(iv) A vehicle presented for inspection must have all damaged major component parts replaced or repaired to meet RCW and WAC requirements before inspection of the salvage vehicle by the Washington state patrol.

(4) To the extent that the Washington state patrol has a backlog of vehicle inspections that it is to perform under this section, chapter 420, Laws of 2007 shall not be construed to reduce the vehicle inspection workload of the Washington state patrol.

The owner shall notify the department or its agents or subagents, in writing, on the appropriate form, of the date of the sale or transfer, the name and address of the owner and of the transferee, the transferee’s driver’s license number if available, and such description of the vehicle, including the vehicle identification number, as may be required in the appropriate form provided or approved for that purpose by the department. Operation of such a specially licensed vehicle in transportation upon public highways in violation of the limitations of this section is a traffic infraction.)

(1) Motor trucks, truck tractors, and tractors owned and operated by farmers may receive a reduction in gross weight license fees as described in section 527 of this act only if the vehicle is used exclusively to transport:

(a) The farmer's own farm, orchard, dairy, or private sector cultured aquatic products as defined in RCW 15.85.020, from point of production to market or warehouse. Fish other than private sector cultured aquatic products or forestry products are not considered farm products;

(b) Supplies used on the farmer's farm; or

(c) Products owned by the farm as listed in (a) of this subsection for another farmer in the neighborhood on a seasonal or infrequent basis. This may only be for compensation other than money.

(2) Farm vehicles that meet the requirements provided in subsection (1)(a) through (c) of this section may receive a reduction in gross weight license fees if the farm is exempt from property taxes under RCW 84.36.630. The reduction is the reduced gross weight license fee provided in section 527 of this act. To qualify for the additional gross weight license fee reduction, the farmer must submit copies of the forms as required under RCW 84.36.630.

(3) An additional eight thousand pounds gross weight within the legal limits on farm vehicles may be used if the farmer is transporting the farmer's own farm machinery between the farmer's own farm or farms and for a distance of not more than thirty-five miles.

However, in the case of each auto stage propelled by steam, electricity, natural gas, diesel oil, butane, or propane, the payment required in this section is twenty cents per one hundred miles of such operation. The commission shall transmit all sums so collected to the state treasurer, who shall deposit the same in the motor vehicle fund. Any person failing to make any payment required by this section is subject to a penalty of one hundred percent of the payment due in this section, in addition to any penalty provided for failure to submit a report. Any penalties so collected shall be credited to the public service revolving fund.
Sec. 425. RCW 46.16.160 and 2007 c 419 s 6 are each amended to read as follows:

1(1) The owner of a vehicle which under reciprocal relations with another jurisdiction would be required to obtain a license registration in this state or an unlicensed vehicle which would be required to obtain a license registration for operation on public highways of this state may, as an alternative to such license registration, secure and operate such vehicle under authority of a trip permit issued by this state in lieu of a Washington certificate of license registration, and licensed gross weight if applicable. The licensed gross weight may not exceed eighty thousand pounds for a combination of vehicles nor forty thousand pounds for a single unit vehicle with three or more axles. Trip permits are required for movement of mobile homes or park model trailers and may only be issued if property taxes are paid in full. For the purpose of this section, a vehicle is considered unlicensed if the licensed gross weight currently in effect for the vehicle or combination of vehicles is not adequate for the load being carried. Vehicles registered under RCW 46.16.135 shall not be operated under authority of trip permits in lieu of further registration within the same registration year.

2 Each trip permit shall authorize the operation of a single vehicle at the maximum legal weight limit for such vehicle for a period of three consecutive days commencing with the day of first use. No more than three such permits may be used for any one vehicle in any period of thirty consecutive days, except that in the case of a recreational vehicle as defined in RCW 43.22.335, no more than two trip permits may be used for any one vehicle in a one-year period. Every permit shall identify, as the department may require, the vehicle for which it is issued and shall be completed in its entirety and signed by the operator before operation of the vehicle on the public highways of this state. Correction of data on the permit such as dates, license number, or vehicle identification number invalidates the permit. The trip permit shall be displayed on the vehicle to which it is issued as prescribed by the department.

3 Vehicles operating under authority of trip permits are subject to all laws, rules, and regulations affecting the operation of like vehicles in this state.

4 Prorate operators operating commercial vehicles on trip permits in Washington shall retain the customer copy of such permit for four years.

5 Trip permits may be obtained from field offices of the department of transportation, department of licensing, or other agents appointed by the department. The fee for each trip permit is twenty dollars. Five dollars from every twenty-dollar trip permit fee shall be deposited into the state patrol highway account and must be used for commercial motor vehicle inspections. For each permit issued, the fee includes a filing fee as provided by RCW 46.01.140 and an excise tax of one dollar. The remaining portion of the trip permit fee must be deposited to the credit of the motor vehicle fund as an administrative fee. If the filing fee amount of three dollars as prescribed in RCW 46.01.140 is increased or decreased after July 1, 2002, the administrative fee must be increased or decreased by the same amount so that the total trip permit would be adjusted equally to compensate. These fees and taxes are in lieu of all other vehicle license fees and taxes. No exchange, credits, or refunds may be given for trip permits after they have been purchased.

6 The department may appoint county auditors or businesses as agents for the purpose of selling trip permits to the public. County auditors or businesses so appointed may retain the filing fee collected for each trip permit to defray expenses incurred in handling and selling the permits.

7 Commercial motor vehicles that are owned by a motor carrier subject to RCW 46.32.080, must not be operated on trip permits authorized by RCW 46.16.160 or 46.16.162 if the motor carrier’s department of transportation number has been placed out of service by the Washington state patrol. A violation of or a failure to comply with this subsection is a gross misdemeanor, subject to a minimum monetary penalty of two thousand five hundred dollars for the first violation and five thousand dollars for each subsequent violation.

8 Except as provided in subsection (7) of this section, a violation of or a failure to comply with any provision of this section is a gross misdemeanor.

9 The department of licensing may adopt rules as it deems necessary to administer this section.

10 A surcharge of five dollars is imposed on the issuance of trip permits. The portion of the surcharge paid by motor carriers must be deposited in the motor vehicle fund for the purpose of supporting vehicle weigh stations, weigh-in-motion programs, and the commercial vehicle information systems and networks program. The remaining portion of the surcharge must be deposited in the motor vehicle fund for the purpose of supporting congestion relief programs. All other administrative fees and excise taxes collected under the provisions of this chapter shall be forwarded by the department with proper identifying detailed report to the state treasurer who shall deposit the administrative fees to the credit of the motor vehicle fund and the excise taxes to the credit of the general fund. Filing fees will be forwarded and reported to the state treasurer by the department as prescribed in RCW 46.01.140.)

((a) A vehicle owner may operate an unregistered vehicle on public highways under the authority of a trip permit issued by this state. For purposes of trip permits, a vehicle is considered unregistered if:

1. Under reciprocal relations with another jurisdiction, the owner would be required to register the vehicle in this state;
2. The license tabs have expired; or
3. The current gross weight license is insufficient for the load being carried. The licensed gross weight may not exceed eighty thousand pounds for a combination of vehicles or forty thousand pounds for a single unit vehicle with three or more axles.

(b) Trip permits are required to move mobile homes or park model trailers and may only be issued if property taxes are paid in full.

2 Trip permits may not be:

(a) Issued to vehicles registered under RCW 46.16.070(5) (as recodified by this act) in lieu of further registration within the same registration year; or
(b) Used for commercial motor vehicles owned by a motor carrier subject to RCW 46.32.080 if the motor carrier’s department of transportation number has been placed out of service by the Washington state patrol. A violation of or a failure to comply with this subsection is a gross misdemeanor, subject to a minimum monetary penalty of two thousand five hundred dollars for the first violation and five thousand dollars for each subsequent violation.

(3) Each trip permit authorizes the operation of a single vehicle at the maximum legal weight limit for such vehicle for a period of three consecutive days commencing with the day of first use. No more than three such permits may be used for any one vehicle in any period of thirty consecutive days, except that in the case of a recreational vehicle as defined in RCW 43.22.335, no more than two trip permits may be used for any one vehicle in a one-year period. Each permit shall identify, as the department may require, the vehicle for which it is issued and shall be completed in its entirety and signed by the operator before operation of the vehicle on the public highways of this state. Correction of data on the permit such as dates, license number, or vehicle identification number invalidates the permit. The trip permit shall be displayed on the vehicle to which it is issued as prescribed by the department.

3(a) Each trip permit authorizes the operation of a single vehicle at the maximum legal weight limit for the vehicle for a period of three consecutive days commencing with the day of first use. No more than three trip permits may be used for any one vehicle in any thirty consecutive day period. 2. Be completed in its entirety;
3. Be signed by the operator before operation of the vehicle on the public highways of this state;
4. Not be altered or corrected. Altering or correcting data on the trip permit invalidates the trip permit; and
5. Be displayed on the vehicle for which it is issued as required by the department.
(b) Vehicles operating under the authority of trip permits are subject to all laws, rules, and regulations affecting the operation of similar vehicles in this state.

(4) Prorate operators operating commercial vehicles on trip permits in Washington shall retain the customer copy of each permit for four years.

(5) Trip permits may be obtained from field offices of the department of transportation, department of licensing, county auditors or other agents, and subagents appointed by the department for the fee provided in section 535(1)(b) of this act. (6) As provided in subsection (2)(b) of this section, a violation of or a failure to comply with this section is a gross misdemeanor.

PART VI. SPECIAL LICENSE PLATES
A. REVIEW BOARD

Sec. 601. RCW 46.16.700 and 2003 c 196 s 1 are each amended to read as follows:

The legislature has seen an increase in the demand from constituent groups seeking recognition and funding through the establishment of commemorative or special license plates. The high cost of implementing a new special license plate series coupled with the uncertainty of the state's ability to recoup its costs(1) has led the legislature to delay the implementation of new special license plates. In order to address these issues, it is the intent of the legislature to create a mechanism that will allow for the evaluation of special license plate requests and establish a funding policy that will alleviate the financial burden currently placed on the state. Using these two strategies, the legislature will be better equipped to efficiently process special license plate legislation.

Sec. 602. RCW 46.16.705 and 2005 c 319 s 117 are each amended to read as follows:

(1) The special license plate review board is created.

(2) The board shall consist of seven members: One member appointed by the governor who will serve as chair of the board; four members of the legislature, one from each caucus of the house of representatives and the senate; a department of licensing representative appointed by the director; and a Washington state patrol representative appointed by the chief.

(3) Members shall serve terms of four years, except that four of the members initially appointed will be appointed for terms of two years. (2)(3) A member may not be appointed for more than three consecutive terms.

(4) The respective appointing authority may remove members from the board before the expiration of their terms only for cause based upon a determination of incapacity, incompetence, neglect of duty, or malfeasance in office as ordered by the Thurston county superior court, upon petition and show cause proceedings brought for that purpose in that court and directed to the board member in question.

Sec. 603. RCW 46.16.715 and 2005 c 319 s 118 are each amended to read as follows:

(1) The board shall meet periodically at the call of the chair, but must meet at least once each year within ninety days before an upcoming regular session of the legislature. The board may adopt its own rules and may establish its own procedures. It shall act collectively in harmony with recorded resolutions or motions adopted by a majority vote of the members, and it must have a quorum present to take a vote on a special license plate application.

(2) The board will be compensated from the general appropriation for the department in accordance with RCW 43.03.250. Each board member will be compensated in accordance with RCW 43.03.250 and reimbursed for actual necessary traveling and other expenses in going to, attending, and returning from meetings of the board or that are incurred in the discharge of duties requested by the chair. However, a board member may not be compensated in any year for more than one hundred twenty days, except the chair may be compensated for not more than one hundred fifty days. Service on the board does not qualify as a service credit for the purposes of a public retirement system.

(3) The board shall keep proper records and is subject to audit by the state auditor or other auditing entities.

(4) The department shall provide administrative support to the board, which must include at least the following:

(a) Provide general staffing to meet the administrative needs of the board;
(b) Report to the board on the reimbursement status of any new special license plate series for which the state had to pay the start-up costs;
(c) Process special license plate applications and confirm that the sponsoring organization has submitted all required documentation. If an incomplete application is received, the department must return it to the sponsoring organization; and
(d) Compile the annual financial reports submitted by sponsoring organizations with active special license plate series and present those reports to the board for review and approval.

Sec. 604. RCW 46.16.725 and 2009 c 470 s 710 are each amended to read as follows:

(1) The creation of the board does not in any way preclude the authority of the legislature to independently propose and enact special license plate legislation.

(2) The board must review and either approve or reject special license plate applications submitted by sponsoring organizations.

(3) Duties of the board include but are not limited to the following:

(a) Review and approve the annual financial reports submitted by sponsoring organizations with active special license plate series and present those annual financial reports to the senate and house transportation committees;
(b) Report annually to the senate and house of representatives transportation committees on the special license plate applications that were considered by the board;
(c) Issue approval and rejection notification letters to sponsoring organizations, the department, the chairs of the senate and house of representatives transportation committees, and the legislative sponsors identified in each application. The letters must be issued within seven days of making a determination on the status of an application;
(d) Review annually the number of plates sold for each special license plate series created after January 1, 2003. The board may submit a recommendation to discontinue a special plate series to the chairs of the senate and house of representatives transportation committees; and
(e) Provide policy guidance and directions to the department concerning the adoption of rules necessary to limit the number of special license plates for which an organization or a governmental entity may apply.

(4) Except as provided in section 621 of this act, in order to assess the effects and impact of the proliferation of special license plates, the legislature declares a temporary moratorium on the issuance of any additional plates until July 1, 2011. During this period of time, the special license plate review board created in RCW 46.16.705 and the department are prohibited from accepting, reviewing, processing, or approving any applications. Additionally, a special license plate may not be enacted by the legislature during the moratorium, unless the proposed license plate has been approved by the board before February 15, 2005.

The creation and implementation of the special license plate series may not ((commence)) begin until payment is received by the department.

(2) The reissuance of a certificate of title and registration certificate for a truck((type power or trailing unit)) or trailer because of the installation of body or special equipment shall be treated as a sale, and the value of the truck((type power or trailing unit)) or trailer at that time, as determined by the department from such information as may be available, shall be considered the latest purchase price.

The receipt may be incorporated in the receipt given for the (motor vehicle) vehicle license fee or dealer's license fee paid.

Sec. 915. RCW 82.44.120 and 2006 c 318 s 8 are each amended to read as follows:

In case the director determines that any person is entitled to a refund of only a part of the license fee so paid, the payor shall be entitled to a refund of the difference, if any, between the excise tax collected and that which should have been collected.

(2) In case no claim is to be made for the refund of the license fee or any part thereof, but claim is made by any person that he or she has paid an erroneously excessive amount of excise tax, the department shall determine in the manner generally provided in this chapter the amount of such excess, if any, that has been paid and shall certify to the state treasurer that such person is entitled to a refund in such amount.

(5) If the department approves the claim it shall notify the state treasurer to that effect, and the treasurer shall make such approved refunds from the general fund and shall mail or deliver the same to the person entitled thereto.

(1) Any person moving a mobile home as defined in RCW 46.04.302 or a park model trailer as defined in RCW 46.04.622 upon public highways of the state must obtain:

(a) A special permit from the department of transportation and local authorities pursuant to RCW 46.44.090 and 46.44.093 and shall pay the proper fee as prescribed by RCW 46.44.0941 and 46.44.0946; and

(b) For mobile homes constructed before June 15, 1976, and already situated in the state: (i) A certification from the department of labor and industries that the mobile home was inspected for fire safety; or (ii) an affidavit in the form prescribed by the department of (community, trade, and economic development) commerce signed by the owner at the county treasurer's office at the time of the application for the movement permit stating that the mobile home is being moved by the owner for his or her continued occupation or use; or (iii) a copy of the certificate of (ownership or) title together with an affidavit signed under penalty of perjury by the certified owner stating that the mobile home is being transferred to a wrecking yard or similar facility for disposal. In addition, the destroyed mobile home must be removed from the assessment rolls of the county and any outstanding taxes on the destroyed mobile home must be removed by the county treasurer.

(2) A special permit issued as provided in subsection (1) of this section for the movement of any mobile home or a park model trailer that is assessed for purposes of property taxes shall not be valid until the county treasurer of the county in which the mobile home or park model trailer is located shall endorse or attach his or her certificate that all property taxes which are a lien or which are delinquent, or both, upon the mobile home or park model trailer being moved have been satisfied. Further, any mobile home or park model trailer required to have a special movement permit under this section shall display an easily recognizable decal. However, endorsement or certification by the county treasurer and the display of the decal is not required:

(a) When a mobile home or park model trailer is to enter the state or is being moved from a manufacturer or distributor to a retail sales outlet or directly to the purchaser's designated location or between retail and sales outlets;

(b) When a signed affidavit of destruction is filed with the county assessor and the mobile home or park model trailer is being moved to a disposal site by a landlord as defined in RCW 59.20.030 after (i) the mobile home or park model trailer has been abandoned as defined in RCW 59.20.030; or (ii) a final judgment for restitution of the premises under RCW 59.18.410 has been executed in favor of the landlord with regard to the mobile home or park model trailer. The mobile home or park model trailer will be removed from the tax rolls and, upon notification by the assessor, any outstanding taxes on the destroyed mobile home or park model trailer will be removed by the county treasurer; or

(c) When a signed affidavit of destruction is filed with the county assessor by any mobile home or park model trailer owner or any property owner with an abandoned mobile home or park model trailer, the same shall be removed from the tax rolls and upon notification by the assessor, any outstanding taxes on the destroyed mobile home or park model trailer shall be removed by the county treasurer.

(3) If the landlord of a mobile home park takes ownership of a mobile home or park model trailer with the intent to resell or rent the same under RCW 59.20.030 after (a) the mobile home or park model trailer has been abandoned as defined in RCW 59.20.030; or (b) a final judgment for restitution of the premises under RCW 59.18.410 has been executed in favor of the landlord with regard to the mobile home or park model trailer, the outstanding taxes become the responsibility of the landlord.

(4) It is the responsibility of the owner of the mobile home or park model trailer subject to property taxes or the agent to obtain the endorsement and decal from the county treasurer before a mobile home or park model trailer is moved.

(5) This section does not prohibit the issuance of vehicle license plates for a mobile home or park model trailer subject to property taxes, but plates shall not be issued unless the mobile home or park model trailer subject to property taxes for which plates are sought has been listed for property tax purposes in the county in which it is principally located and the appropriate fee for the license has been paid.

(6) The department of transportation, the department of labor and industries, and local authorities are authorized to adopt reasonable rules for implementing the provisions of this section. The department of transportation shall adopt rules specifying the design, reflective characteristics, annual coloration, and for the uniform implementation of the decal required by this section.  ((By January 1, 2006)) The department of labor and industries shall (also) adopt procedures for notifying destination local jurisdictions concerning the arrival of mobile homes that failed safety inspections.

Sec. 1119. RCW 46.55.105 and 2002 c 279 s 10 are each amended to read as follows:
(1) The abandonment of any vehicle creates a prima facie presumption that the last registered owner of record is responsible for the abandonment and is liable for costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction.

(2) If an unauthorized vehicle is found abandoned under subsection (1) of this section and removed at the direction of law enforcement, the last registered owner of record is guilty of the traffic infraction of "littering--abandoned vehicle," unless the vehicle is redeemed as provided in RCW 46.55.120. In addition to any other monetary penalty payable under chapter 46.63 RCW, the court shall not consider all monetary penalties as having been paid until the court is satisfied that the person found to have committed the infraction has made restitution in the amount of the deficiency remaining after disposal of the vehicle under RCW 46.55.140.

(3) A vehicle theft report filed with a law enforcement agency relieves the last registered owner of liability under subsection (2) of this section for failure to redeem the vehicle. However, the last registered owner remains liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle under subsection (1) of this section. Nothing in this section limits in any way the registered owner's rights in a civil action or as restitution in a criminal action against a person responsible for the theft of the vehicle.

(4) Properly filing a report of sale or transfer regarding the vehicle involved in accordance with RCW 46.12.101 (1) through (3) (as recodified by this act) relieves the last registered owner of liability under subsections (1) and (2) of this section. If the date of sale as indicated on the report of sale is on or before the date of impoundment, the buyer identified on the latest properly filed report of sale with the department is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction. If the date of sale is after the date of impoundment, the previous registered owner is assumed to be liable for such costs. A licensed vehicle dealer is not liable under subsections (1) and (2) of this section if the dealer, as transferee or assignee of the last registered owner of the vehicle involved, has complied with the requirements of RCW 46.70.122 upon selling or otherwise disposing of the vehicle, or if the dealer has timely filed a transitional ownership record or report of sale under RCW 46.12.103 (as recodified by this act). In that case the person to whom the licensed vehicle dealer has sold or transferred the vehicle is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction.

(5) For the purposes of reporting notices of traffic infraction to the department under RCW 46.20.270 and 46.52.101, and for purposes of reporting notices of failure to appear, respond, or comply regarding a notice of traffic infraction to the department under RCW 46.63.070(6), a traffic infraction under subsection (2) of this section is not considered to be a standing, stopping, or parking violation.

(6) A notice of infraction for a violation of this section may be filed with a court of limited jurisdiction organized under Title 3, 35, or 35A RCW, or with a violations bureau subject to the court's jurisdiction.

**Sec. 1120.** RCW 46.55.113 and 2007 c 242 s 1 and 2007 c 86 s 1 are each reenacted and amended to read as follows:

(1) Whenever the driver of a vehicle is arrested for a violation of RCW 46.61.502, 46.61.504, 46.20.342, or 46.20.345, the vehicle is subject to summary impoundment, pursuant to the terms and conditions of an applicable local ordinance or state agency rule at the direction of a law enforcement officer.

(2) In addition, a police officer may take custody of a vehicle, at his or her discretion, and provide for its prompt removal to a place of safety under any of the following circumstances:

(a) Whenever a police officer finds a vehicle standing upon the roadway in violation of any of the provisions of RCW 46.61.560, the officer may provide for the removal of the vehicle or require the driver or other person in charge of the vehicle to move the vehicle to a position off the roadway;

(b) Whenever a police officer finds a vehicle unattended upon a highway where the vehicle constitutes an obstruction to traffic or jeopardizes public safety;

(c) Whenever a police officer finds an unattended vehicle at the scene of an accident or when the driver of a vehicle involved in an accident is physically or mentally incapable of deciding upon steps to be taken to protect his or her property;

(d) Whenever the driver of a vehicle is arrested and taken into custody by a police officer;

(e) Whenever a police officer discovers a vehicle that the officer determines to be a stolen vehicle;

(f) Whenever a vehicle without a special license plate, placard, or decal indicating that the vehicle is being used to transport a person with disabilities under ((RCW 46.16.384)) section 701 of this act is parked in a stall or space clearly and conspicuously marked under RCW 46.61.581 which space is provided on private property without charge or on public property;

(g) Upon determining that a person is operating a motor vehicle without a valid and, if required, a specially endorsed driver's license or with a license that has been expired for ninety days or more;

(h) When a vehicle is illegally occupying a truck, commercial loading zone, restricted parking zone, bus, loading, hooded-meter, taxi, street construction or maintenance, or other similar zone where, by order of the director of transportation or chiefs of police or fire or their designees, parking is limited to designated classes of vehicles or is prohibited during certain hours, on designated days or at all times, if the zone has been established with signage for at least twenty-four hours and where the vehicle is interfering with the proper and intended use of the zone. Signage must give notice to the public that a vehicle will be removed if illegally parked in the zone;

(i) When a vehicle with an expired registration of more than forty-five days is parked on a public street.

(3) When an arrest is made for a violation of RCW 46.20.342, if the vehicle is a commercial vehicle and the driver of the vehicle is not the owner of the vehicle, before the summary impoundment directed under subsection (1) of this section, the police officer shall attempt in a reasonable and timely manner to contact the owner of the vehicle and may release the vehicle to the owner if the owner is reasonably available, as long as the owner was not in the vehicle at the time of the stop and arrest and the owner has not received a prior release under this subsection or RCW 46.55.120(1a)(ii).

(4) Nothing in this section may derogate from the powers of police officers under the common law. For the purposes of this section, a place of safety may include the business location of a registered tow truck operator.

**Sec. 1121.** RCW 46.55.140 and 1995 c 360 s 8 are each amended to read as follows:

(1) A registered tow truck operator who has a valid and signed impoundment authorization has a lien upon the impounded vehicle for services provided in the towing and storage of the vehicle, unless the impoundment is determined to have been invalid. The lien does not apply to personal property in or upon the vehicle that is not permanently attached to or is not an integral part of the vehicle except for items of personal property registered or titled with the department. The registered tow truck operator also has a deficiency claim against the registered owner of the vehicle for services provided in the towing and storage of the vehicle, unless the impoundment is determined to have been invalid.
Any person who tows, removes, or otherwise disturbs any vehicle parked, stalled, or otherwise left on privately owned or controlled property, and any person owning or controlling the private property, or either of them, are liable to the owner or operator of a vehicle, or each of them, for consequential and incidental damages arising from any interference with the ownership or use of the vehicle which does not comply with the requirements of this chapter.

Sec. 1122. RCW 46.55.240 and 1994 c 176 s 2 are each amended to read as follows:

(1) A city, town, or county that adopts an ordinance or resolution concerning unauthorized, abandoned, or impounded vehicles shall include the applicable provisions of this chapter.

(a) A city, town, or county may, by ordinance, authorize other impound situations that may arise locally upon the public way or other publicly owned or controlled property.

(b) A city, town, or county ordinance shall contain language that establishes a written form of authorization to impound, which may include a law enforcement notice of infraction or citation, clearly denoting the agency's authorization to impound.

(c) A city, town, or county may, by ordinance, provide for release of an impounded vehicle by means of a promissory note in lieu of immediate payment, if at the time of redemption the legal or registered owner requests a hearing on the validity of the impoundment. If the municipal ordinance directs the release of an impounded vehicle before the payment of the impoundment charges, the municipality is responsible for the payment of those charges to the registered tow truck operator within thirty days of the hearing date.

(d) The hearing specified in RCW 46.55.120(2) and in this section may be conducted by an administrative hearings officer instead of in the district court. A decision made by an administrative hearing officer may be appealed to the district court for final judgment.

(2) A city, town, or county may adopt an ordinance establishing procedures for the abatement and removal as public nuisances of junk vehicles or parts thereof from private property. Costs of removal may be assessed against the registered owner of the vehicle if the identity of the owner can be determined, unless the owner in the transfer of ownership of the vehicle has complied with RCW 46.12.101 (as recodified by this act), or the costs may be assessed against the owner of the property on which the vehicle is stored. A city, town, or county may also provide for the payment to the tow truck operator or wrecker as a part of a neighborhood revitalization program.

(3) Ordinances pertaining to public nuisances shall contain:

(a) A provision requiring notice to the last registered owner of record and the property owner of record that a hearing may be requested and that if no hearing is requested, the vehicle will be removed;

(b) A provision requiring that if a request for a hearing is received, a notice giving the time, location, and date of the hearing on the question of abatement and removal of the vehicle or part thereof as a public nuisance shall be mailed, by certified mail, with a five-day return receipt requested, to the owner of the land as shown on the last equalized assessment roll and to the last registered and legal owner of record unless the vehicle is in such condition that identification numbers are not available to determine ownership;

(c) A provision that the ordinance shall not apply to (i) a vehicle or part thereof that is completely enclosed within a building in a lawful manner where it is not visible from the street or other public or private property or (ii) a vehicle or part thereof that is stored or parked in a lawful manner on private property in connection with the business of a licensed dismounter or licensed vehicle dealer and is fenced according to RCW 46.80.130;

(d) A provision that the owner of the land on which the vehicle is located may appear in person at the hearing or present a written statement in time for consideration at the hearing, and deny responsibility for the presence of the vehicle on the land, with his reasons for the denial. If it is determined at the hearing that the vehicle was placed on the land without the consent of the landowner and that he has not subsequently acquiesced in its presence, then the local agency shall not assess costs of administration or removal of the vehicle against the property upon which the vehicle is located or otherwise attempt to collect the cost from the owner;

(e) A provision that after notice has been given of the intent of the city, town, or county to dispose of the vehicle and after a hearing, if requested, has been held, the vehicle or part thereof shall be removed at the request of a law enforcement officer with notice to the Washington state patrol and the department of licensing that the vehicle has been wrecked. The city, town, or county may operate such a disposal site when its governing body determines that commercial channels of disposition are not available or are inadequate, and it may make final disposition of such vehicles or parts, or may transfer such vehicle or parts to another governmental body provided such disposal shall be only as scrap.

(4) A registered disposer under contract to a city or county for the impounding of vehicles shall comply with any administrative regulations adopted by the city or county on the handling and disposing of vehicles.

Sec. 1123. RCW 46.61.581 and 2005 c 390 s 1 are each amended to read as follows:

A parking space or stall for a person with a disability shall be indicated by a vertical sign with the international symbol of access, whose colors are white on a blue background, described under RCW 70.92.120. The sign may include additional language such as, but not limited to, an indication of the amount of the monetary penalty defined in ((RCW 46.61.330)) section 706 of this act for parking in the space without a valid permit.

Failure of the person owning or controlling the property where required parking spaces are located to erect and maintain the sign is a class 2 civil infraction under chapter 7.80 RCW for each parking space that should be so designated. The person owning or controlling the property where the required parking spaces are located shall ensure that the parking spaces are not blocked or made inaccessible, and failure to do so is a class 2 civil infraction.

Sec. 1124. RCW 46.61.582 and 1991 c 339 s 25 are each amended to read as follows:

Any person who meets the criteria for special parking privileges under ((RCW 46.61.385)) section 701 of this act shall be allowed free of charge to park a vehicle being used to transport that person for unlimited periods of time in parking zones or areas including zones or areas with parking meters which are otherwise restricted as
to the length of time parking is permitted. This section does not apply to those zones or areas in which the stopping, parking, or standing of all vehicles is prohibited or which are reserved for special types of vehicles. The person shall obtain and display a special placard or license plate under (RCW 46.16.381) section 701 of this act to be eligible for the privileges under this section.

Sec. 1125. RCW 46.63.020 and 2009 c 485 s 6 are each amended to read as follows:

Failure to perform any act required or the performance of any act prohibited by this title or an equivalent administrative regulation or local law, ordinance, regulation, or resolution relating to traffic including parking, standing, stopping, and pedestrian offenses, is designated as a traffic infraction and may not be classified as a criminal offense, except for an offense contained in the following provisions of this title or a violation of an equivalent administrative regulation or local law, ordinance, regulation, or resolution:

Sec. 1126. RCW 46.63.160 and 2009 c 272 s 1 are each amended to read as follows:
(1) This section applies only to infractions issued under RCW 46.61.690 for toll collection evasion.
(2) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).
(3) Toll collection systems include manual cash collection, electronic toll collection, and photo enforcement systems.
(4) "Electronic toll collection system" means a system of collecting tolls or charges that is capable of charging the account of the toll patron the appropriate toll or charge by electronic transmission from the motor vehicle to the toll collection system, which information is used to charge the appropriate toll or charge to the patron's account.
(5) "Photo enforcement system" means a vehicle sensor installed to work in conjunction with an electronic toll collection system that automatically produces one or more photographs, one or more microphotographs, a videotape, or other recorded images of a vehicle operated in violation of an infraction under this chapter.
(6) The use of a toll collection system is subject to the following requirements:
(a) The department of transportation shall adopt rules that allow an open standard for automatic vehicle identification transponders used for electronic toll collection to be compatible with other electronic payment devices or transponders from the Washington state ferry system, other public transportation systems, or other toll collection systems to the extent that technology permits. The rules must also allow for multiple vendors providing electronic payment devices or transponders as technology permits.
(b) The department of transportation may not sell, distribute, or make available in any way, the names and addresses of electronic toll collection system account holders.
(7) The use of a photo enforcement system for issuance of notices of infraction is subject to the following requirements:
(a) Photo enforcement systems may take photographs, digital photographs, microphotographs, videotapes, or other recorded images of the vehicle and vehicle license plate only.
(b) A notice of infraction must be mailed to the registered owner of the vehicle or to the renter of a vehicle within sixty days of the violation. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, videotape, or other recorded images produced by a photo enforcement system, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, digital photographs, microphotographs, videotape, or other recorded images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction.
(c) Notwithstanding any other provision of law, all photographs, digital photographs, microphotographs, videotape, or other recorded images prepared under this chapter are for the exclusive use of the tolling agency and law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this chapter. No photograph, digital photograph, microphotograph, videotape, or other recorded image may be used for any purpose other than enforcement of violations under this chapter nor retained longer than necessary to enforce this chapter or verify that tolls are paid.
(d) All locations where a photo enforcement system is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by a photo enforcement system.
(8) Infractions detected through the use of photo enforcement systems are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of photo enforcement systems under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 35.50.100, 35.20.220, 46.15.161 (as recodified by this act), and 46.20.270(3).
(9) The penalty for an infraction detected through the use of a photo enforcement system shall be forty dollars plus an additional toll penalty. The toll penalty is equal to three times the cash toll for a standard passenger car during peak hours. The toll penalty may not be reduced. The court shall remit the toll penalty to the department of transportation or a private entity under contract with the department of transportation for deposit in the statewide account in which tolls are deposited for the tolling facility at which the violation occurred. If the driver is found not to have committed an infraction under this section, the driver shall pay the toll due at the time the photograph was taken, unless the toll has already been paid.
(10) If the registered owner of the vehicle is a rental car business the department of transportation or a law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of the mailing of the written notice, provide to the issuing agency by return mail:
(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or
(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or
(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable toll and fee.
Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.
Sec. 1127. RCW 46.63.170 and 2009 c 470 s 714 are each amended to read as follows:
(1) The use of automated traffic safety cameras for issuance of notices of infraction is subject to the following requirements:
(a) The appropriate local legislative authority must first enact an ordinance allowing for their use to detect one or more of the following: Stoplight, railroad crossing, or school speed zone...
violations. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance.

(b) Use of automated traffic safety cameras is restricted to two-arterial intersections, railroad crossings, and school speed zones only.

(c) During the 2009-2011 fiscal biennium, automated traffic safety cameras may be used to detect speed violations for the purposes of section 201(2), chapter 470, Laws of 2009 if the local legislative authority first enacts an ordinance authorizing the use of cameras to detect speed violations.

(d) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle.

(e) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter's name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(f) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(c) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(g) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(h) All locations where an automated traffic safety camera is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera. If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16.216 (as recodified by this act), and 46.20.270(3). However, the amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1)(a), (b), or (c).

(5) For the purposes of this section, “automated traffic safety camera” means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit in a school speed zone as detected by a speed measuring device. During the 2009-2011 fiscal biennium, an automated traffic safety camera includes a camera used to detect speed violations for the purposes of section 201(2), chapter 470, Laws of 2009.

(6) During the 2009-2011 fiscal biennium, this section does not apply to automated traffic safety cameras for the purposes of section 218(2), chapter 470, Laws of 2009.

Each of the following acts or practices is unlawful:

(1) To cause or permit to be advertised, printed, displayed, published, distributed, broadcasted, televised, or disseminated in any manner whatsoever, any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to the following:

(a) That no down payment is required in connection with the sale of a vehicle when a down payment is in fact required, or that a vehicle may be purchased for a smaller down payment than is actually required;

(b) That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;

(c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;

(d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;

(e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

(2)(a)(i) To incorporate within the terms of any purchase and sale or lease agreement any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price or capitalized cost of a vehicle an amount for licensing or transfer of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale.

(ii) However, an amount not to exceed the applicable amount provided in (ii)(A) and (B) of this subsection (2)(a) per vehicle sale or lease may be charged by a dealer to recover administrative costs for collecting motor vehicle excise taxes, licensing and registration fees and other agency fees, verifying and clearing titles, transferring titles, perfecting, releasing, or satisfying liens or other security interests, and other administrative and documentary services rendered by a dealer in connection with the sale or lease of a vehicle and in carrying out the requirements of this chapter or any other provisions of state law.

(iii) A dealer may charge under (a)(ii) of this subsection:

(A) As of July 26, 2009, through June 30, 2014, an amount not to exceed one hundred fifty dollars; and

(B) As of July 1, 2014, an amount not to exceed fifty dollars.

(b) A dealer may charge the documentary service fee in (a) of this subsection under the following conditions:

(i) The documentary service fee is disclosed in writing to a prospective purchaser or lessee before the execution of a purchase and sale or lease agreement;

(ii) The dealer discloses to the purchaser or lessee in writing that the documentary service fee is a negotiable fee. The disclosure must be written in a typeface that is at least as large as the typeface used in the standard text of the document that contains the disclosure and that is bold faced, capitalized, underlined, or otherwise set out from the surrounding material so as to be conspicuous. The dealer shall not represent to the purchaser or lessee that the fee or charge is required by the state to be paid by either the dealer or prospective purchaser or lessee;

(iii) The documentary service fee is separately designated from the selling price or capitalized cost of the vehicle and from any other taxes, fees, or charges; and

(iv) Dealers disclose in any advertisement that a documentary service fee in an amount provided in (iv)(A) and (B) of this subsection (2)(b) may be added to the sale price or the capitalized cost:

(A) As of July 26, 2009, through June 30, 2014, an amount up to one hundred fifty dollars; and

(B) As of July 1, 2014, an amount up to fifty dollars.

For the purposes of this subsection (2), the term "documentary service fee" means the optional amount charged by a dealer to provide the services specified in (a) of this subsection.

(3) To set up, promote, or aid in the promotion of a plan by which vehicles are to be sold or leased to a person for a consideration and upon further consideration that the purchaser or lessee agrees to secure one or more persons to participate in the plan by respectively making a similar purchase and in turn agreeing to secure one or more persons likewise to join in said plan, each purchaser or lessee being given the right to secure money, credits, goods, or something of value, depending upon the number of persons joining the plan.

(4) To commit, allow, or ratify any act of "bushing" which is defined as follows: Entering into a written contract, written purchase order or agreement, retail installment sales agreement, note and security agreement, or written lease agreement, hereinafter collectively referred to as contract or lease, signed by the prospective buyer or lessee of a vehicle, which:

(a) Is subject to any conditions or the dealer's or his or her authorized representative's future acceptance, and the dealer fails or refuses within four calendar days, exclusive of Saturday, Sunday, or legal holiday, and prior to any further negotiations with said buyer or lessee to inform the buyer or lessee either: (i) That the dealer unconditionally accepts the contract or lease, having satisfied, removed, or waived all conditions to acceptance or performance, including, but not limited to, financing, assignment, or lease approval; or (ii) that the dealer rejects the contract or lease, thereby automatically voiding the contract or lease, as long as such voiding does not negate commercially reasonable contract or lease provisions pertaining to the return of the subject vehicle and any physical damage, excessive mileage after the demand for return of the vehicle, and attorneys' fees authorized by law, and tenders the refund of any initial payment or security made or given by the buyer or lessee, including, but not limited to, any down payment, and tenders return of the trade-in vehicle, key, other trade-in, or
certificate of title to a trade-in. Tender may be conditioned on return of the subject vehicle if previously delivered to the buyer or lessee.

The provisions of this subsection (4)(a) do not impair, prejudice, or abrogate the rights of a dealer to assert a claim against the buyer or lessee for misrepresentation or breach of contract and to exercise all remedies available at law or in equity, including those under chapter 62A.9A RCW, if the dealer, bank, or other lender or leasing company discovers that approval of the contract or financing or approval of the lease was based upon material misrepresentations made by the buyer or lessee, including, but not limited to, misrepresentations regarding income, employment, or debt of the buyer or lessee, as long as the dealer, or his or her staff, has not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated, directly or indirectly, in the misrepresentation. A dealer shall not be in violation of this subsection (4)(a) if the buyer or lessee made a material misrepresentation to the dealer, as long as the dealer, or his or her staff, has not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated, directly or indirectly, in the misrepresentation.

When a dealer informs a buyer or lessee under this subsection (4)(a) regarding the unconditional acceptance or rejection of the contract, lease, or financing by an electronic mail message, the dealer must also transmit the communication by any additional means;

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer or lessee as part of the purchase price or lease, for any reason except:

(i) Failure to disclose that the vehicle's certificate of title has been branded for any reason, including, but not limited to, status as a rebuilt vehicle as provided in RCW 46.12.075; or

(ii) Substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or

(iii) Excessive additional miles or a discrepancy in the mileage. "Excessive additional miles" means the addition of five hundred miles or more, as reflected on the vehicle's odometer, between the time the vehicle was first valued by the dealer for purposes of determining its trade-in value and the time of actual delivery of the vehicle to the dealer. "A discrepancy in the mileage" means (A) a discrepancy between the mileage reflected on the vehicle's odometer and the stated mileage on the signed odometer statement; or (B) a discrepancy between the mileage stated on the signed odometer statement and the actual mileage on the vehicle; or

(c) Fails to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.

(5) To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.

(6) For any vehicle dealer or vehicle salesperson to refuse to furnish, upon request of a prospective purchaser or lessee, for vehicles previously registered to a business or governmental entity, the name and address of the business or governmental entity.

(7) To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.

(8) To commit any offense relating to a dealer's temporary license permit, including but not limited to failure to properly complete each such permit, or the issuance of more than one such

permit on any one vehicle. However, a dealer may issue a second temporary permit on a vehicle if the following conditions are met:

(a) The lienholder fails to deliver the vehicle title to the dealer within the required time period;

(b) The dealer has satisfied the lien; and

(c) The dealer has proof that payment of the lien was made within two calendar days, exclusive of Saturday, Sunday, or a legal holiday, after the sales contract has been executed by all parties and all conditions and contingencies in the sales contract have been met or otherwise satisfied.

(9) For a dealer, salesperson, or mobile home manufacturer, having taken an instrument or cash "on deposit" from a purchaser or lessee prior to the delivery of the bargained-for vehicle, to commingle the "on deposit" funds with assets of the dealer, salesperson, or mobile home manufacturer instead of holding the "on deposit" funds as trustee in a separate trust account until the purchaser or lessee has taken delivery of the bargained-for vehicle. Delivery of a manufactured home shall be deemed to occur in accordance with RCW 46.70.135(5). Failure, immediately upon receipt, to endorse "on deposit" instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: PROVIDED, HOWEVER, That a motor vehicle dealer may keep a separate trust account which equals his or her customary total customer deposits for vehicles for future delivery. For purposes of this section, "on deposit" funds received from a purchaser of a manufactured home means those funds that a seller requires a purchaser to advance before ordering the manufactured home, but does not include any loan proceeds or moneys that might have been paid on an installment contract.

(10) For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser or lessee, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items specified in the terms of a sales or lease agreement signed by the seller and buyer or lessee.

(11) For a vehicle dealer to pay to or receive from any person, firm, partnership, association, or corporation acting, either directly or through a subsidiary, as a buyer's agent for consumers, any compensation, fee, purchase moneys or funds that have been deposited into or withdrawn out of any account controlled or used by any buyer's agent, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle.

(12) For a buyer's agent, acting directly or through a subsidiary, to pay to or to receive from any motor vehicle dealer any compensation, fee, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle. In addition, it is unlawful for any buyer's agent to engage in any of the following acts on behalf of or in the name of the consumer:

(a) Receiving or paying any purchase moneys or funds into or out of any account controlled or used by any buyer's agent;

(b) Signing any vehicle purchase orders, sales contracts, leases, odometer statements, or title documents, or having the name of the buyer's agent appear on the vehicle purchase order, sales contract, lease, or title; or

(c) Signing any other documentation relating to the purchase, sale, lease, or transfer of any new motor vehicle.

It is unlawful for a buyer's agent to use a power of attorney obtained from the consumer to accomplish or effect the purchase, sale, lease, or transfer of ownership documents of any new motor vehicle by any means which would otherwise be prohibited under
FIFTY FIFTH DAY, MARCH 6, 2010

(a) through (c) of this subsection. However, the buyer's agent may use a power of attorney for physical delivery of motor vehicle license plates to the consumer.

Further, it is unlawful for a buyer's agent to engage in any false, deceptive, or misleading advertising, disseminated in any manner whatsoever, including but not limited to making any claim or statement that the buyer's agent offers, obtains, or guarantees the lowest price on any motor vehicle or words to similar effect.

(13) For a buyer's agent to arrange for or to negotiate the purchase, or both, of a new motor vehicle through an out-of-state dealer without disclosing in writing to the customer that the new vehicle would not be subject to chapter 19.118 RCW. This subsection also applies to leased vehicles. In addition, it is unlawful for any buyer's agent to fail to have a written agreement with the customer that: (a) Sets forth the terms of the parties' agreement; (b) discloses to the customer the total amount of any fees or other compensation being paid by the customer to the buyer's agent for the agent's services; and (c) further discloses whether the fee or any portion of the fee is refundable.

(14) Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.93 RCW, to:

(a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;

(b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his or her capital investment which shall include but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he or she is notified of such cancellation or termination and which are still within the dealer's possession on the day the cancellation or termination is effective; if: (i) The capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) the cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith;

(c) Encourage, aid, abet, or teach a vehicle dealer to sell or lease vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer's franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale or lease of new and unused vehicles sold or distributed by such manufacturer within sixty days after such dealer's order has been received in writing unless caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;

(f) To provide under the terms of any warranty that a purchaser or lessee of any new or unused vehicle that has been sold or leased, distributed for sale or lease, or transferred into this state for resale or lease by the vehicle manufacturer may only make any warranty claim on any item included as an integral part of the vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this section if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting parties. This paragraph and subsection (14)(b) of this section do not apply to new motor vehicle manufacturers governed by chapter 46.96 RCW.

(15) Unlawful transfer of an ownership interest in a motor vehicle as defined in RCW 19.116.050.

(16) To knowingly and intentionally engage in collusion with a registered owner of a vehicle to repossess and return or resell the vehicle to the registered owner in an attempt to avoid a suspended license impound under chapter 46.55 RCW. However, compliance with chapter 62A.9A RCW in repossessing, selling, leasing, or otherwise disposing of the vehicle, including providing redemption rights to the debtor, is not a violation of this section.

(17)(a) For a dealer to enter into a new motor vehicle sales contract without disclosing in writing to a buyer of the new motor vehicle, or to a dealer in the case of an unregistered motor vehicle, any known damage and repair to the new motor vehicle if the damage exceeds five percent of the manufacturer's suggested retail price as calculated at the dealer's authorized warranty rate for labor and parts, or one thousand dollars, whichever amount is greater. A manufacturer or new motor vehicle dealer is not required to disclose to a dealer or buyer that glass, tires, bumpers, or cosmetic parts of a new motor vehicle were damaged at any time if the damaged item has been replaced with original or comparable equipment. A replaced part is not part of the cumulative damage required to be disclosed under this subsection.

(b) A manufacturer is required to provide the same disclosure to a dealer of any known damage or repair as required in (a) of this subsection.

(c) If disclosure of any known damage or repair is not required under this section, a buyer may not revoke or rescind a sales contract due to the fact that the new motor vehicle was damaged and repaired before completion of the sale.

(d) As used in this section:

(i) "Cosmetic parts" means parts that are attached by and can be replaced in total through the use of screws, bolts, or other fasteners without the use of welding or thermal cutting, and includes windshields, bumpers, hoods, or trim panels.

(ii) "Manufacturer's suggested retail price" means the retail price of the new motor vehicle suggested by the manufacturer, and includes the retail delivered price suggested by the manufacturer for each accessory or item of optional equipment physically attached to the new motor vehicle at the time of delivery to the new motor vehicle dealer that is not included within the retail price suggested by the manufacturer for the new motor vehicle.

Sec. 1137. RCW 46.72.060 and 1961 c 12 s 46.72.060 are each amended to read as follows:

Every person having a cause of action for damages against any person, firm, or corporation receiving a permit under the provisions of this chapter, for injury, damages or wrongful death caused by any careless, negligent or unlawful act of any such person, firm, or corporation or his, their, or its agents or employees in conducting or carrying on said business or in operating any motor propelled vehicle for the carrying and transporting of passengers (whether and along) on any public street, road or highway shall have a cause of action against the principal and surety upon the bond or the
insurance company and the insured for all damages sustained, and in any such action the full amount of damages sustained may be recovered against the principal, but the recovery against the surety shall be limited to the amount of the bond.

Sec. 1138. RCW 46.80.010 and 1999 c 278 s 1 are each amended to read as follows:

The definitions set forth in this section apply throughout this chapter.

(1) "Vehicle wrecker" means every person, firm, partnership, association, or corporation engaged in the business of buying, selling, or dealing in vehicles of a type required to be (licensed) registered under the laws of this state, for the purpose of wrecking, dismantling, disassembling, or substantially changing the form of a vehicle, or who buys or sells integral secondhand parts of component material thereof, in whole or in part, who deals in secondhand vehicle parts.

(2) "Core" means a major component part received by a vehicle wrecker in exchange for a like part sold by the vehicle wrecker, or a vehicle which has sustained such damage or deterioration that it is disassembled or dismantled and never again to operate as a vehicle, or a damaged vehicle whose salvage value plus the weight of the component material thereof, in whole or in part, or who deals in secondhand vehicle parts.

(3) "Established place of business" means a building or enclosure which the vehicle wrecker occupies either continuously or at regular periods and where his books and records are kept and business is transacted and which must conform with zoning regulations.

(4) "Interim owner" means the owner of a vehicle who has the original certificate of (ownership) title for the vehicle, which certificate has been released by the person named on the certificate and assigned to the person offering to sell the vehicle to the wrecker.

(5) "Major component part" includes at least each of the following vehicle parts: (a) Engines and short blocks; (b) frame; (c) transmission and/or transfer case; (d) cab; (e) door; (f) front or rear differential; (g) front or rear clip; (h) quarter panel; (i) trunk bed or box; (j) seat; (k) hood; (l) bumper; (m) fender; and (n) airbag. The director may supplement this list by rule.

(6) "Wrecked vehicle" means a vehicle which is disassembled or dismantled or a vehicle which is acquired with the intent to dismantle or disassemble and never again to operate as a vehicle, or a vehicle which has sustained such damage that its cost to repair exceeds the fair market value of a like vehicle which has not sustained such damage, or a damaged vehicle whose salvage value plus cost to repair equals or exceeds its fair market value, if repaired, or a vehicle which has sustained such damage or deterioration that it may not lawfully operate upon the highways of this state for which the salvage value plus cost to repair exceeds its fair market value, if repaired; further, it is presumed that a vehicle is a wreck if it has sustained such damage or deterioration that it may not lawfully operate upon the highways of this state.

Sec. 1139. RCW 46.80.090 and 1999 c 278 s 3 are each amended to read as follows:

Within thirty days after acquiring a vehicle, the vehicle wrecker shall furnish a written report to the department. This report shall be in such form as the department shall prescribe and shall be accompanied by evidence of ownership as determined by the department. No vehicle wrecker may acquire a vehicle, including a vehicle from an interim owner, without first obtaining evidence of ownership as determined by the department. For a vehicle from an interim owner, the evidence of ownership may not require that a title be issued in the name of the interim owner as required by RCW 46.12.101 (as recodified by this act). The vehicle wrecker shall furnish a monthly report of all acquired vehicles. This report shall be made on forms prescribed by the department and contain such information as the department may require. This statement shall be signed by the vehicle wrecker or an authorized representative and the facts therein sworn to before a notary public, or before an officer or employee of the department designated by the director to administer oaths or acknowledge signatures, pursuant to RCW 46.01.180.

Sec. 1140. RCW 46.87.010 and 2005 c 194 s 1 are each amended to read as follows:

This chapter applies to proportional registration and reciprocity granted under the provisions of the International Registration Plan (IRP). This chapter shall become effective and be implemented beginning with the 1988 registration year.

(1) Provisions and terms of the IRP prevail unless given a different meaning in chapter 46.04 RCW, this chapter, or in rules adopted under authority of this chapter.

(2) The director may adopt and enforce rules deemed necessary to implement and administer this chapter.

(3) Owners having a fleet of apportionable vehicles operating in two or more IRP member jurisdictions may elect to proportionally register the vehicles of the fleet under the provisions of the IRP and this chapter in lieu of full or temporary registration as provided for in chapter 46.16 (46.16) RCW.

(4) If a due date or an expiration date established under authority of this chapter falls on a Saturday, Sunday, or a state legal holiday, such period is automatically extended through the end of the next business day.

Sec. 1141. RCW 46.87.020 and 2005 c 194 s 2 are each amended to read as follows:

Terms used in this chapter have the meaning given to them in the International Registration Plan (IRP), in chapter 46.04 RCW, or as otherwise defined in this section. Definitions given to terms by the IRP prevail unless given a different meaning in this chapter or in rules adopted under authority of this chapter.

(1) "Apportionable vehicle" has the meaning given by the IRP, except that it does not include vehicles with a declared gross weight of twelve thousand pounds or less. Apportionable vehicles include trucks, tractor-trailers, road tractors, and buses, each as separate and licensable vehicles.

(2) "Cab card" is a certificate of registration issued for a vehicle upon which is disclosed the jurisdictions and registered gross weights in such jurisdictions for which the vehicle is registered.

(3) "Credentials" means cab cards, apportioned plates (for Washington-based fleets), and validation tabs issued for proportionally registered vehicles.

(4) "Declared combined gross weight" means the total unladen weight of any combination of vehicles plus the weight of the maximum load to be carried on the combination of vehicles as set by the registrant in the application pursuant to chapter 46.44 RCW and for which registration fees have been or are to be paid.

