FIRST DAY**NOON SESSION**

Senate Chamber, Olympia, Monday, January 10, 2011

At 12:00 noon, pursuant to law, the Senate of the 2011 Regular Session of the Sixty-Second Legislature of the state of Washington assembled in the Senate Chamber at the State Capitol. Lieutenant Governor Brad Owen, President of the Senate, called the Senate to order.

The Washington State Patrol Honor Guard consisting of Trooper Brian Dorsey; Trooper Melissa Braaten; Trooper Peter Cozzitorto; Trooper Matt Fehler and Trooper Mike Kildow presented the colors.

The President led the Senate in the Pledge of Allegiance.

INTRODUCTION OF SPECIAL GUESTS

The President welcomed and introduced Natasha Coleman of West Seattle who performed the National Anthem.

Reverend Tony Irving, Deacon, St. Benedict's Episcopal Church of Lacey offered the prayer.

REMARKS BY THE PRESIDENT

President Owen: "On Saturday morning a gunman attempted to assassinate Congresswoman Gabriel Giffords, a Representative of Tuscon and its surrounding area. Congresswoman Gifford remains in critical condition this morning hopefully recovering from a gunshot wound to the head. Twenty people were shot by the attacker, six of them died. They were: John M. Roll, a Federal District Court Judge; Gabe Zimmerman, an Aide to Representative Giffords; Dorwin Stoddard, who blocked gun fire aimed at his wife; Phyllis Schneck, a seventy-nine year old great-grandmother; Dorthy Morris, a seventy-six year attending the event with her husband and high school sweetheart; and Christina Taylor Green a nine year old with a budding interest in politics. She was born on September 11, 2001. I would ask that the members to stand for a moment of silence for these outstanding Americans and to pray for the recovery of those wounded in the attack."

MOMENT OF SILENCE

The Senate observed a moment of silence in memory of those that lost their lives and those injured during the shooting in Arizona on January 8, 2011.

REMARKS BY THE PRESIDENT

President Owen: "Ladies and Gentleman, every year we are privileged to have the Lakefair Queen welcome us on the opening day of the Legislative Session. So, I'm pleased to ask Josephine Coury, this year's Lakefair Queen to say a few words. Josephine is accompanied today by her brother Nick as well as her parents Bassam & Verena Coury who are seated in the south gallery and also the 2011 Capital Lakefair President Bob Barnes, his first Lady, Serry Barnes. Queen Coury, thank you very much for being here this morning and the microphone is yours."

INTRODUCTION OF SPECIAL GUESTS

The President welcomed and introduced Miss Josephine Coury, the 2011 Lakefair Queen, who was seated at the rostrum.

With permission of the Senate, business was suspended to allow Lakefair Queen Josephine Coury to address the Senate and welcome the Senators to Olympia.

REMARKS BY MISS JOSEPHINE COURY

Josephine Coury: "Hello everyone and welcome to the 2011 Senate Session in Olympia Washington. I hope you enjoy your stay in our beautiful capital city. My name is Josephine Coury and I am the reigning Capital Lakefair Queen. Capital Lakefair has incorporated components of my life from the debate club to my rich cultural background as a first generation American. After being crowned the fifty-second Queen I learned that in life what it comes down to is the content of your character. I appreciate the opportunity to give back to Olympia and feel honored to speak before you today. I am a senior at Capital High School and full international baccalaureate diploma candidate. Next year, I aspire to double major in biological sciences and pre-law during my high level education. Capital High School has significantly influenced who I am today, specifically the counselors and teachers. One of the most important people in my life is my school counselor, Jenny Morgan. She's practically a second mother to me, always there for me when I need her. Actually she sparked and encouraged my interest in Capital Lakefair originally. All of my teachers this year and over the past years have been interesting and well qualified. My IB English teacher even memorized the entire 'Romeo and Juliet' play. If we say but one or two lines he can recite the scene. Thank you for providing our schools with caring supportive counselors and interesting intriguing teachers. International baccalaureate has given me an education with a global perspective and I truly enjoy every course that I have, even my seven a.m. philosophy class. Thank you on behalf of the students for giving students like me a hope for the future, for giving us the opportunity to be successful one day and for always considering and supporting education despite these hard times. Don't let the chilly weather outside set the mood inside. I wish you a successful, memorable 2011 Session. Thank you."

The Washington State Patrol Honor Guard retired from the chamber.

MOTION

Senator Kastama moved that the Senate immediately advanced to the eighth order of business for the purpose of considering Senate Resolution No. 8601.

REMARKS BY SENATOR KASTAMA

Senator Kastama: "Thank you Mr. President and I would appreciate the opportunity to speak to my colleagues why it's very important that right now we go to the eighth order to consider this resolution. My first point is that to do so is not a rebuke of Senator-elect Harper. I just talked with him on Saturday and we clearly understand between us that the issue is not him today; instead the issue is a conspiracy to deceive voters of the thirty-eighth district that changed the outcome of a senate primary.

Moxi Media, a political consulting firm in Washington State, illegally managed shell PACs, these are political action committees, to hide and conceal from the public the true donors of their campaign. So, you're probably asking how we know this? Well, they admitted it. In a hundred and thirty page investigative report by the Public Disclosure Commission where they provided sworn testimony and their own publication, they admitted that they set out to deceive the public. They also knew that if the public found out the entire campaign would back fire and, you know what? It worked. The candidate that they backed, Rod Reiger, had only raised eight hundred dollars. He was not endorsed by anyone, Republicans or Democrats. He did no door belling. There were no brochures. There were no signs and there were no mailings.

The evidence in the investigation indicates they knew Senator Berkey would win in the primary and they had to do something. This plot infused over ten times the amount of money that this person had raised into his campaign. They conducted robo-calls and two brochures and he won with the votes of sixty-two people. That was it. I ask you, if someone had inflated a campaign by ten times the amount of money and done two campaign brochures and a robo-call, do you think that that would add up to sixty-two additional voters going our way, Absolutely, beyond a reasonable doubt.

So disgusted with these actions of these individuals that the Public Disclosure Commission recommended criminal prosecution and I would say that no other case that people bring before you today to ask you not to go to the eighth order has this kind of evidence behind it, no other case.

My second point on why it's important to go to the eighth order right now is that this resolution, excuse me, motion is not about denying the people in the thirty-eighth district representation in the State Senate, it's about giving them a valid election with valid choices. You may hear that he won by sixty percent. Well, I can counter that argument with a lot of analogies but suffice to say, if you limit the people's choice in the general election you will limit the outcome.

Voters in the thirty-eighth district were actively deceived and persuaded to vote against their ideological interest in the primary not through skillful politicking but through illegal actions intended to hoodwink them. If we don't go to the eighth and consider this resolution what we're saying to the voters of the thirty-eighth and to every other district in the state of Washington is that no matter how bad the election was, no matter how corrupt it was we'll seat the person with the most votes. In other words the ends justify the means.

The same principle applies to the character of Nick Harper. Regardless of how you may feel about him and how blameless he is, he, nor anyone else in this body, can be the direct beneficiary

of a fixed election. If we do it strikes at the heart of representative democracy.

One final note on this point, the resolution that I hope we consider vacates the senate seat from the thirty-eighth. This does not bar Snohomish County from going through their procedure to seat someone, just in the case as Senator McCaslin, for example. If they did they could get representation within one to two weeks so this is not an issue. One or two weeks without representation is a small price to pay for integrity in the election.

Mr. President, my final point, by going to the eighth order is that it's not about over stepping our constitutional authority to do. Article two, Section eight of the State Constitution says that 'each house is the judge of the election returns and qualifications of its members.' Given the constitution as a whole it's clear that we here can be a judge of the elections. If we do not act, the court will see that we put our stamp of validity on the election. They will probably fine Moxi-Media and the other conspirators will never pay a price. It will be another cost of doing business. In fact, to my knowledge, not one of the conspirators that are in this report has been fired or lost their job, not one of them. I also guarantee you this, the very same people who are going to argue today that it is not our jurisdiction, that if we, in fact, put our stamp of validity, will be the ones that go to the court and say this is our business. We handle that in the legislature and they'll ask the courts not to intervene.

I learned early in my adult life that if you're given the responsibility and the authority to do the right thing and to right or wrong, don't expect that someone else will have the courage to make the tough decisions. Make them yourself. I have one question before this body, if not now, when? When is bad enough and let me finally conclude, it's been said that I will bring disharmony to the floor today by bringing this forward. It's not my intent. But if we claim to be for transparent elections, show the courage to act. Just as if we want a business climate for the twenty-first century we start building an economic support structure as innovative as our companies. If we claim to be for education reform, then stop excepting the status quo that places our state near the bottom of the Race to the Top.' If we claim to be for better government let's restructure agencies with performance standards and accountability and not just cut services. All of those hard decisions we have to make this session, let's start with this decision. We need courage and we need to right this wrong. Mr. President, I ask that we vote to go to the eighth order."

MOTION

Senator Kastama demanded a roll call vote.

The President declared that at least one-sixth of the sworn in members joined the demand and the demand was sustained.

Senator Eide objected to the motion to advancing to the eighth order of business.

REMARKS BY SENATOR EIDE

Senator Eide: "Thank you Mr. President. I am rising to object going to the eighth order for the purpose of consideration for this resolution. First of all and foremost, no one in this chamber condones what has happened in the thirty-eighth district. What happened to Senator Berkey was horrible. What Moxi-Media did was deplorable but this is not a standard that we as senators should be setting.

Being blamed for something that a third party has done is wrong. There's several PACs that were out this last session last

FIRST DAY, JANUARY 10, 2011

2011 REGULAR SESSION

campaign and no one condones them neither. ‘American Prosperity’ for example. I’ve got a list here; in the sixth district, in the forty-first district, in the forty-fifth district, in the forty-seventh district, in the forty-eighth district and ladies and gentlemen, in my district. They never filed a PDC report at all and we still do not know how much they have spent against us. We have PDC complaints and violations in the thirteenth district, two of them. We have district, two of them, district twenty-sixth, district thirty-one. I’m sorry, the list goes on and on, it’s done, I’ve done all the research, I’m not saying about you or me but I’m saying the principle of the matter. Think about this, we make laws ladies and gentlemen, we can strengthen the law, we can enhance the law and in fact the good Senator Pridemore is doing a great job on some great pieces of legislation to clamp down on some of this campaign finance reform. That’s the direction we need to go here today. We are not the judge and the jury. It is not our role as Senators to say who is guilty and who is not. There is a reason ladies and gentlemen of the Senate why we have three branches of government. This is the courts, justice will be served, justice shall be served but we in going to the eighth order on this resolution is opening up Pandora’s box because I tell you what with the list here we will have a hollow chamber because each and every one of us will be walking out the door if we go this route. Why should you or me be blamed for something that we had absolutely nothing to do nor did we have any knowledge about this. Why do you think that’s fair, I don’t. It’s like blaming your child for something the neighbor kid did which is absolutely wrong but this is more serious. Who are we here ladies and gentlemen of the Senate, who are we to tell the sixty percent yes, senator it is sixty percent over in the thirty-eighth district. Who are we to tell them that they didn’t know what in the world they were doing when they were voting. Why are we questioning their integrity, their vote. I don’t understand, no one absolutely no one has accused Senator elect Harper of any wrong doing. He has not broken the law, he has not done anything unethical. Ladies and gentleman, we are living in the United States of America, every man, woman and child is innocent until proven guilty. I’m asking you to vote no on going to the eighth order of business. Let justice in the court where it belongs be served.”

The President declared the question before the Senate to be the motion by Senator Kastama to advance to the eighth order of business.

The Secretary called the roll on the motion by Senator Kastama to advance to the eighth order of business and the motion failed by the following vote: Yeas, 18; Nays, 23; Absent, 0; Excused, 0.

REMARKS BY SENATOR FRASER

Senator Fraser: “Thank you Mr. President and I would like to thank Senator Morton for his very gracious seconding the nomination. The process shall be limited to the named individuals and the committee on rules may overrule the service on an individual so named.

Duties of Committees

Rule 44. The several committees shall fully consider measures referred to them.

The committees shall acquaint themselves with the interest of the state specially represented by the committee, and from time to time present such bills and reports as in their judgment will advance the interests and promote the welfare of the people of the state: PROVIDED, That no executive action on bills may be taken during an interim.

Committee Rules

Such notice shall contain the date, time and place of such hearing together with the title and number of each bill, or identification of the subject matter, to be considered at such hearing. By a majority vote of the committee members present at any committee meeting such notice may be dispensed with. The reason for such action shall be set forth in a written statement preserved in the records of the meeting.

2. No committee may hold a public hearing during a regular or extraordinary session on a proposal identified as a draft unless the draft has been made available to the public at least twenty-four hours prior to the hearing. This rule does not apply during the five days prior to any cutoff established by concurrent resolution nor does it apply to any measure exempted from the resolution.

3. During its consideration of or vote on any bill, resolution or memorial, the deliberations of any committee or subcommittee of the senate shall be open to the public. In case of any disturbance or disorderly conduct at any such deliberations, the chair shall order the sergeant at arms to suppress the same and may order the meeting closed to any person or persons creating such disturbance.

4. No committee shall amend a measure, adopt a substitute bill, or vote upon any measure or appointment absent a quorum. A committee may conduct a hearing absent a quorum. A majority of any committee shall constitute a quorum and committees shall be considered to have a quorum present unless the question is raised. Any question as to quorum not raised at the time of the committee action is deemed waived.

5. Bills reported to the senate from a standing committee must have a majority report, which shall be prepared upon a printed standing committee report form; shall be adopted at a regularly or specially called meeting during a legislative session and shall be signed by a majority of the committee; and shall carry only one of the following recommendations:

In the event a committee has a quorum pursuant to subsection 4 of this rule, a majority of the members present may act on a measure, subject to obtaining the signatures of a majority of the members of the committee on the majority report.

7. Any measure, appointment, substitute bill, or amendment still within a committee's possession before it has been reported out to the full senate may be reconsidered to correct an error, change language, or otherwise accurately reflect the will of the committee in its majority and minority reports to the full senate. Any such reconsideration may be made at any time, by any member of the committee, provided that the committee has not yet reported the measure, appointment, substitute bill, or amendment out to the full senate. Any such reconsideration made after a vote has been taken

or signatures obtained will require a new vote and signature sheet. Any measure which does not receive a majority vote of the members present may be reconsidered at that meeting and may again be considered upon motion of any committee member if one day's notice of said motion is provided to all committee members. For purposes of this rule, a committee is deemed to have reported a measure, appointment, substitute bill, or amendment out when it has delivered its majority and minority reports to the senate workroom. After such delivery, the committee no longer has possession of the measure, appointment, substitute bill, or amendment and no further committee action, including reconsideration, may be taken.

8. Any member of the committee not concurring in the majority report may sign a minority report containing a recommendation of "do not pass" or "without recommendation," which shall be signed by those members of the committee subscribing thereto, and submitted with the majority report. In every case where a majority report form is circulated for signature, a minority report form shall also be circulated.

9. When a committee reports a substitute for an original bill with the recommendation that the substitute bill do pass, it shall be in order to read the substitute bill the first time and have the same ordered printed.

A motion for the substitution of the substitute bill for the original bill shall not be in order until the committee on rules places the original bill on the second reading calendar.

10. No vote in any committee shall be taken by secret ballot nor shall any committee have a policy of secrecy as to any vote on action taken in such committee.

11. All reports of standing committees must be on the secretary's desk one hour prior to convening of the session in order to be read at said session. During any special session of the legislature, this rule may be suspended by a majority vote.

Recalling Bills from Committees

Rule 48. Any standing committee of the senate may be relieved of further consideration of any bill, regardless of prior action of the committee, by a majority vote of the senators elected or appointed. The senate may then make such orderly disposition of the bill as they may direct by a majority vote of the members of the senate.

Bills Referred to Rules Committee

Rule 49. All bills reported by a committee to the senate shall then be referred to the committee on rules for second reading without action on the report unless otherwise ordered by the senate. (See also Rules 63 and 64.)

FIRST DAY, JANUARY 10, 2011
MESSAGE FROM THE GOVERNOR

2011 REGULAR SESSION

May 4, 2010

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 109; 117, page 17, lines 10-11; 127(27); 127(28); 127(31); 127(36); 127(38); 127(39); 129, page 35, lines 19-20; 129(3); 129(6); 131(2); 201(7); 204(3)(f); 205(1)(m); 205(1)(n); 205(1)(o); 205(1)(p); 205(1)(r); 205(1)(s); 206(20); 206(21); 207(2); 207(11); 209(14); 209(35); 209(38); 209(39); 209(40); 209(41); 209(42); 209(47); 212(6); 212(7); 214(7); 214(8); 221(21); 221(28); 223(2)(h); 303(3); 303(4); 304(4); 306(2); 308(15); 501(1)(b); 501(1)(f)(iv); 604(7); 605(5); 708; 717; 803, page 281, line 38, and page 282, lines 1-11; 803, page 283, lines 20-22; 803, page 283, lines 23-27; 803, page 285, lines 28-31; 902; 908; 920; 926; 937; and 939, Engrossed Substitute Senate Bill No.6444 entitled:

“AN ACT Relating to fiscal matters.”

I am vetoing the following appropriation items because of concerns with policy or technical issues relating to the legislative provisions:

Section 109, page 10, Supreme Court, Change to Fiscal Year 2011 General Fund-State Appropriation

The reduced appropriation to the Supreme Court in this section will impede the Court’s capacity to hear cases in a timely manner. The Court will work with the Legislature to implement budget reductions in the 2011 Supplemental Budget; therefore, I have vetoed Section 109.

Section 117, page 17, lines 10-11, Lieutenant Governor, Reduction to Private/Local Appropriation

The \$2,000 reduction in the existing private/local fund appropriation would require the agency to turn away grant funds from a local school district. For this reason, I have vetoed Section 117, lines 10-11.

Section 127(27), page 30, Department of Commerce, Microenterprise Development Organizations

This proviso prohibits the Department of Commerce from reducing the funding for microenterprise development organizations by more than ten percent this biennium. This restriction limits the agency’s ability to manage necessary budget reductions. For this reason, I have vetoed Section 127(27).

Section 127(28), pages 30-31, Department of Commerce, Workgroup to Study Gaps in State Commercialization Programs

This proviso requires the Department of Commerce to convene a work group to study the gaps and overlaps in programs that commercialize research and technology initiatives. This group must prepare a report to the Legislature no later than December 1, 2010, that identifies any gaps and overlaps, evaluates strategies to reduce administrative expenses, and recommends changes that would amplify and accelerate innovation-driver job creation in the state. No funding was provided for the review and study. For this reason, I have vetoed Section 127(28). However, I am directing the Department of Commerce to conduct as much of a

review as is possible within its existing resources because I believe the information required by the proviso will be useful.

Section 127(31), pages 31-32, Department of Commerce, Separate Budget Request for the Economic Development Commission

This proviso requires the Economic Development Commission, currently funded through the Department of Commerce, to develop a separate budget request and work plan. It also creates an account for the receipt of gifts, donations, sponsorships, or contributions from which only the Commission or its designee may authorize expenditures. Because the Economic Development Commission is part of the Department of Commerce, its budget and work plan is and should remain part of the Department’s budget requests. In addition, it is inappropriate to establish an account in an appropriations bill. For these reasons, I have vetoed Section 127(31).

Section 127(36), page 34, Department of Commerce, New Account for Washington Technology Center

This proviso creates the Investing in Innovation Account to be used only by the Washington Technology Center in carrying out the Investing in Innovation Grants Program and other innovation and commercialization activities. Since the Center is a non-profit organization, not a public agency, it cannot administer a state account. In addition, it is inappropriate to establish an account in an appropriations bill. For these reasons, I have vetoed Section 127(36).

Section 127(38), page 34, Department of Commerce, Washington State Quality Award Training for Small Manufacturers and Other Businesses

This subsection provides \$50,000 in General Fund-State funding for Washington State Quality Award Council training for small manufacturers and other businesses/organizations engaged in continuous quality improvement, performance measurements, strategic planning, and other approaches that enhance productivity. The state’s current and projected fiscal environment necessitates spending on only the most essential state programs and activities, and spending \$50,000 on this activity will provide minimal benefit to Washington’s small businesses. For this reason, I have vetoed Section 127(38).

Section 127(39), page 34, Department of Commerce, Appropriation to Manufacturing Innovation and Modernization Account

This subsection provides \$50,000 in General Fund-State funding for deposit into the Manufacturing Innovation and Modernization Account, which provides vouchers to small manufacturers to purchase consulting services from a qualified manufacturing extension partner affiliate. To date, no small manufacturers have taken advantage of this program, and approximately \$150,000 remains in the account. Given the state’s current and projected fiscal environment and the lack of demand for these services, an additional deposit of funds into this account does not seem warranted. For this reason, I have vetoed Section 127(39).

Section 129, page 35, lines 19-20, Office of Financial Management, Change to Fiscal Year 2011 General Fund-State Appropriation

The reduction to the Fiscal Year 2011 appropriation is vetoed in order to retain sufficient funds to conduct two critical budget-related studies; and independent assessment of placements in residential habilitation centers in Section 129(6)

FIRST DAY, JANUARY 10, 2011

and an analysis and strategic business plan for the Consolidated State Data Center and Office in section 129(7). Insufficient funds were provided to prepare a valuable study, and no new funds were provided for the Date Center study. The agency will still implement all administrative reductions assumed in the budget as passed, and the additional spending authority will be used to accomplish the new work assigned to the agency. For these reasons, I have vetoed Section 129, line 19-20.

Section 129(3), pages 36-37, Office of Financial Management, Washington State Quality Award Training

This subsection provides \$25,000 in General Fund-State funding for the Office of Financial Management to contract with the Washington State Quality Award Program to provide training for state managers and employees. The state's current and projected fiscal environment necessitates spending on only the most essential requirements. For this reason, I have vetoed Section 129(3).

Section 129(6), page 38, Office of Financial Management

The \$200,000 appropriation for this study is divided between two fiscal years so the Office of Financial Management will not be able to use half of the money, making it impossible to satisfactorily complete the review as envisioned. Therefore, I am vetoing section 129(6). In order to assess the status of people who currently live in residential habilitation centers, I am directing the Department of Social and Health Services to conduct assessments in a similar manner as is done for people in community residential programs. The assessments shall include interviews with all residential habilitation center residents or guardians of residents to determine the optimum setting for these individuals and shall include the option and choice to remain in a residential habilitation center. The Office of Financial Management shall contract with an independent consultant to review the assessments and determine whether there are funded options available in the community for residential habilitation center residents who indicate an interest in moving to a community placement and whether appropriate services and resources in the community exist or can be developed to provide adequate care for people with developmental disabilities. The consultant shall provide a report to me and the Legislature by December 1, 2010. For these reasons, I have vetoed Section 129(6).

Section 131(2), page 40, Department of Personnel, Employee Satisfaction Synopsis and Workforce Management Assessment

This proviso requires the Department of Personnel to provide a synopsis of survey data regarding state employee satisfaction and an assessment of career and executive work force management concerns. There is a technical problem with an incorrect reference to Section 119(4) instead of Section 123(4). For this reason, I am vetoing Section 131(2), but directing the Department to comply with the intent of the proviso to the degree possible within existing resources.

Section 201(7), page 58-59, Department of Social and Health Services, Audit and Oversight Improvement

This proviso requires multiple changes to the Department's audit and oversight programs. This requirement would create a significant administrative burden, and no funding was provided for this purpose. For this reason, I have vetoed Section 201(7).

Section 204(3)(f), pages 81-82, Department of Social and Health Services, Report on Mental Health Services for Children

2011 REGULAR SESSION

The Department of Social and Health Services is directed to provide a report on improving services for children who are at greatest risk of requiring long-term inpatient and residential care due to the severity of their emotional impairments. The proviso requires the Family Policy Council to prepare an inventory of current publicly funded efforts in Washington to identify children at risk of emotional impairments and to provide intervention before a mental disorder manifests itself. In light of national health care reform and the state's efforts to reorganize in response, requiring that a report be prepared by October 1, 2010, will not give the Department sufficient time to respond to health care reform, formulate a redesigned plan to address children's mental health, and work with the federal government. As the Department is currently involved in litigation regarding children's mental health, and because I believe that all aspects of the public children's mental health system need to be evaluated in light of national health care reform and because a deadline of October 1 does not provide sufficient time to respond, I have vetoed Section 204(3)(f).

Section 205(1)(m), page 88, Department of Social and Health Services, County Employment Funding

This proviso prohibits the Department of Social and Health Services from reducing expenditures for contracts with counties for employment assistance for people with developmental disabilities. This restriction limits the Department's ability to manage necessary budget reductions. Therefore, I have vetoed Section 205(1)(m).

Section 205(1)(n), page 88, Department of Social and Health Services Developmental Disabilities Program, Agency Provider Savings and Hourly Rates

The Department of Social and Health Services is directed to report on the fiscal impact of Chapter 571, Laws of 2009 (Substitute House Bill 2361) and the relative hourly costs of agency providers and individual providers. However, no funding is provided for this purpose. Therefore, I have vetoed Section 205(1)(n).

Section 205(1)(o), pages 88-89, Department of Social and Health Services Developmental Disabilities Program, Workgroup on Administrative Burdens for the Homecare Industry

The Department of Social and Health Services is directed to convene a new work group to address administrative burdens on the homecare industry and to report on its findings. However, no funding is provided. Therefore, I have vetoed Section 205(1)(o).

Section 205(1)(p), page 89, Department of Social and Health Services, Report on Placements for Residential Clients

This proviso requires a quarterly report on all placements for residential clients in the community protection and expanded community programs in the Division of Developmental Disabilities. Because of the cost involved, I have vetoed Section 205(1)(p) and am directing the Department of Social and Health Services to continue providing the quarterly reports which cover only new residential clients added to the programs in the current biennium.

Section 205(1)(r), page 89, Department of Social and Health Services, Self-Advocate Support

This proviso directs the Department of Social and Health Services to spend an additional \$100,000 to provide instruction in self-advocacy to families of individuals with developmental

FIRST DAY, JANUARY 10, 2011

disabilities. In these difficult economic times, it is not prudent to expand services. For this reason, I have vetoed Section 205(1)(r).

Section 205(1)(s), pages 89-90, Department of Social and Health Services, Community Support

The Department of Social and Health Services is directed to spend an additional \$100,000 for parent-to-parent networks and community support groups for people with developmental disabilities. In a time when we are reducing other valuable core services of state government, we cannot afford to expand these services. For this reason, I have vetoed Section 205(1)(s).

Section 206(20), page 97, Department of Social and Health Services Aging and Adult Services Program, Agency Provider Savings and Hourly Rates

The Department of Social and Health Services is directed to report on the fiscal impact of Chapter 571, Laws of 2009 (Substitute House Bill No. 2361) and the relative hourly costs of agency providers and individual providers. However, no funding is provided. Therefore, I have vetoed Section (206)(20).

