ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1965, by House Committee on Ways & Means (originally sponsored by Representatives Kagi, Jinkins, Frockt and Kenney)

Concerning adverse childhood experiences.

The measure was read the second time.

MOTION

Senator Regala moved that the following striking amendment by Senators Regala and Carrell be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that adverse childhood experiences are a powerful common determinant of a child's ability to be successful at school and, as an adult, to be successful at work, to avoid behavioral and chronic physical health conditions, and to build healthy relationships. The purpose of this chapter is to identify the primary causes of adverse childhood experiences in communities and to mobilize broad public and private support to prevent harm to young children and reduce the accumulated harm of adverse experiences throughout childhood. A focused effort is needed to: (1) Identify and promote the use of innovative strategies based on evidence-based and research-based approaches and practices; and (2) align public and private policies and funding with approaches and strategies which have demonstrated effectiveness.

The legislature recognizes that many community public health and safety networks across the state have knowledge and expertise regarding the reduction of adverse childhood experiences and can provide leadership on this initiative in their communities. In addition, a broad range of community coalitions involved with early learning, child abuse prevention, and community mobilization have coalesced in many communities. The adverse childhood experiences initiative should coordinate and assemble the strongest components of these networks and coalitions to effectively respond to the challenge of reducing and preventing adverse childhood experiences while providing flexibility for communities to design responses that are appropriate for their community.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adverse childhood experiences" means the following indicators of severe childhood stressors and family dysfunction that, when experienced in the first eighteen years of life and taken

together, are proven by public health research to be powerful determinants of physical, mental, social, and behavioral health across the lifespan: Child physical abuse; child sexual abuse; child emotional abuse; child emotional or physical neglect; alcohol or other substance abuse in the home; mental illness, depression, or suicidal behaviors in the home; incarceration of a family member; witnessing intimate partner violence; and parental divorce or separation. Adverse childhood experiences have been demonstrated to affect the development of the brain and other major body systems.

(2) "Community public health and safety networks" or "networks" means the organizations authorized under RCW 70.190.060.

(3) "Department" means the department of social and health services.

(4) "Director" means the director of the department of early learning.

(5) "Evidence-based" has the same meaning as in RCW 43.215.146.

(6) "Research-based" has the same meaning as in RCW 43.215.146.

(7) "Secretary" means the secretary of social and health services.

NEW SECTION. Sec. 3. (1)(a) The secretary of the department of social and health services and the director of the department of early learning shall actively participate in the development of a nongovernmental private-public initiative focused on coordinating government and philanthropic organizations' investments in the positive development of children and preventing and mitigating the effects of adverse childhood experiences. The secretary and director shall convene a planning group to work with interested private partners to: (i) Develop a process by which the goals identified in section 1 of this act shall be met; and (ii) develop recommendations for inclusive and diverse governance to advance the adverse childhood experiences initiative.

(b) The secretary and director shall select no more than twelve to fifteen persons as members of the planning group. The members selected must represent a diversity of interests including: Early learning coalitions, community public health and safety networks, organizations that work to prevent and address child abuse and neglect, tribes, representatives of public agency agencies involved with interventions in or prevention of adverse childhood experiences, philanthropic organizations, and organizations focused on community mobilization.

(c) The secretary and director shall cochair the planning group meetings and shall convene the first meeting.

(2) The planning group shall submit a report on its progress and recommendations to the appropriate legislative committees no later than December 15, 2011.

(3) In addition to other powers granted to the secretary, the secretary may:

(a) Enter into contracts on behalf of the department to carry out the purposes of this chapter;

(b) Provide funding to communities or any governance entity that is created as a result of the partnership; and

At a minimum, counties must meet the following criteria in order to participate in the reinvesting in youth program:

(1) Within available funds, the ~~((council for children and families))~~ department shall fund evidence-based and research-based home visitation programs for improving parenting skills and outcomes for children. (b) To cause or attempt to cause an employer to discriminate against an employee in violation of subsection (1)(c) of this section;

(c) To refuse to bargain collectively with an employer.

(3) The expression of any view, argument, or opinion, or the dissemination thereof to the public, whether in written, printed, graphic, or visual form, shall not constitute or be evidence of an unfair labor practice under any of the provisions of this chapter, if the expression contains no threat of reprisal or force or promise of benefit.

the interest arbitration agreement under RCW 47.64.170(6)(a), all impasse items shall be submitted to arbitration under this section. The issues for arbitration shall be limited to the issues certified by the ((commission)) executive director.

(2) The parties may agree to submit the dispute to a single arbitrator, whose authority and duties shall be the same as those of an arbitration panel. If the parties cannot agree on the arbitrator within five working days, the selection shall be made under subsection (3) of this section, except with respect to biennial bargaining described under RCW 47.64.170(6). The full costs of arbitration under this section shall be shared equally by the parties to the dispute.

(3) Within seven days following the issuance of the determination of the ((commission)) executive director, each party shall, absent an agreement to the contrary, name one person to serve as its arbitrator on the arbitration panel. Except with respect to biennial bargaining described under RCW 47.64.170(6), the two members so appointed shall meet within seven days following the appointment of the later appointed member to attempt to choose a third member to act as the neutral chair of the arbitration panel. Upon the failure of the arbitrators to select a neutral chair within seven days, either party may apply to the federal mediation and conciliation service, or, with the consent of the parties, the American arbitration association to provide a list of five qualified arbitrators from which the neutral chair shall be chosen. Each party shall pay the fees and expenses of its arbitrator, and the fees and expenses of the neutral chair shall be shared equally between the parties.