(5) "Declared gross weight" means the total unladen weight of any vehicle plus the weight of the maximum load to be carried on the vehicle as set by the registrant in the application pursuant to chapter 46.44 RCW and for which registration fees have been or are to be paid. In the case of a bus, auto stage, or a passenger-carrying for hire vehicle with a seating capacity of more than six, the declared gross weight shall be determined by multiplying the average load factor of one hundred and fifty pounds by the number of seats in the vehicle, including the driver's seat, and add this amount to the unladen weight of the vehicle. If the resultant gross weight is not listed in RCW 46.16.020 section 530 of this act, it will be increased to the next higher gross weight so listed pursuant to chapter 46.44 RCW.

(6) "Department" means the department of licensing.

(7) "Fleet" means one or more apportionable vehicles in the IRP.
"In-jurisdiction miles" means the total miles accumulated in a jurisdiction during the preceding year by vehicles of the fleet while they were a part of the fleet.

"IRP" means the International Registration Plan.

"Jurisdiction" means and includes a state, territory or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a foreign country, and a state or province of a foreign country.

"Motor carrier" means an entity engaged in the transportation of goods or persons. The term includes a for-hire motor carrier, private motor carrier, contract motor carrier, or exempt motor carrier. The term includes a registrant licensed under this chapter, a motor vehicle lessor, and a motor vehicle lessee.

"Owner" means a person or business firm who holds the legal title to a vehicle, or if a vehicle is the subject of an agreement for its conditional sale with the right of purchase upon performance of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee, or if a vehicle is subject to a lease, contract, or other legal arrangement vesting right of possession or control, for security or otherwise, or if a mortgagor of a vehicle is entitled to possession, then the owner is deemed to be the person or business firm in whom is vested right of possession or control.

"Preceding year" means the period of twelve consecutive months immediately before July 1st of the year immediately before the commencement of the registration or license year for which apportioned registration is sought.

"Prorate percentage" is the factor that is applied to the total proratable fees or taxes to determine the apportionable or prorate fees required for registration in a particular jurisdiction. It is determined by dividing the in-jurisdiction miles for a particular jurisdiction by the total miles. This term is synonymous with the term "mileage percentage."

"Registrant" means a person, business firm, or corporation in whose name or names a vehicle or fleet of vehicles is registered.

"Registration year" means the twelve-month period during which the registration plates issued by the base jurisdiction are valid according to the laws of the base jurisdiction.

"Total miles" means the total number of miles accumulated in all jurisdictions during the preceding year by all vehicles of the fleet while they were a part of the fleet. Mileage accumulated by vehicles of the fleet that did not engage in interstate operations is not included in the fleet miles.

Sec. 1142. RCW 46.87.030 and 2005 c 194 s 3 are each amended to read as follows:

(1) When application to register an apportionable vehicle is made, the Washington prorated fees may be reduced by one-twelfth for each full registration month that has elapsed at the time a temporary authorization permit (TAP) was issued or if no TAP was issued, at such time as an application for registration is received in the department. If a vehicle is being added to a currently registered fleet, the prorate percentage previously established for the fleet for such registration year shall be used in the computation of the proportional fees and taxes due.

(2) If any vehicle is withdrawn from a proportionally registered fleet during the period for which it is registered under this chapter, the registrant of the fleet shall notify the department on appropriate forms prescribed by the department. The department may require the registrant to surrender credentials that were issued to the vehicle. If a motor vehicle is permanently withdrawn from a proportionally registered fleet because it has been destroyed, sold, or otherwise completely removed from the service of the fleet registrant, the unused portion of the (licensing) license fee paid under (RCW 46.16.0720) section 530 of this act with respect to the vehicle reduced by one-twelfth for each calendar month and fraction thereof elapsing between the first day of the month of the current registration year in which the vehicle was registered and the date the notice of withdrawal, accompanied by such credentials as may be required, is received in the department, shall be credited to the fleet proportional registration account of the registrant. Credit shall be applied against the (licensing) license fee liability for subsequent additions of motor vehicles to be proportionally registered in the fleet during such registration year or for additional (licensing) license fees due under (RCW 46.16.0720) section 530 of this act or to be due upon audit under RCW 46.87.310. If any credit is less than fifteen dollars, no credit will be entered. In lieu of credit, the registrant may choose to transfer the unused portion of the (licensing) license fee for the motor vehicle to the new owner, in which case it shall remain with the motor vehicle for which it was originally paid. In no event may any amount be credited against fees other than those for the registration year from which the credit was obtained nor is any amount subject to refund.

Sec. 1143. RCW 46.87.140 and 2005 c 194 s 9 are each amended to read as follows:

(1) Any owner engaged in interstate operations of one or more fleets of apportionable vehicles may, in lieu of registration of the vehicles under chapter 46.16 RCW, register and license the vehicles of each fleet under this chapter by filing a proportional registration application for each fleet with the department. The application shall contain the following information and such other information pertinent to vehicle registration as the department may require:

(a) A description and identification of each vehicle of the fleet.

(b) The member jurisdictions in which registration is desired and such other information as member jurisdictions require.

(c) An original or renewal application shall also be accompanied by a mileage schedule for each fleet.

(d) The USDOT number issued to the registrant and the USDOT number of the motor carrier responsible for the safety of the vehicle, if different.

(e) A completed Motor Carrier Identification Report (MCS-150) at the time of fleet renewal or at the time of vehicle registration, if required by the department.

(f) The Taxpayer Identification Number of the registrant and the motor carrier responsible for the safety of the vehicle, if different.

(2) Each application shall, at the time and in the manner required by the department, be supported by payment of a fee computed as follows:

(a) Divide the in-jurisdiction miles by the total miles and carry the answer to the nearest thousandth of a percent (three places beyond the decimal, e.g. 10.543%). This factor is known as the prorate percentage.

(b) Determine the total proratable fees and taxes required for each vehicle in the fleet for which registration is requested, based on the regular annual fees and taxes or applicable fees and taxes for the unexpired portion of the registration year under the laws of each jurisdiction for which fees or taxes are to be calculated.

Applicable fees and taxes for vehicles of Washington-based fleets are those prescribed under (RCW 46.16.020) section 530 of this act, (49 U.S.C. section 5311(c) of this act, and RCW 82.38.075, as applicable. If, during the registration period, the lessor of an apportioned vehicle changes and the vehicle remains in the fleet of the registrant, the department shall only charge those fees prescribed for the issuance of new apportioned license plates, validation tabs, and cab card.

All receipts from RCW 79.100.050 and 79.100.060 and those moneys specified in (RCW 88.02.030 and 88.02.050) section 1028 of this act must be deposited into the account. The account is authorized to receive fund transfers and appropriations from the general fund, deposits from the derelict vessel removal surcharge under (RCW 88.02.270) section 1028(4) of this act, as well as gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of this chapter and expend the same or any income according to the terms of the gifts, grants, or endowments provided those terms do not conflict with any provisions of this section or any guidelines developed to prioritize reimbursement of removal projects associated with this chapter. Moneys in the account may only be spent after appropriation. Expenditures from the account (shall) must be used by the department to reimburse authorized public entities for up to ninety percent of the total reasonable and auditable administrative, removal, disposal, and environmental damage costs of abandoned or derelict vessels when the previous owner is either unknown after a reasonable search effort or insolvent. Reimbursement (shall) may not be made unless the department determines that the public entity has made reasonable efforts to identify and locate the party responsible for the vessel, regardless of the title of owner of the vessel. Funds in the account resulting from transfers from the general fund or from the deposit of funds from the watercraft excise tax as provided for under RCW 82.49.030 (shall) must be used to reimburse one hundred percent of these costs and should be prioritized for the removal of large vessels. Costs associated with removal and disposal of an abandoned or derelict vessel under the authority granted in RCW 53.08.320 also qualify for reimbursement from the derelict vessel removal account. In each biennium, up to twenty percent of the expenditures from the account may be used for administrative expenses of the department of licensing and department of natural resources in implementing this chapter.

(2) If the balance of the account reaches one million dollars as of March 1st of any year, exclusive of any transfer or appropriation of funds into the account or funds deposited into the account collected under (RCW 88.02.270) section 1028(5) of this act, the department must notify the department of licensing and the collection of any fees associated with this account must be suspended for the following fiscal year.

(3) Priority for use of this account is for the removal of derelict and abandoned vessels that are in danger of sinking, breaking up, or blocking navigation channels, or that present environmental risks such as leaking fuel or other hazardous substances. The department must develop criteria, in the form of informal guidelines, to prioritize removal projects associated with this chapter, but may not consider whether the applicant is a state or local entity when prioritizing. The guidelines must also include guidance to the authorized public entities as to what removal activities and associated costs are reasonable and eligible for reimbursement.

(4) The department must keep all authorized public entities apprized of the balance of the derelict vessel removal account and the funds available for reimbursement. The guidelines developed by the department must also be made available to the other authorized public entities. This subsection (4) must be satisfied by utilizing the least costly method, including maintaining the information on the department's internet web site, or any other cost-effective method.

(5) An authorized public entity may contribute its ten percent of costs that are not eligible for reimbursement by using in-kind services, including the use of existing staff, equipment, and volunteers.

(6) This chapter does not guarantee reimbursement for an authorized public entity. Authorized public entities seeking certainty in reimbursement prior to taking action under this chapter may first notify the department of their proposed action and the estimated total costs. Upon notification by an authorized public entity, the department must make the authorized public entity aware of the status of the fund and the likelihood of reimbursement being available. The department may offer technical assistance and assure reimbursement for up to two years following the removal action if an assurance is appropriate given the balance of the fund and the details of the proposed action.

(1) The tax levied by RCW 82.08.020 does not apply to sales of motor vehicles, trailers, or campers to nonresidents of this state for use outside of this state, even when delivery is made within this state, but only if:

This subsection does not prevent the department from contacting a buyer as a result of information obtained from a source other than the seller's records.

(4)(a) Any person making fraudulent statements, which includes the offer of fraudulent identification or fraudulently procured identification to a seller, in order to purchase a motor vehicle, trailer, or camper without paying retail sales tax is guilty of perjury under chapter 9A.72 RCW.

out of which real estate taxes are paid shall have priority to said deferred lien. This lien may accumulate up to forty percent of the amount of the claimant's equity value in said property and the rate of interest shall be an average of the federal short-term rate as defined in 26 U.S.C. Sec. 1274(d) plus two percentage points. The rate set for each new year shall be computed by taking an arithmetical average to the nearest percentage point of the federal short-term rate, compounded annually. That average shall be calculated using the rates from four months: January, April, and July of the calendar year immediately preceding the new year, and October of the previous preceding year. The interest shall be calculated from the time it could have been paid before delinquency until said obligation is paid. In the case of a mobile home, the department of licensing shall show the state's lien on the certificate of (ownership) title for the mobile home. FIFTY FIFTH DAY, MARCH 6, 2010

passed the Senate by the following vote: Yeas, 48; Nays, 0; Absent, 0; Excused, 1.

Excused: Senator McCaslin

SUBSTITUTE SENATE BILL NO. 6208, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

On motion of Senator Eide, the Senate advanced to the sixth order of business.

SECOND READING

SENATE BILL NO. 6143, by Senator Prentice

Relating to revenue and taxation. Revised for 1st Substitute: Modifying excise tax laws to preserve funding for public schools, colleges, and universities, as well as other public systems essential for the safety, health, and security of all Washingtonians.

MOTION

Senator Prentice moved that Substitute Senate Bill No. 6143 be substituted for Senate Bill No. 6143 and the substitute bill be placed on the second reading and read the second time.

POINT OF ORDER

Senator Benton: “Thank you Mr. President. Senate Rule 25 requires that no bill contain more than one subject. I believe that this bill is not properly before the Senate as it appears to have more than one subject and should not be placed on the second reading calendar. I offer the following arguments for your consideration. Senate Rule 25 is based on Article II, Section 19 of the Washington State Constitution. It has been interpreted on a number of occasions by our State Supreme Court. This provision is placed in the Constitution and appears in Senate Rule 25 to prevent a practice known as ‘log rolling.’ Defined in Webster’s Dictionary ‘log rolling’ is the exchanging of a assistance of favors specifically the training of votes by legislation to secure…”

REPLY BY THE PRESIDENT

President Owen: “Senator Benton, you may give a brief explanation, not the history. Just a brief explanation to your point please.”

POINT OF ORDER

Senator Benton: “Our Supreme Court has repeatedly stated Mr. President, that one of the purposes of Article II, Section 19 is to prevent the combining of different bills or policies but could not pass on their own. This bill contains twenty-one different taxes and I don’t believe that each of these could stand on its own.

For these reasons, I believe the bill is improperly before us under Rule 25 of the Rules of the Senate and ask that you rule thereon.”

Senator Eide spoke against the point of order.

RULING BY THE PRESIDENT

President Owen: “In ruling on the point of order raised by Senator Benton, Rule 25 essentially requires that the subject matter of the bill be reflected in the title of the bill. This title refers to the modification of excise tax laws, and each of the different matters contained in the bill fits within the broad title. The title properly reflects the contents of the bill.

For these reasons, Sen. Benton’s Point is not well taken.”

The President declared the question before the Senate to be the motion by Senator Prentice that Substitute Senate Bill No. 6143 be substituted for Senate Bill No. 6143 and the substitute bill be placed on the second reading calendar.

The motion by Senator Prentice carried and the substitute bill was substituted.

On page 15, beginning on line 1, strike everything through page 20 line 3 and insert the following:

"NEW SECTION, Sec. 201. A new section is added to chapter 82.32 RCW to read as follows:

(1) Unless otherwise specifically provided in statute, the department must respect the form of a transaction.

(2) The following transactions are considered to be "specified tax avoidance transactions":

(a) Joint venture arrangements between construction contractors and the owner/developer of construction projects that are in essence guaranteed payments for the purchase of construction services specifically characterized by a failure of the joint venture agreements to provide for the contractor to share substantial profits and bear significant risk in the venture;

(b) A transaction, related series of transactions or other arrangement without a valid business purpose that result in a person avoiding tax on the receipt of income that would otherwise without such planning be subject to taxation in Washington provided that such income derives from a transaction with a person that is not affiliated with the taxpayer; and

(c) For purposes of this subsection, "affiliated" means under common control. "Control" means the possession, directly or indirectly, of more than fifty percent of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting shares, by contract, or otherwise.

(3) Solely for purposes of denying the tax benefit that would otherwise result on specified tax avoidance transactions, the department may take any reasonable steps necessary to deny the tax benefit that would otherwise arise as a result of the specified tax avoidance transaction.

(3) The department must by rule provide guidance on specified tax avoidance transactions. The adoption of a rule as required under this subsection is not a condition precedent for the department to use the authority provided in this section to correct specified tax avoidance transactions. The rule adopted under this section must include examples of specified tax avoidance transactions.

NEW SECTION, Sec. 202. A new section is added to chapter 82. RCW to read as follows:

(1)(a) The department may not use section 201 of this act to disregard any transaction, plan, or arrangement initiated before April 1, 2010.

Sec. 203. RCW 82.32.090 and 2006 c 256 s 6 are each amended to read as follows:

(1) If payment of any tax due on a return to be filed by a taxpayer is not received by the department of revenue by the due date, there ((shall be)) is assessed a penalty of five percent of the amount of the tax; and if the tax is not received on or before the last day of the month following the due date, there ((shall be)) is assessed a total penalty of fifteen percent of the amount of the tax under this subsection; and if the tax is not received on or before the last day of the second month following the due date, there ((shall be)) is assessed a total penalty of twenty-five percent of the amount of the tax under this subsection. No penalty so added shall be less than five dollars.

(2) If the department of revenue determines that any tax has been substantially underpaid, there ((shall be)) is assessed a penalty of five percent of the amount of the tax determined by the department to be due. If payment of any tax determined by the department to be due is not received by the department by the due date specified in the notice, or any extension thereof, there ((shall be)) is assessed a total penalty of fifteen percent of the amount of the tax under this subsection; and if payment of any tax determined by the department to be due is not received on or before the thirtieth day following the due date specified in the notice of tax due, or any extension thereof, there ((shall be)) is assessed a total penalty of twenty-five percent of the amount of the tax under this subsection. No penalty so added ((shall)) may be less than five dollars. As used in this section, "substantially underpaid" means that the taxpayer has paid less than eighty percent of the amount of tax determined by the department to be due for all of the types of taxes included in, and for the entire period of time covered by, the department's examination, and the amount of underpayment is at least one thousand dollars.

(3) If a warrant ((is)) is issued by the department ((of revenue)) for the collection of taxes, increases, and penalties, there ((shall)) is added thereto a penalty of ten percent of the amount of the tax, but not less than ten dollars.

(4) If the department finds that a person has engaged in any business or performed any act upon which a tax is imposed under this title and that person has not obtained from the department a registration certificate as required by RCW 82.32.030, the department ((shall)) must impose a penalty of five percent of the amount of tax due from that person for the period that the person was not registered as required by RCW 82.32.030. The department ((shall)) may not impose the penalty under this subsection (4) if a person who has engaged in business taxable under this title without first having registered as required by RCW 82.32.030, prior to any notification by the department of the need to register, obtains a registration certificate from the department.

(5) If the department finds that all or any part of a deficiency resulted from the disregard of specific written instructions as to reporting or tax liabilities, the department ((shall)) must add a penalty of ten percent of the amount of the additional tax found due because of the failure to follow the instructions. A taxpayer disregards specific written instructions when the department ((of revenue)) has informed the taxpayer in writing of the taxpayer's tax obligations and the taxpayer fails to act in accordance with those instructions unless the department has not issued final instructions because the matter is under appeal pursuant to this chapter or departmental regulations. The department ((shall)) may not assess the penalty under this section upon any taxpayer who has made a good faith effort to comply with the specific written instructions provided by the department to that taxpayer. Specific written instructions may be given as a part of a tax assessment, audit, determination, or closing agreement, provided that such specific written instructions ((shall)) apply only to the taxpayer addressed or referenced on such documents. Any specific written instructions by the department ((of revenue shall)) must be clearly identified as such and ((shall)) must inform the taxpayer that failure to follow the instructions may subject the taxpayer to the penalties imposed by this subsection.

(6) If the department finds that all or any part of a deficiency resulted from engaging in a specified tax avoidance transaction, as described in section 201(2) of this act, the department must assess a penalty of thirty-five percent of the additional tax found to be due as a result of engaging in the specified tax avoidance transaction. The penalty provided in this subsection may be assessed together with any other applicable penalties provided in this section on the same
(7) If the department finds that all or any part of the deficiency resulted from an intent to evade the tax payable, a further penalty of fifty percent of the additional tax found to be due must be added.

(8) The penalties imposed under subsections (1) through (4) of this section can each be imposed on the same tax found to be due. This subsection does not prohibit or restrict the application of other penalties authorized by law.

(9) The department may not impose both the evasion penalty and the penalty for disregarding specific written instructions or the penalty provided in subsection (6) of this section on the same tax found to be due.

For the purposes of this section, "return" means any document a person is required by the state of Washington to file to satisfy or establish a tax or fee obligation that is administered or collected by the department, and that has a statutorily defined due date.

NEW SECTION. Sec. 204. (1) The legislature finds that this state's tax policy with respect to the taxation of transactions between affiliated entities and the income derived from such transactions (intercompany transactions) has motivated some taxpayers to engage in transactions designed solely or primarily to minimize the tax effects of intercompany transactions. The legislature further finds that some intercompany transactions result from taxpayers that are required to establish affiliated entities to comply with regulatory mandates and that transactions between such affiliates effectively increase the tax burden in this state on the affiliated group of entities. The legislature also finds that certain legal doctrines available in other jurisdictions may be beneficial in administering state excise taxes.

(2) Therefore, the department of revenue is directed to conduct a review of the state's tax policy with respect to the taxation of intercompany transactions. The review must include the impacts of such transactions under the state's business and occupation tax and state and local sales and use taxes. The department may include other taxes in the review as it deems appropriate. The department shall also study the necessity for and desirability of adopting certain interpretive and judicial doctrines in administering excise taxes.

(3) In conducting the review, the department must examine how this state's tax policy compares to the tax policy of other states with respect to the taxation of intercompany transactions and the use of certain interpretive doctrines. The department's review must include an analysis of potential alternatives to the current policy of taxing intercompany transactions, including their estimated revenue impacts if practicable.

(4) In conducting this review, the department must seek input from members of the business community and others as it deems appropriate.

(5) The department must report its findings to the fiscal committees of the house of representatives and senate by December 1, 2010. However, if the department has not completed its review by December 1, 2010, the department must provide the fiscal committees of the legislature with a brief status report by December 1, 2010, and the final report by December 1, 2011.

My understanding is that agents are under brokers. It is an umbrella the way the commission works and it splits between the two and the RCW which is 82.04.255, specifically goes into detail there. So my understanding from our Ways & Means staff is yes, in fact it does. This would voting in favor of this amendment would remove brokers and agents from the B & O tax.”

MR. PRESIDENT:
The House passed ENGROSSED SENATE BILL NO. 6261 with the following amendment(s): 6261.E AMH ENGR H5381.E 6261.E AMH ENGR H5381.E

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 35.21.217 and 1998 c 285 s 1 are each amended to read as follows:

(1) Prior to furnishing utility services, a city or town may require a deposit to guarantee payment for services. However, failure to require a deposit does not affect the validity of any lien authorized by RCW 35.21.290 or 35.67.200. A city or town may determine how to apply partial payments on past due accounts.

(2) A city or town may provide a real property owner or the owner's designee with duplicates of tenant utility service bills, or may notify an owner or the owner's designee that a tenant's utility account is delinquent. However, if an owner or the owner's designee notifies the city or town in writing that a property served by the city or town is a residential rental property, asks to be notified of a tenant's delinquency, and has provided, in writing, a complete and accurate mailing address, the city or town shall notify the owner or the owner's designee of a residential tenant's delinquency at the same time and in the same manner the city or town notifies the tenant of the tenant's delinquency or by mail, and the city or town is prohibited from collecting from the owner or the owner's designee any charges for electric light or power services more than four months past due. When a city or town provides a real property owner or the owner's designee with duplicates of residential tenant utility service bills or notice that a tenant's utility account is delinquent, the city or town shall notify the tenant that it is providing the duplicate bills or delinquency notice to the owner or the owner's designee.

(3) After (January 1, 1999) August 1, 2010, if a city or town fails to notify the owner of a tenant's delinquency after receiving a written request to do so and after receiving the other information required by this subsection, the city or town shall have no lien against the premises for the residential tenant's delinquent and unpaid charges and is prohibited from collecting the tenant's delinquent and unpaid charges for electric light or power services from the owner or the owner's designee.

(4) When a utility account is in a tenant's name, the owner of the owner's designee shall notify the city or town in writing within fourteen days of the termination of the rental agreement and vacation of the premises. If the owner or the owner's designee fails to provide this notice, a city or town providing electric light or power services is not limited to collecting only up to four months of a tenant's delinquent charges from the owner or the owner's designee, provided that the city or town has complied with the notification requirements of subsection (3) of this section.

(5)(a) If an occupied multiple residential rental unit receives utility service through a single utility account, if the utility account's billing address is not the same as the service address of a residential rental property, or if the city or town has been notified that a tenant resides at the service address, the city or town shall make a good faith and reasonable effort to provide written notice to the service address of pending disconnection of electric power and light or water service for nonpayment at least seven calendar days prior to disconnection. The purpose of this notice is to provide any affected tenant an opportunity to resolve the delinquency with his or her landlord or to arrange for continued service. If requested, a city or town shall provide electric power and light or water services to an affected tenant on the same terms and conditions as other residential utility customers, without requiring that he or she pay delinquent amounts for services billed directly to the property owner or a previous tenant except as otherwise allowed by law and only where the city or town offers the opportunity for the affected tenant to set up a reasonable payment plan for the delinquent amounts legally due. If a landlord fails to pay for electric power and light or water services, any tenant who requests that the services be placed in his or her name may deduct from the rent due all reasonable charges paid by the tenant to the city or town for such services. A landlord may not take or threaten to take reprisals or retaliatory action as defined in RCW 59.18.240 against a tenant who deduces from his or her rent payments made to a city or town as provided in this subsection.

(b) Nothing in this subsection (5) affects the validity of any lien authorized by RCW 35.21.290 or 35.67.200. Furthermore, a city or town that provides electric power and light or water services to a residential tenant in these circumstances shall retain the right to collect from the property owner, previous tenant, or both, any delinquent amounts due for service previously provided to the service address if the city or town has complied with the notification requirements of subsection (3) of this section when applicable.

and amendments and the title, we had a ruling on it earlier regarding the separate subjects and you did do the ruling back that it was in fact the title revenue and taxation covered everywhere at that point. So, I'm asking you to rule in saying that Senator Benton's point of order is out of order."

REPLY BY THE PRESIDENT

President Owen: “Senator Eide, the President is going to have to leave the rostrum in order to deal with this so… Whatever you would like to do but he is about to do that. So, if you either want to go to ease or just mill around.”

RULING BY THE PRESIDENT

President Owen: “In ruling upon the call by Senator Benton to divide the underlying measure into discrete parts for an individual vote, the President finds and rules as follows:

The President begins by observing that the actual question of Third Reading cannot be divided, as the single and only question presented is the final passage of the bill. The remaining issue is whether a bill, itself, may be divided into separate parts.

Senate Rule 31 clearly allows any member to divide any question before the Senate, but it comes with a very important limitation: the individual sections divided out must be substantively and procedurally able to function on their own, independent of each other and irrespective of how the whole matter is ultimately decided. Division may therefore properly be used to break out the individual parts of a motion with multiple restrictions or purposes—for example, a motion to go to the Ninth Order for a particular purpose could be divided into a question to go to that order and another to limit the purpose once there. Each part of the question could stand on its own.

Similarly, division may properly be used to separate out discrete sections of amendments in some cases, because any parts ultimately adopted will be incorporated into a full bill at some point. Reed’s Rules anticipate dividing amendments in sections 151 and 152, but there is no similar provision for dividing a bill in its entirety. The reason for this seems clear: unlike an amendment, a bill may not properly be divided, because it is not possible to achieve any reasonable division which would allow each part to function independent of the others. Indeed, Reed’s section 151’s last sentence anticipates the problem, stating, ‘A division between a clause and its proviso could not be had, for instance, because the proviso standing alone would mean nothing.’

Every measure needs, for example, a title and an enacting clause. It is not reasonable or possible to divide these among the sections of a bill and still ensure that each division could separately function on its own. Moreover, there is the very real potential for great confusion to arise among the body and the public were bills to be allowed to be divided in this manner. The ensuing logistical chaos and uncertainty as to the ultimate disposition of a measure would be considerable. Avoiding the confusion that could result from such a division is of paramount importance, and thus the President ends with where he began by holding that the question contemplated for division in this case is the final passage of the bill, which—like the individual parts of a bill itself—cannot be divided.

For these reasons, Senator Benton’s call is not in order and the bill may not be divided into separate parts for individual consideration.”

MESSAGE FROM THE HOUSE

March 4, 2010

MR. PRESIDENT:
The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6359 with the following amendment(s): 6359-S.E AMH APPE H5441.1.

Strike everything after the enacting clause and insert the following:

"NEW SECTION.  Sec. 1. The legislature finds that Washington's community and technical college system consists of thirty-four two-year institutions geographically dispersed across the state to encourage and enable student access and participation. The legislature also finds that, compared with other states, Washington's two-year public participation rate is ranked as high as fifth in the nation. The legislature further finds that Washington's community and technical colleges have been making and are continuing to make great progress towards system efficiencies and coordination of their efforts through such things as common course numbering, the student achievement initiative, associate transfer degrees, eLearning and integrated basic education, skills training, and some common administrative systems. While maintaining Washington's recognized leadership in community and technical college education, the legislature intends to provide mechanisms to encourage further efficiencies that will provide cost savings to be used to enhance student access and success, strengthen academic
programs, and develop and retain high quality faculty through cost-effective partnerships and coordination between institutions, including shared services and increased complementary programming, as well as structural administrative efficiencies.

**Sec. 2.** RCW 28B.50.020 and 2009 c 64 s 2 are each amended to read as follows:

The purpose of this chapter is to provide for the dramatically increasing number of students requiring high standards of education either as a part of the continuing higher education program or for occupational education and training, or for adult basic skills and literacy education, by creating a new, independent system of community and technical colleges which will:

(1) Offer an open door to every citizen, regardless of his or her academic background or experience, at a cost normally within his or her economic means;

(2) Ensure that each college district, in coordination with adjacent college districts, shall offer thoroughly comprehensive educational, training, and service programs to meet the needs of both the communities and students served by combining high standards of excellence in academic transfer courses; realistic and practical courses in occupational education, both graded and ungraded; community services of an educational, cultural, and recreational nature; and adult education, including basic skills and general, family, and workforce literacy programs and services;

(3) Provide for basic skills and literacy education, and occupational education and technical training (at technical colleges) in order to prepare students for careers in a competitive workforce;

(4) Provide or coordinate related and supplemental instruction for apprentices at community and technical colleges;

(5) Provide administration by state and local boards which will avoid unnecessary duplication of facilities, programs, student services, or administrative functions; and which will encourage efficiency in operation and creativity and imagination in education, training, and service to meet the needs of the community and students;

(6) Allow for the growth, improvement, flexibility and modification of the community colleges and their education, training, and service programs as future needs occur; and

(7) Establish firmly that, except on a pilot basis as provided under RCW 28B.50.810, community colleges are, for purposes of academic training, two year institutions, and are an independent, unique, and vital section of our state's higher education system, providing basic skills and literacy education and training, or for adult basic skills and literacy education, by creating a new, independent system of community and technical colleges which will:

(a) That each college district, in coordination with colleges within a regional area, shall offer thoroughly comprehensive educational, training, and service programs to meet the needs of both the communities and students served by combining high standards of excellence in academic transfer courses; realistic and practical courses in occupational education, both graded and ungraded; and community services of an educational, cultural, and recreational nature; and adult education, including basic skills and general, family, and workforce literacy programs and services;

(b) That each college district shall maintain an open-door policy, to the end that no student will be denied admission because of the location of the student's residence or because of the student's educational background or ability; that, insofar as is practical in the judgment of the college board, curriculum offerings will be provided to meet the educational and training needs of the community generally and the students thereof; and that all students, regardless of their differing courses of study, will be considered, known and recognized equally as members of the student body:

PROVIDED, That the administrative officers of a community or technical college may deny admission to a prospective student or attendance to an enrolled student if, in their judgment, the student would not be competent to profit from the curriculum offerings of the college, or would, by his or her presence or conduct, create a disruptive atmosphere within the college not consistent with the purposes of the institution. This subsection (5)(b) shall not apply to competency, conduct, or presence associated with a disability in a person twenty-one years of age or younger attending a technical college;

(4) Prepare a comprehensive master plan for the development of community and technical college education and training in the state; and assist the office of financial management in the preparation of enrollment projections to support plans for providing adequate college facilities in all areas of the state. The master plan shall include implementation of the vision, goals, priorities, and strategies in the statewide strategic master plan for higher education under RCW 28B.76.200 based on the community and technical college system's role and mission. The master plan shall also contain measurable performance indicators and benchmarks for gauging progress toward achieving the goals and priorities;

(5) Define and administer criteria and guidelines for the establishment of new community and technical colleges or campuses within the existing districts;

(6) Establish criteria and procedures for modifying district boundary lines and consolidating district structures to form multiple campus districts consistent with the purposes set forth in RCW 28B.50.020 as now or hereafter amended and in accordance therewith make such changes as it deems advisable;

(7) Establish minimum standards to govern the operation of the community and technical colleges with respect to:

(a) Qualifications and credentials of instructional and key administrative personnel, except as otherwise provided in the state plan for vocational education,

(b) Internal budgeting, accounting, auditing, and financial procedures as necessary to supplement the general requirements prescribed pursuant to chapter 43.88 RCW;

(c) The content of the curriculums and other educational and training programs, and the requirement for degrees and certificates awarded by the colleges,

(d) Standard admission policies,

(e) Eligibility of courses to receive state fund support;

(8) Establish and administer criteria and procedures for all capital construction including the establishment, installation, and expansion of facilities within the various college districts;

(9) Encourage innovation in the development of new educational and training programs and instructional methods; coordinate research efforts to this end; and disseminate the findings thereof.

28B.50 RCW to read as follows:

(1) The state board for community and technical colleges, in
collaboration with the boards of trustees for the community and
technical colleges, shall identify potential administrative
efficiencies, complementary administrative functions, and
complementary academic programs based upon consultation with
colleges within a regional area. To study and identify potential
administrative efficiencies and complementary administrative
functions and programs, colleges within the regional area shall work
with stakeholders including faculty and staff representatives
appointed by their respective unions. Factors to be considered
include, but are not limited to:
(a) The economic feasibility and cost savings anticipated from
the proposed changes;
(b) The extent to which the changes will contribute to student
access to academic programs and services, including greater
flexibility for students to transfer credits and obtain degrees and
certificates from other colleges within the regional area; and
(c) The extent to which the changes contribute to the vision,
goals, priorities, and statewide strategies in the comprehensive
master plan and the statewide strategic master plan for higher
education.

(2) The state board for community and technical colleges shall
develop and adopt a detailed plan for the implementation of any
identified changes that would result in cost savings while
maintaining or enhancing student access and achievement. If
educational programs are identified that would provide cost savings
if consolidated, the faculty and staff of those programs shall be
convened to assist in the development of the part of the plan that will
impact their programs and collective bargaining agreements.
The plan must establish a time frame within which any proposed
changes must be accomplished and must include any agreements,
approved by the state board for community and technical colleges,
between colleges within a regional area to provide complementary
academic programs or coordinate administrative functions. The
implementation plan shall take effect upon approval by the state
board for community and technical colleges. The state board shall
submit a preliminary report on the plan to the appropriate legislative
committees and the governor December 1, 2010, and shall submit a
final report December 1, 2011.

(3) Any cost savings realized as a result of the implementation
of administrative efficiencies, complementary administrative
functions, and complementary academic programming under the
plan shall be retained by the respective districts to be used for
enhancing student access and success, and the retention and
recruitment of high quality faculty, including but not limited to,
full-time faculty, faculty development, and academic programs.

(4) The college board, using the criteria and processes
established in this section and in consultation with the boards of
trustees for the community and technical colleges, shall identify
adjacent college districts that can feasibly be consolidated or whose
boundaries can feasibly be modified to form a multiple campus
district. The primary considerations shall be the extent to which the
changes will: (a) Affect student access to academic programs and
services, (b) affect the retention and recruitment of high quality
faculty, and (c) result in financial efficiencies.

(5) By December 1, 2012, the college board, in consultation
with local boards of trustees, shall evaluate any proposed district
consolidations or boundary changes identified in subsection (4) of
this section as it deems advisable and shall submit any required
supporting legislative changes to the governor and appropriate
committees of the legislature.

NEW SECTION. Sec. 2. A new section is added to chapter 59.18 RCW to read as follows:

(1) Local municipalities may require that landlords provide a certificate of inspection as a business license condition. A local municipality does not need to have a business license or registration program in order to require that landlords provide a certificate of inspection. A certificate of inspection does not preclude or limit inspections conducted pursuant to the tenant remedy as provided for in RCW 59.18.115, at the request or consent of the tenant, or pursuant to a warrant.

(2) A qualified inspector who is conducting an inspection under this section may only investigate a rental property as needed to provide a certificate of inspection.

(3) A local municipality may only require a certificate of inspection on a rental property once every three years.

(4) A rental property that has received a certificate of occupancy within the last four years and has had no code violations reported on the property during that period is exempt from inspection under this section.

(b) A rental property inspected by a government agency or other qualified inspector within the previous twenty-four months may provide proof of that inspection which the local municipality may accept in lieu of a certificate of inspection. If any additional inspections of the rental property are conducted, a copy of the findings of these inspections may also be required by the local municipality.

(5) A rental property owner may choose to inspect one hundred percent of the units on the rental property and provide only the certificate of inspection for all units to the local municipality. However, if a rental property owner chooses to inspect only a sampling of the units, the owner must send written notice of the inspection to all units at the property. The notice must advise tenants that some of the units at the property will be inspected and that the tenants whose units need repairs or maintenance should send written notification to the landlord as provided in RCW 59.18.070. The notice must also advise tenants that if the landlord fails to adequately respond to the request for repairs or maintenance, the tenants may contact local municipality officials. A copy of the notice must be provided to the inspector upon request on the day of inspection.

(6) If a rental property has twenty or fewer dwelling units, no more than four dwelling units at the rental property may be selected by the local municipality to provide a certificate of inspection as long as the initial inspection reveals that no conditions exist that endanger or impair the health or safety of a tenant.

(b) If a rental property has twenty-one or more units, no more than twenty percent of the units, rounded up to the next whole number, on the rental property, and up to a maximum of fifty units at
any one property, may be selected by the local municipality to provide a certificate of inspection as long as the initial inspection reveals that no conditions exist that endanger or impair the health or safety of a tenant.

(c) If a rental property is asked to provide a certificate of inspection for a sample of units on the property and a selected unit fails the initial inspection, the local municipality may require up to one hundred percent of the units on the rental property to provide a certificate of inspection.

(d) If a rental property has had conditions that endanger or impair the health or safety of a tenant reported since the last required inspection, the local municipality may require one hundred percent of the units on the rental property to provide a certificate of inspection.

(e) If a rental property owner chooses to hire a qualified inspector other than a municipal housing code enforcement officer, and a selected unit of the rental property fails the initial inspection, both the results of the initial inspection and any certificate of inspection must be provided to the local municipality.

(7)(a) The landlord shall provide written notification of his or her intent to enter an individual unit for the purposes of providing a local municipality with a certificate of inspection in accordance with RCW 59.18.150(6). The written notice must indicate the date and approximate time of the inspection and the company or person performing the inspection, and that the tenant has the right to see the inspector’s identification before the inspector enters the individual unit. A copy of this notice must be provided to the inspector upon request on the day of inspection.

(b) A tenant who continues to deny access to his or her unit is subject to RCW 59.18.150(8).

(8) If a rental property owner does not agree with the findings of an inspection performed by a local municipality under this section, the local municipality shall offer an appeals process.

(9) A penalty for noncompliance under this section may be assessed by a local municipality. A local municipality may also notify the landlord that until a certificate of inspection is provided, it is unlawful to rent or to allow a tenant to continue to occupy the dwelling unit.

(10) Any person who knowingly submits or assists in the submission of a falsified certificate of inspection, or knowingly submits falsified information upon which a certificate of inspection is issued, is, in addition to the penalties provided for in subsection (9) of this section, guilty of a gross misdemeanor and must be punished by a fine of not more than five thousand dollars.

(11) As of the effective date of this section, a local municipality may not enact an ordinance requiring a certificate of inspection unless the ordinance complies with this section. This prohibition does not preclude any amendments made to ordinances adopted before the effective date of this section.

Sec. 3. RCW 59.18.150 and 2002 c 263 s 1 are each amended to read as follows:

(1) The tenant shall not unreasonably withhold consent to the landlord to enter into the dwelling unit in order to inspect the premises, make necessary or agreed repairs, alterations, or improvements, supply necessary or agreed services, or exhibit the dwelling unit to prospective or actual purchasers, mortgagees, tenants, workers, or contractors.

(2) Upon written notice of intent to seek a search warrant, when a tenant or landlord denies a fire official the right to search a dwelling unit, a fire official may immediately seek a search warrant and, upon a showing of probable cause specific to the dwelling unit sought to be searched that criminal fire code violations exist in the dwelling unit, a court of competent jurisdiction shall issue a warrant allowing a search of the dwelling unit.

Upon written notice of intent to seek a search warrant, when a landlord denies a fire official the right to search the common areas of the rental building other than the dwelling unit, a fire official may immediately seek a search warrant and, upon a showing of probable cause specific to the common area sought to be searched that a criminal fire code violation exists in those areas, a court of competent jurisdiction shall issue a warrant allowing a search of the common areas in which the violation is alleged.

The superior court and courts of limited jurisdiction organized under Titles 3, 35, and 35A RCW have jurisdiction to issue such search warrants. Evidence obtained pursuant to any such search may be used in a civil or administrative enforcement action.

(3) As used in this section:

(a) "Common areas" means a common area or those areas that contain electrical, plumbing, and mechanical equipment and facilities used for the operation of the rental building.

(b) "Fire official" means any fire official authorized to enforce the state or local fire code.

(4)(a) A search warrant may be issued by a judge of a superior court or a court of limited jurisdiction under Titles 3, 35, and 35A RCW to a code enforcement official of the state or of any county, city, or other political subdivision for the purpose of allowing the inspection of any specified dwelling unit and premises to determine the presence of an unsafe building condition or a violation of any building regulation, statute, or ordinance.

(b) A search warrant must only be issued upon application of a designated officer or employee of a county or city prosecuting or regulatory authority supported by an affidavit or declaratory made under oath or upon sworn testimony before the judge, establishing probable cause that a violation of a state or local law, regulation, or ordinance regarding rental housing exists and endangers the health or safety of the tenant or adjoining neighbors. In addition, the affidavit must contain a statement that consent to inspect has been sought from the owner and the tenant but could not be obtained because the owner or the tenant either refused or failed to respond within five days, or a statement setting forth facts or circumstances reasonably justifying the failure to seek such consent. A landlord may not take or threaten to take reprisals or retaliatory action as defined in RCW 59.18.240 against a tenant who gives consent to a code enforcement official of the state or of any county, city, or other political subdivision to inspect his or her dwelling unit to determine the presence of an unsafe building condition or a violation of any building regulation, statute, or ordinance.

(c) In determining probable cause, the judge is not limited to evidence of specific knowledge, but may also consider any of the following:

(i) The age and general condition of the premises;

(ii) Previous violations or hazards found present in the premises;

(iii) The type of premises;

(iv) The purposes for which the premises are used; or

(v) The presence of hazards or violations in and the general condition of premises near the premises sought to be inspected.

(d) Before issuing an inspection warrant, the judge shall find that the applicant has: (i) Provided written notice of the date, approximate time, and court in which the applicant will be seeking the warrant to the owner and, if the applicant reasonably believes the dwelling unit or rental property to be inspected is in the lawful possession of a tenant, to the tenant; and (ii) posted a copy of the notice on the exterior of the dwelling unit or rental property to be inspected. The judge shall also allow the owner and any tenant who appears during consideration of the application for the warrant to defend against or in support of the issuance of the warrant.

(e) All warrants must include at least the following:

(i) The name of the agency and building official requesting the warrant and authorized to conduct an inspection pursuant to the
warrant;
(ii) A reasonable description of the premises and items to be inspected; and
(iii) A brief description of the purposes of the inspection.
(f) An inspection warrant is effective for the time specified in the warrant, but not for a period of more than ten days unless it is extended or renewed by the judge who signed and issued the original warrant upon satisfying himself or herself that the extension or renewal is in the public interest. The inspection warrant must be executed and returned to the judge by whom it was issued within the time specified in the warrant or within the extended or renewed time. After the expiration of the time specified in the warrant, the warrant, unless executed, is void.

(g) An inspection pursuant to a warrant must not be made:
(i) Between 7:00 p.m. of any day and 8:00 a.m. of the succeeding day, on Saturday or Sunday, or on any local legal holiday, unless the owner or, if occupied, the tenant specifies a preference for inspection during such hours or on such a day;
(ii) Without the presence of an owner or occupant over the age of eighteen years or a person designated by the owner or occupant unless specifically authorized by a judge upon a showing that the authority is reasonably necessary to effectuate the purpose of the search warrant; or
(iii) By means of forcible entry, except that a judge may expressly authorize a forcible entry when:
   (A) Facts are shown that are sufficient to create a reasonable suspicion of a violation of a state or local law or rule relating to municipal or county building, fire, safety, environmental, animal control, land use, plumbing, electrical, health, minimum housing, or zoning standards that, if the violation existed, would be an immediate threat to the health or safety of the tenant; or
   (B) Facts are shown establishing that reasonable attempts to serve a previous warrant have been unsuccessful.

(h) Immediate execution of a warrant is prohibited, except when necessary to prevent loss of life or property.

(i) Any person who willfully refuses to permit inspection, obstructs inspection, or aids in the obstruction of an inspection of property authorized by warrant issued pursuant to this section is subject to remedial and punitive sanctions for contempt of court under chapter 7.21 RCW. Such conduct may also be subject to a civil penalty imposed by local ordinance that takes into consideration the facts and circumstances and the severity of the violation.

(5) The landlord may enter the dwelling unit without consent of the tenant in case of emergency or abandonment.

(((64))  (6)) The landlord shall not abuse the right of access or use it to harass the tenant. Except in the case of emergency or if it is impracticable to do so, the landlord shall give the tenant at least two days' notice of his or her intent to enter and shall enter only at reasonable times. The tenant shall not unreasonably withhold consent to the landlord to enter the dwelling unit at a specified time where the landlord has given at least one day's notice of intent to enter to exhibit the dwelling unit to prospective or actual purchasers or tenants. A landlord shall not unreasonably interfere with a tenant's enjoyment of the rented dwelling unit by excessively exhibiting the dwelling unit.

(((64))  (7)) The landlord has no other right of access except by court order, arbitrator or by consent of the tenant.

(((64))  (8)) A landlord or tenant who continues to violate the rights of the tenant or landlord with respect to the duties imposed on the other as set forth in this section after being served with a written notification alleging in good faith violations of this section listing the date and time of the violation shall be liable for up to one hundred dollars for each violation after receipt of the notice. The prevailing landlord or tenant may recover costs of the suit or arbitration under this section, and may also recover reasonable attorneys' fees.

(((64))  (9)) Nothing in this section is intended to (a) abrogate or modify in any way any common law right or privilege or (b) affect the common law as it relates to a local municipality's right of entry under emergency or exigent circumstances.

NEW SECTION.  Sec. 4. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

(6) The following vehicles, whether operated solo or in combination, are exempt from license registration and displaying license plates as required by this chapter:

(a) A converter gear used to convert a semitrailer into a trailer or a two-axle truck or tractor into a three or more axle truck or tractor or used in any other manner to increase the number of axles of a vehicle. Converter gear includes an auxiliary axle, booster axle, dolly, and jeep axle.
(8) This chapter does not apply to off-road vehicles used on nonhighway roads or used on streets, roads, or highways as authorized under RCW 46.09.180.

(9) This chapter does not apply to vehicles used by the state parks and recreation commission exclusively for park maintenance and operations upon public highways within state parks.

(10) Notices of traffic infraction issued to commercial drivers under the provisions of this chapter with respect to equipment required on commercial motor vehicles shall not be considered for driver improvement purposes under chapter 46.20 RCW.

(11) Whenever a traffic infraction is chargeable to the owner or lessee of a vehicle under subsection (1) of this section, the driver shall not be arrested or issued a notice of traffic infraction unless the vehicle is registered in a jurisdiction other than Washington state, or unless the infraction is for an offense that is clearly within the responsibility of the driver.

(12) Whenever the owner or lessee is issued a notice of traffic infraction under this section the court may, on the request of the owner or lessee, take appropriate steps to make the driver of the vehicle, or any other person who directs the loading, maintenance, or operation of the vehicle, a codefendant. If the codefendant is held solely responsible and is found to have committed the traffic infraction, the court may dismiss the notice against the owner or lessee.

Sec. 7. RCW 46.61.687 and 2007 c 510 s 4 are each amended to read as follows:

(1) Whenever a child who is less than sixteen years of age is being transported in a motor vehicle that is in operation and that is required by RCW 46.37.510 to be equipped with a safety belt system in a passenger seating position, or is being transported in a neighborhood electric vehicle or medium-speed electric vehicle that is in operation, the driver of the vehicle shall keep the child properly restrained as follows:

(a) A child must be restrained in a child restraint system, if the passenger seating position equipped with a safety belt system allows sufficient space for installation, until the child is eight years old, unless the child is four feet nine inches or taller. The child restraint system must comply with standards of the United States department of transportation and must be secured in the vehicle in accordance with instructions of the vehicle manufacturer and the child restraint system manufacturer.

(b) A child who is eight years of age or older or four feet nine inches or taller shall be properly restrained with the motor vehicle’s safety belt properly adjusted and fastened around the child’s body or an appropriately fitting child restraint system.

(c) The driver of a vehicle transporting a child who is under thirteen years old shall transport the child in the back seat positions in the vehicle where it is practical to do so.

(2) Enforcement of subsection (1) of this section is subject to a visual inspection by law enforcement to determine if the child restraint system in use is appropriate for the child’s individual height, weight, and age. The visual inspection for usage of a child restraint system must ensure that the child restraint system is being used in accordance with the instruction of the vehicle and the child restraint system manufacturers. The driver of a vehicle transporting a child who is under thirteen years old shall transport the child in the back seat positions in the vehicle where it is practical to do so.

(3) A person violating subsection (1) of this section may be issued a notice of traffic infraction under chapter 46.63 RCW. If the person to whom the notice was issued presents proof of acquisition of an approved child passenger restraint system or a child booster seat, as appropriate, within seven days to the jurisdiction issuing the notice and the person has not previously had a violation of this section dismissed, the jurisdiction shall dismiss the notice of traffic infraction.

(4) Failure to comply with the requirements of this section shall not constitute negligence by a parent or legal guardian. Failure to use a child restraint system shall not be admissible as evidence of negligence in any civil action.

(5) This section does not apply to: (a) For hire vehicles, (b) vehicles designed to transport sixteen or less passengers, including the driver, operated by auto transportation companies, as defined in RCW 81.68.010. (c) vehicles providing customer shuttle service between parking, convention, and hotel facilities, and airport terminals. (d) (d) golf carts, as defined in section 3 of this act, operating within a designated golf cart zone as described in section 4 of this act, and (e) school buses.

(6) As used in this section, “child restraint system” means a child passenger restraint system that meets the Federal Motor Vehicle Safety Standards set forth in 49 C.F.R. 571.213.

(7) The requirements of subsection (1) of this section do not apply in any seating position where there is only a lap belt available and the child weighs more than forty pounds.

(8)(a) Except as provided in (b) of this subsection, a person who has a current national certification as a child passenger safety technician and who in good faith provides inspection, adjustment, or educational services regarding child passenger restraint systems is not liable for civil damages resulting from any act or omission in providing the services, other than acts or omissions constituting gross negligence or willful or wanton misconduct.

(b) The immunity provided in this subsection does not apply to a certified child passenger safety technician who is employed by a retailer of child passenger restraint systems and who, during his or her hours of employment and while being compensated, provides inspection, adjustment, or educational services regarding child passenger restraint systems.”

Sec. 2. RCW 70.94.151 and 2008 c 14 s 5 are each amended to read as follows:

1. The board of any activated authority or the department, may classify air contaminant sources, by ordinance, resolution, rule or regulation, which in its judgment may cause or contribute to air pollution, according to levels and types of emissions and other characteristics which cause or contribute to air pollution, and may require registration or reporting or both for any such class or classes. Classifications made pursuant to this section may be for application to any designated area within the jurisdiction, and shall be made with special reference to effects on health, economic and social factors, and physical effects on property.

2. Except as provided in subsection (3) of this section, any person operating or responsible for the operation of air contaminant sources of any class for which the ordinances, resolutions, rules or regulations of the department or board of the authority, require registration or reporting shall register therewith and make reports containing information as may be required by such department or board concerning location, size and height of contaminant outlets, processes employed, nature of the contaminant emission and such other information as is relevant to air pollution and available or reasonably capable of being assembled. In the case of emissions of greenhouse gases as defined in RCW 70.235.010 the department shall adopt rules requiring reporting of those emissions. The department or board may require that such registration or reporting be accompanied by a fee, and may determine the amount of such fee for such class or classes: PROVIDED, That the amount of the fee shall only be to compensate for the costs of administering such registration or reporting program which shall be defined as initial registration and annual or other periodic reports from the source owner providing information directly related to air pollution registration, on-site inspections necessary to verify compliance with registration requirements, data storage and retrieval systems necessary for support of the registration program, emission inventory reports and emission reduction credits computed from information provided by sources pursuant to registration program requirements, staff review, including engineering or other reliable analysis for accuracy and currentness, of information provided by sources pursuant to registration program requirements, clerical and other office support provided in direct furtherance of the registration program, and administrative support provided in directly carrying out the registration program: PROVIDED FURTHER, That any such registration made with either the board or the department shall preclude a further registration and reporting with any other board or the department, except that emissions of greenhouse gases as defined in RCW 70.235.010 must be reported as required under subsection (5) of this section.

All registration program and reporting fees collected by the department shall be deposited in the air pollution control account. All registration program fees collected by the local air authorities shall be deposited in their respective treasuries.

3. If a registration or report has been filed for a grain warehouse or grain elevator as required under this section, registration, reporting, or a registration program fee shall not, after January 1, 1997, again be required under this section for the warehouse or elevator unless the capacity of the warehouse or elevator as listed as part of the license issued for the facility has been increased since the date the registration or reporting was last made. If the capacity of the warehouse or elevator listed as part of the license is increased, any registration or reporting required for the warehouse or elevator under this section must be made by the date the warehouse or elevator receives grain from the first harvest season that occurs after the increase in its capacity is listed in the license.

This subsection does not apply to a grain warehouse or grain elevator if the warehouse or elevator handles more than ten million bushels of grain annually.

4. For the purposes of subsection (3) of this section:

(a) A "grain warehouse" or "grain elevator" is an establishment classified in standard industrial classification (SIC) code 5153 for wholesale trade for which a license is required and includes, but is not limited to, such a licensed facility that also conducts cleaning operations for grain;
(b) A "license" is a license issued by the department of agriculture licensing a facility as a grain warehouse or grain elevator under chapter 22.09 RCW or a license issued by the federal government licensing a facility as a grain warehouse or grain elevator for purposes similar to those of licensure for the facility under chapter 22.09 RCW; and

(c) "Grain" means a grain or a pulse.

