MOTION

Senator Kastama moved that the following striking amendment by Senators Kastama and Zarelli be adopted:

Strike everything after the enacting clause and insert the following:

FIFTY THIRD DAY, MARCH 4, 2010

"Sec. 1. RCW 43.330.007 and 2009 c 565 s 1 are each amended to read as follows:

(1)(a) In 2009, the legislature changed the name of the department of community, trade, and economic development to the department of commerce and directed the agency to, among other things, develop a report with recommendations on statutory changes to ensure that the department's efforts: Are organized around a concise core mission and aligned with the state's comprehensive plan for economic development; generate greater local capacity; maximize results through partnerships and the use of intermediaries; and provide transparency and increased accountability. Recommendations for creating or consolidating programs deemed important to meeting the department's core mission and recommendations for terminating or transferring specific programs if they are not consistent with the department's core mission were to be included in the report.

(b) In accordance with that legislation, chapter 565, Laws of 2009, in November 2009 the department of commerce submitted a plan that establishes a mission of growing and improving jobs in the state and recognizes the need for an innovation-driven economy. The plan also outlines agency priorities, efficiencies, and program transfers that will help to advance the new mission.

(c) The primary purpose of this act is to implement portions of the department of commerce plan by transferring certain programs from the department of commerce to other state agencies whose missions are more closely aligned with the core functions of those programs. This act also directs additional efficiencies in state government and directs development of a statewide clean energy strategy, which will better enable the department of commerce to focus on its new mission.

(2)(a) The legislature finds that the long-term economic health of the state and its citizens depends upon the strength and vitality of its communities and businesses. It is the intent of this chapter to create a department of commerce that fosters new partnerships for strong and sustainable communities. The mission of the department is to grow and improve jobs in Washington and facilitate innovation. To carry out its mission, the department will bring together focused efforts to: Streamline access to business assistance and economic development services by providing them through sector-based, cluster-based, and regional partners; provide focused and flexible responses to changing economic conditions; generate greater local capacity to respond to both economic growth and environmental challenges; increase accountability to the public, the executive branch, and the legislature; manage growth and achieve sustainable development; diversify the state's economy and export goods and services; provide greater access to economic opportunity; stimulate private sector investment and entrepreneurship; provide stable family-wage jobs and meet the diverse needs of families; provide affordable housing and housing services; and construct public infrastructure.

(b) The legislature further finds that as a result of the rapid pace of global social and economic change, the state and local communities will require coordinated and creative responses by every segment of the community. The state can play a role in assisting such local efforts by reorganizing state assistance efforts to promote such partnerships. The department has a primary responsibility to provide financial and technical assistance to the communities of the state, to assist in improving the delivery of federal, state, and local programs, and to provide communities with opportunities for productive and coordinated development beneficial to the well-being of communities and their residents. It is the intent of the legislature in creating the department to maximize the use of local expertise and resources in the delivery of community and economic development services.

(3) The purpose of this chapter is to establish the broad outline

of the structure of the department of commerce, leaving specific details of its internal organization and management to those charged with its administration. This chapter identifies the broad functions and responsibilities of the department and is intended to provide flexibility to the director to reorganize these functions to more closely reflect its customers, its mission, and its priorities, and to make recommendations for changes.

(4) In order to generate greater local capacity, maximize results through partnerships and the use of intermediaries, and leverage the use of state resources, the department shall, in carrying out its business assistance and economic development functions, provide business and economic development services primarily through sector-based, cluster-based, and regionally based organizations rather than providing assistance directly to individual firms.

(5) The department shall examine the functions and operations of agricultural commodity commissions in the state and collaborate with industry sector and cluster associations on legislation that would enable industries to develop self-financing systems for addressing industry-identified issues such as workforce training, international marketing, quality improvement, and technology deployment. By December 1, 2010, the department shall report to the governor and the legislature on its findings and proposed legislation.

(6) The legislature recognizes that there are many strong community services and housing programs currently operating within the department and serving our most vulnerable individuals, families, and communities. The legislature finds that some of these programs can readily be transferred beginning on July 1, 2010, to other mission-aligned agencies in state government. However, the legislature finds that to maintain the strength and credibility of the majority of the department's community services and housing programs, it is necessary to create a separate division for them within the department and to develop a plan to establish a separate state government agency for them in the future.

(7)(a) The legislature directs the department of commerce to establish a single division to contain community services and housing programs that deliver essential services to individuals, families, and communities, and to plan for the creation of a community services and housing agency.

(b) Services provided by the division shall include, but are not limited to: (i) Homeless housing and assistance programs including transitional housing, emergency shelter grants, independent youth housing, housing assistance for persons with mental illness, and housing opportunities for people with AIDS; (ii) affordable housing development programs including the housing trust fund and low-income home energy assistance; (iii) farm worker housing; (iv) crime victims' advocacy and sexual assault services; (v) community mobilization against substance abuse and violence; (vi) asset building for working families; (vii) local and community projects including the building communities fund, building for the arts, and youth recreational facilities grants; (viii) dispute resolution centers; (ix) the Washington families fund; (x) community services block grants; (xi) community development block grants; (xii) child care facility fund; (xiii) WorkFirst community jobs; (xiv) long-term care ombudsman; (xv) state drug task forces; (xvi) justice assistance grants; (xvii) children and families of incarcerated parents; and (xviii) the Washington new Americans program.

(c) The economic development committees in the house of representatives and the senate shall, in consultation with the governor and the department: (i) Solicit information and advice from representatives of community, social services, and housing organizations at the local and state levels, including minority communities, people with disabilities, and other vulnerable populations; and (ii) develop a plan for consideration and action in

The amount to be adjusted shall be equal to the amount which otherwise would have been lost to the health jurisdiction due to the annexation or incorporation as calculated using the jurisdiction's 1995 funding formula.

(c) The county treasurer shall certify the actual 1995 city contribution to the department. Funds in excess of the base shall be distributed proportionately among the health jurisdictions based on incorporated population figures as last determined by the office of financial management.

In addition to other authorities, the county or city may impose conditions on building permits requiring connection to an existing public water system where the existing system is willing and able to provide safe and reliable potable water to the applicant with reasonable economy and efficiency. An application for a water right shall not be sufficient proof of an adequate water supply.

(2) Within counties not required or not choosing to plan pursuant to RCW 36.70A.040, the county and the state may mutually determine those areas in the county in which the requirements of subsection (1) of this section shall not apply. The departments of health and ecology shall coordinate on the implementation of this section. Should the county and the state fail to mutually determine those areas to be designated pursuant to this subsection, the county may petition the department of (~~community, trade, and economic development~~) general administration to mediate or, if necessary, make the determination.

Such cities, towns, or counties may not subsequently amend their energy code for residential structures to exceed the requirements adopted prior to March 1, 1990.

(7) The state building code council shall consult with the department of (~~community, trade, and economic development~~) general administration as provided in RCW 34.05.310 prior to publication of proposed rules. The director of the department of (~~community, trade, and economic development~~) general administration shall recommend to the state building code council any changes necessary to conform the proposed rules to the requirements of this section.

Such incentives, rebates, or financing options may consider the role of government programs as well as utility-sponsored programs;

FIFTY THIRD DAY, MARCH 4, 2010

2010 REGULAR SESSION

#### SECOND READING

SUBSTITUTE HOUSE BILL NO. 3001, by House Committee on Transportation (originally sponsored by Representatives Klippert, Liias, Wallace, Campbell and Simpson)

Addressing bicycle and pedestrian safety education in traffic schools.

The measure was read the second time.

#### MOTION

Senator Haugen moved that the following committee striking amendment by the Committee on Transportation be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that a number of cities and counties in the state of Washington establish traffic schools. A court in a county that has established a traffic school may order an individual to attend the school as part of a sentence for the conviction of a traffic violation or as a condition on the suspension or deferral of a sentence. The legislature recognizes that since driver's education programs have only recently been required to provide information about how to drive safely among bicyclists and pedestrians, many licensed drivers do not have knowledge about such safe driving practices. In order to increase such knowledge and to avoid unnecessary injuries, fatalities, and conflicts, the legislature believes that it is appropriate to include bicycle and pedestrian curriculum approved by the department of

licensing for traffic schools or to new drivers as part of the curriculum of traffic schools. Curriculum materials, which are donated by bicycle organizations without state expense, are available from the department of licensing and posted on the department's web site.

**NEW SECTION. Sec. 2.** A new section is added to chapter 46.83 RCW to read as follows:

A traffic school established under this chapter shall include, as part of its curriculum on rules of the road, the curriculum for driving safely among bicyclists and pedestrians that has been approved by the department for driver training schools or traffic schools. This curriculum requirement must not exceed thirty minutes of the class or course."

#### MOTION

Senator McDermott moved that the following amendment by Senators McDermott and Haugen to the committee striking amendment be adopted:

#### POINT OF ORDER

Senator Schoesler: "Thank you Mr. President. I believe the amendment offered is beyond the scope and object of the underlying bill and I have some arguments to offer on this Mr. President. The underlying bill deals with traffic schools and focuses on the required curriculum. Specifically, it directs traffic schools to include in their curriculum information on driving safety among bicyclists and pedestrians. By contrast the amendment hangs an entirely different bill onto this one and creates two new traffic infractions; negligence bicycling with a vulnerable user victim; and negligence driving in the second degree with a vulnerable user victim. The amendment details these infractions and provides penalties. The amendment has no connection to traffic school curriculum. For these reasons I believe that the amendment that is offered is outside the scope and object of the underlying bill and I respectfully request a ruling on this matter."

#### POINT OF ORDER

Senator McDermott: "I'd like to respond to the point of the previous speaker. Thank you Mr. President. House Bill No. 3001 before us now clearly addresses bicycling and pedestrian safety. The amendment offered by Senator Haugen and I, amendment number 292, clearly addresses bicyclist and pedestrian's safety as well, by defining vulnerable users and addressing negligence driving in the second degree to protect vulnerable users, bicyclists and pedestrians on our roadways. I believe that its within the scope and object and request a ruling to that effect. Thank you Mr. President."

#### RULING BY THE PRESIDENT

President Owen: "In ruling on the point of order raised by Senator Schoesler as to whether amendment number 292, the committee amendment to Substitute House Bill No. 3001 fits within the scope and object of the underlying bill. The President finds and rules as follows: The underlying bill and committee amendment at issue add driving safely among bicyclists and pedestrians to the traffic school curriculum. The amendment would add several new traffic infractions to the code and while they could be broadly characterized as dealing with bicyclists and pedestrians safety they are beyond the narrow scope of the committee amendment. For these reasons the President finds that the amendment number 292 is beyond the scope and object of the committee amendment and Senator Schoesler's point is well taken."

#### MOTION

On motion of Senator Eide, further consideration of Substitute House Bill No. 3001 was deferred and the bill held its place on the second reading calendar.

#### PERSONAL PRIVILEGE

Senator Kline: "Mr. President, it's getting to that season in the year and I know it's late nights for us and boredom. Hurry up and wait, that sort of thing that normally accompanies this time of session. I'd like to, with your kind permission, have my friends and colleagues a little entertainment; oranges. I know you don't like food on the to be eaten on the, in the chamber but I'm sure we can take our oranges in and if you don't mind Mr. President I'd love to distribute an orange to everyone of my colleagues."

#### REPLY BY THE PRESIDENT

President Owen: "Yes sir Senator, that would be quite fine as long as I get one."

## PARLIAMENTARY INQUIRY

FIFTY FOURTH DAY, MARCH 5, 2010

2010 REGULAR SESSION

Senator McDermott: "What motion would I need to make to roll back to second reading?"

Senator Roach spoke against adoption of the amendment.

REPLY BY THE PRESIDENT

POINT OF INQUIRY

President Owen: "You would say something like, 'Mr. President, I move that the rules be suspended, Second Substitute House Bill No. 1761 be returned to second reading for the purpose of an amendment,' if you so desire."

Senator Carrell: "Would Senator Honeyford yield to a question? Does this mean then that we cannot use material from the website but somebody who maybe opposes one of us could use that material or is it a prohibition against anybody from using the material that might be on a website?"

MOTION

On motion of Senator McDermott, the rules were suspended and Second Substitute House Bill No. 1761 was returned to second reading for the purpose of amendment.

Senator Honeyford: "Well, thank you for the question. I'm not sure how to answer that. What the amendment does say is it strikes out that these materials are not subject to election year restrictions and it strikes that out and so I would believe that documents that are produced by the state and printed by the state would be prohibited."

SECOND READING

SECOND SUBSTITUTE HOUSE BILL NO. 1761, by House Committee on State Government & Tribal Affairs (originally sponsored by Representatives Hasegawa, Appleton and Hurst)

The President declared the question before the Senate to be the adoption of the amendment by Senators Honeyford and Regala on page 2, line 25 to Second Substitute House Bill No. 1761.

Addressing the ethical use of legislative web sites.

The motion by Senator Honeyford carried and the amendment was adopted by voice vote.

The measure was read the second time.

MOTION

MOTION

Senator Honeyford moved that the following amendment by Senators Honeyford and Regala be adopted:

On motion of Senator McDermott, the rules were suspended, Second Substitute House Bill No. 1761 as amended by the Senate was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

On page 2, line 25, after "purposes", strike all material through "well" on line 27

Senators McDermott and Honeyford spoke in favor of passage of the bill.

Renumber the sections consecutively and correct any internal references accordingly.

Senators Honeyford and Regala spoke in favor of adoption of the amendment.

The President declared the question before the Senate to be the final passage of Second Substitute House Bill No. 1761 as amended by the Senate.

POINT OF INQUIRY

ROLL CALL

Senator Benton: "Would Senator Honeyford yield to a question? Senator Honeyford, it seems to me the underlying bill would allow us to continue to be posted on the website, but this provision removes the language of the underlying bill. I'm not sure I understand exactly what you're trying to get at with this amendment. Perhaps you could explain it with a little more clarity. Are you saying that stuff on the website could not then be printed and used and passed out during a campaign? Is that what you're trying to get out of here? And, if so, I think that's a noble cause but it seems to me it's a little confusing, at least the effect statement here is a little confusing. So maybe you help clarify for me?"

The Secretary called the roll on the final passage of Second Substitute House Bill No. 1761 as amended by the Senate and the bill passed the Senate by the following vote: Yeas, 41; Nays, 7; Absent, 0; Excused, 1.

Senator Honeyford: "Thank you Senator. We all have materials prepared. You have your updates, you have your end of session reports, all of those kinds of things and all the various products that come out here. There prepared at state expense by caucus staff, generally. Printed at government expense. And what this says, you can't use that for campaign materials. That's all the purpose of this amendment is. That you do not use those for campaign materials. You can use them on their website. You can use them that way. There's no prohibition, I guess, if someone wanted to print them off the website at your own expense but this just makes it clear that you cannot use state-produced materials for campaign purposes."

Voting yea: Senators Benton, Berkey, Brown, Carrell, Delvin, Eide, Fairley, Franklin, Fraser, Gordon, Hargrove, Hatfield, Haugen, Hewitt, Hobbs, Honeyford, Jacobsen, Kastama, Kauffman, Keiser, Kilmer, King, Kline, Kohl-Welles, Marr, McAuliffe, McDermott, Morton, Murray, Oemig, Prentice, Pridemore, Ranker, Regala, Roach, Rockefeller, Sheldon, Shin, Swecker, Tom and Zarelli

Voting nay: Senators Becker, Brandland, Holmquist, Parlette, Pflug, Schoesler and Stevens

Excused: Senator McCaslin

(1) The legislature recognizes that:

(a) Parents are their children's first and most important teachers and decision makers;

(b) Research across disciplines now demonstrates that what happens in the earliest years makes a critical difference in children's readiness to succeed in school and life;

(c) Washington's competitiveness in the global economy requires a world-class education system that starts early and supports life-long learning;

(d) Washington state currently makes substantial investments in voluntary child care and early learning services and supports, but because services are fragmented across multiple state agencies, and early learning providers lack the supports and incentives needed to improve the quality of services they provide, many parents have difficulty accessing high quality early learning services;

(e) A more cohesive and integrated voluntary early learning system would result in greater efficiencies for the state, increased partnership between the state and the private sector, improved access to high quality early learning services, and better employment and early learning outcomes for families and all children.

(2) The legislature finds that:

(a) The early years of a child's life are critical to the child's healthy brain development and that the quality of caregiving during the early years can significantly impact the child's intellectual, social, and emotional development;

(b) A successful outcome for every child obtaining a K-12 education depends on children being prepared from birth for academic and social success in school. For children at risk of school failure, the achievement gap often emerges as early as eighteen months of age;

(c) There currently is a shortage of high quality services and supports for children ages birth to three and their parents and caregivers; and

(d) Increasing the availability of high quality services for children ages birth to three and their parents and caregivers will result in improved school and life outcomes.

(3) Therefore, the legislature intends to establish a robust birth-to-three continuum of services for parents and caregivers of young children in order to provide education and support regarding the importance of early childhood development.

~~((3))~~ (4) The purpose of this chapter is:

(a) To establish the department of early learning;

(b) To coordinate and consolidate state activities relating to child care and early learning programs;

(c) To safeguard and promote the health, safety, and well-being of children receiving child care and early learning assistance, which is paramount over the right of any person to provide care;

(d) To provide tools to promote the hiring of suitable providers of child care by:

(i) Providing parents with access to information regarding child care providers;

(ii) Providing parents with child care licensing action histories regarding child care providers; and

(iii) Requiring background checks of applicants for employment in any child care facility licensed or regulated under current law;

(e) To promote linkages and alignment between early learning programs and elementary schools and support the transition of children and families from prekindergarten environments to kindergarten;

(f) To promote the development of a sufficient number and variety of adequate child care and early learning facilities, both public and private; and

(g) To license agencies and to assure the users of such agencies, their parents, the community at large and the agencies themselves that adequate minimum standards are maintained by all child care and early learning facilities.

~~((4))~~ (5) This chapter does not expand the state's authority to license or regulate activities or programs beyond those licensed or regulated under existing law.

**Sec. 2.** RCW 43.215.020 and 2007 c 394 s 5 are each amended to read as follows:

(1) The department of early learning is created as an executive branch agency. The department is vested with all powers and duties transferred to it under this chapter and such other powers and duties as may be authorized by law.

(2) The primary duties of the department are to implement state early learning policy and to coordinate, consolidate, and integrate child care and early learning programs in order to administer programs and funding as efficiently as possible. The department's duties include, but are not limited to, the following:

**"NEW SECTION. Sec. 1.** The legislature finds that children who participate in high quality preschool programs have improved educational and life outcomes and are more likely to graduate from high school and pursue higher education, experience successful employment opportunities, and have increased earnings. Therefore, the legislature intends to create an entitlement to a program of early learning to protect the current levels of funding for comprehensive preschool programs for three and four-year old children beginning September 1, 2011.

The legislature also finds that the state early childhood education and assistance program was established to help children from low-income families be prepared for kindergarten, and that the program has been a successful model for achieving that goal. Therefore, the legislature intends that implementing a program of early learning shall be accomplished by using the program standards and eligibility criteria in the early childhood education and assistance program.

**NEW SECTION. Sec. 2.** A new section is added to chapter 43.215 RCW to read as follows:

(b) For an initial phase of an early learning program in school years 2011-12 and 2012-13, the number of slots for the early learning program shall not be less than the number of slots for three and four-year old children served in comprehensive preschool programs during the 2009-2011 biennium.

(c) Funding shall continue to be phased in incrementally each year until full statewide implementation of the early learning program is achieved.

(3) By December 1, 2010, the department shall report to the governor and the appropriate committees of legislature with recommendations for:

The measure was read the second time.

## MOTION

Senator Marr moved that the following committee striking amendment by the Committee on Transportation be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.52.130 and 2009 c 276 s 1 are each amended to read as follows:

((1) A certified abstract of the driving record shall be furnished only to:

(a) The individual named in the abstract;

(b) An employer or prospective employer or an agent acting on behalf of an employer or prospective employer, or a volunteer organization for which the named individual has submitted an application for a position that could require the transportation of children under eighteen years of age, adults over sixty-five years of age, or persons with mental or physical disabilities;

(c) An employee or agent of a transit authority checking prospective volunteer vanpool drivers for insurance and risk management needs;

(d) The insurance carrier that has insurance in effect covering the employer or a prospective employer;

(e) The insurance carrier that has motor vehicle or life insurance

in effect covering the named individual;

(f) The insurance carrier to which the named individual has applied;

(g) An alcohol/drug assessment or treatment agency approved by the department of social and health services, to which the named individual has applied or been assigned for evaluation or treatment;

(h) City and county prosecuting attorneys;

(i) State colleges, universities, or agencies for employment and risk management purposes; or units of local government authorized to self-insure under RCW 48.62.031; or

(j) An employer or prospective employer or volunteer organization, or an agent acting on behalf of an employer or prospective employer or volunteer organization, for employment purposes related to driving by an individual as a condition of that individual's employment or otherwise at the direction of the employer or organization.

(2) Nothing in this section shall be interpreted to prevent a court from providing a copy of the driver's abstract to the individual named in the abstract, provided that the named individual has a pending case in that court for a suspended license violation or an open infraction or criminal case in that court that has resulted in the suspension of the individual's driver's license. A pending case includes criminal cases that have not reached a disposition by plea, stipulation, trial, or amended charge. An open infraction or criminal case includes cases on probation, payment agreement or subject to, or in collections. Courts may charge a reasonable fee for production and copying of the abstract for the individual.

(3) City attorneys and county prosecuting attorneys may provide the driving record to alcohol/drug assessment or treatment agencies approved by the department of social and health services to which the named individual has applied or been assigned for evaluation or treatment.

(4)(a) The director, upon proper request, shall furnish a certified abstract covering the period of not more than the last three years to insurance companies.

(b) The director may enter into a contractual agreement with an insurance company or its agent for the limited purpose of reviewing the driving records of existing policyholders for changes to the record during specified periods of time. The department shall establish a fee for this service, which must be deposited in the highway safety fund. The fee for this service must be set at a level that will not result in a net revenue loss to the state. Any information provided under this subsection must be treated in the same manner and subject to the same restrictions as certified abstracts.

(5) Upon proper request, the director shall furnish a certified abstract covering a period of not more than the last five years to state approved alcohol/drug assessment or treatment agencies, except that the certified abstract shall also include records of alcohol-related offenses as defined in RCW 46.01.260(2) covering a period of not more than the last ten years.

(6) Upon proper request, a certified abstract of the full driving record maintained by the department shall be furnished to a city or county prosecuting attorney, to the individual named in the abstract, to an employer or prospective employer or an agent acting on behalf of an employer or prospective employer of the named individual, or to a volunteer organization for which the named individual has submitted an application for a position that could require the transportation of children under eighteen years of age, adults over sixty-five years of age, or persons with physical or mental disabilities, or to an employee or agent of a transit authority checking prospective volunteer vanpool drivers for insurance and risk management needs.

(7) The abstract, whenever possible, shall include:

(a) An enumeration of motor vehicle accidents in which the

person was driving;

- (b) The total number of vehicles involved;
- (c) Whether the vehicles were legally parked or moving;
- (d) Whether the vehicles were occupied at the time of the accident;
- (e) Whether the accident resulted in any fatality;
- (f) Any reported convictions, forfeitures of bail, or findings that an infraction was committed based upon a violation of any motor vehicle law;
- (g) The status of the person's driving privilege in this state; and
- (h) Any reports of failure to appear in response to a traffic citation or failure to respond to a notice of infraction served upon the named individual by an arresting officer.

(8) Certified abstracts furnished to prosecutors and alcohol/drug assessment or treatment agencies shall also indicate whether a recorded violation is an alcohol-related offense as defined in RCW 46.01.260(2) that was originally charged as one of the alcohol-related offenses designated in RCW 46.01.260(2)(b)(i).

(9) The abstract provided to the insurance company shall exclude any information, except that related to the commission of misdemeanors or felonies by the individual, pertaining to law enforcement officers or firefighters as defined in RCW 41.26.030, or any officer of the Washington state patrol, while driving official vehicles in the performance of occupational duty. The abstract provided to the insurance company shall include convictions for RCW 46.61.5249 and 46.61.525 except that the abstract shall report them only as negligent driving without reference to whether they are for first or second degree negligent driving. The abstract provided to the insurance company shall exclude any deferred prosecution under RCW 10.05.060, except that if a person is removed from a deferred prosecution under RCW 10.05.090, the abstract shall show the deferred prosecution as well as the removal.

(10) The director shall collect for each abstract the sum of ten dollars, fifty percent of which shall be deposited in the highway safety fund and fifty percent of which must be deposited according to RCW 46.68.038.

(11) Any insurance company or its agent receiving the certified abstract shall use it exclusively for its own underwriting purposes and shall not divulge any of the information contained in it to a third party. No policy of insurance may be canceled, nonrenewed, denied, or have the rate increased on the basis of such information unless the policyholder was determined to be at fault. No insurance company or its agent for underwriting purposes relating to the operation of commercial motor vehicles may use any information contained in the abstract relative to any person's operation of motor vehicles while not engaged in such employment, nor may any insurance company or its agent for underwriting purposes relating to the operation of noncommercial motor vehicles use any information contained in the abstract relative to any person's operation of commercial motor vehicles.

(12) Any employer or prospective employer or an agent acting on behalf of an employer or prospective employer, or a volunteer organization for which the named individual has submitted an application for a position that could require the transportation of children under eighteen years of age, adults over sixty-five years of age, or persons with physical or mental disabilities, receiving the certified abstract shall use it exclusively for his or her own purpose:

(a) To determine whether the licensee should be permitted to operate a commercial vehicle or school bus, or operate a vehicle for a volunteer organization for purposes of transporting children under eighteen years of age, adults over sixty-five years of age, or persons with physical or mental disabilities, upon the public highways of this state; or (b) for employment purposes related to driving by an individual as a condition of that individual's employment or otherwise at the direction of the employer or organization, and shall

not divulge any information contained in it to a third party.

(13) Any employee or agent of a transit authority receiving a certified abstract for its vanpool program shall use it exclusively for determining whether the volunteer licensee meets those insurance and risk management requirements necessary to drive a vanpool vehicle. The transit authority may not divulge any information contained in the abstract to a third party.

(14) Any alcohol/drug assessment or treatment agency approved by the department of social and health services receiving the certified abstract shall use it exclusively for the purpose of assisting its employees in making a determination as to what level of treatment, if any, is appropriate. The agency, or any of its employees, shall not divulge any information contained in the abstract to a third party.

(15) Release of a certified abstract of the driving record of an employee, prospective employee, or prospective volunteer requires a statement signed by:

(a) The employee, prospective employee, or prospective volunteer that authorizes the release of the record, and

(b) the employer or volunteer organization attesting that the information is necessary:

If the employer or prospective employer authorizes an agent to obtain this information on their behalf, this must be noted in the statement. (1) A county legislative authority may submit an authorizing proposition to the county voters at a primary or general election and, if the proposition is approved by a majority of persons voting, impose a sales and use tax in accordance with the terms of this chapter. The title of each ballot measure must clearly state the purposes for which the proposed sales and use tax will be used. ~~((Funds raised under this tax shall not supplant existing funds used for these purposes, except as follows: Up to one hundred percent may be used to supplant existing funding in calendar year 2010; up to eighty percent may be used to supplant existing funding in calendar year 2011; up to sixty percent may be used to supplant existing funding in calendar year 2012; up to forty percent may be used to supplant existing funding in calendar year 2013; and up to twenty percent may be used to supplant existing funding in calendar year 2014. For purposes of this subsection, existing funds means the actual operating expenditures for the calendar year in which the ballot measure is approved by voters. This subsection (2)(b) also applies if the county and city adopt an ordinance or resolution to impose sales and use taxes under this section on the same date.

(c) If the city adopts an ordinance or resolution to submit a ballot proposition to the voters to impose the sales and use tax under this subsection prior to the county in which the city is located, the

The county must provide a credit against its tax for the full amount of tax imposed under this subsection (1)(b) by any city located in that county if the county imposes the tax after January 1, 2011.

(2) The tax authorized in this section ~~((shall be))~~ is in addition to any other taxes authorized by law and ~~((shall))~~ must be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the county for a county's tax and within a city for a city's tax. (3) Moneys collected under this section ~~((shall))~~ must be used solely for the purpose of providing for the operation or delivery of chemical dependency or mental health treatment programs and services and for the operation or delivery of therapeutic court programs and services. For the purposes of this section, "programs and services" includes, but is not limited to, treatment services, case management, and housing that are a component of a coordinated chemical dependency or mental health treatment program or service.

ten percent may be used to supplant existing funding in calendar year 2014.

(5) Nothing in this section may be interpreted to prohibit the use of moneys collected under this section for the replacement of lapsed federal funding previously provided for the operation or delivery of services and programs as provided in this section.

**Sec. 3.** RCW 82.14.340 and 1995 c 309 s 1 are each amended to read as follows:

The rate of tax ~~((shall))~~ equals one-tenth of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax).

(3) When distributing moneys collected under this section, the state treasurer ~~((shall))~~ must distribute ten percent of the moneys to the county in which the tax was collected. The remainder of the moneys collected under this section ~~((shall))~~ must be distributed to the county and the cities within the county ratably based on population as last determined by the office of financial management. In making the distribution based on population, the county ~~((shall))~~ must receive that proportion that the unincorporated population of the county bears to the total population of the county and each city ~~((shall))~~ must receive that proportion that the city incorporated population bears to the total county population.

(4) Moneys received from any tax imposed under this section ~~((shall))~~ must be expended ~~((exclusively))~~ for criminal justice purposes ~~((and shall not be used to replace or supplant existing funding))~~. Calendar year 1989 actual operating expenditures for criminal justice purposes exclude the following: Expenditures for extraordinary events not likely to reoccur, changes in contract provisions for criminal justice services, beyond the control of the local jurisdiction receiving the services, and major nonrecurring capital expenditures.))~~

(5) In the expenditure of funds for criminal justice purposes as provided in this section, cities and counties, or any combination thereof, are expressly authorized to participate in agreements, pursuant to chapter 39.34 RCW, to jointly expend funds for criminal justice purposes of mutual benefit. For the purposes of this chapter:

(1) "Purchase price" means the same as sales price as defined in RCW 82.08.010;

FIFTY FOURTH DAY, MARCH 5, 2010

2010 REGULAR SESSION

(2)(a) "Value of the article used" (~~shall be~~) is the purchase price for the article of tangible personal property, the use of which is taxable under this chapter. The term also includes, in addition to the purchase price, the amount of any tariff or duty paid with respect to the importation of the article used. In case the article used is acquired by lease or by gift or is extracted, produced, or manufactured by the person using the same or is sold under conditions wherein the purchase price does not represent the true value thereof, the value of the article used (~~shall be~~) is determined as nearly as possible according to the retail selling price at place of use of similar products of like quality and character under such rules as the department may prescribe.

(b) In case the articles used are acquired by bailment, the value of the use of the articles so used (~~shall~~) must be in an amount representing a reasonable rental for the use of the articles so bailed, determined as nearly as possible according to the value of such use at the places of use of similar products of like quality and character under such rules as the department of revenue may prescribe. In case any such articles of tangible personal property are used in respect to the construction, repairing, decorating, or improving of, and which become or are to become an ingredient or component of, new or existing buildings or other structures under, upon, or above real property of or for the United States, any instrumentality thereof, or a county or city housing authority created pursuant to chapter 35.82 RCW, including the installing or attaching of any such articles therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation, then the value of the use of such articles so used (~~shall be~~) is determined according to the retail selling price of such articles, or in the absence of such a selling price, as nearly as possible according to the retail selling price at place of use of similar products of like quality and character or, in the absence of either of these selling price measures, such value may be determined upon a cost basis, in any event under such rules as the department of revenue may prescribe.

(c) In the case of articles owned by a user engaged in business outside the state which are brought into the state for no more than one hundred eighty days in any period of three hundred sixty-five consecutive days and which are temporarily used for business purposes by the person in this state, the value of the article used (~~shall~~) must be an amount representing a reasonable rental for the use of the articles, unless the person has paid tax under this chapter or chapter 82.08 RCW upon the full value of the article used, as defined in (a) of this subsection.

(d) In the case of articles manufactured or produced by the user and used in the manufacture or production of products sold or to be sold to the department of defense of the United States, the value of the articles used (~~shall be~~) is determined according to the value of the ingredients of such articles.

(e) In the case of an article manufactured or produced for purposes of serving as a prototype for the development of a new or improved product, the value of the article used (~~shall be~~) is determined by: (i) The retail selling price of such new or improved product when first offered for sale; or (ii) the value of materials incorporated into the prototype in cases in which the new or improved product is not offered for sale.

(f) In the case of an article purchased with a direct pay permit under RCW 82.32.087, the value of the article used (~~shall be~~) is determined by the purchase price of such article if, but for the use of the direct pay permit, the transaction would have been subject to sales tax;

(3) "Value of the service used" means the purchase price for the digital automated service or other service, the use of which is taxable under this chapter. If the service is received by gift or under conditions wherein the purchase price does not represent the true value thereof, the value of the service used (~~shall be~~) is determined

as nearly as possible according to the retail selling price at place of use of similar services of like quality and character under rules the department may prescribe;

(4) "Value of the extended warranty used" means the purchase price for the extended warranty, the use of which is taxable under this chapter. If the extended warranty is received by gift or under conditions wherein the purchase price does not represent the true value of the extended warranty, the value of the extended warranty used (~~shall be~~) is determined as nearly as possible according to the retail selling price at place of use of similar extended warranties of like quality and character under rules the department may prescribe;

(5) "Value of the digital good or digital code used" means the purchase price for the digital good or digital code, the use of which is taxable under this chapter. If the digital good or digital code is acquired other than by purchase, the value of the digital good or digital code must be determined as nearly as possible according to the retail selling price at place of use of similar digital goods or digital codes of like quality and character under rules the department may prescribe;

(6) "Use," "used," "using," or "put to use" have their ordinary meaning, and mean:

(a) With respect to tangible personal property, except for natural gas and manufactured gas, the first act within this state by which the taxpayer takes or assumes dominion or control over the article of tangible personal property (as a consumer), and include installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption within this state;

(b) With respect to a service defined in RCW 82.04.050(2)(a), the first act within this state after the service has been performed by which the taxpayer takes or assumes dominion or control over the article of tangible personal property upon which the service was performed (as a consumer), and includes installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption of the article within this state;

(c) With respect to an extended warranty, the first act within this state after the extended warranty has been acquired by which the taxpayer takes or assumes dominion or control over the article of tangible personal property to which the extended warranty applies, and includes installation, storage, withdrawal from storage, distribution, or any other act preparatory to subsequent actual use or consumption of the article within this state;

(f) With respect to a service defined as a retail sale in RCW 82.04.050(6)(b), the first act within this state by which the taxpayer, as a consumer, accesses the prewritten computer software; (~~and~~)

(g) With respect to a service defined as a retail sale in RCW 82.04.050(2)(g), the first act within this state after the service has been performed by which the taxpayer, as a consumer, views, accesses, downloads, possesses, stores, opens, manipulates, or otherwise uses or enjoys the digital good upon which the service was performed; and

(h) With respect to natural gas or manufactured gas, the use of which is taxable under RCW 82.12.022, including gas that is also taxable under the authority of RCW 82.14.230, the first act within this state by which the taxpayer consumes the gas by burning the gas or storing the gas in the taxpayer's own facilities for later consumption by the taxpayer;

FIFTY FOURTH DAY, MARCH 5, 2010

(7) "Taxpayer" and "purchaser" include all persons included within the meaning of the word "buyer" and the word "consumer" as defined in chapters 82.04 and 82.08 RCW;

(8)(a)(i) Except as provided in (a)(ii) of this subsection (8), "retailer" means every seller as defined in RCW 82.08.010 and every person engaged in the business of selling tangible personal property at retail and every person required to collect from purchasers the tax imposed under this chapter.

(ii) "Retailer" does not include a professional employer organization when a covered employee coemployed with the client under the terms of a professional employer agreement engages in activities that constitute a sale of tangible personal property, extended warranty, digital good, digital code, or a sale of any digital automated service or service defined as a retail sale in RCW 82.04.050 (2)(a) or (g), (3)(a), or (6)(b) that is subject to the tax imposed by this chapter. In such cases, the client, and not the professional employer organization, is deemed to be the retailer and is responsible for collecting and remitting the tax imposed by this chapter.

(b) For the purposes of (a) of this subsection, the terms "client," "covered employee," "professional employer agreement," and "professional employer organization" have the same meanings as in RCW 82.04.540;

(9) "Extended warranty" has the same meaning as in RCW 82.04.050(7);

(10) The meaning ascribed to words and phrases in chapters 82.04 and 82.08 RCW, insofar as applicable, ~~((shall have))~~ has full force and effect with respect to taxes imposed under the provisions of this chapter. "Consumer," in addition to the meaning ascribed to it in chapters 82.04 and 82.08 RCW insofar as applicable, ~~((shall))~~ also means any person who distributes or displays, or causes to be distributed or displayed, any article of tangible personal property, except newspapers, the primary purpose of which is to promote the sale of products or services. With respect to property distributed to persons within this state by a consumer as defined in this subsection (10), the use of the property ~~((shall be))~~ is deemed to be by such consumer.

**Sec. 5.** RCW 82.14.230 and 1989 c 384 s 2 are each amended to read as follows:

(2) The tax ~~((shall be))~~ is imposed in an amount equal to the value of the article used by the taxpayer multiplied by the rate in effect for the tax on natural gas businesses under RCW 35.21.870 in the city in which the article is used. The "value of the article used," does not include any amounts that are paid for the hire or use of a natural gas business in transporting the gas subject to tax under this subsection if those amounts are subject to tax under RCW 35.21.870.

(3) The tax imposed under this section ~~((shall))~~ does not apply to the use of natural or manufactured gas if the person who sold the gas to the consumer has paid a tax under RCW 35.21.870 with respect to the gas for which exemption is sought under this subsection.

(4) There ~~((shall be))~~ is a credit against the tax levied under this section in an amount equal to any tax paid by:

(a) The person who sold the gas to the consumer when that tax is a gross receipts tax similar to that imposed pursuant to RCW 35.21.870 by another ~~((state))~~ municipality or other unit of local government with respect to the gas for which a credit is sought under this subsection; or

(b) The person consuming the gas upon which a use tax similar to the tax imposed by this section was paid to another ~~((state))~~ municipality or other unit of local government with respect to the gas for which a credit is sought under this subsection.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that a guardianship is an appropriate permanent plan for a child who has been found to be dependent under chapter 13.34 RCW and who cannot safely be reunified with his or her parents. The legislature is concerned that parents not be pressured by the department into agreeing to the entry of a guardianship when further services would increase the chances that the child could be reunified with his or her parents. The legislature intends to create a separate guardianship

chapter to establish permanency for children in foster care through the appointment of a guardian and dismissal of the dependency.

**NEW SECTION. Sec. 2. DEFINITIONS.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(5) "Relative" means a person related to the child in the following ways: (a) Any blood relative, including those of half-blood, and including first cousins, second cousins, nephews or nieces, and persons of preceding generations as denoted by prefixes of grand, great, or great-great; (b) stepfather, stepmother, stepbrother, and stepsister; (c) a person who legally adopts a child or the child's parent as well as the natural and other legally adopted children of such persons, and other relatives of the adoptive parents in accordance with state law; (d) spouses of any persons named in (a), (b), or (c) of this subsection, even after the marriage is terminated; (e) relatives, as named in (a), (b), (c), or (d) of this subsection, of any half sibling of the child; or (f) extended family members, as defined by the law or custom of the Indian child's tribe or, in the absence of such law or custom, a person who has reached the age of eighteen and who is the Indian child's grandparent, aunt or uncle, brother or sister, brother-in-law or sister-in-law, niece or nephew, first or second cousin, or stepparent who provides care in the family abode on a twenty-four hour basis to an Indian child as defined in 25 U.S.C. **NEW SECTION. Sec. 3. GUARDIANSHIP PETITION.**

(1) Any party to a dependency proceeding under chapter 13.34 RCW may request a guardianship be established for a dependent child by filing a petition in juvenile court under this chapter. All parties to the dependency and the proposed guardian must receive adequate notice of all proceedings under this chapter. For purposes of this chapter, a dependent child age twelve years or older is a party to the proceedings. A proposed guardian has the right to intervene in proceedings under this chapter.

(2) To be designated as a proposed guardian in a petition under this chapter, a person must be age twenty-one or over and must meet the minimum requirements to care for children as established by the department under RCW 74.15.030, including but not limited to licensed foster parents, relatives, and suitable persons.

(3) Every petition filed in proceedings under this chapter shall contain: (a) A statement alleging whether the child is or may be an

Indian child as defined in 25 U.S.C. Sec. 1903. If the child is an Indian child as defined under the Indian child welfare act, the provisions of that act shall apply; (b) a statement alleging whether the federal servicemembers civil relief act of 2003, 50 U.S.C. (4) Every order or decree entered in any proceeding under this chapter shall contain: (a) A finding that the Indian child welfare act does or does not apply. Where there is a finding that the Indian child welfare act does apply, the decree or order must also contain a finding that all notice requirements and evidentiary requirements under the Indian child welfare act have been satisfied; (b) a finding that the federal servicemembers civil relief act of 2003 does or does not apply; and (c) a finding that the Washington service members' civil relief act, chapter 38.42 RCW, does or does not apply.