(4) In consultation with the parties, the arbitrator or arbitration panel shall promptly establish a date, time, and place for a hearing and shall provide reasonable notice thereof to the parties to the dispute. A hearing, which shall be informal, shall be held, and each party shall have the opportunity to present evidence and make argument. No member of the arbitration panel may present the case for a party to the proceedings. The rules of evidence prevailing in judicial proceedings may be considered, but are not binding, and any oral testimony or documentary evidence or other data deemed relevant by the chair of the arbitration panel may be received in evidence. A recording of the proceedings shall be taken. The arbitration panel has the power to administer oaths, require the attendance of witnesses, and require the production of such books, papers, contracts, agreements, and documents as may be deemed by the panel to be material to a just determination of the issues in dispute. If any person refuses to obey a subpoena issued by the arbitration panel, or refuses to be sworn or to make an affirmation to testify, or any witness, party, or attorney for a party is guilty of any contempt while in attendance at any hearing held hereunder, the arbitration panel may invoke the jurisdiction of the superior court in the county where the labor dispute exists, and the court has jurisdiction to issue an appropriate order. Any failure to obey the order may be punished by the court as a contempt thereof.

(5) The neutral chair shall consult with the other members of the arbitration panel, if a panel has been created. Within thirty days following the conclusion of the hearing, or sooner as the October 1st deadline set forth in RCW 47.64.170 (6)(c) and (7) necessitates, the neutral chair shall make written findings of fact and a written determination of the issues in dispute, based on the evidence presented. A copy thereof shall be served on each of the other members of the arbitration panel, and on each of the parties to the dispute. That determination is final and binding upon both parties, subject to review by the superior court upon the application of either

TWENTY EIGHTH DAY, MAY 23, 2011

2011 1ST SPECIAL SESSION

On page 30, after line 26, insert the following:

"PART 9. RETROSPECTIVE RATING PLANS

NEW SECTION. Sec. 901. The legislature finds that, according to the 2009 Wyman actuarial report, at least three miscalculations have occurred affecting the amount of refunds provided to the sponsors of retrospective rating plans with the participants of retrospective rating plans receiving substantial overpayments as a result of these miscalculations. These miscalculations include a recurring computer coding error which resulted in overpayments of about one hundred fifty million dollars, a misassignment of occupational disease claims resulting in overpayments of about three hundred million dollars, and a forty-five month adjustments limitation error which resulted in overpayments of about fifty million dollars. These overpayments have depleted the industrial insurance accident fund of at least five hundred million dollars, not including interest owed on the overpayments per RCW 51.48.260. The legislature finds that these overpayments have caused the accident fund to contain fewer assets than it otherwise would contain, requiring base premiums to be set at a level higher than would otherwise be necessary, and further causing the employers who are not members of a retrospective rating plan to subsidize retro members by inflating the amount of retro refunds beyond what was merited by the experience of retro member employers.

The legislature further finds that while retrospective refunds were intended to reward improved safety of retro agencies by returning amounts in excess of the difference between premiums paid and the developed cost estimate of claims owed, in many cases, retrospective refunds exceeded this difference by more than one hundred million dollars in a single year. For example, in the four quarters comprising the 2006 reporting period, retrospective program premiums paid were about seven hundred twenty-seven million dollars and retrospective developed claims were about seven hundred thirty million dollars for a loss of about three million dollars. Yet retrospective refunds during this period were about one hundred twenty-nine million dollars for a total loss to the industrial insurance accident fund of one hundred thirty-two million dollars.

NEW SECTION. Sec. 902. A new section is added to chapter 51.18 RCW to read as follows:

The legislature finds that the primary purposes of the retrospective rating program created in this chapter are increasing workplace safety, preventing accidents, and improving worker outcomes. The legislature finds that retrospective rating refunds are provided from the industrial insurance accident account, and that the use of Title 51 funds to improve workplace safety, prevent accidents, and improve injured worker outcomes are appropriate uses of such funds. The legislature further finds that any retrospective rating refunds not used to administer the retrospective rating group or to support the purposes of the retrospective rating program belong to and should be returned to the employer members of each retrospective rating group, with the sole exception that individual members may annually authorize use of retrospective rating refunds for purposes unrelated to worker safety and accident prevention, the primary purposes of the retrospective rating program, similar to the annual authorization required from the members of union organizations. The legislature therefore intends to allow and encourage retrospective rating group sponsoring entities to use retrospective rating refunds to create and maintain programs that improve workplace safety, prevent accidents, and improve worker outcomes while distributing the remainder of the refund to employer members of the group, subject to the optional annual authorizations by the members of each group. To restore

public confidence in the use of retrospective rating funds, the legislature intends to make information concerning the sponsoring entities' administration of the program publicly available.