Section 206(21), pages 97-98, Department of Social and Health Services Aging and Adult Services Program, Workgroup on Administrative Burdens for the Homecare Industry

The Department of Social and Health Services is directed to convene a new work group to address administrative burdens for the homecare industry and to report on its findings. However, no funding is provided. Therefore, I have vetoed Section 206(21).

Section 207(2), pages 101-102 Department of Social and Health Services, Subcabinet Report on WorkFirst

This proviso directs the WorkFirst Subcabinet and Department of Social and Health Services to report on services provided and accessed by both general population clients and limited English proficiency clients. No funding is provided for this report. Therefore, I have vetoed Section 207(2).

Section 207(11), page 106, Department of Social and Health Services, Limited English Proficiency Services

This proviso reinstates a portion of the reduction taken in the 2009-11 enacted budget for limited English proficiency services. Given the budget context, it is not appropriate to restore this reduction. Therefore, I have vetoed Section 207(11).

Section 209(14), page 112-113, Department of Social and Health Services, Disability Lifeline Report on Transition from Fee-for-Service to Managed Care

This revised proviso requires the Department of Social and Health Services to report to the Legislature by November 1, 2010, on the impact of moving Lifeline medical clients from fee-for-service to managed care, and expands the outcomes to be included in the evaluation currently required. Since there is a lengthy lag period between when services are received by a client and when they are paid for by the state, there will not be sufficient data to report. For this reason, I have vetoed Section 209(14).

Section 209(35), page 117, Department of Social and Health Services, Medication Therapy Management

This proviso requires the Department of Social and Health Services to enter into a contract for medication therapy management services only if the contractor guarantees the program will generate savings. While there may be merit in this

2011 REGULAR SESSION

concept, no additional administrative resources were provided for implementation. For this reason, I have vetoed Section 209(35).

Section 209(38), page 117, Department of Social and Health Services, Lowest Cost Prescription Drug Option

This proviso requires the Department of Social and Health Services to purchase a brand-name drug if the drug, after rebates and discounts, is the lowest-cost drug option. The Department has made good progress in reducing the growth in drug costs for state-purchased health care. This has been done through establishing a preferred drug list and emphasizing generic substitutes when appropriate. The Department will continue to purchase the lowest-cost drugs possible. However, there are challenges with implementing this requirement as written. In addition, no funding has been provided for this report. For these reasons, I have vetoed Section 209(38).

Section 209(39), page 117, Department of Social and Health Services, Report on new Prescription Drug Benchmark

The Department of Social and Health Services is required to report to the Legislature concerning the establishment of a new benchmark for prescription drugs to replace the Average Wholesale Price. No funding has been provided for this report. For this reason, I have vetoed Section 209(39).

Section 209(40), page 117, Department of Social and Health Services, School-based Medicaid Services

The proviso declares that sufficient funding is provided in the Appropriations Act to fund medical services provided to Medicaid clients in a school setting. This proviso restricts the agency's ability to limit services in this area should be budget situation demand it. For this reason, I have vetoed Section 209(40).

Section 209(41), page 118, Department of Social and Health Services, Pursuing and Reporting Drug Pricing Opportunities

The Department of Social and Health Services is required to report on the opportunities available to the state through the federal 340B drug pricing program. This program provides certain federally supported program discounts on prescription drugs used for outpatient services. No, funding was provided for this report. For this reason, I have vetoed Section 209(41).

Section 209(42), page 118, Department of Social and Health Services, Transition Plan to Move Fee-for-Service to Managed Care

The Department of Social and Health Services is required to develop a transition plan for the state's aged, blind, and disabled clients to move from a fee-for-service medical delivery system to a managed care delivery system. Since no funding was provided for this transition plan, I have vetoed Section 209(42). However, I am directing the Secretary of the Department of Social and Health Services and Administrator of the Health Care Authority to continue to assess the feasibility and cost effectiveness of moving from fee-for-service to managed care plans.

Section 209(47), pages 118-119, Department of Social and Health Services, Establishing Rates to Apple Health Managed Care

This proviso establishes the method by which premiums for the Apple Health Program will be established for rates set after July 1, 2010. As we move to implement national health care reform, it will be imperative that we retain as much flexibility as possible to

FIRST DAY, JANUARY 10, 2011

control the cost of purchasing health care. As written, the proviso limits the Department of Social and Health Service's ability to adjust premiums to reflect the actual cost of providing health care within individual plans. For this reason, I have vetoed Section 209(47).

Section 212(6), page 121, Department of Social and Health Services, Governor's Juvenile Justice Advisory Committee

This proviso limits any budget cuts to the Governor's Juvenile Justice Advisory Committee. In this budget environment, state government should not be restricted from any possible avenues to reduce spending. Therefore, I have vetoed Section 212(6).

Section 212(7), pages 121-122, Department of Social and Health Services, Autism Health Coverage Study

The Department of Social and Health Services is directed to report, in collaboration with the Health Care Authority, on the fiscal impact of state-purchased health care to cover autism spectrum disorder diagnosis and treatment for individuals younger than 21 years. This is not the time to engage in new studies to assess the expansion of state-paid services, no matter how worthy. Therefore, I have vetoed Section 212(7).

Section 214(7), pages 124-125, Health Care Authority, Continuum of Care Pilot Project

This proviso directs the Health Care Authority to establish two pilot projects for low-income adults who are waiting for health care coverage from the Basic Health Plan. We are in the earliest stages of implementing national health care reform. At the same time, we struggle to maintain the state safety net in very difficult budget times. I need the Health Care Authority to focus on these two tasks. For this reason, I have vetoed Section 214(7).

Section 214(8), page 125, Health Care Authority, Nonsubsidized Basic Health Plan

The proviso directs the Health Care Authority, should it offer Basic Health Plan coverage to non-subsidized clients, to provide information concerning other health care coverage options. This requirement creates an unfunded administrative burden. It also duplicates the provision of such information currently available from the Office of the Insurance Commissioner. For this reason, I have vetoed Section 214(8).

Section 221(21), page 140, Department of Health, Funding for Nursing Commission Programs Related to Discipline, Impaired Practitioners and Expedited Credentials

This proviso, in combination with Section 926, reduces the library access surcharge applied to certification fees for nursing professionals. The surcharge, which all health professions pay, is used to provide access to health care literature through the University of Washington. This critical resource allows providers the opportunity to learn of best practices used in their professions and furthers the ongoing education of all health care professionals. While I support the purposes for which this funding would have been diverted, this funding source should continue to be dedicated to advancing the use of evidence-based health care practices in Washington. For this reason, I have vetoed Section 221(21).

Section 221(28), page 141, Department of Health, Tobacco Cessation Program Reductions

This proviso requires ten percent of every tobacco cessation program contract be directed for addressing minority populations. This proviso is unnecessary because the Tobacco Cessation Program in the aggregate spends eighteen percent of its resources

2011 REGULAR SESSION

to serve these target populations. Therefore, I have vetoed Section 221(28).

Section 223(2)(h), pages 144-145, Department of Corrections, Report on Earned Release Date

This proviso directs the Department of Corrections to submit a report by June 1, 2010, addressing issues related to the release of offenders on the earned release date. This task cannot be completed in the short timeframe specified in the proviso. Therefore, I have vetoed Section 223(2)(h) and am directing the Department to submit its report to the Office of Financial Management and legislative fiscal committees by August 1, 2010. The Department will use this report to identify strategies to reduce the recent increase in the number of offenders held beyond their earned release dates, while maintaining public safety as a priority.

Section 303(3), pages 160-161, State Parks and Recreation Commission, Park Closure Language

Current budget language is revised to eliminate the provision that state parks may be closed if donation revenue is insufficient for ongoing operations. While this change does not appear to create an absolute prohibition on the closure of state parks, the revised language may create that impression. This would severely limit the agency's ability to manage state parks in the event that revenues drop below appropriated levels. For this reason, I have vetoed Section 303(3).

Section 303(4), page 161, State Parks and Recreation Commission, Restriction Closure of Tolmie State Park

This proviso prohibits the State Parks and Recreation Commission from closing Tolmie State Park. I have encouraged the Commission to continue pursuing the transfer of certain state parks in the event that revenues decrease to manage the statewide parks system within budget. The Commission needs to retain this flexibility. For these reasons, I have vetoed Section 303(4).

Section 304(4), page 162, Recreation and Conservation Funding Board, Extension of the Biodiversity Council

This proviso extends the Biodiversity Council for one year, through the end of Fiscal Year 2011. While I strongly support the work of the Biodiversity Council, I am asking the Natural Resources Cabinet to absorb the Council's oversight role. As we undergo the process of natural resources reform, the Natural Resources Cabinet will assume many leadership roles previously performed by other entities. For these reasons, I have vetoed Section 304(4).

Section 306(2), page 163, State Conservation Commission, Infrastructure Improvements Related to Wildlife Habitat

This proviso dedicates \$38,000 of the General Fund-State for improving infrastructure on state-owned lands in Kittitas County. While habitat improvements are an important step in managing the balance between wildlife conservation and grazing rights, funding for this endeavor can be pursued via other means, including State Conservation Commission grants, local conservation district funding, and private sources. The state's current and projected fiscal environment necessitates spending on essential services and programs. For these reason, I have vetoed Section 306(2).

Section 308(15), page 173, Department of Natural Resources, Excluding Shellfish Growers from the Department's Aquatic Habitat Conservation Plan

FIRST DAY, JANUARY 10, 2011

This proviso requires the Department of Natural Resources to exclude shellfish growers from its aquatic Habitat Conservation Plan if those growers have been issued a federal nationwide or individual permit. The Department and the shellfish industry have signed a Memorandum of Understanding which requires the Department and shellfish growers to finalize an agreement on shellfish aquaculture activities before the aquatic Habitat Conservation Plan is finalized. Because this is a collaborative effort, it would be inappropriate for the proviso to place restrictions on the unfinished product. For this reason, I have vetoed Section 308(15).

Section 501(1)(b), pages 182-183, Office of the Superintendent of Public Instruction, School District Reorganization Commission

This proviso creates a statewide commission on school district reorganization. I want school districts to focus their maximum attention on the immediate priorities of improving student learning and successfully implementing the next phase of education reforms. The charge to the Commission created in this proviso is very broad, and funding provided to the Office of the Superintendent of Public Instruction is insufficient to achieve the mandates of the proviso. For these reasons, I have vetoed Section 501(1)(b). The Joint Legislative Audit and Review Committee is conducting a study of the relationship between the cost of school districts and their enrollment size. Upon completion of its report, I encourage the Legislature and the Office of the Superintendent to explore opportunities for a focused review of school district organization.

Section 501(1)(f)(iv), page 185, Office of the Superintendent of Public Instruction, Exempting the Professional Educator Standards Board from Expenditure Restrictions

This section exempts the Professional Educator Standards Board from the restrictions on travel allowances and meeting costs that apply to other boards and commissions under Chapter 7, Laws of 2010, First Extraordinary Session (Engrossed Second Substitute House Bill No. 2617). This law allows agencies to seek exceptions to the travel and meeting restrictions for critically necessary work. To maintain consistency in the application of these restrictions among state boards and commissions, I have vetoed Section 501(1)(f)(iv).

Section 604(7), pages 243-244, University of Washington, Telecommunications Report

This subsection provides \$183,000 to the Technology Law and Public Policy Center at the University of Washington School of Law to prepare a report analyzing trends in the telecommunications industry and pathways for telecommunications reform. This work overlaps with the functions of the state Utilities and Transportation Commission. This expenditure does not meet the highest priorities of state government at this time. therefore I have vetoed Section 604(7).

Section 605(5), page 246, Washington State University, Business and Entrepreneurial Development Program Plan

This subsection provides \$100,000 to the Small Business Development Center at Washington State University to develop a state plan for coordination of small business and entrepreneurial development programs. Expenditure of funds on this effort does not meet the highest priorities of state government at this time. Therefore I have vetoed Section 605(5).

2011 REGULAR SESSION

Section 708, pages 270-271, Washington Management Service and Exempt Management Services Reductions

This section ties to Section 2 of Engrossed Senate Bill No. 6503, which I have vetoed. The budget proviso assumes additional compensation reductions of \$10 million in General Fund-State funding from Washington Management Service and exempt managers, who comprise less than five percent of state employees. This cut would require that specified staff take nearly two weeks of temporary layoff time beyond the ten days included in ESB 6503. This inequity is likely to create problems in recruiting and retaining qualified and experienced workers, as well as be disruptive to normal state operations. Managers will be subject to temporary layoffs in the same proportion as all affected state employees. For these reasons, I have vetoed Section 708.

Section 717, pages 276-278, Agency Reallocation and Realignment of Washington Commission

Section 717 creates the Agency Reallocation and Realignment of Washington Commission. Its responsibilities would include examining current state operations and organization, and making proposals to reduce expenditures and to eliminate duplication and overlapping services. The sum of \$250,000 in General Fund-State dollars is provided for this purpose. While I strongly support these goals, there are programs that address the same concerns, most notably the Joint Legislative Audit and Review Committee, the Office of the State Auditor's performance audit program, the Governor's Government Management, Accountability, and Performance program, and the Office of Financial Management's Priorities of Government budget development process. I hope to have further discussions with legislative leadership to identify ways to address these issues within existing structures and resources. For these reasons, I have vetoed Section 717.

Section 803, page 281, line 38, and page 282, lines 1-11, Transfers from the Tobacco Settlement Account to the General Fund and the Life Sciences Discovery Fund

This transfer decreases funding for critical life sciences research by \$16.2 million, representing a 76 percent biennial reduction when coupled with the \$26 million reduction to the fund in the enacted 2009-11 biennial budget. In order to implement this level of reduction, the Life Sciences Discovery Authority would have to discontinue any future state grants for critical life sciences research. Funding at the current level is vital to accomplishing the state's Life Sciences Research and Development goal of tripling the State's life sciences research base and creating more than 20,000 new jobs. For this reason, I have vetoed Section 803, page 281, line 38, and page 282, lines 1 through 11.

Section 803, page 283, lines 20-22, Transfer from the Budget Stabilization Account to the General Fund

The transfers required by this budget appropriation were intended to take place if the Budget Stabilization Account transfers in House Bill 3197 did not occur. Since that measure passed and has been signed into law, the transfer is void. For this reason, I have vetoed Section 803, page 283, lines 20-22.

Section 803, page 283, lines 23-27, Transfer from the Liquor Revolving Account to the General Fund

This transfer is associated with a provision in Section 939 that allows restaurants and bars an exemption from paying a price increase on spirits. Since I have vetoed Section 939, I am also vetoing Section 803, page 283, lines 23-27.

FIRST DAY, JANUARY 10, 2011

2011 REGULAR SESSION

Section 803, page 285, lines 28-31, Transfer from the Insurance Regulatory Account to the General Fund

This appropriation implements the transfer of \$10 million from the Insurance Commissioner's Regulatory Account to the General Fund-State authorized in Section 937. This transfer would place the Insurance Commissioner's Regulatory Account into a cash deficit position beginning in Fiscal Year 2011. For this reason, I have vetoed Section 803, page 285, lines 28-31.

Section 902, pages 289-290, Agency Staffing Report

The agency staffing report required by Section 902 adds another layer of complexity to the data already required to be reported through allotment and accounting systems. The addition of monthly job class information adds immensely to agency workloads with seemingly minimal benefit. I am directing the Office of Financial Management to work with legislative fiscal staff to identify alternative reporting formats that can be useful without creating an unacceptable workload burden. For these reasons, I have vetoed Section 902.

Section 908, page 294, Electronic Renewal Notices

This proviso mandates that every state agency make all of its renewals electronic by July 1, 2012. While I support the customer convenience and potential cost savings from doing business by electronic means, we must first assess the question of whether agencies have the staffing and fiscal resources to accomplish this task. I will encourage all agencies to pursue electronic renewal options within their current budgets and to identify obstacles for possible consideration in the new biennial budget. For these reasons, I have vetoed Section 908.

Section 920, pages 301-302, Washington State Quality Awards

Section 920 accelerates the date by which agencies must apply to the Washington State quality Awards program. It also limits that requirement for agencies that have more than 300 full-time equivalent employees. A great deal of time and effort is required for a well-executed Washington State Quality Award application. The new date of June 30, 2010, is too short a timeframe, especially for large agencies that may have to submit multiple applications. For these reasons, I am vetoing Section 920, pages 301-302.

Section 926, pages 306-307, Use of Surcharge for Nursing Professional Credentials

Because I have vetoed the program enhancement (Section 221(21) supported by this funding, I am also vetoing Section 926, which authorizes the specific use of a portion of the existing surcharge on credential fees.

Section 937, pages 318-320, Authority for Transfer from the Insurance Regulatory Account to the General Fund

Section 937 amends RCW 48.02.190 and Section 1, Chapter 161, Laws of 2009, defining eligible uses of funds in the Insurance Commissioner's Regulatory Account, by permitting a current biennium transfer of excess fund balance to the General Fund-State. Since I have vetoed the transfer in Section 803, I am also vetoing the authorization in Section 937.

Section 939, pages 323-324, Exemption for Restaurants and Bars from Temporary Mark-up on Spirits

Section 939 exempts restaurants and bars from paying any price increase made by the Washington State Liquor Control Board during the 2009-11 Biennium if that increase relates to General Fund-State transfers or additional liquor profit distributions.

Exempting restaurants and bars would reduce budgeted revenue assumptions by \$11 million. Of this amount, \$5.5 million directly affects the General Fun-State and its programs. The remaining shortfall could necessitate an increase in the price consumers pay at liquor stores. Restaurant and bars already receive discounts in price and tax exemptions and it is inappropriate to provide additional discounts at the expense of state programs. For this reason, I have vetoed Section 939.

For these reasons, I have vetoed Sections 109; 117, page 17, lines 10-11; 127(27); 127(28); 127(31); 127(36); 127(38); 127(39); 129, page 35, lines 19-20; 129(3); 129(6); 131(2); 201(7); 204(3)(f); 205(1)(m); 205(1)(n); 205(1)(o); 205(1)(p); 205(1) @; 205(1)(s); 206(20); 206(21); 207(2); 207(11); 209(14); 209(35); 209(38); 209(39); 209(40); 209(41); 209(42); 209(47); 212(6); 212(7); 214(7); 214(8); 221(21); 221(28); 223(2)(h); 303(3); 303(4); 304(4); 306(2); 308(15); 501(1)(b); 501(1)(f)(iv); 604(7); 605(5); 708; 717; 803, page 281, line 38, and page 282, lines 1-11; 803, page 283, lines 20-22; 803, page 283, lines 23-27; 803, page 285, lines 28-31; 902; 908; 920; 926; 937; and 939 of Engrossed Substitute Senate Bill No.6444.

MESSAGE FROM THE GOVERNOR

May 4, 2010

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 6, Engrossed Substitute Senate Bill No. 6872 entitled:

“AN ACT Relating to Medicaid nursing facility payments.”

This bill makes several changes to the nursing facility rate statute. Section 6 of this bill would reduce the financing allowance from 10 percent to 4 percent for assets purchased prior to May 17, 1999 and from 8.5 percent to 4 percent for assets purchased on or after May 17, 1999. These retroactive reductions in return on investments would apply to owners the state previously had urged to upgrade their facilities. Such changes could make additional needed investments unlikely.

For these reasons I have vetoed Section 6 of Engrossed Substitute Senate Bill No. 6872.

FIRST DAY, JANUARY 10, 2011

With the exception of Section 6, Engrossed Substitute Senate Bill No. 6872 is approved.

CHRISTINE O. GREGOIRE,
Governor of Washington

MESSAGE FROM THE GOVERNOR

April 27, 2010

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, Engrossed Substitute Senate Bill No. 6503 entitled:

“AN ACT Relating to the operations of state agencies.”

This bill directs state agencies to achieve reductions in employee compensation costs. Section 2 of this bill would require additional compensation reductions of \$10 million General Fund State from Washington Management Service and exempt manager, who comprise less than five percent of state employees. A cut of this size, over such a small base, is too large to be practical. For example, it would take nearly two weeks of temporary layoff – over and above the ten days of layoff due to agency closures included in this bill – to reach this level of compensation reduction.

Managers will be subject to the temporary layoffs in proportion to all staff. Imposing this added reduction would interfere with recruiting and retaining qualified and experienced workers. It would likely cause salary inversion, making it particularly hard to promote senior state employees with technical skills into management jobs.

For these reasons I have vetoed Section 2 of Engrossed Substitute Senate Bill No. 6503.

With the exception of Section 2 of Engrossed Substitute Senate Bill No. 6503 is approved.

CHRISTINE GREGOIRE,
Governor of Washington

MESSAGE FROM THE GOVERNOR

April 23, 2010

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 7, Engrossed Second Substitute Senate Bill No. 6409 entitled:

“AN ACT Relating to creating the Washington opportunity pathways account.”

2011 REGULAR SESSION

This bill creates the Washington Opportunity Pathways Account and directs that beginning in Fiscal Year 2011 net revenues from in-state lottery games that are not otherwise dedicated will be placed in this new account.

Section 7 of this bill requires costly consultation and studies of areas of lottery operations that already receive significant oversight. The section directs the Joint Legislative Audit and Review Committee (JLARC) to study the marketing and vendor expenditures and incentive payment programs of the Commission by November 1, 2010. The estimated costs of the studies are not funded in the budget. In addition, the Executive Committee of JLARC has requested this section be vetoed and that the study take place next biennium. I agree with the need for the study and request the committee to include it in their future planning.

For these reasons I have vetoed Section 7 of Engrossed Second Substitute Senate Bill No. 6409.

With the exception of Section 7 of Engrossed Second Substitute Senate Bill No. 6409 is approved.

CHRISTINE GREGOIRE,
Governor of Washington

MESSAGE FROM THE GOVERNOR

April 2, 2010

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill 6343 entitled:

“AN ACT Relating to the establishment of the Washington Food policy forum.”

Improved coordination of efforts relating to our state food policy is needed. However, this bill identifies goals that overlap with existing state agency activities. This redundancy will lead to spending time and financial resources on issues already addressed by existing agency programs. In addition, this bill establishes a forum consisting of 25 representatives and charges the forum with addressing a broad range of food system goals over the next five years. Experience teaches that the large size of the forum combined with a broad range of issues diminishes the prospects for success.

While I have vetoed this bill, I am committed to a more focused examination of state food policy, food-related programs, and food-related issues. I intend to issue an executive order directing the Departments of Health, Agriculture, and Social and Health Services, along with a request to the Conservation Commission and the Office of Superintendent of Public Instruction, to work collaboratively with other agencies and non-governmental organizations, to:

- a. Pursue federal and other grant source funds to identify gaps and opportunities to address food security, nutrition, and health of Washington citizens;

FIRST DAY, JANUARY 10, 2011

2011 REGULAR SESSION
Governor of Washington

- b. Explore ways to promote nutrition, especially for those who are most in need;
- c. Help educate the public and policy makers on the status of hunger in Washington State, and the role they play in addressing issues of food security, nutrition and health; and
- d. Collaborate and coordinate with private, public and governmental organizations to support realistic solutions to improving food security, nutrition and health for all Washingtonians; and,
- e. Help educate the public and policy makers on the importance of farmland preservation and the importance of promoting Washington-grown products to farmers; markets, food banks, and institutions.

For these reasons I have vetoed Substitute Senate Bill 6343 in its entirety.

CHRISTINE GREGOIRE,
Governor of Washington

MESSAGE FROM THE GOVERNOR

April 1, 2010

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Engrossed Substitute Senate Bill 6726 entitled:

“AN ACT Relating to making the governor the public employer of language access providers.”

This bill provides for collective bargaining between the Governor and language access providers. Section 1 creates a new workgroup, directed by the Office of Financial Management, charged with developing a plan to improve the efficiency and effectiveness for interpreter service delivery for the Department of Social and Health Services. The Office of Financial Management is to report the findings of the workgroup to the Legislature no later than September 30, 2010.

Collective bargaining for language access providers working with the Department of Social and Health Services does not require a legislatively mandated workgroup to make recommendations on improvements to the delivery of services. I am directing the Office of Financial Management and the Department of Social and Health Services to conduct an internal review resulting in recommendations to improve administrative efficiency and effectiveness of language access services and, as part of the review, to seek input from the appropriate stakeholders.

For these reasons I have vetoed Section 1 of Engrossed Substitute Senate Bill 6726.

With the exception of Section 1 Engrossed Substitute Senate Bill 6726 is approved.

CHRISTINE GREGOIRE,

MESSAGE FROM THE GOVERNOR

April 1, 2010

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Second Substitute Senate Bill 6575 entitled:

“AN ACT Relating to recommendations of the joint legislative task force on the underground economy.”

Second Substitute Senate Bill 6575 is designed to limit the underground construction economy by requiring contractors who fail to register with the Department of Labor and Industries to enroll in a training class in addition to registering with the department. First-time offenders who do so would be eligible for reduced fines. Narrowing the underground economy is a laudable goal, and one that should be pursued with stronger legislation. Despite its benefits, this bill has one significant negative outcome that cannot be ignored. By creating a dedicated account for revenues from contractor registrations, renewals course fees, and penalties, this bill would reduce net revenues to the state’s general fund by more than \$2 million annually beginning in Fiscal Year 2012. In these difficult economic times, that reduction would have negative impacts greater than the benefits this legislation would provide. I would welcome similar legislation without the creation of a dedicated account. In addition, I am directing the Departments of Revenue, Labor and Industries, and Employment Security to continue interagency coordination of efforts with stakeholders to identify and sanction unregistered contractors.

For these reasons I have vetoed Second Substitute Senate Bill 6575 in its entirety.

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 4 Engrossed Substitute Senate Bill 6476 entitled:

“AN ACT Relating to sex crimes involving minors.”

Section 4 requires the Department of Social and Health Services to provide a report to the relevant policy and fiscal committees of the Legislature by November 1, 2010, regarding the training needed to allow staff of the Children’s Administration and crisis residential centers to work effectively with sexually exploited youth. The report must identify the evidence-based training

programs to be used and the cost of such training. This section would be codified in chapter 13.32A RCW.

The Department will make the information available. A statutorily required report is unnecessary.

For these reasons, I have vetoed Section 4 of Engrossed Substitute Senate Bill 6476.

With the exception of Section 4, Engrossed Substitute Senate Bill 6476 is approved.

MESSAGE FROM THE GOVERNOR

April 1, 2010

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 9, 10, 14 and 15, Engrossed Substitute Senate Bill 6267 entitled:

“AN ACT Relating to water right processing improvements.”

This bill provides applicants and the Department of Ecology with tools that can be used, when appropriate, to expedite the processing of water right applications.

Sections 9 and 10 define the original location of a well associated with a water right claim as the area located within a one-quarter mile radius of the current well or wells. The original location of a well is used to determine when a replacement well requires a formal change to the water right.

The specific definitions in Sections 9 and 10 would reduce the Department of Ecology’s flexibility and impair its current discretion to decide when a replacement well warrants formal review and approval. Such flexibility and discretion is needed when the impacts of a replacement well will depend on the circumstances. Sections 14 and 15 provide expiration and effective dates for Sections 9 and 10, respectively.