**NEW SECTION. Sec. 4. GUARDIANSHIP HEARING.**

(1) At the hearing on a guardianship petition, all parties have the right to present evidence and cross-examine witnesses. The rules of evidence apply to the conduct of the hearing. The hearing under this section to establish a guardianship or convert an existing dependency guardianship to a guardianship under this section is a stage of the dependency proceedings for purposes of RCW 13.34.090(2).

(2) A guardianship shall be established if:

(a) The court finds by a preponderance of the evidence that it is in the child's best interests to establish a guardianship, rather than to terminate the parent-child relationship and proceed with adoption, or to continue efforts to return custody of the child to the parent; and

(b) All parties agree to entry of the guardianship order and the proposed guardian is qualified, appropriate, and capable of performing the duties of guardian under section 5 of this act; or

(c)(i) The child has been found to be a dependent child under RCW 13.34.030;

(ii) A dispositional order has been entered pursuant to RCW 13.34.130;

(iii) At the time of the hearing on the guardianship petition, the child has or will have been removed from the custody of the parent for at least six consecutive months following a finding of dependency under RCW 13.34.030;

(iv) The services ordered under RCW 13.34.130 and 13.34.136 have been offered or provided and all necessary services, reasonably available, capable of correcting the parental deficiencies within the foreseeable future have been offered or provided;

(v) There is little likelihood that conditions will be remedied so that the child can be returned to the parent in the near future; and

(vi) The proposed guardian has signed a statement acknowledging the guardian's rights and responsibilities toward the child and affirming the guardian's understanding and acceptance that the guardianship is a commitment to provide care for the child until the child reaches age eighteen.

(3) The court may not establish a guardianship for a child who has no legal parent unless the court, in addition to making the required findings set forth in subsection (2) of this section, finds one or more exceptional circumstances exist and the benefits for the child of establishing the guardianship outweigh any potential disadvantage to the child of having no legal parent. Exceptional circumstances may include but are not limited to:

(a) The child has special needs and a suitable guardian is willing to accept custody and able to meet the needs of the child to an extent unlikely to be achieved through adoption; or

(b) The proposed guardian has demonstrated a commitment to provide for the long-term care of the child and: (i) Is a relative of the child; (ii) has been a long-term caregiver for the child and has acted as a parent figure to the child and is viewed by the child as a

FIFTY FOURTH DAY, MARCH 5, 2010

parent figure; or (iii) the child's family has identified the proposed guardian as the preferred guardian, and, if the child is age twelve years or older, the child also has identified the proposed guardian as the preferred guardian.

(4) Upon the request of a dependency guardian appointed under chapter 13.34 RCW and the department or supervising agency, the court shall convert a dependency guardianship established under chapter 13.34 RCW to a guardianship under this chapter.

**NEW SECTION. Sec. 5. GUARDIANSHIP ORDER.** (1) If the court has made the findings required under section 4 of this act, the court shall issue an order establishing a guardianship for the child. If the guardian has not previously intervened, the guardian shall be made a party to the guardianship proceeding upon entry of the guardianship order. The order shall:

- (a) Appoint a person to be the guardian for the child;
- (b) Specify the guardian's rights and responsibilities concerning the care, custody, control, and nurturing of the child;
- (c) Specify the guardian's authority, if any, to receive, invest, and expend funds, benefits, or property belonging to the child;
- (d) Specify an appropriate frequency and type of contact between the parent or parents and the child, if applicable, and between the child and his or her siblings, if applicable; and
- (e) Specify the need for and scope of continued oversight by the court, if any.

(2) The guardian shall maintain physical and legal custody of the child and have the following rights and duties under the guardianship:

- (a) Duty to protect, nurture, discipline, and educate the child;
- (b) Duty to provide food, clothing, shelter, education as required by law, and health care for the child, including but not limited to, medical, dental, mental health, psychological, and psychiatric care and treatment;
- (c) Right to consent to health care for the child and sign a release authorizing the sharing of health care information with appropriate authorities, in accordance with state law;
- (d) Right to consent to the child's participation in social and school activities; and
- (e) Duty to notify the court of a change of address of the guardian and the child. Unless specifically ordered by the court, however, the standards and requirements for relocation in chapter 26.09 RCW do not apply to guardianships established under this chapter.

(3) If the child has independent funds or other valuable property under the control of the guardian, the guardian shall provide an annual written accounting, supported with appropriate documentation, to the court regarding receipt and expenditure by the guardian of any such funds or benefits. This subsection shall not be construed to require a guardian to account for any routine funds or benefits received from a public social service agency on behalf of the child.

(4) The guardianship shall remain in effect until the child reaches the age of eighteen years or until the court terminates the guardianship, whichever occurs sooner.

(5) Once the dependency has been dismissed pursuant to section 7 of this act, the court shall not order the department or other supervising agency to supervise or provide case management services to the guardian or the child as part of the guardianship order.

(6) The court shall issue a letter of guardianship to the guardian upon the entry of the court order establishing the guardianship under this chapter.

**NEW SECTION. Sec. 6. GUARDIANSHIP MODIFICATION.** (1) A guardian or a parent of the child may petition the court to modify the visitation provisions of a guardianship order by:

2010 REGULAR SESSION

(a) Filing with the court a motion for modification and an affidavit setting forth facts supporting the requested modification; and

(b) Providing notice and a copy of the motion and affidavit to all other parties. The nonmoving parties may file and serve opposing affidavits.

(2) The court shall deny the motion unless it finds that adequate cause for hearing the motion is established by the affidavits, in which case it shall set a date for hearing on an order to show cause why the requested modification should not be granted.

(3) If the court finds that a motion to modify a guardianship order has been brought in bad faith, the court may assess attorney's fees and court costs of the nonmoving party against the moving party.

**NEW SECTION. Sec. 7. GUARDIANSHIP TERMINATION.** (1) Any party to a guardianship proceeding may request termination of the guardianship by filing a petition and supporting affidavit alleging a substantial change has occurred in the circumstances of the child or the guardian and that the termination is necessary to serve the best interests of the child. The petition and affidavit must be served on the department or supervising agency and all parties to the guardianship.

(2) Except as provided in subsection (3) of this section, the court shall not terminate a guardianship unless it finds, upon the basis of facts that have arisen since the guardianship was established or that were unknown to the court at the time the guardianship was established, that a substantial change has occurred in the circumstances of the child or the guardian and that termination of the guardianship is necessary to serve the best interests of the child. The effect of a guardian's duties while serving in the military potentially impacting guardianship functions shall not, by itself, be a substantial change of circumstances justifying termination of a guardianship.

(3) The court may terminate a guardianship on the agreement of the guardian, the child, if the child is age twelve years or older, and a parent seeking to regain custody of the child if the court finds by a preponderance of the evidence and on the basis of facts that have arisen since the guardianship was established that:

(a) The parent has successfully corrected the parenting deficiencies identified by the court in the dependency action, and the circumstances of the parent have changed to such a degree that returning the child to the custody of the parent no longer creates a risk of harm to the child's health, welfare, and safety;

(b) The child, if age twelve years or older, agrees to termination of the guardianship and the return of custody to the parent; and

(c) Termination of the guardianship and return of custody of the child to the parent is in the child's best interests.

(4) Upon the entry of an order terminating a guardianship, the court shall enter an order:

(a) Granting the child's parent with legal and physical custody of the child;

(b) Granting a substitute guardian with legal and physical custody of the child; or

(c) Directing the child to be temporarily placed in the custody of the department for placement with a relative or other suitable person as defined in RCW 13.34.130(1)(b), if available, or in an appropriate licensed out-of-home placement, and directing that the department file a dependency petition on behalf of the child.

**NEW SECTION. Sec. 8. APPOINTMENT OF GUARDIAN AD LITEM OR ATTORNEY FOR THE CHILD.** In all proceedings to establish, modify, or terminate a guardianship order, the court shall appoint a guardian ad litem or attorney for the child. The court may appoint a guardian ad litem or attorney who represented the child in a prior proceeding under this chapter or

FIFTY FOURTH DAY, MARCH 5, 2010

2010 REGULAR SESSION

under chapter 13.34 RCW, or may appoint an attorney to supersede an existing guardian ad litem.

**NEW SECTION. Sec. 9. GUARDIANSHIP SUBSIDY.**

(1) A relative guardian who is a licensed foster parent at the time a guardianship is established under this chapter and who has been the child's foster parent for a minimum of six consecutive months preceding entry of the guardianship order is eligible for a relative guardianship subsidy on behalf of the child. The department may establish rules setting eligibility, application, and program standards consistent with applicable federal guidelines for expenditure of federal funds.

(2) Within amounts appropriated for this specific purpose, a guardian who is a licensed foster parent at the time a guardianship is established under this chapter and who has been the child's foster parent for a minimum of six consecutive months preceding entry of the guardianship order is eligible for a guardianship subsidy on behalf of the child.

**Sec. 10.** RCW 13.34.030 and 2009 c 520 s 21 and 2009 c 397 s 1 are each reenacted and amended to read as follows:

For purposes of this chapter:

(1) "Abandoned" means when the child's parent, guardian, or other custodian has expressed, either by statement or conduct, an intent to forego, for an extended period, parental rights or responsibilities despite an ability to exercise such rights and responsibilities. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon.

(2) "Child" and "juvenile" means any individual under the age of eighteen years.

(3) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until: (a) The child returns home; (b) an adoption decree, a permanent custody order, or guardianship order is entered; or (c) the dependency is dismissed, whichever occurs first.

(4) "Department" means the department of social and health services.

(5) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to this chapter for the limited purpose of assisting the court in the supervision of the dependency.

(6) "Dependent child" means any child who:

(a) Has been abandoned;

(b) Is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child; or

(c) Has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development.

(7) "Developmental disability" means a disability attributable to mental retardation, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to mental retardation or to require treatment similar to that required for individuals with mental retardation, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial handicap to the individual.

(8) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding (~~other than a proceeding under this chapter~~), including a guardian appointed pursuant to chapter 13.-- RCW (the new chapter created

in section 17 of this act); and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" (~~shall~~) does not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(9) "Guardian ad litem" means a person, appointed by the court to represent the best interests of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.

(10) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

#### MOTION

Senator Kline moved that the following striking amendment by Senators Kline, Hargrove and Carrell be adopted:

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1.** The legislature intends by this act to require an individualized determination by a judicial officer of conditions of release for persons in custody for felony. This requirement is consistent with constitutional requirements and court rules regarding the right of a detained person to a prompt determination of probable cause and judicial review of the conditions of release and the requirement that judicial determinations of bail or release be made no later than the preliminary appearance stage.

**NEW SECTION. Sec. 2.** (1) Bail for the release of a person arrested and detained for a felony offense must be determined on an individualized basis by a judicial officer.

(2) This section expires August 1, 2011.

**NEW SECTION. Sec. 3.** It is the intent of the legislature to enact a law for the purpose of reasonably assuring public safety in bail determination hearings and hearings pursuant to the proposed amendment to Article I, section 20 of the state Constitution set forth in House Joint Resolution No. 4220. Other provisions of law address matters relating to assuring the appearance of the defendant at trial and preventing interference with the administration of justice.

**NEW SECTION. Sec. 4.** Upon the appearance before a judicial officer of a person charged with an offense, the judicial officer must issue an order that, pending trial, the person be:

(1) Released on personal recognizance;

(2) Released on a condition or combination of conditions ordered under section 5 of this act or other provision of law;

(3) Temporarily detained as allowed by law; or

(4) Detained as provided under this act.

**NEW SECTION. Sec. 5.** (1) The judicial officer may at any time amend the order to impose additional or different conditions of release. The conditions imposed under this chapter supplement but do not supplant provisions of law allowing the imposition of conditions to assure the appearance of the defendant at trial or to prevent interference with the administration of justice.

(2) Appropriate conditions of release under this chapter include, but are not limited to, the following:

(a) The defendant may be placed in the custody of a designated person or organization agreeing to supervise the defendant;

(b) The defendant may have restrictions placed upon travel, association, or place of abode during the period of release;

(c) The defendant may be required to comply with a specified curfew;

(d) The defendant may be required to return to custody during specified hours or to be placed on electronic monitoring, if available. The defendant, if convicted, may not have the period of

incarceration reduced by the number of days spent on electronic monitoring;

(e) The defendant may be prohibited from approaching or communicating in any manner with particular persons or classes of persons;

(f) The defendant may be prohibited from going to certain geographical areas or premises;

(g) The defendant may be prohibited from possessing any dangerous weapons or firearms;

(h) The defendant may be prohibited from possessing or consuming any intoxicating liquors or drugs not prescribed to the defendant. The defendant may be required to submit to testing to determine the defendant's compliance with this condition;

(i) The defendant may be prohibited from operating a motor vehicle that is not equipped with an ignition interlock device;

(j) The defendant may be required to report regularly to and remain under the supervision of an officer of the court or other person or agency; and

(k) The defendant may be prohibited from committing any violations of criminal law.

**NEW SECTION. Sec. 6.** If, after a hearing on offenses prescribed in Article I, section 20 of the state Constitution, the judicial officer finds, by clear and convincing evidence, that a person shows a propensity for violence that creates a substantial likelihood of danger to the community or any persons, and finds that no condition or combination of conditions will reasonably assure the safety of any other person and the community, such judicial officer must order the detention of the person before trial. The detainee is entitled to expedited review of the detention order by the court of appeals under the writ provided in RCW 7.36.160.

**NEW SECTION. Sec. 7.** The judicial officer must, in determining whether there are conditions of release that will reasonably assure the safety of any other person and the community, take into account the available information concerning:

(1) The nature and circumstances of the offense charged, including whether the offense is a crime of violence;

(2) The weight of the evidence against the defendant; and

(3) The history and characteristics of the defendant, including:

(a) The person's character, physical and mental condition, family ties, employment, financial resources, length of residence in the community, community ties, past conduct, history relating to drug or alcohol abuse, criminal history, and record concerning appearance at court proceedings;

(b) Whether, at the time of the current offense or arrest, the defendant was on community supervision, probation, parole, or on other release pending trial, sentencing, appeal, or completion of sentence for an offense under federal, state, or local law; and

(c) The nature and seriousness of the danger to any person or the community that would be posed by the defendant's release.

**NEW SECTION. Sec. 8.** (1) The judicial officer must hold a hearing in cases involving offenses prescribed in Article 1, section 20, to determine whether any condition or combination of conditions will reasonably assure the safety of any other person and the community upon motion of the attorney for the government.

(2) The hearing must be held immediately upon the defendant's first appearance before the judicial officer unless the defendant, or the attorney for the government, seeks a continuance. Except for good cause, a continuance on motion of such person may not exceed five days (not including any intermediate Saturday, Sunday, or legal holiday), and a continuance on motion of the attorney for the government may not exceed three days (not including any intermediate Saturday, Sunday, or legal holiday). During a continuance, such person must be detained.

(3) At the hearing, such defendant has the right to be represented by counsel, and, if financially unable to obtain representation, to

2010 REGULAR SESSION

have counsel appointed. The defendant must be afforded an opportunity to testify, to present witnesses, to cross-examine witnesses who appear at the hearing, and to present information by proffer or otherwise. The rules concerning admissibility of evidence in criminal trials do not apply to the presentation and consideration of information at the hearing. The facts the judicial officer uses to support a finding that no condition or combination of conditions will reasonably assure the safety of any other person and the community must be supported by clear and convincing evidence of a propensity for violence that creates a substantial likelihood of danger to the community or any persons.

(4) The defendant may be detained pending completion of the hearing. The hearing may be reopened, before or after a determination by the judicial officer, at any time before trial if the judicial officer finds that information exists that was not known to the movant at the time of the hearing and that has a material bearing on the issue whether there are conditions of release that will reasonably assure the safety of any other person and the community.

**NEW SECTION. Sec. 9.** In a release order issued under section 5 of this act the judicial officer must:

(1) Include a written statement that sets forth all the conditions to which the release is subject, in a manner sufficiently clear and specific to serve as a guide for the defendant's conduct; and

(2) Advise the defendant of:

(a) The penalties for violating a condition of release, including the penalties for committing an offense while on pretrial release; and

(b) The consequences of violating a condition of release, including the immediate issuance of a warrant for the defendant's arrest.

**NEW SECTION. Sec. 10.** (1) In a detention order issued under section 6 of this act, the judicial officer must:

(a) Include written findings of fact and a written statement of the reasons for the detention;

(b) Direct that the person be committed to the custody of the appropriate correctional authorities for confinement separate, to the extent practicable, from persons awaiting or serving sentences or being held in custody pending appeal; and

(c) Direct that the person be afforded reasonable opportunity for private consultation with counsel.

(2) The judicial officer may, by subsequent order, permit the temporary release of the person, in the custody of an appropriate law enforcement officer or other appropriate person, to the extent that the judicial officer determines such release to be necessary for preparation of the person's defense or for another compelling reason.

**NEW SECTION. Sec. 11.** Nothing in this chapter may be construed as modifying or limiting the presumption of innocence.

**NEW SECTION. Sec. 12.** Sections 3 through 11 of this act constitute a new chapter in Title 10 RCW.

**NEW SECTION. Sec. 13.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

**NEW SECTION. Sec. 14.** Sections 1 and 2 take effect January 1, 2011. Sections 3 through 10 take effect January 1, 2011, only if the proposed amendment to Article I, section 20 of the state Constitution proposed in House Joint Resolution No. 4220 is validly submitted to and is approved and ratified by the voters at the next general election. If the proposed amendment is not approved and ratified, sections 3 through 11 of this act are null and void in their entirety."

The department shall grant credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under this subsection for a suspension, revocation, or denial imposed under RCW 46.20.3101 arising out of the same incident.

For purposes of this subsection (9), the department shall refer to the driver's record maintained under RCW 46.52.120 when determining the existence of prior offenses.

(10) After expiration of any period of suspension, revocation, or denial of the offender's license, permit, or privilege to drive required by this section, the department shall place the offender's driving privilege in probationary status pursuant to RCW 46.20.355.

(11)(a) In addition to any nonsuspendable and nondeferrable jail sentence required by this section, whenever the court imposes less than one year in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive and proof of financial responsibility for the future; (ii) not driving a motor vehicle within this state while having an alcohol concentration of 0.08 or more within two hours after driving; and (iii) not refusing to submit to a test of his or her breath or blood to determine alcohol concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor. The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a)(i), (ii), or (iii) of this subsection, the court shall order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(12) A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-five days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-five days.

(13) An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728((4)) (3).

(14) For purposes of this section and RCW 46.61.502 and 46.61.504:

(a) A "prior offense" means any of the following:

(i) A conviction for a violation of RCW 46.61.502 or an equivalent local ordinance;

(vi) An out-of-state conviction for a violation that would have been a violation of (a)(i), (ii), (iii), (iv), or (v) of this subsection if committed in this state;

(vii) A deferred prosecution under chapter 10.05 RCW granted in a prosecution for a violation of RCW 46.61.502, 46.61.504, or an equivalent local ordinance; or

**NEW SECTION. Sec. 5.** A new section is added to chapter 46.61 RCW to read as follows:

If a person is required, as part of the person's judgment and sentence, to install an ignition interlock device on all motor vehicles operated by the person and the person is under the jurisdiction of the municipality or county probation or supervision department, the probation or supervision department must verify the installation of the ignition interlock device or devices. The municipality or county probation or supervision department satisfies the requirement to verify the installation or installations if the municipality or county probation or supervision department receives written verification by one or more companies doing business in the state that it has installed the required device on each vehicle owned or operated by the person. The municipality or county shall have no further obligation to supervise the use of the ignition interlock device or devices by the person and shall not be civilly liable for any injuries or damages caused by the person for failing to use an ignition interlock device or for driving under the influence of intoxicating liquor or any drug or being in actual physical control of a motor vehicle under the influence of intoxicating liquor or any drug.

**Sec. 6.** RCW 46.20.410 and 2008 c 282 s 8 are each amended to read as follows:

(1) Any person convicted for violation of any restriction of an occupational driver's license~~(s))~~ or a temporary restricted driver's license~~((, or an ignition interlock driver's license))~~ shall in addition to the ~~((immediate revocation))~~ cancellation of such license and any other penalties provided by law be fined not less than fifty nor more than two hundred dollars or imprisoned for not more than six months or both such fine and imprisonment.

(2) It is a gross misdemeanor for a person to violate any restriction of an ignition interlock driver's license.

**Sec. 7.** RCW 46.20.342 and 2008 c 282 s 4 are each amended to read as follows:

(1) It is unlawful for any person to drive a motor vehicle in this state while that person is in a suspended or revoked status or when his or her privilege to drive is suspended or revoked in this or any other state. Any person who has a valid Washington driver's license is not guilty of a violation of this section.

(a) A person found to be an habitual offender under chapter 46.65 RCW, who violates this section while an order of revocation issued under chapter 46.65 RCW prohibiting such operation is in effect, is guilty of driving while license suspended or revoked in the first degree, a gross misdemeanor. Upon the first such conviction, the person shall be punished by imprisonment for not less than ten days. Upon the second conviction, the person shall be punished by imprisonment for not less than ninety days. Upon the third or subsequent conviction, the person shall be punished by imprisonment for not less than one hundred eighty days. If the person is also convicted of the offense defined in RCW 46.61.502 or 46.61.504, when both convictions arise from the same event, the minimum sentence of confinement shall be not less than ninety days. The minimum sentence of confinement required shall not be

suspended or deferred. A conviction under this subsection does not prevent a person from petitioning for reinstatement as provided by RCW 46.65.080.

(b) A person who violates this section while an order of suspension or revocation prohibiting such operation is in effect and while the person is not eligible to reinstate his or her driver's license or driving privilege, other than for a suspension for the reasons described in (c) of this subsection, is guilty of driving while license suspended or revoked in the second degree, a gross misdemeanor. For the purposes of this subsection, a person is not considered to be eligible to reinstate his or her driver's license or driving privilege if the person is eligible to obtain an ignition interlock driver's license but did not obtain such a license. This subsection applies when a person's driver's license or driving privilege has been suspended or revoked by reason of:

(i) A conviction of a felony in the commission of which a motor vehicle was used;

(ii) A previous conviction under this section;

(iii) A notice received by the department from a court or diversion unit as provided by RCW 46.20.265, relating to a minor who has committed, or who has entered a diversion unit concerning an offense relating to alcohol, legend drugs, controlled substances, or imitation controlled substances;

(iv) A conviction of RCW 46.20.410, relating to the violation of restrictions of an occupational driver's license, a temporary restricted driver's license, or an ignition interlock driver's license;

(v) A conviction of RCW 46.20.345, relating to the operation of a motor vehicle with a suspended or revoked license;

(vi) A conviction of RCW 46.52.020, relating to duty in case of injury to or death of a person or damage to an attended vehicle;

(viii) A conviction of RCW 46.61.500, relating to reckless driving;

(ix) A conviction of RCW 46.61.502 or 46.61.504, relating to a person under the influence of intoxicating liquor or drugs;

(x) A conviction of RCW 46.61.520, relating to vehicular homicide;

(xi) A conviction of RCW 46.61.522, relating to vehicular assault;

(xiii) A conviction of RCW 46.61.530, relating to racing of vehicles on highways;

(xiv) A conviction of RCW 46.61.685, relating to leaving children in an unattended vehicle with motor running;

(xv) A conviction of RCW 46.61.740, relating to theft of motor vehicle fuel;

(xvi) A conviction of RCW 46.64.048, relating to attempting, aiding, abetting, coercing, and committing crimes;

(xvii) An administrative action taken by the department under chapter 46.20 RCW; or

(xviii) A conviction of a local law, ordinance, regulation, or resolution of a political subdivision of this state, the federal government, or any other state, of an offense substantially similar to a violation included in this subsection.

(c) A person who violates this section when his or her driver's license or driving privilege is, at the time of the violation, suspended or revoked solely because (i) the person must furnish proof of satisfactory progress in a required alcoholism or drug treatment program, (ii) the person must furnish proof of financial responsibility for the future as provided by chapter 46.29 RCW, (iii) the person has failed to comply with the provisions of chapter 46.29 RCW relating to uninsured accidents, (iv) the person has failed to respond to a notice of traffic infraction, failed to appear at a

requested hearing, violated a written promise to appear in court, or has failed to comply with the terms of a notice of traffic infraction or citation, as provided in RCW 46.20.289, (v) the person has committed an offense in another state that, if committed in this state, would not be grounds for the suspension or revocation of the person's driver's license, (vi) the person has been suspended or revoked by reason of one or more of the items listed in (b) of this subsection, but was eligible to reinstate his or her driver's license or driving privilege at the time of the violation, or (vii) the person has received traffic citations or notices of traffic infraction that have resulted in a suspension under RCW 46.20.267 relating to intermediate drivers' licenses, or any combination of (i) through (vii), is guilty of driving while license suspended or revoked in the third degree, a misdemeanor. For the purposes of this subsection, a person is not considered to be eligible to reinstate his or her driver's license or driving privilege if the person is eligible to obtain an ignition interlock driver's license but did not obtain such a license.

(2) Upon receiving a record of conviction of any person or upon receiving an order by any juvenile court or any duly authorized court officer of the conviction of any juvenile under this section, the department shall:

(a) For a conviction of driving while suspended or revoked in the first degree, as provided by subsection (1)(a) of this section, extend the period of administrative revocation imposed under chapter 46.65 RCW for an additional period of one year from and after the date the person would otherwise have been entitled to apply for a new license or have his or her driving privilege restored; or

(b) For a conviction of driving while suspended or revoked in the second degree, as provided by subsection (1)(b) of this section, not issue a new license or restore the driving privilege for an additional period of one year from and after the date the person would otherwise have been entitled to apply for a new license or have his or her driving privilege restored; or

(c) Not extend the period of suspension or revocation if the conviction was under subsection (1)(c) of this section. If the conviction was under subsection (1)(a) or (b) of this section and the court recommends against the extension and the convicted person has obtained a valid driver's license, the period of suspension or revocation shall not be extended.

**Sec. 8.** RCW 46.20.740 and 2008 c 282 s 13 are each amended to read as follows:

(1) The department shall attach or imprint a notation on the driving record of any person restricted under RCW 46.20.720 (~~(¶)~~), 46.61.5055, or 10.05.140 stating that the person may operate only a motor vehicle equipped with a functioning ignition interlock device. The department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. If, based upon notification from the interlock provider or otherwise, the department determines that an ignition interlock required under this section is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(2) It is a gross misdemeanor for a person with such a notation on his or her driving record to operate a motor vehicle that is not so equipped.

**Sec. 9.** RCW 10.05.020 and 2008 c 282 s 16 are each amended to read as follows:

The petition shall also contain a case history and written assessment prepared by an approved alcoholism treatment program as designated in chapter 70.96A RCW if the petition alleges alcoholism, an approved drug program as designated in chapter 71.24 RCW if the petition alleges drug addiction, or by an approved mental health center if the petition alleges a mental problem.

(2) In the case of a petitioner charged with a misdemeanor or gross misdemeanor under chapter 9A.42 RCW, the petitioner shall allege under oath in the petition that the petitioner is the natural or adoptive parent of the alleged victim; that the wrongful conduct charged is the result of parenting problems for which the petitioner is in need of services; that the petitioner is in need of child welfare services under chapter 74.13 RCW to improve his or her parenting skills in order to better provide his or her child or children with the basic necessities of life; that the petitioner wants to correct his or her conduct to reduce the likelihood of harm to his or her minor children; that in the absence of child welfare services the petitioner may be unable to reduce the likelihood of harm to his or her minor children; and that the petitioner has cooperated with the department of social and health services to develop a plan to receive appropriate child welfare services; along with a statement that the person agrees to pay the cost of the services if he or she is financially able to do so. The petitioner shall also be advised that he or she may, if he or she proceeds to trial and is found guilty, be allowed to seek suspension of some or all of the fines and incarceration that may be ordered upon the condition that he or she seek treatment and, further, that he or she may seek treatment from public and private agencies at any time without regard to whether or not he or she is found guilty of the offense charged. He or she shall also be advised that the court will not accept a petition for deferred prosecution from a person who: (i) Sincerely believes that he or she is innocent of the charges; (ii) sincerely believes that he or she does not, in fact, suffer from alcoholism, drug addiction, or mental problems (~~(, unless the petition for deferred prosecution is under section 18 of this act)~~); or (iii) in the case of a petitioner charged under chapter 9A.42 RCW, sincerely believes that he or she does not need child welfare services.

(4) Before entering an order deferring prosecution, the court shall make specific findings that: (a) The petitioner has stipulated to the admissibility and sufficiency of the facts as contained in the written police report; (b) the petitioner has acknowledged the admissibility of the stipulated facts in any criminal hearing on the underlying offense or offenses held subsequent to revocation of the order granting deferred prosecution; (c) the petitioner has

The court upon receiving such a report shall hold a hearing to determine whether the petitioner should be removed from the deferred prosecution program. At the hearing, evidence shall be taken of the petitioner's alleged failure to comply with the treatment plan or device installation and the petitioner shall have the right to present evidence on his or her own behalf. The court shall either order that the petitioner continue on the treatment plan or be removed from deferred prosecution. ~~((If the petitioner's noncompliance is based on a violation of a term or condition imposed in connection with the installation of an ignition interlock device under RCW 46.20.385, the court shall either order that the petitioner comply with the term or condition or be removed from deferred prosecution.))~~ If removed from deferred prosecution, the court shall enter judgment pursuant to RCW 10.05.020 and, if the charge for which the deferred prosecution was granted was a misdemeanor or gross misdemeanor under Title 46 RCW, shall notify the department of licensing of the removal and entry of judgment.

Regarding school district compliance with state and federal civil rights laws.

#### MOTION

Senator McAuliffe moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that in 1975 legislation was adopted, codified as chapter 28A.640 RCW, recognizing the deleterious effect of discrimination on the basis of sex, specifically prohibiting such discrimination in Washington public schools, and requiring the office of the superintendent of public instruction to monitor and enforce compliance. The legislature further finds that, while numerous state and federal laws prohibit discrimination on other bases in addition to sex, the common school provisions in Title 28A RCW do not include specific acknowledgment of the right to be free from discrimination because of race, creed, color, national origin, honorably discharged veteran or military status, sexual orientation, the presence of any sensory, mental, or physical disability, or the use of a trained dog guide or service animal by a person with a disability, nor do any common school provisions specifically direct the office of the

superintendent of public instruction to monitor and enforce compliance with these laws. The legislature finds that one of the recommendations made to the legislature by the achievement gap oversight and accountability committee created in chapter 468, Laws of 2009, was that the office of the superintendent of public instruction should be specifically authorized to take affirmative steps to ensure that school districts comply with all civil rights laws, similar to what has already been authorized in chapter 28A.640 RCW with respect to discrimination on the basis of sex.

**NEW SECTION. Sec. 2.** Discrimination in Washington public schools on the basis of race, creed, religion, color, national origin, honorably discharged veteran or military status, sexual orientation including gender expression or identity, the presence of any sensory, mental, or physical disability, or the use of a trained dog guide or service animal by a person with a disability is prohibited. The definitions given these terms in chapter 49.60 RCW apply throughout this chapter unless the context clearly requires otherwise.

**NEW SECTION. Sec. 3.** The superintendent of public instruction shall develop rules and guidelines to eliminate discrimination prohibited in section 2 of this act as it applies to public school employment, counseling and guidance services to students, recreational and athletic activities for students, access to course offerings, and in textbooks and instructional materials used by students.

**NEW SECTION. Sec. 4.** The office of the superintendent of public instruction shall monitor local school districts' compliance with this chapter, and shall establish a compliance timetable, rules, and guidelines for enforcement of this chapter.

**NEW SECTION. Sec. 5.** Any person aggrieved by a violation of this chapter, or aggrieved by the violation of any rule or guideline adopted under this chapter, has a right of action in superior court for civil damages and such equitable relief as the court determines.

**NEW SECTION. Sec. 6.** The superintendent of public instruction has the power to enforce and obtain compliance with the provisions of this chapter and the rules and guidelines adopted under this chapter, by appropriate order made pursuant to chapter 34.05 RCW. The order may include, but is not limited to, termination of all or part of state apportionment or categorical moneys to the offending school district, termination of specified programs in which violations may be flagrant within the offending school district, institution of corrective action, and the placement of the offending school district on probation with appropriate sanctions until compliance is achieved.

**NEW SECTION. Sec. 7.** This chapter is supplementary to, and does not supersede, existing law and procedures and future amendments to those laws and procedures relating to unlawful discrimination.

**NEW SECTION. Sec. 8.** Sections 1 through 7 of this act constitute a new chapter in Title 28A RCW.

**NEW SECTION. Sec. 9.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2010, in the omnibus appropriations act, this act is null and void."

## MESSAGE FROM THE HOUSE

March 4, 2010

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 6350 with the following amendment(s): 6350-S AMH WAYS H5477.1 6350-S AMH WAYS H5477.1,

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature finds that:

(a) Native American tribes have depended on the state's marine waters and its resources for countless generations and continue to do so for cultural, spiritual, economic, and subsistence purposes.

(b) The state has long demonstrated a strong commitment to protecting the state's marine waters, which are abundant in natural resources, contain a treasure of biological diversity, and are a source of multiple uses by the public supporting the economies of nearby communities as well as the entire state. These multiple uses include, but are not limited to: Marine-based industries and activities such as cargo, fuel, and passenger transportation; commercial, recreational, and tribal fishing; shellfish aquaculture; telecommunications and energy infrastructure; seafood processing; tourism; scientific research; and many related goods and services. These multiple uses as well as new emerging uses, such as renewable ocean energy, constitute a management challenge for sustaining resources and coordinating state decision making in a proactive, comprehensive and ecosystem-based manner.

(c) Washington's marine waters are part of a west coast-wide large marine ecosystem known as the California current, and the Puget Sound and Columbia river estuaries constitute two of the three largest estuaries that are part of this large marine ecosystem. Puget Sound and the Columbia river are estuaries of national significance under the national estuary program, and the outer coast includes the Olympic national marine sanctuary.

(d) Washington is working in cooperation with the states of Oregon and California and federal agencies on ocean and ocean

health management issues through the west coast governors' agreement on ocean health, and with the government of British Columbia on shared waters management issues through the British Columbia-Washington coastal and ocean task force.

(e) Washington has initiated comprehensive management programs to protect and promote compatible uses of these waters. These include: The development of a comprehensive ecosystem-based management plan known as the Puget Sound action agenda; shoreline plans for shorelines around the state; management plans for state-owned aquatic lands and their associated waters statewide; and watershed and salmon recovery management plans in the upland areas of Puget Sound, the coast, and the Columbia river. Data and data management tools have also been developed to support these management and planning activities, such as the coastal atlas managed by the department of ecology and the shore zone database managed by the department of natural resources.

(f) For marine waters specifically, Washington has formed several mechanisms to improve coordination and management. A legislatively authorized task force formed by the governor identified priority recommendations for improving state management of ocean resources through Washington's ocean action plan in 2006. The governor further formed an ongoing interagency team that assists the department of ecology in implementing these recommendations. There is an extensive network of marine resources committees within Puget Sound and on the outer coast and the Columbia river to promote and support local involvement identifying and conducting local priority marine projects and some have been involved in local planning and management. Through the Olympic coast intergovernmental policy council, the state has also formalized its working relationship with coastal tribes and the federal government in the management of the Olympic coast national marine sanctuary.

(g) Reports by the United States commission on oceans policy, the Pew oceans commission, and the joint oceans commission initiative recommend the adoption of a national ocean policy under which states and coastal communities would have a principal role in developing and implementing ecosystem-based management of marine waters. Acting on these recommendations, the president of the United States recently formed an interagency ocean policy task force charged with developing a national ocean policy and a framework for marine spatial planning that involves all governmental levels, including state, tribal, and local governments. To further develop and implement such a planning framework, it is anticipated that federal cooperation and support will be available to coastal states that are engaged in marine and coastal resource management and planning, including marine spatial planning.

(2) The purpose of this chapter is to build upon existing statewide Puget Sound, coastal, and Columbia river efforts. When resources become available, the state intends to augment the marine spatial component of existing plans and to improve the coordination among state agencies in the development and implementation of marine management plans.

(3) It is also the purpose of this chapter to establish policies to guide state agencies and local governments when exercising jurisdiction over proposed uses and activities in these waters. Specifically, in conducting marine spatial planning, and in augmenting existing marine management plans with marine spatial planning components, the state must:

(a) Continue to recognize the rights of native American tribes regarding marine natural resources;

(b) Base all planning on best available science. This includes identifying gaps in existing information, recommend a strategy for acquiring science needed to strengthen marine spatial plans, and create a process to adjust plans once additional scientific information is available;

FIFTY FIFTH DAY, MARCH 6, 2010

(c) Coordinate with all stakeholders, including marine resources committees and nongovernmental organizations, that are significantly involved in the collection of scientific information, ecosystem protection and restoration, or other activities related to marine spatial planning;

(d) Recognize that marine ecosystems span tribal, state, and international boundaries and that planning has to be coordinated with all entities with jurisdiction or authority in order to be effective;

(e) Establish or further promote an ecosystem-based management approach including linking marine spatial plans to adjacent nearshore and upland spatial or ecosystem-based plans;

(f) Ensure that all marine spatial plans are linked to measurable environmental outcomes;

(g) Establish a performance management system to monitor implementation of any new marine spatial plan;

(h) Establish an ocean stewardship policy that takes into account the existing natural, social, cultural, historic, and economic uses;

(i) Recognize that commercial, tribal, and recreational fisheries, and shellfish aquaculture are an integral part of our state's culture and contribute substantial economic benefits;

(j) Value biodiversity and ecosystem health, and protect special, sensitive, or unique estuarine and marine life and habitats, including important spawning, rearing, and migration areas for finfish, marine mammals, and productive shellfish habitats;

(k) Integrate this planning with existing plans and ongoing planning in the same marine waters and provide additional mechanisms for improving coordination and aligning management;

(l) Promote recovery of listed species under state and federal endangered species acts plans pursuant to those plans; and

(m) Fulfill the state's public trust and tribal treaty trust responsibilities in managing the state's ocean waters in a sustainable manner for current and future generations.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Aquatic lands" includes all tidelands, shorelands, harbor areas, and the beds of navigable waters, and must be construed to be coextensive with the term "aquatic lands" as defined in RCW 79.105.060.

(2) "Exclusive economic zone waters" means marine waters from the offshore state boundary to the boundary of the exclusive economic zone, over which the United States government has primary jurisdiction.

(3) "Marine counties" includes Clallam, Jefferson, Grays Harbor, Wahkiakum, San Juan, Whatcom, Skagit, Island, Snohomish, King, Pierce, Thurston, Mason, Kitsap, and Pacific counties.

(4) "Marine ecosystem" means the physical, biological, and chemical components and processes and their interactions in marine waters and aquatic lands, including humans.

(5) "Marine interagency team" or "team" means the marine interagency team created under section 3 of this act.

(6) "Marine management plan" and "marine waters management plan" means any plan guiding activities on and uses of the state's marine waters, and may include a marine spatial plan or element.

(7) "Marine resources committees" means those committees organized under RCW 36.125.020 or by counties within the Northwest straits marine conservation initiative.

(8) "Marine spatial planning" means a public process of analyzing and allocating the spatial and temporal distribution of human activities in marine areas to achieve ecological, economic, and social objectives. Often this type of planning is done to reduce conflicts among uses, to reduce environmental impacts, to facilitate

compatible uses, to align management decisions, and to meet other objectives determined by the planning process.

(9) "Marine waters" means aquatic lands and waters under tidal influence, including saltwaters and estuaries to the ordinary high water mark lying within the boundaries of the state. This definition also includes the portion of the Columbia river bordering Pacific and Wahkiakum counties, Willapa Bay, Grays Harbor, the Strait of Juan de Fuca, and the entire Puget Sound.

**NEW SECTION. Sec. 3.** (1) The office of the governor shall chair a marine interagency team that is composed of representatives of each of the agencies in the governor's natural resources cabinet with management responsibilities for marine waters, including the independent agencies. A representative from a federal agency with lead responsibility for marine spatial planning must be invited to serve as a liaison to the team to help ensure consistency with federal actions and policy. The team must conduct the assessment authorized in section 4 of this act, assist state agencies under section 5 of this act with the review and coordination of such planning with their existing and ongoing planning, and conduct the marine management planning authorized in section 6 of this act.

(2) The team may not commence any activities authorized under sections 5 and 6 of this act until federal, private, or other nonstate funding is secured specifically for these activities.

**NEW SECTION. Sec. 4.** (1) The marine interagency team created in section 3 of this act must assess and recommend a framework for conducting marine spatial planning and integrating the planning into existing management plans. The assessment must include, but not be limited to, recommendations for:

(a) Including a marine spatial component into the Puget Sound action agenda;

(b) Integrating marine spatial planning into management efforts for the Columbia river estuary, working with the state of Oregon; and

(c) Developing a marine management plan containing a marine spatial component for the outer coast, to be incorporated within the comprehensive marine management plan authorized under section 6 of this act.

