor's degrees conferred in the fields of engineering and related technologies.

(5) Data collected by the office of financial management also shows that for the 2003-04 academic year, only four percent of all full-time equivalents were enrolled in engineering and related technologies and just two percent of all full-time equivalents were enrolled in computer science studies at public four-year institutions of higher education in the state.

(6) Therefore, it is the intent of the legislature to promote increased access, delivery models, enrollment slots, and degree opportunities in the fields of engineering, technology, biotechnology, sciences, computer sciences, and mathematics. It is recognized that these areas of study and training are integrally linked to ensuring that Washington state's economy can compete nationally and globally in the twenty-first century marketplace. It is also recognized that community colleges play a unique role in supporting degree attainment in the fields of science, technology, engineering, and mathematics through the development of transferable curricula and the maintenance of viable articulation agreements with both public and private universities.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.10 RCW to read as follows:

(1) A state priority is established for institutions of higher education, including community colleges, to encourage growing numbers of enrollments and degrees in the fields of engineering, technology, biotechnology, sciences, computer sciences, and mathematics.

(2) In meeting this state priority, the legislature understands and recognizes that the demands of the economic marketplace and the desires of students are not always on parallel tracks. Therefore, institutions of higher education shall determine local student demand for programs in the fields of engineering, technology, biotechnology, sciences, computer sciences, and mathematics and submit findings and proposed alternatives to meet demand to the higher education coordinating board and the legislature by November 1, 2008.

(3) While it is understood that these areas of emphasis should not be the sole focus of institutions of higher education. It is the intent of the legislature that steady progress in these areas occur. The higher education coordinating board shall track and report progress in the fields of engineering, technology,

biotechnology, sciences, computer sciences, and mathematics including, but not limited to, the following information:

(b) The number of associate, bachelor's, and master's degrees conferred in these fields on a biennial basis;

(c) The amount of expenditures in enrollment and degree programs in these fields; and

(d) The number and type of public-private partnerships established relating to these fields among institutions of higher education, including community colleges, and leading corporations in Washington state.

(4) Institutions of higher education, including community colleges, shall be provided discretion and flexibility in achieving the objectives under this section. Examples of the types of institutional programs that may help achieve these objectives include, but are not limited to, establishment of institutes of technology, new polytechnic-based institutions, new divisions of existing institutions, and a flexible array of delivery models, including face-to-face learning, interactive courses, internet-based offerings, and instruction on main campuses, branch campuses, and other educational centers.

(5) The legislature recognizes the global needs of the economic marketplace for technologically prepared graduates, and the relationship between technology industries and higher education. Institutions of higher education, including community colleges, are strongly urged to consider science, engineering, and technology program growth in areas of the state that exhibit a high concentration of aerospace, biotechnology, and technology industrial presence. Expanded science and technology programs can gain from the proximity of experienced and knowledgeable industry leaders, while industry can benefit from access to new sources of highly trained and educated graduates."

Increasing the availability of affordable housing.

The measure was read the second time.

MOTION

Senator Fairley moved that the following committee striking amendment by the Committee on Ways & Means be adopted.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 43.185 RCW to read as follows:

The legislature finds that Washington is experiencing an affordable housing crisis and that this crisis is growing exponentially every year as the population of the state expands and housing values increase at a rate that far exceeds most households' proportionate increase in income.

The fiscal and societal costs of the lack of adequate affordable housing are high for both the public and private sectors. Current levels of funding for affordable housing programs are inadequate to meet the housing needs of many low-income Washington households.

NEW SECTION. Sec. 2. The legislature may authorize a transfer of up to twenty-five million dollars for the fiscal year ending June 30, 2006, into the Washington housing trust fund created in RCW 43.185.030. Any portion of this act that is appropriated to the department shall be included in the calculation of annual funds available for determining the administrative costs of the department, which shall not exceed five percent of the annual funds available for the housing assistance program and the affordable housing program as authorized under RCW 43.185.030 and 43.185A.030.

NEW SECTION. Sec. 3. A new section is added to chapter 43.185 RCW to read as follows:

The application process and distribution procedure for the allocation of funds are the same as the competitive application process and distribution procedure for the housing trust fund, described in this chapter and chapter 43.185A RCW, except for the funds applied to the homeless families services fund created in RCW 43.330.167, dollars appropriated to weatherization administered through the energy matchmaker program, dollars appropriated for housing vouchers for homeless persons, victims of domestic violence, and low-income persons or seasonal farm workers, and dollars appropriated to any program to provide financial assistance for grower-provided on-farm housing for low-income migrant or seasonal farm workers.

NEW SECTION. Sec. 4. A new section is added to chapter 43.185A RCW to read as follows:

The application process and distribution procedure for the allocation of funds are the same as the competitive application process and distribution procedure described in section 3 of this act.

NEW SECTION. Sec. 5. The department must report to the appropriate committees of the legislature how appropriated funds were utilized on a county or city specific basis no later than December 31, 2007.

(2) Information about homeless individuals for the Washington homeless client management information system shall come from the Washington homeless census and from state agencies and community organizations providing services to homeless individuals and families. Personally identifying information about homeless individuals for the Washington homeless client management system may only be collected after having obtained informed, reasonably time limited written consent from the homeless individual to whom the information relates. Data collection shall be done in a manner consistent with federally informed consent guidelines regarding human research which, at a minimum, require that individuals be informed about the expected duration of their participation, an explanation of whom to contact for answers to pertinent questions about the data collection and their rights regarding their personal identifying information, an explanation regarding whom to contact in the event of injury to the individual related to the homeless client survey, a description of any reasonably

NEW SECTION. Sec. 9. (1) The department of community, trade, and economic development shall conduct a study to evaluate the potential development of a voluntary statewide, low-income household housing waiting list data base that would include information on all low-income households requesting housing assistance for the purpose of connecting such households with appropriate housing opportunities. The study shall investigate and evaluate the following:

(a) The anticipated benefits of such a statewide waiting list to low-income households and low-income housing providers;

(b) The cost of implementing and maintaining the data base; and

(c) Best practices from other states or from counties in other states that currently have a similar data base.

The department shall report the results of this study to the appropriate committees of the legislature by December 31, 2007.

FIFTY-FOURTH DAY, MARCH 3, 2006

2006 REGULAR SESSION

(3) The data base shall include information about rental units that shall be determined by the department. However, the data base must include, at a minimum, measures for quality, cost, safety, and size.

(4) Other state agencies, local governments, local public agencies, including water and sewer districts, housing authorities, and other housing organizations shall cooperate with the department to create and update the affordable housing data base by providing to the department any requested existing information about rental housing units within the jurisdiction.

(5) The data base shall be searchable by the department, local governments, community housing organizations, including housing authorities, and the public according to housing characteristics determined by the department including, at a minimum, location, cost, and size. The data base will be utilized for data collection about Washington's affordable rental housing stock and will also serve as a low-income housing referral system to connect low-income households seeking housing with appropriate and available units.

NEW SECTION. Sec. 11. A new section is added to chapter 43.185A RCW to read as follows:

The department, the housing finance commission, the affordable housing advisory board, and all local governments, housing authorities, and other nonprofits receiving state housing funds or financing through the housing finance commission shall, by December 31, 2006, and annually thereafter, review current housing reporting requirements related to housing programs and services and give recommendations to streamline and simplify all planning and reporting requirements to the department of community, trade, and economic development, which will compile and present the recommendations annually to the legislature. The entities listed in this section shall also give recommendations for additional legislative actions that could promote affordable housing and end homelessness.

NEW SECTION. Sec. 12. A new section is added to chapter 35.82 RCW to read as follows:

A joint housing authority may be dissolved pursuant to substantially identical resolutions or ordinances of the legislative authority of each of the counties or cities that previously authorized that joint housing authority. These resolutions or ordinances may authorize the execution of an agreement among the counties, cities, and the joint housing authority that provides for the timing, distribution of assets, obligations and liabilities, and other matters deemed necessary or appropriate by the legislative authorities.

(2) Each resolution or ordinance dissolving a joint housing authority shall provide for the following:

(a) Activation or reactivation of a housing authority or joint housing authority by each of the cities and counties that previously authorized the joint housing authority and any additional cities or counties that are then to be added. This activation or reactivation takes effect upon the dissolution of the joint housing authority or at an earlier time provided in the resolutions or ordinances dissolving the joint housing authority; and

(b) Distribution of all assets, obligations, and liabilities of the joint housing authority to the housing authorities activated or reactivated under (a) of this subsection. Distribution of assets, obligations, and liabilities may be based on any, or a combination of any of, the following considerations:

(ii) The number of housing units owned by the joint housing authority within the boundaries of each of the housing authorities activated or reactivated under (a) of this subsection;

(iii) The number of low-income residents within the boundaries of each of the housing authorities activated or reactivated under (a) of this subsection;

(iv) The effect of the proposed distribution on the viability of the housing authorities activated or reactivated under (a) of this subsection; or

(v) Any other reasonable criteria to determine the distribution of assets, obligations, and liabilities.

(3) Each activated or reactivated housing authority shall be responsible for debt service on bonds or other obligations issued or incurred to finance the acquisition, construction, or improvement of the projects, properties, and other assets that have been distributed to them under the dissolution. However, if an outstanding bond issue is secured in whole or in part by the general revenues of the joint housing authority being dissolved, each housing authority activated or reactivated under subsection (2)(a) of this section shall remain jointly and severally liable for retirement of debt service through repayment of those outstanding bonds and other obligations of the joint housing authority until paid or defeased, from general revenues of each of the activated or reactivated housing authorities, and from any other revenues and accounts that had been expressly pledged by the joint housing authority to the payment of those bonds or other obligations. As used in this subsection, "general revenues" means all revenues of a housing authority from any source, but only to the extent that those revenues are available to pay debt service on bonds or other obligations and are not then or thereafter pledged or restricted by law, regulation, contract, covenant, resolution, deed of trust, or otherwise, solely to another particular purpose.

NEW SECTION. Sec. 13. RCW 43.63A.655 is recodified as a section in chapter 43.185C RCW.

NEW SECTION. Sec. 14. If specific funding is not transferred from the general fund to the Washington housing trust fund for the purposes of this act, referencing this act by bill or chapter number, by June 30, 2006, in the omnibus appropriations act, this act is null and void."

PERSONAL PRIVILEGE

FIFTY-FOURTH DAY, MARCH 3, 2006

2006 REGULAR SESSION

Senator Jacobsen: "If, with permission of the body I would like to ask the clerk to read a letter from the Director of the Department of Fish & Wildlife."

PERSONAL PRIVILEGE

March 2, 2006

State of Washington
Department of Fish and Wildlife

The Honorable Bob Oke
P. O. Box 40426
Olympia, WA 98504-0426

Dear Senator Oke,

It is with great pride that I offer my heart-felt appreciation for your service to the citizens and natural resources of the state of Washington. Your efforts within the state Legislature have resulted in dramatic, long-term impacts on our fish and wildlife management programs and your contributions as a sportsman have made positive impressions on the lives of the many people who have known and worked with you.

I know that an important focus for you has always been to encourage youth to recreate outdoors. Special youth seasons for upland birds have been created under your guidance on both sides of the state. Your philosophy of getting kids outdoors to engage in clean, healthy activities is expanding and is strongly supported by many.

Your keen interest in pheasants has expanded the emphasis and the attention that the state pays to pheasant hunting recreation. You are the primary reason that the eastern Washington pheasant enhancement program was instituted to address hunting opportunity and habitat improvement. In addition, your leadership helped save the western Washington pheasant program during fiscal challenges faced by the Department of Fish and Wildlife. Since that time, pheasant production has been consolidated into one facility that has been modernized into a state-of-the-art game farm that produces the same number of pheasants that two farms with twice the staff raised in the early 1990s. These programs continue to improve recreational hunting opportunities.

I would also like to acknowledge all of your efforts to secure funding for the Puget Sound recreational salmon and marine fish enhancement program. You played a leading role in the early 1990s in the crafting of the Puget Sound Recreational Salmon and Marine Fisheries Enhancement Program that culminated with the passage of Engrossed Substitute House Bill No. 2055 in 1993 that provided the necessary funding stability for this program. Your efforts and support of this program during the last 13 years has led to productive recreational fisheries throughout Puget Sound. The popular Blackmouth Program has produced approximately 1.7 million delayed release fall chinook per year and countless hours of fishing opportunity across Puget Sound. In addition, this program has provided significant economic benefits to Washington State.

Your other accomplishments in support of hunters and fishers are numerous and are deeply embedded in the fabric of Washington's fish and wildlife management programs. I am honored to have had the opportunity to work together and it is my sincere belief that citizens of the State of Washington, and Washington's fish and wildlife resources will always be indebted to you for your service.

In recognition for your work on behalf of the hunters and fishers of the state, I am pleased to announce that the Centralia Game Farm will be renamed, in your honor, the Bob Oke Game Farm.

Sincerely,

Senator Hargrove: "Thank you Madam President. I just wanted to say what a real pleasure, Bob, to know you personally as a friend. I know you said you might retire or you said you might come back if certain bills didn't pass to which I responded, 'I'm going to go and make sure those bills don't pass. I would like to see Bob back. He is going to be missed if he does retire because he is such a fine Christian gentleman. He has always had a smile for us, a comforting tap on the shoulder. I can not remember an angry word out Bob Oke even when the sampling bill was getting killed in the House. Over, over, over and over. How many times? Sixty times? Ok, a lot of times. It's been a real pleasure to know you and count you as my friend. Thank you Bob."

In fact it's located right out behind my church where I go to church on Sunday. So I have two ways to drive to church and I know which way I am going to be driving now because I want to be able to look at this sign when I go by. You may all remember Bob for Bob's bridge, but I'm going to remember him for Bob's Game Farm."

PERSONAL PRIVILEGE

Senator Oke: "Thank you and another big shock. I mean I can't tell you how many days I've been so honored, I didn't have to reach so hard for the Kleenex. Most of you probably don't know, I do love hunting pheasants but more importantly I do love seeing families hunt pheasants and young people. It just makes them better people and it did with me. Over the years maybe I shouldn't say this on the floor, but the capital budget been moving a little money into the pheasant in Centralia. Just after I was elected it was the only farm. We had one on Whidbey and closed it down, but now we only one pheasant farm in the State of Washington. We used to have about nine I think. That farm that we have in Centralia, I would invite all of you to come down Ron and his wife Darlene run the farm. They are there twenty-four hours a day, all through the year. It's just great to go down when the little chicks are all out and running around. I think it's the best pheasant farm in the United States and it's distributing pheasants for people to hunt up and down the west side. Those folks couldn't hunt anymore because it's

FIFTY-FOURTH DAY, MARCH 3, 2006

2006 REGULAR SESSION

too expensive to go to the other side but I've had folks a lot older than I, in their eighties. The only thing they have left in life is this dog they love dearly and that the fact that they can get out to a place and maybe, and most times, get at least a shot at a rooster. It's a wonderful program and thank you all of you for honoring me. I don't feel like I deserve any honor but I just love that rooster. Thank you."

PERSONAL PRIVILEGE

Senator Hewitt: "Thank you Madam President. Bob, when I met you six years I didn't know what a guzzler was and today I know what a guzzler is. If you don't know guzzler is, it is a little thing they put on the ground out in pheasant territory, captures the water so the pheasant can drink. You know, I can't remember a day ever seeing you with a suit on that you didn't have that pheasant on the lapel. What I really want to say is the last six years that I got to know you, you're one of the finest gentlemen that I have ever met in my entire life and I'm hoping that you're over in my territory this fall doing exactly what you told me you wanted to do. Two things, pheasant hunt and work for the people. Thank you Robert. We all love you."

PERSONAL PRIVILEGE

Senator Rasmussen: "Thank you Madam President. Well, I would also like to rise to a point of personal privilege and also be able to say thank you to Bob Oke, to Senator Oke. I'm going to say this on behalf of all the youth. Our Tacoma sportsman club is a marvelous, wonderful club but we really dedicate a lot to the youth and especially in our programs hunters safety and all the other issues. They, I know, would want me to tell you thank you for all you've done for our young people. Hunting, fishing is a chance for our young people to can go out with their moms and dads and be able to recreate. Get a long better. It is a tremendous program. I know my little granddaughter finished hunter safety and we were so proud of her because this is what it should be about. You know, our young people with their moms and dads. Thank you so much for working for the pheasants, for the fish and for all of our hunting programs and recreation programs throughout our state because it is for the youth and it is for their relationship with their parents, with their grandpas and grandmas and I just want to tell you thank you from the bottom of my heart."

PERSONAL PRIVILEGE

Senator Deccio: "Bob, the thing I like about you is, once you set your sights on something you never give up until the deal is done. I can think of three issues that you were involved in and I want to tell you I like that because I like to think maybe I do the same thing. That's the way you get things done around here, you got to be patient. You got to set your sights. You got to keep moving till you get there and even if it takes five or six years, Bob's a good example of that and I admire you for it."

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 80.60.010 and 2000 c 158 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly indicates otherwise.

(1) "Commission" means the utilities and transportation commission.

(2) "Customer-generator" means a user of a net metering system.

(3) "Electrical company" means a company owned by investors that meets the definition of RCW 80.04.010.

(4) "Electric cooperative" means a cooperative or association organized under chapter 23.86 or 24.06 RCW.

(5) "Electric utility" means any electrical company, public utility district, irrigation district, port district, electric cooperative, or municipal electric utility that is engaged in the

FIFTY-FOURTH DAY, MARCH 3, 2006

business of distributing electricity to retail electric customers in the state.

(6) "Irrigation district" means an irrigation district under chapter 87.03 RCW.

(7) "Municipal electric utility" means a city or town that owns or operates an electric utility authorized by chapter 35.92 RCW.

(8) "Net metering" means measuring the difference between the electricity supplied by an electric utility and the electricity generated by a customer-generator (~~(that is fed back to the electric utility)~~) over the applicable billing period.

(9) "Net metering system" means a fuel cell ~~((or)), a facility that produces electricity and used and useful thermal energy from a common fuel source, or a facility for the production of electrical energy that generates renewable energy, and that:~~

~~((a)) (Uses as its fuel either solar, wind, or hydropower;~~
~~((b)) Has ((a)) an electrical generating capacity of not more than ((twenty-five)) one hundred kilowatts;~~

~~((c)) (b) Is located on the customer-generator's premises;~~

~~((d)) (c) Operates in parallel with the electric utility's transmission and distribution facilities; and~~

~~((e)) (d) Is intended primarily to offset part or all of the customer-generator's requirements for electricity.~~

(10) "Port district" means a port district within which an industrial development district has been established as authorized by Title 53 RCW.

(11) "Public utility district" means a district authorized by chapter 54.04 RCW.

(12) "Renewable energy" means energy generated by a facility that uses water, wind, solar energy, or biogas from animal waste as a fuel.

Sec. 2. RCW 80.60.020 and 2000 c 158 s 2 are each amended to read as follows:

An electric utility:

(1) Shall offer to make net metering available to eligible customers-generators on a first-come, first-served basis until the cumulative generating capacity of net metering systems equals ~~((0.1)) 0.25~~ percent of the utility's peak demand during 1996 ~~(of which not less than 0.05 percent shall be attributable to net metering systems that use as its fuel either solar, wind, or hydropower))~~. On January 1, 2014, the cumulative generating capacity available to net metering systems will equal 0.5 percent of the utility's peak demand during 1996. Not less than one-half of the utility's 1996 peak demand available for net metering systems shall be reserved for the cumulative generating capacity attributable to net metering systems that generate renewable energy;

(2) Shall allow net metering systems to be interconnected using a standard kilowatt-hour meter capable of registering the flow of electricity in two directions, unless the commission, in the case of an electrical company, or the appropriate governing body, in the case of other electric utilities, determines, after appropriate notice and opportunity for comment:

(a) That the use of additional metering equipment to monitor the flow of electricity in each direction is necessary and appropriate for the interconnection of net metering systems, after taking into account the benefits and costs of purchasing and installing additional metering equipment; and

(b) How the cost of purchasing and installing an additional meter is to be allocated between the customer-generator and the utility;

(3) Shall charge the customer-generator a minimum monthly fee that is the same as other customers of the electric utility in the same rate class, but shall not charge the customer-generator any additional standby, capacity, interconnection, or other fee or charge unless the commission, in the case of an electrical company, or the appropriate governing body, in the case of other electric utilities, determines, after appropriate notice and opportunity for comment that:

(a) The electric utility will incur direct costs associated with interconnecting or administering net metering systems that

exceed any offsetting benefits associated with these systems; and

(b) Public policy is best served by imposing these costs on the customer-generator rather than allocating these costs among the utility's entire customer base.

Sec. 3. RCW 80.60.030 and 1998 c 318 s 4 are each amended to read as follows:

Consistent with the other provisions of this chapter, the net energy measurement must be calculated in the following manner:

(1) The electric utility shall measure the net electricity produced or consumed during the billing period, in accordance with normal metering practices.

(2) If the electricity supplied by the electric utility exceeds the electricity generated by the customer-generator and fed back to the electric utility during the billing period, the customer-generator shall be billed for the net electricity supplied by the electric utility, in accordance with normal metering practices.

(3) If electricity generated by the customer-generator exceeds the electricity supplied by the electric utility, the customer-generator:

(a) Shall be billed for the appropriate customer charges for that billing period, in accordance with RCW 80.60.020; and

(b) Shall be credited for the excess kilowatt-hours generated during the billing period, with this kilowatt-hour credit appearing on the bill for the following billing period.

~~((At the beginning))~~ On April 30th of each calendar year, any remaining unused kilowatt-hour credit accumulated during the previous year shall be granted to the electric utility, without any compensation to the customer-generator.

Sec. 4. RCW 80.60.040 and 2000 c 158 s 3 are each amended to read as follows:

(1) A net metering system used by a customer-generator shall include, at the customer-generator's own expense, all equipment necessary to meet applicable safety, power quality, and interconnection requirements established by the national electrical code, national electrical safety code, the institute of electrical and electronics engineers, and underwriters laboratories.

(2) The commission, in the case of an electrical company, or the appropriate governing body, in the case of other electric utilities, after appropriate notice and opportunity for comment, may adopt by regulation additional safety, power quality, and interconnection requirements for customer-generators, including limitations on the number of customer-generators and total capacity of net metering systems that may be interconnected to any distribution feeder line, circuit, or network that the commission or governing body determines are necessary to protect public safety and system reliability.

(3) An electric utility may not require a customer-generator whose net metering system meets the standards in subsections (1) and (2) of this section to comply with additional safety or performance standards, perform or pay for additional tests, or purchase additional liability insurance. However, an electric utility shall not be liable directly or indirectly for permitting or continuing to allow an attachment of a net metering system, or for the acts or omissions of the customer-generator that cause loss or injury, including death, to any third party."

(2) Notwithstanding subsection (1) of this section, the disciplining authority shall initiate an investigation in every instance where the disciplining authority receives information that a health care provider has been disqualified from participating in the federal medicare program, under Title XVIII of the federal social security act, or the federal medicaid program, under Title XIX of the federal social security act.

(3) A person who files a complaint or reports information under this section in good faith is immune from suit in any civil action related to the filing or contents of the complaint.

Sec. 6. RCW 18.130.160 and 2001 c 195 s 1 are each amended to read as follows:

Upon a finding, after hearing, that a license holder or applicant has committed unprofessional conduct or is unable to practice with reasonable skill and safety due to a physical or mental condition, the disciplining authority may issue an order providing for one or any combination of the following:

(1) Revocation of the license;

(2) Suspension of the license for a fixed or indefinite term;

(3) Restriction or limitation of the practice;

(4) Requiring the satisfactory completion of a specific program of remedial education or treatment;

(5) The monitoring of the practice by a supervisor approved by the disciplining authority;

(6) Censure or reprimand;

(7) Compliance with conditions of probation for a designated period of time;

(8) Payment of a fine for each violation of this chapter, not to exceed five thousand dollars per violation. Funds received shall be placed in the health professions account;

(9) Denial of the license request;

(10) Corrective action;

(11) Refund of fees billed to and collected from the consumer;

(12) A surrender of the practitioner's license in lieu of other sanctions, which must be reported to the federal data bank.

Any of the actions under this section may be totally or partly stayed by the disciplining authority. Safeguarding the public's health and safety is the paramount responsibility of every disciplining authority and in determining what action is appropriate, the disciplining authority must first consider what sanctions are necessary to protect or compensate the public. Only after such provisions have been made may the disciplining authority consider and include in the order requirements designed to rehabilitate the license holder or applicant. All costs associated with compliance with orders issued under this section are the obligation of the license holder or applicant.

The licensee or applicant may enter into a stipulated disposition of charges that includes one or more of the sanctions of this section, but only after a statement of charges has been issued and the licensee has been afforded the opportunity for a hearing and has elected on the record to forego such a hearing. The stipulation shall either contain one or more specific findings of unprofessional conduct or inability to practice, or a statement by the licensee acknowledging that evidence is sufficient to justify one or more specified findings of unprofessional conduct or inability to practice. The stipulation entered into pursuant to this subsection shall be considered formal disciplinary action for all purposes.

Sec. 7. RCW 18.130.175 and 2005 c 274 s 233 are each amended to read as follows:

(1) In lieu of disciplinary action under RCW 18.130.160 and if the disciplining authority determines that the unprofessional conduct may be the result of substance abuse, the disciplining authority may refer the license holder to a voluntary substance abuse monitoring program approved by the disciplining authority.

The cost of the treatment shall be the responsibility of the license holder, but the responsibility does not preclude payment

by an employer, existing insurance coverage, or other sources. Primary alcoholism or other drug addiction treatment shall be provided by approved treatment programs under RCW 70.96A.020 or by any other provider approved by the entity or the commission. However, nothing shall prohibit the disciplining authority from approving additional services and programs as an adjunct to primary alcoholism or other drug addiction treatment. The disciplining authority may also approve the use of out-of-state programs. Referral of the license holder to the program shall be done only with the consent of the license holder. Referral to the program may also include probationary conditions for a designated period of time. If the license holder does not consent to be referred to the program or does not successfully complete the program, the disciplining authority may take appropriate action under RCW 18.130.160 which includes suspension of the license unless or until the disciplining authority, in consultation with the director of the voluntary substance abuse monitoring program, determines the license holder is able to practice safely. The secretary shall adopt uniform rules for the evaluation by the disciplinary authority of a relapse or program violation on the part of a license holder in the substance abuse monitoring program. The evaluation shall encourage program participation with additional conditions, in lieu of disciplinary action, when the disciplinary authority determines that the license holder is able to continue to practice with reasonable skill and safety.

(2) In addition to approving substance abuse monitoring programs that may receive referrals from the disciplining authority, the disciplining authority may establish by rule requirements for participation of license holders who are not being investigated or monitored by the disciplining authority for substance abuse. License holders voluntarily participating in the approved programs without being referred by the disciplining authority shall not be subject to disciplinary action under RCW 18.130.160 for their substance abuse, and shall not have their participation made known to the disciplining authority, if they meet the requirements of this section and the program in which they are participating.

(3) The license holder shall sign a waiver allowing the program to release information to the disciplining authority if the licensee does not comply with the requirements of this section or is unable to practice with reasonable skill or safety. The substance abuse program shall report to the disciplining authority any license holder who fails to comply with the requirements of this section or the program or who, in the opinion of the program, is unable to practice with reasonable skill or safety. License holders shall report to the disciplining authority if they fail to comply with this section or do not complete the program's requirements. License holders may, upon the agreement of the program and disciplining authority, reenter the program if they have previously failed to comply with this section.

