The department of ecology may issue a reclaimed water permit under chapter 90.48 RCW to the generator of reclaimed water who may then distribute the water, subject to provisions in the permit governing the location, rate, water quality, and purpose of use. The department of ecology shall not issue more than one permit for any individual land application of reclaimed water to a single generator.

(3) In cases where the department of ecology determines, in land applications of reclaimed water, that a significant risk to the public health exists, the department shall refer the application to the department of health for review and consultation and the department of health may require fees appropriate for review and consultation from the applicant pursuant to RCW 43.70.250.

(4) A permit under this section for use of reclaimed water may be issued only to:

(a) A municipal, quasi-municipal, or other governmental entity;

FIFTY-EIGHTH DAY, MARCH 7, 2006

2006 REGULAR SESSION

Nothing in this section limits the powers of the state or any political subdivision to exercise such authority.

(6) Before deciding whether to issue a permit under this section to a private utility, the department of ecology may require information that is reasonable and necessary to determine whether the private utility has the financial and other resources to ~~((assure))~~ ensure the reliability, continuity, and supervision of the reclaimed water facility.

Sec. 7. RCW 90.46.042 and 1995 c 342 s 6 are each amended to read as follows:

(1) The department of ecology shall, in consultation with the department of health, adopt a single set of standards, procedures, and guidelines, on or before December 31, 1996, for direct recharge using reclaimed water. The standards shall address both water quality considerations and avoidance of property damage from excessive recharge.

(2) Standards adopted under this section are superseded by any rules adopted by the department of ecology pursuant to section 1 of this act as they relate to direct recharge using reclaimed water.

Sec. 8. RCW 90.46.044 and 1995 c 342 s 7 are each amended to read as follows:

(2) Standards adopted under this section are superseded by any rules adopted by the department of ecology pursuant to section 1 of this act as they relate to discharge of reclaimed water to wetlands.

Sec. 9. RCW 90.46.080 and 1997 c 444 s 6 are each amended to read as follows:

(1) Except as otherwise provided in this section, reclaimed water may be beneficially used for surface percolation provided the reclaimed water meets the ground water recharge criteria as measured in ground water beneath or down gradient of the recharge project site, and has been incorporated into a sewer or water comprehensive plan, as applicable, adopted by the applicable local government and approved by the department of health or department of ecology as applicable.

(2) If the state ground water recharge criteria as defined by RCW 90.46.010 do not contain a standard for a constituent or contaminant, the department of ecology shall establish a discharge limit consistent with the goals of this chapter, except as otherwise provided in this section.

(3) Except as otherwise provided in this section, reclaimed water that does not meet the ground water recharge criteria may be beneficially used for surface percolation where the department of ecology, in consultation with the department of health, has specifically authorized such use at such lower standard.

(4) The provisions of this section are superseded by any rules adopted by the department of ecology pursuant to section 1 of this act as they relate to surface percolation.

Sec. 10. RCW 90.46.090 and 1997 c 444 s 7 are each amended to read as follows:

(1) Reclaimed water may be beneficially used for discharge into constructed beneficial use wetlands and constructed treatment wetlands provided the reclaimed water meets the class A or B reclaimed water standards as defined in the reclamation criteria, and the discharge is incorporated into a sewer or water comprehensive plan, as applicable, adopted by the applicable local government and approved by the department of health or department of ecology as applicable.

(2) Reclaimed water that does not meet the class A or B reclaimed water standards may be beneficially used for discharge into constructed treatment wetlands where the department of ecology, in consultation with the department of health, has specifically authorized such use at such lower standards.

(3)(a) The department of ecology and the department of health must develop appropriate standards for discharging reclaimed water into constructed beneficial use wetlands and constructed treatment wetlands. These standards must be considered as part of the approval process under subsections (1) and (2) of this section.

(b) Standards adopted under this section are superseded by any rules adopted by the department of ecology pursuant to section 1 of this act as they relate to discharge into constructed beneficial use wetlands and constructed treatment wetlands.

Sec. 11. RCW 90.46.100 and 1995 c 342 s 5 are each amended to read as follows:

(1) Reclaimed water intended for beneficial reuse may be discharged for streamflow augmentation provided the reclaimed water meets the requirements of the federal water pollution control act, chapter 90.48 RCW, and is incorporated into a sewer or water comprehensive plan, as applicable, adopted by the applicable local government and approved by the department of health or department of ecology as applicable.

(2) Standards adopted under this section are superseded by any rules adopted by the department of ecology pursuant to section 1 of this act as they relate to discharge of reclaimed water for streamflow augmentation.

Strike everything after the enacting clause and insert the following:

"PART I LOCAL INFRASTRUCTURE IMPROVEMENT FINANCING--GENERAL PROVISIONS

NEW SECTION. Sec. 101. The legislature recognizes that the state as a whole benefits from investment in public infrastructure because it promotes community and economic development. Public investment stimulates business activity and helps create jobs; stimulates the redevelopment of brownfields and blighted areas in the inner city; lowers the cost of housing; and promotes efficient land use. The legislature finds that these activities generate revenue for the state and that it is in the public interest to invest in these projects through a credit against the state sales and use tax and an allocation of property tax revenue to those sponsoring local governments that can demonstrate the expected returns to the state.

NEW SECTION. Sec. 102. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Base year" means the first calendar year following the creation of an infrastructure improvement area.

(2) "Department" means the department of revenue.

(3) "Excess state excise taxes" means the amount of excise taxes received by the state during the measurement year from taxable activity within the infrastructure improvement area over and above the amount of excise taxes received by the state during the base year from taxable activity within the infrastructure improvement area. However, if a local government creates an infrastructure improvement area and

reasonably determines that no activity subject to tax under chapters 82.08 and 82.12 RCW occurred in the twelve months immediately preceding the creation of the infrastructure improvement area within the boundaries of the area that became the infrastructure improvement area, "excess state excise taxes" means the entire amount of excise taxes received by the state during a calendar year period beginning with the calendar year immediately following the creation of the infrastructure improvement area and continuing with each measurement year thereafter.

(4) "Excise taxes" means the state retail sales and use taxes imposed under chapters 82.08 and 82.12 RCW.

(5) "Fiscal year" has the same meaning as in section 104(3) of this act.

(6) "Infrastructure improvement area" means the geographic area from which taxes are to be used to finance public improvements authorized under this chapter.

(7) "Local government" means any city, town, county, port district, or any combination thereof.

(8) "Local infrastructure improvement financing" means the sales and use tax authorized in section 201 of this act and the tax allocation revenues authorized in section 204 of this act.

(9) "Measurement year" means a calendar year, beginning with the calendar year following the base year and each calendar year thereafter, that is used annually to measure the amount of excess excise taxes required to be used to finance public improvement costs associated with public improvements financed in whole or in part by local infrastructure improvement financing.

(10) "Ordinance" means any appropriate method of taking legislative action by a local government.

(11) "Participating taxing authority" means a taxing authority that has entered into a written agreement with a local government for the use of local infrastructure improvement financing to the extent of allocating excess excise taxes to the local government for the purpose of financing all or a portion of the costs of designated public improvements.

(12) "Public improvements" means:

(a) Infrastructure improvements within the infrastructure improvement area that include:

(i) Street and road construction and maintenance, including highway interchange construction;

(ii) Water and sewer system construction and improvements, including wastewater reuse facilities;

(iii) Sidewalks and streetlights;

(iv) Parking, terminal, and dock facilities;

(v) Park and ride facilities of a transit authority;

(vi) Park facilities and recreational areas, including trails; and

(vii) Storm water and drainage management systems; and

(b) Expenditures for any of the following purposes:

(i) Providing environmental analysis, professional management, planning, and promotion within the infrastructure improvement area, including the management and promotion of retail trade activities in the infrastructure improvement area;

(ii) Providing maintenance and security for common or public areas in the infrastructure improvement area; or

(iii) Historic preservation activities authorized under RCW 35.21.395.

(13) "Public improvement costs" means the costs of: (a) Design, planning, acquisition, including land acquisition, site preparation including land clearing, construction, reconstruction, rehabilitation, improvement, and installation of public improvements; (b) demolishing, relocating, maintaining, and operating property pending construction of public improvements; (c) relocating utilities as a result of public improvements; (d) financing public improvements, including interest during construction, legal and other professional services, taxes, insurance, principal and interest costs on general indebtedness issued to finance public improvements, and any necessary reserves for general indebtedness; and (e)

FIFTY-EIGHTH DAY, MARCH 7, 2006

administrative expenses and feasibility studies reasonably necessary and related to these costs, including related costs that may have been incurred before adoption of the ordinance authorizing the public improvements and the use of local infrastructure improvement financing to fund the costs of the public improvements.

(14) "Tax allocation revenues" means those tax revenues derived from the receipt of excess excise taxes under section 204 of this act.

(15) "Taxing authority" means a governmental entity that imposes a sales or use tax under chapter 82.14 RCW upon the occurrence of any taxable event within a proposed or approved infrastructure improvement area.

NEW SECTION. Sec. 103. A local government may finance public improvements using local infrastructure improvement financing subject to the following conditions:

(1) The local government adopts an ordinance designating an infrastructure improvement area within its boundaries and the ordinance specifies the public improvements proposed to be financed in whole or in part with the use of local infrastructure improvement financing. An infrastructure improvement area shall be geographically restricted to the location of the public improvement and adjacent locations that the local government finds to have a high likelihood of receiving direct positive business and economic impacts due to the public improvement, such as a neighborhood or a block. An infrastructure improvement area shall not encompass any one political jurisdiction in its entirety;

(2) The public improvements proposed to be financed in whole or in part using local infrastructure improvement financing are expected to encourage private development within the infrastructure improvement area;

(3) The local government has entered or expects to enter into a contract with a private developer relating to the development of private improvements within the infrastructure improvement area or has received a letter of intent from a private developer relating to the developer's plans for the development of private improvements within the infrastructure improvement area;

(4) Private development that is anticipated to occur within the infrastructure improvement area, as a result of the public improvements, will be consistent with the countywide planning policy adopted by the county under RCW 36.70A.210 and the local government's comprehensive plan and development regulations adopted under chapter 36.70A RCW;

(5) The local government may not use local infrastructure improvement financing to finance the costs associated with the financing, design, acquisition, construction, equipping, operating, maintaining, remodeling, repairing, and reequipping of public facilities funded with taxes collected under RCW 82.14.048;

(6) The governing body of the local government must make a finding that local infrastructure improvement financing: (a) Will not be used for the purpose of relocating a business from outside the infrastructure improvement area, but within this state, into the infrastructure improvement area; (b) will improve the viability of existing business entities within the infrastructure improvement area; and (c) will be used exclusively in areas within the jurisdiction of the local government deemed in need of economic development and/or redevelopment, and absent the financing available under this act the proposed economic development and/or redevelopment would more than likely not occur;

(7) The governing body of the local government finds that the public improvements proposed to be financed in whole or in part using local infrastructure improvement financing are reasonably likely to:

(a) Increase private investment within the infrastructure improvement area;

(b) Increase employment within the infrastructure improvement area; and

2006 REGULAR SESSION

(c) Generate, over the period of time that the local sales and use tax will be imposed under section 201 of this act, state and local sales and use tax revenues that are equal to or greater than the respective state and local contributions made under this chapter.

NEW SECTION. Sec. 104. (1) Before adopting an ordinance creating the infrastructure improvement area, a local government must hold a public hearing on the proposed financing of the public improvement in whole or in part with local infrastructure improvement financing.

(a) Notice of the public hearing must be published in a legal newspaper of general circulation within the proposed infrastructure improvement area at least ten days before the public hearing and posted in at least six conspicuous public places located in the proposed infrastructure improvement area.

(b) Notice must also be sent by United States mail to the property owners and the business enterprises located within the proposed infrastructure improvement area at least thirty days prior to the hearing. In implementing provisions under this act, the local governing body may also consult with business organizations, including the local chamber of commerce, and the office of minority and women's business enterprises to assist with providing appropriate notice to business enterprises and property owners for whom English is a second language.

(c) Notices must describe the contemplated public improvements, estimate the costs of the public improvements, describe the portion of the costs of the public improvements to be borne by local infrastructure improvement financing, describe any other sources of revenue to finance the public improvements, describe the boundaries of the proposed infrastructure improvement area, and estimate the period during which local infrastructure improvement financing is contemplated to be used. The public hearing may be held by either the governing body of the local government, or a committee of the governing body that includes at least a majority of the whole governing body.

(2) In order to create an infrastructure improvement area, a local government must adopt an ordinance establishing the infrastructure improvement area that:

(a) Describes the public improvements;

(b) Describes the boundaries of the infrastructure improvement area;

(c) Estimates the cost of the public improvements and the portion of these costs to be financed by local infrastructure improvement financing;

(d) Estimates the time during which tax allocation revenue is to be used to finance public improvement costs associated with the public improvements financed in whole or in part by local infrastructure improvement financing;

(e) Estimates the average amount of tax allocation revenue to be received in all fiscal years through the imposition of a sales and use tax under section 201 of this act;

(f) Provides the date when the apportionment of tax allocation will commence; and

(g) Finds that the conditions of section 103 of this act are met.

(3) For purposes of this section, "fiscal year" means the year beginning July 1st and ending the following June 30th.

NEW SECTION. Sec. 105. The local government shall:

(1) Publish notice in a legal newspaper of general circulation within the infrastructure improvement area that describes the public improvement, describes the boundaries of the infrastructure improvement area, and identifies the location and times where the ordinance and other public information concerning the public improvement may be inspected; and

(2) Deliver a certified copy of the ordinance to the county treasurer and the governing body of each participating taxing authority within which the infrastructure improvement area is located.

PART II

FIFTY-EIGHTH DAY, MARCH 7, 2006

2006 REGULAR SESSION

**LOCAL INFRASTRUCTURE IMPROVEMENT
FINANCING--
SALES AND USE TAX REVENUE**

NEW SECTION. Sec. 201. A new section is added to chapter 82.14 RCW to read as follows:

(1) A city, town, or county that creates an infrastructure improvement area and finances public improvements pursuant to chapter 82.-- RCW (the new chapter created in section 404 of this act) may impose a sales and use tax in accordance with the terms of this chapter and subject to the criteria set forth in this section. Except as provided in this section, the tax is in addition to other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the taxing jurisdiction of the city, town, or county. The rate of tax shall be calculated as provided in subsection (6) of this section, but shall not exceed the rate provided in RCW 82.08.020(1) in the case of a sales tax or the rate provided in RCW 82.12.020(5) in the case of a use tax, less the aggregate rates of any other taxes imposed on the same events that are credited against the state taxes imposed under chapters 82.08 and 82.12 RCW.

(2) The tax imposed under subsection (1) of this section shall be credited against the amount of tax otherwise required to be deposited in the general fund under chapter 82.08 or 82.12 RCW. The department shall perform the collection of such taxes on behalf of the city, town, or county at no cost to the city, town, or county.

(3) No tax may be imposed under this section before July 1, 2008. The tax imposed under this section shall expire when the bonds issued under the authority of chapter 82.-- RCW (the new chapter created in section 404 of this act) are retired, but not more than twenty-five years after the tax is first imposed.

(4) An ordinance adopted by the legislative authority of a city, town, or county imposing a tax under this section shall provide that:

(a) The tax shall first be imposed on the first day of a fiscal year.

(b) The amount of tax received by the local government in any fiscal year shall not exceed the amount of the state contribution.

(5) If both a county and a city or town impose a tax under this section, the tax imposed by the city, town, or county shall be credited as follows:

(a) If the county has created an infrastructure improvement area before the city or town, the tax imposed by the county shall be credited against the tax imposed by the city or town, the purpose of such credit is to give priority to the county tax; and

(b) If the city or town has created an infrastructure improvement area before the county, the tax imposed by the city or town shall be credited against the tax imposed by the county, the purpose of such credit is to give priority to the city or town tax.

(6) The rate of tax shall be calculated to equal the excess state excise taxes in the infrastructure improvement area, except that the rate shall be an amount that will not exceed one million five hundred dollars per fiscal year. If the rate of tax produces an amount that is in excess of one million five hundred thousand dollars per fiscal year, the following year's tax rate shall be adjusted downward, and the amount over one million five hundred thousand dollars shall be a debt from the local government to the state until paid to the state.

(7) The definitions in section 102 of this act and in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "State contribution" means the lesser of one million five hundred thousand dollars or excess state excise taxes received by the state during the preceding calendar year.

(b) "Tax allocation revenues" has the same meaning as in section 102 of this act.

NEW SECTION. Sec. 202. A new section is added to chapter 82.14 RCW to read as follows:

(1) Moneys collected from the taxes imposed under section 201 of this act shall be used only for the purpose of principal and interest payments on bonds issued under the authority of section 301 of this act and must be matched, dollar for dollar, with an amount from local public sources dedicated through December 31st of the previous calendar year to finance public improvements authorized under chapter 82.-- RCW (the new chapter created in section 404 of this act). Such local public sources include, but are not limited to, private monetary contributions and tax revenues other than the taxes imposed under section 201 of this act. Local public sources are dedicated to finance public improvements if they are actually expended to pay public improvement costs or are required by law or an agreement to be used exclusively to pay public improvement costs.

(2) A local government shall inform the department by the first day of March of the amount of local public sources dedicated in the preceding calendar year to finance public improvements authorized under chapter 82.-- RCW (the new chapter created in section 404 of this act).

(3) If a local government fails to comply with subsection (2) of this section, no tax may be imposed under section 201 of this act in the subsequent fiscal year.

(4) A local government shall provide a report to the department by March 1st of each year. The report shall contain the following information:

(a) The amount of tax allocation revenues, taxes under section 201 of this act, and local public sources received by the local government during the preceding calendar year, and a summary of how these revenues were expended;

(b) The names of any businesses locating within the infrastructure improvement area as a result of the public improvements undertaken by the local government and financed in whole or in part with local infrastructure improvement financing;

(c) The total number of permanent jobs created as a result of the public improvements undertaken by the local government and financed in whole or in part with local infrastructure improvement financing;

(d) The average wages and benefits received by all employees of businesses locating within the infrastructure improvement area as a result of the public improvements undertaken by the local government and financed in whole or in part with local infrastructure improvement financing; and

(e) That the local government is in compliance with section 103(6)(c) of this act.

(5) The department shall make a report available to the public and the legislature by June 1st of each year. The report shall include a list of public improvements undertaken by local governments and financed in whole or in part with local infrastructure improvement financing, and it shall also include a summary of the information provided to the department by local governments under subsection (4) of this section.

(6) The definitions in section 102 of this act apply to this section.

NEW SECTION. Sec. 203. A new section is added to chapter 82.32 RCW to read as follows:

(1) As a condition to imposing a sales and use tax under section 201 of this act, a city, town, or county must apply to the department at least seventy-five days before the effective date of any such tax. The application shall be in a form and manner prescribed by the department and shall include but is not limited to information establishing that the applicant is eligible to impose such a tax, the anticipated effective date for imposing the tax, the estimated number of years that the tax will be imposed, and the estimated amount of tax revenue to be received in each fiscal year that the tax will be imposed. For purposes of this section, "fiscal year" means the year beginning July 1st and ending the following June 30th. The department

FIFTY-EIGHTH DAY, MARCH 7, 2006

2006 REGULAR SESSION

shall make available forms to be used for this purpose. As part of the application, a city, town, or county must provide to the department a copy of the ordinance creating the infrastructure improvement area as required in section 103 of this act. The department shall rule on completed applications within sixty days of receipt. The department may begin accepting and approving applications August 1, 2006. No new applications shall be considered by the department after the thirtieth day of September of the third year following the year in which the first application was received by the department.

(2) The authority to impose the local option sales and use taxes under section 201 of this act is on a first-come basis. Priority for collecting the taxes authorized under section 201 of this act among approved applicants shall be based on the date that the approved application was received by the department. As a part of the approval of applications under this section, the department shall approve the amount of tax under section 201 of this act that an applicant may impose. The amount of tax approved by the department shall not exceed the average amount of tax revenue that the applicant estimates that it will receive in all fiscal years through the imposition of a sales and use tax under section 201 of this act up to a maximum of one million five hundred dollars. A city, town, or county shall not receive, in any fiscal year, more revenues from taxes imposed under section 201 of this act than the amount approved by the department. The department shall not approve the receipt of more credit against the state sales and use tax than is authorized under subsection (3) of this section.

(3) The amount of credit against the state sales and use tax is limited to no more than five million dollars of credit against the state sales and use tax received by all cities, towns, and counties imposing a tax under section 201 of this act. This amount shall be adjusted annually, beginning in the fiscal year beginning July 1, 2008, by an amount representing the fiscal growth factor as defined in RCW 43.135.025.

(4) The credit against the state sales and use tax shall be available to any city, town, or county imposing a tax under section 201 of this act only as long as the city, town, or county has outstanding indebtedness under RCW 39.89.080.

(5) The department may adopt rules under chapter 34.05 RCW necessary for the administration of sections 201 through 204 of this act.

NEW SECTION. Sec. 204. (1) A local government that creates an infrastructure improvement area and has received approval from the department under section 203 of this act to impose the local option sales and use tax authorized in section 201 of this act may use annually any excess excise taxes received by it from taxable activity within the infrastructure improvement area to finance public improvement costs associated with the public improvements financed in whole or in part by local infrastructure improvement financing. The use of excess excise taxes must cease when tax allocation revenues are no longer necessary or obligated to pay the costs of the public improvements.

(2) A local government consisting solely of a port district may use excess excise taxes as provided in this section only to the extent that any participating taxing authority allocates excess excise taxes to the local government.

(3) A local government shall provide the department accurate information describing the geographical boundaries of the infrastructure improvement area at least seventy-five days before the effective date of the ordinance creating the infrastructure improvement area. The local government shall ensure that the boundary information provided to the department is kept current.

(4) The department shall provide each local government that has provided boundary information to the department as provided in this section and that has received approval from the department under section 203 of this act to impose the local option sales and use tax authorized in section 201 of this act with the necessary information to calculate excess excise taxes.

PART III BOND AUTHORIZATION

NEW SECTION. Sec. 301. (1) A local government designating an infrastructure improvement area and authorizing the use of local infrastructure improvement financing may incur general indebtedness, and issue general obligation bonds, to finance the public improvements and retire the indebtedness in whole or in part from tax allocation revenues and from the sales and use tax authorized in section 201 of this act it receives, subject to the following requirements:

(a) The ordinance adopted by the local government creating the infrastructure improvement area and authorizing the use of local infrastructure improvement financing indicates an intent to incur this indebtedness and the maximum amount of this indebtedness that is contemplated; and

(b) The local government includes this statement of the intent in all notices required by section 104 of this act.

(2) The general indebtedness incurred under subsection (1) of this section may be payable from other tax revenues, the full faith and credit of the local government, and nontax income, revenues, fees, and rents from the public improvements, as well as contributions, grants, and nontax money available to the local government for payment of costs of the public improvements or associated debt service on the general indebtedness.

(3) In addition to the requirements in subsection (1) of this section, a local government designating an infrastructure improvement area and authorizing the use of local infrastructure improvement financing may require the nonpublic participant to provide adequate security to protect the public investment in the public improvement within the infrastructure improvement area.

(4) Bonds issued under this section shall be authorized by ordinance of the local governing body and may be issued in one or more series and shall bear such date or dates, be payable upon demand or mature at such time or times, bear interest at such rate or rates, be in such denomination or denominations, be in such form either coupon or registered as provided in RCW 39.46.030, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption with or without premium, be secured in such manner, and have such other characteristics, as may be provided by such ordinance or trust indenture or mortgage issued pursuant thereto.

(5) The local government may annually pay into a fund to be established for the benefit of bonds issued under this section a fixed proportion or a fixed amount of any tax allocation revenues derived from property or business activity within the infrastructure improvement area containing the public improvements funded by the bonds, such payment to continue until all bonds payable from the fund are paid in full. The local government may also annually pay into the fund established in this section a fixed proportion or a fixed amount of any revenues derived from taxes imposed under section 201 of this act, such payment to continue until all bonds payable from the fund are paid in full. Revenues derived from taxes imposed under section 201 of this act are subject to the use restriction in section 202 of this act.

(6) In case any of the public officials of the local government whose signatures appear on any bonds or any coupons issued under this chapter shall cease to be such officials before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such officials had remained in office until such delivery. "PART I INTENT AND DEFINITIONS

NEW SECTION. Sec. 101. INTENT. The legislature recognizes that the state as a whole benefits from investment in public infrastructure because it promotes community and economic development. Public investment stimulates business activity and helps create jobs; stimulates the redevelopment of brownfields and blighted areas in the inner city; lowers the cost of housing; and promotes efficient land use. The legislature finds that these activities generate revenue for the state and that it is in the public interest to invest in these projects through a credit against the state sales and use tax and an allocation of property tax revenue to those sponsoring local governments that can demonstrate the expected returns to the state.

NEW SECTION. Sec. 102. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(a) If a sponsoring local government creates a revenue development area and reasonably determines that no activity subject to tax under chapters 82.08 and 82.12 RCW occurred in the twelve months immediately preceding the creation of the revenue development area within the boundaries of the area that became the revenue development area, "local excise tax allocation revenue" means the entire amount of local excise taxes received by the sponsoring local government during a calendar year period beginning with the calendar year immediately following the creation of the revenue development area and continuing with each measurement year thereafter; and

development area under this chapter without creating a new increment area under sections 207 and 208 of this act if it amends its ordinance to comply with section 207(1) of this act and otherwise meets the conditions and limitations under this chapter.

(3) As a condition to imposing a sales and use tax under section 401 of this act, a sponsoring local government, including any cosponsoring local government seeking authority to impose a sales and use tax under section 401 of this act, must apply to the board and be approved for a project award amount. (5) A revenue development area is considered created when the sponsoring local government, including any cosponsoring local government, has adopted an ordinance creating the revenue development area and the board has approved the sponsoring local government to use local infrastructure financing. If a sponsoring local government receives approval from the board after the fifteenth day of October to use local infrastructure financing, the revenue development area is considered created in the calendar year following the approval. Once the board has approved the sponsoring local government, and any cosponsoring local governments, to use local infrastructure financing, notification shall be sent to the sponsoring local government, and any cosponsoring local governments, authorizing the sponsoring local government, and any cosponsoring local governments, to impose the local sales and use tax authorized under section 401 of this act, subject to the conditions in section 401 of this act.

(6) The governing body of the sponsoring local government, and any cosponsoring local government, must make a finding that local infrastructure financing:

PART III TAX ALLOCATION REVENUES

NEW SECTION. Sec. 301. LOCAL EXCISE TAX ALLOCATION REVENUES. (1) A sponsoring local government or participating local government that has received approval by the board to use local infrastructure financing may use annually its local excise tax allocation revenues to finance public improvements in the revenue development area financed in whole or in part by local infrastructure financing. The use of local excise tax allocation revenues dedicated by participating local governments must cease when such allocation revenues are no longer necessary or obligated to pay bonds issued to finance the public improvements in the revenue development area. Any participating local government is authorized to dedicate local excise tax allocation revenues to the sponsoring local government as authorized in section 206(1) of this act.

(2) A sponsoring local government shall provide the board accurate information describing the geographical boundaries of the revenue development area at the time of application. The sponsoring local government shall ensure that the boundary information provided to the board and department is kept current.

(3) In the event a city annexes a county area located within a county-sponsored revenue development area, the city shall remit to the county the portion of the local excise tax allocation revenue that the county would have received had the area not been annexed to the county. The city shall remit such revenues until such time as the bonds issued under section 501 of this act are retired.

(b) The sponsoring local government shall receive an additional portion of the regular property taxes levied by it and by or for each participating taxing district upon the property tax allocation revenue value within the revenue development area. However, if there is no property tax allocation revenue value, the sponsoring local government shall not receive any additional regular property taxes under this subsection (1)(b). The sponsoring local government may agree to receive less than the full amount of the additional portion of regular property taxes under this subsection (1)(b) as long as bond debt service, reserve, and other bond covenant requirements are satisfied, in which case the balance of these tax receipts shall be allocated to the participating taxing districts that levied regular property taxes, or have regular property taxes levied for them, in the revenue development area for collection that year in proportion to their regular tax levy rates for collection that year. The sponsoring local government may request that the treasurer transfer this additional portion of the property taxes to its designated agent. The portion of the tax receipts distributed to the sponsoring local government or its agent under this subsection (1)(b) may only be expended to finance public improvement costs associated with the public improvements financed in whole or in part by local infrastructure financing.

(2) The county assessor shall allocate any increase in the assessed value of real property occurring in the revenue development area to the property tax allocation revenue value and property tax allocation revenue base value as appropriate. This section does not authorize revaluations of real property by the assessor for property taxation that are not made in accordance with the assessor's revaluation plan under chapter 84.41 RCW or under other authorized revaluation procedures.

(3) The apportionment of increases in assessed valuation in a revenue development area, and the associated distribution to the sponsoring local government of receipts from regular property taxes that are imposed on the property tax allocation revenue value, must cease when property tax allocation revenues are no longer necessary or obligated to pay the costs of the public improvements. Any excess local property tax allocation revenues derived from regular property taxes and earnings on these tax allocation revenues, remaining at the time the allocation of tax receipts terminates, must be returned to the county treasurer and distributed to the participating taxing districts that imposed regular property taxes, or had regular property taxes imposed for it, in the revenue development area for collection that year, in proportion to the rates of their regular property tax levies for collection that year.

(4) The allocation to the revenue development area of portions of the local regular property taxes levied by or for each taxing district upon the property tax allocation revenue value within that revenue development area is declared to be a public purpose of and benefit to each such taxing district.

(5) The allocation of local property tax allocation revenues pursuant to this section shall not affect or be deemed to affect the rate of taxes levied by or within any taxing district or the consistency of any such levies with the uniformity requirement of Article VII, section 1 of the state Constitution.

(6) This section does not apply to those revenue development areas that include any part of an increment area created under chapter 39.89 RCW.

**PART IV
STATE CONTRIBUTIONS**

NEW SECTION. Sec. 401. A new section is added to chapter 82.14 RCW to read as follows:

SALES AND USE TAX. (1) A sponsoring local government, and any cosponsoring local government, that has been approved by the board to use local infrastructure financing may impose a sales and use tax in accordance with the terms of this chapter and subject to the criteria set forth in this section. Except as provided in this section, the tax is in addition to other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the taxing jurisdiction of the sponsoring local government or cosponsoring local government. The rate of tax shall not exceed the rate provided in RCW 82.08.020(1), less the aggregate rates of any other local sales and use taxes imposed on the same taxable events that are credited against the state sales and use taxes imposed under chapters 82.08 and 82.12 RCW. The rate of tax may be changed only on the first day of a fiscal year as needed. Notice of rate changes must be provided to the department on the first day of March to be effective on July 1st of the next fiscal year.

(2) The tax authorized under subsection (1) of this section shall be credited against the state taxes imposed under chapter 82.08 or 82.12 RCW. The department shall perform the collection of such taxes on behalf of the sponsoring local government or cosponsoring local government at no cost to the sponsoring local government or cosponsoring local government and shall remit the taxes as provided in RCW 82.14.060.

(3)(a) No tax may be imposed under this section:

(i) Before July 1, 2008;

(ii) Before approval by the board under section 202 of this act; and

(iii) Except as provided in (b) of this subsection, unless the sponsoring local government has received and dedicated to the payment of bonds authorized in section 501 of this act, in whole or in part, both local excise tax allocation revenues and local property tax allocation revenues during the preceding calendar year.

(b) The requirement to receive local property tax allocation revenues under (a) of this subsection is waived if the revenue development area coincides with or is contained entirely within the boundaries of an increment area adopted by a local government under the authority of chapter 39.89 RCW for the purposes of utilizing community revitalization financing.

(c) The tax imposed under this section shall expire when the bonds issued under the authority of section 501 of this act are retired, but not more than twenty-five years after the tax is first imposed.

(4) An ordinance adopted by the legislative authority of a sponsoring local government or cosponsoring local government imposing a tax under this section shall provide that:

(a) The tax shall first be imposed on the first day of a fiscal year;

(b) The cumulative amount of tax received by the sponsoring local government, and any cosponsoring local government, in any fiscal year shall not exceed the amount of the state contribution;

(c) The tax shall cease to be distributed for the remainder of any fiscal year in which either:

(i) The amount of tax received by the sponsoring local government, and any cosponsoring local government, equals the amount of the state contribution;

(ii) The amount of revenue from taxes imposed under this section by all sponsoring and cosponsoring local governments equals the annual state contribution limit; or

(iii) The amount of tax received by the sponsoring local government equals the amount of project award granted in the approval notice described in section 202 of this act;

(d) Except when the requirement to receive local property tax allocation revenues is waived as provided in subsection (3)(b) of this section, neither the local excise tax allocation revenues nor the local property tax allocation revenues can be more than eighty percent of the total local funds as described in section 102(29)(c) of this act;

(e) The tax shall be distributed again, should it cease to be distributed for any of the reasons provided in (c) of this subsection, at the beginning of the next fiscal year, subject to the restrictions in this section; and

(f) Any revenue generated by the tax in excess of the amounts specified in (c) of this subsection shall belong to the state of Washington.

(5) If a county and city cosponsor a revenue development area, the combined rates of the city and county tax shall not exceed the rate provided in RCW 82.08.020(1), less the aggregate rates of any other local sales and use taxes imposed on the same taxable events that are credited against the state sales and use taxes imposed under chapters 82.08 and 82.12 RCW. The combined amount of distributions received by both the city and county may not exceed the state contribution.

(6) The department shall determine the amount of tax receipts distributed to each sponsoring local government, and any cosponsoring local government, imposing sales and use tax under this section and shall advise a sponsoring or cosponsoring local government when tax distributions for the fiscal year equal the amount of state contribution for that fiscal year as provided in subsection (8) of this section. Determinations by the department of the amount of tax distributions attributable to each sponsoring or cosponsoring local government are final and shall not be used to challenge the validity of any tax imposed under this section. The department shall remit any tax receipts in excess of the amounts specified in subsection (4)(c) of this

FIFTY-EIGHTH DAY, MARCH 7, 2006

section to the state treasurer who shall deposit the money in the general fund.

(7) If a sponsoring or cosponsoring local government fails to comply with section 403 of this act, no tax may be distributed in the subsequent fiscal year until such time as the sponsoring or cosponsoring local government complies and the department calculates the state contribution amount for such fiscal year.

(8) Each year, the amount of taxes approved by the department for distribution to a sponsoring or cosponsoring local government in the next fiscal year shall be equal to the state contribution and shall be no more than the total local funds as described in section 102(29)(c) of this act. The department shall consider information from reports described in section 403 of this act when determining the amount of state contributions for each fiscal year. A sponsoring or cosponsoring local government shall not receive, in any fiscal year, more revenues from taxes imposed under the authority of this section than the amount approved annually by the department. The department shall not approve the receipt of more distributions of sales and use tax under this section to a sponsoring or cosponsoring local government than is authorized under subsection (4) of this section.

(9) The amount of tax distributions received from taxes imposed under the authority of this section by all sponsoring and cosponsoring local governments is limited annually to not more than five million dollars. The tax distributions shall be available to the sponsoring local government, and any cosponsoring local government, imposing a tax under this section only as long as the sponsoring local government has outstanding indebtedness under section 501 of this act.

(10) The definitions in section 102 of this act apply to this section unless the context clearly requires otherwise.

(11) If a sponsoring local government is a federally recognized Indian tribe, the distribution of the sales and use tax authorized under this section shall be authorized through an interlocal agreement pursuant to chapter 39.34 RCW.

NEW SECTION. Sec. 402. USE OF FUNDS. Money collected from the taxes imposed under section 401 of this act shall be used only for the purpose of principal and interest payments on bonds issued under the authority of section 501 of this act.

NEW SECTION. Sec. 403. REPORTING REQUIREMENTS. (1) A sponsoring local government shall provide a report to the board and the department by March 1st of each year. The report shall contain the following information:

(a) The amount of local excise tax allocation revenues, and local property tax allocation revenues, taxes under section 401 of this act, and revenues from local public sources received by the sponsoring local government during the preceding calendar year that were dedicated to pay the public improvements financed in whole or in part with local infrastructure financing, and a summary of how these revenues were expended;

(b) The names of any businesses locating within the revenue development area as a result of the public improvements undertaken by the sponsoring local government and financed in whole or in part with local infrastructure financing;

(c) The total number of permanent jobs created in the revenue development area as a result of the public improvements undertaken by the sponsoring local government and financed in whole or in part with local infrastructure financing;

(d) The average wages and benefits received by all employees of businesses locating within the revenue development area as a result of the public improvements undertaken by the sponsoring local government and financed in whole or in part with local infrastructure financing; and

PART V BOND AUTHORIZATION

NEW SECTION. Sec. 501. BOND ISSUANCE. (1) A sponsoring local government that has designated a revenue development area and been authorized the use of local infrastructure financing may incur general indebtedness, and issue general obligation bonds, to finance the public improvements and retire the indebtedness in whole or in part from tax allocation revenues it receives, subject to the following requirements:

(a) The ordinance adopted by the sponsoring local government and authorizing the use of local infrastructure financing indicates an intent to incur this indebtedness and the maximum amount of this indebtedness that is contemplated; and

(b) The sponsoring local government includes this statement of the intent in all notices required by section 207 of this act.