(5)(a) The department shall adopt rules requiring (the reporting of) persons to report emissions of greenhouse gases as defined in RCW 70.235.010. (The rules must include a de minimus amount of emissions below which reporting will not be required for both indirect and direct emissions. The rules must require that emissions of greenhouse gases resulting from the burning of fossil fuels be reported separately from emissions of greenhouse gases resulting from the burning of biomass. Except as provided in (b) of this subsection, the department shall, under the authority granted in subsection (1) of this section, adopt rules requiring any owner or operator: (i) Of a fleet of on-road motor vehicles that, in the preceding year, emit at least twenty-five hundred metric tons of greenhouse gas annually in the state to report the emissions of greenhouse gases generated from or emitted by that fleet; or (ii) Of a source or combination of sources that emit at least ten thousand metric tons of greenhouse gases annually in the state to report their total annual emissions of greenhouse gases. In calculating emissions of greenhouse gases for purposes of determining whether or not reporting is required, only direct emissions shall be included. For purposes of reporting emissions of greenhouse gases in chapter 14, Laws of 2008, \"source\" means any stationary source as defined in RCW 70.94.030, or mobile source used for transportation of people or cargo. The emissions of greenhouse gases must be reported as carbon dioxide equivalents. The rules must require that persons report 2009 emissions starting in 2010. The rules must establish an annual reporting schedule that takes into account the time needed to allow the owner or operator reporting emissions of greenhouse gases to gather the information needed and to verify the emissions being reported. However, in no event may reports be submitted later than October 31st of the year in which the report is due. The department may phase in the reporting requirements for sources or combinations of sources under (a)(ii) of this subsection until the reporting threshold is met, which must be met by January 1, 2012. The department may from time to time amend the rules to include other persons that emit less than the annual greenhouse gas emissions levels set out in this subsection if necessary to comply with any federal reporting requirements for emissions of greenhouse gases.

(b) In its rules, the department may defer the Reporting requirement under (a) of this subsection for emissions associated with interstate and international commercial aircraft, rail, truck, or marine vessels until (i) there is a federal requirement to report those emissions; or (ii) the department finds that there is a generally accepted reporting protocol for determining interstate emissions from these sources) where those emissions from a single facility, source, or site, or from fossil fuels sold in Washington by a single supplier meet or exceed ten thousand metric tons of carbon dioxide equivalent annually. The department may phase in the requirement to report greenhouse gas emissions until the reporting threshold in this subsection is met, which must occur by January 1, 2012. In addition, the rules must require that:

(i) Emissions of greenhouse gases resulting from the combustion of fossil fuels be reported separately from emissions of greenhouse gases resulting from the combustion of biomass;

(ii) Reporting will start in 2010 for 2009 emissions. Each annual report must include emissions data for the preceding calendar year and must be submitted to the department by October 31st of the year in which the report is due. However, starting in 2011, a person who is required to report greenhouse gas emissions to the United States environmental protection agency under 40 C.F.R. Part 98, as adopted on September 22, 2009, must submit the report required under this section to the department concurrent with the submission to the United States environmental protection agency. Except as otherwise provided in this section, the data for emissions in Washington and any corrections thereto that are reported to the United States environmental protection agency must be the emissions data reported to the department; and

(iii) Emissions of carbon dioxide associated with the complete combustion or oxidation of liquid motor vehicle fuel, special fuel, or aircraft fuel that is sold in Washington where the annual emissions associated with that combustion or oxidation equal or exceed ten thousand metric tons be reported to the department. Each person who is required to file periodic tax reports of motor vehicle fuel sales under RCW 82.38.150 or each distributor of aircraft fuel required to file periodic tax reports under RCW 82.42.040 must report to the department the annual emissions of carbon dioxide from the complete combustion or oxidation of the fuels listed in those reports as sold in the state of Washington. The department shall not require suppliers to use additional data to calculate greenhouse gas emissions other than the data the suppliers report to the department of licensing. The rules may allow this information to be aggregated when reported to the department. The department and the department of licensing shall enter into an interagency agreement to ensure proprietary and confidential information is protected if the departments share reported information. Any proprietary or confidential information exempt from disclosure when reported to the department of licensing is exempt from disclosure when shared by the department of licensing with the department under this provision.

(b)(i) Except as otherwise provided in this subsection, the rules adopted by the department under (a) of this subsection must be consistent with the regulations adopted by the United States environmental protection agency in 40 C.F.R. Part 98 on September 22, 2009.

(ii) The department may by rule include additional gases to the definition of \"greenhouse gas\" in RCW 70.235.010 only if the gas has been designated as a greenhouse gas by the United States congress or by the United States environmental protection agency. Prior to including additional gases to the definition of \"greenhouse gas\" in RCW 70.235.010, the department shall notify the appropriate committees of the legislature. Decisions to amend the rule to include additional gases must be made prior to December 1st of any year and the amended rule may not take effect before the end of the regular legislative session in the next year.

(iii) The department may by rule exempt persons who are required to report greenhouse gas emissions to the United States environmental protection agency and who emit less than ten thousand metric tons carbon dioxide equivalent annually.

(iv) The department must establish a methodology for persons who are not required to report under this section to voluntarily report their greenhouse gas emissions.

(c) The department shall review and if necessary update its rules whenever the United States environmental protection agency adopts final amendments to 40 C.F.R. Part 98 to ensure consistency with federal reporting requirements for emissions of greenhouse gases. However, the department shall not amend its rules in a manner that conflicts with (a) of this subsection.

(d) The department shall share any reporting information reported to it with the local air authority in which the \((\text{owner or operator})\) person reporting under the rules adopted by the department operates.

(e) The fee provisions in subsection (2) of this section apply to reporting of emissions of greenhouse gases.
The definitions in this section apply throughout this chapter.

((a)) (f) The energy facility site evaluation council shall, simultaneously with the department, adopt rules that impose greenhouse gas reporting requirements in site certifications on owners or operators of a facility permitted by the energy facility site evaluation council. The greenhouse gas reporting requirements imposed by the energy facility site evaluation council must be the same as the greenhouse gas reporting requirements imposed by the department. The department shall share any information reported to it from facilities permitted by the energy facility site evaluation council with the council, including notice of a facility that has failed to report as required. The energy facility site evaluation council shall contract with the department to monitor the reporting requirements adopted under this section.

((f) In developing its rules, the department shall, with the assistance of the department of transportation, identify a mechanism to report an aggregate estimate of the annual emissions of greenhouse gases generated from or emitted by otherwise unreported on-road motor vehicles.)

(g) The inclusion or failure to include any person, source, classes of persons or sources, or types of emissions of greenhouse gases into the department's rules for reporting under this section does not indicate whether such a person, source, or category is appropriate for inclusion in ((...)).

(h) ((Should the federal government adopt rules sufficient to track progress toward the emissions reductions required by chapter 14, Laws of 2008 governing the reporting of greenhouse gases, the department shall amend its rules, as necessary, to seek consistency with the federal rules to ensure duplicate reporting is not required. Nothing in this section requires the department to increase the reporting threshold established in (a) of this subsection or otherwise require the department's rules be identical to the federal rules in scope.)) (i) The definitions in RCW 70.235.010 apply throughout this subsection (5) unless the context clearly requires otherwise.

(ii) For the purpose of this subsection (5), the term "supplier" includes: (A) A motor vehicle fuel supplier or a motor vehicle fuel importer, as those terms are defined in RCW 82.36.010; (B) a special fuel supplier or a special fuel importer, as those terms are defined in RCW 82.38.020; and (C) a distributor of aircraft fuel, as those terms are defined in RCW 82.42.010.

(iii) For the purpose of this subsection (5), the term "person" includes: (A) An owner or operator, as those terms are defined by the United States environmental protection agency in its mandatory greenhouse gas reporting regulation in 40 C.F.R. Part 98, as adopted on September 22, 2009; and (B) a supplier."

Correct the title.

(a) By July 1, 2013, establish baseline concentration levels for constituents identified in subsection (1) of this section in brake friction material; and

(b) Track progress toward reducing the use of copper and its compounds and ensure that concentration levels of antimony, nickel, or zinc and their compounds do not increase by more than fifty percent above baseline concentration levels.

(3) If concentration levels of antimony, nickel, or zinc and their compounds in brake friction material increase by more than fifty percent above baseline concentration levels, the department shall review scientific studies to determine the potential impact of the constituent on human health and the environment. If scientific studies demonstrate the need for controlling the use of the constituent in brake friction material, the department may consider recommending limits on concentration levels of the constituent in the material.

(4) Confidential business information otherwise protected under RCW 43.21A.160 or chapter 42.56 RCW is exempt from public disclosure.

NEW SECTION. Sec. 8. (1) Manufacturers of brake friction material offered for sale in Washington state must certify compliance with the requirements of this chapter and mark proof of certification on the brake friction material in accordance with criteria developed under this section.

(2) By December 1, 2012, the department must, after consulting with interested parties, develop compliance criteria to meet the requirements of this chapter. Compliance criteria includes, but is not limited to:

(a) Self-certification of compliance by brake friction material manufacturers using accredited laboratories; and

(b) Marked proof of certification, including manufacture date, on brake friction material and product packaging. Marked proof of certification must appear by January 1, 2015. Brake friction material manufactured or packaged prior to January 1, 2015, is exempt from this subsection (2)(b).

(3) Beginning January 1, 2021, manufacturers of new motor vehicles offered for sale in Washington state must ensure that motor vehicles are equipped with brake friction material certified to be compliant with the requirements of this chapter.

NEW SECTION. Sec. 9. (1) The department shall enforce this chapter. The department may periodically purchase and test brake friction material sold or offered for sale in Washington state to verify that the material complies with this chapter.

(2) Enforcement of this chapter by the department must rely on notification and information exchange between the department and manufacturers, distributors, and retailers. The department shall issue one warning letter by certified mail to a manufacturer, distributor, or retailer that sells or offers to sell brake friction material in violation of this chapter, and offer information or other appropriate assistance regarding compliance with this chapter. Once a warning letter has been issued to a distributor or retailer for violations under subsections (3) and (5) of this section, the department need not provide warning letters for subsequent violations by that distributor or retailer. For the purposes of subsection (6) of this section, a warning letter serves as notice of the violation. If compliance is not achieved, the department may assess penalties under this section.

(3) A brake friction material distributor or retailer that violates this chapter is subject to a civil penalty not to exceed ten thousand dollars for each violation. Brake friction material distributors or retailers that sell brake friction material that is packaged consistent with section 8(2)(b) of this act are not in violation of this chapter. However, if the department conclusively proves that the brake friction material distributor or retailer was aware that the brake friction material being sold violates section 3 or 5 of this act, the brake friction material distributor or retailer is subject to civil penalties according to this section.

(4) A brake friction material manufacturer that knowingly violates this chapter shall recall the brake friction material and reimburse the brake friction distributor, retailer, or any other purchaser for the material and any applicable shipping and handling charges for returning the material. A brake friction material manufacturer that violates this chapter is subject to a civil penalty not to exceed ten thousand dollars for each violation.

(5) A motor vehicle distributor or retailer that violates this chapter is subject to a civil penalty not to exceed ten thousand dollars for each violation. A motor vehicle distributor or retailer is not in violation of this chapter for selling a vehicle that was previously sold at retail and that contains brake friction material failing to meet the requirements of this chapter. However, if the department conclusively proves that the motor vehicle distributor or retailer installed brake friction material that violates section 3, 5, or 8(2)(b) of this act on the vehicle being sold and was aware that the brake friction material violates section 3, 5, or 8(2)(b) of this act, the motor vehicle distributor or retailer is subject to civil penalties under this section.
FIFTY SEVENTH DAY, MARCH 8, 2010

(6) A motor vehicle manufacturer that violates this chapter must notify the registered owner of the vehicle within six months of knowledge of the violation and must replace at no cost to the owner the noncompliant brake friction material with brake friction material that complies with this chapter. A motor vehicle manufacturer that fails to provide the required notification to registered owners of the affected vehicles within six months of knowledge of the violation is subject to a civil penalty not to exceed one hundred thousand dollars. A motor vehicle manufacturer that fails to provide the required notification to registered owners of the affected vehicles after twelve months of knowledge of the violation is subject to a civil penalty not to exceed ten thousand dollars per vehicle. For purposes of this section, "motor vehicle manufacturer" does not include a vehicle dealer defined under RCW 46.70.011 and required to be licensed as a vehicle dealer under chapter 46.70 RCW.

(7) Before the effective date of the prohibitions in section 3 or 5 of this act, the department shall prepare and distribute information about the prohibitions to manufacturers, distributors, and retailers to the maximum extent practicable.

(8) All penalties collected under this chapter must be deposited in the state toxics control account created in RCW 70.105D.070.

NEW SECTION. Sec. 10. The department may adopt rules necessary to implement this chapter.

NEW SECTION. Sec. 11. Sections 1 through 10 and 12 of this act constitute a new chapter in Title 70 RCW.

NEW SECTION. Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

MESSAGE FROM THE HOUSE

February 28, 2010

MR. PRESIDENT:
The House passed SUBSTITUTE SENATE BILL NO. 5295 with the following amendment: 5295-S AMH SGTAS H5213.2.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 70.05.170 and 2009 c 134 s 1 are each amended to read as follows:

(1)(a) The legislature finds that the mortality rate in Washington state among infants and children less than eighteen years of age is unacceptably high, and that such mortality may be preventable. The legislature further finds that, through the performance of child mortality reviews, preventable causes of child mortality can be identified and addressed, thereby reducing the infant and child mortality in Washington state.
(b) It is the intent of the legislature to encourage the performance of child death reviews by local health departments by providing necessary legal protections to the families of children whose deaths are studied, local health department officials and employees, and health care professionals participating in child mortality review committee activities.

(2) As used in this section, "child mortality review" means a process authorized by a local health department as such department is defined in RCW 70.05.010 for examining factors that contribute to deaths of children less than eighteen years of age. The process may include a systematic review of medical, clinical, and hospital records; home interviews of parents and caretakers of children who have died; analysis of individual case information; and review of this information by a team of professionals in order to identify modifiable medical, socioeconomic, public health, behavioral, administrative, educational, and environmental factors associated with each death.

(3) Local health departments are authorized to conduct child mortality reviews. In conducting such reviews, the following provisions shall apply:
(a) (All medical records, reports, and statements procured by, furnished to, or maintained by a local health department pursuant to chapter 70.02 RCW for purposes of a child mortality review are confidential insofar as the identity of an individual child and his or her adoptive or natural parents is concerned. Such records may be used solely by local health departments for the purposes of the review. This section does not prevent a local health department from publishing statistical compilations and reports related to the child mortality review, if such compilations and reports do not identify individual cases and sources of information.
(b) Any records or documents supplied or maintained for the purposes of a child mortality review are not subject to discovery or subpoena in any administrative, civil, or criminal proceeding related to the death of a child reviewed. This provision shall not restrict or limit the discovery or subpoena from a health care provider of records or documents maintained by such health care provider in the ordinary course of business, whether or not such records or documents may have been supplied to a local health department pursuant to this section.
(c) Any summaries or analyses of records, documents, or records of interviews prepared exclusively for purposes of a child mortality review are not subject to discovery, subpoena, or introduction into evidence in any administrative, civil, or criminal proceeding related to the death of a child reviewed.) All health care information collected as part of a child mortality review is
confidential, subject to the restrictions on disclosure provided for in chapter 70.02 RCW. When documents are collected as part of a child mortality review, the records may be used solely by local health departments for the purposes of the review.

(b) No identifying information related to the deceased child, the child's guardians, or anyone interviewed as part of the child mortality review may be disclosed. Any such information shall be redacted from any records produced as part of the review.

(c) Any witness statements or documents collected from witnesses, or summaries or analyses of those statements or records prepared exclusively for purposes of a child mortality review, are not subject to public disclosure, discovery, subpoena, or introduction into evidence in any administrative, civil, or criminal proceeding related to the death of a child reviewed. This provision does not restrict or limit the discovery or subpoena from a health care provider of records or documents maintained by such health care provider in the ordinary course of business, whether or not such records or documents may have been supplied to a local health department pursuant to this section. This provision shall not restrict or limit the discovery or subpoena of documents from such witnesses simply because a copy of a document was collected as part of a child mortality review.

(d) No local health department official or employee, and no members of technical committees established to perform case reviews of selected child deaths may be examined in any administrative, civil, or criminal proceeding as to the existence or contents of documents assembled, prepared, or maintained for purposes of a child mortality review.

(e) This section shall not be construed to prohibit or restrict any person from reporting suspected child abuse or neglect under chapter 26.44 RCW nor to limit access to or use of any records, documents, information, or testimony in any civil or criminal action arising out of any report made pursuant to chapter 26.44 RCW.

(4) The department shall assist local health departments to collect the reports of any child mortality reviews conducted by local health departments and assist with entering the reports into a database to the extent that the data is not protected under subsection (3) of this section. Notwithstanding subsection (3) of this section, the department shall respond to any requests for data from the database to the extent permitted for health care information under chapter 70.02 RCW. In addition, the department shall provide technical assistance to local health departments and child death review coordinators conducting child mortality reviews and encourage communication among child death review teams. The department shall conduct these activities using only federal and private funding.

(5) This section does not prevent a local health department from publishing statistical compilations and reports related to the child mortality review. Any portions of such compilations and reports that identify individual cases and sources of information must be redacted.

MESSAGE FROM THE HOUSE

February 28, 2010

MR. PRESIDENT:
The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5704 with the following amendment: 5704-S.E AMH LGH H5379.1.

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 85.38.090 and 1991 c 349 s 12 are each amended to read as follows:

(1) Whenever the governing body of a special district has more than three members, the governing body shall be reduced to three members as of January 1, 1986, by eliminating the positions of those district governing body members with the shortest remaining terms of office. The remaining three governing body members shall have staggered terms with the one having the shortest remaining term having his or her position filled at the 1987 special district general election, the one with the next shortest remaining term having his or her position filled at the 1989 special district general election, and the one with the longest remaining term having his or her position filled at the 1992 special district general election. If any of these remaining three governing body members have identical remaining terms of office, the newly calculated remaining terms of these persons shall be determined by lot with the county auditor who assists the special district in its elections managing such lot procedure. The newly established terms shall be recorded by the county auditor.

(2) However, whenever five or more special districts have consolidated under chapter 85.36 RCW and the consolidated district has five members in its governing body on July 28, 1985, the consolidated district may adopt a resolution retaining a five-member governing body. At any time thereafter, such a district may adopt a resolution and reduce the size of the governing body to three members with the reduction occurring as provided in subsection (1) of this section, but the years of the effective dates shall be extended so that the reduction occurs at the next January 1st occurring after the date of the adoption of the resolution. Whenever a special district is so governed by a five-member governing body, two members shall be elected at each of two consecutive special district general elections, and one member shall be elected at the following special district general election, each to serve a six-year staggered term.

(3) Nothing in this section permits the governing body of a flood control district that is subject to section 2 of this act to reduce the size of its governing body.

NEW SECTION.  Sec. 2. A new section is added to chapter 85.38 RCW to read as follows:

The following provisions apply to the governing bodies of flood control districts that, upon creation, have territory in three or more counties:

(1) The governing body shall include one member from each county with territory in the district, and two additional members selected as provided by this section. No more than two governing members may be from the same county.

(2) The initial members of the governing body must be chosen by each county legislative authority within which the district resides,
with each county choosing one member, and the two counties with the largest populations within the district choosing one additional member each. The initial governing body members shall serve until their successors are elected and qualified at the next special district general election.

(3) At this first election, the members receiving the two greatest number of votes shall serve six-year terms, the members receiving the third and fourth greatest number of votes shall serve four-year terms, and the remaining members shall serve two-year terms of office.

(4) The requirements for the filing period, method for filing declarations of candidacy, and the arrangement of candidate names on the ballot for all special district general elections conducted after the initial election in the district shall be the same as the requirements for the initial election in the district. No primary elections may be held for the governing body of a flood control district that, upon creation, has territory in three or more counties.

(5) A vacancy occurs upon the death, resignation, or incapacity of a governing body member, or whenever the governing body member ceases to be a registered voter of the district.

(6)(a) Whenever a vacancy occurs in the governing body, the legislative authority of the county within which the largest geographic portion of the district is located shall appoint a registered voter to serve until a person is elected, at the next special district general election occurring sixty or more days after the vacancy has occurred, to serve the remainder of the unexpired term. The person so elected shall take office immediately when qualified as defined in RCW 29A.04.133.

(b) If an election for the position that became vacant would otherwise have been held at this special district general election, only one election shall be held and the person elected to fill the succeeding term for that position shall take office immediately when qualified as defined in RCW 29A.04.133 and shall serve both the remainder of the unexpired term and the succeeding term.

(7) An elected or appointed member of the governing body, or a candidate for the governing body, must be a registered voter of the flood control district who has resided within the district for a period of not less than thirty days before the election. In accordance with RCW 85.38.127, land ownership is not a requirement for serving on the governing body of the district.” and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

March 2, 2010

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 6214 with the following amendment(s): 6214-S AMH LGH H5378.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.70A.110 and 2009 c 342 s 1 and 2009 c 121 s 1 are each reenacted and amended to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth, whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the growth management population projection made for the county by the office of financial management, the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period, except for those urban growth areas contained totally within a national historical reserve. As part of this planning process, each city within the county must include areas sufficient to accommodate the broad range of needs and uses that will accompany the projected urban growth including, as appropriate, medical, governmental, institutional, commercial, service, retail, and other nonresidential uses.

Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. In the case of urban growth areas contained totally within a national historical reserve, the city may restrict densities, intensities, and forms of urban growth as determined to be necessary and appropriate to protect the physical, cultural, or historic integrity of the reserve. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area.
Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

(4) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and under this section. Such action may be appealed to the ((appropriate)) growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

(7) An urban growth area designated in accordance with this section may include within its boundaries urban service areas or potential annexation areas designated for specific cities or towns within the county.

(8)(a) Except as provided in (b) of this subsection, the expansion of an urban growth area is prohibited into the one hundred year floodplain of any river or river segment that: (i) Is located west of the crest of the Cascade mountains; and (ii) has a mean annual flow of one thousand or more cubic feet per second as determined by the department of ecology.

(b) Subsection (8)(a) of this section does not apply to:

(i) Urban growth areas that are fully contained within a floodplain and lack adjacent buildable areas outside the floodplain;

(ii) Urban growth areas where expansions are precluded outside floodplains because:

(A) Urban governmental services cannot be physically provided to serve areas outside the floodplain; or

(B) Expansions outside the floodplain would require a river or estuary crossing to access the expansion; or

(iii) Urban growth area expansions where:

(A) Public facilities already exist within the floodplain and the expansion of an existing public facility is only possible on the land to be included in the urban growth area and located within the floodplain; or

(B) Urban development already exists within a floodplain as of July 26, 2009, and is adjacent to, but outside of, the urban growth area, and the expansion of the urban growth area is necessary to include such urban development within the urban growth area; or

(C) The land is owned by a jurisdiction planning under this chapter or the rights to the development of the land have been permanently extinguished, and the following criteria are met:

(I) The permissible use of the land is limited to one of the following: Outdoor recreation; environmentally beneficial projects, including but not limited to habitat enhancement or environmental restoration; storm water facilities; flood control facilities; or underground conveyances; and

(II) The development and use of such facilities or projects will not decrease flood storage, increase storm water runoff, discharge pollutants to fresh or salt waters during normal operations or floods, or increase hazards to people and property.

(c) For the purposes of this subsection (8), "one hundred year floodplain" means the same as "special flood hazard area" as set forth in WAC 173-158-040 as it exists on July 26, 2009.

Sec. 2. RCW 36.70A.130 and 2009 c 479 s 23 are each amended to read as follows:

(1)(a) Each comprehensive land use plan and development regulations shall be subject to continuing review and evaluation by the county or city that adopted them. Except as otherwise provided, a county or city shall take legislative action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure the plan and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section.

(b) Except as otherwise provided, a county or city not planning under RCW 36.70A.040 shall take action to review and, if needed, revise its policies and development regulations regarding critical areas and natural resource lands adopted according to this chapter to ensure these policies and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section. Legislative action means the adoption of a resolution or ordinance following notice and a public hearing indicating at a minimum, a finding that a review and evaluation has occurred and identifying the revisions made, or that a revision was not needed and the reasons therefor.

(c) The review and evaluation required by this subsection may be combined with the review required by subsection (3) of this section. The review and evaluation required by this subsection shall include, but is not limited to, consideration of critical area ordinances and, if planning under RCW 36.70A.040, an analysis of the population allocated to a city or county from the most recent ten-year population forecast by the office of financial management.

(d) Any amendment of or revision to a comprehensive land use plan shall conform to this chapter. Any amendment of or revision to development regulations shall be consistent with and implement the comprehensive plan.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program consistent with RCW 36.70A.035 and 36.70A.140 that identifies procedures and schedules whereby updates, proposed amendments, or revisions of the comprehensive plan are considered by the governing body of
the county or city no more frequently than once every year. "Updates" means to review and revise, if needed, according to subsection (1) of this section, and the time periods specified in subsection (4) of this section or in accordance with the provisions of subsections (5) and (8) of this section. Amendments may be considered more frequently than once per year under the following circumstances:

(i) The initial adoption of a subarea plan that does not modify the comprehensive plan policies and designations applicable to the subarea;

(ii) The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.58 RCW;

(iii) The amendment of the capital facilities element of a comprehensive plan that occurs concurrently with the adoption or amendment of a county or city budget;

(iv) Until June 30, 2006, the designation of recreational lands under RCW 36.70A.1701. A county amending its comprehensive plan pursuant to this subsection (2)(a)(iv) may not do so more frequently than every eighteen months; and

(v) The adoption of comprehensive plan amendments necessary to enact a planned action under RCW 43.21C.031(2), provided that amendments are considered in accordance with the public participation program established by the county or city under this subsection (2)(a) and all persons who have requested notice of a comprehensive plan amendment are given notice of the amendments and an opportunity to comment.

(b) Except as otherwise provided in (a) of this subsection, all proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with ((a)) the growth management hearings board or with the court.

(3)(a) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas.

(b) The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. The review required by this subsection may be combined with the review and evaluation required by RCW 36.70A.215.

(4) The department shall establish a schedule for counties and cities to take action to review and, if needed, revise their comprehensive plans and development regulations to ensure the plan and regulations comply with the requirements of this chapter. Except as provided in subsections (5) and (8) of this section, the schedule established by the department shall provide for the reviews and evaluations to be completed as follows:

(a) On or before December 1, 2004, and every seven years thereafter, for Clallam, Clark, Jefferson, King, Kitsap, Pierce, Snohomish, Thurston, and Whatcom counties and the cities within those counties;

(b) On or before December 1, 2005, and every seven years thereafter, for Cowlitz, Island, Lewis, Mason, San Juan, Skagit, and Skamania counties and the cities within those counties;

(c) On or before December 1, 2006, and every seven years thereafter, for Benton, Chelan, Douglas, Grant, Kittitas, Spokane, and Yakima counties and the cities within those counties; and

(d) On or before December 1, 2007, and every seven years thereafter, for Adams, Asotin, Columbia, Ferry, Franklin, Garfield, Grays Harbor, Klickitat, Lincoln, Okanogan, Pacific, Pend Oreille, Stevens, Wahkiakum, Walla Walla, and Whitman counties and the cities within those counties.

(5)(a) Nothing in this section precludes a county or city from conducting the review and evaluation required by this section before the time limits established in subsection (4) of this section. Counties and cities may begin this process early and may be eligible for grants from the department, subject to available funding, if they elect to do so.

(b) A county that is subject to a schedule established by the department under subsection (4)(b) through (d) of this section and meets the following criteria may comply with the requirements of this section at any time within the thirty-six months following the date established in the applicable schedule: The county has a population of less than fifty thousand and has had its population increase by no more than seventeen percent in the ten years preceding the date established in the applicable schedule as of that date.

(c) A city that is subject to a schedule established by the department under subsection (4)(b) through (d) of this section and meets the following criteria may comply with the requirements of this section at any time within the thirty-six months following the date established in the applicable schedule: The city has a population of no more than five thousand and has had its population increase by the greater of either no more than one hundred persons or no more than seventeen percent in the ten years preceding the date established in the applicable schedule as of that date.

(d) State agencies are encouraged to provide technical assistance to the counties and cities in the review of critical area ordinances, comprehensive plans, and development regulations.

(6) A county or city subject to the time periods in subsection (4)(a) of this section that, pursuant to an ordinance adopted by the county or city establishing a schedule for periodic review of its comprehensive plan and development regulations, has conducted a review and evaluation of its comprehensive plan and development regulations and, on or after January 1, 2001, has taken action in response to that review and evaluation shall be deemed to have conducted the first review required by subsection (4)(a) of this section. Subsequent review and evaluation by the county or city of its comprehensive plan and development regulations shall be conducted in accordance with the time periods established under subsection (4)(a) of this section.

(7) The requirements imposed on counties and cities under this section shall be considered "requirements of this chapter" under the terms of RCW 36.70A.040(1). Only those counties and cities: (a) Complying with the schedules in this section; (b) demonstrating substantial progress towards compliance with the schedules in this section for development regulations that protect critical areas; or (c) complying with the extension provisions of subsection (5)(b) or (c) of this section may receive grants, loans, pledges, or financial guarantees under chapter 43.155 or 70.146 RCW. A county or city that is fewer than twelve months out of compliance with the schedules in this section for development regulations that protect critical areas is making substantial progress towards compliance. Only those counties and cities in compliance with the schedules in this section may receive preference for grants or loans subject to the provisions of RCW 43.17.250.

(8) Except as provided in subsection (5)(b) and (c) of this section:
(a) Counties and cities required to satisfy the requirements of this section according to the schedule established by subsection (4)(b) through (d) of this section may comply with the requirements of this section for development regulations that protect critical areas one year after the dates established in subsection (4)(b) through (d) of this section;

(b) Counties and cities complying with the requirements of this section one year after the dates established in subsection (4)(b) through (d) of this section for development regulations that protect critical areas shall be deemed in compliance with the requirements of this section; and

(c) This subsection (8) applies only to the counties and cities specified in subsection (4)(b) through (d) of this section, and only to the requirements of this section for development regulations that protect critical areas that must be satisfied by December 1, 2005, December 1, 2006, and December 1, 2007.

(9) Notwithstanding subsection (8) of this section and the substantial progress provisions of subsections (7) and (10) of this section, only those counties and cities complying with the schedule in subsection (4) of this section, or the extension provisions of subsection (5)(b) or (c) of this section, may receive preferences for grants, loans, pledges, or financial guarantees under chapter 43.155 or 70.146 RCW.

(10) Until December 1, 2005, and notwithstanding subsection (7) of this section, a county or city subject to the time periods in subsection (4)(a) of this section demonstrating substantial progress towards compliance with the schedules in this section for its comprehensive land use plan and development regulations may receive grants, loans, pledges, or financial guarantees under chapter 43.155 or 70.146 RCW. A county or city that is fewer than twelve months out of compliance with the schedules in this section for its comprehensive land use plan and development regulations is deemed to be making substantial progress towards compliance.

Sec. 3. RCW 36.70A.172 and 1995 c 347 s 105 are each amended to read as follows:

(1) In designating and protecting critical areas under this chapter, counties and cities shall include the best available science in developing policies and development regulations to protect the functions and values of critical areas. In addition, counties and cities shall give special consideration to conservation or protection measures necessary to preserve or enhance anadromous fisheries.

(2) If it determines that advice from scientific or other experts is necessary or will be of substantial assistance in reaching its decision, the growth management hearings board may retain scientific or other expert advice to assist in reviewing a petition under RCW 36.70A.290 that involves critical areas.

Sec. 4. RCW 36.70A.250 and 1994 c 249 s 29 are each amended to read as follows:

(((1) There are hereby created three growth management hearings boards for the state of Washington. The boards shall be established as follows:

The reduction from nine board members on the previously existing three growth management hearings boards to seven total members on the growth management hearings board shall be made through attrition, voluntary resignation, or retirement.

Sec. 5. RCW 36.70A.260 and 1994 c 249 s 30 are each amended to read as follows:

(2)(a) Each regional panel selected to hear and decide cases shall consist of three board members, at least a majority of whom shall reside within the region in which the case arose, unless such members cannot sit on a particular case because of recusal or disqualification, or unless the board administrative officer determines that there is an emergency, but not limited to, the unavailability of a board member due to illness, absence, vacancy, or significant workload imbalance. The presiding officer of each case shall reside within the region in which the case arose, unless the board administrative officer determines that there is an emergency.

(b) Except as provided otherwise in this subsection (2)(b), each regional panel must: (i) Include one member admitted to practice law in this state; (ii) include one member who has been a city or county elected official; and (iii) reflect the political composition of the board. The requirements of this subsection (2)(b) may be waived by the board administrative officer due to member unavailability, significant workload imbalances, or other reasons.

Sec. 6. RCW 36.70A.270 and 1997 c 429 s 11 are each amended to read as follows:

((b)) (6) The growth management hearings board shall be governed by the following rules on conduct and procedure:

(1) Any board member may be removed for inefficiency, malfeasance, and misfeasance in office, under specific written charges filed by the governor. The governor shall transmit such written charges to the member accused and the chief justice of the supreme court. The chief justice shall thereupon designate a tribunal composed of three judges of the superior court to hear and adjudicate the charges. Removal of any member of (6) the board by the tribunal shall disqualify such member for reappointment.

(2) Each board member shall receive reimbursement for travel expenses incurred in the discharge of his or her duties in accordance with RCW 43.03.050 and 43.03.060. (If it is determined that the review boards shall operate on a full-time basis,) Each member shall receive an annual salary to be determined by the governor pursuant to RCW 43.03.040. (If it is determined that a review board shall operate on a part-time basis, each member shall receive compensation pursuant to RCW 43.03.250, provided such amount shall not exceed the amount that would be set if they were a full-time board member.) The principal office of (6) the board shall be located (by the governor within the jurisdictional boundaries of each board. The boards shall operate on either a part-time or full-time basis, as determined by the governor) in Olympia.

(3) Each board member shall not: (a) Be a candidate for or hold any other public office or trust; (b) engage in any occupation or business interfering with or inconsistent with his or her duty as a board member; and (c) for a period of one year after the termination of his or her board membership, act in a representative capacity before the board on any matter.

(4) A majority of (6) the board shall constitute a quorum for (making orders or decisions,) adopting rules necessary for the conduct of its powers and duties, or transacting other official business, and may act even though one position of the board is vacant. One or more members may hold hearings and take testimony to be reported for action by the board when authorized by

rule or order of the board. The board shall perform all the powers and duties specified in this chapter or as otherwise provided by law.

(5) The board may appoint one or more hearing examiners to assist the board in its hearing function, to make conclusions of law and findings of fact and, if requested by the board, to make recommendations to the board for decisions in cases before the board. Such hearing examiners must have demonstrated knowledge of land use planning and law. The board((6)) shall specify in (their) its rules of practice and procedure, as required by subsection (7) of this section, the procedure and criteria to be employed for designating hearing examiners as a presiding officer. Hearing examiners selected by (6) the board shall meet the requirements of subsection (3) of this section. The findings and conclusions of the hearing examiner shall not become final until they have been formally approved by the board. This authorization to use hearing examiners does not waive the requirement of RCW 36.70A.300 that final orders be issued within one hundred eighty days of board receipt of a petition.

(6) (Each) The board shall make findings of fact and prepare a written decision in each case decided by it, and such findings and decision shall be effective upon being signed by two or more members of the (((board)) regional panel deciding the particular case and upon being filed at the board's principal office, and shall be open for public inspection at all reasonable times.

Except as it conflicts with specific provisions of this chapter, the administrative procedure act, chapter 34.05 RCW, and specifically including the provisions of RCW 34.05.455 governing ex parte communications, shall govern the practice and procedure of the board((6)).

(8) A board member or hearing examiner is subject to disqualification under chapter 34.05 RCW. The (joint) rules of practice of the board((6)) shall establish procedures by which a party to a hearing conducted before the board may file with the board a motion to disqualify, with supporting affidavit, against a board member or hearing examiner assigned to preside at the hearing.

(9) (The) All members of the board((6)) shall meet (jointly) on at least an annual basis with the objective of sharing information that promotes the goals and purposes of this chapter.

(10) The board shall annually elect one of its members to be the board administrative officer. The duties and responsibilities of the administrative officer include handling day-to-day administrative, budget, and personnel matters on behalf of the board, together with making case assignments to board members in accordance with the board's rules of procedure in order to achieve a fair and balanced workload among all board members. The administrative officer of the board may carry a reduced caseload to allow time for performing the administrative work functions.

Sec. 7. RCW 36.70A.280 and 2008 c 289 s 5 are each amended to read as follows:

(6) (6A) The growth management hearings board shall hear and determine only those petitions alleging either:

(a) That, except as provided otherwise by this subsection, a state agency, county, or city planning under this chapter is not in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption of shoreline master programs or amendments thereto, or chapter 43.21C RCW as it relates to plans,
development regulations, or amendments, adopted under RCW
36.70A.040 or chapter 90.58 RCW. Nothing in this subsection
authorizes ((a)) the board to hear petitions alleging noncompliance
with RCW 36.70A.5801; or
(b) That the twenty-year growth management planning
population projections adopted by the office of financial
management pursuant to RCW 43.62.035 should be adjusted.

(2) A petition may be filed only by: (a) The state, or a county
or city that plans under this chapter; (b) a person who has
participated orally or in writing before the county or city regarding
the matter on which a review is being requested; (c) a person who is
certified by the governor within sixty days of filing the request with
the board; or (d) a person qualified pursuant to RCW 34.05.530.

(3) For purposes of this section "person" means any individual,
partnership, corporation, association, state agency, governmental
subdivision or unit thereof, or public or private organization or

(4) To establish participation standing under subsection (2)(b)
of this section, a person must show that his or her participation
before the county or city was reasonably related to the person's issue
as presented to the board.

(5) When considering a possible adjustment to a growth
management planning population projection prepared by the office
of financial management, ((a)) the board shall consider the
implications of any such adjustment to the population forecast for
the entire state.

The rationale for any adjustment that is adopted by ((a)) the
board must be documented and filed with the office of financial
management within ten working days after adoption.

If adjusted by ((a)) the board, a county growth management
planning population projection shall only be used for the planning
purposes set forth in this chapter and shall be known as ((a)) the
"board adjusted population projection." None of these changes
shall affect the official state and county population forecasts
prepared by the office of financial management, which shall
continue to be used for state budget and planning purposes.

Sec. 8. RCW 36.70A.290 and 1997 c 429 s 12 are each
amended to read as follows:

(1) All requests for review to ((a)) the growth management
hearings board shall be initiated by filing a petition that includes a
detailed statement of issues presented for resolution by the board.
The board shall render written decisions articulating the basis for its
holdings. The board shall not issue advisory opinions on issues not
presented to the board in the statement of issues, as modified by any
prehearing order.

(2) All petitions relating to whether or not an adopted
comprehensive plan, development regulation, or permanent
amendment thereto, is in compliance with the goals and
requirements of this chapter or chapter 90.58 or 43.21C RCW must
be filed within sixty days after publication by the legislative bodies
of the county or city.

(a) Except as provided in (c) of this subsection, the date of

ordinance, or summary of the ordinance, adopting the
comprehensive plan or development regulations, or amendment
thereto, as is required to be published.

(b) Promptly after adoption, a county shall publish a notice that
it has adopted the comprehensive plan or development regulations,
or amendment thereto.

Except as provided in (c) of this subsection, for purposes of this
section the date of publication for a county shall be the date the
county publishes the notice that it has adopted the comprehensive
plan or development regulations, or amendment thereto.

(c) For local governments planning under RCW 36.70A.040,
promptly after approval or disapproval of a local government's
shoreline master program or amendment thereto by the department of
ecology as provided in RCW 90.58.090, the local government
shall publish a notice that the shoreline master program or
amendment thereto has been approved or disapproved by the
department of ecology. For purposes of this section, the date of
publication for the adoption or amendment of a shoreline master
program is the date the local government publishes notice that the
shoreline master program or amendment thereto has been approved
or disapproved by the department of ecology.

(3) Unless the board dismisses the petition as frivolous or finds
that the person filing the petition lacks standing, or the parties have
filed an agreement to have the case heard in superior court as
provided in RCW 36.70A.295, the board shall, within ten days of
receipt of the petition, set a time for hearing the matter.

(4) The board shall base its decision on the record developed by
the city, county, or the state and supplemented with additional
evidence if the board determines that such additional evidence
would be necessary or of substantial assistance to the board in
reaching its decision.

(5) The board, shall consolidate, when appropriate, all petitions
involving the review of the same comprehensive plan or the same
development regulation or regulations.

Sec. 9. RCW 36.70A.295 and 1997 c 429 s 13 are each
amended to read as follows:

(1) The superior court may directly review a petition for review
filed under RCW 36.70A.290 if all parties to the proceeding before
the board have agreed to direct review in the superior court. The
agreement of the parties shall be in writing and signed by all of the
parties to the proceeding or their designated representatives. The
agreement shall include the parties' agreement to proper venue as
provided in RCW 36.70A.300(5). The parties shall file their
agreement with the board within ten days after the date the petition
is filed, or if multiple petitions have been filed and the board has
consolidated the petitions pursuant to RCW 36.70A.300, within ten
days after the board serves its order of consolidation.

(2) Within ten days of receiving the timely and complete
agreement of the parties, the board shall file a certificate of
agreement with the designated superior court and shall serve the
parties with copies of the certificate. The superior court shall
obtain exclusive jurisdiction over a petition when it receives the
certificate of agreement. With the certificate of agreement the
board shall also file the petition for review, any orders entered by
the board, all other documents in the board's files regarding the action,
and the written agreement of the parties.

(3) For purposes of a petition that is subject to direct review, the
superior court's subject matter jurisdiction shall be equivalent to that
of the board. Consistent with the requirements of the superior court
civil rules, the superior court may consolidate a petition subject to
direct review under this section with a separate action filed in the
superior court.

(4)(a) Except as otherwise provided in (b) and (c) of this
subsection, the provisions of RCW 36.70A.280 through
36.70A.330, which specify the nature and extent of board review,
shall apply to the superior court's review.

(b) The superior court:

(i) Shall not have jurisdiction to directly review or modify an
office of financial management population projection;

(ii) Except as otherwise provided in RCW 36.70A.300(2)(b),
shall render its decision on the petition within one hundred eighty
days of receiving the certification of agreement; and

(iii) Shall give a compliance hearing under RCW
36.70A.330(2) the highest priority of all civil matters before the
court.

(c) An aggrieved party may secure appellate review of a final
judgment of the superior court under this section by the supreme
JOURNAL OF THE SENATE 993
2010 REGULAR SESSION
court or the court of appeals. The review shall be secured in the manner provided by law for review of superior court decisions in other civil cases.

(5) If, following a compliance hearing, the court finds that the state agency, county, or city is not in compliance with the court's prior order, the court may use its remedial and contempt powers to enforce compliance.

(6) The superior court shall transmit a copy of its decision and order on direct review to the board, the department, and the governor. If the court has determined that a county or city is not in compliance with the provisions of this chapter, the governor may impose sanctions against the county or city in the same manner as if the board had recommended the imposition of sanctions as provided in RCW 36.70A.330.

(7) After the court has assumed jurisdiction over a petition for review under this section, the superior court civil rules shall govern a request for intervention and all other procedural matters not specifically provided for in this section.

Sec. 10. RCW 36.70A.302 and 1997 c 429 s 16 are each amended to read as follows:

(1) (A) The board may determine that part or all of a comprehensive plan or development regulations are invalid if the board:

(a) Makes a finding of noncompliance and issues an order of remand under RCW 36.70A.300;

(b) Includes in the final order a determination, supported by findings of fact and conclusions of law, that the continued validity of part or parts of the plan or regulation would substantially interfere with the fulfillment of the goals of this chapter; and

(c) Specifies in the final order the particular part or parts of the plan or regulation that are determined to be invalid, and the reasons for their invalidity.

(2) A determination of invalidity is prospective in effect and does not extinguish rights that vested under state or local law before receipt of the board's order by the county or city. The determination of invalidity does not apply to a completed development permit application for a project that vested under state or local law before receipt of the board's order by the county or city or to related construction permits for that project.

(3)(a) Except as otherwise provided in subsection (2) of this section and (b) of this subsection, a development permit application not vested under state or local law before receipt of the board's order by the county or city vests to the local ordinance or resolution that is determined by the board not to substantially interfere with the fulfillment of the goals of this chapter.

(b) Even though the application is not vested under state or local law before receipt by the county or city of the board's order, a determination of invalidity does not apply to a development permit application for:

(i) A permit for construction by any owner, lessee, or contract purchaser of a single-family residence for his or her own use or for the use of his or her family on a lot existing before receipt by the county or city of the board's order, except as otherwise specifically provided in the board's order to protect the public health and safety;

(ii) A building permit and related construction permits for remodeling, tenant improvements, or expansion of an existing structure on a lot existing before receipt of the board's order by the county or city; and

(iii) A boundary line adjustment or a division of land that does not increase the number of buildable lots existing before receipt of the board's order by the county or city.

(4) If the ordinance that adopts a plan or development regulation under this chapter includes a savings clause intended to revive prior policies or regulations in the event the new plan or regulations are determined to be invalid, the board shall determine under subsection (1) of this section whether the prior policies or regulations are valid during the period of remand.

(5) A county or city subject to a determination of invalidity may adopt interim controls and other measures to be in effect until it adopts a comprehensive plan and development regulations that comply with the requirements of this chapter. A development permit application may vest under an interim control or measure upon determination by the board that the interim controls and other measures do not substantially interfere with the fulfillment of the goals of this chapter.

(6) A county or city subject to a determination of invalidity may file a motion requesting that the board clarify, modify, or rescind the order. The board shall expeditiously schedule a hearing on the motion. At the hearing on the motion, the parties may present information to the board to clarify the part or parts of the comprehensive plan or development regulations to which the final order applies. The board shall issue any supplemental order based on the information provided at the hearing not later than thirty days after the date of the hearing.

(7)(a) If a determination of invalidity has been made and the county or city has enacted an ordinance or resolution amending the invalidated part or parts of the plan or regulation or establishing interim controls on development affected by the order of invalidity, after a compliance hearing, the board shall modify or rescind the determination of invalidity if it determines under the standard in subsection (1) of this section that the plan or regulation, as amended or made subject to such interim controls, will no longer substantially interfere with the fulfillment of the goals of this chapter.

(b) If the board determines that part or parts of the plan or regulation are no longer invalid as provided in this subsection, but does not find that the plan or regulation is in compliance with all of the requirements of this chapter, the board, in its order, may require periodic reports to the board on the progress the jurisdiction is making towards compliance.

Sec. 11. RCW 36.70A.310 and 1994 c 249 s 32 are each amended to read as follows:

A request for review by the state to the growth management hearings board may be made only by the governor, or with the governor's consent the head of an agency, or by the commissioner of public lands as relating to state trust lands, for the review of whether: (1) A county or city that is required or chooses to plan under RCW 36.70A.040 has failed to adopt a comprehensive plan or development regulations, or county-wide planning policies within the time limits established by this chapter; or (2) a county or city that is required or chooses to plan under this chapter has adopted a comprehensive plan, development regulations, or county-wide planning policies, that are not in compliance with the requirements of this chapter.

Sec. 12. RCW 36.70A.3201 and 1997 c 429 s 2 are each amended to read as follows:

(1) Amendments to RCW 36.70A.3201 by section 20(3), chapter 429, Laws of 1997, and section 2(3), chapter 429, Laws of 1992 apply a more deferential standard of review to actions of counties and cities than the preponderance of the evidence standard provided for under existing law. In recognition of the broad range of discretion that may be exercised by counties and cities consistent with the requirements of this chapter, the legislature intends for the board to grant deference to counties and cities in how they use such discretion to plan for growth, consistent with the requirements and goals of this chapter. Local comprehensive plans and development regulations require counties and cities to balance priorities and options for action in full consideration of local circumstances. The legislature finds that while this chapter requires local planning to take place within a framework of state goals and requirements, the ultimate burden and responsibility for planning, harmonizing the planning
goals of this chapter, and implementing a county's or city's future
rests with that community.

Sec. 13. RCW 36.70A.345 and 1994 c 249 s 33 are each
amended to read as follows:

The governor may impose a sanction or sanctions specified
under RCW 36.70A.340 on: (1) A county or city that fails to
designate critical areas, agricultural lands, forest lands, or mineral
resource lands under RCW 36.70A.170 by the date such action
was required to have been taken; (2) a county or city that fails to adopt
development regulations under RCW 36.70A.060 protecting critical
areas or conserving agricultural lands, forest lands, or mineral
resource lands by the date such action was required to have been
taken; (3) a county that fails to designate urban growth areas under
RCW 36.70A.110 by the date such action was required to have been
taken; and (4) a county or city that fails to adopt its comprehensive
plan or development regulations when such actions are required to be
taken.

Imposition of a sanction or sanctions under this section shall be
preceded by written findings by the governor, that either the county
or city is not proceeding in good faith to meet the requirements of
the act; or that the county or city has unreasonably delayed taking
the required action. The governor shall consult with and
communicate his or her findings to the ((appropriate)) growth
management hearings board prior to imposing the sanction or
sanctions. For those counties or cities that are not required to plan
or have not opted in, the governor in imposing sanctions shall
consider the size of the jurisdiction relative to the requirements of
this chapter and the degree of technical and financial assistance
provided.

Sec. 14. RCW 90.58.190 and 2003 c 321 s 4 are each
amended to read as follows:

(1) The appeal of the department's decision to adopt a master
program or amendment pursuant to RCW 90.58.070(2) or
90.58.090(5) is governed by RCW 34.05.510 through 34.05.598.

(2)(a) The department's decision to approve, reject, or modify
a proposed master program or amendment adopted by a local
government planning under RCW 36.70A.040 shall be appealed to
the growth management hearings board ((with jurisdiction over the
local government)). The appeal shall be initiated by filing a
petition as provided in RCW 36.70A.250 through 36.70A.320.

(b) If the appeal to the growth management hearings board
concerns shorelines, the growth management hearings board shall
review the proposed master program or amendment solely for
compliance with the requirements of this chapter, the policy of
RCW 90.58.020 and the applicable guidelines, the internal
consistency provisions of RCW 36.70A.070, 36.70A.040(4),
35.63.125, and 35A.63.105, and chapter 43.21C RCW as it relates
to the adoption of master programs and amendments under chapter
90.58 RCW.

(c) If the appeal to the growth management hearings board
concerns a shoreline of statewide significance, the board shall
uphold the decision by the department unless the board, by clear and
convincing evidence, determines that the decision of the department
is inconsistent with the policy of RCW 90.58.020 and the applicable
guidelines.

(d) The appellant has the burden of proof in all appeals to the
growth management hearings board under this subsection.

(e) Any party aggrieved by a final decision of (a) the growth
management hearings board under this subsection may appeal the
decision to superior court as provided in RCW 36.70A.300.

(3)(a) The department's decision to approve, reject, or modify
a proposed master program or master program amendment by a local
government not planning under RCW 36.70A.040 shall be appealed
to the shorelines hearings board by filing a petition within thirty
days of the date of the department's written notice to the local
government of the department's decision to approve, reject, or
modify a proposed master program or master program amendment
as provided in RCW 90.58.090(2).

(b) In an appeal relating to shorelines, the shorelines hearings
board shall review the proposed master program or master program
amendment and, after full consideration of the presentations of the
local government and the department, shall determine the validity of
the local government's master program or amendment in light of the
policy of RCW 90.58.020 and the applicable guidelines.

(c) In an appeal relating to shorelines of statewide significance,
the shorelines hearings board shall uphold the decision by the
department unless the board determines, by clear and convincing
evidence that the decision of the department is inconsistent with the
policy of RCW 90.58.020 and the applicable guidelines.

(d) Review by the shorelines hearings board shall be considered
an adjudicative proceeding under chapter 34.05 RCW, the
Administrative Procedure Act. The aggrieved local government
shall have the burden of proof in all such reviews.

(e) Whenever possible, the review by the shorelines hearings
board shall be heard within the county where the land subject to the
proposed master program or master program amendment is
primarily located. The department and any local government
aggrieved by a final decision of the hearings board may appeal the
decision to superior court as provided in chapter 34.05 RCW.

(4) A master program amendment shall become effective after
the approval of the department or after the decision of the shorelines
hearings board to uphold the master program or master program
amendment, provided that the board may remand the master
program or master program adjustment to the local government or
the department for modification prior to the final adoption of the
master program or master program amendment.

Sec. 15. RCW 34.05.518 and 2003 c 393 s 16 are each
amended to read as follows:

(1) The final decision of an administrative agency in an
adjudicative proceeding under this chapter may, except as otherwise
provided in chapter 43.21L RCW, be directly reviewed by the court
of appeals either (a) upon certification by the superior court pursuant
to this section or (b) if the final decision is from an environmental
board as defined in subsection (3) of this section, upon acceptance
by the court of appeals after a certificate of appealability has been
filed by the environmental board that rendered the final decision.

(2) For direct review upon certification by the superior court, an
application for direct review must be filed with the superior
court within thirty days of the filing of the petition for review in superior
court. The superior court may certify a case for direct review only
if the judicial review is limited to the record of the agency
proceeding and the court finds that:

(a) Fundamental and urgent issues affecting the future
administrative process or the public interest are involved which
require a prompt determination;

(b) Delay in obtaining a final and prompt determination of such
issues would be detrimental to any party or the public interest;

(c) An appeal to the court of appeals would be likely regardless
of the determination in superior court; and

(d) The appellate court's determination in the proceeding would
have significant precedential value.