(4) The treatment and pretreatment records of license holders referred to or voluntarily participating in approved programs shall be confidential, shall be exempt from chapter 42.56 RCW, and shall not be subject to discovery by subpoena or admissible as evidence except for monitoring records reported to the disciplining authority for cause as defined in subsection (3) of this section. Monitoring records relating to license holders referred to the program by the disciplining authority or relating to license holders reported to the disciplining authority by the program for cause, shall be released to the disciplining authority at the request of the disciplining authority. Records held by the disciplining authority under this section shall be exempt from chapter 42.56 RCW and shall not be subject to discovery by subpoena except by the license holder.

(5) "Substance abuse," as used in this section, means the impairment, as determined by the disciplining authority, of a license holder's professional services by an addiction to, a

dependency on, or the use of alcohol, legend drugs, or controlled substances.

(6) This section does not affect an employer's right or ability to make employment-related decisions regarding a license holder. This section does not restrict the authority of the disciplining authority to take disciplinary action for any other unprofessional conduct.

(7) A person who, in good faith, reports information or takes action in connection with this section is immune from civil liability for reporting information or taking the action.

(a) The immunity from civil liability provided by this section shall be liberally construed to accomplish the purposes of this section and the persons entitled to immunity shall include:

(i) An approved monitoring treatment program;

(ii) The professional association operating the program;

(iii) Members, employees, or agents of the program or association;

(iv) Persons reporting a license holder as being possibly impaired or providing information about the license holder's impairment; and

(v) Professionals supervising or monitoring the course of the impaired license holder's treatment or rehabilitation.

(b) The courts are strongly encouraged to impose sanctions on clients and their attorneys whose allegations under this subsection are not made in good faith and are without either reasonable objective, substantive grounds, or both.

(c) The immunity provided in this section is in addition to any other immunity provided by law.

NEW SECTION. Sec. 8. A new section is added to chapter 43.43 RCW to read as follows:

(1) Upon a guilty plea or conviction of a person for any felony crime involving homicide under chapter 9A.32 RCW, assault under chapter 9A.36 RCW, kidnapping under chapter 9A.40 RCW, or sex offenses under chapter 9A.44 RCW, the prosecuting attorney shall notify the state patrol of such guilty pleas or convictions.

(2) When the state patrol receives information that a person has pled guilty to or been convicted of one of the felony crimes under subsection (1) of this section, the state patrol shall transmit that information to the department of health. It is the duty of the department of health to identify whether the person holds a credential issued by a disciplining authority listed under RCW 18.130.040, and provide this information to the disciplining authority that issued the credential to the person who pled guilty or was convicted of a crime listed in subsection (1) of this section.

NEW SECTION. Sec. 9. A new section is added to chapter 18.130 RCW to read as follows:

(1) When developing its biennial budget request for appropriation of the health professions account created in RCW 43.70.320, beginning in the 2007-2009 budget and continuing in subsequent biennia, the department shall specify the number of full-time employees designated as investigators and attorneys and the costs associated with supporting their activities. The department shall also specify the additional full-time employees designated as investigators and attorneys that are required to achieve a staffing level that is able to respond promptly, competently, and appropriately to the workload associated with health professions disciplinary activities and the costs associated with supporting disciplinary activities. In identifying the need for additional staff, the department shall develop a formula based on its prior experience with staff levels compared to the number of providers, complaints, investigations, and other criteria that the department determines is relevant to staffing level decisions. The department must request additional funds for activities that most critically impact public health and safety. The budget request must specify the methodology used for each biennium.

(2) The joint legislative audit and review committee, in consultation with the department, shall report to the legislature

The report must be based upon the department's prior experience with staff levels compared to the number of providers, complaints, investigations, and other criteria that the department finds are relevant to determining appropriate staffing levels.

(3) This section expires July 1, 2011.

NEW SECTION. Sec. 10. The following acts or parts of acts are each repealed:

(3) "Regional fire protection service authority planning committee" or "planning committee" means the advisory committee created under RCW 52.26.030 to create and propose to fire protection jurisdictions a regional fire protection service authority plan to design, finance, and develop fire protection and emergency service projects.

(4) "Regional fire protection service authority plan" or "plan" means a plan to develop and finance a fire protection service authority project or projects, including, but not limited to, specific capital projects, fire operations and emergency service operations pursuant to RCW 52.26.040(3)(b), and preservation and maintenance of existing or future facilities.

(5) "Fire protection jurisdiction" means a fire district, city, town, port district, or Indian tribe.

(6) "Regular property taxes" has the same meaning as in RCW 84.04.140.

Sec. 2. RCW 52.26.040 and 2004 c 129 s 4 are each amended to read as follows:

(1) A regional fire protection service authority planning committee shall adopt a regional fire protection service authority plan providing for the design, financing, and development of fire protection and emergency services. The planning committee may consider the following factors in formulating its plan:

(c) In the plan, recommend sources of revenue authorized by RCW 52.26.050, identify the portions of the plan that may be amended by the board of the authority without voter approval, consistent with RCW 52.26.050, and recommend a financing plan to fund selected fire protection ((service)) and emergency services and projects.

(4) Once adopted, the plan must be forwarded to the participating fire protection jurisdictions' governing bodies to initiate the election process under RCW 52.26.060.

(5) If the ballot measure is not approved, the planning committee may redefine the selected regional fire protection service authority projects, financing plan, and the ballot measure. The fire protection jurisdictions' governing bodies may approve the new plan and ballot measure, and may then submit the revised proposition to the voters at a subsequent election or a special election. If a ballot measure is not approved by the voters by the third vote, the planning committee is dissolved.

Sec. 3. RCW 52.26.050 and 2004 c 129 s 5 are each amended to read as follows:

(2) The authority may impose taxes and benefit charges ((may not be imposed unless they are identified)) as set forth in the regional fire protection service authority plan ((and the plan is)) upon creation of the authority, or as provided for in this chapter after creation of the authority. If the plan authorizes the authority to impose benefit charges or sixty percent voter approved taxes, the plan and creation of the authority must be approved by an affirmative vote of sixty percent of the voters within the boundaries of the authority voting on a ballot proposition as set forth in RCW 52.26.060. However, if the plan provides for alternative sources of revenue that become effective if the plan and creation of the authority is approved

only by a majority vote, then the plan with alternative sources of revenue and creation of the authority may be approved by an affirmative vote of the majority of those voters. If the plan does not authorize the authority to impose benefit charges or sixty percent voter approved taxes, the plan and creation of the authority must be approved by an affirmative vote of the majority of the voters within the boundaries of the authority voting on a ballot proposition as set forth in RCW 52.26.060. ((The voter approval requirement)) Except as provided in this section ((is in addition to any)), all other voter approval requirements under law for the levying of property taxes or the imposition of benefit charges apply. Revenues from these taxes and benefit charges may be used only to implement the plan as set forth in this chapter.

Sec. 4. RCW 52.26.060 and 2004 c 129 s 6 are each amended to read as follows:

The governing bodies of two or more adjacent fire protection jurisdictions, upon receipt of the regional fire protection service authority plan under RCW 52.26.040, may certify the plan to the ballot, including identification of the ((tax)) revenue options ((necessary)) specified to fund the plan. The governing bodies of the fire protection jurisdictions may draft a ballot title, give notice as required by law for ballot measures, and perform other duties as required to put the plan before the voters of the proposed authority for their approval or rejection as a single ballot measure that both approves formation of the authority and approves the plan. Authorities may negotiate interlocal agreements necessary to implement the plan. The electorate is the voters voting within the boundaries of the proposed regional fire protection service authority. A simple majority of the total persons voting on the single ballot measure to approve the plan((;)) and establish the authority((and approve the taxes)) is required for approval. However, if the plan authorizes the authority to impose benefit charges or sixty percent voter approved taxes, then the percentage of total persons voting on the single ballot measure to approve the plan and establish the authority is the same as in RCW 52.26.050. The authority must act in accordance with the general election laws of the state. The authority is liable for its proportionate share of the costs when the elections are held under RCW ((29A.04.320)) 29A.04.321 and 29A.04.330.

Sec. 5. RCW 52.26.070 and 2004 c 129 s 7 are each amended to read as follows:

If the voters approve the plan, including creation of a regional fire protection service authority and imposition of taxes and benefit charges, if any, the authority is formed on the next January 1st or July 1st, whichever occurs first. The appropriate county election officials shall, within fifteen days of the final certification of the election results, publish a notice in a newspaper or newspapers of general circulation in the authority declaring the authority formed. A party challenging the procedure or the formation of a voter-approved authority must file the challenge in writing by serving the prosecuting attorney of each county within, or partially within, the regional fire protection service authority and the attorney general within thirty days after the final certification of the election. Failure to challenge within that time forever bars further challenge of the authority's valid formation.

Sec. 6. RCW 52.26.090 and 2004 c 129 s 9 are each amended to read as follows:

(1) The governing board of the authority is responsible for the execution of the voter-approved plan. Participating jurisdictions shall review the plan every ten years. The board ((shall)) may:

(a) Levy ((and impose)) taxes and impose benefit charges as authorized in the plan and approved by authority voters;

(b) Enter into agreements with federal, state, local, and regional entities and departments as necessary to accomplish authority purposes and protect the authority's investments;

(c) Accept gifts, grants, or other contributions of funds that will support the purposes and programs of the authority;

(d) Monitor and audit the progress and execution of fire protection and emergency service projects to protect the investment of the public and annually make public its findings;

(e) Pay for services and enter into leases and contracts, including professional service contracts;

(f) Hire, manage, and terminate employees; and

(g) Exercise ((other)) powers and perform duties as ((may be reasonable)) the board determines necessary to carry out the purposes, functions, and projects of the authority in accordance with Title 52 RCW if one of the fire protection jurisdictions is a fire district, unless provided otherwise in the regional fire protection service authority plan, or in accordance with the statutes identified in the plan if none of the fire protection jurisdictions is a fire district.

~~(2) ((An authority may acquire, hold, or dispose of real property:~~

~~(3) An authority may exercise the powers of eminent domain:~~

~~(4)) An authority may enforce fire codes as provided under chapter 19.27 RCW.~~

Sec. 7. RCW 52.26.100 and 2004 c 129 s 10 are each amended to read as follows:

(1) Except as otherwise provided in the regional fire protection service authority plan, all powers, duties, and functions of a participating fire protection jurisdiction pertaining to ((providing)) fire protection and emergency services ((may)) shall be transferred((by resolution,)) to the regional fire protection service authority on its creation date.

(2)(a) Except as otherwise provided in the regional fire protection service authority plan, and on the creation date of the regional fire protection service authority, all reports, documents, surveys, books, records, files, papers, or written material in the possession of the participating fire protection jurisdiction pertaining to ((the)) fire protection and emergency services powers, functions, and duties ((transferred)) shall be delivered to the ((custody of the)) regional fire protection service authority((-)); all real property and personal property including cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the participating fire protection jurisdiction in carrying out the fire protection and emergency services powers, functions, and duties ((transferred)) shall be ((made available)) transferred to the regional fire protection service authority((-); and all funds, credits, or other assets held by the participating fire protection jurisdiction in connection with the fire protection and emergency services powers, functions, and duties ((transferred)) shall be ((assigned)) transferred and credited to the regional fire protection service authority.

(b) Except as otherwise provided in the regional fire protection service authority plan, any appropriations made to the participating fire protection jurisdiction for carrying out the fire protection and emergency services powers, functions, and duties ((transferred)) shall((- on the effective date of the resolution,)) be transferred and credited to the regional fire protection service authority.

(c) Except as otherwise provided in the regional fire protection service authority plan, whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the governing body of the

participating fire protection jurisdiction shall make a determination as to the proper allocation.

(3) Except as otherwise provided in the regional fire protection service authority plan, all rules and all pending business before the participating fire protection jurisdiction pertaining to the powers, functions, and duties transferred shall be continued and acted upon by the regional fire protection service authority(=), and all existing contracts and obligations shall remain in full force and shall be performed by the regional fire protection service authority.

(4) The transfer of the powers, duties, functions, and personnel of the participating fire protection jurisdiction shall not affect the validity of any act performed before ~~((the effective date of the resolution))~~ creation of the regional fire protection service authority.

(5) If apportionments of budgeted funds are required because of the transfers ~~((directed by the resolution)),~~ the treasurer ~~((under RCW 52.26.170))~~ for the authority shall certify the apportionments.

(6) Nothing contained in this section may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified as provided by law. RCW ~~((35.13.215 through 35.13.235))~~ 52.06.110 through 52.06.130 apply to the transfer of employees under this section.

NEW SECTION. Sec. 8. A new section is added to chapter 52.26 RCW to read as follows:

Territory that is annexed to a participating jurisdiction is annexed to the authority as of the effective date of the annexation. The statutes regarding transfer of assets and employees do not apply to the participating jurisdictions in the annexation.

Sec. 9. RCW 52.26.130 and 2004 c 129 s 14 are each amended to read as follows:

~~((Unless contrary to this section, chapter 39.42 RCW applies to debt and bonding under this section. The authority may borrow money, but may not issue any debt of its own for more than ten years' duration.))~~ An authority may incur general indebtedness for authority purposes, issue bonds, notes, or other evidences of indebtedness ((with a maturity of not more than twenty years. An authority may, when authorized by the plan, enter into agreements with the state to pledge taxes or other revenues of the authority for the purpose of paying in part or whole principal and interest on bonds issued by the authority)) not to exceed an amount, together with any outstanding nonvoter approved general obligation debt, equal to three-fourths of one percent of the value of the taxable property within the authority. The maximum term of the obligations may not exceed twenty years. The obligations may pledge benefit charges and may pledge payments to an authority from the state, the federal government, or any fire protection jurisdiction under an interlocal contract. The interlocal contracts pledging revenues and taxes are binding for ((the)) a term ((of the agreement, but)) not to exceed twenty-five years, and ((no tax)) taxes or other revenue pledged by an ((agreement)) interlocal contract may not be eliminated or modified if it would impair the pledge of the ((agreement)) contract. An authority may also issue general obligation bonds for capital purposes not to exceed an amount, together with any outstanding general obligation debt, equal to one and one-half percent of the value of the taxable property within the authority, and to provide for the retirement thereof by excess property tax levies, when the voters of the authority have approved a proposition authorizing indebtedness and levies by an affirmative vote of three-fifths of those voting on the proposition at an election, at which election the total number of persons voting constitutes not less than forty

percent of the voters in the authority who voted at the last preceding general state election. The maximum term of the bonds may not exceed twenty-five years. Elections shall be held as provided in RCW 39.36.050. Obligations of an authority shall be issued and sold in accordance with chapters 39.46 and 39.50 RCW, as applicable.

Sec. 10. RCW 52.26.140 and 2004 c 129 s 15 are each amended to read as follows:

(1) To carry out the purposes for which a regional fire protection service authority is created, as authorized in the plan and approved by the voters, the governing board of an authority may annually levy the following taxes:

(a) An ad valorem tax on all taxable property located within the authority not to exceed fifty cents per thousand dollars of assessed value;

(b) An ad valorem tax on all property located within the authority not to exceed fifty cents per thousand dollars of assessed value and which will not cause the combined levies to exceed the constitutional or statutory limitations. This levy, or any portion of this levy, may also be made when dollar rates of other taxing units are released by agreement with the other taxing units from their authorized levies; and

(c) An ad valorem tax on all taxable property located within the authority not to exceed fifty cents per thousand dollars of assessed value if the authority has at least one full-time, paid employee, or contracts with another municipal corporation for the services of at least one full-time, paid employee. This levy may be made only if it will not affect dollar rates which other taxing districts may lawfully claim nor cause the combined levies to exceed the constitutional or statutory limitations or both.

(2) Levies in excess of the amounts provided in subsection (1) of this section or in excess of the aggregate dollar rate limitations or both may be made for any authority purpose when so authorized at a special election under RCW 84.52.052. Any such tax when levied must be certified to the proper county officials for the collection of the tax as for other general taxes. The taxes when collected shall be placed in the appropriate authority fund or funds as provided by law, and must be paid out on warrants of the auditor of the county in which all, or the largest portion of, the authority is located, upon authorization of the governing board of the authority.

(3) ~~((Authorities are additionally authorized to incur general indebtedness and to issue general obligation bonds for capital purposes as provided in RCW 52.26.130.))~~ Authorities may provide for the retirement of general indebtedness by excess property tax levies((= when the voters of the authority have approved a proposition authorizing such indebtedness and levies by an affirmative vote of three-fifths of those voting on the proposition at such an election, at which election the total number of persons voting shall constitute not less than forty percent of the voters in the authority who voted at the last preceding state general election. Elections must be held as provided in RCW 39.36.050. The maximum term of any bonds issued under the authority of this section may not exceed ten years and must be issued and sold in accordance with chapter 39.46 RCW)) as set forth in RCW 52.26.130.

(4) For purposes of this ~~((section))~~ chapter, the term "value of the taxable property" has the same meaning as in RCW 39.36.015.

Sec. 11. RCW 52.26.220 and 2004 c 129 s 28 are each amended to read as follows:

(1) Notwithstanding any other provision in this chapter to the contrary, any benefit charge authorized by this chapter is not effective unless a proposition to impose the benefit charge is approved by a sixty percent majority of the voters of the regional fire protection service authority voting at a general

election or at a special election called by the authority for that purpose, held within the authority. A ballot measure that contains an authorization to impose benefit charges and that is approved by the voters pursuant to RCW 52.26.060 meets the proposition approval requirement of this section. An election held under this section must be held not more than twelve months prior to the date on which the first charge is to be assessed. A benefit charge approved at an election expires in six years or fewer as authorized by the voters, unless subsequently reapproved by the voters.

(2) The ballot must be submitted so as to enable the voters favoring the authorization of a regional fire protection service authority benefit charge to vote "Yes" and those opposed to vote "No." The ballot question is as follows:

"Shall the regional fire protection service authority composed of (insert the participating fire protection jurisdictions) be authorized to impose benefit charges each year for (insert number of years not to exceed six) years, not to exceed an amount equal to sixty percent of its operating budget, and be prohibited from imposing an additional property tax under RCW 52.26.140(1)(c)?

YES NO

(3) Authorities renewing the benefit charge may elect to use the following alternative ballot:

"Shall the regional fire protection service authority composed of (insert the participating fire protection jurisdictions) be authorized to continue voter-authorized benefit charges each year for (insert number of years not to exceed six) years, not to exceed an amount equal to sixty percent of its operating budget, and be prohibited from imposing an additional property tax under RCW 52.26.140(1)(c)?

YES NO

On page 1, line 1 of the title, after "authorities;" strike the remainder of the title and insert "amending RCW 52.26.020, 52.26.040, 52.26.050, 52.26.060, 52.26.070, 52.26.090, 52.26.100, 52.26.130, 52.26.140, and 52.26.220; and adding a new section to chapter 52.26 RCW."

The President declared the question before the Senate to be the motion by Senator Kastama to not adopt the committee striking amendment by the Committee on Government Operations & Elections to Substitute House Bill No. 2345.

The motion by Senator Kastama carried and the committee striking amendment was not adopted by voice vote.

MOTION

Senator Kastama moved that the following striking amendment by Senator Kastama be adopted:

"Sec. 1. RCW 52.26.020 and 2004 c 129 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Board" means the governing body of a regional fire protection service authority.

(2) "Regional fire protection service authority" or "authority" means a municipal corporation, an independent taxing authority within the meaning of Article VII, section 1 of the state Constitution, and a taxing district within the meaning of Article VII, section 2 of the state Constitution, whose boundaries are coextensive with two or more adjacent fire protection jurisdictions and that has been created by a vote of the people under this chapter to implement a regional fire protection service authority plan.

(3) "Regional fire protection service authority planning committee" or "planning committee" means the advisory committee created under RCW 52.26.030 to create and propose to fire protection jurisdictions a regional fire protection service authority plan to design, finance, and develop fire protection and emergency service projects.

(4) "Regional fire protection service authority plan" or "plan" means a plan to develop and finance a fire protection service authority project or projects, including, but not limited to, specific capital projects, fire operations and emergency service operations pursuant to RCW 52.26.040(3)(b), and preservation and maintenance of existing or future facilities.

(5) "Fire protection jurisdiction" means a fire district, city, town, port district, or Indian tribe.

(6) "Regular property taxes" has the same meaning as in RCW 84.04.140.

Sec. 2. RCW 52.26.040 and 2004 c 129 s 4 are each amended to read as follows:

(1) A regional fire protection service authority planning committee shall adopt a regional fire protection service authority plan providing for the design, financing, and development of fire protection and emergency services. The planning committee may consider the following factors in formulating its plan:

- (a) Land use planning criteria; and
- (b) The input of cities and counties located within, or partially within, a participating fire protection jurisdiction.

(2) The planning committee may coordinate its activities with neighboring cities, towns, and other local governments that engage in fire protection planning.

- (3) The planning committee shall:
 - (a) Create opportunities for public input in the development of the plan;
 - (b) Adopt a plan proposing the creation of a regional fire protection service authority and recommending design, financing, and development of fire protection and emergency service facilities and operations, including maintenance and preservation of facilities or systems (~~except that no ambulance service may be recommended unless the regional fire protection service authority determines that the fire protection jurisdictions that are members of the authority are not adequately served by existing private ambulance service in which case the authority may provide for the establishment of a system of ambulance service to be operated by the authority or operated by contract after a call for bids~~).

The plan may authorize the authority to establish a system of ambulance service to be operated by the authority or operated by contract after a call for bids. However, the authority shall not provide for the establishment of an ambulance service that would compete with any existing private ambulance service, unless the authority determines that the region served by the authority, or a substantial portion of the region served by the authority, is not adequately served by an existing private ambulance service. In determining the adequacy of an existing private ambulance service, the authority shall take into consideration objective generally accepted medical standards and reasonable levels of service which must be published by the authority. Following the preliminary conclusion by the authority that the existing private ambulance service is inadequate, and before establishing an ambulance service or issuing a call for bids, the authority shall allow a minimum of sixty days for the private ambulance service to meet the generally accepted medical standards and accepted levels of service. In the event of a second preliminary conclusion of inadequacy within a twenty-four-month period, the authority may immediately issue a call for bids or establish its own ambulance service and is not required to afford the private ambulance service another sixty-day period to meet the generally accepted medical standards and reasonable levels of service. A private ambulance service that is not licensed by the department of health or whose license is denied, suspended, or revoked is not entitled to a sixty-day period within which to

demonstrate adequacy and the authority may immediately issue a call for bids or establish an ambulance service; and

(c) In the plan, recommend sources of revenue authorized by RCW 52.26.050, identify the portions of the plan that may be amended by the board of the authority without voter approval, consistent with RCW 52.26.050, and recommend a financing plan to fund selected fire protection ((service)) and emergency services and projects.

(4) Once adopted, the plan must be forwarded to the participating fire protection jurisdictions' governing bodies to initiate the election process under RCW 52.26.060.

(5) If the ballot measure is not approved, the planning committee may redefine the selected regional fire protection service authority projects, financing plan, and the ballot measure. The fire protection jurisdictions' governing bodies may approve the new plan and ballot measure, and may then submit the revised proposition to the voters at a subsequent election or a special election. If a ballot measure is not approved by the voters by the third vote, the planning committee is dissolved.

Sec. 3. RCW 52.26.050 and 2004 c 129 s 5 are each amended to read as follows:

(1) A regional fire protection service authority planning committee may, as part of a regional fire protection service authority plan, recommend the imposition of some or all of the following revenue sources, which a regional fire protection service authority may impose upon approval of the voters as provided in this chapter:

(a) Benefit charges under RCW 52.26.180 through 52.26.270;

(b) Property taxes under RCW 52.26.140 through 52.26.170 and 84.52.044 and RCW 84.09.030, 84.52.010, 84.52.052, and 84.52.069; or

(c) Both (a) and (b) of this subsection.

(2) The authority may impose taxes and benefit charges ((may not be imposed unless they are identified)) as set forth in the regional fire protection service authority plan ((and the plan is)) upon creation of the authority, or as provided for in this chapter after creation of the authority. If the plan authorizes the authority to impose benefit charges or sixty percent voter approved taxes, the plan and creation of the authority must be approved by an affirmative vote of sixty percent of the voters within the boundaries of the authority voting on a ballot proposition as set forth in RCW 52.26.060. However, if the plan provides for alternative sources of revenue that become effective if the plan and creation of the authority is approved only by a majority vote, then the plan with alternative sources of revenue and creation of the authority may be approved by an affirmative vote of the majority of those voters. If the plan does not authorize the authority to impose benefit charges or sixty percent voter approved taxes, the plan and creation of the authority must be approved by an affirmative vote of the majority of the voters within the boundaries of the authority voting on a ballot proposition as set forth in RCW 52.26.060. ((The voter approval requirement)) Except as provided in this section ((is in addition to any)), all other voter approval requirements under law for the levying of property taxes or the imposition of benefit charges apply. Revenues from these taxes and benefit charges may be used only to implement the plan as set forth in this chapter.

Sec. 4. RCW 52.26.060 and 2004 c 129 s 6 are each amended to read as follows:

The governing bodies of two or more adjacent fire protection jurisdictions, upon receipt of the regional fire protection service authority plan under RCW 52.26.040, may certify the plan to the ballot, including identification of the ((tax)) revenue options ((necessary)) specified to fund the plan. The electorate is the voters voting within the boundaries of the proposed regional fire protection service authority. A simple majority of the total persons voting on the single ballot measure to approve the plan((:)) and establish the authority((, and approve the taxes)) is required for approval. However, if the plan authorizes the authority to impose benefit charges or sixty percent voter approved taxes, then the percentage of total persons voting on the single ballot measure to approve the plan and establish the authority is the same as in RCW 52.26.050. The authority must act in accordance with the general election laws of the state. The authority is liable for its proportionate share of the costs when the elections are held under RCW ((29A.04.320)) 29A.04.321 and 29A.04.330.

Sec. 5. RCW 52.26.070 and 2004 c 129 s 7 are each amended to read as follows:

If the voters approve the plan, including creation of a regional fire protection service authority and imposition of taxes and benefit charges, if any, the authority is formed on the next January 1st or July 1st, whichever occurs first. The appropriate county election officials shall, within fifteen days of the final certification of the election results, publish a notice in a newspaper or newspapers of general circulation in the authority declaring the authority formed. Failure to challenge within that time forever bars further challenge of the authority's valid formation.

Sec. 6. RCW 52.26.090 and 2004 c 129 s 9 are each amended to read as follows:

(1) The governing board of the authority is responsible for the execution of the voter-approved plan. Participating jurisdictions shall review the plan every ten years. The board ((shall)) may:

(6)(a) Subject to (c) of this subsection, all employees of the participating fire protection jurisdictions are transferred to the jurisdiction of the regional fire protection service authority on its creation date. Upon transfer, unless an agreement for different terms of transfer is reached between the collective bargaining representatives of the transferring employees and the participating fire protection jurisdictions, an employee is entitled to the employee rights, benefits, and privileges to which he or she would have been entitled as an employee of a participating fire protection jurisdiction, including rights to:

(i) Compensation at least equal to the level at the time of transfer;

(ii) Retirement, vacation, sick leave, and any other accrued benefit;

(b) If any or all of the participating fire protection jurisdictions provide for civil service in their fire departments, the collective bargaining representatives of the transferring employees and the participating fire protection jurisdictions must negotiate regarding the establishment of a civil service system within the authority. NEW SECTION. Sec. 8. A new section is added to chapter 52.26 RCW to read as follows:

(1) Subject to subsection (2) of this section, a regional fire protection service authority may, by resolution of its board, provide for civil service for its employees in the same manner, with the same powers, and with the same force and effect as provided by chapter 41.08 RCW for cities, towns, and municipalities, including restrictions against the discharge of an employee because of residence outside the limits of the regional fire protection service authority.

