**NEW SECTION. Sec. 506.** A new section is added to chapter 28A.410 RCW to read as follows:

Beginning with the 2010 school year and annually thereafter, each educational service district, in cooperation with the professional educator standards board, must convene representatives from school districts within that region and professional educator standards board-approved educator preparation programs to review district and regional educator workforce data, make biennial projections of certificate staffing needs, and identify how recruitment and enrollment plans in educator preparation programs reflect projected need.

(2) Based on the data in the assessment in RCW 28B.76.230 and 28B.76.335, the board shall determine whether reasonable teacher preparation program access for prospective teachers is available in each region. If access is determined to be inadequate in a region, the institution of higher education responsible for the region shall submit a plan for meeting the access need to the board.

(3) Partnerships with other teacher preparation program providers and the use of appropriate technology shall be considered. The board shall review the plan and, as appropriate, assist the institution in developing support and resources for implementing the plan.

2010 REGULAR SESSION

authorized under RCW 28A.655.070 for mathematics, reading, writing, and communication by provisionally adopting a common set of standards for students in grades kindergarten through twelve. The revised state essential academic learning requirements may be substantially identical with the standards developed by a multistate consortium in which Washington participated, must be consistent with the requirements of RCW 28A.655.070, and may include additional standards if the additional standards do not exceed fifteen percent of the standards for each content area. (b) An estimated timeline and costs to the state and to school districts to implement the provisionally adopted standards, including providing necessary training, realignment of curriculum, adjustment of state assessments, and other actions.

(3) The superintendent may implement the revisions to the essential academic learning requirements under this section after the 2011 legislative session unless otherwise directed by the legislature.

(1) Beginning with the 2010-11 school year, each school shall conduct outreach and seek feedback from a broad and diverse range of parents, other individuals, and organizations in the community regarding their experiences with the school. (2) The office of the superintendent of public instruction shall create a working group with representatives of organizations representing parents, teachers, and principals as well as diverse communities. The working group shall also include a representative from the achievement gap oversight and accountability committee. By September 1, 2010, the working group shall develop model feedback tools and strategies that school districts may use to facilitate the feedback process required in subsection (1) of this section. The model tools and strategies are intended to provide assistance to school districts. School districts are encouraged to adapt the models or develop unique tools and strategies that best fit the circumstances in their communities.

**Sec. 703.** RCW 28A.655.110 and 1999 c 388 s 303 are each amended to read as follows:

to each parent with children enrolled in the school and make the report available to the community served by the school. The annual performance report shall be in a form that can be easily understood and be used by parents, guardians, and other members of the community who are not professional educators to make informed educational decisions. As data from the assessments in RCW 28A.655.060 becomes available, the annual performance report should enable parents, educators, and school board members to determine whether students in the district's schools are attaining mastery of the student learning goals under RCW 28A.150.210, and other important facts about the schools' performance in assisting students to learn. The annual report shall make comparisons to a school's performance in preceding years (~~and shall include school level goals under RCW 28A.655.050~~), student performance relative to the goals and the percentage of students performing at each level of the assessment, a comparison of student performance at each level of the assessment to the previous year's performance, and information regarding school-level plans to achieve the goals.

(2) The annual performance report shall include, but not be limited to: (a) A brief statement of the mission of the school and the school district; (b) enrollment statistics including student demographics; (c) expenditures per pupil for the school year; (d) a summary of student scores on all mandated tests; (e) a concise annual budget report; (f) student attendance, graduation, and dropout rates; (g) information regarding the use and condition of the school building or buildings; (h) a brief description of the learning improvement plans for the school; (i) a summary of the feedback from parents and community members obtained under section 702 of this act; and ~~((h))~~ (j) an invitation to all parents and citizens to participate in school activities.

In order to make school performance reports broadly accessible to the public, the superintendent of public instruction, to the extent feasible, shall make information on each school's report available on or through the superintendent's internet web site.

NEW SECTION. Sec. 704. A new section is added to chapter 28A.300 RCW to read as follows:

There is a sizeable body of research positively supporting the involvement of parents taking an engaged and active role in their child's education. Therefore, the legislature intends to provide state recognition by the center for the improvement of student learning within the office of the superintendent of public instruction for schools that increase the level of direct parental involvement with their child's education. By September 1, 2010, the center for the improvement of student learning shall determine measures that can be used to evaluate the level of parental involvement in a school. The center for the improvement of student learning shall collaborate with school district family and community outreach programs and educational service districts to identify and highlight successful models and practices of parent involvement.

### PART VIII COLLECTIVE BARGAINING

**Sec. 801.** RCW 41.56.100 and 1989 c 45 s 1 are each amended to read as follows:

(1) A public employer shall have the authority to engage in collective bargaining with the exclusive bargaining representative and no public employer shall refuse to engage in collective bargaining with the exclusive bargaining representative(= PROVIDED, That nothing contained herein shall require any)). However, a public employer is not required to bargain collectively

with any bargaining representative concerning any matter which by ordinance, resolution, or charter of said public employer has been delegated to any civil service commission or personnel board similar in scope, structure, and authority to the board created by chapter 41.06 RCW.

(2) Upon the failure of the public employer and the exclusive bargaining representative to conclude a collective bargaining agreement, any matter in dispute may be submitted by either party to the commission. This subsection does not apply to negotiations and mediations conducted between a school district employer and an exclusive bargaining representative under section 105 of this act.

(3) If a public employer implements its last and best offer where there is no contract settlement, allegations that either party is violating the terms of the implemented offer shall be subject to grievance arbitration procedures if and as such procedures are set forth in the implemented offer, or, if not in the implemented offer, if and as such procedures are set forth in the parties' last contract.

NEW SECTION. Sec. 802. A new section is added to chapter 41.56 RCW to read as follows:

All collective bargaining agreements entered into between a school district employer and school district employees under this chapter after the effective date of this section, as well as bargaining agreements existing on the effective date of this section but renewed or extended after the effective date of this section, shall be consistent with section 105 of this act.

NEW SECTION. Sec. 803. A new section is added to chapter 41.59 RCW to read as follows:

(1) Either an employer or an exclusive bargaining representative may declare that an impasse has been reached between them in collective bargaining and may request the commission to appoint a mediator for the purpose of assisting them in reconciling their differences and resolving the controversy on terms which are mutually acceptable. If the commission determines that its assistance is needed, not later than five days after the receipt of a request therefor, it shall appoint a mediator in accordance with rules and regulations for such appointment prescribed by the commission. The mediator shall meet with the parties or their representatives, or both, forthwith, either jointly or separately, and shall take such other steps as he may deem appropriate in order to persuade the parties to resolve their differences and effect a mutually acceptable agreement. The mediator, without the consent of both parties, shall not make findings of fact or recommend terms of settlement. The services of the mediator, including, if any, per diem expenses, shall be provided by the commission without cost to the parties. Nothing in this subsection (1) shall be construed to prevent the parties from mutually agreeing upon their own mediation procedure, and in the event of such agreement, the commission shall not appoint its own mediator unless failure to do so would be inconsistent with the effectuation of the purposes and policy of this chapter.

(2) If the mediator is unable to effect settlement of the controversy within ten days after his or her appointment, either party, by written notification to the other, may request that their differences be submitted to fact-finding with recommendations, except that the time for mediation may be extended by mutual agreement between the parties. Within five days after receipt of the aforesaid written request for fact-finding, the parties shall select a person to serve as fact finder and obtain a commitment from that

FIFTY SEVENTH DAY, MARCH 8, 2010

person to serve. If they are unable to agree upon a fact finder or to obtain such a commitment within that time, either party may request the commission to designate a fact finder. The commission, within five days after receipt of such request, shall designate a fact finder in accordance with rules and regulations for such designation prescribed by the commission. The fact finder so designated shall not be the same person who was appointed mediator pursuant to subsection (1) of this section without the consent of both parties.

The fact finder, within five days after his appointment, shall meet with the parties or their representatives, or both, either jointly or separately, and make inquiries and investigations, hold hearings, and take such other steps as he may deem appropriate. For the purpose of such hearings, investigations and inquiries, the fact finder shall have the power to issue subpoenas requiring the attendance and testimony of witnesses and the production of evidence. If the dispute is not settled within ten days after his appointment, the fact finder shall make findings of fact and recommend terms of settlement within thirty days after his appointment, which recommendations shall be advisory only.

(3) Such recommendations, together with the findings of fact, shall be submitted in writing to the parties and the commission privately before they are made public. Either the commission, the fact finder, the employer, or the exclusive bargaining representative may make such findings and recommendations public if the dispute is not settled within five days after their receipt from the fact finder.

(4) The costs for the services of the fact finder, including, if any, per diem expenses and actual and necessary travel and subsistence expenses, and any other incurred costs, shall be borne by the commission without cost to the parties.

(5) Nothing in this section shall be construed to prohibit an employer and an exclusive bargaining representative from agreeing to substitute, at their own expense, their own procedure for resolving impasses in collective bargaining for that provided in this section or from agreeing to utilize for the purposes of this section any other governmental or other agency or person in lieu of the commission.

(6) Any fact finder designated by an employer and an exclusive representative or the commission for the purposes of this section shall be deemed an agent of the state.

(7) This section does not apply to negotiations and mediations conducted under section 105 of this act.

**PART X**

**EDUCATION REFORM FINANCE**

NEW SECTION. **Sec. 1001.** (1) An essential aspect of overall education reform is reform in state financing for basic education, both in the way that funds are distributed and the overall level of state support to school districts. Chapter 548, Laws of 2009, took a significant step in this aspect of education reform by creating a framework for new funding distribution formulas and directing further work on this topic and recommendations from the quality education council and technical working groups. It is the legislature's intent to continue implementation of the education reforms in chapter 548, Laws of 2009, by adopting the technical details of a new distribution formula for the instructional program of basic education and authorizing a phase-in of implementation of a new distribution formula for pupil transportation, both to take effect September 1, 2011. Unless otherwise stated, the numeric values adopted in section 1002 of this act represent the translation of 2009-2010 state funding levels for the basic education act into the funding factors of the prototypical school funding formula, based on the expert advice and extensive work of the funding formula technical working group established by the legislature for this purpose. The legislature intends to continue to review and revise the formulas and may make revisions as necessary for technical purposes and consistency in the event of mathematical or other technical errors.

(2) The legislature intends that per-pupil basic education funding for a school district shall not be decreased as a result of the transition of basic education funding formulas in effect during the 2009-2011 biennium to the new funding formulas under RCW 28A.150.260 that take effect September 1, 2011.

(3) It is also the legislature's intent to adopt an implementation schedule for phasing-in additional education finance reforms and enhancements to the baseline funding levels of 2009-10 beginning in the 2011-12 school year for pupil transportation, class size allocations for grades kindergarten through three, full-day kindergarten, and allocations for maintenance, supplies, and operating costs.

(4) Finally, it is the legislature's intent to adjust the timelines for other working groups so that their expertise and advice can be received as soon as possible and to make technical adjustments to certain provisions of chapter 548, Laws of 2009.

**Sec. 1002.** RCW 28A.150.260 and 2009 c 548 s 106 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic

FIFTY SEVENTH DAY, MARCH 8, 2010

education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2) The distribution formula under this section shall be for allocation purposes only. Except as may be required under chapter 28A.155, 28A.165, 28A.180, or ((28A.155)) 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;

(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

((e)) (4)(a) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on ((a)) the following general education average class size ((as specified in the omnibus appropriations act.)) of full-time equivalent students per teacher:

General education average class size	
Grades K-3	25.23
Grade 4	27.00
Grades 5-6	27.00

Grades 7-8	28.53
Grades 9-12	28.74

(b) Beginning in the 2011-12 school year and beginning with schools with the highest percentage of students eligible for free and reduced-price meals in the prior school year, the general education average class size for grades K-3 shall be reduced until the average class size funded under this subsection (4) is no more than 17.0 full-time equivalent students per teacher beginning in the 2015-16 school year.

(c) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

Career and technical education average class size	
Approved career and technical education offered at the middle school and high school level	6.57
Skill center programs meeting the standards established by the office of the superintendent of public instruction	22.76

(d) In addition, the omnibus appropriations act shall at a minimum specify:

(i) ~~((Basic average class size; (ii) Basic))~~ A high-poverty average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals; and

~~((iii)) (ii) A specialty average class size for ((exploratory and preparatory career and technical education.))~~ laboratory science, advanced placement, and international baccalaureate courses ~~((; and (iv) Average class size in grades kindergarten through three)).~~

~~((4)) (5)~~ The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

((i) Principals, including assistant principals, and other certificated building-level administrators;

(ii) Teacher librarians, performing functions including information literacy, technology, and media to support school library media programs;

(iii) Student health services, a function that includes school nurses, whether certificated instructional or classified employee, and social workers;

(iv) Guidance counselors, performing functions including parent outreach and graduation advisor;

(v) Professional development coaches;

(vi) Teaching assistance, which includes any aspect of educational instructional services provided by classified employees;

(vii) Office support, technology support, and other noninstructional aides;

(viii) Custodians, warehouse, maintenance, laborer, and professional and technical education support employees; and

(ix) Classified staff providing student and staff safety.

(2) The excess cost allocation to school districts shall be based on the following:

(a) A district's annual average headcount enrollment of students ages birth through four and those five year olds not yet enrolled in kindergarten who are eligible for and enrolled in special education, multiplied by the district's base allocation per full-time equivalent student, multiplied by 1.15; and

(b) A district's annual average full-time equivalent basic education enrollment, multiplied by the district's funded enrollment percent, multiplied by the district's base allocation per full-time equivalent student, multiplied by 0.9309.

(3) As used in this section:

(a) "Base allocation" means the total state allocation to all schools in the district generated by the distribution formula under RCW 28A.150.260 ~~((3)(b), (e)(i), and (d), (4), and (8)) (4)(a) and (b), (5), (6), and (8), to be divided by the district's full-time equivalent enrollment.~~

(b) "Basic education enrollment" means enrollment of resident students including nonresident students enrolled under RCW 28A.225.225 and students from nonhigh districts enrolled under RCW 28A.225.210 and excluding students residing in another district enrolled as part of an interdistrict cooperative program under RCW 28A.225.250.

(d) "Funded enrollment percent" means the lesser of the district's actual enrollment percent or twelve and seven-tenths percent.

**Sec. 1004.** RCW 28A.150.315 and 2009 c 548 s 107 are each amended to read as follows:

(1) Beginning with the 2007-08 school year, funding for voluntary all-day kindergarten programs shall be phased-in beginning with schools with the highest poverty levels, defined as those schools with the highest percentages of students qualifying for free and reduced-price lunch support in the prior school year. Beginning with the 2011-12 school year, funding shall continue to be phased-in incrementally each year until full statewide implementation of all-day kindergarten is achieved in the 2017-18 school year. Once a school receives funding for the all-day kindergarten program, that school shall remain eligible for funding in subsequent school years regardless of changes in the school's percentage of students eligible for free and reduced-price lunches as long as other program requirements are fulfilled. Additionally, schools receiving all-day kindergarten program support shall agree to the following conditions:

(b) Provide a curriculum that offers a rich, varied set of experiences that assist students in:

(i) Developing initial skills in the academic areas of reading, mathematics, and writing;

(ii) Developing a variety of communication skills;

(iii) Providing experiences in science, social studies, arts, health and physical education, and a world language other than English;

(e) Participate in kindergarten program readiness activities with early learning providers and parents.

(2) Subject to funds appropriated for this purpose, the superintendent of public instruction shall designate one or more school districts to serve as resources and examples of best practices in designing and operating a high-quality all-day kindergarten program. Designated school districts shall serve as lighthouse programs and provide technical assistance to other school districts in the initial stages of implementing an all-day kindergarten program. Examples of topics addressed by the technical assistance include strategic planning, developing the instructional program and curriculum, working with early learning providers to identify students and communicate with parents, and developing kindergarten program readiness activities.

**Sec. 1005.** 2009 c 548 s 112 (uncodified) is amended to read as follows:

(1) The legislature intends to continue to redefine the instructional program of education under RCW 28A.150.220 that fulfills the obligations and requirements of Article IX of the state Constitution. The funding formulas under RCW 28A.150.260 to support the instructional program shall be implemented to the extent the technical details of the formula have been established and according to an implementation schedule to be adopted by the legislature. The object of the schedule is to assure that any increases in funding allocations are timely, predictable, and occur concurrently with any increases in program or instructional requirements. It is the intent of the legislature that no increased programmatic or instructional expectations be imposed upon schools or school districts without an accompanying increase in resources as necessary to support those increased expectations.

(2) The office of financial management, with assistance and support from the office of the superintendent of public instruction, shall convene a technical working group to:

(a) Develop the details of the funding formulas under RCW 28A.150.260;

(b) Recommend to the legislature an implementation schedule for phasing-in any increased program or instructional requirements concurrently with increases in funding for adoption by the legislature; and

(c) Examine possible sources of revenue to support increases in funding allocations and present options to the legislature and the quality education council created in (~~section 114 of this act~~) RCW 28A.290.010 for consideration.

(3) The working group shall include representatives of the legislative evaluation and accountability program committee, school district and educational service district financial managers, the Washington association of school business officers, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with expertise in education finance. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(4) The working group shall be monitored and overseen by the legislature and the quality education council established in (~~section 114 of this act~~) RCW 28A.290.010. The working group shall submit its recommendations to the legislature by December 1, 2009.

(5) After the 2009 report to the legislature, the office of financial management and the office of the superintendent of public instruction shall periodically reconvene the working group to monitor and provide advice on further development and implementation of the funding formulas under RCW 28A.150.260 and provide technical assistance to the ongoing work of the quality education council.

**Sec. 1006.** 2009 c 548 s 302 (uncodified) is amended to read as follows:

(1) Beginning (~~(July)~~) April 1, 2010, the office of financial management, with assistance and support from the office of the superintendent of public instruction, shall convene a technical working group to develop options for a new system of supplemental school funding through local school levies and local effort assistance.

(2) The working group shall consider the impact on overall school district revenues of the new basic education funding system established under (~~this act~~) chapter 548, Laws of 2009 and shall recommend a phase-in plan that ensures that no school district suffers a decrease in funding from one school year to the next due to implementation of the new system of supplemental funding.

(3) The working group shall also:

(a) Examine local school district capacity to address facility needs associated with phasing-in full-day kindergarten across the state and reducing class size in kindergarten through third grade; and

(b) Provide the quality education council with analysis on the potential use of local funds that may become available for redeployment and redirection as a result of increased state funding allocations for pupil transportation and maintenance, supplies, and operating costs.

(4) The working group shall be composed of representatives from the department of revenue, the legislative evaluation and accountability program committee, school district and educational service district financial managers, and representatives of the Washington association of school business officers, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with expertise in education finance. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(~~(4)~~) (5) The local funding working group shall be monitored and overseen by the legislature and by the quality education council created in (~~section 114 of this act~~) RCW 28A.290.010. The working group shall report to the legislature (~~(December 1)~~) June 30, 2011.

**Sec. 1007.** RCW 43.41.398 and 2009 c 548 s 601 are each amended to read as follows:

(1) The legislature recognizes that providing students with the opportunity to access a world-class educational system depends on our continuing ability to provide students with access to world-class educators. The legislature also understands that continuing to attract and retain the highest quality educators will require increased investments. The legislature intends to enhance the current salary allocation model and recognizes that changes to the current model cannot be imposed without great deliberation and input from teachers, administrators, and classified employees. Therefore, it is the intent of the legislature to begin the process of developing an enhanced salary allocation model that is collaboratively designed to ensure the rationality of any conclusions regarding what constitutes adequate compensation.

(2) Beginning July 1, 2011, the office of the superintendent of public instruction, in collaboration with the office of financial management, shall convene a technical working group to recommend the details of an enhanced salary allocation model that aligns state expectations for educator development and certification with the compensation system and establishes recommendations for a concurrent implementation schedule. In addition to any other details the technical working group deems necessary, the technical working group shall make recommendations on the following:

FIFTY SEVENTH DAY, MARCH 8, 2010

2010 REGULAR SESSION

(a) How to reduce the number of tiers within the existing salary allocation model;

(b) How to account for labor market adjustments;

(c) How to account for different geographic regions of the state where districts may encounter difficulty recruiting and retaining teachers;

(d) The role of and types of bonuses available;

(e) Ways to accomplish salary equalization over a set number of years; and

(f) Initial fiscal estimates for implementing the recommendations including a recognition that staff on the existing salary allocation model would have the option to grandfather in permanently to the existing schedule.

(3) As part of its work, the technical working group shall conduct or contract for a preliminary comparative labor market analysis of salaries and other compensation for school district employees to be conducted and shall include the results in any reports to the legislature. For the purposes of this subsection, "salaries and other compensation" includes average base salaries, average total salaries, average employee basic benefits, and retirement benefits.

(4) The analysis required under subsection (1) of this section must:

(a) Examine salaries and other compensation for teachers, other certificated instructional staff, principals, and other building-level certificated administrators, and the types of classified employees for whom salaries are allocated;

(b) Be calculated at a statewide level that identifies labor markets in Washington through the use of data from the United States bureau of the census and the bureau of labor statistics; and

(c) Include a comparison of salaries and other compensation to the appropriate labor market for at least the following subgroups of educators: Beginning teachers and types of educational staff associates.

(5) The working group shall include representatives of the department of personnel, the professional educator standards board, the office of the superintendent of public instruction, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with appropriate expertise in compensation related matters. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(6) The working group shall be monitored and overseen by the legislature and the quality education council created in RCW 28A.290.010. The working group shall make an initial report to the legislature by ~~((December 1))~~ June 30, 2012, and shall include in its report recommendations for whether additional further work of the group is necessary.

**Sec. 1008.** RCW 28A.160.192 and 2009 c 548 s 311 are each amended to read as follows:

(1) The superintendent of public instruction shall phase-in the implementation of the distribution formula under this chapter for allocating state funds to school districts for the transportation of students to and from school. The phase-in shall ~~((be according to the implementation schedule adopted by the legislature and shall))~~ begin no later than the ~~((2013-14))~~ 2011-12 school year and be fully implemented by the 2013-14 school year.

(a) The formula must be developed and revised on an ongoing basis using the major cost factors in student transportation, including basic and special student loads, school district land area, average distance to school, roadway miles, and number of locations served. Factors must include all those site characteristics that are statistically

significant after analysis of the data required by the revised reporting process.

(b) The formula must allocate funds to school districts based on the average predicted costs of transporting students to and from school, using a regression analysis.

(2) During the phase-in period, funding provided to school districts for student transportation operations shall be distributed on the following basis:

(a) Annually, each school district shall receive the lesser of the previous school year's pupil transportation operations allocation, or the total of allowable pupil transportation expenditures identified on the previous school year's final expenditure report to the state plus district indirect expenses using the state recovery rate identified by the superintendent; and

(b) Annually, any funds appropriated by the legislature in excess of the maintenance level funding amount for student transportation shall be distributed among school districts on a prorated basis using the difference between the amount identified in (a) of this subsection and the amount determined under the formula in RCW 28A.160.180.

~~((3))~~ The superintendent shall develop, implement, and provide a copy of the rules specifying the student transportation reporting requirements to the legislature and school districts no later than December 1, 2009.

(4) Beginning in December 2009, and continuing until December 2014, the superintendent shall provide quarterly updates and progress reports to the fiscal committees of the legislature on the implementation and testing of the distribution formula.))

NEW SECTION. Sec. 1009. A new section is added to chapter 28A.160 RCW to read as follows:

(1) The superintendent of public instruction shall develop, implement, and provide a copy of the rules specifying the student transportation reporting requirements to the legislature and school districts no later than December 1, 2010.

(2) Beginning in December 2010, and continuing until December 2014, the superintendent shall provide quarterly updates and progress reports to the fiscal committees of the legislature on the implementation and testing of the distribution formula.

(3) This section expires June 30, 2015.

**Sec. 1010.** RCW 28A.150.410 and 2007 c 403 s 1 are each amended to read as follows:

(1) The legislature shall establish for each school year in the appropriations act a statewide salary allocation schedule, for allocation purposes only, to be used to distribute funds for basic education certificated instructional staff salaries under RCW 28A.150.260. For the purposes of this section, the staff allocations for classroom teachers, teacher librarians, guidance counselors, and health and social services staff under RCW 28A.150.260 are considered allocations for certificated instructional staff.

(2) Salary allocations for state-funded basic education certificated instructional staff shall be calculated by the superintendent of public instruction by determining the district's average salary for certificated instructional staff, using the statewide salary allocation schedule and related documents, conditions, and limitations established by the omnibus appropriations act.

(3) Beginning January 1, 1992, no more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in the omnibus appropriations act, or any replacement schedules and documents, unless:

(a) The employee has a master's degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

FIFTY SEVENTH DAY, MARCH 8, 2010

2010 REGULAR SESSION

(4) Beginning in the 2007-08 school year, the calculation of years of service for occupational therapists, physical therapists, speech-language pathologists, audiologists, nurses, social workers, counselors, and psychologists regulated under Title 18 RCW may include experience in schools and other nonschool positions as occupational therapists, physical therapists, speech-language pathologists, audiologists, nurses, social workers, counselors, or psychologists. The calculation shall be that one year of service in a nonschool position counts as one year of service for purposes of this chapter, up to a limit of two years of nonschool service. Nonschool years of service included in calculations under this subsection shall not be applied to service credit totals for purposes of any retirement benefit under chapter 41.32, 41.35, or 41.40 RCW, or any other state retirement system benefits.

**Sec. 1011.** RCW 28A.175.010 and 2005 c 207 s 3 are each amended to read as follows:

(1) For students enrolled in each of a school district's high school programs:

- (a) The number of students who graduate in fewer than four years;
- (b) The number of students who graduate in four years;
- (c) The number of students who remain in school for more than four years but who eventually graduate and the number of students who remain in school for more than four years but do not graduate;
- (d) The number of students who transfer to other schools;
- (e) The number of students in the ninth through twelfth grade who drop out of school over a four-year period; and

In developing rules, the superintendent of public instruction shall consult with school districts, including administrative and counseling personnel, with regard to the methods through which information is to be collected and reported.

(6) In reporting on the causes or reasons, or both, attributed to students for having dropped out of school, school building officials shall, to the extent reasonably practical, obtain such information directly from students. In lieu of obtaining such information directly from students, building principals and counselors shall identify the causes or reasons, or both, based on their professional judgment.

The office of the superintendent of public instruction shall implement and maintain an internet-based portal that provides ready public access to the state's prototypical school funding model for basic education under RCW 28A.150.260. The portal must provide citizens the opportunity to view, for each local school building, the staffing levels and other prototypical school funding elements that are assumed under the state funding formula. The portal must also provide a matrix displaying how individual school districts are deploying those same state resources through their allocation of staff and other resources to school buildings, so that citizens are able to compare the state assumptions to district allocation decisions for each local school building.

**Sec. 1013.** RCW 28A.150.100 and 1990 c 33 s 103 are each amended to read as follows:

#### POINT OF ORDER

Senator King: "I challenge the scope and object of the house amendment. In previous rulings the President has found that the body of the underlying bill is what determines the scope and object. When an amendment is placed on the bill by the House the President may review it to determine if the amendment is outside the scope and object of the bill when it passed the Senate. In this case, the amendatory language concerning the prototypical funding formula model found in part ten of the striking amendment passed by the House is neither within the scope nor the object of the underlying bill. Engrossed Second Substitute Senate Bill No. 6696 as it passed the Senate had the purpose of implementing changes necessary to make Washington State more competitive for federal 'Race to the Top' grant funds. It focused on the substantive policy changes needed to help directly impact and improve student learning in the class room and in areas that would help earn Washington State points on its grant application. The Senate bill as it left Senate did not in any way have a purpose of furthering the technical implementation requirements for the funding formula adopted last year in House Bill No. 2261. Separate legislation was introduced this session to deal with that issue and those bills continue to work their way through the legislative process. In terms of scope of the bill that passed the Senate, it is true that the bill addressed many aspects of Washington's educational system. However, each subject in the underlying bill is directly tied to improving student learning in our classrooms by focusing on teacher evaluations, new accountability procedures to help turn around struggling schools, increasing parent involvement in the classroom and creating new standards on which are curriculum will be based. Part ten sections through 10..."

#### REMARKS BY THE PRESIDENT

President Owen: "Senator King, the President's going to have to stop you. The President allows for brief explanation on each. I think you've laid the ground work and you've got it written out there and we'll read it. Thank you."

#### MOTION

On motion of Senator Eide, further consideration of Engrossed Second Substitute Senate Bill No. 6696 was deferred and the bill held its place on the calendar.

#### INTRODUCTION OF SPECIAL GUESTS

The President welcomed and introduced the Mayor of Itamar, Israel, The Honorable Moshe Goldsmith and wife Lea Goldsmith accompanied by Tani Zarelli, wife of Senator Zarelli, who were seated in the gallery.

#### MOTION

On motion of Senator Marr, Senators Brown and Hargrove were excused.

#### MESSAGE FROM THE HOUSE

March 2, 2010

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6392 with the following amendment(s): 6392-S.E AMH ENGR H5374.E,

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature recognizes that during the 2009 legislative session tolling was authorized on the state route number 520 corridor. As such, it is the intent of the legislature that tolling commences in the spring of 2011 on the existing state route number 520 bridge.

The legislature further recognizes that tolling of the state route number 520 corridor is integrally related to the issuance of a final project design resulting from the supplemental draft environmental impact statement for the state route number 520 bridge replacement and HOV program released in January 2010. It is the intent of the legislature that the department of transportation work with affected neighborhoods and local governments, including the mayor of the city of Seattle and the Seattle city council, to refine the preferred alternative design in the supplemental draft environmental impact statement so that the final design of the state route number 520 bridge replacement and HOV program will, to the extent required by state and federal law, include reasonable assurance that project impacts will be mitigated as much as practicable to protect against further adverse impacts on neighborhood environmental quality. Within the cost constraints identified in section 1, chapter 472, Laws of 2009, and consistent with an opening date to vehicular traffic of 2014, it is further the intent of the legislature that any final design of the state route number 520 bridge replacement and HOV program accommodate effective connections for transit, including high capacity transit, including, but not limited to, effective connections for transit to the university link light rail line, consistent with the requirements of RCW 47.01.408, and ensure the effective, efficient, and feasible coordination of bus services and light rail services throughout the state route number 520 corridor, consistent with the requirements of RCW 47.01.410. The legislature further intends that any cost savings applicable to the state route number 520 bridge replacement and HOV program stay within the program.

**Sec. 2.** RCW 47.56.870 and 2009 c 472 s 2 are each amended to read as follows:

(1) The initial imposition of tolls on the state route number 520 corridor is authorized, the state route number 520 corridor is designated an eligible toll facility, and toll revenue generated in the corridor must only be expended as allowed under RCW 47.56.820.

(2) The state route number 520 corridor consists of that portion of state route number 520 between the junctions of Interstate 5 and state route number 202. The toll imposed by this section shall be charged only for travel on the floating bridge portion of the state route number 520 corridor.

(3)(a) In setting the toll rates for the corridor pursuant to RCW 47.56.850, the tolling authority shall set a variable schedule of toll rates to maintain travel time, speed, and reliability on the corridor

FIFTY SEVENTH DAY, MARCH 8, 2010

and generate the necessary revenue as required under (b) of this subsection.

(b) The tolling authority shall initially set the variable schedule of toll rates, which the tolling authority may adjust at least annually to reflect inflation as measured by the consumer price index or as necessary to meet the redemption of bonds and interest payments on the bonds, to generate revenue sufficient to provide for:

(i) The issuance of general obligation bonds, authorized in RCW 47.10.879, first payable from toll revenue and then excise taxes on motor vehicle and special fuels pledged for the payment of those bonds in the amount necessary to fund the ~~((replacement state route number 520 floating bridge and necessary landings))~~ state route number 520 bridge replacement and HOV program, subject to subsection (4) of this section; and

(ii) Costs associated with the project designated in subsection (4) of this section that are eligible under RCW 47.56.820.

(4)(a) The proceeds of the bonds designated in subsection (3)(b)(i) of this section, ~~((which together with other appropriated and identified state and federal funds is sufficient to pay for the replacement of the floating bridge segment and necessary landings of state route number 520,))~~ must be used only to fund the ~~((construction of the replacement state route number 520 floating bridge and necessary landings))~~ state route number 520 bridge replacement and HOV program; however, two hundred million dollars of bond proceeds, in excess of the proceeds necessary to complete the floating bridge segment and necessary landings, must be used only to fund the state route number 520, Interstate 5 to Medina bridge replacement and HOV project segment of the program, as identified in applicable environmental impact statements, and may be used to fund effective connections for high occupancy vehicles and transit for state route number 520, but only to the extent those connections benefit or improve the operation of state route number 520.

(b) The program must include the following elements within the cost constraints identified in section 1, chapter 472, Laws of 2009, consistent with the legislature's intent that cost savings applicable to the program stay within the program and that the bridge open to vehicular traffic in 2014:

(i) A project design, consistent with RCW 47.01.408, that includes high occupancy vehicle lanes with a minimum carpool occupancy requirement of three-plus persons on state route number 520;

(ii) High occupancy vehicle lane performance standards for the state route number 520 corridor established by the department. The department shall report to the transportation committees of the legislature when average transit speeds in the two lanes that are for high occupancy vehicle travel fall below forty-five miles per hour at least ten percent of the time during peak hours;

(iii) A work group convened by the mayor and city council of the city of Seattle to include sound transit, King county metro, the Seattle department of transportation, the department, the University of Washington, and other persons or organizations as designated by the mayor or city council to study and make recommendations of alternative connections for transit, including bus routes and high capacity transit, to the university link light rail line. The work group must consider such techniques as grade separation, additional stations, and pedestrian lids to effect these connections. The recommendations must be alternatives to the transit connections identified in the supplemental draft environmental impact statement for the state route number 520 bridge replacement and HOV program released in January 2010, and must meet the requirements under RCW 47.01.408, including accommodating effective connections for transit. The recommendations must be within the scope of the supplemental draft environmental impact statement. For the purposes of this section, "effective connections for transit"

2010 REGULAR SESSION

means a connection that connects transit stops, including high capacity transit stops, that serve the state route number 520/Montlake interchange vicinity to the university link light rail line, with a connection distance of less than one thousand two hundred feet between the stops and the light rail station. The city of Seattle shall submit the recommendations by October 1, 2010, to the governor and the transportation committees of the legislature. However, if the city of Seattle does not convene the work group required under this subsection before July 1, 2010, or does not submit recommendations to the governor and the transportation committees of the legislature by October 1, 2010, the department must convene the work group required under this subsection and meet all the requirements of this subsection that are described as requirements of the city of Seattle by November 30, 2010;

(iv) A work group convened by the department to include sound transit and King county metro to study and make recommendations regarding options for planning and financing high capacity transit through the state route number 520 corridor. The department shall submit the recommendations by January 1, 2011, to the governor and the transportation committees of the legislature;

(v) A plan to address mitigation as a result of the state route number 520 bridge replacement and HOV program at the Washington park arboretum. As part of its process, the department shall consult with the governing board of the Washington park arboretum, the Seattle city council and mayor, and the University of Washington to identify all mitigation required by state and federal law resulting from the state route number 520 bridge replacement and HOV program's impact on the arboretum, and to develop a project mitigation plan to address these impacts. The department shall submit the mitigation plan by December 31, 2010, to the governor and the transportation committees of the legislature. Wetland mitigation required by state and federal law as a result of the state route number 520 bridge replacement and HOV program's impacts on the arboretum must, to the greatest extent practicable, include on-site wetland mitigation at the Washington park arboretum, and must enhance the Washington park arboretum. This subsection (4)(b)(v) does not preclude any other mitigation planned for the Washington park arboretum as a result of the state route number 520 bridge replacement and HOV program;

(vi) A work group convened by the department to include the mayor of the city of Seattle, the Seattle city council, the Seattle department of transportation, and other persons or organizations as designated by the Seattle city council and mayor to study and make recommendations regarding design refinements to the preferred alternative selected by the department in the supplemental draft environmental impact statement process for the state route number 520 bridge replacement and HOV program. To accommodate a timely progression of the state route number 520 bridge replacement and HOV program, the design refinements recommended by the work group must be consistent with the current environmental documents prepared by the department for the supplemental draft environmental impact statement. The department shall submit the recommendations to the legislature and governor by December 31, 2010, and the recommendations must inform the final environmental impact statement prepared by the department; and

(vii) An account, created in section 5 of this act, into which civil penalties generated from the nonpayment of tolls on the state route number 520 corridor are deposited to be used to fund any project within the program, including mitigation. However, this subsection (4)(b)(vii) is contingent on the enactment by June 30, 2010, of either chapter . . . (Engrossed Substitute Senate Bill No. 6499), Laws of 2010 or chapter . . . (Substitute House Bill No. 2897), Laws of 2010, but if the enacted bill does not designate the department as the toll penalty adjudicating agency, this subsection (4)(b)(vii) is null and void.

FIFTY SEVENTH DAY, MARCH 8, 2010

2010 REGULAR SESSION

(5) The department may carry out the ~~((construction and))~~ improvements designated in subsection (4) of this section and administer the tolling program on the state route number 520 corridor.

**Sec. 3.** RCW 47.01.408 and 2008 c 270 s 2 are each amended to read as follows:

(1) The state route number 520 bridge replacement and HOV project shall be designed to provide six total lanes, with two lanes that are for transit and high-occupancy vehicle travel, and four general purpose lanes.

(2) The state route number 520 bridge replacement and HOV project shall be designed to accommodate effective connections for transit, including high capacity transit, to the light rail station at the University of Washington.

(3) The state route number 520 bridge replacement and HOV project shall be designed to provide a total height from the water to the top of the bridge rail on the floating bridge portion of the project of no more than twenty feet if any portion of the project is funded by revenue generated from tolling the state route number 520 corridor.

**Sec. 4.** RCW 47.56.875 and 2009 c 472 s 4 are each amended to read as follows:

A special account to be known as the state route number 520 corridor account is created in the state treasury.

(1) Deposits to the account must include:

(a) All proceeds of bonds issued for ~~((construction of the replacement state route number 520 floating bridge and necessary landings))~~ the state route number 520 bridge replacement and HOV program, including any capitalized interest;

(b) ~~Except as provided in RCW 47.56.870(4)(b)(vii),~~ all of the tolls and other revenues received from the operation of the state route number 520 corridor as a toll facility, to be deposited at least monthly;

(c) Any interest that may be earned from the deposit or investment of those revenues;

(d) Notwithstanding RCW 47.12.063, proceeds from the sale of any surplus real property acquired for the ~~((purpose of building the replacement state route number 520 floating bridge and necessary landings))~~ state route number 520 bridge replacement and HOV program; and

(e) All damages, liquidated or otherwise, collected under any contract involving the ~~((construction of the replacement state route number 520 floating bridge and necessary landings))~~ state route number 520 bridge replacement and HOV program.

(2) Subject to the covenants made by the state in the bond proceedings authorizing the issuance and sale of bonds for the ~~((replacement state route number 520 floating bridge and necessary landings))~~ state route number 520 bridge replacement and HOV program, toll charges, other revenues, and interest received from the operation of the state route number 520 corridor as a toll facility may be used to:

(a) Pay any required costs allowed under RCW 47.56.820; and

(b) Repay amounts to the motor vehicle fund as required.

(3) When repaying the motor vehicle fund, the state treasurer shall transfer funds from the state route number 520 corridor account to the motor vehicle fund on or before each debt service date for bonds issued for the ~~((replacement state route number 520 floating bridge project and necessary landings))~~ state route number 520 bridge replacement and HOV program in an amount sufficient to repay the motor vehicle fund for amounts transferred from that fund to the highway bond retirement fund to provide for any bond principal and interest due on that date. The state treasurer may establish subaccounts for the purpose of segregating toll charges, bond sale proceeds, and other revenues.

**NEW SECTION. Sec. 5.** A new section is added to chapter 47.56 RCW to read as follows:

(1) A special account to be known as the state route number 520 civil penalties account is created in the state treasury. All state route number 520 bridge replacement and HOV program civil penalties generated from the nonpayment of tolls on the state route number 520 corridor must be deposited into the account, as provided under RCW 47.56.870(4)(b)(vii). Moneys in the account may be spent only after appropriation. Expenditures from the account may be used to fund any project within the state route number 520 bridge replacement and HOV program, including mitigation.

(2) This section is contingent on the enactment by June 30, 2010, of either chapter . . . (Engrossed Substitute Senate Bill No. 6499), Laws of 2010 or chapter . . . (Substitute House Bill No. 2897), Laws of 2010, but if the enacted bill does not designate the department as the toll penalty adjudicating agency, this section is null and void.

**Sec. 6.** RCW 43.84.092 and 2009 c 479 s 31, 2009 c 472 s 5, and 2009 c 451 s 8 are each reenacted and amended to read as follows:

(2) The treasury income account shall be utilized to pay or receive funds associated with federal programs as required by the federal cash management improvement act of 1990. The treasury income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for refunds or allocations of interest earnings required by the cash management improvement act. Refunds of interest to the federal treasury required under the cash management improvement act fall under RCW 43.88.180 and shall not require appropriation. The office of financial management shall determine the amounts due to or from the federal government pursuant to the cash management improvement act. ## RULING BY THE PRESIDENT

President Owen: "In ruling on the Point of Order raised by Senator King as to whether the House amendments to Engrossed Second Substitute Senate Bill 6696 fit within the scope and object of the underlying bill, the President finds and rules as follows:

The underlying bill as it left the Senate made a number of substantive policy changes to education statutes, but it is fair to characterize them as all relating to making our state more competitive for federal 'Race to the Top' funds. By contrast, the House amendments include a number of changes having little connection to the 'Race to the Top' program, such as adjusting the formula by which state money is allocated to school districts. Whatever the merits of these changes, the House amendments impermissibly broaden the subject matter of the bill.

For these reasons, the President finds that the House amendments are beyond the scope and object of the committee amendment, and Senator King's point is well-taken."

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6724 with the following amendment(s): 6724-S.E AMH WAYS H5479.1,

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 41.04.665 and 2008 c 36 s 3 are each amended to read as follows:

(1) An agency head may permit an employee to receive leave under this section if:

(a)(i) The employee suffers from, or has a relative or household member suffering from, an illness, injury, impairment, or physical or mental condition which is of an extraordinary or severe nature;

(ii) The employee has been called to service in the uniformed services;

(iii) A state of emergency has been declared anywhere within the United States by the federal or any state government and the employee has needed skills to assist in responding to the emergency or its aftermath and volunteers his or her services to either a governmental agency or to a nonprofit organization engaged in humanitarian relief in the devastated area, and the governmental agency or nonprofit organization accepts the employee's offer of volunteer services; or

(iv) The employee is a victim of domestic violence, sexual assault, or stalking;

(b) The illness, injury, impairment, condition, call to service, emergency volunteer service, or consequence of domestic violence, sexual assault, or stalking has caused, or is likely to cause, the employee to:

(i) Go on leave without pay status; or

(ii) Terminate state employment;

(c) The employee's absence and the use of shared leave are justified;

(d) The employee has depleted or will shortly deplete his or her:

(i) Annual leave and sick leave reserves if he or she qualifies under (a)(i) of this subsection;

(ii) Annual leave and paid military leave allowed under RCW 38.40.060 if he or she qualifies under (a)(ii) of this subsection; or

(iii) Annual leave if he or she qualifies under (a)(iii) or (iv) of this subsection;

(e) The employee has abided by agency rules regarding:

(2) The agency head shall determine the amount of leave, if any, which an employee may receive under this section. However, an employee shall not receive a total of more than ~~((two hundred sixty one))~~ five hundred twenty-two days of leave, except that, a supervisor may authorize leave in excess of five hundred twenty-two days in extraordinary circumstances for an employee qualifying for the shared leave program because he or she is suffering from an illness, injury, impairment, or physical or mental condition which is of an extraordinary or severe nature. Shared leave received under the uniformed service shared leave pool in RCW 41.04.685 is not included in this total.

(3) An employee may transfer annual leave, sick leave, and his or her personal holiday, as follows:

(a) An employee who has an accrued annual leave balance of more than ten days may request that the head of the agency for which the employee works transfer a specified amount of annual leave to another employee authorized to receive leave under subsection (1) of this section. For purposes of this subsection (3)(a), annual leave does not accrue if the employee receives compensation in lieu of accumulating a balance of annual leave.

(b) An employee may transfer a specified amount of sick leave to an employee requesting shared leave only when the donating employee retains a minimum of one hundred seventy-six hours of sick leave after the transfer.

(c) An employee may transfer, under the provisions of this section relating to the transfer of leave, all or part of his or her personal holiday, as that term is defined under RCW 1.16.050, or as such holidays are provided to employees by agreement with a school district's board of directors if the leave transferred under this subsection does not exceed the amount of time provided for personal holidays under RCW 1.16.050.

(b) In the case of leave transferred by an employee of one agency to an employee of another agency, the agencies involved shall arrange for the transfer of funds and credit for the appropriate value of leave.

(i) Pursuant to rules adopted by the office of financial management, funds shall not be transferred under this section if the transfer would violate any constitutional or statutory restrictions on the funds being transferred.

(ii) The office of financial management may adjust the appropriation authority of an agency receiving funds under this section only if and to the extent that the agency's existing appropriation authority would prevent it from expending the funds received.

(iii) Where any questions arise in the transfer of funds or the adjustment of appropriation authority, the director of financial management shall determine the appropriate transfer or adjustment.

(8) Leave transferred under this section shall not be used in any calculation to determine an agency's allocation of full time equivalent staff positions.

(9) The value of any leave transferred under this section which remains unused shall be returned at its original value to the employee or employees who transferred the leave when the agency head finds that the leave is no longer needed or will not be needed at a future time in connection with the illness or injury for which the leave was transferred or for any other qualifying condition. Before the agency head makes a determination to return unused leave in connection with an illness or injury, or any other qualifying condition, he or she must receive from the affected employee a statement from the employee's doctor verifying that the illness or injury is resolved. To the extent administratively feasible, the value of unused leave which was transferred by more than one employee shall be returned on a pro rata basis.

(10) An employee who uses leave that is transferred to him or her under this section may not be required to repay the value of the leave that he or she used.

(11) The director of personnel may adopt rules as necessary to implement subsection (2)(a) through (c) of this section.

And that had to do with statistics on electrical safety concerns. So, at a national level an estimated twenty-eight thousand three hundred residential building electrical fires occur annually and cause three-hundred sixty civilian deaths, one thousand civilian injuries and nine hundred ninety-five million dollars in direct loss accordingly to the United States Fire Administration. Contact with an electrical current is the fourth leading cause of deaths of construction workers according to the American Journal of Industrial Medicine and four hundred eleven people died from electrocutions in the United States in 2000 according to United States Consumer Protect Safety. So, I just wanted to provide that information."

All board members must be appointed by the governor, two each residing respectively in the central Puget Sound, eastern Washington, and western Washington regions and shall continue to meet the qualifications set out in RCW 36.70A.260. The reduction from seven board members to six board members must be made through attrition, voluntary resignation, or retirement.

Each growth management hearings board shall be governed by the following rules on conduct and procedure:

The governor shall transmit such written charges to the member accused and the chief justice of the supreme court. The chief justice shall thereupon designate a tribunal composed of three judges of the superior court to hear and adjudicate the charges. Removal of any member of a board by the tribunal shall disqualify such member for reappointment.

(2) Each board member shall receive reimbursement for travel expenses incurred in the discharge of his or her duties in accordance with RCW 43.03.050 and 43.03.060. If it is determined that the review boards shall operate on a full-time basis, each member shall receive an annual salary to be determined by the governor pursuant to RCW 43.03.040. If it is determined that a review board shall operate on a part-time basis, each member shall receive compensation pursuant to RCW 43.03.250, provided such amount shall not exceed the amount that would be set if they were a full-time board member. The principal office of each board shall be located by the governor within the jurisdictional boundaries of each board. Such hearing examiners must have demonstrated knowledge of land use planning and law. The boards shall specify in their joint rules of practice and procedure, as required by subsection (7) of this section, the procedure and criteria to be employed for designating hearing examiners as a presiding officer. Hearing examiners ~~((selected))~~ used by a board shall meet the requirements of subsection (3) of this section. (6) Each board shall make findings of fact and prepare a written decision in each case decided by it, and such findings and decision shall be effective upon being signed by two or more members of the board and upon being filed at the board's principal office, and shall be open for public inspection at all reasonable times.

(7) All proceedings before the board, any of its members, or a hearing examiner appointed by the board shall be conducted in accordance with such administrative rules of practice and procedure as the boards jointly prescribe. All three boards shall jointly meet to develop and adopt joint rules of practice and procedure, including rules regarding expeditious and summary disposition of appeals. (8) A board member or hearing examiner is subject to disqualification under chapter 34.05 RCW. The joint rules of practice of the boards shall establish procedures by which a party to a hearing conducted before the board may file with the board a motion to disqualify, with supporting affidavit, against a board member or hearing examiner assigned to preside at the hearing.

(9) The members of the boards shall meet jointly on at least an annual basis with the objective of sharing information that promotes the goals and purposes of this chapter.

A final draft plan shall be deemed approved if the department does not disapprove it within forty-five days of receipt.

(3) If the department disapproves a plan or any plan amendments, the submitting entity may appeal the decision ~~((under the procedures of Part IV of chapter 34.05 RCW. An administrative law judge shall preside over the appeal))~~ to the pollution control hearings board as provided in RCW 43.21B.230. General notice of the commissioner's order shall be published in a newspaper of general circulation in each county within the area covered by the order and on the department's web site. The order shall specify the boundaries of the area affected, including federal and tribal lands, the forest stand conditions that would make a parcel subject to the provisions of the order, and the actions landowners or land managers should take to reduce the hazard.

(24) "Unconfined channel migration zone" means the area within which the active channel of an unconfined stream is prone to move and where the movement would result in a potential near-term loss of riparian forest adjacent to the stream. Sizeable islands with productive timber may exist within the zone.

(25) "Unconfined stream" means generally fifth order or larger waters that experience abrupt shifts in channel location, creating a complex floodplain characterized by extensive gravel bars, disturbance species of vegetation of variable age, numerous side channels, wall-based channels, oxbow lakes, and wetland complexes. 2010 REGULAR SESSION

(26) "Date of receipt" has the same meaning as defined in RCW 43.21B.001.

**Sec. 20.** RCW 76.09.050 and 2005 c 146 s 1003 are each amended to read as follows:

(1) The board shall establish by rule which forest practices shall be included within each of the following classes:

Class I: Minimal or specific forest practices that have no direct potential for damaging a public resource and that may be conducted without submitting an application or a notification except that when the regulating authority is transferred to a local governmental entity, those Class I forest practices that involve timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, are processed as Class IV forest practices, but are not subject to environmental review under chapter 43.21C RCW;

Class II: Forest practices which have a less than ordinary potential for damaging a public resource that may be conducted without submitting an application and may begin five calendar days, or such lesser time as the department may determine, after written notification by the operator, in the manner, content, and form as prescribed by the department, is received by the department. However, the work may not begin until all forest practice fees required under RCW 76.09.065 have been received by the department. Class II shall not include forest practices:

(a) On lands platted after January 1, 1960, as provided in chapter 58.17 RCW or on lands that have or are being converted to another use;

(b) Which require approvals under the provisions of the hydraulics act, RCW 77.55.021;

(c) Within "shorelines of the state" as defined in RCW 90.58.030;

(d) Excluded from Class II by the board; or

(e) Including timber harvesting or road construction within "urban growth areas," designated pursuant to chapter 36.70A RCW, which are Class IV;

Class III: Forest practices other than those contained in Class I, II, or IV. A Class III application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department;

Class IV: Forest practices other than those contained in Class I or II: (a) On lands platted after January 1, 1960, as provided in chapter 58.17 RCW, (b) on lands that have or are being converted to another use, (c) on lands which, pursuant to RCW 76.09.070 as now or hereafter amended, are not to be reforested because of the likelihood of future conversion to urban development, (d) involving timber harvesting or road construction on lands that are contained within "urban growth areas," designated pursuant to chapter 36.70A RCW, except where the forest landowner provides: (i) A written statement of intent signed by the forest landowner not to convert to a use other than commercial forest product operations for ten years, accompanied by either a written forest management plan acceptable to the department or documentation that the land is enrolled under the provisions of chapter 84.33 RCW; or (ii) a conversion option harvest plan approved by the local governmental entity and submitted to the department as part of the application, and/or (e) which have a potential for a substantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW. Such evaluation shall be made within ten days from the date the department receives the application: PROVIDED, That nothing herein shall be construed to prevent any local or regional governmental entity from

FIFTY SEVENTH DAY, MARCH 8, 2010

2010 REGULAR SESSION

determining that a detailed statement must be prepared for an action pursuant to a Class IV forest practice taken by that governmental entity concerning the land on which forest practices will be conducted. A Class IV application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application, unless the department determines that a detailed statement must be made, in which case the application must be approved or disapproved by the department within sixty calendar days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period. However, the applicant may not begin work on that forest practice until all forest practice fees required under RCW 76.09.065 have been received by the department.

Forest practices under Classes I, II, and III are exempt from the requirements for preparation of a detailed statement under the state environmental policy act.