Procedures for certification shall be established by court rule.

(3)(a) For the purposes of direct review of final decisions of
environmental boards, environmental boards include those boards
identified in RCW 43.21B.005 and the growth management
hearings board((s)) as identified in RCW 36.70A.250.

(b) An environmental board may issue a certificate of
appealability if it finds that delay in obtaining a final and prompt
determination of the issues would be detrimental to any party or the
public interest and either:
FIFTY SEVENTH DAY, MARCH 8, 2010

(i) Fundamental and urgent statewide or regional issues are raised; or

(ii) The proceeding is likely to have significant precedential value.

(4) The environmental board shall state in the certificate of appealability which criteria it applied, explain how that criteria was met, and file with the certificate a copy of the final decision.

(5) For an appellate court to accept direct review of a final decision of an environmental board, it shall consider the same criteria outlined in subsection (3) of this section, except as otherwise provided in chapter 43.21L RCW.

(6) The procedures for direct review of final decisions of environmental boards include:

(a) Within thirty days after filing the petition for review with the superior court, a party may file an application for direct review with the superior court and serve the appropriate environmental board and all parties of record. The application shall request the environmental board to file a certificate of appealability.

(b) If an issue on review is the jurisdiction of the environmental board, the board may file an application for direct review on that issue.

(c) The environmental board shall have thirty days to grant or deny the request for a certificate of appealability and its decision shall be filed with the superior court and served on all parties of record.

(d) If a certificate of appealability is issued, the parties shall have fifteen days from the date of service to file a notice of discretionary review in the superior court, and the notice shall include a copy of the certificate of appealability and a copy of the final decision.

(e) If the appellate court accepts review, the certificate of appealability shall be transmitted to the court of appeals as part of the certified record.

(f) If a certificate of appealability is denied, review shall be by the superior court. The superior court's decision may be appealed to the court of appeals.

(4) All employees of the three growth management hearings boards are transferred to the growth management hearings board. (6) All rules and pending business before the three growth management hearings boards must be continued and acted upon by the growth management hearings board. All existing contracts and obligations remain in full force and must be performed by the growth management hearings board.

(7) The transfer of the powers, duties, functions, and personnel of the three growth management hearings boards to the growth management hearings board does not affect the validity of any act performed before the effective date of this section.

(8) All cases decided and all orders previously issued by the three growth management hearings boards remain in full force and effect and are not affected by this act.

and contributes toward the economic vitality of those communities. The legislature further finds that more than nine hundred thousand Washington state residents with disabilities continue to face barriers to full participation that could be easily eliminated.

NEW SECTION.  Sec. 2.  (1) The accessible communities account is created in the custody of the state treasurer.  One hundred dollars of the assessment imposed under RCW 46.16.381 (7), (8), and (9) must be deposited into the account.  Any reduction in the penalty or fine and assessment imposed under section 6 of this act shall be applied proportionally between the penalty or fine and the assessment.

(2) The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.  Only the commissioner may authorize expenditures from the account.

(3) Expenditures from the account may be used for promoting greater awareness of disability issues and improved access for and inclusion and acceptance of persons with disabilities in communities in the state of Washington, including:

(a) Reimbursement for travel, per diem, and reasonable accommodation for county accessible community advisory committee meetings and committee sponsored activities including, but not limited to, supporting the involvement of people with disabilities and disability organization in emergency planning and emergency preparedness activities;

(b) Establishing and maintaining an accessible communities web site;

(c) Providing training or technical assistance for county accessible community advisory committees;

(d) A grant program for funding proposals developed and submitted by county accessible community advisory committees to promote greater awareness of disability issues and acceptance, inclusion, and access for persons with disabilities within the community;

(e) Reimbursement of the state agency that provides administrative support to the governor's committee on disability issues and employment for costs associated with implementing this act; and

(f) Programming changes to the judicial information system accounting module required for disbursement of funds to this account.

NEW SECTION.  Sec. 3.  A new section is added to chapter 50.40 RCW to read as follows:

(1) To the extent allowed by funds available from the accessible communities account created in section 2 of this act, the governor's committee on disability issues and employment shall:

(a) Determine eligibility of accessible community advisory committees for reimbursement or for grant funding according to section 4 of this act; and

(2) The commissioner shall adopt rules to administer this section.

(3) To the extent allowed by funds available from the accessible communities account created in section 2 of this act, the governor's committee on disability issues and employment shall establish an accessible communities web site to provide the following information: Guidance, technical assistance, reference materials, and resource identification for local governments, accessible community advisory committees, and public accommodations; examples of best practices for local initiatives and activities to promote greater awareness of disability issues and access for persons with disabilities within the community; and a searchable listing of local public accommodations that have taken steps to be more disability friendly, including information on the specific access features provided.

NEW SECTION.  Sec. 4.  A new section is added to chapter 36.01 RCW to read as follows:

(1) A county has the option to expand the scope of an advisory committee established and maintained under RCW 29A.46.260 to that of an accessible community advisory committee, or to create an accessible community advisory committee.

(2) A county that has an active accessible community advisory committee may be reimbursed within available funds from the accessible communities account created in section 2 of this act for travel, per diem, and reasonable accommodation expenses for the participation of that committee's members in committee meetings and sponsored activities.

(3) A county establishes that it has an active accessible community advisory committee by submitting biennial assurances to the governor's committee on disability issues and employment that:

(a) The decision to establish an accessible community advisory committee was made by the county legislative authority, or by agents or officers acting under that authority.

(b) If an accessible community advisory committee is established by expanding the advisory committee established and maintained under RCW 29A.46.260, the county auditor supports that expansion.

(d) The committee is actively involved in the following activities: Advising on addressing the needs of persons with disabilities in emergency plans; advising the county and other local governments within the county on access to programs services and activities, new construction or renovation projects, sidewalks, other pedestrian routes of travel, and disability parking enforcement; and developing local initiatives and activities to promote greater awareness of disability issues, and acceptance, involvement, and access for persons with disabilities within the community.

(4) Counties may form joint accessible community advisory committees, as long as no more than one of the participating counties has a population greater than seventy thousand.

Sec. 5.  RCW 29A.46.260 and 2006 c 207 s 7 are each amended to read as follows:

(1) The legislature finds that the elimination of polling places resulting from the transition to vote by mail creates barriers that restrict the ability of many voters with disabilities from achieving the independence and privacy in voting provided by the accessible voting devices required under the help America vote act.  Counties adopting a vote by mail system must take appropriate steps to mitigate these impacts and to address the obligation to provide voters with disabilities an equal opportunity to vote independently and privately, to the extent that this can be achieved without incurring undue administrative and financial burden.

(2) Each county shall establish and maintain an advisory committee that includes persons with diverse disabilities and persons with expertise in providing accommodations for persons with disabilities.  The committee shall assist election officials in developing a plan to identify and implement changes to improve the accessibility of elections for voters with disabilities.  The plan shall include recommendations for the following:

(a) The number of polling places that will be maintained in order to ensure that people with disabilities have reasonable access
to accessible voting devices, and a written explanation for how the determination was made;

(b) The locations of polling places, drop-off facilities, voting centers, and other election-related functions necessary to maximize accessibility to persons with disabilities;

(c) Outreach to voters with disabilities on the availability of disability accommodation, including in-person disability access voting;

(d) Transportation of voting devices to locations convenient for voters with disabilities in order to ensure reasonable access for voters with disabilities; and

(e) Implementation of the provisions of the help America vote act related to persons with disabilities.

Counties must update the plan at least annually. The election review staff of the secretary of state shall review and evaluate the plan in conformance with the review procedure identified in RCW 29A.04.570.

(3) Counties may form a joint advisory committee to develop the plan identified in subsection (2) of this section if ((the total population of the joining counties does not exceed thirty thousand, and the counties are geographically adjacent)) no more than one of the participating counties has a population greater than seventy thousand.

Sec. 6. RCW 46.16.381 and 2007 c 262 s 1 and 2007 c 44 s 1 are each reenacted and amended to read as follows:

(1) The director shall grant special parking privileges to any person who has a disability that limits or impairs the ability to walk or involves acute sensitivity to light and meets one of the following criteria, as determined by a licensed physician, an advanced registered nurse practitioner licensed under chapter 18.79 RCW, or a physician assistant licensed under chapter 18.71A or 18.57A RCW:

(a) Cannot walk two hundred feet without stopping to rest;
(b) Is severely limited in ability to walk due to arthritic, neurological, or orthopedic condition;

(i) Is restricted by a form of porphyria to the extent that the applicant would significantly benefit from a decrease in exposure to light.

(2) The applications for parking permits for persons with disabilities and parking permits for persons with temporary disabilities are official state documents. Knowingly providing false information in conjunction with the application is a gross misdemeanor punishable under chapter 9A.20 RCW. The following statement must appear on each application form immediately below the physician's, advanced registered nurse practitioner's, or physician assistant's signature and immediately below the applicant's signature: "A parking permit for a person with disabilities may be issued only for a medical necessity that severely affects mobility or involves acute sensitivity to light (RCW 46.16.381). Knowingly providing false information on this application is a gross misdemeanor. The penalty is up to one year in jail and a fine of up to $5,000 or both."

(3) Persons who qualify for special parking privileges are entitled to receive from the department of licensing a removable windshield placard bearing the international symbol of access and an individual serial number, along with a special identification card bearing the name and date of birth of the person to whom the placard is issued, and the placard's serial number. The special identification card shall be issued to all persons who are issued parking placards, including those issued for temporary disabilities, and special parking license plates for persons with disabilities. The department shall design the placard to be displayed when the vehicle is parked by suspending it from the rearview mirror, or in the absence of a rearview mirror the card may be displayed on the dashboard of any vehicle used to transport the person with disabilities. Instead of regular motor vehicle license plates, persons with disabilities are entitled to receive special license plates under this section or RCW 46.16.385 bearing the international symbol of access for one vehicle registered in the name of the person with disabilities. Persons with disabilities who are not issued the special license plates are entitled to receive a second special placard upon submitting a written request to the department. Persons who have been issued the parking privileges and who are using a vehicle or are riding in a vehicle displaying the placard or special license plates issued under this section or RCW 46.16.385 may park in places reserved for persons with physical disabilities. The director shall adopt rules providing for the issuance of special placards and license plates to public transportation authorities, nursing homes licensed under chapter 18.51 RCW, boarding homes licensed under chapter 18.20 RCW, senior citizen centers, private nonprofit agencies as defined in chapter 24.03 RCW, and vehicles registered with the department as cabulances that regularly transport persons with disabilities who have been determined eligible for special parking privileges provided under this section. The director may issue special license plates for a vehicle registered in the name of the public transportation authority, nursing home, boarding home, senior citizen center, private nonprofit agency, or cabulance service if the vehicle is primarily used to transport persons with disabilities described in this section. Public transportation authorities, nursing homes, boarding homes, senior citizen centers, private nonprofit agencies, and cabulance services are responsible for insuring that the special placards and license plates are not used improperly and are responsible for all fines and penalties for improper use.

(4) Whenever the person with disabilities transfers or assigns his or her interest in the vehicle, the special license plates shall be removed from the motor vehicle. If another vehicle is acquired by the person with disabilities and the vehicle owner qualifies for a special plate, the plate shall be attached to the vehicle, and the director shall be immediately notified of the transfer of the plate. If another vehicle is not acquired by the person with disabilities, the removed plate shall be immediately surrendered to the director.

(5) The special license plate shall be renewed in the same manner and at the time required for the renewal of regular motor vehicle license plates under this chapter. No special license plate may be issued to a person who is temporarily disabled. A person who has a condition expected to improve within six months may be issued a temporary placard for a period not to exceed six months. If the condition exists after six months a new temporary placard shall be issued upon receipt of a new certification from the person's physician. The permanent parking placard and identification card of a person with disabilities shall be renewed at least every five years, as required by the director, by satisfactory proof of the right to
continued use of the privileges. In the event of the permit holder’s death, the parking placard and identification card must be immediately surrendered to the department. The department shall match and purge its database of parking permits issued to persons with disabilities with available death record information at least every twelve months.

(6) Additional fees shall not be charged for the issuance of the special placards or the identification cards. No additional fee may be charged for the issuance of the special license plates except the regular motor vehicle registration fee and any other fees and taxes required to be paid upon registration of a motor vehicle.

(7) Any unauthorized use of the special placard, special license plate issued under this section or RCW 46.16.385, or identification card is a (traffic) parking infraction with a monetary penalty of two hundred fifty dollars. In addition to any penalty or fine imposed under this subsection, two hundred dollars shall be assessed. If a person is charged with a violation, the person shall not be determined to have committed an infraction if the person produces in court or before the court appearance the placard or special license plate issued under this section or RCW 46.16.385 required under this section. A local jurisdiction providing nonmetered, on-street parking places reserved for persons with physical disabilities may impose by ordinance time restrictions of no less than four hours on the use of these parking places. A local jurisdiction may impose by ordinance time restrictions of no less than four hours on the use of nonreserved, on-street parking spaces by vehicles displaying the special parking placards or special license plates issued under this section or RCW 46.16.385. All time restrictions must be clearly posted.

(10) (The penalties) (a) Two hundred dollars from each full penalty imposed under subsections (7), (8), and (9) of this section shall be allocated as follows:

(i) One hundred dollars shall be deposited in the accessible communities account created in section 2 of this act; and

(ii) One hundred dollars shall be deposited in the multimodal transportation account under RCW 47.66.070 for the sole purpose of supplementing a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation that is administered by the department of transportation.

(b) When a reduced penalty is imposed under subsection (7), (8), or (9) of this section, the amount deposited in the accounts identified in (a) of this subsection shall be reduced equally and proportionally. The remaining penalty amounts shall be used by that local jurisdiction exclusively for law enforcement. The court may also impose an additional penalty sufficient to reimburse the local jurisdiction for any costs it may have incurred in removal and storage of the improperly parked vehicle.

(11) Except as provided by subsection (2) of this section, it is a traffic infraction with a monetary penalty of two hundred fifty dollars for any person willfully to obtain a special license plate issued under this section or RCW 46.16.385, placard, or identification card in a manner other than that established under this section.

(12)(a) A law enforcement agency authorized to enforce parking laws may appoint volunteers, with a limited commission, to issue notices of infractions for violations of this section or RCW 46.61.581. Volunteers must be at least twenty-one years of age. The law enforcement agency appointing volunteers may establish any other qualifications the agency deems desirable.

(b) An agency appointing volunteers under this section must provide training to the volunteers before authorizing them to issue notices of infractions.

(c) A notice of infraction issued by a volunteer appointed under this subsection has the same force and effect as a notice of infraction issued by a police officer for the same offense.

(d) A police officer or a volunteer may request a person to show the person’s identification card or special parking placard when investigating the possibility of a violation of this section. If the request is refused, the person in charge of the vehicle may be issued a notice of infraction for a violation of this section.

(13) For second or subsequent violations of this section, in addition to a monetary fine, the violator must complete a minimum of forty hours of:

(a) Community restitution for a nonprofit organization that serves persons having disabilities or disabling diseases; or

(b) Any other community restitution that may sensitize the violator to the needs and obstacles faced by persons who have disabilities.

(14) The court may not suspend more than one-half of any fine imposed under subsection (7), (8), (9), or (11) of this section.

MR. PRESIDENT:
The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6696 with the following amendment(s): 6696-S2.E AMH ENGR H5458.E

Strike everything after the enacting clause and insert the following:

"PART I
ACCOUNTABILITY FRAMEWORK

NEW SECTION, Sec. 101. The legislature finds that it is the state's responsibility to create a coherent and effective accountability framework for the continuous improvement for all schools and districts. This system must provide an excellent and equitable education for all students; an aligned federal/state accountability system; and the tools necessary for schools and districts to be accountable. These tools include the necessary accounting and data reporting systems, assessment systems to monitor student achievement, and a system of general support, targeted assistance, and if necessary, intervention.

The office of the superintendent of public instruction is responsible for developing and implementing the accountability tools to build district capacity and working within federal and state guidelines. The legislature assigned the state board of education responsibility and oversight for creating an accountability framework. This framework provides a unified system of support for challenged schools that aligns with basic education, increases the level of support based upon the magnitude of need, and uses data for decisions. Such a system will identify schools and their districts for recognition as well as for additional state support. For a specific group of challenged schools, defined as persistently lowest-achieving schools, and their districts, it is necessary to provide a required action process that creates a partnership between the state and local district to target funds and assistance to turn around the identified lowest-achieving schools.

Phase I of this accountability system will recognize schools that have done an exemplary job of raising student achievement and closing the achievement gaps using the state board of education's accountability index. The state board of education shall have ongoing collaboration with the achievement gap oversight and accountability committee regarding the measures used to measure the closing of the achievement gaps and the recognition provided to the school districts for closing the achievement gaps. Phase I will also target the lowest five percent of persistently lowest-achieving schools defined under federal guidelines to provide federal funds and federal intervention models through a voluntary option in 2010, and for those who do not volunteer and have not improved student achievement, a required action process beginning in 2011.

Phase II of this accountability system will work toward implementing the state board of education's accountability index for identification of schools in need of improvement, including those that are not Title I schools, and the use of state and local intervention models and state funds through a required action process beginning in 2013, in addition to the federal program. Federal approval of the state board of education's accountability index must be obtained or else the federal guidelines for persistently lowest-achieving schools will continue to be used.

The expectation from implementation of this accountability system is the improvement of student achievement for all students to prepare them for postsecondary education, work, and global citizenship in the twenty-first century.

NEW SECTION, Sec. 102. (1) Beginning in 2010, and each year thereafter, by December 1st, the superintendent of public instruction shall annually identify schools as one of the state's persistently lowest-achieving schools if the school is a Title I school, or a school that is eligible for but does not receive Title I funds, that is among the lowest-achieving five percent of Title I or Title I eligible schools in the state.

(2) The criteria for determining whether a school is among the persistently lowest-achieving five percent of Title I schools, or Title I eligible schools, under subsection (1) of this section shall be established by the superintendent of public instruction. The criteria must meet all applicable requirements for the receipt of a federal school improvement grant under the American recovery and reinvestment act of 2009 and Title I of the elementary and secondary education act of 1965, and take into account both:

(a) The academic achievement of the "all students" group in a school in terms of proficiency on the state's assessment, and any alternative assessments, in reading and mathematics combined; and
(b) The school's lack of progress on the mathematics and reading assessments over a number of years in the "all students" group.

NEW SECTION. Sec. 103. (1) Beginning in January 2011, the superintendent of public instruction shall annually recommend to the state board of education school districts for designation as required action districts. A district with at least one school identified as a persistently lowest-achieving school shall be designated as a required action district if it meets the criteria developed by the superintendent of public instruction. However, a school district shall not be recommended for designation as a required action district if the district was awarded a federal school improvement grant by the superintendent in 2010 and for three consecutive years following receipt of the grant implemented a federal school intervention model at each school identified for improvement. The state board of education may designate a district that received a school improvement grant in 2010 as a required action district if after three years of voluntarily implementing a plan the district continues to have a school identified as persistently lowest-achieving and meets the criteria for designation established by the superintendent of public instruction.

(2) The superintendent of public instruction shall provide a school district superintendent with written notice of the recommendation for designation as a required action district by certified mail or personal service. A school district superintendent may request reconsideration of the superintendent of public instruction's recommendation. The reconsideration shall be limited to a determination of whether the school district met the criteria for being recommended as a required action district. A request for reconsideration must be in writing and served on the superintendent of public instruction within ten days of service of the notice of the superintendent's recommendation.

(3) The state board of education shall annually designate those districts recommended by the superintendent in subsection (1) of this section as required action districts. A district designated as a required action district shall be required to notify all parents of students attending a school identified as a persistently lowest-achieving school in the district of the state board of education's designation of the district as a required action district and the process for complying with the requirements set forth in sections 104 through 110 of this act.

NEW SECTION. Sec. 104. (1) The superintendent of public instruction shall contract with an external review team to conduct an academic performance audit of the district and each persistently lowest-achieving school in a required action district to identify the potential reasons for the school's low performance and lack of progress. The review team must consist of persons under contract with the superintendent who have expertise in comprehensive school and district reform and may not include staff from the agency, the school district that is the subject of the audit, or members or staff of the state board of education.

(2) The audit must be conducted based on criteria developed by the superintendent of public instruction and must include but not be limited to an examination of the following:
(a) Student demographics;
(b) Mobility patterns;
(c) School feeder patterns;
(d) The performance of different student groups on assessments;
(e) Effective school leadership;
(f) Strategic school leadership;
(g) Clear and shared focus on student learning;
(h) High standards and expectations for all students;
(i) High level of collaboration and communication;
(j) Aligned curriculum, instruction, and assessment to state standards;
(k) Frequency of monitoring of learning and teaching;
(l) Focused professional development;
(m) Supportive learning environment;
(n) High level of family and community involvement;
(o) Alternative secondary schools best practices; and
(p) Any unique circumstances or characteristics of the school or district.

(3) Audit findings must be made available to the local school district, its staff, the community, and the state board of education.

NEW SECTION. Sec. 105. (1) The local district superintendent and local school board of a school district designated as a required action district must submit a required action plan to the state board of education for approval. Unless otherwise required by subsection (3) of this section, the plan must be submitted under a schedule as required by the state board. A required action plan must be developed in collaboration with administrators, teachers, and other staff, parents, unions representing any employees within the district, students, and other representatives of the local community. The superintendent of public instruction shall provide a district with assistance in developing its plan if requested. The school board must conduct a public hearing to allow for comment on a proposed required action plan. The local school district shall submit the plan first to the office of the superintendent of public instruction to review and approve that the plan is consistent with federal guidelines. After the office of the superintendent of public instruction has approved that the plan is consistent with federal guidelines, the local school district must submit its required action plan to the state board of education for approval.

(2) A required action plan must include all of the following:
(a) Implementation of one of the four federal intervention models required for the receipt of a federal school improvement grant, for those persistently lowest-achieving schools that the district will be focusing on for required action. However, a district may not establish a charter school under a federal intervention model without express legislative authority. The intervention models are the turnaround, restart, school closure, and transformation models. The intervention model selected must address the concerns raised in the academic performance audit and be intended to improve student performance to allow a school district to be removed from the list of districts designated as a required action district by the state board of education within three years of implementation of the plan;
(b) Submission of an application for a federal school improvement grant or a grant from other federal funds for school improvement to the superintendent of public instruction;
(c) A budget that provides for adequate resources to implement the federal model selected and any other requirements of the plan;
(d) A description of the changes in the district's or school's existing policies, structures, agreements, processes, and practices that are intended to attain significant achievement gains for all students enrolled in the school and how the district intends to address the findings of the academic performance audit; and
(e) Identification of the measures that the school district will use in assessing student achievement at a school identified as a persistently lowest-achieving school, which include improving mathematics and reading student achievement and graduation rates as defined by the office of the superintendent of public instruction that enable the school to no longer be identified as a persistently lowest-achieving school.

(3)(a) For any district designated for required action, the parties to any collective bargaining agreement negotiated, renewed, or extended under chapter 41.59 or 41.56 RCW after the effective date of this section must reopen the agreement, or negotiate an addendum, if needed, to make changes to terms and conditions of employment that are necessary to implement a required action plan.
NEW SECTION. Sec. 105. (a) A required action plan review panel shall either: (a) Submit a new plan to the state board of education for approval within forty days of notification that its plan was rejected, or (b) submit a request to the required action plan review panel established under section 105 of this act or by agreement of the district and the exclusive bargaining unit, related to student achievement or school improvement shall not go into effect until approval of a required action plan by the state board of education. If the state board does not approve a proposed plan, it must notify the local school board and local district's superintendent in writing with an explicit rationale for why the plan was not approved. Nonapproval by the state board of education of the local school district's initial required action plan submitted is not intended to trigger any actions under section 108 of this act. With the assistance of the office of the superintendent of public instruction, the superintendent and school board of the required action district shall either: (a) Submit a new plan to the state board of education for approval within forty days of notification that its plan was rejected, or (b) submit a request to the required action plan review panel established under section 105 of this act for reconsideration of the state board's rejection within ten days of the notification that the plan was rejected. If federal funds are not available, the plan is not required to be implemented until such funding becomes available. If federal funds for this purpose are available, a required action plan must be implemented in the immediate school year following the district's designation as a required action district.

NEW SECTION. Sec. 106. A required action plan developed by a district's school board and superintendent must be submitted to the state board of education for approval. The state board must accept for inclusion in any required action plan the final decision by the superior court on any issue certified by the executive director of the public employment relations commission under the process in section 105 of this act. The state board of education shall approve a plan proposed by a school district only if the plan meets the requirements in section 105 of this act and provides sufficient remedies to address the findings in the academic performance audit to improve student achievement. Any addendum or modification to an existing collective bargaining agreement, negotiated under section 108 of this act or by agreement of the district and the exclusive bargaining unit, related to student achievement or school improvement shall not go into effect until approval of a required action plan by the state board of education. If the state board does not approve a proposed plan, it must notify the local school board and local district's superintendent in writing with an explicit rationale for why the plan was not approved. Nonapproval by the state board of education of the local school district's initial required action plan submitted is not intended to trigger any actions under section 108 of this act. With the assistance of the office of the superintendent of public instruction, the superintendent and school board of the required action district shall either: (a) Submit a new plan to the state board of education for approval within forty days of notification that its plan was rejected, or (b) submit a request to the required action plan review panel established under section 105 of this act for reconsideration of the state board's rejection within ten days of the notification that the plan was rejected. If federal funds are not available, the plan is not required to be implemented until such funding becomes available. If federal funds for this purpose are available, a required action plan must be implemented in the immediate school year following the district's designation as a required action district.

NEW SECTION. Sec. 107. (1) A required action plan review panel shall be established to offer an objective, external review of a request from a school district for reconsideration of the state board of education's rejection of the district's required action plan. The review and reconsideration by the panel shall be based on whether the state board of education gave appropriate consideration to the unique circumstances and characteristics identified in the academic performance audit of the local school district whose required action plan was rejected.

(2)(a) The panel shall be composed of five individuals with expertise in school improvement, school district restructuring, or parent and community involvement in schools. Two of the panel members shall be appointed by the speaker of the house of representatives; two shall be appointed by the president of the senate; and one shall be appointed by the governor.

(b) The speaker of the house of representatives, president of the senate, and governor shall solicit recommendations for possible panel members from the Washington association of school administrators, the Washington state school directors' association, the association of Washington school principals, the achievement gap oversight and accountability committee, and associations
representing certificated teachers, classified school employees, and parents.

(c) Members of the panel shall be appointed no later than December 1, 2010, but the superintendent of public instruction shall convene the panel only as needed to consider a school district’s request for reconsideration. Appointments shall be for a four-year term, with opportunity for reappointment. Reappointments in the case of a vacancy shall be made expeditiously so that all requests are considered in a timely manner.

(3) The required action plan review panel may reaffirm the decision of the state board of education, recommend that the state board reconsider the rejection, or recommend changes to the required action plan that should be considered by the district and the state board of education to secure approval of the plan. The state board of education shall consider the recommendations of the panel and issue a decision in writing to the local school district and the panel. If the school district must submit a new required action plan to the state board of education, the district must submit the plan within forty days of the board’s decision.

(4) The state board of education and superintendent of public instruction must develop timelines and procedures for the deliberations under this section so that school districts can implement a required action plan within the time frame required under section 106 of this act.

NEW SECTION. Sec. 108. The state board of education may direct the superintendent of public instruction to require a school district that has not submitted a final required action plan for approval, or has submitted but not received state board of education approval of a required action plan by the beginning of the school year in which the plan is intended to be implemented, to redirect the district’s Title I funds based on the academic performance audit findings.

NEW SECTION. Sec. 109. A school district must implement a required action plan upon approval by the state board of education. The office of superintendent of public instruction must provide the required action district with technical assistance and federal school improvement grant funds or other federal funds for school improvement, if available, to implement an approved plan. The district must submit a report to the superintendent of public instruction that provides the progress the district is making in meeting the student achievement goals based on the state’s assessments, identifying strategies and assets used to solve audit findings, and establishing evidence of meeting plan implementation benchmarks as set forth in the required action plan.

NEW SECTION. Sec. 110. (1) The superintendent of public instruction must provide a report twice per year to the state board of education regarding the progress made by all school districts designated as required action districts.

(2) The superintendent of public instruction must recommend to the state board of education that a school district be released from the designation as a required action district after the district implements a required action plan for a period of three years; has made progress, as defined by the superintendent of public instruction, in reading and mathematics on the state's assessment assessments, identifying strategies and assets used to solve audit findings, which plan must be approved by the state board of education accountability index. The state board of education accountability index has identified schools that need additional help, a more thorough analysis will be done to analyze specific conditions in the district including but not limited to the level of state resources a school or school district receives in support of the basic education system, achievement gaps for different groups of students, and capacity limitations for school districts.

(3) The proposal and timeline shall be submitted to the education committees of the legislature by December 1, 2009, and shall include recommended legislation and recommended resources to implement the system according to the timeline developed.

(4)(a) The state board of education shall develop a proposal and implementation timeline for a more formalized comprehensive system of support for challenged schools and districts that have not demonstrated sufficient progress by the voluntary system. The proposal and timeline shall be submitted to the education committees of the legislature by December 1, 2009, and shall include recommended legislation and recommended resources to implement the system according to the timeline developed.

(5) The proposal shall outline a process for addressing performance challenges that will include the following features: (1) An academic performance audit using peer review teams of educators that considers school and community factors in addition to other factors in developing recommended specific corrective actions that should be undertaken to improve student learning; (2) a requirement for the local school board plan to develop and be responsible for implementing corrective action plan taking into account the audit findings, which plan must be approved by the state board of education at which time the plan becomes binding upon the school district to implement; and (3) monitoring of local district progress by the office of the superintendent of public instruction. The proposal shall take effect only if formally authorized by the legislature through the omnibus appropriations act or other enacted legislation.

(6) (a) The state board of education shall continue to refine the development of an accountability framework that creates a unified system of support for challenged schools, that aligns with basic education, increases the level of support based upon the magnitude of need, and uses data for decisions.

(2) The state board of education shall develop an accountability index to identify schools and districts for recognition, for continuous improvement, and for additional state support. The index shall be based on criteria that are fair, consistent, and transparent. Performance shall be measured using multiple outcomes and indicators including, but not limited to, graduation rates and results from statewide assessments. The index shall be developed in such a way as to be easily understood by both employees within the schools and districts, as well as parents and community members. It is the legislature's intent that the index provide feedback to schools and districts to self-assess their progress, and enable the identification of schools with exemplary student performance and those that need assistance to overcome challenges in order to achieve exemplary student performance.
education shall have ongoing collaboration with the achievement gap oversight and accountability committee regarding the measures used to measure the closing of the achievement gaps and the recognition provided to the school districts for closing the achievement gaps.

(4) In coordination with the superintendent of public instruction, the state board of education shall seek approval from the United States department of education for use of the accountability index and the state system of support, assistance, and intervention, to replace the federal accountability system under P.L. 107-110, the no child left behind act of 2001.

NEW SECTION.  Sec. 112. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "All students group" means those students in grades three through eight and high school who take the state reading and mathematics required under 20 U.S.C. Sec. 6311(b)(3).

(2) "Title I" means Title I, part A of the federal elementary and secondary education act of 1965 (ESEA) (20 U.S.C. Secs. 6311-6322).

NEW SECTION.  Sec. 113. The superintendent of public instruction and the state board of education may each adopt rules in accordance with chapter 34.05 RCW as necessary to implement this chapter.

NEW SECTION.  Sec. 114. (1) The legislature finds that a unified and equitable system of education accountability must include expectations and benchmarks for improvement, along with support for schools and districts to make the necessary changes that will lead to success for all students. Such a system must also clearly address the consequences for persistent lack of improvement. Establishing a process for school districts to prepare and implement a required action plan is one such consequence. However, to be truly accountable to students, parents, the community, and taxpayers, the legislature must also consider what should happen if a required action district continues not to make improvement after an extended period of time. Without an answer to this significant question, the state's system of education accountability is incomplete. Furthermore, accountability must be appropriately shared among various levels of decision makers, including in the building, in the district, and at the state.

(2)(a) A joint select committee on education accountability is established beginning no earlier than May 1, 2012, with the following members:

(i) The president of the senate shall appoint two members from each of the two largest caucuses of the senate.

(ii) The speaker of the house of representatives shall appoint two members from each of the two largest caucuses of the house of representatives.

(b) The committee shall choose its cochairs from among its membership.

(3) The committee shall:

(a) Identify and analyze options for a complete system of education accountability, particularly consequences in the case of persistent lack of improvement by a required action district;

(b) Identify and analyze appropriate decision-making responsibilities and accompanying consequences at the building, district, and state level within such an accountability system;

(c) Examine models and experiences in other states;

(d) Identify the circumstances under which significant state action may be required; and

(e) Analyze the financial, legal, and practical considerations that would accompany significant state action.

(4) Staff support for the committee must be provided by the senate committee services and the house of representatives office of program research.

(5) The committee shall submit an interim report to the education committees of the legislature by September 1, 2012, and a final report with recommendations by September 1, 2013.

(6) This section expires June 30, 2014.

PART II
EVALUATIONS

Sec. 201.  RCW 28A.150.230 and 2006 c 263 s 201 are each amended to read as follows:

(1) It is the intent and purpose of this section to guarantee that each common school district board of directors, whether or not acting through its respective administrative staff, be held accountable for the proper operation of their district to the local community and its electorate. In accordance with the provisions of Title 28A RCW, as now or hereafter amended, each common school district board of directors shall be vested with the final responsibility for the setting of policies ensuring quality in the content and extent of its educational program and that such program provide students with the opportunity to achieve those skills which are generally recognized as requisite to learning.

(2) In conformance with the provisions of Title 28A RCW, as now or hereafter amended, it shall be the responsibility of each common school district board of directors to adopt policies to:

(a) Establish performance criteria and an evaluation process for its superintendent, classified staff, certificated personnel, including administrative staff, and for all programs constituting a part of such district's curriculum. Each district shall report annually to the superintendent of public instruction the following for each employee group listed in this subsection (2)(a): (i) Evaluation criteria and rubrics; (ii) a description of each rating; and (iii) the number of staff in each rating;

(b) Determine the final assignment of staff, certificated or classified, according to board enumerated classroom and program needs and data, based upon a plan to ensure that the assignment policy:

(i) Supports the learning needs of all the students in the district; and (ii) gives specific attention to high-need schools and classrooms;

(c) Provide information to the local community and its electorate describing the school district's policies concerning hiring, assigning, terminating, and evaluating staff, including the criteria for evaluating teachers and principals;

(d) Determine the amount of instructional hours necessary for any student to acquire a quality education in such district, in not less than an amount otherwise required in RCW 28A.150.220, or rules of the state board of education;

(4) Determine the allocation of staff time, whether certificated or classified;

(5) Establish final curriculum standards consistent with law and rules of the superintendent of public instruction, relevant to the particular needs of district students or the unusual characteristics of the district, and ensuring a quality education for each student in the district; and
(441) (g) Evaluate teaching materials, including text books, teaching aids, handouts, or other printed material, in public hearing upon complaint by parents, guardians or custodians of students who consider dissemination of such material to students objectionable.

Sec. 202. RCW 28A.405.100 and 1997 c 278 s 1 are each amended to read as follows:

(1)(a) Except as provided in subsection (2) of this section, the superintendent of public instruction shall establish and may amend from time to time minimum criteria for the evaluation of the professional performance capabilities and development of certificated classroom teachers and certificated support personnel. For classroom teachers the criteria shall be developed in the following categories: Instructional skill; classroom management, professional preparation and scholarship; effort toward improvement when needed; the handling of student discipline and attendant problems; and interest in teaching pupils and knowledge of subject matter.

(b) Every board of directors shall, in accordance with procedure provided in RCW 41.59.010 through 41.59.170, 41.59.910 and 41.59.920, establish evaluative criteria and procedures for all certificated classroom teachers and certificated support personnel. The evaluative criteria must contain as a minimum the criteria established by the superintendent of public instruction pursuant to this section and must be prepared within six months following adoption of the superintendent of public instruction's minimum criteria. The district must certify to the superintendent of public instruction that evaluative criteria have been so prepared by the district.

(2)(a) Pursuant to the implementation schedule established in subsection (7)(b) of this section, every board of directors shall, in accordance with procedures provided in RCW 41.59.010 through 41.59.170, 41.59.910, and 41.59.920, establish revised evaluative criteria and a four-level rating system for all certificated classroom teachers.

(b) The minimum criteria shall include: (i) Centering instruction on high expectations for student achievement; (ii) demonstrating effective teaching practices; (iii) recognizing individual student learning needs and developing strategies to address those needs; (iv) providing clear and intentional focus on subject matter content and curriculum; (v) fostering and managing a safe, positive learning environment; (vi) using multiple student data elements to modify instruction and improve student learning; (vii) communicating and collaborating with parents and school community; and (viii) exhibiting collaborative and collegial practices focused on improving instructional practice and student learning.

(c) The four-level rating system used to evaluate the certificated classroom teacher must describe performance along a continuum that indicates the extent to which the criteria have been met or exceeded. When student growth data, if available and relevant to the teacher and subject matter, is referenced in the evaluation process it must be based on multiple measures that can include classroom-based, school-based, district-based, and state-based tools. As used in this subsection, "student growth" means the change in student achievement between two points in time.

(3)(a) Except as provided in subsection (4)(i) (10) of this section, it shall be the responsibility of a principal or his or her designee to evaluate all certificated personnel in his or her school. During each school year all classroom teachers and certificated support personnel (hereinafter referred to as “employees” in this section) shall be observed for the purposes of evaluation at least twice in the performance of their assigned duties. Total observation time for each employee for each school year shall be not less than sixty minutes. An employee in the third year of provisional status as defined in RCW 28A.405.220 shall be observed at least three times in the performance of his or her duties and the total observation time for the school year shall not be less than ninety minutes. Following each observation, or series of observations, the principal or other evaluator shall promptly document the results of the observation in writing, and shall provide the employee with a copy thereof within three days after such report is prepared. New employees shall be observed at least once for a total observation time of thirty minutes during the first ninety calendar days of their employment period.

(b) As used in this subsection and subsection (4) of this section, “employees” means classroom teachers and certificated support personnel.

(4)(a) At any time after October 15th, an employee whose work is not judged (unsatisfactory) satisfactory based on district evaluation criteria shall be notified in writing of the specific areas of deficiencies along with a reasonable program for improvement. During the period of probation, the employee may not be transferred from the supervision of the original evaluator. Improvement of performance or probable cause for nonrenewal must occur and be documented by the original evaluator before any consideration of a request for transfer or reassignment as contemplated by either the individual or the school district. A probationary period of sixty school days shall be established. The establishment of a probationary period does not adversely affect the contract status of an employee within the meaning of RCW 28A.405.300. The purpose of the probationary period is to give the employee opportunity to demonstrate improvements in his or her areas of deficiency. The establishment of the probationary period and the giving of the notice to the employee of deficiency shall be by the school district superintendent and need not be submitted to the board of directors for approval. During the probationary period the evaluator shall meet with the employee at least twice monthly to supervise and make a written evaluation of the progress, if any, made by the employee. The evaluator may authorize one additional certificated employee to evaluate the probationer and to aid the employee in improving his or her areas of deficiency; such additional certificated employee shall be immune from any civil liability that might otherwise be incurred or imposed with regard to the good faith performance of such evaluation. The probationer may be removed from probation if he or she has demonstrated improvement to the satisfaction of the principal in those areas specifically detailed in his or her initial notice of deficiency and subsequently detailed in his or her improvement program. Lack of necessary improvement during the established probationary period, as specifically documented in writing with notification to the probationer and shall constitute grounds for a finding of probable cause under RCW 28A.405.300 or 28A.405.210.

(b) Immediately following the completion of a probationary period that does not produce performance changes detailed in the initial notice of deficiencies and improvement program, the employee may be removed from his or her assignment and placed into an alternative assignment for the remainder of the school year. This reassignment may not displace another employee nor may it adversely affect the probationary employee's compensation or benefits for the remainder of the employee's contract year. If such reassignment is not possible, the district may, at its option, place the employee on paid leave for the balance of the contract term.

(G2) (5) Every board of directors shall establish evaluative criteria and procedures for all superintendents, principals, and other administrators. It shall be the responsibility of the district superintendent or his or her designee to evaluate all administrators. Except as provided in subsection (6) of this section, such evaluation shall be based on the administrative position job description. Such criteria, when applicable, shall include at least the following categories: Knowledge of, experience in, and training in
recognizing good professional performance, capabilities and
development; school administration and management; school
finance; professional preparation and scholarship; effort toward
improvement when needed; interest in pupils, employees, patrons
and subjects taught in school; leadership; and ability and
performance of evaluation of school personnel.

(44)) (6)(a) Pursuant to the implementation schedule
established by subsection (7)(b) of this section, every board of
directors shall establish revised evaluative criteria and a four-level
rating system for principals.

(b) The minimum criteria shall include: (i) Creating a school
culture that promotes the ongoing improvement of learning and
teaching for students and staff; (ii) demonstrating commitment to
closing the achievement gap; (iii) providing for school safety; (iv)
leading the development, implementation, and evaluation of a
data-driven plan for increasing student achievement, including the
use of multiple student data elements; (v) assisting instructional staff
with alignment of curriculum, instruction, and assessment with state
and local district learning goals; (vi) monitoring, assisting, and
evaluating effective instruction and assessment practices; (vii)
managing both staff and fiscal resources to support student
achievement and legal responsibilities; and (viii) partnering with the
school community to promote student learning.

(c) The four-level rating system used to evaluate the principal
must describe performance along a continuum that indicates the
extent to which the criteria have been met or exceeded. When
available, student growth data that is referenced in the evaluation
process must be based on multiple measures that can include
classroom-based, school-based, district-based, and state-based tools.
As used in this subsection, "student growth" means the change in
student achievement between two points in time.

(7)(a) The superintendent of public instruction, in collaboration
with state associations representing teachers, principals,
administrators, and parents, shall create models for implementing
the evaluation system criteria, student growth tools, professional
development programs, and evaluator training for certificated
classroom teachers and principals. Human resources specialists,
professional development experts, and assessment experts must also
be consulted. Due to the diversity of teaching assignments and the
many developmental levels of students, classroom teachers and
principals must be prominently represented in this work. The
models must be available for use in the 2011-12 school year.

(b) A new certificated classroom teacher evaluation system that
implements the provisions of subsection (2) of this section and a
new principal evaluation system that implements the provisions of
subsection (6) of this section shall be phased-in beginning with the
2010-11 school year by districts identified in (c) of this subsection
and implemented in all school districts beginning with the 2013-14
school year.

(c) A set of school districts shall be selected by the
superintendent of public instruction to participate in a collaborative
process resulting in the development and piloting of new certificated
classroom teacher and principal evaluation systems during the
2010-11 and 2011-12 school years. These school districts must be
selected based on: (i) The agreement of the local associations
representing classroom teachers and principals to collaborate with the
district in this developmental work and (ii) the agreement to
participate in the full range of development and implementation
activities, including: Development of rubrics for the evaluation
criteria and ratings in subsections (2) and (6) of this section;
identification of or development of appropriate multiple measures of
student growth in subsections (2) and (6) of this section;
development of appropriate evaluation system forms; participation
in professional development for principals and classroom teachers
regarding the content of the new evaluation system; participation in
evaluator training; and participation in activities to evaluate the
effectiveness of the new systems and support programs. The
school districts must submit to the office of the superintendent of
public instruction data that is used in evaluations and all
district-collected student achievement, aptitude, and growth data
regardless of whether the data is used in evaluations. If the data is
not available electronically, the district may submit it in
non-electronic form. The superintendent of public instruction must
analyze the districts' use of student data in evaluations, including
examining the extent that student data is not used or is underutilized.
The superintendent of public instruction must also consult with
participating districts and stakeholders, recommend appropriate
changes, and address statewide implementation issues. The
superintendent of public instruction shall report evaluation system
implementation status, evaluation data, and recommendations to
appropriate committees of the legislature and governor by July 1,
2011, and at the conclusion of the development phase by July 1,
2012. In the July 1, 2011 report, the superintendent shall include
recommendations for whether a single statewide evaluation model
should be adopted, whether modified versions developed by school
districts should be subject to state approval, and what the criteria
would be for determining if a school district's evaluation model
meets or exceeds a statewide model. The report shall also identify
challenges posed by requiring a state approval process.

(8) Each certificated classroom teacher and
certificated support personnel shall have the opportunity for
confidential conferences with his or her immediate supervisor on no
less than two occasions in each school year. Such confidential
conference shall have as its sole purpose the aiding of the
administrator in his or her assessment of the employee's professional
performance.

(44) (9) The failure of any evaluator to evaluate or supervise
or cause the evaluation or supervision of certificated classroom
teachers and certificated support personnel or administrators in accordance with this section, as now or hereafter amended, when it is his or her specific assigned or delegated
responsibility to do so, shall be sufficient cause for the nonrenewal
of any such evaluator's contract under RCW 28A.405.210, or the
discharge of such evaluator under RCW 28A.405.300.

(44) (10) After a certificated classroom teacher or
certificated support personnel has four years of
satisfactory evaluations under subsection (1) of this section or has
received one of the two top ratings for four years under subsection
(2) of this section, a school district may use a short form of
evaluation, a locally bargained evaluation emphasizing professional
growth, an evaluation under subsection (1) or (2) of this section, or
any combination thereof. The short form of evaluation shall
include either a thirty minute observation during the school year
with a written summary or a final annual written evaluation based on
the criteria in subsection (1) or (2) of this section and based on at
least two observation periods during the school year totaling at least
sixty minutes without a written summary of such observations being
prepared. A locally bargained short-form evaluation emphasizing
professional growth must provide that the professional growth
activity conducted by the certificated classroom teacher be
specifically linked to one or more of the certificated classroom
teacher evaluation criteria. However, the evaluation process set
forth in subsection (1) or (2) of this section shall be followed at least
once every three years unless this time is extended by a local school
district under the bargaining process set forth in chapter 41.59
RCW. The employee or evaluator may require that the evaluation
process set forth in subsection (1) or (2) of this section be conducted
in any given school year. No evaluation other than the evaluation
authorized under subsection (1) or (2) of this section may be used as
a basis for determining that an employee's work is
(unsatisfactory).
This section applies only to school employment contract of the provisional employee.  The section shall hereinafter be referred to as "provisional employees((2))."

(2) In the event the superintendent of the school district determines that the employment contract of any provisional employee should not be renewed by the district for the next ensuing term such provisional employee shall be notified thereof in writing on or before May 15th preceding the commencement of such school term, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 15th, which notification shall state the reason or reasons for such determination.  Such notice shall be served upon the provisional employee personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein.  The determination of the superintendent shall be subject to the evaluation requirements of RCW 28A.405.100.

(3) Every such provisional employee so notified, at his or her request made in writing and filed with the superintendent of the district within ten days after receiving such notice, shall be given the opportunity to meet informally with the superintendent for the purpose of requesting the superintendent to reconsider his or her decision.  Such meeting shall be held no later than ten days following the receipt of such request, and the provisional employee shall be given written notice of the date, time and place of meeting at least three days prior thereto.  At such meeting the provisional employee shall be given the opportunity to refute any facts upon which the superintendent's determination was based and to make any argument in support of his or her request for reconsideration.

(4) Within ten days following the meeting with the provisional employee, the superintendent shall either reinstate the provisional employee or shall submit to the school district board of directors for consideration at its next regular meeting a written report recommending that the employment contract of the provisional employee be nonrenewed and stating the reason or reasons therefor.  A copy of such report shall be delivered to the provisional employee at least three days prior to the scheduled meeting of the board of directors.  In taking action upon the recommendation of the superintendent, the board of directors shall consider any written communication which the provisional employee may file with the secretary of the board at any time prior to that meeting.

(5) The board of directors shall notify the provisional employee in writing of its final decision within ten days following the meeting at which the superintendent's recommendation was considered.  The decision of the board of directors to nonrenew the contract of a provisional employee shall be final and not subject to appeal.

(6) This section applies to any person employed by a school district in a teaching or other nonsupervisory certificated position under RCW 28A.405.210 unless an evaluation process developed under chapter 41.59 RCW determines otherwise.

**NEW SECTION.** Sec. 203. RCW 28A.405.220 and 2009 c 57 s 2 are each amended to read as follows:

(1) Notwithstanding the provisions of RCW 28A.405.210, every person employed by a school district in a teaching or other nonsupervisory certificated position shall be subject to nonrenewal of employment contract as provided in this section during the first (fourth) three years of employment by such district, unless:  (a) The employee has previously completed at least two years of certificated employment in another school district in the state of Washington, in which case the employee shall be subject to nonrenewal of employment contract pursuant to this section during the first year of employment with the new district; or (b) the school district superintendent may make a determination to remove an employee from provisional status if the employee has received one of the top two evaluation ratings during the second year of employment by the district.  Employees as defined in this section shall hereinafter be referred to as "provisional employees((2))."

(2) The analysis shall be conducted during each of the phase-in years of the certificated classroom teacher and principal evaluation systems.  The analysis shall include:  Procedures, timelines, probationary periods, appeal procedures, and other items related to the timely exercise of employment decisions and due process provisions for certificated classroom teachers and principals.

**NEW SECTION.** Sec. 204. A new section is added to chapter 28A.405 RCW to read as follows:

If funds are provided for professional development activities designed specifically for first through third-year teachers, the funds shall be allocated first to districts participating in the evaluation systems in RCW 28A.405.100 (2) and (6) before the required implementation date under that section.

**PART III  PRINCIPAL PERFORMANCE**

**NEW SECTION.** Sec. 301. The legislature finds that the presence of highly effective principals in schools has never been more important than it is today.  To enable students to meet high academic standards, principals must lead and encourage teams of teachers and support staff to work together, align curriculum and instruction, use student data to target instruction and intervention strategies, and serve as the chief school officer with parents and the community.  Greater responsibility should come with greater authority over personnel, budgets, resource allocation, and programs.  But greater responsibility also comes with greater accountability for outcomes.  Washington is putting into place an updated and rigorous system of evaluating principal performance, one that will measure what matters.  This system will never be truly effective unless the results are meaningfully used.

**NEW SECTION.** Sec. 302. A new section is added to chapter 28A.405 RCW to read as follows:

(1) Any certificated employee of a school district under this section who is first employed as a principal after the effective date of this section shall be subject to transfer as provided under this section, at the expiration of the term of his or her employment contract, to any subordinate certificated position within the school district.  "Subordinate certificated position" as used in this section means any administrative or nonadministrative certificated position for which the annual compensation is less than the position currently held by the administrator.  This section applies only to school districts with an annual average student enrollment of more than thirty-five thousand full-time equivalent students.

(2) During the first three consecutive school years of employment as a principal by the school district, or during the first full school year of such employment in the case of a principal who has been previously employed as a principal by another school district in the state for three or more consecutive school years, the transfer of the principal to a subordinate certificated position may be
made by a determination of the superintendent that the best interests of the school district would be served by the transfer.

(3) Commencing with the fourth consecutive school year of employment as a principal, or the second consecutive school year of such employment in the case of a principal who has been previously employed as a principal by another school district in the state for three or more consecutive school years, the transfer of the principal to a subordinate certificated position shall be based on the superintendent's determination that the results of the evaluation of the principal's performance using the evaluative criteria and rating system established under RCW 28A.405.100 provide a valid reason for the transfer without regard to whether there is probable cause for the transfer. If a valid reason is shown, it shall be deemed that the transfer is reasonably related to the principal's performance. No probationary period is required. However, provision of support and an attempt at remediation of the performance of the principal, as defined by the superintendent, are required for a determination by the superintendent under this subsection that the principal should be transferred to a subordinate certificated position.

(4) Any superintendent transferring a principal under this section to a subordinate certificated position shall notify that principal in writing on or before May 15th before the beginning of the school year of that determination, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 15th. The notification shall state the reason or reasons for the transfer and shall identify the subordinate certificated position to which the principal will be transferred. The notification shall be served upon the principal personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein.

(5) Any principal so notified may request to the president or chair of the board of directors of the district, in writing and within ten days after receiving notice, an opportunity to meet informally with the board of directors in an executive session for the purpose of requesting the board to reconsider the decision of the superintendent, and shall be given such opportunity. The board, upon receipt of such request, shall schedule the meeting for no later than the next regularly scheduled meeting of the board, and shall give the principal written notice at least three days before the meeting of the date, time, and place of the meeting. At the meeting the principal shall be given the opportunity to refute any evidence upon which the determination was based and to make any argument in support of his or her request for reconsideration. The principal and the board may invite their respective legal counsel to be present and to participate at the meeting. The board shall notify the principal in writing of its final decision within ten days following its meeting with the principal. No appeal to the courts shall lie from the final decision of the board of directors to transfer a principal to a subordinate certificated position.

(6) This section provides the exclusive means for transferring a certificated employee first employed by a school district under this section as a principal after the effective date of this section to a subordinate certificated position at the expiration of the term of his or her employment contract.