(2) If an agreement is reached to provide for civil service under RCW 52.26.100(6), the regional fire protection service authority shall establish such a system as is required by the agreement.

NEW SECTION. Sec. 9. A new section is added to chapter 52.26 RCW to read as follows:

Territory that is annexed to a participating jurisdiction is annexed to the authority as of the effective date of the annexation. The statutes regarding transfer of assets and employees do not apply to the participating jurisdictions in the annexation.

Sec. 10. RCW 52.26.130 and 2004 c 129 s 14 are each amended to read as follows:

~~((Unless contrary to this section, chapter 39.42 RCW applies to debt and bonding under this section. The authority may borrow money, but may not issue any debt of its own for more than ten years' duration. An authority may issue notes or other evidences of indebtedness with a maturity of not more than twenty years. An authority may, when authorized by the plan, enter into agreements with the state to pledge taxes or other revenues of the authority for the purpose of paying in part or whole principal and interest on bonds issued by the authority. The contracts pledging revenues and taxes are binding for the term of the agreement, but not to exceed twenty-five years, and no tax pledged by an agreement may be eliminated or modified if it would impair the pledge of the agreement.))~~ (1) An authority may incur general indebtedness for authority purposes, issue bonds, notes, or other evidences of indebtedness not to exceed an amount, together with any outstanding nonvoter approved general obligation debt, equal to three-fourths of one percent of the value of the taxable property within the authority. The maximum term of the obligations may not exceed twenty years. The obligations may pledge benefit charges and may pledge payments to an authority from the state, the federal government, or any fire protection jurisdiction under an interlocal contract. The interlocal contracts pledging revenues and taxes are binding for a term not to exceed twenty-five years, and taxes or other revenue pledged by an interlocal contract may not be eliminated or modified if it would impair the pledge of the contract.

(2) An authority may also issue general obligation bonds for capital purposes not to exceed an amount, together with any outstanding general obligation debt, equal to one and one-half

percent of the value of the taxable property within the authority. The authority may provide for the retirement of the bonds by excess property tax levies. The voters of the authority must approve a proposition authorizing the bonds and levies by an affirmative vote of three-fifths of those voting on the proposition at an election. At the election, the total number of persons voting must constitute not less than forty percent of the voters in the authority who voted at the last preceding general state election. The maximum term of the bonds may not exceed twenty-five years. Elections shall be held as provided in RCW 39.36.050.

(3) Obligations of an authority shall be issued and sold in accordance with chapters 39.46 and 39.50 RCW, as applicable.

Sec. 11. RCW 52.26.140 and 2004 c 129 s 15 are each amended to read as follows:

(1) To carry out the purposes for which a regional fire protection service authority is created, as authorized in the plan and approved by the voters, the governing board of an authority may annually levy the following taxes:

(a) An ad valorem tax on all taxable property located within the authority not to exceed fifty cents per thousand dollars of assessed value;

(b) An ad valorem tax on all property located within the authority not to exceed fifty cents per thousand dollars of assessed value and which will not cause the combined levies to exceed the constitutional or statutory limitations. This levy, or any portion of this levy, may also be made when dollar rates of other taxing units are released by agreement with the other taxing units from their authorized levies; and

(c) An ad valorem tax on all taxable property located within the authority not to exceed fifty cents per thousand dollars of assessed value if the authority has at least one full-time, paid employee, or contracts with another municipal corporation for the services of at least one full-time, paid employee. This levy may be made only if it will not affect dollar rates which other taxing districts may lawfully claim nor cause the combined levies to exceed the constitutional or statutory limitations or both.

(2) Levies in excess of the amounts provided in subsection (1) of this section or in excess of the aggregate dollar rate limitations or both may be made for any authority purpose when so authorized at a special election under RCW 84.52.052. Any such tax when levied must be certified to the proper county officials for the collection of the tax as for other general taxes. The taxes when collected shall be placed in the appropriate authority fund or funds as provided by law, and must be paid out on warrants of the auditor of the county in which all, or the largest portion of, the authority is located, upon authorization of the governing board of the authority.

~~(3) (Authorities are additionally authorized to incur general indebtedness and to issue general obligation bonds for capital purposes as provided in RCW 52.26.130.) Authorities may provide for the retirement of general indebtedness by excess property tax levies (when the voters of the authority have approved a proposition authorizing such indebtedness and levies by an affirmative vote of three-fifths of those voting on the proposition at such an election, at which election the total number of persons voting shall constitute not less than forty percent of the voters in the authority who voted at the last preceding state general election. Elections must be held as provided in RCW 39.36.050. The maximum term of any bonds issued under the authority of this section may not exceed ten years and must be issued and sold in accordance with chapter 39.46 RCW) as set forth in RCW 52.26.130.~~

(4) For purposes of this ~~(section)~~ chapter, the term "value of the taxable property" has the same meaning as in RCW 39.36.015.

Sec. 12. RCW 52.26.220 and 2004 c 129 s 28 are each amended to read as follows:

(1) Notwithstanding any other provision in this chapter to the contrary, any benefit charge authorized by this chapter is not

effective unless a proposition to impose the benefit charge is approved by a sixty percent majority of the voters of the regional fire protection service authority voting at a general election or at a special election called by the authority for that purpose, held within the authority. A ballot measure that contains an authorization to impose benefit charges and that is approved by the voters pursuant to RCW 52.26.060 meets the proposition approval requirement of this section. An election held under this section must be held not more than twelve months prior to the date on which the first charge is to be assessed. A benefit charge approved at an election expires in six years or fewer as authorized by the voters, unless subsequently reapproved by the voters.

(2) The ballot must be submitted so as to enable the voters favoring the authorization of a regional fire protection service authority benefit charge to vote "Yes" and those opposed to vote "No." The ballot question is as follows:

"Shall the regional fire protection service authority composed of (insert the participating fire protection jurisdictions) be authorized to impose benefit charges each year for (insert number of years not to exceed six) years, not to exceed an amount equal to sixty percent of its operating budget, and be prohibited from imposing an additional property tax under RCW 52.26.140(1)(c)?

YES NO

(3) Authorities renewing the benefit charge may elect to use the following alternative ballot:

"Shall the regional fire protection service authority composed of (insert the participating fire protection jurisdictions) be authorized to continue voter-authorized benefit charges each year for (insert number of years not to exceed six) years, not to exceed an amount equal to sixty percent of its operating budget, and be prohibited from imposing an additional property tax under RCW 52.26.140(1)(c)?

"**Sec. 1.** RCW 43.19.1906 and 2002 c 332 s 4 are each amended to read as follows:

Insofar as practicable, all purchases and sales shall be based on competitive bids, and a formal sealed, electronic, or web-based bid procedure, subject to RCW 43.19.1911, shall be used as standard procedure for all purchases and contracts for purchases and sales executed by the state purchasing and material control director and under the powers granted by RCW 43.19.190 through 43.19.1939. This requirement also applies to purchases and contracts for purchases and sales executed by agencies, including educational institutions, under delegated authority granted in accordance with provisions of RCW 43.19.190 or under RCW 28B.10.029. However, formal sealed, electronic, or web-based competitive bidding is not necessary for:

(1) Emergency purchases made pursuant to RCW 43.19.200 if the sealed bidding procedure would prevent or hinder the emergency from being met appropriately;

(2) Purchases not exceeding thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management: PROVIDED, That the state director of general administration shall establish procedures to assure that purchases made by or on behalf of the various state agencies shall not be made so as to avoid the thirty-five thousand dollar bid limitation, or subsequent bid limitations as calculated by the office of financial management: PROVIDED FURTHER, That

the state purchasing and material control director is authorized to reduce the formal sealed bid limits of thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, to a lower dollar amount for purchases by individual state agencies if considered necessary to maintain full disclosure of competitive procurement or otherwise to achieve overall state efficiency and economy in purchasing and material control. Quotations from three thousand dollars to thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be secured from at least three vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. The agency shall invite at least one quotation each from a certified minority and a certified women-owned vendor who shall otherwise qualify to perform such work. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry. A record of competition for all such purchases from three thousand dollars to thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be documented for audit purposes. Purchases up to three thousand dollars may be made without competitive bids based on buyer experience and knowledge of the market in achieving maximum quality at minimum cost;

(3) Purchases which are clearly and legitimately limited to a single source of supply and purchases involving special facilities, services, or market conditions, in which instances the purchase price may be best established by direct negotiation;

(4) Purchases of insurance and bonds by the risk management division under RCW 43.41.310;

(5) Purchases and contracts for vocational rehabilitation clients of the department of social and health services: PROVIDED, That this exemption is effective only when the state purchasing and material control director, after consultation with the director of the division of vocational rehabilitation and appropriate department of social and health services procurement personnel, declares that such purchases may be best executed through direct negotiation with one or more suppliers in order to expeditiously meet the special needs of the state's vocational rehabilitation clients;

(6) Purchases by universities for hospital operation or biomedical teaching or research purposes and by the state purchasing and material control director, as the agent for state hospitals as defined in RCW 72.23.010, and for health care programs provided in state correctional institutions as defined in RCW 72.65.010(3) and veterans' institutions as defined in RCW 72.36.010 and 72.36.070, made by participating in contracts for materials, supplies, and equipment entered into by nonprofit cooperative hospital group purchasing organizations;

(7) Purchases for resale by institutions of higher education to other than public agencies when such purchases are for the express purpose of supporting instructional programs and may best be executed through direct negotiation with one or more suppliers in order to meet the special needs of the institution;

(8) Purchases by institutions of higher education not exceeding thirty-five thousand dollars: PROVIDED, That for purchases between three thousand dollars and thirty-five thousand dollars quotations shall be secured from at least three vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. For purchases between three thousand dollars and thirty-five thousand dollars, each institution of higher education shall invite at least one quotation each from a certified minority and a certified women-owned vendor who shall otherwise qualify to perform such work. A record of competition for all such purchases made from three thousand to thirty-five thousand dollars shall be documented for audit purposes; and

2006 REGULAR SESSION

(9) Negotiation of a contract by the department of transportation, valid until June 30, 2001, with registered tow truck operators to provide roving service patrols in one or more Washington state patrol tow zones whereby those registered tow truck operators wishing to participate would cooperatively, with the department of transportation, develop a demonstration project upon terms and conditions negotiated by the parties.

Beginning on July 1, 1995, and on July 1 of each succeeding odd-numbered year, the dollar limits specified in this section shall be adjusted as follows: The office of financial management shall calculate such limits by adjusting the previous biennium's limits by the appropriate federal inflationary index reflecting the rate of inflation for the previous biennium. Such amounts shall be rounded to the nearest one hundred dollars. However, the three thousand dollar figure in subsections (2) and (8) of this section may not be adjusted to exceed five thousand dollars.

Sec. 2. RCW 43.19.1908 and 1994 c 300 s 2 are each amended to read as follows:

Competitive bidding required by RCW 43.19.190 through 43.19.1939 shall be solicited by public notice, and through the sending of notices by mail, electronic transmission, or other means to bidders on the appropriate list of bidders who shall have qualified by application to the division of purchasing. Bids may be solicited by the purchasing division from any source thought to be of advantage to the state. All bids shall be in ~~((writing))~~ written or electronic form and conform to rules of the division of purchasing.

Sec. 3. RCW 43.19.1911 and 2005 c 204 s 5 are each amended to read as follows:

(1) Preservation of the integrity of the competitive bid system dictates that after competitive bids have been opened, award must be made to that responsible bidder who submitted the lowest responsive bid pursuant to subsections (7) and (9) of this section, unless there is a compelling reason to reject all bids and cancel the solicitation.

(2) Every effort shall be made to anticipate changes in a requirement before the date of opening and to provide reasonable notice to all prospective bidders of any resulting modification or cancellation. If, in the opinion of the purchasing agency, division, or department head, it is not possible to provide reasonable notice, the published date for receipt of bids may be postponed and all known bidders notified. This will permit bidders to change their bids and prevent unnecessary exposure of bid prices. In addition, every effort shall be made to include realistic, achievable requirements in a solicitation.

(3) After the opening of bids, a solicitation may not be canceled and resolicited solely because of an increase in requirements for the items being acquired. Award may be made on the initial solicitation and an increase in requirements may be treated as a new acquisition.

(4) A solicitation may be canceled and all bids rejected before award but after bid opening only when, consistent with subsection (1) of this section, the purchasing agency, division, or department head determines in writing that:

(a) Unavailable, inadequate, ambiguous specifications, terms, conditions, or requirements were cited in the solicitation;

(b) Specifications, terms, conditions, or requirements have been revised;

(c) The supplies or services being contracted for are no longer required;

(d) The solicitation did not provide for consideration of all factors of cost to the agency;

(e) Bids received indicate that the needs of the agency can be satisfied by a less expensive article differing from that for which the bids were invited;

(f) All otherwise acceptable bids received are at unreasonable prices or only one bid is received and the agency cannot determine the reasonableness of the bid price;

(g) No responsive bid has been received from a responsible bidder; or

(h) The bid process was not fair or equitable.

(5) The agency, division, or department head may not delegate his or her authority under this section.

(6) After the opening of bids, an agency may not reject all bids and enter into direct negotiations to complete the planned acquisition. However, the agency can enter into negotiations exclusively with the lowest responsible bidder in order to determine if the lowest responsible bid may be improved. Until December 31, 2009, for purchases requiring a formal bid process the agency shall also enter into negotiations with and may consider for award the lowest responsible bidder that is a vendor in good standing, as defined in RCW 43.19.525. An agency shall not use this negotiation opportunity to permit a bidder to change a nonresponsive bid into a responsive bid.

(7) In determining the lowest responsible bidder, the agency shall consider any preferences provided by law to Washington products and vendors and to RCW 43.19.704, and further, may take into consideration the quality of the articles proposed to be supplied, their conformity with specifications, the purposes for which required, and the times of delivery.

(8) Each bid with the name of the bidder shall be entered of record and each record, with the successful bid indicated, shall, after letting of the contract, be open to public inspection. Bid prices shall not be disclosed during electronic or web-based bidding before the letting of the contract.

(9) In determining "lowest responsible bidder", in addition to price, the following elements shall be given consideration:

(a) The ability, capacity, and skill of the bidder to perform the contract or provide the service required;

(b) The character, integrity, reputation, judgment, experience, and efficiency of the bidder;

(c) Whether the bidder can perform the contract within the time specified;

(d) The quality of performance of previous contracts or services;

(e) The previous and existing compliance by the bidder with laws relating to the contract or services;

(f) Such other information as may be secured having a bearing on the decision to award the contract: PROVIDED, That in considering bids for purchase, manufacture, or lease, and in determining the "lowest responsible bidder," whenever there is reason to believe that applying the "life cycle costing" technique to bid evaluation would result in lowest total cost to the state, first consideration shall be given by state purchasing activities to the bid with the lowest life cycle cost which complies with specifications. "Life cycle cost" means the total cost of an item to the state over its estimated useful life, including costs of selection, acquisition, operation, maintenance, and where applicable, disposal, as far as these costs can reasonably be determined, minus the salvage value at the end of its estimated useful life. The "estimated useful life" of an item means the estimated time from the date of acquisition to the date of replacement or disposal, determined in any reasonable manner. Nothing in this section shall prohibit any state agency, department, board, commission, committee, or other state-level entity from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.

NEW SECTION. **Sec. 4.** A new section is added to chapter 39.04 RCW to read as follows:

(1) Any state agency, city with a population greater than one hundred thousand, or counties with a population greater than

FIFTY-FOURTH DAY, MARCH 3, 2006

five hundred thousand executing public works using a competitive bidding process cannot reject all bids after opening unless there is a compelling reason.

(2) Every effort shall be made to anticipate changes in a requirement before the date of opening and to provide reasonable notice to all prospective bidders of any resulting modification or cancellation. If, in the opinion of the director or agency head or the appropriate city or county contract authority, it is not possible to provide reasonable notice, the published date for receipt of bids may be postponed and all known bidders notified. This will permit bidders to change their bids and prevent unnecessary exposure of bid prices. In addition, every effort shall be made to include realistic, achievable requirements in a bid solicitation.

(3) After the opening of bids, a solicitation may not be canceled and resolicited solely because of an increase in requirements for the items being acquired. Award may be made on the initial solicitation and an increase in requirements may be treated as a new acquisition.

(4) A solicitation may be canceled and all bids rejected before award but after bid opening only when, consistent with subsection (1) of this section, the state, city, or county determines in writing that:

(a) Unavailable, inadequate, ambiguous specifications, terms, conditions, or requirements were cited in the solicitation;

(b) Specifications, terms, conditions, or requirements have been revised;

(c) The services being contracted for are no longer required;

(d) The solicitation did not provide for consideration of all factors of cost to the agency, city, or county;

(e) Bids received indicate that the needs of the state, city, or county can be satisfied by a less expensive article differing from that for which the bids were invited;

(f) All otherwise acceptable bids received are at unreasonable prices or only one bid is received and the agency, city, or county cannot determine the reasonableness of the bid price;

(g) No responsive bid has been received from a responsible bidder; or

(h) The bid process was not fair or equitable.

(5) The state agency head or city or county contract authority may not delegate his or her authority under this section.

NEW SECTION. Sec. 5. A new section is added to chapter 39.29 RCW to read as follows:

(1) Any agency or institution of state government procuring personal services using a competitive solicitation process cannot reject all solicitations after opening unless there is a compelling reason.

(2) Every effort shall be made to anticipate changes in a requirement before the date of opening and to provide reasonable notice to all prospective bidders of any resulting modification or cancellation. If, in the opinion of the director or agency head, it is not possible to provide reasonable notice, the published date for receipt of bids may be postponed and all known bidders notified. This will permit bidders to change their bids and prevent unnecessary exposure of bid prices. In addition, every effort shall be made to include realistic, achievable requirements in a solicitation.

(3) After the opening of bids, a solicitation may not be canceled and resolicited solely because of an increase in requirements for the items being acquired. Award may be made on the initial solicitation and an increase in requirements may be treated as a new acquisition.

(4) A solicitation may be canceled and all bids rejected before award but after bid opening only when, consistent with

subsection (1) of this section, the agency determines in writing that:

(a) Unavailable, inadequate, ambiguous specifications, terms, conditions, or requirements were cited in the solicitation;

(b) Specifications, terms, conditions, or requirements have been revised;

(c) The services being contracted for are no longer required;

(d) The solicitation did not provide for consideration of all factors of cost to the agency;

(e) Bids received indicate that the needs of the agency can be satisfied by a less expensive article differing from that for which the bids were invited;

(f) All otherwise acceptable bids received are at unreasonable prices or only one bid is received and the agency cannot determine the reasonableness of the bid price;

(g) No responsive bid has been received from a responsible bidder; or

(h) The bid process was not fair or equitable.

(5) The agency head may not delegate his or her authority under this section.

NEW SECTION. Sec. 6. A new section is added to chapter 43.105 RCW to read as follows:

(1) The board, or other agencies and institutions of state government the board delegates authority to, when purchasing, leasing, renting, or otherwise acquiring, disposing of, or maintaining equipment, proprietary software, or purchased services using a competitive bidding process cannot reject all bids and cancel the solicitation after the bid opening unless there is a compelling reason.

(2) Every effort shall be made to anticipate changes in a requirement before the date of opening and to provide reasonable notice to all prospective bidders of any resulting modification or cancellation. If, in the opinion of the director or purchasing agency head, it is not possible to provide reasonable notice, the published date for receipt of bids may be postponed and all known bidders notified. This will permit bidders to change their bids and prevent unnecessary exposure of bid prices. In addition, every effort shall be made to include realistic, achievable requirements in a solicitation.

(3) After the opening of bids, a solicitation may not be canceled and resolicited solely because of an increase in requirements for the items being acquired. Award may be made on the initial solicitation and an increase in requirements may be treated as a new acquisition.

(4) A solicitation may be canceled and all bids rejected before award but after bid opening only when, consistent with subsection (1) of this section, the board or purchasing agency, determines in writing that:

(a) Unavailable, inadequate, ambiguous specifications, terms, conditions, or requirements were cited in the solicitation;

(b) Specifications, terms, conditions, or requirements have been revised;

(c) The supplies or services being contracted for are no longer required;

(d) The solicitation did not provide for consideration of all factors of cost to the board or agency;

(e) Bids received indicate that the needs of the board or agency can be satisfied by a less expensive article differing from that for which the bids were invited;

(f) All otherwise acceptable bids received are at unreasonable prices or only one bid is received and the board or agency cannot determine the reasonableness of the bid price;

(g) No responsive bid has been received from a responsible bidder; or

(h) The bid process was not fair or equitable.

(5) The agency head may not delegate his or her authority under this section."

I would like for us to give a standing ovation to Senator Darlene Fairley."

PERSONAL PRIVILEGE

PERSONAL PRIVILEGE

Senator Stevens: "I have admired Darlene for many years. We've served together on committee here some years ago and I have watched as she has been a demonstration to all of us that get up and go attitude that many of us would of given up a long time ago. I so admire her strength, her sense of humor and her courage. It has been an inspiration to me over all these years and the mornings I don't feel like getting up and coming in here which are very, very many, I just think of Darlene Fairley and what she goes through to get here. It gives me the strength to keep going. Thanks Darlene."

PERSONAL PRIVILEGE

Senator Benton: "Well, I too want to commend the Chairman of the Committee that I am the Ranking Member on. I work extremely well with Darlene. We have a good time in that committee. We respect each other's opinions and I do remember the first day of session this year where she said that her ordeal over the interim had caused her to have some hearing problems and to go deaf in her right ear. I always thought she was deaf in her right ear because I set on the right hand side of her and never listened to anything that I said anyway so it was news to me that this was a new development. I always thought there was a problem hearing from that side, from the right side, so that was news to me. But, none-the-less, we get along swell and we work very good together. We work the policies of the issues in that committee and it's a great relationship and I really appreciate her and I appreciate her hard work and I appreciate the mutual respect that we're able to give each other in that committee and I thank you very much Darlene for that."

POINT OF INQUIRY

Senator Roach: "Would the Senator from the Twenty-Sixth District yield to a question? Many of you know that last elections cycle, one of my children had a ballot with a funny signature. He didn't sign his name right, you know, so it didn't match up. He got a phone call from King County Elections saying, you know, Is this really you? So, my understanding of the bill might be that we're changing that. I prefer that there be every effort made and made as soon as possible. So, how does this bill affect what existing law is and the situation today as it is where a voter is called immediately and told that there's a potential that their signature will not be validated. Could you address that please?"

Senator Kastama: "Yes, it right now it will be done by, actually the mail is how they will notify them. If they can not be notified by mail it's then at that point they go to by phone call so it's kind of a combination of both but they start out, however, by mail. I believe the amendment that we put on this was by request. It was my understanding it was going to address a need that you had and I hope that that does."

Senator Johnson spoke against the passage of the bill.

MOTION

On motion of Senator Weinstein, Senator Pridemore was excused.

(c) Shall be compensated for participation in the work of the committee in accordance with a personal services contract to be executed after appointment and before commencement of activities related to the work of the committee.

(3) Meetings of the committee and any advisory group are subject to chapter 42.30 RCW, the open public meetings act, including RCW 42.30.110(1)(I), which authorizes an executive session during a regular or special meeting to consider proprietary or confidential nonpublished information.

(4) Neither the committee nor any advisory group is an agency for purposes of chapter 34.05 RCW.

(5) The health care authority shall provide administrative support to the committee and any advisory group, and may adopt rules governing their operation.

NEW SECTION. Sec. 3 A new section is added to chapter 70.14 RCW to read as follows:

TECHNOLOGY SELECTION AND ASSESSMENT. (1) The administrator, in consultation with participating agencies and the committee, shall select the health technologies to be reviewed by the committee under section 4 of this act. Up to six

FIFTY-FOURTH DAY, MARCH 3, 2006

may be selected for review in the first year after the effective date of this act, and up to eight may be selected in the second year after the effective date of this act. In making the selection, priority shall be given to any technology for which:

(a) There are concerns about its safety, efficacy, or cost-effectiveness, especially relative to existing alternatives, or significant variations in its use;

(b) Actual or expected state expenditures are high, due to demand for the technology, its cost, or both; and

(c) There is adequate evidence available to conduct the complete review.

(2) A health technology for which the committee has made a determination under section 4 of this act shall be considered for rereview at least once every eighteen months, beginning the date the determination is made. The administrator, in consultation with participating agencies and the committee, shall select the technology for rereview if he or she decides that evidence has since become available that could change a previous determination. Upon rereview, consideration shall be given only to evidence made available since the previous determination.

(3) Pursuant to a petition submitted by an interested party, the health technology clinical committee may select health technologies for review that have not otherwise been selected by the administrator under subsection (1) or (2) of this section.

(4) Upon the selection of a health technology for review, the administrator shall contract for a systematic evidence-based assessment of the technology's safety, efficacy, and cost-effectiveness. The contract shall:

(a) Be with an evidence-based practice center designated as such by the federal agency for health care research and quality, or other appropriate entity;

(b) Require the assessment be initiated no sooner than thirty days after notice of the selection of the health technology for review is posted on the internet under section 7 of this act;

(c) Require, in addition to other information considered as part of the assessment, consideration of: (i) Safety, health outcome, and cost data submitted by a participating agency; and (ii) evidence submitted by any interested party; and

(d) Require the assessment to: (i) Give the greatest weight to the evidence determined, based on objective indicators, to be the most valid and reliable, considering the nature and source of the evidence, the empirical characteristic of the studies or trials upon which the evidence is based, and the consistency of the outcome with comparable studies; and (ii) take into account any unique impacts of the technology on specific populations based upon factors such as sex, age, ethnicity, race, or disability.

NEW SECTION. Sec. 4 A new section is added to chapter 70.14 RCW to read as follows:

HEALTH TECHNOLOGY COMMITTEE DETERMINATIONS. (1) The committee shall determine, for each health technology selected for review under section 3 of this act: (a) The conditions, if any, under which the health technology will be included as a covered benefit in health care programs of participating agencies; and (b) if covered, the criteria which the participating agency administering the program must use to decide whether the technology is medically necessary, or proper and necessary treatment.

(2) In making a determination under subsection (1) of this section, the committee:

(a) Shall consider, in an open and transparent process, evidence regarding the safety, efficacy, and cost-effectiveness of the technology as set forth in the systematic assessment conducted under section 3(4) of this act;

(b) Shall provide an opportunity for public comment; and

(c) May establish ad hoc temporary advisory groups if specialized expertise is needed to review a particular health technology or group of health technologies, or to seek input

from enrollees or clients of state purchased health care programs. Advisory group members are immune from civil liability for any official act performed in good faith as a member of the group. As a condition of appointment, each person shall agree to the terms and conditions imposed by the administrator regarding conflicts of interest.

(3) Determinations of the committee under subsection (1) of this section shall be consistent with decisions made under the federal medicare program and in expert treatment guidelines, including those from specialty physician organizations and patient advocacy organizations, unless the committee concludes, based on its review of the systematic assessment, that substantial evidence regarding the safety, efficacy, and cost-effectiveness of the technology supports a contrary determination.