For these reasons, I have vetoed Section 9, 10, 14 and 15 of Engrossed Second Substitute Senate Bill 6267.

With the exception of Sections 9, 10, 14 and 15 Engrossed Second Substitute Senate Bill 6267 is approved.

CHRISTINE GREGOIRE,
Governor of Washington

MESSAGE FROM THE GOVERNOR

March 30, 2010

To the Honorable President and Members,
The Senate of the State of Washington

2011 REGULAR SESSION

Ladies and Gentlemen:

I am returning, without my approval as to Sections 215(3); 215(5); 221(13); 303(43); 304(15); 401, page 89, lines 18-20, 23-25, and 26-27; and 602 of Engrossed Substitute Senate Bill 6381 entitled:

“AN ACT Relating to transportation funding and appropriations.”

Section 215(3), page 31, Department of Transportation

This proviso ties the appropriation contained within this subsection to either the Joint Legislative Audit and Review Committee (JLARC) or the Joint Transportation Committee (JTC) conducting an analysis indented in Sections 108(4) and 204 of this bill. This action effectively delegates appropriation authority to either the JLARC or the JTC. I believe that this delegation of authority will be remedied in the operating budget. For this reason, I have vetoed Section 215(3).

Section 215(5), page 32, Department of Transportation

This proviso requires the Department of Transportation to finalize all pending equal value exchange activities for the construction or improvement of facilities. Thereafter, the Department may not pursue any other equal value exchanges except to replace the Mount Baker headquarters office. Equal value exchanges are important tools that the Department uses to fund high priority facility projects. For this reason, I have vetoed Section 215(5).

Section 221(13), page 47, Department of Transportation

This proviso requires the Department of Transportation to implement a pilot program for the remainder of the 2009-11 Biennium to expand the use of high occupancy vehicle lanes, transit-only lanes, and certain park and ride facilities to private transportation providers. The proviso requires transit agencies and other local jurisdictions to have a process to receive applications for the reasonable use of these facilities. If a private transportation provider demonstrates that the transit agency or local jurisdiction failed to consider an application in good faith, the Department may not award any grant funding.

This proviso conflicts with federal regulations due to its broad allowance of the private use of public facilities. The Federal Transit Authority (FTA) requires specific authorization before allowing private transportation uses in federally funded public facilities. In addition, the issuance of grants to local jurisdictions for vanpools, special needs transportation, and other facilities to improve regional mobility should not be based upon the outcome of negotiations between local jurisdictions and private transportation providers.

For these reasons, I have vetoed Section 221(13).

Section 303(43), page 66, Department of Transportation

Section 304(15), page 72, Department of Transportation

These provisos require that redistributed federal funds received by the Department of Transportation first be applied to offset planned expenditures of state funds, and second to offset planned expenditures of federal funds, on projects identified in the project list in the 2010 supplemental budget. If these options are not feasible, the Department must consult with the Joint Transportation Committee (JTC) prior to obligating redistributed federal funds. If such consultation is not feasible and Washington does not act quickly, we may lose the opportunity to receive redistributed federal funds. However, because input from the

Legislature is important, I am directing the Department to consult with JTC members.

engineering standards, safety considerations permitting requirements, and state and federal law. Section 3 potentially prevents the Department of Transportation from complying with Coast Guard requirements and eliminates any possibility of adjusting the size of the facility based upon design or permitting needs. As a result, I am vetoing this section and directing the Department to continue to work with neighborhoods and local governments to refine the preferred alternative design.

For this reason, I have vetoed Section 303(43) and Section 304(15).

For these reasons, I have vetoed Sections 1 and 3 of Engrossed Substitute Senate Bill 6392.

Section 401, page 89, lines 18-20, 23-25, and 26-27, State Treasurer

This section provides for bond sale discounts and debt to be paid by the motor vehicle account and transportation fund revenue. Technical modeling problems resulted in some erroneous amounts.

With the exception of Sections 1 and 3, Engrossed Substitute Senate Bill 6392 is approved.

For this reason, I have vetoed line 18-20, 23-25, and 26-27 of Section 401.

CHRISTINE GREGOIRE,
Governor of Washington

Section 602, page 96, Department of Transportation

This proviso requires that redistributed federal funds received by the Department of Transportation first be applied to offset planned expenditures of state funds, and second to offset planned expenditures of federal funds, on projects indentified in the project list in the 2010 supplemental budget. If these options are not feasible, the Department must consult with the Joint Transportation Committee (JTC) prior to obligating redistributed federal funds. For the same reason that I vetoed Section 303(43) and Section 304(15) above, I have vetoed Section 602.

MESSAGE FROM THE GOVERNOR

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

For these reasons, I have vetoed Sections 215(3); 215(5); 221(13); 303(43); 304(15); 401, page 89, lines 18-20, 23-25, 26-27 and 602, Engrossed Substitute Senate Bill 6381.

I am returning herewith, without my approval as to Section 2, Substitute Senate Bill 6572 entitled:

“AN ACT Relating to eliminating accounts.”

With the exception of Sections 215(3); 215(5); 221(13); 303(43); 304(15); 401, page 89, lines 18-20, 23-25, 26-27 and 602, Engrossed Substitute Senate Bill 6381 is approved.

This bill eliminates inactive state funds and accounts to simplify the state accounting process.

CHRISTINE GREGOIRE,
Governor of Washington

Section 2 which amends a reference to the special purpose district research services account is also amended in Engrossed Second Substitute House Bill 2658 eliminating the Municipal Research Council and transferring its duties to the Department of Commerce. A veto of Section 2 eliminates this conflicting double amendment.

The Senate of the State of Washington

For this reason, I have vetoed Section 2 of Substitute Senate Bill 6572.

Ladies and Gentlemen:

With the exception of Section 2, Substitute Senate Bill 6572 is approved.

I am returning herewith, without my approval as to Sections 1 and 3, Engrossed Substitute Senate Bill 6392 entitled:

“AN ACT Relating to the use of revenue generated from tolling the state route number 520 corridor.”

CHRISTINE O. GREGOIRE,
Governor of Washington

Section 1 outlines legislative intent for the bill. I believe the legislation itself states clearly that improvements throughout the SR 520 corridor need to move forward, with the proper input from appropriate parties. However, Section 1 is vague and susceptible to conflicting interpretations, which I believe could hinder our ability to make progress on a project that is important to public safety and economic vitality.

Section 1 is an intent section including legislative findings and goals regarding the development of a dropout prevention program to serve vulnerable youth. The intent section could be read to conflict with the substantive description of the type of program to be developed as stated in Section 3. A veto if the intent section eliminates this potential conflict.

The Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2 of Senate Bill 6826.

“AN ACT Relating to subagent service fees.”

This bill authorizes a fee increase to help independent vehicle licensing subagents keep up with the cost of doing business and requires the Department of Licensing to implement a rotation of public and private vehicle service office listings on the Department’s website. For some time now the Department has been working with the Washington Association of Vehicle Subagents to redesign the website listings, so that the lookup function will allow a person to enter his or her zip code and receive a listing of licensing offices in order of proximity to that zip code. The Department has indicated to the Association that they will have this change completed by December 31, 2010. This proximity website feature will better serve the needs of the public and the subagents. Section 2 would not allow implementation of the proximity website feature requested by the subagents and planned by the Department.

For this reason I have vetoed Section 2 of Senate Bill 6826.

With the exception of Section 2, Senate Bill 6826 is approved.

MESSAGE FROM THE GOVERNOR

March 25, 2010

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 7, Substitute Senate Bill 6207 entitled:

“AN ACT Relating to allowing local governments to create golf cart zones.”

The bill authorizes local jurisdictions to allow the use of golf carts on public roads that have speed limits of 25 miles per hour or less, under certain restrictions. The bill contains some important safety precautions, including requiring local jurisdictions to post signs identifying golf cart zones, and requiring that golf carts have seatbelts and proper lighting. Section 7 would exempt passengers under age 16 from the state’s seatbelt and child restraint requirements. I believe it is important these passenger safety provisions apply to the use of vehicles transporting a child on a public road.

For this reason, I have vetoed Section 7 of Substitute Senate Bill 6207.

With the exception of Section 7 of Substitute Senate Bill 6207 is approved.

MESSAGE FROM THE GOVERNOR

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 5, Substitute Senate Bill 6349 entitled:

“AN ACT Relating to a farm internship program.”

This bill provides a structure for agricultural education with oversight from the Department of Labor and Industries. Section 5 provides that appropriations made for purposes of this act must be from the state general fund. The Legislature can determine through the appropriation process how to fund this program, and does not require a separate statutory provision to determine how to fund the program. This bill creates the program in the Department of Labor and Industries and therefore appropriations made for purposes of this act should be from the departments funds dedicated to that purpose.

For this reason, I have vetoed Section 5 of Substitute Senate Bill 6349.

With the exception of Section 5, Substitute Senate Bill 6349 is approved.

**FULL AND UNCONDITIONAL PARDON
OF
LINDA M. HOFER**

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, in 1998 Joshua McAdams and Mitko Tanev were sailors stationed on the USS Kitty Hawk. Mr. McAdams and Mr. Tanev were visiting a nightclub in Seattle when they were approached by Linda Fromm (who later became known as Linda Hofer), age 19, and a juvenile co-defendant. Both women danced with Mr. McAdams and Mr. Tanev. At least one person saw Ms. Hofer stick her hand into the sailors' pockets. After a few minutes of dancing, Ms. Hofer and her companion suddenly stopped dancing and walked away. They danced with other men in a similar fashion. Witnesses saw the two women go into the restroom of the nightclub and hide money in their clothing.

WHEREAS, after witnesses alerted the nightclub's security to Ms. Hofer's suspicious behavior, security personnel detained Ms. Hofer and her companion. Mr. Tanev later identified Ms. Hofer as one of the women with whom he had been dancing before he noticed his wallet was missing. Seattle police arrested Ms. Hofer and her co-defendant.

WHEREAS, on September 2, 1998, Ms. Hofer was convicted of First Degree Theft and sentenced to 35 days home detention, 12 months community supervision and ordered to pay restitution. Ms. Hofer has complied with the terms of her sentence, paid all ordered restitution and a Certificate and Order of Discharge was issued on September 20, 2000.

WHEREAS, Ms. Hofer states that she is deeply ashamed and sorry for what she did. She realizes that she broke the trust that her victims had for people and states that she could never do such a despicable thing again.

WHEREAS, Ms. Hofer petitioned for pardon of her conviction and appeared before the Clemency and Pardon Board (Board). Ms. Hofer admitted to the Board that she made a terrible mistake. She assured the Board, however, that she is not the same person that committed the crime twelve years ago.

WHEREAS, Ms. Hofer was accepted into the nursing program at Peninsula College in the fall of 2008. She acknowledged her

conviction to the Nursing Advisor and explained that the conviction was clouding her ability to pursue her lifelong dream of working as a nurse. Ms. Hofer stated that she always enjoyed helping people and wanted nursing to be her career. She indicated a belief that she could make a better life for herself, her daughter, and her community by becoming a nurse. Faculty and staff rallied behind Ms. Hofer to support her in her goal. Ms. Hofer completed the nursing program in June of 2010.

WHEREAS, prior to committing the crime, Ms. Hofer was a Certified Nursing Assistant. Even though the conviction prevented her from working as a nursing assistant, she continued to renew her license every year in hopes that she could one day return to the nursing profession.

WHEREAS, Ms. Hofer's Petition for Clemency was supported by numerous letters of support, including letters from Marca Davis, Nursing Program Director at Peninsula College; Jeffrey E. Mauer, Ph.D., Anthropology and Sociology Instructor at Peninsula College; Kathleen Murphy-Carey, Peninsula College Counselor, and a large support group consisting of faculty and staff members of Peninsula College who appeared before the Board in support of Ms. Hofer's Petition. Each expressed their belief that Ms. Hofer was reliable, diligent and capable, and very much focused on pursuing her educational goals. When questioned, each faculty member acknowledged a willingness to put his or her personal and professional reputation on the line to support Ms. Hofer.

WHEREAS, Ms. Hofer's sole conviction twelve years ago provided the wake-up call that she needed as a young woman to get her life on track. She served her sentence, satisfied her financial obligations, expressed contrition for her actions and focused her energies on self-improvement. As a young mother, she enrolled in a nursing program and attracted the support of faculty and students at her school for her dedication and skill.

WHEREAS, the King County Prosecutor's Office took no position regarding Ms. Hofer's petition.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the crime, and the favorable recommendation of the Washington State Clemency and Pardons Board. In light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Christine O. Gregoire, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to Linda M. Hofer, this full and unconditional pardon of her conviction of Theft in the First Degree so that she may pursue permanent and gainful employment.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the State of Washington to be affixed at Olympia on this 22nd day of June, A.D., two thousand and ten.

OF
JOSE LOPEZ DOMINGUEZ**

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, on July 5, 1988, at age 24, Jose Lopez Dominguez was convicted of Possession of a Controlled Substance: Cocaine and sentenced to 49 days confinement, with credit for 49 days served, and 12 months community supervision.

WHEREAS, in 1988, Mr. Dominguez applied for residency through the National Amnesty Program which was designed to give illegal alien farm workers a chance at American citizenship. At the time, Mr. Dominguez was working in the farmlands of Yakima Valley and residing with another farm worker in a small cabin in Yakima while sending money home to his family in Mexico.

WHEREAS, on the morning of May 18, 1988, within weeks of applying for his residency, Mr. Dominguez was shaving with the front door of his cabin open. He had \$778 in earnings saved and he was preparing to go play Bingo, his favorite pastime. Two men in plain street clothes appeared at his door and showed him their badges. They were accompanied by a uniformed Sheriff's Deputy. Mr. Dominguez did not understand much English at the time, and because he did not have anything to hide, he allowed the men to enter his cabin.

WHEREAS, the officers began searching everything in the cabin, dumping sugar and coffee canisters, and going through and emptying all of the cabinets and shelves. The two plain clothed officers found nothing and left the cabin, leaving the Sheriff's Deputy inside. A few moments later, the Sheriff's Deputy announced that one of the shelves that had already been emptied needed to be searched again because he thought he had seen something. The two plain clothes officers searched the shelf again and this time came up with a small pouch of white substance. Mr. Dominguez was immediately arrested and his \$778 was also confiscated. Mr. Dominguez states that he was confused and did not understand what he had done wrong.

WHEREAS, the events surrounding Mr. Dominguez's arrest raise a question regarding his conviction for possession of a controlled substance. Nothing in Mr. Dominguez's file indicates that law enforcement looked into the possibility that the drugs—found on a shelf that had been searched twice already—might have belonged to his roommate.

WHEREAS, after spending 49 days in jail awaiting trial on the charge of Possession of a Controlled Substance, Mr. Dominguez entered into an *Alford* plea at the urging of his court appointed attorney. Mr. Dominguez indicated a desire to tell the Court that he was innocent of the charges, but his attorney advised him that if he did so, he would go back to jail; whereas, if he entered into the *Alford* plea, he would be released immediately. Mr. Dominguez was not released, but instead detained and later deported.

WHEREAS, since marrying his wife, who is a United States citizen, Mr. Dominguez has attempted to apply for citizenship. Mrs. Dominguez's petition for him to immigrate to the United

States was approved. However, Mr. Dominguez's petition to adjust his status to that of a permanent resident was later denied based upon his 1988 conviction.

WHEREAS, Mr. Dominguez maintains that he has never used illegal drugs, or possessed, sold or offered for sale any illegal drugs. Mr. Dominguez had no offenses (drug related or otherwise) prior to his 1988 arrest nor in the subsequent twenty years. He has taught himself to read and speak English. He has been a very productive member of society, and he now faces being separated from his family by deportation because of a change in the immigration laws that came into effect after his 1988 conviction.

WHEREAS, August Hahn, a retired attorney from Yakima County addressed the Board in favor of Mr. Dominguez's Petition. Mr. Hahn relayed that during the time of Mr. Dominguez's conviction, Yakima County did not maintain a Public Defender's Office, but retained private counsel who received a monthly retainer to handle a certain number of cases no matter what the workload involved in any given case. Mr. Hahn was one such attorney at that time. Mr. Hahn stated that after reviewing all of the facts, he believes that Mr. Dominguez was railroaded into the conviction.

WHEREAS, Mr. Dominguez's stepson, Edwin Commet, also appeared on behalf of Mr. Dominguez. Mr. Commet has had 18 years of law enforcement experience in Yakima County since approximately 1987. During this time, Mr. Commet worked as a narcotics officer, among other assignments. Mr. Commet expressed to the Board that in all the years he has known Mr. Dominguez, he has never seen him angry, abuse alcohol, or use drugs of any sort. Mr. Dominguez's wife also spoke to the Board and described Mr. Dominguez as the gentlest man she has ever known. He is a grandfather and great-grandfather to her children.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the crime, and favorable recommendation of the Washington State Clemency and Pardons Board. In light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Christine O. Gregoire, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to Jose Lopez Dominguez, this full and unconditional pardon of his conviction of Possession of a Controlled Substance: Cocaine so that he may live with his family in the United States and pursue permanent and gainful employment.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the State of Washington to be affixed at Olympia on this 9th day of June, A.D., two thousand and ten.

 OF

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, in 1995, at age 23, Chan Ly was employed as an assistant manager at a clothing store in Tacoma, Washington. In May 1995, a customer accidentally left her credit card behind after a purchase. During an internal investigation, it was discovered that Ms. Ly was ringing up sales using the credit card and two other sales clerks were signing the card owner's name on the charge slips. During the period of May 15, 1995, through May 24, 1995, the three employees made eight fraudulent credit card charges for a total of \$3,442.12 in store merchandise.

WHEREAS, One June 22, 1995, Ms. Ly was convicted of First Degree Theft and sentenced to 32 days total confinement, with 24 months community supervision, and 240 hours of community service. Ms. Ly has complied with the terms of her sentence, paid all ordered restitution and a Certificate and Order of Discharge was issued on May 21, 2007.

WHEREAS, Ms. Ly expressed that she is deeply remorseful for her crimes. Ms. Ly stated that the conviction has shaped her life and explained that with her family in mind, knowing how much they need her, she has gone on to better herself. WHEREAS, Ms. Ly is currently a lawful permanent resident of the United States. Her conviction falls under the mandatory removal offense of the Immigration and Customs Enforcement. Although removal proceedings have not been initiated, Ms. Ly must renew her Permanent Resident Card every 10 years.

WHEREAS, Ms. Ly's oldest daughter expressed how her mom has taught her to turn all choices into positive choices and how she cannot imagine not having her in her life. Nancy Novak, the Associate Dean of Nursing at Tacoma Community College (TCC) spoke to the Clemency & Pardons Board (Board) regarding the reasons she is supporting clemency for Ms. Ly. Ms. Novak said she was impressed by the fact that Ms. Ly owned up to her offense, did not attempt to justify it, and expressed extreme remorse for it. Ms. Novak told the Board that Ms. Ly had explained how it was critical to her that she be a positive role model for her family and children.

WHEREAS, Ms. Novak stated that although Ms. Ly has only completed one quarter of the nursing program, she has made a huge impression on the faculty, her colleagues, and staff at TCC. Ms. Novak explained that the nursing program is extremely competitive and she wants to see Ms. Ly in her program because

she has demonstrated that she is caring, competent, and compassionate; displaying the skills that she wants to see in a nurse graduating from TCC. Out of 126 applicants in 2007, Ms. Ly was one of only 24 individuals to be offered a spot in the program.

WHEREAS, Ms. Ly's Petition for Clemency was bolstered by numerous letters of support, including but not limited to letters from Julie Benson, Ms. Ly's Theory Instructor; Quahlee Lassila, Ms. Ly's clinical instructor; and Peggy Sargeant of Counseling, Advising and Transition Services; plus letters from many family members and friends.

your protection, keep safe our public servants and bring healing to Representative Giffords and all those in Arizona victimized by the tragic union of evil and lunacy. God help us. Now today we thank you for our magnificent state, for its sweeping plains, its verdant coasts, granite backbone, metallic veins and for its good, compassionate people. We are favored to call the State of Washington home. Our home, o Lord is troubled. Wounds to our economy threaten our most vulnerable citizens. Across the state escalating needs beg for diminishing resources. Grant this 62nd Legislature wisdom and courage as they confront the agonizing decisions they must make. Prevent us, the electorate from shirking our human responsibility to join our government in meeting this challenge. Often we have demanded the privileges of our citizenship. Today our governor calls us to the duties of our citizenship. Awaken us to the necessity of this call. Strengthen Governor Gregoire as she leads us in this call, protect her and this legislature as they rise to this call and give us no rest until we have answered this call. O God bless our state and bless all of its sons and daughters. I offer this prayer as a Christian but on behalf of those who worship you in synagogues, mosques, temples and the sanctuary of your creation, Amen."

MOMENT OF SILENCE

The Washington State Legislature in Joint Session observed a moment of silence in memory of United States Representative Gabrielle Giffords and eighteen other people who were shot, six of them fatally, during an open meeting near Tucson, Arizona on January 8, 2011.

STATE OF THE STATE

Governor Gregoire: "Thank you, Bill Robinson. You know, I've been a friend of yours for a long time and admire your kind and guiding words are appreciated. Thank you.

Thank you, Kyra, I met you at ten years of age and Wow is all I got to say. Your performance of the national anthem, your voice your talent are truly inspiring. Thank you very, very much for being here and what you've done for us.

And in a few minutes you are going to hear from a young man by the name of Clarke Hallum, a very talented 11-year-old from Olympia. Get ready. Thanks to each of you all for joining us her today.

Mr. President, Mr. Speaker, Madam Chief Justice, justices of the court, former Governor Mike Lowry, honored officials, members of our Washington State Legislature, tribal leaders, local government officials, members of the Consular Association of Washington, my fellow citizens:

First of all — here's to being the home of the 2010 WNBA champs — the Seattle Storm!

Alright, how about those University of Washington Huskies! Big time underdogs, they came back, they won.

SECOND DAY, JANUARY 11, 2011

2011 REGULAR SESSION

And last Friday night here's to the Eastern Washington University Eagles, they trailed at half time 19-0 and they came back and won it 20-19. One of the most exciting games I've ever watched.

Alright, how about those Seahawks – look out Chicago, here we come, even when those athletes by the way were down those teams believed in themselves, they came back to win so never doubt our players in Washington State. Never doubt Washington State.

Harry Truman said if you want a friend in Washington, get a dog.

Well here in this Washington I have First Dog Trooper — but more importantly, I have two of four of my closest friends joining me today— my husband Mike and our daughter, Michelle. Our other daughter, Courtney, and son-in-law, Scott, could not join us but are diffidently here in spirit.

First Mike as you know is a first combat veteran and I'm proud of all the work that Mike does for our state on behalf of our veterans. It's especially important for those from earlier eras, but it's also important for those now returning from conflicts abroad. Mike does a great job, thank you Mike.

Brad introduced but I am proud to say Mikes mom, my mother-in-law is here today, she's a retired school teacher, she wouldn't want me to say this but we are going to celebrate her ninetieth birthday in June. She's brought with her family.

This summer Mike and I were fortunate, we joined Michelle, Courtney and Scott on a climb to Mt. Rainier. While the young ones charged right to the top, Mike and I are pretty pleased to report that we made it to Camp Muir — and then we quickly got the heck out of there!

But our hearts were with the kids as they unfurled the state flag on a snowy summit. From our perch at Camp Muir, I was struck by the absolute incredible view and reminded of the incredible riches of Washington State. I'm always proud to be a Washingtonian — but I was especially proud that day.

“Welcome members of the 62nd Washington State Legislature.

In particular, welcome to the 25 new members who are attending their first session.

You join a group who stands with long traditions of public service and dedication. You will come to know the selflessness of not only those who serve this body, but the thousands in our state who protect, serve and educate our citizens.

Our National Guard, our military men and women, our law enforcement members, our firefighters, our teachers and our state employees — you are my role models: Service above self at the risk of tremendous sacrifice. Thank you all for what you do on behalf of the State of Washington.

In the months ahead, all of us will be severely tested.

While there are signs of economic recovery around us, state government's budget remains in a deep freeze, and with a revenue shortfall unprecedented in state history, you will have extraordinarily difficult budget choices.

The tough times we are going through will demand equally tough decisions from all of us. You will have choices that seem unfair and unjust.

You will have to make decisions that will make life harder for the people back home.

And you will have to make decisions that may keep you awake at night, because in your heart, they just don't seem right.

I know this because I have had all those thoughts and I did so while drafting this budget that I have presented to you.

But just remember, our decisions aren't nearly as tough as those that are being made by too many of our friends and

neighbors who have been forced out of work, out of their homes, out of food and out of hope.

This is not the first difficult time in our history, nor will it be the last.

Here's some perspective. On October 29, 1929, after eight years of unprecedented growth, the stock market took a nosedive. Sound familiar?

Just like this recession, the fallout hit Washington State later than other states, but with equally devastating impact on virtually every sector of the economy.

With incomes declining 44 percent by 1932 and unemployment soaring well above the national average of 25 percent, poverty became a way of life for many.

Even the most fortunate were shocked and saddened by the faces of poverty they saw all around them.

The most enduring symbols were shantytowns called Hoovervilles. In Seattle, 639 men and women lived just south of Pioneer Square in 479 makeshift shanties made from packing boxes.

In 1933, the Unemployed Citizens League marched on Olympia. Nearly 1,200 unemployed men and women from Seattle were met here by 800 police and vigilantes.

The protesters wanted the Legislature to assess higher taxes, end foreclosures and provide hot meals for their children. Sound familiar?

In 1935, Governor Clarence Martin signed a revenue act that was the most comprehensive tax overhaul in the state's history.

After what was described as a “stormy” session, the bold reform passed and that reform has lasted for the last past 80 years.

I have no doubt that some, possibly many, at that time questioned our economic future.

Yet five companies survived the Depression and emerged as strong, international, Fortune 500 companies today.

In 1933, Boeing introduced the Boeing 247 — the first truly modern airliner, and today, amid another devastating economic downturn, it is introducing the 787.

Wallin & Nordstrom opened in 1901 as the shoe store, and on the eve of the Depression, held a grand opening to announce its new ownership and a name change to Nordstrom.

Weyerhaeuser began in 1900. Paccar began in 1905 and Safeco in 1923.

I remember the recession in the 1970s that crippled the region and prompted the billboard that read, “Will the last person leaving Seattle turn out the lights.”

The doomsayers writing us off didn't foresee a company called Microsoft, which was still four years away from being founded. Today they have nearly 89,000 employees and revenues of \$62 billion.

When the pessimists were wringing their hands in 1971, Starbucks had one but store — in Pike Place Market. Today the company has almost 17,000 stores in 50 countries.

These stories remind us that the people of Washington State are resilient.

We have been through tough times before, and we emerged stronger than ever.

Three years of discouraging news about employment and the economy may have dampened our outlook for the future. But nothing can dampen our resolve.

