(5) The office of financial management shall report the findings of the working group to the legislature no later than September 30, 2010.

**NEW SECTION. Sec. 2.** A new section is added to chapter 41.56 RCW to read as follows:

(1) In addition to the entities listed in RCW 41.56.020, this chapter applies to the governor with respect to language access providers. Solely for the purposes of collective bargaining and as expressly limited under subsections (2) and (3) of this section, the governor is the public employer of language access providers who, solely for the purposes of collective bargaining, are public employees. The governor or the governor's designee shall represent the public employer for bargaining purposes.

(2) There shall be collective bargaining, as defined in RCW 41.56.030, between the governor and language access providers, except as follows:

(a) A statewide unit of all language access providers is the only unit appropriate for purposes of collective bargaining under RCW 41.56.060;

(b) The exclusive bargaining representative of language access providers in the unit specified in (a) of this subsection shall be the representative chosen in an election conducted pursuant to RCW 41.56.070.

Bargaining authorization cards furnished as the showing of interest in support of any representation petition or motion for intervention filed under this section are exempt from disclosure under chapter 42.56 RCW;

(c) Notwithstanding the definition of "collective bargaining" in RCW 41.56.030(4), the scope of collective bargaining for language access providers under this section is limited solely to: (i) Economic compensation; (ii) rules and procedures regarding payments, work rules, and reimbursements; (iii) certification procedures, professional development, and training; (iv) labor-management committees; and (v) grievance procedures. Retirement benefits are not subject to collective bargaining. By such obligation neither party may be compelled to agree to a proposal or be required to make a concession unless otherwise provided in this chapter;

(d) In addition to the entities listed in the mediation and interest arbitration provisions of RCW 41.56.430 through 41.56.470 and 41.56.480, the provisions apply to the governor or the governor's designee and the exclusive bargaining representative of language access providers, except that:

(i) In addition to the factors to be taken into consideration by an interest arbitration panel under RCW 41.56.465, the panel shall consider the financial ability of the state to pay for the compensation and benefit provisions of a collective bargaining agreement;

(ii) The decision of the arbitration panel is not binding on the legislature and, if the legislature does not approve the request for funds necessary to implement the compensation and benefit provisions of the arbitrated collective bargaining agreement, the decision is not binding on the state;

(e) Language access providers do not have the right to strike.

(3) Language access providers who are public employees solely for the purposes of collective bargaining under subsection (1) of this section are not, for that reason, employees of the state for any other purpose. This section applies only to the governance of the collective bargaining relationship between the employer and language access providers as provided in subsections (1) and (2) of this section.

(4) Each party with whom the department of social and health services contracts for language access services and each of their

subcontractors shall provide to the department an accurate list of language access providers, as defined in RCW 41.56.030, including their names, addresses, and other contact information, annually by January 30th, except that initially the lists must be provided within thirty days of the effective date of this section. The department shall, upon request, provide a list of all language access providers, including their names, addresses, and other contact information, to a labor union seeking to represent language access providers.

(5) This section does not create or modify:

(a) The department's obligation to comply with the federal statute and regulations; and

(b) The legislature's right to make programmatic modifications to the delivery of state services under chapter 74.04 RCW. The governor may not enter into, extend, or renew any agreement under this chapter that does not expressly reserve the legislative rights described in this subsection.

(6) Upon meeting the requirements of subsection (7) of this section, the governor must submit, as a part of the proposed biennial or supplemental operating budget submitted to the legislature under RCW 43.88.030, a request for funds necessary to implement the compensation and benefit provisions of a collective bargaining agreement entered into under this section or for legislation necessary to implement the agreement.

(7) A request for funds necessary to implement the compensation and benefit provisions of a collective bargaining agreement entered into under this section may not be submitted by the governor to the legislature unless the request has been:

(a) Submitted to the director of financial management by October 1st prior to the legislative session at which the requests are to be considered, except that, for initial negotiations under this section, the request may not be submitted before July 1, 2011; and

(b) Certified by the director of financial management as financially feasible for the state or reflective of a binding decision of an arbitration panel reached under subsection (2)(d) of this section.

(8) The legislature must approve or reject the submission of the request for funds as a whole. If the legislature rejects or fails to act on the submission, any collective bargaining agreement must be reopened for the sole purpose of renegotiating the funds necessary to implement the agreement.

(9) If, after the compensation and benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(10) After the expiration date of any collective bargaining agreement entered into under this section, all of the terms and conditions specified in the agreement remain in effect until the effective date of a subsequent agreement, not to exceed one year from the expiration date stated in the agreement.

(11) In enacting this section, the legislature intends to provide state action immunity under federal and state antitrust laws for the joint activities of language access providers and their exclusive bargaining representative to the extent the activities are authorized by this chapter.

(1) The legislature takes special note of the contributions made by nursing assistants in health care facilities whose tasks are arduous and whose working conditions may be contributing to the high and often critical turnover among the principal cadre of health care workers who provide for the basic needs of patients. The legislature also recognizes the growing shortage of nurses as the proportion of the elderly population grows and as the acuity of patients in hospitals and nursing homes becomes generally more severe.

(2) The legislature finds and declares that:

(a) Occupational nursing assistants should have a formal system of educational and experiential qualifications leading to career mobility and advancement. The establishment of such a system should bring about a more stabilized workforce in health care

facilities, as well as provide a valuable resource for recruitment into licensing nursing practice.

~~((The legislature finds that))~~ (b) The quality of patient care in health care facilities is dependent upon the competence of the personnel who staff their facilities. To assure the availability of trained personnel in health care facilities the legislature recognizes the need for training programs for nursing assistants.

~~((The legislature declares that))~~ (c) Certified home care aides are a valuable potential source of nursing assistants who will be needed to meet the care needs of the state's growing aging population. To assure continued opportunity for recruitment into nursing practice and career advancement for certified home care aides, nursing assistant training programs should recognize the relevant training and experience obtained by these credentialed professionals.

(d) The registration of nursing assistants and providing for voluntary certification of those who wish to seek higher levels of qualification is in the interest of the public health, safety, and welfare.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 90.44.105 and 1997 c 446 s 1 are each amended to read as follows:

(1)(a) Upon the issuance by the department of an amendment to the appropriate permit or certificate of groundwater right, the holder of a valid right to withdraw public groundwaters may consolidate that right with a groundwater right exempt from the permit requirement under RCW 90.44.050, without affecting the priority of either of the water rights being consolidated.

(2) The amount of the water to be added to the holder's permit or certificate upon discontinuance of the exempt well shall be the

The department shall presume that an amount identified by the applicant as being the average withdrawal from the well during the most recent five-year period is accurate if the applicant establishes that the amount identified for the use or uses of water from the exempt well is consistent with the average amount of water used for similar use or uses in the general area in which the exempt well is located. The department shall develop, in consultation with the department of health, a schedule of average household and small-area landscaping water usages in various regions of the state to aid the department and applicants in identifying average amounts used for these purposes. The presumption does not apply if the department finds credible evidence of nonuse of the well during the required period or credible evidence that the use of water from the exempt well or the intensity of the use of the land supported by water from the exempt well is substantially different than such uses in the general area in which the exempt well is located. The department shall also accord a presumption in favor of approval of such consolidation if the requirements of this subsection are met and the discontinuance of the exempt well is consistent with an adopted coordinated water system plan under chapter 70.116 RCW, an adopted comprehensive land use plan under chapter 36.70A RCW, or other comprehensive watershed management plan applicable to the area containing an objective of decreasing the number of existing and newly developed small groundwater withdrawal wells. The department shall provide a priority to reviewing and deciding upon applications subject to this subsection, and shall make its decision within sixty days of the end of the comment period following publication of the notice by the applicant or within sixty days of the date on which compliance with the state environmental policy act, chapter 43.21C RCW, is completed, whichever is later. The applicant and the department may by prior mutual agreement extend the time for making a decision.

(3) Outside the Yakima basin and until December 31, 2015, if an existing, publicly owned and operated group A or group B water system, as those terms are defined in RCW 70.119A.020, that holds a permitted or certificated right to withdraw public groundwaters is unable to serve proposed new development within or adjacent to the approved service area of the water system because it does not have adequate water rights or a sufficient number of connections, and the proposed new development would then seek to obtain water supply under the groundwater permit exemption in RCW 90.44.050, the water system may consolidate with its water right an additional quantity of water authorized to be withdrawn under the permit exemption in RCW 90.44.050 and necessary to serve the proposed new development subject to the following requirements:

(a) The water system shall publish public notice of the intent to consolidate an exempt withdrawal in a newspaper of general circulation in the county or counties in which the water system and the proposed new development are located once a week for two consecutive weeks;

(b) The water system shall provide evidence of publication of the notice to the department, the department of health, and the local government with land use authority over the proposed new development;

(c) Upon the date of receipt by the department of evidence of the notice of publication from the water system, a thirty-day review and comment period shall exist during which the department shall: (i) Review public comments; (ii) determine whether water is legally available for purposes of the consolidation; and (iii) determine

whether the proposed consolidation would impair existing rights including instream flows;

(d) The local government with land use authority over the proposed new development shall ensure that the proposed consolidation is consistent with an adopted coordinated water system plan under chapter 70.116 RCW, an adopted comprehensive land use plan under chapter 36.70A RCW, or other comprehensive watershed management plan applicable to the area containing an objective of decreasing the number of existing and newly developed small groundwater withdrawal wells;

(e) The water system must make any necessary amendments to its water system plan and receive approval from the department of health to authorize the addition of new connections, new uses, or revise or modify the retail service area boundary;

(f) Legally enforceable agreements have been entered to prohibit the construction of an exempt well to serve the area of the proposed new development, and such agreements are binding upon subsequent owners of the land through appropriate binding limitations on the title to the land;

(g) The department shall consult with the department of health and the local government with land use authority over the proposed new development to ensure compliance with this subsection prior to deciding upon applications subject to this subsection;

(h) The department shall provide a priority to reviewing and deciding upon applications subject to this subsection, and shall make its decision within sixty days of the end of the comment period following publication of the notice by the applicant or within sixty days of the date on which compliance with the state environmental policy act, chapter 43.21C RCW, is completed, whichever is later, except that the department may extend the sixty-day time period by forty-five days for good cause or for any period of time at the request of the applicant;

(i) In no case may the quantity of water consolidated with the water system's water rights exceed five thousand gallons per day or the number of new connections exceed fourteen, and the quantity of water withdrawn must also comply with rules adopted by the department and ordinances adopted by the local government with land use authority over the proposed new development;

(j) The water system must separately meter both existing connections and new connections to be added under this section;

(k) Any letter, certificate, or other statement that water is available to serve the proposed new development utilizing the procedure in this subsection to satisfy the water availability requirement of RCW 19.27.097 or 58.17.110 must be provided to the department, the department of health, and the local government with land use authority upon issuance by the water system;

(l) A water system may exercise the authority in this section on multiple occasions, but only until a total of fourteen residential connections or five thousand gallons per day of water has been consolidated with the water rights of the water system; and

(m) After beneficial use has occurred, the water system shall submit a proof of appropriation demonstrating the actual quantity of water beneficially used in order to obtain a consolidation amendment from the department.

(4) Any determination by the department under this section is appealable to the pollution control hearings board under chapter 43.21B RCW."

"NEW SECTION. Sec. 1. INTENT. (1) The intent of this act is to protect the fairness of elections for the highest court in Washington state - the supreme court. Doing so will foster the public's trust in the integrity and independence of the court in the face of increasingly large sums of money raised and spent by special interest groups. That flood of money threatens the impartiality, independence, and credibility of our judiciary. To maintain public confidence in the judiciary, we must prevent not only corruption, but the appearance of corruption, for the judiciary is the one branch of government that must be uniquely impartial, independent, and unbiased in order to best serve the residents of Washington. It is destructive for our democracy to allow the court to become influenced by large amounts of money, and for our citizens to think that judicial decisions are influenced by those large amounts of money. This act is necessary to ensure that our highest courts continue to be unbiased and insulated from special interests.

The motion by Senator Carrell carried and the amendment was adopted by voice vote.

On motion of Senator Gordon, the rules were suspended, Engrossed Senate Bill No. 6764 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

(3) The provisions of this act must be broadly interpreted to carry out the purpose and intent of this act.

The application must be filed before or during the qualifying period. In the application, the candidate must affirm that only one political committee, identified with its treasurer, must handle all contributions, expenditures, and obligations for the publicly financed candidate and that the candidate will comply with the

provisions set forth in sections 1 through 21 of this act and rules adopted by the commission; and

(2) Obtain at least five hundred qualifying contributions not including self-contributed funds that, in the aggregate total at least twenty-five times the filing fee for the office by the end of the qualifying period. **NEW SECTION. Sec. 9. USES OF PUBLIC FUNDS.** (1) Money in the account of a publicly financed candidate's authorized committee may only be used for purposes directly related to the candidate's campaign.

(2) Money in the account of a publicly financed candidate's authorized committee may not be used to pay fines or civil penalties, for costs or legal fees related to representation before the commission, or for defense of an enforcement action under this chapter. Nothing in this chapter prevents a publicly financed candidate from having a legal defense fund.

**NEW SECTION. Sec. 10. RETURN OF FUNDS.** (1) If a candidate attempts to qualify for public funding but does not meet the threshold for qualification, withdraws from the program before certification, is denied certification under section 6 of this act, or revokes participation under section 11 of this act, the candidate must pay to the fund the total dollar amount of qualifying contributions received during the qualifying period, less money expended for the purpose of raising qualifying contributions and the candidate's own self-contributed funds in accordance with section 7 of this act.

(2) Publicly financed candidates must return all unused funds, less the candidate's own self-contributed funds, to the judicial election reform act fund within thirty calendar days of the date they are no longer a candidate.

**NEW SECTION. Sec. 11. REVOCATION.** (1) A publicly financed candidate may revoke in writing to the commission a decision to participate in the public financing program no later than June 30th in the year of the election. After a timely revocation, that candidate may accept and expend money outside the provisions of this act. Within thirty days after revocation, a candidate must return to the commission all money received from the judicial election reform act fund.

(2) A publicly financed candidate who revokes a decision to participate in the public financing program after the time period established in subsection (1) of this section must return all money received from the judicial election reform act fund and pay a fine of one thousand dollars per day for each day beyond the allowed revocation period and the day the candidate revokes.

**NEW SECTION. Sec. 12. CAMPAIGN FUNDING.** (1)(a) Within five business days after a publicly financed candidate's name is approved to appear on the primary ballot by the appropriate elections officer, the commission must authorize the state treasurer to distribute to the account of the authorized committee of each certified publicly financed candidate an amount set, by rule, based on the number of participating candidates filing for office. No candidate may receive an amount greater than one hundred times the filing fee as established in RCW 29A.24.091 for the primary.

(b) Within five business days after a publicly financed candidate's name is approved to appear on the general election ballot, the commission must authorize the state treasurer to distribute funds to the account of the authorized committee of each certified publicly financed candidate in an amount equal to one hundred twenty-five times the filing fee for the office as established in RCW 29A.24.091.

(c) Participating candidates in uncontested elections must receive four times the filing fee as established in RCW 29A.24.091, plus the net amount of qualifying contributions previously remitted to the commission pursuant to section 6(1)(c) of this act.

(2) A publicly financed candidate must return within ten calendar days to the judicial election reform act fund any amount distributed, less the candidate's own self-contributed funds, for an election that is unspent and uncommitted as of the date the candidate ceases to be a candidate or as of the date of the election, whichever occurs first.

(3) The commission must authorize and the state treasurer must distribute funds to publicly financed candidates in a manner that ensures accountability and safeguards the integrity of the fund.

**NEW SECTION. Sec. 13. RESCUE FUNDS.** (1) When a report is filed under this chapter or other evidence comes to the attention of the commission indicating that a nonparticipating candidate has raised more money than his or her publicly financed opponent has received in public funding, the commission must notify the publicly financed candidate of his or her eligibility for rescue funds.

(a) A publicly financed candidate may receive rescue funds equal to the difference between the total amount received by the nonparticipating candidate, less the nonparticipating candidate's own self-contributed funds, for each election and the amount received by the publicly financed candidate for each election. If there are multiple nonparticipating candidates who have raised more money than the publicly financed candidate has received, the publicly financed candidate is eligible for rescue funds based on the difference between the total amount raised by the nonparticipating candidate who has received the most money, less that nonparticipating candidate's own self-contributed funds, and the amount received by the publicly financed candidate.

(b) The total amount a publicly financed candidate may receive in rescue funds is five hundred times the filing fee for the office. If rescue funds are triggered under this section, up to seventy-five percent of the funds are available to a publicly financed candidate for the primary election. If a publicly financed candidate is opposed by only one candidate, all of the authorized rescue funds may be used for the primary. A publicly financed candidate may determine when to access available rescue funds.

(2)(a) Independent expenditures and electioneering communications opposing a publicly financed candidate or supporting one or more nonparticipating opponents of a publicly financed candidate must be considered as contributions to each opposing candidate and the commission must authorize rescue funds pursuant to subsection (1) of this section to the publicly financed candidate.

(b) Independent expenditures and electioneering communications supporting a publicly financed candidate must be considered, for every opposing publicly financed candidate, as though the independent expenditures or electioneering communications were a contribution to a nonparticipating opponent and the commission must authorize rescue funds pursuant to subsection (1) of this section to each opposing publicly financed candidate.

(c) For purposes of this section, expenditures made by a nonparticipating candidate and independent expenditures and electioneering communications are deemed to have been made the day the independent expenditure or electioneering communication is contracted for, agreed to, or otherwise obligated.

(3) For purposes of this section, a candidate's own self-contributed funds do not trigger rescue funds and may not be considered in the calculation for rescue funds.

(4) If adequate funding is not available to fully equalize funding for publicly financed candidates under this section, the commission may authorize a lesser amount.

**NEW SECTION. Sec. 14. REPORTS.** (1)(a) Any nonparticipating candidate who has a publicly financed opponent must report total contributions received, including self-contributed funds, to the commission electronically within twenty-four hours after the total amount of contributions received exceeds eighty percent of the amount authorized for publicly financed candidates under section 12 of this act, and must make subsequent reports as required by the commission to monitor contributions.

THIRTY SEVENTH DAY, FEBRUARY 16, 2010

2010 REGULAR SESSION

(b) Any person making independent expenditures or electioneering communications in excess of three thousand dollars in support of or opposition to a publicly financed candidate, or in support of a candidate opposing a publicly financed candidate, must file a report with the commission within twenty-four hours of the date the independent expenditure or electioneering communication is contracted for, agreed to, or otherwise obligated. The report must include the following information:

(c) The commission may adopt rules implementing the provisions of this section, including rules that determine (i) whether filing under this section satisfies the filing requirements under other provisions of this chapter, and (ii) when the reporting requirements of this section are no longer warranted because a publicly financed candidate has received the maximum amount of rescue funds permitted by this section.

(2) Publicly financed candidates must report in accordance with rules adopted by the commission. A publicly financed candidate who revokes his or her participation in the program, who ceases to be a candidate, or who loses an election must file a final report with the commission and return any unspent disbursements received from the judicial election reform act fund, less self-contributed funds. In developing reporting requirements for publicly financed candidates, the commission must use existing campaign reporting procedures when determined practicable by the commission.

(3) Any person who fails to report a contribution or expenditure as required by this section is subject to a civil penalty equal to the contribution or expenditure not reported.

(4) The commission must ensure prompt public access to the reports received under this section.

**NEW SECTION. Sec. 15. DISQUALIFICATION FROM PROGRAM.** If the commission finds that a publicly financed candidate or the publicly financed candidate's committee is accepting or expending money outside the provisions of section 4 of this act, the candidate is disqualified from the program, is subject to a civil penalty under RCW 42.17.390, and must return all money received from the judicial election reform act fund, less self-contributed funds.

**NEW SECTION. Sec. 16. IMPLEMENTATION AND ENFORCEMENT DUTIES.** In implementing the provisions of the judicial election reform act, the commission shall:

- (4) Enforce the provisions of sections 1 through 21 of this act, ensure that money transferred from the judicial election reform act fund into the account of an authorized committee of a publicly financed candidate is spent as specified, and monitor reports filed

and financial records of candidates as needed to ensure that rescue funds are promptly authorized to opposing qualified candidates under section 13 of this act.

**NEW SECTION. Sec. 17. EXPEDITED ADMINISTRATIVE REVIEW.** (1) The commission shall develop an expedited administrative review process that is not subject to the adjudicative proceedings of chapter 34.05 RCW. However, commission findings are subject to judicial review under RCW 34.05.570(4).

(2) The following individuals may seek expedited administrative review of commission decisions:

- (a) Candidates and potential candidates whom the commission finds ineligible to participate in the program;
- (b) Publicly financed candidates who are denied rescue funds; and

(c) Opponents of a publicly financed candidate who disagree with a decision by the commission to grant rescue funds to a publicly financed candidate.

(3) In an expedited administrative review process, the commission shall issue a final decision no more than five calendar days after review is requested.

(4) The commission may adopt rules to implement this section.

(5) Any petition for judicial review of a final decision in an expedited administrative review must be filed within five calendar days of the final decision. In any judicial review, the court may not grant a stay or temporary relief unless it finds the conditions specified in RCW 34.05.550(3) (a), (b), and (c).

**NEW SECTION. Sec. 18.** The commission may not offer the program in sections 1 through 17 of this act until one million dollars is in the judicial election reform act fund.

**NEW SECTION. Sec. 19.** For the purpose of calculations required by this act, personal funds contributed by a candidate to his or her own campaign must be treated as having been expended prior to the expenditure of any other funds.

**NEW SECTION. Sec. 20.** The commission may solicit and accept gifts, grants, conveyances, bequests, and devises of real or personal property, or both, in trust or otherwise, and sell, lease, exchange, invest, or expend these donations or the proceeds, rents, profits, and income from the donations except as limited by the donor's terms. Moneys received under this section must be deposited into the judicial election reform act fund established in section 3 of this act and may only be used for the purposes of sections 1 through 18 of this act.

**NEW SECTION. Sec. 21.** The public disclosure commission must report to the governor and to the appropriate committees of the legislature in January of even-numbered years on the effectiveness of the judicial election reform act once the program is offered.

**Sec. 22.** RCW 42.17.390 and 2006 c 315 s 2 are each amended to read as follows:

One or more of the following civil remedies and sanctions may be imposed by court order in addition to any other remedies provided by law:

(1) If the court finds that the violation of any provision of this chapter by any candidate or political committee probably affected the outcome of any election, the result of said election may be held void and a special election held within sixty days of such finding. Any action to void an election shall be commenced within one year of the date of the election in question. It is intended that this remedy be imposed freely in all appropriate cases to protect the right of the electorate to an informed and knowledgeable vote.

(2) If any lobbyist or sponsor of any grass roots lobbying campaign violates any of the provisions of this chapter, his or her registration may be revoked or suspended and he or she may be enjoined from receiving compensation or making expenditures for

Clarifying the use of revenue generated from tolling the state route number 520 corridor.

#### MOTION

On motion of Senator Haugen, Substitute Senate Bill No. 6392 was substituted for Senate Bill No. 6392 and the substitute bill was placed on the second reading and read the second time.

#### MOTION

Senator Haugen moved that the following striking amendment by Senator Haugen be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** The legislature recognizes that during the 2009 legislative session tolling was authorized on the state route number 520 corridor. As such, it is the intent of the legislature that tolling commences in the spring of 2011 on the existing state route number 520 bridge.

The legislature further recognizes that tolling of the state route number 520 corridor is integrally related to the issuance of a final project design resulting from the supplemental draft environmental impact statement for the state route number 520 bridge replacement and HOV program released in January 2010. It is the intent of the legislature that the department of transportation work with affected neighborhoods and local governments, including the mayor of the city of Seattle and the Seattle city council, to refine the preferred alternative design in the supplemental draft environmental impact statement so that the final design of the state route number 520 bridge replacement and HOV program will, to the extent required by state and federal law, include reasonable assurance that project impacts will be mitigated as much as practicable to protect against further adverse impacts on neighborhood environmental quality. Within the cost constraints identified in section 1, chapter 472, Laws of 2009, and consistent with an opening date to vehicular traffic of 2014, it is further the intent of the legislature that any final design of the state route number 520 bridge replacement and HOV program accommodate effective connections for transit, including high capacity transit, to the light rail station at the University of Washington, consistent with the requirements of RCW 47.01.408, and ensure the effective, efficient, and feasible coordination of bus services and light rail services throughout the state route number 520 corridor, consistent with the requirements of RCW 47.01.410. The legislature further intends that any cost savings applicable to the

state route number 520 bridge replacement and HOV program stay within the program.

**Sec. 2.** RCW 47.56.870 and 2009 c 472 s 2 are each amended to read as follows:

(1) The initial imposition of tolls on the state route number 520 corridor is authorized, the state route number 520 corridor is designated an eligible toll facility, and toll revenue generated in the corridor must only be expended as allowed under RCW 47.56.820.

(2) The state route number 520 corridor consists of that portion of state route number 520 between the junctions of Interstate 5 and state route number 202. The toll imposed by this section shall be charged only for travel on the floating bridge portion of the state route number 520 corridor.

(3)(a) In setting the toll rates for the corridor pursuant to RCW 47.56.850, the tolling authority shall set a variable schedule of toll rates to maintain travel time, speed, and reliability on the corridor and generate the necessary revenue as required under (b) of this subsection.

(b) The tolling authority shall initially set the variable schedule of toll rates, which the tolling authority may adjust at least annually to reflect inflation as measured by the consumer price index or as necessary to meet the redemption of bonds and interest payments on the bonds, to generate revenue sufficient to provide for:

(i) The issuance of general obligation bonds first payable from toll revenue and then excise taxes on motor vehicle and special fuels pledged for the payment of those bonds in the amount necessary to fund the ~~((replacement state route number 520 floating bridge and necessary landings))~~ state route number 520 bridge replacement and HOV program, subject to subsection (4) of this section; and

(ii) Costs associated with the project designated in subsection (4) of this section that are eligible under RCW 47.56.820.

(4)(a) The proceeds of the bonds designated in subsection (3)(b)(i) of this section(, which together with other appropriated and identified state and federal funds is sufficient to pay for the replacement of the floating bridge segment and necessary landings of state route number 520,) must be used only to fund the ~~((construction of the replacement state route number 520 floating bridge and necessary landings))~~ state route number 520 bridge replacement and HOV program; however, two hundred million dollars of bond proceeds, in excess of the proceeds necessary to complete the floating bridge segment and necessary landings, must be used only to fund the state route number 520, Interstate 5 to Medina bridge replacement and HOV project segment of the program, as identified in applicable environmental impact statements.

(b) The program must include the following elements within the cost constraints identified in section 1, chapter 472, Laws of 2009, consistent with the legislature's intent that cost savings applicable to the program stay within the program:

(i) A project design, consistent with RCW 47.01.408, that includes high occupancy vehicle lanes with a minimum carpool occupancy requirement of three-plus persons on state route number 520;

(ii) High occupancy vehicle lane performance standards for the state route number 520 corridor established by the department. The department shall report to the transportation committees of the legislature when average transit speeds in the two lanes that are for high occupancy vehicle travel fall below forty-five miles per hour at least ninety percent of the time during peak hours;

(iii) A work group convened by the department to include sound transit, King county metro, the Seattle department of transportation, and the University of Washington to study and make recommendations of alternative connections for transit, including high capacity transit, to the light rail station at the University of Washington. The recommendations must be alternatives to the

THIRTY SEVENTH DAY, FEBRUARY 16, 2010

transit connections identified in the supplemental draft environmental impact statement for the state route number 520 bridge replacement and HOV program released in January 2010, and must meet the requirements under RCW 47.01.408, including accommodating effective connections for transit. For the purposes of this subsection, "effective connections for transit" means a connection that connects transit stops, including high capacity transit stops, that serve the state route number 520/Montlake interchange vicinity to the light rail station at the University of Washington, with a connection distance of less than one thousand two hundred feet between the stops and the light rail station. The department shall submit the recommendations by July 5, 2010, to the governor and the transportation committees of the legislature:

(iv) A work group convened by the department to include sound transit and King county metro to study and make recommendations regarding options for financing high capacity transit through the state route number 520 corridor. The department shall submit the recommendations by January 1, 2011, to the governor and the transportation committees of the legislature;

(v) A plan to address mitigation as a result of the state route number 520 bridge replacement and HOV program at the Washington park arboretum. As part of its process, the department shall consult with the governing board of the Washington park arboretum, the Seattle city council and mayor, and the University of Washington to identify all mitigation required by state and federal law resulting from the state route number 520 bridge replacement and HOV program's impact on the arboretum, and to develop a project mitigation plan to address these impacts. The department shall submit the mitigation plan by December 31, 2010, to the governor and the transportation committees of the legislature. Wetland mitigation required by state and federal law as a result of the state route number 520 bridge replacement and HOV program's impacts on the arboretum must, to the greatest extent practicable, include on-site wetland mitigation at the Washington park arboretum, and must enhance the Washington park arboretum. This subsection (4)(b)(v) does not preclude any other mitigation planned for the Washington park arboretum as a result of the state route number 520 bridge replacement and HOV program;

(vi) A work group convened by the department to include the mayor of the city of Seattle, the Seattle city council, the Seattle department of transportation, and other persons or organizations as designated by the Seattle city council and mayor to study and make recommendations regarding design refinements to the preferred alternative selected by the department in the supplemental draft environmental impact statement process for the state route number 520 bridge replacement and HOV program. To accommodate a timely progression of the state route number 520 bridge replacement and HOV program, the design refinements recommended by the work group must be consistent with the current environmental documents prepared by the department for the supplemental draft environmental impact statement. The department shall submit the recommendations to the legislature and governor by July 5, 2010, and the recommendations must inform the final environmental impact statement prepared by the department; and

(vii) An account, created in section 4 of this act, into which civil penalties generated from the nonpayment of tolls on the state route number 520 corridor are deposited to be used to fund any project within the program, including mitigation. However, this subsection (4)(b)(vii) is contingent on the enactment by June 30, 2010, of either chapter . . . (Engrossed Substitute Senate Bill No. 6499), Laws of 2010 or chapter . . . (Substitute House Bill No. 2897), Laws of 2010, but if the enacted bill does not designate the department as the toll penalty adjudicating agency, this subsection (4)(b)(vii) is null and void.

2010 REGULAR SESSION

(5) The department may carry out the ~~((construction and))~~ improvements designated in subsection (4) of this section and administer the tolling program on the state route number 520 corridor.

**Sec. 3.** RCW 47.56.875 and 2009 c 472 s 4 are each amended to read as follows:

A special account to be known as the state route number 520 corridor account is created in the state treasury.

(1) Deposits to the account must include:

(a) All proceeds of bonds issued for ~~((construction of the replacement state route number 520 floating bridge and necessary landings))~~ the state route number 520 bridge replacement and HOV program, including any capitalized interest;

(b) Except as provided in RCW 47.56.870(4)(b)(vii), all of the tolls and other revenues received from the operation of the state route number 520 corridor as a toll facility, to be deposited at least monthly;

(c) Any interest that may be earned from the deposit or investment of those revenues;

(d) Notwithstanding RCW 47.12.063, proceeds from the sale of any surplus real property acquired for the ~~((purpose of building the replacement state route number 520 floating bridge and necessary landings))~~ state route number 520 bridge replacement and HOV program; and

(e) All damages, liquidated or otherwise, collected under any contract involving the ~~((construction of the replacement state route number 520 floating bridge and necessary landings))~~ state route number 520 bridge replacement and HOV program.

(2) Subject to the covenants made by the state in the bond proceedings authorizing the issuance and sale of bonds for the ~~((replacement state route number 520 floating bridge and necessary landings))~~ state route number 520 bridge replacement and HOV program, toll charges, other revenues, and interest received from the operation of the state route number 520 corridor as a toll facility may be used to:

(a) Pay any required costs allowed under RCW 47.56.820; and

(b) Repay amounts to the motor vehicle fund as required.

(3) When repaying the motor vehicle fund, the state treasurer shall transfer funds from the state route number 520 corridor account to the motor vehicle fund on or before each debt service date for bonds issued for the ~~((replacement state route number 520 floating bridge project and necessary landings))~~ state route number 520 bridge replacement and HOV program in an amount sufficient to repay the motor vehicle fund for amounts transferred from that fund to the highway bond retirement fund to provide for any bond principal and interest due on that date. The state treasurer may establish subaccounts for the purpose of segregating toll charges, bond sale proceeds, and other revenues.

**NEW SECTION. Sec. 4.** A new section is added to chapter 47.56 RCW to read as follows:

(1) A special account to be known as the state route number 520 civil penalties account is created in the state treasury. All state route number 520 bridge replacement and HOV program civil penalties generated from the nonpayment of tolls on the state route number 520 corridor must be deposited into the account, as provided under RCW 47.56.870(4)(b)(vii). Moneys in the account may be spent only after appropriation. Expenditures from the account may be used to fund any project within the state route number 520 bridge replacement and HOV program, including mitigation.

(2) This section is contingent on the enactment by June 30, 2010, of either chapter . . . (Engrossed Substitute Senate Bill No. 6499), Laws of 2010 or chapter . . . (Substitute House Bill No. 2897), Laws of 2010, but if the enacted bill does not designate the department as the toll penalty adjudicating agency, this section is null and void."

Regarding water right processing improvements.

### MOTION

On motion of Senator Rockefeller, Second Substitute Senate Bill No. 6267 was substituted for Senate Bill No. 6267 and the second substitute bill was placed on the second reading and read the second time.

### MOTION

Senator Rockefeller moved that the following striking amendment by Senator Rockefeller be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** Water is an essential element for economic prosperity and it generates new, family-wage jobs and state revenues. It is the intent of the legislature to provide both the water right applicants and the department of ecology with the necessary tools to expedite the processing of water right applications depending on the needs of the project and agency workload.

**NEW SECTION. Sec. 2.** Sufficient resources to support the department of ecology's water resource program are essential for effective and sustainable water management that provides certainty to processed applications. The department of ecology shall review current water resource functions and report to the legislature and the governor by September 1, 2010, on improvements to make the program more self-sustaining and efficient.

**Sec. 3.** RCW 90.03.265 and 2003 c 70 s 6 are each amended to read as follows:

(1)(a) Any applicant for a new withdrawal or a change, transfer, or amendment of a water right pending before the department((;)) may initiate a cost-reimbursement agreement with the department to provide expedited review of the application. A cost-reimbursement agreement may ((only)) be initiated under this section if the applicant agrees to pay for, or as part of a cooperative effort agrees to pay for, the cost of processing his or her application and all other applications from the same source of supply which must be acted upon before the applicant's request because they were filed prior to the date of when the applicant filed.

(b) The requirement to pay for the cost of other applications under (a) of this subsection does not apply to an application for a new appropriation that would not diminish the water available to earlier pending applicants for new appropriations from the same source of supply.

(c) The requirement to pay for the cost of processing other applications under (a) of this subsection does not apply to an application for a change, transfer, or other amendment that would not diminish the water available to earlier pending applicants for

changes or transfers from the same source of supply.

(d) In determining whether an application would not diminish the water available to earlier pending applicants, the department shall consider any water impoundment or other water resource management mitigation technique proposed by the applicant under RCW 90.03.255 or 90.44.055.

(e) The department may enter into cost-reimbursement agreements provided resources are available and shall use the process established under RCW 43.21A.690 for entering into cost-reimbursement agreements. The department's share of work related to a cost-reimbursement application, such as final certificate approval, must be prioritized within the framework of other water right processing needs and as determined by agency rule.

(f) Each individual applicant is responsible for his or her own appeal costs that may result from a water right decision made by the department. In the event that the department's approval of an application is appealed under chapter 43.21B RCW by a third party, the applicant for the water right in question must reimburse the department for the cost of defending the decision before the pollution control hearings board unless otherwise agreed to by the applicant and the department. If an applicant appeals either an approval or a denial by the department, the applicant is responsible only for its own appeal costs.

(2) In pursuing a cost-reimbursement project, the department must determine the source of water proposed to be diverted or withdrawn from, including the boundaries of the area that delimits the source. The department must determine if any other water right permit applications are pending from the same source. A water source may include surface water only, groundwater only, or surface and groundwater together if the department finds they are hydraulically connected. The department shall consider technical information submitted by the applicant in making its determinations under this subsection. The department may recover from a cost-reimbursement applicant its own costs in making the same source determination under this subsection.

(3) Upon request of the applicant seeking cost-reimbursement processing, the department may elect to initiate a coordinated cost-reimbursement process. To initiate this process, the department must notify in writing all persons who have pending applications on file for a new appropriation, change, transfer, or amendment of a water right from that water source. A water source may include surface water only, groundwater only, or surface and groundwater together if the department determines that they are hydraulically connected. The notice must be made by way of mail and by publication in a newspaper of general circulation in the area where affected properties are located. The notice must:

(a) Inform those applicants that cost-reimbursement processing of applications within the described water source is being initiated;

(b) Provide to individual applicants the criteria under which the applications will be examined and determined;

(c) Provide to individual applicants the estimated cost for having an application processed;

(d) Provide an estimate of how long the cost-reimbursement process will take before an application is approved or denied; and

(e) Provide at least sixty days for the applicants to respond in writing regarding the applicant's decision to participate in the cost-reimbursement process.

(4) The applicant initiating cost-reimbursement request must pay for the cost of the determination under subsections (2) and (3) of this section and other costs necessary for the initial phase of cost-reimbursement processing. The cost for each applicant for conducting processing under a coordinated cost-reimbursement agreement must be based on the proportionate quantity of water requested by each applicant.

(5) For any cost-reimbursement process under this section, the

2010 REGULAR SESSION

applicant may select the consultant from the department's prequalified consultant's list or may be assigned a prequalified consultant by the department. The applicant may also use its own consultant at the discretion of the department if the consultant meets the requirements in subsection (6) of this section.

(6)(a) If the applicant proposes to use its own consultant for one or more of the work products or reports associated with the work generally performed under a cost-reimbursement agreement, and the department agrees to such use, all investigations, work products, technical reports and analysis, findings, and documentation undertaken by the consultant relating to the application, including preparation of a draft report of examination, is subject to the review, comment, modification, refusal, or approval of the department before being used in the department's decision-making process. At any point during the cost-reimbursement process, the department may request or accept technical information, data, and analysis from the applicant or the applicant's consultant to support the cost-reimbursement process or the department's decision on the application.

(b) The department is authorized to adopt rules or guidance providing: (i) Minimum qualifications and standards for the submission of such technical information; and (ii) technical information, scientific analysis, work product documentation, and report presentation standards that an applicant's consultant must meet.

(7) The department must provide notice to potential consultants of the opportunity to be considered for inclusion on the list of cost-reimbursement consultants to whom work assignments will be made. The department must competitively select an appropriate number of consultants who are qualified by training and experience to investigate and make recommendations on the disposition of water right applications. The consultant list must be renewed at least every six years, though the department may add qualified cost-reimbursement consultants to the list at any time. The department must enter a master contract with each consultant selected and thereafter make work assignments based on availability and qualifications.

(8) The department may remove any consultant from the consultant list for poor performance, malfeasance, or excessive complaints from cost-reimbursement participants. The department may interview any cost-reimbursement consultant to determine whether the person is qualified for this work, and must spot-check the work of consultants to ensure that the public is being competently served.

(9) When assigned or selected for an application or set of applications to investigate, the consultant must document its findings and recommended disposition in the form of written draft reports of examination. Within two weeks of the department receiving the draft reports of examination, an applicant may provide comments to the department on the contents of the report. The department may modify the reports of examination submitted by the consultant. The department's decision on a permit application is final unless it is appealed to the pollution control hearings board under chapter 43.21B RCW.

(10) The department must provide the applicant the opportunity to review and comment on the consultant's findings, technical reports, and preliminary draft reports of examination prior to the completion of final documents by the consultant. The department must consider such comments by the applicant prior to the department's issuance of a draft report of examination.

(11) If an applicant elects not to participate in a cost-reimbursement process, the application remains on file with the department, retains its priority date, and may be processed in the future under regular processing, expedited processing, or through cost-reimbursement.

**NEW SECTION. Sec. 4.** A new section is added to chapter 90.03 RCW to read as follows:

The water rights processing account is created in the state treasury. All receipts from the fees collected under sections 5 and 12 of this act must be deposited into the account. Money in the account may be spent only after appropriation. Expenditures from the account may only be used to support the processing of water right applications for a new appropriation, change, transfer, or amendment of a water right or for the examination, certification, and renewal of certification of water right examiners as provided in this chapter and chapters 90.42 and 90.44 RCW.

**NEW SECTION. Sec. 5.** A new section is added to chapter 90.03 RCW to read as follows:

(1) The department may expedite processing of applications within the same source of water on its own volition when there is interest from a sufficient number of applicants or upon receipt of written requests from at least ten percent of the applicants within the same source of water.

(2) If the conditions of subsection (1) of this section have been met and the department determines that the public interest is best served by expediting applications within a water source, the department must notify in writing all persons who have pending applications on file for a new appropriation, change, transfer, or amendment of a water right from that water source. A water source may include surface water only, groundwater only, or surface and groundwater together if the department determines that they are hydraulically connected. The notice must be made by way of mail and by publication in a newspaper of general circulation in the area where affected properties are located. The notice must:

(a) Inform those applicants that expedited processing of applications with the described water source is being initiated;

(b) Provide to individual applicants the criteria under which the applications will be examined and determined;

(c) Provide to individual applicants the estimated cost for having an application processed on an expedited basis;

(d) Provide an estimate of how long the expedited process will take before an application is approved or denied; and

(e) Provide at least sixty days for the applicants to respond in writing regarding the applicant's decision to participate in the expedited processing of their applications.

(3) In addition to the application fees provided in RCW 90.03.470, the department must recover the full cost of processing all the applications from applicants who elect to participate within the water source through expedited processing fees. The department must calculate an expedited processing fee based primarily on the proportionate quantity of water requested by each applicant and may adjust the fee if it appears that the application will require a disproportionately greater amount of time and effort to process due to its complexity. Any application fees that were paid by the applicant under RCW 90.03.470 must be credited against the applicant's share of the cost of processing applications under the provisions of this section.

(4) The expedited processing fee must be collected by the department prior to the expedited processing of an application. An applicant who has stated in writing that he or she wants his or her application processed using the expedited procedures in this section must transmit the processing fee within sixty days of the written request. Failure to do so will result in the applicant not being included in expedited processing for that water source.

(5) If an applicant elects not to participate in expedited processing, the application remains on file with the department, the applicant retains his or her priority date, and the application may be processed in the future through regular processing, expedited processing, coordinated cost-reimbursement processing, or cost-reimbursement. Such an application may not be processed

THIRTY SEVENTH DAY, FEBRUARY 16, 2010

through expedited processing within twelve months after the department's issuance of decisions on participating applications at the conclusion of expedited processing unless the applicant agrees to pay the full proportionate share that would otherwise have been paid during such processing. Any proceeds collected from an applicant under this delayed entry into expedited processing may be used to reimburse the other applicants who participated in the previous expedited processing of applications.

**NEW SECTION. Sec. 6.** A new section is added to chapter 90.03 RCW to read as follows:

The department must provide electronic notice and opportunity for comment to affected federally recognized tribal governments concurrently when providing notice to applicants under RCW 90.03.265 and sections 5 and 12 of this act.

**NEW SECTION. Sec. 7.** A new section is added to chapter 90.03 RCW to read as follows:

(1) The department shall establish and maintain a list of certified water right examiners. Certified water right examiners on the list are eligible to perform final proof examinations of permitted water uses leading to the issuance of a water right certificate under RCW 90.03.330. The list must be updated annually and must be made available to the public through written and electronic media.