(2)(a) Except as provided in (b) of this subsection, the general indebtedness incurred under subsection (1) of this section may be payable from other tax revenues, the full faith and credit of the local government, and nontax income, revenues, fees, and rents from the public improvements, as well as contributions, grants, and nontax money available to the local government for payment of costs of the public improvements or associated debt service on the general indebtedness.

(b) A sponsoring local government that issues bonds under this section shall not pledge any money received from the state of Washington for the payment of such bonds, other than the local sales and use taxes imposed under the authority of section 401 of this act and collected by the department.

(3) In addition to the requirements in subsection (1) of this section, a sponsoring local government designating a revenue development area and authorizing the use of local infrastructure financing may require the nonpublic participant to provide adequate security to protect the public investment in the public improvement within the revenue development area.

(4) Bonds issued under this section shall be authorized by ordinance of the governing body of the sponsoring local government and may be issued in one or more series and shall bear such date or dates, be payable upon demand or mature at such time or times, bear interest at such rate or rates, be in such denomination or denominations, be in such form either coupon or registered as provided in RCW 39.46.030, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption with or without premium, be secured in such manner, and have such other characteristics, as may be provided by such ordinance or trust indenture or mortgage issued pursuant thereto.

(5) The sponsoring local government may annually pay into a fund to be established for the benefit of bonds issued under this section a fixed proportion or a fixed amount of any local excise tax allocation revenues and local property tax allocation revenues derived from property or business activity within the revenue development area containing the public improvements funded by the bonds, such payment to continue until all bonds payable from the fund are paid in full. The local government may also annually pay into the fund established in this section a fixed proportion or a fixed amount of any revenues derived from taxes imposed under section 401 of this act, such payment to continue until all bonds payable from the fund are paid in full. Revenues derived from taxes imposed under section 401 of this act are subject to the use restriction in section 402 of this act.

FIFTY-EIGHTH DAY, MARCH 7, 2006

2006 REGULAR SESSION

(6) In case any of the public officials of the sponsoring local government whose signatures appear on any bonds or any coupons issued under this chapter shall cease to be such officials before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such officials had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds issued under this chapter are fully negotiable.

(7) Notwithstanding subsections (4) through (6) of this section, bonds issued under this section may be issued and sold in accordance with chapter 39.46 RCW.

NEW SECTION. Sec. 502. USE OF TAX REVENUE FOR BOND REPAYMENT. A sponsoring local government that issues bonds under section 501 of this act to finance public improvements may pledge for the payment of such bonds all or part of any local excise tax allocation revenues and all or part of any local property tax allocation revenues dedicated by the sponsoring local government, any participating local government, or participating taxing district. The sponsoring local government may also pledge all or part of any revenues derived from taxes imposed under section 401 of this act and held in connection with the public improvements. All of such tax revenues are subject to the use restrictions in sections 202 through 205 of this act, and the process requirements in section 206(1) of this act.

NEW SECTION. Sec. 503. BONDS ISSUED NOT AN OBLIGATION OF THE STATE OF WASHINGTON. The bonds issued by a sponsoring local government under section 501 of this act to finance public improvements shall not constitute an obligation of the state of Washington, either general or special.

NEW SECTION. Sec. 504. GENERAL INDEBTEDNESS--SECURITY. (1) A sponsoring local government designating a revenue development area and authorizing the use of local infrastructure financing may incur general indebtedness, and issue general obligation bonds, to finance the public improvements and retire the indebtedness in whole or in part from local excise tax allocation revenues and local property tax allocation revenues it receives, subject to the following requirements:

(a) The ordinance adopted by the sponsoring local government creating the revenue development area and authorizing the use of local infrastructure financing indicates an intent to incur this indebtedness and the maximum amount of this indebtedness that is contemplated; and

(b) The sponsoring local government includes this statement of the intent in all notices required by sections 205 and 206 of this act.

(2) The general indebtedness incurred under subsection (1) of this section may be payable from other tax revenues, the full faith and credit of the sponsoring local government, and nontax income, revenues, fees, and rents from the public improvements, as well as contributions, grants, and nontax money available to the sponsoring local government for payment of costs of the public improvements or associated debt service on the general indebtedness.

(3) In addition to the requirements in subsection (1) of this section, a sponsoring local government designating a revenue development area and authorizing the use of local infrastructure financing may require the nonpublic participant to provide adequate security to protect the public investment in the public improvement within the revenue development area.

NEW SECTION. Sec. 505. REVENUE BONDS. (1) A sponsoring local government may issue revenue bonds to fund revenue-generating public improvements, or portions of public improvements, that are located within a revenue development area. Whenever revenue bonds are to be issued, the legislative authority of the sponsoring local government shall create or have created a special fund or funds from which, along with any reserves created pursuant to RCW 39.44.140, the principal and interest on these revenue bonds shall exclusively be payable.

The legislative authority of the sponsoring local government may obligate the sponsoring local government to set aside and pay into the special fund or funds a fixed proportion or a fixed amount of the revenues from the public improvements that are funded by the revenue bonds. This amount or proportion is a lien and charge against these revenues, subject only to operating and maintenance expenses. The sponsoring local government shall have due regard for the cost of operation and maintenance of the public improvements that are funded by the revenue bonds, and shall not set aside into the special fund or funds a greater amount or proportion of the revenues that in its judgment will be available over and above the cost of maintenance and operation and the amount or proportion, if any, of the revenue previously pledged. The sponsoring local government may also provide that revenue bonds payable out of the same source or sources of revenue may later be issued on a parity with any revenue bonds being issued and sold.

(2) Revenue bonds issued pursuant to this section are not an indebtedness of the sponsoring local government issuing the bonds, and the interest and principal on the bonds shall only be payable from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created pursuant to RCW 39.44.140. The owner or bearer of a revenue bond or any interest coupon issued pursuant to this section shall not have any claim against the sponsoring local government arising from the bond or coupon except for payment from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created pursuant to RCW 39.44.140. The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each bond issued pursuant to this section.

(3) Revenue bonds with a maturity in excess of twenty-five years shall not be issued. The legislative authority of the sponsoring local government shall by resolution determine for each revenue bond issue the amount, date, form, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, manner of execution, manner of sale, callable provisions, if any, and covenants including the refunding of existing revenue bonds. Facsimile signatures may be used on the bonds and any coupons. Refunding revenue bonds may be issued in the same manner as revenue bonds are issued.

(4) Notwithstanding subsections (1) through (3) of this section, bonds issued under this section may be issued and sold in accordance with chapter 39.46 RCW.

PART VI JOINT LEGISLATIVE AUDIT AND REVIEW COMMITTEE REPORTS

NEW SECTION. Sec. 601. JOINT LEGISLATIVE AUDIT AND REVIEW COMMITTEE REPORTS. Beginning September 1, 2013, and continuing every five years thereafter, the joint legislative audit and review committee shall submit a report to the appropriate committees of the legislature.

(1) The report shall, at a minimum, evaluate the effectiveness of the local infrastructure financing tool program, including a project-by-project review. The report shall evaluate the project's interim results based on the selection criteria. The report shall also measure:

- (a) Employment changes in the revenue development area;

SECOND READING

SUBSTITUTE HOUSE BILL NO. 2576, by House Committee on Judiciary (originally sponsored by Representatives Williams, Green, O'Brien, Kirby, Hunt, Ericks, Simpson, Lovick, McCoy, Lantz, Ormsby, Springer and Conway)

Creating sexual assault protection orders.

The measure was read the second time.

MOTION

Senator Kline moved that the following striking amendment by Senators Kline and Johnson be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. Sexual assault is the most heinous crime against another person short of murder. Sexual assault inflicts humiliation, degradation, and terror on victims. According to the FBI, a woman is raped every six minutes in the United States. Rape is recognized as the most underreported crime; estimates suggest that only one in seven rapes is reported to authorities. Victims who do not report the crime still desire safety and protection from future interactions with the offender. Some cases in which the rape is reported are not prosecuted. In these situations, the victim should be able to seek a civil remedy requiring that the offender stay away from the victim.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Nonconsensual" means a lack of freely given agreement.

(2) "Petitioner" means any named petitioner for the sexual assault protection order or any named victim of nonconsensual sexual conduct or nonconsensual sexual penetration on whose behalf the petition is brought.

(3) "Sexual assault protection order" means an ex parte temporary order or a final order granted under this chapter, which includes a remedy authorized by section 10 of this act.

(4) "Sexual conduct" means any of the following:

(a) Any intentional or knowing touching or fondling of the genitals, anus, or breasts, directly or indirectly, including through clothing;

(b) Any intentional or knowing display of the genitals, anus, or breasts for the purposes of arousal or sexual gratification of the respondent;

(c) Any intentional or knowing touching or fondling of the genitals, anus, or breasts, directly or indirectly, including through clothing, that the petitioner is forced to perform by another person or the respondent;

(d) Any forced display of the petitioner's genitals, anus, or breasts for the purposes of arousal or sexual gratification of the respondent or others;

(e) Any intentional or knowing touching of the clothed or unclothed body of a child under the age of thirteen, if done for the purpose of sexual gratification or arousal of the respondent or others; and

(f) Any coerced or forced touching or fondling by a child under the age of thirteen, directly or indirectly, including through clothing, of the genitals, anus, or breasts of the respondent or others.

(5) "Sexual penetration" means any contact, however slight, between the sex organ or anus of one person by an object, the sex organ, mouth, or anus of another person, or any intrusion, however slight, of any part of the body of one person or of any animal or object into the sex organ or anus of another person, including but not limited to cunnilingus, fellatio, or anal penetration. Evidence of emission of semen is not required to prove sexual penetration.

(6) "Nonphysical contact" includes, but is not limited to, telephone calls, mail, e-mail, fax, and written notes.

NEW SECTION. Sec. 3. A petition for a sexual assault protection order may be filed by a person:

(1) Who is a victim of nonconsensual sexual conduct or nonconsensual sexual penetration, including a single incident of nonconsensual sexual conduct or nonconsensual sexual penetration; or

(2) On behalf of any of the following persons who is a victim of nonconsensual sexual conduct or nonconsensual sexual penetration:

(a) A minor child;

(b) A vulnerable adult as defined in RCW 74.34.020 or 74.34.021; or

(c) Any other adult who, because of age, disability, health, or inaccessibility, cannot file the petition.

FIFTY-EIGHTH DAY, MARCH 7, 2006

2006 REGULAR SESSION

NEW SECTION. Sec. 4. (1) Any person may seek relief under this chapter by filing a petition with a court alleging that the person has been the victim of nonconsensual sexual conduct or nonconsensual sexual penetration committed by the respondent.

(2) A person under eighteen years of age who is sixteen years of age or older may seek relief under this chapter and is not required to seek relief by a guardian or next friend.

(3) No guardian or guardian ad litem need be appointed on behalf of a respondent to an action under this chapter who is under eighteen years of age if such respondent is sixteen years of age or older.

(4) The court may, if it deems necessary, appoint a guardian ad litem for a petitioner or respondent who is a party to an action under this chapter.

(5) Jurisdiction of the courts over proceedings under this chapter shall be the same as jurisdiction over domestic violence protection orders under RCW 26.50.020(5).

(6) An action under this chapter shall be filed in the county or the municipality where the petitioner resides.

NEW SECTION. Sec. 5. There shall exist an action known as a petition for a sexual assault protection order.

(1) A petition for relief shall allege the existence of nonconsensual sexual conduct or nonconsensual sexual penetration, and shall be accompanied by an affidavit made under oath stating the specific statements or actions made at the same time of the sexual assault or subsequently thereafter, which give rise to a reasonable fear of future dangerous acts, for which relief is sought. Petitioner and respondent shall disclose the existence of any other litigation or of any other restraining, protection, or no-contact orders between the parties.

(2) A petition for relief may be made regardless of whether or not there is a pending lawsuit, complaint, petition, or other action between the parties.

(3) Within ninety days of receipt of the master copy from the administrative office of the courts, all court clerk's offices shall make available the standardized forms, instructions, and informational brochures required by section 19 of this act and shall fill in and keep current specific program names and telephone numbers for community resources. Any assistance or information provided by clerks under this section does not constitute the practice of law and clerks are not responsible for incorrect information contained in a petition.

(4) No filing fee may be charged for proceedings under this chapter. Forms and instructional brochures and the necessary number of certified copies shall be provided free of charge.

(5) A person is not required to post a bond to obtain relief in any proceeding under this section.

(6) If the petition states that disclosure of the petitioner's address would risk abuse of the petitioner or any member of the petitioner's family or household, that address may be omitted from all documents filed with the court. If the petitioner has not disclosed an address under this subsection, the petitioner shall designate an alternative address at which the respondent may serve notice of any motions.

NEW SECTION. Sec. 6. Upon receipt of the petition, the court shall order a hearing which shall be held not later than fourteen days from the date of the order. The court may schedule a hearing by telephone pursuant to local court rule, to reasonably accommodate a disability, or in exceptional circumstances to protect a petitioner from further nonconsensual sexual conduct or nonconsensual sexual penetration. The court shall require assurances of the petitioner's identity before conducting a telephonic hearing. Except as provided in section 12 of this act, personal service shall be made upon the respondent not less than five court days prior to the hearing. If timely personal service cannot be made, the court shall set a new hearing date and shall require additional attempts at obtaining personal service. The court may issue an ex parte temporary sexual assault order pending the hearing as provided in section 12 of this act.

NEW SECTION. Sec. 7. Sexual assault advocates, as defined in RCW 5.60.060, shall be allowed to accompany the victim and confer with the victim, unless otherwise directed by the court. Court administrators shall allow sexual assault advocates to assist victims of nonconsensual sexual conduct or nonconsensual sexual penetration in the preparation of petitions for sexual assault protection orders. Sexual assault advocates are not engaged in the unauthorized practice of law when providing assistance of the types specified in this section. Communications between the petitioner and a sexual assault advocate are protected as provided by RCW 5.60.060.

NEW SECTION. Sec. 8. The court may appoint counsel to represent the petitioner if the respondent is represented by counsel.

NEW SECTION. Sec. 9. (1) In proceedings for a sexual assault protection order and prosecutions for violating a sexual assault protection order, the prior sexual activity or the reputation of the petitioner is inadmissible except:

(a) As evidence concerning the past sexual conduct of the petitioner with the respondent when this evidence is offered by the respondent upon the issue of whether the petitioner consented to the sexual conduct with respect to which the offense is alleged; or

(b) When constitutionally required to be admitted.

(2) No evidence admissible under this section may be introduced unless ruled admissible by the court after an offer of proof has been made at a hearing held in camera to determine whether the respondent has evidence to impeach the witness in the event that prior sexual activity with the respondent is denied. The offer of proof shall include reasonably specific information as to the date, time, and place of the past sexual conduct between the petitioner and the respondent. Unless the court finds that reasonably specific information as to date, time, or place, or some combination thereof, has been offered as to prior sexual activity with the respondent, counsel for the respondent shall be ordered to refrain from inquiring into prior sexual activity between the petitioner and the respondent. The court may not admit evidence under this section unless it determines at the hearing that the evidence is relevant and the probative value of the evidence outweighs the danger of unfair prejudice. The evidence shall be admissible at trial to the extent an order made by the court specifies the evidence that may be admitted and areas with respect to which the petitioner may be examined or cross-examined.

NEW SECTION. Sec. 10. (1)(a) If the court finds by a preponderance of the evidence that the petitioner has been a victim of nonconsensual sexual conduct or nonconsensual sexual penetration by the respondent, the court shall issue a sexual assault protection order; provided that the petitioner must also satisfy the requirements of section 12 of this act for ex parte temporary orders or section 13 of this act for final orders.

(b) The petitioner shall not be denied a sexual assault protection order because the petitioner or the respondent is a minor or because the petitioner did not report the assault to law enforcement. The court, when determining whether or not to issue a sexual assault protection order, may not require proof of physical injury on the person of the victim or proof that the petitioner has reported the sexual assault to law enforcement. Modification and extension of prior sexual assault protection orders shall be in accordance with this chapter.

(2) The court may provide relief as follows:

(a) Restrain the respondent from having any contact, including nonphysical contact, with the petitioner directly, indirectly, or through third parties regardless of whether those third parties know of the order;

(b) Exclude the respondent from the petitioner's residence, workplace, or school, or from the day care or school of a child, if the victim is a child;

(c) Prohibit the respondent from knowingly coming within, or knowingly remaining within, a specified distance from a specified location; and

FIFTY-EIGHTH DAY, MARCH 7, 2006

2006 REGULAR SESSION

(d) Order any other injunctive relief as necessary or appropriate for the protection of the petitioner.

(3) In cases where the petitioner and the respondent are under the age of eighteen and attend the same public or private elementary, middle, or high school, the court, when issuing a protection order and providing relief, shall consider, among the other facts of the case, the severity of the act, any continuing physical danger or emotional distress to the petitioner, and the expense difficulty, and educational disruption that would be caused by a transfer of the respondent to another school. The court may order that the person restrained in the order not attend the public or approved private elementary, middle, or high school attended by the person under the age of eighteen protected by the order. In the event the court orders a transfer of the restrained person to another school, the parents or legal guardians of the person restrained in the order are responsible for transportation and other costs associated with the change of school by the person restrained in the order. The court shall send notice of the restriction on attending the same school as the person protected by the order to the public or approved private school the person restrained by the order will attend and to the school the person protected by the order attends.

(4) Denial of a remedy may not be based, in whole or in part, on evidence that:

- (a) The respondent was voluntarily intoxicated;
- (b) The petitioner was voluntarily intoxicated; or
- (c) The petitioner engaged in limited consensual sexual touching.

(5) Monetary damages are not recoverable as a remedy.

(6) A knowing violation of a court order issued under this section is punishable under RCW 26.50.110.

NEW SECTION. Sec. 11. For the purposes of issuing a sexual assault protection order, deciding what relief should be included in the order, and enforcing the order, RCW 9A.08.020 shall govern whether the respondent is legally accountable for the conduct of another person.

NEW SECTION. Sec. 12. (1) An ex parte temporary sexual assault protection order shall issue if the petitioner satisfies the requirements of this subsection by a preponderance of the evidence. The petitioner shall establish that:

(a) The petitioner has been a victim of nonconsensual sexual conduct or nonconsensual sexual penetration by the respondent; and

(b) There is good cause to grant the remedy, regardless of prior service of process or of notice upon the respondent, because the harm which that remedy is intended to prevent would be likely to occur if the respondent were given any prior notice, or greater notice than was actually given, of the petitioner's efforts to obtain judicial relief.

(2) If the respondent appears in court for this hearing for an ex parte temporary order, he or she may elect to file a general appearance and testify. Any resulting order may be an ex parte temporary order, governed by this section.

(3) If the court declines to issue an ex parte temporary sexual assault protection order, the court shall state the particular reasons for the court's denial. The court's denial of a motion for an ex parte order shall be filed with the court.

(4) A knowing violation of a court order issued under this section is punishable under RCW 26.50.110.

NEW SECTION. Sec. 13. (1)(a) An ex parte temporary sexual assault protection order shall be effective for a fixed period not to exceed fourteen days. A full hearing, as provided in this chapter, shall be set for not later than fourteen days from the issuance of the temporary order. Except as provided in section 6 of this act, the respondent shall be personally served with a copy of the ex parte temporary sexual assault protection order along with a copy of the petition and notice of the date set for the hearing.

(b) Any ex parte temporary order issued under this section shall contain the date and time of issuance and the expiration date and shall be entered into a statewide judicial information

system by the clerk of the court within one judicial day after issuance.

(2) Except as otherwise provided in this section or section 16 of this act, a final sexual assault protection order shall be effective for a fixed period of time, not to exceed two years.

(3) Any ex parte temporary or final sexual assault protection order may be renewed one or more times, as required. The petitioner may apply for renewal of the order by filing a petition for renewal at any time within the three months before the order expires. If the motion for renewal is uncontested and the petitioner seeks no modification of the order, the order may be renewed on the basis of the petitioner's motion or affidavit stating that there has been no material change in relevant circumstances since entry of the order and stating the reason for the requested renewal. Renewals may be granted only in open court.

(4) Any sexual assault protection order which would expire on a court holiday shall instead expire at the close of the next court business day.

(5) The practice of dismissing or suspending a criminal prosecution in exchange for the issuance of a sexual assault protection order undermines the purposes of this chapter. This section shall not be construed as encouraging that practice.

NEW SECTION. Sec. 14. (1) Any sexual assault protection order shall describe each remedy granted by the court, in reasonable detail and not by reference to any other document, so that the respondent may clearly understand what he or she must do or refrain from doing.

(2) A sexual assault protection order shall further state the following:

(a) The name of each petitioner that the court finds was the victim of nonconsensual sexual conduct or nonconsensual sexual penetration by the respondent;

(b) The date and time the sexual assault protection order was issued, whether it is an ex parte temporary or final order, and the duration of the order;

(c) The date, time, and place for any scheduled hearing for renewal of that sexual assault protection order or for another order of greater duration or scope;

(d) For each remedy in an ex parte temporary sexual assault protection order, the reason for entering that remedy without prior notice to the respondent or greater notice than was actually given;

(e) For ex parte temporary sexual assault protection orders, that the respondent may petition the court, to reopen the order if he or she did not receive actual prior notice of the hearing and if the respondent alleges that he or she had a meritorious defense to the order or that the order or its remedy is not authorized by this chapter.

(3) A sexual assault protection order shall include the following notice, printed in conspicuous type: "A knowing violation of this sexual assault protection order is a criminal offense under chapter 26.50 RCW and will subject a violator to arrest. You can be arrested even if any person protected by the order invites or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order."

NEW SECTION. Sec. 15. (1) An order issued under this chapter shall be personally served upon the respondent, except as provided in subsection (6) of this section.

(2) The sheriff of the county or the peace officers of the municipality in which the respondent resides shall serve the respondent personally unless the petitioner elects to have the respondent served by a private party.

(3) If service by a sheriff or municipal peace officer is to be used, the clerk of the court shall have a copy of any order issued under this chapter forwarded on or before the next judicial day to the appropriate law enforcement agency specified in the order for service upon the respondent. Service of an order issued

FIFTY-EIGHTH DAY, MARCH 7, 2006

under this chapter shall take precedence over the service of other documents unless they are of a similar emergency nature.

(4) If the sheriff or municipal peace officer cannot complete service upon the respondent within ten days, the sheriff or municipal peace officer shall notify the petitioner. The petitioner shall provide information sufficient to permit notification.

(5) Returns of service under this chapter shall be made in accordance with the applicable court rules.

(6) If an order entered by the court recites that the respondent appeared in person before the court, the necessity for further service is waived and proof of service of that order is not necessary.

NEW SECTION. Sec. 16. (1)(a) When any person charged with or arrested for a sex offense as defined in RCW 9.94A.030, a violation of RCW 9A.44.096, a violation of RCW 9.68A.090, or a gross misdemeanor that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a sex offense under RCW 9.94A.030, is released from custody before arraignment or trial on bail or personal recognizance, the court authorizing the release may prohibit that person from having any contact with the victim. The jurisdiction authorizing the release shall determine whether that person should be prohibited from having any contact with the victim. If there is no outstanding restraining or protective order prohibiting that person from having contact with the victim, the court authorizing release may issue, by telephone, a sexual assault protection order prohibiting the person charged or arrested from having contact with the victim or from knowingly coming within, or knowingly remaining within, a specified distance of a location.

(b) In issuing the order, the court shall consider the provisions of RCW 9.41.800.

(c) The sexual assault protection order shall also be issued in writing as soon as possible.

(2)(a) At the time of arraignment or whenever a motion is brought to modify the conditions of the defendant's release, the court shall determine whether a sexual assault protection order shall be issued or extended. If a sexual assault protection order is issued or extended, the court may also include in the conditions of release a requirement that the defendant submit to electronic monitoring. If electronic monitoring is ordered, the court shall specify who shall provide the monitoring services, and the terms under which the monitoring shall be performed. Upon conviction, the court may require as a condition of the sentence that the defendant reimburse the providing agency for the costs of the electronic monitoring.

(b) A sexual assault protection order issued by the court in conjunction with criminal charges shall terminate if the defendant is acquitted or the charges are dismissed, unless the victim files an independent action for a sexual assault protection order. If the victim files an independent action for a sexual assault protection order, the order may be continued by the court until a full hearing is conducted pursuant to section 6 of this act.

(3)(a) The written order releasing the person charged or arrested shall contain the court's directives and shall bear the legend: "Violation of this order is a criminal offense under chapter 26.50 RCW and will subject a violator to arrest. You can be arrested even if any person protected by the order invites or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order."

(b) A certified copy of the order shall be provided to the victim at no charge.

(4) If a sexual assault protection order has been issued prior to charging, that order shall expire at arraignment or within seventy-two hours if charges are not filed. Such orders need not be entered into the computer-based criminal intelligence information system in this state which is used by law enforcement agencies to list outstanding warrants.

(5) Whenever an order prohibiting contact is issued pursuant to subsection (2) of this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order, the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state.

(6)(a) When a defendant is found guilty of a sex offense as defined in RCW 9.94A.030, any violation of RCW 9A.44.096, or any violation of RCW 9.68A.090, or any gross misdemeanor that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a sex offense under RCW 9.94A.030, and a condition of the sentence restricts the defendant's ability to have contact with the victim, the condition shall be recorded as a sexual assault protection order.

(b) The written order entered as a condition of sentencing shall contain the court's directives and shall bear the legend: "Violation of this order is a criminal offense under chapter 26.50 RCW and will subject a violator to arrest. You can be arrested even if any person protected by the order invites or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order."

(c) A final sexual assault protection order entered in conjunction with a criminal prosecution shall remain in effect for a period of two years following the expiration of any sentence of imprisonment and subsequent period of community supervision, conditional release, probation, or parole.

(d) A certified copy of the order shall be provided to the victim at no charge.

(7) A knowing violation of a court order issued under subsection (1), (2), or (6) of this section is punishable under RCW 26.50.110.

(8) Whenever a sexual assault protection order is issued, modified, or terminated under subsection (1), (2), or (6) of this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order, the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state. Upon receipt of notice that an order has been terminated under subsection (2) of this section, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system.

NEW SECTION. Sec. 17. (1) A copy of a sexual assault protection order granted under this chapter shall be forwarded by the clerk of the court on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the order, the law enforcement agency shall immediately enter the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. The order shall remain in the computer for one year or until the expiration date specified on the order. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system. The law enforcement agency shall only expunge from the computer-based criminal

FIFTY-EIGHTH DAY, MARCH 7, 2006

intelligence information system orders that are expired, vacated, terminated, or superseded. Entry into the law enforcement information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any county in the state.

(2) The information entered into the computer-based criminal intelligence information system shall include notice to law enforcement whether the order was personally served, served by publication, or served by mail.

NEW SECTION. Sec. 18. Upon application with notice to all parties and after a hearing, the court may modify the terms of an existing sexual assault protection order. In any situation where an order is terminated or modified before its expiration date, the clerk of the court shall forward on or before the next judicial day a true copy of the modified order or the termination order to the appropriate law enforcement agency specified in the modified or termination order. Upon receipt of the order, the law enforcement agency shall promptly enter it in the computer-based criminal intelligence information system, or if the order is terminated, remove the order from the computer-based criminal intelligence information system.

NEW SECTION. Sec. 19. (1) The administrative office of the courts shall develop and prepare instructions and informational brochures required under section 5 of this act, standard petition and order for protection forms, and a court staff handbook on sexual assault, and the protection order process. The standard petition and order for protection forms must be used after September 1, 2006, for all petitions filed and orders issued under this chapter. The instructions, brochures, forms, and handbook shall be prepared in consultation with interested persons, including a representative of the state sexual assault coalition, judges, and law enforcement personnel.

(a) The instructions shall be designed to assist petitioners in completing the petition, and shall include a sample of standard petition and order for protection forms.

(b) The informational brochure shall describe the use of and the process for obtaining, modifying, and terminating a protection order as provided under this chapter.

(c) The order for protection form shall include, in a conspicuous location, notice of criminal penalties resulting from violation of the order, and the following statement: "You can be arrested even if the person or persons who obtained the order invite or allow you to violate the order's prohibitions. The respondent has the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order upon written application."

(d) The court staff handbook shall allow for the addition of a community resource list by the court clerk.

(2) All court clerks shall obtain a community resource list from a sexual assault program serving the county in which the court is located. The community resource list shall include the names and telephone numbers of sexual assault programs serving the community in which the court is located, including law enforcement agencies, domestic violence agencies, sexual assault agencies, legal assistance programs, interpreters, multicultural programs, and batterers' treatment programs. The court shall make the community resource list available as part of or in addition to the informational brochures described in subsection (1) of this section.

(3) The administrative office of the courts shall distribute a master copy of the petition and order forms, instructions, and informational brochures to all court clerks and shall distribute a master copy of the petition and order forms to all superior, district, and municipal courts.

(4) For purposes of this section, "court clerks" means court administrators in courts of limited jurisdiction and elected court clerks.

(5) The administrative office of the courts shall determine the significant non-English-speaking or limited English-speaking populations in the state. The administrator shall then arrange for translation of the instructions and informational

2006 REGULAR SESSION

brochures required by this section, which shall contain a sample of the standard petition and order for protection forms, into the languages spoken by those significant non-English-speaking populations and shall distribute a master copy of the translated instructions and informational brochures to all court clerks by December 1, 2006.

(6) The administrative office of the courts shall update the instructions, brochures, standard petition and order for protection forms, and court staff handbook when changes in the law make an update necessary.

NEW SECTION. Sec. 20. An ex parte temporary order issued under this chapter shall not be admissible as evidence in any subsequent civil action for damages arising from the conduct alleged in the petition or the order.

FIFTY-EIGHTH DAY, MARCH 7, 2006

2006 REGULAR SESSION

Protection orders authorized under this chapter shall not be issued for any action specifically covered by chapter 7.-- (sections 1 through 20 of this act), 10.99, or 26.50 RCW.

Sec. 23. RCW 10.31.100 and 2000 c 119 s 4 are each amended to read as follows:

A police officer having probable cause to believe that a person has committed or is committing a felony shall have the authority to arrest the person without a warrant. A police officer may arrest a person without a warrant for committing a misdemeanor or gross misdemeanor only when the offense is committed in the presence of the officer, except as provided in subsections (1) through (10) of this section.

(1) Any police officer having probable cause to believe that a person has committed or is committing a misdemeanor or gross misdemeanor, involving physical harm or threats of harm to any person or property or the unlawful taking of property or involving the use or possession of cannabis, or involving the acquisition, possession, or consumption of alcohol by a person under the age of twenty-one years under RCW 66.44.270, or involving criminal trespass under RCW 9A.52.070 or 9A.52.080, shall have the authority to arrest the person.

(2) A police officer shall arrest and take into custody, pending release on bail, personal recognizance, or court order, a person without a warrant when the officer has probable cause to believe that:

(a) An order has been issued of which the person has knowledge under RCW 26.44.063, or chapter 7.-- (sections 1 through 20 of this act), 10.99, 26.09, 26.10, 26.26, 26.50, or 74.34 RCW restraining the person and the person has violated the terms of the order restraining the person from acts or threats of violence, or restraining the person from going onto the grounds of or entering a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location or, in the case of an order issued under RCW 26.44.063, imposing any other restrictions or conditions upon the person; or

(b) A foreign protection order, as defined in RCW 26.52.010, has been issued of which the person under restraint has knowledge and the person under restraint has violated a provision of the foreign protection order prohibiting the person under restraint from contacting or communicating with another person, or excluding the person under restraint from a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, or a violation of any provision for which the foreign protection order specifically indicates that a violation will be a crime; or

(c) The person is sixteen years or older and within the preceding four hours has assaulted a family or household member as defined in RCW 10.99.020 and the officer believes:

(i) A felonious assault has occurred; (ii) an assault has occurred which has resulted in bodily injury to the victim, whether the injury is observable by the responding officer or not; or (iii) that any physical action has occurred which was intended to cause another person reasonably to fear imminent serious bodily injury or death. Bodily injury means physical pain, illness, or an impairment of physical condition. When the officer has probable cause to believe that family or household members have assaulted each other, the officer is not required to arrest both persons. The officer shall arrest the person whom the officer believes to be the primary physical aggressor. In making this determination, the officer shall make every reasonable effort to consider: (i) The intent to protect victims of domestic violence under RCW 10.99.010; (ii) the comparative extent of injuries inflicted or serious threats creating fear of physical injury; and (iii) the history of domestic violence between the persons involved.

(3) Any police officer having probable cause to believe that a person has committed or is committing a violation of any of

(f) RCW 46.61.5249, relating to operating a motor vehicle in a negligent manner.

(6) An officer may act upon the request of a law enforcement officer in whose presence a traffic infraction was committed, to stop, detain, arrest, or issue a notice of traffic infraction to the driver who is believed to have committed the infraction. The request by the witnessing officer shall give an officer the authority to take appropriate action under the laws of the state of Washington.

(7) Any police officer having probable cause to believe that a person has committed or is committing any act of indecent exposure, as defined in RCW 9A.88.010, may arrest the person.

(8) A police officer may arrest and take into custody, pending release on bail, personal recognizance, or court order, a person without a warrant when the officer has probable cause to believe that an order has been issued of which the person has knowledge under chapter 10.14 RCW and the person has violated the terms of that order.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Jacobsen that Section 29 of Amendment 412 is outside the scope and object of the underlying bill, the President finds and rules as follows.

The scope and object of this measure for our purposes is the bill as it was read into the Senate for the first time. In that version, the measure included multiple qualifications for consideration of the Alaskan Way Viaduct project. Section 29

of the striking amendment includes an advisory vote on this same project. Because both the underlying bill and this section of the amendment both relate to conditions under which this project may be considered, the amendment is properly within the scope and object of the bill, and the point of order is not well-taken."

The Senate resumed consideration of Substitute House Bill No. 2871 deferred earlier in the day.

PARLIAMENTARY INQUIRY

Senator Jacobsen: "Mr. President, when we set this bill down, it did not hold its place on the calendar. Is it now properly before us?"

REPLY BY THE PRESIDENT

President Owen: "Senator Jacobsen, the consideration was deferred, but the body did not send this bill anywhere else but where it was, so, it's still in the order that it was on."

MOTION

Senator Jacobsen spoke in favor of adoption of the amendment to the striking amendment.

Senator Haugen spoke against adoption of the amendment to the striking amendment.

POINT OF INQUIRY

Senator Jacobsen: "Would Senator Haugen yield to a question? I have one question. If they have been working very well together and they want to go to ballot together, how come the Sound Transit Board took a position today against this bill and mandating that they both be on the same ballot?"

Senator Haugen: "Thank you Senator Jacobsen. Actually I did have a conversation today with one member of the Sound Transit Board that did not agree with that decision. I think, like many of you on this floor, this is the first opportunity they've had to see this. I think that you will find that they will not find this offensive. I think, in the long run, they are going to work together because they have a goal to get to a vote in '07 which is something there has not been there before. We've actually saying now, 'Do it folks,' and if they don't do it, they don't have to do it then but we do say you must try to get there."

President declared the question before the Senate to be the adoption of the amendment by Senator Jacobsen on page 18, line 21 to the striking amendment Engrossed Substitute House Bill No. 2871.

After such time, and by November 1, 2006, the city legislative authority shall adopt by ordinance a preferred alternative for the Alaskan Way viaduct and Seattle Seawall replacement project. The preferred alternative must, at a minimum, be based on a substantial project mitigation plan and a comprehensive cost estimate review using the department's cost estimate validation process."

Senators Haugen and Finkbeiner spoke in favor of adoption of the amendment to the striking amendment.

POINT OF INQUIRY

Senator Thibaudeau: "Would Senator Haugen yield to a question? Can't the city council do this now without this particular amendment?"

Senator Haugen: "Actually they don't have the information they'll have as the result of this expert panel."

Senator Thibaudeau: "They don't have the information but they could create an expert panel if they so chose."

Senator Haugen: "Actually they really couldn't because they couldn't afford to. We pay for this expert panel. We're paying for this. The city would not have the funding to do this."

