(c) \$45,000 of the general fund--state appropriation for fiscal year 2010 and \$45,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for payment to the city of Lakewood for police services provided by the city at western state hospital and adjacent areas.

(d) \$200,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for support of the psychiatric security review panel established pursuant to Senate Bill No. 6610. If Senate Bill No. 6610 is not enacted by June 30, 2010, the amount provided in this subsection shall lapse.

(3) SPECIAL PROJECTS

General Fund--State Appropriation (FY 2010).....	\$1,819,000
General Fund--State Appropriation (FY 2011).....	(\$1,812,000)
	\$2,092,000
General Fund--Federal Appropriation.....	\$2,142,000
TOTAL APPROPRIATION.....	(\$5,773,000)
	\$6,053,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) \$1,511,000 of the general fund--state appropriation for fiscal year 2010 and \$1,511,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for children's evidence based mental health services. Funding is sufficient to continue serving children at the same levels as fiscal year 2009.

(b) \$100,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for consultation, training, and technical assistance to regional support networks on strategies for effective service delivery in very sparsely populated counties.

(c) \$60,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the department to contract with the Washington state institute for public policy for completion of the research reviews to be conducted in accordance with chapter 263, Laws of 2010.

(d) \$60,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the department to contract with the Washington state institute for public policy for completion of the research reviews to be conducted in accordance with section 1,

chapter 280, Laws of 2010.

(e) \$60,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for implementation of sections 2 and 3, chapter 280, Laws of 2010. The department shall use these funds to contract with the Washington state institute for public policy for completion of an assessment of (i) the extent to which the number of persons involuntarily committed for 3, 14, and 90 days is likely to increase as a result of the revised commitment standards; (ii) the availability of community treatment capacity to accommodate that increase; (iii) strategies for cost-effectively leveraging state, local, and private resources to increase community involuntary treatment capacity; and (iv) the extent to which increases in involuntary commitments are likely to be offset by reduced utilization of correctional facilities, publicly-funded medical care, and state psychiatric hospitalizations.

(f) By October 1, 2010, the department shall report to the governor and appropriate committees of the legislature with (i) a report on improving services for children who are at greatest risk of requiring long-term inpatient and residential care due to the severity of their emotional impairments; and (ii) an inventory of current publicly funded efforts in Washington to identify children at risk of emotional impairments and to provide intervention before a mental disorder manifests itself. The report on improving services for children at risk of long-term care shall be developed by the division of behavioral health and recovery services in consultation with treatment specialists, regional support networks, behavioral health provider organizations, and consumer and family representatives. It shall include potential alternatives for services to children at risk of long-term, intensive mental health care and recommend specific proposals regarding program components, delivery system organization, and cost estimates. The proposals may include short and long-term alternatives to reach statewide equity in access to high-intensity services with a primary focus on children who are at risk of out-of-home placement or who are high system utilizers. Evidence-based and research-based practices shall be included as options to the extent that they provide appropriate services for children at risk of long-term, intensive mental health care. The inventory shall include, but is not limited to, activities that focus on prevention rather than solely on clinical or medical treatment and that rely on strategies such as those identified by the national academies' institute of medicine as effective in preventing childhood emotional impairments. The inventory shall be developed by the family policy council in consultation with public health departments, special education experts, managed health care plans, regional support networks, the University of Washington's children's mental health evidence-based practice institute, and behavioral health provider organizations.

The department is authorized and encouraged to continue its contract with the Washington state institute for public policy to provide a longitudinal analysis of long-term mental health outcomes as directed in chapter 334, Laws of 2001 (mental health performance audit); to build upon the evaluation of the impacts of chapter 214, Laws of 1999 (mentally ill offenders); and to assess program outcomes and cost effectiveness of the children's mental health pilot projects as required by chapter 372, Laws of 2006.

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

Sec. 205. 2010 c 3 s 204 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--DEVELOPMENTAL DISABILITIES PROGRAM**

**(1) COMMUNITY SERVICES**

General Fund--State Appropriation (FY 2010).....	<del>(\$311,589,000)</del>
	\$307,348,000
General Fund--State Appropriation (FY 2011).....	<del>(\$366,489,000)</del>
	\$338,299,000
General Fund--Federal Appropriation.....	<del>(\$849,263,000)</del>
	\$902,900,000
TOTAL APPROPRIATION.....	<del>(\$1,527,341,000)</del>
	\$1,548,547,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Individuals receiving services as supplemental security income (SSI) state supplemental payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(b)(i) Amounts appropriated in this section reflect a reduction to funds appropriated for in-home care. The department shall reduce the number of in-home hours authorized. The reduction shall be scaled based on the acuity level of care recipients. The largest hour reductions shall be to lower acuity patients and the smallest hour reductions shall be to higher acuity patients. In doing so, the department shall comply with all maintenance of effort requirements contained in the American reinvestment and recovery act.

(ii) \$508,000 of the general fund--state appropriation for fiscal year 2011 and \$822,000 of the general fund--federal appropriation are provided solely for the department to partially restore the reductions to in-home care that are taken in (b)(i) of this subsection. The department will use the same formula to restore personal care hours that it used to reduce personal care hours.

(c) Amounts appropriated in this section are sufficient to develop and implement the use of a consistent, statewide outcome-based vendor contract for employment and day services by April 1, 2011. The rates paid to vendors under this contract shall also be made consistent. In its description of activities the agency shall include activity listings and dollars appropriated for: Employment services, day services, child development services and county administration of services to the developmentally disabled. The department shall begin reporting to the office of financial management on these activities beginning in fiscal year 2010.

~~(d) (\$5,593,000 of the general fund--state appropriation for fiscal year 2010, \$4,002,000 of the general fund--state appropriation for fiscal year 2011, and \$14,701,000 of the general fund--federal appropriation are provided solely for community residential and support services. Funding in this subsection shall be prioritized for (i) residents of residential habilitation centers who are able to be adequately cared for in community settings and who choose to live in those community settings; (ii) clients without residential services who are at immediate risk of institutionalization or in crisis; (iii) children who are at risk of institutionalization or who are aging out of other state services; and (iv) current home and community-based waiver program clients who have been assessed as having an immediate need for increased services. First priority shall be given to children who are at risk of institutionalization. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed \$300. In order to maximize the number of clients served and ensure the cost effectiveness of the waiver programs, the department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients~~

~~may be served with excess funds, provided the total projected carry forward expenditures do not exceed the amounts estimated. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to placement, and the actual expenditures for all community services to support these clients.~~

~~—(e)(i) \$493,000 of the general fund--state appropriation for fiscal year 2010, \$1,463,000 of the general fund--state appropriation for fiscal year 2011, and \$2,741,000 of the general fund--federal appropriation are provided solely for community services for persons with developmental disabilities who also have community protection issues. Funding in this subsection shall be prioritized for (A) clients being diverted or discharged from the state psychiatric hospitals; (B) clients participating in the dangerous mentally ill offender program; (C) clients participating in the community protection program; and (D) mental health crisis diversion outplacements. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed \$349 per day in fiscal year 2010 and \$356 per day in fiscal year 2011. In order to maximize the number of clients served and ensure the cost effectiveness of the waiver programs, the department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients may be served with excess funds if the total projected carry forward expenditures do not exceed the amounts estimated.~~

~~—(ii) The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to placement, and the actual expenditures for all community services to support these clients.~~

~~—(f)) \$302,000 of the general fund--state appropriation for fiscal year 2010, \$831,000 of the general fund--state appropriation for fiscal year 2011, and \$1,592,000 of the general fund--federal appropriation are provided solely for health care benefits pursuant to a collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270.~~

~~((g)) (e)(i) \$682,000 of the general fund--state appropriation for fiscal year 2010, \$1,651,000 of the general fund--state appropriation for fiscal year 2011, and \$1,678,000 of the general fund--federal appropriation are provided solely for the state's contribution to the training partnership, as provided in RCW 74.39A.360, pursuant to a collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270.~~

(ii) The federal portion of the amounts in this subsection (g) is contingent upon federal approval of participation in contributions to the trust and shall remain unallotted and placed in reserve status until the office of financial management and the department of social and health services receive federal approval.

(iii) Expenditures for the purposes specified in this subsection (g) shall not exceed the amounts provided in this subsection.

~~((h)) (f) Within the amounts appropriated in this subsection (1), the department shall implement all necessary rules to facilitate the transfer to a department home and community-based services (HCBS) waiver of all eligible individuals who (i) currently receive services under the existing state-only employment and day program or the existing state-only residential program, and (ii) otherwise meet the waiver eligibility requirements. The amounts appropriated are sufficient to ensure that all individuals currently receiving services under the state-only employment and day and~~

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

state-only residential programs who are not transferred to a department HCBS waiver will continue to receive services.

~~((i))~~ ~~Adult day health services shall only be authorized for in-home clients.~~

~~((j))~~ ~~(g)~~ In addition to other reductions, the appropriations in this subsection reflect reductions targeted specifically to state government administrative costs. These administrative reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect direct client services or direct service delivery or programs.

~~((h))~~ ~~(h)~~ The department shall not pay a home care agency licensed under chapter 70.127 RCW for personal care services provided by a family member, pursuant to Substitute House Bill No. 2361 (modifying state payments for in-home care).

~~((i))~~ ~~(i)~~ Within the appropriations of this section, the department shall reduce all seventeen payment levels of the seventeen-level payment system from the fiscal year 2009 levels for boarding homes, boarding homes contracted as assisted living, and adult family homes. Excluded from the reductions are exceptional care rate add-ons. The long-term care program may develop add-ons to pay exceptional care rates to adult family homes and boarding homes with specialty contracts to provide support for the following specifically eligible clients:

- (i) Persons with AIDS or HIV-related diseases who might otherwise require nursing home or hospital care;
- (ii) Persons with Alzheimer's disease and related dementia who might otherwise require nursing home care; and
- (iii) Persons with co-occurring mental illness and long-term care needs who are eligible for expanded community services and who might otherwise require state and local psychiatric hospital care.

Within amounts appropriated, exceptional add-on rates for AIDS/HIV, dementia specialty care, and expanded community services may be standardized within each program.

~~((m))~~ ~~(j)~~ The amounts appropriated in this subsection reflect a reduction in funds available for employment and day services. In administering this reduction the department shall negotiate with counties and their vendors so that this reduction, to the greatest extent possible, is achieved by reducing vendor rates and allowable contract administrative charges (overhead) and not through reductions to direct client services or direct service delivery or programs.

~~((n))~~ ~~Within the amounts allotted for employment and day services in this section, the department shall prioritize the funding of employment services for students graduating from high school during fiscal years 2010 and 2011. However, nothing in this subsection is intended to displace services for other recipients of employment services.~~

~~((o))~~ ~~(k)~~ As part of the needs assessment instrument, the department may collect data on family income for minor children with developmental disabilities and all individuals who are receiving state-only funded services. The department may ensure that this information is collected as part of the client assessment process.

(l) \$116,000 of the general fund--state appropriation for fiscal year 2010, \$2,689,000 of the general fund--state appropriation for fiscal year 2011, and \$1,772,000 of the general fund--federal appropriation are provided solely for employment services and required waiver services. Priority consideration for this new funding shall be young adults with developmental disabilities living with their family who need employment opportunities and assistance after high school graduation. Services shall be provided for both waiver and nonwaiver clients. Fifty percent of the general fund appropriation shall be utilized for graduates served on a home and community-based services waiver and fifty percent of the

general fund appropriation shall be used for nonwaiver clients.

(m) The division of developmental disabilities shall not reduce funding for county employment contracts. Funding for this purpose shall be maintained at the amount appropriated for this purpose in chapter 564, Laws of 2009.

(n) The department shall, by September 30, 2010, provide a report to the legislature on the implementation of chapter 571, Laws of 2009 (Substitute House Bill No. 2361). The report shall provide an analysis of the savings and/or costs to the agency associated with the implementation of the bill. Additionally, the report shall provide a full accounting of the relative hourly costs of agency providers and individual providers.

(o) The department shall establish a working group with representatives of the home care industry to identify and eliminate or mitigate administrative burdens. The make-up of this working group shall be limited to:

(i) The state unit on aging chief of the aging and disabilities service administration (ADSA);

(ii) Other ADSA representatives as the state unit on aging chief deems necessary;

(iii) A representative from the department of health facility services licensing;

(iv) No more than seven representatives of the home care industry, to include:

(A) A representative of each of the three home care associations;

(B) A for-profit agency with at least seven area agency on aging contracts;

(C) A nonprofit with at least seven area agency on aging contracts;

(D) An agency that serves persons with developmental disabilities; and

(E) An agency that is a community action program;

(v) No more than two area agency on aging directors; and

(vi) Representatives from each of the two labor unions which represent home care workers.

The department is authorized to assign work group members consistent with this subsection (1)(s). The working group shall hold its first meeting no later than May 1, 2010, and shall meet at least monthly or as needed until the group has accomplished its goals. The work group shall provide a report on its findings to the legislative fiscal committees by January 1, 2011.

(p) The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served in each of the following categories: (i) Residents of residential habilitation centers who are able to be adequately cared for in community settings and who choose to live in those community settings; (ii) clients without residential services who are at immediate risk of institutionalization or in crisis; (iii) children who are at risk of institutionalization or who are aging out of other state services; (iv) current home and community-based waiver program clients who have been assessed as having an immediate need for increased services; (v) clients being diverted or discharged from the state psychiatric hospitals; (vi) clients participating in the dangerous mentally ill offender program; (vii) clients participating in the community protection program; or (viii) mental health crisis diversion outplacements. The department shall strive to serve these clients in the most cost-effective manner.

(q) \$81,000 of the general fund--state appropriation for fiscal year 2010, \$599,000 of the general fund--state appropriation for fiscal year 2011, and \$1,111,000 of the general fund--federal appropriation are provided solely for the department to provide employment and day services for eligible students who are currently on a waiver and will graduate from high school during fiscal years 2010 and 2011.

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

(r) \$100,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for direct support to families of individuals with developmental disabilities to provide instruction in self-advocacy.

(s) \$100,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for direct support of local organizations that utilize parent-to-parent networks and communication to promote access and quality of care for individuals with developmental disabilities and their families.

(t) The automatic award of additional hours of personal care for people with special meal preparation or incontinence needs is eliminated. Authorization of service hours will be based upon the individual's assessed needs.

	\$3,230,810,000

The appropriations in this section are subject to the following conditions and limitations:

(1) For purposes of implementing chapter 74.46 RCW, the weighted average nursing facility payment rate shall not exceed ~~(\$156.37)~~ \$169.85 for fiscal year 2010 and shall not exceed ~~(\$158.74)~~ \$166.24 for fiscal year 2011, including the rate add-on described in subsection (12) of this section. There will be no adjustments for economic trends and conditions in fiscal years 2010 and 2011. The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the component rate allocations established in accordance with chapter 74.46 RCW. When no economic trends and conditions factor for either fiscal year is defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the component rate allocations established in accordance with chapter 74.46 RCW.

(2) After examining actual nursing facility cost information, the legislature finds that the medicaid nursing facility rates calculated pursuant to Substitute House Bill No. 3202 or Substitute Senate Bill No. 6872 (nursing facility medicaid payments) provide sufficient reimbursement to efficient and economically operating nursing facilities and bears a reasonable relationship to costs.

(3) In accordance with chapter 74.46 RCW, the department shall issue no additional certificates of capital authorization for fiscal year 2010 and no new certificates of capital authorization for fiscal year 2011 and shall grant no rate add-ons to payment rates for capital improvements not requiring a certificate of need and a certificate of capital authorization for fiscal year 2011.

~~((3))~~ (4) The long-term care program may develop and pay enhanced rates for exceptional care to nursing homes for persons with traumatic brain injuries who are transitioning from hospital care. The cost per patient day for caring for these clients in a nursing home setting may be equal to or less than the cost of caring for these clients in a hospital setting.

~~((4))~~ (5) Within the appropriations of this section, the department shall reduce all seventeen payment levels of the seventeen-level payment system from the fiscal year 2009 levels for

boarding homes, boarding homes contracted as assisted living, and adult family homes. Excluded from the reductions are exceptional care rate add-ons. The long-term care program may develop add-ons to pay exceptional care rates to adult family homes and boarding homes with specialty contracts to provide support for the following specifically eligible clients:

(a) Persons with AIDS or HIV-related diseases who might otherwise require nursing home or hospital care;

(b) Persons with Alzheimer's disease and related dementia who might otherwise require nursing home care; and

(c) Persons with co-occurring mental illness and long-term care needs who are eligible for expanded community services and who might otherwise require state and local psychiatric hospital care.

Within amounts appropriated, exceptional add-on rates for AIDS/HIV, dementia specialty care, and expanded community services may be standardized within each program.

~~((5))~~ (6)(a) Amounts appropriated in this section reflect a reduction to funds appropriated for in-home care. The department shall reduce the number of in-home hours authorized. The reduction shall be scaled based on the acuity level of care recipients. The largest hour reductions shall be to lower acuity patients and the smallest hour reductions shall be to higher acuity patients. In doing so, the department shall comply with all maintenance of effort requirements contained in the American reinvestment and recovery act.

(b) \$3,070,000 of the general fund--state appropriation for fiscal year 2011 and \$4,980,000 of the general fund--federal appropriation are provided solely for the department to partially restore the reduction to in-home care that are taken in (a) of this subsection. The department will use the same formula to restore personal care hours that it used to reduce personal care hours.

~~((6))~~ (7) \$536,000 of the general fund--state appropriation for fiscal year 2010, \$1,477,000 of the general fund--state appropriation for fiscal year 2011, and \$2,830,000 of the general fund--federal appropriation are provided solely for health care benefits pursuant to a collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270.

~~((7))~~ (8)(a) \$1,212,000 of the general fund--state appropriation for fiscal year 2010, \$2,934,000 of the general fund--state appropriation for fiscal year 2011, and \$2,982,000 of the general fund--federal appropriation are provided solely for the state's contribution to the training partnership, as provided in RCW 74.39A.360, pursuant to a collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270.

(b) \$330,000 of the general fund--state appropriation for fiscal year 2010, \$660,000 of the general fund-state appropriation for fiscal year 2011, and \$810,000 of the general fund--federal appropriation are provided solely for transfer from the department to the training partnership, as provided in RCW 74.39A.360, for infrastructure and instructional costs associated with training of individual providers, pursuant to a collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270.

(c) The federal portion of the amounts in this subsection is contingent upon federal approval of participation in contributions to the trust and shall remain unallotted and placed in reserve status until the office of financial management and the department of social and health services receive federal approval.

(d) Expenditures for the purposes specified in this subsection shall not exceed the amounts provided in this subsection.

~~((8))~~ (9) Within the amounts appropriated in this section, the department may expand the new freedom waiver program to accommodate new waiver recipients throughout the state. As

possible, and in compliance with current state and federal laws, the department shall allow current waiver recipients to transfer to the new freedom waiver.

~~((9))~~ (10) Individuals receiving services as supplemental security income (SSI) state supplemental payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

~~((10) Adult day health services shall only be authorized for in-home clients.)~~

(11) \$3,955,000 of the general fund--state appropriation for fiscal year 2010, \$4,239,000 of the general fund--state appropriation for fiscal year 2011, and \$10,190,000 of the general fund--federal appropriation are provided solely for the continued operation of community residential and support services for persons who are older adults or who have co-occurring medical and behavioral disorders and who have been discharged or diverted from a state psychiatric hospital. These funds shall be used to serve individuals whose treatment needs constitute substantial barriers to community placement, who no longer require active psychiatric treatment at an inpatient hospital level of care, and who no longer meet the criteria for inpatient involuntary commitment. Coordination of these services will be done in partnership between the mental health program and the aging and disability services administration.

(12) Within the funds provided, the department shall continue to provide an add-on per medicaid resident day per facility not to exceed \$1.57. The add-on shall be used to increase wages, benefits, and/or staffing levels for certified nurse aides; or to increase wages and/or benefits for dietary aides, housekeepers, laundry aides, or any other category of worker whose statewide average dollars-per-hour wage was less than \$15 in calendar year 2008, according to cost report data. The add-on may also be used to address resulting wage compression for related job classes immediately affected by wage increases to low-wage workers. The department shall continue reporting requirements and a settlement process to ensure that the funds are spent according to this subsection. The department shall adopt rules to implement the terms of this subsection.

(13) \$1,840,000 of the general fund--state appropriation for fiscal year 2010 and \$1,877,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for operation of the volunteer ~~(enhore)~~ services program. Funding shall be prioritized towards serving populations traditionally served by long-term care services to include senior citizens and persons with disabilities.

(14) In accordance with chapter 74.39 RCW, the department may implement two medicaid waiver programs for persons who do not qualify for such services as categorically needy, subject to federal approval and the following conditions and limitations:

(a) One waiver program shall include coverage of care in community residential facilities. Enrollment in the waiver shall not exceed 600 persons at any time.

(b) The second waiver program shall include coverage of in-home care. Enrollment in this second waiver shall not exceed 200 persons at any time.

(c) The department shall identify the number of medically needy nursing home residents, and enrollment and expenditures on each of the two medically needy waivers, on monthly management reports.

(d) If it is necessary to establish a waiting list for either waiver because the budgeted number of enrollment opportunities has been reached, the department shall track how the long-term care needs of applicants assigned to the waiting list are met.

(15) The department shall establish waiting lists to the extent necessary to assure that annual expenditures on the community options program entry systems (COPES) program do not exceed

TWENTY NINTH DAY, APRIL 12, 2010

appropriated levels. In establishing and managing any such waiting list, the department shall assure priority access to persons with the greatest unmet needs, as determined by department assessment processes.

(16) The department shall contract for housing with service models, such as cluster care, to create efficiencies in service delivery and responsiveness to unscheduled personal care needs by clustering hours for clients that live in close proximity to each other.

(17) The department shall not pay a home care agency licensed under chapter 70.127 RCW for personal care services provided by a family member, pursuant to Substitute House Bill No. 2361 (modifying state payments for in-home care).

(18) (~~(\$204,000)~~ \$209,000 of the general fund--state appropriation for fiscal year 2010, (~~(\$1,099,000)~~ \$781,000 of the general fund--state appropriation for fiscal year 2011, and (~~(\$1,697,000)~~ \$1,293,000 of the general fund--federal appropriation are provided solely to implement Engrossed House Bill No. 2194 (extraordinary medical placement for offenders). The department shall work in partnership with the department of corrections to identify services and find placements for offenders who are released through the extraordinary medical placement program. The department shall collaborate with the department of corrections to identify and track cost savings to the department of corrections, including medical cost savings and to identify and track expenditures incurred by the aging and disability services program for community services and by the medical assistance program for medical expenses. A joint report regarding the identified savings and expenditures shall be provided to the office of financial management and the appropriate fiscal committees of the legislature by November 30, 2010. If this bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(19) (~~(Sufficient funding is provided in this section for the department to implement Engrossed Second Substitute House Bill No. 1935 (adult family homes). During the 2009-11 biennium, the initial licensing fee for an adult family home shall be set at \$900.00. During the 2009-11 biennium, the annual licensing renewal fee shall be set at \$100.00.)~~ In accordance with RCW 18.51.050, 18.20.050, and 43.135.055, the department is authorized to increase nursing facility and boarding home fees in fiscal year 2011 as necessary to meet the actual costs of conducting the licensure, inspection, and regulatory programs.

(a) \$1,035,000 of the general fund--private/local appropriation assumes that the current annual renewal license fee for nursing facilities shall be increased to \$327 per bed beginning in fiscal year 2011.

(b) \$1,806,000 of the general fund--local appropriation assumes that the current annual renewal license fee for boarding homes shall be increased to \$106 per bed beginning in fiscal year 2011.

(20) The department shall, by September 30, 2010, provide a report to the legislature on the implementation of chapter 571, Laws of 2009 (Substitute House Bill No. 2361). The report shall provide an analysis of the savings and/or costs to the agency associated with the implementation of the bill. Additionally, the report shall provide a full accounting of the relative hourly costs of agency providers and individual providers.

(21) The department shall establish a working group with representatives of the home care industry to identify and eliminate or mitigate administrative burdens. The make-up of this working group shall be limited to:

(a) The state unit on aging chief of the aging and disabilities service administration (ADSA);

(b) Other ADSA representatives as the state unit on aging chief deems necessary;

(c) A representative from the department of health facility services licensing;

(d) No more than seven representatives of the home care industry, to include:

(i) A representative of each of the three home care associations;

(ii) A for-profit agency with at least seven area agency on aging contracts;

(iii) A nonprofit with at least seven area agency on aging contracts;

(iv) An agency that serves persons with developmental disabilities; and

(v) An agency that is a community action program;

(e) No more than two area agency on aging directors; and

(f) Representatives from each of the two labor unions which represent home care workers.

The department is authorized to assign work group members consistent with this subsection. The working group shall hold its first meeting no later than May 1, 2010, and shall meet at least monthly or as needed until the group has accomplished its goals. The work group shall provide a report on its findings to the legislative fiscal committees by January 1, 2011.

(22) \$2,566,000 of the traumatic brain injury account--state appropriation is provided solely to continue services for persons with traumatic brain injury (TBI) as defined in RCW 74.31.020 through 74.31.050. The TBI advisory council shall provide a report to the legislature by December 1, 2010, on the effectiveness of the functions overseen by the council and shall provide recommendations on the development of critical services for individuals with traumatic brain injury.

(23) The automatic award of additional hours of personal care for people with special meal preparation or incontinence needs is eliminated. Authorization of service hours will be based upon the individual's assessed needs.

(24) For calendar year 2009, the department shall calculate split settlements covering two periods January 1, 2009, through June 30, 2009, and July 1, 2009, through December 31, 2009. For the second period beginning July 1, 2009, the department may partially or totally waive settlements only in specific cases where a nursing home can demonstrate significant decreases in costs from the first period.

(25) \$72,000 of the traumatic brain injury account appropriation and \$116,000 of the general fund--federal appropriation are provided solely for a direct care rate add-on to any nursing facility specializing in the care of residents with traumatic brain injuries where more than 50 percent of residents are classified with this condition based upon the federal minimum data set assessment.

(26) \$69,000 of the general fund--state appropriation for fiscal year 2010, \$1,289,000 of the general fund--state appropriation for fiscal year 2011, and \$2,050,000 of the general fund--federal appropriation are provided solely for the department to maintain enrollment in the adult day health services program. New enrollments are authorized for up to 1,575 clients or to the extent that appropriated funds are available to cover additional clients.

(27) \$1,000,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the department to contract for the provision of an individual provider referral registry.

(28) \$100,000 of the general fund--state appropriation for fiscal year 2011 and \$100,000 of the general fund--federal appropriation are provided solely for the department to contract with a consultant to evaluate and make recommendations on a pay-for-performance payment subsidy system. The department shall organize one workgroup meeting with the consultant where nursing home stakeholders may provide input on pay-for-performance ideas. The consultant shall review pay-for-performance strategies used in other states to sustain and enhance quality-improvement efforts in nursing facilities. The evaluation shall include a review of the centers for medicare and medicaid services demonstration project to explore

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

the feasibility of pay-for-performance systems in medicare certified nursing facilities. The consultant shall develop a report to include:

(a) Best practices used in other states for pay-for-performance strategies incorporated into medicaid nursing home payment systems;

(b) The relevance of existing research to Washington state;

(c) A summary and review of suggestions for pay-for-performance strategies provided by nursing home stakeholders in Washington state; and

(d) An evaluation of the effectiveness on a variety of performance measures.

(29) \$4,100,000 of the general fund--state appropriation for fiscal year 2010, \$4,174,000 of the general fund--state appropriation for fiscal year 2011, and \$8,124,000 of the general fund--federal appropriation are provided for the operation of the management services division of the aging and disability services administration. This includes but is not limited to the budget, contracts, accounting, decision support, information technology, and rate development activities for programs administered by the aging and disability services administration. Nothing in this subsection is intended to exempt the management services division of the aging and disability services administration from reductions directed by the secretary. However, funds provided in this subsection shall not be transferred elsewhere within the department nor used for any other purpose.

**Sec. 207.** 2010 c 3 s 206 (uncodified) is amended to read as follows:

The appropriations in this section are subject to the following conditions and limitations:

(1) ~~(\$303,196,000)~~ \$303,393,000 of the general fund--state appropriation for fiscal year 2010, ~~(\$309,755,000)~~ \$285,913,000 of the general fund--state appropriation for fiscal year 2011, ~~(\$29,136,000)~~ \$24,336,000 of the administrative contingency account--state appropriation, and \$778,606,000 of the general fund--federal appropriation are provided solely for all components of the WorkFirst program. The department shall use moneys from the administrative contingency account for WorkFirst job placement services provided by the employment security department. Within the amounts provided for the WorkFirst program, the department may provide assistance using state-only funds for families eligible for temporary assistance for needy families. In addition, within the amounts provided for WorkFirst the department shall:

(a) Establish a career services work transition program;

(b) Continue to implement WorkFirst program improvements that are designed to achieve progress against outcome measures specified in RCW 74.08A.410. Outcome data regarding job retention and wage progression shall be reported quarterly to appropriate fiscal and policy committees of the legislature for families who leave assistance, measured after 12 months, 24 months, and 36 months. The department shall also report the

percentage of families who have returned to temporary assistance for needy families after 12 months, 24 months, and 36 months;

(c) Submit a report electronically by October 1, 2009, to the fiscal committees of the legislature containing a spending plan for the WorkFirst program. The plan shall identify how spending levels in the 2009-2011 biennium will be adjusted to stay within available federal grant levels and the appropriated state-fund levels;

(d) Provide quarterly fiscal reports to the office of financial management and the legislative fiscal committees detailing information on the amount expended from general fund--state and general fund--federal by activity;

(e) Maintain the fiscal year 2009 grant standard for the temporary assistance for needy families grant.

(2) The WorkFirst subcabinet, in partnership with the department of social and health services, shall review and prepare a report on services provided and accessed by both general population clients and limited English proficiency clients. The review shall include information on efficiencies and outcomes related to client services for each client population. The report should identify services and expenditures related to client outcomes in fiscal year 2010. The report on these programs and client outcomes shall be reported to the appropriate committees of the legislature no later than December 15, 2010.

(3) The department and the office of financial management shall electronically report quarterly the expenditures, maintenance of effort allotments, expenditure amounts, and caseloads for the WorkFirst program to the legislative fiscal committees.

~~((3))~~ (4) \$16,783,000 of the general fund--state appropriation for fiscal year 2011 and \$62,000,000 of the general fund--federal appropriation are provided solely for all components of the WorkFirst program in order to maintain services to January 2011. The legislature intends to work with the governor to design and implement fiscal and programmatic modifications to provide for the sustainability of the program. The funding in this subsection assumes that no other expenditure reductions will be made prior to January 2011 other than those assumed in the appropriation levels in this act.

(5) ~~(\$84,856,000)~~ \$94,322,000 of the general fund--state appropriation for fiscal year 2010 and ~~(\$95,173,000)~~ \$97,168,000 of the general fund--state appropriation for fiscal year 2011, net of recoveries, are provided solely for cash assistance and other services to recipients in the ~~(general assistance unemployable program)~~ cash program pursuant to chapter 8, Laws of 2010 1st sp. sess. (security lifeline act), including persons in the unemployable, expedited, and aged, blind, and disabled components of the program. It is the intent of the legislature that the lifeline incapacity determination and progressive evaluation process regulations be carefully designed to accurately identify those persons who have been or will be incapacitated for at least ninety days. The incapacity determination and progressive evaluation process regulations in effect on January 1, 2010, cannot be amended until at least September 30, 2010; except that provisions related to the use of administrative review teams may be amended, and obsolete terminology and functional assessment language may be updated on or after July 1, 2010, in a manner that only minimally impacts the outcome of incapacity evaluations. After September 30, 2010, the incapacity determination and progressive evaluation process regulations may be amended only if the reports under (a) and (b) of this subsection have been submitted, and find that expenditures will exceed the appropriated level by three percent or more.

(a) The department and the caseload forecast council shall, by September 21, 2010, submit a report to the legislature based upon the most recent caseload forecast and actual expenditure data available, as to whether expenditures for the lifeline-unemployable grants in fiscal year 2011 will exceed \$69,648,000 for fiscal year

TWENTY NINTH DAY, APRIL 12, 2010

2011 in the 2010 supplemental operating budget by three percent or more. If expenditures will exceed the appropriated amount for lifeline-unemployable grants by three percent or more, the department may adopt regulations modifying incapacity determination and progressive evaluation process regulations after September 30, 2010.

(b) On or before September 21, 2010, the department shall submit a report to the relevant policy and fiscal committees of the legislature that includes the following information regarding any regulations proposed for adoption that would modify the lifeline incapacity determination and progressive evaluation process:

(i) A copy of the proposed changes and a concise description of the changes;

(ii) A description of the persons who would likely be affected by adoption of the regulations, including their impairments, age, education, and work history;

(iii) An estimate of the number of persons who, on a monthly basis through June 2013, would be denied lifeline benefits if the regulations were adopted, expressed as a number, as a percentage of total applicants, and as a percentage of the number of persons granted lifeline benefits in each month;

(iv) An estimate of the number of persons who, on a monthly basis through June 2013, would have their lifeline benefits terminated following an eligibility review if the regulations were adopted, expressed as a number, as a percentage of the number of persons who have had an eligibility review in each month, and as a percentage of the total number of persons currently receiving lifeline-unemployable benefits in each month; and

(v) Intended improvements in employment or treatment outcomes among persons receiving lifeline benefits that could be attributable to the changes in the regulations.

(c) Within these amounts:

((#)) (i) The department shall aggressively pursue opportunities to transfer ((general assistance unemployable)) lifeline clients to general assistance expedited coverage and to facilitate client applications for federal supplemental security income when the client's incapacities indicate that he or she would be likely to meet the federal disability criteria for supplemental security income. The department shall initiate and file the federal supplemental security income interim agreement as quickly as possible in order to maximize the recovery of federal funds;

((#)) (ii) The department shall review the ((general assistance)) lifeline caseload to identify recipients that would benefit from assistance in becoming naturalized citizens, and thus be eligible to receive federal supplemental security income benefits. Those cases shall be given high priority for naturalization funding through the department;

((#)) (iii) The department shall actively coordinate with local workforce development councils to expedite access to worker retraining programs for ((general assistance unemployable)) lifeline clients in those regions of the state with the greatest number of such clients;

((#)) (iv) By July 1, 2009, the department shall enter into an interagency agreement with the department of veterans' affairs to establish a process for referral of veterans who may be eligible for veteran's services. This agreement must include outstationing department of veterans' affairs staff in selected community service office locations in King and Pierce counties to facilitate applications for veterans' services; and

((#)) (v) In addition to any earlier evaluation that may have been conducted, the department shall intensively evaluate those clients who have been receiving ((general assistance unemployable)) lifeline benefits for twelve months or more as of July 1, 2009, or thereafter, if the available medical and incapacity related evidence indicates that the client is unlikely to meet the

2010 1ST SPECIAL SESSION

disability standard for federal supplemental security income benefits. The evaluation shall identify services necessary to eliminate or minimize barriers to employment, including mental health treatment, substance abuse treatment and vocational rehabilitation services. The department shall expedite referrals to chemical dependency treatment, mental health and vocational rehabilitation services for these clients.

((#)) (vi) The appropriations in this subsection reflect a change in the earned income disregard policy for ((general assistance unemployable)) lifeline clients. It is the intent of the legislature that the department shall adopt the temporary assistance for needy families earned income policy for ((general assistance unemployable)) the lifeline program.

((#)) (6) \$750,000 of the general fund--state appropriation for fiscal year 2010 and \$750,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for naturalization services.

((#)) (7)(a) \$3,550,000 of the general fund--state appropriation for fiscal year 2010 is provided solely for refugee employment services, of which \$2,650,000 is provided solely for the department to pass through to statewide refugee assistance organizations for limited English proficiency pathway services; and \$3,550,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for refugee employment services, of which \$2,650,000 is provided solely for the department to pass through to statewide refugee assistance organizations for limited English proficiency pathway services.

(b) The legislature intends that the appropriation in this subsection for the 2009-11 fiscal biennium will maintain funding for refugee programs at a level at least equal to expenditures on these programs in the 2007-09 fiscal biennium.

((#)) (8) The appropriations in this section reflect reductions in the appropriations for the economic services administration's administrative expenses. It is the intent of the legislature that these reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect direct client services or direct service delivery or program.

(9) \$855,000 of the general fund--state appropriation for fiscal year 2011, \$719,000 of the general fund--federal appropriation, and \$2,907,000 of the general fund--private/local appropriation are provided solely for the implementation of the opportunity portal, the food stamp employment and training program, and the disability lifeline program under Second Substitute House Bill No. 2782 (security lifeline act). If the bill is not enacted by June 30, 2010, the amounts provided in this subsection shall lapse.

(10) \$200,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the department to award grants to small mutual assistance or small community-based organizations that contract with the department for immigrant and refugee assistance services. The funds shall be awarded to provide funding for community groups to provide transitional assistance, language skills, and other resources to improve refugees' economic self-sufficiency through the effective use of social services, financial services, and medical assistance.

(11) \$250,000 of the general fund--state appropriation for fiscal year 2010 is provided solely for increased funding for limited English proficiency pathway programs.

The appropriations in this section are subject to the following conditions and limitations:

(1) Within the amounts appropriated in this section, the department may contract with the University of Washington and community-based providers for the provision of the parent-child assistance program. For all contractors, indirect charges for administering the program shall not exceed ten percent of the total contract amount.

(2) Within the amounts appropriated in this section, the department shall continue to provide for chemical dependency treatment services for adult medicaid eligible and general assistance-unemployable patients.

(3) In addition to other reductions, the appropriations in this section reflect reductions targeted specifically to state government administrative costs. These administrative reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect direct client services or direct service delivery or programs.

(4) \$2,247,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the implementation of the lifeline program under Second Substitute House Bill No. 2782 (security lifeline act). If the bill is not enacted by June 30, 2010, the amount provided in this subsection shall lapse.

(5) \$3,500,000 of the general fund--federal appropriation (from the substance abuse prevention and treatment federal block grant) is provided solely for the continued funding of existing county drug and alcohol use prevention programs.

TOTAL APPROPRIATION.....	(((\$8,828,440,000))
	<u>\$9,890,632,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the

medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(2) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(3) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(4) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the department shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(5) In accordance with RCW 74.46.625, \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the department's discretion. During either the interim cost settlement or the final cost settlement, the department shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The department shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(6) \$1,110,000 of the general fund--federal appropriation and \$1,105,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for grants to rural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients, and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(7) \$9,818,000 of the general fund--state appropriation for fiscal year 2011, and \$9,865,000 of the general fund--federal appropriation are provided solely for grants to nonrural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients, and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(8) The department shall continue the inpatient hospital certified public expenditures program for the 2009-11 biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The department shall submit reports to the governor and legislature by November 1, 2009, and by November 1, 2010, that evaluate whether savings continue to

TWENTY NINTH DAY, APRIL 12, 2010

exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the department shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2010 and fiscal year 2011, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2009-11 biennial operating appropriations act (chapter 564, Laws of 2009) and in effect on July 1, 2009, (b) one half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2009-11 biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. \$20,403,000 of the general fund--state appropriation for fiscal year 2010, of which \$6,570,000 (of the general fund--state appropriation for fiscal year 2010, which) is appropriated in section 204(1) of this act, and ((\$1,500,000 of the general fund--state appropriation for fiscal year 2011, which) \$29,480,000 of the general fund--state appropriation for fiscal year 2011, of which \$6,570,000 is appropriated in section 204(1) of this act, are provided solely for state grants for the participating hospitals. ((Sufficient amounts are appropriated in this section for the remaining state grants for the participating hospitals.)) CPE hospitals will receive the inpatient and outpatient reimbursement rate restorations in section 9 and rate increases in section 10(1)(b) of Engrossed Second Substitute House Bill No. 2956 (hospital safety net assessment) funded through the hospital safety net assessment fund rather than through the baseline mechanism specified in this subsection.

(9) The department is authorized to use funds appropriated in this section to purchase goods and supplies through direct contracting with vendors when the department determines it is cost-effective to do so.

(10) \$93,000 of the general fund--state appropriation for fiscal year 2010 and \$93,000 of the general fund--federal appropriation are provided solely for the department to pursue a federal Medicaid

2010 1ST SPECIAL SESSION

waiver pursuant to Second Substitute Senate Bill No. 5945 (Washington health partnership plan). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(11) The department shall require managed health care systems that have contracts with the department to serve medical assistance clients to limit any reimbursements or payments the systems make to providers not employed by or under contract with the systems to no more than the medical assistance rates paid by the department to providers for comparable services rendered to clients in the fee-for-service delivery system.

(12) ~~A maximum of ((\$166,875,000 of the general fund--state appropriation and \$38,389,000 of the general fund--federal)) \$241,141,000 in total funds from the general fund--state, general fund--federal, and tobacco and prevention control account--state appropriations may be expended in the fiscal biennium for the ((general assistance unemployable)) medical program pursuant to chapter 8, Laws of 2010 1st sp. sess. (security lifeline act), and these amounts are provided solely for this program. Of these amounts, \$10,749,000 of the general fund--state appropriation for fiscal year 2010 and \$10,892,000 of the general fund--federal appropriation are provided solely for payments to hospitals for providing outpatient services to low income patients who are recipients of ((general assistance unemployable)) lifeline benefits. Pursuant to RCW 74.09.035, the department shall not expend for the ((general assistance)) lifeline medical care services program any amounts in excess of the amounts provided in this subsection.~~

(13) ~~((If the department determines that it is feasible within the amounts provided in subsection (16) of this section, and without the loss of federal disproportionate share hospital funds, the department shall contract with the carrier currently operating a managed care pilot project for the provision of medical care services to general assistance unemployable clients.)) Mental health services shall be included in the services provided through the managed care system((- If the department determines that it is feasible, effective October 1, 2009, in addition to serving clients in the pilot counties, the carrier shall expand managed care services to clients residing in at least the following counties: Spokane, Yakima, Chelan, Kitsap, and Cowlitz. If the department determines that it is feasible, the carrier shall complete implementation into the remaining counties. Total per person costs to the state, including outpatient and inpatient services and any additional costs due to stop loss agreements, shall not exceed the per capita payments projected for the general assistance unemployable eligibility category, by fiscal year, in the February 2009 medical assistance expenditures forecast)) for lifeline clients under chapter 8, Laws of 2010 1st sp. sess. In transitioning lifeline clients to managed care, the department shall attempt to deliver care to lifeline clients through medical homes in community and migrant health centers. The department, in collaboration with the carrier, shall seek to improve the transition rate of ((general assistance)) lifeline clients to the federal supplemental security income program. The department shall renegotiate the contract with the managed care plan that provides services for lifeline clients to maximize state retention of future hospital savings as a result of improved care coordination. The department, in collaboration with stakeholders, shall propose a new name for the lifeline program.~~

(14) The department shall evaluate the impact of the use of a managed care delivery and financing system on state costs, savings, and outcomes for ((general assistance)) lifeline medical clients. Outcomes measured shall include state costs, utilization, changes in mental health status and symptoms, and involvement in the criminal justice system. Outcomes measured shall also include the total costs or savings resulting from utilization changes due to care management, and how much of those costs or savings accrued to the state and the managed care organization. The department shall

2010 1ST SPECIAL SESSION

provide a report on these outcomes to the relevant policy and fiscal committees of the legislature by November 1, 2010. Monthly encounter data shall be included in the report.

(15) The department shall report to the governor and the fiscal committees of the legislature by June 1, 2010, on its progress toward achieving a twenty percentage point increase in the generic prescription drug utilization rate.

(16) State funds shall not be used by hospitals for advertising purposes.

(17) \$24,356,000 of the general fund--private/local appropriation and \$35,707,000 of the general fund--federal appropriation are provided solely for the implementation of professional services supplemental payment programs. The department shall seek a medicaid state plan amendment to create a professional services supplemental payment program for University of Washington medicine professional providers no later than July 1, 2009. The department shall apply federal rules for identifying the shortfall between current fee-for-service medicaid payments to participating providers and the applicable federal upper payment limit. Participating providers shall be solely responsible for providing the local funds required to obtain federal matching funds. Any incremental costs incurred by the department in the development, implementation, and maintenance of this program will be the responsibility of the participating providers. Participating providers will retain the full amount of supplemental payments provided under this program, net of any potential costs for any related audits or litigation brought against the state. The department shall report to the governor and the legislative fiscal committees on the prospects for expansion of the program to other qualifying providers as soon as feasibility is determined but no later than December 31, 2009. The report will outline estimated impacts on the participating providers, the procedures necessary to comply with federal guidelines, and the administrative resource requirements necessary to implement the program. The department will create a process for expansion of the program to other qualifying providers as soon as it is determined feasible by both the department and providers but no later than June 30, 2010.

(18) ~~(\$9,350,000)~~ \$9,075,000 of the general fund--state appropriation for fiscal year 2010, ~~(\$8,313,000)~~ \$8,588,000 of the general fund--state appropriation for fiscal year 2011, and ~~(\$20,371,000)~~ \$39,747,000 of the general fund--federal appropriation are provided solely for development and implementation of a replacement system for the existing medicaid management information system. The amounts provided in this subsection are conditioned on the department satisfying the requirements of section 902 of this act.

(19) \$506,000 of the general fund--state appropriation for fiscal year 2011 and \$657,000 of the general fund--federal appropriation are provided solely for the implementation of Second Substitute House Bill No. 1373 (children's mental health). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(20) Pursuant to 42 U.S.C. Sec. 1396(a)(25), the department shall pursue insurance claims on behalf of medicaid children served through its in-home medically intensive child program under WAC 388-551-3000. The department shall report to the Legislature by December 31, 2009, on the results of its efforts to recover such claims.

(21) The department may, on a case-by-case basis and in the best interests of the child, set payment rates for medically intensive home care services to promote access to home care as an alternative to hospitalization. Expenditures related to these increased payments shall not exceed the amount the department would otherwise pay for hospitalization for the child receiving medically intensive home care services.

(22) \$425,000 of the general fund--state appropriation for fiscal year 2010, ~~(\$425,000 of the general fund--state appropriation for fiscal year 2011,)~~ and ~~(\$1,580,000)~~ \$790,000 of the general fund--federal appropriation are provided solely to continue children's health coverage outreach and education efforts under RCW 74.09.470. These efforts shall rely on existing relationships and systems developed with local public health agencies, health care providers, public schools, the women, infants, and children program, the early childhood education and assistance program, child care providers, newborn visiting nurses, and other community-based organizations. The department shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

(23) The department, in conjunction with the office of financial management, shall ~~((reduce outpatient and inpatient hospital rates and))~~ implement a prorated inpatient payment policy. ~~((In determining the level of reductions needed, the department shall include in its calculations services paid under fee for service, managed care, and certified public expenditure payment methods; but reductions shall not apply to payments for psychiatric inpatient services or payments to critical access hospitals.))~~

(24) The department will pursue a competitive procurement process for antihemophilic products, emphasizing evidence-based medicine and protection of patient access without significant disruption in treatment.

(25) The department will pursue several strategies towards reducing pharmacy expenditures including but not limited to increasing generic prescription drug utilization by 20 percentage points and promoting increased utilization of the existing mail-order pharmacy program.

(26) The department shall reduce reimbursement for over-the-counter medications while maintaining reimbursement for those over-the-counter medications that can replace more costly prescription medications.

(27) The department shall seek public-private partnerships and federal funds that are or may become available to implement health information technology projects under the federal American recovery and reinvestment act of 2009.

(28) The department shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race.

(29) \$260,036,000 of the hospital safety net assessment fund--state appropriation and \$255,448,000 of the general fund--federal appropriation are provided solely for the implementation of Engrossed Second Substitute House Bill No. 2956 (hospital safety net assessment). If the bill is not enacted by June 30, 2010, the amounts provided in this subsection shall lapse.

(30) \$79,000 of the general fund--state appropriation for fiscal year 2010 and \$53,000 of the general fund--federal appropriation are provided solely to implement Substitute House Bill No. 1845 (medical support obligations).

~~(((30)))~~ (31) \$63,000 of the general fund--state appropriation for fiscal year 2010, \$583,000 of the general fund--state appropriation for fiscal year 2011, and \$864,000 of the general fund--federal appropriation are provided solely to implement Engrossed House Bill No. 2194 (extraordinary medical placement for offenders). The department shall work in partnership with the department of corrections to identify services and find placements for offenders who are released through the extraordinary medical placement

TWENTY NINTH DAY, APRIL 12, 2010

program. The department shall collaborate with the department of corrections to identify and track cost savings to the department of corrections, including medical cost savings, and to identify and track expenditures incurred by the aging and disability services program for community services and by the medical assistance program for medical expenses. A joint report regarding the identified savings and expenditures shall be provided to the office of financial management and the appropriate fiscal committees of the legislature by November 30, 2010. If this bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

~~((34))~~ (32) \$73,000 of the general fund--state appropriation for fiscal year 2011 and \$50,000 of the general fund--federal appropriation is provided solely for supplemental services that will be provided to offenders in lieu of a prison sentence pursuant to chapter 224, Laws of 2010 (Substitute Senate Bill No. 6639).

(33) Sufficient amounts are provided in this section to provide full benefit dual eligible beneficiaries with medicare part D prescription drug copayment coverage in accordance with RCW 74.09.520.

(34) In addition to other reductions, the appropriations in this section reflect reductions targeted specifically to state government administrative costs. These administrative reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect providers, direct client services, or direct service delivery or programs.

(35) The department shall contract with an organization that provides medication therapy management services to increase the use of lower cost alternative medications, improve patient compliance with prescribed regimens, reduce harmful side effects from medication, and ensure that medications achieve their desired therapeutic results. The department shall not contract for these services unless the contractor guarantees that the services will generate savings, as measured by the department's actual experience after implementation, that are greater than the cost of the contracted services.

(36) \$331,000 of the general fund--state appropriation for fiscal year 2010, \$331,000 of the general fund--state appropriation for fiscal year 2011, and \$1,228,000 of the general fund--federal appropriation are provided solely for the department to support the activities of the Washington poison center. The department shall seek federal authority to receive matching funds from the federal government through the children's health insurance program.

(37) \$528,000 of the general fund--state appropriation and \$2,955,000 of the general fund--federal appropriation are provided solely for the implementation of the lifeline program under chapter 8, Laws of 2010 1st sp. sess. (security lifeline act).

(38) If the cost of a brand name drug, after receiving discounted prices and rebates, is less than the cost of the generic version of the drug for the medical assistance program, the brand name drug shall be purchased.

(39) The department shall propose a new medicaid prescription drug pricing benchmark to replace the average wholesale price (AWP), and report on the transition plan, the potential impact on stakeholders, and impact on state expenditures for the 2011-13 biennium to the governor and the fiscal committees of the legislature by November 1, 2010. This effort will include collaboration with stakeholders and be consistent with the recommendations of the American medicaid pharmacy administrators association and the national association of medicaid directors working group on post-AWP pricing and reimbursement.

(40) Sufficient amounts are provided in this section to provide medicaid school-based medical services.

(41) The department shall pursue all opportunities to maximize discounted drug pricing through the 340B drug pricing program in section 340B of the public health service act. The department shall

report its findings to the governor and the fiscal committees of the legislature by December 1, 2010.

(42) The department shall develop a transition plan from a fee-for-service delivery system to a managed care delivery system for aged, blind, and disabled clients eligible for medical assistance coverage by June 1, 2011.

(43) Reductions in dental services are to be achieved by focusing on the fastest growing areas of dental care. Reductions in preventative care, particularly for children, will be avoided to the extent possible.

(44) The department shall develop the capability to implement apple health for kids express lane eligibility enrollments for children receiving basic food assistance by June 30, 2011.

(45)(a) The department, in coordination with the health care authority, shall actively continue to negotiate a medicaid section 1115 waiver with the federal centers for medicare and medicaid services that would provide federal matching funds for services provided to persons enrolled in the basic health plan under chapter 70.47 RCW and the medical care services program under RCW 74.09.035.

(b) If the waiver in (a) of this subsection is granted, the department and the health care authority may implement the waiver if it allows the program to remain within appropriated levels, after providing notice of its terms and conditions to the relevant policy and fiscal committees of the legislature in writing thirty days prior to the planned implementation date of the waiver.

(46) \$704,000 of the general fund--state appropriation for fiscal year 2010, \$812,000 of the general fund--state appropriation for fiscal year 2011, and \$1,516,000 of the general fund--federal appropriation are provided solely for maintaining employer-sponsored insurance program staff, coordination of benefits unit staff, the payment integrity audit team, and family planning nursing.

(47) For healthy options managed care rates established on or after July 1, 2010, the department shall pay health plans operating in the same county the same base capitation rates for that county, with plan-specific adjustments related to risk characteristics of the plan's members including age, gender, and diagnostic-based risk adjustments, such as chronic disability payment system risk scores. The department shall provide preliminary rates for the upcoming fiscal year to all the healthy options plans and the fiscal committees of the legislature by September 30, 2010.

(48) Every effort shall be made to maintain current employment levels and achieve administrative savings through vacancies and employee attrition. Efficiencies shall be implemented as soon as possible in order to minimize actual reduction in force. The department shall implement a management strategy that minimizes disruption of service and negative impacts on employees.

The appropriations in this section are subject to the following conditions and limitations: In addition to other reductions, the appropriations in this section reflect reductions targeted specifically to state government administrative costs. These administrative reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect direct client services or direct service delivery or programs.

(1) ((~~\$150,000~~)) \$333,000 of the general fund--state appropriation for fiscal year 2010 and ((~~\$150,000~~)) \$300,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the Washington state mentors program to continue its public-private partnerships to provide technical assistance and training to mentoring programs that serve at-risk youth.

(2) \$445,000 of the general fund--state appropriation for fiscal year 2010 and \$445,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for funding of the teamchild project through the governor's juvenile justice advisory committee.

(3) \$178,000 of the general fund--state appropriation for fiscal year 2010 and \$178,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the juvenile detention alternatives initiative.

(4) Amounts appropriated in this section reflect a reduction to the family policy council. The family policy council shall reevaluate staffing levels and administrative costs to ensure to the extent possible a maximum ratio of grant moneys provided and administrative costs.

(5) Amounts appropriated in this section reflect a reduction to the council on children and families. The council on children and families shall reevaluate staffing levels and administrative costs to ensure to the extent possible a maximum ratio of grant moneys provided and administrative costs.

(6) The department shall not reduce funding to the governor's juvenile justice advisory committee from the amounts appropriated for this purpose in chapter 564, Laws of 2009.

(7) \$25,000 of the general fund--state appropriation for fiscal year 2010 is provided for the department, in collaboration with the department of health and the health care authority, to report to the fiscal committees of the legislature by November 1, 2010, on estimates of the full costs and savings to all state-purchased health care from the inclusion of coverage for the diagnosis and treatment of autism spectrum disorders for individuals less than twenty-one years of age. Autism spectrum disorders are defined to mean any of the pervasive developmental disorders defined by the most recent edition of the diagnostic and statistical manual of mental disorders. Coverage must include all medically necessary care which is defined to include any care, treatment, intervention, service, or item that is prescribed, provided, or ordered by a licensed physician or licensed psychologist. Treatment of autism spectrum disorders includes the following care prescribed, ordered, or provided for an individual diagnosed with one of the autism spectrum disorders by a licensed physician or licensed psychologist who determines the care to be medically necessary: (a) Habilitative or rehabilitative care; (b) pharmacy care, except when plans do not offer any pharmacy benefits; (c) psychiatric care; and (d) psychological care. The estimates should fully consider all potential offsets to currently funded care and services and should consider including the coverage of the diagnosis and treatment of autism spectrum disorders within the currently mandated provision of mental health benefits.

**Sec. 213.** 2009 c 564 s 213 (uncodified) is amended to read as follows:

The appropriations in this section are subject to the following conditions and limitations:

(1) Within amounts appropriated in this section and sections 205 and 206 of this act, the health care authority shall continue to provide an enhanced basic health plan subsidy for foster parents licensed under chapter 74.15 RCW and workers in state-funded home care programs. Under this enhanced subsidy option, foster parents eligible to participate in the basic health plan as subsidized enrollees and home care workers with family incomes below 200

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

percent of the federal poverty level shall be allowed to enroll in the basic health plan at the minimum premium amount charged to enrollees with incomes below sixty-five percent of the federal poverty level.

(2) The health care authority shall require organizations and individuals that are paid to deliver basic health plan services and that choose to sponsor enrollment in the subsidized basic health plan to pay 133 percent of the premium amount which would otherwise be due from the sponsored enrollees.

(3) The administrator shall take at least the following actions to assure that persons participating in the basic health plan are eligible for the level of assistance they receive: (a) Require submission of (i) income tax returns, and recent pay history, from all applicants, or (ii) other verifiable evidence of earned and unearned income from those persons not required to file income tax returns; (b) check employment security payroll records at least once every twelve months on all enrollees; (c) require enrollees whose income as indicated by payroll records exceeds that upon which their subsidy is based to document their current income as a condition of continued eligibility; (d) require enrollees for whom employment security payroll records cannot be obtained to document their current income at least once every six months; (e) not reduce gross family income for self-employed persons by noncash-flow expenses such as, but not limited to, depreciation, amortization, and home office deductions, as defined by the United States internal revenue service; and (f) pursue repayment and civil penalties from persons who have received excessive subsidies, as provided in RCW 70.47.060(9).

(4)(a) In order to maximize the funding appropriated for the basic health plan, the health care authority is directed to make modifications that will reduce the total number of subsidized enrollees to approximately 65,000 by January 1, 2010. In addition to the reduced enrollment, other modifications may include changes in enrollee premium obligations, changes in benefits, enrollee cost-sharing, and termination of the enrollment of individuals concurrently enrolled in a medical assistance program as provided in Substitute House Bill No. 2341.

(b) The health care authority shall coordinate with the department of social and health services to negotiate a medicaid section 1115 waiver with the federal centers for medicare and medicaid services that would provide matching funds for services provided to persons enrolled in the basic health plan under chapter 70.47 RCW.

(c) If the waiver in (b) of this subsection is granted, the health care authority may implement the waiver if it allows the program to remain within appropriated levels, after providing notice of its terms and conditions to the relevant policy and fiscal committees of the legislature in writing thirty days prior to the planned implementation date of the waiver.