(2) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, no Class II, Class III, or Class IV forest practice shall be commenced or continued after January 1, 1975, unless the department has received a notification with regard to a Class II forest practice or approved an application with regard to a Class III or Class IV forest practice containing all information required by RCW 76.09.060 as now or hereafter amended. However, in the event forest practices regulations necessary for the scheduled implementation of this chapter and RCW 90.48.420 have not been adopted in time to meet such schedules, the department shall have the authority to regulate forest practices and approve applications on such terms and conditions consistent with this chapter and RCW 90.48.420 and the purposes and policies of RCW 76.09.010 until applicable forest practices regulations are in effect.

(3) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, if a notification or application is delivered in person to the department by the operator or the operator's agent, the department shall immediately provide a dated receipt thereof. In all other cases, the department shall immediately mail a dated receipt to the operator.

(4) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, forest practices shall be conducted in accordance with the forest practices regulations, orders and directives as authorized by this chapter or the forest practices regulations, and the terms and conditions of any approved applications.

(5) Except for those forest practices being regulated by local governmental entities as provided elsewhere in this chapter, the department of natural resources shall notify the applicant in writing of either its approval of the application or its disapproval of the application and the specific manner in which the application fails to comply with the provisions of this section or with the forest practices regulations. Except as provided otherwise in this section, if the department fails to either approve or disapprove an application or any portion thereof within the applicable time limit, the application shall be deemed approved and the operation may be commenced: PROVIDED, That this provision shall not apply to applications which are neither approved nor disapproved pursuant to the provisions of subsection (7) of this section: PROVIDED, FURTHER, That if seasonal field conditions prevent the department from being able to properly evaluate the application, the department may issue an approval conditional upon further review within sixty days: PROVIDED, FURTHER, That the department shall have until April 1, 1975, to approve or disapprove an application involving forest practices allowed to continue to April 1, 1975, under the provisions of subsection (2) of this section. Upon receipt

of any notification or any satisfactorily completed application the department shall in any event no later than two business days after such receipt transmit a copy to the departments of ecology and fish and wildlife, and to the county, city, or town in whose jurisdiction the forest practice is to be commenced. Any comments by such agencies shall be directed to the department of natural resources.

(6) For those forest practices regulated by the board and the department, if the county, city, or town believes that an application is inconsistent with this chapter, the forest practices regulations, or any local authority consistent with RCW 76.09.240 as now or hereafter amended, it may so notify the department and the applicant, specifying its objections.

(7) For those forest practices regulated by the board and the department, the department shall not approve portions of applications to which a county, city, or town objects if:

(a) The department receives written notice from the county, city, or town of such objections within fourteen business days from the time of transmittal of the application to the county, city, or town, or one day before the department acts on the application, whichever is later; and

(b) The objections relate to lands either:

(i) Platted after January 1, 1960, as provided in chapter 58.17 RCW; or

(ii) On lands that have or are being converted to another use.

The department shall either disapprove those portions of such application or appeal the county, city, or town objections to the appeals board. If the objections related to subparagraphs (b)(i) and (ii) of this subsection are based on local authority consistent with RCW 76.09.240 as now or hereafter amended, the department shall disapprove the application until such time as the county, city, or town consents to its approval or such disapproval is reversed on appeal. The applicant shall be a party to all department appeals of county, city, or town objections. Unless the county, city, or town either consents or has waived its rights under this subsection, the department shall not approve portions of an application affecting such lands until the minimum time for county, city, or town objections has expired.

(8) For those forest practices regulated by the board and the department, in addition to any rights under the above paragraph, the county, city, or town may appeal any department approval of an application with respect to any lands within its jurisdiction. The appeals board may suspend the department's approval in whole or in part pending such appeal where there exists potential for immediate and material damage to a public resource.

(9) For those forest practices regulated by the board and the department, appeals under this section shall be made to the appeals board in the manner and time provided in ~~((RCW 76.09.220(8)))~~ section 24 of this act. In such appeals there shall be no presumption of correctness of either the county, city, or town or the department position.

(10) For those forest practices regulated by the board and the department, the department shall, within four business days notify the county, city, or town of all notifications, approvals, and disapprovals of an application affecting lands within the county, city, or town, except to the extent the county, city, or town has waived its right to such notice.

(11) For those forest practices regulated by the board and the department, a county, city, or town may waive in whole or in part its rights under this section, and may withdraw or modify any such waiver, at any time by written notice to the department.

(12) Notwithstanding subsections (2) through (5) of this section, forest practices applications or notifications are not required for exotic insect and disease control operations conducted in accordance with RCW 76.09.060(8) where eradication can reasonably be expected.

FIFTY SEVENTH DAY, MARCH 8, 2010

2010 REGULAR SESSION

**Sec. 21.** RCW 76.09.080 and 1989 c 175 s 163 are each amended to read as follows:

(1) The department shall have the authority to serve upon an operator a stop work order which shall be a final order of the department if:

- (a) There is any violation of the provisions of this chapter or the forest practices regulations; or
- (b) There is a deviation from the approved application; or
- (c) Immediate action is necessary to prevent continuation of or to avoid material damage to a public resource.

(2) The stop work order shall set forth:

- (a) The specific nature, extent, and time of the violation, deviation, damage, or potential damage;
- (b) An order to stop all work connected with the violation, deviation, damage, or potential damage;
- (c) The specific course of action needed to correct such violation or deviation or to prevent damage and to correct and/or compensate for damage to public resources which has resulted from any violation, unauthorized deviation, or willful or negligent disregard for potential damage to a public resource; and/or those courses of action necessary to prevent continuing damage to public resources where the damage is resulting from the forest practice activities but has not resulted from any violation, unauthorized deviation, or negligence; and

(d) The right of the operator to a hearing before the appeals board.

The department shall immediately file a copy of such order with the appeals board and mail a copy thereof to the timber owner and forest land owner at the addresses shown on the application. The operator, timber owner, or forest land owner may commence an appeal to the appeals board within ~~((fifteen))~~ thirty days ~~((after service upon))~~ from the date of receipt of the order by the operator. If such appeal is commenced, a hearing shall be held not more than twenty days after copies of the notice of appeal were filed with the appeals board. Such proceeding shall be an adjudicative proceeding within the meaning of chapter 34.05 RCW, the administrative procedure act. The operator shall comply with the order of the department immediately upon being served, but the appeals board if requested shall have authority to continue or discontinue in whole or in part the order of the department under such conditions as it may impose pending the outcome of the proceeding.

**Sec. 22.** RCW 76.09.090 and 1975 1st ex.s. c 200 s 6 are each amended to read as follows:

If a violation, a deviation, material damage or potential for material damage to a public resource has occurred and the department determines that a stop work order is unnecessary, then the department shall issue and serve upon the operator or land owner a notice, which shall clearly set forth:

(1)(a) The specific nature, extent, and time of failure to comply with the approved application; or identifying the damage or potential damage; and/or

(b) The relevant provisions of this chapter or of the forest practice regulations relating thereto;

(2) The right of the operator or land owner to a hearing before the department; and

(3) The specific course of action ordered by the department to be followed by the operator to correct such failure to comply and to prevent, correct and/or compensate for material damage to public resources which resulted from any violation, unauthorized deviation, or willful or negligent disregard for potential damage to a public resource; and/or those courses of action necessary to prevent continuing damage to public resources where the damage is resulting from the forest practice activities but has not resulted from any violation, unauthorized deviation, or negligence.

The department shall mail a copy thereof to the forest land owner and the timber owner at the addresses shown on the application, showing the date of service upon the operator. Such notice to comply shall become a final order of the department: **PROVIDED**, That no direct appeal to the appeals board will be allowed from such final order. Such operator shall undertake the course of action so ordered by the department unless, within fifteen days after the date of service of such notice to comply, the operator, forest land owner, or timber owner, shall request the department in writing to schedule a hearing. If so requested, the department shall schedule a hearing on a date not more than twenty days after receiving such request. Within ten days after such hearing, the department shall issue a final order either withdrawing its notice to comply or clearly setting forth the specific course of action to be followed by such operator. Such operator shall undertake the course of action so ordered by the department unless within thirty days after the date of receipt of such final order, the operator, forest land owner, or timber owner appeals such final order to the appeals board.

No person shall be under any obligation under this section to prevent, correct, or compensate for any damage to public resources which occurs more than one year after the date of completion of the forest practices operations involved exclusive of reforestation, unless such forest practices were not conducted in accordance with forest practices rules and regulations: **PROVIDED**, That this provision shall not relieve the forest land owner from any obligation to comply with forest practices rules and regulations pertaining to providing continuing road maintenance. No action to recover damages shall be taken under this section more than two years after the date the damage involved occurs.

**Sec. 23.** RCW 76.09.170 and 1999 sp.s. c 4 s 803 are each amended to read as follows:

(1) Every person who violates any provision of RCW 76.09.010 through 76.09.280 or of the forest practices rules, or who converts forest land to a use other than commercial timber operation within three years after completion of the forest practice without the consent of the county, city, or town, shall be subject to a penalty in an amount of not more than ten thousand dollars for every such violation. Each and every such violation shall be a separate and distinct offense. In case of a failure to comply with a stop work order, every day's continuance shall be a separate and distinct violation. Every person who through an act of commission or omission procures, aids or abets in the violation shall be considered to have violated the provisions of this section and shall be subject to the penalty in this section. No penalty shall be imposed under this section upon any governmental official, an employee of any governmental department, agency, or entity, or a member of any board or advisory committee created by this chapter for any act or omission in his or her duties in the administration of this chapter or of any rule adopted under this chapter.

(2) The department shall develop and recommend to the board a penalty schedule to determine the amount to be imposed under this section. The board shall adopt by rule, pursuant to chapter 34.05 RCW, such penalty schedule to be effective no later than January 1, 1994. The schedule shall be developed in consideration of the following:

(a) Previous violation history;

(b) Severity of the impact on public resources;

(c) Whether the violation of this chapter or its rules was intentional;

(d) Cooperation with the department;

(e) Repairability of the adverse effect from the violation; and

(f) The extent to which a penalty to be imposed on a forest landowner for a forest practice violation committed by another should be reduced because the owner was unaware of the violation

FIFTY SEVENTH DAY, MARCH 8, 2010

2010 REGULAR SESSION

and has not received substantial economic benefits from the violation.

(3) The penalty in this section shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the department describing the violation with reasonable particularity. Within fifteen days after the notice is received, the person incurring the penalty may apply in writing to the department for the remission or mitigation of such penalty. Upon receipt of the application, that department may remit or mitigate the penalty upon whatever terms that department in its discretion deems proper, provided the department deems such remission or mitigation to be in the best interests of carrying out the purposes of this chapter. The department shall have authority to ascertain the facts regarding all such applications in such reasonable manner and under such rule as it may deem proper.

(4) Any person incurring a penalty under this section may appeal the penalty to the ~~((forest practices))~~ appeals board. Such appeals shall be filed within thirty days ~~((of))~~ after the date of receipt of ~~((notice imposing any))~~ the penalty unless an application for remission or mitigation is made to the department. When such an application for remission or mitigation is made, such appeals shall be filed within thirty days of receipt of notice from the department setting forth the disposition of the application for remission or mitigation.

(5) The penalty imposed under this section shall become due and payable thirty days after receipt of a notice imposing the same unless application for remission or mitigation is made or an appeal is filed. When such an application for remission or mitigation is made, any penalty incurred under this section shall become due and payable thirty days after receipt of notice setting forth the disposition of such application unless an appeal is filed from such disposition. Whenever an appeal of the penalty incurred is filed, the penalty shall become due and payable only upon completion of all administrative and judicial review proceedings and the issuance of a final decision confirming the penalty in whole or in part.

(6) If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon the request of the department, shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty, interest, costs, and attorneys' fees. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action except as otherwise provided in this chapter ~~((provided))~~. In addition to or as an alternative to seeking enforcement of penalties in superior court, the department may bring an action in district court as provided in Title 3 RCW, to collect penalties, interest, costs, and attorneys' fees.

(7) Penalties imposed under this section for violations associated with a conversion to a use other than commercial timber operation shall be a lien upon the real property of the person assessed the penalty and the department may collect such amount in the same manner provided in chapter 60.04 RCW for mechanics' liens.

(8) Any person incurring a penalty imposed under this section is also responsible for the payment of all costs and attorneys' fees incurred in connection with the penalty and interest accruing on the unpaid penalty amount.

**NEW SECTION. Sec. 24.** A new section is added to chapter 76.09 RCW to read as follows:

A person aggrieved by the approval or disapproval of an application to conduct a forest practice or the approval or disapproval of any landscape plan or permit or watershed analysis may seek review from the appeals board by filing a request for the same within thirty days from the date of receipt of the decision.

Concurrently with the filing of any request for review with the appeals board as provided in this section, the requestor must file a copy of his or her request with the department and the attorney general. The attorney general may intervene to protect the public interest and ensure that the provisions of this chapter are complied with.

**Sec. 25.** RCW 76.09.310 and 1987 c 95 s 4 are each amended to read as follows:

(1) The department shall send a notice to all forest landowners, both public and private, within the geographic area selected for review, stating that the department intends to study the area as part of the hazard-reduction program.

(2) The department shall prepare a proposed plan for each geographic area studied. The department shall provide the proposed plan to affected landowners, Indian tribes, interested parties, and to the advisory committee, if established pursuant to RCW 76.09.305.

(3) Any aggrieved landowners, agencies, tribes, and other persons who object to any or all of the proposed hazard-reduction plan may, within thirty days of issuance of the plan, request the department in writing to schedule a conference. If so requested, the department shall schedule a conference on a date not more than thirty days after receiving such request.

(4) Within ten days after such a conference, the department shall either amend the proposed plan or respond in writing indicating why the objections were not incorporated into the plan.

(5) Within one hundred twenty days following the issuance of the proposed plan as provided in subsection (2) of this section, the department shall distribute a final hazard-reduction plan designating those sites for which hazard-reduction measures are recommended and those sites where no action is recommended. For each hazard-reduction measure recommended, a description of the work and cost estimate shall be provided.

(6) Any aggrieved landowners, agencies, tribes, and other persons are entitled to appeal the final hazard-reduction plan to the ~~((forest practices))~~ appeals board if, within thirty days of the issuance of the final plan, the party transmits a notice of appeal to the ~~((forest practices))~~ appeals board and to the department.

(7) A landowner's failure to object to the recommendations or to appeal the final hazard-reduction plan shall not be deemed an admission that the hazard-reduction recommendations are appropriate.

(8) The department shall provide a copy of the final hazard-reduction plan to the department of ecology and to each affected county.

(c) Complete plans and specifications for the proper protection of fish life; and

(d) Notice of compliance with any applicable requirements of the state environmental policy act, unless otherwise provided for in this chapter.

(3)(a) Protection of fish life is the only ground upon which approval of a permit may be denied or conditioned. Approval of a permit may not be unreasonably withheld or unreasonably conditioned. Except as provided in this subsection and subsections (8), (10), and (12) of this section, the department has forty-five calendar days upon receipt of a complete application to grant or deny approval of a permit. The forty-five day requirement is suspended if:

(i) After ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project;

(ii) The site is physically inaccessible for inspection;

(iii) The applicant requests a delay; or

(iv) The department is issuing a permit for a storm water discharge and is complying with the requirements of RCW 77.55.161(3)(b).

(b) Immediately upon determination that the forty-five day period is suspended, the department shall notify the applicant in writing of the reasons for the delay.

(c) The period of forty-five calendar days may be extended if the permit is part of a multiagency permit streamlining effort and all participating permitting agencies and the permit applicant agree to an extended timeline longer than forty-five calendar days.

(4) If the department denies approval of a permit, the department shall provide the applicant a written statement of the specific reasons why and how the proposed project would adversely affect fish life.

(a) Except as provided in (b) of this subsection, issuance, denial, conditioning, or modification of a permit shall be appealable to ((the department or)) the board ((as specified in RCW 77.55.301)) within thirty days from the date of receipt of the ((notice of)) decision as provided in RCW 43.21B.230.

(b) Issuance, denial, conditioning, or modification of a permit may be informally appealed to the department within thirty days from the date of receipt of the decision. Requests for informal appeals must be filed in the form and manner prescribed by the department by rule. A permit decision that has been informally appealed to the department is appealable to the board within thirty days from the date of receipt of the department's decision on the informal appeal.

(5)(a) The permittee must demonstrate substantial progress on construction of that portion of the project relating to the permit within two years of the date of issuance.

(b) Approval of a permit is valid for a period of up to five years from the date of issuance, except as provided in (c) of this subsection and in RCW 77.55.151.

(c) A permit remains in effect without need for periodic renewal for hydraulic projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. A permit for streambank stabilization projects to protect farm and agricultural land as defined in RCW 84.34.020 remains in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the permit.

(6) The department may, after consultation with the permittee, modify a permit due to changed conditions. The modification ((becomes effective unless appealed to the department or the board as specified in RCW 77.55.301 within thirty days from the notice of the proposed modification)) is appealable as provided in subsection (4) of this section. For hydraulic projects that divert water for agricultural irrigation or stock watering purposes, or when the

FIFTY SEVENTH DAY, MARCH 8, 2010

2010 REGULAR SESSION

hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the department to show that changed conditions warrant the modification in order to protect fish life.

(7) A permittee may request modification of a permit due to changed conditions. The request must be processed within forty-five calendar days of receipt of the written request. A decision by the department (~~(may be appealed to the board within thirty days of the notice of the decision))~~ is appealable as provided in subsection (4) of this section. For hydraulic projects that divert water for agricultural irrigation or stock watering purposes, or when the hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, the burden is on the permittee to show that changed conditions warrant the requested modification and that such a modification will not impair fish life.

(8)(a) The department, the county legislative authority, or the governor may declare and continue an emergency. If the county legislative authority declares an emergency under this subsection, it shall immediately notify the department. A declared state of emergency by the governor under RCW 43.06.010 shall constitute a declaration under this subsection.

(b) The department, through its authorized representatives, shall issue immediately, upon request, oral approval for a stream crossing, or work to remove any obstructions, repair existing structures, restore streambanks, protect fish life, or protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written permit prior to commencing work. Conditions of the emergency oral permit must be established by the department and reduced to writing within thirty days and complied with as provided for in this chapter.

(c) The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(9) All state and local agencies with authority under this chapter to issue permits or other authorizations in connection with emergency water withdrawals and facilities authorized under RCW 43.83B.410 shall expedite the processing of such permits or authorizations in keeping with the emergency nature of such requests and shall provide a decision to the applicant within fifteen calendar days of the date of application.

(10) The department or the county legislative authority may determine an imminent danger exists. The county legislative authority shall notify the department, in writing, if it determines that an imminent danger exists. In cases of imminent danger, the department shall issue an expedited written permit, upon request, for work to remove any obstructions, repair existing structures, restore banks, protect fish resources, or protect property. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

(11)(a) For any property, except for property located on a marine shoreline, that has experienced at least two consecutive years of flooding or erosion that has damaged or has threatened to damage a major structure, water supply system, septic system, or access to any road or highway, the county legislative authority may determine that a chronic danger exists. The county legislative authority shall notify the department, in writing, when it determines that a chronic danger exists. In cases of chronic danger, the department shall issue a permit, upon request, for work necessary to abate the chronic

danger by removing any obstructions, repairing existing structures, restoring banks, restoring road or highway access, protecting fish resources, or protecting property. Permit requests must be made and processed in accordance with subsections (2) and (3) of this section.

(b) Any projects proposed to address a chronic danger identified under (a) of this subsection that satisfies the project description identified in RCW 77.55.181(1)(a)(ii) are not subject to the provisions of the state environmental policy act, chapter 43.21C RCW. However, the project is subject to the review process established in RCW 77.55.181(3) as if it were a fish habitat improvement project.

(12) The department may issue an expedited written permit in those instances where normal permit processing would result in significant hardship for the applicant or unacceptable damage to the environment. Expedited permit requests require a complete written application as provided in subsection (2) of this section and must be issued within fifteen calendar days of the receipt of a complete written application. Approval of an expedited permit is valid for up to sixty days from the date of issuance. The department may not require the provisions of the state environmental policy act, chapter 43.21C RCW, to be met as a condition of issuing a permit under this subsection.

**Sec. 28.** RCW 77.55.141 and 2005 c 146 s 501 are each amended to read as follows:

(1) In order to protect the property of marine waterfront shoreline owners it is necessary to facilitate issuance of permits for bulkheads or rockwalls under certain conditions.

(2) The department shall issue a permit with or without conditions within forty-five days of receipt of a complete and accurate application which authorizes commencement of construction, replacement, or repair of a marine beach front protective bulkhead or rockwall for single-family type residences or property under the following conditions:

(a) The waterward face of a new bulkhead or rockwall shall be located only as far waterward as is necessary to excavate for footings or place base rock for the structure and under no conditions shall be located more than six feet waterward of the ordinary high water line;

(b) Any bulkhead or rockwall to replace or repair an existing bulkhead or rockwall shall be placed along the same alignment as the bulkhead or rockwall it is replacing. However, the replaced or repaired bulkhead or rockwall may be placed waterward of and directly abutting the existing structure only in cases where removal of the existing bulkhead or rockwall would result in environmental degradation or removal problems related to geological, engineering, or safety considerations; and

(c) Construction of a new bulkhead or rockwall, or replacement or repair of an existing bulkhead or rockwall waterward of the existing structure shall not result in the permanent loss of critical food fish or shellfish habitats; and

(d) Timing constraints shall be applied on a case-by-case basis for the protection of critical habitats, including but not limited to migration corridors, rearing and feeding areas, and spawning habitats, for the proper protection of fish life.

(3) Any bulkhead or rockwall construction, replacement, or repair not meeting the conditions in this section shall be processed under this chapter in the same manner as any other application.

(4) Any person aggrieved by the approval, denial, conditioning, or modification of a permit under this section may ~~((formally))~~ appeal the decision ((to the board pursuant to this chapter)) as provided in RCW 77.55.021(4).

**Sec. 29.** RCW 77.55.181 and 2005 c 146 s 505 are each amended to read as follows:

FIFTY SEVENTH DAY, MARCH 8, 2010

(1) In order to receive the permit review and approval process created in this section, a fish habitat enhancement project must meet the criteria under (a) and (b) of this subsection:

(a) A fish habitat enhancement project must be a project to accomplish one or more of the following tasks:

(i) Elimination of human-made fish passage barriers, including culvert repair and replacement;

(ii) Restoration of an eroded or unstable streambank employing the principle of bioengineering, including limited use of rock as a stabilization only at the toe of the bank, and with primary emphasis on using native vegetation to control the erosive forces of flowing water; or

(iii) Placement of woody debris or other instream structures that benefit naturally reproducing fish stocks.

The department shall develop size or scale threshold tests to determine if projects accomplishing any of these tasks should be evaluated under the process created in this section or under other project review and approval processes. A project proposal shall not be reviewed under the process created in this section if the department determines that the scale of the project raises concerns regarding public health and safety; and

(b) A fish habitat enhancement project must be approved in one of the following ways:

(i) By the department pursuant to chapter 77.95 or 77.100 RCW;

(ii) By the sponsor of a watershed restoration plan as provided in chapter 89.08 RCW;

(iii) By the department as a department-sponsored fish habitat enhancement or restoration project;

(iv) Through the review and approval process for the jobs for the environment program;

(v) Through the review and approval process for conservation district-sponsored projects, where the project complies with design standards established by the conservation commission through interagency agreement with the United States fish and wildlife service and the natural resource conservation service;

(vi) Through a formal grant program established by the legislature or the department for fish habitat enhancement or restoration; and

(vii) Through other formal review and approval processes established by the legislature.

(2) Fish habitat enhancement projects meeting the criteria of subsection (1) of this section are expected to result in beneficial impacts to the environment. Decisions pertaining to fish habitat enhancement projects meeting the criteria of subsection (1) of this section and being reviewed and approved according to the provisions of this section are not subject to the requirements of RCW 43.21C.030(2)(c).

(3)(a) A permit is required for projects that meet the criteria of subsection (1) of this section and are being reviewed and approved under this section. An applicant shall use a joint aquatic resource permit application form developed by the office of regulatory assistance to apply for approval under this chapter. On the same day, the applicant shall provide copies of the completed application form to the department and to each appropriate local government. Local governments shall accept the application as notice of the proposed project. The department shall provide a fifteen-day comment period during which it will receive comments regarding environmental impacts. Within forty-five days, the department shall either issue a permit, with or without conditions, deny approval, or make a determination that the review and approval process created by this section is not appropriate for the proposed project. The department shall base this determination on identification during the comment period of adverse impacts that cannot be mitigated by the conditioning of a permit. If the

department determines that the review and approval process created by this section is not appropriate for the proposed project, the department shall notify the applicant and the appropriate local governments of its determination. The applicant may reapply for approval of the project under other review and approval processes.

(b) Any person aggrieved by the approval, denial, conditioning, or modification of a permit under this section may ~~((formally))~~ appeal the decision ~~((to the board pursuant to the provisions of this chapter))~~ as provided in RCW 77.55.021(4).

(4) No local government may require permits or charge fees for fish habitat enhancement projects that meet the criteria of subsection (1) of this section and that are reviewed and approved according to the provisions of this section.

**Sec. 30.** RCW 77.55.241 and 2005 c 146 s 602 are each amended to read as follows:

(1) The legislature finds that the construction of hydraulic projects may require mitigation for the protection of fish life, and that the mitigation may be most cost-effective and provide the most benefit to the fish resource if the mitigation is allowed to be applied in locations that are off-site of the hydraulic project location. The department may approve off-site mitigation plans that are submitted by permit applicants.

(2) If a permit applicant proposes off-site mitigation and the department does not approve the permit or conditions the permit in such a manner as to render off-site mitigation unpracticable, the project proponent ~~((must be given the opportunity to submit the permit application to the board for approval))~~ may appeal the decision as provided in RCW 77.55.021(4).

**Sec. 31.** RCW 77.55.291 and 2005 c 146 s 701 are each amended to read as follows:

(1) The department may levy civil penalties of up to one hundred dollars per day for violation of any provisions of RCW 77.55.021. The penalty provided shall be imposed by notice in writing, either by certified mail or personal service to the person incurring the penalty, from the director or the director's designee describing the violation.

~~(2)(a) Except as provided in (b) of this subsection, any person incurring any penalty under this chapter may appeal the same under chapter 34.05 RCW to the ((director)) board. Appeals shall be filed within thirty days from the date of receipt of ((notice imposing any)) the penalty in accordance with RCW 43.21B.230.~~

(b) Issuance of a civil penalty may be informally appealed to the department within thirty days from the date of receipt of the penalty. Requests for informal appeal must be filed in the form and manner prescribed by the department by rule. A civil penalty that has been informally appealed to the department is appealable to the board within thirty days from the date of receipt of the department's decision on the informal appeal.

(3) The penalty imposed shall become due and payable thirty days after receipt of a notice imposing the penalty unless an appeal is filed. Whenever an appeal of any penalty incurred under this chapter is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part.

(4) If the amount of any penalty is not paid within thirty days after it becomes due and payable, the attorney general, upon the request of the director, shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action. All penalties recovered under this section shall be paid into the state's general fund.

**Sec. 32.** RCW 78.44.270 and 1993 c 518 s 35 are each amended to read as follows:

FIFTY SEVENTH DAY, MARCH 8, 2010

2010 REGULAR SESSION

((Appeals from)) Department determinations under this chapter ((shall be made as follows:

Appeals from department determinations made under this chapter shall be made under the provisions of the Administrative Procedure Act (chapter 34.05 RCW), and shall be considered an adjudicative proceeding within the meaning of the Administrative Procedure Act, chapter 34.05 RCW)) may be appealed to the pollution control hearings board as provided in RCW 43.21B.230. Only a person aggrieved within the meaning of RCW 34.05.530 has standing and can file an appeal.

**Sec. 33.** RCW 78.44.380 and 2007 c 192 s 3 are each amended to read as follows:

(1) The department may issue an order to stop all surface mining to any permit holder, miner, or other person who authorizes, directs, or conducts such activities without a valid surface mine reclamation permit. This order is effective upon issuance unless otherwise stated in the order. Administrative appeal of the order to stop work does not stay the stop work requirement. The department shall notify the local jurisdiction of record when a stop work order has been issued for operating without a valid reclamation permit.

(2) The department may issue an order to stop surface mining occurring outside of any permit area to a permit holder that does not have a legal right to occupy the affected area. This order is effective upon issuance unless otherwise stated in the order. An administrative appeal of the order to stop work does not stay the stop work requirement.

(3) Where a permit holder is conducting surface mining activities outside of its permit boundary, but within land that it has the right to occupy, the department may issue an order to stop surface mining or mining-related activities occurring outside of the authorized area after the permit holder fails to comply with a notice of correction. The notice of correction must specify the corrections necessary as per the violation and provide a reasonable time to do so. This order is effective upon issuance unless otherwise stated in the order. An administrative appeal of the order to stop work does not stay the stop work requirement.

(4) Stop work orders must be in writing, delivered by United States certified mail with return receipt requested, facsimile, or by hand to the permit holder of record. The order must state the facts supporting the violation, the law being violated, and the specific activities being stopped. Stop work orders must be signed by the state geologist or an assistant state geologist. The ((department)) pollution control hearings board shall proceed as quickly as feasible to complete any requested adjudicative proceedings unless the parties stipulate to an appeal timeline or the department's stop work order states that it is not effective until after the administrative review process. If the recipient appeals the order, the recipient may file a motion for stay with the presiding officer, which will be reviewed under ((preliminary injunction standards)) RCW 43.21B.320.

**Sec. 34.** RCW 79.100.120 and 2006 c 153 s 5 are each amended to read as follows:

(1) A person seeking to contest an authorized public entity's decision to take temporary possession or custody of a vessel under this chapter, or to contest the amount of reimbursement owed to an authorized public entity under this chapter, may request a hearing in accordance with this section.

(2)(a) If the contested decision or action was undertaken by a state agency, a written request for a hearing related to the decision or action must be filed with the ((aquatic resources division of the department)) pollution control hearings board and served on the state agency in accordance with RCW 43.21B.230 (2) and (3) within ((twenty)) thirty days of the date the authorized public entity acquires custody of the vessel under RCW 79.100.040, or if the vessel is redeemed before the authorized public entity acquires

custody, the date of redemption, or the right to a hearing is deemed waived and the vessel's owner is liable for any costs owed the authorized public entity. In the event of litigation, the prevailing party is entitled to reasonable attorneys' fees and costs.

(b) Upon receipt of a timely hearing request, the ((department)) pollution control hearings board shall proceed to hear and determine the validity of the decision to take the vessel into temporary possession or custody and the reasonableness of any towing, storage, or other charges permitted under this chapter. Within five business days after the request for a hearing is filed, the ((department)) pollution control hearings board shall notify the vessel owner requesting the hearing and the authorized public entity of the date, time, and location for the hearing. Unless the vessel is redeemed before the request for hearing is filed, the ((department)) pollution control hearings board shall set the hearing on a date that is within ten business days of the filing of the request for hearing. If the vessel is redeemed before the request for a hearing is filed, the ((department)) pollution control hearings board shall set the hearing on a date that is within sixty days of the filing of the request for hearing. A proceeding brought under this subsection may be heard by one member of the pollution control hearings board, whose decision is the final decision of the board.

(3)(a) If the contested decision or action was undertaken by a metropolitan park district, port district, city, town, or county, which has adopted rules or procedures for contesting decisions or actions pertaining to derelict or abandoned vessels, those rules or procedures must be followed in order to contest a decision to take temporary possession or custody of a vessel, or to contest the amount of reimbursement owed.

(b) If the metropolitan park district, port district, city, town, or county has not adopted rules or procedures for contesting decisions or actions pertaining to derelict or abandoned vessels, then a person requesting a hearing under this section must follow the procedure established in RCW 53.08.320(5) for contesting the decisions or actions of moorage facility operators.

**Sec. 35.** RCW 84.33.0775 and 1999 sp.s. c 5 s 1 are each amended to read as follows:

(1) A taxpayer is allowed a credit against the tax imposed under RCW 84.33.041 for timber harvested on and after January 1, 2000, under a forest practices notification filed or application approved under RCW 76.09.050 and subject to enhanced aquatic resources requirements.

(2)(a) For a person other than a small harvester who elects to calculate tax under RCW 84.33.074, the credit is equal to the stumpage value of timber harvested for sale or for commercial or industrial use multiplied by eight-tenths of one percent.

(b) For a small harvester who elects to calculate tax under RCW 84.33.074, the credit is equal to sixteen percent of the tax imposed under this chapter.

(c) The amount of credit claimed by a taxpayer under this section shall be reduced by the amount of any compensation received from the federal government for reduced timber harvest due to enhanced aquatic resource requirements. If the amount of compensation from the federal government exceeds the amount of credit available to a taxpayer in any reporting period, the excess shall be carried forward and applied against credits in future reporting periods. This subsection does not apply to small harvesters as defined in RCW 84.33.073.

(d) Refunds may not be given in place of credits. Credit may not be claimed in excess of tax owed. The department of revenue shall disallow any credits, used or unused, upon written notification from the department of natural resources of a final decision that timber for which credit was claimed was not harvested under a forest practices notification filed or application approved under

FIFTY SEVENTH DAY, MARCH 8, 2010

RCW 76.09.050 and subject to enhanced aquatic resources requirements.

(3) As used in this section, a forest (~~(practices)~~) practices notification or application is subject to enhanced aquatic resource requirements if it includes, in whole or in part, riparian area, wetland, or steep or unstable slope from which the operator is limited, by rule adopted under RCW 76.09.055, 34.05.090, 43.21C.250, and 76.09.370, or any federally approved habitat conservation plan or department of natural resources approved watershed analysis, from harvesting timber, or if a road is included within or adjacent to the area covered by such notification or application and the road is covered by a road maintenance plan approved by the department of natural resources under rules adopted under chapter 76.09 RCW, the forest practices act, or a federally approved habitat conservation plan.

(4) For forest practices notification or applications submitted after January 1, 2000, the department of natural resources shall indicate whether the notification or application is subject to enhanced aquatic resource requirements and, unless notified of a contrary determination by the (~~(forest practices appeals board)~~) pollution control hearings board, the department of revenue shall use such indication in determining the credit to be allowed against the tax assessed under RCW 84.33.041. The department of natural resources shall develop revisions to the form of the forest practices notifications and applications to provide a space for the applicant to indicate and the department of natural resources to confirm or not confirm, whether the notification or application is subject to enhanced aquatic resource requirements. For forest practices notifications or applications submitted before January 1, 2000, the applicant may submit the approved notification or application to the department of natural resources for confirmation that the notification or application is subject to enhanced aquatic resource requirements. Upon any such submission, the department of natural resources will within thirty days confirm or deny that the notification or application is subject to enhanced aquatic resource requirements and will forward separate evidence of each confirmation to the department of revenue. Unless notified of a contrary ruling by the (~~(forest practices appeals board)~~) pollution control hearings board, the department of revenue shall use the separate confirmations in determining the credit to be allowed against the tax assessed under RCW 84.33.041.

(5) A refusal by the department of natural resources to confirm that a notification or application is subject to enhanced aquatic resources requirements may be appealed to the (~~(forest practices appeals board under RCW 76.09.220)~~) pollution control hearings board.

(6) A person receiving approval of credit must keep records necessary for the department of revenue to verify eligibility under this section.

**Sec. 36.** RCW 90.58.140 and 1995 c 347 s 309 are each amended to read as follows:

(1) A development shall not be undertaken on the shorelines of the state unless it is consistent with the policy of this chapter and, after adoption or approval, as appropriate, the applicable guidelines, rules, or master program.

(2) A substantial development shall not be undertaken on shorelines of the state without first obtaining a permit from the government entity having administrative jurisdiction under this chapter.

A permit shall be granted:

(a) From June 1, 1971, until such time as an applicable master program has become effective, only when the development proposed is consistent with: (i) The policy of RCW 90.58.020; and (ii) after their adoption, the guidelines and rules of the department;

and (iii) so far as can be ascertained, the master program being developed for the area;

(b) After adoption or approval, as appropriate, by the department of an applicable master program, only when the development proposed is consistent with the applicable master program and this chapter.

(3) The local government shall establish a program, consistent with rules adopted by the department, for the administration and enforcement of the permit system provided in this section. The administration of the system so established shall be performed exclusively by the local government.

(4) Except as otherwise specifically provided in subsection (11) of this section, the local government shall require notification of the public of all applications for permits governed by any permit system established pursuant to subsection (3) of this section by ensuring that notice of the application is given by at least one of the following methods:

(a) Mailing of the notice to the latest recorded real property owners as shown by the records of the county assessor within at least three hundred feet of the boundary of the property upon which the substantial development is proposed;

(b) Posting of the notice in a conspicuous manner on the property upon which the project is to be constructed; or

(c) Any other manner deemed appropriate by local authorities to accomplish the objectives of reasonable notice to adjacent landowners and the public.

The notices shall include a statement that any person desiring to submit written comments concerning an application, or desiring to receive notification of the final decision concerning an application as expeditiously as possible after the issuance of the decision, may submit the comments or requests for decisions to the local government within thirty days of the last date the notice is to be published pursuant to this subsection. The local government shall forward, in a timely manner following the issuance of a decision, a copy of the decision to each person who submits a request for the decision.

If a hearing is to be held on an application, notices of such a hearing shall include a statement that any person may submit oral or written comments on an application at the hearing.

(5) The system shall include provisions to assure that construction pursuant to a permit will not begin or be authorized until twenty-one days from the date (~~(the permit decision was filed)~~) of receipt as provided in subsection (6) of this section; or until all review proceedings are terminated if the proceedings were initiated within twenty-one days from the date of (~~(filing)~~) receipt as defined in subsection (6) of this section except as follows:

(a) In the case of any permit issued to the state of Washington, department of transportation, for the construction and modification of SR 90 (I-90) on or adjacent to Lake Washington, the construction may begin after thirty days from the date of filing, and the permits are valid until December 31, 1995;

(b) Construction may be commenced no sooner than thirty days after the date of the appeal of the board's decision is filed if a permit is granted by the local government and (i) the granting of the permit is appealed to the shorelines hearings board within twenty-one days of the date of (~~(filing)~~) receipt, (ii) the hearings board approves the granting of the permit by the local government or approves a portion of the substantial development for which the local government issued the permit, and (iii) an appeal for judicial review of the hearings board decision is filed pursuant to chapter 34.05 RCW. The appellant may request, within ten days of the filing of the appeal with the court, a hearing before the court to determine whether construction pursuant to the permit approved by the hearings board or to a revised permit issued pursuant to the order of the hearings board should not commence. If, at the conclusion of the hearing,

FIFTY SEVENTH DAY, MARCH 8, 2010

2010 REGULAR SESSION

the court finds that construction pursuant to such a permit would involve a significant, irreversible damaging of the environment, the court shall prohibit the permittee from commencing the construction pursuant to the approved or revised permit until all review proceedings are final. Construction pursuant to a permit revised at the direction of the hearings board may begin only on that portion of the substantial development for which the local government had originally issued the permit, and construction pursuant to such a revised permit on other portions of the substantial development may not begin until after all review proceedings are terminated. In such a hearing before the court, the burden of proving whether the construction may involve significant irreversible damage to the environment and demonstrating whether such construction would or would not be appropriate is on the appellant;

(c) If the permit is for a substantial development meeting the requirements of subsection (11) of this section, construction pursuant to that permit may not begin or be authorized until twenty-one days from the date ~~((the permit decision was filed))~~ of receipt as provided in subsection (6) of this section.

If a permittee begins construction pursuant to subsections (a), (b), or (c) of this subsection, the construction is begun at the permittee's own risk. If, as a result of judicial review, the courts order the removal of any portion of the construction or the restoration of any portion of the environment involved or require the alteration of any portion of a substantial development constructed pursuant to a permit, the permittee is barred from recovering damages or costs involved in adhering to such requirements from the local government that granted the permit, the hearings board, or any appellant or intervener.

(6) Any decision on an application for a permit under the authority of this section, whether it is an approval or a denial, shall, concurrently with the transmittal of the ruling to the applicant, be ~~((filed with))~~ transmitted to the department and the attorney general. A petition for review of such a decision must be commenced within twenty-one days from the date of receipt of the decision. With regard to a permit other than a permit governed by subsection (10) of this section, "date of ~~((filing))~~ receipt" as used herein ~~((means))~~ refers to the date ~~((of actual receipt by the department))~~ that the applicant receives written notice from the department that the department has received the decision. With regard to a permit for a variance or a conditional use, "date of ~~((filing))~~ receipt" means the date a local government or applicant receives the written decision of the department rendered on the permit pursuant to subsection (10) of this section ~~((is transmitted by the department to the local government. (8) Any permit may, after a hearing with adequate notice to the permittee and the public, be rescinded by the issuing authority upon the finding that a permittee has not complied with conditions of a permit. If the department is of the opinion that noncompliance exists, the department shall provide written notice to the local government and the permittee. If the department is of the opinion that the noncompliance continues to exist thirty days after the date of the notice, and the local government has taken no action to rescind the permit, the department may petition the hearings board for a rescission of the permit upon written notice of the petition to the local government and the permittee if the request by the department

is made to the hearings board within fifteen days of the termination of the thirty-day notice to the local government.

(9) The holder of a certification from the governor pursuant to chapter 80.50 RCW shall not be required to obtain a permit under this section.

(10) Any permit for a variance or a conditional use by local government under approved master programs must be submitted to the department for its approval or disapproval.

The public hearing may be held by either the governing

2010 REGULAR SESSION

body of the sponsoring local government, or a committee of the governing body that includes at least a majority of the whole governing body.

(2) To create a revitalization area, a sponsoring local government must adopt an ordinance establishing the revitalization area that:

(b) Describes the boundaries of the revitalization area, subject to the limitations in RCW 39.104.050;

(e) Provides the date when the use of local property tax allocation revenues will commence and a list of the participating taxing districts (~~(that have not adopted an ordinance as described in RCW 39.104.060 to be removed as a participating taxing district)~~) and the regular property taxes that must be used to calculate property tax allocation revenues;

(f) Finds that all of the requirements in RCW 39.104.030 are met;

(h) Provides the anticipated date when the criteria for the sales and use tax in RCW 82.14.510 will be met and the anticipated date when the sales and use tax in RCW 82.14.510 will be imposed.

(3) The sponsoring local government must deliver a certified copy of the adopted ordinance to the county treasurer, county assessor, the governing body of each participating taxing authority and participating taxing district within which the revitalization area is located, and the department.

**Sec. 3.** RCW 39.104.050 and 2009 c 270 s 105 are each amended to read as follows:

The designation of a revitalization area is subject to the following limitations:

(1)(a) Except as provided in (b) of this subsection, no revitalization area may have within its geographic boundaries any part of a hospital benefit zone under chapter 39.100 RCW, any part of a revenue development area created under chapter 39.102 RCW, any part of an increment area under chapter 39.89 RCW, or any part of another revitalization area under this chapter;

(b) A revitalization area's boundaries may include all or a portion of an existing increment area if:

(i) The state of Washington has loaned money for environmental cleanup on such area in order to stimulate redevelopment of brownfields;

(ii) The environmental cleanup, for which the state's loans were intended, has been completed; and

(iii) The sponsoring local government determines the creation of the revitalization area is necessary for redevelopment and protecting the state's investment by increasing property tax revenue;

(2) A revitalization area is limited to contiguous tracts, lots, pieces, or parcels of land without the creation of islands of property not included in the revitalization area;

(3) The boundaries may not be drawn to purposely exclude parcels where economic growth is unlikely to occur;

(4) The public improvements financed through bonds issued under RCW 39.104.110 must be located in the revitalization area;

(5) A revitalization area cannot comprise an area containing more than twenty-five percent of the total assessed value of the

taxable real property within the boundaries of the sponsoring local government at the time the revitalization area is created;

(6) The boundaries of the revitalization area may not be changed for the time period that local property tax allocation revenues, local sales and use taxes of participating local governments, and the local sales and use tax under RCW 82.14.510 are used to pay bonds issued under RCW 39.104.110 and public improvement costs within the revitalization area on a pay-as-you-go basis, as provided under this chapter; and

(7) A revitalization area must be geographically restricted to the location of the public improvement and adjacent locations that the sponsoring local government finds to have a high likelihood of receiving direct positive business and economic impacts due to the public improvement, such as a neighborhood or a block.

**Sec. 4.** RCW 39.104.060 and 2009 c 270 s 106 are each amended to read as follows:

(1) Participating taxing districts must allow the use of all of their local property tax allocation revenues for local revitalization financing.

(2)(a) If a taxing district does not want to allow the use of its property tax revenues for the local revitalization financing of public improvements in a revitalization area, its governing body must adopt an ordinance to remove itself as a participating taxing district and must notify the sponsoring local government.

(b) The taxing district must provide a copy of the adopted ordinance and notice to the sponsoring local government creating the revitalization area before the anticipated date that the sponsoring local government proposes to adopt the ordinance creating the revitalization area as provided in the notice required by RCW 39.104.040(1)(a).

(3) If a taxing district wants to become a participating taxing district by allowing one or more but not all of its regular property tax levies to be used for the calculation of local property tax allocation revenues, it may do so through an interlocal agreement specifying the regular property taxes that will be used for calculating its local property tax allocation revenues. This subsection does not authorize a taxing district to allow the use of only part of one or more of its regular property tax levies by the sponsoring local government.

(4) If a taxing district wants to participate on a partial basis by providing a specified amount of money to a sponsoring local government to be used for local revitalization financing for a specified amount of time, it may do so through an interlocal agreement. However, the taxing district must adopt an ordinance as described in subsection (2) of this section to remove itself as a participating taxing district for purposes of calculating property tax allocation revenues and instead partially participate through an interlocal agreement outlining the specifics of its participation.

**Sec. 5.** RCW 39.104.080 and 2009 c 270 s 201 are each amended to read as follows:

(1) Commencing in the second calendar year following the creation of a revitalization area by a sponsoring local government, the county treasurer (~~(shall)~~) must distribute receipts from regular taxes imposed on real property located in the revitalization area as follows:

(a) Each participating taxing district and the sponsoring local government must receive that portion of its regular property taxes produced by the rate of tax levied by or for the taxing district on the property tax allocation revenue base value for that local revitalization financing project in the taxing district; and

(b) The sponsoring local government must receive an additional portion of the regular property taxes levied by it and by or for each participating taxing district upon the property tax allocation revenue value within the revitalization area. However, if there is no property tax allocation revenue value, the sponsoring local

FIFTY SEVENTH DAY, MARCH 8, 2010

2010 REGULAR SESSION

government may not receive any additional regular property taxes under this subsection (1)(b). The sponsoring local government may agree to receive less than the full amount of the additional portion of regular property taxes under this subsection (1)(b) as long as bond debt service, reserve, and other bond covenant requirements are satisfied, in which case the balance of these tax receipts shall be allocated to the participating taxing districts that levied regular property taxes, or have regular property taxes levied for them, in the revitalization area for collection that year in proportion to their regular tax levy rates for collection that year. The sponsoring local government may request that the treasurer transfer this additional portion of the property taxes to its designated agent. The portion of the tax receipts distributed to the sponsoring local government or its agent under this subsection (1)(b) may only be expended to finance public improvement costs associated with the public improvements financed in whole or in part by local revitalization financing.

(2) The county assessor (~~(shall)~~ must) determine the property tax allocation revenue value and property tax allocation revenue base value. This section does not authorize revaluations of real property by the assessor for property taxation that are not made in accordance with the assessor's revaluation plan under chapter 84.41 RCW or under other authorized revaluation procedures.

(3) The distribution of local property tax allocation revenue to the sponsoring local government must cease when local property tax allocation revenues are no longer obligated to pay the costs of the public improvements. Any excess local property tax allocation revenues, and earnings on the revenues, remaining at the time the distribution of local property tax allocation revenue terminates, must be returned to the county treasurer and distributed to the participating taxing districts that imposed regular property taxes, or had regular property taxes imposed for it, in the revitalization area for collection that year, in proportion to the rates of their regular property tax levies for collection that year.

(4) The allocation to the revitalization area of that portion of the sponsoring local government's and each participating taxing district's regular property taxes levied upon the property tax allocation revenue value within that revitalization area is declared to be a public purpose of and benefit to the sponsoring local government and each participating taxing district.

(5) The distribution of local property tax allocation revenues under this section may not affect or be deemed to affect the rate of taxes levied by or within any sponsoring local government and participating taxing district or the consistency of any such levies with the uniformity requirement of Article VII, section 1 of the state Constitution.

(6) This section does not apply to a revitalization area that has boundaries that include all or a portion of the boundaries of an increment area created under chapter 39.89 RCW.

**Sec. 6.** RCW 39.104.100 and 2009 c 270 s 401 are each amended to read as follows:

(b) The total of all project awards may not exceed the annual state contribution limit.

(c) If the level of available state contribution is less than the amount requested by the next available applicant, the applicant must be given the first opportunity to accept the lesser amount of state contribution but only if the applicant produces a new application within sixty days of being notified by the department and the application describes the impact on the proposed project as a result of the lesser award in addition to new application information outlined in subsection (2) of this section.

(f) If the annual contribution limit is increased by making additional funds available for applicants that apply on a first-come basis, applications will be accepted again beginning sixty days after the effective date of the increase. However, in the time period before any new applications are accepted, all sponsoring local governments with a complete application already on file with the department must be provided an opportunity to either withdraw their application or update the information in the application. The council of presidents' representatives must rotate every two years, with each four-year public baccalaureate research institution representing the council

of presidents once every two biennia and each four-year public baccalaureate nonresearch institution representing the council of presidents once every four biennia. The Washington state economic development representative shall be appointed by the governor and will change every two years. The governor or a designee may participate in determining the prioritized list.

(1)(a) In its dispositional order, the court shall require the respondent to make restitution to any persons who have suffered loss or damage as a result of the offense committed by the respondent. In addition, restitution may be ordered for loss or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which, pursuant to a plea agreement, are not prosecuted.

(b) Restitution may include the costs of counseling reasonably related to the offense.

(c) The payment of restitution shall be in addition to any punishment which is imposed pursuant to the other provisions of this chapter.

(d) The court may determine the amount, terms, and conditions of the restitution including a payment plan extending up to ten years if the court determines that the respondent does not have the means to make full restitution over a shorter period. ~~((Restitution may include the costs of counseling reasonably related to the offense.))~~ For the purposes of this section, the respondent shall remain under the court's jurisdiction for a maximum term of ten years after the respondent's eighteenth birthday and, during this period, the restitution portion of the dispositional order may be modified as to amount, terms, and conditions at any time. Prior to the expiration of the ten-year period, the juvenile court may extend the judgment for the payment of restitution for an additional ten years. If the court grants a respondent's petition pursuant to RCW 13.50.050(11), the court's jurisdiction under this subsection shall terminate.

(2) Regardless of the provisions of subsection (1) of this section, the court shall order restitution in all cases where the victim is entitled to benefits under the crime victims' compensation act, chapter 7.68 RCW. If the court does not order restitution and the victim of the crime has been determined to be entitled to benefits under the crime victims' compensation act, the department of labor and industries, as administrator of the crime victims' compensation

(1) Nothing contained in this chapter shall be deemed to require any financial institution to make any payment from an account to a depositor, or any trust or P.O.D. account beneficiary, or any other person claiming an interest in any funds deposited in the account, if the financial institution has actual knowledge of the existence of a dispute between the depositors, beneficiaries, or other persons concerning their respective rights of ownerships to the funds contained in, or proposed to be withdrawn, or previously withdrawn from the account, or in the event the financial institution is otherwise uncertain as to who is entitled to the funds pursuant to the contract of deposit. In any such case, the financial institution may, without liability, notify, in writing, all depositors, beneficiaries, or other persons claiming an interest in the account of either its uncertainty as to who is entitled to the distributions or the existence of any dispute, and may also, without liability, refuse to disburse any funds contained in the account to any depositor, and/or trust or P.O.D. account beneficiary thereof, and/or other persons claiming an interest therein, until such time as either:

((+)) (a) All such depositors and/or beneficiaries have consented, in writing, to the requested payment; or

((=)) (b) The payment is authorized or directed by a court of proper jurisdiction.

(2) If a financial institution reasonably believes that financial exploitation of a vulnerable adult, as defined in RCW 74.34.020, may have occurred, may have been attempted, or is being attempted, the financial institution may refuse a transaction as permitted under section 3 of this act.

Sec. 2. RCW 74.34.020 and 2007 c 312 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

In instances of abuse of a vulnerable adult who is unable to express or demonstrate physical harm, pain, or mental anguish, the abuse is presumed to cause physical harm, pain, or mental anguish. (b) "Physical abuse" means the willful action of inflicting bodily injury or physical mistreatment. Physical abuse includes, but is not limited to, striking with or without an object, slapping, pinching, choking, kicking, shoving, prodding, or the use of chemical restraints or physical restraints unless the restraints are consistent

(c) "Mental abuse" means any willful action or inaction of mental or verbal abuse. Mental abuse includes, but is not limited to, coercion, harassment, inappropriately isolating a vulnerable adult from family, friends, or regular activity, and verbal assault that includes ridiculing, intimidating, yelling, or swearing.

(d) "Exploitation" means an act of forcing, compelling, or exerting undue influence over a vulnerable adult causing the vulnerable adult to act in a way that is inconsistent with relevant past behavior, or causing the vulnerable adult to perform services for the benefit of another.