NEW SECTION. Sec. 5 A new section is added to chapter 70.14 RCW to read as follows:

COMPLIANCE BY STATE AGENCIES. (1) A participating agency shall comply with a determination of the committee under section 4 of this act unless:

(a) The determination conflicts with an applicable federal statute or regulation, or applicable state statute; or

(b) Reimbursement is provided under an agency policy regarding experimental or investigational treatment, services under a clinical investigation approved by an institutional review board, or health technologies that have a humanitarian device exemption from the federal food and drug administration.

(2) For a health technology not selected for review under section 3 of this act, a participating agency may use its existing statutory and administrative authority to make coverage and reimbursement determinations. Such determinations shall be shared among agencies, with a goal of maximizing each agency's understanding of the basis for the other's decisions and providing opportunities for agency collaboration.

(3) A health technology not included as a covered benefit under a state purchased health care program pursuant to a determination of the health technology clinical committee under section 4 of this act, or for which a condition of coverage established by the committee is not met, shall not be subject to a determination in the case of an individual patient as to whether it is medically necessary, or proper and necessary treatment.

(4) Nothing in this act diminishes an individual's right under existing law to appeal an action or decision of a participating agency regarding a state purchased health care program. Appeals shall be governed by state and federal law applicable to participating agency decisions.

NEW SECTION. Sec. 6 A new section is added to chapter 70.14 RCW to read as follows:

APPEAL PROCESS. The administrator shall establish an open, independent, transparent, and timely process to enable patients, providers, and other stakeholders to appeal the determinations of the health technology clinical committee made under section 4 of this act.

NEW SECTION. Sec. 7 A new section is added to chapter 70.14 RCW to read as follows:

PUBLIC NOTICE. (1) The administrator shall develop a centralized, internet-based communication tool that provides, at a minimum:

(a) Notification when a health technology is selected for review under section 3 of this act, indicating when the review will be initiated and how an interested party may submit evidence, or provide public comment, for consideration during the review;

(b) Notification of any determination made by the committee under section 4(1) of this act, its effective date, and an explanation of the basis for the determination; and

(c) Access to the systematic assessment completed under section 3(4) of this act, and reports completed under subsection (2) of this section.

(2) Participating agencies shall develop methods to report on the implementation of this section and sections 1 through 6 of this act with respect to health care outcomes, frequency of exceptions, cost outcomes, and other matters deemed appropriate by the administrator.

Sec. 8 RCW 41.05.013 and 2005 c 462 s 3 are each amended to read as follows:

(1) The authority shall coordinate state agency efforts to develop and implement uniform policies across state purchased health care programs that will ensure prudent, cost-effective health services purchasing, maximize efficiencies in administration of state purchased health care programs, improve the quality of care provided through state purchased health care programs, and reduce administrative burdens on health care providers participating in state purchased health care programs. The policies adopted should be based, to the extent possible, upon the best available scientific and medical evidence and shall endeavor to address:

(a) Methods of formal assessment, such as a health technology assessment under sections 1 through 7 of this act. Consideration of the best available scientific evidence does not preclude consideration of experimental or investigational treatment or services under a clinical investigation approved by an institutional review board;

(b) Monitoring of health outcomes, adverse events, quality, and cost-effectiveness of health services;

(c) Development of a common definition of medical necessity; and

(d) Exploration of common strategies for disease management and demand management programs, including asthma, diabetes, heart disease, and similar common chronic diseases. Strategies to be explored include individual asthma management plans. On January 1, 2007, and January 1, 2009, the authority shall issue a status report to the legislature summarizing any results it attains in exploring and coordinating strategies for asthma, diabetes, heart disease, and other chronic diseases.

(2) The administrator may invite health care provider organizations, carriers, other health care purchasers, and consumers to participate in efforts undertaken under this section.

(3) For the purposes of this section "best available scientific and medical evidence" means the best available clinical evidence derived from systematic research.

NEW SECTION. Sec. 9 A new section is added to chapter 70.14 RCW to read as follows:

Sections 1 through 7 of this act and RCW 41.05.013 do not apply to state purchased health care services that are purchased from or through health carriers as defined in RCW 48.43.005.

NEW SECTION. Sec. 10 Captions used in this act are not any part of the law.

NEW SECTION. Sec. 11 If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state."

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 50.20.050 and 2003 2nd sp.s. c 4 s 4 are each reenacted to read as follows:

FIFTY-FOURTH DAY, MARCH 3, 2006

2006 REGULAR SESSION

(1) With respect to claims that have an effective date before January 4, 2004:

(a) An individual shall be disqualified from benefits beginning with the first day of the calendar week in which he or she has left work voluntarily without good cause and thereafter for seven calendar weeks and until he or she has obtained bona fide work in employment covered by this title and earned wages in that employment equal to seven times his or her weekly benefit amount.

The disqualification shall continue if the work obtained is a mere sham to qualify for benefits and is not bona fide work. In determining whether work is of a bona fide nature, the commissioner shall consider factors including but not limited to the following:

(i) The duration of the work;
 (ii) The extent of direction and control by the employer over the work; and
 (iii) The level of skill required for the work in light of the individual's training and experience.

(b) An individual shall not be considered to have left work voluntarily without good cause when:

(i) He or she has left work to accept a bona fide offer of bona fide work as described in (a) of this subsection;

(ii) The separation was because of the illness or disability of the claimant or the death, illness, or disability of a member of the claimant's immediate family if the claimant took all reasonable precautions, in accordance with any regulations that the commissioner may prescribe, to protect his or her employment status by having promptly notified the employer of the reason for the absence and by having promptly requested reemployment when again able to assume employment: PROVIDED, That these precautions need not have been taken when they would have been a futile act, including those instances when the futility of the act was a result of a recognized labor/management dispatch system;

(iii) He or she has left work to relocate for the spouse's employment that is due to an employer-initiated mandatory transfer that is outside the existing labor market area if the claimant remained employed as long as was reasonable prior to the move; or

(iv) The separation was necessary to protect the claimant or the claimant's immediate family members from domestic violence, as defined in RCW 26.50.010, or stalking, as defined in RCW 9A.46.110.

(c) In determining under this subsection whether an individual has left work voluntarily without good cause, the commissioner shall only consider work-connected factors such as the degree of risk involved to the individual's health, safety, and morals, the individual's physical fitness for the work, the individual's ability to perform the work, and such other work connected factors as the commissioner may deem pertinent, including state and national emergencies. Good cause shall not be established for voluntarily leaving work because of its distance from an individual's residence where the distance was known to the individual at the time he or she accepted the employment and where, in the judgment of the department, the distance is customarily traveled by workers in the individual's job classification and labor market, nor because of any other significant work factor which was generally known and present at the time he or she accepted employment, unless the related circumstances have so changed as to amount to a substantial involuntary deterioration of the work factor or unless the commissioner determines that other related circumstances would work an unreasonable hardship on the individual were he or she required to continue in the employment.

(d) Subsection (1)(a) and (c) of this section shall not apply to an individual whose marital status or domestic responsibilities cause him or her to leave employment. Such an individual shall not be eligible for unemployment insurance benefits beginning with the first day of the calendar week in which he or she left work and thereafter for seven calendar

weeks and until he or she has requalified, either by obtaining bona fide work in employment covered by this title and earning wages in that employment equal to seven times his or her weekly benefit amount or by reporting in person to the department during ten different calendar weeks and certifying on each occasion that he or she is ready, able, and willing to immediately accept any suitable work which may be offered, is actively seeking work pursuant to customary trade practices, and is utilizing such employment counseling and placement services as are available through the department. This subsection does not apply to individuals covered by (b)(ii) or (iii) of this subsection.

(2) With respect to claims that have an effective date on or after January 4, 2004:

(a) An individual shall be disqualified from benefits beginning with the first day of the calendar week in which he or she has left work voluntarily without good cause and thereafter for seven calendar weeks and until he or she has obtained bona fide work in employment covered by this title and earned wages in that employment equal to seven times his or her weekly benefit amount.

The disqualification shall continue if the work obtained is a mere sham to qualify for benefits and is not bona fide work. In determining whether work is of a bona fide nature, the commissioner shall consider factors including but not limited to the following:

(i) The duration of the work;
 (ii) The extent of direction and control by the employer over the work; and
 (iii) The level of skill required for the work in light of the individual's training and experience.

(b) An individual is not disqualified from benefits under (a) of this subsection when:

(i) He or she has left work to accept a bona fide offer of bona fide work as described in (a) of this subsection;

(ii) The separation was necessary because of the illness or disability of the claimant or the death, illness, or disability of a member of the claimant's immediate family if:

(A) The claimant pursued all reasonable alternatives to preserve his or her employment status by requesting a leave of absence, by having promptly notified the employer of the reason for the absence, and by having promptly requested reemployment when again able to assume employment. These alternatives need not be pursued, however, when they would have been a futile act, including those instances when the futility of the act was a result of a recognized labor/management dispatch system; and

(B) The claimant terminated his or her employment status, and is not entitled to be reinstated to the same position or a comparable or similar position;

(iii) He or she: (A) Left work to relocate for the spouse's employment that, due to a mandatory military transfer: (I) Is outside the existing labor market area; and (II) is in Washington or another state that, pursuant to statute, does not consider such an individual to have left work voluntarily without good cause; and (B) remained employed as long as was reasonable prior to the move;

(iv) The separation was necessary to protect the claimant or the claimant's immediate family members from domestic violence, as defined in RCW 26.50.010, or stalking, as defined in RCW 9A.46.110;

(v) The individual's usual compensation was reduced by twenty-five percent or more;

(vi) The individual's usual hours were reduced by twenty-five percent or more;

(vii) The individual's worksite changed, such change caused a material increase in distance or difficulty of travel, and, after the change, the commute was greater than is customary for workers in the individual's job classification and labor market;

(viii) The individual's worksite safety deteriorated, the individual reported such safety deterioration to the employer,

FIFTY-FOURTH DAY, MARCH 3, 2006

2006 REGULAR SESSION

and the employer failed to correct the hazards within a reasonable period of time;

(ix) The individual left work because of illegal activities in the individual's worksite, the individual reported such activities to the employer, and the employer failed to end such activities within a reasonable period of time; or

(x) The individual's usual work was changed to work that violates the individual's religious convictions or sincere moral beliefs.

Establishing a foster parent critical support and retention program.

The measure was read the second time.

MOTION

Senator Regala moved that the following committee striking amendment by the Committee on Ways & Means be adopted.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that:

(1) Foster parents are able to successfully maintain placements of sexually aggressive youth, physically assaultive children, or children with other high-risk behaviors when they are provided with proper training and support. Lack of support contributes to placement disruptions and multiple moves between foster homes.

(2) Young children who have experienced repeated early abuse and trauma are at high risk for behavior later in life that is sexually deviant, if left untreated. Placement with a well-trained, prepared, and supported foster family can break this cycle.

(3) The department is better able to recruit and retain foster parents by acknowledging that foster parents who serve sexually aggressive youth, physically assaultive children, or children with other high-risk behaviors may be more susceptible to allegations of abuse arising out of a foster child's conduct. Fair investigations of the allegations, protection from disclosure of

unfounded allegations, and appropriate maintenance of all department records are necessary to protect foster parents and other similarly situated individuals.

NEW SECTION. Sec. 2. A foster parent critical support and retention program is established to retain foster parents who care for sexually aggressive youth, physically assaultive children, or children with other high-risk behaviors. Services shall consist of short-term therapeutic and educational interventions to support the stability of the placement. Services shall be coordinated with the children's administration social worker. The foster parent critical support and retention program is to be implemented under the division of children and family services' contract and supervision. A contractor must demonstrate experience providing in-home case management, as well as experience working with caregivers of children with significant behavioral issues that pose a threat to others or themselves or the stability of the placement.

NEW SECTION. Sec. 3. Under the foster parent critical support and retention program, foster parents who care for sexually aggressive youth, physically assaultive children, or children with other high-risk behaviors shall receive:

- (1) Availability at any time of the day or night to address specific concerns related to the identified child;
- (2) Assessment of risk and development of a safety and supervision plan;
- (3) Home-based foster parent training utilizing evidence-based models; and
- (4) Referral to relevant community services and training provided by the local children's administration office or community agencies. Referral to additional services shall be coordinated with the assigned social worker.

Sec. 4. RCW 26.44.020 and 2005 c 512 s 5 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

- (1) "Court" means the superior court of the state of Washington, juvenile department.
- (2) "Law enforcement agency" means the police department, the prosecuting attorney, the state patrol, the director of public safety, or the office of the sheriff.
- (3) "Practitioner of the healing arts" or "practitioner" means a person licensed by this state to practice podiatric medicine and surgery, optometry, chiropractic, nursing, dentistry, osteopathic medicine and surgery, or medicine and surgery or to provide other health services. The term "practitioner" includes a duly accredited Christian Science practitioner: PROVIDED, HOWEVER, That a person who is being furnished Christian Science treatment by a duly accredited Christian Science practitioner will not be considered, for that reason alone, a neglected person for the purposes of this chapter.
- (4) "Institution" means a private or public hospital or any other facility providing medical diagnosis, treatment or care.
- (5) "Department" means the state department of social and health services.

FIFTY-FOURTH DAY, MARCH 3, 2006

2006 REGULAR SESSION

(9) "Psychologist" means any person licensed to practice psychology under chapter 18.83 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

When considering whether a clear and present danger exists, evidence of a parent's substance abuse as a contributing factor to negligent treatment or maltreatment shall be given great weight. The fact that siblings share a bedroom is not, in and of itself, negligent treatment or maltreatment. Poverty, homelessness, or exposure to domestic violence as defined in RCW 26.50.010 that is perpetrated against someone other than the child (~~to~~ ~~does~~) does not constitute negligent treatment or maltreatment in and of ~~(themselves [itself])~~ itself.

(16) "Child protective services" means those services provided by the department designed to protect children from child abuse and neglect and safeguard such children from future abuse and neglect, and conduct investigations of child abuse and neglect reports. Investigations may be conducted regardless of the location of the alleged abuse or neglect. Child protective services includes referral to services to ameliorate conditions that endanger the welfare of children, the coordination of necessary programs and services relevant to the prevention, intervention, and treatment of child abuse and neglect, and services to children to ensure that each child has a permanent home. In determining whether protective services should be provided, the department shall not decline to provide such services solely because of the child's unwillingness or developmental inability to describe the nature and severity of the abuse or neglect.

(17) "Malice" or "maliciously" means an evil intent, wish, or design to vex, annoy, or injure another person. Such malice may be inferred from an act done in willful disregard of the rights of another, or an act wrongfully done without just cause or excuse, or an act or omission of duty betraying a willful disregard of social duty.

(18) "Sexually aggressive youth" means a child who is defined in RCW 74.13.075(1)(b) as being a sexually aggressive youth.

(19) "Screened-out report" means a report of alleged child abuse or neglect that the department has determined does not rise to the level of a credible report of abuse or neglect and is not referred for investigation.

~~(20) "Unfounded" means ((available information indicates)) a finding at the completion of an investigation by the department or a judicial finding that, more likely than not, child abuse or neglect did not occur. ((No unfounded allegation of child abuse or neglect may be disclosed to a child-placing agency, private adoption agency, or any other provider licensed under chapter 74.15 RCW.))~~

(21) "Inconclusive" means a finding at the completion of an investigation by the department that there is insufficient evidence to conclude that the alleged child abuse or neglect occurred.

~~(22) "Founded" means a finding at the completion of an investigation by the department or a judicial finding that, more likely than not, the alleged child abuse or neglect occurred.~~

Sec. 5. RCW 26.44.030 and 2005 c 417 s 1 are each amended to read as follows:

(1)(a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, licensed or certified child care providers or their employees, employee of the department, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, or state family and children's ombudsman or any volunteer in the ombudsman's office has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) When any person, in his or her official supervisory capacity with a nonprofit or for-profit organization, has reasonable cause to believe that a child has suffered abuse or neglect caused by a person over whom he or she regularly exercises supervisory authority, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency, provided that the person alleged to have caused the abuse or neglect is employed by, contracted by, or volunteers with the organization and coaches, trains, educates, or counsels a child or children or regularly has unsupervised access to a child or children as part of the employment, contract, or voluntary service. No one shall be required to report under this section when he or she obtains the information solely as a result of a privileged communication as provided in RCW 5.60.060.

Nothing in this subsection (1)(b) shall limit a person's duty to report under (a) of this subsection.

For the purposes of this subsection, the following definitions apply:

(i) "Official supervisory capacity" means a position, status, or role created, recognized, or designated by any nonprofit or for-profit organization, either for financial gain or without financial gain, whose scope includes, but is not limited to, overseeing, directing, or managing another person who is employed by, contracted by, or volunteers with the nonprofit or for-profit organization.

of corrections personnel has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(e) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the

department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving a report((s)) of alleged abuse or neglect, the department shall:

(a) Make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which:

(i) The department believes there is a serious threat of substantial harm to the child;

(ii) The report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or

(iii) The department has a prior founded report of abuse or neglect that is within three years of receipt of the referral;

(b) Unless the report is screened-out or being investigated by a law enforcement agency, conduct an investigation within time frames established by the department in rule; and

(c) Make a finding that the report of child abuse or neglect is unfounded, founded, or inconclusive at the completion of the investigation.

(11) In conducting an investigation of alleged abuse or neglect, the department or law enforcement agency:

(a) May interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's

FIFTY-FOURTH DAY, MARCH 3, 2006

wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation(~~(-~~

~~(11) Upon receiving a report of alleged child abuse and neglect, the department or investigating law enforcement agency); and~~

~~(b) Shall have access to all relevant records of the child in the possession of mandated reporters and their employees.~~

(12) The department shall maintain investigation records and conduct timely and periodic reviews of all founded cases ~~((constituting))~~ of abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(13) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

(14) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

~~((15) The department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which: (a) The department believes there is a serious threat of substantial harm to the child; (b) the report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or (c) the department has, after investigation, a report of abuse or neglect that has been founded with regard to a member of the household within three years of receipt of the referral.))~~

Sec. 6. RCW 26.44.031 and 1997 c 282 s 1 are each amended to read as follows:

(1) To protect the privacy in reporting and the maintenance of reports of nonaccidental injury, neglect, death, sexual abuse, and cruelty to children by their parents, and to safeguard against arbitrary, malicious, or erroneous information or actions, the department shall not disclose or maintain information related to ~~((unfounded referrals in files or))~~ reports of child abuse or neglect ~~((for longer than six years))~~ except as provided in this section.

~~((At the end of six years from receipt of the unfounded report, the information shall be purged unless an additional report has been received in the intervening period.))~~

(2) The department shall destroy all of the electronic records concerning:

(a) A screened-out report, within thirty days from the receipt of the report;

(b) An unfounded report, within one year of completion of the investigation; and

(c) An inconclusive report, within six years of completion of the investigation, unless a prior or subsequent founded report has been received before the records are destroyed.

(3) The department may keep records concerning founded reports of child abuse or neglect as the department determines by rule.

(4) An unfounded or screened-out report may not be disclosed to a child-placing agency, private adoption agency, or any other provider licensed under chapter 74.15 RCW.

(5)(a) If the department fails to comply with this section, an individual who is the subject of a report may institute proceedings for injunctive or other appropriate relief for enforcement of the requirement to purge information. These proceedings may be instituted in the superior court for the county in which the person resides or, if the person is not then a resident of this state, in the superior court for Thurston county.

(b) If the department fails to comply with subsection (4) of this section and an individual who is the subject of the report is harmed by the disclosure of information, in addition to the relief provided in (a) of this subsection, the court may award a penalty of up to one thousand dollars and reasonable attorneys' fees and court costs to the petitioner.

(c) A proceeding under this subsection does not preclude other methods of enforcement provided for by law.

(6) The department shall establish, by rule, a process and standards for an individual who is the subject of an inconclusive report of child abuse or neglect to request destruction of department records earlier than the time frames set out in this section.

(7) Nothing in this section shall prevent the department from retaining general, nonidentifying information which is required for state and federal reporting and management purposes.

Sec. 7. RCW 74.13.280 and 2001 c 318 s 3 are each amended to read as follows:

(1) Except as provided in RCW 70.24.105, whenever a child is placed in out-of-home care by the department or a child-placing agency, the department or agency shall share information about the child and the child's family with the care provider and shall consult with the care provider regarding the child's case plan. If the child is dependent pursuant to a proceeding under chapter 13.34 RCW, the department or agency shall keep the care provider informed regarding the dates and location of dependency review and permanency planning hearings pertaining to the child.

(2) Information about the child and the child's family shall include information about behavioral and emotional problems of the child and whether the child is a sexually aggressive youth as provided in RCW 74.13.075.

(3) Any person who receives information about a child or a child's family pursuant to this section shall keep the information confidential and shall not further disclose or disseminate the information except as authorized by law.

~~((3))~~ (4) Nothing in this section shall be construed to limit the authority of the department or child-placing agencies to disclose client information or to maintain client confidentiality as provided by law.

NEW SECTION. Sec. 8. A new section is added to chapter 74.13 RCW to read as follows:

(1) A care provider may not be found to have abused or neglected a child under chapter 26.44 RCW or be denied a license pursuant to chapter 74.15 RCW and RCW 74.13.031 for any allegations of failure to supervise wherein:

(a) The allegations arise from the child's conduct that is substantially similar to prior behavior of the child, the child has behavioral or emotional problems that were known to the department, and the problems were not disclosed to the care provider as required by RCW 74.13.280;

(b) The allegations arise from the child's conduct, the child is a sexually aggressive youth as defined in RCW 74.13.075, and the care provider had no prior knowledge that the child was sexually aggressive; or

(c) The child was not within the reasonable control of the care provider at the time of the incident that is the subject of the allegation.

FIFTY-FOURTH DAY, MARCH 3, 2006

2006 REGULAR SESSION

(2) Allegations of child abuse or neglect against a care provider that meet the provisions of this section shall be designated as "unfounded" as defined in RCW 26.44.020.

Sec. 9. RCW 74.15.130 and 2005 c 473 s 6 are each amended to read as follows:

(1) An agency may be denied a license, or any license issued pursuant to chapter 74.15 RCW and RCW 74.13.031 may be suspended, revoked, modified, or not renewed by the secretary upon proof (a) that the agency has failed or refused to comply with the provisions of chapter 74.15 RCW and RCW 74.13.031 or the requirements promulgated pursuant to the provisions of chapter 74.15 RCW and RCW 74.13.031; or (b) that the conditions required for the issuance of a license under chapter 74.15 RCW and RCW 74.13.031 have ceased to exist with respect to such licenses. RCW 43.20A.205 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(2) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of a foster family home license, the department's decision shall be upheld if there is reasonable cause to believe that:

(a) The applicant or licensee lacks the character, suitability, or competence to care for children placed in out-of-home care, however, no unfounded or ~~screened-out~~ report of child abuse or neglect may be used to deny employment or a license;

(b) The applicant or licensee has failed or refused to comply with any provision of chapter 74.15 RCW, RCW 74.13.031, or the requirements adopted pursuant to such provisions; or

(c) The conditions required for issuance of a license under chapter 74.15 RCW and RCW 74.13.031 have ceased to exist with respect to such licenses.

(3) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of any license under this chapter, other than a foster family home license, the department's decision shall be upheld if it is supported by a preponderance of the evidence.

(4) The department may assess civil monetary penalties upon proof that an agency has failed or refused to comply with the rules adopted under the provisions of this chapter and RCW 74.13.031 or that an agency subject to licensing under this chapter and RCW 74.13.031 is operating without a license except that civil monetary penalties shall not be levied against a licensed foster home. Monetary penalties levied against unlicensed agencies that submit an application for licensure within thirty days of notification and subsequently become licensed will be forgiven. These penalties may be assessed in addition to or in lieu of other disciplinary actions. Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day an agency is or was out of compliance. Civil monetary penalties shall not exceed seventy-five dollars per violation for a family day-care home and two hundred fifty dollars per violation for group homes, child day-care centers, and child-placing agencies. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty. The department shall provide a notification period before a monetary penalty is effective and may forgive the penalty levied if the agency comes into compliance during this period. The department may suspend, revoke, or not renew a license for failure to pay a civil monetary penalty it has assessed pursuant to this chapter within ten days after such assessment becomes final. Chapter 43.20A RCW governs notice of a civil monetary penalty and provides the right of an adjudicative proceeding. The preponderance of evidence standard shall apply in adjudicative proceedings related to assessment of civil monetary penalties.

(5)(a) In addition to or in lieu of an enforcement action being taken, the department may place a child day-care center or family day-care provider on nonreferral status if the center or provider has failed or refused to comply with this chapter or rules adopted under this chapter or an enforcement action has been taken. The nonreferral status may continue until the department determines that: (i) No enforcement action is appropriate; or (ii) a corrective action plan has been successfully concluded.

(b) Whenever a child day-care center or family day-care provider is placed on nonreferral status, the department shall provide written notification to the child day-care center or family day-care provider.

(6) The department shall notify appropriate public and private child care resource and referral agencies of the department's decision to: (a) Take an enforcement action against a child day-care center or family day-care provider; or (b) place or remove a child day-care center or family day-care provider on nonreferral status.

The legislature finds that the work group convened by the department of social and health services pursuant to chapter 389, Laws of 2005, has made various recommendations regarding policies and protocols to address the safety of workers. The legislature intends to implement the work group's recommendations for statutory changes in recognition of the sometimes hazardous nature of employment in child protective, child welfare, and adult protective services.

(5) Reimbursement under this section may not last longer than three hundred sixty-five consecutive days after the date of the injury.

(6) The employee shall not be entitled to the reimbursement provided in subsection (4) of this section for any workday for which the secretary, or the secretary's designee, finds that the employee has not diligently pursued his or her compensation remedies under chapter 51.32 RCW.

(9) All reimbursement payments required to be made to employees under this section shall be made by the department. The payments shall be considered as a salary or wage expense and shall be paid by the department in the same manner and from the same appropriations as other salary and wage expenses of the department.

(10) Should the legislature revoke the reimbursement authorized under this section or repeal this section, no affected employee is entitled thereafter to receive the reimbursement as a matter of contractual right.

(c) The stalker either:

(i) Intends to frighten, intimidate, or harass the person; or

(ii) Knows or reasonably should know that the person is afraid, intimidated, or harassed even if the stalker did not intend to place the person in fear or intimidate or harass the person.

(b) It is not a defense to the crime of stalking under subsection (1)(c)(ii) of this section that the stalker did not intend to frighten, intimidate, or harass the person.

(5)(a) Except as provided in (b) of this subsection, a person who stalks another person is guilty of a gross misdemeanor.

A finding that the alleged stalker repeatedly and deliberately appears at the person's home, school, place of employment, business, or any other location to maintain visual or physical proximity to the person is sufficient to find that the alleged stalker follows the person. (b) "Harasses" means unlawful harassment as defined in RCW 10.14.020.

(c) "Protective order" means any temporary or permanent court order prohibiting or limiting violence against, harassment of, contact or communication with, or physical proximity to another person.

Sullivan, Green, Lovick, Kenney, Haigh, Wallace, Kagi, Simpson, Linville, Morris, Wood, Hunter, Lantz, Hudgins, Ericks, Darneille, Clibborn, Sommers, Morrell, Takko, O'Brien, Appleton, Hunt, Santos, Ormsby, Murray and Chase

Requiring performance audits for tax preferences.

The measure was read the second time.