Let me be clear: Washington will rebound. We will come back stronger than ever and we will provide a brighter future for our children.

In America, back then as now, job prospects were dim, our optimism was shattered and people wondered if we would ever recover.

SECOND DAY, JANUARY 11, 2011

Well, I am here today to confidently predict that just like back then, those who think America is in decline have overstated our problems, underestimated our resiliency and misjudged our potential. We will show them.

So let us go into this recession not with our confidence shattered and our hope for the future dimmed.

Let us go into this recession with the clear knowledge that we have an opportunity, like those who lived through the Great Depression, to be bold and help the people and businesses of Washington rebound and prosper.

As we do our work here, we can't forget the real work, the hard work, is being done back home.

Men and women are struggling to keep their jobs and house their families.

Businesses are worried about meeting payroll and keeping the doors open.

As they struggle, their view of government is pretty clear — they want government to stay focused on its core services, live within its means, and use every taxpayer's dollar efficiently and effectively.

So this year, this time, this session, amid the worst economic climate in eight decades, our challenge is to actually transform Washington State government.

I think each of you will find in the weeks ahead our budget crisis leaves us no other option.

It will take tough decisions but it will take wise decisions.

I've offered a path forward. Here it is:

1. We must create a stable, financially secure path for our future;

2. We must recognize government cannot do it all; and

3. We must transform government into a leaner, 21st century organization that is more effective and more efficient.

This session is not just about getting us through this crisis.

It's also about setting our state on a trajectory that ensures a strong financial foundation for our kids and our grandkids. This is a budget and agenda that build the platform for a better service and a better recovery in the years to come.

We need to use this economic crisis to get control of spending in two critical areas — pensions and health care costs.

In the past decade our health care costs has doubled to more than \$5 billion. In the next biennium alone our pension costs will double.

Every dollar that we spend on health care and pensions means we have one less dollar to educate our children.

I am proposing that we repeal a 1995 law which gave automatic benefit increases to retirees in the old PERS 1 and TRS 1 pension plans.

The pension law was well intended but it carries a staggering price tag and we simply cannot afford to continue it.

Pension reform will save \$2 billion over the next four years and over a \$11 billion during the next 25 years.

I am proposing we partner with the Center of Innovation at the U.S. Department of Health and Human Services to provide real health care reform in our state. As a state we should set a goal: Keep inflation at 4 percent over the next 10 years. We can save \$26 billion while increasing the quality of care.

We must get a grip on these two budget busters. Unless and until we do, we cannot invest like we must in the education of our children.

I have looked at every state program and asked if it can be provided by others, if users should pay for it or if there are better ways to deliver the service.

If the Legislature in 1935 — in the midst of the Great Depression — could enact landmark change that has lasted for 80

2011 REGULAR SESSION

years, then we, today, can transform Washington State government to better serve our people for the next 80 years.

Now is the time to challenge the status quo. Why, for instance, do we assume all taxpayers should pay for programs that benefit a few?

Should a small business owner in Spokane pay the cost of processing a water right for a landowner in the Yakima Valley?

Should a Bellingham family with young kids help pay for the license of an adult family home in Vancouver?

And what about our great state parks system. Should those who use the parks pay for their operation and maintenance?

Let's adopt a user pays policy so that when only a few benefit from the service, they pay for it.

I've asked you the past two years to reduce the number of boards and commissions. This year I'm asking you to reduce the number of state agencies.

I have sent you proposals that would reduce the number of natural resource agencies from 11 to five, cut the number of state central service agencies from five to two, and merge a number of small agencies into a new Office of Civil Rights.

These consolidation proposals will reduce these agencies from 21 to nine, eliminate duplication in back-office costs, save more than \$20 million a biennium and make our state government work smarter and better.

We must do everything we can to stimulate the economy and put Washington State back to work.

I propose cutting the unemployment insurance and workers compensation pay by more than \$1 billion to help our businesses and our unemployed get back to work.

We need to provide retraining to our unemployed workers whose jobs no longer exist. And we need to get injured workers healthy and back to work as soon as possible.

I'm asking you to get a bill to my desk by February 8 so more than 65,000 small businesses can receive a 48 percent reduction in their unemployment insurance rates. Those savings can help small businesses invest, expand and stimulate our economy growth in every community across the state.

Jobs are the way out of the recession, especially in one of the hardest hit areas — the construction sector. Through the capital and transportation budgets and the Public Works Trust Fund, we can start shovel-ready projects, modernize our infrastructure and put almost 40,000 people to work. As the construction industry goes, so goes our state budget.

Education, the number one duty of the state, is the key to the jobs of tomorrow.

Today we have eight education agencies with 14 plans. They spend critical time and resources trying to coordinate and provide an education system built in silos.

I propose we enact legislation creating one agency — the Department of Education — focused solely on student education with one plan for a seamless system from pre-school to Ph.D.

Our students deserve it and our parents demand it.

With that focus we can start by making the 12th grade relevant and exciting.

Twelfth grade should be the launch year of a career. We can give our students a leg up in the competitive world of tomorrow by ensuring that their senior year on their way is guaranteed they can get certificated, get apprenticeship or college credits.

In 2009, those with a bachelor's degree had an unemployment rate of 4.6 percent, while those with a high school diploma were unemployed at the rate of 10.5 percent.

We need to encourage every student to "complete to compete" — complete an AA, bachelor's or advanced degree so they can compete for the jobs of tomorrow.

SECOND DAY, JANUARY 11, 2011

2011 REGULAR SESSION

We need tuition flexibility at our colleges and universities to keep the doors of higher education open to all and to maintain a quality education in both good and bad times.

I will ask you to adopt the recommendations of the Higher Education Funding Task Force, which increases the number of graduates, require greater accountability from our colleges and universities, ensures stable funding, and establish a \$1 billion Washington Pledge Scholarship Program. Let's make these changes because.

Educating our students is their future; a world-class education system is our state's future.

I will also asked if someone else can manage the work better. I urge you to join me in providing 21st century management models for our state ferry system and information technology in state government.

Our ferry system, the largest in the nation, is in financial crisis.

More than 11 years ago, one-fifth of operating funds and three-quarters of the system's capital funding were eliminated. Ever since then we've been bailing out the ferry system, and there is simply no place to bail from any longer. We've gone after savings and have cut administrative costs by more than 28 million dollars.

For communities that rely on our ferries as much as others rely on our highways — for those 23 million passengers each year — we must find a better way.

I'm asking you to create a regional ferry district run by an elected board of directors to manage our ferry system. Funding would come from a state subsidy, fares and regional taxing authority to pay for the service the region decides it wants and needs.

Now, you may not agree with my solution, but I will tell you one thing — we cannot leave here without a solution, those people deserve it.

Secondly, taxpayers spend \$1 billion each year for information technology that processes hundreds of thousands of transactions a week.

Like large businesses, we are in the process of consolidating and modernizing. And I'm proud to report that our new data center is ahead of schedule and under budget.

I'm asking that we create a charter agency which can contract services with the private sector, just like a public utility would, to ensure reliable service at the lowest possible cost. It saves \$30 million over four years.

I know change is hard, especially here in Olympia where too many have become deeply invested in the status quo.

That's why it's easier to hear why change won't work than why it will.

I think voters are out ahead in understanding the need for change.

Our voters sent us here to lead, to solve problems, to work together, to get things done and to be bold.

Families, businesses and nonprofits across this state have been forced to change just to survive. We must do the same. Like the boldness of the 1935 Legislature in the midst of the Great Depression, we can set a path for success in our state.

There are those who say we won't be courageous. There are those who say we can't provide real change.

Well this year, let's prove the cynics and the skeptics wrong. Let's be bold. Let's stand up for change. Let's put state government on a new path, a 21st century path.

I stand ready to help, I'm here to support you and I will work with you.

But make no mistake: I expect you to make the make changes that will benefit the state today and for the next 80 years.

Last month this Legislature came together and passed a supplemental budget in one day. It was the first lame duck session in history, and it demonstrated what we can do when we put politics aside and work together as Washingtonians.

That was a great start, but we have unfinished work on the supplemental budget, and that has to be our first order of business.

Let's finish what we started and let's finish it together.

My friends, we are down, but we are not out by any means. We can take a page from those who lived during the Great Depression. Like them we accept the challenge. We are ready to do the hard work, we will make the tough decisions. We are hopeful. We will remain hopeful and optimistic. We will be bold and will lead us to a better tomorrow for the great State of Washington.

We are and we forever will be a great state. Make no mistake about it, to the six and half million Washingtonians. Our agricultural products from potatoes to cherries to wine are known for their high quality.

Our businesses, whether there a leading international company, a startup or a small local business, are the most innovative.

Our workers are the most skilled, educated and competitive. Our communities are compassionate. And we live in one of the most beautiful places in the world. No recession will take that away from us.

We are the proud people of the great State of Washington.

Thank you and God bless Washington State and all her people. And God bless America.

The President thanked the Governor for her remarks and introduced 11-year-old Clarke Hallum, a 6th grader at Washington Middle School of Olympia, who performed "God Bless America: accompanied on the piano by Mr. Troy Fisher.

the Pledge of Allegiance. The prayer was offered by Father Bernard Coughlin, Chancellor of Gonzaga University.

Father Bernard Coughlin: "Thank you, and I ask you to join me in prayer. Eternal God and Father, we ask that you assist with your guidance and love, Barbara A. Madsen, Chief Justice of the Supreme Court of the State of Washington. That your divine wisdom assists and guide her and her colleagues on this court in all their judicial decisions. We pray too for all judges throughout our state that you assist and guide them in discharging their duties with wisdom and honesty. We likewise commend to your unbounded mercy all citizens of our United States that we may be blessed in the knowledge and sanctified in the observance of your holy law. May we be preserved in that peace with which the world cannot give and after enjoying the blessings of this life, may we be admitted to those with which are eternal. We pray to you almighty Lord, God and Father forever and ever, Amen."

STATE OF THE JUDICIARY

Chief Justice Barbara Madsen: "Thank you. President Owen, Speaker Pro Tempore Moeller, Governor Gregoire, our Elected Official, my colleagues on the Supreme Court, my fellow judges who are in the gallery and Ladies and Gentlemen: I am here today on behalf of the Judicial Branch of Government of this State to present the State of the Judiciary Address. I particularly want to thank two people who are here with me today. First, I would like to thank my husband, Don Madsen, so worried about being called the lovely Mr. Madsen. He is the long-suffering man who listens to my speeches over and over and over again. Thank you. The second person I want to thank is Father Coughlin. Father Coughlin doesn't travel very much anymore but he did agree to be here to give the benediction. Father Coughlin became the President of Gonzaga University the year that I started law school there. He and Gonzaga have been there for me at the most important times of my career and so I want to thank Father Coughlin and my entire Gonzaga family for their unflinching support."

"The strength of our democracy is that our institutions of government are made up of our neighbors and friends. People who live among us and who themselves must depend on the same institutions that they serve. After listening to Speaker Chopp and Representative DeBolt on Monday and yesterday to our Governor, Chris Gregoire, I just want to share this observation: In my view, the people who have been chosen to lead at this very difficult time are people of good will. They want to do the very best that they can for the neighbors and friends and the communities that they serve. No one can envy the job facing our elected leaders this session. This is a year of unprecedented challenges but from where I stand I am confident that all of you in this room have brought the right stuff to do the job and I thank you. Because we know how much hard work lies ahead, my colleagues in the Judicial Branch and I are grateful to you for the opportunity to speak to you today as well as our elected officials and to the people of Washington."

"One of the hallmarks of a democracy is the right to access to courts. It is really the fact that our country has a democracy that drives the need for courts. Democracies rely on the rule of law and the protection of individual liberties. That is because in a democracy we have rights and these rights must be protected and vindicated and this is the role that we assign to our courts. The hallmark of our justice system is captured in the words that are etched in stone on many of our courthouses in Washington: 'Equal justice under law' and in our Pledge of Allegiance, the last line: 'With liberty and justice for all.' Our courts are here to

THIRD DAY, JANUARY 12, 2011

ensure the basic rights and protections guaranteed by the Constitution and the laws of our Nation and of our State. We are charged with interpreting the laws that you right here in this chamber will create and have created and we are directed by our State Constitution to provide open, just and timely resolution of all matters that come before the courts. This is the core of what we do and it's how we fit into the democratic form of government. The true meaning, though, of the Judicial Branch can be seen every day in the thousands of pictures that make up a much broader mosaic, the millions of life stories of our neighbors and friends who use our courts."

"On this level, I can report to you that the state of Washington's judiciary remains strong but stretched thin. While the Legislative Branch deals with issues on a macro level, the Judicial Branch affects the lives and futures, the hopes and dreams of individual people on an individual basis. These stories that pull at our heart strings are played out every day in our courts across the state. From the San Juans to Spokane, issues that come before the courts have life-changing consequences. A typical day in our courthouses might see a victim of domestic violence seeking a protection order or it might see a civil dispute between owners of a small business trying to end their partnership but still keep their business afloat or it may see parents who are trying to adopt a child through the foster care system. Collectively, our courts hear more than two million filings a year. That is about one filing for every three citizens of our state. The vast number of these cases, more than one million and a half, are handled at limited-jurisdiction courts. I started my own career in the municipal court. I remember once that the fire department came and cleared my courtroom because we were exceeding courtroom capacity. In our limited-jurisdiction courts, judges handle misdemeanors and gross misdemeanors, traffic infractions, small claims and various civil actions. These are often referred to as the people's courts. At the superior court, judges must decide everything from child custody issues to dissolutions, felony criminal matters, land use disputes, recall petitions – heaven forbid, contract claims and many other civil disputes. At the appellate level, we have three courts of appeals in which, as a total, they receive an average of more than four thousand new filings annually. Now under our state's constitution, every one of those has to be heard by our courts of appeals. And in our supreme court, we are asked to hear petitions in over fifteen hundred cases a year. Over the last two years, the Supreme Court has worked hard to reduce the time that the parties have to wait to find out if the Court has accepted review. We've reduced this time from fourteen months down to four months, on an average. It took us a year to do that."

"As my colleagues can tell you, being a judge is a tremendous honor, but it also carries heavy responsibilities. I've had a chance in the past few weeks to meet with many of you, particularly those of you who are new, and I've tried to explain that our court system is a decentralized, non-unified system. So, in addition to hearing and deciding cases and managing their local courts, our judges also have to work at the state level to try to coordinate statewide policies and practices. They do this through participating in their judicial associations, on boards, on commissions, on committees and on taskforces that we create. Many of the leaders of our most visible associations are with us today and earlier President Owen introduced some of them: Judge Steve Warning who is the president judge of our Superior Courts Judges Association; and Judge Brown, who is the president of our District and Municipal Court Judges Association, but I would like to recognize that there are many other judges here today who serve on the Board for Judicial Administration.

2011 REGULAR SESSION

I'd like to have those members of the Board please stand and be recognized."

"The Board for Judicial Administration or, as we fondly call it, the BJA is the policy-setting body for the entire judiciary which is going to be meeting here today in Olympia after this session. I'm very proud of these judges and of the judicial officers that they represent from all four levels of our courts in Washington. A central focus for the BJA is maintaining fair and impartial courts throughout our state staffed by well-trained and professional judges. Independent judges are vital to our democracy. At the Supreme Court we often have visitors, judges from other countries that come to see our courthouse. On one such occasion a few years ago, a judge was touring our conference room where we make the decisions for the cases that we hear. He expressed surprise that we did not have a telephone in the conference room. He couldn't understand how we would get our directions from the governor without a telephone. – She's going to install one next week, right? – Well, we tried to explain about the independence of the judiciary."

"In the State of Washington, we have a long history of non-partisan election of judges. Yet, curiously, in some of our municipal courts – not all but in some, so-called people's courts, we give the city executive or the city Legislative Branch the exclusive right to decide who they will appoint as judges and how long those judges will serve. We will again be asking the Legislature this year to help us to assure that judges from all levels of court are elected by, and accountable to, the people that they serve. Last year when we were talking with you about this proposal, we provided some sample questions that were being asked to some judicial candidates in our municipal courts. In one example candidates were asked if they understood that sentencing offenders to jail would have a direct impact on the city's budget. Another question that they were asked was whether they understood that appointing attorneys for indigent clients would have a budgetary impact on the city. As the Olympian Editorial Board so cogently stated last year after hearing this information, 'The message sent to those seeking judicial appointment was clear: Dollars are more important than the fair administration of justice.' Where judges are not elected, there are troubling examples. Judges with legitimate disagreements with the city council, the mayor, or the city manager or even the chief of police or the prosecutor who have found themselves kicked out of office at the end of their term seemingly because they disagreed. Judges once served at the pleasure of the crown and they lost their positions if the crown were defeated or if there was a death of a ruler but in a democracy, judges are unique because they are given license to sit in judgment of the government itself. Because democracies rely on the rule of law and the protection of individual liberties, democracies require judges to make rulings that are often unpopular. Fair and impartial courts, free from undue influence and control by Legislative and Executive Branches, are fundamental to our democracy. Our proposal is not an indictment of municipal court judges. Nor is it an indictment of city council members or mayors, many of whom work very collaboratively and appropriately with the judges in their jurisdictions and with the courts but we must change the system that makes them answerable to the city and not to the people. I'm urging your support for our proposal again this year, in 2011."

"Another major initiative of the Judiciary is working to eliminate bias in the courts. In the 1980s this Legislature and our Judiciary became national leaders in examining and responding to bias in the courts. You provided funding for the Gender and

THIRD DAY, JANUARY 12, 2011

2011 REGULAR SESSION

Justice Commission and also for the Minority and Justice Commission and through these commissions we continue to aggressively, and with research, focus on eliminating bias and barriers to justice in our state. While it's impossible to report on all of the work of these Commissions, I do want to point out just a couple of examples. For example, our Minority and Justice Commission was receiving complaints that African-Americans were required to post bail to secure release from jail far more often than white defendants. The Commission partnered with the University of Washington to conduct a study of judges' release practices. We learned that the release criteria in our court rules was inherently biased. The Commission recommended a new court rule changing the criteria which the Supreme Court adopted. And then, just this past session, we worked, the Gender and Justice Commission, worked with community groups and key legislators here to pass legislation banning the practice of shackling women prisoners during labor and delivery."

"Our courts have spent enormous energy addressing bias and meaningful access to justice but we recognize the need to reassess our progress so, shortly after becoming Chief Justice, I convened a workforce, the Supreme Court Commissions, Boards and Taskforces Assessment Workgroup to take a hard look at our existing efforts and to make recommendations for modernizing and strengthening the justice system's ability to ensure fair treatment for all. We have learned a great deal from our work over the years on bias in the courts. We have learned that it's an extremely complex and nuanced issue. We as a Branch remain profoundly committed to discovering and eliminating barriers to equal justice. To that end, the Supreme Court will be hosting a racial bias roundtable on March 2nd with leaders from the Washington State Bar Association, minority bar associations from across the state, prosecutors, public defenders, legal educators and other stakeholders to look at needed reforms in the system."

"The core of what brings together our hundreds of courts everyday is the Judicial Information System (JIS). Essentially, JIS equals justice. Without JIS calendars the courts could not operate; money from traffic fines and fees would not be collected and delivered to the state; and judges would not have access to the criminal records of the defendants who appear in front of them. If you can imagine having someone appear in front of you for a critical bail decision and not have the criminal history to make that very important decision. You could not do it without the assistance of JIS. Our JIS capabilities and benefits are far-reaching: protecting victims of domestic violence; ensuring that judges, police, prosecutors, community corrections, probation officers get timely access to related court orders; and increasing the courts' ability to keep the records organized, accurate and readily accessible. It is a testament to the wisdom of this Legislature that you recognized our need and you created a separate funding stream to maintain and improve this System. A system that also provides essential information to the Washington State Patrol, the Department of Corrections, the Office of the Secretary of State, the Sentencing Guidelines Commission, the Department of Licensing, local law enforcement agencies, prosecutors and defense attorneys. We are requesting \$10 million this biennium from the dedicated JIS account to improve and enhance the information system which currently serves 16,000 court customers and 8,000 other users. These funds are critical to allow the courts to streamline services and to provide accurate and up-to-date information throughout our state. We have already seen what advantages can be gained by modernizing: specifically, the vehicles-related violations exchange that is under development will eliminate the need to

physically transfer paper tickets to the courts which, now, have to be reentered by hand."

"I also have some other good news on the technology front that I would like to report. This past year, the members of the Washington State Bar Association and the Access to Justice community worked to establish something called 'JusticeNet.' Sounds a little scary but it's not. It is an effort to use technology and broadband capability throughout the state to deliver information and services. With over sixty-five members, Justice Net includes courts, libraries, community centers, legal aid and defender organizations, the prosecutors association and the State Bar. Well, in September, the U.S. Department of Commerce approved a grant that was submitted by Justice Net. As a result, the State of Washington will receive \$4.1 million to establish and support an inter-connected system of public computing centers throughout the state. These will be located in public libraries, community centers, non-profit organizations, courthouses, low-income housing complexes. These computing centers will be connected to emerging networks of social services organizations, legal aid offices, courts and government services. Together we will transform our justice system using our resource wisely to meet the needs and the aspirations of all people to access to justice."

"As my predecessor, Gerry Alexander, our former Chief, has addressed you in the past in this body, the Judicial Branch has begun a far-reaching effort to address the state's legal obligation to provide access to justice across the State of Washington in every courthouse on an equal basis. Historically, this state has imposed a disproportionate responsibility for meeting essential law and justice responsibilities, including funding for the courts, at the local level. In fact, Washington continues its unfortunate ranking as fiftieth in the nation out of fifty states for the percentage of funding that it provides for the courts and for prosecution and criminal indigent defense. As a result, across the state, counties spend well in excess of two-thirds of their general revenues on law and justice functions while, at the state level, the courts comprise less than seven tenths of one percent of the state's operating budget."

"Since becoming Chief, I have been talking to trial judges about the impacts of the local budget cuts on their operations. One survey of the judges painted a rather bleak picture. Courts – not all but many, are losing their line staff, they are cutting hours of operation and eliminating all real people answering phones. Entire probation departments are being eliminated which means there is no follow up of any kind to ensure that the defendants meet their court-ordered obligations for treatment. Courthouse facilitators, which do not exist in every county all ready, are being reduced in the counties where they do exist meaning that there are more unrepresented litigants who are not prepared to go forward on their cases. There are couples who are living with temporary orders in dissolution cases because they can't get trial dates which means that they cannot move forward with their lives. Serious juvenile offenders are being released from detention early. Court clerks are struggling to update their records in a timely and accurate way. And, most remarkably, some Superior Courts are experiencing such significant delays in civil trials that their local bar associations have had to step forward and volunteer as pro tem judges to help to reduce the backlog. We have a stunning example of that in Yakima County where twenty-three attorneys stepped forward to volunteer to act as pro tem judges. Injustices are occurring and public safety is jeopardized as this continues."

"With this in mind, the BJA will be seeking legislation to extend the sunset provision on the filing fee surcharges that were added by this Legislature in 2009. The judicial system is a core function of government and, as such, we believe that it should be

THIRD DAY, JANUARY 12, 2011

funded through general fund revenues and not user fees but we do understand, in the dire consequences of today's economy, that is not possible so we will ask you to extend these expiring surcharges and add traditional state and local government split of those filing fees in order to help weather this fiscal storm, both at the state and the county level."

"This upcoming legislative session will be especially trying for all of us as we strive to uphold the promise of our Constitution: justice administered in all cases, civil and criminal, openly and without unnecessary delay. For the past several months all agencies of the Judicial Branch, in cooperation with the Governor's office, have reduced our expenses and cut costs by more than \$4.3 million, in addition to cuts in the two previous legislative sessions of \$17.7 million. This has been especially felt in our Administrative Office of the Courts which experienced a 19.3 percent reduction to its operating budget last biennium. This has resulted, of course, in losing services to our appellate courts, our trial courts and, of course, to the citizens of our state. One particular program that we think is in danger this year of being eliminated is the Office of Public Guardianship, which was created by the Legislature in 2007 to assist the approximately 4,500 state residents who are incapacitated and need the help of a guardian to be able to live independently."

"Finally, let me say that it is important to note, in these tough times, that we are working hard not to abandon our state's most vulnerable residents: children in foster care; victims of domestic violence; senior citizens; and others who are vulnerable. Two agencies of our Branch are here to protect the liberties of our citizens every day, that is: the Office of Public Defense and the Office of Civil Legal Aid and they have agreed to withdraw their request for new funds this biennium and will do their very best to work within their current budgets. I am very proud of the work of the Office of Public Defense which is working to improve the standards of public defense in trial, juvenile and appellate courts. The majority of criminal cases in this state involve people who are indigent. Over 200,000 people a year are indigent in this state. Almost fifty years ago, in *Gideon versus Wainwright*, a United States Supreme Court case, it was established that the state has a constitutional obligation to ensure that people are provided with an attorney. It is one of the cornerstones of our promise of fairness and yet, in many of our jurisdictions, poor defendants traditionally have not been appointed adequate counsel. This is why, in 2006, the Legislature funded a six million dollar program to improve the capability of our public defenders in our municipal and superior courts. This critically important program is key to meeting the state's obligation under *Gideon*. OPD has also made incredible strides in a program that provides representation for parents who are facing dependency and termination cases. This is an area where the courts have found that such a fundamental right, the right to be a parent and to have the custody and the care of your children that the Constitution has been determined to mandate that attorneys be appointed in this area. Our studies show that under our OPD program, parents are actually, with the assistance of competent counsel and well-educated counsel, able to work through, using services that are offered by the state, work through their dependency and termination cases often times resulting in additional reunifications and less time in the court system."

"Similarly, our Office of Civil Legal Aid (OCLA) is our state's legal lifeline for civil equal justice. When there's nowhere else to turn, Civil Legal Aid steps in. All over Washington, Civil Legal Aid lawyers and volunteers are working together to provide critical legal help to those who cannot afford it on matters that touch on the very fundamental needs that people have: the need

2011 REGULAR SESSION

for safety; the need for security, housing and access to essential services and support. This need, given our current financial crisis, has increased tremendously. We are seeing many more middle-class citizens who have been caught up in the recession. These people are unable to pay their rent, their mortgage or their bills in the way that they used to be able to do. They come to court. They are embarrassed. They are distraught. And, usually, they are without counsel and without any idea how to proceed to protect themselves. Our state's civil legal aid system is struggling to meet the urgent civil needs of our newly poor and vulnerable. In King County alone, requests for legal assistance over the past years have risen dramatically. Foreclosures are up 291 percent. Claims for unemployment are up 498 percent. We've seen a rise in the requests for medical assistance of 290 percent. Public assistance claims, 148 percent and bankruptcy claims, 145 percent. The OCLA reports that there are similar conditions in counties all across our state. Our judges report that these people cannot bring effective appeals much less revision motions; recover money that is owing to them; or win the custody of their children when they are facing an opponent who is represented. They are routinely evicted, denied domestic violence orders, assessed large judgments they cannot pay and foreclosed out of their homes. Our laws guarantee basic rights and protections to all of us not just those who can afford a lawyer but there is an overwhelming civil justice gap between the legal needs of the economically disadvantaged and the legal help that they receive."