(3) "Consent" means express written consent granted after the vulnerable adult or his or her legal representative has been fully informed of the nature of the services to be offered and that the receipt of services is voluntary.

(4) "Department" means the department of social and health services.

((=)) (11) "Mandated reporter" is an employee of the department; law enforcement officer; social worker; professional school personnel; individual provider; an employee of a facility; an operator of a facility; an employee of a social service, welfare, mental health, adult day health, adult day care, home health, home care, or hospice agency; county coroner or medical examiner; Christian Science practitioner; or health care provider subject to chapter 18.130 RCW.

((+)) (12) "Neglect" means (a) a pattern of conduct or inaction by a person or entity with a duty of care that fails to provide the goods and services that maintain physical or mental health of a vulnerable adult, or that fails to avoid or prevent physical or mental harm or pain to a vulnerable adult; or (b) an act or omission that demonstrates a serious disregard of consequences of such a magnitude as to constitute a clear and present danger to the vulnerable adult's health, welfare, or safety, including but not limited to conduct prohibited under RCW 9A.42.100.

((+)) (13) "Permissive reporter" means any person, including, but not limited to, an employee of a financial institution, attorney, or

~~((14))~~ (15) "Self-neglect" means the failure of a vulnerable adult, not living in a facility, to provide for himself or herself the goods and services necessary for the vulnerable adult's physical or mental health, and the absence of which impairs or threatens the vulnerable adult's well-being. This definition may include a vulnerable adult who is receiving services through home health, hospice, or a home care agency, or an individual provider when the neglect is not a result of inaction by that agency or individual provider.

~~((15))~~ (16) "Vulnerable adult" includes a person:

- (a) Sixty years of age or older who has the functional, mental, or physical inability to care for himself or herself; or
- (b) Found incapacitated under chapter 11.88 RCW; or

- (a) Of the vulnerable adult;
- (b) On which the vulnerable adult is a beneficiary, including a trust or guardianship account; or
- (c) Of a person suspected of perpetrating financial exploitation of a vulnerable adult.

(2) A financial institution may also refuse to disburse funds under this section if the department, law enforcement, or the prosecuting attorney's office provides information to the financial institution demonstrating that it is reasonable to believe that financial exploitation of a vulnerable adult may have occurred, may have been attempted, or is being attempted.

(3) A financial institution is not required to refuse to disburse funds when provided with information alleging that financial exploitation may have occurred, may have been attempted, or is being attempted, but may use its discretion to determine whether or not to refuse to disburse funds based on the information available to the financial institution.

(4) A financial institution that refuses to disburse funds based on a reasonable belief that financial exploitation of a vulnerable adult may have occurred, may have been attempted, or is being attempted shall:

- (a) Make a reasonable effort to notify all parties authorized to transact business on the account orally or in writing; and
  - (b) Report the incident to the adult protective services division of the department and local law enforcement.
- (5) Any refusal to disburse funds as authorized by this section based on the reasonable belief of a financial institution that financial

exploitation of a vulnerable adult may have occurred, may have been attempted, or is being attempted will expire upon the sooner of:

(a) Ten business days after the date on which the financial institution first refused to disburse the funds if the transaction involved the sale of a security or offer to sell a security, as defined in RCW 21.20.005, unless sooner terminated by an order of a court of competent jurisdiction;

(b) Five business days after the date on which the financial institution first refused to disburse the funds if the transaction did not involve the sale of a security or offer to sell a security, as defined in RCW 21.20.005, unless sooner terminated by an order of a court of competent jurisdiction; or

(c) The time when the financial institution is satisfied that the disbursement will not result in financial exploitation of a vulnerable adult.

(6) A court of competent jurisdiction may enter an order extending the refusal by the financial institution to disburse funds based on a reasonable belief that financial exploitation of a vulnerable adult may have occurred, may have been attempted, or is being attempted. A court of competent jurisdiction may also order other protective relief as authorized by RCW 7.40.010 and 74.34.130.

(7) A financial institution or an employee of a financial institution is immune from criminal, civil, and administrative liability for refusing to disburse funds or disbursing funds under this section and for actions taken in furtherance of that determination if the determination of whether or not to disburse funds was made in good faith.

**Sec. 4.** RCW 74.34.035 and 2003 c 230 s 2 are each amended to read as follows:

(1) When there is reasonable cause to believe that abandonment, abuse, financial exploitation, or neglect of a vulnerable adult has occurred, mandated reporters shall immediately report to the department.

(4) A mandated reporter is not required to report to a law enforcement agency, unless requested by the injured vulnerable adult or his or her legal representative or family member, an incident of physical assault between vulnerable adults that causes minor bodily injury and does not require more than basic first aid, unless:

(b) There is a fracture;

(c) There is a pattern of physical assault between the same vulnerable adults or involving the same vulnerable adults; or

(d) There is an attempt to choke a vulnerable adult.

(5) When there is reason to suspect that the death of a vulnerable adult was caused by abuse, neglect, or abandonment by another person, mandated reporters shall, pursuant to RCW 68.50.020, report the death to the medical examiner or coroner having jurisdiction, as well as the department and local law enforcement, in the most expeditious manner possible. A mandated reporter is not relieved from the reporting requirement provisions of this subsection by the existence of a previously signed death certificate. If abuse, neglect, or abandonment caused or contributed to the death

of a vulnerable adult, the death is a death caused by unnatural or unlawful means, and the body shall be the jurisdiction of the coroner or medical examiner pursuant to RCW 68.50.010.

(6) Permissive reporters may report to the department or a law enforcement agency when there is reasonable cause to believe that a vulnerable adult is being or has been abandoned, abused, financially exploited, or neglected.

~~((6))~~ (7) No facility, as defined by this chapter, agency licensed or required to be licensed under chapter 70.127 RCW, or facility or agency under contract with the department to provide care for vulnerable adults may develop policies or procedures that interfere with the reporting requirements of this chapter.

~~((8))~~ (9) Unless there is a judicial proceeding or the person consents, the identity of the person making the report under this section is confidential.

**NEW SECTION. Sec. 5.** A new section is added to chapter 74.34 RCW to read as follows:

MESSAGE FROM THE HOUSE

February 28, 2010

MR. PRESIDENT:

The House passed SECOND ENGROSSED SUBSTITUTE SENATE BILL NO. 5742 with the following amendment(s): 5742-S.E2 AMH JUDI H5275.3,

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that local governments, landlords, and tenants working together to provide crime-free rental housing is beneficial to the public health, safety, and welfare. The legislature is also concerned about activities and provisions that serve to bar a person with a criminal history from obtaining viable housing regardless of other factors that may indicate rental stability, such as employment, rental references, or time in the community with no further criminal activity. It is therefore the intent of this act to provide certain requirements that a local government must follow in adopting a crime-free rental housing program.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Crime-free rental housing program" means a crime prevention program designed to reduce crime, drugs, and gangs on rental housing premises under the supervision of the local police department or a crime prevention officer. The program may include, but is not limited to: Property management and crime prevention training classes; crime prevention through environmental design surveys; and community awareness training.

(2) "Criminal activity" means a criminal act defined by statute or ordinance that threatens the health, safety, or welfare of the tenants, owner, guests, occupants, or property manager.

(3) "Local government" means any city, code city, town, or county.

(4) "Premises" has the same meaning as in RCW 59.18.030.

(5) "Rental housing" means any tenancy subject to chapter 59.12, 59.18, or 59.20 RCW.

NEW SECTION. Sec. 3. (1)(a) Except as provided in (b) of this subsection, a local government may adopt and implement a crime-free rental housing program within its jurisdiction in accordance with this chapter.

(b) A crime-free rental housing program adopted and implemented by a county is applicable only to unincorporated areas of the county.

(2) Except as provided in subsection (3) of this section, a crime-free rental housing program must be voluntary.

(3)(a) A local government may require a landlord to participate in a crime-free rental housing program upon exceeding a reasonable threshold of instances of criminal activity on the premises if the landlord has not made a good faith effort to deter the criminal activity.

(b) A good faith effort may include, but is not limited to:

(i) Service of notice on the tenant to comply or quit as allowed by law or the commencement of an unlawful detainer action against the tenant; and

FIFTY SEVENTH DAY, MARCH 8, 2010

2010 REGULAR SESSION

(ii) Attendance and completion of a landlord training program approved by the local government.

(4)(a) As a prerequisite to subsection (3) of this section, upon the occurrence of criminal activity on the premises, the local police department must send a notice to the landlord setting forth the following:

- (i) The date and location of the occurrence;
- (ii) The nature of the occurrence; and
- (iii) The name of the person who engaged in the occurrence.

(b) Notice is deemed properly delivered when it is either served upon the landlord or a property manager of the rental property, or is delivered by first-class mail to the last known address of the landlord.

(5) This section does not prevent a local government from charging a fee for participation in a crime-free rental housing program.

(6) This section does not affect a local government's authority to enforce existing law in regard to rental housing, except in regard to a crime-free rental housing program.

**NEW SECTION. Sec. 4.** A crime-free rental housing program may not prohibit a landlord from hiring or renting to a person solely because of the person's criminal history.

**NEW SECTION. Sec. 5.** (1) Except as provided in subsection (2) of this section, this chapter supersedes and preempts all rules, regulations, codes, statutes, or ordinances of all local governments regarding the same subject matter. The state preemption created in this section applies to all rules, regulations, codes, statutes, and ordinances pertaining to crime-free rental housing programs at any time.

(2) Section 3 of this act does not apply to rules, regulations, codes, statutes, or ordinances adopted by local governments prior to July 1, 2010, except as required by an order issued by a court of competent jurisdiction pursuant to litigation regarding the rules, regulations, codes, statutes, or ordinances.

**NEW SECTION. Sec. 6.** Sections 1 through 5 of this act constitute a new chapter in Title 35 RCW." and the same are herewith transmitted.

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 6349 with the following amendment(s): 6349-S AMH ENGR H5570.E ,

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** A new section is added to chapter 49.12 RCW to read as follows:

(1) The director shall establish a farm internship pilot project until December 1, 2011, for the employment of farm interns on small farms under special certificates at wages, if any, as authorized by the department and subject to such limitations as to time, number, proportion, and length of service as provided in this section and as prescribed by the department. The pilot project shall consist of two counties, one a county consisting entirely of islands with fewer than fifty thousand residents and one a county that is bordered by the crest of the Cascade mountain range and salt waters with fewer than one hundred fifty thousand residents.

(2) A small farm may employ no more than three interns per year under this section.

(3) A small farm must apply for a special certificate on a form made available by the director. The application must set forth: The name of the farm and a description of the farm seeking the certificate; the type of work to be performed by a farm intern; a description of the internship program; the period of time for which the certificate is sought and the duration of an internship; the number of farm interns for which a special certificate is sought; the wages, if any, that will be paid to the farm intern; any room and board, stipends, and other remuneration the farm will provide to a farm intern; and the total number of workers employed by the farm.

(4) Upon receipt of an application, the department shall review the application and issue a special certificate to the requesting farm within fifteen days if the department finds that:

(a) The farm qualifies as a small farm;

(b) There have been no serious violations of chapter 49.46 RCW or Title 51 RCW that provide reasonable grounds to believe that the terms of an internship agreement may not be complied with;

(c) The issuance of a certificate will not create unfair competitive labor cost advantages nor have the effect of impairing or depressing wage or working standards established for experienced workers for work of a like or comparable character in the industry or occupation at which the intern is to be employed;

(d) A farm intern will not displace an experienced worker; and

(e) The farm demonstrates that the interns will perform work for the farm under an internship program that: (i) Provides a curriculum of learning modules and supervised participation in farm work activities designed to teach farm interns about farming practices and farm enterprises; (ii) is based on the bona fide curriculum of an educational or vocational institution; and (iii) is reasonably designed to provide the intern with vocational knowledge and skills about farming practices and enterprises. In assessing an internship program, the department may consult with relevant college and university departments and extension programs and state and local government agencies involved in the regulation or development of agriculture.

(5) A special certificate issued under this section must specify the terms and conditions under which it is issued, including: The name of the farm; the duration of the special certificate allowing the employment of farm interns and the duration of an internship; the total number of interns authorized under the special certificate; the authorized wage rate, if any; and any room and board, stipends, and other remuneration the farm will provide to the farm intern. A farm worker may be paid at wages specified in the certificate only during the effective period of the certificate and for the duration of the internship.

(6) If the department denies an application for a special certificate, notice of denial must be mailed to the farm. The farm listed on the application may, within fifteen days after notice of such action has been mailed, file with the director a petition for review of the denial, setting forth grounds for seeking such a review. If reasonable grounds exist, the director or the director's authorized representative may grant such a review and, to the extent deemed appropriate, afford all interested persons an opportunity to be heard on such review.

(7) Before employing a farm intern, a farm must submit a statement on a form made available by the director stating that the farm understands: The requirements of the industrial welfare act, chapter 49.12 RCW, that apply to farm interns; that the farm must pay workers' compensation premiums in the assigned intern risk class and must pay workers' compensation premiums for nonintern work hours in the applicable risk class; and that if the farm does not comply with subsection (8) of this section, the director may revoke the special certificate.

(8) The director may revoke a special certificate issued under this section if a farm fails to: Comply with the requirements of the

(2) If the identical alleged acts constitute an offense under both the law of this state and an ordinance of any city or county of this state, state law shall govern the prosecutor's screening and charging decision for both filed and diverted cases.

(f) A special allegation has been filed that the offender or an accomplice was armed with a firearm when the offense was committed.

(6) Where a case is legally sufficient the prosecutor shall divert the case if the alleged offense is a misdemeanor or gross misdemeanor or violation and the alleged offense is the offender's first offense or violation. If the alleged offender is charged with a related offense that must or may be filed under subsections (5) and ~~((7))~~ (8) of this section, a case under this subsection may also be filed.

In deciding whether to file or divert an offense under this section the prosecutor shall be guided only by the length, seriousness, and recency of the alleged offender's criminal history and the circumstances surrounding the commission of the alleged offense.

~~((8))~~ (9) Whenever a juvenile is placed in custody or, where not placed in custody, referred to a diversion interview, the parent or legal guardian of the juvenile shall be notified as soon as possible concerning the allegation made against the juvenile and the current status of the juvenile. Where a case involves victims of crimes against persons or victims whose property has not been recovered at the time a juvenile is referred to a diversion unit, the victim shall be notified of the referral and informed how to contact the unit.

~~((9))~~ (10) The responsibilities of the prosecutor under subsections (1) through ~~((8))~~ (9) of this section may be performed by a juvenile court probation counselor for any complaint referred to the court alleging the commission of an offense which would not be a felony if committed by an adult, if the prosecutor has given sufficient written notice to the juvenile court that the prosecutor will not review such complaints.

~~((10))~~ (11) The prosecutor, juvenile court probation counselor, or diversion unit may, in exercising their authority under this section or RCW 13.40.080, refer juveniles to mediation or victim offender reconciliation programs. (4) In a prosecution under RCW 9.68A.050, 9.68A.060, or 9.68A.070, it shall be an affirmative defense that the defendant was a law enforcement officer in the process of conducting an official investigation of a sex-related crime against a minor, or that the defendant was providing individual case treatment as a recognized medical facility or as a psychiatrist or psychologist licensed under Title 18 RCW.

(1) ((On or before December 31, 2008:))

(a) Counties planning under RCW 36.70A.040 with a population greater than one hundred thousand, and the cities and towns within those counties, where more than a total of twenty-five Class IV forest practices applications, as defined in RCW 76.09.050(1) Class IV (a) through (d), have been filed with the

2010 REGULAR SESSION

department between January 1, 2003, and December 31, 2005, shall adopt and enforce ordinances or regulations as provided in subsection (2) of this section for the following:

(i) Forest practices classified as Class I, II, III, and IV that are within urban growth areas designated under RCW 36.70A.110, except for forest practices on ownerships of contiguous forest land equal to or greater than twenty acres where the forest landowner provides, to the department and the county, a written statement of intent, signed by the forest landowner, not to convert to a use other than growing commercial timber for ten years. This statement must be accompanied by either:

(A) A written forest management plan acceptable to the department; or

(B) Documentation that the land is enrolled as forest land of long-term commercial significance under the provisions of chapter 84.33 RCW; and

(ii) Forest practices classified as Class IV, outside urban growth areas designated under RCW 36.70A.110, involving either timber harvest or road construction, or both on:

(A) Lands platted after January 1, 1960, as provided in chapter 58.17 RCW;

(B) Lands that have or are being converted to another use; or

(C) Lands which, under RCW 76.09.070, are not to be reforested because of the likelihood of future conversion to urban development;

(b) Counties planning under RCW 36.70A.040, and the cities and towns within those counties, not included in (a) of this subsection, may adopt and enforce ordinances or regulations as provided in (a) of this subsection; and

(c) Counties not planning under RCW 36.70A.040, and the cities and towns within those counties, may adopt and enforce ordinances or regulations as provided in subsection (2) of this section for forest practices classified as Class IV involving either timber harvest or road construction, or both on:

(ii) Lands that have or are being converted to another use; or

(iii) Lands which, under RCW 76.09.070, are not to be reforested because of the likelihood of future conversion to urban development.

(2) Before a county, city, or town may regulate forest practices under subsection (1) of this section, it shall ensure that its critical areas and development regulations are in compliance with RCW 36.70A.130 and, if applicable, RCW 36.70A.215. The county, city, or town shall notify the department and the department of ecology in writing sixty days prior to adoption of the development regulations required in this section. (b) Procedures for the collection and administration of permit and recording fees.

(3) Activities regulated by counties, cities, or towns as provided in subsections (1) and (2) of this section shall be administered and enforced by those counties, cities, or towns. The department shall not regulate these activities under this chapter.

(4) The board shall continue to adopt rules and the department shall continue to administer and enforce those rules in each county,

(5) Upon request, the department shall provide technical assistance to all counties, cities, and towns while they are in the process of adopting the regulations required by this section, and after the regulations become effective.

(6) For those forest practices over which the board and the department maintain regulatory authority no county, city, municipality, or other local or regional governmental entity shall adopt or enforce any law, ordinance, or regulation pertaining to forest practices, except that to the extent otherwise permitted by law, such entities may exercise any:

(d) Authority granted by chapter 90.58 RCW, the "Shoreline Management Act of 1971."

(7) All counties and cities adopting or enforcing regulations or ordinances under this section shall include in the regulation or ordinance a requirement that a verification accompany every permit issued for forest land by that county or city associated with the conversion to a use other than commercial timber operation, as that term is defined in RCW 76.09.020, that verifies that the land in question is not or has not been subject to a notice of conversion to nonforestry uses under RCW 76.09.060 during the six-year period prior to the submission of a permit application.

(8) To improve the administration of the forest excise tax created in chapter 84.33 RCW, a county, city, or town that regulates forest practices under this section shall report permit information to the department of revenue for all approved forest practices permits. The permit information shall be reported to the department of revenue no later than sixty days after the date the permit was approved and shall be in a form and manner agreed to by the county, city, or town and the department of revenue. care agency may be released to other participants in the juvenile justice or care system only when an investigation or case involving the juvenile in question is being pursued by the other participant or when that other participant is assigned the responsibility for supervising the juvenile.

(5) Except as provided in RCW 4.24.550, information not in an official juvenile court file concerning a juvenile or a juvenile's family may be released to the public only when that information could not reasonably be expected to identify the juvenile or the juvenile's family.

(6) Notwithstanding any other provision of this chapter, the release, to the juvenile or his or her attorney, of law enforcement and prosecuting attorneys' records pertaining to investigation, diversion, and prosecution of juvenile offenses shall be governed by the rules of discovery and other rules of law applicable in adult criminal investigations and prosecutions.

(7) Upon the decision to arrest or the arrest, law enforcement and prosecuting attorneys may cooperate with schools in releasing information to a school pertaining to the investigation, diversion, and prosecution of a juvenile attending the school. The juvenile offense records of any adult convicted of a crime and placed under the supervision of the adult corrections system shall be released upon request to the adult corrections system.

(11) In any case in which an information has been filed pursuant to RCW 13.40.100 or a complaint has been filed with the prosecutor and referred for diversion pursuant to RCW 13.40.070, the person the subject of the information or complaint may file a motion with the court to have the court vacate its order and findings, if any, and, subject to subsection (23) of this section, order the sealing of the official juvenile court file, the social file, and records of the court and of any other agency in the case.

(12)(a) The court shall not grant any motion to seal records for class A offenses made pursuant to subsection (11) of this section that is filed on or after July 1, 1997, unless ~~(it finds that)~~:

(b) The court shall not grant any motion to seal records for class B, C, gross misdemeanor and misdemeanor offenses and diversions made under subsection (11) of this section unless:

(ii) No proceeding is pending against the moving party seeking the conviction of a juvenile offense or a criminal offense;

(iii) No proceeding is pending seeking the formation of a diversion agreement with that person;

(iv) The person has not been convicted of a sex offense; and

(v) Full restitution has been paid.

(13) The person making a motion pursuant to subsection (11) of this section shall give reasonable notice of the motion to the prosecution and to any person or agency whose files are sought to be sealed.

(14) If the court grants the motion to seal made pursuant to subsection (11) of this section, it shall, subject to subsection (23) of this section, order sealed the official juvenile court file, the social file, and other records relating to the case as are named in the order. Thereafter, the proceedings in the case shall be treated as if they never occurred, and the subject of the records may reply accordingly to any inquiry about the events, records of which are sealed. Any agency shall reply to any inquiry concerning confidential or sealed records that records are confidential, and no information can be given about the existence or nonexistence of records concerning an individual.

(15) Inspection of the files and records included in the order to seal may thereafter be permitted only by order of the court upon motion made by the person who is the subject of the information or complaint, except as otherwise provided in RCW 13.50.010(8) and subsection (23) of this section.

(16) Any adjudication of a juvenile offense or a crime subsequent to sealing has the effect of nullifying the sealing order. Any charging of an adult felony subsequent to the sealing has the effect of nullifying the sealing order for the purposes of chapter 9.94A RCW. The administrative office of the courts shall ensure

FIFTY EIGHTH DAY, MARCH 9, 2010

that the superior court judicial information system provides prosecutors access to information on the existence of sealed juvenile records.

(17)(a)(i) Subject to subsection (23) of this section, all records maintained by any court or law enforcement agency, including the juvenile court, local law enforcement, the Washington state patrol, and the prosecutor's office, shall be automatically destroyed within ninety days of becoming eligible for destruction. Juvenile records are eligible for destruction when:

(A) The person who is the subject of the information or complaint is at least eighteen years of age;

(B) His or her criminal history consists entirely of one diversion agreement or counsel and release entered on or after June 12, 2008;

(C) Two years have elapsed since completion of the agreement or counsel and release;

(D) No proceeding is pending against the person seeking the conviction of a criminal offense; and

(E) There is no restitution owing in the case.

(ii) No less than quarterly, the administrative office of the courts shall provide a report to the juvenile courts of those individuals whose records may be eligible for destruction. The juvenile court shall verify eligibility and notify the Washington state patrol and the appropriate local law enforcement agency and prosecutor's office of the records to be destroyed. The requirement to destroy records under this subsection is not dependent on a court hearing or the issuance of a court order to destroy records.

(iii) The state and local governments and their officers and employees are not liable for civil damages for the failure to destroy records pursuant to this section.

(b) A person eighteen years of age or older whose criminal history consists entirely of one diversion agreement or counsel and release entered prior to June 12, 2008, may request that the court order the records in his or her case destroyed. The request shall be granted, subject to subsection (23) of this section, if the court finds that two years have elapsed since completion of the agreement or counsel and release.

(c) A person twenty-three years of age or older whose criminal history consists of only referrals for diversion may request that the court order the records in those cases destroyed. The request shall be granted, subject to subsection (23) of this section, if the court finds that all diversion agreements have been successfully completed and no proceeding is pending against the person seeking the conviction of a criminal offense.

(18) If the court grants the motion to destroy records made pursuant to subsection (17)(b) or (c) of this section, it shall, subject to subsection (23) of this section, order the official juvenile court file, the social file, and any other records named in the order to be destroyed.

(19) The person making the motion pursuant to subsection (17)(b) or (c) of this section shall give reasonable notice of the motion to the prosecuting attorney and to any agency whose records are sought to be destroyed.

(20) Any juvenile to whom the provisions of this section may apply shall be given written notice of his or her rights under this section at the time of his or her disposition hearing or during the diversion process.

(21) Nothing in this section may be construed to prevent a crime victim or a member of the victim's family from divulging the identity of the alleged or proven juvenile offender or his or her family when necessary in a civil proceeding.

(22) Any juvenile justice or care agency may, subject to the limitations in subsection (23) of this section and (a) and (b) of this subsection, develop procedures for the routine destruction of records relating to juvenile offenses and diversions.

(a) Records may be routinely destroyed only when the person the subject of the information or complaint has attained twenty-three years of age or older or pursuant to subsection (17)(a) of this section.

(b) The court may not routinely destroy the official juvenile court file or recordings or transcripts of any proceedings.

(23) No identifying information held by the Washington state patrol in accordance with chapter 43.43 RCW is subject to destruction or sealing under this section. For the purposes of this subsection, identifying information includes photographs, fingerprints, palmprints, soleprints, toeprints and any other data that identifies a person by physical characteristics, name, birthdate or address, but does not include information regarding criminal activity, arrest, charging, diversion, conviction or other information about a person's treatment by the criminal justice system or about the person's behavior.

(24) Information identifying child victims under age eighteen who are victims of sexual assaults by juvenile offenders is confidential and not subject to release to the press or public without the permission of the child victim or the child's legal guardian. Identifying information includes the child victim's name, addresses, location, photographs, and in cases in which the child victim is a relative of the alleged perpetrator, identification of the relationship between the child and the alleged perpetrator. Information identifying a child victim of sexual assault may be released to law enforcement, prosecutors, judges, defense attorneys, or private or governmental agencies that provide services to the child victim of sexual assault.

## MESSAGE FROM THE HOUSE

March 2, 2010

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL  
 NO. 6604 with the following amendment(s): 6604-S.E AMH  
 ENGR H5401.E

Strike everything after the enacting clause and insert the  
 following:

"Sec. 1. RCW 28A.655.061 and 2009 c 524 s 5 are each  
 amended to read as follows:

(1) The high school assessment system shall include but need  
 not be limited to the Washington assessment of student learning,  
 opportunities for a student to retake the content areas of the  
 assessment in which the student was not successful, and if approved  
 by the legislature pursuant to subsection (10) of this section, one or  
 more objective alternative assessments for a student to demonstrate  
 achievement of state academic standards. The objective alternative  
 assessments for each content area shall be comparable in rigor to the  
 skills and knowledge that the student must demonstrate on the  
 Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of  
 academic achievement shall be obtained by most students at about  
 the age of sixteen, and is evidence that the students have  
 successfully met the state standard in the content areas included in  
 the certificate. With the exception of students satisfying the  
 provisions of RCW 28A.155.045 or 28A.655.0611, acquisition of  
 the certificate is required for graduation from a public high school  
 but is not the only requirement for graduation.

(3) Beginning with the graduating class of 2008, with the  
 exception of students satisfying the provisions of RCW  
 28A.155.045, a student who meets the state standards on the  
 reading, writing, and mathematics content areas of the high school  
 Washington assessment of student learning shall earn a certificate of  
 academic achievement. If a student does not successfully meet the  
 state standards in one or more content areas required for the  
 certificate of academic achievement, then the student may retake the  
 assessment in the content area up to four times at no cost to the  
 student. If the student successfully meets the state standards on a  
 retake of the assessment then the student shall earn a certificate of  
 academic achievement. Once objective alternative assessments are  
 authorized pursuant to subsection (10) of this section, a student may  
 use the objective alternative assessments to demonstrate that the  
 student successfully meets the state standards for that content area if  
 the student has taken the Washington assessment of student learning  
 at least once. If the student successfully meets the state standards  
 on the objective alternative assessments then the student shall earn a  
 certificate of academic achievement.

(4) Beginning no later than with the graduating class of 2013, a  
 student must meet the state standards in science in addition to the  
 other content areas required under subsection (3) of this section on  
 the Washington assessment of student learning or the objective  
 alternative assessments in order to earn a certificate of academic  
 achievement. The state board of education may adopt a rule that  
 implements the requirements of this subsection (4) beginning with a  
 graduating class before the graduating class of 2013, if the state  
 board of education adopts the rule by September 1st of the freshman  
 school year of the graduating class to which the requirements of this

subsection (4) apply. The state board of education's authority under  
 this subsection (4) does not alter the requirement that any change in  
 performance standards for the tenth grade assessment must comply  
 with RCW 28A.305.130.

(5) The state board of education may not require the acquisition  
 of the certificate of academic achievement for students in  
 home-based instruction under chapter 28A.200 RCW, for students  
 enrolled in private schools under chapter 28A.195 RCW, or for  
 students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each  
 successfully completed content area of the high school assessment.

(7) School districts must make available to students the  
 following options:

(a) To retake the Washington assessment of student learning up  
 to four times in the content areas in which the student did not meet  
 the state standards if the student is enrolled in a public school; or

(b) To retake the Washington assessment of student learning up  
 to four times in the content areas in which the student did not meet  
 the state standards if the student is enrolled in a high school  
 completion program at a community or technical college. The  
 superintendent of public instruction and the state board for  
 community and technical colleges shall jointly identify means by  
 which students in these programs can be assessed.

(8) Students who achieve the standard in a content area of the  
 high school assessment but who wish to improve their results shall  
 pay for retaking the assessment, using a uniform cost determined by  
 the superintendent of public instruction.

(9) Opportunities to retake the assessment at least twice a year  
 shall be available to each school district.

(10)(a) The office of the superintendent of public instruction  
 shall develop options for implementing objective alternative  
 assessments, which may include an appeals process for students'  
 scores, for students to demonstrate achievement of the state  
 academic standards. The objective alternative assessments shall be  
 comparable in rigor to the skills and knowledge that the student  
 must demonstrate on the Washington assessment of student learning  
 and be objective in its determination of student achievement of the  
 state standards. Before any objective alternative assessments in  
 addition to those authorized in RCW 28A.655.065 or (b) of this  
 subsection are used by a student to demonstrate that the student has  
 met the state standards in a content area required to obtain a  
 certificate, the legislature shall formally approve the use of any  
 objective alternative assessments through the omnibus  
 appropriations act or by statute or concurrent resolution.

(b)(i) A student's score on the mathematics, reading or English,  
 or writing portion of the SAT or the ACT may be used as an  
 objective alternative assessment under this section for demonstrating  
 that a student has met or exceeded the state standards  
 for the certificate of academic achievement. The state board of  
 education shall identify the scores students must achieve on the  
 relevant portion of the SAT or ACT to meet or exceed the state  
 standard in the relevant content area on the Washington assessment  
 of student learning. The state board of education shall identify the  
 first scores by December 1, 2007. After the first scores are  
 established, the state board may increase but not decrease the scores  
 required for students to meet or exceed the state standards.

(ii) Until August 31, 2008, a student's score on the mathematics  
 portion of the PSAT may be used as an objective alternative  
 assessment under this section for demonstrating that a student has  
 met or exceeded the state standard for the certificate of academic  
 achievement. The state board of education shall identify the score  
 students must achieve on the mathematics portion of the PSAT to  
 meet or exceed the state standard in that content area on the  
 Washington assessment of student learning.

FIFTY EIGHTH DAY, MARCH 9, 2010

2010 REGULAR SESSION

(iii) A student who scores at least a three on the grading scale of one to five for selected AP examinations may use the score as an objective alternative assessment under this section for demonstrating that a student has met or exceeded state standards for the certificate of academic achievement. A score of three on the AP examinations in calculus or statistics may be used as an alternative assessment for the mathematics portion of the Washington assessment of student learning. A score of three on the AP examinations in English language and composition may be used as an alternative assessment for the writing portion of the Washington assessment of student learning. A score of three on the AP examinations in English literature and composition, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics may be used as an alternative assessment for the reading portion of the Washington assessment of student learning.

(11) By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations.

(12) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for and notify students and their parents or legal guardians as provided in this subsection ~~((12))~~.

~~((a))~~ Student learning plans are required for eighth ~~((through twelfth))~~ grade students who were not successful on any or all of the content areas of the ~~((Washington))~~ state assessment ~~((for student learning))~~ during the previous school year or who may not be on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually. To the extent feasible, schools serving English language learner students and their parents shall translate the plan into the primary language of the family. The plan shall include the following information as applicable:

~~((a))~~ (a) The student's results on the ~~((Washington))~~ state assessment ~~((of student learning))~~;

~~((b))~~ (b) If the student is in the transitional bilingual program, the score on his or her Washington language proficiency test II;

~~((c))~~ (c) Any credit deficiencies;

~~((d))~~ (d) The student's attendance rates over the previous two years;

~~((e))~~ (e) The student's progress toward meeting state and local graduation requirements;

~~((f))~~ (f) The courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation;

~~((g))~~ (g) Remediation strategies and alternative education options available to students, including informing students of the option to continue to receive instructional services after grade twelve or until the age of twenty-one;

~~((h))~~ (h) The alternative assessment options available to students under this section and RCW 28A.655.065;

~~((i))~~ (i) School district programs, high school courses, and career and technical education options available for students to meet graduation requirements; and

~~((j))~~ (j) Available programs offered through skill centers or community and technical colleges, including the college high school diploma options under RCW 28B.50.535.

~~((b))~~ All fifth grade students who were not successful in one or more of the content areas of the fourth grade Washington

assessment of student learning shall have a student learning plan.

(i) The parent or guardian of the student shall be notified, preferably through a parent conference, of the student's results on the Washington assessment of student learning, actions the school intends to take to improve the student's skills in any content area in which the student was unsuccessful, and provide strategies to help them improve their student's skills.

(ii) Progress made on the student plan shall be reported to the student's parents or guardian at least annually and adjustments to the plan made as necessary.)

**Sec. 2.** RCW 28A.225.015 and 1999 c 319 s 6 are each amended to read as follows:

(1) If a parent enrolls a child who is six or seven years of age in a public school, the child is required to attend and that parent has the responsibility to ensure the child attends for the full time that school is in session. An exception shall be made to this requirement for children whose parents formally remove them from enrollment if the child is less than eight years old and a petition has not been filed against the parent under subsection (3) of this section. The requirement to attend school under this subsection does not apply to a child enrolled in a public school part-time for the purpose of receiving ancillary services. A child required to attend school under this subsection may be temporarily excused upon the request of his or her parent for purposes agreed upon by the school district and parent.

(2) If a six or seven year-old child is required to attend public school under subsection (1) of this section and that child has unexcused absences, the public school in which the child is enrolled ~~((shall))~~ may:

(a) Inform the child's custodial parent, parents, or guardian by a notice in writing, by e-mail, or by telephone whenever the child has failed to attend school after one unexcused absence within any month during the current school year;

(b) Request a conference or conferences to be conducted by telephone or in person with the custodial parent, parents, or guardian and child at a time reasonably convenient for all persons included for the purpose of analyzing the causes of the child's absences after two unexcused absences within any month during the current school year. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the second unexcused absence, then the school district may schedule this conference on that day; and

(c) Take steps to eliminate or reduce the child's absences. These steps ~~((shall))~~ may include, where appropriate, adjusting the child's school program or school or course assignment, providing more individualized or remedial instruction, offering assistance in enrolling the child in available alternative schools or programs, or assisting the parent or child to obtain supplementary services that may help eliminate or ameliorate the cause or causes for the absence from school.

(3) If a child required to attend public school under subsection (1) of this section has seven unexcused absences in a month or ten unexcused absences in a school year, the school district ~~((shall))~~ may file a petition for civil action as provided in RCW 28A.225.035 against the parent of the child.

(4) This section does not require a six or seven year old child to enroll in a public or private school or to receive home-based instruction. This section only applies to six or seven year old children whose parents enroll them full time in public school and do not formally remove them from enrollment as provided in subsection (1) of this section.

**Sec. 3.** RCW 28A.225.020 and 2009 c 266 s 1 are each amended to read as follows:

(1) If a child required to attend school under RCW 28A.225.010 fails to attend school without valid justification, the public school in which the child is enrolled shall take the following actions if the

FIFTY EIGHTH DAY, MARCH 9, 2010

child is enrolled in the sixth grade or above, and may take the following actions if the child is enrolled in the fifth grade or below:

(a) Inform the child's custodial parent, parents, or guardian by a notice in writing, by e-mail, or by telephone whenever the child has failed to attend school after one unexcused absence within any month during the current school year. School officials shall inform the parent of the potential consequences of additional unexcused absences. If the custodial parent, parents, or guardian is not fluent in English, the preferred practice is to provide this information in a language in which the custodial parent, parents, or guardian is fluent; and

(b) Schedule a conference or conferences to be conducted by telephone or in person with the custodial parent, parents, or guardian and child at a time reasonably convenient for all persons included for the purpose of analyzing the causes of the child's absences after two unexcused absences within any month during the current school year. If a regularly scheduled parent-teacher conference day is to take place within thirty days of the second unexcused absence, then the school district may schedule this conference on that day(~~and~~),

~~((=))~~ (2) The school may also take steps to eliminate or reduce the child's absences. These steps (~~shall~~) may include, where appropriate, adjusting the child's school program or school or course assignment, providing more individualized or remedial instruction, providing appropriate vocational courses or work experience, referring the child to a community truancy board, if available, requiring the child to attend an alternative school or program, or assisting the parent or child to obtain supplementary services that might eliminate or ameliorate the cause or causes for the absence from school. If the child's parent does not attend the scheduled conference, the conference may be conducted with the student and school official. However, the parent shall be notified of the steps to be taken to eliminate or reduce the child's absence.

~~((=))~~ (3) For purposes of this chapter, an "unexcused absence" means that a child:

(a) Has failed to attend the majority of hours or periods in an average school day or has failed to comply with a more restrictive school district policy; and

(b) Has failed to meet the school district's policy for excused absences.

~~((=))~~ (4) If a child transfers from one school district to another during the school year, the receiving school or school district shall include the unexcused absences accumulated at the previous school or from the previous school district for purposes of this section, RCW 28A.225.030, and 28A.225.015.

**Sec. 4.** RCW 28A.225.025 and 2009 c 266 s 2 are each amended to read as follows:

(1) For purposes of this chapter, "community truancy board" means a board composed of members of the local community in which the child attends school. Juvenile courts may establish and operate community truancy boards. If the juvenile court and the school district agree, a school district may establish and operate a community truancy board under the jurisdiction of the juvenile court. Juvenile courts may create a community truancy board or may use other entities that exist or are created, such as diversion units. However, a diversion unit or other existing entity must agree before it is used as a truancy board. Duties of a community truancy board shall include, but not be limited to, recommending methods for improving school attendance such as assisting the parent or the child to obtain supplementary services that might eliminate or ameliorate the causes for the absences or suggesting to the school district that the child enroll in another school, an alternative education program, an education center, a skill center, a dropout prevention program, or another public or private educational program.

(2) The legislature finds that utilization of community truancy boards, or other diversion units that fulfill a similar function, is the preferred means of intervention when preliminary methods of notice and parent conferences and taking appropriate steps to eliminate or reduce unexcused absences have not been effective in securing the child's attendance at school. The legislature intends to encourage and support the development and expansion of community truancy boards and other diversion programs which are effective in promoting school attendance and preventing the need for more intrusive intervention by the court. ~~((Operation of a school truancy board does not excuse a district from the obligation of filing a petition within the requirements of RCW 28A.225.015(3).))~~

**Sec. 5.** RCW 28A.225.030 and 1999 c 319 s 2 are each amended to read as follows:

(1) If a child is required to attend school under RCW 28A.225.010 and ~~((if))~~ ~~((the))~~ ~~((actions taken by a))~~ school district takes actions under RCW 28A.225.020 that are not successful in substantially reducing an enrolled student's absences from public school, not later than the seventh unexcused absence by a child within any month during the current school year, or not later than the tenth unexcused absence during the current school year the school district ~~((shall))~~ may file a petition and supporting affidavit for a civil action with the juvenile court alleging a violation of RCW 28A.225.010: (a) By the parent; (b) by the child; or (c) by the parent and the child. Except as provided in this subsection, no additional documents need be filed with the petition.

(2) The district ~~((shall not later than))~~ may, after the fifth unexcused absence in a month:

(a) Enter into an agreement with a student and parent that establishes school attendance requirements;

(b) Refer a student to a community truancy board, if available, as defined in RCW 28A.225.025. The community truancy board shall enter into an agreement with the student and parent that establishes school attendance requirements and take other appropriate actions to reduce the child's absences; or

(c) File a petition under subsection (1) of this section.

(3) The petition may be filed by a school district employee who is not an attorney.

(4) If the school district ~~((fails to))~~ does not file a petition under this section, the parent of a child with five or more unexcused absences in any month during the current school year or upon the tenth unexcused absence during the current school year may file a petition with the juvenile court alleging a violation of RCW 28A.225.010.

(5) Petitions filed under this section may be served by certified mail, return receipt requested. If such service is unsuccessful, or the return receipt is not signed by the addressee, personal service is required.

**Sec. 6.** RCW 28A.225.151 and 1996 c 134 s 5 are each amended to read as follows:

(1) As required under subsection (2) of this section, ~~((each school))~~ if a school takes additional actions provided in RCW 28A.225.030, it shall document the actions taken ~~((under RCW 28A.225.030))~~ and report this information to the school district superintendent who shall compile the data for all the schools in the district and prepare an annual school district report for each school year and submit the report to the superintendent of public instruction. The reports shall be made upon forms furnished by the superintendent of public instruction and shall be transmitted as determined by the superintendent of public instruction.

(2) The reports under subsection (1) of this section shall include:

(a) The number of enrolled students and the number of unexcused absences;

(b) Documentation of the steps taken by the school district under each subsection of RCW 28A.225.020 at the request of the

FIFTY EIGHTH DAY, MARCH 9, 2010

2010 REGULAR SESSION

superintendent of public instruction. Each year, by May 1st, the superintendent of public instruction shall select ten school districts to submit the report at the end of the following school year. The ten districts shall represent different areas of the state and be of varied sizes. In addition, the superintendent of public instruction shall require any district that fails to keep appropriate records to submit a full report to the superintendent of public instruction under this subsection. All school districts shall document steps taken under RCW 28A.225.020 in each student's record, and make those records available upon request consistent with the laws governing student records;

(c) The number of enrolled students with ten or more unexcused absences in a school year or five or more unexcused absences in a month during a school year;

(d) A description of any programs or schools developed to serve students who have had five or more unexcused absences in a month or ten in a year including information about the number of students in the program or school and the number of unexcused absences of students during and after participation in the program. The school district shall also describe any placements in an approved private nonsectarian school or program or certified program under a court order under RCW 28A.225.090; and

(e) The number of petitions filed by a school district with the juvenile court.

(3) A report required under this section shall not disclose the name or other identification of a child or parent.

(4) The superintendent of public instruction shall collect these reports from all school districts and prepare an annual report for each school year to be submitted to the legislature no later than December 15th of each year.

#### MESSAGE FROM THE HOUSE

March 5, 2010

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 6759 with the following amendment(s): 6759-S AMH GOOD H5594.1

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that a critical factor in the eventual successful outcome of a K-12 education is for students to begin school ready, both intellectually and socially, to learn. The legislature also finds that, due to a variety of factors, some young children need supplemental instruction in preschool to

assure that they have the opportunity to participate meaningfully and reach the necessary levels of achievement in the regular program of basic education. The legislature further finds that children who participate in high quality preschool programs have improved educational and life outcomes and are more likely to graduate from high school and pursue higher education, experience successful employment opportunities, and have increased earnings. Therefore the legislature intends to create a program of early learning that, when fully implemented, shall be an entitlement program for eligible children.

The legislature also finds that the state early childhood education and assistance program was established to help children from low-income families be prepared for kindergarten, and that the program has been a successful model for achieving that goal. Therefore, the legislature intends that the first phase of implementing the entitlement program of early learning shall be accomplished by utilizing the program standards and eligibility criteria in the early childhood education and assistance program. The legislature also intends that the implementation of subsequent phases of the program established by the ready for school act of 2010 will be aligned with the implementation of the state's all-day kindergarten program in order to maximize the gains resulting from investments in the two programs.

**NEW SECTION. Sec. 2. DEFINITIONS.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Community-based early learning providers" includes for-profit and nonprofit licensed providers of child care and preschool programs.

(2) "Program" means the program of early learning established in section 3 of this act for eligible children who are three and four years of age.

**NEW SECTION. Sec. 3. PROGRAM STANDARDS.** (1) Beginning September 1, 2011, an early learning program to provide voluntary preschool opportunities for children three and four years of age shall be implemented according to the funding and implementation plan in section 5 of this act. The program must be a comprehensive program providing early childhood education and family support, options for parental involvement, and health information, screening, and referral services, as family need is determined. Participation in the program is voluntary. On a space available basis, the program may allow enrollment of children who are not otherwise eligible by assessing a fee.

(2) The first phase of the program shall be implemented by utilizing the program standards and eligibility criteria in the early childhood education and assistance program.

(3) Subsequent phases of the program including, but not limited to, program standards and eligibility criteria, shall be defined by the legislature after receiving the recommendations from the director required in section 8 of this act.

(4) The director shall adopt rules for the following program components, as appropriate and necessary during the phased implementation of the program:

(a) Minimum program standards, including lead teacher, assistant teacher, and staff qualifications;

(b) Approval of program providers;

(c) Accountability and adherence to performance standards; and

(d) A method for allowing, on a space available basis, enrollment of children who are not otherwise eligible by assessing fees or copayments.

(5) The department has administrative responsibility for:

(a) Approving and contracting with providers according to rules developed by the director under this section;

FIFTY EIGHTH DAY, MARCH 9, 2010

2010 REGULAR SESSION

(b) In partnership with school districts, monitoring program quality and assuring the program is responsive to the needs of eligible children;

(c) Assuring that program providers work cooperatively with school districts to coordinate the transition from preschool to kindergarten so that children and their families are well-prepared and supported; and

(d) Providing technical assistance to contracted providers.

**NEW SECTION. Sec. 4. ELIGIBILITY.** (1)(a) During the initial phase of implementation, the standards in RCW 43.215.405(3) used for eligibility determinations in the early childhood education and assistance program shall be used to determine eligibility for the program.

(b) During subsequent phases of implementation, eligibility determinations shall be based on factors adopted by the legislature after receiving recommendations required in subsection (2) of this section.

(2) The director shall develop recommendations for legislative approval regarding eligibility criteria for subsequent phases of implementation of the program.

(1) Any person submitting reports pursuant to RCW 10.77.160, the secretary, or the prosecuting attorney may petition the court to, or the court on its own motion may schedule an immediate hearing for the purpose of modifying the terms of conditional release if the petitioner or the court believes the released person is failing to adhere to the terms and conditions of his or her conditional release or is in need of additional care and treatment.

(2) If the prosecuting attorney, the secretary of social and health services, the secretary of corrections, or the court, after examining the report filed with them pursuant to RCW 10.77.160, or based on other information received by them, reasonably believes that a conditionally released person is failing to adhere to the terms and conditions of his or her conditional release the court or secretary of social and health services or the secretary of corrections may order that the conditionally released person be apprehended and taken into custody ~~((until such time as a hearing can be scheduled to determine the facts and whether or not the person's conditional release should be revoked or modified))~~. The court shall be notified of the apprehension before the close of the next judicial day ~~((of the apprehension))~~. The court shall schedule a hearing within thirty days to determine whether or not the person's conditional release should be modified or revoked. Both the prosecuting attorney and the conditionally released person shall have the right to request an immediate mental examination of the conditionally released person. If the conditionally released person is indigent, the court or secretary of social and health services or the secretary of corrections or their designees shall, upon request, assist him or her in obtaining a qualified expert or professional person to conduct the examination.

(3) If the hospital or facility designated to provide outpatient care determines that a conditionally released person presents a threat to public safety, the hospital or facility shall immediately notify the secretary of social and health services or the secretary of corrections or their designees. The secretary shall order that the conditionally released person be apprehended and taken into custody.

(4) The court, upon receiving notification of the apprehension, shall promptly schedule a hearing. The issue to be determined is whether the conditionally released person did or did not adhere to the terms and conditions of his or her release, or whether the person presents a threat to public safety. Pursuant to the determination of the court upon such hearing, the conditionally released person shall either continue to be conditionally released on the same or modified conditions or his or her conditional release shall be revoked and he or she shall be committed subject to release only in accordance with provisions of this chapter.

**Sec. 6.** RCW 10.77.200 and 2000 c 94 s 16 are each amended to read as follows:

(1) Upon application by the committed or conditionally released person, the secretary shall determine whether or not reasonable grounds exist for release. In making this determination, the secretary may consider the reports filed under RCW 10.77.060, 10.77.110, 10.77.140, and 10.77.160, and other reports and evaluations provided by professionals familiar with the case. If the secretary approves the release he or she then shall authorize the person to petition the court.

(2) In instances in which persons have not made application for release, but the secretary believes, after consideration of the reports filed under RCW 10.77.060, 10.77.110, 10.77.140, and 10.77.160, and other reports and evaluations provided by professionals familiar with the case, that reasonable grounds exist for release, the secretary may petition the court. If the secretary petitions the court for release under this subsection, notice of the petition must be provided to the person who is the subject of the petition and to his or her attorney.

(3) The petition shall be served upon the court and the prosecuting attorney. The court, upon receipt of the petition for release, shall within forty-five days order a hearing. Continuance of the hearing date shall only be allowed for good cause shown. The prosecuting attorney shall represent the state, and shall have the right to have the petitioner examined by an expert or professional person of the prosecuting attorney's choice. If the petitioner is indigent, and the person so requests, the court shall appoint a qualified expert or professional person to examine him or her. If the petitioner ~~((is developmentally disabled))~~ has a developmental disability, the examination shall be performed by a developmental disabilities professional. The hearing shall be before a jury if demanded by either the petitioner or the prosecuting attorney. The burden of proof shall be upon the petitioner to show by a preponderance of the evidence that the petitioner no longer presents, as a result of a mental disease or defect, a substantial danger to other persons, or a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

~~((3))~~ (4) For purposes of this section, a person affected by a mental disease or defect in a state of remission is considered to have a mental disease or defect requiring supervision when the disease may, with reasonable medical probability, occasionally become active and, when active, render the person a danger to others. Upon a finding that the petitioner has a mental disease or defect in a state of remission under this subsection, the court may deny release, or place or continue such a person on conditional release.

(5) Nothing contained in this chapter shall prohibit the patient from petitioning the court for release or conditional release from the institution in which he or she is committed. The issue to be determined on such proceeding is whether the petitioner, as a result of a mental disease or defect, is a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

(6) Nothing contained in this chapter shall prohibit the committed person from petitioning for release by writ of habeas corpus.

**NEW SECTION. Sec. 7.** A new section is added to chapter 10.77 RCW to read as follows:

(1) The department shall review the costs of the operation of each of the following boards and the rates of recidivism and treatment outcomes for the populations under their jurisdiction as follows:

(a) The Oregon psychiatric security review board's administration of cases involving: (i) Persons judged to be guilty except for insanity; (ii) persons who would have been guilty of a felony or misdemeanor that caused or risked physical injury to another except for insanity; and (iii) persons affected by mental illness and determined to be a substantial danger to others; and

(b) The Virginia community services boards' administration of cases involving persons found not guilty by reason of insanity.

(2) The department shall report the results of its review to the appropriate committees of the legislature by December 15, 2010.

**NEW SECTION. Sec. 8.** A new section is added to chapter 10.77 RCW to read as follows:

For persons who have received court approval for conditional release, the secretary or the secretary's designee shall supervise the person's compliance with the court-ordered conditions of release. The level of supervision provided by the secretary shall correspond to the level of the person's public safety risk. In undertaking supervision of persons under this section, the secretary shall coordinate with any treatment providers designated pursuant to RCW 10.77.150(3), any department of corrections staff designated

## MESSAGE FROM THE HOUSE

March 4, 2010

MR. PRESIDENT:

The House passed SECOND ENGROSSED SUBSTITUTE SENATE BILL NO. 6508 with the following amendment(s): 6508-S.E2 AMH ENGR H5513.E

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 4.20.020 and 2007 c 156 s 29 are each amended to read as follows:

(1) Every ~~((such))~~ action under RCW 4.20.010 shall be for the benefit of the ~~((wife, husband))~~ spouse, state registered domestic partner, ~~((child))~~ or children, including stepchildren, of the person whose death shall have been so caused. If there ~~((be))~~ is no ~~((wife, husband))~~ spouse, state registered domestic partner, or ~~((such))~~ child ~~((or children, such)),~~ the action may be maintained for the benefit of:

~~(b) Sisters or brothers who are financially dependent upon the decedent for support if there is no spouse, state registered domestic partner, child, or parent.~~

In every such action the jury may ~~((give such))~~ award economic and noneconomic damages as ~~((s))~~ under all circumstances of the case ~~((s))~~ may to them seem just. In an action under RCW 4.20.010 that is based on a parent's significant involvement in an adult child's life, economic damages include any student loan balance that the parent may be obligated to repay as a result of acting as a cosigner or guarantor on the decedent's student loans, except for student loan balances that, under the terms of the loan, are eligible for a complete discharge upon the death of the borrower.