(5) \$250,000 of the general fund--state appropriation for fiscal year 2010 and \$250,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the implementation of Substitute Senate Bill No. 5360 (community collaboratives). If the bill is not enacted by June 30, 2009, the amounts provided in this section shall lapse.

(6) The ~~((department))~~ authority shall seek public-private partnerships and federal funds that are or may become available to implement health information technology projects under the federal American recovery and reinvestment act of 2009.

(7)(a) \$2,495,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the authority for grants to two pilot projects, one each based in Spokane and Whatcom counties, to provide a full continuum of health care services to low-income adults. The pilot project in Spokane county shall aim for an enrollment of five hundred individuals and the pilot project in Whatcom county shall aim for an enrollment of one thousand

individuals. All individuals enrolled in the pilot projects shall meet the criteria in (b) of this subsection. Grantees must demonstrate experience in working with an established network of health care providers in the county capable of providing continuity of health care services that may include a primary care medical home and catastrophic insurance coverage, to low-income adults. Expectations of grantees will include: Coordinating public, private, and volunteer efforts within the county to maximize participation within the grant funds available; and providing continuity of care to participants that promotes improved health outcomes as determined by the health care authority. Grantees will submit reports as directed by the health care authority.

(b) In order to participate in a pilot, eligible low-income adults must have an income at or below two hundred percent of the federal poverty level; reside in the county where the project is based; be on the basic health waiting list at the time of application to participate; have no other health insurance coverage; and not be eligible for full-scope medical assistance programs, federal medicare programs, or health insurance through their employer. Grantees may require participants to meet other criteria, such as qualifying for health insurance coverage and paying premiums or other costs in order to participate in the pilot.

(c) The authority, in collaboration with the grantees of the pilots in (a) of this subsection, shall seek any federal funds that may be available with the enactment of federal health care reform.

(8) In the event that the authority markets a nonsubsidized version of the basic health plan, the authority must also provide information on other health care coverage options to potential clients.

(9) \$20,000 of the general fund--state appropriation for fiscal year 2010 and \$63,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the implementation of chapter 220, Laws of 2010 (accountable care organizations).

The appropriations in this section are subject to the following conditions and limitations:

(1) ~~(\$1,874,000 of the general fund--state appropriation for fiscal year 2010 and \$1,922,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for 10 additional basic law enforcement academies in fiscal year 2010 and 10 additional basic law enforcement academies in fiscal year 2011.~~

~~(2))~~ (2) \$1,191,000 of the general fund--state appropriation for fiscal year 2010 and \$1,191,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the Washington association of sheriffs and police chiefs to continue to develop, maintain, and operate the jail booking and reporting system (JBRS) and the statewide automated victim information and notification system (SAVIN).

~~((3))~~ (2) \$5,000,000 of the general fund--state appropriation for fiscal year 2010 and \$5,000,000 of the general fund--state appropriation for fiscal year 2011, are provided to the Washington association of sheriffs and police chiefs solely to verify the address and residency of registered sex offenders and kidnapping offenders under RCW 9A.44.130. The Washington association of sheriffs and police chiefs shall:

(a) Enter into performance-based agreements with units of local government to ensure that registered offender address and residency are verified:

- (i) For level I offenders, every twelve months;
- (ii) For level II offenders, every six months; and
- (iii) For level III offenders, every three months.

For the purposes of this subsection, unclassified offenders and kidnapping offenders shall be considered at risk level I unless in the opinion of the local jurisdiction a higher classification is in the interest of public safety.

(b) Collect performance data from all participating jurisdictions sufficient to evaluate the efficiency and effectiveness of the address and residency verification program; and

(c) Submit a report on the effectiveness of the address and residency verification program to the governor and the appropriate committees of the house of representatives and senate by December 31, each year.

The Washington association of sheriffs and police chiefs may retain up to three percent of the amount provided in this subsection for the cost of administration. Any funds not disbursed for address and residency verification or retained for administration may be allocated to local prosecutors for the prosecution costs associated with failing-to-register offenses.

~~((4))~~ (3) \$30,000 of the general fund--state appropriation for fiscal year 2010 is provided solely for the implementation of Second Substitute House Bill No. 2078 (persons with developmental disabilities in correctional facilities or jails). If the bill is not enacted by June 30, 2009, the amount provided in this subsection shall lapse.

(4) \$171,000 of the general fund--local appropriation is provided solely to purchase ammunition for the basic law enforcement academy. Jurisdictions with one hundred or more full-time commissioned officers shall reimburse to the criminal justice training commission the costs of ammunition, based on the average cost of ammunition per cadet, for cadets that they enroll in the basic law enforcement academy.

(5) The criminal justice training commission may not run a

basic law enforcement academy class of fewer than 30 students.  
(6) \$1,500,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for continuing the enforcement of illegal drug laws in the rural pilot project enforcement areas as set forth in chapter 339, Laws of 2006.

The appropriations in this section are subject to the following conditions and limitations:

(1) Pursuant to RCW 43.135.055, the department is authorized to increase fees related to factory assembled structures, contractor registration, electricians, plumbers, asbestos removal, boilers, elevators, and manufactured home installers. These increases are necessary to support expenditures authorized in this section, consistent with chapters 43.22, 18.27, 19.28, and 18.106 RCW, RCW 49.26.130, and chapters 70.79, 70.87, and 43.22A RCW.

(2) \$424,000 of the accident account--state appropriation and \$76,000 of the medical aid account--state appropriation are provided solely for implementation of a community agricultural worker safety grant at the department of agriculture. The department shall enter into an interagency agreement with the department of agriculture to implement the grant.

(3) \$4,850,000 of the medical aid account--state appropriation is provided solely to continue the program of safety and health as authorized by RCW 49.17.210 to be administered under rules adopted pursuant to chapter 34.05 RCW, provided that projects funded involve workplaces insured by the medical aid fund, and that priority is given to projects fostering accident prevention through

cooperation between employers and employees or their representatives.

(4) \$150,000 of the medical aid account--state appropriation is provided solely for the department to contract with one or more independent experts to evaluate and recommend improvements to the rating plan under chapter 51.18 RCW, including analyzing how risks are pooled, the effect of including worker premium contributions in adjustment calculations, incentives for accident and illness prevention, return-to-work practices, and other sound risk-management strategies that are consistent with recognized insurance principles.

(5) The department shall continue to conduct utilization reviews of physical and occupational therapy cases at the 24th visit. The department shall continue to report performance measures and targets for these reviews on the agency web site. The reports are due September 30th for the prior fiscal year and must include the amount spent and the estimated savings per fiscal year.

(6) The appropriations in this section reflect reductions in the appropriations for the department of labor and industries' administrative expenses. It is the intent of the legislature that these reductions shall be achieved, to the greatest extent possible, by reducing administrative costs only.

(7) \$500,000 of the accident account--state appropriation is provided solely for the department to contract with one or more independent experts to oversee and assist the department's implementation of improvements to the rating plan under chapter 51.18 RCW, in collaboration with the department and with the department's work group of retrospective rating and workers' compensation stakeholders. The independent experts will validate the impact of recommended changes on retrospective rating participants and nonparticipants, confirm implementation technology changes, and provide other implementation assistance as determined by the department.

(8) \$194,000 of the accident account--state appropriation and \$192,000 of the medical aid account--state appropriation are provided solely for implementation of Senate Bill No. 5346 (health care administrative procedures). ~~((If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.))~~

(9) \$131,000 of the accident account--state appropriation and \$128,000 of the medical aid account--state appropriation are provided solely for implementation of Senate Bill No. 5613 (stop work orders). ~~((If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.))~~

(10) \$68,000 of the accident account--state appropriation and \$68,000 of the medical aid account--state appropriation are provided solely for implementation of Senate Bill No. 5688 (registered domestic partners). ~~((If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.))~~

(11) \$320,000 of the accident account--state appropriation and \$147,000 of the medical aid account--state appropriation are provided solely for implementation of Senate Bill No. 5873 (apprenticeship utilization). ~~((If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.))~~

~~(15))~~ (12) \$73,000 of the general fund--state appropriation for fiscal year 2010, \$66,000 of the general fund--state appropriation for fiscal year 2011, \$606,000 of the accident account--state appropriation, and \$600,000 of the medical aid account--state appropriation are provided solely for the implementation of House Bill No. 1555 (underground economy). ~~((If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.))~~

~~(16))~~ (13) \$574,000 of the accident account--state appropriation and \$579,000 of the medical account--state appropriation are provided solely for the implementation of House Bill No. 1402 (industrial insurance appeals). ~~((If the bill is not~~

~~enacted by June 30, 2009, the amounts provided in this subsection shall lapse.))~~

(14) Within statutory guidelines, the boiler program shall explore opportunities to increase program efficiency. Strategies may include the consolidation of routine multiple inspections to the same site and trip planning to ensure the least number of miles traveled.

(15) \$16,000 of the general fund--state appropriation for fiscal year 2010 and \$50,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the crime victims compensation program to pay claims for mental health services for crime victim compensation program clients who have an established relationship with a mental health provider and subsequently obtain coverage under the medicaid program or the medical care services program under chapter 74.09 RCW. Prior to making such payment, the program must have determined that payment for the specific treatment or provider is not available under the medicaid or medical care services program. In addition, the program shall make efforts to contact any healthy options or medical care services health plan in which the client may be enrolled to help the client obtain authorization to pay the claim on an out-of-network basis.

(16) \$48,000 of the accident account--state appropriation and \$48,000 of the medical aid account--state appropriation are provided solely for the implementation of Substitute House Bill No. 2789 (issuance of subpoenas for purposes of agency investigations of underground economic activity). If the bill is not enacted by June 30, 2010, the amount provided in this subsection shall lapse.

(17) \$71,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for implementation of Senate Bill No. 6349 (farm internship program). If the bill is not enacted by June 30, 2010, the amount provided in this subsection shall lapse.

(18) \$127,000 of the general fund--state appropriation for fiscal year 2010 and \$133,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the department to provide benefits in excess of the cap established by sections 1 and 2, chapter 122, Laws of 2010. These benefits shall be paid for claimants who were determined eligible for and who were receiving crime victims' compensation benefits because they were determined to be permanently and totally disabled, as defined by RCW 51.08.160, prior to April 1, 2010. The director shall establish, by May 1, 2010, a process to aid crime victims' compensation recipients in identifying and applying for appropriate alternative benefit programs.

(19) \$155,000 of the public works administration account--state appropriation is provided solely for the implementation of Engrossed House Bill No. 2805 (offsite prefabricated items). If the bill is not enacted by June 30, 2010, the amount provided in this subsection shall lapse.

\$1,088,763,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The department of health shall not initiate any services that will require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department of health and the state board of health shall not implement any new or amended rules pertaining to primary and secondary school facilities until the rules and a final cost estimate have been presented to the legislature, and the legislature has formally funded implementation of the rules through the omnibus appropriations act or by statute. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of

TWENTY NINTH DAY, APRIL 12, 2010

state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation that provides appropriation authority, and an equal amount of appropriated state moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(2) In accordance with RCW 43.70.250 and 43.135.055, the department is authorized to establish and raise fees in fiscal year 2011 as necessary to meet the actual costs of conducting business and the appropriation levels in this section. This authorization applies to fees for the review of sewage tank designs, fees related to regulation and inspection of farmworker housing, and fees associated with the following professions: Acupuncture, dental, dentist, mental health counselor, nursing, nursing assistant, optometry, radiologic technologist, recreational therapy, respiratory therapy, social worker, cardiovascular invasive specialist, and practitioners authorized under chapter 18.240 RCW.

(3) Pursuant to RCW 43.135.055 and RCW 43.70.250, the department is authorized to establish fees by the amount necessary to fully support the cost of activities related to the administration of long-term care worker certification. The department is further authorized to increase fees by the amount necessary to implement the regulatory requirements of the following bills: House Bill No. 1414 (health care assistants), House Bill No. 1740 (dental residency licenses), and House Bill No. 1899 (retired active physician licenses).

(4) \$764,000 of the health professions account--state appropriation is provided solely for the medical quality assurance commission to maintain disciplinary staff and associated costs sufficient to reduce the backlog of disciplinary cases and to continue to manage the disciplinary caseload of the commission.

(5) \$57,000 of the general fund--state appropriation for fiscal year 2010 and \$58,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the midwifery licensure and regulatory program to offset a reduction in revenue from fees. ~~(There shall be no change to the current annual fees for new or renewed licenses for the midwifery program.)~~ The department shall convene the midwifery advisory committee on a quarterly basis to address issues related to licensed midwifery. The appropriations in this section assume that the current application and renewal fee for midwives shall be increased by fifty dollars and all other fees for midwives be adjusted accordingly.

(6) Funding for the human papillomavirus vaccine shall not be included in the department's universal vaccine purchase program in fiscal year 2010. Remaining funds for the universal vaccine purchase program shall be used to continue the purchase of all other vaccines included in the program until May 1, 2010, ~~(or until state funds are exhausted.)~~ at which point state funding for the universal vaccine purchase program shall be discontinued. ~~(Funds from section 317 of the federal public health services act direct assistance shall not be used in lieu of state funds.~~

(7) Beginning July 1, 2010, the department, in collaboration with the department of social and health services, shall maximize the use of existing federal funds, including section 317 of the federal public health services act direct assistance as well as federal funds that may become available under the American recovery and reinvestment act, in order to continue to provide immunizations for low-income, nonmedicaid eligible children up to three hundred percent of the federal poverty level in state-sponsored health programs.

~~(7))~~ (8) The department shall eliminate outreach activities for the health care directives registry and use the remaining amounts to maintain the contract for the registry and minimal staffing necessary to administer the basic entry functions for the registry.

~~(8))~~ (9) Funding in this section reflects a temporary reduction of resources for the 2009-11 fiscal biennium for the state board of health to conduct health impact reviews.

~~(9))~~ (10) Pursuant to RCW 43.135.055 and 43.70.125, the department is authorized to adopt rules to establish a fee schedule to apply to applicants for initial certification surveys of health care facilities for purposes of receiving federal health care program reimbursement. The fees shall only apply when the department has determined that federal funding is not sufficient to compensate the department for the cost of conducting initial certification surveys. The fees for initial certification surveys may be established as follows: Up to \$1,815 for ambulatory surgery centers, up to \$2,015 for critical access hospitals, up to \$980 for end stage renal disease facilities, up to \$2,285 for home health agencies, up to \$2,285 for hospice agencies, up to \$2,285 for hospitals, up to \$520 for rehabilitation facilities, up to \$690 for rural health clinics, and up to \$7,000 for transplant hospitals.

~~(10))~~ (11) Funding for family planning grants for fiscal year 2011 is reduced in the expectation that federal funding shall become available to expand coverage of services for individuals through programs at the department of social and health services. In the event that such funding is not provided, the legislature intends to continue funding through a supplemental appropriation at fiscal year 2010 levels. \$4,500,000 of the general fund--state appropriation is provided solely for the department of health-funded family planning clinic grants due to federal funding not becoming available.

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

(20) Subject to existing resources, the department of health is encouraged to examine, in the ordinary course of business, current and prospective programs, treatments, education, and awareness of cardiovascular disease that are needed for a thriving and healthy Washington.

(21) \$400,500 from the health professions account is appropriated to fund nursing commission programs related to discipline, impaired practitioner programs, and expedited credentialing. Funding comes from a reduction in the \$20 fees that nurses pay for access to University of Washington library resources.

(22) \$390,000 of the health professions account--state appropriation is provided solely to implement chapter 169, Laws of 2010 (nursing assistants). The amount provided in this subsection is from fee revenue authorized by Engrossed Substitute Senate Bill No. 6582.

(23) \$10,000 of the health professions account--state appropriation for fiscal year 2010 and \$40,000 of the health professions account--state appropriation for fiscal year 2011 are provided solely for the department to study cost effective options for collecting demographic data related to the health care professions workforce to be submitted to the legislature by December 1, 2010.

(24) \$66,000 of the health professions account--state appropriation is provided solely to implement chapter 209, Laws of 2010 (pain management).

(25) \$10,000 of the health professions account--state appropriation is provided solely to implement chapter 92, Laws of 2010 (cardiovascular invasive specialists).

(26) \$23,000 of the general fund--state appropriation is provided solely to implement chapter 182, Laws of 2010 (tracking ephedrine, etc.).

(27) The department is authorized to coordinate a tobacco cessation media campaign using all appropriate media with the purpose of maximizing the use of quit-line services and youth smoking prevention.

(28) For all contracts for smoking cessation and awareness services agreed to after the effective date of this section, at least ten percent of the value of that contract shall be dedicated to supporting smoking cessation and prevention programs for underserved and hard to reach populations, including populations with smoking rates higher than the state average.

(29) It is the intent of the legislature that the reductions in appropriations to the AIDS/HIV programs shall be achieved, to the greatest extent possible, by reducing those state government administrative costs that do not affect direct client services or direct service delivery or programs. The agency shall, to the greatest extent possible, reduce spending in those areas that shall have the least impact on implementing these programs.

(30) \$400,000 of the state toxics control account--state appropriation is provided solely for granting to a willing local public entity to provide emergency water supplies or water treatment for households with individuals at high public health risk from nitrate-contaminated wells in the lower Yakima basin.

(31) \$100,000 of the state toxics control account--state appropriation is provided solely for an interagency contract to the department of ecology to grant to agencies involved in improving groundwater quality in the lower Yakima Valley. These agencies will develop a local plan for improving water quality and reducing nitrate contamination. The department of ecology will report to the appropriate committees of the legislature and to the office of financial management no later than December 1, 2010, summarizing progress towards developing and implementing this plan.

NEW SECTION. Sec. 222. A new section is added to 2009 c 564 (uncodified) to read as follows:

**FOR THE DEPARTMENT OF CORRECTIONS.** The appropriations to the department of corrections in this act shall be expended for the programs and in the amounts specified herein. However, after May 1, 2010, after approval by the director of financial management and unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2010 between programs. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds and not federal funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any deviations from appropriation levels. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

**Sec. 223.** 2010 c 3 s 215 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF CORRECTIONS**

**(1) ADMINISTRATION AND SUPPORT SERVICES**

General Fund--State Appropriation (FY 2010).....	(\$55,622,000))
	\$55,772,000
General Fund--State Appropriation (FY 2011).....	(\$56,318,000))
	\$55,417,000
<b>TOTAL APPROPRIATION.....</b>	<b>(\$111,940,000))</b>
	\$111,189,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Within funds appropriated in this section, the department shall seek contracts for chemical dependency vendors to provide chemical dependency treatment of offenders in corrections facilities, including corrections centers and community supervision facilities, which have demonstrated effectiveness in treatment of offenders and are able to provide data to show a successful treatment rate.

(b) \$35,000 of the general fund--state appropriation for fiscal year 2010 and \$35,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the support of a statewide council on mentally ill offenders that includes as its members representatives of community-based mental health treatment programs, current or former judicial officers, and directors and commanders of city and county jails and state prison facilities. The council will investigate and promote cost-effective approaches to meeting the long-term needs of adults and juveniles with mental disorders who have a history of offending or who are at-risk of offending, including their mental health, physiological, housing, employment, and job training needs.

**(2) CORRECTIONAL OPERATIONS**

General Fund--State Appropriation (FY 2010).....	(\$456,657,000))
	\$458,503,000
General Fund--State Appropriation (FY 2011).....	(\$626,303,000))

Washington Auto Theft Prevention Authority Account--	
State Appropriation.....	(\$5,960,000))
	\$5,936,000
<b>State Efficiency and Restructuring Account--State</b>	
<b>Appropriation.....</b>	<b>\$34,522,000</b>
<b>TOTAL APPROPRIATION.....</b>	<b>(\$1,277,587,000))</b>
	\$1,286,337,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) The department may expend funds generated by contractual agreements entered into for mitigation of severe overcrowding in local jails. Any funds generated in excess of actual costs shall be deposited in the state general fund. Expenditures shall not exceed revenue generated by such agreements and shall be treated as a recovery of costs.

(b) The department shall accomplish personnel reductions with the least possible impact on correctional custody staff, community custody staff, and correctional industries. For the purposes of this subsection, correctional custody staff means employees responsible for the direct supervision of offenders.

(c) During the 2009-11 biennium, when contracts are established or renewed for offender pay phone and other telephone services provided to inmates, the department shall select the contractor or contractors primarily based on the following factors:

(i) The lowest rate charged to both the inmate and the person paying for the telephone call; and (ii) the lowest commission rates paid to the department, while providing reasonable compensation to cover the costs of the department to provide the telephone services to inmates and provide sufficient revenues for the activities funded from the institutional welfare betterment account.

(d) The Harborview medical center and the University of Washington medical center shall provide inpatient and outpatient hospital services to offenders confined in department of corrections facilities at a rate no greater than the average rate that the department has negotiated with other community hospitals in Washington state.

(e) A political subdivision which is applying for funding to mitigate one-time impacts associated with construction or expansion of a correctional institution, consistent with WAC 137-12A-030, may apply for the mitigation funds in the fiscal biennium in which the impacts occur or in the immediately succeeding fiscal biennium.

(f) Within amounts provided in this subsection, the department, jointly with the department of social and health services, shall identify the number of offenders released through the extraordinary medical placement program, the cost savings to the department of corrections, including estimated medical cost savings, and the costs for medical services in the community incurred by the department of social and health services. The department and the department of social and health services shall jointly report to the office of financial management and the appropriate fiscal committees of the legislature by November 30, 2010.

(g) \$11,863,000 of the general fund--state appropriation for fiscal year 2010, \$11,864,000 of the general fund--state appropriation for fiscal year 2011, and \$2,336,000 of the general fund-private/local appropriation are provided solely for in-prison evidence-based programs and for the reception diagnostic center program as part of the offender re-entry initiative.

(h) The department shall appropriately transition offenders from custody as close as possible to the offender's earned release date without adversely affecting public safety. The number of offenders held beyond their earned release date should not exceed the number of offenders held beyond their earned release date in fiscal year 2008. By June 1, 2010, the department shall provide a report on its offender population to the office of financial management and the legislative fiscal committees. The report shall include (i) an explanation for the increase in the adult inmate population between the November 2009 forecast and the February 2010 forecast; (ii) an explanation for the increase in the number of offenders held beyond their earned release date between fiscal year 2008 and calendar year 2009; and (iii) a description of the department's actions to reduce and maintain the number of offenders held beyond their earned release date to the population level from fiscal year 2008, and a timetable for achieving that goal.

(i) The appropriations in this subsection are based on savings

assumed from decreasing the offender population at the McNeil Island corrections center to 256 minimum security offenders, decreasing the offender population at the Larch corrections center to 240 offenders, the closure of the Ahtanum View corrections center, and the closure of the Pine Lodge corrections center for women.

(3) COMMUNITY SUPERVISION

General Fund--State Appropriation (FY 2010).....	(\$151,249,000))
	\$150,729,000
General Fund--State Appropriation (FY 2011).....	(\$141,785,000))
	\$139,945,000
TOTAL APPROPRIATION.....	(\$293,034,000))
	\$290,674,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) The department shall accomplish personnel reductions with the least possible impact on correctional custody staff, community custody staff, and correctional industries. For the purposes of this subsection, correctional custody staff means employees responsible for the direct supervision of offenders.

(b) \$2,083,000 of the general fund--state appropriation for fiscal year 2010 and \$2,083,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to implement Senate Bill No. 5525 (state institutions/release). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(c) The appropriations in this subsection are based upon savings assumed from the implementation of Engrossed Substitute Senate Bill No. 5288 (supervision of offenders).

(d) \$2,791,000 of the general fund--state appropriation for fiscal year 2010 and \$3,166,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for evidence-based community programs and for community justice centers as part of the offender re-entry initiative.

(e) \$418,300 of the general fund--state appropriation for fiscal year 2010 is provided solely for the purposes of settling all claims in Hilda Solis, Secretary of Labor, United States Department of Labor v. State of Washington, Department of Corrections, United States District Court, Western District of Washington, Cause No. C08-cv-05362-RJB. The expenditure of this amount is contingent on the release of all claims in the case, and total settlement costs shall not exceed the amount provided in this subsection. If settlement is not fully executed by June 30, 2010, the amount provided in this subsection shall lapse.

(f) \$984,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for supplemental services that will be provided to offenders in lieu of a prison sentence, pursuant to chapter 224, Laws of 2010 (confinement alternatives).

(4) CORRECTIONAL INDUSTRIES

General Fund--State Appropriation (FY 2010).....	\$2,574,000
General Fund--State Appropriation (FY 2011).....	(\$2,565,000))
	\$2,547,000
TOTAL APPROPRIATION.....	(\$5,139,000))
	\$5,121,000

The appropriations in this subsection are subject to the following conditions and limitations: \$132,000 of the general fund--state appropriation for fiscal year 2010 and \$132,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for transfer to the jail industries board. The board shall use the amounts provided only for administrative expenses, equipment purchases, and technical assistance associated with advising cities and counties in developing, promoting, and implementing consistent, safe, and efficient offender work programs.

(5) INTERAGENCY PAYMENTS

General Fund--State Appropriation (FY 2010).....	(\$40,455,000))

TOTAL APPROPRIATION.....	<del>(\$1,922,000)</del>
	<u>\$1,910,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Within the amounts appropriated in this section, the sentencing guidelines commission, in partnership with the courts, shall develop a plan to implement an evidence-based system of community custody for adult felons that will include the consistent use of evidence-based risk and needs assessment tools, programs, supervision modalities, and monitoring of program integrity. The plan for the evidence-based system of community custody shall include provisions for identifying cost-effective rehabilitative programs; identifying offenders for whom such programs would be cost-effective; monitoring the system for cost-effectiveness; and reporting annually to the legislature. In developing the plan, the sentencing guidelines shall consult with: The Washington state institute for public policy; the legislature; the department of corrections; local governments; prosecutors; defense attorneys; victim advocate groups; law enforcement; the Washington federation of state employees; and other interested entities. The sentencing guidelines commission shall report its recommendations to the governor and the legislature by December 1, 2009.

(2)(a) Except as provided in subsection (b), during the 2009-11 biennium, the reports required by RCW 9.94A.480(2) and 9.94A.850(2) (d) and (h) shall be prepared within the available funds and may be delayed or suspended at the discretion of the commission.

(b) The commission shall submit the analysis described in section 15 of Engrossed Substitute Senate Bill No. 5288 no later than December 1, 2011.

(3) Within the amounts appropriated in this section, the sentencing guidelines commission shall survey the practices of other states relating to offenders who violate any conditions of their community custody. In conducting the survey, the sentencing guidelines commission shall perform a review of the research studies to determine if a mandatory minimum confinement policy is an evidence-based practice, investigate the implementation of such a policy in other states, and estimate the fiscal impacts of implementing such a policy in Washington state. The sentencing guidelines commission shall report its findings to the governor and the legislature by December 1, 2010.

The appropriations in this section are subject to the following conditions and limitations:

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

(1) \$170,000 of the oil spill prevention account--state appropriation is provided solely for a contract with the University of Washington's sea grant program to continue an educational program targeted to small spills from commercial fishing vessels, ferries, cruise ships, ports, and marinas.

(2) \$240,000 of the woodstove education and enforcement account--state appropriation is provided solely for citizen outreach efforts to improve understanding of burn curtailments, the proper use of wood heating devices, and public awareness of the adverse health effects of woodsmoke pollution.

(3) \$3,000,000 of the general fund--private/local appropriation is provided solely for contracted toxic-site cleanup actions at sites where multiple potentially liable parties agree to provide funding.

(4) \$3,600,000 of the local toxics account--state appropriation is provided solely for the standby emergency rescue tug stationed at Neah Bay.

(5) \$811,000 of the state toxics account--state appropriation is provided solely for oversight of toxic cleanup at facilities that treat, store, and dispose of hazardous wastes.

(6) \$1,456,000 of the state toxics account--state appropriation is provided solely for toxic cleanup at sites where willing parties negotiate prepayment agreements with the department and provide necessary funding.

(7) \$558,000 of the state toxics account--state appropriation and \$3,000,000 of the local toxics account--state appropriation are provided solely for grants and technical assistance to Puget Sound-area local governments engaged in updating shoreline master programs.

(8) \$950,000 of the state toxics control account--state appropriation is provided solely for measuring water and habitat quality to determine watershed health and assist salmon recovery, beginning in fiscal year 2011.

(9) RCW 70.105.280 authorizes the department to assess reasonable service charges against those facilities that store, treat, incinerate, or dispose of dangerous or extremely hazardous waste that involves both a nonradioactive hazardous component and a radioactive component. Service charges may not exceed the costs to the department in carrying out the duties in RCW 70.105.280. The current service charges do not meet the costs of the department to carry out its duties. Pursuant to RCW 43.135.055 and 70.105.280, the department is authorized to increase the service charges no greater than 18 percent for fiscal year 2010 and no greater than 15 percent for fiscal year 2011. Such service charges shall include all costs of public participation grants awarded to qualified entities by the department pursuant to RCW 70.105D.070(5) for facilities at which such grants are recognized as a component of a community relations or public participation plan authorized or required as an element of a consent order, federal facility agreement or agreed order entered into or issued by the department pursuant to any federal or state law governing investigation and remediation of releases of hazardous substances. Public participation grants funded by such service charges shall be in addition to, and not in place of, any other grants made pursuant to RCW 70.105D.070(5). Costs for the public participation grants shall be billed individually to the mixed waste facility associated with the grant.

(10) The department is authorized to increase the following fees in the 2009-2011 biennium as necessary to meet the actual costs of conducting business and the appropriation levels in this section: Environmental lab accreditation, dam safety and inspection, biosolids permitting, air emissions new source review, and manufacturer registration and renewal.

(11) \$63,000 of the state toxics control account--state appropriation is provided solely for implementation of Substitute Senate Bill No. 5797 (solid waste handling permits). If the bill is

not enacted by June 30, 2009, the amount provided in this subsection shall lapse.

(12) \$225,000 of the general fund--state appropriation for fiscal year 2010 and \$193,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for implementation of Engrossed Second Substitute Bill No. 5560 (agency climate leadership). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(13) \$150,000 of the general fund--state appropriation for fiscal year 2010 and \$150,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for watershed planning implementation grants to continue ongoing efforts to develop and implement water agreements in the Nooksack Basin and the Bertrand watershed. These amounts are intended to support project administration; monitoring; negotiations in the Nooksack watershed between tribes, the department, and affected water users; continued implementation of a flow augmentation project; plan implementation in the Fishtrap watershed; and the development of a water bank.

(14) \$215,000 of the general fund--state appropriation for fiscal year 2010 and \$235,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to provide watershed planning implementation grants for WRIA 32 to implement Substitute House Bill No. 1580 (pilot local water management program). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(15) \$200,000 of the general fund--state appropriation for fiscal year 2010 and \$200,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the purpose of supporting the trust water rights program and processing trust water right transfer applications that improve instream flow.

(16)(a) The department shall convene a stock water working group that includes: Legislators, four members representing agricultural interests, three members representing environmental interests, the attorney general or designee, the director of the department of ecology or designee, the director of the department of agriculture or designee, and affected federally recognized tribes shall be invited to send participants.

(b) The group shall review issues surrounding the use of permit-exempt wells for stock-watering purposes and may develop recommendations for legislative action.

(c) The working group shall meet periodically and report its activities and recommendations to the governor and the appropriate legislative committees by December 1, 2009.

(17) \$73,000 of the water quality permit account--state appropriation is provided solely to implement Substitute House Bill No. 1413 (water discharge fees). If the bill is not enacted by June 30, 2009, the amount provided in this subsection shall lapse.

(18) The department shall continue to work with the Columbia Snake River irrigators' association to determine how seasonal water operation and maintenance conservation can be utilized. In implementing this proviso, the department shall also consult with the Columbia River policy advisory group as appropriate.

(19) The department shall track any changes in costs, wages, and benefits that would have resulted if House Bill No. 1716 (public contract living wages), as introduced in the 2009 regular session of the legislature, were enacted and made applicable to contracts and related subcontracts entered into, renewed, or extended during the 2009-11 biennium. The department shall submit a report to the house of representatives commerce and labor committee and the senate labor, commerce, and consumer protection committee by December 1, 2011. The report shall include data on any aggregate changes in wages and benefits that would have resulted during the 2009-11 biennium.

(20) Within amounts appropriated in this section the department shall develop recommendations by December 1, 2009, for a convenient and effective mercury-containing light recycling program for residents, small businesses, and small school districts throughout the state. The department shall consider options including but not limited to, a producer-funded program, a recycler-supported or recycle fee program, a consumer fee at the time of purchase, general fund appropriations, or a currently existing dedicated account. The department shall involve and consult with stakeholders including persons who represent retailers, waste haulers, recyclers, mercury-containing light manufacturers or wholesalers, cities, counties, environmental organizations and other interested parties. The department shall report its findings and recommendations for a recycling program for mercury-containing lights to the appropriate committees of the legislature by December 1, 2009.

~~(21) ((During the 2009-11 biennium, the department shall implement its cost reimbursement authority for processing water right applications using a competitive bidding process. For each cost reimbursement application, the department shall obtain cost proposals and other necessary information from at least three prequalified costs reimbursement consultants and shall select the lowest responsive bidder.~~

~~—((22))~~ \$140,000 of the freshwater aquatic algae control account--state appropriation is provided solely for grants to cities, counties, tribes, special purpose districts, and state agencies for capital and operational expenses used to manage and study excessive saltwater algae with an emphasis on the periodic accumulation of sea lettuce on Puget Sound beaches.

~~(((23)))~~ (22) By December 1, 2009, the department in consultation with local governments shall conduct a remedial action grant financing alternatives report. The report shall address options for financing the remedial action grants identified in the department's report, entitled "House Bill 1761, Model Toxics Control Accounts Ten-Year Financing Plan" and shall include but not be limited to the following: (a) Capitalizing cleanup costs using debt insurance; (b) capitalizing cleanup costs using prefunded cost-cap insurance; (c) other contractual instruments with local governments; and (d) an assessment of overall economic benefits of the remedial action grants funded using the instruments identified in this section.

(23) \$220,000 of the site closure account--state appropriation is provided solely for litigation expenses associated with the lawsuit filed by energy solutions, inc., against the Northwest interstate compact on low-level radioactive waste management and its executive director.

(24) \$68,000 of the water rights processing account--state appropriation is provided solely for implementation of Engrossed Second Substitute Senate Bill No. 6267 (water rights processing). If the bill is not enacted by June 30, 2010, the amount provided in this subsection shall lapse.

(25) \$10,000 of the state toxics control account--state appropriation is provided solely for implementation of Engrossed Substitute Senate Bill No. 5543 (mercury-containing lights). If the bill is not enacted by June 30, 2010, the amount provided in this subsection shall lapse.

(26) \$300,000 of the state toxics control account--state appropriation is provided solely for piloting and evaluating two coordinated, multijurisdictional permitting teams for nontransportation projects.

(27)(a) \$4,000,000 of the state drought preparedness account--state appropriation is provided solely for response to a drought declaration pursuant to chapter 43.83B RCW. If such a drought declaration occurs, the department of ecology may provide funding to public bodies as defined in RCW 43.83B.050 in

connection with projects and measures designed to alleviate drought conditions that may affect public health and safety, drinking water supplies, agricultural activities, or fish and wildlife survival.

(b) Projects or measures for which funding will be provided must be connected with a water system, water source, or water body that is receiving, or has been projected to receive, less than seventy-five percent of normal water supply, as the result of natural drought conditions. This reduction in water supply must be such that it is causing, or will cause, undue hardship for the entities or fish or wildlife depending on the water supply. The department shall issue guidelines outlining grant program and matching fund requirements within ten days of a drought declaration.

	<u>\$324,346,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) \$294,000 of the aquatic lands enhancement account--state appropriation is provided solely for the implementation of hatchery reform recommendations defined by the hatchery scientific review group.

(2) \$355,000 of the general fund--state appropriation for fiscal year 2010 and \$422,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the department to implement a pilot project with the Confederated Tribes of the Colville Reservation to develop expanded recreational fishing opportunities on Lake Rufus Woods and its northern shoreline and to conduct joint enforcement of lake fisheries on Lake Rufus Woods and adjoining waters, pursuant to state and tribal intergovernmental agreements developed under the Columbia River water supply program. For the purposes of the pilot project:

(a) A fishing permit issued to a nontribal member by the Colville Tribes shall satisfy the license requirement of RCW 77.32.010 on the waters of Lake Rufus Woods and on the north shore of Lake Rufus Woods;

(b) The Colville Tribes have agreed to provide to holders of its nontribal member fishing permits a means to demonstrate that fish in their possession were lawfully taken in Lake Rufus Woods;

(c) A Colville tribal member identification card shall satisfy the license requirement of RCW 77.32.010 on all waters of Lake Rufus Woods;

(d) The department and the Colville Tribes shall jointly designate fishing areas on the north shore of Lake Rufus Woods for the purposes of enhancing access to the recreational fisheries on the lake; and

(e) The Colville Tribes have agreed to recognize a fishing license issued under RCW 77.32.470 or RCW 77.32.490 as satisfying the nontribal member fishing permit requirements of Colville tribal law on the reservation portion of the waters of Lake Rufus Woods and at designated fishing areas on the north shore of Lake Rufus Woods;

(3) Prior to submitting its 2011-2013 biennial operating and capital budget request related to state fish hatcheries to the office of financial management, the department shall contract with the hatchery scientific review group (HSRG) to review this request. This review shall: (a) Determine if the proposed requests are consistent with HSRG recommendations; (b) prioritize the components of the requests based on their contributions to protecting wild salmonid stocks and meeting the recommendations of the HSRG; and (c) evaluate whether the proposed requests are being made in the most cost effective manner. The department shall provide a copy of the HSRG review to the office of financial management with their agency budget proposal.

(4) Within existing funds, the department shall continue implementing its capital program action plan dated September 1, 2007, including the purchase of the necessary maintenance and support costs for the capital programs and engineering tools. The department shall report to the office of financial management and the appropriate committees of the legislature, its progress in implementing the plan, including improvements instituted in its capital program, by September 30, ~~(2011)~~ 2010.

(5) \$1,232,000 of the state wildlife account--state appropriation is provided solely to implement Substitute House Bill No. 1778 (fish and wildlife). If the bill is not enacted by June 30, 2009, the amount provided in this subsection shall lapse.

(6) \$400,000 of the general fund--state appropriation for fiscal year 2010 and \$400,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for a state match to support the Puget Sound nearshore partnership between the department and the U.S. army corps of engineers.

(7) ~~(\$100,000)~~ \$50,000 of the general fund--state appropriation for fiscal year 2010 and ~~(\$100,000)~~ \$50,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for removal of derelict gear in Washington waters.

(8) The department of fish and wildlife shall dispose of all ~~(fixed wing)~~ Cessna aircraft it currently owns. The proceeds from the aircraft shall be deposited into the state wildlife account. Disposal of the aircraft must occur no later than June 30, 2010. The department shall coordinate with the department of natural resources on the installation of fire surveillance equipment into its Partenavia aircraft. The department shall make its Partenavia aircraft available to the department of natural resources on a cost-reimbursement basis for its use in coordinating fire suppression efforts. The two agencies shall develop an interagency agreement that defines how they will share access to the plane.

(9) \$50,000 of the general fund--state appropriation for fiscal year 2010 is provided solely for an electron project fish passage study consistent with the recommendations and protocols contained in the 2008 electron project downstream fish passage final report.

(10) \$60,000 of the general fund--state appropriation for fiscal year 2010 and \$60,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for implementation of Engrossed Second Substitute Bill No. 5560 (agency climate leadership). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(11) If sufficient new revenues are not identified to continue hatchery operations, within the constraints of legally binding tribal agreements, the department shall dispose of, by removal, sale, lease, reversion, or transfer of ownership, the following hatcheries: McKernan, Colville, Omak, Bellingham, Arlington, and Mossyrock. Disposal of the hatcheries must occur by June 30, 2011, and any proceeds received from disposal shall be deposited in the state wildlife account. Within available funds, the department shall provide quarterly reports on the progress of disposal to the office of financial management and the appropriate fiscal committees of the legislature. The first report shall be submitted no later than September 30, 2009.

(12) \$100,000 of the eastern Washington pheasant enhancement account--state appropriation is provided solely for the department to support efforts to enhance permanent and temporary pheasant habitat on public and private lands in Grant, Franklin, and Adams counties. The department may support efforts by entities including conservation districts, nonprofit organizations, and landowners, and must require such entities to provide significant nonstate matching resources, which may be in the form of funds, material, or labor.

(13) Within the amounts appropriated in this section, the department of fish and wildlife shall develop a method for allocating its administrative and overhead costs proportionate to program fund use. As part of its 2011-2013 biennial operating budget, the department shall submit a decision package that rebalances expenditure authority for all agency funds based upon proportionate contributions.

(14) Within the amounts appropriated in this section, the department shall identify additional opportunities for partnerships in order to keep fish hatcheries operational. Such partnerships shall aim to maintain fish production and salmon recovery with less

2010 1ST SPECIAL SESSION

reliance on state operating funds.

(15) Within the amounts appropriated in this section, the department shall work with stakeholders to develop a long-term funding model that sustains the department's work of conserving species and habitat, providing sustainable recreational and commercial opportunities and using sound business practices. The funding model analysis shall assess the appropriate uses of each fund source and whether the department's current and projected revenue levels are adequate to sustain its current programs. The department shall report its recommended funding model including supporting analysis and stakeholder participation summary to the office of financial management and the appropriate committees of the legislature by October 1, 2010.

(16) By October 1, 2010, the department shall enter into an interagency agreement with the department of natural resources for land management services for the department's wildlife conservation and recreation lands. Land management services may include but are not limited to records management, real estate services such as surveying, and land acquisition and disposal services. The interagency agreement shall describe business processes, service delivery expectations, cost, and timing. In the agreement, the department shall define its roles and responsibilities. A draft agreement shall be submitted to the office of financial management and the appropriate fiscal committees of the legislature by July 1, 2010.

(17) Prior to opening game management unit 490 to public hunting, the department shall complete an environmental impact statement that includes an assessment of how public hunting activities will impact the ongoing protection of the public water supply.

(18) The department must work with appropriate stakeholders to facilitate the disposition of salmon to best utilize the resource, increase revenues to regional fisheries enhancement groups, and enhance the provision of nutrients to food banks. By November 1, 2010, the department must provide a report to the appropriate committees of the legislature summarizing these discussions, outcomes, and recommendations. After November 1, 2010, the department shall not solicit or award a surplus salmon disposal contract without first giving due consideration to implementing the recommendations developed during the stakeholder process.

(19) \$50,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for increased fish production at Voight Creek hatchery.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$1,355,000 of the general fund--state appropriation for fiscal year 2010 and ~~(\$1,299,000)~~ \$349,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for deposit into the agricultural college trust management account and are provided solely to manage approximately 70,700 acres of Washington State University's agricultural college trust lands.

(2) ~~(\$11,128,000)~~ \$22,670,000 of the general fund--state appropriation for fiscal year 2010, \$11,128,000 of the general fund--state appropriation for fiscal year 2011, and \$5,000,000 of the disaster response account--state appropriation are provided solely for emergency fire suppression. None of the general fund and disaster response account amounts provided in this subsection may be used to fund agency indirect and administrative expenses. Agency indirect and administrative costs shall be allocated among the agency's remaining accounts and appropriations. The department of natural resources shall submit a quarterly report to the office of financial management and the legislative fiscal committees detailing information on current and planned expenditures from the disaster response account. This work shall be done in coordination with the military department.

(3) \$5,000,000 of the forest and fish support account--state appropriation is provided solely for adaptive management, monitoring, and participation grants to tribes. If federal funding for this purpose is reinstated, the amount provided in this subsection shall lapse.

(4) \$600,000 of the derelict vessel removal account--state appropriation is provided solely for removal of derelict and abandoned vessels that have the potential to contaminate Puget Sound.

(5) \$666,000 of the general fund--federal appropriation is provided solely to implement House Bill No. 2165 (forest biomass energy project). If the bill is not enacted by June 30, 2009, the amount provided in this subsection shall lapse.

(6) \$5,000 of the general fund--state appropriation for fiscal year 2010 and \$5,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to implement Substitute House

TWENTY NINTH DAY, APRIL 12, 2010

Bill No. 1038 (specialized forest products). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(7) \$440,000 of the state general fund--state appropriation for fiscal year 2010 and \$440,000 of the state general fund--state appropriation for fiscal year 2011 are provided solely for forest work crews that support correctional camps and are contingent upon continuing operations of Naselle youth camp at the level provided in fiscal year 2008. The department shall consider using up to \$2,000,000 of the general fund--federal appropriation to support and utilize correctional camp crews to implement natural resource projects approved by the federal government for federal stimulus funding.

(8) The department of natural resources shall dispose of the King Air aircraft it currently owns. Before disposal and within existing funds, the department shall transfer specialized equipment for fire surveillance to the department of fish and wildlife's Partenavia aircraft. Disposal of the aircraft must occur no later than June 30, 2010, and the proceeds from the sale of the aircraft shall be deposited into the ~~((natural resources equipment revolving fund))~~ forest and fish support account. ~~((At the expiration of current leases))~~ No later than June 30, 2011, the department shall lease facilities in eastern Washington sufficient to house the necessary aircraft, mechanic, and pilots used for forest fire prevention and suppression.

(9) \$30,000 of the general fund--state appropriation for fiscal year 2010 and \$30,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for implementation of Engrossed Second Substitute Bill No. 5560 (agency climate leadership). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(10) \$1,030,000 of the aquatic lands enhancement account--state appropriation for fiscal year 2011 is provided solely for continuing scientific studies already underway as part of the adaptive management process. Funds may not be used to initiate new studies unless the department secures new federal funding for the adaptive management process.

(11) Within available funds, the department of natural resources shall review the statutory method for determining aquatic lands lease rates for private marinas, public marinas not owned and operated by port districts, yacht clubs, and other entities leasing state land for boat moorage. The review shall consider alternative methods for determining rents for these entities for a fair distribution of rent, consistent with the department management mandates for state aquatic lands.

(12) \$40,000 of the general fund--state appropriation for fiscal year 2011 and \$100,000 of the aquatic lands enhancement account--state appropriation are provided solely to install up to twenty mooring buoys in Eagle Harbor and to remove abandoned boats, floats, and other trespassing structures.

(13) By October 1, 2010, the department shall enter into an interagency agreement with the department of fish and wildlife for providing land management services on the department of fish and wildlife's wildlife conservation and recreation lands. Land management services may include but are not limited to records management, real estate services such as surveying, and land acquisition and disposal services. The interagency agreement shall describe business processes, service delivery expectations, cost, and timing. A draft agreement shall be submitted to the office of financial management and the appropriate fiscal committees of the legislature by July 1, 2010.

(14) \$41,000 of the forest development account--state appropriation, \$44,000 of the resources management cost account--state appropriation, and \$2,000 of the agricultural college trust management account--state appropriation are provided solely

2010 1ST SPECIAL SESSION

for the implementation of Second Substitute House Bill No. 2481 (DNR forest biomass agreements). If the bill is not enacted by June 30, 2010, the amount provided in this subsection shall lapse.

(15) The department may not include shellfish growers in its aquatic habitat conservation plan if those growers have been issued a federal nationwide or individual permit by the United States army corps of engineers, in consultation with the United States fish and wildlife service and the national marine fisheries service, which concludes that shellfish cultivation activities on department-managed aquatic lands will not pose jeopardy to threatened or endangered species under the federal endangered species act.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$350,000 of the aquatic lands enhancement account appropriation is provided solely for funding to the Pacific county noxious weed control board to eradicate remaining spartina in Willapa Bay.

(2) \$19,000 of the general fund--state appropriation for fiscal year 2010 and \$6,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to implement Substitute Senate Bill No. 5797 (solid waste handling permits). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(3) The department is authorized to establish or increase the following fees in the 2009-11 biennium as necessary to meet the actual costs of conducting business: Christmas tree grower licensing, nursery dealer licensing, plant pest inspection and testing, and commission merchant licensing.

(4) \$5,420,000 of the general fund--state appropriation for fiscal year 2011 and \$2,782,000 of the general fund--federal appropriation are provided solely for implementation of Substitute Senate Bill No. 6341 (food assistance/department of agriculture). Within amounts appropriated in this subsection, \$65,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for a contract with a food distribution program for communities in the southwestern portion of the state and for workers impacted by timber and salmon fishing closures and reductions. The department may not charge administrative overhead or expenses to this contract. If the bill is not enacted by June 30, 2010, the amounts provided in this subsection shall lapse.

(5) The department shall, if public or private funds are available, partner with eligible public and private entities with experience in food collection and distribution to review funding sources for eight full-time volunteers in the AmeriCorps VISTA program to conduct outreach to local growers, agricultural donors, and community

\$14,508,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$305,000 of the general fund--state appropriation for fiscal year 2010 is provided solely for measuring water and habitat quality to determine watershed health and assist salmon recovery.

(2) ((~~\$896,000~~)) \$794,000 of the state toxics control account--state appropriation is provided solely for activities that contribute to Puget Sound protection and recovery, including provision of independent advice and assessment of the state's oil spill prevention, preparedness, and response programs, including review of existing activities and recommendations for any necessary improvements. The partnership may carry out this function through an existing committee, such as the ecosystem coordination board or the leadership council, or may appoint a special advisory council. Because this is a unique statewide program, the partnership may invite participation from outside the Puget Sound region.

(3) Within the amounts appropriated in this section, the Puget Sound partnership shall facilitate an ongoing monitoring consortium to integrate monitoring efforts for storm water, water quality, watershed health, and other indicators to enhance monitoring efforts in Puget Sound.

(4) The Puget Sound partnership shall work with Washington State University and the environmental protection agency to secure funding for the beach watchers program.

(5) ((~~\$877,000~~)) \$839,000 of the general fund--state appropriation for fiscal year 2010 and ((~~\$877,000~~)) \$764,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to support public education and volunteer programs. The partnership is directed to distribute the majority of funding as grants to local organizations, local governments, and education, communication, and outreach network partners. The partnership shall track progress for this activity through the accountability system of the Puget Sound partnership.

(6) The Puget Sound partnership shall negotiate an agreement with the recreation and conservation office to consolidate or share certain

administrative functions currently performed by each agency independently. The agencies shall proportionately share the costs of such shared functions. Examples of shared functions may include, but are not limited to, support for personnel, information technology, grant and contract management, invasive species work, legislative coordination, and policy and administrative support of various boards and councils.

	<u>\$134,370,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) \$200,000 of the fire service training account--state appropriation is provided solely for two FTEs in the office of the state director of fire protection to exclusively review K-12 construction documents for fire and life safety in accordance with the state building code. It is the intent of this appropriation to provide these services only to those districts that are located in counties without qualified review capabilities.

(2) \$8,000,000 of the disaster response account--state appropriation is provided solely for Washington state fire service resource mobilization costs incurred in response to an emergency or disaster authorized under RCW 43.43.960 and 43.43.964. The state patrol shall submit a report quarterly to the office of financial management and the legislative fiscal committees detailing information on current and planned expenditures from this account. This work shall be done in coordination with the military department.

(3) The 2010 legislature will review the use of king air planes by the executive branch and the adequacy of funding in this budget regarding maintaining and operating the planes to successfully accomplish their mission.

(4) The appropriations in this section reflect reductions in the appropriations for the agency's administrative expenses. It is the intent of the legislature that these reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that

do not affect direct client services or direct service delivery or programs.

(5) \$400,000 of the fire service training account--state appropriation is provided solely for the firefighter apprenticeship training program.

(6) \$48,000 of the fingerprint identification account--state appropriation is provided solely to implement Substitute House Bill No. 1621 (consumer loan companies). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(7) In accordance with RCW 43.43.942, 46.52.085, and 43.135.055, the state patrol is authorized to increase the following fees in fiscal year 2011 as necessary to meet the actual costs of conducting business and the appropriation levels in this section: Collision records requests; fire training academy courses; and fire training academy dorm accommodations.

(8) \$24,000 of the fingerprint identification account--state appropriation is provided solely for implementation of chapter 47, Laws of 2010 (criminal background checks).

economies of scale in school district noninstructional operations through shared service arrangements and school district cooperatives, as well as other practices.

(b) \$250,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for a statewide school district reorganization commission.

(i) The commission shall develop and recommend a comprehensive plan for the reorganization of Washington school districts for review and potential adoption by the legislature.

(ii) The commission shall be composed of the following members: A representative of the state board of education selected by the members of the board; two representatives of school administrators selected by the Washington association of school administrators, with one representative each from eastern and western Washington; two representatives of school board directors selected by the Washington state school directors' association, with one representative each from eastern and western Washington; one representative of certificated instructional school employees selected by the Washington education association; an individual with experience as a demographer or as a participant on the redistricting commission under chapter 44.05 RCW selected by the governor.

(iii) The commission shall develop objective criteria, ranked in priority order, for the reorganization of Washington school districts to include consideration of but not be limited to criteria in RCW 28A.315.015 and 28A.315.205. Based on the adopted objective criteria, the commission shall develop a comprehensive plan for the reorganization and reduction of Washington school districts. The plan may also result in a reorganization of the number and boundaries of educational service districts.

(iv) The commission shall submit a final comprehensive school district reorganization plan to the superintendent of public instruction, the governor, and the legislature by December 1, 2012, to include the following: A list of the recommended school districts and educational service districts and their respective boundaries; recommended procedures and timelines for phased-in implementation of the reorganization plan; procedures and timelines for determination, adjustment, and transfer of assets and liabilities among school districts, including bonded indebtedness; procedures and timelines for determination and election of school district and educational service district boards of directors; and any other relevant elements the commission deems essential for legislative and gubernatorial consideration.

(c) \$25,000 of the general fund--state appropriation for fiscal year 2011 is provided to the office of the superintendent of public instruction solely to convene a science, technology, engineering, and mathematics (STEM) working group to develop a comprehensive plan with a shared vision, goals, and measurable objectives to improve policies and practices to ensure that a pathway is established for elementary schools, middle schools, high schools, postsecondary degree programs, and careers in the areas of STEM, including improving practices for recruiting, preparing, hiring, retraining, and supporting teachers and instructors while creating pathways to boost student success, close the achievement gap, and prepare every student to be college and career ready. The working group shall be composed of the director of STEM at the office of the superintendent of public instruction who shall be the chair of the working group, and at least one representative from the state board of education, professional educator standards board, state board of community and technical colleges, higher education coordinating board, workforce training and education coordinating board, the achievement gap oversight and accountability committee, and others with appropriate expertise. The working group shall develop a comprehensive plan and a report with recommendations, including a timeline for specific actions to be taken, which is due to

the governor and the appropriate committees of the legislature by December 1, 2010.

(d) ~~(\$927,000)~~ \$920,000 of the general fund--state appropriation for fiscal year 2010 and \$941,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for research and development activities associated with the development of options for new school finance systems, including technical staff, reprogramming, and analysis of alternative student funding formulae. Within this amount is \$150,000 for the state board of education for further development of accountability systems, and \$150,000 for the professional educator standards board for continued development of teacher certification and evaluation systems.

certificated instructional staff units per 1,000 full-time equivalent (FTE) students in grade four, and additional certificated instructional staff units to equal the documented staffing level in grade four, up to a maximum of forty-seven and forty-three one-hundredths certificated instructional staff units per 1,000 FTE students;

(iii) Forty-six certificated instructional staff units per thousand full-time equivalent students in grades 5-12;

(iv) Certificated staff allocations in this subsection (2)(a) exceeding the statutory minimums established in RCW 28A.150.260 shall not be considered part of basic education;

(b) For school districts with a minimum enrollment of 250 full-time equivalent students whose full-time equivalent student enrollment count in a given month exceeds the first of the month full-time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that such increased enrollment would have generated had such additional full-time equivalent students been included in the normal enrollment count for that particular month;

(c)(i) On the basis of full-time equivalent enrollment in:

(A) Vocational education programs approved by the superintendent of public instruction, a maximum of 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 19.5 full-time equivalent vocational students; ~~((and))~~

(B) Middle school vocational STEM programs approved by the superintendent of public instruction, a maximum of 0.92 certificated instructional staff units and 0.8 certificated administrative staff units for each 19.5 full-time equivalent vocational students; and

(C) Skills center programs meeting the standards for skills center funding established in January 1999 by the superintendent of public instruction with a waiver allowed for skills centers in current operation that are not meeting this standard until the 2010-11 school year, 0.92 certificated instructional staff units and 0.08 certificated administrative units for each 16.67 full-time equivalent vocational students;

(ii) Vocational full-time equivalent enrollment shall be reported on the same monthly basis as the enrollment for students eligible for basic support, and payments shall be adjusted for reported vocational enrollments on the same monthly basis as those adjustments for enrollment for students eligible for basic support; and

(iii) Indirect cost charges by a school district to vocational-secondary programs and vocational middle-school shall not exceed 15 percent of the combined basic education and vocational enhancement allocations of state funds;

(d) For districts enrolling not more than twenty-five average annual full-time equivalent students in grades K-8, and for small school plants within any school district which have been judged to be remote and necessary by the state board of education and enroll not more than twenty-five average annual full-time equivalent students in grades K-8:

(i) For those enrolling no students in grades 7 and 8, 1.76 certificated instructional staff units and 0.24 certificated administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled; and

(ii) For those enrolling students in grades 7 or 8, 1.68 certificated instructional staff units and 0.32 certificated administrative staff units for enrollment of not more than five students, plus one-tenth of a certificated instructional staff unit for each additional student enrolled;

(e) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full-time equivalent students in grades K-8, and for small school plants within any school district which enroll more than twenty-five average

annual full-time equivalent students in grades K-8 and have been judged to be remote and necessary by the state board of education:

(i) For enrollment of up to sixty average annual full-time equivalent students in grades K-6, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(ii) For enrollment of up to twenty average annual full-time equivalent students in grades 7 and 8, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units;

(f) For districts operating no more than two high schools with enrollments of less than three hundred average annual full-time equivalent students, for enrollment in grades 9-12 in each such school, other than alternative schools:

(i) For remote and necessary schools enrolling students in any grades 9-12 but no more than twenty-five average annual full-time equivalent students in grades K-12, four and one-half certificated instructional staff units and one-quarter of a certificated administrative staff unit;

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full time equivalent students.