NEW SECTION. Sec. 903. A new section is added to chapter 51.18 RCW to read as follows:

Beginning January 1, 2012, and continuing for five consecutive years, the department shall:

(1) Conduct an annual actuarial review of the retrospective rating program. The actuarial review must include an examination of the method used to calculate retrospective premiums, refunds, and assessments, an examination of the impact retrospective rating refunds and assessments have on the accident fund, and an examination of any other factors necessary to conduct a thorough actuarial review.

(2) By December 31st of each year in which an actuarial review is conducted, report the contents of the review to the appropriate committees of the legislature.

NEW SECTION. Sec. 904. A new section is added to chapter 51.18 RCW to read as follows:

(1) With respect to refunds made by the department to a sponsor of a retrospective rating group on or after the effective date of this section:

(a) The sponsoring entity must distribute the retrospective rating refund or adjustment to employers in the retrospective rating group based on a distribution plan, less any amount retained by the sponsoring entity, within a time period selected by the sponsoring entity and set forth in the distribution plan. The distribution plan may not authorize a sponsoring entity to retain any portion of a refund or adjustment, except as authorized by this section. This distribution plan shall be provided to the department upon enrollment, and annually to the members of the retrospective rating group. The department shall make the distribution plan publicly available, excluding any financial information specific to individual employer members.

(b) The sponsoring entity may retain a portion of the refund for reasonable administrative costs. When any portion of the refund is distributed to the employers in the retrospective rating group, the sponsoring entity shall disclose to such employers and to the department the amounts of all administrative costs for which it has retained any portion of the refund and the specific purposes for which those costs were incurred.

(c) The sponsoring entity may retain a portion of the refund for costs directly related to the development and implementation of a safety plan to increase workplace safety and to prevent accidents. The safety plan shall be submitted to the department annually. The department shall develop rules to define the required elements of a retrospective rating safety plan.

(d) The sponsoring entity may retain a portion of the refund for costs directly related to claims assistance provided to its member employers.

(e) The sponsoring entity may retain a portion of the refund to establish and maintain reserves for the sole and exclusive purpose of covering the costs of future potential retrospective rating assessments and an amount of reserves necessary to protect against future penalties or other unexpected retrospective rating costs incurred during the same or a subsequent coverage year.

(f) The sponsoring entity must keep a detailed list of costs related to (b) through (e) of this subsection and report this list to the department and to employers in the retrospective rating group at the time the retrospective rating refunds or adjustments are distributed to members of the group.

(g) Any amounts retained by a sponsoring entity under (b) through (e) of this subsection shall be used solely for the purposes described in those subsections, and may not be used directly or indirectly for any other purpose.

TWENTY EIGHTH DAY, MAY 23, 2011

(h) In addition to the amounts that a sponsoring entity may retain under (b) through (e) of this subsection, the sponsoring entity may retain a portion of the retrospective rating refund or adjustment due an employer member if the member has provided a written authorization allowing the entity to retain a portion of the refund or adjustment due the employer member. Any authorization provided by an employer member shall be effective for a period not to exceed one year. If a sponsoring entity retains funds due the employer member under this subsection, the sponsoring entity must notify the employer member that additional funds have been retained by the sponsoring entity, and inform the employer member of the amount withheld from the employer member under this subsection. The department shall develop a form to be separately executed by any employer member authorizing the retention of funds under this subsection, which form shall (i) authorize the retention of either a percentage of the member's refund or a fixed dollar amount, and (ii) inform the member that the authorization is irrevocable for one year. The sponsoring entity shall use the form developed by the department or a form prepared by the sponsoring entity that is consistent with this subsection and has been approved by the department.

(i) Any amounts retained by a sponsoring entity under (h) of this subsection may be used by the sponsoring entity for any legal purpose, even if such purpose is unrelated to worker safety and accident prevention.

(2) The group must comply with subsection (1) of this section to be approved by the department for future enrollment.

Sec. 905. RCW 51.18.030 and 1999 c 7 s 4 are each amended to read as follows:

(1) Entities which sponsored retrospective rating groups prior to July 25, 1999, may not sponsor additional retrospective rating groups in a new business or industry category until the coverage period beginning January 1, 2003.

(2) For retrospective rating groups approved by the department on or after July 25, 1999, the sponsoring entity may not propose another retrospective rating group in a new business or industry category until the minimum mandatory adjustment periods required by the department for the first two coverage periods of the last formed retrospective rating group are completed.

(3) Subsections (1) and (2) of this section do not prohibit a sponsoring entity from proposing to:

(a) Divide an existing retrospective rating group into two or more groups provided that the proposed new groups fall within the same business or industry category as the group that is proposed to be divided; or

(b) Merge existing retrospective rating groups into one business or industry category provided that the proposed merged groups fall within the same business or industry category as the groups that are proposed to be merged.

(4) Under no circumstances may a sponsoring entity propose retrospective rating groups in multiple business or industry categories in the same application to the department.

(5) An insurer, insurance broker, agent, or solicitor may not:

(a) Participate in the formation of a retrospective rating group; or

(b) Sponsor a retrospective rating group.

(6) A sponsoring entity may not require a participating member or applicant to: (a) Agree to reenroll in the group's future coverage period, (b) maintain membership in the sponsoring entity or any other organization beyond the coverage period, which includes the three-year period during which further refunds and assessments may be made, or (c) contribute funds to the sponsoring entity or any other organization in excess of the amounts authorized by this act.