Sec. 303. RCW 28A.405.210 and 2009 c 57 s 1 are each amended to read as follows:

No teacher, principal, supervisor, superintendent, or other certificated employee, holding a position as such with a school district, hereinafter referred to as "employee", shall be employed except by written order of a majority of the directors of the district at a regular or special meeting thereof, nor unless he or she is the holder of an effective teacher's certificate or other certificate required by law or the Washington professional educator standards board for the position for which the employee is employed.
writing on or before May 15th preceding the commencement of such school term of that determination, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 15th, which notification shall state the reason or reasons for the transfer, and shall identify the subordinate certificated position to which the administrator will be transferred. Such notice shall be served upon the administrator personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein.

Every such administrator so notified, at his or her request made in writing and filed with the president or chair, secretary of the board of directors of the district within ten days after receiving such notice, shall be given the opportunity to meet informally with the board of directors in an executive session thereof for the purpose of requesting the board to reconsider the decision of the superintendent. Such board, upon receipt of such request, shall schedule the meeting for no later than the next regularly scheduled meeting of the board, and shall notify the administrator in writing of the date, time and place of the meeting at least three days prior thereto. At such meeting the administrator shall be given the opportunity to refute any facts upon which the determination was based and to make any argument in support of his or her request for reconsideration. The administrator and the board may invite their respective legal counsel to be present and to participate at the meeting. The board shall notify the administrator in writing of its final decision within ten days following its meeting with the administrator. No appeal to the courts shall lie from the final decision of the board of directors to transfer an administrator to a subordinate certificated position: PROVIDED, That in the case of principals such transfer shall be made at the expiration of the contract year and only during the first three consecutive school years of employment as a principal by a school district; except that if any such principal has been previously employed as a principal by another school district in the state of Washington for three or more consecutive school years the provisions of this section shall apply only to the first full school year of such employment.

This section applies to any person employed as an administrator by a school district on June 25, 1976, and to all persons so employed at any time thereafter, except that section 302 of this act applies to persons first employed after the effective date of this section as a principal by a school district meeting the criteria of section 302 of this act. This section provides the exclusive means for transferring an administrator subject to this section to a subordinate certificated position at the expiration of the term of his or her employment contract.

Sec. 305. RCW 28A.405.300 and 1990 c 33 s 395 are each amended to read as follows:

In the event it is determined that there is probable cause or causes for a teacher, principal, supervisor, superintendent, or other certificated employee, holding a position as such with the school district, hereinafter referred to as "employee", to be discharged or otherwise adversely affected in his or her contract status, such employee shall be notified in writing of that decision, which notification shall specify the probable cause or causes for such action. Such determinations of probable cause for certificated employees, other than the superintendent, shall be made by the superintendent. Such notices shall be served upon that employee personally, or by certified or registered mail, or by leaving a copy of the notice at the house of his or her usual abode with some person of suitable age and discretion then resident therein. Every such employee so notified, at his or her request made in writing and filed with the president, chair of the board or secretary of the board of directors of the district within ten days after receiving such notice, shall be granted opportunity for a hearing pursuant to RCW 28A.405.310 to determine whether or not there is sufficient cause or causes for his or her discharge or other adverse action against his or her contract status.

In the event any such notice or opportunity for hearing is not timely given, or in the event cause for discharge or other adverse action is not established by a preponderance of the evidence at the hearing, such employee shall not be discharged or otherwise adversely affected in his or her contract status for the causes stated in the original notice for the duration of his or her contract.

If such employee does not request a hearing as provided herein, such employee may be discharged or otherwise adversely affected as provided in the notice served upon the employee.

Transfer to a subordinate certificated position as that procedure is set forth in RCW 28A.405.230 or section 302 of this act shall not be construed as a discharge or other adverse action against contract status for the purposes of this section.

PART VII
PARENTS AND COMMUNITY

NEW SECTION. Sec. 701. A new section is added to chapter 28A.605 RCW to read as follows:

School districts are encouraged to strengthen family, school, and community partnerships by creating spaces in school buildings, if space is available, where students and families can access the services they need, such as after-school tutoring, dental and health services, counseling, or clothing and food banks.

NEW SECTION. Sec. 702. A new section is added to chapter 28A.655 RCW to read as follows:

1) Beginning with the 2010-11 school year, each school shall conduct outreach and seek feedback from a broad and diverse range of parents, other individuals, and organizations in the community regarding their experiences with the school. The school shall summarize the responses in its annual report under RCW 28A.655.110.

2) The office of the superintendent of public instruction shall create a working group with representatives of organizations representing parents, teachers, and principals as well as diverse communities. The working group shall also include a representative from the achievement gap oversight and accountability committee. By September 1, 2010, the working group shall develop model feedback tools and strategies that school districts may use to facilitate the feedback process required in subsection (1) of this section. The model tools and strategies are intended to provide assistance to school districts. School districts are encouraged to adapt the models or develop unique tools and strategies that best fit the circumstances in their communities.

Sec. 703. RCW 28A.655.110 and 1999 c 388 s 305 are each amended to read as follows:

1) Beginning with the 1994-95 school year, to provide the local community and electorate with access to information on the educational programs in the schools in the district, each school shall publish annually a school performance report and deliver the report
to each parent with children enrolled in the school and make the report available to the community served by the school. The annual performance report shall be in a form that can be easily understood and be used by parents, guardians, and other members of the community who are not professional educators to make informed educational decisions. As data from the assessments in RCW 28A.655.060 becomes available, the annual performance report should enable parents, educators, and school board members to determine whether students in the district's schools are attaining mastery of the student learning goals under RCW 28A.150.210, and other important facts about the schools' performance in assisting students to learn. The annual report shall make comparisons to a school's performance in preceding years, student performance relative to the goals and the percentage of students performing at each level of the assessment, a comparison of student performance at each level of the assessment to the previous year's performance, and information regarding school-level plans to achieve the goals.

(2) The annual performance report shall include, but not be limited to: (a) A brief statement of the mission of the school and the school district; (b) enrollment statistics including student demographics; (c) expenditures per pupil for the school year; (d) a summary of student scores on all mandated tests; (e) a concise annual budget report; (f) student attendance, graduation, and dropout rates; (g) information regarding the use and condition of the school building or buildings; (h) a brief description of the learning improvement plans for the school; (i) a summary of the feedback from parents and community members obtained under section 702 of this act; (j) an invitation to all parents and citizens to participate in school activities.

(3) The superintendent of public instruction shall develop by June 30, 1994, and update periodically, a model report form, which shall also be adopted for computers, that schools may use to meet the requirements of subsections (1) and (2) of this section. In order to make school performance reports broadly accessible to the public, the superintendent of public instruction, to the extent feasible, shall make information on each school's report available on or through the superintendent's internet web site.

NEW SECTION. Sec. 704. A new section is added to chapter 28A.300 RCW to read as follows:

There is a sizeable body of research positively supporting the involvement of parents taking an engaged and active role in their child's education. Therefore, the legislature intends to provide state recognition by the center for the improvement of student learning within the office of the superintendent of public instruction for schools that increase the level of direct parental involvement with their child's education. By September 1, 2010, the center for the improvement of student learning shall determine measures that can be used to evaluate the level of parental involvement in a school. The center for the improvement of student learning shall collaborate with school district family and community outreach programs and educational service districts to identify and highlight successful models and practices of parent involvement.

PART VIII
COLLECTIVE BARGAINING

Sec. 801. RCW 41.56.100 and 1989 c 45 s 1 are each amended to read as follows:

(1) A public employer shall have the authority to engage in collective bargaining with the exclusive bargaining representative and no public employer shall refuse to engage in collective bargaining with the exclusive bargaining representative. (PROVIDED, That nothing contained herein shall require any). However, a public employer is not required to bargain collectively with any bargaining representative concerning any matter which by ordinance, resolution, or charter of said public employer has been delegated to any civil service commission or personnel board. Similar in scope, structure, and authority to the board created by chapter 41.06 RCW.

(2) Upon the failure of the public employer and the exclusive bargaining representative to conclude a collective bargaining agreement, any matter in dispute may be submitted by either party to the commission. This subsection does not apply to negotiations and mediations conducted between a school district employer and an exclusive bargaining representative under section 105 of this act.

(3) If a public employer implements its last and best offer where there is no contract settlement, allegations that either party is violating the terms of the implemented offer shall be subject to grievance arbitration procedures if and as such procedures are set forth in the implemented offer, or, if not in the implemented offer, if and as such procedures are set forth in the parties' last contract.

NEW SECTION. Sec. 802. A new section is added to chapter 41.56 RCW to read as follows:

(1) Either an employer or an exclusive bargaining representative may declare that an impasse has been reached between them in collective bargaining and may request the commission to appoint a mediator for the purpose of assisting them in reconciling their differences and resolving the controversy on terms which are mutually acceptable. If the commission determines that its assistance is needed, not later than five days after the receipt of a request therefor, it shall appoint a mediator in accordance with rules and regulations for such appointment prescribed by the commission. The mediator shall meet with the parties or their representatives, or both, forthwith, either jointly or separately, and shall take such other steps as he may deem appropriate in order to persuade the parties to resolve their differences and effect a mutually acceptable agreement. The mediator, without the consent of both parties, shall not make findings of fact or recommend terms of settlement. The services of the mediator, including, if any, per diem expenses, shall be provided by the commission without cost to the parties. Nothing in this subsection (1) shall be construed to prevent the parties from mutually agreeing upon their own mediation procedure, and in the event of such agreement, the commission shall not appoint its own mediator unless failure to do so would be inconsistent with the effectuation of the purposes and policy of this chapter.

(2) If the mediator is unable to effect settlement of the controversy within ten days after his or her appointment, either party, by written notification to the other, may request that their differences be submitted to fact-finding with recommendations, except that the time for mediation may be extended by mutual agreement between the parties. Within five days after receipt of the aforesaid written request for fact-finding, the parties shall select a person to serve as fact finder and obtain a commitment from that
person to serve. If they are unable to agree upon a fact finder or to obtain such a commitment within that time, either party may request the commission to designate a fact finder. The commission, within five days after receipt of such request, shall designate a fact finder in accordance with rules and regulations for such designation prescribed by the commission. The fact finder so designated shall not be the same person who was appointed mediator pursuant to subsection (1) of this section without the consent of both parties.

The fact finder, within five days after his appointment, shall meet with the parties or their representatives, or both, either jointly or separately, and make inquiries and investigations, hold hearings, and take such other steps as he may deem appropriate. For the purpose of such hearings, investigations and inquiries, the fact finder shall have the power to issue subpoenas requiring the attendance and testimony of witnesses and the production of evidence. If the dispute is not settled within ten days after his appointment, the fact finder shall make findings of fact and recommend terms of settlement within thirty days after his appointment, which recommendations shall be advisory only.

(3) Such recommendations, together with the findings of fact, shall be submitted in writing to the parties and the commission privately before they are made public. Either the commission, the fact finder, the employer, or the exclusive bargaining representative may make such findings and recommendations public if the dispute is not settled within five days after their receipt from the fact finder.

(4) The costs for the services of the fact finder, including, if any, per diem expenses and actual and necessary travel and subsistence expenses, and any other incurred costs, shall be borne by the commission without cost to the parties.

(5) Nothing in this section shall be construed to prohibit an employer and an exclusive bargaining representative from agreeing to substitute, at their own expense, their own procedure for resolving impasses in collective bargaining for that provided in this section or from agreeing to utilize for the purposes of this section any other governmental or other agency or person in lieu of the commission.

(6) Any fact finder designated by an employer and an exclusive representative or the commission for the purposes of this section shall be deemed an agent of the state.

(7) This section does not apply to negotiations and mediations conducted under section 105 of this act.

PART X
EDUCATION REFORM FINANCE

NEW SECTION. Sec. 1001. (1) An essential aspect of overall education reform is reform in state financing for basic education, both in the way that funds are distributed and the overall level of state support to school districts. Chapter 548, Laws of 2009, took a significant step in this aspect of education reform by creating a framework for new funding distribution formulas and directing further work on this topic and recommendations from the quality education council and technical working groups. It is the legislature's intent to continue implementation of the education reforms in chapter 548, Laws of 2009, by adopting the technical details of a new distribution formula for the instructional program of basic education and authorizing a phase-in of implementation of a new distribution formula for pupil transportation, both to take effect September 1, 2011. Unless otherwise stated, the numeric values adopted in section 1002 of this act represent the translation of 2009-2010 state funding levels for the basic education act into the funding factors of the prototypical school funding formula, based on the expert advice and extensive work of the funding formula technical working group established by the legislature for this purpose. The legislature intends to continue to review and revise the formulas and may make revisions as necessary for technical purposes and consistency in the event of mathematical or other technical errors.

(2) The legislature intends that per-pupil basic education funding for a school district shall not be decreased as a result of the transition of basic education funding formulas in effect during the 2009-2011 biennium to the new funding formulas under RCW 28A.150.260 that take effect September 1, 2011.

(3) It is also the legislature's intent to adopt an implementation schedule for phasing-in educational finance reforms and enhancements to the baseline funding levels of 2009-10 beginning in the 2011-12 school year for pupil transportation, class size allocations for grades kindergarten through three, full-day kindergarten, and allocations for maintenance, supplies, and operating costs.

(4) Finally, it is the legislature's intent to adjust the timelines for other working groups so that their expertise and advice can be received as soon as possible and to make technical adjustments to certain provisions of chapter 548, Laws of 2009.

Sec. 1002. RCW 28A.150.260 and 2009 c 548 s 106 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic
an purposes of this section, prototypical schools are laboratory science, Grades K-3 shall be reduced until the average class size funded under this subsection (4) is no more than 17.0 full-time equivalent students per teacher beginning in the 2015-16 school year.

(3) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve; 
(ii) A prototypical middle school has four hundred thirty average annual full-time equivalent students in grades seven and eight; and
(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades seven and eight.

(4) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on the following general education class size (as specified in the omnibus appropriations act) of full-time equivalent students per teacher:

<table>
<thead>
<tr>
<th>General education average class size</th>
<th>Grades K-3</th>
<th>25.23</th>
</tr>
</thead>
<tbody>
<tr>
<td>Grade 4: 27.00</td>
<td>27.00</td>
<td></td>
</tr>
</tbody>
</table>

(d) In addition, the omnibus appropriations act shall at a minimum specify:

(i) Basic average class size:

(ii) Basic. A high-poverty average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals; and

(iv) Average class size in grades kindergarten through three.

(ii) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

(iv) Teacher librarians, performing functions including information literacy, technology, and media to support school library media programs;
(v) Student health services, a function that includes school nurses, whether certificated instructional or classified employee, and social workers;

(1) The superintendent of public instruction shall submit to each regular session of the legislature during an odd-numbered year a programmed budget request for special education programs for students with disabilities. Funding for programs operated by local school districts shall be on an excess cost basis from appropriations provided by the legislature for special education programs for students with disabilities and shall take account of state funds accruing through RCW 28A.150.260 (((28A.150.260)) (((28A.150.260)) (((28A.150.260)) (74.00.5240 through 74.09.5253 and 74.09.5254 through 74.09.5256))) (4)(a) and (b), (5), (6), and (8).

The minimum allocation shall be calculated as

(2) The excess cost allocation to school districts shall be based on the following:

(a) A district's annual average headcount enrollment of students ages birth through four and those five year olds not yet enrolled in kindergarten who are eligible for and enrolled in special education, multiplied by the district's base allocation per full-time equivalent student, multiplied by 1.15; and

(b) A district's annual average full-time equivalent basic education enrollment, multiplied by the district's funded enrollment percent, multiplied by the district's base allocation per full-time equivalent student, multiplied by 0.9309.

(3) As used in this section:

(a) "Base allocation" means the total state allocation to all schools in the district generated by the distribution formula under RCW 28A.150.260 (((28A.150.260)) (((28A.150.260))) and (8) of this section shall be divided by the district's full-time equivalent enrollment.

(b) "Basic education enrollment" means enrollment of resident students including nonresident students enrolled under RCW 28A.225.225 and students from nonhigh districts enrolled under RCW 28A.225.210 and excluding students residing in another district enrolled as part of an interdistrict cooperative program under RCW 28A.225.250.

(c) "Enrollment percent" means the district's resident special education annual average enrollment, excluding students ages birth through four and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.

(d) "Funded enrollment percent" means the lesser of the district's actual enrollment percent or twelve and seven-tenths percent.

Sec. 1004. RCW 28A.150.315 and 2009 c 548 s 107 are each amended to read as follows:

(1) Beginning with the 2007-08 school year, funding for voluntary all-day kindergarten programs shall be phased-in beginning with schools with the highest poverty levels, defined as those schools with the highest percentages of students qualifying for free and reduced-price lunch support in the prior school year. Beginning with the 2011-12 school year, funding shall continue to be phased-in incrementally each year until full statewide implementation of all-day kindergarten is achieved in the 2017-18 school year. Once a school receives funding for the all-day kindergarten program, that school shall remain eligible for funding in subsequent school years regardless of changes in the school's percentage of students eligible for free and reduced-price lunches as long as other program requirements are fulfilled. Additionally, schools receiving all-day kindergarten program support shall agree to the following conditions:

(a) Provide at least one thousand-hour instructional program;

(b) Provide a curriculum that offers a rich, varied set of experiences that assist students in:

(i) Developing initial skills in the academic areas of reading, mathematics, and writing;

(ii) Developing a variety of communication skills;

(iii) Providing experiences in science, social studies, arts, health and physical education, and a world language other than English;

(iv) Acquiring large and small motor skills;

(v) Acquiring social and emotional skills including successful participation in learning activities as an individual and as part of a group;

(vi) Learning through hands-on experiences;

(c) Establish learning environments that are developmentally appropriate and promote creativity;

(d) Demonstrate strong connections and communication with early learning community providers; and
(e) Participate in kindergarten program readiness activities with early learning providers and parents.

(2) Subject to funds appropriated for this purpose, the superintendent of public instruction shall designate one or more school districts to serve as resources and examples of best practices in designing and operating a high-quality all-day kindergarten program. Designated school districts shall serve as lighthouse programs and provide technical assistance to other school districts in the initial stages of implementing an all-day kindergarten program. Examples of topics addressed by the technical assistance include strategic planning, developing the instructional program and curriculum, working with early learning providers to identify students and communicate with parents, and developing kindergarten program readiness activities.

Sec. 1005. 2009 c 548 s 112 (uncodified) is amended to read as follows:

(1) The legislature intends to continue to redefine the instructional program of education under RCW 28A.150.220 that fulfills the obligations and requirements of Article IX of the state Constitution. The funding formulas under RCW 28A.150.260 to support the instructional program shall be implemented to the extent the technical details of the formula have been established and according to an implementation schedule to be adopted by the legislature. The object of the schedule is to assure that any increases in funding allocations are timely, predictable, and occur concurrently with any increases in program or instructional requirements. It is the intent of the legislature that no increased programmatic or instructional expectations be imposed upon schools or school districts without an accompanying increase in resources as necessary to support those increased expectations.

(2) The office of financial management, with assistance and support from the office of the superintendent of public instruction, shall convene a technical working group to:

(a) Develop the details of the funding formulas under RCW 28A.150.260;

(b) Recommend to the legislature an implementation schedule for phasing-in any increased program or instructional requirements concurrently with increases in funding for adoption by the legislature; and

(c) Examine possible sources of revenue to support increases in funding allocations and present options to the legislature and the quality education council created in ((section 114 of this act)) RCW 28A.290.010 for consideration.

(3) The working group shall include representatives of the legislative evaluation and accountability program committee, school district and educational service district financial managers, the Washington association of school business officers, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with expertise in education finance. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(4) The working group shall be monitored and overseen by the legislature and by the quality education council created in ((section 114 of this act)) RCW 28A.290.010. The working group shall report to the legislature ((December 1)) June 30, 2011.

Sec. 1007. RCW 43.41.398 and 2009 c 548 s 601 are each amended to read as follows:

(1) The legislature recognizes that providing students with the opportunity to access a world-class educational system depends on our continuing ability to provide students with access to world-class educators. The legislature also understands that continuing to attract and retain the highest quality educators will require increased investments. The legislature intends to enhance the current salary allocation model and recognizes that changes to the current model cannot be imposed without great deliberation and input from teachers, administrators, and classified employees. Therefore, it is the intent of the legislature to begin the process of developing an enhanced salary allocation model that is collaboratively designed to ensure the rationality of any conclusions regarding what constitutes adequate compensation.

(2) Beginning July 1, 2011, the office of the superintendent of public instruction, in collaboration with the office of financial management, shall convene a technical working group to recommend the details of an enhanced salary allocation model that aligns state expectations for educator development and certification with the compensation system and establishes recommendations for a concurrent implementation schedule. In addition to any other details the technical working group deems necessary, the technical working group shall make recommendations on the following:
(a) How to reduce the number of tiers within the existing salary allocation model;
(b) How to account for labor market adjustments;
(c) How to account for different geographic regions of the state where districts may encounter difficulty recruiting and retaining teachers;
(d) The role of and types of bonuses available;
(e) Ways to accomplish salary equalization over a set number of years; and
(f) Initial fiscal estimates for implementing the recommendations including a recognition that staff on the existing salary allocation model would have the option to grandfather in permanently to the existing schedule.

(3) As part of its work, the technical working group shall conduct or contract for a preliminary comparative labor market analysis of salaries and other compensation for school district employees to be conducted and shall include the results in any reports to the legislature. For the purposes of this subsection, “salaries and other compensation” includes average base salaries, average total salaries, average employee basic benefits, and retirement benefits.

(4) The analysis required under subsection (1) of this section must:
(a) Examine salaries and other compensation for teachers, other certificated instructional staff, principals, and other building-level certificated administrators, and the types of classified employees for whom salaries are allocated;
(b) Be calculated at a statewide level that identifies labor markets in Washington through the use of data from the United States bureau of the census and the bureau of labor statistics; and
(c) Include a comparison of salaries and other compensation to the appropriate labor market for at least the following subgroups of educators: Beginning teachers and types of educational staff associates.

(5) The working group shall include representatives of the department of personnel, the professional educator standards board, the office of the superintendent of public instruction, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with appropriate expertise in compensation related matters. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(6) The working group shall be monitored and overseen by the legislature and the quality education council created in RCW 28A.160.192, and the working group shall make an initial report to the legislature by June 30, 2012, and shall include in its report recommendations for whether additional further work of the group is necessary.

Sec. 1008. RCW 28A.160.192 and 2009 c 548 s 311 are each amended to read as follows:

(1) The superintendent of public instruction shall phase-in the implementation of the distribution formula under this chapter for allocating state funds to school districts for the transportation of students to and from school. The phase-in shall (be according to the implementation schedule adopted by the legislature and shall) begin no later than the ((December 1)) June 30, 2012, and be implemented by the 2013-14 school year and be fully implemented by the 2013-14 school year.

(a) The formula must be developed and revised on an ongoing basis using the major cost factors in student transportation, including basic and special student loads, school district land area, average distance to school, roadway miles, and number of locations served. Factors must include all those site characteristics that are statistically significant after analysis of the data required by the revised reporting process.

(b) The formula must allocate funds to school districts based on the average predicted costs of transporting students to and from school, using a regression analysis.

(2) During the phase-in period, funding provided to school districts for student transportation operations shall be distributed on the following basis:
(a) Annually, each school district shall receive the lesser of the previous year's pupil transportation operations allocation, or the total of allowable pupil transportation expenditures identified on the previous school year's final expenditure report to the state plus district indirect expenses using the state recovery rate identified by the superintendent; and
(b) Annually, any funds appropriated by the legislature in excess of the maintenance level funding amount for student transportation shall be distributed among school districts on a prorated basis using the difference between the amount identified in (a) of this subsection and the amount determined under the formula in RCW 28A.160.180.

((3) The superintendent shall develop, implement, and provide a copy of the rules specifying the student transportation reporting requirements to the legislature and school districts no later than December 1, 2009.

(4) Beginning in December 2009, and continuing until December 2014, the superintendent shall provide quarterly updates and progress reports to the fiscal committees of the legislature on the implementation and testing of the distribution formula.))

NEW SECTION. Sec. 1009. A new section is added to chapter 28A.160 RCW to read as follows:

(1) The superintendent of public instruction shall develop, implement, and provide a copy of the rules specifying the student transportation reporting requirements to the legislature and school districts no later than December 1, 2010.

(2) Beginning in December 2010, and continuing until December 2014, the superintendent shall provide quarterly updates and progress reports to the fiscal committees of the legislature on the implementation and testing of the distribution formula.

(3) This section expires June 30, 2015.

Sec. 1010. RCW 28A.150.410 and 2007 c 403 s 1 are each amended to read as follows:

(1) The legislature shall establish for each school year in the appropriations act a statewide salary allocation schedule, for allocation purposes only, to be used to distribute funds for basic education certificated instructional staff salaries under RCW 28A.150.260. For the purposes of this section, the staff allocations for classroom teachers, teacher librarians, guidance counselors, and health and social services staff under RCW 28A.150.260 are considered allocations for certificated instructional staff.

(2) Salary allocations for state-funded basic education certificated instructional staff shall be calculated by the superintendent of public instruction by determining the district's average salary for certificated instructional staff, using the statewide salary allocation schedule and related documents, conditions, and limitations established by the omnibus appropriations act.

(3) Beginning January 1, 1992, no more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in the omnibus appropriations act, or any replacement schedules and documents, unless:
(a) The employee has a master's degree; or
(b) The credits were used in generating state salary allocations before January 1, 1992.
(4) Beginning in the 2007-08 school year, the calculation of years of service for occupational therapists, physical therapists, speech-language pathologists, audiologists, nurses, social workers, counselors, and psychologists regulated under Title 18 RCW may include experience in schools and other nonschool positions as occupational therapists, physical therapists, speech-language pathologists, audiologists, nurses, social workers, counselors, or psychologists. The calculation shall be that one year of service in a nonschool position counts as one year of service for purposes of this chapter, up to a limit of two years of nonschool service. Nonschool years of service included in calculations under this subsection shall not be applied to service credit totals for purposes of any retirement benefit under chapter 41.32, 41.35, or 41.40 RCW, or any other state retirement system benefits.

Sec. 1011. RCW 28A.175.010 and 2005 c 207 s 3 are each amended to read as follows:

Each school district shall account for the educational progress of each of its students. To achieve this, school districts shall be required to report annually to the superintendent of public instruction:

1. For students enrolled in each of a school district's high school programs:
   a. The number of students who graduate in fewer than four years;
   b. The number of students who graduate in four years;
   c. The number of students who remain in school for more than four years but who eventually graduate and the number of students who remain in school for more than four years but do not graduate;
   d. The number of students who transfer to other schools;
   e. The number of students who drop out of school over a four-year period; and
   f. The number of students whose status is unknown.

2. Dropout rates of students in each of the grades seven through twelve.

3. Dropout rates for student populations in each of the grades seven through twelve by:
   a. Ethnicity;
   b. Gender;
   c. Socioeconomic status; and
   d. Disability status.

4. The causes or reasons, or both, attributed to students for having dropped out of school in grades seven through twelve.

5. The superintendent of public instruction shall adopt rules under chapter 34.05 RCW to assure uniformity in the information districts are required to report under subsections (1) through (4) of this section. In developing rules, the superintendent of public instruction shall consult with school districts, including administrative and counseling personnel, with regard to the methods through which information is to be collected and reported.

6. In reporting on the causes or reasons, or both, attributed to students for having dropped out of school, school building officials shall, to the extent reasonably practical, obtain such information directly from students. In lieu of obtaining such information directly from students, building principals and counselors shall identify the causes or reasons, or both, based on their professional judgment.

7. The superintendent of public instruction shall report annually to the legislature the information collected under subsections (1) through (4) of this section.

(8) The Washington state institute for public policy shall calculate an annual estimate of the savings to taxpayers resulting from any improvement compared to the prior school year in the extended graduation rate, as calculated by the superintendent of public instruction. The superintendent shall include the estimate from the institute in an appendix of the report required under subsection (7) of this section, beginning with the 2010 report.

NEW SECTION. Sec. 1012. A new section is added to chapter 28A.300 RCW to read as follows:

The office of the superintendent of public instruction shall implement and maintain an internet-based portal that provides ready public access to the state's prototypical school funding model for basic education under RCW 28A.150.260. The portal must provide citizens the opportunity to view, for each local school building, the staffing levels and other prototypical school funding elements that are assumed under the state funding formula. The portal must also provide a matrix displaying how individual school districts are deploying those state resources through their allocation of staff and other resources to school buildings, so that citizens are able to compare the state assumptions to district allocation decisions for each local school building.

Sec. 1013. RCW 28A.150.100 and 1990 c 33 s 103 are each amended to read as follows:

1. For the purposes of this section and RCW 28A.150.410 and 28A.400.200, "basic education certificated instructional staff" shall mean all full-time equivalent classroom teachers, teacher librarians, guidance counselors, health and social services staff, and other certificated instructional staff in the following programs as defined for statewide school district accounting purposes: Basic education, secondary vocational education, general instructional support, and general supportive services.

2. Each school district shall maintain a ratio of at least forty-six basic education certificated instructional staff to one thousand annual average full time equivalent students.

Sec. 1014. 2009 c 548 s 710 (uncodified) is amended to read as follows:

MESSAGE FROM THE HOUSE

March 2, 2010

MR. PRESIDENT:
The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6392 with the following amendment(s): 6392-S.E AMH ENGR H5374.E.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that during the 2009 legislative session tolling was authorized on the state route number 520 corridor. As such, it is the intent of the legislature that tolling commences in the spring of 2011 on the existing state route number 520 bridge.

The legislature further recognizes that tolling of the state route number 520 corridor is integrally related to the issuance of a final project design resulting from the supplemental draft environmental impact statement for the state route number 520 bridge replacement and HOV program released in January 2010. It is the intent of the legislature that the department of transportation work with affected neighborhoods and local governments, including the mayor of the city of Seattle and the Seattle city council, to refine the preferred alternative design in the supplemental draft environmental impact statement so that the final design of the state route number 520 bridge replacement and HOV program will, to the extent required by state and federal law, include reasonable assurance that project impacts will be mitigated as much as practicable to protect against further adverse impacts on neighborhood environmental quality.

Within the cost constraints identified in section 1, chapter 472, Laws of 2009, and consistent with an opening date to vehicular traffic of 2014, it is further the intent of the legislature that any final design of the state route number 520 bridge replacement and HOV program is integrally related to the issuance of a final project design.

Sec. 2. RCW 47.56.870 and 2009 c 472 s 2 are each amended to read as follows:

(1) The initial imposition of tolls on the state route number 520 corridor is authorized, the state route number 520 corridor is designated an eligible toll facility, and toll revenue generated in the corridor must only be expended as allowed under RCW 47.56.820.

(2) The state route number 520 corridor consists of that portion of state route number 520 between the junctions of Interstate 5 and state route number 202. The toll imposed by this section shall be charged only for travel on the floating bridge portion of the state route number 520 corridor.

(3)(a) In setting the toll rates for the corridor pursuant to RCW 47.56.850, the tolling authority shall set a variable schedule of toll rates to maintain travel time, speed, and reliability on the corridor..."
and generate the necessary revenue as required under (b) of this subsection.

(b) The tolling authority shall initially set the variable schedule of toll rates, which the tolling authority may adjust at least annually to reflect inflation as measured by the consumer price index or as necessary to meet the redemption of bonds and interest payments on the bonds, to generate revenue sufficient to provide for:

(i) The issuance of general obligation bonds, authorized in RCW 47.10.879, first payable from toll revenue and then excise taxes on motor vehicle and special fuels pledged for the payment of those bonds in the amount necessary to fund the (replacement state route number 520 floating bridge and necessary landings) state route number 520 bridge replacement and HOV program, subject to subsection (4) of this section; and

(ii) Costs associated with the project designated in subsection (4) of this section that are eligible under RCW 47.56.820.

(4a) The proceeds of the bonds designated in subsection (3)(b)(i) of this section, which together with other appropriated and identified state and federal funds is sufficient to pay for the replacement of the floating bridge segment and necessary landings of state route number 520, must be used only to fund the (replacement state route number 520 floating bridge and necessary landings) state route number 520 bridge replacement and HOV program; however, two hundred million dollars of bond proceeds, in excess of the proceeds necessary to complete the floating bridge segment and necessary landings, must be used only to fund the state route number 520, Interstate 5 to Medina bridge replacement and HOV project segment of the program, as identified in applicable environmental impact statements, and may be used to fund effective connections for high occupancy vehicles and transit for state route number 520, but only to the extent those connections benefit or improve the operation of state route number 520.

(b) The program must include the following elements within the cost constraints identified in section 1, chapter 472, Laws of 2009, consistent with the legislature's intent that cost savings applicable to the program stay within the program and that the bridge open to vehicular traffic in 2014:

(i) A project design, consistent with RCW 47.01.408, that includes high occupancy vehicle lanes with a minimum carpool occupancy requirement of three-plus persons on state route number 520;

(ii) High occupancy vehicle lane performance standards for the state route number 520 corridor established by the department. The department shall report to the transportation committees of the legislature when average transit speeds in the two lanes that are for high occupancy vehicle travel fall below forty-five miles per hour at least ten percent of the time during peak hours;

(iii) A work group convened by the mayor and city council of the city of Seattle to include sound transit, King county metro, the Seattle department of transportation, and other persons or organizations as designated by the mayor or city council to study and make recommendations of alternative connections for transit, including bus routes and high capacity transit, to the university link light rail line. The work group must consider such techniques as grade separation, additional stations, and pedestrian lids to effect these connections. The recommendations must be alternatives to the transit connections identified in the supplemental draft environmental impact statement for the state route number 520 bridge replacement and HOV program released in January 2010, and must meet the requirements under RCW 47.01.408, including accommodating effective connections for transit. The recommendations must be within the scope of the supplemental draft environmental impact statement. For the purposes of this section, "effective connections for transit" means a connection that connects transit stops, including high capacity transit stops, that serve the state route number 520/Montlake interchange vicinity to the university link light rail line, with a connection distance of less than one thousand two hundred feet between the stops and the light rail station. The city of Seattle shall submit the recommendations by October 1, 2010, to the governor and the transportation committees of the legislature. However, if the city of Seattle does not convene the work group required under this subsection before July 1, 2010, or does not submit recommendations to the governor and the transportation committees of the legislature by October 1, 2010, the department shall convene the work group required under this subsection and meet all the requirements of this subsection that are described as requirements of the city of Seattle by November 30, 2010.

(iv) A work group convened by the department to include sound transit and King county metro to study and make recommendations regarding options for planning and financing high capacity transit through the state route number 520 corridor. The department shall submit the recommendations by January 1, 2011, to the governor and the transportation committees of the legislature;

(v) A plan to address mitigation as a result of the state route number 520 bridge replacement and HOV program at the Washington park arboretum. As part of its process, the department shall consult with the governing board of the Washington park arboretum, the Seattle city council and mayor, and the University of Washington to identify all mitigation required by state and federal law resulting from the state route number 520 bridge replacement and HOV program's impact on the arboretum, and to develop a project mitigation plan to address these impacts. The department shall submit the mitigation plan by December 31, 2010, to the governor and the transportation committees of the legislature. Wetland mitigation required by state and federal law as a result of the state route number 520 bridge replacement and HOV program's impacts on the arboretum must, to the greatest extent practicable, include on-site wetland mitigation at the Washington park arboretum, and must enhance the Washington park arboretum. This subsection (4)(b)(v) does not preclude any other mitigation planned for the Washington park arboretum as a result of the state route number 520 bridge replacement and HOV program;

(vi) A work group convened by the department to include the mayor of the city of Seattle, the Seattle city council, the Seattle department of transportation, and other persons or organizations as designated by the Seattle city council and mayor to study and make recommendations regarding design refinements to the preferred alternative selected by the department in the supplemental draft environmental impact statement process for the state route number 520 bridge replacement and HOV program. To accommodate a timely progression of the state route number 520 bridge replacement and HOV program, the design refinements recommended by the work group must be consistent with the current environmental documents prepared by the department for the supplemental draft environmental impact statement. The department shall submit the recommendations to the legislature and governor by December 31, 2010, and the recommendations must inform the final environmental impact statement prepared by the department; and

(vii) An account, created in section 5 of this act, into which civil penalties generated from the nonpayment of tolls on the state route number 520 corridor are deposited to be used to fund any project within the program, including mitigation. However, this subsection (4)(b)(vii) is contingent on the enactment by June 30, 2010, of either chapter . . . (Engrossed Substitute Senate Bill No. 6499), Laws of 2010 or chapter . . . (Substitute House Bill No. 2897), Laws of 2010, but if the enacted bill does not designate the department as the toll penalty adjudicating agency, this subsection (4)(b)(vii) is null and void.
(5) The department may carry out the (construction and) improvements designated in subsection (4) of this section and administer the tolling program on the state route number 520 corridor.

Sec. 3. RCW 47.01.408 and 2008 c 270 s 2 are each amended to read as follows:

(1) The state route number 520 bridge replacement and HOV project shall be designed to provide six total lanes, with two lanes that are for transit and high-occupancy vehicle travel, and four general purpose lanes.

(2) The state route number 520 bridge replacement and HOV project shall be designed to accommodate effective connections for transit, including high capacity transit, to the light rail station at the University of Washington.

(3) The state route number 520 bridge replacement and HOV project shall be designed to provide a total height from the water to the top of the bridge rail on the floating bridge portion of the project of no more than twenty feet if any portion of the project is funded by revenue generated from tolling the state route number 520 corridor.

Sec. 4. RCW 47.56.875 and 2009 c 472 s 4 are each amended to read as follows:

RULING BY THE PRESIDENT

President Owen: “In ruling on the Point of Order raised by Senator King as to whether the House amendments to Engrossed Second Substitute Senate Bill 6696 fit within the scope and object of the underlying bill, the President finds and rules as follows:

The underlying bill as it left the Senate made a number of substantive policy changes to education statutes, but it is fair to characterize them as all relating to making our state more competitive for federal ‘Race to the Top’ funds. By contrast, the House amendments include a number of changes having little connection to the ‘Race to the Top’ program, such as adjusting the formula by which state money is allocated to school districts. Whatever the merits of these changes, the House amendments impermissibly broaden the subject matter of the bill.

For these reasons, the President finds that the House amendments are beyond the scope and object of the committee amendment, and Senator King’s point is well-taken.”

Senator King moved that the Senate refuse to concur in the House amendment(s) to Engrossed Second Substitute Senate Bill No. 6696 and ask the House to recede therefrom.

(iii) Where any questions arise in the transfer of funds or the adjustment of appropriation authority, the director of financial management shall determine the appropriate transfer or adjustment.

(8) Leave transferred under this section shall not be used in any calculation to determine an agency's allocation of full time equivalent staff positions.

Before the agency head makes a determination to return unused leave in connection with an illness or injury, or any other qualifying condition, he or she must receive from the affected employee a statement from the employee's doctor verifying that the illness or injury is resolved. To the extent administratively feasible, the value of unused leave which was transferred by more than one employee shall be returned on a pro rata basis.

And that had to do with statistics on electrical safety concerns. So, at a nation al level an estimated twenty-eight thousand three hundred residential building electrical fires occur annually and cause three-hundred sixty civilian deaths, one thousand civilian injuries and nine hundred ninety-five million dollars in direct loss accordingly to the United States Fire Administration. Contact with a electrical current is the fourth leading cause of deaths of construction workers according to the American Journal of Industrial Medicine and four hundred eleven people died from electrocutions in the United States in 2000 according to United States Consumer Protect Safety. So, I just wanted to provide that information.”

board. The board shall perform all the powers and duties specified in this chapter or as otherwise provided by law.

(5) The board may ((appoint)) use one or more hearing examiners to assist the board in its hearing function, to make conclusions of law and findings of fact and, if requested by the board, to make recommendations to the board for decisions in cases before the board. Such hearing examiners must have demonstrated knowledge of land use planning and law. The boards shall specify in their joint rules of practice and procedure, as required by subsection (7) of this section, the procedure and criteria to be employed for designating hearing examiners as a presiding officer. Hearing examiners ((selected)) used by a board shall meet the requirements of subsection (3) of this section. The findings and conclusions of the hearing examiner shall not become final until they have been formally approved by the board. This authorization to use hearing examiners does not waive the requirement of RCW 36.70A.300 that final orders be issued within one hundred eighty days of board receipt of a petition.

(6) Each board shall make findings of fact and prepare a written decision in each case decided by it, and such findings and decision shall be effective upon being signed by two or more members of the board and upon being filed at the board's principal office, and shall be open for public inspection at all reasonable times.

(7) All proceedings before the board, any of its members, or a hearing examiner appointed by the board shall be conducted in accordance with such administrative rules of practice and procedure as the boards jointly prescribe. All three boards shall jointly meet to develop and adopt joint rules of practice and procedure, including rules regarding expeditious and summary disposition of appeals. The boards shall publish such rules and decisions they render and arrange for the reasonable distribution of the rules and decisions. Except as it conflicts with specific provisions of this chapter, the administrative procedure act, chapter 34.05 RCW, and specifically including the provisions of RCW 34.05.455 governing ex parte communications, shall govern the practice and procedure of the boards.

(8) A board member or hearing examiner is subject to disqualification under chapter 34.05 RCW. The joint rules of practice of the boards shall establish procedures by which a party to a hearing conducted before the board may file with the board a motion to disqualify, with supporting affidavit, against a board member or hearing examiner assigned to preside at the hearing.

(9) The members of the boards shall meet jointly on at least an annual basis with the objective of sharing information that promotes the goals and purposes of this chapter.

Sec. 17. RCW 70.95.094 and 1989 c 431 s 8 are each amended to read as follows:

The department shall review and comment on the draft plan within one hundred twenty days of receipt. The department's comments shall state specific actions or revisions that must be completed for plan approval.

(2) Each final draft solid waste management plan shall be submitted to the department for approval. The department will limit its comments on the final draft plans to those issues identified during its review of the draft plan and any other changes made between submittal of the preliminary draft and final draft plans. Disapproval of the local comprehensive solid waste management plan shall be supported by specific findings. A final draft plan shall be deemed approved if the department does not disapprove it within forty-five days of receipt.

(3) If the department disapproves a plan or any plan amendments, the submitting entity may appeal the decision (under the procedures of Part IV of chapter 34.05 RCW. An administrative law judge shall preside over the appeal) to the pollution control hearings board as provided in RCW 43.21B.230. The appeal shall be limited to review of the specific findings which supported the disapproval under subsection (2) of this section.

Sec. 18. RCW 76.06.180 and 2007 c 480 s 7 are each amended to read as follows:

(1) Prior to issuing a forest health hazard warning or forest health order, the commissioner shall consider the findings and recommendations of the forest health technical advisory committee and shall consult with county government officials, forest landowners and forest land managers, consulting foresters, and other interested parties to gather information on the threat, opportunities or constraints on treatment options, and other information they may provide. The commissioner, or a designee, shall conduct a public hearing in a county within the geographical area being considered.

(2) The commissioner of public lands may issue a forest health hazard warning when he or she deems such action is necessary to manage the development of a threat to forest health or address an existing threat to forest health. A decision to issue a forest health hazard warning may be based on existing forest stand conditions and:

(a) The presence of an uncharacteristic insect or disease outbreak that has or is likely to (i) spread to multiple forest ownerships and cause extensive damage to forests; or (ii) significantly increase forest fuel that is likely to further the spread of uncharacteristic fire;

(b) When, due to extensive physical damage from wind or ice storm or other cause, there is (i) insect populations building up to large scale levels; or (ii) significantly increased forest fuels that are likely to further the spread of uncharacteristic fire; or

(c) When otherwise determined by the commissioner to be appropriate.

(3) The commissioner of public lands may issue a forest health hazard order when he or she deems such action is necessary to address a significant threat to forest health. A decision to issue a forest health hazard order may be based on existing forest stand conditions and:

(a) The presence of an uncharacteristic insect or disease outbreak that has (i) spread to multiple forest ownerships and has caused and is likely to continue to cause extensive damage to forests; or (ii) significantly increased forest fuels that are likely to further the spread of uncharacteristic fire;

(b) When, due to extensive physical damage from wind or ice storm or other cause (i) insect populations are causing extensive damage to forests; or (ii) significantly increased forest fuels are likely to further the spread of uncharacteristic fire;

(c) Insufficient landowner action under a forest health hazard warning; or

(d) When otherwise determined by the commissioner to be appropriate.

(4) A forest health hazard warning or forest health hazard order shall be issued by use of a commissioner's order. General notice of the commissioner's order shall be published in a newspaper of general circulation in each county within the area covered by the order and on the department's web site. The order shall specify the boundaries of the area affected, including federal and tribal lands, the forest stand conditions that would make a parcel subject to the provisions of the order, and the actions landowners or land managers should take to reduce the hazard.
(5) Written notice of a forest health hazard warning or forest health hazard order shall be provided to forest landowners of specifically affected property.

(a) The notice shall set forth:

(i) The reasons for the action;

(ii) The boundaries of the area affected, including federal and tribal lands;

(iii) Suggested actions that should be taken by the forest landowner under a forest health hazard warning or the actions that must be taken by a forest landowner under a forest health hazard order;

(iv) The time within which such actions should or must be taken;

(v) How to obtain information or technical assistance on forest health conditions and treatment options;

(vi) The right to request mitigation under subsection (6) of this section and appeal under subsection (7) of this section;

(vii) These requirements are advisory only for federal and tribal lands.

Service by mail is effective on the date of mailing. Proof of service shall be by affidavit or declaration under penalty of perjury.

(6) Forest landowners who have been issued a forest health hazard order under subsection (5) of this section may apply to the department for the remission or mitigation of such order. The application shall be made to the department within fifteen days after notice of the order has been served. Upon receipt of the application, the department may remit or mitigate the order upon whatever terms the department in its discretion deems proper, provided the department deems the remission or mitigation to be in the best interests of carrying out the purposes of this chapter. The department may ascertain the facts regarding all such applications in such reasonable manner and under such rule as it deems proper.

(7) Forest landowners who have been issued a forest health hazard order under subsection (5) of this section may appeal the order to the [[forest practices appeals]] pollution control hearings board.

((as)) The appeal shall be filed within thirty days after notice of the order has been served, unless application for mitigation has been made to the department. When such an application for mitigation is made, such appeal shall be filed within thirty days after notice of the disposition of the application for mitigation has been served as provided in RCW 43.21B.230.

((b)) The appeal must set forth:

(i) The name and mailing address of the appellant;

(ii) The name and mailing address of the appellant's attorney, if any;

(iii) A duplicate copy of the forest health hazard order;

(iv) A separate and concise statement of each error alleged to have been committed;

(v) A concise statement of facts upon which the appellant relies to sustain the statement of error; and

(vi) A statement of the relief requested.)

(8) A forest health hazard order issued under subsection (5) of this section is effective thirty days after date of service unless application for remission or mitigation is made or an appeal is filed. When an application for remission or mitigation is made, the order is effective thirty days after notice setting forth the disposition of the application is served unless an appeal is filed from such disposition. Whenever an appeal of the order is filed, the order shall become effective only upon completion of all administrative and judicial review proceedings and the issuance of a final decision confirming the order in whole or in part.

(9) Upon written request, the department may certify as adequate a forest health management plan developed by a forest landowner, before or in response to a forest health hazard warning or forest health hazard order, if the plan is likely to achieve the desired result and the terms of the plan are being diligently followed by the forest landowner. The certification of adequacy shall be determined by the department in its sole discretion, and be provided to the requestor in writing.

Sec. 19. RCW 76.09.020 and 2009 c 354 s 5 and 2009 c 246 s 4 are each reenacted and amended to read as follows:

(a) Residential home sites, which may include up to five acres; and

"Forest practice" shall not include preparatory work such as tree marking, surveying and road flagging, or removal or harvesting of incidental vegetation from forest lands such as berries, ferns, greenery, mistletoe, herbs, mushrooms, and other products which cannot normally be expected to result in damage to forest soils, timber, or public resources.

(14) "Forest practices rules" means any rules adopted pursuant to RCW 76.09.040.

(15) "Forest road," as it applies to the operation of the road maintenance and abandonment plan element of the forest practices rules on small forest landowners, means a road or road segment that crosses land that meets the definition of forest land, but excludes residential access roads.

(16) "Forest trees" does not include hardwood trees cultivated by agricultural methods in growing cycles shorter than fifteen years if the trees were planted on land that was not in forest use immediately before the trees were planted and before the land was prepared for planting the trees. "Forest trees" includes Christmas trees, but does not include Christmas trees that are cultivated by agricultural methods, as that term is defined in RCW 84.33.035.

(23) "Timber owner" means any person having all or any part of the legal interest in timber. Where such timber is subject to a contract of sale, "timber owner" shall mean the contract purchaser.

(24) "Unconfined channel migration zone" means the area within which the active channel of an unconfined stream is prone to move and where the movement would result in a potential near-term loss of riparian forest adjacent to the stream. Sizeable islands with productive timber may exist within the zone.

(25) "Unconfined stream" means generally fifth order or larger waters that experience abrupt shifts in channel location, creating a complex floodplain characterized by extensive gravel bars, disturbance species of vegetation of variable age, numerous side channels, wall- based channels, oxbow lakes, and wetland complexes. Many of these streams have dikes and levees that may temporarily or permanently restrict channel movement.

(26) "Date of receipt" has the same meaning as defined in RCW 43.21B.001.

Sec. 20. RCW 76.09.050 and 2005 c 146 s 1003 are each amended to read as follows:

(1) The board shall establish by rule which forest practices shall be included within each of the following classes:

Class I: Minimal or specific forest practices that have no direct potential for damaging a public resource and that may be conducted without submitting an application or a notification except that when the regulating authority is transferred to a local governmental entity, those Class I forest practices that involve timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, are processed as Class IV forest practices, but are not subject to environmental review under chapter 43.21C RCW;

Class II: Forest practices which have a less than ordinary potential for damaging a public resource that may be conducted without submitting an application and may begin five calendar days, or such lesser time as the department may determine, after written notification by the operator, in the manner, content, and form as prescribed by the department, is received by the department. However, the work may not begin until all forest practice fees required under RCW 76.09.065 have been received by the department. Class II shall not include forest practices:

(a) On lands platted after January 1, 1960, as provided in chapter 58.17 RCW or on lands that have or are being converted to another use;

(b) Which require approvals under the provisions of the hydraulics act, RCW 77.55.021;

(c) Within "shorelines of the state" as defined in RCW 90.58.030;

(d) Excluded from Class II by the board; or

(e) Including timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, which are Class IV;

Class III: Forest practices other than those contained in Class I, II, or IV. A Class III application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department;

Class IV: Forest practices other than those contained in Class I or II: (a) On lands platted after January 1, 1960, as provided in chapter 58.17 RCW, (b) on lands that have or are being converted to another use, (c) on lands which, pursuant to RCW 76.09.070 as now or hereafter amended, are not to be reforested because of the likelihood of future conversion to urban development, (d) involving timber harvesting or road construction on lands that are contained within "urban growth areas," designated pursuant to chapter 36.70A RCW, except where the forest landowner provides: (i) A written statement of intent signed by the forest landowner not to convert to a use other than commercial forest product operations for ten years, accompanied by either a written forest management plan acceptable to the department or documentation that the land is enrolled under the provisions of chapter 84.33 RCW, or (ii) a conversion option harvest plan approved by the local governmental entity and submitted to the department as part of the application, and/or (e) which have a potential for a substantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW. Such evaluation shall be made within ten days from the date the department receives the application: PROVIDED, That nothing herein shall be construed to prevent any local or regional governmental entity from...
determining that a detailed statement must be prepared for an action pursuant to a Class IV forest practice taken by that governmental entity concerning the land on which forest practices will be conducted. A Class IV application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application, unless the department determines that a detailed statement must be made, in which case the application must be approved or disapproved by the department within sixty calendar days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department.

Forest practices under Classes I, II, and III are exempt from the requirements for preparation of a detailed statement under the state environmental policy act.

(2) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, no Class II, Class III, or Class IV forest practice shall be commenced or continued after January 1, 1975, unless the department has received a notification with regard to a Class II forest practice or approved an application with regard to a Class III or Class IV forest practice containing all information required by RCW 76.09.060 as now or hereafter amended. However, in the event forest practices regulations necessary for the scheduled implementation of this chapter and RCW 90.48.420 have not been adopted in time to meet such schedules, the department shall have the authority to regulate forest practices and approve applications on such terms and conditions consistent with this chapter and RCW 90.48.420 and the purposes and policies of RCW 76.09.010 until applicable forest practices regulations are in effect.

(3) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, if a notification or application is delivered in person to the department by the operator or the operator's agent, the department shall immediately provide a dated receipt thereof. In all other cases, the department shall immediately mail a dated receipt to the operator.

(4) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, forest practices shall be conducted in accordance with the forest practices regulations, orders and directives as authorized by this chapter or the forest practices regulations, and the terms and conditions of any approved applications.

(5) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, the department of natural resources shall notify the applicant in writing of either its approval of the application or its disapproval of the application and the specific manner in which the application fails to comply with the provisions of this section or with the forest practices regulations. Except as provided otherwise in this section, if the department fails to either approve or disapprove an application or any portion thereof within the applicable time limit, the application shall be deemed approved and the operation may be commenced: PROVIDED, That this provision shall not apply to applications which are neither approved nor disapproved pursuant to the provisions of subsection (7) of this section: PROVIDED, FURTHER, That if seasonal field conditions prevent the department from being able to properly evaluate the application, the department may issue an approval conditional upon further review within sixty days: PROVIDED, FURTHER, That the department shall have until April 1, 1975, to approve or disapprove an application involving forest practices allowed to continue to April 1, 1975, under the provisions of subsection (2) of this section. Upon receipt of any notification or any satisfactorily completed application the department shall in any event no later than two business days after such receipt transmit a copy to the departments of ecology and fish and wildlife, and to the county, city, or town in whose jurisdiction the forest practice is to be commenced. Any comments by such agencies shall be directed to the department of natural resources.