(2) The assessment authorized under subsection (1) of this section must also:

(a) Summarize existing goals and objectives for: Plans in Puget Sound, the Columbia river estuary, and the outer coast, including the Puget Sound action agenda; shoreline plans for shorelines around the state; management plans for state-owned aquatic lands and their associated waters statewide; and watershed and salmon recovery management plans;

(b) Develop recommended goals and objectives for marine spatial planning that integrate with existing policies and regulations, and recommend a schedule to develop marine ecosystem health indicators, considering the views and recommendations of affected stakeholders and governmental agencies;

(c) Summarize how the existing goals and objectives as well as recommended goals and objectives are consistent or inconsistent with those adopted by other states for the west coast large marine ecosystem, and with those goals and objectives articulated in relevant national oceans policies and the national framework for marine spatial planning;

(d) Identify the existing management activities and spatial data related to these priorities and objectives and the key needs for incorporating marine spatial planning into existing statewide plans; and

(e) Provide recommendations on achieving a unified approach to database management and delivery that would support marine spatial planning throughout the state.

(3) The results of this assessment must be provided to the appropriate legislative committees by December 15, 2010.

FIFTY FIFTH DAY, MARCH 6, 2010

2010 REGULAR SESSION

(4) This section expires June 30, 2011.

**NEW SECTION. Sec. 5.** (1) Concurrently or prior to the assessment and planning activities provided in sections 4 and 6 of this act, and subject to available federal, private, or other nonstate funding for this purpose, all state agencies with marine waters planning and management responsibilities are authorized to include marine spatial data and marine spatial planning elements into their existing plans and ongoing planning.

(2) The director of the Puget Sound partnership under the direction of the leadership council created in RCW 90.71.220 must integrate marine spatial information and planning provisions into the action agenda. The information should be used to address gaps or improve the effectiveness of the spatial planning component of the action agenda, such as in addressing potential new uses such as renewable energy projects.

(3) The governor and the commissioner of public lands, working with appropriate marine management and planning agencies, should work cooperatively with the applicable west coast states, Canadian provinces, and with federal agencies, through existing cooperative entities such as the west coast governor's agreement on ocean health, the coastal and oceans task force, the Pacific coast collaborative, the Puget Sound federal caucus, and the United States and Canada cooperative agreement working group, to explore the benefits of developing joint marine spatial plans or planning frameworks in the shared waters of the Salish Sea, the Columbia river estuary, and in the exclusive economic zone waters. The governor and commissioner may approve the adoption of shared marine spatial plans or planning frameworks where they determine it would further policies of this chapter and chapter 43.143 RCW.

(4) On an ongoing basis, the director of the department of ecology shall work with other state agencies with marine management responsibilities, tribal governments, marine resources committees, local and federal agencies, and marine waters stakeholders to compile marine spatial information and to incorporate this information into ongoing plans. This work may be integrated with the comprehensive marine management plan authorized under section 6 of this act when that planning process is initiated.

(5) All actions taken to implement this section must be consistent with section 8 of this act.

**NEW SECTION. Sec. 6.** (1) Upon the receipt of federal, private, or other nonstate funding for this purpose, together with any required match of state funding that may be specifically provided for this purpose, the marine interagency team shall coordinate the development of a comprehensive marine management plan for the state's marine waters. The marine management plan must include marine spatial planning, as well as recommendations to the appropriate federal agencies regarding the exclusive economic zone waters. The plan may be developed in geographic segments, and may incorporate or be developed as an element of existing marine plans, such as the Puget Sound action agenda. The chair of the team may designate a state agency with marine management responsibilities to take the lead in developing and recommending to the team particular segments or elements of the comprehensive marine management plan.

(2) The marine management plan must be developed and implemented in a manner that:

(a) Recognizes and respects existing uses and tribal treaty rights;

(b) Promotes protection and restoration of ecosystem processes to a level that will enable long-term sustainable production of ecosystem goods and services;

(c) Addresses potential impacts of climate change and sea level rise upon current and projected marine waters uses and shoreline and coastal impacts;

(d) Fosters and encourages sustainable uses that provide economic opportunity without significant adverse environmental impacts;

(e) Preserves and enhances public access;

(f) Protects and encourages working waterfronts and supports the infrastructure necessary to sustain marine industry, commercial shipping, shellfish aquaculture, and other water-dependent uses;

(g) Fosters public participation in decision making and significant involvement of communities adjacent to the state's marine waters; and

(h) Integrates existing management plans and authorities and makes recommendations for aligning plans to the extent practicable.

(3) To ensure the effective stewardship of the state's marine waters held in trust for the benefit of the people, the marine management plan must rely upon existing data and resources, but also identify data gaps and, as possible, procure missing data necessary for planning.

(4) The marine management plan must include but not be limited to:

(a) An ecosystem assessment that analyzes the health and status of Washington marine waters including key social, economic, and ecological characteristics and incorporates the best available scientific information, including relevant marine data. This assessment should seek to identify key threats to plan goals, analyze risk and management scenarios, and develop key ecosystem indicators. In addition, the plan should incorporate existing adaptive management strategies underway by local, state, or federal entities and provide an adaptive management element to incorporate new information and consider revisions to the plan based upon research, monitoring, and evaluation;

(b) Using and relying upon existing plans and processes and additional management measures to guide decisions among uses proposed for specific geographic areas of the state's marine and estuarine waters consistent with applicable state laws and programs that control or address developments in the state's marine waters;

(c) A series of maps that, at a minimum, summarize available data on: The key ecological aspects of the marine ecosystem, including physical and biological characteristics, as well as areas that are environmentally sensitive or contain unique or sensitive species or biological communities that must be conserved and warrant protective measures; human uses of marine waters, particularly areas with high value for fishing, shellfish aquaculture, recreation, and maritime commerce; and appropriate locations with high potential for renewable energy production with minimal potential for conflicts with other existing uses or sensitive environments;

(d) An element that sets forth the state's recommendations to the federal government for use priorities and limitations, siting criteria, and protection of unique and sensitive biota and ocean floor features within the exclusive economic zone waters consistent with the policies and management criteria contained in this chapter and chapter 43.143 RCW;

(e) An implementation strategy describing how the plan's management measures and other provisions will be considered and implemented through existing state and local authorities; and

(f) A framework for coordinating state agency and local government review of proposed renewable energy development uses requiring multiple permits and other approvals that provide for the timely review and action upon renewable energy development proposals while ensuring protection of sensitive resources and minimizing impacts to other existing or projected uses in the area.

(5) If the director of the department of fish and wildlife determines that a fisheries management element is appropriate for inclusion in the marine management plan, this element may include the incorporation of existing management plans and procedures and standards for consideration in adopting and revising fisheries management plans in cooperation with the appropriate federal agencies and tribal governments.

(6) Any provision of the marine management plan that does not have as its primary purpose the management of commercial or recreational fishing but that has an impact on this fishing must minimize the negative impacts on the fishing. The team must accord substantial weight to recommendations from the director of the department of fish and wildlife for plan revisions to minimize the negative impacts.

(7) The marine management plan must recognize and value existing uses. All actions taken to implement this section must be consistent with section 8 of this act.

(8) The marine management plan must identify any provisions of existing management plans that are substantially inconsistent with the plan.

(9)(a) In developing the marine management plan, the team shall implement a strong public participation strategy that seeks input from throughout the state and particularly from communities adjacent to marine waters. Public review and comment must be sought and incorporated with regard to planning the scope of work as well as in regard to significant drafts of the plan and plan elements.

(b) The team must engage tribes and marine resources committees in its activities throughout the planning process. In particular, prior to finalizing the plan, the team must provide each tribe and marine resources committee with a draft of the plan and invite them to review and comment on the plan.

(10) The team must complete the plan within twenty-four months of the initiation of planning under this section.

(11) The director of the department of ecology shall submit the completed marine management plan to the appropriate federal agency for its review and approval for incorporation into the state's federally approved coastal zone management program.

(12) Subsequent to the adoption of the marine management plan, the team may periodically review and adopt revisions to the plan to incorporate new information and to recognize and incorporate provisions in other marine management plans. The team must afford the public an opportunity to review and comment upon significant proposed revisions to the marine management plan.

**NEW SECTION. Sec. 7.** (1) Upon the adoption of the marine management plan under section 6 of this act, each state agency and local government must make decisions in a manner that ensures consistency with applicable legal authorities and conformance with the applicable provisions of the marine management plan to the greatest extent possible.

(2) The director of the department of ecology, in coordination with the team, shall periodically review existing management plans maintained by state agencies and local governments that cover the same marine waters as the marine management plan under section 6 of this act, and for any substantial inconsistency with the marine management plan the director shall make recommendations to the agency or to the local government for revisions to eliminate the inconsistency.

(3) Not later than four years following adoption of the marine management plan under section 6 of this act, the department of ecology, in coordination with the team, shall report to the appropriate marine waters committees in the senate and house of representatives describing provisions of existing management plans that are substantially inconsistent with the marine management plan

under section 6 of this act, and making recommendations for eliminating the inconsistency.

(4) All actions taken to implement this section must be consistent with section 8 of this act. In the event of a conflict between the marine management plan and local ordinances and regulations, local ordinances and regulations shall control.

**NEW SECTION. Sec. 8.** No authority is created under this chapter to affect in any way any project, use, or activity in the state's marine waters existing prior to or during the development and review of the marine management plan. No authority is created under this chapter to supersede the current authority of any state agency or local government.

**NEW SECTION. Sec. 9.** A new section is added to chapter 43.21F RCW to read as follows:

(1) In addition to the duties prescribed in RCW 43.21F.045, the department must develop guidance applicable to all state agencies for achieving a unified state position upon matters involving the siting and operation of renewable energy facilities in the state's coastal and estuarine marine waters. The guidance must provide procedures for coordinating the views and responsibilities of any state agency with jurisdiction or expertise over the matter under consideration, which may include federal policy proposals, activities, permits, licenses, or the extension of funding for activities in or affecting the state's marine waters. In developing the guidance, the director must consult with agencies with primary responsibilities for permitting and management of marine waters and bedlands, including the departments of natural resources, ecology, transportation, and fish and wildlife, and the state parks and recreation commission, the Puget Sound partnership, and the energy facility site evaluation council. The director must also consult and incorporate relevant information from the regional activities related to renewable energy siting in marine waters, including those under the west coast governors' agreement on ocean health.

(2) The director may not commence development of the guidance until federal, private, or other nonstate funding is secured for this activity. The director must adopt the guidance within one year of securing such funds.

(3) This section is intended to promote consistency and multiple agency coordination in developing positions and exercising jurisdiction in matters involving the siting and operation of renewable energy facilities and does not diminish or abrogate the authority or jurisdiction of any state agency over such matters established under any other law.

**NEW SECTION. Sec. 10.** (1) The marine resources stewardship trust account is created in the state treasury. All receipts from income derived from the investment of amounts credited to the account, any grants, gifts, or donations to the state for the purposes of marine management planning, marine spatial planning, data compilation, research, or monitoring, and any appropriations made to the account must be deposited in the account. Moneys in the account may be spent only after appropriation.

(2) Expenditures from the account may only be used for the purposes of marine management planning, marine spatial planning, research, monitoring, implementation of the marine management plan, and for the restoration or enhancement of marine habitat or resources.

**Sec. 11.** RCW 43.84.092 and 2009 c 479 s 31, 2009 c 472 s 5, and 2009 c 451 s 8 are each reenacted and amended to read as follows:

## MESSAGE FROM THE HOUSE

March 2, 2010

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5543 with the following amendment(s): 5543-S.E AMH ENVH H5273.2 5543-S.E AMH ENVH H5273.2,

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that:

(1) Mercury is an essential component of many energy efficient lights. Improper disposal methods will lead to mercury releases that threaten the environment and harm human health. Spent mercury lighting is a hard to collect waste product that is appropriate for product stewardship;

(2) Convenient and environmentally sound product stewardship programs for mercury-containing lights that include collecting, transporting, and recycling mercury-containing lights will help protect Washington's environment and the health of state residents;

(3) The purpose of this act is to achieve a statewide goal of recycling all end-of-life mercury-containing lights by 2020 through expanded public education, a uniform statewide requirement to recycle all mercury-containing lights, and the development of a comprehensive, safe, and convenient collection system that includes use of residential curbside collection programs, mail-back containers, increased support for household hazardous waste facilities, and a network of additional collection locations;

(4) Product producers must play a significant role in financing no-cost collection and processing programs for mercury-containing lights; and

(5) Providers of premium collection services such as residential curbside and mail-back programs may charge a fee to cover the collection costs for these more convenient forms of collection.

**NEW SECTION. Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(11) "Person" means a sole proprietorship, partnership, corporation, nonprofit corporation or organization, limited liability company, firm, association, cooperative, or other legal entity located within or outside Washington state.

(12) "Processing" means recovering materials from unwanted products for use as feedstock in new products. Processing must occur at permitted facilities.

(b) Imports or has imported mercury-containing lights branded by a producer that meets the requirements of (a) of this subsection and where that producer has no physical presence in the United States;

(c) If (a) and (b) of this subsection do not apply, makes or made an unbranded mercury-containing light that is sold or has been sold in or into Washington state; or

**Sec. 309.** RCW 46.12.101 and 2008 c 316 s 1 are each amended to read as follows:

((A transfer of ownership in a motor vehicle is perfected by compliance with the requirements of this section.

(1)(a) If an owner transfers his or her interest in a vehicle, other than by the creation, deletion, or change of a security interest, the owner shall, at the time of the delivery of the vehicle, execute an assignment to the transferee and provide an odometer disclosure statement under RCW 46.12.124 on the certificate of ownership or as the department otherwise prescribes, and cause the certificate and assignment to be transmitted to the transferee. The owner shall notify the department or its agents or subagents, in writing, on the appropriate form, of the date of the sale or transfer, the name and address of the owner and of the transferee, the transferee's driver's license number if available, and such description of the vehicle, including the vehicle identification number, as may be required in the appropriate form provided or approved for that purpose by the department. The report of sale will be deemed properly filed if all information required in this section is provided on the form and includes a department-authorized notation that the document was received by the department, its agents, or subagents on or before the fifth day after the sale of the vehicle, excluding Saturdays, Sundays, and state and federal holidays. Agents and subagents shall immediately electronically transmit the seller's report of sale to the department. Reports of sale processed and recorded by the department's agents or subagents may be subject to fees as specified in RCW 46.01.140 (4)(a) or (5)(b). By January 1, 2003, the department shall create a system enabling the seller of a vehicle to transmit the report of sale electronically. The system created by the department must immediately indicate on the department's vehicle record that a seller's report of sale has been filed.

(b) By January 1, 2008, the department shall provide instructions on release of interest forms that allow the seller of a vehicle to release his or her interest in a vehicle at the same time a financial institution, as defined in RCW 30.22.040, releases its lien on the vehicle.

(2) The requirements of subsection (1) of this section to provide an odometer disclosure statement apply to the transfer of vehicles held for lease when transferred to a lessee and then to the lessor at

the end of the leasehold and to vehicles held in a fleet when transferred to a purchaser.

(3) Except as provided in RCW 46.70.122 the transferee shall within fifteen days after delivery to the transferee of the vehicle, execute the application for a new certificate of ownership in the same space provided therefor on the certificate or as the department prescribes, and cause the certificates and application to be transmitted to the department accompanied by a fee of five dollars in addition to any other fees required.

(4) Upon request of the owner or transferee, a secured party in possession of the certificate of ownership shall, unless the transfer was a breach of its security agreement, either deliver the certificate to the transferee for transmission to the department or, when the secured party receives the owner's assignment from the transferee, it shall transmit the transferee's application for a new certificate, the existing certificate, and the required fee to the department. Compliance with this section does not affect the rights of the secured party.

(5) If a security interest is reserved or created at the time of the transfer, the certificate of ownership shall be retained by or delivered to the person who becomes the secured party, and the parties shall comply with the provisions of RCW 46.12.170.

(6) If the purchaser or transferee fails or neglects to make application to transfer the certificate of ownership and license registration within fifteen days after the date of delivery of the vehicle, he or she shall on making application for transfer be assessed a twenty-five dollar penalty on the sixteenth day and two dollars additional for each day thereafter, but not to exceed one hundred dollars. The director may by rule establish conditions under which the penalty will not be assessed when an application for transfer is delayed for reasons beyond the control of the purchaser. Conditions for not assessing the penalty may be established for but not limited to delays caused by:

- (a) The department requesting additional supporting documents;
- (b) Extended hospitalization or illness of the purchaser;
- (c) Failure of a legal owner to release his or her interest;
- (d) Failure, negligence, or nonperformance of the department, auditor, or subagent;
- (e) The transferee had no knowledge of the filing of the vehicle report of sale and signs an affidavit to the fact.

Failure or neglect to make application to transfer the certificate of ownership and license registration within forty-five days after the date of delivery of the vehicle is a misdemeanor and a continuing offense for each day during which the purchaser or transferee does not make application to transfer the certificate of ownership and license registration. Despite the continuing nature of this offense, it shall be considered a single offense, regardless of the number of days that have elapsed following the forty-five day time period.

(7) Upon receipt of an application for reissue or replacement of a certificate of ownership and transfer of license registration, accompanied by the endorsed certificate of ownership or other documentary evidence as is deemed necessary, the department shall, if the application is in order and if all provisions relating to the certificate of ownership and license registration have been complied with, issue new certificates of title and license registration as in the case of an original issue and shall transmit the fees together with an itemized detailed report to the state treasurer.

(e) Send a report to the department of revenue that lists vehicles for which a report of sale has been received but no transfer of ownership has taken place. The department shall send the report once each quarter.

(5)(a) **Transferring ownership.** A person who has recently acquired a vehicle by purchase, exchange, gift, lease, inheritance, or legal action shall apply to the department, county auditor or other agent, or subagent appointed by the director for a new certificate of title within fifteen days of delivery of the vehicle. A secured party who has possession of the certificate of title shall either:

(i) Apply for a new certificate of title on behalf of the owner and pay the fee required under section 508 of this act; or

(ii) Provide all required documents to the owner, as long as the transfer was not a breach of its security agreement, to allow the owner to apply for a new certificate of title.

(b) Compliance with this subsection does not affect the rights of the secured party.

(6) **Certificate of title delivered to secured party.** The certificate of title must be kept by or delivered to the person who becomes the secured party when a security interest is reserved or created at the time of the transfer of ownership. The parties must comply with RCW 46.12.170 (as recodified by this act).

It is a misdemeanor to fail or neglect to apply for a transfer of ownership within forty-five days after delivery of the vehicle. The misdemeanor is a single continuing offense for each day that passes regardless of the number of days that have elapsed following the forty-five day time period.

(8) **Penalty for late transfer - exceptions.** The penalty is not charged if the delay in application is due to at least one of the following:

- (a) The department requests additional supporting documents;

- (c) The owner is prevented from applying due to an illness or extended hospitalization;

(3) When a registered tow truck operator submits an abandoned vehicle report to the department for a vehicle sold at an abandoned vehicle auction, any previous owner is relieved of civil or criminal liability for the operation of the vehicle from the date of sale thereafter, and liability is transferred to the purchaser of the vehicle as listed on the abandoned vehicle report.

FIFTY FIFTH DAY, MARCH 6, 2010

2010 REGULAR SESSION

**Sec. 425.** RCW 46.16.160 and 2007 c 419 s 6 are each amended to read as follows:

((1) The owner of a vehicle which under reciprocal relations with another jurisdiction would be required to obtain a license registration in this state or an unlicensed vehicle which would be required to obtain a license registration for operation on public highways of this state may, as an alternative to such license registration, secure and operate such vehicle under authority of a trip permit issued by this state in lieu of a Washington certificate of license registration, and licensed gross weight if applicable. The licensed gross weight may not exceed eighty thousand pounds for a combination of vehicles nor forty thousand pounds for a single unit vehicle with three or more axles. Trip permits are required for movement of mobile homes or park model trailers and may only be issued if property taxes are paid in full. For the purpose of this section, a vehicle is considered unlicensed if the licensed gross weight currently in effect for the vehicle or combination of vehicles is not adequate for the load being carried. Vehicles registered under RCW 46.16.135 shall not be operated under authority of trip permits in lieu of further registration within the same registration year.

(2) Each trip permit shall authorize the operation of a single vehicle at the maximum legal weight limit for such vehicle for a period of three consecutive days commencing with the day of first use. No more than three such permits may be used for any one vehicle in any period of thirty consecutive days, except that in the case of a recreational vehicle as defined in RCW 43.22.335, no more than two trip permits may be used for any one vehicle in a one-year period. Every permit shall identify, as the department may require, the vehicle for which it is issued and shall be completed in its entirety and signed by the operator before operation of the vehicle on the public highways of this state. Correction of data on the permit such as dates, license number, or vehicle identification number invalidates the permit. The trip permit shall be displayed on the vehicle to which it is issued as prescribed by the department.

(3) Vehicles operating under authority of trip permits are subject to all laws, rules, and regulations affecting the operation of like vehicles in this state.

(4) Prorate operators operating commercial vehicles on trip permits in Washington shall retain the customer copy of such permit for four years.

(5) Trip permits may be obtained from field offices of the department of transportation, department of licensing, or other agents appointed by the department. The fee for each trip permit is twenty dollars. Five dollars from every twenty-dollar trip permit fee shall be deposited into the state patrol highway account and must be used for commercial motor vehicle inspections. For each permit issued, the fee includes a filing fee as provided by RCW 46.01.140 and an excise tax of one dollar. The remaining portion of the trip permit fee must be deposited to the credit of the motor vehicle fund as an administrative fee. If the filing fee amount of three dollars as prescribed in RCW 46.01.140 is increased or decreased after July 1, 2002, the administrative fee must be increased or decreased by the same amount so that the total trip permit would be adjusted equally to compensate. These fees and taxes are in lieu of all other vehicle license fees and taxes. No exchange, credits, or refunds may be given for trip permits after they have been purchased.

(6) The department may appoint county auditors or businesses as agents for the purpose of selling trip permits to the public. County auditors or businesses so appointed may retain the filing fee collected for each trip permit to defray expenses incurred in handling and selling the permits.

(7) Commercial motor vehicles that are owned by a motor carrier subject to RCW 46.32.080, must not be operated on trip permits authorized by RCW 46.16.160 or 46.16.162 if the motor

A violation of or a failure to comply with this subsection is a gross misdemeanor, subject to a minimum monetary penalty of two thousand five hundred dollars for the first violation and five thousand dollars for each subsequent violation.

(8) Except as provided in subsection (7) of this section, a violation of or a failure to comply with any provision of this section is a gross misdemeanor.

(9) The department of licensing may adopt rules as it deems necessary to administer this section.

(10) A surcharge of five dollars is imposed on the issuance of trip permits. The portion of the surcharge paid by motor carriers must be deposited in the motor vehicle fund for the purpose of supporting vehicle weigh stations, weigh-in-motion programs, and the commercial vehicle information systems and networks program. The remaining portion of the surcharge must be deposited in the motor vehicle fund for the purpose of supporting congestion relief programs. All other administrative fees and excise taxes collected under the provisions of this chapter shall be forwarded by the department with proper identifying detailed report to the state treasurer who shall deposit the administrative fees to the credit of the motor vehicle fund and the excise taxes to the credit of the general fund. Filing fees will be forwarded and reported to the state treasurer by the department as prescribed in RCW 46.01.140.)

A violation of or a failure to comply with this subsection is a gross misdemeanor, subject to a minimum monetary penalty of two thousand five hundred dollars for the first violation and five thousand dollars for each subsequent violation.

(3)(a) Each trip permit authorizes the operation of a single vehicle at the maximum legal weight limit for the vehicle for a period of three consecutive days beginning with the day of first use. No more than three trip permits may be used for any one vehicle in any thirty consecutive day period. No more than two trip permits may be used for any one recreational vehicle, as defined in RCW 43.22.335, in a one- year period. Every trip permit must:

(i) Identify the vehicle for which it is issued;

(ii) Be completed in its entirety;

(iii) Be signed by the operator before operation of the vehicle on the public highways of this state;

(iv) Not be altered or corrected. Altering or correcting data on the trip permit invalidates the trip permit; and

**PART VI. SPECIAL LICENSE PLATES**  
**A. REVIEW BOARD**

**Sec. 601.** RCW 46.16.700 and 2003 c 196 s 1 are each amended to read as follows:

The legislature has seen an increase in the demand from constituent groups seeking recognition and funding through the establishment of commemorative or special license plates. The high cost of implementing a new special license plate series coupled with the uncertainty of the state's ability to recoup its costs(€) has led the legislature to delay the implementation of new special license plates. In order to address these issues, it is the intent of the legislature to create a mechanism that will allow for the evaluation of special license plate requests and establish a funding policy that will alleviate the financial burden currently placed on the state. Using these two strategies, the legislature will be better equipped to efficiently process special license plate legislation.

**Sec. 602.** RCW 46.16.705 and 2005 c 319 s 117 are each amended to read as follows:

(1) The special license plate review board is created.

(2) The board will consist of seven members: One member appointed by the governor (~~(and)~~) who will serve as chair of the board; four members of the legislature, one from each caucus of the house of representatives and the senate; a department of licensing representative appointed by the director; and a Washington state patrol representative appointed by the chief.

(3) Members shall serve terms of four years, except that four of the members initially appointed will be appointed for terms of two years. (~~(No)~~) A member may not be appointed for more than three consecutive terms.

(4) The respective appointing authority may remove members from the board before the expiration of their terms only for cause based upon a determination of incapacity, incompetence, neglect of duty, or malfeasance in office as ordered by the Thurston county superior court, upon petition and show cause proceedings brought for that purpose in that court and directed to the board member in question.

**Sec. 603.** RCW 46.16.715 and 2005 c 319 s 118 are each amended to read as follows:

(1) The board shall meet periodically at the call of the chair, but must meet at least (~~(one-time))~~ once each year within ninety days before an upcoming regular session of the legislature. The board may adopt its own rules and may establish its own procedures. It shall act collectively in harmony with recorded resolutions or motions adopted by a majority vote of the members, and it must have a quorum present to take a vote on a special license plate application.

(2) The board will be compensated from the general appropriation for the department (~~(of licensing))~~ in accordance with RCW 43.03.250. Each board member will be compensated in accordance with RCW 43.03.250 and reimbursed for actual necessary traveling and other expenses in going to, attending, and returning from meetings of the board or that are incurred in the discharge of duties requested by the chair. However, (~~(in no event may))~~) a board member may not be compensated in any year for more than one hundred twenty days, except the chair may be compensated for not more than one hundred fifty days. Service on the board does not qualify as a service credit for the purposes of a public retirement system.

(3) The board shall keep proper records and is subject to audit by the state auditor or other auditing entities.

(4) The department (~~(of licensing))~~ shall provide administrative support to the board, which must include at least the following:

(a) Provide general staffing to meet the administrative needs of the board;

(b) Report to the board on the reimbursement status of any new special license plate series for which the state had to pay the start-up costs;

(c) Process special license plate applications and confirm that the sponsoring organization has submitted all required documentation. If an incomplete application is received, the department must return it to the sponsoring organization; and

(d) Compile the annual financial reports submitted by sponsoring organizations with active special license plate series and present those reports to the board for review and approval.

**Sec. 604.** RCW 46.16.725 and 2009 c 470 s 710 are each amended to read as follows:

(1) The creation of the board does not in any way preclude the authority of the legislature to independently propose and enact special license plate legislation.

(2) The board must review and either approve or reject special license plate applications submitted by sponsoring organizations.

(3) Duties of the board include but are not limited to the following:

(a) Review and approve the annual financial reports submitted by sponsoring organizations with active special license plate series and present those annual financial reports to the senate and house transportation committees;

(b) Report annually to the senate and house of representatives transportation committees on the special license plate applications that were considered by the board;

(c) Issue approval and rejection notification letters to sponsoring organizations, the department, the chairs of the senate and house of representatives transportation committees, and the legislative sponsors identified in each application. The letters must be issued within seven days of making a determination on the status of an application;

(4) Except as provided in (~~(chapter 72, Laws of 2008))~~ section 621 of this act, in order to assess the effects and impact of the proliferation of special license plates, the legislature declares a temporary moratorium on the issuance of any additional plates until July 1, 2011. During this period of time, the special license plate review board created in RCW 46.16.705 (as recodified by this act) and the department (~~(of licensing))~~ are prohibited from accepting, reviewing, processing, or approving any applications. Additionally, (~~(no))~~ a special license plate may not be enacted by the legislature during the moratorium, unless the proposed license plate has been approved by the board before February 15, 2005.

(b) Must be paid in full before any registration certificate or license tab may be issued;

(a) The department shall determine a value using any information that may be available, including any guidebook, report, or compendium of recognized standing in the automotive industry or the selling price and year of sale of the vehicle. The department may use an appraisal by the county assessor. However, the tax shall in no case be less than two dollars except for proportionally registered vehicles.

(2) A ((motor)) vehicle ((shall be)) is deemed ((licensed)) registered for the first time in this state when ((such)) the vehicle was not previously ((licensed)) registered by this state for the registration year immediately preceding the registration year in which the application for ((license)) registration is made or when the vehicle has been registered in another jurisdiction subsequent to any prior registration in this state.

((No)) (3) An additional tax ((shall)) may not be imposed under this chapter ((upon)) on any vehicle ((upon the transfer of ownership thereof)) when the certificate of title is being transferred if the tax ((imposed with respect to such vehicle)) has already been paid for the registration year or fraction of a registration year in which transfer of ownership occurs.

**Sec. 912.** RCW 82.44.065 and 2006 c 318 s 5 are each amended to read as follows:

If the department determines a value for a ((motor)) vehicle equivalent to a manufacturer's base suggested retail price or the value of a truck ((type power or trailing unit)) or trailer under RCW 82.44.035, any person who pays a locally imposed tax for that vehicle may appeal the valuation to the department under chapter 34.05 RCW. If the taxpayer is successful on appeal, the department shall refund the excess tax in the manner provided in RCW 82.44.120.

**Sec. 913.** RCW 82.44.090 and 2006 c 318 s 6 are each amended to read as follows:

The receipt may be incorporated in the receipt given for the ((motor)) vehicle license fee or dealer's license fee paid.

**Sec. 915.** RCW 82.44.120 and 2006 c 318 s 8 are each amended to read as follows:

((1)) Whenever any person has paid a motor vehicle license fee, and together therewith has paid a locally imposed excise tax, and the director determines that the payor is entitled to a refund of the entire amount of the license fee as provided by law, then the payor shall also be entitled to a refund of the entire excise tax collected under the provisions of this chapter. In case the director determines that any person is entitled to a refund of only a part of the license fee so paid, the payor shall be entitled to a refund of the difference, if any, between the excise tax collected and that which should have been collected.

(2) In case no claim is to be made for the refund of the license fee or any part thereof, but claim is made by any person that he or she has paid an erroneously excessive amount of excise tax, the department shall determine in the manner generally provided in this chapter the amount of such excess, if any, that has been paid and

shall certify to the state treasurer that such person is entitled to a refund in such amount.

(3) In any case where due to error, a person has been required to pay an excise tax pursuant to this chapter and a vehicle license fee pursuant to Title 46 RCW which amounts to an overpayment of ten dollars or more, such person shall be entitled to a refund of the entire amount of such overpayment, regardless of whether or not a refund of the overpayment has been requested. Conversely, if due to error, the department or its agents has failed to collect the full amount of the license fee and excise tax due, which underpayment is in the amount of ten dollars or more, the department shall charge and collect such additional amount as will constitute full payment of the tax.

(4) Any claim for refund of an erroneously excessive amount of excise tax or overpayment of excise tax with a motor vehicle license fee must be filed with the director within three years after the claimed erroneous payment was made.

(5) If the department approves the claim it shall notify the state treasurer to that effect, and the treasurer shall make such approved refunds from the general fund and shall mail or deliver the same to the person entitled thereto.

(6) Any person making any false statement under which he or she obtains any amount of refund to which he or she is not entitled under the provisions of this section is guilty of a gross misdemeanor.

(7)) (1) Refunds of locally imposed motor vehicle excise taxes must be handled in the same manner and under the same terms and conditions as provided in RCW 46.68.010.

(2) A claim for a refund may be made by a person who:

(a) Is not seeking a full refund; and

(b) Believes the amount of the locally imposed motor vehicle excise tax paid was incorrect or too much.

(3) When a claim for a refund is made as provided in subsection (2) of this section, the department shall:

(a) Determine the amount of the locally imposed motor vehicle excise tax that had been greater than the amount actually due, if any; and

(b) Certify to the state treasurer the amount of the partial refund due.

(4) Before a local government subject to this chapter may impose a motor vehicle excise tax, the local government shall contract with the department for reimbursement for any refunds paid to a person by the treasurer.

**Sec. 916.** RCW 82.80.130 and 2006 c 318 s 4 are each amended to read as follows:

The tax must be collected only at the time of vehicle ((license)) registration renewal under chapter 46.16 RCW. The tax will be imposed on vehicles previously registered in another state or nation when they are initially registered in this state. The tax will not be imposed at the time of sale by a licensed vehicle dealer. In a county imposing a motor vehicle excise tax surcharge under RCW 81.100.060, the maximum tax rate under this section must be reduced to a rate equal to four-tenths of one percent on the value less the equivalent motor vehicle excise tax rate of the surcharge imposed under RCW 81.100.060. This rate does not apply to vehicles ((licensed)) registered under RCW 46.16.070 (as recodified by this act) with ((an-unladen)) a scale weight more than six thousand pounds, or to

(2) The department of licensing shall administer and collect the tax in accordance with chapter 82.44 RCW. The department shall deduct a percentage amount, as provided by contract, not to exceed one percent of the taxes collected, for administration and collection expenses incurred by it. The remaining proceeds must be remitted to the custody of the state treasurer for monthly distribution to the public transportation benefit area.

(3) The public transportation benefit area imposing this tax shall delay the effective date at least six months from the date the fee is approved by the qualified voters of the authority area to allow the department of licensing to implement administration and collection of the tax.

(4) Before an authority may impose a tax authorized under this section, the authorization for imposition of the tax must be approved by a majority of the qualified electors of the authority area voting on that issue.

**Sec. 917.** RCW 82.80.140 and 2007 c 329 s 2 are each amended to read as follows:

(1) Subject to the provisions of RCW 36.73.065, a transportation benefit district under chapter 36.73 RCW may fix and impose an annual vehicle fee, not to exceed one hundred dollars per vehicle registered in the district, for each vehicle subject to vehicle license (~~tab~~) fees under (~~RCW 46.16.0621~~) section 531(1) (a), (c), (d), (e), (g), (h), (j), or (n) through (q) of this act and for each vehicle subject to gross weight license fees under (~~RCW 46.16.070~~) section 530 of this act with (~~an unladen~~) a scale weight of six thousand pounds or less.

(2)(a) A district that includes all the territory within the boundaries of the jurisdiction, or jurisdictions, establishing the district may impose by a majority vote of the governing board of the district up to twenty dollars of the vehicle fee authorized in subsection (1) of this section. If the district is countywide, the revenues of the fee shall be distributed to each city within the county by interlocal agreement. The interlocal agreement is effective when approved by the county and sixty percent of the cities representing seventy-five percent of the population of the cities within the county in which the countywide fee is collected.

(ii) That, if combined with the fees previously imposed by another district within its boundaries under RCW 36.73.065(4)(a)(i), exceeds twenty dollars.

If a district imposes or increases a fee under this subsection (2) that, if combined with the fees previously imposed by another district within its boundaries, exceeds twenty dollars, the district shall provide a credit for the previously imposed fees so that the combined vehicle fee does not exceed twenty dollars.

(3) The department of licensing shall administer and collect the fee. The department shall deduct a percentage amount, as provided by contract, not to exceed one percent of the fees collected, for administration and collection expenses incurred by it. The department shall remit remaining proceeds to the custody of the state treasurer. The state treasurer shall distribute the proceeds to the district on a monthly basis.

(a) A special permit from the department of transportation and local authorities pursuant to RCW 46.44.090 and 46.44.093 and shall pay the proper fee as prescribed by RCW 46.44.0941 and 46.44.096; and

(b) For mobile homes constructed before June 15, 1976, and already situated in the state: (i) A certification from the department of labor and industries that the mobile home was inspected for fire safety; or (ii) an affidavit in the form prescribed by the department of ~~((community, trade, and economic development))~~ commerce signed by the owner at the county treasurer's office at the time of the application for the movement permit stating that the mobile home is being moved by the owner for his or her continued occupation or use; or (iii) a copy of the certificate of ~~((ownership or))~~ title together with an affidavit signed under penalty of perjury by the certified owner stating that the mobile home is being transferred to a wrecking yard or similar facility for disposal. In addition, the destroyed mobile home must be removed from the assessment rolls of the county and any outstanding taxes on the destroyed mobile home must be removed by the county treasurer.

(2) A special permit issued as provided in subsection (1) of this section for the movement of any mobile home or a park model trailer that is assessed for purposes of property taxes shall not be valid until the county treasurer of the county in which the mobile home or park model trailer is located shall endorse or attach his or her certificate that all property taxes which are a lien or which are delinquent, or both, upon the mobile home or park model trailer being moved have been satisfied. Further, any mobile home or park model trailer required to have a special movement permit under this section shall display an easily recognizable decal. However, endorsement or certification by the county treasurer and the display of the decal is not required:

(a) When a mobile home or park model trailer is to enter the state or is being moved from a manufacturer or distributor to a retail sales outlet or directly to the purchaser's designated location or between retail and sales outlets;

(b) When a signed affidavit of destruction is filed with the county assessor and the mobile home or park model trailer is being moved to a disposal site by a landlord as defined in RCW 59.20.030 after (i) the mobile home or park model trailer has been abandoned as defined in RCW 59.20.030; or (ii) a final judgment for restitution of the premises under RCW 59.18.410 has been executed in favor of the landlord with regard to the mobile home or park model trailer. The mobile home or park model trailer will be removed from the tax rolls and, upon notification by the assessor, any outstanding taxes on the destroyed mobile home or park model trailer will be removed by the county treasurer; or

(c) When a signed affidavit of destruction is filed with the county assessor by any mobile home or park model trailer owner or any property owner with an abandoned mobile home or park model trailer, the same shall be removed from the tax rolls and upon notification by the assessor, any outstanding taxes on the destroyed mobile home or park model trailer shall be removed by the county treasurer.

(3) If the landlord of a mobile home park takes ownership of a mobile home or park model trailer with the intent to resell or rent the same under RCW 59.20.030 after (a) the mobile home or park model trailer has been abandoned as defined in RCW 59.20.030; or (b) a final judgment for restitution of the premises under RCW 59.18.410 has been executed in favor of the landlord with regard to the mobile home or park model trailer, the outstanding taxes become the responsibility of the landlord.

(4) It is the responsibility of the owner of the mobile home or park model trailer subject to property taxes or the agent to obtain the endorsement and decal from the county treasurer before a mobile home or park model trailer is moved.

(5) This section does not prohibit the issuance of vehicle license plates for a mobile home or park model trailer subject to property taxes, but plates shall not be issued unless the mobile home or park model trailer subject to property taxes for which plates are sought has been listed for property tax purposes in the county in which it is principally located and the appropriate fee for the license has been paid.

(6) The department of transportation, the department of labor and industries, and local authorities are authorized to adopt reasonable rules for implementing the provisions of this section. The department of transportation shall adopt rules specifying the design, reflective characteristics, annual coloration, and for the uniform implementation of the decal required by this section. ~~((By January 1, 2006,))~~ The department of labor and industries shall ~~((also))~~ adopt procedures for notifying destination local jurisdictions concerning the arrival of mobile homes that failed safety inspections.

**Sec. 1119.** RCW 46.55.105 and 2002 c 279 s 10 are each amended to read as follows:

FIFTY FIFTH DAY, MARCH 6, 2010

2010 REGULAR SESSION

(1) The abandonment of any vehicle creates a prima facie presumption that the last registered owner of record is responsible for the abandonment and is liable for costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction.

(2) If an unauthorized vehicle is found abandoned under subsection (1) of this section and removed at the direction of law enforcement, the last registered owner of record is guilty of the traffic infraction of "littering--abandoned vehicle," unless the vehicle is redeemed as provided in RCW 46.55.120. In addition to any other monetary penalty payable under chapter 46.63 RCW, the court shall not consider all monetary penalties as having been paid until the court is satisfied that the person found to have committed the infraction has made restitution in the amount of the deficiency remaining after disposal of the vehicle under RCW 46.55.140.

(3) A vehicle theft report filed with a law enforcement agency relieves the last registered owner of liability under subsection (2) of this section for failure to redeem the vehicle. However, the last registered owner remains liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle under subsection (1) of this section. Nothing in this section limits in any way the registered owner's rights in a civil action or as restitution in a criminal action against a person responsible for the theft of the vehicle.

(4) Properly filing a report of sale or transfer regarding the vehicle involved in accordance with RCW 46.12.101 (1) through (3) (as recodified by this act) relieves the last registered owner of liability under subsections (1) and (2) of this section. If the date of sale as indicated on the report of sale is on or before the date of impoundment, the buyer identified on the latest properly filed report of sale with the department is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction. If the date of sale is after the date of impoundment, the previous registered owner is assumed to be liable for such costs. A licensed vehicle dealer is not liable under subsections (1) and (2) of this section if the dealer, as transferee or assignee of the last registered owner of the vehicle involved, has complied with the requirements of RCW 46.70.122 upon selling or otherwise disposing of the vehicle, or if the dealer has timely filed a transitional ownership record or report of sale under RCW 46.12.103 (as recodified by this act). In that case the person to whom the licensed vehicle dealer has sold or transferred the vehicle is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction.

(5) For the purposes of reporting notices of traffic infraction to the department under RCW 46.20.270 and 46.52.101, and for purposes of reporting notices of failure to appear, respond, or comply regarding a notice of traffic infraction to the department under RCW 46.63.070(6), a traffic infraction under subsection (2) of this section is not considered to be a standing, stopping, or parking violation.