(2) In order to qualify, an individual must be registered in Washington as a professional engineer, professional land surveyor, or registered hydrogeologist, or an individual must demonstrate at least five years of applicable experience to the department, or be a board member of a water conservancy board. Qualified individuals must also pass a written examination prior to being certified by the department. Such an examination must be administered by either the department or an entity formally approved by the department. Each certified water right examiner must demonstrate knowledge and competency regarding:

- (a) Water law in the state of Washington;
- (b) Measurement of the flow of water through open channels and enclosed pipes;
- (c) Water use and water level reporting;
- (d) Estimation of the capacity of reservoirs and ponds;
- (e) Irrigation crop water requirements;
- (f) Aerial photo interpretation;
- (g) Legal descriptions of land parcels;
- (h) Location of land and water infrastructure through the use of maps and global positioning;
- (i) Proper construction and sealing of well bores; and
- (j) Other topics related to the preparation and certification of water rights in Washington state.

(3) Except as provided in subsection (9) of this section, upon completion of a water appropriation and putting water to beneficial use, in order to receive a final water right certificate, the permit holder must secure the services of a certified water right examiner who has been tested and certified by the department. The examiner shall carry out a final examination of the project to verify its completion and to determine and document for the permit holder and the department the amount of water that has been appropriated for beneficial use, the location of diversion or withdrawal and conveyance facilities, and the actual place of use. The examiner shall take measurements or make estimates of the maximum diversion or withdrawal, the capacity of water storage facilities, the acreage irrigated, the type and number of residences served, the type and number of stock watered, and other information relevant to making a final determination of the amount of water beneficially used. The examiner shall make photographs of the facilities to document the use or uses of water and the photographs must be submitted with the examiner's report to the department. The department shall specify the format and required content of the reports and may provide a form for that purpose.

(4) The department may suspend or revoke a certification based on poor performance, malfeasance, failure to acquire continuing education credits, or excessive complaints from the examiner's customers. The department may require the retesting of an examiner. The department may interview any examiner to determine whether the person is qualified for this work. The department shall spot-check the work of examiners to ensure that the public is being competently served. Any person aggrieved by an order of the department including the granting, denial, revocation, or suspension of a certificate issued by the department under this chapter may appeal pursuant to chapter 43.21B RCW.

(5) The decision regarding whether to issue a final water right certificate is solely the responsibility and function of the department.

(6) The department shall make its final decision under RCW 90.03.330 within sixty days of the date of receipt of the proof of examination from the certified water right examiner, unless otherwise requested by the applicant.

(7) Each certified water right examiner must complete eight hours annually of qualifying continuing education in the water resources field. The department shall determine and specify the qualifying continuing education and shall inform examiners of the opportunities. The department shall track whether examiners are current in their continuing education and may suspend the certification of an examiner who has not complied with the continuing education requirement.

(8) Each certified water right examiner must be bonded for at least fifty thousand dollars.

(9) The department may waive the requirement to secure the services of a certified water right examiner in situations in which the department deems it unnecessary for purposes of issuing a certificate of water right.

(10) The department shall establish and collect fees for the examination, certification, and renewal of certification of water right examiners. Revenue collected from these fees must be deposited into the water rights processing account created in section 4 of this act. Pursuant to RCW 43.135.055, the department is authorized to set fees for examination, certification, and renewal of certification for water right examiners.

(11) The department may adopt rules appropriate to carry out the purposes of this section.

**Sec. 8.** RCW 90.14.065 and 1987 c 93 s 1 are each amended to read as follows:

(1)(a) Any person or entity, or successor to such person or entity, having a statement of claim on file with the water rights claims registry ~~((on April 20, 1987,))~~ may submit to the department of ecology for filing ~~((;))~~ an amendment to such a statement of claim if the submitted amendment is based on:

~~((4))~~ (i) An error in estimation of the quantity of the applicant's water claim prescribed in RCW 90.14.051 if the applicant provides reasons for the failure to claim such right in the original claim;

~~((2))~~ (ii) A change in circumstances not foreseeable at the time the original claim was filed, if such change in circumstances relates only to the manner of transportation or diversion of the water and not to the use or quantity of such water; or

~~((3))~~ (iii) The amendment is ministerial in nature.

(b) The department shall accept any such submission and file the same in the registry unless the department by written determination concludes that the requirements of (a)(i), (ii), or (iii) of this subsection ~~((4), (2), or (3) of this section))~~ have not been satisfied.

(2) In addition to subsection (1) of this section, a surface water right claim may be changed or transferred in the same manner as a permit or certificate under RCW 90.03.380, and a water right claim for groundwater may be changed or transferred as provided under RCW 90.03.380 and 90.44.100.

(3) Any person aggrieved by a determination of the department

THIRTY SEVENTH DAY, FEBRUARY 16, 2010

2010 REGULAR SESSION

may obtain a review thereof by filing a petition for review with the pollution control hearings board within thirty days of the date of the determination by the department. The provisions of RCW 90.14.081 shall apply to any amendment filed or approved under this section.

**Sec. 9.** RCW 90.44.100 and 2009 c 183 s 16 are each amended to read as follows:

(1) After an application to, and upon the issuance by the department of an amendment to the appropriate permit or certificate of groundwater right, the holder of a valid right to withdraw public groundwaters may, without losing the holder's priority of right, construct wells or other means of withdrawal at a new location in substitution for or in addition to those at the original location, or the holder may change the manner or the place of use of the water.

(2) An amendment to construct replacement or a new additional well or wells at a location outside of the location of the original well or wells or to change the manner or place of use of the water shall be issued only after publication of notice of the application and findings as prescribed in the case of an original application. Such amendment shall be issued by the department only on the conditions that: (a) The additional or replacement well or wells shall tap the same body of public groundwater as the original well or wells; (b) where a replacement well or wells is approved, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (c) where an additional well or wells is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original permit or certificate; and (d) other existing rights shall not be impaired. The department may specify an approved manner of construction and shall require a showing of compliance with the terms of the amendment, as provided in RCW 90.44.080 in the case of an original permit.

(3) The construction of a replacement or new additional well or wells at the location of the original well or wells shall be allowed without application to the department for an amendment. However, the following apply to such a replacement or new additional well: (a) The well shall tap the same body of public groundwater as the original well or wells; (b) if a replacement well is constructed, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (c) if a new additional well is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original water use permit or certificate; (d) the construction and use of the well shall not interfere with or impair water rights with an earlier date of priority than the water right or rights for the original well or wells; (e) the replacement or additional well shall be located no closer than the original well to a well it might interfere with; (f) the department may specify an approved manner of construction of the well; and (g) the department shall require a showing of compliance with the conditions of this subsection (3).

(4) As used in this section, the "location of the original well or wells" of a water right permit or certificate is the area described as the point of withdrawal in the original public notice published for the application for the water right for the well. The location of the original well or wells of a water right claim filed under chapter 90.14 RCW is the area located within a one-quarter mile radius of the current well or wells.

(5) The development and use of a small irrigation impoundment, as defined in RCW 90.03.370(8), does not constitute a change or amendment for the purposes of this section. The exemption expressly provided by this subsection shall not be

construed as requiring an amendment of any existing water right to enable the holder of the right to store water governed by the right.

(6) This section does not apply to a water right involved in an approved local water plan created under RCW 90.92.090 or a banked water right under RCW 90.92.070.

**Sec. 10.** RCW 90.44.100 and 2003 c 329 s 3 are each amended to read as follows:

(1) After an application to, and upon the issuance by the department of an amendment to the appropriate permit or certificate of groundwater right, the holder of a valid right to withdraw public groundwaters may, without losing the holder's priority of right, construct wells or other means of withdrawal at a new location in substitution for or in addition to those at the original location, or the holder may change the manner or the place of use of the water.

(2) An amendment to construct replacement or a new additional well or wells at a location outside of the location of the original well or wells or to change the manner or place of use of the water shall be issued only after publication of notice of the application and findings as prescribed in the case of an original application. Such amendment shall be issued by the department only on the conditions that: (a) The additional or replacement well or wells shall tap the same body of public groundwater as the original well or wells; (b) where a replacement well or wells is approved, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (c) where an additional well or wells is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original permit or certificate; and (d) other existing rights shall not be impaired. The department may specify an approved manner of construction and shall require a showing of compliance with the terms of the amendment, as provided in RCW 90.44.080 in the case of an original permit.

(3) The construction of a replacement or new additional well or wells at the location of the original well or wells shall be allowed without application to the department for an amendment. However, the following apply to such a replacement or new additional well: (a) The well shall tap the same body of public groundwater as the original well or wells; (b) if a replacement well is constructed, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (c) if a new additional well is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original water use permit or certificate; (d) the construction and use of the well shall not interfere with or impair water rights with an earlier date of priority than the water right or rights for the original well or wells; (e) the replacement or additional well shall be located no closer than the original well to a well it might interfere with; (f) the department may specify an approved manner of construction of the well; and (g) the department shall require a showing of compliance with the conditions of this subsection (3).

(4) As used in this section, the "location of the original well or wells" of a water right permit or certificate is the area described as the point of withdrawal in the original public notice published for the application for the water right for the well. The location of the original well or wells of a water right claim filed under chapter 90.14 RCW is the area located within a one-quarter mile radius of the current well or wells.

(5) The development and use of a small irrigation impoundment, as defined in RCW 90.03.370(8), does not constitute a change or amendment for the purposes of this section. The exemption expressly provided by this subsection shall not be

construed as requiring an amendment of any existing water right to enable the holder of the right to store water governed by the right.

**NEW SECTION. Sec. 11.** A new section is added to chapter 90.44 RCW to read as follows:

Applications to appropriate groundwater under a cost-reimbursement agreement must be processed in accordance with RCW 90.03.265 when an applicant requests the assignment of a cost-reimbursement consultant as provided in RCW 43.21A.690.

**NEW SECTION. Sec. 12.** A new section is added to chapter 90.44 RCW to read as follows:

(1) The department may expedite processing of applications within the same source of water on its own volition when there is interest from a sufficient number of applicants or upon receipt of written requests from at least ten percent of the applicants within the same source of water.

(2) If the conditions of subsection (1) of this section have been met and the department determines that the public interest is best served by expediting applications within a water source, the department must notify in writing all persons who have pending applications on file for a new appropriation, change, transfer, or amendment of a water right from that water source. A water source may include surface water only, groundwater only, or surface and groundwater together if the department determines that they are hydraulically connected. The notice must be made by way of mail and by publication in a newspaper of general circulation in the area where affected properties are located. The notice must:

(a) Inform those applicants that expedited processing of applications with the described water source is being initiated;

(b) Provide to individual applicants the criteria under which the applications will be examined and determined;

(c) Provide to individual applicants the estimated cost for having an application processed on an expedited basis;

(d) Provide an estimate of how long the expedited process will take before an application is approved or denied; and

(e) Provide at least sixty days for the applicants to respond in writing regarding the applicant's decision to participate in expedited processing of their applications.

(3) In addition to the application fees provided in RCW 90.03.470, the department must recover the full cost of processing all the applications from applicants who elect to participate within the water source through expedited processing fees. The department must calculate an expedited processing fee based primarily on the proportionate quantity of water requested by each applicant and may adjust the fee if it appears that the application will require a disproportionately greater amount of time and effort to process due to its complexity. Any application fees that were paid by the applicant under RCW 90.03.470 must be credited against the applicant's share of the cost of processing applications under the provisions of this section.

(4) The expedited processing fee must be collected by the department prior to the expedited processing of an application. An applicant who has stated in writing that he or she wants his or her application processed using the expedited procedures in this section must transmit the processing fee within sixty days of the written request. Failure to do so will result in the applicant not being included in expedited processing for that water source.

(5) If an applicant elects not to participate in expedited processing, the application remains on file with the department, the applicant retains his or her priority date, and the application may be processed in the future through regular processing, expedited processing, coordinated cost-reimbursement processing, or cost-reimbursement. Such an application may not be processed through expedited processing within twelve months after the department's issuance of decisions on participating applications at the conclusion of expedited processing unless the applicant agrees to

pay the full proportionate share that would otherwise have been paid during such processing. Any proceeds collected from an applicant under this delayed entry into expedited processing may be used to reimburse the other applicants who participated in the previous expedited processing of applications.

**NEW SECTION. Sec. 13.** Section 9 of this act expires June 30, 2019.

**NEW SECTION. Sec. 14.** Section 10 of this act takes effect June 30, 2019.

**NEW SECTION. Sec. 15.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

SECOND READING

SENATE BILL NO. 6261, by Senators Marr, Schoesler, Berkey, Zarelli and Hobbs

Addressing utility services collections against rental property.

The measure was read the second time.

MOTION

On motion of Senator Marr, Substitute Senate Bill No. 6261 was not substituted for Senate Bill No. 6261 and the substitute bill was not adopted.

MOTION

Senator Marr moved that the following striking amendment by Senator Marr and others be adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 35.21.217 and 1998 c 285 s 1 are each amended to read as follows:

(1) Prior to furnishing utility services, a city or town may require a deposit to guarantee payment for services. However, failure to require a deposit does not affect the validity of any lien authorized by RCW 35.21.290 or 35.67.200. A city or town may determine how to apply partial payments on past due accounts.

(2) A city or town may provide a real property owner or the owner's designee with duplicates of tenant utility service bills, or may notify an owner or the owner's designee that a tenant's utility account is delinquent. However, if an owner or the owner's designee notifies the city or town in writing that a property served by the city or town is a rental property, asks to be notified of a tenant's delinquency, and has provided, in writing, a complete and accurate mailing address, the city or town shall notify the owner or the owner's designee of a tenant's delinquency at the same time and in the same manner the city or town notifies the tenant of the tenant's delinquency or by mail, and the city or town is prohibited from collecting from the owner or the owner's designee any charges for electric light or power services more than four months past due. When a city or town provides a real property owner or the owner's designee with duplicates of tenant utility service bills or notice that a tenant's utility account is delinquent, the city or town shall notify the tenant that it is providing the duplicate bills or delinquency notice to the owner or the owner's designee.

(3) After ~~(January 1, 1999)~~ August 1, 2010, if a city or town fails to notify the owner of a tenant's delinquency after receiving a written request to do so and after receiving the other information required by this subsection, the city or town shall have no lien against the premises for the tenant's delinquent and unpaid charges and is prohibited from collecting the tenant's delinquent and unpaid charges for electric light or power services from the owner or the owner's designee.

(4) When a utility account is in a tenant's name, the owner or the owner's designee shall notify the city or town in writing within fourteen days of the termination of the rental agreement and vacation of the premises. If the owner or the owner's designee fails

to provide this notice, a city or town providing electric light or power services is not limited to collecting only up to four months of a tenant's delinquent charges from the owner or the owner's designee, provided that the city or town has complied with the notification requirements of subsection (3) of this section.

(5) Before disconnecting utility services, a city or town shall determine whether the property served is rental property and if so, whether the customer of record is the real property owner or a tenant. When the city or town has reasonable grounds to believe that the property served is rental property and the customer of record is the real property owner and not the tenant, the city or town shall undertake reasonable efforts to inform the tenant of the impending disconnection at the same time and in the same manner that it notifies the customer of record. This notice must inform the tenant that, upon request, the city or town shall delay the disconnection of services for ten business days to give the tenant an opportunity to resolve the delinquency or dispute with his or her landlord or to arrange for continued service by opening his or her own utility service account. A city or town shall provide utility services to a tenant on the same terms and conditions as other utility customers, without requiring that he or she pay delinquent amounts for services previously provided to the rental property and owed by the landlord or a previous tenant.

**Sec. 2.** RCW 35.21.290 and 1965 c 7 s 35.21.290 are each amended to read as follows:

Except as provided in RCW 35.21.217(4), cities and towns owning their own waterworks, or electric light or power plants shall have a lien against the premises to which water, electric light, or power services were furnished for four months charges therefor due or to become due, but not for any charges more than four months past due(~~(: PROVIDED, That the owner of the premises or the owner of a delinquent mortgage thereon may give written notice to the superintendent or other head of such works or plant to cut off service to such premises accompanied by payment or tender of payment of the then delinquent and unpaid charges for such service against the premises together with the cut off charge, whereupon the city or town shall have no lien against the premises for charges for such service thereafter furnished, nor shall the owner of the premises or the owner of a delinquent mortgage thereon be held for the payment thereof).~~)"

Payment of delinquent amounts due on the owner's utility account at the time of such notice shall be paid by the owner of the rental property and the tenant shall not be required to pay the same"

RULING BY THE PRESIDENT

President Owen: "In ruling on the inquiry raised by Senator Benton as to the application of Initiative Number 960 to Engrossed Substitute Senate Bill 5912, the President finds and rules as follows:

At issue is the imposition of a three-dollar fee on certain court filings, the proceeds of which will be used to publicly fund Supreme Court campaigns. While this measure's goal of enhancing the integrity of our Supreme Court is laudable, the President believes that this purpose is of overall benefit to society at large. While a filing charge paying for a judicial

purpose—such as the daily functioning of the courts—would very likely be a fee, paying for campaigns seems only remotely connected with the operations of the courts. It is possible, for example, that a candidate who benefits from the fee by having his or her campaign paid for with public funds would not prevail in the election, never even serving on the bench. This broader social purpose of publicly-funded campaigns, arguably of great benefit to the general public, is not sufficiently connected to the fee and those paying it. The nexus between those paying and the benefit is too indirect, and thus this charge is more properly considered a tax under the provisions of I-960.

For these reasons, this measure will need a two-thirds vote of this body for final passage.

With permission of the Senate, business was suspended to allow Daffodil Queen Stephanie Clark to address the Senate.

REMARKS BY MISS STEPHANIE CLARK

Stephanie Clark: "Hello, my name is Stephanie Clark and I'm the Princess from Puyallup High School. I would just like to say thank you so much for having us here today. It is an incredible honor and a privilege that we've all been looking forward to. You all welcomed us so graciously this morning. Those words were all very kind and we're all extremely excited to be here. Like it has been said, this is the Daffodil Festival's seventy-seventh spring this year and we are celebrating the 'Carousel of Spring.' The daffodil was introduced into Puyallup and Sumner in the early 1920's and the Valley has shown brighter every day since. Some important days that we have coming on our calendars this year is the spaghetti feed at Puyallup High School on February 26, Daffodil Days at the South Hill Mall on February 27 & 28. The Queen's coronation on March 12 at Four Square Church in Puyallup and then of course the Grand Floral Parade on April 10 which goes through Tacoma, Puyallup, Sumner and Orting. Again, I'd like to thank everybody for having us today, especially Senator Kastama and his aides for organizing and this visit so wonderfully for us. Thank you."

INTRODUCTION OF SPECIAL GUESTS

The President welcomed and introduced representatives of the Daffodil Festival, Daffodil Festival President Karen Baskett; Vice President of Royalty Kathi Baldwin; Queen Mother Kimberly James and Daffodil Festival Officers and the royalty chaperones who were seated in the gallery.

INTRODUCTION OF SPECIAL GUESTS

The President welcomed a group of home school students from Bainbridge Island led by Rebecca Rockefeller, daughter of Senator Rockefeller, who were seated in the gallery.

PERSONAL PRIVILEGE

Senator McDermott: "Thank you Mr. President. I'd like to observe that today is the anniversary of the signing of Executive Order 9066 by Franklin Delano Roosevelt that interned many Americans, particularly Japanese ancestry that we were aware of in our region. German and Italian Americans as well following the outbreak of World War II and America's entrance into it. We need to observe it because it was a time when actually American citizens were interned within our own country, our own borders, for perceived threats to our nation. In fact, the FBI director argued against it believing that true threats had already been captured long before the Executive Order was signed. In a day when we had many young women here who we hope have great roles to achieve in their lives, professionally and personally, I think it's important to recognize that in fact the first lady, Eleanor Roosevelt, had spoken to her husband the President on numerous occasions persuading him not to sign it. Unfortunately he did and I think particularly with people from Bainbridge Island observing

WHEREAS, Washington State is blessed with the majestic and impressive Cascade Mountains and Olympic Mountains, and these natural features help define Washington's character and are a part of its heritage; and

WHEREAS, Ed Viesturs moved to Washington over three decades ago to live among the state's great peaks and began his climbing career as a guide on Mount Rainier, reaching its summit over 200 times; and

WHEREAS, Ed Viesturs has taken the skills and lessons he learned on the slopes of Washington's mountains to the world's highest mountain, summiting Mount Everest for the seventh time on May 19, 2009; and

WHEREAS, Ed Viesturs became the first American to reach the summits of all fourteen of the world's 8,000-meter mountains on Annapurna on May 12, 2005, and only the fifth person in the world to accomplish this amazing feat without bottled oxygen; and

WHEREAS, Ed Viesturs' actions have proven time and again that he lives by high ideals even in high places, adhering to his famous creed that reaching the summit is optional but coming home isn't, and sacrificing his own plans to come to the aid of stricken climbers; and

2010 REGULAR SESSION

WHEREAS, Ed Viesturs shares his experiences with organizations and audiences around this state and around the world, inspiring others to strive for more and emphasizing that there is truly no shortcut to the top and that planning and teamwork are the foundations of success;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State Senate commend Ed Viesturs for his outstanding accomplishments as America's most accomplished Himalayan climber and for his contributions to the sport of climbing, especially in safety and awareness, and for his dedication to promoting high ideals and excellence in his community; and

BE IT FURTHER RESOLVED, That copies of this resolution be immediately transmitted by the Secretary of the Senate to Ed Viesturs.

#### INTRODUCTION OF SPECIAL GUESTS

The President welcomed Mr. Ed Viesturs who was seated at the rostrum.

With permission of the Senate, business was suspended to allow Ed Viesturs to address the Senate.

#### REMARKS BY ED VIESTURS

Ed Viesturs: "Thank you. It's a true honor to here. You know, I'm so glad I moved over thirty years ago from the great mountaineering state of Illinois. But you know, what drew me here was I read the book 'Annapurna' which was described earlier and I was inspired by that story and it was basically about team work, adventure, camaraderie, you know trial and tribulation and I think based on my personality I thought that's something I wanted to do and I figured I had to go somewhere like this great state to learn about mountaineering because so many great mountaineers had started here, had come from here and I knew that. Three of my mentors and heroes are coincidentally here today. They were honoring Wolf Bauer earlier, Dee. Molenaar is in the audience as well who was on one of the first American K2 expeditions in 1953 and Lou Whittaker as well in the audience who was my boss on Mt. Rainier for many years and took me on first successful eight thousand meter expedition in Kangchenjunga in 1989 and you know, when I came out to climb I knew I would have to have teachers and mentors and learn the basics, climb the small mountains before I went to the bigger mountains and thank you and I had such great teachers and mentors and leaders. You know, in the mountains we say that we follow in the footsteps of others and that's true. Literally and figuratively, you know I, people that went ahead of us that broke the trail that broke those mental and physiological barriers of climbing very high, that's what I was able to use to climb these mountains as well. When we're working as a team in the mountains we do literally do break the trail for each other. So, there is a tremendous amount of team work involved, you know, hopefully the people that you go with are your friends because if you don't like them at sea level you're not going to like them at twenty-six thousand feet. There's that implicit trust as well and for me when I went to climb these mountains it was all about the journey and the process and it was a struggle and I spent eighteen years of my life you know climbing the fourteen eight thousand meter peaks but when I sat on the summit of the Annapurna at the end of that it was for me that literal dream come true moment. I

If the conviction was under subsection (1)(a) or (b) of this section and the court recommends against the extension and the convicted person has obtained a valid driver's license, the period of suspension or revocation shall not be extended.

**Sec. 5.** RCW 46.63.110 and 2009 c 479 s 39 are each amended to read as follows:

(1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is two hundred fifty dollars for each offense; (b) RCW 46.61.210(1) is five hundred dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter it is immediately payable. If the court determines, in its discretion, that a person is not able to pay a monetary obligation in full, and not more than one year has passed since the later of July 1, 2005, or the date the monetary obligation initially became due and payable, the court shall enter into a payment plan with the person, unless the person has previously been granted a payment plan with respect to the same monetary obligation, or unless the person is in noncompliance of any existing or prior payment plan, in which case the court may, at its discretion, implement a payment plan. If the court has notified the department that the person has failed to pay or comply and the person has subsequently entered into a payment plan and made an initial payment, the court shall notify the department that the infraction has been adjudicated, and the department shall rescind any suspension of the person's driver's license or driver's privilege based on failure to respond to that infraction. "Payment plan," as used in this section, means a plan that requires reasonable

FORTY EIGHTH DAY, FEBRUARY 27, 2010

payments based on the financial ability of the person to pay. The person may voluntarily pay an amount at any time in addition to the payments required under the payment plan.

(a) If a payment required to be made under the payment plan is delinquent or the person fails to complete a community restitution program on or before the time established under the payment plan, unless the court determines good cause therefor and adjusts the payment plan or the community restitution plan accordingly, the court shall notify the department of the person's failure to meet the conditions of the plan, and the department shall suspend the person's driver's license or driving privilege until all monetary obligations, including those imposed under subsections (3) and (4) of this section, have been paid, and court authorized community restitution has been completed, or until the department has been notified that the court has entered into a new time payment or community restitution agreement with the person.

(b) If a person has not entered into a payment plan with the court and has not paid the monetary obligation in full on or before the time established for payment, the court shall notify the department of the delinquency. The department shall suspend the person's driver's license or driving privilege until all monetary obligations have been paid, including those imposed under subsections (3) and (4) of this section, or until the person has entered into a payment plan under this section.

(c) If the payment plan is to be administered by the court, the court may assess the person a reasonable administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee shall not exceed ten dollars per infraction or twenty-five dollars per payment plan, whichever is less.

(d) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan system. When outside entities are used for the administration of a payment plan, the court may assess the person a reasonable fee for such administrative services, which fee may be calculated on a periodic, percentage, or other basis.

(e) If a court authorized community restitution program for offenders is available in the jurisdiction, the court may allow conversion of all or part of the monetary obligations due under this section to court authorized community restitution in lieu of time payments if the person is unable to make reasonable time payments.

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed:

(a) A fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040;

(b) A fee of ten dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the Washington auto theft prevention authority account; and

(c) A fee of two dollars per infraction. Revenue from this fee shall be forwarded to the state treasurer for deposit in the traumatic brain injury account established in RCW 74.31.060.

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 or 46.61.212 shall be assessed an additional penalty of twenty dollars. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a court authorized community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this

subsection (8) by participation in the court authorized community restitution program.

(b) Eight dollars and fifty cents of the additional penalty under (a) of this subsection shall be remitted to the state treasurer. The remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited in the state general fund. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city current expense fund. Moneys retained by the city or county under this subsection shall constitute reimbursement for any liabilities under RCW 43.135.060.

(9) If a legal proceeding, such as garnishment, has commenced to collect any delinquent amount owed by the person for any penalty imposed by the court under this section, the court may, at its discretion, enter into a payment plan.

(10) The monetary penalty for violating RCW 46.37.395 is: (a) Two hundred fifty dollars for the first violation; (b) five hundred dollars for the second violation; and (c) seven hundred fifty dollars for each violation thereafter.

#### MOTION

Senator Kastama moved that the following committee striking amendment by the Committee on Economic Development, Trade & Innovation be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that:

(a) Washington's forest products industry plays a critical economic and environmental role in the state. The industry provides a wide range of services and goods both to Washingtonians and people around the world and is vital to the well-being and lifestyle of the people of the state of Washington; and

(b) It is in the best interest of the state to support and enhance the forest products industry.

(2) The legislature further finds that the state's forest practices are sustainably managed according to some of the most stringent riparian growing and harvest rules of any state in the nation or in the world, and that the state of Washington has received fifty-year assurances from the federal government that the state's forest practices satisfy the requirements of the federal endangered species act for aquatic species. As part of their environmental stewardship, forest landowners in Washington have repaired or removed nearly three thousand fish passage barriers, returned nearly twenty-five hundred miles of forest roads to their natural condition, and opened up nearly fifteen hundred miles of riparian salmonid habitat.

(3) The legislature further finds that Washington's forests naturally create habitat for fish and wildlife, clean water, and carbon storage; all environmental benefits that are lost when land is converted out of working forestry into another use. In recognition of forestry's benefits, the international panel on climate change has

FORTY EIGHTH DAY, FEBRUARY 27, 2010

2010 REGULAR SESSION

reported that a sustainable forest management strategy aimed at maintaining or increasing forest carbon stocks, while producing an annual sustained yield of timber, fiber, wood products, or energy from the forest, will generate the largest sustained carbon mitigation benefit.

(4) The legislature further finds that the forest products industry is a seventeen billion dollar industry, making it Washington's second largest manufacturing industry. The forest products industry alone provides nearly forty-five thousand direct jobs and one hundred sixty-two thousand indirect jobs, many located in rural areas.

(5) The legislature further finds that working forests help generate wealth through recreation and tourism, the retention and creation of green jobs, and through the production of wood products and energy, a finding supported by the United States secretary of agriculture.

**Sec. 2.** RCW 43.330.310 and 2008 c 14 s 9 are each amended to read as follows:

(1) The legislature establishes a comprehensive green economy jobs growth initiative based on the goal of, by 2020, increasing the number of green economy jobs to twenty-five thousand from the eight thousand four hundred green economy jobs the state had in 2004.

(2) The department, in consultation with the employment security department, the state workforce training and education coordinating board, the state board ~~((of for))~~ for community and technical colleges, and the higher education coordinating board, shall develop a defined list of terms, consistent with current workforce and economic development terms, associated with green economy industries and jobs.

(3)(a) The employment security department, in consultation with the department, the state workforce training and education coordinating board, the state board for community and technical colleges, the higher education coordinating board, Washington State University small business development center, and the Washington State University extension energy program, shall conduct labor market research to analyze the current labor market and projected job growth in the green economy, the current and projected recruitment and skill requirement of green economy industry employers, the wage and benefits ranges of jobs within green economy industries, and the education and training requirements of entry-level and incumbent workers in those industries.

(i) The employment security department shall conduct an analysis of occupations in the forest products industry to: (A) Determine key growth factors and employment projections in the industry; and (B) define the education and skill standards required for current and emerging green occupations in the industry.

(ii) The term "forest products industry" must be given a broad interpretation when implementing (a)(i) of this subsection and includes, but is not limited to, businesses that grow, manage, harvest, transport, and process forest, wood, and paper products.

(b) The University of Washington business and economic development center shall: Analyze the current opportunities for and participation in the green economy by minority and women-owned business enterprises in Washington; identify existing barriers to their successful participation in the green economy; and develop strategies with specific policy recommendations to improve their successful participation in the green economy. The research may be informed by the research of the Puget Sound regional council prosperity partnership, as well as other entities. The University of Washington business and economic development center shall report to the appropriate committees of the house of representatives and the senate on their research, analysis, and recommendations by December 1, 2008.

(4) Based on the findings from subsection (3) of this section, the employment security department, in consultation with the

department and taking into account the requirements and goals of chapter 14, Laws of 2008 and other state clean energy and energy efficiency policies, shall propose which industries will be considered high-demand green industries, based on current and projected job creation and their strategic importance to the development of the state's green economy. The employment security department and the department shall take into account which jobs within green economy industries will be considered high-wage occupations and occupations that are part of career pathways to the same, based on family-sustaining wage and benefits ranges. These designations, and the results of the employment security department's broader labor market research, shall inform the planning and strategic direction of the department, the state workforce training and education coordinating board, the state board for community and technical colleges, and the higher education coordinating board.

(5) The department shall identify emerging technologies and innovations that are likely to contribute to advancements in the green economy, including the activities in designated innovation partnership zones established in RCW 43.330.270.

(6) The department, consistent with the priorities established by the state economic development commission, shall:

(a) Develop targeting criteria for existing investments, and make recommendations for new or expanded financial incentives and comprehensive strategies, to recruit, retain, and expand green economy industries and small businesses; and

(b) Make recommendations for new or expanded financial incentives and comprehensive strategies to stimulate research and development of green technology and innovation, including designating innovation partnership zones linked to the green economy.

(8) The legislature directs the state workforce training and education coordinating board to create and pilot green industry skill panels. These panels shall consist of business representatives from: Green industry sectors ((related to clean energy)), including but not limited to forest product companies, companies engaged in energy efficiency and renewable energy production, companies engaged in pollution prevention, reduction, and mitigation, and companies engaged in green building work and green transportation; labor unions representing workers in those industries or labor affiliates administering state-approved, joint apprenticeship programs or labor-management partnership programs that train workers for these industries((:)); state and local veterans agencies((:)); employer associations((:)); educational institutions((:)); and local workforce development councils within the region that the panels propose to operate((:)); and other key stakeholders as determined by the applicant. Any of these stakeholder organizations are eligible to receive grants under this section and serve as the intermediary that convenes and leads the panel. Panel applicants must provide labor market and industry analysis that demonstrates high demand, or demand of strategic importance to the development of the state's clean energy economy as identified in this section, for high-wage occupations, or occupations that are part of career pathways to the same, within the relevant industry sector. The panel shall:

(b) Plan strategies to meet the recruitment and training needs of the industry and small businesses; and

(c) Leverage and align other public and private funding sources.

(9) The green industries jobs training account is created in the state treasury. Moneys from the account must be utilized to supplement the state opportunity grant program established under RCW 28B.50.271. All receipts from appropriations directed to the account must be deposited into the account. Expenditures from the account may be used only for the activities identified in this subsection. The state board for community and technical colleges, in consultation with the state workforce training and education coordinating board, informed by the research of the employment security department and the strategies developed in this section, may authorize expenditures from the account. (2) The benefit under this section shall be paid only when death occurs: (a) As a result of injuries sustained in the course of employment; or (b) as a result of an occupational disease or infection that arises naturally and proximately out of employment covered under this chapter. The determination of eligibility for the benefit shall be made consistent with Title 51 RCW by the department of labor and industries. The department of labor and industries shall notify the department of retirement systems by order under RCW 51.52.050.

(i) Produce a benefit which is lower than two hundred fourteen

thousand dollars;

- (ii) Exceed three percent in the initial annual adjustment; or
- (iii) Differ from the previous year's annual adjustment by more than three percent.

(c) For the purposes of this section, "index" means, for any calendar year, that year's average consumer price index -- Seattle, Washington area for urban wage earners and clerical workers, all items, compiled by the bureau of labor statistics, United States department of labor.

**Sec. 3.** RCW 51.32.050 and 2007 c 284 s 1 are each amended to read as follows:

(1) Where death results from the injury the expenses of burial not to exceed two hundred percent of the average monthly wage in the state as defined in RCW 51.08.018 shall be paid.

(2)(a) Where death results from the injury, a surviving spouse of a deceased worker eligible for benefits under this title shall receive monthly for life or until remarriage payments according to the following schedule:

- (i) If there are no children of the deceased worker, sixty percent of the wages of the deceased worker;
- (ii) If there is one child of the deceased worker and in the legal custody of such spouse, sixty-two percent of the wages of the deceased worker;
- (iii) If there are two children of the deceased worker and in the legal custody of such spouse, sixty-four percent of the wages of the deceased worker;
- (iv) If there are three children of the deceased worker and in the legal custody of such spouse, sixty-six percent of the wages of the deceased worker;
- (v) If there are four children of the deceased worker and in the legal custody of such spouse, sixty-eight percent of the wages of the deceased worker; or

The amount of such payments shall be five percent of the monthly benefits payable as a result of the worker's death for each such child but such payments shall not exceed twenty-five percent. Such payments on account of such child or children shall be subtracted from the amount to which such surviving spouse would have been entitled had such surviving spouse had legal custody of all of the children and the surviving spouse shall receive the remainder after such payments on account of such child or children have been subtracted. Such payments on account of a child or children not in the legal custody of such surviving spouse shall be apportioned equally among such children.

(c) Payments to the surviving spouse of the deceased worker shall cease at the end of the month in which remarriage occurs: PROVIDED, That a monthly payment shall be made to the child or children of the deceased worker from the month following such remarriage in a sum equal to five percent of the wages of the deceased worker for one child and a sum equal to five percent for each additional child up to a maximum of five such children. Payments to such child or children shall be apportioned equally among such children. Such sum shall be in place of any payments theretofore made for the benefit of or on account of any such child or children. If the surviving spouse does not have legal custody of any child or children of the deceased worker, or if after the death of the worker, legal custody of such child or children passes from such

surviving spouse to another, any payment on account of such child or children not in the legal custody of the surviving spouse shall be made to the person or persons having legal custody of such child or children.

(d) In no event shall the monthly payments provided in subsection (2) of this section:

However, if the monthly payment computed under this subsection (2)(d)(ii) is greater than one hundred percent of the wages of the deceased worker as determined under RCW 51.08.178, the monthly payment due to the surviving spouse shall be equal to the greater of the monthly wages of the deceased worker or the minimum benefit set forth in this section on June 30, 2008.

(e) In addition to the monthly payments provided for in subsection (2)(a) through (c) of this section, a surviving spouse or child or children of such worker if there is no surviving spouse, or dependent parent or parents, if there is no surviving spouse or child or children of any such deceased worker shall be forthwith paid a sum equal to one hundred percent of the average monthly wage in the state as defined in RCW 51.08.018, any such children, or parents to share and share alike in said sum.

(g) If the surviving spouse during the remarriage should die without having previously received the lump sum payment provided in subsection (2)(f)(i) of this section, his or her estate shall be entitled to receive the sum specified under subsection (2)(f)(i) of this section or fifty percent of the then remaining annuity value of his or her pension whichever is the lesser.

(h) The effective date of resumption of payments under subsection (2)(f)(ii) of this section to a surviving spouse based upon termination of a remarriage by death, annulment, or dissolution shall be the date of the death or the date the judicial decree of annulment or dissolution becomes final and when application for the payments has been received.

(i) If it should be necessary to increase the reserves in the reserve fund or to create a new pension reserve fund as a result of the amendments in chapter 45, Laws of 1975-'76 2nd ex. sess., the amount of such increase in pension reserve in any such case shall be transferred to the reserve fund from the supplemental pension fund.

(3) If there is a child or children and no surviving spouse of the deceased worker or the surviving spouse is not eligible for benefits under this title, a sum equal to thirty-five percent of the wages of the deceased worker shall be paid monthly for one child and a sum equivalent to fifteen percent of such wage shall be paid monthly for each additional child, the total of such sum to be divided among such children, share and share alike: PROVIDED, That benefits under this subsection or subsection (4) of this section shall not exceed the lesser of sixty-five percent of the wages of the deceased worker at the time of his or her death or the applicable percentage of the average monthly wage in the state as defined in RCW 51.08.018, as follows:

June 30, 1994	110%
June 30, 1995	115%
June 30, 1996	120%

(4) In the event a surviving spouse receiving monthly payments dies, the child or children of the deceased worker shall receive the same payment as provided in subsection (3) of this section.

(5) If the worker leaves no surviving spouse or child, but leaves a dependent or dependents, a monthly payment shall be made to each dependent equal to fifty percent of the average monthly support actually received by such dependent from the worker during the twelve months next preceding the occurrence of the injury, but the total payment to all dependents in any case shall not exceed the lesser of sixty-five percent of the wages of the deceased worker at the time of his or her death or the applicable percentage of the average monthly wage in the state as defined in RCW 51.08.018 as follows:

AFTER	PERCENTAGE

June 30, 1993	105%
June 30, 1994	110%
June 30, 1995	115%
June 30, 1996	120%

If any dependent is under the age of eighteen years at the time of the occurrence of the injury, the payment to such dependent shall cease when such dependent reaches the age of eighteen years except such payments shall continue until the dependent reaches age twenty-three while permanently enrolled at a full time course in an accredited school. The payment to any dependent shall cease if and when, under the same circumstances, the necessity creating the dependency would have ceased if the injury had not happened.

(6) For claims filed prior to July 1, 1986, if the injured worker dies during the period of permanent total disability, whatever the cause of death, leaving a surviving spouse, or child, or children, the surviving spouse or child or children shall receive benefits as if death resulted from the injury as provided in subsections (2) through (4) of this section. Upon remarriage or death of such surviving spouse, the payments to such child or children shall be made as provided in subsection (2) of this section when the surviving spouse of a deceased worker remarries.

(7) For claims filed on or after July 1, 1986, every worker who becomes eligible for permanent total disability benefits shall elect an option as provided in RCW 51.32.067.

Navy presented the Colors. Captain James Puttler, U. S. Navy offered the prayer.

The National Anthem was performed by Musician 3<sup>rd</sup> Class Sarah Reasner.

REMARKS BY THE PRESIDENT

President Owen: "Once again incredible job by the Navy and we owe them a great debt of gratitude. Thank you all very, very much."

INTRODUCTION OF SPECIAL GUESTS

The President introduced members of the U. S. Navy, Rear Admiral James Symonds, Commander, Navy Region Northwest; Rear Admiral Joseph Auicon, Commander, Carrier Strike Group 3; Rear Admiral Mark Guadagnini, Commander, Carrier Strike Group 9; Captain Gerral David, Commanding Officer, Naval Air Station Whidbey Island; Captain Mark Olson, Commanding Officer, Naval Base Kitsap (NBK); Captain Tom Mascolo, Commanding Officer, Naval Station Everett; Captain Gary Hetzel, Commanding Officer, NRNW Reserve Component Command; Captain James Dolan, Commanding Officer, Fleet Industrial Supply Center; Captain Mark Brouker, Commanding Officer, Naval Hospital Bremerton; Captain Steve Williamson, Puget Sound Naval Shipyard Business & Strategic Planning Officer; Captain Jorge Rios, Commanding Officer, Naval Facilities Engineering Command NW; Commander Mark Loose, Commanding Officer, Naval Magazine Indian Island; and Lieutenant Commander Erik Neal, Executive Officer, Naval Undersea Warfare Center, Keyport who were seated in the gallery.

PERSONAL PRIVILEGE

Senator Haugen: "Thank you Mr. President. Well, it is indeed an honor to stand on the floor and say how proud I am that I represent the Whidbey Island Naval Base. Many of the folks who serve in the Everett station that was in my legislative district. I don't know about the rest of you but when I saw those young men standing up there with the flag I thought about the Olympics and those heroes standing with the flag. Well, let me tell you these young men and women are champions every day for us and to me that really struck home. You know the Military, we think of them as just people who serve when they go to sea as the Navy, but the truth of the matter is they are good neighbors when they are in your communities. The volunteers from Whidbey Island Naval Base go up and down that Island working in their schools and their communities making huge, huge contributions. They're

there so many times when we don't realize the importance of having them here I know when they rescued the person from Mt. St. Helens, I was so proud to know it was a Navy helicopter from Whidbey Island who did that. I often look out my window and see the jets flying over and yes, some people do growl about the noise but it truly is a sound of freedom and we are privileged to have such a large contingency here in the state of Washington. The Military not only with the Navy but from all of them but I particularly like the Navy, I have five brothers, all served in the Military, four of them were Navy officers and 1 Navy men, and I really do think the Navy is the best branch. I just always liked the uniform. Thank you very much."

PERSONAL PRIVILEGE

Senator Rockefeller: "Thank you Mr. President. Well, I want to join the gentle lady who just spoke in expressing my admiration and appreciation to the United States Marines and United States Navy which are the key stone of some many things that happen in Kitsap County where I'm from. We are proud to claim the Puget Sound Naval Station, the facility of Bangor and the Keyport facility as well. They're part of our strategic assets but there also wonderful community assets. Every one of the enlisted personnel, the officers and the families and the civilian employees and all the retirees add up to a wonderful strong community. They make the quality of life here better here for all of us and in addition to that they serve our country in a magnificent way and the prayer mentioned they do it on land, on the sea, under the sea and abroad and at home and we are indeed indebted to you for protecting our community and our country every day. Thank you very much."