(6) For those forest practices regulated by the board and the department, if the county, city, or town believes that an application is inconsistent with this chapter, the forest practices regulations, or any local authority consistent with RCW 76.09.240 as now or hereafter amended, it may so notify the department and the applicant, specifying its objections.

(7) For those forest practices regulated by the board and the department, the department shall not approve portions of applications to which a county, city, or town objects if:

(a) The department receives written notice from the county, city, or town of such objections within fourteen business days from the time of transmittal of the application to the county, city, or town, or one day before the department acts on the application, whichever is later; and

(b) The objections relate to lands either:

(i) Platted after January 1, 1960, as provided in chapter 58.17 RCW; or

(ii) On lands that have or are being converted to another use.

The department shall either disapprove those portions of such application or appeal the county, city, or town objections to the appeals board. If the objections related to subparagraphs (b)(i) and (ii) of this subsection are based on local authority consistent with RCW 76.09.240 as now or hereafter amended, the department shall disapprove the application until such time as the county, city, or town consents to its approval or such disapproval is reversed on appeal. The applicant shall be a party to all department appeals of county, city, or town objections. Unless the county, city, or town either consents or has waived its rights under this subsection, the department shall not approve portions of an application affecting such lands until the minimum time for county, city, or town objections has expired.

(8) For those forest practices regulated by the board and the department, in addition to any rights under the above paragraph, the county, city, or town may appeal any department approval of an application with respect to any lands within its jurisdiction. The appeals board may suspend the department's approval in whole or in part pending such appeal where there exists potential for immediate and material damage to a public resource.

(9) For those forest practices regulated by the board and the department, appeals under this section shall be made to the appeals board in the manner and time provided in (RCW 76.09.220(8)) section 24 of this act. In such appeals there shall be no presumption of correctness of either the county, city, or town or the department position.

(10) For those forest practices regulated by the board and the department, the department shall, within four business days notify the county, city, or town of all notifications, approvals, and disapprovals of an application affecting lands within the county, city, or town, except to the extent the county, city, or town has waived its right to such notice.

(11) For those forest practices regulated by the board and the department, a county, city, or town may waive in whole or in part its rights under this section, and may withdraw or modify any such waiver, at any time by written notice to the department.

(12) Notwithstanding subsections (2) through (5) of this section, forest practices applications or notifications are not required for exotic insect and disease control operations conducted in accordance with RCW 76.09.060(8) where eradication can reasonably be expected.
FIFTY SEVENTH DAY, MARCH 8, 2010

Sec. 21.  RCW 76.09.080 and 1989 c 175 s 163 are each amended to read as follows:

(1) The department shall have the authority to serve upon an operator a stop work order which shall be a final order of the department if:
   (a) There is any violation of the provisions of this chapter or the forest practices regulations; or
   (b) There is a deviation from the approved application; or
   (c) Immediate action is necessary to prevent continuation of or to avoid material damage to a public resource.

(2) The stop work order shall set forth:
   (a) The specific nature, extent, and time of the violation, deviation, damage, or potential damage;
   (b) An order to stop all work connected with the violation, deviation, damage, or potential damage;
   (c) The specific course of action needed to correct such violation or deviation or to prevent damage and to correct and/or compensate for damage to public resources which has resulted from any violation, unauthorized deviation, or willful or negligent disregard for potential damage to a public resource; and/or those courses of action necessary to prevent continuing damage to public resources where the damage is resulting from the forest practice activities but has not resulted from any violation, unauthorized deviation, or negligence; and
   (d) The right of the operator to a hearing before the appeals board.

The department shall immediately file a copy of such order with the appeals board and mail a copy thereof to the timber owner and forest land owner at the addresses shown on the application.  The operator, timber owner, or forest land owner may commence an appeal to the appeals board within (15) thirty days (after service upon) from the date of receipt of the order by the operator.  If such appeal is commenced, a hearing shall be held not more than twenty days after copies of the notice of appeal were filed with the appeals board.  Such proceeding shall be an adjudicative proceeding within the meaning of chapter 34.05 RCW, the administrative procedure act.  The operator shall comply with the order of the department immediately upon being served, but the appeals board if requested shall have authority to continue or discontinue in whole or in part the order of the department under such conditions as it may impose pending the outcome of the proceeding.

Sec. 22.  RCW 76.09.090 and 1975 1st ex.s.s. c 200 s 6 are each amended to read as follows:

If a violation, a deviation, material damage or potential for material damage to a public resource has occurred and the department determines that a stop work order is unnecessary, then the department shall issue and serve upon the operator or land owner a notice, which shall clearly set forth:

(1)(a) The specific nature, extent, and time of failure to comply with the approved application; or identifying the damage or potential damage; and/or
   (b) The relevant provisions of this chapter or of the forest practice regulations relating thereto;

(2) The right of the operator or land owner to a hearing before the department; and

(3) The specific course of action ordered by the department to be followed by the operator to correct such failure to comply and to prevent, correct and/or compensate for material damage to public resources which resulted from any violation, unauthorized deviation, or willful or negligent disregard for potential damage to a public resource; and/or those courses of action necessary to prevent continuing damage to public resources where the damage is resulting from the forest practice activities but has not resulted from any violation, unauthorized deviation, or negligence.

Sec. 23.  RCW 76.09.170 and 1999 sp.s. c 4 s 803 are each amended to read as follows:

(1) Every person who violates any provision of RCW 76.09.010 through 76.09.280 or of the forest practices rules, or who converts forest land to a use other than commercial timber operation within three years after completion of the forest practice without the consent of the county, city, or town, shall be subject to a penalty in an amount of not more than ten thousand dollars for each such violation.  Each and every such violation shall be a separate and distinct offense.  In case of a failure to comply with a stop work order, every day's continuance shall be a separate and distinct violation.  Every person who through an act of commission or omission procures, aids or abets in the violation shall be considered to have violated the provisions of this section and shall be subject to the penalty in this section.  No penalty shall be imposed under this section upon any governmental official, an employee of any governmental department, agency, or entity, or a member of any board or advisory committee created by this chapter for any act or omission in his or her duties in the administration of this chapter or of any rule adopted under this chapter.

(2) The department shall develop and recommend to the board a penalty schedule to determine the amount to be imposed under this section.  The board shall adopt by rule, pursuant to chapter 34.05 RCW, such penalty schedule to be effective no later than January 1, 1994.  The schedule shall be developed in consideration of the following:

(a) Previous violation history;

(b) Severity of the impact on public resources;

(c) Whether the violation of this chapter or its rules was intentional;

(d) Cooperation with the department;

(e) Repairability of the adverse effect from the violation; and

(f) The extent to which a penalty to be imposed on a forest landowner for a forest practice violation committed by another should be reduced because the owner was unaware of the violation
and has not received substantial economic benefits from the violation.

(3) The penalty in this section shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the department describing the violation with reasonable particularity. Within fifteen days after the notice is received, the person incurring the penalty may apply in writing to the department for the remission or mitigation of such penalty. Upon receipt of the application, that department may remit or mitigate the penalty upon whatever terms that department in its discretion deems proper, provided the department deems such remission or mitigation to be in the best interests of carrying out the purposes of this chapter. The department shall have authority to ascertain the facts regarding all such applications in such reasonable manner and under such rule as it may deem proper.

(4) Any person incurring a penalty under this section may appeal the penalty to the ((forest practices)) appeals board. Such appeals shall be filed within thirty days (60 days) after the date of receipt of the notice imposing any penalty unless an application for remission or mitigation is made to the department. When such an application for remission or mitigation is made, such appeals shall be filed within thirty days of receipt of notice from the department setting forth the disposition of the application for remission or mitigation.

(5) The penalty imposed under this section shall become due and payable thirty days after receipt of a notice imposing the same unless application for remission or mitigation is made or an appeal is filed. When such an application for remission or mitigation is made, any penalty incurred under this section shall become due and payable thirty days after receipt of notice setting forth the disposition of such application unless an appeal is filed from such disposition. Whenever an appeal of the penalty incurred is filed, the penalty shall become due and payable only upon completion of all administrative and judicial review proceedings and the issuance of a final decision confirming the penalty in whole or in part.

(6) If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon the request of the department, shall bring an action in Thurston county or of any county in which such violator may do business, to recover such penalty, interest, costs, and attorneys' fees. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action except as otherwise provided in this chapter ((provided)). In addition to or as an alternative to seeking enforcement of penalties in superior court, the department may bring an action in district court as provided in Title 3 RCW, to collect penalties, interest, costs, and attorneys' fees.

(7) Penalties imposed under this section for violations associated with a conversion to a use other than commercial timber operation shall be a lien upon the real property of the person assessed the penalty and the department may collect such amount in the same manner provided in chapter 60.04 RCW for mechanics' liens.

(8) Any person incurring a penalty imposed under this section is also responsible for the payment of all costs and attorneys' fees incurred in connection with the penalty and interest accruing on the unpaid penalty amount.

NEW SECTION. Sec. 24. A new section is added to chapter 76.09 RCW to read as follows:

A person aggrieved by the approval or disapproval of an application to conduct a forest practice or the approval or disapproval of any landscape plan or permit or watershed analysis may seek review from the appeals board by filing a request for the same within thirty days from the date of receipt of the decision. Concurrently with the filing of any request for review with the appeals board as provided in this section, the requestor must file a copy of his or her request with the department and the attorney general. The attorney general may intervene to protect the public interest and ensure that the provisions of this chapter are complied with.

Sec. 25. RCW 76.09.310 and 1987 c 95 s 4 are each amended to read as follows:

(1) The department shall send a notice to all forest landowners, both public and private, within the geographic area selected for review, stating that the department intends to study the area as part of the hazard-reduction program.

(2) The department shall prepare a proposed plan for each geographic area studied. The department shall provide the proposed plan to affected landowners, Indian tribes, interested parties, and to the advisory committee, if established pursuant to RCW 76.09.305.

(3) Any aggrieved landowners, agencies, tribes, and other persons who object to any or all of the proposed hazard-reduction plan may, within thirty days of issuance of the plan, request the department in writing to schedule a conference. If so requested, the department shall schedule a conference on a date not more than thirty days after receiving such request.

(4) Within ten days after such a conference, the department shall either amend the proposed plan or respond in writing indicating why the objections were not incorporated into the plan.

(5) Within one hundred twenty days following the issuance of the proposed plan as provided in subsection (2) of this section, the department shall distribute a final hazard-reduction plan designating those sites for which hazard-reduction measures are recommended and those sites where no action is recommended. For each hazard-reduction measure recommended, a description of the work and cost estimate shall be provided.

(6) Any aggrieved landowners, agencies, tribes, and other persons are entitled to appeal the final hazard-reduction plan to the ((forest practices)) appeals board if, within thirty days of the issuance of the final plan, the party transmits a notice of appeal to the ((forest practices)) appeals board and to the department.

(7) A landowner's failure to object to the recommendations or to appeal the final hazard-reduction plan shall not be deemed an admission that the hazard-reduction recommendations are appropriate.

(8) The department shall provide a copy of the final hazard-reduction plan to the department of ecology and to each affected county.

Sec. 26. RCW 77.55.011 and 2009 c 549 s 1028 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Bed" means the land below the ordinary high water lines of state waters. This definition does not include irrigation ditches, canals, storm water runoff devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered artificially.

(2) "Board" means the ((hydraulic appeals)) pollution control hearings board created in chapter 43.21B RCW ((77.55.303)).

(3) "Commission" means the state fish and wildlife commission.

(4) "Department" means the department of fish and wildlife.

(5) "Director" means the director of the department of fish and wildlife.

(6) "Emergency" means an immediate threat to life, the public, property, or of environmental degradation.
(7) "Hydraulic project" means the construction or performance of work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or freshwaters of the state.

(8) "Imminent danger" means a threat by weather, water flow, or other natural conditions that is likely to occur within sixty days of a request for a permit application.

(9) "Marina" means a public or private facility providing boat moorage space, fuel, or commercial services. Commercial services include but are not limited to overnight or live-aboard boating accommodations.

(10) "Marine terminal" means a public or private commercial wharf located in the navigable water of the state and used, or intended to be used, as a port or facility for the storing, handling, transferring, or transporting of goods to and from vessels.

(11) "Ordinary high water line" means the mark on the shores of all water that will be found by examining the bed and banks and ascertaining where the presence and action of waters are so common and usual, and so long continued in ordinary years as to mark upon the soil or vegetation a character distinct from the abutting upland. Provided, that in any area where the ordinary high water line cannot be found, the ordinary high water line adjoining saltwater is the line of mean higher high water and the ordinary high water line adjoining fresh water is the elevation of the mean annual flood.

(12) "Permit" means a hydraulic project approval permit issued under this chapter.

(13) "Sandbars" includes, but is not limited to, sand, gravel, rock, silt, and sediments.

(14) "Small scale prospecting and mining" means the use of only the following methods: Pans; nonmotorized sluice boxes; concentrators; and micro rocker boxes for the discovery and recovery of minerals.

(17) "Tide gate" means a one-way check valve that prevents the backflow of tidal water.

(18) "Waters of the state" and "state waters" means all salt and fresh waters waterward of the ordinary high water line and within the territorial boundary of the state.

Sec. 27. RCW 77.55.021 and 2008 c 272 s 1 are each amended to read as follows:

(1) Except as provided in RCW 77.55.031, 77.55.051, and 77.55.041, in the event that any person or government agency desires to undertake a hydraulic project, the person or government agency shall, before commencing work thereon, secure the approval of the department in the form of a permit as to the adequacy of the means proposed for the protection of fish life.

(2) A complete written application for a permit may be submitted in person or by registered mail and must contain the following:

(a) General plans for the overall project;

(b) Complete plans and specifications of the proposed construction or work within the mean higher high water line in saltwater or within the ordinary high water line in freshwater;

(c) Complete plans and specifications for the proper protection of fish life; and

(d) Notice of compliance with any applicable requirements of the state environmental policy act, unless otherwise provided for in this chapter.

(3)(a) Protection of fish life is the only ground upon which approval of a permit may be denied or conditioned. Approval of a permit may not be unreasonably withheld or unreasonably conditioned. Except as provided in this subsection and subsections (8), (10), and (12) of this section, the department has forty-five calendar days upon receipt of a complete application to grant or deny approval of a permit. The forty-five day requirement is suspended if:

(i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;

(ii) The site is physically inaccessible for inspection;

(iii) The applicant requests a delay; or

(iv) The department is issuing a permit for a storm water discharge and is complying with the requirements of RCW 77.55.161(3)(b).

(b) Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(c) The period of forty-five calendar days may be extended if the permit is part of a multiagency permit streamlining effort and all participating permitting agencies and the permit applicant agree to an extended timeline longer than forty-five calendar days.

(4) If the department denies approval of a permit, the department shall provide the applicant a written statement of the specific reasons why and how the proposed project would adversely affect fish life.

(a) Except as provided in (b) of this subsection, issuance, denial, conditioning, or modification of a permit shall be appealable to ((the department or)) the board (((as specified in RCW 77.55.304)) within thirty days from the date of receipt of the ((notice of)) decision as provided in RCW 43.21B.230.

(b) Issuance, denial, conditioning, or modification of a permit may be informally appealed to the department within thirty days from the date of receipt of the decision. Requests for informal appeals must be filed in the form and manner prescribed by the department by rule. A permit decision that has been informally appealed to the department is appealable to the board within thirty days from the date of receipt of the department's decision on the informal appeal.

(5)(a) The permittee must demonstrate substantial progress on construction of that portion of the project relating to the permit within two years of the date of issuance.

(b) Approval of a permit is valid for a period of up to five years from the date of issuance, except as provided in (c) of this subsection and in RCW 77.55.151.

(c) A permit remains in effect without need for periodic renewal for hydraulic projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. A permit for streambank stabilization projects to protect farm and agricultural land as defined in RCW 84.34.020 remains in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the permit.

(6) The department may, after consultation with the permittee, modify a permit due to changed conditions. The modification ((becomes effective unless appealed to the department or the board as specified in RCW 77.55.301 within thirty days from the notice of the proposed modification)) is appealable as provided in subsection (4) of this section. For hydraulic projects that divert water for agricultural irrigation or stock watering purposes, or when the
hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the department to show that changed conditions warrant the modification in order to protect fish life.

(7) A permittee may request modification of a permit due to changed conditions. The request must be processed within forty-five calendar days of receipt of the written request. A decision by the department ([may be appealed to the board within thirty days of the notice of the decision] is appealable as provided in subsection (4) of this section. For hydraulic projects that divert water for agricultural irrigation or stock watering purposes, or when the hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the permittee to show that changed conditions warrant the requested modification and that such a modification will not impair fish life.

(8)(a) The department, the county legislative authority, or the governor may declare and continue an emergency. If the county legislative authority declares an emergency under this subsection, it shall immediately notify the department. A declared state of emergency by the governor under RCW 43.06.010 shall constitute a declaration under this subsection.

(b) The department, through its authorized representatives, shall issue immediately, upon request, oral approval for a stream crossing, or work to remove any obstructions, repair existing structures, restore streambanks, protect fish life, or protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written permit prior to commencing work. Conditions of the emergency oral permit must be established by the department and reduced to writing within thirty days and complied with as provided for in this chapter.

(c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(9) All state and local agencies with authority under this chapter to issue permits or other authorizations in connection with emergency water withdrawals and facilities authorized under RCW 43.83B.410 shall expedite the processing of such permits or authorizations in keeping with the emergency nature of such requests and shall provide a decision to the applicant within fifteen calendar days of the date of application.

(10) The department or the county legislative authority may determine an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to remove any obstructions, repair existing structures, restore banks, protect fish resources, or protect property. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

Sec. 28. RCW 77.55.141 and 2005 c 146 s 501 are each amended to read as follows:

(1) In order to protect the property of marine waterfront shoreline owners it is necessary to facilitate issuance of permits for bulkheads or rockwalls under certain conditions.

(2) The department shall issue a permit with or without conditions within forty-five days of receipt of a complete and accurate application which authorizes commencement of construction, replacement, or repair of a marine beach front protective bulkhead or rockwall for single-family type residences or property under the following conditions:

(a) The waterward face of a new bulkhead or rockwall shall be located only as far waterward as is necessary to excavate for footings or place base rock for the structure and under no conditions shall be located more than six feet waterward of the ordinary high water line;

(b) Any bulkhead or rockwall to replace or repair an existing bulkhead or rockwall shall be placed along the same alignment as the bulkhead or rockwall it is replacing. However, the replaced or repaired bulkhead or rockwall may be placed waterward of and directly abutting the existing structure only in cases where removal of the existing bulkhead or rockwall would result in environmental degradation or removal problems related to geological, engineering, or safety considerations; and

(c) Construction of a new bulkhead or rockwall, or replacement or repair of an existing bulkhead or rockwall waterward of the existing structure shall not result in the permanent loss of critical food fish or shellfish habitats; and

(d) Timing constraints shall be applied on a case-by-case basis for the protection of critical habitats, including but not limited to migration corridors, rearing and feeding areas, and spawning habitats, for the proper protection of fish life.

(3) Any bulkhead or rockwall construction, replacement, or repair not meeting the conditions in this section shall be processed under this chapter in the same manner as any other application.

(4) Any person aggrieved by the approval, denial, conditioning, or modification of a permit under this section may (formally) appeal the decision ([to the board pursuant to this chapter]) as provided in RCW 77.55.021(4).

Sec. 29. RCW 77.55.181 and 2005 c 146 s 505 are each amended to read as follows:
(1) In order to receive the permit review and approval process created in this section, a fish habitat enhancement project must meet the criteria under (a) and (b) of this subsection:

(a) A fish habitat enhancement project must be a project to accomplish one or more of the following tasks:

(i) Elimination of human-made fish passage barriers, including culvert repair and replacement;

(ii) Restoration of an eroded or unstable streambank employing the principle of bioengineering, including limited use of rock as a stabilization only at the toe of the bank, and with primary emphasis on using native vegetation to control the erosive forces of flowing water; or

(iii) Placement of woody debris or other instream structures that benefit naturally reproducing fish stocks.

The department shall develop size or scale threshold tests to determine if projects accomplishing any of these tasks should be evaluated under the process created in this section or under other project review and approval processes. A project proposal shall not be reviewed under the process created in this section if the department determines that the scale of the project raises concerns regarding public health and safety; and

(b) A fish habitat enhancement project must be approved in one of the following ways:

(i) By the department pursuant to chapter 77.95 or 77.100 RCW;

(ii) By the sponsor of a watershed restoration plan as provided in chapter 89.08 RCW;

(iii) By the department as a department-sponsored fish habitat enhancement or restoration project;

(iv) Through the review and approval process for the jobs for the environment program;

(v) Through the review and approval process for conservation district-sponsored projects, where the project complies with design standards established by the conservation commission through interagency agreement with the United States fish and wildlife service and the natural resource conservation service;

(vi) Through a formal grant program established by the legislature or the department for fish habitat enhancement or restoration; and

(vii) Through other formal review and approval processes established by the legislature.

(2) Fish habitat enhancement projects meeting the criteria of subsection (1) of this section are expected to result in beneficial impacts to the environment. Decisions pertaining to fish habitat enhancement projects meeting the criteria of subsection (1) of this section and being reviewed and approved according to the provisions of this section are not subject to the requirements of RCW 43.21C.030(2)(c).

(3)(a) A permit is required for projects that meet the criteria of subsection (1) of this section and are being reviewed and approved under this section. An applicant shall use a joint aquatic resource permit application form developed by the office of regulatory assistance to apply for approval under this chapter. On the same day, the applicant shall provide copies of the completed application form to the department and to each appropriate local government. Local governments shall accept the application as notice of the proposed project. The department shall provide a fifteen-day comment period during which it will receive comments regarding environmental impacts. Within forty-five days, the department shall either issue a permit, with or without conditions, deny approval, or make a determination that the review and approval process created by this section is not appropriate for the proposed project. The department shall base this determination on identification during the comment period of adverse impacts that cannot be mitigated by the conditioning of a permit. If the department determines that the review and approval process created by this section is not appropriate for the proposed project, the department shall notify the applicant and the appropriate local governments of its determination. The applicant may reapply for approval of the project under other review and approval processes.

(b) Any person aggrieved by the approval, denial, conditioning, or modification of a permit under this section may ((formally)) appeal the decision to the board as provided in RCW 77.55.021(4).

(4) No local government may require permits or charge fees for fish habitat enhancement projects that meet the criteria of subsection (1) of this section and that are reviewed and approved according to the provisions of this section.

Sec. 30. RCW 77.55.241 and 2005 c 146 s 602 are each amended to read as follows:

(1) The legislature finds that the construction of hydraulic projects may require mitigation for the protection of fish life, and that the mitigation may be most cost-effective and provide the most benefit to the fish resource if the mitigation is allowed to be applied in locations that are off-site of the hydraulic project location. The department may approve off-site mitigation plans that are submitted by permit applicants.

(2) If a permit applicant proposes off-site mitigation and the department does not approve the permit or conditions the permit in such a manner as to render off-site mitigation unpracticable, the project proponent may appeal the decision to the board as provided in RCW 77.55.021(4).

Sec. 31. RCW 77.55.291 and 2005 c 146 s 701 are each amended to read as follows:

(1) The department may levy civil penalties of up to one hundred dollars per day for violation of any provisions of RCW 77.55.021. The penalty provided shall be imposed by notice in writing, either by certified mail or personal service to the person incurring the penalty, from the director or the director's designee describing the violation.

(2)(a) Except as provided in (b) of this subsection, any person incurring any penalty under this chapter may appeal the same under chapter 34.05 RCW to the director. Appeals shall be filed within thirty days from the date of receipt of the notice imposing any penalty in accordance with RCW 43.21B.230.

(b) Issuance of a civil penalty may be informally appealed to the department within thirty days from the date of receipt of the penalty. Requests for informal appeal must be filed in the form and manner prescribed by the department by rule. A civil penalty that has been informally appealed to the department is appealable to the board within thirty days from the date of receipt of the department's decision on the informal appeal.

(3) The penalty imposed shall become due and payable thirty days after receipt of a notice imposing the penalty unless an appeal is filed. Whenever an appeal of any penalty incurred under this chapter is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part.

(4) If the amount of any penalty is not paid within thirty days after it becomes due and payable, the attorney general, upon the request of the director, shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action. All penalties recovered under this section shall be paid into the state's general fund.

Sec. 32. RCW 78.44.270 and 1993 c 518 s 35 are each amended to read as follows:
FIFTY SEVENTH DAY, MARCH 8, 2010

(\textit{Appeals from}) Department determinations under this chapter (shall be made as follows:

 Appeals from department determinations made under this chapter shall be made under the provisions of the Administrative Procedure Act (chapter 34.05 RCW), and shall be considered an adjudicative proceeding within the meaning of the Administrative Procedure Act, chapter 34.05 RCW) may be appealed to the pollution control hearings board as provided in RCW 43.21B.230. Only a person aggrieved within the meaning of RCW 34.05.530 has standing and can file an appeal.

\textbf{Sec. 33.} RCW 78.44.380 and 2007 c 192 s 3 are each amended to read as follows:

(1) The department may issue an order to stop all surface mining to any permit holder, miner, or other person who authorizes, directs, or conducts such activities without a valid surface mine reclamation permit. This order is effective upon issuance unless otherwise stated in the order. Administrative appeal of the order to stop work does not stay the stop work requirement. The department shall notify the local jurisdiction of record when a stop work order has been issued for operating without a valid reclamation permit.

(2) The department may issue an order to stop surface mining occurring outside of any permit area to a permit holder that does not have a legal right to occupy the affected area. This order is effective upon issuance unless otherwise stated in the order. An administrative appeal of the order to stop work does not stay the stop work requirement.

(3) Where a permit holder is conducting surface mining activities outside of its permit boundary, but within land that it has the right to occupy, the department may issue an order to stop surface mining or mining-related activities occurring outside of the authorized area after the permit holder fails to comply with a notice of correction. The notice of correction must specify the corrections necessary as per the violation and provide a reasonable time to do so. This order is effective upon issuance unless otherwise stated in the order. An administrative appeal of the order to stop work does not stay the stop work requirement.

(4) Stop work orders must be in writing, delivered by United States certified mail with return receipt requested, facsimile, or by hand to the permit holder of record. The order must state the facts supporting the violation, the law being violated, and the specific activities being stopped. Stop work orders must be signed by the state geologist or an assistant state geologist. The pollution control hearings board shall proceed as quickly as feasible to complete any requested adjudicative proceedings unless the parties stipulate to an appeal timeline or the department's stop work order states that it is not effective until after the administrative review process. If the recipient appeals the order, the recipient may file a motion for stay with the presiding officer, which will be reviewed under (\textit{preliminary injunction standards}) RCW 43.21B.320.

\textbf{Sec. 34.} RCW 79.100.120 and 2006 c 153 s 5 are each amended to read as follows:

(1) A person seeking to contest an authorized public entity's decision to take temporary possession or custody of a vessel under this chapter, or to contest the amount of reimbursement owed to an authorized public entity under this chapter, may request a hearing in accordance with this section.

(2)(a) If the contested decision or action was undertaken by a state agency, a written request for a hearing related to the decision or action must be filed with the pollution control hearings board and served on the state agency in accordance with RCW 43.218.230 (2) and (3) within (twenty) thirty days of the date the authorized public entity acquires custody of the vessel under RCW 79.100.040, or if the vessel is redeemed before the authorized public entity acquires custody, the date of redemption, or the right to a hearing is deemed waived and the vessel's owner is liable for any costs owed the authorized public entity. In the event of litigation, the prevailing party is entitled to reasonable attorneys' fees and costs.

(b) Upon receipt of a timely hearing request, the pollution control hearings board shall proceed to hear and determine the validity of the decision to take the vessel into temporary possession or custody and the reasonableness of any towing, storage, or other charges permitted under this chapter. Within five business days after the request for a hearing is filed, the pollution control hearings board shall notify the vessel owner requesting the hearing and the authorized public entity of the date, time, and location for the hearing. Unless the vessel is redeemed before the request for hearing is filed, the pollution control hearings board shall set the hearing on a date that is within ten business days of the filing of the request for hearing. If the vessel is redeemed before the request for a hearing is filed, the pollution control hearings board shall set the hearing on a date that is within sixty days of the filing of the request for hearing. A proceeding brought under this subsection may be heard by one member of the pollution control hearings board, whose decision is the final decision of the board.

(3)(a) If the contested decision or action was undertaken by a metropolitan park district, port district, city, town, or county, which has adopted rules or procedures for contesting decisions or actions pertaining to derelict or abandoned vessels, those rules or procedures must be followed in order to contest a decision to take temporary possession or custody of a vessel, or to contest the amount of reimbursement owed.

(b) If the metropolitan park district, port district, city, town, or county has not adopted rules or procedures for contesting decisions or actions pertaining to derelict or abandoned vessels, then a person requesting a hearing under this section must follow the procedure established in RCW 53.08.320(5) for contesting the decisions or actions of moorage facility operators.

\textbf{Sec. 35.} RCW 84.33.0775 and 1999 sp.s. c 5 s 1 are each amended to read as follows:

(1) A taxpayer is allowed a credit against the tax imposed under RCW 84.33.041 for timber harvested on and after January 1, 2000, under a forest practices notification filed or application approved under RCW 76.09.050 and subject to enhanced aquatic resources requirements.

(2)(a) For a person other than a small harvester who elects to calculate tax under RCW 84.33.074, the credit is equal to the stumpage value of timber harvested for sale or for commercial or industrial use multiplied by eight-tenths of one percent.

(b) For a small harvester who elects to calculate tax under RCW 84.33.074, the credit is equal to sixteen percent of the tax imposed under this chapter.

(c) The amount of credit claimed by a taxpayer under this section shall be reduced by the amount of any compensation received from the federal government for reduced timber harvest due to enhanced aquatic resource requirements. If the amount of compensation from the federal government exceeds the amount of credit available to a taxpayer in any reporting period, the excess shall be carried forward and applied against credits in future reporting periods. This subsection does not apply to small harvesters as defined in RCW 84.33.073.

(d) Refunds may not be given in place of credits. Credit may not be claimed in excess of tax owed. The department of revenue shall disallow any credits, used or unused, upon written notification from the department of natural resources of a final decision that timber for which credit was claimed was not harvested under a forest practices notification filed or application approved under
As used in this section, a forest (practices) notification or application is subject to enhanced aquatic resource requirements if it includes, in whole or in part, riparian area, wetland, or steep or unstable slope from which the operator is limited, by rule adopted under RCW 76.09.055, 34.05.090, 43.21C.250, and 76.09.370, or any federally approved habitat conservation plan or department of natural resources approved watershed analysis, from harvesting timber, or if a road is included within or adjacent to the area covered by such notification or application and the road is covered by a road maintenance plan approved by the department of natural resources under rules adopted under chapter 76.09 RCW, the forest practices act, or a federally approved habitat conservation plan.

For forest practices notification or applications submitted after January 1, 2000, the department of natural resources shall indicate whether the notification or application is subject to enhanced aquatic resource requirements and, unless notified of a contrary determination by the pollution control hearings board, the department of revenue shall use such indication in determining the credit to be allowed against the tax assessed under RCW 84.33.041. The department of natural resources shall develop revisions to the form of the forest practices notifications and applications to provide a space for the applicant to indicate and the department of natural resources to confirm or not confirm, whether the notification or application is subject to enhanced aquatic resource requirements. For forest practices notifications or applications submitted before January 1, 2000, the applicant may submit the approved notification or application to the department of natural resources for confirmation that the notification or application is subject to enhanced aquatic resource requirements. Upon any such submission, the department of natural resources will within thirty days confirm or deny that the notification or application is subject to enhanced aquatic resource requirements and will forward separate evidence of each confirmation to the department of revenue. Unless notified of a contrary ruling by the pollution control hearings board, the department of revenue shall use the separate confirmations in determining the credit to be allowed against the tax assessed under RCW 84.33.041.

A refusal by the department of natural resources to confirm that a notification or application is subject to enhanced aquatic resource requirements may be appealed to the pollution control hearings board under RCW 76.09.220. A person receiving approval of credit must keep records necessary for the department of revenue to verify eligibility under this section.

Sec. 36. RCW 90.58.140 and 1995 c 347 s 309 are each amended to read as follows:

(1) A development shall not be undertaken on the shorelines of the state unless it is consistent with the policy of this chapter and, after adoption or approval, as appropriate, the applicable guidelines, rules, or master program.

(2) A substantial development shall not be undertaken on shorelines of the state without first obtaining a permit from the government entity having administrative jurisdiction under this chapter.

A permit shall be granted:

(a) From June 1, 1971, until such time as an applicable master program has become effective, only when the development proposed is consistent with: (i) The policy of RCW 90.58.020; and (ii) after their adoption, the guidelines and rules of the department; and (iii) so far as can be ascertained, the master program being developed for the area;

(b) After adoption or approval, as appropriate, by the department of an applicable master program, only when the development proposed is consistent with the applicable master program and this chapter.

(3) The local government shall establish a program, consistent with rules adopted by the department, for the administration and enforcement of the permit system provided in this section. The administration of the system so established shall be performed exclusively by the local government.

(4) Except as otherwise specifically provided in subsection (11) of this section, the local government shall require notification of the public of all applications for permits governed by any permit system established pursuant to subsection (3) of this section by ensuring that notice of the application is given by at least one of the following methods:

(a) Mailing of the notice to the latest recorded real property owners as shown by the records of the county assessor within at least three hundred feet of the boundary of the property upon which the substantial development is proposed;

(b) Posting of the notice in a conspicuous manner on the property upon which the project is to be constructed; or

(c) Any other manner deemed appropriate by local authorities to accomplish the objectives of reasonable notice to adjacent landowners and the public.

The notices shall include a statement that any person desiring to submit written comments concerning an application, or desiring to receive notification of the final decision concerning an application as expeditiously as possible after the issuance of the decision, may submit the comments or requests for decisions to the local government within thirty days of the last date the notice is to be published pursuant to this subsection. The local government shall forward, in a timely manner following the issuance of a decision, a copy of the decision to each person who submits a request for the decision.

If a hearing is to be held on an application, notices of such a hearing shall include a statement that any person may submit oral or written comments on an application at the hearing.

(5) The system shall include provisions to assure that construction pursuant to a permit will not begin or be authorized until twenty-one days from the date of receipt as provided in subsection (6) of this section; or until all review proceedings are terminated if the proceedings were initiated within twenty-one days from the date of receipt as defined in subsection (6) of this section except as follows:

(a) In the case of any permit issued to the state of Washington, department of transportation, for the construction and modification of SR 90 (I-90) on or adjacent to Lake Washington, the construction may begin after thirty days from the date of filing, and the permits are valid until December 31, 1995;

(b) Construction may be commenced no sooner than thirty days after the date of the appeal of the board's decision is filed if a permit is granted by the local government and (i) the granting of the permit is appealed to the board hearings board within twenty-one days of the date of receipt; (ii) the board grants the permit by the local government or approves a portion of the substantial development for which the local government issued the permit and (iii) an appeal for judicial review of the hearings board decision is filed pursuant to chapter 34.05 RCW. The appellant may request, within ten days of the filing of the appeal with the court, a hearing before the court to determine whether construction pursuant to the permit approved by the hearings board or to a revised permit issued pursuant to the order of the hearings board should not commence. If, at the conclusion of the hearing,
the court finds that construction pursuant to such a permit would involve a significant, irreversible damaging of the environment, the court shall prohibit the permittee from commencing the construction pursuant to the approved or revised permit until all review proceedings are final. Construction pursuant to a permit revised at the direction of the hearings board may begin only on that portion of the substantial development for which the local government had originally issued the permit, and construction pursuant to such a revised permit on other portions of the substantial development may not begin until after all review proceedings are terminated. In such a hearing before the court, the burden of proving whether the construction may involve significant irreversible damage to the environment and demonstrating whether such construction would or would not be appropriate is on the appellant;

(c) If the permit is for a substantial development meeting the requirements of subsection (11) of this section, construction pursuant to that permit may not begin or be authorized until twenty-one days from the date (the final decision was filed) of receipt as provided in subsection (6) of this section.

If a permittee begins construction pursuant to subsections (a), (b), or (c) of this subsection, the construction is begun at the permittee’s own risk. If, as a result of judicial review, the courts order the removal of any portion of the construction or the restoration of any portion of the environment involved or require the alteration of any portion of a substantial development constructed pursuant to a permit, the permittee is barred from recovering damages or costs involved in adhering to such requirements from the local government that granted the permit, the hearings board, or any appellant or intervener.

(6) Any decision on an application for a permit under the authority of this section, whether it is an approval or a denial, shall, concurrently with the transmittal of the nuling to the applicant, be transmitted to the department and the attorney general. A petition for review of such a decision must be commenced within twenty-one days from the date of receipt of the decision. With regard to a permit other than a permit governed by subsection (10) of this section, “date of (filing) receipt” as used herein (means) that the applicant receives written notice from the department that the department has received the decision. With regard to a permit for a variance or a conditional use, “date of (filing) receipt” means the date a local government or applicant receives the written decision of the department rendered on the permit pursuant to subsection (10) of this section (is transmitted by the department to the local government. The department shall notify in writing the local government and the applicant of the date of filing). For the purposes of this subsection, the term “date of receipt” has the same meaning as provided in RCW 43.21B.001.

(7) Applicants for permits under this section have the burden of proving that a proposed substantial development is consistent with the criteria that must be met before a permit is granted. In any review of the granting or denial of an application for a permit as provided in RCW 90.58.180 (1) and (2), the person requesting the review has the burden of proof.

(8) Any permit may, after a hearing with adequate notice to the permittee and the public, be rescinded by the issuing authority upon the finding that a permittee has not complied with conditions of a permit. If the department is of the opinion that noncompliance exists, the department shall provide written notice to the local government and the permittee. If the department is of the opinion that the noncompliance continues to exist thirty days after the date of the notice, and the local government has taken no action to rescind the permit, the department may petition the hearings board for a rescission of the permit upon written notice of the petition to the local government and the permittee if the request by the department
Judicial review of such proceedings of the shorelines hearings board is governed by chapter 34.05 RCW. The board shall issue its decision on the appeal authorized under subsections (1) and (2) of this section within one hundred eighty days after the date the petition is filed with the board or a petition to intervene is filed by the department or the attorney general, whichever is later. The time period may be extended by the board for a period of thirty days upon a showing of good cause or may be waived by the parties.

(4) Any person may appeal any rules, regulations, or guidelines adopted or approved by the department within thirty days of the date of the adoption or approval. The board shall make a final decision within sixty days following the hearing held thereon.

(5) The board shall find the rule, regulation, or guideline to be valid and enter a final decision to that effect unless it determines that the rule, regulation, or guideline:
(a) Is clearly erroneous in light of the policy of this chapter; or
(b) Constitutes an implementation of this chapter in violation of constitutional or statutory provisions; or
(c) Is arbitrary and capricious; or
(d) Was developed without fully considering and evaluating all material submitted to the department during public review and comment; or
(e) Was not adopted in accordance with required procedures.

(6) If the board makes a determination under subsection (5)(a) through (e) of this section, it shall enter a final decision declaring the rule, regulation, or guideline invalid, remanding the rule, regulation, or guideline to the department with a statement of the reasons in support of the determination, and directing the department to adopt, after a thorough consultation with the affected local government and any other interested party, a new rule, regulation, or guideline consistent with the board's decision.

(7) A decision of the board on the validity of a rule, regulation, or guideline shall be subject to review in superior court, if authorized pursuant to chapter 34.05 RCW. A petition for review of the decision of the shorelines hearings board on a rule, regulation, or guideline shall be filed within thirty days after the date of final decision by the shorelines hearings board.

Sec. 38. RCW 90.58.190 and 2003 c 321 s 4 are each amended to read as follows:

(1) The appeal of the department's decision to adopt a master program or amendment pursuant to RCW 90.58.070(2) or 90.58.090(5) is governed by RCW 34.05.510 through 34.05.598.

(2) (a) The department's final decision to approve, reject, or modify a proposed master program or master program amendment is governed by a local government planning under RCW 36.70A.040 shall be appealed to the growth management hearings board within sixty days from the date of the department's written notice to the local government of the department's final decision to approve or reject a proposed master program or master program amendment, as provided in RCW 36.70A.250 through 36.70A.320. The department's written notice must conspicuously and plainly state that it is the department's final decision and that there will be no further modifications under RCW 36.70A.300.

(b) If the appeal to the growth management hearings board concerns shoreline, the growth management hearings board shall review the proposed master program or amendment solely for compliance with the requirements of this chapter, the policy of RCW 90.58.020 and the applicable guidelines, the internal consistency provisions of RCW 36.70A.070, 36.70A.040(4), 35.63.125, and 35A.63.105, and chapter 43.21C RCW as it relates to the adoption of master programs and amendments under chapter 90.58 RCW.

(c) If the appeal to the growth management hearings board concerns a shoreline of statewide significance, the board shall uphold the decision by the department unless the board, by clear and convincing evidence, determines that the decision of the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.

(d) The appellant has the burden of proof in all appeals to the growth management hearings board under this subsection.

(e) Any party aggrieved by a final decision of a growth management hearings board under this subsection may appeal the decision to superior court as provided in RCW 36.70A.300.

Sec. 39. RCW 90.58.210 and 1995 c 403 s 637 are each amended to read as follows:

(1) Except as provided in RCW 43.05.060 through 43.05.080 and 43.05.150, the attorney general or the attorney for the local government shall bring such injunctive, declaratory, or other actions as are necessary to ((ensure)) ensure that no uses are made of the shorelines of the state in conflict with the provisions and programs of this chapter, and to otherwise enforce the provisions of this chapter.

(2) Any person who shall fail to conform to the terms of a permit issued under this chapter or who shall undertake development on the shorelines of the state without first obtaining any permit required under this chapter shall also be subject to a civil penalty not to exceed one thousand dollars for each violation. Each
permits, violations or any day of continued development without a required permit shall constitute a separate violation.

(3) The penalty provided for in this section shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the department or local government, describing the violation with reasonable particularity and ordering the act or acts constituting the violation or violations to cease and desist or, in appropriate cases, requiring necessary corrective action to be taken within a specific and reasonable time.

(4) (Within thirty days after the notice is received, the person incurring the penalty may apply in writing to the department for remission or mitigation of such penalty. Upon receipt of the application, the department or local government may remit or mitigate the penalty upon whatever terms the department or local government in its discretion deems proper.  3) The person incurring the penalty may appeal within thirty days from the date of receipt of the penalty. The term “date of receipt” has the same meaning as provided in RCW 43.21B.001. Any penalty imposed pursuant to this section by the department shall be subject to review by the shorelines hearings board. Any penalty imposed pursuant to this section by local government shall be subject to review by the local government legislative authority. Any penalty jointly imposed by the department and local government shall be appealed to the shorelines hearings board.

Sec. 40. RCW 90.58.560 and 1995 c 403 s 638 are each amended to read as follows:

(1) Except as provided in RCW 43.05.060 through 43.05.080 and 43.05.150, a person who violates RCW 90.58.550, or any rule adopted thereunder, is subject to a penalty in an amount of up to five thousand dollars a day for every such violation. Each and every such violation shall be a separate and distinct offense, and in case of a continuing violation, every day’s continuance shall be and be deemed to be a separate and distinct violation. Every act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty provided for in this section.

(2) The penalty shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the penalty from the director or the director’s representative describing such violation with reasonable particularity. (The director or the director’s representative may, upon written application therefor received within fifteen days after notice imposing any penalty is received by the person incurring the penalty, and when deemed to carry out the purposes of this chapter, remit or mitigate any penalty provided for in this section upon such terms as he or she deems proper, and shall have authority to ascertain the facts upon all such applications in such manner and under such regulations as he or she may deem proper.)

(3) Any person incurring any penalty under this section may appeal the penalty to the hearings board as provided for in chapter 43.21B RCW. Such appeals shall be filed within thirty days from the date of receipt of (notice imposing any penalty). The penalty (unless an application for remission or mitigation is made to the department. When an application for remission or mitigation is made, such appeals shall be filed within thirty days of receipt of notice from the director or the director’s representative setting forth the disposition of the application). Any penalty imposed under this section shall become due and payable thirty days after receipt of a notice imposing the same unless (application for remission or mitigation is made) an appeal is filed. (When an application for remission or mitigation is made, any penalty incurred hereunder shall become due and payable thirty days after receipt of notice setting forth the disposition of the application unless an appeal is filed from such disposition.) Whenever an appeal of any penalty incurred under this section is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part.

(4) If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon the request of the director, shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action except as otherwise provided in this chapter (as provided). All penalties recovered under this section shall be paid into the state treasury and credited to the general fund.

The designation of a revitalization area is subject to the following limitations:

(1)(a) Except as provided in (b) of this subsection, no revitalization area may have within its geographic boundaries any part of a hospital benefit zone under chapter 39.100 RCW, any part of a revenue development area created under chapter 39.102 RCW, any part of an increment area under chapter 39.89 RCW, or any part of another revitalization area under this chapter;

(b) A revitalization area's boundaries may include all or a portion of an existing increment area if:

(i) The state of Washington has loaned money for environmental cleanup on such area in order to stimulate redevelopment of brownfields;

(ii) The environmental cleanup, for which the state's loans were intended, has been completed; and

(iii) The sponsoring local government determines the creation of the revitalization area is necessary for redevelopment and protecting the state's investment by increasing property tax revenue;

(2) A revitalization area is limited to contiguous tracts, lots, pieces, or parcels of land without the creation of islands of property not included in the revitalization area;

(3) The boundaries may not be drawn to purposely exclude parcels where economic growth is unlikely to occur;

(4) The public improvements financed through bonds issued under RCW 39.104.110 must be located in the revitalization area;

(5) A revitalization area cannot comprise an area containing more than twenty-five percent of the total assessed value of the taxable real property within the boundaries of the sponsoring local government at the time the revitalization area is created;

(6) The boundaries of the revitalization area may not be changed for the time period that local property tax allocation revenues, local sales and use taxes of participating local governments, and the local sales and use tax under RCW 82.14.510 are used to pay bonds issued under RCW 39.104.110 and public improvement costs within the revitalization area on a pay-as-you-go basis, as provided under this chapter; and

(7) A revitalization area must be geographically restricted to the location of the public improvement and adjacent locations that the sponsoring local government finds to have a high likelihood of receiving direct positive business and economic impacts due to the public improvement, such as a neighborhood or a block.

Sec. 4. RCW 39.104.060 and 2009 c 270 s 106 are each amended to read as follows:

(1) Participating taxing districts must allow the use of all of their local property tax allocation revenues for local revitalization financing.

(2)(a) If a taxing district does not want to allow the use of its property tax revenues for the local revitalization financing of public improvements in a revitalization area, its governing body must adopt an ordinance to remove itself as a participating taxing district and must notify the sponsoring local government.

(b) The taxing district must provide a copy of the adopted ordinance and notice to the sponsoring local government creating the revitalization area before the anticipated date that the sponsoring local government proposes to adopt the ordinance creating the revitalization area as provided in the notice required by RCW 39.104.040(16a).

(3) If a taxing district wants to become a participating taxing district by allowing one or more but not all of its regular property tax levies to be used for the calculation of local property tax allocation revenues, it may do so through an interlocal agreement specifying the regular property taxes that will be used for calculating its local property tax allocation revenues. This subsection does not authorize a taxing district to allow the use of only part of one or more of its regular property tax levies by the sponsoring local government.

(4) If a taxing district wants to participate on a partial basis by providing a specified amount of money to a sponsoring local government to be used for local revitalization financing for a specified amount of time, it may do so through an interlocal agreement. However, the taxing district must adopt an ordinance as described in subsection (2) of this section to remove itself as a participating taxing district for purposes of calculating property tax allocation revenues and instead partially participate through an interlocal agreement outlining the specifics of its participation.

Sec. 5. RCW 39.104.080 and 2009 c 270 s 201 are each amended to read as follows:

(1) Commencing in the second calendar year following the creation of a revitalization area by a sponsoring local government, the county treasurer ((shall)) must distribute receipts from regular taxes imposed on real property located in the revitalization area as follows:

(a) Each participating taxing district and the sponsoring local government must receive that portion of its regular property taxes produced by the rate of tax levied by or for the taxing district on the property tax allocation revenue base value for that local revitalization financing project in the taxing district and

(b) The sponsoring local government must receive an additional portion of the regular property taxes levied by it and by or for each participating taxing district upon the property tax allocation revenue value within the revitalization area. However, if there is no property tax allocation revenue value, the sponsoring local government, or a committee of the sponsoring local government that includes at least a majority of the whole governing body, must receive all of the property tax allocation revenue.
government may not receive any additional regular property taxes under this subsection (1)(b). The sponsoring local government may agree to receive less than the full amount of the additional portion of regular property taxes under this subsection (1)(b) as long as bond debt service, reserve, and other bond covenant requirements are satisfied, in which case the balance of these tax receipts shall be allocated to the participating taxing districts that levied regular property taxes, or have regular property taxes levied for them, in the revitalization area for collection that year in proportion to their regular tax levy rates for collection that year. The sponsoring local government may request that the treasurer transfer this additional portion of the property taxes to its designated agent. The portion of the tax receipts distributed to the sponsoring local government or its agent under this subsection (1)(b) may only be expended to finance public improvement costs associated with the public improvements financed in whole or in part by local revitalization financing.

(2) The county assessor (shall) must determine the property tax allocation revenue value and property tax allocation revenue base value. This section does not authorize revaluations of real property by the assessor for property taxation that are not made in accordance with the assessor's revaluation plan under chapter 84.41 RCW or under other authorized revaluation procedures.

(3) The distribution of local property tax allocation revenue to the sponsoring local government must cease when local property tax allocation revenues are no longer obligated to pay the costs of the public improvements. Any excess local property tax allocation revenues, and earnings on the revenues, remaining at the time the distribution of local property tax allocation revenue terminates, must be returned to the county treasurer and distributed to the participating taxing districts that imposed regular property taxes, or had regular property taxes imposed for it, in the revitalization area for collection that year, in proportion to the rates of their regular property tax levies for collection that year.

(4) The allocation to the revitalization area of that portion of the sponsoring local government's and each participating taxing district's regular property taxes levied upon the property tax allocation revenue value within that revitalization area is declared to be a public purpose of and benefit to the sponsoring local government and each participating taxing district.

(5) The distribution of local property tax allocation revenues under this section may not affect or be deemed to affect the rate of taxes levied by or within any sponsoring local government and participating taxing district or the consistency of any such levies with the uniformity requirement of Article VII, section 1 of the state Constitution.

(6) This section does not apply to a revitalization area that has boundaries that include all or a portion of the boundaries of an increment area created under chapter 39.89 RCW.

Sec. 6. RCW 39.104.100 and 2009 c 270 s 401 are each amended to read as follows:

(1) Prior to applying to the department to receive a state contribution, a sponsoring local government shall adopt a revitalization area within the limitations in RCW 39.104.050 and in accordance with RCW 39.104.040.

(2)(a) As a condition to imposing a sales and use tax under RCW 82.14.510, a sponsoring local government must apply to the department and be approved for a project award amount. The application must be in a form and manner prescribed by the department and include, but not be limited to:

((a)) (i) Information establishing that over the period of time that the local sales and use tax will be imposed under RCW 82.14.510, increases in state and local property, sales, and use tax revenues as a result of public improvements in the revitalization area will be equal to or greater than the respective state and local contributions made under this chapter;
(5) The department must begin accepting applications on September 1, 2009.

Sec. 7. RCW 39.104.110 and 2009 c 270 s 701 are each amended to read as follows:

(1) A sponsoring local government creating a revitalization area and authorizing the use of local revitalization financing may incur general indebtedness, (and issue) including issuing general obligation bonds, to finance the public improvements and retire the indebtedness in whole or in part from local revitalization financing it receives, subject to the following requirements:

(a)(i) The ordinance adopted by the sponsoring local government creating the revitalization area and authorizing the use of local revitalization financing indicates an intent to incur this indebtedness and the maximum amount of this indebtedness that is contemplated; and

(ii) The sponsoring local government includes this statement of (the) intent in all notices required by RCW 39.104.040; or

(b) The sponsoring local government adopts a resolution, after opportunity for public comment, that indicates an intent to incur this indebtedness and the maximum amount of this indebtedness that is contemplated.

(2) The general indebtedness incurred under subsection (1) of this section may be payable from other tax revenues, the full faith and credit of the sponsoring local government, and nontax income, revenues, fees, and rents from the public improvements, as well as contributions, grants, and nontax money available to the local government for payment of costs of the public improvements or associated debt service on the general indebtedness.

(3) In addition to the requirements in subsection (1) of this section, a sponsoring local government creating a revitalization area and authorizing the use of local revitalization financing may require any nonpublic participants to provide adequate security to protect the public investment in the public improvement within the revitalization area.

(4) Bonds issued under this section must be authorized by ordinance of the sponsoring local government and may be issued in one or more series and must bear a date or dates, be payable upon demand or mature at a time or times, bear interest at a rate or rates, be in a denomination or denominations, be in a form either coupon or registered as provided in RCW 39.46.030. (5) The sponsoring local government may;

(a) Annually pay into a special fund to be established for the benefit of bonds issued under this section a fixed proportion or a fixed amount of any local property tax allocation revenues derived from property within the revitalization area containing the public improvements funded by the bonds, the payment to continue until all bonds payable from the fund are paid in full. The local government may also;

(b) Annually pay into the special fund established pursuant to this section a fixed proportion or a fixed amount of any revenues derived from taxes imposed under RCW 82.14.510, such payment to continue until all bonds payable from the fund are paid in full. Revenues derived from taxes imposed under RCW 82.14.510 are subject to the use restriction in RCW 82.14.515; and

(c) Issue revenue bonds payable from any or all revenues deposited in the special fund established pursuant to this section.