NEW SECTION. Sec. 906. A new section is added to chapter 51.18 RCW to read as follows:

2011 1ST SPECIAL SESSION

FULL DISCLOSURE OF RETRO AND NONRETRO LOSS RATIOS. With respect to refunds/subsidies made by the department to a sponsor of a retrospective rating group:

(1) If retrospective premiums, as a group, exceed retrospective developed claims, as a group, the amount refunded to retrospective agencies may not exceed the difference between premiums paid by retrospective agencies and the developed cost estimate of claims owed by retrospective agencies.

(2) If retrospective developed claims exceed retro premiums paid, the amount additionally assessed to retrospective agencies may not be less than the difference between the developed estimate of claims owed by retrospective agencies and premiums paid by retrospective agencies.

(3) The department must provide evidence and information to the public on its web site fully documenting and explaining how the retrospective refund/subsidy calculation for each reporting period was determined including complete data on retro premiums paid and developed losses and nonretrospective premiums paid and developed losses for the same period and a comparison of retro to nonretrospective premiums paid and developed losses so that the public can readily determine from the evidence and information provided that, after all retrospective refunds and assessments, the loss ratios of retro and nonretrospective employers have been properly equalized.

NEW SECTION. Sec. 907. A new section is added to chapter 51.18 RCW to read as follows:

FULL RECOVERY OF ALL OVERPAYMENTS TO RESTORE THE ACCIDENT FUND. With respect to refunds made by the department to a sponsor of a retrospective rating group:

(1) The department is required as provided in RCW 4.16.160 and 51.48.260 and WAC 296-17-90402 to accurately determine the cost of all overpayments due to the actuarial unsound accounting practiced uncovered by the 2009 Wyman actuarial report. These unsound practices are inconsistent with WAC 296-17-90402 and resulted in overpayments to retrospective groups included an annual recurring computer coding error, resulting in an estimated one hundred fifty million dollars in overpayments, an occupational disease misassignment error resulting in an estimated three hundred million dollars in overpayments, and a forty-five month adjustment limitation error resulting in an estimated fifty million dollars in overpayments.

(2) The department is required as provided in RCW 4.16.160 and 51.48.260 and WAC 296-17-90402 to collect all overpayments plus interest and restore these funds to the industrial insurance accident fund such that, for all past periods, the proportion of retrospective to nonretrospective premiums to developed claims is restored to the intended balance.

(3) No further refunds are to be issued to retro agencies until all past overpayments have been recovered and paid back to the industrial insurance accident fund with interest.

(4) A fourth retrospective adjustment period must be added at sixty months to more accurately determine long-term costs of retrospective programs and to more accurately determine the cost differences between the retrospective and nonretrospective programs.

(5) The department must adopt policies and procedures to assure greater transparency of all income and expenses of all retrospective programs.

NEW SECTION. Sec. 908. A new section is added to chapter 51.18 RCW to read as follows:

(1) The department is required to review all past retrospective refunds and submit a report to the legislature by December 1, 2011, identifying any past cases when retrospective refunds exceeded the difference between retrospective premiums paid and retrospective

developed losses and whether such refunds maintained equitable ratios compared to nonretrospective groups.

(2) The department is required to develop a plan to restore the contingency reserve to a minimum of twenty percent of basic plan liabilities within the next ten years.

NEW SECTION. Sec. 909. A new section is added to chapter 51.18 RCW to read as follows:

Any overpayment recovered pursuant to section 907 or 908 of this act must be deposited in the rainy day account created in section 601 of this act."

Renumber the remaining sections consecutively and correct any internal references accordingly.

Such organizations (shall) must use moneys from the taxes to promote events in all parts of the county.

(i) No taxes collected under this section may be used for the operation or maintenance of a public stadium that is financed directly or indirectly by bonds to which the tax is pledged. (4) If a court of competent jurisdiction declares any provision of (~~this~~) subsection (3) of this section invalid, then that invalid provision (~~shall be~~) is null and void and the remainder of this section is not affected.

Sec. 2. RCW 36.38.010 and 1999 c 165 s 20 are each amended to read as follows:

(1) Any county may by ordinance enacted by its county legislative authority, levy and fix a tax of not more than one cent on twenty cents or fraction thereof to be paid for county purposes by persons who pay an admission charge to any place, including a tax on persons who are admitted free of charge or at reduced rates to any place for which other persons pay a charge or a regular higher charge for the same or similar privileges or accommodations; and require that one who receives any admission charge to any place (~~shall~~) must collect and remit the tax to the county treasurer of the county(~~:- PROVIDED,;~~). However, no county (shall) may impose such tax on persons paying an admission to any activity of any elementary or secondary school or any public facility of a public facility district under chapter 35.57 or 36.100 RCW for which a tax is imposed under RCW 35.57.100 or 36.100.210.

(2) As used in this chapter, the term "admission charge" includes a charge made for season tickets or subscriptions, a cover charge, or a charge made for use of seats and tables, reserved or otherwise, and other similar accommodations; a charge made for food and refreshments in any place where any free entertainment, recreation, or amusement is provided; a charge made for rental or use of equipment or facilities for purpose of recreation or amusement, and where the rental of the equipment or facilities is necessary to the enjoyment of a privilege for which a general admission is charged, the combined charges (~~shall~~) must be considered as the admission charge. (~~It shall~~) Admission charge also includes any automobile parking charge where the amount of such charge is determined according to the number of passengers in any automobile.