"In closing, on behalf of the dedicated judges of Washington State I would like to reinforce our commitment to the rule of law in our democracy. Your judges will steadfastly continue their efforts to ensure the promise of equal justice for all Washington citizens. In large part, the cornerstone of this commitment rests upon adequate and stable funding for trial courts and we pledge to stay the course in achieving this long-term goal. Together we have made great strides in the right direction for Washington courts and we are deeply grateful for the support you have shown us in the past. I would also like to express how honored I am to serve alongside of all of you as a leader in our separate, but equal Branch of Government. I'm particularly grateful to Governor Gregoire and to the many leaders in the House and Senate who have been so willing to listen to the concerns of our Branch in these difficult times. I want to thank you for the warm welcome you have given me and my colleagues today and I want to wish you all the best in these challenging times."

**SENATE RESOLUTION
8600**

By Senators Honeyford, Delvin, Fraser, Parlette, Brown, Carrell, Ranker, Hewitt, Schoesler, Pflug, King, Hobbs, Becker, Prentice, Morton, Zarelli, Eide, Litzow, Regala, Chase, White, Keiser, Murray, Haugen, Hargrove, Hatfield, Kohl-Welles, Pridemore, Kastama, Nelson, Harper, Stevens, Rockefeller, Baumgartner, Tom, Hill, Kilmer, McAuliffe, Swecker, Conway, Ericksen, and Shin

WHEREAS, Senator Bob McCaslin was elected to the Senate in 1980 and in January 1981 he began a 30-year run in the Senate, one of the longest in Washington State's history; and

WHEREAS, Senator McCaslin has endeared himself not only to his faithful constituents and Senate Republican Caucus staff, but to Senators on both sides of the aisle, as they recall how he often lightened the tone with his wit and wisdom during heated Senate floor debates; and

WHEREAS, Senator McCaslin has always displayed equal amounts of compassion and strength with regard to the issues, while keeping in mind, and working toward, the needs and betterment of the 4th Legislative District and the entire State of Washington; and

WHEREAS, Senator McCaslin is a friend to all, confidante of many, and trustworthy advisor to his colleagues; and

WHEREAS, Senator McCaslin served in the United States Navy during World War II, after which he spent 17 years in production management at Kaiser Aluminum and Chemical Corporation, and for another 17 years owned his own real estate company in the Spokane Valley; and

WHEREAS, Senator McCaslin, during his time in the Senate, has been passionately involved in growth management issues, and currently serves as the Ranking Republican Member of the Senate Judiciary Committee, and as a Member of the Senate Economic Development, Trade and Innovation Committee; and

WHEREAS, Senator McCaslin was a source of constant moral support to his colleagues, a stalwart conscience who would, when a colleague changed positions on a bill, wonder aloud if the colleague were as firm on this new position as on the prior one; and

WHEREAS, Senator McCaslin's institutional knowledge and parliamentary prowess were legendary, and he is credited with establishing a tremendous body of precedent in the form of rulings by the President of the Senate, such as at least one ruling which established that a bill cannot be outside the scope and object of itself; and

WHEREAS, Even when Senator McCaslin did not completely achieve his parliamentary aims on the full floor of the Senate, his tireless crusade to establish a breakfast break for those early Saturday morning sessions, his constant battle to ensure that the President knew he was handsome and wise before he ruled on a particular matter, and his dogged quest to check with the rostrum to make sure the clock measuring the three minute rule was working properly were a source of constant inspiration; and

WHEREAS, He steadfastly opposed tax increases throughout his illustrious career, but could be overheard from time to time wondering if the state might solve its fiscal problems once and for all by charging fees for floor speeches; and

WHEREAS, On those rare and frustrating times when the Senate's business took the members deep into the dark of night, Senator McCaslin's sage advice as he put on his coat carried great weight with his colleagues, as he wished them all the best on their fruitless endeavors and hoped that they would turn the lights off when they left, as he was making for the elevator; and

WHEREAS, Senator McCaslin, due to health reasons, has made the decision to retire, leaving an indelible mark on Olympia and this great institution; he will be greatly missed by all of us who know and love him;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State Senate recognize and congratulate Senator McCaslin for his thirty years of dedication to the citizens of the State of Washington; and

BE IT FURTHER RESOLVED, That a copy of this resolution honoring him be immediately transmitted by the Secretary of the Senate to Washington State Senator Bob McCaslin.

INTRODUCTION OF SPECIAL GUESTS

The President introduced Michael McCliment, Legislative Assistant to Senator McCaslin who was seated in the gallery.

REMARKS BY THE PRESIDENT

President Owen: "The President would make just one comment and that is Senator McCaslin was the only person so far, that the only Senator so far that I know that could affectively tell the President that he was wrong without the President knowing until he got back to his office, avoiding the gavel."

MOTION

Senator Hargrove moved to add all members to Senate Resolution No. 8600.

With permission of the Senate, business was suspended to allow Dairy Ambassadors Kristyn Mensonides to address the Senate.

REMARKS BY MISS KRISTYN MENSONIDES

Kristyn Mensonides: “Good morning honorable and distinguished guests. It does not take a rocket scientist to realize our economy is a little bit complicated right now. We need to get back to the basics, back to when ‘going green’ was when your neighbor bought a John Deere tractor. When ‘bail out’ actually referred to something the boys hauled out before feeding time and when change was actually something jiggling in our pockets. What is more basic than a good help? It is a privilege to promote our dairy industry by explaining not only how benefits are helped but also our community. I have been given the opportunity to teach young children about cows and dairy products. They will be able to see firsthand transformation of milk into butter or even ice cream. Our Washington State is filled with cows, but we have lost the personal connection. Many children have never had the opportunity to pet a calf. We need to get back to the basic touch. As an agriculture industry we have the advantage of producing nature’s most perfect food: milk. A most basic staple in everyone’s life. Statistics show having three servings of dairy products throughout your day helps build strong bones, teeth and healthy bodies. Research shows that, on average, Americans are only receiving half of the days recommended servings of dairy products a day. This is a problem when you realize that when a teenager turns seventeen ninety percent of his or her adult bone mass is established. We need to get back to the basic nutrition. Get back to the basics also means educating the adults and the concepts of dairy production and how the industry supports other segments of agriculture, retail and service sectors around our state. Washington State ranks second in the production per cow in the United States in 2009. Washington dairies has a one point five billion dollars in total economic impact in Washington State, creating approximately thirteen thousand jobs. Making it the second largest agriculture industry in Washington State. So next time, when you enjoy that refreshing glass of milk or that creamy cheese cake or even that mouth watering ice cream sundae remember all those hard working family farms just like the one I grew up on striving to help our communities get back to the basics. Thank you very much.”

PERSONAL PRIVILEGE

Senator Delvin: “Thank you Mr. President. Well I just want it to be known, I have milked a cow in the past.”

PERSONAL PRIVILEGE

Senator Becker: “Thank you Mr. President, well I wanted to just share and I think I’ve shared this many times out here that I too grew up on a dairy farm and I too ran for the dairy princess contest. At that time it was dairy princess, now it’s Dairy Ambassador. I didn’t win. I came in runner up but that’s ok. This year I was honored, really honored to be asked to be one of the judges for this contest and I have to tell you it was absolutely amazing. It was a three day event. What these young ladies went through in this, the questions they were asked, the way they became better and better at everything that they did, it was just an amazing process. You know I agree, children need to be, they

need to have an introduction into farms. They need to know that that milk comes from a cow. That cow can lick them in the face, can warm their heart and make them feel good about nature. I happen to believe milk is one of the best things in the world for you. One of the contestants, one of them that I was most impressed with actually lost fifty pounds before coming to this contest and part of her diet, a major part of her diet, was drinking milk and it just showed that you can do it and do it a healthy way. I sound like I’m advertising but I have to say when I watch the commercials that advertise California cows I want to stand up and say, ‘Washington cows are better’ and I too have milked the Washington cows and I really applaud everything that all of you are doing every year to make sure that the dairy industry is recognized. Thank you.”

PERSONAL PRIVILEGE

Senator Honeyford: “Thank you Mr. President. I have the privilege and honor of representing lower Yakima County and I would like to point out that Yakima County has the largest dairy herds and production of milk in the state. I would point out too, and I am proud of this, that the Ambassador is from the lower Yakima Valley and we have two young ladies that are from Sunnyside and so I believe that you will all recognize how well the dairy industry is represented by these people. Get milk.”

MOTION

Senator Honeyford moved adoption of the following resolution:

SENATE RESOLUTION
8602

By Senators Honeyford, Haugen, Morton, Sheldon, and Swecker

WHEREAS, The Civil Air Patrol was born on December 1, 1941, just days before the attack on Pearl Harbor, for the purposes of liaison flying and interdiction of infiltrators on the east coast and the southern border of the United States, and the Civil Air Patrol insignia, a red three-bladed propeller in the Civil Defense white-triangle-in-blue-circle, began appearing everywhere; and

WHEREAS, When German submarines began to prey on American ships, the Civil Air Patrol's mission grew to include a 1,000-member coastal patrol, 64 of whom died in service and 26 of whom were lost at sea; and

WHEREAS, After Civil Air Patrol planes were issued bombs and depth charges in response to a crew watching in vain as a grounded sub off Cape Canaveral, Florida, escaped before the military arrived, the Civil Air Patrol Coastal flew 24 million miles and found 173 subs, attacked 57, hit 10, and sank two; and

WHEREAS, By presidential executive order, the Civil Air Patrol became an auxiliary of the Army Air Force on April 28, 1943, and some months later the Germans withdrew coastal U-boat operations "because of those damned little red and yellow airplanes"; and

WHEREAS, The Civil Air Patrol went on to target-towing operations, courier service for the Army, liaison and cargo flights between war plants, and southern border patrol against enemy infiltrators crossing from Mexico, and air, search and rescue, and nonflying Civil Air Patrol members guarded airfields and trained a rapidly growing corps of Civil Air Patrol cadets; and

WHEREAS, During the postwar years, the Civil Air Patrol was put to work in search and rescue missions, saving the United States millions of dollars in operational costs, because there was no other organization with the equipment and training to continue this vital job as military aircraft was far too expensive to operate and flew too fast to accurately spot downed planes and personnel; and

WHEREAS, During floods and other natural disasters, the Civil Air Patrol has flown vital serum and vaccines to areas unreachable by heavier aircraft, and ground teams have helped in the evacuation of cities and towns; and

WHEREAS, The Civil Air Patrol has a cadet program with over 23,000 young people between the ages of 12 and 20, one of its major attractions being the aerospace program which provides both

WHEREAS, On May 18, 1980, when Mt. St. Helens in Washington state exploded, devastating approximately 150 square miles and triggering massive mud flows, floods, and ash fall, the Civil Air Patrol quickly responded to the county sheriff's request for help by establishing a 24-hour headquarters, aiding search and rescue missions, updating weather advisories, and assisting in ash cleanup; and

WHEREAS, Today's Civil Air Patrol continues its service and commitment to our state and country with three primary missions: Aerospace Education, Cadet Programs, and Emergency Services; and

WHEREAS, In Washington state alone, the Civil Air Patrol is composed of approximately 748 senior members and approximately 624 cadets, who in 2010 flew their eleven aircraft 2,650.7 hours in service to our state, at a value of 3 million dollars in volunteer hours, and, primarily for cadet aerospace education, their Washington state gliders flew 374 hours;

NOW, THEREFORE, BE IT RESOLVED, That the Washington state Senate recognize the Washington state wing of the Civil Air Patrol for its courageous and unwavering dedication to our citizens; and

BE IT FURTHER RESOLVED, That a copy of this resolution be immediately transmitted by the Secretary of the Senate to Civil Air Patrol Wing Commander, Colonel David Lehman, to Colonel Theodore Tax, and to newspaper editors throughout the state of Washington.

REMARKS BY COLONEL GARY MAGONIGLE

Major General Gary Magonigle: "Mr. President, Senate Leadership, Senator Honeyford and the sponsorship, the group that put forward this resolution, distinguished members of the Senate, Civil Air Patrol members and distinguished members of the gallery, I am Major General Gary Magonigle, Assistant Adjutant General for Air and Commander of the Washington Air National Guard. I am proud to serve alongside the Washington Wing of the Civil Air Patrol. When called upon the Civil Air

2011 REGULAR SESSION

Patrol is an indispensable partner in minimizing the impact of emergencies and disasters on the people, property, environment and the economy of Washington State in the region. It's important to note that Civil Air Patrol members are volunteers, members who formed, trained, motivated and educated teams that recognize and reward the volunteer spirit and service to our communities, the state and the nation. The Civil Air Patrol prides itself in developing leaders at all levels within their organization. They also actively foster the understanding of the importance of Air space capabilities in their members and in our communities. A prime importance though is the ability to provide domestic operations capability across the United States. The Civil Air Patrol capabilities are extensive and they includes air and ground fleet availability with over five hundred fifty aircraft and nine hundred and forty crown vehicles with trained crews available for search and rescue. There's aerial recognizance, a nationwide radio network communication system that include over five thousand fixed radio land stations and ten thousand mobile radio stations that form a nationwide communications capability that is not dependent on satellite or cell phone systems. There's law enforcement support, the ability to take law enforcement agents aloft for visual recognizance and areas of interest. The Civil Air Patrol provides a critical domestic operations capability directly supporting federal, state and local authorities in missions such as search and rescue, disaster relief, counter drug and home land security. They are accessible, generally available within four hours of notification and with advance coordination they can often be postured in alert status capable of launching within minutes, ready to save lives and relieve human suffering. In addition to this substantial contributions to domestic operations the Civil Air Patrol offers robust cadet education programs for youth ages twelve through twenty-one. The Cadet programs emphasize individual study, preparation and instruction through five core areas of achievement. They are leadership laboratory, aero-space education, physical fitness, moral leadership and lastly squadron activities. These five areas include use of trained senior Cadets and senior members who work collectively with individually with Cadets who need assistance in their training. Nationally, seventy-five percent of our young Americans are unable to join the military largely because they are not physically fit; they are not sufficiently educated or have serious criminal records. High School dropout rates are at an all time high. Here's what Civil Air Patrol offers our youth: Opportunities for military service and college. Six to ten percent of each college class that enters our military service academies are Civil Air Patrol Cadets. Cadet's who distinguish themselves in Civil Air Patrol are eligible to enlist in the Air Force at a higher grade of pay. There are opportunities to participate and compete in numerous activities in the local state and national disciplines. Scholarships are available. Opportunities to earn FFA pilot rating are within reach of our Cadets. Simply put, the Civil Air Patrol Cadet program offers our youth alternatives that build a path way to success through access to positive role models and by providing a place to belong that is so important to our young adults. I thank the Senate for having provided me this distinct honor and opportunity to acknowledge the Washington State Wing of the Civil Air Patrol and all this organization does for the state of Washington and the United States of America. Mr. President."

REMARKS BY THE PRESIDENT

President Owen: "Thank you General. Colonel Lehman."

TWENTY FOURTH DAY, FEBRUARY 2, 2011

2011 REGULAR SESSION

REMARKS BY COLONEL DAVID LEHMAN

Senators Hobbs and Benton spoke in favor of passage of the bill.

Colonel David Lehman: "Thank you Mr. President. Mr. President, Senators and staff, General Magonigle, members and guests. It is my pleasure to speak to you today. I won't repeat the facts that General Magonigle stated because they are very valid facts. CAP is a nationwide organization, we have professional volunteers, we have lots of capability and our goal is to serve our community. We have twenty-six squadrons around the state and serving our community is our primary goal. We're honored by this resolution today and we thank Senator Honeyford and his staff and the Senate for honoring us. Again we're the official auxiliary of the Air Force. We're community based and our primary missions are emergency services, aerospace education and our Cadet program. Mercy services, we do assist in searching for lost air craft but also when there are floods around the state, which I think we've had a few recently, we have the capability of taking photographs to provide the state and the federal government the opportunity to see real time what's going on and act accordingly. Our most important mission of course is our Cadet program, both Colonel Tax and I are former Cadets from this state and these are our future leaders. We provide a very structural opportunities for them to learn followership then leadership and it's great that they get the opportunity today to see and visit the Senate. Of course we hope that they are all future voters. So, again thank you very much for this resolution. It's a real honor and we hope we can serve this state even more during these economic times. Thank you."

POINT OF ORDER

Senator Eide: "I believe we have already adopted the committee amendment did we not previous to this?"

REPLY BY THE PRESIDENT

President Owen: "The bill has been substituted, it has already been substituted and it is now motion to advance to third reading. But what I understand Senator Schoesler saying is that it sounds like a reconsideration but I'm not sure. That's why we're having this discussion."

PARLIAMENTARY INQUIRY

Did you make that motion? That it cleared second reading? If so, I believe the bill, if the motion to not advance it fails, the bill would just go back to rules on third reading is my inquiry.'"

REPLY BY THE PRESIDENT

President Owen: "Senator Hargrove, because of the fact that Senator Kohl-Welles had made the motion to suspend the rules and go to third reading the President did not make that motion that you are referring to in Rules 64. Therefore Senator Schoesler motion is appropriately before us. Senator Schoesler."

Senator Eide: "Thank you. Just for the members information that Senator Brown is with her son currently. Just wanted to let them know she is with him. I guess I probably should elaborate a little bit but he was in an accident last night and unfortunately he was not there. No one could find him and we were worried that something terrible had happened and she found him this morning. Things are ok as far as I know but just wanted to give people a heads up that she is with him."

MOTION

On motion of Senator Eide, the reading of the Journal of the previous day was dispensed with and it was approved.

MOTION

There being no objection, the Senate advanced to the first order of business.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$937,000 of the general fund--state appropriation for fiscal year 2010 and \$696,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to contract for the operation of one pediatric interim care facility. The facility shall provide residential care for up to thirteen children through two years of age. The facility shall also provide on-site training to biological, adoptive, or foster parents. The facility shall provide at least three months of consultation and support to parents accepting placement of children from the facility. The facility may recruit new and current foster and adoptive parents for infants served by the facility. The department shall not require case management as a condition of the contract.

(2) \$369,000 of the general fund--state appropriation for fiscal year 2010, ~~(((\$366,000))~~ \$343,000 of the general fund--state appropriation for fiscal year 2011, and ~~(((\$316,000))~~ \$306,000 of the general fund--federal appropriation are provided solely for up to three nonfacility-based programs for the training, consultation, support, and recruitment of biological, foster, and adoptive parents of children through age three in need of special care as a result of substance abuse by their mothers, except that each program may serve up to three medically fragile nonsubstance-abuse-affected children. In selecting nonfacility-based programs, preference shall be given to programs whose federal or private funding sources have expired or that have successfully performed under the existing pediatric interim care program.

(3) \$2,500,000 of the general fund--state appropriation for fiscal year 2010 and \$88,000 of the general fund--state appropriation for fiscal year 2011, and \$2,256,000 of the home security fund--state appropriation are provided solely for secure crisis residential centers. The department shall examine current secure crisis residential staffing requirements, flexible payment options, center specific waivers, and other appropriate methods to accomplish this outcome.

(4) A maximum of ~~(((\$73,209,000))~~ \$69,190,000 of the general fund--state appropriations and ~~(((\$54,596,000))~~ \$54,443,000 of the general fund--federal appropriations for the 2009-11 biennium shall be expended for behavioral rehabilitative services and these amounts are provided solely for this purpose. The department shall work with behavioral rehabilitative service providers to safely keep youth with emotional, behavioral, or medical needs at home, with relatives, or with other permanent placement resources and decrease the length of service through improved emotional, behavioral, or medical outcomes for children in behavioral rehabilitative services in order to achieve the appropriated levels.

(a) Contracted providers shall act in good faith and accept the hardest to serve children, to the greatest extent possible, in order to improve their emotional, behavioral, or medical conditions.

The department and the contracted provider should mutually agree, to the greatest extent possible, on a viable placement for the child to go to once the child's treatment process has been completed. The child shall exit only when the emotional, behavioral, or medical condition has improved or if the provider has not shown progress toward the outcomes specified in the signed contract at the time of exit. This subsection (b) does not prevent or eliminate the department's responsibility for removing the child from the provider if the child's emotional, behavioral, or medical condition worsens or is threatened.

(c) The department is encouraged to use performance-based contracts with incentives directly tied to outcomes described in this section. The contracts should incentivize contracted providers to accept the hardest to serve children and incentivize improvement in children's emotional, mental, and medical well-being within the established exit date. The department is further encouraged to increase the use of behavioral rehabilitative service group homes, wrap around services to facilitate and support placement of youth at home with relatives, or other permanent resources, and other means to control expenditures.

(d) The total foster care per capita amount shall not increase more than four percent in the 2009-11 biennium and shall not include behavioral rehabilitative service.

(5) \$3,066,000 of the general fund--state appropriation for fiscal year 2010 and (~~(\$3,066,000)~~) \$2,873,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for grants to county juvenile courts for the following programs identified by the Washington state institute for public policy (institute) in its October 2006 report: "Evidence-Based Public Policy Options to Reduce Future Prison Construction, Criminal Justice Costs and Crime Rates": Functional family therapy, multi-systemic therapy, aggression replacement training and interagency coordination programs, or other programs with a positive benefit-cost finding in the institute's report. County juvenile courts shall apply to the juvenile rehabilitation administration for funding for program-specific participation and the administration shall provide grants to the courts consistent with the per-participant treatment costs identified by the institute.

(6) \$1,287,000 of the general fund--state appropriation for fiscal year 2010 and \$1,287,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for expansion of the following treatments and therapies in juvenile rehabilitation administration programs identified by the Washington state institute for public policy in its October 2006 report: "Evidence-Based Public Policy Options to Reduce Future Prison Construction, Criminal Justice Costs and Crime Rates": Multidimensional treatment foster care, family integrated transitions, and aggression replacement training. The administration may concentrate delivery of these treatments and therapies at a limited number of programs to deliver the treatments in a cost-effective manner.

(7)(a) For the fiscal year ending June 30, 2011, the juvenile rehabilitation administration shall administer a block grant, rather than categorical funding, of consolidated juvenile service funds, community juvenile accountability act grants, the chemical dependency disposition alternative funds, the mental health disposition alternative, and the sentencing disposition alternative for the purpose of serving youth adjudicated in the juvenile justice system. In making the block grant, the juvenile rehabilitation administration shall follow the following formula and will prioritize evidence-based programs and disposition alternatives and take into account juvenile courts program-eligible youth in conjunction with the number of youth served in each approved evidence-based program or disposition alternative: (i) Thirty-seven and one-half percent for the at-risk population of youth ten to seventeen years old; (ii) fifteen percent for moderate and high-risk youth; (iii) twenty-five percent for evidence-based program participation; (iv) seventeen and one-half percent for minority populations; (v) three

percent for the chemical dependency disposition alternative; and (vi) two percent for the mental health and sentencing dispositional alternatives. Funding for the special sex offender disposition alternative (SSODA) shall not be included in the block grant, but allocated on the average daily population in juvenile courts. Funding for the evidence-based expansion grants shall be excluded from the block grant formula. Funds may be used for promising practices when approved by the juvenile rehabilitation administration and juvenile courts, through the community juvenile accountability act committee, based on the criteria established in consultation with Washington state institute for public policy and the juvenile courts.

(b) It is the intent of the legislature that the juvenile rehabilitation administration phase the implementation of the formula provided in subsection (1) of this section by including a stop-loss formula of three percent in fiscal year 2011, five percent in fiscal year 2012, and five percent in fiscal year 2013. It is further the intent of the legislature that the evidence-based expansion grants be incorporated into the block grant formula by fiscal year 2013 and SSODA remain separate unless changes would result in increasing the cost benefit savings to the state as identified in (c) of this subsection.

(c) The juvenile rehabilitation administration and the juvenile courts shall establish a block grant funding formula oversight committee with equal representation from the juvenile rehabilitation administration and the juvenile courts. The purpose of this committee is to assess the ongoing implementation of the block grant funding formula, utilizing data-driven decision making and the most current available information. The committee will be cochaired by the juvenile rehabilitation administration and the juvenile courts, who will also have the ability to change members of the committee as needed to achieve its purpose. Initial members will include one juvenile court representative from the finance committee, the community juvenile accountability act committee, the risk assessment quality assurance committee, the executive board of the Washington association of juvenile court administrators, the Washington state center for court research, and a representative of the superior court judges association; two representatives from the juvenile rehabilitation administration headquarters program oversight staff, two representatives of the juvenile rehabilitation administration regional office staff, one representative of the juvenile rehabilitation administration fiscal staff and a juvenile rehabilitation administration division director. The committee may make changes to the formula categories other than the evidence-based program and disposition alternative categories if it is determined the changes will increase statewide service delivery or effectiveness of evidence-based program or disposition alternative resulting in increased cost benefit savings to the state. Long-term cost benefit must be considered. Percentage changes may occur in the evidence-based program or disposition alternative categories of the formula should it be determined the changes will increase evidence-based program or disposition alternative delivery and increase the cost benefit to the state. These outcomes will also be considered in determining when evidence-based expansion or special sex offender disposition alternative funds should be included in the block grant or left separate.

(d) The juvenile courts and administrative office of the courts shall be responsible for collecting and distributing information and providing access to the data systems to the juvenile rehabilitation administration and the Washington state institute for public policy related to program and outcome data. The juvenile rehabilitation administration and the juvenile courts will work collaboratively to develop program outcomes that reinforce the greatest cost benefit to

the state in the implementation of evidence-based practices and disposition alternatives.

(e) By December 1, 2010, the Washington state institute for public policy shall report to the office of financial management and appropriate committees of the legislature on the administration of the block grant authorized in this subsection. The report shall include the criteria used for allocating the funding as a block grant and the participation targets and actual participation in the programs subject to the block grant.

(8) \$3,700,000 of the Washington auto theft prevention authority account--state appropriation is provided solely for competitive grants to community-based organizations to provide at-risk youth intervention services, including but not limited to, case management, employment services, educational services, and street outreach intervention programs. Projects funded should focus on preventing, intervening, and suppressing behavioral problems and violence while linking at-risk youth to pro-social activities. The department may not expend more than \$1,850,000 per fiscal year. The costs of administration must not exceed four percent of appropriated funding for each grant recipient. Each entity receiving funds must report to the juvenile rehabilitation administration on the number and types of youth served, the services provided, and the impact of those services upon the youth and the community.

(9) The appropriations in this section assume savings associated with the transfer of youthful offenders age eighteen or older whose sentences extend beyond age twenty-one to the department of corrections to complete their sentences. Prior to transferring an offender to the department of corrections, the juvenile rehabilitation administration shall evaluate the offender to determine the offender's physical and emotional suitability for transfer.