PERSONAL PRIVILEGE

Senator Benton: "Thank you Mr. President, I too rise to honor the young men and women of our armed forces but for many years I didn't know there was anything, any other armed force other than the Navy. You see, I grew up in a Navy family, my father joined the Navy as a Seaman First Class and when he retired after twenty-one years, he retired as a W01 (Warrant Officer First Class). He was lend leased to the British to outfit three British cruisers for the invasion of Normandy. And so we grew up hearing the stories about the Navy and that's really all he ever talked about. Of course, my oldest brother joined the Navy, flew A3s out of Whidbey and was a member of Gulf of Tonkin Yacht Club. It wasn't until he was shot down in Vietnam that we really came to love the Marines because after about seven hours on the ground a Marine helicopter came and took him out. You know after that he always thought those Marine guys were pretty ok. Prior to that they always had this little rivalry between the Navy and the Marines but after that Marine chopper came in and took him out off the ground he said those Marine boys were ok so our second favorite after that has always been the Marines but those a special place in our hearts and our family for the Navy and we thank you men and women of the Navy and the Marine Corps and all of our armed services for all the fine work they do around the world, making our country proud for everything that they do and everywhere that they go. So thank you very much. It's an honor to be here and honor you today."

PERSONAL PRIVILEGE

FIFTY FIRST DAY, MARCH 2, 2010

2010 REGULAR SESSION

Senator Kilmer: “Thank you Mr. President. I want to echo the remarks of my good colleague from Kitsap County. He is right that the presence of the Navy in our county makes our county stronger and better. But that’s not the only place where the presence of the Navy and its members provide us with greater strength, they’re doing so in the Middle East, in Afghanistan and in Iraq. The Navy is in Haiti and in Chile providing security and humanitarian efforts as we speak. Regardless where they are serving, them and their families sacrifice on our behalf’s and I think we owe them a true debt of gratitude. Their presence today is not only an opportunity to say thank you but it’s also a reminder of the role that we all as citizens need to play in supporting them. In 1961 President Kennedy said, ‘The strength of our armed forces rest not alone upon their active and reserve members or industrial productivity and human resources but also upon the understanding and support of an informed American people.’ That’s why their presence is so important today and that’s why I think we all owe them a thank you. Thank you Mr. President.”

## PERSONAL PRIVILEGE

Senator Sheldon: “Thank you Mr. President. It’s been a pleasure to represent a large part of Kitsap over the years. I started to think back some of the great memories that I’ve had, to visit Keyport for example and go out on the USS Ohio, one of our first nuclear submarines and actually go under the water in Hood Canal. What an experience that was to see the young people that were running that boat. It was amazing. A chance and a long forgotten memory now for us when the USS Missouri was docked there to go down with you, Mr. President, as well to go aboard the Missouri and get a taste of history, real history of World War II. I guess the best memory I have and it’s about a colleague that we had that would be sitting up towards the front there. Senator Bob Oke when the Senate asked myself and Senator Oke to go to Bremerton and welcome back the Carl Vininnes and represent you and the Senate when that fine carrier came back from the first Gulf War. Senator Oke, of course, had been a Chief Petty Officer in the Navy and the Officer, he really didn’t have much time for the Admirals and other Officers, he really had, his focus was on the enlisted men and he pointed out to me all those young sailors that were on the bow that were first off were obviously coming home to welcome a child that had been born while they were away. So, it was a great experience and the people I’ve met there and the officers and men and women that serve us are a great, great asset to our country. Thank you Mr. President.”

## PERSONAL PRIVILEGE

Senator Berkey: “Well, I have the honor of representing the district that is home to Naval Station Everett under the command of Captain Mascolo and the Navy Base is a jewel on our Everett waterfront and I might add it is sited directly under the home of former United States Senator Henry M. Jackson which is an interesting coincidence but as a member of our community I would like to say how very proud we are of the men and women who serve our country in the armed forces and who for a brief time call our Pacific Northwest home. Thank you.”

## PERSONAL PRIVILEGE

Senator Becker: “Thank you Mr. President. I too stand and want to say thank you so much for everything that you do for us. My dad served in the Navy and he always told us such neat stories about being out on the ship and the only injury he received in the

war was getting his appendix out on the ship. We loved it when he put on his uniform and still could fit in it after so many years and it was always a sense of pride in our family. My nephew’s in the Navy and just shipped out to Italy. I’m going to go visit him and I really want to say thank you very much for everything that you do and everything that you’ve done. Thank you.”

## PERSONAL PRIVILEGE

Senator Brandland: “Well, thank you Mr. President. I also rise in support of the Navy, as someone that spent some time in the Navy. My brother retired from the Navy. It’s funny, well, not funny but not too long ago, or this morning someone said ‘Hey, do you have a, is there a Naval presence in Bellingham?’ and my response was ‘No’. I thought about it for a minute and I thought no, there is not a Naval Base in Whatcom County but I can assure you that there is a naval presence in Whatcom County because and that is the search and rescue arm of the Naval Station Whidbey Island. For years, the search and rescue organization at Whidbey Island has been coming to the aid of, specifically the Whatcom County Sherriff’s Office to help them with search and rescue activities on in the Mt. Baker and in the Cascades and they have actually lost, we’ve lost personnel, Naval personnel have been killed in their rescue attempts up in the Cascades. So, I can tell you right now every year the Navy is in the Cascades with their helicopters with their search and rescue organization rescuing people that go up there and get themselves into a lot of trouble and if it weren’t for the United States Navy and their search and rescue organization there’d be a lot of dead people up there. I also had the opportunity to, with former Secretary of State Ralph Munro visit the USS John Stennis not too long ago and witnessed flight operations in the Pacific Ocean. I’m telling you that is a humbling, humbling experience. To look up there, I think they called it Vultures Gulch or something like that, and watching these airplanes take off and land and you look down at the flight deck are there must be a hundred people roaming around this flight deck as planes are landing and taking off and there so proud, the Captain of the ship was so proud to say the average age of these kids is in their early twenties. They’re responsible for millions of dollars of aircraft. They know where everybody’s at. It is a, it’s like a well run watch to see that whole performance. It was truly humbling to see those young people, men and women taking care of that whole operation and boy I can’t tell you how thankful I am for United States Navy and all that you have done for us. Thank you.”

## PERSONAL PRIVILEGE

Senator Roach: “Thank you Mr. President. Well, of course I’m going to rise and remind everyone my son’s in the Air Force. He’s a Captain in the Air Force. I love all the branches of the service and I think raised my children and will my grandchildren to love and respect what has been done, the sacrifices that are made to protect our country. Last night I got a phone call about five o’clock, Mr. President, from Levi Larson who was an aide of mine a couple years ago. He’s a Marine now. He called to say he’s going to Afghanistan. We talked for an hour. What an incredible young man that is. The people that sign up, it’s a volunteer career we have, if you’re in the services are very special people, willing to make sacrifices if that be the case. I wanted to mention to you Mr. President, members of the Senate, that well Levi Larson is a Marine his brother Luke Larson just got out of the Marine Corps. He spent two tours in Iraq. He’s from Forks, Washington. There’s something other than what we read about in Twilight, some really good people in Forks and Luke Larson has

FIFTY FIRST DAY, MARCH 2, 2010

written a book called ‘Senator’s Son’ of his experiences in a novel form of what happened in those two tours in Iraq and I commend that to you Mr. President and members of the Senate because it shows what our young people are doing. It shows what the United States of America is doing to bring peace to the world to keep the shipping lands open, to protect freedom and democracy and I want to thank you and tell you one last thing that when I was growing up in San Diego I would go with my dad to Miramar Naval Air Station, the gun club there. What an experience to shoot trap when, in the back ground, you saw those naval aviators taking off and the roar and just a very exciting thing. More of our young people should be going I think to our air shows to really get a feeling for our country is willing to do to protect our freedoms. Thank you Mr. President.”

PERSONAL PRIVILEGE

Senator Shin: “I too rise in support of our Navy of the United States. I like to tell a little story called a miracle ship. During the Korean War between 1950 and 1953 US forces land in Korea including the navy and we marched on to North and by November 24, 1950, Chinese force crossed the North border and we made a massive evacuation. There’s a little port in North Korea called the Hunan there is a US Navy Captain, load up all the tanks and trucks and the troops about ready to depart to evacuate but he saw from the horizon was one hundred Korean refugees running trying to escape from the Chinese communist invasion and Captain take a look at it, his ship and the refugees without permission from the commanding officer he ordered all the tanks and trucks to be unloaded and dump them in the ocean and he replaced the entire ship with the six thousand Korean refugees and landed in the port in South safely. This year Korea and the United States is celebrating sixtieth anniversary of the Korean War and Korean government and Hollywood decided to make a movie, full length movie, in order to express their compassion and humanity by the US Navy. I thought I’d share that with you. This is a touching story and I was asked be as a discussion on that project and they started producing that movie as we speak now. Thank you Mr. President.”

PERSONAL PRIVILEGE

Senator Kohl-Welles: “Thank you Mr. President. We also have look to the future and I’m very proud that my grandson graduated from Navy boot camp last month in Illinois.”

FIFTY FIRST DAY, MARCH 2, 2010

2010 REGULAR SESSION

INTRODUCTION OF SPECIAL GUESTS

The President welcomed former Secretary of State Ralph Munro who was seated in the gallery.

INTRODUCTION OF SPECIAL GUESTS

The President welcomed and introduced Apple Blossom Festival Princess Laurie Bazan, Princess Lauren Ferguson and Queen Margaret Robinson who were seated at the rostrum.

With permission of the Senate, business was suspended to allow Queen Margaret Robinson to address the Senate.

REMARKS BY MISS MARGARET ROBINSON

Margaret Robinson: "Good morning. See if I can find my cheat sheet. Thank you so much for having Princesses Laurie, Lauren and myself here today. It is such an honor to tour the Capitol and speak to you and we are so privileged to represent the Wenatchee Valley on behalf of the Apple Blossom Festival. To those of us who call Wenatchee our home the festival embodies our friends, family and community coming together for the common good. It offers a time for us to appreciate the natural beauty of the Wenatchee Valley and to spend time with our loved ones. So what makes the Wenatchee Valley unique? Maybe it is skiing on the slopes of Mission Ridge or biking around the Columbia River on our beloved loop trail. Perhaps it is hiking through the pristine wonder of the enchantment lakes before returning home to enjoy our three hundred days of sunshine. Maybe, what makes this special is that with this sunshine we can enjoy bountiful harvest of the farmers market where we can get a juicy sample of the world's best apples and cherries while strolling through our historic downtown area. But maybe, what makes us truly unique is more than our local community attractions. Maybe what really sets us apart is the shared sense of purpose that our community exhibits through these activities. Nothing better demonstrates that sense of shared purpose than the eleven glorious days of the Apple Blossom Festival, when thousands of volunteers freely give themselves to create something really unique in all of Washington. We would like to invite all of you to experience the ninety-first Apple Blossom Festival from April 22-May 2 or visit us at the web at AppleBlossom.org. From the youth parade to the grand parade and the carnival to the food fair, there are countless opportunities to experience the community support and family atmosphere that the festival represents. See you at Festival 2010."

SECOND READING

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1149, by House Committee on Financial Institutions & Insurance (originally sponsored by Representatives Williams, Roach, Simpson, Kirby, Dunshee, Nelson and Ormsby)

Protecting consumers from breaches of security.

The measure was read the second time.

MOTION

Senator Kohl-Welles moved that the following committee striking amendment by the Committee on Labor, Commerce & Consumer Protection be adopted:

Strike everything after the enacting clause and insert the following: "NEW SECTION. Sec. 1. The legislature recognizes that data breaches of credit and debit card information contribute to identity theft and fraud and can be costly to consumers. The legislature also recognizes that when a breach occurs, remedial measures such as reissuance of credit or debit cards affected by the breach can help to reduce the incidence of identity theft and associated costs to consumers. Accordingly, the legislature intends to encourage financial institutions to reissue credit and debit cards to consumers when appropriate, and to permit financial institutions to recoup data breach costs associated with the reissuance from large businesses and card processors who are negligent in maintaining or transmitting card data.

NEW SECTION. Sec. 2. A new section is added to chapter 19.255 RCW to read as follows:

(1) For purposes of this section:

(a) "Account information" means: (i) The full, unencrypted magnetic stripe of a credit card or debit card; (ii) the full, unencrypted account information contained on an identification device as defined under RCW 19.300.010; or (iii) the unencrypted primary account number on a credit card or debit card or identification device, plus any of the following if not encrypted: Cardholder name, expiration date, or service code.

(b) "Breach" has the same meaning as "breach of the security of the system" in RCW 19.255.010.

(c) "Business" means an individual, partnership, corporation, association, organization, government entity, or any other legal or commercial entity that processes more than six million credit card and debit card transactions annually, and who provides, offers, or sells goods or services to persons who are residents of Washington.

(d) "Credit card" has the same meaning as in RCW 9A.56.280.

(e) "Debit card" has the same meaning as in RCW 9A.56.280 and for the purposes of this section, includes a payroll debit card.

(f) "Encrypted" means enciphered or encoded using standards reasonable for the breached business or processor taking into account the business or processor's size and the number of transactions processed annually.

(g) "Financial institution" has the same meaning as in RCW 30.22.040.

(h) "Processor" means an individual, partnership, corporation, association, organization, government entity, or any other legal or commercial entity, other than a business as defined under this section, that directly processes or transmits account information for or on behalf of another person as part of a payment processing service.

(i) "Service code" means the three or four digit number in the magnetic stripe or on a credit card or debit card that is used to specify acceptance requirements or to validate the card.

(j) "Vendor" means an individual, partnership, corporation, association, organization, government entity, or any other legal or commercial entity that manufactures and sells software or

FIFTY FIRST DAY, MARCH 2, 2010

equipment that is designed to process, transmit, or store account information or that maintains account information that it does not own.

(2) Processors, businesses, and vendors are not liable under this section if (a) the account information was encrypted at the time of the breach, or (b) the processor, business, or vendor was certified compliant with the payment card industry data security standards adopted by the payment card industry security standards council, and in force at the time of the breach. A processor, business, or vendor will be considered compliant, if its payment card industry data security compliance was validated by an annual security assessment, and if this assessment took place no more than one year prior to the time of the breach. For the purposes of this subsection (2), a processor, business, or vendor's security assessment of compliance is nonrevocable. The nonrevocability of a processor, business, or vendor's security assessment of compliance is only for the purpose of determining a processor, business, or vendor's liability under this subsection (2).

(3)(a) If a processor or business fails to take reasonable care to guard against unauthorized access to account information that is in the possession or under the control of the business or processor, and the failure is found to be the proximate cause of a breach, the processor or business is liable to a financial institution for reimbursement of reasonable actual costs related to the reissuance of credit cards and debit cards that are incurred by the financial institution to mitigate potential current or future damages to its credit card and debit card holders that reside in the state of Washington as a consequence of the breach, even if the financial institution has not suffered a physical injury in connection with the breach. In any legal action brought pursuant to this subsection, the prevailing party is entitled to recover its reasonable attorneys' fees and costs incurred in connection with the legal action.

(b) A vendor, instead of a processor or business, is liable to a financial institution for the damages described in (a) of this subsection to the extent that the damages were proximately caused by the vendor's negligence and if the claim is not limited or foreclosed by another provision of law or by a contract to which the financial institution is a party.

(4) Nothing in this section may be construed as preventing or foreclosing any entity responsible for handling account information on behalf of a business or processor from being made a party to an action under this section.

(5) Nothing in this section may be construed as preventing or foreclosing a processor, business, or vendor from asserting any defense otherwise available to it in an action including, but not limited to, defenses of contract, or of contributory or comparative negligence.

(6) In cases to which this section applies, the trier of fact shall determine the percentage of the total fault which is attributable to every entity which was the proximate cause of the claimant's damages.

(7) The remedies under this section are cumulative and do not restrict any other right or remedy otherwise available under law, however a trier of fact may reduce damages awarded to a financial institution by any amount the financial institution recovers from a credit card company in connection with the breach, for costs associated with access card reissuance.

**NEW SECTION. Sec. 3.** This act takes effect July 1, 2010.

**NEW SECTION. Sec. 4.** This act applies prospectively only. This act applies to any breach occurring on or after the effective date of this section."

association under section 4(1) of this act; and notify, in writing, each health carrier and third-party administrator of the health carrier's or third-party administrator's total assessment for this period by May 15, 2010;

(k) On an annual basis, beginning no later than November 1, 2010, and by November 1st of each year thereafter, establish the estimated amount of the assessment;

(l) Notify, in writing, each health carrier and third-party administrator of the health carrier's or third-party administrator's estimated total assessment by November 15th of each year;

(m) Submit a periodic report to the secretary listing those health carriers or third-party administrators that failed to remit their assessments and audit health carrier and third-party administrator books and records for accuracy of assessment payment submission;

(n) Allow each health carrier or third-party administrator no more than ninety days after the notification required by (l) of this subsection to remit any amounts in arrears or submit a payment plan, subject to approval by the association and initial payment under an approved payment plan;

(o) Deposit annual assessments collected by the association, less the association's administrative costs, with the state treasurer to the credit of the universal vaccine purchase account established in RCW 43.70.720;

(p) Borrow and repay such working capital, reserve, or other funds as, in the judgment of the board of directors, may be helpful or necessary for the operation of the association; and

(q) Perform any other functions as may be necessary or proper to carry out the plan of operation and to affect any or all of the purposes for which the association is organized.

(6) The secretary shall convene the initial meeting of the association board of directors.

**NEW SECTION. Sec. 4.** (1) The secretary shall estimate the total nonfederal program cost for the upcoming calendar year by October 1, 2010, and October 1st of each year thereafter. Additionally, the secretary shall subtract any amounts needed to serve children enrolled in state purchased health care programs covering low-income children for whom federal vaccine funding is not available, and report the final amount to the association. In addition, the secretary shall perform such calculation for the period of May 1st through December 31st, 2010, as soon as feasible but in no event later than April 1, 2010. The estimates shall be timely communicated to the association.

(2) The board of directors of the association shall determine the method and timing of assessment collection in consultation with the department of health. The board shall use a formula designed by the board to ensure the total anticipated nonfederal program cost, minus costs for other children served through state-purchased health care programs covering low-income children, calculated under subsection (1) of this section, is collected and transmitted to the universal vaccine purchase account created in RCW 43.70.720 in order to ensure adequacy of state funds to order state-supplied vaccine from federal centers for disease control and prevention.

(3) Each licensed health carrier and each third-party administrator on behalf of its clients' health benefit plans must be assessed and is required to timely remit payment for its share of the total amount needed to fund nonfederal program costs calculated by the department of health. Such an assessment includes additional funds as determined necessary by the board to cover the reasonable costs for the association's administration. The board shall determine the assessment methodology, with the intent of ensuring that the nonfederal costs are based on actual usage of vaccine for a health carrier or third-party administrator's covered lives. State and local governments and school districts must pay their portion of vaccine expense for covered lives under this chapter.

(4) The board of the association shall develop a mechanism through which the number and cost of doses of vaccine purchased under this chapter that have been administered to children covered by each health carrier, and each third-party administrator's clients health benefit plans, are attributed to each such health carrier and third-party administrator. Except as otherwise permitted by the board, this mechanism must include at least the following: Date of service; patient name; vaccine received; and health benefit plan eligibility. The data must be collected and maintained in a manner consistent with applicable state and federal health information privacy laws. Beginning November 1, 2011, and each November 1st thereafter, the board shall factor the results of this mechanism for the previous year into the determination of the appropriate assessment amount for each health carrier and third-party administrator for the upcoming year.

(5) For any year in which the total calculated cost to be received from association members through assessments is less than the total nonfederal program cost, the association must pay the difference to the state for deposit into the universal vaccine purchase account established in RCW 43.70.720. The board may assess, and the health carrier and third-party administrators are obligated to pay, their proportionate share of such costs and appropriate reserves as determined by the board.

(6) The aggregate amount to be raised by the association in any year may be reduced by any surpluses remaining from prior years.

(7) In order to generate sufficient start-up funding, the association may accept prepayment from member health carriers and third-party administrators, subject to offset of future amounts otherwise owing or other repayment method as determined by the board. The initial deposit of start-up funding must be deposited into the universal vaccine purchase account on or before April 30, 2010.

**NEW SECTION. Sec. 5.** (1) The board of the association shall establish a committee for the purposes of developing recommendations to the board regarding selection of vaccines to be purchased in each upcoming year by the department. The committee must be composed of at least five voting board members, including at least three health carrier or third-party administrator members, one physician, and the secretary or the secretary's designee. The committee must also include a representative of vaccine manufacturers, who is a nonvoting member of the committee. The representative of vaccine manufacturers must be chosen by the secretary from a list of three nominees submitted collectively by vaccine manufacturers on an annual basis.

(2) In selecting vaccines to purchase, the following factors should be strongly considered by the committee: Patient safety and clinical efficacy, public health and purchaser value, compliance with RCW 70.95M.115, patient and provider choice, and stability of vaccine supply.

**NEW SECTION. Sec. 6.** In addition to the duties and powers enumerated elsewhere in this chapter:

(1) The association may, pursuant to either vote of its board of directors or request of the secretary, audit compliance with reporting obligations established under the association's plan of operation. Upon failure of any entity that has been audited to reimburse the costs of such audit as certified by vote of the association's board of directors within forty-five days of notice of such vote, the secretary shall assess a civil penalty of one hundred fifty percent of the amount of such costs.

(2) The association may establish an interest charge for late payment of any assessment under this chapter. The secretary shall assess a civil penalty against any health carrier or third-party administrator that fails to pay an assessment within three months of notification under section 3 of this act. The civil penalty under this subsection is one hundred fifty percent of such assessment.

FIFTY FIRST DAY, MARCH 2, 2010

2010 REGULAR SESSION

(3) The secretary and the association are authorized to file liens and seek judgment to recover amounts in arrears and civil penalties, and recover reasonable collection costs, including reasonable attorneys' fees and costs. Civil penalties so levied must be deposited in the universal vaccine purchase account created in RCW 43.70.720.

(4) The secretary may adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this section.

**NEW SECTION. Sec. 7.** The board of directors of the association shall submit to the secretary, no later than one hundred twenty days after the close of the association's fiscal year, a financial report in a form approved by the secretary.

**NEW SECTION. Sec. 8.** No liability on the part of, and no cause of action of any nature, shall arise against any member of the board of the association, against an employee or agent of the association, or against any health care provider for any lawful action taken by them in the performance of their duties or required activities under this chapter.

**NEW SECTION. Sec. 9.** A new section is added to chapter 43.24 RCW to read as follows:

(1)(a) Beginning September 1, 2010, a third-party administrator must register with the department of licensing and renew its registration on an annual basis thereafter prior to December 31st of each year, or within ten days after the registrant changes its name, business name, business address, or business telephone number, whichever occurs sooner.

(b) The registrant shall pay the registration or renewal fee established by the department of licensing as provided in RCW 43.24.086.

(c) Any person or entity that is acting as or holding itself out to be a third-party administrator while failing to have registered under this section is subject to a civil penalty of not less than one thousand dollars nor more than ten thousand dollars for each violation. The civil penalty is in addition to any other penalties that may be imposed for violations of other laws of this state.

(2) For the purposes of this section, "third-party administrator" has the same meaning as defined in section 1 of this act.

(3) The department of licensing may adopt rules under chapter 34.05 RCW as necessary to implement this section.

**Sec. 10.** RCW 43.70.720 and 2009 c 564 s 934 are each amended to read as follows:

The universal vaccine purchase account is created in the custody of the state treasurer. Receipts from public and private sources for the purpose of increasing access to vaccines for children may be deposited into the account. Expenditures from the account must be used exclusively for the purchase of vaccines, at no cost to health care providers in Washington, to administer to children under nineteen years old who are not eligible to receive vaccines at no cost through federal programs. Only the secretary or the secretary's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

**NEW SECTION. Sec. 11.** Sections 1 through 8 and 12 through 14 of this act constitute a new chapter in Title 70 RCW.

**NEW SECTION. Sec. 12.** (1) The association board may, on or after June 30, 2015, vote to recommend termination of the association if it finds that the original intent of its formation and operation, which is to ensure more cost-effective purchase and distribution of vaccine than if provided through uncoordinated purchase by health care providers, has not been achieved. The association board shall provide notice of the recommendation to the relevant policy and fiscal committees of the legislature within thirty days of the vote being taken by the association board. If the legislature has not acted by the last day of the next regular legislative

session to reject the board's recommendation, the board may vote to permanently dissolve the association.

(2) In the event of a voluntary or involuntary dissolution of the association, funds remaining in the universal purchase vaccine account created in RCW 43.70.720 that were collected under this chapter must be returned to the member health carrier and third-party administrators in proportion to their previous year's contribution, from any balance remaining following the repayment of any prepayments for start-up funding not previously recouped by such member.

**NEW SECTION. Sec. 13.** Physicians and clinics ordering state supplied vaccine must ensure they have billing mechanisms and practices in place that enable the association to accurately track vaccine delivered to association members' covered lives and must submit documentation in such a form as may be prescribed by the board in consultation with state physician organizations. Physicians and other persons providing childhood immunization are strongly encouraged to use state supplied vaccine whenever possible. Nothing in this chapter prohibits health carriers and third-party administrators from denying claims for vaccine serum costs when the serum or serums providing similar protection are provided or available via state supplied vaccine.

**NEW SECTION. Sec. 14.** If the requirement that any segment of health carriers, third-party administrators, or state or local governmental entities provide funding for the program established in this chapter is invalidated by a court of competent jurisdiction, the board of the association may terminate the program one hundred twenty days following a final judicial determination on the matter.

**NEW SECTION. Sec. 15.** A new section is added to chapter 48.43 RCW to read as follows:

Assessments paid by carriers under section 4 of this act may be considered medical expenses for purposes of rate setting and regulatory filings.

**NEW SECTION. Sec. 16.** A new section is added to chapter 82.04 RCW to read as follows:

This chapter does not apply to assessments described in sections 3 and 4 of this act received by a nonprofit corporation established under section 2 of this act.

**NEW SECTION. Sec. 17.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

**Sec. 10.** RCW 77.55.041 and 2005 c 146 s 302 are each amended to read as follows:

(1) The removal of derelict fishing gear does not require a permit under this chapter if the gear is removed according to the guidelines described in RCW 77.12.865.

(1) Catch record card information is necessary for proper management of the state's food fish and game fish species and shellfish resources. Catch record card administration shall be under rules adopted by the commission. There is no charge for an initial catch record card. Each subsequent or duplicate catch record card costs ten dollars.

(2) A license to take and possess Dungeness crab is only valid in Puget Sound waters east of the Bonilla-Tatoosh line if the fisher has in possession a valid catch record card officially endorsed for Dungeness crab. The endorsement shall cost no more than three dollars, including any or all fees authorized under RCW 77.32.050, when purchased for a personal use saltwater, combination, or shellfish and seaweed license. The endorsement shall cost no more than one dollar, including any or all fees authorized under RCW 77.32.050, when purchased for a temporary combination fishing license authorized under RCW 77.32.470(3)(a).

(3) Catch record cards issued with affixed temporary short-term charter stamp licenses are not subject to the ten-dollar charge nor to the Dungeness crab endorsement fee provided for in this section. Charter boat or guide operators issuing temporary short-term charter stamp licenses shall affix the stamp to each catch record card issued before fishing commences. Catch record cards issued with a temporary short-term charter stamp are valid for one day.

(4) The department shall include provisions for recording marked and unmarked salmon in catch record cards issued after March 31, 2004.

(5)(a) The funds received from the sale of catch record cards and the Dungeness crab endorsement must be deposited into the state wildlife account created in RCW 77.12.170. The funds received from the Dungeness crab endorsement may be used only for the sampling, monitoring, and management of catch associated with the Dungeness crab recreational fisheries. Until June 30, 2011, funds received from the Dungeness crab endorsement may be used for the removal and disposal of derelict shellfish gear either directly by the department or under contract with a third party.

(b) Moneys allocated under this section shall supplement and not supplant other federal, state, and local funds used for Dungeness crab recreational fisheries management.

**NEW SECTION. Sec. 12.** (1) The department of fish and wildlife shall, in cooperation with stakeholders in the recreational and commercial crab fisheries and other knowledgeable individuals, as deemed appropriate by the director of the department, deliver to the appropriate committees of the legislature findings and recommendations relating to the following topics:

(b) The cost of recovering and disposing of derelict shellfish gear;

(c) Technical and legal barriers to recovering and disposing of derelict shellfish gear;

(d) Possible public education efforts to prevent future shellfish gear loss and to promote compliance with required gear specifications;

(e) Possible changes to the current funding structure for derelict shellfish gear removal and Dungeness crab sampling, monitoring, and management, which may include the termination or alteration of the existing Dungeness crab endorsement required under RCW 77.32.430 and the identification of possible new funding sources.

FIFTY FIRST DAY, MARCH 2, 2010

2010 REGULAR SESSION

(2) If deemed practicable by the director of the department of fish and wildlife, the findings and recommendations included in the report required in this section should be informed by the actual collection of derelict shellfish pots.

(3) Findings and recommendations required under this section must be submitted consistent with RCW 43.01.036 by December 31, 2010.

(4) This section expires July 31, 2011.

**Sec. 13.** RCW 77.70.350 and 2006 c 159 s 1 are each amended to read as follows:

(1) The following restrictions apply to vessel designations and substitutions on Dungeness crab-coastal fishery licenses:

(a) The holder of the license may not:

(i) Designate on the license a vessel the hull length of which exceeds ninety-nine feet; or

(ii) Change vessel designation if the hull length of the vessel proposed to be designated exceeds the hull length designated on the license on June 7, 2006, by more than ten feet. However, if such vessel designation is the result of an emergency transfer, the applicable vessel length would be the most recent permanent vessel designation on the license prior to June 7, 2006;

(b) If the hull length of the vessel proposed to be designated is comparable to or exceeds by up to one foot the hull length of the currently designated vessel, the department may change the vessel designation no more than once in any ~~((two consecutive Washington state coastal crab seasons))~~ one-year period, measured from September 15th to September 15th of the following year, unless the currently designated vessel is lost or in disrepair such that it does not safely operate, in which case the department may allow a change in vessel designation;

(c) If the hull length of the vessel proposed to be designated exceeds by between one and ten feet the hull length of the designated vessel on June 7, 2006, the department may change the vessel designation no more than once on or after June 7, 2006, unless a request is made by the license holder during a Washington state coastal crab season for an emergency change in vessel designation. If such an emergency request is made, the director may allow a temporary change in designation to another vessel, if the hull length of the other vessel does not exceed by more than ten feet the hull length of the currently designated vessel.

(2) For the purposes of this section, "hull length" means the length overall of a vessel's hull as shown by marine survey or by manufacturer's specifications.

(3) By December 31, 2010, the department must, in cooperation with the coastal crab fishing industry, evaluate the effectiveness of this section and, if necessary, recommend any statutory changes to the appropriate committees of the senate and house of representatives.

**Sec. 14.** RCW 77.70.150 and 2005 c 110 s 1 are each amended to read as follows:

(1) A sea urchin dive fishery license is required to take sea urchins for commercial purposes. A sea urchin dive fishery license authorizes the use of only one diver in the water at any time during sea urchin harvest operations. If the same vessel has been designated on two sea urchin dive fishery licenses, two divers may be in the water. A natural person may not hold more than two sea urchin dive fishery licenses.

(2) Except as provided in subsection (6) of this section, the director shall issue no new sea urchin dive fishery licenses. For licenses issued for the year 2000 and thereafter, the director shall renew existing licenses only to a natural person who held the license at the end of the previous year. If a sea urchin dive fishery license is not held by a natural person as of December 31, 1999, it is not renewable. However, if the license is not held because of revocation or suspension of licensing privileges, the director shall

renew the license in the name of a natural person at the end of the revocation or suspension if the license holder applies for renewal of the license before the end of the year in which the revocation or suspension ends.

(3) Where a licensee failed to obtain the license during the previous year because of a license suspension or revocation by the director or the court, the licensee may qualify for a license by establishing that the person held such a license during the last year in which the person was eligible.

(4) Surcharges as provided for in this section shall be collected and deposited into the sea urchin dive fishery account hereby created in the custody of the state treasurer. The collections and deposits must continue, as set forth in (a) and (b) of this subsection, through license year 2013, or until the number of licenses is reduced to twenty, whichever occurs first. Only the director or the director's designee may authorize expenditures from the account. The sea urchin dive fishery account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures. Expenditures from the account shall only be used to retire sea urchin licenses until the number of licenses is reduced to ~~((twenty-five))~~ twenty, and thereafter shall only be used for sea urchin management and enforcement. The director or the director's designee shall notify the department of revenue within thirty days when the number of licenses is reduced to twenty.

(a) A surcharge of one hundred dollars shall be charged with each sea urchin dive fishery license renewal for licenses issued ~~((in))~~ for license years 2000 through ((2010)) 2013, or until the number of licenses is reduced to twenty, whichever occurs first.

(b) For licenses issued for ~~((the year))~~ license years 2000 ((and thereafter,)) through 2013, or until the number of licenses is reduced to twenty, whichever occurs first, a surcharge shall be charged on the sea urchin dive fishery license for designating an alternate operator. The surcharge shall be as follows: Five hundred dollars for the first year or each of the first two consecutive years after 1999 that any alternate operator is designated and two thousand five hundred dollars each year thereafter that any alternate operator is designated.

(5) Sea urchin dive fishery licenses are transferable. ~~((After December 31, 1999,))~~ For licenses issued for license years 2000 through 2013, or whenever the number of licenses is reduced to twenty, whichever occurs first, there is a surcharge to transfer a sea urchin dive fishery license. The surcharge is five hundred dollars for the first transfer of a license valid for ~~((calendar))~~ license year 2000, and two thousand five hundred dollars for any subsequent transfer, ~~((whether))~~ occurring in the ~~((year))~~ license years 2000 ~~((or thereafter))~~ through 2013, or whenever the number of licenses is reduced to twenty, whichever occurs first. Notwithstanding this subsection, a one-time transfer exempt from surcharge applies for a transfer from the natural person licensed on January 1, 2000, to that person's spouse or child.

(6) If fewer than ~~((twenty-five))~~ twenty natural persons are eligible for sea urchin dive fishery licenses, the director may accept applications for new licenses. The additional licenses may not cause more than ~~((twenty-five))~~ twenty natural persons to be eligible for a sea urchin dive fishery license. New licenses issued under this section shall be distributed according to rules of the department that recover the value of such licensed privilege.

**Sec. 15.** RCW 77.70.190 and 2005 c 110 s 2 are each amended to read as follows:

(1) A sea cucumber dive fishery license is required to take sea cucumbers for commercial purposes. A sea cucumber dive fishery license authorizes the use of only one diver in the water at any time during sea cucumber harvest operations. If the same vessel has been designated on two sea cucumber dive fishery licenses, two

FIFTY FIRST DAY, MARCH 2, 2010

divers may be in the water. A natural person may not hold more than two sea cucumber dive fishery licenses.

(2) Except as provided in subsection (6) of this section, the director shall issue no new sea cucumber dive fishery licenses. For licenses issued for the year 2000 and thereafter, the director shall renew existing licenses only to a natural person who held the license at the end of the previous year. If a sea cucumber dive fishery license is not held by a natural person as of December 31, 1999, it is not renewable. However, if the license is not held because of revocation or suspension of licensing privileges, the director shall renew the license in the name of a natural person at the end of the revocation or suspension if the license holder applies for renewal of the license before the end of the year in which the revocation or suspension ends.

(3) Where a licensee failed to obtain the license during either of the previous two years because of a license suspension by the director or the court, the licensee may qualify for a license by establishing that the person held such a license during the last year in which the person was eligible.

(4) Surcharges as provided for in this section shall be collected and deposited into the sea cucumber dive fishery account hereby created in the custody of the state treasurer. The collections and deposits must continue, as set forth in (a) and (b) of this subsection, through license year 2013, or until the number of licenses is reduced to twenty, whichever occurs first. Only the director or the director's designee may authorize expenditures from the account. The sea cucumber dive fishery account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures. Expenditures from the account shall only be used to retire sea cucumber licenses until the number of licenses is reduced to ~~((twenty five))~~ twenty, and thereafter shall only be used for sea cucumber management and enforcement. The director or the director's designee shall notify the department of revenue within thirty days when the number of licenses is reduced to twenty.

(a) A surcharge of one hundred dollars shall be charged with each sea cucumber dive fishery license renewal for licenses issued in 2000 through ~~((2010))~~ 2013, or until the number of licenses is reduced to twenty, whichever occurs first.

(b) For licenses issued for ~~((the year))~~ license years 2000 ((and thereafter,)) through 2013, or until the number of licenses is reduced to twenty, whichever occurs first, a surcharge shall be charged on the sea cucumber dive fishery license for designating an alternate operator. The surcharge shall be as follows: Five hundred dollars for the first year or each of the first two consecutive years after 1999 that any alternate operator is designated and two thousand five hundred dollars each year thereafter that any alternate operator is designated.

(5) Sea cucumber dive fishery licenses are transferable. ~~((After December 31, 1999,))~~ For licenses issued for license years 2000 through 2013, or whenever the number of licenses is reduced to twenty, whichever occurs first, there is a surcharge to transfer a sea cucumber dive fishery license. The surcharge is five hundred dollars for the first transfer of a license valid for ~~((calendar))~~ license year 2000 and two thousand five hundred dollars for any subsequent transfer ~~((whether))~~, occurring in the ~~((year))~~ license years 2000 ~~((or thereafter))~~ through 2013, or whenever the number of licenses is reduced to twenty, whichever occurs first. Notwithstanding this subsection, a one-time transfer exempt from surcharge applies for a transfer from the natural person licensed on January 1, 2000, to that person's spouse or child.

(6) If fewer than ~~((twenty five))~~ twenty persons are eligible for sea cucumber dive fishery licenses, the director may accept applications for new licenses. The additional licenses may not cause more than ~~((twenty five))~~ twenty natural persons to be eligible for a sea cucumber dive fishery license. New licenses issued under

this section shall be distributed according to rules of the department that recover the value of such licensed privilege.

**Sec. 16.** RCW 82.27.020 and 2005 c 110 s 3 are each amended to read as follows:

(1) In addition to all other taxes, licenses, or fees provided by law there is established an excise tax on the commercial possession of enhanced food fish as provided in this chapter. The tax is levied upon and shall be collected from the owner of the enhanced food fish whose possession constitutes the taxable event. The taxable event is the first possession in Washington by an owner after the enhanced food fish has been landed. Processing and handling of enhanced food fish by a person who is not the owner is not a taxable event to the processor or handler.

(2) A person in possession of enhanced food fish and liable to this tax may deduct from the price paid to the person from which the enhanced food fish (except oysters) are purchased an amount equal to a tax at one-half the rate levied in this section upon these products.

(3) The measure of the tax is the value of the enhanced food fish at the point of landing.

(4) The tax shall be equal to the measure of the tax multiplied by the rates for enhanced food fish as follows:

(a) Chinook, coho, and chum salmon and anadromous game fish: Five and twenty-five one-hundredths percent;

(b) Pink and sockeye salmon: Three and fifteen one-hundredths percent;

(c) Other food fish and shellfish, except oysters, sea urchins, and sea cucumbers: Two and one-tenth percent;

(d) Oysters: Eight one-hundredths of one percent;

(e) Sea urchins: Four and six-tenths percent through December 31, ~~((2010))~~ 2013, or until the department of fish and wildlife notifies the department that the number of sea urchin licenses has been reduced to twenty licenses, whichever occurs first, and two and one-tenth percent thereafter; and

(f) Sea cucumbers: Four and six-tenths percent through December 31, ~~((2010))~~ 2013, or until the department of fish and wildlife notifies the department that the number of sea cucumber licenses has been reduced to twenty licenses, whichever occurs first, and two and one-tenth percent thereafter.

(5) An additional tax is imposed equal to the rate specified in RCW 82.02.030 multiplied by the tax payable under subsection (4) of this section.

**Sec. 17.** RCW 82.27.070 and 2005 c 110 s 4 are each amended to read as follows:

All taxes collected by the department of revenue under this chapter shall be deposited in the state general fund except for the excise tax on anadromous game fish, which shall be deposited in the state wildlife ~~((fund, and, during the period))~~ account. From January 1, 2000, to December 31, ((2010)) 2013, or until the department of fish and wildlife notifies the department that the license reduction goals of the sea urchin or sea cucumber fishery have been met, whichever occurs first, twenty-five forty-sixths of the revenues derived from the excise tax on sea urchins collected under RCW 82.27.020 shall be deposited into the sea urchin dive fishery account created in RCW 77.70.150, and twenty-five forty-sixths of the revenues derived from the excise tax on sea cucumbers collected under RCW 82.27.020 shall be deposited into the sea cucumber dive fishery account created in RCW 77.70.190."

**"NEW SECTION. Sec. 1.** A new section is added to chapter 24.03 RCW to read as follows:

Superior courts may dissolve a nonprofit corporation:

(1) Except as provided in the articles of incorporation or bylaws, in a proceeding by fifty members or members holding at least five percent of the voting power, whichever is less, by one or more directors, or by the attorney general if it is established that:

(a) The directors are deadlocked in the management of the corporate affairs, the members, if any, are unable to break the deadlock, and irreparable injury to the corporation or its mission is threatened or being suffered because of the deadlock;

(b) The directors or those in control of the corporation have acted, are acting, or will act in a manner that is illegal, oppressive, or fraudulent;

(c) The members are deadlocked in voting power and have failed, for a period that includes at least two consecutive annual meeting dates, to elect successors to directors whose terms have, or otherwise would have, expired;

(d) The corporate assets are being misapplied or wasted; or

(e) The corporation has insufficient assets to continue its activities and it is no longer able to assemble a quorum of directors or members;

(2) In a proceeding by a creditor, if it is established that:

FIFTY FIRST DAY, MARCH 2, 2010

(a) The creditor's claim has been reduced to judgment, the execution on the judgment returned unsatisfied, and the corporation is insolvent; or

(b) The corporation has admitted in a record that the creditor's claim is due and owing and the corporation is insolvent; or

(3) In a proceeding by the corporation to have its voluntary dissolution continued under court supervision.

**NEW SECTION. Sec. 2.** A new section is added to chapter 24.03 RCW to read as follows:

(1) Venue for a proceeding brought by the attorney general to dissolve a corporation pursuant to section 1 of this act lies in the court specified in RCW 24.03.260. Venue for a proceeding brought by any other party named in section 1 of this act lies in the county where a corporation's principal office (or, if none in this state, its registered office) is or was last located.

(2) It is not necessary to make directors or members parties to a proceeding to dissolve a nonprofit corporation unless relief is sought against them individually.

(3) A court in a proceeding brought to dissolve a nonprofit corporation may issue injunctions, appoint a general or custodial receiver with all powers and duties the court directs, take other action required to preserve the corporate assets wherever located, and carry on the activities of the corporation until a full hearing can be held.

(4) A court in a judicial proceeding brought to dissolve a nonprofit corporation may appoint one or more general receivers to wind up and liquidate, or one or more custodial receivers to manage, the affairs of the corporation. The court shall hold a hearing, after giving notice to all parties to the proceeding and any interested persons designated by the court, before appointing a general or custodial receiver. The court appointing a general or custodial receiver has exclusive jurisdiction over the corporation and all of its property wherever located.

(5) The court may require the general or custodial receiver to post bond, with or without sureties, in an amount the court directs.