Senator Thibaudeau: "In this legislation we're paying for it?"

Senator Haugen: "We're paying for it in our budget."

SECOND READING

SECOND SUBSTITUTE HOUSE BILL NO. 3115, by House Committee on Appropriations (originally sponsored by Representatives Darneille, Talcott, Morrell, Green, McDonald, Ormsby, Simpson and Roberts)

Establishing a foster parent critical support and retention program.

The measure was read the second time.

MOTION

Senator Hargrove moved that the following striking amendment by Senators Hargrove, Stevens and Carrell be adopted:

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** The legislature finds that:

(1) Foster parents are able to successfully maintain placements of sexually reactive children, physically assaultive children, or children with other high-risk behaviors when they are provided with proper training and support. Lack of support

contributes to placement disruptions and multiple moves between foster homes.

(2) Young children who have experienced repeated early abuse and trauma are at high risk for behavior later in life that is sexually deviant, if left untreated. Placement with a well-trained, prepared, and supported foster family can break this cycle.

NEW SECTION. Sec. 2. A foster parent critical support and retention program is established to retain foster parents who care for sexually reactive children, physically assaultive children, or children with other high-risk behaviors. Services shall consist of short-term therapeutic and educational interventions to support the stability of the placement. The foster parent critical support and retention program is to be implemented under the division of children and family services' contract and supervision. A contractor must demonstrate experience providing in-home case management, as well as experience working with caregivers of children with significant behavioral issues that pose a threat to others or themselves or the stability of the placement.

NEW SECTION. Sec. 3. Under the foster parent critical support and retention program, foster parents who care for sexually reactive children, physically assaultive children, or children with other high-risk behaviors shall receive:

- (1) Availability at any time of the day or night to address specific concerns related to the identified child;
- (2) Assessment of risk and development of a safety and supervision plan;
- (3) Home-based foster parent training utilizing evidence-based models; and
- (4) Referral to relevant community services and training provided by the local children's administration office or community agencies.

NEW SECTION. Sec. 4. The department of social and health services shall prepare and provide to the legislature, by December 1, 2006, a comprehensive report regarding the department's policies and practices relating to referrals, investigations, and records of child abuse and neglect allegations. At a minimum, the report shall include recommendations for improvement of the department's current practice to:

- (1) Define terms relating to referrals and investigative findings;
- (2) Provide guidelines for determining whether a referral is to be assigned and investigated;
- (3) Manage records of calls which are received but not investigated;
- (4) Establish a timeline for the destruction of records regarding investigations which resulted in no investigation, an inconclusive finding, or an unfounded finding;

(xiii) Section 4 of this act, relating to felony driving while under the influence of intoxicating liquor or any drug and felony physical control of a vehicle while under the influence of intoxicating liquor or any drug.

(b) If a standard sentence range has not been established for the offender's crime, the court shall impose a determinate sentence which may include not more than one year of confinement; community restitution work; until July 1, 2000, a term of community supervision not to exceed one year and on and after July 1, 2000, a term of community custody not to exceed one year, subject to conditions and sanctions as authorized in RCW 9.94A.710 (2) and (3); and/or other legal financial obligations. The court may impose a sentence which provides more than one year of confinement if the court finds reasons justifying an exceptional sentence as provided in RCW 9.94A.535.

(3) If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.

(4) If a sentence imposed includes payment of a legal financial obligation, it shall be imposed as provided in RCW 9.94A.750, 9.94A.753, 9.94A.760, and 43.43.7541.

(6) The sentencing court shall give the offender credit for all confinement time served before the sentencing if that confinement was solely in regard to the offense for which the offender is being sentenced.

(7) The court shall order restitution as provided in RCW 9.94A.750 and 9.94A.753.

(8) As a part of any sentence, the court may impose and enforce crime-related prohibitions and affirmative conditions as provided in this chapter.

(9) The court may order an offender whose sentence includes community placement or community supervision to undergo a mental status evaluation and to participate in available outpatient mental health treatment, if the court finds that reasonable grounds exist to believe that the offender is a mentally ill person as defined in RCW 71.24.025, and that this condition is likely to have influenced the offense. An order requiring mental status evaluation or treatment must be based on a presentence report and, if applicable, mental status evaluations that have been filed with the court to determine the offender's competency or eligibility for a defense of insanity. The court may order additional evaluations at a later date if deemed appropriate.

(10) In any sentence of partial confinement, the court may require the offender to serve the partial confinement in work release, in a program of home detention, on work crew, or in a combined program of work crew and home detention.

Sec. 8. RCW 9.94A.525 and 2002 c 290 s 3 and 2002 c 107 s 3 are each reenacted and amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.589.

(2)(a) Class A and sex prior felony convictions shall always be included in the offender score.

(b) Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(c) Except as provided in (e) of this subsection, class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction.

(d) Except as provided in (e) of this subsection, serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction.

(e) If the present conviction is felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)), prior convictions of felony driving while under the influence of intoxicating liquor or any drug, felony physical control of a vehicle while under the influence of intoxicating liquor or any drug, and serious traffic offenses shall be included in the offender score if: (i) The prior convictions were committed within five years since the last date of release from confinement (including full-time residential treatment) or entry of judgment and sentence; or (ii) the prior convictions would be considered "prior offenses within seven years" as defined in RCW 46.61.5055.

(f) This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.589(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses

FIFTY-EIGHTH DAY, MARCH 7, 2006

2006 REGULAR SESSION

shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.589(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense. When these convictions are used as criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11) or (12) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior violent felony conviction and ½ point for each juvenile prior nonviolent felony conviction.

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), or (12) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and ½ point for each prior juvenile nonviolent felony conviction.

(9) If the present conviction is for a serious violent offense, count three points for prior adult and juvenile convictions for crimes in this category, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and ½ point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense count one point for each adult and ½ point for each juvenile prior conviction; for each serious traffic offense, other than those used for an enhancement pursuant to RCW 46.61.520(2), count one point for each adult and ½ point for each juvenile prior conviction.

(12) If the present conviction is for manufacture of methamphetamine count three points for each adult prior manufacture of methamphetamine conviction and two points for each juvenile manufacture of methamphetamine offense. If the present conviction is for a drug offense and the offender has a criminal history that includes a sex offense or serious violent offense, count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(13) If the present conviction is for Escape from Community Custody, RCW 72.09.310, count only prior escape convictions

in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as ½ point.

(14) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as ½ point.

(15) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(16) If the present conviction is for a sex offense, count priors as in subsections (7) through (15) of this section; however count three points for each adult and juvenile prior sex offense conviction.

(17) If the present conviction is for an offense committed while the offender was under community placement, add one point.

(18) The fact that a prior conviction was not included in an offender's offender score or criminal history at a previous sentencing shall have no bearing on whether it is included in the criminal history or offender score for the current offense. Accordingly, prior convictions that were not counted in the offender score or included in criminal history under repealed or previous versions of the sentencing reform act shall be included in criminal history and shall count in the offender score if the current version of the sentencing reform act requires including or counting those convictions.

Sec. 9. RCW 9.94A.640 and 1987 c 486 s 7 are each amended to read as follows:

(1) Every offender who has been discharged under RCW 9.94A.637 may apply to the sentencing court for a vacation of the offender's record of conviction. If the court finds the offender meets the tests prescribed in subsection (2) of this section, the court may clear the record of conviction by: (a) Permitting the offender to withdraw the offender's plea of guilty and to enter a plea of not guilty; or (b) if the offender has been convicted after a plea of not guilty, by the court setting aside the verdict of guilty; and (c) by the court dismissing the information or indictment against the offender.

(2) An offender may not have the record of conviction cleared if: (a) There are any criminal charges against the offender pending in any court of this state or another state, or in any federal court; (b) the offense was a violent offense as defined in RCW 9.94A.030; (c) the offense was a crime against persons as defined in RCW 43.43.830; (d) the offender has been convicted of a new crime in this state, another state, or federal court since the date of the offender's discharge under RCW 9.94A.637; (e) the offense is a class B felony and less than ten years have passed since the date the applicant was discharged under RCW 9.94A.637; ~~((and))~~ (f) the offense was a class C felony, other than a class C felony described in RCW 46.61.502(6) or 46.61.504(6), and less than five years have passed since the date the applicant was discharged under RCW 9.94A.637; or (g) the offense was a class C felony described in RCW 46.61.502(6) or 46.61.504(6) and less than seven years have passed since the applicant was discharged under RCW 9.94A.637.

(3) Once the court vacates a record of conviction under subsection (1) of this section, the fact that the offender has been convicted of the offense shall not be included in the offender's criminal history for purposes of determining a sentence in any subsequent conviction, and the offender shall be released from all penalties and disabilities resulting from the offense. For all purposes, including responding to questions on employment applications, an offender whose conviction has been vacated may state that the offender has never been convicted of that crime. Nothing in this section affects or prevents the use of an offender's prior conviction in a later criminal prosecution.

(c) The offender has no current or prior convictions for a sex offense at any time or violent offense within ten years before conviction of the current offense, in this state, another state, or the United States;

~~((e))~~ (d) For a violation of the Uniform Controlled Substances Act under chapter 69.50 RCW or a criminal solicitation to commit such a violation under chapter 9A.28 RCW, the offense involved only a small quantity of the particular controlled substance as determined by the judge upon consideration of such factors as the weight, purity, packaging, sale price, and street value of the controlled substance;

~~((d))~~ (e) The offender has not been found by the United States attorney general to be subject to a deportation detainer or order and does not become subject to a deportation order during the period of the sentence;

~~((e))~~ (f) The standard sentence range for the current offense is greater than one year; and

~~((f))~~ (g) The offender has not received a drug offender sentencing alternative more than once in the prior ten years before the current offense.

(2) A motion for a sentence under this section may be made by the court, the offender, or the state. If the sentencing court determines that the offender is eligible for this alternative, the court may order an examination of the offender. The examination shall, at a minimum, address the following issues:

(a) Whether the offender suffers from drug addiction;

(b) Whether the addiction is such that there is a probability that criminal behavior will occur in the future;

(c) Whether effective treatment for the offender's addiction is available from a provider that has been licensed or certified by the division of alcohol and substance abuse of the department of social and health services; and

(d) Whether the offender and the community will benefit from the use of the alternative.

(3) The examination report must contain:

(a) Information on the issues required to be addressed in subsection (2) of this section; and

(b) A proposed treatment plan that must, at a minimum, contain:

(i) A proposed treatment provider that has been licensed or certified by the division of alcohol and substance abuse of the department of social and health services;

(ii) The recommended frequency and length of treatment, including both residential chemical dependency treatment and treatment in the community;

(iii) A proposed monitoring plan, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others; and

(iv) Recommended crime-related prohibitions and affirmative conditions.

(4) After receipt of the examination report, if the court determines that a sentence under this section is appropriate, the court shall waive imposition of a sentence within the standard sentence range and impose a sentence consisting of either a prison-based alternative under subsection (5) of this section or a residential chemical dependency treatment-based alternative under subsection (6) of this section. The residential chemical dependency treatment-based alternative is only available if the midpoint of the standard range is twenty-four months or less.

(5) The prison-based alternative shall include:

(a) A period of total confinement in a state facility for one-half of the midpoint of the standard sentence range. During incarceration in the state facility, offenders sentenced under this

subsection shall undergo a comprehensive substance abuse assessment and receive, within available resources, treatment services appropriate for the offender. The treatment services shall be designed by the division of alcohol and substance abuse of the department of social and health services, in cooperation with the department of corrections;

(b) The remainder of the midpoint of the standard range as a term of community custody which must include appropriate substance abuse treatment in a program that has been approved by the division of alcohol and substance abuse of the department of social and health services. If the department finds that conditions have been willfully violated, the offender may be reclassified to serve the remaining balance of the original sentence. An offender who fails to complete the program or who is administratively terminated from the program shall be reclassified to serve the unexpired term of his or her sentence as ordered by the sentencing court;

(c) Crime-related prohibitions including a condition not to use illegal controlled substances;

(d) A requirement to submit to urinalysis or other testing to monitor that status; and

(e) A term of community custody pursuant to RCW 9.94A.715 to be imposed upon failure to complete or administrative termination from the special drug offender sentencing alternative program.

(6) The residential chemical dependency treatment-based alternative shall include:

(a) A term of community custody equal to one-half of the midpoint of the standard sentence range or two years, whichever is greater, conditioned on the offender entering and remaining in residential chemical dependency treatment certified under chapter 70.96A RCW for a period set by the court between three and six months. If the court imposes a term of community custody, the department shall, within available resources, make chemical dependency assessment and treatment services available to the offender during the term of community custody. The court shall impose, as conditions of community custody, treatment and other conditions as proposed in the plan under subsection (3)(b) of this section. The department may impose conditions and sanctions as authorized in RCW 9.94A.715 (2), (3), (6), and (7), 9.94A.737, and 9.94A.740. The court shall schedule a progress hearing during the period of residential chemical dependency treatment, and schedule a treatment termination hearing for three months before the expiration of the term of community custody;

(b) Before the progress hearing and treatment termination hearing, the treatment provider and the department shall submit written reports to the court and parties regarding the offender's compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment. At the hearing, the court may:

(i) Authorize the department to terminate the offender's community custody status on the expiration date determined under (a) of this subsection; or

(ii) Continue the hearing to a date before the expiration date of community custody, with or without modifying the conditions of community custody; or

(iii) Impose a term of total confinement equal to one-half the midpoint of the standard sentence range, followed by a term of community custody under RCW 9.94A.715;

(c) If the court imposes a term of total confinement under (b)(iii) of this subsection, the department shall, within available resources, make chemical dependency assessment and treatment services available to the offender during the terms of total confinement and community custody.

(7) If the court imposes a sentence under this section, the court may prohibit the offender from using alcohol or controlled substances and may require that the monitoring for controlled substances be conducted by the department or by a treatment alternatives to street crime program or a comparable court or agency-referred program. The offender may be required to pay

thirty dollars per month while on community custody to offset the cost of monitoring. In addition, the court may impose any of the following conditions:

(a) Devote time to a specific employment or training;

(b) Remain within prescribed geographical boundaries and notify the court or the community corrections officer before any change in the offender's address or employment;

(c) Report as directed to a community corrections officer;

(d) Pay all court-ordered legal financial obligations;

(e) Perform community restitution work;

(f) Stay out of areas designated by the sentencing court;

(g) Such other conditions as the court may require such as affirmative conditions.

(8)(a) The court may bring any offender sentenced under this section back into court at any time on its own initiative to evaluate the offender's progress in treatment or to determine if any violations of the conditions of the sentence have occurred.

(b) If the offender is brought back to court, the court may modify the terms of the community custody or impose sanctions under (c) of this subsection.

(c) The court may order the offender to serve a term of total confinement within the standard range of the offender's current offense at any time during the period of community custody if the offender violates the conditions of the sentence or if the offender is failing to make satisfactory progress in treatment.

(d) An offender ordered to serve a term of total confinement under (c) of this subsection shall receive credit for any time previously served under this section.

(9) If an offender sentenced to the prison-based alternative under subsection (5) of this section is found by the United States attorney general to be subject to a deportation order, a hearing shall be held by the department unless waived by the offender, and, if the department finds that the offender is subject to a valid deportation order, the department may administratively terminate the offender from the program and reclassify the offender to serve the remaining balance of the original sentence.

(10) An offender sentenced under this section shall be subject to all rules relating to earned release time with respect to any period served in total confinement.

(11) Costs of examinations and preparing treatment plans under subsections (2) and (3) of this section may be paid, at the option of the county, from funds provided to the county from the criminal justice treatment account under RCW 70.96A.350.

Sec. 12. RCW 9.94A.690 and 2000 c 28 s 21 are each amended to read as follows:

(1)(a) An offender is eligible to be sentenced to a work ethic camp if the offender:

(i) Is sentenced to a term of total confinement of not less than twelve months and one day or more than thirty-six months;

(ii) Has no current or prior convictions for any sex offenses or for violent offenses; and

(iii) Is not currently subject to a sentence for, or being prosecuted for, a violation of felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)), a violation of physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)), a violation of the uniform controlled substances act, or a criminal solicitation to commit such a violation under chapter 9A.28 or 69.50 RCW.

(b) The length of the work ethic camp shall be at least one hundred twenty days and not more than one hundred eighty days.

(2) If the sentencing court determines that the offender is eligible for the work ethic camp and is likely to qualify under subsection (3) of this section, the judge shall impose a sentence within the standard sentence range and may recommend that the offender serve the sentence at a work ethic camp. In sentencing an offender to the work ethic camp, the court shall specify: (a) That upon completion of the work ethic camp the offender shall be released on community custody for any remaining time of total confinement; (b) the applicable conditions of supervision

on community custody status as required by RCW 9.94A.700(4) and authorized by RCW 9.94A.700(5); and (c) that violation of the conditions may result in a return to total confinement for the balance of the offender's remaining time of confinement.

(3) The department shall place the offender in the work ethic camp program, subject to capacity, unless: (a) The department determines that the offender has physical or mental impairments that would prevent participation and completion of the program; (b) the department determines that the offender's custody level prevents placement in the program; (c) the offender refuses to agree to the terms and conditions of the program; (d) the offender has been found by the United States attorney general to be subject to a deportation detainer or order; or (e) the offender has participated in the work ethic camp program in the past.

(4) An offender who fails to complete the work ethic camp program, who is administratively terminated from the program, or who otherwise violates any conditions of supervision, as defined by the department, shall be reclassified to serve the unexpired term of his or her sentence as ordered by the sentencing court and shall be subject to all rules relating to earned release time.

(5) During the last two weeks prior to release from the work ethic camp program the department shall provide the offender with comprehensive transition training.

Sec. 14. RCW 9.94A.411 and 2000 c 119 s 28 and 2000 c 28 s 17 are each reenacted and amended to read as follows:

(1) Decision not to prosecute.

STANDARD: A prosecuting attorney may decline to prosecute, even though technically sufficient evidence to prosecute exists, in situations where prosecution would serve no public purpose, would defeat the underlying purpose of the law in question or would result in decreased respect for the law.

GUIDELINE/COMMENTARY:

Examples

The following are examples of reasons not to prosecute which could satisfy the standard.

(a) Contrary to Legislative Intent - It may be proper to decline to charge where the application of criminal sanctions would be clearly contrary to the intent of the legislature in enacting the particular statute.

(b) Antiquated Statute - It may be proper to decline to charge where the statute in question is antiquated in that:

(i) It has not been enforced for many years; and

(ii) Most members of society act as if it were no longer in existence; and

(iii) It serves no deterrent or protective purpose in today's society; and

(iv) The statute has not been recently reconsidered by the legislature.

This reason is not to be construed as the basis for declining cases because the law in question is unpopular or because it is difficult to enforce.

(c) De Minimis Violation - It may be proper to decline to charge where the violation of law is only technical or insubstantial and where no public interest or deterrent purpose would be served by prosecution.

FIFTY-EIGHTH DAY, MARCH 7, 2006

(d) Confinement on Other Charges - It may be proper to decline to charge because the accused has been sentenced on another charge to a lengthy period of confinement; and

(i) Conviction of the new offense would not merit any additional direct or collateral punishment;

(ii) The new offense is either a misdemeanor or a felony which is not particularly aggravated; and

(iii) Conviction of the new offense would not serve any significant deterrent purpose.

(e) Pending Conviction on Another Charge - It may be proper to decline to charge because the accused is facing a pending prosecution in the same or another county; and

(i) Conviction of the new offense would not merit any additional direct or collateral punishment;

(ii) Conviction in the pending prosecution is imminent;

(iii) The new offense is either a misdemeanor or a felony which is not particularly aggravated; and

(iv) Conviction of the new offense would not serve any significant deterrent purpose.

(f) High Disproportionate Cost of Prosecution - It may be proper to decline to charge where the cost of locating or transporting, or the burden on, prosecution witnesses is highly disproportionate to the importance of prosecuting the offense in question. This reason should be limited to minor cases and should not be relied upon in serious cases.

(g) Improper Motives of Complainant - It may be proper to decline charges because the motives of the complainant are improper and prosecution would serve no public purpose, would defeat the underlying purpose of the law in question or would result in decreased respect for the law.

(h) Immunity - It may be proper to decline to charge where immunity is to be given to an accused in order to prosecute another where the accused's information or testimony will reasonably lead to the conviction of others who are responsible for more serious criminal conduct or who represent a greater danger to the public interest.

(i) Victim Request - It may be proper to decline to charge because the victim requests that no criminal charges be filed and the case involves the following crimes or situations:

(i) Assault cases where the victim has suffered little or no injury;

(ii) Crimes against property, not involving violence, where no major loss was suffered;

(iii) Where doing so would not jeopardize the safety of society.

Care should be taken to insure that the victim's request is freely made and is not the product of threats or pressure by the accused.

The presence of these factors may also justify the decision to dismiss a prosecution which has been commenced.

Notification

The prosecutor is encouraged to notify the victim, when practical, and the law enforcement personnel, of the decision not to prosecute.

(2) Decision to prosecute.

(a) STANDARD:

Crimes against persons will be filed if sufficient admissible evidence exists, which, when considered with the most plausible, reasonably foreseeable defense that could be raised under the evidence, would justify conviction by a reasonable and objective fact-finder. With regard to offenses prohibited by RCW 9A.44.040, 9A.44.050, 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, 9A.44.089, and 9A.64.020 the prosecutor should avoid pre-filing agreements or diversions intended to place the accused in a program of treatment or counseling, so that treatment, if determined to be beneficial, can be provided pursuant to RCW 9.94A.670.

Crimes against property/other crimes will be filed if the admissible evidence is of such convincing force as to make it probable that a reasonable and objective fact-finder would

convict after hearing all the admissible evidence and the most plausible defense that could be raised.

See table below for the crimes within these categories.

- Selection of Charges/Degree of Charge

(i) The prosecutor should file charges which adequately describe the nature of defendant's conduct. Other offenses may be charged only if they are necessary to ensure that the charges:

- (A) Will significantly enhance the strength of the state's case at trial; or
- (B) Will result in restitution to all victims.
- (ii) The prosecutor should not overcharge to obtain a guilty plea. Overcharging includes:
 - (A) Charging a higher degree;
 - (B) Charging additional counts.

This standard is intended to direct prosecutors to charge those crimes which demonstrate the nature and seriousness of a defendant's criminal conduct, but to decline to charge crimes which are not necessary to such an indication. Crimes which do not merge as a matter of law, but which arise from the same course of conduct, do not all have to be charged.

(b) GUIDELINES/COMMENTARY:

(i) Police Investigation

A prosecuting attorney is dependent upon law enforcement agencies to conduct the necessary factual investigation which must precede the decision to prosecute. The prosecuting attorney shall ensure that a thorough factual investigation has been conducted before a decision to prosecute is made. In ordinary circumstances the investigation should include the following:

- (A) The interviewing of all material witnesses, together with the obtaining of written statements whenever possible;
- (B) The completion of necessary laboratory tests; and
- (C) The obtaining, in accordance with constitutional requirements, of the suspect's version of the events.

If the initial investigation is incomplete, a prosecuting attorney should insist upon further investigation before a decision to prosecute is made, and specify what the investigation needs to include.

(ii) Exceptions

In certain situations, a prosecuting attorney may authorize filing of a criminal complaint before the investigation is complete if:

- (A) Probable cause exists to believe the suspect is guilty; and
- (B) The suspect presents a danger to the community or is likely to flee if not apprehended; or
- (C) The arrest of the suspect is necessary to complete the investigation of the crime.

In the event that the exception to the standard is applied, the prosecuting attorney shall obtain a commitment from the law enforcement agency involved to complete the investigation in a timely manner. If the subsequent investigation does not produce

sufficient evidence to meet the normal charging standard, the complaint should be dismissed.

(iii) Investigation Techniques

The prosecutor should be fully advised of the investigatory techniques that were used in the case investigation including:

- (A) Polygraph testing;
- (B) Hypnosis;
- (C) Electronic surveillance;
- (D) Use of informants.
- (iv) Pre-Filing Discussions with Defendant

Discussions with the defendant or his/her representative regarding the selection or disposition of charges may occur prior to the filing of charges, and potential agreements can be reached.

(v) Pre-Filing Discussions with Victim(s)

Discussions with the victim(s) or victims' representatives regarding the selection or disposition of charges may occur before the filing of charges. The discussions may be considered by the prosecutor in charging and disposition decisions, and should be considered before reaching any agreement with the defendant regarding these decisions.

PRIOR ADJUDICATIONS

NOTE: References in the grid to days or weeks mean periods of confinement.

(1) The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.

(2) The horizontal axis of the grid is the number of prior adjudications included in the juvenile's criminal history. Each

prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.

(3) The standard range disposition for each offense is determined by the intersection of the column defined by the

FIFTY-EIGHTH DAY, MARCH 7, 2006

prior adjudications and the row defined by the current offense category.

(4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.

(5) A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

**OR
OPTION B
SUSPENDED DISPOSITION ALTERNATIVE**

(1) If the offender is subject to a standard range disposition involving confinement by the department, the court may impose the standard range and suspend the disposition on condition that the offender comply with one or more local sanctions and any educational or treatment requirement. The treatment programs provided to the offender must be research-based best practice programs as identified by the Washington state institute for public policy or the joint legislative audit and review committee.

(2) If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended disposition and order the disposition's execution.

(3) An offender is ineligible for the suspended disposition option under this section if the offender is:

(a) Adjudicated of an A + offense;

(b) Fourteen years of age or older and is adjudicated of one or more of the following offenses:

(i) A class A offense, or an attempt, conspiracy, or solicitation to commit a class A offense;

(ii) Manslaughter in the first degree (RCW 9A.32.060); or

(iii) Assault in the second degree (RCW 9A.36.021), extortion in the first degree (RCW 9A.56.120), kidnapping in the second degree (RCW 9A.40.030), robbery in the second degree (RCW 9A.56.210), residential burglary (RCW 9A.52.025), burglary in the second degree (RCW 9A.52.030), drive-by shooting (RCW 9A.36.045), vehicular homicide (RCW 46.61.520), hit and run death (RCW 46.52.020(4)(a)), intimidating a witness (RCW 9A.72.110), violation of the uniform controlled substances act (RCW 69.50.401 (2)(a) and (b)), or manslaughter 2 (RCW 9A.32.070), when the offense includes infliction of bodily harm upon another or when during the commission or immediate withdrawal from the offense the respondent was armed with a deadly weapon;

(c) Ordered to serve a disposition for a firearm violation under RCW 13.40.193; or

(d) Adjudicated of a sex offense as defined in RCW 9.94A.030.

**OR
OPTION C
CHEMICAL DEPENDENCY DISPOSITION
ALTERNATIVE**

If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose a disposition under RCW 13.40.160(4) and 13.40.165.

**OR
OPTION D
MANIFEST INJUSTICE**

If the court determines that a disposition under option A, B, or C would effectuate a manifest injustice, the court shall impose a disposition outside the standard range under RCW 13.40.160(2).

Sec. 16. RCW 46.20.311 and 2005 c 314 s 308 are each amended to read as follows:

(1)(a) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a

2006 REGULAR SESSION

fixed period of more than one year, except as specifically permitted under RCW 46.20.267, 46.20.342, or other provision of law.

(b) Except for a suspension under RCW 46.20.267, 46.20.289, 46.20.291(5), 46.61.740, or 74.20A.320, whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW.

(c) If the suspension is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the alcohol or drug dependency agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. If, based upon notification from the interlock provider or otherwise, the department determines that an interlock required under RCW 46.20.720 is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(d) Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW or a residential or visitation order, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

(e)(i) The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of seventy-five dollars.

(ii) If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be one hundred fifty dollars.

(2)(a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (i) After the expiration of one year from the date the license or privilege to drive was revoked; (ii) after the expiration of the applicable revocation period provided by RCW 46.20.3101 or 46.61.5055; (iii) after the expiration of two years for persons convicted of vehicular homicide; or (iv) after the expiration of the applicable revocation period provided by RCW 46.20.265.

(b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by

FIFTY-EIGHTH DAY, MARCH 7, 2006

law together with a reissue fee in the amount of seventy-five dollars.

(ii) If the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred fifty dollars. If the revocation is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the alcohol or drug dependency agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If, following issuance of a new license, the department determines, based upon notification from the interlock provider or otherwise, that an interlock required under RCW 46.20.720 is no longer functioning, the department shall suspend the person's license or privilege to drive until the department has received written verification from an interlock provider that a functioning interlock is installed.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of seventy-five dollars.

(b) If the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (i) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (ii) the refusal to submit to a chemical test of the driver's blood alcohol content, the reissue fee shall be one hundred fifty dollars.

(2) As provided for under RCW 46.20.285, the department shall revoke the license, permit to drive, or a nonresident privilege of a person convicted of vehicular homicide under RCW 46.61.520 or vehicular assault under RCW 46.61.522. The department shall determine the eligibility of a person convicted of vehicular homicide under RCW 46.61.520(1)(a) or vehicular assault under RCW 46.61.522(1)(b) to receive a license based upon the report provided by the designated alcoholism treatment facility or probation department, and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified.

REMARKS BY THE PRESIDENT

President Owen: "Before the President introduces these incredible individuals, he would like to note two things: One is, would, you please go back and remind the team that Bryce Fisher's father was the Sergeant at Arms of this August body? Richard Fisher, for a few years. He's an incredible football player. The other thing is, we're going to send a map of the United States to a guy named Jimmy Johnson so that he understands that Seattle is not in Alaska, as he said on television, but it's actually in the state of Washington which is in continental the United States so we're going to do that. If you ever see him, you might just point out to him where Seattle, Washington is."

INTRODUCTION OF SPECIAL GUESTS

The President welcomed and introduced Mr. Jim Zorn, Quarterback Coach and Mr. Seneca Wallace, Quarterback, of the National Football League Seattle Seahawks who were seated at the rostrum.

REMARKS BY JIM ZORN

Jim Zorn: "Thank you very much. During the football season, Seneca Wallace probably has the most difficult job in our program because he's our backup quarterback. That means that he has to prepare himself exactly the way that Matt Hasselbeck has to prepare. He doesn't get the kind of repetitions, the practice time that Matt gets, so when he's called upon, he virtually is coming out there with no reps, no practice, but he has to win games for us, basically without any preparation at all on the field, any practical preparation. All year long, we had a plan to try to get Seneca on the football field other than the quarterback position because he's very fast. He's one of our best athletes on our football team and other coaches are trying to infiltrate and steal him away from my position. So, as we started

FIFTY-NINTH DAY, MARCH 8, 2006

into different kinds of ideas of how Seneca could be involved, we had reverses for him, and we practiced these reverses out on the practice field during the week. Mike Holgrem would never call them. He just thought he would be the laughing stock of the league had he put Seneca on the field; we run the reverse; and then Seneca get injured; then Matt gets injured; then we're really in trouble. So, Mike had much more wisdom than I did. He let us practice those things but he kept Seneca off the football field. Once we got to the play offs, I went up to Mike and said, 'Listen, 'now's the time, because he can rehab in the off season if he get's injured.' So, we designed this play and the play that he ran was quite interesting. It was a play called, 'was it X-slugg C seam or just X-sluggo.' It was a play designed for Matt to drop back, pump to Seneca, try to get the corner-and the corner happened to be Ken Lucas, the guy who left the Seahawks, anyway and if Ken Lucas bit on the fake, we were going to throw to Seneca over the top. If he didn't, then we would come to other side of the field where we had tight end over the football and we had another running back and another wide receiver, so we could actually throw a zone type of pattern on the other side. So, of course as Matt dropped back and he pumped. It wasn't really a bite if you know what I mean. I mean Seneca really wasn't open, but I can guarantee you these two guys got together before the game and said, 'If that plays called, I'm coming to you regardless,' so I knew they had something other than what we had desired in store. When Matt dropped back and he pumped, Ken Lucas kind of read what was coming, but Matt threw it up anyway and then to see the heroic catch, it really was a heroic catch. For a quarterback, really an athlete to go up and steal the ball from an outstanding corner, and to come down with it. That kind of put the charge in the Seahawks during that football game. It boosted us through and then to enjoy such a dominating win for the NFC championship and have Seneca out there - both my guys out - there playing and contributing, was a special thrill for me. The biggest thrill for me as a former player and now a quarterback coach, was going to the Super Bowl was OK. Going to the Super Bowl was a real thrill. But it was the NFC championship game. What a football game, cause you could not hear. I was wearing headphones and I couldn't hear. I had to push on my headphones to make sure that I could hear what the plays, what plays were being called. It was so loud. We're here just representing the Seahawks, thank you for this resolution and thanking you for committing your support to the Seahawks organization, but also the whole Northwest. Our football stadium is one that other teams do not like to play in. When it comes to, we have all different kinds of snap counts. You go on 'one,' you go on 'set,' you go on hard counts, trying to get defenses to jump off sides, but when people come here to play, they have what they call the silent count. The silent count is the count you use when you cannot hear your voice. If you were at the or heard about what we did against the New York Giants, they jumped off sides nine or ten times because they could not hear. That's a direct result from having the best fans in National Football League, the loudest stadium and the most beautiful stadium in the National Football League. There's no question about it. When we travel we don't hear anything like teams coming into Seattle here as far as the crowd noise. It's deafening. It's a tremendous feeling to be on the good side of the National Football League and we're right here in the state of Washington. So, thank you for the resolution, nice to meet you all. I will tell Robby Tobeck that you wore his jersey today, Senator Esser, and you could send him a picture and autograph it. I'm sure he'll get a kick out of that. Thank you, Senator Rasmussen and believe me I do not look like that any longer, but I appreciate the support. Get that back up your wall. Thanks to everybody and thanks for your support."

REMARKS BY THE PRESIDENT

President Owen: "Well Seneca, I just want to say that you have joined some great receivers now, Steve Largent and Efren Herrera and I think you probably threw the pass to Efren those are some great catches and we really appreciate you taking the

time to come down here. I know you have busy schedules and lots of things to do. Also, want to thank you and the Seahawks for what they do for young people. That's incredibly important in this day and age. Keep up the good work. Thank you very, very much."

SENATE RESOLUTION
8741

By Senators Prentice, Fraser, Zarelli, Doumit, Fairley, Rockefeller, Spanel, Parlette, Pflug, Brandland, Hewitt, Schoesler, Regala, Kastama, Pridemore, Brown, Thibaudeau, Kohl-Welles, Eide, Jacobsen, Rasmussen and Roach

WHEREAS, In 1976, Terry Lee Wilson graduated from Indiana University School of Law, where he learned the fine art of bill drafting from the legendary Professor Reed Dickerson; he hasn't stopped drafting bills since; and

WHEREAS, After graduating from law school and seeking to flee the rust belt of Indiana, Mr. Wilson packed his 'Bread' albums in the back of his silver Chevrolet Chevette and drove west; and

WHEREAS, Like the explorers Lewis and Clark, Mr. Wilson didn't stop until he hit the Pacific Ocean ... at Olympia, Washington; he was impressed by the mild weather, beautiful landscapes, and generous retirement systems; and

WHEREAS, Shortly after arriving in Olympia, Mr. Wilson landed his first job as a temporary session attorney at the Code Reviser's Office where he honed his legislative drafting skills by mastering the exotic and arcane details of excise taxation and the Interstate Commerce Clause; and

WHEREAS, Laboring in relative obscurity for more than 12 years in the Code Reviser's Office, Mr. Wilson silently worked toward his lifelong goal: Personally rewriting the entire state tax code; and

WHEREAS, Recognizing his unique talents, Mr. Wilson was hired by the Senate as Tax Counsel for the Senate Ways

and Means Committee, which allowed him to pursue his lifelong goal at an even faster rate; and

WHEREAS, After mastering computer programming, Mr. Wilson created a unique legislative bill-drafting software that is used throughout the Legislature; and

WHEREAS, In 1997, Mr. Wilson's obscurity as a wizard bill drafter came to an abrupt halt after gaining great notoriety by drafting Referendum 47, an artful scheme to reduce property taxes that was overwhelmingly approved by the voters ... and overwhelmingly declared to be unconstitutional by the Washington State Supreme Court in a very close vote of 9 to 0; and

WHEREAS, Mr. Wilson has seen every version of the old saying, "Don't tax me, don't tax thee; tax that fellow behind the tree"; and

WHEREAS, Mr. Wilson's mind is like a Rubik's Cube of tax law: You can ask him to twist and bend it in every complicated direction, but in the end, he always knows how to solve the puzzle and make things come out right; and

WHEREAS, There are rumors that his set of RCW's is gathering dust: He knows all sections of the tax law so well, he never has to look anything up; and

WHEREAS, We've all heard the saying, "Taxation without representation is tyranny," but perhaps Mr. Wilson has observed that taxation *with* representation is not so good either; and

WHEREAS, The Senate wishes Mr. Wilson all the best, as he enters retirement, free to pursue one of his favorite hobbies: Computer programming; and

WHEREAS, Mr. Wilson's amazing productivity will be missed by the three employees who will be hired to replace him;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State Senate recognize Terry Wilson's legal expertise and wise counsel, valued by many political generations of senators, representatives, and legislative staff; and

BE IT FURTHER RESOLVED, That copies of this resolution be immediately transmitted by the Secretary of the Senate to Terry Wilson.