MOTION

Senator Prentice moved that the following committee striking amendment by the Committee on Ways & Means be not adopted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that tax preferences are enacted to meet objectives which are determined to be in the public interest. However, some tax preferences may not be efficient or equitable tools for the achievement of current public policy objectives. Given the changing nature of the economy and tax structures of other states, the legislature finds that periodic performance audits of tax preferences are needed to determine if their continued existence will serve the public interest.

NEW SECTION. Sec. 2. As used in this chapter, "tax preference" means an exemption, exclusion, or deduction from the base of a state tax; a credit against a state tax; a deferral of a state tax; or a preferential state tax rate.

NEW SECTION. Sec. 3. (1) The citizen commission for performance measurement of tax preferences is created.

(2) The commission has seven members as follows:

(a) One member is the state auditor, who is a nonvoting member;

(b) One member is the chair of the joint legislative audit and review committee, who is a nonvoting member;

(c) The chair of each of the two largest caucuses of the senate and the two largest caucuses of the house of representatives shall each appoint a member. None of these appointees may be members of the legislature; and

(d) The governor shall select the seventh member.

(3) Persons appointed by the caucus chairs should be individuals who represent a balance of perspectives and constituencies, and have a basic understanding of state tax policy, government operations, and public services. These appointees should have knowledge and expertise in performance management, fiscal analysis, strategic planning, economic development, performance assessments, or closely related fields.

(4) The commission shall elect a chair from among its voting or nonvoting members. Decisions of the commission must be made using the sufficient consensus model. For the purposes of this subsection, "sufficient consensus" means the point at which the vast majority of the commission favors taking a particular action. If the commission determines that sufficient consensus cannot be reached, a vote must be taken. The commission must allow a minority report to be included with a decision of the commission, if requested by a member of the commission.

(5) Members serve for terms of four years, with the terms expiring on June 30th on the fourth year of the term. However, in the case of the initial terms, the members appointed by the chairs of senate caucuses shall serve four-year terms, the members appointed by the chairs of house of representatives caucuses shall serve three-year terms, and the member appointed by the governor shall serve a two-year term, with each of the terms expiring on June 30th of the applicable year. Appointees may be reappointed to serve more than one term.

(6) The joint legislative audit and review committee shall provide clerical, technical, and management personnel to the commission to serve as the commission's staff. The department of revenue shall provide necessary support and information to the joint legislative audit and review committee.

(7) The commission shall meet at least once a quarter and may hold additional meetings at the call of the chair or by a majority vote of the members of the commission. The members of the commission shall be compensated in accordance with RCW 43.03.220 and reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 4. (1) The citizen commission for performance measurement of tax preferences shall develop a schedule to accomplish an orderly review of tax preferences at least once every ten years. The commission shall schedule tax preferences for review in the order the tax preferences were enacted into law, except that the commission may elect to include, anywhere in the schedule, a tax preference that has a statutory expiration date. The commission shall omit from the schedule tax preferences that are required by constitutional law, sales and use tax exemptions for machinery and equipment for manufacturing, research and development, or testing, the small business credit for the business and occupation tax, tax preferences applicable to not-for-profit cooperatives chartered under chapter 31.12 RCW, sales and use tax exemptions for food and prescription drugs, property tax relief for retired persons, and property tax valuations based on current use, and may omit any tax preference that the commission determines is a critical part of the structure of the tax system. As an alternative to the process under section 5 of this act, the commission may recommend to the joint legislative audit and review committee an expedited review process for any tax preference that has an estimated biennial fiscal impact of ten million dollars or less.

(2) The commission shall revise the schedule as needed each year, taking into account newly enacted or terminated tax preferences. The commission shall deliver the schedule to the joint legislative audit and review committee by September 1st of each year.

(3) The commission shall provide a process for effective citizen input during its deliberations.

NEW SECTION. Sec. 5. (1) The joint legislative audit and review committee shall review tax preferences according to the schedule developed under section 4 of this act. The committee shall consider, but not be limited to, the following factors in the review:

(a) The classes of individuals, types of organizations, or types of industries whose state tax liabilities are directly affected by the tax preference;

(b) Public policy objectives that might provide a justification for the tax preference, including but not limited to the legislative history, any legislative intent, or the extent to

FIFTY-FOURTH DAY, MARCH 3, 2006

which the tax preference encourages business growth or relocation into this state, promotes growth or retention of high wage jobs, or helps stabilize communities;

(c) Evidence that the existence of the tax preference has contributed to the achievement of any of the public policy objectives;

(d) The extent to which continuation of the tax preference might contribute to any of the public policy objectives;

(e) The extent to which the tax preference may provide unintended benefits to an individual, organization, or industry other than those the legislature intended;

(f) The extent to which terminating the tax preference may have negative effects on the category of taxpayers that currently benefit from the tax preference, and the extent to which resulting higher taxes may have negative effects on employment and the economy;

(g) The feasibility of modifying the tax preference to provide for adjustment or recapture of the tax benefits of the tax preference if the objectives are not fulfilled;

(h) Fiscal impacts of the tax preference, including past impacts and expected future impacts if it is continued. For the purposes of this subsection, "fiscal impact" includes an analysis of the general effects of the tax preference on the overall state economy, including, but not limited to, the effects of the tax preference on the consumption and expenditures of persons and businesses within the state;

(i) The extent to which termination of the tax preference would affect the distribution of liability for payment of state taxes;

(j) Consideration of similar tax preferences adopted in other states, and potential public policy benefits that might be gained by incorporating corresponding provisions in Washington.

(2) For each tax preference, the committee shall provide a recommendation as to whether the tax preference should be continued without modification, modified, scheduled for sunset review at a future date, or terminated immediately. The committee may recommend accountability standards for the future review of a tax preference.

NEW SECTION. Sec. 6. (1) The joint legislative audit and review committee shall report its findings and recommendations for scheduled tax preferences to the citizen commission for performance measurement of tax preferences by August 30th of each year. The commission may review and comment on the report of the committee. The committee may revise its report based on the comments of the commission. The committee shall prepare a final report that includes the comments of the commission and submit the final report to the finance committee of the house of representatives and the ways and means committee of the senate by December 30th.

(2) The joint legislative audit and review committee shall submit a special report reviewing all tax preferences that have statutory expiration dates between June 30, 2006, and January 1, 2008. For the special report, the committee shall complete a review under section 5 of this act, and obtain comments of the citizen commission for performance measurement of tax preferences under subsection (1) of this section, to the extent possible. The committee shall submit the special report to the finance committee of the house of representatives and the ways and means committee of the senate by January 12, 2007.

(3) Following receipt of a report under this section, the finance committee of the house of representatives and the ways and means committee of the senate shall jointly hold a public hearing to consider the final report and any related data.

NEW SECTION. Sec. 7. Upon request of the citizen commission for performance measurement of tax preferences or the joint legislative audit and review committee, the department of revenue and the department of employment security shall provide information needed by the commission or committee to meet its responsibilities under this chapter.

NEW SECTION. Sec. 8. The following acts or parts of acts are each repealed:

(vii) Other information the department may require to verify the applicant's eligibility for the exemption.

(c)(i) Except as otherwise provided in this section, exemption certificates issued by the department are not transferable and are valid for the calendar year in which the certificate is issued and the following four calendar years. The department shall attempt to notify holders of exemption certificates of the impending expiration of the certificate at least sixty days before the certificate expires and shall provide an application for renewal of the certificate.

(ii) When a certificate holder merely changes identity or form of ownership of an entity and there is no change in beneficial ownership, the exemption certificate shall be transferred to the new entity upon notice to the department by the transferor or transferee.

(d)(i) Exemption certificates issued to persons who are eligible farmers under subsection (4)(b)(iii) of this section are conditioned on the person making at least ten thousand dollars of gross sales of agricultural products grown, raised, or produced by that person in the first full calendar year that the person engages in business as a farmer.

(ii) A person who is issued a conditional exemption certificate must provide the department with a copy of the person's Schedule F of Form 1040, Form 1120, or other applicable form filed with the internal revenue service indicating the gross sales of agricultural products by the person in the first full calendar year that the person engaged in business as a farmer. If a person is not required to file federal income tax returns, the person shall provide copies of other documents establishing the amount of the person's gross sales of agricultural products for the first full calendar year that the person engaged in business as a farmer. The documentation required in this subsection (3)(d)(ii) is due no later than December 31st of the year immediately following the first full calendar year in which the person engaged in business as a farmer.

(iii) If a person fails to provide the required documentation to the department by the due date or any extension granted by the department, or if the condition in (d)(i) of this subsection is not met, the department shall revoke the exemption certificate. The department shall notify the person in writing of the revocation and the person's responsibility, and due date, for repayment of any taxes for which an exemption under this section was claimed. Any taxes for which an exemption under this section was claimed shall be due and payable within thirty days of the date of the notice revoking the certificate. The department shall assess interest on the taxes for which the exemption was claimed. Interest shall be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, retroactively to the date the exemption was claimed, and shall accrue until the taxes for which the exemption was claimed are repaid. Penalties shall not be imposed on any tax required to be repaid if full payment is received by the due date. Nothing in

(iii) A farmer as defined in RCW 82.04.213, who does not meet the definition of "eligible farmer" in (b)(i) or (ii) of this subsection, and who did not engage in farming for the entire calendar year immediately preceding the year in which application for exemption under this section is made and who did not engage in farming in any other year;

(2) Notwithstanding anything to the contrary in this chapter, if replacement parts are installed by the seller during the course of repairing, cleaning, altering, or improving qualifying farm machinery and equipment and the seller makes a separate charge for the parts, the tax imposed by this chapter does not apply to the separately stated charge to an eligible farmer for replacement parts but only if the separately stated charge does not exceed either the seller's current publicly stated retail price for the parts or, if no separately stated retail price is available, the seller's cost for the parts. However, the exemption provided by this section shall not apply if replacement parts are installed by the seller during the course of repairing, cleaning, altering, or improving qualifying farm machinery and equipment and the seller makes a single nonitemized charge for providing the parts and service.

Strike everything after the enacting clause and insert the following:

"PART I - BENEFIT PROVISIONS

Sec. 1 RCW 50.20.120 and 2005 c 133 s 3 are each amended to read as follows:

(1)(a) Subject to the other provisions of this title, benefits shall be payable to any eligible individual during the individual's benefit year in a maximum amount equal to the lesser of thirty times the weekly benefit amount, as determined in subsection

(2) of this section, or one-third of the individual's base year wages under this title: PROVIDED, That as to any week which falls in an extended benefit period as defined in RCW 50.22.010

(1), an individual's eligibility for maximum benefits in excess of twenty-six times his or her weekly benefit amount will be subject to the terms and conditions set forth in RCW 50.22.020.

(b) With respect to claims that have an effective date on or after the first Sunday of the calendar month immediately following the month in which the commissioner finds that the state unemployment rate is six and eight-tenths percent or less, benefits shall be payable to any eligible individual during the individual's benefit year in a maximum amount equal to the lesser of twenty-six times the weekly benefit amount, as determined in subsection

(2) of this section, or one-third of the individual's base year wages under this title.

(2)(a) For claims with an effective date before January 4, 2004, an individual's weekly benefit amount shall be an amount equal to one twenty-fifth of the average quarterly wages of the

individual's total wages during the two quarters of the individual's base year in which such total wages were highest.

(b) With respect to claims with an effective date on or after January 4, 2004, and before January 2, 2005, an individual's weekly benefit amount shall be an amount equal to one twenty-fifth of the average quarterly wages of the individual's total wages during the three quarters of the individual's base year in which such total wages were highest.

(c)(i) With respect to claims with an effective date on or after January 2, 2005, except as provided in

(c)(ii) of this subsection, an individual's weekly benefit amount shall be an amount equal to one percent of the total wages paid in the individual's base year.

(ii) With respect to claims with an effective date on or after the first Sunday following April 22, 2005, ~~((and before July 1, 2007:))~~ an individual's weekly benefit amount shall be an amount equal to three and eighty-five one-hundredths percent of the average quarterly wages of the individual's total wages during the two quarters of the individual's base year in which such total wages were highest.

(3) The maximum and minimum amounts payable weekly shall be determined as of each June 30th to apply to benefit years beginning in the twelve-month period immediately following such June 30th.

(a)(i) With respect to claims that have an effective date before January 4, 2004, the maximum amount payable weekly shall be seventy percent of the "average weekly wage" for the calendar year preceding such June 30th.

(ii) With respect to claims that have an effective date on or after January 4, 2004, the maximum amount payable weekly shall be either four hundred ninety-six dollars or sixty-three percent of the "average weekly wage" for the calendar year preceding such June 30th, whichever is greater.

(b) The minimum amount payable weekly shall be fifteen percent of the "average weekly wage" for the calendar year preceding such June 30th.

(4) If any weekly benefit, maximum benefit, or minimum benefit amount computed herein is not a multiple of one dollar, it shall be reduced to the next lower multiple of one dollar.

Sec. 2 RCW 50.20.050 and 2003 2nd sp.s. c 4 s 4 are each amended to read as follows:

(1) With respect to claims that have an effective date before January 4, 2004:

(a) An individual shall be disqualified from benefits beginning with the first day of the calendar week in which he or she has left work voluntarily without good cause and thereafter for seven calendar weeks and until he or she has obtained bona fide work in employment covered by this title and earned wages in that employment equal to seven times his or her weekly benefit amount. The disqualification shall continue if the work obtained is a mere sham to qualify for benefits and is not bona fide work. In determining whether work is of a bona fide nature, the commissioner shall consider factors including but not limited to the following:

(i) The duration of the work;
(ii) The extent of direction and control by the employer over the work; and

(iii) The level of skill required for the work in light of the individual's training and experience.

(b) An individual shall not be considered to have left work voluntarily without good cause when:

(i) He or she has left work to accept a bona fide offer of bona fide work as described in (a) of this subsection;

(ii) The separation was because of the illness or disability of the claimant or the death, illness, or disability of a member of the claimant's immediate family if the claimant took all reasonable precautions, in accordance with any regulations that the commissioner may prescribe, to protect his or her employment status by having promptly notified the employer of the reason for the absence and by having promptly requested reemployment when again able to assume employment:

FIFTY-FOURTH DAY, MARCH 3, 2006

PROVIDED, That these precautions need not have been taken when they would have been a futile act, including those instances when the futility of the act was a result of a recognized labor/management dispatch system;

(iii) He or she has left work to relocate for the spouse's employment that is due to an employer-initiated mandatory transfer that is outside the existing labor market area if the claimant remained employed as long as was reasonable prior to the move; or

(iv) The separation was necessary to protect the claimant or the claimant's immediate family members from domestic violence, as defined in RCW 26.50.010, or stalking, as defined in RCW 9A.46.110.

(c) In determining under this subsection whether an individual has left work voluntarily without good cause, the commissioner shall only consider work-connected factors such as the degree of risk involved to the individual's health, safety, and morals, the individual's physical fitness for the work, the individual's ability to perform the work, and such other work connected factors as the commissioner may deem pertinent, including state and national emergencies. Good cause shall not be established for voluntarily leaving work because of its distance from an individual's residence where the distance was known to the individual at the time he or she accepted the employment and where, in the judgment of the department, the distance is customarily traveled by workers in the individual's job classification and labor market, nor because of any other significant work factor which was generally known and present at the time he or she accepted employment, unless the related circumstances have so changed as to amount to a substantial involuntary deterioration of the work factor or unless the commissioner determines that other related circumstances would work an unreasonable hardship on the individual were he or she required to continue in the employment.

(d) Subsection (1)(a) and (c) of this section shall not apply to an individual whose marital status or domestic responsibilities cause him or her to leave employment. Such an individual shall not be eligible for unemployment insurance benefits beginning with the first day of the calendar week in which he or she left work and thereafter for seven calendar weeks and until he or she has requalified, either by obtaining bona fide work in employment covered by this title and earning wages in that employment equal to seven times his or her weekly benefit amount or by reporting in person to the department during ten different calendar weeks and certifying on each occasion that he or she is ready, able, and willing to immediately accept any suitable work which may be offered, is actively seeking work pursuant to customary trade practices, and is utilizing such employment counseling and placement services as are available through the department. This subsection does not apply to individuals covered by (b)(ii) or (iii) of this subsection.

(2) With respect to claims that have an effective date on or after January 4, 2004:

(a) An individual shall be disqualified from benefits beginning with the first day of the calendar week in which he or she has left work voluntarily without good cause and thereafter for seven calendar weeks and until he or she has obtained bona fide work in employment covered by this title and earned wages in that employment equal to seven times his or her weekly benefit amount. The disqualification shall continue if the work obtained is a mere sham to qualify for benefits and is not bona fide work. In determining whether work is of a bona fide nature, the commissioner shall consider factors including but not limited to the following:

(i) The duration of the work;

(ii) The extent of direction and control by the employer over the work; and

(iii) The level of skill required for the work in light of the individual's training and experience.

(b) An individual is not disqualified from benefits under (a) of this subsection when:

2006 REGULAR SESSION

(i) He or she has left work to accept a bona fide offer of bona fide work as described in (a) of this subsection;

(ii) The separation was necessary because of the illness or disability of the claimant or the death, illness, or disability of a member of the claimant's immediate family if:

(A) The claimant pursued all reasonable alternatives to preserve his or her employment status by requesting a leave of absence, by having promptly notified the employer of the reason for the absence, and by having promptly requested reemployment when again able to assume employment. These alternatives need not be pursued, however, when they would have been a futile act, including those instances when the futility of the act was a result of a recognized labor/management dispatch system; and

(B) The claimant terminated his or her employment status, and is not entitled to be reinstated to the same position or a comparable or similar position;

(iii)(A) With respect to claims that have an effective date before July 2, 2006, he or she: ~~((A))~~ (I) Left work to relocate for the spouse's employment that, due to a mandatory military transfer: ~~((H))~~ (1) Is outside the existing labor market area; and ~~((H))~~ (2) is in Washington or another state that, pursuant to statute, does not consider such an individual to have left work voluntarily without good cause; and ~~((B))~~ (II) remained employed as long as was reasonable prior to the move;

(B) With respect to claims that have an effective date on or after July 2, 2006, he or she: (I) Left work to relocate for the spouse's employment that, due to a mandatory military transfer, is outside the existing labor market area; and (II) remained employed as long as was reasonable prior to the move;

(iv) The separation was necessary to protect the claimant or the claimant's immediate family members from domestic violence, as defined in RCW 26.50.010, or stalking, as defined in RCW 9A.46.110;

(v) The individual's usual compensation was reduced by twenty-five percent or more;

(vi) The individual's usual hours were reduced by twenty-five percent or more;

(vii) The individual's worksite changed, such change caused a material increase in distance or difficulty of travel, and, after the change, the commute was greater than is customary for workers in the individual's job classification and labor market;

(viii) The individual's worksite safety deteriorated, the individual reported such safety deterioration to the employer, and the employer failed to correct the hazards within a reasonable period of time;

(ix) The individual left work because of illegal activities in the individual's worksite, the individual reported such activities to the employer, and the employer failed to end such activities within a reasonable period of time; or

(x) The individual's usual work was changed to work that violates the individual's religious convictions or sincere moral beliefs.

NEW SECTION. Sec. 3 2005 c 133 s 10 (unmodified) is repealed.

PART II - TAX PROVISIONS

Sec. 4 RCW 50.29.025 and 2005 c 133 s 5 are each amended to read as follows:

(1) Except as provided in subsection

(2) of this section, the contribution rate for each employer subject to contributions under RCW 50.24.010 shall be determined under this subsection.

(a) A fund balance ratio shall be determined by dividing the balance in the unemployment compensation fund as of the September 30th immediately preceding the rate year by the total remuneration paid by all employers subject to contributions during the second calendar year preceding the rate year and reported to the department by the following March 31st. The division shall be carried to the fourth decimal place with the

(b) The interval of the fund balance ratio, expressed as a percentage, shall determine which tax schedule in (e) of this subsection shall be in effect for assigning tax rates for the rate year. The intervals for determining the effective tax schedule shall be:

(c) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. The array shall show for each qualified employer: (i) Identification number; (ii) benefit ratio; (iii) taxable payrolls for the four calendar quarters immediately preceding the computation date and reported to the department by the cut-off date; (iv) a cumulative total of taxable payrolls consisting of the employer's taxable payroll plus the taxable payrolls of all other employers preceding him or her in the array; and (v) the percentage equivalent of the cumulative total of taxable payrolls.

(d) Each employer in the array shall be assigned to one of twenty rate classes according to the percentage intervals of cumulative taxable payrolls set forth in (e) of this subsection: PROVIDED, That if an employer's taxable payroll falls within two or more rate classes, the employer and any other employer with the same benefit ratio shall be assigned to the lowest rate class which includes any portion of the employer's taxable payroll.

(e) Except as provided in RCW 50.29.026, the contribution rate for each employer in the array shall be the rate specified in the following tables for the rate class to which he or she has been assigned, as determined under (d) of this subsection, within the tax schedule which is to be in effect during the rate year:

(b) The graduated social cost factor rate shall be determined as follows:

(i) ~~(A)~~ Except as provided in (b)(i)(B) ~~(C)) and (C))~~ of this subsection, the commissioner shall calculate the flat social cost factor for a rate year by dividing the total social cost by the total taxable payroll. The division shall be carried to the second decimal place with the remaining fraction disregarded unless it amounts to five hundredths or more, in which case the second decimal place shall be rounded to the next higher digit. The flat social cost factor shall be expressed as a percentage.

(B) If, on the cut-off date, the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide more than ten months of unemployment benefits, the commissioner shall calculate the flat social cost factor for the rate year immediately following the cut-off date by reducing the total social cost by the dollar

2006 REGULAR SESSION

amount that represents the number of months for which the balance in the unemployment compensation fund on the cut-off date will provide benefits above ten months and dividing the result by the total taxable payroll. However, the calculation under this subsection (2)(b)(i)(B) for a rate year may not result in a flat social cost factor that is more than ~~((two-tenths))~~ four-tenths lower than the calculation under (b)(i)(A) of this subsection for that rate year. For the purposes of this subsection, the commissioner shall determine the number of months of unemployment benefits in the unemployment compensation fund using the benefit cost rate for the average of the three highest calendar benefit cost rates in the twenty consecutive completed calendar years immediately preceding the cut-off date or a period of consecutive calendar years immediately preceding the cut-off date that includes three recessions, if longer.

(C) The minimum flat social cost factor calculated under this subsection (2)(b) shall be six-tenths of one percent, except that if the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide:

(I) At least twelve months but less than fourteen months of unemployment benefits, the minimum shall be five-tenths of one percent; or

(II) At least fourteen months of unemployment benefits, the minimum shall be five-tenths of one percent, except that, for employers in rate class 1, the minimum shall be forty-five hundredths of one percent.

~~((D) With respect to rate year 2007, the flat social cost factor shall be the lesser of:~~

~~(I) The flat social cost factor determined under (b)(i)(A) through (C) of this subsection; or~~

~~(II) The flat social cost factor that would be determined under (b)(i)(A) through (C) of this subsection if RCW 50.20.120(2)(c)(i) had been in effect during the immediately preceding rate year.))~~

(ii)(A) Except as provided in (b)(ii)(B) of this subsection, the graduated social cost factor rate for each employer in the array is the flat social cost factor multiplied by the percentage specified as follows for the rate class to which the employer has been assigned in (a)(ii) of this subsection, except that the sum of an employer's array calculation factor rate and the graduated social cost factor rate may not exceed six and five-tenths percent or, for employers whose North American industry classification system code is within "111," "112," "1141," "115," "3114," "3117," ~~((or))~~ "42448," or "49312," may not exceed six percent through rate year 2007 and may not exceed five and seven-tenths percent for rate year 2008 and thereafter:

(I) Rate class 1 - 78 percent;

(II) Rate class 2 - 82 percent;

(III) Rate class 3 - 86 percent;

(IV) Rate class 4 - 90 percent;

(V) Rate class 5 - 94 percent;

(VI) Rate class 6 - 98 percent;

(VII) Rate class 7 - 102 percent;

(VIII) Rate class 8 - 106 percent;

(IX) Rate class 9 - 110 percent;

(X) Rate class 10 - 114 percent;

(XI) Rate class 11 - 118 percent; and

(XII) Rate classes 12 through 40 - 120 percent.

(B) For contributions assessed beginning July 1, 2005, through ~~((June 30;))~~ December 31, 2007, for employers whose North American industry classification system code is "111," "112," "1141," "115," "3114," "3117," "42448," or "49312," the graduated social cost factor rate is zero. (iii) For the purposes of this section:

(A) "Total social cost" means(~~t~~

~~(I) Except as provided in (b)(iii)(A)(II) of this subsection,))~~ the amount calculated by subtracting the array calculation factor contributions paid by all employers with respect to the four consecutive calendar quarters immediately preceding the

computation date and paid to the employment security department by the cut-off date from the total unemployment benefits paid to claimants in the same four consecutive calendar quarters. To calculate the flat social cost factor for rate year 2005, the commissioner shall calculate the total social cost using the array calculation factor contributions that would have been required to be paid by all employers in the calculation period if (a) of this subsection had been in effect for the relevant period.

~~((H) For rate year 2007, the amount calculated under (b)(iii)(A)(I) of this subsection reduced by the amount of benefits charged that exceed the contributions paid in the four consecutive calendar quarters immediately preceding the applicable computation date because, as applicable, specified employers are subject to the social cost contributions under (b)(ii)(B) of this subsection, and/or because the social cost factor contributions are paid under (b)(i)(D)(H) of this subsection.))~~

(B) "Total taxable payroll" means the total amount of wages subject to tax, as determined under RCW 50.24.010, for all employers in the four consecutive calendar quarters immediately preceding the computation date and reported to the employment security department by the cut-off date.

(c) The array calculation factor rate for each employer not qualified to be in the array shall be as follows:

(I) Employers who do not meet the definition of "qualified employer" by reason of failure to pay contributions when due shall be assigned an array calculation factor rate two-tenths higher than that in rate class 40, except employers who have an approved agency-deferred payment contract by September 30th of the previous rate year. If any employer with an approved agency-deferred payment contract fails to make any one of the succeeding deferred payments or fails to submit any succeeding tax report and payment in a timely manner, the employer's tax rate shall immediately revert to an array calculation factor rate two-tenths higher than that in rate class 40; and

(ii) For all other employers not qualified to be in the array, the array calculation factor rate shall be a rate equal to the average industry array calculation factor rate as determined by the commissioner, plus fifteen percent of that amount; however, the rate may not be less than one percent or more than the array calculation factor rate in rate class 40.

(d) The graduated social cost factor rate for each employer not qualified to be in the array shall be as follows:

(I) For employers whose array calculation factor rate is determined under (c)(I) of this subsection, the social cost factor rate shall be the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(ii) For employers whose array calculation factor rate is determined under (c)(ii) of this subsection, the social cost factor rate shall be a rate equal to the average industry social cost factor rate as determined by the commissioner, plus fifteen percent of that amount, but not more than the social cost factor rate assigned to rate class 40 under (b)(ii) of this subsection.

(3) Assignment of employers by the commissioner to industrial classification, for purposes of this section, shall be in accordance with established classification practices found in the "Standard Industrial Classification Manual" issued by the federal office of management and budget to the third digit provided in the standard industrial classification code, or in the North American industry classification system code.