(2) For the purposes of this section:

(b) "Significant involvement" means demonstrated support of an emotional, psychological, or financial nature within the relationship, at or reasonably near the time of death, or at or reasonably near the time of the incident causing death. When determining if the parents have had significant involvement in the adult child's life, the court shall consider, but not be limited to, objective evidence of personal, verbal, written, or electronic contact with the adult child, and in-person interaction with the adult child during holidays, birthdays, and other events.

Sec. 2. RCW 4.20.046 and 2008 c 6 s 409 are each amended to read as follows:

(1) All causes of action by a person or persons against another person or persons shall survive to the personal representatives of the

former and against the personal representatives of the latter, whether ~~((such))~~ the actions arise on contract or otherwise, and whether or not ~~((such))~~ the actions would have survived at the common law or prior to the date of enactment of this section ~~((PROVIDED, HOWEVER, That)),~~

Damages under this section are recoverable regardless of whether or not the death was occasioned by the injury that is the basis for the action.

(3) The liability of property of spouses or domestic partners held by them as community property and subject to execution in satisfaction of a claim enforceable against such property so held shall not be affected by the death of either or both spouses or either or both domestic partners; and a cause of action shall remain an asset as though both claiming spouses or both claiming domestic partners continued to live despite the death of either or both claiming spouses or both claiming domestic partners.

~~((2))~~ (4) Where death or an injury to person or property, resulting from a wrongful act, neglect or default, occurs simultaneously with or after the death of a person who would have been liable therefor if his or her death had not occurred simultaneously with such death or injury or had not intervened between the wrongful act, neglect or default and the resulting death or injury, an action to recover damages for such death or injury may be maintained against the personal representative of such person.

Sec. 3. RCW 4.20.060 and 2007 c 156 s 30 are each amended to read as follows:

(1) No action for a personal injury to any person occasioning death shall abate, nor shall ((such)) the right of action ((determine)) terminate, by reason of ((such)) the death(,) if ((such)) the person has a surviving ((spouse, state registered domestic partner, or child living, including stepchildren, or leaving no surviving spouse, state registered domestic partner, or such children, if there is dependent upon the deceased for support and resident within the United States at the time of decedent's death, parents, sisters, or brothers; but such action may be prosecuted, or commenced and prosecuted, by the executor or administrator)) beneficiary in whose favor the action may be brought under subsection (2) of this section.

(2) An action under this section shall be brought by the personal representative of the deceased(,) in favor of ((such)) the surviving spouse or state registered domestic partner(, or in favor of the surviving spouse or state registered domestic partner)) and ((such)) children(, or if), If there is no surviving spouse ((or)) state registered domestic partner, ((in favor of such child)) or children, ((or if no surviving spouse, state registered domestic partner, or such child or children, then)) the action shall be brought in favor of the decedent's:

~~(b) Sisters or brothers who are financially dependent upon the decedent for support if there is no spouse, state registered domestic partner, child, or parent.~~

2010 REGULAR SESSION

suffering, anxiety, emotional distress, or humiliation, in such amounts as determined by a jury to be just under all the circumstances of the case.

(4) For the purposes of this section:

(a) "Financially dependent for support" means substantial dependence based on the receipt of services that have an economic or monetary value, or substantial dependence based on actual monetary payments or contributions; and

(b) "Significant involvement" means demonstrated support of an emotional, psychological, or financial nature within the relationship, at or reasonably near the time of death, or at or reasonably near the time of the incident causing death. When determining if the parents have had significant involvement in the child's life, the court shall consider, but not be limited to, objective evidence of personal, verbal, written, or electronic contact with the child, and in-person interaction with the child during holidays, birthdays, and other events.

**Sec. 4.** RCW 4.24.010 and 1998 c 237 s 2 are each amended to read as follows:

(1) A ~~((mother or father, or both,))~~ parent who has regularly contributed to the support of his or her minor child, ~~((and the mother or father, or both, of a child on whom either, or both, are))~~ or a parent who is financially dependent on a minor child for support or who has had significant involvement in the minor child's life, may maintain or join ~~((as a party))~~ an action as plaintiff for the injury or death of the child.

(2) Each parent, separately from the other parent, is entitled to recover for his or her own loss regardless of marital status, even though this section creates only one cause of action ~~((, but if the parents of the child are not married, are separated, or not married to each other damages may be awarded to each plaintiff separately, as the trier of fact finds just and equitable)).~~

(3) If one parent brings an action under this section and the other parent is not named as a plaintiff, notice of the institution of the suit, together with a copy of the complaint, shall be served upon the other parent: PROVIDED, That notice shall be required only if parentage has been duly established.

Such notice shall be in compliance with the statutory requirements for a summons. Such notice shall state that the other parent must join as a party to the suit within twenty days or the right to recover damages under this section shall be barred. Failure of the other parent to timely appear shall bar such parent's action to recover any part of an award made to the party instituting the suit.

(4) In ~~((such))~~ an action under this section, in addition to damages for medical, hospital, medication expenses, and loss of services and support, damages may be recovered for the loss of love and companionship of the child and for injury to or destruction of the parent-child relationship in such amount as, under all the circumstances of the case, may be just.

(5) For the purposes of this section:

(a) "Financially dependent for support" means substantial dependence based on the receipt of services that have an economic or monetary value, or substantial dependence based on actual monetary payments or contributions; and

(b) "Significant involvement" means demonstrated support of an emotional, psychological, or financial nature within the relationship, at or reasonably near the time of death, or at or reasonably near the time of the incident causing death. When determining if the parents have had significant involvement in the child's life, the court shall consider, but not be limited to, objective evidence of personal, verbal, written, or electronic contact with the child, and in-person interaction with the child during holidays, birthdays, and other events.

**Sec. 5.** RCW 4.92.006 and 2002 c 332 s 10 are each amended to read as follows:

As used in this chapter:

(1) "Office" means the office of financial management.

(2) "Director" means the director of financial management.

(3) "Risk management division" means the division of the office of financial management that carries out the powers and duties under this chapter relating to claim filing, claims administration, and claims payment.

(4) "Risk manager" means the person supervising the risk management division.

(5) "Local government" means every unit of local government, both general purpose and special purpose, and includes, but is not limited to, counties, cities, towns, port districts, public utility districts, irrigation districts, metropolitan municipal corporations, conservation districts, and other political subdivisions, governmental subdivisions, municipal corporations, and quasimunicipal corporations.

**NEW SECTION. Sec. 6.** A new section is added to chapter 4.92 RCW to read as follows:

(1) The local government liability reimbursement account is created as a nonappropriated account in the custody of the state treasurer. Only the state director of risk management or the director's designee may authorize expenditures from the account. Expenditures from the account may be used only to reimburse local governments for judgments, settlements, and reasonable defense costs that are incurred by local governments as a result of this act.

(2) The state director of risk management may authorize expenditures from the local government liability reimbursement account when (a) the head or governing body of a local government certifies to the risk management division that a claim has been settled against a local government under this act; or (b) the clerk of the court has made and forwarded a certified copy of a final judgment in a court of competent jurisdiction and the director of risk management determines that the judgment was entered against a local government in a claim based on this act. Payment of a judgment shall be made to the clerk of the court for the benefit of the judgment creditors. Upon receipt of payment, the clerk shall satisfy the judgment against the local government.

**Sec. 7.** RCW 4.96.020 and 2009 c 433 s 1 are each amended to read as follows:

(1) The provisions of this section apply to claims for damages against all local governmental entities and their officers, employees, or volunteers, acting in such capacity, except that claims involving injuries from health care are governed solely by the procedures set forth in chapter 7.70 RCW and are exempt from this chapter.

(2) The governing body of each local governmental entity shall appoint an agent to receive any claim for damages made under this chapter. The identity of the agent and the address where he or she may be reached during the normal business hours of the local governmental entity are public records and shall be recorded with the auditor of the county in which the entity is located. All claims for damages against a local governmental entity, or against any local governmental entity's officers, employees, or volunteers, acting in such capacity, shall be presented to the agent within the applicable period of limitations within which an action must be commenced. A claim is deemed presented when the claim form is delivered in person or is received by the agent by regular mail, registered mail, or certified mail, with return receipt requested, to the agent or other person designated to accept delivery at the agent's office. The failure of a local governmental entity to comply with the requirements of this section precludes that local governmental entity from raising a defense under this chapter.

(3) For claims for damages presented after July 26, 2009, all claims for damages must be presented on the standard tort claim form that is maintained by the risk management division of the office of financial management, except as allowed under (c) of this

FIFTY EIGHTH DAY, MARCH 9, 2010

subsection. The standard tort claim form must be posted on the office of financial management's web site.

(a) The standard tort claim form must, at a minimum, require the following information:

- (i) The claimant's name, date of birth, and contact information;
  - (ii) A description of the conduct and the circumstances that brought about the injury or damage;
  - (iii) A description of the injury or damage;
  - (iv) A statement of the time and place that the injury or damage occurred;
  - (v) A listing of the names of all persons involved and contact information, if known;
  - (vi) A statement of the amount of damages claimed; and
  - (vii) A statement of the actual residence of the claimant at the time of presenting the claim and at the time the claim arose.
- (b) The standard tort claim form must be signed either:
- (i) By the claimant, verifying the claim;
  - (ii) Pursuant to a written power of attorney, by the attorney in fact for the claimant;
  - (iii) By an attorney admitted to practice in Washington state on the claimant's behalf; or
  - (iv) By a court-approved guardian or guardian ad litem on behalf of the claimant.

(c) Local governmental entities shall make available the standard tort claim form described in this section with instructions on how the form is to be presented and the name, address, and business hours of the agent of the local governmental entity. If a local governmental entity chooses to also make available its own tort claim form in lieu of the standard tort claim form, the form:

- (i) May require additional information beyond what is specified under this section, but the local governmental entity may not deny a claim because of the claimant's failure to provide that additional information;
  - (ii) Must not require the claimant's social security number; and
  - (iii) Must include instructions on how the form is to be presented and the name, address, and business hours of the agent of the local governmental entity appointed to receive the claim.
- (d) If any claim form provided by the local governmental entity fails to require the information specified in this section, or incorrectly lists the agent with whom the claim is to be filed, the local governmental entity is deemed to have waived any defense related to the failure to provide that specific information or to present the claim to the proper designated agent.

(e) Presenting either the standard tort claim form or the local government tort claim form satisfies the requirements of this chapter.

(f) The amount of damages stated on the claim form is not admissible at trial.

(4) No action subject to the claim filing requirements of this section shall be commenced against any local governmental entity, or against any local governmental entity's officers, employees, or volunteers, acting in such capacity, for damages arising out of tortious conduct until sixty calendar days have elapsed after the claim has first been presented to the agent of the governing body thereof. The applicable period of limitations within which an action must be commenced shall be tolled during the sixty calendar day period. For the purposes of the applicable period of limitations, an action commenced within five court days after the sixty calendar day period has elapsed is deemed to have been presented on the first day after the sixty calendar day period elapsed.

(5) With respect to the content of claims under this section and all procedural requirements in this section, this section must be liberally construed so that substantial compliance will be deemed satisfactory.

(6) When any claim for damages is filed against a local governmental entity based on this act, within ten days of the filing the local governmental entity must notify the state risk manager of the claim.

**Sec. 8.** RCW 36.18.020 and 2009 c 572 s 4, 2009 c 479 s 21, and 2009 c 417 s 3 are each reenacted and amended to read as follows:

**Sec. 9.** RCW 46.63.110 and 2009 c 479 s 39 are each amended to read as follows:

(1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is two hundred fifty dollars for each offense; (b) RCW 46.61.210(1) is five hundred dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter it is immediately payable. If the court determines, in its discretion, that a person is not able to pay a monetary obligation in full, and not more than one year has passed since the later of July 1, 2005, or the date the monetary obligation initially became due and payable, the court shall enter into a payment plan with the person, unless the person has previously been granted a payment plan with respect to the same monetary obligation, or unless the person is in noncompliance of any existing or prior payment plan, in which case the court may, at its discretion, implement a payment plan. If the court has notified the department that the person has failed to pay or comply and the person has subsequently entered into a payment plan and made an initial payment, the court shall notify the department that the infraction has been adjudicated, and the department shall rescind any suspension of the person's driver's license or driver's privilege based on failure to respond to that infraction. "Payment plan," as used in this section, means a plan that requires reasonable payments based on the financial ability of the person to pay. The person may voluntarily pay an amount at any time in addition to the payments required under the payment plan.

(a) If a payment required to be made under the payment plan is delinquent or the person fails to complete a community restitution program on or before the time established under the payment plan, unless the court determines good cause therefor and adjusts the payment plan or the community restitution plan accordingly, the court shall notify the department of the person's failure to meet the conditions of the plan, and the department shall suspend the person's driver's license or driving privilege until all monetary obligations, including those imposed under subsections (3) and (4) of this section, have been paid, and court authorized community restitution has been completed, or until the department has been notified that the court has entered into a new time payment or community restitution agreement with the person.

(b) If a person has not entered into a payment plan with the court and has not paid the monetary obligation in full on or before the time established for payment, the court shall notify the department of the delinquency. The department shall suspend the person's driver's license or driving privilege until all monetary obligations have been paid, including those imposed under subsections (3) and (4) of this section, or until the person has entered into a payment plan under this section.

(c) If the payment plan is to be administered by the court, the court may assess the person a reasonable administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee shall not exceed ten dollars per infraction or twenty-five dollars per payment plan, whichever is less.

(d) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan system. When outside entities are used for the administration of a payment plan, the court may assess the person a reasonable fee for such administrative services, which fee may be calculated on a periodic, percentage, or other basis.

(e) If a court authorized community restitution program for offenders is available in the jurisdiction, the court may allow conversion of all or part of the monetary obligations due under this section to court authorized community restitution in lieu of time payments if the person is unable to make reasonable time payments.

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed:

(a) A fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040;

(b) A fee of ten dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the Washington auto theft prevention authority account; and

(c) A fee of two dollars per infraction. Revenue from this fee shall be forwarded to the state treasurer for deposit in the traumatic brain injury account established in RCW 74.31.060.

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 shall be assessed an additional penalty of twenty dollars. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a court authorized community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the court authorized community restitution program.

(b) Eight dollars and fifty cents of the additional penalty under (a) of this subsection shall be remitted to the state treasurer. The

FIFTY EIGHTH DAY, MARCH 9, 2010

remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited in the state general fund. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city current expense fund. Moneys retained by the city or county under this subsection shall constitute reimbursement for any liabilities under RCW 43.135.060.

(9) Until July 1, 2015, in addition to any other penalties imposed under this section, and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed an additional penalty of five dollars. Revenue from this penalty shall be remitted to the state treasurer for deposit in the local government liability reimbursement account created in section 6 of this act.

(10) If a legal proceeding, such as garnishment, has commenced to collect any delinquent amount owed by the person for any penalty imposed by the court under this section, the court may, at its discretion, enter into a payment plan.

~~((10))~~ (11) The monetary penalty for violating RCW 46.37.395 is: (a) Two hundred fifty dollars for the first violation; (b) five hundred dollars for the second violation; and (c) seven hundred fifty dollars for each violation thereafter.

**NEW SECTION. Sec. 10.** This act applies to all causes of action that are based on deaths occurring on or after the effective date of this act.

**NEW SECTION. Sec. 11.** (1) On December 1, 2011, and every December 1st thereafter, the risk management division within the office of financial management shall report to the house of representatives ways and means committee, the house of representatives judiciary committee, the senate ways and means committee, and the senate government operations and elections committee, or successor committees, on the incidents covered by this act that involve state agencies.

(2) On December 1, 2011, and every December 1st thereafter, each local government risk pool or local government risk management division, or the equivalent in local governments, shall report to the legislative body of the local government on the incidents covered by this act that involve the local government.

(3) This section expires December 2, 2016.

#### MOTION

Senator Fairley moved that the Senate refuse to concur in the House amendment(s) to Second Engrossed Substitute Senate Bill No. 6508 and ask the House to recede therefrom.

#### POINT OF ORDER

Senator Brandland: "Mr. President, I rise to two points of order on Second Engrossed Substitute Senate Bill No. 6508. I believe that the House amendments to Second Engrossed Substitute Senate Bill No. 6508 are beyond the scope and object of the bill as it left the Senate in violation of Senate Rule 66 and I also believe the title of the bill is improper under Rule 25. I have some arguments to offer. It's about three pages, I'd be happy to read them but, if you like, I'll submit them if you like."

#### 2010 REGULAR SESSION PARLIAMENTARY INQUIRY

Senator Fairley: "I've asked us not to concur to those amendments so how can you object to them if we're not concurring?"

#### REPLY BY THE PRESIDENT

President Owen: "Senator Fairley, there's two ways of to dispose of amendments. One is, as you stated, ask them to recede and the other is to have them ruled upon as Senator Brandland has requested."

Senator Gordon spoke against the point of order.

#### MOTION

On motion of Senator Eide, further consideration of Second Engrossed Substitute Senate Bill No. 6508 was deferred and the bill held its place on the calendar.

MESSAGE FROM THE HOUSE

March 5, 2010

MR. PRESIDENT:

The House passed SENATE BILL NO. 6308 with the following amendment(s): 6308 AMH KIRB SILV 057

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that there have been ongoing, egregious examples of certain residents of the special commitment center having illegal child pornography, other prohibited pornography, and other banned materials on their computers. The legislature also finds that activities at the special commitment center must be designed and implemented to meet the treatment goals of the special commitment center, and proper and appropriate computer usage is one such activity. The legislature also finds that by linking computer usage to treatment plans, residents are less likely to have prohibited materials on their computers and are more likely to successfully complete their treatment plans. Therefore, the legislature finds that residents' computer usage in compliance with conditions placed on computer usage is essential to achieving their therapeutic goals. If residents' usage of computers is not in compliance or is not related to meeting their treatment goals, computer usage will be limited in order to prevent or reduce residents' access to prohibited materials.

**Sec. 2.** RCW 71.09.080 and 2009 c 409 s 7 are each amended to read as follows:

(1) Any person subjected to restricted liberty as a sexually violent predator pursuant to this chapter shall not forfeit any legal right or suffer any legal disability as a consequence of any actions taken or orders made, other than as specifically provided in this chapter, or as otherwise authorized by law.

(2) (a) Any person committed or detained pursuant to this chapter shall be prohibited from possessing or accessing a personal computer if the resident's individualized treatment plan states that access to a computer is harmful to bringing about a positive response to a specific and certain phase or course of treatment.

(b) A person who is prohibited from possessing or accessing a personal computer under (a) of this subsection (2) shall be permitted to access a limited functioning personal computer capable of word processing and limited data storage on the computer only that does not have: (i) Internet access capability; (ii) an optical drive, external drive, universal serial bus port, or similar drive capability; or (iii) the capability to display photographs, images, videos, or motion pictures, or similar display capability from any drive or port capability listed under (ii) of this subsection (2)(b).

FIFTY EIGHTH DAY, MARCH 9, 2010

2010 REGULAR SESSION

(3) Any person committed pursuant to this chapter has the right to adequate care and individualized treatment. The department of social and health services shall keep records detailing all medical, expert, and professional care and treatment received by a committed person, and shall keep copies of all reports of periodic examinations made pursuant to this chapter. All such records and reports shall be made available upon request only to: The committed person, his or her attorney, the prosecuting attorney, the court, the protection and advocacy agency, or another expert or professional person who, upon proper showing, demonstrates a need for access to such records.

((3))(4) At the time a person is taken into custody or transferred into a facility pursuant to a petition under this chapter, the professional person in charge of such facility or his or her designee shall take reasonable precautions to inventory and safeguard the personal property of the persons detained or transferred. A copy of the inventory, signed by the staff member making it, shall be given to the person detained and shall, in addition, be open to inspection to any responsible relative, subject to limitations, if any, specifically imposed by the detained person. For purposes of this subsection, "responsible relative" includes the guardian, conservator, attorney, spouse, parent, adult child, or adult brother or sister of the person. The facility shall not disclose the contents of the inventory to any other person without consent of the patient or order of the court.

((4))(5) Nothing in this chapter prohibits a person presently committed from exercising a right presently available to him or her for the purpose of obtaining release from confinement, including the right to petition for a writ of habeas corpus.

((5))(6) No indigent person may be conditionally released or unconditionally discharged under this chapter without suitable clothing, and the secretary shall furnish the person with such sum of money as is required by RCW 72.02.100 for persons without ample funds who are released from correctional institutions. As funds are available, the secretary may provide payment to the indigent persons conditionally released pursuant to this chapter consistent with the optional provisions of RCW 72.02.100 and 72.02.110, and may adopt rules to do so.

((6))(7) If a civil commitment petition is dismissed, or a trier of fact determines that a person does not meet civil commitment criteria, the person shall be released within twenty-four hours of service of the release order on the superintendent of the special commitment center, or later by agreement of the person who is the subject of the petition.

**NEW SECTION. Sec. 3.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

FIFTY EIGHTH DAY, MARCH 9, 2010

2010 REGULAR SESSION

March 3, 2010

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 6639 with the following amendment(s): 6639-S AMH HS H5394.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.94A.030 and 2009 c 375 s 4 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed as part of a sentence under this chapter and served in the community subject to controls placed on the offender's movement and activities by the department.

(6) "Community protection zone" means the area within eight hundred eighty feet of the facilities and grounds of a public or private school.

(7) "Community restitution" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(9) "Conviction" means an adjudication of guilt pursuant to Title 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

(10) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(11) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere.

(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's pardon.

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated

pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(12) "Criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name or common identifying sign or symbol, having as one of its primary activities the commission of criminal acts, and whose members or associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. This definition does not apply to employees engaged in concerted activities for their mutual aid and protection, or to the activities of labor and bona fide nonprofit organizations or their members or agents.

(13) "Criminal street gang associate or member" means any person who actively participates in any criminal street gang and who intentionally promotes, furthers, or assists in any criminal act by the criminal street gang.

(a) To gain admission, prestige, or promotion within the gang;

(b) To increase or maintain the gang's size, membership, prestige, dominance, or control in any geographical area;

(c) To exact revenge or retribution for the gang or any member of the gang;

(d) To obstruct justice, or intimidate or eliminate any witness against the gang or any member of the gang;

(e) To directly or indirectly cause any benefit, aggrandizement, gain, profit, or other advantage for the gang, its reputation, influence, or membership; or

(f) To provide the gang with any advantage in, or any control or dominance over any criminal market sector, including, but not limited to, manufacturing, delivering, or selling any controlled substance (chapter 69.50 RCW); arson (chapter 9A.48 RCW); trafficking in stolen property (chapter 9A.82 RCW); promoting prostitution (chapter 9A.88 RCW); human trafficking (RCW 9A.40.100); or promoting pornography (chapter 9.68 RCW).

(17) "Department" means the department of corrections.

(18) "Determinate sentence" means a sentence that states with exactitude the number of actual years, months, or days of total confinement, of partial confinement, of community custody, the number of actual hours or days of community restitution work, or dollars or terms of a legal financial obligation. The fact that an offender through earned release can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(19) "Disposable earnings" means that part of the earnings of an offender remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial

(d) If the department is unable to approve the offender's release plan, the department may do one or more of the following:

(i) Transfer an offender to partial confinement in lieu of earned early release for a period not to exceed three months. (ii) Provide rental vouchers to the offender for a period not to exceed three months if rental assistance will result in an approved release plan. (2) When the department is considering partial confinement as part of the parenting program for an offender, the department shall inquire of the individual and the children's administration with the Washington state department of social and health services whether the agency has an open child welfare case or prior substantiated referral for abuse or neglect involving the offender. If the children's administration or a tribal jurisdiction has an open child welfare case,

the department will seek input from the children's administration or the involved tribal jurisdiction as to: (a) The status of the child welfare case; and (b) recommendations regarding placement of the offender and services required of the department and the court governing the individual's child welfare case. #### MESSAGE FROM THE HOUSE

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 6702 with the following amendment(s): 6702-S2 AMH DAMM H5567.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. INTENT. The legislature intends to provide for the operation of education programs for juvenile inmates incarcerated in adult jails.

The legislature finds that this chapter fully satisfies any constitutional duty to provide education programs for juvenile inmates in adult jails. The legislature further finds that biennial appropriations for education programs under this chapter amply provide for any constitutional duty to educate juvenile inmates in adult jails.

NEW SECTION. Sec. 2. EDUCATION PROGRAMS FOR JUVENILES IN ADULT JAILS. A program of education shall be made available for juvenile inmates by adult jail facilities and the several school districts of the state for persons under the age of eighteen years who have been incarcerated in any adult jail facilities operated under the authority of chapter 70.48 RCW. Each school district within which there is located an adult jail facility shall, singly or in concert with another school district pursuant to RCW 28A.335.160 and 28A.225.250 or chapter 39.34 RCW, conduct a program of education, including related student activities for inmates in adult jail facilities. School districts are not precluded from contracting with educational service districts, community and technical colleges, four-year institutions of higher education, or other qualified entities to provide all or part of these education programs. The division of duties, authority, and liabilities of the adult jail facilities and the several school districts of the state respecting the educational programs shall be as provided for in this chapter with regard to programs for juveniles in adult jail facilities.

NEW SECTION. Sec. 3. "ADULT JAIL FACILITY"--DEFINED. As used in this chapter, "adult jail facility" means an adult jail operated under the authority of chapter 70.48 RCW.

NEW SECTION. Sec. 4. DUTIES, AUTHORITY, AND RESPONSIBILITIES OF EDUCATION PROVIDER. (1) Except as otherwise provided for by contract under section 7 of this act, the duties and authority of a school district, educational service district, institution of higher education, or private contractor to provide for education programs under this chapter include:

(a) Employing, supervising, and controlling administrators, teachers, specialized personnel, and other persons necessary to conduct education programs, subject to security clearance by the adult jail facilities;

(b) Purchasing, leasing, renting, or providing textbooks, maps, audiovisual equipment paper, writing instruments, physical education equipment, and other instructional equipment, materials, and supplies deemed necessary by the provider of the education programs;

(c) Conducting education programs for inmates under the age of eighteen in accordance with program standards established by the superintendent of public instruction;

(d) Expending funds for the direct and indirect costs of maintaining and operating the program of education that are appropriated by the legislature and allocated by the superintendent of public instruction for the exclusive purpose of maintaining and operating education programs for juvenile inmates incarcerated in adult jail facilities, in addition to funds from federal and private grants, and bequests, and gifts made for the purpose of maintaining and operating the program of education; and

FIFTY EIGHTH DAY, MARCH 9, 2010

(e) Providing educational services to juvenile inmates within five school days of receiving notification from an adult jail facility within the district's boundaries that an individual under the age of eighteen has been incarcerated.

(2) The school district, educational service district, institution of higher education, or private contractor shall develop the curricula, instruction methods, and educational objectives of the education programs, subject to applicable requirements of state and federal law. For inmates who are under the age of eighteen when they commence the program and who have not met high school graduation requirements, such courses of instruction and school-related student activities as are provided by the school district for students outside of adult jail facilities shall be provided by the school district for students in adult jail facilities, to the extent that it is practical and judged appropriate by the school district and the administrator of the adult jail facility.

**NEW SECTION. Sec. 5. SCHOOL DISTRICTS--ADDITIONAL AUTHORITY AND LIMITATION.** School districts providing an education program to juvenile inmates in an adult jail facility, may:

(1) Award appropriate diplomas or certificates to juvenile inmates who successfully complete graduation requirements;

(2) Allow students eighteen years of age who have participated in an education program under this chapter to continue in the program, under rules adopted by the superintendent of public instruction; and

(3) Spend only funds appropriated by the legislature and allocated by the superintendent of public instruction for the exclusive purpose of maintaining and operating education programs under this chapter, including direct and indirect costs of maintaining and operating the education programs, and funds from federal and private grants, bequests, and gifts made for that purpose. School districts may not expend excess tax levy proceeds authorized for school district purposes to pay costs incurred under this chapter.

**NEW SECTION. Sec. 6. SUPPORT OF EDUCATION PROGRAMS.** To support each education program under this chapter, the adult jail facility and each superintendent or chief administrator of an adult jail facility shall:

(1) Provide necessary access to existing instructional and exercise spaces for the education program that are safe and secure;

(2) Provide equipment deemed necessary by the adult jail facility to conduct the education program;

(3) Maintain a clean and appropriate classroom environment that is sufficient to meet the program requirements and consistent with security conditions;

(4) Provide appropriate supervision of juvenile inmates consistent with security conditions to safeguard agents of the education providers and juvenile inmates while engaged in educational and related activities conducted under this chapter;

(5) Provide such other support services and facilities deemed necessary by the adult jail facilities to conduct the education program;

(6) Provide the available medical and mental health records necessary to a determination by the school district of the educational needs of the juvenile inmate; and

(7) Notify the school district within which the adult jail facility resides within five school days that an eligible juvenile inmate has been incarcerated in the adult jail facility.

**NEW SECTION. Sec. 7. CONTRACT BETWEEN SCHOOL DISTRICTS AND ADULT JAIL FACILITIES.** Each education provider under this chapter and the adult jail facility shall negotiate and execute a written contract for each school year, or such longer period as may be agreed to, that delineates the manner in which their respective duties and authority will be cooperatively performed and exercised, and any disputes and grievances resolved

through mediation, and if necessary, arbitration. Any such contract may provide for the performance of duties by an education provider in addition to those in this chapter, including duties imposed upon the adult jail facility and its agents under section 6 of this act, if supplemental funding is available to fully pay the direct and indirect costs of these additional duties.

**NEW SECTION. Sec. 8. EDUCATION SITE CLOSURES OR REDUCTION IN SERVICES--NOTICE.** (1) By September 30, 2010, districts must, in coordination with adult jail facilities residing within their boundaries, submit an instructional service plan to the office of the superintendent of public instruction. Service plans must meet requirements stipulated in the rules developed in accordance with section 9 of this act, provided that (a) the rules shall not govern requirements regarding security within the jail facility nor the physical facility of the adult jail, including but not limited to, the classroom space chosen for instruction, and (b) any excess costs to the jails associated with implementing rules shall be negotiated pursuant to the contractual agreements between the education provider and adult jail facility.

(2) Once districts have submitted a plan to the office of the superintendent of public instruction, districts are not required to resubmit their plans unless either districts or adult jail facilities initiate a significant change to their plans.

(3) An adult jail facility shall notify the office of the superintendent of public instruction as soon as practicable upon the closure of any adult jail facility or upon the adoption of a policy that no juvenile shall be held in the adult jail facility.

**NEW SECTION. Sec. 9. ALLOCATION OF MONEY--ACCOUNTABILITY REQUIREMENTS--RULES.** The superintendent of public instruction shall:

(1) Allocate money appropriated by the legislature to administer and provide education programs under this chapter to school districts that have assumed the primary responsibility to administer and provide education programs under this chapter or to the educational service district operating the program under contract; and

(2) Adopt rules that apply to school districts and educational providers in accordance with chapter 34.05 RCW that establish reporting, program compliance, audit, and such other accountability requirements as are reasonably necessary to implement this chapter and related provisions of the omnibus appropriations act effectively. In adopting the rules pursuant to this subsection, the superintendent of public instruction shall collaborate with representatives from the Washington association of sheriffs and police chiefs and shall attempt to negotiate rules that deliver the educational program in the most cost-effective manner while, to the extent practicable, not imposing additional costs on local jail facilities.

**NEW SECTION. Sec. 10.** Sections 1 through 9 of this act constitute a new chapter in Title 28A RCW.

**NEW SECTION. Sec. 11.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

#### MESSAGE FROM THE HOUSE

February 28, 2010

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6582 with the following amendment(s): 6582-S.E AMH ENGR H5361.E

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 18.88A.010 and 1991 c 16 s 1 are each amended to read as follows:

(1) The legislature takes special note of the contributions made by nursing assistants in health care facilities whose tasks are arduous and whose working conditions may be contributing to the high and often critical turnover among the principal cadre of health care workers who provide for the basic needs of patients. The legislature also recognizes the growing shortage of nurses as the proportion of the elderly population grows and as the acuity of patients in hospitals and nursing homes becomes generally more severe.

(2) The legislature finds and declares that:

(a) Occupational nursing assistants should have a formal system of educational and experiential qualifications leading to career mobility and advancement. The establishment of such a system should bring about a more stabilized workforce in health care facilities, as well as provide a valuable resource for recruitment into licensed nursing practice.

~~((The legislature finds that))~~ (b) The quality of patient care in health care facilities is dependent upon the competence of the personnel who staff their facilities. To assure the availability of trained personnel in health care facilities the legislature recognizes the need for training programs for nursing assistants.

~~((The legislature declares that))~~ (c) Certified home care aides and medical assistants are a valuable potential source of nursing assistants who will be needed to meet the care needs of the state's growing aging population. To assure continued opportunity for recruitment into licensed nursing practice and career advancement for certified home care aides and medical assistants, nursing assistant training programs should recognize the relevant training and experience obtained by these credentialed professionals. By taking advantage of the authority granted under the federal social security act to certify nursing assistants through a state-approved competency evaluation program as a federally recognized alternative to the state-approved training and competency evaluation program, the legislature intends to increase the potential for

recruitment into licensed nursing practice while maintaining a single standard for competency evaluation of certified nursing assistants.

(d) The registration of nursing assistants and providing for voluntary certification of those who wish to seek higher levels of qualification is in the interest of the public health, safety, and welfare.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$2,400,000 of the motor vehicle account--state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. The department shall prioritize low-cost enhancement projects on a statewide rather than regional basis. By September 1st of each even-numbered year, the department shall provide a report to the legislature listing all low-cost enhancement projects prioritized on a statewide rather than regional basis completed in the prior year.

(2) The department, in consultation with the Washington state patrol, may continue a pilot program for the patrol to issue infractions based on information from automated traffic safety cameras in roadway construction zones on state highways. For the purpose of this pilot program, during the 2009-11 fiscal biennium, a roadway construction zone includes areas where public employees or private contractors are not present but where a driving condition exists that would make it unsafe to drive at higher speeds, such as, when the department is redirecting or realigning lanes on any public roadway pursuant to ongoing construction. The department shall use the following guidelines to administer the program:

(a) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;

(b) The department shall plainly mark the locations where the automated traffic safety cameras are used by placing signs on locations that clearly indicate to a driver that he or she is entering a roadway construction zone where traffic laws are enforced by an automated traffic safety camera;

(c) Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;

(d) The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the patrol, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;

(e) For purposes of the 2009-11 fiscal biennium pilot program, infractions detected through the use of automated traffic safety

FIFTY EIGHTH DAY, MARCH 9, 2010

cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras must be processed in the same manner as parking infractions for the purposes of RCW 3.50.100, 35.20.220, 46.16.216, and 46.20.270(3). However, the amount of the fine issued under this subsection (2) for an infraction generated through the use of an automated traffic safety camera is one hundred thirty-seven dollars. The court shall remit thirty-two dollars of the fine to the state treasurer for deposit into the state patrol highway account; and

(f) If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction must be dismissed against the business if it mails to the patrol, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the patrol within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be included with each automated traffic infraction notice issued, along with instructions for its completion and use.

(3) The department shall implement a pilot project to evaluate the benefits of using electronic traffic flagging devices. Electronic traffic flagging devices must be tested by the department at multiple sites and reviewed for efficiency and safety. The department shall report to the transportation committees of the legislature on the best use and practices involving electronic traffic flagging devices, including recommendations for future use, by June 30, 2010.

(4) \$173,000 of the motor vehicle account--state appropriation is provided solely for the department to continue a pilot tow truck incentive program and to expand the program to other areas of the state. The department may provide incentive payments to towing companies that meet clearance goals on accidents that involve heavy trucks. The department shall report to the office of financial management and the transportation committees of the legislature on the effectiveness of the clearance goals and submit recommendations to improve the pilot program with the department's 2010 supplemental omnibus transportation appropriations act submittal. The tow truck incentive program may continue to provide incentives for quick clearance of traffic incidents involving large vehicles. The department shall make recommendations as part of its biennial budget proposal for expanding the use of the incentive program.

(5) \$92,000 of the motor vehicle account--state appropriation is provided solely for operating a new active traffic management system on Interstate 5, Interstate 90, and SR 520. The department shall track the costs associated with these systems on a corridor basis and report to the legislative transportation committees on the cost and benefits of the system.

(6) To the extent practicable, the department shall synchronize traffic lights on state route number 161 in the vicinity of Puyallup.

(7) During the 2009-11 biennium, the department shall implement a pilot program that expands private transportation providers' access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle:

(a) Auto transportation company vehicles regulated under chapter

81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles. For purposes of this subsection, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees. By June 30, 2011, the department shall report to the transportation committees of the legislature on whether private transportation provider use of high occupancy vehicle lanes under the pilot program reduces the speeds of high occupancy vehicle lanes. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure.

FIFTY EIGHTH DAY, MARCH 9, 2010

2010 REGULAR SESSION

The appropriations in this section are subject to the following conditions and limitations:

(1) \$150,000 of the motor vehicle account--federal appropriation is provided solely for the costs to develop an electronic map-based computer application that will enable law enforcement officers and others to more easily locate collisions and other incidents in the field.

(2) \$400,000 of the ~~((motor vehicle account))~~ multimodal transportation account--state appropriation is provided solely for a diesel multiple unit feasibility and initial planning study. The study must evaluate potential service on the Stampede Pass line from Maple Valley to Auburn via Covington. The study must evaluate the potential demand for service, the business model and capital needs for launching and running the line, and the need for improvements in switching, signaling, and tracking. The study must also consider the interconnectivity benefits of, and potential for, future Amtrak Cascades stops in south King county and north Pierce county. As part of its consideration, the department shall conduct a thorough market analysis of the potential for adding or changing stops on the Amtrak Cascades route. The department shall amend the scope, schedule, and budget of the current study process to accommodate the market analysis. A report on the study must be submitted to the legislature by ~~((June))~~ September 30, 2010.

(3) ~~((243,000))~~ \$365,000 of the motor vehicle account--state appropriation and \$81,000 of the motor vehicle account--federal appropriation are provided solely for the development of a freight database to help guide freight investment decisions and track project effectiveness. The database must be based on truck movement tracked through geographic information system technology. For the remainder of the biennium, the department may expand data collection to any highways that have high truck volumes. TransNow shall contribute additional federal funds that are not appropriated in this act. The department shall work with the freight mobility strategic investment board to implement this database.

(4) \$2,000,000 of the motor vehicle account--state appropriation is provided solely for scoping unfunded state highway projects to ensure that a well-vetted project list is available for future program funding discussions.

(a) It is the intent of the legislature that the funding provided in this subsection support the development of transportation solutions that benefit all state residents, including addressing the impacts of traffic diversion from tolled facilities. It is further the intent of the legislature that the buying power of future revenue packages is maximized.

(b) Scoping work must be consistent with achieving transportation system policy goals as stated in RCW 47.04.280.

(c) The department shall provide cost-effective design solutions that achieve the desired functional outcomes. This may be achieved by providing one or more design alternatives for legislative consideration, based on a reasonable range of assumptions about traffic volume and speeds.

(d) Prior to the commencement of the 2011 legislative session, the department shall provide a report to the legislative transportation committees and the office of financial management that includes estimated costs and construction time frames.

(5) \$150,000 of the motor vehicle account--state appropriation is provided solely for a corridor study of state route number 516 from the eastern border of Maple Valley to state route number 167 to determine whether improvements are needed and the costs of any needed improvements.

(6) \$500,000 of the multimodal transportation account--federal appropriation is provided solely for continued support of the International Mobility and Trade Corridor project and for the department to work with the Whatcom council of governments to examine potential improvements to international border freight and

passenger rail movement and the use of diesel multiple units.

(7) \$80,000 of the motor vehicle account--state appropriation is provided solely to continue existing work regarding feasibility of a new interchange between Rochester and Harrison Avenue on Interstate 5.

**Sec. 221.** 2009 c 470 s 222 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION--PUBLIC TRANSPORTATION--PROGRAM V

Regional Mobility Grant Program Account--State

Appropriation.....((~~\$54,677,000~~))  
\$65,274,000

Multimodal Transportation Account--State

Appropriation.....((~~\$65,795,000~~))  
\$65,667,000

Multimodal Transportation Account--Federal

Appropriation.....((~~\$2,582,000~~))

Multimodal Transportation Account--Private/Local

Appropriation.....((~~\$1,027,000~~))  
\$1,025,000

TOTAL APPROPRIATION.....((~~\$124,081,000~~))  
\$134,539,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$25,000,000 of the multimodal transportation account--state appropriation is provided solely for a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation.

(a) \$5,500,000 of the amount provided in this subsection is provided solely for grants to nonprofit providers of special needs transportation. Grants for nonprofit providers shall be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided.

(b) \$19,500,000 of the amount provided in this subsection is provided solely for grants to transit agencies to transport persons with special transportation needs. To receive a grant, the transit agency must have a maintenance of effort for special needs transportation that is no less than the previous year's maintenance of effort for special needs transportation. Grants for transit agencies shall be prorated based on the amount expended for demand response service and route deviated service in calendar year 2007 as reported in the "Summary of Public Transportation - 2007" published by the department of transportation. No transit agency may receive more than thirty percent of these distributions.

(2) Funds are provided for the rural mobility grant program as follows:

(a) \$8,500,000 of the multimodal transportation account--state appropriation is provided solely for grants for those transit systems serving small cities and rural areas as identified in the "Summary of Public Transportation - 2007" published by the department of transportation. Noncompetitive grants must be distributed to the transit systems serving small cities and rural areas in a manner similar to past disparity equalization programs.

(b) \$8,500,000 of the multimodal transportation account--state appropriation is provided solely to providers of rural mobility service in areas not served or underserved by transit agencies through a competitive grant process.

(3) \$7,000,000 of the multimodal transportation account--state appropriation is provided solely for a vanpool grant program for: (a) Public transit agencies to add vanpools or replace vans; and (b) incentives for employers to increase employee vanpool use. The grant program for public transit agencies will cover capital costs only; operating costs for public transit agencies are not eligible for

FIFTY EIGHTH DAY, MARCH 9, 2010

funding under this grant program. Additional employees may not be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. The department shall encourage grant applicants and recipients to leverage funds other than state funds. At least \$1,600,000 of this amount must be used for vanpool grants in congested corridors.

(4) \$400,000 of the multimodal transportation account--state appropriation is provided solely for a grant for a flexible carpooling pilot project program to be administered and monitored by the department. Funds are appropriated for one time only. The pilot project program must: Test and implement at least one flexible carpooling system in a high-volume commuter area that enables carpooling without prearrangement; utilize technologies that, among other things, allow for transfer of ride credits between participants; and be a membership system that involves prescreening to ensure safety of the participants. The program must include a pilot project that targets commuter traffic on the state route number 520 bridge. The department shall submit to the legislature by December 2010 a report on the program results and any recommendations for additional flexible carpooling programs.

(5) \$3,318,000 of the multimodal transportation account--state appropriation and \$21,248,000 of the regional mobility grant program account--state appropriation are reappropriated and provided solely for the regional mobility grant projects identified on the LEAP Transportation Document 2007-B, as developed April 20, 2007, or the LEAP Transportation Document 2006-D, as developed March 8, 2006. The department shall continue to review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. The department shall promptly close out grants when projects have been completed, and any remaining funds available to the office of transit mobility must be used only to fund projects on the LEAP Transportation Document 2006-D, as developed March 8, 2006; the LEAP Transportation Document 2007-B, as developed April 20, 2007; or the LEAP Transportation Document 2009-B, as developed April 24, 2009. It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule. However, the Chuckanut park and ride project (101100G) is recognized as a crucial investment in the transportation system. For this reason, the department shall not close out the grant for the Chuckanut park and ride project until Skagit transit has exhausted all other pending opportunities for federal and local funds. If additional funds cannot be secured, the department shall consider this project a priority in the 2011-13 grant process. The department shall make every effort to advance the Chuckanut park and ride project within existing resources.

(6) \$33,429,000 of the regional mobility grant program account-- state appropriation is provided solely for the regional mobility grant projects identified in LEAP Transportation Document 2009-B, as developed April 24, 2009. The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and any remaining funds available to the office of transit mobility must be used only to fund projects identified in LEAP Transportation Document 2009-B, as developed April 24, 2009. The department shall provide annual status reports on December 15, 2009, and December 15, 2010, to the office of financial management and the transportation committees of the legislature regarding the projects

receiving the grants. It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule.

(7) \$10,596,768 of the regional mobility grant program account-- state appropriation must be obligated no later than December 31, 2010, and is provided solely for the following recommended contingency regional mobility grant projects identified in the 2009-11 omnibus transportation appropriations act, LEAP Transportation Document 2009-B, as developed April 24, 2009, as follows:

(a) \$4,000,000 is provided solely for the Rainier/Jackson transit priority corridor improvements;

(b) \$2,100,000 is provided solely for the state route number 522 west city limits to Northeast 180th stage 2A (91st Ave NE to west of 96th Ave NE) project; and

(c) \$4,496,768 is provided solely for the sound transit express bus expansion - Snohomish to King county project.

(8) \$300,000 of the multimodal transportation account--state appropriation is provided solely for a transportation demand management program, developed by the Whatcom council of governments, to further reduce drive-alone trips and maximize the use of sustainable transportation choices. The community-based program must focus on all trips, not only commute trips, by providing education, assistance, and incentives to four target audiences: (a) Large work sites; (b) employees of businesses in downtown areas; (c) school children; and (d) residents of Bellingham.

~~((8))~~ (9) \$130,000 of the multimodal transportation account--state appropriation is provided solely to the department to distribute to support Engrossed Substitute House Bill No. 2072 (special needs transportation).

(a) \$80,000 of the amount provided in this subsection is provided solely for implementation of the work group related to federal requirements in section 1, chapter . . . (Engrossed Substitute House Bill No. 2072), Laws of 2009.

(b) \$50,000 of the amount provided in this subsection is provided solely to support the pilot project to be developed or implemented by the local coordinating coalition comprised of a single county, described in sections 9, 10, and 11, chapter . . . (Engrossed Substitute House Bill No. 2072), Laws of 2009. The department shall assist the local coordinating coalition to seek funding sufficient to fully fund the pilot project from a variety of sources including, but not limited to, the regional transit authority serving the county, the regional transportation planning organization serving the county, and other appropriate state and federal agencies and grants. Development or implementation of the pilot project is contingent on securing funding sufficient to fully fund the pilot project.

(c) If Engrossed Substitute House Bill No. 2072 is not enacted by June 30, 2009, the amount provided in this subsection ~~((8))~~ (9) lapses. If Engrossed Substitute House Bill No. 2072 is enacted by June 30, 2009, but a commitment from other sources to fully fund the pilot project described in (b) of this subsection has not been obtained by September 30, 2009, the amount provided in (b) of this subsection lapses.

~~((9))~~ (10) Funds provided for the commute trip reduction program may also be used for the growth and transportation efficiency center program.

~~((10))~~ (11) An affected urban growth area that has not previously implemented a commute trip reduction program is exempt from the requirements in RCW 70.94.527 if a solution to address the state highway deficiency that exceeds the person hours of delay threshold has been funded and is in progress during the 2009-11 fiscal biennium.

FIFTY EIGHTH DAY, MARCH 9, 2010

2010 REGULAR SESSION

~~((44))~~ (12) \$2,309,000 of the multimodal transportation account-- state appropriation is provided solely for the tri-county connection service for Island, Skagit, and Whatcom transit agencies. (13) During the 2009-11 biennium, the department shall implement a pilot project that expands opportunities for private transportation providers' use of high occupancy vehicle lanes, transit-only lanes, and certain park and ride facilities. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure. The pilot project must establish that to receive grant funding from a program administered by the public transportation office of the department during the 2009-11 biennium, the local jurisdiction in which the applicant is located must be able to show that it has in place an application process for the reasonable use by private transportation providers of high occupancy vehicle lanes, transit-only lanes, and certain park and ride facilities that are regulated by the local jurisdiction. If a private transportation provider clearly demonstrates that the local jurisdiction failed to consider an application in good faith, the department may not award the jurisdiction any grant funding. Reasonable use exists if the private transportation provider has applied for the use of: (a) High occupancy vehicle or transit-only lanes, and such use will not interfere with the safety of public transportation operations and not reduce the speed of the lanes more than five percent during peak hours; and (b) a park and ride lot (i) during peak hours at a lot that is below ninety percent capacity during peak hours or (ii) during off-peak hours only. A transit agency may require that a private transportation provider enter into an agreement for use of the park and ride lot, and may include provisions to recover actual costs for the use of the lot and its related facilities. For purposes of this subsection: A "private transportation provider" means an auto transportation company regulated under chapter 81.68 RCW; a passenger charter carrier regulated under chapter 81.70 RCW; a private nonprofit transportation provider regulated under chapter 81.66 RCW; or a private employer transportation service provider; and "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees.

Sec. 222. 2009 c 470 s 223 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF  
 TRANSPORTATION--MARINE--PROGRAM X  
 Puget Sound Ferry Operations Account--State

Appropriation.....(~~\$400,592,000~~)  
 \$425,922,000

The appropriation in this section is subject to the following conditions and limitations:

(1) (~~\$53,140,560~~) \$78,754,952 of the Puget Sound ferry operations account--state appropriation is provided solely for auto ferry vessel operating fuel in the 2009-11 fiscal biennium. This appropriation is contingent upon the enactment of sections 716 and 701 of this act. All fuel purchased by the Washington state ferries at Harbor Island truck terminal for the operation of the Washington state ferries diesel powered vessels must be a minimum of five percent biodiesel blend so long as the per gallon price of diesel containing a five percent biodiesel blend level does not exceed the per gallon price of diesel by more than five percent.

(2) To protect the waters of Puget Sound, the department shall investigate nontoxic alternatives to fuel additives and other commercial products that are used to operate, maintain, and preserve vessels.

(3) If, after the department's review of fares and pricing policies, the department proposes a fuel surcharge, the department must evaluate other cost savings and fuel price stabilization strategies that

would be implemented before the imposition of a fuel surcharge. The department shall report to the legislature and transportation commission on its progress of implementing new fuel forecasting and budgeting practices, price hedging contracts for fuel purchases, and fuel conservation strategies by November 30, 2010.

(4) The department shall strive to significantly reduce the number of injuries suffered by Washington state ferries employees. By December 15, 2009, the department shall submit to the office of financial management and the transportation committees of the legislature its implementation plan to reduce such injuries.

(5) The department shall continue to provide service to Sidney, British Columbia. The department may place a Sidney terminal departure surcharge on fares for out of state residents riding the Washington state ferry route that runs between Anacortes, Washington and Sidney, British Columbia, if the cost for landing/license fee, taxes, and additional amounts charged for docking are in excess of \$280,000 CDN. The surcharge must be limited to recovering amounts above \$280,000 CDN.

(6) The department shall analyze operational solutions to enhance service on the Bremerton to Seattle ferry run. The Washington state ferries shall report its analysis to the transportation committees of the legislature by December 1, 2009.

(7) The office of financial management budget instructions require agencies to recast enacted budgets into activities. The Washington state ferries shall include a greater level of detail in its 2011-13 omnibus transportation appropriations act request, as determined jointly by the office of financial management, the Washington state ferries, and the legislative transportation committees.

(8) (~~\$3,000,000~~) \$4,794,000 of the Puget Sound ferry operations account--state appropriation is provided solely for commercial insurance for ferry assets. The office of financial management, after consultation with the transportation committees of the legislature, must present a business plan for the Washington state ferry system's insurance coverage to the 2010 legislature. The business plan must include a cost-benefit analysis of Washington state ferries' current commercial insurance purchased for ferry assets and a review of self- insurance for noncatastrophic events.

(9) \$1,100,000 of the Puget Sound ferry operations account--state appropriation is provided solely for a marketing program. The department shall present a marketing program proposal to the transportation committees of the legislature during the 2010 legislative session before implementing this program. Of this amount, \$10,000 is for the city of Port Townsend and \$10,000 is for the town of Coupeville for mitigation expenses related to only one vessel operating on the Port Townsend/Keystone ferry route. The moneys provided to the city of Port Townsend and town of Coupeville are not contingent upon the required marketing proposal.

(10) \$350,000 of the Puget Sound ferry operations account--state appropriation is provided solely for two extra trips per day during the summer of 2009 season, beyond the current schedule, on the Port Townsend/Keystone route.

(11) When purchasing uniforms that are required by collective bargaining agreements, the department shall contract with the lowest cost provider.

(12) The legislature finds that measuring the performance of Washington state ferries requires the measurement of quality, timeliness, and unit cost of services delivered to customers. Consequently, the department must develop a set of metrics that measure that performance and report to the transportation committees of the legislature and to the office of financial management on the development of these measurements along with recommendations to the 2010 legislature on which measurements must become a part of the next omnibus transportation appropriations act.