2006 REGULAR SESSION

ROLL CALL

centers for disease control and prevention placed vaccinations at the top of its list of the ten greatest public health achievements of the twentieth century. In its efforts to improve public health in the world's poorest countries, the Bill and Melinda Gates foundation has identified childhood immunization as a cost-effective method of improving public health and saving the lives of millions of children around the world.

Fortunately, in Washington, safe and cost-effective vaccinations against childhood diseases are widely available through both public and private resources. The vaccines that the Washington state department of health provides to meet the requirements for the recommended childhood vaccination schedule through its universal childhood vaccine program are screened for thimerosal and preference is given toward the purchase of thimerosal-free products. The department of health currently provides thimerosal-free products for all routinely recommended childhood vaccines. Regardless of the absence of thimerosal in childhood vaccines in Washington, scientifically reputable organizations such as the centers for disease control and prevention, the national institute of medicine, the American academy of pediatrics, the food and drug administration, and the world health organization have all determined that there is no credible evidence that the use of thimerosal in vaccines poses a threat to the health and safety of children.

Notwithstanding these assurances of the safety of the vaccine supply, the legislature finds that where there is public concern over the safety of vaccines, vaccination rates may be reduced to the point that deadly, vaccine-preventable, childhood diseases return. This measure is being enacted to maintain public confidence in vaccine programs, so that the public will continue to seek vaccinations and their health benefits may continue to protect the people of Washington.

NEW SECTION. Sec. 2. A new section is added to chapter 70.95M RCW to read as follows:

(1) Beginning July 1, 2007, a person who is known to be pregnant or who is under three years of age shall not be vaccinated with a mercury-containing vaccine or injected with a mercury-containing product that contains more than 0.5 micrograms of mercury per 0.5 milliliter dose.

(2) Notwithstanding subsection (1) of this section, an influenza vaccine may contain up to 1.0 micrograms of mercury per 0.5 milliliter dose.

(3) The secretary of the department of health may, upon declaration of a public health emergency, suspend the requirements of this section for the duration of the emergency.

(4) All vaccines and products referenced under this section must meet food and drug administration licensing requirements." and the same are herewith transmitted.

FOR THE DEPARTMENT OF ECOLOGY

Watershed Plan Implementation and Flow Achievement (06-2-003)

The appropriation in this section is subject to the following conditions and limitations: \$12,000,000 of the appropriation is provided solely for projects and water right acquisitions to support watershed planning efforts and achieving instream flows subject to the following project types, conditions, and limitations:

(1) Up to \$1,353,172 of the appropriation is provided to improve irrigation efficiency and to achieve associated flow improvements in the Twisp and Methow rivers by providing for cleaning and lining and/or piping of 30,943 linear feet of the irrigation canal within the lower (downstream) seven miles of the Methow Valley irrigation district's west canal. Of this amount, up to \$100,000 is provided for a neutral independent consultant to provide management assistance to the Methow Valley irrigation district for purposes of identifying structural and operational improvements to increase overall system water use efficiency.

(2) Up to \$200,000 of the appropriation is provided for a portion of the costs of the project level environmental impact statement for the Ahtanum creek watershed restoration program, including construction of the Pine Hollow reservoir, provided there is agreement among the Yakama nation, Ahtanum irrigation district, and other jurisdictional federal, state, and local agencies and entities to proceed with the environmental impact statement.

(3) Up to \$75,000 of the appropriation is provided to formalize the Ahtanum creek watershed restoration program, including identification of site specific habitat improvement projects and determination of the most appropriate restoration program alternative to implement.

(4) Up to \$1,500,000 of the appropriation is provided to reduce diversions from the Dungeness river through pipeline projects identified in the Dungeness river comprehensive irrigation district management plan. For at least one year from the effective date of this section, while the parties seek resolution of the court action filed in Thurston county superior court, No. 04-2-00078-2, none of these funds may be allocated to any projects in the Dungeness river basin that are within the

area that is the zone of contribution for ground and surface water infiltration to the existing Graysmarsh wetland.

(5) \$100,000 of the appropriation is provided solely to the city of Normandy Park to implement the basin plan for the Miller/Walker and Salmon creek basins.

(6) Water storage grants for the development of plans, engineering and financing reports, acquiring lands and facilities, and other preconstruction activities associated with the development of water storage and groundwater storage and recovery projects. Proposed projects should be consistent with the recommendations of the water storage task force. The department of ecology would issue grants in consultation with the departments of agriculture and fish and wildlife.

(7) Infrastructure improvement projects and other water management actions that benefit stream flows and enhance water supply to resolve conflicts among water needs for municipal water supply, agriculture water supply, and fish restoration. The stream flow improvements and other public benefits secured from these projects should be commensurate with the investment of state funds.

(8) Projects for planning, acquisition, construction, and improvement of agriculture water supply facilities and achieving water conservation and water use efficiency improvements.

(9) Financial assistance to purchase and install water measuring devices at points of diversion and withdrawal. Preference would be given to fish-critical basins, to areas participating in the department of fish and wildlife fish screening and cooperative compliance programs, and to basins where watershed planning has determined additional water diversion and withdrawal information is needed.

(10) Funding for acquisition of either water or water rights, or both, for instream flow achievement and establishment of water accounts. The appropriation is provided for either the purchase or lease, or both, of water rights. It is also provided for the purpose of improving stream and river flows in fish critical basins under the trust water rights program under chapters 90.42 and 90.38 RCW.

(11) The department shall provide small grants to watershed councils that have completed watershed plans. The grants are intended to support periodic meetings of the councils so that they can monitor the implementation of watershed plans.

(12) \$250,000 of the state building construction account--state appropriation for fiscal year 2007 is provided solely to the department of ecology to work with interested parties to study instream flows in the Hanford Reach and their impact on the ecological condition of the Hanford Reach especially as it relates to the needs of salmon and steelhead in the Hanford Reach. The department shall submit to the office of the governor and to the appropriate fiscal and policy committees of the legislature a report of its findings by July 1, 2007.

Appropriation:

State Building Construction Account--State	.. \$12,000,000

MESSAGE FROM THE HOUSE

March 8, 2006

MR. PRESIDENT:

The House has passed SECOND SUBSTITUTE SENATE BILL NO. 6793, with the following amendments{s} 6793-S2 AMH H5514.7.

Strike everything after the enacting clause and insert the following:

**"PART I
REGIONAL SUPPORT NETWORKS**

NEW SECTION. Sec. 101 (1) The legislature finds that ambiguities have been identified regarding the appropriation and allocation of federal and state funds, and the responsibilities of the department of social and health services and the regional support networks with regard to the provision of inpatient mental health services under the community mental health services act, chapter 71.24 RCW, and the involuntary treatment act, chapter 71.05 RCW. The purpose of this 2006 act is to make retroactive, remedial, curative, and technical amendments in order to resolve such ambiguities.

FIFTY-NINTH DAY, MARCH 8, 2006

2006 REGULAR SESSION

(2) In enacting the community mental health services act, the legislature intended the relationship between the state and the regional support networks to be governed solely by the terms of the regional support network contracts and did not intend these relationships to create statutory causes of action not expressly provided for in the contracts. Therefore, the legislature's intent is that, except to the extent expressly provided in contracts entered after the effective date of this section, the department of social and health services and regional support networks shall resolve existing and future disagreements regarding the subject matter identified in sections 103 and 301 of this act through nonjudicial means.

Sec. 102 RCW 71.24.016 and 2001 c 323 s 4 are each amended to read as follows:

(1) The legislature intends that eastern and western state hospitals shall operate as clinical centers for handling the most complicated long-term care needs of patients with a primary diagnosis of mental disorder. It is further the intent of the legislature that the community mental health service delivery system focus on maintaining mentally ill individuals in the community. The program shall be evaluated and managed through a limited number of performance measures designed to hold each regional support network accountable for program success.

(2) The legislature intends to address the needs of people with mental disorders with a targeted, coordinated, and comprehensive set of evidence-based practices that are effective in serving individuals in their community and will reduce the need for placements in state mental hospitals. The legislature further intends to explicitly hold regional support networks accountable for serving people with mental disorders within their geographic boundaries and for not exceeding their allocation of state hospital beds. Within funds appropriated by the legislature for this purpose, regional support networks shall develop the means to serve the needs of people with mental disorders within their geographic boundaries. Elements of the program may include:

- (a) Crisis triage;
- (b) Evaluation and treatment and community hospital beds;
- (c) Residential beds;
- (d) Programs for community treatment teams; and
- (e) Outpatient services.

(3) The regional support network shall have the flexibility, within the funds appropriated by the legislature for this purpose, to design the mix of services that will be most effective within their service area of meeting the needs of people with mental disorders and avoiding placement of such individuals at the state mental hospital. Regional support networks are encouraged to maximize the use of evidence-based practices and alternative resources with the goal of substantially reducing and potentially eliminating the use of institutions for mental diseases.

NEW SECTION. Sec. 103 A new section is added to chapter 71.24 RCW to read as follows:

(1) Except for monetary damage claims which have been reduced to final judgment by a superior court, this section applies to all claims against the state, state agencies, state officials, or state employees that exist on or arise after the effective date of this section.

(2) Except as expressly provided in contracts entered into between the department and the regional support networks after the effective date of this section, the entities identified in subsection (3) of this section shall have no claim for declaratory relief, injunctive relief, judicial review under chapter 34.05 RCW, or civil liability against the state or state agencies for actions or inactions performed pursuant to the administration of this chapter with regard to the following: (a) The allocation or payment of federal or state funds; (b) the use or allocation of state hospital beds; or (c) financial responsibility for the provision of inpatient mental health care.

(3) This section applies to counties, regional support networks, and entities which contract to provide regional

support network services and their subcontractors, agents, or employees.

The services shall include at least evaluation and treatment services as defined in chapter 71.05 RCW, acute crisis respite care, long-term adaptive and rehabilitative care, and supervised and supported living services, and shall also include any residential services developed to service mentally ill persons in nursing homes, boarding homes, and adult family homes, and may include outpatient services provided as an element in a package of services in a supported housing model. Such planning, coordination, and authorization shall include mental health screening for children eligible under the federal Title XIX early and periodic screening, diagnosis, and treatment program. Resource management services include seven day a week, twenty-four hour a day availability of information regarding mentally ill adults' and children's enrollment in services and their individual service plan to designated mental health professionals, evaluation and treatment facilities, and others as determined by the regional support network.

~~((29))~~ (30) "Tribal authority," for the purposes of this section and RCW 71.24.300 only, means: The federally recognized Indian tribes and the major Indian organizations recognized by the secretary insofar as these organizations do not have a financial relationship with any regional support network that would present a conflict of interest.

Sec. 105 RCW 71.24.045 and 2005 c 503 s 8 are each amended to read as follows:

The regional support network shall:

(1) Contract as needed with licensed service providers. The regional support network may, in the absence of a licensed service provider entity, become a licensed service provider entity pursuant to minimum standards required for licensing by the department for the purpose of providing services not available from licensed service providers;

(2) Operate as a licensed service provider if it deems that doing so is more efficient and cost effective than contracting for services. When doing so, the regional support network shall comply with rules promulgated by the secretary that shall provide measurements to determine when a regional support network provided service is more efficient and cost effective;

(3) Monitor and perform biennial fiscal audits of licensed service providers who have contracted with the regional support network to provide services required by this chapter. The monitoring and audits shall be performed by means of a formal process which insures that the licensed service providers and professionals designated in this subsection meet the terms of their contracts;

(4) Assure that the special needs of minorities, the elderly, disabled, children, and low-income persons are met within the priorities established in this chapter;

(5) Maintain patient tracking information in a central location as required for resource management services and the department's information system;

~~(6) ((Use not more than two percent of state-appropriated community mental health funds, which shall not include federal funds, to administer community mental health programs under RCW 71.24.155. PROVIDED, That county authorities serving a county or combination of counties whose population is one hundred twenty-five thousand or more may be entitled to sufficient state-appropriated community mental health funds to employ up to one full-time employee or the equivalent thereof in addition to the two percent limit established in this subsection when such employee is providing staff services to a county mental health advisory board;~~

~~(7))~~ Collaborate to ensure that policies do not result in an adverse shift of mentally ill persons into state and local correctional facilities;

~~((8))~~ (7) Work with the department to expedite the enrollment or re-enrollment of eligible persons leaving state or local correctional facilities and institutions for mental diseases;

~~((9))~~ (8) If a regional support network is not operated by the county, work closely with the county designated mental health professional or county designated crisis responder to

maximize appropriate placement of persons into community services; and

~~((10))~~ (9) Coordinate services for individuals who have received services through the community mental health system and who become patients at a state mental hospital to ensure they are transitioned into the community in accordance with mutually agreed upon discharge plans and upon determination by the medical director of the state mental hospital that they no longer need intensive inpatient care.

Sec. 106 RCW 71.24.300 and 2005 c 503 s 11 are each amended to read as follows:

(1) Upon the request of a tribal authority or authorities within a regional support network the joint operating agreement or the county authority shall allow for the inclusion of the tribal authority to be represented as a party to the regional support network.

(2) The roles and responsibilities of the county and tribal authorities shall be determined by the terms of that agreement including a determination of membership on the governing board and advisory committees, the number of tribal representatives to be party to the agreement, and the provisions of law and shall assure the provision of culturally competent services to the tribes served.

(3) The state mental health authority may not determine the roles and responsibilities of county authorities as to each other under regional support networks by rule, except to assure that all duties required of regional support networks are assigned and that counties and the regional support network do not duplicate functions and that a single authority has final responsibility for all available resources and performance under the regional support network's contract with the secretary.

(4) If a regional support network is a private nonprofit entity, the department shall allow for the inclusion of the tribal authority to be represented as a party to the regional support network.

(5) The roles and responsibilities of the private nonprofit entity and the tribal authorities shall be determined by the department, through negotiation with the tribal authority.

~~((11))~~ (6) Regional support networks shall submit an overall six-year operating and capital plan, timeline, and budget and submit progress reports and an updated two-year plan biennially thereafter, to assume within available resources all of the following duties:

(a) Administer and provide for the availability of all resource management services, residential services, and community support services.

(b) Administer and provide for the availability of all investigation, transportation, court-related, and other services provided by the state or counties pursuant to chapter 71.05 RCW.

(c) Provide within the boundaries of each regional support network evaluation and treatment services for at least ~~((eighty-five))~~ ninetypercent of persons detained or committed for periods up to seventeen days according to chapter 71.05 RCW. Regional support networks ~~((with populations of less than one hundred fifty thousand))~~ may contract to purchase evaluation and treatment services from other networks if they are unable to provide for appropriate resources within their boundaries. Insofar as the original intent of serving persons in the community is maintained, the secretary is authorized to approve exceptions on a case-by-case basis to the requirement to provide evaluation and treatment services within the boundaries of each regional support network. Such exceptions are limited to:

~~(i) Contracts with neighboring or contiguous regions; or~~
~~(ii) Individuals detained or committed for periods up to seventeen days at the state hospitals at the discretion of the secretary.~~

~~(d) ((Administer a portion of funds appropriated by the legislature to house mentally ill persons in state institutions from counties within the boundaries of any regional support network;~~

FIFTY-NINTH DAY, MARCH 8, 2006

with the exception of persons currently confined at, or under the supervision of, a state mental hospital pursuant to chapter 10.77 RCW, and provide for the care of all persons needing evaluation and treatment services for periods up to seventeen days according to chapter 71.05 RCW in appropriate residential services, which may include state institutions. The regional support networks shall reimburse the state for use of state institutions at a rate equal to that assumed by the legislature when appropriating funds for such care at state institutions during the biennium when reimbursement occurs. The secretary shall submit a report to the appropriate committees of the senate and house of representatives on the efforts to implement this section by October 1, 2002. The duty of a state hospital to accept persons for evaluation and treatment under chapter 71.05 RCW is limited by the responsibilities assigned to regional support networks under this section.

~~(e)~~ Administer and provide for the availability of all other mental health services, which shall include patient counseling, day treatment, consultation, education services, employment services as defined in RCW 71.24.035, and mental health services to children.

~~((f))~~ (e) Establish standards and procedures for reviewing individual service plans and determining when that person may be discharged from resource management services.

~~((2))~~ (7) A regional support network may request that any state-owned land, building, facility, or other capital asset which was ever purchased, deeded, given, or placed in trust for the care of the mentally ill and which is within the boundaries of a regional support network be made available to support the operations of the regional support network. State agencies managing such capital assets shall give first priority to requests for their use pursuant to this chapter.

~~((3))~~ (8) Each regional support network shall appoint a mental health advisory board which shall review and provide comments on plans and policies developed under this chapter, provide local oversight regarding the activities of the regional support network, and work with the regional support network to resolve significant concerns regarding service delivery and outcomes. The department shall establish statewide procedures for the operation of regional advisory committees including mechanisms for advisory board feedback to the department regarding regional support network performance. The composition of the board shall be broadly representative of the demographic character of the region and shall include, but not be limited to, representatives of consumers and families, law enforcement, and where the county is not the regional support network, county elected officials. Composition and length of terms of board members may differ between regional support networks but shall be included in each regional support network's contract and approved by the secretary.

~~((4))~~ (9) Regional support networks shall assume all duties specified in their plans and joint operating agreements through biennial contractual agreements with the secretary.

~~((5))~~ (10) Regional support networks may receive technical assistance from the housing trust fund and may identify and submit projects for housing and housing support services to the housing trust fund established under chapter 43.185 RCW. Projects identified or submitted under this subsection must be fully integrated with the regional support network six-year operating and capital plan, timeline, and budget required by subsection ~~((4))~~ (6) of this section.

Sec. 107 RCW 71.24.310 and 1989 c 205 s 6 are each amended to read as follows:

The legislature finds that administration of chapter 71.05 RCW and this chapter can be most efficiently and effectively implemented as part of the regional support network defined in RCW 71.24.025. For this reason, the legislature intends that ~~((any enhanced program funding for implementation of))~~ the department and the regional support networks shall work together to implement chapter 71.05 RCW ~~((or this chapter, except for funds allocated for implementation of mandatory~~

2006 REGULAR SESSION

statewide programs as required by federal statute, be made available primarily to those counties participating in regional support networks)) as follows:

(1) By June 1, 2006, regional support networks shall recommend to the department the number of state hospital beds that should be allocated for use by each regional support network. The statewide total allocation shall not exceed the number of state hospital beds offering long-term inpatient care, as defined in this chapter, for which funding is provided in the biennial appropriations act.

(2) If there is consensus among the regional support networks regarding the number of state hospital beds that should be allocated for use by each regional support network, the department shall contract with each regional support network accordingly.

(3) If there is not consensus among the regional support networks regarding the number of beds that should be allocated for use by each regional support network, the department shall establish by emergency rule the number of state hospital beds that are available for use by each regional support network. The emergency rule shall be effective September 1, 2006. The primary factor used in the allocation shall be the estimated number of acutely and chronically mentally ill adults in each regional support network area, based upon population-adjusted incidence and utilization.

(4) The allocation formula shall be updated at least every three years to reflect demographic changes, and new evidence regarding the incidence of acute and chronic mental illness and the need for long-term inpatient care. In the updates, the statewide total allocation shall include (a) all state hospital beds offering long-term inpatient care for which funding is provided in the biennial appropriations act; plus (b) the estimated equivalent number of beds or comparable diversion services contracted in accordance with subsection (5) of this section.

(5) The department is encouraged to enter performance-based contracts with regional support networks to provide some or all of the regional support network's allocated long-term inpatient treatment capacity in the community, rather than in the state hospital. The performance contracts shall specify the number of patient days of care available for use by the regional support network in the state hospital.

(6) If a regional support network uses more state hospital patient days of care than it has been allocated under subsection (3) or (4) of this section, or than it has contracted to use under subsection (5) of this section, whichever is less, it shall reimburse the department for that care. The reimbursement rate per day shall be the hospital's total annual budget for long-term inpatient care, divided by the total patient days of care assumed in development of that budget.

(7) One-half of any reimbursements received pursuant to subsection (6) of this section shall be used to support the cost of operating the state hospital. The department shall distribute the remaining half of such reimbursements among regional support networks that have used less than their allocated or contracted patient days of care at that hospital, proportional to the number of patient days of care not used.

PART II MENTAL HEALTH AUTHORITY

Sec. 201 RCW 71.24.035 and 2005 c 504 s 715 and 2005 c 503 s 7 are each reenacted and amended to read as follows:

(2) The secretary shall provide for public, client, and licensed service provider participation in developing the state mental health program, developing contracts with regional support networks, and any waiver request to the federal government under medicaid.

(b) Assure that any regional or county community mental health program provides access to treatment for the region's residents in the following order of priority: (i) The acutely mentally ill; (ii) chronically mentally ill adults and severely emotionally disturbed children; and (iii) the seriously disturbed. Such programs shall provide:

(A) Outpatient services;

(B) Emergency care services for twenty-four hours per day;

(C) Day treatment for mentally ill persons which includes training in basic living and social skills, supported work, vocational rehabilitation, and day activities. Such services may include therapeutic treatment. In the case of a child, day treatment includes age-appropriate basic living and social skills, educational and prevocational services, day activities, and therapeutic treatment;

(D) Screening for patients being considered for admission to state mental health facilities to determine the appropriateness of admission;

(E) Employment services, which may include supported employment, transitional work, placement in competitive employment, and other work-related services, that result in mentally ill persons becoming engaged in meaningful and gainful full or part-time work. Other sources of funding such as the division of vocational rehabilitation may be utilized by the secretary to maximize federal funding and provide for integration of services;

(F) Consultation and education services; and

(G) Community support services;

(c) Develop and adopt rules establishing state minimum standards for the delivery of mental health services pursuant to RCW 71.24.037 including, but not limited to:

(i) Licensed service providers. These rules shall permit a county-operated mental health program to be licensed as a service provider subject to compliance with applicable statutes and rules. The secretary shall provide for deeming of compliance with state minimum standards for those entities accredited by recognized behavioral health accrediting bodies recognized and having a current agreement with the department;

(ii) Regional support networks; and

(iii) Inpatient services, evaluation and treatment services and facilities under chapter 71.05 RCW, resource management services, and community support services;

(e) Establish a standard contract or contracts, consistent with state minimum standards and RCW 71.24.320 ~~((and))~~, 71.24.330, and 71.24.3201, which shall be used in contracting with regional support networks. The standard contract shall include a maximum fund balance, which shall be consistent with that required by federal regulations or waiver stipulations;

(f) Establish, to the extent possible, a standardized auditing procedure which minimizes paperwork requirements of regional support networks and licensed service providers. The audit procedure shall focus on the outcomes of service and not the processes for accomplishing them;

(g) Develop and maintain an information system to be used by the state and regional support networks that includes a

2006 REGULAR SESSION

tracking method which allows the department and regional support networks to identify mental health clients' participation in any mental health service or public program on an immediate basis. The information system shall not include individual patient's case history files. Confidentiality of client information and records shall be maintained as provided in this chapter and in RCW 71.05.390, 71.05.420, and 71.05.440;

(h) License service providers who meet state minimum standards;

(i) Certify regional support networks that meet state minimum standards;

(k) Fix fees to be paid by evaluation and treatment centers to the secretary for the required inspections;

(l) Monitor and audit regional support networks and licensed service providers as needed to assure compliance with contractual agreements authorized by this chapter;

(m) Adopt such rules as are necessary to implement the department's responsibilities under this chapter; and

(n) Assure the availability of an appropriate amount, as determined by the legislature in the operating budget by amounts appropriated for this specific purpose, of community-based, geographically distributed residential services.

(6) The secretary shall use available resources only for regional support networks, except to the extent authorized, and in accordance with any priorities or conditions specified, in the biennial appropriations act.

(7) Each certified regional support network and licensed service provider shall file with the secretary, on request, such data, statistics, schedules, and information as the secretary reasonably requires. A certified regional support network or licensed service provider which, without good cause, fails to furnish any data, statistics, schedules, or information as requested, or files fraudulent reports thereof, may have its certification or license revoked or suspended.

(8) The secretary may suspend, revoke, limit, or restrict a certification or license, or refuse to grant a certification or license for failure to conform to: (a) The law; (b) applicable rules and regulations; (c) applicable standards; or (d) state minimum standards.

(9) The superior court may restrain any regional support network or service provider from operating without certification or a license or any other violation of this section. The court may also review, pursuant to procedures contained in chapter 34.05 RCW, any denial, suspension, limitation, restriction, or revocation of certification or license, and grant other relief required to enforce the provisions of this chapter.

(10) Upon petition by the secretary, and after hearing held upon reasonable notice to the facility, the superior court may issue a warrant to an officer or employee of the secretary authorizing him or her to enter at reasonable times, and examine the records, books, and accounts of any regional support network or service provider refusing to consent to inspection or examination by the authority.

(11) Notwithstanding the existence or pursuit of any other remedy, the secretary may file an action for an injunction or other process against any person or governmental unit to restrain or prevent the establishment, conduct, or operation of a regional support network or service provider without certification or a license under this chapter.

(12) The standards for certification of evaluation and treatment facilities shall include standards relating to maintenance of good physical and mental health and other services to be afforded persons pursuant to this chapter and chapters 71.05 and 71.34 RCW, and shall otherwise assure the effectuation of the purposes of these chapters.

FIFTY-NINTH DAY, MARCH 8, 2006

2006 REGULAR SESSION

~~(13)(a) The department, in consultation with affected parties, shall establish a distribution formula that reflects regional needs assessments based on the number of persons who are acutely mentally ill, chronically mentally ill, severely emotionally disturbed children, and seriously disturbed. The formula shall take into consideration the impact on regions of demographic factors which result in concentrations of priority populations as set forth in subsection (5)(b) of this section. These factors shall include the population concentrations resulting from commitments under chapters 71.05 and 71.34 RCW to state psychiatric hospitals, as well as concentration in urban areas, at border crossings at state boundaries, and other significant demographic and workload factors.~~

~~(b) The formula shall also include a projection of the funding allocations that will result for each region, which specifies allocations according to priority populations, including the allocation for services to children and other underserved populations.~~

~~(c) After July 1, 2003, the department may allocate up to two percent of total funds to be distributed to the regional support networks for incentive payments to reward the achievement of superior outcomes, or significantly improved outcomes, as measured by a statewide performance measurement system consistent with the framework recommended in the joint legislative audit and review committee's performance audit of the mental health system. The department shall annually report to the legislature on its criteria and allocation of the incentives provided under this subsection.) The department shall distribute appropriated state and federal funds in accordance with any priorities, terms, or conditions specified in the appropriations act.~~

(14) The secretary shall assume all duties assigned to the nonparticipating regional support networks under chapters 71.05, 71.34, and 71.24 RCW. Such responsibilities shall include those which would have been assigned to the nonparticipating counties in regions where there are not participating regional support networks.

The regional support networks, or the secretary's assumption of all responsibilities under chapters 71.05, 71.34, and 71.24 RCW, shall be included in all state and federal plans affecting the state mental health program including at least those required by this chapter, the medicaid program, and P.L. 99-660. Nothing in these plans shall be inconsistent with the intent and requirements of this chapter.

(15) The secretary shall:

(a) Disburse funds for the regional support networks within sixty days of approval of the biennial contract. The department must either approve or reject the biennial contract within sixty days of receipt.

(b) Enter into biennial contracts with regional support networks. The contracts shall be consistent with available resources. No contract shall be approved that does not include progress toward meeting the goals of this chapter by taking responsibility for: (i) Short-term commitments; (ii) residential care; and (iii) emergency response systems.

(c) Notify regional support networks of their allocation of available resources at least sixty days prior to the start of a new biennial contract period.

(d) Deny all or part of the funding allocations to regional support networks based solely upon formal findings of noncompliance with the terms of the regional support network's contract with the department. ((Written notice and at least thirty days for corrective action must precede any such action. In such cases, regional support networks shall have full rights to appeal under chapter 34.05 RCW.)) Regional support networks disputing the decision of the secretary to withhold funding allocations are limited to the remedies provided in the department's contracts with the regional support networks.

(16) The department, in cooperation with the state congressional delegation, shall actively seek waivers of federal requirements and such modifications of federal regulations as

are necessary to allow federal medicaid reimbursement for services provided by free-standing evaluation and treatment facilities certified under chapter 71.05 RCW. The department shall periodically report its efforts to the appropriate committees of the senate and the house of representatives.

Sec. 202 RCW 71.24.320 and 2005 c 503 s 4 are each amended to read as follows:

(1) The secretary shall initiate a procurement process for regional support networks in 2005. In the first step of the procurement process, existing regional support networks may respond to a request for qualifications developed by the department. The secretary shall issue the request for qualifications not later than October 1, 2005. The request for qualifications shall be based on cost-effectiveness, adequate residential and service capabilities, effective collaboration with criminal justice agencies and the chemical dependency treatment system, and the ability to provide the full array of services as stated in the mental health state plan, and shall meet all applicable federal and state regulations and standards. An existing regional support network shall be awarded the contract with the department if it substantially meets the requirements of the request for qualifications developed by the department.

(2)(a) If an existing regional support network chooses not to respond to the request for qualifications, or is unable to substantially meet the requirements of the request for qualifications, the department shall utilize a procurement process in which other entities recognized by the secretary may bid to serve as the regional support network in that region. The procurement process shall begin with a request for proposals issued March 1, 2006.

(i) The request for proposal shall include a scoring factor for proposals that include additional financial resources beyond that provided by state appropriation or allocation.

(ii) Regional support networks that substantially met the requirements of the request for qualifications may bid to serve as the regional support network for other regions of the state that are subject to the request for proposal process. The proposal shall be evaluated on whether the bid meets the threshold requirement for the new region and shall not subject the regional support networks' original region to the request for proposal.

(b) Prior to final evaluation and scoring of the proposals all respondents will be provided with an opportunity for a detailed briefing by the department regarding the deficiencies in the proposal and shall be provided an opportunity to clarify information previously submitted.

Sec. 203 RCW 71.24.330 and 2005 c 503 s 6 are each amended to read as follows:

(1) Contracts between a regional support network and the department shall include mechanisms for monitoring performance under the contract and remedies for failure to substantially comply with the requirements of the contract including, but not limited to, financial penalties, termination of the contract, and reprourement of the contract.

(2) The procurement process shall encourage the preservation of infrastructure previously purchased by the community mental health service delivery system, the maintenance of linkages between other services and delivery systems, and maximization of the use of available funds for services versus profits. The procurement process shall provide that public funds appropriated by the legislature shall not be used to promote or deter, encourage, or discourage employees from exercising their rights under Title 29, chapter 7, subchapter II, United States Code or chapter 41.56 RCW.

(3) In addition to the requirements of RCW 71.24.035, contracts shall:

(a) Define administrative costs and ensure that the regional support network does not exceed an administrative cost of ten percent of available funds;

(b) Require effective collaboration with law enforcement, criminal justice agencies, and the chemical dependency treatment system;

FIFTY-NINTH DAY, MARCH 8, 2006

2006 REGULAR SESSION

(c) Require substantial implementation of department adopted integrated screening and assessment process and matrix of best practices; ~~((and))~~

(d) Maintain the decision-making independence of designated mental health professionals;

(e) Except at the discretion of the secretary or as specified in the biennial budget, require regional support networks to pay the state for the costs associated with individuals who are being served on the grounds of the state hospitals and who are not receiving long-term inpatient care as defined in RCW 71.24.025; and

(f) Include a negotiated alternative dispute resolution clause.

Sec. 204 RCW 72.23.025 and 1998 c 245 s 141 are each amended to read as follows:

(1) It is the intent of the legislature to improve the quality of service at state hospitals, eliminate overcrowding, and more specifically define the role of the state hospitals. The legislature intends that eastern and western state hospitals shall become clinical centers for handling the most complicated long-term care needs of patients with a primary diagnosis of mental disorder. ~~((Over the next six years, their involvement in providing short-term, acute care, and less complicated long-term care shall be diminished in accordance with the revised responsibilities for mental health care under chapter 71.24 RCW.))~~ To this end, the legislature intends that funds appropriated for mental health programs, including funds for regional support networks and the state hospitals be used for persons with primary diagnosis of mental disorder. The legislature finds that establishment of the eastern state hospital board, the western state hospital board, and institutes for the study and treatment of mental disorders at both eastern state hospital and western state hospital will be instrumental in implementing the legislative intent.

(2)(a) The eastern state hospital board and the western state hospital board are each established. Members of the boards shall be appointed by the governor with the consent of the senate. Each board shall include:

(i) The director of the institute for the study and treatment of mental disorders established at the hospital;

(ii) One family member of a current or recent hospital resident;

(iii) One consumer of services;

(iv) One community mental health service provider;

(v) Two citizens with no financial or professional interest in mental health services;

(vi) One representative of the regional support network in which the hospital is located;

(vii) One representative from the staff who is a physician;

(viii) One representative from the nursing staff;

(ix) One representative from the other professional staff;

(x) One representative from the nonprofessional staff; and

(xi) One representative of a minority community.

(1) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources, the legislature needs information on how a tax incentive is used.

(2)(a) A person who reports taxes under RCW 82.04.260(12) shall file a complete annual survey with the department. The survey is due by March 31st following any year in which a person reports taxes under RCW 82.04.260(12). The department may extend the due date for timely filing of annual surveys under this section as provided in RCW 82.32.590. The survey shall include the amount of tax reduced under the preferential rate in RCW 82.04.260(12). The survey shall also include the following information for employment positions in Washington:

(i) The number of total employment positions;

(ii) Full-time, part-time, and temporary employment positions as a percent of total employment;

FIFTY-NINTH DAY, MARCH 8, 2006

2006 REGULAR SESSION

(iii) The number of employment positions according to the following wage bands: Less than thirty thousand dollars; thirty thousand dollars or greater, but less than sixty thousand dollars; and sixty thousand dollars or greater. (b) The first survey filed under this subsection shall include employment, wage, and benefit information for the twelve-month period immediately before first use of a preferential tax rate under RCW 82.04.260(12).

(c) As part of the annual survey, the department may request additional information, including the amount of investment in equipment used in the activities taxable under the preferential rate in RCW 82.04.260(12), necessary to measure the results of, or determine eligibility for, the preferential tax rate in RCW 82.04.260(12).

(d) All information collected under this section, except the amount of the tax reduced under the preferential rate in RCW 82.04.260(12), is deemed taxpayer information under RCW 82.32.330. Information on the amount of tax reduced is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request, except as provided in (e) of this subsection. If the amount of the tax reduced as reported on the survey is different than the amount actually reduced based on the taxpayer's excise tax returns or otherwise allowed by the department, the amount actually reduced may be disclosed.

(e) Persons for whom the actual amount of the tax reduction is less than ten thousand dollars during the period covered by the survey may request the department to treat the amount of the tax reduction as confidential under RCW 82.32.330.

(3) If a person fails to submit a complete annual survey under subsection (2) of this section by the due date or any extension under RCW 82.32.590, the department shall declare the amount of taxes reduced under the preferential rate in RCW 82.04.260(12) for the period covered by the survey to be immediately due and payable. The department shall assess interest, but not penalties, on the taxes. Interest shall be assessed at the rate provided for delinquent excise taxes under this chapter, retroactively to the date the reduced taxes were due, and shall accrue until the amount of the reduced taxes is repaid.

(4) The department shall use the information from the annual survey required under subsection (2) of this section to prepare summary descriptive statistics by category. The department shall report these statistics to the legislature each year by September 1st. The requirement to prepare and report summary descriptive statistics shall cease after September 1, 2025.

(5) By November 1, 2011, and November 1, 2023, the fiscal committees of the house of representatives and the senate, in consultation with the department, shall report to the legislature on the effectiveness of the preferential tax rate provided in RCW 82.04.260(12). The report shall measure the effect of the preferential tax rate provided in RCW 82.04.260(12) on job retention, net jobs created for Washington residents, company growth, and other factors as the committees select. The report shall include a discussion of principles to apply in evaluating whether the legislature should continue the preferential tax rate provided in RCW 82.04.260(12).