Sec. 5 RCW 50.29.041 and 2003 2nd sp.s. c 4 s 16 are each amended to read as follows: Beginning with contributions assessed for rate year 2005, the contribution rate of each employer subject to contributions under RCW 50.24.010 shall include a solvency surcharge determined as follows:

(1) This section shall apply to employers' contributions for a rate year immediately following a cut-off date only if, on the cut-off date, the balance in the unemployment compensation fund is determined by the commissioner to be an amount that will provide fewer than ~~((six))~~ seven months of unemployment benefits.

FIFTY-FOURTH DAY, MARCH 3, 2006

2006 REGULAR SESSION

(2) The solvency surcharge shall be the lowest rate necessary, as determined by the commissioner, but not more than two-tenths of one percent, to provide revenue during the applicable rate year that will fund unemployment benefits for the number of months that is the difference between ~~((eight))~~ nine months and the number of months for which the balance in the unemployment compensation fund on the cut-off date will provide benefits.

(3) The basis for determining the number of months of unemployment benefits shall be the same basis used in RCW 50.29.025(2)(b)(i)(B).

Sec. 6 RCW 50.29.021 and 2005 c 133 s 4 are each amended to read as follows:

(1) This section applies to benefits charged to the experience rating accounts of employers for claims that have an effective date on or after January 4, 2004.

(2)(a) An experience rating account shall be established and maintained for each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, based on existing records of the employment security department.

(b) Benefits paid to an eligible individual shall be charged to the experience rating accounts of each of such individual's employers during the individual's base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year, except as otherwise provided in this section.

(c) When the eligible individual's separating employer is a covered contribution paying base year employer, benefits paid to the eligible individual shall be charged to the experience rating account of only the individual's separating employer if the individual qualifies for benefits under:

(I) RCW 50.20.050(2)(b)(I), as applicable, and became unemployed after having worked and earned wages in the bona fide work; or

(ii) RCW 50.20.050(2)(b)(v) through (x).

(3) The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows:

(a) Benefits paid to any individual later determined to be ineligible shall not be charged to the experience rating account of any contribution paying employer.

(b) Benefits paid to an individual filing under the provisions of chapter 50.06 RCW shall not be charged to the experience rating account of any contribution paying employer only if:

(I) The individual files under RCW 50.06.020(1) after receiving crime victims' compensation for a disability resulting from a nonwork-related occurrence; or

(ii) The individual files under RCW 50.06.020(2).

(c) Benefits paid which represent the state's share of benefits payable as extended benefits defined under RCW 50.22.010(6) shall not be charged to the experience rating account of any contribution paying employer.

(d) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place.

(e) Individuals who qualify for benefits under RCW 50.20.050(2)(b)(iv), as applicable, shall not have their benefits charged to the experience rating account of any contribution paying employer.

(f) With respect to claims with an effective date on or after the first Sunday following April 22, 2005, ~~((and before July 1, 2007;))~~ benefits paid that exceed the benefits that would have been paid if the weekly benefit amount for the claim had been determined as one percent of the total wages paid in the individual's base year shall not be charged to the experience rating account of any contribution paying employer.

(4)(a) A contribution paying base year employer, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:

(I) Last left the employ of such employer voluntarily for reasons not attributable to the employer;

(ii) Was discharged for misconduct or gross misconduct connected with his or her work not a result of inability to meet the minimum job requirements;

(iii) Is unemployed as a result of closure or severe curtailment of operation at the employer's plant, building, worksite, or other facility. This closure must be for reasons directly attributable to a catastrophic occurrence such as fire, flood, or other natural disaster; or

(iv) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who at some time during the base year was concurrently employed and subsequently separated from at least one other base year employer. Benefit charge relief ceases when the employment relationship between the employer requesting relief and the claimant is terminated. This subsection does not apply to shared work employers under chapter 50.60 RCW.

(b) The employer requesting relief of charges under this subsection must request relief in writing within thirty days following mailing to the last known address of the notification of the valid initial determination of such claim, stating the date and reason for the separation or the circumstances of continued employment. The commissioner, upon investigation of the request, shall determine whether relief should be granted.

Sec. 7 RCW 50.16.030 and 2005 c 133 s 6 are each amended to read as follows:

(1)(a) Except as provided in (b) ~~((and (c)))~~ of this subsection, moneys shall be requisitioned from this state's account in the unemployment trust fund solely for the payment of benefits and repayment of loans from the federal government to guarantee solvency of the unemployment compensation fund in accordance with regulations prescribed by the commissioner, except that money credited to this state's account pursuant to section 903 of the social security act, as amended, shall be used exclusively as provided in RCW 50.16.030(5). The commissioner shall from time to time requisition from the unemployment trust fund such amounts, not exceeding the amounts standing to its account therein, as he or she deems necessary for the payment of benefits for a reasonable future period. Upon receipt thereof the treasurer shall deposit such moneys in the benefit account and shall issue his or her warrants for the payment of benefits solely from such benefits account.

(b) Moneys for the payment of regular benefits as defined in RCW 50.22.010 shall be requisitioned during fiscal year ~~((s))~~ 2006 ~~((and 2007))~~ in the following order:

(I) First, from the moneys credited to this state's account in the unemployment trust fund pursuant to section 903 of the social security act, as amended in section 209 of the temporary extended unemployment compensation act of 2002 (42 U.S.C. Sec. 1103(d)), the amount equal to the amount of benefits charged that exceed the contributions paid in the four consecutive calendar quarters ending on June 30, 2006, ~~((for the fiscal year 2006 calculation, and ending on June 30, 2007, for the fiscal year 2007 calculation;))~~ because the social cost factor contributions that employers are subject to under RCW 50.29.025(2)(b)(ii)(B) are less than the social cost factor contributions that these employers would have been subject to if RCW 50.29.025(2)(b)(ii)(A) had applied to these employers; and

FIFTY-FOURTH DAY, MARCH 3, 2006

(ii) Second, after the requisitioning required under (b)(I) of this subsection (~~in the respective fiscal year~~), from all other moneys credited to this state's account in the unemployment trust fund.

~~((c) After the requisitioning required under (b) of this subsection, if applicable, moneys for the payment of regular benefits as defined in RCW 50.22.010 shall be requisitioned during calendar year 2007 in the following order:~~

~~—(i) First, from the moneys credited to this state's account in the unemployment trust fund pursuant to section 903 of the social security act, as amended in section 209 of the temporary extended unemployment compensation act of 2002 (42 U.S.C. Sec. 1103(d)), the amount equal to the amount of benefits paid under RCW 50.20.120(2)(c)(ii) beginning on the first Sunday following April 22, 2005, and ending on June 30, 2007, that exceed the amount of benefits that would have been paid if the weekly benefit amount had been determined as one percent of the total wages paid in the individual's base year; and~~

~~—(ii) Second, after the requisitioning required under (c)(I) of this subsection in the respective calendar year, from all other moneys credited to this state's account in the unemployment trust fund.)~~

(2) Expenditures of such moneys in the benefit account and refunds from the clearing account shall not be subject to any provisions of law requiring specific appropriations or other formal release by state officers of money in their custody, and RCW 43.01.050, as amended, shall not apply. All warrants issued by the treasurer for the payment of benefits and refunds shall bear the signature of the treasurer and the countersignature of the commissioner, or his or her duly authorized agent for that purpose.

(3) Any balance of moneys requisitioned from the unemployment trust fund which remains unclaimed or unpaid in the benefit account after the expiration of the period for which sums were requisitioned shall either be deducted from estimates for, and may be utilized for the payment of, benefits during succeeding periods, or in the discretion of the commissioner, shall be redeposited with the secretary of the treasury of the United States of America to the credit of this state's account in the unemployment trust fund.

(4) Money credited to the account of this state in the unemployment trust fund by the secretary of the treasury of the United States of America pursuant to section 903 of the social security act, as amended, may be requisitioned and used for the payment of expenses incurred for the administration of this title pursuant to a specific appropriation by the legislature, provided that the expenses are incurred and the money is requisitioned after the enactment of an appropriation law which:

(a) Specifies the purposes for which such money is appropriated and the amounts appropriated therefor;

(b) Limits the period within which such money may be obligated to a period ending not more than two years after the date of the enactment of the appropriation law; and

(c) Limits the amount which may be obligated during a twelve-month period beginning on July 1st and ending on the next June 30th to an amount which does not exceed the amount by which (I) the aggregate of the amounts credited to the account of this state pursuant to section 903 of the social security act, as amended, during the same twelve-month period and the thirty-four preceding twelve-month periods, exceeds (ii) the aggregate of the amounts obligated pursuant to RCW 50.16.030 (4), (5) and (6) and charged against the amounts credited to the account of this state during any of such thirty-five twelve-month periods. For the purposes of RCW 50.16.030 (4), (5) and (6), amounts obligated during any such twelve-month period shall be charged against equivalent amounts which were first credited and which are not already so charged; except that no amount obligated for administration during any such twelve-month period may be charged against any amount credited during such a twelve-month period earlier than the thirty-fourth twelve-month period preceding such

period: PROVIDED, That any amount credited to this state's account under section 903 of the social security act, as amended, which has been appropriated for expenses of administration, whether or not withdrawn from the trust fund shall be excluded from the unemployment compensation fund balance for the purpose of experience rating credit determination.

(5) Money credited to the account of this state pursuant to section 903 of the social security act, as amended, may not be withdrawn or used except for the payment of benefits and for the payment of expenses of administration and of public employment offices pursuant to RCW 50.16.030 (4), (5) and (6). However, moneys credited because of excess amounts in federal accounts in federal fiscal years 1999, 2000, and 2001 shall be used solely for the administration of the unemployment compensation program and are not subject to appropriation by the legislature for any other purpose.

(6) Money requisitioned as provided in RCW 50.16.030 (4), (5) and (6) for the payment of expenses of administration shall be deposited in the unemployment compensation fund, but until expended, shall remain a part of the unemployment compensation fund. The commissioner shall maintain a separate record of the deposit, obligation, expenditure and return of funds so deposited. Any money so deposited which either will not be obligated within the period specified by the appropriation law or remains unobligated at the end of the period, and any money which has been obligated within the period but will not be expended, shall be returned promptly to the account of this state in the unemployment trust fund.

In determining whether work is suitable for an individual, the commissioner shall also consider the degree of risk involved to the individual's health, safety, and morals, the individual's physical fitness, the individual's length of unemployment and prospects for securing local work in the individual's customary occupation, the distance of the available work from the individual's residence, and such other factors as the commissioner may deem pertinent, including state and national emergencies.

(2) For individuals with base year work experience in agricultural labor, any agricultural labor available from any employer shall be deemed suitable unless it meets conditions in RCW 50.20.110 or the commissioner finds elements of specific work opportunity unsuitable for a particular individual.

(3) For part-time workers as defined in RCW 50.20.119, suitable work includes suitable work under subsection (1) of this section that is for seventeen or fewer hours per week.

(4) For individuals who have qualified for unemployment compensation benefits under RCW 50.20.050 (1)(b)(iv) or (2)(b)(iv), as applicable, an evaluation of the suitability of the work must consider the individual's need to address the physical, psychological, legal, and other effects of domestic violence or stalking.

Sec. 15 RCW 50.20.119 and 2003 2nd sp.s. c 4 s 12 are each reenacted to read as follows:

(1) With respect to claims that have an effective date on or after January 2, 2005, an otherwise eligible individual may not be denied benefits for any week because the individual is a part-time worker and is available for, seeks, applies for, or accepts only work of seventeen or fewer hours per week by reason of the application of RCW 50.20.010(1)(c), 50.20.080, or 50.22.020(1) relating to availability for work and active search for work, or failure to apply for or refusal to accept suitable work

(2) For purposes of this section, "part-time worker" means an individual who: (a) Earned wages in "employment" in at least forty weeks in the individual's base year; and (b) did not earn wages in "employment" in more than seventeen hours per week in any weeks in the individual's base year.

Sec. 16 RCW 50.20.240 and 2004 c 110 s 1 are each reenacted to read as follows:

(1)(a) To ensure that following the initial application for benefits, an individual is actively engaged in searching for work, the employment security department shall implement a job search monitoring program. Effective January 4, 2004, the department shall contract with employment security agencies in other states to ensure that individuals residing in those states and receiving benefits under this title are actively engaged in searching for work in accordance with the requirements of this section. The department may use interactive voice technology and other electronic means to ensure that individuals are subject to comparable job search monitoring, regardless of whether they reside in Washington or elsewhere.

(b) Except for those individuals with employer attachment or union referral, individuals who qualify for unemployment compensation under RCW 50.20.050 (1)(b)(iv) or (2)(b)(iv), as applicable, and individuals in commissioner-approved training, an individual who has received five or more weeks of benefits under this title, regardless of whether the individual resides in Washington or elsewhere, must provide evidence of seeking work, as directed by the commissioner or the commissioner's agents, for each week beyond five in which a claim is filed. With regard to claims with an effective date before January 4, 2004, the evidence must demonstrate contacts with at least three employers per week or documented in-person job search activity at the local reemployment center. With regard to claims with an effective date on or after January 4, 2004, the evidence must demonstrate contacts with at least three employers per week or documented in-person job search activities at the local reemployment center at least three times per week

(c) In developing the requirements for the job search monitoring program, the commissioner or the commissioner's agents shall utilize an existing advisory committee having equal representation of employers and workers.

(2) Effective January 4, 2004, an individual who fails to comply fully with the requirements for actively seeking work under RCW 50.20.010 shall lose all benefits for all weeks during which the individual was not in compliance, and the individual shall be liable for repayment of all such benefits under RCW 50.20.190.

Sec. 17 RCW 50.04.335 and 2003 2nd sp.s. c 4 s 2 are each reenacted to read as follows:

After December 31, 2003, for the purpose of the payment of contributions, the term "wages" does not include an employee's income attributable to the transfer of shares of stock to the employee pursuant to his or her exercise of a stock option granted for any reason connected with his or her employment.

Sec. 18 RCW 50.16.010 and 2005 c 518 s 933 are each reenacted to read as follows:

(1) There shall be maintained as special funds, separate and apart from all public moneys or funds of this state an unemployment compensation fund, an administrative contingency fund, and a federal interest payment fund, which shall be administered by the commissioner exclusively for the purposes of this title, and to which RCW 43.01.050 shall not be applicable. (2)(a) The unemployment compensation fund shall consist of:

(i) All contributions collected under RCW 50.24.010 and payments in lieu of contributions collected pursuant to the provisions of this title;

(viii) All moneys received for the fund from any other source.

(b) All moneys in the unemployment compensation fund shall be commingled and undivided.

(3)(a) Except as provided in (b) of this subsection, the administrative contingency fund shall consist of:

(c) Moneys available in the administrative contingency fund, other than money in the special account created under RCW 50.24.014(1)(a), shall be expended upon the direction of the commissioner, with the approval of the governor, whenever it appears to him or her that such expenditure is necessary solely for:

(i) The proper administration of this title and no federal funds are available for the specific purpose to which such expenditure is to be made, provided, the moneys are not

FIFTY-FOURTH DAY, MARCH 3, 2006

substituted for appropriations from federal funds which, in the absence of such moneys, would be made available.

(ii) The proper administration of this title for which purpose appropriations from federal funds have been requested but not yet received, provided, the administrative contingency fund will be reimbursed upon receipt of the requested federal appropriation.

(iii) The proper administration of this title for which compliance and audit issues have been identified that establish federal claims requiring the expenditure of state resources in resolution. Claims must be resolved in the following priority: First priority is to provide services to eligible participants within the state; second priority is to provide substitute services or program support; and last priority is the direct payment of funds to the federal government.

(d) During the 2005-2007 fiscal biennium, the cost of the job skills program at community and technical colleges as appropriated by the legislature. Money in the special account created under RCW 50.24.014(1)(a) may only be expended, after appropriation, for the purposes specified in this section and RCW 50.62.010, 50.62.020, 50.62.030, 50.24.014, 50.44.053, and 50.22.010.

Sec. 19 RCW 50.16.015 and 2003 2nd sp.s. c 4 s 24 are each reenacted to read as follows:

A separate and identifiable fund to provide for the payment of interest on advances received from this state's account in the federal unemployment trust fund shall be established and administered under the direction of the commissioner. This fund shall be known as the federal interest payment fund and shall consist of contributions paid under RCW 50.16.070. All money in this fund shall be expended solely for the payment of interest on advances received from this state's account in the federal unemployment trust fund and for no other purposes whatsoever.

Sec. 20 RCW 50.24.014 and 2003 2nd sp.s. c 4 s 25 are each reenacted to read as follows:

(1)(a) A separate and identifiable account to provide for the financing of special programs to assist the unemployed is established in the administrative contingency fund. All money in this account shall be expended solely for the purposes of this title and for no other purposes whatsoever. Contributions to this account shall accrue and become payable by each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, at a basic rate of two one-hundredths of one percent. The amount of wages subject to tax shall be determined under RCW 50.24.010.

(b) A separate and identifiable account is established in the administrative contingency fund for financing the employment security department's administrative cost under RCW 50.22.150 and the costs under RCW 50.22.150(9). All money in this account shall be expended solely for the purposes of this title and for no other purposes whatsoever. Contributions to this account shall accrue and become payable by each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, those employers who are required to make payments in lieu of contributions, those employers described under RCW 50.29.025(1)(f)(ii), and those qualified employers assigned rate class 20 or rate class 40, as applicable, under RCW 50.29.025, at a basic rate of one one-hundredth of one percent. The amount of wages subject to tax shall be determined under RCW 50.24.010. Any amount of contributions payable under this subsection (1)(b) that exceeds the amount that would have been collected at a rate of four one-thousandths of one percent must be deposited in the unemployment compensation trust fund.

(c) For the first calendar quarter of 1994 only, the basic two one-hundredths of one percent contribution payable under (a) of

2006 REGULAR SESSION

this subsection shall be increased by one-hundredth of one percent to a total rate of three one-hundredths of one percent. The proceeds of this incremental one-hundredth of one percent shall be used solely for the purposes described in section 22, chapter 483, Laws of 1993, and for the purposes of conducting an evaluation of the call center approach to unemployment insurance under section 5, chapter 161, Laws of 1998. During the 1997-1999 fiscal biennium, any surplus from contributions payable under this subsection (c) may be deposited in the unemployment compensation trust fund, used to support tax and wage automated systems projects that simplify and streamline employer reporting, or both.

(2)(a) Contributions under this section shall become due and be paid by each employer under rules as the commissioner may prescribe, and shall not be deducted, in whole or in part, from the remuneration of individuals in the employ of the employer. Any deduction in violation of this section is unlawful.

(b) In the payment of any contributions under this section, a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to one cent.

(3) If the commissioner determines that federal funding has been increased to provide financing for the services specified in chapter 50.62 RCW, the commissioner shall direct that collection of contributions under this section be terminated on the following January 1st.

Sec. 21 RCW 50.20.190 and 2005 c 518 s 934 are each reenacted to read as follows:

(1) An individual who is paid any amount as benefits under this title to which he or she is not entitled shall, unless otherwise relieved pursuant to this section, be liable for repayment of the amount overpaid. The department shall issue an overpayment assessment setting forth the reasons for and the amount of the overpayment. The amount assessed, to the extent not collected, may be deducted from any future benefits payable to the individual: PROVIDED, That in the absence of a back pay award, a settlement affecting the allowance of benefits, fraud, misrepresentation, or willful nondisclosure, every determination of liability shall be mailed or personally served not later than two years after the close of or final payment made on the individual's applicable benefit year for which the purported overpayment was made, whichever is later, unless the merits of the claim are subjected to administrative or judicial review in which event the period for serving the determination of liability shall be extended to allow service of the determination of liability during the six-month period following the final decision affecting the claim.

(2) The commissioner may waive an overpayment if the commissioner finds that the overpayment was not the result of fraud, misrepresentation, willful nondisclosure, or fault attributable to the individual and that the recovery thereof would be against equity and good conscience: PROVIDED, HOWEVER, That the overpayment so waived shall be charged against the individual's applicable entitlement for the eligibility period containing the weeks to which the overpayment was attributed as though such benefits had been properly paid.

(3) Any assessment herein provided shall constitute a determination of liability from which an appeal may be had in the same manner and to the same extent as provided for appeals relating to determinations in respect to claims for benefits: PROVIDED, That an appeal from any determination covering overpayment only shall be deemed to be an appeal from the determination which was the basis for establishing the overpayment unless the merits involved in the issue set forth in such determination have already been heard and passed upon by the appeal tribunal. If no such appeal is taken to the appeal tribunal by the individual within thirty days of the delivery of the notice of determination of liability, or within thirty days of the mailing of the notice of determination, whichever is the earlier, the determination of liability shall be deemed conclusive and final. Whenever any such notice of determination of

FIFTY-FOURTH DAY, MARCH 3, 2006

liability becomes conclusive and final, the commissioner, upon giving at least twenty days notice by certified mail return receipt requested to the individual's last known address of the intended action, may file with the superior court clerk of any county within the state a warrant in the amount of the notice of determination of liability plus a filing fee under RCW 36.18.012(10). The clerk of the county where the warrant is filed shall immediately designate a superior court cause number for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the person(s) mentioned in the warrant, the amount of the notice of determination of liability, and the date when the warrant was filed. The amount of the warrant as docketed shall become a lien upon the title to, and any interest in, all real and personal property of the person(s) against whom the warrant is issued, the same as a judgment in a civil case duly docketed in the office of such clerk. A warrant so docketed shall be sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state in the manner provided by law for a civil judgment. A copy of the warrant shall be mailed to the person(s) mentioned in the warrant by certified mail to the person's last known address within five days of its filing with the clerk.

(4) On request of any agency which administers an employment security law of another state, the United States, or a foreign government and which has found in accordance with the provisions of such law that a claimant is liable to repay benefits received under such law, the commissioner may collect the amount of such benefits from the claimant to be refunded to the agency. In any case in which under this section a claimant is liable to repay any amount to the agency of another state, the United States, or a foreign government, such amounts may be collected without interest by civil action in the name of the commissioner acting as agent for such agency if the other state, the United States, or the foreign government extends such collection rights to the employment security department of the state of Washington, and provided that the court costs be paid by the governmental agency benefiting from such collection.

(5) Any employer who is a party to a back pay award or settlement due to loss of wages shall, within thirty days of the award or settlement, report to the department the amount of the award or settlement, the name and social security number of the recipient of the award or settlement, and the period for which it is awarded. When an individual has been awarded or receives back pay, for benefit purposes the amount of the back pay shall constitute wages paid in the period for which it was awarded. For contribution purposes, the back pay award or settlement shall constitute wages paid in the period in which it was actually paid. The following requirements shall also apply:

(a) The employer shall reduce the amount of the back pay award or settlement by an amount determined by the department based upon the amount of unemployment benefits received by the recipient of the award or settlement during the period for which the back pay award or settlement was awarded;

(b) The employer shall pay to the unemployment compensation fund, in a manner specified by the commissioner, an amount equal to the amount of such reduction;

(c) The employer shall also pay to the department any taxes due for unemployment insurance purposes on the entire amount of the back pay award or settlement notwithstanding any reduction made pursuant to (a) of this subsection;

(d) If the employer fails to reduce the amount of the back pay award or settlement as required in (a) of this subsection, the department shall issue an overpayment assessment against the recipient of the award or settlement in the amount that the back pay award or settlement should have been reduced; and

(e) If the employer fails to pay to the department an amount equal to the reduction as required in (b) of this subsection, the department shall issue an assessment of liability against the employer which shall be collected pursuant to the procedures for

2006 REGULAR SESSION

collection of assessments provided herein and in RCW 50.24.110.

(6) When an individual fails to repay an overpayment assessment that is due and fails to arrange for satisfactory repayment terms, the commissioner shall impose an interest penalty of one percent per month of the outstanding balance. Interest shall accrue immediately on overpayments assessed pursuant to RCW 50.20.070 and shall be imposed when the assessment becomes final. For any other overpayment, interest shall accrue when the individual has missed two or more of the individual's monthly payments either partially or in full. The interest penalty shall be used, first, to fully fund either social security number cross-match audits or other more effective activities that ensure that individuals are entitled to all amounts of benefits that they are paid, second, to fund other detection and recovery of overpayment and collection activities, and third, during the 2005-07 fiscal biennium, the cost of the job skills program at community and technical colleges as appropriated by the legislature.

Sec. 22 RCW 50.04.206 and 2003 2nd sp.s. c 4 s 27 are each reenacted to read as follows: The term "employment" shall not include service that is performed by a nonresident alien for the period he or she is temporarily present in the United States as a nonimmigrant under subparagraph (F), (H)(ii), (H)(iii), or (J) of section 101(a)(15) of the federal immigration and naturalization act, as amended, and that is performed to carry out the purpose specified in the applicable subparagraph of the federal immigration and naturalization act.

NEW SECTION. Sec. 23 (1) Sections 8 through 13 and 16 of this act apply retroactively to claims that have an effective date on or after January 4, 2004.

(2) Sections 14 and 15 of this act apply retroactively to claims that have an effective date on or after January 2, 2005. (3) Sections 17 through 22 of this act apply retroactively to June 20, 2003.

PART IV - MISCELLANEOUS

NEW SECTION. Sec. 24 The employment security department shall study the following and report its findings and recommendations, if any, to the unemployment insurance advisory committee and to the house of representatives commerce and labor committee and the senate labor, commerce, research, and development committee, or their successor committees, by December 1, 2006:

(1) Employment patterns involving repeat episodes of unemployment to achieve improved employer retention rates, improved claimant placement rates, and increased employment opportunities;

(2) Employers in rate class 40, including types of industries, sizes of employers, contributions paid, and benefit charges attributable to such employers;

(3) Reasons for the unusually high rate of employer turnover among Washington employers, which leads to a high volume of charges against inactive accounts and increases socialized costs; and

(4) Fraud prevention methods such as corporate officer eligibility for unemployment insurance, and personal liability of corporate officers for failure to accurately report employee information or pay taxes owed.

NEW SECTION. Sec. 25 Part headings used in this act are not any part of the law.

NEW SECTION. Sec. 26 Sections 4 and 5 of this act apply to rate years beginning on or after January 1, 2007.

NEW SECTION. Sec. 27 If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 28 If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment

tax credits, the conflicting part of this act is inoperative solely to the extent of the conflict, and the finding or determination does not affect the operation of the remainder of this act. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state."

ENGROSSED SUBSTITUTE SENATE BILL NO. 6885, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PERSONAL PRIVILEGE

Senator Kohl-Welles: "Thank you Mr. President. I'm sorry, I thought I was going to speak on the bill that we just passed on final passage. Maybe I was a little slow on the draw to start speaking but I cannot let this moment go by without thanking all of the people that worked so hard. This bill's passage is very, very sweet and I'm sure that just everybody in this body can not

remember a time when it felt sweet to vote on an unemployment insurance bill. In 2003, a lot of people were very upset. The labor community was very upset. Last year with the passage of 2255, a lot of people here were very upset. A lot of people in the business community were very upset but this year just about every single person here feels very good about passage of this bill. I look forward to having many, many years when we do not go through the gut-wrenching, sleep-deprived, nerve-racking, fingernail chewing, hand-wringing time of what are we going to do about yet another unemployment insurance bill and I have to give credit to our staff here in the Senate and in the other body, also to the Governor's office, the Employment Security Department, to the ranking member of the committee, to the chairs ranking member in the other body. All the members of the joint task force and unemployment insurance reform. This has been a monumental effort. The pendulum swung one way in 2003, it swung another way last year and this year it's really in the center and it's a sweet passage of this bill and I look forward to the Governor signing it into law. Thank you Mr. President."