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational full-time equivalent students;

(g) For each nonhigh school district having an enrollment of more than seventy average annual full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit; and

(h) For each nonhigh school district having an enrollment of more than fifty average annual full-time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit.

(3) Allocations for classified salaries for the 2009-10 and 2010-11 school years shall be calculated using formula-generated classified staff units determined as follows:

(a) For enrollments generating certificated staff unit allocations under subsection (2)(e) through (h) of this section, one classified staff unit for each 2.94 certificated staff units allocated under such subsections;

(b) For all other enrollment in grades K-12, including vocational full-time equivalent enrollments, one classified staff unit for each 58.75 average annual full-time equivalent students; and

(c) For each nonhigh school district with an enrollment of more than fifty average annual full-time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of 14.43 percent in the 2009-10 school year and 14.43 percent in the 2010-11 school year for certificated salary allocations provided under subsection (2) of this section, and a rate of ~~((46.58))~~ 16.59 percent in the 2009-10 school year and ~~((46.58))~~ 16.59 percent in the 2010-11 school year for classified salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations shall be calculated at the maintenance rate specified in section 504(2) of this act, based on the number of benefit units determined as follows:

(a) The number of certificated staff units determined in subsection (2) of this section; and

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (g) of this section, there shall be provided a maximum of \$10,179 per certificated staff unit in the 2009-10 school year and a maximum of (~~(\$10,445)~~) \$10,424 per certificated staff unit in the 2010-11 school year.

(b) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c)(i)(A) of this section, there shall be provided a maximum of \$24,999 per certificated staff unit in the 2009-10 school year and a maximum of (~~(\$25,449)~~) \$25,399 per certificated staff unit in the 2010-11 school year.

(c) For nonemployee-related costs associated with each vocational certificated staff unit allocated under subsection (2)(c)(i)(B) of this section, there shall be provided a maximum of \$19,395 per certificated staff unit in the 2009-10 school year and a maximum of (~~(\$19,744)~~) \$19,705 per certificated staff unit in the 2010-11 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maintenance rate of \$607.44 for the 2009-10 and 2010-11 school years per allocated classroom teachers exclusive of salary increase amounts provided in section 504 of this act. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported statewide for the prior school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(9) Funding in this section is sufficient to provide additional service year credits to educational staff associates pursuant to chapter 403, Laws of 2007.

(10)(a) The superintendent may distribute a maximum of (~~(\$7,288,000)~~) \$7,286,000 outside the basic education formula during fiscal years 2010 and 2011 as follows:

(i) For fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW, a maximum of \$567,000 may be expended in fiscal year 2010 and a maximum of (~~(\$577,000)~~) \$576,000 may be expended in fiscal year 2011;

(ii) For summer vocational programs at skills centers, a maximum of \$2,385,000 may be expended for the 2010 fiscal year and a maximum of \$2,385,000 for the 2011 fiscal year. 20 percent of each fiscal year amount may carry over from one year to the next;

(iii) A maximum of (~~(\$404,000)~~) \$403,000 may be expended for school district emergencies; and

(iv) A maximum of \$485,000 each fiscal year may be expended for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. The funds shall be

allocated at a rate not to exceed \$500 per full-time equivalent student enrolled in those programs.

(b) Funding in this section is sufficient to fund a maximum of 1.6 FTE enrollment for skills center students pursuant to chapter 463, Laws of 2007.

(11) For purposes of RCW 84.52.0531, the increase per full-time equivalent student is 4.0 percent from the 2008-09 school year to the 2009-10 school year and 4.0 percent from the 2009-10 school year to the 2010-11 school year.

(12) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (2)(b) through (g) of this section, the following shall apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (2)(a) through (h) of this section shall be reduced in increments of twenty percent per year.

(13) General apportionment payments to the Steilacoom historical school district shall reflect changes to operation of the Harriet Taylor elementary school consistent with the timing of reductions in correctional facility capacity and staffing.

**Sec. 503.** 2009 c 564 s 503 (uncodified) is amended to read as follows:

**FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--BASIC EDUCATION EMPLOYEE COMPENSATION.**

(1) The following calculations determine the salaries used in the general fund allocations for certificated instructional, certificated administrative, and classified staff units under section 502 of this act:

(a) Salary allocations for certificated instructional staff units shall be determined for each district by multiplying the district's certificated instructional total base salary shown on LEAP Document 2 by the district's average staff mix factor for certificated instructional staff in that school year, computed using LEAP Document 1; and

(b) Salary allocations for certificated administrative staff units and classified staff units for each district shall be based on the district's certificated administrative and classified salary allocation amounts shown on LEAP Document 2.

(2) For the purposes of this section:

(a) "LEAP Document 1" means the staff mix factors for certificated instructional staff according to education and years of experience, as developed by the legislative evaluation and accountability program committee on April 22, 2009, at 08:22 hours; and

(b) "LEAP Document 2" means the school year salary allocations for certificated administrative staff and classified staff and derived and total base salaries for certificated instructional staff as developed by the legislative evaluation and accountability program committee on April 22, 2009, at 08:22 hours.

(3) Incremental fringe benefit factors shall be applied to salary adjustments at a rate of 14.43 percent for school year 2009-10 and 14.43 percent for school year 2010-11 for certificated staff and for classified staff (~~(46.58)~~) 16.59 percent for school year 2009-10 and (~~(46.58)~~) 16.59 percent for the 2010-11 school year.

(4)(a) Pursuant to RCW 28A.150.410, the following state-wide salary allocation schedules for certificated instructional staff are established for basic education salary allocations:

<u>57</u>	<u>60.5</u>	<u>57</u>	<u>61.4</u>	<u>64.1</u>
<u>693</u>	<u>35</u>	<u>731</u>	<u>47</u>	<u>74</u>

(\$6,221,000)

(b) As used in this subsection, the column headings "BA+(N)" refer to the number of credits earned since receiving the baccalaureate degree.

(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+(N)" refer to the total of:

- (i) Credits earned since receiving the masters degree; and
- (ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(5) For the purposes of this section:

- (a) "BA" means a baccalaureate degree.
- (b) "MA" means a masters degree.
- (c) "PHD" means a doctorate degree.
- (d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.

(e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this act, or any replacement schedules and documents, unless:

- (a) The employee has a masters degree; or
- (b) The credits were used in generating state salary allocations before January 1, 1992.

(7) The certificated instructional staff base salary specified for each district in LEAP Document 2 and the salary schedules in subsection (4)(a) of this section include one learning improvement day for the 2009-10 school year and zero learning improvement days for the 2010-11 school year. A school district is eligible for the learning improvement day funds only if the learning improvement day has been added to the 180-day contract year. If fewer days are added, the additional learning improvement allocation shall be adjusted accordingly. The additional day shall be limited to specific activities identified in the state required school improvement plan related to improving student learning that are consistent with education reform implementation, and shall not be considered part of basic education. The principal in each school shall assure that the days are used to provide the necessary school-wide, all staff professional development that is tied directly to the school improvement plan. The school principal and the district superintendent shall maintain documentation as to their approval of these activities. The length of a learning improvement day shall not be less than the length of a full day under the base contract. The superintendent of public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.

(8) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2).

Sec. 504. 2009 c 564 s 504 (uncodified) is amended to read as follows:

**FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS**

General Fund--State Appropriation (FY 2010).....	<del>(\$4,215,000)</del>
	<u>(\$4,414,000)</u>
General Fund--State Appropriation (FY 2011).....	<del>(\$14,172,000)</del>
	<u>(\$1,806,000)</u>
General Fund--Federal Appropriation.....	<del>(\$6,000)</del>
	<u>(\$1,000)</u>
TOTAL APPROPRIATION.....	<del>(\$9,963,000)</del>

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) Additional salary adjustments as necessary to fund the base salaries for certificated instructional staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act. Allocations for these salary adjustments shall be provided to all districts that are not grandfathered to receive salary allocations above the statewide salary allocation schedule, and to certain grandfathered districts to the extent necessary to ensure that salary allocations for districts that are currently grandfathered do not fall below the statewide salary allocation schedule.

(b) Additional salary adjustments to certain districts as necessary to fund the per full-time-equivalent salary allocations for certificated administrative staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act. These adjustments shall ensure a minimum salary allocation for certificated administrative staff of \$57,986 in the 2009-10 school year and \$57,986 in the 2010-11 school year.

(c) Additional salary adjustments to certain districts as necessary to fund the per full-time-equivalent salary allocations for classified staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act. These salary adjustments ensure a minimum salary allocation for classified staff of \$31,865 in the 2009-10 school year and \$31,865 in the 2010-11 school year.

(d) The appropriations in this subsection (1) include associated incremental fringe benefit allocations at rates 13.79 percent for the 2009-10 school year and 13.79 percent for the 2010-11 school year for certificated staff and ~~((13.09))~~ 13.09 percent for the 2009-10 school year and ~~((13.09))~~ 13.09 percent for the 2010-11 school year for classified staff.

(e) The appropriations in this section include the increased or decreased portion of salaries and incremental fringe benefits for all relevant state-funded school programs in part V of this act. Changes for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Changes for special education result from changes in each district's basic education allocation per student. Changes for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act. The appropriations in this section provide incremental fringe benefit alterations based on formula adjustments as follows:

	School Year	
	2009-10	2010-11
Pupil Transportation (per weighted pupil mile)	\$0	\$0
Highly Capable (per formula student)	(\$1.49)	<del>(\$1.49)</del> <u>(\$2.98)</u>
Transitional Bilingual Education (per eligible bilingual student)	(\$3.93)	<del>(\$3.93)</del> <u>(\$7.86)</u>
Learning Assistance (per formula student)	(\$1.18)	<del>(\$1.18)</del> <u>(\$2.36)</u>

(f) The appropriations in this section include no salary adjustments for substitute teachers.

(2) ~~(\$44,188,000)~~ \$44,213,000 is provided for adjustments to insurance benefit allocations. The maintenance rate for insurance benefit allocations is \$732.00 per month for the 2009-10 and 2010-11 school years. The appropriations in this section provide for a rate increase to \$745.00 per month for the 2009-10 school year and \$768.00 per month for the 2010-11 school year. The adjustments to health insurance benefits are at the following rates:

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

	School Year	
	2009-10	2010-11
Pupil Transportation (per weighted pupil mile)	\$0.12	\$0.33
Highly Capable (per formula student)	<del>(\$0.82)</del> \$0.79	\$2.22
Transitional Bilingual Education (per eligible bilingual student)	<del>(\$2.40)</del> \$2.11	\$5.83
Learning Assistance (per formula student)	\$0.54	\$1.49

(3) The rates specified in this section are subject to revision each year by the legislature.

**Sec. 505.** 2009 c 564 s 505 (uncodified) is amended to read as follows:

**FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR PUPIL TRANSPORTATION**

General Fund--State Appropriation (FY 2010).....	<del>(\$307,357,000)</del> \$317,116,000
General Fund--State Appropriation (FY 2011).....	<del>(\$307,070,000)</del> \$296,747,000
<b>TOTAL APPROPRIATION.....</b>	<del>(\$614,427,000)</del> <b>\$613,863,000</b>

The appropriations in this section are subject to the following conditions and limitations:

(1) Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(2) A maximum of \$878,000 of this fiscal year 2010 appropriation and a maximum of ~~(\$894,000)~~ \$892,000 of the fiscal year 2011 appropriation may be expended for regional transportation coordinators and related activities. The transportation coordinators shall ensure that data submitted by school districts for state transportation funding shall, to the greatest extent practical, reflect the actual transportation activity of each district.

(3) Allocations for transportation of students shall be based on reimbursement rates of \$48.15 per weighted mile in the 2009-10 school year and ~~(\$48.40)~~ \$48.37 per weighted mile in the 2010-11 school year exclusive of salary and benefit adjustments provided in section 504 of this act. Allocations for transportation of students transported more than one radius mile shall be based on weighted miles as determined by superintendent of public instruction multiplied by the per mile reimbursement rates for the school year pursuant to the formulas adopted by the superintendent of public instruction. Allocations for transportation of students living within one radius mile shall be based on the number of enrolled students in grades kindergarten through five living within one radius mile of their assigned school multiplied by the per mile reimbursement rate for the school year multiplied by 1.29.

(4) The office of the superintendent of public instruction shall provide reimbursement funding to a school district only after the superintendent of public instruction determines that the school bus was purchased from the list established pursuant to RCW 28A.160.195(2) or a comparable competitive bid process based on the lowest price quote based on similar bus categories to those used to establish the list pursuant to RCW 28A.160.195.

(5) The superintendent of public instruction shall base depreciation payments for school district buses on the pre-sales tax five-year average of lowest bids in the appropriate category of bus. In the final year on the depreciation schedule, the depreciation payment shall be based on the lowest bid in the appropriate bus category for that school year.

(6) Funding levels in this section reflect reductions from the implementation of Substitute House Bill No. 1292 (authorizing waivers from the one hundred eighty-day school year requirement in order to allow four-day school weeks).

**Sec. 506.** 2009 c 564 s 506 (uncodified) is amended to read as follows:

**FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL FOOD SERVICE PROGRAMS**

General Fund--State Appropriation (FY 2010).....	\$3,159,000
General Fund--State Appropriation (FY 2011).....	\$3,159,000

<b>TOTAL APPROPRIATION.....</b>	<del>(\$288,306,000)</del> <b>\$398,306,000</b>

The appropriations in this section are subject to the following conditions and limitations:

(1) \$3,000,000 of the general fund--state appropriation for fiscal year 2010 and \$3,000,000 of the general fund--state appropriation for fiscal year 2011 are provided for state matching money for federal child nutrition programs.

(2) \$100,000 of the general fund--state appropriation for fiscal year 2010 and \$100,000 of the 2011 fiscal year appropriation are provided for summer food programs for children in low-income areas.

(3) \$59,000 of the general fund--state appropriation for fiscal year 2010 and \$59,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to reimburse school districts for school breakfasts served to students enrolled in the free or reduced price meal program pursuant to chapter 287, Laws of 2005 (requiring school breakfast programs in certain schools).

~~((4) \$1,588,000 of the general fund federal appropriation of American recovery and reinvestment act of 2009 (ARRA) funds is provided solely for equipment assistance to school food authorities (SFAs) participating in the national school lunch program (NSLP). Local SFAs may apply to the office of the superintendent of public instruction to receive grants in accordance with provisions of the ARRA. As stipulated in the ARRA, priority will be given to SFAs for equipment for schools in which at least 50 percent of the students are eligible for free or reduced priced meals.)~~

**Sec. 507.** 2009 c 564 s 507 (uncodified) is amended to read as follows:

**FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS**

General Fund--State Appropriation (FY 2010).....	<del>(\$640,959,000)</del> \$632,136,000
General Fund--State Appropriation (FY 2011).....	<del>(\$652,388,000)</del> \$650,856,000
General Fund--Federal Appropriation.....	<del>(\$656,052,000)</del> \$664,601,000

<b>TOTAL APPROPRIATION.....</b>	<del>(\$1,950,155,000)</del> <b>\$1,948,349,000</b>

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general

TWENTY NINTH DAY, APRIL 12, 2010

apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall ensure that:

(i) Special education students are basic education students first;

(ii) As a class, special education students are entitled to the full basic education allocation; and

(iii) Special education students are basic education students for the entire school day.

(b) The superintendent of public instruction shall continue to implement the full cost method of excess cost accounting, as designed by the committee and recommended by the superintendent, pursuant to section 501(1)(k), chapter 372, Laws of 2006.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state funds to school districts based on two categories: (a) The first category includes (i) children birth through age two who are eligible for the optional program for special education eligible developmentally delayed infants and toddlers, and (ii) students eligible for the mandatory special education program and who are age three or four, or five and not yet enrolled in kindergarten; and (b) the second category includes students who are eligible for the mandatory special education program and who are age five and enrolled in kindergarten and students age six through 21.

(5)(a) For the 2009-10 and 2010-11 school years, the superintendent shall make allocations to each district based on the sum of:

(i) A district's annual average headcount enrollment of students ages birth through four and those five year olds not yet enrolled in kindergarten, as defined in subsection (4) of this section, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools in the 2009-10 school year. In the 2010-11 school year, the per student allocation under this subsection (5)(b) shall include the same factors as in the 2009-10 school year, but shall also include the classified staff enhancements included in section 502(3)(b).

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age four enrollment and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education

2010 1ST SPECIAL SESSION

students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, (~~(\$73,668,000)~~) \$44,269,000 of the general fund--state appropriation and \$29,574,000 of the general fund--federal appropriation are provided for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (5) of this section. If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in this subsection (8) in any fiscal year, the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards. In the determination of need, the committee shall require that districts demonstrate that they are maximizing their eligibility for all state and federal revenues related to services for special education-eligible students. Awards associated with (b) and (c) of this subsection shall not exceed the total of a district's specific determination of need.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services. The safety net awards to school districts shall be adjusted to reflect amounts awarded under (b) of this subsection.

(d) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(f) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999. The state safety net oversight committee shall ensure that safety net documentation and awards are based on current medicaid revenue amounts.

(g) The office of the superintendent of public instruction, at the conclusion of each school year, shall recover safety net funds that were distributed prospectively but for which districts were not subsequently eligible.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

(a) One staff from the office of superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(11) The office of the superintendent of public instruction shall review and streamline the application process to access safety net funds, provide technical assistance to school districts, and annually survey school districts regarding improvement to the process.

(12) A maximum of \$678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(13) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(14) A school district may carry over from one year to the next year up to 10 percent of the general fund--state funds allocated under this program; however, carryover funds shall be expended in the special education program.

(15) \$262,000 of the general fund--state appropriation for fiscal year 2010 and \$251,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for two additional full-time equivalent staff to support the work of the safety net committee and to provide training and support to districts applying for safety net awards.

The appropriations in this section are subject to the following conditions and limitations:

(1) ~~(\$36,806,000)~~ \$35,804,000 of the general fund--state appropriation for fiscal year 2010, \$34,516,000 of the general fund--state appropriation for fiscal year 2011, \$1,350,000 of the education legacy trust account--state appropriation, and \$15,868,000 of the general fund--federal appropriation are provided solely for development and implementation of the Washington ~~((assessments of student learning (WASL)))~~ state assessment system, including: (i) Development and implementation of retake assessments for high school students who are not successful in one or more content areas ~~((of the WASL))~~; and (ii) development and implementation of alternative assessments or appeals procedures to implement the certificate of academic achievement. The superintendent of public instruction shall report quarterly on the progress on development and implementation of alternative assessments or appeals procedures. Within these amounts, the superintendent of public instruction shall contract for the early return of 10th grade student ~~((WASL))~~ assessment results, on or around June 10th of each year.

(2) \$3,249,000 of the general fund--state appropriation for fiscal year 2010 and \$3,249,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the design of the state assessment system and the implementation of end of course assessments for high school math.

(3) Within amounts provided in subsections (1) and (2) of this section, the superintendent of public instruction, in consultation with the state board of education, shall develop a statewide high school end-of-course assessment measuring student achievement of the state science standards in biology to be implemented statewide in the 2011-12 school year. By December 1, 2010, the superintendent of public instruction shall recommend whether additional end-of-course assessments in science should be developed and in which content areas. Any recommendation for additional assessments must include an implementation timeline and the projected cost to develop and administer the assessments.

(4) \$1,014,000 of the education legacy trust account appropriation is provided solely for allocations to districts for salaries and benefits for the equivalent of two additional professional development days for fourth and fifth grade teachers during the 2008-2009 school year. The allocations shall be made based on the calculations of certificated instructional staff units for fourth and fifth grade provided in section 502 of this act and on the calculations of compensation provided in sections 503 and 504 of this act. Districts may use the funding to support additional days for professional development as well as job-embedded forms of professional development.

~~((4))~~ (5) \$3,241,000 of the education legacy trust fund appropriation is provided solely for allocations to districts for salaries and benefits for the equivalent of three additional professional development days for middle and high school math and science teachers during the 2008-2009 school year, as well as specialized training for one math and science teacher in each middle school and high school during the 2008-2009 school year. Districts may use the funding to support additional days for professional development as well as job-embedded forms of professional development.

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

~~((5) \$3,850,000)~~ (6) \$3,773,000 of the education legacy trust account--state appropriation is provided solely for a math and science instructional coaches program pursuant to chapter 396, Laws of 2007. Funding shall be used to provide grants to schools and districts to provide salaries, benefits, and professional development activities for up to twenty-five instructional coaches in middle and high school math and twenty-five instructional coaches in middle and high school science in each year of the biennium; and up to \$300,000 may be used by the office of the superintendent of public instruction to administer and coordinate the program.

~~((6) \$1,781,000)~~ (7) \$1,740,000 of the general fund--state appropriation for fiscal year 2010 and ~~((1,943,000))~~ \$1,775,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to allow approved middle and junior high school career and technical education programs to receive enhanced vocational funding. The office of the superintendent of public instruction shall provide allocations to districts for middle and junior high school students in accordance with the funding formulas provided in section 502 of this act. If Second Substitute Senate Bill No. 5676 is enacted the allocations are formula-driven, otherwise the office of the superintendent shall consider the funding provided in this subsection as a fixed amount, and shall adjust funding to stay within the amounts provided in this subsection.

~~((7))~~ (8) \$139,000 of the general fund--state appropriation for fiscal year 2010 and \$139,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for (a) staff at the office of the superintendent of public instruction to coordinate and promote efforts to develop integrated math, science, technology, and engineering programs in schools and districts across the state; and (b) grants of \$2,500 to provide twenty middle and high school teachers each year professional development training for implementing integrated math, science, technology, and engineering program in their schools.

~~((8) \$1,579,000)~~ (9) \$1,473,000 of the general fund--state appropriation for fiscal year 2010 and ~~((1,579,000))~~ \$395,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the Washington state leadership and assistance for science education reform (LASER) regional partnership activities coordinated at the Pacific science center, including instructional material purchases, teacher and principal professional development, and school and community engagement events. Funding shall be distributed to the various LASER activities in a manner proportional to LASER program spending during the 2007-2009 biennium.

~~((9) \$81,010,000)~~ (10) \$88,981,000 of the education legacy trust account--state appropriation is provided solely for grants for voluntary full-day kindergarten at the highest poverty schools, as provided in chapter 400, Laws of 2007. The office of the superintendent of public instruction shall provide allocations to districts for recipient schools in accordance with the funding formulas provided in section 502 of this act. Each kindergarten student who enrolls for the voluntary full-day program in a recipient school shall count as one-half of one full-time equivalent student for the purpose of making allocations under this subsection. Although the allocations are formula-driven, the office of the superintendent shall consider the funding provided in this subsection as a fixed amount, and shall limit the number of recipient schools so as to stay within the amounts appropriated each fiscal year in this subsection. The funding provided in this subsection is estimated to provide full-day kindergarten programs for 20 percent of kindergarten enrollment. Funding priority shall be given to schools with the highest poverty levels, as measured by prior year free and reduced priced lunch eligibility rates in each school. Additionally, as a condition of funding, school districts must agree to provide the full-day program to the children of parents who request it in each

eligible school. For the purposes of calculating a school district levy base, funding provided in this subsection shall be considered a state block grant program under RCW 84.52.0531.

(a) Of the amounts provided in this subsection, a maximum of \$272,000 may be used for administrative support of the full-day kindergarten program within the office of the superintendent of public instruction.

(b) Student enrollment pursuant to this program shall not be included in the determination of a school district's overall K-12 FTE for the allocation of student achievement programs and other funding formulas unless specifically stated.

~~((4))~~ (11) \$700,000 of the general fund--state appropriation for fiscal year 2010 and \$900,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the development of a leadership academy for school principals and administrators. The superintendent of public instruction shall contract with an independent organization to design, field test, and implement a state-of-the-art education leadership academy that will be accessible throughout the state. Initial development of the content of the academy activities shall be supported by private funds. Semiannually the independent organization shall report on amounts committed by foundations and others to support the development and implementation of this program. Leadership academy partners, with varying roles, shall include the state level organizations for school administrators and principals, the superintendent of public instruction, the professional educator standards board, and others as the independent organization shall identify.

~~((4))~~ (12) \$105,754,000 of the general fund--federal appropriation is provided for preparing, training, and recruiting high quality teachers and principals under Title II of the no child left behind act.

Appropriation.....	\$47,980,000
TOTAL APPROPRIATION.....	<del>(\$795,209,000)</del>
	\$816,082,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The general fund--state appropriations in this section are subject to the following conditions and limitations:

(a) The appropriations include such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(b) Funding for school district learning assistance programs shall be allocated at maximum rates of \$281.71 per funded student for the 2009-10 school year and ~~(\$282.63)~~ \$283.00 per funded student for the 2010-11 school year exclusive of salary and benefit adjustments provided under section 504 of this act.

(c) A school district's funded students for the learning assistance program shall be the sum of the following as appropriate:

(i) The district's full-time equivalent enrollment in grades K-12 for the prior school year multiplied by the district's percentage of October headcount enrollment in grades K-12 eligible for free or reduced price lunch in the prior school year; and

(ii) If, in the prior school year, the district's percentage of October headcount enrollment in grades K-12 eligible for free or reduced price lunch exceeded forty percent, subtract forty percent from the district's percentage and multiply the result by the district's K-12 annual average full-time equivalent enrollment for the prior school year.

(d) In addition to the amounts allocated in (b) and (c) of this subsection, an additional amount shall be allocated to school districts with high concentrations of poverty and English language learner students, subject to the following rules and conditions:

(i) To qualify for additional funding under this subsection, a district's October headcount enrollment in grades kindergarten through grade twelve must have at least twenty percent enrolled in the transitional bilingual instruction program based on an average of the program headcount taken in October and May of the prior school year; and must also have at least forty percent eligible for free or reduced price lunch based on October headcount enrollment in grades kindergarten through twelve in the prior school year.

(ii) Districts meeting the specifications in (d)(i) of this subsection shall receive additional funded students for the learning assistance program at the rates specified in subsection (1)(b) of this section. The number of additional funded student units shall be calculated by subtracting twenty percent from the district's percent transitional bilingual instruction program enrollment as defined in (d)(i) of this subsection, and the resulting percent shall be multiplied by the district's kindergarten through twelve annual average full-time equivalent enrollment for the prior school year.

(2) Allocations made pursuant to subsection (1) of this section shall be adjusted to reflect ineligible applications identified through the annual income verification process required by the national school lunch program, as recommended in the report of the state auditor on the learning assistance program dated February, 2010.

~~(3)~~ The general fund--federal appropriation in this section is provided for Title I Part A allocations of the no child left behind act of 2001.

~~((3))~~ (4) A school district may carry over from one year to the next up to 10 percent of the general fund--state or education legacy

trust funds allocated under this program; however, carryover funds shall be expended for the learning assistance program.

((4)) (5) School districts are encouraged to coordinate the use of these funds with other federal, state, and local sources to serve students who are below grade level and to make efficient use of resources in meeting the needs of students with the greatest academic deficits.

((5)) (6) Within amounts appropriated in this section, funding is provided for the implementation of extended learning programs required in chapter 328, Laws of 2008.

~~((6) \$51,970,000 of the general fund--federal appropriation for fiscal year 2010 and \$77,955,000 of the general fund--federal appropriation for fiscal year 2011 of American recovery and reinvestment act of 2009 (ARRA) Title I, Part A funds are in addition to regular Title I, Part A allocations solely for allocation to eligible school districts in accordance with the guidelines of ARRA.~~

~~((7) \$48,981,000 of the general fund--federal appropriation from the American recovery and reinvestment act of 2009 (ARRA) is for school improvement. This consists of 4 percent, or \$5,413,000 of the Title I, Part A recovery funds which must be set aside for school improvement as well as \$43,568,000 in additional school improvement funds.)~~

Sec. 516. 2009 c 564 s 516 (uncodified) is amended to read as follows:

**FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR STUDENT ACHIEVEMENT PROGRAMS**

General Fund--State Appropriation (FY 2010).....	\$19,000
General Fund--State Appropriation (FY 2011).....	<del>(\$104,101,000)</del>
	\$25,730,000
General Fund--Federal Appropriation.....	\$200,295,000
TOTAL APPROPRIATION.....	<del>(\$304,396,000)</del>
	\$226,044,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for school district student achievement programs shall be allocated at a maximum rate of \$131.16 per FTE student for the 2009-10 school year and ~~((99.32))~~ \$0 per FTE student for the 2010-11 school year. For the purposes of this section, FTE student refers to the annual average full-time equivalent enrollment of the school district in grades kindergarten through twelve for the prior school year, as reported to the office of the superintendent of public instruction by August 31st of the previous school year.

(2) The appropriation is allocated for the following uses as specified in RCW 28A.505.210:

(a) To reduce class size by hiring certificated elementary classroom teachers in grades K-4 and paying nonemployee-related costs associated with those new teachers;

(b) To make selected reductions in class size in grades 5-12, such as small high school writing classes;

(c) To provide extended learning opportunities to improve student academic achievement in grades K-12, including, but not limited to, extended school year, extended school day, before-and-after-school programs, special tutoring programs, weekend school programs, summer school, and all-day kindergarten;

(d) To provide additional professional development for educators including additional paid time for curriculum and lesson redesign and alignment, training to ensure that instruction is aligned with state standards and student needs, reimbursement for higher education costs related to enhancing teaching skills and knowledge, and mentoring programs to match teachers with skilled, master teachers. The funding shall not be used for salary increases or additional compensation for existing teaching duties, but may be used for extended year and extended day teaching contracts;

(e) To provide early assistance for children who need prekindergarten support in order to be successful in school; or

(f) To provide improvements or additions to school building facilities which are directly related to the class size reductions and extended learning opportunities under (a) through (c) of this subsection (2).

(3) The superintendent of public instruction shall distribute the school year allocation according to the monthly apportionment schedule defined in RCW 28A.510.250.

(4) \$200,295,000 of the general fund--federal appropriation for fiscal year 2010 is provided solely for American recovery and reinvestment act of 2009 (ARRA) fiscal stabilization funds to restore state reductions for the student achievement program.

Sec. 517. 2009 c 564 s 518 (uncodified) is amended to read as follows:

**FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION.** (1) Appropriations made in this act to the office of the superintendent of public instruction shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act, except as expressly provided in subsection (2) of this section.

(2) The appropriations to the office of the superintendent of public instruction in this act shall be expended for the programs and amounts specified in this act. However, after May 1, 2010, unless specifically prohibited by this act and after approval by the director of financial management, the superintendent of public instruction may transfer state general fund appropriations for fiscal year 2010 among the following programs to meet the apportionment schedule for a specified formula in another of these programs: General apportionment; employee compensation adjustments; pupil transportation; special education programs; institutional education programs; transitional bilingual programs; and student achievement and learning assistance programs.

(3) The director of financial management shall notify the appropriate legislative fiscal committees in writing prior to approving any allotment modifications or transfers under this section.

**PART VI  
HIGHER EDUCATION**

Sec. 601. 2009 c 564 s 601 (uncodified) is amended to read as follows:

The appropriations in sections 605 through 611 of this act are subject to the following conditions and limitations:

(1) "Institutions" means the institutions of higher education receiving appropriations under sections 605 through 611 of this act.

(2) The legislature, the office of financial management, and other state agencies need consistent and accurate personnel data from institutions of higher education for policy planning purposes. Institutions of higher education shall report personnel data to the department of personnel for inclusion in the department's data warehouse. Uniform reporting procedures shall be established by the department of personnel for use by the reporting institutions, including provisions for common job classifications and common definitions of full-time equivalent staff. Annual contract amounts, number of contract months, and funding sources shall be consistently reported for employees under contract.

(3) In addition to waivers granted under the authority of RCW 28B.15.910, the governing boards and the state board may waive all or a portion of operating fees for any student. State general fund appropriations shall not be provided to replace tuition and fee

2010 1ST SPECIAL SESSION

revenue foregone as a result of waivers granted under this subsection.

(4) The colleges of education for institutions with appropriations in sections 606 through 611 shall develop a plan, by October 30, 2009, to increase the number of math and science teacher endorsements and certificates granted by the institution. The plan shall address the college's math and science teacher endorsement and certification completion goal for each of the next six years, beginning with the 2010-2011 academic year, and shall be reported to the governor, the relevant policy committees of the legislature, the higher education coordinating board (HECB) and the professional educator standards board (PESB). Plan components may address: Student advising practices, increased outreach and recruitment efforts to under-represented populations, linkages with university mathematics and science departments, and implementation of redesigned, innovative endorsement and certification programs. To accomplish this work, enrollments may need to be shifted from low-need endorsement and certificate areas to math and science. A report shall be made each October 30th to the HECB and PESB regarding the degree to which plan goals have been met and activities undertaken to support those outcomes.

(5) In accordance with RCW 28B.10.920 through 28B.10.922, the state performance agreement committee and each public four-year institution of higher education shall develop performance agreements for the period September 1, 2009, through June 30, 2015. The agreements shall reflect the level of state, tuition, and other resources appropriated or authorized for each institution in this act and in the omnibus 2009-11 omnibus capital budget act, as well as reasonably anticipated changes in such resources for the two subsequent biennia as required to accomplish the higher education master plan as adopted by the legislature. The agreements shall build upon each institution's actual performance relative to the 2011 targets previously negotiated between the institution, the higher education coordinating board, and the office of financial management, and shall include measurable performance targets, benchmarks, and goals in areas including but not limited to:

- (a) Student enrollment levels, by campus;
- (b) Baccalaureate and advanced degree production;
- (c) Baccalaureate and advanced degree production in high employer-demand fields;
- (d) Undergraduate retention and graduation rates;
- (e) Time-to-degree for students entering as freshmen, and as upper-division transfers;
- (f) Efficiency to degree; and
- (g) Capital investment as required to (i) maintain existing capacity, and (ii) meet enrollment targets in accordance with the master plan as adopted by the legislature.

Each institution shall report progress toward its performance targets during the preceding academic year to the state performance agreement committee prior to November 1, 2010. The higher education coordinating board shall consolidate and summarize the institutional reports, and provide them to the relevant policy and fiscal committees of the legislature by December 1, 2010.

(6) To facilitate transparency and compliance with the American recovery and reinvestment act, the institutions of higher education receiving state and federal appropriations under sections 605 through 611 of this act shall allot anticipated state, federal, and tuition expenditures by budget program and fiscal year. The office of financial management shall notify the legislative ways and means committees of the proposed allotments at least ten days prior to their approval.

(7) To the extent permitted by the applicable personnel system rules, and to the extent collectively bargained with represented employees, institutions of higher education are encouraged to achieve the reductions in full-time-equivalent employment and

payroll levels necessary to operate within this budget through strategies that will minimize impacts on employees, their families, their communities, and short- and longer-term accomplishment of institutional mission. Institutions are encouraged to utilize strategies such as reduced work-hours per day or week, voluntary leave without pay, and temporary furloughs that enable employees to maintain permanent employment status. Institutions are further encouraged to implement such strategies in ways that will enable employees to maintain full insurance benefits, full retirement service credit, and a living wage.

(8)(a) For institutions receiving appropriations in section 605 of this act the only allowable salary increases provided are those with normally occurring promotions and increases related to faculty and staff retention, to the extent permitted by Engrossed Substitute Senate Bill No. 5460, ~~((and))~~ House Bill No. 2328, and Substitute Senate Bill No. 6382. In fiscal year 2010 and fiscal year 2011, the state board for community and technical colleges may use salary and benefit savings from faculty turnover to provide salary increments and associated benefits for faculty who qualify through professional development and training.

(b) For employees under the jurisdiction of chapter 41.56 RCW, salary increases will be in accordance with the applicable collective bargaining agreement. However, an increase shall not be provided to any classified employee whose salary is above the approved salary range maximum for the class to which the employee's position is allocated.

(c) For each institution of higher education receiving appropriations under sections 606 through 611 of this act:

(i) The only allowable salary increases are those associated with normally occurring promotions and increases related to faculty and staff retention, to the extent permitted by Engrossed Substitute Senate Bill No. 5460 ~~((and))~~, House Bill No. 2328, and Substitute Senate Bill No. 6382; and

(ii) Institutions may provide salary increases from other sources to instructional and research faculty, exempt professional staff, teaching and research assistants, as classified by the office of financial management, and all other nonclassified staff, but not including employees under RCW 28B.16.015, to the extent permitted by Engrossed Substitute Senate Bill No. 5460 ~~((and))~~, House Bill No. 2328, and Substitute Senate Bill No. 6382. Any salary increase granted under the authority of this subsection (8)(c)(ii) shall not be included in an institution's salary base for future state funding. It is the intent of the legislature that state general fund support for an institution shall not increase during the current or any future biennium as a result of any salary increases authorized under this subsection (8)(c)(ii).

**Sec. 602.** 2009 c 564 s 602 (uncodified) is amended to read as follows:

(1) Within the funds appropriated in this act, each institution of higher education is expected to enroll and educate at least the following numbers of full-time equivalent state-supported students per academic year:

	2009-10 Annual Average	2010-11 Annual Average
University of Washington	36,546	37,162

sector and region of the state, and the results of the partnerships supported by these funds.

(3) Of the amounts appropriated in this section, \$3,500,000 is provided solely for the student achievement initiative.

(4) When implementing the appropriations in this section, the state board and the trustees of the individual community and technical colleges shall minimize impact on academic programs, maximize reductions in administration, and shall at least maintain, and endeavor to increase, enrollment opportunities and degree and certificate production in high employer-demand fields of study at their academic year 2008-09 levels.

(5) Within the board's 2009-11 biennial budget allocation to Bellevue College, and pursuant to RCW 28B.50.810, the college may implement, on a tuition and fee basis, an additional applied baccalaureate degree in interior design. This program is intended to provide students with additional opportunities to earn baccalaureate degrees and to respond to emerging job and economic growth opportunities. The program reviews and approval decisions required by RCW 28B.50.810 (3) and (4) shall be completed by July 31, 2009, so that the degree may be offered during the 2009-10 academic year.

(6) In accordance with the recommendations of the higher education coordinating board's 2008 *Kitsap region higher education center study*, the state board shall facilitate development of university centers by allocating thirty 2-year and 4-year partnership full-time enrollment equivalencies to Olympic College and ten 2-year and 4-year partnership full-time enrollment equivalencies to Peninsula College. The colleges shall use the allocations to establish a partnership with a baccalaureate university or universities for delivery of upper division degree programs in the Kitsap region. The Olympic and Peninsula Community College districts shall additionally work together to ensure coordinated development of these and other future baccalaureate opportunities through coordinated needs assessment, planning, and scheduling.

(7) By September 1, 2009, the state board for community and technical colleges, the higher education coordinating board, and the office of financial management shall review and to the extent necessary revise current 2009-11 performance measures and targets based on the level of state, tuition, and other resources appropriated or authorized in this act and in the omnibus 2009-11 omnibus capital budget act. The boards and the office of financial management shall additionally develop new performance targets for the 2011-13 and the 2013-15 biennia that will guide and measure the community and technical college system's contributions to achievement of the state's higher education master plan goals.

(8) \$2,250,000 of the general fund--state appropriation for fiscal year 2010 and \$2,250,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the hospital employee education and training program under which labor, management, and college partnerships develop or expand and evaluate training programs for incumbent hospital workers that lead to careers in nursing and other high-demand health care occupations. The board shall report student progress, outcomes, and costs to the relevant fiscal and policy committees of the legislature by November 2009 and November 2010.

(9) Community and technical colleges are not required to send mass mailings of course catalogs to residents of their districts. Community and technical colleges shall consider lower cost alternatives, such as mailing postcards or brochures that direct individuals to online information and other ways of acquiring print catalogs.

(10) \$1,112,000 of the general fund--state appropriation for fiscal year 2010 and \$1,113,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the state board to enhance online distance learning and open courseware

(2) In achieving or exceeding these enrollment targets, each institution shall seek to:

(a) Maintain and to the extent possible increase enrollment opportunities at branch campuses;

(b) Maintain and to the extent possible increase enrollment opportunities at university centers and other partnership programs that enable students to earn baccalaureate degrees on community college campuses; and

(c) Eliminate and consolidate programs of study for which there is limited student or employer demand, or that are not areas of core academic strength for the institution, particularly when such programs duplicate offerings by other in-state institutions.

(3) By September 1, 2009, each institution shall report to the higher education committees and the relevant fiscal committees of the legislature on its plans for achieving the objectives in this section.

(4) For purposes of monitoring and reporting statewide enrollment, the University of Washington and Washington State University shall notify the office of financial management of the number of full-time student equivalent enrollments budgeted for each of their campuses.

The appropriations in this section are subject to the following conditions and limitations:

(1) In implementing the appropriations in this section, the president and regents shall seek to minimize impacts on student services and instructional programs by maximizing reductions in administration and other non-instructional activities.

(2) Because higher education is an essential driver of economic recovery and development, the university shall maintain, and endeavor to increase, enrollment and degree production levels at or beyond their academic year 2008-09 levels in the following high-demand fields: Biological and biomedical sciences; computer and information sciences; education with specializations in special education, math, or science; engineering and engineering

technology; health professions and related clinical sciences; and mathematics and statistics.

(3) \$75,000 of the general fund--state appropriation for fiscal year 2010 and \$75,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for forestry research by the Olympic natural resources center.

(4) \$150,000 of the general fund--state appropriation for fiscal year 2010 is provided solely for the William D. Ruckelshaus center for facilitation, support, and analysis to support the nurse staffing steering committee in its work to apply best practices related to patient safety and nurse staffing.

(5) \$54,000 of the general fund--state appropriation for fiscal year 2010 and \$54,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the University of Washington geriatric education center to provide a voluntary adult family home certification program. In addition to the minimum qualifications required under RCW 70.128.120, individuals participating in the voluntary adult family home certification program shall complete fifty-two hours of class requirements as established by the University of Washington geriatric education center. Individuals completing the requirements of RCW 70.128.120 and the voluntary adult family home certification program shall be issued a certified adult family home license by the department of social and health services. The department of social and health services shall adopt rules implementing the provisions of this subsection.

(6) \$50,000 of the general fund--state appropriation for fiscal year 2010 and \$52,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the center for international trade in forest products in the college of forest resources.

(7)(a) \$183,000 of the general fund--state appropriation for fiscal year 2011 is for the technology law and public policy clinic at the University of Washington school of law to prepare a comprehensive report identifying and analyzing trends in the telecommunications industry and pathways for telecommunications regulatory reform. The report must include, but not be limited to, a review of the following issues: (i) The taxation treatment of all telecommunications services that provide the same or functionally equivalent services; (ii) the character and degree of competition in the telecommunications market; (iii) the regulatory, legal, and economic barriers to adequate competition, actual or perceived, that exist; (iv) what changes could be made in policy, law, or administrative rule to address any actual or perceived barriers to competition; and (v) the role of the utilities and transportation commission in the oversight and regulation of telecommunications services.

(b) The technology law and public policy clinic shall consult with local governments, public utility districts, telecommunications service providers, the utilities and transportation commission, the department of revenue, and other stakeholders in preparing its analysis and report.

(c) By December 1, 2011, the technology law and public policy clinic shall issue a report to the legislature with recommendations on legislative action that may be necessary in order to effectuate telecommunications regulatory reform in Washington.

(8) \$250,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for joint planning to increase the number of residency positions and programs in eastern Washington and Spokane within the existing Washington, Wyoming, Alaska, Montana, Idaho (WWAMI) regional medical education program partnership between the University of Washington school of medicine, Washington State University, and area physicians and hospitals. The joint planning efforts are to include preparation of applications for new residency programs in family medicine, internal medicine, obstetrics, psychiatry and general surgery;

business plans for those new programs; and for increasing the number of positions in existing programs among regional academic and hospital partners and networks. The results of the joint planning efforts, including the status of the application preparation and business plan, must be reported to the house of representatives committee on higher education and the senate committee on higher education and workforce development by December 1, 2010.

(9) \$25,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for implementation of chapter 164, Laws of 2010 (local government infrastructure). The University of Washington shall use a qualified researcher to report the percentage probability that the application's assumptions and estimates of jobs created and increased tax receipts will be achieved by the projects. In making this report, the qualified researcher shall work with the department of revenue and the applicants to develop a series of factors that are based on available economic metrics and sound principles.

**Sec. 605.** 2009 c 564 s 607 (uncodified) is amended to read as follows:

**FOR WASHINGTON STATE UNIVERSITY**

	\$34,435,000
TOTAL APPROPRIATION.....	(\$425,209,000)
	\$397,952,000

The appropriations in this section are subject to the following conditions and limitations:

(1) In implementing the appropriations in this section, the president and regents shall seek to minimize impacts on student services and instructional programs by maximizing reductions in administration and other non-instructional activities.

(2) Because higher education is an essential driver of economic recovery and development, the university shall maintain, and endeavor to increase, enrollment and degree production levels at or beyond their academic year 2008-09 levels in the following high-demand fields: Biological and biomedical sciences; computer and information sciences; education with specializations in special education, math, or science; engineering and engineering technology; health professions and related clinical sciences; and mathematics and statistics.

(3) When implementing reductions for fiscal year 2010 and fiscal year 2011, Washington State University shall minimize reductions to extension services and agriculture extension services. Agriculture extension includes:

(a) Faculty with extension appointments working within the following departments in the college of agricultural, human, and natural resource sciences with extension appointments: Animal sciences, crop and soil sciences, entomology, horticulture, and plant pathology;

(b) The portion of county extension educators' appointments assigned to the "agricultural programs" area;

(c) Staff with extension appointments and extension operating allocations located at the irrigated agriculture research and extension center (Prosser), northwest Washington research and extension center (Mt. Vernon), and tree fruit research and extension center (Wenatchee); and

(d) Extension contributions to the center for precision agricultural systems, center for sustaining agriculture and natural resources, and the agriculture weather network.

(4) \$75,000 of the general fund--state appropriation for fiscal year 2010 and \$75,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for research related to honeybee colony collapse disease.

(5) \$100,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the small business development center. The center must, consistent with the scope, goals, deliverables, and timeline of work specified in the annual cooperative agreement with the United States small business administration:

(a) Develop and maintain a state comprehensive plan for the coordination and integration of small business and entrepreneurial development programs and the operations of a statewide small business and entrepreneurial development system. The plan must include but not be limited to setting measurable goals, objectives, and priorities;

(b) Advocate for the state's small business and entrepreneurial development system and for meeting the needs of small start-ups and existing entrepreneurs;

(c) Work with private and public entrepreneurial development and small business assistance providers to develop entrepreneurial training and small business assistance instructional materials and curricula that meet the particular entrepreneurial development and small business assistance needs of rural and low-income communities and small manufacturers interested in exporting; and

(d) Identify policies to reduce administrative and other barriers to efficient delivery and coordination of small business and entrepreneurial assistance.

(2) Because higher education is an essential driver of economic recovery and development, the college shall maintain, and endeavor to increase, enrollment and degree production levels at or beyond their academic year 2008-09 levels in the following high-demand fields: Biological and biomedical sciences; computer and information sciences; education with specializations in special education, math, or science; engineering and engineering technology; health professions and related clinical sciences; and mathematics and statistics.

(3)(a) At least \$100,000 of the general fund--state appropriation for fiscal year 2010 (~~and at least \$100,000 of the general fund--state appropriation for fiscal year 2011~~) shall be expended on the labor education and research center.

(b) In fiscal year 2011 the labor education and research center shall be transferred from The Evergreen State College to south Seattle community college.

(4) \$100,000 of the general fund--state appropriation for fiscal year 2010 and \$100,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the Washington state institute for public policy to report to the legislature regarding efficient and effective programs and policies. The report shall calculate the return on investment to taxpayers from evidence-based prevention and intervention programs and policies that influence crime, K-12 education outcomes, child maltreatment, substance

abuse, mental health, public health, public assistance, employment, and housing. The institute for public policy shall provide the legislature with a comprehensive list of programs and policies that improve these outcomes for children and adults in Washington and result in more cost-efficient use of public resources. The institute shall submit interim reports by December 15, 2009, and October 1, 2010, and a final report by June 30, 2011. The institute may receive additional funds from a private organization for the purpose of conducting this study.

(5) To the extent federal or private funding is available for this purpose, the Washington state institute for public policy and the center for reinventing public education at the University of Washington shall examine the relationship between participation in pension systems and teacher quality and mobility patterns in the state. The department of retirement systems shall facilitate researchers' access to necessary individual-level data necessary to effectively conduct the study. The researchers shall ensure that no individually identifiable information will be disclosed at any time. An interim report on project findings shall be completed by November 15, 2010, and a final report shall be submitted to the governor and to the relevant committees of the legislature by October 15, 2011.

(6) At least \$200,000 of the general fund--state appropriation for fiscal year 2010 and at least \$200,000 of the general fund--state appropriation for fiscal year 2011 shall be expended on the Washington center for undergraduate education.

(7) \$15,000 of the general fund--state appropriation for fiscal year 2010 is provided solely for the Washington state institute for public policy to examine the need for and methods to increase the availability of nonfood items, such as personal hygiene supplies, soaps, paper products, and other items, to needy persons in the state. The study shall examine existing private and public programs that provide such products, and develop recommendations for the most cost-effective incentives for private and public agencies to increase local distribution outlets and local and regional networks of supplies. A final report shall be delivered to the legislature and the governor by December 1, 2009.

(8) \$17,000 of the general fund--state appropriation for fiscal year 2010 and \$42,000 of the general fund--state appropriation for fiscal year 2011 are provided to the Washington state institute for public policy to implement Second Substitute House Bill No. 2106 (child welfare outcomes). 	<u>\$16,295,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Within the funds appropriated in this section, the higher education coordinating board shall complete a system design planning project that defines how the current higher education delivery system can be shaped and expanded over the next ten years to best meet the needs of Washington citizens and businesses for high quality and accessible post-secondary education. The board

shall propose policies and specific, fiscally feasible implementation recommendations to accomplish the goals established in the 2008 *strategic master plan for higher education*. The project shall specifically address the roles, missions, and instructional delivery systems both of the existing and of proposed new components of the higher education system; the extent to which specific academic programs should be expanded, consolidated, or discontinued and how that would be accomplished; the utilization of innovative instructional delivery systems and pedagogies to reach both traditional and nontraditional students; and opportunities to consolidate institutional administrative functions. The study recommendations shall also address the proposed location, role, mission, academic program, and governance of any recommended new campus, institution, or university center. During the planning process, the board shall inform and actively involve the chairs from the senate and house of representatives committees on higher education, or their designees. The board shall report the findings and recommendations of this system design planning project to the governor and the appropriate committees of the legislature by December 1, 2009.

(2) \$146,000 of the general fund--state appropriation for fiscal year 2010 and \$65,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the higher education coordinating board to administer Engrossed Second Substitute House Bill No. 2021 (revitalizing student financial aid). State need grant~~((:))~~ and the Washington award for vocational excellence~~((, and state work study awards))~~ shall be adjusted to offset the cost of the resident undergraduate tuition increases, limited to those tuition increases authorized under this act. The Washington scholars program shall provide awards sufficient to offset ninety percent of the total tuition and fee award.

(2)(a) Within the funds appropriated in this section, eligibility for the state need grant shall include students with family incomes at or below 70 percent of the state median family income (MFI), adjusted for family size. Awards for all students shall be adjusted by the estimated amount by which Pell grant increases exceed projected increases in the noninstructional costs of attendance. Awards for students with incomes between 51 and 70 percent of the state median shall be prorated at the following percentages of the award amount granted to those with incomes below 51 percent of the MFI: 70 percent for students with family incomes between 51 and 55 percent MFI; 65 percent for students with family incomes between 56 and 60 percent MFI; 60 percent for students with family incomes between 61 and 65 percent MFI; and 50 percent for students with family incomes between 66 and 70 percent MFI.

(b) Grant awards for students at private four-year colleges shall be set at the same level as the student would receive if attending one of the public research universities.

~~(3) (((\$1,000,000 of the education legacy trust account--state appropriation is provided solely to encourage more students to teach secondary mathematics and science. \$500,000 of this amount is for the future teacher scholarship and conditional loan program. \$500,000 of this amount is provided to support state work study positions for students to intern in secondary schools and classrooms.)) To the maximum extent practicable, the board shall provide state work study subsidies only to resident students during the 2010-11 academic year. Additionally, in order to provide work opportunities to as many resident students as possible, the board is encouraged to increase the proportion of student wages that is to be paid by both proprietary and nonprofit, public, and private employers.~~

(4) \$3,872,000 of the education legacy trust account--state appropriation is provided solely for the passport to college scholarship program pursuant to chapter 28B.117 RCW. The higher education coordinating board shall contract with a college scholarship organization with expertise in managing scholarships for low-income, high-potential students and foster care children and young adults to administer the program. Of the amount in this subsection, \$39,000 is provided solely for the higher education coordinating board for administration of the contract and the remaining shall be contracted out to the organization for the following purposes:

(a) \$384,000 is provided solely for program administration, and

(b) \$3,449,000 is provided solely for student financial aid for up to 151 students and to fund student support services. Funds are provided for student scholarships, provider training, and for incentive payments to the colleges they attend for individualized student support services which may include, but are not limited to, college and career advising, counseling, tutoring, costs incurred for students while school is not in session, personal expenses, health insurance, and emergency services.

(5) \$1,250,000 of the general fund--state appropriation for fiscal year 2010 ~~((and \$1,250,000 of the general fund--state appropriation for fiscal year 2011 are))~~ is provided solely for the health professional scholarship and loan program. The funds provided in

this subsection shall be: (a) Prioritized for health care deliver sites demonstrating a commitment to serving the uninsured; and (b) allocated between loan repayments and scholarships proportional to current program allocations.

(6) For fiscal year 2010 and fiscal year 2011, the board shall defer loan or conditional scholarship repayments to the future teachers conditional scholarship and loan repayment program for up to one year for each participant if the participant has shown evidence of efforts to find a teaching job but has been unable to secure a teaching job per the requirements of the program.

(7) \$246,000 of the general fund--state appropriation for fiscal year 2010 and \$246,000 of the general fund--state appropriation for fiscal year 2011 are for community scholarship matching grants and its administration. To be eligible for the matching grant, nonprofit groups organized under section 501(c)(3) of the federal internal revenue code must demonstrate they have raised at least \$2,000 in new moneys for college scholarships after the effective date of this section. Groups may receive no more than one \$2,000 matching grant per year and preference shall be given to groups affiliated with scholarship America. Up to a total of \$46,000 per year of the amount appropriated in this section may be awarded to a nonprofit community organization to administer scholarship matching grants, with preference given to an organization affiliated with scholarship America.

(8) \$500,000 of the general fund--state appropriation for fiscal year 2010 and \$500,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for state need grants provided to students enrolled in three to five credit-bearing quarter credits, or the equivalent semester credits. **Sec. 614.** 2009 c 564 s 616 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF EARLY LEARNING**

General Fund--State Appropriation (FY 2010).....	<del>(\$60,478,000)</del>
	<u>\$60,400,000</u>
General Fund--State Appropriation (FY 2011).....	<del>(\$61,045,000)</del>
	<u>\$21,241,000</u>
General Fund--Federal Appropriation.....	<del>(\$244,859,000)</del>
	<u>\$265,305,000</u>
Opportunity Pathways Account--State Appropriation.....	<u>\$40,000,000</u>
TOTAL APPROPRIATION.....	<del>(\$366,382,000)</del>
	<u>\$386,946,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) ~~(\$55,696,000)~~ \$54,878,000 of the general fund--state appropriation for fiscal year 2010 and ~~(\$55,696,000)~~ \$14,685,000 of the general fund--state appropriation for fiscal year 2011, and \$40,000,000 of the opportunity pathways account appropriation are provided solely for early childhood education and assistance program services. This appropriation temporarily reduces the number of slots for the 2009-11 fiscal biennium for the early childhood education and assistance program. The department shall reduce slots where providers serve both federal headstart and early childhood education and assistance program children, to the greatest extent possible, in order to achieve no reduction of slots across the state. The amounts in this subsection also reflect reductions to the administrative expenditures for the early childhood education and assistance program. The department shall reduce administrative expenditures, to the greatest extent possible, prior to reducing early childhood education and assistance program slots. Of these amounts, \$10,284,000 is a portion of the biennial amount of state matching dollars required to receive federal child care and development fund grant dollars.

(2) \$1,000,000 of the general fund--federal appropriation is provided to the department to contract with Thrive by Five, Washington for a pilot project for a quality rating and improvement system to provide parents with information they need to choose quality child care and education programs and to improve the quality of early care and education programs. The department in

collaboration with Thrive by Five shall operate the pilot projects in King, Yakima, Clark, Spokane, and Kitsap counties. The department shall use child care development fund quality money for this purpose.

(3) \$425,000 of the general fund--state appropriation for fiscal year 2010, ~~(\$425,000)~~ \$213,000 of the general fund--state appropriation for fiscal year 2011, and \$850,000 of the general fund--federal appropriation are provided solely for child care resource and referral network services. The general fund--federal funding represents moneys from the American recovery and reinvestment act of 2009 (child care development block grant).

(4) \$750,000 of the general fund--state appropriation for fiscal year 2010, \$750,000 of the general fund--state appropriation for fiscal year 2011, and \$1,500,000 of the general fund--federal appropriation are provided solely for the career and wage ladder program created by chapter 507, Laws of 2005. The general fund--federal funding represents moneys from the American recovery and reinvestment act of 2009 (child care development block grant).

(5) \$50,000 of the general fund--state appropriation for fiscal year 2010 and \$50,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the department to work with stakeholders and the office of the superintendent of public instruction to identify and test a kindergarten assessment process and tools in geographically diverse school districts. School districts may participate in testing the kindergarten assessment process on a voluntary basis. The department shall report to the legislature on the kindergarten assessment process not later than January 15, 2011. Expenditure of amounts provided in this subsection is contingent on receipt of an equal match from private sources. As matching funds are made available, the department may expend the amounts provided in this subsection.

(6) \$1,600,000 of the general fund--federal appropriation is provided solely for the department to fund programs to improve the quality of infant and toddler child care through training, technical assistance, and child care consultation.

(7) \$200,000 of the general fund--state appropriation for fiscal year 2010 and \$200,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to develop and provide culturally relevant supports for parents, family, and other caregivers. (8) The legislature notes that the department of early learning is developing a plan for improving child care licensing and is consulting, as practicable, with parents, licensed child care providers, and stakeholders from the child care community. The plan shall outline the processes and specify the resources necessary for improvements such as continuing licenses, child care licensing technology, and weighted child care regulations, including development of risk-based decision making models and inclusive, evidence-based rule making. The department shall submit to the appropriate committees of the legislature a plan by January 15, 2011.