(1)(a) In its dispositional order, the court shall require the respondent to make restitution to any persons who have suffered loss or damage as a result of the offense committed by the respondent. In addition, restitution may be ordered for loss or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which, pursuant to a plea agreement, are not prosecuted.
(b) Restitution may include the costs of counseling reasonably related to the offense.

(c) The payment of restitution shall be in addition to any punishment which is imposed pursuant to the other provisions of this chapter.
(d) The court may determine the amount, terms, and conditions of the restitution including a payment plan extending up to ten years if the court determines that the respondent does not have the means to make full restitution over a shorter period. (Restitution may include the costs of counseling reasonably related to the offense.)

For the purposes of this section, the respondent shall remain under the court's jurisdiction for a maximum term of ten years after the respondent's eighteenth birthday and, during this period, the restitution portion of the dispositional order may be modified as to amount, terms, and conditions at any time. Prior to the expiration of the ten-year period, the juvenile court may extend the judgment for the payment of restitution for an additional ten years. If the court grants a respondent's petition pursuant to RCW 13.50.050(11), the court's jurisdiction under this subsection shall terminate.

(e) Nothing in this section shall prevent a respondent from petitioning the court pursuant to RCW 13.50.050(11) if the respondent has paid the full restitution amount stated in the court's order and has met the statutory criteria.

(g) At any time, the court may determine that the respondent is not required to pay, or may relieve the respondent of the requirement to pay, full or partial restitution to any insurance provider authorized under Title 48 RCW if the respondent reasonably satisfies the court that he or she does not have the means to make full or partial restitution to the insurance provider and could not reasonably acquire the means to pay the insurance provider the restitution over a ten-year period.

(2) Regardless of the provisions of subsection (1) of this section, the court shall order restitution in all cases where the victim is entitled to benefits under the crime victims' compensation act, chapter 7.68 RCW. If the court does not order restitution and the victim of the crime has been determined to be entitled to benefits under the crime victims' compensation act, the department of labor and industries, as administrator of the crime victims' compensation program, may petition the court within one year of entry of the disposition order for entry of a restitution order. Upon receipt of a petition from the department of labor and industries, the court shall hold a restitution hearing and shall enter a restitution order.

(3) If an order includes restitution as one of the monetary assessments, the county clerk shall make disbursements to victims named in the order. The restitution to victims named in the order shall be paid prior to any payment for other penalties or monetary assessments.

(4) For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the offense charged. (a) Of the vulnerable adult;
(b) On which the vulnerable adult is a beneficiary, including a trust or guardianship account; or
(c) Of a person suspected of perpetrating financial exploitation of a vulnerable adult.

(2) A financial institution may also refuse to disburse funds under this section if the department, law enforcement, or the prosecuting attorney's office provides information to the financial institution demonstrating that it is reasonable to believe that financial exploitation of a vulnerable adult may have occurred, may have been attempted, or is being attempted.

(3) A financial institution is not required to refuse to disburse funds when provided with information alleging that financial exploitation may have occurred, may have been attempted, or is being attempted, but may use its discretion to determine whether or not to refuse to disburse funds based on the information available to the financial institution.

(4) A financial institution that refuses to disburse funds based on a reasonable belief that financial exploitation of a vulnerable adult may have occurred, may have been attempted, or is being attempted shall:

(a) Make a reasonable effort to notify all parties authorized to transact business on the account orally or in writing; and

(b) Five business days after the date on which the financial institution first refused to disburse the funds if the transaction did not involve the sale of a security or offer to sell a security, as defined in RCW 21.20.005, unless sooner terminated by an order of a court of competent jurisdiction; or
(c) The time when the financial institution is satisfied that the disbursement will not result in financial exploitation of a vulnerable adult.

(6) A court of competent jurisdiction may enter an order extending the refusal by the financial institution to disburse funds based on a reasonable belief that financial exploitation of a vulnerable adult may have occurred, may have been attempted, or is being attempted. A court of competent jurisdiction may also order other protective relief as authorized by RCW 7.40.010 and 74.34.130.

(7) A financial institution or an employee of a financial institution is immune from criminal, civil, and administrative liability for refusing to disburse funds or disbursing funds under this section and for actions taken in furtherance of that determination if the determination of whether or not to disburse funds was made in good faith.

A mandated reporter is not relieved from the reporting requirement provisions of this subsection by the existence of a previously signed death certificate. If abuse, neglect, or abandonment caused or contributed to the death
Section 5. A new section is added to chapter 74.34 RCW to read as follows:

(1) A financial institution shall provide training concerning the financial exploitation of vulnerable adults to the employees specified in subsection (2) of this section within one year of the effective date of this act and shall thereafter provide such training to the new employees specified in subsection (2) of this section within the first three months of their employment.

(2) A financial institution that is a broker-dealer or investment adviser as defined in RCW 21.20.005 shall provide training concerning the financial exploitation of vulnerable adults to employees who are required to be registered in the state of Washington as salespersons or investment adviser representatives under RCW 21.20.040 and who have contact with customers and access to account information on a regular basis and as part of their job. All other financial institutions shall provide training concerning the financial exploitation of vulnerable adults to employees who have contact with customers and access to account information on a regular basis and as part of their job.

(3) The training must include recognition of indicators of financial exploitation of a vulnerable adult, the manner in which employees may report suspected financial exploitation to the department and law enforcement as permissive reporters, and steps employees may take to prevent suspected financial exploitation of a vulnerable adult as authorized by law or agreements between the financial institution and customers of the financial institution. The office of the attorney general and the department shall develop a standardized training that financial institutions may offer, or the financial institution may develop its own training.

(4) A financial institution may provide access to or copies of records that are relevant to suspected financial exploitation or attempted financial exploitation of a vulnerable adult to the department, law enforcement, or the prosecuting attorney's office, either as part of a referral to the department, law enforcement, or the prosecuting attorney's office, or upon request of the department, law enforcement, or the prosecuting attorney's office pursuant to an investigation. The records may include historical records as well as records relating to the most recent transaction or transactions that may comprise financial exploitation.

(5) A financial institution or employee of a financial institution participating in good faith in making a report or providing documentation or access to information to the department, law enforcement, or the prosecuting attorney's office under this chapter shall be immune from criminal, civil, or administrative liability. MESSAGE FROM THE HOUSE

February 28, 2010

MR. PRESIDENT:
The House passed SECOND ENGROSSED SUBSTITUTE SENATE BILL NO. 5742 with the following amendment(s): 5742-S.E2 AMH JUDI H5275.3,

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that local governments, landlords, and tenants working together to provide crime-free rental housing is beneficial to the public health, safety, and welfare. The legislature is also concerned about activities and provisions that serve to bar a person with a criminal history from obtaining viable housing regardless of other factors that may indicate rental stability, such as employment, rental references, or time in the community with no further criminal activity. It is therefore the intent of this act to provide certain requirements that a local government must follow in adopting a crime-free rental housing program.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Crime-free rental housing program" means a crime prevention program designed to reduce crime, drugs, and gangs on rental housing premises under the supervision of the local police department or a crime prevention officer. The program may include, but is not limited to: Property management and crime prevention training classes; crime prevention through environmental design surveys; and community awareness training.

(2) "Criminal activity" means a criminal act defined by statute or ordinance that threatens the health, safety, or welfare of the tenants, owner, guests, occupants, or property manager.

(3) "Local government" means any city, county, city, town, or county.

(4) "Premises" has the same meaning as in RCW 59.18.030.

(5) "Rental housing" means any tenancy subject to chapter 59.12, 59.18, or 59.20 RCW.

NEW SECTION. Sec. 3. (1)(a) Except as provided in (b) of this subsection, a local government may adopt and implement a crime-free rental housing program within its jurisdiction in accordance with this chapter.

(b) A crime-free rental housing program adopted and implemented by a county is applicable only to unincorporated areas of the county.

(2) Except as provided in subsection (3) of this section, a crime-free rental housing program must be voluntary.

(3)(a) A local government may require a landlord to participate in a crime-free rental housing program upon exceeding a reasonable threshold of instances of criminal activity on the premises if the landlord has not made a good faith effort to deter the criminal activity.

(b) A good faith effort may include, but is not limited to:

(i) Service of notice on the tenant to comply or quit as allowed by law or the commencement of an unlawful detainer action against the tenant; and
(ii) Attendance and completion of a landlord training program approved by the local government.

(4)(a) As a prerequisite to subsection (3) of this section, upon the occurrence of criminal activity on the premises, the local police department must send a notice to the landlord setting forth the following:

(i) The date and location of the occurrence;
(ii) The nature of the occurrence; and
(iii) The name of the person who engaged in the occurrence.

(b) Notice is deemed properly delivered when it is either served upon the landlord or a property manager of the rental property, or is delivered by first-class mail to the last known address of the landlord.

(5) This section does not prevent a local government from charging a fee for participation in a crime-free rental housing program.

(6) This section does not affect a local government's authority to enforce existing law in regard to rental housing, except in regard to a crime-free rental housing program.

NEW SECTION. Sec. 4. A crime-free rental housing program may not prohibit a landlord from hiring or renting to a person solely because of the person's criminal history.

NEW SECTION. Sec. 5. (1) Except as provided in subsection (2) of this section, this chapter supersedes and preempts all rules, regulations, codes, statutes, or ordinances of all local governments regarding the same subject matter. The state preemption created in this section applies to all rules, regulations, codes, statutes, and ordinances pertaining to crime-free rental housing programs at any time.

(2) Section 3 of this act does not apply to rules, regulations, codes, statutes, or ordinances adopted by local governments prior to July 1, 2010, except as required by an order issued by a court of competent jurisdiction pursuant to litigation regarding the rules, regulations, codes, statutes, or ordinances.

NEW SECTION. Sec. 6. Sections 1 through 5 of this act constitute a new chapter in Title 35 RCW."

and the same are herewith transmitted.

(a) The alleged facts bring the case within the jurisdiction of the court; and

(b) On a basis of available evidence there is probable cause to believe that the juvenile did commit the offense.

(2) If the identical alleged acts constitute an offense under both the law of this state and an ordinance of any city or county of this state, state law shall govern the prosecutor's screening and charging decision for both filed and diverted cases.

(3) If the requirements of subsections (1)(a) and (b) of this section are met, the prosecutor shall either file an information in juvenile court or divert the case, as set forth in subsections (5), (6), and (6A) of this section. If the prosecutor finds that the requirements of subsection (1)(a) and (b) of this section are not met, the prosecutor shall maintain a record, for one year, of such decision and the reasons therefor. In lieu of filing an information or diverting an offense a prosecutor may file a motion to modify community supervision where such offense constitutes a violation of community supervision.

(4) An information shall be a plain, concise, and definite written statement of the essential facts constituting the offense charged. It shall be signed by the prosecuting attorney and conform to chapter 10.37 RCW.

(5) Except as provided in RCW 13.40.213 and subsection (7) of this section, where a case is legally sufficient, the prosecutor shall file an information with the juvenile court if:

(a) An alleged offender is accused of a class A felony, a class B felony, an attempt to commit a class B felony, a class C felony listed in RCW 9.94A.411(2) as a crime against persons or listed in RCW 9A.46.060 as a crime of harassment, or a class C felony that is a violation of RCW 9.41.080 or 9.41.040(2)(a)(iii); or

(b) An alleged offender is accused of a felony and has a criminal history of any felony, or at least two gross misdemeanors, or at least two misdemeanors; or

(c) An alleged offender has previously been committed to the department; or

(d) An alleged offender has been referred by a diversion unit for prosecution or desires prosecution instead of diversion; or

(e) An alleged offender has two or more diversion agreements on the alleged offender's criminal history; or

(f) A special allegation has been filed that the offender or an accomplice was armed with a firearm when the offense was committed.

(6) Where a case is legally sufficient the prosecutor shall divert the case if the alleged offense is a misdemeanor or gross misdemeanor or violation and the alleged offense is the offender's first offense or violation. If the alleged offender is charged with a related offense that must or may be filed under subsections (5) and (6A) of this section, a case under this subsection may also be filed.
(7) Where a case is legally sufficient to charge an alleged offender with either prostitution or prostitution loitering and the alleged offense is the offender's first prostitution or prostitution loitering offense, the prosecutor shall divert the case.

(8) Where a case is legally sufficient and falls into neither subsection (5) nor (6) of this section, it may be filed or diverted. In deciding whether to file or divert an offense under this section the prosecutor shall be guided only by the length, seriousness, and recency of the alleged offender's criminal history and the circumstances surrounding the commission of the alleged offense.

(9) Whenever a juvenile is placed in custody or, where not placed in custody, referred to a diversion interview, the parent or legal guardian of the juvenile shall be notified as soon as possible concerning the allegation made against the juvenile and the current status of the juvenile. Where a case involves victims of crimes against persons or victims whose property has not been recovered at the time a juvenile is referred to a diversion unit, the victim shall be notified of the referral and informed how to contact the unit.

(10) The responsibilities of the prosecutor under subsections (1) through (9) of this section may be performed by a juvenile court probation counselor for any complaint referred to the court alleging the commission of an offense which would not be a felony if committed by an adult, if the prosecutor has given sufficient written notice to the juvenile court that the prosecutor will not review such complaints.

(11) The prosecutor, juvenile court probation counselor, or diversion unit may, in exercising their authority under this section or RCW 13.40.080, refer juveniles to mediation or victim offender reconciliation programs. Such mediation or victim offender reconciliation programs shall be voluntary for victims.

Sec. 8. RCW 13.40.213 and 2009 c 252 s 2 are each amended to read as follows:

(1) When a juvenile is alleged to have committed the offenses of prostitution or prostitution loitering, and the allegation, if proved, would not be the juvenile's first offense, a prosecutor may divert the offense if the county in which the offense is alleged to have been committed has a comprehensive program that provides:

(a) Safe and stable housing;
(b) Comprehensive on-site case management;
(c) Integrated mental health and chemical dependency services, including specialized trauma recovery services;
(d) Education and employment training delivered on-site; and

NEW SECTION. Sec. 9. A new section is added to chapter 13.40 RCW to read as follows:

In any proceeding under this chapter related to an arrest for prostitution or prostitution loitering, there is a presumption that the alleged offender meets the criteria for a certification as a victim of a severe form of trafficking in persons as defined in section 7105 of Title 22 of the United States code, and that the alleged offender is also a victim of commercial sex abuse of a minor.

NEW SECTION. Sec. 10. A new section is added to chapter 74.15 RCW to read as follows:

The department shall require that to be licensed or continue to be licensed as a secure or semi-secure crisis residential center or HOPE center that the center has on staff, or otherwise has access to, a person who has been trained to work with the needs of sexually exploited children. (1)(a) Upon an arrest for a suspected violation of patronizing a prostitute, promoting prostitution in the first degree, promoting prostitution in the second degree, promoting travel for prostitution (commercial sexual abuse of a minor, promoting commercial sexual abuse of a minor, or promoting travel for commercial sexual abuse of a minor), the arresting law enforcement officer may impound the person's vehicle if (i) the motor vehicle was used in the commission of the crime; (ii) the person arrested is the owner of the vehicle or the vehicle is a rental car as defined in RCW 46.04.465; and (iii) either (A) the person arrested has previously been convicted of one of the offenses listed in this subsection or (B) the offense was committed within an area designated under (b) of this subsection.

(b) A local governing authority may designate areas within which vehicles are subject to impoundment under this section regardless of whether the person arrested has previously been convicted of any of the offenses listed in (a) of this subsection.

(i) The designation must be based on evidence indicating that the area has a disproportionately higher number of arrests for the offenses listed in (a) of this subsection as compared to other areas within the same jurisdiction.

(ii) The local governing authority shall post signs at the boundaries of the designated area to indicate that the area has been designated under this subsection.

(2) Upon an arrest for a suspected violation of commercial sexual abuse of a minor, promoting commercial sexual abuse of a minor, or promoting travel for commercial sexual abuse of a minor, the arresting law enforcement officer shall impound the person's vehicle if (a) the motor vehicle was used in the commission of the crime; and (b) the person arrested is the owner of the vehicle or the vehicle is a rental car as defined in RCW 46.04.465.

(3) Impoundments performed under this section shall be in accordance with chapter 46.55 RCW and the impoundment order must clearly state "prostitution hold."

(4)(a) Prior to redeeming the impounded vehicle, and in addition to all applicable impoundment, towing, and storage fees paid to the towing company under chapter 46.55 RCW, the owner of the impounded vehicle must pay a fine (of five hundred dollars) to the impounding agency. The fine shall be five hundred dollars for the offenses specified in subsection (1) of this section, or two thousand five hundred dollars for the offenses specified in subsection (2) of this section. The fine shall be deposited in the prostitution prevention and intervention account established under RCW 43.63A.740.

(b) Upon receipt of the fine paid under (a) of this subsection, the impounding agency shall issue a written receipt to the owner of the impounded vehicle.

(5)(a) In order to redeem a vehicle impounded under this section, the owner must provide the towing company with the written receipt issued under subsection (((4)(a))) (4)(b) of this section.

(b) The written receipt issued under subsection (((4)(a))) (4)(b) of this section authorizes the towing company to release the impounded vehicle upon payment of all impoundment, towing, and storage fees.

(c) A towing company that relies on a forged receipt to release a vehicle impounded under this section is not liable to the impounding authority for any unpaid fine under subsection (((4)(a))) (4)(a) of this section.

(6)(a) In any proceeding under chapter 46.55 RCW to contest the validity of an impoundment under this section where the claimant substantially prevails, the claimant is entitled to a full refund of the impoundment, towing, and storage fees paid under chapter 46.55 RCW and the five hundred dollar fine paid under subsection (((4)(a))) (4) of this section.

(b) If the person is found not guilty at trial for a crime listed under subsection (1) of this section, the person is entitled to a full refund of the impoundment, towing, and storage fees paid under chapter 46.55 RCW and the (five hundred dollar) fine paid under subsection (((4)(a))) (4) of this section.

(b) The court may not suspend payment of all or part of the fee unless it finds that the person does not have the ability to pay.

(c) When a minor has been adjudicated a juvenile offender or has entered into a statutory or nonstatutory diversion agreement for an offense which, if committed by an adult, would constitute a violation of RCW 9.68A.100, 9.68A.101, or 9.68A.102, or a comparable county or municipal ordinance, the court shall assess the fee under (a) of this subsection. The court may not suspend payment of all or part of the fee unless it finds that the minor does not have the ability to pay the fee.

The commission shall develop a curriculum based on the model policy for inclusion in its basic training academy by January 1, 2011.

Sec. 17.  RCW 9.68A.110 and 2007 c 368 s 3 are each amended to read as follows:

(1) In a prosecution under RCW 9.68A.040, it is not a defense that the defendant was involved in activities of law enforcement and prosecution agencies in the investigation and prosecution of criminal offenses. Law enforcement and prosecution agencies shall not employ minors to aid in the investigation of a violation of RCW 9.68A.090 or 9.68A.100. This chapter does not apply to lawful conduct between spouses.

(2) In a prosecution under RCW 9.68A.050, 9.68A.060, 9.68A.070, or 9.68A.080, it is not a defense that the defendant did not know the age of the child depicted in the visual or printed matter. It is a defense, which the defendant must prove by a preponderance of the evidence, that at the time of the offense the defendant was not in possession of any facts on the basis of which he or she should reasonably have known that the person depicted was a minor.

(3) In a prosecution under RCW 9.68A.040, 9.68A.090, 9.68A.100, 9.68A.101, or 9.68A.102, it is not a defense that the defendant did not know the alleged victim's age. It is a defense, which the defendant must prove by a preponderance of the evidence, that at the time of the offense, the defendant made a reasonable bona fide attempt to ascertain the true age of the minor by requiring production of a driver's license, marriage license, birth certificate, or other governmental or educational identification card or paper and did not rely solely on the oral allegations or apparent age of the minor.

(4) In a prosecution under RCW 9.68A.050, 9.68A.060, or 9.68A.070, it shall be an affirmative defense that the defendant was a law enforcement officer in the process of conducting an official investigation of a sex-related crime against a minor, or that the defendant was providing individual case treatment as a recognized medical facility or as a psychiatrist or psychologist licensed under Title 18 RCW.

(5) In a prosecution under RCW 9.68A.050, 9.68A.060, or 9.68A.070, the state is not required to establish the identity of the alleged victim.

Sec. 18.  RCW 43.63A.740 and 2009 c 387 s 2 are each amended to read as follows:

The prostitution prevention and intervention account is created in the state treasury. All designated receipts from fees under RCW 9.68A.105 and 9A.88.120 and fines collected under RCW 9A.88.140 shall be deposited into the account. Expenditures from the account may be used (only for) in the following order of priority:

(4) Funding the grant program to enhance prostitution prevention and intervention services under RCW 43.63A.720.

(ii) Lands that have or are being converted to another use; or
(iii) Lands which, under RCW 76.09.070, are not to be reforested because of the likelihood of future conversion to urban development.
(2) Before a county, city, or town may regulate forest practices under subsection (1) of this section, it shall ensure that its critical areas and development regulations are in compliance with RCW 36.70A.130 and, if applicable, RCW 36.70A.215. (b) Procedures for the collection and administration of permit and recording fees.

(4) The board shall continue to adopt rules and the department shall continue to administer and enforce those rules in each county,
city, or town for all forest practices as provided in this chapter until such a time as the county, city, or town has updated its development regulations as required by RCW 36.70A.130 and, if applicable, RCW 36.70A.215, and has adopted ordinances or regulations under subsections (1) and (2) of this section. However, counties, cities, and towns that have adopted ordinances or regulations regarding forest practices prior to July 22, 2007, are not required to reread their ordinances or regulations in order to satisfy the requirements of this section.

(5) Upon request, the department shall provide technical assistance to all counties, cities, and towns while they are in the process of adopting the regulations required by this section, and after the regulations become effective.

(6) For those forest practices over which the board and the department maintain regulatory authority no county, city, municipality, or other local or regional governmental entity shall adopt or enforce any law, ordinance, or regulation pertaining to forest practices, except that to the extent otherwise permitted by law, such entities may exercise any:

(7) All counties and cities adopting or enforcing regulations or ordinances under this section shall include in the regulation or ordinance a requirement that a verification accompany every permit issued for forest land by that county or city associated with the conversion to a use other than commercial timber operation, as that term is defined in RCW 76.09.020, that verifies that the land in question is not or has not been subject to a notice of conversion to nonforestry uses under RCW 76.09.060 during the six-year period prior to the submission of a permit application.

(8) To improve the administration of the forest excise tax created in chapter 84.33 RCW, a county, city, or town that regulates forest practices under this section shall report permit information to the department of revenue for all approved forest practices permits. The permit information shall be reported to the department of revenue no later than sixty days after the date the permit was approved and shall be in a form and manner agreed to by the county, city, or town and the department of revenue. MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6561 with the following amendment(s): 6561-S2.E AMH ENGR H5336.E

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 13.04.240 and 1961 c 302 s 16 are each amended to read as follows:

An order of court adjudging a child ("delinquent") a juvenile offender or dependent under the provisions of this chapter shall in no case be deemed a conviction of crime.

Sec. 2. RCW 13.50.050 and 2008 c 221 s 1 are each amended to read as follows:

(1) This section governs records relating to the commission of juvenile offenses, including records relating to diversions.

(2) The official juvenile court file of any alleged or proven juvenile offender shall be open to public inspection, unless sealed pursuant to subsection (12) of this section.

(3) All records other than the official juvenile court file are confidential and may be released only as provided in this section, RCW 13.50.010, 13.40.215, and 4.24.550.

(4) Except as otherwise provided in this section and RCW 13.50.010, records retained or produced by any juvenile justice or
care agency may be released to other participants in the juvenile justice or care system only when an investigation or case involving the juvenile in question is being pursued by the other participant or when that other participant is assigned the responsibility for supervising the juvenile.

(5) Except as provided in RCW 4.24.550, information not in an official juvenile court file concerning a juvenile or a juvenile's family may be released to the public only when that information could not reasonably be expected to identify the juvenile or the juvenile's family.

(6) Notwithstanding any other provision of this chapter, the release, to the juvenile or his or her attorney, of law enforcement and prosecuting attorneys' records pertaining to investigation, diversion, and prosecution of juvenile offenses shall be governed by the rules of discovery and other rules of law applicable in adult criminal investigations and prosecutions.

(7) Upon the decision to arrest or the arrest, law enforcement and prosecuting attorneys may cooperate with schools in releasing information to a school pertaining to the investigation, diversion, and prosecution of a juvenile attending the school. Upon the decision to arrest or the arrest, incident reports may be released unless releasing the records would jeopardize the investigation or prosecution or endanger witnesses. If release of incident reports would jeopardize the investigation or prosecution or endanger witnesses, law enforcement and prosecuting attorneys may release information to the maximum extent possible to assist schools in protecting other students, staff, and school property.

(8) The juvenile court and the prosecutor may set up and maintain a central record-keeping system which may receive information on all alleged juvenile offenders against whom a complaint has been filed pursuant to RCW 13.40.070 whether or not their cases are currently pending before the court. The central record-keeping system may be computerized. If a complaint has been referred to a diversion unit, the diversion unit shall promptly report to the juvenile court or the prosecuting attorney when the juvenile has agreed to diversion. An offense shall not be reported as criminal history in any central record-keeping system without notification by the diversion unit of the date on which the offender agreed to diversion.

(9) Upon request of the victim of a crime or the victim's immediate family, the identity of an alleged or proven juvenile offender alleged or found to have committed a crime against the victim and the identity of the alleged or proven juvenile offender's parent, guardian, or custodian and the circumstance of the alleged or proven crime shall be released to the victim of the crime or the victim's immediate family.

(10) Subject to the rules of discovery applicable in adult criminal prosecutions, the juvenile offense records of an adult criminal defendant or witness in an adult criminal proceeding shall be released upon request to prosecution and defense counsel after a charge has actually been filed. The juvenile offense records of any adult convicted of a crime and placed under the supervision of the adult corrections system shall be released upon request to the adult corrections system.

(11) In any case in which an information has been filed pursuant to RCW 13.40.100 or a complaint has been filed with the prosecutor and referred for diversion pursuant to RCW 13.40.070, the person the subject of the information or complaint may file a motion with the court to have the court vacate its order and findings, if any, and, subject to subsection (23) of this section, order the sealing of the official juvenile court file, the social file, and records of the court and of any other agency in the case.

(12)(a) The court shall not grant any motion to seal records for class A offenses made pursuant to subsection (11) of this section that is filed on or after July 1, 1997, unless (if finds that):

((6)) (15) Inspection of the files and records included in the order to seal may thereafter be permitted only by order of the court upon motion made by the person who is the subject of the information or complaint, except as otherwise provided in RCW 13.50.010(8) and subsection (23) of this section.

(16) Any adjudication of a juvenile offense or a crime subsequent to sealing has the effect of nullifying the sealing order. Any charging of an adult felony subsequent to the sealing has the effect of nullifying the sealing order for the purposes of chapter 9.94A RCW. The administrative office of the courts shall ensure
that the superior court judicial information system provides prosecutors access to information on the existence of sealed juvenile records.

(17)(a)(ii) Subject to subsection (23) of this section, all records maintained by any court or law enforcement agency, including the juvenile court, local law enforcement, the Washington state patrol, and the prosecutor's office, shall be automatically destroyed within ninety days of becoming eligible for destruction. Juvenile records are eligible for destruction when:

(A) The person who is the subject of the information or complaint is at least eighteen years of age;

(B) His or her criminal history consists entirely of one diversion agreement or counsel and release entered on or after June 12, 2008;

(C) Two years have elapsed since completion of the agreement or counsel and release;

(D) No proceeding is pending against the person seeking the conviction of a criminal offense; and

(E) There is no restitution owing in the case.

(ii) No less than quarterly, the administrative office of the courts shall provide a report to the juvenile courts of those individuals whose records may be eligible for destruction. The juvenile court shall verify eligibility and notify the Washington state patrol and the appropriate local law enforcement agency and prosecutor's office of the records to be destroyed. The requirement to destroy records under this subsection is not dependent on a court hearing or the issuance of a court order to destroy records.

(ii) The state and local governments and their officers and employees are not liable for civil damages for the failure to destroy records pursuant to this section.

(b) A person eighteen years of age or older whose criminal history consists entirely of one diversion agreement or counsel and release entered prior to June 12, 2008, may request that the court order the records in his or her case destroyed. The request shall be granted, subject to subsection (23) of this section, if the court finds that two years have elapsed since completion of the agreement or counsel and release.

(c) A person twenty-three years of age or older whose criminal history consists of only referrals for diversion may request that the court order the records in those cases destroyed. The request shall be granted, subject to subsection (23) of this section, if the court finds that all diversion agreements have been successfully completed and no proceeding is pending against the person seeking the conviction of a criminal offense.

(18) If the court grants the motion to destroy records made pursuant to subsection (17)(b) or (c) of this section, it shall, subject to subsection (23) of this section, order the official juvenile court file, the social file, and any other records named in the order to be destroyed.

(19) The person making the motion pursuant to subsection (17)(b) or (c) of this section shall give reasonable notice of the motion to the prosecuting attorney and to any agency whose records are sought to be destroyed.

(20) Any juvenile to whom the provisions of this section may apply shall be given written notice of his or her rights under this section at the time of his or her disposition hearing or during the diversion process.

(21) Nothing in this section may be construed to prevent a crime victim or a member of the victim's family from divulging the identity of the alleged or proven juvenile offender or his or her family when necessary in a civil proceeding.

(22) Any juvenile justice or care agency may, subject to the limitations in subsection (23) of this section and (a) and (b) of this subsection, develop procedures for the routine destruction of records relating to juvenile offenses and diversions.
(4) Each juvenile justice or care agency shall implement procedures consistent with the provisions of this chapter to facilitate inquiries concerning records.

(5) Any person who has reasonable cause to believe information concerning that person is included in the records of a juvenile justice or care agency and who has been denied access to those records by the agency may make a motion to the court for an order authorizing that person to inspect the juvenile justice or care agency record concerning that person. The court shall grant the motion to examine records unless it finds that in the interests of justice or in the best interests of the juvenile the records or parts of them should remain confidential.

(6) A juvenile, or his or her parents, or any person who has reasonable cause to believe information concerning that person is included in the records of a juvenile justice or care agency may make a motion to the court challenging the accuracy of any information concerning the moving party in the record or challenging the continued possession of the record by the agency. If the court grants the motion, it shall order the record or information to be corrected or destroyed.

(7) The person making a motion under subsection (5) or (6) of this section shall give reasonable notice of the motion to all parties to the original action and to any agency whose records will be affected by the motion.

(8) The court may permit inspection of records by, or release of information to, any clinic, hospital, or agency which has the subject person under care or treatment. The court may also permit inspection by or release to individuals or agencies, including juvenile justice advisory committees of county law and justice councils, engaged in legitimate research for educational, scientific, or public purposes. (The court may also permit inspection of or release of information from records which have been sealed pursuant to RCW 13.50.050(12)). The court shall release to the sentencing guidelines commission records needed for its research and data-gathering functions under RCW 9.94A.850 and other statutes. Access to records or information for research purposes shall be permitted only if the anonymity of all persons mentioned in the records or information will be preserved. Each person granted permission to inspect juvenile justice or care agency records for research purposes shall present a notarized statement to the court stating that the names of juveniles and parents will remain confidential.

(9) Juvenile detention facilities shall release records to the sentencing guidelines commission under RCW 9.94A.850 upon request. The commission shall not disclose the names of any juveniles or parents mentioned in the records without the named individual's written permission.

(10) Requirements in this chapter relating to the court's authority to compel disclosure shall not apply to the legislative children's oversight committee or the office of the family and children's ombudsman.

(11) For the purpose of research only, the administrative office of the courts shall maintain an electronic research copy of all records in the judicial information system related to juveniles. Access to the research copy is restricted to the Washington state center for court research. The Washington state center for court research shall maintain the confidentiality of all confidential records and shall preserve the anonymity of all persons identified in the research copy. The research copy may not be subject to any records retention schedule and must include records destroyed or removed from the judicial information system pursuant to RCW 13.50.050 (17) and (18) and 13.50.100(3).

(12) The court shall release to the Washington state office of public defense records needed to implement the agency's oversight, technical assistance, and other functions as required by RCW 2.70.020. Access to the records used as a basis for oversight, technical assistance, or other agency functions is restricted to the Washington state office of public defense. The Washington state office of public defense shall maintain the confidentiality of all confidential information included in the records.

Sec. 4.  RCW 13.04.011 and 1997 c 338 s 6 are each amended to read as follows:

For purposes of this title:

(1) "Adjudication" has the same meaning as "conviction" in RCW 9.94A.030, ((and the terms must be construed identically and used interchangeably)) but only for the purposes of sentencing under chapter 9.94A RCW;

(2) Except as specifically provided in RCW 13.40.020 and chapter 13.24 RCW, "juvenile," "youth," and "child" mean any individual who is under the chronological age of eighteen years;

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6604 with the following amendment(s): 6604-S.E AMH ENGR H5401.E

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28A.655.061 and 2009 c 524 s 5 are each amended to read as follows:

(1) The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and if approved by the legislature pursuant to subsection (10) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standards in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045 or 28A.655.0611, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning shall earn a certificate of academic achievement. If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has taken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

(4) Beginning no later than with the graduating class of 2013, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement. The state board of education may adopt a rule that implements the requirements of this subsection (4) beginning with a graduating class before the graduating class of 2013, if the state board of education adopts the rule by September 1st of the freshman school year of the graduating class to which the requirements of this subsection (4) apply. The state board of education's authority under this subsection (4) does not alter the requirement that any change in performance standards for the tenth grade assessment must comply with RCW 28A.305.130.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) School districts must make available to students the following options:

(a) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(8) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(9) Opportunities to retake the assessment at least twice a year shall be available to each school district.

(10) (a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process for students' scores, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b)(i) A student's score on the mathematics, reading or English, or writing portion of the SAT or the ACT may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the relevant portion of the SAT or ACT to meet or exceed the state standard in the relevant content area on the Washington assessment of student learning. The state board of education shall identify the first scores by December 1, 2007. After the first scores are established, the state board may increase but not decrease the scores required for students to meet or exceed the state standards.

(ii) Until August 31, 2008, a student's score on the mathematics portion of the PSAT may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standard for the certificate of academic achievement. The state board of education shall identify the score students must achieve on the mathematics portion of the PSAT to meet or exceed the state standard in that content area on the Washington assessment of student learning.
(iii) A student who scores at least a three on the grading scale of one to five for selected AP examinations may use the score as an objective alternative assessment under this section for demonstrating that a student has met or exceeded state standards for the certificate of academic achievement. A score of three on the AP examinations in calculus or statistics may be used as an alternative assessment for the mathematics portion of the Washington assessment of student learning. A score of three on the AP examinations in English language and composition may be used as an alternative assessment for the writing portion of the Washington assessment of student learning. A score of three on the AP examinations in English literature and composition, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics may be used as an alternative assessment for the reading portion of the Washington assessment of student learning.

(11) By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations.

(12) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for and notify students and their parents or legal guardians as provided in this subsection (((iii))).

(((iii))) Student learning plans are required for eighth ((through twelfth)) grade students who were not successful on any or all of the content areas of the ((Washington)) state assessment ((for student learning)) during the previous school year or who may not be on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually. To the extent feasible, schools serving English language learner students and their parents shall translate the plan into the primary language of the family. The plan shall include the following information as applicable:

1. The student's results on the ((Washington)) state assessment (of student learning);
2. If the student is in the transitional bilingual program, the score on his or her Washington language proficiency test II;
3. Any credit deficiencies;
4. The student's progress toward meeting state and local graduation requirements;
5. The courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation;
6. Remediation strategies and alternative education options available to students, including informing students of the option to continue to receive instructional services after grade twelve or until the age of twenty-one;
7. The alternative assessment options available to students under this section and RCW 28A.655.065;
8. School district programs, high school courses, and career and technical education options available for students to meet graduation requirements; and
9. Available programs offered through skill centers or community and technical colleges, including the college high school diploma options under RCW 28B.50.535.

All fifth grade students who were not successful in one or more of the content areas of the fourth grade Washington assessment of student learning shall have a student learning plan.

Sec. 2. RCW 28A.225.015 and 1999 c 319 s 6 are each amended to read as follows:

1. If a parent enrolls a child who is six or seven years of age in a public school, the child is required to attend and that parent has the responsibility to ensure the child attends for the full time that school is in session. An exception shall be made to this requirement for children whose parents formally remove them from enrollment if the child is less than eight years old and a petition has not been filed against the parent under subsection (3) of this section. The requirement to attend school under this subsection does not apply to a child enrolled in a public school part-time for the purpose of receiving ancillary services. A child required to attend school under this subsection may be temporarily excused upon the request of his or her parent for purposes agreed upon by the school district and parent.

2. If a six or seven year-old child is required to attend public school under subsection (1) of this section and that child has unexcused absences, the public school in which the child is enrolled ((shall)) may:

(c) Take steps to eliminate or reduce the child's absences. These steps ((shall)) may include, where appropriate, adjusting the child's school program or school or course assignment, providing more individualized or remedial instruction, offering assistance in enrolling the child in available alternative schools or programs, or assisting the parent or child to obtain supplementary services that may help eliminate or ameliorate the cause or causes for the absence from school.

3. If a child required to attend public school under subsection (1) of this section has seven unexcused absences in a month or ten unexcused absences in a school year, the school district ((shall)) may file a petition for civil action as provided in RCW 28A.225.035 against the parent of the child.

4. This section does not require a six or seven year old child to enroll in a public or private school or to receive home-based instruction. This section only applies to six or seven year old children whose parents enroll them full time in public school and do not formally remove them from enrollment as provided in subsection (1) of this section.

Sec. 3. RCW 28A.225.020 and 2009 c 266 s 1 are each amended to read as follows:

If the custodial parent, parents, or guardian is not fluent in English, the preferred practice is to provide this information in a language in which the custodial parent, parents, or guardian is fluent; and

(b) Schedule a conference or conferences to be conducted by telephone or in person with the custodial parent, parents, or guardian and child at a time reasonably convenient for all persons included for the purpose of analyzing the causes of the child's absences after two unexcused absences within any month during the current school year. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the second unexcused absence, then the school district may schedule this conference on that day((unless)).

((4))) (2) The school may also take steps to eliminate or reduce the child's absences. These steps ((shall)) may include, where appropriate, adjusting the child's school program or school or course assignment, providing more individualized or remedial instruction, providing appropriate vocational courses or work experience, referring the child to a community truancy board, if available, requiring the child to attend an alternative school or program, or assisting the parent or child to obtain supplementary services that might eliminate or ameliorate the cause or causes for the absence from school. Juvenile courts may create a community truancy board or may use other entities that exist or are created, such as diversion units. However, a diversion unit or other existing entity must agree before it is used as a truancy board. Duties of a community truancy board shall include, but not be limited to, recommending methods for improving school attendance such as assisting the parent or the child to obtain supplementary services that might eliminate or ameliorate the causes for the absences or suggesting to the school district that the child enroll in another school, an alternative education program, an education center, a skill center, a dropout prevention program, or another public or private educational program.

MESSAGE FROM THE HOUSE

March 5, 2010

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 6759 with the following amendment(s): 6759-S AMH GOOD H594.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that a critical factor in the eventual successful outcome of a K-12 education is for students to begin school ready, both intellectually and socially, to learn. The legislature also finds that, due to a variety of factors, some young children need supplemental instruction in preschool to assure that they have the opportunity to participate meaningfully and reach the necessary levels of achievement in the regular program of basic education. The legislature further finds that children who participate in high quality preschool programs have improved educational and life outcomes and are more likely to graduate from high school and pursue higher education, experience successful employment opportunities, and have increased earnings. Therefore the legislature intends to create a program of early learning that, when fully implemented, shall be an entitlement program for eligible children.

The legislature also finds that the state early childhood education and assistance program was established to help children from low-income families be prepared for kindergarten, and that the program has been a successful model for achieving that goal. Therefore, the legislature intends that the first phase of implementing the entitlement program of early learning shall be accomplished by utilizing the program standards and eligibility criteria in the early childhood education and assistance program.

The legislature also finds that the state early childhood education and assistance program was established to help children from low-income families be prepared for kindergarten, and that the program has been a successful model for achieving that goal. Therefore, the legislature intends that the first phase of implementing the entitlement program of early learning shall be accomplished by utilizing the program standards and eligibility criteria in the early childhood education and assistance program.

The legislature also intends that the implementation of subsequent phases of the program established by the ready for school act of 2010 will be aligned with the implementation of the state's all-day kindergarten program in order to maximize the gains resulting from investments in the two programs.

NEW SECTION. Sec. 2. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Community-based early learning providers" includes for-profit and nonprofit licensed providers of child care and preschool programs.

(2) "Program" means the program of early learning established in section 3 of this act for eligible children who are three and four years of age.

NEW SECTION. Sec. 3. PROGRAM STANDARDS. (1) Beginning September 1, 2011, an early learning program to provide voluntary preschool opportunities for children three and four years of age shall be implemented according to the funding and implementation plan in section 5 of this act. The program must be a comprehensive program providing early childhood education and family support, options for parental involvement, and health information, screening, and referral services, as family need is determined. Participation in the program is voluntary. On a space available basis, the program may allow enrollment of children who are not otherwise eligible by assessing a fee.

(2) The first phase of the program shall be implemented by utilizing the program standards and eligibility criteria in the early childhood education and assistance program.

(3) Subsequent phases of the program including, but not limited to, program standards and eligibility criteria, shall be defined by the legislature after receiving the recommendations from the director required in section 8 of this act.

(d) Providing technical assistance to contracted providers.

NEW SECTION. Sec. 4. ELIGIBILITY. (1)(a) During the initial phase of implementation, the standards in RCW 43.215.405(3) used for eligibility determinations in the early childhood education and assistance program shall be used to determine eligibility for the program.

(b) During subsequent phases of implementation, eligibility determinations shall be based on factors adopted by the legislature after receiving recommendations required in subsection (2) of this section.

(2) The director shall develop recommendations for legislative approval regarding eligibility criteria for subsequent phases of implementation of the program.

(3) The director shall report the recommendations required under subsection (2) of this section to the appropriate committees of the legislature not later than December 1, 2010.

NEW SECTION. Sec. 5. FUNDING AND STATEWIDE IMPLEMENTATION. (1) Funding for the program of early learning established under this chapter must be appropriated to the department. Allocations must be made on the basis of eligible children enrolled with eligible providers.

(2) The program shall be implemented in phases, so that full implementation is achieved in the 2017-18 school year.

(3) For the initial phase of the early learning program in school years 2011-12 and 2012-13, the legislature shall appropriate funding to the department for implementation of the program in an amount not less than the 2009-2011 enacted budget for the early childhood education and assistance program. The appropriation shall be sufficient to fund an equivalent number of slots as funded in the 2009-2011 enacted budget.

(4) Beginning in the 2013-14 school year, additional funding for the program must be phased in beginning in school districts providing all-day kindergarten programs under RCW 28A.150.315.

(5) Funding shall continue to be phased in incrementally each year until full statewide implementation of the early learning program is achieved in the 2017-18 school year, at which time any eligible child shall be entitled to be enrolled in the program.

(6) The department and the office of financial management shall annually review the caseload forecasts for the program and, beginning December 1, 2012, and annually thereafter, report to the governor and the appropriate committees of the legislature with recommendations for phasing in additional funding necessary to achieve statewide implementation in the 2017-18 school year.

(7) School districts and approved community-based early learning providers may contract with the department to provide services under the program. The department shall collaborate with school districts, community-based providers, and educational service districts to promote an adequate supply of approved providers.

NEW SECTION. Sec. 6. A new section is added to chapter 28A.320 RCW to read as follows:

For the program of early learning established in section 3 of this act, school districts:

(1) Shall work cooperatively with program providers to coordinate the transition from preschool to kindergarten so that children and their families are well-prepared and supported; and

Conditional release may also include partial release for work, training, or educational purposes. Notice of the secretary's recommendation under this subsection must be provided to the person for whom the secretary has made the recommendation for release and to his or her attorney.

(3)(a) The court of the county which ordered the person's commitment, upon receipt of an application or recommendation for conditional release with the secretary's recommendation for conditional release terms and conditions, shall within thirty days schedule a hearing. The court may schedule a hearing on applications recommended for disapproval by the secretary.

(b) The prosecuting attorney shall represent the state at such hearings and shall have the right to have the patient examined by an expert or professional person of the prosecuting attorney's choice. If the committed person is indigent, and he or she so requests, the court shall appoint a qualified expert or professional person to examine the person on his or her behalf.

(c) The issue to be determined at such a hearing is whether or not the person may be released conditionally without substantial danger to other persons, or substantial likelihood of committing criminal acts jeopardizing public safety or security.

(d) The court, after the hearing, shall rule on the secretary's recommendations, and if it disapproves of conditional release, may do so only on the basis of substantial evidence. The court may modify the suggested terms and conditions on which the person is to be conditionally released. Pursuant to the determination of the court after hearing, the committed person shall thereupon be released on such conditions as the court determines to be necessary, or shall be remitted to the custody of the secretary. If the order of conditional release includes a requirement for the committed person to report to a community corrections officer, the order shall also specify that the conditionally released person shall be under the supervision of the secretary of corrections or such person as the secretary of corrections may designate and shall follow explicitly the instructions of the secretary of corrections including reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, and notifying the community corrections officer prior to making any change in the offender's address or employment. If the order of conditional release includes a requirement for the committed person to report to a community corrections officer, the community corrections officer shall notify the secretary or the secretary's designee, if the person is not in compliance with the court-ordered conditions of release.

(4) If the court determines that receiving regular or periodic medication or other medical treatment shall be a condition of the committed person's release, then the court shall require him or her to report to a physician or other medical or mental health practitioner for the medication or treatment. In addition to submitting any report required by RCW 10.77.160, the physician or other medical or mental health practitioner shall immediately upon the released person's failure to appear for the medication or treatment or upon a change in mental health condition that renders the patient a potential risk to the public report ((the failure)) to the court, to the prosecuting attorney of the county in which the released person was committed, to the secretary, and to the supervising community corrections officer.

Any person, whose application for conditional release has been denied, may reapply after a period of six months from the date of denial.

Sec. 4. RCW 10.77.160 and 1993 c 31 s 7 are each amended to read as follows:

When a conditionally released person is required by the terms of his or her conditional release to report to a physician, department of corrections community corrections officer, or medical or mental health practitioner on a regular or periodic basis, the physician, department of corrections community corrections officer, medical or mental health practitioner, or other such person shall monthly, for the first six months after release and semiannually thereafter, or as otherwise directed by the court, submit to the court, the secretary, the institution from which released, and to the supervising community corrections officer of the county in which the person was committed, a report stating whether the person is adhering to the terms and conditions of his or her conditional release, and detailing any arrests or criminal charges filed and any significant change in the person's mental health condition or other circumstances.
Sec. 5. RCW 10.77.190 and 1998 c 297 s 43 are each amended to read as follows:

(1) Any person submitting reports pursuant to RCW 10.77.160, the secretary, or the prosecuting attorney may petition the court to, or the court on its own motion may schedule an immediate hearing for the purpose of modifying the terms of conditional release if the petitioner or the court believes the released person is failing to adhere to the terms and conditions of his or her conditional release or is in need of additional care and treatment.

(2) If the prosecuting attorney, the secretary of social and health services, the secretary of corrections, or the court, after examining the report filed with them pursuant to RCW 10.77.160, or based on other information received by them, reasonably believes that a conditionally released person is failing to adhere to the terms and conditions of his or her conditional release the court or secretary of social and health services or the secretary of corrections may order that the conditionally released person be apprehended and taken into custody (until such time as a hearing can be scheduled to determine the facts and whether or not the person's conditional release should be revoked or modified). The court shall be notified of the apprehension before the close of the next judicial day (of the apprehension). The court shall schedule a hearing within thirty days to determine whether or not the person's conditional release should be modified or revoked. Both the prosecuting attorney and the conditionally released person shall have the right to request an immediate mental examination of the conditionally released person. If the conditionally released person is indigent, the court or secretary of social and health services or the secretary of corrections or their designees shall, upon request, assist him or her in obtaining a qualified expert or professional person to conduct the examination.

(3) If the hospital or facility designated to provide outpatient care determines that a conditionally released person presents a threat to public safety, the hospital or facility shall immediately notify the secretary of social and health services or the secretary of corrections or their designees. The secretary shall order that the conditionally released person be apprehended and taken into custody.

(4) The court, upon receiving notification of the apprehension, shall promptly schedule a hearing. The issue to be determined is whether the conditionally released person did or did not adhere to the terms and conditions of his or her release, or whether the person presents a threat to public safety. Pursuant to the determination of the court upon such hearing, the conditionally released person shall either continue to be conditionally released on the same or modified conditions or his or her conditional release shall be revoked and he or she shall be committed subject to release only in accordance with provisions of this chapter.

Sec. 6. RCW 10.77.200 and 2000 c 94 s 16 are each amended to read as follows:

(1) Upon application by the committed or conditionally released person, the secretary shall determine whether or not reasonable grounds exist for release. In making this determination, the secretary may consider the reports filed under RCW 10.77.060, 10.77.110, 10.77.140, and 10.77.160, and other reports and evaluations provided by professionals familiar with the case. If the secretary approves the release he or she shall then authorize the person to petition the court.

(2) In instances in which persons have not made application for release, but the secretary believes, after consideration of the reports filed under RCW 10.77.060, 10.77.110, 10.77.140, and 10.77.160, and other reports and evaluations provided by professionals familiar with the case, that reasonable grounds exist for release, the secretary may petition the court. If the secretary petitions the court for release under this subsection, notice of the petition must be provided to the person who is the subject of the petition and to his or her attorney.

(3) The petition shall be served upon the court and the prosecuting attorney. The court, upon receipt of the petition for release, shall within forty-five days order a hearing. Continuance of the hearing date shall only be allowed for good cause shown. The prosecuting attorney shall represent the state, and shall have the right to have the petitioner examined by an expert or professional person of the prosecuting attorney's choice. If the petitioner is indigent, and the person so requests, the court shall appoint a qualified expert or professional person to examine him or her. If the petitioner (is developmentally disabled) has a developmental disability, the examination shall be performed by a developmental disabilities professional. The hearing shall be before a jury if demanded by either the petitioner or the prosecuting attorney. The burden of proof shall be upon the petitioner to show by a preponderance of the evidence that the petitioner no longer presents, as a result of a mental disease or defect, a substantial danger to other persons, or a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

(4) For purposes of this section, a person affected by a mental disease or defect in a state of remission is considered to have a mental disease or defect requiring supervision when the disease may, with reasonable medical probability, occasionally become active and, when active, render the person a danger to others. Upon a finding that the petitioner has a mental disease or defect in a state of remission under this subsection, the court may deny release, or place or continue such a person on conditional release.

(5) Nothing contained in this chapter shall prohibit the patient from petitioning the court for release or conditional release from the institution in which he or she is committed. The issue to be determined on such proceeding is whether the petitioner, as a result of a mental disease or defect, is a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

(6) Nothing contained in this chapter shall prohibit the committed person from petitioning for release by writ of habeas corpus.

NEW SECTION. Sec. 7. A new section is added to chapter 10.77 RCW to read as follows:

(1) The department shall review the costs of the operation of each of the following boards and the rates of recidivism and treatment outcomes for the populations under their jurisdiction as follows:

(a) The Oregon psychiatric security review board's administration of cases involving: (i) Persons judged to be guilty except for insanity; (ii) persons who would have been guilty of a felony or misdemeanor that caused or risked physical injury to another except for insanity; and (iii) persons affected by mental illness and determined to be a substantial danger to others, or a substantial likelihood of committing criminal acts jeopardizing public safety or security; and

(b) The Virginia community services boards' administration of cases involving persons found not guilty by reason of insanity.

(2) The department shall report the results of its review to the appropriate committees of the legislature by December 15, 2010.

NEW SECTION. Sec. 8. A new section is added to chapter 10.77 RCW to read as follows:

For persons who have received court approval for conditional release, the secretary or the secretary's designee shall supervise the person's compliance with the court-ordered conditions of release. The level of supervision provided by the secretary shall correspond to the level of the person's public safety risk. In undertaking supervision of persons under this section, the secretary shall coordinate with any treatment providers designated pursuant to RCW 10.77.150(3), any department of corrections staff designated
pursuant to RCW 10.77.150(2), and local law enforcement, if appropriate. The secretary shall adopt rules to implement this section."

The rights to notice and to be heard apply only to persons with whom a child has been placed by the department ("before shelter care") or other supervising agency and who are providing care to the child at the time of the proceeding. This section shall not be construed to grant party status to any person solely on the basis of such notice and right to be heard.
(2) The department or other supervising agency and the court also shall consider, in any hearing under this chapter regarding a change in the child's placement, written information about the child submitted by persons who provided care to the child within twelve months preceding the hearing and other persons who have a significant relationship with the child.

(5) "Local government" means every unit of local government, both general purpose and special purpose, and includes, but is not limited to, counties, cities, towns, port districts, public utility districts, irrigation districts, metropolitan municipal corporations, conservation districts, and other political subdivisions, governmental subdivisions, municipal corporations, and quasimunicipal corporations.