(6) The court shall describe the powers and duties of the general or custodial receiver in its appointing order, which may be amended from time to time. Among other powers:

(a) The general receiver:

(i) May dispose of all or any part of the assets of the nonprofit corporation wherever located, at a public or private sale, if authorized by the court; and

(ii) May sue and defend in his or her own name as general receiver of the corporation in all courts of this state;

(7) During a general receivership, the court may redesignate the general receiver a custodial receiver, and during a custodial receivership may redesignate the custodial receiver a general receiver, if doing so is consistent with the mission of the nonprofit corporation and in the best interests of the corporation and its creditors.

(8) The court from time to time during the general or custodial receivership may order compensation paid and expense disbursements or reimbursements made to the general or custodial receiver and counsel from the assets of the nonprofit corporation or proceeds from the sale of the assets.

(9) The assets of the corporation or the proceeds resulting from the sale, conveyance, or other disposition thereof shall be applied and distributed as follows:

(a) All costs and expenses of the court proceedings and all liabilities and obligations of the corporation shall be paid, satisfied, and discharged, or adequate provision shall be made therefor;

(b) Assets held by the corporation upon condition requiring return, transfer, or conveyance, which condition occurs by reason of the dissolution or liquidation, shall be returned, transferred, or conveyed in accordance with such requirements;

(c) Assets received and held by the corporation subject to limitations permitting their use only for charitable, religious, eleemosynary, benevolent, educational, or similar purposes, but not held upon a condition requiring return, transfer, or conveyance by reason of the dissolution or liquidation, shall be transferred or conveyed to one or more domestic or foreign corporations, societies, or organizations engaged in activities substantially similar to those of the dissolving or liquidating corporation as the court may direct;

(d) Other assets, if any, shall be distributed in accordance with the provisions of the articles of incorporation or the bylaws to the extent that the articles of incorporation or bylaws determine the distributive rights of members, or any class or classes of members, or provide for distribution to others;

(e) Any remaining assets may be distributed to such persons, societies, organizations, or domestic or foreign corporations, whether for profit or not for profit, specified in the plan of distribution adopted as provided in this chapter, or where no plan of distribution has been adopted, as the court may direct.

**NEW SECTION. Sec. 3.** A new section is added to chapter 24.03 RCW to read as follows:

(1) If after a hearing the court determines that one or more grounds for judicial dissolution described in section 1 of this act exist, it may enter a decree dissolving the nonprofit corporation and specifying the effective date of the dissolution, and the clerk of the court shall deliver a certified copy of the decree to the secretary of state, who shall file it.

(2) After entering the decree of dissolution, the court shall direct the winding up and liquidation of the nonprofit corporation's affairs in accordance with this chapter.

## MOTION

Senator Hargrove moved that the following committee striking amendment by the Committee on Human Services & Corrections be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that there are many homeless persons in our state that are in need of shelter and

FIFTY FIRST DAY, MARCH 2, 2010

other services that are not being provided by the state and local governments. The legislature also finds that in many communities, religious organizations play an important role in providing needed services to the homeless, including the provision of shelter upon property owned by the religious organization. By providing such shelter, the religious institutions in our communities perform a valuable public service that, for many, offers a temporary, stop-gap solution to the larger social problem of increasing numbers of homeless persons.

This act provides guidance to cities and counties in regulating homeless encampments within the community, but still leaves those entities with broad discretion to protect the health and safety of its citizens. It is the hope of this legislature that local governments and religious organizations can work together and utilize dispute resolution processes without the need for litigation.

**NEW SECTION. Sec. 2.** A new section is added to chapter 36.01 RCW to read as follows:

(1) A religious organization may host temporary encampments for the homeless on property owned or controlled by the religious organization whether within buildings located on the property or elsewhere on the property outside of buildings.

(2) A county may not enact an ordinance or regulation or take any other action that:

(a) Imposes conditions other than those necessary to protect public health and safety and that do not substantially burden the decisions or actions of a religious organization regarding the location of housing or shelter for homeless persons on property owned by the religious organization;

(b) Requires a religious organization to obtain insurance pertaining to the liability of a municipality with respect to homeless persons housed on property owned by a religious organization or otherwise requires the religious organization to indemnify the municipality against such liability; or

(c) Imposes permit fees in excess of the actual costs associated with the review and approval of the required permit applications.

(3) For the purposes of this section, "religious organization" means the federally protected practice of a recognized religious assembly, school, or institution that owns or controls real property.

(4) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470 is immune from civil liability for (a) damages arising from the permitting decisions for a temporary encampment for the homeless as provided in this section and (b) any conduct or unlawful activity that may occur as a result of the temporary encampment for the homeless as provided in this section.

**NEW SECTION. Sec. 3.** A new section is added to chapter 35.21 RCW to read as follows:

(1) A religious organization may host temporary encampments for the homeless on property owned or controlled by the religious organization whether within buildings located on the property or elsewhere on the property outside of buildings.

(2) A city or town may not enact an ordinance or regulation or take any other action that:

(a) Imposes conditions other than those necessary to protect public health and safety and that do not substantially burden the decisions or actions of a religious organization regarding the location of housing or shelter for homeless persons on property owned by the religious organization;

(b) Requires a religious organization to obtain insurance pertaining to the liability of a municipality with respect to homeless persons housed on property owned by a religious organization or otherwise requires the religious organization to indemnify the municipality against such liability; or

(c) Imposes permit fees in excess of the actual costs associated with the review and approval of the required permit applications.

2010 REGULAR SESSION

(3) For the purposes of this section, "religious organization" means the federally protected practice of a recognized religious assembly, school, or institution that owns or controls real property.

(4) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470 is immune from civil liability for (a) damages arising from the permitting decisions for a temporary encampment for the homeless as provided in this section and (b) any conduct or unlawful activity that may occur as a result of the temporary encampment for the homeless as provided in this section.

**NEW SECTION. Sec. 4.** A new section is added to chapter 35A.21 RCW to read as follows:

(1) A religious organization may host temporary encampments for the homeless on property owned or controlled by the religious organization whether within buildings located on the property or elsewhere on the property outside of buildings.

(2) A code city may not enact an ordinance or regulation or take any other action that:

(a) Imposes conditions other than those necessary to protect public health and safety and that do not substantially burden the decisions or actions of a religious organization regarding the location of housing or shelter for homeless persons on property owned by the religious organization;

(b) Requires a religious organization to obtain insurance pertaining to the liability of a municipality with respect to homeless persons housed on property owned by a religious organization or otherwise requires the religious organization to indemnify the municipality against such liability; or

(c) Imposes permit fees in excess of the actual costs associated with the review and approval of the required permit applications.

(3) For the purposes of this section, "religious organization" means the federally protected practice of a recognized religious assembly, school, or institution that owns or controls real property.

**NEW SECTION. Sec. 5.** Nothing in this act is intended to change applicable law or be interpreted to prohibit a county, city, town, or code city from applying zoning and land use regulations allowable under established law to real property owned by a religious organization, regardless of whether the property owned by the religious organization is used to provide shelter or housing to homeless persons.

**NEW SECTION. Sec. 6.** Nothing in this act supersedes a court ordered consent decree or other negotiated settlement between a public agency and religious organization entered into prior to July 1, 2010, for the purposes of establishing a temporary encampment for the homeless as provided in this act."

Senator Hargrove spoke in favor of adoption of the committee striking amendment.

#### MOTION

Senator Fraser moved that the following committee striking amendment by the Committee on Environment, Water & Energy be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** It is the intent of the legislature to encourage high-density, compact, in-fill development and redevelopment within existing urban areas in order to further existing goals of chapter 36.70A RCW, the growth management act, to promote the use of public transit and encourage further investment in transit systems, and to contribute to the reduction of greenhouse gas emissions by: (1) Encouraging local governments to adopt plans and regulations that authorize compact, high-density urban development as defined in section 2 of this act; (2) providing for the funding and preparation of environmental impact statements that comprehensively examine the impacts of such development at the time that the plans and regulations are adopted; and (3) encouraging development that is consistent with such plans and regulations by precluding appeals under chapter 43.21C RCW.

**NEW SECTION. Sec. 2.** A new section is added to chapter 43.21C RCW to read as follows:

(1) Cities with a population greater than five thousand, in accordance with their existing comprehensive planning and

2010 REGULAR SESSION

development regulation authority under chapter 36.70A RCW, and in accordance with this section, may adopt optional elements of their comprehensive plans and optional development regulations that apply within specified subareas of the cities, that are either:

(a) Areas designated as mixed-use or urban centers in a land use or transportation plan adopted by a regional transportation planning organization; or

(b) Areas within one-half mile of a major transit stop that are zoned to have an average minimum density of fifteen dwelling units or more per gross acre.

(2) Cities located on the east side of the Cascade mountains and located in a county with a population of two hundred thirty thousand or less, in accordance with their existing comprehensive planning and development regulation authority under chapter 36.70A RCW, and in accordance with this section, may adopt optional elements of their comprehensive plans and optional development regulations that apply within the mixed-use or urban centers. The optional elements of their comprehensive plans and optional development regulations must enhance pedestrian, bicycle, transit, or other nonvehicular transportation methods.

(3) A major transit stop is defined as:

(a) A stop on a high capacity transportation service funded or expanded under the provisions of chapter 81.104 RCW;

(b) Commuter rail stops;

(c) Stops on rail or fixed guideway systems, including transitways;

(d) Stops on bus rapid transit routes or routes that run on high occupancy vehicle lanes; or

(e) Stops for a bus or other transit mode providing fixed route service at intervals of at least thirty minutes during the peak hours of operation.

(4)(a) A city that elects to adopt such an optional comprehensive plan element and optional development regulations shall prepare a nonproject environmental impact statement, pursuant to RCW 43.21C.030, assessing and disclosing the probable significant adverse environmental impacts of the optional comprehensive plan element and development regulations and of future development that is consistent with the plan and regulations.

(b) At least one community meeting must be held on the proposed subarea plan before the scoping notice for such a nonproject environmental impact statement is issued. Notice of scoping for such a nonproject environmental impact statement and notice of the community meeting required by this section must be mailed to all property owners of record within the subarea to be studied, to all property owners within one hundred fifty feet of the boundaries of such a subarea, to all affected federally recognized tribal governments whose ceded area is within one-half mile of the boundaries of the subarea, and to agencies with jurisdiction over the future development anticipated within the subarea.

(c) In cities with over five hundred thousand residents, notice of scoping for such a nonproject environmental impact statement and notice of the community meeting required by this section must be mailed to all small businesses as defined in RCW 19.85.020, and to all community preservation and development authorities established under chapter 43.167 RCW, located within the subarea to be studied or within one hundred fifty feet of the boundaries of such subarea. The process for community involvement must have the goal of fair treatment and meaningful involvement of all people with respect to the development and implementation of the subarea planning process.

(d) The notice of the community meeting must include general illustrations and descriptions of buildings generally representative of the maximum building envelope that will be allowed under the proposed plan and indicate that future appeals of proposed developments that are consistent with the plan will be limited.

Notice of the community meeting must include signs located on major travel routes in the subarea. If the building envelope increases during the process, another notice complying with the requirements of this section must be issued before the next public involvement opportunity.

(e) Any person that has standing to appeal the adoption of this subarea plan or the implementing regulations under RCW 36.70A.280 has standing to bring an appeal of the nonproject environmental impact statement required by this subsection.

(f) Cities with over five hundred thousand residents shall prepare a study that accompanies or is appended to the nonproject environmental impact statement, but must not be part of that statement, that analyzes the extent to which the proposed subarea plan may result in the displacement or fragmentation of existing businesses, existing residents, including people living with poverty, families with children, and intergenerational households, or cultural groups within the proposed subarea plan. The city shall also discuss the results of the analysis at the community meeting.

(g) As an incentive for development authorized under this section, a city shall consider establishing a transfer of development rights program in consultation with the county where the city is located, that conserves county-designated agricultural and forest land of long-term commercial significance. If the city decides not to establish a transfer of development rights program, the city must state in the record the reasons for not adopting the program. The city's decision not to establish a transfer of development rights program is not subject to appeal. Nothing in this subsection (4)(g) may be used as a basis to challenge the optional comprehensive plan or subarea plan policies authorized under this section.

(5)(a) Until July 1, 2018, a proposed development that is consistent with the optional comprehensive plan or subarea plan policies and development regulations adopted under subsection (1) or (2) of this section and that is environmentally reviewed under subsection (4) of this section may not be challenged in administrative or judicial appeals for noncompliance with this chapter as long as a complete application for such a development that vests the application or would later lead to vested status under city or state law is submitted to the city within a time frame established by the city, but not to exceed ten years from the date of issuance of the final environmental impact statement.

(b) After July 1, 2018, the immunity from appeals under this chapter of any application that vests or will vest under this subsection or the ability to vest under this subsection is still valid, provided that the final subarea environmental impact statement is issued by July 1, 2018. After July 1, 2018, a city may continue to collect reimbursement fees under subsection (6) of this section for the proportionate share of a subarea environmental impact statement issued prior to July 1, 2018.

(6) It is recognized that a city that prepares a nonproject environmental impact statement under subsection (4) of this section must endure a substantial financial burden. A city may recover its reasonable expenses of preparation of a nonproject environmental impact statement prepared under subsection (4) of this section through access to financial assistance under RCW 36.70A.490 or funding from private sources. In addition, a city is authorized to recover a portion of its reasonable expenses of preparation of such a nonproject environmental impact statement by the assessment of reasonable and proportionate fees upon subsequent development that is consistent with the plan and development regulations adopted under subsection (5) of this section, as long as the development makes use of and benefits, as described in subsection (5) of this section, from the nonproject environmental impact statement prepared by the city. Any assessment fees collected from subsequent development may be used to reimburse funding received from private sources. In order to collect such fees, the city must

FIFTY FIRST DAY, MARCH 2, 2010

enact an ordinance that sets forth objective standards for determining how the fees to be imposed upon each development will be proportionate to the impacts of each development and to the benefits accruing to each development from the nonproject environmental impact statement. Any disagreement about the reasonableness or amount of the fees imposed upon a development may not be the basis for delay in issuance of a project permit for that development. The fee assessed by the city may be paid with the written stipulation "paid under protest" and if the city provides for an administrative appeal of its decision on the project for which the fees are imposed, any dispute about the amount of the fees must be resolved in the same administrative appeal process.

(7) If a proposed development is inconsistent with the nonproject environmental impact statement developed under subsection (4) of this section or if potential impacts from a proposed development are not adequately addressed in the nonproject environmental impact statement developed under subsection (4) of this section, the city shall require a supplement environmental impact statement.

**Sec. 3.** RCW 82.02.020 and 2009 c 535 s 1103 are each amended to read as follows:

Except only as expressly provided in chapters 67.28, 81.104, and 82.14 RCW, the state preempts the field of imposing retail sales and use taxes and taxes upon parimutuel wagering authorized pursuant to RCW 67.16.060, conveyances, and cigarettes, and no county, town, or other municipal subdivision shall have the right to impose taxes of that nature. Except as provided in RCW 64.34.440 and 82.02.050 through 82.02.090, no county, city, town, or other municipal corporation shall impose any tax, fee, or charge, either direct or indirect, on the construction or reconstruction of residential buildings, commercial buildings, industrial buildings, or on any other building or building space or appurtenance thereto, or on the development, subdivision, classification, or reclassification of land. However, this section does not preclude dedications of land or easements within the proposed development or plat which the county, city, town, or other municipal corporation can demonstrate are reasonably necessary as a direct result of the proposed development or plat to which the dedication of land or easement is to apply.

This section does not prohibit voluntary agreements with counties, cities, towns, or other municipal corporations that allow a payment in lieu of a dedication of land or to mitigate a direct impact that has been identified as a consequence of a proposed development, subdivision, or plat. A local government shall not use such voluntary agreements for local off-site transportation improvements within the geographic boundaries of the area or areas covered by an adopted transportation program authorized by chapter 39.92 RCW. Any such voluntary agreement is subject to the following provisions:

(1) The payment shall be held in a reserve account and may only be expended to fund a capital improvement agreed upon by the parties to mitigate the identified, direct impact;

(2) The payment shall be expended in all cases within five years of collection; and

(3) Any payment not so expended shall be refunded with interest to be calculated from the original date the deposit was received by the county and at the same rate applied to tax refunds pursuant to RCW 84.69.100; however, if the payment is not expended within five years due to delay attributable to the developer, the payment shall be refunded without interest.

No county, city, town, or other municipal corporation shall require any payment as part of such a voluntary agreement which the county, city, town, or other municipal corporation cannot establish is reasonably necessary as a direct result of the proposed development or plat.

Nothing in this section prohibits cities, towns, counties, or other municipal corporations from collecting reasonable fees from an applicant for a permit or other governmental approval to cover the cost to the city, town, county, or other municipal corporation of processing applications, inspecting and reviewing plans, or preparing detailed statements required by chapter 43.21C RCW, including reasonable fees that are consistent with section 2(6) of this act.

This section does not limit the existing authority of any county, city, town, or other municipal corporation to impose special assessments on property specifically benefitted thereby in the manner prescribed by law.

Nothing in this section prohibits counties, cities, or towns from imposing or permits counties, cities, or towns to impose water, sewer, natural gas, drainage utility, and drainage system charges. However, no such charge shall exceed the proportionate share of such utility or system's capital costs which the county, city, or town can demonstrate are attributable to the property being charged. Furthermore, these provisions may not be interpreted to expand or contract any existing authority of counties, cities, or towns to impose such charges.

Nothing in this section prohibits a transportation benefit district from imposing fees or charges authorized in RCW 36.73.120 nor prohibits the legislative authority of a county, city, or town from approving the imposition of such fees within a transportation benefit district.

Nothing in this section prohibits counties, cities, or towns from imposing transportation impact fees authorized pursuant to chapter 39.92 RCW.

Nothing in this section prohibits counties, cities, or towns from requiring property owners to provide relocation assistance to tenants under RCW 59.18.440 and 59.18.450.

Nothing in this section limits the authority of counties, cities, or towns to implement programs consistent with RCW 36.70A.540, nor to enforce agreements made pursuant to such programs.

This section does not apply to special purpose districts formed and acting pursuant to Title 54, 57, or 87 RCW, nor is the authority conferred by these titles affected."

## MOTION

Senator Keiser moved that the following committee striking amendment by the Committee on Labor, Commerce & Consumer Protection be adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 46.96.030 and 1989 c 415 s 3 are each amended to read as follows:

Notwithstanding the terms of a franchise and notwithstanding the terms of a waiver, no manufacturer may terminate, cancel, or fail to renew a franchise with a new motor vehicle dealer, unless the manufacturer has complied with the notice requirements of RCW 46.96.070 and an administrative law judge has determined, if requested in writing by the new motor vehicle dealer within the applicable time period specified in RCW 46.96.070 (1), (2), or (3), after hearing, that there is good cause for the termination, cancellation, or nonrenewal of the franchise and that the manufacturer has acted in good faith, as defined in this chapter, regarding the termination, cancellation, or nonrenewal. Between the time of issuance of the notice required under RCW 46.96.070 and the effective termination, cancellation, or nonrenewal of the franchise under this chapter, the rights, duties, and obligations of the new motor vehicle dealer and the manufacturer under the franchise and this chapter are unaffected, including those under RCW 46.96.200.

**Sec. 2.** RCW 46.96.070 and 1989 c 415 s 7 are each amended to read as follows:

Before the termination, cancellation, or nonrenewal of a franchise, the manufacturer shall give written notification to both the department and the new motor vehicle dealer. For the purposes of this chapter, the discontinuance of the sale and distribution of a new motor vehicle line, or the constructive discontinuance by material reduction in selection offered, such that continuing to retail the line

is no longer economically viable for a dealer is, at the option of the dealer, considered a termination, cancellation, or nonrenewal of a franchise. The notice shall be by certified mail or personally delivered to the new motor vehicle dealer and shall state the intention to terminate, cancel, or not renew the franchise, the reasons for the termination, cancellation, or nonrenewal, and the effective date of the termination, cancellation, or nonrenewal. The notice shall be given:

(1) Not less than ninety days before the effective date of the termination, cancellation, or nonrenewal;

(2) Not less than fifteen days before the effective date of the termination, cancellation, or nonrenewal with respect to any of the following that constitute good cause for termination, cancellation, or nonrenewal:

(a) Insolvency of the new motor vehicle dealer or the filing of any petition by or against the new motor vehicle dealer under bankruptcy or receivership law;

(b) Failure of the new motor vehicle dealer to conduct sales and service operations during customary business hours for seven consecutive business days, except for acts of God or circumstances beyond the direct control of the new motor vehicle dealer;

(c) Conviction of the new motor vehicle dealer, or principal operator of the dealership, of a felony punishable by imprisonment; or

(d) Suspension or revocation of a license that the new motor vehicle dealer is required to have to operate the new motor vehicle dealership where the suspension or revocation is for a period in excess of thirty days;

(3) Not less than one hundred eighty days before the effective date of termination, cancellation, or nonrenewal, where the manufacturer intends to discontinue sale and distribution of the new motor vehicle line.

**Sec. 3.** RCW 46.96.090 and 1989 c 415 s 9 are each amended to read as follows:

(1) In the event of a termination, cancellation, or nonrenewal under this chapter, except for termination, cancellation, or nonrenewal under RCW 46.96.070(2) or a voluntary termination, cancellation, or nonrenewal initiated by the dealer, the manufacturer shall, at the request and option of the new motor vehicle dealer, also pay to the new motor vehicle dealer the dealer costs for any relocation, substantial alteration, or remodeling of a dealer's facilities required by a manufacturer for the continuance or renewal of a franchise agreement completed within three years of the termination, cancellation, or nonrenewal and:

(a) A sum equivalent to rent for the unexpired term of the lease or one year, whichever is less, or such longer term as provided in the franchise, if the new motor vehicle dealer is leasing the new motor vehicle dealership facilities from a lessor other than the manufacturer; or

(b) A sum equivalent to the reasonable rental value of the new motor vehicle dealership facilities for one year or until the facilities are leased or sold, whichever is less, if the new motor vehicle dealer owns the new motor vehicle dealership facilities.

(2) The rental payment required under subsection (1) of this section is only required to the extent that the facilities were used for activities under the franchise and only to the extent the facilities were not leased for unrelated purposes. If the rental payment under subsection (1) of this section is made, the manufacturer is entitled to possession and use of the new motor vehicle dealership facilities for the period rent is paid.

**Sec. 4.** RCW 46.96.105 and 2003 c 21 s 2 are each amended to read as follows:

(1) Each manufacturer shall specify in its franchise agreement, or in a separate written agreement, with each of its dealers licensed in this state, the dealer's obligation to perform warranty work or

2010 REGULAR SESSION

service on the manufacturer's products. Each manufacturer shall provide each of its dealers with a schedule of compensation to be paid to the dealer for any warranty work or service, including parts, labor, and diagnostic work, required of the dealer by the manufacturer in connection with the manufacturer's products. The schedule of compensation must not be less than the rates charged by the dealer for similar service to retail customers for nonwarranty service and repairs, and must not be less than the schedule of compensation for an existing dealer as of the effective date of this section.

(a) The rates charged by the dealer for nonwarranty service or work for parts means the price paid by the dealer for those parts, including all shipping and other charges, increased by the franchisee's average percentage markup. A dealer must establish and declare the dealer's average percentage markup by submitting to the manufacturer one hundred sequential customer-paid service repair orders or ninety days of customer-paid service repair orders, whichever is less, covering repairs made no more than one hundred eighty days before the submission. A change in a dealer's established average percentage markup takes effect thirty days following the submission. A manufacturer may not require a dealer to establish average percentage markup by another methodology. A manufacturer may not require information that the dealer believes is unduly burdensome or time consuming to provide, including, but not limited to, part-by-part or transaction-by-transaction calculations.

(b) A manufacturer shall compensate a dealer for labor and diagnostic work at the rates charged by the dealer to its retail customers for such work. If a manufacturer can demonstrate that the rates unreasonably exceed those of all other franchised motor vehicle dealers in the same relevant market area offering the same or a competitive motor vehicle line, the manufacturer is not required to honor the rate increase proposed by the dealer. If the manufacturer is not required to honor the rate increase proposed by the dealer, the dealer is entitled to resubmit a new proposed rate for labor and diagnostic work.

(c) A dealer may not be granted an increase in the average percentage markup or labor and diagnostic work rate more than twice in one calendar year.

(2) All claims for warranty work for parts and labor made by dealers under this section shall be submitted to the manufacturer within one year of the date the work was performed. All claims submitted must be paid by the manufacturer within thirty days following receipt, provided the claim has been approved by the manufacturer. The manufacturer has the right to audit claims for warranty work and to charge the dealer for any unsubstantiated, incorrect, or false claims for a period of one year following payment. However, the manufacturer may audit and charge the dealer for any fraudulent claims during any period for which an action for fraud may be commenced under applicable state law.

(3) All claims submitted by dealers on the forms and in the manner specified by the manufacturer shall be either approved or disapproved within thirty days following their receipt. The manufacturer shall notify the dealer in writing of any disapproved claim, and shall set forth the reasons why the claim was not approved. Any claim not specifically disapproved in writing within thirty days following receipt is approved, and the manufacturer is required to pay that claim within thirty days of receipt of the claim.

(4) A manufacturer may not otherwise recover all or any portion of its costs for compensating its dealers licensed in this state for warranty parts and service either by reduction in the amount due to the dealer or by separate charge, surcharge, or other imposition.

**Sec. 5.** RCW 46.96.110 and 1989 c 415 s 11 are each amended to read as follows:

(1) Notwithstanding the terms of a franchise, (a) an owner may appoint a designated successor to succeed to the ownership of the new motor vehicle dealer franchise upon the owner's death or incapacity, or (b) if an owner who has owned the franchise for not less than five consecutive years, the owner may appoint a designated successor to be effective on a date of the owner's choosing that is prior to the owner's death or disability.

(2) Notwithstanding the terms of a franchise, a designated successor ~~((of a deceased or incapacitated owner of a new motor vehicle dealer franchise))~~ described under subsection (1) of this section may succeed to the ownership interest of the owner under the existing franchise, if:

(a) In the case of a designated successor who meets the definition of a designated successor under RCW 46.96.020(5)(a), but who is not experienced in the business of a new motor vehicle dealer, the person will employ an individual who is qualified and experienced in the business of a new motor vehicle dealer to help manage the day-to-day operations of the motor vehicle dealership; or in the case of a designated successor who meets the definition of a designated successor under RCW 46.96.020(5) (b) or (c), the person is qualified and experienced in the business of a new motor vehicle dealer and meets the normal, reasonable, and uniformly applied standards for grant of an application as a new motor vehicle dealer by the manufacturer; and

(b) The designated successor furnishes written notice to the manufacturer of his or her intention to succeed to the ownership of the new motor vehicle dealership within sixty days after the owner's death or incapacity, or if the appointment is under subsection (1)(b) of this section, at least thirty days before the designated successor's proposed succession; and

(c) The designated successor agrees to be bound by all terms and conditions of the franchise.

(3) The manufacturer may request, and the designated successor shall promptly provide, such personal and financial information as is reasonably necessary to determine whether the succession should be honored.

(4) A manufacturer may refuse to honor the succession to the ownership of a new motor vehicle dealer franchise by a designated successor if the manufacturer establishes that good cause exists for its refusal to honor the succession. If the designated successor ~~((of a deceased or incapacitated owner))~~ of a new motor vehicle dealer franchise fails to meet the requirements set forth in subsections (2)(a), (b), and (c) of this section, good cause for refusing to honor the succession is presumed to exist. If a manufacturer believes that good cause exists for refusing to honor the succession to the ownership of a new motor vehicle dealer franchise by a designated successor, the manufacturer shall serve written notice on the designated successor and on the department of its refusal to honor the succession no earlier than sixty days from the date the notice is served. The notice must be served not later than sixty days after the manufacturer's receipt of:

(a) Notice of the designated successor's intent to succeed to the ownership interest of the new motor vehicle dealer's franchise; or

(b) Any personal or financial information requested by the manufacturer.

(5) The notice in subsection (4) of this section shall state the specific grounds for the refusal to honor the succession. If the notice of refusal is not timely and properly served, the designated successor may continue the franchise in full force and effect, subject to termination only as otherwise provided under this chapter.

(6) Within twenty days after receipt of the notice or within twenty days after the end of any appeal procedure provided by the manufacturer, whichever is greater, the designated successor may file a petition with the department protesting the refusal to honor the succession. The petition shall contain a short statement setting

FIFTY FIRST DAY, MARCH 2, 2010

forth the reasons for the designated successor's protest. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The manufacturer shall not terminate or otherwise discontinue the existing franchise until the administrative law judge has held a hearing and has determined that there is good cause for refusing to honor the succession. If an appeal is taken, the manufacturer shall not terminate or discontinue the franchise until the appeal to superior court is finally determined or until the expiration of one hundred eighty days from the date of issuance of the administrative law judge's written decision, whichever is less. Nothing in this section precludes a manufacturer or dealer from petitioning the superior court for a stay or other relief pending judicial review.

(7) The manufacturer has the burden of proof to show that good cause exists for the refusal to honor the succession.

(8) The administrative law judge shall conduct the hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred eighty days after a protest is filed.

(9) The administrative law judge shall conduct any hearing concerning the refusal to the succession as provided in RCW 46.96.050(2) and all hearing costs shall be borne as provided in that subsection. A party to such a hearing aggrieved by the final order of the administrative law judge may appeal as provided and allowed in RCW 46.96.050(3).

(10) This section does not preclude the owner of a new motor vehicle dealer franchise from designating any person as his or her successor by a written, notarized, and witnessed instrument filed with the manufacturer. In the event of a conflict between such a written instrument that has not been revoked by written notice from the owner to the manufacturer and this section, the written instrument governs.

**Sec. 6.** RCW 46.96.185 and 2003 c 21 s 3 are each amended to read as follows:

(1) Notwithstanding the terms of a franchise agreement, a manufacturer, distributor, factory branch, or factory representative, or an agent, officer, parent company, wholly or partially owned subsidiary, affiliated entity, or other person controlled by or under common control with a manufacturer, distributor, factory branch, or factory representative, shall not:

(a) Discriminate between new motor vehicle dealers by selling or offering to sell a like vehicle to one dealer at a lower actual price than the actual price offered to another dealer for the same model similarly equipped;

(b) Discriminate between new motor vehicle dealers by selling or offering to sell parts or accessories to one dealer at a lower actual price than the actual price offered to another dealer;

(c) Discriminate between new motor vehicle dealers by using a promotion plan, marketing plan, or other similar device that results in a lower actual price on vehicles, parts, or accessories being charged to one dealer over another dealer;

(d) Discriminate between new motor vehicle dealers by adopting a method, or changing an existing method, for the allocation, scheduling, or delivery of new motor vehicles, parts, or accessories to its dealers that is not fair, reasonable, and equitable. Upon the request of a dealer, a manufacturer, distributor, factory branch, or factory representative shall disclose in writing to the dealer the method by which new motor vehicles, parts, and accessories are allocated, scheduled, or delivered to its dealers handling the same line or make of vehicles;

(e) Discriminate against a new motor vehicle dealer by preventing, offsetting, or otherwise impairing the dealer's right to request a documentary service fee on affinity or similar program purchases. This prohibition applies to, but is not limited to, any

promotion plan, marketing plan, manufacturer or dealer employee or employee friends or family purchase programs, or similar plans or programs;

(f) Give preferential treatment to some new motor vehicle dealers over others by refusing or failing to deliver, in reasonable quantities and within a reasonable time after receipt of an order, to a dealer holding a franchise for a line or make of motor vehicles sold or distributed by the manufacturer, distributor, factory branch, or factory representative, a new vehicle, parts, or accessories, if the vehicle, parts, or accessories are being delivered to other dealers, or require a dealer to purchase unreasonable advertising displays or other materials, or unreasonably require a dealer to remodel or renovate existing facilities as a prerequisite to receiving a model or series of vehicles;

~~((f))~~ (g) Compete with a new motor vehicle dealer of any make or line by acting in the capacity of a new motor vehicle dealer, or by owning, operating, or controlling, whether directly or indirectly, a motor vehicle dealership in this state. It is not, however, a violation of this subsection for:

(i) A manufacturer, distributor, factory branch, or factory representative to own or operate a dealership for a temporary period, not to exceed two years, during the transition from one owner of the dealership to another where the dealership was previously owned by a franchised dealer and is currently for sale to any qualified independent person at a fair and reasonable price. The temporary operation may be extended for one twelve-month period on petition of the temporary operator to the department. The matter will be handled as an adjudicative proceeding under chapter 34.05 RCW. A dealer who is a franchisee of the petitioning manufacturer or distributor may intervene and participate in a proceeding under this subsection ~~(1)((f))~~ (g)(i). The temporary operator has the burden of proof to show justification for the extension and a good faith effort to sell the dealership to an independent person at a fair and reasonable price;

(ii) A manufacturer, distributor, factory branch, or factory representative to own or operate a dealership in conjunction with an independent person in a bona fide business relationship for the purpose of broadening the diversity of its dealer body and enhancing opportunities for qualified persons who are part of a group who have historically been underrepresented in its dealer body, or other qualified persons who lack the resources to purchase a dealership outright, and where the independent person: (A) Has made, or within a period of two years from the date of commencement of operation will have made, a significant, bona fide capital investment in the dealership that is subject to loss; (B) has an ownership interest in the dealership; and (C) operates the dealership under a bona fide written agreement with the manufacturer, distributor, factory branch, or factory representative under which he or she will acquire all of the ownership interest in the dealership within a reasonable period of time and under reasonable terms and conditions. The manufacturer, distributor, factory branch, or factory representative has the burden of proof of establishing that the acquisition of the dealership by the independent person was made within a reasonable period of time and under reasonable terms and conditions. Nothing in this subsection ~~(1)((f))~~ (g)(ii) relieves a manufacturer, distributor, factory branch, or factory representative from complying with ~~(RCW 46.96.185(1))~~ (a) through ~~((e))~~ (f) of this subsection;

(iii) A manufacturer, distributor, factory branch, or factory representative to own or operate a dealership in conjunction with an independent person in a bona fide business relationship where the independent person: (A) Has made, or within a period of two years from the date of commencement of operation will have made, a significant, bona fide capital investment in the dealership that is subject to loss; (B) has an ownership interest in the dealership; and

(C) operates the dealership under a bona fide written agreement with the manufacturer, distributor, factory branch, or factory representative under which he or she will acquire all of the ownership interest in the dealership within a reasonable period of time and under reasonable terms and conditions. The manufacturer, distributor, factory branch, or factory representative has the burden of proof of establishing that the acquisition of the dealership by the independent person was made within a reasonable period of time and under reasonable terms and conditions. The number of dealerships operated under this subsection (1)(~~(f)~~) (~~(g)~~(iii)) may not exceed four percent rounded up to the nearest whole number of a manufacturer's total of new motor vehicle dealer franchises in this state. Nothing in this subsection (1)(~~(f)~~) (~~(g)~~(iii)) relieves a manufacturer, distributor, factory branch, or factory representative from complying with (~~RCW 46.96.185(1)~~) (a) through (~~(e)~~) (~~(f)~~) of this subsection;

(iv) A truck manufacturer to own, operate, or control a new motor vehicle dealership that sells only trucks of that manufacturer's line make with a gross vehicle weight rating of 12,500 pounds or more, and the truck manufacturer has been continuously engaged in the retail sale of the trucks at least since January 1, 1993; or

(v) A manufacturer to own, operate, or control a new motor vehicle dealership trading exclusively in a single line make of the manufacturer if (A) the manufacturer does not own, directly or indirectly, in the aggregate, in excess of forty-five percent of the total ownership interest in the dealership, (B) at the time the manufacturer first acquires ownership or assumes operation or control of any such dealership, the distance between any dealership thus owned, operated, or controlled and the nearest new motor vehicle dealership trading in the same line make of vehicle and in which the manufacturer has no ownership or control is not less than fifteen miles and complies with the applicable provisions in the relevant market area sections of this chapter, (C) all of the manufacturer's franchise agreements confer rights on the dealer of that line make to develop and operate within a defined geographic territory or area, as many dealership facilities as the dealer and the manufacturer agree are appropriate, and (D) as of January 1, 2000, the manufacturer had no more than four new motor vehicle dealers of that manufacturer's line make in this state, and at least half of those dealers owned and operated two or more dealership facilities in the geographic territory or area covered by their franchise agreements with the manufacturer;

(~~(e)~~) (~~(h)~~) Compete with a new motor vehicle dealer by owning, operating, or controlling, whether directly or indirectly, a service facility in this state for the repair or maintenance of motor vehicles under the manufacturer's new car warranty and extended warranty. Nothing in this subsection (1)(~~(e)~~) (~~(h)~~), however, prohibits a manufacturer, distributor, factory branch, or factory representative from owning or operating a service facility for the purpose of providing or performing maintenance, repair, or service work on motor vehicles that are owned by the manufacturer, distributor, factory branch, or factory representative;

(~~(h)~~) (~~(i)~~) Use confidential or proprietary information obtained from a new motor vehicle dealer to unfairly compete with the dealer. For purposes of this subsection (1)(~~(h)~~) (~~(i)~~), "confidential or proprietary information" means trade secrets as defined in RCW 19.108.010, business plans, marketing plans or strategies, customer lists, contracts, sales data, revenues, or other financial information;

(~~(i)~~) (~~(j)~~(i)) Terminate, cancel, or fail to renew a franchise with a new motor vehicle dealer based upon any of the following events, which do not constitute good cause for termination, cancellation, or nonrenewal under RCW 46.96.060: (A) The fact that the new motor vehicle dealer owns, has an investment in, participates in the management of, or holds a franchise agreement for the sale or service of another make or line of new motor vehicles(~~(-e)~~); (B) the

fact that the new motor vehicle dealer has established another make or line of new motor vehicles or service in the same dealership facilities as those of the manufacturer or distributor (~~(with the prior written approval of the manufacturer or distributor, if the approval was required under the terms of the new motor vehicle dealer's franchise agreement)~~); (C) that the new motor vehicle dealer has or intends to relocate the manufacturer or distributor's make or line of new motor vehicles or service to an existing dealership facility that is within the relevant market area, as defined in RCW 46.96.140, of the make or line to be relocated, except that, in any nonemergency circumstance, the dealer must give the manufacturer or distributor at least sixty days' notice of his or her intent to relocate; or (D) the failure of a franchisee to change the location of the dealership or to make substantial alterations to the use or number of franchises on the dealership premises or facilities.

(ii) Notwithstanding the limitations of this section, a manufacturer may, for separate consideration, enter into a written contract with a dealer to exclusively sell and service a single make or line of new motor vehicles at a specific facility for a defined period of time. The penalty for breach of the contract must not exceed the amount of consideration paid by the manufacturer plus a reasonable rate of interest; (~~(e)~~

~~(f)~~) (~~(k)~~) Coerce or attempt to coerce a motor vehicle dealer to refrain from, or prohibit or attempt to prohibit a new motor vehicle dealer from acquiring, owning, having an investment in, participating in the management of, or holding a franchise agreement for the sale or service of another make or line of new motor vehicles or related products, or establishing another make or line of new motor vehicles or service in the same dealership facilities, if the prohibition against acquiring, owning, investing, managing, or holding a franchise for such additional make or line of vehicles or products, or establishing another make or line of new motor vehicles or service in the same dealership facilities, is not supported by reasonable business considerations. The burden of proving that reasonable business considerations support or justify the prohibition against the additional make or line of new motor vehicles or products or nonexclusive facilities is on the manufacturer;

(l) Require, by contract or otherwise, a new motor vehicle dealer to make a material alteration, expansion, or addition to any dealership facility, unless the required alteration, expansion, or addition is uniformly required of other similarly situated new motor vehicle dealers of the same make or line of vehicles and is reasonable in light of all existing circumstances, including economic conditions. In any proceeding in which a required facility alteration, expansion, or addition is an issue, the manufacturer or distributor has the burden of proof;

(m) Prevent or attempt to prevent by contract or otherwise any new motor vehicle dealer from changing the executive management of a new motor vehicle dealer unless the manufacturer or distributor, having the burden of proof, can show that a proposed change of executive management will result in executive management by a person or persons who are not of good moral character or who do not meet reasonable, preexisting, and equitably applied standards of the manufacturer or distributor. If a manufacturer or distributor rejects a proposed change in the executive management, the manufacturer or distributor shall give written notice of its reasons to the dealer within sixty days after receiving written notice from the dealer of the proposed change and all related information reasonably requested by the manufacturer or distributor, or the change in executive management must be considered approved; or

(n) Condition the sale, transfer, relocation, or renewal of a franchise agreement or condition manufacturer, distributor, factory branch, or factory representative sales, services, or parts incentives upon the manufacturer obtaining site control, including rights to

2010 REGULAR SESSION

purchase or lease the dealer's facility, or an agreement to make improvements or substantial renovations to a facility. For purposes of this section, a substantial renovation has a gross cost to the dealer in excess of five thousand dollars.

(2) Subsection (1)(a), (b), and (c) of this section do not apply to sales to a motor vehicle dealer: (a) For resale to a federal, state, or local government agency; (b) where the vehicles will be sold or donated for use in a program of driver's education; (c) where the sale is made under a manufacturer's bona fide promotional program offering sales incentives or rebates; (d) where the sale of parts or accessories is under a manufacturer's bona fide quantity discount program; or (e) where the sale is made under a manufacturer's bona fide fleet vehicle discount program. For purposes of this subsection, "fleet" means a group of fifteen or more new motor vehicles purchased or leased by a dealer at one time under a single purchase or lease agreement for use as part of a fleet, and where the dealer has been assigned a fleet identifier code by the department of licensing.

(3) The following definitions apply to this section:

(a) "Actual price" means the price to be paid by the dealer less any incentive paid by the manufacturer, distributor, factory branch, or factory representative, whether paid to the dealer or the ultimate purchaser of the vehicle.

(b) "Control" or "controlling" means (i) the possession of, title to, or control of ten percent or more of the voting equity interest in a person, whether directly or indirectly through a fiduciary, agent, or other intermediary, or (ii) the possession, direct or indirect, of the power to direct or cause the direction of the management or policies of a person, whether through the ownership of voting securities, through director control, by contract, or otherwise, except as expressly provided under the franchise agreement.

(c) "Motor vehicles" does not include trucks that are 14,001 pounds gross vehicle weight and above or recreational vehicles as defined in RCW 43.22.335.

(d) "Operate" means to manage a dealership, whether directly or indirectly.

(e) "Own" or "ownership" means to hold the beneficial ownership of one percent or more of any class of equity interest in a dealership, whether the interest is that of a shareholder, partner, limited liability company member, or otherwise. To hold an ownership interest means to have possession of, title to, or control of the ownership interest, whether directly or indirectly through a fiduciary, agent, or other intermediary.

(4) A violation of this section is deemed to affect the public interest and constitutes an unlawful and unfair practice under chapter 19.86 RCW. A person aggrieved by an alleged violation of this section may petition the department to have the matter handled as an adjudicative proceeding under chapter 34.05 RCW.