(9) The department is the lead agency for and recipient of the federal child care and development fund grant. Amounts within this grant shall be used to fund child care licensing, quality initiatives, agency administration, and other costs associated with child care subsidies. The department shall transfer a portion of this grant to the department of social and health services to partially fund the child care subsidies paid by the department of social and health services on behalf of the department of early learning.

(10) The department shall use child care development fund money to satisfy the federal audit requirement of the improper payments act (IPIA) of 2002. In accordance with the IPIA's rules, the money spent on the audits will not count against the five percent state limit on administrative expenditures.

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

(11) Within available amounts, the department in consultation with the office of financial management and the department of social and health services shall report quarterly enrollments and active caseload for the working connections child care program to the legislative fiscal committees. The report shall also identify the number of cases participating in both temporary assistance for needy families and working connections child care.

(12) The appropriations in this section reflect reductions in the appropriations for the department's administrative expenses. It is the intent of the legislature that these reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect direct client services or direct service delivery or program.

(13) \$500,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the department to contract with the private-public partnership established in chapter 43.215 RCW for home visitation programs. Of this amount, \$200,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for expenditure into the home visiting services account created in Part IX of this act to be used for contracts for home visitation with the private-public partnership.

(14) In accordance to RCW 43.215.255(2) and 43.135.055, the department is authorized to increase child care center licensure fees by fifty-two dollars for the first twelve children and an additional four dollars per additional child in fiscal year 2011 for costs to the department for the licensure activity, including costs of necessary inspection.

**Sec. 615.** 2009 c 564 s 617 (uncodified) is amended to read as follows:

**FOR THE STATE SCHOOL FOR THE BLIND**

NEW SECTION. Sec. 710. A new section is added to 2009 c 564 (uncodified) to read as follows:

STRATEGIC PRINTING STRATEGY. (1) The office of financial management shall work with the appropriate state agencies to generate savings of \$1,500,000 from the state general fund that can arise from a strategic printing strategy. From appropriations in this act, the office of financial management shall reduce general fund--state allotments by \$1,500,000 for fiscal year 2011 to reflect the savings from the strategic printing strategy. The allotment reductions shall be placed in unallotted status and remain unexpended.

(2) The office of financial management, with the assistance of the department of information services and the department of printing, shall conduct an analysis of the state's printing processes to identify the most reasonable strategies of attaining a statewide savings target of \$1,500,000 without affecting direct program activities. The strategies shall include, but not be limited to, standardizing envelopes, utilizing print management, and streamlining processes. Pursuant to RCW 41.06.142(3), the strategies shall also include, on the approval of the office of financial management, pilot projects to authorize state agencies and institutions to directly acquire printing services. The analysis shall identify savings by agency and fund that will result from the implementation of a strategic printing strategy. The results of this analysis shall then be provided to the director of financial management and appropriate legislative committees by July 1,

The appropriation in this section is subject to the following conditions and limitations: The motor vehicle account appropriation is provided solely for the department of transportation program delivery management and support program's compliance with its national pollution discharge elimination system permit. The department's work may include the competition of system development, reporting, and planning to meet deadlines in the current biennium.

**NEW SECTION. Sec. 717.** A new section is added to 2009 c 564 (uncodified) to read as follows:

**FOR THE OFFICE OF FINANCIAL MANAGEMENT--AGENCY REALLOCATION AND REALIGNMENT COMMISSION**

General Fund--State Appropriation (FY 2011) .....\$250,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The agency reallocation and realignment of Washington (ARROW) commission on restructuring state government is established, with members as provided in this section.

(a) The governor, the president of the senate, and the speaker of the house of representatives shall each appoint two members to the commission, each of whom shall have broad statewide policy and fiscal experience. Each appointing authority shall appoint a member to replace any member who resigns.

(b) The commission shall choose its chair from among its membership or may select a representative of the administering higher education institution as chair. The president of the senate and the speaker of the house, or their mutually selected designee, shall convene the initial meeting of the commission and shall preside until a chair is chosen.

(2) The commission shall:

(a) Review budget, revenue, and caseload forecasts and estimates over the ensuing six-year period;

(b) Examine current operations and organization of state government, assuming no expansion of current funding sources; and

(c) Evaluate operational and organizational restructuring possibilities to find cost savings and efficiencies in order to maintain or enhance governmental functions with fewer resources.

(3) The commission may make proposals to:

(a) Adopt methods and procedures for reducing expenditures to the lowest amount consistent with the efficient performance of essential services, activities, and functions;

(b) Eliminate duplication and overlapping of services, activities, and functions, and time-consuming or wasteful practices;

(c) Consolidate services, activities, and functions of a similar nature;

(d) Abolish services, activities, and functions to improve the efficient operation of government;

(e) Eliminate state departments and agencies, create new state departments and agencies, reorganize existing state departments and agencies, and transfer functions and responsibilities among state departments and agencies;

(f) Define or redefine the duties and responsibilities of state officers; and

(g) Revise present provisions for continuing appropriations of state funds of whatever kind for whatever purpose, eliminate any such existing provisions, or adopt new provisions.

(4) Staffing and administrative support to the commission shall be provided by a university or college that volunteers to do so.

(5) Commissioners are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060 from funds appropriated to the commission.

(6) The expenses of the commission shall be paid out of funds appropriated to the commission, funds made available by the university or college administering the commission, and gifts, grants, and donations.

(7) The commission shall report its findings and recommendations, including proposed legislation, to the appropriate committees of the legislature. Recommendations may be in bill form as proposed legislation, as appropriations or revenue proposals, revisions to administrative rules, or other appropriate formats.

(8) The office of the code reviser shall assist the commission with bill drafting as needed.

(9) This section expires June 30, 2011.

**PART IX  
MISCELLANEOUS**

**Sec. 901.** 2010 c 3 s 601 (uncodified) is amended to read as follows:

**NEW HIRES.** (1) From the effective date of this section until July 1, 2011, state agencies of the legislative, executive, and judicial branches shall not establish new staff positions or fill vacant existing staff positions except as specifically authorized by this section.

(2) The following activities of state agencies are exempt from subsection (1) of this section:

(a) Direct custody, supervision, and patient care in corrections, juvenile rehabilitation, institutional care of veterans, the mentally ill, developmentally disabled, state hospitals, the special commitment center, and the schools for the blind and the deaf;

(b) Direct protective services to children and other vulnerable populations in the department of social and health services;

(c) Washington state patrol investigative services and field enforcement;

(d) Hazardous materials response and emergency cleanup;

(e) Emergency public health and patient safety response and the public health laboratory;

(f) Military operations and emergency management within the military department;

(g) Firefighting;

(h) Enforcement officers in the department of fish and wildlife, the liquor control board, the gambling commission, and the department of natural resources;

(i) Park rangers at the parks and recreation commission;

(j) Seasonal employment by natural resources agencies to the extent that employment levels do not exceed the prior fiscal year;

(k) Seasonal employment in the department of transportation maintenance programs to the extent that employment levels do not exceed the prior fiscal year;

(l) Employees hired on a seasonal basis by the department of agriculture for inspection and certification of agricultural products and for insect detection;

(m) Activities directly related to tax and fee collection, revenue generation, auditing, and recovery;

(n) In institutions of higher education, any positions directly related to academic programs, as well as positions not funded from state funds or tuition, positions that are filled by enrolled students at their own institution as student workers, positions in campus police and security, positions related to emergency management and response, and positions related to student health care and counseling;

(o) Operations of the state lottery and liquor control board business enterprises;

(p) The unemployment insurance program of the employment security department; and

(q) Activities that are necessary to receive or maintain federal funds by the state.

(3) The exemptions specified in subsection (2) of this section do not require the establishment of new staff positions or the filling of vacant staff positions in the activities specified.

(4) Exceptions to this section may be granted under section 605 of this act.

(5) Also exempted from this section are positions related to facility realignments in the department of corrections, positions related to the transfer of programs between state agencies assumed in this act, and disability determination staff funded solely by federal funds.

**NEW SECTION. Sec. 902.** A new section is added to 2009 c 564 (uncodified) to read as follows:

**AGENCY STAFFING.** (1) By July 1, 2010, all state agencies must prepare and submit to the office of financial management staffing plans for fiscal year 2011. The first plan must list, by month and by job class, the number of budgeted FTEs, salaries, and benefits for the state general fund. The second plan must list, by month and by job class, the number of budgeted FTEs, salaries, and benefits for the total of all other allotted funds. The plans must be submitted at the same organizational level of detail as funds are appropriated to the agency. Agency allotments and staffing plans submitted to the office of financial management must be consistent.

(2) Agencies may only allot FTEs to the extent that the funding allotment contains sufficient funding to fully support those positions. To the extent that allotted FTEs would exceed available funding to support those positions, agencies shall request that the office of financial management revise their full-time equivalent staff allotment to the funded level; legislative and judicial agencies shall report the revised level to the office of financial management. The office of financial management shall summarize, by agency, the changes made under this subsection and provide that information to the appropriate fiscal committees of the legislature by October 1, 2010.

(3) Each agency shall report to the office of financial management the number of FTEs filled, by job class, as of July 1, 2010. The information must be provided at the same level of detail as is contained in the staffing plan. For any positions that are vacant on that date, the agency shall list the date that position was last filled. The office of financial management shall summarize information provided under this subsection and report to the appropriate fiscal committees of the legislature by October 1, 2010.

**NEW SECTION. Sec. 903.** A new section is added to 2009 c 564 (uncodified) to read as follows:

**STATE HOUSING FINANCE COMMISSION--FORECLOSURE REVIEW.** In an effort to reduce the number of residential foreclosures while protecting the interests of both borrowers and beneficiaries, the state housing finance commission shall conduct a review of the effectiveness of RCW 61.24.031, which requires a beneficiary or authorized agent to contact the borrower before issuing a notice of default for the purposes of assessing the borrower's financial ability to repay the debt and discussing alternatives to foreclosure. The commission's review of the process shall, at a minimum, examine whether the contact requirement has resulted in an increase in the number of loan modifications and whether additional statutory provisions, such as mandatory mediation, are needed to produce effective communication between beneficiaries and borrowers. The state housing finance commission shall report its findings and any recommendations for legislation to the appropriate committees of the legislature by November 30, 2010.

**NEW SECTION. Sec. 904.** A new section is added to 2009 c 564 (uncodified) to read as follows:

**COLLECTIVE BARGAINING AGREEMENT--WSRCC ADULT FAMILY HOME PROVIDERS.** Appropriations in this act reflect the collective bargaining agreement reached between the governor and the Washington state residential care council of adult family homes under the provisions of chapter 41.56 RCW.

**NEW SECTION. Sec. 905.** A new section is added to 2009 c 564 (uncodified) to read as follows:

For purposes of RCW 43.88.110(7), any cash deficit in existence at the close of fiscal year 2010 shall be liquidated over the remainder of the 2009-2011 fiscal biennium.

**Sec. 906.** 2009 c 564 s 914 (uncodified) is amended to read as follows:

**COMPENSATION--INSURANCE BENEFITS.** Appropriations for state agencies in this act are sufficient for nonrepresented and represented state employee health benefits for

TWENTY NINTH DAY, APRIL 12, 2010

state agencies, including institutions of higher education and are subject to the following conditions and limitations:

(1)(a) The monthly employer funding rate for insurance benefit premiums, public employees' benefits board administration, and the uniform medical plan, shall not exceed \$745 per eligible employee for fiscal year 2010. For fiscal year 2011 the monthly employer funding rate shall not exceed (~~(\$768)~~) \$850 per eligible employee.

(b) In order to achieve the level of funding provided for health benefits, the public employees' benefits board shall require any or all of the following: Employee premium copayments, increases in point-of-service cost sharing, the implementation of managed competition, or make other changes to benefits consistent with RCW 41.05.065. During the 2009-11 fiscal biennium, the board may only authorize benefit plans and premium contributions for an employee and the employee's dependents that are the same, regardless of an employee's status as represented or nonrepresented under the personnel system reform act of 2002.

(c) The health care authority shall deposit any moneys received on behalf of the uniform medical plan as a result of rebates on prescription drugs, audits of hospitals, subrogation payments, or any other moneys recovered as a result of prior uniform medical plan claims payments, into the public employees' and retirees' insurance account to be used for insurance benefits. Such receipts shall not be used for administrative expenditures.

(d) The conditions in this section apply to benefits for nonrepresented employees, employees represented by the super coalition, and represented employees outside of the super coalition, including employees represented under chapter 47.64 RCW.

(2) The health care authority, subject to the approval of the public employees' benefits board, shall provide subsidies for health benefit premiums to eligible retired or disabled public employees and school district employees who are eligible for medicare, pursuant to RCW 41.05.085. From January 1, 2010, through the remainder of the 2009-11 fiscal biennium, the subsidy shall be \$182.89.

(3) Technical colleges, school districts, and educational service districts shall remit to the health care authority for deposit into the public employees' and retirees' insurance account established in RCW 41.05.120 the following amounts:

(a) For each full-time employee, \$59.59 per month beginning September 1, 2009, and (~~(\$64.90)~~) \$62.48 beginning September 1, 2010;

(b) For each part-time employee, who at the time of the remittance is employed in an eligible position as defined in RCW 41.32.010 or 41.40.010 and is eligible for employer fringe benefit contributions for basic benefits, \$59.59 each month beginning September 1, 2009, and (~~(\$64.90)~~) \$62.48 beginning September 1, 2010, prorated by the proportion of employer fringe benefit contributions for a full-time employee that the part-time employee receives. The remittance requirements specified in this subsection shall not apply to employees of a technical college, school district, or educational service district who purchase insurance benefits through contracts with the health care authority.

**Sec. 907.** 2010 c 247 s 503 (uncodified) is amended to read as follows:

**COMPENSATION--INSURANCE BENEFITS.** Appropriations for state agencies in this act are sufficient for nonrepresented and represented state employee health benefits for state agencies, and are subject to the following conditions and limitations:

(1)(a) Unless otherwise provided in the 2010 supplemental omnibus operating appropriations act, the monthly employer funding rate for insurance benefit premiums, public employees' benefits board administration, and the uniform medical plan, shall not exceed \$745 per eligible employee for fiscal year 2010. For

fiscal year 2011, the monthly employer funding rate shall not exceed (~~(\$795)~~) \$850 per eligible employee.

(b) In order to achieve the level of funding provided for health benefits, the public employees' benefits board shall require any or all of the following: Employee premium copayments; increases in point-of-service cost sharing; the implementation of managed competition; or make other changes to benefits consistent with RCW 41.05.065. During the 2009-11 fiscal biennium, the board may only authorize benefit plans and premium contributions for an employee and the employee's dependents that are the same, regardless of an employee's status as represented or nonrepresented under the personnel system reform act of 2002.

(c) The health care authority shall deposit any moneys received on behalf of the uniform medical plan as a result of rebates on prescription drugs, audits of hospitals, subrogation payments, or any other moneys recovered as a result of prior uniform medical plan claims payments into the public employees' and retirees' insurance account to be used for insurance benefits. Such receipts shall not be used for administrative expenditures.

(d) The conditions in this section apply to benefits for nonrepresented employees, employees represented by the super coalition, and represented employees outside of the super coalition, including employees represented under chapter 47.64 RCW.

(2) Unless otherwise provided in the 2010 supplemental omnibus operating appropriations act, the health care authority, subject to the approval of the public employees' benefits board, shall provide subsidies for health benefit premiums to eligible retired or disabled public employees and school district employees who are eligible for medicare, pursuant to RCW 41.05.085. From January 1, 2010, through December 31, 2010, the subsidy shall be \$182.89. Beginning January 1, 2011, the subsidy shall be \$182.89 per month.

**NEW SECTION. Sec. 908.** A new section is added to 2009 c 564 (uncodified) to read as follows:

(1) During the 2009-2011 fiscal biennium, every state agency shall implement processes to make all renewal notices available to customers via electronic means by July 1, 2012. The appropriations in this act provide funding for this purpose.

(2) Every state agency shall encourage customers to opt-in for an electronic renewal notice in lieu of physical renewal notice.

(3) For purposes of this section:

(a) "Renewal notices" includes, but is not limited to, notices for the renewal of licenses, registrations, and permits; and

(b) "State agency" includes every state office, department, division, bureau, board, and commission of the state.

**NEW SECTION. Sec. 909.** A new section is added to 2009 c 564 (uncodified) to read as follows:

**CORE FUNCTIONS OF GOVERNMENT REVIEW.** (1) The legislature intends to evaluate whether the state agencies and activities are performing in the most efficient manner.

(2) By August 1, 2010, the joint legislative audit and review committee must select one of the priorities of government results and determine the relative priority of each activity based on the activity's contribution to the overall objectives of the priorities of government results area.

(3) The state auditor must select at least one but not more than four of the highest priority activities identified under subsection (2) of this section to be the subject of performance audits. The activities must be selected for performance audits under this subsection based on the evidence that the program or activity would likely benefit from the evaluation or review. The performance audit shall be conducted using generally accepted government auditing standards and may include an evaluation of: (a) Ways to improve performance, streamline operations, and provide cost-effective service to citizens; (b) programs and services that can be eliminated, reduced, consolidated, or enhanced; and (c) gaps and

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

overlaps in the programs and services and recommendations for improving, eliminating, blending, or separating functions to correct gaps or overlaps.

(4) The state auditor must select at least one of the lowest priority activities identified in subsection (2) of this section to be the subject of an activity assessment. The assessment must address the following questions:

(a) Does the activity continue to serve the purpose for which it was created?

(b) In comparison to other programs and priorities, does this purpose continue to merit the use of the state's limited resources?

(c) Does this activity continue to contribute to the priorities of government identified?

(d) Are there better alternatives for the use of these resources or to accomplish the objective of the activity?

(5) The performance audits conducted under subsection (3) of this section and the assessments under subsection (4) of this section must be completed by June 30, 2011.

**Sec. 910.** RCW 13.06.050 and 1993 c 415 s 7 are each amended to read as follows:

No county shall be entitled to receive any state funds provided by this chapter until its application and plan are approved, and unless and until the minimum standards prescribed by the department of social and health services are complied with and then only on such terms as are set forth in this section. In addition, any county making application for state funds under this chapter that also operates a juvenile detention facility must have standards of operations in place that include: Intake and admissions, medical and health care, communication, correspondence, visiting and telephone use, security and control, sanitation and hygiene, juvenile rights, rules and discipline, property, juvenile records, safety and emergency procedures, programming, release and transfer, training and staff development, and food service.

(1) ~~For the 2009-2011 fiscal biennium, the~~ distribution of funds to a county or a group of counties ~~((shall))~~ may be based on criteria including but not limited to the county's per capita income, regional or county at-risk populations, juvenile crime or arrest rates, rates of poverty, size of racial minority populations, existing programs, and the effectiveness and efficiency of consolidating local programs towards reducing commitments to state correctional facilities for offenders whose standard range disposition does not include commitment of the offender to the department and reducing reliance on other traditional departmental services.

(2) The secretary will reimburse a county upon presentation and approval of a valid claim pursuant to the provisions of this chapter based on actual performance in meeting the terms and conditions of the approved plan and contract. Funds received by participating counties under this chapter shall not be used to replace local funds for existing programs.

(3) The secretary, in conjunction with the human rights commission, shall evaluate the effectiveness of programs funded under this chapter in reducing racial disproportionality. The secretary shall investigate whether implementation of such programs has reduced disproportionality in counties with initially high levels of disproportionality. The analysis shall indicate which programs are cost-effective in reducing disproportionality in such areas as alternatives to detention, intake and risk assessment standards pursuant to RCW 13.40.038, alternatives to incarceration, and in the prosecution and adjudication of juveniles. The secretary shall report his or her findings to the legislature by December 1, 1994, and December 1 of each year thereafter.

**NEW SECTION. Sec. 911.** A new section is added to 2009 c 564 (unmodified) to read as follows:

(1) Except for the activities and organizations provided in subsection (2) of this section, all small agencies with fewer than 176

FTEs shall utilize the office of financial management small agency client services for budget, accounting, and payroll services. The director of financial management shall define the transition process and specific agency requirements.

(2) The following activities and organizations are not subject to the requirements of subsection (1) of this section:

(a) The processing of invoices and budgeting provided for conservation districts by agencies established under chapters 89.08 and 89.10 RCW;

(b) The accounting requirements of the state housing finance commission and its affiliates established under chapters 43.180, 28B.07, and 43.340 RCW; and

(c) The accounting requirements of the health care facilities authority established under chapter 70.37 RCW, and the economic development finance authority established under chapter 43.163 RCW.

**Sec. 912.** RCW 15.76.115 and 2001 2nd sp.s. c 16 s 1 are each amended to read as follows:

The fair fund is created in the custody of the state treasury. All moneys received by the department of agriculture for the purposes of this fund and from RCW 67.16.105(4) shall be deposited into the fund. At the beginning of fiscal year 2002 and each fiscal year thereafter, the state treasurer shall transfer into the fair fund from the general fund the sum of two million dollars, except for fiscal year 2011 the state treasurer shall transfer into the fair fund from the general fund the sum of one million one hundred three thousand dollars. Expenditures from the fund may be used only for assisting fairs in the manner provided in this chapter. Only the director of agriculture or the director's designee may authorize expenditures from the fund. The fund is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

**Sec. 913.** RCW 28A.300.380 and 2000 c 84 s 2 are each amended to read as follows:

(1) The superintendent of public instruction shall maintain support for statewide coordination for career and technical student organizations by providing program staff support that is available to assist in meeting the needs of career and technical student organizations and their members and students. ~~((The superintendent shall provide at least one full-time equivalent program staff for purposes of implementing this section.))~~ The superintendent may provide additional support to the organizations through contracting with independent coordinators.

(2) Career and technical student organizations eligible for technical assistance and other support services under this section are organizations recognized as career and technical student organizations by:

(a) The United States department of education; or

(b) The superintendent of public instruction, if such recognition is recommended by the Washington association for career and technical education.

(3) Career and technical student organizations eligible for technical assistance and other support services under this section include, but are not limited to: The national FFA organization; family, career, and community leaders of America; skillsUSA; distributive education clubs of America; future business leaders of America; and the technology student association.

**Sec. 914.** RCW 28B.50.837 and 2009 c 564 s 1803 are each amended to read as follows:

(1) The Washington community and technical college exceptional faculty awards program is established. The program shall be administered by the college board. The college faculty awards trust fund hereby created shall be administered by the state treasurer.

TWENTY NINTH DAY, APRIL 12, 2010

(2) Funds appropriated by the legislature for the community and technical college exceptional faculty awards program shall be deposited in the college faculty awards trust fund. At the request of the college board, the treasurer shall release the state matching funds to the local endowment fund of the college or its foundation. No appropriation is necessary for the expenditure of moneys from the fund. Expenditures from the fund may be used solely for the exceptional faculty awards program. During the ~~((2007-2009))~~ 2009-2011 fiscal biennium, the legislature may transfer from the college faculty awards trust fund to the state general fund such amounts as reflect the excess fund balance in the account ~~((fund))~~.

**Sec. 915.** RCW 28B.76.565 and 2009 c 564 s 1805 are each amended to read as follows:

Funds appropriated by the legislature for the distinguished professorship program shall be deposited in the distinguished professorship trust fund. At the request of the higher education coordinating board under RCW 28B.76.575, the treasurer shall release the state matching funds to the designated institution's local endowment fund. No appropriation is required for expenditures from the fund. During the ~~((2007-2009))~~ 2009-2011 fiscal biennium, the legislature may transfer from the distinguished professorship trust fund to the state general fund such amounts as reflect the excess fund balance in the account ~~((fund))~~.

**Sec. 916.** RCW 28B.76.610 and 2009 c 564 s 1806 are each amended to read as follows:

Funds appropriated by the legislature for the graduate fellowship program shall be deposited in the graduate fellowship trust fund. At the request of the higher education coordinating board under RCW 28B.76.620, the treasurer shall release the state matching funds to the designated institution's local endowment fund. No appropriation is required for expenditures from the fund. During the ~~((2007-2009))~~ 2009-2011 fiscal biennium, the legislature may transfer from the graduate fellowship trust fund to the state general fund such amounts as reflect the excess fund balance in the account ~~((fund))~~.

**Sec. 917.** RCW 28B.102.080 and 2007 c 396 s 9 are each amended to read as follows:

(1) The future teachers conditional scholarship account is created in the custody of the state treasurer. An appropriation is not required for expenditures of funds from the account. The account is not subject to allotment procedures under chapter 43.88 RCW except for moneys used for program administration.

(2) The board shall deposit in the account all moneys received for the future teachers conditional scholarship and loan repayment program and for conditional loan programs under chapter 28A.660 RCW. The account shall be self-sustaining and consist of funds appropriated by the legislature for the future teachers conditional scholarship and loan repayment program, private contributions to the program, receipts from participant repayments from the future teachers conditional scholarship and loan repayment program, and conditional loan programs established under chapter 28A.660 RCW. Beginning July 1, 2004, the board shall also deposit into the account: (a) All funds from the institution of higher education loan account that are traceable to any conditional scholarship program for teachers or prospective teachers established by the legislature before June 10, 2004; and (b) all amounts repaid by individuals under any such program.

(3) Expenditures from the account may be used solely for conditional loans and loan repayments to participants in the future teachers conditional scholarship and loan repayment program established by this chapter, conditional scholarships for participants in programs established in chapter 28A.660 RCW, and costs associated with program administration by the board.

(4) Disbursements from the account may be made only on the authorization of the board.

2010 1ST SPECIAL SESSION

(5) During the 2009-2011 fiscal biennium, the legislature may transfer from the future teachers conditional scholarship account to the state general fund such amounts as reflect the excess fund balance of the account.

**Sec. 918.** RCW 28B.105.110 and 2009 c 564 s 1807 and 2009 c 564 s 920 are each reenacted and amended to read as follows:

(1) The GET ready for math and science scholarship account is created in the custody of the state treasurer.

(2) The board shall deposit into the account all money received for the GET ready for math and science scholarship program from appropriations and private sources. The account shall be self-sustaining.

(3) Expenditures from the account shall be used for scholarships to eligible students and for purchases of GET units. Purchased GET units shall be owned and held in trust by the board. Expenditures from the account shall be an equal match of state appropriations and private funds raised by the program administrator. During the 2009-2011 fiscal biennium, expenditures from the account not to exceed five percent may be used by the program administrator to carry out the provisions of RCW 28B.105.090.

(4) With the exception of the operating costs associated with the management of the account by the treasurer's office as authorized in chapter 43.79A RCW, the account shall be credited with all investment income earned by the account.

(5) Disbursements from the account are exempt from appropriations and the allotment provisions of chapter 43.88 RCW.

(6) Disbursements from the account shall be made only on the authorization of the board.

(7) During the 2007-2009 fiscal biennium, the legislature may transfer state appropriations to the GET ready for math and science scholarship account that have not been matched by private contributions to the state general fund.

(8) During the 2009-2011 fiscal biennium, the legislature may transfer from the GET ready for math and science scholarship account to the state general fund such amounts as have not been donated from or matched by private contributions.

**Sec. 919.** RCW 38.52.105 and 2005 c 422 s 2 are each amended to read as follows:

The disaster response account is created in the state treasury. Moneys may be placed in the account from legislative appropriations and transfers, federal appropriations, or any other lawful source. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for support of state agency and local government disaster response and recovery efforts and to reimburse the workers' compensation funds and self-insured employers under RCW 51.16.220. ~~((During the 2001-03 biennium, funds from the account may also be used for costs associated with national security preparedness activities.))~~ During the 2009-2011 fiscal biennium, the legislature may transfer from the disaster response account to the state drought preparedness account such amounts as reflect the excess fund balance of the account to support expenditures related to a state drought declaration.

**Sec. 920.** RCW 43.17.390 and 2009 c 564 s 931 are each amended to read as follows:

Starting ~~((in 2012))~~ June 30, 2010, and at least once every three years thereafter, each agency with more than three hundred full-time equivalent employees shall apply to the Washington state quality award, or similar organization, for an independent assessment of its quality management, accountability, and performance system. The assessment shall evaluate the effectiveness of all elements of its management, accountability, and performance system, including: Leadership, strategic planning, customer focus, analysis and information, employee performance management, and process

improvement. The purpose of the assessment is to recognize best practice and identify improvement opportunities.

**Sec. 921.** RCW 43.20A.725 and 2004 c 254 s 1 are each amended to read as follows:

(1) The department, through the sole authority of the office or its successor organization, shall maintain a program whereby an individual of school age or older who possesses a hearing or speech impairment is provided with telecommunications equipment, software, and/or peripheral devices, digital or otherwise, that is determined by the office to be necessary for such a person to access and use telecommunications transmission services effectively.

(2) The department, through the sole authority of the office or its successor organization, shall maintain a program where telecommunications relay services of a human or electronic nature will be provided to connect hearing impaired, deaf-blind, or speech impaired persons with persons who do not have a hearing or speech impairment. Such telecommunications relay services shall provide the ability for an individual who has a hearing or speech impairment to engage in voice, tactile, or visual communication by wire or radio with a hearing individual in a manner that is functionally equivalent to the ability of an individual who does not have a hearing or speech impairment to communicate using voice or visual communication services by wire or radio subject to subsection (4)(b) of this section.

(3) The telecommunications relay service and equipment distribution program may operate in such a manner as to provide communications transmission opportunities that are capable of incorporating new technologies that have demonstrated benefits consistent with the intent of this chapter and are in the best interests of the citizens of this state.

(4) The office shall administer and control the award of money to all parties incurring costs in implementing and maintaining telecommunications services, programs, equipment, and technical support services according to this section. The relay service contract shall be awarded to an individual company registered as a telecommunications company by the utilities and transportation commission, to a group of registered telecommunications companies, or to any other company or organization determined by the office as qualified to provide relay services, contingent upon that company or organization being approved as a registered telecommunications company prior to final contract approval. The relay system providers and telecommunications equipment vendors shall be selected on the basis of cost-effectiveness and utility to the greatest extent possible under the program and technical specifications established by the office.

(a) To the extent funds are available under the then-current rate and not otherwise held in reserve or required for other purposes authorized by this chapter, the office may award contracts for communications and related services and equipment for hearing impaired or speech impaired individuals accessing or receiving services provided by, or contracted for, the department to meet access obligations under Title 2 of the federal Americans with disabilities act or related federal regulations.

(b) The office shall perform its duties under this section with the goal of achieving functional equivalency of access to and use of telecommunications services similar to the enjoyment of access to and use of such services experienced by an individual who does not have a hearing or speech impairment only to the extent that funds are available under the then-current rate and not otherwise held in reserve or required for other purposes authorized by this chapter.

(5) The program shall be funded by a telecommunications relay service (TRS) excise tax applied to each switched access line provided by the local exchange companies. The office shall determine, in consultation with the office's program advisory committee, the budget needed to fund the program on an annual basis, including both operational costs and a reasonable amount for

capital improvements such as equipment upgrade and replacement. The budget proposed by the office, together with documentation and supporting materials, shall be submitted to the office of financial management for review and approval. The approved budget shall be given by the department in an annual budget to the department of revenue no later than March 1st prior to the beginning of the fiscal year. The department of revenue shall then determine the amount of telecommunications relay service excise tax to be placed on each switched access line and shall inform local exchange companies and the utilities and transportation commission of this amount no later than May 1st. The department of revenue shall determine the amount of telecommunications relay service excise tax to be collected in the following fiscal year by dividing the total of the program budget, as submitted by the office, by the total number of switched access lines in the prior calendar year, as reported to the department of revenue under chapter 82.14B RCW, and shall not exercise any further oversight of the program under this subsection other than administering the collection of the telecommunications relay service excise tax as provided in RCW 82.72.010 through 82.72.090. The telecommunications relay service excise tax shall not exceed nineteen cents per month per access line. The telecommunications relay service excise tax shall be separately identified on each ratepayer's bill with the following statement: "Funds federal ADA requirement." All proceeds from the telecommunications relay service excise tax shall be put into a fund to be administered by the office through the department. During the 2009-2011 fiscal biennium, the funds may also be used to provide individualized employment services and employment-related counseling to people with disabilities, and technical assistance to employers about the employment of people with disabilities. "Switched access line" has the meaning provided in RCW 82.14B.020.

(6) The telecommunications relay service program and equipment vendors shall provide services and equipment consistent with the requirements of federal law for the operation of both interstate and intrastate telecommunications services for the hearing impaired or speech impaired. The department and the utilities and transportation commission shall be responsible for ensuring compliance with federal requirements and shall provide timely notice to the legislature of any legislation that may be required to accomplish compliance.

(7) The department shall adopt rules establishing eligibility criteria, ownership obligations, financial contributions, and a program for distribution to individuals requesting and receiving such telecommunications devices distributed by the office, and other rules necessary to administer programs and services consistent with this chapter.

**Sec. 922.** RCW 43.43.839 and 1995 c 169 s 2 are each amended to read as follows:

The fingerprint identification account is created in the custody of the state treasurer. All receipts from incremental charges of fingerprint checks requested for noncriminal justice purposes and electronic background requests shall be deposited in the account. Receipts for fingerprint checks by the federal bureau of investigation may also be deposited in the account. Expenditures from the account may be used only for the cost of record checks. Only the chief of the state patrol or the chief's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW. No appropriation is required for expenditures prior to July 1, 1997. After June 30, 1997, the account shall be subject to appropriation. During the 2009-2011 fiscal biennium, the legislature may transfer from the fingerprint identification account to the state general fund such amounts as reflect the excess fund balance of the account.

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

**Sec. 923.** RCW 43.43.944 and 2007 c 520 s 6034 are each amended to read as follows:

(1) The fire service training account is hereby established in the state treasury. The fund shall consist of:

(a) All fees received by the Washington state patrol for fire service training;

(b) All grants and bequests accepted by the Washington state patrol under RCW 43.43.940;

(c) Twenty percent of all moneys received by the state on fire insurance premiums; and

(d) General fund--state moneys appropriated into the account by the legislature.

(2) Moneys in the account may be appropriated only for fire service training. The state patrol may use amounts appropriated from the fire service training account under this section to contract with the Washington state firefighters apprenticeship trust for the operation of the firefighter joint apprenticeship training program. The contract may call for payments on a monthly basis. During the ~~((2007-2009))~~ 2009-2011 fiscal biennium, the legislature may appropriate funds from this account for school fire prevention activities within the Washington state patrol ~~((and additional sanitary wastewater treatment capacity at the state fire service training center))~~.

(3) Any general fund--state moneys appropriated into the account shall be allocated solely to the firefighter joint apprenticeship training program. The Washington state patrol may contract with outside entities for the administration and delivery of the firefighter joint apprenticeship training program.

**Sec. 924.** RCW 43.60A.185 and 2006 c 343 s 8 are each amended to read as follows:

The veterans innovations program account is created in the state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for purposes of the veterans innovations program. During the 2009-2011 fiscal biennium, the funds may be used for contracting for veterans' claims assistance services.

**Sec. 925.** RCW 43.131.406 and 2006 c 343 s 11 are each amended to read as follows:

The following acts or parts of acts, as now existing or hereafter amended, are each repealed, effective June 30, 2017:

(1) 2006 c 343 s 1 (uncodified);

(2) RCW 43.60A.160 and 2006 c 343 s 3;

(3) RCW 43.60A.165 and 2006 c 343 s 4;

(4) RCW 43.60A.170 and 2006 c 343 s 5;

(5) RCW 43.60A.175 and 2006 c 343 s 6;

(6) RCW 43.60A.180 and 2006 c 343 s 7; and

(7) RCW 43.60A.185 and section 924 of this act and 2006 c 343 s 8.

**Sec. 926.** RCW 43.70.110 and 2009 c 403 s 5 are each amended to read as follows:

(1) The secretary shall charge fees to the licensee for obtaining a license. Physicians regulated pursuant to chapter 18.71 RCW who reside and practice in Washington and obtain or renew a retired active license are exempt from such fees. After June 30, 1995, municipal corporations providing emergency medical care and transportation services pursuant to chapter 18.73 RCW shall be exempt from such fees, provided that such other emergency services shall only be charged for their pro rata share of the cost of licensure and inspection, if appropriate. The secretary may waive the fees when, in the discretion of the secretary, the fees would not be in the best interest of public health and safety, or when the fees would be to the financial disadvantage of the state.

(2) Except as provided in subsection (3) of this section, fees charged shall be based on, but shall not exceed, the cost to the

department for the licensure of the activity or class of activities and may include costs of necessary inspection.

(3) License fees shall include amounts in addition to the cost of licensure activities in the following circumstances:

(a) For registered nurses and licensed practical nurses licensed under chapter 18.79 RCW, support of a central nursing resource center as provided in RCW 18.79.202, until June 30, 2013;

(b) For all health care providers licensed under RCW 18.130.040, the cost of regulatory activities for retired volunteer medical worker licensees as provided in RCW 18.130.360; and

(c) For physicians licensed under chapter 18.71 RCW, physician assistants licensed under chapter 18.71A RCW, osteopathic physicians licensed under chapter 18.57 RCW, osteopathic physicians' assistants licensed under chapter 18.57A RCW, naturopaths licensed under chapter 18.36A RCW, podiatrists licensed under chapter 18.22 RCW, chiropractors licensed under chapter 18.25 RCW, psychologists licensed under chapter 18.83 RCW, registered nurses licensed under chapter 18.79 RCW, optometrists licensed under chapter 18.53 RCW, mental health counselors licensed under chapter 18.225 RCW, massage therapists licensed under chapter 18.108 RCW, clinical social workers licensed under chapter 18.225 RCW, and acupuncturists licensed under chapter 18.06 RCW, the license fees shall include up to an additional twenty-five dollars to be transferred by the department to the University of Washington for the purposes of RCW 43.70.112. During the 2009-2011 fiscal biennium, five dollars of the current twenty-dollar fee received from registered nurses under this subsection may be expended by the department of health exclusively for the purposes of funding approved treatment programs for impaired registered nurses, registered nursing license processing functions, and disciplinary activities related to registered nurses.

(4) Department of health advisory committees may review fees established by the secretary for licenses and comment upon the appropriateness of the level of such fees.

**Sec. 927.** RCW 43.78.030 and 1994 c 82 s 1 are each amended to read as follows:

The public printer shall print and bind the session laws, the journals of the two houses of the legislature, all bills, resolutions, documents, and other printing and binding of either the senate or house, as the same may be ordered by the legislature; and such forms, blanks, record books, and printing and binding of every description as may be ordered by all state officers, boards, commissions, and institutions, and the supreme court, and the court of appeals and officers thereof, as the same may be ordered on requisition, from time to time, by the proper authorities. This section shall not apply to the printing of the supreme court and the court of appeals reports, to the printing of bond certificates or bond offering disclosure documents, to the printing of educational publications of the state historical societies, or to any printing done or contracted for by institutions of higher education: PROVIDED, That institutions of higher education, in consultation with the public printer, develop vendor selection procedures comparable to those used by the public printer for contracted printing jobs. Where any institution or institution of higher learning of the state is or may become equipped with facilities for doing such work, it may do any printing: (1) For itself, or (2) for any other state institution when such printing is done as part of a course of study relative to the profession of printer. Any printing and binding of whatever description as may be needed by any institution or agency of the state department of social and health services not at Olympia, or the supreme court or the court of appeals or any officer thereof, the estimated cost of which shall not exceed one thousand dollars, may be done by any private printing company in the general vicinity within the state of Washington so ordering, if in the judgment of the

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

officer of the agency so ordering, the saving in time and processing justifies the award to such local private printing concern.

Beginning on July 1, 1989, and on July 1 of each succeeding odd-numbered year, the dollar limit specified in this section shall be adjusted as follows: The office of financial management shall calculate such limit by adjusting the previous biennium's limit by an appropriate federal inflationary index reflecting the rate of inflation for the previous biennium. Such amounts shall be rounded to the nearest fifty dollars.

During the 2009-2011 fiscal biennium, this section does not apply to pilot printing projects authorized by the office of financial management to allow state agencies and institutions to directly acquire printing services.

**Sec. 928.** RCW 43.79.460 and 2009 c 518 s 21 are each amended to read as follows:

(1) The savings incentive account is created in the custody of the state treasurer. The account shall consist of all moneys appropriated to the account by the legislature. The account is subject to the allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures from the account.

(2) Within the savings incentive account, the state treasurer may create subaccounts to be credited with incentive savings attributable to individual state agencies, as determined by the office of financial management in consultation with the legislative fiscal committees. Moneys deposited in the subaccounts may be expended only on the authorization of the agency's executive head or designee and only for the purpose of one-time expenditures to improve the quality, efficiency, and effectiveness of services to customers of the state, such as one-time expenditures for employee training, employee incentives, technology improvements, new work processes, or performance measurement. Funds may not be expended from the account to establish new programs or services, expand existing programs or services, or incur ongoing costs that would require future expenditures.

(3) For purposes of this section, "incentive savings" means state general fund appropriations that are unspent as of June 30th of a fiscal year, excluding any amounts included in across-the-board reductions under RCW 43.88.110 and excluding unspent appropriations for:

(a) Caseload and enrollment in entitlement programs, except to the extent that an agency has clearly demonstrated that efficiencies have been achieved in the administration of the entitlement program. "Entitlement program," as used in this section, includes programs for which specific sums of money are appropriated for pass-through to third parties or other entities;

(b) Enrollments in state institutions of higher education;

(c) A specific amount contained in a condition or limitation to an appropriation in the biennial appropriations act, if the agency did not achieve the specific purpose or objective of the condition or limitation;

(d) Debt service on state obligations; and

(e) State retirement system obligations.

(4) The office of financial management, after consulting with the legislative fiscal committees, shall report the amount of savings incentives achieved.

(5) For fiscal year 2009, the legislature may transfer from the savings incentive account to the state general fund such amounts as reflect the fund balance of the account attributable to unspent state general fund appropriations for fiscal year 2008. For fiscal year 2010, the legislature may transfer from the savings incentive account to the state general fund such amounts as reflect the fund balance of the account attributable to unspent state general fund appropriations for fiscal year 2009.

**Sec. 929.** RCW 43.79.465 and 2009 c 4 s 903 are each amended to read as follows:

The education savings account is created in the state treasury. The account shall consist of all moneys appropriated to the account by the legislature.

(1) Ten percent of legislative appropriations to the education savings account shall be distributed as follows: (a) Fifty percent to the distinguished professorship trust fund under RCW 28B.76.565; (b) seventeen percent to the graduate fellowship trust fund under RCW 28B.76.610; and (c) thirty-three percent to the college faculty awards trust fund under RCW 28B.50.837.

(2) The remaining moneys in the education savings account may be appropriated solely for (a) common school construction projects that are eligible for funding from the common school construction account, (b) technology improvements in the common schools, (c) during the 2001-03 fiscal biennium, technology improvements in public higher education institutions, ~~((and))~~ (d) during the 2007-2009 fiscal biennium, the legislature may transfer from the education savings account to the state general fund such amounts as reflect the excess fund balance of the account attributable to unspent state general fund appropriations for fiscal year 2008, and (e) for fiscal year 2010, the legislature may transfer from the education savings account to the state general fund such amounts as reflect the fund balance of the account attributable to unspent general fund appropriations for fiscal year 2009.

**Sec. 930.** RCW 43.89.010 and 2000 2nd sp.s. c 4 s 7 are each amended to read as follows:

The chief of the Washington state patrol is hereby authorized to establish a communications network which will inter-connect the law enforcement agencies of the state and its political subdivisions into a unified written communications system. The chief of the Washington state patrol is authorized to lease or purchase such facilities and equipment as may be necessary to establish and maintain the communications network.

(1) The communications network shall be used exclusively for the official business of the state, and the official business of any city, county, city and county, or other public agency.

(2) This section does not prohibit the occasional use of the state's communications network by any other state or public agency thereof when the messages transmitted relate to the enforcement of the criminal laws of the state.

(3) The chief of the Washington state patrol shall fix the monthly operational charge to be paid by any department or agency of state government, or any city, county, city and county, or other public agency participating in the communications network: PROVIDED, That in computing charges to be made against a city, county, or city and county the state shall bear at least fifty percent of the costs of such service as its share in providing a modern unified communications network to the law enforcement agencies of the state. Of the fees collected pursuant to this section, one-half shall be deposited in the motor vehicle fund and one-half shall be deposited in the state patrol highway account. However, for the 2009-2011 fiscal biennium the fees collected pursuant to this section shall be deposited in the state general fund.

(4) The chief of the Washington state patrol is authorized to arrange for the connection of the communications network with the law enforcement communications system of any adjacent state, or the Province of British Columbia, Canada.

**Sec. 931.** RCW 43.105.080 and 1999 c 80 s 8 are each amended to read as follows:

There is created a revolving fund to be known as the data processing revolving fund in the custody of the state treasurer. The revolving fund shall be used for the acquisition of equipment, software, supplies, and services and the payment of salaries, wages, and other costs incidental to the acquisition, development, operation, and administration of information services, telecommunications, systems, software, supplies and equipment,

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

including the payment of principal and interest on bonds issued for capital projects, by the department, Washington State University's computer services center, the department of personnel's personnel information systems division, the office of financial management's financial systems management group, and other users as jointly determined by the department and the office of financial management. The revolving fund is subject to the allotment procedure provided under chapter 43.88 RCW. Disbursements from the revolving fund for the services component of the department are not subject to appropriation. Disbursements for the strategic planning and policy component of the department are subject to appropriation. All disbursements from the fund are subject to the allotment procedures provided under chapter 43.88 RCW. The department shall establish and implement a billing structure to assure all agencies pay an equitable share of the costs.

During the 2009-2011 fiscal biennium, the legislature may transfer from the data processing revolving account to the state general fund such amounts as reflect the excess fund balance associated with the information technology pool.

As used in this section, the word "supplies" shall not be interpreted to delegate or abrogate the division of purchasing's responsibilities and authority to purchase supplies as described in RCW 43.19.190 and 43.19.200.

**Sec. 932.** RCW 43.155.050 and 2009 c 564 s 940 are each amended to read as follows:

(1) The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated to provide for state match requirements under federal law for projects and activities conducted and financed by the board under the drinking water assistance account. Not more than fifteen percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans, emergency loans, or loans for capital facility planning under this chapter; of this amount, not more than ten percent of the biennial capital budget appropriation may be expended for emergency loans and not more than one percent of the biennial capital budget appropriation may be expended for capital facility planning loans. During the 2009-2011 fiscal biennium, the legislature may transfer from the public works assistance account to the general fund and the city-county assistance account such amounts as reflect the excess fund balance of the account.

(2) The job development fund is hereby established in the state treasury. Moneys in the job development fund may be spent only after appropriation. During the 2009-2011 fiscal biennium, the legislature may transfer from the job development fund to the general fund such amounts as reflect the excess fund balance of the fund.

**NEW SECTION. Sec. 933.** A new section is added to chapter 43.215 RCW to read as follows:

(1)(a) The home visiting services account is created in the custody of the state treasurer. Revenues to the account shall consist of appropriations by the legislature and all other sources deposited in the account.

(b) Expenditures from the account shall be used for state matching funds for the purposes of the program established in this section including administrative expenses. Only the director or the director's designee may authorize expenditures from the account. Authorizations for expenditures may be given only after private funds are committed and available.

(c) Expenditures from the account are exempt from the appropriations and allotment provisions of chapter 43.88 RCW. However, amounts used for program administration by the department are subject to the allotment and budgetary controls of chapter 43.88 RCW, and an appropriation is required for these expenditures.

(2) The department must expend moneys from the account to provide state matching funds for partnership activities to implement home visiting services and administer the infrastructure necessary to develop, support, and evaluate evidence-based, research-based, and promising home visiting programs.

(3) Activities eligible for funding through the account include, but are not limited to:

(a) Home visiting services that achieve one or more of the following: (i) Enhancing child development and well-being by alleviating the effects on child development of poverty and other known risk factors; (ii) reducing the incidence of child abuse and neglect; or (iii) promoting school readiness for young children and their families; and

(b) Development and maintenance of the infrastructure for home visiting programs, including training, quality improvement, and evaluation.

(4) Beginning July 1, 2010, the department shall contract with the nongovernmental private-public partnership designated in RCW 43.215.070 to administer programs funded through the home visiting services account. The department shall monitor performance and provide periodic reports on the use outcomes of the home visiting services account.

(5) The nongovernmental private-public partnership shall, in the administration of the programs:

(a) Fund programs through a competitive bid process; and

(b) Convene an advisory committee of early learning and home visiting experts, including one representative from the department, to advise the partnership regarding research and the distribution of funds from the account to eligible programs.

(6) To promote continuity for families receiving home visiting services through programs funded on the effective date of this section, those programs funded under chapter 43.121 RCW shall be funded through June 30, 2012, based on availability of funds and the achievement of stated performance goals. This section does not require any program to receive continuous funding beyond June 30, 2012. Organizations that may receive program funding include local health departments; nonprofit, neighborhood-based, community, regional, or statewide organizations; and federally recognized Indian tribes located in the state.

**Sec. 934.** RCW 43.320.110 and 2005 c 518 s 932 are each amended to read as follows:

There is created a local fund known as the "financial services regulation fund" which shall consist of all moneys received by the divisions of the department of financial institutions, except for the division of securities which shall deposit thirteen percent of all moneys received, except as provided in RCW 43.320.115, and which shall be used for the purchase of supplies and necessary equipment; the payment of salaries, wages, and utilities; the establishment of reserves; and other incidental costs required for the proper regulation of individuals and entities subject to regulation by the department. The state treasurer shall be the custodian of the fund. Disbursements from the fund shall be on authorization of the director of financial institutions or the director's designee. In order to maintain an effective expenditure and revenue control, the fund shall be subject in all respects to chapter 43.88 RCW, but no appropriation is required to permit expenditures and payment of obligations from the fund.

During the ~~((2005-2007))~~ 2009-2011 fiscal biennium, the legislature may transfer from the financial services regulation fund

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

to the state general fund such amounts as reflect the excess fund balance of the fund.

**Sec. 935.** RCW 43.320.165 and 2009 c 386 s 2 are each amended to read as follows:

The prevent or reduce owner-occupied foreclosure program account is created in the custody of the state treasurer. All receipts from the appropriation in section 4, chapter 322, Laws of 2008 as well as receipts from private contributions and all other sources that are specifically designated for the prevent or reduce owner-occupied foreclosure program must be deposited into the account. Expenditures from the account may be used solely for the purpose of preventing or reducing owner-occupied foreclosures through the prevent or reduce owner-occupied foreclosure program as described in RCW 43.320.160. Only the director of the department or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. During the 2009-2011 fiscal biennium, the legislature may transfer from the prevent or reduce owner-occupied foreclosure program account to the financial education public-private partnership account such amounts as reflect the excess fund balance of the account.

**Sec. 936.** RCW 46.09.170 and 2009 c 564 s 944 and 2009 c 187 s 2 are each reenacted and amended to read as follows:

(1) From time to time, but at least once each year, the state treasurer shall refund from the motor vehicle fund one percent of the motor vehicle fuel tax revenues collected under chapter 82.36 RCW, based on a tax rate of: (a) Nineteen cents per gallon of motor vehicle fuel from July 1, 2003, through June 30, 2005; (b) twenty cents per gallon of motor vehicle fuel from July 1, 2005, through June 30, 2007; (c) twenty-one cents per gallon of motor vehicle fuel from July 1, 2007, through June 30, 2009; (d) twenty-two cents per gallon of motor vehicle fuel from July 1, 2009, through June 30, 2011; and (e) twenty-three cents per gallon of motor vehicle fuel beginning July 1, 2011, and thereafter, less proper deductions for refunds and costs of collection as provided in RCW 46.68.090.

(2) The treasurer shall place these funds in the general fund as follows:

(a) Thirty-six percent shall be credited to the ORV and nonhighway vehicle account and administered by the department of natural resources solely for acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities, and information programs and maintenance of nonhighway roads;

(b) Three and one-half percent shall be credited to the ORV and nonhighway vehicle account and administered by the department of fish and wildlife solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and the maintenance of nonhighway roads;

(c) Two percent shall be credited to the ORV and nonhighway vehicle account and administered by the parks and recreation commission solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities; and

(d) Fifty-eight and one-half percent shall be credited to the nonhighway and off-road vehicle activities program account to be administered by the board for planning, acquisition, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and for education, information, and law enforcement programs. The funds under this subsection shall be expended in accordance with the following limitations:

(i) Not more than thirty percent may be expended for education, information, and law enforcement programs under this chapter;

(ii) Not less than seventy percent may be expended for ORV, nonmotorized, and nonhighway road recreation facilities. Except as provided in (d)(iii) of this subsection, of this amount:

(A) Not less than thirty percent, together with the funds the board receives under RCW 46.09.110, may be expended for ORV recreation facilities;

(B) Not less than thirty percent may be expended for nonmotorized recreation facilities. Funds expended under this subsection (2)(d)(ii)(B) shall be known as Ira Spring outdoor recreation facilities funds; and

(C) Not less than thirty percent may be expended for nonhighway road recreation facilities;

(iii) The board may waive the minimum percentage cited in (d)(ii) of this subsection due to insufficient requests for funds or projects that score low in the board's project evaluation. Funds remaining after such a waiver must be allocated in accordance with board policy.

(3) On a yearly basis an agency may not, except as provided in RCW 46.09.110, expend more than ten percent of the funds it receives under this chapter for general administration expenses incurred in carrying out this chapter.

(4) During the 2009-2011 fiscal biennium, the legislature may appropriate such amounts as reflect the excess fund balance in the NOVA account to the department of natural resources to install consistent off-road vehicle signage at department-managed recreation sites, and to implement the recreation opportunities on department-managed lands in the Reiter block and Ahtanum state forest, and to the state parks and recreation commission. The legislature finds that the appropriation of funds from the NOVA account during the 2009-2011 fiscal biennium for maintenance and operation of state parks ~~(and)~~ or to improve accessibility for boaters and off-road vehicle users at state parks will benefit boaters and off-road vehicle users and others who use nonhighway and nonmotorized recreational facilities. ~~((This appropriation is))~~ The appropriations under this subsection are not required to follow the specific distribution specified in subsection (2) of this section.

**Sec. 937.** RCW 48.02.190 and 2009 c 161 s 1 are each amended to read as follows:

(1) As used in this section:

(a) "Organization" means every insurer, as defined in RCW 48.01.050, having a certificate of authority to do business in this state, every health care service contractor, as defined in RCW 48.44.010, every health maintenance organization, as defined in RCW 48.46.020, or self-funded multiple employer welfare arrangement, as defined in RCW 48.125.010, registered to do business in this state. "Class one" organizations shall consist of all insurers as defined in RCW 48.01.050. "Class two" organizations shall consist of all organizations registered under provisions of chapters 48.44 and 48.46 RCW. "Class three" organizations shall consist of self-funded multiple employer welfare arrangements as defined in RCW 48.125.010.

(b)(i) "Receipts" means (A) net direct premiums consisting of direct gross premiums, as defined in RCW 48.18.170, paid for insurance written or renewed upon risks or property resident, situated, or to be performed in this state, less return premiums and premiums on policies not taken, dividends paid or credited to policyholders on direct business, and premiums received from policies or contracts issued in connection with qualified plans as defined in RCW 48.14.021, and (B) prepayments to health care service contractors, as defined in RCW 48.44.010, health maintenance organizations, as defined in RCW 48.46.020, or participant contributions to self-funded multiple employer welfare arrangements, as defined in RCW 48.125.010, less experience rating credits, dividends, prepayments returned to subscribers, and payments for contracts not taken.

TWENTY NINTH DAY, APRIL 12, 2010

(ii) Participant contributions, under chapter 48.125 RCW, used to determine the receipts in this state under this section shall be determined in the same manner as premiums taxable in this state are determined under RCW 48.14.090.

(c) "Regulatory surcharge" means the fees imposed by this section.

(2) The annual cost of operating the office of insurance commissioner shall be determined by legislative appropriation. A pro rata share of the cost shall be charged to all organizations as a regulatory surcharge. Each class of organization shall contribute a sufficient amount to the insurance commissioner's regulatory account to pay the reasonable costs, including overhead, of regulating that class of organization.

(3) The regulatory surcharge shall be calculated separately for each class of organization. The regulatory surcharge collected from each organization shall be that portion of the cost of operating the insurance commissioner's office, for that class of organization, for the ensuing fiscal year that is represented by the organization's portion of the receipts collected or received by all organizations within that class on business in this state during the previous calendar year. However, the regulatory surcharge must not exceed one-eighth of one percent of receipts and the minimum regulatory surcharge shall be one thousand dollars.

(4) The commissioner shall annually, on or before June 1st, calculate and bill each organization for the amount of the regulatory surcharge. The regulatory surcharge shall be due and payable no later than June 15th of each year. However, if the necessary financial records are not available or if the amount of the legislative appropriation is not determined in time to carry out such calculations and bill such regulatory surcharge within the time specified, the commissioner may use the regulatory surcharge factors for the prior year as the basis for the regulatory surcharge and, if necessary, the commissioner may impose supplemental fees to fully and properly charge the organizations. Any organization failing to pay the regulatory surcharges by June 30th shall pay the same penalties as the penalties for failure to pay taxes when due under RCW 48.14.060. The regulatory surcharge required by this section is in addition to all other taxes and fees now imposed or that may be subsequently imposed.

(5) All moneys collected shall be deposited in the insurance commissioner's regulatory account in the state treasury which is hereby created.

(6) Unexpended funds in the insurance commissioner's regulatory account at the close of a fiscal year shall be carried forward in the insurance commissioner's regulatory account to the succeeding fiscal year and shall be used to reduce future regulatory surcharges.

(7)(a) Each insurer may annually collect regulatory surcharges remitted in preceding years by means of a policyholder surcharge on premiums charged for all kinds of insurance. The recoupment shall be at a uniform rate reasonably calculated to collect the regulatory surcharge remitted by the insurer.

(b) If an insurer fails to collect the entire amount of the recoupment in the first year under this section, it may repeat the recoupment procedure provided for in this subsection (7) in succeeding years until the regulatory surcharge is fully collected or a de minimis amount remains uncollected. Any such de minimis amount may be collected as provided in (d) of this subsection.

(c) The amount and nature of any recoupment shall be separately stated on either a billing or policy declaration sent to an insured. The amount of the recoupment must not be considered a premium for any purpose, including the premium tax or agents' commissions.