FIFTY EIGHTH DAY, MARCH 9, 2010

(13) As a priority task, the department is directed to propose a comprehensive incident and accident investigation policy and appropriate procedures, and to provide the proposal to the legislature by November 1, 2009, using existing resources and staff expertise. In addition to consulting with ferry system unions and the United States coast guard, the Washington state ferries is encouraged to solicit independent outside expertise on incident and accident investigation best practices as they may be found in other organizations with a similar concern for marine safety. It is the intent of the legislature to enact the policies into law and to publish that law and procedures as a manual for Washington state ferries' accident/incident investigations. Until that time, the Washington state ferry system must exercise particular diligence to assure that any incident or accident investigations are conducted within the spirit of the guidelines of this act. The proposed policy must contain, at a minimum:

(a) The definition of an incident and an accident and the type of investigation that is required by both types of events;

(b) The process for appointing an investigating officer or officers and a description of the authorities and responsibilities of the investigating officer or officers. The investigating officer or officers must:

(i) Have the appropriate training and experience as determined by the policy;

(ii) Not have been involved in the incident or accident so as to avoid any conflict of interest;

(iii) Have full access to all persons, records, and relevant organizations that may have information about or may have contributed to, directly or indirectly, the incident or accident under investigation, in compliance with any affected employee's or employees' respective collective bargaining agreement and state laws and rules regarding public disclosure under chapter 42.56 RCW;

(iv) Be provided with, if requested by the investigating officer or officers, appropriate outside technical expertise; and

(v) Be provided with staff and legal support by the Washington state ferries as may be appropriate to the type of investigation;

(c) The process of working with the affected employee or employees in accordance with the employee's or employees' respective collective bargaining agreement and the appropriate union officials, within protocols afforded to all public employees;

(d) The process by which the United States coast guard is kept informed of, interacts with, and reviews the investigation;

(e) The process for review, approval, and implementation of any approved recommendations within the department; and

(f) The process for keeping the public informed of the investigation and its outcomes, in compliance with any affected employee's or employees' respective collective bargaining agreement and state laws and rules regarding public disclosure under chapter 42.56 RCW.

(14) \$7,300,000 of the Puget Sound ferry operations account--state appropriation is provided solely for the purposes of travel time associated with Washington state ferries employees. However, if Engrossed Substitute House Bill No. 3209 (managing costs of ferry system) is enacted by June 30, 2010, containing an appropriation for purposes of travel time associated with Washington state ferries employees, the amount provided in this subsection lapses.

(15) \$50,000 of the Puget Sound ferry operations account--state appropriation is provided solely to implement a mechanism to report on-time performance statistics.

findings to the transportation committees of the senate and house of representatives by December 1, 2010.

(b) The department shall, by November 1, 2010, report to the transportation committees of the legislature statistics regarding its on-time arrival and departure status on a route-by-route and month-by-month basis, as well as an annual route-by-route and systemwide basis, weighted by the number of customers on each sailing and distinguishing peak period on-time performance. The statistics must include reasons for any delays over ten minutes from the scheduled time. The statistics must be prominently displayed on the Washington state ferries' web site. Each Washington state ferries vessel and terminal must prominently display the statistics as they relate to their specific route.

(16) The department shall investigate outsourcing the call center functions planned for the ferry reservation system and report its findings to the transportation committees of the senate and house of representatives by December 15, 2010.

(17) By July 1, 2010, the department shall provide to the governor and the transportation committees of the senate and house of representatives a listing of all benefits that Washington state ferries union employees receive that other state employees do not traditionally receive. \$3,368,839,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire transportation 2003 account (nickel account) appropriation and the entire transportation partnership account appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document ((2009-4)) 2010-1 as developed ((April 24, 2009)) March 8, 2010, Program - Highway Improvement Program (I). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 603 of this act.

(2) ((As a result of economic changes since the initial development of the improvement program budget for the 2009-11 fiscal biennium, the department has received bids on construction contracts over the last several months that are favorable with respect to current estimates of project costs. National economic forecasts indicate that inflationary pressures are likely to remain lower than previously expected for the next several years. As a result, the nominal project cost totals shown in LEAP Transportation Document 2009-1 in aggregate for the 2009-11 fiscal biennium and the 2011-13 fiscal biennium are expected to exceed the likely amount necessary to deliver the projects listed within those biennia by \$63,500,000 in the 2009-11 fiscal biennium and \$52,700,000 in the 2011-13 fiscal biennium. The appropriations provided in this section for the projects in those biennia are therefore \$63,500,000 less in the 2009-11 fiscal biennium and \$52,700,000 less in the 2011-13 fiscal biennium than the aggregate total of project costs listed. It is the intent of the legislature that the department shall deliver the projects listed in LEAP Transportation Document 2009-1 within the time, scope, and budgets identified in that document, provided that the prices of commodities used in transportation projects do not differ significantly from those assumed for the 2009-11 and 2011-13 fiscal biennia in the March 2009 forecast of the economic and revenue forecast council.

The department shall submit an application for the eastside transit and HOV project to the supplemental discretionary grant program for regionally significant projects as provided in the American Recovery and Reinvestment Act of 2009. ((Eastside state route number 520 improvements shall be designed and constructed to accommodate a future full interchange at 124th Avenue Northeast. Concurrent with the eastside transit and HOV project, the department shall conduct engineering design of a full interchange at 124th Avenue Northeast. The amount provided in this subsection from the state route number 520 corridor account--state appropriation is contingent on the enactment of (a) Engrossed Substitute House Bill No. 2211 and (b) either Engrossed Substitute House Bill No. 2326 or other legislation authorizing bonds for the state route number 520 corridor projects. If the conditions of this subsection are not satisfied, the state route number 520 corridor account--state appropriation shall lapse.

FIFTY EIGHTH DAY, MARCH 9, 2010

(4)) (3) As required under section 305(6), chapter 518, Laws of 2007, the department shall report by January 2010 to the transportation committees of the legislature on the findings of the King county noise reduction solutions pilot project.

((6)) (5) The department shall apply for surface transportation program (STP) enhancement funds to be expended in lieu of or in addition to state funds for eligible costs of projects in Programs I and P including, but not limited to, the SR 518, SR 520, Columbia river crossing, and Alaskan Way viaduct projects.

((7)) (6) The department shall, on a quarterly basis beginning July 1, 2009, provide to the office of financial management and the legislature reports providing the status on each active project funded in part or whole by the transportation 2003 account (nickel account) or the transportation partnership account. Funding provided at a programmatic level for transportation partnership account and transportation 2003 account (nickel account) projects relating to bridge rail, guard rail, fish passage barrier removal, and roadside safety projects should be reported on a programmatic basis. Projects within this programmatic level funding should be completed on a priority basis and scoped to be completed within the current programmatic budget. ~~((The department shall work with the office of financial management and the transportation committees of the legislature to agree on report formatting and elements. Elements must include, but not be limited to, project scope, schedule, and costs. For) Report formatting and elements must be consistent with the October 2009 quarterly project report. On a representative sample of new construction contracts valued at fifteen million dollars or more, the department must also use an earned value method of project monitoring. (12) The department must prepare a tolling study for the Columbia river crossing project. While conducting the study, the department must coordinate with the Oregon department of transportation to perform the following activities:

(a) Evaluate the potential diversion of traffic from Interstate 5 to other parts of the transportation system when tolls are implemented on Interstate 5 in the vicinity of the Columbia river;

(b) Evaluate the most advanced tolling technology to maintain travel time speed and reliability for users of the Interstate 5 bridge;

(c) Evaluate available active traffic management technology to determine the most effective options for technology that could maintain travel time speed and reliability on the Interstate 5 bridge;

The department must develop a plan to operate up to two high occupancy toll lanes in each direction on Interstate 405.

(b) For the facility listed in (a) of this subsection, the department must:

(i) Confer with the mayors and city councils of jurisdictions in the vicinity of the project regarding the implementation of high occupancy toll lanes and the impacts that the implementation of these high occupancy toll lanes might have on the operation of the corridor and adjacent local streets;

(ii) Conduct public work sessions and open houses to provide information to citizens regarding implementation of high occupancy toll lanes and to solicit citizen views;

(iii) Regularly report to the Washington transportation commission regarding the progress of the study for the purpose of guiding the commission's toll setting on the facility; and

The department shall provide a report on the process and outcomes to the legislature by June 30, 2010.

(17) The legislature is committed to the timely completion of R8A which supports the construction of sound transit's east link.

FIFTY EIGHTH DAY, MARCH 9, 2010

2010 REGULAR SESSION

(47) \$500,000 of the motor vehicle account--state appropriation is provided solely for a traffic signal at the intersection of state route number 7 and state route number 702 (300738A).

(48) \$750,000 of the motor vehicle account--state appropriation is provided solely for environmental work on the Belfair Bypass (project 300344C).

(49) The legislature finds that state route number 522 corridor provides an important link between Interstates 5 and 405 and will be impacted by diversion from tolling elsewhere in the region. State route number 522 must be reviewed as part of the scoping work conducted under section 220(4) of this act. As such, the legislature intends to provide additional funding for the corridor as a priority in the next revenue package. The state will work with the affected cities and the federal government to secure the necessary resources to address the needs of this critical corridor.

(50) \$500,000 of the motor vehicle account--state appropriation is provided solely for the US 12/SR 122/Mossyrock - Intersection project (401212R) for safety improvements.

(51) \$200,000 of the motor vehicle account--federal appropriation is provided solely for project US 97A/North of Wenatchee - Wildlife Fence (209790B), and an offsetting reduction is anticipated in the 2011-13 biennium.

(52) If a planned roundabout in the vicinity of state route number 526 and 84th Street SW would divert commercial traffic onto neighborhood streets, the department may not proceed with improvements at state route number 526 and 84th Street SW until the traffic impacts in the vicinity of state route number 526 and 40th Avenue West are addressed.

(53) The department shall conduct a collision analysis corridor study on state route number 167 from milepost 0 to milepost 5 and report to the transportation committees of the legislature on the analysis results by December 1, 2010.

(54) \$2,600,000 of the motor vehicle account--federal appropriation is provided solely for the ITS Advanced Traveler Information System project in Whatcom county (100589B).

(55) \$900,000 of the motor vehicle account--federal appropriation is provided solely for the US 97/Cameron Lake Road intersection improvements project in Okanogan county (209700W).

(56) \$400,000 of the motor vehicle account--federal appropriation and \$100,000 of the motor vehicle account--state appropriation are provided solely for the SR 9/SR 204 Intersection Improvement project (L2000040).

(57) The legislature finds that the state route number 12 widening from state route number 124 to Walla Walla is an important east-west corridor in the southeast region of the state. Widening the highway to four lanes will increase safety and improve freight mobility. Therefore, the legislature intends for the department to use up to two million dollars in future redistributed federal obligation authority that may be received by the department for right-of-way purchase for the US 12/Nine Mile Hill to Woodward Canyon Vicinity - Phase 7-A project (501210T).

(iii)) Within the amounts provided in this section, ~~(((\$337,978))~~ \$338,000 of the multimodal transportation account--state appropriation is for a statewide - emergent freight rail assistance project grant for the Lincoln County PDA/Creston - new rail spur (BIN 710510A) project, provided that the grantee first documents to the satisfaction of the department sufficient commitments from the new shipper or shippers to locate in the publicly owned industrial park west of Creston to ensure that the net present value of the public benefits of the project is greater than the grant amount.

(d) Within the amounts provided in this section, ~~(((\$8,100,000))~~ \$8,115,000 of the transportation infrastructure account--state appropriation is for grants to any intergovernmental entity or local rail district to which the department of transportation assigns the management and oversight responsibility for the business and economic development elements of existing operating leases on the Palouse River and Coulee City (PCC) rail lines. \$300,000 of the transportation infrastructure account--state appropriation is provided solely for the fence line replacement project on the CW line. The PCC rail line system is made up of the CW, P&L, and PV Hooper rail lines. Business and economic development elements include such items as levels of service and business operating plans, but must not include the state's oversight of railroad regulatory compliance, rail infrastructure condition, or real property management issues. The PCC rail system must be managed in a self-sustaining manner and best efforts must be used to ensure that it does not require state capital or operating subsidy beyond the level of state funding expended on it to date. The assignment of the stated responsibilities to an intergovernmental entity or rail district must be on terms and conditions as the department of transportation and the intergovernmental entity or rail district mutually agree. The grant funds may be used only to refurbish the rail lines. It is the intent of the legislature to make the funds appropriated in this section available as grants to an intergovernmental entity or local rail district for the purposes stated in this section at least until June 30, 2012, and to reappropriate as necessary any portion of the appropriation in this section that is not used by June 30, 2011.

(2)(a) The department shall issue a call for projects for the freight rail investment bank program and the emergent freight rail assistance program, and shall evaluate the applications according to the cost benefit methodology developed during the 2008 interim using the legislative priorities specified in (c) of this subsection. By November 1, 2010, the department shall submit a prioritized list of recommended projects to the office of financial management and the transportation committees of the legislature.

(b) When the department identifies a prospective rail project that may have strategic significance for the state, or at the request of a proponent of a prospective rail project or a member of the legislature, the department shall evaluate the prospective project according to the cost benefit methodology developed during the 2008 interim using the legislative priorities specified in (c) of this subsection. The department shall report its cost benefit evaluation of the prospective rail project, as well as the department's best estimate of an appropriate construction schedule and total project costs, to the office of financial management and the transportation committees of the legislature.

(c) The legislative priorities to be used in the cost benefit methodology are, in order of relative importance:

(i) Economic, safety, or environmental advantages of freight movement by rail compared to alternative modes;

(ii) Self-sustaining economic development that creates family-wage jobs;

(iii) Preservation of transportation corridors that would otherwise be lost;

(iv) Increased access to efficient and cost-effective transport to market for Washington's agricultural and industrial products;

(v) Better integration and cooperation within the regional, national, and international systems of freight distribution; and

(vi) Mitigation of impacts of increased rail traffic on communities.

(3) The department is directed to seek the use of unprogrammed federal rail crossing funds to be expended in lieu of or in addition to state funds for eligible costs of projects in program Y.

(4) At the earliest possible date, the department shall apply, and assist ports and local jurisdictions in applying, for any federal funding that may be available for any projects that may qualify for such federal funding. State projects must be (a) currently identified on the project list referenced in subsection (1)(a) of this section or (b) projects for which no state match is required to complete the project. Local or port projects must not require additional state funding in order to complete the project, with the exception of (c) state funds currently appropriated for such project if currently identified on the project list referenced in subsection (1)(a) of this section or (d) potential grants awarded in the competitive grant process for the essential rail assistance program. If the department receives any federal funding, the department is authorized to obligate and spend the federal funds in accordance with federal law. To the extent permissible by federal law, federal funds may be used (e) in addition to state funds appropriated for projects currently identified on the project list referenced in subsection (1)(a) of this section in order to advance funding from future biennia for such project(s) or (f) in lieu of state funds; however, the state funds must be redirected within the rail capital program to advance funding for other projects currently identified on the project list referenced in subsection (1)(a) of this section. State funds may be redirected only upon consultation with the transportation committees of the legislature and the office of financial management, and approval by the director of the office of financial management. The department shall spend the federal funds before the state funds, and shall consult the office of financial management and the transportation committees of the legislature regarding project scope changes.

(5) The department shall provide quarterly reports to the office of financial management and the transportation committees of the legislature regarding applications that the department submits for federal funds ~~((;))~~ and the status of such applications ~~((; and the status of projects identified on the list referenced in subsection (1)(a) of this section. The quarterly report regarding the status of projects identified on the list referenced in subsection (1)(a) of this section must be developed according to an earned value method of project monitoring)).~~

FIFTY EIGHTH DAY, MARCH 9, 2010

(6) The department shall, on a quarterly basis, provide to the office of financial management and the legislature reports providing the status on active projects identified in the LEAP transportation document described in subsection (1)(a) of this section. Report formatting and elements must be consistent with the October 2009 quarterly project report.

(7) The multimodal transportation account--state appropriation includes up to (~~(\$20,000,000)~~) \$48,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.867.

~~((7))~~ (8) When the balance of that portion of the miscellaneous program account apportioned to the department for the grain train program reaches \$1,180,000, the department shall acquire twenty-nine additional grain train railcars.

(9) \$590,000,000 of the multimodal transportation account--federal appropriation is provided solely for high-speed rail projects awarded to Washington state from the high-speed intercity passenger rail program under the American recovery and reinvestment act. Funding will allow for two additional round trips between Seattle and Portland, and other rail improvements.

(10) \$2,200,000 of the multimodal transportation account--state appropriation is provided solely for expenditures related to the capital high-speed passenger rail grant that are not federally reimbursable.

(11) The Burlington Northern Santa Fe Skagit river bridge is an integral part of the rail system. Constructed in 1916, the bridge does not meet current design standards and is at risk during flood events that occur on the Skagit river. The department shall work with Burlington Northern Santa Fe and local jurisdictions to secure federal funding for the Skagit river bridge and to develop an appropriate replacement plan and schedule.

(12) \$1,000,000 of the multimodal transportation account--state appropriation is provided solely for additional expenditures along the Chelatchie Prairie railroad (LN2000025).

The department may not transfer funds as authorized under this subsection without approval of the office of financial management. The department shall submit a report on those projects receiving fund transfers to the office of financial management and the transportation committees of the legislature by December 1, 2009, and December 1, 2010.

2010 REGULAR SESSION

Projects must be allocated funding based on order of priority. The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and identify where unused grant funds remain because actual project costs were lower than estimated in the grant award.

(10) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed by ~~((fund))~~ project~~(s)~~ and amount in LEAP Transportation Document ALL PROJECTS ~~((2009-2))~~ 2010-2 as developed ~~((April 24, 2009))~~ March 8, 2010, Program~~(s)~~ - Local Program (Z).

(11) For the 2009-11 project appropriations, unless otherwise provided in this act, the director of financial management may authorize a transfer of appropriation authority between projects managed by the freight mobility strategic investment board in order for the board to manage project spending and efficiently deliver all projects in the respective program.

(13) \$5,894,000 of the Puyallup tribal settlement account--state appropriation is provided solely for costs associated with the Murray Morgan/11th Street bridge project. ENGROSSED SUBSTITUTE SENATE BILL NO. 6381, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

#### RULING BY THE PRESIDENT

President Owen: "In ruling upon the Points of Order raised by Senator Brandland as to whether the House amendments to Second Engrossed Substitute Senate Bill 6508 violate Senate Rules 25 and 66 by including a subject not reflected in the bill's title and beyond the scope and object of the bill, the President finds and rules as follows.

The bill as it passed the Senate defined the rights and liabilities of various parties with respect to the wrongful death of an adult child. That bill included a joint and several liability provision to limit claims against the state and local governments.

The House amendments remove the joint and several liability limitation altogether, and then add in provisions by which local governments may be reimbursed for certain wrongful death claims by making a claim against a newly-created account. That account is to be funded by the imposition of an additional five dollar charge for traffic infractions and a ten dollar charge for superior court filing fees.

As passed by the Senate, it is fair to say that the Senate version approached the issue of wrongful death liability—and its limitations—by assigning and limiting the rights and liabilities of various private and governmental parties. There was no provision for any funding, and, while government liability would likely arise from claims, such potential claims derive from private lawsuits, not a state program or mandate. Creating an entirely new account and imposing additional fees, as well as a mechanism by which local governments can make claims for reimbursement of payments made in connection with wrongful death lawsuits, goes well beyond merely adjusting the rights and liabilities of the parties to a private lawsuit. For these reasons, the amendments impermissibly broaden the scope of the bill.

Similarly, because the amendments remove the joint and several liability provisions entirely, the title no longer reflects the subject of the bill, which includes the language:

'AN ACT Relating to wrongful death or survival actions .... by limiting the liability of state and local agencies or political subdivisions in those recoveries.'

As a result, the title no longer meets the mandate of Senate Rule 25, which requires that the subject of the bill be described in the title.

For these reasons, the President finds that the House amendments may not be considered for concurrence by this body, and Senator Brandland's points are well-taken."

#### MOTION

Senator Hargrove moved that the Senate insist on its position on the House amendment(s) to Second Engrossed Substitute Senate Bill No. 6508 and ask the House to recede thereon.

They employ state residents, pay state taxes, purchase goods and services from local and regional companies, and contribute to our communities in many other ways. The legislature finds that small businesses and entrepreneurs need increased access to capital and technical assistance in order to maximize their potential. The legislature intends that the department of commerce and the small business development center each build upon their existing relevant statutory missions and authorities by collaborating on a specific plan to expand services to small businesses and entrepreneurs beginning in the 2011-2013 biennium.

The department shall contract with public and private agencies, institutions, and organizations to conduct entrepreneurial training courses for minority and women-owned businesses. ## MESSAGE FROM THE HOUSE

March 4, 2010

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6267 with the following amendment(s): 6267-S2.E AMH ENGR H5369.E

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** Water is an essential element for economic prosperity and it generates new, family-wage jobs and state revenues. It is the intent of the legislature to provide both water right applicants and the department of ecology with the necessary tools to expedite the processing of water right applications depending on the needs of the project and agency workload.

**NEW SECTION. Sec. 2.** Sufficient resources to support the department of ecology's water resource program are essential for effective and sustainable water management that provides certainty to processed applications. The department of ecology shall review current water resource functions and report to the legislature and the governor by September 1, 2010, on improvements to make the program more self-sustaining and efficient.

**Sec. 3.** RCW 90.03.265 and 2003 c 70 s 6 are each amended to read as follows:

(1)(a) Any applicant for a new withdrawal or a change, transfer, or amendment of a water right pending before the department((s)) may initiate a cost-reimbursement agreement with the department to provide expedited review of the application. A cost-reimbursement agreement may ((only)) be initiated under this section if the applicant agrees to pay for, or as part of a cooperative effort agrees to pay for, the cost of processing his or her application and all other applications from the same source of supply which must be acted upon before the applicant's request because they were filed prior to the date of when the applicant filed.

(b) The requirement to pay for the cost of other applications under (a) of this subsection does not apply to an application for a new appropriation that would not diminish the water available to earlier pending applicants for new appropriations from the same source of supply.

(c) The requirement to pay for the cost of processing other

applications under (a) of this subsection does not apply to an application for a change, transfer, or other amendment that would not diminish the water available to earlier pending applicants for changes or transfers from the same source of supply.

(d) In determining whether an application would not diminish the water available to earlier pending applicants, the department shall consider any water impoundment or other water resource management mitigation technique proposed by the applicant under RCW 90.03.255 or 90.44.055.

(e) The department may enter into cost-reimbursement agreements provided resources are available and shall use the process established under RCW 43.21A.690 for entering into cost-reimbursement agreements. The department's share of work related to a cost-reimbursement application, such as final certificate approval, must be prioritized within the framework of other water right processing needs and as determined by agency rule.

(f) Each individual applicant is responsible for his or her own appeal costs that may result from a water right decision made by the department under this section. In the event that the department's approval of an application under this section is appealed under chapter 43.21B RCW by a third party, the applicant for the water right in question must reimburse the department for the cost of defending the decision before the pollution control hearings board unless otherwise agreed to by the applicant and the department. If an applicant appeals either an approval or a denial made by the department under this section, the applicant is responsible only for its own appeal costs.

(2) In pursuing a cost-reimbursement project, the department must determine the source of water proposed to be diverted or withdrawn from, including the boundaries of the area that delimits the source. The department must determine if any other water right permit applications are pending from the same source. A water source may include surface water only, groundwater only, or surface and groundwater together if the department finds they are hydraulically connected. The department shall consider technical information submitted by the applicant in making its determinations under this subsection. The department may recover from a cost-reimbursement applicant its own costs in making the same source determination under this subsection.

(3) Upon request of the applicant seeking cost-reimbursement processing, the department may elect to initiate a coordinated cost-reimbursement process. To initiate this process, the department must notify in writing all persons who have pending applications on file for a new appropriation, change, transfer, or amendment of a water right from that water source. A water source may include surface water only, groundwater only, or surface and groundwater together if the department determines that they are hydraulically connected. The notice must be posted on the department's web site and published in a newspaper of general circulation in the area where affected properties are located. The notice must also be made individually by way of mail to:

(a) Inform those applicants that cost-reimbursement processing of applications within the described water source is being initiated;

(b) Provide to individual applicants the criteria under which the applications will be examined and determined;

(c) Provide to individual applicants the estimated cost for having an application processed on a cost-reimbursement basis;

(d) Provide an estimate of how long the cost-reimbursement process will take before an application is approved or denied; and

(e) Provide at least sixty days for the applicants to respond in writing regarding the applicant's decision to participate in the cost-reimbursement process.

(4) The applicant initiating the cost-reimbursement request must pay for the cost of the determination under subsections (2) and (3) of this section and other costs necessary for the initial phase of cost-

2010 REGULAR SESSION

reimbursement processing. The cost for each applicant for conducting processing under a coordinated cost-reimbursement agreement must be based primarily on the proportionate quantity of water requested by each applicant. The cost may be adjusted if it appears that an application will require a disproportionately greater amount of time and effort to process due to its complexity.

(5)(a) Only the department may approve or deny a water right application processed under this section, and such a final decision remains solely the responsibility and function of the department. The department retains full authority to amend, refuse, or approve any work product provided by any consultant under this section. The department may recover its costs related to: (i) The review of a consultant to ensure that no conflict of interest exists; (ii) the management of consultant contracts and cost-reimbursement agreements; and (iii) the review of work products provided by participating consultants.

(b) For any cost-reimbursement process initiated under subsection (1) of this section, the applicant may, after consulting with the department, select a prequalified consultant listed by the department under subsection (7) of this section or may be assigned such a prequalified consultant by the department.

(c) For any coordinated cost-reimbursement process initiated under subsection (3) of this section, the applicant may, after consulting with the department, select a prequalified consultant listed by the department under subsection (7) of this section or may be assigned a prequalified consultant by the department.

(d) In lieu of having one or more of the work products performed by a prequalified consultant listed under subsection (7) of this section, the department may, at its discretion, recognize specific work completed by an applicant or an applicant's consultant prior to the initiation of cost-reimbursement processing. The department may also, at its discretion, authorize the use of such a consultant to perform a specific scope of the work that would otherwise be assigned to prequalified consultants listed under subsection (7) of this section.

(e) At any point during the cost-reimbursement process, the department may request or accept technical information, data, and analysis from the applicant or the applicant's consultant to support the cost-reimbursement process or the department's decision on the application.

(6) The department is authorized to adopt rules or guidance providing minimum qualifications and standards for any consultant's submission of work products under this section, including standards for submission of technical information, scientific analysis, work product documentation, review for conflict of interest, and report presentation that such a consultant must meet.

(7) The department must provide notice to potential consultants of the opportunity to be considered for inclusion on the list of cost-reimbursement consultants to whom work assignments will be made. The department must competitively select an appropriate number of consultants who are qualified by training and experience to investigate and make recommendations on the disposition of water right applications. The prequalified consultant list must be renewed at least every six years, though the department may add qualified cost-reimbursement consultants to the list at any time. The department must enter a master contract with each consultant selected and thereafter make work assignments based on availability and qualifications.

(8) The department may remove any consultant from the consultant list for poor performance, malfeasance, or excessive complaints from cost-reimbursement participants. The department may interview any cost-reimbursement consultant to determine whether the person is qualified for this work, and must spot-check the work of consultants to ensure that the public is being competently served.

(9) When a prequalified cost-reimbursement consultant from the department's list described in subsection (7) of this section is assigned or selected to investigate an application or set of applications, the consultant must document its findings and recommended disposition in the form of written draft technical reports and preliminary draft reports of examination. Within two weeks of the department receiving draft technical reports and preliminary draft reports of examination, the department shall provide the applicant such documents for review and comment prior to their completion by the consultant. The department shall consider such comments by the applicant prior to the department's issuance of a draft report of examination. The department may modify the preliminary draft reports of examination submitted by the consultant. The department's decision on a permit application is final unless it is appealed to the pollution control hearings board under chapter 43.21B RCW.

(10) If an applicant elects not to participate in a cost-reimbursement process, the application remains on file with the department, retains its priority date, and may be processed under regular processing, priority processing, expedited processing, coordinated cost-reimbursement processing, cost-reimbursement processing, or through conservancy board processing as authorized under chapter 90.80 RCW.

**NEW SECTION. Sec. 4.** A new section is added to chapter 90.03 RCW to read as follows:

The water rights processing account is created in the state treasury. All receipts from the fees collected under sections 5, 7, and 12 of this act must be deposited into the account. Money in the account may be spent only after appropriation. Expenditures from the account may only be used to support the processing of water right applications for a new appropriation, change, transfer, or amendment of a water right as provided in this chapter and chapters 90.42 and 90.44 RCW or for the examination, certification, and renewal of certification of water right examiners as provided in section 7 of this act.

**NEW SECTION. Sec. 5.** A new section is added to chapter 90.03 RCW to read as follows:

(1) The department may expedite processing of applications within the same source of water on its own volition when there is interest from a sufficient number of applicants or upon receipt of written requests from at least ten percent of the applicants within the same source of water.

(2) If the conditions of subsection (1) of this section have been met and the department determines that the public interest is best served by expediting applications within a water source, the department must notify in writing all persons who have pending applications on file for a new appropriation, change, transfer, or amendment of a water right from that water source. A water source may include surface water only, groundwater only, or surface and groundwater together if the department determines that they are hydraulically connected. The notice must be posted on the department's web site and published in a newspaper of general circulation in the area where affected properties are located. The notice must also be made individually by way of mail to:

(a) Inform those applicants that expedited processing of applications within the described water source is being initiated;

(b) Provide to individual applicants the criteria under which the applications will be examined and determined;

(c) Provide to individual applicants the estimated cost for having an application processed on an expedited basis;

(d) Provide an estimate of how long the expedited process will take before an application is approved or denied; and

(e) Provide at least sixty days for the applicants to respond in writing regarding the applicant's decision to participate in the expedited processing of their applications.

FIFTY EIGHTH DAY, MARCH 9, 2010

(3) In addition to the application fees provided in RCW 90.03.470, the department must recover the full cost of processing all the applications from applicants who elect to participate within the water source through expedited processing fees. The department must calculate an expedited processing fee based primarily on the proportionate quantity of water requested by each applicant and may adjust the fee if it appears that the application will require a disproportionately greater amount of time and effort to process due to its complexity. Any application fees that were paid by the applicant under RCW 90.03.470 must be credited against the applicant's share of the cost of processing applications under the provisions of this section.

(4) The expedited processing fee must be collected by the department prior to the expedited processing of an application. Revenue collected from these fees must be deposited into the water rights processing account created in section 4 of this act. An applicant who has stated in writing that he or she wants his or her application processed using the expedited procedures in this section must transmit the processing fee within sixty days of the written request. Failure to do so will result in the applicant not being included in expedited processing for that water source.

(5) If an applicant elects not to participate in expedited processing, the application remains on file with the department, the applicant retains his or her priority date, and the application may be processed through regular processing, priority processing, expedited processing, coordinated cost-reimbursement processing, cost-reimbursement processing, or through conservancy board processing as authorized under chapter 90.80 RCW. Such an application may not be processed through expedited processing within twelve months after the department's issuance of decisions on participating applications at the conclusion of expedited processing unless the applicant agrees to pay the full proportionate share that would otherwise have been paid during such processing. Any proceeds collected from an applicant under this delayed entry into expedited processing shall be used to reimburse the other applicants who participated in the previous expedited processing of applications, provided sufficient proceeds remain to fully cover the department's cost of processing the delayed entry application and the department's estimated administrative costs to reimburse the previously expedited applicants.

**NEW SECTION. Sec. 6.** A new section is added to chapter 90.03 RCW to read as follows:

The department must post notice on its web site and provide additional electronic notice and opportunity for comment to affected federally recognized tribal governments concurrently when providing notice to applicants under RCW 90.03.265 and sections 5 and 12 of this act.

**NEW SECTION. Sec. 7.** A new section is added to chapter 90.03 RCW to read as follows:

(1) The department shall establish and maintain a list of certified water right examiners. Certified water right examiners on the list are eligible to perform final proof examinations of permitted water uses leading to the issuance of a water right certificate under RCW 90.03.330. The list must be updated annually and must be made available to the public through written and electronic media.

(2) In order to qualify, an individual must be registered in Washington as a professional engineer, professional land surveyor, or registered hydrogeologist, or an individual must demonstrate at least five years of applicable experience to the department, or be a board member of a water conservancy board. Qualified individuals must also pass a written examination prior to being certified by the department. Such an examination must be administered by either the department or an entity formally approved by the department. Each certified water right examiner must demonstrate knowledge and competency regarding:

- (a) Water law in the state of Washington;
- (b) Measurement of the flow of water through open channels and enclosed pipes;
- (c) Water use and water level reporting;
- (d) Estimation of the capacity of reservoirs and ponds;
- (e) Irrigation crop water requirements;
- (f) Aerial photo interpretation;
- (g) Legal descriptions of land parcels;
- (h) Location of land and water infrastructure through the use of maps and global positioning;
- (i) Proper construction and sealing of well bores; and
- (j) Other topics related to the preparation and certification of water rights in Washington state.

(3) Except as provided in subsection (9) of this section, upon completion of a water appropriation and putting water to beneficial use, in order to receive a final water right certificate, the permit holder must secure the services of a certified water right examiner who has been tested and certified by the department. The examiner shall carry out a final examination of the project to verify its completion and to determine and document for the permit holder and the department the amount of water that has been appropriated for beneficial use, the location of diversion or withdrawal and conveyance facilities, and the actual place of use. The examiner shall take measurements or make estimates of the maximum diversion or withdrawal, the capacity of water storage facilities, the acreage irrigated, the type and number of residences served, the type and number of stock watered, and other information relevant to making a final determination of the amount of water beneficially used. The examiner shall take photographs of the facilities to document the use or uses of water and the photographs must be submitted with the examiner's report to the department. The department shall specify the format and required content of the reports and may provide a form for that purpose.

(4) The department may suspend or revoke a certification based on poor performance, malfeasance, failure to acquire continuing education credits, or excessive complaints from the examiner's customers. The department may require the retesting of an examiner. The department may interview any examiner to determine whether the person is qualified for this work. The department shall spot-check the work of examiners to ensure that the public is being competently served. Any person aggrieved by an order of the department including the granting, denial, revocation, or suspension of a certificate issued by the department under this chapter may appeal pursuant to chapter 43.21B RCW.

(5) The decision regarding whether to issue a final water right certificate is solely the responsibility and function of the department.

(6) The department shall make its final decision under RCW 90.03.330 within sixty days of the date of receipt of the proof of examination from the certified water right examiner, unless otherwise requested by the applicant or returned for correction by the department. The department may return an initial proof of examination for correction within thirty days of the department's receipt of such initial proof from a certified water right examiner. Such proof must be returned to both the certified water right examiner and the applicant. Within thirty days of the department's receipt of such returned proof from the certified water right examiner, the department shall make its final decision under RCW 90.03.330, unless otherwise requested by the applicant.

(7) Each certified water right examiner must complete eight hours annually of qualifying continuing education in the water resources field. The department shall determine and specify the qualifying continuing education and shall inform examiners of the opportunities. The department shall track whether examiners are current in their continuing education and may suspend the

FIFTY EIGHTH DAY, MARCH 9, 2010

2010 REGULAR SESSION

certification of an examiner who has not complied with the continuing education requirement.

(8) Each certified water right examiner must be bonded for at least fifty thousand dollars.

(9) The department may waive the requirement to secure the services of a certified water right examiner in situations in which the department has already conducted a final proof of examination or finds it unnecessary for purposes of issuing a certificate of water right.

(10) The department shall establish and collect fees for the examination, certification, and renewal of certification of water right examiners. Revenue collected from these fees must be deposited into the water rights processing account created in section 4 of this act. Pursuant to RCW 43.135.055, the department is authorized to set fees for examination, certification, and renewal of certification for water right examiners.

(11) The department may adopt rules appropriate to carry out the purposes of this section.

**Sec. 8.** RCW 90.14.065 and 1987 c 93 s 1 are each amended to read as follows:

(1)(a) Any person or entity, or successor to such person or entity, having a statement of claim on file with the water rights claims registry ~~((on April 20, 1987;))~~ may submit to the department of ecology for filing ~~((;))~~ an amendment to such a statement of claim if the submitted amendment is based on:

~~((1))~~ (i) An error in estimation of the quantity of the applicant's water claim prescribed in RCW 90.14.051 if the applicant provides reasons for the failure to claim such right in the original claim;

~~((2))~~ (ii) A change in circumstances not foreseeable at the time the original claim was filed, if such change in circumstances relates only to the manner of transportation or diversion of the water and not to the use or quantity of such water; or

~~((3))~~ (iii) The amendment is ministerial in nature.

(b) The department shall accept any such submission and file the same in the registry unless the department by written determination concludes that the requirements of (a)(i), (ii), or (iii) of this subsection ~~((1), (2), or (3) of this section))~~ have not been satisfied.

(2) In addition to subsection (1) of this section, a surface water right claim may be changed or transferred in the same manner as a permit or certificate under RCW 90.03.380, and a water right claim for groundwater may be changed or transferred as provided under RCW 90.03.380 and 90.44.100.

(3) Any person aggrieved by a determination of the department may obtain a review thereof by filing a petition for review with the pollution control hearings board within thirty days of the date of the determination by the department. The provisions of RCW 90.14.081 shall apply to any amendment filed or approved under this section.

**Sec. 9.** RCW 90.44.100 and 2009 c 183 s 16 are each amended to read as follows:

(1) After an application to, and upon the issuance by the department of an amendment to the appropriate permit or certificate of groundwater right, the holder of a valid right to withdraw public groundwaters may, without losing the holder's priority of right, construct wells or other means of withdrawal at a new location in substitution for or in addition to those at the original location, or the holder may change the manner or the place of use of the water.

(2) An amendment to construct replacement or a new additional well or wells at a location outside of the location of the original well or wells or to change the manner or place of use of the water shall be issued only after publication of notice of the application and findings as prescribed in the case of an original application. Such amendment shall be issued by the department only on the conditions that: (a) The additional or replacement well or wells shall tap the same body of public groundwater as the original well or wells; (b)

where a replacement well or wells is approved, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (c) where an additional well or wells is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original permit or certificate; and (d) other existing rights shall not be impaired. The department may specify an approved manner of construction and shall require a showing of compliance with the terms of the amendment, as provided in RCW 90.44.080 in the case of an original permit.

(3) The construction of a replacement or new additional well or wells at the location of the original well or wells shall be allowed without application to the department for an amendment. However, the following apply to such a replacement or new additional well: (a) The well shall tap the same body of public groundwater as the original well or wells; (b) if a replacement well is provided, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (c) if a new additional well is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original water use permit or certificate; (d) the construction and use of the well shall not interfere with or impair water rights with an earlier date of priority than the water right or rights for the original well or wells; (e) the replacement or additional well shall be located no closer than the original well to a well it might interfere with; (f) the department may specify an approved manner of construction of the well; and (g) the department shall require a showing of compliance with the conditions of this subsection (3).

(4) As used in this section, the "location of the original well or wells" of a water right permit or certificate is the area described as the point of withdrawal in the original public notice published for the application for the water right for the well. The location of the original well or wells of a water right claim filed under chapter 90.14 RCW is the area located within a one-quarter mile radius of the current well or wells.

(5) The development and use of a small irrigation impoundment, as defined in RCW 90.03.370(8), does not constitute a change or amendment for the purposes of this section. The exemption expressly provided by this subsection shall not be construed as requiring an amendment of any existing water right to enable the holder of the right to store water governed by the right.

(6) This section does not apply to a water right involved in an approved local water plan created under RCW 90.92.090 or a banked water right under RCW 90.92.070.

**Sec. 10.** RCW 90.44.100 and 2003 c 329 s 3 are each amended to read as follows:

(1) After an application to, and upon the issuance by the department of an amendment to the appropriate permit or certificate of groundwater right, the holder of a valid right to withdraw public groundwaters may, without losing the holder's priority of right, construct wells or other means of withdrawal at a new location in substitution for or in addition to those at the original location, or the holder may change the manner or the place of use of the water.

(2) An amendment to construct replacement or a new additional well or wells at a location outside of the location of the original well or wells or to change the manner or place of use of the water shall be issued only after publication of notice of the application and findings as prescribed in the case of an original application. Such amendment shall be issued by the department only on the conditions that: (a) The additional or replacement well or wells shall tap the same body of public groundwater as the original well or wells; (b)

where a replacement well or wells is approved, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (c) where an additional well or wells is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original permit or certificate; and (d) other existing rights shall not be impaired. The department may specify an approved manner of construction and shall require a showing of compliance with the terms of the amendment, as provided in RCW 90.44.080 in the case of an original permit.

(3) The construction of a replacement or new additional well or wells at the location of the original well or wells shall be allowed without application to the department for an amendment. However, the following apply to such a replacement or new additional well: (a) The well shall tap the same body of public groundwater as the original well or wells; (b) if a replacement well is constructed, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (c) if a new additional well is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original water use permit or certificate; (d) the construction and use of the well shall not interfere with or impair water rights with an earlier date of priority than the water right or rights for the original well or wells; (e) the replacement or additional well shall be located no closer than the original well to a well it might interfere with; (f) the department may specify an approved manner of construction of the well; and (g) the department shall require a showing of compliance with the conditions of this subsection (3).

(4) As used in this section, the "location of the original well or wells" of a water right permit or certificate is the area described as the point of withdrawal in the original public notice published for the application for the water right for the well. The location of the original well or wells of a water right claim filed under chapter 90.14 RCW is the area located within a one-quarter mile radius of the current well or wells.

(5) The development and use of a small irrigation impoundment, as defined in RCW 90.03.370(8), does not constitute a change or amendment for the purposes of this section. The exemption expressly provided by this subsection shall not be construed as requiring an amendment of any existing water right to enable the holder of the right to store water governed by the right.

**NEW SECTION. Sec. 11.** A new section is added to chapter 90.44 RCW to read as follows:

Applications to appropriate groundwater under a cost-reimbursement agreement must be processed in accordance with RCW 90.03.265 when an applicant requests the assignment of a cost-reimbursement consultant as provided in RCW 43.21A.690.

**NEW SECTION. Sec. 12.** A new section is added to chapter 90.44 RCW to read as follows:

(1) The department may expedite processing of applications within the same source of water on its own volition when there is interest from a sufficient number of applicants or upon receipt of written requests from at least ten percent of the applicants within the same source of water.

(2) If the conditions of subsection (1) of this section have been met and the department determines that the public interest is best served by expediting applications within a water source, the department must notify in writing all persons who have pending applications on file for a new appropriation, change, transfer, or amendment of a water right from that water source. A water source may include surface water only, groundwater only, or surface and

groundwater together if the department determines that they are hydraulically connected. The notice must be posted on the department's web site and published in a newspaper of general circulation in the area where affected properties are located. The notice must also be made individually by way of mail to:

(a) Inform those applicants that expedited processing of applications within the described water source is being initiated;

(b) Provide to individual applicants the criteria under which the applications will be examined and determined;

(c) Provide to individual applicants the estimated cost for having an application processed on an expedited basis;

(d) Provide an estimate of how long the expedited process will take before an application is approved or denied; and

(e) Provide at least sixty days for the applicants to respond in writing regarding the applicant's decision to participate in expedited processing of their applications.

(3) In addition to the application fees provided in RCW 90.03.470, the department must recover the full cost of processing all the applications from applicants who elect to participate within the water source through expedited processing fees. The department must calculate an expedited processing fee based primarily on the proportionate quantity of water requested by each applicant and may adjust the fee if it appears that an application will require a disproportionately greater amount of time and effort to process due to its complexity. Any application fees that were paid by the applicant under RCW 90.03.470 must be credited against the applicant's share of the cost of processing applications under the provisions of this section.

(4) The expedited processing fee must be collected by the department prior to the expedited processing of an application. Revenue collected from these fees must be deposited into the water rights processing account created in section 4 of this act. An applicant who has stated in writing that he or she wants his or her application processed using the expedited procedures in this section must transmit the processing fee within sixty days of the written request. Failure to do so will result in the applicant not being included in expedited processing for that water source.

(5) If an applicant elects not to participate in expedited processing, the application remains on file with the department, the applicant retains his or her priority date, and the application may be processed through regular processing, priority processing, expedited processing, coordinated cost-reimbursement processing, cost-reimbursement processing, or through conservancy board processing as authorized under chapter 90.80 RCW. Such an application may not be processed through expedited processing within twelve months after the department's issuance of decisions on participating applications at the conclusion of expedited processing unless the applicant agrees to pay the full proportionate share that would otherwise have been paid during such processing. Any proceeds collected from an applicant under this delayed entry into expedited processing shall be used to reimburse the other applicants who participated in the previous expedited processing of applications, provided sufficient proceeds remain to fully cover the department's cost of processing the delayed entry application and the department's estimated administrative costs to reimburse the previously expedited applicants.

**NEW SECTION. Sec. 13.** A new section is added to chapter 90.03 RCW to read as follows:

Nothing in this act affects or diminishes the processing of water right applications under any other existing authority, including but not limited to existing authority for the priority processing of applications by the department.

**NEW SECTION. Sec. 14.** Section 9 of this act expires June 30, 2019.

FIFTY EIGHTH DAY, MARCH 9, 2010

Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only to support the processing of water right applications and change applications as provided in this chapter and chapters 90.38, 90.42, and 90.44 RCW and the safety inspection of hydraulic works and plans and specifications for such works.

Sec. 18. RCW 90.03.470 and 2005 c 412 s 2 are each amended to read as follows:

be assessed at the rate of fifty cents per one hundredth cubic foot per second. For an application for change of a storage water right, the total examination fee shall be assessed at the rate of one dollar for each acre foot of water involved in the change. (4) ((The fifty-dollar minimum fee payable with the application shall be a credit to the total amount whenever the examination fee totals more than fifty dollars under the schedule specified in subsections (1) through (3) of this section and in such case the further fee due shall be the total computed amount, less the amount previously paid. (b) If the department receives a water right, change, transfer, amendment, or storage application that does not include remittance of the fee amounts required by this section, the department shall return the application to the applicant with instructions on the proper fee amount to be remitted. #### MESSAGE FROM THE HOUSE

February 28, 2010

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 6832 with the following amendment(s): 6832-S AMH ELCS H5346.2

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that, based upon the work of the child welfare transformation design committee established pursuant to 2SHB 2106 during the 2009 legislative session, several narrowly based amendments to that legislation need to be made, mainly for clarifying purposes. The legislature further finds that two deadlines need to be extended by six months, the first to allow the department of social and health services additional time to complete the conversion of its contracts to performance-based contracts and the second to allow the department additional time to gradually transfer existing cases to supervising agencies in the demonstration sites. The legislature finds that the addition of a foster youth on the child welfare transformation design committee will greatly assist the committee in its work.

The legislature recognizes that clarifying language regarding Indian tribes should be added regarding the government-to-government relationship the tribes have with the state. The legislature further recognizes that language is needed regarding the department's ability to receive federal funding based upon the recommendations made by the child welfare transformation design committee.

**Sec. 2.** RCW 74.13.368 and 2009 c 520 s 8 are each amended to read as follows:

(d) The cochairs of the committee shall be the assistant secretary for the children's administration and another member selected by a majority vote of those members present at the initial meeting.

(2) The committee shall establish a transition plan containing recommendations to the legislature and the governor consistent with this section for the provision of child welfare services by supervising agencies pursuant to RCW 74.13.360.

(3) The plan shall include the following:

(a) A model or framework for performance-based contracts to be used by the department that clearly defines:

(i) The target population;

(ii) The referral and exit criteria for the services;

(iii) The child welfare services including the use of evidence-based services and practices to be provided by contractors;

(iv) The roles and responsibilities of public and private agency workers in key case decisions;

(v) Contract performance and outcomes, including those related to eliminating racial disparities in child outcomes;

(vi) That supervising agencies will provide culturally competent service;

(vii) How to measure whether each contractor has met the goals listed in RCW 74.13.360(5); and

(viii) Incentives to meet performance outcomes;

(b) A method by which the department will substantially reduce its current number of contracts for child welfare services;

(c) A method or methods by which clients will access community-based services, how private supervising agencies will engage other services or form local service networks, develop subcontracts, and share information and supervision of children;

(h) A method or methods by which to ensure that the children's administration has sufficiently trained and experienced staff to monitor and manage performance-based contracts;

(i) A process by which to expand the capacity of supervising and other private agencies to meet the service needs of children and families in a performance-based contractual arrangement;

(j) A method or methods by which supervising and other private agencies can expand services in underserved areas of the state;

(k) The appropriate amounts and procedures for the reimbursement of supervising agencies given the proposed services restructuring;

(l) A method by which to access and enhance existing data systems to include contract performance information;

(m) A financing arrangement for the contracts that examines:

(i) The use of case rates or performance-based fee-for-service contracts that include incentive payments or payment schedules that link reimbursement to outcomes; and

(ii) Ways to reduce a contractor's financial risk that could jeopardize the solvency of the contractor, including consideration of the use of a risk-reward corridor that limits risk of loss and potential profits or the establishment of a statewide risk pool;

(n) A description of how the transition will impact the state's ability to obtain federal funding and examine options to further maximize federal funding opportunities and increased flexibility;

(o) A review of whether current administrative staffing levels in the regions should be continued when the majority of child welfare services are being provided by supervising agencies;

(p) A description of the costs of the transition, the initial start-up costs and the mechanisms to periodically assess the overall adequacy of funds and the fiscal impact of the changes, and the feasibility of the plan and the impact of the plan on department employees during the transition; and

(q) Identification of any statutory and regulatory revisions necessary to accomplish the transition.

(4)(a) The committee, with the assistance of the department, shall select two demonstration sites within which to implement chapter 520, Laws of 2009. One site must be located on the eastern side of the state. The other site must be located on the western side of the state. Neither site must be wholly located in any of the department's administrative regions.

(b) The committee shall develop two sets of performance outcomes to be included in the performance-based contracts the department enters into with supervising agencies. The first set of outcomes shall be used for those cases transferred to a supervising agency over time. The second set of outcomes shall be used for new entrants to the child welfare system.

(c) The committee shall also identify methods for ensuring that comparison of performance between supervising agencies and the existing service delivery system takes into account the variation in the characteristics of the populations being served as well as historical trends in outcomes for those populations.

(5) The committee shall determine the appropriate size of the child and family populations to be provided services under performance-based contracts with supervising agencies. The committee shall also identify the time frame within which cases will be transferred to supervising agencies. The performance-based contracts entered into with supervising agencies shall encompass the provision of child welfare services to enough children and families in each demonstration site to allow for the assessment of whether there are meaningful differences, to be defined by the committee, between the outcomes achieved in the demonstration sites and the comparison sites or populations. To ensure adequate statistical power to assess these differences, the populations served shall be large enough to provide a probability greater than seventy percent that meaningful difference will be detected and a ninety-five percent probability that observed differences are not due to chance alone.

(6) The committee shall also prepare as part of the plan a recommendation as to how to implement chapter 520, Laws of 2009 so that full implementation of chapter 520, Laws of 2009 is achieved no later than ~~(June))~~ December 30, 2012.

(7) The committee shall prepare the plan to manage the delivery of child welfare services in a manner that achieves coordination of the services and programs that deliver primary prevention services.

FIFTY EIGHTH DAY, MARCH 9, 2010

2010 REGULAR SESSION

(8) Beginning June 30, 2009, the committee shall report quarterly to the governor and the legislative children's oversight committee established in RCW 44.04.220. From June 30, 2012, until January 1, 2015, the committee need only report twice a year. The committee shall report on its progress in meeting its duties under subsections (2) and (3) of this section and on any other matters the committee or the legislative children's oversight committee or the governor deems appropriate. Cooperation by the children's administration must include developing and scheduling training for supervising agencies to access data and information necessary to implement and monitor the contracts.

(11) It is expected that the administrative costs for the committee will be supported through private funds.

(12) Staff support for the committee shall be provided jointly by partners for our children and legislative staff.

(13) The committee is subject to chapters 42.30 (open public meetings act) and 42.52 (ethics in public service) RCW.

(14) This section expires July 1, 2015.

**Sec. 2.** RCW 48.43.035 and 2004 c 244 s 4 are each amended to read as follows:

For group health benefit plans, the following shall apply:

(1) All health carriers shall accept for enrollment any state resident within the group to whom the plan is offered and within the carrier's service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The insurance commissioner may grant a temporary exemption from this subsection, if, upon application by a health carrier the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

(2) Except as provided in subsection (5) of this section, all health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is "renewed" when it is continued beyond the earliest date upon which, at the carrier's sole option, the plan could have been terminated for other than nonpayment of premium. The carrier may consider the group's anniversary date as the renewal date for purposes of complying with the provisions of this section.

(3) The guarantee of continuity of coverage required in health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:

(a) Nonpayment of premium;

(b) Violation of published policies of the carrier approved by the insurance commissioner;

(c) Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;

(d) Covered persons who fail to pay any deductible or copayment amount owed to the carrier and not the provider of health care services;

(e) Covered persons committing fraudulent acts as to the carrier;

(f) Covered persons who materially breach the health plan; or

(g) Change or implementation of federal or state laws that no longer permit the continued offering of such coverage.