NEW SECTION. Sec. 6. A new section is added to chapter 4.92 RCW to read as follows:

(1) The local government liability reimbursement account is created as a nonappropriated account in the custody of the state treasurer. Only the state director of risk management or the director's designee may authorize expenditures from the account. Expenditures from the account may be used only to reimburse local governments for judgments, settlements, and reasonable defense costs that are incurred by local governments as a result of this act.

(2) The state director of risk management may authorize expenditures from the local government liability reimbursement account when (a) the head or governing body of a local government certifies to the risk management division that a claim has been settled against a local government under this act; or (b) the clerk of the court has made and forwarded a certified copy of a final judgment in a court of competent jurisdiction and the director of risk management determines that the judgment was entered against a local government in a claim based on this act. Payment of a judgment shall be made to the clerk of the court for the benefit of the judgment creditors. Upon receipt of payment, the clerk shall satisfy the judgment against the local government.

Sec. 7. RCW 4.96.020 and 2009 c 433 s 1 are each amended to read as follows:

(1) The provisions of this section apply to claims for damages against all local governmental entities and their officers, employees, or volunteers, acting in such capacity, except that claims involving injuries from health care are governed solely by the procedures set forth in chapter 7.70 RCW and are exempt from this chapter.

(2) The governing body of each local governmental entity shall appoint an agent to receive any claim for damages made under this chapter. The identity of the agent and the address where he or she may be reached during the normal business hours of the local governmental entity are public records and shall be recorded with the auditor of the county in which the entity is located. All claims for damages against a local governmental entity, or against any local governmental entity's officers, employees, or volunteers, acting in such capacity, shall be presented to the agent within the applicable period of limitations within which an action must be commenced. A claim is deemed presented when the claim form is delivered in person or is received by the agent by regular mail, registered mail, or certified mail, with return receipt requested, to the agent or other person designated to accept delivery at the agent's office. The failure of a local governmental entity to comply with the requirements of this section precludes that local governmental entity from raising a defense under this chapter.

(3) For claims for damages presented after July 26, 2009, all claims for damages must be presented on the standard tort claim form that is maintained by the risk management division of the office of financial management, except as allowed under (c) of this
subsection. The standard tort claim form must be posted on the
office of financial management's web site.
(a) The standard tort claim form must, at a minimum, require the
following information:
(i) The claimant's name, date of birth, and contact information;
(ii) A description of the conduct and the circumstances that
brought about the injury or damage;
(iii) A description of the injury or damage;
(iv) A statement of the time and place that the injury or damage
occurred;
(v) A listing of the names of all persons involved and contact
information, if known;
(vi) A statement of the amount of damages claimed; and
(vii) A statement of the actual residence of the claimant at the
time of presenting the claim and at the time the claim arose.
(b) The standard tort claim form must be signed either:
(i) By the claimant, verifying the claim;
(ii) Pursuant to a written power of attorney, by the attorney in
fact for the claimant;
(iii) By an attorney admitted to practice in Washington state on
the claimant's behalf; or
(iv) By a court-approved guardian or guardian ad litem on
behalf of the claimant.
(c) Local governmental entities shall make available the
standard tort claim form described in this section with instructions
on how the form is to be presented and the name, address, and
business hours of the agent of the local governmental entity. If a
local governmental entity chooses to also make available its own
tort claim form in lieu of the standard tort claim form, the form:
(i) May require additional information beyond what is specified
under this section, but the local governmental entity may not deny a
claim because of the claimant's failure to provide that additional
information;
(ii) Must not require the claimant's social security number; and
(iii) Must include instructions on how the form is to be
presented and the name, address, and business hours of the agent of
the local governmental entity appointed to receive the claim.
(d) If any claim form provided by the local governmental entity
fails to require the information specified in this section, or
incorrectly lists the agent with whom the claim is to be filed, the
local governmental entity is deemed to have waived any defense
related to the failure to provide that specific information or to
present the claim to the proper designated agent.
(e) Presenting either the standard tort claim form or the local
government tort claim form satisfies the requirements of this
chapter.
(f) The amount of damages stated on the claim form is not
admissible at trial.
(4) No action subject to the claim filing requirements of this
section shall be commenced against any local governmental entity,
or against any local governmental entity's officers, employees, or
volunteers, acting in such capacity, for damages arising out of
tortious conduct until sixty calendar days have elapsed after the
claim has first been presented to the agent of the governing body
thereof. The applicable period of limitations within which an
action must be commenced shall be tolled during the sixty calendar
day period. For the purposes of the applicable period of limitations,
an action commenced within five court days after the sixty calendar
day period has elapsed is deemed to have been presented on the first
day after the sixty calendar day period elapsed.
(5) With respect to the content of claims under this section and
all procedural requirements in this section, this section must be
liberally construed so that substantial compliance will be deemed
satisfactory.
(6) When any claim for damages is filed against a local
governmental entity based on this act, within ten days of the filing
the local governmental entity must notify the state risk manager of
the claim.
Sec. 8. RCW 36.18.020 and 2009 c 572 s 4, 2009 c 479 s 21,

or any other order or judgment except a default order or default
judgment in an unlawful detainer action.
(b) Any party, except a defendant in a criminal case, filing the
first or initial document on an appeal from a court of limited
jurisdiction or any party on any civil appeal, shall pay, when the

filed by the county clerk of another county for the purposes of
collection of legal financial obligations.
(5) Until July 1, 2011, in addition to the fees required by this
section, clerks of superior courts shall collect the surcharges
required by this subsection, which shall be remitted to the state treasurer for deposit in the judicial stabilization trust account:

(a) On filing fees under subsection (2)(b) of this section, a surcharge of twenty dollars; and

(b) On all other filing fees required by this section except for filing fees in subsection (2)(d) and (h) of this section, a surcharge of thirty dollars.

Sec. 9. RCW 46.63.110 and 2009 c 479 s 39 are each amended to read as follows:

(1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is two hundred fifty dollars for each offense; (b) RCW 46.61.210(1) is five hundred dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter it is immediately payable. If the court determines, in its discretion, that a person is not able to pay a monetary obligation in full, and not more than one year has passed since the later of July 1, 2005, or the date the monetary obligation initially became due and payable, the court shall enter into a payment plan with the person, unless the person has previously been granted a payment plan with respect to the same monetary obligation, or unless the person is in noncompliance of any existing or prior payment plan, in which case the court may, at its discretion, implement a payment plan. If the court has notified the department that the person has failed to pay or comply and the person has subsequently entered into a payment plan and made an initial payment, the court shall notify the department that the infraction has been adjudicated, and the department shall rescind any suspension of the person's driver's license or driver's privilege based on failure to respond to that infraction. “Payment plan,” as used in this section, means a plan that requires reasonable payments based on the financial ability of the person to pay. The person may voluntarily pay an amount at any time in addition to the payments required under the payment plan.

(a) If a payment required to be made under the payment plan is delinquent or the person fails to complete a community restitution program on or before the time established under the payment plan, unless the court determines good cause therefor and adjusts the payment plan or the community restitution plan accordingly, the court shall notify the department of the person's failure to meet the conditions of the plan, and the department shall suspend the person's driver's license or driving privilege until all monetary obligations, including those imposed under subsections (3) and (4) of this section, have been paid, and court authorized community restitution has been completed, or until the department has been notified that the court has entered into a new time payment or community restitution agreement with the person.

(b) If a person has not entered into a payment plan with the court and has not paid the monetary obligation in full on or before the time established for payment, the court shall notify the department of the delinquency. The department shall suspend the person’s driver's license or driving privilege until all monetary obligations have been paid, including those imposed under subsections (3) and (4) of this section, or until the person has entered into a payment plan under this section.

(c) If the payment plan is to be administered by the court, the court may assess the person a reasonable administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee shall not exceed ten dollars per infraction or twenty-five dollars per payment plan, whichever is less.

(d) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan system. When outside entities are used for the administration of a payment plan, the court may assess the person a reasonable fee for such administrative services, which fee may be calculated on a periodic, percentage, or other basis.

(e) If a court authorized community restitution program for offenders is available in the jurisdiction, the court may allow conversion of all or part of the monetary obligations due under this section to court authorized community restitution in lieu of time payments if the person is unable to make reasonable time payments.

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed:

(a) A fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040;

(b) A fee of ten dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the Washington auto theft prevention authority account; and

(c) A fee of two dollars per infraction. Revenue from this fee shall be forwarded to the state treasurer for deposit in the Washington auto theft prevention authority account and

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than RCW 46.61.527 shall be assessed an additional penalty of twenty dollars. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a court authorized community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the court authorized community restitution program.

(b) Eight dollars and fifty cents of the additional penalty under (a) of this subsection shall be remitted to the state treasurer. The
remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited in the state general fund. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city current expense fund. Moneys retained by the city or county under this subsection shall constitute reimbursement for any liabilities under RCW 43.135.060.

(9) Until July 1, 2015, in addition to any other penalties imposed under this section, and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed an additional penalty of five dollars. Revenue from this penalty shall be remitted to the state treasurer for deposit in the local government liability reimbursement account created in section 6 of this act.

(10) If a legal proceeding, such as garnishment, has commenced to collect any delinquent amount owed by the person for any penalty imposed by the court under this section, the court may, at its discretion, enter into a payment plan.

The monetary penalty for violating RCW 46.37.395 is: (a) Two hundred fifty dollars for the first violation; (b) five hundred dollars for the second violation; and (c) seven hundred fifty dollars for each violation thereafter.

NEW SECTION. Sec. 10. This act applies to all causes of action that are based on deaths occurring on or after the effective date of this act.

NEW SECTION. Sec. 11. (2) On December 1, 2011, and every December 1st thereafter, each local government risk pool or local government risk management division, or the equivalent in local governments, shall report to the legislative body of the local government on the incidents covered by this act that involve the local government.

(3) This section expires December 2, 2016.

NEW SECTION. Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.”

BARTHA BAKER, Chief Clerk

MOTION

Senator Fairley moved that the Senate refuse to concur in the House amendment(s) to Second Engrossed Substitute Senate Bill No. 6508 and ask the House to recede therefrom.

POINT OF ORDER

Senator Brandland: “Mr. President, I rise to two points of order on Second Engrossed Substitute Senate Bill No. 6508. I believe that the House amendments to Second Engrossed Substitute Senate Bill No. 6508 are beyond the scope and object of the bill as it left the Senate in violation of Senate Rule 66 and I also believe the title of the bill is improper under Rule 25. I have some arguments to offer. It’s about three pages, I’d be happy to read them but, if you like, I’ll submit them if you like.”
Contributions to candidates subject to the limits in this section made with respect to a general election may not be made after the final day of the applicable election cycle.

(3) No person, other than a bona fide political party or a caucus political committee, may make contributions to a state official, county official, or public official in a special purpose district against whom recall charges have been filed, or to a political committee having the expectation of making expenditures in support of the recall of the state official, county official, city official, or public official in a special purpose district during a recall campaign that in the aggregate exceed ((seven)) eight hundred dollars if for a state legislative office, ((six)) county office, or city office, or one thousand ((four)) six hundred dollars if for a special purpose district office or a state office other than a state legislative office.

(4)(a) Notwithstanding subsection (2) of this section, no bona fide political party or caucus political committee may make contributions to a candidate during an election cycle that in the aggregate exceed (i) ((seven)) eighty cents multiplied by the number of eligible registered voters in the jurisdiction from which the candidate is elected if the contributor is a caucus political committee or the governing body of a state organization, or (ii) ((thirty-five)) forty cents multiplied by the number of registered voters in the jurisdiction from which the candidate is elected if the contributor is a county central committee or a legislative district committee.

(b) No candidate may accept contributions from a county central committee or a legislative district committee during an election cycle that when combined with contributions from other county central committees or legislative district committees would in the aggregate exceed ((thirty-five)) forty cents times the number of registered voters in the jurisdiction from which the candidate is elected.

(5)(a) Notwithstanding subsection (3) of this section, no bona fide political party or caucus political committee may make contributions to a state official, county official, city official, or a public official in a special purpose district against whom recall charges have been filed, or to a political committee having the expectation of making expenditures in support of the state official, county official, city official, or a public official in a special purpose district during a recall campaign that in the aggregate exceed (i) ((seven)) eighty cents multiplied by the number of eligible registered voters in the jurisdiction entitled to recall the state official if the contributor is a caucus political committee or the governing body of a state organization, or (ii) ((thirty-five)) forty cents multiplied by the number of registered voters in the jurisdiction from which the candidate is elected if the contributor is a county central committee or a legislative district committee.

(b) No official holding an office specified in subsection (1) of this section against whom recall charges have been filed, no authorized committee of the official, and no political committee having the expectation of making expenditures in support of the recall of the official may accept contributions from a county central committee or a legislative district committee during an election cycle that when combined with contributions from other county central committees or legislative district committees would in the aggregate exceed ((thirty-five)) forty cents multiplied by the number of registered voters in the jurisdiction from which the candidate is elected.

(6) For purposes of determining contribution limits under subsections (4) and (5) of this section, the number of eligible registered voters in a jurisdiction is the number at the time of the most recent general election in the jurisdiction.

(7) Notwithstanding subsections (2) through (5) of this section, no person other than an individual, bona fide political party, or caucus political committee may make contributions reportable under this chapter to a caucus political committee that in the aggregate exceed ((seven)) eight hundred dollars in a calendar year or to a bona fide political party that in the aggregate exceed ((three)) four thousand ((five hundred)) dollars in a calendar year. This subsection does not apply to loans made in the ordinary course of business.

(8) For the purposes of RCW 42.17.640 through 42.17.790, a contribution to the authorized political committee of a candidate or of an official specified in subsection (1) of this section against whom recall charges have been filed is considered to be a contribution to the candidate or official.

(9) A contribution received within the twelve-month period after a recall election concerning an office specified in subsection (1) of this section is considered to be a contribution during that recall campaign if the contribution is used to pay a debt or obligation incurred to influence the outcome of that recall campaign.

(10) The contributions allowed by subsection (3) of this section are in addition to those allowed by subsection (2) of this section, and the contributions allowed by subsection (5) of this section are in addition to those allowed by subsection (4) of this section.

(11) RCW 42.17.640 through 42.17.790 apply to a special election conducted to fill a vacancy in an office specified in subsection (1) of this section. However, the contributions made to a candidate or received by a candidate for a primary or special election conducted to fill such a vacancy shall not be counted toward any of the limitations that apply to the candidate or to contributions made to the candidate for any other primary or election.

(12) Notwithstanding the other subsections of this section, no corporation or business entity not doing business in Washington state, no labor union with fewer than ten members who reside in Washington state, and no political committee that has not received contributions of ten dollars or more from at least ten persons registered to vote in Washington state during the preceding one hundred eighty days may make contributions reportable under this chapter to a caucus political committee that in the aggregate exceed ((seven)) eight hundred dollars in a calendar year.

(13) Notwithstanding the other subsections of this section, no county central committee or legislative district committee may make contributions reportable under this chapter to a candidate specified in subsection (1) of this section, or an official specified in subsection (1) of this section against whom recall charges have been filed, or political committee having the expectation of making expenditures in support of the recall of an official specified in subsection (1) of this section if the county central committee or legislative district committee is outside of the jurisdiction entitled to elect the candidate or recall the official.

(14) No person may accept contributions that exceed the contribution limitations provided in this section.

(15) The following contributions are exempt from the contribution limits of this section:

(a) An expenditure or contribution earmarked for voter registration, for absentee ballot information, for precinct caucuses, for get-out-the-vote campaigns, for precinct judges or inspectors, for sample ballots, or for ballot counting, all without promotion of or political advertising for individual candidates; or

(b) An expenditure by a political committee for its own internal organization or fund raising without direct association with individual candidates.

MESSAGE FROM THE HOUSE

March 5, 2010

MR. PRESIDENT:
The House passed SENATE BILL NO. 6308 with the following amendment(s): 6308 AMH KIRB SILV 057

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that there have been ongoing, egregious examples of certain residents of the special commitment center having illegal child pornography, other prohibited pornography, and other banned materials on their computers. The legislature also finds that activities at the special commitment center must be designed and implemented to meet the treatment goals of the special commitment center, and proper and appropriate computer usage is one such activity. The legislature also finds that by linking computer usage to treatment plans, residents are less likely to have prohibited materials on their computers and are more likely to successfully complete their treatment plans. Therefore, the legislature finds that residents’ computer usage in compliance with conditions placed on computer usage is essential to achieving their therapeutic goals. If residents’ usage of computers is not in compliance or is not related to meeting their treatment goals, computer usage will be limited in order to prevent or reduce residents’ access to prohibited materials.

Sec. 2. RCW 71.09.080 and 2009 c 409 s 7 are each amended to read as follows:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.94A.030 and 2009 c 375 s 4 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed as part of a sentence under this chapter subject to controls placed on the offender's movement and activities by the department.

(6) "Community protection zone" means the area within eight hundred eighty feet of the facilities and grounds of a public or private school.

(10) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(11) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere.

(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's pardon.

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(12) "Criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name or common identifying sign or symbol, having as one of its primary activities the commission of criminal acts, and whose members or associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. (13) "Criminal street gang associate or member" means any person who actively participates in any criminal street gang and who intentionally promotes, further, or assists in any criminal act by the criminal street gang.

(14) "Criminal street gang-related offense" means any felony or misdemeanor offense, whether in this state or elsewhere, that is committed for the benefit of, at the direction of, or in association with any criminal street gang, or is committed with the intent to promote, further, or assist in any criminal conduct by the gang, or is committed for one or more of the following reasons:

(a) To gain admission, prestige, or promotion within the gang;

(b) To increase or maintain the gang's size, membership, prestige, dominance, or control in any geographical area;

(c) To exact revenge or retribution for the gang or any member of the gang;

(d) To obstruct justice, or intimidate or eliminate any witness against the gang or any member of the gang;

(e) To directly or indirectly cause any benefit, aggrandizement, gain, profit, or other advantage for the gang, its reputation, influence, or membership;

(18) "Determinate sentence" means a sentence that states with exactitude the number of actual years, months, or days of total confinement, of partial confinement, of community custody, the number of actual hours or days of community restitution work, or dollars or terms of a legal financial obligation. The fact that an offender through earned release can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(19) "Disposable earnings" means that part of the earnings of an offender remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial

MESSAGE FROM THE HOUSE

February 28, 2010

MR. PRESIDENT:
The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6582 with the following amendment(s): 6582-5E AMH ENGR H5361.E

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 18.88A.010 and 1991 c 16 s 1 are each amended to read as follows:

(1) The legislature takes special note of the contributions made by nursing assistants in health care facilities whose tasks are arduous and whose working conditions may be contributing to the high and often critical turnover among the principal cadre of health care workers who provide for the basic needs of patients. The legislature also recognizes the growing shortage of nurses as the proportion of the elderly population grows and as the acuity of patients in hospitals and nursing homes becomes generally more severe.

(2) The legislature finds and declares that:
   (a) Occupational nursing assistants should have a formal system of educational and experiential qualifications leading to career mobility and advancement. The establishment of such a system should bring about a more stabilized workforce in health care facilities, as well as provide a valuable resource for recruitment into licensed nursing practice.
   (b) The quality of patient care in health care facilities is dependent upon the competence of the personnel who staff their facilities. To assure the availability of trained personnel in health care facilities the legislature recognizes the need for training programs for nursing assistants.
   (c) Certified home care aides and medical assistants are a valuable potential source of nursing assistants who will be needed to meet the care needs of the state's growing aging population. To assure continued opportunity for recruitment into licensed nursing practice and career advancement for certified home care aides and medical assistants, nursing assistant training programs should recognize the relevant training and experience obtained by these credentialed professionals. By taking advantage of the authority granted under the federal social security act to certify nursing assistants through a state-approved competency evaluation program as a federally recognized alternative to the state-approved training and competency evaluation program, the legislature intends to increase the potential for recruitment into licensed nursing practice while maintaining a single standard for competency evaluation of certified nursing assistants.
   (d) The registration of nursing assistants and providing for voluntary certification of those who wish to seek higher levels of qualification is in the interest of the public health, safety, and welfare.

Sec. 2. RCW 18.88A.020 and 1994 sp.s. c 9 s 708 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of health.

(2) "Secretary" means the secretary of health.

(3) "Commission" means the Washington nursing care quality assurance commission.

(4) "Nursing assistant" means an individual, regardless of title, who, under the direction and supervision of a registered nurse or licensed practical nurse, assists in the delivery of nursing and nursing-related activities to patients in a health care facility. The two levels of nursing assistants are:
   (a) "Nursing assistant-certified," an individual certified under this chapter(g);
   (b) "Nursing assistant-registered," an individual registered under this chapter.

(5) "Approved training program" means a nursing assistant-certified training program approved by the commission to meet the requirements of a state-approved nurse aide training and competency evaluation program consistent with 42 U.S.C. Sec. 1395i-3(e) and (f) of the federal social security act. For community college, vocational-technical institutes, skill centers, and secondary school as defined in chapter 28B.50 RCW, nursing assistant-certified training programs shall be approved by the commission in cooperation with the board for community and technical colleges or the superintendent of public instruction.

(6) "Health care facility" means a nursing home, hospital, hospice care facility, home health care agency, hospice agency, or other entity for delivery of health care services as defined by the commission.

(7) "Competency evaluation" means the measurement of an individual's knowledge and skills as related to safe, competent performance as a nursing assistant.

(8) "Alternative training" means a nursing assistant-certified program meeting criteria adopted by the commission under section 3 of this act to meet the requirements of a state-approved nurse aide competency evaluation program consistent with 42 U.S.C. Sec. 1395i-3(e) and (f) of the federal social security act.

NEW SECTION. Sec. 3. A new section is added to chapter 18.88A RCW to read as follows:

(1) The commission shall adopt criteria for evaluating an applicant's alternative training to determine the applicant's eligibility to take the competency evaluation for nursing assistant certification. At least one option adopted by the commission must allow an applicant to take the competency evaluation if he or she:
   (i) Is a certified home care aide pursuant to chapter 18.88B RCW; or
   (ii) Is a certified medical assistant pursuant to a certification program accredited by a national medical assistant accreditation organization and approved by the commission; and
   (iii) Has successfully completed twenty-four hours of training that the commission determines is necessary to provide training equivalent to approved training on topics not addressed in the training specified for certification as a home care aide or medical assistant, as applicable. In the commission's discretion, a portion of these hours may include clinical training.

(2) (a) By July 1, 2011, the commission, in consultation with the secretary, the department of social and health services, and
consumer, employer, and worker representatives, shall adopt rules to implement this section and to provide, beginning January 1, 2012, for a program of credentialing reciprocity to the extent required by this section between home care aide and medical assistant certification and nursing assistant certification. By July 1, 2011, the secretary shall also adopt such rules as may be necessary to implement this section and the credentialing reciprocity program.

(b) Rules adopted under this section must be consistent with requirements under 42 U.S.C. Sec. 1395s-3(e) and (f) of the federal social security act relating to state-approved competency evaluation programs for certified nurse aides.

(3) Beginning December 1, 2012, the secretary, in consultation with the commission, shall report annually by December 1st to the governor and the appropriate committees of the legislature on the progress made in achieving career advancement for certified home care aides and medical assistants into nursing practice.

(b) A health care facility shall not assign a nursing assistant-registered to provide care until the nursing assistant-registered has demonstrated skills necessary to perform competently all assigned duties and responsibilities.

(c) Nothing in this chapter shall be construed to confer on a nursing assistant the authority to administer medication unless delegated as a specific nursing task pursuant to this chapter or to practice as a licensed (registered) nurse or licensed practical nurse as defined in chapter 18.79 RCW.

(2) (a) A nursing assistant employed in a nursing home must have successfully obtained certification through: (i) An approved training program and the competency evaluation within four months after the date of employment; or (ii) alternative training and the competency evaluation prior to employment.

(b) Certification is voluntary for nursing assistants working in health care facilities other than nursing homes unless otherwise required by state or federal law or regulation.

(3) The commission may adopt rules to implement the provisions of this chapter.

Sec. 5. RCW 18.88A.050 and 1991 c 16 s 6 are each amended to read as follows:

In addition to any other authority provided by law, the secretary has the authority to:

The appropriations in this section are subject to the following conditions and limitations:

(1) The department shall develop a plan for all current and future surplus property parcels based on the recommendations from the surplus property legislative work group that were presented to the senate transportation committee on February 26, 2009. The
plan must include, at a minimum, strategies for maximizing the number of parcels sold, a schedule that optimizes proceeds, a recommended cash discount, a plan to report to the joint transportation committee, a recommendation for regional incentives, and a recommendation for equivalent value exchanges. This plan must accompany the department's 2010 supplemental budget request. If the department determines that all or a portion of real property or an interest in real property that was acquired through condemnation within the previous ten years is no longer necessary for a transportation purpose, the former owner has a right of repurchase as described in this subsection. For the purposes of this subsection, "former owner" means the person or entity from whom the department acquired title. At least ninety days prior to the date on which the property is intended to be sold by the department, the department must mail notice of the planned sale to the former owner of the property at the former owner's last known address or to a forwarding address if that owner has provided the department with a forwarding address. If the former owner of the property's last known address, or forwarding address if a forwarding address has been provided, is no longer the former owner of the property's address, the right of repurchase is extinguished. If the former owner notifies the department within thirty days of the date of the notice that the former owner intends to repurchase the property, the department shall proceed with the sale of the property to the former owner for fair market value and shall not list the property for sale to other owners. If the former owner does not provide timely written notice to the department of the intent to exercise a repurchase right, or if the sale to the former owner is not completed within seven months of the date of notice that the former owner intends to repurchase the property, the right of repurchase is extinguished. By December 1, 2010, the department shall report to the legislative transportation committees on the individuals and entities eligible to receive surplus property provided in RCW 47.12.063 to determine the frequency with which the department transfers property to those individuals and entities and the implications to the department. It is the intent of the legislature that the list of individuals and entities eligible to receive surplus property be periodically evaluated to determine whether the list is appropriate and provides utility to the department.

The legislature recognizes that the Dryden pit site (WSDOT Inventory Control (IC) No. 2-04-00103) is unused state-owned real property under the jurisdiction of the department of transportation, and that the public would benefit significantly from the complete enjoyment of the natural scenic beauty and recreational opportunities available at the site. Therefore, pursuant to RCW 47.12.080, the legislature declares that transferring the property to the department of fish and wildlife for recreational use and fish and wildlife restoration efforts is consistent with the public interest in order to preserve the area for the use of the public and the betterment of the natural environment. The department of transportation shall (as soon as is practicable) work with the department of fish and wildlife, and shall transfer and convey the Dryden pit site to the department of fish and wildlife as is for (adequate consideration in the amount of no less than $600,000) an adjusted fair market value reflecting site conditions, the proceeds of which must be deposited in the motor vehicle fund. (By July 1, 2010) The department of transportation is not responsible for any costs associated with the cleanup or transfer of this property. By July 1, 2010, and annually thereafter until the entire Dryden pit property has been transferred, the department shall submit a status report regarding the transaction to the chairs of the legislative transportation committees.

$750,000 of the motor vehicle account–state appropriation is provided solely for the department's compliance with its national pollution discharge elimination system permit. The department's work may include the completion of system development, reporting, and planning to meet deadlines in the current biennium. The appropriation provided in this subsection is contingent on either the joint legislative audit and review committee or the joint transportation committee including the analysis identified in sections 108(4) and 204 of this act in its respective 2009-10 fiscal biennium work plan by April 15, 2010.

The department shall provide updated information on six project milestones for all active projects, funded in part or in whole with 2005 transportation partnership account funds or 2003 nickel account funds, on a quarterly basis in the transportation executive information system (TEIS). The department shall also provide updated information on six project milestones for projects, funded with preexisting funds and that are agreed to by the legislature, office of financial management, and the department, on a quarterly basis in TEIS.

(5) It is the intent of the legislature that the real estate services division of the department will recover the cost of its efforts from future sale proceeds. By January 31, 2011, the department must report to the office of financial management and the legislative transportation committees on the status of surplus property. The report must include: (a) The department's plan for continued disposal of surplus property; (b) a detail of changes from the previous report; and (c) a current list of surplus property by region that includes the acquisition date and price of the property, the status of the surplus property, and estimated value of the property. Except as provided otherwise in this subsection, by June 30, 2010, the department must finalize all pending equal value exchange activity for the construction or improvement of facilities, after which time the department may not pursue any other equal value exchanges for the construction or improvement of facilities. However, the northwest region may pursue an equal value exchange to replace the Mount Baker headquarters office. The exchange may include an exchange for the old Puget Sound energy site, the old Arco site, or any combination of the two.

(2) The department shall request an unanticipated receipt for any federal moneys received for emergency snow and ice removal and shall place an equal amount of the motor vehicle account—state into unallotted status. This exchange shall not affect the amount of funding available for snow and ice removal.

(3) The department shall request an unanticipated receipt for any private or local funds received for reimbursements of third party damages that are in excess of the motor vehicle account—private/local appropriation.

(4) ((($2,000,000,000))) $7,000,000 of the motor vehicle account—federal appropriation is for unanticipated federal funds that may be received during the 2009-11 fiscal biennium. Sec. 218. 2009 c 470 s 218 (uncodified) is amended to read as follows: FOR THE DEPARTMENT OF TRANSPORTATION—TRAFFIC OPERATIONS—PROGRAM Q—OPERATING

Motor Vehicle Account—State Appropriation...........((($31,526,000))) $31,128,000

Motor Vehicle Account—Federal Appropriation……...$2,050,000

Motor Vehicle Account—Private/Local Appropriation...$127,000

TOTAL APPROPRIATION----------((($33,703,000))) $33,350,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $2,400,000 of the motor vehicle account—state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. The department shall prioritize low-cost enhancement projects on a statewide rather than regional basis. By September 1st of each even-numbered year, the department shall provide a report to the legislature listing all low-cost enhancement projects prioritized on a statewide rather than regional basis completed in the prior year.

(2) The department, in consultation with the Washington state patrol, may continue a pilot program for the state patrol to issue infractions based on information from automated traffic safety cameras in roadway construction zones on state highways. The purpose of this pilot program, during the 2009-11 fiscal biennium, a roadway construction zone includes areas where public employees or private contractors are not present but where a driving condition exists that would make it unsafe to drive at higher speeds, such as, when the department is redirecting or realigning lanes on any public roadway pursuant to ongoing construction. The department shall use the following guidelines to administer the program:

(a) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;

(b) The department shall plainly mark the locations where the automated traffic safety cameras are used by placing signs on locations that clearly indicate to a driver that he or she is entering a roadway construction zone where traffic laws are enforced by an automated traffic safety camera;

(c) Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;

(d) The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the patrol, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;

(e) For purposes of the 2009-11 fiscal biennium pilot program, infractions detected through the use of automated traffic safety
cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras must be processed in the same manner as parking infractions for the purposes of RCW 3.50.100, 35.20.220, 46.16.216, and 46.20.270(3). However, the amount of the fine issued under this subsection (2) for an infraction generated through the use of an automated traffic safety camera is one hundred thirty-seven dollars. The court shall remit thirty-two dollars of the fine to the state treasurer for deposit into the state patrol highway account; and

(f) If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction must be dismissed against the business if it mails to the patrol, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the patrol within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be included with each automated traffic infraction notice issued, along with instructions for its completion and use.

(3) The department shall implement a pilot project to evaluate the benefits of using electronic traffic flagging devices. Electronic traffic flagging devices must be tested by the department at multiple sites and reviewed for efficiency and safety. The department shall report to the transportation committees of the legislature on the best use and practices involving electronic traffic flagging devices, including recommendations for future use, by June 30, 2010.

The department may provide incentive payments to towing companies that meet clearance goals on accidents that involve heavy trucks. The department shall report to the office of financial management and the transportation committees of the legislature on the effectiveness of the clearance goals and submit recommendations to improve the pilot program with the department's 2010 supplemental omnibus transportation appropriations act submittal. The tow truck incentive program may continue to provide incentives for quick clearance of traffic incidents involving large vehicles. The department shall make recommendations as part of its biennial budget proposal for expanding the use of the incentive program.

(5) $92,000 of the motor vehicle account--state appropriation is provided solely for operating a new active traffic management system on Interstate 5, Interstate 90, and SR 520. The department shall track the costs associated with these systems on a corridor basis and report to the legislative transportation committees on the cost and benefits of the system.

(6) To the extent practicable, the department shall synchronize traffic lights on state route number 161 in the vicinity of Puyallup.

(7) During the 2009-11 biennium, the department shall implement a pilot program that expands private transportation providers' access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle:

(a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles. For purposes of this subsection, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees. By June 30, 2011, the department shall report to the transportation committees of the legislature on whether private transportation provider use of high occupancy vehicle lanes under the pilot program reduces the speeds of high occupancy vehicle lanes. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure.

TransNow shall contribute additional federal funds that are not appropriated in this act. The department shall work with the freight mobility strategic investment board to implement this database.

(4) $2,000,000 of the motor vehicle account–state appropriation is provided solely for scoping unfunded state highway projects to ensure that a well-vetted project list is available for future program funding discussions.

(a) It is the intent of the legislature that the funding provided in this subsection support the development of transportation solutions that benefit all state residents, including addressing the impacts of traffic diversion from tolled facilities. It is further the intent of the legislature that the buying power of future revenue packages is maximized.

(b) Scoping work must be consistent with achieving transportation system policy goals as stated in RCW 47.04.280.

(c) The department shall provide cost-effective design solutions that achieve the desired functional outcomes. This may be achieved by providing one or more design alternatives for legislative consideration, based on a reasonable range of assumptions about traffic volume and speeds.

(d) Prior to the commencement of the 2011 legislative session, the department shall provide a report to the legislative transportation committees and the office of financial management that includes estimated costs and construction time frames.

(5) $150,000 of the motor vehicle account–state appropriation is provided solely for a corridor study of state route number 516 from the eastern border of Maple Valley to state route number 167 to determine whether improvements are needed and the costs of any needed improvements.

(6) $500,000 of the multimodal transportation account–federal appropriation is provided solely for continued support of the International Mobility and Trade Corridor project and for the department to work with the Whatcom council of governments to examine potential improvements to international border freight and passenger rail movement and the use of diesel multiple units.

(7) $80,000 of the motor vehicle account–state appropriation is provided solely to continue existing work regarding feasibility of a new interchange between Rochester and Harrison Avenue on Interstate 5.

$1,025,000

TOTAL APPROPRIATION………………((($124,081,000)))

$134,539,000

The appropriations in this section are subject to the following conditions and limitations:

(1) $25,000,000 of the multimodal transportation account–state appropriation is provided solely for a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation.

(a) $5,500,000 of the amount provided in this subsection is distributed to those transit agencies that are located in Pierce county. As part of its consideration, the department shall amend the scope, schedule, and budget of the current study process to accommodate the market analysis.

(b) $19,500,000 of the amount provided in this subsection is provided solely for grants to nonprofit providers of special needs transportation. Grants for nonprofit providers shall be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided.

(2) Funds are provided for the rural mobility grant program as follows:

(a) $8,500,000 of the multimodal transportation account–state appropriation is provided solely for grants to nonprofit providers of rural mobility service in areas not served or underserved by transit agencies through a competitive grant process.

(b) $8,500,000 of the multimodal transportation account–state appropriation is provided solely for grants to rural mobility service in areas not served or underserved by transit agencies through a competitive grant process.

(3) $7,000,000 of the multimodal transportation account–state appropriation is provided solely for a vanpool grant program for:

(a) Public transit agencies to add vanpools or replace vans; and (b) incentives for employers to increase employee vanpool use. The grant program for public transit agencies will cover capital costs only; operating costs for public transit agencies are not eligible for...
funding under this grant program. Additional employees may not be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. The department shall encourage grant applicants and recipients to leverage funds other than state funds. At least $1,600,000 of this amount must be used for vanpool grants in congested corridors.

(4) $400,000 of the multimodal transportation account--state appropriation is provided solely for a grant for a flexible carpooling pilot project program to be administered and monitored by the department. Funds are appropriated for one time only. The pilot project program must: Test and implement at least one flexible carpooling system in a high-volume commuter area that enables carpooling without prearrangement; utilize technologies that, among other things, allow for transfer of ride credits between participants; and be a membership system that involves prescreening to ensure safety of the participants. The program must include a pilot project that targets commuter traffic on the state route number 520 bridge. The department shall submit to the legislature by December 2010 a report on the program results and any recommendations for additional flexible carpooling programs.

(5) $3,318,000 of the multimodal transportation account--state appropriation and $21,248,000 of the regional mobility grant program account--state appropriation are reappropriated and provided solely for the regional mobility grant projects identified on the LEAP Transportation Document 2007-B, as developed April 20, 2007, or the LEAP Transportation Document 2006-D, as developed March 8, 2006. The department shall continue to review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. The department shall promptly close out grants when projects have been completed, and any remaining funds available to the office of transit mobility must be used only to fund projects on the LEAP Transportation Document 2006-D, as developed March 8, 2006; the LEAP Transportation Document 2007-B, as developed April 20, 2007; or the LEAP Transportation Document 2009-B, as developed April 24, 2009. It is the intent of the legislature to appropriate funds through the regional mobility grant program for projects that will be completed on schedule. However, the Chuckanut park and ride project (101100G) is recognized as a crucial investment in the transportation system. For this reason, the department shall not close out the grant for the Chuckanut park and ride project until Skagit transit has exhausted all other pending opportunities for federal and local funds. If additional funds cannot be secured, the department shall consider this project a priority in the 2011-13 grant process. The department shall make every effort to advance the Chuckanut park and ride project within existing resources.

(6) $33,429,000 of the regional mobility grant program account--state appropriation is provided solely for the regional mobility grant projects identified in LEAP Transportation Document 2009-B, as developed April 24, 2009. The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and any remaining funds available to the office of transit mobility must be used only to fund projects identified in LEAP Transportation Document 2009-B, as developed April 24, 2009. The department shall provide annual status reports on December 15, 2009, and December 15, 2010, to the office of financial management and the transportation committees of the legislature regarding the projects receiving the grants. It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule.

(7) $10,596,768 of the regional mobility grant program account--state appropriation must be obligated no later than December 31, 2010, and is provided solely for the following recommended contingency regional mobility grant projects identified in the 2009-11 omnibus transportation appropriations act, LEAP Transportation Document 2009-B, as developed April 24, 2009, as follows:

(a) $4,000,000 is provided solely for the Rainier/Jackson transit priority corridor improvements;
(b) $2,100,000 is provided solely for the state route number 522 west city limits to Northeast 180th stage 2A (91st Ave NE to west of 96th Ave NE) project; and
(c) $4,496,768 is provided solely for the sound transit express bus expansion - Snohomish to King county project.

(8) $300,000 of the multimodal transportation account--state appropriation is provided solely for a transportation demand management program, developed by the Whatcom council of governments, to further reduce drive-alone trips and maximize the use of sustainable transportation choices. The community-based program must focus on all trips, not only commute trips, by providing education, assistance, and incentives to four target audiences: (a) Large work sites; (b) employees of businesses in downtown areas; (c) school children; and (d) residents of Bellingham.

(9) $130,000 of the multimodal transportation account--state appropriation is provided solely to the department to distribute to support Engrossed Substitute House Bill No. 2072 (special needs transportation).

(a) $80,000 of the amount provided in this subsection is provided solely for implementation of the work group related to federal requirements in section 1, chapter . . . (Engrossed Substitute House Bill No. 2072), Laws of 2009.

(b) $50,000 of the amount provided in this subsection is provided solely to support the pilot project to be developed or implemented by the local coordinating coalition comprised of a single county, described in sections 9, 10, and 11, chapter . . . (Engrossed Substitute House Bill No. 2072), Laws of 2009. The department shall assist the local coordinating coalition to seek funding sufficient to fully fund the pilot project from a variety of sources including, but not limited to, the regional transit authority serving the county, the regional transportation planning organization serving the county, and other appropriate state and federal agencies and grants. Development or implementation of the pilot project is contingent on securing funding sufficient to fully fund the pilot project.

(c) If Engrossed Substitute House Bill No. 2072 is not enacted by June 30, 2009, the amount provided in this subsection (((b))) (9) lapses. If Engrossed Substitute House Bill No. 2072 is enacted by June 30, 2009, but a commitment from other sources to fully fund the pilot project described in (b) of this subsection has not been obtained by September 30, 2009, the amount provided in (b) of this subsection lapses.

(((b))) (10) Funds provided for the commute trip reduction program may also be used for the growth and transportation efficiency center program.

(((c))) (11) An affected urban growth area that has not previously implemented a commute trip reduction program is exempt from the requirements in RCW 70.94.527 if a solution to address the state highway deficiency that exceeds the person hours of delay threshold has been funded and is in progress during the 2009-11 fiscal biennium.
(12) During the 2009-11 biennium, the department shall implement a pilot project that expands opportunities for private transportation providers’ use of high occupancy vehicle lanes, transit-only lanes, and certain park and ride facilities. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure. The pilot project must establish that to receive grant funding from a program administered by the public transportation office of the department during the 2009-11 biennium, the local jurisdiction in which the applicant is located must be able to show that it has in place an application process for the reasonable use by private transportation providers of high occupancy vehicle lanes, transit-only lanes, and certain park and ride facilities that are regulated by the local jurisdiction. If a private transportation provider clearly demonstrates that the local jurisdiction failed to consider an application in good faith, the department may not award the jurisdiction any grant funding. Reasonable use exists if the private transportation provider has applied for the use of: (a) High occupancy vehicle or transit-only lanes, and such use will not interfere with the safety of public transportation operations and not reduce the speed of the lanes more than five percent during peak hours; and (b) a park and ride lot (i) during peak hours at a lot that is below ninety percent capacity during peak hours or (ii) during off-peak hours only. A transit agency may require that a private transportation provider enter into an agreement for use of the park and ride lot, and may include provisions to recover actual costs for the use of the lot and its related facilities. For purposes of this subsection: A “private transportation provider” means an auto transportation company regulated under chapter 81.68 RCW; a passenger charter carrier regulated under chapter 81.70 RCW; a private employer transportation service provider; and “private employer transportation service” means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees.

Sec. 222. 2009 c 470 s 223 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION--MARINE--PROGRAM X Puget Sound Ferry Operations Account--State Appropriation……………………………………..($400,592,000) $425,922,000

The appropriation in this section is subject to the following conditions and limitations:

(1) ($53,110,560) $78,754,952 of the Puget Sound ferry operations account--state appropriation is provided solely for auto ferry vessel operating fuel in the 2009-11 fiscal biennium. This appropriation is contingent upon the enactment of sections 716 and 701 of this act. All fuel purchased by the Washington state ferries at Harbor Island truck terminal for the operation of the Washington state ferries diesel powered vessels must be a minimum of five percent biodiesel blend so long as the per gallon price of diesel containing a five percent biodiesel blend level does not exceed the per gallon price of diesel by more than five percent.

(2) To protect the waters of Puget Sound, the department shall investigate nontoxic alternatives to fuel additives and other commercial products that are used to operate, maintain, and preserve vessels.

(3) If, after the department's review of fares and pricing policies, the department proposes a fuel surcharge, the department must evaluate other cost savings and fuel price stabilization strategies that would be implemented before the imposition of a fuel surcharge. The department shall report to the legislature and transportation commission on its progress of implementing new fuel forecasting and budgeting practices, price hedging contracts for fuel purchases, and fuel conservation strategies by November 30, 2010.

(4) The department shall strive to significantly reduce the number of injuries suffered by Washington state ferries employees. By December 15, 2009, the department shall submit to the office of financial management and the transportation committees of the legislature its implementation plan to reduce such injuries.

(5) The department shall continue to provide service to Sidney, British Columbia. The department may place a Sidney terminal departure surcharge on fares for out of state residents riding the Washington state ferry route that runs between Anacortes, Washington and Sidney, British Columbia, if the cost for landing/license fee, taxes, and additional amounts charged for docking are in excess of $280,000 CDN. The surcharge must be limited to recovering amounts above $280,000 CDN.

(6) The department shall analyze operational solutions to enhance service on the Bremerton to Seattle ferry run. The Washington state ferries shall report its analysis to the transportation committees of the legislature by December 1, 2009.

(7) The office of financial management budget instructions require agencies to recast enacted budgets into activities. The Washington state ferries shall include a greater level of detail in its 2011-13 omnibus transportation appropriations act request, as determined jointly by the office of financial management, the Washington state ferries, and the legislative transportation committees.

(8) ($3,000,000) $4,794,000 of the Puget Sound ferry operations account--state appropriation is provided solely for commercial insurance for ferry assets. The office of financial management, after consultation with the transportation committees of the legislature, must present a business plan for the Washington state ferry system's insurance coverage to the 2010 legislature. The business plan must include a cost-benefit analysis of Washington state ferries' current commercial insurance purchased for ferry assets and a review of self-insurance for noncatastrophic events.

(9) $1,100,000 of the Puget Sound ferry operations account--state appropriation is provided solely for a marketing program. The department shall present a marketing program proposal to the transportation committees of the legislature during the 2010 legislative session before implementing this program. Of this amount, $10,000 is for the city of Port Townsend and $10,000 is for the town of Coupeville for mitigation expenses related to only one vessel operating on the Port Townsend/Keystone ferry route. The moneys provided to the city of Port Townsend and town of Coupeville are not contingent upon the required marketing proposal.

(10) $350,000 of the Puget Sound ferry operations account--state appropriation is provided solely for two extra trips per day during the summer of 2009 season, beyond the current schedule, on the Port Townsend/Keystone route.

(11) When purchasing uniforms that are required by collective bargaining agreements, the department shall contract with the lowest cost provider.

(12) The legislature finds that measuring the performance of Washington state ferries requires the measurement of quality, timeliness, and unit cost of services delivered to customers. Consequently, the department must develop a set of metrics that measure that performance and report to the transportation committees of the legislature and to the office of financial management on the development of these measurements along with recommendations to the 2010 legislature on which measurements must become a part of the next omnibus transportation appropriations act.
(13) As a priority task, the department is directed to propose a comprehensive incident and accident investigation policy and appropriate procedures, and to provide the proposal to the legislature by November 1, 2009, using existing resources and staff expertise. In addition to consulting with ferry system unions and the United States coast guard, the Washington state ferries is encouraged to solicit independent outside expertise on incident and accident investigation best practices as they may be found in other organizations with a similar concern for marine safety. It is the intent of the legislature to enact the policies into law and to publish that law and procedures as a manual for Washington state ferries' accident/incident investigations. Until that time, the Washington state ferry system must exercise particular diligence to assure that any incident or accident investigations are conducted within the spirit of the guidelines of this act. The proposed policy must contain, at a minimum:

(a) The definition of an incident and an accident and the type of investigation that is required by both types of events;
(b) The process for appointing an investigating officer or officers and a description of the authorities and responsibilities of the investigating officer or officers. The investigating officer or officers must:

(i) Have the appropriate training and experience as determined by the policy;
(ii) Not have been involved in the incident or accident so as to avoid any conflict of interest;
(iii) Have full access to all persons, records, and relevant organizations that may have information about or may have contributed to, directly or indirectly, the incident or accident under investigation, in compliance with any affected employee's or employees' respective collective bargaining agreement and state laws and rules regarding public disclosure under chapter 42.56 RCW;
(iv) Be provided with, if requested by the investigating officer or officers, appropriate outside technical expertise; and
(v) Be provided with staff and legal support by the Washington state ferries as may be appropriate to the type of investigation;
(c) The process of working with the affected employee or employees in accordance with the employee's or employees' respective collective bargaining agreement and the appropriate union officials, within protocols afforded to all public employees;
(d) The process by which the United States coast guard is kept informed of, interacts with, and reviews the investigation;
(e) The process for review, approval, and implementation of any approved recommendations within the department; and
(f) The process for keeping the public informed of the investigation and its outcomes, in compliance with any affected employee's or employees' respective collective bargaining agreement and state laws and rules regarding public disclosure under chapter 42.56 RCW.

(14) $7,300,000 of the Puget Sound ferry operations account—state appropriation is provided solely for the purposes of travel time associated with Washington state ferries employees. However, if Engrossed Substitute House Bill No. 3209 (managing costs of ferry system) is enacted by June 30, 2010, containing an appropriation for purposes of travel time associated with Washington state ferries employees, the amount provided in this subsection lapses.

(15) $50,000 of the Puget Sound ferry operations account—state appropriation is provided solely to implement a mechanism to report on-time performance statistics.

(a) The department shall conduct a study to identify process changes that would improve on-time performance on a route-by-route basis. The study must include looking into the slowing down of vessels for fuel economy purposes and touch-and-go sailings on peak runs. The department shall report its findings to the transportation committees of the senate and house of representatives by December 1, 2010.

(b) The department shall, by November 1, 2010, report to the transportation committees of the legislature statistics regarding its on-time arrival and departure status on a route-by-route and month-by-month basis, as well as an annual route-by-route and systemwide basis, weighted by the number of customers on each sailing and distinguishing peak period on-time performance. The statistics must include reasons for any delays over ten minutes from the scheduled time. The statistics must be prominently displayed on the Washington state ferries' website. Each Washington state ferries vessel and terminal must prominently display the statistics as they relate to their specific route.

(16) The department shall investigate outsourcing the call center functions planned for the ferry reservation system and report its findings to the transportation committees of the senate and house of representatives by December 15, 2010.

(17) By July 1, 2010, the department shall provide to the governor and the transportation committees of the senate and house of representatives a listing of all benefits that Washington state ferries union employees receive that other state employees do not traditionally receive. The listing must include any costs associated with these benefits.

The appropriations in this section are subject to the following conditions and limitations:

1. Except as provided otherwise in this section, the entire transportation 2003 account (nickel account) appropriation and the entire transportation partnership account appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document ((2009-1)) 2010-1 as developed (April 24, 2009) March 8, 2010, Program - Highway Improvement Program (I). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 603 of this act.

2. (As a result of economic changes since the initial development of the improvement program budget for the 2009-11 fiscal biennium, the department has received bids on construction contracts over the last several months that are favorable with respect to current estimates of project costs. National economic forecasts indicate that inflationary pressures are likely to remain lower than previously expected for the next several years. As a result, the nominal project cost totals shown in LEAP Transportation Document 2009-1 in aggregate for the 2009-11 fiscal biennium and the 2011-13 fiscal biennium are expected to exceed the likely amount necessary to deliver the projects listed within those biennia by $63,500,000 in the 2009-11 fiscal biennium and $52,700,000 in the 2011-13 fiscal biennium. The appropriations provided in this section for the projects in those biennia are therefore $63,500,000 less in the 2009-11 fiscal biennium and $52,700,000 less in the 2011-13 fiscal biennium than the aggregate total of project costs listed. It is the intent of the legislature that the department shall deliver the projects listed in LEAP Transportation Document 2009-1 within the time, scope, and budgets identified in that document, provided that the prices of commodities used in transportation projects do not differ significantly from those assumed for the 2009-11 and 2011-13 fiscal biennia in the March 2009 forecast of the economic and revenue forecast council.

3. $162,900,000) $163,385,000 of the transportation partnership account–state appropriation and (($106,000,000)) $231,763,000 of the state route number 520 corridor account–state appropriation are provided solely for the state route number 520 bridge replacement and HOV project. The department shall submit an application for the eastside transit and HOV project to the supplemental discretionary grant program for regionally significant projects as provided in the American Recovery and Reinvestment Act of 2009. (Eastside state route number 520 improvements shall be designed and constructed to accommodate a future full interchange at 124th Avenue Northeast. Concurrent with the eastside transit and HOV project, the department shall conduct engineering design of a full interchange at 124th Avenue Northeast. The amount provided in this subsection from the state route number 520 corridor account–state appropriation is contingent on the enactment of (a) Engrossed Substitute House Bill No. 2211 and (b) either Engrossed Substitute House Bill No. 2326 or other legislation authorizing bonds for the state route number 520 corridor projects. If the conditions of this subsection are not satisfied, the state route number 520 corridor account–state appropriation shall lapse.
(4)) (4) As required under section 305(6), chapter 518, Laws of 2007, the department shall report by January 2010 to the transportation committees of the legislature on the findings of the King county noise reduction solutions pilot project.

(64) (4) Funding allocated for mitigation costs is provided solely for the purpose of project impact mitigation, and shall not be used to develop or otherwise participate in the environmental assessment process.

(66) (5) The department shall apply for surface transportation program (STP) enhancement funds to be expended in lieu of or in addition to state funds for eligible costs of projects in Programs I and P including, but not limited to, the SR 518, SR 520, Columbia river crossing, and Alaskan Way viaduct projects.

(24) (6) The department shall, on a quarterly basis beginning July 1, 2009, provide to the office of financial management and the legislature reports providing the status on each active project funded in part or whole by the transportation 2003 account (nickel account) or the transportation partnership account. Funding provided at a programmatic level for transportation partnership account and transportation 2003 account (nickel account) projects relating to bridge rail, guard rail, fish passage barrier removal, and roadside safety projects should be reported on a programmatic basis. Projects within this programmatic level funding should be completed on a priority basis and scoped to be completed within the current programmatic budget. (The department shall work with the office of financial management and the transportation committees of the legislature to agree on report formatting and elements. Elements must include, but not be limited to, project scope, schedule, and costs. (For) Report formatting and elements must be consistent with the October 2009 quarterly project report. On a representative sample of new construction contracts valued at fifteen million dollars or more, the department must also use an earned value method of project monitoring. (The department shall also provide the information required under this subsection on a quarterly basis via the transportation executive information systems (TEIS).