**Sec. 7.** RCW 46.96.200 and 1994 c 274 s 7 are each amended to read as follows:

(1) Notwithstanding the terms of a franchise, a manufacturer shall not ~~((unreasonably))~~ withhold consent to the sale, transfer, or exchange of a franchise to a qualified buyer who meets the normal, reasonable, and uniformly applied standards established by the manufacturer for the appointment of a new dealer who does not already hold a franchise with the manufacturer or is capable of being licensed as a new motor vehicle dealer in the state of Washington. A decision or determination made by the administrative law judge as to whether a qualified buyer is capable of being licensed as a new motor vehicle dealer in the state of Washington is not conclusive or determinative of any ultimate determination made by the department of licensing as to the buyer's qualification for a motor vehicle dealer license. A manufacturer's failure to respond in writing to a request for consent under this subsection within sixty days after receipt of a written request on the forms, if any, generally

used by the manufacturer containing the information and reasonable promises required by a manufacturer is deemed to be consent to the request. A manufacturer may request, and, if so requested, the applicant for a franchise (a) shall promptly provide such personal and financial information as is reasonably necessary to determine whether the sale, transfer, or exchange should be approved, and (b) shall agree to be bound by all reasonable terms and conditions of the franchise.

(2) If a manufacturer refuses to approve the sale, transfer, or exchange of a franchise, the manufacturer shall serve written notice on the applicant, the transferring, selling, or exchanging new motor vehicle dealer, and the department of its refusal to approve the transfer of the franchise no later than sixty days after the date the manufacturer receives the written request from the new motor vehicle dealer. If the manufacturer has requested personal or financial information from the applicant under subsection (1) of this section, the notice shall be served not later than sixty days after the receipt of all of such documents. Service of all notices under this section shall be made by personal service or by certified mail, return receipt requested.

(3) The notice in subsection (2) of this section shall state the specific grounds for the refusal to approve the sale, transfer, or exchange of the franchise.

(4) Within twenty days after receipt of the notice of refusal to approve the sale, transfer, or exchange of the franchise by the transferring new motor vehicle dealer, the new motor vehicle dealer may file a petition with the department to protest the refusal to approve the sale, transfer, or exchange. The petition shall contain a short statement setting forth the reasons for the dealer's protest. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed, and the department shall arrange for a hearing with an administrative law judge as the presiding officer to determine if the manufacturer unreasonably withheld consent to the sale, transfer, or exchange of the franchise.

(5) ((In determining whether the manufacturer unreasonably withheld its approval to the sale, transfer, or exchange, the manufacturer has the burden of proof that it acted reasonably. A manufacturer's refusal to accept or approve a proposed buyer who otherwise meets the normal, reasonable, and uniformly applied standards established by the manufacturer for the appointment of a new dealer, or who otherwise is capable of being licensed as a new motor vehicle dealer in the state of Washington, is presumed to be unreasonable.

(6))) The administrative law judge shall conduct a hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred twenty days after a protest is filed. Only the selling, transferring, or exchanging new motor vehicle dealer and the manufacturer may be parties to the hearing.

~~((7)))~~ (6) The administrative law judge shall conduct any hearing as provided in RCW 46.96.050(2), and all hearing costs shall be borne as provided in that subsection. Only the manufacturer and the selling, transferring, or exchanging new motor vehicle dealer may appeal the final order of the administrative law judge as provided in RCW 46.96.050(3).

~~((8)))~~ (7) This section and RCW 46.96.030 through 46.96.110 apply to all franchises and contracts existing on July 23, 1989, between manufacturers and new motor vehicle dealers as well as to all future franchises and contracts between manufacturers and new motor vehicle dealers.

~~((9)))~~ (8) RCW 46.96.140 through 46.96.190 apply to all franchises and contracts existing on October 1, 1994, between manufacturers and new motor vehicle dealers as well as to all future franchises and contracts between manufacturers and new motor vehicle dealers.

FIFTY FIRST DAY, MARCH 2, 2010

2010 REGULAR SESSION

**NEW SECTION. Sec. 8.** A new section is added to chapter 46.96 RCW to read as follows:

(1) In the event of a termination, cancellation, or nonrenewal under this chapter, except for a termination, cancellation, or nonrenewal under RCW 46.96.070(2), or a voluntary termination, cancellation, or nonrenewal initiated by the dealer, the manufacturer shall, at the request and option of the new motor vehicle dealer, also pay to the new motor vehicle dealer the fair market value of the motor vehicle dealer's goodwill for the make or line as of the date immediately preceding any communication to the public or dealer regarding termination. To the extent the franchise agreement provides for the payment or reimbursement to the new motor vehicle dealer in excess of the value specified in this section, the provisions of the franchise agreement control.

(2) The manufacturer shall pay the new motor vehicle dealer the value specified in subsection (1) of this section within ninety days after the date of termination.

**NEW SECTION. Sec. 9.** A new section is added to chapter 46.96 RCW to read as follows:

A manufacturer shall, upon demand, indemnify and hold harmless any existing or former franchisee and the franchisee's successors and assigns from any and all damages sustained and attorneys' fees and other expenses reasonably incurred by the franchisee that result from or relate to any claim made or asserted by a third party against the franchisee to the extent the claim results from any of the following:

(1) The condition, characteristics, manufacture, assembly, or design of any vehicle, parts, accessories, tools, or equipment, or the selection or combination of parts or components manufactured or distributed by the manufacturer or distributor;

(2) Service systems, procedures, or methods that the franchisor required or recommended the franchisee to use;

(3) Improper use by the manufacturer, its assignees, contractors, representatives, or licensees of nonpublic personal information obtained from a franchisee concerning any consumer, customer, or employee of the franchisee; or

(4) Any act or omission of the manufacturer or distributor for which the franchisee would have a claim for contribution or indemnity under applicable law or under the franchise, irrespective of any prior termination or expiration of the franchise.

**NEW SECTION. Sec. 10.** A new section is added to chapter 46.96 RCW to read as follows:

A manufacturer may not take or threaten to take any adverse action against a new motor vehicle dealer, including charge backs, reducing vehicle allocations, or terminating or threatening to terminate a franchise, because the dealer sold or leased a vehicle to a customer who exported the vehicle to a foreign country or who resold the vehicle, unless the manufacturer or distributor definitively proves that the dealer knew or reasonably should have known that the customer intended to export or resell the vehicle. A manufacturer or distributor shall, upon demand, indemnify, hold harmless, and defend any existing or former franchisee or franchisee's successors or assigns from any and all claims asserted, or damages sustained and attorneys' fees and other expenses reasonably incurred by the franchisee that result from or relate to any claim made or asserted, by a third party against the franchisee for any policy, program, or other behavior suggested by the manufacturer for sales of vehicles to parties that intend to export a vehicle purchased from the franchisee.

**NEW SECTION. Sec. 11.** A new section is added to chapter 46.96 RCW to read as follows:

A new motor vehicle dealer who is injured in his or her business or property by a violation of this chapter may bring a civil action in the superior court to recover the actual damages sustained by the dealer, together with the costs of the suit, including reasonable

attorneys' fees if the new motor vehicle dealer prevails. The new motor vehicle dealer may bring a civil action in district court to recover his or her actual damages, except for damages that exceed the amount specified in RCW 3.66.020, and the costs of the suit, including reasonable attorneys' fees.

**NEW SECTION. Sec. 12.** A new section is added to chapter 46.96 RCW to read as follows:

A manufacturer or distributor shall not enter into an agreement or understanding with a new motor vehicle dealer that requires the dealer to waive any provisions of this chapter. However, a dealer may, by written contract and for valuable and reasonable separate consideration, waive, limit, or disclaim a manufacturer's obligations or a dealer's rights under RCW 46.96.080, 46.96.090, 46.96.105, 46.96.140, and 46.96.150, if the contract sets forth the specific provisions of this chapter that are waived, limited, or disclaimed. A manufacturer shall not coerce, threaten, intimidate, or require a new motor vehicle dealer, as a condition to granting or renewing a franchise, to enter into such an agreement or understanding.

**NEW SECTION. Sec. 13.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

Annually, the commission must modify the two thousand five hundred fifty dollar limit in this subsection based on percentage change in the implicit price deflator for personal consumption expenditures for the United States as published for the most recent twelve-month period by the bureau of economic analysis of the federal department of commerce;

(h) The name and address of each person in the state of Washington to whom an expenditure was made by the out-of-state committee with respect to a candidate or political committee in the aggregate amount of more than fifty dollars, the amount, date, and purpose of ~~((such))~~ the expenditure, and the total sum of ~~((such))~~ the expenditures; and

(i) ~~((Such))~~ Any other information as the commission may prescribe by rule in keeping with the policies and purposes of this chapter.

## PART 5

### POLITICAL ADVERTISING AND ELECTIONEERING COMMUNICATIONS

**Sec. 501.** RCW 42.17.561 and 2005 c 445 s 1 are each amended to read as follows:

(1) The legislature finds that:

~~((4))~~ (a) Timely disclosure to voters of the identity and sources of funding for electioneering communications is vitally important to the integrity of state, local, and judicial elections.

~~((2))~~ (b) Electioneering communications that identify political candidates for state, local, or judicial office and that are distributed sixty days before an election for those offices are intended to influence voters and the outcome of those elections.

~~((3))~~ (c) The state has a compelling interest in providing voters information about electioneering communications in political

2010 REGULAR SESSION

campaigns concerning candidates for state, local, or judicial office so that voters can be fully informed as to the: ~~((a))~~ (i) Source of support or opposition to those candidates; and ~~((b))~~ (ii) identity of persons attempting to influence the outcome of state, local, and judicial candidate elections.

~~((4))~~ (d) Nondisclosure of financial information about advertising that masquerades as relating only to issues and not to candidate campaigns fosters corruption or the appearance of corruption. These consequences can be substantially avoided by full disclosure of the identity and funding of those persons paying for such advertising.

~~((5))~~ (e) The United States supreme court held in *McConnell et al. v. Federal Elections Commission*, 540 U.S. 93, 124 S.Ct. 619, 157 L.Ed.2d 491 (2003) that speakers seeking to influence elections do not possess an inviolable free speech right to engage in electioneering communications regarding elections, including when issue advocacy is the functional equivalent of express advocacy. Therefore, such election campaign communications can be regulated and the source of funding disclosed.

~~((6))~~ (f) The state ~~((also))~~ has a sufficiently compelling interest in preventing corruption in political campaigns to justify and restore contribution limits and restrictions on the use of soft money in RCW 42.17.640 (as recodified by this act). Those interests include restoring restrictions on the use of such funds for electioneering communications, as well as the laws preventing circumvention of those limits and restrictions.

(2) Based upon the findings in this section, chapter 445, Laws of 2005 is narrowly tailored to accomplish the following and is intended to:

(a) Improve the disclosure to voters of information concerning persons and entities seeking to influence state, local, and judicial campaigns through reasonable and effective mechanisms, including improving disclosure of the source, identity, and funding of electioneering communications concerning state, local, and judicial candidate campaigns;

(b) Regulate electioneering communications that mention state, local, and judicial candidates and that are broadcast, mailed, erected, distributed, or otherwise published right before the election so that the public knows who is paying for such communications;

(c) Reenact and amend the contribution limits in RCW 42.17.640 (7) and (15) (as recodified by this act) and the restrictions on the use of soft money, including as applied to electioneering communications, as those limits and restrictions were in effect following the passage of chapter 2, Laws of 1993 (Initiative Measure No. 134) and before the state supreme court decision in *Washington State Republican Party v. Washington State Public Disclosure Commission*, 141 Wn.2d 245, 4 P.3d 808 (2000). The commission is authorized to fully restore the implementation of the limits and restrictions of RCW 42.17.640 (7) and (15) (as recodified by this act) in light of *McConnell et al. v. Federal Elections Commission*, 540 U.S. 93, 124 S.Ct. 619, 157 L.Ed.2d 491 (2003). The United States supreme court upheld the disclosure and regulation of electioneering communications in political campaigns, including but not limited to issue advocacy that is the functional equivalent of express advocacy; and

(d) Authorize the commission to adopt rules to implement chapter 445, Laws of 2005.

**Sec. 502.** RCW 42.17.565 and 2005 c 445 s 3 are each amended to read as follows:

(1) A payment for or promise to pay for any electioneering communication shall be reported to the commission by the sponsor on forms the commission shall develop by rule to include, at a minimum, the following information:

- (a) Name and address of the sponsor;
- (b) Source of funds for the communication, including:

(i) General treasury funds. The name and address of businesses, unions, groups, associations, or other organizations using general treasury funds for the communication, however, if a business, union, group, association, or other organization undertakes a special solicitation of its members or other persons for an electioneering communication, or it otherwise receives funds for an electioneering communication, that entity shall report pursuant to (b)(ii) of this subsection;

(ii) Special solicitations and other funds. The name, address, and, for individuals, occupation and employer, of a person whose funds were used to pay for the electioneering communication, along with the amount, if such funds from the person have exceeded two hundred fifty dollars in the aggregate for the electioneering communication; and

(iii) Any other source information required or exempted by the commission by rule;

(c) Name and address of the person to whom an electioneering communication related expenditure was made;

(d) A detailed description of each expenditure of more than one hundred dollars;

(e) The date the expenditure was made and the date the electioneering communication was first broadcast, transmitted, mailed, erected, distributed, or otherwise published;

(f) The amount of the expenditure;

(g) The name of each candidate clearly identified in the electioneering communication, the office being sought by each candidate, and the amount of the expenditure attributable to each candidate; and

(h) Any other information the commission may require or exempt by rule.

(2) Electioneering communications shall be reported as follows: The sponsor of an electioneering communication shall report to the commission within twenty-four hours of, or on the first working day after, the date the electioneering communication is broadcast, transmitted, mailed, erected, distributed, or otherwise published.

(3) Electioneering communications shall be reported electronically by the sponsor using software provided or approved by the commission. The commission may make exceptions on a case-by-case basis for a sponsor who lacks the technological ability to file reports using the electronic means provided or approved by the commission.

(4) All persons required to report under RCW 42.17.065, 42.17.080, 42.17.090, and 42.17.100 (as recodified by this act) are subject to the requirements of this section, although the commission may determine by rule that persons filing according to those sections may be exempt from reporting some of the information otherwise required by this section. The commission may determine that reports filed pursuant to this section also satisfy the requirements of RCW 42.17.100 and 42.17.103 (as recodified by this act).

(5) Failure of any sponsor to report electronically under this section shall be a violation of this chapter.

**Sec. 503.** RCW 42.17.570 and 2005 c 445 s 4 are each amended to read as follows:

(1) An electioneering communication made by a person in cooperation, consultation, or concert with, or at the request or suggestion of, a candidate, a candidate's authorized committee, or their agents is a contribution to the candidate.

(2) An electioneering communication made by a person in cooperation, consultation, or concert with, or at the request or suggestion of, a political committee or its agents is a contribution to the political committee.

(3) If an electioneering communication is not a contribution pursuant to subsection (1) or (2) of this section, the sponsor shall file an affidavit or declaration so stating at the time the sponsor is

FIFTY FIRST DAY, MARCH 2, 2010

required to report the electioneering communication expense under RCW 42.17.565 (as recodified by this act).

**Sec. 504.** RCW 42.17.575 and 2005 c 445 s 5 are each amended to read as follows:

(1) The sponsor of an electioneering communication shall preserve all financial records relating to the communication, including books of account, bills, receipts, contributor information, and ledgers, for not less than five calendar years following the year in which the communication was broadcast, transmitted, mailed, erected, or otherwise published.

(2) All reports filed under RCW 42.17.565 (as recodified by this act) shall be certified as correct by the sponsor. If the sponsor is an individual using his or her own funds to pay for the communication, the certification shall be signed by the individual. If the sponsor is a political committee, the certification shall be signed by the committee treasurer. If the sponsor is another entity, the certification shall be signed by the individual responsible for authorizing the expenditure on the entity's behalf.

**Sec. 505.** RCW 42.17.510 and 2005 c 445 s 9 are each amended to read as follows:

(1) All written political advertising, whether relating to candidates or ballot propositions, shall include the sponsor's name and address. All radio and television political advertising, whether relating to candidates or ballot propositions, shall include the sponsor's name. The use of an assumed name for the sponsor of electioneering communications, independent expenditures, or political advertising shall be unlawful. For partisan office, if a candidate has expressed a party or independent preference on the declaration of candidacy, that party or independent designation shall be clearly identified in electioneering communications, independent expenditures, or political advertising.

(2) In addition to the ~~((materials))~~ information required by subsection (1) of this section, except as specifically addressed in subsections (4) and (5) of this section, all political advertising undertaken as an independent expenditure or an electioneering communication by a person or entity other than a bona fide political party ~~((organization, and all electioneering communications,))~~ must include as part of the communication:

~~((a) The ((following)) statement ((as part of the communication "NOTICE TO VOTERS (Required by law): This advertisement is not authorized or approved by any candidate): "No candidate authorized this ad. It is paid for by (name, address, city, state)((-))";~~

~~((b) If the ((advertisement undertaken as an independent expenditure or electioneering communication is undertaken by a nonindividual other than a party organization, then the following notation must also be included)) sponsor is a political committee, the statement: "Top Five Contributors," followed by a listing of the names of the five persons or entities making the largest contributions in excess of seven hundred dollars reportable under this chapter during the twelve-month period before the date of the advertisement or communication; and~~

2010 REGULAR SESSION

(4) In an independent expenditure or electioneering communication transmitted via television or other medium that includes a visual image, the following statement must either be clearly spoken, or appear in print and be visible for at least four seconds, appear in letters greater than four percent of the visual screen height, and have a reasonable color contrast with the background: "No candidate authorized this ad. Paid for by (name, city, state)." If the advertisement or communication is undertaken by a nonindividual other than a party organization, then the following notation must also be included: "Top Five Contributors" followed by a listing of the names of the five persons or entities making the largest contributions in excess of seven hundred dollars reportable under this chapter during the twelve-month period before the date of the advertisement. Abbreviations may be used to describe contributing entities if the full name of the entity has been clearly spoken previously during the broadcast advertisement.

(5) The following statement shall be clearly spoken in an independent expenditure or electioneering communication transmitted by a method that does not include a visual image: "No candidate authorized this ad. Paid for by (name, city, state)." If the independent expenditure or electioneering communication is undertaken by a nonindividual other than a party organization, then the following statement must also be included: "Top Five Contributors" followed by a listing of the names of the five persons or entities making the largest contributions in excess of seven hundred dollars reportable under this chapter during the twelve-month period before the date of the advertisement. Abbreviations may be used to describe contributing entities if the full name of the entity has been clearly spoken previously during the broadcast advertisement.

(6) Political yard signs are exempt from the requirement of subsections (1) and (2) of this section that the name and address of the sponsor of political advertising be listed on the advertising. In addition, the public disclosure commission shall, by rule, exempt from the identification requirements of subsections (1) and (2) of this section forms of political advertising such as campaign buttons, balloons, pens, pencils, sky-writing, inscriptions, and other forms of advertising where identification is impractical.

(7) For the purposes of this section, "yard sign" means any outdoor sign with dimensions no greater than eight feet by four feet.

**Sec. 506.** RCW 42.17.520 and 1984 c 216 s 2 are each amended to read as follows:

At least one picture of the candidate used in any political advertising shall have been taken within the last five years and shall be no smaller than ~~((the largest))~~ any other picture of the same candidate used in the same advertisement.

**Sec. 507.** RCW 42.17.540 and 1984 c 216 s 4 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the responsibility for compliance with RCW 42.17.510 through 42.17.530 (as recodified by this act) shall ~~((rest))~~ be with the sponsor of the political advertising and not with the broadcasting station or other medium.

(2) If a broadcasting station or other medium changes the content of a political advertisement, the station or medium shall be responsible for any failure of the advertisement to comply with RCW 42.17.510 through 42.17.530 (as recodified by this act) that results from that change.

**Sec. 508.** RCW 42.17.110 and 2005 c 445 s 8 are each amended to read as follows:

**PART 6  
CAMPAIGN CONTRIBUTION LIMITS AND OTHER  
RESTRICTIONS**

**Sec. 601.** RCW 42.17.610 and 1993 c 2 s 1 are each amended to read as follows:

(1) The people of the state of Washington find and declare that:

~~((1))~~ (a) The financial strength of certain individuals or organizations should not permit them to exercise a disproportionate or controlling influence on the election of candidates.

~~((2))~~ (b) Rapidly increasing political campaign costs have led many candidates to raise larger percentages of money from special interests with a specific financial stake in matters before state government. This has caused the public perception that decisions of elected officials are being improperly influenced by monetary contributions.

~~((3))~~ (c) Candidates are raising less money in small contributions from individuals and more money from special interests. This has created the public perception that individuals have an insignificant role to play in the political process.

(2) By limiting campaign contributions, the people intend to:

(a) Ensure that individuals and interest groups have fair and equal opportunity to influence elective and governmental processes;

(b) Reduce the influence of large organizational contributors; and

(c) Restore public trust in governmental institutions and the electoral process.

**Sec. 602.** RCW 42.17.640 and 2006 c 348 s 1 are each amended to read as follows:

(g) Bona fide political parties.

(2) No person, other than a bona fide political party or a caucus political committee, may make contributions to a candidate for a ~~((state))~~ legislative office or county office that in the aggregate exceed ~~((seven))~~ eight hundred dollars or to a candidate for a public office in a special purpose district or a state office other than a

~~((state))~~ legislative office that in the aggregate exceed one thousand ~~((four))~~ six hundred dollars for each election in which the candidate is on the ballot or appears as a write-in candidate. However, contributions to a candidate or a candidate's authorized committee may be made with respect to a primary until thirty days after the primary, subject to the following limitations: (a) The candidate lost the primary; (b) the candidate's authorized committee has insufficient funds to pay debts outstanding as of the date of the primary; and (c) the contributions may only be raised and spent to satisfy the outstanding debt. (b) No candidate may accept contributions from a county central committee or a legislative district committee during an election cycle that when combined with contributions from other county central committees or legislative district committees would in the aggregate exceed ~~((thirty-five))~~ forty cents times the number of registered voters in the jurisdiction from which the candidate is elected.

(5)(a) Notwithstanding subsection (3) of this section, no bona fide political party or caucus political committee may make contributions to a state official, county official, or a public official in a special purpose district against whom recall charges have been filed, or to a political committee having the expectation of making expenditures in support of the state official, county official, or a public official in a special purpose district during a recall campaign that in the aggregate exceed (i) ~~((seventy))~~ eighty cents multiplied by the number of eligible registered voters in the jurisdiction entitled to recall the state official if the contributor is a caucus political committee or the governing body of a state organization, or (ii) ~~((thirty-five))~~ forty cents multiplied by the number of registered voters in the jurisdiction from which the candidate is elected if the contributor is a county central committee or a legislative district committee.

**Sec. 1001.** RCW 42.17.390 and 2006 c 315 s 2 are each amended to read as follows:

FIFTY FIRST DAY, MARCH 2, 2010

2010 REGULAR SESSION

One or more of the following civil remedies and sanctions may be imposed by court order in addition to any other remedies provided by law:

(1) If the court finds that the violation of any provision of this chapter by any candidate or political committee probably affected the outcome of any election, the result of ~~((said))~~ that election may be held void and a special election held within sixty days of ~~((such))~~ the finding. Any action to void an election shall be commenced within one year of the date of the election in question. It is intended that this remedy be imposed freely in all appropriate cases to protect the right of the electorate to an informed and knowledgeable vote.

(2) If any lobbyist or sponsor of any grass roots lobbying campaign violates any of the provisions of this chapter, his or her registration may be revoked or suspended and he or she may be enjoined from receiving compensation or making expenditures for lobbying ~~((: PROVIDED, HOWEVER, That))~~. The imposition of ~~((such))~~ a sanction shall not excuse ~~((said))~~ the lobbyist from filing statements and reports required by this chapter.

(3) ~~((Any))~~ A person who violates any of the provisions of this chapter may be subject to a civil penalty of not more than ten thousand dollars for each ~~((such))~~ violation. However, a person or entity who violates RCW 42.17.640 (as recodified by this act) may be subject to a civil penalty of ten thousand dollars or three times the amount of the contribution illegally made or accepted, whichever is greater.

(4) ~~((Any))~~ A person who fails to file a properly completed statement or report within the time required by this chapter may be subject to a civil penalty of ten dollars per day for each day each ~~((such))~~ delinquency continues.

(5) ~~((Any))~~ A person who fails to report a contribution or expenditure as required by this chapter may be subject to a civil penalty equivalent to the amount not reported as required.

(6) The court may enjoin any person to prevent the doing of any act herein prohibited, or to compel the performance of any act required herein.

**Sec. 1002.** RCW 42.17.395 and 2006 c 315 s 3 are each amended to read as follows:

(1) The commission may (a) determine whether an actual violation of this chapter has occurred; and (b) issue and enforce an appropriate order following such a determination.

(2) The commission, in cases where it chooses to determine whether an actual violation has occurred, shall hold a hearing pursuant to the administrative procedure act, chapter 34.05 RCW, to make ~~((such))~~ a determination. Any order that the commission issues under this section shall be pursuant to such a hearing.

(3) In lieu of holding a hearing or issuing an order under this section, the commission may refer the matter to the attorney general or other enforcement agency as provided in RCW 42.17.360 (as recodified by this act).

(4) The person against whom an order is directed under this section shall be designated as the respondent. The order may require the respondent to cease and desist from the activity that constitutes a violation and in addition, or alternatively, may impose one or more of the remedies provided in RCW 42.17.390 (2) through (5) (as recodified by this act). No individual penalty assessed by the commission may exceed one thousand seven hundred dollars, and in any case where multiple violations are involved in a single complaint or hearing, the maximum aggregate penalty may not exceed four thousand two hundred dollars.

(5) An order issued by the commission under this section shall be subject to judicial review under the administrative procedure act, chapter 34.05 RCW. If the commission's order is not satisfied and no petition for review is filed within thirty days ~~((as provided in RCW 34.05.542))~~, the commission may petition a court of competent jurisdiction of any county in which a petition for review

could be filed under that section, for an order of enforcement. Proceedings in connection with the commission's petition shall be in accordance with RCW 42.17.397 (as recodified by this act).

**Sec. 1003.** RCW 42.17.397 and 1989 c 175 s 92 are each amended to read as follows:

The following procedure shall apply in all cases where the commission has petitioned a court of competent jurisdiction for enforcement of any order it has issued pursuant to this chapter:

(1) A copy of the petition shall be served by certified mail directed to the respondent at his or her last known address. The court shall issue an order directing the respondent to appear at a time designated in the order, not less than five days from the date thereof, and show cause why the commission's order should not be enforced according to its terms.

(2) The commission's order shall be enforced by the court if the respondent does not appear, or if the respondent appears and the court finds, pursuant to a hearing held for that purpose:

(a) That the commission's order is unsatisfied; ~~((and))~~

(b) That the order is regular on its face; and

(c) That the respondent's answer discloses no valid reason why the commission's order should not be enforced or that the respondent had an appropriate remedy by review under RCW 34.05.570(3) and failed to avail himself or herself of that remedy without valid excuse.

(3) Upon appropriate application by the respondent, the court may, after hearing and for good cause, alter, amend, revise, suspend, or postpone all or part of the commission's order. In any case where the order is not enforced by the court according to its terms, the reasons for the court's actions shall be clearly stated in writing, and ~~((such))~~ the action shall be subject to review by the appellate courts by certiorari or other appropriate proceeding.

(4) The court's order of enforcement, when entered, shall have the same force and effect as a civil judgment.

(5) Notwithstanding RCW 34.05.578 through 34.05.590, this section is the exclusive method for enforcing an order of the commission.

**Sec. 1004.** RCW 42.17.400 and 2007 c 455 s 1 are each amended to read as follows:

(1) The attorney general and the prosecuting authorities of political subdivisions of this state may bring civil actions in the name of the state for any appropriate civil remedy, including but not limited to the special remedies provided in RCW 42.17.390 (as recodified by this act).

(2) The attorney general and the prosecuting authorities of political subdivisions of this state may investigate or cause to be investigated the activities of any person who there is reason to believe is or has been acting in violation of this chapter, and may require any such person or any other person reasonably believed to have information concerning the activities of such person to appear at a time and place designated in the county in which such person resides or is found, to give such information under oath and to produce all accounts, bills, receipts, books, paper and documents which may be relevant or material to any investigation authorized under this chapter.

(3) When the attorney general or the prosecuting authority of any political subdivision of this state requires the attendance of any person to obtain such information or ~~((the production of))~~ produce the accounts, bills, receipts, books, papers, and documents ~~((which))~~ that may be relevant or material to any investigation authorized under this chapter, he or she shall issue an order setting forth the time when and the place where attendance is required and shall cause the same to be delivered to or sent by registered mail to the person at least fourteen days before the date fixed for attendance. ~~((Such))~~ The order shall have the same force and effect as a subpoena, shall be effective statewide, and, upon application of the

2010 REGULAR SESSION

attorney general or ~~((said))~~ the prosecuting authority, obedience to the order may be enforced by any superior court judge in the county where the person receiving it resides or is found, in the same manner as though the order were a subpoena. The court, after hearing, for good cause, and upon application of any person aggrieved by the order, shall have the right to alter, amend, revise, suspend, or postpone all or any part of its provisions. In any case where the order is not enforced by the court according to its terms, the reasons for the court's actions shall be clearly stated in writing, and ~~((such))~~ the action shall be subject to review by the appellate courts by certiorari or other appropriate proceeding.

(4) ~~((Any))~~ A person who has notified the attorney general and the prosecuting attorney in the county in which the violation occurred in writing that there is reason to believe that some provision of this chapter is being or has been violated may himself or herself bring in the name of the state any of the actions (hereinafter referred to as a citizen's action) authorized under this chapter.

(a) This citizen action may be brought only if:

(i) The attorney general and the prosecuting attorney have failed to commence an action hereunder within forty-five days after ~~((such))~~ the notice;

(ii) ~~((Such))~~ The person has thereafter further notified the attorney general and prosecuting attorney that ~~((said))~~ the person will commence a citizen's action within ten days upon their failure ~~((so))~~ to do so;

(iii) The attorney general and the prosecuting attorney have in fact failed to bring such action within ten days of receipt of said second notice; and

(iv) The citizen's action is filed within two years after the date when the alleged violation occurred.

(b) If the person who brings the citizen's action prevails, the judgment awarded shall escheat to the state, but he or she shall be entitled to be reimbursed by the state of Washington for costs and ~~((attorney's))~~ attorneys' fees he or she has incurred ~~((-- PROVIDED, That))~~. In the case of a citizen's action ~~((which))~~ that is dismissed and ~~((which))~~ that the court also finds was brought without reasonable cause, the court may order the person commencing the action to pay all costs of trial and reasonable ~~((attorney's))~~ attorneys' fees incurred by the defendant.

(5) In any action brought under this section, the court may award to the state all costs of investigation and trial, including ~~((a))~~ reasonable ~~((attorney's))~~ attorneys' fees to be fixed by the court. If the violation is found to have been intentional, the amount of the judgment, which shall for this purpose include the costs, may be trebled as punitive damages. If damages or trebled damages are awarded in such an action brought against a lobbyist, the judgment may be awarded against the lobbyist, and the lobbyist's employer or employers joined as defendants, jointly, severally, or both. If the defendant prevails, he or she shall be awarded all costs of trial, and may be awarded ~~((a))~~ reasonable ~~((attorney's))~~ attorneys' fees to be fixed by the court to be paid by the state of Washington.

POINT OF ORDER

Senator Benton: "I believe that the committee amendment to Second Substitute House Bill No. 2016 is outside the scope and object of the bill and in violation of Senate Rule 66. The amendment prohibits an elected official from making public service announcements while the general topic of the bill is public disclosure law. In fact, it is supposedly a technical cleanup bill and that is primarily what this bill does. In the one-hundred three pages there are only two real minor policy changes. Therefore, the committee amendment is outside the scope and object of the bill and I ask the President to rule thereon."

Senator McDermott spoke against the point of order.

MOTION

On motion of Senator Eide, further consideration of Second Substitute House Bill No. 2016 was deferred and the bill held its place on the second reading calendar.

SECOND READING

extension lecturers in English language programs holding annual and quarterly contracts."

On page 1, line 2 of the title, after "education;" strike "and" and after "41.80.010" insert "; and adding a new section to chapter 41.56 RCW"

Senator Kohl-Welles spoke in favor of adoption of the committee amendment.

#### POINT OF ORDER

Senator Holmquist: "Thank you Mr. President. The bill as it came to us makes changes to RCW 41.80.010. It changes certain procedures for collectively bargaining with higher education institutions. The bill allows unions a choice in whether to participate in multi-employer collective bargaining and also allows unions to organize later in the process to have their contracts funded in the budget. By contrast, the amendment hangs what is essentially Senate Bill No. 5986, it grants substantial rights to University of Washington extension lecturers by amending RCW 41.56 to grant them the right collectively bargain. For these reasons, I believe the amendment offered is outside the scope and object of the underlying bill and I respectfully request a ruling on this matter. Thank you."

Senator Kohl-Welles spoke against the point of order.

Authorizing the department of natural resources to enter into forest biomass supply agreements.

The measure was read the second time.

#### MOTION

Senator Jacobsen moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that the utilization of forest biomass materials located on state lands will assist in achieving the purposes of the forest biomass energy demonstration project under RCW 43.30.835, facilitate and support the emerging forest biomass market and clean energy economy, and enable the department to encourage biomass energy development on state trust lands for the trust land's potential long-term benefits to trust beneficiaries. The legislature finds that biomass utilization on state forest lands must be accomplished in a manner that retains organic components of the forest necessary to restore or sustain forest ecological functions.

FIFTY SECOND DAY, MARCH 3, 2010

2010 REGULAR SESSION

**NEW SECTION. Sec. 2.** (1) The department may maintain a list of all potential sources of forest biomass on state lands for the purposes of identifying and making forest biomass, as defined in RCW 79.02.010, available for sale, exploration, collection, processing, storage, stockpiling, and conversion into energy, biofuels, for use in a biorefinery, or any other similar use. Prior to entering an agreement authorized by section 3(1) or 4 of this act, the department shall complete an inventory of the available biomass in the area that will be subject to the agreement, except that no inventory will be required as a prerequisite for demonstration projects authorized pursuant to RCW 43.30.835. The inventory must contain, at a minimum, an estimated amount of the forest biomass available in the area that will be subject to the agreement and a determination of the ecological and operational sustainability of the volumetric limit established by the agreement under section 3(5) of this act.

(2) The data developed for each inventoried area will be compiled for the list authorized by this section. In order to utilize the list to limit or terminate any agreement authorized under this act, the department must determine that the overall supply of forest biomass in a region or watershed has been reduced to a point such that further exploration and collection of forest biomass may not be ecologically or operationally sustainable or might otherwise threaten long-term forest health.

**NEW SECTION. Sec. 3.** (1) The department is authorized to enter forest biomass supply contracts on terms and conditions acceptable to the department for terms of up to five years, except as provided in subsection (4) of this section, for the purpose of providing a supply of forest biomass during the term of the contract except as the term of the contract may be limited under subsection (2) of this section, provided that such a contract must terminate automatically upon the removal of the agreed volume of biomass and the completion of other conditions of the contract.

(2) The department may authorize the sale of forest biomass in a contract for the sale of valuable materials under chapter 79.15 RCW provided that the department complies with the provisions of this chapter and: (a) Requires a separate bid and selects an apparent highest bidder for the forest biomass separately from the sale of valuable materials; (b) expressly includes forest biomass as an element of the sale of the valuable materials to be sold in the sales contract; or (c) a combination of (a) and (b) of this subsection. The term of the contract for the removal of biomass, if the sale is made in conformance with this subsection, must not exceed the term of the contract for valuable materials sold under chapter 79.15 RCW.

(3) The department may: (a) Enter into direct sales contracts for forest biomass, without public auction, based upon procedures adopted by the board to ensure competitive market prices and accountability; or (b) enter into contracts for forest biomass at public auction or by sealed bid to the highest bidder in a manner consistent with the sale procedures established for the sale of valuable materials in chapter 79.15 RCW or as may be adopted by the board.

(4) In the event a contracting entity makes a qualifying capital investment of fifty million dollars or more, the department may enter into an agreement for up to fifteen years. Such an agreement must include provisions that are periodically adjusted for market conditions. In addition, the conditions of the contract must include provisions that allow the department, when in the best interest of trust beneficiaries, to maintain the availability of biomass resources on state lands to existing pulp and paper operations or other existing biomass processing operations that are using such resources, in quantities typical for the period of five years preceding the effective date of this section. For the purposes of this section, "qualifying capital investment" means a planned and committed investment at the time the contract is set with the requirement that at least fifty

million dollars be invested before the removal of any biomass under the contract.

(5) The department must specify in each contract an annual volumetric limit of the total cubic volume or tons of forest biomass to be supplied from a specific unit, geographically delineated area, or region within a watershed or watersheds on an ecologically and operationally sustainable basis. The department shall adopt general procedures for making the biomass supply availability determinations under this subsection. The procedures must be written to ensure that biomass utilization on forest lands managed by the department is accomplished in a manner that retains organic components of the forest necessary to restore or sustain forest ecological functions. The department shall develop utilization standards and operational methods in recognition of the variability of on-site conditions. The department may unilaterally amend the volume to be supplied by providing the contracting party with a minimum of six months notice prior to reducing the contract volume to be supplied if the department determines, under section 2 of this act, that the available supply has been reduced to a point such that further removal of forest biomass may not be ecologically or operationally sustainable or may adversely affect long-term forest health.

(6) At the expiration of the contract term, the department may renew the contract for up to three additional five year periods on terms and conditions acceptable to the department, if the department finds: (a) An ecologically and operationally sustainable supply of forest biomass is available for the term of the contract; (b) the payment under the contract represents the fair market value at the time of the renewal; and (c) the purchaser agrees to the estimated amount of biomass material available.

(7) Where the department sells forest biomass in a contract for sale of valuable materials under subsection (2) of this section, any valuable material conveyed as timber in such a contract must count toward the achievement of annual or decadal targets developed in the sustainable timber harvest calculation required by RCW 79.10.320, or similar targets for timber harvest volume, even where the purchaser uses that material as a biomass energy feedstock. All other biomass volume conveyed as authorized in this chapter must not be counted toward such sustainable timber harvest targets.

(8) All contractors and their operations authorized under this section shall comply with all applicable state and federal laws and regulations.

**NEW SECTION. Sec. 4.** The department is authorized to lease state lands for the purpose of the sale, exploration, collection, processing, storage, stockpiling, and conversion of biomass into energy or biofuels, the development of a biorefinery, or for any other resource use derived from biomass if the department is able to obtain a fair market rental return to the state or the appropriate constitutional or statutory trust and if the lease is in the best interest of the state and the affected trust, as follows:

(1) Leases authorized under this chapter may be entered into by public auction, in accordance with the provisions of RCW 79.13.140, or by negotiation.

(2) All leases must contain such terms and conditions as may be prescribed by the department in accordance with the provision of this act and to ensure that removal of forest biomass is ecologically and operationally sustainable. Leases authorized under this act may be for a term of no more than fifty years.

(3) For leases that involve the development of biomass processing, biofuel manufacturing, or biomass energy production facilities, the department may include provisions for reduced rent until an approved plan of development is completed and the facility is operational, provided that provisions are included to require: (a) Adequate assurances to protect the department's interest in a future rental income stream; (b) the demonstration of reasonable progress

FIFTY SECOND DAY, MARCH 3, 2010

consistent with an approved plan of development; and (c) a lump sum payment to the department in the amount of the difference between the fair market rent and the reduced rent, if the approved plan of development is not completed in the time required in the plan.

(4) The department may require the payment of production rent or other compensation for the use of the land and biomass materials on the land. If the department is not entering a supply contract under section 3 of this act for any forest biomass to be supplied for the lease purposes from the leased land, then the department must require a royalty payment for the contribution to value of any product created by the lessee that is associated with forest biomass removed from the leased land in an amount fixed by the board.

(5) All lessees and their operations authorized under this section shall comply with all applicable state and federal laws and regulations.

**NEW SECTION. Sec. 5.** (1) For the purpose of improving forest health on state trust lands, and to better clarify the relationship of forest biomass with the by-products of forest health and fuel reduction treatments that have been traditionally utilized for other products, the department of natural resources shall evaluate how the supply agreements in sections 3 and 4 of this act could be utilized to sustain or create rural jobs and timber manufacturing infrastructure, and to sell state timber to traditional types of timber purchasers. The department shall report its findings to the appropriate committees of the legislature by December 15, 2010, and the evaluation must at a minimum identify how such supply agreements could:

(a) Ensure the department of natural resources meets its fiduciary responsibility to the state's trust beneficiaries;

(b) Restore or sustain a competitive market for state timber sales;

(c) Generate returns for the trust that are commensurate with fluctuating market prices; and

(d) Ensure environmental compliance with all pertinent state and federal laws, and provide for ecologically and operationally sustainable biomass removal.

(2) For the purposes of proving the concepts evaluated in this section, the department may, in addition to the authorities granted in section 3 of this act, establish a five-year forest health and fuel reduction supply agreement demonstration project. Solicitation of private industry partners for such a project must be competitive, must focus on areas where traditional forest products manufacturing infrastructure and rural jobs have been lost, and should consider prioritizing partners utilizing materials for both traditional forest products and biomass energy conversion.

The commissioner, or a designee, shall conduct a public hearing in a county within the geographical area being considered.

(2) The commissioner of public lands may issue a forest health hazard warning when he or she deems such action is necessary to manage the development of a threat to forest health or address an existing threat to forest health. A decision to issue a forest health hazard warning may be based on existing forest stand conditions and:

(a) The presence of an uncharacteristic insect or disease outbreak that has or is likely to (i) spread to multiple forest ownerships and cause extensive damage to forests; or (ii) significantly increase forest fuel that is likely to further the spread of uncharacteristic fire;

(b) When, due to extensive physical damage from wind or ice storm or other cause, there are (i) insect populations building up to large scale levels; or (ii) significantly increased forest fuels that are likely to further the spread of uncharacteristic fire; or

landowner, before or in response to a forest health hazard warning or forest health hazard order, if the plan is likely to achieve the desired result and the terms of the plan are being diligently followed by the forest landowner. The certification of adequacy shall be determined by the department in its sole discretion, and be provided to the requestor in writing.

**Sec. 9.** RCW 79.15.100 and 2004 c 177 s 5 are each amended to read as follows:

(a) Sales with bid bonds are subject to the day of sale payment and replacement requirements prescribed by RCW 79.15.110.

(b) The initial deposit must be maintained until all contract obligations of the purchaser are satisfied. However, all or a portion of the initial deposit may be applied as the final payment for the valuable materials in the event the department determines that adequate security exists for the performance or fulfillment of any remaining obligations of the purchaser under the sale contract.

(4) Advance payments or other adequate security acceptable to the department is required for valuable materials sold on a scale sale basis or a lump sum sale not requiring full payment on the day of sale.

(a) The purchaser must notify the department before any operation takes place on the sale site.

(b) Upon notification as provided in (a) of this subsection, the department must require advanced payment or may allow purchasers to submit adequate security.

(c) The amount of advanced payments or security must be determined by the department and must at all times equal or exceed the value of timber cut and other valuable materials processed or removed until paid for.

(d) Security may be bank letters of credit, payment bonds, assignments of savings accounts, assignments of certificates of deposit, or other methods acceptable to the department as adequate security.

(5) All valuable material must be removed from the sale area within the period specified in the contract.

(a) The specified period may not exceed five years from date of purchase except for stone, sand, gravel, fill material, or building stone.

(b) The specified period for stone, sand, gravel, fill material, or building stone may not exceed thirty years.

(c) In all cases, any valuable material not removed from the land within the period specified in the contract reverts to the state. The department may utilize any remaining forest biomass in accordance with chapter 79.-- RCW (the new chapter created in section 14 of this act).

(6) The department may extend a contract beyond the normal termination date specified in the sale contract as the time for removal of valuable materials when, in the department's judgment, the purchaser is acting in good faith and endeavoring to remove the materials. The extension is contingent upon payment of the fees specified below.