(6) A notice of infraction for a violation of this section may be filed with a court of limited jurisdiction organized under Title 3, 35, or 35A RCW, or with a violations bureau subject to the court's jurisdiction.

**Sec. 1120.** RCW 46.55.113 and 2007 c 242 s 1 and 2007 c 86 s 1 are each reenacted and amended to read as follows:

(1) Whenever the driver of a vehicle is arrested for a violation of RCW 46.61.502, 46.61.504, 46.20.342, or 46.20.345, the vehicle is subject to summary impoundment, pursuant to the terms and conditions of an applicable local ordinance or state agency rule at the direction of a law enforcement officer.

(2) In addition, a police officer may take custody of a vehicle, at his or her discretion, and provide for its prompt removal to a place of safety under any of the following circumstances:

(a) Whenever a police officer finds a vehicle standing upon the roadway in violation of any of the provisions of RCW 46.61.560, the officer may provide for the removal of the vehicle or require the driver or other person in charge of the vehicle to move the vehicle to a position off the roadway;

(b) Whenever a police officer finds a vehicle unattended upon a highway where the vehicle constitutes an obstruction to traffic or jeopardizes public safety;

(c) Whenever a police officer finds an unattended vehicle at the scene of an accident or when the driver of a vehicle involved in an accident is physically or mentally incapable of deciding upon steps to be taken to protect his or her property;

(d) Whenever the driver of a vehicle is arrested and taken into custody by a police officer;

(e) Whenever a police officer discovers a vehicle that the officer determines to be a stolen vehicle;

(f) Whenever a vehicle without a special license plate, placard, or decal indicating that the vehicle is being used to transport a person with disabilities under (~~RCW 46.16.381~~) section 701 of this act is parked in a stall or space clearly and conspicuously marked under RCW 46.61.581 which space is provided on private property without charge or on public property;

(g) Upon determining that a person is operating a motor vehicle without a valid and, if required, a specially endorsed driver's license or with a license that has been expired for ninety days or more;

(h) When a vehicle is illegally occupying a truck, commercial loading zone, restricted parking zone, bus, loading, hooded-meter, taxi, street construction or maintenance, or other similar zone where, by order of the director of transportation or chiefs of police or fire or their designees, parking is limited to designated classes of vehicles or is prohibited during certain hours, on designated days or at all times, if the zone has been established with signage for at least twenty-four hours and where the vehicle is interfering with the proper and intended use of the zone. Signage must give notice to the public that a vehicle will be removed if illegally parked in the zone;

(i) When a vehicle with an expired registration of more than forty-five days is parked on a public street.

(3) When an arrest is made for a violation of RCW 46.20.342, if the vehicle is a commercial vehicle and the driver of the vehicle is not the owner of the vehicle, before the summary impoundment directed under subsection (1) of this section, the police officer shall attempt in a reasonable and timely manner to contact the owner of the vehicle and may release the vehicle to the owner if the owner is reasonably available, as long as the owner was not in the vehicle at the time of the stop and arrest and the owner has not received a prior release under this subsection or RCW 46.55.120(1)(a)(ii).

(4) Nothing in this section may derogate from the powers of police officers under the common law. For the purposes of this section, a place of safety may include the business location of a registered tow truck operator.

**Sec. 1121.** RCW 46.55.140 and 1995 c 360 s 8 are each amended to read as follows:

(1) A registered tow truck operator who has a valid and signed impoundment authorization has a lien upon the impounded vehicle for services provided in the towing and storage of the vehicle, unless the impoundment is determined to have been invalid. The lien does not apply to personal property in or upon the vehicle that is not permanently attached to or is not an integral part of the vehicle except for items of personal property registered or titled with the department. The registered tow truck operator also has a deficiency claim against the registered owner of the vehicle for services

FIFTY FIFTH DAY, MARCH 6, 2010

provided in the towing and storage of the vehicle not to exceed the sum of five hundred dollars after deduction of the amount bid at auction, and for vehicles of over ten thousand pounds gross vehicle weight, the operator has a deficiency claim of one thousand dollars after deduction of the amount bid at auction, unless the impound is determined to be invalid. The limitation on towing and storage deficiency claims does not apply to an impound directed by a law enforcement officer. In no case may the cost of the auction or a buyer's fee be added to the amount charged for the vehicle at the auction, the vehicle's lien, or the overage due. A registered owner who has completed and filed with the department the ((seller's)) report of sale as provided for ((by)) in RCW 46.12.101 (as recodified by this act) and has timely and properly filed the ((seller's)) report of sale is relieved of liability under this section. The person named as the new owner of the vehicle on the timely and properly filed ((seller's)) report of sale shall assume liability under this section.

(2) Any person who tows, removes, or otherwise disturbs any vehicle parked, stalled, or otherwise left on privately owned or controlled property, and any person owning or controlling the private property, or either of them, are liable to the owner or operator of a vehicle, or each of them, for consequential and incidental damages arising from any interference with the ownership or use of the vehicle which does not comply with the requirements of this chapter.

**Sec. 1122.** RCW 46.55.240 and 1994 c 176 s 2 are each amended to read as follows:

(1) A city, town, or county that adopts an ordinance or resolution concerning unauthorized, abandoned, or impounded vehicles shall include the applicable provisions of this chapter.

(a) A city, town, or county may, by ordinance, authorize other impound situations that may arise locally upon the public right-of-way or other publicly owned or controlled property.

(b) A city, town, or county ordinance shall contain language that establishes a written form of authorization to impound, which may include a law enforcement notice of infraction or citation, clearly denoting the agency's authorization to impound.

(c) A city, town, or county may, by ordinance, provide for release of an impounded vehicle by means of a promissory note in lieu of immediate payment, if at the time of redemption the legal or registered owner requests a hearing on the validity of the impoundment. If the municipal ordinance directs the release of an impounded vehicle before the payment of the impoundment charges, the municipality is responsible for the payment of those charges to the registered tow truck operator within thirty days of the hearing date.

(d) The hearing specified in RCW 46.55.120(2) and in this section may be conducted by an administrative hearings officer instead of in the district court. A decision made by an administrative hearing officer may be appealed to the district court for final judgment.

(2) A city, town, or county may adopt an ordinance establishing procedures for the abatement and removal as public nuisances of junk vehicles or parts thereof from private property. Costs of removal may be assessed against the registered owner of the vehicle if the identity of the owner can be determined, unless the owner in the transfer of ownership of the vehicle has complied with RCW 46.12.101 (as recodified by this act), or the costs may be assessed against the owner of the property on which the vehicle is stored. A city, town, or county may also provide for the payment to the tow truck operator or wrecker as a part of a neighborhood revitalization program.

(3) Ordinances pertaining to public nuisances shall contain:

(a) A provision requiring notice to the last registered owner of record and the property owner of record that a hearing may be

requested and that if no hearing is requested, the vehicle will be removed;

(b) A provision requiring that if a request for a hearing is received, a notice giving the time, location, and date of the hearing on the question of abatement and removal of the vehicle or part thereof as a public nuisance shall be mailed, by certified mail, with a five-day return receipt requested, to the owner of the land as shown on the last equalized assessment roll and to the last registered and legal owner of record unless the vehicle is in such condition that identification numbers are not available to determine ownership;

(c) A provision that the ordinance shall not apply to (i) a vehicle or part thereof that is completely enclosed within a building in a lawful manner where it is not visible from the street or other public or private property or (ii) a vehicle or part thereof that is stored or parked in a lawful manner on private property in connection with the business of a licensed dismantler or licensed vehicle dealer and is fenced according to RCW 46.80.130;

(d) A provision that the owner of the land on which the vehicle is located may appear in person at the hearing or present a written statement in time for consideration at the hearing, and deny responsibility for the presence of the vehicle on the land, with his reasons for the denial. If it is determined at the hearing that the vehicle was placed on the land without the consent of the landowner and that he has not subsequently acquiesced in its presence, then the local agency shall not assess costs of administration or removal of the vehicle against the property upon which the vehicle is located or otherwise attempt to collect the cost from the owner;

(e) A provision that after notice has been given of the intent of the city, town, or county to dispose of the vehicle and after a hearing, if requested, has been held, the vehicle or part thereof shall be removed at the request of a law enforcement officer with notice to the Washington state patrol and the department of licensing that the vehicle has been wrecked. The city, town, or county may operate such a disposal site when its governing body determines that commercial channels of disposition are not available or are inadequate, and it may make final disposition of such vehicles or parts, or may transfer such vehicle or parts to another governmental body provided such disposal shall be only as scrap.

(4) A registered disposer under contract to a city or county for the impounding of vehicles shall comply with any administrative regulations adopted by the city or county on the handling and disposing of vehicles.

**Sec. 1123.** RCW 46.61.581 and 2005 c 390 s 1 are each amended to read as follows:

A parking space or stall for a person with a disability shall be indicated by a vertical sign with the international symbol of access, whose colors are white on a blue background, described under RCW 70.92.120. The sign may include additional language such as, but not limited to, an indication of the amount of the monetary penalty defined in ((RCW 46.16.381)) section 706 of this act for parking in the space without a valid permit.

Failure of the person owning or controlling the property where required parking spaces are located to erect and maintain the sign is a class 2 civil infraction under chapter 7.80 RCW for each parking space that should be so designated. The person owning or controlling the property where the required parking spaces are located shall ensure that the parking spaces are not blocked or made inaccessible, and failure to do so is a class 2 civil infraction.

**Sec. 1124.** RCW 46.61.582 and 1991 c 339 s 25 are each amended to read as follows:

Any person who meets the criteria for special parking privileges under ((RCW 46.16.381)) section 701 of this act shall be allowed free of charge to park a vehicle being used to transport that person for unlimited periods of time in parking zones or areas including zones or areas with parking meters which are otherwise restricted as

This section does not apply to those zones or areas in which the stopping, parking, or standing of all vehicles is prohibited or which are reserved for special types of vehicles. The person shall obtain and display a special placard or license plate under ~~((RCW 46.16.384))~~ section 701 of this act to be eligible for the privileges under this section.

**Sec. 1126.** RCW 46.63.160 and 2009 c 272 s 1 are each amended to read as follows:

(1) This section applies only to infractions issued under RCW 46.61.690 for toll collection evasion.

(2) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(3) Toll collection systems include manual cash collection, electronic toll collection, and photo enforcement systems.

(4) "Electronic toll collection system" means a system of collecting tolls or charges that is capable of charging the account of the toll patron the appropriate toll or charge by electronic transmission from the motor vehicle to the toll collection system, which information is used to charge the appropriate toll or charge to the patron's account.

(5) "Photo enforcement system" means a vehicle sensor installed to work in conjunction with an electronic toll collection system that automatically produces one or more photographs, one or more microphotographs, a videotape, or other recorded images of a vehicle operated in violation of an infraction under this chapter.

(6) The use of a toll collection system is subject to the following requirements:

(a) The department of transportation shall adopt rules that allow an open standard for automatic vehicle identification transponders used for electronic toll collection to be compatible with other electronic payment devices or transponders from the Washington state ferry system, other public transportation systems, or other toll collection systems to the extent that technology permits. The rules must also allow for multiple vendors providing electronic payment devices or transponders as technology permits.

(b) The department of transportation may not sell, distribute, or make available in any way, the names and addresses of electronic toll collection system account holders.

(7) The use of a photo enforcement system for issuance of notices of infraction is subject to the following requirements:

(a) Photo enforcement systems may take photographs, digital photographs, microphotographs, videotapes, or other recorded images of the vehicle and vehicle license plate only.

(b) A notice of infraction must be mailed to the registered owner of the vehicle or to the renter of a vehicle within sixty days of the violation. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, videotape, or other recorded images produced by a photo enforcement system, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a

violation under this chapter. The photographs, digital photographs, microphotographs, videotape, or other recorded images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction.

(c) Notwithstanding any other provision of law, all photographs, digital photographs, microphotographs, videotape, or other recorded images prepared under this chapter are for the exclusive use of the tolling agency and law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this chapter. No photograph, digital photograph, microphotograph, videotape, or other recorded image may be used for any purpose other than enforcement of violations under this chapter nor retained longer than necessary to enforce this chapter or verify that tolls are paid.

(d) All locations where a photo enforcement system is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by a photo enforcement system.

(8) Infractions detected through the use of photo enforcement systems are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of photo enforcement systems under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16.216 (as recodified by this act), and 46.20.270(3).

(9) The penalty for an infraction detected through the use of a photo enforcement system shall be forty dollars plus an additional toll penalty. The toll penalty is equal to three times the cash toll for a standard passenger car during peak hours. The toll penalty may not be reduced. The court shall remit the toll penalty to the department of transportation or a private entity under contract with the department of transportation for deposit in the statewide account in which tolls are deposited for the tolling facility at which the violation occurred. If the driver is found not to have committed an infraction under this section, the driver shall pay the toll due at the time the photograph was taken, unless the toll has already been paid.

(10) If the registered owner of the vehicle is a rental car business the department of transportation or a law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of the mailing of the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable toll and fee.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

**Sec. 1127.** RCW 46.63.170 and 2009 c 470 s 714 are each amended to read as follows:

(1) The use of automated traffic safety cameras for issuance of notices of infraction is subject to the following requirements:

(a) The appropriate local legislative authority must first enact an ordinance allowing for their use to detect one or more of the following: Stoplight, railroad crossing, or school speed zone

FIFTY FIFTH DAY, MARCH 6, 2010

2010 REGULAR SESSION

violations. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance.

(b) Use of automated traffic safety cameras is restricted to two-arterial intersections, railroad crossings, and school speed zones only.

(c) During the 2009-2011 fiscal biennium, automated traffic safety cameras may be used to detect speed violations for the purposes of section 201(2), chapter 470, Laws of 2009 if the local legislative authority first enacts an ordinance authorizing the use of cameras to detect speed violations.

(d) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle.

(e) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter's name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(f) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(e) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(g) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(h) All locations where an automated traffic safety camera is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera.

(i) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record

under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16.216 (as recodified by this act), and 46.20.270(3). However, the amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(5) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit in a school speed zone as detected by a speed measuring device. During the 2009-2011 fiscal biennium, an automated traffic safety camera includes a camera used to detect speed violations for the purposes of section 201(2), chapter 470, Laws of 2009.

(6) During the 2009-2011 fiscal biennium, this section does not apply to automated traffic safety cameras for the purposes of section 218(2), chapter 470, Laws of 2009.

(i) Fails to maintain one or more resident employees or agents to provide service or repairs to vehicles located within the state of Washington only under the terms of any warranty attached to new or unused vehicles manufactured and which are or have been sold or distributed in this state or transferred into this state for resale or for lease unless such manufacturer requires warranty service to be performed by all of its dealers pursuant to a current service agreement on file with the department;

(j) Fails to reimburse within a reasonable time any vehicle dealer within the state of Washington who in good faith incurs reasonable obligations in giving effect to warranties that attach or have attached to any new or unused vehicle sold, leased, or distributed in this state or transferred into this state for resale or for lease by any such manufacturer;

(k) Engaged in practices inimical to the health and safety of the citizens of the state of Washington including, but not limited to, failure to comply with standards set by the state of Washington or the federal government pertaining to the construction and safety of vehicles;

(l) Is insolvent either in the sense that his or her liabilities exceed his or her assets or in the sense that he or she cannot meet his or her obligations as they mature;

**Sec. 1133.** RCW 46.70.122 and 2001 c 272 s 8 are each amended to read as follows:

(1) If the purchaser or transferee is a dealer he or she shall, on selling, leasing, or otherwise disposing of the vehicle, promptly execute the assignment and warranty of title, in such form as the director shall prescribe.

(2) The assignment and warranty shall show any secured party holding a security interest created or reserved at the time of resale or lease, to which shall be attached the assigned certificate(s) of

(~~ownership~~) title and (~~license~~) registration certificate received by the dealer. The dealer shall mail or deliver them to the department with the transferee's application for the issuance of new certificate(s) of (~~ownership~~) title and (~~license~~) registration certificate. The (~~title~~) certificate of title issued for a vehicle possessed by a dealer and subject to a security interest shall be delivered to the secured party who upon request of the dealer's transferee shall, unless the transfer was a breach of the security agreement, either deliver the certificate to the transferee for transmission to the department, or upon receipt from the transferee of the owner's bill of sale or sale document, the transferee's application for a new certificate and the required fee, mail or deliver to the department. Failure of a dealer to deliver the (~~title~~) certificate of title to the secured party does not affect perfection of the security interest.

**Sec. 1134.** RCW 46.70.124 and 1994 c 262 s 11 are each amended to read as follows:

A vehicle dealer(s) shall possess a separate certificate of (~~ownership~~) title or other evidence of ownership approved by the department for each used vehicle kept in the dealer's possession. Evidence of ownership shall be either in the name of the dealer or in the name of the dealer's immediate vendor properly assigned. In the case of consigned vehicles, the vehicle dealer may possess a completed consignment contract that includes a guaranteed title from the seller in lieu of the required certificate of (~~ownership~~) title.

**Sec. 1135.** RCW 46.70.135 and 1994 c 284 s 11 are each amended to read as follows:

Mobile home manufacturers and mobile home dealers who sell mobile homes to be assembled on site and used as residences in this state shall conform to the following requirements:

(1) No new manufactured home may be sold unless the purchaser is provided with a manufacturer's written warranty for construction of the home in compliance with the Magnuson-Moss Warranty Act (88 Stat. 2183; 15 U.S.C. Sec. 47 et seq.; 15 U.S.C. Sec. 2301 et seq.).

(2) No new manufactured home may be sold unless the purchaser is provided with a dealer's written warranty for all installation services performed by the dealer.

(3) The warranties required by subsections (1) and (2) of this section shall be valid for a minimum of one year measured from the date of delivery and shall not be invalidated by resale by the original purchaser to a subsequent purchaser or by the certificate of (~~ownership~~) title being eliminated or not issued as described in chapter 65.20 RCW. Copies of the warranties shall be given to the purchaser upon signing a purchase agreement and shall include an explanation of remedies available to the purchaser under state and federal law for breach of warranty, the name and address of the federal department of housing and urban development and the state departments of licensing and labor and industries, and a brief description of the duties of these agencies concerning mobile homes.

(4) Warranty service shall be completed within forty-five days after the owner gives written notice of the defect unless there is a bona fide dispute between the parties. Warranty service for a defect affecting health or safety shall be completed within seventy-two hours of receipt of written notice. Warranty service shall be performed on site and a written work order describing labor performed and parts used shall be completed and signed by the service agent and the owner. If the owner's signature cannot be obtained, the reasons shall be described on the work order. Work orders shall be retained by the dealer or manufacturer for a period of three years.

(5) Before delivery of possession of the home to the purchaser, an inspection shall be performed by the dealer or his or her agent and

by the purchaser or his or her agent which shall include a test of all systems of the home to insure proper operation, unless such systems test is delayed pursuant to this subsection. At the time of the inspection, the purchaser shall be given copies of all documents required by state or federal agencies to be supplied by the manufacturer with the home which have not previously been provided as required under subsection (3) of this section, and the dealer shall complete any required purchaser information card and forward the card to the manufacturer. A purchaser is deemed to have taken delivery of the manufactured home when all three of the following events have occurred: (a) The contractual obligations between the purchaser and the seller have been met; (b) the inspection of the home is completed; and (c) the systems test of the home has been completed subsequent to the installation of the home, or fifteen days has elapsed since the transport of the home to the site where it will be installed, whichever is earlier. Occupancy of the manufactured home shall only occur after the systems test has occurred and all required utility connections have been approved after inspection.

(6) Manufacturer and dealer advertising which states the dimensions of a home shall not include the length of the draw bar assembly in a listed dimension, and shall state the square footage of the actual floor area.

**Sec. 1136.** RCW 46.70.180 and 2009 c 123 s 1 and 2009 c 49 s 1 are each reenacted and amended to read as follows:

Each of the following acts or practices is unlawful:

(1) To cause or permit to be advertised, printed, displayed, published, distributed, broadcasted, televised, or disseminated in any manner whatsoever, any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to the following:

(a) That no down payment is required in connection with the sale of a vehicle when a down payment is in fact required, or that a vehicle may be purchased for a smaller down payment than is actually required;

(b) That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;

(c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;

(d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;

(e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

(2)(a)(i) To incorporate within the terms of any purchase and sale or lease agreement any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price or capitalized cost of a vehicle an amount for licensing or transfer of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale.

(ii) However, an amount not to exceed the applicable amount provided in (iii)(A) and (B) of this subsection (2)(a) per vehicle sale or lease may be charged by a dealer to recover administrative costs for collecting motor vehicle excise taxes, licensing and registration fees and other agency fees, verifying and clearing titles, transferring titles, perfecting, releasing, or satisfying liens or other security interests, and other administrative and documentary services rendered by a dealer in connection with the sale or lease of a vehicle

and in carrying out the requirements of this chapter or any other provisions of state law.

(iii) A dealer may charge under (a)(ii) of this subsection:

(A) As of July 26, 2009, through June 30, 2014, an amount not to exceed one hundred fifty dollars; and

(B) As of July 1, 2014, an amount not to exceed fifty dollars.

(b) A dealer may charge the documentary service fee in (a) of this subsection under the following conditions:

(i) The documentary service fee is disclosed in writing to a prospective purchaser or lessee before the execution of a purchase and sale or lease agreement;

(ii) The dealer discloses to the purchaser or lessee in writing that the documentary service fee is a negotiable fee. The disclosure must be written in a typeface that is at least as large as the typeface used in the standard text of the document that contains the disclosure and that is bold faced, capitalized, underlined, or otherwise set out from the surrounding material so as to be conspicuous. The dealer shall not represent to the purchaser or lessee that the fee or charge is required by the state to be paid by either the dealer or prospective purchaser or lessee;

(iii) The documentary service fee is separately designated from the selling price or capitalized cost of the vehicle and from any other taxes, fees, or charges; and

(iv) Dealers disclose in any advertisement that a documentary service fee in an amount provided in (iv)(A) and (B) of this subsection (2)(b) may be added to the sale price or the capitalized cost:

(A) As of July 26, 2009, through June 30, 2014, an amount up to one hundred fifty dollars; and

(B) As of July 1, 2014, an amount up to fifty dollars.

For the purposes of this subsection (2), the term "documentary service fee" means the optional amount charged by a dealer to provide the services specified in (a) of this subsection.

(3) To set up, promote, or aid in the promotion of a plan by which vehicles are to be sold or leased to a person for a consideration and upon further consideration that the purchaser or lessee agrees to secure one or more persons to participate in the plan by respectively making a similar purchase and in turn agreeing to secure one or more persons likewise to join in said plan, each purchaser or lessee being given the right to secure money, credits, goods, or something of value, depending upon the number of persons joining the plan.

(4) To commit, allow, or ratify any act of "bushing" which is defined as follows: Entering into a written contract, written purchase order or agreement, retail installment sales agreement, note and security agreement, or written lease agreement, hereinafter collectively referred to as contract or lease, signed by the prospective buyer or lessee of a vehicle, which:

(a) Is subject to any conditions or the dealer's or his or her authorized representative's future acceptance, and the dealer fails or refuses within four calendar days, exclusive of Saturday, Sunday, or legal holiday, and prior to any further negotiations with said buyer or lessee to inform the buyer or lessee either: (i) That the dealer unconditionally accepts the contract or lease, having satisfied, removed, or waived all conditions to acceptance or performance, including, but not limited to, financing, assignment, or lease approval; or (ii) that the dealer rejects the contract or lease, thereby automatically voiding the contract or lease, as long as such voiding does not negate commercially reasonable contract or lease provisions pertaining to the return of the subject vehicle and any physical damage, excessive mileage after the demand for return of the vehicle, and attorneys' fees authorized by law, and tenders the refund of any initial payment or security made or given by the buyer or lessee, including, but not limited to, any down payment, and tenders return of the trade-in vehicle, key, other trade-in, or

FIFTY FIFTH DAY, MARCH 6, 2010

certificate of title to a trade-in. Tender may be conditioned on return of the subject vehicle if previously delivered to the buyer or lessee.

The provisions of this subsection (4)(a) do not impair, prejudice, or abrogate the rights of a dealer to assert a claim against the buyer or lessee for misrepresentation or breach of contract and to exercise all remedies available at law or in equity, including those under chapter 62A.9A RCW, if the dealer, bank, or other lender or leasing company discovers that approval of the contract or financing or approval of the lease was based upon material misrepresentations made by the buyer or lessee, including, but not limited to, misrepresentations regarding income, employment, or debt of the buyer or lessee, as long as the dealer, or his or her staff, has not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated, directly or indirectly, in the misrepresentation. A dealer shall not be in violation of this subsection (4)(a) if the buyer or lessee made a material misrepresentation to the dealer, as long as the dealer, or his or her staff, has not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated, directly or indirectly, in the misrepresentation.

When a dealer informs a buyer or lessee under this subsection (4)(a) regarding the unconditional acceptance or rejection of the contract, lease, or financing by an electronic mail message, the dealer must also transmit the communication by any additional means:

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer or lessee as part of the purchase price or lease, for any reason except:

(i) Failure to disclose that the vehicle's certificate of ~~(ownership)~~ title has been branded for any reason, including, but not limited to, status as a rebuilt vehicle as provided in RCW 46.12.050 (as recodified by this act) and ~~((46.12.075))~~ section 303 of this act; or

(ii) Substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or

(iii) Excessive additional miles or a discrepancy in the mileage. "Excessive additional miles" means the addition of five hundred miles or more, as reflected on the vehicle's odometer, between the time the vehicle was first valued by the dealer for purposes of determining its trade-in value and the time of actual delivery of the vehicle to the dealer. "A discrepancy in the mileage" means (A) a discrepancy between the mileage reflected on the vehicle's odometer and the stated mileage on the signed odometer statement; or (B) a discrepancy between the mileage stated on the signed odometer statement and the actual mileage on the vehicle; or

(c) Fails to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.

(5) To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.

(6) For any vehicle dealer or vehicle salesperson to refuse to furnish, upon request of a prospective purchaser or lessee, for vehicles previously registered to a business or governmental entity, the name and address of the business or governmental entity.

(7) To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.

(8) To commit any offense relating to a dealer's temporary license permit, including but not limited to failure to properly complete each such permit, or the issuance of more than one such

permit on any one vehicle. However, a dealer may issue a second temporary permit on a vehicle if the following conditions are met:

(a) The lienholder fails to deliver the vehicle title to the dealer within the required time period;

(b) The dealer has satisfied the lien; and

(c) The dealer has proof that payment of the lien was made within two calendar days, exclusive of Saturday, Sunday, or a legal holiday, after the sales contract has been executed by all parties and all conditions and contingencies in the sales contract have been met or otherwise satisfied.

(9) For a dealer, salesperson, or mobile home manufacturer, having taken an instrument or cash "on deposit" from a purchaser or lessee prior to the delivery of the bargained-for vehicle, to commingle the "on deposit" funds with assets of the dealer, salesperson, or mobile home manufacturer instead of holding the "on deposit" funds as trustee in a separate trust account until the purchaser or lessee has taken delivery of the bargained-for vehicle. Delivery of a manufactured home shall be deemed to occur in accordance with RCW 46.70.135(5). Failure, immediately upon receipt, to endorse "on deposit" instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: PROVIDED, HOWEVER, That a motor vehicle dealer may keep a separate trust account which equals his or her customary total customer deposits for vehicles for future delivery. For purposes of this section, "on deposit" funds received from a purchaser of a manufactured home means those funds that a seller requires a purchaser to advance before ordering the manufactured home, but does not include any loan proceeds or moneys that might have been paid on an installment contract.

(10) For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser or lessee, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items specified in the terms of a sales or lease agreement signed by the seller and buyer or lessee.

(11) For a vehicle dealer to pay to or receive from any person, firm, partnership, association, or corporation acting, either directly or through a subsidiary, as a buyer's agent for consumers, any compensation, fee, purchase moneys or funds that have been deposited into or withdrawn out of any account controlled or used by any buyer's agent, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle.

(12) For a buyer's agent, acting directly or through a subsidiary, to pay to or to receive from any motor vehicle dealer any compensation, fee, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle. In addition, it is unlawful for any buyer's agent to engage in any of the following acts on behalf of or in the name of the consumer:

(a) Receiving or paying any purchase moneys or funds into or out of any account controlled or used by any buyer's agent;

(b) Signing any vehicle purchase orders, sales contracts, leases, odometer statements, or title documents, or having the name of the buyer's agent appear on the vehicle purchase order, sales contract, lease, or title; or

(c) Signing any other documentation relating to the purchase, sale, lease, or transfer of any new motor vehicle.

It is unlawful for a buyer's agent to use a power of attorney obtained from the consumer to accomplish or effect the purchase, sale, lease, or transfer of ownership documents of any new motor vehicle by any means which would otherwise be prohibited under

FIFTY FIFTH DAY, MARCH 6, 2010

(a) through (c) of this subsection. However, the buyer's agent may use a power of attorney for physical delivery of motor vehicle license plates to the consumer.

Further, it is unlawful for a buyer's agent to engage in any false, deceptive, or misleading advertising, disseminated in any manner whatsoever, including but not limited to making any claim or statement that the buyer's agent offers, obtains, or guarantees the lowest price on any motor vehicle or words to similar effect.

(13) For a buyer's agent to arrange for or to negotiate the purchase, or both, of a new motor vehicle through an out-of-state dealer without disclosing in writing to the customer that the new vehicle would not be subject to chapter 19.118 RCW. This subsection also applies to leased vehicles. In addition, it is unlawful for any buyer's agent to fail to have a written agreement with the customer that: (a) Sets forth the terms of the parties' agreement; (b) discloses to the customer the total amount of any fees or other compensation being paid by the customer to the buyer's agent for the agent's services; and (c) further discloses whether the fee or any portion of the fee is refundable.

(14) Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.93 RCW, to:

(a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;

(b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his or her capital investment which shall include but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he or she is notified of such cancellation or termination and which are still within the dealer's possession on the day the cancellation or termination is effective, if: (i) The capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) the cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith;

(c) Encourage, aid, abet, or teach a vehicle dealer to sell or lease vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer's franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale or lease of new and unused vehicles sold or distributed by such manufacturer within sixty days after such dealer's order has been received in writing unless caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;

(f) To provide under the terms of any warranty that a purchaser or lessee of any new or unused vehicle that has been sold or leased, distributed for sale or lease, or transferred into this state for resale or lease by the vehicle manufacturer may only make any warranty

claim on any item included as an integral part of the vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this section if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting parties. This paragraph and subsection (14)(b) of this section do not apply to new motor vehicle manufacturers governed by chapter 46.96 RCW.

(15) Unlawful transfer of an ownership interest in a motor vehicle as defined in RCW 19.116.050.

(16) To knowingly and intentionally engage in collusion with a registered owner of a vehicle to repossess and return or resell the vehicle to the registered owner in an attempt to avoid a suspended license impound under chapter 46.55 RCW. However, compliance with chapter 62A.9A RCW in repossessing, selling, leasing, or otherwise disposing of the vehicle, including providing redemption rights to the debtor, is not a violation of this section.

(17)(a) For a dealer to enter into a new motor vehicle sales contract without disclosing in writing to a buyer of the new motor vehicle, or to a dealer in the case of an unregistered motor vehicle, any known damage and repair to the new motor vehicle if the damage exceeds five percent of the manufacturer's suggested retail price as calculated at the dealer's authorized warranty rate for labor and parts, or one thousand dollars, whichever amount is greater. A manufacturer or new motor vehicle dealer is not required to disclose to a dealer or buyer that glass, tires, bumpers, or cosmetic parts of a new motor vehicle were damaged at any time if the damaged item has been replaced with original or comparable equipment. A replaced part is not part of the cumulative damage required to be disclosed under this subsection.

(b) A manufacturer is required to provide the same disclosure to a dealer of any known damage or repair as required in (a) of this subsection.

(c) If disclosure of any known damage or repair is not required under this section, a buyer may not revoke or rescind a sales contract due to the fact that the new motor vehicle was damaged and repaired before completion of the sale.

(d) As used in this section:

(i) "Cosmetic parts" means parts that are attached by and can be replaced in total through the use of screws, bolts, or other fasteners without the use of welding or thermal cutting, and includes windshields, bumpers, hoods, or trim panels.

(ii) "Manufacturer's suggested retail price" means the retail price of the new motor vehicle suggested by the manufacturer, and includes the retail delivered price suggested by the manufacturer for each accessory or item of optional equipment physically attached to the new motor vehicle at the time of delivery to the new motor vehicle dealer that is not included within the retail price suggested by the manufacturer for the new motor vehicle.

**Sec. 1137.** RCW 46.72.060 and 1961 c 12 s 46.72.060 are each amended to read as follows:

Every person having a cause of action for damages against any person, firm, or corporation receiving a permit under the provisions of this chapter, for injury, damages or wrongful death caused by any careless, negligent or unlawful act of any such person, firm, or corporation or his, their, or its agents or employees in conducting or carrying on said business or in operating any motor propelled vehicle for the carrying and transporting of passengers (~~over and along~~) on any public street, road or highway shall have a cause of action against the principal and surety upon the bond or the

This report shall be in such form as the department shall prescribe and shall be accompanied by evidence of ownership as determined by the department. No vehicle wrecker may acquire a vehicle, including a vehicle from an interim owner, without first obtaining evidence of ownership as determined by the department. For a vehicle from an interim owner, the evidence of ownership may not require that a title be issued in the name of the interim owner as required by RCW 46.12.101 (as recodified by this act). The vehicle wrecker shall furnish a monthly report of all acquired vehicles. **Sec. 1140.** RCW 46.87.010 and 2005 c 194 s 1 are each amended to read as follows:

This chapter applies to proportional registration and reciprocity granted under the provisions of the International Registration Plan (IRP). This chapter shall become effective and be implemented beginning with the 1988 registration year.

(1) Provisions and terms of the IRP prevail unless given a different meaning in chapter 46.04 RCW, this chapter, or in rules adopted under the authority of this chapter.

(2) The director may adopt and enforce rules deemed necessary to implement and administer this chapter.

(3) Owners having a fleet of apportionable vehicles operating in two or more IRP member jurisdictions may elect to proportionally register the vehicles of the fleet under the provisions of the IRP and this chapter in lieu of full or temporary registration as provided for in chapter ~~((s))~~ 46.16 ~~((or 46.88))~~ RCW.

(4) If a due date or an expiration date established under authority of this chapter falls on a Saturday, Sunday, or a state legal holiday, such period is automatically extended through the end of the next business day.

**Sec. 1141.** RCW 46.87.020 and 2005 c 194 s 2 are each amended to read as follows:

Terms used in this chapter have the meaning given to them in the International Registration Plan (IRP), in chapter 46.04 RCW, or as otherwise defined in this section. Definitions given to terms by the IRP prevail unless given a different meaning in this chapter or in rules adopted under authority of this chapter.

(1) "Apportionable vehicle" has the meaning given by the IRP, except that it does not include vehicles with a declared gross weight of twelve thousand pounds or less. Apportionable vehicles include trucks, tractors, truck tractors, road tractors, and buses, each as separate and licensable vehicles.

(2) "Cab card" is a certificate of registration issued for a vehicle upon which is disclosed the jurisdictions and registered gross weights in such jurisdictions for which the vehicle is registered.

(3) "Credentials" means cab cards, apportioned plates (for Washington-based fleets), and validation tabs issued for proportionally registered vehicles.

(1) When application to register an apportionable vehicle is made, the Washington prorated fees may be reduced by one-twelfth for each full registration month that has elapsed at the time a temporary authorization permit (TAP) was issued or if no TAP was issued, at such time as an application for registration is received in the department. If a vehicle is being added to a currently registered fleet, the prorate percentage previously established for the fleet for such registration year shall be used in the computation of the proportional fees and taxes due.

(2) If any vehicle is withdrawn from a proportionally registered fleet during the period for which it is registered under this chapter, the registrant of the fleet shall notify the department on appropriate forms prescribed by the department. The department may require the registrant to surrender credentials that were issued to the vehicle. Credit shall be applied against the ((licensing)) license fee liability for subsequent additions of motor vehicles to be proportionally registered in the fleet during such registration year or for additional ((licensing)) license fees due under ((RCW 46.16.070)) section 530 of this act or to be due upon audit under RCW 46.87.310. If any credit is less than fifteen dollars, no credit will be entered. In lieu of credit, the registrant may choose to transfer the unused portion of the ((licensing)) license fee for the motor vehicle to the new owner, in which case it shall remain with the motor vehicle for which it was originally paid. In no event may any amount be credited against fees other than those for the registration year from which the credit was obtained nor is any amount subject to refund.

(1) Any owner engaged in interstate operations of one or more fleets of apportionable vehicles may, in lieu of registration of the vehicles under chapter 46.16 RCW, register and license the vehicles of each fleet under this chapter by filing a proportional registration application for each fleet with the department. The application shall contain the following information and such other information pertinent to vehicle registration as the department may require:

(b) Determine the total proratable fees and taxes required for each vehicle in the fleet for which registration is requested, based on the regular annual fees and taxes or applicable fees and taxes for the unexpired portion of the registration year under the laws of each jurisdiction for which fees or taxes are to be calculated.

Applicable fees and taxes for vehicles of Washington-based fleets are those prescribed under ((RCW 46.16.070)) section 530 of this act, ((46.16.085)) section 531(1)(c) of this act, and RCW 82.38.075, as applicable. If, during the registration period, the lessor of an apportioned vehicle changes and the vehicle remains in the fleet of the registrant, the department shall only charge those fees prescribed for the issuance of new apportioned license plates, validation tabs, and cab card.

(c) Multiply the total, proratable fees or taxes for each motor vehicle by the prorate percentage applicable to the desired jurisdiction and round the results to the nearest cent.

(d) Add the total fees and taxes determined in (c) of this subsection for each vehicle to the nonproratable fees required under the laws of the jurisdiction for which fees are being calculated.

(2) The plates shall be issued without the payment of any license fees or excise tax on the vehicle. Whenever any person who has been issued license plates under this section applies to the department for transfer of the plates to a subsequently acquired motor vehicle, a transfer fee of five dollars shall be charged in addition to all other appropriate fees. If the surviving spouse remarries or the surviving domestic partner registers in a new domestic partnership, he or she shall return the special plates to the department within fifteen days and apply for regular license plates.

**Sec. 1161.** RCW 79.100.100 and 2007 c 342 s 4 are each amended to read as follows:

(1) The derelict vessel removal account is created in the state treasury. All receipts from RCW 79.100.050 and 79.100.060 and those moneys specified in ~~((RCW 88.02.030 and 88.02.050))~~ section 1028 of this act must be deposited into the account. The account is authorized to receive fund transfers and appropriations from the general fund, deposits from the derelict vessel removal surcharge under ~~((RCW 88.02.270))~~ section 1028(4) of this act, as well as gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of this chapter and expend the same or any income according to the terms of the gifts, grants, or

endowments provided those terms do not conflict with any provisions of this section or any guidelines developed to prioritize reimbursement of removal projects associated with this chapter. Moneys in the account may only be spent after appropriation. Expenditures from the account ~~((shall))~~ must be used by the department to reimburse authorized public entities for up to ninety percent of the total reasonable and auditable administrative, removal, disposal, and environmental damage costs of abandoned or derelict vessels when the previous owner is either unknown after a reasonable search effort or insolvent. Reimbursement ~~((shall))~~ may not be made unless the department determines that the public entity has made reasonable efforts to identify and locate the party responsible for the vessel, regardless of the title of owner of the vessel. Funds in the account resulting from transfers from the general fund or from the deposit of funds from the watercraft excise tax as provided for under RCW 82.49.030 ~~((shall))~~ must be used to reimburse one hundred percent of these costs and should be prioritized for the removal of large vessels. Costs associated with removal and disposal of an abandoned or derelict vessel under the authority granted in RCW 53.08.320 also qualify for reimbursement from the derelict vessel removal account. In each biennium, up to twenty percent of the expenditures from the account may be used for administrative expenses of the department of licensing and department of natural resources in implementing this chapter.

(2) If the balance of the account reaches one million dollars as of March 1st of any year, exclusive of any transfer or appropriation of funds into the account or funds deposited into the account collected under ~~((RCW 88.02.270))~~ section 1028(5) of this act, the department must notify the department of licensing and the collection of any fees associated with this account must be suspended for the following fiscal year.

(3) Priority for use of this account is for the removal of derelict and abandoned vessels that are in danger of sinking, breaking up, or blocking navigation channels, or that present environmental risks such as leaking fuel or other hazardous substances. The department must develop criteria, in the form of informal guidelines, to prioritize removal projects associated with this chapter, but may not consider whether the applicant is a state or local entity when prioritizing. The guidelines must also include guidance to the authorized public entities as to what removal activities and associated costs are reasonable and eligible for reimbursement.

(4) The department must keep all authorized public entities apprized of the balance of the derelict vessel removal account and the funds available for reimbursement. The guidelines developed by the department must also be made available to the other authorized public entities. This subsection (4) must be satisfied by utilizing the least costly method, including maintaining the information on the department's internet web site, or any other cost-effective method.

(5) An authorized public entity may contribute its ten percent of costs that are not eligible for reimbursement by using in-kind services, including the use of existing staff, equipment, and volunteers.