(4) The provisions of this section do not apply in the following cases:

(a) A carrier has zero enrollment on a product;

(b) A carrier replaces a product and the replacement product is provided to all covered persons within that class or line of business, includes all of the services covered under the replaced product, and does not significantly limit access to the kind of services covered under the replaced product. The health plan may also allow unrestricted conversion to a fully comparable product;

(c) No sooner than January 1, 2005, a carrier discontinues offering a particular type of health benefit plan offered for groups of

up to two hundred if: (i) The carrier provides notice to each group of the discontinuation at least ninety days prior to the date of the discontinuation; (ii) the carrier offers to each group provided coverage of this type the option to enroll, with regard to small employer groups, in any other small employer group plan, or with regard to groups of up to two hundred, in any other applicable group plan, currently being offered by the carrier in the applicable group market; and (iii) in exercising the option to discontinue coverage of this type and in offering the option of coverage under (c)(ii) of this subsection, the carrier acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for this coverage;

(d) A carrier discontinues offering all health coverage in the small group market or for groups of up to two hundred, or both markets, in the state and discontinues coverage under all existing group health benefit plans in the applicable market involved if: (i) The carrier provides notice to the commissioner of its intent to discontinue offering all such coverage in the state and its intent to discontinue coverage under all such existing health benefit plans at least one hundred eighty days prior to the date of the discontinuation of coverage under all such existing health benefit plans; and (ii) the carrier provides notice to each covered group of the intent to discontinue the existing health benefit plan at least one hundred eighty days prior to the date of discontinuation. In the case of discontinuation under this subsection, the carrier may not issue any group health coverage in this state in the applicable group market involved for a five-year period beginning on the date of the discontinuation of the last health benefit plan not so renewed. This subsection (4) does not require a carrier to provide notice to the commissioner of its intent to discontinue offering a health benefit plan to new applicants when the carrier does not discontinue coverage of existing enrollees under that health benefit plan; or

(e) A carrier is withdrawing from a service area or from a segment of its service area because the carrier has demonstrated to the insurance commissioner that the carrier's clinical, financial, or administrative capacity to serve enrollees would be exceeded.

(5) The provisions of this section do not apply to health plans deemed by the insurance commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the insurance commissioner.

((6) Notwithstanding any other provision of this section, the guarantee of continuity of coverage applies to a group of one only if:

(a) The carrier continues to offer any other small employer group plan in which the group of one was eligible to enroll on the day prior to June 10, 2004; and (b) the person continues to qualify as a group of one under the criteria in place on the day prior to June 10, 2004.))

(17) "Census date" means the date upon which a health care services contractor offering coverage to a small employer must base rate calculations. For a small employer applying for a health benefit plan through a contractor other than its current contractor, the census date is the date that final group composition is received by the contractor. For a small employer that is renewing its health benefit plan through its existing contractor, the census date is ninety days prior to the effective date of the renewal.

**Sec. 4.** RCW 48.44.023 and 2009 c 131 s 2 are each amended to read as follows:

(1)(a) A health care services contractor offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule

of covered health care services. Nothing in this subsection shall preclude a contractor from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. A contractor offering a health benefit plan under this subsection shall clearly disclose all covered benefits to the small employer in a brochure filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.44.225, 48.44.240, 48.44.245, 48.44.290, 48.44.300, 48.44.310, 48.44.320, 48.44.325, 48.44.330, 48.44.335, 48.44.344, 48.44.360, 48.44.400, 48.44.440, 48.44.450, and 48.44.460.

(2) Nothing in this section shall prohibit a health care service contractor from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The contractor shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

- (i) Geographic area;
- (ii) Family size;
- (iii) Age; and
- (iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs. Up to a twenty percent variance may be allowed for small employers that develop and implement a wellness program or activities that directly improve employee wellness. Employers shall document program activities with the carrier and may, after three years of implementation, request a reduction in premiums based on improved employee health and wellness. While carriers may review the employer's claim history when making a determination regarding whether the employer's wellness program has improved employee health, the carrier may not use maternity or prevention services claims to deny the employer's request. Carriers may consider issues such as improved productivity or a reduction in absenteeism due to illness if submitted by the employer for consideration. Interested employers may also work with the carrier to develop a wellness program and a means to track improved employee health.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

- (i) Changes to the enrollment of the small employer;
- (ii) Changes to the family composition of the employee;

FIFTY NINTH DAY, MARCH 10, 2010

(iii) Changes to the health benefit plan requested by the small employer; or

(g) On the census date, as defined in RCW 48.44.010, rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, and differences in census date between new and renewal groups, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(j) For health benefit plans purchased through the health insurance partnership established in chapter 70.47A RCW:

(i) Any surcharge established pursuant to RCW 70.47A.030(2)(e) shall be applied only to health benefit plans purchased through the health insurance partnership; and

(ii) Risk adjustment or reinsurance mechanisms may be used by the health insurance partnership program to redistribute funds to carriers participating in the health insurance partnership based on differences in risk attributable to individual choice of health plans or other factors unique to health insurance partnership participation. Use of such mechanisms shall be limited to the partnership program and will not affect small group health plans offered outside the partnership.

(k) If the rate developed under this section varies the adjusted community rate for the factors listed in (a) of this subsection, the date for determining those factors must be no more than ninety days prior to the effective date of the health benefit plan.

(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection and subsection (3)(g) of this section, requirements used by a contractor in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) A contractor shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for groups with three or less employees; and

(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A contractor may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(e) Minimum participation requirements and employer premium contribution requirements adopted by the health insurance partnership board under RCW 70.47A.110 shall apply only to the employers and employees who purchase health benefit plans through the health insurance partnership.

(6) A contractor must offer coverage to all eligible employees of a small employer and their dependents. A contractor may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A contractor may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

(c) The health maintenance organization shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1,

FIFTY NINTH DAY, MARCH 10, 2010

1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs. Up to a twenty percent variance may be allowed for small employers that develop and implement a wellness program or activities that directly improve employee wellness. Employers shall document program activities with the carrier and may, after three years of implementation, request a reduction in premiums based on improved employee health and wellness. While carriers may review the employer's claim history when making a determination regarding whether the employer's wellness program has improved employee health, the carrier may not use maternity or prevention services claims to deny the employer's request. Carriers may consider issues such as improved productivity or a reduction in absenteeism due to illness if submitted by the employer for consideration. Interested employers may also work with the carrier to develop a wellness program and a means to track improved employee health.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

- (i) Changes to the enrollment of the small employer;
- (ii) Changes to the family composition of the employee;
- (iii) Changes to the health benefit plan requested by the small employer; or
- (iv) Changes in government requirements affecting the health benefit plan.

(g) On the census date, as defined in RCW 48.46.020, rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, and differences in census date between new and renewal groups, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage, including the small group participants in the health insurance partnership established in RCW 70.47A.030. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(j) For health benefit plans purchased through the health insurance partnership established in chapter 70.47A RCW:

(i) Any surcharge established pursuant to RCW 70.47A.030(2)(e) shall be applied only to health benefit plans purchased through the health insurance partnership; and

(ii) Risk adjustment or reinsurance mechanisms may be used by the health insurance partnership program to redistribute funds to carriers participating in the health insurance partnership based on differences in risk attributable to individual choice of health plans or other factors unique to health insurance partnership participation. Use of such mechanisms shall be limited to the partnership program and will not affect small group health plans offered outside the partnership.

(k) If the rate developed under this section varies the adjusted community rate for the factors listed in (a) of this subsection, the date for determining those factors must be no more than ninety days prior to the effective date of the health benefit plan.

(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection and subsection (3)(g) of this section, requirements used by a health maintenance organization in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) A health maintenance organization shall not require a minimum participation level greater than:

- (i) One hundred percent of eligible employees working for groups with three or less employees; and
- (ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A health maintenance organization may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(e) Minimum participation requirements and employer premium contribution requirements adopted by the health insurance partnership board under RCW 70.47A.110 shall apply only to the employers and employees who purchase health benefit plans through the health insurance partnership.

(6) A health maintenance organization must offer coverage to all eligible employees of a small employer and their dependents. A health maintenance organization may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A health maintenance organization may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

**Sec. 7.** RCW 48.21.045 and 2009 c 131 s 1 are each amended to read as follows:

(1)(a) An insurer offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude an insurer from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. An insurer offering a health benefit plan

under this subsection shall clearly disclose all covered benefits to the small employer in a brochure filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.21.130, 48.21.140, 48.21.141, 48.21.142, 48.21.144, 48.21.146, 48.21.160 through 48.21.197, 48.21.200, 48.21.220, 48.21.225, 48.21.230, 48.21.235, 48.21.244, 48.21.250, 48.21.300, 48.21.310, or 48.21.320.

(2) Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

- (i) Geographic area;
- (ii) Family size;
- (iii) Age; and
- (iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs. - (i) Changes to the enrollment of the small employer;
- (ii) Changes to the family composition of the employee;
- (iii) Changes to the health benefit plan requested by the small employer; or
- (iv) Changes in government requirements affecting the health benefit plan.

(g) On the census date, as defined in RCW 48.21.047, rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, and differences in census date between new and renewal groups, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(j) For health benefit plans purchased through the health insurance partnership established in chapter 70.47A RCW:

(i) Any surcharge established pursuant to RCW 70.47A.030(2)(e) shall be applied only to health benefit plans purchased through the health insurance partnership; and

(ii) Risk adjustment or reinsurance mechanisms may be used by the health insurance partnership program to redistribute funds to carriers participating in the health insurance partnership based on differences in risk attributable to individual choice of health plans or other factors unique to health insurance partnership participation. (k) If the rate developed under this section varies the adjusted community rate for the factors listed in (a) of this subsection, the date for determining those factors must be no more than ninety days prior to the effective date of the health benefit plan.

(4) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection and subsection (3)(g) of this section, requirements used by an insurer in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

## MESSAGE FROM THE HOUSE

March 8, 2010

MR. PRESIDENT:

and the same is herewith transmitted.

BARBARA BAKER, Chief Clerk

## MOTION

The President declared the question before the Senate to be motion by Senator Kline that the Senate recede from its position

## MOTION

On motion of Senator Kline, the rules were suspended and Engrossed Substitute House Bill No. 2424 was returned to second reading for the purposes of amendment.

## SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2424, by House Committee on Public Safety & Emergency Preparedness (originally sponsored by Representatives O'Brien, Pearson, Hurst, Takko, Herrera, Chandler, Ross, Rodne, Dammeier, Condotta, Shea, Klippert, Smith, Walsh, Parker, McCune, Campbell, Johnson, Eddy, Morrell, Kelley, Short, Sullivan, Conway, Kagi, Roach, Kristiansen, Bailey, Haler, Schmick, Ericks, Warnick, Ormsby, Moeller and Hope)

Protecting children from sexual exploitation and abuse.

The measure was read the second time.

## MOTION

Senator Kline moved that the following striking amendment by Senator Kline and others be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.68A.001 and 2007 c 368 s 1 are each amended to read as follows:

The legislature finds that the prevention of sexual exploitation and abuse of children constitutes a government objective of surpassing importance. The care of children is a sacred trust and should not be abused by those who seek commercial gain or personal gratification based on the exploitation of children.

The legislature further finds that the protection of children from sexual exploitation can be accomplished without infringing on a constitutionally protected activity. The definition of "sexually explicit conduct" and other operative definitions demarcate a line between protected and prohibited conduct and should not inhibit legitimate scientific, medical, or educational activities.

The legislature further finds that children engaged in sexual conduct for financial compensation are frequently the victims of sexual abuse. Approximately eighty to ninety percent of children engaged in sexual activity for financial compensation have a history of sexual abuse victimization. It is the intent of the legislature to encourage these children to engage in prevention and intervention services and to hold those who pay to engage in the sexual abuse of children accountable for the trauma they inflict on children.

The legislature further finds that due to the changing nature of technology, offenders are now able to access child pornography in different ways and in increasing quantities. By amending current statutes governing depictions of a minor engaged in sexually explicit conduct, it is the intent of the legislature to ensure that intentional viewing of and dealing in child pornography over the internet is subject to a criminal penalty without limiting the scope of existing prohibitions on the possession of or dealing in child pornography, including the possession of electronic depictions of a minor engaged in sexually explicit conduct. It is also the intent of the legislature to clarify, in response to *State v. Sutherby*, 204 P.3d 916 (2009), the unit of prosecution for the statutes governing

FIFTY NINTH DAY, MARCH 10, 2010

possession of and dealing in depictions of a minor engaged in sexually explicit conduct. It is the intent of the legislature that the first degree offenses under RCW 9.68A.050, 9.68A.060, and 9.68A.070 have a per depiction or image unit of prosecution, while the second degree offenses under RCW 9.68A.050, 9.68A.060, and 9.68A.070 have a per incident unit of prosecution as established in *State v. Sutherby*, 204 P.3d 916 (2009). Furthermore, it is the intent of the legislature to set a different unit of prosecution for the new offense of viewing of depictions of a minor engaged in sexually explicit conduct such that each separate session of intentionally viewing over the internet of visual depictions or images of a minor engaged in sexually explicit conduct constitutes a separate offense.

**NEW SECTION. Sec. 2.** A new section is added to chapter 9.68A RCW to read as follows:

The court may impose a sentence outside the standard sentence range for an offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence. Facts supporting aggravated sentences, other than the fact of a prior conviction, shall be determined pursuant to the provisions of RCW 9.94A.537.

Whenever a sentence outside the standard sentence range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard sentence range shall be a determinate sentence.

If the sentencing court finds that an exceptional sentence outside the standard sentence range should be imposed, the sentence is subject to review only as provided for in RCW 9.94A.585(4).

A departure from the standards in RCW 9.94A.589 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in this section, and may be appealed by the offender or the state as set forth in RCW 9.94A.585 (2) through (6).

(1) Mitigating Circumstances - Court to Consider

The court may impose an exceptional sentence below the standard range if it finds that mitigating circumstances are established by a preponderance of the evidence. The following are illustrative only and are not intended to be exclusive reasons for exceptional sentences.

(a) To a significant degree, the victim was an initiator, willing participant, aggressor, or provoker of the incident.

(b) Before detection, the defendant compensated, or made a good faith effort to compensate, the victim of the criminal conduct for any damage or injury sustained.

(c) The defendant committed the crime under duress, coercion, threat, or compulsion insufficient to constitute a complete defense but which significantly affected his or her conduct.

(d) The defendant, with no apparent predisposition to do so, was induced by others to participate in the crime.

(e) The defendant's capacity to appreciate the wrongfulness of his or her conduct, or to conform his or her conduct to the requirements of the law, was significantly impaired. Voluntary use of drugs or alcohol is excluded.

(f) The offense was principally accomplished by another person and the defendant manifested extreme caution or sincere concern for the safety or well-being of the victim.

(g) The operation of the multiple offense policy of RCW 9.94A.589 results in a presumptive sentence that is clearly excessive in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(h) The defendant or the defendant's children suffered a continuing pattern of physical or sexual abuse by the victim of the offense and the offense is a response to that abuse.

(2) Aggravating Circumstances - Considered and Imposed by the Court

The trial court may impose an aggravated exceptional sentence without a finding of fact by a jury under the following circumstances:

(a) The defendant and the state both stipulate that justice is best served by the imposition of an exceptional sentence outside the standard range, and the court finds the exceptional sentence to be consistent with and in furtherance of the interests of justice and the purposes of the sentencing reform act.

(b) The defendant's prior unscored misdemeanor or prior unscored foreign criminal history results in a presumptive sentence that is clearly too lenient in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(c) The defendant has committed multiple current offenses and the defendant's high offender score results in some of the current offenses going unpunished.

Sec. 10. RCW 9.94A.535 and 2008 c 276 s 303 and 2008 c 233 s 9 are each reenacted and amended to read as follows:

FIFTY NINTH DAY, MARCH 10, 2010

(d) The failure to consider the defendant's prior criminal history which was omitted from the offender score calculation pursuant to RCW 9.94A.525 results in a presumptive sentence that is clearly too lenient.

(3) Aggravating Circumstances - Considered by a Jury -Imposed by the Court

Except for circumstances listed in subsection (2) of this section, the following circumstances are an exclusive list of factors that can support a sentence above the standard range. Such facts should be determined by procedures specified in RCW 9.94A.537.

(a) The defendant's conduct during the commission of the current offense manifested deliberate cruelty to the victim.

(b) The defendant knew or should have known that the victim of the current offense was particularly vulnerable or incapable of resistance.

(e) The current offense was a major violation of the Uniform Controlled Substances Act, chapter 69.50 RCW (VUCSA), related to trafficking in controlled substances, which was more onerous than the typical offense of its statutory definition: The presence of ANY of the following may identify a current offense as a major VUCSA:

(i) The current offense involved at least three separate transactions in which controlled substances were sold, transferred, or possessed with intent to do so;

(ii) The current offense involved an attempted or actual sale or transfer of controlled substances in quantities substantially larger than for personal use;

(vi) The offender used his or her position or status to facilitate the commission of the current offense, including positions of trust, confidence or fiduciary responsibility (e.g., pharmacist, physician, or other medical professional).

(f) The current offense included a finding of sexual motivation pursuant to RCW 9.94A.835.

(g) The offense was part of an ongoing pattern of sexual abuse of the same victim under the age of eighteen years manifested by multiple incidents over a prolonged period of time.

(l) The current offense is trafficking in the first degree or trafficking in the second degree and any victim was a minor at the time of the offense.

(m) The offense involved a high degree of sophistication or planning.

(n) The defendant used his or her position of trust, confidence, or fiduciary responsibility to facilitate the commission of the current offense.

(o) The defendant committed a current sex offense, has a history of sex offenses, and is not amenable to treatment.

(x) The defendant committed the offense against a public official or officer of the court in retaliation of the public official's performance of his or her duty to the criminal justice system.

(y) The victim's injuries substantially exceed the level of bodily harm necessary to satisfy the elements of the offense. This aggravator is not an exception to RCW 9.94A.530(2).

(z)(i)(A) The current offense is theft in the first degree, theft in the second degree, possession of stolen property in the first degree, or possession of stolen property in the second degree; (B) the stolen property involved is metal property; and (C) the property damage to the victim caused in the course of the theft of metal property is more than three times the value of the stolen metal property, or the theft of the metal property creates a public hazard.

(ii) For purposes of this subsection, "metal property" means commercial metal property, private metal property, or nonferrous metal property, as defined in RCW 19.290.010.

**Sec. 11.** RCW 9.94A.030 and 2009 c 375 s 4 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(11) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere.

(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's pardon.

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(12) "Criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name or common identifying sign or

symbol, having as one of its primary activities the commission of criminal acts, and whose members or associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. (a) To gain admission, prestige, or promotion within the gang;

(c) To exact revenge or retribution for the gang or any member of the gang;

(d) To obstruct justice, or intimidate or eliminate any witness against the gang or any member of the gang;

(e) To directly or indirectly cause any benefit, aggrandizement, gain, profit, or other advantage for the gang, its reputation, influence, or membership; or

(f) To provide the gang with any advantage in, or any control or dominance over any criminal market sector, including, but not limited to, manufacturing, delivering, or selling any controlled substance (chapter 69.50 RCW); arson (chapter 9A.48 RCW); trafficking in stolen property (chapter 9A.82 RCW); promoting prostitution (chapter 9A.88 RCW); human trafficking (RCW 9A.40.100); or promoting pornography (chapter 9.68 RCW).

(18) "Determinate sentence" means a sentence that states with exactitude the number of actual years, months, or days of total confinement, of partial confinement, of community custody, the number of actual hours or days of community restitution work, or dollars or terms of a legal financial obligation. The fact that an offender through earned release can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(19) "Disposable earnings" means that part of the earnings of an offender remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

#### SECOND READING

SUBSTITUTE HOUSE BILL NO. 2745, by House Committee on Environmental Health (originally sponsored by Representatives Hudgins, Campbell and Uptegrove)

Concerning compliance with the environmental protection agency's renovation, repair, and painting rule in the lead-based paint program.

The measure was read the second time.

#### MOTION

On motion of Senator Rockefeller, the rules were suspended, Substitute House Bill No. 2745 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Senators Rockefeller, Marr and Franklin spoke in favor of passage of the bill.

Senators Hargrove and Benton spoke against passage of the bill.

#### MOTION

On motion of Senator Brandland, Senators Roach and Zarelli were excused.

#### POINT OF INQUIRY

Senator Franklin: "Would Senator Rockefeller yield to a question? Thank you Senator. Under the provisions of the bill are volunteers required to be certified?"

Senator Rockefeller: "Mr. President, would be happy to respond. Let me begin by pointing out that the law of the state under which we took the delegation of authority from EPA requires that our program and rules be equal to but not in excess of federal requirements as set forth in the federal residential lead-based paint hazard reduction act. So, that's our base line. According to the federal rules with which we must be consistent these provisions apply only to persons who are compensated for renovating homes and child care facilities built before 1978. So, while the gentlemen who have been concerned don't see language in this bill that is not the issue. Because the language of

FIFTY NINTH DAY, MARCH 10, 2010

2010 REGULAR SESSION

our law must be consistent with and not an excess of the federal requirements that we can answer with confidence that no volunteer is required to be certified as a renovator so volunteers are free, Senator Franklin. Unless specifically authorized to be more stringent, our state program must continue to be consistent with those federal rules and regulations and we have not authorized our program to be more stringent.”

Senator Marr again spoke in favor of passage of the bill.  
Senator Hargrove again spoke against passage of the bill.

Senators King, Schoesler and Becker spoke against passage of the bill.

Senators Gordon and Hobbs spoke in favor of passage of the bill.

#### POINT OF INQUIRY

Senator Roach: “Would Senator Rockefeller yield to a question? So, thank you for yielding. So, the question I have is if I understand this bill right and I’ve been over here trying to read some things here, listening and talking. If this bill passes then anyone who wants to be certified pays twenty-five dollars to be able to perform the service. If it doesn’t pass it could be two hundred to three hundred dollars that the EPA program would impose on an individual in this state to do the same work. Correct?”

Senator Rockefeller: “Correct and they are still required to have that training because the federal rules are the rules to which we are confirming our state practices so the standards are going into affect on April. These standards were adopted in the last year of the prior federal administration under President Bush. These are not regarded as unfriendly to business at that time or I think they would not have been adopted. So, what we’re having here is a bill which offers an easier way for our renovators who are compensated to carry out this work. Similar to the training that abatement contractors have today. People who are volunteers in abatement or in renovation currently do not have to get this training and they’re not subject to the rules or the penalties.”

Senator Roach: “So, if this bill passes the cost to an individual in Washington State is twenty-five dollars. If it doesn’t, the cost would be two hundred?”

Senator Rockefeller: “For the training part of it, yes.”

Senator Roach spoke in favor of passage of the bill.

The President declared the question before the Senate to be the final passage of Substitute House Bill No. 2745.

#### ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 2745 and the bill passed the Senate by the following vote: Yeas, 31; Nays, 17; Absent, 0; Excused, 1.

Voting yea: Senators Benton, Berkey, Brown, Eide, Fairley, Franklin, Fraser, Gordon, Hatfield, Haugen, Hobbs, Jacobsen, Kastama, Kauffman, Keiser, Kilmer, Kline, Kohl-Welles, Marr, McAuliffe, McDermott, Murray, Oemig, Prentice, Pridemore, Ranker, Regala, Roach, Rockefeller, Shin and Tom

Voting nay: Senators Becker, Brandland, Carrell, Delvin, Hargrove, Hewitt, Holmquist, Honeyford, King, Morton, Parlette, Pflug, Schoesler, Sheldon, Stevens, Swecker and Zarelli

Excused: Senator McCaslin

SUBSTITUTE HOUSE BILL NO. 2745, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

#### SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 3178, by House Committee on Ways & Means (originally sponsored by Representatives Carlyle, Anderson, Hunter, Rolfes, Eddy, Takko, Probst, Wallace, Maxwell, Van De Wege, Kelley, Green, Sullivan, Hudgins, Hope, Morrell, Springer, Ericks, Hunt, Goodman, Jacks and Finn)

Creating efficiencies in the use of technology in state government.

The measure was read the second time.

#### MOTION

Senator Prentice moved that the following committee striking amendment by the Committee on Ways & Means be adopted.

Strike everything after the enacting clause and insert the following:

**NEW SECTION. Sec. 1.** A new section is added to chapter 43.105 RCW to read as follows:

(1) The legislature finds that the provision of information technology in state government lacks strategic coordination, transparency, and meaningful enterprise-wide direction and oversight. It is no longer economically sustainable or technically feasible for state agencies to obtain and provide large-scale, commonly utilized information technology products and services on an individual, agency- by-agency basis without coordination. Instead, the state needs a strong, enterprise-based information technology strategy to ensure the public's needs are being met and the state is receiving the highest quality information technology products and services at the best price from public or private providers. Developing a strong enterprise-wide strategy also includes establishing clear lines of authority and accountability within state agencies so that those services unique to individual agencies receive the support required to effectively and efficiently provide services to citizens. To accomplish these objectives, the state needs to develop an open, transparent process for determining the total cost of ownership for the information technology products and services it provides, and to provide such information in an easily accessible, public fashion. It is in the state's interest to ensure that the wide range of disparate networks, systems, services, and structures across state government become more closely coordinated, organized, and structured. This type of coordinating effort is already underway in the area of higher education through the efforts of the higher education technology transformation task force and informally within other areas. When more transparent technical and financial information is readily available, the state can make sound policy decisions about what information technology services should be provided centrally on a shared services basis, and what products and services may be best suited for either contracting with private providers or for maintenance at the agency level. Furthermore, if attractive pricing models and service level agreements are developed for enterprise-based information technology services, the legislative and judicial branches will have an incentive to participate in those services as well.

(2) It is the intent of the legislature to organize, consolidate, and, where appropriate, contract with private providers for technology

FIFTY NINTH DAY, MARCH 10, 2010

systems and resources in a strategic fashion that is based upon sound, objective, nonpolitical, and independent technical and financial criteria. The state needs to develop a clear, enterprise-based statewide strategy for information technology to ensure that there is transparency and accountability regarding how information technology resources are being allocated, how decisions are being made, and who is accountable for on-time, on-budget delivery.

**NEW SECTION. Sec. 2.** A new section is added to chapter 43.105 RCW to read as follows:

(1) State agencies that are purchasing wireless devices or services must make such purchases through the state master contract, unless the state agency provides to the office of financial management evidence that the state agency is securing its wireless devices or services from another source for a lower cost than through participation in the state master contract.

(2) For the purposes of this section, "state agency" means any office, department, board, commission, or other unit of state government, but does not include a unit of state government headed by a statewide elected official, an institution of higher education as defined in RCW 28B.10.016, the higher education coordinating board, the state board for community and technical colleges, or agencies of the legislative or judicial branches of state government.

**Sec. 3.** RCW 43.105.190 and 2005 c 319 s 111 are each amended to read as follows:

(1) The department, with the approval of the board, shall establish standards and policies governing the planning, implementation, and evaluation of major information technology projects, including those proposed by the superintendent of public instruction, in conjunction with educational service districts, or statewide or regional providers of K-12 education information technology services. The standards and policies shall:

(a) Establish criteria to identify projects which are subject to this section. Such criteria shall include, but not be limited to, significant anticipated cost, complexity, or statewide significance of the project; and

(b) Establish a model process and procedures which agencies shall follow in developing and implementing projects within their information technology portfolios. Agencies may propose, for approval by the department, a process and procedures unique to the agency. The department may accept or require modification of such agency proposals or the department may reject such agency proposals and require use of the model process and procedures established under this subsection. Any process and procedures developed under this subsection shall require (i) distinct and identifiable phases upon which funding may be based, (ii) user validation of products through system demonstrations and testing of prototypes and deliverables, and (iii) other elements identified by the board.

The director may terminate a major project if the director determines that the project is not meeting or is not expected to meet anticipated performance standards.

(2) The office of financial management shall establish policies and standards consistent with portfolio-based information technology management to govern the funding of projects developed under this section. The policies and standards shall provide for:

(a) Funding of a project under terms and conditions mutually agreed to by the director, the director of financial management, and the head of the agency proposing the project. However, the office of financial management may require incremental funding of a project on a phase-by-phase basis whereby funds for a given phase of a project may be released only when the office of financial management determines, with the advice of the department, that the previous phase is satisfactorily completed;

(b) Acceptance testing of products to assure that products perform satisfactorily before they are accepted and final payment is made; and

(c) Other elements deemed necessary by the office of financial management.

(3)(a) The department shall evaluate projects based on the demonstrated business needs and benefits; cost; technology scope and feasibility; impact on the agency's information technology portfolio and on the statewide infrastructure; and final project implementation plan based upon available funding.

(b) Copies of project evaluations conducted under this subsection shall be submitted to the office of financial management and the chairs, ranking minority members, and staff coordinators of the appropriations committees of the senate and house of representatives.

(c) If there are projects that receive funding from a transportation fund or account, copies of those projects' evaluations conducted under this subsection must be submitted to the chairs and ranking minority members of the transportation committees of the senate and the house of representatives.

(4) For the 2009-2011 biennium, the following limitations are established upon information technology procurement:

(a) Except as provided in (c) of this subsection, state agencies are not permitted to purchase or implement new information technology projects without securing prior authorization from the office of financial management. The office of financial management may only approve information technology projects that contribute towards an enterprise strategy or meet a critical, localized need of the requesting agency.

(b) Except as provided in (c) of this subsection, state agencies are not permitted to purchase servers, virtualization software, data storage, or related software through their operational funds or through a separate information technology budget item without securing prior authorization from the office of financial management. The office of financial management shall grant approval only if the purchase is consistent with the state's overall migration strategy to the state data center and critical to the operation of the agency.

(c) State agencies may purchase new information technology projects or servers without securing prior authorization from the office of financial management if the purchase by the agency is needed to address an immediate and compelling threat to public safety.

(d) For the purposes of this subsection (4), "state agency" means any office, department, board, commission, or other unit of state government, but does not include a unit of state government headed by a statewide elected official, an institution of higher education as defined in RCW 28B.10.016, the higher education coordinating board, the state board for community and technical colleges, or agencies of the legislative or judicial branches of state government.

**NEW SECTION. Sec. 4.** A new section is added to chapter 43.88 RCW to read as follows:

(1) As part of the biennial budget process, the office of financial management shall collect from agencies, and agencies shall provide, information to produce reports, summaries, and budget detail sufficient to allow review, analysis, and documentation of all current and proposed expenditures for information technology by state agencies. Information technology budget detail must be included as part of the budget submittal documentation required pursuant to RCW 43.88.030.

(2) The office of financial management must collect, and present as part of the biennial budget documentation, information for all existing information technology projects as defined by information services board policy. The office of financial management must work with the department of information services

## PERSONAL PRIVILEGE

Senator Brandland: "I rise before the body to say goodbye. I'm not coming back. I've been thinking about this for months. My wife and I have kicked this around and I have been on again off again and I decided about two weekends ago as I was sitting in my front room watching the sun come up over Mt. Baker. I decided I'm not coming back. I could not do that without coming to this body and saying thank you. I have voted with you. I have voted against you. I have made so many friends here. I do leave with a heavy heart. I do love this job but my heart's in Bellingham and I want to go back there. So, thank you very much for your friendship and your kindness and I wish you luck in the future."

## REMARKS BY THE PRESIDENT

President Owen: "Senator Brandland, you sure, if we didn't give you two first round draft picks or something, we couldn't get you to change your mind?"

## PERSONAL PRIVILEGE

Senator Hewitt: "Thank you Mr. President. Resignation not accepted! I'm going to be sad to lose Dale. He's caused me a lot of heartaches in my caucus but I still love the guy regardless. He's what I would call a true statesman and a gentleman. I mean you never know what, whether Dale has something up his sleeve or not because he comes to you and tells you just like it is. If everybody operated that way down here this would be a tremendous, tremendous place, it would be a better place to be. So, I got to tell you my friend, I'm going to, seriously going to miss you. You have become a very good friend of mine for the

2010 REGULAR SESSION

last eight years and I tried like hell to talk him out of this. You can't believe how hard I've tried but it's a decision he has to make and I think he has his priorities squared away. His heart is in the right spot and wish you well my friend."

## PERSONAL PRIVILEGE

Senator Murray: "Well, speaking for side of the aisle I've enjoyed working with you tremendously on a variety of issues and Senator Brandland, I particularly have admired your integrity and your courage. So, from this side of the aisle the best of luck in the days and years ahead."

## PERSONAL PRIVILEGE

Senator Hargrove: "Thank you Mr. President. Well, Dale's been on my committee for a number of years and it's really interesting because our committee passes almost everything unanimously out of our committee. One thing, in all seriousness I am going to miss is that law enforcement perspective as we look at human services and correction issues. It has been invaluable to have that perspective on our committee as we have sorted through sex offender issues, through correction issues, through the prison reform stuff that Senator Carrell worked on. I mean it's just, so many times the experience Dale brought from being an ex-sheriff. He has inside knowledge about stuff that we just can't grasp without having that experience here. I am going to repeat one little story that I thought it might be humorous to people, that is, I can remember, I think the first year he was on my committee. You know I run a pretty tight ship in executive session and he actually started to speak on an amendment and then he looked up at me and said, 'Oh, you didn't want me to talk did you' and we got along really good because we worked together. He's never surprised me with anything. We've always known what was going to go on and worked things out and I think it's been a real pleasure Dale but we're really, really, really going to miss that experience on all the issues we've had to deal with in our committee and hope you won't be a stranger."

## PERSONAL PRIVILEGE

Senator Fraser: "Thank you Mr. President. I too would like to say thank you, once again, second time in about fifteen minutes to Senator Brandland. It's just been a total pleasure to work with him. I think we've worked on, I think four capital budgets together now and I would agree with Senator Hargrove that Senator Brandland's experience in law enforcement has been very helpful in working through projects on the capital budget and he and I have a lot in common. He's a former County Sheriff, I'm a former County Commissioner so it's really fun for us sometimes to sit there and think about you know we were in county government, now we're here and it's been great. Senator Brandland's always thoughtful, pleasant, informed and a total pleasure to work with and I guess this will be our last capital budget together but I hope we will be working on other things together. Thank you very much."

## PERSONAL PRIVILEGE

Senator Stevens: "Thank you Mr. President. I too rise with a heavy heart and as the ranking member on the committee that Senator Hargrove was speaking of, the Human Services and Corrections Committee. It has been a great opportunity to work together to be able to come together on issues that were very diverse and varied and to have the kind of input that we've had. I

FIFTY NINTH DAY, MARCH 10, 2010

will never forget the time that we were in the majority, we were in that other building when we were temporarily out of this building and I can remember we were stalling for time. I was sitting beside Senator Brandland and I, he made a comment about a bill as a freshman I took advantage of the opportunity and I stood and asked him if he would yield to a question and he agreed. I said 'Can you tell me the difference between the striker and the bill, the original bill?' He turned and looked at me and said, 'I don't have a clue and why are doing this to me?' So, I will through that back at you, 'Why are you doing this to us?' I wish you well in your continued retirement and to you and your wife, the very best."

PERSONAL PRIVILEGE

Senator Kline: "Mr. President, I know I'm one of forty-eight guys around here, guys and gals, that are going to miss you. Dale, you're one of the reasons why bills, and we all have probably noticed this, at least in my committee and, I know, in Human Services and Corrections have been going out much more unanimously, much more well worked, with a great deal of attention and a lot of hand shaking across the aisle. The reason I think in large part is your ability to exercise what we liberals called empathy. That is the ability to see something not only from your own point of view and the people you know but from the point of view of others and law enforcement, yes, but also the people that I know that I represent, the people who may be doing some crazy stuff and sometimes maybe not always playing by the rules as we know they should. To exercise some empathy and to not be simple the sheriff as I hope I can and at some point and I know that all of us try. That takes a lot and I certainly appreciate it. I had an experience, a couple, I think it's two or three years ago, of going up to Bellingham to work with the Whatcom County Sherriff's, they were hosting a task force on gang activity and the sheriff's department in Whatcom County is Dale Brandland fans. He's there, not just their boss, their friend. That was pretty clear that they all knew and loved Dale as we do. Dale, I'm going to miss you. Come back sometime and see us. Thank you."

PERSONAL PRIVILEGE

Senator Kastama: "Thank you Mr. President, I didn't plan on speaking on this today. I really didn't but I do want to say this. When I first came to the chamber I think I learned the importance of being a Senator from Senator Snyder. He taught me very clearly that, in fact, you're no longer the individual Jim Kastama, whatever your name happens to be. You are a Senator and you behave as a Senator. I want to say that you will be missed in this body but I want you to know that you are truly a Senator. As a Senator very few people have gone through what we have gone through, have had to make the difficult decisions that we've had to make, have had to balance all the difference interest groups like we've had to do, had to make decisions that really impact lives in Washington State and determine allocations of millions if not billions of dollars. Very few people had to make those decisions and I want you to know that you, again, will always be welcome here as a Senator and you've been a great part of the Senate. Thank you for that."

PERSONAL PRIVILEGE

Senator Parlette: "Well, I got to tell you, isn't that what he often says too? I didn't plan on speaking but I got to tell you. Well, I have to tell you that we are going to really miss Dale for a

variety of reasons but he's part of our leadership team. He is our Whip and you know what the job is, to bring everybody into caucus. He sits right next to me in caucus as I chair the meeting and he keeps track of who wants to take turns speaking because he writes it down. But as you know, Dale is so often out there working on issues, bringing people together that sometimes, I mean at least every other time we go into caucus, we have to go look for the Whip because he's out there trying to solve a problem and bring people together so we can come to an agreement on what we're voting on. And that's the truth. That happens ninety percent of the time. Dale, we're going to miss you. You are a statesman. A prince of a man. We'll miss you."

PERSONAL PRIVILEGE

Senator Franklin: "Thank you Mr. President. Well, Senator Brandland, I have dubbed you the even-spirited guy. You have been a mediator, a moderator bringing people together, solving problems and a point of view law enforcement officer. When I come out of my office and you are there, it's 'Hello Rosa. Good morning Senator.' You really have served well. You are going to be missed for the person you are, for what you have brought to this august body and for your even temperament-except once. When I saw you sort of flustered, then somebody said something that did not, you were not, did not meet your principles and that only one time. But when we have legislators who serve, this is not an easy job, we get hit left and right. You get hit if you do the right thing. You get hit if you do the wrong thing-what they consider the wrong thing. You have looked at both sides and tried to come up with solutions to help all of us. When I come to Whatcom County, I'm going to look you up. Thank you. You've done a good job. You are going to be missed. Thank you for your service."

SECOND READING

SECOND SUBSTITUTE HOUSE BILL NO. 2759, by House Committee on Ways & Means (originally sponsored by Representatives Maxwell, Anderson, Roberts, White, Goodman, Clibborn, Kenney, Hunter, Morrell and Haigh)

Adjusting local school finance related to nonresident students enrolled in online learning.

The measure was read the second time.

MOTION

Senator McAuliffe moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** While the legislature supports online learning, the legislature finds that there are unintended financial consequences for taxpayers, both locally and statewide, when significant numbers of nonresident students enroll in a school district for purposes of enrolling in an online school program. Therefore, the legislature intends to adjust finance policy related to voter-approved excess levies and a district's qualification for local effort enhancement funds to eliminate these unintended consequences.

**Sec. 2.** RCW 84.52.0531 and 2009 c 4 s 908 are each amended to read as follows:

FIFTY NINTH DAY, MARCH 10, 2010

2010 REGULAR SESSION

The maximum dollar amount which may be levied by or for any school district for maintenance and operation support under the provisions of RCW 84.52.053 shall be determined as follows:

(2) For excess levies for collection in calendar year 1998 and thereafter, the maximum dollar amount shall be the sum of (a) plus or minus (b) and (c) of this subsection minus (d) of this subsection:

(b) For districts in a high/nonhigh relationship, the high school district's maximum levy amount shall be reduced and the nonhigh school district's maximum levy amount shall be increased by an amount equal to the estimated amount of the nonhigh payment due to the high school district under RCW 28A.545.030(3) and 28A.545.050 for the school year commencing the year of the levy;

(c) For districts in an interdistrict cooperative agreement, the nonresident school district's maximum levy amount shall be reduced and the resident school district's maximum levy amount shall be increased by an amount equal to the per pupil basic education allocation included in the nonresident district's levy base under subsection (3) of this section multiplied by:

(i) The number of full-time equivalent students served from the resident district in the prior school year; multiplied by:

(ii) The serving district's maximum levy percentage determined under subsection (5) of this section; increased by:

(iii) The percent increase per full-time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year divided by fifty-five percent;

(3) For excess levies for collection in calendar year 2005 and thereafter, a district's levy base shall be the sum of allocations in (a) through (c) of this subsection received by the district for the prior school year and the amounts determined under subsection (4) of this section, including allocations for compensation increases, plus the sum of such allocations multiplied by the percent increase per full time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year and divided by fifty-five percent. A district's levy base shall not include local school district property tax levies or other local revenues, or state and federal allocations not identified in (a) through (c) of this subsection. In addition, for excess levies for collection in calendar year 2011 and thereafter, a district's levy base shall not include state or federal allocations attributable to nonresident students enrolled in the district in an online school program as defined under RCW 28A.250.010 based on an interdistrict agreement or under the provisions of RCW 28A.225.220 and 28A.225.225.

(a) The district's basic education allocation as determined pursuant to RCW 28A.150.250, 28A.150.260, and 28A.150.350;

(4) For levy collections in calendar years 2005 through 2011, in addition to the allocations included under subsection (3)(a) through (c) of this section, a district's levy base shall also include the following:

(a) The difference between the allocation the district would have received in the current school year had RCW 84.52.068 not been amended by chapter 19, Laws of 2003 1st sp. sess. and the allocation the district received in the current school year pursuant to RCW 84.52.068. The office of the superintendent of public instruction shall offset the amount added to a district's levy base pursuant to this subsection (4)(a) by any additional per student allocations included in a district's levy base pursuant to the enactment of an initiative to the people subsequent to June 10, 2004; and

(b) The difference between the allocations the district would have received the prior school year had RCW 28A.400.205 not been amended by chapter 20, Laws of 2003 1st sp. sess. and the allocations the district actually received the prior school year pursuant to RCW 28A.400.205. The office of the superintendent of public instruction shall offset the amount added to a district's levy base pursuant to this subsection (4)(b) by any additional salary increase allocations included in a district's levy base pursuant to the enactment of an initiative to the people subsequent to June 10, 2004.

(5) A district's maximum levy percentage shall be twenty-two percent in 1998 and twenty-four percent in 1999 and every year thereafter; plus, for qualifying districts, the grandfathered percentage determined as follows:

(i) Multiply the grandfathered percentage for the prior year times the district's levy base determined under subsection (3) of this section;

(ii) Reduce the result of (b)(i) of this subsection by any levy reduction funds as defined in subsection (6) of this section that are to be allocated to the district for the current school year;

(iii) Divide the result of (b)(ii) of this subsection by the district's levy base; and

(iv) Take the greater of zero or the percentage calculated in (b)(iii) of this subsection.

(6) "Levy reduction funds" shall mean increases in state funds from the prior school year for programs included under subsections (3) and (4) of this section: (a) That are not attributable to enrollment changes, compensation increases, or inflationary adjustments; and (b) that are or were specifically identified as levy reduction funds in the appropriations act. If levy reduction funds are dependent on formula factors which would not be finalized until after the start of the current school year, the superintendent of public instruction shall estimate the total amount of levy reduction funds by using prior school year data in place of current school year data. Levy reduction funds shall not include moneys received by school districts from cities or counties.

(7) For the purposes of this section, "prior school year" means the most recent school year completed prior to the year in which the levies are to be collected.

(8) For the purposes of this section, "current school year" means the year immediately following the prior school year.

FIFTY NINTH DAY, MARCH 10, 2010

(11) For calendar year 2009, the office of the superintendent of public instruction shall recalculate school district levy authority to reflect levy rates certified by school districts for calendar year 2009.

**Sec. 3.** RCW 84.52.0531 and 1997 c 259 s 2 are each amended to read as follows:

The maximum dollar amount which may be levied by or for any school district for maintenance and operation support under the provisions of RCW 84.52.053 shall be determined as follows:

"NEW SECTION. **Sec. 1.** The legislature finds that the Washington state ferry system is a critical component of the state's highway system. The legislature further finds that ferry system revenues are inadequate to support the capital requirements of aging vessels and terminals, and operating cost growth is fast outpacing

the growth of fare revenue and gas tax revenue dedicated to the ferry system. As such, and drawing on more than four consecutive years of legislative analysis and operating policy reforms, the legislature finds that a realignment of the ferry compensation policy framework is an appropriate next step toward the legislature's long-term goal of assuring sustainable, cost-effective ferry service. The legislature further intends to address increased costs of ferry system operations in a manner that balances the interests of the ferry system, ferry workforce, and fare payers. It is the intent of the legislature that final recommendations from the joint transportation committee ferry study, submitted to the legislature during the 2009 regular legislative session, be enacted by the legislature and implemented by the department of transportation as soon as practicable in order to benefit from the efficiencies and cost savings identified in the recommendations. It is also the intent of the legislature to make various additional policy changes aimed at further efficiencies and cost savings. Since the study began in 2006, recommendations have been made with regard to long range planning and implementing the most efficient and effective balance between ferry capital and operating investments. It is intended that this act, the 2009-2011 omnibus transportation appropriations act, and subsequent transportation appropriations acts serve as vehicles for enacting these recommendations in order to maximize the utilization of existing capacity and to make the most efficient use of existing assets and tax dollars.

**NEW SECTION. Sec. 2.** (1) The office of financial management shall convene an expert panel of ferry operators to conduct a management review of the Washington state department of transportation, ferries division. The panel must have between three and five members and must represent both management and operations specialists, as well as public and private ferry operators that can bring best practices and state-of-the-art knowledge to this effort. The panel shall review past studies, conduct its own review, and make recommendations of the ferries division's management. The study must be completed and submitted to the transportation committees of the senate and house of representatives by August 1, 2010, and must include:

(a) A review and comment on the studies and audits conducted on the ferries division over the past four years in areas of overhead and management organization structure and costs, maintenance practices, scheduling, and prioritization of preservation of vessels and terminals to ensure they represent current best practices;

(b) A report on the implementation of the recommendations in the studies and audits described in (a) of this subsection, and a report on their effectiveness compared to national best practices; and

(c) A review and report on the procedures for crew and service scheduling and recommendations on opportunities for improvement to provide the least cost of operations while maintaining service schedules that meet the needs of ferries customers.

(2) This section expires July 1, 2011.

**Sec. 4.** RCW 47.60.365 and 2007 c 512 s 12 are each amended to read as follows:

**Sec. 6.** RCW 47.60.385 and 2008 c 124 s 6 are each amended to read as follows:

(1) Terminal improvement, vessel improvement, and vessel acquisition project funding requests must adhere to the capital plan(~~(-~~

FIFTY NINTH DAY, MARCH 10, 2010

2010 REGULAR SESSION

(c) Includes an analysis that demonstrates that acquiring a new vessel or improving an existing vessel is more cost-effective than other alternatives considered. At a minimum, alternatives explored must include:

- (i) Alternatives to new vessel construction that increase capacity of existing vessels;
- (ii) Service level changes in lieu of adding vessel capacity; and
- (iii) Acquiring existing vessels or existing vessel plans rather than wholly new vessels or vessel plans; and
- (d) Demonstrates that the vessel proposed for improvement, construction, or purchase, if intended to replace an existing vessel or to place an existing vessel into inactive or reserve status, is consistent with the scheduled replacements in the rebuild and replacement plan.

(2) In addition to the requirements of RCW 47.60.385(1), initial requests for, and substantial modification requests to, vessel improvement funding must be submitted with a predesign study that includes:

- (a) An explanation of any regulatory changes necessitating the improvement;
- (b) The requirements under subsection (1) of this section, if the improvement modifies the capacity of a vessel;

- (d) An assessment of out-of-service time associated with making the improvement and ongoing preservation of the improvement.

**NEW SECTION. Sec. 8.** (1) Signage must be prominently displayed at each terminal and on each vessel that informs the public that assaults on Washington state employees will be prosecuted to the full extent of the law.

(2) The department shall investigate the frequency, severity, and prosecutorial results of assaults on Washington state ferries employees and, if appropriate, make recommendations to the transportation committees of the senate and house of representatives during the 2011 legislative session regarding methods to decrease the number of assaults on employees and procedures for prosecuting those who assault employees.

(3) This section expires June 30, 2011.

**Sec. 9.** RCW 47.28.030 and 2007 c 218 s 90 are each amended to read as follows:

(1)(a) A state highway shall be constructed, altered, repaired, or improved, and improvements located on property acquired for right-of-way purposes may be repaired or renovated pending the use of such right-of-way for highway purposes, by contract or state forces. The work or portions thereof may be done by state forces when the estimated costs thereof are less than fifty thousand dollars and effective July 1, 2005, sixty thousand dollars(~~:(—PROVIDED, That)~~).

(b) When delay of performance of such work would jeopardize a state highway or constitute a danger to the traveling public, the work may be done by state forces when the estimated cost thereof is less than eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(c) When the department of transportation determines to do the work by state forces, it shall enter a statement upon its records to that effect, stating the reasons therefor.

(d) To enable a larger number of small businesses, and minority, and women contractors to effectively compete for department of transportation contracts, the department may adopt rules providing for bids and award of contracts for the performance of work, or furnishing equipment, materials, supplies, or operating services whenever any work is to be performed and the engineer's estimate

indicates the cost of the work would not exceed eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(2) The rules adopted under this section:

~~((4))~~ (a) Shall provide for competitive bids to the extent that competitive sources are available except when delay of performance would jeopardize life or property or inconvenience the traveling public; and

~~((2))~~ (b) Need not require the furnishing of a bid deposit nor a performance bond, but if a performance bond is not required then progress payments to the contractor may be required to be made based on submittal of paid invoices to substantiate proof that disbursements have been made to laborers, material suppliers, mechanics, and subcontractors from the previous partial payment; and

~~((3))~~ (c) May establish prequalification standards and procedures as an alternative to those set forth in RCW 47.28.070, but the prequalification standards and procedures under RCW 47.28.070 shall always be sufficient.

(3) The department of transportation shall comply with such goals and rules as may be adopted by the office of minority and women's business enterprises to implement chapter 39.19 RCW with respect to contracts entered into under this chapter. The department may adopt such rules as may be necessary to comply with the rules adopted by the office of minority and women's business enterprises under chapter 39.19 RCW.

(4)(a) For the period of March 15, 2010, through June 30, 2011, work for less than one hundred twenty thousand dollars may be performed on ferry vessels and terminals by state forces.

(b) The department shall hire a disinterested, third party to conduct an independent analysis to identify methods of reducing out-of-service times for vessel maintenance, preservation, and improvement projects. The analysis must include options to extend the hours and days of operation at Eagle Harbor maintenance facility, consolidating work while vessels are at shipyards by having state forces perform services traditionally performed at Eagle Harbor at the shipyard, and decreasing the allowable time at shipyards. The analysis must also compare the out-of-service vessel times of performing services by state forces versus contracting out those services which in turn must be used to form a recommendation as to what the threshold of work performed on ferry vessels and terminals by state forces should be. This analysis must be presented to the transportation committees of the senate and house of representatives by December 1, 2010.

(c) The department shall develop a proposed ferry vessel maintenance, preservation, and improvement program and present it to the transportation committees of the senate and house of representatives by December 1, 2010. The proposed program must:

(i) Improve the basis for budgeting vessel maintenance, preservation, and improvement costs and for projecting those costs into a sixteen-year financial plan;

(ii) Limit the amount of planned out-of-service time to the greatest extent possible, including options associated with department staff as well as commercial shipyards; and

(iii) Be based on the service plan in the capital plan, recognizing that vessel preservation and improvement needs may vary by route.

(d) In developing the proposed ferry vessel maintenance, preservation, and improvement program, the department shall consider the following, related to reducing vessel out-of-service time:

(i) The costs compared to benefits of Eagle Harbor repair and maintenance facility operations options to include staffing costs and benefits in terms of reduced out-of-service time;

(ii) The maintenance requirements for on-vessel staff, including the benefits of a systemwide standard;

FIFTY NINTH DAY, MARCH 10, 2010

(iii) The costs compared to benefits of staff performing preservation or maintenance work, or both, while the vessel is under way, tied up between sailings, or not deployed;

(iv) A review of the department's vessel maintenance, preservation, and improvement program contracting process and contractual requirements;

(v) The costs compared to benefits of allowing for increased costs associated with expedited delivery;

(vi) A method for comparing the anticipated out-of-service time of proposed projects and other projects planned during the same construction period;

(vii) Coordination with required United States coast guard dry dockings;

(viii) A method for comparing how proposed projects relate to the service requirements of the route on which the vessel normally operates; and

(ix) A method for evaluating the ongoing maintenance and preservation costs associated with proposed improvement projects.

**Sec. 10.** RCW 47.64.120 and 2006 c 164 s 3 are each amended to read as follows:

(1) Except as otherwise provided in this chapter, the employer and ferry system employee organizations, through their collective bargaining representatives, shall meet at reasonable times(,) to negotiate in good faith with respect to wages, hours, working conditions, and insurance, ((and health care benefits as limited by RCW 47.64.270,)) and other matters mutually agreed upon. Employer funded retirement benefits shall be provided under the public employees retirement system under chapter 41.40 RCW and shall not be included in the scope of collective bargaining. Except as provided under RCW 47.64.270, the employer is not required to bargain over health care benefits. Any retirement system or retirement benefits shall not be subject to collective bargaining.