The department shall work with regional support networks and the center for medicare and medicaid services to integrate eligible components of the PACT service delivery model into medicaid capitation rates no later than January 2011, while maintaining consistency with all essential elements of the PACT evidence-based practice model.

(c) \$6,500,000 of the general fund--state appropriation for fiscal year 2010 and ((~~\$6,500,000~~)) \$6,091,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the western Washington regional support networks to provide either community- or hospital campus-based services for persons who require the level of care provided by the program for adaptive living skills (PALS) at western state hospital.

The number of nonforensic beds allocated for use by regional support networks at western state hospital shall be 617 per day during the first quarter of fiscal year 2010, ((~~and~~)) 587 per day through the second quarter of fiscal year 2011, and 557 per day thereafter. Beds in the program for adaptive living skills (PALS) are not included in the preceding bed allocations. The department shall separately charge regional support networks for persons served in the PALS program.

(e) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(f) \$4,582,000 of the general fund--state appropriation for fiscal year 2010 and \$4,582,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement.

(g) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.

(h) \$750,000 of the general fund--state appropriation for fiscal year 2010 and ((~~\$750,000~~)) \$703,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to continue performance-based incentive contracts to provide appropriate community support services for individuals with severe mental illness who were discharged from the state hospitals as part of the expanding community services initiative. These funds will be used to enhance community residential and support services provided by regional support networks through other state and federal funding.

(i) \$1,500,000 of the general fund--state appropriation for fiscal year 2010 and \$1,500,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the Spokane regional support network to implement services to reduce utilization and the census at eastern state hospital. 2011 REGULAR SESSION

(iv) Services at the sixteen-bed evaluation and treatment facility.

At least annually, the Spokane regional support network shall assess the effectiveness of these services in reducing utilization at eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

(j) The department shall return to the Spokane regional support network fifty percent of the amounts assessed against the network during the last six months of calendar year 2009 for state hospital utilization in excess of its contractual limit. The regional support network shall use these funds for operation during its initial months of a new sixteen-bed evaluation and treatment facility that will enable the network to reduce its use of the state hospital, and for diversion and community support services for persons with dementia who would likely otherwise require care at the state hospital.

(k) The department is directed to identify and implement program efficiencies and benefit changes in its delivery of medicaid managed-care services that are sufficient to operate within the state and federal appropriations in this section. Such actions may include but are not limited to methods such as adjusting the care access standards; improved utilization management of ongoing, recurring, and high-intensity services; and increased uniformity in provider payment rates. The department shall ensure that the capitation rate adjustments necessary to accomplish these efficiencies and changes are distributed uniformly and equitably across all regional support networks statewide. The department is directed to report to the relevant legislative fiscal and policy committees at least thirty days prior to implementing rate adjustments reflecting these changes.

(l) In developing the new medicaid managed care rates under which the public mental health managed care system will operate during the five years beginning in fiscal year 2011, the department should seek to estimate the reasonable and necessary cost of efficiently and effectively providing a comparable set of medically necessary mental health benefits to persons of different acuity levels regardless of where in the state they live. Actual prior period spending in a regional administrative area shall not be a key determinant of future payment rates. The department shall report to the office of financial management and to the relevant fiscal and policy committees of the legislature on its proposed new waiver and mental health managed care rate-setting approach by October 1, 2009, and again at least sixty days prior to implementation of new capitation rates.

(m) In implementing the new public mental health managed care payment rates for fiscal year 2011, the department shall to the maximum extent possible within each regional support network's allowable rate range establish rates so that there is no increase or decrease in the total state and federal funding that the regional support network would receive if it were to continue to be paid at its October 2009 through June 2010 rates. The department shall additionally revise the draft rates issued January 28, 2010, to more accurately reflect the lower practitioner productivity inherent in the delivery of services in extremely rural regions in which a majority of the population reside in frontier counties, as defined and designated by the national center for frontier communities.

(n) \$1,529,000 of the general fund--state appropriation for fiscal year 2010 and \$1,529,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

(o) The legislature intends and expects that regional support networks and contracted community mental health agencies shall make all possible efforts to, at a minimum, maintain current compensation levels of direct care staff. Such efforts shall include,

but not be limited to, identifying local funding that can preserve client services and staff compensation, achieving administrative reductions at the regional support network level, and engaging stakeholders on cost-savings ideas that maintain client services and staff compensation. For purposes of this section, "direct care staff" means persons employed by community mental health agencies whose primary responsibility is providing direct treatment and support to people with mental illness, or whose primary responsibility is providing direct support to such staff in areas such as client scheduling, client intake, client reception, client records-keeping, and facilities maintenance.

(p) Regional support networks may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, regional support networks may use a portion of the state funds allocated in accordance with (a) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

The reduction shall be scaled based on the acuity level of care recipients. The largest hour reductions shall be to lower acuity patients and the smallest hour reductions shall be to higher acuity patients. In doing so, the department shall comply with all maintenance of effort requirements contained in the American reinvestment and recovery act.

The rates paid to vendors under this contract shall also be made consistent. In its description of activities the agency shall include activity listings and dollars appropriated for: Employment services, day services, child development services and county administration of services to the developmentally disabled. The legislature intends to work with the governor to design and implement fiscal and programmatic modifications to provide for the sustainability of the program. The funding in this subsection assumes that no other expenditure reductions will be made prior to January 2011 other than those assumed in the appropriation levels in this act.

(4) ~~(\$94,322,000~~ of the general fund--state appropriation for fiscal year 2010 and \$84,904,000 of the general fund--state appropriation for fiscal year 2011, net of recoveries, are provided solely for cash assistance and other services to recipients in the cash program pursuant to chapter 8, Laws of 2010 1st sp. sess. (security lifeline act), including persons in the unemployable, expedited, and aged, blind, and disabled components of the program. It is the intent of the legislature that the lifeline incapacity determination and progressive evaluation process regulations be carefully designed to accurately identify those persons who have been or will be incapacitated for at least ninety days. The incapacity determination and progressive evaluation process regulations in effect on January 1, 2010, cannot be amended until at least September 30, 2010; except that provisions related to the use of administrative review teams may be amended, and obsolete terminology and functional assessment language may be updated on or after July 1, 2010, in a manner that only minimally impacts the outcome of incapacity evaluations. After September 30, 2010, the incapacity determination and progressive evaluation process regulations may be amended only if the reports under (a) and (b) of this subsection have been submitted, and find that expenditures will exceed the appropriated level by three percent or more.

(a) The department and the caseload forecast council shall, by September 21, 2010, submit a report to the legislature based upon the most recent caseload forecast and actual expenditure data available, as to whether expenditures for the lifeline-unemployable

grants in fiscal year 2011 will exceed \$69,648,000 for fiscal year 2011 in the 2010 supplemental operating budget by three percent or more. If expenditures will exceed the appropriated amount for lifeline- unemployable grants by three percent or more, the department may adopt regulations modifying incapacity determination and progressive evaluation process regulations after September 30, 2010.

(b) On or before September 21, 2010, the department shall submit a report to the relevant policy and fiscal committees of the legislature that includes the following information regarding any regulations proposed for adoption that would modify the lifeline incapacity determination and progressive evaluation process:

(i) A copy of the proposed changes and a concise description of the changes;

(ii) A description of the persons who would likely be affected by adoption of the regulations, including their impairments, age, education, and work history;

(iii) An estimate of the number of persons who, on a monthly basis through June 2013, would be denied lifeline benefits if the regulations were adopted, expressed as a number, as a percentage of total applicants, and as a percentage of the number of persons granted lifeline benefits in each month;

(iv) An estimate of the number of persons who, on a monthly basis through June 2013, would have their lifeline benefits terminated following an eligibility review if the regulations were adopted, expressed as a number, as a percentage of the number of persons who have had an eligibility review in each month, and as a percentage of the total number of persons currently receiving lifeline-unemployable benefits in each month; and

(v) Intended improvements in employment or treatment outcomes among persons receiving lifeline benefits that could be attributable to the changes in the regulations.

(c) Within these amounts:

(i) The department shall aggressively pursue opportunities to transfer lifeline clients to general assistance expedited coverage and to facilitate client applications for federal supplemental security income when the client's incapacities indicate that he or she would be likely to meet the federal disability criteria for supplemental security income. The department shall initiate and file the federal supplemental security income interim agreement as quickly as possible in order to maximize the recovery of federal funds;

(ii) The department shall review the lifeline caseload to identify recipients that would benefit from assistance in becoming naturalized citizens, and thus be eligible to receive federal supplemental security income benefits. Those cases shall be given high priority for naturalization funding through the department;

(iii) The department shall actively coordinate with local workforce development councils to expedite access to worker retraining programs for lifeline clients in those regions of the state with the greatest number of such clients;

(iv) By July 1, 2009, the department shall enter into an interagency agreement with the department of veterans' affairs to establish a process for referral of veterans who may be eligible for veteran's services. This agreement must include outstationing department of veterans' affairs staff in selected community service office locations in King and Pierce counties to facilitate applications for veterans' services; and

(v) In addition to any earlier evaluation that may have been conducted, the department shall intensively evaluate those clients who have been receiving lifeline benefits for twelve months or more as of July 1, 2009, or thereafter, if the available medical and incapacity related evidence indicates that the client is unlikely to meet the disability standard for federal supplemental security income benefits. The evaluation shall identify services necessary to eliminate or minimize barriers to employment, including mental

health treatment, substance abuse treatment and vocational rehabilitation services. The department shall expedite referrals to chemical dependency treatment, mental health and vocational rehabilitation services for these clients.

(vi) The appropriations in this subsection reflect a change in the earned income disregard policy for lifeline clients. It is the intent of the legislature that the department shall adopt the temporary assistance for needy families earned income policy for the lifeline program.

((b) The legislature intends that the appropriation in this subsection for the 2009-11 fiscal biennium will maintain funding for refugee programs at a level at least equal to expenditures on these programs in the 2007-09 fiscal biennium.

(7))) (6) The appropriations in this section reflect reductions in the appropriations for the economic services administration's administrative expenses. It is the intent of the legislature that these reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect direct client services or direct service delivery or program.

((8)) (7) \$855,000 of the general fund--state appropriation for fiscal year 2011, \$719,000 of the general fund--federal appropriation, and \$2,907,000 of the general fund--private/local appropriation are provided solely for the implementation of the opportunity portal, the food stamp employment and training program, and the disability lifeline program under Second Substitute House Bill No. 2782 (security lifeline act). TOTAL APPROPRIATION	(((\$9,814,052,000))
.....	\$9,798,488,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(2) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by

Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(3) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(4) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the department shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(5) In accordance with RCW 74.46.625, \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the department's discretion. During either the interim cost settlement or the final cost settlement, the department shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The department shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(6) (~~(\$1,110,000)~~) \$649,000 of the general fund--federal appropriation and (~~(\$1,105,000)~~) \$644,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for grants to rural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low- income and medically indigent patients, and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(7) (~~(\$9,818,000)~~) \$5,729,000 of the general fund--state appropriation for fiscal year 2011, and (~~(\$9,865,000)~~) \$5,776,000 of the general fund--federal appropriation are provided solely for grants to nonrural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients, and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(8) The department shall continue the inpatient hospital certified public expenditures program for the 2009-11 biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The department shall submit reports to the governor and legislature by November 1, 2009, and by November 1, 2010, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the department shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2010 and fiscal year 2011, hospitals in the program shall

be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2009-11 biennial operating appropriations act (chapter 564, Laws of 2009) and in effect on July 1, 2009, (b) one half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2009-11 biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. \$20,403,000 of the general fund--state appropriation for fiscal year 2010, of which \$6,570,000 is appropriated in section 204(1) of this act, and \$29,480,000 of the general fund--state appropriation for fiscal year 2011, of which \$6,570,000 is appropriated in section 204(1) of this act, are provided solely for state grants for the participating hospitals. CPE hospitals will receive the inpatient and outpatient reimbursement rate restorations in section 9 and rate increases in section 10(1)(b) of Engrossed Second Substitute House Bill No. 2956 (hospital safety net assessment) funded through the hospital safety net assessment fund rather than through the baseline mechanism specified in this subsection.

(9) The department is authorized to use funds appropriated in this section to purchase goods and supplies through direct contracting with vendors when the department determines it is cost-effective to do so.

(10) \$93,000 of the general fund--state appropriation for fiscal year 2010 and \$93,000 of the general fund--federal appropriation are provided solely for the department to pursue a federal Medicaid waiver pursuant to Second Substitute Senate Bill No. 5945 (Washington health partnership plan). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(11) The department shall require managed health care systems that have contracts with the department to serve medical assistance clients to limit any reimbursements or payments the systems make to providers not employed by or under contract with the systems to no more than the medical assistance rates paid by the department to providers for comparable services rendered to clients in the fee-for-service delivery system.

(12) A maximum of \$241,141,000 in total funds from the general fund--state, general fund--federal, and tobacco and prevention control account--state appropriations may be expended in the fiscal biennium for the medical program pursuant to chapter 8, Laws of 2010 1st sp. sess. (security lifeline act), and these amounts are provided solely for this program. Of these amounts, \$10,749,000 of the general fund--state appropriation for fiscal year 2010 and \$10,892,000 of the general fund--federal appropriation are provided solely for payments to hospitals for providing outpatient services to low income patients who are recipients of lifeline benefits. Pursuant to RCW 74.09.035, the department shall not expend for the lifeline medical care services program any amounts in excess of the amounts provided in this subsection.

(13) Mental health services shall be included in the services provided through the managed care system for lifeline clients under chapter 8, Laws of 2010 1st sp. sess. In transitioning lifeline clients to managed care, the department shall attempt to deliver care to lifeline clients through medical homes in community and migrant health centers. The department, in collaboration with the carrier, shall seek to improve the transition rate of lifeline clients to the federal supplemental security income program. The department shall renegotiate the contract with the managed care plan that provides services for lifeline clients to maximize state retention of future hospital savings as a result of improved care coordination. The department, in collaboration with stakeholders, shall propose a new name for the lifeline program.

(14) The department shall evaluate the impact of the use of a managed care delivery and financing system on state costs and outcomes for lifeline medical clients. Outcomes measured shall include state costs, utilization, changes in mental health status and symptoms, and involvement in the criminal justice system.

(15) The department shall report to the governor and the fiscal committees of the legislature by June 1, 2010, on its progress toward achieving a twenty percentage point increase in the generic prescription drug utilization rate.

(16) State funds shall not be used by hospitals for advertising purposes.

(17) \$24,356,000 of the general fund--private/local appropriation and \$35,707,000 of the general fund--federal appropriation are provided solely for the implementation of professional services supplemental payment programs. The department shall seek a medicaid state plan amendment to create a professional services supplemental payment program for University of Washington medicine professional providers no later than July 1, 2009. The department shall apply federal rules for identifying the shortfall between current fee-for-service medicaid payments to participating providers and the applicable federal upper payment limit. Participating providers shall be solely responsible for providing the local funds required to obtain federal matching funds. Any incremental costs incurred by the department in the development, implementation, and maintenance of this program will be the responsibility of the participating providers. Participating providers will retain the full amount of supplemental payments provided under this program, net of any potential costs for any related audits or litigation brought against the state. The department shall report to the governor and the legislative fiscal committees on the prospects for expansion of the program to other qualifying providers as soon as feasibility is determined but no later than December 31, 2009. The report will outline estimated impacts on the participating providers, the procedures necessary to comply with federal guidelines, and the administrative resource requirements necessary to implement the program. The department will create a process for expansion of the program to other qualifying providers as soon as it is determined feasible by both the department and providers but no later than June 30, 2010.

The department shall report to the Legislature by December 31, 2009, on the results of its efforts to recover such claims.

(21) The department may, on a case-by-case basis and in the best interests of the child, set payment rates for medically intensive home care services to promote access to home care as an alternative to hospitalization. These efforts shall rely on existing relationships and systems developed with local public health agencies, health care providers, public schools, the women, infants, and children program, the early childhood education and assistance program, child care providers, newborn visiting nurses, and other community-based organizations. The department shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

(23) The department, in conjunction with the office of financial management, shall implement a prorated inpatient payment policy.

(24) The department will pursue a competitive procurement process for antihemophilic products, emphasizing evidence-based medicine and protection of patient access without significant disruption in treatment.

(25) The department will pursue several strategies towards reducing pharmacy expenditures including but not limited to increasing generic prescription drug utilization by 20 percentage points and promoting increased utilization of the existing mail-order pharmacy program.

(26) The department shall reduce reimbursement for over-the-counter medications while maintaining reimbursement for those over-the-counter medications that can replace more costly prescription medications.

(27) The department shall seek public-private partnerships and federal funds that are or may become available to implement health information technology projects under the federal American recovery and reinvestment act of 2009.

(28) The department shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or

A joint report regarding the identified savings and expenditures shall be provided to the office of financial management and the appropriate fiscal committees of the legislature by November 30, 2010. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS	
General Fund--State Appropriation (FY 2010)	\$632,136,000
General Fund--State Appropriation (FY 2011) ... (((\$650,856,000))

Education Legacy Trust Account--State	
Appropriation.....	\$756,000
TOTAL APPROPRIATION	((
.....	\$1,923,592,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall ensure that:

(i) Special education students are basic education students first;

(ii) As a class, special education students are entitled to the full basic education allocation; and

(iii) Special education students are basic education students for the entire school day.

(b) The superintendent of public instruction shall continue to implement the full cost method of excess cost accounting, as designed by the committee and recommended by the superintendent, pursuant to section 501(1)(k), chapter 372, Laws of 2006.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state funds to school districts based on two categories: (a) The first category includes (i) children birth through age two who are eligible for the optional program for special education eligible developmentally delayed infants and toddlers, and (ii) students eligible for the mandatory special education program and who are age three or four, or five and not yet enrolled in kindergarten; and (b) the second category includes students who are eligible for the mandatory special education program and who are age five and enrolled in kindergarten and students age six through 21.

(5)(a) For the 2009-10 and 2010-11 school years, the superintendent shall make allocations to each district based on the sum of:

(i) A district's annual average headcount enrollment of students ages birth through four and those five year olds not yet enrolled in kindergarten, as defined in subsection (4) of this section, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools in the 2009-10 school year. In the 2010-11 school year, the per student allocation under this subsection (5)(b) shall include the same factors as in the 2009-10 school year, but shall also include the classified staff enhancements included in section 502(3)(b).

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age four enrollment and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, ~~((~~\$19,512,000~~))~~ of the general fund--state appropriation and \$29,574,000 of the general fund-- federal appropriation are provided for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (5) of this section. If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in this subsection (8) in any fiscal year, the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds

shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards. In the determination of need, the committee shall require that districts demonstrate that they are maximizing their eligibility for all state and federal revenues related to services for special education-eligible students. Awards associated with (b) and (c) of this subsection shall not exceed the total of a district's specific determination of need.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services. The safety net awards to school districts shall be adjusted to reflect amounts awarded under (b) of this subsection.

(d) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(f) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999. The state safety net oversight committee shall ensure that safety net documentation and awards are based on current medicaid revenue amounts.

(g) ((The office of the superintendent of public instruction, at the conclusion of each school year, shall recover safety net funds that were distributed prospectively but for which districts were not subsequently eligible)) Beginning with the 2010-11 school year award cycle, the office of the superintendent of public instruction shall make award determinations for state safety net funding in August of each school year. Determinations on school district eligibility for state safety net awards shall be based on analysis of actual expenditure data from the current school year.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff from the office of superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(11) The office of the superintendent of public instruction shall review and streamline the application process to access safety net funds, provide technical assistance to school districts, and annually survey school districts regarding improvement to the process.

(12) A maximum of \$678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(13) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(14) A school district may carry over from one year to the next year up to 10 percent of the general fund--state funds allocated under this program; however, carryover funds shall be expended in the special education program.

(15) \$262,000 of the general fund--state appropriation for fiscal year 2010 and \$251,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for two additional full-time equivalent staff to support the work of the safety net committee and to provide training and support to districts applying for safety net awards.

(16) \$50,000 of the general fund--state appropriation for fiscal year 2010, \$50,000 of the general fund--state appropriation for fiscal 2011, and \$100,000 of the general fund--federal appropriation shall be expended to support a special education ombudsman program within the office of superintendent of public instruction.

(1) The Washington auto theft prevention authority account is created in the state treasury, subject to appropriation. All revenues from the traffic infraction surcharge in RCW 46.63.110(7)(b) and all receipts from gifts, grants, bequests, devises, or other funds from public and private sources to support the activities of the auto theft prevention authority must be deposited into the account. Expenditures from the account may be used only for activities relating to motor vehicle theft, including education, prevention, law enforcement, investigation, prosecution, and confinement. During the 2009-2011 fiscal biennium, the legislature may appropriate moneys from the Washington auto theft prevention authority account for criminal justice purposes and community building and may transfer funds to the state general fund such amounts as reflect the excess fund balance of the account.

(4) Prior to awarding any moneys from the Washington auto theft prevention authority account for motor vehicle theft enforcement, the auto theft prevention authority must verify that the financial award includes sufficient funding to cover proposed activities, which include, but are not limited to: (a) State, municipal, and county offender and juvenile confinement costs; (b) administration costs; (c) law enforcement costs; (d) prosecutor costs; and (e) court costs, with a priority being given to ensuring that sufficient funding is available to cover state, municipal, and county offender and juvenile confinement costs.

(b) From the amount remaining after distribution under (a) of this subsection, (i) fifty percent to the general fund of the state, (ii) ten percent to the counties of the state, and (iii) forty percent to the incorporated cities and towns of the state.

(2) During the months of June, September, December, and March of each year, prior to disbursing the distribution to incorporated cities and towns under subsection (1)(b) of this section, the treasurer shall deduct from that distribution an amount that will fund that quarter's allotments under RCW 43.88.110 from any legislative appropriation from the city and town research services

account. The treasurer shall deposit the amount deducted into the city and town research services account.

(3) The governor may notify and direct the state treasurer to withhold the revenues to which the counties and cities are entitled under this section if the counties or cities are found to be in noncompliance pursuant to RCW 36.70A.340.

(4) The final quarterly distributions for fiscal year 2011 to be distributed to cities and counties under subsection (1)(b)(ii) and (iii) of this section shall be reduced by six million dollars, and six million dollars must be deposited into the Washington auto theft prevention authority account to be used for criminal justice training.

REMARKS BY THE PRESIDENT

President Owen: "Each year the Senate has the great privilege of having the Boy Scouts come down here and give the report on Scouting, the Report to the State on Scouting and we that this morning but I do want to take a moment to introduce the marvelous, wonderful, young man that is going to present that report to you because he and his family are a wonderful American success story. Chiem Saeturn, Seattle boast another first as Chiem Saeturn demonstrates the powerful and positive influence of a program called Scout Reach, It's an initiative offering scouting to inner-city low income kids regardless of the social, cultural and economic barriers that they face every day of their lives. Saeturn, Chiem from Chief Seattle Council Troop 222 is a true success story for the Chief Seattle Council Scout Reach initiative that was launched only five years ago in 2005. Well-known Seattle philanthropist Scott Oki is the current President of the Scout Reach foundation and Saeturn was also recently lauded by Bill Gates when Gates received the Silver Buffalo Award from the Boy Scouts of America, Chief Seattle Council. Chiem's dad immigrated from Thailand and his mother is from Laos. His parents moved to the United States during the 1970s because of the Vietnam War. After spending two years in a refugee camp they settled in Seattle and have lived in the Rainier Valley ever since. Chiem has told us last night, in a letter that he wrote, that while in his neighborhood, kids from the Chiem neighborhood in the Rainier Valley were breaking into cars and getting involved with gangs he was focused on Scouting and being mentored by his Scout Master Scout John Peterson. And I quote from Chiem, 'Scouting has definitely made me more mature, but I still have a child inside. If I had one wish, I would wish that all boys could be in Scouts even if they didn't stay in, because it changes your life. Ladies and Gentlemen, it is a great privilege for the President to be able to present to you this wonderful, highly-accomplished, young man to give the Report to the State on Scouting: Eagle Scout Chiem Saeturn.'

REMARKS BY CHIEM SAETURN

Chiem Saeturn: “Good morning, my name is Chiem Saeturn and I am an Eagle Scout with the Boy Scout Troop 222 in Seattle Washington. I along with twenty-five other Eagle Scouts are here today in our capital city representing six different councils in our state including; Blue Mountain Council in Tri-Cities; Chief Seattle Council in Seattle Washington; Grand Columbia Council in Yakima; and then Northwest Council in Spokane; Mt. Baker Council in Everett; and Pacific Harbors Council in Tacoma. I’d also like to thank Darla and Josh from the Chief Seattle Council on behalf of us Eagle Scouts for bringing us to the State Capitol. We get to see this magnificent marble building. It’s really cool. Collectively, we are here today to present the annual report of State of Washington. This past year nearly sixty-eight thousand, one hundred fifty-eight young people in Washington State have participated in the Scouting program during a mentorship of more than twenty thousand adult volunteers. Of the Scouts, twenty-one thousand three hundred ten attended camp and a record one thousand four hundred eighty-nine achieved a pinnacle of Scouting by earning the rank of Eagle in our state last year. The Boy Scouts of America was founded on the premise that to be a good citizen you must do for others. Since this inception, Scouts and volunteers have committed to serving others at all times with enthusiasm and conviction. In Scouting earliest years we sold bonds and collected scrap to help win wars. Over the years, Scouts have also worked diligently to protect environment and learn the value of ‘leave no trace.’ Through these and many other efforts the Boy Scouts of American has established a tradition of service. In 2004 the BSA launched Good Turn for America, a national service initiative that addresses the issues of hunger, homelessness and poor health. Good Turn for America is a collaborative effort of Habitat for Humanity, the American Red Cross and the Salvation Army through the ten fold. Good Turn for America, the work of the single group is duplicated through the ten fold when hundreds of other organizations, volunteers joined in the improvement of their community. While the program teaches you a lot of lessons about service and leadership, it has also enhanced the lives of adult volunteers by making a difference in happiness and health in our state. In 2010, Washington Scouts and volunteers donated more than three hundred seventy-four thousand hours of community service to our state. This volunteered time is valued nearly eight million dollars. That’s a lot of taxes. By continuing to recruit quality leadership inviting youth from all backgrounds and circumstances to join and offering a fun and exciting program we seek to help ordinary young people become extraordinary adults. On behalf of the six Boy Scouts Councils in Washington State, I would like to present Lieutenant Governor Brad Owen with a copy of the 2011 Report to the State.”

REMARKS BY SENATOR BENTON

Senator Benton: ...so commend this bill to you but I'm a little concerned. Mr. President just about the procedure. I was under the impression we were going to go to caucus, have an opportunity to talk about these bills and while I may not need to be informed on this bill, maybe some of my other members are. Our caucus was notified a little after nine o'clock this morning that we would be doing these bills and we haven't gone to caucus to discuss any of them. I'm just a little concerned about the process. It's not the end of session where things come up as surprises. It's the beginning of session and so I would just like to ask Mr. President that the Senate Secretary's staff and the majority party be a little more conscience of the fact that, you know, our members like to know exactly what they're voting on. There's not books on the desks. There's a shortage of that. We don't have a caucus to discuss it and so I'd just like to ask that in the future, Mr. President, we have more time to discuss these bills before we're asked to vote on them."