(d) An insurer may elect not to collect the regulatory surcharge from its insured. In such a case, the insurer may recoup the

regulatory surcharge through its rates, if the following requirements are met:

(i) The insurer remits the amount of surcharge not collected by election under this subsection; and

(ii) The surcharge is not considered a premium for any purpose, including the premium tax or agents' commission.

(8) During the 2009-2011 fiscal biennium, the legislature may transfer from the insurance commissioner's regulatory account to the state general fund such amounts as reflect the excess fund balance in the account.

**Sec. 938.** RCW 67.40.040 and 2008 c 329 s 917 and 2008 c 328 s 6011 are each reenacted and amended to read as follows:

(1) The proceeds from the sale of the bonds authorized in RCW 67.40.030, proceeds of the taxes imposed under RCW 67.40.090 and 67.40.130, and all other moneys received by the state convention and trade center from any public or private source which are intended to fund the acquisition, design, construction, expansion, exterior cleanup and repair of the Eagles building, conversion of various retail and other space to meeting rooms, purchase of the land and building known as the McKay Parcel, development of low-income housing, or renovation of the center, and those expenditures authorized under RCW 67.40.170 shall be deposited in the state convention and trade center account hereby created in the state treasury and in such subaccounts as are deemed appropriate by the directors of the corporation.

(2) Moneys in the account, including unanticipated revenues under RCW 43.79.270, shall be used exclusively for the following purposes in the following priority:

(a) For reimbursement of the state general fund under RCW 67.40.060;

(b) After appropriation by statute:

(i) For payment of expenses incurred in the issuance and sale of the bonds issued under RCW 67.40.030;

(ii) For expenditures authorized in RCW 67.40.170, and during the ~~((2007-2009))~~ 2009-2011 fiscal biennium, ~~((the legislature may transfer from the state convention and trade center account to the Washington housing trust account such amounts as reflect the excess fund balance in the account; and during the 2007-2009 biennium,))~~ the legislature may transfer from the state convention and trade center account to the general fund such amounts as reflect the excess fund balance in the account;

(iii) For acquisition, design, and construction of the state convention and trade center;

(iv) For debt service for the acquisition, design, and construction and retrofit of the museum of history and industry museum property or other future expansions of the convention center as approved by the legislature; and

(v) For reimbursement of any expenditures from the state general fund in support of the state convention and trade center; and

(c) For transfer to the state convention and trade center operations account.

(3) The corporation shall identify with specificity those facilities of the state convention and trade center that are to be financed with proceeds of general obligation bonds, the interest on which is intended to be excluded from gross income for federal income tax purposes. The corporation shall not permit the extent or manner of private business use of those bond-financed facilities to be inconsistent with treatment of such bonds as governmental bonds under applicable provisions of the Internal Revenue Code of 1986, as amended.

(4) In order to ensure consistent treatment of bonds authorized under RCW 67.40.030 with applicable provisions of the Internal Revenue Code of 1986, as amended, and notwithstanding RCW 43.84.092, investment earnings on bond proceeds deposited in the state convention and trade center account in the state treasury shall

TWENTY NINTH DAY, APRIL 12, 2010

be retained in the account, and shall be expended by the corporation for the purposes authorized under chapter 386, Laws of 1995 and in a manner consistent with applicable provisions of the Internal Revenue Code of 1986, as amended.

(5) Subject to the conditions in subsection (6) of this section, starting in fiscal year 2008, and except for the 2009-2011 fiscal biennium in which no transfers shall be made, the state treasurer shall transfer:

(a) The sum of four million dollars, or as much as may be available pursuant to conditions set forth in this section, from the state convention and trade center account to the tourism enterprise account, with the maximum transfer being four million dollars per fiscal year; and

(b) The sum of five hundred thousand dollars, or as much as may be available pursuant to conditions set forth in this section, from the state convention and trade center account to the tourism development and promotion account, with the maximum transfer being five hundred thousand dollars per fiscal year.

(6)(a) Funds required for debt service payments and reserves for bonds issued under RCW 67.40.030; for debt service authorized under RCW 67.40.170; and for the issuance and sale of financial instruments associated with the acquisition, design, construction, and retrofit of the museum of history and industry museum property or for other future expansions of the center, as approved by the legislature, shall be maintained within the state convention and trade center account.

(b) Except for during the 2009-2011 fiscal biennium, during which no reserve shall be retained, no less than six million one hundred fifty thousand dollars per year shall be retained in the state convention and trade center account for funding capital maintenance as required by the center's long-term capital plan, facility enhancements, unanticipated replacements, and operating reserves for the convention center operation. This amount shall be escalated annually as follows:

(i) Four percent for annual inflation for capital maintenance, repairs, and replacement;

(ii) An additional two percent for enhancement to the facility; and

(iii) An additional three percent for growth in expenditure due to aging of the facility and the need to maintain an operating reserve.

(c) Sufficient funds shall be reserved within the state convention and trade center account to fund operating appropriations for the annual operation of the convention center.

**Sec. 939.** RCW 66.08.170 and 2009 c 564 s 947 are each amended to read as follows:

There shall be a fund, known as the "liquor revolving fund", which shall consist of all license fees, permit fees, penalties, forfeitures, and all other moneys, income, or revenue received by the board. The state treasurer shall be custodian of the fund. All moneys received by the board or any employee thereof, except for change funds and an amount of petty cash as fixed by the board within the authority of law shall be deposited each day in a depository approved by the state treasurer and transferred to the state treasurer to be credited to the liquor revolving fund. During the 2009-2011 fiscal biennium, the legislature may transfer funds from the liquor revolving (~~account~~) fund to the state general fund and may direct an additional amount of liquor profits to be distributed to local governments. Neither the transfer of funds nor the additional distribution of liquor profits to local governments during the 2009-2011 fiscal biennium may reduce the excess fund distributions that otherwise would occur under RCW 66.08.190. Licensee sales are exempt from any increases to the price of liquor made by the board during the 2009-2011 fiscal biennium for the purpose of implementing any transfers to the state general fund or additional distribution of liquor profits. This exemption includes

2010 1ST SPECIAL SESSION

price increases implemented for such purposes during the 2009-2011 fiscal biennium prior to the effective date of this section but applies only to sales made on or after July 1, 2010. Disbursements from the revolving fund shall be on authorization of the board or a duly authorized representative thereof. In order to maintain an effective expenditure and revenue control the liquor revolving fund shall be subject in all respects to chapter 43.88 RCW but no appropriation shall be required to permit expenditures and payment of obligations from such fund.

**Sec. 940.** RCW 67.70.044 and 2009 c 576 s 1 are each amended to read as follows:

(1) Pursuant to RCW 67.70.040(1)(a), the commission may enter into the multistate agreement establishing a shared game lottery known as "The Big Game," that was entered into by party state lotteries in August 1996 and subsequently amended and a shared game lottery known as "Powerball."

(2) The shared game lottery account is created as a separate account outside the state treasury. The account is managed, maintained, and controlled by the commission and consists of all revenues received from the sale of shared game lottery tickets or shares, and all other moneys credited or transferred to it from any other fund or source under law. The account is allotted according to chapter 43.88 RCW. During the 2009-2011 fiscal biennium, the legislature may transfer from the shared game lottery account to the education legacy trust account such amounts as reflect the excess fund balance of the account.

**Sec. 941.** RCW 67.70.230 and 1985 c 375 s 4 are each amended to read as follows:

There is hereby created and established a separate account, to be known as the state lottery account. Such account shall be managed, maintained, and controlled by the commission and shall consist of all revenues received from the sale of lottery tickets or shares, and all other moneys credited or transferred thereto from any other fund or source pursuant to law. The account shall be a separate account outside the state treasury. No appropriation is required to permit expenditures and payment of obligations from the account. During the 2009-2011 fiscal biennium, the legislature may transfer from the state lottery account to the education legacy trust account such amounts as reflect the excess fund balance of the account.

**Sec. 942.** RCW 70.105D.070 and 2009 c 564 s 951 are each amended to read as follows:

(1) The state toxics control account and the local toxics control account are hereby created in the state treasury.

(2) The following moneys shall be deposited into the state toxics control account: (a) Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-three one-hundredths of one percent; (b) the costs of remedial actions recovered under this chapter or chapter 70.105A RCW; (c) penalties collected or recovered under this chapter; and (d) any other money appropriated or transferred to the account by the legislature. Moneys in the account may be used only to carry out the purposes of this chapter, including but not limited to the following activities:

(i) The state's responsibility for hazardous waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.105 RCW;

(ii) The state's responsibility for solid waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.95 RCW;

(iii) The hazardous waste cleanup program required under this chapter;

(iv) State matching funds required under the federal cleanup law;

(v) Financial assistance for local programs in accordance with chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;

TWENTY NINTH DAY, APRIL 12, 2010

(vi) State government programs for the safe reduction, recycling, or disposal of hazardous wastes from households, small businesses, and agriculture;

(vii) Hazardous materials emergency response training;

(viii) Water and environmental health protection and monitoring programs;

(ix) Programs authorized under chapter 70.146 RCW;

(x) A public participation program, including regional citizen advisory committees;

(xi) Public funding to assist potentially liable persons to pay for the costs of remedial action in compliance with cleanup standards under RCW 70.105D.030(2)(e) but only when the amount and terms of such funding are established under a settlement agreement under RCW 70.105D.040(4) and when the director has found that the funding will achieve both (A) a substantially more expeditious or enhanced cleanup than would otherwise occur, and (B) the prevention or mitigation of unfair economic hardship;

(xii) Development and demonstration of alternative management technologies designed to carry out the hazardous waste management priorities of RCW 70.105.150; ~~((and))~~

(xiii) During the 2009-2011 fiscal biennium, shoreline update technical assistance; and

(xiv) During the 2009-2011 fiscal biennium, multijurisdictional permitting teams.

(3) The following moneys shall be deposited into the local toxics control account: Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-seven one-hundredths of one percent.

(a) Moneys deposited in the local toxics control account shall be used by the department for grants or loans to local governments for the following purposes in descending order of priority:

(i) Remedial actions;

(ii) Hazardous waste plans and programs under chapter 70.105 RCW;

(iii) Solid waste plans and programs under chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;

(iv) Funds for a program to assist in the assessment and cleanup of sites of methamphetamine production, but not to be used for the initial containment of such sites, consistent with the responsibilities and intent of RCW 69.50.511; and

(v) Cleanup and disposal of hazardous substances from abandoned or derelict vessels, defined for the purposes of this section as vessels that have little or no value and either have no identified owner or have an identified owner lacking financial resources to clean up and dispose of the vessel, that pose a threat to human health or the environment.

(b) Funds for plans and programs shall be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW, except that any applicant that is a Puget Sound partner, as defined in RCW 90.71.010, along with any project that is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310, shall, except as conditioned by RCW 70.105D.120, receive priority for any available funding for any grant or funding programs or sources that use a competitive bidding process. During the 2007-2009 fiscal biennium, moneys in the account may also be used for grants to local governments to retrofit public sector diesel equipment and for storm water planning and implementation activities.

(c) To expedite cleanups throughout the state, the department shall partner with local communities and liable parties for cleanups. The department is authorized to use the following additional strategies in order to ensure a healthful environment for future generations:

(i) The director may alter grant-matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of vacant, orphaned, or abandoned property under RCW 70.105D.040(5) that would not otherwise occur;

(ii) The use of outside contracts to conduct necessary studies;

(iii) The purchase of remedial action cost-cap insurance, when necessary to expedite multiparty clean-up efforts.

(d) To facilitate and expedite cleanups using funds from the local toxics control account, during the 2009-2011 fiscal biennium the director may establish grant-funded accounts to hold and disperse local toxics control account funds and funds from local governments to be used for remedial actions.

(4) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(5) Except during the 2009-2011 fiscal biennium, one percent of the moneys deposited into the state and local toxics control accounts shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation from either account which are not expended at the close of any biennium shall revert to the state toxics control account.

(6) No moneys deposited into either the state or local toxics control account may be used for solid waste incinerator feasibility studies, construction, maintenance, or operation, or, after January 1, 2010, for projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(7) The department shall adopt rules for grant or loan issuance and performance.

(8) During the 2007-2009 and 2009-2011 fiscal biennia, the legislature may transfer from the local toxics control account to either the state general fund or the oil spill prevention account, or both such amounts as reflect excess fund balance in the account.

(9) During the 2009-2011 fiscal biennium, the local toxics control account may also be used for a standby rescue tug at Neah Bay, local government shoreline update grants, private and public sector diesel equipment retrofit, and oil spill prevention, preparedness, and response activities.

(10) During the 2009-2011 fiscal biennium, the legislature may transfer from the state toxics control account to the state general fund such amounts as reflect the excess fund balance in the account.

**Sec. 943.** RCW 74.31.030 and 2007 c 356 s 4 are each amended to read as follows:

(1) By July 30, 2007, the department shall designate a staff person who shall be responsible for the following:

(a) Coordinating policies, programs, and services for individuals with traumatic brain injuries; and

(b) Providing staff support to the council created in RCW 74.31.020.

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

(2) The department shall provide data and information to the council established under RCW 74.31.020 that is requested by the council and is in the possession or control of the department.

(3) By December 1, 2007, the department shall provide a preliminary report to the legislature and the governor, and shall provide a final report by December 1, 2008, containing recommendations for a comprehensive statewide plan to address the needs of individuals with traumatic brain injuries, including the use of public-private partnerships and a public awareness campaign. The comprehensive plan should be created in collaboration with the council and should consider the following:

(a) Building provider capacity and provider training;

(b) Improving the coordination of services;

(c) The feasibility of establishing agreements with private sector agencies to develop services for individuals with traumatic brain injuries; and

(d) Other areas the council deems appropriate.

(4) By December 1, 2007, the department shall:

(a) Provide information and referral services to individuals with traumatic brain injuries until the statewide referral and information network is developed. The referral services may be funded from the traumatic brain injury account established under RCW 74.31.060; ~~(and)~~

(b) Encourage and facilitate the following:

(i) Collaboration among state agencies that provide services to individuals with traumatic brain injuries;

(ii) Collaboration among organizations and entities that provide services to individuals with traumatic brain injuries; and

(iii) Community participation in program implementation; and

(c) During the 2009-2011 fiscal biennium:

(i) Secure funding to develop housing specifically for traumatic brain injured individuals by leveraging federal and private fund sources;

(ii) Expand support group services with an emphasis on persons returning from active military duty with traumatic brain injury and their families;

(iii) Establish training and outreach to first responders and emergency medical staff for care related to traumatic brain injury; and

(iv) Improve awareness of health insurance coverage options and promote best practices in private health insurance coverage.

(5) By December 1, 2007, and by December 1st each year thereafter, the department shall issue a report to the governor and the legislature containing the following:

(a) A summary of action taken by the department to meet the needs of individuals with traumatic brain injuries; and

(b) Recommendations for improvements in services to address the needs of individuals with traumatic brain injuries.

**Sec. 944.** RCW 74.31.060 and 2007 c 356 s 7 are each amended to read as follows:

The traumatic brain injury account is created in the state treasury. Two dollars of the fee imposed under RCW 46.63.110(7)(c) must be deposited into the account. Moneys in the account may be spent only after appropriation, and may be used only to provide a public awareness campaign and services relating to traumatic brain injury under RCW 74.31.040 and 74.31.050, for information and referral services, and for costs of required department staff who are providing support for the council and information and referral services under RCW 74.31.020 and 74.31.030. During the 2009-2011 fiscal biennium, money in the account may also be spent on long-term care services and the services authorized in RCW 74.31.030(4)(c). The secretary of the department of social and health services has the authority to administer the funds.

**Sec. 945.** RCW 70.93.180 and 2009 c 564 s 950 are each amended to read as follows:

(1) There is hereby created an account within the state treasury to be known as the "waste reduction, recycling, and litter control account". Moneys in the account may be spent only after appropriation. Expenditures from the waste reduction, recycling, and litter control account shall be used as follows:

(a) Fifty percent to the department of ecology, for use by the departments of ecology, natural resources, revenue, transportation, and corrections, and the parks and recreation commission, for use in litter collection programs, to be distributed under RCW 70.93.220. The amount to the department of ecology shall also be used for a central coordination function for litter control efforts statewide, for the biennial litter survey under RCW 70.93.200(8), and for statewide public awareness programs under RCW 70.93.200(7). The amount to the department shall also be used to defray the costs of administering the funding, coordination, and oversight of local government programs for waste reduction, litter control, and recycling, so that local governments can apply one hundred percent of their funding to achieving program goals. The amount to the department of revenue shall be used to enforce compliance with the litter tax imposed in chapter 82.19 RCW;

(b) Twenty percent to the department for local government funding programs for waste reduction, litter control, and recycling activities by cities and counties under RCW 70.93.250, to be administered by the department of ecology; and

(c) Thirty percent to the department of ecology for waste reduction and recycling efforts.

(2) All taxes imposed in RCW 82.19.010 and fines and bail forfeitures collected or received pursuant to this chapter shall be deposited in the waste reduction, recycling, and litter control account and used for the programs under subsection (1) of this section.

(3) Not less than five percent and no more than ten percent of the amount appropriated into the waste reduction, recycling, and litter control account every biennium shall be reserved for capital needs, including the purchase of vehicles for transporting crews and for collecting litter and solid waste. Capital funds shall be distributed among state agencies and local governments according to the same criteria provided in RCW 70.93.220 for the remainder of the funds, so that the most effective waste reduction, litter control, and recycling programs receive the most funding. The intent of this subsection is to provide funds for the purchase of equipment that will enable the department to account for the greatest return on investment in terms of reaching a zero litter goal.

(4) During the 2009-2011 fiscal biennium, the legislature may transfer from the waste reduction, recycling, and litter control account to the state general fund such amounts as reflect the excess fund balance of the account. ~~((For purposes of subsection (1) of this section, this transfer shall be treated as an expenditure for litter collection.))~~ Additionally, during the 2009-2011 fiscal biennium, subsection (1)(a), (b), and (c) of this section is suspended.

**NEW SECTION. Sec. 946.** A new section is added to chapter 43.79 RCW to read as follows:

The legislature recognizes that efforts to restructure state operations to achieve greater efficiency are often impeded by the lack of a financing tool to support the transition and phase-down of state operations. The state efficiency and restructuring account is established in the state treasury to finance efforts to restructure state operations and achieve budget savings. Moneys from the account may be expended only after appropriation. As directed by the legislature, the state treasurer must transfer funds from specified accounts into the state efficiency and restructuring account to support appropriations from that account. The state treasurer must maintain a record of such transfers and must calculate repayment

TWENTY NINTH DAY, APRIL 12, 2010

obligations to any accounts providing surplus funds for a term of eight years at an interest rate that is five tenths of a percent higher than the interest rate that the account would have earned without the transfer. The state treasurer must submit a report of all such repayment obligations to the office of financial management by September 1st of each year. The governor's budget request under RCW 43.88.060 must include sufficient funds to meet the biennial repayment obligation.

**Sec. 947.** RCW 70.105D.130 and 2008 c 106 s 1 are each amended to read as follows:

(1) The cleanup settlement account is created in the state treasury. The account is not intended to replace the state toxics control account established under RCW 70.105D.070. All receipts from the sources identified in subsection (2) of this section must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only as identified in subsection (4) of this section.

(2) The following receipts must be deposited into the cleanup settlement account:

(a) Receipts from settlements or court orders that direct payment to the account and resolve a person's liability or potential liability under this chapter for either or both of the following:

(i) Conducting future remedial action at a specific facility, if it is not feasible to require the person to conduct the remedial action based on the person's financial insolvency, limited ability to pay, or insignificant contribution under RCW 70.105D.040(4)(a);

(ii) Assessing or addressing the injury to natural resources caused by the release of a hazardous substance from a specific facility; and

(b) Receipts from investment of the moneys in the account.

(3) If a settlement or court order does not direct payment of receipts described in subsection (2)(a) of this section into the cleanup settlement account, then the receipts from any payment to the state must be deposited into the state toxics control account.

(4) Expenditures from the cleanup settlement account may only be used to conduct remedial actions at the specific facility or to assess or address the injury to natural resources caused by the release of hazardous substances from that facility for which the moneys were deposited in the account. Conducting remedial actions or assessing or addressing injury to natural resources includes direct expenditures and indirect expenditures such as department oversight costs. During the 2009-2011 fiscal biennium, the legislature may transfer excess fund balances in the account into the state efficiency and restructuring account. Transfers of excess fund balances made under this section shall be made only to the extent amounts transferred with required repayments do not impair the ten-year spending plan administered by the department of ecology for environmental remedial actions dedicated for any designated clean-up site associated with the Everett smelter and Tacoma smelter, including plumes, or former Asarco mine sites. The cleanup settlement account must be repaid with interest under provisions of the state efficiency and restructuring account.

(5) The department shall track moneys received, interest earned, and moneys expended separately for each facility.

(6) After the department determines that all remedial actions at a specific facility, and all actions assessing or addressing injury to natural resources caused by the release of hazardous substances from that facility, are completed, including payment of all related costs, any moneys remaining for the specific facility must be transferred to the state toxics control account established under RCW 70.105D.070.

(7) The department shall provide the office of financial management and the fiscal committees of the legislature with a report by October 31st of each year regarding the activity within the cleanup settlement account during the previous fiscal year.

2010 1ST SPECIAL SESSION

**Sec. 948.** RCW 70.146.100 and 2007 c 233 s 1 are each amended to read as follows:

(1) The water quality capital account is created in the state treasury. Moneys in the water quality capital account may be spent only after appropriation.

(2) Expenditures from the water quality capital account may only be used: (a) To make grants or loans to public bodies, including grants to public bodies as cost-sharing moneys in any case where federal, local, or other moneys are made available on a cost-sharing basis, for the capital component of water pollution control facilities and activities; (b) for purposes of assisting a public body to obtain an ownership interest in water pollution control facilities; or (c) to defray any part of the capital component of the payments made by a public body to a service provider under a service agreement entered into under RCW 70.150.060. During the 2009-2011 fiscal biennium, the legislature may transfer from the water quality capital account to the state general fund such amounts as reflect the excess fund balance of the account.

**Sec. 949.** RCW 79.105.150 and 2009 c 564 s 959 are each amended to read as follows:

(1) After deduction for management costs as provided in RCW 79.64.040 and payments to towns under RCW 79.115.150(2), all moneys received by the state from the sale or lease of state-owned aquatic lands and from the sale of valuable material from state-owned aquatic lands shall be deposited in the aquatic lands enhancement account which is hereby created in the state treasury. After appropriation, these funds shall be used solely for aquatic lands enhancement projects; for the purchase, improvement, or protection of aquatic lands for public purposes; for providing and improving access to the lands; and for volunteer cooperative fish and game projects. During the 2009-2011 fiscal biennium, the aquatic lands enhancement account may also be used for scientific research as part of the adaptive management process. During the 2009-11 fiscal biennium, the legislature may transfer from the aquatic lands enhancement account to the state general fund such amounts as reflect excess fund balance of the account.

(2) In providing grants for aquatic lands enhancement projects, the recreation and conservation funding board shall:

(a) Require grant recipients to incorporate the environmental benefits of the project into their grant applications;

(b) Utilize the statement of environmental benefits, consideration, except as provided in RCW 79.105.610, of whether the applicant is a Puget Sound partner, as defined in RCW 90.71.010, whether a project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310, and except as otherwise provided in RCW 79.105.630, and effective one calendar year following the development and statewide availability of model evergreen community management plans and ordinances under RCW 35.105.050, whether the applicant is an entity that has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030 in its prioritization and selection process; and

(c) Develop appropriate outcome-focused performance measures to be used both for management and performance assessment of the grants.

(3) To the extent possible, the department should coordinate its performance measure system with other natural resource-related agencies as defined in RCW 43.41.270.

(4) The department shall consult with affected interest groups in implementing this section.

(5) After January 1, 2010, any project designed to address the restoration of Puget Sound may be funded under this chapter only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

**Sec. 950.** RCW 80.01.080 and 2006 c 3 s 2 are each amended to read as follows:

There is created in the state treasury a public service revolving fund. Regulatory fees payable by all types of public service companies shall be deposited to the credit of the public service revolving fund. Except for expenses payable out of the pipeline safety account, all expense of operation of the Washington utilities and transportation commission shall be payable out of the public service revolving fund.

During the ~~((2003-2005))~~ 2009-2011 fiscal biennium, the legislature may transfer from the public service revolving fund to the state general fund such amounts as reflect the excess fund balance of the fund.

~~((Due to the extraordinarily high winter energy costs, during the 2005-2007 fiscal biennium, no more than seven million six hundred thousand dollars, as appropriated in section 1, chapter 3, Laws of 2006, shall be payable out of the public service revolving fund to provide energy assistance to customers in accordance with the low income energy assistance program.))~~

**Sec. 951.** RCW 80.36.430 and 2009 c 564 s 960 are each amended to read as follows:

(1) The Washington telephone assistance program shall be funded by a telephone assistance excise tax on all switched access lines and by funds from any federal government or other programs for this purpose. Switched access lines are defined in RCW 82.14B.020. The telephone assistance excise tax shall be applied equally to all residential and business access lines not to exceed fourteen cents per month. The department shall submit an approved annual budget for the Washington telephone assistance program to the department of revenue no later than March 1st prior to the beginning of each fiscal year. The department of revenue shall then determine the amount of telephone assistance excise tax to be placed on each switched access line and shall inform local exchange companies and the utilities and transportation commission of this amount no later than May 1st. The department of revenue shall determine the amount of telephone assistance excise tax by dividing the total of the program budget funded by the telephone assistance excise tax, as submitted by the department, by the total number of switched access lines in the prior calendar year. The telephone assistance excise tax shall be separately identified on each ratepayer's bill as the "Washington telephone assistance program." All money collected from the telephone assistance excise tax shall be transferred to a telephone assistance fund administered by the department.

(2) Local exchange companies shall bill the fund for their expenses incurred in offering the telephone assistance program, including administrative and program expenses. The department shall disburse the money to the local exchange companies. The department is exempted from having to conclude a contract with local exchange companies in order to effect this reimbursement. The department shall recover its administrative costs from the fund. The department may specify by rule the range and extent of administrative and program expenses that will be reimbursed to local exchange companies.

(3) The department shall enter into an agreement with the department of ~~((community, trade, and economic development))~~ commerce for an amount not to exceed eight percent of the prior fiscal year's total revenue for the administrative and program expenses of providing community service voice mail services. The community service voice mail service may include toll-free lines in community action agencies through which recipients can access their community service voice mailboxes at no charge.

(4) During the 2009-2011 biennium, the department shall enter into an agreement with the ~~((military department))~~ WIN 211

organization for ~~((one million dollars to))~~ operational support ~~((the WIN 211 program)).~~

**Sec. 952.** RCW 82.14.495 and 2009 c 4 s 907 are each amended to read as follows:

(1) The streamlined sales and use tax mitigation account is created in the state treasury. The state treasurer shall transfer into the account from the general fund amounts as directed in RCW 82.14.500. Expenditures from the account may be used only for the purpose of mitigating the negative fiscal impacts to local taxing jurisdictions as a result of RCW 82.14.490 and the chapter 6, Laws of 2007 amendments to RCW 82.14.020. During the ~~((2007-2009))~~ 2009-2011 fiscal biennium, the legislature may transfer from the streamlined sales and use tax mitigation account to the state general fund such amounts as reflect the excess fund balance of the account.

(2) Beginning July 1, 2008, the state treasurer, as directed by the department, shall distribute the funds in the streamlined sales and use tax mitigation account to local taxing jurisdictions in accordance with RCW 82.14.500.

(3) The definitions in this subsection apply throughout this section and RCW 82.14.390 and 82.14.500.

(a) "Agreement" means the same as in RCW 82.32.020.

(b) "Local taxing jurisdiction" means counties, cities, transportation authorities under RCW 82.14.045, public facilities districts under chapters 36.100 and 35.57 RCW, public transportation benefit areas under RCW 82.14.440, and regional transit authorities under chapter 81.112 RCW, that impose a sales and use tax.

(c) "Loss" or "losses" means the local sales and use tax revenue reduction to a local taxing jurisdiction resulting from the sourcing provisions in RCW 82.14.490 and the chapter 6, Laws of 2007 amendments to RCW 82.14.020.

(d) "Net loss" or "net losses" means a loss offset by any voluntary compliance revenue.

(e) "Voluntary compliance revenue" means the local sales tax revenue gain to each local taxing jurisdiction reported to the department from persons registering through the central registration system authorized under the agreement.

(f) "Working day" has the same meaning as in RCW 82.45.180.

**Sec. 953.** RCW 83.100.230 and 2008 c 329 s 924 are each amended to read as follows:

The education legacy trust account is created in the state treasury. Money in the account may be spent only after appropriation. Expenditures from the account may be used only for deposit into the student achievement fund and for expanding access to higher education through funding for new enrollments and financial aid, and other educational improvement efforts. During the ~~((2007-2009))~~ 2009-2011 fiscal biennium, moneys in the account may also be transferred into the state general fund.

**NEW SECTION. Sec. 954.** A new section is added to 2009 c 564 (uncodified) to read as follows:

**JOINT LEGISLATIVE SELECT COMMITTEE ON HEALTH REFORM IMPLEMENTATION.**

The joint legislative select committee on health reform implementation is established. The joint legislative select committee on health reform implementation shall be co-chaired by the chairs of the health committees of the senate and the house of representatives, and leadership of the two largest caucuses in the senate and the house of representatives shall each appoint two additional legislators to serve on the committee. The co-chairs may direct the formation of advisory committees, if desired, to focus on specific topic areas, such as insurance regulation, access and expansion of public and private programs, and workforce issues, and may invite interested stakeholders and additional experts to

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

advise the committee. All participation in the joint select committee and any advisory committees is without compensation.

This section expires June 30, 2011.

**NEW SECTION. Sec. 955.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 956.** Section 910 of this act expires June 30, 2011.

**NEW SECTION. Sec. 957.** Section 935 of this act expires June 30, 2011.

**NEW SECTION. Sec. 958.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

MOTION

Senator Prentice moved that the Senate concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 6444.

Senator Prentice spoke in favor of the motion.

POINT OF INQUIRY

Senator Regala: "Would Senator Kauffman yield to a question? Thank you very much Senator Kauffman. I noticed that in this proposed to supplemental budget for the Department of Social & Health Services in the agency detailed publication there are two items that relate to the council on children and families. I've noticed that each of those items represent a three hundred thousand dollar reduction to the council and that neither item is expressly described in the bill on which we are about to vote. So, is it the intent to your understanding of this legislation to make a six hundred thousand dollar reduction to the council on children and families and to require the Department of Social & Health Services to take this entire budget reduction from the funding from the council?"

Senator Kauffman: "Thank you Senator for the great question. No, it was not the intent of budget act to require the department to take both reductions from the council from the Children & Families for the services home visiting. Just once not twice."

The President declared the question before the Senate to be the motion by Senator Prentice that the Senate concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 6444.

The motion by Senator Prentice carried and the Senate concurred in the House amendment(s) to Engrossed Substitute Senate Bill No. 6444 by voice vote.

The President declared the question before the Senate to be the final passage of Engrossed Substitute Senate Bill No. 6444, as amended by the House.

Senators Zarelli, Schoesler, Carrell, Tom and Pflug spoke against passage of the bill.

Senators Hargrove and Brown spoke in favor of passage of the bill.

#### ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 6444, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 25; Nays, 21; Absent, 0; Excused, 3.

Voting yea: Senators Berkey, Brown, Eide, Fairley, Franklin, Fraser, Gordon, Hargrove, Hatfield, Jacobsen, Kastama, Kauffman, Keiser, Kline, Kohl-Welles, McAuliffe, McDermott, Murray, Oemig, Prentice, Pridemore, Ranker, Regala, Rockefeller and Shin

Voting nay: Senators Becker, Benton, Brandland, Carrell, Haugen, Hewitt, Hobbs, Holmquist, Honeyford, Kilmer, King, Marr, Morton, Parlette, Pflug, Roach, Schoesler, Sheldon, Swecker, Tom and Zarelli

Excused: Senators Delvin, McCaslin and Stevens

ENGROSSED SUBSTITUTE SENATE BILL NO. 6444, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

#### PERSONAL PRIVILEGE

Senator Prentice: "I would like to thank the staff of Ways & Means for doing an absolute incredible job. I don't think we really realize how they work, day and night and I believe we have some of them. Would you please come forth? Don't look so bashful, Senator Fraser would you scoot them in here? I really think we owe them a round of applause. You can see how bashful they are. I can tell you that I've never worked with such a very dedicated group of people but also just so darned sharp. They know so much and they work so hard and after we moaned and groaned coming in Sunday afternoon and we have a hearing and then they work on the rest of our bills, I know on many occasions they've worked all night and I guess I just can't say thank you enough."

#### PERSONAL PRIVILEGE

Senator Brown: "Well, they're running away almost as fast as I can talk but Mr. Wills. Mr. Wills, could you step forward please? The head of our Ways & Means shop is going on to finer things. He's going to retire after this session and I wanted to say to him that 'oh bearded one.' He's done a fantastic job. We almost lost him and he stepped back in to fill the void and it's been to the value of all the people in the Senate and in the state of Washington. Very unflappable guy with, has the enormous respect of the people who work with him and has devoted many years of service, I won't say how many, to the people of Washington State. He's much younger than he looks, just kidding. He's done a fantastic job for us and his work will be well remembered. Thank you very much Mike."

#### PERSONAL PRIVILEGE

Senator Tom: "I really do want to second the motion as far as the great staff that we do have in Ways & Means. I've had the privilege in my private life to work with some incredible attorneys, accountants, lot of very high-priced, I guess you would say, individuals and our staff, they are incredible and they can hold a candle to anybody out there I can guarantee you. I think

2010 1ST SPECIAL SESSION

I've said it before, it always amazes to me why they're actually here because they could probably make a heck of a lot more money out there in the private sector. They are that talented but we are so fortunate to have them working immense hours. If we worked half as hard as they did, I think things around here would run a whole lot different but it really is amazing the talent that we have there. I know that we are a part-time legislature and this might not be the perfect idea but if we really were smart what we would do is we would just go home tell them to figure out the budget and then come back and say, 'yes'. I can tell you we would have a budget that I think that would get a lot more votes than twenty-five if that was the occurrence. Again, just want to say thanks for the incredible staff that we do have. Thank you Mr. President."

#### MOTION

On motion of Senator Eide, the Senate advanced to the sixth order of business.

#### SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2836, by House Committee on Capital Budget (originally sponsored by Representatives Dunshee and White)

Concerning the capital budget.

The measure was read the second time.

#### MOTION

Senator Fraser moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A supplemental capital budget is hereby adopted and, subject to the provisions set forth in this act, the several dollar amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning with the effective date of this act and ending June 30, 2011, out of the several funds specified in this act.

Housing Assistance, Weatherization, and Affordable Housing (30000013)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$7,000,000 of the appropriations is provided solely for facilities housing low-income migrant, seasonal, or temporary farmworkers. The operation of the facilities built under this section shall be in compliance with 8 U.S.C. Sec. 1342. The department shall work with the farmworker housing advisory committee to prioritize funding of projects to the areas of highest need. Funding may also be provided, to the extent qualified projects are submitted, for health and safety projects. Any of this appropriation that is not obligated by June 30, 2011, shall be added to the amount appropriated for the general pool of projects.

(2) \$3,000,000 of the appropriations is provided solely to promote development of safe and affordable housing units for persons eligible for services from the division of developmental disabilities within the department of social and health services.

(3) \$10,000 of the appropriations is provided solely to the ~~((Ballard food bank/Ballard homes for all coalition))~~ St. Luke's Lutheran Church/Interfaith Task Force on Homelessness for the construction of a mobile camp facility.

(4) \$2,500,000 of the appropriations is provided solely for the development of farm infrastructure improvements. Any of this appropriation that is not obligated by June 30, 2011, must be added to the amount appropriated for the general pool of projects.

(5) \$1,000,000 from the taxable bonds account is provided solely for the development or preservation of farmworker housing for migrant and seasonal farmworkers located on private farms.

(6) \$5,000,000 of the appropriation from the state building construction account is provided solely to build low-income housing units in underserved communities and to concurrently develop capacity in these same communities. Underserved communities of concern are those that have high levels of poverty, specifically, thirty percent of the local median income; experience chronic homelessness; and lack affordable housing. Underserved communities include veterans, immigrants, refugees, and those communities of color disproportionately impacted by chronic homelessness and lack of affordable housing. The department shall collaborate with representatives of underserved communities and organizations committed to assistance in these efforts to prioritize and plan distribution of funding.

(7) The department may not make loans from capital bond proceeds appropriated in this section if the appropriations are also obligated for other grants or loans or if the anticipated repayments of the loans are from future state legislative appropriations.

(8) The legislature recognizes and supports the housing priorities reflected in the American recovery and reinvestment act of 2009 with the estimated amount of \$144,000,000 provided solely for the following programs:

(a) The community development fund's neighborhood stabilization fund to purchase and rehabilitate foreclosed vacant properties and to help create affordable housing and stabilize neighborhoods.

(b) The public housing capital fund to assist housing authorities build and rehabilitate low-income housing stock. Housing authorities are required to give priority consideration to the rehabilitation of vacant rental units and capital projects that are already underway or included in the five-year capital fund plans.

(c) HOME funding to the Washington state housing finance commission for a competitive program pursuant to the qualified allocation plan to owners of projects who have received or receive simultaneously an award of low-income housing tax credits under section 42(h) of the internal revenue code of 1986.

(d) Weatherization appropriated in section 1052 of this act for grants and loans to local energy programs for weatherization of multifamily and single family homes.

(9) \$5,000,000 is provided solely for two geographically diverse projects that serve security lifeline clients who are homeless and have a mental or behavioral health disorder. This housing must be provided in coordination with community agencies who can offer supportive services.

(10) Up to \$25,000,000 of the appropriation is for the department of commerce to contract with the Washington state housing finance commission to provide equity funding and administration necessary to implement the Washington works housing program and to facilitate nonprofit entities' use of tax-exempt multifamily bonds issued by the Washington state housing finance commission. The projects receiving these funds shall meet the affordability requirement for the period after initial bond indebtedness, as established in section 2(2) of chapter 6, Laws of 2010.

Community Schools (91000002)

The appropriation in this section is subject to the following conditions and limitations: The appropriation in this section is provided solely for the following:

(1) The acquisition, rehabilitation, expansion, or improvement of surplus school buildings to be converted into community facilities for the delivery of nonresidential coordinated services for children and families.

(a) Eligible applicants include local governments, nonprofit organizations, nonprofit early learning providers, and tribal governments. Only the following surplus schools may be eligible for grant funding under this section: Fauntleroy school, University Heights school, and Martin Luther King elementary school.

(b) As part of the grant process, applicants must submit a comprehensive plan for the use of the surplus school that includes information on the following:

(i) A list of partner entities that will assist the lead eligible applicant to provide or coordinate services for children and families;

(ii) A memorandum of understanding between the lead eligible applicant and each partner; and

(iii) An examination of capital and operating funding sources that applicants intend to apply to the project and coordinated services at each school to be served, whether such funding is derived from grants under this section or from other federal, state, local, or private sources.

(c) Project applicants must demonstrate that the proposed project is ready to proceed, will make timely use of the funds, and requires state funding to accomplish a discrete, usable phase of the project that may include acquisition.

(d) If grant funds under this subsection are used for the acquisition of surplus school facilities, the sale proceeds must be used by the local school board disposing of such property for renovation, replacement, or new construction of school facilities in the district, but shall not be used as local match for projects receiving state school construction assistance grants.

(e) In contracts for grants authorized under this subsection, the department shall include provisions that require that capital improvements must be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities must be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(2) The construction of a non-mobile facility, accessible to students in central and eastern Washington for the purpose of financial literacy education, for the eastern and western Washington junior achievement world initiative.

(3) \$1,500,000 of the appropriation in this section is provided solely for acquisition of the Martin Luther King elementary school. This is in addition to the amount provided for the Martin Luther King elementary school in section 1033, chapter 497, Laws of 2009.

Jobs Act for K-12 Public Schools and Higher Education Institutions (91000085)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for grants to public school districts and public higher education institutions for operational cost savings improvements to public school district and higher education facilities and related projects that result in energy and operational cost savings. Related projects are those projects that must be completed in order for the energy efficiency

improvements to be effective. Grants may also be used for loan interest payments over the term of a loan.

(2) The department of commerce, in consultation with the department of general administration, the office of the superintendent of public instruction, and the Washington State University energy program shall establish a competitive process to solicit and evaluate applications from public school districts and public higher education institutions. Final grant awards shall be determined by the department of commerce.

(3) The definitions in this section apply throughout this section.

(a) "Cost-effectiveness" means that the present value to public school districts and public higher education institutions of the energy reasonably expected to be saved or produced by a facility, activity, measure, or piece of equipment over its useful life, including any compensation received from a utility or the Bonneville power administration, is greater than the net present value of the costs of implementing, maintaining, and operating such facility, activity, measure, or piece of equipment over its useful life, when discounted at the cost of public borrowing.

(b) "Energy equipment" means energy management systems and any equipment, materials, or supplies that are expected, upon installation, to reduce the energy use or energy cost of an existing building or facility, and the services associated with the equipment, materials, or supplies, including but not limited to design, engineering, financing, installation, project management, guarantees, operations, and maintenance. Reduction in energy use or energy cost may also include reductions in the use or cost of water, wastewater, or solid waste.

(c) "Energy cost savings" means savings realized in expenses for energy use and expenses associated with water, wastewater, or solid waste systems.

(d) "Energy savings performance contracting" means the process authorized by chapter 39.35C RCW by which a company contracts with a public agency to conduct energy audits and guarantee energy savings from energy efficiency.

(e) "Operational cost savings" means savings realized from parts, service fees, capital renewal costs, and other measurable annual expenses to maintain and repair systems. This definition does not mean labor savings related to existing facility staff.

(f) "Public facilities" means buildings, building components, and major equipment or systems owned by public school districts and public higher education institutions.

(g) "Innovative measures" means advanced or emerging technologies, systems or approaches that may not yet be in common practice but improve energy efficiency, accelerate deployment, or reduce energy usage, and become widely commercially available in the future if proven successful in demonstration programs without compromising the guaranteed performance or measurable energy and operational cost savings anticipated. Examples of innovative measures include, but are not limited to, advanced energy and systems operations monitoring, diagnostics and controls systems for buildings; novel heating, cooling, ventilation and water heating systems; advanced windows and insulation technologies, highly efficient lighting technologies, designs, and controls; and integration of renewable energy sources into buildings, and energy savings verification technologies and solutions.

(4) Grants must be awarded in competitive rounds, based on demand and capacity, with at least five percent of each grant round awarded to small public school districts with fewer than 1,000 full-time equivalent students, based on demand and capacity.

(5) Within each competitive round, projects must be weighted and prioritized based on the following criteria and in the following order:

(a) Leverage ratio: In each round, the higher the leverage ratio of nonstate funding sources to state jobs act grant, the higher the project ranking.

(b) Energy savings: In each round, the higher the energy savings, the higher the project ranking. Applicants must submit documentation that demonstrates energy and operational cost savings resulting from the installation of the energy equipment and improvements. The energy savings analysis shall be performed by a licensed engineer, and the documentation must include but is not limited to the following:

(i) A description of the energy equipment and improvements;

(ii) A description of the energy and operational cost savings; and

(iii) A description of the extent to which the project employs collaborative and innovative measures and encourages demonstration of new and emerging technologies with high energy-savings or energy cost- reductions.

(c) Expediency of expenditure: Project readiness to spend funds must be prioritized so that the legislative intent to expend funds quickly is met.

(6) Projects that do not use energy savings performance contracting must: (a) Verify energy and operational cost savings for ten years or until the energy and operational costs savings pay for the project, whichever is shorter; (b) follow the department of general administration's energy savings performance contracting project guidelines; and (c) employ a licensed engineer for the energy audit and construction. The department of commerce may require third-party verification of savings if a project is not implemented by an energy savings performance contractor selected by the department of general administration through the request of qualifications process. Third- party verification must be conducted either by an energy savings performance contractor selected by the department of general administration through a request for qualifications, a licensed engineer that is a certified energy manager, a project resource conservation manager, or educational service district resource conservation manager.

(7) To intensify competition, the department of commerce may only award funds to the top eighty-five percent of projects applying in a round until the department of commerce determines a final round is appropriate. Projects that do not receive a grant award in one round may reapply in subsequent rounds.

(8) To match federal grants and programs that require state matching funds and produce significantly higher efficiencies in operations and utilities, the level of innovation criteria may be increased for the purposes of weighted scoring to capture those federal dollars for selected projects that require a higher level of innovation and regional collaboration.

(9) Grant amounts awarded to each project must allow for the maximum number of projects funded with the greatest energy and cost benefit.

(10)(a) The department of commerce must use bond proceeds to pay one-half of the preliminary audit, up to five cents per square foot, if the project does not meet the school district's and higher education institution's predetermined cost-effectiveness criteria. Public school districts and public higher education institutions must pay the other one-half of the cost of the preliminary audit if the project does not meet their predetermined cost-effectiveness criteria.

(b) The energy savings performance contractor shall not charge for an investment grade audit if the project does not meet the school district's and higher education institution's predetermined cost-effectiveness criteria. Public school districts and public higher education institutions must pay the full price of an investment grade audit if they do not proceed with a project that meets the school district's and higher education institution's predetermined cost-effectiveness criteria.

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

(11) The department of commerce may charge projects administrative fees and may pay the department of general administration, the Washington State University energy program, and the office of the superintendent of public instruction administration fees in an amount determined through a memorandum of understanding.

(12) The department of commerce and the department of general administration must submit a joint report to the appropriate committees of the legislature and the office of financial management on the timing and use of the grant funds, program administrative function, compliance with apprenticeship utilization requirements in RCW 39.04.320, compliance with prevailing wage requirements, and administration fees by the end of each fiscal year, until the funds are fully expended and all savings verification requirements are fulfilled.

**FOR THE OFFICE OF FINANCIAL MANAGEMENT**

Catastrophic Flood Relief (20084850)

The reappropriation in this section is subject to the following conditions and limitations:

(1) \$1,640,000 of the reappropriation is provided solely for nonfederal matching funds and state agency costs associated with the army corps of engineers flood hazard mitigation projects for the Chehalis river basin.

(2) \$1,200,000 of the total reappropriation is provided solely for the Chehalis basin flood control authority to develop governance agreements for development, operation, and maintenance of flood hazard mitigation measures throughout the basin. The development of the governance agreements shall include preliminary estimates of local property tax options necessary to support the maintenance and operation of the twin city levy project and tax options necessary to support other possible flood control measures throughout the basin. The agreements must be executed by July 1, 2011.

(3)(a) \$2,000,000 of the reappropriation is provided solely for the following studies of flood mitigation measures: (i) Studies contracted prior to the effective date of this act; (ii) a study to evaluate the feasibility of a combination of the United States' army corps of engineers twin city project, with other retention structures, and nonstructural flood mitigation measures to be completed by June 30, 2011; (iii) a study to determine how ecosystem services, including nonstructural alternatives, would likely mitigate downstream flooding to be completed by December 2010; (iv) continuation of the general investigation of basin wide flood control measures by the United States' army corps of engineers; (v) an independent peer review of completed geotechnical and hydrological studies of possible upper basin retention structures to be completed by October 2010; (vi) a study of the effect of possible retention structures and other flood control measures on fish in the basin to be completed by June 2011, provided that the fish study shall not examine options for retention structures that the peer review in this section determines is not feasible.

(b) From the effective date of this act and prior to any expenditure on new studies, the Chehalis basin flood authority must submit any new study proposal to the basinwide general investigation project manager of the United States army corps of engineers for review. Based upon the United States army corps of engineers review of the proposal, the Chehalis basin flood authority must develop a proposed scope of work for the study that ensures, to the fullest extent possible, that the study will be eligible for federal work-in-kind credit.

(c) The Chehalis basin flood authority must: (i) In consultation with the department of ecology, select qualified experts to conduct the peer review of geotechnical and hydrological studies; and (ii) consult with the Washington state department of fish and wildlife, the confederated tribes of the Chehalis reservation, and the Lewis county public utility district to develop and agree upon a scope of work for, and select a qualified expert to, conduct the fish study. The peer review must be submitted to the office of financial management before funds are allotted for the fish study.

(4) \$300,000 of the reappropriation is provided solely for an early flood warning system.

(5) It is the intent of the legislature to fulfill the commitment of section 101, chapter 179, Laws of 2008 and chapter 180, Laws of 2008, by appropriating funds when the federal match requirement is needed.

**NEW SECTION. Sec. 1023.** A new section is added to 2009 c 497 (uncodified) to read as follows:

**FOR THE OFFICE OF FINANCIAL MANAGEMENT. (1)**

Due to the downturn of the economy and the direct effects on the state bond debt limit, the legislature intends to reduce bond debt while focusing resources on maintaining and creating jobs. Therefore, the legislature directs the office of financial management to work with state agencies to achieve savings in the amount of \$50,000,000 by reducing previously approved allotments or by withholding approval of planned allotments for those projects that have not shown substantial progress under the criteria established in subsection (2) of this section or from projects with savings identified pursuant to section 6012 of this act.

(2) A project is subject to allotment reduction or non-approval of a planned allotment under this section if:

- (a)(i) It is a state project administered by a state agency; or
- (ii) It is a grant or a loan project for which a state agency allocates funding to a non-state entity;

(b) Appropriations for the project were made in the 2009-11 or previous omnibus capital appropriations acts from the state building construction account, state taxable building construction account, or any other debt limit bond account, not including projects receiving 2010 supplemental capital budget appropriations, minor works projects, or the school construction assistance grant program; and

(c) The project has failed to secure all required and appropriate transaction elements necessary to execute contracts with the administering state agency by November 30, 2010. Required and appropriate transaction elements may include, but are not limited to, matching funds, permits, environmental reviews, and required contracts and partnership agreements.

(3) Amounts attributable to allotment reductions or non-approval of planned allotments made under this section must be placed in or remain in unallotted status and remain unexpended.

(4) By December 31, 2010, the office of financial management must report to the house of representatives capital budget committee and the senate ways and means committee on the projects for which allotments were reduced or for which approval was withheld, including a list of the specific projects and related funds remaining in unallotted status.

(5) Agencies and prospective grant or loan recipients are encouraged to reapply or request funds in the 2011-13 biennial capital appropriations act for projects for which allotments were reduced or not approved under this section.

Kittitas Groundwater Study (30000029)

The appropriation in this section is subject to the following conditions and limitations:

By September 30, 2010, if, after consultation with major Yakima basin governments and stakeholders, the department of ecology and Kittitas county reach an agreement on a preferred approach, including the appropriate geographic scope and administering entity, the appropriation may be fully or partially redirected for the following purposes:

(1) Funds may be provided to develop and implement water banking and transfer methods and agreements that are fully protective of senior water rights and that protect domestic groundwater users and improve the profitability of farming operations. The legislature finds such activities to be in the public interest because they can help sustain the viability of the agricultural economy and enhance the certainty of water supplies for domestic

groundwater users.

(2) Funds may be provided to lease or purchase water rights to create a reserve water supply for domestic groundwater users that have a groundwater right with a priority date later than May 10, 1905, as well as for all out-of-priority groundwater users. In securing water for such domestic groundwater users, strong preference shall be given to the use of water banking and transfer methods that provide alternatives to permanent purchase and dry-up of agricultural water rights in the basin, including dry-year options, water banking, long-term water supply lease agreements, long-term agricultural land following agreements, and reduced consumptive use through efficiency or alternative cropping arrangements while maintaining historic return flows.

(3) A portion of the appropriation may be used for administrative costs, not to exceed four percent, and other costs associated with leasing or acquiring and transferring the water rights. All costs shall be fully recovered from participating domestic water users for their prorated portion of the cost, including but not limited to the costs of securing a water right or rights for this purpose, costs associated with the development and implementation of alternative agricultural water transfer methods, associated annual operational costs, and federal water service contract costs owed to the United States bureau of reclamation. Funds recovered in this manner shall be deposited in the state and local improvement revolving fund and may be used for any purpose provided in this section.

Flood Protection Study (20082855)

The reappropriation in this section is subject to the following conditions and limitations: The reappropriation in this section is provided solely for the department to conduct a study to determine the number of decertified levees in the state and to identify strategies for maintaining accreditation, re-accrediting, or recertifying ((the)) levees so that they ((provide)) are recognized by federal agencies as providing optimum protection for the communities protected by the levees. The department must prioritize areas to include in the study based on population and the economic impact of potential flood damage.

The study must include the following components:

- (1) A working group of levee managers, local agencies, and stakeholders to advise and inform the study;
  - (2) ((A)) In-state examples of the costs and processes of technical review of the structural integrity of levee systems;
  - (3) An inventory, map, and ((rate the effectiveness)) description of the level of protection of existing levee systems; ((and))
  - (4) The development of strategies and actions needed to improve the existing levee system and to ensure certification by the United States army corps of engineers for one-hundred year flood protection;
  - (5) The identification of current funding sources and the amounts available for levee improvements; and
  - (6) Recommendation for additional new funding sources and options.
- (7) The study must be completed and a report provided to the appropriate legislative committees by ((July)) December 1, 2010.

**FOR THE DEPARTMENT OF NATURAL RESOURCES**

Natural Resources Real Property Replacement (30000051)

The appropriation in this section is subject to the following conditions and limitations: The appropriation is provided solely for acquisition of working forest lands at risk of conversion to nonforest uses and working natural resource lands that will protect and enhance the value of trust land holdings. The legislature finds that the chronic loss of working forest lands threatens the long-term prospects of the timber products and other natural resource industries, which in turn threatens the long-term economic return for the beneficiaries of state trust lands. Acquisition of these lands is intended to help stabilize the primary source of revenue to trust land beneficiaries. The department shall submit a report to the appropriate committees of the legislature by October 1, 2010, and every two years thereafter, indicating the lands purchased under this section, showing the locations, acres, purchase price, and within that purchase price, the value of the property attributed to the future value of timber harvests given an expected rate of return for timber lands, and the value of the property attributed to future development of the property. It is the intent of the legislature to lease the development rights of these conversion lands and retain them as long-term working natural resource lands under the sustainable harvest plan. Working forest lands acquired under this section shall be managed at a level equal to or greater than seventy-five percent of the expected harvest under the sustainable harvest plan.

The department shall not proceed with the Ice Harbor land exchange prior to June 30, 2011.

**Sec. 3037.** 2009 c 497 s 3203 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF NATURAL RESOURCES**

Trust Land Transfer (30000066)

The appropriation in this section is subject to the following conditions and limitations:

- (1) The total appropriation is provided to the department solely to transfer from trust status, or enter into fifty year leases for, certain trust lands of statewide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, open space, housing and essential government services, or recreation purposes. The approved list of

properties for lease or transfer is identified in the LEAP capital document No. 2009-2a, developed April 23, 2009.

(2) Property transferred under this section must be appraised and transferred at fair market value. The value of the timber transferred must be deposited by the department to the common school construction account in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The value of the land transferred must be deposited in the natural resources real property replacement account.

(3) Property subject to lease agreements under this section must be appraised at fair market value. Lease terms must be fifty years with options to renew for an additional fifty years. Lease payments must be lump sum payments for the entire term of the lease at the beginning of the lease. The department shall calculate such lump sum payments using professional appraisal standards. These lease payments may not exceed the fee simple purchase price based on current fair market value and must be deposited by the department to the common school construction account in the same manner as lease revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040.

(4) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs and shall not exceed (~~one and nine tenths~~) two and six-tenths percent of the appropriation.

(5) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

(6) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Transfer and lease agreements for properties identified in subsection (1) of this section must include terms that restrict the use of the property to the intended purpose. Transfer and lease agreements may include provisions for receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the original intended public purpose and the department and legislature approves such uses.

(7) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.

(8) The department shall execute trust land transfers that, after the deduction of reasonable costs as provided in subsection (4) of this section, eighty percent of the total value of transferred property is timber value and is deposited in the common school construction account. To achieve the eighty percent requirement, the department may choose to lease properties originally intended as transfers.

(9) \$4,189,000 of the amount appropriated is provided solely for fifty-year leases of development rights from timber lands at risk of conversion to non-timber land uses purchased from appropriations in the 2007-2009 fiscal period.

(10) (~~On June 30, 2011,~~) The state treasurer shall transfer all remaining uncommitted funds from this appropriation to the common school construction account and the appropriations in this section shall be reduced by an equivalent amount.

The appropriation in this section is subject to the following conditions and limitations:

(1) The natural resources equipment account appropriation in this section is provided solely for the purchase of forest biomass feedstock processing equipment appropriate for forest biomass-to-energy projects in eastern Washington in areas with a scarcity of primary wood processing facilities, or for making grants on a competitive basis to local governments or nonprofit entities in such local areas for purchase of such equipment. Equipment purchased, either by the department or a grantee, must be made available for lease, or other lawful means of conveyance, or be operated directly, for use in forest biomass-to-energy projects in an area of eastern Washington with a scarcity of primary wood processing facilities. In providing for the use of such equipment, consideration shall be given by the department or grantee in the opportunity for the forest biomass-to-energy project to promote forest treatments to improve forest health and/or remove hazardous buildup of forest fuels. Consideration may also be given to generating jobs in counties with high rates of unemployment.

(1) \$600,000 of the forest and fish support account appropriation is provided contingent upon the sale of the king air by the department. The office of financial management shall allot only an amount that is equivalent to the proceeds received from the sale of the king air and no more than \$600,000.

(2) The state building construction account--state appropriation is provided solely for forest improvement treatments on forest lands of eastern Washington with the five highest priority fire and disease hazards in Stevens, Ferry, Lincoln, Pend Oreille, Okanogan, Yakima, Kittitas, and Spokane counties. Forest treatments on private lands funded by this appropriation require an agreement with the property owner that includes a commitment to maintain the improvements to forest health.