PERSONAL PRIVILEGE

Senator Parlette: "Thank you Mr. President. I also would like to speak to this bill after the fact. All the thank you's the good Senator from the thirty-sixth district had made and I would like to echo those. The goal of this bill, of course, is to find a balance in the system of unemployment. I would like to thank the unemployment insurance task force members, for business folks, for labor folks and for legislators and really there's ownership by many, many people in this piece of legislation that goes back even to previous years, not just this year, but other years. In the end, what we had to do the team work from the leaders from both chambers made this work. We came together to make the final decisions and put them on paper. That's not an easy thing to do but that's the job that we're here to do so I would say thank you for trusting us to do the best job we could and I thank you for your support for this legislation and thank you for everybody's work."

REMARKS BY THE PRESIDENT

President Owen: "We are going to get into Concurrences. Maybe the President should remind members, basically after you have a voice vote to adopt the other house's amendments then we usually go immediately to a vote. If you would like me to change that practice, I will be happy to do that. I'm at your service."

(a) Presenting, causing to be presented, or preparing with knowledge or belief that it will be presented to or by an insurer, broker, or its agent, false information as part of, in support of, or concerning a fact material to one or more of the following:

The definition of insurance fraud is for illustrative purposes only under this chapter to describe the nature of the behavior to be reported and investigated, and is not intended in any manner to create or modify the definition of any existing criminal acts nor to create or modify the burdens of proof in any criminal prosecution brought as a result of an investigation under this chapter.

(2) "Insurer" means an insurance company authorized under chapter 48.05 RCW, a health care service contractor registered under chapter 48.44 RCW, and a health care maintenance organization registered under chapter 48.46 RCW.

The commissioner shall provide office space, equipment, supplies, investigators, clerical staff, and other staff that are necessary for the program to carry out its duties and responsibilities under this chapter.

(2) The commissioner may fund one or more state patrol officers to work with the insurance fraud program and the funding for the officers must be paid out of the budget of the insurance fraud program.

The grants must be paid out of the budget of the insurance fraud program. The commissioner may investigate and seek prosecution of crimes involving insurance fraud upon the request of or with the concurrence of the county prosecuting attorney of the jurisdiction in which the offense has occurred. Before such a prosecution, the commissioner and the county in which the offense occurred shall reach an agreement regarding the payment of all costs, including expert witness fees, and defense attorneys' fees associated with any such prosecution.

(5) Staff levels for this program, until June 30, 2010, shall not exceed 8.0 full-time equivalents.

NEW SECTION. Sec. 4. The annual cost of operating the fraud program is funded from the insurance commissioner's regulatory account under RCW 48.02.190 subject to appropriation by the legislature.

NEW SECTION. Sec. 5. (1) The commissioner may:

(a) Employ and train personnel to achieve the purposes of this chapter and to employ legal counsel, investigators, auditors, and clerical support personnel and other personnel as the commissioner determines necessary from time to time to accomplish the purposes of this chapter;

(b) Initiate inquiries and conduct investigations when the commissioner has cause to believe that insurance fraud has been, is being, or is about to be committed;

(c) Conduct independent examinations of alleged insurance fraud;

(d) Review notices, reports, or complaints of suspected insurance fraud activities from federal, state, and local law enforcement and regulatory agencies, persons engaged in the business of insurance, and any other person to determine whether the reports require further investigation;

(h) Report incidents of alleged insurance fraud disclosed by its investigations to the appropriate prosecutorial authority, including but not limited to the attorney general and to any other appropriate law enforcement, administrative, regulatory, or licensing agency;

(i) Assemble evidence, prepare charges, and work closely with any prosecutorial authority having jurisdiction to pursue prosecution of insurance fraud; and

(2) The fraud program investigators who have obtained certification as a peace officer under RCW 43.101.095 have the powers and status of a limited authority Washington peace officer.

NEW SECTION. Sec. 6. (1) Any insurer or licensee of the commissioner that has reasonable belief that an act of insurance fraud which is or may be a crime under Washington law has been, is being, or is about to be committed shall furnish and disclose the knowledge and information to the commissioner or the national insurance crime bureau, the national association of insurance commissioners, or similar organization, who shall disclose the information to the commissioner, and cooperate fully with any investigation conducted by the commissioner.

(2) Except as provided under RCW ~~((15.35.134))~~ 15.36.131, it is unlawful for a milk processing plant to accept milk from a person not licensed as a producer or milk processor.

NEW SECTION. Sec. 5. A new section is added to chapter 15.36 RCW to read as follows:

The director may issue a cease and desist order to any person whom the director has reason to believe is engaged in an activity for which a license is required by this chapter. The person to whom such notice is issued may request an adjudicative proceeding to contest the order.

NEW SECTION. Sec. 6. A new section is added to chapter 15.36 RCW to read as follows:

(1) When the director has probable cause to believe that milk or milk products are being sold, distributed, stored, or transported in violation of this chapter or rules adopted under this chapter, the director may issue and serve upon the owner or custodian of the milk or milk products a written notice of embargo and order prohibiting the sale of the milk or milk products. If the owner or custodian is not available for service, the director may attach the notice of embargo and order prohibiting sale to the container holding the milk or milk products. (a) For the first offense, a misdemeanor; and

(b) For the second and subsequent offenses, a gross misdemeanor punishable according to chapter 9A.20 RCW.

(3) Neither the issuance of a cease and desist order nor payment of a civil penalty relieves the person so selling raw milk from criminal prosecution, but the remedy of a cease and desist order or civil penalty is in addition to any criminal liability.

NEW SECTION. Sec. 8. (1) The legislature finds that small-scale dairies have varying degrees of familiarity with statutory and regulatory requirements and the range of acceptable methods they can use to meet those requirements. The legislature therefore directs the department of agriculture to convene a work group to identify and help resolve obstacles faced by small-scale dairies in their efforts to become licensed as milk producers and milk processing plants.

(2) The director of the department of agriculture shall include in the work group representatives of small-scale and conventional dairies, public health officials, the cooperative extension, industry associations, consumers, and other stakeholders as the director deems appropriate. Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1 The legislature finds that:

(1) The land, water, and other resources of Washington are being severely impacted by the invasion of an increasing number of harmful invasive plant and animal species.

(2) These impacts are resulting in damage to Washington's environment and causing economic hardships.

(3) The multitude of public and private organizations with an interest in controlling and preventing the spread of harmful invasive species in Washington need a mechanism for cooperation, communication, collaboration, and developing a statewide plan of action to meet these threats.

NEW SECTION. Sec. 2 (1) There is created the Washington invasive species council to exist until December 31, 2011. Staff support to the council shall be provided by the committee and from the agencies represented on the council. For administrative purposes, the council shall be located within the committee.

(2) The purpose of the council is to provide policy level direction, planning, and coordination for combating harmful invasive species throughout the state and preventing the introduction of others that may be potentially harmful.

(3) The council is a joint effort between local, tribal, state, and federal governments, as well as the private sector and nongovernmental interests. The purpose of the council is to foster cooperation, communication, and coordinated approaches that support local, state, and regional initiatives for the prevention and control of invasive species.

(4) For the purposes of this chapter, "invasive species" include nonnative organisms that cause economic or environmental harm and are capable of spreading to new areas of the state. "Invasive species" does not include domestic livestock, intentionally planted agronomic crops, or nonharmful exotic organisms.

The strategic plan should incorporate the reports and activities of the aquatic nuisance species committee, the state noxious weed control board, and other appropriate reports and activities. In addition, the council must coordinate with the biodiversity council created in Executive Order 04-02 to ensure that a statewide strategy for the control of invasive species is integrated into the thirty-year strategy for biodiversity conservation that the biodiversity council must submit to the legislature in 2007.

PERSONAL PRIVILEGE

Senator Swecker: "Thank you Mr. President. Just before the lunch break there was a hand out distributed to folks' desk. At the top there is a hand written note that says 'Engrossed Second Substitute House Bill No. 1488.' This bill didn't pass out in time. It's probably dead for this year but for about the past week I've been spending a lot of time on the computer doing research on the science on this issue and just in layman's terms to kind of summarize the controversy. Until recently the deca PDBE or in fact it's actually, deca BDE was considered a fairly stable and harmless chemical and it was one that's been used to prevent fire in electronic components like computers, television sets and things like that. There was a bill introduced this year to ban some of the more toxic forms penta, octa and some of the others but the controversy was whether deca should be banned. In my research that I did on the computer, I found numerous articles that show that deca breaks down into the other components which are more toxic and that was significant in and of itself. Also in my exploration I did this discover the article that I distributed to you which now is showing that deca itself is toxic. It's not the components that it breaks down into. The thing that to me that was startling to me is the experiments that were run. Of course they ran them on mice not on human beings, but they showed if this chemical was introduced in the third day after birth, it had toxic effects on the development of the brain. Those toxic effects got worse in those animals over time so the older the animals got, the worse those problems became and so while I realize were not as a body going to address this issue this year. I think that next year I hope we do take a look at it. I think that actually we're going to see new scientific research that will emerge during this next year and I think with this kind of indication I think the research and the data is now starting to support the claim that this substance ought to be banned too. So, I thank you for your attention and time, appreciate it."

PERSONAL PRIVILEGE

Senator Carrell: "I would caution people in the Senate when looking at this information to be aware that in out in the world we're measuring parts per trillion, not parts for thousand here and the numbers stated here is looking at high concentrations of this stuff. A thousand times more than you would find out in nature. Yes, all of these things can be concentrated by living things, but take this with a grain of salt.

FIFTY-FIFTH DAY, MARCH 4, 2006

2006 REGULAR SESSION

The fact that we can measure down to parts per trillion does not make it dangerous.”

REMARKS BY THE PRESIDENT

President Owen: “Senator Carrell, let me just remind members, a point of personal privilege is not to discuss or debate issues but to talk about things that are of personal to you and we’re stretching a little beyond that. So, I’m going to try to bring it back in as we’re running toward the end of session here.”

MOTION

On motion of Senator Eide, the Senate advanced to the sixth order of business.

MOTION

On motion of Senator Eide, the Senate reverted to the fourth order of business.

PERSONAL PRIVILEGE

Senator Oke: “I just have an announcement to make. From the events of yesterday and what took place, officially I will not be running this year. Somebody else will come in and I hope take my job and do as well as I’ve tried to do. Old soldiers just fade away. General McArthur said that in Congress and that was my intent, just to fade away but he didn’t last very long so, when I was down with the Governor one day I said ‘I’d be willing to serve on the Fish & Wildlife Commission’ and I still have things there that I want to accomplish. God bless each one of you. Thank you for being so good to me and I’m going to go home and get healthy. I’ve never thought about not being healthy. I’m going to home and get healthy and I pray each one of you will have good health and good futures. Thank you.”

REMARKS BY THE PRESIDENT

President Owen: “Senator Oke, you and I have served together for a long time, both as Natural Resources chairs and ranking members and I would just hope that the next person that serves in this august chamber will serve with the same grace and dignity that you have. You will be missed.”

PERSONAL PRIVILEGE

Senator Eide: “Well, I have to say, Bob, that you have a special place in my heart. You are near and dear to me and it has been an absolute wonderful honor serving with you sir.”

PERSONAL PRIVILEGE

Senator Deccio: “Well Bob, you came to the Senate when I was on four year hiatus as a county commissioner. When I first saw the name I thought of Jack Okie, but your name should be pronounced Oke because you are as strong as an oak and we’re going to miss you.”

PERSONAL PRIVILEGE

Senator Franklin: “Senator Oke, you certainly will be missed. Your, how you carry yourself, how you really relate to people and not only that, your beautiful wife who is there and always smiles. You may not know it but I did serve on the Committee when Mr. President chaired. It was a wonderful committee. I hated to leave but there was conflicts. I know you will do well. You will continue to be in our prayers and I will see you and I’ll think about a pheasant each time. Good serving with you.”

MOTION

On motion of Senator Eide, Second Substitute Senate Bill No. 6793 was immediately transmitted to the House of Representatives.

NEW SECTION. Sec. 4. (1) Subject to the referendum conducted under section 5 of this act, there is created an agricultural commodity commission, to be known as the

Washington beer commission. The commission shall be comprised of seven voting members; six members shall be producers and one voting member shall be the director.

(2) Five voting members of the commission constitute a quorum for the transaction of any commission business.

(3) Each producer member shall be a citizen and resident of this state and over the age of twenty-one. Each producer member must be engaged in producing beer, and must, during his or her term of office, derive a substantial portion of income from the production of beer, or have a substantial investment in the production of beer as an owner, lessee, partner, or the manager or executive officer of such a corporation. No more than one board member may be part of the same person as defined by RCW 15.04.010. These qualifications apply throughout each member's term of office but do not apply to the director.

(4) The producer members shall serve three-year terms. Of the initial voting members, two members shall be appointed for a one-year term, two members shall be appointed for a two-year term, and two members shall be appointed for a three-year term.

NEW SECTION. Sec. 5. (1) Upon receipt of a petition containing the signatures of five beer producers from a statewide Washington state craft brewing trade association or other affected producers to implement this chapter and to determine producer participation in the commission and assessment under this chapter, the director shall:

(a) Conduct a referendum of beer producers. The requirements of assent or approval of the referendum are met if:

(i) At least fifty-one percent by numbers of affected producers participating in the referendum vote affirmatively; and

(ii) Thirty percent of the affected producers and thirty percent of the production have been represented in the referendum to determine assent or approval of participation and assessment. The referendum shall be conducted within sixty days of receipt of the petition; and

(b) Establish a list of beer producers from information provided by the petitioners, by obtaining information on beer producers from applicable producer organizations or associations or other sources identified as maintaining the information. In establishing a current list of beer producers and their individual production, the director shall use the beer producer's name, mailing address, and production by the producer in the preceding fiscal year. Information on each producer shall be mailed to each beer producer on record with the director within twenty days from the date of mailing. The list of affected producers shall be kept in a file by the director. The list shall be certified as a true representation of the referendum mailing list. Inadvertent failure to notify an affected producer does not invalidate a proceeding conducted under this chapter. The director shall provide the commission the list of affected producers after assent in a referendum as provided in this section.

(2) If the director determines that the requisite assent has been given in the referendum conducted under subsection (1) of this section, the director shall:

(a) Within sixty days after assent of the referendum held, appoint the members of the commission; and

(b) Direct the commission to put into force the assessment as provided for in section 14 of this act.

(3) If the director determines that the requisite assent has not been given in the referendum conducted under subsection (1) of this section, the director shall take no further action to implement or enforce this chapter.

(4) Upon completion of the referendum conducted under subsection (1) of this section, the department shall tally the results of the vote and provide the results to affected producers. If an affected producer disputes the results of a vote, that producer within sixty days from the announced results, shall provide in writing a statement of why the vote is disputed and

FIFTY-FIFTH DAY, MARCH 4, 2006

request a recount. Once the vote is tallied and distributed, all disputes are resolved, and all matters in a vote are finalized, the individual ballots may be destroyed.

(5) Before conducting the referendum provided for in subsection (1) of this section, the director may require the petitioners to deposit with him or her an amount of money as the director deems necessary to defray the expenses of conducting the referendum. The director shall provide the petitioners an estimate of expenses that may be incurred to conduct a referendum before any service takes place. Petitioners shall deposit funds with the director to pay for expenses incurred by the department. The commission shall reimburse petitioners the amount paid to the department when funds become available. However, if for any reason the referendum process is discontinued, the petitioners shall reimburse the department for expenses incurred by the department up until the time the process is discontinued.

(6) The director is not required to hold a referendum under subsection (1) of this section more than once in any twelve-month period.

NEW SECTION. Sec. 6. (1) The director shall appoint the producer members of the commission. In making appointments, no later than ninety days before an expiration of a commission member's term, the director shall call for recommendations for commission member positions, and the director shall take into consideration recommendations made by a statewide Washington state craft brewing trade association or other affected producers. In appointing persons to the commission, the director shall seek a balanced representation on the commission that reflects the composition of the beer producers throughout the state on the basis of beer produced and geographic location. Information on beer production by geographic location shall be provided by the commission upon the director's request.

(2) If a position on the commission becomes vacant due to resignation, disqualification, death, or for any other reason, the commission shall notify the director and the unexpired term shall immediately be filled by appointment by the director.

(3) Each member or employee of the commission shall be reimbursed for actual travel expenses incurred in carrying out this chapter as defined by the commission in rule. Otherwise if not defined in rule, reimbursement for travel expenses shall be at the rates allowed by RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 7. Obligations incurred by the commission and any other liabilities or claims against the commission shall be enforced only against the assets of the commission and, except to the extent of such assets, no liability for the debts or actions of the commission exists against either the state of Washington or any subdivision or instrumentality thereof or against any member, employee, or agent of the commission or the state of Washington in his or her individual capacity. Except as otherwise provided in this chapter, neither the commission members, nor its employees, may be held individually responsible for errors in judgment, mistakes, or other acts, either of commission or omission, as principal, agent, person, or employee, except for their own individual acts of dishonesty or crime. No person or employee may be held individually responsible for any act or omission of any other commission members. The liability of the commission members shall be several and not joint, and no member is liable for the default of any other member. This provision confirms that commission members have been and continue to be, state officers or volunteers for purposes of RCW 4.92.075 and are entitled to the defenses, indemnifications, limitations of liability, and other protections and benefits of chapter 4.92 RCW.

NEW SECTION. Sec. 8. The commission shall:

(1) Elect a chair and officers. The officers must include a treasurer who is responsible for all receipts and disbursements by the commission and the faithful discharge of whose duties shall be guaranteed by a bond at the sole expense of the commission. The commission must adopt rules for its own

2006 REGULAR SESSION

governance that provide for the holding of an annual meeting for the election of officers and the transaction of other business and for other meetings the commission may direct;

(2) Do all things reasonably necessary to effect the purposes of this chapter. However, the commission has no rule-making power except as provided in this chapter;

(3) Employ and discharge managers, secretaries, agents, attorneys, and employees and engage the services of independent contractors;

(4) Retain, as necessary, the services of private legal counsel to conduct legal actions on behalf of the commission. The retention of a private attorney is subject to review by the office of the attorney general;

(5) Receive donations of beer from producers for promotional purposes under subsections (6) and (7) of this section and for fund-raising purposes under subsection (8) of this section. Donations of beer for promotional purposes may only be disseminated without charge;

(6) Engage directly or indirectly in the promotion of Washington beer, including, without limitation, the acquisition in any lawful manner and the dissemination without charge of beer. This dissemination is not deemed a sale for any purpose and the commission is not deemed a producer, supplier, or manufacturer, or the clerk, servant, or agent of a producer, supplier, distributor, or manufacturer. This dissemination without charge shall be for agricultural development or trade promotion, and not for fund-raising purposes under subsection (8) of this section. Dissemination for promotional purposes may include promotional hosting and must in the good faith judgment of the commission be in the aid of the marketing, advertising, sale of beer, or of research related to such marketing, advertising, or sale;

(7) Promote Washington beer by conducting unique beer tastings without charge;

(8) Beginning July 1, 2007, fund the Washington beer commission through sponsorship of up to twelve beer festivals annually at which beer may be sold to festival participants. For this purpose, the commission would qualify for issue of a special occasion license as an exception to WAC 314-05-020 but must comply with laws under Title 66 RCW and rules adopted by the liquor control board under which such events may be conducted;

(9) Participate in international, federal, state, and local hearings, meetings, and other proceedings relating to the production, regulation, distribution, sale, or use of beer including activities authorized under RCW 42.17.190, including the reporting of those activities to the public disclosure commission;

(10) Acquire and transfer personal and real property, establish offices, incur expenses, and enter into contracts, including contracts for the creation and printing of promotional literature. The contracts are not subject to chapter 43.78 RCW, and are cancelable by the commission unless performed under conditions of employment that substantially conform to the laws of this state and the rules of the department of labor and industries. The commission may create debt and other liabilities that are reasonable for proper discharge of its duties under this chapter;

(11) Maintain accounts with one or more qualified public depositories as the commission may direct, for the deposit of money, and expend money for purposes authorized by this chapter by drafts made by the commission upon such institutions or by other means;

(12) Cause to be kept and annually closed, in accordance with generally accepted accounting principles, accurate records of all receipts, disbursements, and other financial transactions, available for audit by the state auditor;

(13) Create and maintain a list of producers and disseminate information among and solicit the opinions of producers with respect to the discharge of the duties of the commission, directly

FIFTY-FIFTH DAY, MARCH 4, 2006

or by arrangement with trade associations or other instrumentalities;

(14) Employ, designate as an agent, act in concert with, and enter into contracts with any person, council, commission, or other entity to promote the general welfare of the beer industry and particularly to assist in the sale and distribution of Washington beer in domestic and foreign commerce. The commission shall expend money necessary or advisable for this purpose and to pay its proportionate share of the cost of any program providing direct or indirect assistance to the sale and distribution of Washington beer in domestic or foreign commerce, employing and paying for vendors of professional services of all kinds;

(15) Sue and be sued as a commission, without individual liability for acts of the commission within the scope of the powers conferred upon it by this chapter; and

(16) Serve as liaison with the liquor control board on behalf of the commission and not for any individual producer.

NEW SECTION. Sec. 9. (1) The commission shall develop and submit to the director for approval any plans, programs, and projects concerning the following:

(a) The establishment, issuance, effectuation, and administration of appropriate programs or projects for advertising, promotion, and education programs related to beer; and

(b) The establishment and effectuation of market research projects, market development projects, or both to the end that the marketing of beer may be encouraged, expanded, improved, or made more efficient.

(2) The director shall review the commission's advertising or promotion program to ensure that no false claims are being made concerning beer.

(3) The commission, before the beginning of its fiscal year, shall prepare and submit to the director for approval its research plan, its commodity-related education and training plan, and its budget on a fiscal period basis.

(4) The director shall strive to review and make a determination of all submissions described in this section in a timely manner.

NEW SECTION. Sec. 10. The commission exists primarily for the benefit of the people of the state of Washington and its economy. The legislature hereby charges the commission, with oversight by the director, to speak on behalf of the Washington state government with regard to the marketing and promotion of Washington produced beer.

NEW SECTION. Sec. 11. The commission may create, provide for, and conduct a comprehensive and extensive research, promotional, and educational campaign as sales and market conditions reasonably require. It shall investigate and ascertain the needs of producers, conditions of markets, and degree of public awareness of products, and take into account this information in the discharge of its duties under this chapter.

NEW SECTION. Sec. 12. The commission shall adopt as major objectives of its research, promotional, and educational campaign goals that serve the needs of producers. The goals may include efforts to:

(1) Establish Washington beer as a major factor in markets everywhere;

(2) Promote Washington breweries as tourist attractions;

(3) Encourage favorable reporting of Washington beer and breweries in the press throughout the world;

2006 REGULAR SESSION

NEW SECTION. Sec. 13. (1) The commission shall prepare a list of all affected producers from information available from the liquor control board, the department, or the producers' association. This list must contain the names and addresses of affected producers within this state and the amount, by barrelage, of beer produced during the period designated by the commission. A qualified person may, at any time, have his or her name placed upon the list by delivering or mailing the information to the commission. This list shall be corrected and brought up-to-date in accordance with evidence and information available to the commission by December 31st of each year. For the purposes of giving notice and holding referendums, the list updated before the date for issuing notices or ballots is the list of all producers entitled to notice, to assent or dissent, or to vote. Inadvertent failure to notify a producer does not invalidate a proceeding conducted under this chapter.

(2) It is the responsibility of affected producers to ensure that their correct address is filed with the commission. It is also the responsibility of affected producers to submit production data to the commission as prescribed by this chapter.

(3) The commission shall develop a reporting system to document that the affected producers in this state are reporting quantities of beer produced and are paying the assessment as provided in section 14 of this act.

NEW SECTION. Sec. 15. The commission shall deposit money collected under section 14 of this act in a separate account in the name of the commission in any bank that is a state depository. All expenditures and disbursements made from this account under this chapter may be made without the necessity of a specific legislative appropriation. RCW 43.01.050 does not apply to this account or to the money received, collected, or expended as provided in this chapter.

NEW SECTION. Sec. 16. An assessment levied in an amount determined by the commission under section 14 of this act constitutes a personal debt of every person assessed or who otherwise owes the assessment, and the assessment is due and payable to the commission when payment is called for by the commission. If a producer fails to pay the commission the full amount of the assessment by the date due, the commission may add to the unpaid assessment an amount not exceeding ten percent of the assessment to defray the cost of enforcing its collection. If the person fails to pay an assessment, the commission may bring a civil action for collection against the person or persons in a court of competent jurisdiction. The action shall be tried and judgment rendered as in any other cause of action for a debt due and payable.

NEW SECTION. Sec. 17. (1) Under RCW 42.56.380, certain agricultural business records, commission records, and department of agriculture records relating to the commission and producers of agricultural commodities are exempt from public disclosure.

(2) Financial and commercial information and records submitted to either the department or the commission for the purpose of administering this chapter may be shared between the department and the commission. They may also be used, if required, in any suit or administrative hearing involving this chapter.

(2) The director may provide by rule for a method to fund staff support for all commodity boards or commissions in accordance with RCW 43.23.033 if a position is not directly funded by the legislature and costs are related to the specific activity undertaken on behalf of an individual commodity board or commission. The commission shall provide funds to the department according to the rules adopted by the director.

NEW SECTION. Sec. 19. County and state law enforcement officers, the liquor control board and its enforcement agents, and employees of the department shall enforce this chapter.

ENGROSSED SENATE BILL NO. 5048,
 ENGROSSED SENATE BILL NO. 5232,
 SUBSTITUTE SENATE BILL NO. 6161,
 SENATE BILL NO. 6674,

MESSAGE FROM THE HOUSE

February 28, 2006

MR. PRESIDENT:

The House has passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5305, with the following amendments {s} 5305-S.E AMH HC AMH5277.1.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** The legislature finds that vaccinations and immunizations are among the most important public health innovations of the last one hundred years. The centers for disease control and prevention placed vaccinations at the top of its list of the ten greatest public health achievements of the twentieth century. In its efforts to improve public health in the world's poorest countries, the Bill and Melinda Gates foundation has identified childhood immunization as a cost-effective method of improving public health and saving the lives of millions of children around the world.

Fortunately, in Washington, safe and cost-effective vaccinations against childhood diseases are widely available through both public and private resources. The vaccines that the

Washington state department of health provides to meet the requirements for the recommended childhood vaccination schedule through its universal childhood vaccine program are screened for thimerosal and preference is given toward the purchase of thimerosal-free products. The department of health currently provides thimerosal-free products for all routinely recommended childhood vaccines. Regardless of the absence of thimerosal in childhood vaccines in Washington, scientifically reputable organizations such as the centers for disease control and prevention, the national institute of medicine, the American academy of pediatrics, the food and drug administration, and the world health organization have all determined that there is no credible evidence that the use of thimerosal in vaccines poses a threat to the health and safety of children.

Notwithstanding these assurances of the safety of the vaccine supply, the legislature finds that where there is public concern over the safety of vaccines, vaccination rates may be reduced to the point that deadly, vaccine-preventable, childhood diseases return. This measure is being enacted to maintain public confidence in vaccine programs, so that the public will continue to seek vaccinations and their health benefits may continue to protect the people of Washington.