REMARKS BY SENATOR EIDE

Senator Eide: "Thank you Mr. President. Well, for the member's information the calendar that we are working off of is date February 2, Wednesday, so I believe you've had how many days to take a look at this. In fact we have caucused and had plenty of time but the bills before us this morning ladies and gentleman have been unanimously voted out of committee, they are not contentious, but I apologize if I did not let you know which bills were coming before us this morning. However, the books have been on your desks for well over a week. Thank you Mr. President."

The President declared the question before the Senate to be the final passage of Senate Bill No. 5141.

Voting nay: Senators Hatfield and Holmquist Newbry

Senator King spoke in favor of passage of the bill.

POINT OF INQUIRY

Senator Honeyford: "Would Senator King yield to a question? Senator King, is this a recent change of Federal Law?"

Senator King: "I'm not honestly sure. I think it's a change that has occurred in the last couple of years if that's recent."

Senator Honeyford: "Ok, that would be recent because I had a bill similar to this and they said they couldn't do it because they would lose federal funding so I'm a little concerned. Either I was misinformed then or the law was changed."

Senator King: "Well, I honestly can't say what date but I think it was relatively recent, let's put it that way."

The Washington State Patrol Honor Guard presented the colors.

Sergeant Tim Coley of the Washington State Patrol performed the National Anthem.

REMARKS BY THE PRESIDENT

President Owen: "Members of the Legislature and distinguished guests. The purpose of this joint session is to conduct a memorial service in memory of departed former members of the legislature and to honor their service. This has been our longstanding custom.

For more than a century the Senate and House have met as we do today to pay special and fitting tribute to the lives and service of these valued public servants and to express our sympathies to their families and friends. One hundred years ago on this occasion, a speaker noted that the legislators who now occupy the place of those who have passed gathered to pay tribute to their memory and express gratitude for the worth of their character and their fortitude in framing this greatest state of the northwest.

A century later, that remains the purpose of our joint session today.

On behalf of the Senate and the House of Representatives, I would like to extend a warm welcome to the family members, friends and colleagues of those we remember and honor today."

The President called upon the Speaker Pro Tempore Moeller to preside over the Joint Session.

Reverend Jimmie James, Greater Things Ministries of Kent offered the Invocation: "Today we are here to remember those that have served our state of Washington in the humbled yet noble positions of senators and representatives in these legislative

bodies. We share in the loss and grief of their passing, but rejoice in the courage and strength of their servant hood leadership to make Washington state a better place to live, not just for the few, but for all.

I believe if they were here today, witnessing the economic burden the legislature is challenged with today, they might quote the psalmist David saying, ‘God is our refuge and strength, an ever-present help in trouble.

therefore we will not fear, though the earth give way and the mountains fall into the heart of the sea,

though its waters roar and foam and the mountains quake with their surging. There is a river whose streams make glad the city of God, the holy place where the Most High dwells. God is within her, she will not fall;

God will help her at break of day nations are in uproar, kingdoms fall; He lifts His voice, the earth melts. The Lord Almighty is with us:’

A legislative member’s most fundamental responsibility is to protect citizens from the errant conduct of their neighbors, help preserve order—allowing people to live peaceful lives, and insuring that ‘justice runs down like water and righteousness like a mighty stream.’ We thank God for all those who have served the people of Washington in this capacity.

We must never forget our gift of freedom and those who gave all to make sure future generations continue to know life in a free, democratic society. It is not a mistake that we are following the steps of those we honor today. We should meditate on the meaning of the words of prophet Jeremiah; that God says. ‘for I know the plans I have for you,’ declares the Lord, ‘plans to prosper you and not to harm you. Plans to give you hope and a future.’

So, in the spirit of that hope, in the spirit of that future, in the spirit of the legacy left to us by those we remember today; Let us pray.

O awesome and excellent God, remembering those who have passed is only half of the task that is before us today. We must also carry their love, honor and duty forward to the future generations that will pass. Our children must know who they were, what they did and why they did it. To do anything less, will be a disservice to their sacrifice and their memories. Though sadly missed, they are lovingly remembered; though absent in body, their spirit of justice, righteousness love, peace and joy rings throughout these hallowed halls of government.

May their legacy be implanted in our hearts to move us to think the right things and do the right things; to encourage us and strengthen us; to walk by faith and not by sight. That you God, are with us always, guiding us and leading us—always.

Thanks be to God. Amen”

Sergeant Tim Coley of the Washington State Patrol performed “Ave Maria.”

REMARKS BY THE SPEAKER

Mr. Speaker (Representative Moeller presiding): “We gather today to pay tribute to the contributions of the distinguished former members of the Washington State Senate and House of Representatives who have passed from among us. The people of our state are grateful for their service.

The Sixty-second Legislature conveys its respect for these deceased legislators. They once sat in these chambers, answered roll calls on critical bills, attended committee meetings, and sought always to make our state a better place to live. While their journey in this life is complete, their achievements, public record,

and valued service are recorded in the journals of the Senate and House, and are forever a permanent part of our state’s history.

We express our sympathies to their families, friends and colleagues of these public servants. We also share with them on this memorable occasion the fond and happy memories of these legislators. They leave a legacy of dedicated service that remains always in our hearts, our memories and the history of our state.”

Speaker Pro Tempore Moeller and the President called the roll of the deceased former members of the Senate and the House of Representatives. The deceased former members were memorialized by the senators and representatives assisted by candle lighters: Miss Emily Grubbs, Senate Page and Mr. Zach Barker, House Page.

Rabbi Seth Goldstein Temple Beth Hatfiloh Olympia offered the Memorial Prayer: Rabbi Seth Goldstein of Temple Beth Hatfiloh of Olympia offered the Memorial Prayer: "The late, Jewish-Israeli poet Yehuda Amichai wrote, 'When a man dies, they say of him, 'He was gathered unto his ancestors. As long as he is alive, his ancestors are gathered within him, each and every cell of his body and soul is an emissary of one of his countless ancestors from the beginning of all the generations.' We gather here today to remember our ancestors, our legislative ancestors, our previous generations of public servants, our fore bearers of civic leadership. We recall the lives of these distinguished men and women and we mourn their passing. They led lives of dignity and dedication, generosity and sacrifice. Their loss weighs heavily upon us as individuals and upon this institution, as well it should. And as we remember them, we too recall that they continue to live within us. We are their emissaries, as the poet says. Their spirit continues to animate our lives. It is our prayer that we be worthy of that sacred task. May we bring honor to those that have passed on through our words and deeds. May those who serve this state continue to follow the guiding light lit by those who came before us. And may we all learn by their example.

Source of all life, we pray that those we remember here today will continue to be a source of inspiration for us all. May their commitment to service continue to guide us. May the work of their hands endure. Our days are limited, as we know. The psalmist writes, [A quote in Hebrew from the Psalms]: 'We are like a breath, our days like a fleeting shadow.' Yet we also learn, [A quote in Hebrew from the Psalms]: 'Teach us to treasure our days that we may attain a heart of wisdom.' Through the gift of memory and the power of love, we too can attain wisdom so that our short span on this earth will be one of meaning and import as was of those who we remember here this day. [A recitation in Hebrew.] God, full of mercy, may the souls of those legislators who have passed on be bound up in the bond of eternal life, may they find peace and rest in Your presence, eternal comfort in Your embrace. We remember their lives. We remember their legacies. May their memories be for a blessing always. [A recitation in Hebrew.] Amen."

The Olympia High School Chamber Choir under the direction of Mr. Don Schwartz performed "Set me as a Seal"

Father Peter Mactutis of St. Francis Cabrini Catholic Church, of Lakewood offered the Closing Prayer: "As we pray I would like to utter a sincere word of gratitude to all those here who carry a very special, a great responsibility and, at times, a great burden for our communities. So, for you, we offer, a prayer of gratitude. To loved ones here of those whom are remembered today, also a

word of gratitude to you for sharing your loved ones with us and our communities. Let us pray.

Lord Jesus Christ. You have entrusted to us many possibilities and at times burdens. Sometimes too heavy to bear, but you tell us. You instruct us as leaders to be peace makers and yet at times we can't even find peace in our own hearts. You tell us clearly to hunger and thirst for righteousness and justice. At times we are attempted to quit and abandon it all because of the overwhelming challenges before us. But we know that You have never given up on us and will never. And so we spend this moment in prayer and gratitude because those whom remembered today never gave up either. May You help us to never forget the sacrifice and good example of these individuals so that we too will never give up. For, in the end, we long to hear Your voice whisper into our ears the same words you promised to these faithful departed 'Well done, good and faithful servant. Enter the kingdom prepared for you from the foundation of the world.' I would ask those of you here present who wish to join me in praying the prayer that our Lord taught us and is most appropriate in times like these:

'Our Father who art in heaven, hallowed be thy name, thy kingdom come, Thy will be done on earth as it is heaven

Give us this day our daily bread and forgive us our trespasses as we forgive those who trespass against us. Lead us not into temptation but deliver us from evil for Thine is the kingdom, the power and the glory now and forever. Amen."

Speaker Pro Tempore Moeller returned the gavel to President Owen.

REMARKS BY MICHAEL ROBERT POLLEY

Michael Robert Polley: "Thank you very much for this opportunity, Lieutenant Governor as Chairman of the Senate. First of all I'd like to also recognize the South Korean delegation, of course. Coming from the same region that I come from and also it's rather unique to have an Australian, South Koreans and Americans together as we're all allies, supporters and friends of each other. It's great to be in the great state of Washington. It reminds me of home. Coming from Tasmania, of course, which is the most southern state. The weather patterns to be similar to ours so I've had the last four days here. I must say the people of this state are extremely friendly and very, very helpful. I look forward the rest of the discussions I will have during my visit here. I also would like to congratulate and, without being controversial, I believe I get uniform supported in saying that the legislature here doesn't have limited terms and as I've served thirty-nine years in my own support state legislature, I do commend the Supreme Court of your state for striking that down because I think you must have a continuity of ongoing service to have that memory and experience to serve your state in the best possible way. I conclude by saying God Bless Washington, God Bless the United

States of America and may we go on being allies into the future. Thank you very much."

PERSONAL PRIVILEGE

Senator Rockefeller: "Mr. President, I've noticed that there are still a few stray Valentine's Day cookies here and I'm not sure that we took the opportunity to thank you and your lovely wife Linda, for your annual gift of wonderful cookies. They're so delectable I just wonder if it's ok for us to eat them at this time?"

REMARKS BY THE PRESIDENT

President Owen: "As you may be aware there are two times that the President does slip on occasion and forgets the rules and decorum. One is when Linda offers cookies to you. I would be foolish to go home without allowing you to eat them. The second is if the Girl Scouts are selling their cookies in the Capitol. The President will allow cookies on occasions to be eaten at that time. This is one of those occasions, please enjoy."

PERSONAL PRIVILEGE

Senator Delvin: "Well, I wanted to thank all the members that showed up at the Tri Cities reception last night. I know you all had a good time. Especially I wanted to thank you Mr. President, for providing the entertainment with the music, with your band. You guys did a great job. You allowed some of our Tri Citians to sing with you and they really appreciated that. I think a good time was had by all and I just really appreciate the effort you put into that too, Mr. President."

REMARKS BY THE PRESIDENT

President Owen: "Well, thank you very much. It allows the President revert to his high school days."

PERSONAL PRIVILEGE

Senator Kline: "I'd like to remind the members there are two rules, one of them rather controversial, that apply to Valentine's Day cookies that are left on other members' desks. First, is the rule of eminent domain. Now I understand this is controversial with some members and in order to avoid controversy I'd be more than happy to use the alternate theory of adverse possession. The adverse possession goes back hundreds of years and it states that you can claim property if close to yours and looks good. So, with that I want to thank you for your indulgence. By the way, thank you and your wife for these cookies in the first place."

REMARKS BY THE PRESIDENT

President Owen: "And you actually made it through law school? Interesting."

MOTION

At 10:24 a.m., on motion of Senator Rockefeller, the Senate was declared to be at ease subject to the call of the President.

The Senate was called to order at 11:10 a.m. by President Owen.

MOTION

On motion of Senator Rockefeller, the Senate reverted to the fourth order of business.

(1) \$937,000 of the general fund--state appropriation for fiscal year 2010 and \$696,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to contract for the operation of one pediatric interim care facility. The facility shall provide residential care for up to thirteen children through two years of age.

FORTIETH DAY, FEBRUARY 18, 2011

2011 REGULAR SESSION

Seventy-five percent of the children served by the facility must be in need of special care as a result of substance abuse by their mothers. The facility shall also provide on-site training to biological, adoptive, or foster parents. The facility shall provide at least three months of consultation and support to parents accepting placement of children from the facility. The facility may recruit new and current foster and adoptive parents for infants served by the facility. The department shall not require case management as a condition of the contract.

(2) \$369,000 of the general fund--state appropriation for fiscal year 2010, (~~(\$366,000)~~) \$343,000 of the general fund--state appropriation for fiscal year 2011, and (~~(\$316,000)~~) \$306,000 of the general fund--federal appropriation are provided solely for up to three nonfacility-based programs for the training, consultation, support, and recruitment of biological, foster, and adoptive parents of children through age three in need of special care as a result of substance abuse by their mothers, except that each program may serve up to three medically fragile nonsubstance-abuse-affected children. In selecting nonfacility-based programs, preference shall be given to programs whose federal or private funding sources have expired or that have successfully performed under the existing pediatric interim care program.

(3) \$2,500,000 of the general fund--state appropriation for fiscal year 2010 and (~~(\$88,000)~~) \$46,000 of the general fund--state appropriation for fiscal year 2011, and (~~(\$2,256,000)~~) \$2,098,000 of the home security fund--state appropriation are provided solely for secure crisis residential centers. Within appropriated amounts, the department shall collaborate with providers to maintain no less than forty-five beds that are geographically representative of the state. The department shall examine current secure crisis residential staffing requirements, flexible payment options, center specific waivers, and other appropriate methods to accomplish this outcome.

(4) A maximum of (~~(\$73,209,000)~~) \$69,190,000 of the general fund--state appropriations and (~~(\$54,596,000)~~) \$54,443,000 of the general fund--federal appropriations for the 2009-11 biennium shall be expended for behavioral rehabilitative services and these amounts are provided solely for this purpose. The department shall work with behavioral rehabilitative service providers to safely keep youth with emotional, behavioral, or medical needs at home, with relatives, or with other permanent placement resources and decrease the length of service through improved emotional, behavioral, or medical outcomes for children in behavioral rehabilitative services in order to achieve the appropriated levels.

(a) Contracted providers shall act in good faith and accept the hardest to serve children, to the greatest extent possible, in order to improve their emotional, behavioral, or medical conditions.

The department and the contracted provider should mutually agree, to the greatest extent possible, on a viable placement for the child to go to once the child's treatment process has been completed. The child shall exit only when the emotional, behavioral, or medical condition has improved or if the provider has not shown progress toward the outcomes specified in the signed contract at the time of exit. This subsection (b) does not prevent or eliminate the department's responsibility for removing the child from the provider if the child's emotional, behavioral, or medical condition worsens or is threatened.

(c) The department is encouraged to use performance-based contracts with incentives directly tied to outcomes described in this section. The contracts should incentivize contracted providers to accept the hardest to serve children and incentivize improvement in children's emotional, mental, and medical well-being within the established exit date. The department is further encouraged to increase the use of behavioral rehabilitative service group homes,

wrap around services to facilitate and support placement of youth at home with relatives, or other permanent resources, and other means to control expenditures.

(d) The total foster care per capita amount shall not increase more than four percent in the 2009-11 biennium and shall not include behavioral rehabilitative service.

Long-term cost benefit must be considered. Percentage changes may occur in the evidence-based program or disposition alternative categories of the formula should it be determined the changes will increase evidence-based program or disposition alternative delivery and increase the cost benefit to the state. These outcomes will also be considered in determining when evidence-based expansion or special sex offender disposition alternative funds should be included in the block grant or left separate.

(d) The juvenile courts and administrative office of the courts shall be responsible for collecting and distributing information and providing access to the data systems to the juvenile rehabilitation administration and the Washington state institute for public policy related to program and outcome data. The juvenile rehabilitation administration and the juvenile courts will work collaboratively to develop program outcomes that reinforce the greatest cost benefit to the state in the implementation of evidence-based practices and disposition alternatives.

(e) By December 1, 2010, the Washington state institute for public policy shall report to the office of financial management and appropriate committees of the legislature on the administration of the block grant authorized in this subsection. The report shall include the criteria used for allocating the funding as a block grant and the participation targets and actual participation in the programs subject to the block grant.

(8) \$3,700,000 of the Washington auto theft prevention authority account--state appropriation is provided solely for competitive grants to community-based organizations to provide at-risk youth intervention services, including but not limited to, case management, employment services, educational services, and street outreach intervention programs. Projects funded should focus on preventing, intervening, and suppressing behavioral problems and violence while linking at-risk youth to pro-social activities. The department may not expend more than \$1,850,000 per fiscal year. The costs of administration must not exceed four percent of appropriated funding for each grant recipient. Each entity receiving funds must report to the juvenile rehabilitation administration on the number and types of youth served, the services provided, and the impact of those services upon the youth and the community.

(9) The appropriations in this section assume savings associated with the transfer of youthful offenders age eighteen or older whose sentences extend beyond age twenty-one to the department of corrections to complete their sentences. Prior to transferring an offender to the department of corrections, the juvenile rehabilitation administration shall evaluate the offender to determine the offender's physical and emotional suitability for transfer.

This is a reduction of \$11,606,000 each fiscal year from the nonmedicaid funding that was allocated for expenditure by regional support networks during fiscal year 2009 prior to supplemental budget reductions. This \$11,606,000 reduction shall be distributed among

2011 REGULAR SESSION

regional support networks proportional to each network's share of the total state population. To the extent possible, levels of regional support network spending shall be maintained in the following priority order: (i) Crisis and commitment services; (ii) community inpatient services; and (iii) residential care services, including personal care and emergency housing assistance.

(b) \$10,400,000 of the general fund--state appropriation for fiscal year 2010, (~~(\$9,100,000)~~) \$8,814,000 of the general fund--state appropriation for fiscal year 2011, and \$1,300,000 of the general fund--federal appropriation are provided solely for the department and regional support networks to contract for implementation of high-intensity program for active community treatment (PACT) teams. The department shall work with regional support networks and the center for medicare and medicaid services to integrate eligible components of the PACT service delivery model into medicaid capitation rates no later than January 2011, while maintaining consistency with all essential elements of the PACT evidence-based practice model.

(c) \$6,500,000 of the general fund--state appropriation for fiscal year 2010 and (~~(\$6,500,000)~~) \$6,091,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the western Washington regional support networks to provide either community- or hospital campus-based services for persons who require the level of care provided by the program for adaptive living skills (PALS) at western state hospital.

(d) The number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall be 192 per day. The number of nonforensic beds allocated for use by regional support networks at western state hospital shall be 617 per day during the first quarter of fiscal year 2010, (~~and~~) 587 per day through the second quarter of fiscal year 2011, and 557 per day thereafter. Beds in the program for adaptive living skills (PALS) are not included in the preceding bed allocations. The department shall separately charge regional support networks for persons served in the PALS program.

(e) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(f) \$4,582,000 of the general fund--state appropriation for fiscal year 2010 and \$4,582,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement.

(g) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.

(h) \$750,000 of the general fund--state appropriation for fiscal year 2010 and (~~(\$750,000)~~) \$703,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to continue performance-based incentive contracts to provide appropriate community support services for individuals with severe mental illness who were discharged from the state hospitals as part of the expanding community services initiative. These funds will be used to enhance community residential and support services provided by regional support networks through other state and federal funding.

(i) \$1,500,000 of the general fund--state appropriation for fiscal year 2010 and \$1,500,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the Spokane regional support network to implement services to reduce utilization and the census at eastern state hospital. Such services shall include:

(i) High intensity treatment team for persons who are high utilizers of psychiatric inpatient services, including those with co-occurring disorders and other special needs;

(ii) Crisis outreach and diversion services to stabilize in the community individuals in crisis who are at risk of requiring inpatient care or jail services;

(iii) Mental health services provided in nursing facilities to individuals with dementia, and consultation to facility staff treating those individuals; and

(iv) Services at the sixteen-bed evaluation and treatment facility.

At least annually, the Spokane regional support network shall assess the effectiveness of these services in reducing utilization at eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

(j) The department shall return to the Spokane regional support network fifty percent of the amounts assessed against the network during the last six months of calendar year 2009 for state hospital utilization in excess of its contractual limit. The regional support network shall use these funds for operation during its initial months of a new sixteen-bed evaluation and treatment facility that will enable the network to reduce its use of the state hospital, and for diversion and community support services for persons with dementia who would likely otherwise require care at the state hospital.

(k) The department is directed to identify and implement program efficiencies and benefit changes in its delivery of medicaid managed-care services that are sufficient to operate within the state and federal appropriations in this section. Such actions may include but are not limited to methods such as adjusting the care access standards; improved utilization management of ongoing, recurring, and high-intensity services; and increased uniformity in provider payment rates. The department shall ensure that the capitation rate adjustments necessary to accomplish these efficiencies and changes are distributed uniformly and equitably across all regional support networks statewide. The department is directed to report to the relevant legislative fiscal and policy committees at least thirty days prior to implementing rate adjustments reflecting these changes.

(l) In developing the new medicaid managed care rates under which the public mental health managed care system will operate during the five years beginning in fiscal year 2011, the department should seek to estimate the reasonable and necessary cost of efficiently and effectively providing a comparable set of medically necessary mental health benefits to persons of different acuity levels regardless of where in the state they live. Actual prior period spending in a regional administrative area shall not be a key determinant of future payment rates. The department shall report to the office of financial management and to the relevant fiscal and policy committees of the legislature on its proposed new waiver and mental health managed care rate-setting approach by October 1, 2009, and again at least sixty days prior to implementation of new capitation rates.

(m) In implementing the new public mental health managed care payment rates for fiscal year 2011, the department shall to the maximum extent possible within each regional support network's allowable rate range establish rates so that there is no increase or decrease in the total state and federal funding that the regional support network would receive if it were to continue to be paid at its October 2009 through June 2010 rates. The department shall additionally revise the draft rates issued January 28, 2010, to more accurately reflect the lower practitioner productivity inherent in the delivery of services in extremely rural regions in which a majority of the population reside in frontier counties, as defined and designated by the national center for frontier communities.

(n) \$1,529,000 of the general fund--state appropriation for fiscal year 2010 and \$1,529,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

(o) The legislature intends and expects that regional support networks and contracted community mental health agencies shall make all possible efforts to, at a minimum, maintain current compensation levels of direct care staff. Such efforts shall include, but not be limited to, identifying local funding that can preserve client services and staff compensation, achieving administrative reductions at the regional support network level, and engaging stakeholders on cost-savings ideas that maintain client services and staff compensation. For purposes of this section, "direct care staff" means persons employed by community mental health agencies whose primary responsibility is providing direct treatment and support to people with mental illness, or whose primary responsibility is providing direct support to such staff in areas such as client scheduling, client intake, client reception, client records-keeping, and facilities maintenance.

(p) Regional support networks may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, regional support networks may use a portion of the state funds allocated in accordance with (a) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

FORTIETH DAY, FEBRUARY 18, 2011

2011 REGULAR SESSION

General Fund--State Appropriation (FY 2010)	\$307,348,000
General Fund--State Appropriation (FY 2011) ...	(\$337,658,000)
.....	<u>\$321,752,000</u>
General Fund--Federal Appropriation	(\$902,043,000)
.....	<u>\$890,274,000</u>
TOTAL APPROPRIATION	(\$1,547,049,000)
.....	<u>\$1,519,374,000</u>

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Individuals receiving services as supplemental security income (SSI) state supplemental payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(b)(i) Amounts appropriated in this section reflect a reduction to funds appropriated for in-home care. The department shall reduce the number of in-home hours authorized. The reduction shall be scaled based on the acuity level of care recipients. The largest hour reductions shall be to lower acuity patients and the smallest hour reductions shall be to higher acuity patients. In doing so, the department shall comply with all maintenance of effort requirements contained in the American reinvestment and recovery act.

(ii) \$508,000 of the general fund--state appropriation for fiscal year 2011 and \$822,000 of the general fund--federal appropriation are provided solely for the department to partially restore the reductions to in-home care that are taken in (b)(i) of this subsection. The department will use the same formula to restore personal care hours that it used to reduce personal care hours.

(c) Amounts appropriated in this section are sufficient to develop and implement the use of a consistent, statewide outcome-based vendor contract for employment and day services by April 1, 2011. The rates paid to vendors under this contract shall also be made consistent. In its description of activities the agency shall include activity listings and dollars appropriated for: Employment services, day services, child development services and county administration of services to the developmentally disabled. The department shall begin reporting to the office of financial management on these activities beginning in fiscal year 2010.

(d) \$302,000 of the general fund--state appropriation for fiscal year 2010, \$831,000 of the general fund--state appropriation for fiscal year 2011, and \$1,592,000 of the general fund--federal appropriation are provided solely for health care benefits pursuant to a collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270.

(e)(i) \$682,000 of the general fund--state appropriation for fiscal year 2010, \$1,651,000 of the general fund--state appropriation for fiscal year 2011, and \$1,678,000 of the general fund--federal appropriation are provided solely for the state's contribution to the training partnership, as provided in RCW 74.39A.360, pursuant to a collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270.

(ii) The federal portion of the amounts in this subsection (g) is contingent upon federal approval of participation in contributions to the trust and shall remain unallotted and placed in reserve status until the office of financial management and the department of social and health services receive federal approval.

(iii) Expenditures for the purposes specified in this subsection (g) shall not exceed the amounts provided in this subsection.

(f) Within the amounts appropriated in this subsection (1), the department shall implement all necessary rules to facilitate the transfer to a department home and community-based services (HCBS) waiver of all eligible individuals who (i) currently receive services under the existing state-only employment and day program

or the existing state-only residential program, and (ii) otherwise meet the waiver eligibility requirements. The amounts appropriated are sufficient to ensure that all individuals currently receiving services under the state-only employment and day and state-only residential programs who are not transferred to a department HCBS waiver will continue to receive services.

(g) In addition to other reductions, the appropriations in this subsection reflect reductions targeted specifically to state government administrative costs. These administrative reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect direct client services or direct service delivery or programs.