(6) This chapter does not guarantee reimbursement for an authorized public entity. Authorized public entities seeking certainty in reimbursement prior to taking action under this chapter may first notify the department of their proposed action and the estimated total costs. Upon notification by an authorized public entity, the department must make the authorized public entity aware of the status of the fund and the likelihood of reimbursement being available. The department may offer technical assistance and assure reimbursement for up to two years following the removal action if an assurance is appropriate given the balance of the fund and the details of the proposed action.

ROLL CALL

The Secretary called the roll on the final passage of Substitute Senate Bill No. 6208, as amended by the House, and the bill

FIFTY FIFTH DAY, MARCH 6, 2010

passed the Senate by the following vote: Yeas, 48; Nays, 0; Absent, 0; Excused, 1.

Voting yea: Senators Becker, Benton, Berkey, Brandland, Brown, Carrell, Delvin, Eide, Fairley, Franklin, Fraser, Gordon, Hargrove, Hatfield, Haugen, Hewitt, Hobbs, Holmquist, Honeyford, Jacobsen, Kastama, Kauffman, Keiser, Kilmer, King, Kline, Kohl-Welles, Marr, McAuliffe, McDermott, Morton, Murray, Oemig, Parlette, Pflug, Prentice, Pridemore, Ranker, Regala, Roach, Rockefeller, Schoesler, Sheldon, Shin, Stevens, Swecker, Tom and Zarelli

Excused: Senator McCaslin

SUBSTITUTE SENATE BILL NO. 6208, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

#### MOTION

On motion of Senator Eide, the Senate advanced to the sixth order of business.

#### SECOND READING

SENATE BILL NO. 6143, by Senator Prentice

Relating to revenue and taxation. Revised for 1st Substitute: Modifying excise tax laws to preserve funding for public schools, colleges, and universities, as well as other public systems essential for the safety, health, and security of all Washingtonians.

#### MOTION

Senator Prentice moved that Substitute Senate Bill No. 6143 be substituted for Senate Bill No. 6143 and the substitute bill be placed on the second reading and read the second time.

#### POINT OF ORDER

Senator Benton: "Thank you Mr. President. Senate Rule 25 requires that no bill contain more than one subject. I believe that this bill is not properly before the Senate as it appears to have more than one subject and should not be placed on the second reading calendar. I offer the following arguments for your consideration. Senate Rule 25 is based on Article II, Section 19 of the Washington State Constitution. It has been interpreted on a number of occasions by our State Supreme Court. This provision is placed in the Constitution and appears in Senate Rule 25 to prevent a practice known as 'log rolling.' Defined in Webster's Dictionary 'log rolling' is the exchanging of a assistance or favors specifically the training of votes by legislation to secure..."

#### REPLY BY THE PRESIDENT

President Owen: "Senator Benton, you may give a brief explanation, not the history. Just a brief explanation to your point please."

#### POINT OF ORDER

Senator Benton: "Our Supreme Court has repeatedly stated Mr. President, that one of the purposes of Article II, Section 19 is to prevent the combining of different bills or policies but could not pass on their own. This bill contains twenty-one different taxes and I don't believe that each of these could stand on its own.

2010 REGULAR SESSION

For these reasons, I believe the bill is improperly before us under Rule 25 of the Rules of the Senate and ask that you rule thereon."

Senator Eide spoke against the point of order.

#### RULING BY THE PRESIDENT

President Owen: "In ruling on the point of order raised by Senator Benton, Rule 25 essentially requires that the subject matter of the bill be reflected in the title of the bill. This title refers to the modification of excise tax laws, and each of the different matters contained in the bill fits within the broad title. The title properly reflects the contents of the bill.

For these reasons, Sen. Benton's Point is not well taken."

The President declared the question before the Senate to be the motion by Senator Prentice that Substitute Senate Bill No. 6143 be substituted for Senate Bill No. 6143 and the substitute bill be placed on the second reading calendar.

FIFTY FIFTH DAY, MARCH 6, 2010

MOTION

On page 15, beginning on line 1, strike everything through page 20 line 3 and insert the following:

**"NEW SECTION. Sec. 201.** A new section is added to chapter 82.32 RCW to read as follows:

(1) Unless otherwise specifically provided in statute, the department must respect the form of a transaction.-

(2) The following transactions are considered to be "specified tax avoidance transactions:"

(a) Joint venture arrangements between construction contractors and the owner/developer of construction projects that are in essence guaranteed payments for the purchase of construction services specifically characterized by a failure of the joint venture agreements to provide for the contractor to share substantial profits and bear significant risk in the venture;

(b) A transaction, related series of transactions or other arrangement without a valid business purpose that result in a person avoiding tax on the receipt of income that would otherwise without such planning be subject to taxation in Washington provided that such income derives from a transaction with a person that is not affiliated with the taxpayer; and

(c) For purposes of this subsection, "affiliated" means under common control. "Control" means the possession, directly or indirectly, of more than fifty percent of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting shares, by contract, or otherwise.

(3) Solely for purposes of denying the tax benefit that would otherwise result on specified tax avoidance transactions, the department may take any reasonable steps necessary to deny the tax benefit that would otherwise arise as a result of the specified tax avoidance transaction.—

(3) The department must by rule provide guidance on specified tax transactions. The adoption of a rule as required under this subsection is not a condition precedent for the department to use the authority provided in this section to correct specified tax avoidance transactions. The rule adopted under this section must include examples of specified tax avoidance transactions.

**NEW SECTION. Sec. 202.** A new section is added to chapter 82. RCW to read as follows:

(1)(a) The department may not use section 201 of this act to disregard any transaction, plan, or arrangement initiated before April 1, 2010.

**Sec. 203.** RCW 82.32.090 and 2006 c 256 s 6 are each amended to read as follows:

(1) If payment of any tax due on a return to be filed by a taxpayer is not received by the department of revenue by the due date, there ~~((shall be))~~ is assessed a penalty of five percent of the amount of the tax; and if the tax is not received on or before the last day of the month following the due date, there ~~((shall be))~~ is assessed a total penalty of fifteen percent of the amount of the tax under this subsection; and if the tax is not received on or before the last day of the second month following the due date, there ~~((shall be))~~ is assessed a total penalty of twenty-five percent of the amount

of the tax under this subsection. No penalty so added shall be less than five dollars.

(2) If the department of revenue determines that any tax has been substantially underpaid, there ~~((shall be))~~ is assessed a penalty of five percent of the amount of the tax determined by the department to be due. If payment of any tax determined by the department to be due is not received by the department by the due date specified in the notice, or any extension thereof, there ~~((shall be))~~ is assessed a total penalty of fifteen percent of the amount of the tax under this subsection; and if payment of any tax determined by the department to be due is not received on or before the thirtieth day following the due date specified in the notice of tax due, or any extension thereof, there ~~((shall be))~~ is assessed a total penalty of twenty-five percent of the amount of the tax under this subsection. No penalty so added ~~((shall))~~ may be less than five dollars. As used in this section, "substantially underpaid" means that the taxpayer has paid less than eighty percent of the amount of tax determined by the department to be due for all of the types of taxes included in, and for the entire period of time covered by, the department's examination, and the amount of underpayment is at least one thousand dollars.

(3) If a warrant ~~((be))~~ is issued by the department ~~((of revenue))~~ for the collection of taxes, increases, and penalties, there ~~((shall be))~~ is added thereto a penalty of ten percent of the amount of the tax, but not less than ten dollars.

(4) If the department finds that a person has engaged in any business or performed any act upon which a tax is imposed under this title and that person has not obtained from the department a registration certificate as required by RCW 82.32.030, the department ~~((shall))~~ must impose a penalty of five percent of the amount of tax due from that person for the period that the person was not registered as required by RCW 82.32.030. The department ~~((shall))~~ may not impose the penalty under this subsection (4) if a person who has engaged in business taxable under this title without first having registered as required by RCW 82.32.030, prior to any notification by the department of the need to register, obtains a registration certificate from the department.

(5) If the department finds that all or any part of a deficiency resulted from the disregard of specific written instructions as to reporting or tax liabilities, the department ~~((shall))~~ must add a penalty of ten percent of the amount of the additional tax found due because of the failure to follow the instructions. A taxpayer disregards specific written instructions when the department ~~((of revenue))~~ has informed the taxpayer in writing of the taxpayer's tax obligations and the taxpayer fails to act in accordance with those instructions unless the department has not issued final instructions because the matter is under appeal pursuant to this chapter or departmental regulations. The department ~~((shall))~~ may not assess the penalty under this section upon any taxpayer who has made a good faith effort to comply with the specific written instructions provided by the department to that taxpayer. Specific written instructions may be given as a part of a tax assessment, audit, determination, or closing agreement, provided that such specific written instructions ~~((shall))~~ apply only to the taxpayer addressed or referenced on such documents. Any specific written instructions by the department ~~((of revenue shall))~~ must be clearly identified as such and ~~((shall))~~ must inform the taxpayer that failure to follow the instructions may subject the taxpayer to the penalties imposed by this subsection.

(6) If the department finds that all or any part of a deficiency resulted from engaging in a specified tax avoidance transaction, as described in section 201(2) of this act, the department must assess a penalty of thirty-five percent of the additional tax found to be due as a result of engaging in the specified tax avoidance transaction. The penalty provided in this subsection may be assessed together with any other applicable penalties provided in this section on the same

FIFTY FIFTH DAY, MARCH 6, 2010

tax found to be due, except for the evasion penalty provided in subsection (7) of this section. The department may not assess the penalty under this subsection if, before the department discovers the taxpayer's use of the specified tax avoidance transaction, the taxpayer discloses its participation in the transaction to the department.

~~(7)~~ (7) If the department finds that all or any part of the deficiency resulted from an intent to evade the tax payable (~~(hereunder)~~), a further penalty of fifty percent of the additional tax found to be due (~~(shall)~~) must be added.

~~((7))~~ (8) The penalties imposed under subsections (1) through (4) of this section can each be imposed on the same tax found to be due. This subsection does not prohibit or restrict the application of other penalties authorized by law.

~~((8))~~ (9) The department (~~(of revenue)~~) may not impose both the evasion penalty and the penalty for disregarding specific written instructions or the penalty provided in subsection (6) of this section on the same tax found to be due.

~~((9))~~ (10) For the purposes of this section, "return" means any document a person is required by the state of Washington to file to satisfy or establish a tax or fee obligation that is administered or collected by the department (~~(of revenue)~~), and that has a statutorily defined due date.

**NEW SECTION. Sec. 204.** (1) The legislature finds that this state's tax policy with respect to the taxation of transactions between affiliated entities and the income derived from such transactions (intercompany transactions) has motivated some taxpayers to engage in transactions designed solely or primarily to minimize the tax effects of intercompany transactions. The legislature further finds that some intercompany transactions result from taxpayers that are required to establish affiliated entities to comply with regulatory mandates and that transactions between such affiliates effectively increases the tax burden in this state on the affiliated group of entities. The legislature also finds that certain legal doctrines available in other jurisdictions may be beneficial in administering state excise taxes.

(2) Therefore, the department of revenue is directed to conduct a review of the state's tax policy with respect to the taxation of intercompany transactions. The review must include the impacts of such transactions under the state's business and occupation tax and state and local sales and use taxes. The department may include other taxes in the review as it deems appropriate. The department shall also study the necessity for and desirability of adopting certain interpretive and judicial doctrines in administering excise taxes.

(3) In conducting the review, the department must examine how this state's tax policy compares to the tax policy of other states with respect to the taxation of intercompany transactions and the use of certain interpretive doctrines. The department's review must include an analysis of potential alternatives to the current policy of taxing intercompany transactions, including their estimated revenue impacts if practicable.

(4) In conducting this review, the department must seek input from members of the business community and others as it deems appropriate.

(5) The department must report its findings to the fiscal committees of the house of representatives and senate by December 1, 2010. However, if the department has not completed its review by December 1, 2010, the department must provide the fiscal committees of the legislature with a brief status report by December 1, 2010, and the final report by December 1, 2011."

MESSAGE FROM THE HOUSE

March 4, 2010

MR. PRESIDENT:

The House passed ENGROSSED SENATE BILL NO. 6261 with the following amendment(s): 6261.E AMH ENGR H5381.E 6261.E AMH ENGR H5381.E

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 35.21.217 and 1998 c 285 s 1 are each amended to read as follows:

(1) Prior to furnishing utility services, a city or town may require a deposit to guarantee payment for services. However, failure to require a deposit does not affect the validity of any lien authorized by RCW 35.21.290 or 35.67.200. A city or town may determine how to apply partial payments on past due accounts.

(2) A city or town may provide a real property owner or the owner's designee with duplicates of tenant utility service bills, or may notify an owner or the owner's designee that a tenant's utility account is delinquent. However, if an owner or the owner's designee notifies the city or town in writing that a property served by the city or town is a residential rental property, asks to be notified of a tenant's delinquency, and has provided, in writing, a complete and accurate mailing address, the city or town shall notify the owner or the owner's designee of a residential tenant's delinquency at the same time and in the same manner the city or town notifies the tenant of the tenant's delinquency or by mail, and the city or town is prohibited from collecting from the owner or the owner's designee any charges for electric light or power services more than four months past due. When a city or town provides a real property owner or the owner's designee with duplicates of residential tenant utility service bills or notice that a tenant's utility account is delinquent, the city or town shall notify the tenant that it is providing the duplicate bills or delinquency notice to the owner or the owner's designee.

(3) After ((January 1, 1999)) August 1, 2010, if a city or town fails to notify the owner of a tenant's delinquency after receiving a written request to do so and after receiving the other information required by this subsection, the city or town shall have no lien against the premises for the residential tenant's delinquent and unpaid charges and is prohibited from collecting the tenant's delinquent and unpaid charges for electric light or power services from the owner or the owner's designee.

(4) When a utility account is in a tenant's name, the owner or the owner's designee shall notify the city or town in writing within fourteen days of the termination of the rental agreement and vacation of the premises. If the owner or the owner's designee fails to provide this notice, a city or town providing electric light or power services is not limited to collecting only up to four months of a tenant's delinquent charges from the owner or the owner's designee, provided that the city or town has complied with the notification requirements of subsection (3) of this section.

(5)(a) If an occupied multiple residential rental unit receives utility service through a single utility account, if the utility account's billing address is not the same as the service address of a residential rental property, or if the city or town has been notified that a tenant resides at the service address, the city or town shall make a good faith and reasonable effort to provide written notice to the service address of pending disconnection of electric power and light or water service for nonpayment at least seven calendar days prior to disconnection. The purpose of this notice is to provide any affected tenant an opportunity to resolve the delinquency with his or her landlord or to arrange for continued service. If requested, a city or town shall provide electric power and light or water services to an affected tenant on the same terms and conditions as other residential utility customers, without requiring that he or she pay delinquent amounts for services billed directly to the property owner or a previous tenant except as otherwise allowed by law and only where

the city or town offers the opportunity for the affected tenant to set up a reasonable payment plan for the delinquent amounts legally due. If a landlord fails to pay for electric power and light or water services, any tenant who requests that the services be placed in his or her name may deduct from the rent due all reasonable charges paid by the tenant to the city or town for such services. A landlord may not take or threaten to take reprisals or retaliatory action as defined in RCW 59.18.240 against a tenant who deducts from his or her rent payments made to a city or town as provided in this subsection.

(b) Nothing in this subsection (5) affects the validity of any lien authorized by RCW 35.21.290 or 35.67.200. Furthermore, a city or town that provides electric power and light or water services to a residential tenant in these circumstances shall retain the right to collect from the property owner, previous tenant, or both, any delinquent amounts due for service previously provided to the service address if the city or town has complied with the notification requirements of subsection (3) of this section when applicable.

Sec. 2. RCW 35.21.290 and 1965 c 7 s 35.21.290 are each amended to read as follows:

Except as provided in RCW 35.21.217(4), cities and towns owning their own waterworks, or electric light or power plants shall have a lien against the premises to which water, electric light, or power services were furnished for four months charges therefor due or to become due, but not for any charges more than four months past due(= PROVIDED, That the owner of the premises or the owner of a delinquent mortgage thereon may give written notice to the superintendent or other head of such works or plant to cut off service to such premises accompanied by payment or tender of payment of the then delinquent and unpaid charges for such service against the premises together with the cut off charge, whereupon the city or town shall have no lien against the premises for charges for such service thereafter furnished, nor shall the owner of the premises or the owner of a delinquent mortgage thereon be held for the payment thereof)."

and amendments and the title, we had a ruling on it earlier regarding the separate subjects and you did do the ruling back that it was in fact the title revenue and taxation covered everything at that point. So, I'm asking you to rule in saying that Senator Benton's point of order is out of order."

REPLY BY THE PRESIDENT

President Owen: "Senator Eide, the President is going to have to leave the rostrum in order to deal with this so... Whatever you would like to do but he is about to do that. So, if you either want to go to ease or just mill around."

RULING BY THE PRESIDENT

President Owen: "In ruling upon the call by Senator Benton to divide the underlying measure into discrete parts for an individual vote, the President finds and rules as follows:

The President begins by observing that the actual question of Third Reading cannot be divided, as the single and only question presented is the final passage of the bill. The remaining issue is whether a bill, itself, may be divided into separate parts.

Senate Rule 31 clearly allows any member to divide any question before the Senate, but it comes with a very important limitation: the individual sections divided out must be substantively and procedurally able to function on their own, independent of each other and irrespective of how the whole matter is ultimately decided.

Division may therefore properly be used to break out the individual parts of a motion with multiple restrictions or purposes—for example, a motion to go to the Ninth Order for a particular purpose could be divided into a question to go to that order and another to limit the purpose once there. Each part of the question could stand on its own.

Similarly, division may properly be used to separate out discrete sections of amendments in some cases, because any parts ultimately adopted will be incorporated into a full bill at some point. Reed's Rules anticipate dividing amendments in sections 151 and 152, but there is no similar provision for dividing a bill in its entirety. The reason for this seems clear: unlike an amendment, a bill may not properly be divided, because it is not possible to achieve any reasonable division which would allow each part to function independent of the others. Indeed, Reed's section 151's last sentence anticipates the problem, stating, 'A division between a clause and its proviso could not be had, for instance, because the proviso standing alone would mean nothing.'

Every measure needs, for example, a title and an enacting clause. It is not reasonable or possible to divide these among the sections of a bill and still ensure that each division could separately function on its own. Moreover, there is the very real potential for great confusion to arise among the body and the public were bills to be allowed to be divided in this manner. The ensuing logistical chaos and uncertainty as to the ultimate disposition of a measure would be considerable. Avoiding the confusion that could result from such a division is of paramount importance, and thus the President ends with where he began by holding that the question contemplated for division in this case is the final passage of the bill, which—like the individual parts of a bill itself—cannot be divided.

For these reasons, Senator Benton's call is not in order and the bill may not be divided into separate parts for individual consideration."

MESSAGE FROM THE HOUSE

March 4, 2010

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6359 with the following amendment(s): 6359-S.E AMH APPE H5441.1 ,

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that Washington's community and technical college system consists of thirty-four two-year institutions geographically dispersed across the state to encourage and enable student access and participation. The legislature also finds that, compared with other states, Washington's two-year public participation rate is ranked as high as fifth in the nation. The legislature further finds that Washington's community and technical colleges have been making and are continuing to make great progress towards system efficiencies and coordination of their efforts through such things as common course numbering, the student achievement initiative, associate transfer degrees, eLearning and integrated basic education, skills training, and some common administrative systems. While maintaining Washington's recognized leadership in community and technical college education, the legislature intends to provide mechanisms to encourage further efficiencies that will provide cost savings to be used to enhance student access and success, strengthen academic

programs, and develop and retain high quality faculty through cost-effective partnerships and coordination between institutions, including shared services and increased complementary programming, as well as structural administrative efficiencies.

**Sec. 2.** RCW 28B.50.020 and 2009 c 64 s 2 are each amended to read as follows:

The purpose of this chapter is to provide for the dramatically increasing number of students requiring high standards of education either as a part of the continuing higher education program or for occupational education and training, or for adult basic skills and literacy education, by creating a new, independent system of community and technical colleges which will:

(1) Offer an open door to every citizen, regardless of his or her academic background or experience, at a cost normally within his or her economic means;

(2) Ensure that each college district, in coordination with adjacent college districts, shall offer thoroughly comprehensive educational, training, and service programs to meet the needs of both the communities and students served by combining high standards of excellence in academic transfer courses; realistic and practical courses in occupational education, both graded and ungraded; community services of an educational, cultural, and recreational nature; and adult education, including basic skills and general, family, and workforce literacy programs and services;

(3) Provide for basic skills and literacy education, and occupational education and technical training (~~at technical colleges~~) in order to prepare students for careers in a competitive workforce;

(4) Provide or coordinate related and supplemental instruction for apprentices at community and technical colleges;

(5) Provide administration by state and local boards which will avoid unnecessary duplication of facilities (~~and~~), programs, student services, or administrative functions; and which will encourage efficiency in operation and creativity and imagination in education, training, and service to meet the needs of the community and students;

(6) Allow for the growth, improvement, flexibility and modification of the community colleges and their education, training, and service programs as future needs occur; and

(7) Establish firmly that, except on a pilot basis as provided under RCW 28B.50.810, community colleges are, for purposes of academic training, two year institutions, and are an independent, unique, and vital section of our state's higher education system, separate from both the common school system and other institutions of higher learning, and never to be considered for conversion into four-year liberal arts colleges.

**Sec. 3.** RCW 28B.50.090 and 2009 c 64 s 4 are each amended to read as follows:

The college board shall have general supervision and control over the state system of community and technical colleges. In addition to the other powers and duties imposed upon the college board by this chapter, the college board shall be charged with the following powers, duties and responsibilities:

(1) Review the budgets prepared by the boards of trustees, prepare a single budget for the support of the state system of community and technical colleges and adult education, and submit this budget to the governor as provided in RCW 43.88.090;

(2) Establish guidelines for the disbursement of funds; and receive and disburse such funds for adult education and maintenance and operation and capital support of the college districts in conformance with the state and district budgets, and in conformance with chapter 43.88 RCW;

(3) Ensure, through the full use of its authority:

(a) That each college district, in coordination with colleges, within a regional area, shall offer thoroughly comprehensive

educational, training, and service programs to meet the needs of both the communities and students served by combining high standards of excellence in academic transfer courses; realistic and practical courses in occupational education, both graded and ungraded; and community services of an educational, cultural, and recreational nature; and adult education, including basic skills and general, family, and workforce literacy programs and services;

(b) That each college district shall maintain an open-door policy, to the end that no student will be denied admission because of the location of the student's residence or because of the student's educational background or ability; that, insofar as is practical in the judgment of the college board, curriculum offerings will be provided to meet the educational and training needs of the community generally and the students thereof; and that all students, regardless of their differing courses of study, will be considered, known and recognized equally as members of the student body: PROVIDED, That the administrative officers of a community or technical college may deny admission to a prospective student or attendance to an enrolled student if, in their judgment, the student would not be competent to profit from the curriculum offerings of the college, or would, by his or her presence or conduct, create a disruptive atmosphere within the college not consistent with the purposes of the institution. This subsection (3)(b) shall not apply to competency, conduct, or presence associated with a disability in a person twenty-one years of age or younger attending a technical college;

(4) Prepare a comprehensive master plan for the development of community and technical college education and training in the state; and assist the office of financial management in the preparation of enrollment projections to support plans for providing adequate college facilities in all areas of the state. The master plan shall include implementation of the vision, goals, priorities, and strategies in the statewide strategic master plan for higher education under RCW 28B.76.200 based on the community and technical college system's role and mission. The master plan shall also contain measurable performance indicators and benchmarks for gauging progress toward achieving the goals and priorities;

(5) Define and administer criteria and guidelines for the establishment of new community and technical colleges or campuses within the existing districts;

(6) Establish criteria and procedures for modifying district boundary lines and consolidating district structures to form multiple campus districts consistent with the purposes set forth in RCW 28B.50.020 as now or hereafter amended and in accordance therewith make such changes as it deems advisable;

(7) Establish minimum standards to govern the operation of the community and technical colleges with respect to:

(a) Qualifications and credentials of instructional and key administrative personnel, except as otherwise provided in the state plan for vocational education,

(b) Internal budgeting, accounting, auditing, and financial procedures as necessary to supplement the general requirements prescribed pursuant to chapter 43.88 RCW,

2010 REGULAR SESSION

(10) Exercise any other powers, duties and responsibilities necessary to carry out the purposes of this chapter;

(11) Authorize the various community and technical colleges to offer programs and courses in other districts when it determines that such action is consistent with the purposes set forth in RCW 28B.50.020 as now or hereafter amended;

(12) Notwithstanding any other law or statute regarding the sale of state property, sell or exchange and convey any or all interest in any community and technical college real and personal property, except such property as is received by a college district in accordance with RCW 28B.50.140(8), when it determines that such property is surplus or that such a sale or exchange is in the best interests of the community and technical college system;

(13) In order that the treasurer for the state board for community and technical colleges appointed in accordance with RCW 28B.50.085 may make vendor payments, the state treasurer will honor warrants drawn by the state board providing for an initial advance on July 1, 1982, of the current biennium and on July 1 of each succeeding biennium from the state general fund in an amount equal to twenty-four percent of the average monthly allotment for such budgeted biennium expenditures for the state board for community and technical colleges as certified by the office of financial management; and at the conclusion of such initial month and for each succeeding month of any biennium, the state treasurer will reimburse expenditures incurred and reported monthly by the state board treasurer in accordance with chapter 43.88 RCW: PROVIDED, That the reimbursement to the state board for actual expenditures incurred in the final month of each biennium shall be less the initial advance made in such biennium;

(14) Notwithstanding the provisions of subsection (12) of this section, may receive such gifts, grants, conveyances, devises, and bequests of real or personal property from private sources as may be made from time to time, in trust or otherwise, whenever the terms and conditions thereof will aid in carrying out the community and technical college programs and may sell, lease or exchange, invest or expend the same or the proceeds, rents, profits and income thereof according to the terms and conditions thereof; and adopt regulations to govern the receipt and expenditure of the proceeds, rents, profits and income thereof; and

(15) The college board shall have the power of eminent domain.

**NEW SECTION. Sec. 4.** A new section is added to chapter 28B.50 RCW to read as follows:

(1) The state board for community and technical colleges, in collaboration with the boards of trustees for the community and technical colleges, shall identify potential administrative efficiencies, complementary administrative functions, and complementary academic programs based upon consultation with colleges within a regional area. To study and identify potential administrative efficiencies and complementary administrative functions and programs, colleges within the regional area shall work with stakeholders including faculty and staff representatives appointed by their respective unions. Factors to be considered include, but are not limited to:

(a) The economic feasibility and cost savings anticipated from the proposed changes;

(b) The extent to which the changes will contribute to student access to academic programs and services, including greater flexibility for students to transfer credits and obtain degrees and certificates from other colleges within the regional area; and

(c) The extent to which the changes contribute to the vision, goals, priorities, and statewide strategies in the comprehensive master plan and the statewide strategic master plan for higher education.

(2) The state board for community and technical colleges shall develop and adopt a detailed plan for the implementation of any

identified changes that would result in cost savings while maintaining or enhancing student access and achievement. If educational programs are identified that would provide cost savings if consolidated, the faculty and staff of those programs shall be convened to assist in the development of the part of the plan that will impact their programs and collective bargaining agreements. The plan must establish a time frame within which any proposed changes must be accomplished and must include any agreements, approved by the state board for community and technical colleges, between colleges within a regional area to provide complementary academic programs or coordinate administrative functions. The implementation plan shall take effect upon approval by the state board for community and technical colleges. The state board shall submit a preliminary report on the plan to the appropriate legislative committees and the governor December 1, 2010, and shall submit a final report December 1, 2011.

(3) Any cost savings realized as a result of the implementation of administrative efficiencies, complementary administrative functions, and complementary academic programming under the plan shall be retained by the respective districts to be used for enhancing student access and success, and the retention and recruitment of high quality faculty, including but not limited to, full-time faculty, faculty development, and academic programs.

(4) The college board, using the criteria and processes established in this section and in consultation with the boards of trustees for the community and technical colleges, shall identify adjacent college districts that can feasibly be consolidated or whose boundaries can feasibly be modified to form a multiple campus district. The primary considerations shall be the extent to which the changes will: (a) Affect student access to academic programs and services, (b) affect the retention and recruitment of high quality faculty, and (c) result in financial efficiencies.

(5) By December 1, 2012, the college board, in consultation with local boards of trustees, shall evaluate any proposed district consolidations or boundary changes identified in subsection (4) of this section as it deems advisable and shall submit any required supporting legislative changes to the governor and appropriate committees of the legislature."

NEW SECTION. Sec. 2. A new section is added to chapter 59.18 RCW to read as follows:

(1) Local municipalities may require that landlords provide a certificate of inspection as a business license condition. A local municipality does not need to have a business license or registration program in order to require that landlords provide a certificate of inspection. A certificate of inspection does not preclude or limit inspections conducted pursuant to the tenant remedy as provided for in RCW 59.18.115, at the request or consent of the tenant, or pursuant to a warrant.

(2) A qualified inspector who is conducting an inspection under this section may only investigate a rental property as needed to provide a certificate of inspection.

(3) A local municipality may only require a certificate of inspection on a rental property once every three years.

(4)(a) A rental property that has received a certificate of occupancy within the last four years and has had no code violations reported on the property during that period is exempt from inspection under this section.

(b) A rental property inspected by a government agency or other qualified inspector within the previous twenty-four months may provide proof of that inspection which the local municipality may accept in lieu of a certificate of inspection. If any additional inspections of the rental property are conducted, a copy of the findings of these inspections may also be required by the local municipality.

(5) A rental property owner may choose to inspect one hundred percent of the units on the rental property and provide only the certificate of inspection for all units to the local municipality. However, if a rental property owner chooses to inspect only a sampling of the units, the owner must send written notice of the inspection to all units at the property. The notice must advise tenants that some of the units at the property will be inspected and that the tenants whose units need repairs or maintenance should send written notification to the landlord as provided in RCW 59.18.070. The notice must also advise tenants that if the landlord fails to adequately respond to the request for repairs or maintenance, the tenants may contact local municipality officials. A copy of the notice must be provided to the inspector upon request on the day of inspection.

(6)(a) If a rental property has twenty or fewer dwelling units, no more than four dwelling units at the rental property may be selected by the local municipality to provide a certificate of inspection as long as the initial inspection reveals that no conditions exist that endanger or impair the health or safety of a tenant.

(b) If a rental property has twenty-one or more units, no more than twenty percent of the units, rounded up to the next whole number, on the rental property, and up to a maximum of fifty units at

FIFTY SEVENTH DAY, MARCH 8, 2010

any one property, may be selected by the local municipality to provide a certificate of inspection as long as the initial inspection reveals that no conditions exist that endanger or impair the health or safety of a tenant.

(c) If a rental property is asked to provide a certificate of inspection for a sample of units on the property and a selected unit fails the initial inspection, the local municipality may require up to one hundred percent of the units on the rental property to provide a certificate of inspection.

(d) If a rental property has had conditions that endanger or impair the health or safety of a tenant reported since the last required inspection, the local municipality may require one hundred percent of the units on the rental property to provide a certificate of inspection.

(e) If a rental property owner chooses to hire a qualified inspector other than a municipal housing code enforcement officer, and a selected unit of the rental property fails the initial inspection, both the results of the initial inspection and any certificate of inspection must be provided to the local municipality.

(7)(a) The landlord shall provide written notification of his or her intent to enter an individual unit for the purposes of providing a local municipality with a certificate of inspection in accordance with RCW 59.18.150(6). The written notice must indicate the date and approximate time of the inspection and the company or person performing the inspection, and that the tenant has the right to see the inspector's identification before the inspector enters the individual unit. A copy of this notice must be provided to the inspector upon request on the day of inspection.

(b) A tenant who continues to deny access to his or her unit is subject to RCW 59.18.150(8).

(8) If a rental property owner does not agree with the findings of an inspection performed by a local municipality under this section, the local municipality shall offer an appeals process.

(9) A penalty for noncompliance under this section may be assessed by a local municipality. A local municipality may also notify the landlord that until a certificate of inspection is provided, it is unlawful to rent or to allow a tenant to continue to occupy the dwelling unit.

(10) Any person who knowingly submits or assists in the submission of a falsified certificate of inspection, or knowingly submits falsified information upon which a certificate of inspection is issued, is, in addition to the penalties provided for in subsection (9) of this section, guilty of a gross misdemeanor and must be punished by a fine of not more than five thousand dollars.

(11) As of the effective date of this section, a local municipality may not enact an ordinance requiring a certificate of inspection unless the ordinance complies with this section. This prohibition does not preclude any amendments made to ordinances adopted before the effective date of this section.

**Sec. 3.** RCW 59.18.150 and 2002 c 263 s 1 are each amended to read as follows:

(1) The tenant shall not unreasonably withhold consent to the landlord to enter into the dwelling unit in order to inspect the premises, make necessary or agreed repairs, alterations, or improvements, supply necessary or agreed services, or exhibit the dwelling unit to prospective or actual purchasers, mortgagees, tenants, workers, or contractors.

(2) Upon written notice of intent to seek a search warrant, when a tenant or landlord denies a fire official the right to search a dwelling unit, a fire official may immediately seek a search warrant and, upon a showing of probable cause specific to the dwelling unit sought to be searched that criminal fire code violations exist in the dwelling unit, a court of competent jurisdiction shall issue a warrant allowing a search of the dwelling unit.

Upon written notice of intent to seek a search warrant, when a landlord denies a fire official the right to search the common areas of the rental building other than the dwelling unit, a fire official may immediately seek a search warrant and, upon a showing of probable cause specific to the common area sought to be searched that a criminal fire code violation exists in those areas, a court of competent jurisdiction shall issue a warrant allowing a search of the common areas in which the violation is alleged.

The superior court and courts of limited jurisdiction organized under Titles 3, 35, and 35A RCW have jurisdiction to issue such search warrants. Evidence obtained pursuant to any such search may be used in a civil or administrative enforcement action.

(3) As used in this section:

(a) "Common areas" means a common area or those areas that contain electrical, plumbing, and mechanical equipment and facilities used for the operation of the rental building.

(b) "Fire official" means any fire official authorized to enforce the state or local fire code.

(4)(a) A search warrant may be issued by a judge of a superior court or a court of limited jurisdiction under Titles 3, 35, and 35A RCW to a code enforcement official of the state or of any county, city, or other political subdivision for the purpose of allowing the inspection of any specified dwelling unit and premises to determine the presence of an unsafe building condition or a violation of any building regulation, statute, or ordinance.

(b) A search warrant must only be issued upon application of a designated officer or employee of a county or city prosecuting or regulatory authority supported by an affidavit or declaration made under oath or upon sworn testimony before the judge, establishing probable cause that a violation of a state or local law, regulation, or ordinance regarding rental housing exists and endangers the health or safety of the tenant or adjoining neighbors. In addition, the affidavit must contain a statement that consent to inspect has been sought from the owner and the tenant but could not be obtained because the owner or the tenant either refused or failed to respond within five days, or a statement setting forth facts or circumstances reasonably justifying the failure to seek such consent. A landlord may not take or threaten to take reprisals or retaliatory action as defined in RCW 59.18.240 against a tenant who gives consent to a code enforcement official of the state or of any county, city, or other political subdivision to inspect his or her dwelling unit to determine the presence of an unsafe building condition or a violation of any building regulation, statute, or ordinance.

(c) In determining probable cause, the judge is not limited to evidence of specific knowledge, but may also consider any of the following:

- (i) The age and general condition of the premises;
- (ii) Previous violations or hazards found present in the premises;
- (iii) The type of premises;
- (iv) The purposes for which the premises are used; or

(v) The presence of hazards or violations in and the general condition of premises near the premises sought to be inspected.

(d) Before issuing an inspection warrant, the judge shall find that the applicant has: (i) Provided written notice of the date, approximate time, and court in which the applicant will be seeking the warrant to the owner and, if the applicant reasonably believes the dwelling unit or rental property to be inspected is in the lawful possession of a tenant, to the tenant; and (ii) posted a copy of the notice on the exterior of the dwelling unit or rental property to be inspected. The judge shall also allow the owner and any tenant who appears during consideration of the application for the warrant to defend against or in support of the issuance of the warrant.

(e) All warrants must include at least the following:

(i) The name of the agency and building official requesting the warrant and authorized to conduct an inspection pursuant to the

2010 REGULAR SESSION

warrant;

(ii) A reasonable description of the premises and items to be inspected; and

(iii) A brief description of the purposes of the inspection.

(f) An inspection warrant is effective for the time specified in the warrant, but not for a period of more than ten days unless it is extended or renewed by the judge who signed and issued the original warrant upon satisfying himself or herself that the extension or renewal is in the public interest. The inspection warrant must be executed and returned to the judge by whom it was issued within the time specified in the warrant or within the extended or renewed time. After the expiration of the time specified in the warrant, the warrant, unless executed, is void.

(g) An inspection pursuant to a warrant must not be made:

(i) Between 7:00 p.m. of any day and 8:00 a.m. of the succeeding day, on Saturday or Sunday, or on any legal holiday, unless the owner or, if occupied, the tenant specifies a preference for inspection during such hours or on such a day;

(ii) Without the presence of an owner or occupant over the age of eighteen years or a person designated by the owner or occupant unless specifically authorized by a judge upon a showing that the authority is reasonably necessary to effectuate the purpose of the search warrant; or

(iii) By means of forcible entry, except that a judge may expressly authorize a forcible entry when:

(A) Facts are shown that are sufficient to create a reasonable suspicion of a violation of a state or local law or rule relating to municipal or county building, fire, safety, environmental, animal control, land use, plumbing, electrical, health, minimum housing, or zoning standards that, if the violation existed, would be an immediate threat to the health or safety of the tenant; or

(B) Facts are shown establishing that reasonable attempts to serve a previous warrant have been unsuccessful.

(h) Immediate execution of a warrant is prohibited, except when necessary to prevent loss of life or property.

(i) Any person who willfully refuses to permit inspection, obstructs inspection, or aids in the obstruction of an inspection of property authorized by warrant issued pursuant to this section is subject to remedial and punitive sanctions for contempt of court under chapter 7.21 RCW. Such conduct may also be subject to a civil penalty imposed by local ordinance that takes into consideration the facts and circumstances and the severity of the violation.

(5) The landlord may enter the dwelling unit without consent of the tenant in case of emergency or abandonment.

~~((5))~~ (6) The landlord shall not abuse the right of access or use it to harass the tenant. Except in the case of emergency or if it is impracticable to do so, the landlord shall give the tenant at least two days' notice of his or her intent to enter and shall enter only at reasonable times. The tenant shall not unreasonably withhold consent to the landlord to enter the dwelling unit at a specified time where the landlord has given at least one day's notice of intent to enter to exhibit the dwelling unit to prospective or actual purchasers or tenants. A landlord shall not unreasonably interfere with a tenant's enjoyment of the rented dwelling unit by excessively exhibiting the dwelling unit.

~~((6))~~ (7) The landlord has no other right of access except by court order, arbitrator or by consent of the tenant.

~~((7))~~ (8) A landlord or tenant who continues to violate the rights of the tenant or landlord with respect to the duties imposed on the other as set forth in this section after being served with one written notification alleging in good faith violations of this section listing the date and time of the violation shall be liable for up to one hundred dollars for each violation after receipt of the notice. The prevailing landlord or tenant may recover costs of the suit or

arbitration under this section, and may also recover reasonable attorneys' fees.

~~((8))~~ (9) Nothing in this section is intended to (a) abrogate or modify in any way any common law right or privilege or (b) affect the common law as it relates to a local municipality's right of entry under emergency or exigent circumstances.

NEW SECTION. **Sec. 4.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." and the same are herewith transmitted.

(9) This chapter does not apply to vehicles used by the state parks and recreation commission exclusively for park maintenance and operations upon public highways within state parks.

(10) Notices of traffic infraction issued to commercial drivers under the provisions of this chapter with respect to equipment required on commercial motor vehicles shall not be considered for driver improvement purposes under chapter 46.20 RCW.

(11) Whenever a traffic infraction is chargeable to the owner or lessee of a vehicle under subsection (1) of this section, the driver shall not be arrested or issued a notice of traffic infraction unless the vehicle is registered in a jurisdiction other than Washington state, or unless the infraction is for an offense that is clearly within the responsibility of the driver.

(12) Whenever the owner or lessee is issued a notice of traffic infraction under this section the court may, on the request of the owner or lessee, take appropriate steps to make the driver of the vehicle, or any other person who directs the loading, maintenance, or operation of the vehicle, a codefendant. If the codefendant is held solely responsible and is found to have committed the traffic infraction, the court may dismiss the notice against the owner or lessee.

**Sec. 7.** RCW 46.61.687 and 2007 c 510 s 4 are each amended to read as follows:

(1) Whenever a child who is less than sixteen years of age is being transported in a motor vehicle that is in operation and that is required by RCW 46.37.510 to be equipped with a safety belt system in a passenger seating position, or is being transported in a neighborhood electric vehicle or medium-speed electric vehicle that is in operation, the driver of the vehicle shall keep the child properly restrained as follows:

(a) A child must be restrained in a child restraint system, if the passenger seating position equipped with a safety belt system allows sufficient space for installation, until the child is eight years old, unless the child is four feet nine inches or taller. The child restraint system must comply with standards of the United States department of transportation and must be secured in the vehicle in accordance with instructions of the vehicle manufacturer and the child restraint system manufacturer.

(b) A child who is eight years of age or older or four feet nine inches or taller shall be properly restrained with the motor vehicle's safety belt properly adjusted and fastened around the child's body or an appropriately fitting child restraint system.