(3) Subject to subsections (4) and (5) of this section, the tax (~~herein~~) authorized (~~shall~~) in this section is not (~~be~~) exclusive and (~~shall~~) does not prevent any city or town within the taxing county, when authorized by law, from imposing within its corporate limits a tax of the same or similar kind(~~:- PROVIDED, That~~). However, whenever the same or similar kind of tax is imposed by any such city or town, no such tax (~~shall~~) may be levied within the corporate limits of such city or town by the county.

(4) Notwithstanding subsection (3) of this section, the legislative authority of a county with a population of one million or more may exclusively levy taxes on events in baseball stadiums constructed on or after January 1, 1995, that are owned by a public

TWENTY NINTH DAY, MAY 24, 2011

facilities district under chapter 36.100 RCW and that have seating capacities over forty thousand at the rates of:

(a) Not more than one cent on twenty cents or fraction thereof, to be used for the purpose of paying the principal and interest payments on bonds issued by a county to construct a baseball stadium as defined in RCW 82.14.0485. If the revenue from the tax exceeds the amount needed for that purpose, the excess ~~((shall))~~ must be placed in a contingency fund which ~~((may only))~~ must be used ~~((to pay unanticipated capital costs on the baseball stadium, excluding any cost overruns on initial construction))~~ exclusively by the public facilities district to fund repair, reequipping, and capital improvement of the baseball stadium; and

(b) Not more than one cent on twenty cents or fraction thereof, to be used for the purpose of paying the principal and interest payments on bonds issued by a county to construct a baseball stadium as defined in RCW 82.14.0485. The tax imposed under this subsection (4)(b) ~~((shall))~~ expires when the bonds issued for the construction of the baseball stadium are retired, but not later than twenty years after the tax is first collected.

(5) Notwithstanding subsection (3) of this section, the legislative authority of a county that has created a public stadium authority to develop a stadium and exhibition center under RCW 36.102.050 may levy and fix a tax on charges for admission to events in a stadium and exhibition center, as defined in RCW 36.102.010, constructed in the county on or after January 1, 1998, that is owned by a public stadium authority under chapter 36.102 RCW. The tax ~~((shall be))~~ is exclusive and ~~((shall))~~ precludes the city or town within which the stadium and exhibition center is located from imposing a tax of the same or similar kind on charges for admission to events in the stadium and exhibition center, and ~~((shall))~~ precludes the imposition of a general county admissions tax on charges for admission to events in the stadium and exhibition center. For the purposes of this subsection, "charges for admission to events" means only the actual admission charge, exclusive of taxes and service charges and the value of any other benefit conferred by the admission. The tax authorized under this subsection ~~((shall be))~~ is at the rate of not more than one cent on ten cents or fraction thereof. Revenues collected under this subsection ~~((shall))~~ must be deposited in the stadium and exhibition center account under RCW 43.99N.060 until the bonds issued under RCW 43.99N.020 for the construction of the stadium and exhibition center are retired. After the bonds issued for the construction of the stadium and exhibition center are retired, the tax authorized under this section ~~((shall be))~~ is used exclusively to fund repair, reequipping, and capital improvement of the stadium and exhibition center. The tax under this subsection may be levied upon the first use of any part of the stadium and exhibition center but ~~((shall))~~ may not be collected at any facility already in operation as of July 17, 1997.

Sec. 3. RCW 36.100.220 and 1999 c 165 s 18 are each amended to read as follows:

(1) A public facility district may levy and fix a tax on any vehicle parking charges imposed at any parking facility that is owned or leased by the public facility district as part of a regional center, as defined in RCW 35.57.020, or a baseball stadium, as defined in RCW 82.14.0485. No county ~~((or))~~ city, or town within which the regional center or baseball stadium is located may impose a tax of the same or similar kind on any vehicle parking charges at the facility.

(2) For the purposes of this section, "vehicle parking charges" means only the actual parking charges exclusive of taxes and service charges and the value of any other benefit conferred.

(3) The tax authorized under this section ~~((shall))~~ must be at the rate of not more than ten percent. The tax authorized by this section with respect to a parking facility associated with a baseball stadium

MESSAGE FROM THE HOUSE

May 24, 2011

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5942 with the following amendment(s): 5942-S.E AMH ORMS H2907.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1. FINDINGS.** The legislature finds that it is in the public interest to seek revenue opportunities through leasing and modernizing the state's liquor warehousing and distribution facilities and related operations. The legislature finds that it is also in the public interest to conduct a competitive process to select a private sector lessee for this purpose. Nothing in this act is intended to affect the private distribution or sale of beer or wine, the operation by the state of state liquor stores, or the authority of the Washington state liquor control board to oversee, manage, and enforce state liquor sales.

NEW SECTION. **Sec. 2. COMPETITIVE PROCUREMENT.** (1) Within one hundred twenty days after the effective date of this section, the office of financial management, in consultation with the Washington state liquor control board and the liquor distribution advisory committee, must establish and conduct a competitive process for the selection of a private sector entity to lease and modernize the state's liquor warehousing and distribution facilities and related operations. The competitive process must assume that the Washington state liquor control board retains its existing exclusive retail spirits sales business, be designed to encourage the participation of private sector entities with previous wholesale distribution experience with a public partner excluding licensees engaged in the manufacture of liquor or the retail sale of liquor in the state, and be designed to encourage competition among such entities.