(a) The extended time for removal shall not exceed:

(i) Forty years from date of purchase for stone, sand, gravel, fill material, or building stone;

(ii) A total of ten years beyond the original termination date for all other valuable materials.

(b) An extension fee fixed by the department will be charged based on the estimated loss of income per acre to the state resulting from the granting of the extension plus interest on the unpaid portion of the contract. The board must periodically fix and adopt by rule the interest rate, which shall not be less than six percent per annum.

(c) The sale contract shall specify:

(i) The applicable rate of interest as fixed at the day of sale and the maximum extension payment; and

(ii) The method for calculating the unpaid portion of the contract upon which interest is paid.

(d) The minimum extension fee is fifty dollars per extension plus interest on the unpaid portion of the contract.

(e) Moneys received for any extension must be credited to the same fund in the state treasury as was credited the original purchase price of the valuable material sold.

(7) The department may, in addition to any other securities, require a performance security to guarantee compliance with all contract requirements. The security is limited to those types listed in subsection (4) of this section. The value of the performance security will, at all times, equal or exceed the value of work performed or to be performed by the purchaser.

(8) The department does not need to comply with the provisions of this chapter for forest biomass except as described in the provisions of chapter 79.-- RCW (the new chapter created in section 14 of this act). Forest biomass may not be included in any sales contract authorized under this chapter unless the department has complied with the provisions of chapter 79.-- RCW (the new chapter created in section 14 of this act).

(9) The provisions of this section apply unless otherwise provided by statute.

**Sec. 10.** RCW 79.15.220 and 2001 c 250 s 14 are each amended to read as follows:

When the department finds valuable materials on state land that are damaged by fire, wind, flood, or from any other cause, it shall determine if the salvage of the damaged valuable materials is in the best interest of the trust for which the land is held, which may include the salvage of forest biomass under chapter 79.-- RCW (the new chapter created in section 14 of this act). If salvaging the valuable materials is in the best interest of the trust, the department shall proceed to offer the valuable materials for sale. The valuable materials, when offered for sale, must be sold in the most expeditious and efficient manner as determined by the department. In determining if the sale is in the best interest of the trust the department shall consider the net value of the valuable materials and relevant elements of the physical and social environment.

**Sec. 11.** RCW 79.15.510 and 2009 c 418 s 2 are each amended to read as follows:

(2) The contract requirements must be compatible with the office of financial management's guide to public service contracts.

(3) The department may not use contract harvesting for more than twenty percent of the total annual volume of timber offered for sale. However, volume removed primarily to address an identified forest health issue under RCW 79.15.540 may not be included in calculating the ((~~ten~~ ~~twenty~~ percent)) annual limit of contract harvesting sales. Forest biomass resulting from harvesting to address an identified forest health issue under RCW 79.15.540 may be utilized in accordance with chapter 79.-- RCW (the new chapter created in section 14 of this act).

**Sec. 12.** RCW 79.15.510 and 2004 c 218 s 6 are each amended to read as follows:

**INTRODUCTION OF SPECIAL GUESTS**

The President introduced 2010 Miss Omak Stampede Queen, Michelle Demmitt, who was seated at the rostrum.

**RULING BY THE PRESIDENT**

President Owen: "In ruling on the Point of Order raised by Senator Holmquist as to whether the committee amendment to Engrossed Second Substitute House Bill No. 1560 fits within the scope and object of the underlying bill, the President finds and rules as follows.

Engrossed Second Substitute House Bill No. 1560 addresses certain changes to collective bargaining for institutions of higher education. Specifically, the bill authorizes those institutions to utilize the services of the governor in negotiating collective bargaining agreements, and provides certain optional tools for conducting negotiations, by allowing for master collective bargaining agreements. Further, the bill provides a means for implementing these agreements in the event they are not completed prior to a legislative session. The President notes that the governor already represents state agencies as provided in the same statute the bill would amend.

In general, the President would characterize the bill as addressing the processes that attend collective bargaining at institutions of higher education, and introduces additional efficiencies into the process.

FIFTY SECOND DAY, MARCH 3, 2010

2010 REGULAR SESSION

The committee amendment, by contrast, would provide collective bargaining rights for a group of employees who currently do not have such rights. The expansion of rights is a substantive change in the categories of employees who have the right to collectively bargain.

For these reasons, the President finds that the amendment is not within the scope and object of the underlying bill, and Senator Holmquist's point of order is well-taken.

The Senate resumed consideration of Engrossed Second Substitute House Bill No. 1560 which was deferred on March 2, 2010.

#### MOTION

On motion of Senator Kohl-Welles, the rules were suspended, Engrossed Second Substitute House Bill No. 1560 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Senator Kohl-Welles spoke in favor of passage of the bill.  
Senator Holmquist spoke against passage of the bill.

The President declared the question before the Senate to be the final passage of Engrossed Second Substitute House Bill No. 1560.

#### ROLL CALL

The Secretary called the roll on the final passage of Engrossed Second Substitute House Bill No. 1560 and the bill passed the Senate by the following vote: Yeas, 33; Nays, 15; Absent, 0; Excused, 1.

Voting yea: Senators Benton, Berkey, Brown, Eide, Fairley, Franklin, Fraser, Gordon, Hargrove, Hatfield, Haugen, Hobbs, Jacobsen, Kastama, Kauffman, Keiser, Kilmer, Kline, Kohl-Welles, Marr, McAuliffe, McDermott, Murray, Oemig, Prentice, Pridemore, Ranker, Regala, Roach, Rockefeller, Sheldon, Shin and Tom

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1560, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

#### RULING BY THE PRESIDENT

President Owen: "In ruling on the Point of Order raised by Senator Benton as to whether the committee amendment to Second Substitute House Bill No. 2016 fits within the scope and object of the underlying bill, the President finds and rules as follows.

In considering whether a particular proposed amendment fits within the scope and object of a bill, the President begins with a thorough review of the underlying bill. Second Substitute House Bill No. 2016 revises most portions of Chapter 42.17 RCW. These changes affect the operation of the Public Disclosure Commission, the reporting requirements of candidates and political action committees, the ability of both major and minor political parties to participate in elections, the disclosure requirements of lobbyists, and the routine financial disclosures required of state employees. Although the bill contains numerous technical changes, it also introduces several significant policy changes to these areas.

The Point of Order challenges the addition of an additional policy change: limiting the use of public service announcements by certain state officials in the period shortly before an election. Although the underlying bill contains a slight reference to public service announcements, the amendment would go further and limit their use during an election year.

Consistent with his past rulings, the President considers Second Substitute House Bill No. 2016 an omnibus measure which makes technical changes, clarifications, and substantive policy changes to a host of statutes that affect candidates, political groups, and state employees. The bill is sufficiently broad to include with its scope the limitation contained in the proposed amendment.

For these reasons, the President finds that the amendment is within the scope and object of the underlying bill, and Senator Benton's point is not well-taken."

The Senate resumed consideration of Second Substitute House Bill No. 2016 which had been deferred on March 2, 2010 the previous legislative day.

Senator McDermott spoke in favor of adoption of the committee striking amendment.

The President declared the question before the Senate to be the adoption of the committee striking amendment by the Committee on Government Operations & Elections to Second Substitute House Bill No. 2016.

The motion by Senator Becker carried and the committee striking amendment was adopted by voice vote.

**Sec. 201.** RCW 10.31.100 and 2006 c 138 s 23 are each amended to read as follows:

A police officer having probable cause to believe that a person has committed or is committing a felony shall have the authority to arrest the person without a warrant. A police officer may arrest a person without a warrant for committing a misdemeanor or gross misdemeanor only when the offense is committed in the presence of the officer, except as provided in subsections (1) through (10) of this section.

(1) Any police officer having probable cause to believe that a person has committed or is committing a misdemeanor or gross misdemeanor, involving physical harm or threats of harm to any person or property or the unlawful taking of property or involving the use or possession of cannabis, or involving the acquisition, possession, or consumption of alcohol by a person under the age of twenty-one years under RCW 66.44.270, or involving criminal trespass under RCW 9A.52.070 or 9A.52.080, shall have the authority to arrest the person.

The court may include in the order any conditions authorized under RCW 9.41.800 and 10.99.040.

(5) The courts defined in RCW 26.50.010~~((3))~~ (4) have jurisdiction over proceedings under this chapter. The jurisdiction of district and municipal courts under this chapter shall be limited to enforcement of RCW 26.50.110(1), or the equivalent municipal ordinance, and the issuance and enforcement of temporary orders for protection provided for in RCW 26.50.070 if: (a) A superior court has exercised or is exercising jurisdiction over a proceeding under this title or chapter 13.34 RCW involving the parties; (b) the petition for relief under this chapter presents issues of residential schedule of and contact with children of the parties; or (c) the petition for relief under this chapter requests the court to exclude a party from the dwelling which the parties share. If the notice and order are not served on the respondent in time for the full hearing, the issuing court shall have concurrent jurisdiction with the superior court to extend the order for protection.

(8) For the purposes of this section "next friend" means any competent individual, over eighteen years of age, chosen by the minor and who is capable of pursuing the minor's stated interest in the action.

**NEW SECTION. Sec. 303.** A new section is added to chapter 26.50 RCW to read as follows:

**Sec. 304.** RCW 26.50.060 and 2009 c 439 s 2 are each amended to read as follows:

(e) Order the respondent to participate in a domestic violence perpetrator treatment program approved under RCW 26.50.150;

(f) Order other relief as it deems necessary for the protection of the petitioner and other family or household members sought to be protected, including orders or directives to a peace officer, as allowed under this chapter;

(g) Require the respondent to pay the administrative court costs and service fees, as established by the county or municipality incurring the expense and to reimburse the petitioner for costs incurred in bringing the action, including reasonable attorneys' fees;

(i) Restrain the respondent from harassing, following, keeping under physical or electronic surveillance, cyberstalking as defined in RCW 9.61.260, and using telephonic, audiovisual, or other electronic means to monitor the actions, location, or communication of a victim of domestic violence, the victim's children, or members of the victim's household. For the purposes of this subsection, "communication" includes both "wire communication" and "electronic communication" as defined in RCW 9.73.260;

(j) Require the respondent to submit to electronic monitoring. The order shall specify who shall provide the electronic monitoring services and the terms under which the monitoring must be performed. This limitation is not applicable to orders for protection issued under chapter 26.09, 26.10, or 26.26 RCW. With regard to other relief, if the petitioner has petitioned

for relief on his or her own behalf or on behalf of the petitioner's family or household members or minor children, and the court finds that the respondent is likely to resume acts of domestic violence against the petitioner or the petitioner's family or household members or minor children when the order expires, the court may either grant relief for a fixed period or enter a permanent order of protection.

If the petitioner has petitioned for relief on behalf of the respondent's minor children, the court shall advise the petitioner that if the petitioner wants to continue protection for a period beyond one year the petitioner may either petition for renewal pursuant to the provisions of this chapter or may seek relief pursuant to the provisions of chapter 26.09 or 26.26 RCW.

(3) If the court grants an order for a fixed time period, the petitioner may apply for renewal of the order by filing a petition for renewal at any time within the three months before the order expires. The petition for renewal shall state the reasons why the petitioner seeks to renew the protection order. Upon receipt of the petition for renewal the court shall order a hearing which shall be not later than fourteen days from the date of the order. Except as provided in RCW 26.50.085, personal service shall be made on the respondent not less than five days before the hearing. If timely service cannot be made the court shall set a new hearing date and shall either require additional attempts at obtaining personal service or permit service by publication as provided in RCW 26.50.085 or by mail as provided in RCW 26.50.123. If the court permits service by publication or mail, the court shall set the new hearing date not later than twenty-four days from the date of the order. If the order expires because timely service cannot be made the court shall grant an ex parte order of protection as provided in RCW 26.50.070. The court shall grant the petition for renewal unless the respondent proves by a preponderance of the evidence that the respondent will not resume acts of domestic violence against the petitioner or the petitioner's children or family or household members when the order expires. The court may renew the protection order for another fixed time period or may enter a permanent order as provided in this section. The court may award court costs, service fees, and reasonable attorneys' fees as provided in subsection (1)(g) of this section.

(4) In providing relief under this chapter, the court may realign the designation of the parties as "petitioner" and "respondent" where the court finds that the original petitioner is the abuser and the original respondent is the victim of domestic violence and may issue an ex parte temporary order for protection in accordance with RCW 26.50.070 on behalf of the victim until the victim is able to prepare a petition for an order for protection in accordance with RCW 26.50.030.

(5) Except as provided in subsection (4) of this section, no order for protection shall grant relief to any party except upon notice to the respondent and hearing pursuant to a petition or counter-petition filed and served by the party seeking relief in accordance with RCW 26.50.050.

(6) The court order shall specify the date the order expires if any. The court order shall also state whether the court issued the protection order following personal service, service by publication, or service by mail and whether the court has approved service by publication or mail of an order issued under this section.

(7) If the court declines to issue an order for protection or declines to renew an order for protection, the court shall state in writing on the order the particular reasons for the court's denial.

A full hearing, as provided in this chapter, shall be set for not later than fourteen days from the issuance of the temporary order or not later than twenty-four days if service by publication or by mail is permitted. (c) Shall waive any requirement that the victim's location be disclosed to any person, other than the attorney of a criminal

defendant, upon a showing that there is a possibility of further violence: **PROVIDED**, That the court may order a criminal defense attorney not to disclose to his or her client the victim's location; and

(d) Shall identify by any reasonable means on docket sheets those criminal actions arising from acts of domestic violence.

(2)(a) Because of the likelihood of repeated violence directed at those who have been victims of domestic violence in the past, when any person charged with or arrested for a crime involving domestic violence is released from custody before arraignment or trial on bail or personal recognizance, the court authorizing the release may prohibit that person from having any contact with the victim. The jurisdiction authorizing the release shall determine whether that person should be prohibited from having any contact with the victim. If there is no outstanding restraining or protective order prohibiting that person from having contact with the victim, the court authorizing release may issue, by telephone, a no-contact order prohibiting the person charged or arrested from having contact with the victim or from knowingly coming within, or knowingly remaining within, a specified distance of a location.

The no-contact order shall terminate if the defendant is acquitted or the charges are dismissed. If a no-contact order is issued or extended, the court may also include in the conditions of release a requirement that the defendant submit to electronic monitoring. If electronic monitoring is ordered, the court shall specify who shall provide the monitoring services, and the terms under which the monitoring shall be performed. Upon conviction, the court may require as a condition of the sentence that the defendant reimburse the providing agency for the costs of the electronic monitoring.

(4)(a) Willful violation of a court order issued under subsection (2) or (3) of this section is punishable under RCW 26.50.110.

(b) The written order releasing the person charged or arrested shall contain the court's directives and shall bear the legend: "Violation of this order is a criminal offense under chapter 26.50 RCW and will subject a violator to arrest; any assault, drive-by shooting, or reckless endangerment that is a violation of this order is a felony. You can be arrested even if any person protected by the order invites or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order."

(c) A certified copy of the order shall be provided to the victim.

(5) If a no-contact order has been issued prior to charging, that order shall expire at arraignment or within seventy-two hours if charges are not filed. Such orders need not be entered into the computer-based criminal intelligence information system in this state which is used by law enforcement agencies to list outstanding warrants.

(6) Whenever a no-contact order is issued, modified, or terminated under subsection (2) or (3) of this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement

agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. Upon receipt of notice that an order has been terminated under subsection (3) of this section, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system.

(7) All courts shall develop policies and procedures by January 1, 2011, to grant victims a process to modify or rescind a no-contact order issued under this chapter. The administrative office of the courts shall develop a model policy to assist the courts in implementing the requirements of this subsection.

**NEW SECTION. Sec. 310.** A new section is added to chapter 2.56 RCW to read as follows:

(1) The administrative office of the courts shall develop guidelines by December 1, 2011, for all courts to establish a process to reconcile duplicate or conflicting no-contact or protection orders issued by courts in this state.

(2) The guidelines developed under subsection (1) of this section must include:

#### **PART FOUR SENTENCING REFORMS**

**Sec. 401.** RCW 9.94A.030 and 2009 c 375 s 4 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed as part of a sentence under this chapter and served in the community subject to controls placed on the offender's movement and activities by the department.

(6) "Community protection zone" means the area within eight hundred eighty feet of the facilities and grounds of a public or private school.

(7) "Community restitution" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(10) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(11) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere.

(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's pardon.

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(12) "Criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name or common identifying sign or symbol, having as one of its primary activities the commission of criminal acts, and whose members or associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. (a) To gain admission, prestige, or promotion within the gang;

(c) To exact revenge or retribution for the gang or any member of the gang;

(d) To obstruct justice, or intimidate or eliminate any witness against the gang or any member of the gang;

(e) To directly or indirectly cause any benefit, aggrandizement, gain, profit, or other advantage for the gang, its reputation, influence, or membership; or

(f) To provide the gang with any advantage in, or any control or dominance over any criminal market sector, including, but not limited to, manufacturing, delivering, or selling any controlled substance (chapter 69.50 RCW); arson (chapter 9A.48 RCW); trafficking in stolen property (chapter 9A.82 RCW); promoting prostitution (chapter 9A.88 RCW); human trafficking (RCW 9A.40.100); or promoting pornography (chapter 9.68 RCW).

(18) "Determinate sentence" means a sentence that states with exactitude the number of actual years, months, or days of total confinement, of partial confinement, of community custody, the number of actual hours or days of community restitution work, or dollars or terms of a legal financial obligation. The fact that an offender through earned release can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(19) "Disposable earnings" means that part of the earnings of an offender remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

(f) The offense was principally accomplished by another person and the defendant manifested extreme caution or sincere concern for the safety or well-being of the victim.

(b) The defendant's prior unscored misdemeanor or prior unscored foreign criminal history results in a presumptive sentence that is clearly too lenient in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(c) The defendant has committed multiple current offenses and the defendant's high offender score results in some of the current offenses going unpunished.

(d) The failure to consider the defendant's prior criminal history which was omitted from the offender score calculation pursuant to RCW 9.94A.525 results in a presumptive sentence that is clearly too lenient.

(3) Aggravating Circumstances - Considered by a Jury - Imposed by the Court

Except for circumstances listed in subsection (2) of this section, the following circumstances are an exclusive list of factors that can support a sentence above the standard range. Such factors should be determined by procedures specified in RCW 9.94A.537.

**Sec. 403.** RCW 9.94A.525 and 2008 c 231 s 3 are each amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.589.

(2)(a) Class A and sex prior felony convictions shall always be included in the offender score.

(b) Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(c) Except as provided in (e) of this subsection, class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction.

(d) Except as provided in (e) of this subsection, serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction.

FIFTY SECOND DAY, MARCH 3, 2010

2010 REGULAR SESSION

(e) If the present conviction is felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)), prior convictions of felony driving while under the influence of intoxicating liquor or any drug, felony physical control of a vehicle while under the influence of intoxicating liquor or any drug, and serious traffic offenses shall be included in the offender score if: (i) The prior convictions were committed within five years since the last date of release from confinement (including full-time residential treatment) or entry of judgment and sentence; or (ii) the prior convictions would be considered "prior offenses within ten years" as defined in RCW 46.61.5055.

(f) This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.589(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.589(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense. When these convictions are used as criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11), (12), or (13) of this section, count one point for each adult prior felony conviction and one point for each

juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), (12), or (13) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(9) If the present conviction is for a serious violent offense, count three points for prior adult and juvenile convictions for crimes in this category, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; for each serious traffic offense, other than those used for an enhancement pursuant to RCW 46.61.520(2), count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for operation of a vessel while under the influence of intoxicating liquor or any drug.

(12) If the present conviction is for homicide by watercraft or assault by watercraft count two points for each adult or juvenile prior conviction for homicide by watercraft or assault by watercraft; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for driving under the influence of intoxicating liquor or any drug, actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, or operation of a vessel while under the influence of intoxicating liquor or any drug.

(13) If the present conviction is for manufacture of methamphetamine count three points for each adult prior manufacture of methamphetamine conviction and two points for each juvenile manufacture of methamphetamine offense. If the present conviction is for a drug offense and the offender has a criminal history that includes a sex offense or serious violent offense, count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(14) If the present conviction is for Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(15) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.

(16) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(17) If the present conviction is for a sex offense, count priors as in subsections (7) through (11) and (13) through (16) of this section;

FIFTY SECOND DAY, MARCH 3, 2010

however count three points for each adult and juvenile prior sex offense conviction.

(18) If the present conviction is for failure to register as a sex offender under RCW 9A.44.130(11), count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction, excluding prior convictions for failure to register as a sex offender under RCW 9A.44.130(11), which shall count as one point.

(19) If the present conviction is for an offense committed while the offender was under community custody, add one point. For purposes of this subsection, community custody includes community placement or postrelease supervision, as defined in chapter 9.94B RCW.

(20) If the present conviction is for Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2, count priors as in subsections (7) through (18) of this section; however count one point for prior convictions of Vehicle Prowling 2, and three points for each adult and juvenile prior Theft 1 (of a motor vehicle), Theft 2 (of a motor vehicle), Possession of Stolen Property 1 (of a motor vehicle), Possession of Stolen Property 2 (of a motor vehicle), Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2 conviction.

(21) If the present conviction is for a felony domestic violence offense where domestic violence as defined in RCW 9.94A.030 was plead and proven, count priors as in subsections (7) through (20) of this section; however, count points as follows:

(a) Count two points for each adult prior conviction where domestic violence as defined in RCW 9.94A.030 was plead and proven after August 1, 2011, for the following offenses: A violation of a no contact order that is a felony offense, a violation of a protection order that is a felony offense, a felony domestic violence harassment offense, a felony domestic violence stalking offense, a domestic violence Burglary 1 offense, a domestic violence Kidnapping 1 offense, a domestic violence Kidnapping 2 offense, a domestic violence unlawful imprisonment offense, a domestic violence Robbery 1 offense, a domestic violence Robbery 2 offense, a domestic violence Assault 1 offense, a domestic violence Assault 2 offense, a domestic violence Assault 3 offense, a domestic violence Arson 1 offense, or a domestic violence Arson 2 offense; and

(b) Count one point for each second and subsequent juvenile conviction where domestic violence as defined in RCW 9.94A.030 was plead and proven after August 1, 2011, for the offenses listed in (a) of this subsection.

(c) Count one point for each adult prior conviction for a repetitive domestic violence offense as defined in RCW 9.94A.030, where domestic violence as defined in RCW 9.94A.030, was plead and proven after August 1, 2011.

(22) The fact that a prior conviction was not included in an offender's offender score or criminal history at a previous sentencing shall have no bearing on whether it is included in the criminal history or offender score for the current offense. Prior convictions that were not counted in the offender score or included in criminal history under repealed or previous versions of the sentencing reform act shall be included in criminal history and shall count in the offender score if the current version of the sentencing reform act requires including or counting those convictions. Prior convictions that were not included in criminal history or in the offender score shall be included upon any resentencing to ensure imposition of an accurate sentence.

NEW SECTION. **Sec. 404.** A new section is added to chapter 10.99 RCW to read as follows:

2010 REGULAR SESSION

(1) In sentencing for a crime of domestic violence as defined in this chapter, courts of limited jurisdiction shall consider, among other factors, whether:

(b) The offense was part of an ongoing pattern of psychological, physical, or sexual abuse of a victim or multiple victims manifested by multiple incidents over a prolonged period of time; and

(c) The offense occurred within sight or sound of the victim's or the offender's minor children under the age of eighteen years.

(c) The periods applicable to previous convictions and orders of deferred prosecution are:

(i) One working day, in the case of previous actions of courts that fully participate in the state judicial information system; and

(ii) Seven calendar days, in the case of previous actions of courts that do not fully participate in the judicial information system. For the purposes of this subsection, "fully participate" means regularly providing records to and receiving records from the system by electronic means on a daily basis.

**Sec. 405.** RCW 3.66.068 and 2001 c 94 s 2 are each amended to read as follows:

A defendant who has been sentenced, or whose sentence has been deferred, and who then fails to appear for any hearing to address the defendant's compliance with the terms of probation when ordered to do so by the court, shall have the term of probation tolled until such time as the defendant makes his or her presence known to the court on the record. However, the jurisdiction period in this section does not apply to the enforcement of orders issued under RCW 46.20.720. A defendant who has been sentenced, or whose sentence has been deferred, and who then fails to appear for any hearing to address the defendant's compliance with the terms of probation when ordered to do so by the court, shall have the term of probation tolled until such time as the defendant makes his or her presence known to the court on the record. However, the jurisdiction period in this section does not apply to the enforcement

of orders issued under RCW 46.20.720. Any time before entering an order terminating probation, the court may modify or revoke its order suspending or deferring the imposition or execution of the sentence. For the purposes of this section, "domestic violence offense" means a crime listed in RCW 10.99.020 that is not a felony offense.

**Sec. 407.** RCW 35.20.255 and 2005 c 400 s 5 are each amended to read as follows:

A defendant who has been sentenced, or whose sentence has been deferred, and who then fails to appear for any hearing to address the defendant's compliance with the terms of probation when ordered to do so by the court, shall have the term of probation tolled until such time as the defendant makes his or her presence known to the court on the record. However, the jurisdiction period in this section does not apply to the enforcement of orders issued under RCW 46.20.720. Any time before entering an order terminating probation, the court may modify or revoke its order suspending or deferring the imposition or execution of the sentence. For the purposes of this subsection, "domestic violence offense" means a crime listed in RCW 10.99.020 that is not a felony offense.

(2)(a) If a defendant whose sentence has been deferred requests permission to travel or transfer to another state, the director of probation services or a designee thereof shall determine whether such request is subject to RCW 9.94A.745, the interstate compact for adult offender supervision. If such request is subject to the compact, the director or designee shall:

(i) Notify the department of corrections of the defendant's request;

(ii) Provide the department of corrections with the supporting documentation it requests for processing an application for transfer;

(iii) Notify the defendant of the fee due to the department of corrections for processing an application under the compact;

(iv) Cease supervision of the defendant while another state supervises the defendant pursuant to the compact;

(v) Resume supervision if the defendant returns to this state before the period of deferral expires.

(b) The defendant shall receive credit for time served while being supervised by another state.

#### PART FIVE

#### TREATMENT/SERVICES FOR PERPETRATORS AND VICTIMS

**Sec. 501.** RCW 26.50.150 and 1999 c 147 s 1 are each amended to read as follows:

Any program that provides domestic violence treatment to perpetrators of domestic violence must be certified by the department of social and health services and meet minimum standards for domestic violence treatment purposes. The department of social and health services shall adopt rules for standards of approval of domestic violence perpetrator programs ~~((that accept perpetrators of domestic violence into treatment to satisfy court orders or that represent the programs as ones that treat domestic violence perpetrators))~~. The treatment must meet the following minimum qualifications:

(1) All treatment must be based upon a full, complete clinical intake including but not limited to: Current and past violence history; a lethality risk assessment; history of treatment from past domestic violence perpetrator treatment programs; a complete diagnostic evaluation; a substance abuse assessment; criminal history; assessment of cultural issues, learning disabilities, literacy, and special language needs; and a treatment plan that adequately and appropriately addresses the treatment needs of the individual.

(2) To facilitate communication necessary for periodic safety checks and case monitoring, the program must require the perpetrator to sign the following releases:

(a) A release for the program to inform the victim and victim's community and legal advocates that the perpetrator is in treatment with the program, and to provide information, for safety purposes, to the victim and victim's community and legal advocates;

(b) A release to prior and current treatment agencies to provide information on the perpetrator to the program; and

(c) A release for the program to provide information on the perpetrator to relevant legal entities including: Lawyers, courts, parole, probation, child protective services, and child welfare services.

(3) Treatment must be for a minimum treatment period defined by the secretary of the department by rule. The weekly treatment sessions must be in a group unless there is a documented, clinical reason for another modality. Any other therapies, such as individual, marital, or family therapy, substance abuse evaluations or therapy, medication reviews, or psychiatric interviews, may be concomitant with the weekly group treatment sessions described in this section but not a substitute for it.

(4) The treatment must focus primarily on ending the violence, holding the perpetrator accountable for his or her violence, and changing his or her behavior. The treatment must be based on nonvictim-blaming strategies and philosophies and shall include education about the individual, family, and cultural dynamics of domestic violence. If the perpetrator or the victim has a minor child, treatment must specifically include education regarding the effects of domestic violence on children, such as the emotional impacts of domestic violence on children and the long-term consequences that exposure to incidents of domestic violence may have on children.

(5) Satisfactory completion of treatment must be contingent upon the perpetrator meeting specific criteria, defined by rule by the secretary of the department, and not just upon the end of a certain period of time or a certain number of sessions.

(6) The program must have policies and procedures for dealing with reoffenses and noncompliance.

(7) All evaluation and treatment services must be provided by, or under the supervision of, qualified personnel.

(8) The secretary of the department may adopt rules and establish fees as necessary to implement this section.

(9) The department may conduct on-site monitoring visits as part of its plan for certifying domestic violence perpetrator programs and monitoring implementation of the rules adopted by the secretary of the department to determine compliance with the minimum qualifications for domestic violence perpetrator programs. The

(4) If any person to whom the right of control has vested pursuant to subsection (3) of this section has been arrested or charged with first or second degree murder or first degree manslaughter in connection with the decedent's death, the right of control is relinquished and passed on in accordance with subsection (3) of this section.

(5) If a cemetery authority as defined in RCW 68.04.190 or a funeral establishment licensed under chapter 18.39 RCW has made a good faith effort to locate the person cited in subsection (3)(a) through (e) of this section or the legal representative of the decedent's estate, the cemetery authority or funeral establishment shall have the right to rely on an authority to bury or cremate the human remains, executed by the most responsible party available, and the cemetery authority or funeral establishment may not be held criminally or civilly liable for burying or cremating the human remains. In the event any government agency provides the funds for the disposition of any human remains and the government agency elects to provide funds for cremation only, the cemetery authority or funeral establishment may not be held criminally or civilly liable for cremating the human remains.

#### MOTION

Senator Haugen moved that the following committee striking amendment by the Committee on Transportation be not adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** It is the intent of the legislature that final recommendations from the joint transportation committee ferry study, submitted to the legislature during the 2009 regular legislative session, be enacted by the legislature and implemented by the department of transportation as soon as practicable in order to benefit from the efficiencies and cost savings identified in the recommendations. It is also the intent of the legislature to make various additional policy changes aimed at further efficiencies and cost savings. Since the study began in 2006, recommendations have been made with regard to long range planning and implementing the most efficient and effective balance between ferry capital and operating

investments. It is intended that this act, the 2009-2011 omnibus transportation appropriations act, and subsequent transportation appropriations acts serve as vehicles for enacting these recommendations in order to maximize the utilization of existing capacity and to make the most efficient use of existing assets and tax dollars.

**Sec. 2.** RCW 47.60.355 and 2007 c 512 s 11 are each amended to read as follows:

(1) Terminal and vessel preservation funding requests shall only be for assets in the life-cycle cost model.

(2) Terminal and vessel preservation funding requests that exceed five million dollars per project must be accompanied by a predesign study. The predesign study must include all elements required by the office of financial management.

**Sec. 3.** RCW 47.60.365 and 2007 c 512 s 12 are each amended to read as follows:

(2) Adhere to operational strategies as described in RCW 47.60.327; and

(3) Choose the most efficient balance between capital and operating investments by using a life-cycle cost analysis.

**Sec. 4.** RCW 47.60.375 and 2008 c 124 s 3 are each amended to read as follows:

(1) The capital plan must adhere to the following:

(d) Terminal and vessel design standards as described in RCW 47.60.365.

(2) The capital plan must include the following:

(a) A current vessel preservation plan;

(b) A current systemwide vessel rebuild and replacement plan as described in RCW 47.60.377;

(c) A current vessel deployment plan; and

(d) A current terminal preservation plan that adheres to the life-cycle cost model on capital assets as described in RCW 47.60.345.

**Sec. 5.** RCW 47.60.385 and 2008 c 124 s 6 are each amended to read as follows:

(1) Terminal improvement, vessel improvement, and vessel acquisition project funding requests must adhere to the capital plan(

~~—(2) Requests for terminal improvement design and construction funding must))~~, include route-based planning, and be submitted with a predesign study that:

(a) Includes all elements required by the office of financial management;

(b) Separately identifies basic terminal and vessel elements essential for operation and their costs;

related to fuel efficiency and staffing));

(h) Identifies any terminal, vessel, or other capital modifications that would be required as a result of the proposed capital project;

(i) Includes planned service modifications as a result of the proposed capital project, and the consistency of those service modifications with the capital plan; and

(j) Demonstrates the evaluation of long-term operating costs including fuel efficiency, staffing, and preservation.

(2) The department shall prioritize vessel preservation and acquisition funding requests over vessel improvement funding requests.

NEW SECTION. **Sec. 6.** A new section is added to chapter 47.60 RCW to read as follows:

(1) In addition to the requirements of RCW 47.60.385(1), initial requests for, and substantial modification requests to, vessel acquisition funding must be submitted with a predesign study that:

(a) Includes a business decision case on vessel sizing;

(b) Includes an updated vessel deployment plan demonstrating maximum use of existing vessels, and an updated systemwide vessel rebuild and replacement plan;

(c) Includes an analysis that demonstrates that acquiring a new vessel or improving an existing vessel is more cost-effective than other alternatives considered. At a minimum, alternatives explored must include:

(i) Alternatives to new vessel construction that increase capacity of existing vessels;

(ii) Service level changes in lieu of adding vessel capacity; and

(iii) Acquiring existing vessels or existing vessel plans rather than wholly new vessels or vessel plans; and

(d) Demonstrates that the vessel proposed for improvement, construction, or purchase, if intended to replace an existing vessel or to place an existing vessel into inactive or reserve status, is consistent with the scheduled replacements in the rebuild and replacement plan.

(2) In addition to the requirements of RCW 47.60.385(1), initial requests for, and substantial modification requests to, vessel improvement funding must be submitted with a predesign study that includes:

(a) An explanation of any regulatory changes necessitating the improvement;

(b) The requirements under subsection (1) of this section, if the improvement modifies the capacity of a vessel;

(c) A cost-benefit analysis of any modifications designed to improve fuel efficiency, including potential impacts on vessel maintenance and repair; and

(d) An assessment of out-of-service time associated with making the improvement and ongoing preservation of the improvement.

NEW SECTION. **Sec. 7.** A new section is added to chapter 47.60 RCW to read as follows:

(1) The legislature finds measuring the performance of Washington state ferries requires the measurement of quality, timeliness, and unit cost of services delivered to customers. Consequently, the department must develop a set of metrics that measure that performance and report to the transportation committees of the house of representatives and senate and to the office of financial management on the development of these measurements along with recommendations to the 2011 legislature on which measurements must become a part of the next transportation budget.

(2) Annually, the department shall report to the transportation committees of the legislature statistics regarding its on-time arrival and departure status on a route-by-route and month-by-month basis, as well as an annual route-by-route and systemwide basis, weighted by the number of customers on each sailing and distinguishing peak

period on-time performance. The statistics must include reasons for any delays over ten minutes from the scheduled time. The statistics must be prominently displayed on the Washington state ferries' web site. Each Washington state ferries vessel and terminal must prominently display the statistics as they relate to their specific route.

NEW SECTION. **Sec. 8.** (1) Signage must be prominently displayed at each terminal and on each vessel that informs the public that assaults on Washington state employees will be prosecuted to the full extent of the law.

(2) The department shall investigate the frequency, severity, and prosecutorial results of assaults on Washington state ferries employees and, if appropriate, make recommendations to the transportation committees of the senate and house of representatives during the 2011 legislative session regarding methods to decrease the number of assaults on employees and procedures for prosecuting those who assault employees.

(3) This section expires June 30, 2011.

**Sec. 9.** RCW 47.28.030 and 2007 c 218 s 90 are each amended to read as follows:

(1)(a) A state highway shall be constructed, altered, repaired, or improved, and improvements located on property acquired for right-of-way purposes may be repaired or renovated pending the use of such right-of-way for highway purposes, by contract or state forces. The work or portions thereof may be done by state forces when the estimated costs thereof are less than fifty thousand dollars and effective July 1, 2005, sixty thousand dollars(~~(= PROVIDED, That)~~).

(b) When delay of performance of such work would jeopardize a state highway or constitute a danger to the traveling public, the work may be done by state forces when the estimated cost thereof is less than eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(c) When the department of transportation determines to do the work by state forces, it shall enter a statement upon its records to that effect, stating the reasons therefor.

(d) To enable a larger number of small businesses, and minority, and women contractors to effectively compete for department of transportation contracts, the department may adopt rules providing for bids and award of contracts for the performance of work, or furnishing equipment, materials, supplies, or operating services whenever any work is to be performed and the engineer's estimate indicates the cost of the work would not exceed eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(2) The rules adopted under this section:

~~((4))~~ (a) Shall provide for competitive bids to the extent that competitive sources are available except when delay of performance would jeopardize life or property or inconvenience the traveling public; and

~~((2))~~ (b) Need not require the furnishing of a bid deposit nor a performance bond, but if a performance bond is not required then progress payments to the contractor may be required to be made based on submittal of paid invoices to substantiate proof that disbursements have been made to laborers, material suppliers, mechanics, and subcontractors from the previous partial payment; and

~~((3))~~ (c) May establish prequalification standards and procedures as an alternative to those set forth in RCW 47.28.070, but the prequalification standards and procedures under RCW 47.28.070 shall always be sufficient.

(3) The department of transportation shall comply with such goals and rules as may be adopted by the office of minority and women's business enterprises to implement chapter 39.19 RCW with respect to contracts entered into under this chapter. The department may adopt such rules as may be necessary to comply with the rules

FIFTY SECOND DAY, MARCH 3, 2010

2010 REGULAR SESSION

adopted by the office of minority and women's business enterprises under chapter 39.19 RCW.

(4)(a) For the period of July 1, 2010, through June 30, 2011, work for less than seventy-five thousand dollars may be performed on ferry vessels and terminals by state forces.

(b) The department shall hire a disinterested, third party to conduct an independent analysis to identify methods of reducing out-of-service times for vessel maintenance, preservation, and improvement projects. The analysis must include options to extend the hours and days of operation at Eagle Harbor maintenance facility, consolidating work while vessels are at shipyards by having state forces perform services traditionally performed at Eagle Harbor at the shipyard, and decreasing the allowable time at shipyards. The analysis must also compare the out-of-service vessel times of performing services by state forces versus contracting out those services which in turn must be used to form a recommendation as to what the threshold of work performed on ferry vessels and terminals by state forces should be. This analysis must be presented to the transportation committees of the senate and house of representatives by December 1, 2010.

(c) The department shall develop a proposed ferry vessel maintenance, preservation, and improvement program and present it to the transportation committees of the senate and house of representatives by December 1, 2010. The proposed program must:

(i) Improve the basis for budgeting vessel maintenance, preservation, and improvement costs and for projecting those costs into a sixteen-year financial plan;

(ii) Limit the amount of planned out-of-service time to the greatest extent possible, including options associated with department staff as well as commercial shipyards; and

(iii) Be based on the service plan in the capital plan, recognizing that vessel preservation and improvement needs may vary by route.

(d) In developing the proposed ferry vessel maintenance, preservation, and improvement program, the department shall consider the following, related to reducing vessel out-of-service time:

(i) The costs compared to benefits of Eagle Harbor repair and maintenance facility operations options to include staffing costs and benefits in terms of reduced out-of-service time;

(ii) The maintenance requirements for on-vessel staff, including the benefits of a systemwide standard;

(iii) The costs compared to benefits of staff performing preservation or maintenance work, or both, while the vessel is underway, tied up between sailings, or not deployed;

(iv) A review of the department's vessel maintenance, preservation, and improvement program contracting process and contractual requirements;

(v) The costs compared to benefits of allowing for increased costs associated with expedited delivery;

(vi) A method for comparing the anticipated out-of-service time of proposed projects and other projects planned during the same construction period;

(vii) Coordination with required United States coast guard dry dockings;

(viii) A method for comparing how proposed projects relate to the service requirements of the route on which the vessel normally operates; and

(ix) A method for evaluating the ongoing maintenance and preservation costs associated with proposed improvement projects.

**Sec. 10.** RCW 47.64.006 and 1989 c 327 s 1 are each amended to read as follows:

The legislature declares that it is the public policy of the state of Washington to: (1) Provide continuous operation of the Washington state ferry system at reasonable cost to users; (2)

efficiently provide levels of ferry service consistent with trends and forecasts of ferry usage; (3) promote harmonious and cooperative relationships between the ferry system and its employees by permitting ferry employees to organize and bargain collectively; (4) protect the citizens of this state by assuring effective and orderly operation of the ferry system in providing for their health, safety, and welfare; (5) prohibit and prevent all strikes or work stoppages by ferry employees; (6) protect the rights of ferry employees with respect to employee organizations; and (7) promote just and fair compensation, benefits, and working conditions for ferry system employees (~~(as compared with public and private sector employees in states along the west coast of the United States, including Alaska, and in British Columbia in directly comparable but not necessarily identical positions)~~).

**Sec. 11.** RCW 47.64.120 and 2006 c 164 s 3 are each amended to read as follows:

(1) The employer and ferry system employee organizations, through their collective bargaining representatives, shall meet at reasonable times, to negotiate in good faith with respect to wages, hours, working conditions, insurance, and health care benefits as limited by RCW 47.64.270, and other matters mutually agreed upon. Employer funded retirement benefits shall be provided under the public employees retirement system under chapter 41.40 RCW and shall not be included in the scope of collective bargaining. Any retirement system or retirement benefits shall not be subject to collective bargaining.

(2) Upon ratification of bargaining agreements, ferry employees are entitled to an amount equivalent to the interest earned on retroactive compensation increases. For purposes of this section, the interest earned on retroactive compensation increases is the same monthly rate of interest that was earned on the amount of the compensation increases while held in the state treasury. The interest will be computed for each employee until the date the retroactive compensation is paid, and must be allocated in accordance with appropriation authority. The interest earned on retroactive compensation is not considered part of the ongoing compensation obligation of the state and is not compensation earnable for the purposes of chapter 41.40 RCW. Negotiations shall also include grievance procedures for resolving any questions arising under the agreement, which shall be embodied in a written agreement and signed by the parties.

(3) Except as otherwise provided in this chapter, if a conflict exists between an executive order, administrative rule, or agency policy relating to wages, hours, and terms and conditions of employment and a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with the terms of a statute is invalid and unenforceable.

**Sec. 12.** RCW 47.64.170 and 2007 c 160 s 1 are each amended to read as follows:

(1) Any ferry employee organization certified as the bargaining representative shall be the exclusive representative of all ferry employees in the bargaining unit and shall represent all such employees fairly.

(2) A ferry employee organization or organizations and the governor may each designate any individual as its representative to engage in collective bargaining negotiations.

(3) Negotiating sessions, including strategy meetings of the employer or employee organizations, mediation, and the deliberative process of arbitrators are exempt from the provisions of chapter 42.30 RCW. Hearings conducted by arbitrators may be open to the public by mutual consent of the parties.

(4) Terms of any collective bargaining agreement may be enforced by civil action in Thurston county superior court upon the initiative of either party.

FIFTY SECOND DAY, MARCH 3, 2010

(5) Ferry system employees or any employee organization shall not negotiate or attempt to negotiate directly with anyone other than the person who has been appointed or authorized a bargaining representative for the purpose of bargaining with the ferry employees or their representative.