(c) The driver of a vehicle transporting a child who is under thirteen years old shall transport the child in the back seat positions in the vehicle where it is practical to do so.

(2) Enforcement of subsection (1) of this section is subject to a visual inspection by law enforcement to determine if the child restraint system in use is appropriate for the child's individual height, weight, and age. The visual inspection for usage of a child restraint system must ensure that the child restraint system is being used in accordance with the instruction of the vehicle and the child restraint system manufacturers. The driver of a vehicle transporting a child who is under thirteen years old shall transport the child in the back seat positions in the vehicle where it is practical to do so.

(3) A person violating subsection (1) of this section may be issued a notice of traffic infraction under chapter 46.63 RCW. If the person to whom the notice was issued presents proof of acquisition of an approved child passenger restraint system or a

child booster seat, as appropriate, within seven days to the jurisdiction issuing the notice and the person has not previously had a violation of this section dismissed, the jurisdiction shall dismiss the notice of traffic infraction.

(4) Failure to comply with the requirements of this section shall not constitute negligence by a parent or legal guardian. Failure to use a child restraint system shall not be admissible as evidence of negligence in any civil action.

(5) This section does not apply to: (a) For hire vehicles, (b) vehicles designed to transport sixteen or less passengers, including the driver, operated by auto transportation companies, as defined in RCW 81.68.010, (c) vehicles providing customer shuttle service between parking, convention, and hotel facilities, and airport terminals, ~~(and)~~ (d) golf carts, as defined in section 3 of this act, operating within a designated golf cart zone as described in section 4 of this act, and (e) school buses.

(6) As used in this section, "child restraint system" means a child passenger restraint system that meets the Federal Motor Vehicle Safety Standards set forth in 49 C.F.R. 571.213.

(7) The requirements of subsection (1) of this section do not apply in any seating position where there is only a lap belt available and the child weighs more than forty pounds.

(8)(a) Except as provided in (b) of this subsection, a person who has a current national certification as a child passenger safety technician and who in good faith provides inspection, adjustment, or educational services regarding child passenger restraint systems is not liable for civil damages resulting from any act or omission in providing the services, other than acts or omissions constituting gross negligence or willful or wanton misconduct.

(b) The immunity provided in this subsection does not apply to a certified child passenger safety technician who is employed by a retailer of child passenger restraint systems and who, during his or her hours of employment and while being compensated, provides inspection, adjustment, or educational services regarding child passenger restraint systems."

**Sec. 2.** RCW 70.94.151 and 2008 c 14 s 5 are each amended to read as follows:

(1) The board of any activated authority or the department, may classify air contaminant sources, by ordinance, resolution, rule or regulation, which in its judgment may cause or contribute to air pollution, according to levels and types of emissions and other characteristics which cause or contribute to air pollution, and may require registration or reporting or both for any such class or classes. Classifications made pursuant to this section may be for application to the area of jurisdiction of such authority, or the state as a whole or

to any designated area within the jurisdiction, and shall be made with special reference to effects on health, economic and social factors, and physical effects on property.

(2) Except as provided in subsection (3) of this section, any person operating or responsible for the operation of air contaminant sources of any class for which the ordinances, resolutions, rules or regulations of the department or board of the authority, require registration or reporting shall register therewith and make reports containing information as may be required by such department or board concerning location, size and height of contaminant outlets, processes employed, nature of the contaminant emission and such other information as is relevant to air pollution and available or reasonably capable of being assembled. In the case of emissions of greenhouse gases as defined in RCW 70.235.010 the department shall adopt rules requiring reporting of those emissions. The department or board may require that such registration or reporting be accompanied by a fee, and may determine the amount of such fee for such class or classes: PROVIDED, That the amount of the fee shall only be to compensate for the costs of administering such registration or reporting program which shall be defined as initial registration and annual or other periodic reports from the source owner providing information directly related to air pollution registration, on-site inspections necessary to verify compliance with registration requirements, data storage and retrieval systems necessary for support of the registration program, emission inventory reports and emission reduction credits computed from information provided by sources pursuant to registration program requirements, staff review, including engineering or other reliable analysis for accuracy and currentness, of information provided by sources pursuant to registration program requirements, clerical and other office support provided in direct furtherance of the registration program, and administrative support provided in directly carrying out the registration program: PROVIDED FURTHER, That any such registration made with either the board or the department shall preclude a further registration and reporting with any other board or the department, except that emissions of greenhouse gases as defined in RCW 70.235.010 must be reported as required under subsection (5) of this section.

All registration program and reporting fees collected by the department shall be deposited in the air pollution control account. All registration program fees collected by the local air authorities shall be deposited in their respective treasuries.

(3) If a registration or report has been filed for a grain warehouse or grain elevator as required under this section, registration, reporting, or a registration program fee shall not, after January 1, 1997, again be required under this section for the warehouse or elevator unless the capacity of the warehouse or elevator as listed as part of the license issued for the facility has been increased since the date the registration or reporting was last made. If the capacity of the warehouse or elevator listed as part of the license is increased, any registration or reporting required for the warehouse or elevator under this section must be made by the date the warehouse or elevator receives grain from the first harvest season that occurs after the increase in its capacity is listed in the license.

This subsection does not apply to a grain warehouse or grain elevator if the warehouse or elevator handles more than ten million bushels of grain annually.

(4) For the purposes of subsection (3) of this section:

(a) A "grain warehouse" or "grain elevator" is an establishment classified in standard industrial classification (SIC) code 5153 for wholesale trade for which a license is required and includes, but is not limited to, such a licensed facility that also conducts cleaning operations for grain;

FIFTY SEVENTH DAY, MARCH 8, 2010

(b) A "license" is a license issued by the department of agriculture licensing a facility as a grain warehouse or grain elevator under chapter 22.09 RCW or a license issued by the federal government licensing a facility as a grain warehouse or grain elevator for purposes similar to those of licensure for the facility under chapter 22.09 RCW; and

(c) "Grain" means a grain or a pulse.

(5)(a) ~~The department shall adopt rules requiring ((the reporting of)) persons to report emissions of greenhouse gases as defined in RCW 70.235.010((The rules must include a de minimis amount of emissions below which reporting will not be required for both indirect and direct emissions. The rules must require that emissions of greenhouse gases resulting from the burning of fossil fuels be reported separately from emissions of greenhouse gases resulting from the burning of biomass. Except as provided in (b) of this subsection, the department shall, under the authority granted in subsection (1) of this section, adopt rules requiring any owner or operator: (i) Of a fleet of on road motor vehicles that as a fleet emit at least twenty five hundred metric tons of greenhouse gas annually in the state to report the emissions of greenhouse gases generated from or emitted by that fleet; or (ii) of a source or combination of sources that emit at least ten thousand metric tons of greenhouse gas annually in the state to report their total annual emissions of greenhouse gases. In calculating emissions of greenhouse gases for purposes of determining whether or not reporting is required, only direct emissions shall be included. For purposes of reporting emissions of greenhouse gases in chapter 14, Laws of 2008, "source" means any stationary source as defined in RCW 70.94.030, or mobile source used for transportation of people or cargo. The emissions of greenhouse gases must be reported as carbon dioxide equivalents. The rules must require that persons report 2009 emissions starting in 2010. The rules must establish an annual reporting schedule that takes into account the time needed to allow the owner or operator reporting emissions of greenhouse gases to gather the information needed and to verify the emissions being reported. However, in no event may reports be submitted later than October 31st of the year in which the report is due. The department may phase in the reporting requirements for sources or combinations of sources under (a)(ii) of this subsection until the reporting threshold is met, which must be met by January 1, 2012. The department may from time to time amend the rules to include other persons that emit less than the annual greenhouse gas emissions levels set out in this subsection if necessary to comply with any federal reporting requirements for emissions of greenhouse gases.~~

~~(b) In its rules, the department may defer the reporting requirement under (a) of this subsection for emissions associated with interstate and international commercial aircraft, rail, truck, or marine vessels until (i) there is a federal requirement to report these emissions; or (ii) the department finds that there is a generally accepted reporting protocol for determining interstate emissions from these sources.) where those emissions from a single facility, source, or site, or from fossil fuels sold in Washington by a single supplier meet or exceed ten thousand metric tons of carbon dioxide equivalent annually. The department may phase in the requirement to report greenhouse gas emissions until the reporting threshold in this subsection is met, which must occur by January 1, 2012. In addition, the rules must require that:~~

~~(i) Emissions of greenhouse gases resulting from the combustion of fossil fuels be reported separately from emissions of greenhouse gases resulting from the combustion of biomass;~~

~~(ii) Reporting will start in 2010 for 2009 emissions. Each annual report must include emissions data for the preceding calendar year and must be submitted to the department by October 31st of the year in which the report is due. However, starting in~~

2010 REGULAR SESSION

2011, a person who is required to report greenhouse gas emissions to the United States environmental protection agency under 40 C.F.R. Part 98, as adopted on September 22, 2009, must submit the report required under this section to the department concurrent with the submission to the United States environmental protection agency. Except as otherwise provided in this section, the data for emissions in Washington and any corrections thereto that are reported to the United States environmental protection agency must be the emissions data reported to the department; and

(iii) Emissions of carbon dioxide associated with the complete combustion or oxidation of liquid motor vehicle fuel, special fuel, or aircraft fuel that is sold in Washington where the annual emissions associated with that combustion or oxidation equal or exceed ten thousand metric tons be reported to the department. Each person who is required to file periodic tax reports of motor vehicle fuel sales under RCW 82.36.031 or special fuel sales under RCW 82.38.150, or each distributor of aircraft fuel required to file periodic tax reports under RCW 82.42.040 must report to the department the annual emissions of carbon dioxide from the complete combustion or oxidation of the fuels listed in those reports as sold in the state of Washington. The department shall not require suppliers to use additional data to calculate greenhouse gas emissions other than the data the suppliers report to the department of licensing. The rules may allow this information to be aggregated when reported to the department. The department and the department of licensing shall enter into an interagency agreement to ensure proprietary and confidential information is protected if the departments share reported information. Any proprietary or confidential information exempt from disclosure when reported to the department of licensing is exempt from disclosure when shared by the department of licensing with the department under this provision.

(b)(i) Except as otherwise provided in this subsection, the rules adopted by the department under (a) of this subsection must be consistent with the regulations adopted by the United States environmental protection agency in 40 C.F.R. Part 98 on September 22, 2009.

(ii) The department may by rule include additional gases to the definition of "greenhouse gas" in RCW 70.235.010 only if the gas has been designated as a greenhouse gas by the United States congress or by the United States environmental protection agency. Prior to including additional gases to the definition of "greenhouse gas" in RCW 70.235.010, the department shall notify the appropriate committees of the legislature. Decisions to amend the rule to include additional gases must be made prior to December 1st of any year and the amended rule may not take effect before the end of the regular legislative session in the next year.

(iii) The department may by rule exempt persons who are required to report greenhouse gas emissions to the United States environmental protection agency and who emit less than ten thousand metric tons carbon dioxide equivalent annually.

(iv) The department must establish a methodology for persons who are not required to report under this section to voluntarily report their greenhouse gas emissions.

(c) The department shall review and if necessary update its rules whenever the United States environmental protection agency adopts final amendments to 40 C.F.R. Part 98 to ensure consistency with federal reporting requirements for emissions of greenhouse gases. However, the department shall not amend its rules in a manner that conflicts with (a) of this subsection.

(d) The department shall share any reporting information reported to it with the local air authority in which the ((owner or operator)) person reporting under the rules adopted by the department operates.

((d)) (e) The fee provisions in subsection (2) of this section apply to reporting of emissions of greenhouse gases. ((Owners and

FIFTY SEVENTH DAY, MARCH 8, 2010

2010 REGULAR SESSION

~~operators~~) Persons required to report under (a) of this subsection who fail to report or pay the fee required in subsection (2) of this section are subject to enforcement penalties under this chapter. The department shall enforce the reporting rule requirements unless it approves a local air authority's request to enforce the requirements for ~~((sources))~~ persons operating within the authority's jurisdiction. However, neither the department nor a local air authority approved under this section are authorized to assess enforcement penalties on persons required to report under (a) of this subsection until six months after the department adopts its reporting rule in 2010.

~~((e))~~ (f) The energy facility site evaluation council shall, simultaneously with the department, adopt rules that impose greenhouse gas reporting requirements in site certifications on owners or operators of a facility permitted by the energy facility site evaluation council. The greenhouse gas reporting requirements imposed by the energy facility site evaluation council must be the same as the greenhouse gas reporting requirements imposed by the department. The department shall share any information reported to it from facilities permitted by the energy facility site evaluation council with the council, including notice of a facility that has failed to report as required. The energy facility site evaluation council shall contract with the department to monitor the reporting requirements adopted under this section.

((f) In developing its rules, the department shall, with the assistance of the department of transportation, identify a mechanism to report an aggregate estimate of the annual emissions of greenhouse gases generated from or emitted by otherwise unreported on-road motor vehicles.)

(g) The inclusion or failure to include any person, source, classes of persons or sources, or types of emissions of greenhouse gases into the department's rules for reporting under this section does not indicate whether such a person, source, or category is appropriate for inclusion in ~~((the multisector market based system designed under RCW 70.235.020))~~ state, regional, or national greenhouse gas reduction programs or strategies. Furthermore, aircraft fuel purchased in the state may not be considered equivalent to aircraft fuel combusted in the state.

(h) ((Should the federal government adopt rules sufficient to track progress toward the emissions reductions required by chapter 14, Laws of 2008 governing the reporting of greenhouse gases, the department shall amend its rules, as necessary, to seek consistency with the federal rules to ensure duplicate reporting is not required. Nothing in this section requires the department to increase the reporting threshold established in (a) of this subsection or otherwise require the department's rules be identical to the federal rules in scope.)) (i) The definitions in RCW 70.235.010 apply throughout this subsection (5) unless the context clearly requires otherwise.

(ii) For the purpose of this subsection (5), the term "supplier" includes: (A) A motor vehicle fuel supplier or a motor vehicle fuel importer, as those terms are defined in RCW 82.36.010; (B) a special fuel supplier or a special fuel importer, as those terms are defined in RCW 82.38.020; and (C) a distributor of aircraft fuel, as those terms are defined in RCW 82.42.010.

(iii) For the purpose of this subsection (5), the term "person" includes: (A) An owner or operator, as those terms are defined by the United States environmental protection agency in its mandatory greenhouse gas reporting regulation in 40 C.F.R. Part 98, as adopted on September 22, 2009; and (B) a supplier."

(1)(a) By December 31st of the year in which the finding is made, the department shall publish the information required by section 4 of this act in the Washington State Register and present it in a report to the appropriate committees of the legislature; and

(b) The report must include recommendations for exemptions on original equipment service and brake friction material manufactured prior to dates specified in this section and may include recommendations for other exemptions.

(2) Beginning eight years after the report in subsection (1) of this section is published in the Washington State Register, no manufacturer, wholesaler, retailer, or distributor may sell or offer for sale brake friction material in Washington state containing more than 0.5 percent copper and its compounds by weight, as specified in the report.

(3) The department shall adopt rules to implement this section.

**NEW SECTION. Sec. 6.** Any motor vehicle manufacturer or brake friction material manufacturer may apply to the department for an exemption from this chapter for brake friction material intended for a specific motor vehicle model or class of motor vehicles based on special needs or characteristics of the motor vehicles for which the brake friction material is intended. Exemptions may only be issued for small volume motor vehicle manufacturers, specific motor vehicle models, or special classes of vehicles, such as fire trucks, police cars, and heavy or wide-load equipment hauling, provided the manufacturer can demonstrate that complying with the requirements of this chapter is not feasible, does not allow compliance with safety standards, or causes significant financial hardship. Exemptions are valid for no less than one year and may be renewed automatically as needed or the exemption may be permanent for as long as the vehicle is used in the manner described in the application.

**NEW SECTION. Sec. 7.** (1) By January 1, 2013, and at least every three years thereafter, manufacturers of brake friction material sold or offered for sale in Washington state shall provide data to the department adequate to enable the department to determine concentrations of antimony, copper, nickel, and zinc and their compounds in brake friction material sold or offered for sale in Washington state.

(2) Using data provided pursuant to subsection (1) of this section and other data as needed, and in consultation with the brake friction material manufacturing industry, the department must:

(a) By July 1, 2013, establish baseline concentration levels for constituents identified in subsection (1) of this section in brake friction material; and

(b) Track progress toward reducing the use of copper and its compounds and ensure that concentration levels of antimony, nickel, or zinc and their compounds do not increase by more than fifty percent above baseline concentration levels.

(3) If concentration levels of antimony, nickel, or zinc and their compounds in brake friction material increase by more than fifty percent above baseline concentration levels, the department shall review scientific studies to determine the potential impact of the constituent on human health and the environment. If scientific studies demonstrate the need for controlling the use of the constituent in brake friction material, the department may consider recommending limits on concentration levels of the constituent in the material.

(4) Confidential business information otherwise protected under RCW 43.21A.160 or chapter 42.56 RCW is exempt from public disclosure.

**NEW SECTION. Sec. 8.** (1) Manufacturers of brake friction material offered for sale in Washington state must certify

compliance with the requirements of this chapter and mark proof of certification on the brake friction material in accordance with criteria developed under this section.

(2) By December 1, 2012, the department must, after consulting with interested parties, develop compliance criteria to meet the requirements of this chapter. Compliance criteria includes, but is not limited to:

(a) Self-certification of compliance by brake friction material manufacturers using accredited laboratories; and

(b) Marked proof of certification, including manufacture date, on brake friction material and product packaging. Marked proof of certification must appear by January 1, 2015. Brake friction material manufactured or packaged prior to January 1, 2015, is exempt from this subsection (2)(b).

(3) Beginning January 1, 2021, manufacturers of new motor vehicles offered for sale in Washington state must ensure that motor vehicles are equipped with brake friction material certified to be compliant with the requirements of this chapter.

**NEW SECTION. Sec. 9.** (1) The department shall enforce this chapter. The department may periodically purchase and test brake friction material sold or offered for sale in Washington state to verify that the material complies with this chapter.

(2) Enforcement of this chapter by the department must rely on notification and information exchange between the department and manufacturers, distributors, and retailers. The department shall issue one warning letter by certified mail to a manufacturer, distributor, or retailer that sells or offers to sell brake friction material in violation of this chapter, and offer information or other appropriate assistance regarding compliance with this chapter. Once a warning letter has been issued to a distributor or retailer for violations under subsections (3) and (5) of this section, the department need not provide warning letters for subsequent violations by that distributor or retailer. For the purposes of subsection (6) of this section, a warning letter serves as notice of the violation. If compliance is not achieved, the department may assess penalties under this section.

(3) A brake friction material distributor or retailer that violates this chapter is subject to a civil penalty not to exceed ten thousand dollars for each violation. Brake friction material distributors or retailers that sell brake friction material that is packaged consistent with section 8(2)(b) of this act are not in violation of this chapter. However, if the department conclusively proves that the brake friction material distributor or retailer was aware that the brake friction material being sold violates section 3 or 5 of this act, the brake friction material distributor or retailer is subject to civil penalties according to this section.

(4) A brake friction material manufacturer that knowingly violates this chapter shall recall the brake friction material and reimburse the brake friction distributor, retailer, or any other purchaser for the material and any applicable shipping and handling charges for returning the material. A brake friction material manufacturer that violates this chapter is subject to a civil penalty not to exceed ten thousand dollars for each violation.

(5) A motor vehicle distributor or retailer that violates this chapter is subject to a civil penalty not to exceed ten thousand dollars for each violation. A motor vehicle distributor or retailer is not in violation of this chapter for selling a vehicle that was previously sold at retail and that contains brake friction material failing to meet the requirements of this chapter. However, if the department conclusively proves that the motor vehicle distributor or retailer installed brake friction material that violates section 3, 5, or 8(2)(b) of this act on the vehicle being sold and was aware that the brake friction material violates section 3, 5, or 8(2)(b) of this act, the motor vehicle distributor or retailer is subject to civil penalties under this section.

FIFTY SEVENTH DAY, MARCH 8, 2010

2010 REGULAR SESSION

(6) A motor vehicle manufacturer that violates this chapter must notify the registered owner of the vehicle within six months of knowledge of the violation and must replace at no cost to the owner the noncompliant brake friction material with brake friction material that complies with this chapter. A motor vehicle manufacturer that fails to provide the required notification to registered owners of the affected vehicles within six months of knowledge of the violation is subject to a civil penalty not to exceed one hundred thousand dollars. A motor vehicle manufacturer that fails to provide the required notification to registered owners of the affected vehicles after twelve months of knowledge of the violation is subject to a civil penalty not to exceed ten thousand dollars per vehicle. For purposes of this section, "motor vehicle manufacturer" does not include a vehicle dealer defined under RCW 46.70.011 and required to be licensed as a vehicle dealer under chapter 46.70 RCW.

(7) Before the effective date of the prohibitions in section 3 or 5 of this act, the department shall prepare and distribute information about the prohibitions to manufacturers, distributors, and retailers to the maximum extent practicable.

(8) All penalties collected under this chapter must be deposited in the state toxics control account created in RCW 70.105D.070.

NEW SECTION. Sec. 10. The department may adopt rules necessary to implement this chapter.

NEW SECTION. Sec. 11. Sections 1 through 10 and 12 of this act constitute a new chapter in Title 70 RCW.

NEW SECTION. Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5295 with the following amendment: 5295-S AMH SGTA H5213.2,

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 70.05.170 and 2009 c 134 s 1 are each amended to read as follows:

(1)(a) The legislature finds that the mortality rate in Washington state among infants and children less than eighteen years of age is unacceptably high, and that such mortality may be preventable. The legislature further finds that, through the performance of child mortality reviews, preventable causes of child mortality can be identified and addressed, thereby reducing the infant and child mortality in Washington state.

(b) It is the intent of the legislature to encourage the performance of child death reviews by local health departments by providing necessary legal protections to the families of children whose deaths are studied, local health department officials and employees, and health care professionals participating in child mortality review committee activities.

(2) As used in this section, "child mortality review" means a process authorized by a local health department as such department is defined in RCW 70.05.010 for examining factors that contribute to deaths of children less than eighteen years of age. The process may include a systematic review of medical, clinical, and hospital records; home interviews of parents and caretakers of children who have died; analysis of individual case information; and review of this information by a team of professionals in order to identify modifiable medical, socioeconomic, public health, behavioral, administrative, educational, and environmental factors associated with each death.

(3) Local health departments are authorized to conduct child mortality reviews. In conducting such reviews, the following provisions shall apply:

(a) ((All medical records, reports, and statements procured by, furnished to, or maintained by a local health department pursuant to chapter 70.02 RCW for purposes of a child mortality review are confidential insofar as the identity of an individual child and his or her adoptive or natural parents is concerned. Such records may be used solely by local health departments for the purposes of the review. This section does not prevent a local health department from publishing statistical compilations and reports related to the child mortality review, if such compilations and reports do not identify individual cases and sources of information.

(b) Any records or documents supplied or maintained for the purposes of a child mortality review are not subject to discovery or subpoena in any administrative, civil, or criminal proceeding related to the death of a child reviewed. This provision shall not restrict or limit the discovery or subpoena from a health care provider of records or documents maintained by such health care provider in the ordinary course of business, whether or not such records or documents may have been supplied to a local health department pursuant to this section.

(c) Any summaries or analyses of records, documents, or records of interviews prepared exclusively for purposes of a child mortality review are not subject to discovery, subpoena, or introduction into evidence in any administrative, civil, or criminal proceeding related to the death of a child reviewed.) All health care information collected as part of a child mortality review is

2010 REGULAR SESSION

confidential, subject to the restrictions on disclosure provided for in chapter 70.02 RCW. When documents are collected as part of a child mortality review, the records may be used solely by local health departments for the purposes of the review;

(b) No identifying information related to the deceased child, the child's guardians, or anyone interviewed as part of the child mortality review may be disclosed. Any such information shall be redacted from any records produced as part of the review;

(c) Any witness statements or documents collected from witnesses, or summaries or analyses of those statements or records prepared exclusively for purposes of a child mortality review, are not subject to public disclosure, discovery, subpoena, or introduction into evidence in any administrative, civil, or criminal proceeding related to the death of a child reviewed. This provision does not restrict or limit the discovery or subpoena from a health care provider of records or documents maintained by such health care provider in the ordinary course of business, whether or not such records or documents may have been supplied to a local health department pursuant to this section. This provision shall not restrict or limit the discovery or subpoena of documents from such witnesses simply because a copy of a document was collected as part of a child mortality review;

(d) No local health department official or employee, and no members of technical committees established to perform case reviews of selected child deaths may be examined in any administrative, civil, or criminal proceeding as to the existence or contents of documents assembled, prepared, or maintained for purposes of a child mortality review.

(e) This section shall not be construed to prohibit or restrict any person from reporting suspected child abuse or neglect under chapter 26.44 RCW nor to limit access to or use of any records, documents, information, or testimony in any civil or criminal action arising out of any report made pursuant to chapter 26.44 RCW.

(4) The department shall assist local health departments to collect the reports of any child mortality reviews conducted by local health departments and assist with entering the reports into a database to the extent that the data is not protected under subsection (3) of this section. Notwithstanding subsection (3) of this section, the department shall respond to any requests for data from the database to the extent permitted for health care information under chapter 70.02 RCW. In addition, the department shall provide technical assistance to local health departments and child death review coordinators conducting child mortality reviews and encourage communication among child death review teams. The department shall conduct these activities using only federal and private funding.

(5) This section does not prevent a local health department from publishing statistical compilations and reports related to the child mortality review. Any portions of such compilations and reports that identify individual cases and sources of information must be redacted.

(10) Results of testing for animal diseases not required to be reported under chapter 16.36 RCW that is done at the request of the animal owner or his or her designee that can be identified to a particular business or individual.

MESSAGE FROM THE HOUSE

February 28, 2010

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5704 with the following amendment: 5704-S.E AMH LGH H5379.1,

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 85.38.090 and 1991 c 349 s 12 are each amended to read as follows:

(1) Whenever the governing body of a special district has more than three members, the governing body shall be reduced to three members as of January 1, 1986, by eliminating the positions of those district governing body members with the shortest remaining terms of office. The remaining three governing body members shall have staggered terms with the one having the shortest remaining term having his or her position filled at the 1987 special district general election, the one with the next shortest remaining term having his or her position filled at the 1989 special district general election, and the one with the longest remaining term having his or her position filled at the 1992 special district general election. If any of these remaining three governing body members have identical remaining terms of office, the newly calculated remaining terms of these persons shall be determined by lot with the county auditor who assists the special district in its elections managing such lot procedure. The newly established terms shall be recorded by the county auditor.

(2) However, whenever five or more special districts have consolidated under chapter 85.36 RCW and the consolidated district has five members in its governing body on July 28, 1985, the consolidated district may adopt a resolution retaining a five-member governing body. At any time thereafter, such a district may adopt a resolution and reduce the size of the governing body to three members with the reduction occurring as provided in subsection (1) of this section, but the years of the effective dates shall be extended so that the reduction occurs at the next January 1st occurring after the date of the adoption of the resolution. Whenever a special district is so governed by a five-member governing body, two members shall be elected at each of two consecutive special district general elections, and one member shall be elected at the following special district general election, each to serve a six-year staggered term.

(3) Nothing in this section permits the governing body of a flood control district that is subject to section 2 of this act to reduce the size of its governing body.

**NEW SECTION. Sec. 2.** A new section is added to chapter 85.38 RCW to read as follows:

The following provisions apply to the governing bodies of flood control districts that, upon creation, have territory in three or more counties:

(1) The governing body shall include one member from each county with territory in the district, and two additional members selected as provided by this section. No more than two governing members may be from the same county.

(2) The initial members of the governing body must be chosen by each county legislative authority within which the district resides,

2010 REGULAR SESSION

with each county choosing one member, and the two counties with the largest populations within the district choosing one additional member each. The initial governing body members shall serve until their successors are elected and qualified at the next special district general election.

(3) At this first election, the members receiving the two greatest number of votes shall serve six-year terms, the members receiving the third and fourth greatest number of votes shall serve four-year terms, and the remaining members shall serve two-year terms of office.

(4) The requirements for the filing period, method for filing declarations of candidacy, and the arrangement of candidate names on the ballot for all special district general elections conducted after the initial election in the district shall be the same as the requirements for the initial election in the district. No primary elections may be held for the governing body of a flood control district that, upon creation, has territory in three or more counties.

(5) A vacancy occurs upon the death, resignation, or incapacity of a governing body member, or whenever the governing body member ceases to be a registered voter of the district.

(6)(a) Whenever a vacancy occurs in the governing body, the legislative authority of the county within which the largest geographic portion of the district is located shall appoint a registered voter to serve until a person is elected, at the next special district general election occurring sixty or more days after the vacancy has occurred, to serve the remainder of the unexpired term. The person so elected shall take office immediately when qualified as defined in RCW 29A.04.133.

(b) If an election for the position that became vacant would otherwise have been held at this special district general election, only one election shall be held and the person elected to fill the succeeding term for that position shall take office immediately when qualified as defined in RCW 29A.04.133 and shall serve both the remainder of the unexpired term and the succeeding term.

(7) An elected or appointed member of the governing body, or a candidate for the governing body, must be a registered voter of the flood control district who has resided within the district for period of not less than thirty days before the election. In accordance with RCW 85.38.127, land ownership is not a requirement for serving on the governing body of the district." and the same are herewith transmitted.

#### MESSAGE FROM THE HOUSE

March 2, 2010

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 6214 with the following amendment(s): 6214-S AMH LGH H5378,

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 36.70A.110 and 2009 c 342 s 1 and 2009 c 121 s 1 are each reenacted and amended to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the growth management population projection made for the county by the office of financial management, the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period, except for those urban growth areas contained totally within a national historical reserve. As part of this planning process, each city within the county must include areas sufficient to accommodate the broad range of needs and uses that will accompany the projected urban growth including, as appropriate, medical, governmental, institutional, commercial, service, retail, and other nonresidential uses.

Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. In the case of urban growth areas contained totally within a national historical reserve, the city may restrict densities, intensities, and forms of urban growth as determined to be necessary and appropriate to protect the physical, cultural, or historic integrity of the reserve. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area.

FIFTY SEVENTH DAY, MARCH 8, 2010

2010 REGULAR SESSION

Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

(4) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and under this section. Such action may be appealed to the ((appropriate)) growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

(7) An urban growth area designated in accordance with this section may include within its boundaries urban service areas or potential annexation areas designated for specific cities or towns within the county.

(8)(a) Except as provided in (b) of this subsection, the expansion of an urban growth area is prohibited into the one hundred year floodplain of any river or river segment that: (i) Is located west of the crest of the Cascade mountains; and (ii) has a mean annual flow of one thousand or more cubic feet per second as determined by the department of ecology.

(b) Subsection (8)(a) of this section does not apply to:

(i) Urban growth areas that are fully contained within a floodplain and lack adjacent buildable areas outside the floodplain;

(ii) Urban growth areas where expansions are precluded outside floodplains because:

(A) Urban governmental services cannot be physically provided to serve areas outside the floodplain; or

(B) Expansions outside the floodplain would require a river or estuary crossing to access the expansion; or

(iii) Urban growth area expansions where:

(A) Public facilities already exist within the floodplain and the expansion of an existing public facility is only possible on the land to be included in the urban growth area and located within the floodplain; or

(B) Urban development already exists within a floodplain as of July 26, 2009, and is adjacent to, but outside of, the urban growth area, and the expansion of the urban growth area is necessary to include such urban development within the urban growth area; or

(C) The land is owned by a jurisdiction planning under this chapter or the rights to the development of the land have been permanently extinguished, and the following criteria are met:

(I) The permissible use of the land is limited to one of the following: Outdoor recreation; environmentally beneficial projects, including but not limited to habitat enhancement or environmental restoration; storm water facilities; flood control facilities; or underground conveyances; and

(II) The development and use of such facilities or projects will not decrease flood storage, increase storm water runoff, discharge pollutants to fresh or salt waters during normal operations or floods, or increase hazards to people and property.

(c) For the purposes of this subsection (8), "one hundred year floodplain" means the same as "special flood hazard area" as set forth in WAC 173-158-040 as it exists on July 26, 2009.

**Sec. 2.** RCW 36.70A.130 and 2009 c 479 s 23 are each amended to read as follows:

(1)(a) Each comprehensive land use plan and development regulations shall be subject to continuing review and evaluation by the county or city that adopted them. Except as otherwise provided, a county or city shall take legislative action to review and, if needed, revise its comprehensive land use plan and development regulations to ensure the plan and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section.

(b) Except as otherwise provided, a county or city not planning under RCW 36.70A.040 shall take action to review and, if needed, revise its policies and development regulations regarding critical areas and natural resource lands adopted according to this chapter to ensure these policies and regulations comply with the requirements of this chapter according to the time periods specified in subsection (4) of this section. Legislative action means the adoption of a resolution or ordinance following notice and a public hearing indicating at a minimum, a finding that a review and evaluation has occurred and identifying the revisions made, or that a revision was not needed and the reasons therefor.

(c) The review and evaluation required by this subsection may be combined with the review required by subsection (3) of this section. The review and evaluation required by this subsection shall include, but is not limited to, consideration of critical area ordinances and, if planning under RCW 36.70A.040, an analysis of the population allocated to a city or county from the most recent ten-year population forecast by the office of financial management.

(d) Any amendment of or revision to a comprehensive land use plan shall conform to this chapter. Any amendment of or revision to development regulations shall be consistent with and implement the comprehensive plan.

(2)(a) Each county and city shall establish and broadly disseminate to the public a public participation program consistent with RCW 36.70A.035 and 36.70A.140 that identifies procedures and schedules whereby updates, proposed amendments, or revisions of the comprehensive plan are considered by the governing body of

FIFTY SEVENTH DAY, MARCH 8, 2010

the county or city no more frequently than once every year. "Updates" means to review and revise, if needed, according to subsection (1) of this section, and the time periods specified in subsection (4) of this section or in accordance with the provisions of subsections (5) and (8) of this section. Amendments may be considered more frequently than once per year under the following circumstances:

(i) The initial adoption of a subarea plan that does not modify the comprehensive plan policies and designations applicable to the subarea;

(ii) The adoption or amendment of a shoreline master program under the procedures set forth in chapter 90.58 RCW;

(iii) The amendment of the capital facilities element of a comprehensive plan that occurs concurrently with the adoption or amendment of a county or city budget;

(iv) Until June 30, 2006, the designation of recreational lands under RCW 36.70A.1701. A county amending its comprehensive plan pursuant to this subsection (2)(a)(iv) may not do so more frequently than every eighteen months; and

(v) The adoption of comprehensive plan amendments necessary to enact a planned action under RCW 43.21C.031(2), provided that amendments are considered in accordance with the public participation program established by the county or city under this subsection (2)(a) and all persons who have requested notice of a comprehensive plan update are given notice of the amendments and an opportunity to comment.

(b) Except as otherwise provided in (a) of this subsection, all proposals shall be considered by the governing body concurrently so the cumulative effect of the various proposals can be ascertained. However, after appropriate public participation a county or city may adopt amendments or revisions to its comprehensive plan that conform with this chapter whenever an emergency exists or to resolve an appeal of a comprehensive plan filed with ((a)) the growth management hearings board or with the court.

(3)(a) Each county that designates urban growth areas under RCW 36.70A.110 shall review, at least every ten years, its designated urban growth area or areas, and the densities permitted within both the incorporated and unincorporated portions of each urban growth area. In conjunction with this review by the county, each city located within an urban growth area shall review the densities permitted within its boundaries, and the extent to which the urban growth occurring within the county has located within each city and the unincorporated portions of the urban growth areas.

(b) The county comprehensive plan designating urban growth areas, and the densities permitted in the urban growth areas by the comprehensive plans of the county and each city located within the urban growth areas, shall be revised to accommodate the urban growth projected to occur in the county for the succeeding twenty-year period. The review required by this subsection may be combined with the review and evaluation required by RCW 36.70A.215.

(4) The department shall establish a schedule for counties and cities to take action to review and, if needed, revise their comprehensive plans and development regulations to ensure the plan and regulations comply with the requirements of this chapter. Except as provided in subsections (5) and (8) of this section, the schedule established by the department shall provide for the reviews and evaluations to be completed as follows:

(a) On or before December 1, 2004, and every seven years thereafter, for Clallam, Clark, Jefferson, King, Kitsap, Pierce, Snohomish, Thurston, and Whatcom counties and the cities within those counties;

(b) On or before December 1, 2005, and every seven years thereafter, for Cowlitz, Island, Lewis, Mason, San Juan, Skagit, and Skamania counties and the cities within those counties;

(c) On or before December 1, 2006, and every seven years thereafter, for Benton, Chelan, Douglas, Grant, Kittitas, Spokane, and Yakima counties and the cities within those counties; and

(5)(a) Nothing in this section precludes a county or city from conducting the review and evaluation required by this section before the time limits established in subsection (4) of this section. Counties and cities may begin this process early and may be eligible for grants from the department, subject to available funding, if they elect to do so.

(b) A county that is subject to a schedule established by the department under subsection (4)(b) through (d) of this section and meets the following criteria may comply with the requirements of this section at any time within the thirty-six months following the date established in the applicable schedule: The county has a population of less than fifty thousand and has had its population increase by no more than seventeen percent in the ten years preceding the date established in the applicable schedule as of that date.

(c) A city that is subject to a schedule established by the department under subsection (4)(b) through (d) of this section and meets the following criteria may comply with the requirements of this section at any time within the thirty-six months following the date established in the applicable schedule: The city has a population of no more than five thousand and has had its population increase by the greater of either no more than one hundred persons or no more than seventeen percent in the ten years preceding the date established in the applicable schedule as of that date.

(d) State agencies are encouraged to provide technical assistance to the counties and cities in the review of critical area ordinances, comprehensive plans, and development regulations.

(6) A county or city subject to the time periods in subsection (4)(a) of this section that, pursuant to an ordinance adopted by the county or city establishing a schedule for periodic review of its comprehensive plan and development regulations, has conducted a review and evaluation of its comprehensive plan and development regulations and, on or after January 1, 2001, has taken action in response to that review and evaluation shall be deemed to have conducted the first review required by subsection (4)(a) of this section. Subsequent review and evaluation by the county or city of its comprehensive plan and development regulations shall be conducted in accordance with the time periods established under subsection (4)(a) of this section.

(7) The requirements imposed on counties and cities under this section shall be considered "requirements of this chapter" under the terms of RCW 36.70A.040(1). Only those counties and cities: (a) Complying with the schedules in this section; (b) demonstrating substantial progress towards compliance with the schedules in this section for development regulations that protect critical areas; or (c) complying with the extension provisions of subsection (5)(b) or (c) of this section may receive grants, loans, pledges, or financial guarantees under chapter 43.155 or 70.146 RCW. A county or city that is fewer than twelve months out of compliance with the schedules in this section for development regulations that protect critical areas is making substantial progress towards compliance. Only those counties and cities in compliance with the schedules in this section may receive preference for grants or loans subject to the provisions of RCW 43.17.250.

A three-member Western Washington panel shall be selected to hear matters pertaining to cities and counties that are required or choose to plan under RCW 36.70A.040, are located west of the crest of the Cascade mountains, and are not included in the Central Puget Sound Region. Skamania county, if it is required or chooses to plan under RCW 36.70A.040, may elect to be included within either the Western Washington Region or the Eastern Washington Region.

(2)(a) Each regional panel selected to hear and decide cases shall consist of three board members, at least a majority of whom shall reside within the region in which the case arose, unless such members cannot sit on a particular case because of recusal or disqualification, or unless the board administrative officer determines that there is an emergency including, but not limited to, the unavailability of a board member due to illness, absence, vacancy, or significant workload imbalance. The presiding officer of each case shall reside within the region in which the case arose, unless the board administrative officer determines that there is an emergency.

(b) Except as provided otherwise in this subsection (2)(b), each regional panel must: (i) include one member admitted to practice law in this state; (ii) include one member who has been a city or county elected official; and (iii) reflect the political composition of the board. The requirements of this subsection (2)(b) may be waived by the board administrative officer due to member unavailability, significant workload imbalances, or other reasons.

**Sec. 6.** RCW 36.70A.270 and 1997 c 429 s 11 are each amended to read as follows:

~~(Each)~~ The growth management hearings board shall be governed by the following rules on conduct and procedure:

(1) Any board member may be removed for inefficiency, malfeasance, and misfeasance in office, under specific written charges filed by the governor. The governor shall transmit such written charges to the member accused and the chief justice of the supreme court. The chief justice shall thereupon designate a tribunal composed of three judges of the superior court to hear and adjudicate the charges. Removal of any member of ~~((a))~~ the board by the tribunal shall disqualify such member for reappointment.

(2) Each board member shall receive reimbursement for travel expenses incurred in the discharge of his or her duties in accordance with RCW 43.03.050 and 43.03.060. ~~((If it is determined that the review boards shall operate on a full time basis,))~~ Each member shall receive an annual salary to be determined by the governor pursuant to RCW 43.03.040. ~~((If it is determined that a review board shall operate on a part time basis, each member shall receive compensation pursuant to RCW 43.03.250, provided such amount shall not exceed the amount that would be set if they were a full time board member.))~~ The principal office of ~~((each))~~ the board shall be located ~~((by the governor within the jurisdictional boundaries of each board. The boards shall operate on either a part time or full time basis, as determined by the governor))~~ in Olympia.