(2) If the appropriation in this section is less than the level demanded in submitted applications, the department of natural resources shall prioritize the use of the funds as follows:

Appropriation:

(3) Highest priority shall be given to applications that include one or more of the following conditions, in the following priority order: (a) The greatest proportion of riparian buffer impacted in the related forest practices application; (b) lands in deferred tax status of classified timber land or classified open space as defined in RCW 84.34.020; (c) lands at greatest risk of conversion to other land uses as determined by county zoning and land classifications and proximity to urban growth areas or other areas of concentrated land development; (d) lands that are certified by a forest certification recognized by the department; (e) the applicant has not received a forestry riparian easement since July 1, 2007; (f) the applicant is not a nonprofit organization; (g) the applicant has been waiting three years or more for a forestry easement purchase; and (h) the application does not include any of the conditions specified in subsection (2) of this section.

**Sec. 5006.** 2009 c 497 s 5014 (uncodified) is amended to read as follows:

**FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION**

2009-11 School Construction Assistance Grant Program (30000031)

The appropriation in this section is subject to the following conditions and limitations:

~~(1) (The office of the superintendent of public instruction shall develop a tracking system to increase accuracy in predicting the timing of school district claims for reimbursement for school construction assistance grants. The office of the superintendent of public instruction shall also improve its communication with school districts regarding the status of grant projects and create requirements regarding the timing of reimbursement claims. The office of the superintendent of public instruction shall submit a report on the progress of the new tracking and communication system to the appropriate committees of the legislature by November 15, 2009. The report must include a list of school district capital projects receiving state funding and each project's anticipated final reimbursement date.~~

~~—(2)) In calculating square foot eligibility for state assistance grants, kindergarten student headcount shall not be reduced by fifty percent.~~

(2) For school construction projects funded through the school construction assistance grant program, the superintendent of public instruction shall require mapping the design of new facilities and remapping the design of facilities to be remodeled.

(3) Up to \$17,000,000 of the state building construction account-- state appropriation in this section is for the Grand Coulee Dam school district school project, contingent on the availability of sufficient contributions from federal, local, or private sources to make up the remainder of the total cost of the project. The Grand Coulee Dam school district is faced with a unique set of local funding barriers and federal funds may substitute as the usual requirement for school district participation. In the event sufficient matching contributions are not secured, these funds shall lapse.

(4) \$250,000 of the common school construction account--state appropriation is provided solely for the office of the superintendent

of public instruction to develop a K-12 facility inventory and condition system based on option number 3, described in the joint legislative audit and review committee's January 2010 report, "K-12 Pilot Facility Inventory, Condition and Use System" as providing semi- customized information capabilities with complete state data. The office of the superintendent of public instruction must require school districts to submit any energy audits completed for K-12 public school buildings to be incorporated in the inventory system. It is the legislature's intent to improve the availability of information regarding the local use of state funds provided for school maintenance. Although school facilities are constructed by, and the property of, local jurisdictions, the legislature encourages school districts to invest in activities that extend the useful life of school district facilities. The state's general taxpayers have an interest in information regarding these local decisions since state policy has been to contribute funds in the biennial omnibus operating budget for facilities' maintenance and to contribute capital budget funds to eligible districts for renovation and replacement of buildings. In light of 2010 legislation enacting changes to RCW 28A.150.260 that increase state funding for school maintenance from \$73.27 per annual average full-time equivalent K-12 student to \$153.18 per student by the 2015-16 school year, with annual adjustments for inflation thereafter, it is the legislature's intent to facilitate development of an information system that will provide better data regarding school districts' use of any state funds provided to assist with maintenance and to monitor facilities' conditions.

~~((Health, Safety,))~~ Energy Efficiency and Small Repair Grants (91000007)

The appropriation in this section is subject to the following conditions and limitations:

(1) Up to \$3,000,000 of the appropriation is provided solely for nonrecurring costs associated with school facility repairs and renovations necessary for health and safety. The office of the superintendent of public instruction, after consulting with maintenance and operations administrators of school districts, shall develop criteria for providing funding for specific projects to stay within the appropriation level provided in this section. The criteria must include, but are not limited to, the following: (a) Limiting recipient district applications to one hundred thousand dollars per three-year period; (b) limiting districts eligible to receive the grant only once in any three-year period; and (c) requiring any district receiving funding provided in this section to demonstrate a consistent commitment to addressing school facilities needs.

TWENTY NINTH DAY, APRIL 12, 2010

(2) ~~(The)~~ \$50,000,000 of the new appropriation is provided solely for energy operational cost savings ~~((and safety and health infrastructure))~~ improvements to school facilities ~~((initiated after July 1, 2009))~~. The appropriation must be distributed using the performance-based contracting method of delivering energy operational cost savings ~~((and safety and health infrastructure))~~ improvements to public facilities ~~((unless the minimal cost or the immediacy of the project makes performance-based contracting impracticable. If the minimal cost or immediacy of the project makes performance-based contracting impracticable, the school district must receive a waiver from the office of the superintendent of public instruction in order to use the appropriation to address safety and health needs))~~.

(3) The superintendent of public instruction must report to the appropriate committees of the legislature and the office of financial management on the timing and use of the funds by the end of each fiscal year, until the funds are fully expended.

(4) \$100,000 of the appropriation is provided solely to the Monroe public schools for retrofitting the Frank Wagner Elementary chimney.

**PART 6  
MISCELLANEOUS AND SUPPLEMENTAL  
PROVISIONS**

Sec. 6001. 2009 c 497 s 6009 (uncodified) is amended to read

as follows:

**ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS.** The following agencies may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus

financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements or financial contracts using certificates of participation. Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds of the financial contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.

State agencies may enter into agreements with the department of general administration and the state treasurer's office to develop requests to the legislature for acquisition of properties and facilities through financial contracts. The agreements may include charges for services rendered.

Those noninstructional facilities of higher education institutions authorized in this section to enter into financial contracts are not eligible for state funded maintenance and operations. Instructional space that is available for regularly scheduled classes for academic transfer, basic skills, and workforce training programs may be eligible for state funded maintenance and operations.

(1) Department of corrections: ~~((Enter into a financing contract for up to \$17,958,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase or build work release beds, violator beds, or other community based re entry facilities.))~~ Enter into a financing contract for up to \$12,400,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to move correctional industries facilities and operations from McNeil island corrections center to Stafford creek corrections center.

(2) Community and technical colleges:

(a) Enter into a financing contract on behalf of Walla Walla Community College for up to \$1,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase up to 40 acres of land.

(b) Enter into a financing contract on behalf of Bellingham Technical College for up to \$1,390,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to develop an instructional resource center.

(c) Enter into a financing contract on behalf of Bellingham Technical College for up to ~~(\$28,968,000)~~ \$27,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to develop an instructional resource center. The cost of this financing contract shall be paid from the community and technical colleges capital projects account. This facility shall be eligible for maintenance and operations funding on the same terms as if constructed with state general obligation bonds.

(d) Enter into a financing contract on behalf of Edmonds Community College for up to \$5,000,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to provide space for allied health and construction industry.

(e) Contingent upon the sale and purchase specified in section 5071 of this act, enter into a financing contract on behalf of Spokane Community College for up to \$3,400,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase the Riverpoint One building.

(f) Enter into a financing contract on behalf of North Seattle Community College for up to \$8,900,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to develop an employment resource center.

(g) Enter into a financing contract on behalf of Everett Community College for up to \$25,000,000 plus financing expenses

Pursuant to chapter 43.155 RCW, the following project loans recommended by the public works board are authorized to be made with funds appropriated from the public works assistance account, and no loan authorized in this act shall bear an interest rate greater than one-half of one percent:

- (1) Arlington--sanitary sewer project--expand and upgrade the wastewater treatment plant and biosolids composting facility to meet new discharge limitations, produce a higher quality effluent, and accommodate future growth.....\$10,000,000
- (2) Auburn--street project--reconstruct approximately 0.3 miles of roadway with four travel lanes to bring up to current arterial and truck route standards and modify intersection to optimize efficiency and level of service .....\$1,800,000
- (3) Blaine--sanitary sewer project--construct a new wastewater treatment plant and section of outfall pipe to increase treatment capacity, produce reuse quality water, and improve Puget Sound water quality for shellfish .....\$10,000,000
- (4) Bonney Lake--domestic water project--replace approximately 71,000 linear feet of leaky water mains to reduce current water loss by ten percent.....\$5,352,000
- (5) Bonney Lake--sanitary sewer project--replace approximately 12,000 linear feet of failing interceptor sewer pipes .....\$4,648,000
- (6) Buckley--sanitary sewer project--rebuild the wastewater treatment plant to provide nutrient removal and meet state and federal discharge regulations and the construction of an interceptor .....\$5,000,000

TWENTY NINTH DAY, APRIL 12, 2010

(7) Camas--sanitary sewer project--construct improvements to the wastewater treatment facilities to provide class A biosolids at the main sewage pump station.....\$10,000,000

(8) Clark county--road project--construct new road segments, widen roadways, improve and redesign intersections, and install and modify traffic signals necessary to improve a major interchange with two freeways.....\$10,000,000

(9) Clark regional wastewater district--sanitary sewer project--modify existing and construct new wastewater facilities to process approximately 4.65 million gallons more of wastewater per day and ensure treatment processes continue to be in compliance with current regulations.....\$8,000,000

(10) Coal creek utility district--sanitary sewer project--construct sewer lift station, approximately 1,250 lineal feet of gravity sewer main, and 500 feet of force main to provide public sewer to approximately 25 properties on a lake that have private septic systems that have failed or are in prefailure status.....\$898,875

(11) College Place--domestic water project--construct two steel tanks, a booster station, approximately 6,000 feet of transmission line, 3,400 feet of water mains, three pressure reducing valves, and associated telemetry to rectify a deficiency in fire flow and standby water storage protection.....\$4,710,051

(12) Cowlitz county public utility district No. 1--domestic water project--construction of approximately six new groundwater supply wells, 2,100 feet of raw water piping a new water treatment plant producing approximately 20 million gallons per day of potable water, and approximately 4,350 feet of transmission main to connect to the system to replace current water supply that is being impacted by increasing water sediment.....\$3,213,000

(13) Ephrata--domestic water project--replace approximately 68,000 feet of failing water mains, 50,000 feet of failing water service pipes, and the resurfacing of 20 miles of overlaying roadway, including approximately 100 fire hydrants, 400 catch basins, 15 storm sewer drywells, 22,000 feet of curb and gutter, and 16,000 feet of storm sewer pipe.....\$6,605,727

(14) Freeland water district--domestic water project--connect a new well and new reservoir to the existing system, rehabilitate the existing well, and install new equipment to increase system reliability, redundancy, and capacity. Install new chlorination equipment to improve water quality.....\$347,516

(15) Gig Harbor--sanitary sewer project--improvements to the wastewater treatment plant including new equipment and electrical work, add a third clarifier, install ultraviolet disinfection, and extend and upsze the outfall.....\$10,000,000

(16) Highline water district--domestic water project--construction of 11,350 feet of transmission main and looping of pipes to eliminate low pressures and fire flows and improve water quality, and create a new pressure zone to correct high pressures.....\$5,390,418

(17) Karcher creek sewer district--sanitary sewer project--install a new sewer system, including a lift station and approximately 3,600 lineal feet of sewer main, in conjunction with a road project to service approximately 17 homes that will lose their septic systems due to the road project.....\$1,358,130

(18) Kennewick--sanitary sewer project--construct improvements to critical wastewater treatment plant processes to enhance reliability, improve energy efficiency and redundancy, as well as increase the capacity of the sludge pumping station.....\$5,500,000

(19) Kent--street project--construct two bridges, one for the roadway over a set of railroad tracks, and one for railroad tracks over a lowered roadway. This will grade separate the tracks from

the roadway to provide safe and reliable operations twenty-four hours a day \$10,000,000

(20) King county--sanitary sewer project--construct 13,100 lineal feet of pipe to convey approximately 9 million gallons per day of reclaimed water to reduce withdrawals of 250-acre feet per year from the Sammamish river.....\$7,000,000

(21) La Center--sanitary sewer project--upgrade wastewater treatment plant to reduce the levels of nitrogen discharged in the effluent and approximately doubling the operation of the plant and producing class A reuse water.....\$10,000,000

(22) Lake Forest Park water district--domestic water project--replace approximately 6,915 lineal feet of undersized and corroded water pipes to improve safety and reliability of the system by reducing pipe failures and increasing fire flow.....\$917,935

(23) Lake Stevens--sanitary sewer project--construct a new wastewater treatment plant, 9,500 feet of interceptor line, a pump station, and an outfall pipe in partnership with Lake Stevens sewer district \$10,000,000

(24) Lake Stevens sewer district--sanitary sewer project--construct a new wastewater treatment plant, 9,500 feet of interceptor line, a pump station, and an outfall pipe in partnership with the city of Lake Stevens.....\$10,000,000

(25) Lakewood--sanitary sewer project--construct 3 pump stations, approximately 17,200 lineal feet of force mains, 13,500 lineal feet of gravity collector pipe line, and 320 side sewer stubs to service two neighborhoods currently served exclusively by septic systems.....\$1,840,000

(26) LOTT alliance--sanitary sewer project--construct approximately 7,400 feet of force main and replace existing pump station with new 1,000 gallon per minute pump station..\$4,003,807

(27) Mansfield--sanitary sewer project--expand and rehabilitate wastewater treatment lagoons and effluent spray irrigation system as well as remove the discharge of groundwater from basement sump pumps to the collection system.....\$235,600

(28) Midway sewer district--sanitary sewer project--replace approximately 16,500 lineal feet of sewer mains and 50 manholes to reduce infiltration and inflow.....\$3,782,500

(29) Mount Vernon--sanitary sewer project--upgrade existing wastewater treatment plant, including a new pretreatment facility, 4 additional clarifiers, upgrade aeration basins, installation of an ultraviolet disinfection system, and odor control system.....\$10,000,000

(30) Newcastle--road project--reconstruct, widen, and signalize approximately 5,200 linear feet of road to 2 lanes in each direction, add left turn lanes, sidewalks, bicycle lanes, install lighting systems, replace two-lane bridge with a four-lane bridge, and install new traffic signals.....\$5,000,000

(31) Olympia--sanitary sewer project--install approximately 6,500 linear feet of sewer mains and construct a lift station to serve 63 homes with failing on-site sewage systems.....\$1,808,375

(32) Olympus Terrace sewer district--sanitary sewer project--rehabilitate approximately 9,350 linear feet of sewer trunkline, construct approximately 9,800 linear feet of high-flow storm water bypass piping for excess flow, construct approximately 4,150 linear feet of road access, and restore creek habitat.....\$8,000,000

(33) Omak--sanitary sewer project(~~--add 2 compost containers, convert storage tank to sludge holding tank, and install a second headworks screen to increase the wastewater treatment plant capacity by 35 percent~~).....\$450,000

(34) Port Angeles--sanitary sewer project--construct approximately 11,500 feet of sewer main, modify a storage tank, and modify the wastewater treatment plant.....\$10,000,000

(35) Regional board of mayors--solid waste project--close landfill site by capping and sealing with a soil cap.....\$859,500

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

- (36) Regional board of mayors--solid waste project--construct a new solid waste transfer station, including structures and equipment.....\$1,541,000
- (37) Ronald wastewater district--sanitary sewer project--rehabilitate 2 lift stations by replacing pumps, valves, fittings, piping, odor control systems, and electrical equipment.....\$955,400
- (38) Seattle--domestic water project--replace floating pumps with land-based pump station with a maximum capacity of approximately 250 million gallons per day, including 8 pumps, concrete structure, a tunnel, approximately 4,000 feet of pipeline, and a standby generator.....\$10,000,000
- (39) Sedro-Woolley--sanitary sewer project--rehabilitate or replace 4 interceptor segments totaling approximately 29,700 linear feet, install 2 pump stations, and upgrade the secondary clarifier in order to lift a building moratorium .....\$6,023,491
- (40) Shelton--sanitary sewer project--construct a satellite reclamation plant with a capacity of approximately 0.4 million gallons per day to produce class A reclaimed water, approximately 22,000 linear feet of sewer pipelines, and approximately 25,000 linear feet of reclaimed water force main .....\$2,079,360
- (41) Shelton--sanitary sewer project--replace approximately 38,480 linear feet of mainline sewers to reduce inflow and infiltration.....\$5,737,500
- (42) Skagit county sewer district No. 2--sanitary sewer project--upgrade wastewater treatment plant to a water reclamation facility to provide class A reclaimed water with a capacity of approximately 0.35 million gallons per day.....\$10,000,000
- (43) Snohomish--sanitary sewer project--construct approximately 1,900 feet of sewer pipe, a new pump station with a capacity of approximately 8,000 gallons per minute, and approximately 4,300 feet of force main to reduce overflows .....\$2,000,000
- (44) Snohomish--sanitary sewer project(~~--upgrade existing wastewater treatment plant including a new influent flow structure, screens, aerators, effluent filtration, ultraviolet disinfection, effluent pump station, improvements to the existing lagoons, and electrical improvements~~).....\$4,500,000
- (45) Snohomish county--road project--construct a new, approximately two-mile, two-lane truck route around the city of Granite Falls, including 3 roundabouts to improve safety and air quality in the downtown area.....\$10,000,000
- (46) Southwest Suburban sewer district--sanitary sewer project-- replace and/or slipline approximately 5,470 feet of trunk/interceptor sewer main and construct a new lift station to reduce overflows .....\$3,268,250
- (47) Tacoma--domestic water project--replace 3 open-topped concrete reservoirs with 2 enclosed concrete reservoirs of approximately 33 million gallons each and related piping to comply with the safe drinking water act and a bilateral compliance agreement.....\$10,000,000
- (48) Tekoa--sanitary sewer system--reconstruct approximately 1,000 feet of failing sewer line and manholes to reduce significant groundwater infiltration .....\$135,115
- (49) Three rivers regional wastewater authority--sanitary sewer project--construct 2 clarifiers and associated piping to replace 2 failed clarifiers at the wastewater plant.....\$6,630,750
- (50) Washougal--sanitary sewer project--construct a new wastewater treatment plant headworks, including a fine screen, grit removal, and replace approximately 150 linear feet of gravity sewer, and make improvements to the lagoons, including 450 linear feet of piping, modify overflow structures, and a new pump .....\$3,100,000

(51) Yakima--domestic water project--develop a new, approximately 3,000 gallon per minute, domestic water well, including drilling, placement of casing, a new pump house, and connection to the existing water distribution system in order to augment the water supply during drought conditions .....\$2,257,200

(52) Yakima--street project--construct 2 underpasses and reconstruct 3 lanes on each roadway under a railroad mainline to accommodate additional rail and reduce traffic and emergency response delays and air pollution .....\$3,000,000

**Sec. 6007.** RCW 43.155.050 and 2009 c 564 s 940 are each amended to read as follows:

(1) The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated to provide for state match requirements under federal law for projects and activities conducted and financed by the board under the drinking water assistance account. Not more than fifteen percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans, emergency loans, or loans for capital facility planning under this chapter; of this amount, not more than ten percent of the biennial capital budget appropriation may be expended for emergency loans and not more than one percent of the biennial capital budget appropriation may be expended for capital facility planning loans. During the 2009-2011 fiscal biennium, the legislature may transfer from the public works assistance account to the general fund and the city-county assistance account such amounts as reflect the excess fund balance of the account. During the 2009-2011 fiscal biennium, sums in the public works assistance account may be used for the water pollution control revolving fund program match in section 3013 of this act.

(2) The job development fund is hereby established in the state treasury. Moneys in the job development fund may be spent only after appropriation.

**Sec. 6008.** RCW 28B.20.725 and 1969 ex.s. c 223 s 28B.20.725 are each amended to read as follows:

The board is hereby empowered:

(1) To reserve the right to issue bonds later on a parity with any bonds being issued;

(2) To authorize the investing of moneys in the bond retirement fund and any reserve account therein;

(3) To authorize the transfer of money from the University of Washington building account to the bond retirement fund when necessary to prevent a default in the payments required to be made out of such fund;

(4) To create a reserve account or accounts in the bond retirement fund to secure the payment of the principal of and interest on any bonds;

(5) To authorize the transfer to the University of Washington building account of any money on deposit in the bond retirement fund in excess of debt service for a period of three years from the date of such transfer on all outstanding bonds payable out of such fund. However, during the 2009-2011 fiscal biennium, the legislature may transfer to the University of Washington building account moneys that are in excess of the debt service due within one year of the date of transfer on all outstanding bonds payable out of the bond retirement fund.

**Sec. 6009.** RCW 28B.30.750 and 1969 ex.s. c 223 s 28B.30.750 are each amended to read as follows:

The board is hereby empowered:

TWENTY NINTH DAY, APRIL 12, 2010

(1) To reserve the right to issue bonds later on a parity with any bonds being issued;

(2) To authorize the investing of moneys in the bond retirement fund and any reserve account therein;

(3) To authorize the transfer of money from the Washington State University building account to the bond retirement fund when necessary to prevent a default in the payments required to be made out of such fund;

(4) To create a reserve account or accounts in the bond retirement fund to secure the payment of the principal of and interest on any bonds;

(5) To authorize the transfer to the Washington State University building account of any money on deposit in the bond retirement fund in excess of debt service for a period of three years from the date of such transfer on all outstanding bonds payable out of such fund. However, during the 2009-2011 fiscal biennium, the legislature may transfer to the Washington State University building account moneys that are in excess of the debt service due within one year of the date of transfer on all outstanding bonds payable out of the bond retirement fund.

NEW SECTION. Sec. 6010. A new section is added to 2009 c 497 (uncodified) to read as follows:

**FOR THE STATE TREASURER--TRANSFERS**

University of Washington bond retirement fund:

For transfer to the University of Washington building account for fiscal year 2010.....\$14,000,000

**Sec. 6011.** RCW 43.160.080 and 2008 c 327 s 11 are each amended to read as follows:

There shall be a fund in the state treasury known as the public facilities construction loan revolving account, which shall consist of all moneys collected under this chapter and any moneys appropriated to it by law. Disbursements from the revolving account shall be on authorization of the board. In order to maintain an effective expenditure and revenue control, the public facilities construction loan revolving account shall be subject in all respects to chapter 43.88 RCW. During the 2009-2011 biennium, sums in the public facilities construction loan revolving account may be used for community economic revitalization board export assistance grants and loans in section 1018 of this act and for matching funds for the federal energy regional innovation cluster in section 1017 of this act.

**Sec. 6012.** 2009 c 497 s 6004 (uncodified) is amended to read as follows:

(1) The office of financial management may ~~((authorize a))~~ transfer ~~((of))~~ appropriation authority provided for a capital project that is in excess of the amount required for the completion of ~~((such))~~ the project ~~((to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.~~

~~—(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.~~

~~—(3)), based on the authorized scope, to the risk pool in section~~

1021.

~~(2) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.~~

~~((4) Transfers of funds to an agency's infrastructure savings appropriation are subject to review and approval by the office of financial management. Expenditures from an infrastructure savings appropriation are limited to projects that have a primary purpose to correct infrastructure deficiencies or conditions that: (a) Adversely affect the ability to utilize the infrastructure for its current programmatic use; (b) reduce the life expectancy of the infrastructure; or (c) increase the operating costs of the infrastructure for its current programmatic use. Eligible infrastructure projects may include structures and surface improvements, site amenities, utility systems outside building footprints and natural environmental changes or requirements as part of an environmental regulation, a declaration of emergency for an infrastructure issue in conformance with RCW 43.88.250, or infrastructure planning as part of a facility master plan.~~

~~—(5) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.))~~

(3) The office of financial management shall not allot any portion of a capital budget appropriation for: (a) Contingencies above the amount required for completion of a project as described in budget documents submitted as part of the governor's capital budget request or consistent with legislative history; (b) proposed alternates submitted in bid documents if agencies cannot document a programmatic need and an operational budget savings resulting from the completion of the alternate project component that would pay for the cost of the alternate within eight years; or (c) for any equipment costs or project scope beyond what was described in the budget documents submitted as part of the governor's capital budget request.

(4) The office of financial management shall submit a monthly report of approved allotments, subject to this section, by project. The report shall include the accepted base bid and any approved alternates with the analysis demonstrating sufficient operational budget savings.

**Sec. 6013.** RCW 90.71.370 and 2009 c 479 s 74 are each amended to read as follows:

(1) By December 1, 2008, and by September 1st of each even-numbered year beginning in 2010, the council shall provide to the governor and the appropriate fiscal committees of the senate and house of representatives its recommendations for the funding necessary to implement the action agenda in the succeeding biennium. The recommendations shall:

- (a) Identify the funding needed by action agenda element;
- (b) Address funding responsibilities among local, state, and federal governments, as well as nongovernmental funding; and
- (c) Address funding needed to support the work of the partnership, the panel, the ecosystem work group, and entities assisting in coordinating local efforts to implement the plan.

(2) In the 2008 report required under subsection (1) of this section, the council shall include recommendations for projected funding needed through 2020 to implement the action agenda; funding needs for science panel staff; identify methods to secure stable and sufficient funding to meet these needs; and include proposals for new sources of funding to be dedicated to Puget Sound

2010 1ST SPECIAL SESSION

protection and recovery. In preparing the science panel staffing proposal, the council shall consult with the panel.

(3) By November 1st of each odd-numbered year beginning in 2009, the council shall produce a state of the Sound report that includes, at a minimum:

(a) An assessment of progress by state and nonstate entities in implementing the action agenda, including accomplishments in the use of state funds for action agenda implementation;

(b) A description of actions by implementing entities that are inconsistent with the action agenda and steps taken to remedy the inconsistency;

(c) The comments by the panel on progress in implementing the plan, as well as findings arising from the assessment and monitoring program;

(d) A review of citizen concerns provided to the partnership and the disposition of those concerns;

(e) A review of the expenditures of funds to state agencies for the implementation of programs affecting the protection and recovery of Puget Sound, and an assessment of whether the use of the funds is consistent with the action agenda; and

(f) An identification of all funds provided to the partnership, and recommendations as to how future state expenditures for all entities, including the partnership, could better match the priorities of the action agenda.

(4)(a) The council shall review state programs that fund facilities and activities that may contribute to action agenda implementation. By November 1, 2009, the council shall provide initial recommendations regarding program changes to the governor and appropriate fiscal and policy committees of the senate and house of representatives. By November 1, 2010, the council shall provide final recommendations regarding program changes, including proposed legislation to implement the recommendation, to the governor and appropriate fiscal and policy committees of the senate and house of representatives.

(b) The review in this subsection shall be conducted with the active assistance and collaboration of the agencies administering these programs, and in consultation with local governments and other entities receiving funding from these programs:

(i) Water pollution control facilities financing, chapter 70.146 RCW;

(ii) The water pollution control revolving fund, chapter 90.50A RCW;

(iii) The public works assistance account, chapter 43.155 RCW;

(iv) The aquatic lands enhancement account, RCW 79.105.150;

(v) The state toxics control account and local toxics control account and clean-up program, chapter 70.105D RCW;

(vi) The acquisition of habitat conservation and outdoor recreation land, chapter 79A.15 RCW;

(vii) The salmon recovery funding board, RCW 77.85.110 through 77.85.150;

(viii) The community economic revitalization board, chapter 43.160 RCW;

(ix) Other state financial assistance to water quality-related projects and activities; and

(x) Water quality financial assistance from federal programs administered through state programs or provided directly to local governments in the Puget Sound basin.

(c) The council's review shall include but not be limited to:

(i) Determining the level of funding and types of projects and activities funded through the programs that contribute to implementation of the action agenda;

(ii) Evaluating the procedures and criteria in each program for determining which projects and activities to fund, and their relationship to the goals and priorities of the action agenda;

(iii) Assessing methods for ensuring that the goals and priorities of the action agenda are given priority when program funding decisions are made regarding water quality-related projects and activities in the Puget Sound basin and habitat-related projects and activities in the Puget Sound basin;

(iv) Modifying funding criteria so that projects, programs, and activities that are inconsistent with the action agenda are ineligible for funding;

(v) Assessing ways to incorporate a strategic funding approach for the action agenda within the outcome-focused performance measures required by RCW 43.41.270 in administering natural resource-related and environmentally based grant and loan programs.

(5) During the 2009-11 fiscal biennium, the council's review must result in a ranking of projects affecting the protection and recovery of the Puget Sound basin that are proposed in the governor's capital budget submitted under RCW 43.88.060. The ranking shall include recommendations for reallocation of total requested funds for Puget Sound basin projects to achieve the greatest positive outcomes for protection and recovery of Puget Sound and shall be submitted to the appropriate fiscal committees of the legislature no later than February 1, 2011.

**Sec. 6014.** RCW 39.10.210 and 2007 c 494 s 101 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Alternative public works contracting procedure" means the design-build, general contractor/construction manager, and job order contracting procedures authorized in RCW 39.10.300, 39.10.340, and 39.10.420, respectively.

(2) "Board" means the capital projects advisory review board.

(3) "Committee" means the project review committee.

(4) "Design-build procedure" means a contract between a public body and another party in which the party agrees to both design and build the facility, portion of the facility, or other item specified in the contract.

(5) "Total contract cost" means the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, and the percent fee on the negotiated maximum allowable construction cost.

(6) "General contractor/construction manager" means a firm with which a public body has selected and negotiated a maximum allowable construction cost to provide services during the design phase and to act as construction manager and general contractor during the construction phase.

(7) "Job order contract" means a contract in which the contractor agrees to a fixed period, indefinite quantity delivery order contract which provides for the use of negotiated, definitive work orders for public works as defined in RCW 39.04.010.

(8) "Job order contractor" means a registered or licensed contractor awarded a job order contract.

(9) "Maximum allowable construction cost" means the maximum cost of the work to construct the project including a percentage for risk contingency, negotiated support services, and approved change orders.

(10) "Negotiated support services" means items a general contractor would normally manage or perform on a construction project including, but not limited to surveying, hoisting, safety enforcement, provision of toilet facilities, temporary heat, cleanup, and trash removal.

(11) "Percent fee" means the percentage amount to be earned by the general contractor/construction manager as overhead and profit.

(12) "Public body" means any general or special purpose government, including but not limited to state agencies, institutions of higher education, counties, cities, towns, ports, school districts,

and special purpose districts, provided that for the 2009-2011 fiscal biennium, the definition of public body for this chapter does not include public bodies funded in section 1012 of this act if alternative requirements or procedures of federal law or regulations are authorized.

(13) "Certified public body" means a public body certified to use design-build or general contractor/construction manager contracting procedures, or both, under RCW 39.10.270.

(14) "Public works project" means any work for a public body within the definition of "public work" in RCW 39.04.010.

(15) "Total project cost" means the cost of the project less financing and land acquisition costs.

(16) "Unit price book" means a book containing specific prices, based on generally accepted industry standards and information, where available, for various items of work to be performed by the job order contractor. The prices may include: All the costs of materials; labor; equipment; overhead, including bonding costs; and profit for performing the items of work. The unit prices for labor must be at the rates in effect at the time the individual work order is issued.

(17) "Work order" means an order issued for a definite scope of work to be performed pursuant to a job order contract.

**Sec. 6015.** RCW 39.94.040 and 2003 c 6 s 2 are each amended to read as follows:

(1) Except as provided in RCW 28B.10.022, the state may not enter into any financing contract for itself if the aggregate principal amount payable thereunder is greater than an amount to be established from time to time by the state finance committee or participate in a program providing for the issuance of certificates of participation, including any contract for credit enhancement, without the prior approval of the state finance committee. Except as provided in RCW 28B.10.022, the state finance committee shall approve the form of all financing contracts or a standard format for all financing contracts. The state finance committee also may:

(a) Consolidate existing or potential financing contracts into master financing contracts with respect to property acquired by one or more agencies, departments, instrumentalities of the state, the state board for community and technical colleges, or a state institution of higher learning; or to be acquired by an other agency;

(b) Approve programs providing for the issuance of certificates of participation in master financing contracts for the state or for other agencies;

(c) Enter into agreements with trustees relating to master financing contracts; and

(d) Make appropriate rules for the performance of its duties under this chapter.

(2) In the performance of its duties under this chapter, the state finance committee may consult with representatives from the department of general administration, the office of financial management, and the department of information services.

(3) With the approval of the state finance committee, the state also may enter into agreements with trustees relating to financing contracts and the issuance of certificates of participation.

(4) Except for financing contracts for real property used for the purposes described under chapter 28B.140 RCW, the state may not enter into any financing contract for real property of the state without prior approval of the legislature. For the purposes of this requirement, a financing contract must be treated as used for real property if it is being entered into by the state for the acquisition of land; the acquisition of an existing building; the construction of a new building; or a major remodeling, renovation, rehabilitation, or rebuilding of an existing building. Prior approval of the legislature is not required under this chapter for a financing contract entered into by the state under this chapter for energy conservation improvements to existing buildings where such improvements

include: (a) Fixtures and equipment that are not part of a major remodeling, renovation, rehabilitation, or rebuilding of the building, or (b) other improvements to the building that are being performed for the primary purpose of energy conservation. Such energy conservation improvements must be determined eligible for financing under this chapter by the office of financial management in accordance with financing guidelines established by the state treasurer, and are to be treated as personal property for the purposes of this chapter.

(5) The state may not enter into any financing contract on behalf of an other agency without the approval of such a financing contract by the governing body of the other agency.

**NEW SECTION. Sec. 6016.** The following acts or parts of acts are each repealed:

- (1) 2009 c 497 s 1089 (uncodified);

MOTION

On motion of Senator Fraser, the rules were suspended, Engrossed Substitute House Bill No. 2836 as amended by the Senate was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

The President declared the question before the Senate to be the final passage of Engrossed Substitute House Bill No. 2836 as amended by the Senate.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 2836 as amended by the Senate and the bill passed the Senate by the following vote: Yeas, 33; Nays, 13; Absent, 0; Excused, 3.

Voting yea: Senators Berkey, Brandland, Brown, Eide, Fairley, Franklin, Fraser, Gordon, Hargrove, Hatfield, Haugen, Hobbs, Jacobsen, Kastama, Kauffman, Keiser, Kilmer, Kline,

PERSONAL PRIVILEGE

Senator Fraser: "Thank you Mr. President. I would like to express appreciation to people who played a key role in the capitol budget. First I'd like to thank Senator Brandland and Senator Regala for participating in many meetings in the development of the capitol budget. As Senator Prentice and others have said I would like to thank the brain trust of the Ways & Means staff. The key people who worked on the Capitol Budget of course were; Brian Sims, the coordinator, I see a few of them are here, come on out and please smile for the camera here. Brian Sims who is the coordinator of the Capitol Budget, Maria Hovde, Tim Yowell, Richard Ramsey worked on major pieces of it. Steve Jones provided legal advice and I'd also like to thank Colleen Kerr who played a wonderful coordinating role. So, thank you to the Ways & Means staff, They are a brain trust. They do incredibly competent analysis. They're creative, highly ethical, incredible work ethic as has been stated and a wonderful commitment to public service. The people of the state are very well served by our Ways & Means staff. Thank you very much."

PERSONAL PRIVILEGE

Senator McDermott: "Thank you Mr. President. It was twenty years ago this session that I worked session for the Senator from the Forty-Third District, Senator Janice Niemi. Ten years ago I was elected to join the House of Representatives. Three years ago I was honored to join the Washington State Senate. At that point in time my then three-year old, five-year old nephew Aiden told me 'Uncle Joe, you're a Senator, that's cool, that's just like in Star Wars'. I think Senator's the second-coolest title I have, Uncle being the first. Mr. President, you will remember I began my senate career honoring one our mutual friends and clowning around a bit, by honoring J. P. Patches. That really fits well with my motto in life, find what you like to do and find a way to get paid to do it. So far in life I've very successful in that. Actually chose a career in public service as a result of a high school trip to Washington D. C. my senior year in high school. I chose to go to Gonzaga planning in majoring in Civil Engineering. I was good in math, good in problem solving and I thought I was going to design bridges. I went to Washington D. C. and had a fantastic time, learned a lot about government, number of prominent speakers then Secretary of Education William Bennett, Senator Slade Gordon spoke to the group I was with. An engaging week and I came home a history and poli-sci major. I told my mother and she told me, 'Don't do that, there's no money in that'. My mother has worked in Catholic education her entire

TWENTY NINTH DAY, APRIL 12, 2010

career. I told her ‘Mom, look at what you do’, And she said ‘No Joe, this is clearly one of those do as I say not as I do moments’. You can see I took her advice. I would like to leave with a challenge, however, Mr. President. As we all continue our work in public service I would encourage and in fact challenge us to examine how we make policy. We all do so, I’m convinced without doubt with the intention of achieving justice that we all have different ways of identifying and defining what justice means. In his ‘A theory of Justice’ John Rawls lays out a frame work for how to do that. I suggest we consider using it. Informing this concept of justice Rawls said we should imagine ourselves in what he calls the original position. He envisions this being from being done from a veil of ignorance. That veil of ignorance? What is that. It’s not knowing what position you might hold in society but you go in fact about who you are and where you’ll be. Your place in society, your place, your position or social class, your fortune in the distribution of natural assets. Our intelligence, strength and the like, truly not know where you will be in society when you decide what a just society will be like. I suggest that we should tailor and do the best work we can to make all of our decisions from behind that veil, recognizing we’re not just serving the people who are like us but everybody across this state. Some examples, well the easy historical example is at the time there would actually been people who argued in support of slavery. But from behind the veil of ignorance could you really make that argument if you didn’t know if you’d be the owner or the slave? It certainly applies in modern application as well. I suggest one place that we might be well served to not remember where we are but to think about where anyone might end up is when we make policy rounds to civil rights of people regarding their sexual orientation. I want to thank the community that I’ve called home my entire life, West Seattle and the entire Thirty-Fourth Legislative District for haven given me the privilege of representing them and serving them for the last ten years in the legislature and I want to thank everyone of you for being one of my colleagues and everyone that I have had the privilege of serving with in the legislature over the last ten years and I sincerely thank you for the honor.”

PERSONAL PRIVILEGE

Senator Murray: “Thank you, I’d like to take a moment to honor the good Senator from the Thirty-Fourth District. You know Senator McDermott and I have a lot in common. We both grew up in West Seattle. We’re both named after other politicians. We both grew up in the same parish, different decades. We’re both proud of our Irish heritage. Joe has been an incredible member to work with both in the House and now in the Senate. Some of the issues he just mentioned on civil rights, he’s been an often unsung hero in that battle here but he’s always been willing to work with people, work with people well, keep a good sense of humor and look for a way to move us all forward. So, I want to wish you luck in your public service as you move on and I hope you’re able to get paid for public service. Good luck.”

PERSONAL PRIVILEGE

Senator Franklin: “Thank you Mr. President. I would like to say to the good Senator Joe. Happy trails to you. Not only that, you were brave enough, kind enough, thoughtful enough to co-sign that infamous bill which is known as income tax, tax structure. You were willing to take the heat but not only that like me, like many of us we are concerned about the future of this state. Senator, not only that, when we worked on bills together you sponsored the bill in the House that called for public

2010 1ST SPECIAL SESSION

financing of campaign. You came over we worked together. I’m sure that you will be will do well in your continued public service. What I would say to you and I know you will, be, is to continue to be brave, to speak out, to step out of the box and as you have said, you do not think just about yourself. You think about others. You think about what you want society to be. You think about what you want the world and the state and your community to be like. I will be following you. I’m years older than you are but I bet I can run faster than you. I will be following your career like many others and I wish you well. I know you will do well and continue step out and think out of the box and do all the good things which you’ve done here. I appreciate you. we’ll miss you.”

PERSONAL PRIVILEGE

Senator Fairley: “Thank you Mr. President. Here I was going to say nice things about Senator McDermott but he talks so long. When he did an introduction in our Government Operations Committee this year he had a power point, for petes sake, I asked for a paragraph not a power point. It went on for twenty minutes, I swear. He’s been such a hard worker and so good with me because he can deal with some of the folks on the other side that I find difficult. He can run over and talk to them and bring back and it works in our committee very well. But, I know he wants me to tell you a story, a little anecdote that happened. He went down to see my antique shop, met my husband, my husband came home and said ‘I met somebody who works with you today,’ I said, ‘Really, who.’ He said, ‘Well, I think he’s a staffer, his names McDermott.’ And I said ‘No, honey, McDermott’s a Senator’ and he said ‘Well, he can’t be, he’s too young’. You know I didn’t talk to my husband for days after that but I will miss him because he’s a darned good worker and a hard worker and he has a sense of humor. So, we’ll see you around.”

PERSONAL PRIVILEGE

Senator Prentice: “I don’t intend to say goodbye to Senator McDermott because he’s going to be my county councilman and I’ve already let him know that I have about half a dozen places right near where I live yard signs that we’re going to putting up for him. So, we’re going to be busy working for you Joe.”

## MESSAGE FROM THE HOUSE

April 12, 2010

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 6727 with the following amendment(s): 6727-S AMH ENGR H5807.E

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 35.104.060 and 2009 c 564 s 921 are each amended to read as follows:

(1) The authority has all the general powers necessary to carry out its purposes and duties and to exercise its specific powers, including the authority may:

(a) Sue and be sued in its own name;

(b) Make and execute agreements, contracts, and other instruments, with any public or private entity or person, in accordance with this chapter;

(c) Employ, contract with, or engage independent counsel, financial advisors, auditors, other technical or professional assistants, and such other personnel as are necessary or desirable to implement this chapter;

(d) Establish such special funds, and control deposits to and disbursements from them, as it finds convenient for the implementation of this chapter;

(e) Enter into contracts with public and private entities for research to be conducted in this state;

(f) Delegate any of its powers and duties if consistent with the purposes of this chapter;

(g) Exercise any other power reasonably required to implement the purposes of this chapter; and

(h) Hire staff and pay administrative costs; however, such expenses shall be paid from moneys provided by the sponsoring local government and moneys received from gifts, grants, and bequests and the interest earned on the authority's accounts and investments. ~~((During the 2009 2011 fiscal biennium, up to))~~ No more than ten percent of the amounts received under RCW 82.14.480 may be used by a health sciences and services ~~(and sciences))~~ authority for the purposes of subsections (1)(c) and (h) of this section.

(2) In addition to other powers and duties prescribed in this chapter, the authority is empowered to:

(a) Use the authority's public moneys, leveraging those moneys with amounts received from other public and private sources in accordance with contribution agreements, to promote bioscience-based economic development, and to advance new therapies and procedures to combat disease and promote public health;

(b) Solicit and receive gifts, grants, and bequests, and enter into contribution agreements with private entities and public entities to receive moneys in consideration of the authority's promise to leverage those moneys with the revenue generated by the tax authorized under RCW 82.14.480 and contributions from other public entities and private entities, in order to use those moneys to promote bioscience-based economic development and advance new therapies and procedures to combat disease and promote public health;

(c) Hold funds received by the authority in trust for their use pursuant to this chapter to promote bioscience-based economic development and advance new therapies and procedures to combat disease and promote public health;

(d) Manage its funds, obligations, and investments as necessary and consistent with its purpose, including the segregation of revenues into separate funds and accounts;

(e) Borrow money and incur indebtedness pursuant to section 4 of this act;

~~\_\_\_~~ (f) Make grants to entities pursuant to contract to promote bioscience-based economic development and advance new therapies and procedures to combat disease and promote public health. Grant agreements shall specify the deliverables to be provided by the recipient pursuant to the grant. Grants to private entities may only be provided under a contractual agreement that ensures the state will receive appropriate consideration, such as an assurance of job creation or retention, or the delivery of services that provide for the public health, safety, and welfare. The authority shall solicit requests for funding and evaluate the requests by reference to factors such as: (i) The quality of the proposed research; (ii) its potential to improve health outcomes, with particular attention to the likelihood that it will also lower health care costs, substitute for a more costly diagnostic or treatment modality, or offer a breakthrough treatment for a particular disease or condition; (iii) its potential to leverage additional funding; (iv) its potential to provide health care benefits; (v) its potential to stimulate employment; and (vi) evidence of public and private collaboration;

~~((f))~~ (g) Create one or more advisory boards composed of scientists, industrialists, and others familiar with health sciences and services; and

~~((g))~~ (h) Adopt policies and procedures to facilitate the orderly process of grant application, review, and reward.

(3) The records of the authority shall be subject to audit by the office of the state auditor.

**Sec. 2.** RCW 35.104.040 and 2007 c 251 s 4 are each amended to read as follows:

(1) The higher education coordinating board may approve applications submitted by local governments for an area's designation as a health sciences and services authority under this chapter. The director ~~((shall))~~ must determine the division to review applications submitted by local governments under this chapter. The application for designation ~~((shall))~~ must be in the form and manner and contain such information as the higher education coordinating board may prescribe, provided the application ~~((shall))~~:

(a) ~~Contains~~ sufficient information to enable the director to determine the viability of the proposal;

(b) ~~Demonstrates~~ that an ordinance or resolution has been passed by the legislative authority of a local government that delineates the boundaries of an area that may be designated an authority;

(c) ~~((Be))~~ Is submitted on behalf of the local government, or, if that office does not exist, by the legislative body of the local government;

(d) ~~Demonstrates~~ that the public funds directed to programs or facilities in the authority will leverage private sector resources and contributions to activities to be performed;

(e) ~~Provides~~ a plan or plans for the development of the authority as an entity to advance as a cluster for health sciences education, health sciences research, biotechnology development, biotechnology product commercialization, and/or health care services; and

(f) ~~Demonstrates~~ that the state has previously provided funds to health sciences and services programs or facilities in the applicant city, town, or county.

(2) The director ~~((shall))~~ must determine the division to develop criteria to evaluate the application. The criteria ~~((shall))~~ must include:

(a) The presence of infrastructure capable of spurring development of the area as a center of health sciences and services;

(b) The presence of higher education facilities where undergraduate or graduate coursework or research is conducted; and

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

(c) The presence of facilities in which health services are provided.

(3) There ~~((shall))~~ may be no more than ~~((one authority))~~ two authorities statewide.

(4) An authority may only be created in a county with a population of less than one million persons and located east of the crest of the Cascade mountains.

(5) The director may reject or approve an application. When denying an application, the director must specify the application's deficiencies. The decision regarding such designation as it relates to a specific local government is final; however, a rejected application may be resubmitted.

(6) Applications are due by December 31, ~~((2007))~~ 2010, and must be processed within sixty days of submission.

(7) The director may, at his or her discretion, amend the boundaries of an authority upon the request of the local government.

(8) The higher education coordinating board may adopt any rules necessary to implement this chapter ~~((251, Laws of 2007 within one hundred twenty days of July 22, 2007)).~~

(9) The higher education coordinating board must develop evaluation and performance measures in order to evaluate the effectiveness of the programs in the authorities that are funded with public resources. A report to the legislature ~~((shall be))~~ is due on a biennial basis beginning December 1, 2009. In addition, the higher education coordinating board ~~((shall))~~ must develop evaluation criteria that enables the local governments to measure the effectiveness of the program.

**Sec. 3.** RCW 82.14.480 and 2007 c 251 s 11 are each amended to read as follows:

(1) The legislative authority of a local jurisdiction that has created a health sciences and services authority under RCW 35.104.030, prior to January 1, 2010, may impose a sales and use tax in accordance with the terms of this chapter. The tax is in addition to other taxes authorized by law and ~~((shall))~~ must be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the local jurisdiction. The rate of the tax ~~((shall))~~ may not exceed 0.020 percent of the selling price in the case of a sales tax or the value of the article used in the case of a use tax.

(2) The tax imposed under subsection (1) of this section ~~((shall))~~ must be deducted from the amount of tax otherwise required to be collected or paid over to the department under chapter 82.08 or 82.12 RCW. The department of revenue ~~((shall))~~ must perform the collection of the tax on behalf of the authority at no cost to the authority.

(3) The amounts received under this section may only be used in accordance with RCW 35.104.060 or to finance and retire the indebtedness incurred pursuant to RCW 35.104.070, in whole or in part.

(4) This section expires January 1, 2023.

**NEW SECTION. Sec. 4.** A new section is added to chapter 35.104 RCW to read as follows:

(1) A local government that has established a health sciences and services authority under RCW 35.104.030 may, by ordinance or resolution, authorize the authority to borrow money under the conditions set forth in this section.

(2) Moneys borrowed by an authority must be secured by funds derived from gifts or grants from any source, public or private, federal, state, or local government grants or payments, or intergovernmental transfers.

(3) The authority shall incur no expense or liability that is an obligation, either general or special, of the state or local government, or a general obligation of the authority, and shall pay no expense or liability from funds other than funds of the authority.

**Sec. 5.** RCW 42.30.110 and 2005 c 424 s 13 are each amended to read as follows:

(1) Nothing contained in this chapter may be construed to prevent a governing body from holding an executive session during a regular or special meeting:

(a) To consider matters affecting national security;

(b) To consider the selection of a site or the acquisition of real estate by lease or purchase when public knowledge regarding such consideration would cause a likelihood of increased price;

(c) To consider the minimum price at which real estate will be offered for sale or lease when public knowledge regarding such consideration would cause a likelihood of decreased price. However, final action selling or leasing public property shall be taken in a meeting open to the public;

(d) To review negotiations on the performance of publicly bid contracts when public knowledge regarding such consideration would cause a likelihood of increased costs;

(e) To consider, in the case of an export trading company, financial and commercial information supplied by private persons to the export trading company;

(f) To receive and evaluate complaints or charges brought against a public officer or employee. However, upon the request of such officer or employee, a public hearing or a meeting open to the public shall be conducted upon such complaint or charge;

(g) To evaluate the qualifications of an applicant for public employment or to review the performance of a public employee. However, subject to RCW 42.30.140(4), discussion by a governing body of salaries, wages, and other conditions of employment to be generally applied within the agency shall occur in a meeting open to the public, and when a governing body elects to take final action hiring, setting the salary of an individual employee or class of employees, or discharging or disciplining an employee, that action shall be taken in a meeting open to the public;

(h) To evaluate the qualifications of a candidate for appointment to elective office. However, any interview of such candidate and final action appointing a candidate to elective office shall be in a meeting open to the public;

(i) To discuss with legal counsel representing the agency matters relating to agency enforcement actions, or to discuss with legal counsel representing the agency litigation or potential litigation to which the agency, the governing body, or a member acting in an official capacity is, or is likely to become, a party, when public knowledge regarding the discussion is likely to result in an adverse legal or financial consequence to the agency.

This subsection (1)(i) does not permit a governing body to hold an executive session solely because an attorney representing the agency is present. For purposes of this subsection (1)(i), "potential litigation" means matters protected by RPC 1.6 or RCW 5.60.060(2)(a) concerning:

~~((A))~~ (i) Litigation that has been specifically threatened to which the agency, the governing body, or a member acting in an official capacity is, or is likely to become, a party;

~~((B))~~ (ii) Litigation that the agency reasonably believes may be commenced by or against the agency, the governing body, or a member acting in an official capacity; or

~~((C))~~ (iii) Litigation or legal risks of a proposed action or current practice that the agency has identified when public discussion of the litigation or legal risks is likely to result in an adverse legal or financial consequence to the agency;

(j) To consider, in the case of the state library commission or its advisory bodies, western library network prices, products, equipment, and services, when such discussion would be likely to adversely affect the network's ability to conduct business in a competitive economic climate. However, final action on these matters shall be taken in a meeting open to the public;

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

(k) To consider, in the case of the state investment board, financial and commercial information when the information relates to the investment of public trust or retirement funds and when public knowledge regarding the discussion would result in loss to such funds or in private loss to the providers of this information;

(l) To consider proprietary or confidential nonpublished information related to the development, acquisition, or implementation of state purchased health care services as provided in RCW 41.05.026;

(m) To consider in the case of the life sciences discovery fund authority, the substance of grant applications and grant awards when public knowledge regarding the discussion would reasonably be expected to result in private loss to the providers of this information;

(n) To consider in the case of a health sciences and services authority, the substance of grant applications and grant awards when public knowledge regarding the discussion would reasonably be expected to result in private loss to the providers of this information.

(2) Before convening in executive session, the presiding officer of a governing body shall publicly announce the purpose for excluding the public from the meeting place, and the time when the executive session will be concluded. The executive session may be extended to a stated later time by announcement of the presiding officer."

Correct the title.  
and the same are herewith transmitted.

BARBARA BAKER, Chief Clerk

REPLY BY THE PRESIDENT

President Owen: "Whether it is or not it's not, into effect until the House passes it, so this bill is still before us."

SECOND READING

SENATE BILL NO. 6872, by Senate Committee on Ways & Means (originally sponsored by Senator Keiser)

Concerning medicaid nursing facility payments.

MOTION

On motion of Senator Keiser, Substitute Senate Bill No. 6872 was substituted for Substitute Senate Bill No. 6872 and the substitute bill was placed on the second reading and read the second time.

MOTION

Senator Keiser moved that the following striking amendment by Senators Keiser and Marr be adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 74.46.010 and 1998 c 322 s 1 are each amended to read as follows:

(1) This chapter may be known and cited as the "nursing facility medicaid payment system."

(2) The purposes of this chapter are to set forth principles to guide the nursing facility medicaid payment system and specify the manner by which legislative appropriations for medicaid nursing facility services are to be allocated as payment rates among nursing facilities ~~(and to set forth auditing, billing, and other administrative standards associated with payments to nursing home facilities).~~

(3) The legislature finds that the medicaid nursing facility rates calculated under this chapter provide sufficient reimbursement to efficient and economically operating facilities and bear a reasonable relationship to costs.

**Sec. 2.** RCW 74.46.020 and 2010 c 94 s 29 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) ~~("Accrual method of accounting" means a method of accounting in which revenues are reported in the period when they are earned, regardless of when they are collected, and expenses are reported in the period in which they are incurred, regardless of when they are paid.~~

~~(2))~~ "Appraisal" means the process of estimating the fair market value or reconstructing the historical cost of an asset acquired in a past period as performed by a professionally designated real estate appraiser with no pecuniary interest in the property to be appraised. It includes a systematic, analytic determination and the recording and analyzing of property facts, rights, investments, and values based on a personal inspection and inventory of the property.

~~(3))~~ (2) "Arm's-length transaction" means a transaction resulting from good-faith bargaining between a buyer and seller who are not related organizations and have adverse positions in the market place. Sales or exchanges of nursing home facilities among two or more parties in which all parties subsequently continue to

own one or more of the facilities involved in the transactions shall not be considered as arm's-length transactions for purposes of this chapter. Sale of a nursing home facility which is subsequently leased back to the seller within five years of the date of sale shall not be considered as an arm's-length transaction for purposes of this chapter.

~~((4))~~ (3) "Assets" means economic resources of the contractor, recognized and measured in conformity with generally accepted accounting principles.

~~((5))~~ (4) "Audit" or "department audit" means an examination of the records of a nursing facility participating in the medicaid payment system, including but not limited to: The contractor's financial and statistical records, cost reports and all supporting documentation and schedules, receivables, and resident trust funds, to be performed as deemed necessary by the department and according to department rule.

~~((6))~~ "Bad debts" means amounts considered to be uncollectible from accounts and notes receivable.

~~(7)~~ "Beneficial owner" means:

~~(a) Any person who, directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise has or shares:~~

~~((25)) (22) "Generally accepted accounting principles" means accounting principles approved by the financial accounting standards board (FASB) or its successor.~~

~~((26) "Goodwill" means the excess of the price paid for a nursing facility business over the fair market value of all net identifiable tangible and intangible assets acquired, as measured in accordance with generally accepted accounting principles.~~

~~—(27)) (23) "Grouper" means a computer software product that groups individual nursing facility residents into case mix classification groups based on specific resident assessment data and computer logic.~~

~~((28)) (24) "High labor-cost county" means an urban county in which the median allowable facility cost per case mix unit is more than ten percent higher than the median allowable facility cost per case mix unit among all other urban counties, excluding that county.~~

~~((29)) (25) "Historical cost" means the actual cost incurred in acquiring and preparing an asset for use, including feasibility studies, architect's fees, and engineering studies.~~

~~((30)) (26) "Home and central office costs" means costs that are incurred in the support and operation of a home and central office. Home and central office costs include centralized services that are performed in support of a nursing facility. The department may exclude from this definition costs that are nonduplicative, documented, ordinary, necessary, and related to the provision of care services to authorized patients.~~

~~((31) "Imprest fund" means a fund which is regularly replenished in exactly the amount expended from it.~~

~~—(32) "Joint facility costs" means any costs which represent resources which benefit more than one facility, or one facility and any other entity.~~

~~—(33)) (27) "Large nonessential community providers" means nonessential community providers with more than sixty licensed beds, regardless of how many beds are set up or in use.~~

~~—(28) "Lease agreement" means a contract between two parties for the possession and use of real or personal property or assets for a specified period of time in exchange for specified periodic payments. Elimination (due to any cause other than death or divorce) or addition of any party to the contract, expiration, or modification of any lease term in effect on January 1, 1980, or termination of the lease by either party by any means shall constitute a termination of the lease agreement. An extension or renewal of a lease agreement, whether or not pursuant to a renewal provision in the lease agreement, shall be considered a new lease agreement. A strictly formal change in the lease agreement which modifies the method, frequency, or manner in which the lease payments are made, but does not increase the total lease payment obligation of the lessee, shall not be considered modification of a lease term.~~

~~((34)) (29) "Medical care program" or "medicaid program" means medical assistance, including nursing care, provided under RCW 74.09.500 or authorized state medical care services.~~

equipment as recognized and measured in conformity with generally accepted accounting principles.

~~((39))~~ (34) "Nonurban county" means a county which is not located in a metropolitan statistical area as determined and defined by the United States office of management and budget or other appropriate agency or office of the federal government.

~~((40))~~ "Operating lease" means a lease under which rental or lease expenses are included in current expenses in accordance with generally accepted accounting principles.

~~(41))~~ (35) "Owner" means a sole proprietor, general or limited partners, members of a limited liability company, and beneficial interest holders of five percent or more of a corporation's outstanding stock.

~~((42))~~ "Ownership interest" means all interests beneficially owned by a person, calculated in the aggregate, regardless of the form which such beneficial ownership takes.

~~(43))~~ (36) "Patient day" or "resident day" means a calendar day of care provided to a nursing facility resident, regardless of payment source, which will include the day of admission and exclude the day of discharge; except that, when admission and discharge occur on the same day, one day of care shall be deemed to exist. A "medicaid day" or "recipient day" means a calendar day of care provided to a medicaid recipient determined eligible by the department for services provided under chapter 74.09 RCW, subject to the same conditions regarding admission and discharge applicable to a patient day or resident day of care.