(6)(a) Within ten working days after the first Monday in September of every odd-numbered year, the parties shall attempt to agree on an interest arbitrator to be used if the parties are not successful in negotiating a comprehensive collective bargaining agreement. If the parties cannot agree on an arbitrator within the ten-day period, either party may request a list of seven arbitrators from the federal mediation and conciliation service. The parties shall select an interest arbitrator using the coin toss/alternate strike method within thirty calendar days of receipt of the list. Immediately upon selecting an interest arbitrator, the parties shall cooperate to reserve dates with the arbitrator for potential arbitration between August 1st and September 15th of the following even-numbered year. The parties shall also prepare a schedule of at least five negotiation dates for the following year, absent an agreement to the contrary. The parties shall execute a written agreement before November 1st of each odd-numbered year setting forth the name of the arbitrator and the dates reserved for bargaining and arbitration. This subsection (6)(a) imposes minimum obligations only and is not intended to define or limit a party's full, good faith bargaining obligation under other sections of this chapter.

(b) The negotiation of a proposed collective bargaining agreement by representatives of the employer and a ferry employee organization shall commence on or about February 1st of every even-numbered year.

(c) For negotiations covering the 2009-2011 biennium and subsequent biennia, the time periods specified in this section, and in RCW 47.64.210 and 47.64.300 through 47.64.320, must ensure conclusion of all agreements on or before October 1st of the even-numbered year next preceding the biennial budget period during which the agreement should take effect. These time periods may only be altered by mutual agreement of the parties in writing. Any such agreement and any impasse procedures agreed to by the parties under RCW 47.64.200 must include an agreement regarding the new time periods that will allow final resolution by negotiations or arbitration by October 1st of each even-numbered year.

(7) Until a new collective bargaining agreement is in effect, the terms and conditions of the previous collective bargaining agreement shall remain in force. It is the intent of this section that the collective bargaining agreement or arbitrator's award shall commence on July 1st of each odd-numbered year and shall terminate on June 30th of the next odd-numbered year to coincide with the ensuing biennial budget year, as defined by RCW 43.88.020(7), to the extent practical. It is further the intent of this section that all collective bargaining agreements be concluded by October 1st of the even-numbered year before the commencement of the biennial budget year during which the agreements are to be in effect.

(8)(a) The governor shall submit a request either for funds necessary to implement the collective bargaining agreements including, but not limited to, the compensation and fringe benefit provisions or for legislation necessary to implement the agreement, or both. Requests for funds necessary to implement the collective bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(b) The governor shall submit a request either for funds necessary to implement the arbitration awards or for legislation necessary to implement the arbitration awards, or both. Requests for funds necessary to implement the arbitration awards shall not be submitted to the legislature by the governor unless such requests have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered. Requests for funds necessary to implement the arbitration awards shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(c) The legislature shall approve or reject the submission of the request for funds necessary to implement the collective bargaining agreements or arbitration awards as a whole for each agreement or award. The legislature shall not consider a request for funds to implement a collective bargaining agreement or arbitration award unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement and award or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 47.64.210 and 47.64.300.

(9) If, after the compensation and fringe benefit provisions of an agreement or arbitration award are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement or award.

**Sec. 13.** RCW 47.64.200 and 2006 c 164 s 7 are each amended to read as follows:

As the first step in the performance of their duty to bargain, the employer and the employee organization shall endeavor to agree upon impasse procedures. ~~((Unless otherwise agreed to by the employee organization and the employer in their impasse procedures, the arbitrator or panel is limited to selecting the most reasonable offer, in its judgment, of the final offers on each impasse item submitted by the parties.))~~ The arbitrator shall make written findings of fact and a written determination of the issues in dispute, based on the evidence presented. The employee organization and the employer may mutually agree to the impasse procedure under which the arbitrator or panel may issue a decision it deems just and appropriate with respect to each impasse item. If the parties fail to agree upon impasse procedures under this section, the impasse procedures provided in RCW 47.64.210 and 47.64.230 and 47.64.300 through 47.64.320 apply. It is unlawful for either party to refuse to participate in the impasse procedures provided in RCW 47.64.210 and 47.64.230 and 47.64.300 through 47.64.320.

**Sec. 14.** RCW 47.64.280 and 2006 c 164 s 18 are each amended to read as follows:

(1) There is created the marine employees' commission. The governor shall appoint the commission with the consent of the senate. The commission shall consist of three members: One member to be appointed from labor, one member from industry, and one member from the public who has significant knowledge of maritime affairs. The public member shall be chair of the commission. One of the original members shall be appointed for a term of three years, one for a term of four years, and one for a term of five years. Their successors shall be appointed for terms of five years each, except that any person chosen to fill a vacancy shall be

FIFTY SECOND DAY, MARCH 3, 2010

2010 REGULAR SESSION

appointed only for the unexpired term of the member whom he or she succeeds. Commission members are eligible for reappointment. Any member of the commission may be removed by the governor, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other cause. Commission members are not eligible for state retirement under chapter 41.40 RCW by virtue of their service on the commission. Members of the commission shall be compensated in accordance with RCW 43.03.250 and shall receive reimbursement for official travel and other expenses at the same rate and on the same terms as provided for the transportation commission by RCW 47.01.061. The payments shall be made from the Puget Sound ferry operations account.

(2) The commission shall: (a) Adjust all complaints, grievances, and disputes between labor and management arising out of the operation of the ferry system as provided in RCW 47.64.150; (b) provide for impasse mediation as required in RCW 47.64.210; ~~and (c) ((provide salary surveys as required in RCW 47.64.220; and (d)))~~ perform those duties required in RCW 47.64.300.

(3)(a) In adjudicating all complaints, grievances, and disputes, the party claiming labor disputes shall, in writing, notify the commission, which shall make careful inquiry into the cause thereof and issue an order advising the ferry employee, or the ferry employee organization representing him or her, and the department of transportation, as to the decision of the commission.

(b) The parties are entitled to offer evidence relating to disputes at all hearings conducted by the commission. The orders and awards of the commission are final and binding upon any ferry employee or employees or their representative affected thereby and upon the department.

(c) The commission shall adopt rules of procedure under chapter 34.05 RCW.

(d) The commission has the authority to subpoena any ferry employee or employees, or their representatives, and any member or representative of the department, and any witnesses. The commission may require attendance of witnesses and the production of all pertinent records at any hearings held by the commission. The subpoenas of the commission are enforceable by order of any superior court in the state of Washington for the county within which the proceeding may be pending. The commission may hire staff as necessary, appoint consultants, enter into contracts, and conduct studies as reasonably necessary to carry out this chapter.

**Sec. 15.** RCW 47.64.320 and 2006 c 164 s 14 are each amended to read as follows:

(1) The mediator, arbitrator, or arbitration panel may consider only matters that are subject to bargaining under this chapter, except that health care benefits are not subject to interest arbitration.

(2) The decision of an arbitrator or arbitration panel is not binding on the legislature and, if the legislature does not approve the funds necessary to implement provisions pertaining to compensation and fringe benefit provisions of an arbitrated collective bargaining agreement, is not binding on the state, the department of transportation, or the ferry employee organization.

(3) In making its determination, the arbitrator or arbitration panel shall be mindful of the legislative purpose under RCW 47.64.005 and 47.64.006 and, as additional standards or guidelines to aid it in reaching a decision, shall take into consideration the following factors:

(a) The financial ability of the department to pay for the compensation and fringe benefit provisions of a collective bargaining agreement;

The President declared the question before the Senate to be the motion by Senator Haugen to not adopt the committee striking amendment by the Committee on Transportation to House Bill No. 2271.

The motion by Senator Haugen carried and the committee striking amendment was not adopted by voice vote.

#### MOTION

Senator Haugen moved that the following striking amendment by Senators Haugen and Swecker be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** It is the intent of the legislature that final recommendations from the joint transportation committee ferry study, submitted to the legislature during the 2009 regular legislative session, be enacted by the legislature and implemented by the department of transportation as soon as practicable in order to benefit from the efficiencies and cost savings identified in the recommendations. It is also the intent of the legislature to make various additional policy changes aimed at further efficiencies and cost savings. Since the study began in 2006, recommendations have been made with regard to long range planning and implementing the most efficient and effective balance between ferry capital and operating investments. It is intended that this act, the

2010 REGULAR SESSION

2009-2011 omnibus transportation appropriations act, and subsequent transportation appropriations acts serve as vehicles for enacting these recommendations in order to maximize the utilization of existing capacity and to make the most efficient use of existing assets and tax dollars.

**Sec. 2.** RCW 47.60.355 and 2007 c 512 s 11 are each amended to read as follows:

(1) Terminal and vessel preservation funding requests shall only be for assets in the life-cycle cost model.

(2) Terminal and vessel preservation funding requests that exceed five million dollars per project must be accompanied by a predesign study. The predesign study must include all elements required by the office of financial management.

**Sec. 3.** RCW 47.60.365 and 2007 c 512 s 12 are each amended to read as follows:

The department shall develop terminal and vessel design standards that:

(1) Adhere to vehicle level of service standards as described in RCW 47.06.140;

(2) Adhere to operational strategies as described in RCW 47.60.327; and

(3) Choose the most efficient balance between capital and operating investments by using a life-cycle cost analysis.

**Sec. 4.** RCW 47.60.375 and 2008 c 124 s 3 are each amended to read as follows:

(1) The capital plan must adhere to the following:

(a) A current ridership demand forecast;

(b) Vehicle level of service standards as described in RCW 47.06.140;

(c) Operational strategies as described in RCW 47.60.327; and

(d) Terminal and vessel design standards as described in RCW 47.60.365.

(2) The capital plan must include the following:

(a) A current vessel preservation plan;

(b) A current systemwide vessel rebuild and replacement plan as described in RCW 47.60.377;

(c) A current vessel deployment plan; and

(d) A current terminal preservation plan that adheres to the life-cycle cost model on capital assets as described in RCW 47.60.345.

**Sec. 5.** RCW 47.60.385 and 2008 c 124 s 6 are each amended to read as follows:

(1) Terminal improvement, vessel improvement, and vessel acquisition project funding requests must adhere to the capital plan((-

~~(2) Requests for terminal improvement design and construction funding must)), include route-based planning, and be submitted with a predesign study that:~~

(a) Includes all elements required by the office of financial management;

(b) Separately identifies basic terminal and vessel elements essential for operation and their costs;

(c) Separately identifies additional elements to provide ancillary revenue and customer comfort and their costs;

(d) Includes construction phasing options that are consistent with forecasted ridership increases;

(e) Separately identifies additional elements requested by local governments and the cost and proposed funding source of those elements;

(f) Separately identifies multimodal elements and the cost and proposed funding source of those elements; ~~((and))~~

(g) Identifies all contingency amounts((.

(h)[(3)] When planning for new vessel acquisitions, the department must evaluate the long-term vessel operating costs related to fuel efficiency and staffing);

FIFTY SECOND DAY, MARCH 3, 2010

2010 REGULAR SESSION

(h) Identifies any terminal, vessel, or other capital modifications that would be required as a result of the proposed capital project;

(i) Includes planned service modifications as a result of the proposed capital project, and the consistency of those service modifications with the capital plan; and

(j) Demonstrates the evaluation of long-term operating costs including fuel efficiency, staffing, and preservation.

(2) The department shall prioritize vessel preservation and acquisition funding requests over vessel improvement funding requests.

NEW SECTION. **Sec. 6.** A new section is added to chapter 47.60 RCW to read as follows:

(1) In addition to the requirements of RCW 47.60.385(1), initial requests for, and substantial modification requests to, vessel acquisition funding must be submitted with a predesign study that:

(a) Includes a business decision case on vessel sizing;

(b) Includes an updated vessel deployment plan demonstrating maximum use of existing vessels, and an updated systemwide vessel rebuild and replacement plan;

(c) Includes an analysis that demonstrates that acquiring a new vessel or improving an existing vessel is more cost-effective than other alternatives considered. At a minimum, alternatives explored must include:

(i) Alternatives to new vessel construction that increase capacity of existing vessels;

(ii) Service level changes in lieu of adding vessel capacity; and

(iii) Acquiring existing vessels or existing vessel plans rather than wholly new vessels or vessel plans; and

(d) Demonstrates that the vessel proposed for improvement, construction, or purchase, if intended to replace an existing vessel or to place an existing vessel into inactive or reserve status, is consistent with the scheduled replacements in the rebuild and replacement plan.

(2) In addition to the requirements of RCW 47.60.385(1), initial requests for, and substantial modification requests to, vessel improvement funding must be submitted with a predesign study that includes:

(a) An explanation of any regulatory changes necessitating the improvement;

(b) The requirements under subsection (1) of this section, if the improvement modifies the capacity of a vessel;

(c) A cost-benefit analysis of any modifications designed to improve fuel efficiency, including potential impacts on vessel maintenance and repair; and

(d) An assessment of out-of-service time associated with making the improvement and ongoing preservation of the improvement.

NEW SECTION. **Sec. 7.** A new section is added to chapter 47.60 RCW to read as follows:

(1) The legislature finds measuring the performance of Washington state ferries requires the measurement of quality, timeliness, and unit cost of services delivered to customers. Consequently, the department must develop a set of metrics that measure that performance and report to the transportation committees of the house of representatives and senate and to the office of financial management on the development of these measurements along with recommendations to the 2011 legislature on which measurements must become a part of the next transportation budget.

(2) Annually, the department shall report to the transportation committees of the legislature statistics regarding its on-time arrival and departure status on a route-by-route and month-by-month basis, as well as an annual route-by-route and systemwide basis, weighted by the number of customers on each sailing and distinguishing peak period on-time performance. The statistics must include reasons

for any delays over ten minutes from the scheduled time. The statistics must be prominently displayed on the Washington state ferries' web site. Each Washington state ferries vessel and terminal must prominently display the statistics as they relate to their specific route.

NEW SECTION. **Sec. 8.** (1) Signage must be prominently displayed at each terminal and on each vessel that informs the public that assaults on Washington state employees will be prosecuted to the full extent of the law.

(2) The department shall investigate the frequency, severity, and prosecutorial results of assaults on Washington state ferries employees and, if appropriate, make recommendations to the transportation committees of the senate and house of representatives during the 2011 legislative session regarding methods to decrease the number of assaults on employees and procedures for prosecuting those who assault employees.

(3) This section expires June 30, 2011.

**Sec. 9.** RCW 47.28.030 and 2007 c 218 s 90 are each amended to read as follows:

~~(1)(a)~~ A state highway shall be constructed, altered, repaired, or improved, and improvements located on property acquired for right-of-way purposes may be repaired or renovated pending the use of such right-of-way for highway purposes, by contract or state forces. The work or portions thereof may be done by state forces when the estimated costs thereof are less than fifty thousand dollars and effective July 1, 2005, sixty thousand dollars(~~(= PROVIDED, That))~~).

~~(b)~~ When delay of performance of such work would jeopardize a state highway or constitute a danger to the traveling public, the work may be done by state forces when the estimated cost thereof is less than eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

~~(c)~~ When the department of transportation determines to do the work by state forces, it shall enter a statement upon its records to that effect, stating the reasons therefor.

~~(d)~~ To enable a larger number of small businesses, and minority, and women contractors to effectively compete for department of transportation contracts, the department may adopt rules providing for bids and award of contracts for the performance of work, or furnishing equipment, materials, supplies, or operating services whenever any work is to be performed and the engineer's estimate indicates the cost of the work would not exceed eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

~~(2)~~ The rules adopted under this section:

~~((1))~~ ~~(a)~~ Shall provide for competitive bids to the extent that competitive sources are available except when delay of performance would jeopardize life or property or inconvenience the traveling public; and

~~((2))~~ ~~(b)~~ Need not require the furnishing of a bid deposit nor a performance bond, but if a performance bond is not required then progress payments to the contractor may be required to be made based on submittal of paid invoices to substantiate proof that disbursements have been made to laborers, material suppliers, mechanics, and subcontractors from the previous partial payment; and

~~((3))~~ ~~(c)~~ May establish prequalification standards and procedures as an alternative to those set forth in RCW 47.28.070, but the prequalification standards and procedures under RCW 47.28.070 shall always be sufficient.

~~(3)~~ The department of transportation shall comply with such goals and rules as may be adopted by the office of minority and women's business enterprises to implement chapter 39.19 RCW with respect to contracts entered into under this chapter. The department may adopt such rules as may be necessary to comply with the rules

FIFTY SECOND DAY, MARCH 3, 2010

adopted by the office of minority and women's business enterprises under chapter 39.19 RCW.

(4)(a) For the period of July 1, 2010, through June 30, 2011, work for less than seventy-five thousand dollars may be performed on ferry vessels and terminals by state forces.

(b) The department shall hire a disinterested, third party to conduct an independent analysis to identify methods of reducing out-of-service times for vessel maintenance, preservation, and improvement projects. The analysis must include options to extend the hours and days of operation at Eagle Harbor maintenance facility, consolidating work while vessels are at shipyards by having state forces perform services traditionally performed at Eagle Harbor at the shipyard, and decreasing the allowable time at shipyards. The analysis must also compare the out-of-service vessel times of performing services by state forces versus contracting out those services which in turn must be used to form a recommendation as to what the threshold of work performed on ferry vessels and terminals by state forces should be. This analysis must be presented to the transportation committees of the senate and house of representatives by December 1, 2010.

(c) The department shall develop a proposed ferry vessel maintenance, preservation, and improvement program and present it to the transportation committees of the senate and house of representatives by December 1, 2010. The proposed program must:

(i) Improve the basis for budgeting vessel maintenance, preservation, and improvement costs and for projecting those costs into a sixteen-year financial plan;

(ii) Limit the amount of planned out-of-service time to the greatest extent possible, including options associated with department staff as well as commercial shipyards; and

(iii) Be based on the service plan in the capital plan, recognizing that vessel preservation and improvement needs may vary by route.

(d) In developing the proposed ferry vessel maintenance, preservation, and improvement program, the department shall consider the following, related to reducing vessel out-of-service time:

(i) The costs compared to benefits of Eagle Harbor repair and maintenance facility operations options to include staffing costs and benefits in terms of reduced out-of-service time;

(ii) The maintenance requirements for on-vessel staff, including the benefits of a systemwide standard;

(iii) The costs compared to benefits of staff performing preservation or maintenance work, or both, while the vessel is underway, tied up between sailings, or not deployed;

(iv) A review of the department's vessel maintenance, preservation, and improvement program contracting process and contractual requirements;

(v) The costs compared to benefits of allowing for increased costs associated with expedited delivery;

(vi) A method for comparing the anticipated out-of-service time of proposed projects and other projects planned during the same construction period;

(vii) Coordination with required United States coast guard dry dockings;

(viii) A method for comparing how proposed projects relate to the service requirements of the route on which the vessel normally operates; and

(ix) A method for evaluating the ongoing maintenance and preservation costs associated with proposed improvement projects.

**Sec. 10.** RCW 47.64.006 and 1989 c 327 s 1 are each amended to read as follows:

The legislature declares that it is the public policy of the state of Washington to: (1) Provide continuous operation of the Washington state ferry system at reasonable cost to users; (2)

efficiently provide levels of ferry service consistent with trends and forecasts of ferry usage; (3) promote harmonious and cooperative relationships between the ferry system and its employees by permitting ferry employees to organize and bargain collectively; (4) protect the citizens of this state by assuring effective and orderly operation of the ferry system in providing for their health, safety, and welfare; (5) prohibit and prevent all strikes or work stoppages by ferry employees; (6) protect the rights of ferry employees with respect to employee organizations; and (7) promote just and fair compensation, benefits, and working conditions for ferry system employees ((as compared with public and private sector employees in states along the west coast of the United States, including Alaska, and in British Columbia in directly comparable but not necessarily identical positions)).

**Sec. 11.** RCW 47.64.120 and 2006 c 164 s 3 are each amended to read as follows:

(1) The employer and ferry system employee organizations, through their collective bargaining representatives, shall meet at reasonable times, to negotiate in good faith with respect to wages, hours, working conditions, insurance, and health care benefits as limited by RCW 47.64.270, and other matters mutually agreed upon. Employer funded retirement benefits shall be provided under the public employees retirement system under chapter 41.40 RCW and shall not be included in the scope of collective bargaining. Any retirement system or retirement benefits shall not be subject to collective bargaining.

(2) Upon ratification of bargaining agreements, ferry employees are entitled to an amount equivalent to the interest earned on retroactive compensation increases. For purposes of this section, the interest earned on retroactive compensation increases is the same monthly rate of interest that was earned on the amount of the compensation increases while held in the state treasury. The interest will be computed for each employee until the date the retroactive compensation is paid, and must be allocated in accordance with appropriation authority. The interest earned on retroactive compensation is not considered part of the ongoing compensation obligation of the state and is not compensation earnable for the purposes of chapter 41.40 RCW. Negotiations shall also include grievance procedures for resolving any questions arising under the agreement, which shall be embodied in a written agreement and signed by the parties.

(3) Except as otherwise provided in this chapter, if a conflict exists between an executive order, administrative rule, or agency policy relating to wages, hours, and terms and conditions of employment and a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with the terms of a statute is invalid and unenforceable.

**Sec. 12.** RCW 47.64.170 and 2007 c 160 s 1 are each amended to read as follows:

(1) Any ferry employee organization certified as the bargaining representative shall be the exclusive representative of all ferry employees in the bargaining unit and shall represent all such employees fairly.

(2) A ferry employee organization or organizations and the governor may each designate any individual as its representative to engage in collective bargaining negotiations.

(3) Negotiating sessions, including strategy meetings of the employer or employee organizations, mediation, and the deliberative process of arbitrators are exempt from the provisions of chapter 42.30 RCW. Hearings conducted by arbitrators may be open to the public by mutual consent of the parties.

(4) Terms of any collective bargaining agreement may be enforced by civil action in Thurston county superior court upon the initiative of either party.

FIFTY SECOND DAY, MARCH 3, 2010

2010 REGULAR SESSION

(5) Ferry system employees or any employee organization shall not negotiate or attempt to negotiate directly with anyone other than the person who has been appointed or authorized a bargaining representative for the purpose of bargaining with the ferry employees or their representative.

(6)(a) Within ten working days after the first Monday in September of every odd-numbered year, the parties shall attempt to agree on an interest arbitrator to be used if the parties are not successful in negotiating a comprehensive collective bargaining agreement. If the parties cannot agree on an arbitrator within the ten-day period, either party may request a list of seven arbitrators from the federal mediation and conciliation service. The parties shall select an interest arbitrator using the coin toss/alternate strike method within thirty calendar days of receipt of the list. Immediately upon selecting an interest arbitrator, the parties shall cooperate to reserve dates with the arbitrator for potential arbitration between August 1st and September 15th of the following even-numbered year. The parties shall also prepare a schedule of at least five negotiation dates for the following year, absent an agreement to the contrary. The parties shall execute a written agreement before November 1st of each odd-numbered year setting forth the name of the arbitrator and the dates reserved for bargaining and arbitration. This subsection (6)(a) imposes minimum obligations only and is not intended to define or limit a party's full, good faith bargaining obligation under other sections of this chapter.

(b) The negotiation of a proposed collective bargaining agreement by representatives of the employer and a ferry employee organization shall commence on or about February 1st of every even-numbered year.

(c) For negotiations covering the 2009-2011 biennium and subsequent biennia, the time periods specified in this section, and in RCW 47.64.210 and 47.64.300 through 47.64.320, must ensure conclusion of all agreements on or before October 1st of the even-numbered year next preceding the biennial budget period during which the agreement should take effect. These time periods may only be altered by mutual agreement of the parties in writing. Any such agreement and any impasse procedures agreed to by the parties under RCW 47.64.200 must include an agreement regarding the new time periods that will allow final resolution by negotiations or arbitration by October 1st of each even-numbered year.

(7) ((Until a new collective bargaining agreement is in effect, the terms and conditions of the previous collective bargaining agreement shall remain in force.)) It is the intent of this section that the collective bargaining agreement or arbitrator's award shall commence on July 1st of each odd-numbered year and shall terminate on June 30th of the next odd-numbered year to coincide with the ensuing biennial budget year, as defined by RCW 43.88.020(7), to the extent practical. It is further the intent of this section that all collective bargaining agreements be concluded by October 1st of the even-numbered year before the commencement of the biennial budget year during which the agreements are to be in effect. After the expiration date of a collective bargaining agreement negotiated under this chapter, all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8)(a) The governor shall submit a request either for funds necessary to implement the collective bargaining agreements including, but not limited to, the compensation and fringe benefit provisions or for legislation necessary to implement the agreement, or both. Requests for funds necessary to implement the collective bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(b) The governor shall submit a request either for funds necessary to implement the arbitration awards or for legislation necessary to implement the arbitration awards, or both. Requests for funds necessary to implement the arbitration awards shall not be submitted to the legislature by the governor unless such requests have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered. Requests for funds necessary to implement the arbitration awards shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(c) The legislature shall approve or reject the submission of the request for funds necessary to implement the collective bargaining agreements or arbitration awards as a whole for each agreement or award. The legislature shall not consider a request for funds to implement a collective bargaining agreement or arbitration award unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement and award or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 47.64.210 and 47.64.300.

(9) If, after the compensation and fringe benefit provisions of an agreement or arbitration award are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement or award.

**Sec. 13.** RCW 47.64.200 and 2006 c 164 s 7 are each amended to read as follows:

As the first step in the performance of their duty to bargain, the employer and the employee organization shall endeavor to agree upon impasse procedures. ~~((Unless otherwise agreed to by the employee organization and the employer in their impasse procedures, the arbitrator or panel is limited to selecting the most reasonable offer, in its judgment, of the final offers on each impasse item submitted by the parties.))~~ The arbitrator shall make written findings of fact and a written determination of the issues in dispute, based on the evidence presented. The employee organization and the employer may mutually agree to the impasse procedure under which the arbitrator or panel may issue a decision it deems just and appropriate with respect to each impasse item. If the parties fail to agree upon impasse procedures under this section, the impasse procedures provided in RCW 47.64.210 and 47.64.230 and 47.64.300 through 47.64.320 apply. It is unlawful for either party to refuse to participate in the impasse procedures provided in RCW 47.64.210 and 47.64.230 and 47.64.300 through 47.64.320.

A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. The duty to register under this subsection applies to sex offenders convicted under the laws of another state or a foreign country, federal or military statutes for offenses committed before, on, or after February 28, 1990, or Washington state for offenses committed before, on, or after February 28, 1990, and to kidnapping offenders convicted under the laws of another state or a foreign country, federal or military statutes, or Washington state for offenses committed before, on, or after July 27, 1997. Sex offenders and kidnapping offenders from other states or a foreign country who, when they move to Washington, are under the jurisdiction of the department of corrections, the indeterminate sentence review board, or the department of social and health services must register within twenty-four hours of moving to Washington. The agency that has jurisdiction over the offender shall notify the offender of the registration requirements before the offender moves to Washington.

(vi) **OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY.** Any adult or juvenile who has been found not guilty by reason of insanity under chapter 10.77 RCW of (A) committing a sex offense on, before, or after February 28, 1990, and who, on or after July 23, 1995, is in custody, as a result of that finding, of the state department of social and health services, or (B) committing a kidnapping offense on, before, or after July 27, 1997, and who on or after July 27, 1997, is in custody, as a result of that finding, of the state department of social and health services, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence. The state department of social and health services shall provide notice to the adult or juvenile in its custody of the duty to register. Any adult or juvenile who has been found not guilty by reason of insanity of committing a sex offense on, before, or after February 28, 1990, but who was released before July 23, 1995, or any adult or juvenile who has been found not guilty by reason of insanity of committing a kidnapping offense but who was released before July 27, 1997, shall be required to register within twenty-four hours of receiving notice of this registration requirement. The state department of social and health services shall make reasonable attempts within available resources to notify sex offenders who were released before July 23, 1995, and kidnapping offenders who were released before July 27, 1997. Failure to register within twenty-four hours of release, or of receiving notice, constitutes a violation of this section and is punishable as provided in subsection ~~((4))~~ (10) of this section.

(vii) **OFFENDERS WHO LACK A FIXED RESIDENCE.** Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than twenty-four hours after entering the county and provide the information required in subsection (3)(b) of this section.

(viii) **OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION.** Offenders who lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(ix) **OFFENDERS WHO MOVE TO, WORK, CARRY ON A VOCATION, OR ATTEND SCHOOL IN ANOTHER STATE.** Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in another

state shall register a new address, fingerprints, and photograph with the new state within ten days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state. The person must also send written notice within ten days of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection ~~((4))~~ (10) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send signed written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send signed written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send signed written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide signed written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence. The notice shall include the information required by subsection (3)(b) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in

which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. ~~((The county sheriff's office may require the person to list the locations where the person has stayed during the last seven days.))~~ The person must keep an accurate accounting of where he or she stays during the week and provide it to the county sheriff upon request. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) ((All offenders who are required to register pursuant to this section who have a fixed residence and who are designated as a risk level II or III must report, in person, every ninety days to the sheriff of the county where he or she is registered. Reporting shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. An offender who complies with the ninety-day reporting requirement with no violations for a period of at least five years in the community may petition the superior court to be relieved of the duty to report every ninety days. The petition shall be made to the superior court in the county where the offender resides or reports under this section. The prosecuting attorney of the county shall be named and served as respondent in any such petition. The court shall relieve the petitioner of the duty to report if the petitioner shows, by a preponderance of the evidence, that the petitioner has complied with the reporting requirement for a period of at least five years and that the offender has not been convicted of a criminal violation of this section for a period of at least five years, and the court determines that the reporting no longer serves a public safety purpose. Failure to report, as specified, constitutes a violation of this section and is punishable as provided in subsection (11) of this section.

(8)) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within five days of the entry of the order.

((9)) (8) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints. A photograph may be taken at any time to update an individual's file.

**NEW SECTION. Sec. 13. (2) An appraiser that is removed from the appraiser panel of an appraisal management company for alleged illegal conduct or a violation of state licensing standards, may file a complaint with the department for a review of the decision of the appraisal management company, except that in no case will the department make any determination regarding the nature of the business relationship between the appraiser and the appraisal management company which is unrelated to the actions specified in subsection (1) of this section.

(3) If an appraiser files a complaint against an appraisal management company pursuant to subsection (2) of this section, the department may investigate the complaint within one hundred eighty days during which time the appraiser must remain removed from the panel.

(4) If after opportunity for hearing and review, the department determines that an appraiser did not commit a violation of law or a violation of state licensing standards, the department shall order that an appraiser be restored to the appraiser panel of the appraisal management company that was the subject of the complaint without prejudice.

(5) Following the adjudication of a complaint to the department by an appraiser against an appraisal management company, an appraisal management company may not refuse to make assignments for real estate appraisal services to an appraiser, or reduce the number of assignments, or otherwise penalize the appraiser because of the adjudicated complaint, if the department

(ii) Requiring the appraiser to remit a portion of the appraisal fee back to the appraisal management company;

(iii) Withholding or threatening to withhold future business for, or demoting or terminating or threatening to demote or terminate, an appraiser;

(iv) Expressly or impliedly promising future business, promotions, or increased compensation for an appraiser;

(viii) Providing to an appraiser, or any entity or person related to the appraiser, stock or other financial or nonfinancial benefits;

(ix) Obtaining, using, or paying for a second or subsequent appraisal or ordering an automated valuation model in connection with a mortgage financing transaction unless there is a reasonable basis to believe that the initial appraisal was flawed or tainted and such basis is clearly and appropriately noted in the loan file, or unless such appraisal or automated valuation model is done pursuant to a bona fide prefunding or postfunding appraisal review or quality control process; or

(x) Any other act or practice that impairs or attempts to impair an appraiser's independence, objectivity, or impartiality, or that violates law;

(e) Altering, modifying, or otherwise changing a completed appraisal report submitted by an appraiser;

management company that he or she does not have either the geographic competence or necessary expertise to complete the appraisal;

(j) Knowingly requiring an appraiser to prepare an appraisal report under such a limited time frame when the appraiser, in the appraiser's own professional judgment, has informed the appraisal management company that it does not afford the appraiser the ability to meet all relevant legal and professional obligations or provide a credible opinion of value for the property being appraised. This subsection (1)(j) allows an appraiser to decline an assignment, but is not a basis for complaints against the appraisal management company;

(k) Requiring, or attempting to require, an appraiser to modify an appraisal report except as permitted under subsection (2)(a) or (b) of this section;

(l) Prohibiting, or attempting to prohibit, or inhibiting legal or other allowable communication between the appraiser and:

(m) Knowingly requiring or attempting to require the appraiser to do anything that violates chapter 18.140 RCW or other applicable state and federal laws or with any allowable assignment conditions or certifications required by the client;

(n) Prohibiting or refusing to allow, or attempting to prohibit or refuse to allow, the transfer of an appraisal from one lender to another lender if the lenders are allowed to transfer an appraisal under applicable federal law; or

(o) Requiring an appraiser to sign any indemnification agreement that would require the appraiser to defend and hold harmless the appraisal management company or any of its agents, employees, or independent contractors for any liability, damage, losses, or claims arising out of the services performed by the appraisal management company or its agents, employees, or independent contractors and not the services performed by the appraiser.

(2) Nothing in subsection (1) of this section may be construed as prohibiting the appraisal management company from requesting that an appraiser:

(a) Provide additional information about the basis for a valuation, including whether or not the appraiser considered other sales and reasons the other sales were either not considered relevant or included in the appraisal; or

(b) Correct objective factual errors in an appraisal report.

## SECOND READING

FIFTY SECOND DAY, MARCH 3, 2010

2010 REGULAR SESSION

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2541, by House Committee on Agriculture & Natural Resources (originally sponsored by Representatives Takko, Orcutt, Kessler, Kretz and Blake)

Maintaining a base of forest lands that may be used for commercial forestry. Revised for 1st Substitute: Promoting and fostering the success of the forest products industry. (REVISED FOR ENGROSSED: Promoting the economic success of the forest products industry. )

The measure was read the second time.

#### MOTION

Senator Jacobsen moved that the following committee striking amendment by the Committee on Natural Resources, Ocean & Recreation be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that sustainably managed commercial forestry produces jobs and revenue while also providing clean water, clean air, renewable energy, wildlife habitat, open space, and carbon storage, among other ecological values. For these reasons, maintaining a base of forest lands that may be utilized for sustainably managed commercial forestry is of utmost importance to the state.

(2) The legislature finds that the promotion and fostering of the economic success of the forest products industry with the goal of keeping sustainably managed forestry as a priority land use, and helping to secure the timber managing, growing, harvesting, transporting, and manufacturing jobs is made possible by a vibrant working forest land base.

(3) The legislature further finds that maintaining sustainable working forests is important for the quality of life of all Washingtonians, and that sustainable forest practices can help to maintain and restore the vitality of Washington's communities while also helping to preserve Washington's natural landscapes and ecosystems.

(4) The legislature further finds that it is necessary to assist landowners in gaining access to additional sources of revenue, such as emerging ecosystem services markets, and to help landowners diversify their incomes, improve the ecological functions of their lands, and pass their lands and the lands' associated benefits to future generations.

(5) The legislature further finds that the conservation and restoration of forest ecosystems provide services to the residents of the state that help improve water and habitat quality, help avoid carbon emissions, help address impacts associated with climate change, and help natural resources adapt to these impacts.

(6) The legislature further finds that ecosystem services markets can lead to efficient, innovative, and effective conservation and restoration actions and facilitate improved integration of public and private investment.

(7) Therefore, it is the intent of the legislature to develop tools to facilitate small and industrial forest landowners' access to market capital from existing and emerging ecosystem services markets.

(8) The legislature further intends to enable forest landowners who provide ecosystem services access to financing to protect, restore, and maintain the ecological values provided by protection of public resources.

NEW SECTION. **Sec. 2.** A new section is added to chapter 76.44 RCW to read as follows:

The legislature finds that there are many issues facing the forest sector, such as climate change, forest health and fire, carbon

accounting, habitat and diversity, timber and water supplies, economic competitiveness, and the economic health of forest dependent communities. Enhancing the capability to effectively address these forest issues is critical to the state of Washington. To meet this need, the University of Washington school of forest resources will continue to work with the various interests concerned with the state's forest resources, including the legislature, state and federal governments, environmental organizations, local communities, the timber industry, and tribes, to improve these entities' ability to competitively recruit, educate, and train a high quality workforce.

**Sec. 3.** RCW 76.09.010 and 1999 sp.s. c 4 s 901 are each amended to read as follows:

(1) The legislature hereby finds and declares that the forest land resources are among the most valuable of all resources in the state; that a viable forest products industry is of prime importance to the state's economy; that it is in the public interest for public and private commercial forest lands to be managed consistent with sound policies of natural resource protection; that coincident with maintenance of a viable forest products industry, it is important to afford protection to forest soils, fisheries, wildlife, water quantity and quality, air quality, recreation, and scenic beauty.

(2) The legislature further finds and declares it to be in the public interest of this state to create and maintain through the adoption of this chapter a comprehensive statewide system of laws and forest practices rules which will achieve the following purposes and policies:

(a) Afford protection to, promote, foster and encourage timber growth, and require such minimum reforestation of commercial tree species on forest lands as will reasonably utilize the timber growing capacity of the soil following current timber harvest;

(b) Afford protection to forest soils and public resources by utilizing all reasonable methods of technology in conducting forest practices;

(c) Recognize both the public and private interest in the profitable growing and harvesting of timber;

(d) Promote efficiency by permitting maximum operating freedom consistent with the other purposes and policies stated herein;

(e) Provide for regulation of forest practices so as to avoid unnecessary duplication in such rules;

(f) Provide for interagency input and intergovernmental and tribal coordination and cooperation;

(g) Achieve compliance with all applicable requirements of federal and state law with respect to nonpoint sources of water pollution from forest practices;

(h) To consider reasonable land use planning goals and concepts contained in local comprehensive plans and zoning regulations;

(i) Foster cooperation among managers of public resources, forest landowners, Indian tribes and the citizens of the state; ~~(and)~~

(j) Develop a watershed analysis system that addresses the cumulative effect of forest practices on, at a minimum, the public resources of fish, water, and public capital improvements of the state and its political subdivisions; and

(k) Assist forest landowners in accessing market capital and financing for the ecosystem services provided to the public as a result of the protection of public resources.

(3) The legislature further finds and declares that it is also in the public interest of the state to encourage forest landowners to undertake corrective and remedial action to reduce the impact of mass earth movements and fluvial processes.

(4) The legislature further finds and declares that it is in the public interest that the applicants for state forest practices permits should assist in paying for the cost of review and permitting necessary for the environmental protection of these resources.

2010 REGULAR SESSION

**Sec. 4.** RCW 76.09.040 and 2009 c 246 s 1 are each amended to read as follows:

(1)(a) Where necessary to accomplish the purposes and policies stated in RCW 76.09.010, and to implement the provisions of this chapter, the board shall adopt forest practices rules pursuant to chapter 34.05 RCW and in accordance with the procedures enumerated in this section that:

~~((a))~~ (i) Establish minimum standards for forest practices;

~~((b))~~ (ii) Provide procedures for the voluntary development of resource management plans which may be adopted as an alternative to the minimum standards in (a)(i) of this subsection if the plan is consistent with the purposes and policies stated in RCW 76.09.010 and the plan meets or exceeds the objectives of the minimum standards;

~~((c))~~ (iii) Set forth necessary administrative provisions;

~~((d))~~ (iv) Establish procedures for the collection and administration of forest practice fees as set forth by this chapter; and

~~((e))~~ (v) Allow for the development of watershed analyses.

(b) Forest practices rules pertaining to water quality protection shall be adopted by the board after reaching agreement with the director of the department of ecology or the director's designee on the board with respect thereto. All other forest practices rules shall be adopted by the board.

(c) Forest practices rules shall be administered and enforced by either the department or the local governmental entity as provided in this chapter. Such rules shall be adopted and administered so as to give consideration to all purposes and policies set forth in RCW 76.09.010.

(2)(a) The board shall prepare proposed forest practices rules consistent with this section and chapter 34.05 RCW. In addition to any forest practices rules relating to water quality protection proposed by the board, the department of ecology may submit to the board proposed forest practices rules relating to water quality protection.

(b)(i) Prior to initiating the rule-making process, the proposed rules shall be submitted for review and comments to the department of fish and wildlife and to the counties of the state. After receipt of the proposed forest practices rules, the department of fish and wildlife and the counties of the state shall have thirty days in which to review and submit comments to the board, and to the department of ecology with respect to its proposed rules relating to water quality protection.

(ii) After the expiration of ~~((such))~~ the thirty day period, the board and the department of ecology shall jointly hold one or more hearings on the proposed rules pursuant to chapter 34.05 RCW. ~~((At such hearing(s)))~~ Any county representative may propose specific forest practices rules relating to problems existing within ~~((such))~~ the county at the hearings.

(iii) The board may adopt and the department of ecology may approve such proposals if they find the proposals are consistent with the purposes and policies of this chapter.

(3)(a) The board shall establish by rule a program for the acquisition of riparian open space and critical habitat for threatened or endangered species as designated by the board. Acquisition must be a conservation easement. Lands eligible for acquisition are forest lands within unconfined channel migration zones or forest lands containing critical habitat for threatened or endangered species as designated by the board. Once acquired, these lands may be held and managed by the department, transferred to another state agency, transferred to an appropriate local government agency, or transferred to a private nonprofit nature conservancy corporation, as defined in RCW 64.04.130, in fee or transfer of management obligation. The board shall adopt rules governing the acquisition by the state or donation to the state of such interest in lands including the right of refusal if the lands are subject to unacceptable liabilities. The rules shall include definitions of qualifying lands, priorities for

acquisition, and provide for the opportunity to transfer such lands with limited warranties and with a description of boundaries that does not require full surveys where the cost of securing the surveys would be unreasonable in relation to the value of the lands conveyed. The rules shall provide for the management of the lands for ecological protection or fisheries enhancement. For the purposes of conservation easements entered into under this section, the following apply:

~~((a))~~ (i) For conveyances of a conservation easement in which the landowner conveys an interest in the trees only, the compensation must include the timber value component, as determined by the cruised volume of any timber located within the channel migration zone or critical habitat for threatened or endangered species as designated by the board, multiplied by the appropriate quality code stumpage value for timber of the same species shown on the appropriate table used for timber harvest excise tax purposes under RCW 84.33.091;

~~((b))~~ (ii) For conveyances of a conservation easement in which the landowner conveys interests in both land and trees, the compensation must include the timber value component in (a)(i) of this subsection plus such portion of the land value component as determined just and equitable by the department. The land value component must be the acreage of qualifying channel migration zone or critical habitat for threatened or endangered species as determined by the board, to be conveyed, multiplied by the average per acre value of all commercial forest land in western Washington or the average for eastern Washington, whichever average is applicable to the qualifying lands. The department must determine the western and eastern Washington averages based on the land value tables established by RCW 84.33.140 and revised annually by the department of revenue.

~~((c))~~ (b) Subject to appropriations sufficient to cover the cost of such an acquisition program and the related costs of administering the program, the department must establish a conservation easement in land that an owner tenders for purchase; provided that such lands have been taxed as forest lands and are located within an unconfined channel migration zone or contain critical habitat for threatened or endangered species as designated by the board. Lands acquired under this section shall become riparian or habitat open space. These acquisitions shall not be deemed to trigger the compensating tax of chapters 84.33 and 84.34 RCW.

~~((d))~~ (c) Instead of offering to sell interests in qualifying lands, owners may elect to donate the interests to the state.

~~((e))~~ (d) Any acquired interest in qualifying lands by the state under this section shall be managed as riparian open space or critical habitat.