NEW SECTION. Sec. 2. A new section is added to chapter 70.95M RCW to read as follows:

(1) Beginning July 1, 2007, a person who is known to be pregnant or who is under three years of age shall not be vaccinated with a mercury-containing vaccine or injected with a mercury-containing product that contains more than 0.5 micrograms of mercury per 0.5 milliliter dose and does not meet food and drug administration vaccine licensing requirements.

(2) Notwithstanding subsection (1) of this section, an influenza vaccine may contain up to 1.0 micrograms of mercury per 0.5 milliliter dose.

(3) The secretary of the department of health may, upon declaration of a public health emergency, suspend the requirements of this section for the duration of the emergency." and the same are herewith transmitted.

PART II HUMAN SERVICES

Sec. 201. 2005 c 518 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES.

(1) Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor

FIFTY-SEVENTH DAY, MARCH 6, 2006

2006 REGULAR SESSION

shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2006, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2006 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2006 caseload forecasts and utilization assumptions in the medical assistance, long-term care, foster care, adoption support, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose, other than family support appropriations for the developmental disabilities program in section 205(1)(e) of this act, after approval by the director of financial management.

(c) The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(4) The department is authorized to expend up to \$13,500,000 of its general fund--state appropriation for fiscal year 2007 for any reductions in federal funding in fiscal year 2006 for targeted case management services for children who are in the care of the state. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications under this subsection.

(5) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage Medicaid expenditures for the aged and disabled population. Under this Washington medicaid integration partnership (WMIP) the department may combine and transfer such Medicaid funds appropriated under sections 204, 206, 208, and 209 of this act as may be necessary to finance a unified health care plan for the WMIP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons during the 2005-2007 biennium. The amount of funding assigned to the pilot projects from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled in the pilot, times the number of clients enrolled in the pilot. In implementing the WMIP pilot projects, the department may: (a) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for individuals enrolled in the pilots; and (b) employ capitation

financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs. The department shall conduct an evaluation of the WMIP, measuring changes in participant health outcomes, changes in patterns of service utilization, participant satisfaction, participant access to services, and the state fiscal impact.

~~((4))~~ (6) In accordance with RCW 74.39A.300, the appropriations to the department of social and health services in this act are sufficient to implement the compensation and fringe benefits of the collective bargaining agreement reached between the governor and the exclusive bargaining representative of individual providers of home care services.

(7) No state or federal funds appropriated in sections 202 through 212 of this act for medicaid programs shall be expended except for clients meeting the verified social security number requirements set forth in 42 C.F.R. Sec. 435(J) as of February 23, 2006.

Sec. 209. 2005 c 518 s 209 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--MEDICAL ASSISTANCE PROGRAM

General Fund--State Appropriation (FY 2006)	(\$1,481,212,000)
	\$1,461,557,000
General Fund--State Appropriation (FY 2007)	(\$1,596,101,000)
	\$1,549,435,000
General Fund--Federal Appropriation	(\$4,036,615,000)

Health Services Account--State Appropriation (\$636,942,000)	\$677,288,000
Pension Funding Stabilization Account--State Appropriation	\$123,000
TOTAL APPROPRIATION ((\$7,767,870,000))	\$7,706,665,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(2) The department shall continue to extend medicaid eligibility to children through age 18 residing in households with incomes below 200 percent of the federal poverty level.

(3) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(4) Sufficient amounts are appropriated in this section for the department to continue podiatry services for medicaid-eligible adults.

(5) Sufficient amounts are appropriated in this section for the department to provide an adult dental benefit that is equivalent to the benefit provided in the 2003-05 biennium.

(6) In accordance with RCW 74.46.625, \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments.

(7) (~~\$1,660,000~~) \$2,221,000 of the health services account appropriation, (~~\$4,361,000~~) \$5,402,000 of the general fund--

federal appropriation, (~~\$1,350,000~~) \$1,590,000 of the general fund--state appropriation for fiscal year 2006, and (~~\$1,351,000~~) \$1,591,000 of the general fund--state appropriation for fiscal year 2007 are provided solely for grants to rural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(8) (~~\$22,081,000~~) \$21,092,000 of the health services account appropriation and (~~\$20,714,000~~) \$19,725,000 of the general fund--federal appropriation are provided solely for grants to nonrural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(9) In response to the federal directive to eliminate intergovernmental transfer transactions effective June 30, 2005, the department is directed to implement the inpatient hospital certified public expenditures program for the 2005-07 biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. Hospitals in the program shall be paid and shall retain (a) one hundred percent of the federal portion of each medicaid inpatient fee-for-service claim payable by the medical assistance administration; and (b) one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Medicaid fee-for-service claim amounts shall be established by applying the department's ratio of costs to charges payment methodology. The department shall provide participating hospitals with the information and instructions needed by the hospital to certify the public expenditures required to qualify for the federal portions of both the medicaid inpatient fee-for-service payments and the disproportionate share hospital payments. In the event that any part of the program including, but not limited to, allowable certified public expenditures, is disallowed by the federal government, the department shall not seek recoupment of payments from the hospitals, provided the hospitals have complied with the directions of the department for participation in the program. The legislature intends that hospitals in the program receive no less in combined state and federal payments than they would have received under the methodology that was in place during fiscal year 2005. The department shall therefore make additional grant payments, not to exceed the amounts (~~provided~~) specified in this subsection, to hospitals whose total payments under the program would otherwise be less than the total state and federal payments they would have received under the methodology in effect during fiscal year 2005. (~~\$37,034,000 of the general fund--state appropriation for fiscal year 2006, \$37,552,000 of the general fund--state appropriation for fiscal year 2007, \$8,300,000 of the emergency medical services and trauma care systems trust account--state appropriation, and \$45,450,000 of the general fund--federal appropriation are provided solely for new state grant and upper payment limit programs for the participating hospitals.~~) Payments under these new state grant and upper payment limit programs shall not exceed \$53,159,000 from general fund--state appropriations in fiscal year 2006, of which \$5,600,000 is appropriated in section 204(1) of this 2006 act and the balance in this section; \$46,548,000 from general fund--state appropriations in fiscal year 2007, of which \$5,600,000 is appropriated in section 204(1) of this 2006 act and the balance in this section; and \$11,328,000 from the general fund--federal appropriations in this section.

(10) (~~\$4,372,000~~) \$4,077,000 of the general fund--state appropriation for fiscal year 2006, (~~\$4,014,000~~) \$4,847,000 of the general fund--state appropriation for fiscal year 2007, and (~~\$65,112,000~~) \$70,100,000 of the general fund--federal appropriation are provided solely for development and

FIFTY-SEVENTH DAY, MARCH 6, 2006

implementation of a replacement system for the existing medicaid management information system.

(11) ~~(\$150,000)~~ \$188,000 of the general fund--state appropriation for fiscal year 2006, ~~(\$75,000)~~ \$37,000 of the general fund--state appropriation for fiscal year 2007, and \$225,000 of the general fund--federal appropriation are provided solely for the department to contract for an independent analysis of the medical assistance administration's current system for establishing hospital inpatient payment rates, and for recommendations on a new or updated system. The department shall submit an interim report of study findings by December 1, 2005, and a final report by November 15, 2006. The interim report shall include a comparison of the strengths and weaknesses of the current rate-setting system relative to those used by other state, federal, and private payers. The final report shall include recommendations on the design and implementation of a new or updated system that will promote equity among hospitals, access to quality care and improved health outcomes for patients, and cost-control and efficiency for taxpayers. The study should make use of complete and current cost data from a wide variety of hospitals, recognize unique aspects of hospital service delivery structures and medicaid payment systems in Washington, recognize impacts on productivity and quality of care that may result from hospital compensation, recruitment, and retention policies, and provide opportunities for comment and participation by key interest groups in the identification and assessment of alternatives.

(12) Payment rates for hospital inpatient and outpatient services shall be increased by an average of 1.3 percent effective July 1, 2005, and by an average of an additional 1.3 percent effective July 1, 2006. The inpatient increases shall be provided only on the portion of a hospital's rate that excludes medical education and outlier costs, and shall be allocated so that hospitals with lower costs of care (excluding medical education and outlier costs) receive larger percentage increases than those with higher costs of care. (c) A comparison of the competitive position of Washington's forest products industry globally, and with other leading forest products states, or regions, of the United States. This evaluation should compare the relative tax burden for growing and harvesting timber between the states or regions and the relative cost of adhering to regulations, and identify the competitive advantages of each state or region.

(d) An assessment of the trends and dynamics that commercial and residential development play in the conversion of the state's forests to nonforestry uses. The assessment will involve gathering relevant data, reviewing that data, and analyzing the relationship between development and the conversion of forest land uses.

(e) Recommendations on: (i) Policy changes that would enhance the competitive position of Washington's forest products industry in Washington state; (ii) policy changes that would, to the extent possible, ensure that a productive forest land base continues to be managed for forest products, recreation, and environmental and other public benefits into the future; and (iii) policy changes that would enhance the recreational opportunities on working forest lands in the state.

(f) Based on the information derived from (a) through (d) of this subsection, an assessment of the expected rate of return from state granted lands. The review shall recommend appropriate measures of investment returns from granted lands.

For the purposes of this section, the Cascade foothills area generally encompasses the nonurbanized lands within the Cascade mountain range and drainages lying between three hundred and three thousand feet above mean sea level, and located within Whatcom, Skagit, Snohomish, King, Pierce, Thurston, and Lewis counties.

rate of ~~((14.57))~~ 14.07 percent in the 2005-06 school year and ~~((15.82))~~ 15.08 percent in the 2006-07 school year for classified salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations shall be calculated at the maintenance rate specified in section 504(2) of this act, based on the number of benefit units determined as follows:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (h) of this section, there shall be provided a maximum of \$9,112 per certificated staff unit in the 2005-06 school year and a maximum of ~~((9,285))~~ \$9,476 per certificated staff unit in the 2006-07 school year.

(b) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c)(i)(A) of this section, there shall be provided a maximum of \$22,377 per certificated staff unit in the 2005-06 school year and a maximum of ~~((22,802))~~ \$23,272 per certificated staff unit in the 2006-07 school year.

(c) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c)(i)(B) of this section, there shall be provided a maximum of \$17,362 per certificated staff unit in the 2005-06 school year and a maximum of ~~((17,692))~~ \$18,056 per certificated staff unit in the 2006-07 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maintenance rate of \$531.09 for the 2005-06 and 2006-07 school years per allocated classroom teachers exclusive of salary increase amounts provided in section 504 of this act. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported statewide for the prior school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(9) The superintendent may distribute a maximum of ~~((7,621,000))~~ \$8,496,800 outside the basic education formula during fiscal years 2006 and 2007 as follows:

(a) For fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW, a maximum of \$513,000 may be expended in fiscal year 2006 and a maximum of ~~((523,000))~~ \$534,000 may be expended in fiscal year 2007;

(b) For summer vocational programs at skills centers, a maximum of \$2,035,000 may be expended for the 2006 fiscal year and a maximum of \$2,035,000 for the 2007 fiscal year;

(c) A maximum of ~~((365,000))~~ \$369,000 may be expended for school district emergencies;

(d) A maximum of \$485,000 each fiscal year may be expended for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. The funds shall be allocated at a rate not to exceed \$500 per full-time equivalent student enrolled in those programs; and

(e) \$394,000 of the general fund--state appropriation for fiscal year 2006 and ~~((787,000))~~ \$1,647,200 of the general fund--state appropriation for fiscal year 2007 are provided solely for incentive grants to encourage school districts to increase enrollment in vocational skills centers. Up to \$500 for each full-time equivalent student may be proportionally distributed to a school district or school districts increasing skills centers enrollment above the levels in the 2004-05 school year. The office of the superintendent of public instruction shall develop criteria for awarding incentive grants pursuant to this subsection. ~~((The total amount allocated pursuant to this subsection shall be limited to \$1,181,000 for the 2005-07 biennium.))~~ Funds provided in this subsection shall first be expended to provide incentive grants to school districts that increase skills center enrollment during the school year. If funds are available after making these allocations, funds may be distributed for: (i) Increasing enrollment including allowing up to an additional .2 full time equivalent student enrollment at skills centers; and (ii) capacity of summer vocational programs at the skills centers.

(10) For purposes of RCW 84.52.0531, the increase per full-time equivalent student is 5.2 percent from the 2004-05 school year to the 2005-06 school year and ~~((3.4))~~ 5.2 percent from the 2005-06 school year to the 2006-07 school year.

(11) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (2)(b) through (h) of this section, the following shall apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (2)(a) through (h) of this section shall be reduced in increments of twenty percent per year.

	<u>\$500,148,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(2) A maximum of \$796,000 of this fiscal year 2006 appropriation and a maximum of ~~(\$812,000)~~ \$828,000 of the fiscal year 2007 appropriation may be expended for regional transportation coordinators and related activities. The transportation coordinators shall ensure that data submitted by school districts for state transportation funding shall, to the greatest extent practical, reflect the actual transportation activity of each district.

(3) \$5,000 of the fiscal year 2006 appropriation and \$5,000 of the fiscal year 2007 appropriation are provided solely for the transportation of students enrolled in "choice" programs. Transportation shall be limited to low-income students who are transferring to "choice" programs solely for educational reasons.

(4) Allocations for transportation of students shall be based on reimbursement rates of ~~(\$41.51)~~ \$42.52 per weighted mile in the 2005-06 school year and ~~(\$42.01)~~ \$42.11 per weighted mile in the 2006-07 school year exclusive of salary and benefit adjustments provided in section 504 of this act. Included in the 2005-06 school year rate is a one-time increase of \$1.12 to offset extraordinary increases in the price of diesel fuel. Allocations for transportation of students transported more than one radius mile shall be based on weighted miles as determined by superintendent of public instruction multiplied by the per mile reimbursement rates for the school year pursuant to the formulas adopted by the superintendent of public instruction. Allocations for transportation of students living within one radius mile shall be based on the number of enrolled students in grades kindergarten through five living within one radius mile of their assigned school multiplied by the per mile reimbursement rate for the school year multiplied by 1.29.

(5) For busses purchased between July 1, 2005, and June 30, 2007, the office of superintendent of public instruction shall provide reimbursement funding to a school district only after the superintendent of public instruction determines that the school bus was purchased from the list established pursuant to RCW 28A.160.195(2) or a comparable competitive bid process based on the lowest price quote based on similar bus categories to those used to establish the list pursuant to RCW 28A.160.195. The competitive specifications shall meet federal motor vehicle safety standards, minimum state specifications as established by rule by the superintendent, and supported options as determined by the superintendent in consultation with the regional transportation coordinators of the educational service districts.

(6) Beginning with the 2005-06 school year, the superintendent of public instruction shall base depreciation payments for school district buses on the five-year average of lowest bids in the appropriate category of bus. In the final year on the depreciation schedule, the depreciation payment shall be based on the current state price. The superintendent may include a weighting or other adjustment factor in the averaging formula to ease the transition from the current-price depreciation system to the average depreciation system. Prior to making any depreciation payment in the 2005-06 school year, the superintendent shall notify the office of financial management and the fiscal committees of the legislature of the specific depreciation formula to be used. The replacement cost shall be based on the lowest bid in the appropriate bus category for that school year. A maximum of \$50,000 of the fiscal year 2006 appropriation may be expended for software programming costs associated with the implementation of this subsection.

Sec. 507. 2005 c 518 s 507 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS

General Fund--State Appropriation (FY 2006)	(\$460,032,000)
	<u>\$466,686,000</u>
General Fund--State Appropriation (FY 2007)	(\$471,961,000)

General Fund--Federal Appropriation (\$435,464,000)
	<u>\$435,634,000</u>
TOTAL APPROPRIATION	(\$1,367,457,000)
	<u>\$1,382,842,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall use the excess cost methodology developed and implemented for the 2001-02 school year using the S-275 personnel reporting system and all related accounting requirements to ensure that:

(i) Special education students are basic education students first;

(ii) As a class, special education students are entitled to the full basic education allocation; and

(iii) Special education students are basic education students for the entire school day.

(b) The S-275 and accounting changes in effect since the 2001-02 school year shall supercede any prior excess cost methodologies and shall be required of all school districts.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state and federal funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(5)(a) For the 2005-06 and 2006-07 school years, the superintendent shall make allocations to each district based on the sum of:

FIFTY-SEVENTH DAY, MARCH 6, 2006

2006 REGULAR SESSION

(i) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, \$18,940,000 of the general fund--state appropriation and (~~(\$28,698,000)~~) \$29,081,000 of the general fund--federal appropriation are provided for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (5) of this section. If safety net awards exceed the amount appropriated in this subsection (8), the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to

revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff from the office of superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(11) A maximum of \$678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(12) A maximum of \$1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(13) A maximum of \$100,000 of the general fund--federal appropriation shall be expended to create a special education ombudsman program within the office of superintendent of public instruction. The purpose of the program is to provide support to parents, guardians, educators, and students with disabilities. The program will provide information to help families and educators understand state laws, rules, and regulations, and access training and support, technical information services, and mediation services. The ombudsman program will provide data, information, and appropriate recommendations to the office of superintendent of public instruction, school districts, educational service districts, state need projects, and the parent and teacher information center.

(14) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(15) A maximum of \$1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services.

(16) \$1,400,000 of the general fund--federal appropriation shall be expended for one-time grants to school districts for the start-up costs of implementing web-based programs that assist schools in meeting state and federal requirements regarding individualized education plans.

(17) The superintendent, consistent with the new federal IDEA reauthorization, shall continue to educate school districts on how to implement a birth-to-three program and review the cost effectiveness and learning benefits of early intervention.

(18) A school district may carry over from one year to the next year up to 10 percent of the general fund--state funds allocated under this program; however, carry over funds shall be expended in the special education program.

(19) \$1,874,000 of the general fund--state appropriation for fiscal year 2006 and \$1,874,000 of the general fund--state appropriation for fiscal year 2007 are provided solely for additional allocations to address extraordinary costs in the 2005-06 and 2006-07 school years resulting from the concentration of high-needs students in staffed residential home placements licensed by the department of social and health services.

(a) The superintendent shall provide school districts with an allocation for each public school student in that district who has a properly formulated individualized education program and who resides in a staffed residential home licensed by the department of social and health services. The allocation is an amount equal to the difference between the statewide average

FIFTY-SEVENTH DAY, MARCH 6, 2006

2006 REGULAR SESSION

per-pupil general apportionment allocation and the eligibility threshold for receiving a state-funded safety net grant for the extraordinary high cost needs of an individual student receiving special education services.

(b) In addition to the allocation in (a) of this subsection (19), the superintendent shall provide districts with a concentration allocation if the district's concentration of students who have properly formulated individualized education programs, who live in staffed residential homes, and who were originally placed by the division of developmental disabilities exceeds 1.5 per 1000 FTEs. For such districts, the superintendent shall provide a concentration allocation for each student who lives in a staffed residential home and has a properly formulated individualized education program. The concentration allocation is equal to the difference between the eligibility threshold for receiving a state-funded safety net allocation for the extraordinary high cost needs of an individual special education student and three times the statewide average per-pupil expenditure.

(c) The additional allocations in this subsection (19) are provided in lieu of special education excess cost funding for these students.

(d) In addition, school districts are eligible to pursue safety net funding beyond these additional allocations so that where districts demonstrate eligibility for safety net funding the combined basic education allocation, additional allocations in (a) and (b) of this subsection (19), and safety net grants recognize the high cost of serving staffed residential home students concentrated in a few school districts through state licensing of staffed residential home placements.

(e) For purposes of this subsection (19), "staffed residential home" means a home licensed by the department of social and health services to provide twenty-four hour care for six or fewer children or expectant mothers, which employs staff to care for them.

The offender must also register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. Failure to register at the time of release and within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

When the agency with jurisdiction intends to release an offender with a duty to register under this section, and the agency has knowledge that the offender is eligible for developmental disability services from the department of social and health services, the agency shall notify the division of developmental disabilities of the release. Notice shall occur not more than thirty days before the offender is to be released. The agency and the division shall assist the offender in meeting the initial registration requirement under this section. Failure to provide such assistance shall not constitute a defense for any violation of this section.

(ii) OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION. Sex offenders who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of corrections' active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must

register within ten days of July 28, 1991. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of corrections' active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iii) OFFENDERS UNDER FEDERAL JURISDICTION. Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. Sex offenders who, on July 23, 1995, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 23, 1995. Kidnapping offenders who, on July 27, 1997, are not in custody but are under the jurisdiction of the United States bureau of prisons, United States courts, United States parole commission, or military parole board for kidnapping offenses committed before, on, or after July 27, 1997, must register within ten days of July 27, 1997. A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(iii) as of July 23, 1995, or a kidnapping offender required to register as of July 27, 1997 shall not relieve the offender of the duty to register or to reregister following a change in residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(iv) OFFENDERS WHO ARE CONVICTED BUT NOT CONFINED. Sex offenders who are convicted of a sex offense on or after July 28, 1991, for a sex offense that was committed on or after February 28, 1990, and kidnapping offenders who are convicted on or after July 27, 1997, for a kidnapping offense that was committed on or after July 27, 1997, but who are not sentenced to serve a term of confinement immediately upon sentencing, shall report to the county sheriff to register immediately upon completion of being sentenced.

(v) OFFENDERS WHO ARE NEW RESIDENTS OR RETURNING WASHINGTON RESIDENTS. Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country that are not under the jurisdiction of the state department of corrections, the indeterminate sentence review board, or the state department of social and health services at the time of moving to Washington, must register within (~~(thirty)~~) three business days of establishing residence or reestablishing residence if the person is a former Washington resident. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes for offenses committed before, on, or after February 28, 1990, or Washington state for offenses committed before, on, or after February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed before, on, or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within

FIFTY-SEVENTH DAY, MARCH 6, 2006

twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

When an offender registers under this subsection (4)(a)(v), the county sheriff shall provide written notice to the offender that he or she is subject to Washington law for any new felony he or she commits within the state. The county sheriff shall require that the offender sign the notice and shall retain the signed copy of the notice as verification that the offender has received it. The county sheriff shall give a copy of the signed notice to the offender for his or her retention. The fact that an offender has or has not received the notice required under this subsection does not prohibit, or in any way limit, the ability of Washington or any other jurisdiction to prosecute the offender for any crimes committed in this state. The notice must be in at least ten point type and must be in substantially the following form:

NOTICE

AS A NEW OR RETURNING RESIDENT OF WASHINGTON STATE, YOU ARE SUBJECT TO WASHINGTON LAW FOR ANY NEW FELONY YOU COMMIT WITHIN THE STATE. ANY PRIOR CONVICTIONS YOU HAVE FROM OTHER JURISDICTIONS MAY AFFECT THE MANNER IN WHICH YOU ARE SENTENCED IN WASHINGTON. FOR EXAMPLE, YOUR SENTENCE FOR A NEW FELONY COMMITTED IN WASHINGTON COULD BE LIFE WITHOUT THE POSSIBILITY OF PAROLE IF YOUR CRIMINAL HISTORY INCLUDES A CONVICTION FROM WASHINGTON OR ANY OTHER JURISDICTION THAT WOULD BE CONSIDERED A "STRIKE" UNDER WASHINGTON'S PERSISTENT OFFENDER LAW. A LIST OF STRIKE OFFENSES MAY BE FOUND IN THE DEFINITION OF "PERSISTENT OFFENDER" IN RCW 9.94A.030.

SIGNATURE:

(vi) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

(vii) OFFENDERS WHO LACK A FIXED RESIDENCE. Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than twenty-four hours after entering the county and provide the information required in subsection (3)(b) of this section.

(viii) OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION. Offenders who

2006 REGULAR SESSION

lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(ix) OFFENDERS WHO MOVE TO, WORK, CARRY ON A VOCATION, OR ATTEND SCHOOL IN ANOTHER STATE. Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in another state shall register a new address, fingerprints, and photograph with the new state within ten days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state. The person must also send written notice within ten days of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (10) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence. The notice shall include the information required by subsection (3)(b) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

FIFTY-SEVENTH DAY, MARCH 6, 2006

2006 REGULAR SESSION

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. The county sheriff's office may require the person to list the locations where the person has stayed during the last seven days. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within five days of the entry of the order.

(8) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints.

(9) For the purpose of RCW 9A.44.130, 10.01.200, 43.43.540, 70.48.470, and 72.09.330:

(v) Any gross misdemeanor that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a sex offense under RCW 9.94A.030 or this subsection.

(c) "Employed" or "carries on a vocation" means employment that is full-time or part-time for a period of time exceeding fourteen days, or for an aggregate period of time exceeding thirty days during any calendar year. A person is employed or carries on a vocation whether the person's employment is financially compensated, volunteered, or for the purpose of government or educational benefit.

(d) "Student" means a person who is enrolled, on a full-time or part-time basis, in any public or private educational

institution. An educational institution includes any secondary school, trade or professional institution, or institution of higher education.

(10)(a) A person who knowingly fails to register with the county sheriff or notify the county sheriff, or who changes his or her name without notifying the county sheriff and the state patrol, as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a felony sex offense as defined in subsection (9)(a) of this section or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony sex offense as defined in subsection (9)(a) of this section.

(b) If the crime for which the individual was convicted was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

(11)(a) A person who knowingly fails to register or who moves within the state without notifying the county sheriff as required by this section is guilty of a class C felony if the crime for which the individual was convicted was a felony kidnapping offense as defined in subsection (9)(b) of this section or a federal or out-of-state conviction for an offense that under the laws of this state would be a felony kidnapping offense as defined in subsection (9)(b) of this section.

(b) If the crime for which the individual was convicted was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

(12) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a peace officer, including a county sheriff, or law enforcement agency, for failing to release information authorized under this section.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 46.20.037 and 2004 c 273 s 3 are each amended to read as follows:

(1) No later than (~~January 1, 2006~~) two years after full implementation of the provisions of Title II of P.L. 109-13, improved security for driver's licenses and personal identification cards (Real ID), as passed by Congress May 10, 2005, the department shall implement a voluntary biometric matching system for driver's licenses and identicards. (~~The~~) A biometric matching system shall be used only to verify the identity of an applicant for a renewal or duplicate driver's license or identicard by matching a biometric identifier submitted by the applicant against the biometric identifier submitted when the license was last issued. This project requires a full review by the information services board using the criteria for projects of the highest visibility and risk.

(2) (~~The~~) Any biometric matching system selected by the department shall be capable of highly accurate matching, and shall be compliant with biometric standards established by the American association of motor vehicle administrators.

(3) The biometric matching system selected by the department must incorporate a process that allows the owner of a driver's license or identicard to present a personal identification number or other code along with the driver's license or identicard before the information may be verified by a third party, including a governmental entity.

(4) Upon the establishment of a biometric driver's license and identicard system as described in this section, the department shall allow every person applying for an original, renewal, or duplicate driver's license or identicard to voluntarily submit a biometric identifier. (7) The department shall develop procedures to handle instances in which the biometric matching system fails to verify the identity of an applicant for a renewal or duplicate driver's license or identicard. These procedures shall allow an applicant to prove identity without using a biometric identifier.

(8) Any person who has voluntarily submitted a biometric identifier may choose to discontinue participation in the biometric matching program at any time, provided that the department utilizes a secure procedure to prevent fraudulent requests for a renewal or duplicate driver's license or identicard. When the person discontinues participation, any previously collected biometric information shall be destroyed.

(9) (~~If Engrossed Substitute Senate Bill No. 5428 or House Bill No. 1681 is enacted into law~~) This section does not apply when an applicant renews his or her driver's license or identicard by mail or electronic commerce." and the same are herewith transmitted.