Sec. 10 RCW 82.32.590 and 2005 c 514 s 1001 are each amended to read as follows:

(1) If the department finds that the failure of a taxpayer to file an annual survey under RCW 82.04.4452 or section 9 of this act by the due date was the result of circumstances beyond the control of the taxpayer, the department shall extend the time for filing the survey. Such extension shall be for a period of thirty days from the date the department issues its written notification to the taxpayer that it qualifies for an extension under this

section. The department may grant additional extensions as it deems proper.

(2) In making a determination whether the failure of a taxpayer to file an annual survey by the due date was the result of circumstances beyond the control of the taxpayer, the department shall be guided by rules adopted by the department for the waiver or cancellation of penalties when the underpayment or untimely payment of any tax was due to circumstances beyond the control of the taxpayer.

Sec. 11 RCW 82.32.600 and 2005 c 514 s 1002 are each amended to read as follows:

(1) Persons required to file surveys under RCW 82.04.4452 or section 9 of this act must electronically file with the department all surveys, returns, and any other forms or information the department requires in an electronic format as provided or approved by the department (~~(, unless the department grants relief under subsection (2) of this section)~~). As used in this section, "returns" has the same meaning as "return" in RCW 82.32.050.

(2) (~~Upon request, the department may relieve a person of the obligations in subsection (1) of this section if the person's taxes have been reduced a cumulative total of less than one thousand dollars from all of the credits, exemptions, or preferential business and occupation tax rates, for which a person is required to file an annual survey under RCW 82.04.4452, 82.32.535, 82.32.545, 82.32.570, 82.32.560, 82.60.070, or 82.63.020.~~

(4) ~~Any survey, return, or any other form or information required to be filed in an electronic format under subsection (1) of this section is not filed until received by the department in an electronic format.~~

(3)(a) The department of revenue shall provide notice of the effective date of this act to affected taxpayers, the legislature, and others as deemed appropriate by the department.

(b) If, after making a determination that a contract has been signed and this act is effective, the department discovers that commencement of commercial production did not take place within three years of the date the contract was signed, the department shall make a determination that this act is no longer effective, and all taxes that would have been otherwise due shall be deemed deferred taxes and are immediately assessed and payable from any person reporting tax under RCW 82.04.240(2) or claiming an exemption or credit under section 2 or 5 through 10 of this act. The department is not authorized to make a second determination regarding the effective date of this act.

PARLIAMENTARY INQUIRY

Senator Benton: "Thank you Mr. President. On our desk we have the first supplement which listed a number of House bills that we've been voting on and as we refer to this book, we look and there is no indication in the book of testimony in the House on these bills. It tells you the summary of the bill, it tells you what the votes are in the House; but it doesn't tell you the testimony. The testimony for or against. Normally, when we discuss bills whether they be Senate or House bills, the bill reports include the actual testimony. Now, there is one bill here in this book that does include testimony and that's the last one listed but none of the others include that description and, I might point out Mr. President, that information is important to members of the Senate in terms of helping us understand the bill, what it does, who is for it and who is against it. Could you ask the Secretary of the Senate to supply us with the testimony of these bills please?"

REPLY BY THE PRESIDENT

President Owen: "Senator Benton, I would suggest that you take that up with your leadership and talk with the Secretary of the Senate yourself. There is no rule that I am aware of that states what should or should not be in that informational document. In other words, the President can not direct the Secretary of the Senate to do that."

PARLIAMENTARY INQUIRY

Senator Benton: "Mr. President, I was under the impression that there is a rule that the bill reports must be on our desk before we're asked to vote on legislation. Is that not the case?"

REPLY BY THE PRESIDENT

President Owen: "Senator Benton, you were talking about the specifics of testimony for and against."

PARLIAMENTARY INQUIRY

Senator Benton: "Which is typically part of a bill report, Mr. President?"

REPLY BY THE PRESIDENT

President Owen: "As I suggested you, you should talk to

FIFTY-NINTH DAY, MARCH 8, 2006

2006 REGULAR SESSION

your leadership about that and possibly the Secretary of the Senate.”

SECOND READING

NEW SECTION. Sec. 1 Part-time academic employees at community and technical colleges are currently eligible for full health care benefits beginning the second consecutive quarter of employment, at half-time or more of an academic workload, as defined in RCW 28B.50.489. They are also eligible for health benefits through the summer even if they receive no work at all that quarter, if they have worked half-time or more of an academic workload in each of the three preceding quarters. However, workload fluctuations below these thresholds may result in the loss of employer contributions for health care benefits. It is the intent of the legislature to provide for continuous health care eligibility for part-time academic employees based on averaging workload gained during the two preceding academic years.

NEW SECTION. Sec. 2 A new section is added to chapter 41.05 RCW to read as follows:

(1) Part-time academic employees, as defined in RCW 28B.50.489, who have established eligibility as determined from the payroll records of the employing community or technical college districts, for employer contributions for benefits under this chapter and who have worked an average of half-time or more in each of the two preceding academic years, through employment at one or more community or technical college districts, are eligible for continuation of employer contributions for the subsequent summer quarter period including the break between summer and fall quarters.

(2) Once a part-time academic employee meets the criteria in subsection (1) of this section, the employee shall continue to receive uninterrupted employer contributions for benefits if the employee works at least two of the three quarters of the academic year with an average academic year workload of half-time or more. Benefits provided under this section cease if this criteria is not met. Continuous benefits shall be reinstated once the employee reestablishes eligibility under subsection (1) of this section.

(3) As used in this section, "academic year" means fall, winter, and spring quarters.

(4) This section does not modify rules in existence on the effective date of this section adopted under this chapter regarding the initial establishment of eligibility for benefits.

(5) This section does not preclude individuals from being eligible for benefits under other laws or rules that may apply or for which they may be eligible.

(6) The employer must notify part-time academic employees of their potential right to benefits under this section.

(7) To be eligible for maintenance of benefits through averaging, part-time academic employees must notify their

employers of their potential eligibility. The state board for community and technical colleges shall report back to the legislature by November 15, 2009, on the feasibility of eliminating the self-reporting requirement for employees.

NEW SECTION. Sec. 3 A new section is added to chapter 28B.50 RCW to read as follows:

Health care benefits for part-time academic employees are governed by section 2 of this act.

NEW SECTION. Sec. 4 This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 2 of the title, after "benefits;" strike the remainder of the title and insert "adding a new section to chapter 41.05 RCW; adding a new section to chapter 28B.50 RCW; creating a new section; and declaring an emergency."

Sec. 155. 2005 c 518 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES.

(1) Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1,

FIFTY-NINTH DAY, MARCH 8, 2006

2006 REGULAR SESSION

2006, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2006 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2006 caseload forecasts and utilization assumptions in the medical assistance, long-term care, foster care, adoption support, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose, other than family support appropriations for the developmental disabilities program in section 205(1)(e) of this act and family reconciliation services appropriations for the children and family services program in section 202(20) of this act, after approval by the director of financial management.

(c) The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds and not federal funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(4) The department is authorized to expend up to \$4,700,000 of its general fund--state appropriation for fiscal year 2007 for any reductions in federal funding in fiscal year 2006 for targeted case management services for children who are in the care of the state. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications under this subsection.

(5) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage Medicaid expenditures for the aged and disabled population. Under this Washington medicaid integration partnership (WMIP) the department may combine and transfer such Medicaid funds appropriated under sections 204, 206, 208, and 209 of this act as may be necessary to finance a unified health care plan for the WMIP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons during the 2005-2007 biennium. The amount of funding assigned to the pilot projects from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled in the pilot, times the number of clients enrolled in the pilot. In implementing the WMIP pilot projects, the department may: (a) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for individuals enrolled in the pilots; and (b) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs. The department shall conduct an evaluation of the WMIP, measuring changes in participant health outcomes, changes in patterns of service utilization, participant satisfaction, participant access to services, and the state fiscal impact.

((4)) (6) In accordance with RCW 74.39A.300, the appropriations to the department of social and health services in this act are sufficient to implement the compensation and fringe benefits of the collective bargaining agreement reached between the governor and the exclusive bargaining representative of individual providers of home care services.

Funds provided in this subsection may be used solely for community juvenile accountability grants, administration of the grants, and evaluations of programs funded by the grants.

(4) \$2,997,000 of the violence reduction and drug enforcement account appropriation is provided solely to implement alcohol and substance abuse treatment programs for locally committed offenders. The juvenile rehabilitation administration shall award these moneys on a competitive basis to counties that submitted a plan for the provision of services approved by the division of alcohol and substance abuse. The juvenile rehabilitation administration shall develop criteria for evaluation of plans submitted and a timeline for awarding funding and shall assist counties in creating and submitting plans for evaluation.

(5) For the purposes of a pilot project, the juvenile rehabilitation administration shall provide a block grant, rather than categorical funding, for consolidated juvenile services, community juvenile accountability act grants, the chemically dependent disposition alternative, and the special sex offender disposition alternative to the Pierce county juvenile court. To evaluate the effect of decategorizing funding for youth services, the juvenile court shall do the following:

(a) Develop intermediate client outcomes according to the risk assessment tool (RAT) currently used by juvenile courts and in coordination with the juvenile rehabilitation administration;

(b) Track the number of youth participating in each type of service, intermediate outcomes, and the incidence of recidivism within twenty-four months of completion of services;

(c) Track similar data as in (b) of this subsection with an appropriate comparison group, selected in coordination with the juvenile rehabilitation administration and the family policy council;

(d) Document the process for managing block grant funds on a quarterly basis, and provide this report to the juvenile rehabilitation administration and the family policy council; and

(6) \$319,000 of the general fund--state appropriation for fiscal year 2006 and \$678,000 of the general fund--state appropriation for fiscal year 2007 are provided solely to establish a reinvesting in youth pilot program. (a) Only the following intervention service models shall be funded under the pilot program: (i) Functional family therapy; (ii) multi-systemic therapy; and (iii) aggression replacement training.

(b) Subject to (c) of this subsection, payments to counties in the pilot program shall be sixty-nine percent of the average service model cost per youth times the number of youth engaged by the selected service model. For the purposes of calculating the average service model cost per engaged youth for a county, the following costs will be included: Staff salaries, staff benefits, training, fees, quality assurance, and local expenditures on administration.

(c) Distribution of moneys to the charter county with a population of over eight hundred thousand residents shall be based upon the number of youth that are engaged by the intervention service models, up to six hundred thousand dollars for the biennium. The department may distribute the remaining grant moneys to the other counties selected to participate in the pilot program.

(d) The department shall provide recommendations to the legislature by June 30, 2006, regarding a cost savings calculation methodology, a funds distribution formula, and criteria for service model eligibility for use if the reinvesting in youth program is continued in future biennia.

The juvenile rehabilitation administration may adjust the funding level provided in this subsection in the event that utilization rates of the disposition alternatives are lower than the level anticipated by the total appropriation to the juvenile rehabilitation administration in this section. The juvenile rehabilitation administration shall report to the appropriate policy and fiscal committees of the legislature on the use of the disposition alternatives and revocations by December 1, 2006. The formula shall also ensure that each regional support network's combined state and federal allocation is no less than the amount it was due under the fiscal year 2005 allocation methodology. The remaining amounts shall be distributed based upon a formula that incorporates each regional support network's percentage of the state's population. ((In consultation with regional support networks and other interested groups, the department shall report to the joint legislative and executive task force by September 2006 on options for modifying the allocation formula to assure equitable statewide access to essential nonmedicaid services.

—(e)) (b) \$100,959,000 of the general fund--state appropriation for fiscal year 2007 is provided solely for persons and services not covered by the medicaid program. Consistent with RCW 71.24.035(13), these funds shall be distributed proportional to each regional support network's percentage of the total state population.

(c) \$10,882,000 of the general fund--state appropriation for fiscal year 2007 and \$10,922,000 of the general fund--federal appropriation are provided solely to increase medicaid capitation rates (i) by three and one-half percent, for regional support networks whose fiscal year 2006 capitation rates are above the statewide population-weighted average; and (ii) to the statewide population-weighted average, for regional support networks whose fiscal year 2006 capitation rates are below that level. Regional support networks may elect to receive all or a portion of the general fund--state share of the funding for which they qualify under this subsection (1)(c) as an increase in nonmedicaid rather than medicaid funding. Regional support networks choosing to obtain funding in this way must notify the department of their decision no later than June 1, 2006.

(d) \$359,000 of the general fund--state appropriation for fiscal year 2007 is provided solely to ensure that no regional support network's combined state and federal allocation is less than the amount it was due under the fiscal year 2006 allocation methodology.

(e) \$750,000 of the general fund--state appropriation for fiscal year 2007 is provided solely for grants to hospitals that are unable to receive disproportionate share hospital funding due to the federal funding restrictions on "institutions for mental disease." These funds shall be allocated among eligible hospitals proportional to the amount the hospital would have received from the disproportionate share hospital grants funded under section 209 of this 2006 act if the federal funding restriction were not in effect.

(f) \$85,000 of the general fund--state appropriation for fiscal year 2007 is provided solely for a contract with the national alliance for the mentally ill of greater Seattle to assist people who are recovering from a major mental illness to participate in development of a group residence for women.

(g) \$2,825,000 of the general fund--state appropriation for fiscal year 2007 is provided solely to refund to regional support networks fifty percent of the "liquidated damages" amount that was withheld from payments to the regional support network during fiscal years 2002 through 2005 because the regional support network used more than its allocated number of state hospital days of care. The payments directed in this subsection (1)(g) are contingent upon agreement by the regional support network that the funds shall be used only for mental health services. The payments directed in this subsection do not apply to regional support networks to which such refunds have been directed by court order prior to the effective date of this 2006 act.

(h) The department shall refund to the regional support networks 100 percent of the "liquidated damages" that have been withheld from payments to the regional support network during fiscal year 2006 for periods prior to the effective date of this act. The payments directed in this subsection (1)(h) do not apply to regional support networks to which such refunds have been directed by court order prior to the effective date of this act.

(i) \$3,238,000 of the general fund--state appropriation for fiscal year 2007 is provided solely for the department and regional support networks to contract for development and initial implementation of high-intensity program for active community treatment (PACT) teams, and other proven program approaches which the department concurs will enable the regional support network to achieve significant reductions during fiscal year 2008 and thereafter in the number of beds the regional support network would otherwise need to use at the state hospitals.

(j) The number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall average 222 per day throughout fiscal year 2007. The number of nonforensic beds allocated for use by regional support networks at western state hospital shall average 727 during the first quarter of fiscal year 2007, 757 during the second quarter of fiscal year 2007, and 777 during the third and fourth quarters of fiscal year 2007. During fiscal year 2007, the department shall not separately charge regional support networks for use of state hospital beds for short-term commitments, or for persons served in the program for adaptive living skills (PALS), but the days of care provided for such commitments and in the PALS program shall count against the regional support network's state hospital allocation. The legislature intends to authorize separate charges for the PALS program beginning in January 2008.

(k) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

((+)) (l) Within amounts appropriated in this subsection, the department shall contract with the Clark county regional support network for development and operation of a project demonstrating collaborative methods for providing intensive mental health services in the school setting for severely emotionally disturbed children who are medicaid eligible. Project services shall be delivered by teachers and teaching assistants who qualify as, or who are under the supervision of, mental health professionals meeting the requirements of chapter 275-57 WAC. Pension Funding Stabilization Account--State	
Appropriation	\$138,000
TOTAL APPROPRIATION ((\$1,117,214,000))	\$1,113,747,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) The entire health services account appropriation, (~~(\$213,000)~~) \$151,000 of the general fund--state appropriation for fiscal year 2006, (~~(\$400,000)~~) \$427,000 of the general fund--state appropriation for fiscal year 2007, and (~~(\$600,000)~~) \$1,482,000 of the general fund--federal appropriation are provided solely for health care benefits for agency home care workers who are employed through state contracts for at least twenty hours a week. (b) Individuals receiving family support or high school transition payments as supplemental security income (SSI) state supplemental payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(c) \$516,000 of the general fund--state appropriation for fiscal year 2006, (~~(\$1,563,000)~~) \$1,917,000 of the general fund--state appropriation for fiscal year 2007, and (~~(\$2,078,000)~~) \$2,433,000 of the general fund--federal appropriation are provided solely for community residential and support services. Funding in this subsection shall be prioritized for (i) residents of residential habilitation centers who are able to be adequately cared for in community settings and who choose to live in those community settings; (ii) clients without residential services who are at immediate risk of institutionalization or in crisis; (iii) children who are aging out of other state services; and (iv) current home and community-based waiver program clients who have been assessed as having an immediate need for increased services. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed \$300. In order to maximize the number of clients served and ensure the cost-effectiveness of the waiver programs, the department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients may be served with excess funds provided the total projected carry-forward expenditures do not exceed the amounts estimated. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to placement, and the actual expenditures for all community services to support these clients.

The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed \$300. In order to maximize the number of clients served and ensure the cost-effectiveness of the waiver programs, the department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients may be served with excess funds if the total projected carry-forward expenditures do not exceed the amounts estimated. The department shall implement the four new waiver programs such that decisions about enrollment levels and the amount, duration, and scope of services maintain expenditures within appropriations. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to placement, and the actual expenditures for all community services to support these clients.

Funding awards may be made as one-time awards or on a renewable basis. Renewable awards shall be for a period of twelve months for the biennium. Appropriation	\$123,000
TOTAL APPROPRIATION ((\$7,767,870,000))	<u>\$7,709,386,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(2) The department shall continue to extend medicaid eligibility to children through age 18 residing in households with incomes below 200 percent of the federal poverty level.

(3) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(4) Sufficient amounts are appropriated in this section for the department to continue podiatry services for medicaid-eligible adults.

(5) Sufficient amounts are appropriated in this section for the department to provide an adult dental benefit that is equivalent to the benefit provided in the 2003-05 biennium.

(6) In accordance with RCW 74.46.625, \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments.

(7) (~~(\$1,660,000)~~) \$2,221,000 of the health services account appropriation, (~~(\$4,361,000)~~) \$5,402,000 of the general fund--federal appropriation, (~~(\$1,350,000)~~) \$1,590,000 of the general fund--state appropriation for fiscal year 2006, and (~~(\$1,351,000)~~) \$1,591,000 of the general fund--state appropriation for fiscal year 2007 are provided solely for grants to rural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(8) (~~(\$22,081,000)~~) \$21,092,000 of the health services account appropriation and (~~(\$20,714,000)~~) \$19,725,000 of the general fund--federal appropriation are provided solely for grants to nonrural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(9) In response to the federal directive to eliminate intergovernmental transfer transactions effective June 30, 2005, the department is directed to implement the inpatient hospital certified public expenditures program for the 2005-07 biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. Hospitals in the program shall be paid and shall retain (a) one hundred percent of the federal portion of each medicaid inpatient fee-for-service claim payable by the medical assistance administration; and (b)

one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Medicaid fee-for-service claim amounts shall be established by applying the department's ratio of costs to charges payment methodology. The department shall provide participating hospitals with the information and instructions needed by the hospital to certify the public expenditures required to qualify for the federal portions of both the medicaid inpatient fee-for-service payments and the disproportionate share hospital payments. In the event that any part of the program including, but not limited to, allowable certified public expenditures, is disallowed by the federal government, the department shall not seek recoupment of payments from the hospitals, provided the hospitals have complied with the directions of the department for participation in the program. The legislature intends that hospitals in the program receive no less in combined state and federal payments than they would have received under the methodology that was in place during fiscal year 2005. The department shall therefore make additional grant payments, not to exceed the amounts (~~provided~~) specified in this subsection, to hospitals whose total payments under the program would otherwise be less than the total state and federal payments they would have received under the methodology in effect during fiscal year 2005. (~~(\$37,034,000 of the general fund--state appropriation for fiscal year 2006, \$37,552,000 of the general fund--state appropriation for fiscal year 2007, \$8,300,000 of the emergency medical services and trauma care systems trust account--state appropriation, and \$45,450,000 of the general fund--federal appropriation are provided solely for new state grant and upper payment limit programs for the participating hospitals.)~~ Payments under these new state grant and upper payment limit programs shall not exceed \$54,054,000 from general fund--state appropriations in fiscal year 2006, of which \$5,600,000 is appropriated in section 204(1) of this 2006 act and the balance in this section; \$47,474,000 from general fund--state appropriations in fiscal year 2007, of which \$5,600,000 is appropriated in section 204(1) of this 2006 act and the balance in this section; and \$11,328,000 from the general fund--federal appropriations in this section.

appropriation for fiscal year 2007, and \$500,000 of the resource management cost account--state appropriation are provided solely for a report on the future of Washington forests. The purpose of the report is to examine economic, recreational, and environmental trends influencing the forest products industry and secondary manufacturing sectors in Washington state. The department shall contract with the University of Washington college of forestry resources. The college shall consult with the University of Washington economics department for the section on investment returns from granted lands. The report shall contain the following parts:

(a) An update of the 1992 timber supply study for Washington state that was conducted by the University of Washington. The update may be accomplished by reviewing the most recent similar data available in existing reports, examining a sample of the original 1992 study sample of lands, and through other existing data sources that may reveal relevant trends and changes since 1992.

(b) An independent assessment of the economic contribution of the forest products industry, and secondary manufacturing sectors, to the state. This assessment will also examine some of the macroeconomic trends likely to affect the industry in the future.

(c) A comparison of the competitive position of Washington's forest products industry globally, and with other leading forest products states, or regions, of the United States. This evaluation should compare the relative tax burden for growing and harvesting timber between the states or regions and the relative cost of adhering to regulations, and identify the competitive advantages of each state or region.

(d) An assessment of the trends and dynamics that commercial and residential development play in the conversion of the state's forests to nonforestry uses. The assessment will involve gathering relevant data, reviewing that data, and analyzing the relationship between development and the conversion of forest land uses.

(e) Recommendations on: (i) Policy changes that would enhance the competitive position of Washington's forest products industry in Washington state; (ii) policy changes that would, to the extent possible, ensure that a productive forest land base continues to be managed for forest products, recreation, and environmental and other public benefits into the future; and (iii) policy changes that would enhance the recreational opportunities on working forest lands in the state.

(f) Based on the information derived from (a) through (d) of this subsection, an assessment of the expected rate of return from state granted lands. This section of the reports shall also review reports prepared by the department over the past ten years that describe the investment returns from granted lands. The review of these previous reports shall compare and critique the methodology and indicators used to report investment returns. The review shall recommend appropriate measures of investment returns from granted lands.

Funding in the pilot grant program shall not be considered part of the basic education program.

(A) The pilot grant program is intended to: (I) Identify the fiscal and educational challenges posed to districts that serve staffed residential homes students; (II) provide resources to assist school districts in developing best practices for addressing these challenges; (III) address costs resulting from high concentrations of staffed residential home students in some school districts; (IV) develop models of collaboration between school districts and staffed residential homes; and (V) gain additional information on the variety of circumstances and needs present in the staffed residential home population, including both special education and nonspecial education eligible students.

(B) As a condition of the pilot grant program, the selected school districts must meet the following criteria: (I) Jointly develop, with staffed residential homes in their community, a model policy and plan for collaboration and information sharing, which includes an agreed upon routine of regular communication regarding each child's progress, including for special education students the development and regular updating of individualized education programs; (II) provide an annual progress report regarding the implementation of the model policy and plan and measured progress toward meeting the educational needs of students in staffed residential homes; and (III) provide information and data to the office of the superintendent of public instruction as required for the study detailed in (D) of this subsection (c)(xviii).

This report shall be submitted by June 30, 2007.

(E) For those students residing in staffed residential homes who are special education eligible, school districts are eligible to pursue safety net funding beyond the pilot grant program amounts so that the combined basic education allocation, special education excess cost allocation, pilot grant amount, and safety net grants recognize the costs associated with serving staffed residential home students potentially concentrated in a few school districts.

- (ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(5) For the purposes of this section:

FIFTY-NINTH DAY, MARCH 8, 2006

2006 REGULAR SESSION

(d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.

(e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this act, or any replacement schedules and documents, unless:

(a) The employee has a masters degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

(7) The certificated instructional staff base salary specified for each district in LEAP Document 12E and the salary schedules in subsection (4)(a) of this section include two learning improvement days. A school district is eligible for the learning improvement day funds only if the learning improvement days have been added to the 180-day contract year. If fewer days are added, the additional learning improvement allocation shall be adjusted accordingly. The additional days shall be limited to specific activities identified in the state required school improvement plan related to improving student learning that are consistent with education reform implementation, and shall not be considered part of basic education. The principal in each school shall assure that the days are used to provide the necessary school-wide, all staff professional development that is tied directly to the school improvement plan. The school principal and the district superintendent shall maintain documentation as to their approval of these activities. The length of a learning improvement day shall not be less than the length of a full day under the base contract. The superintendent of public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.

(8) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2) and subsection (7) of this section.

FIFTY-NINTH DAY, MARCH 8, 2006

2006 REGULAR SESSION

(1) Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(2) A maximum of \$796,000 of this fiscal year 2006 appropriation and a maximum of ~~(\$812,000)~~ \$828,000 of the fiscal year 2007 appropriation may be expended for regional transportation coordinators and related activities. The transportation coordinators shall ensure that data submitted by school districts for state transportation funding shall, to the greatest extent practical, reflect the actual transportation activity of each district.

(3) \$5,000 of the fiscal year 2006 appropriation and \$5,000 of the fiscal year 2007 appropriation are provided solely for the transportation of students enrolled in "choice" programs. Transportation shall be limited to low-income students who are transferring to "choice" programs solely for educational reasons.

(4) Allocations for transportation of students shall be based on reimbursement rates of ~~(\$41.51)~~ \$42.52 per weighted mile in the 2005-06 school year and ~~(\$42.01)~~ \$42.30 per weighted mile in the 2006-07 school year exclusive of salary and benefit adjustments provided in section 504 of this act. Included in the 2005-06 school year rate is a one-time increase of \$1.12 to offset extraordinary increases in the price of diesel fuel. Allocations for transportation of students transported more than one radius mile shall be based on weighted miles as determined by superintendent of public instruction multiplied by the per mile reimbursement rates for the school year pursuant to the formulas adopted by the superintendent of public instruction. Allocations for transportation of students living within one radius mile shall be based on the number of enrolled students in grades kindergarten through five living within one radius mile of their assigned school multiplied by the per mile reimbursement rate for the school year multiplied by 1.29.

(5) For busses purchased between July 1, 2005, and June 30, 2007, the office of superintendent of public instruction shall provide reimbursement funding to a school district only after the superintendent of public instruction determines that the school bus was purchased from the list established pursuant to RCW 28A.160.195(2) or a comparable competitive bid process based on the lowest price quote based on similar bus categories to those used to establish the list pursuant to RCW 28A.160.195. The competitive specifications shall meet federal motor vehicle safety standards, minimum state specifications as established by rule by the superintendent, and supported options as determined by the superintendent in consultation with the regional transportation coordinators of the educational service districts.

(6) Beginning with the 2005-06 school year, the superintendent of public instruction shall base depreciation payments for school district buses on the five-year average of lowest bids in the appropriate category of bus. In the final year on the depreciation schedule, the depreciation payment shall be based on the current state price. The superintendent may include a weighting or other adjustment factor in the averaging formula to ease the transition from the current-price depreciation system to the average depreciation system. Prior to making any depreciation payment in the 2005-06 school year, the superintendent shall notify the office of financial management and the fiscal committees of the legislature of the specific depreciation formula to be used. The replacement cost shall be based on the lowest bid in the appropriate bus category for that school year. A maximum of \$50,000 of the fiscal year 2006 appropriation may be expended for software programming costs associated with the implementation of this subsection.

Sec. 506. 2005 c 518 s 506 (uncodified) is amended to read as follows:

TOTAL APPROPRIATION (\$295,080,000)	\$276,729,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$3,000,000 of the general fund--state appropriation for fiscal year 2006 and \$3,000,000 of the general fund--state appropriation for fiscal year 2007 are provided for state matching money for federal child nutrition programs.

If House Bill No. 1771 is not enacted by June 30, 2005, the amounts provided in this subsection shall lapse.

Sec. 507. 2005 c 518 s 507 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS

General Fund--State Appropriation (FY 2006) (\$460,032,000)	\$464,812,000
General Fund--State Appropriation (FY 2007) (\$471,961,000)	\$478,191,000
General Fund--Federal Appropriation	(\$435,464,000)
	\$435,664,000
<u>Pension Funding Stabilization Account Appropriation</u>	\$3,234,000
TOTAL APPROPRIATION (\$1,367,457,000)	\$1,381,901,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall use the excess cost methodology developed and implemented for the 2001-02 school year using the S-275 personnel reporting system and all related accounting requirements to ensure that:

(i) Special education students are basic education students first;

(ii) As a class, special education students are entitled to the full basic education allocation; and

(iii) Special education students are basic education students for the entire school day.

(b) The S-275 and accounting changes in effect since the 2001-02 school year shall supercede any prior excess cost methodologies and shall be required of all school districts.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state and federal funds to school districts based on two

FIFTY-NINTH DAY, MARCH 8, 2006

categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(5)(a) For the 2005-06 and 2006-07 school years, the superintendent shall make allocations to each district based on the sum of:

(i) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, \$18,940,000 of the general fund--state appropriation and \$28,698,000 of the general fund--federal appropriation are provided for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (5) of this section. If safety net awards exceed the amount appropriated in this subsection (8), the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal sources. Before making the allocations from the funding provided in this subsection, the office of the superintendent of public instruction shall consult with the office of financial management to ensure that the proposed allocations will achieve efficient and effective program delivery and that they are one-time in nature.

Sec. 602. 2005 c 518 s 603 (uncodified) is amended to read as follows:

	<u>\$1,196,860,000</u>

The appropriations in this section are subject to the following conditions and limitations:

Therefore, the management and leadership responsibility for consortium operations are assigned to Everett community college. Everett community college shall collaborate with community and business leaders, other local community colleges, the public four-year institutions of higher education, and the higher education coordinating board to develop an educational plan for the North Snohomish, Island, and Skagit county region based on the university center model.

These funds may be used to align or integrate adult basic education and English as a second language courses with vocational training.

(7) The appropriations for higher education employee compensation increases provided or referenced in this section and described in sections 949 through 980 of this act are estimated to increase the total per student funding during the 2005-2007 biennium. This increase in total per student funding is in addition to the tuition revenues that will be generated and retained by the community and technical colleges as a result of the tuition increases that are authorized in section 601 of this act. Given these increases in core funding, the state board for community and technical colleges shall, by June 30, 2007, show demonstrable progress toward achieving the following six-year programmatic goals:

A college district may match the state funds with local revenue. The state board shall make an annual report by January 1 of each fiscal year to the governor and appropriate policy and fiscal committees of the legislature regarding the implementation of this section listing the scope of grant awards, the distribution of funds by educational sector and region of the state, and the successful partnerships supported by these state funds. The board, through the smart buy program, is encouraged to seek efficiencies in purchasing goods and services. Additional funds may be expended for the job skills program to the extent that savings are achieved from more efficient procurement processes.

(12) \$904,000 of the general fund--state appropriation for fiscal year 2007 is provided solely for start-up and planning funds for four applied baccalaureate degree programs at community and technical colleges as authorized in RCW 28B.50.810. The applied baccalaureate degrees shall be

The goal for the effort is to provide policymakers with additional information to aid in decision making. Further, the legislative intent for this effort is not to duplicate current studies, research, and evaluations but rather to augment those activities on an on-going basis. Therefore, to the extent appropriate, the institute shall utilize and incorporate information from the Washington learns study, the joint legislative audit and review committee, and other entities currently reviewing certain aspects of K-12 finance and programs. The institute shall provide the following: (a) By September 1, 2006, a detailed implementation plan for this project; (b) by March 1, 2007, a report with preliminary findings; and (c) annual updates each year thereafter.

Sec. 608. 2005 c 518 s 609 (uncodified) is amended to read as follows:

FOR WESTERN WASHINGTON UNIVERSITY

Table with 2 columns: Description and Amount. Rows include General Fund--State Appropriation (FY 2006) ((58,896,000)), General Fund--State Appropriation (FY 2007) ((60,514,000)), Education Legacy Trust--State Appropriation (\$3,475,000), Pension Funding Stabilization Account--State Appropriation (\$161,000), and TOTAL APPROPRIATION ((\$122,885,000)).

The appropriations in this section are subject to the following conditions and limitations:

(1) \$1,158,000 of the education legacy trust appropriation for fiscal year 2006 and \$2,317,000 of the education legacy trust appropriation for fiscal year 2007 are provided as the state subsidy for 340 new enrollments. By December 15th of each year of the 2005-07 fiscal biennium, the university shall report to the office of financial management and the legislative fiscal committees the number of new student FTEs by campus enrolled with the funding provided in this subsection.

(2) The appropriations for higher education employee compensation increases provided or referenced in this section and described in sections 949 through 980 of this act are estimated to increase the total per student funding during the 2005-2007 biennium. This increase in total per student funding is in addition to the tuition revenues that will be generated and retained by the university as a result of the tuition increases that are authorized in section 601 of this act. Given these increases in core funding, Western Washington University shall, by June 30, 2007, show demonstrable progress toward achieving the following six-year programmatic goals:

(a) Improve time to degree as measured by the percent of admitted students who graduate within 125% of the credits required for a degree;

(b) Preserve access for low-income students as measured by the percentage of total degrees awarded to Pell Grant recipients;

(c) Improve freshman retention rates;

(d) Improve and sustain the quality of its degree programs as measured by the number of programs that receive national accreditation; and

(e) Improve its ability to prepare students for the workforce as measured by the job placement or graduate school acceptance rates among graduates.

Specific six-year targets for the goals stated in this subsection shall be established by the university, the office of financial management, and the higher education coordinating board and shall be determined based on the per student funding level assumed in this act.

On or before (~~October~~) November 1, 2006, the university shall submit to the higher education coordinating board a report that outlines the institution's progress and ongoing efforts toward meeting the provisions of this section. The higher education coordinating board shall compile and analyze all responses and provide a summary to the governor and the appropriate fiscal and policy committees of the legislature prior to (~~November~~) December 1, 2006.

(3) Access to baccalaureate and graduate degree programs continues to be limited for residents of North Snohomish, Island, and Skagit counties. The higher education consortium created to serve the region has not been able to successfully address the region's access needs. The university center model of service delivery, centered on a community college campus with a single point of accountability, has proven more effective in developing degree programs and attracting students.

Therefore, the management and leadership responsibility for consortium operations are assigned to Everett community college. Everett community college shall collaborate with community and business leaders, other local community colleges, the public four-year institutions of higher education, and the higher education coordinating board to develop an educational plan for the North Snohomish, Island, and Skagit county region based on the university center model.

(4) \$98,000 of the general fund--state appropriation for fiscal year 2006 is provided solely for extraordinary natural gas cost expenses.

(7) \$250,000 of the general fund--state appropriation for fiscal year 2007 is provided solely to support the border policy research institute at Western Washington University.

The board will develop the request for proposals, including the criteria for awarding grants, in consultation with the proposal review committee.

(c) Institutions that receive grants shall provide the board and the forecast division of the office of financial management with data specified by the board or the office of financial management that shows the impact of this subsection, particularly the degree of improved access to high-demand programs for students and successful job placements for graduates. The board will report on the implementation of this subsection by November 1st of each fiscal year to the office of financial management and the fiscal and higher education committees of the legislature.

RICHARD NAFZIGER, Chief Clerk

MOTION

Senator Prentice moved that the Report of the Conference Committee on Engrossed Substitute Senate Bill No. 6386 be adopted.

Senator Prentice spoke in favor of the motion.

The President declared the question before the Senate to be the motion by Senator Prentice that the Report of the Conference Committee on Engrossed Substitute Senate Bill No. 6386 be adopted.

The motion by Senator Prentice carried and the Report of the Conference Committee was adopted by voice vote.

Senator Zarelli spoke against passage of the bill.

POINT OF INQUIRY

Senator Keiser: "Would the gentleman from the 18th District yield to a question? My question concerns section 206. I see in the first proviso of section 206 of the conference report, that the Department of Social & Health Services, in consultation with the Home Care Quality Authority, and the Health Care authority must examine how the state determines the appropriate level of health care cost when establishing state contribution rates for home care workers. The department must recommend options as to how benefits can be purchased in a more cost effective manner to the office of financial management and the fiscal committees by October 1, 2006. Does this proviso modify or weaken, in any way, the parties obligations under initiative 775, the home care quality initiative or other labor laws or the terms of any agreements bargained under the initiative. Does it modify or weaken in any way the terms of the Substitute House Bill No. 2333; the bill providing parity for agency home care workers?"