(3) Each board member shall not: (a) Be a candidate for or hold any other public office or trust; (b) engage in any occupation or business interfering with or inconsistent with his or her duty as a board member; and (c) for a period of one year after the termination of his or her board membership, act in a representative capacity before the board on any matter.

(4) A majority of ~~((each))~~ the board shall constitute a quorum for ~~((making orders or decisions,))~~ adopting rules necessary for the conduct of its powers and duties~~((,))~~ or transacting other official business, and may act even though one position of the board is vacant. One or more members may hold hearings and take testimony to be reported for action by the board when authorized by

rule or order of the board. The board shall perform all the powers and duties specified in this chapter or as otherwise provided by law.

(5) The board may appoint one or more hearing examiners to assist the board in its hearing function, to make conclusions of law and findings of fact and, if requested by the board, to make recommendations to the board for decisions in cases before the board. Such hearing examiners must have demonstrated knowledge of land use planning and law. The board~~((s))~~ shall specify in ~~((their joint))~~ its rules of practice and procedure, as required by subsection (7) of this section, the procedure and criteria to be employed for designating hearing examiners as a presiding officer. Hearing examiners selected by ~~((a))~~ the board shall meet the requirements of subsection (3) of this section. The findings and conclusions of the hearing examiner shall not become final until they have been formally approved by the board. This authorization to use hearing examiners does not waive the requirement of RCW 36.70A.300 that final orders be issued within one hundred eighty days of board receipt of a petition.

~~((Each))~~ The board shall make findings of fact and prepare a written decision in each case decided by it, and such findings and decision shall be effective upon being signed by two or more members of the ~~((board))~~ regional panel deciding the particular case and upon being filed at the board's principal office, and shall be open for public inspection at all reasonable times.

(7) All proceedings before the board, any of its members, or a hearing examiner appointed by the board shall be conducted in accordance with such administrative rules of practice and procedure as the board~~((s jointly))~~ prescribes. ~~((All three))~~ The board~~((s))~~ shall ~~((jointly meet to))~~ develop and adopt ~~((joint))~~ rules of practice and procedure, including rules regarding expeditious and summary disposition of appeals and the assignment of cases to regional panels. The board~~((s))~~ shall publish such rules and decisions ~~((they))~~ it renders and arrange for the reasonable distribution of the rules and decisions. Except as it conflicts with specific provisions of this chapter, the administrative procedure act, chapter 34.05 RCW, and specifically including the provisions of RCW 34.05.455 governing ex parte communications, shall govern the practice and procedure of the board~~((s)).~~

(8) A board member or hearing examiner is subject to disqualification under chapter 34.05 RCW. The ~~((joint))~~ rules of practice of the board~~((s))~~ shall establish procedures by which a party to a hearing conducted before the board may file with the board a motion to disqualify, with supporting affidavit, against a board member or hearing examiner assigned to preside at the hearing.

(9) ~~((The))~~ All members of the board~~((s))~~ shall meet ~~((jointly))~~ on at least an annual basis with the objective of sharing information that promotes the goals and purposes of this chapter.

(10) The board shall annually elect one of its members to be the board administrative officer. The duties and responsibilities of the administrative officer include handling day-to-day administrative, budget, and personnel matters on behalf of the board, together with making case assignments to board members in accordance with the board's rules of procedure in order to achieve a fair and balanced workload among all board members. The administrative officer of the board may carry a reduced caseload to allow time for performing the administrative work functions.

**Sec. 7.** RCW 36.70A.280 and 2008 c 289 s 5 are each amended to read as follows:

(1) ~~((A))~~ The growth management hearings board shall hear and determine only those petitions alleging either:

(a) That, except as provided otherwise by this subsection, a state agency, county, or city planning under this chapter is not in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption of shoreline master programs or amendments thereto, or chapter 43.21C RCW as it relates to plans,

FIFTY SEVENTH DAY, MARCH 8, 2010

2010 REGULAR SESSION

development regulations, or amendments, adopted under RCW 36.70A.040 or chapter 90.58 RCW. Nothing in this subsection authorizes ((a)) the board to hear petitions alleging noncompliance with RCW 36.70A.5801; or

(b) That the twenty-year growth management planning population projections adopted by the office of financial management pursuant to RCW 43.62.035 should be adjusted.

(2) A petition may be filed only by: (a) The state, or a county or city that plans under this chapter; (b) a person who has participated orally or in writing before the county or city regarding the matter on which a review is being requested; (c) a person who is certified by the governor within sixty days of filing the request with the board; or (d) a person qualified pursuant to RCW 34.05.530.

(3) For purposes of this section "person" means any individual, partnership, corporation, association, state agency, governmental subdivision or unit thereof, or public or private organization or entity of any character.

(4) To establish participation standing under subsection (2)(b) of this section, a person must show that his or her participation before the county or city was reasonably related to the person's issue as presented to the board.

(5) When considering a possible adjustment to a growth management planning population projection prepared by the office of financial management, ((a)) the board shall consider the implications of any such adjustment to the population forecast for the entire state.

The rationale for any adjustment that is adopted by ((a)) the board must be documented and filed with the office of financial management within ten working days after adoption.

If adjusted by ((a)) the board, a county growth management planning population projection shall only be used for the planning purposes set forth in this chapter and shall be known as ((a)) the "board adjusted population projection." None of these changes shall affect the official state and county population forecasts prepared by the office of financial management, which shall continue to be used for state budget and planning purposes.

**Sec. 8.** RCW 36.70A.290 and 1997 c 429 s 12 are each amended to read as follows:

(1) All requests for review to ((a)) the growth management hearings board shall be initiated by filing a petition that includes a detailed statement of issues presented for resolution by the board. The board shall render written decisions articulating the basis for its holdings. The board shall not issue advisory opinions on issues not presented to the board in the statement of issues, as modified by any prehearing order.

(2) All petitions relating to whether or not an adopted comprehensive plan, development regulation, or permanent amendment thereto, is in compliance with the goals and requirements of this chapter or chapter 90.58 or 43.21C RCW must be filed within sixty days after publication by the legislative bodies of the county or city.

(a) Except as provided in (c) of this subsection, the date of publication for a city shall be the date the city publishes the ordinance, or summary of the ordinance, adopting the comprehensive plan or development regulations, or amendment thereto, as is required to be published.

(b) Promptly after adoption, a county shall publish a notice that it has adopted the comprehensive plan or development regulations, or amendment thereto.

Except as provided in (c) of this subsection, for purposes of this section the date of publication for a county shall be the date the county publishes the notice that it has adopted the comprehensive plan or development regulations, or amendment thereto.

(c) For local governments planning under RCW 36.70A.040, promptly after approval or disapproval of a local government's

shoreline master program or amendment thereto by the department of ecology as provided in RCW 90.58.090, the local government shall publish a notice that the shoreline master program or amendment thereto has been approved or disapproved by the department of ecology. For purposes of this section, the date of publication for the adoption or amendment of a shoreline master program is the date the local government publishes notice that the shoreline master program or amendment thereto has been approved or disapproved by the department of ecology.

(3) Unless the board dismisses the petition as frivolous or finds that the person filing the petition lacks standing, or the parties have filed an agreement to have the case heard in superior court as provided in RCW 36.70A.295, the board shall, within ten days of receipt of the petition, set a time for hearing the matter.

(4) The board shall base its decision on the record developed by the city, county, or the state and supplemented with additional evidence if the board determines that such additional evidence would be necessary or of substantial assistance to the board in reaching its decision.

(5) The board, shall consolidate, when appropriate, all petitions involving the review of the same comprehensive plan or the same development regulation or regulations.

**Sec. 9.** RCW 36.70A.295 and 1997 c 429 s 13 are each amended to read as follows:

(1) The superior court may directly review a petition for review filed under RCW 36.70A.290 if all parties to the proceeding before the board have agreed to direct review in the superior court. The agreement of the parties shall be in writing and signed by all of the parties to the proceeding or their designated representatives. The agreement shall include the parties' agreement to proper venue as provided in RCW 36.70A.300(5). The parties shall file their agreement with the board within ten days after the date the petition is filed, or if multiple petitions have been filed and the board has consolidated the petitions pursuant to RCW 36.70A.300, within ten days after the board serves its order of consolidation.

(2) Within ten days of receiving the timely and complete agreement of the parties, the board shall file a certificate of agreement with the designated superior court and shall serve the parties with copies of the certificate. The superior court shall obtain exclusive jurisdiction over a petition when it receives the certificate of agreement. With the certificate of agreement the board shall also file the petition for review, any orders entered by the board, all other documents in the board's files regarding the action, and the written agreement of the parties.

(3) For purposes of a petition that is subject to direct review, the superior court's subject matter jurisdiction shall be equivalent to that of the board. Consistent with the requirements of the superior court civil rules, the superior court may consolidate a petition subject to direct review under this section with a separate action filed in the superior court.

(4)(a) Except as otherwise provided in (b) and (c) of this subsection, the provisions of RCW 36.70A.280 through 36.70A.330, which specify the nature and extent of board review, shall apply to the superior court's review.

(b) The superior court:

(i) Shall not have jurisdiction to directly review or modify an office of financial management population projection;

(ii) Except as otherwise provided in RCW 36.70A.300(2)(b), shall render its decision on the petition within one hundred eighty days of receiving the certification of agreement; and

(iii) Shall give a compliance hearing under RCW 36.70A.330(2) the highest priority of all civil matters before the court.

(c) An aggrieved party may secure appellate review of a final judgment of the superior court under this section by the supreme

FIFTY SEVENTH DAY, MARCH 8, 2010

court or the court of appeals. The review shall be secured in the manner provided by law for review of superior court decisions in other civil cases.

(5) If, following a compliance hearing, the court finds that the state agency, county, or city is not in compliance with the court's prior order, the court may use its remedial and contempt powers to enforce compliance.

(6) The superior court shall transmit a copy of its decision and order on direct review to the board, the department, and the governor. If the court has determined that a county or city is not in compliance with the provisions of this chapter, the governor may impose sanctions against the county or city in the same manner as if ((\*) the board had recommended the imposition of sanctions as provided in RCW 36.70A.330.

(7) After the court has assumed jurisdiction over a petition for review under this section, the superior court civil rules shall govern a request for intervention and all other procedural matters not specifically provided for in this section.

**Sec. 10.** RCW 36.70A.302 and 1997 c 429 s 16 are each amended to read as follows:

(1) ((A)) The board may determine that part or all of a comprehensive plan or development regulations are invalid if the board:

(a) Makes a finding of noncompliance and issues an order of remand under RCW 36.70A.300;

(b) Includes in the final order a determination, supported by findings of fact and conclusions of law, that the continued validity of part or parts of the plan or regulation would substantially interfere with the fulfillment of the goals of this chapter; and

(c) Specifies in the final order the particular part or parts of the plan or regulation that are determined to be invalid, and the reasons for their invalidity.

(2) A determination of invalidity is prospective in effect and does not extinguish rights that vested under state or local law before receipt of the board's order by the city or county. The determination of invalidity does not apply to a completed development permit application for a project that vested under state or local law before receipt of the board's order by the county or city or to related construction permits for that project.

(3)(a) Except as otherwise provided in subsection (2) of this section and (b) of this subsection, a development permit application not vested under state or local law before receipt of the board's order by the county or city vests to the local ordinance or resolution that is determined by the board not to substantially interfere with the fulfillment of the goals of this chapter.

(b) Even though the application is not vested under state or local law before receipt by the county or city of the board's order, a determination of invalidity does not apply to a development permit application for:

(i) A permit for construction by any owner, lessee, or contract purchaser of a single-family residence for his or her own use or for the use of his or her family on a lot existing before receipt by the county or city of the board's order, except as otherwise specifically provided in the board's order to protect the public health and safety;

(ii) A building permit and related construction permits for remodeling, tenant improvements, or expansion of an existing structure on a lot existing before receipt of the board's order by the county or city; and

(iii) A boundary line adjustment or a division of land that does not increase the number of buildable lots existing before receipt of the board's order by the county or city.

(4) If the ordinance that adopts a plan or development regulation under this chapter includes a savings clause intended to revive prior policies or regulations in the event the new plan or regulations are determined to be invalid, the board shall determine under subsection

2010 REGULAR SESSION

(1) of this section whether the prior policies or regulations are valid during the period of remand.

(5) A county or city subject to a determination of invalidity may adopt interim controls and other measures to be in effect until it adopts a comprehensive plan and development regulations that comply with the requirements of this chapter. A development permit application may vest under an interim control or measure upon determination by the board that the interim controls and other measures do not substantially interfere with the fulfillment of the goals of this chapter.

(6) A county or city subject to a determination of invalidity may file a motion requesting that the board clarify, modify, or rescind the order. The board shall expeditiously schedule a hearing on the motion. At the hearing on the motion, the parties may present information to the board to clarify the part or parts of the comprehensive plan or development regulations to which the final order applies. The board shall issue any supplemental order based on the information provided at the hearing not later than thirty days after the date of the hearing.

(7)(a) If a determination of invalidity has been made and the county or city has enacted an ordinance or resolution amending the invalidated part or parts of the plan or regulation or establishing interim controls on development affected by the order of invalidity, after a compliance hearing, the board shall modify or rescind the determination of invalidity if it determines under the standard in subsection (1) of this section that the plan or regulation, as amended or made subject to such interim controls, will no longer substantially interfere with the fulfillment of the goals of this chapter.

(b) If the board determines that part or parts of the plan or regulation are no longer invalid as provided in this subsection, but does not find that the plan or regulation is in compliance with all of the requirements of this chapter, the board, in its order, may require periodic reports to the board on the progress the jurisdiction is making towards compliance.

**Sec. 11.** RCW 36.70A.310 and 1994 c 249 s 32 are each amended to read as follows:

A request for review by the state to ((\*) the growth management hearings board may be made only by the governor, or with the governor's consent the head of an agency, or by the commissioner of public lands as relating to state trust lands, for the review of whether: (1) A county or city that is required or chooses to plan under RCW 36.70A.040 has failed to adopt a comprehensive plan or development regulations, or county-wide planning policies within the time limits established by this chapter; or (2) a county or city that is required or chooses to plan under this chapter has adopted a comprehensive plan, development regulations, or county-wide planning policies, that are not in compliance with the requirements of this chapter.

**Sec. 12.** RCW 36.70A.3201 and 1997 c 429 s 2 are each amended to read as follows:

~~((In amending RCW 36.70A.320(3) by section 20(3), chapter 429, Laws of 1997,))~~ The legislature intends that the board((s apply)) applies a more deferential standard of review to actions of counties and cities than the preponderance of the evidence standard provided for under existing law. In recognition of the broad range of discretion that may be exercised by counties and cities consistent with the requirements of this chapter, the legislature intends for the board((s)) to grant deference to counties and cities in how they plan for growth, consistent with the requirements and goals of this chapter. Local comprehensive plans and development regulations require counties and cities to balance priorities and options for action in full consideration of local circumstances. The legislature finds that while this chapter requires local planning to take place within a framework of state goals and requirements, the ultimate burden and responsibility for planning, harmonizing the planning

goals of this chapter, and implementing a county's or city's future rests with that community.

**Sec. 13.** RCW 36.70A.345 and 1994 c 249 s 33 are each amended to read as follows:

The governor may impose a sanction or sanctions specified under RCW 36.70A.340 on: (1) A county or city that fails to designate critical areas, agricultural lands, forest lands, or mineral resource lands under RCW 36.70A.170 by the date such action was required to have been taken; (2) a county or city that fails to adopt development regulations under RCW 36.70A.060 protecting critical areas or conserving agricultural lands, forest lands, or mineral resource lands by the date such action was required to have been taken; (3) a county that fails to designate urban growth areas under RCW 36.70A.110 by the date such action was required to have been taken; and (4) a county or city that fails to adopt its comprehensive plan or development regulations when such actions are required to be taken.

Imposition of a sanction or sanctions under this section shall be preceded by written findings by the governor, that either the county or city is not proceeding in good faith to meet the requirements of the act; or that the county or city has unreasonably delayed taking the required action. The governor shall consult with and communicate his or her findings to the ~~((appropriate))~~ growth management hearings board prior to imposing the sanction or sanctions. For those counties or cities that are not required to plan or have not opted in, the governor in imposing sanctions shall consider the size of the jurisdiction relative to the requirements of this chapter and the degree of technical and financial assistance provided.

**Sec. 14.** RCW 90.58.190 and 2003 c 321 s 4 are each amended to read as follows:

(1) The appeal of the department's decision to adopt a master program or amendment pursuant to RCW 90.58.070(2) or 90.58.090(5) is governed by RCW 34.05.510 through 34.05.598.

(2)(a) The department's decision to approve, reject, or modify a proposed master program or amendment adopted by a local government planning under RCW 36.70A.040 shall be appealed to the growth management hearings board ~~((with jurisdiction over the local government))~~. The appeal shall be initiated by filing a petition as provided in RCW 36.70A.250 through 36.70A.320.

(b) If the appeal to the growth management hearings board concerns shorelines, the growth management hearings board shall review the proposed master program or amendment solely for compliance with the requirements of this chapter, the policy of RCW 90.58.020 and the applicable guidelines, the internal consistency provisions of RCW 36.70A.070, 36.70A.040(4), 35.63.125, and 35A.63.105, and chapter 43.21C RCW as it relates to the adoption of master programs and amendments under chapter 90.58 RCW.

(c) If the appeal to the growth management hearings board concerns a shoreline of statewide significance, the board shall uphold the decision by the department unless the board, by clear and convincing evidence, determines that the decision of the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.

(d) The appellant has the burden of proof in all appeals to the growth management hearings board under this subsection.

(e) Any party aggrieved by a final decision of ~~((a))~~ the growth management hearings board under this subsection may appeal the decision to superior court as provided in RCW 36.70A.300.

(3)(a) The department's decision to approve, reject, or modify a proposed master program or master program amendment by a local government not planning under RCW 36.70A.040 shall be appealed to the shorelines hearings board by filing a petition within thirty days of the date of the department's written notice to the local

government of the department's decision to approve, reject, or modify a proposed master program or master program amendment as provided in RCW 90.58.090(2).

(b) In an appeal relating to shorelines, the shorelines hearings board shall review the proposed master program or master program amendment and, after full consideration of the presentations of the local government and the department, shall determine the validity of the local government's master program or amendment in light of the policy of RCW 90.58.020 and the applicable guidelines.

(c) In an appeal relating to shorelines of statewide significance, the shorelines hearings board shall uphold the decision by the department unless the board determines, by clear and convincing evidence that the decision of the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.

(d) Review by the shorelines hearings board shall be considered an adjudicative proceeding under chapter 34.05 RCW, the Administrative Procedure Act. The aggrieved local government shall have the burden of proof in all such reviews.

(e) Whenever possible, the review by the shorelines hearings board shall be heard within the county where the land subject to the proposed master program or master program amendment is primarily located. The department and any local government aggrieved by a final decision of the hearings board may appeal the decision to superior court as provided in chapter 34.05 RCW.

(4) A master program amendment shall become effective after the approval of the department or after the decision of the shorelines hearings board to uphold the master program or master program amendment, provided that the board may remand the master program or master program adjustment to the local government or the department for modification prior to the final adoption of the master program or master program amendment.

**Sec. 15.** RCW 34.05.518 and 2003 c 393 s 16 are each amended to read as follows:

(1) The final decision of an administrative agency in an adjudicative proceeding under this chapter may, except as otherwise provided in chapter 43.21L RCW, be directly reviewed by the court of appeals either (a) upon certification by the superior court pursuant to this section or (b) if the final decision is from an environmental board as defined in subsection (3) of this section, upon acceptance by the court of appeals after a certificate of appealability has been filed by the environmental board that rendered the final decision.

(2) For direct review upon certification by the superior court, an application for direct review must be filed with the superior court within thirty days of the filing of the petition for review in superior court. The superior court may certify a case for direct review only if the judicial review is limited to the record of the agency proceeding and the court finds that:

(a) Fundamental and urgent issues affecting the future administrative process or the public interest are involved which require a prompt determination;

(b) Delay in obtaining a final and prompt determination of such issues would be detrimental to any party or the public interest;

(c) An appeal to the court of appeals would be likely regardless of the determination in superior court; and

(d) The appellate court's determination in the proceeding would have significant precedential value.

Procedures for certification shall be established by court rule.

(3)(a) For the purposes of direct review of final decisions of environmental boards, environmental boards include those boards identified in RCW 43.21B.005 and the growth management hearings board(s) as identified in RCW 36.70A.250.

(b) An environmental board may issue a certificate of appealability if it finds that delay in obtaining a final and prompt determination of the issues would be detrimental to any party or the public interest and either:

FIFTY SEVENTH DAY, MARCH 8, 2010

2010 REGULAR SESSION

(i) Fundamental and urgent statewide or regional issues are raised; or

(ii) The proceeding is likely to have significant precedential value.

(4) The environmental board shall state in the certificate of appealability which criteria it applied, explain how that criteria was met, and file with the certificate a copy of the final decision.

(5) For an appellate court to accept direct review of a final decision of an environmental board, it shall consider the same criteria outlined in subsection (3) of this section, except as otherwise provided in chapter 43.21L RCW.

(6) The procedures for direct review of final decisions of environmental boards include:

(a) Within thirty days after filing the petition for review with the superior court, a party may file an application for direct review with the superior court and serve the appropriate environmental board and all parties of record. The application shall request the environmental board to file a certificate of appealability.

(b) If an issue on review is the jurisdiction of the environmental board, the board may file an application for direct review on that issue.

(c) The environmental board shall have thirty days to grant or deny the request for a certificate of appealability and its decision shall be filed with the superior court and served on all parties of record.

(d) If a certificate of appealability is issued, the parties shall have fifteen days from the date of service to file a notice of discretionary review in the superior court, and the notice shall include a copy of the certificate of appealability and a copy of the final decision.

(e) If the appellate court accepts review, the certificate of appealability shall be transmitted to the court of appeals as part of the certified record.

(f) If a certificate of appealability is denied, review shall be by the superior court. The superior court's decision may be appealed to the court of appeals.

**Sec. 16.** RCW 34.12.020 and 2002 c 354 s 226 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Office" means the office of administrative hearings.

(2) "Administrative law judge" means any person appointed by the chief administrative law judge to conduct or preside over hearings as provided in this chapter.

(3) "Hearing" means an adjudicative proceeding within the meaning of RCW 34.05.010(1) conducted by a state agency under RCW 34.05.413 through 34.05.476.

(4) "State agency" means any state board, commission, department, or officer authorized by law to make rules or to conduct adjudicative proceedings, except those in the legislative or judicial branches, the growth management hearings board((s)), the utilities and transportation commission, the pollution control hearings board, the shorelines hearings board, the forest practices appeals board, the environmental hearings office, the board of industrial insurance appeals, the Washington personnel resources board, the public employment relations commission, and the board of tax appeals.

**NEW SECTION. Sec. 17.** (1) The three growth management hearings boards are abolished and their powers, duties, and functions are transferred to the growth management hearings board.

(2) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the three growth management hearings boards must be delivered to the custody of the growth management hearings board. All office furnishings, office equipment, motor vehicles, and other tangible property in the

possession of the three growth management hearings boards must be made available to the growth management hearings board.

(3) All funds, credits, or other assets held by the three growth management hearings boards must, on the effective date of this section, be transferred to the growth management hearings board. Any appropriations made to the three growth management hearings boards must, on the effective date of this section, be transferred and credited to the growth management hearings board. MESSAGE FROM THE HOUSE

March 5, 2010

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5902 with the following amendment(s): 5902-S.E AMH ENGR H5391.E,

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that when people who have disabilities are welcomed and included as members of our communities and provided with equal access to the opportunities available to others, their participation enriches those communities, enhances the strength of those communities' diversity,

FIFTY SEVENTH DAY, MARCH 8, 2010

and contributes toward the economic vitality of those communities. The legislature further finds that more than nine hundred thousand Washington state residents with disabilities continue to face barriers to full participation that could be easily eliminated.

**NEW SECTION. Sec. 2.** (1) The accessible communities account is created in the custody of the state treasurer. One hundred dollars of the assessment imposed under RCW 46.16.381 (7), (8), and (9) must be deposited into the account. Any reduction in the penalty or fine and assessment imposed under section 6 of this act shall be applied proportionally between the penalty or fine and the assessment.

(2) The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. Only the commissioner may authorize expenditures from the account.

(3) Expenditures from the account may be used for promoting greater awareness of disability issues and improved access for and inclusion and acceptance of persons with disabilities in communities in the state of Washington, including:

(a) Reimbursing travel, per diem, and reasonable accommodation for county accessible community advisory committee meetings and committee sponsored activities including, but not limited to, supporting the involvement of people with disabilities and disability organization in emergency planning and emergency preparedness activities;

(b) Establishing and maintaining an accessible communities web site;

(c) Providing training or technical assistance for county accessible community advisory committees;

(d) A grant program for funding proposals developed and submitted by county accessible community advisory committees to promote greater awareness of disability issues and acceptance, inclusion, and access for persons with disabilities within the community;

(e) Reimbursing the state agency that provides administrative support to the governor's committee on disability issues and employment for costs associated with implementing this act; and

(f) Programming changes to the judicial information system accounting module required for disbursement of funds to this account.

**NEW SECTION. Sec. 3.** A new section is added to chapter 50.40 RCW to read as follows:

(1) To the extent allowed by funds available from the accessible communities account created in section 2 of this act, the governor's committee on disability issues and employment shall:

(a) Determine eligibility of accessible community advisory committees for reimbursement or for grant funding according to section 4 of this act; and

(b) Solicit proposals from active accessible community advisory committees for projects to improve disability awareness and access for persons with disabilities, and shall select projects for funding from moneys available in the accessible communities account.

(2) The commissioner shall adopt rules to administer this section.

(3) To the extent allowed by funds available from the accessible communities account created in section 2 of this act, the governor's committee on disability issues and employment shall establish an accessible communities web site to provide the following information: Guidance, technical assistance, reference materials, and resource identification for local governments, accessible community advisory committees, and public accommodations; examples of best practices for local initiatives and activities to promote greater awareness of disability issues and access for persons with disabilities within the community; and a searchable

2010 REGULAR SESSION

listing of local public accommodations that have taken steps to be more disability friendly, including information on the specific access features provided.

**NEW SECTION. Sec. 4.** A new section is added to chapter 36.01 RCW to read as follows:

(1) A county has the option to expand the scope of an advisory committee established and maintained under RCW 29A.46.260 to that of an accessible community advisory committee, or to create an accessible community advisory committee.

(2) A county that has an active accessible community advisory committee may be reimbursed within available funds from the accessible communities account created in section 2 of this act for travel, per diem, and reasonable accommodation expenses for the participation of that committee's members in committee meetings and sponsored activities.

(3) A county establishes that it has an active accessible community advisory committee by submitting biennial assurances to the governor's committee on disability issues and employment that:

(a) The decision to establish an accessible community advisory committee was made by the county legislative authority, or by agents or officers acting under that authority.

(b) If an accessible community advisory committee is established by expanding the advisory committee established and maintained under RCW 29A.46.260, the county auditor supports that expansion.

(c) Committee members include persons with a diverse range of disabilities who are knowledgeable in identifying and eliminating attitudinal, programmatic, communication, and physical barriers encountered by persons with disabilities.

(d) The committee is actively involved in the following activities: Advising on addressing the needs of persons with disabilities in emergency plans; advising the county and other local governments within the county on access to programs services and activities, new construction or renovation projects, sidewalks, other pedestrian routes of travel, and disability parking enforcement; and developing local initiatives and activities to promote greater awareness of disability issues, and acceptance, involvement, and access for persons with disabilities within the community.

(4) Counties may form joint accessible community advisory committees, as long as no more than one of the participating counties has a population greater than seventy thousand.

**Sec. 5.** RCW 29A.46.260 and 2006 c 207 s 7 are each amended to read as follows:

(1) The legislature finds that the elimination of polling places resulting from the transition to vote by mail creates barriers that restrict the ability of many voters with disabilities from achieving the independence and privacy in voting provided by the accessible voting devices required under the help America vote act. Counties adopting a vote by mail system must take appropriate steps to mitigate these impacts and to address the obligation to provide voters with disabilities an equal opportunity to vote independently and privately, to the extent that this can be achieved without incurring undue administrative and financial burden.

(2) Each county shall establish and maintain an advisory committee that includes persons with diverse disabilities and persons with expertise in providing accommodations for persons with disabilities. The committee shall assist election officials in developing a plan to identify and implement changes to improve the accessibility of elections for voters with disabilities. The plan shall include recommendations for the following:

(a) The number of polling places that will be maintained in order to ensure that people with disabilities have reasonable access

to accessible voting devices, and a written explanation for how the determination was made;

(b) The locations of polling places, drop-off facilities, voting centers, and other election-related functions necessary to maximize accessibility to persons with disabilities;

(c) Outreach to voters with disabilities on the availability of disability accommodation, including in-person disability access voting;

(d) Transportation of voting devices to locations convenient for voters with disabilities in order to ensure reasonable access for voters with disabilities; and

(e) Implementation of the provisions of the help America vote act related to persons with disabilities.

Counties must update the plan at least annually. The election review staff of the secretary of state shall review and evaluate the plan in conformance with the review procedure identified in RCW 29A.04.570.

(3) Counties may form a joint advisory committee to develop the plan identified in subsection (2) of this section if ~~((the total population of the joining counties does not exceed thirty thousand, and the counties are geographically adjacent))~~ no more than one of the participating counties has a population greater than seventy thousand.

**Sec. 6.** RCW 46.16.381 and 2007 c 262 s 1 and 2007 c 44 s 1 are each reenacted and amended to read as follows:

(1) The director shall grant special parking privileges to any person who has a disability that limits or impairs the ability to walk or involves acute sensitivity to light and meets one of the following criteria, as determined by a licensed physician, an advanced registered nurse practitioner licensed under chapter 18.79 RCW, or a physician assistant licensed under chapter 18.71A or 18.57A RCW:

(a) Cannot walk two hundred feet without stopping to rest;

The personal physician, advanced registered nurse practitioner, or physician assistant of the applicant shall document that the disability is comparable in severity to the others listed in this subsection;

(h) Is legally blind and has limited mobility; or

(i) Is restricted by a form of porphyria to the extent that the applicant would significantly benefit from a decrease in exposure to light.

(2) The applications for parking permits for persons with disabilities and parking permits for persons with temporary disabilities are official state documents. Knowingly providing false information in conjunction with the application is a gross misdemeanor punishable under chapter 9A.20 RCW. The following statement must appear on each application form immediately below the physician's, advanced registered nurse practitioner's, or physician assistant's signature and immediately below the applicant's signature: "A parking permit for a person

with disabilities may be issued only for a medical necessity that severely affects mobility or involves acute sensitivity to light (RCW 46.16.381). Knowingly providing false information on this application is a gross misdemeanor. The penalty is up to one year in jail and a fine of up to \$5,000 or both."

(3) Persons who qualify for special parking privileges are entitled to receive from the department of licensing a removable windshield placard bearing the international symbol of access and an individual serial number, along with a special identification card bearing the name and date of birth of the person to whom the placard is issued, and the placard's serial number. The special identification card shall be issued to all persons who are issued parking placards, including those issued for temporary disabilities, and special parking license plates for persons with disabilities. The department shall design the placard to be displayed when the vehicle is parked by suspending it from the rearview mirror, or in the absence of a rearview mirror the card may be displayed on the dashboard of any vehicle used to transport the person with disabilities. Instead of regular motor vehicle license plates, persons with disabilities are entitled to receive special license plates under this section or RCW 46.16.385 bearing the international symbol of access for one vehicle registered in the name of the person with disabilities. Persons with disabilities who are not issued the special license plates are entitled to receive a second special placard upon submitting a written request to the department. The director shall adopt rules providing for the issuance of special placards and license plates to public transportation authorities, nursing homes licensed under chapter 18.51 RCW, boarding homes licensed under chapter 18.20 RCW, senior citizen centers, private nonprofit agencies as defined in chapter 24.03 RCW, and vehicles registered with the department as cabulances that regularly transport persons with disabilities who have been determined eligible for special parking privileges provided under this section. The director may issue special license plates for a vehicle registered in the name of the public transportation authority, nursing home, boarding home, senior citizen center, private nonprofit agency, or cabulance service if the vehicle is primarily used to transport persons with disabilities described in this section. Public transportation authorities, nursing homes, boarding homes, senior citizen centers, private nonprofit agencies, and cabulance services are responsible for insuring that the special placards and license plates are not used improperly and are responsible for all fines and penalties for improper use.

(4) Whenever the person with disabilities transfers or assigns his or her interest in the vehicle, the special license plates shall be removed from the motor vehicle. If another vehicle is acquired by the person with disabilities and the vehicle owner qualifies for a special plate, the plate shall be attached to the vehicle, and the director shall be immediately notified of the transfer of the plate. If another vehicle is not acquired by the person with disabilities, the removed plate shall be immediately surrendered to the director.

(5) The special license plate shall be renewed in the same manner and at the time required for the renewal of regular motor vehicle license plates under this chapter. No special license plate may be issued to a person who is temporarily disabled. A person who has a condition expected to improve within six months may be issued a temporary placard for a period not to exceed six months. If the condition exists after six months a new temporary placard shall be issued upon receipt of a new certification from the person's physician. The permanent parking placard and identification card of a person with disabilities shall be renewed at least every five years, as required by the director, by satisfactory proof of the right to

The department shall match and purge its database of parking permits issued to persons with disabilities with available death record information at least every twelve months.

(6) Additional fees shall not be charged for the issuance of the special placards or the identification cards. No additional fee may be charged for the issuance of the special license plates except the regular motor vehicle registration fee and any other fees and taxes required to be paid upon registration of a motor vehicle.

(7) Any unauthorized use of the special placard, special license plate issued under this section or RCW 46.16.385, or identification card is a ~~((traffic))~~ parking infraction with a monetary penalty of two hundred fifty dollars. In addition to any penalty or fine imposed under this subsection, two hundred dollars shall be assessed.

(8) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for a person to park in, block, or otherwise make inaccessible the access aisle located next to a space reserved for persons with physical disabilities. In addition to any penalty or fine imposed under this subsection, two hundred dollars shall be assessed. If a person is charged with a violation, the person shall not be determined to have committed an infraction if the person produces in court or before the court appearance the placard or special license plate issued under this section or RCW 46.16.385 required under this section. A local jurisdiction providing nonmetered, on-street parking places reserved for persons with physical disabilities may impose by ordinance time restrictions of no less than four hours on the use of these parking places. A local jurisdiction may impose by ordinance time restrictions of no less than four hours on the use of nonreserved, on-street parking spaces by vehicles displaying the special parking placards or special license plates issued under this section or RCW 46.16.385. All time restrictions must be clearly posted.

(b) When a reduced penalty is imposed under subsection (7), (8), or (9) of this section, the amount deposited in the accounts identified in (a) of this subsection shall be reduced equally and proportionally. The remaining penalty amounts shall be used by that local jurisdiction exclusively for law enforcement. The court may also impose an additional penalty sufficient to reimburse the local jurisdiction for any costs it may have incurred in removal and storage of the improperly parked vehicle.

(11) Except as provided by subsection (2) of this section, it is a traffic infraction with a monetary penalty of two hundred fifty dollars for any person willfully to obtain a special license plate issued under this section or RCW 46.16.385, placard, or

identification card in a manner other than that established under this section.

(12)(a) A law enforcement agency authorized to enforce parking laws may appoint volunteers, with a limited commission, to issue notices of infractions for violations of this section or RCW 46.61.581. However, if deemed appropriate by the governing body of the transportation benefit district, a transportation improvement may be owned by a participating port district or transit district, unless otherwise prohibited by law. Transportation improvements shall be administered and maintained as other public streets, roads,

A district may be formed by majority vote of the public transportation benefit area's governing body, and the governing body of the benefit area is not required to obtain agreement of the jurisdictions having territory within the boundaries of the public transportation benefit area.

(b) The transportation improvements shall be owned by the public transportation benefit area unless otherwise agreed to or prohibited by law.

(c) The authority of a public transportation benefit area to establish a transportation benefit district or to impose or collect an authorized tax, charge, or fee under this chapter or under RCW 82.80.140 expires on June 30, 2015. The benefit district shall dissolve itself and cease to exist no later than July 31, 2015.

(3) Except as otherwise provided in subsection (2) of this section, a district may include area within more than one county, city, port district, county transportation authority, or public transportation benefit area, if the legislative authority of each participating jurisdiction has agreed to the inclusion as provided in an interlocal agreement adopted pursuant to chapter 39.34 RCW. MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6696 with the following amendment(s): 6696-S2.E AMH ENGR H5458.E,

Strike everything after the enacting clause and insert the following:

**"PART I  
ACCOUNTABILITY FRAMEWORK**

NEW SECTION. Sec. 101. The legislature finds that it is the state's responsibility to create a coherent and effective accountability framework for the continuous improvement for all schools and districts. This system must provide an excellent and equitable education for all students; an aligned federal/state accountability

system; and the tools necessary for schools and districts to be accountable. These tools include the necessary accounting and data reporting systems, assessment systems to monitor student achievement, and a system of general support, targeted assistance, and if necessary, intervention.

The office of the superintendent of public instruction is responsible for developing and implementing the accountability tools to build district capacity and working within federal and state guidelines. The legislature assigned the state board of education responsibility and oversight for creating an accountability framework. This framework provides a unified system of support for challenged schools that aligns with basic education, increases the level of support based upon the magnitude of need, and uses data for decisions. Such a system will identify schools and their districts for recognition as well as for additional state support. For a specific group of challenged schools, defined as persistently lowest-achieving schools, and their districts, it is necessary to provide a required action process that creates a partnership between the state and local district to target funds and assistance to turn around the identified lowest-achieving schools.

Phase I of this accountability system will recognize schools that have done an exemplary job of raising student achievement and closing the achievement gaps using the state board of education's accountability index. The state board of education shall have ongoing collaboration with the achievement gap oversight and accountability committee regarding the measures used to measure the closing of the achievement gaps and the recognition provided to the school districts for closing the achievement gaps. Phase I will also target the lowest five percent of persistently lowest-achieving schools defined under federal guidelines to provide federal funds and federal intervention models through a voluntary option in 2010, and for those who do not volunteer and have not improved student achievement, a required action process beginning in 2011.

Phase II of this accountability system will work toward implementing the state board of education's accountability index for identification of schools in need of improvement, including those that are not Title I schools, and the use of state and local intervention models and state funds through a required action process beginning in 2013, in addition to the federal program. Federal approval of the state board of education's accountability index must be obtained or else the federal guidelines for persistently lowest-achieving schools will continue to be used.

The expectation from implementation of this accountability system is the improvement of student achievement for all students to prepare them for postsecondary education, work, and global citizenship in the twenty-first century.

NEW SECTION. Sec. 102. (1) Beginning in 2010, and each year thereafter, by December 1st, the superintendent of public instruction shall annually identify schools as one of the state's persistently lowest-achieving schools if the school is a Title I school, or a school that is eligible for but does not receive Title I funds, that is among the lowest-achieving five percent of Title I or Title I eligible schools in the state.

(2) The criteria for determining whether a school is among the persistently lowest-achieving five percent of Title I schools, or Title I eligible schools, under subsection (1) of this section shall be established by the superintendent of public instruction. The criteria must meet all applicable requirements for the receipt of a federal school improvement grant under the American recovery and reinvestment act of 2009 and Title I of the elementary and secondary education act of 1965, and take into account both:

(a) The academic achievement of the "all students" group in a school in terms of proficiency on the state's assessment, and any alternative assessments, in reading and mathematics combined; and

FIFTY SEVENTH DAY, MARCH 8, 2010

(b) The school's lack of progress on the mathematics and reading assessments over a number of years in the "all students" group.

**NEW SECTION. Sec. 103.** (1) Beginning in January 2011, the superintendent of public instruction shall annually recommend to the state board of education school districts for designation as required action districts. A district with at least one school identified as a persistently lowest-achieving school shall be designated as a required action district if it meets the criteria developed by the superintendent of public instruction. However, a school district shall not be recommended for designation as a required action district if the district was awarded a federal school improvement grant by the superintendent in 2010 and for three consecutive years following receipt of the grant implemented a federal school intervention model at each school identified for improvement. The state board of education may designate a district that received a school improvement grant in 2010 as a required action district if after three years of voluntarily implementing a plan the district continues to have a school identified as persistently lowest-achieving and meets the criteria for designation established by the superintendent of public instruction.

(2) The superintendent of public instruction shall provide a school district superintendent with written notice of the recommendation for designation as a required action district by certified mail or personal service. A school district superintendent may request reconsideration of the superintendent of public instruction's recommendation. The reconsideration shall be limited to a determination of whether the school district met the criteria for being recommended as a required action district. A request for reconsideration must be in writing and served on the superintendent of public instruction within ten days of service of the notice of the superintendent's recommendation.

(3) The state board of education shall annually designate those districts recommended by the superintendent in subsection (1) of this section as required action districts. A district designated as a required action district shall be required to notify all parents of students attending a school identified as a persistently lowest-achieving school in the district of the state board of education's designation of the district as a required action district and the process for complying with the requirements set forth in sections 104 through 110 of this act.