(2) Upon ratification of bargaining agreements, ferry employees are entitled to an amount equivalent to the interest earned on retroactive compensation increases. For purposes of this section, the interest earned on retroactive compensation increases is the same monthly rate of interest that was earned on the amount of the compensation increases while held in the state treasury. The interest will be computed for each employee until the date the retroactive compensation is paid, and must be allocated in accordance with appropriation authority. The interest earned on retroactive compensation is not considered part of the ongoing compensation obligation of the state and is not compensation earnable for the purposes of chapter 41.40 RCW. Negotiations shall also include grievance procedures for resolving any questions arising under the agreement, which shall be embodied in a written agreement and signed by the parties.

(3) Except as otherwise provided in this chapter, if a conflict exists between an executive order, administrative rule, or agency policy relating to wages, hours, and terms and conditions of employment and a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with the terms of a statute is invalid and unenforceable.

**Sec. 11.** RCW 47.64.170 and 2007 c 160 s 1 are each amended to read as follows:

(1) Any ferry employee organization certified as the bargaining representative shall be the exclusive representative of all ferry employees in the bargaining unit and shall represent all such employees fairly.

(2) A ferry employee organization or organizations and the governor may each designate any individual as its representative to engage in collective bargaining negotiations.

(3) Negotiating sessions, including strategy meetings of the employer or employee organizations, mediation, and the

deliberative process of arbitrators are exempt from the provisions of chapter 42.30 RCW. Hearings conducted by arbitrators may be open to the public by mutual consent of the parties.

(4) Terms of any collective bargaining agreement may be enforced by civil action in Thurston county superior court upon the initiative of either party.

(5) Ferry system employees or any employee organization shall not negotiate or attempt to negotiate directly with anyone other than the person who has been appointed or authorized a bargaining representative for the purpose of bargaining with the ferry employees or their representative.

(6)(a) Within ten working days after the first Monday in September of every odd-numbered year, the parties shall attempt to agree on an interest arbitrator to be used if the parties are not successful in negotiating a comprehensive collective bargaining agreement. If the parties cannot agree on an arbitrator within the ten-day period, either party may request a list of seven arbitrators from the federal mediation and conciliation service. The parties shall select an interest arbitrator using the coin toss/alternate strike method within thirty calendar days of receipt of the list. Immediately upon selecting an interest arbitrator, the parties shall cooperate to reserve dates with the arbitrator for potential arbitration between August 1st and September 15th of the following even-numbered year. The parties shall also prepare a schedule of at least five negotiation dates for the following year, absent an agreement to the contrary. The parties shall execute a written agreement before November 1st of each odd-numbered year setting forth the name of the arbitrator and the dates reserved for bargaining and arbitration. This subsection (6)(a) imposes minimum obligations only and is not intended to define or limit a party's full, good faith bargaining obligation under other sections of this chapter.

(b) The negotiation of a proposed collective bargaining agreement by representatives of the employer and a ferry employee organization shall commence on or about February 1st of every even-numbered year.

(c) For negotiations covering the 2009-2011 biennium and subsequent biennia, the time periods specified in this section, and in RCW 47.64.210 and 47.64.300 through 47.64.320, must ensure conclusion of all agreements on or before October 1st of the even-numbered year next preceding the biennial budget period during which the agreement should take effect. These time periods may only be altered by mutual agreement of the parties in writing. Any such agreement and any impasse procedures agreed to by the parties under RCW 47.64.200 must include an agreement regarding the new time periods that will allow final resolution by negotiations or arbitration by October 1st of each even-numbered year.

(7) ((Until a new collective bargaining agreement is in effect, the terms and conditions of the previous collective bargaining agreement shall remain in force.)) It is the intent of this section that the collective bargaining agreement or arbitrator's award shall commence on July 1st of each odd-numbered year and shall terminate on June 30th of the next odd-numbered year to coincide with the ensuing biennial budget year, as defined by RCW 43.88.020(7), to the extent practical. It is further the intent of this section that all collective bargaining agreements be concluded by October 1st of the even-numbered year before the commencement of the biennial budget year during which the agreements are to be in effect. After the expiration date of a collective bargaining agreement negotiated under this chapter, all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

FIFTY NINTH DAY, MARCH 10, 2010

2010 REGULAR SESSION

(8) The office of financial management shall conduct a salary survey, for use in collective bargaining and arbitration, which must be conducted through a contract with a firm nationally recognized in the field of human resources management consulting.

(9)(a) The governor shall submit a request either for funds necessary to implement the collective bargaining agreements including, but not limited to, the compensation and fringe benefit provisions or for legislation necessary to implement the agreement, or both. Requests for funds necessary to implement the collective bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(b) The governor shall submit a request either for funds necessary to implement the arbitration awards or for legislation necessary to implement the arbitration awards, or both. Requests for funds necessary to implement the arbitration awards shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(c) The legislature shall approve or reject the submission of the request for funds necessary to implement the collective bargaining agreements or arbitration awards as a whole for each agreement or award. The legislature shall not consider a request for funds to implement a collective bargaining agreement or arbitration award unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement and award or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 47.64.210 and 47.64.300.

~~(9)~~ (10) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

**Sec. 12.** RCW 47.64.200 and 2006 c 164 s 7 are each amended to read as follows:

As the first step in the performance of their duty to bargain, the employer and the employee organization shall endeavor to agree upon impasse procedures. Unless otherwise agreed to by the employee organization and the employer in their impasse procedures, the arbitrator or panel ~~(is limited to selecting the most reasonable offer, in its judgment, of the final offers on each impasse item submitted by the parties. The employee organization and the employer may mutually agree to the impasse procedure under which the arbitrator or panel may)~~ shall issue a decision it deems just and appropriate with respect to each impasse item. If the parties fail to agree upon impasse procedures under this section, the impasse procedures provided in RCW 47.64.210 and 47.64.230 and 47.64.300 through 47.64.320 apply. It is unlawful for either party to refuse to participate in the impasse procedures provided in RCW 47.64.210 and 47.64.230 and 47.64.300 through 47.64.320.

**Sec. 13.** RCW 47.64.270 and 2006 c 164 s 17 are each amended to read as follows:

(1) The employer and one coalition of all the exclusive bargaining representatives subject to this chapter and chapter 41.80 RCW shall conduct negotiations regarding the dollar amount expended on behalf of each employee for health care benefits.

(2) Absent a collective bargaining agreement to the contrary, the department of transportation shall provide contributions to insurance and health care plans for ferry system employees and dependents, as determined by the state health care authority, under chapter 41.05 RCW ~~(and)~~.

(3) The employer and employee organizations may collectively bargain for ~~(other)~~ insurance ~~(and health care)~~ plans other than health care benefits, and employer contributions may exceed that of other state agencies as provided in RCW 41.05.050. ~~((To the extent that ferry employees by bargaining unit have absorbed the required offset of wage increases by the amount that the employer's contribution for employees' and dependents' insurance and health care plans exceeds that of other state general government employees in the 1985-87 fiscal biennium, employees shall not be required to absorb a further offset except to the extent the differential between employer contributions for those employees and all other state general government employees increases during any subsequent fiscal biennium. If such differential increases in the 1987-89 fiscal biennium or the 1985-87 offset by bargaining unit is insufficient to meet the required deduction, the amount available for compensation shall be reduced by bargaining unit by the amount of such increase or the 1985-87 shortage in the required offset. Compensation shall include all wages and employee benefits.))~~

**Sec. 14.** RCW 47.64.280 and 2006 c 164 s 18 are each amended to read as follows:

(1) There is created the marine employees' commission. The governor shall appoint the commission with the consent of the senate. The commission shall consist of three members: One member to be appointed from labor, one member from industry, and one member from the public who has significant knowledge of maritime affairs. The public member shall be chair of the commission. One of the original members shall be appointed for a term of three years, one for a term of four years, and one for a term of five years. Their successors shall be appointed for terms of five years each, except that any person chosen to fill a vacancy shall be appointed only for the unexpired term of the member whom he or she succeeds. Commission members are eligible for reappointment. Any member of the commission may be removed by the governor, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other cause. Commission members are not eligible for state retirement under chapter 41.40 RCW by virtue of their service on the commission. Members of the commission shall be compensated in accordance with RCW 43.03.250 and shall receive reimbursement for official travel and other expenses at the same rate and on the same terms as provided for the transportation commission by RCW 47.01.061. The payments shall be made from the Puget Sound ferry operations account.

(2) The commission shall: (a) Adjust all complaints, grievances, and disputes between labor and management arising out of the operation of the ferry system as provided in RCW 47.64.150; (b) provide for impasse mediation as required in RCW 47.64.210; ~~and~~ (c) ~~((provide salary surveys as required in RCW 47.64.220; and~~ ~~(d))~~ perform those duties required in RCW 47.64.300.

(3)(a) In adjudicating all complaints, grievances, and disputes, the party claiming labor disputes shall, in writing, notify the commission, which shall make careful inquiry into the cause thereof and issue an order advising the ferry employee, or the ferry employee organization representing him or her, and the department of transportation, as to the decision of the commission.

FIFTY NINTH DAY, MARCH 10, 2010

(b) The parties are entitled to offer evidence relating to disputes at all hearings conducted by the commission. The orders and awards of the commission are final and binding upon any ferry employee or employees or their representative affected thereby and upon the department.

(c) The commission shall adopt rules of procedure under chapter 34.05 RCW.

(d) The commission has the authority to subpoena any ferry employee or employees, or their representatives, and any member or representative of the department, and any witnesses. The commission may require attendance of witnesses and the production of all pertinent records at any hearings held by the commission. The subpoenas of the commission are enforceable by order of any superior court in the state of Washington for the county within which the proceeding may be pending. The commission may hire staff as necessary, appoint consultants, enter into contracts, and conduct studies as reasonably necessary to carry out this chapter.

**Sec. 15.** RCW 47.64.320 and 2006 c 164 s 14 are each amended to read as follows:

(1) The mediator, arbitrator, or arbitration panel may consider only matters that are subject to bargaining under this chapter, except that health care benefits are not subject to interest arbitration.

(2) The decision of an arbitrator or arbitration panel is not binding on the legislature and, if the legislature does not approve the funds necessary to implement provisions pertaining to compensation and fringe benefit provisions of an arbitrated collective bargaining agreement, is not binding on the state, the department of transportation, or the ferry employee organization.

(3) In making its determination, the arbitrator or arbitration panel shall be mindful of the legislative purpose under RCW 47.64.005 and 47.64.006 and, as additional standards or guidelines to aid it in reaching a decision, shall take into consideration the following factors:

(a) The financial ability of the department to pay for the compensation and fringe benefit provisions of a collective bargaining agreement;

(b) Past collective bargaining contracts between the parties including the bargaining that led up to the contracts;

~~((b))~~ (c) The constitutional and statutory authority of the employer;

~~((c))~~ (d) Stipulations of the parties;

~~((d))~~ (e) The results of the salary survey as required in RCW ~~(47.64.220)~~ 47.64.170(8);

~~((e))~~ (f) Comparison of wages, hours, employee benefits, and conditions of employment of the involved ferry employees with those of public and private sector employees in states along the west coast of the United States, including Alaska, and in British Columbia doing directly comparable but not necessarily identical work, giving consideration to factors peculiar to the area and the classifications involved;

~~((f))~~ (g) Changes in any of the foregoing circumstances during the pendency of the proceedings;

~~((g))~~ (h) The limitations on ferry toll increases and operating subsidies as may be imposed by the legislature; ~~((and~~

~~((h))~~ (i) The ability of the state to retain ferry employees;

(j) The overall compensation presently received by the ferry employees, including direct wage compensation, vacations, holidays and other paid excused time, pensions, insurance benefits, and all other direct or indirect monetary benefits received; and

(k) Other factors that are normally or traditionally taken into consideration in the determination of matters that are subject to bargaining under this chapter.

(4) This section applies to any matter before the respective mediator, arbitrator, or arbitration panel.

**Sec. 16.** RCW 41.80.020 and 2002 c 354 s 303 are each amended to read as follows:

(1) Except as otherwise provided in this chapter, the matters subject to bargaining include wages, hours, and other terms and conditions of employment, and the negotiation of any question arising under a collective bargaining agreement.

(2) The employer is not required to bargain over matters pertaining to:

(a) Health care benefits or other employee insurance benefits, except as required in subsection (3) of this section;

(b) Any retirement system or retirement benefit; or

(c) Rules of the director of personnel or the Washington personnel resources board adopted under section 203, chapter 354, Laws of 2002.

(3) Matters subject to bargaining include the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits. However, except as provided otherwise in this subsection for institutions of higher education, negotiations regarding the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits shall be conducted between the employer and one coalition of all the exclusive bargaining representatives subject to this chapter. The exclusive bargaining representatives for employees that are subject to chapter 47.64 RCW shall bargain the dollar amount expended on behalf of each employee for health care benefits with the employer as part of the coalition under this subsection. Any such provision agreed to by the employer and the coalition shall be included in all master collective bargaining agreements negotiated by the parties. For institutions of higher education, promotional preferences and the number of names to be certified for vacancies shall be bargained under the provisions of RCW 41.80.010(4).

(4) The employer and the exclusive bargaining representative shall not agree to any proposal that would prevent the implementation of approved affirmative action plans or that would be inconsistent with the comparable worth agreement that provided the basis for the salary changes implemented beginning with the 1983-1985 biennium to achieve comparable worth.

(5) The employer and the exclusive bargaining representative shall not bargain over matters pertaining to management rights established in RCW 41.80.040.

(6) Except as otherwise provided in this chapter, if a conflict exists between an executive order, administrative rule, or agency policy relating to wages, hours, and terms and conditions of employment and a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with the terms of a statute is invalid and unenforceable.

(7) This section does not prohibit bargaining that affects contracts authorized by RCW 41.06.142.

**Sec. 17.** 2010 c ... (ESSB 6381) s 222 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION--MARINE--PROGRAM X Puget Sound Ferry Operations Account--State	
Appropriation.....	(( <del>\$425,922,000</del> ))
\$425,252,000	

The appropriation in this section is subject to the following conditions and limitations:

(1) \$78,754,952 of the Puget Sound ferry operations account--state appropriation is provided solely for auto ferry vessel operating fuel in the 2009-11 fiscal biennium. This appropriation is contingent upon the enactment of ~~((sections 716 and 701 of this act))~~ section 701, chapter . . . (ESSB 6381), Laws of 2010. All fuel

FIFTY NINTH DAY, MARCH 10, 2010

2010 REGULAR SESSION

purchased by the Washington state ferries at Harbor Island truck terminal for the operation of the Washington state ferries diesel powered vessels must be a minimum of five percent biodiesel blend so long as the per gallon price of diesel containing a five percent biodiesel blend level does not exceed the per gallon price of diesel by more than five percent.

(2) To protect the waters of Puget Sound, the department shall investigate nontoxic alternatives to fuel additives and other commercial products that are used to operate, maintain, and preserve vessels.

(3) If, after the department's review of fares and pricing policies, the department proposes a fuel surcharge, the department must evaluate other cost savings and fuel price stabilization strategies that would be implemented before the imposition of a fuel surcharge. The department shall report to the legislature and transportation commission on its progress of implementing new fuel forecasting and budgeting practices, price hedging contracts for fuel purchases, and fuel conservation strategies by November 30, 2010.

(4) The department shall strive to significantly reduce the number of injuries suffered by Washington state ferries employees. By December 15, 2009, the department shall submit to the office of financial management and the transportation committees of the legislature its implementation plan to reduce such injuries.

(5) The department shall continue to provide service to Sidney, British Columbia. The department may place a Sidney terminal departure surcharge on fares for out of state residents riding the Washington state ferry route that runs between Anacortes, Washington and Sidney, British Columbia, if the cost for landing/license fee, taxes, and additional amounts charged for docking are in excess of \$280,000 CDN. The surcharge must be limited to recovering amounts above \$280,000 CDN.

(6) The department shall analyze operational solutions to enhance service on the Bremerton to Seattle ferry run. The Washington state ferries shall report its analysis to the transportation committees of the legislature by December 1, 2009.

(7) The office of financial management budget instructions require agencies to recast enacted budgets into activities. The Washington state ferries shall include a greater level of detail in its 2011-13 omnibus transportation appropriations act request, as determined jointly by the office of financial management, the Washington state ferries, and the legislative transportation committees.

(8) (~~(\$4,794,000)~~) \$4,124,000 of the Puget Sound ferry operations account--state appropriation is provided solely for commercial insurance for ferry assets. The office of financial management, after consultation with the transportation committees of the legislature, must present a business plan for the Washington state ferry system's insurance coverage to the 2010 legislature. The business plan must include a cost-benefit analysis of Washington state ferries' current commercial insurance purchased for ferry assets and a review of self-insurance for noncatastrophic events.

(9) \$1,100,000 of the Puget Sound ferry operations account--state appropriation is provided solely for a marketing program. The department shall present a marketing program proposal to the transportation committees of the legislature during the 2010 legislative session before implementing this program. Of this amount, \$10,000 is for the city of Port Townsend and \$10,000 is for the town of Coupeville for mitigation expenses related to only one vessel operating on the Port Townsend/Keystone ferry route. The moneys provided to the city of Port Townsend and town of Coupeville are not contingent upon the required marketing proposal.

(10) \$350,000 of the Puget Sound ferry operations account--state appropriation is provided solely for two extra trips per day during the summer of 2009 season, beyond the current schedule, on the Port Townsend/Keystone route.

(11) When purchasing uniforms that are required by collective bargaining agreements, the department shall contract with the lowest cost provider.

(12) The legislature finds that measuring the performance of Washington state ferries requires the measurement of quality, timeliness, and unit cost of services delivered to customers. Consequently, the department must develop a set of metrics that measure that performance and report to the transportation committees of the legislature and to the office of financial management on the development of these measurements along with recommendations to the 2010 legislature on which measurements must become a part of the next omnibus transportation appropriations act.

(13) As a priority task, the department is directed to propose a comprehensive incident and accident investigation policy and appropriate procedures, and to provide the proposal to the legislature by November 1, 2009, using existing resources and staff expertise. In addition to consulting with ferry system unions and the United States coast guard, the Washington state ferries is encouraged to solicit independent outside expertise on incident and accident investigation best practices as they may be found in other organizations with a similar concern for marine safety. It is the intent of the legislature to enact the policies into law and to publish that law and procedures as a manual for Washington state ferries' accident/incident investigations. Until that time, the Washington state ferry system must exercise particular diligence to assure that any incident or accident investigations are conducted within the spirit of the guidelines of this act. The proposed policy must contain, at a minimum:

(a) The definition of an incident and an accident and the type of investigation that is required by both types of events;

(b) The process for appointing an investigating officer or officers and a description of the authorities and responsibilities of the investigating officer or officers. The investigating officer or officers must:

(i) Have the appropriate training and experience as determined by the policy;

(ii) Not have been involved in the incident or accident so as to avoid any conflict of interest;

(iii) Have full access to all persons, records, and relevant organizations that may have information about or may have contributed to, directly or indirectly, the incident or accident under investigation, in compliance with any affected employee's or employees' respective collective bargaining agreement and state laws and rules regarding public disclosure under chapter 42.56 RCW;

(iv) Be provided with, if requested by the investigating officer or officers, appropriate outside technical expertise; and

(v) Be provided with staff and legal support by the Washington state ferries as may be appropriate to the type of investigation;

(c) The process of working with the affected employee or employees in accordance with the employee's or employees' respective collective bargaining agreement and the appropriate union officials, within protocols afforded to all public employees;

(d) The process by which the United States coast guard is kept informed of, interacts with, and reviews the investigation;

(e) The process for review, approval, and implementation of any approved recommendations within the department; and

(f) The process for keeping the public informed of the investigation and its outcomes, in compliance with any affected employee's or employees' respective collective bargaining agreement and state laws and rules regarding public disclosure under chapter 42.56 RCW.

(14) \$7,300,000 of the Puget Sound ferry operations account--state appropriation is provided solely for the purposes of

travel time associated with Washington state ferries employees. However, if Engrossed Substitute House Bill No. 3209 (managing costs of ferry system) is enacted by June 30, 2010, containing an appropriation for purposes of travel time associated with Washington state ferries employees, the amount provided in this subsection lapses.

(15) \$50,000 of the Puget Sound ferry operations account--state appropriation is provided solely to implement a mechanism to report on-time performance statistics.

(a) The department shall conduct a study to identify process changes that would improve on-time performance on a route-by-route basis. The study must include looking into the slowing down of vessels for fuel economy purposes and touch-and-go sailings on peak runs. The department shall report its findings to the transportation committees of the senate and house of representatives by December 1, 2010.

(b) The department shall, by November 1, 2010, report to the transportation committees of the legislature statistics regarding its on-time arrival and departure status on a route-by-route and month-by-month basis, as well as an annual route-by-route and systemwide basis, weighted by the number of customers on each sailing and distinguishing peak period on-time performance. The statistics must include reasons for any delays over ten minutes from the scheduled time. The statistics must be prominently displayed on the Washington state ferries' web site. Each Washington state ferries vessel and terminal must prominently display the statistics as they relate to their specific route.

(16) The department shall investigate outsourcing the call center functions planned for the ferry reservation system and report its findings to the transportation committees of the senate and house of representatives by December 15, 2010.

(17) By July 1, 2010, the department shall provide to the governor and the transportation committees of the senate and house of representatives a listing of all benefits that Washington state ferries union employees receive that other state employees do not traditionally receive. The listing must include any costs associated with these benefits.

(ii) The maintenance requirements for on-vessel staff, including the benefits of a systemwide standard;

(iii) The costs compared to benefits of staff performing preservation or maintenance work, or both, while the vessel is underway, tied up between sailings, or not deployed;

(iv) A review of the department's vessel maintenance, preservation, and improvement program contracting process and contractual requirements;

(v) The costs compared to benefits of allowing for increased costs associated with expedited delivery;

#### RULING BY THE PRESIDENT

President Owen: "In ruling on the Point of Order raised by Senator Schoesler as to whether the House amendments to Engrossed Second Substitute Senate Bill 6267 fit within the scope and object of the underlying bill, the President finds and rules as follows:

The underlying bill as it left the Senate expanded an existing program for processing water rights applications to include cost reimbursement programs and expedited processing, and provided some additional tools for water users and the Department of Ecology to use in determining water rights. The House amendments add additional changes to the program for processing such rights, such as including direct funding, increasing current fees, and allowing the agency to adjust fees following consultation with the Legislature. The amendments

FIFTY NINTH DAY, MARCH 10, 2010

further make changes to metering requirements for certain exempt wells, a provision not directly related to processing water rights applications. Altogether, the House amendments impermissibly broaden the subject matter of the bill to include substantive provisions outside of the original bill's focus, which was limited to modifying an existing program to process or expedite water right applications.

For these reasons, the President finds that the House amendments are beyond the scope and object of the Senate bill, and Senator Schoesler's point is well-taken."

## MOTION

Senator Kauffman moved that the following striking amendment by Senators Kauffman and McAuliffe be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature finds that a critical factor in the eventual successful outcome of a K-12 education is for students to begin school ready, both intellectually and socially, to learn. The legislature also finds that, due to a variety of factors, some young children need supplemental instruction in preschool to assure that they have the opportunity to participate meaningfully and reach the necessary levels of achievement in the regular program of basic education. The legislature further finds that children who participate in high quality preschool programs have improved educational and life outcomes and are more likely to graduate from high school and pursue higher education, experience successful employment opportunities, and have increased earnings. Therefore the legislature intends to create a program of early learning that, when fully implemented, shall be an entitlement program for eligible children.

The legislature also finds that the state early childhood education and assistance program was established to help children from low-income families be prepared for kindergarten, and that the program has been a successful model for achieving that goal. Therefore, the legislature intends that the first phase of implementing the entitlement program of early learning shall be accomplished by utilizing the program standards and eligibility criteria in the early childhood education and assistance program. The legislature also intends that the implementation of subsequent phases of the program established by the ready for school act of 2010 will be aligned with the implementation of the state's all-day kindergarten program in order to maximize the gains resulting from investments in the two programs.

**NEW SECTION. Sec. 2. DEFINITIONS.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Community-based early learning providers" includes for-profit and nonprofit licensed providers of child care and preschool programs.

(2) "Program" means the program of early learning established in section 3 of this act for eligible children who are three and four years of age.

**NEW SECTION. Sec. 3. PROGRAM STANDARDS.** (1) Beginning September 1, 2011, an early learning program to provide voluntary preschool opportunities for children three and four years of age shall be implemented according to the funding and implementation plan in section 4 of this act. The program must be a comprehensive program providing early childhood education and family support, options for parental involvement, and health information, screening, and referral services, as family need is determined. Participation in the program is voluntary. On a space available basis, the program may allow enrollment of children who are not otherwise eligible by assessing a fee.

(2) The first phase of the program shall be implemented by utilizing the program standards and eligibility criteria in the early childhood education and assistance program.

(3) The director shall adopt rules for the following program components, as appropriate and necessary during the phased implementation of the program:

(a) Minimum program standards, including lead teacher, assistant teacher, and staff qualifications;

(b) Approval of program providers; and

(c) Accountability and adherence to performance standards.

FIFTY NINTH DAY, MARCH 10, 2010

- (a) Approving and contracting with providers according to rules developed by the director under this section;
- (b) In partnership with school districts, monitoring program quality and assuring the program is responsive to the needs of eligible children;
- (c) Assuring that program providers work cooperatively with school districts to coordinate the transition from preschool to kindergarten so that children and their families are well-prepared and supported; and
- (d) Providing technical assistance to contracted providers.

**NEW SECTION. Sec. 4. FUNDING AND STATEWIDE IMPLEMENTATION.** (1) Funding for the program of early learning established under this chapter must be appropriated to the department. Allocations must be made on the basis of eligible children enrolled with eligible providers.

(2) The program shall be implemented in phases, so that full implementation is achieved in the 2018-19 school year.

(3) For the initial phase of the early learning program in school years 2011-12 and 2012-13, the legislature shall appropriate funding to the department for implementation of the program in an amount not less than the 2009-2011 enacted budget for the early childhood education and assistance program. The appropriation shall be sufficient to fund an equivalent number of slots as funded in the 2009-2011 enacted budget.

(4) Beginning in the 2013-14 school year, additional funding for the program must be phased in beginning in school districts providing all-day kindergarten programs under RCW 28A.150.315.

(5) Funding shall continue to be phased in incrementally each year until full statewide implementation of the early learning program is achieved in the 2018-19 school year, at which time any eligible child shall be entitled to be enrolled in the program.

(6) The department and the office of financial management shall annually review the caseload forecasts for the program and, beginning December 1, 2012, and annually thereafter, report to the governor and the appropriate committees of the legislature with recommendations for phasing in additional funding necessary to achieve statewide implementation in the 2018-19 school year.

(7) School districts and approved community-based early learning providers may contract with the department to provide services under the program. The department shall collaborate with school districts, community-based providers, and educational service districts to promote an adequate supply of approved providers.

**NEW SECTION. Sec. 5.** A new section is added to chapter 28A.320 RCW to read as follows:

(1) The department of early learning is created as an executive branch agency. The department is vested with all powers and duties transferred to it under this chapter and such other powers and duties as may be authorized by law.

(2) The primary duties of the department are to implement state early learning policy and to coordinate, consolidate, and integrate child care and early learning programs in order to administer programs and funding as efficiently as possible. The department's duties include, but are not limited to, the following:

(b) To make early learning resources available to parents and caregivers;

(g) To work cooperatively and in coordination with the early learning council;

(h) To collaborate with the K-12 school system at the state and local levels to ensure appropriate connections and smooth transitions between early learning and K-12 programs; ~~(and)~~

(j) Upon the development of an early learning information system, to make available to parents timely inspection and licensing action information through the internet and other means.

(3) The department's programs shall be designed in a way that respects and preserves the ability of parents and legal guardians to direct the education, development, and upbringing of their children. The department shall include parents and legal guardians in the development of policies and program decisions affecting their children.

**"NEW SECTION. Sec. 1.** (1) It is the legislature's intent to continue implementation of chapter 548, Laws of 2009, by adopting the technical details of a new distribution formula for the instructional program of basic education. The legislature intends to continue to review and revise the formulas and may make revisions as necessary for technical purposes and consistency in the event of mathematical or other technical errors.

(2) The legislature further intends to adjust the timelines for the working groups created under chapter 548, Laws of 2009, so that their expertise and advice can be received as soon as possible and to make adjustments to the composition of the local finance working group. The legislature further intends to clarify the legislature's intent to fully fund all-day kindergarten by the 2018-19 school year.

(1) Beginning with the 2007-08 school year, funding for voluntary all-day kindergarten programs shall be phased-in beginning with schools with the highest poverty levels, defined as those schools with the highest percentages of students qualifying for free and reduced-price lunch support in the prior school year. The funding shall continue to be phased-in until full statewide implementation of all-day kindergarten is achieved in the 2018-19 school year. Once a school receives funding for the all-day kindergarten program, that school shall remain eligible for funding in subsequent school years regardless of changes in the school's percentage of students eligible for free and reduced-price lunches as long as other program requirements are fulfilled. Additionally, schools receiving all-day kindergarten program support shall agree to the following conditions:

- (d) Demonstrate strong connections and communication with early learning community providers; and
- (e) Participate in kindergarten program readiness activities with early learning providers and parents.

(2) Subject to funds appropriated for this purpose, the superintendent of public instruction shall designate one or more school districts to serve as resources and examples of best practices in designing and operating a high-quality all-day kindergarten program. Designated school districts shall serve as lighthouse programs and provide technical assistance to other school districts in the initial stages of implementing an all-day kindergarten program. Examples of topics addressed by the technical assistance include strategic planning, developing the instructional program and curriculum, working with early learning providers to identify students and communicate with parents, and developing kindergarten program readiness activities.

**Sec. 3.** 2009 c 548 s 302 (uncodified) is amended to read as follows:

(2) The working group shall consider the impact on overall school district revenues of the new basic education funding system established (~~(under this act)~~) by the legislature based on prototypical schools and shall recommend a phase-in plan that ensures that no school district suffers a decrease in funding from one school year to the next due to implementation of the new system of supplemental funding.

(3) The working group shall also:

(a) Examine local school district capacity to address facility needs associated with phasing-in full-day kindergarten across the state and reducing class size in kindergarten through third grade;

(b) Provide technical advice to the quality education council including an analysis on the potential use of local funds that may become available for redeployment and redirection as a result of increased state funding allocations for pupil transportation and maintenance, supplies, and operating costs; and

(c) Advise the quality education council and the legislature on further development and implementation of the funding formulas under RCW 28A.150.260, as appropriate.

(4) The working group shall be composed of the following members:

When choosing the individuals to serve on the working group, the office of financial management and the office of the superintendent of public instruction are encouraged to include, as appropriate, members of the funding formula technical working group convened in accordance with section 112, chapter 548, Laws of 2009. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders. In addition to the staff support provided by the office of financial management and the office of the superintendent of public instruction, the department of revenue shall provide technical assistance, including financial and legal analysis, to support the working group's findings and analysis under subsection (3) of this section.

~~((4))~~ (5) The local funding working group shall be monitored and overseen by the legislature and by the quality education council created in (~~(section 114 of this act)~~) RCW 28A.290.010. The working group shall submit an initial report to the legislature (~~(December 1)~~) and the quality education council by November 30, 2010, and a final report by June 30, 2011.

**Sec. 4.** RCW 43.41.398 and 2009 c 548 s 601 are each amended to read as follows:

(1) The legislature recognizes that providing students with the opportunity to access a world-class educational system depends on

2010 REGULAR SESSION

our continuing ability to provide students with access to world-class educators. The legislature also understands that continuing to attract and retain the highest quality educators will require increased investments. The legislature intends to enhance the current salary allocation model and recognizes that changes to the current model cannot be imposed without great deliberation and input from teachers, administrators, and classified employees. Therefore, it is the intent of the legislature to begin the process of developing an enhanced salary allocation model that is collaboratively designed to ensure the rationality of any conclusions regarding what constitutes adequate compensation.

(2) Beginning July 1, 2011, the office of financial management in collaboration with the office of the superintendent of public instruction, shall convene a technical working group to recommend the details of an enhanced salary allocation model that aligns state expectations for educator development and certification with the compensation system and establishes recommendations for a concurrent implementation schedule. In addition to any other details the technical working group deems necessary, the technical working group shall make recommendations on the following:

- (a) How to reduce the number of tiers within the existing salary allocation model;
- (b) How to account for labor market adjustments;
- (c) How to account for different geographic regions of the state where districts may encounter difficulty recruiting and retaining teachers;
- (d) The role of and types of bonuses available;
- (e) Ways to accomplish salary equalization over a set number of years; and
- (f) Initial fiscal estimates for implementing the recommendations including a recognition that staff on the existing salary allocation model would have the option to grandfather in permanently to the existing schedule.

(3) As part of its work, the technical working group shall conduct or contract for a preliminary comparative labor market analysis of salaries and other compensation for school district employees to be conducted and shall include the results in any reports to the legislature. For the purposes of this subsection, "salaries and other compensation" includes average base salaries, average total salaries, average employee basic benefits, and retirement benefits.

(4) The analysis required under subsection (1) of this section must:

- (a) Examine salaries and other compensation for teachers, other certificated instructional staff, principals, and other building-level certificated administrators, and the types of classified employees for whom salaries are allocated;
- (b) Be calculated at a statewide level that identifies labor markets in Washington through the use of data from the United States bureau of the census and the bureau of labor statistics; and
- (c) Include a comparison of salaries and other compensation to the appropriate labor market for at least the following subgroups of educators: Beginning teachers and types of educational staff associates.

(5) The working group shall include representatives of the department of personnel, the professional educator standards board, the office of the superintendent of public instruction, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with appropriate expertise in compensation related matters. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(6) The working group shall be monitored and overseen by the legislature and the quality education council created in RCW 28A.290.010. The working group shall make an initial report to the legislature by December 1, 2012, and shall include in its report recommendations for whether additional further work of the group is necessary.

NEW SECTION. **Sec. 5.** A new section is added to chapter 28A.300 RCW to read as follows:

The office of the superintendent of public instruction shall implement and maintain an internet-based portal that provides ready public access to the state's prototypical school funding model for basic education under RCW 28A.150.260. The portal must provide citizens the opportunity to view, for each local school building, the staffing levels and other prototypical school funding elements that are assumed under the state funding formula. The portal must also provide a matrix displaying how individual school districts are deploying those same state resources through their allocation of staff and other resources to school buildings, so that citizens are able to compare the state assumptions to district allocation decisions for each local school building.

NEW SECTION. **Sec. 6.** The legislature intends to continue to refine and provide greater detail to the distribution formula for the basic education instructional allocation, which shall be based on minimum staffing and nonstaff costs that the legislature deems necessary to support instruction and operations in prototypical schools as defined by the legislature. The legislature expects that the detailed prototype school model will bring greater transparency, understanding, and public accountability to the funding system because it displays funding assumptions in understandable terms centered on the operations of school buildings.

**Sec. 7.** RCW 28A.150.260 and 2009 c 548 s 106 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2) The distribution formula under this section shall be for allocation purposes only. Except as may be required under chapter 28A.155, 28A.165, 28A.180, or (~~28A.155~~) 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and

FIFTY NINTH DAY, MARCH 10, 2010

inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;

(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

~~((e))~~ (4)(a) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on ~~((a))~~ the following general education average class size ~~((as specified in the omnibus appropriations act.))~~ of full-time equivalent students per teacher:

General education average class size	
Grades K-3.....	25.23
Grade 4.....	27.00
Grades 5-6.....	27.00
Grades 7-8.....	28.53
Grades 9-12, except in cases when lower average class sizes are specified for approved career and technical education programs and skill centers.....	28.74

(b) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

Career and technical education average class size	
Approved career and technical education offered at the middle school and high school level.....	26.57
Skill center programs meeting the standards established by the office of the superintendent of public instruction.....	22.76

(c) According to an implementation schedule adopted by the legislature, the omnibus appropriations act shall at a minimum specify:

- (i) ~~((Basic average class size; —(ii) Basic))~~ A high-poverty average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals; and
- ~~((iii))~~ (ii) A specialty average class size for ~~((exploratory and preparatory career and technical education.))~~ laboratory science, advanced placement, and international baccalaureate courses ~~((; and —(iv) Average class size in grades kindergarten through three)).~~

~~((4))~~ (5)(a) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

((i) Principals, including assistant principals, and other certificated building-level administrators;

(ii) Teacher librarians, performing functions including information literacy, technology, and media to support school library media programs;

(iii) Student health services, a function that includes school nurses, whether certificated instructional or classified employee, and social workers;

(iv) Guidance counselors, performing functions including parent outreach and graduation advisor;

(v) Professional development coaches;

(vi) Teaching assistance, which includes any aspect of educational instructional services provided by classified employees;

(vii) Office support, technology support, and other noninstructional aides;

(viii) Custodians, warehouse, maintenance, laborer, and professional and technical education support employees; and

(ix) Classified staff providing student and staff safety.

(b) ~~((The annual average full-time equivalent student amounts in (a) of this subsection shall be enhanced))~~ According to an implementation schedule adopted by the legislature and in addition to the amounts provided in (a) of this subsection, the omnibus appropriations act shall provide an amount based on the full-time equivalent student enrollment ~~((#))~~ for each of the following: (i) Exploratory career and technical education courses for students in grades seven through twelve; (ii) laboratory science courses for students in grades nine through twelve; (iii) preparatory career and technical education courses for students in grades nine through twelve offered in a high school; and (iv) preparatory career and

The minimum allocation for the ~~((learning assistance))~~ program shall provide ~~((an extended school day and extended school year))~~ for each level of prototypical school ~~((and a per student allocation for maintenance, supplies, and operating costs))~~ resources to provide, on a statewide average, 1.5156 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher and zero hours per week of instruction during vacation periods.

(b) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide ~~((for supplemental instruction based on percent of the school day a student is assumed to receive supplemental instruction and a per student allocation for maintenance, supplies, and operating costs))~~ resources to provide, on a statewide average, 4.7780 hours per week in extra instruction with fifteen transitional bilingual instruction program students per teacher and zero hours per week of instruction during vacation periods.

The minimum allocation for the programs shall provide ~~((an extended school day and extended school year for each level of prototypical school and a per student allocation for maintenance, supplies, and operating costs))~~ resources to provide, on a statewide average, 2.1590 hours per week in extra instruction with fifteen highly capable program students per teacher and zero hours per week of instruction during vacation periods.

~~((7))~~ (9) The allocations under subsections ~~((3)(b), (c)(i), and (d), (4), and (8))~~ (4)(a), (5)(a), (6), and (7)(a) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

~~((8))~~ The distribution formula shall include allocations to school districts to support certificated and classified staffing of central office administration. (b) To make selected reductions in class size in grades 5-12, such as small high school writing classes;

(c) To provide extended learning opportunities to improve student academic achievement in grades K-12, including, but not limited to, extended school year, extended school day, before-and-after-school programs, special tutoring programs, weekend school programs, summer school, and all-day kindergarten;

(d) To provide additional professional development for educators, including additional paid time for curriculum and lesson redesign and alignment, training to ensure that instruction is aligned with state standards and student needs, reimbursement for higher education costs related to enhancing teaching skills and knowledge, and mentoring programs to match teachers with skilled, master teachers. The funding shall not be used for salary increases or additional compensation for existing teaching duties, but may be used for extended year and extended day teaching contracts;

(e) To provide early assistance for children who need prekindergarten support in order to be successful in school;

(f) To provide improvements or additions to school building facilities which are directly related to the class size reductions and

extended learning opportunities under (a) through (c) of this subsection.

These funds shall be considered part of the implementation plan for RCW 28A.150.260 and 28A.150.315 and only this portion of the student achievement program used to support these basic education components shall constitute basic education funding. The remaining funds provided for the student achievement program shall be allocated for the uses specified in subsection (1) of this section, shall not be considered part of basic education funding but in addition to basic education funding, and shall be distributed to school districts as specified in RCW 28A.505.220.

**Sec. 9.** RCW 28A.150.390 and 2009 c 548 s 108 are each amended to read as follows:

(b) A district's annual average full-time equivalent basic education enrollment, multiplied by the district's funded enrollment percent, multiplied by the district's base allocation per full-time equivalent student, multiplied by 0.9309.

(3) As used in this section:

(a) "Base allocation" means the total state allocation to all schools in the district generated by the distribution formula under RCW 28A.150.260 ~~((3)(b), (e)(i), and (d), (4), and (8))~~ (4)(a), (5)(a), (6), and (7)(a), to be divided by the district's full-time equivalent enrollment.

(3) Beginning January 1, 1992, no more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in the omnibus appropriations act, or any replacement schedules and documents, unless:

(a) The employee has a master's degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

The calculation shall be that one year of service in a nonschool position counts as one year of service for purposes of this chapter, up to a limit of two years of nonschool service. Nonschool years of service included in calculations under this subsection shall not be applied to service credit totals for purposes of any retirement benefit under chapter 41.32, 41.35, or 41.40 RCW, or any other state retirement system benefits.

MR. PRESIDENT:

The House insists on its position regarding the House amendment(s) to ENGROSSED SUBSTITUTE SENATE BILL NO. 6774 and asks the Senate to concur thereon. and the same is herewith transmitted.

BARBARA BAKER, Chief Clerk

## POINT OF ORDER

Senator Marr: "Mr. President, pursuant to Rule 66, I move the House amendment to Engrossed Substitute Senate Bill No. 6774 beyond the scope and object of the underlying bill. I have a very brief argument. The bill as it left the Senate simply provided an alternative governance structure for transportation benefit districts that include more than, that include an area in more than one jurisdiction. The House amendment, however, has nothing to do with this issue. Rather, it expands the jurisdictions eligible to create a transportation benefit district. Under current law only counties and cities may create a TBD or Transportation Benefit District. Under current law, or however, under the House amendment certain districts are allowed temporary create a TBD for the purpose of funding transportation improvements. Because the House amendment addresses expanding the list of jurisdictions eligible to create a TBD rather than simply addressing the governance structure of multi-jurisdiction TBD, I respectfully request a ruling that the amendment is beyond the scope and object of the bill and violates Rule 66. Thank Mr. President."

## MOTION

On motion of Senator Eide, further consideration of Engrossed Substitute Senate Bill No. 6774 was deferred and the bill held its place on the days calendar.

~~((2))~~ (4) Where death or an injury to person or property, resulting from a wrongful act, neglect or default, occurs simultaneously with or after the death of a person who would have been liable therefor if his or her death had not occurred simultaneously with such death or injury or had not intervened between the wrongful act, neglect or default and the resulting death or injury, an action to recover damages for such death or injury may be maintained against the personal representative of such person.

**Sec. 4.** RCW 4.20.060 and 2007 c 156 s 30 are each amended to read as follows:

(1) No action for a personal injury to any person occasioning death shall abate, nor shall ((such)) the right of action ((determine)) terminate, by reason of ((such)) the death(;) if ((such)) the person has a surviving ((spouse, state registered domestic partner, or child living, including stepchildren, or leaving no surviving spouse, state registered domestic partner, or such children, if there is dependent upon the deceased for support and resident within the United States at the time of decedent's death, parents, sisters, or brothers; but such action may be prosecuted, or commenced and prosecuted, by the executor or administrator)) beneficiary in whose favor the action may be brought under subsection (2) of this section.

(2) An action under this section shall be brought by the personal representative of the deceased(;) in favor of ((such)) the surviving spouse or state registered domestic partner((, or in favor of the surviving spouse or state registered domestic partner)) and ((such)) children((, or if)). If there is no surviving spouse ((or)), state registered domestic partner, ((in favor of such child)) or children, ((or if no surviving spouse, state registered domestic partner, or such child or children, then)) the action shall be brought in favor of the decedent's;

(a) Parents((, sisters, or brothers who may be dependent upon such person for support, and resident in the United States at the time of decedent's death)) if the parents are financially dependent upon the decedent for support or if the parents have had significant involvement in the decedent's life; or

(b) Sisters or brothers who are financially dependent upon the decedent for support if there is no spouse, state registered domestic partner, child, or parent.

(3) In addition to recovering economic losses, the persons identified in subsection (2) of this section are entitled to recover any noneconomic damages personal to and suffered by the decedent including, but not limited to, damages for the decedent's pain and suffering, anxiety, emotional distress, or humiliation, in such amounts as determined by a jury to be just under all the circumstances of the case.

(2) Each parent, separately from the other parent, is entitled to recover for his or her own loss regardless of marital status, even though this section creates only one cause of action((, but if the parents of the child are not married, are separated, or not married to each other damages may be awarded to each plaintiff separately, as the trier of fact finds just and equitable)).

(3) If one parent brings an action under this section and the other parent is not named as a plaintiff, notice of the institution of the suit, together with a copy of the complaint, shall be served upon the other parent: PROVIDED, That notice shall be required only if parentage has been duly established.

Such notice shall be in compliance with the statutory requirements for a summons. Such notice shall state that the other parent must join as a party to the suit within twenty days or the right to recover damages under this section shall be barred. SIXTIETH DAY, MARCH 11, 2010

2010 REGULAR SESSION

Senator Schoesler demanded a roll call.

The President declared that one-sixth of the members supported the demand and the demand was sustained.

The President declared the question before the Senate to be the adoption of the striking amendment by Senator Pflug to Substitute House Bill No. 2893.

#### ROLL CALL

The Secretary called the roll on the adoption of the striking amendment by Senator Pflug and the amendment was not adopted by the following vote: Yeas, 17; Nays, 31; Absent, 0; Excused, 1.

Voting yea: Senators Becker, Benton, Brandland, Carrell, Delvin, Hewitt, Holmquist, Honeyford, King, Morton, Parlette, Pflug, Roach, Schoesler, Stevens, Swecker and Zarelli

Voting nay: Senators Berkey, Brown, Eide, Fairley, Franklin, Fraser, Gordon, Hargrove, Hatfield, Haugen, Hobbs, Jacobsen, Kastama, Kauffman, Keiser, Kilmer, Kline, Kohl-Welles, Marr, McAuliffe, McDermott, Murray, Oemig, Prentice, Pridemore, Ranker, Regala, Rockefeller, Sheldon, Shin and Tom

Excused: Senator McCaslin

#### POINT OF INQUIRY

Senator McAuliffe: "Would Senator Oemig yield to a question? Senator Oemig, if the voters of a school district passed the maintenance and operation levy in February 2010, can the school board place on the ballot request for a supplemental levy for the fall of 2010 election?"

Senator Oemig: "Thank you, Mr. President. Yes, and I might read from the bill? To answer the question, yes indeed. I think this bill specifically allows that in the language in section four, subsequently enacted increases affecting the districts levy base or maximum levy percentage may be passed that would be consistent in any special election or in the upcoming general election."

#### POINT OF INQUIRY

Senator Franklin: "Would Senator McAuliffe yield to a question? Thank you Senator. As you know we have been searching for quite a long time one equator solution to this issue of levy equalization and wondering if we will ever get there? This of course was a major sticking point of the former Senator Al Bauer. In short, my question will be, will we ever resolve the levy equalization question?"

Senator McAuliffe: "Thank you Senator. We are very serious about adjusting this issue. The education reform bill that we passed last session created a levy work group made up of OFM, SPI the education stake holders and eight legislators that we just added to that in a bill yesterday. We are very serious about dealing with levies and levy equalizations and the inequities. The report is due back to us on December of 2011 with a brief report January 2011. So, we will, next year, be able to address this issue as we come back into session. Maybe just a few adjustments and then finally after their final report, they can help us to deal with the inequities."

#### MOTION

On motion of Senator McAuliffe, the rules were suspended, Substitute House Bill No. 2893 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Senators McAuliffe, Tom, Oemig and Marr spoke in favor of passage of the bill.

Senators King, Honeyford, Pflug, Schoesler and Parlette spoke against passage of the bill.

Senator Jacobsen spoke on final passage.

#### MOTION

Senator Eide demanded that the previous question be put.

The President declared that at least two additional senators joined the demand and the demand was sustained.

The President declared the question before the Senate to be the motion of Senator Eide, "Shall the main question be now put?"

The motion by Senator Eide that the previous question be put carried by voice vote.

The President declared the question before the Senate to be the final passage of Substitute House Bill No. 2893.

#### ROLL CALL

The Secretary called the roll on the final passage of Substitute House Bill No. 2893 and the bill passed the Senate by the following vote: Yeas, 29; Nays, 19; Absent, 0; Excused, 1.

Voting yea: Senators Brown, Eide, Fairley, Franklin, Fraser, Gordon, Hargrove, Hatfield, Hobbs, Jacobsen, Kauffman, Keiser, Kilmer, Kline, Kohl-Welles, Marr, McAuliffe, McDermott, Murray, Oemig, Prentice, Pridemore, Ranker, Regala, Roach, Rockefeller, Sheldon, Shin and Tom

Voting nay: Senators Becker, Benton, Berkey, Brandland, Carrell, Delvin, Haugen, Hewitt, Holmquist, Honeyford, Kastama, King, Morton, Parlette, Pflug, Schoesler, Stevens, Swecker and Zarelli

Excused: Senator McCaslin

SUBSTITUTE HOUSE BILL NO. 2893, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

#### MOTION

On motion of Senator Eide, the Senate reverted to the fourth order of business.

#### RULING BY THE PRESIDENT

President Owen: "In ruling on the Point of Order raised by Senator Marr as to whether the house amendment fits within the scope and object of Engrossed Substitute Senate Bill 6774, the President finds and rules as follows:

In general, a bill with a single limited subject can be challenging to amend without raising issues of scope and object. The underlying bill as it left the Senate contained one direct point, regarding an alternative governance structure for transportation benefit districts that include areas from more than one jurisdiction. Specifically, it provided that a metropolitan planning organization with boundaries identical to a transportation benefit district may act as the governing body of the district. The house amendment goes further, and would expand the power to create a transportation benefit district. This

SIXTIETH DAY, MARCH 11, 2010

power is currently limited to cities and counties; under the House amendment, by contrast, the power would no longer be so limited. The power to create a transportation benefit district – as the House amendment provides – is distinct from the power of governing one.

For these reasons, the President finds that the house amendment is beyond the scope and object of the underlying bill, and Senator Marr's point is well-taken."

#### MOTION

Senator Marr moved that the Senate refuse to concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 6774 and ask the House to recede therefrom.

The President declared the question before the Senate to be motion by Senator Marr that the Senate refuse to concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 6774 and ask the House to recede therefrom.

The motion by Senator Marr carried and the Senate refused to concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 6774 and asked the House to recede therefrom by voice vote.

#### RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Brandland as to whether the House amendment to Second Engrossed Substitute Senate Bill 6508 violates Senate Rule 25 by including a subject not reflected in the bill's title, the President finds and rules as follows:

This is the second title challenge to this particular bill this Session. In the previous ruling issued on March 9th, the President noted that the bill as passed by the Senate defined the rights and liabilities of various parties with respect to the wrongful death of an adult child. The Senate version included a joint and several liability provision to limit claims against the state and local governments. This was in keeping with the title of the bill, which provides:

AN ACT Relating to wrongful death or survival actions by changing the class of persons entitled to recoveries and by limiting the liability of state and local agencies or political subdivisions in those recoveries...

The House amendment removes the joint and several liability limitation altogether, but replaces it with new language which states that such liability:

[I]s limited to situations where the governmental entity's acts or omissions are negligent and are a proximate cause of the death of the claimant, and where the governmental entity is not otherwise immune or where the governmental entity's liability is not otherwise limited by statute or case law.

Senator Brandland argues that this language does not, in fact, limit liability, but instead does nothing more than restate the present case law standard. Whatever the merits of this argument may be, it is not for the President to make such a legal determination. Perhaps more importantly, there are many possible ways to address the question of the limits of liability, and it is not appropriate for the President to substitute his judgment for that of the body on what is clearly a policy choice. Rather,

2010 REGULAR SESSION

the President's role is simply to determine whether this particular policy choice is correctly reflected in the title of the bill.

Because this House amendment—like the underlying bill as passed by the Senate—assigns and limits the rights and liabilities of various private and governmental parties, it fits within the title of the bill.

For these reasons, the President finds that the House amendment is properly before this body for concurrence, and Senator Brandland's point is not well-taken."

#### REMARKS BY THE PRESIDENT

President Owen: "Now, further remarks of the President. Because of all the controversy and confusion surrounding this bill the President believes that it is appropriate to offer some additional explanation...appreciate the body's patience as he offers these comments.

As a practice, both sides of this argument have handed in written material to assist the President in understanding the issue and their arguments. Senator Brandland, who will be missed, handed in a one page explanation that was very clear and written in plain English. Senator Gordon also submitted an argument—a three page, single spaced legal treatise. While there is simply not enough time to read his entire brief and still sine die before midnight tonight the President would like to thank the good Senator from the Forty-first District for his restraint and not including any encrustation-covered hands within the argument. For the body's own edification however, the President will share that this brief included an English case from 1865 as well as a, this is true, as well a story about a lion that get's loose and eats people. The terms non-germane, expurgated, congruent, chattels, surplusage, circumscribed and tortuous are used throughout this brief. The President, lacking the energy to go and check a legal dictionary, will assume that they are used correctly. There are also references to nuclear power, cyanide gas, crop dusting and vessel or admiralty law, I am not lying. To perhaps provide some prospective advice to Senator Gordon, the President would like to inform the body that, should a crop duster drop a lion onto a nuclear-powered ship and should cyanide gas be used to contain that lion before it can eat anyone, rest assured that an emergency clause on a bill to address that problem would likely be well received and ruled within the scope of the bill."