(2)(a) To implement the competitive process required under subsection (1) of this section, the office of financial management

2011 1ST SPECIAL SESSION

must, after consultation with the Washington state liquor control board and the liquor distribution advisory committee, request proposals for:

(i) The lease of or other contract for the entire state liquor warehousing and distribution business, including the facilities, operations, and other assets associated with the warehousing of liquor and the distribution of liquor; and

(ii) The exclusive right to warehouse spirits and to distribute spirits in the state.

(b) The request for proposals must include without limitation:

(i) A requirement that proposals demonstrate to the satisfaction of the office of financial management relevant previous experience as well as the financial capacity to perform obligations under the contract;

(ii) A requirement that proposals demonstrate, to the satisfaction of the office of financial management, a net positive financial benefit to the state and local government over the term of the proposed lease or contract taking into account: An initial up-front payment to the state during the 2011-2013 biennium; proposed profit sharing payments to the state; projected business and occupation and liquor tax revenues; and changes to retail profits generated as a result of the lease or contract. The office of financial management, in consultation with the liquor distribution advisory committee and interested stakeholders, must develop a definition and criteria on how to determine "positive financial benefit to the state and local government";

(iii) A requirement that the prevailing proponent deposit into an escrow account, within fifteen business days after the announcement of selection of that proposal and definitive resolution of any appeals to such selection, the full amount of the initial up-front payment offered in the proponent's response to the request for proposals, pending and subject to successful negotiation of a mutually acceptable lease or other contract;

(iv) A requirement that proposals include a quantified commitment to invest in capital improvements to warehousing and distribution facilities and a mechanism to ensure that such investments are timely made, consistent with requirements in a mutually acceptable lease or contract;

(v) A requirement that proposals include a commitment to assume responsibility for the costs associated with the operation of liquor warehousing and distribution;

(vi) A requirement that proposals demonstrate to the satisfaction of the office of financial management a commitment to improved distribution including without limitation logistics and delivery improvements to improve margins, ensure regularity of deliveries to state or contract liquor stores to reduce out-of-stock problems, improve service to stores located in geographically remote areas of the state, expand liquor selection, provide for bottle rather than minimum case purchasing and stocking of state or contract liquor stores, if practicable, and enable electronic funds transfer of payments;

(vii) A requirement that proposals include a commitment to offer employment to the state employees currently in positions relating to the wholesale distribution of liquor and to recognize and bargain with any existing bargaining representative of such employees with respect to terms and conditions of employment;

(viii) A requirement that the variety of brands and types of liquor available to licensees, contract liquor stores, and state liquor stores must be equal to or greater than what is being distributed by the Washington state liquor control board; and

(ix) Measurable standards for the performance of the contract.

(c) Prior to conducting the competitive process outlined in this section, the request for proposals developed by the office of financial management must be reviewed by the house and senate fiscal committees. Opportunity for public comment regarding the

THIRTIETH DAY, MAY 25, 2011

2011 1ST SPECIAL SESSION

request for proposal must be provided. The review must be completed within fourteen days of the office of financial management providing the request for proposals to the house and senate fiscal committees.

(d) The office of financial management must publicly disclose an analysis of the fiscal impacts to state and local government of each of the offers in the procurement process.

(e) After consultation with the Washington state liquor control board, local government, and the liquor distribution advisory committee, the office of financial management is authorized to recommend to the Washington state liquor control board the proposal that in the determination of the office of financial management best meets the criteria required under this subsection (2), in the best interests of the state. If, in the determination of the office of financial management, there is no proposal that meets the best interest of the state, the office of financial management must notify the Washington state liquor control board to not accept any of the proposals.

(3) Any challenge to or protest of the recommendation of the office of financial management and the acceptance by the liquor control board of the recommended proposal must be filed by a respondent that submitted a proposal with the office of financial management within five days after such recommendation and acceptance. The grounds for such challenge or protest are limited to claims that the recommendation and acceptance were arbitrary and capricious. The office of financial management must, within five days, render its decision on the protest. The respondent that filed the protest may, within five days after such decision, appeal to the superior court of Thurston county by petition setting forth objections to the decision. A copy of the petition on appeal together with a notice that an appeal has been taken must be served upon the secretary of state, the attorney general, the office of financial management, the liquor control board, and the respondent that submitted the recommended and accepted proposal. The court must accord first priority to examining the objections, may hear arguments, and must, within ten days, render its decision. The decision of the superior court is final.

NEW SECTION. Sec. 3. CONTRACT. (1) Within sixty days after the recommendation of a proposal under section 2 of this act, the Washington state liquor control board may accept that proposal and enter into a long-term contract with that entity for the lease of the business, facilities, and assets associated with the warehousing and distribution of liquor in the state. The contract must grant the exclusive right to distribute spirits in the state for the period of the contract. The contract must include enforceable performance standards and minimum financial returns to the state. The contract must provide a provision that allows the state to terminate the contract should specific performance standards or financial returns to the state not be realized. The contract must provide for a reasonable termination notification process as well as financial terms of termination should termination of contract take place.