**NEW SECTION. Sec. 104.** (1) The superintendent of public instruction shall contract with an external review team to conduct an academic performance audit of the district and each persistently lowest-achieving school in a required action district to identify the potential reasons for the school's low performance and lack of progress. The review team must consist of persons under contract with the superintendent who have expertise in comprehensive school and district reform and may not include staff from the agency, the school district that is the subject of the audit, or members or staff of the state board of education.

(2) The audit must be conducted based on criteria developed by the superintendent of public instruction and must include but not be limited to an examination of the following:

- (a) Student demographics;
- (b) Mobility patterns;
- (c) School feeder patterns;
- (d) The performance of different student groups on assessments;
- (e) Effective school leadership;
- (f) Strategic allocation of resources;
- (g) Clear and shared focus on student learning;
- (h) High standards and expectations for all students;
- (i) High level of collaboration and communication;
- (j) Aligned curriculum, instruction, and assessment to state standards;

(k) Frequency of monitoring of learning and teaching;

(l) Focused professional development;

(m) Supportive learning environment;

(n) High level of family and community involvement;

(o) Alternative secondary schools best practices; and

(p) Any unique circumstances or characteristics of the school or district.

(3) Audit findings must be made available to the local school district, its staff, the community, and the state board of education.

**NEW SECTION. Sec. 105.** (1) The local district superintendent and local school board of a school district designated as a required action district must submit a required action plan to the state board of education for approval. Unless otherwise required by subsection (3) of this section, the plan must be submitted under a schedule as required by the state board. A required action plan must be developed in collaboration with administrators, teachers, and other staff, parents, unions representing any employees within the district, students, and other representatives of the local community. The superintendent of public instruction shall provide a district with assistance in developing its plan if requested. The school board must conduct a public hearing to allow for comment on a proposed required action plan. The local school district shall submit the plan first to the office of the superintendent of public instruction to review and approve that the plan is consistent with federal guidelines. After the office of the superintendent of public instruction has approved that the plan is consistent with federal guidelines, the local school district must submit its required action plan to the state board of education for approval.

(2) A required action plan must include all of the following:

(a) Implementation of one of the four federal intervention models required for the receipt of a federal school improvement grant, for those persistently lowest-achieving schools that the district will be focusing on for required action. However, a district may not establish a charter school under a federal intervention model without express legislative authority. The intervention models are the turnaround, restart, school closure, and transformation models. The intervention model selected must address the concerns raised in the academic performance audit and be intended to improve student performance to allow a school district to be removed from the list of districts designated as a required action district by the state board of education within three years of implementation of the plan;

(b) Submission of an application for a federal school improvement grant or a grant from other federal funds for school improvement to the superintendent of public instruction;

(c) A budget that provides for adequate resources to implement the federal model selected and any other requirements of the plan;

(d) A description of the changes in the district's or school's existing policies, structures, agreements, processes, and practices that are intended to attain significant achievement gains for all students enrolled in the school and how the district intends to address the findings of the academic performance audit; and

(e) Identification of the measures that the school district will use in assessing student achievement at a school identified as a persistently lowest-achieving school, which include improving mathematics and reading student achievement and graduation rates as defined by the office of the superintendent of public instruction that enable the school to no longer be identified as a persistently lowest-achieving school.

(3)(a) For any district designated for required action, the parties to any collective bargaining agreement negotiated, renewed, or extended under chapter 41.59 or 41.56 RCW after the effective date of this section must reopen the agreement, or negotiate an addendum, if needed, to make changes to terms and conditions of employment that are necessary to implement a required action plan.

FIFTY SEVENTH DAY, MARCH 8, 2010

2010 REGULAR SESSION

(b) If the school district and the employee organizations are unable to agree on the terms of an addendum or modification to an existing collective bargaining agreement, the parties, including all labor organizations affected under the required action plan, shall request the public employment relations commission to, and the commission shall, appoint an employee of the commission to act as a mediator to assist in the resolution of a dispute between the school district and the employee organizations. Beginning in 2011, and each year thereafter, mediation shall commence no later than April 15th. All mediations held under this section shall include the employer and representatives of all affected bargaining units.

(c) If the executive director of the public employment relations commission, upon the recommendation of the assigned mediator, finds that the employer and any affected bargaining unit are unable to reach agreement following a reasonable period of negotiations and mediation, but by no later than May 15th of the year in which mediation occurred, the executive director shall certify any disputed issues for a decision by the superior court in the county where the school district is located. The issues for determination by the superior court must be limited to the issues certified by the executive director.

(d) The process for filing with the court in this subsection (3)(d) must be used in the case where the executive director certifies issues for a decision by the superior court.

(i) The school district shall file a petition with the superior court, by no later than May 20th of the same year in which the issues were certified, setting forth the following:

(A) The name, address, and telephone number of the school district and its principal representative;

(B) The name, address, and telephone number of the employee organizations and their principal representatives;

(C) A description of the bargaining units involved;

(D) A copy of the unresolved issues certified by the executive director for a final and binding decision by the court; and

(E) The academic performance audit that the office of the superintendent of public instruction completed for the school district.

(ii) Within seven days after the filing of the petition, each party shall file with the court the proposal it is asking the court to order be implemented in a required action plan for the district for each issue certified by the executive director. Contemporaneously with the filing of the proposal, a party must file a brief with the court setting forth the reasons why the court should order implementation of its proposal in the final plan.

(iii) Following receipt of the proposals and briefs of the parties, the court must schedule a date and time for a hearing on the petition. The hearing must be limited to argument of the parties or their counsel regarding the proposals submitted for the court's consideration. The parties may waive a hearing by written agreement.

(iv) The court must enter an order selecting the proposal for inclusion in a required action plan that best responds to the issues raised in the school district's academic performance audit, and allows for the award of a federal school improvement grant or a grant from other federal funds for school improvement to the district from the office of the superintendent of public instruction to implement one of the four federal intervention models. The court's decision must be issued no later than June 15th of the year in which the petition is filed and is final and binding on the parties; however the court's decision is subject to appeal only in the case where it does not allow the school district to implement a required action plan consistent with the requirements for the award of a federal school improvement grant or other federal funds for school improvement by the superintendent of public instruction.

(e) Each party shall bear its own costs and attorneys' fees incurred under this statute.

(f) Any party that proceeds with the process in this section after knowledge that any provision of this section has not been complied with and who fails to state its objection in writing is deemed to have waived its right to object.

(4) All contracts entered into between a school district and an employee must be consistent with this section and allow school districts designated as required action districts to implement one of the four federal models in a required action plan.

**NEW SECTION. Sec. 106.** A required action plan developed by a district's school board and superintendent must be submitted to the state board of education for approval. The state board must accept for inclusion in any required action plan the final decision by the superior court on any issue certified by the executive director of the public employment relations commission under the process in section 105 of this act. The state board of education shall approve a plan proposed by a school district only if the plan meets the requirements in section 105 of this act and provides sufficient remedies to address the findings in the academic performance audit to improve student achievement. Any addendum or modification to an existing collective bargaining agreement, negotiated under section 105 of this act or by agreement of the district and the exclusive bargaining unit, related to student achievement or school improvement shall not go into effect until approval of a required action plan by the state board of education. If the state board does not approve a proposed plan, it must notify the local school board and local district's superintendent in writing with an explicit rationale for why the plan was not approved. Nonapproval by the state board of education of the local school district's initial required action plan submitted is not intended to trigger any actions under section 108 of this act. With the assistance of the office of the superintendent of public instruction, the superintendent and school board of the required action district shall either: (a) Submit a new plan to the state board of education for approval within forty days of notification that its plan was rejected, or (b) submit a request to the required action plan review panel established under section 107 of this act for reconsideration of the state board's rejection within ten days of the notification that the plan was rejected. If federal funds are not available, the plan is not required to be implemented until such funding becomes available. If federal funds for this purpose are available, a required action plan must be implemented in the immediate school year following the district's designation as a required action district.

**NEW SECTION. Sec. 107.** (1) A required action plan review panel shall be established to offer an objective, external review of a request from a school district for reconsideration of the state board of education's rejection of the district's required action plan. The review and reconsideration by the panel shall be based on whether the state board of education gave appropriate consideration to the unique circumstances and characteristics identified in the academic performance audit of the local school district whose required action plan was rejected.

(2)(a) The panel shall be composed of five individuals with expertise in school improvement, school and district restructuring, or parent and community involvement in schools. Two of the panel members shall be appointed by the speaker of the house of representatives; two shall be appointed by the president of the senate; and one shall be appointed by the governor.

(b) The speaker of the house of representatives, president of the senate, and governor shall solicit recommendations for possible panel members from the Washington association of school administrators, the Washington state school directors' association, the association of Washington school principals, the achievement gap oversight and accountability committee, and associations

FIFTY SEVENTH DAY, MARCH 8, 2010

representing certificated teachers, classified school employees, and parents.

(c) Members of the panel shall be appointed no later than December 1, 2010, but the superintendent of public instruction shall convene the panel only as needed to consider a school district's request for reconsideration. Appointments shall be for a four-year term, with opportunity for reappointment. Reappointments in the case of a vacancy shall be made expeditiously so that all requests are considered in a timely manner.

(3) The required action plan review panel may reaffirm the decision of the state board of education, recommend that the state board reconsider the rejection, or recommend changes to the required action plan that should be considered by the district and the state board of education to secure approval of the plan. The state board of education shall consider the recommendations of the panel and issue a decision in writing to the local school district and the panel. If the school district must submit a new required action plan to the state board of education, the district must submit the plan within forty days of the board's decision.

(4) The state board of education and superintendent of public instruction must develop timelines and procedures for the deliberations under this section so that school districts can implement a required action plan within the time frame required under section 106 of this act.

**NEW SECTION. Sec. 108.** The state board of education may direct the superintendent of public instruction to require a school district that has not submitted a final required action plan for approval, or has submitted but not received state board of education approval of a required action plan by the beginning of the school year in which the plan is intended to be implemented, to redirect the district's Title I funds based on the academic performance audit findings.

**NEW SECTION. Sec. 109.** A school district must implement a required action plan upon approval by the state board of education. The office of superintendent of public instruction must provide the required action district with technical assistance and federal school improvement grant funds or other federal funds for school improvement, if available, to implement an approved plan. The district must submit a report to the superintendent of public instruction that provides the progress the district is making in meeting the student achievement goals based on the state's assessments, identifying strategies and assets used to solve audit findings, and establishing evidence of meeting plan implementation benchmarks as set forth in the required action plan.

**NEW SECTION. Sec. 110.** (1) The superintendent of public instruction must provide a report twice per year to the state board of education regarding the progress made by all school districts designated as required action districts.

(2) The superintendent of public instruction must recommend to the state board of education that a school district be released from the designation as a required action district after the district implements a required action plan for a period of three years; has made progress, as defined by the superintendent of public instruction, in reading and mathematics on the state's assessment over the past three consecutive years; and no longer has a school within the district identified as persistently lowest achieving. The state board shall release a school district from the designation as a required action district upon confirmation that the district has met the requirements for a release.

(3) If the state board of education determines that the required action district has not met the requirements for release, the district remains in required action and must submit a new or revised plan under the process in section 105 of this act.

**Sec. 111.** RCW 28A.305.225 and 2009 c 548 s 503 are each amended to read as follows:

(1) The state board of education shall continue to refine the development of an accountability framework that creates a unified system of support for challenged schools, that aligns with basic education, increases the level of support based upon the magnitude of need, and uses data for decisions.

(2) The state board of education shall develop an accountability index to identify schools and districts for recognition, for continuous improvement, and for additional state support. The index shall be based on criteria that are fair, consistent, and transparent. Performance shall be measured using multiple outcomes and indicators including, but not limited to, graduation rates and results from statewide assessments. The index shall be developed in such a way as to be easily understood by both employees within the schools and districts, as well as parents and community members. It is the legislature's intent that the index provide feedback to schools and districts to self-assess their progress, and enable the identification of schools with exemplary student performance and those that need assistance to overcome challenges in order to achieve exemplary student performance. ~~((Once the accountability index has identified schools that need additional help, a more thorough analysis will be done to analyze specific conditions in the district including but not limited to the level of state resources a school or school district receives in support of the basic education system, achievement gaps for different groups of students, and community support.~~

~~—(3) Based on the accountability index and in consultation with the superintendent of public instruction, the state board of education shall develop a proposal and timeline for implementation of a comprehensive system of voluntary support and assistance for schools and districts. The timeline must take into account and accommodate capacity limitations of the K-12 educational system. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized by the legislature through the omnibus appropriations act or other enacted legislation.~~

~~—(4)(a) The state board of education shall develop a proposal and implementation timeline for a more formalized comprehensive system improvement targeted to challenged schools and districts that have not demonstrated sufficient improvement through the voluntary system. The timeline must take into account and accommodate capacity limitations of the K-12 educational system. The proposal and timeline shall be submitted to the education committees of the legislature by December 1, 2009, and shall include recommended legislation and recommended resources to implement the system according to the timeline developed.~~

~~—(b) The proposal shall outline a process for addressing performance challenges that will include the following features: (i) An academic performance audit using peer review teams of educators that considers school and community factors in addition to other factors in developing recommended specific corrective actions that should be undertaken to improve student learning; (ii) a requirement for the local school board plan to develop and be responsible for implementation of corrective action plan taking into account the audit findings, which plan must be approved by the state board of education at which time the plan becomes binding upon the school district to implement; and (iii) monitoring of local district progress by the office of the superintendent of public instruction. The proposal shall take effect only if formally authorized by the legislature through the omnibus appropriations act or other enacted legislation.~~

~~—(5))~~ (3) The state board of education, in cooperation with the office of the superintendent of public instruction, shall annually recognize schools for exemplary performance as measured on the state board of education accountability index. The state board of

education shall have ongoing collaboration with the achievement gap oversight and accountability committee regarding the measures used to measure the closing of the achievement gaps and the recognition provided to the school districts for closing the achievement gaps.

(4) In coordination with the superintendent of public instruction, the state board of education shall seek approval from the United States department of education for use of the accountability index and the state system of support, assistance, and intervention, to replace the federal accountability system under P.L. 107-110, the no child left behind act of 2001.

~~((6))~~ (5) The state board of education shall work with the education data center established within the office of financial management and the technical working group established in section 112, chapter 548, Laws of 2009 to determine the feasibility of using the prototypical funding allocation model as not only a tool for allocating resources to schools and districts but also as a tool for schools and districts to report to the state legislature and the state board of education on how the state resources received are being used.

**NEW SECTION. Sec. 112.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "All students group" means those students in grades three through eight and high school who take the state's assessment in reading and mathematics required under 20 U.S.C. Sec. 6311(b)(3).

(2) "Title I" means Title I, part A of the federal elementary and secondary education act of 1965 (ESEA) (20 U.S.C. Secs. 6311-6322).

**NEW SECTION. Sec. 113.** The superintendent of public instruction and the state board of education may each adopt rules in accordance with chapter 34.05 RCW as necessary to implement this chapter.

**NEW SECTION. Sec. 114.** (1) The legislature finds that a unified and equitable system of education accountability must include expectations and benchmarks for improvement, along with support for schools and districts to make the necessary changes that will lead to success for all students. Such a system must also clearly address the consequences for persistent lack of improvement. Establishing a process for school districts to prepare and implement a required action plan is one such consequence. However, to be truly accountable to students, parents, the community, and taxpayers, the legislature must also consider what should happen if a required action district continues not to make improvement after an extended period of time. Without an answer to this significant question, the state's system of education accountability is incomplete. Furthermore, accountability must be appropriately shared among various levels of decision makers, including in the building, in the district, and at the state.

(2)(a) A joint select committee on education accountability is established beginning no earlier than May 1, 2012, with the following members:

(i) The president of the senate shall appoint two members from each of the two largest caucuses of the senate.

(ii) The speaker of the house of representatives shall appoint two members from each of the two largest caucuses of the house of representatives.

(b) The committee shall choose its cochairs from among its membership.

(3) The committee shall:

(a) Identify and analyze options for a complete system of education accountability, particularly consequences in the case of persistent lack of improvement by a required action district;

(b) Identify and analyze appropriate decision-making responsibilities and accompanying consequences at the building, district, and state level within such an accountability system;

(c) Examine models and experiences in other states;

(d) Identify the circumstances under which significant state action may be required; and

(e) Analyze the financial, legal, and practical considerations that would accompany significant state action.

(4) Staff support for the committee must be provided by the senate committee services and the house of representatives office of program research.

(5) The committee shall submit an interim report to the education committees of the legislature by September 1, 2012, and a final report with recommendations by September 1, 2013.

(6) This section expires June 30, 2014.

## PART II EVALUATIONS

**Sec. 201.** RCW 28A.150.230 and 2006 c 263 s 201 are each amended to read as follows:

(1) It is the intent and purpose of this section to guarantee that each common school district board of directors, whether or not acting through its respective administrative staff, be held accountable for the proper operation of their district to the local community and its electorate. In accordance with the provisions of Title 28A RCW, as now or hereafter amended, each common school district board of directors shall be vested with the final responsibility for the setting of policies ensuring quality in the content and extent of its educational program and that such program provide students with the opportunity to achieve those skills which are generally recognized as requisite to learning.

(2) In conformance with the provisions of Title 28A RCW, as now or hereafter amended, it shall be the responsibility of each common school district board of directors to adopt policies to:

(a) Establish performance criteria and an evaluation process for its superintendent, classified staff, certificated personnel, including administrative staff, and for all programs constituting a part of such district's curriculum. Each district shall report annually to the superintendent of public instruction the following for each employee group listed in this subsection (2)(a): (i) Evaluation criteria and rubrics; (ii) a description of each rating; and (iii) the number of staff in each rating;

(b) Determine the final assignment of staff, certificated or classified, according to board enumerated classroom and program needs and data, based upon a plan to ensure that the assignment policy: (i) Supports the learning needs of all the students in the district; and (ii) gives specific attention to high-need schools and classrooms;

(c) Provide information to the local community and its electorate describing the school district's policies concerning hiring, assigning, terminating, and evaluating staff, including the criteria for evaluating teachers and principals;

(d) Determine the amount of instructional hours necessary for any student to acquire a quality education in such district, in not less than an amount otherwise required in RCW 28A.150.220, or rules of the state board of education;

~~((d))~~ (e) Determine the allocation of staff time, whether certificated or classified;

~~((e))~~ (f) Establish final curriculum standards consistent with law and rules of the superintendent of public instruction, relevant to the particular needs of district students or the unusual characteristics of the district, and ensuring a quality education for each student in the district; and

((#)) (g) Evaluate teaching materials, including text books, teaching aids, handouts, or other printed material, in public hearing upon complaint by parents, guardians or custodians of students who consider dissemination of such material to students objectionable.

**Sec. 202.** RCW 28A.405.100 and 1997 c 278 s 1 are each amended to read as follows:

(1)(a) Except as provided in subsection (2) of this section, the superintendent of public instruction shall establish and may amend from time to time minimum criteria for the evaluation of the professional performance capabilities and development of certificated classroom teachers and certificated support personnel. For classroom teachers the criteria shall be developed in the following categories: Instructional skill; classroom management, professional preparation and scholarship; effort toward improvement when needed; the handling of student discipline and attendant problems; and interest in teaching pupils and knowledge of subject matter.

(b) Every board of directors shall, in accordance with procedure provided in RCW 41.59.010 through 41.59.170, 41.59.910 and 41.59.920, establish evaluative criteria and procedures for all certificated classroom teachers and certificated support personnel. The evaluative criteria must contain as a minimum the criteria established by the superintendent of public instruction pursuant to this section and must be prepared within six months following adoption of the superintendent of public instruction's minimum criteria. The district must certify to the superintendent of public instruction that evaluative criteria have been so prepared by the district.

(2)(a) Pursuant to the implementation schedule established in subsection (7)(b) of this section, every board of directors shall, in accordance with procedures provided in RCW 41.59.010 through 41.59.170, 41.59.910, and 41.59.920, establish revised evaluative criteria and a four-level rating system for all certificated classroom teachers.

(b) The minimum criteria shall include: (i) Centering instruction on high expectations for student achievement; (ii) demonstrating effective teaching practices; (iii) recognizing individual student learning needs and developing strategies to address those needs; (iv) providing clear and intentional focus on subject matter content and curriculum; (v) fostering and managing a safe, positive learning environment; (vi) using multiple student data elements to modify instruction and improve student learning; (vii) communicating and collaborating with parents and school community; and (viii) exhibiting collaborative and collegial practices focused on improving instructional practice and student learning.

(c) The four-level rating system used to evaluate the certificated classroom teacher must describe performance along a continuum that indicates the extent to which the criteria have been met or exceeded. When student growth data, if available and relevant to the teacher and subject matter, is referenced in the evaluation process it must be based on multiple measures that can include classroom-based, school-based, district-based, and state-based tools. As used in this subsection, "student growth" means the change in student achievement between two points in time.

(3)(a) Except as provided in subsection ((#)) (10) of this section, it shall be the responsibility of a principal or his or her designee to evaluate all certificated personnel in his or her school. During each school year all classroom teachers and certificated support personnel(~~(, hereinafter referred to as "employees" in this section.)~~) shall be observed for the purposes of evaluation at least twice in the performance of their assigned duties. Total observation time for each employee for each school year shall be not less than sixty minutes. An employee in the third year of provisional status as defined in RCW 28A.405.220 shall be

observed at least three times in the performance of his or her duties and the total observation time for the school year shall not be less than ninety minutes. Following each observation, or series of observations, the principal or other evaluator shall promptly document the results of the observation in writing, and shall provide the employee with a copy thereof within three days after such report is prepared. New employees shall be observed at least once for a total observation time of thirty minutes during the first ninety calendar days of their employment period.

(b) As used in this subsection and subsection (4) of this section, "employees" means classroom teachers and certificated support personnel.

(4)(a) At any time after October 15th, an employee whose work is not judged (~~(unsatisfactory)~~) satisfactory based on district evaluation criteria shall be notified in writing of the specific areas of deficiencies along with a reasonable program for improvement. During the period of probation, the employee may not be transferred from the supervision of the original evaluator. Improvement of performance or probable cause for nonrenewal must occur and be documented by the original evaluator before any consideration of a request for transfer or reassignment as contemplated by either the individual or the school district. A probationary period of sixty school days shall be established. The establishment of a probationary period does not adversely affect the contract status of an employee within the meaning of RCW 28A.405.300. The purpose of the probationary period is to give the employee opportunity to demonstrate improvements in his or her areas of deficiency. The establishment of the probationary period and the giving of the notice to the employee of deficiency shall be by the school district superintendent and need not be submitted to the board of directors for approval. During the probationary period the evaluator shall meet with the employee at least twice monthly to supervise and make a written evaluation of the progress, if any, made by the employee. The evaluator may authorize one additional certificated employee to evaluate the probationer and to aid the employee in improving his or her areas of deficiency; such additional certificated employee shall be immune from any civil liability that might otherwise be incurred or imposed with regard to the good faith performance of such evaluation. The probationer may be removed from probation if he or she has demonstrated improvement to the satisfaction of the principal in those areas specifically detailed in his or her initial notice of deficiency and subsequently detailed in his or her improvement program. Lack of necessary improvement during the established probationary period, as specifically documented in writing with notification to the probationer and shall constitute grounds for a finding of probable cause under RCW 28A.405.300 or 28A.405.210.

(b) Immediately following the completion of a probationary period that does not produce performance changes detailed in the initial notice of deficiencies and improvement program, the employee may be removed from his or her assignment and placed into an alternative assignment for the remainder of the school year. This reassignment may not displace another employee nor may it adversely affect the probationary employee's compensation or benefits for the remainder of the employee's contract year. If such reassignment is not possible, the district may, at its option, place the employee on paid leave for the balance of the contract term.

((#)) (5) Every board of directors shall establish evaluative criteria and procedures for all superintendents, principals, and other administrators. It shall be the responsibility of the district superintendent or his or her designee to evaluate all administrators. Except as provided in subsection (6) of this section, such evaluation shall be based on the administrative position job description. Such criteria, when applicable, shall include at least the following categories: Knowledge of, experience in, and training in

2010 REGULAR SESSION

recognizing good professional performance, capabilities and development; school administration and management; school finance; professional preparation and scholarship; effort toward improvement when needed; interest in pupils, employees, patrons and subjects taught in school; leadership; and ability and performance of evaluation of school personnel.

((3)) (6)(a) Pursuant to the implementation schedule established by subsection (7)(b) of this section, every board of directors shall establish revised evaluative criteria and a four-level rating system for principals.

(b) The minimum criteria shall include: (i) Creating a school culture that promotes the ongoing improvement of learning and teaching for students and staff; (ii) demonstrating commitment to closing the achievement gap; (iii) providing for school safety; (iv) leading the development, implementation, and evaluation of a data-driven plan for increasing student achievement, including the use of multiple student data elements; (v) assisting instructional staff with alignment of curriculum, instruction, and assessment with state and local district learning goals; (vi) monitoring, assisting, and evaluating effective instruction and assessment practices; (vii) managing both staff and fiscal resources to support student achievement and legal responsibilities; and (viii) partnering with the school community to promote student learning.

(c) The four-level rating system used to evaluate the principal must describe performance along a continuum that indicates the extent to which the criteria have been met or exceeded. When available, student growth data that is referenced in the evaluation process must be based on multiple measures that can include classroom-based, school-based, district-based, and state-based tools. As used in this subsection, "student growth" means the change in student achievement between two points in time.

(7)(a) The superintendent of public instruction, in collaboration with state associations representing teachers, principals, administrators, and parents, shall create models for implementing the evaluation system criteria, student growth tools, professional development programs, and evaluator training for certificated classroom teachers and principals. Human resources specialists, professional development experts, and assessment experts must also be consulted. Due to the diversity of teaching assignments and the many developmental levels of students, classroom teachers and principals must be prominently represented in this work. The models must be available for use in the 2011-12 school year.

(b) A new certificated classroom teacher evaluation system that implements the provisions of subsection (2) of this section and a new principal evaluation system that implements the provisions of subsection (6) of this section shall be phased-in beginning with the 2010-11 school year by districts identified in (c) of this subsection and implemented in all school districts beginning with the 2013-14 school year.

(c) A set of school districts shall be selected by the superintendent of public instruction to participate in a collaborative process resulting in the development and piloting of new certificated classroom teacher and principal evaluation systems during the 2010-11 and 2011-12 school years. These school districts must be selected based on: (i) The agreement of the local associations representing classroom teachers and principals to collaborate with the district in this developmental work and (ii) the agreement to participate in the full range of development and implementation activities, including: Development of rubrics for the evaluation criteria and ratings in subsections (2) and (6) of this section; identification of or development of appropriate multiple measures of student growth in subsections (2) and (6) of this section; development of appropriate evaluation system forms; participation in professional development for principals and classroom teachers regarding the content of the new evaluation system; participation in

evaluator training; and participation in activities to evaluate the effectiveness of the new systems and support programs. The school districts must submit to the office of the superintendent of public instruction data that is used in evaluations and all district-collected student achievement, aptitude, and growth data regardless of whether the data is used in evaluations. If the data is not available electronically, the district may submit it in nonelectronic form. The superintendent of public instruction must analyze the districts' use of student data in evaluations, including examining the extent that student data is not used or is underutilized. The superintendent of public instruction must also consult with participating districts and stakeholders, recommend appropriate changes, and address statewide implementation issues. The superintendent of public instruction shall report evaluation system implementation status, evaluation data, and recommendations to appropriate committees of the legislature and governor by July 1, 2011, and at the conclusion of the development phase by July 1, 2012. In the July 1, 2011 report, the superintendent shall include recommendations for whether a single statewide evaluation model should be adopted, whether modified versions developed by school districts should be subject to state approval, and what the criteria would be for determining if a school district's evaluation model meets or exceeds a statewide model. The report shall also identify challenges posed by requiring a state approval process.

(8) Each certificated (~~employee~~) classroom teacher and certificated support personnel shall have the opportunity for confidential conferences with his or her immediate supervisor on no less than two occasions in each school year. Such confidential conference shall have as its sole purpose the aiding of the administrator in his or her assessment of the employee's professional performance.

((4)) (9) The failure of any evaluator to evaluate or supervise or cause the evaluation or supervision of certificated (~~employees~~) classroom teachers and certificated support personnel or administrators in accordance with this section, as now or hereafter amended, when it is his or her specific assigned or delegated responsibility to do so, shall be sufficient cause for the nonrenewal of any such evaluator's contract under RCW 28A.405.210, or the discharge of such evaluator under RCW 28A.405.300.

((5)) (10) After (~~an employee~~) a certificated classroom teacher or certificated support personnel has four years of satisfactory evaluations under subsection (1) of this section or has received one of the two top ratings for four years under subsection (2) of this section, a school district may use a short form of evaluation, a locally bargained evaluation emphasizing professional growth, an evaluation under subsection (1) or (2) of this section, or any combination thereof. The short form of evaluation shall include either a thirty minute observation during the school year with a written summary or a final annual written evaluation based on the criteria in subsection (1) or (2) of this section and based on at least two observation periods during the school year totaling at least sixty minutes without a written summary of such observations being prepared. A locally bargained short-form evaluation emphasizing professional growth must provide that the professional growth activity conducted by the certificated classroom teacher be specifically linked to one or more of the certificated classroom teacher evaluation criteria. However, the evaluation process set forth in subsection (1) or (2) of this section shall be followed at least once every three years unless this time is extended by a local school district under the bargaining process set forth in chapter 41.59 RCW. The employee or evaluator may require that the evaluation process set forth in subsection (1) or (2) of this section be conducted in any given school year. No evaluation other than the evaluation authorized under subsection (1) or (2) of this section may be used as a basis for determining that an employee's work is (~~unsatisfactory~~)

FIFTY SEVENTH DAY, MARCH 8, 2010

not satisfactory under subsection (1) or (2) of this section or as probable cause for the nonrenewal of an employee's contract under RCW 28A.405.210 unless an evaluation process developed under chapter 41.59 RCW determines otherwise.

**Sec. 203.** RCW 28A.405.220 and 2009 c 57 s 2 are each amended to read as follows:

(1) Notwithstanding the provisions of RCW 28A.405.210, every person employed by a school district in a teaching or other nonsupervisory certificated position shall be subject to nonrenewal of employment contract as provided in this section during the first ~~((two))~~ three years of employment by such district, unless: (a) The employee has previously completed at least two years of certificated employment in another school district in the state of Washington, in which case the employee shall be subject to nonrenewal of employment contract pursuant to this section during the first year of employment with the new district; or (b) the school district superintendent may make a determination to remove an employee from provisional status if the employee has received one of the top two evaluation ratings during the second year of employment by the district. Employees as defined in this section shall hereinafter be referred to as "provisional employees(("))."

(2) In the event the superintendent of the school district determines that the employment contract of any provisional employee should not be renewed by the district for the next ensuing term such provisional employee shall be notified thereof in writing on or before May 15th preceding the commencement of such school term, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 15th, which notification shall state the reason or reasons for such determination. Such notice shall be served upon the provisional employee personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein. The determination of the superintendent shall be subject to the evaluation requirements of RCW 28A.405.100.

(3) Every such provisional employee so notified, at his or her request made in writing and filed with the superintendent of the district within ten days after receiving such notice, shall be given the opportunity to meet informally with the superintendent for the purpose of requesting the superintendent to reconsider his or her decision. Such meeting shall be held no later than ten days following the receipt of such request, and the provisional employee shall be given written notice of the date, time and place of meeting at least three days prior thereto. At such meeting the provisional employee shall be given the opportunity to refute any facts upon which the superintendent's determination was based and to make any argument in support of his or her request for reconsideration.

(4) Within ten days following the meeting with the provisional employee, the superintendent shall either reinstate the provisional employee or shall submit to the school district board of directors for consideration at its next regular meeting a written report recommending that the employment contract of the provisional employee be nonrenewed and stating the reason or reasons therefor. A copy of such report shall be delivered to the provisional employee at least three days prior to the scheduled meeting of the board of directors. In taking action upon the recommendation of the superintendent, the board of directors shall consider any written communication which the provisional employee may file with the secretary of the board at any time prior to that meeting.

(5) The board of directors shall notify the provisional employee in writing of its final decision within ten days following the meeting at which the superintendent's recommendation was considered. The decision of the board of directors to nonrenew the contract of a provisional employee shall be final and not subject to appeal.

2010 REGULAR SESSION

(6) This section applies to any person employed by a school district in a teaching or other nonsupervisory certificated position after June 25, 1976. This section provides the exclusive means for nonrenewing the employment contract of a provisional employee and no other provision of law shall be applicable thereto, including, without limitation, RCW 28A.405.210 and chapter 28A.645 RCW.

**NEW SECTION. Sec. 204.** A new section is added to chapter 28A.405 RCW to read as follows:

(1) Representatives of the office of the superintendent of public instruction and statewide associations representing administrators, principals, human resources specialists, and certificated classroom teachers shall analyze how the evaluation systems in RCW 28A.405.100 (2) and (6) affect issues related to a change in contract status.

(2) The analysis shall be conducted during each of the phase-in years of the certificated classroom teacher and principal evaluation systems. The analysis shall include: Procedures, timelines, probationary periods, appeal procedures, and other items related to the timely exercise of employment decisions and due process provisions for certificated classroom teachers and principals.

**NEW SECTION. Sec. 205.** A new section is added to chapter 28A.405 RCW to read as follows:

If funds are provided for professional development activities designed specifically for first through third-year teachers, the funds shall be allocated first to districts participating in the evaluation systems in RCW 28A.405.100 (2) and (6) before the required implementation date under that section.

### PART III PRINCIPAL PERFORMANCE

**NEW SECTION. Sec. 301.** The legislature finds that the presence of highly effective principals in schools has never been more important than it is today. To enable students to meet high academic standards, principals must lead and encourage teams of teachers and support staff to work together, align curriculum and instruction, use student data to target instruction and intervention strategies, and serve as the chief school officer with parents and the community. Greater responsibility should come with greater authority over personnel, budgets, resource allocation, and programs. But greater responsibility also comes with greater accountability for outcomes. Washington is putting into place an updated and rigorous system of evaluating principal performance, one that will measure what matters. This system will never be truly effective unless the results are meaningfully used.

**NEW SECTION. Sec. 302.** A new section is added to chapter 28A.405 RCW to read as follows:

(1) Any certificated employee of a school district under this section who is first employed as a principal after the effective date of this section shall be subject to transfer as provided under this section, at the expiration of the term of his or her employment contract, to any subordinate certificated position within the school district. "Subordinate certificated position" as used in this section means any administrative or nonadministrative certificated position for which the annual compensation is less than the position currently held by the administrator. This section applies only to school districts with an annual average student enrollment of more than thirty-five thousand full-time equivalent students.

(2) During the first three consecutive school years of employment as a principal by the school district, or during the first full school year of such employment in the case of a principal who has been previously employed as a principal by another school district in the state for three or more consecutive school years, the transfer of the principal to a subordinate certificated position may be

FIFTY SEVENTH DAY, MARCH 8, 2010

2010 REGULAR SESSION

made by a determination of the superintendent that the best interests of the school district would be served by the transfer.

(3) Commencing with the fourth consecutive school year of employment as a principal, or the second consecutive school year of such employment in the case of a principal who has been previously employed as a principal by another school district in the state for three or more consecutive school years, the transfer of the principal to a subordinate certificated position shall be based on the superintendent's determination that the results of the evaluation of the principal's performance using the evaluative criteria and rating system established under RCW 28A.405.100 provide a valid reason for the transfer without regard to whether there is probable cause for the transfer. If a valid reason is shown, it shall be deemed that the transfer is reasonably related to the principal's performance. No probationary period is required. However, provision of support and an attempt at remediation of the performance of the principal, as defined by the superintendent, are required for a determination by the superintendent under this subsection that the principal should be transferred to a subordinate certificated position.

(4) Any superintendent transferring a principal under this section to a subordinate certificated position shall notify that principal in writing on or before May 15th before the beginning of the school year of that determination, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 15th. The notification shall state the reason or reasons for the transfer and shall identify the subordinate certificated position to which the principal will be transferred. The notification shall be served upon the principal personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein.

(5) Any principal so notified may request to the president or chair of the board of directors of the district, in writing and within ten days after receiving notice, an opportunity to meet informally with the board of directors in an executive session for the purpose of requesting the board to reconsider the decision of the superintendent, and shall be given such opportunity. The board, upon receipt of such request, shall schedule the meeting for no later than the next regularly scheduled meeting of the board, and shall give the principal written notice at least three days before the meeting of the date, time, and place of the meeting. At the meeting the principal shall be given the opportunity to refute any evidence upon which the determination was based and to make any argument in support of his or her request for reconsideration. The principal and the board may invite their respective legal counsel to be present and to participate at the meeting. The board shall notify the principal in writing of its final decision within ten days following its meeting with the principal. No appeal to the courts shall lie from the final decision of the board of directors to transfer a principal to a subordinate certificated position.

(6) This section provides the exclusive means for transferring a certificated employee first employed by a school district under this section as a principal after the effective date of this section to a subordinate certificated position at the expiration of the term of his or her employment contract.

**Sec. 303.** RCW 28A.405.210 and 2009 c 57 s 1 are each amended to read as follows:

No teacher, principal, supervisor, superintendent, or other certificated employee, holding a position as such with a school district, hereinafter referred to as "employee", shall be employed except by written order of a majority of the directors of the district at a regular or special meeting thereof, nor unless he or she is the holder of an effective teacher's certificate or other certificate required by law or the Washington professional educator standards board for the position for which the employee is employed.

The board shall make with each employee employed by it a written contract, which shall be in conformity with the laws of this state, and except as otherwise provided by law, limited to a term of not more than one year. Every such contract shall be made in duplicate, one copy to be retained by the school district superintendent or secretary and one copy to be delivered to the employee. No contract shall be offered by any board for the employment of any employee who has previously signed an employment contract for that same term in another school district of the state of Washington unless such employee shall have been released from his or her obligations under such previous contract by the board of directors of the school district to which he or she was obligated. Any contract signed in violation of this provision shall be void.

In the event it is determined that there is probable cause or causes that the employment contract of an employee should not be renewed by the district for the next ensuing term such employee shall be notified in writing on or before May 15th preceding the commencement of such term of that determination, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 15th, which notification shall specify the cause or causes for nonrenewal of contract. Such determination of probable cause for certificated employees, other than the superintendent, shall be made by the superintendent. Such notice shall be served upon the employee personally, or by certified or registered mail, or by leaving a copy of the notice at the house of his or her usual abode with some person of suitable age and discretion then resident therein. Every such employee so notified, at his or her request made in writing and filed with the president, chair or secretary of the board of directors of the district within ten days after receiving such notice, shall be granted opportunity for hearing pursuant to RCW 28A.405.310 to determine whether there is sufficient cause or causes for nonrenewal of contract: PROVIDED, That any employee receiving notice of nonrenewal of contract due to an enrollment decline or loss of revenue may, in his or her request for a hearing, stipulate that initiation of the arrangements for a hearing officer as provided for by RCW 28A.405.310(4) shall occur within ten days following July 15 rather than the day that the employee submits the request for a hearing. If any such notification or opportunity for hearing is not timely given, the employee entitled thereto shall be conclusively presumed to have been reemployed by the district for the next ensuing term upon contractual terms identical with those which would have prevailed if his or her employment had actually been renewed by the board of directors for such ensuing term.

This section shall not be applicable to "provisional employees" as so designated in RCW 28A.405.220; transfer to a subordinate certificated position as that procedure is set forth in RCW 28A.405.230 or section 302 of this act shall not be construed as a nonrenewal of contract for the purposes of this section.

**Sec. 304.** RCW 28A.405.230 and 2009 c 57 s 3 are each amended to read as follows:

Any certificated employee of a school district employed as an assistant superintendent, director, principal, assistant principal, coordinator, or in any other supervisory or administrative position, hereinafter in this section referred to as "administrator", shall be subject to transfer, at the expiration of the term of his or her employment contract, to any subordinate certificated position within the school district. "Subordinate certificated position" as used in this section, shall mean any administrative or nonadministrative certificated position for which the annual compensation is less than the position currently held by the administrator.

Every superintendent determining that the best interests of the school district would be served by transferring any administrator to a subordinate certificated position shall notify that administrator in

FIFTY SEVENTH DAY, MARCH 8, 2010

writing on or before May 15th preceding the commencement of such school term of that determination, or if the omnibus appropriations act has not passed the legislature by May 15th, then notification shall be no later than June 15th, which notification shall state the reason or reasons for the transfer, and shall identify the subordinate certificated position to which the administrator will be transferred. Such notice shall be served upon the administrator personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion then resident therein.

Every such administrator so notified, at his or her request made in writing and filed with the president or chair, or secretary of the board of directors of the district within ten days after receiving such notice, shall be given the opportunity to meet informally with the board of directors in an executive session thereof for the purpose of requesting the board to reconsider the decision of the superintendent. Such board, upon receipt of such request, shall schedule the meeting for no later than the next regularly scheduled meeting of the board, and shall notify the administrator in writing of the date, time and place of the meeting at least three days prior thereto. At such meeting the administrator shall be given the opportunity to refute any facts upon which the determination was based and to make any argument in support of his or her request for reconsideration. The administrator and the board may invite their respective legal counsel to be present and to participate at the meeting. If such employee does not request a hearing as provided herein, such employee may be discharged or otherwise adversely affected as provided in the notice served upon the employee.

Transfer to a subordinate certificated position as that procedure is set forth in RCW 28A.405.230 or section 302 of this act shall not be construed as a discharge or other adverse action against contract status for the purposes of this section.