~~((44))~~ "Professionally designated real estate appraiser" means an individual who is regularly engaged in the business of providing real estate valuation services for a fee, and who is deemed qualified by a nationally recognized real estate appraisal educational organization on the basis of extensive practical appraisal experience, including the writing of real estate valuation reports as well as the passing of written examinations on valuation practice and theory, and who by virtue of membership in such organization is required to subscribe and adhere to certain standards of professional practice as such organization prescribes.

~~(45))~~ (37) "Qualified therapist" means:

(a) A mental health professional as defined by chapter 71.05 RCW;

(b) An intellectual disabilities professional who is a therapist approved by the department who has had specialized training or one year's experience in treating or working with persons with intellectual or developmental disabilities;

(c) A speech pathologist who is eligible for a certificate of clinical competence in speech pathology or who has the equivalent education and clinical experience;

(d) A physical therapist as defined by chapter 18.74 RCW;

(e) An occupational therapist who is a graduate of a program in occupational therapy, or who has the equivalent of such education or training; and

(f) A respiratory care practitioner certified under chapter 18.89 RCW.

~~((46))~~ (38) "Rate" or "rate allocation" means the medicaid per-patient-day payment amount for medicaid patients calculated in accordance with the allocation methodology set forth in part E of this chapter.

~~((47))~~ "Real property," whether leased or owned by the contractor, means the building, allowable land, land improvements, and building improvements associated with a nursing facility.

~~(48))~~ (39) "Rebased rate" or "cost-rebased rate" means a facility-specific component rate assigned to a nursing facility for a particular rate period established on desk-reviewed, adjusted costs reported for that facility covering at least six months of a prior calendar year designated as a year to be used for cost-rebasing payment rate allocations under the provisions of this chapter.

~~((49))~~ (40) "Records" means those data supporting all financial statements and cost reports including, but not limited to, all general and subsidiary ledgers, books of original entry, and transaction documentation, however such data are maintained.

~~((50))~~ "Related organization" means an entity which is under common ownership and/or control with, or has control of, or is controlled by, the contractor.

~~(a)~~ "Common ownership" exists when an entity is the beneficial owner of five percent or more ownership interest in the contractor and any other entity.

~~(b)~~ "Control" exists where an entity has the power, directly or indirectly, significantly to influence or direct the actions or policies of an organization or institution, whether or not it is legally enforceable and however it is exercisable or exercised.

~~(51)~~ "Related care" means only those services that are directly related to providing direct care to nursing facility residents. These services include, but are not limited to, nursing direction and supervision, medical direction, medical records, pharmacy services, activities, and social services.

~~(52))~~ (41) "Resident assessment instrument," including federally approved modifications for use in this state, means a federally mandated, comprehensive nursing facility resident care planning and assessment tool, consisting of the minimum data set and resident assessment protocols.

~~((53))~~ (42) "Resident assessment protocols" means those components of the resident assessment instrument that use the minimum data set to trigger or flag a resident's potential problems and risk areas.

~~((54))~~ (43) "Resource utilization groups" means a case mix classification system that identifies relative resources needed to care for an individual nursing facility resident.

~~((55))~~ "Restricted fund" means those funds the principal and/or income of which is limited by agreement with or direction of the donor to a specific purpose.

~~(56))~~ (44) "Secretary" means the secretary of the department of social and health services.

~~((57))~~ (45) "Small nonessential community providers" means nonessential community providers with sixty or fewer licensed beds, regardless of how many beds are set up or in use.

~~(46)~~ "Support services" means food, food preparation, dietary, housekeeping, and laundry services provided to nursing facility residents.

~~((58))~~ (47) "Therapy care" means those services required by a nursing facility resident's comprehensive assessment and plan of care, that are provided by qualified therapists, or support personnel under their supervision, including related costs as designated by the department.

~~((59))~~ (48) "Title XIX" or "medicaid" means the 1965 amendments to the social security act, P.L. 89-07, as amended and the medicaid program administered by the department.

~~((60))~~ (49) "Urban county" means a county which is located in a metropolitan statistical area as determined and defined by the United States office of management and budget or other appropriate agency or office of the federal government.

~~((61))~~ "Vital local provider" means a facility that meets the following qualifications:

~~(a)~~ It reports a home office with an address located in Washington state; and

~~(b)~~ The sum of medicaid days for all Washington facilities reporting that home office as their home office was greater than two hundred fifteen thousand in 2003; and

~~(c)~~ The facility was recognized as a "vital local provider" by the department as of April 1, 2007.

~~The definition of "vital local provider" shall expire, and have no force or effect, after June 30, 2007. After that date, no facility's~~

payments under this chapter shall in any way be affected by its prior determination or recognition as a vital local provider.)

**Sec. 3.** RCW 74.46.431 and 2009 c 570 s 1 are each amended to read as follows:

(1) ~~(Effective July 1, 1999,)~~ Nursing facility medicaid payment rate allocations shall be facility-specific and shall have seven components: Direct care, therapy care, support services, operations, property, financing allowance, and variable return. The department shall establish and adjust each of these components, as provided in this section and elsewhere in this chapter, for each medicaid nursing facility in this state.

(2) Component rate allocations in therapy care ~~(;)~~ and support services ~~(, variable return, operations, property, and financing allowance for essential community providers as defined in this chapter)~~ for all facilities shall be based upon a minimum facility occupancy of eighty-five percent of licensed beds, regardless of how many beds are set up or in use. ~~(For all facilities other than essential community providers, effective July 1, 2001, component rate allocations in direct care, therapy care, support services, and variable return shall be based upon a minimum facility occupancy of eighty five percent of licensed beds. For all facilities other than essential community providers, effective July 1, 2002, the component rate allocations in operations, property, and financing allowance shall be based upon a minimum facility occupancy of ninety percent of licensed beds, regardless of how many beds are set up or in use.)~~ Component rate allocations in operations, property, and financing allowance for essential community providers shall be based upon a minimum facility occupancy of eighty-five percent of licensed beds, regardless of how many beds are set up or in use. Component rate allocations in operations, property, and financing allowance for small nonessential community providers shall be based upon a minimum facility occupancy of ninety percent of licensed beds, regardless of how many beds are set up or in use. Component rate allocations in operations, property, and financing allowance for large nonessential community providers shall be based upon a minimum facility occupancy of ninety- two percent of licensed beds, regardless of how many beds are set up or in use. For all facilities, ((effective July 1, 2006,)) the component rate allocation in direct care shall be based upon actual facility occupancy. The median cost limits used to set component rate allocations shall be based on the applicable minimum occupancy percentage. In determining each facility's therapy care component rate allocation under RCW 74.46.511, the department shall apply the applicable minimum facility occupancy adjustment before creating the array of facilities' adjusted therapy costs per adjusted resident day. In determining each facility's support services component rate allocation under RCW 74.46.515(3), the department shall apply the applicable minimum facility occupancy adjustment before creating the array of facilities' adjusted support services costs per adjusted resident day. In determining each facility's operations component rate allocation under RCW 74.46.521(3), the department shall apply the minimum facility occupancy adjustment before creating the array of facilities' adjusted general operations costs per adjusted resident day.

(3) Information and data sources used in determining medicaid payment rate allocations, including formulas, procedures, cost report periods, resident assessment instrument formats, resident assessment methodologies, and resident classification and case mix weighting methodologies, may be substituted or altered from time to time as determined by the department.

(4)(a) Direct care component rate allocations shall be established using adjusted cost report data covering at least six months. ~~((Adjusted cost report data from 1996 will be used for October 1, 1998, through June 30, 2001, direct care component rate allocations; adjusted cost report data from 1999 will be used for July~~

~~((12))~~ (10) The department shall establish in rule procedures, principles, and conditions, including necessary threshold costs, for adjusting rates to reflect capital improvements or new requirements imposed by the department or the federal government. Any such rate adjustments are subject to the provisions of RCW 74.46.421.

~~((13) Effective July 1, 2001, medicaid rates shall continue to be revised downward in all components, in accordance with department rules, for facilities converting banked beds to active service under chapter 70.38 RCW, by using the facility's increased licensed bed capacity to recalculate minimum occupancy for rate setting. However, for facilities other than essential community providers which bank beds under chapter 70.38 RCW, after May 25, 2001, medicaid rates shall be revised upward, in accordance with department rules, in direct care, therapy care, support services, and variable return components only, by using the facility's decreased licensed bed capacity to recalculate minimum occupancy for rate setting, but no upward revision shall be made to operations, property, or financing allowance component rates. The direct care component rate allocation shall be adjusted, without using the minimum occupancy assumption, for facilities that convert banked beds to active service, under chapter 70.38 RCW, beginning on July 1, 2006. Effective July 1, 2007, component rate allocations for direct care shall be based on actual patient days regardless of whether a facility has converted banked beds to active service.~~

~~((14))~~ (11) Effective July 1, 2010, there shall be no rate adjustment for facilities with banked beds. For purposes of calculating minimum occupancy, licensed beds include any beds banked under chapter 70.38 RCW.

(12) Facilities obtaining a certificate of need or a certificate of need exemption under chapter 70.38 RCW after June 30, 2001, must have a certificate of capital authorization in order for (a) the depreciation resulting from the capitalized addition to be included in calculation of the facility's property component rate allocation; and (b) the net invested funds associated with the capitalized addition to be included in calculation of the facility's financing allowance rate allocation.

**Sec. 4.** RCW 74.46.433 and 2006 c 258 s 3 are each amended to read as follows:

(1) The department shall establish for each medicaid nursing facility a variable return component rate allocation. In determining the variable return allowance:

(a) Except as provided in ~~((e))~~ (d) of this subsection, the variable return array and percentage shall be assigned whenever rebasing of noncapital rate allocations is scheduled under RCW 74.46.431 (4), (5), (6), and (7).

(b) To calculate the array of facilities ~~((for the July 1, 2001, rate setting)),~~ the department, without using peer groups, shall first rank all facilities in numerical order from highest to lowest according to each facility's examined and documented, but unlidged, combined direct care, therapy care, support services, and operations per resident day cost from the ~~((1999 cost report period))~~ applicable cost report period specified in RCW 74.46.431(4)(a). However, before being combined with other per resident day costs and ranked, a facility's direct care cost per resident day shall be adjusted to reflect its facility average case mix index, to be averaged from the four calendar quarters of ~~((1999))~~ the cost report period identified in RCW 74.46.431(4)(a), weighted by the facility's resident days from each quarter, under RCW 74.46.501~~((7))~~ (6)(b)~~((iii))~~. The array shall then be divided into four quartiles, each containing, as nearly as possible, an equal number of facilities, and four percent shall be assigned to facilities in the lowest quartile, three percent to facilities in the next lowest quartile, two percent to facilities in the next highest quartile, and one percent to facilities in the highest quartile.

(c) The department shall ~~((subject to (d) of this subsection,))~~ compute the variable return allowance by multiplying a facility's

2010 1ST SPECIAL SESSION

assigned percentage by the sum of the facility's direct care, therapy care, support services, and operations component rates determined in accordance with this chapter and rules adopted by the department.

~~(d) ((Effective July 1, 2001, if a facility's examined and documented direct care cost per resident day for the preceding report year is lower than its average direct care component rate weighted by medicaid resident days for the same year, the facility's direct care cost shall be substituted for its July 1, 2001, direct care component rate, and its variable return component rate shall be determined or adjusted each July 1st by multiplying the facility's assigned percentage by the sum of the facility's July 1, 2001, therapy care, support services, and operations component rates, and its direct care cost per resident day for the preceding year.~~

~~—(e) Effective July 1, 2006,))~~ The variable return component rate allocation for each facility shall be thirty percent of the facility's June 30, 2006, variable return component rate allocation.

(2) The variable return rate allocation calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.

**Sec. 5.** RCW 74.46.435 and 2001 1st sp.s. c 8 s 7 are each amended to read as follows:

(1) ~~((Effective July 1, 2001,))~~ The property component rate allocation for each facility shall be determined by dividing the sum of the reported allowable prior period actual depreciation, subject to ~~((RCW 74.46.310 through 74.46.380))~~ department rule, adjusted for any capitalized additions or replacements approved by the department, and the retained savings from such cost center, by the greater of a facility's total resident days ~~((for the facility))~~ in the prior period or resident days as calculated on eighty-five percent facility occupancy for essential community providers, ninety percent occupancy for small nonessential community providers, or ninety-two percent facility occupancy for large nonessential community providers. ~~((Effective July 1, 2002, the property component rate allocation for all facilities, except essential community providers, shall be set by using the greater of a facility's total resident days from the most recent cost report period or resident days calculated at ninety percent facility occupancy.))~~ If a capitalized addition or retirement of an asset will result in a different licensed bed capacity during the ensuing period, the prior period total resident days used in computing the property component rate shall be adjusted to anticipated resident day level.

(2) A nursing facility's property component rate allocation shall be rebased annually, effective July 1st, in accordance with this section and this chapter.

(3) When a certificate of need for a new facility is requested, the department, in reaching its decision, shall take into consideration per-bed land and building construction costs for the facility which shall not exceed a maximum to be established by the secretary.

(4) ~~((Effective July 1, 2001, for the purpose of calculating a nursing facility's property component rate, if a contractor has elected to bank licensed beds prior to April 1, 2001, or elects to convert banked beds to active service at any time, under chapter 70.38 RCW, the department shall use the facility's new licensed bed capacity to recalculate minimum occupancy for rate setting and revise the property component rate, as needed, effective as of the date the beds are banked or converted to active service. However, in no case shall the department use less than eighty-five percent occupancy of the facility's licensed bed capacity after banking or conversion. Effective July 1, 2002, in no case, other than essential community providers, shall the department use less than ninety percent occupancy of the facility's licensed bed capacity after conversion.~~

~~—(5))~~ The property component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

**Sec. 6.** RCW 74.46.437 and 2001 1st sp.s. c 8 s 8 are each amended to read as follows:

(1) ~~((Beginning July 1, 1999,))~~ The department shall establish for each medicaid nursing facility a financing allowance component rate allocation. The financing allowance component rate shall be rebased annually, effective July 1st, in accordance with the provisions of this section and this chapter.

(2) ~~((Effective July 1, 2001,))~~ The financing allowance shall be determined by multiplying the net invested funds of each facility by ~~((10))~~ 0.04, and dividing by the greater of a nursing facility's total resident days from the most recent cost report period or resident days calculated on eighty-five percent facility occupancy for essential community providers, ninety percent facility occupancy for small nonessential community providers, or ninety-two percent occupancy for large nonessential community providers. ~~((Effective July 1, 2002, the financing allowance component rate allocation for all facilities, other than essential community providers, shall be set by using the greater of a facility's total resident days from the most recent cost report period or resident days calculated at ninety percent facility occupancy.))~~ However, assets acquired on or after May 17, 1999, shall be grouped in a separate financing allowance calculation that shall be multiplied by ~~((0.85))~~ 0.04. The financing allowance factor of ~~((0.85))~~ 0.04 shall ~~((not))~~ be applied to the net invested funds pertaining to new construction or major renovations receiving certificate of need approval or an exemption from certificate of need requirements under chapter 70.38 RCW, or to working drawings that have been submitted to the department of health for construction review approval, prior to May 17, 1999. If a capitalized addition, renovation, replacement, or retirement of an asset will result in a different licensed bed capacity during the ensuing period, the prior period total resident days used in computing the financing allowance shall be adjusted to the greater of the anticipated resident day level or eighty-five percent of the new licensed bed capacity for essential community providers, ninety percent of the new licensed bed capacity for small nonessential community providers, or ninety-two percent of the new licensed bed capacity for large nonessential community providers. ~~((Effective July 1, 2002, for all facilities, other than essential community providers, the total resident days used to compute the financing allowance after a capitalized addition, renovation, replacement, or retirement of an asset shall be set by using the greater of a facility's total resident days from the most recent cost report period or resident days calculated at ninety percent facility occupancy.))~~

(3) In computing the portion of net invested funds representing the net book value of tangible fixed assets, the same assets, depreciation bases, lives, and methods referred to in ~~((RCW 74.46.330, 74.46.350, 74.46.360, 74.46.370, and 74.46.380))~~ rule, including owned and leased assets, shall be utilized, except that the capitalized cost of land upon which the facility is located and such other contiguous land which is reasonable and necessary for use in the regular course of providing resident care shall also be included. Subject to provisions and limitations contained in this chapter, for land purchased by owners or lessors before July 18, 1984, capitalized cost of land shall be the buyer's capitalized cost. For all partial or whole rate periods after July 17, 1984, if the land is purchased after July 17, 1984, capitalized cost shall be that of the owner of record on July 17, 1984, or buyer's capitalized cost, whichever is lower. In the case of leased facilities where the net invested funds are unknown or the contractor is unable to provide necessary information to determine net invested funds, the secretary shall have the authority to determine an amount for net invested funds based on an appraisal conducted according to ~~((RCW 74.46.360(1)))~~ department rule.

~~(4) ((Effective July 1, 2001, for the purpose of calculating a nursing facility's financing allowance component rate, if a contractor has elected to bank licensed beds prior to May 25, 2001, or elects to convert banked beds to active service at any time, under chapter 70.38 RCW, the department shall use the facility's new licensed bed capacity to recalculate minimum occupancy for rate setting and revise the financing allowance component rate, as needed, effective as of the date the beds are banked or converted to active service. However, in no case shall the department use less than eighty-five percent occupancy of the facility's licensed bed capacity after banking or conversion. Effective July 1, 2002, in no case, other than for essential community providers, shall the department use less than ninety percent occupancy of the facility's licensed bed capacity after conversion.~~

~~—(5))~~ The financing allowance rate allocation calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.

**Sec. 7.** RCW 74.46.439 and 1999 c 353 s 12 are each amended to read as follows:

(1) In the case of a facility that was leased by the contractor as of January 1, 1980, in an arm's-length agreement, which continues to be leased under the same lease agreement, ~~((and for which the annualized lease payment, plus any interest and depreciation expenses associated with contractor owned assets, for the period covered by the prospective rates, divided by the contractor's total resident days, minus the property component rate allocation, is more than the sum of the financing allowance and the variable return rate determined according to this chapter, the following shall apply:~~

~~—(a) The financing allowance shall be recomputed substituting the fair market value of the assets as of January 1, 1982, as determined by the department of general administration through an appraisal procedure, less accumulated depreciation on the lessor's assets since January 1, 1982, for the net book value of the assets in determining net invested funds for the facility. A determination by the department of general administration of fair market value shall be final unless the procedure used to make such a determination is shown to be arbitrary and capricious.~~

~~—(b) The sum of the financing allowance computed under (a) of this subsection and the variable return rate shall be compared to the annualized lease payment, plus any interest and depreciation associated with contractor owned assets, for the period covered by the prospective rates, divided by the contractor's total resident days, minus the property component rate. The lesser of the two amounts shall be called the alternate return on investment rate.~~

~~—(c) The sum of the financing allowance and variable return rate determined according to this chapter or the alternate return on investment rate, whichever is greater, shall be added to the prospective rates of the contractor.~~

~~(2) In the case of a facility that was leased by the contractor as of January 1, 1980, in an arm's-length agreement, if the lease is renewed or extended under a provision of the lease, the treatment provided in subsection (1) of this section shall be applied, except that in the case of renewals or extensions made subsequent to April 1, 1985, reimbursement for the annualized lease payment shall be no greater than the reimbursement for the annualized lease payment for the last year prior to the renewal or extension of the lease.~~

~~—(3))~~ the financing allowance rate will be the greater of the rate existing on June 30, 2010, or the rate calculated under RCW 74.46.437.

~~(2)~~ The alternate return on investment component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.

**Sec. 8.** RCW 74.46.475 and 1998 c 322 s 21 are each amended to read as follows:

TWENTY NINTH DAY, APRIL 12, 2010

~~((4))~~ The department shall analyze the submitted cost report or a portion thereof of each contractor for each report period to determine if the information is correct, complete, reported in conformance with department instructions and generally accepted accounting principles, the requirements of this chapter, and such rules as the department may adopt. If the analysis finds that the cost report is incorrect or incomplete, the department may make adjustments to the reported information for purposes of establishing payment rate allocations. A schedule of such adjustments shall be provided to contractors and shall include an explanation for the adjustment and the dollar amount of the adjustment. Adjustments shall be subject to review and appeal as provided in this chapter.

~~((2) The department shall accumulate data from properly completed cost reports, in addition to assessment data on each facility's resident population characteristics, for use in:~~

~~(a) Exception profiling; and~~

~~(b) Establishing rates.~~

~~(3) The department may further utilize such accumulated data for analytical, statistical, or informational purposes as necessary.)~~

**Sec. 9.** RCW 74.46.485 and 2009 c 570 s 2 are each amended to read as follows:

(1) The department shall:

(a) Employ the resource utilization group III case mix classification methodology. The department shall use the forty-four group index maximizing model for the resource utilization group III grouper version 5.10, but the department may revise or update the classification methodology to reflect advances or refinements in resident assessment or classification, subject to federal requirements; and

(b) Implement minimum data set 3.0 under the authority of this section and RCW 74.46.431(3). The department must notify nursing home contractors twenty-eight days in advance the date of implementation of the minimum data set 3.0. In the notification, the department must identify for all ~~((quarterly))~~ semiannual rate settings following the date of minimum data set 3.0 implementation a previously established ~~((quarterly))~~ semiannual case mix adjustment established for the ~~((quarterly))~~ semiannual rate settings that will be used for ~~((quarterly))~~ semiannual case mix calculations in direct care until minimum data set 3.0 is fully implemented. After the department has fully implemented minimum data set 3.0, it must adjust any ~~((quarter))~~ semiannual rate setting in which it used the previously established ~~((quarterly))~~ case mix adjustment using the new minimum data set 3.0 data.

(2) A default case mix group shall be established for cases in which the resident dies or is discharged for any purpose prior to completion of the resident's initial assessment. The default case mix group and case mix weight for these cases shall be designated by the department.

(3) A default case mix group may also be established for cases in which there is an untimely assessment for the resident. The default case mix group and case mix weight for these cases shall be designated by the department.

**Sec. 10.** RCW 74.46.496 and 2006 c 258 s 4 are each amended to read as follows:

(1) Each case mix classification group shall be assigned a case mix weight. The case mix weight for each resident of a nursing facility for each calendar quarter or six-month period during a calendar year shall be based on data from resident assessment instruments completed for the resident and weighted by the number of days the resident was in each case mix classification group. Days shall be counted as provided in this section.

(2) The case mix weights shall be based on the average minutes per registered nurse, licensed practical nurse, and certified nurse aide, for each case mix group, and using the ~~((health care financing administration of the))~~ United States department of health and

human services 1995 nursing facility staff time measurement study stemming from its multistate nursing home case mix and quality demonstration project. Those minutes shall be weighted by statewide ratios of registered nurse to certified nurse aide, and licensed practical nurse to certified nurse aide, wages, including salaries and benefits, which shall be based on 1995 cost report data for this state.

(3) The case mix weights shall be determined as follows:

(a) Set the certified nurse aide wage weight at 1.000 and calculate wage weights for registered nurse and licensed practical nurse average wages by dividing the certified nurse aide average wage into the registered nurse average wage and licensed practical nurse average wage;

(b) Calculate the total weighted minutes for each case mix group in the resource utilization group III classification system by multiplying the wage weight for each worker classification by the average number of minutes that classification of worker spends caring for a resident in that resource utilization group III classification group, and summing the products;

(c) Assign a case mix weight of 1.000 to the resource utilization group III classification group with the lowest total weighted minutes and calculate case mix weights by dividing the lowest group's total weighted minutes into each group's total weighted minutes and rounding weight calculations to the third decimal place.

(4) The case mix weights in this state may be revised if the ~~((health care financing administration))~~ United States department of health and human services updates its nursing facility staff time measurement studies. The case mix weights shall be revised, but only when direct care component rates are cost-rebased as provided in subsection (5) of this section, to be effective on the July 1st effective date of each cost-rebased direct care component rate. However, the department may revise case mix weights more frequently if, and only if, significant variances in wage ratios occur among direct care staff in the different caregiver classifications identified in this section.

(5) Case mix weights shall be revised when direct care component rates are cost-rebased as provided in RCW 74.46.431(4).

**Sec. 11.** RCW 74.46.501 and 2006 c 258 s 5 are each amended to read as follows:

(1) From individual case mix weights for the applicable quarter, the department shall determine two average case mix indexes for each medicaid nursing facility, one for all residents in the facility, known as the facility average case mix index, and one for medicaid residents, known as the medicaid average case mix index.

(2)(a) In calculating a facility's two average case mix indexes for each quarter, the department shall include all residents or medicaid residents, as applicable, who were physically in the facility during the quarter in question based on the resident assessment instrument completed by the facility and the requirements and limitations for the instrument's completion and transmission (January 1st through March 31st, April 1st through June 30th, July 1st through September 30th, or October 1st through December 31st).

(b) The facility average case mix index shall exclude all default cases as defined in this chapter. However, the medicaid average case mix index shall include all default cases.

(3) Both the facility average and the medicaid average case mix indexes shall be determined by multiplying the case mix weight of each resident, or each medicaid resident, as applicable, by the number of days, as defined in this section and as applicable, the resident was at each particular case mix classification or group, and then averaging.

(4)~~((4))~~ In determining the number of days a resident is classified into a particular case mix group, the department shall determine a start date for calculating case mix grouping periods as

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

((follows:

—(i) If a resident's initial assessment for a first stay or a return stay in the nursing facility is timely completed and transmitted to the department by the cutoff date under state and federal requirements and as described in subsection (5) of this section, the start date shall be the later of either the first day of the quarter or the resident's facility admission or readmission date;

—(ii) If a resident's significant change, quarterly, or annual assessment is timely completed and transmitted to the department by the cutoff date under state and federal requirements and as described in subsection (5) of this section, the start date shall be the date the assessment is completed;

—(iii) If a resident's significant change, quarterly, or annual assessment is not timely completed and transmitted to the department by the cutoff date under state and federal requirements and as described in subsection (5) of this section, the start date shall be the due date for the assessment.

—(b) If state or federal rules require more frequent assessment, the same principles for determining the start date of a resident's classification in a particular case mix group set forth in subsection (4)(a) of this section shall apply.

—(c) In calculating the number of days a resident is classified into a particular case mix group, the department shall determine an end date for calculating case mix grouping periods as follows:

—(i) If a resident is discharged before the end of the applicable quarter, the end date shall be the day before discharge;

—(ii) If a resident is not discharged before the end of the applicable quarter, the end date shall be the last day of the quarter;

—(iii) If a new assessment is due for a resident or a new assessment is completed and transmitted to the department, the end date of the previous assessment shall be the earlier of either the day before the assessment is due or the day before the assessment is completed by the nursing facility)) specified by rule.

(5) The cutoff date for the department to use resident assessment data, for the purposes of calculating both the facility average and the medicaid average case mix indexes, and for establishing and updating a facility's direct care component rate, shall be one month and one day after the end of the quarter for which the resident assessment data applies.

(6) ((A threshold of ninety percent, as described and calculated in this subsection, shall be used to determine the case mix index each quarter. The threshold shall also be used to determine which facilities' costs per case mix unit are included in determining the ceiling, floor, and price. For direct care component rate allocations established on and after July 1, 2006, the threshold of ninety percent shall be used to determine the case mix index each quarter and to determine which facilities' costs per case mix unit are included in determining the ceiling and price. If the facility does not meet the ninety percent threshold, the department may use an alternate case mix index to determine the facility average and medicaid average case mix indexes for the quarter. The threshold is a count of unique minimum data set assessments, and it shall include resident assessment instrument tracking forms for residents discharged prior to completing an initial assessment. The threshold is calculated by dividing a facility's count of residents being assessed by the average census for the facility. A daily census shall be reported by each nursing facility as it transmits assessment data to the department. The department shall compute a quarterly average census based on the daily census. If no census has been reported by a facility during a specified quarter, then the department shall use the facility's licensed beds as the denominator in computing the threshold.

—(7))(a) Although the facility average and the medicaid average case mix indexes shall both be calculated quarterly, the cost-rebasing period facility average case mix index will be used throughout the applicable cost-rebasing period in combination with

cost report data as specified by RCW 74.46.431 and 74.46.506, to establish a facility's allowable cost per case mix unit. A facility's medicaid average case mix index shall be used to update a nursing facility's direct care component rate ((quarterly)) semiannually.

(b) The facility average case mix index used to establish each nursing facility's direct care component rate shall be based on an average of calendar quarters of the facility's average case mix indexes(:

—(i) For October 1, 1998, direct care component rates, the department shall use an average of facility average case mix indexes from the four calendar quarters of 1997.

—(ii) For July 1, 2001, direct care component rates, the department shall use an average of facility average case mix indexes from the four calendar quarters of 1999.

—(iii) Beginning on July 1, 2006, when establishing the direct care component rates, the department shall use an average of facility case mix indexes)) from the four calendar quarters occurring during the cost report period used to rebase the direct care component rate allocations as specified in RCW 74.46.431.

(c) The medicaid average case mix index used to update or recalibrate a nursing facility's direct care component rate ((quarterly)) semiannually shall be from the calendar ((quarter)) six-month period commencing ((six)) nine months prior to the effective date of the ((quarterly)) semiannual rate. For example, ((October 1, 1998)) July 1, 2010, through December 31, ((1998)) 2010, direct care component rates shall utilize case mix averages from the ((April 1, 1998)) October 1, 2009, through ((June 30, 1998)) March 31, 2010, calendar quarters, and so forth.

**Sec. 12.** RCW 74.46.506 and 2007 c 508 s 3 are each amended to read as follows:

(1) The direct care component rate allocation corresponds to the provision of nursing care for one resident of a nursing facility for one day, including direct care supplies. Therapy services and supplies, which correspond to the therapy care component rate, shall be excluded. The direct care component rate includes elements of case mix determined consistent with the principles of this section and other applicable provisions of this chapter.

(2) ((Beginning October 1, 1998,)) The department shall determine and update ((quarterly)) semiannually for each nursing facility serving medicaid residents a facility-specific per-resident day direct care component rate allocation, to be effective on the first day of each ((calendar quarter)) six-month period. In determining direct care component rates the department shall utilize, as specified in this section, minimum data set resident assessment data for each resident of the facility, as transmitted to, and if necessary corrected by, the department in the resident assessment instrument format approved by federal authorities for use in this state.

(3) The department may question the accuracy of assessment data for any resident and utilize corrected or substitute information, however derived, in determining direct care component rates. The department is authorized to impose civil fines and to take adverse rate actions against a contractor, as specified by the department in rule, in order to obtain compliance with resident assessment and data transmission requirements and to ensure accuracy.

(4) Cost report data used in setting direct care component rate allocations shall be for rate periods as specified in RCW 74.46.431(4)(a).

(5) ((Beginning October 1, 1998,)) The department shall rebase each nursing facility's direct care component rate allocation as described in RCW 74.46.431, adjust its direct care component rate allocation for economic trends and conditions as described in RCW 74.46.431, and update its medicaid average case mix index as described in RCW 74.46.496 and 74.46.501, consistent with the following:

TWENTY NINTH DAY, APRIL 12, 2010

(a) ~~((Reduce))~~ Adjust total direct care costs reported by each nursing facility for the applicable cost report period specified in RCW 74.46.431(4)(a) to reflect any department adjustments, and to eliminate reported resident therapy costs and adjustments, in order to derive the facility's total allowable direct care cost;

(b) Divide each facility's total allowable direct care cost by its adjusted resident days for the same report period, ~~((increased if necessary to a minimum occupancy of eighty five percent; that is, the greater of actual or imputed occupancy at eighty five percent of licensed beds,))~~ to derive the facility's allowable direct care cost per resident day ~~((However, effective July 1, 2006, each facility's allowable direct care costs shall be divided by its adjusted resident days without application of a minimum occupancy assumption))~~;

(c) ~~((Adjust the facility's per resident day direct care cost by the applicable factor specified in RCW 74.46.431(4) to derive its adjusted allowable direct care cost per resident day;~~

~~((d))~~ Divide each facility's adjusted allowable direct care cost per resident day by the facility average case mix index for the applicable quarters specified by RCW 74.46.501(~~((7)(b))~~) (6)(b) to derive the facility's allowable direct care cost per case mix unit;

~~((e) Effective for July 1, 2001, rate setting;))~~ (d) Divide nursing facilities into at least two and, if applicable, three peer groups: Those located in nonurban counties; those located in high labor-cost counties, if any; and those located in other urban counties;

~~((f))~~ (e) Array separately the allowable direct care cost per case mix unit for all facilities in nonurban counties; for all facilities in high labor-cost counties, if applicable; and for all facilities in other urban counties, and determine the median allowable direct care cost per case mix unit for each peer group;

~~((g) Except as provided in (i) of this subsection, from October 1, 1998, through June 30, 2000, determine each facility's quarterly direct care component rate as follows:~~

~~((i) Any facility whose allowable cost per case mix unit is less than eighty five percent of the facility's peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to eighty five percent of the facility's peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);~~

~~((ii) Any facility whose allowable cost per case mix unit is greater than one hundred fifteen percent of the peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to one hundred fifteen percent of the peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);~~

~~((iii) Any facility whose allowable cost per case mix unit is between eighty five and one hundred fifteen percent of the peer group median established under (f) of this subsection shall have a direct care component rate allocation equal to the facility's allowable cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);~~

~~((h) Except as provided in (i) of this subsection, from July 1, 2000, through June 30, 2006, determine each facility's quarterly direct care component rate as follows:~~

~~((i) Any facility whose allowable cost per case mix unit is less than ninety percent of the facility's peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to ninety percent of the facility's peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in~~

~~RCW 74.46.501(7)(c);~~

~~((ii) Any facility whose allowable cost per case mix unit is greater than one hundred ten percent of the peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to one hundred ten percent of the peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);~~

~~((iii) Any facility whose allowable cost per case mix unit is between ninety and one hundred ten percent of the peer group median established under (f) of this subsection shall have a direct care component rate allocation equal to the facility's allowable cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);~~

~~((i) Between October 1, 1998, and June 30, 2000, the department shall compare each facility's direct care component rate allocation calculated under (g) of this subsection with the facility's nursing services component rate in effect on September 30, 1998, less therapy costs, plus any exceptional care offsets as reported on the cost report, adjusted for economic trends and conditions as provided in RCW 74.46.431. A facility shall receive the higher of the two rates.~~

~~((ii) Between July 1, 2000, and June 30, 2002, the department shall compare each facility's direct care component rate allocation calculated under (h) of this subsection with the facility's direct care component rate in effect on June 30, 2000. A facility shall receive the higher of the two rates. Between July 1, 2001, and June 30, 2002, if during any quarter a facility whose rate paid under (h) of this subsection is greater than either the direct care rate in effect on June 30, 2000, or than that facility's allowable direct care cost per case mix unit calculated in (d) of this subsection multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c), the facility shall be paid in that and each subsequent quarter pursuant to (h) of this subsection and shall not be entitled to the greater of the two rates.~~

~~((iii) Between July 1, 2002, and June 30, 2006, all direct care component rate allocations shall be as determined under (h) of this subsection.~~

~~((iv) Effective July 1, 2006, for all providers, except vital local providers as defined in this chapter, all direct care component rate allocations shall be as determined under (j) of this subsection.~~

~~((v) Effective July 1, 2006, through June 30, 2007, for vital local providers, as defined in this chapter, direct care component rate allocations shall be determined as follows:~~

~~((A) The department shall calculate:~~

~~((I) The sum of each facility's July 1, 2006, direct care component rate allocation calculated under (j) of this subsection and July 1, 2006, operations component rate calculated under RCW 74.46.521; and~~

~~((II) The sum of each facility's June 30, 2006, direct care and operations component rates.~~

~~((B) If the sum calculated under (i)(v)(A)(I) of this subsection is less than the sum calculated under (i)(v)(A)(II) of this subsection, the facility shall have a direct care component rate allocation equal to the facility's June 30, 2006, direct care component rate allocation.~~

~~((C) If the sum calculated under (i)(v)(A)(I) of this subsection is greater than or equal to the sum calculated under (i)(v)(A)(II) of this subsection, the facility's direct care component rate shall be calculated under (j) of this subsection;~~

~~((j) Except as provided in (i) of this subsection, from July 1, 2006, forward, and for all future rate setting;))~~ (f) Determine each facility's ~~((quarterly))~~ semiannual direct care component rate as follows:

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

(i) Any facility whose allowable cost per case mix unit is greater than one hundred twelve percent of the peer group median established under ~~((#))~~ (e) of this subsection shall be assigned a cost per case mix unit equal to one hundred twelve percent of the peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable ~~((quarter))~~ six-month period specified in RCW 74.46.501~~((7))~~ (6)(c);

(ii) Any facility whose allowable cost per case mix unit is less than or equal to one hundred twelve percent of the peer group median established under ~~((#))~~ (e) of this subsection shall have a direct care component rate allocation equal to the facility's allowable cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable ~~((quarter))~~ six-month period specified in RCW 74.46.501~~((7))~~ (6)(c).

(6) The direct care component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.

(7) Costs related to payments resulting from increases in direct care component rates, granted under authority of RCW 74.46.508~~((4))~~ for a facility's exceptional care residents, shall be offset against the facility's examined, allowable direct care costs, for each report year or partial period such increases are paid. Such reductions in allowable direct care costs shall be for rate setting, settlement, and other purposes deemed appropriate by the department.

**Sec. 13.** RCW 74.46.508 and 2003 1st sp.s. c 6 s 1 are each amended to read as follows:

~~((#))~~ The department is authorized to increase the direct care component rate allocation calculated under RCW 74.46.506(5) for residents who have unmet exceptional care needs as determined by the department in rule. The department may, by rule, establish criteria, patient categories, and methods of exceptional care payment.

~~((2) The department may by July 1, 2003, adopt rules and implement a system of exceptional care payments for therapy care.~~

~~(a) Payments may be made on behalf of facility residents who are under age sixty five, not eligible for medicare, and can achieve significant progress in their functional status if provided with intensive therapy care services.~~

~~(b) Payments may be made only after approval of a rehabilitation plan of care for each resident on whose behalf a payment is made under this subsection, and each resident's progress must be periodically monitored.)~~

**Sec. 14.** RCW 74.46.511 and 2008 c 263 s 3 are each amended to read as follows:

(1) The therapy care component rate allocation corresponds to the provision of medicaid one-on-one therapy provided by a qualified therapist as defined in this chapter, including therapy supplies and therapy consultation, for one day for one medicaid resident of a nursing facility. ~~((The therapy care component rate allocation for October 1, 1998, through June 30, 2001, shall be based on adjusted therapy costs and days from calendar year 1996. The therapy component rate allocation for July 1, 2001, through June 30, 2007, shall be based on adjusted therapy costs and days from calendar year 1999. Effective July 1, 2007,))~~ The therapy care component rate allocation shall be based on adjusted therapy costs and days as described in RCW 74.46.431(5). The therapy care component rate shall be adjusted for economic trends and conditions as specified in RCW 74.46.431(5), and shall be determined in accordance with this section. In determining each facility's therapy care component rate allocation, the department shall apply the applicable minimum facility occupancy adjustment

before creating the array of facilities' adjusted therapy care costs per adjusted resident day.

(2) In rebasing, as provided in RCW 74.46.431(5)(a), the department shall take from the cost reports of facilities the following reported information:

(a) Direct one-on-one therapy charges for all residents by payer including charges for supplies;

(b) The total units or modules of therapy care for all residents by type of therapy provided, for example, speech or physical. A unit or module of therapy care is considered to be fifteen minutes of one-on-one therapy provided by a qualified therapist or support personnel; and

(c) Therapy consulting expenses for all residents.

(3) The department shall determine for all residents the total cost per unit of therapy for each type of therapy by dividing the total adjusted one-on-one therapy expense for each type by the total units provided for that therapy type.

(4) The department shall divide medicaid nursing facilities in this state into two peer groups:

(a) Those facilities located within urban counties; and

(b) Those located within nonurban counties.

The department shall array the facilities in each peer group from highest to lowest based on their total cost per unit of therapy for each therapy type. The department shall determine the median total cost per unit of therapy for each therapy type and add ten percent of median total cost per unit of therapy. The cost per unit of therapy for each therapy type at a nursing facility shall be the lesser of its cost per unit of therapy for each therapy type or the median total cost per unit plus ten percent for each therapy type for its peer group.

(5) The department shall calculate each nursing facility's therapy care component rate allocation as follows:

(a) To determine the allowable total therapy cost for each therapy type, the allowable cost per unit of therapy for each type of therapy shall be multiplied by the total therapy units for each type of therapy;

(b) The medicaid allowable one-on-one therapy expense shall be calculated taking the allowable total therapy cost for each therapy type times the medicaid percent of total therapy charges for each therapy type;

(c) The medicaid allowable one-on-one therapy expense for each therapy type shall be divided by total adjusted medicaid days to arrive at the medicaid one-on-one therapy cost per patient day for each therapy type;

(d) The medicaid one-on-one therapy cost per patient day for each therapy type shall be multiplied by total adjusted patient days for all residents to calculate the total allowable one-on-one therapy expense. The lesser of the total allowable therapy consultant expense for the therapy type or a reasonable percentage of allowable therapy consultant expense for each therapy type, as established in rule by the department, shall be added to the total allowable one-on-one therapy expense to determine the allowable therapy cost for each therapy type;

(e) The allowable therapy cost for each therapy type shall be added together, the sum of which shall be the total allowable therapy expense for the nursing facility;

(f) The total allowable therapy expense will be divided by the greater of adjusted total patient days from the cost report on which the therapy expenses were reported, or patient days at eighty-five percent occupancy of licensed beds. The outcome shall be the nursing facility's therapy care component rate allocation.

(6) The therapy care component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.

(7) The therapy care component rate shall be suspended for medicaid residents in qualified nursing facilities designated by the

TWENTY NINTH DAY, APRIL 12, 2010

department who are receiving therapy paid by the department outside the facility daily rate (under RCW 74.46.508(2)).

**Sec. 15.** RCW 74.46.515 and 2008 c 263 s 4 are each amended to read as follows:

(1) The support services component rate allocation corresponds to the provision of food, food preparation, dietary, housekeeping, and laundry services for one resident for one day.

(2) ~~((Beginning October 1, 1998,))~~ The department shall determine each medicaid nursing facility's support services component rate allocation using cost report data specified by RCW 74.46.431(6).

(3) To determine each facility's support services component rate allocation, the department shall:

(a) Array facilities' adjusted support services costs per adjusted resident day, as determined by dividing each facility's total allowable support services costs by its adjusted resident days for the same report period, increased if necessary to a minimum occupancy provided by RCW 74.46.431(2), for each facility from facilities' cost reports from the applicable report year, for facilities located within urban counties, and for those located within nonurban counties and determine the median adjusted cost for each peer group;

(b) Set each facility's support services component rate at the lower of the facility's per resident day adjusted support services costs from the applicable cost report period or the adjusted median per resident day support services cost for that facility's peer group, either urban counties or nonurban counties, plus ten percent; and

(c) Adjust each facility's support services component rate for economic trends and conditions as provided in RCW 74.46.431(6).

(4) The support services component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.

**Sec. 16.** RCW 74.46.521 and 2007 c 508 s 5 are each amended to read as follows:

(1) The operations component rate allocation corresponds to the general operation of a nursing facility for one resident for one day, including but not limited to management, administration, utilities, office supplies, accounting and bookkeeping, minor building maintenance, minor equipment repairs and replacements, and other supplies and services, exclusive of direct care, therapy care, support services, property, financing allowance, and variable return.

(2) ~~((Except as provided in subsection (4) of this section, beginning October 1, 1998,))~~ The department shall determine each medicaid nursing facility's operations component rate allocation using cost report data specified by RCW 74.46.431(7)(a). ~~((Effective July 1, 2002,))~~ Operations component rates for ~~((all facilities except))~~ essential community providers shall be based upon a minimum occupancy of ~~((ninety))~~ eighty-five percent of licensed beds, ~~(, and no operations component rate shall be revised in response to beds banked on or after May 25, 2001, under chapter 70.38 RCW))~~. Operations component rates for small nonessential community providers shall be based upon a minimum occupancy of ninety percent of licensed beds. Operations component rates for large nonessential community providers shall be based upon a minimum occupancy of ninety-two percent of licensed beds.

(3) ~~((Except as provided in subsection (4) of this section,))~~ For all calculations and adjustments in this subsection, the department shall use the greater of the facility's actual occupancy or an imputed occupancy equal to eighty-five percent for essential community providers, ninety percent for small nonessential community providers, or ninety-two percent for large nonessential community providers. To determine each facility's operations component rate the department shall:

(a) Array facilities' adjusted general operations costs per adjusted resident day, as determined by dividing each facility's total allowable operations cost by its adjusted resident days for the same

2010 1ST SPECIAL SESSION

report period ~~((, increased if necessary to a minimum occupancy of ninety percent; that is, the greater of actual or imputed occupancy at ninety percent of licensed beds, for each facility from facilities' cost reports from the applicable report year,))~~ for facilities located within urban counties and for those located within nonurban counties and determine the median adjusted cost for each peer group;

(b) Set each facility's operations component rate at the lower of:

(i) The facility's per resident day adjusted operations costs from the applicable cost report period adjusted if necessary ~~((to a))~~ for minimum occupancy ~~((of eighty-five percent of licensed beds before July 1, 2002, and ninety percent effective July 1, 2002));~~ or

(ii) The adjusted median per resident day general operations cost for that facility's peer group, urban counties or nonurban counties; and

(c) Adjust each facility's operations component rate for economic trends and conditions as provided in RCW 74.46.431(7)(b).

~~(4)((a) Effective July 1, 2006, through June 30, 2007, for any facility whose direct care component rate allocation is set equal to its June 30, 2006, direct care component rate allocation, as provided in RCW 74.46.506(5), the facility's operations component rate allocation shall also be set equal to the facility's June 30, 2006, operations component rate allocation.~~

~~—(b) The operations component rate allocation for facilities whose operations component rate is set equal to their June 30, 2006, operations component rate, shall be adjusted for economic trends and conditions as provided in RCW 74.46.431(7)(b).~~

~~—(5))~~ The operations component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.

**Sec. 17.** RCW 74.46.835 and 1998 c 322 s 46 are each amended to read as follows:

(1) Payment for direct care at the pilot nursing facility in King county designed to meet the service needs of residents living with AIDS, as defined in RCW 70.24.017, and as specifically authorized for this purpose under chapter 9, Laws of 1989 1st ex. sess., shall be exempt from case mix methods of rate determination set forth in this chapter and shall be exempt from the direct care metropolitan statistical area peer group cost limitation set forth in this chapter.

(2) Direct care component rates at the AIDS pilot facility shall be based on direct care reported costs at the pilot facility, utilizing the same ~~((three-year,))~~ rate-setting cycle prescribed for other nursing facilities, and as supported by a staffing benchmark based upon a department-approved acuity measurement system.

(3) The provisions of RCW 74.46.421 and all other rate-setting principles, cost lids, and limits, including settlement as provided in ~~((RCW 74.46.165))~~ rule shall apply to the AIDS pilot facility.

(4) This section applies only to the AIDS pilot nursing facility.

**Sec. 18.** RCW 74.46.800 and 1998 c 322 s 42 are each amended to read as follows:

(1) The department shall have authority to adopt, amend, and rescind such administrative rules and definitions as it deems necessary to carry out the policies and purposes of this chapter and to resolve issues and develop procedures ~~((that it deems necessary))~~ to implement, update, and improve ~~((the case mix elements of))~~ the nursing facility medicaid payment system.

(2) Nothing in this chapter shall be construed to require the department to adopt or employ any calculations, steps, tests, methodologies, alternate methodologies, indexes, formulas, mathematical or statistical models, concepts, or procedures for medicaid rate setting or payment that are not expressly called for in this chapter.

NEW SECTION. **Sec. 19.** A new section is added to chapter 74.46 RCW to read as follows:

TWENTY NINTH DAY, APRIL 12, 2010

2010 1ST SPECIAL SESSION

The department shall establish, by rule, the procedures, principles, and conditions for the nursing facility medicaid payment system addressed by the following principles:

(1) The department must receive complete, annual reporting of all costs and the financial condition of each contractor, prepared and presented in a standardized manner. The department shall establish, by rule, due dates, requirements for cost report completion, actions required for improperly completed or late cost reports, fines for any statutory or regulatory noncompliance, retention requirements, and public disclosure requirements.

(2) The department shall examine all cost reports to determine whether the information is correct, complete, and reported in compliance with this chapter, department rules and instructions, and generally accepted accounting principles.

(3) Each contractor must establish and maintain, as a service to the resident, a bookkeeping system incorporated into the business records for all resident funds entrusted to the contractor and received by the contractor for the resident. The department shall adopt rules to ensure that resident personal funds handled by the contractor are maintained by each contractor in a manner that is, at a minimum, consistent with federal requirements.

(4) The department shall have the authority to audit resident trust funds and receivables, at its discretion.

(5) Contractors shall provide the department access to the nursing facility, all financial and statistical records, and all working papers that are in support of the cost report, receivables, and resident trust funds.

(6) The department shall establish a settlement process in order to reconcile medicaid resident days to billed days and medicaid payments for the preceding calendar year. The settlement process shall ensure that any savings in the direct care or therapy care component rates be shifted only between direct care and therapy care component rates, and shall not be shifted into any other rate components.

(7) The department shall define and identify allowable and unallowable costs.

(8) A contractor shall bill the department for care provided to medicaid recipients, and the department shall pay a contractor for service rendered under the facility contract and appropriately billed. Billing and payment procedures shall be specified by rule.

(9) The department shall establish the conditions for participation in the nursing facility medicaid payment system.

(10) The department shall establish procedures and a rate setting methodology for a change of ownership.

(11) The department shall establish, consistent with federal requirements for nursing facilities participating in the medicaid program, an appeals or exception procedure that allows individual nursing home providers an opportunity to receive prompt administrative review of payment rates with respect to such issues as the department deems appropriate.

(12) The department shall have authority to adopt, amend, and rescind such administrative rules and definitions as it deems necessary to carry out the policies and purposes of this chapter.

**NEW SECTION. Sec. 20.** A new section is added to chapter 74.46 RCW to read as follows:

The department shall establish, by rule, the procedures, principles, and conditions for a pay-for-performance supplemental payment structure that provides payment add-ons for high performing facilities. To the extent that funds are appropriated for this purpose, the pay-for-performance structure will include a one percent reduction in payments to facilities with exceptionally high direct care staff turnover, and a method by which the funding that is not paid to these facilities is then used to provide a supplemental payment to facilities with lower direct care staff turnover.

**NEW SECTION. Sec. 21.** The following acts or parts of acts are each repealed:

(1) RCW 74.46.030 (Principles of reporting requirements) and 1980 c 177 s 3;

(2) RCW 74.46.040 (Due dates for cost reports) and 1998 c 322 s 3, 1985 c 361 s 4, 1983 1st ex.s. c 67 s 1, & 1980 c 177 s 4;

Senators Keiser and Marr spoke in favor of adoption of the striking amendment.

Senator Pflug spoke against adoption of the striking amendment.

#### POINT OF INQUIRY

Senator Brandland: "Would Senator Eide yield to a question? Senator Eide, is this the last bill?"

Senator Eide: "Yes."

The President declared the question before the Senate to be the adoption of the striking amendment by Senators Keiser and Marr to Substitute Senate Bill No. 6872.

The motion by Senator Keiser carried and the striking amendment was adopted by voice vote.

#### MOTION

There being no objection, the following title amendment was adopted:

On page 1, line 1 of the title, after "payments;" strike the remainder of the title and insert "amending RCW 74.46.010, 74.46.020, 74.46.431, 74.46.433, 74.46.435, 74.46.437, 74.46.439, 74.46.475, 74.46.485, 74.46.496, 74.46.501, 74.46.506, 74.46.508, 74.46.511, 74.46.515, 74.46.521, 74.46.835, and 74.46.800; adding new sections to chapter 74.46 RCW; repealing RCW 74.46.030, 74.46.040, 74.46.050, 74.46.060, 74.46.080, 74.46.090, 74.46.100, 74.46.155, 74.46.165, 74.46.190, 74.46.200, 74.46.220, 74.46.230, 74.46.240, 74.46.250, 74.46.270, 74.46.280, 74.46.290, 74.46.300, 74.46.310, 74.46.320, 74.46.330, 74.46.340, 74.46.350, 74.46.360, 74.46.370, 74.46.380, 74.46.390, 74.46.410, 74.46.445, 74.46.533, 74.46.600, 74.46.610, 74.46.620, 74.46.625, 74.46.630, 74.46.640, 74.46.650, 74.46.660, 74.46.680, 74.46.690, 74.46.700, 74.46.711, 74.46.770, 74.46.780, 74.46.790, 74.46.820, 74.46.900, 74.46.901, 74.46.902, 74.46.905, 74.46.906, and 74.46.433; providing effective dates; and declaring an emergency."

#### MOTION

On motion of Senator Keiser, the rules were suspended, Engrossed Substitute Senate Bill No. 6872 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Senator Keiser spoke in favor of passage of the bill.

#### POINT OF INQUIRY

Senator Roach: "Would Senator Keiser yield to a question? We did have just a, by one of the previous speaker's, a list of some of the groups that had been around the table with you to come to the conclusion to this amendment and now the bill. So, but I didn't specifically hear what nursing home operators and owners had to put in here for input. Do they like it? What's their

BARBARA BAKER, Chief Clerk

thinking? Will they better achieve a reimbursement for Medicaid. What's going on here with that?"

Senator Keiser: "Thank you Senator. We have reached agreement that this approach is fair and equitable approach for all of the different nursing home facilities. No one likes to agree to a cut in funding. This is a cut in funding but it's a lower cut than previous proposals and it's a lower cut than other services are facing. So, all parties including nursing homes represented by the two main associations have agreed to be accepting of this proposed legislation."

Senator Roach: "We have gone back in time several times, the senate has and brought up the Rossi budget where there was a tax on nursing home beds because we were all told that the industry wanted it. This isn't a tax but it seems to be a cut so I want to know that we're not being sold something that they really don't want. That they're put around the table, that they're coerced to agree to and that's what I'd like you to tell us what's going on with this."

Senator Keiser: "I can't speak for them Senator but I do think in good faith they have shaken hands with them and they've agreed to this proposal."

Senators Pflug and Honeyford spoke against passage of the bill.

The President declared the question before the Senate to be the final passage of Engrossed Substitute Senate Bill No. 6872.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 6872 and the bill passed the Senate by the following vote: Yeas, 30; Nays, 14; Absent, 0; Excused, 5.

Voting yea: Senators Berkey, Brandland, Brown, Eide, Fairley, Franklin, Fraser, Gordon, Hargrove, Hatfield, Hobbs, Jacobsen, Kastama, Kauffman, Keiser, Kilmer, Kline, Kohl-Welles, Marr, McAuliffe, McDermott, Murray, Oemig, Prentice, Pridemore, Ranker, Regala, Rockefeller, Shin and Tom

Voting nay: Senators Becker, Benton, Carrell, Haugen, Hewitt, Holmquist, Honeyford, King, Parlette, Pflug, Roach, Schoesler, Sheldon and Swecker

Excused: Senators Delvin, McCaslin, Morton, Stevens and Zarelli

ENGROSSED SUBSTITUTE SENATE BILL NO. 6872, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

Relating to coordinating the weatherization and structural rehabilitation of residential structures.

**Substitute Senate Bill No. 6470**

Relating to the burdens of proof required in dependency matters affecting Indian children.

**Engrossed Substitute Senate Bill No. 6476 (Partial Veto)**

Relating to sex crimes involving minors.

**Substitute Senate Bill No. 6485**

Relating to craft distilleries.

**Engrossed Substitute Senate Bill No. 6538**

Relating to the definition of small groups for insurance purposes.

**Substitute Senate Bill No. 6584**

Relating to monitoring customer complaints and appeals and reporting them to the legislature.

**Substitute Senate Bill No. 6590**

Relating to law enforcement officer conduct.

**Substitute Senate Bill No. 6614**

Relating to clarifying the applicability of business and occupation tax to conservation programs with the Bonneville power administration.

**Engrossed Substitute Senate Bill No. 6726 (Partial Veto)**

Relating to making the governor the public employer of language access providers.

**Substitute Senate Bill No. 6832**

Relating to the implementation of delivery of child welfare services through performance-based contracts by adding a foster youth representative to the child welfare transformation design committee.

**Senate Bill No. 6855**

Relating to exempting community centers from property taxation and imposing leasehold excise taxes on such property.

Sincerely,  
Marty Brown, Legislative Director

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO ON SUBSTITUTE SENATE BILL 6349

March 22, 2010

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 5, Substitute Senate Bill 6349 entitled:

“AN ACT Relating to a farm internship program.”

This bill provides a structure for agricultural education with oversight from the Department of Labor and Industries. Section 5 provides that appropriations made for purposes of this act must be from the state general fund. The Legislature can determine through the appropriation process how to fund this program, and does not require a separate statutory provision to determine how to fund the program. This bill creates the program in the Department of Labor and Industries and therefore appropriations made for purposes of this act should be from the departments funds dedicated to that purpose.

For this reason, I have vetoed Section 5 of Substitute Senate Bill 6349.

With the exception of Section 5, Substitute Senate Bill 6349 is approved.

Respectfully submitted,  
CHRISTINE GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO ON SUBSTITUTE SENATE BILL 6207

March 25, 2010

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 7, Substitute Senate Bill 6207 entitled:

“AN ACT Relating to allowing local governments to create golf cart zones.”

The bill authorizes local jurisdictions to allow the use of golf carts on public roads that have speed limits of 25 miles per hour or less, under certain restrictions. The bill contains some important safety precautions, including requiring local jurisdictions to post signs identifying golf cart zones, and requiring that golf carts have seatbelts and proper lighting. Section 7 would exempt passengers under age 16 from the state’s seatbelt and child restraint requirements. I believe it is important these passenger safety provisions apply to the use of vehicles transporting a child on a public road.

For this reason, I have vetoed Section 7 of Substitute Senate Bill 6207.

With the exception of Section 7 of Substitute Senate Bill 6207 is approved.

Respectfully submitted,  
CHRISTINE GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO ON SENATE BILL 6826

March 25, 2010

The Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2 of Senate Bill 6826.

“AN ACT Relating to subagent service fees.”