(2) If the state receives an up-front payment of one hundred million dollars or more as a result of accepting a proposal from the procurement process in section 2 of this act, the contract must provide that the private entity place the up-front payment into irrevocable trust with the state being the beneficiary. The contract must provide that the trust be created in a manner that the state may not receive more than one-sixth of the up-front payment placed into the trust in any fiscal year.

(3) The contract must contain provisions that the Washington state liquor control board maintains the exclusive authority to select products and determine which products will be carried in state and contract liquor stores.

(4) The contract must contain provisions that the Washington state liquor control board must set the prices of liquor for sales in state and contract liquor stores as well as sales to licensees.

(5) The contract must contain a provision that any financial deficiencies or losses of the private entity contracting for the warehousing and distribution of liquor in the state must not be compensated for in any way by the state, contract stores, consumers, or licensees.

NEW SECTION. Sec. 4. (1) The director of the office of financial management must appoint a liquor distribution advisory committee. The purpose of the committee is to assist and make recommendations to the office of financial management and the Washington state liquor control board regarding the provisions of this act including, but not limited to, setting requirements for the competitive procurement process, selection of a private entity or recommendation that no entity be selected, and creating the terms of a contract with a selected private entity. The advisory committee's recommendations and assistance to the office of financial management and Washington state liquor control board in regards to the provisions of this act are advisory in nature and do not prohibit the office of financial management and Washington state liquor control board from performing their duties under this act as they deem fit.

(2) The liquor distribution advisory committee is composed of the Washington state treasurer or his or her designee, a designee from each of the two largest caucuses of the senate determined by the leaders of each caucus, and a designee from each of the two largest caucuses of the house of representatives determined by the leaders of each caucus.

NEW SECTION. Sec. 5. Contracting for services under this chapter is not subject to the processes of RCW 41.06.142 (1), (4), and (5).

NEW SECTION. Sec. 6. DEFINITIONS. For the purposes of this chapter, unless the context clearly requires otherwise:

MOTION

Senator Zarelli moved that the Senate concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 5942.

Senator Zarelli spoke in favor of the motion.

The President declared the question before the Senate to be the motion by Senator Zarelli that the Senate concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 5942.

The motion by Senator Zarelli carried and the Senate concurred in the House amendment(s) to Engrossed Substitute Senate Bill No. 5942 by voice vote.

POINT OF ORDER

Senator Tom: "Mr. President, I am asking that the President determine and announce the number of votes needed for final passage of this bill as I believe the bill will fall under the provisions of Initiative 1053 and requires a two-thirds majority vote on final passage. The bill before the body privatizes the distribution of liquor within the state and part of it requires that any person or business responding to the RFP provide certain specific information. Included in that response must be the following information: Any changes to retail profits generated as a result of the lease or contract. In part, the contract will allow the distribution of liquor into the state liquor stores and it is those stores that will experience the changes in retail profits that the bill contemplates to the extent that the award of the contract results in an increase and deposits of funds into the state general fund. The legislation creates a back-door tax therefore requiring a two-thirds vote on final passage."

Senator Zarelli spoke against the point of order.

MOTION

On motion of Senator Eide, further consideration of Engrossed Substitute Senate Bill No. 5942 was deferred and the bill held its place on the calendar.

The measure was read the second time.

MOTION

THIRTIETH DAY, MAY 25, 2011

2011 1ST SPECIAL SESSION

Senator Regala moved that the following committee striking amendment by the Committee on Ways & Means be not adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Intent. (1) The legislature finds that:

(a) Persons who have a long-term disability and apply for federal supplemental security income benefits should receive assistance while their application for federal benefits is pending, with repayment from the federal government of state-funded income assistance paid through the aged, blind, or disabled assistance program;

(b) Persons who are incapacitated from gainful employment for an extended period, but who may not meet the level of severity of a long-term disability, are at increased risk of homelessness; and

(c) Persons who are homeless and suffering from significant medical impairments, mental illness, or chemical dependency face substantial barriers to successful participation in, and completion of, needed medical or behavioral health treatment services. Stable housing increases the likelihood of compliance with and completion of treatment.

(2) Through this act, the legislature intends to:

(a) Terminate all components of the disability lifeline program created in 2010 and codified in RCW 74.04.005 and create new programs: (i) To provide financial grants through the aged, blind, and disabled assistance program and the pregnant women assistance program; and (ii) to provide services through the essential needs and housing support program; and

(b) Increase opportunities to utilize limited public funding, combined with private charitable and volunteer efforts to serve persons who are recipients of the benefits provided by the new programs created under this act.

NEW SECTION. Sec. 2. Effective October 31, 2011, the disability lifeline program, as defined under chapter 74.04 RCW, is terminated and all benefits provided under that program shall expire and cease to exist.

NEW SECTION. Sec. 3. (1)(a) Effective November 1, 2011, the aged, blind, or disabled assistance program shall provide financial grants to persons in need who:

(i) Are not eligible to receive federal aid assistance, other than basic food benefits transferred electronically and medical assistance;

(ii) Meet the eligibility requirements of subsection (3) of this section; and

(iii) Are aged, blind, or disabled. For purposes of determining eligibility for assistance for the aged, blind, or disabled assistance program, the following definitions apply:

(A) "Aged" means age sixty-five or older.