The Senate resumed consideration of Second Engrossed Substitute Senate Bill No. 6508 which had been deferred earlier in the day.

Senators Hargrove, Carrell, Honeyford and Pflug spoke against the motion.

Senators Gordon and Kline spoke in favor of the motion.

The President declared the question before the Senate to be the motion by Senator Fairley that the Senate concur in the House amendment(s) to Second Engrossed Substitute Senate Bill No. 6508.

The motion by Senator Fairley failed and the Senate did not concur in the House amendment(s) to Second Engrossed Substitute Senate Bill No. 6508 by voice vote.

**Sec. 5.** RCW 10.77.150 and 1998 c 297 s 41 are each amended to read as follows:

(1) Persons examined pursuant to RCW 10.77.140 may make application to the secretary for conditional release. The secretary shall, after considering the reports of experts or professional persons conducting the examination pursuant to RCW 10.77.140, forward to the court of the county which ordered the person's commitment the person's application for conditional release as well as the secretary's recommendations concerning the application and any proposed terms and conditions upon which the secretary reasonably believes the person can be conditionally released. Conditional release may also contemplate partial release for work, training, or educational purposes.

(2) In instances in which persons examined pursuant to RCW 10.77.140 have not made application to the secretary for conditional release, but the secretary, after considering the reports of experts or professional persons conducting the examination pursuant to RCW 10.77.140, reasonably believes the person may be conditionally released, the secretary may submit a recommendation for release to the court of the county that ordered the person's commitment. The secretary's recommendation must include any proposed terms and conditions upon which the secretary reasonably believes the person may be conditionally released. Conditional release may also include partial release for work, training, or educational purposes. Notice of the secretary's recommendation under this subsection must be provided to the person for whom the secretary has made the recommendation for release and to his or her attorney.

(3)(a) The court of the county which ordered the person's commitment, upon receipt of an application or recommendation for conditional release with the secretary's recommendation for conditional release terms and conditions, shall within thirty days schedule a hearing. The court may schedule a hearing on applications recommended for disapproval by the secretary.

(b) The prosecuting attorney shall represent the state at such hearings and shall have the right to have the patient examined by an expert or professional person of the prosecuting attorney's choice. If the committed person is indigent, and he or she so requests, the court shall appoint a qualified expert or professional person to examine the person on his or her behalf.

(c) The issue to be determined at such a hearing is whether or not the person may be released conditionally without substantial danger to other persons, or substantial likelihood of committing criminal acts jeopardizing public safety or security.

(d) The court, after the hearing, shall rule on the secretary's recommendations, and if it disapproves of conditional release, may do so only on the basis of substantial evidence. The court may modify the suggested terms and conditions on which the person is to

be conditionally released. Pursuant to the determination of the court after hearing, the committed person shall thereupon be released on such conditions as the court determines to be necessary, or shall be remitted to the custody of the secretary. If the order of conditional release includes a requirement for the committed person to report to a community corrections officer, the order shall also specify that the conditionally released person shall be under the supervision of the secretary of corrections or such person as the secretary of corrections may designate and shall follow explicitly the instructions of the secretary of corrections including reporting as directed to a community corrections officer, remaining within prescribed geographical boundaries, and notifying the community corrections officer prior to making any change in the offender's address or employment. If the order of conditional release includes a requirement for the committed person to report to a community corrections officer, the community corrections officer shall notify the secretary or the secretary's designee, if the person is not in compliance with the court-ordered conditions of release.

~~((3))~~ (4) If the court determines that receiving regular or periodic medication or other medical treatment shall be a condition of the committed person's release, then the court shall require him or her to report to a physician or other medical or mental health practitioner for the medication or treatment. In addition to submitting any report required by RCW 10.77.160, the physician or other medical or mental health practitioner shall immediately upon the released person's failure to appear for the medication or treatment or upon a change in mental health condition that renders the patient a potential risk to the public report ~~((the failure))~~ to the court, to the prosecuting attorney of the county in which the released person was committed, to the secretary, and to the supervising community corrections officer.

~~((4))~~ (5) Any person, whose application for conditional release has been denied, may reapply after a period of six months from the date of denial.

**Sec. 6.** RCW 10.77.160 and 1993 c 31 s 7 are each amended to read as follows:

When a conditionally released person is required by the terms of his or her conditional release to report to a physician, department of corrections community corrections officer, or medical or mental health practitioner on a regular or periodic basis, the physician, department of corrections community corrections officer, medical or mental health practitioner, or other such person shall monthly, for the first six months after release and semiannually thereafter, or as otherwise directed by the court, submit to the court, the secretary, the institution from which released, and to the prosecuting attorney of the county in which the person was committed, a report stating whether the person is adhering to the terms and conditions of his or her conditional release, and detailing any arrests or criminal charges filed and any significant change in the person's mental health condition or other circumstances.

**Sec. 7.** RCW 10.77.190 and 1998 c 297 s 43 are each amended to read as follows:

(1) Any person submitting reports pursuant to RCW 10.77.160, the secretary, or the prosecuting attorney may petition the court to, or the court on its own motion may schedule an immediate hearing for the purpose of modifying the terms of conditional release if the petitioner or the court believes the released person is failing to adhere to the terms and conditions of his or her conditional release or is in need of additional care and treatment.

(2) If the prosecuting attorney, the secretary of social and health services, the secretary of corrections, or the court, after examining the report filed with them pursuant to RCW 10.77.160, or based on other information received by them, reasonably believes that a conditionally released person is failing to adhere to the terms and conditions of his or her conditional release the court or secretary of

social and health services or the secretary of corrections may order that the conditionally released person be apprehended and taken into custody (~~until such time as a hearing can be scheduled to determine the facts and whether or not the person's conditional release should be revoked or modified~~). The court shall be notified of the apprehension before the close of the next judicial day (~~of the apprehension~~). The court shall schedule a hearing within thirty days to determine whether or not the person's conditional release should be modified or revoked. Both the prosecuting attorney and the conditionally released person shall have the right to request an immediate mental examination of the conditionally released person. If the conditionally released person is indigent, the court or secretary of social and health services or the secretary of corrections or their designees shall, upon request, assist him or her in obtaining a qualified expert or professional person to conduct the examination.

(3) If the hospital or facility designated to provide outpatient care determines that a conditionally released person presents a threat to public safety, the hospital or facility shall immediately notify the secretary of social and health services or the secretary of corrections or their designees. The secretary shall order that the conditionally released person be apprehended and taken into custody.

(4) The court, upon receiving notification of the apprehension, shall promptly schedule a hearing. The issue to be determined is whether the conditionally released person did or did not adhere to the terms and conditions of his or her release, or whether the person presents a threat to public safety. Pursuant to the determination of the court upon such hearing, the conditionally released person shall either continue to be conditionally released on the same or modified conditions or his or her conditional release shall be revoked and he or she shall be committed subject to release only in accordance with provisions of this chapter.

**Sec. 8.** RCW 10.77.200 and 2000 c 94 s 16 are each amended to read as follows:

(1) Upon application by the committed or conditionally released person, the secretary shall determine whether or not reasonable grounds exist for release. In making this determination, the secretary may consider the reports filed under RCW 10.77.060, 10.77.110, 10.77.140, and 10.77.160, and other reports and evaluations provided by professionals familiar with the case. If the secretary approves the release he or she then shall authorize the person to petition the court.

(2) In instances in which persons have not made application for release, but the secretary believes, after consideration of the reports filed under RCW 10.77.060, 10.77.110, 10.77.140, and 10.77.160, and other reports and evaluations provided by professionals familiar with the case, that reasonable grounds exist for release, the secretary may petition the court. If the secretary petitions the court for release under this subsection, notice of the petition must be provided to the person who is the subject of the petition and to his or her attorney.

(3) The petition shall be served upon the court and the prosecuting attorney. The court, upon receipt of the petition for release, shall within forty-five days order a hearing. Continuance of the hearing date shall only be allowed for good cause shown. The prosecuting attorney shall represent the state, and shall have the right to have the petitioner examined by an expert or professional person of the prosecuting attorney's choice. If the petitioner is indigent, and the person so requests, the court shall appoint a qualified expert or professional person to examine him or her. If the petitioner (~~is developmentally disabled~~) has a developmental disability, the examination shall be performed by a developmental disabilities professional. The hearing shall be before a jury if demanded by either the petitioner or the prosecuting attorney. The burden of proof shall be upon the petitioner to show by a preponderance of the evidence that the petitioner no longer presents,

as a result of a mental disease or defect, a substantial danger to other persons, or a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

~~((3))~~ (4) For purposes of this section, a person affected by a mental disease or defect in a state of remission is considered to have a mental disease or defect requiring supervision when the disease may, with reasonable medical probability, occasionally become active and, when active, render the person a danger to others. Upon a finding that the petitioner has a mental disease or defect in a state of remission under this subsection, the court may deny release, or place or continue such a person on conditional release.

(5) Nothing contained in this chapter shall prohibit the patient from petitioning the court for release or conditional release from the institution in which he or she is committed. The issue to be determined on such proceeding is whether the petitioner, as a result of a mental disease or defect, is a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions.

~~(6)~~ Nothing contained in this chapter shall prohibit the committed person from petitioning for release by writ of habeas corpus.

NEW SECTION. **Sec. 9.** A new section is added to chapter 10.77 RCW to read as follows:

For persons who have received court approval for conditional release, the secretary or the secretary's designee shall supervise the person's compliance with the court-ordered conditions of release. The level of supervision provided by the secretary shall correspond to the level of the person's public safety risk. In undertaking supervision of persons under this section, the secretary shall coordinate with any treatment providers designated pursuant to RCW 10.77.150(3), any department of corrections staff designated pursuant to RCW 10.77.150(2), and local law enforcement, if appropriate. The secretary shall adopt rules to implement this section."

MESSAGE FROM THE HOUSE

March 9, 2010

MR. PRESIDENT:

The House receded from its amendment(s) to ENGROSSED SUBSTITUTE SENATE BILL NO. 5902. Under suspension of the rules, the bill was returned to second reading for the purpose of an amendment. The House adopted the following amendment: 5902-S.E AMH LIIA H5639.1, and passed the bill as amended by the House.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** The legislature finds that when people who have disabilities are welcomed and included as members of our communities and provided with equal access to the opportunities available to others, their participation enriches those communities, enhances the strength of those communities' diversity, and contributes toward the economic vitality of those communities. The legislature further finds that more than nine hundred thousand Washington state residents with disabilities continue to face barriers to full participation that could be easily eliminated.

**NEW SECTION. Sec. 2.** (1) The accessible communities account is created in the custody of the state treasurer. One hundred dollars of the assessment imposed under RCW 46.16.381 (7), (8), and (9) must be deposited into the account. Any reduction in the penalty or fine and assessment imposed under section 6 of this act shall be applied proportionally between the penalty or fine and the assessment.

(2) The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. Only the commissioner may authorize expenditures from the account.

(3) Expenditures from the account may be used for promoting greater awareness of disability issues and improved access for and inclusion and acceptance of persons with disabilities in communities in the state of Washington, including:

(a) Reimbursing travel, per diem, and reasonable accommodation for county accessible community advisory committee meetings and committee sponsored activities including, but not limited to, supporting the involvement of people with disabilities and disability organization in emergency planning and emergency preparedness activities;

(b) Establishing and maintaining an accessible communities web site;

(c) Providing training or technical assistance for county accessible community advisory committees;

(d) A grant program for funding proposals developed and submitted by county accessible community advisory committees to promote greater awareness of disability issues and acceptance, inclusion, and access for persons with disabilities within the community;

(e) Reimbursing the state agency that provides administrative support to the governor's committee on disability issues and employment for costs associated with implementing this act; and

(f) Programming changes to the judicial information system accounting module required for disbursement of funds to this account.

**NEW SECTION. Sec. 3.** A new section is added to chapter 50.40 RCW to read as follows:

(1) To the extent allowed by funds available from the accessible communities account created in section 2 of this act, the governor's committee on disability issues and employment shall:

(a) Determine eligibility of accessible community advisory committees for reimbursement or for grant funding according to section 4 of this act; and

(b) Solicit proposals from active accessible community advisory committees for projects to improve disability awareness and access for persons with disabilities, and shall select projects for funding from moneys available in the accessible communities account.

(2) The commissioner shall adopt rules to administer this section.

(3) To the extent allowed by funds available from the accessible communities account created in section 2 of this act, the governor's committee on disability issues and employment shall establish an accessible communities web site to provide the following information: Guidance, technical assistance, reference materials, and resource identification for local governments, accessible community advisory committees, and public accommodations; examples of best practices for local initiatives and activities to promote greater awareness of disability issues and access for persons with disabilities within the community; and a searchable listing of local public accommodations that have taken steps to be more disability friendly, including information on the specific access features provided.

**NEW SECTION. Sec. 4.** A new section is added to chapter 36.01 RCW to read as follows:

(1) A county has the option to expand the scope of an advisory committee established and maintained under RCW 29A.46.260 to that of an accessible community advisory committee, or to create an accessible community advisory committee.

(2) A county that has an active accessible community advisory committee may be reimbursed within available funds from the accessible communities account created in section 2 of this act for travel, per diem, and reasonable accommodation expenses for the participation of that committee's members in committee meetings and sponsored activities.

(3) A county establishes that it has an active accessible community advisory committee by submitting biennial assurances to the governor's committee on disability issues and employment that:

(a) The decision to establish an accessible community advisory committee was made by the county legislative authority, or by agents or officers acting under that authority.

(b) If an accessible community advisory committee is established by expanding the advisory committee established and maintained under RCW 29A.46.260, the county auditor supports that expansion.

SIXTIETH DAY, MARCH 11, 2010

(c) Committee members include persons with a diverse range of disabilities who are knowledgeable in identifying and eliminating attitudinal, programmatic, communication, and physical barriers encountered by persons with disabilities.

(d) The committee is actively involved in the following activities: Advising on addressing the needs of persons with disabilities in emergency plans; advising the county and other local governments within the county on access to programs services and activities, new construction or renovation projects, sidewalks, other pedestrian routes of travel, and disability parking enforcement; and developing local initiatives and activities to promote greater awareness of disability issues, and acceptance, involvement, and access for persons with disabilities within the community.

(4) Counties may form joint accessible community advisory committees, as long as no more than one of the participating counties has a population greater than seventy thousand.

**Sec. 5.** RCW 29A.46.260 and 2006 c 207 s 7 are each amended to read as follows:

(1) The legislature finds that the elimination of polling places resulting from the transition to vote by mail creates barriers that restrict the ability of many voters with disabilities from achieving the independence and privacy in voting provided by the accessible voting devices required under the help America vote act. Counties adopting a vote by mail system must take appropriate steps to mitigate these impacts and to address the obligation to provide voters with disabilities an equal opportunity to vote independently and privately, to the extent that this can be achieved without incurring undue administrative and financial burden.

(2) Each county shall establish and maintain an advisory committee that includes persons with diverse disabilities and persons with expertise in providing accommodations for persons with disabilities. The committee shall assist election officials in developing a plan to identify and implement changes to improve the accessibility of elections for voters with disabilities. The plan shall include recommendations for the following:

(a) The number of polling places that will be maintained in order to ensure that people with disabilities have reasonable access to accessible voting devices, and a written explanation for how the determination was made;

(b) The locations of polling places, drop-off facilities, voting centers, and other election-related functions necessary to maximize accessibility to persons with disabilities;

(c) Outreach to voters with disabilities on the availability of disability accommodation, including in-person disability access voting;

(d) Transportation of voting devices to locations convenient for voters with disabilities in order to ensure reasonable access for voters with disabilities; and

(e) Implementation of the provisions of the help America vote act related to persons with disabilities.

Counties must update the plan at least annually. The election review staff of the secretary of state shall review and evaluate the plan in conformance with the review procedure identified in RCW 29A.04.570.

(3) Counties may form a joint advisory committee to develop the plan identified in subsection (2) of this section if ~~((the total population of the joining counties does not exceed thirty thousand, and the counties are geographically adjacent))~~ no more than one of the participating counties has a population greater than seventy thousand.

**Sec. 6.** RCW 46.16.381 and 2007 c 262 s 1 and 2007 c 44 s 1 are each reenacted and amended to read as follows:

(1) The director shall grant special parking privileges to any person who has a disability that limits or impairs the ability to walk or involves acute sensitivity to light and meets one of the following

criteria, as determined by a licensed physician, an advanced registered nurse practitioner licensed under chapter 18.79 RCW, or a physician assistant licensed under chapter 18.71A or 18.57A RCW:

(a) Cannot walk two hundred feet without stopping to rest;

(b) Is severely limited in ability to walk due to arthritic, neurological, or orthopedic condition;

(g) Has a disability resulting from an acute sensitivity to automobile emissions which limits or impairs the ability to walk. The personal physician, advanced registered nurse practitioner, or physician assistant of the applicant shall document that the disability is comparable in severity to the others listed in this subsection;

(i) Is restricted by a form of porphyria to the extent that the applicant would significantly benefit from a decrease in exposure to light.

(2) The applications for parking permits for persons with disabilities and parking permits for persons with temporary disabilities are official state documents. Knowingly providing false information in conjunction with the application is a gross misdemeanor punishable under chapter 9A.20 RCW. The following statement must appear on each application form immediately below the physician's, advanced registered nurse practitioner's, or physician assistant's signature and immediately below the applicant's signature: "A parking permit for a person with disabilities may be issued only for a medical necessity that severely affects mobility or involves acute sensitivity to light (RCW 46.16.381). Knowingly providing false information on this application is a gross misdemeanor. The penalty is up to one year in jail and a fine of up to \$5,000 or both."

(3) Persons who qualify for special parking privileges are entitled to receive from the department of licensing a removable windshield placard bearing the international symbol of access and an individual serial number, along with a special identification card bearing the name and date of birth of the person to whom the placard is issued, and the placard's serial number. The special identification card shall be issued to all persons who are issued parking placards, including those issued for temporary disabilities, and special parking license plates for persons with disabilities. with physical disabilities. The director shall adopt rules providing for the issuance of special placards and license plates to public transportation authorities, nursing homes licensed under chapter 18.51 RCW, boarding homes licensed under chapter 18.20 RCW, senior citizen centers, private nonprofit agencies as defined in chapter 24.03 RCW, and vehicles registered with the department as cabulances that regularly transport persons with disabilities who have been determined eligible for special parking privileges provided under this section. The director may issue special license plates for a vehicle registered in the name of the public transportation authority, nursing home, boarding home, senior citizen center, private nonprofit agency, or cabulance service if the vehicle is primarily used to transport persons with disabilities described in this section. Public transportation authorities, nursing homes, boarding homes, senior citizen centers, private nonprofit agencies, and cabulance services are responsible for insuring that the special placards and license plates are not used improperly and are responsible for all fines and penalties for improper use.

(4) Whenever the person with disabilities transfers or assigns his or her interest in the vehicle, the special license plates shall be removed from the motor vehicle. If another vehicle is acquired by the person with disabilities and the vehicle owner qualifies for a special plate, the plate shall be attached to the vehicle, and the director shall be immediately notified of the transfer of the plate. If another vehicle is not acquired by the person with disabilities, the removed plate shall be immediately surrendered to the director.

(5) The special license plate shall be renewed in the same manner and at the time required for the renewal of regular motor vehicle license plates under this chapter. No special license plate may be issued to a person who is temporarily disabled. A person who has a condition expected to improve within six months may be issued a temporary placard for a period not to exceed six months. If the condition exists after six months a new temporary placard shall be issued upon receipt of a new certification from the person's physician. The permanent parking placard and identification card of a person with disabilities shall be renewed at least every five years, as required by the director, by satisfactory proof of the right to continued use of the privileges. In the event of the permit holder's death, the parking placard and identification card must be immediately surrendered to the department. The department shall match and purge its database of parking permits issued to persons with disabilities with available death record information at least every twelve months.

(6) Additional fees shall not be charged for the issuance of the special placards or the identification cards. No additional fee may be charged for the issuance of the special license plates except the regular motor vehicle registration fee and any other fees and taxes required to be paid upon registration of a motor vehicle.

(7) Any unauthorized use of the special placard, special license plate issued under this section or RCW 46.16.385, or identification card is a ~~((traffic))~~ parking infraction with a monetary penalty of two hundred fifty dollars. In addition to any penalty or fine imposed under this subsection, two hundred dollars shall be assessed.

(8) It is a parking infraction, with a monetary penalty of two hundred fifty dollars for a person to park in, block, or otherwise make inaccessible the access aisle located next to a space reserved for persons with physical disabilities. 46.16.385. In addition to any penalty or fine imposed under this subsection, two hundred dollars shall be assessed. If a person is charged with a violation, the person shall not be determined to have committed an infraction if the person produces in court or before the court appearance the placard or special license plate issued under this section or RCW 46.16.385 required under this section. A local jurisdiction providing nonmetered, on-street parking places reserved for persons with physical disabilities may impose by ordinance time restrictions of no less than four hours on the use of these parking places. A local jurisdiction may impose by ordinance time restrictions of no less than four hours on the use of nonreserved, on-street parking spaces by vehicles displaying the special parking placards or special license plates issued under this section or RCW 46.16.385. All time restrictions must be clearly posted.

(10) ~~((The penalties))~~ (a) The assessment imposed under subsections (7), (8), and (9) of this section shall be allocated as follows:

(i) One hundred dollars shall be deposited in the accessible communities account created in section 2 of this act; and

(b) Any reduction in any penalty or fine and assessment imposed under subsections (7), (8), and (9) of this section shall be applied proportionally between the penalty or fine and the assessment. When a reduced penalty is imposed under subsection (7), (8), or (9) of this section, the amount deposited in the accounts identified in (a) of this subsection shall be reduced equally and proportionally.

(c) The penalty or fine amounts shall be used by that local jurisdiction exclusively for law enforcement. The court may also impose an additional penalty sufficient to reimburse the local jurisdiction for any costs it may have incurred in removal and storage of the improperly parked vehicle.

(11) Except as provided by subsection (2) of this section, it is a traffic infraction with a monetary penalty of two hundred fifty dollars for any person willfully to obtain a special license plate issued under this section or RCW 46.16.385, placard, or identification card in a manner other than that established under this section.

(12)(a) A law enforcement agency authorized to enforce parking laws may appoint volunteers, with a limited commission, to issue notices of infractions for violations of this section or RCW 46.61.581. Volunteers must be at least twenty-one years of age. The law enforcement agency appointing volunteers may establish any other qualifications the agency deems desirable.

(b) An agency appointing volunteers under this section must provide training to the volunteers before authorizing them to issue notices of infractions.

(c) A notice of infraction issued by a volunteer appointed under this subsection has the same force and effect as a notice of infraction issued by a police officer for the same offense.

(d) A police officer or a volunteer may request a person to show the person's identification card or special parking placard when investigating the possibility of a violation of this section. If the request is refused, the person in charge of the vehicle may be issued a notice of infraction for a violation of this section.

(13) For second or subsequent violations of this section, in addition to a monetary fine, the violator must complete a minimum of forty hours of:

(a) Community restitution for a nonprofit organization that serves persons having disabilities or disabling diseases; or

(15) For the purposes of this section, "legally blind" means a person who: (a) Has no vision or whose vision with corrective lenses is so limited that the individual requires alternative methods or skills to do efficiently those things that are ordinarily done with sight by individuals with normal vision; or (b) has an eye condition of a progressive nature which may lead to blindness.

**Sec. 7.** RCW 43.79A.040 and 2009 c 87 s 4 are each amended to read as follows:

#### MOTION

Senator Kastama moved that the following striking amendment by Senator Kastama and others be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** In 2009, the legislature changed the name of the department of community, trade, and economic development to the department of commerce and directed the agency to, among other things, develop a report with recommendations on statutory changes to ensure that the department's efforts: Are organized around a concise core mission and aligned with the state's comprehensive plan for economic development; generate greater local capacity; maximize results through partnerships and the use of intermediaries; and provide transparency and increased accountability. Recommendations for creating or consolidating programs deemed important to meeting the department's core mission and recommendations for terminating or transferring specific programs if they are not consistent with the department's core mission were to be included in the report.

In accordance with that legislation, chapter 565, Laws of 2009, in November 2009 the department of commerce submitted a plan that establishes a mission of growing and improving jobs in the state and recognizes the need for an innovation-driven economy. The plan also outlines agency priorities, efficiencies, and program transfers that will help to advance the new mission.

The primary purpose of this act is to implement portions of the department of commerce plan by transferring certain programs from the department of commerce to other state agencies whose missions are more closely aligned with the core functions of those programs. This act also directs additional efficiencies in state government and directs development of a statewide clean energy strategy, which will better enable the department of commerce to focus on its new mission.

**Sec. 2.** RCW 43.330.005 and 1993 c 280 s 1 are each amended to read as follows:

The legislature finds that the long-term economic health of the state and its citizens depends upon the strength and vitality of its communities and businesses. It is the intent of this chapter to create a ~~((merged))~~ department of ~~((community, trade, and economic development))~~ commerce that fosters new partnerships for strong and sustainable communities. ~~((The consolidation of the department of trade and economic development and the department of community development into one department will))~~ The mission of the department is to grow and improve jobs in Washington and facilitate innovation. To carry out its mission, the department will bring together focused efforts to: Streamline access to business assistance and economic development services by providing ~~((a simpler point of entry for state programs))~~ them through sector-based, cluster-based, and regional partners; provide focused and flexible responses to changing economic conditions; generate greater local capacity to respond to both economic growth and environmental challenges; ~~((and))~~ increase accountability to the public, the executive branch, and the legislature~~((:~~

~~—A new department can bring together a focused effort to:));~~ manage growth and achieve sustainable development; diversify the state's economy and export goods and services; provide greater access to economic opportunity; stimulate private sector investment and entrepreneurship; provide stable family-wage jobs and meet the diverse needs of families; provide affordable housing and housing services; and construct public infrastructure~~((: protect our cultural heritage; and promote the health and safety of the state's citizens)).~~

The legislature further finds that as a result of the rapid pace of global social and economic change, the state and local communities will require coordinated and creative responses by every segment of the community. The state can play a role in assisting such local efforts by reorganizing state assistance efforts to promote such partnerships. The department has a primary responsibility to provide financial and technical assistance to the communities of the state, to assist in improving the delivery of federal, state, and local programs, and to provide communities with opportunities for productive and coordinated development beneficial to the well-being of communities and their residents. It is the intent of the legislature in ~~((this consolidation))~~ creating the department to maximize the use of local expertise and resources in the delivery of community and economic development services.

**Sec. 3.** RCW 43.330.007 and 2009 c 565 s 1 are each amended to read as follows:

**(1)** The purpose of this chapter is to establish the broad outline of the structure of the department of commerce, leaving specific details of its internal organization and management to those charged with its administration. This chapter identifies the broad functions and responsibilities of the department and is intended to provide flexibility to the director to reorganize these functions to more closely reflect its customers, its mission, and its priorities, and to make recommendations for changes.

**(2)** In order to generate greater local capacity, maximize results through partnerships and the use of intermediaries, and leverage the use of state resources, the department shall, in carrying out its business assistance and economic development functions, provide business and economic development services primarily through

SIXTIETH DAY, MARCH 11, 2010

sector- based, cluster-based, and regionally based organizations rather than providing assistance directly to individual firms.

**NEW SECTION. Sec. 4.** The department shall examine the functions and operations of agricultural commodity commissions in the state and collaborate with industry sector and cluster associations on legislation that would enable industries to develop self-financing systems for addressing industry-identified issues such as workforce training, international marketing, quality improvement, and technology deployment. By December 1, 2010, the department shall report to the governor and the legislature on its findings and proposed legislation.

**NEW SECTION. Sec. 5.** (1) The legislature recognizes that there are many strong community services and housing programs currently operating within the department and serving our most vulnerable individuals, families, and communities. The legislature finds that some of these programs can readily be transferred beginning on July 1, 2010, to other mission-aligned agencies in state government. However, the legislature finds that to maintain the strength and credibility of the majority of the department's community services and housing programs, it is necessary to create a separate division for them within the department.

(2)(a) The legislature directs the department to establish the community services and housing division to deliver essential services to individuals, families, and communities.

(b) Services provided by the division shall include, but are not limited to: (i) Homeless housing and assistance programs including transitional housing, emergency shelter grants, independent youth housing, housing assistance for persons with mental illness, and housing opportunities for people with AIDS; (ii) affordable housing development programs including the housing trust fund and low-income home energy assistance; (iii) farm worker housing; (iv) crime victims' advocacy and sexual assault services; (v) community mobilization against substance abuse and violence; (vi) asset building for working families; (vii) local and community projects including the building communities fund, building for the arts, and youth recreational facilities grants; (viii) dispute resolution centers; (ix) the Washington families fund; (x) community services block grants; (xi) child care facility fund; (xii) WorkFirst community jobs; (xiii) long- term care ombudsman; (xiv) state drug task forces; (xv) justice assistance grants; (xvi) children and families of incarcerated parents; and (xvii) the Washington new Americans program.

(3) This section expires July 1, 2012.

The strategic plan must be used to help direct the future code increases in RCW 19.27A.020, with targets for new buildings consistent with RCW 19.27A.160. The strategic plan will identify barriers to achieving net zero energy use in homes and buildings and identify how to overcome these barriers in future energy code updates and through complementary policies.

SIXTIETH DAY, MARCH 11, 2010

(2) The department of commerce must complete and release the strategic plan to the legislature and the council by December 31, 2010, and update the plan every three years.

(3) The strategic plan must include recommendations to the council on energy code upgrades. At a minimum, the strategic plan must:

(a) Consider development of aspirational codes separate from the state energy code that contain economically and technically feasible optional standards that could achieve higher energy efficiency for those builders that elected to follow the aspirational codes in lieu of or in addition to complying with the standards set forth in the state energy code;

(b) Determine the appropriate methodology to measure achievement of state energy code targets using the United States environmental protection agency's target finder program or equivalent methodology;

(c) Address the need for enhanced code training and enforcement;

(d) Include state strategies to support research, demonstration, and education programs designed to achieve a seventy percent reduction in annual net energy consumption as specified in RCW 19.27A.160 and enhance energy efficiency and on-site renewable energy production in buildings;

(e) Recommend incentives, education, training programs and certifications, particularly state-approved training or certification programs, joint apprenticeship programs, or labor-management partnership programs that train workers for energy-efficiency projects to ensure proposed programs are designed to increase building professionals' ability to design, construct, and operate buildings that will meet the seventy percent reduction in annual net energy consumption as specified in RCW 19.27A.160;

(f) Address barriers for utilities to serve net zero energy homes and buildings and policies to overcome those barriers;

(g) Address the limits of a prescriptive code in achieving net zero energy use homes and buildings and propose a transition to performance-based codes;

(h) Identify financial mechanisms such as tax incentives, rebates, and innovative financing to motivate energy consumers to take action to increase energy efficiency and their use of on-site renewable energy. Such incentives, rebates, or financing options may consider the role of government programs as well as utility-sponsored programs;

(i) Address the adequacy of education and technical assistance, including school curricula, technical training, and peer-to-peer exchanges for professional and trade audiences;

(j) Develop strategies to develop and install district and neighborhood-wide energy systems that help meet net zero energy use in homes and buildings;

(k) Identify costs and benefits of energy efficiency measures on residential and nonresidential construction; and

(l) Investigate methodologies and standards for the measurement of the amount of embodied energy used in building materials.

(4) The department of commerce and the council shall convene a work group with the affected parties to inform the initial development of the strategic plan.

**Sec. 307.** RCW 19.27A.180 and 2009 c 423 s 7 are each amended to read as follows:

MESSAGE FROM THE HOUSE

March 10, 2010

MR. PRESIDENT:

The House receded from its amendment(s) to SUBSTITUTE SENATE BILL NO. 5798. Under suspension of the rules, the bill was returned to second reading for the purpose of an amendment. The House adopted the following amendment: 5798-S AMH CODY H5658.2, and passed the bill as amended by the House.

MESSAGE FROM THE HOUSE

March 10, 2010

MR. PRESIDENT:

The House receded from its amendment(s) to SUBSTITUTE SENATE BILL NO. 6355. Under suspension of the rules, the bill was returned to second reading for the purpose of an amendment. The House adopted the following amendment: 6355-S AMH WALL H5659.2, and passed the bill as amended by the House.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the state institutions of higher education are providing a high quality education to the citizens of the state. The legislature further finds that to meet goals of the strategic master plan for higher education the state needs a higher education system that is capable of delivering many more degrees. The legislature also finds that expansion of the system should be based on the proven demands of the citizens and the marketplace, a concept called "expand on demand." The legislature further finds that the higher education coordinating board, in collaboration with the state board for community and technical colleges, the two-year and four-year institutions of higher education, and other stakeholders developed a system design plan that contains seven guiding principles for system expansion, focuses near-term enrollment growth at university branch campuses, comprehensive universities, and university centers where existing capacity is available without new state capital investment, establishes a process for evaluating major new capital expansion, and creates a fund for innovation to foster change and innovation in higher education delivery. The legislature finds that

SIXTIETH DAY, MARCH 11, 2010

the strategies in the plan support the concept of expand on demand and would increase degree production by first reinvesting in higher education to use existing capacity while also providing long-term strategies to guide decisions on when and where to build new campuses, significantly expand existing sites, and change missions of existing institutions.

The legislature endorses the system design plan, approved by the higher education coordinating board in November 2009, and adopts the recommendations and strategies in the plan.

**Sec. 2.** RCW 28B.50.020 and 2009 c 64 s 2 are each amended to read as follows:

The purpose of this chapter is to provide for the dramatically increasing number of students requiring high standards of education either as a part of the continuing higher education program or for occupational education and training, or for adult basic skills and literacy education, by creating a new, independent system of community and technical colleges which will:

(1) Offer an open door to every citizen, regardless of his or her academic background or experience, at a cost normally within his or her economic means;

(2) Ensure that each college district shall offer thoroughly comprehensive educational, training, and service programs to meet the needs of both the communities and students served by combining high standards of excellence in academic transfer courses; realistic and practical courses in occupational education, both graded and ungraded; community services of an educational, cultural, and recreational nature; and adult education, including basic skills and general, family, and workforce literacy programs and services;

(3) Provide for basic skills and literacy education, and occupational education and technical training at technical colleges in order to prepare students for careers in a competitive workforce;

(4) Provide or coordinate related and supplemental instruction for apprentices at community and technical colleges;

(5) Provide administration by state and local boards which will avoid unnecessary duplication of facilities or programs; and which will encourage efficiency in operation and creativity and imagination in education, training, and service to meet the needs of the community and students;

(6) Allow for the growth, improvement, flexibility and modification of the community colleges and their education, training, and service programs as future needs occur; and

(7) Establish firmly that(~~(, except on a pilot basis)~~) as provided under RCW 28B.50.810, community colleges are, for purposes of academic training, two year institutions, and are an independent, unique, and vital section of our state's higher education system, separate from both the common school system and other institutions of higher learning(~~(, and never to be considered for conversion into four year liberal arts colleges)~~).

**Sec. 3.** RCW 28B.50.810 and 2008 c 166 s 2 are each amended to read as follows:

(1) (~~(By April 2006,)~~) The college board (~~(shall)~~) may select (~~(four)~~) community or technical colleges to develop and offer programs of study leading to (~~(an)~~) applied baccalaureate degrees. (~~(At least one of the four pilot programs chosen must lead to a baccalaureate of applied science degree which builds on an associate of applied science degree. The college board shall convene a task force that includes representatives of both the community and technical colleges to develop objective selection criteria.~~)

~~—(2) By February 2008, the college board shall select up to three colleges to develop and offer programs of study leading to an applied baccalaureate degree. At least one of the colleges selected must be a technical college. The college board shall use the objective selection criteria developed under subsections (1) and (3)~~

~~of this section to make the selection.~~

~~—(3))~~ Colleges may submit (~~(an)~~) applications to (~~(become a pilot college under this section)~~) the college board. The college board and the higher education coordinating board shall review the applications and select the (~~(pilot)~~) colleges using objective criteria, including, but not limited to:

(a) The college demonstrates the capacity to make a long-term commitment of resources to build and sustain a high quality program;

(b) The college has or can readily engage faculty appropriately qualified to develop and deliver a high quality curriculum at the baccalaureate level;

(c) The college can demonstrate demand for the proposed program from a sufficient number of students within its service area to make the program cost-effective and feasible to operate;

(d) The college can demonstrate that employers demand the level of technical training proposed within the program, making it cost-effective for students to seek the degree; and

(e) The proposed program fills a gap in options available for students because it is not offered by a public four-year institution of higher education in the college's geographic area.

~~((4))~~ (2) A college selected (~~(as a pilot college)~~) under this section may develop the curriculum for and design and deliver courses leading to an applied baccalaureate degree. However, degree programs developed under this section are subject to approval by the college board under RCW 28B.50.090 and by the higher education coordinating board under RCW 28B.76.230 before a (~~(pilot)~~) college may enroll students in upper division courses. (~~(A pilot college approved under subsection (1) of this section may not enroll students in upper division courses before the fall academic quarter of 2006. A pilot college approved under subsection (2) of this section may not enroll students in upper division courses before the fall academic quarter of 2009.)~~)

**Sec. 4.** RCW 28B.76.020 and 1985 c 370 s 2 are each amended to read as follows:

~~((For the purposes of this chapter,))~~ The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Board" means the higher education coordinating board(~~(, and)~~).

(2) "Four-year institutions" means the University of Washington, Washington State University, Central Washington University, Eastern Washington University, Western Washington University, and The Evergreen State College.

(3) "Major expansion" means expansion of the higher education system that requires significant new capital investment, including building new institutions, campuses, branches, or centers or conversion of existing campuses, branches, or centers that would result in a mission change.

(4) "Mission change" means a change in the level of degree awarded or institutional type not currently authorized in statute.

**Sec. 5.** RCW 28B.76.230 and 2005 c 258 s 11 are each amended to read as follows:

(1) The board shall develop a comprehensive and ongoing assessment process to analyze the need for additional degrees and programs, additional off-campus centers and locations for degree programs, and consolidation or elimination of programs by the four-year institutions. Board recommendations regarding proposed major expansion shall be limited to determinations of whether the major expansion is within the scope indicated in the most recent strategic master plan for higher education or most recent system design plan. Recommendations regarding existing capital prioritization processes are not within the scope of the evaluation of major expansion. Major expansion and proposed mission changes

2010 REGULAR SESSION

may be proposed by the board, any public institution of higher education, or by a state or local government.

(2) As part of the needs assessment process, the board shall examine:

(b) Current and projected degree programs and enrollment at public and private institutions of higher education, by location and mode of service delivery; ~~(and)~~

(c) Data from the workforce training and education coordinating board and the state board for community and technical colleges on the supply and demand for workforce education and certificates and associate degrees; and

(d) Recommendations from the technology transformation task force created in chapter 407, Laws of 2009, and institutions of higher education relative to the strategic and operational use of technology in higher education. These and other reports, reviews, and audits shall allow for: The development of enterprise-wide digital information technology across educational sectors, systems, and delivery methods; the integration and streamlining of administrative tools including but not limited to student information management, financial management, payroll, human resources, data collection, reporting, and analysis; and a determination of the costs of multiple technology platforms, systems, and models.

(3) Every two years the board shall produce, jointly with the state board for community and technical colleges and the workforce training and education coordinating board, an assessment of the number and type of higher education and training credentials required to match employer demand for a skilled and educated workforce. The assessment shall include the number of forecasted net job openings at each level of higher education and training and the number of credentials needed to match the forecast of net job openings.

(4) The board shall determine whether certain major lines of study or types of degrees, including applied degrees or research-oriented degrees, shall be assigned uniquely to some institutions or institutional sectors in order to create centers of excellence that focus resources and expertise.

(5) The following activities are subject to approval by the board:

(a) New degree programs by a four-year institution;

(e) New degree programs and creation of off-campus programs by an independent college or university in collaboration with a community or technical college; and

(f) Applied baccalaureate degree programs developed by colleges under RCW 28B.50.810 .

(6) Institutions seeking board approval under this section must demonstrate that the proposal is justified by the needs assessment developed under this section. Institutions must also demonstrate how the proposals align with or implement the statewide strategic master plan for higher education under RCW 28B.76.200.

(7) The board shall develop clear guidelines and objective decision-making criteria regarding approval of proposals under this section, which must include review and consultation with the institution and other interested agencies and individuals.

(8) The board shall periodically recommend consolidation or elimination of programs at the four-year institutions, based on the needs assessment analysis.

(9) In the case of a proposed major expansion or mission change, the needs assessment process under subsection (2) of this section

constitutes a threshold inquiry. If the board determines that the need for the proposed major expansion or mission change has not been justified, the inquiry is concluded. If the board determines that the need for the proposed major expansion or mission change has been sufficiently established, the board, in consultation with any directly involved institutions and other interested agencies and individuals, shall proceed to examine the viability of the proposal using criteria including, but not limited to:

(a) The specific scope of the project including the capital investment requirements, the number of full-time equivalent students anticipated, and the number of academic programs planned;

(b) The existence of an efficient and sustainable financial plan;

(c) The extent to which existing resources can be leveraged;

(d) The current and five-year projected student population, faculty, and staff to support the proposed programs, institution, or innovation;

(e) The plans to accommodate expected growth over a twenty-year time frame;

(f) The extent to which new or existing partnerships and collaborations are a part of the proposal; and

(g) The feasibility of any proposed innovations to accelerate degree production.

(10) After the board completes its evaluation of the proposed major expansion or mission change using the needs assessment under subsection (2) of this section and viability determination under subsection (9) of this section, the board shall make a recommendation to either proceed, modify, or not proceed with the proposed major expansion or mission change. The board's recommendation shall be presented to the governor and the legislature.

**Sec. 6.** RCW 28B.120.005 and 1999 c 169 s 2 are each amended to read as follows:

The legislature finds that encouraging collaboration among the various educational sectors to meet statewide productivity and educational attainment needs as described in the system design plan developed by the higher education coordinating board will strengthen the entire educational system, kindergarten through twelfth grade and higher education. The legislature also recognizes that the most effective way to develop innovative and collaborative programs is to encourage institutions to develop them voluntarily, in line with established state goals. Through a system of competitive grants, the legislature shall encourage the development of innovative and collaborative and cost-effective solutions to issues of critical statewide need, including:

(1) Raising educational attainment and planning and piloting innovative initiatives to reach new locations and populations;

(2) Recognizing needs of special populations of students, including access and completion efforts targeting underrepresented populations;

~~((2))~~ (3) Furthering the development of learner-centered, technology-assisted course delivery, including expansion of online and hybrid coursework, open courseware, and other uses of technology in order to effectively and efficiently share costs, improve the quality of instruction and student, faculty, and administrative services, increase undergraduate and graduate student access, retention, and graduation, and to enhance transfer capability;

~~((3))~~ (4) Furthering the development of competency-based measurements of student achievement to be used as the basis for awarding degrees and certificates; ~~(and~~

**Sec. 9.** RCW 43.88D.010 and 2008 c 205 s 2 are each amended to read as follows:

(1) By October ~~((15th)) 1st~~ of each even-numbered year, the office of financial management shall complete an objective analysis and scoring of all capital budget projects proposed by the public four-year institutions of higher education and submit the results of the scoring process to the legislative fiscal committees, the higher education coordinating board, and the four-year institutions ~~((, except that, for 2008, the office of financial management shall complete the objective analysis and scoring by November 1st))~~. Each project must be reviewed and scored within one of the following categories, according to the project's principal purpose. Each project may be scored in only one category. The categories are:

(a) Access-related projects to accommodate enrollment growth at main and branch campuses, at existing or new university centers, or through distance learning. Proposed projects must demonstrate that they are based on solid enrollment demand projections, more cost-effectively provide enrollment access than alternatives such as university centers and distance learning, and make cost-effective use of existing and proposed new space;

(b) Projects that replace failing permanent buildings ~~((or renovate facilities to restore building life and upgrade space to meet current program requirements))~~. Facilities that cannot be economically renovated are considered replacement projects. ~~((Renovation projects should represent a complete renovation of a total facility or an isolated wing of a facility. (2) The office of financial management, in consultation with the legislative fiscal committees ~~((and the joint legislative audit and review committee))~~, shall establish a scoring system and process for each four-year project category that is based on the framework used in the community and technical college system of prioritization. Staff from the state board for community and technical colleges, the higher education coordinating board, and the four-year institutions shall provide technical assistance on the development of a scoring system and process.

(b) Each four-year project category may include projects at the predesign, design, or construction funding phase.

(c) To the extent possible, the objective analysis and scoring system of all capital budget projects shall occur within the context of any and all performance agreements between the office of financial management and the governing board of a public, four-year institution of higher education that aligns goals, priorities, desired outcomes, flexibility, institutional mission, accountability, and levels of resources.

(5) The office of financial management shall distribute common definitions, the scoring system, and other information required for the project proposal and scoring process as part of its biennial budget instructions ~~((, except that, for the 2009-2011 budget development cycle, this information must be distributed by July 1, 2008))~~. The office of financial management, in consultation with the legislative fiscal committees ~~((and the joint legislative audit and review committee))~~, shall develop common definitions that four-year institutions must use in developing their project proposals and lists under this section.

(d) The office of financial management shall reference these reporting requirements in its budget instructions.

~~((5))~~ (6) Institutions and the state board for community and technical colleges shall submit any supplemental budget requests and revisions to the board at the same time they are submitted to the office of financial management. NEW SECTION. Sec. 11. A new section is added to chapter 28B.20 RCW to read as follows:

(1) This section provides an alternative process for awarding contracts for construction, building, renovation, remodeling, alteration, repair, or improvement of university buildings and facilities in which critical patient care or highly specialized medical research is located. These provisions may be used, in lieu of other procedures to award contracts for such work, when the estimated cost of the work is equal to or less than five million dollars and the project involves construction, renovation, remodeling, or alteration of improvements within a building that is used directly for critical patient care or highly specialized medical research.

(2) The university may create a single critical patient care or specialized medical research facilities roster or may create multiple critical patient care or specialized medical research facilities rosters for different trade specialties or categories of anticipated work. At least once a year, the university shall publish in a newspaper of general circulation a notice of the existence of the roster or rosters and solicit a statement of qualifications from contractors who wish to be on the roster or rosters of prime contractors. In addition, qualified contractors shall be added to the roster or rosters at any time they submit a written request, necessary records, and meet the qualifications established by the university. The university may

require eligible contractors desiring to be placed on a roster to keep current records of any applicable licenses, certifications, registrations, bonding, insurance, or other appropriate matters on file with the university as a condition of being placed on a roster or rosters. Placement on a roster shall be on the basis of qualifications.

(3) The public solicitation of qualifications shall include but not be limited to:

(a) A description of the types of projects to be completed and where possible may include programmatic, performance, and technical requirements and specifications;

(b) The reasons for using the critical patient care and specialized medical research roster process;

(c) A description of the qualifications to be required of a contractor, including submission of an accident prevention program;

(d) A description of the process the university will use to evaluate qualifications, including evaluation factors and the relative weight of factors;

(e) The form of the contract to be awarded;

(f) A description of the administrative process by which the required qualifications, evaluation process, and project types may be appealed; and

(g) A description of the administrative process by which decisions of the university may be appealed.

(4) The university shall establish a committee to evaluate the contractors submitting qualifications. Evaluation criteria for selection of the contractor or contractors to be included on a roster shall include, but not be limited to:

(a) Ability of a contractor's professional personnel;

(b) A contractor's past performance on similar projects, including but not limited to medical facilities, and involving either negotiated work or other public works contracts;

(c) The contractor's ability to meet time and budget requirements;

(d) The contractor's ability to provide preconstruction services, as appropriate;

(e) The contractor's capacity to successfully complete the project;

(f) The contractor's approach to executing projects;

(g) The contractor's approach to safety and the contractor's safety history; and

(h) The contractor's record of performance, integrity, judgment, and skills.

(5) Contractors meeting the evaluation committee's criteria for selection must be placed on the applicable roster or rosters.

(6) When a project is selected for delivery through this roster process, the university must establish a procedure for securing written quotations from all contractors on a roster to assure that a competitive price is established. Invitations for quotations shall include an estimate of the scope and nature of the work to be performed as well as materials and equipment to be furnished. Plans and specifications must be included in the invitation but may not be detailed. Award of a project must be made to the responsible bidder submitting the lowest responsive bid.

(7) The university shall make an effort to solicit proposals from certified minority or certified woman-owned contractors to the extent permitted by the Washington state civil rights act, RCW 49.60.400.

(8) Beginning in September 2010 and every other year thereafter, the university shall provide a report to the capital projects advisory review board which must, at a minimum, include a list of rosters used, contracts awarded, and a description of outreach to and participation by women and minority-owned businesses.

MESSAGE FROM THE HOUSE

March 11, 2010

MR. PRESIDENT:

The House receded from its amendment(s) to ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6267. Under

SIXTIETH DAY, MARCH 11, 2010

suspension of the rules, the bill was returned to second reading for the purpose of an amendment. The House adopted the following amendment: 6267-S.2.E AMH BLAK H5701.1, and passed the bill as amended by the House.

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** Water is an essential element for economic prosperity and it generates new, family-wage jobs and state revenues. It is the intent of the legislature to provide both water right applicants and the department of ecology with the necessary tools to expedite the processing of water right applications depending on the needs of the project and agency workload.

**NEW SECTION. Sec. 2.** Sufficient resources to support the department of ecology's water resource program are essential for effective and sustainable water management that provides certainty to processed applications. The department of ecology shall review current water resource functions and fee structures, and report to the legislature and the governor by September 1, 2010, on improvements to make the program more self-sustaining and efficient.

**Sec. 3.** RCW 90.03.265 and 2003 c 70 s 6 are each amended to read as follows:

**(1)(a)** Any applicant for a new withdrawal or a change, transfer, or amendment of a water right pending before the department((s)) may initiate a cost-reimbursement agreement with the department to provide expedited review of the application. A cost-reimbursement agreement may ((only)) be initiated under this section if the applicant agrees to pay for, or as part of a cooperative effort agrees to pay for, the cost of processing his or her application and all other applications from the same source of supply which must be acted upon before the applicant's request because they were filed prior to the date of when the applicant filed.

(b) The requirement to pay for the cost of other applications under (a) of this subsection does not apply to an application for a new appropriation that would not diminish the water available to earlier pending applicants for new appropriations from the same source of supply.

(c) The requirement to pay for the cost of processing other applications under (a) of this subsection does not apply to an application for a change, transfer, or other amendment that would not diminish the water available to earlier pending applicants for changes or transfers from the same source of supply.

(d) In determining whether an application would not diminish the water available to earlier pending applicants, the department shall consider any water impoundment or other water resource management mitigation technique proposed by the applicant under RCW 90.03.255 or 90.44.055.

(e) The department may enter into cost-reimbursement agreements provided resources are available and shall use the process established under RCW 43.21A.690 for entering into cost-reimbursement agreements. The department's share of work related to a cost-reimbursement application, such as final certificate approval, must be prioritized within the framework of other water right processing needs and as determined by agency rule.

(f) Each individual applicant is responsible for his or her own appeal costs that may result from a water right decision made by the department under this section. In the event that the department's approval of an application under this section is appealed under chapter 43.21B RCW by a third party, the applicant for the water right in question must reimburse the department for the cost of defending the decision before the pollution control hearings board unless otherwise agreed to by the applicant and the department. If an applicant appeals either an approval or a denial made by the department under this section, the applicant is responsible only for its own appeal costs.

(2) In pursuing a cost-reimbursement project, the department

must determine the source of water proposed to be diverted or withdrawn from, including the boundaries of the area that delimits the source. The department must determine if any other water right permit applications are pending from the same source. A water source may include surface water only, groundwater only, or surface and groundwater together if the department finds they are hydraulically connected. The department shall consider technical information submitted by the applicant in making its determinations under this subsection. The department may recover from a cost-reimbursement applicant its own costs in making the same source determination under this subsection.

(3) Upon request of the applicant seeking cost-reimbursement processing, the department may elect to initiate a coordinated cost-reimbursement process. To initiate this process, the department must notify in writing all persons who have pending applications on file for a new appropriation, change, transfer, or amendment of a water right from that water source. A water source may include surface water only, groundwater only, or surface and groundwater together if the department determines that they are hydraulically connected. The notice must be posted on the department's web site and published in a newspaper of general circulation in the area where affected properties are located. The notice must also be made individually by way of mail to:

(a) Inform those applicants that cost-reimbursement processing of applications within the described water source is being initiated;

(b) Provide to individual applicants the criteria under which the applications will be examined and determined;

(c) Provide to individual applicants the estimated cost for having an application processed on a cost-reimbursement basis;

(d) Provide an estimate of how long the cost-reimbursement process will take before an application is approved or denied; and

(e) Provide at least sixty days for the applicants to respond in writing regarding the applicant's decision to participate in the cost-reimbursement process.

(4) The applicant initiating the cost-reimbursement request must pay for the cost of the determination under subsections (2) and (3) of this section and other costs necessary for the initial phase of cost-reimbursement processing. The cost for each applicant for conducting processing under a coordinated cost-reimbursement agreement must be based primarily on the proportionate quantity of water requested by each applicant. The cost may be adjusted if it appears that an application will require a disproportionately greater amount of time and effort to process due to its complexity.