**NEW SECTION. Sec. 5.** (1) The department of natural resources shall, to the degree that resources are available, develop, consistent with this section, proposals for the development of appropriate landowner conservation incentives that support forest landowners maintaining their land in forestry. These incentives may include, but are not limited to, incentives that are related to ecosystem service markets, tax incentives, easements, technical assistance, and recognition or certification.

(2) The department of natural resources shall consult with the forest practices board, representatives of federal, state, and local government, Indian tribes, small forest landowners, conservation groups, industrial foresters, and other individuals deemed beneficial by the department in implementing this section.

(3) By December 31, 2011, the department of natural resources must present their research and any proposed incentives to the governor, the appropriate committees of the legislature, the commissioner of public lands, and the forest practices board. The department of natural resources shall also offer to present their findings and recommendations to the Washington congressional

delegation, local governments, and any state or federal agency that has as a portion of their mission the support of Washington's working land base and the jobs, products, and ecological values that working lands provide.

(4) Neither the activities nor outcome of the department of natural resources' actions or decisions under this section shall cause, promote, or delay rule making by the forest practices board in the execution of its applicable duties.

(5) The department of natural resources is authorized to seek federal and private funds, and in-kind contributions to complete the work in this act. At the discretion of the department of natural resources, the department must comply with this act only to the degree that existing or acquired nonstate resources permit.

(6) This section expires July 1, 2012.

(23) "Timber owner" means any person having all or any part of the legal interest in timber. Where such timber is subject to a contract of sale, "timber owner" shall mean the contract purchaser.

(24) "Unconfined channel migration zone" means the area within which the active channel of an unconfined stream is prone to move and where the movement would result in a potential near-term loss of riparian forest adjacent to the stream. Sizeable islands with productive timber may exist within the zone.

(25) "Unconfined stream" means generally fifth order or larger waters that experience abrupt shifts in channel location, creating a

Redesigning the delivery of temporary assistance to needy families. Revised for 2nd Substitute: Regarding delivery of temporary assistance to needy families.

The measure was read the second time.

MOTION

Senator Regala moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 74.08A RCW to read as follows:

(1) The legislature finds that the goal of the Washington WorkFirst program is economic self-sufficiency for families through unsubsidized work. The legislature also finds that matching available resources with families' needs and developing a comprehensive plan assists families in attaining lasting self-sufficiency through work.

(2) The legislature also finds that the primary purposes of the temporary assistance for needy families program are: (a) To help job ready participants secure gainful employment; (b) to assist parents to prepare for and obtain sustainable employment that will lift the family out of poverty and lead to economic self-sufficiency; and (c) to provide basic income assistance and support to parents who are disabled or otherwise exempt from work activity requirements under federal law.

(3) The legislature further finds that parents who have adequate job skills and experiences should be referred to job search activities that will lead to employment.

(4) The legislature also finds that completion of appropriate educational and training programs is necessary for some families to achieve economic self-sufficiency through work because research demonstrates that without adequate levels of education or training,

job search activities alone have no measurable impact on a family's ability to obtain and maintain paid work.

(5) The legislature further finds that while many families have been successful in permanently leaving the program of temporary assistance for needy families, statistics indicate that families continue to return to the program in the absence of adequate education and training.

(6) In order to provide work opportunities for parents with significant barriers to employment, the legislature intends to build upon the successes of the community jobs program and to provide subsidized work opportunities to parents who are unable to find employment after earnest efforts at job search or education and training activities.

(7) The legislature intends to reform components of Washington's subsidized childcare program by redesigning the eligibility determination process to promote: (a) Stability for children and (b) predictability for parents who are either working or preparing and searching for work and the childcare providers who are serving low-income families.

NEW SECTION. **Sec. 2.** A new section is added to chapter 43.215 RCW to read as follows:

(1) The department shall establish and implement policies in the working connections child care program to promote stability and quality of care for children from low-income households. Policies for the expenditure of funds constituting the working connections child care program must be consistent with the outcome measures defined in RCW 74.08A.410 and the standards established in this section intended to promote continuity of care for children.

(2) Beginning in fiscal year 2011, for families with children enrolled in an early childhood education and assistance program, a head start program, or an early head start program, authorizations for the working connections child care subsidy shall be effective for twelve months unless a change in circumstances necessitates reauthorization sooner than twelve months.

(3) The department, in consultation with the department of social and health services, shall report to the legislature by September 1, 2011, with:

(a) An analysis of the impact of the twelve-month authorization period on the stability of child care, program costs, and administrative savings; and

(b) Recommendations for expanding the application of the twelve-month authorization period to additional populations of children in care.

NEW SECTION. **Sec. 3.** A new section is added to chapter 74.08A RCW to read as follows:

The Washington WorkFirst subcabinet, in consultation with the governor, shall:

(1) Reevaluate the structure and policies of the WorkFirst program in the context of legislative intent expressed in section 1 of this act, and in consideration of the relevant research relating to family economic self-sufficiency and the completion of training and education programs shown to be correlated with increased earnings and career growth;

(2) Develop a proposal for redesigning the state's use of temporary assistance for needy families funds in a manner that makes optimum use of all funds available in the state to promote more families moving out of poverty to sustainable self-sufficiency. The subcabinet must report the proposal to the appropriate committees of the legislature by December 1, 2010. The proposal must include the following elements:

(a) A process for conducting a reassessment for persons who have been unable to achieve sustainable self-sufficiency through employment after receiving WorkFirst assistance for fifty-four months. The reassessment must be designed to determine if referral to community jobs or other services, including education

FIFTY SECOND DAY, MARCH 3, 2010

and training opportunities, is appropriate or necessary to assist the person in attaining self-sufficiency for the family;

(b) A plan for referring persons who have been unsuccessful in finding sustainable employment to the community jobs program or other wage-subsidized employment program established under RCW 74.08A.320. Referrals should complement other activities that might be identified in a reassessment under (a) of this subsection; and

(c) A schedule for the development and implementation of three pathways to family self-sufficiency that will guide case management and engage parents early in developing a comprehensive plan to achieve self-sufficiency while addressing families' current basic needs. The pathways must address appropriate referrals for:

(i) Persons who have: (A) Marketable job skills, adequate education, or experience and attachment to the job force, (B) transportation, (C) safe child care arrangements in place, and (D) no unaddressed barriers to employment;

(ii) Persons who have: (A) Few or no marketable job skills, (B) little experience or attachment to the job force, (C) no high school diploma or equivalent, or (D) a need to complete adult basic education or other activities to remove barriers to employment; and

(iii) Persons who are: (A) Incapacitated and unemployable, (B) caring for a child with a disability, or (C) the primary caregiver for a family member with a disability; and

(3)(a) Adopt the goal of increasing the percentage of households receiving temporary assistance for needy families that move into the middle-income bracket or higher, and delineate specific program strategies within the proposal required in subsection (2) of this section to reach that goal.

(b) The proposal developed under subsection (2) of this section shall also include an estimate by the office of financial management, in consultation with other state agencies, of the percentage of Washington residents with incomes in the middle-income bracket or higher, and the percentage of WorkFirst clients who have historically moved into the middle-income bracket or higher. The office of financial management shall continue, by December 1 of every year thereafter, to estimate and report the percentage of Washington residents with incomes in the middle-income bracket or higher to the governor and the appropriate committees of the legislature.

(c) For purposes of this section, "middle-income bracket" means family incomes between two hundred and five hundred percent of the 2009 federal poverty level, as determined by the United States department of health and human services for a family of four, adjusted annually for inflation.

**Sec. 4.** RCW 74.08A.285 and 2003 c 383 s 3 are each amended to read as follows:

The WorkFirst program operated by the department to meet the federal work requirements specified in P.L. 104-193 shall contain a job search component. The component shall consist of instruction on how to secure a job and assisted job search activities to locate and retain employment. Nonexempt recipients of temporary assistance for needy families shall participate in an initial job search for no more than twelve consecutive weeks, when appropriate, given the recipient's marketable job skills, attachment to the labor force, and level of education or training. Each recipient shall receive a work skills assessment upon referral to the job search program. The work skills assessment shall include but not be limited to education, employment history, employment strengths, and job skills. The recipient's ability to obtain employment will be reviewed periodically thereafter and, if it is clear at any time that further participation in a job search will not be productive, the department shall assess the recipient pursuant to RCW 74.08A.260. The department shall refer recipients unable to find employment through

2010 REGULAR SESSION

the initial job search period to ~~(work)~~ activities that will develop their skills or knowledge to make them more employable, including additional job search and job readiness assistance.

**Sec. 5.** RCW 74.08A.320 and 1997 c 58 s 325 are each amended to read as follows:

The department shall establish a wage subsidy program to be known as the community jobs program for recipients of temporary assistance for needy families who have barriers to employment, lack experience and attachment to the job force, or have been unsuccessful in securing employment leading to family self-sufficiency. The department shall give preference in job placements to private sector employers that have agreed to participate in the wage subsidy program. The department shall identify characteristics of employers who can meet the employment goals stated in RCW 74.08A.410. The department shall use these characteristics in identifying which employers may participate in the program. The department shall adopt rules for the participation of recipients of temporary assistance for needy families in the wage subsidy program. Participants in the program established under this section may not be employed if: (1) The employer has terminated the employment of any current employee or otherwise caused an involuntary reduction of its workforce in order to fill the vacancy so created with the participant; or (2) the participant displaces or partially displaces current employees. Employers providing positions created under this section shall meet the requirements of chapter 49.46 RCW. This section shall not diminish or result in the infringement of obligations or rights under chapters 41.06, 41.56, and 49.36 RCW and the national labor relations act, 29 U.S.C. Ch. 7. The department shall establish such local and statewide advisory boards, including business and labor representatives, as it deems appropriate to assist in the implementation of the wage subsidy program. Once the recipient is hired, the wage subsidy shall be authorized for up to nine months.

**NEW SECTION. Sec. 6.** RCW 74.08A.200 (Intent--Washington WorkFirst) and 1997 c 58 s 301 are each repealed.

**NEW SECTION. Sec. 7.** It is the intent of the legislature that this act be implemented within the funding appropriated in the 2009-11 biennial budget. No additional appropriations will be provided for its implementation."

The bidder may appeal the determination within the time period specified in the bidding documents by presenting additional information to the state or municipality. (2) In fulfilling the requirements of subsection (1) of this section the commissioner may adopt rules necessary to implement the data submission administrative process under this section, including the format, timing of data reporting, data standards, instructions, definitions, and data sources. The commissioner is prohibited from collecting data from carriers if any rules necessary to implement the data submission administrative process have not been adopted.

#### MOTION

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 9.68A.001 and 2007 c 368 s 1 are each amended to read as follows:

The legislature finds that the prevention of sexual exploitation and abuse of children constitutes a government objective of surpassing importance. The care of children is a sacred trust and should not be abused by those who seek commercial gain or personal gratification based on the exploitation of children.

The legislature further finds that the protection of children from sexual exploitation can be accomplished without infringing on a constitutionally protected activity. The definition of "sexually explicit conduct" and other operative definitions demarcate a line between protected and prohibited conduct and should not inhibit legitimate scientific, medical, or educational activities.

The legislature further finds that children engaged in sexual conduct for financial compensation are frequently the victims of sexual abuse. Approximately eighty to ninety percent of children engaged in sexual activity for financial compensation have a history of sexual abuse victimization. It is the intent of the legislature to encourage these children to engage in prevention and intervention services and to hold those who pay to engage in the sexual abuse of children accountable for the trauma they inflict on children.

The legislature further finds that due to the changing nature of technology, offenders are now able to access child pornography in different ways and in increasing quantities. By amending current statutes governing depictions of a minor engaged in sexually explicit conduct, it is the intent of the legislature to ensure that intentional viewing of and dealing in child pornography over the internet is subject to a criminal penalty without limiting the scope of existing prohibitions on the possession of or dealing in child pornography, including the possession of electronic depictions of a minor engaged in sexually explicit conduct. It is also the intent of the legislature to clarify, in response to *State v. Sutherby*, 204 P.3d 916 (2009), the unit of prosecution for the statutes governing possession of and dealing in depictions of a minor engaged in sexually explicit conduct. It is the intent of the legislature that the first degree offenses under RCW 9.68A.050, 9.68A.060, and 9.68A.070 have a per depiction or image unit of prosecution, while the second degree offenses under RCW 9.68A.050, 9.68A.060, and 9.68A.070 have a per incident unit of prosecution as established in *State v. Sutherby*, 204 P.3d 916 (2009). Furthermore, it is the intent of the legislature to set a different unit of prosecution for the new offense of viewing of depictions of a minor engaged in sexually explicit conduct such that each separate session of intentionally viewing over the internet of visual depictions or images of a minor engaged in sexually explicit conduct constitutes a separate offense.

**NEW SECTION. Sec. 2.** A new section is added to chapter 9.68A RCW to read as follows:

## PARLIAMENTARY INQUIRY

Senator Kline: "Referring it to amendment number 273?"

## REPLY BY THE PRESIDENT

President Owen: "Amendment number 236. We just adopted 273."

## MOTION

Senator Kline moved that the following amendment by Senator Kline and others to the committee striking amendment be adopted:

On page 19, after line 27 of the amendment, insert the following:

"**Sec. 10.** RCW 9.94A.535 and 2008 c 276 s 303 and 2008 c 233 s 9 are each reenacted and amended to read as follows:

The court may impose a sentence outside the standard sentence range for an offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence. Facts supporting aggravated sentences, other than the fact of a prior conviction, shall be determined pursuant to the provisions of RCW 9.94A.537.

Whenever a sentence outside the standard sentence range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard sentence range shall be a determinate sentence.

If the sentencing court finds that an exceptional sentence outside the standard sentence range should be imposed, the sentence is subject to review only as provided for in RCW 9.94A.585(4).

A departure from the standards in RCW 9.94A.589 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in this section, and may be appealed by the offender or the state as set forth in RCW 9.94A.585 (2) through (6).

## (1) Mitigating Circumstances - Court to Consider

The court may impose an exceptional sentence below the standard range if it finds that mitigating circumstances are established by a preponderance of the evidence. The following are illustrative only and are not intended to be exclusive reasons for exceptional sentences.

(a) To a significant degree, the victim was an initiator, willing participant, aggressor, or provoker of the incident.

(b) Before detection, the defendant compensated, or made a good faith effort to compensate, the victim of the criminal conduct for any damage or injury sustained.

(c) The defendant committed the crime under duress, coercion, threat, or compulsion insufficient to constitute a complete defense but which significantly affected his or her conduct.

(d) The defendant, with no apparent predisposition to do so, was induced by others to participate in the crime.

(e) The defendant's capacity to appreciate the wrongfulness of his or her conduct, or to conform his or her conduct to the requirements of the law, was significantly impaired. Voluntary use of drugs or alcohol is excluded.

(f) The offense was principally accomplished by another person and the defendant manifested extreme caution or sincere concern for the safety or well-being of the victim.

(g) The operation of the multiple offense policy of RCW 9.94A.589 results in a presumptive sentence that is clearly excessive in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(h) The defendant or the defendant's children suffered a continuing pattern of physical or sexual abuse by the victim of the offense and the offense is a response to that abuse.

## (2) Aggravating Circumstances - Considered and Imposed by the Court

The trial court may impose an aggravated exceptional sentence without a finding of fact by a jury under the following circumstances:

(a) The defendant and the state both stipulate that justice is best served by the imposition of an exceptional sentence outside the standard range, and the court finds the exceptional sentence to be consistent with and in furtherance of the interests of justice and the purposes of the sentencing reform act.

(b) The defendant's prior unscored misdemeanor or prior unscored foreign criminal history results in a presumptive sentence that is clearly too lenient in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(c) The defendant has committed multiple current offenses and the defendant's high offender score results in some of the current offenses going unpunished.

(d) The failure to consider the defendant's prior criminal history which was omitted from the offender score calculation pursuant to RCW 9.94A.525 results in a presumptive sentence that is clearly too lenient.

## (3) Aggravating Circumstances - Considered by a Jury - Imposed by the Court

Except for circumstances listed in subsection (2) of this section, the following circumstances are an exclusive list of factors that can support a sentence above the standard range. Such facts should be determined by procedures specified in RCW 9.94A.537.

(a) The defendant's conduct during the commission of the current offense manifested deliberate cruelty to the victim.

(b) The defendant knew or should have known that the victim of the current offense was particularly vulnerable or incapable of resistance.

(c) The current offense was a violent offense, and the defendant knew that the victim of the current offense was pregnant.

(d) The current offense was a major economic offense or series of offenses, so identified by a consideration of any of the following factors:

(i) The current offense involved multiple victims or multiple incidents per victim;

(ii) The current offense involved attempted or actual monetary loss substantially greater than typical for the offense;

(iii) The current offense involved a high degree of sophistication or planning or occurred over a lengthy period of time; or

(iv) The defendant used his or her position of trust, confidence, or fiduciary responsibility to facilitate the commission of the current offense.

(e) The current offense was a major violation of the Uniform Controlled Substances Act, chapter 69.50 RCW (VUCSA), related to trafficking in controlled substances, which was more onerous than the typical offense of its statutory definition: The presence of ANY of the following may identify a current offense as a major VUCSA:

(i) The current offense involved at least three separate transactions in which controlled substances were sold, transferred, or possessed with intent to do so;

(ii) The current offense involved an attempted or actual sale or transfer of controlled substances in quantities substantially larger than for personal use;

(iii) The current offense involved the manufacture of controlled substances for use by other parties;

(iv) The circumstances of the current offense reveal the offender to have occupied a high position in the drug distribution hierarchy;

FIFTY THIRD DAY, MARCH 4, 2010

2010 REGULAR SESSION

(v) The current offense involved a high degree of sophistication or planning, occurred over a lengthy period of time, or involved a broad geographic area of disbursement; or

(vi) The offender used his or her position or status to facilitate the commission of the current offense, including positions of trust, confidence or fiduciary responsibility (e.g., pharmacist, physician, or other medical professional).

(f) The current offense included a finding of sexual motivation pursuant to RCW 9.94A.835.

(g) The offense was part of an ongoing pattern of sexual abuse of the same victim under the age of eighteen years manifested by multiple incidents over a prolonged period of time.

(h) The current offense involved domestic violence, as defined in RCW 10.99.020, and one or more of the following was present:

(i) The offense was part of an ongoing pattern of psychological, physical, or sexual abuse of the victim manifested by multiple incidents over a prolonged period of time;

(ii) The offense occurred within sight or sound of the victim's or the offender's minor children under the age of eighteen years; or

(iii) The offender's conduct during the commission of the current offense manifested deliberate cruelty or intimidation of the victim.

(i) The offense resulted in the pregnancy of a child victim of rape.

(j) The defendant knew that the victim of the current offense was a youth who was not residing with a legal custodian and the defendant established or promoted the relationship for the primary purpose of victimization.

(k) The offense was committed with the intent to obstruct or impair human or animal health care or agricultural or forestry research or commercial production.

(l) The current offense is trafficking in the first degree or trafficking in the second degree and any victim was a minor at the time of the offense.

(m) The offense involved a high degree of sophistication or planning.

(n) The defendant used his or her position of trust, confidence, or fiduciary responsibility to facilitate the commission of the current offense.

(o) The defendant committed a current sex offense, has a history of sex offenses, and is not amenable to treatment.

(p) The offense involved an invasion of the victim's privacy.

(q) The defendant demonstrated or displayed an egregious lack of remorse.

(r) The offense involved a destructive and foreseeable impact on persons other than the victim.

(s) The defendant committed the offense to obtain or maintain his or her membership or to advance his or her position in the hierarchy of an organization, association, or identifiable group.

(t) The defendant committed the current offense shortly after being released from incarceration.

(u) The current offense is a burglary and the victim of the burglary was present in the building or residence when the crime was committed.

(v) The offense was committed against a law enforcement officer who was performing his or her official duties at the time of the offense, the offender knew that the victim was a law enforcement officer, and the victim's status as a law enforcement officer is not an element of the offense.

(w) The defendant committed the offense against a victim who was acting as a good samaritan.

(x) The defendant committed the offense against a public official or officer of the court in retaliation of the public official's performance of his or her duty to the criminal justice system.

(y) The victim's injuries substantially exceed the level of bodily harm necessary to satisfy the elements of the offense. This aggravator is not an exception to RCW 9.94A.530(2).

(z)(i)(A) The current offense is theft in the first degree, theft in the second degree, possession of stolen property in the first degree, or possession of stolen property in the second degree; (B) the stolen property involved is metal property; and (C) the property damage to the victim caused in the course of the theft of metal property is more than three times the value of the stolen metal property, or the theft of the metal property creates a public hazard.

(ii) For purposes of this subsection, "metal property" means commercial metal property, private metal property, or nonferrous metal property, as defined in RCW 19.290.010.

(aa) The defendant committed the offense with the intent to directly or indirectly cause any benefit, aggrandizement, gain, profit, or other advantage to or for a criminal street gang as defined in RCW 9.94A.030, its reputation, influence, or membership.

(bb) The current offense involved paying to view, over the internet in violation of section 7 of this act, depictions of a minor engaged in an act of sexually explicit conduct as defined in RCW 9.68A.011(4) (a) through (g)."

FIFTY THIRD DAY, MARCH 4, 2010

2010 REGULAR SESSION

**"NEW SECTION. Sec. 1.** The legislature finds that despite a recognized law prohibiting harassment, intimidation, and bullying of students in public schools and despite widespread adoption of antiharassment policies by school districts, harassment of students continues and has not declined since the law was enacted. Furthermore, students and parents continue to seek assistance against harassment, and schools need to disseminate more widely their antiharassment policies and procedures. The legislature intends to expand the tools, information, and strategies that can be used to combat harassment, intimidation, and bullying of students, and increase awareness of the need for respectful learning communities in all public schools.

**Sec. 2.** RCW 28A.300.285 and 2007 c 407 s 1 are each amended to read as follows:

(1) By August 1, ~~((2003))~~ 2011, each school district shall adopt or amend if necessary a policy ~~((- within the scope of its authority,))~~ and procedure that at a minimum incorporates the revised model policy and procedure provided under subsection (4) of this section that prohibits the harassment, intimidation, or bullying of any student. It is the responsibility of each school district to share this policy with parents or guardians, students, volunteers, and school employees in accordance with rules adopted by the superintendent of public instruction. Each school district shall designate one person in the district as the primary contact regarding the antiharassment, intimidation, or bullying policy. The primary contact shall receive copies of all formal and informal complaints, have responsibility for assuring the implementation of the policy and procedure, and serve as the primary contact on the policy and procedures between the school district, the office of the education ombudsman, and the office of the superintendent of public instruction.

(2) "Harassment, intimidation, or bullying" means any intentional electronic, written, verbal, or physical act, including but not limited to one shown to be motivated by any characteristic in RCW 9A.36.080(3), or other distinguishing characteristics, when the intentional electronic, written, verbal, or physical act:

(a) Physically harms a student or damages the student's property; or

(b) Has the effect of substantially interfering with a student's education; or

(c) Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or

(d) Has the effect of substantially disrupting the orderly operation of the school.

Nothing in this section requires the affected student to actually possess a characteristic that is a basis for the harassment, intimidation, or bullying.

(3) The policy and procedure should be adopted or amended through a process that includes representation of parents or guardians, school employees, volunteers, students, administrators, and community representatives. It is recommended that each such policy emphasize positive character traits and values, including the importance of civil and respectful speech and conduct, and the responsibility of students to comply with the district's policy prohibiting harassment, intimidation, or bullying.

(4)~~(a)~~ By August 1, ~~((2002))~~ 2010, the superintendent of public instruction, in consultation with representatives of parents, school personnel, the office of the education ombudsman, the Washington state school directors' association, and other interested parties, shall provide to ~~((school districts and educational service districts a))~~ the education committees of the legislature a revised and updated model harassment, intimidation, and bullying prevention policy and procedure. The superintendent of public instruction shall publish on its web site, with a link to the safety center web page, the revised and updated model harassment, intimidation, and bullying

prevention policy and procedure, along with training and instructional materials on the components that ~~((should))~~ shall be included in any district policy and procedure. The superintendent shall adopt rules regarding school districts' communication of the policy and procedure to parents, students, employees, and volunteers. ((Training materials shall be disseminated in a variety of ways, including workshops and other staff developmental activities, and through the office of the superintendent of public instruction's web site, with a link to the safety center web page. On the web site:

~~— (a) The office of the superintendent of public instruction shall post its model policy, recommended training materials, and instructional materials;))~~

(b) The office of the superintendent of public instruction has the authority to update with new technologies access to this information in the safety center, to the extent resources are made available~~((; and))~~.

(c) ~~((Individual school districts shall have direct access to the safety center web site to post a brief summary of their policies, programs, partnerships, vendors, and instructional and training materials, and to provide a link to the school district's web site for further information.))~~ Each school district shall by August 15, 2011, provide to the superintendent of public instruction a brief summary of its policies, procedures, programs, partnerships, vendors, and instructional and training materials to be posted on the school safety center web site, and shall also provide the superintendent with a link to the school district's web site for further information. The district's primary contact for bullying and harassment issues shall annually by August 15th verify posted information and links and notify the school safety center of any updates or changes.

(5) The Washington state school directors association, with the assistance of the office of the superintendent of public instruction, shall convene an advisory committee to develop a model policy prohibiting acts of harassment, intimidation, or bullying that are conducted via electronic means by a student while on school grounds and during the school day. The policy shall include a requirement that materials meant to educate parents and students about the seriousness of cyberbullying be disseminated to parents or made available on the school district's web site. The school directors association and the advisory committee shall develop sample materials for school districts to disseminate, which shall also include information on responsible and safe internet use as well as what options are available if a student is being bullied via electronic means, including but not limited to, reporting threats to local police and when to involve school officials, the internet service provider, or phone service provider. The school directors association shall submit the model policy and sample materials, along with a recommendation for local adoption, to the governor and the legislature and shall post the model policy and sample materials on its web site by January 1, 2008. Each school district board of directors shall establish its own policy by August 1, 2008.

(6) As used in this section, "electronic" or "electronic means" means any communication where there is the transmission of information by wire, radio, optical cable, electromagnetic, or other similar means.

**NEW SECTION. Sec. 3.** A new section is added to chapter 43.06B RCW to read as follows:

2010 REGULAR SESSION

So, if you'd like to stick around for the weekend that would be just great. On a more serious note I want to say that I always appreciated about Senator Spanel, not only the way that she was a very balanced and controlled member of our caucus and caucus chair. The other thing that many people did not realize is how carefully she attended to the details of the bill. She was actually sitting at her desk reading through things. Reading through striking amendments. There were countless number of times when she would say 'Oh, by the way, did you see this or did you see that' and it added a real measure of accuracy to our endeavors. A few of you might recall a little snafu we had earlier in the session. I don't think that would of happened with Senator Spanel sitting there. I think she would of caught it and so, Harriet it's a pleasure to have you here today."

#### MOTION

Senator McAuliffe moved that the following committee striking amendment by the Committee on Early Learning & K-12 Education be adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** (1) The legislature has made a commitment to support multiple strategies to improve teaching and learning of science, technology, engineering, and mathematics in Washington's public schools. In recent years, Washington has adopted new technology, mathematics, and science learning

standards; initiated funding for middle schools to provide a career and technical program in science, technology, engineering, and mathematics at the same rate as a high school operating a similar program; provided professional development for mathematics and science teachers; created a scholarship program to encourage students to enter mathematics and science degree programs; supported career and technical education in high-demand fields; and authorized alternative ways for teachers to earn certification in the mathematics and science fields.

(2) At the local level, school districts and their communities are also finding new ways to improve teaching and learning of science, technology, engineering, and mathematics. Some districts have combined several best practices into promising learning models for students. For example, Aviation high school in the Highline school district offers a small, highly personalized learning community that is focused on interdisciplinary immersion in science, technology, engineering, and mathematics using a hands-on, project-based curriculum. Delta high school in the Tri-Cities is a collaboration among three school districts, a skill center, two institutions of higher education, a community foundation, and local business leaders. The science and math institute at Point Defiance in Tacoma offers students field-based applied learning using the natural, historical, and community resources of a large metropolitan park. These schools draw students from across regions who are seeking an exciting, rigorous, and nontraditional learning experience. Other schools and communities across the state are seeking to replicate these innovative learning models.

(3) The legislature intends to support continued expansion of the type of innovation and creativity displayed by Aviation, Delta, and the science and math institute by designating so-called "lighthouse" high schools to serve as resources and examples of best practices in science, technology, engineering, and mathematics instruction.

**NEW SECTION. Sec. 2.** A new section is added to chapter 28A.630 RCW to read as follows:

(1) Subject to funds appropriated for this purpose, the superintendent of public instruction shall designate up to three middle schools and up to three high schools to serve as resources and examples of how to combine the following best practices:

(a) A small, highly personalized learning community;

(b) An interdisciplinary curriculum with a strong focus on science, technology, engineering, and mathematics delivered through a project-based instructional approach; and

(c) Active partnerships with businesses and the local community to connect learning beyond the classroom.

(2) The designated middle and high schools shall serve as lighthouse programs and provide technical assistance and advice to other middle and high schools and communities in the initial stages of creating an alternative learning environment focused on science, technology, engineering, and mathematics. The designated middle and high schools must have proven experience and be recognized as model programs.

(3) In addition, the office of the superintendent of public instruction shall work with the designated middle and high schools to publicize the models of best practices in science, technology, engineering, and mathematics instruction used by the designated middle and high schools and shall encourage other middle and high schools and communities to work with the designated middle and high schools to replicate similar models."

Runaway youth are without protection, live under the threat of violence, and fall victim to predators who exploit their vulnerability. The policy of this state is to provide assistance to youth in crisis and to protect and preserve

2010 REGULAR SESSION

families. In order to effectively serve youth on the streets and promote their safe return home, shelters must have the time to establish and maintain an environment that facilitates open communication and trust.

The legislature also finds that parents of runaway youth have an interest in knowing their sons and daughters are safe in a shelter, rather than on the streets without protection. The legislature further finds that law enforcement and the department can notify a parent that the youth is safe, without disclosing the youth's location or compromising the ability of youth services providers to effectively assist youth in crisis.

**Sec. 2.** RCW 13.32A.082 and 2000 c 123 s 10 are each amended to read as follows:

(1)(a) Except as provided in (b) of this subsection, any person, including unlicensed youth shelters or runaway and homeless youth programs, who, without legal authorization, provides shelter to a minor and who knows at the time of providing the shelter that the minor is away from the parent's home without the permission of the parent, or other lawfully prescribed residence, shall promptly report the location of the child to the parent, the law enforcement agency of the jurisdiction in which the person lives, or the department. ~~((The report))~~

(b)(i) If a licensed overnight youth shelter, or another licensed organization whose stated mission is to provide services to homeless or runaway youth and their families, provides shelter to a minor and knows at the time of providing the shelter that the minor is away from a lawfully prescribed residence or home without parental permission, it shall contact the youth's parent, preferably within twenty-four hours but within no more than seventy-two hours following the time that the youth is admitted to the shelter or other licensed organization's program. The notification must include the whereabouts of the youth, a description of the youth's physical and emotional condition, and the circumstances surrounding the youth's contact with the shelter or organization. If there are compelling reasons not to notify the parent, the shelter or organization shall instead notify the department.

(ii) At least once every eight hours after learning that a youth receiving services or shelter under this section is away from home without permission, the shelter or organization staff must consult the information that the Washington state patrol makes publicly available under RCW 43.43.510(2). If the youth is publicly listed as missing, the shelter or organization shall immediately notify the department of its contact with the youth listed as missing. The notification must include a description of the youth's physical and emotional condition and the circumstances surrounding the youth's contact with the shelter or organization.

(c) Reports required under this section may be made by telephone or any other reasonable means.

(2) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Shelter" means the person's home or any structure over which the person has any control.

(b) "Promptly report" means to report within eight hours after the person has knowledge that the minor is away from a lawfully prescribed residence or home without parental permission.

(c) "Compelling reasons" include, but are not limited to, circumstances that indicate that notifying the parent or legal guardian will subject the child to abuse or neglect as defined in chapter 26.44 RCW.

(3) When the department receives a report under subsection (1) of this section, it shall make a good faith attempt to notify the parent that a report has been received and offer services designed to resolve the conflict and accomplish a reunification of the family.

(4) Nothing in this section prohibits any person from immediately reporting the identity and location of any minor who is away from a

lawfully prescribed residence or home without parental permission more promptly than required under this section.

(5) This section expires on July 1, 2012.

**NEW SECTION. Sec. 3.** A new section is added to chapter 13.32A RCW to read as follows:

A private right of action or claim on the part of a parent is created against an unlicensed youth shelter or unlicensed runaway and homeless youth program who fails to meet the notification requirements in RCW 13.32A.082(1)(a).

**Sec. 4.** RCW 43.43.510 and 1998 c 67 s 2 are each amended to read as follows:

(1) As soon as is practical and feasible there shall be established, by means of data processing, files listing stolen and wanted vehicles, outstanding warrants, identifying children whose parents, custodians, or legal guardians have reported as having run away from home or the custodial residence, identifiable stolen property, files maintaining the central registry of sex offenders required to register under chapter 9A.44 RCW, and such other files as may be of general assistance to law enforcement agencies.

(2)(a) At the request of a parent, legal custodian, or guardian who has reported a child as having run away from home or the custodial residence, the Washington state patrol shall make the information about the runaway child as is filed in subsection (1) of this section publicly available.

(b) The information that can be made publicly available under (a) of this subsection is limited to the information that will facilitate the safe return of the child to his or her home or custodial residence and so long as making the information publicly available incurs no additional costs."

Senators Hargrove, Carrell, Murray and Stevens spoke in favor of adoption of the committee striking amendment.

**"NEW SECTION. The legislature intends to continue to review and revise the formulas and may make revisions as necessary for technical purposes and consistency in the event of mathematical or other technical errors.

(2) The legislature further intends to adjust the timelines for the working groups created under chapter 548, Laws of 2009, so that their expertise and advice can be received as soon as possible and to make adjustments to the composition of the local finance working group. The legislature further intends to clarify the legislature's intent to fully fund all-day kindergarten by the 2018-19 school year.

**Sec. 2.** RCW 28A.150.315 and 2009 c 548 s 107 are each amended to read as follows:

(1) Beginning with the 2007-08 school year, funding for voluntary all-day kindergarten programs shall be phased-in beginning with schools with the highest poverty levels, defined as those schools with the highest percentages of students qualifying for free and reduced-price lunch support in the prior school year. The funding shall continue to be phased-in until full statewide implementation of all-day kindergarten is achieved in the 2018-19 school year. Once a school receives funding for the all-day kindergarten program, that school shall remain eligible for funding in subsequent school years regardless of changes in the school's percentage of students eligible for free and reduced-price lunches as long as other program requirements are fulfilled. (2) Subject to funds appropriated for this purpose, the superintendent of public instruction shall designate one or more school districts to serve as resources and examples of best practices in designing and operating a high-quality all-day kindergarten program. Designated school districts shall serve as lighthouse

programs and provide technical assistance to other school districts in the initial stages of implementing an all-day kindergarten program. Examples of topics addressed by the technical assistance include strategic planning, developing the instructional program and curriculum, working with early learning providers to identify students and communicate with parents, and developing kindergarten program readiness activities.

**Sec. 3.** 2009 c 548 s 302 (uncodified) is amended to read as follows:

(2) The working group shall consider the impact on overall school district revenues of the new basic education funding system established ~~((under this act))~~ by the legislature based on prototypical schools and shall recommend a phase-in plan that ensures that no school district suffers a decrease in funding from one school year to the next due to implementation of the new system of supplemental funding.

(3) The working group shall also:

(a) Examine local school district capacity to address facility needs associated with phasing-in full-day kindergarten across the state and reducing class size in kindergarten through third grade;

(b) Provide technical advice to the quality education council including an analysis on the potential use of local funds that may become available for redeployment and redirection as a result of increased state funding allocations for pupil transportation and maintenance, supplies, and operating costs; and

(c) Advise the quality education council and the legislature on further development and implementation of the funding formulas under RCW 28A.150.260, as appropriate.

(4) The working group shall be composed of representatives from the department of revenue, the legislative evaluation and accountability program committee, school district and educational service district financial managers, and representatives of the Washington association of school business officers, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with expertise in education finance. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders. In addition to the staff support provided by the office of financial management and the office of the superintendent of public instruction, the department of revenue shall provide technical assistance, including financial and legal analysis, to support the working group's findings and analysis under subsection (3) of this section.

~~((4))~~ (5) The local funding working group shall be monitored and overseen by the legislature and by the quality education council created in ~~((section 114 of this act))~~ RCW 28A.290.010. FIFTY THIRD DAY, MARCH 4, 2010

(1) The legislature recognizes that providing students with the opportunity to access a world-class educational system depends on our continuing ability to provide students with access to world-class educators. The legislature also understands that continuing to attract and retain the highest quality educators will require increased investments. The legislature intends to enhance the current salary allocation model and recognizes that changes to the current model cannot be imposed without great deliberation and input from teachers, administrators, and classified employees. Therefore, it is the intent of the legislature to begin the process of developing an enhanced salary allocation model that is collaboratively designed to ensure the rationality of any conclusions regarding what constitutes adequate compensation.

(2) Beginning July 1, (~~2011~~) 2010, the office of financial management in collaboration with the office of the superintendent of public instruction, shall convene a technical working group to recommend the details of an enhanced salary allocation model that aligns state expectations for educator development and certification with the compensation system and establishes recommendations for a concurrent implementation schedule. In addition to any other details the technical working group deems necessary, the technical working group shall make recommendations on the following:

- (a) How to reduce the number of tiers within the existing salary allocation model;
- (b) How to account for labor market adjustments;
- (c) How to account for different geographic regions of the state where districts may encounter difficulty recruiting and retaining teachers;
- (d) The role of and types of bonuses available;
- (e) Ways to accomplish salary equalization over a set number of years; and
- (f) Initial fiscal estimates for implementing the recommendations including a recognition that staff on the existing salary allocation model would have the option to grandfather in permanently to the existing schedule.

(3) As part of its work, the technical working group shall conduct or contract for a preliminary comparative labor market analysis of salaries and other compensation for school district employees to be conducted and shall include the results in any reports to the legislature. For the purposes of this subsection, "salaries and other compensation" includes average base salaries, average total salaries, average employee basic benefits, and retirement benefits.

(4) The analysis required under subsection (1) of this section must:

- (a) Examine salaries and other compensation for teachers, other certificated instructional staff, principals, and other building-level certificated administrators, and the types of classified employees for whom salaries are allocated;
- (b) Be calculated at a statewide level that identifies labor markets in Washington through the use of data from the United States bureau of the census and the bureau of labor statistics; and
- (c) Include a comparison of salaries and other compensation to the appropriate labor market for at least the following subgroups of educators: Beginning teachers and types of educational staff associates.

(5) The working group shall include representatives of the department of personnel, the professional educator standards board, the office of the superintendent of public instruction, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with appropriate expertise in compensation related matters. The working group may convene advisory subgroups on

specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(6) The working group shall be monitored and overseen by the legislature and the quality education council created in RCW 28A.290.010. The working group shall make an initial report to the legislature by (~~December 1, 2012~~) November 30, 2010, and a final report by June 30, 2011, and shall include in its report recommendations for whether additional further work of the group is necessary.

NEW SECTION. Sec. 5. A new section is added to chapter 28A.300 RCW to read as follows:

The office of the superintendent of public instruction shall implement and maintain an internet-based portal that provides ready public access to the state's prototypical school funding model for basic education under RCW 28A.150.260. The portal must provide citizens the opportunity to view, for each local school building, the staffing levels and other prototypical school funding elements that are assumed under the state funding formula. The portal must also provide a matrix displaying how individual school districts are deploying those same state resources through their allocation of staff and other resources to school buildings, so that citizens are able to compare the state assumptions to district allocation decisions for each local school building.

NEW SECTION. Sec. 6. The legislature intends to continue to refine and provide greater detail to the distribution formula for the basic education instructional allocation, which shall be based on minimum staffing and nonstaff costs that the legislature deems necessary to support instruction and operations in prototypical schools as defined by the legislature. The legislature expects that the detailed prototype school model will bring greater transparency, understanding, and public accountability to the funding system because it displays funding assumptions in understandable terms centered on the operations of school buildings.

Sec. 7. RCW 28A.150.260 and 2009 c 548 s 106 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2) The distribution formula under this section shall be for allocation purposes only. Except as may be required under chapter 28A.155, 28A.165, 28A.180, or (~~28A.155~~) 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the

2010 REGULAR SESSION

prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;

(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

~~((e))~~ (4)(a) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on ~~((a))~~ the following general education average class size ((as specified in the omnibus appropriations act.)) of full-time equivalent students per teacher:

General education average class size	
Grades K-3	25.23
Grade 4	27.00
Grades 5-6	27.00
Grades 7-8	28.53
Grades 9-12, except in cases when lower average class sizes are specified for approved career and technical education programs and skill centers	28.74

(b) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

Career and technical education average class size	
Approved career and technical education offered at the middle school and high school level	26.57
Skill center programs meeting the standards established by the office of the superintendent of public instruction	22.76

(c) According to an implementation schedule adopted by the legislature, the omnibus appropriations act shall at a minimum specify:

(i) ~~((Basic average class size; —(ii) Basic))~~ A high-poverty average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals; and

~~((iii))~~ (ii) A specialty average class size for ((exploratory and preparatory career and technical education.)) laboratory science, advanced placement, and international baccalaureate courses(—; and

~~—(iv) Average class size in grades kindergarten through three)).~~

~~((4))~~ (5)(a) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

((i) Principals, including assistant principals, and other certificated building-level administrators;

(ii) Teacher librarians, performing functions including information literacy, technology, and media to support school library media programs;

(iii) Student health services, a function that includes school nurses, whether certificated instructional or classified employee, and social workers;

(iv) Guidance counselors, performing functions including parent outreach and graduation advisor;

(v) Professional development coaches;

(vi) Teaching assistance, which includes any aspect of educational instructional services provided by classified employees;

(vii) Office support, technology support, and other noninstructional aides;

(viii) Custodians, warehouse, maintenance, laborer, and professional and technical education support employees; and

(ix) Classified staff providing student and staff safety.

## MOTION

Senator Kastama moved that the following committee striking amendment by the Committee on Ways & Means be not adopted:

Strike everything after the enacting clause and insert the following:

**"NEW SECTION. Sec. 1.** In 2009, the legislature changed the name of the department of community, trade, and economic development to the department of commerce and directed the agency to, among other things, develop a report with recommendations on statutory changes to ensure that the department's efforts: Are organized around a concise core mission and aligned with the state's comprehensive plan for economic development; generate greater local capacity; maximize results through partnerships and the use of intermediaries; and provide transparency and increased accountability. Recommendations for creating or consolidating programs deemed important to meeting the department's core mission and recommendations for terminating or transferring specific programs if they are not consistent with the department's core mission were to be included in the report.

In accordance with that legislation, chapter 565, Laws of 2009, in November 2009 the department of commerce submitted a plan that establishes a mission of growing and improving jobs in the state and recognizes the need for an innovation-driven economy. The plan also outlines agency priorities, efficiencies, and program transfers that will help to advance the new mission.

The primary purpose of this act is to implement portions of the department of commerce plan by transferring certain programs from the department of commerce to other state agencies whose missions are more closely aligned with the core functions of those programs. This act also directs additional efficiencies in state government and directs development of a statewide clean energy strategy, which will better enable the department of commerce to focus on its new mission.

The department has a primary responsibility to provide financial and technical assistance to the communities of the state, to assist in improving the delivery of federal, state, and local programs, and to provide communities with opportunities for productive and coordinated development beneficial to the well-being of communities and their residents.