This bill authorizes a fee increase to help independent vehicle licensing subagents keep up with the cost of doing business and requires the Department of Licensing to implement a rotation of public and private vehicle service office listings on the Department’s website. For some time now the Department has been working with the Washington Association of Vehicle Subagents to redesign the website listings, so that the lookup function will allow a person to enter his or her zip code and receive a listing of licensing offices in order of proximity to that zip code. The Department has indicated to the Association that they will have this change completed by December 31, 2010. This proximity website feature will better serve the needs of the public and the subagents. Section 2 would not allow implementation of the proximity website feature requested by the subagents and planned by the Department.

For this reason I have vetoed Section 2 of Senate Bill 6826.

With the exception of Section 2, Senate Bill 6826 is approved.

Respectfully submitted,  
CHRISTINE GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO ON ENGROSSED SUBSTITTUE SENATE BILL 6403

March 29, 2010

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Engrossed Substitute Senate Bill 6403 entitled:

“AN ACT Relating to accountability and support for vulnerable students and dropouts, including prevention, intervention, and reengagement.”

Section 1 is an intent section including legislative findings and goals regarding the development of a dropout prevention program to serve vulnerable youth. The intent section could be read to conflict with the substantive description of the type of program to be developed as stated in Section 3. A veto if the intent section eliminates this potential conflict.

For this reason, I have vetoed Section 1 of Engrossed Substitute Senate Bill 6403.

With the exception of Section 1, Engrossed Substitute Senate Bill 6403 is approved.

Respectfully submitted,  
CHRISTINE GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO ON SUBSTITUTE SENATE BILL 6572

March 29, 2010

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, Substitute Senate Bill 6572 entitled:

“AN ACT Relating to eliminating accounts.”

This bill eliminates inactive state funds and accounts to simplify the state accounting process.

Section 2 which amends a reference to the special purpose district research services account is also amended in Engrossed Second Substitute House Bill 2658 eliminating the Municipal Research Council and transferring its duties to the Department of Commerce. A veto of Section 2 eliminates this conflicting double amendment.

For this reason, I have vetoed Section 2 of Substitute Senate Bill 6572.

With the exception of Section 2, Substitute Senate Bill 6572 is approved.

Respectfully submitted,  
CHRISTINE O. GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL 6381

March 30, 2010

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 215(3); 215(5); 221(13); 303(43); 304(15); 401, page 89, lines 18-20, 23-25, and 26-27; and 602 of Engrossed Substitute Senate Bill 6381 entitled:

“AN ACT Relating to transportation funding and appropriations.”

**Section 215(3), page 31, Department of Transportation**

This proviso ties the appropriation contained within this subsection to either the Joint Legislative Audit and Review Committee (JLARC) or the Joint Transportation Committee (JTC) conducting an analysis indentified in Sections 108(4) and 204 of this bill. This action effectively delegates appropriation authority to either the JLARC or the JTC. I believe that this delegation of authority will be remedied in the operating budget. For this reason, I have vetoed Section 215(3).

**Section 215(5), page 32, Department of Transportation**

This proviso requires the Department of Transportation to finalize all pending equal value exchange activities for the construction or improvement of facilities. Thereafter, the Department may not pursue any other equal value exchanges except to replace the Mount Baker headquarters office. Equal value exchanges are important tools that the Department uses to fund high priority facility projects. For this reason, I have vetoed Section 215(5).

**Section 221(13), page 47, Department of Transportation**

This proviso requires the Department of Transportation to implement a pilot program for the remainder of the 2009-11 Biennium to expand the use of high occupancy vehicle lanes, transit-only lanes, and certain park and ride facilities to private transportation providers. The proviso requires transit agencies and other local jurisdictions to have a process to receive applications for the reasonable use of these facilities. If a private transportation provider demonstrates that the transit agency or local jurisdiction failed to consider an application in good faith, the Department may not award any grant funding.

This proviso conflicts with federal regulations due to its broad allowance of the private use of public facilities. The Federal Transit Authority (FTA) requires specific authorization before allowing private transportation uses in federally funded public facilities. In addition, the issuance of grants to local jurisdictions for vanpools, special needs transportation, and other facilities to improve regional mobility should not be based upon the outcome of negotiations between local jurisdictions and private transportation providers.

For these reasons, I have vetoed Section 221(13).

**Section 303(43), page 66, Department of Transportation**

**Section 304(15), page 72, Department of Transportation**

These provisos require that redistributed federal funds received by the Department of Transportation first be applied to offset planned expenditures of state funds, and second to offset planned expenditures of federal funds, on projects identified in the project list in the 2010 supplemental budget. If these options are not feasible, the Department must consult with the Joint Transportation Committee (JTC) prior to obligating redistributed federal funds. If such consultation is not feasible and Washington does not act quickly, we may lose the opportunity to receive redistributed federal funds. However, because input from the Legislature is important, I am directing the Department to consult with JTC members.

For this reason, I have vetoed Section 303(43) and Section 304(15).

**Section 401, page 89, lines 18-20, 23-25, and 26-27, State Treasurer**

This section provides for bond sale discounts and debt to be paid by the motor vehicle account and transportation fund revenue. Technical modeling problems resulted in some erroneous amounts.

For this reason, I have vetoed line 18-20, 23-25, and 26-27 of Section 401.

**Section 602, page 96, Department of Transportation**

This proviso requires that redistributed federal funds received by the Department of Transportation first be applied to offset planned expenditures of state funds, and second to offset planned expenditures of federal funds, on projects identified in the project list in the 2010 supplemental budget. If these options are not feasible, the Department must consult with the Joint Transportation Committee (JTC) prior to obligating redistributed federal funds. For the same reason that I vetoed Section 303(43) and Section 304(15) above, I have vetoed Section 602.

For these reasons, I have vetoed Sections 215(3); 215(5); 221(13); 303(43); 304(15); 401, page 89, lines 18-20, 23-25, 26-27 and 602, Engrossed Substitute Senate Bill 6381.

With the exception of Sections 215(3); 215(5); 221(13); 303(43); 304(15); 401, page 89, lines 18-20, 23-25, 26-27 and 602, Engrossed Substitute Senate Bill 6381 is approved.

Respectfully submitted,  
CHRISTINE GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL 6392

March 30, 2010

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 1 and 3, Engrossed Substitute Senate Bill 6392 entitled:

“AN ACT Relating to the use of revenue generated from tolling the state route number 520 corridor.”

Section 1 outlines legislative intent for the bill. I believe the legislation itself states clearly that improvements throughout the SR 520 corridor need to move forward, with the proper input from appropriate parties. However, Section 1 is vague and susceptible to conflicting interpretations, which I believe could hinder our ability to make progress on a project that is important to public safety and economic vitality.

Section 3 requires that the SR 520 bridge be no higher than 20 feet. I recognize it is important to local communities that the bridge have as low a profile as possible. Decisions regarding the dimensions of a transportation facility must also be based on engineering standards, safety considerations permitting requirements, and state and federal law. Section 3 potentially prevents the Department of Transportation from complying with Coast Guard requirements and eliminates any possibility of adjusting the size of the facility based upon design or permitting needs. As a result, I am vetoing this section and directing the Department to continue to work with neighborhoods and local governments to refine the preferred alternative design.

For these reasons, I have vetoed Sections 1 and 3 of Engrossed Substitute Senate Bill 6392.

With the exception of Sections 1 and 3, Engrossed Substitute Senate Bill 6392 is approved.

Respectfully submitted,  
CHRISTINE GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO ON ENGROSSED SECOND SUBSTITUTE SENATE BILL 6267

April 1, 2010

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 9, 10, 14 and 15, Engrossed Substitute Senate Bill 6267 entitled:

“AN ACT Relating to water right processing improvements.”

This bill provides applicants and the Department of Ecology with tools that can be used, when appropriate, to expedite the processing of water right applications.

Sections 9 and 10 define the original location of a well associated with a water right claim as the area located within a one-quarter mile radius of the current well or wells. The original location of a well is used to determine when a replacement well requires a formal change to the water right.

The specific definitions in Sections 9 and 10 would reduce the Department of Ecology’s flexibility and impair its current discretion to decide when a replacement well warrants formal review and approval. Such flexibility and discretion is needed when the impacts of a replacement well will depend on the circumstances. Sections 14 and 15 provide expiration and effective dates for Sections 9 and 10, respectively.

For these reasons, I have vetoed Section 9, 10, 14 and 15 of Engrossed Second Substitute Senate Bill 6267.

With the exception of Sections 9, 10, 14 and 15 Engrossed Second Substitute Senate Bill 6267 is approved.

Respectfully submitted,  
CHRISTINE GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL 6476

April 1, 2010

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 4 Engrossed Substitute Senate Bill 6476 entitled:

“AN ACT Relating to sex crimes involving minors.”

Section 4 requires the Department of Social and Health Services to provide a report to the relevant policy and fiscal committees of the Legislature by November 1, 2010, regarding the training needed to allow staff of the Children’s Administration and crisis residential centers to work effectively with sexually exploited youth. The report must identify the evidence-based training programs to be used and the cost of such training. This section would be codified in chapter 13.32A RCW.

The Department will make the information available. A statutorily required report is unnecessary.

For these reasons, I have vetoed Section 4 of Engrossed Substitute Senate Bill 6476.

With the exception of Section 4, Engrossed Substitute Senate Bill 6476 is approved.

Respectfully submitted,  
CHRISTINE GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR  
VETO ON SECOND SUBSTITUTE SENATE BILL 6575

April 1, 2010

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Second Substitute Senate Bill 6575 entitled:

“AN ACT Relating to recommendations of the joint legislative task force on the underground economy.”

Second Substitute Senate Bill 6575 is designed to limit the underground construction economy by requiring contractors who fail to register with the Department of Labor and Industries to enroll in a training class in addition to registering with the department. First-time offenders who do so would be eligible for reduced fines. Narrowing the underground economy is a laudable goal, and one that should be pursued with stronger legislation.

Despite its benefits, this bill has one significant negative outcome that cannot be ignored. By creating a dedicated account for revenues from contractor registrations, renewals course fees, and penalties, this bill would reduce net revenues to the state’s general fund by more than \$2 million annually beginning in Fiscal Year 2012. In these difficult economic times, that reduction would have negative impacts greater than the benefits this legislation would provide. I would welcome similar legislation without the creation of a dedicated account. In addition, I am directing the Departments of Revenue, Labor and Industries, and Employment Security to continue interagency coordination of efforts with stakeholders to identify and sanction unregistered contractors.

For these reasons I have vetoed Second Substitute Senate Bill 6575 in its entirety.

Respectfully submitted,  
CHRISTINE GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL 6726

April 1, 2010

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Engrossed Substitute Senate Bill 6726 entitled:

“AN ACT Relating to making the governor the public employer of language access providers.”

This bill provides for collective bargaining between the Governor and language access providers. Section 1 creates a new workgroup, directed by the Office of Financial Management, charged with developing a plan to improve the efficiency and effectiveness for interpreter service delivery for the Department of Social and Health Services. The Office of Financial Management is to report the findings of the workgroup to the Legislature no later than September 30, 2010.

Collective bargaining for language access providers working with the Department of Social and Health Services does not require a legislatively mandated workgroup to make recommendations on improvements to the delivery of services. I am directing the Office of Financial Management and the Department of Social and Health Services to conduct an internal review resulting in recommendations to improve administrative efficiency and effectiveness of language access services and, as part of the review, to seek input from the appropriate stakeholders.

For these reasons I have vetoed Section 1 of Engrossed Substitute Senate Bill 6726.

With the exception of Section 1 Engrossed Substitute Senate Bill 6726 is approved.

Respectfully submitted,  
CHRISTINE GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR  
VETO ON SUBSTITUTE SENATE BILL 6343

April 2, 2010

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill 6343 entitled:

“AN ACT Relating to the establishment of the Washington Food policy forum.”

Improved coordination of efforts relating to our state food policy is needed. However, this bill identifies goals that overlap with existing state agency activities. This redundancy will lead to spending time and financial resources on issues already addressed by existing agency programs. In addition, this bill establishes a forum consisting of 25 representatives and charges the forum with addressing a broad range of food system goals over the next five years. Experience teaches that the large size of the forum combined with a broad range of issues diminishes the prospects for success.

While I have vetoed this bill, I am committed to a more focused examination of state food policy, food-related programs, and food-related issues. I intend to issue an executive order directing the Departments of Health, Agriculture, and Social and Health Services, along with a request to the Conservation Commission and the Office of Superintendent of Public Instruction, to work collaboratively with other agencies and non-governmental organizations, to:

- a. Pursue federal and other grant source funds to identify gaps and opportunities to address food security, nutrition, and health of Washington citizens;
- b. Explore ways to promote nutrition, especially for those who are most in need;
- c. Help educate the public and policy makers on the status of hunger in Washington State, and the role they play in addressing issues of food security, nutrition and health; and
- d. Collaborate and coordinate with private, public and governmental organizations to support realistic solutions to improving food security, nutrition and health for all Washingtonians; and,
- e. Help educate the public and policy makers on the importance of farmland preservation and the importance of promoting Washington-grown products to farmers; markets, food banks, and institutions.

For these reasons I have vetoed Substitute Senate Bill 6343 in its entirety.

Respectfully submitted,  
CHRISTINE GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO ON ENGROSSED SECOND SUBSTITUTION SENATE BILL NO. 6409

April 23, 2010

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 7, Engrossed Second Substitute Senate Bill No. 6409 entitled:

“AN ACT Relating to creating the Washington opportunity pathways account.”

This bill creates the Washington Opportunity Pathways Account and directs that beginning in Fiscal Year 2011 net revenues from in-state lottery games that are not otherwise dedicated will be placed in this new account.

Section 7 of this bill requires costly consultation and studies of areas of lottery operations that already receive significant oversight. The section directs the Joint Legislative Audit and Review Committee (JLARC) to study the marketing and vendor expenditures and incentive payment programs of the Commission by November 1, 2010. The estimated costs of the studies are not funded in the budget. In addition, the Executive Committee of JLARC has requested this section be vetoed and that the study take place next biennium. I agree with the need for the study and request the committee to include it in their future planning.

For these reasons I have vetoed Section 7 of Engrossed Second Substitute Senate Bill No. 6409.

With the exception of Section 7 of Engrossed Second Substitute Senate Bill No. 6409 is approved.

Respectfully submitted,  
CHRISTINE GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL 6503

April 27, 2010

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, Engrossed Substitute Senate Bill No. 6503 entitled:

“AN ACT Relating to the operations of state agencies.”

This bill directs state agencies to achieve reductions in employee compensation costs. Section 2 of this bill would require additional compensation reductions of \$10 million General Fund State from Washington Management Service and exempt manager, who comprise less than five percent of state employees. A cut of this size, over such a small base, is too large to be practical. For example, it would take nearly two weeks of temporary layoff – over and above the ten days of layoff due to agency closures included in this bill – to reach this level of compensation reduction.

Managers will be subject to the temporary layoffs in proportion to all staff. Imposing this added reduction would interfere with recruiting and retaining qualified and experienced workers. It would likely cause salary inversion, making it particularly hard to promote senior state employees with technical skills into management jobs.

For these reasons I have vetoed Section 2 of Engrossed Substitute Senate Bill No. 6503.

With the exception of Section 2 of Engrossed Substitute Senate Bill No. 6503 is approved.

Respectfully submitted,  
CHRISTINE GREGOIRE, Governor

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 6444

May 4, 2010

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 109; 117, page 17, lines 10-11; 127(27); 127(28); 127(31); 127(36); 127(38); 127(39); 129, page 35, lines 19-20; 129(3); 129(6); 131(2); 201(7); 204(3)(f); 205(1)(m); 205(1)(n); 205(1)(o); 205(1)(p); 205(1) (r); 205(1)(s); 206(20); 206(21); 207(2); 207(11); 209(14); 209(35); 209(38); 209(39); 209(40); 209(41); 209(42); 209(47); 212(6); 212(7); 214(7); 214(8); 221(21); 221(28); 223(2)(h); 303(3); 303(4);

304(4); 306(2); 308(15); 501(1)(b); 501(1)(f)(iv); 604(7); 605(5); 708; 717; 803, page 281, line 38, and page 282, lines 1-11; 803, page 283, lines 20-22; 803, page 283, lines 23-27; 803, page 285, lines 28-31; 902; 908; 920; 926; 937; and 939, Engrossed Substitute Senate Bill No.6444 entitled:

“AN ACT Relating to fiscal matters.”

I am vetoing the following appropriation items because of concerns with policy or technical issues relating to the legislative provisions:

**Section 109, page 10, Supreme Court, Change to Fiscal Year 2011 General Fund-State Appropriation**

The reduced appropriation to the Supreme Court in this section will impede the Court’s capacity to hear cases in a timely manner. The Court will work with the Legislature to implement budget reductions in the 2011 Supplemental Budget; therefore, I have vetoed Section 109.

**Section 117, page 17, lines 10-11, Lieutenant Governor, Reduction to Private/Local Appropriation**

The \$2,000 reduction in the existing private/local fund appropriation would require the agency to turn away grant funds from a local school district. For this reason, I have vetoed Section 117, lines 10-11.

**Section 127(27), page 30, Department of Commerce, Microenterprise Development Organizations**

This proviso prohibits the Department of Commerce from reducing the funding for microenterprise development organizations by more than ten percent this biennium. This restriction limits the agency’s ability to manage necessary budget reductions. For this reason, I have vetoed Section 127(27).

**Section 127(28), pages 30-31, Department of Commerce, Workgroup to Study Gaps in State Commercialization Programs**

This proviso requires the Department of Commerce to convene a work group to study the gaps and overlaps in programs that commercialize research and technology initiatives. This group must prepare a report to the Legislature no later than December 1, 2010, that identifies any gaps and overlaps, evaluates strategies to reduce administrative expenses, and recommends changes that would amplify and accelerate innovation-driver job creation in the state. No funding was provided for the review and study. For this reason, I have vetoed Section 127(28). However, I am directing the Department of Commerce to conduct as much of a review as is possible within its existing resources because I believe the information required by the proviso will be useful.

**Section 127(31), pages 31-32, Department of Commerce, Separate Budget Request for the Economic Development Commission**

This proviso requires the Economic Development Commission, currently funded through the Department of Commerce, to develop a separate budget request and work plan. It also creates an account for the receipt of gifts, donations, sponsorships, or contributions from which only the Commission or its designee may authorize expenditures. Because the Economic Development Commission is part of the Department of Commerce, its budget and work plan is and should remain part of the Department’s budget requests. In addition, it is inappropriate to establish an account in an appropriations bill. For these reasons, I have vetoed Section 127(31).

**Section 127(36), page 34, Department of Commerce, New Account for Washington Technology Center**

This proviso creates the Investing in Innovation Account to be used only by the Washington Technology Center in carrying out the Investing in Innovation Grants Program and other innovation and commercialization activities. Since the Center is a non-profit organization, not a public agency, it cannot administer a state account. In addition, it is inappropriate to establish an account in an appropriations bill. For these reasons, I have vetoed Section 127(36).

**Section 127(38), page 34, Department of Commerce, Washington State Quality Award Training for Small Manufacturers and Other Businesses**

This subsection provides \$50,000 in General Fund-State funding for Washington State Quality Award Council training for small manufacturers and other businesses/organizations engaged in continuous quality improvement, performance measurements, strategic planning, and other approaches that enhance productivity. The state’s current and projected fiscal environment necessitates spending on only the most essential state programs and activities, and spending \$50,000 on this activity will provide minimal benefit to Washington’s small businesses. For this reason, I have vetoed Section 127(38).

**Section 127(39), page 34, Department of Commerce, Appropriation to Manufacturing Innovation and Modernization Account**

This subsection provides \$50,000 in General Fund-State funding for deposit into the Manufacturing Innovation and Modernization Account, which provides vouchers to small manufacturers to purchase consulting services from a qualified manufacturing extension partner affiliate. To date, no small manufacturers have taken advantage of this

program, and approximately \$150,000 remains in the account. Given the state's current and projected fiscal environment and the lack of demand for these services, an additional deposit of funds into this account does not seem warranted. For this reason, I have vetoed Section 127(39).

**Section 129, page 35, lines 19-20, Office of Financial Management, Change to Fiscal Year 2011 General Fund-State Appropriation**

The reduction to the Fiscal Year 2011 appropriation is vetoed in order to retain sufficient funds to conduct two critical budget-related studies; and independent assessment of placements in residential habilitation centers in Section 129(6) and an analysis and strategic business plan for the Consolidated State Data Center and Office in section 129(7). Insufficient funds were provided to prepare a valuable study, and no new funds were provided for the Date Center study. The agency will still implement all administrative reductions assumed in the budget as passed, and the additional spending authority will be used to accomplish the new work assigned to the agency. For these reasons, I have vetoed Section 129, line 19-20.

**Section 129(3), pages 36-37, Office of Financial Management, Washington State Quality Award Training**

This subsection provides \$25,000 in General Fund-State funding for the Office of Financial Management to contract with the Washington State Quality Award Program to provide training for state managers and employees. The state's current and projected fiscal environment necessitates spending on only the most essential requirements. For this reason, I have vetoed Section 129(3).

**Section 129(6), page 38, Office of Financial Management**

The \$200,000 appropriation for this study is divided between two fiscal years so the Office of Financial Management will not be able to use half of the money, making it impossible to satisfactorily complete the review as envisioned. Therefore, I am vetoing section 129(6). In order to assess the status of people who currently live in residential habilitation centers, I am directing the Department of Social and Health Services to conduct assessments in a similar manner as is done for people in community residential programs. The assessments shall include interviews with all residential habilitation center residents or guardians of residents to determine the optimum setting for these individuals and shall include the option and choice to remain in a residential habilitation center. The Office of Financial Management shall contract with an independent consultant to review the assessments and determine whether there are funded options available in the community for residential habilitation center residents who indicate an interest in moving to a community placement and whether appropriate services and resources in the community exist or can be developed to provide adequate care for people with developmental disabilities. The consultant shall provide a report to me and the Legislature by December 1, 2010. For these reasons, I have vetoed Section 129(6).

**Section 131(2), page 40, Department of Personnel, Employee Satisfaction Synopsis and Workforce Management Assessment**

This proviso requires the Department of Personnel to provide a synopsis of survey data regarding state employee satisfaction and an assessment of career and executive work force management concerns. There is a technical problem with an incorrect reference to Section 119(4) instead of Section 123(4). For this reason, I am vetoing Section 131(2), but directing the Department to comply with the intent of the proviso to the degree possible within existing resources.

**Section 201(7), page 58-59, Department of Social and Health Services, Audit and Oversight Improvement**

This proviso requires multiple changes to the Department's audit and oversight programs. This requirement would create a significant administrative burden, and no funding was provided for this purpose. For this reason, I have vetoed Section 201(7).

**Section 204(3)(f), pages 81-82, Department of Social and Health Services, Report on Mental Health Services for Children**

The Department of Social and Health Services is directed to provide a report on improving services for children who are at greatest risk of requiring long-term inpatient and residential care due to the severity of their emotional impairments. The proviso requires the Family Policy Council to prepare an inventory of current publicly funded efforts in Washington to identify children at risk of emotional impairments and to provide intervention before a mental disorder manifests itself. In light of national health care reform and the state's efforts to reorganize in response, requiring that a report be prepared by October 1, 2010, will not give the Department sufficient time to respond to health care reform, formulate a redesigned plan to address children's mental health, and work with the federal government. As the Department is currently involved in litigation regarding children's mental health, and because I believe that all aspects of the public children's mental health system need to be evaluated in light of national health care reform and because a deadline of October 1 does not provide sufficient time to respond, I have vetoed Section 204(3)(f).

**Section 205(1)(m), page 88, Department of Social and Health Services, County Employment Funding**

This proviso prohibits the Department of Social and Health Services from reducing expenditures for contracts with counties for employment assistance for people with developmental disabilities. This restriction limits the Department's ability to manage necessary budget reductions. Therefore, I have vetoed Section 205(1)(m).

**Section 205(1)(n), page 88, Department of Social and Health Services Developmental Disabilities Program, Agency Provider Savings and Hourly Rates**

The Department of Social and Health Services is directed to report on the fiscal impact of Chapter 571, Laws of 2009 (Substitute House Bill 2361) and the relative hourly costs of agency providers and individual providers. However, no funding is provided for this purpose. Therefore, I have vetoed Section 205(1)(n).

**Section 205(1)(o), pages 88-89, Department of Social and Health Services Developmental Disabilities Program, Workgroup on Administrative Burdens for the Homecare Industry**

The Department of Social and Health Services is directed to convene a new work group to address administrative burdens on the homecare industry and to report on its findings. However, no funding is provided. Therefore, I have vetoed Section 205(1)(o).

**Section 205(1)(p), page 89, Department of Social and Health Services, Report on Placements for Residential Clients**

This proviso requires a quarterly report on all placements for residential clients in the community protection and expanded community programs in the Division of Developmental Disabilities. Because of the cost involved, I have vetoed Section 205(1)(p) and am directing the Department of Social and Health Services to continue providing the quarterly reports which cover only new residential clients added to the programs in the current biennium.

**Section 205(1)(r), page 89, Department of Social and Health Services, Self-Advocate Support**

This proviso directs the Department of Social and Health Services to spend an additional \$100,000 to provide instruction in self-advocacy to families of individuals with developmental disabilities. In these difficult economic times, it is not prudent to expand services. For this reason, I have vetoed Section 205(1)(r).

**Section 205(1)(s), pages 89-90, Department of Social and Health Services, Community Support**

The Department of Social and Health Services is directed to spend an additional \$100,000 for parent-to-parent networks and community support groups for people with developmental disabilities. In a time when we are reducing other valuable core services of state government, we cannot afford to expand these services. For this reason, I have vetoed Section 205(1)(s).

**Section 206(20), page 97, Department of Social and Health Services Aging and Adult Services Program, Agency Provider Savings and Hourly Rates**

The Department of Social and Health Services is directed to report on the fiscal impact of Chapter 571, Laws of 2009 (Substitute House Bill No. 2361) and the relative hourly costs of agency providers and individual providers. However, no funding is provided. Therefore, I have vetoed Section (206)(20).

**Section 206(21), pages 97-98, Department of Social and Health Services Aging and Adult Services Program, Workgroup on Administrative Burdens for the Homecare Industry**

The Department of Social and Health Services is directed to convene a new work group to address administrative burdens for the homecare industry and to report on its findings. However, no funding is provided. Therefore, I have vetoed Section 206(21).

**Section 207(2), pages 101-102 Department of Social and Health Services, Subcabinet Report on WorkFirst**

This proviso directs the WorkFirst Subcabinet and Department of Social and Health Services to report on services provided and accessed by both general population clients and limited English proficiency clients. No funding is provided for this report. Therefore, I have vetoed Section 207(2).

**Section 207(11), page 106, Department of Social and Health Services, Limited English Proficiency Services**

This proviso reinstates a portion of the reduction taken in the 2009-11 enacted budget for limited English proficiency services. Given the budget context, it is not appropriate to restore this reduction. Therefore, I have vetoed Section 207(11).

**Section 209(14), page 112-113, Department of Social and Health Services, Disability Lifeline Report on Transition from Fee-for-Service to Managed Care**

This revised proviso requires the Department of Social and Health Services to report to the Legislature by November 1, 2010, on the impact of moving Lifeline medical clients from fee-for-service to managed care, and expands the outcomes to be included in the evaluation currently required. Since there is a lengthy lag period between when services

are received by a client and when they are paid for by the state, there will not be sufficient data to report. For this reason, I have vetoed Section 209(14).

**Section 209(35), page 117, Department of Social and Health Services, Medication Therapy Management**

This proviso requires the Department of Social and Health Services to enter into a contract for medication therapy management services only if the contractor guarantees the program will generate savings. While there may be merit in this concept, no additional administrative resources were provided for implementation. For this reason, I have vetoed Section 209(35).

**Section 209(38), page 117, Department of Social and Health Services, Lowest Cost Prescription Drug Option**

This proviso requires the Department of Social and Health Services to purchase a brand-name drug if the drug, after rebates and discounts, is the lowest-cost drug option. The Department has made good progress in reducing the growth in drug costs for state-purchased health care. This has been done through establishing a preferred drug list and emphasizing generic substitutes when appropriate. The Department will continue to purchase the lowest-cost drugs possible. However, there are challenges with implementing this requirement as written. In addition, no funding has been provided for this report. For these reasons, I have vetoed Section 209(38).

**Section 209(39), page 117, Department of Social and Health Services, Report on new Prescription Drug Benchmark**

The Department of Social and Health Services is required to report to the Legislature concerning the establishment of a new benchmark for prescription drugs to replace the Average Wholesale Price. No funding has been provided for this report. For this reason, I have vetoed Section 209(39).

**Section 209(40), page 117, Department of Social and Health Services, School-based Medicaid Services**

The proviso declares that sufficient funding is provided in the Appropriations Act to fund medical services provided to Medicaid clients in a school setting. This proviso restricts the agency's ability to limit services in this area should be budget situation demand it. For this reason, I have vetoed Section 209(40).

**Section 209(41), page 118, Department of Social and Health Services, Pursuing and Reporting Drug Pricing Opportunities**

The Department of Social and Health Services is required to report on the opportunities available to the state through the federal 340B drug pricing program. This program provides certain federally supported program discounts on prescription drugs used for outpatient services. No, funding was provided for this report. For this reason, I have vetoed Section 209(41).

**Section 209(42), page 118, Department of Social and Health Services, Transition Plan to Move Fee-for-Service to Managed Care**

The Department of Social and Health Services is required to develop a transition plan for the state's aged, blind, and disabled clients to move from a fee-for-service medical delivery system to a managed care delivery system. Since no funding was provided for this transition plan, I have vetoed Section 209(42). However, I am directing the Secretary of the Department of Social and Health Services and Administrator of the Health Care Authority to continue to assess the feasibility and cost effectiveness of moving from fee-for-service to managed care plans.

**Section 209(47), pages 118-119, Department of Social and Health Services, Establishing Rates to Apple Health Managed Care**

This proviso establishes the method by which premiums for the Apple Health Program will be established for rates set after July 1, 2010. As we move to implement national health care reform, it will be imperative that we retain as much flexibility as possible to control the cost of purchasing health care. As written, the proviso limits the Department of Social and Health Service's ability to adjust premiums to reflect the actual cost of providing health care within individual plans. For this reason, I have vetoed Section 209(47).

**Section 212(6), page 121, Department of Social and Health Services, Governor's Juvenile Justice Advisory Committee**

This proviso limits any budget cuts to the Governor's Juvenile Justice Advisory Committee. In this budget environment, state government should not be restricted from any possible avenues to reduce spending. Therefore, I have vetoed Section 212(6).

**Section 212(7), pages 121-122, Department of Social and Health Services, Autism Health Coverage Study**

The Department of Social and Health Services is directed to report, in collaboration with the Health Care Authority, on the fiscal impact of state-purchased health care to cover autism spectrum disorder diagnosis and treatment for individuals younger than 21 years. This is not the time to engage in new studies to assess the expansion of state-paid services, no matter how worthy. Therefore, I have vetoed Section 212(7).

**Section 214(7), pages 124-125, Health Care Authority, Continuum of Care Pilot Project**

This proviso directs the Health Care Authority to establish two pilot projects for low-income adults who are waiting for health care coverage from the Basic Health Plan. We are in the earliest stages of implementing national health care reform. At the same time, we struggle to maintain the state safety net in very difficult budget times. I need the Health Care Authority to focus on these two tasks. For this reason, I have vetoed Section 214(7).

**Section 214(8), page 125, Health Care Authority, Nonsubsidized Basic Health Plan**

The proviso directs the Health Care Authority, should it offer Basic Health Plan coverage to non-subsidized clients, to provide information concerning other health care coverage options. This requirement creates an unfunded administrative burden. It also duplicates the provision of such information currently available from the Office of the Insurance Commissioner. For this reason, I have vetoed Section 214(8).

**Section 221(21), page 140, Department of Health, Funding for Nursing Commission Programs Related to Discipline, Impaired Practitioners and Expedited Credentials**

This proviso, in combination with Section 926, reduces the library access surcharge applied to certification fees for nursing professionals. The surcharge, which all health professions pay, is used to provide access to health care literature through the University of Washington. This critical resource allows providers the opportunity to learn of best practices used in their professions and furthers the ongoing education of all health care professionals. While I support the purposes for which this funding would have been diverted, this funding source should continue to be dedicated to advancing the use of evidence-based health care practices in Washington. For this reason, I have vetoed Section 221(21).

**Section 221(28), page 141, Department of Health, Tobacco Cessation Program Reductions**

This proviso requires ten percent of every tobacco cessation program contract be directed for addressing minority populations. This proviso is unnecessary because the Tobacco Cessation Program in the aggregate spends eighteen percent of its resources to serve these target populations. Therefore, I have vetoed Section 221(28).

**Section 223(2)(h), pages 144-145, Department of Corrections, Report on Earned Release Date**

This proviso directs the Department of Corrections to submit a report by June 1, 2010, addressing issues related to the release of offenders on the earned release date. This task cannot be completed in the short timeframe specified in the proviso. Therefore, I have vetoed Section 223(2)(h) and am directing the Department to submit its report to the Office of Financial Management and legislative fiscal committees by August 1, 2010. The Department will use this report to identify strategies to reduce the recent increase in the number of offenders held beyond their earned release dates, while maintaining public safety as a priority.

**Section 303(3), pages 160-161, State Parks and Recreation Commission, Park Closure Language**

Current budget language is revised to eliminate the provision that state parks may be closed if donation revenue is insufficient for ongoing operations. While this change does not appear to create an absolute prohibition on the closure of state parks, the revised language may create that impression. This would severely limit the agency's ability to manage state parks in the event that revenues drop below appropriated levels. For this reason, I have vetoed Section 303(3).

**Section 303(4), page 161, State Parks and Recreation Commission, Restriction Closure of Tolmie State Park**

This proviso prohibits the State Parks and Recreation Commission from closing Tolmie State Park. I have encouraged the Commission to continue pursuing the transfer of certain state parks in the event that revenues decrease to manage the statewide parks system within budget. The Commission needs to retain this flexibility. For these reasons, I have vetoed Section 303(4).

**Section 304(4), page 162, Recreation and Conservation Funding Board, Extension of the Biodiversity Council**

This proviso extends the Biodiversity Council for one year, through the end of Fiscal Year 2011. While I strongly support the work of the Biodiversity Council, I am asking the Natural Resources Cabinet to absorb the Council's oversight role. As we undergo the process of natural resources reform, the Natural Resources Cabinet will assume many leadership roles previously performed by other entities. For these reasons, I have vetoed Section 304(4).

**Section 306(2), page 163, State Conservation Commission, Infrastructure Improvements Related to Wildlife Habitat**

This proviso dedicates \$38,000 of the General Fund-State for improving infrastructure on state-owned lands in Kittitas County. While habitat improvements are an important step in managing the balance between wildlife conservation and grazing rights, funding for this endeavor can be pursued via other means, including State Conservation Commission grants, local conservation district funding, and private sources. The state's current and projected fiscal environment necessitates spending on essential services and programs. For these reason, I have vetoed Section 306(2).

**Section 308(15), page 173, Department of Natural Resources, Excluding Shellfish Growers from the Department's Aquatic Habitat Conservation Plan**

This proviso requires the Department of Natural Resources to exclude shellfish growers from its aquatic Habitat Conservation Plan if those growers have been issued a federal nationwide or individual permit. The Department and the shellfish industry have signed a Memorandum of Understanding which requires the Department and shellfish growers to finalize an agreement on shellfish aquaculture activities before the aquatic Habitat Conservation Plan is finalized. Because this is a collaborative effort, it would be inappropriate for the proviso to place restrictions on the unfinished product. For this reason, I have vetoed Section 308(15).

**Section 501(1)(b), pages 182-183, Office of the Superintendent of Public Instruction, School District Reorganization Commission**

This proviso creates a statewide commission on school district reorganization. I want school districts to focus their maximum attention on the immediate priorities of improving student learning and successfully implementing the next phase of education reforms. The charge to the Commission created in this proviso is very broad, and funding provided to the Office of the Superintendent of Public Instruction is insufficient to achieve the mandates of the proviso. For these reasons, I have vetoed Section 501(1)(b). The Joint Legislative Audit and Review Committee is conducting a study of the relationship between the cost of school districts and their enrollment size. Upon completion of its report, I encourage the Legislature and the Office of the Superintendent to explore opportunities for a focused review of school district organization.

**Section 501(1)(f)(iv), page 185, Office of the Superintendent of Public Instruction, Exempting the Professional Educator Standards Board from Expenditure Restrictions**

This section exempts the Professional Educator Standards Board from the restrictions on travel allowances and meeting costs that apply to other boards and commissions under Chapter 7, Laws of 2010, First Extraordinary Session (Engrossed Second Substitute House Bill No. 2617). This law allows agencies to seek exceptions to the travel and meeting restrictions for critically necessary work. To maintain consistency in the application of these restrictions among state boards and commissions, I have vetoed Section 501(1)(f)(iv).

**Section 604(7), pages 243-244, University of Washington, Telecommunications Report**

This subsection provides \$183,000 to the Technology Law and Public Policy Center at the University of Washington School of Law to prepare a report analyzing trends in the telecommunications industry and pathways for telecommunications reform. This work overlaps with the functions of the state Utilities and Transportation Commission. This expenditure does not meet the highest priorities of state government at this time. therefore I have vetoed Section 604(7).

**Section 605(5), page 246, Washington State University, Business and Entrepreneurial Development Program Plan**

This subsection provides \$100,000 to the Small Business Development Center at Washington State University to develop a state plan for coordination of small business and entrepreneurial development programs. Expenditure of funds on this effort does not meet the highest priorities of state government at this time. Therefore I have vetoed Section 605(5).

**Section 708, pages 270-271, Washington Management Service and Exempt Management Services Reductions**

This section ties to Section 2 of Engrossed Senate Bill No. 6503, which I have vetoed. The budget proviso assumes additional compensation reductions of \$10 million in General Fund-State funding from Washington Management Service and exempt managers, who comprise less than five percent of state employees. This cut would require that specified staff take nearly two weeks of temporary layoff time beyond the ten days included in ESB 6503. This inequity is likely to create problems in recruiting and retaining qualified and experienced workers, as well as be disruptive to normal state operations. Managers will be subject to temporary layoffs in the same proportion as all affected state employees. For these reasons, I have vetoed Section 708.

**Section 717, pages 276-278, Agency Reallocation and Realignment of Washington Commission**

Section 717 creates the Agency Reallocation and Realignment of Washington Commission. Its responsibilities would include examining current state operations and organization, and making proposals to reduce expenditures and to eliminate duplication and overlapping services. The sum of \$250,000 in General Fund-State dollars is provided for this purpose. While I strongly support these goals, there are programs that address the same concerns, most notably the Joint Legislative Audit and Review Committee, the Office of the State Auditor's performance audit program, the Governor's Government Management, Accountability, and Performance program, and the Office of Financial Management's Priorities of Government budget development process. I hope to have further discussions with legislative leadership to identify ways to address these issues within existing structures and resources. For these reasons, I have vetoed Section 717.

**Section 803, page 281, line 38, and page 282, lines 1-11, Transfers from the Tobacco Settlement Account to the General Fund and the Life Sciences Discovery Fund**

This transfer decreases funding for critical life sciences research by \$16.2 million, representing a 76 percent biennial reduction when coupled with the \$26 million reduction to the fund in the enacted 2009-11 biennial budget. In order to implement this level of reduction, the Life Sciences Discovery Authority would have to discontinue any future state grants for critical life sciences research. Funding at the current level is vital to accomplishing the state's Life Sciences Research and Development goal of tripling the State's life sciences research base and creating more than 20,000 new jobs. For this reason, I have vetoed Section 803, page 281, line 38, and page 282, lines 1 through 11.

**Section 803, page 283, lines 20-22, Transfer from the Budget Stabilization Account to the General Fund**

The transfers required by this budget appropriation were intended to take place if the Budget Stabilization Account transfers in House Bill 3197 did not occur. Since that measure passed and has been signed into law, the transfer is void. For this reason, I have vetoed Section 803, page 283, lines 20-22.

**Section 803, page 283, lines 23-27, Transfer from the Liquor Revolving Account to the General Fund**

This transfer is associated with a provision in Section 939 that allows restaurants and bars an exemption from paying a price increase on spirits. Since I have vetoed Section 939, I am also vetoing Section 803, page 283, lines 23-27.

**Section 803, page 285, lines 28-31, Transfer from the Insurance Regulatory Account to the General Fund**

This appropriation implements the transfer of \$10 million from the Insurance Commissioner's Regulatory Account to the General Fund-State authorized in Section 937. This transfer would place the Insurance Commissioner's Regulatory Account into a cash deficit position beginning in Fiscal Year 2011. For this reason, I have vetoed Section 803, page 285, lines 28-31.

**Section 902, pages 289-290, Agency Staffing Report**

The agency staffing report required by Section 902 adds another layer of complexity to the data already required to be reported through allotment and accounting systems. The addition of monthly job class information adds immensely to agency workloads with seemingly minimal benefit. I am directing the Office of Financial Management to work with legislative fiscal staff to identify alternative reporting formats that can be useful without creating an unacceptable workload burden. For these reasons, I have vetoed Section 902.

**Section 908, page 294, Electronic Renewal Notices**

This proviso mandates that every state agency make all of its renewals electronic by July 1, 2012. While I support the customer convenience and potential cost savings from doing business by electronic means, we must first assess the question of whether agencies have the staffing and fiscal resources to accomplish this task. I will encourage all agencies to pursue electronic renewal options within their current budgets and to identify obstacles for possible consideration in the new biennial budget. For these reasons, I have vetoed Section 908.

**Section 920, pages 301-302, Washington State Quality Awards**

Section 920 accelerates the date by which agencies must apply to the Washington State quality Awards program. It also limits that requirement for agencies that have more than 300 full-time equivalent employees. A great deal of time and effort is required for a well-executed Washington State Quality Award application. The new date of June 30, 2010, is too short a timeframe, especially for large agencies that may have to submit multiple applications. For these reasons, I am vetoing Section 920, pages 301-302.

**Section 926, pages 306-307, Use of Surcharge for Nursing Professional Credentials**

Because I have vetoed the program enhancement (Section 221(21) supported by this funding, I am also vetoing Section 926, which authorizes the specific use of a portion of the existing surcharge on credential fees.

**Section 937, pages 318-320, Authority for Transfer from the Insurance Regulatory Account to the General Fund**

Section 937 amends RCW 48.02.190 and Section 1, Chapter 161, Laws of 2009, defining eligible uses of funds in the Insurance Commissioner's Regulatory Account, by permitting a current biennium transfer of excess fund balance to the General Fund-State. Since I have vetoed the transfer in Section 803, I am also vetoing the authorization in Section 937.

**Section 939, pages 323-324, Exemption for Restaurants and Bars from Temporary Mark-up on Spirits**

Section 939 exempts restaurants and bars from paying any price increase made by the Washington State Liquor Control Board during the 2009-11 Biennium if that increase relates to General Fund-State transfers or additional liquor profit distributions. Exempting restaurants and bars would reduce budgeted revenue assumptions by \$11 million. Of this amount, \$5.5 million directly affects the General Fun-State and its programs. The remaining shortfall could necessitate an increase in the price consumers pay at liquor stores. Restaurant and bars already receive discounts in price and tax

exemptions and it is inappropriate to provide additional discounts at the expense of state programs. For this reason, I have vetoed Section 939.

For these reasons, I have vetoed Sections 109; 117, page 17, lines 10-11; 127(27); 127(28); 127(31); 127(36); 127(38); 127(39); 129, page 35, lines 19-20; 129(3); 129(6); 131(2); 201(7); 204(3)(f); 205(1)(m); 205(1)(n); 205(1)(o); 205(1)(p); 205(1) ®; 205(1)(s); 206(20); 206(21); 207(2); 207(11); 209(14); 209(35); 209(38); 209(39); 209(40); 209(41); 209(42); 209(47); 212(6); 212(7); 214(7); 214(8); 221(21); 221(28); 223(2)(h); 303(3); 303(4); 304(4); 306(2); 308(15); 501(1)(b); 501(1)(f)(iv); 604(7); 605(5); 708; 717; 803, page 281, line 38, and page 282, lines 1-11; 803, page 283, lines 20-22; 803, page 283, lines 23-27; 803, page 285, lines 28-31; 902; 908; 920; 926; 937; and 939 of Engrossed Substitute Senate Bill No.6444.

MESSAGE FROM THE GOVERNOR  
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 6872

May 4, 2010

To the Honorable President and Members,  
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 6, Engrossed Substitute Senate Bill No. 6872 entitled:

“AN ACT Relating to Medicaid nursing facility payments.”

This bill makes several changes to the nursing facility rate statute.

Section 6 of this bill would reduce the financing allowance from 10 percent to 4 percent for assets purchased prior to May 17, 1999 and from 8.5 percent to 4 percent for assets purchased on or after May 17, 1999. These retroactive reductions in return on investments would apply to owners the state previously had urged to upgrade their facilities. Such changes could make additional needed investments unlikely.

For these reasons I have vetoed Section 6 of Engrossed Substitute Senate Bill No. 6872.

With the exception of Section 6, Engrossed Substitute Senate Bill No. 6872 is approved.

Respectfully submitted,  
CHRISTINE O. GREGOIRE, Governor

**HISTORY OF GOVERNOR'S PARDONS AND COMMUTATIONS****MESSAGE FROM THE GOVERNOR**

June 23, 2010

To the Honorable, the Senate  
Of the State of Washington

Ladies and Gentlemen:

In compliance with the provisions of Article III, Section 11, of the Constitution of the State of Washington, the Governor hereby submits her report of each case of reprieve, commutation or pardon that she has granted since her last report submitted on June 9, 2009, copies of which are attached.

Sincerely,  
Narda Pierce  
General Counsel

**FULL AND UNCONDITIONAL PARDON  
OF  
LINDA M. HOFER**

**To All to Whom These Presents Shall Come, Greetings:**

WHEREAS, in 1998 Joshua McAdams and Mitko Tanev were sailors stationed on the USS Kitty Hawk. Mr. McAdams and Mr. Tanev were visiting a nightclub in Seattle when they were approached by Linda Fromm (who later became known as Linda Hofer), age 19, and a juvenile co-defendant. Both women danced with Mr. McAdams and Mr. Tanev. At least one person saw Ms. Hofer stick her hand into the sailors' pockets. After a few minutes of dancing, Ms. Hofer and her companion suddenly stopped dancing and walked away. They danced with other men in a similar fashion. Witnesses saw the two women go into the restroom of the nightclub and hide money in their clothing.

WHEREAS, after witnesses alerted the nightclub's security to Ms. Hofer's suspicious behavior, security personnel detained Ms. Hofer and her companion. Mr. Tanev later identified Ms. Hofer as one of the women with whom he had been dancing before he noticed his wallet was missing. Seattle police arrested Ms. Hofer and her co-defendant.

WHEREAS, on September 2, 1998, Ms. Hofer was convicted of First Degree Theft and sentenced to 35 days home detention, 12 months community supervision and ordered to pay restitution. Ms. Hofer has complied with the terms of her sentence, paid all ordered restitution and a Certificate and Order of Discharge was issued on September 20, 2000.

WHEREAS, Ms. Hofer states that she is deeply ashamed and sorry for what she did. She realizes that she broke the trust that her victims had for people and states that she could never do such a despicable thing again.

WHEREAS, Ms. Hofer petitioned for pardon of her conviction and appeared before the Clemency and Pardon Board (Board). Ms. Hofer admitted to the Board that she made a terrible mistake. She assured the Board, however, that she is not the same person that committed the crime twelve years ago.

WHEREAS, Ms. Hofer was accepted into the nursing program at Peninsula College in the fall of 2008. She acknowledged her conviction to the Nursing Advisor and explained that the conviction was clouding her ability to pursue her lifelong dream of working as a nurse. Ms. Hofer stated that she always enjoyed helping people and wanted nursing to be her career. She indicated a belief that she could make a better life for herself, her daughter, and her community by becoming a nurse. Faculty and staff rallied behind Ms. Hofer to support her in her goal. Ms. Hofer completed the nursing program in June of 2010.

WHEREAS, prior to committing the crime, Ms. Hofer was a Certified Nursing Assistant. Even though the conviction prevented her from working as a nursing assistant, she continued to renew her license every year in hopes that she could one day return to the nursing profession.

WHEREAS, Ms. Hofer's Petition for Clemency was supported by numerous letters of support, including letters from Marca Davis, Nursing Program Director at Peninsula College; Jeffrey E. Mauer, Ph.D., Anthropology and Sociology Instructor at Peninsula College; Kathleen Murphy-Carey, Peninsula College Counselor, and a large support group consisting of faculty and staff members of Peninsula College who appeared before the Board in support of Ms. Hofer's

Petition. Each expressed their belief that Ms. Hofer was reliable, diligent and capable, and very much focused on pursuing her educational goals. When questioned, each faculty member acknowledged a willingness to put his or her personal and professional reputation on the line to support Ms. Hofer.

WHEREAS, Ms. Hofer's sole conviction twelve years ago provided the wake-up call that she needed as a young woman to get her life on track. She served her sentence, satisfied her financial obligations, expressed contrition for her actions and focused her energies on self-improvement. As a young mother, she enrolled in a nursing program and attracted the support of faculty and students at her school for her dedication and skill.

WHEREAS, the King County Prosecutor's Office took no position regarding Ms. Hofer's petition.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the crime, and the favorable recommendation of the Washington State Clemency and Pardons Board. In light of the foregoing, I have determined that the best interests of justice will be served by this action.

**NOW, THEREFORE, I**, Christine O. Gregoire, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to Linda M. Hofer, this full and unconditional pardon of her conviction of Theft in the First Degree so that she may pursue permanent and gainful employment.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the State of Washington to be affixed at Olympia on this 22<sup>nd</sup> day of June, A.D., two thousand and ten.

**FULL AND UNCONDITIONAL PARDON  
OF  
JOSE LOPEZ DOMINGUEZ**

**To All to Whom These Presents Shall Come, Greetings:**

WHEREAS, on July 5, 1988, at age 24, Jose Lopez Dominguez was convicted of Possession of a Controlled Substance: Cocaine and sentenced to 49 days confinement, with credit for 49 days served, and 12 months community supervision.

WHEREAS, in 1988, Mr. Dominguez applied for residency through the National Amnesty Program which was designed to give illegal alien farm workers a chance at American citizenship. At the time, Mr. Dominguez was working in the farmlands of Yakima Valley and residing with another farm worker in a small cabin in Yakima while sending money home to his family in Mexico.

WHEREAS, on the morning of May 18, 1988, within weeks of applying for his residency, Mr. Dominguez was shaving with the front door of his cabin open. He had \$778 in earnings saved and he was preparing to go play Bingo, his favorite pastime. Two men in plain street clothes appeared at his door and showed him their badges. They were accompanied by a uniformed Sheriff's Deputy. Mr. Dominguez did not understand much English at the time, and because he did not have anything to hide, he allowed the men to enter his cabin.

WHEREAS, the officers began searching everything in the cabin, dumping sugar and coffee canisters, and going through and emptying all of the cabinets and shelves. The two plain clothed officers found nothing and left the cabin, leaving the Sheriff's Deputy inside. A few moments later, the Sheriff's Deputy announced that one of the shelves that had already been emptied needed to be searched again because he thought he had seen something. The two plain clothes officers searched the shelf again and this time came up with a small pouch of white substance. Mr. Dominguez was immediately arrested and his \$778 was also confiscated. Mr. Dominguez states that he was confused and did not understand what he had done wrong.

WHEREAS, the events surrounding Mr. Dominguez's arrest raise a question regarding his conviction for possession of a controlled substance. Nothing in Mr. Dominguez's file indicates that law enforcement looked into the possibility that the drugs—found on a shelf that had been searched twice already—might have belonged to his roommate.

WHEREAS, after spending 49 days in jail awaiting trial on the charge of Possession of a Controlled Substance, Mr. Dominguez entered into an *Alford* plea at the urging of his court appointed attorney. Mr. Dominguez indicated a desire to tell the Court that he was innocent of the charges, but his attorney advised him that if he did so, he would go back to jail; whereas, if he entered into the *Alford* plea, he would be released immediately. Mr. Dominguez was not released, but instead detained and later deported.

WHEREAS, since marrying his wife, who is a United States citizen, Mr. Dominguez has attempted to apply for citizenship. Mrs. Dominguez's petition for him to immigrate to the United States was approved. However, Mr. Dominguez's petition to adjust his status to that of a permanent resident was later denied based upon his 1988 conviction.

WHEREAS, Mr. Dominguez maintains that he has never used illegal drugs, or possessed, sold or offered for sale any illegal drugs. Mr. Dominguez had no offenses (drug related or otherwise) prior to his 1988 arrest nor in the subsequent twenty years. He has taught himself to read and speak English. He has been a very productive member of society, and he now faces being separated from his family by deportation because of a change in the immigration laws that came into effect after his 1988 conviction.

WHEREAS, August Hahn, a retired attorney from Yakima County addressed the Board in favor of Mr. Dominguez's Petition. Mr. Hahn relayed that during the time of Mr. Dominguez's conviction, Yakima County did not maintain a Public Defender's Office, but retained private counsel who received a monthly retainer to handle a certain number of cases no matter what the workload involved in any given case. Mr. Hahn was one such attorney at that time. Mr. Hahn stated that after reviewing all of the facts, he believes that Mr. Dominguez was railroaded into the conviction.

WHEREAS, Mr. Dominguez's stepson, Edwin Commet, also appeared on behalf of Mr. Dominguez. Mr. Commet has had 18 years of law enforcement experience in Yakima County since approximately 1987. During this time, Mr. Commet worked as a narcotics officer, among other assignments. Mr. Commet expressed to the Board that in all the years he has known Mr. Dominguez, he has never seen him angry, abuse alcohol, or use drugs of any sort. Mr. Dominguez's wife also spoke to the Board and described Mr. Dominguez as the gentlest man she has ever known. He is a grandfather and great-grandfather to her children.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the crime, and favorable recommendation of the Washington State Clemency and Pardons Board. In light of the foregoing, I have determined that the best interests of justice will be served by this action.

**NOW, THEREFORE, I, Christine O. Gregoire, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to Jose Lopez Dominguez, this full and unconditional pardon of his conviction of Possession of a Controlled Substance: Cocaine so that he may live with his family in the United States and pursue permanent and gainful employment.**

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the State of Washington to be affixed at Olympia on this 9<sup>th</sup> day of June, A.D., two thousand and ten.

**FULL AND UNCONDITIONAL PARDON  
OF  
CHAN LY**

**To All to Whom These Presents Shall Come, Greetings:**

WHEREAS, in 1995, at age 23, Chan Ly was employed as an assistant manager at a clothing store in Tacoma, Washington. In May 1995, a customer accidentally left her credit card behind after a purchase. During an internal investigation, it was discovered that Ms. Ly was ringing up sales using the credit card and two other sales clerks were

signing the card owner's name on the charge slips. During the period of May 15, 1995, through May 24, 1995, the three employees made eight fraudulent credit card charges for a total of \$3,442.12 in store merchandise.

WHEREAS, One June 22, 1995, Ms. Ly was convicted of First Degree Theft and sentenced to 32 days total confinement, with 24 months community supervision, and 240 hours of community service. Ms. Ly has complied with the terms of her sentence, paid all ordered restitution and a Certificate and Order of Discharge was issued on May 21, 2007.

WHEREAS, Ms. Ly expressed that she is deeply remorseful for her crimes. Ms. Ly stated that the conviction has shaped her life and explained that with her family in mind, knowing how much they need her, she has gone on to better herself. Ms. Ly is the first person in her family to attend college, and she has chosen to pursue the profession of a registered nurse. Ms. Ly has excelled in her program, achieving a high honors GPA of 3.83. She has attended night school while maintaining a full-time work schedule.

WHEREAS, Ms. Ly is a single mother of three daughters and resides in the same house as her elderly parents who both suffer chronic medical conditions. In addition to caring for her three daughters and her elderly parents, Ms. Ly also cares for her niece and two nephews. Mr. Ly is the main financial provider and support system for her extended family.

WHEREAS, Ms. Ly is currently a lawful permanent resident of the United States. Her conviction falls under the mandatory removal offense of the Immigration and Customs Enforcement. Although removal proceedings have not been initiated, Ms. Ly must renew her Permanent Resident Card every 10 years.

WHEREAS, Ms. Ly's oldest daughter expressed how her mom has taught her to turn all choices into positive choices and how she cannot imagine not having her in her life. Nancy Novak, the Associate Dean of Nursing at Tacoma Community College (TCC) spoke to the Clemency & Pardons Board (Board) regarding the reasons she is supporting clemency for Ms. Ly. Ms. Novak said she was impressed by the fact that Ms. Ly owned up to her offense, did not attempt to justify it, and expressed extreme remorse for it. Ms. Novak told the Board that Ms. Ly had explained how it was critical to her that she be a positive role model for her family and children.

WHEREAS, Ms. Novak stated that although Ms. Ly has only completed one quarter of the nursing program, she has made a huge impression on the faculty, her colleagues, and staff at TCC. Ms. Novak explained that the nursing program is extremely competitive and she wants to see Ms. Ly in her program because she has demonstrated that she is caring, competent, and compassionate; displaying the skills that she wants to see in a nurse graduating from TCC. Out of 126 applicants in 2007, Ms. Ly was one of only 24 individuals to be offered a spot in the program.

WHEREAS, Ms. Ly's Petition for Clemency was bolstered by numerous letters of support, including but not limited to letters from Julie Benson, Ms. Ly's Theory Instructor; Quahlee Lassila, Ms. Ly's clinical instructor; and Peggy Sargeant of Counseling, Advising and Transition Services; plus letters from many family members and friends.

WHEREAS, the Pierce County Prosecutor's Office took no position regarding Ms. Ly's petition.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the crime, and the favorable recommendation of the Washington State Clemency and Pardons Board. In light of the foregoing, I have determined that the best interests of justice will be served by this action.

**NOW, THEREFORE, I**, Christine O. Gregoire, by virtue of the power vested in me as Governor of the State of Washington, hereby grant to Chan Ly, this full and unconditional pardon of her conviction of Theft in the First Degree so that she may pursue permanent and gainful employment.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the State of Washington to be affixed at Olympia on this 12<sup>th</sup> day of October, A.D., two thousand and nine.