Senator Zarelli: "Thank you Senator Keiser. It's my understanding, although I wasn't a part of the process of putting together the conference report; in reading through it and looking at the budget note, it's my understanding and, based on previous efforts in the area of collective bargaining, that no, it is not. It's my understanding that collective bargaining process and the study have different purposes and involve different parties. That purpose of collective bargaining is to determine the wage, hours, working conditions of individuals providers. This process involves the Governor and exclusive bargaining representatives of the providers. The purpose of the study is to obtain certain additional information and involve studies like the home care quality authority and the health care authority, so, in conclusion, I would say that the, that report won't be issued until well after the next collective bargaining cycle and well before the one after that, so I would say no. Thank you."

Senators Doumit and Brown spoke in favor of passage of the bill.

Senator Schoesler spoke against passage of the bill.

The President declared the question before the Senate to be the final passage of Engrossed Substitute Senate Bill No. 6386, as recommended by the Conference Committee.

(1)(a) The appropriation is provided solely for low-interest loans to political subdivisions for renewable energy projects including the development of biofuel oilseed crushers, supporting infrastructure, and facilities. The political subdivision may negotiate an appropriate agreement with the bioenergy industry for the use of the oilseed crushers, supporting infrastructure, and facilities.

(b) For purposes of this section, political subdivision means any port district, county, city, town, special purpose district, and any other municipal corporations or quasi-municipal corporations in the state.

(2) The appropriation is provided solely for the following list of projects:

Project	Recommendation
Spokane Conservation district	\$2,000,000
Port of Warden	\$2,500,000
Odessa public development authority	\$2,500,000
Port of Columbia county	\$2,500,000
Port of Sunnyside	\$750,000
Total	\$10,250,000

(3) All agreements negotiated between the political subdivision and the bioenergy industry for use of the oilseed crushers, supporting infrastructure, or facilities funded in this section must provide for at least a fifty percent match by the industry partner. The industry match may include, but is not limited to, investments in rail, buildings, refining capacity, or seed stock.

(4) All other project funds must be disbursed prior to energy freedom loans, except where required on a matching basis by other federal or state programs.

(5) The department shall disburse loans to the political subdivision on a reimbursement basis only.

(6) The department may defer loan repayment for up to twenty-four months or until the projects start to receive revenue from operations, whichever is sooner.

(7) Upon written notice to the political subdivision, the department may suspend or cancel its loans if any of the following occur:

(b) The political subdivision or bioenergy industry partners have made misrepresentations in any information furnished to the department or the legislature in connection with the project.

(8) In the event that any portion of the loan has been paid to the political subdivision under this section at the time of breach, or failure of the political subdivision to satisfactorily perform, the department may require that the full amount of the loan, or a portion thereof, be repaid within a period specified by the department.

(9) Future loan repayments shall be deposited into the energy freedom account created in section 6, chapter . . . (Engrossed Third Substitute House Bill No. 2939), Laws of 2006.

(10) It is the intent of the legislature to provide loans for the development of a Washington state biodiesel industry based on Washington grown oilseed. The legislature is aware that in the development of this industry, the start-up process may necessitate the use of other oilseeds until Washington state growers plant sufficient crops to support this industry. The legislature also understands the realities of weather and market conditions in this process. The conversion to maximum Washington grown oilseed must be accomplished as quickly as possible. The political subdivision shall: (a) Develop a plan for outreach to local growers and an estimate of when maximum Washington state oilseed-based production will be reached; (b) develop a goal for the political subdivision to return a portion of the biofuel to local oilseed producers; and (c) report this information to the department of agriculture by December 1, 2006. (1) A competitive grant program to assist nonprofit organizations in acquiring, constructing, or rehabilitating performing arts, art museums, and cultural facilities is created.

(2)(a) The department shall submit a list of recommended performing arts, art museum projects, and cultural organization projects eligible for funding to the governor and the legislature in the department's biennial capital budget request beginning with the 2001-2003 biennium and thereafter. The list, in priority order, shall include a description of each project, the amount of recommended state funding, and documentation of nonstate funds to be used for the project. The total amount of recommended state funding for projects on a biennial project list shall not exceed ~~((four))~~ twelve million dollars. ~~((The department may provide an additional prioritized alternate project list which shall not exceed two million dollars.))~~

(b) The department shall establish a competitive process to prioritize applications for state assistance as follows:

(i) The department shall conduct a statewide solicitation of project applications from nonprofit organizations, local governments, and other entities, as determined by the department. The department shall evaluate and rank applications in consultation with a citizen advisory committee, including a representative from the state arts commission, using objective criteria. The evaluation and ranking process shall also consider local community support for projects and an examination of existing assets that applicants may apply to projects.

(ii) The department may establish the amount of state grant assistance for individual project applications but the amount shall not exceed twenty percent of the estimated total capital cost or actual cost of a project, whichever is less. The remaining portions of the project capital cost shall be a match from nonstate sources. The nonstate match may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions. The department is authorized to set matching requirements for individual projects. State assistance may be used to fund separate definable phases of a project if the project demonstrates adequate progress and has secured the necessary match funding.

(iii) The department shall not sign contracts or otherwise financially obligate funds under this section until the legislature has approved a specific list of projects. In contracts for grants authorized under this section, the department shall include provisions requiring that capital improvements be held by the

grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

Sec. 236. RCW 43.185.050 and 2005 c 219 s 1 and 2005 c 518 s 1801 are each reenacted and amended to read as follows:

At least thirty percent of these moneys used in any given funding cycle shall be for the benefit of projects located in rural areas of the state as defined by the department. If the department determines that it has not received an adequate number of suitable applications for rural projects during any given funding cycle, the department may allocate unused moneys for projects in nonrural areas of the state.

(a) The study shall be guided by a 18 member task force consisting of the chairs and ranking members of the house of representatives and senate transportation committees, a designee of the director of the office of financial management, a member of the transportation commission, a designee of the secretary of transportation, a representative of organized labor, and ten stakeholders to be appointed by the governor as follows: Six representatives of ferry user communities, two representatives of public transportation agencies, and two representatives of commercial ferry operators.

The evaluation will include (a) information about the categories of projects submitted for consideration; (b) a review of the allocation of funds awarded across the categories of STP enhancement eligible activities; (c) a review of the criteria used to score projects; and (d) a finding by the committee whether certain categories of projects are disproportionately funded or unfunded.

The department of transportation shall also explore options for augmenting the number of spaces available, including, but not limited to, expanding state-owned rest areas or modifying regulations governing the use of these facilities, utilizing weigh stations and park and ride lots, and encouraging the expansion of the private sector's role. Finally, the department shall explore the utility of coordinating with neighboring states on long-haul truck parking and evaluate methodologies for alleviating any air quality issues relative to the issue. The department must report to the transportation committees of the legislature by December 1, 2005, on the options, strategies, and recommendations for long-haul truck parking.~~

If Engrossed Substitute House Bill No. 2871 is not enacted by June 30, 2006, the amount provided in this subsection shall lapse. The regional transportation commission's duties to develop, complete, and submit a governance proposal to the 2007 legislature are highly time sensitive. As a result, the legislature finds that competitive bidding is not cost-effective or appropriate for personal service contracts entered into by the commission, and that the director of the office of financial management should, by the director's authority under RCW 39.29.011(5), exempt any such personal service contract from the competitive bidding requirements of chapter 39.29 RCW.~~

The objective of the analysis is to determine how to ensure that jurisdictional divisions do not defeat growth management act concurrency goals. The department shall convene a committee to oversee the analysis, with the committee comprised of, at a minimum, four members of the transportation committees of the legislature, four members of the appropriate land use committees of the legislature, and one member each from the association of Washington cities and the Washington state association of counties, or a designee thereof. The completed study, including recommendations, must be submitted to the appropriate standing committees of the legislature, and to the office of financial management, by December 1, 2006.~~

~~(11) The department of transportation, the Washington state economic revenue forecast council, and the office of financial management shall review and adopt a method of forecasting motor vehicle and special fuel prices, revenue, and the amount of consumption that has an increased rate of accuracy as compared to the existing method. The three agencies shall submit a report to the transportation committees of the legislature by December 1, 2006, outlining the methods researched and the criteria utilized to select and adopt the new fuel forecasting method.~~

~~(12) \$150,000 of the multimodal transportation account--state appropriation is provided solely for a transportation demand management program, developed by the Whatcom council of governments, to further reduce drive-alone trips and maximize the use of sustainable transportation choices. No additional employees may be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. The department shall promptly close out grants when projects have been completed, and identify where unused grant funds remain because actual project costs were lower than estimated in the grant award. When funds become available either because grant awards have been rescinded for lack of sufficient project activity or because completed projects returned excess grant funds upon project closure, the department shall expeditiously extend new grant awards to qualified alternative projects identified on the list.

(b) Pursuant to the grant program established in (Engrossed Substitute House Bill No. 2124) RCW 47.66.030, the department shall issue a call for projects and/or service proposals. SUBSTITUTE SENATE BILL NO. 6241, as recommended by the Conference Committee, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

REMARKS BY THE PRESIDENT

President Owen: "The President' "you might notice that I have an old grocer friend of mine up here. We served together on the Food Dealers Board and sold groceries together. Actually, the gentleman that is sitting beside me started in the Washington State Legislature as an elevator operator in about, I think, the sixties, somewhere in there, oh, forty-nine, a little forty-nine; became assistant Chief Clerk; then became Secretary of the Senate; took a little time off; came back as a Senator; became Senate Minority Leader; Senate Majority Leader; the famous, infamous, however your perspective is on this, fine gentleman. Senator Sid Snyder."

MOTION

On motion of Senator Oke, Senator McCaslin was excused.

PERSONAL PRIVILEGE

Senator Oke: "Thank you very much Mr. President. I knew I'd mess it up somewhere but, Sid Snyder, I'm sorry, my brains going different directions. Sid, I just love you as a person and you have been such a mentor for me and, you know, you're the only man in this chamber that I can remember that has changed my vote more than once when you got up. Sometimes you got a little loud and sometimes you got a little vitamins in you but sometimes you hit the core and changed me. You've made me a better man and God Bless you and thank you."

PERSONAL PRIVILEGE

Senator Deccio: "Senator Snyder, former Secretary of the Senate, told a lot of stories and a lot of quips and a lot of jokes but the one that I remember the best and I hope I don't offend anybody. He said, 'He's had every kind of surgery except a hysterectomy.'"

PERSONAL PRIVILEGE

Senator Kohl-Welles: "Gosh, there's all sorts of things that I'd like to say. I think many of us had felt very bad that when Senator Snyder retired that there was no big celebration for him here in Olympia. It's because he's so modest. He didn't want to have that happen. We could have a resolution honoring Senator Snyder that would be many pages long with all of the memories that each one of us has, and will always have, this wonderful Senator and wonderful human being who, I believed, every single one of us. I'm not going to go into all the different stories about Senator Snyder. I know he's modest and doesn't like to call attention to himself, but I will always think in a very joyful way when I think of Senator Snyder and his wonderful wife Betty, who has been his partner for so many years. I'm just hoping that both Senator Snyder and Betty will continue to send us the wonderful poems and Christmas cards that Betty has provided to us and enriched our lives in so many ways and been a reminder of all the enjoyable times and the wonderful sense of humor that Senator Snyder brought to this body and this chamber and always in such a gracious way and such a bipartisan manner and style. I am so happy to have you here today so that we can acknowledge and really embrace what you have meant to this body and to this state and all of us. Thank you."

FIFTY-NINTH DAY, MARCH 8, 2006

2006 REGULAR SESSION

MESSAGE FROM THE HOUSE

March 8, 2006

MR. PRESIDENT:

The House had adopted the report of Conference Committee on ENGROSSED SUBSTITUTE SENATE BILL NO. 6839, and has passed the bill as recommended by the Conference Committee.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 46.68.035 and 2005 c 314 s 205 are each amended to read as follows:

All proceeds from combined vehicle licensing fees received by the director for vehicles licensed under RCW 46.16.070 and 46.16.085(~~, the license fee under RCW 46.16.086, and the farm vehicle trip permit under RCW 46.16.162~~) shall be forwarded to the state treasurer to be distributed into accounts according to the following method:

(1) The sum of two dollars for each vehicle shall be deposited into the multimodal transportation account, except that for each vehicle registered by a county auditor or agent to a county auditor pursuant to RCW 46.01.140, the sum of two dollars shall be credited to the current county expense fund.

(2) The remainder ~~and the proceeds from the license fee under RCW 46.16.086 and the farm vehicle trip permit under RCW 46.16.162~~ shall be distributed as follows:

(a) (~~(24.00)~~) 22.36 percent shall be deposited into the state patrol highway account of the motor vehicle fund;

(b) (~~(1.8)~~) 1.375 percent shall be deposited into the Puget Sound ferry operations account of the motor vehicle fund;

(c) (~~(6.38)~~) 5.237 percent shall be deposited into the transportation 2003 account (nickel account); (~~and~~)

(d) (~~On July 1, 2006, six million dollars shall be deposited into the freight mobility investment account created in RCW 46.68.300 and beginning on July 1, 2007, and every July 1st thereafter, three million dollars shall be deposited into the freight mobility investment account created in RCW 46.68.300;~~) 11.533 percent shall be deposited into the transportation partnership account created in RCW 46.68.290; and

(e) The remaining proceeds shall be deposited into the motor vehicle fund.

Sec. 2. RCW 46.16.086 and 2005 c 314 s 203 are each amended to read as follows:

In lieu of the license tab fees provided in RCW 46.16.0621, private use single-axle trailers of two thousand pounds scale weight or less may be licensed upon the payment of a license fee in the sum of fifteen dollars, but only if the trailer is operated upon public highways. The license fee must be collected annually for each registration year or fraction of a registration year. This reduced license fee applies only to trailers operated for personal use of the owners, and not trailers held for rental to the public or used in any commercial or business endeavor. The proceeds from the fees collected under this section shall be distributed in accordance with RCW 46.68.035(2).

Sec. 3. RCW 46.16.162 and 2005 c 314 s 206 are each amended to read as follows:

(1) The owner of a farm vehicle licensed under RCW 46.16.090 purchasing a monthly license under RCW 46.16.135 may, as an alternative to the first partial month of the license registration, secure and operate the vehicle under authority of a farm vehicle trip permit issued by this state. The licensed gross weight may not exceed eighty thousand pounds for a combination of vehicles nor forty thousand pounds for a single unit vehicle with three or more axles.

(2) If a monthly license previously issued has expired, the owner of a farm vehicle may, as an alternative to purchasing a full monthly license, secure and operate the vehicle under

authority of a farm vehicle trip permit issued by this state. The licensed gross weight may not exceed eighty thousand pounds for a combination of vehicles nor forty thousand pounds for a single unit vehicle with three or more axles.

(3) Each farm vehicle trip permit shall authorize the operation of a single vehicle at the maximum legal weight limit for the vehicle for the period remaining in the first month of monthly license, commencing with the day of first use. No more than four such permits may be used for any one vehicle in any twelve-month period. Every permit shall identify, as the department may require, the vehicle for which it is issued and shall be completed in its entirety and signed by the operator before operation of the vehicle on the public highways of this state. Correction of data on the permit such as dates, license number, or vehicle identification number invalidates the permit. The farm vehicle trip permit shall be displayed on the vehicle to which it is issued as prescribed by the department.

(4) Vehicles operating under authority of farm vehicle trip permits are subject to all laws, rules, and regulations affecting the operation of like vehicles in this state.

(5) Farm vehicle trip permits may be obtained from the department of licensing or agents and subagents appointed by the department. The fee for each farm vehicle trip permit is six dollars and twenty-five cents. Farm vehicle trip permits sold by the department's agents or subagents are subject to fees specified in RCW 46.01.140 (4)(a), (5)(b), or (6).

(6) The proceeds from farm vehicle trip permits received by the director shall be forwarded to the state treasurer to be distributed as provided in RCW 46.68.035(2).

(7) No exchange, credits, or refunds may be given for farm vehicle trip permits after they have been purchased.

NEW SECTION. Sec. 7. A new section is added to chapter 46.68 RCW to read as follows:

Fees imposed under this section must be used for transportation purposes, and shall not be used for the general support of state government. The vehicle weight fee shall be that portion of the fee as reflected on the scale weight set forth in schedule B provided in RCW 46.16.070 that is in excess of the fee imposed under RCW 46.16.0621. This fee is due at the time of initial and renewal of vehicle registration.

(5) The vehicle weight fee collected under this section shall be deposited as follows:

(a) On July 1, 2006, six million dollars shall be deposited into the freight mobility (~~investment~~) multimodal account created in (~~RCW 46.68.300~~) section 7 of this act, and the

2006 REGULAR SESSION

PERSONAL PRIVILEGE

Senator Haugen: "I want to just take the opportunity to say thank you to a tremendous transportation staff. There here in the wings, I encourage you to go out and see them, they don't want to come out and see us. We did have a lot of very difficult issues before our committee this year. Like I said the budget was probably the easiest thing we did. We had many major policies

issues and I can tell you that every piece of legislation that went out of this body which was written by our staff was extraordinary and I tell you they did an extraordinary amount of work. I think one of the things we often forget, we all go home at night and they keep on working and my staff kept on working night after night after night. I want to say thank you to them and I really do appreciate the fact that I am served by the best transportation staff that I have ever been served by and that's saying a lot because I've served with a lot of people, so thank you to my staff."

PERSONAL PRIVILEGE

Senator Hewitt: "Thank you Mr. President. Thank you Senator Haugen for that great segue. I basically want to stand up and say, you know, every year we get wrapped up with bringing the staff in that does the budgets, but there are other staff in this place as well. This was a short session, it was jam packed. It was hectic. It was fast. It was trying. By my count, the House introduced one-thousand, two-hundred sixty one bills this year. The Senate introduced nine-hundred three, in a short session and remember we're the ones that come up with the ideas or maybe somebody else comes up with the ideas, but the staff has to draft them. They have to work the long hours. They have to do the things behind the scene, so I want to say a special thank you to all the committee staff, to the caucus staff and all the people that make us look good. I mean we stand out here in front of the camera, like we're doing right now, talking about all the good things that we do, but it really is all the staff behind the scenes that make it happen, so wherever you are on this campus, all of the staff, regardless of which side you're on, thank you to all of you. You do a great job and we appreciate you."

PERSONAL PRIVILEGE

Senator Franklin: "Oh, about four years ago, I attended a meeting with Counsel of State Government in Honolulu. At that time, the workshops had a tremendous speaker and his name was Kent M. Keith. Didn't know that. He addressed the group that was there and I found out there was a poem that he has written when he was a student. It's entitled, 'Anyway'. When he gave the history that it was on Sister Teresa, Mother Teresa, kept it on her wall all for many, many years. You know Mother Teresa? Worked with children in India. With your permission and the body, could I read this poem? It's on our wall in the caucus and I think about it very, very often. It's a great poem. With what has happened with our Senators and leaders and staff who have worked hard and very diligently this session, it fits you well.

With your permission, Mr. President, 'People are illogical, unreasonable and self centered. Love them anyway. If you do good people will accuse you of selfish, ulterior motives. Do good anyway. If you are successful, you will win false friends and true enemies. Succeed anyway. The good you do today will be forgotten tomorrow. Do good anyway. Honesty and frankness make you vulnerable. Be honest and frank anyway. The biggest men and women with the biggest ideas can be shot down by the smallest men and women with the smallest minds. Think big anyway. People favor underdogs but follow only top dogs. Fight for a few underdogs anyway. What you spend years building maybe destroyed overnight. Build anyway. People really need help but may attack you if you do help them. Help people anyway. Give the world the best you have and you'll get kicked in the teeth. Give the world the best you have anyway.' And this is from Anyway the Paradoxical Commandments that was written by a student many, many years ago. That was on

FIFTY-NINTH DAY, MARCH 8, 2006

Mother Teresa wall by the name of Kent M. Keith and that is ladies and gentleman, my friends, you've done it anyway."

PERSONAL PRIVILEGE

Senator Kline: "I see that we're in a poetry reading mode and I wonder if I may do the same. I've had this book here for awhile but we've been in kind of production mode so I've not asked for this moment of personal privilege before. But with your permission Mr. President, I would like to read a poem."

REPLY BY THE PRESIDENT

President Owen: "Well, I want to see it first Senator Kline."

PERSONAL PRIVILEGE

Senator Kline: "It's a love poem. It's by Billy Collins. 'You are the bread and the knife, the crystal goblet and the wine. You are the dew on the morning grass and the burning wheel of the sun. You are the white apron of the baker and marsh birds suddenly in flight. However, you are not the wind in the orchard, the plums on the counter or the house of cards and you are certainly not the pine-scented air. There is no way you are the pine scented air. It is possible that you are the fish under the bridge, maybe even the pigeon on the general's head but your not even close to being the field of corn flowers at dusk. And a quick look in the mirror will show that you are neither the boots in the corner nor the boat asleep in the boat house. It might interest you to know, speaking of the plentiful imagery of the world, that I am the sound of the rain on the roof. I also happen to be the shooting star, the evening paper blowing down an alley and the basket of chestnuts on the kitchen table. I'm also the moon and the trees and the blind woman's tea cup. But don't worry, I'm not the bread and the knife. You are still the bread and the knife. You will always be the bread and the knife, not to mention the crystal goblet and somehow the wine.' Thank you."

REMARKS BY THE PRESIDENT

President Owen: "Well, Senator Eide, while you have a lull here, the President would like to also join the chorus but in serious song in praise of the rostrum staff that we have up here working also helping to make us all look good. They do yoeman's and yoewoman's job. They sit here much longer than other people who don't, who might be able to get a little break and work for you all so I would like to say thank you to all the rostrum staff up here, the staff of the Secretary of the Senate and all of them as well. The President doesn't wish to take one and set them aside from other but I want to tell you about an unselfish act by one of our great staff that we have here. He's been serving with for a long time. What would you do if you found that's there was a young man or woman who came and didn't have the appropriate clothes to page? Well, Brad Hendrickson would go out and buy the young man who is a little bit large a jacket because they didn't have the right size jacket, would buy him pants because he didn't have the right pants. I want to say, 'Brad thank you very much, you're incredibly generous person.'"

MOTION

On motion of Senator Jacobsen, the remarks by President Owen were spread upon the journal.

growth area with a state highway segment exceeding the one hundred person hours of delay threshold calculated by the department of transportation, as well as those counties and cities located in any contiguous urban growth areas, shall adopt a commute trip reduction plan and ordinance for major employers in the affected urban growth area by a date specified by the commute trip reduction board. Jurisdictions located within an urban growth area with a population greater than seventy thousand that adopted a commute trip reduction ordinance before the year 2000, as well as any jurisdiction within contiguous urban growth areas, shall also adopt a commute trip reduction plan and ordinance for major employers in the affected urban growth area by a date specified by the commute trip reduction board. The ordinance shall establish the requirements for major employers and provide an appeals process by which major employers, who as a result of special characteristics of their business or its locations would be unable to meet the requirements of the ordinance, may obtain waiver or modification of those requirements. The plan shall be designed to achieve reductions in the proportion of single-occupant vehicle commute trips and ((the commute trip vehicle miles traveled per employee by employees of major public and private sector employers in the jurisdiction)) be consistent with the rules established by the department of transportation. The county, city, or town shall submit its adopted plan to the regional transportation planning organization. Tribal governments are encouraged to adopt a commute trip reduction plan for their lands. State investment in voluntary commute trip reduction plans shall be limited to those areas that meet criteria developed by the commute trip reduction board.

(3) The department of ecology may, after consultation with the department of transportation, as part of the state implementation plan for areas that do not attain the national ambient air quality standards for carbon monoxide or ozone, require municipalities other than those identified in subsection (1) of this section to adopt and implement commute trip reduction plans if the department determines that such plans are necessary for attainment of said standards.

(4) A commute trip reduction plan shall be consistent with the ~~((guidelines))~~ rules established under RCW 70.94.537 and shall include but is not limited to (a) goals for reductions in the proportion of single-occupant vehicle commute trips ~~((and the commute trip vehicle miles traveled per employee))~~ consistent with the state goals established by the commute trip reduction board under RCW 70.94.537 and the regional commute trip reduction plan goals established in the regional commute trip reduction plan; (b) ~~((designation of commute trip reduction zones; (c)))~~ a description of the requirements for major public and private sector employers to implement commute trip reduction programs; ~~((d))~~ (c) a commute trip reduction program for employees of the county, city, or town; ~~((e))~~ a review of local parking policies and ordinances as they relate to employers and major worksites and any revisions necessary to comply with commute trip reduction goals and guidelines; (f) an appeals process by which major employers, who as a result of special characteristics of their business or its locations would be unable to meet the requirements of a commute trip reduction plan, may obtain waiver or modification of those requirements;

~~and (g)) and (d) means, consistent with rules established by the department of transportation, for determining base year values ((of the proportion of single-occupant vehicle commute trips and the commute trip vehicle miles traveled per employee)) and progress toward meeting commute trip reduction plan goals ((on an annual basis. Counties, cities, ~~((or))~~ and towns adopting commute trip reduction plans may enter into agreements through the interlocal cooperation act or by resolution or ordinance as appropriate with other jurisdictions, local transit agencies, ~~transportation management associations or other private or nonprofit providers of transportation services,~~ or regional transportation planning organizations to coordinate the development and implementation of such plans. Transit agencies shall work with counties, cities, and towns as a part of their six-year transit development plan established in RCW 35.58.2795 to take into account the location of major employer worksites when planning and prioritizing transit service changes or the expansion of public transportation services, including rideshare services. Counties, cities, or towns adopting a commute trip reduction plan shall review it annually and revise it as necessary to be consistent with applicable plans developed under RCW 36.70A.070. Regional transportation planning organizations shall review the local commute trip reduction plans during the development and update of the regional commute trip reduction plan.

(6) Each affected regional transportation planning organization shall adopt a commute trip reduction plan for its region consistent with the rules and deadline established by the department of transportation under RCW 70.94.537. The plan shall include, but is not limited to: (a) Regional program goals for commute trip reduction in urban growth areas and all designated growth and transportation efficiency centers; (b) a description of strategies for achieving the goals; (c) a sustainable financial plan describing projected revenues and expenditures to meet the goals; (d) a description of the way in

which progress toward meeting the goals will be measured; and (e) minimum criteria for growth and transportation efficiency centers. (i) Regional transportation planning organizations shall review proposals from local jurisdictions to designate growth and transportation efficiency centers and shall determine whether the proposed growth and transportation efficiency center is consistent with the criteria defined in the regional commute trip reduction plan. (ii) Growth and transportation efficiency centers certified as consistent with the minimum requirements by the regional transportation planning organization shall be identified in subsequent updates of the regional commute trip reduction plan. These plans shall be developed in collaboration with all affected local jurisdictions, transit agencies, and other interested parties within the region. The plan will be reviewed and approved by commute trip reduction board as established under RCW 70.94.537. Regions without an approved regional commute trip reduction plan shall not be eligible for state commute trip reduction program funds.

The regional commute trip reduction plan shall be consistent with and incorporated into transportation demand management components in the regional transportation plan as required by RCW 47.80.030.

(7) Each ~~(county, city, or town)~~ regional transportation planning organization implementing a regional commute trip reduction program shall, ~~((within thirty days submit a summary of its plan along with certification of adoption))~~ consistent with the rules and deadline established by the department of transportation, submit its plan as well as any related local commute trip reduction plans and certified growth and transportation efficiency center programs, to the commute trip reduction ~~((task force))~~ board established under RCW 70.94.537. The commute trip reduction board shall review the regional commute trip reduction plan and the local commute trip reduction plans. The regional transportation planning organization shall collaborate with the commute trip reduction board to evaluate the consistency of local commute trip reduction plans with the regional commute trip reduction plan. The report shall describe progress in attaining the applicable commute trip reduction goals ~~((for each commute trip reduction zone))~~ and shall highlight any problems being encountered in achieving the goals. The information shall be reported in a form established by the commute trip reduction ~~((task force))~~ board.

(9) Any waivers or modifications of the requirements of a commute trip reduction plan granted by a jurisdiction shall be submitted for review to the commute trip reduction ~~((task force))~~ board established under RCW 70.94.537. The commute trip reduction ~~((task force))~~ board may not deny the granting of a waiver or modification of the requirements of a commute trip reduction plan by a jurisdiction but they may notify the jurisdiction of any comments or objections.

(10) ~~((Each county, city, or town implementing a commute trip reduction program shall count commute trips eliminated through work-at-home options or alternate work schedules as one and two-tenths vehicle trips eliminated for the purpose of meeting trip reduction goals.~~

~~((11) Each county, city, or town implementing a commute trip reduction program shall ensure that employers that have modified their employees' work schedules so that some or all employees are not scheduled to arrive at work between 6:00 a.m. and 9:00 a.m. are provided credit when calculating single-occupancy vehicle use and vehicle miles traveled at that~~

worksites. This credit shall be awarded if implementation of the schedule change was an identified element in that worksite's approved commute trip reduction program or if the schedule change occurred because of impacts associated with chapter 36.70A RCW, the growth management act.

~~((12))~~ Plans implemented under this section shall not apply to commute trips for seasonal agricultural employees.

~~((13))~~ (11) Plans implemented under this section shall not apply to construction worksites when the expected duration of the construction project is less than two years.

NEW SECTION. Sec. 3. A new section is added to chapter 70.94 RCW to read as follows:

Nothing in this act preempts the ability of state employees to collectively bargain over commute trip reduction issues, including parking fees under chapter 41.80 RCW, or the ability of private sector employees to collectively bargain over commute trip reduction issues if previously such issues were mandatory subjects of collective bargaining.

NEW SECTION. Sec. 4. A new section is added to chapter 70.94 RCW to read as follows:

(1) A county, city, or town may, as part of its commute trip reduction plan, designate existing activity centers listed in its comprehensive plan or new activity centers as growth and transportation efficiency centers and establish a transportation demand management program in the designated area.

(a) The transportation demand management program for the growth and transportation efficiency center shall be developed in consultation with local transit agencies, the applicable regional transportation planning organization, major employers, and other interested parties.

(b) In order to be eligible for state funding provided for the purposes of this section, designated growth and transportation efficiency centers shall be certified by the applicable regional transportation organization to: (i) Meet the minimum land use and transportation criteria established in collaboration among local jurisdictions, transit agencies, the regional transportation planning organization, and other interested parties as part of the regional commute trip reduction plan; and (ii) have established a transportation demand management program that includes the elements identified in (c) of this subsection and is consistent with the rules established by the department of transportation in RCW 70.94.537(2). If a designated growth and transportation efficiency center is denied certification, the local jurisdiction may appeal the decision to the commute trip reduction board.

(c) Transportation demand management programs for growth and transportation efficiency centers shall include, but are not limited to: (i) Goals for reductions in the proportion of single-occupant vehicle trips that are more aggressive than the state program goal established by the commute trip reduction board; (ii) a sustainable financial plan demonstrating how the program can be implemented to meet state and regional trip reduction goals, indicating resources from public and private sources that are reasonably expected to be made available to carry out the plan, and recommending any innovative financing techniques consistent with chapter 47.29 RCW, including public/private partnerships, to finance needed facilities, services, and programs; (iii) a proposed organizational structure for implementing the program; (iv) a proposal to measure performance toward the goal and implementation progress; and (v) an evaluation to which local land use and transportation policies apply, including parking policies and ordinances, to determine the extent that they complement and support the trip reduction investments of major employers. Each of these program elements shall be consistent with the rules established under RCW 70.94.537.

Sec. 6. RCW 70.94.534 and 1997 c 250 s 4 are each amended to read as follows:

(1) Each jurisdiction implementing a commute trip reduction plan under this chapter or as part of a plan or ordinance developed under RCW 36.70A.070 shall review each employer's initial commute trip reduction program to determine if the program is likely to meet the applicable commute trip reduction goals. No major employer may be held liable for civil penalties for failure to reach the applicable commute trip reduction goals. No major employer shall be liable for civil penalties under this chapter if failure to achieve a commute trip reduction program goal was the result of an inability to reach agreement with a certified collective bargaining agent under applicable laws where the issue was raised by the employer and pursued in good faith.

(6) Jurisdictions shall notify major employers of the procedures for applying for goal modification or exemption from the commute trip reduction requirements based on the guidelines established by the commute trip reduction ((task force)) board authorized under RCW 70.94.537.

(5) The board shall evaluate and update the commute trip reduction program plan and recommend changes to the rules every four years, with the first assessment report due July 1, 2011, to ensure that the latest data methodology used by the department of transportation is incorporated into the program and to determine which areas of the state should be affected by the program. The board shall review the definition of a major employer no later than December 1, 2009. The board shall regularly identify urban growth areas that are projected to be affected by this act in the next four-year period and may provide advance planning support to the potentially affected jurisdictions.

(6) The ((task force)) board shall review progress toward implementing commute trip reduction plans and programs and the costs and benefits of commute trip reduction plans and programs and shall make recommendations to the legislature and the governor by December 1, ((1995, December 1, 1999, December 1, 2001, December 1, 2003, and December 1, 2005)) 2009, and every two years thereafter. In assessing the costs and benefits, the ((task force)) board shall consider the costs of not having implemented commute trip reduction plans and programs with the assistance of the transportation performance audit board authorized under chapter 44.75 RCW. The ((task force)) board shall examine other transportation demand management programs nationally and incorporate its findings into its recommendations to the legislature. The recommendations shall address the need for continuation, modification, or termination or any or all requirements of this chapter. ((The recommendations made December 1, 1995, shall include recommendations regarding extension of the requirements of this chapter to employers with fifty or more full-time employees at a single worksite who begin their regular work day between 6:00 a.m. and 9:00 a.m. on weekdays for more than twelve continuous months.))

(7) The board shall invite personnel with appropriate expertise from state, regional, and local government, private, public, and nonprofit providers of transportation services, and employers or owners of major worksites in Washington to act as a technical advisory group. The technical advisory group shall advise the board on the implementation of local and regional commute trip

reduction plans and programs, program evaluation, program funding allocations, and state rules and guidelines.

Sec. 8. RCW 70.94.541 and 1996 c 186 s 515 are each amended to read as follows:

(1) ((A technical assistance team shall be established under the direction of the department of transportation and include representatives of the department of ecology.)) The ((team)) department of transportation shall provide staff support to the commute trip reduction ((task force)) board in carrying out the requirements of RCW 70.94.537 ((and to the department of general administration in carrying out the requirements of RCW 70.94.551)).

(2) The ((team)) department of transportation shall provide technical assistance to regional transportation planning organizations, counties, cities, and towns, the department of general administration, other state agencies, and other employers in developing and implementing commute trip reduction plans and programs. The technical assistance shall include: (a) Guidance in ((determining base and subsequent year values of single-occupant vehicle commuting proportion and commute trip reduction vehicle miles traveled to be used in determining progress in attaining plan goals)) single measurement methodology and practice to be used in determining progress in attaining plan goals; (b) developing model plans and programs appropriate to different situations; and (c) providing consistent training and informational materials for the implementation of commute trip reduction programs. Model plans and programs, training, and informational materials shall be developed in cooperation with representatives of regional transportation planning organizations, local governments, transit agencies, and employers.

(3) In carrying out this section the department of transportation may contract with statewide associations representing cities, towns, and counties to assist cities, towns, and counties in implementing commute trip reduction plans and programs.

Sec. 9. RCW 70.94.544 and 2001 c 74 s 1 are each amended to read as follows:

A portion of the funds made available for the purposes of this chapter shall be used to fund the commute trip reduction ((task force)) board in carrying out the responsibilities of RCW ((70.94.541)) 70.94.537, and the ((interagency technical assistance team)) department of transportation, including the activities authorized under RCW 70.94.541(2), and to assist regional transportation planning organizations, counties, cities, and towns implementing commute trip reduction plans. The commute trip reduction board shall determine the allocation of program funds made available for the purposes of this chapter to regional transportation planning organizations, counties, cities, and towns implementing commute trip reduction plans. If state funds for the purposes of this chapter are provided to those jurisdictions implementing voluntary commute trip reduction plans, the funds shall be disbursed based on criteria established by the commute trip reduction board under RCW 70.94.537.

Sec. 10. RCW 70.94.547 and 1991 c 202 s 18 are each amended to read as follows:

The legislature hereby recognizes the state's crucial leadership role in establishing and implementing effective commute trip reduction programs. Therefore, it is the policy of the state that the department of general administration and other state agencies, including institutions of higher education, shall aggressively develop substantive programs to reduce commute trips by state employees. Implementation of these programs will reduce energy consumption, congestion in urban areas, and air and water pollution associated with automobile travel.

Sec. 11. RCW 70.94.551 and 1997 c 250 s 6 are each amended to read as follows:

(1) The director of ((general administration, with the concurrence of an interagency task force established for the purposes of this section, shall coordinate a commute trip reduction plan for state agencies which are phase 1 major

The report shall include, but is not limited to, an evaluation of the most recent measurement results, progress toward state goals established under RCW 70.94.537, and recommendations for improving the performance of state agency commute trip reduction programs. The department of transportation shall sell or otherwise dispose of the Washington state ferries Snohomish and Chinook for market value and deposit the proceeds of the sales into the passenger ferry account created in RCW 47.60.645 as soon as practicable upon approval by the governor of the business plan described in RCW 36.54.110(5).