(i) Within the appropriations of this section, the department shall reduce all seventeen payment levels of the seventeen-level payment system from the fiscal year 2009 levels for boarding homes, boarding homes contracted as assisted living, and adult family homes. Excluded from the reductions are exceptional care rate add-ons. The long-term care program may develop add-ons to pay exceptional care rates to adult family homes and boarding homes with specialty contracts to provide support for the following specifically eligible clients:

(i) Persons with AIDS or HIV-related diseases who might otherwise require nursing home or hospital care;

(ii) Persons with Alzheimer's disease and related dementia who might otherwise require nursing home care; and

(iii) Persons with co-occurring mental illness and long-term care needs who are eligible for expanded community services and who might otherwise require state and local psychiatric hospital care.

Within amounts appropriated, exceptional add-on rates for AIDS/HIV, dementia specialty care, and expanded community services may be standardized within each program.

(j) The amounts appropriated in this subsection reflect a reduction in funds available for employment and day services. In administering this reduction the department shall negotiate with counties and their vendors so that this reduction, to the greatest extent possible, is achieved by reducing vendor rates and allowable contract administrative charges (overhead) and not through reductions to direct client services or direct service delivery or programs.

(k) As part of the needs assessment instrument, the department may collect data on family income for minor children with developmental disabilities and all individuals who are receiving state-only funded services. The department may ensure that this information is collected as part of the client assessment process.

Priority consideration for this new funding shall be young adults with developmental disabilities living with their family who need employment opportunities and assistance after high school graduation. Services shall be provided for both waiver and nonwaiver clients. ~~((Fifty percent of the general fund appropriation shall be utilized for graduates served on a home and community-based services waiver and fifty percent of the general fund appropriation shall be used for nonwaiver clients.))~~

appropriation are provided solely for the department to provide employment and day services for eligible students who are currently on a waiver and will graduate from high school during fiscal years 2010 and 2011.

(n) The automatic award of additional hours of personal care for people with special meal preparation or incontinence needs is eliminated. Authorization of service hours will be based upon the individual's assessed needs.

(o) \$75,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the restoration of direct support to local organizations that utilize parent-to-parent networks and communication to promote access and quality of care for individuals with developmental disabilities and their families.

(b) Persons with Alzheimer's disease and related dementia who might otherwise require nursing home care; and

(c) Persons with co-occurring mental illness and long-term care needs who are eligible for expanded community services and who might otherwise require state and local psychiatric hospital care.

Within amounts appropriated, exceptional add-on rates for AIDS/HIV, dementia specialty care, and expanded community services may be standardized within each program.

(6)(a) Amounts appropriated in this section reflect a reduction to funds appropriated for in-home care. The department shall reduce the number of in-home hours authorized. The reduction shall be scaled based on the acuity level of care recipients. The largest hour reductions shall be to lower acuity patients and the smallest hour reductions shall be to higher acuity patients. In doing so, the department shall comply with all maintenance of effort requirements contained in the American reinvestment and recovery act.

(b) \$3,070,000 of the general fund--state appropriation for fiscal year 2011 and \$4,980,000 of the general fund--federal appropriation are provided solely for the department to partially restore the reduction to in-home care that are taken in (a) of this subsection. The department will use the same formula to restore personal care hours that it used to reduce personal care hours.

(7) \$536,000 of the general fund--state appropriation for fiscal year 2010, \$1,477,000 of the general fund--state appropriation for fiscal year 2011, and \$2,830,000 of the general fund--federal appropriation are provided solely for health care benefits pursuant to a collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270.

(b) \$330,000 of the general fund--state appropriation for fiscal year 2010, \$660,000 of the general fund-state appropriation for fiscal year 2011, and \$810,000 of the general fund--federal appropriation are provided solely for transfer from the department to the training partnership, as provided in RCW 74.39A.360, for infrastructure and instructional costs associated with training of individual providers, pursuant to a collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270.

(c) The federal portion of the amounts in this subsection is contingent upon federal approval of participation in contributions to the trust and shall remain unallotted and placed in reserve status until the office of financial management and the department of social and health services receive federal approval.

(d) Expenditures for the purposes specified in this subsection shall not exceed the amounts provided in this subsection.

(9) Within the amounts appropriated in this section, the department may expand the new freedom waiver program to accommodate new waiver recipients throughout the state. As possible, and in compliance with current state and federal laws, the department shall allow current waiver recipients to transfer to the new freedom waiver.

(10) Individuals receiving services as supplemental security income (SSI) state supplemental payments shall not become eligible

for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(11) \$3,955,000 of the general fund--state appropriation for fiscal year 2010, (~~(\$4,239,000)~~) \$3,972,000 of the general fund--state appropriation for fiscal year 2011, and \$10,190,000 of the general fund--federal appropriation are provided solely for the continued operation of community residential and support services for persons who are older adults or who have co-occurring medical and behavioral disorders and who have been discharged or diverted from a state psychiatric hospital. These funds shall be used to serve individuals whose treatment needs constitute substantial barriers to community placement, who no longer require active psychiatric treatment at an inpatient hospital level of care, and who no longer meet the criteria for inpatient involuntary commitment. Coordination of these services will be done in partnership between the mental health program and the aging and disability services administration.

(12) Within the funds provided, the department shall continue to provide an add-on per medicaid resident day per facility not to exceed \$1.57. The add-on shall be used to increase wages, benefits, and/or staffing levels for certified nurse aides; or to increase wages and/or benefits for dietary aides, housekeepers, laundry aides, or any other category of worker whose statewide average dollars-per-hour wage was less than \$15 in calendar year 2008, according to cost report data. The add-on may also be used to address resulting wage compression for related job classes immediately affected by wage increases to low-wage workers. The department shall continue reporting requirements and a settlement process to ensure that the funds are spent according to this subsection. The department shall adopt rules to implement the terms of this subsection.

(13) \$1,840,000 of the general fund--state appropriation for fiscal year 2010 and (~~(\$1,877,000)~~) \$1,759,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for operation of the volunteer services program. Funding shall be prioritized towards serving populations traditionally served by long-term care services to include senior citizens and persons with disabilities.

(14) In accordance with chapter 74.39 RCW, the department may implement two medicaid waiver programs for persons who do not qualify for such services as categorically needy, subject to federal approval and the following conditions and limitations:

(a) One waiver program shall include coverage of care in community residential facilities. Enrollment in the waiver shall not exceed 600 persons at any time.

(b) The second waiver program shall include coverage of in-home care. Enrollment in this second waiver shall not exceed 200 persons at any time.

(c) The department shall identify the number of medically needy nursing home residents, and enrollment and expenditures on each of the two medically needy waivers, on monthly management reports.

(d) If it is necessary to establish a waiting list for either waiver because the budgeted number of enrollment opportunities has been reached, the department shall track how the long-term care needs of applicants assigned to the waiting list are met.

(15) The department shall establish waiting lists to the extent necessary to assure that annual expenditures on the community options program entry systems (COPES) program do not exceed appropriated levels. In establishing and managing any such waiting list, the department shall assure priority access to persons with the greatest unmet needs, as determined by department assessment processes.

(16) The department shall contract for housing with service models, such as cluster care, to create efficiencies in service delivery

and responsiveness to unscheduled personal care needs by clustering hours for clients that live in close proximity to each other.

The department shall work in partnership with the department of corrections to identify services and find placements for offenders who are released through the extraordinary medical placement program. The department shall collaborate with the department of corrections to identify and track cost savings to the department of corrections, including medical cost savings and to identify and track expenditures incurred by the aging and disability services program for community services and by the medical assistance program for medical expenses. A joint report regarding the identified savings and expenditures shall be provided to the office of financial management and the appropriate fiscal committees of the legislature by November 30, 2010. If this bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(19) In accordance with RCW 18.51.050, 18.20.050, and 43.135.055, the department is authorized to increase nursing facility and boarding home fees in fiscal year 2011 as necessary to meet the actual costs of conducting the licensure, inspection, and regulatory programs.

(a) \$1,035,000 of the general fund--private/local appropriation assumes that the current annual renewal license fee for nursing facilities shall be increased to \$327 per bed beginning in fiscal year 2011.

(b) \$1,806,000 of the general fund--local appropriation assumes that the current annual renewal license fee for boarding homes shall be increased to \$106 per bed beginning in fiscal year 2011.

(20) \$2,566,000 of the traumatic brain injury account--state appropriation is provided solely to continue services for persons with traumatic brain injury (TBI) as defined in RCW 74.31.020 through 74.31.050. The TBI advisory council shall provide a report to the legislature by December 1, 2010, on the effectiveness of the functions overseen by the council and shall provide recommendations on the development of critical services for individuals with traumatic brain injury.

(21) The automatic award of additional hours of personal care for people with special meal preparation or incontinence needs is eliminated. Authorization of service hours will be based upon the individual's assessed needs.

(22) For calendar year 2009, the department shall calculate split settlements covering two periods January 1, 2009, through June 30, 2009, and July 1, 2009, through December 31, 2009. For the second period beginning July 1, 2009, the department may partially or totally waive settlements only in specific cases where a nursing home can demonstrate significant decreases in costs from the first period.

(23) \$72,000 of the traumatic brain injury account appropriation and \$116,000 of the general fund--federal appropriation are provided solely for a direct care rate add-on to any nursing facility specializing in the care of residents with traumatic brain injuries where more than 50 percent of residents are classified with this condition based upon the federal minimum data set assessment.

(24) \$69,000 of the general fund--state appropriation for fiscal year 2010, \$1,289,000 of the general fund--state appropriation for fiscal year 2011, and \$2,050,000 of the general fund--federal

appropriation are provided solely for the department to maintain enrollment in the adult day health services program. New enrollments are authorized for up to 1,575 clients or to the extent that appropriated funds are available to cover additional clients.

(25) ~~(\$1,000,000)~~ \$937,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the department to contract for the provision of an individual provider referral registry.

The department shall organize one workgroup meeting with the consultant where nursing home stakeholders may provide input on pay-for-performance ideas. The consultant shall review pay-for-performance strategies used in other states to sustain and enhance quality-improvement efforts in nursing facilities. The evaluation shall include a review of the centers for medicare and medicaid services demonstration project to explore the feasibility of pay-for-performance systems in medicare certified nursing facilities. The consultant shall develop a report to include:

(a) Best practices used in other states for pay-for-performance strategies incorporated into medicaid nursing home payment systems;

(b) The relevance of existing research to Washington state;

(c) A summary and review of suggestions for pay-for-performance strategies provided by nursing home stakeholders in Washington state; and

(d) An evaluation of the effectiveness of a variety of performance measures.

(27) \$4,100,000 of the general fund--state appropriation for fiscal year 2010, \$4,174,000 of the general fund--state appropriation for fiscal year 2011, and \$8,124,000 of the general fund--federal appropriation are provided for the operation of the management services division of the aging and disability services administration. This includes but is not limited to the budget, contracts, accounting, decision support, information technology, and rate development activities for programs administered by the aging and disability services administration. Nothing in this subsection is intended to exempt the management services division of the aging and disability services administration from reductions directed by the secretary. However, funds provided in this subsection shall not be transferred elsewhere within the department nor used for any other purpose.

(28) The department is authorized to place long-term care clients residing in nursing homes and paid for with state only funds into less restrictive community care settings while continuing to meet the client's care needs.

(29) In accordance with RCW 43.135.055, the department is authorized to adopt and increase the fees set forth in and previously authorized in section 206(19), chapter 37, Laws of 2010 1st sp.s.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$303,393,000 of the general fund--state appropriation for fiscal year 2010, \$285,057,000 of the general fund--state appropriation for fiscal year 2011 net of child support pass-through recoveries, \$24,336,000 of the administrative contingency account--state appropriation, and \$778,606,000 of the general fund-- federal appropriation are provided solely for all components of the WorkFirst program. The department shall use moneys from the administrative contingency account for WorkFirst job placement services provided by the employment security department. Within the amounts provided for the WorkFirst program, the department may provide assistance using state-only funds for families eligible for temporary assistance for needy families. In addition, within the amounts provided for WorkFirst the department shall:

(a) Establish a career services work transition program;

(b) Continue to implement WorkFirst program improvements that are designed to achieve progress against outcome measures specified in RCW 74.08A.410. The department shall also report the percentage of families who have returned to temporary assistance for needy families after 12 months, 24 months, and 36 months;

(c) Submit a report electronically by October 1, 2009, to the fiscal committees of the legislature containing a spending plan for the WorkFirst program. The plan shall identify how spending levels in the 2009-2011 biennium will be adjusted to stay within available federal grant levels and the appropriated state-fund levels;

(d) Provide quarterly fiscal reports to the office of financial management and the legislative fiscal committees detailing information on the amount expended from general fund--state and general fund--federal by activity.

(2) The department and the office of financial management shall electronically report quarterly the expenditures, maintenance of effort allotments, expenditure amounts, and caseloads for the WorkFirst program to the legislative fiscal committees.

(3) \$16,783,000 of the general fund--state appropriation for fiscal year 2011 and \$62,000,000 of the general fund--federal appropriation are provided solely for all components of the WorkFirst program in order to maintain services to January 2011. The legislature intends to work with the governor to design and implement fiscal and programmatic modifications to provide for the sustainability of the program. The funding in this subsection assumes that no other expenditure reductions will be made prior to January 2011 other than those assumed in the appropriation levels in this act.

(4) \$94,322,000 of the general fund--state appropriation for fiscal year 2010 and (~~(\$84,904,000)~~ \$76,979,000) of the general fund--state appropriation for fiscal year 2011, net of recoveries, are provided solely for cash assistance and other services to recipients in the cash program pursuant to chapter 8, Laws of 2010 1st sp. sess. (security lifeline act), including persons in the unemployable, expedited, and aged, blind, and disabled components of the program. It is the intent of the legislature that the lifeline incapacity determination and progressive evaluation process regulations be carefully designed to accurately identify those persons who have been or will be incapacitated for at least ninety days. The incapacity determination and progressive evaluation process regulations in effect on January 1, 2010, cannot be amended until at least September 30, 2010; except that provisions related to the use of administrative review teams may be amended, and obsolete terminology and functional assessment language may be updated on

or after July 1, 2010, in a manner that only minimally impacts the outcome of incapacity evaluations. After September 30, 2010, the incapacity determination and progressive evaluation process regulations may be amended only if the reports under (a) and (b) of this subsection have been submitted, and find that expenditures will exceed the appropriated level by three percent or more.

(a) The department and the caseload forecast council shall, by September 21, 2010, submit a report to the legislature based upon the most recent caseload forecast and actual expenditure data available, as to whether expenditures for the lifeline-unemployable grants in fiscal year 2011 will exceed \$69,648,000 for fiscal year 2011 in the 2010 supplemental operating budget by three percent or more. If expenditures will exceed the appropriated amount for lifeline-unemployable grants by three percent or more, the department may adopt regulations modifying incapacity determination and progressive evaluation process regulations after September 30, 2010.

(b) On or before September 21, 2010, the department shall submit a report to the relevant policy and fiscal committees of the legislature that includes the following information regarding any regulations proposed for adoption that would modify the lifeline incapacity determination and progressive evaluation process:

(i) A copy of the proposed changes and a concise description of the changes;

(ii) A description of the persons who would likely be affected by adoption of the regulations, including their impairments, age, education, and work history;

(iii) An estimate of the number of persons who, on a monthly basis through June 2013, would be denied lifeline benefits if the regulations were adopted, expressed as a number, as a percentage of total applicants, and as a percentage of the number of persons granted lifeline benefits in each month;

(iv) An estimate of the number of persons who, on a monthly basis through June 2013, would have their lifeline benefits terminated following an eligibility review if the regulations were adopted, expressed as a number, as a percentage of the number of persons who have had an eligibility review in each month, and as a percentage of the total number of persons currently receiving lifeline-unemployable benefits in each month; and

(v) Intended improvements in employment or treatment outcomes among persons receiving lifeline benefits that could be attributable to the changes in the regulations.

(c) Within these amounts:

(i) The department shall aggressively pursue opportunities to transfer lifeline clients to general assistance expedited coverage and to facilitate client applications for federal supplemental security income when the client's incapacities indicate that he or she would be likely to meet the federal disability criteria for supplemental security income. The department shall initiate and file the federal supplemental security income interim agreement as quickly as possible in order to maximize the recovery of federal funds;

(ii) The department shall review the lifeline caseload to identify recipients that would benefit from assistance in becoming naturalized citizens, and thus be eligible to receive federal supplemental security income benefits. Those cases shall be given high priority for naturalization funding through the department;

(iii) The department shall actively coordinate with local workforce development councils to expedite access to worker retraining programs for lifeline clients in those regions of the state with the greatest number of such clients;

(iv) By July 1, 2009, the department shall enter into an interagency agreement with the department of veterans' affairs to establish a process for referral of veterans who may be eligible for veteran's services. This agreement must include outstationing department of veterans' affairs staff in selected community service

office locations in King and Pierce counties to facilitate applications for veterans' services; and

(v) In addition to any earlier evaluation that may have been conducted, the department shall intensively evaluate those clients who have been receiving lifeline benefits for twelve months or more as of July 1, 2009, or thereafter, if the available medical and incapacity related evidence indicates that the client is unlikely to meet the disability standard for federal supplemental security income benefits. The evaluation shall identify services necessary to eliminate or minimize barriers to employment, including mental health treatment, substance abuse treatment and vocational rehabilitation services. The department shall expedite referrals to chemical dependency treatment, mental health and vocational rehabilitation services for these clients.

(vi) The appropriations in this subsection reflect a change in the earned income disregard policy for lifeline clients. It is the intent of the legislature that the department shall adopt the temporary assistance for needy families earned income policy for the lifeline program.

(5) \$750,000 of the general fund--state appropriation for fiscal year 2010 and ~~(\$750,000)~~ \$500,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for naturalization services.

(6)~~((+))~~ \$3,550,000 of the general fund--state appropriation for fiscal year 2010 is provided solely for refugee employment services, of which \$2,650,000 is provided solely for the department to pass through to statewide refugee assistance organizations for limited English proficiency pathway services; and ~~(\$3,550,000)~~ \$2,050,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for refugee employment services, of which ~~(\$2,650,000)~~ \$1,540,000 is provided solely for the department to pass through to statewide refugee assistance organizations for limited English proficiency pathway services.

((b) The legislature intends that the appropriation in this subsection for the 2009-11 fiscal biennium will maintain funding for refugee programs at a level at least equal to expenditures on these programs in the 2007-09 fiscal biennium.)

(7) The appropriations in this section reflect reductions in the appropriations for the economic services administration's administrative expenses. It is the intent of the legislature that these reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect direct client services or direct service delivery or program.

(8) \$855,000 of the general fund--state appropriation for fiscal year 2011, \$719,000 of the general fund--federal appropriation, and \$2,907,000 of the general fund--private/local appropriation are provided solely for the implementation of the opportunity portal, the food stamp employment and training program, and the disability lifeline program under Second Substitute House Bill No. 2782 (security lifeline act). If the bill is not enacted by June 30, 2010, the amounts provided in this subsection shall lapse.

(9) ~~(\$200,000)~~ \$100,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the department to award grants to small mutual assistance or small community-based organizations that contract with the department for immigrant and refugee assistance services. The funds shall be awarded to provide funding for community groups to provide transitional assistance, language skills, and other resources to improve refugees' economic self-sufficiency through the effective use of social services, financial services, and medical assistance.

(10) To ensure expenditures remain within available funds appropriated in this section, the legislature establishes the benefit under the state food assistance program, made pursuant to RCW 74.08A.120, to be fifty percent of the federal supplemental nutrition assistance program benefit amount.

The appropriations in this section are subject to the following conditions and limitations:

(1) Within the amounts appropriated in this section, the department may contract with the University of Washington and community-based providers for the provision of the parent-child assistance program. For all contractors, indirect charges for administering the program shall not exceed ten percent of the total contract amount.

FORTIETH DAY, FEBRUARY 18, 2011

2011 REGULAR SESSION

(1) Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(2) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(3) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(4) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the department shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(5) In accordance with RCW 74.46.625, \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the department's discretion. During either the interim cost settlement or the final cost settlement, the department shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The department shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(6) (~~(\$1,110,000)~~) \$649,000 of the general fund--federal appropriation and (~~(\$1,105,000)~~) \$644,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for grants to rural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients, and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(7) (~~(\$9,818,000)~~) \$5,729,000 of the general fund--state appropriation for fiscal year 2011, and (~~(\$9,865,000)~~) \$5,776,000 of the general fund--federal appropriation are provided solely for grants to nonrural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients, and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(8) The department shall continue the inpatient hospital certified public expenditures program for the 2009-11 biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access

hospitals or state psychiatric institutions. The department shall submit reports to the governor and legislature by November 1, 2009, and by November 1, 2010, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the department shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2010 and fiscal year 2011, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2009-11 biennial operating appropriations act (chapter 564, Laws of 2009) and in effect on July 1, 2009, (b) one half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2009-11 biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. \$20,403,000 of the general fund--state appropriation for fiscal year 2010, of which \$6,570,000 is appropriated in section 204(1) of this act, and \$29,480,000 of the general fund--state appropriation for fiscal year 2011, of which \$6,570,000 is appropriated in section 204(1) of this act, are provided solely for state grants for the participating hospitals. CPE hospitals will receive the inpatient and outpatient reimbursement rate restorations in section 9 and rate increases in section 10(1)(b) of Engrossed Second Substitute House Bill No. 2956 (hospital safety net assessment) funded through the hospital safety net assessment fund rather than through the baseline mechanism specified in this subsection.

(9) The department is authorized to use funds appropriated in this section to purchase goods and supplies through direct contracting with vendors when the department determines it is cost-effective to do so.

(10) \$93,000 of the general fund--state appropriation for fiscal year 2010 and \$93,000 of the general fund--federal appropriation are provided solely for the department to pursue a federal Medicaid waiver pursuant to Second Substitute Senate Bill No. 5945

Participating providers shall be solely responsible for providing the local funds required to obtain federal matching funds. Any incremental costs incurred by the department in the development, implementation, and maintenance of this program will be the responsibility of the participating providers. Participating providers will retain the full amount of supplemental payments provided under this program, net of any potential costs for any related audits or litigation brought against the state. The department shall report to the governor and the legislative fiscal

(g) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit; and

(3) Allocations for classified salaries for the 2009-10 and 2010-11 school years shall be calculated using formula-generated classified staff units determined as follows:

(a) For enrollments generating certificated staff unit allocations under subsection (2)(e) through (h) of this section, one classified staff unit for each 2.94 certificated staff units allocated under such subsections;

(b) For all other enrollment in grades K-12, including vocational full-time equivalent enrollments, one classified staff unit for each 58.75 average annual full-time equivalent students; and

(c) For each nonhigh school district with an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of 14.43 percent in the 2009-10 school year and 14.43 percent in the 2010-11 school year for certificated salary allocations provided under subsection (2) of this section, and a rate of 16.59 percent in the 2009-10 school year and 16.59 percent in the 2010-11 school year for classified salary allocations provided under subsection (3) of this section.

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (g) of this section, there shall be provided a maximum of \$10,179 per certificated staff unit in the 2009-10 school year and a maximum of \$10,424 per certificated staff unit in the 2010-11 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maintenance rate of \$607.44 for the 2009-10 and 2010-11 school years per allocated classroom teachers exclusive of salary increase amounts provided in section 504 of this act. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported statewide for the prior school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(9) Funding in this section is sufficient to provide additional service year credits to educational staff associates pursuant to chapter 403, Laws of 2007.

(iii) A maximum of \$403,000 may be expended for school district emergencies; and

(iv) A maximum of \$485,000 ~~(each fiscal year)~~ for fiscal year 2010 and \$436,000 for fiscal year 2011 may be expended for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. The funds shall be allocated at a rate not to exceed \$500 per full-time equivalent student enrolled in those programs.

(b) Funding in this section is sufficient to fund a maximum of 1.6 FTE enrollment for skills center students pursuant to chapter 463, Laws of 2007.

(13) General apportionment payments to the Steilacoom historical school district shall reflect changes to operation of the Harriet Taylor elementary school consistent with the timing of reductions in correctional facility capacity and staffing.

(14) \$2,500,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the superintendent for financial contingency funds for eligible school districts. The financial contingency funds shall be allocated to eligible districts in the form of an advance of their respective general apportionment allocations.

Sec. 505. 2010 1st sp.s. c 37 s 507 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS

General Fund--State Appropriation (FY 2010)	\$632,136,000
General Fund--State Appropriation (FY 2011) ...	(((\$650,856,000))

Education Legacy Trust Account--State	
Appropriation.....	\$756,000
TOTAL APPROPRIATION	(((\$1,948,349,000))
.....	<u>\$1,923,592,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall ensure that:

(i) Special education students are basic education students first;

(ii) As a class, special education students are entitled to the full basic education allocation; and

(iii) Special education students are basic education students for the entire school day.

(b) The superintendent of public instruction shall continue to implement the full cost method of excess cost accounting, as designed by the committee and recommended by the superintendent, pursuant to section 501(1)(k), chapter 372, Laws of 2006.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state funds to school districts based on two categories: (a) The first category includes (i) children birth through age two who are eligible for the optional program for special education eligible developmentally delayed infants and toddlers, and (ii) students eligible for the mandatory special education program and who are age three or four, or five and not yet enrolled in kindergarten; and (b) the second category includes students who are eligible for the mandatory special education program and who are age five and enrolled in kindergarten and students age six through 21.

(5)(a) For the 2009-10 and 2010-11 school years, the superintendent shall make allocations to each district based on the sum of:

FORTIETH DAY, FEBRUARY 18, 2011

(i) A district's annual average headcount enrollment of students ages birth through four and those five year olds not yet enrolled in kindergarten, as defined in subsection (4) of this section, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools in the 2009-10 school year. In the 2010-11 school year, the per student allocation under this subsection (5)(b) shall include the same factors as in the 2009-10 school year, but shall also include the classified staff enhancements included in section 502(3)(b).

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age four enrollment and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, (~~(\$44,269,000)~~) \$19,512,000 of the general fund--state appropriation and \$29,574,000 of the general fund-- federal appropriation are provided for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (5) of this section. If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in this subsection (8) in any fiscal year, the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards. In the determination of need, the committee shall require that districts demonstrate that they are maximizing their eligibility for all state and federal revenues related to services for special education-eligible students. Awards

associated with (b) and (c) of this subsection shall not exceed the total of a district's specific determination of need.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services. The safety net awards to school districts shall be adjusted to reflect amounts awarded under (b) of this subsection.

(d) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(f) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999. The state safety net oversight committee shall ensure that safety net documentation and awards are based on current medicaid revenue amounts.

(g) ((The office of the superintendent of public instruction, at the conclusion of each school year, shall recover safety net funds that were distributed prospectively but for which districts were not subsequently eligible)) Beginning with the 2010-11 school year award cycle, the office of the superintendent of public instruction shall make award determinations for state safety net funding in August of each school year. Determinations on school district eligibility for state safety net awards shall be based on analysis of actual expenditure data from the current school year.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff from the office of superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(11) The office of the superintendent of public instruction shall review and streamline the application process to access safety net funds, provide technical assistance to school districts, and annually survey school districts regarding improvement to the process.

(12) A maximum of \$678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(13) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.