NEW SECTION. Sec. 3. A new section is added to chapter 47.60 RCW to read as follows:

The department shall maintain the level of service existing on January 1, 2006, for the Vashon to Seattle passenger-only ferry route until such time as the legislature approves a county ferry district's assumption of the route, as authorized under RCW 36.54.110(5), providing a level of service at or exceeding the state level.

NEW SECTION. Sec. 4. A new section is added to chapter 47.01 RCW to read as follows:

(1) The department of transportation shall establish a ferry grant program subject to availability of amounts appropriated for this specific purpose. The purpose of the grant program is to provide operating or capital grants for ferry systems as provided in chapters 36.54 and 36.57A RCW to operate passenger-only ferry service.

(2) In providing grants under this section, the department may enter into multiple year contracts with the stipulation that future year allocations are subject to the availability of funding as provided by legislative appropriation.

NEW SECTION. Sec. 5. A new section is added to chapter 47.60 RCW to read as follows:

The Washington state ferry system shall collaborate with new and potential passenger-only ferry service providers, as described in RCW 36.54.110(5), for terminal operations at its existing terminal facilities.

The ordinance may be adopted only after a public hearing has been held on the creation of a ferry district, and the county legislative authority makes a finding that it is in the public interest to create the district. ~~((A ferry district is limited to providing passenger-only ferry service.))~~

(2) A ferry district is a municipal corporation, an independent taxing "authority" within the meaning of Article VII, section 1 of the state Constitution, and a "taxing district" within the meaning of Article VII, section 2 of the state Constitution.

MESSAGE FROM THE HOUSE

March 8, 2006

MR. PRESIDENT:

Under suspension of rules ENGROSSED SUBSTITUTE SENATE BILL NO. 6366 was returned to second reading for purpose of an amendment: 6366-S.E AMH SCHU BLAC 200, and passed the House as amended by the House.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that:

(1) Pandemic influenza is a global outbreak of disease that occurs when a new virus appears in the human population, causes serious illness, and then spreads easily from person to person.

(2) Historically, pandemic influenza has occurred on average every thirty years. Most recently, the Asian flu in 1957-58 and the Hong Kong flu in 1968-69 killed seventy thousand and thirty-four thousand, respectively, in the United States.

(3) Another influenza pandemic could emerge with little warning, affecting a large number of people. Estimates are that another pandemic influenza would cause more than two hundred thousand deaths in our country, with as many as five thousand in Washington. Our state could also expect ten thousand to twenty-four thousand people needing hospital stays, and as many as a million people requiring outpatient visits. During a severe pandemic these numbers could be much higher. The economic losses could also be substantial.

(4) The current Avian or bird flu that is spreading around the world has the potential to start a pandemic. There is yet no proven vaccine, and antiviral medication supplies are limited and of unknown effectiveness against a human version of the virus, leaving traditional public health measures as the only means to slow the spread of the disease. Given the global nature of a pandemic, as much as possible, the state must be able to respond assuming only limited outside resources and assistance will be available.

(5) An effective response to pandemic influenza in Washington must focus at the local level and will depend on preestablished partnerships and collaborative planning on a range of best-case and worst-case scenarios. It will require flexibility and real-time decision making, guided by accurate information. It will also depend on a well-informed public that understands the dangers of pandemic influenza and the steps necessary to prevent the spread of the disease.

(6) Avian flu is but one example of an infectious disease that, were an outbreak to occur, could pose a significant statewide health hazard. As such, preparation for pandemic flu will also enhance the capacity of local public health jurisdictions to respond to other emergencies.

It is therefore the intent of the legislature that adequate pandemic flu preparedness and response plans be developed and implemented by local public health jurisdictions statewide in order to limit the number of illnesses and deaths, preserve the continuity of essential government and other community services, and minimize social disruption and economic loss in the event of an influenza pandemic.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of health.

(2) "Local health jurisdiction" means a local health department as established under chapter 70.05 RCW, a combined city-county health department as established under chapter 70.08 RCW, or a health district established under chapter 70.05 or 70.46 RCW.

(3) "Secretary" means the secretary of the department of health.

NEW SECTION. Sec. 3. (1) The secretary shall establish requirements and performance standards, consistent with any requirements or standards established by the United States department of health and human services, regarding the development and implementation of local pandemic flu preparedness and response plans.

(2) To the extent state or federal funds are provided for this purpose, by November 1, 2006, each local health jurisdiction shall develop a pandemic flu preparedness and response plan, consistent with requirements and performance standards established in subsection (1) of this section, for the purpose of:

(a) Defining preparedness activities that should be undertaken before a pandemic occurs that will enhance the effectiveness of response measures;

(b) Describing the response, coordination, and decision-making structure that will incorporate the local health jurisdiction, the local health care system, other local response agencies, and state and federal agencies during the pandemic;

(c) Defining the roles and responsibilities for the local health jurisdiction, local health care partners, and local response agencies during all phases of a pandemic;

(d) Describing public health interventions in a pandemic response and the timing of such interventions;

(e) Serving as a guide for local health care system partners, response agencies, and businesses in the development of pandemic influenza response plans; and

(f) Providing technical support and information on which preparedness and response actions are based.

Each plan shall be developed based on an assessment by the local health jurisdiction of its current capacity to respond to pandemic flu and otherwise meet department outcome measures related to infectious disease outbreaks of statewide significance.

NEW SECTION. Sec. 4. (1) Each local health jurisdiction shall develop its pandemic flu preparedness and response plan based on the requirements and performance standards established under section 3(1) of this act and an assessment of the jurisdiction's current capacity to respond to pandemic flu. The plan shall be developed in consultation with appropriate public and private sector partners, including departments of emergency management, law enforcement, school districts, hospitals and medical professionals, tribal governments, and business organizations. At a minimum, each plan shall address:

(a) Strategies to educate the public about the consequences of influenza pandemic and what each person can do to prepare, including the adoption of universal infectious disease prevention practices and maintaining appropriate emergency supplies;

(b) Jurisdiction-wide disease surveillance programs, coordinated with state and federal efforts, to detect pandemic influenza strains in humans and animals, including health care provider compliance with reportable conditions requirements, and investigation and analysis of reported illness or outbreaks;

(c) Communication systems, including the availability of and access to specialized communications equipment by health

officials and community leaders, and the use of mass media outlets;

(d) Mass vaccination plans and protocols to rapidly administer vaccine and monitor vaccine effectiveness and safety;

(e) Guidelines for the utilization of antiviral medications for the treatment and prevention of influenza;

(f) Implementation of nonmedical measures to decrease the spread of the disease as guided by the epidemiology of the pandemic, including increasing adherence to public health advisories, voluntary social isolation during outbreaks, and health officer orders related to quarantines;

(g) Medical system mobilization, including improving the linkages and coordination of emergency responses across health care organizations, and assuring the availability of adequate facilities and trained personnel;

(h) Strategies for maintaining social order and essential community services while limiting the spread of disease throughout the duration of the pandemic; and

(i) The jurisdiction's relative priorities related to implementation of the above activities, based on available funding.

He was charged with Theft Second Degree and ultimately pled guilty of Possession of Stolen Property. He was sentenced concurrently to two months and 29 days for each offense in county jail.

WHEREAS, in 1997 Mr. Bilikas was sentenced to four months probation for the Unlawful Possession of a Firearm. During the possession of the firearm, Mr. Bilikas accidentally shot someone – an incident for which he still owes restitution in excess of \$50,000 to this date. During his petition hearing, Mr. Bilikas acknowledged his obligation to complete payment on his restitution, and noted that his ability to secure employment after graduation from college would effect how quickly the restitution was paid.

WHEREAS, during his incarceration in 1998 for subsequent drug possession offenses, Mr. Bilikas took correspondence courses through Seattle Central Community College. While on work release, he attended Tacoma Community College where he finished with straight "A"s. since his release from prison, Mr. Bilikas has remained arrest free. His long-term goal is to become a certified public accountant specializing in federal income taxation.

WHEREAS, Mr. Bilikas; successful effort at self-rehabilitation is illustrative of a sincere desire to become a better person. His demonstrated focus on education and on becoming a productive member of society stands as an example for all those who find themselves incarcerated.

WHEREAS, Mr. Bilikas requests a pardon so that he may achieve meaningful employment as a certified public accountant despite his 1992 convictions of Theft Second Degree and Possession of Stolen Property. Although he is aware that a pardon does not eliminate the need to disclose all of his convictions to potential employers and other appropriate officials/entities, he wished to demonstrate his rehabilitation with a pardon. Mr. Bilikas has support from his community including many professors at the University of Washington. The Pierce County Prosecutor has declined to support or oppose the petition.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the crime, and the favorable recommendation of the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action;

Sec. 15. RCW 46.44.042 and 1996 c 116 s 1 are each amended to read as follows:

Subject to the maximum gross weights specified in RCW 46.44.041, it is unlawful to operate any vehicle upon the public highways with a gross weight, including load, upon any tire concentrated upon the surface of the highway in excess of six hundred pounds per inch width of such tire. An axle manufactured after July 31, 1993, carrying more than ten thousand pounds gross weight must be equipped with four or more tires. ~~(Effective January 1, 1997.)~~ An axle carrying more than ten thousand pounds gross weight must have four or more tires, regardless of date of manufacture. Instead of the four or more tires per axle requirements of this section, an axle may be equipped with two tires limited to five hundred pounds per inch width of tire. This section does not apply to vehicles operating under oversize or overweight permits, or both, issued under RCW 46.44.090, while carrying a nonreducible load.

The following equipment may operate at six hundred pounds per inch width of tire: (1) A nonliftable steering axle or axles on the power unit; (2) a tiller axle on fire fighting apparatus; (3) a rear booster trailing axle equipped with two tires on a ready-mix concrete transit truck; and (4) a straddle trailer manufactured before January 1, 1996, equipped with single-tire axles or a single axle using a walking beam supported by two in-line single tires and used exclusively for the transport of fruit bins between field, storage, and processing. A straddle trailer manufactured after January 1, 1996, meeting this use criteria may carry five hundred fifteen pounds per inch width of tire on sixteen and one-half inch wide tires.

For the purpose of this section, the width of tire in case of solid rubber or hollow center cushion tires, so long as the use thereof may be permitted by the law, shall be measured between the flanges of the rim. For the purpose of this section, the width of tires in case of pneumatic tires shall be the maximum overall normal inflated width as stipulated by the manufacturer when inflated to the pressure specified and without load thereon.

The department of transportation, ~~(under rules adopted by the transportation commission)~~ by rule with respect to state highways, and a local authority, with respect to a public highway under its jurisdiction, may extend the weight table in RCW 46.44.041 to one hundred fifteen thousand pounds. However, the extension must be in compliance with federal law, and vehicles operating under the extension must be in full compliance with the 1997 axle and tire requirements under this section.

Sec. 16. RCW 46.44.080 and 1977 ex.s. c 151 s 29 are each amended to read as follows:

Local authorities with respect to public highways under their jurisdiction may prohibit the operation thereon of motor trucks or other vehicles or may impose limits as to the weight thereof, or any other restrictions as may be deemed necessary, whenever any such public highway by reason of rain, snow, climatic or other conditions, will be seriously damaged or destroyed unless the operation of vehicles thereon be prohibited

2006 REGULAR SESSION

or restricted or the permissible weights thereof reduced: PROVIDED, That whenever a highway has been closed generally to vehicles or specified classes of vehicles, local authorities shall by general rule or by special permit authorize the operation thereon of school buses, emergency vehicles, and motor trucks transporting perishable commodities or commodities necessary for the health and welfare of local residents under such weight and speed restrictions as the local authorities deem necessary to protect the highway from undue damage: PROVIDED FURTHER, That the governing authorities of incorporated cities and towns shall not prohibit the use of any city street designated ~~((by the transportation commission as forming))~~ a part of the route of any primary state highway through any such incorporated city or town by vehicles or any class of vehicles or impose any restrictions or reductions in permissible weights unless such restriction, limitation, or prohibition, or reduction in permissible weights be first approved in writing by the department of transportation.

The local authorities imposing any such restrictions or limitations, or prohibiting any use or reducing the permissible weights shall do so by proper ordinance or resolution and shall erect or cause to be erected and maintained signs designating the provisions of the ordinance or resolution in each end of the portion of any public highway affected thereby, and no such ordinance or resolution shall be effective unless and until such signs are erected and maintained.

The department shall have the same authority as hereinabove granted to local authorities to prohibit or restrict the operation of vehicles upon state highways. The department shall give public notice of closure or restriction. The department may issue special permits for the operation of school buses and motor trucks transporting perishable commodities or commodities necessary for the health and welfare of local residents under specified weight and speed restrictions as may be necessary to protect any state highway from undue damage.

Sec. 17. RCW 46.44.090 and 2001 c 262 s 1 are each amended to read as follows:

The department of transportation, pursuant to its rules ~~((adopted by the transportation commission))~~ with respect to state highways, and local authorities, with respect to public highways under their jurisdiction, may, upon application in writing and good cause being shown therefor, issue a special permit in writing, or electronically, authorizing the applicant to operate or move a vehicle or combination of vehicles of a size, weight of vehicle, or load exceeding the maximum set forth in RCW 46.44.010, 46.44.020, 46.44.030, 46.44.034, and 46.44.041 upon any public highway under the jurisdiction of the authority granting such permit and for the maintenance of which such authority is responsible.

Sec. 18. RCW 46.44.092 and 1989 c 398 s 2 are each amended to read as follows:

Special permits may not be issued for movements on any state highway outside the limits of any city or town in excess of the following widths:

On two-lane highways, fourteen feet;

On multiple-lane highways where a physical barrier serving as a median divider separates opposing traffic lanes, twenty feet;

On multiple-lane highways without a physical barrier serving as a median divider, thirty-two feet.

These limits apply except under the following conditions:

(1) In the case of buildings, the limitations referred to in this section for movement on any two lane state highway other than the national system of interstate and defense highways may be exceeded under the following conditions: (a) Controlled vehicular traffic shall be maintained in one direction at all times; (b) the maximum distance of movement shall not exceed five miles; additional contiguous permits shall not be issued to exceed the five-mile limit: PROVIDED, That when the department of transportation ~~((pursuant to general rules adopted by the transportation commission))~~ determines a hardship would result, this limitation may be exceeded upon approval of

FIFTY-NINTH DAY, MARCH 8, 2006

2006 REGULAR SESSION

the department of transportation; (c) prior to issuing a permit a qualified transportation department employee shall make a visual inspection of the building and route involved determining that the conditions listed herein shall be complied with and that structures or overhead obstructions may be cleared or moved in order to maintain a constant and uninterrupted movement of the building; (d) special escort or other precautions may be imposed to assure movement is made under the safest possible conditions, and the Washington state patrol shall be advised when and where the movement is to be made;

(2) Permits may be issued for widths of vehicles in excess of the preceding limitations on highways or sections of highways which have been designed and constructed for width in excess of such limitations;

(3) Permits may be issued for vehicles with a total outside width, including the load, of nine feet or less when the vehicle is equipped with a mechanism designed to cover the load pursuant to RCW 46.61.655;

(4) These limitations may be rescinded when certification is made by military officials, or by officials of public or private power facilities, or when in the opinion of the department of transportation the movement or action is a necessary movement or action: PROVIDED FURTHER, That in the judgment of the department of transportation the structures and highway surfaces on the routes involved are capable of sustaining widths in excess of such limitation;

(5) These limitations shall not apply to movement during daylight hours on any two lane state highway where the gross weight, including load, does not exceed eighty thousand pounds and the overall width of load does not exceed sixteen feet: PROVIDED, That the minimum and maximum speed of such movements, prescribed routes of such movements, the times of such movements, limitation upon frequency of trips (which limitation shall be not less than one per week), and conditions to assure safety of traffic may be prescribed by the department of transportation or local authority issuing such special permit.

The applicant for any special permit shall specifically describe the vehicle or vehicles and load to be operated or moved and the particular state highways for which permit to operate is requested and whether such permit is requested for a single trip or for continuous operation.

Sec. 19. RCW 46.44.096 and 1996 c 92 s 1 are each amended to read as follows:

In determining fees according to RCW 46.44.0941, mileage on state primary and secondary highways shall be determined from the planning survey records of the department of transportation, and the gross weight of the vehicle or vehicles, including load, shall be declared by the applicant. Overweight on which fees shall be paid will be gross loadings in excess of loadings authorized by law or axle loadings in excess of loadings authorized by law, whichever is the greater. Loads which are overweight and oversize shall be charged the fee for the overweight permit without additional fees being assessed for the oversize features.

Special permits issued under RCW 46.44.047, 46.44.0941, or 46.44.095, may be obtained from offices of the department of transportation, ports of entry, or other agents appointed by the department.

The department may appoint agents for the purposes of selling special motor vehicle permits, temporary additional tonnage permits, and log tolerance permits. Agents so appointed may retain three dollars and fifty cents for each permit sold to defray expenses incurred in handling and selling the permits. If the fee is collected by the department of transportation, the department shall certify the fee so collected to the state treasurer for deposit to the credit of the motor vehicle fund.

The department may select a third party contractor, by means of competitive bid, to perform the department's permit issuance function, as provided under RCW 46.44.090. Factors the department shall consider, but is not limited to, in the

selection of a third party contractor are economic benefit to both the department and the motor carrier industry, and enhancement of the overall level of permit service. For purposes of this section, "third party contractor" means a business entity that is authorized by the department to issue special permits. The department of transportation ((commission)) may adopt rules specifying the criteria that a business entity must meet in order to qualify as a third party contractor under this section.

Fees established in RCW 46.44.0941 shall be paid to the political body issuing the permit if the entire movement is to be confined to roads, streets, or highways for which that political body is responsible. When a movement involves a combination of state highways, county roads, and/or city streets the fee shall be paid to the ((state)) department of transportation. When a movement is confined within the city limits of a city or town upon city streets, including routes of state highways on city streets, all fees shall be paid to the city or town involved. A permit will not be required from city or town authorities for a move involving a combination of city or town streets and state highways when the move through a city or town is being confined to the route of the state highway. When a move involves a combination of county roads and city streets the fee shall be paid to the county authorities, but the fee shall not be collected nor the county permit issued until valid permits are presented showing that the city or town authorities approve of the move in question. When the movement involves only county roads the fees collected shall be paid to the county involved. Fees established shall be paid to the political body issuing the permit if the entire use of the vehicle during the period covered by the permit shall be confined to the roads, streets, or highways for which that political body is responsible.

Sec. 20. RCW 46.61.450 and 1977 ex.s. c 151 s 39 are each amended to read as follows:

It shall be unlawful for any person to operate a vehicle or any combination of vehicles over any bridge or other elevated structure or through any tunnel or underpass constituting a part of any public highway at a rate of speed or with a gross weight or of a size which is greater at any time than the maximum speed or maximum weight or size which can be maintained or carried with safety over any such bridge or structure or through any such tunnel or underpass when such bridge, structure, tunnel, or underpass is sign posted as hereinafter provided. The secretary of transportation, if it be a bridge, structure, tunnel, or underpass upon a state highway, or the governing body or authorities of any county, city, or town, if it be upon roads or streets under their jurisdiction, may restrict the speed which may be maintained or the gross weight or size which may be operated upon or over any such bridge or elevated structure or through any such tunnel or underpass with safety thereto. The secretary or the governing body or authorities of any county, city, or town having jurisdiction shall determine and declare the maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel, or underpass can withstand or accommodate and shall cause suitable signs stating such maximum speed or maximum gross weight, or size, or either, to be erected and maintained on the right hand side of such highway, road, or street and at a distance of not less than one hundred feet from each end of such bridge, structure, tunnel, or underpass and on the approach thereto: PROVIDED, That in the event that any such bridge, elevated structure, tunnel, or underpass is upon a city street designated by the department of transportation ((commission)) as forming a part of the route of any state highway through any such incorporated city or town the determination of any maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel, or underpass can withstand or accommodate shall not be enforceable at any speed, weight, or size less than the maximum allowed by law, unless with the approval in writing of the secretary. Upon the trial of any person charged with a violation of this section, proof of either violation of maximum speed or maximum weight, or size, or either, and the distance and

FIFTY-NINTH DAY, MARCH 8, 2006

location of such signs as are required, shall constitute conclusive evidence of the maximum speed or maximum weight, or size, or either, which can be maintained or carried with safety over such bridge or elevated structure or through such tunnel or underpass.

Sec. 21. RCW 46.68.113 and 2003 c 363 s 305 are each amended to read as follows:

During the 2003-2005 biennium, cities and towns shall provide to the transportation commission, or its successor entity, preservation rating information on at least seventy percent of the total city and town arterial network. Thereafter, the preservation rating information requirement shall increase in five percent increments in subsequent biennia. The rating system used by cities and towns must be based upon the Washington state pavement rating method or an equivalent standard approved by the department of transportation (~~commission or its successor entity~~). Beginning January 1, 2007, the preservation rating information shall be submitted to the department.

Sec. 22. RCW 47.28.010 and 1977 ex.s. c 151 s 59 are each amended to read as follows:

Whenever the general route of any state highway shall be designated and laid out as running to or by way of certain designated points, without specifying the particular route to be followed to or by way of such points, the (~~transportation commission~~) department shall determine the particular route to be followed by said state highway to or by way of said designated points, and shall be at liberty to select and adopt as a part of such state highway, the whole or any part of any existing public highway previously designated as a county road, primary road, or secondary road or now or hereafter classified as a county road. The (~~commission~~) department need not select and adopt the entire routes for such state highways at one time, but may select and adopt parts of such routes from time to time as it deems advisable. Where a state highway is designated as passing by way of a certain point, this shall not require the (~~commission~~) department to cause such state highway to pass through or touch such point but such designation is directional only and may be complied with by location in the general vicinity. The department (~~of transportation~~) is empowered to construct as a part of any state highway as designated and in addition to any portion meeting the limits of any incorporated city or town a bypass section either through or around any such incorporated city or town.

The department shall notify any association or organization of contractors filing a request to regularly receive notification. Notification to an association or organization of contractors shall include: (a) The location of the work to be done; (b) the general anticipated nature of the work to be done; and (c) the date determined by the department as reasonable in view of the nature of the work and emergent nature of the problem after which the department will not receive bids.

The (~~commission~~) department shall adopt policies for the placement of memorial signs on interstate safety rest areas and may disapprove any memorial sign that it determines to be inappropriate or inconsistent with the policies. The policies shall include, but are not limited to, guidelines for the size and location of and inscriptions on memorial signs. The secretary shall adopt rules for administering this program. Nonprofit associations may have their name identified on a memorial sign if the association bears the cost of supplying and maintaining the memorial sign.

Notice of such hearing shall be given to the owners of property abutting the section of any existing highway, road, or street being established as a limited access facility, as indicated in the tax rolls of the county, and in the case of a state limited access facility, to the county and/or city or town. Such notice shall be by United States mail in writing, setting forth a time for the hearing, which time shall be not less than fifteen days after mailing of such notice. Notice of such hearing also shall be given by publication not less than fifteen days prior to such hearing in one or more newspapers of general circulation within the county, city, or town. Such notice by publication shall be deemed sufficient as to any owner or reputed owner or any unknown owner or owner who cannot be located. Such notice shall indicate a suitable location where plans for such proposal may be inspected.

Sec. 26. RCW 47.52.145 and 1981 c 95 s 2 are each amended to read as follows:

Whenever after the final adoption of a plan for a limited access highway by the (~~transportation commission~~) department, an additional design public hearing with respect to the facility or any portion thereof is conducted pursuant to federal law resulting in a revision of the design of the limited access plan, the (~~commission~~) department may modify the previously adopted limited access plan to conform to the revised design without further public hearings providing the following conditions are met:

(1) As compared with the previously adopted limited access plan, the revised plan will not require additional or different right of way with respect to that section of highway for which the design has been revised, in excess of five percent by area; and

(2) If the previously adopted limited access plan was modified by a board of review convened at the request of a county, city, or town, the legislative authority of the county, city, or town shall approve any revisions of the plan which conflict with modifications ordered by the board of review.

Title to and full control over that portion of the city or town street incorporated into the limited access highway shall be vested in the state upon a declaration by the secretary of transportation that such highway is operational as a limited access facility, but in no event prior to the acquisition of right of way for such highway including access rights, and not later than the final completion of construction of such highway.

(2) Upon the completion of construction of a state limited access highway within a city or town, the department of transportation may relinquish to the city or town streets constructed or improved as a functional part of the limited access highway, slope easements, landscaping areas, and other related improvements to be maintained and operated by the city or town in accordance with the limited access plan. Title to such property relinquished to a city or town shall be conveyed by a deed executed by the secretary of transportation and duly acknowledged. The purpose of these reviews is to ensure that the legislature and the governor have the means to adequately and accurately assess the performance and outcomes of those agencies and departments.

(2) The performance and outcome measures and benchmarks of each transportation-related agency or department may be reviewed at the discretion of the transportation commission, or at the request of the legislature or the governor. In setting the schedule and the extent of performance reviews, the commission shall consider the timing and results of other recent state, federal, and independent reviews and audits, the seriousness of past findings, any inadequate remedial action taken by an agency or department, whether an agency or department lacks performance and outcome measures, and the desirability to include a diverse range of agencies or programs each year. The commission shall avoid duplication of effort in conducting performance reviews by coordinating with the state auditor, joint legislative audit and review committee, the citizen advisory board, and the governor's performance review process.

(3) The reviews may include, but are not limited to:

(a) A determination of whether the performance and outcome measures are consistent with legislative mandates, strategic plans, mission statements, and goals and objectives, and whether the legislature has established clear mandates, strategic plans, mission statements, and goals and objectives that lend themselves to performance and outcome measurement;

(b) An examination of how agency management uses the measures to manage resources in an efficient and effective manner;

(c) An assessment of how performance benchmarks are established for the purpose of assessing overall performance compared to external standards and benchmarks;

(d) An examination of how an analysis of the measurement data is used to make planning and operational improvements;

(e) A determination of how performance and outcome measures are used in the budget planning, development, and allotment processes and the extent to which the agency is in compliance with its responsibilities under RCW 43.88.090;

(f) A review of how performance data are reported to and used by the legislature both in policy development and resource allocation;

(g) An assessment of whether the performance measure data are reliable and collected in a uniform and timely manner;

(h) A determination whether targeted funding investments and established priorities of government actually produce the intended and expected services and benefits; and

(i) Recommendations as necessary or appropriate.

(4) For the purposes of this section, "transportation-related agencies" means any state or local agency, board, special purpose district, or commission that receives or generates funding primarily for transportation-related purposes. At a minimum, the department of transportation, the Washington state patrol, the department of licensing, the transportation improvement board or its successor entity, the county road administration board or its successor entity, and the traffic safety commission are considered transportation-related agencies.

(5) The state auditor, legislative auditor, governor, and director of the office of financial management shall report to the transportation commission on an annual basis concerning their performance improvement efforts to ensure coordination and avoid duplication of effort.

Sec. 45. RCW 47.05.030 and 2005 c 319 s 9 are each amended to read as follows:

The transportation commission shall ~~((adopt))~~ develop a comprehensive ten-year investment program specifying program objectives and performance measures for the preservation and improvement programs defined in this section. 2006 REGULAR SESSION

standards for effective programming and prioritization practices including a needs analysis process. The analysis process must ensure the identification of problems and deficiencies, the evaluation of alternative solutions and trade-offs, and estimations of the costs and benefits of prospective projects. ~~((The investment program must be revised based on directions by the office of financial management.))~~ The investment program must be based upon the needs identified in the state-owned highway component of the statewide comprehensive transportation plan ~~((as defined in RCW 47.01.071(3))).~~

(1) The preservation program consists of those investments necessary to preserve the existing state highway system and to restore existing safety features, giving consideration to lowest life cycle costing. The preservation program must require use of the most cost-effective pavement surfaces, considering:

- (a) Life-cycle cost analysis;
- (b) Traffic volume;
- (c) Subgrade soil conditions;
- (d) Environmental and weather conditions;
- (e) Materials available; and
- (f) Construction factors.

The comprehensive ten-year investment program for preservation must identify projects for two years and an investment plan for the remaining eight years.

(2) The improvement program consists of investments needed to address identified deficiencies on the state highway system to increase mobility, address congestion, and improve safety, support for the economy, and protection of the environment. The ten-year investment program for improvements must identify projects for two years and major deficiencies proposed to be addressed in the ten-year period giving consideration to relative benefits and life cycle costing. The transportation commission shall give higher priority for correcting identified deficiencies on those facilities classified as facilities of statewide significance as defined in RCW 47.06.140. Project prioritization must be based primarily upon cost-benefit analysis, where appropriate.

~~((The transportation commission shall approve and present the comprehensive ten-year investment program to the governor and the legislature as directed by the office of financial management.))~~

Sec. 46. RCW 47.05.035 and 2005 c 319 s 10 are each amended to read as follows:

(1) The department shall use the transportation demand modeling tools developed under subsection (2) of this section to evaluate investments based on the best mode or improvement, or mix of modes and improvements, to meet current and future long-term demand within a corridor or system for the lowest cost. The end result of these demand modeling tools is to provide a cost-benefit analysis by which the department can determine the relative mobility improvement and congestion relief each mode or improvement under consideration will provide and the relative investment each mode or improvement under consideration will need to achieve that relief.

(2) The department will participate in the refinement, enhancement, and application of existing transportation demand modeling tools to be used to evaluate investments. This participation and use of transportation demand modeling tools will be phased in.

(3) In developing program objectives and performance measures, the department shall evaluate investment trade-offs between the preservation and improvement programs. In making these investment trade-offs, the department shall evaluate, using cost-benefit techniques, roadway and bridge maintenance activities as compared to roadway and bridge preservation program activities and adjust those programs accordingly.

(4) The department shall allocate the estimated revenue between preservation and improvement programs giving primary consideration to the following factors:

(a) The relative needs in each of the programs and the system performance levels that can be achieved by meeting these needs;

(b) The need to provide adequate funding for preservation to protect the state's investment in its existing highway system;

(c) The continuity of future transportation development with those improvements previously programmed; and

(d) The availability of dedicated funds for a specific type of work.

(5) The ~~((commission shall review the results of the department's findings and shall consider those))~~ department shall consider the findings in this section in the development of the ten-year investment program.

Sec. 47. RCW 47.05.051 and 2005 c 319 s 11 are each amended to read as follows:

~~((+))~~ The comprehensive ten-year investment program shall be based upon the needs identified in the state-owned highway component of the statewide ~~((multimodal))~~ comprehensive transportation plan ~~((as defined in RCW 47.01.071(4)))~~ and priority selection systems that incorporate the following criteria:

~~((+))~~ (1) Priority programming for the preservation program shall take into account the following, not necessarily in order of importance:

~~((+))~~ (a) Extending the service life of the existing highway system, including using the most cost-effective pavement surfaces, considering:

- ~~((A))~~ (i) Life-cycle cost analysis;
- ~~((B))~~ (ii) Traffic volume;
- ~~((C))~~ (iii) Subgrade soil conditions;
- ~~((D))~~ (iv) Environmental and weather conditions;
- ~~((E))~~ (v) Materials available; and
- ~~((F))~~ (vi) Construction factors;

~~((+))~~ (b) Ensuring the structural ability to carry loads imposed upon highways and bridges; and

~~((+))~~ (c) Minimizing life-cycle costs. ~~((The transportation commission in carrying out the provisions of this section may delegate to the department of transportation the authority to select preservation projects to be included in the ten-year program.~~

~~((b))~~ (2) Priority programming for the improvement program must be based primarily upon the following, not necessarily in order of importance:

- ~~((+))~~ (a) Traffic congestion, delay, and accidents;
- ~~((+))~~ (b) Location within a heavily traveled transportation corridor;

~~((+))~~ (c) Except for projects in cities having a population of less than five thousand persons, synchronization with other potential transportation projects, including transit and multimodal projects, within the heavily traveled corridor; and

~~((+))~~ (d) Use of benefit/cost analysis wherever feasible to determine the value of the proposed project.

~~((+))~~ (3) Priority programming for the improvement program may also take into account:

~~((+))~~ (a) Support for the state's economy, including job creation and job preservation;

~~((+))~~ (b) The cost-effective movement of people and goods;

- ~~((+))~~ (c) Accident and accident risk reduction;
- ~~((+))~~ (d) Protection of the state's natural environment;

~~((+))~~ (e) Continuity and systematic development of the highway transportation network;

~~((+))~~ (f) Consistency with local comprehensive plans developed under chapter 36.70A RCW including the following if they have been included in the comprehensive plan:

~~((A))~~ (i) Support for development in and revitalization of existing downtowns;

~~((B))~~ (ii) Extent that development implements local comprehensive plans for rural and urban residential and nonresidential densities;

FIFTY-NINTH DAY, MARCH 8, 2006

2006 REGULAR SESSION

~~((C))~~ (iii) Extent of compact, transit-oriented development for rural and urban residential and nonresidential densities;

~~((D))~~ (iv) Opportunities for multimodal transportation; and

~~((E))~~ (v) Extent to which the project accommodates planned growth and economic development;

~~((vi))~~ (g) Consistency with regional transportation plans developed under chapter 47.80 RCW;

~~((viii))~~ (h) Public views concerning proposed improvements;

~~((ix))~~ (i) The conservation of energy resources;

~~((x))~~ (j) Feasibility of financing the full proposed improvement;

~~((xi))~~ (k) Commitments established in previous legislative sessions;

~~((xii))~~ (l) Relative costs and benefits of candidate programs.

~~((d)) Major projects addressing capacity deficiencies which prioritize allowing for preliminary engineering shall be reprioritized during the succeeding biennium, based upon updated project data. Reprioritized projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding.~~

~~((c)) Major project approvals which significantly increase a project's scope or cost from original prioritization estimates shall include a review of the project's estimated revised priority rank and the level of funding provided. Projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding.~~

~~((2)) The commission may depart from the priority programming established under subsection (1) of this section: (a) To the extent that otherwise funds cannot be utilized feasibly within the program; (b) as may be required by a court judgment, legally binding agreement, or state and federal laws and regulations; (c) as may be required to coordinate with federal, local, or other state agency construction projects; (d) to take advantage of some substantial financial benefit that may be available; (e) for continuity of route development; or (f) because of changed financial or physical conditions of an unforeseen or emergent nature. The commission or secretary of transportation shall maintain in its files information sufficient to show the extent to which the commission has departed from the established priority.~~

~~((3)) The commission shall identify those projects that yield freight mobility benefits or that alleviate the impacts of freight mobility upon affected communities.)~~

Sec. 48. RCW 47.29.010 and 2005 c 317 s 1 are each amended to read as follows:

(1) The legislature finds that the public-private ~~((transportation))~~ transportation initiatives act created under chapter 47.46 RCW has not met the needs and expectations of the public or private sectors for the development of transportation projects. The legislature intends to phase out chapter 47.46 RCW coincident with the completion of the Tacoma Narrows Bridge - SR 16 public-private partnership. From July 24, 2005, this chapter will provide a more desirable and effective approach to developing transportation projects in partnership with the private sector by applying lessons learned from other states and from this state's ten-year experience with chapter 47.46 RCW.

(2) It is the legislature's intent to achieve the following goals through the creation of this new approach to public-private partnerships:

(a) To provide a well-defined mechanism to facilitate the collaboration between public and private entities in transportation;

(b) To bring innovative thinking from the private sector and other states to bear on public projects within the state;

(c) To provide greater flexibility in achieving the transportation projects; and

(d) To allow for creative cost and risk sharing between the public and private partners.

(3) The legislature intends that the powers granted in this chapter to the commission or department are in addition to any powers granted under chapter 47.56 RCW.

(4) It is further the intent of the legislature that ~~((the commission shall be responsible for receiving, reviewing, and approving proposals with technical support of the department; rule making; and for oversight of contract execution. The department shall be responsible for evaluating proposals and negotiating contracts))~~ an expert review panel be established for each project developed under this act. Expert review panels shall be responsible for reviewing selected proposals, analyzing and reviewing tentative agreements, and making recommendations to the governor and the transportation commission on the advisability of executing agreements under this act.

NEW SECTION. Sec. 49. A new section is added to chapter 47.29 RCW to read as follows:

(1) The department shall establish an expert review panel to review, analyze, and make recommendations to the governor and the transportation commission on whether to approve, reject, or continue negotiations on a proposed project agreement under this chapter. The department shall provide staff to support the expert review panel, if requested by the panel. The expert review panel may utilize any of the consultants under contract for the department, and the expert review panel may contract for consulting expertise in specific areas as it deems necessary to ensure a thorough and critical review of any proposed project agreement.

(2) The governor shall appoint members of an expert review panel that have experience in large capital project delivery, public-private partnerships, public financing of infrastructure improvements, or other areas of expertise that will benefit the panel. The panel shall consist of no less than three, but no more than five members, as determined by the governor.

NEW SECTION. Sec. 50. A new section is added to chapter 47.29 RCW to read as follows:

Upon receiving the recommendations of the expert review panel as provided in section 49 of this act, and upon consultation with the governor, the transportation commission shall either execute the proposed project agreement, reject the proposed project agreement, or continue further negotiations between the state and a private partner. The execution of any agreement or the rejection of any agreement shall constitute a final action for legal or administrative purposes.

NEW SECTION. Sec. 51. The following acts or parts of acts are each repealed:

1. RCW 44.75.010 (Intent) and 2003 c 362 s 1;

PERSONAL PRIVILEGE

Senator Rasmussen: "My point of personal privilege concerns the 59th day and ladies and gentlemen of the Senate, the last time, for you that are youngsters, the last time this body adjourned in 59 days. Can anybody tell me outside of Mr. President? Actually, the Speaker of the House was Wayne Ehlers and I happen to have taken his place in '86, in the election of '86 but it was in the session of '86 that you adjourned Sine Die in 59 days. That was over twenty years ago and so Senator Haugen was here and I'm sure you to Mr. President, remembers. I think this is an historic day. We ought to remember that this isn't the first time we have adjourned in 59 days but it is, it has, it's been twenty years and at this time I would also like to say that it was a job well done, well done. Thank you Mr. President and thank you Governor and thank you colleagues."

PERSONAL PRIVILEGE

Senator Hewitt: "Thank you Mr. President. Well, I'd just like to remind the good lady that it was because we were so congenial this year and let you get done on time. We could of actually shut this place down and we would have been here until Thursday night."

PERSONAL PRIVILEGE

Senator Brown: "Thank you Mr. President and colleagues. Well, we are drawing to the end of the session and I just have to say that's it's been a great experience. We have had several victories working across the aisle. We haven't agreed on everything, but we've tried to disagree in a fairly agreeable manner and we've tried to keep the business of the people of Washington State moving forward. I think we've mostly been successful at that. I can't leave here tonight without really offering a tribute and an incredible vote of confidence and thanks to the floor leader. The floor leader this year, Senator Tracy Eide, had an incredible task because we all know how activist we were, introducing more measures here and across the rotunda and moving those measures through this body with it's decorum and it's process and it's personalities can sometimes be very challenging and she did an incredible job. It just so happens that we are going to Sine Die on International Women's Day and I want to wish you all a happy International Women's Day which is a national holiday in many countries and I've distributed on the desk the informal anthem of International Women's Day which is the song 'Bread and Roses' and it just so happens the Floor Leader and I do have roses on our desk. We hope that we've also helped the people of Washington State to better earn their daily bread especially our children and if you'll read the lyrics of the song, I think you'll see why. And if I could just read a few lines Mr. President? Thank you. 'As we come marching, marching we battle to for men for they are women's children and we mother them again. Our lives shall not be sweated from birth until life closes, hearts starve as well as bodies, give us bread, but give us roses'."

PERSONAL PRIVILEGE

Senator Kohl-Welles: "Well, the wonderful Majority Leader from the 3rd legislative district beat me to it. I was just going to remind the body that it International Women's Day and I would like to remind everyone as well that, even though we now rank third, tied third in the country in terms in the percentage of women legislators among all legislatures, we're about thirty-three and half percent we did rank the highest in the country, from 1992 through 2003 and had the highest in the history of the country at just under forty-one percent. The national average is about twenty-two percent. We also are the only state that has a woman as Governor and also our two United States Senators are women. We have a lot to be proud of and I look forward to coming back next year with even a higher percentage of women in the legislature. Thank you Mr. President."

PARLIAMENTARY INQUIRY

Senator Delvin: "Earlier tonight I was off in the wings negotiating some last minute legislation stuff to help us get out of here and you were talking about someone had to provide pants and jackets. I just wanted to know, because I'll give five dollars. Is it a fund to buy you pants when you show up here sometimes without pants? It's for you or the pages? I couldn't quite clearly understand that. If you could answer, I'd certainly be willing to donate to that fund."

REPLY BY THE PRESIDENT

President Owen: "Go ahead and donate to the fund, I'll talk about it later."

PERSONAL PRIVILEGE

Senator Pridemore: "Just two points, if we don't get a move on we're going to have to suspend the rule 15 for a second night in a row. Second, there will be a male caucus meeting immediately, bring your blue books."

PERSONAL PRIVILEGE

Senator Kline: "Well, since we've had a rousing chorus of 'Bread and Roses' I thought I might also read another poem. Ok, I won't."

REPLY BY THE PRESIDENT

President Owen: "The President believes that your poems are something like resolutions, one a day is all that's allowed without a suspension of the rules and I'm gambling. I wouldn't gamble on you getting it."

PERSONAL PRIVILEGE

Senator McAuliffe: "Mr. President, you don't have your top ten this year?"

REPLY BY THE PRESIDENT

President Owen: "I don't have my top ten, I did have a couple here though but I wasn't sure what the mood was so....I do have my annual 'I did not intend to speak on this' award which of course once again is one by the champion of 'I did not intend to speak on this'! Senator Brandland. I've got a new one this year and that is the you know, as people come rushing in off the wings to vote. I have the 'Fastest per square inch' and that, of course, is Senator Doumit. That's all I got this year, that I'm going to share with you anyway. I would ask that Senator Weinstein, if he's here, to quit hanging on the curtains though. The only person I've ever seen do that is my grandson when he comes running."

**GOVERNOR'S MESSAGE ON PARTIAL VETOES OF SENATE BILLS
AFTER ADJOURNMENT**

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 6428

March 24, 2006

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to sections Section 26, Engrossed Substitute Senate Bill No. 6428 entitled:

"AN ACT Relating to providing electronic product recycling through manufacturer financed opportunities."

This bill creates a recycling program for "electronic wastes," which includes used and unwanted computers and televisions. Section 26 of the bill would prohibit the export of these wastes to certain other countries.

I regret that, based on legal advise, the State of Washington does not have the necessary authority to prohibit the export of electronic waste. Accordingly, I will not put the entire bill at risk because of this section alone.

However, I believe that the section represents good environmental policy. I will therefore call on the President and Congress to take up this issue and enact legislation that prohibits the export of our hazardous wastes to third world countries that are not prepared to manage them.

Once enacted by the federal government, I recognize this might affect our options for proper recycling and disposal of e-wastes. To make sure we are ready, I hereby direct the Department of Ecology to evaluate alternatives to the export of these wastes and recommend actions as needed to ensure capacity for their proper management.

For the remainder of the bill, this is a new program for the state and it will take some time and experience to make sure it runs right. I am asking Ecology to work closely with all affected stakeholders to ensure that this bill is implemented in a fair and equitable manner.

Along that line, I am directing Ecology to take the following steps:

1. To adopt, within their new program rules, rigorous financial assurance requirements for new manufacturers, sufficient to ensure that they will be responsible for recycling their products and not leave them for others to clean up;

2. To evaluate alternatives for managing legacy e-waste products in a manner that does not create competitive differences between existing and new companies, including a way to distribute costs of recycling past products more fairly among all affected parties; and,

3. To evaluate the use of product toxicity of lieu of, or in addition to, product weight, when determining equitable cost shares.

In addition, I am asking Ecology to provide annual reports on the progress, problems, and stakeholder concerns with implementation of this bill. The reports should include any needed changes to the statute to ensure fairness and clarity in the program.

For these reasons, I have vetoed Section 26 of Engrossed Substitute Senate Bill No. 6428.

With the exception of Section 26, Engrossed Substitute Senate Bill No. 6428 is approved.

Respectfully submitted,
CHRISTINE O. GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SUBSTITUTE SENATE BILL NO. 6234

March 28, 2006

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 18, Substitute Senate Bill No. 6234 entitled:

"AN ACT Relating to insurance fraud."

Part of SSB 6234 creates a new exemption for certain documents under the Public Disclosure Act. Section 17 adds the exemption to the new public disclosure act section, RCW 42.56.400. Chapter 42.56 RCW takes effect July 1, 2006.

Section 18 also adds the same exemption as a new section to Chapter 42.17 RCW. Chapter 42.17 RCW, however, expires on July 1, 2006. Consequently, we should not add a new statutory exemption to that Chapter. Pursuant to Section 17 of SSB 6234, the new exemption will be in the proper Chapter. Therefore, to avoid duplication and the inadvertent creation of a technical problem, Section 18 must be vetoed.

For these reasons, I have vetoed Section 18 of Substitute Senate Bill No. 6234.

With the exception of Section 18, Substitute Senate Bill No. 6234 is approved.

Respectfully submitted,
CHRISTINE O. GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR
VETO ON SUBSTITUTE SENATE BILL NO. 6369

March 29, 2006

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval, Substitute Senate Bill No. 6369 entitled:

"AN ACT Relating to excise tax exemptions for water services provided by small water systems."

This Substitute Senate Bill No. 6369 exempts water-sewer, irrigation, and public utility districts that provide water services to small customer bases from the public utility tax and business and occupation tax as long as at least 90 percent of the value of the tax exemptions would be used to repair, equip, upgrade, or maintain the system.

This bill provides inadequate accountability to the state's taxpayers. The tax exemptions are not limited by sunsets. Only one study of the effectiveness of the tax exemptions, due in 2010, will be made. After that, the tax exemptions will continue on in perpetuity without scrutiny.

In addition, the legislation's self-stated goal, of providing assistance to small public water systems that are in most need, would be more efficiently met through a grant program. Through a grant program, pressing needs can be met first and all needs can actually be assessed. A grant program could also help those small water systems that are already exempt from the state's business and occupation tax and public utility tax as well. As Governor, I think part of my duty is to meet the needs in the most efficient way possible.

For these reasons, I have vetoed Substitute Senate Bill No. 6396 in its entirety.

Respectfully submitted,
CHRISTINE O. GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR
VETO ON SENATE BILL NO. 6411

March 29, 2006

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval, Senate Bill No. 6411 entitled:

"AN ACT Relating to collective bargaining agreements."

This bill allows bargaining a contract of up to six years for public employees who are covered by the Public Employees' Collective Bargaining Act (PECBA). The intent of the legislation is to provide stability and lower costs for smaller local governmental entities. However, current law restricts contracts under PECBA to a three-year duration.

PECBA covers mainly city, county and local government employees. It also includes several state employee groups, including state troopers, the University of Washington Print Shop, and several other higher education classified units. At least one of the state employee groups covered by the PECBA has binding interest arbitration-state troopers. In addition, home health care workers, and family childcare providers, who are also covered by PECBA, have binding interest arbitration. This dispute resolution mechanism could lead to settlements that violate the principle that the state cannot obligate future legislatures beyond the current biennium.

If an imposed settlement violated this principle, court challenges could ensue. While I understand that current law allows for contracts to exceed the two-year budget cycle, this was not an issue of concern for the state until last year when changes in the state troopers' bargaining law allowed for bargaining over wages and benefits. In the last several years, the addition of collective bargaining rights for home care workers and family child care workers also increases the likelihood of legal challenges over contract duration.

If legislation were introduced in the next session with provisions to address the above concerns regarding state employee groups, I would certainly look much more favorably on the bill.

For these reasons, I have vetoed Senate Bill No. 6411 in its entirety.

Respectfully submitted,
CHRISTINE O. GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR
VETO ON SENATE BILL NO. 6412

March 29, 2006

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval, Senate Bill No. 6412 entitled:

"AN ACT Relating to superior court judges."

The substance of this bill was already accomplished through House Bill No. 2344, which I signed into law on March 9, 2006. Therefore, I am vetoing Senate Bill No. 6412 in its entirety.

Respectfully submitted,
CHRISTINE O. GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SUBSTITUTE SENATE BILL NO. 6555

March 29, 2006

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 3, Substitute Senate Bill No. 6555 entitled:

"AN ACT Relating to research and services for special purpose districts."

This bill would allow the Municipal Research Council (MRC) to contract for the provision of research and services to special purpose districts. Funding for these services would be provided through a change in the distribution of Liquor Revolving Fund revenues.

The MRC currently provides its services to cities and counties. Those services are funded with revenues from the Liquor Revolving Fund and Liquor Excise Tax Account, revenues that would otherwise be distributed to cities and counties on a formula basis. While the technical assistance provided by MRC may be of value, Substitute Senate Bill No. 6555 would set a precedent by redirecting funds, that would otherwise go to the state General Fund, for the benefit of a special purpose district.

Therefore, I have decided to veto Section 3 of this bill, which establishes the transfer of those funds. Sections 1 and 2 concern the authority for special purpose districts to use the MRC, and the creation of the new account should the legislature choose to appropriate funds for it. Section 4 requires a MRC report to Joint Legislative Audit and Review Committee in 2010.

For these reasons, I have vetoed Section 3 of Substitute Senate Bill No. 6555.

With the exception of Section 3, Substitute Senate Bill No. 6555 is approved.

Respectfully submitted,
CHRISTINE O. GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR
VETO ON SUBSTITUTE SENATE BILL NO. 6781

March 29, 2006

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval, Substitute Senate Bill No. 6781 entitled:

"AN ACT Relating to environmental remediation."

This bill would provide sales and business tax incentives for environmental remediation actions.

Cleaning up historic contamination is usually a key step in the redevelopment of our urban lands. However, past tax incentives for environmental remediation did not measurably increase the number of cleanup actions. And for cleanup actions conducted by state agencies and local governments, this bill would inappropriately shift the cost burden from the dedicated toxics cleanup accounts to the state general fund.

For these reasons, I have vetoed Substitute Senate Bill No. 6781 in its entirety.

Respectfully submitted,
CHRISTINE O. GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR
VETO ON SUBSTITUTE SENATE BILL NO. 6330

March 31, 2006

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 6330 entitled:

"AN ACT Relating to the establishment of the Washington trade corps fellowship program."

This bill is being vetoed for two reasons. First, given the limited resources and high demands of our international trade office, this program would not be a priority. I commend the Legislature for adding resources to trade and to trade offices. However, the specific purpose proposed in this bill is not the most effective approach. Second, the budget for this project is exceptionally large given the task that is proposed. These are funds that simply should not be allocated for studying funding opportunities.

For these reasons, I have vetoed Substitute Senate Bill No. 6330 in its entirety.

Respectfully submitted,
CHRISTINE O. GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 6384

March 31, 2006

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 105(6); 106(4), line item 13, page 10; 116; 155(1), (2), (3); 180; 195; 199; 211; and 230 of Engrossed Substitute Senate Bill No. 6384 entitled:

"AN ACT Relating to the capital budget."

My reasons for vetoing these sections are as follows:

Section 105(6), pages 5-6, Department of Community, Trade, and Economic Development, Housing Liability Revolving Fund

This proviso would require the Department of Community, Trade and Economic Development (CTED) to contract with the Washington State Housing Finance Commission to establish a liability revolving fund for condominium and multi-unit residential buildings. This provision was previously included in legislation that failed to pass this session. The language defines eligibility for a new, on-going service. It is inappropriate to establish this type of program in an appropriations bill.

Although I have vetoed Section 105(6), I am directing CTED to work with the Housing Finance Commission to accomplish these program goals to the maximum extend allowable under law.

Section 106(4), line item 13 on page 10, Department of Community, Trade, and Economic Development, Tritrail Feasibility Study

This project would provide general obligation bond funds to study a three-city walking and biking trail, starting in Tukwila and eventually linking to Mount Rainier National Park. It is not prudent to use long-term bond financing to pay for a feasibility study. I have therefore, vetoed the appropriation related to this project.

Section 116, pages 19-20, Department of General Administration, Pritchard Building Pre-design

This Americans with Disabilities Act of 1990 (ADA) access project was funded in the 2005-07 capital budget. Proviso language was added in this bill to require the Department of General Administration to include design and construction of the ADA pathway project of the Pritchard Building as part of the Pritchard Building pre-design. The pre-design is a separate project and combining these projects could add another year to the ADA path project, as well as increase the total cost. The Capitol Campus Design Advisory Committee has approved the ADA access plan and the ADA path project is ready to proceed to design. I have vetoed Section 116 to allow for timely completion of this project.

Section 155(1), (2), and (3), pages 45-46, Interagency Committee for Outdoor Recreation, Hood Canal Grant Program

Section 155(1), (2) and (3) establish a process for the Interagency Committee for Outdoor Recreation (IAC) to administer a grant program addressing low-dissolved oxygen concentrations in Hood Canal. It is a reasonable approach to allow the Governor to remove projects for a list developed by the Puget Sound Action Team, and for the IAC not to commit funds until the Legislature has appropriated funds for a specific list of projects. However, this new process will prevent any projects from being started until the spring of 2007.

In order for these critical projects to move forward as quickly as possible, I have vetoed Sections 155(1), (2) and (3). In addition, I am directing the IAC to proceed with a process to select projects based on the prioritized recommendations of the Puget Sound Action Team and the Hood Canal Coordinating Council. I also am instructing the IAC to review the list of projects with the Governor's Office and appropriate legislators before signing contracts.

Section 180, page 58, Department of Fish and Wildlife, Olympia Facilities

Section 180 directs the Department of Fish and Wildlife to vacate its downtown Olympia facilities by June 2007 and for the Department of General Administration to dispose of the properties. RCW 77.12.210 gives the director of the Department of Fish and Wildlife the authority to maintain and manage real or personal property owned, leased, or held by the department. The Fish and Wildlife Commission may authorize the director to dispose of real or personal property under the control of the department. This section directing the Department of General Administration to dispose of this property conflicts with this existing statute.

Although I have vetoed Section 180, I am directing the Department of General Administration to work with the Department of Fish and Wildlife to develop a plan addressing the consolidation of services, relocation of users, and long-term use of the properties, and to report to the Legislature and Office of Financial Management by December 1, 2006.

Section 195, pages 68-69, State Board of Education, Island Wood

This section adds funding for capital projects at Island Wood Education Center. Article IX, Section 3 of the Washington State Constitution states that the Common School Construction Account shall be used exclusively for financing the construction of facilities for the common schools. RCW 28A.150.020 defines common schools as schools maintained at public expense in each school district and carrying on a program from kindergarten through the twelfth grade or any part thereof including vocational educational courses otherwise permitted by law. Island Wood is a non-profit organization that serves students from fifty schools and 50,000 households in Puget Sound. I have vetoed Section 195 because funding a non-profit entity is not consistent with the intended use of the Common School Construction Account.

Section 199, pages 71-72, State Board of Education, Acoustic Technology

This section would provide funding for demonstration projects to test the use of sound amplification technology in the classroom. Grant recipients must contribute a 50 percent match for these funds and provide a measure of the effectiveness of this technology. There is no evidence that suggests that the use of this technology creates a substantial benefit to students. In addition, the program is likely to have substantial future costs. For these reasons, I have vetoed Section 199.

Section 211, pages 76-77, State Arts Commission, Capitol Sundial Repair

This section provides funding to support a \$5,000 competitive grant for design and repair of the State Capitol Sundial. This small amount is not appropriately financed through long-term general obligation bonds. I have vetoed Section 211 and believe that other funding sources can be found for this project.

Section 230, pages 92-93, Vendor Services

Section 230 eliminates the rent currently paid by the Department of Services for the Blind (DSB) for food service providers and vending machines. It also requires that the Department of General Administration (GA) pay preventative maintenance on food service equipment used by these vendors; that private buildings with at least 100 state employees contract with the DSB for vending facilities and/or vending machines in the cities of Olympia, Lacey and Tumwater; and that GA conduct a study establishing a process for blind vendors to enter into franchise agreements with commercial food providers.

Although I am concerned about the issues addressed by this section, I believe it is inappropriate to simply transfer these vendor costs to state agencies that pay rent in state buildings. I have vetoed Section 230 in order to allow more time to assess the situation statewide, and explore alternatives.

With the exception of Sections 105(6); 106(4), line item 13, page 10; 116; 155(1), (2), (3); 180; 195; 199; 211; and 230 as specified above, Engrossed Substitute Senate Bill No. 6384 is approved.

Respectfully submitted,
CHRISTINE O. GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 6386

March 31, 2006

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to parts of Sections 126(42), 126(63), 128(3), 128(10), 131(2), 137(12), 139, 204(1)(x), 207(5), 217(13), 217(17), 221(25), 302(16), 307(21)(c), 308(16), 518(4), 602(16), 602(22), 602(25), 603(18), 604(14), 606(5), 607(7), 611(1), 611(3), 708(1)(d), 711(4), and 906, of Engrossed Substitute Senate Bill No. 6386 entitled:

"AN ACT Relating to fiscal matters."

My reasons for vetoing the above-noted Sections are as follows:

Section 126(42), page 31, Department of Community, Trade, and Economic Development, Small Business Incubators

This proviso funds implementation of Third Substitute House Bill No. 1815 pertaining to Small Business Incubators, and stipulates that the appropriation will lapse if the bill is not enacted. Since that bill did not pass the Legislature, I have vetoed Section 126(42).

Section 126(63), page 34, Department of Community, Trade, and Economic Development, Washington Trade Corps Fellowship Program

This proviso funds implementation of Substitute Senate Bill No. 6330 and stipulates that the appropriation will lapse if the bill is not enacted. Since I have vetoed Substitute Senate Bill No. 6330, I have also vetoed Section 126(63).

Section 128(3), page 36, Office of Financial Management, Classified School Employees

New language directs the Washington Learns steering committee to review funding for classified school employees and to report findings and recommendations that include how classified school employees can enhance students' abilities to meet state learning standards. Washington Learns is a comprehensive study of education from early learning through higher education, encompassing all employee groups within the educational system. I have vetoed Section 128(3) because it is not necessary to single out any specific class of employees, and because the requirements of this new language will be met under the current work plan for Washington Learns.

Section 128(10), page 38, Office of Financial Management, Report on State-purchased Health Care Costs

This proviso requires the Office of Financial Management to prepare a report on state-purchased health care costs and expenditures. Since no funding is provided for this activity, I have vetoed section 128(10).

Section 131(2), page 40, State Lottery, Research

This proviso permits the use of agency appropriations for the implementation of Senate Concurrent Resolution No. 8417, and stipulates that the subsection will lapse if the resolution is not enacted. since that resolution did not pass the Legislature, I have vetoed Section 131(2).

Section 137(12), page 46, Department of Revenue, Streamlined Sales Tax

This proviso funds implementation of Substitute Senate Bill No. 6594 and stipulates that the appropriation will lapse if the bill is not enacted. Since that bill did not pass the Legislature, I have vetoed Section 137(12).

Section 139, page 46-47, Municipal Research Council, Special Purpose Districts

I have vetoed the portion of Substitute Senate Bill No. 6555 that diverts revenue from the general fund to the Special Purpose District Research Services Account. For consistency, I also have vetoed Section 139.

Section 204(1)(x), page 77, Department of Social and Health Services Mental Health Division, Mental Health Professionals

This proviso references Second Substitute House Bill No. 2912, which would require two mental health care professionals for all home visits that require mental health evaluations. Since that bill did not pass the Legislature, I have vetoed Section 204(1)(x).

Section 207(5), page 94, Department of Social and Health Services Economic Services Division, Child Support Schedule

This proviso funds Second Substitute House Bill No. 2462, which established work groups to periodically review the child support schedule, and stipulates that the appropriation will lapse if the bill is not enacted. Since that bill did not pass the Legislature, I have vetoed Section 207(5).

Section 217(13), page 116, Department of Labor and Industries, Agricultural Workers

This proviso funds Engrossed House Bill No. 2623 relating to agricultural workers, and stipulates that the appropriation will lapse if the bill is not enacted. Since the bill did not pass the Legislature, I have vetoed Section 217(13).

Section 217(17), pages 116-117, Department of Labor and Industries, Brochures on Building Contractors

This proviso provides \$10,000 General Fund-State solely for the Department of Labor and Industries to prepare consumer information brochures on contracting for new construction or remodeling construction work. I am directing the Department of Labor and Industries to perform all the functions and procedures listed in this proviso within existing funds. I have, therefore, vetoed Section 217(17).

Section 221(25), page 126, Department of Health, Background Checks/Health Care

This proviso funds implementation of Substitute House Bill No. 2431 and stipulates that the appropriation will lapse if the bill is not enacted. Since that bill did not pass the Legislature, I have vetoed Section 221(25).

Section 302(16), page 142, Department of Ecology, Brominated Flame Retardants

This proviso funds implementation of Engrossed Second Substitute House Bill No. 1488 and stipulates that the appropriation will lapse if the bill is not enacted. Since that bill did not pass the Legislature, I have vetoed Section 302(16).

Section 307(21)(c), page 153, Department of Fish and Wildlife, Fiscal Reporting and Modeling

This section requires Washington's Department of Fish and Wildlife (WDFW) to develop an electronic revenue forecast model with the Office of Financial Management and the Department of Revenue for forecasting the state Wildlife Account. Although the WDFW's ability to accurately forecast revenues has been a concern in the past, its current methodology has proven generally reliable. There is no evidence that a new forecasting model would significantly improve state Wildlife Account forecasts, and no additional funding was provided to develop a new model. For these reasons, I have vetoed Section 307(21)(c).

Section 308(16), page 161, Department of Natural Resources, Wildfire Prevention

This proviso directs the Department of Natural Resources to implement a workgroup defined in Substitute Senate Bill No. 6603, relating to wildfire prevention. Since that bill did not pass the Legislature, I have vetoed Section 308(16). However, the department has the authority to engage in this activity and I would encourage it to do so.

Section 518(4), page 222-223, Department of Early Learning, Contingency Funding

This proviso was included in the budget to serve as a contingency to reverse the funding transfers to the Department of Early Learning, if the new department had not been created. Since Second Substitute House Bill No. 2964 passed the Legislature, and the Department of Early Learning goes into effect on July 1, 2006, I have vetoed this section for the technical reason that it is no longer needed.

Section 602(16), page 229, State Board for Community and Technical Colleges, High Demand Training

This proviso provides funding for and directs the State Board for Community and Technical Colleges to identify high demand occupations, develop or utilize skills standards or credentials for those occupations, and market the standards and credentials to educational institutions and employers. This agency, the Higher Education Coordinating Board, the Workforce Training and Education Coordinating Board, and the Department of Employment Security have already accomplished much of this work in prior studies. I have, therefore, vetoed Section 602(16).

Section 602(22), page 231, State Board for Community and Technical Colleges, Nursing Faculty Retention Pilot Program

This proviso attempts to address a real problem relating to nursing recruitment and retention, but addresses it in a very narrow fashion. The State Board for Community and Technical Colleges, along with industry stakeholders, needs to consider various, statewide options for retaining nursing faculty and keeping qualified teachers in the classroom. This proviso directs state funds to a very limited number of sites with no plan for retention of faculty beyond the current year. Therefore, I have vetoed Section 602(22).

Section 602(25), page 231, State Board for Community and Technical Colleges, High School Completion

This proviso indicates that there is sufficient funding in the State Board for Community and Technical Colleges' budget to implement Engrossed Second Substitute House Bill No. 2582. Since that bill did not pass the Legislature, I have vetoed Section 602(25).

Section 603(18), page 235, University of Washington, Public Curriculum Study

This proviso directs the University of Washington's College of Education to conduct a review of curriculum offered by Washington public schools to examine the extent to which the curriculum accurately includes the history, contributions, and contemporary experiences of people of color. With 296 school districts in Washington making individual decisions regarding curriculum offered to students in more than 2,000 Washington schools, the study is a monumental task. It is not clear that the results of a narrow study will be applicable throughout the state. While this is an important issue, the scope of the study needs to be refined or funding must be increased. Therefore, I have vetoed Section 603(18).

Section 604(14), page 239, Washington State University, Local Government Reference

Although the provision of local government reference books may be valuable, this effort should be prioritized within existing resources. Therefore, I have vetoed Section 604(14).

Section 606(5), page 243, Central Washington University, Additional Tuition Waivers

This proviso funds additional tuition waivers. While I understand the inequity in the original waiver limits set by the Legislature more than a decade ago, I do not concur with this appropriation for a purpose that does not create additional enrollment slots for our students. Since the waiver limit has been in place so long, it is also clear that this is not an emergency that requires action in a supplemental budget. Therefore, I have vetoed Section 606(5).

Section 607(7) page 245, The Evergreen State College, Collective Bargaining Unit Training

This proviso expands collective bargaining and bargaining unit training at The Evergreen State College's Labor Education and Research Center. The Center currently provides similar training by contracting with those who will receive the training. The Center can expand the collective bargaining and bargaining unit training under its current finance model, so I have vetoed Section 607(7).

Section 611(1), page 256, Workforce Training and Education Coordinating Board, Private Vocational Schools

This proviso funds implementation of House Bill No. 2597 and stipulates that the appropriation will lapse if the bill is not enacted. Since that bill did not pass the Legislature, I have vetoed Section 611(1).

Section 611(3), page 257, Workforce Training and Education Coordinating Board, Worker Training B & O Tax

This proviso funds implementation of Engrossed Substitute House Bill No. 2565, relating to worker training business and occupation tax. The appropriation will lapse if the bill is not enacted. Engrossed Substitute House Bill No. 2565 did not pass the Legislature, so I have vetoed Section 611(3).

Section 708(1)(d), page 266, Department of Retirement Systems, Implementation of SHB 2934 (Survivor Health Benefits)

This proviso funds the implementation of Substitute House Bill No. 2934, and stipulates that the appropriation will lapse if the bill is not enacted. The provisions of that bill, however, passed the Legislature in Senate Bill No. 6723. Since the bill cited in this proviso did not pass the Legislature, I have vetoed Section 708(1)(d) for the sake of clarity.

Section 711(4), page 268, Strategic Purchasing Strategy

This proviso indicates that the State Board of Community and Technical Colleges is not subject to the General Fund-State allotment reduction related to implementation of a statewide purchasing strategy. In order to continue to encourage all state agencies to be as efficient and economical in their purchasing as possible, I have vetoed Section 711(4), and will direct the Department of General Administration to work with the colleges on a practical approach to achieve purchasing savings.

Section 906, pages 282-284, State Parks and Recreation Commission, Authority to Charge Day-Use Access or Parking Fees

This section prohibits the State Parks and Recreation Commission from charging fees for general park access or parking from the effective date of this bill through June 30, 2007. This prohibition also appears in Section 303(5) of this bill. Since the underlying statute has also been amended in Substitute House Bill No. 2416 to prohibit general park access or parking fees permanently, beginning April 9, 2006, Section 906 is redundant and unnecessary, I have vetoed Section 906. However, to harmonize the temporary disparities in effective dates, I hereby direct the State Parks and Recreation Commission to discontinue collecting these fees effective immediately.

In addition to these vetoes, I would like to comment on two other aspects of this bill:

Emergency Management

Section 150(7) provides \$2 million for the Military Department to expand its emergency management planning and training activities, study the feasibility of regional medical assistance and search-and-rescue teams, and administer a competitive grant program to support local emergency management efforts.

Emergency response is an important state priority, and I am directing the Military Department to report to me on a regular basis concerning the uses of this funding and the specific improvements in emergency preparation that have been achieved through the grant process.

Capital Projects

This operating budget bill includes funding for facility repair and renovation, trail upgrades, and property improvements that more appropriately belong in the capital budget. Although these projects have distinct public benefit, they create long-term assets and should be considered among all other capital needs and priorities rather than competing against critical general fund operating programs. I sincerely hope that next year the Legislature will keep projects of this nature out of the operating budget and in the capital budget, where they properly belong.

With the exception of those portions of sections 126(42), 126(63), 128(3), 128(10), 131(2), 137(12), 139, 204(1)(x), 207(5), 217(13), 217(17), 221(25), 302(16), 307(21)(c), 308(16), 518(4), 602(16), 602(22), 602(25), 603(18), 604(14), 606(5), 607(7), 611(1), 611(3), 708(1)(d), 711(4), and 906, as specified above, Engrossed Substitute Senate Bill No. 6386 is approved.

Respectfully submitted,
CHRISTINE O. GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SUBSTITUTE SENATE BILL NO. 6241

March 31, 2006

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to portions of Sections 204, 212(6), 213(5), 214(5), 304(16), 307(8), and 309(19) of Substitute Senate Bill No. 6241 entitled:

"AN ACT Relating to transportation funding and appropriations."

My reasons for vetoing portions of the above-noted Sections are as follows:

Section 204, page 6, Board of Pilotage Commissioners, Trainee Stipends

Section 204 provides additional appropriation authority to the Board of Pilotage Commissioners for pilot trainee stipends. Appropriation authority was provided in Engrossed Substitute Senate Bill No. 6870, which was enacted by the Legislature and signed into law on March 14, 2006. Leaving Section 204 intact would increase the Board of Pilotage Commissioners' appropriation authority above the intended amount and would exceed the revenue available to the agency. Therefore, I have vetoed Section 204.

Section 212(6), page 18, Department of Licensing - Information Services, Parking Privileges

This proviso funds implementation of Substitute House Bill No. 2389 and stipulates that the appropriation will lapse if the bill is not enacted. Substitute House Bill No. 2389 did not pass the Legislature. Therefore, I have vetoed Section 212(6),

Section 213(5), page 19, Department of Licensing - Vehicle Services, Parking Privileges

This proviso funds implementation of Substitute House Bill No. 2389 and stipulates that the appropriation will lapse if the bill is not enacted. Substitute House Bill No. 2389 did not pass the Legislature. Therefore, I have vetoed Section 213(5).

Section 214(5), pages 20-21, Department of Licensing, Federal Real ID

Section 214(5) directs the Department of Licensing to join in any lawsuit filed by other states seeking funding to implement the provisions of Title II of P. L. 109-13 (improved security for driver's license and personal identification cards (Federal Real ID Act)) whenever the department is legally and ethically permitted to do so. This language is overly prescriptive. I will engage the federal government on this issue when it is prudent and in the best interest of Washington State to do so. But legal action, whether unilateral or in conjunction with other states, will only be undertaken following a rigorous review of the issues and consultation with the State's Attorney General. Therefore, I have vetoed Section 214(5).

Section 304(16), pages 47-48, Department of Transportation - Improvements, SR 520 Plan

Section 304(16) earmarks \$250,000 for the City of Seattle to prepare a State Route 520 expansion impact plan and prohibits the Department of Transportation from beginning construction on the State Route 520 bridge replacement and High Occupancy Vehicle project until agreements have been reached with the City of Seattle. This subsection contradicts Section 304(18), which sets forth the National Environmental Policy Act (NEPA) requirements that the department must designate the preferred alternative, prepare a substantial project mitigation plan, and complete a comprehensive cost estimate. It is incumbent upon the department to follow state and federal environmental laws and not delegate decision making to the City of Seattle. Therefore, I have vetoed Section 304(16).

Section 307(8), page 54, Department of Transportation - Ferries, Auto-Passenger Ferries

Section 307(8) provides funding for auto-passenger ferry vessels using the process identified in Substitute Senate Bill No. 6853, which did not pass the Legislature. While the Legislature considered the ferry vessel procurement process in Substitute Senate Bill No. 6853, it was not its intent to eliminate funding for ferry vessels. Therefore, I have vetoed Section 307(8) with the understanding that the funding remains available to the Department of Transportation for the procurement of ferry vessels.

Section 309(19), pages 61-62, Department of Transportation - Local Programs, RTPOs

Section 309(19) requires regional transportation planning organizations (RTPOs) that receive federal surface transportation program funding to distribute funds based on a prioritized competitive basis rather than by formula. It also prohibits funds from being used for administration. While I strongly support this legislative intent, I believe these changes should be phased in over time in order to avoid disruptions to project programming and deliver. RTPOs are required by federal law to prepare four-year Transportation Improvement Programs. The current transportation improvement program covers calendar years 2006 through 2008. Therefore, I have vetoed Section 309(19).

However, effective with the development of the 2008 Transportation Improvement Programs, I am directing the Department of Transportation to work with RTPOs to ensure that it prioritizes project selections based on regional priorities such as growth management, congestion relief, safety, economic development, or other regional priorities that support state and federal policies. In addition, the department shall retain a full and transparent accounting of all federal surface transportation program funds and their uses.

With the exception of the above-noted portions of Sections 204, 212(6), 213(5), 214(5), 304(16), 307(8), and 309(19), Substitute Senate Bill No. 6241 is approved.

Respectfully submitted,
CHRISTINE O. GREGOIRE, Governor