(B) "Blind" means statutorily blind as defined for the purpose of determining eligibility for the federal supplemental security income program.

(C) "Disabled" means likely to meet the federal supplemental security income disability standard. In making this determination, the department should give full consideration to the cumulative impact of an applicant's multiple impairments, an applicant's age, and vocational and educational history but need not duplicate the full five-step sequential review process set out in federal supplemental security income regulations.

In determining whether a person is disabled, the department may rely on the following:

(I) A previous disability determination by the social security administration or the disability determination service entity within the department; or

(II) A determination that an individual is eligible to receive optional categorically needy medicaid as a disabled person under the federal regulations at 42 C.F.R. Parts 435, Secs. 201(a)(3) and 210.

(b) The following persons are not eligible for the aged, blind, or disabled assistance program:

(i) Persons who are not able to engage in gainful employment due primarily to alcohol or drug addiction. These persons shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. This subsection may not be construed to prohibit the department from granting long-term disability assistance benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the long-term disability assistance program; or

(ii) Persons for whom there has been a final determination by the social security administration of ineligibility for federal supplemental security income benefits.

(c) Persons may receive aged, blind, or disabled assistance benefits pending application for federal supplemental security income benefits. The monetary value of any aged, blind, or disabled assistance benefit that is subsequently duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.

(2) Effective November 1, 2011, the pregnant women assistance program shall provide financial grants to persons who:

(a) Are not eligible to receive federal aid assistance other than basic food benefits or medical assistance; or

(b) Are pregnant and in need, based upon the current income and resource standards of the federal temporary assistance for needy families program, but are ineligible for federal temporary assistance for needy families benefits for a reason other than failure to cooperate in program requirements; and

(c) Meet the eligibility requirements of subsection (3) of this section.

(3) To be eligible for the aged, blind, or disabled assistance program under subsection (1) of this section or the pregnant women assistance program under subsection (2) of this section, a person must:

(a) Be a citizen or alien lawfully admitted for permanent residence or otherwise residing in the United States under color of law;

(b) Have furnished the department his or her social security number. If the social security number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of benefits, and the social security number shall be provided to the department upon receipt;

(c) Have not refused or failed without good cause to participate in drug or alcohol treatment if an assessment by a certified chemical dependency counselor indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in drug or alcohol dependency treatment, when needed outpatient drug or alcohol treatment is not available to the person in the county of his or her residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person; and

(d) Not have refused or failed to cooperate in obtaining federal aid assistance, without good cause.

(4) Effective November 1, 2011, referrals for essential needs and housing support under section 4 of this act shall be provided to persons found eligible for medical care services under RCW

THIRTIETH DAY, MAY 25, 2011

74.09.035 who are not recipients of alcohol and addiction services provided under chapter 74.50 RCW or are not recipients of aged, blind, or disabled assistance.

(5) No person may be considered an eligible individual for benefits under this section with respect to any month if during that month the person:

(a) Is fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or

(b) Is violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction.

(6) The department must review the cases of all persons, except recipients of alcohol and addiction treatment under chapter 74.50 RCW, or recipients of aged, blind, or disabled assistance, who have received medical care services for twelve consecutive months, and at least annually after the first review, to determine whether they are eligible for the aged, blind, or disabled assistance program.

NEW SECTION. Sec. 4. A new section is added to chapter 43.185C RCW to read as follows:

Grants to local governments and community-based organizations for essential needs and housing support. (1) The department shall distribute funds for the essential needs and housing support program established under this section in a manner consistent with the requirements of this section and the biennial operating budget. The first distribution of funds must be completed by September 1, 2011. Essential needs or housing support is only for persons found eligible for such services under section 3(4) of this act and is not considered an entitlement.

(2) The department shall distribute funds appropriated for the essential needs and housing support program in the form of grants to designated essential needs support and housing support entities within each county. The department shall not distribute any funds until it approves the expenditure plan submitted by the designated essential needs support and housing support entities. The amount of funds to be distributed pursuant to this section shall be designated in the biennial operating budget. For the sole purpose of meeting the initial distribution of funds date, the department may distribute partial funds, as provided in the biennial operating budget, upon the department's approval of a preliminary expenditure plan. The department shall not distribute the remaining funds until it has approved a final expenditure plan.

(3) As provided in the biennial operating budget, for the 2011-2013 biennium, a contingency fund shall be used solely for those clients who are at imminent risk of losing stable housing or at imminent risk of losing one of the other services defined in section 7(6) of this act. For purposes of this chapter, "imminent risk" means the client has written proof that he or she will lose his or her housing within the next thirty days or that the services will be discontinued within the next thirty days.

(4) For each county, the department shall designate an essential needs support entity and a housing support entity that will begin providing these supports to essential needs and housing support program recipients on November 1, 2011. Essential needs and housing support entities are not required to provide assistance to every essential needs and housing support recipient that is referred to the local entity or who meets the priority standards in subsection (5)(c) of this section.

(a) Each designated entity must be a local government or community-based organization, and may administer the funding for essential needs support, housing support, or both. Designated entities have the authority to subcontract with qualified entities. Upon request, and the approval of the department, two or more

counties may combine resources to more effectively deliver services.

(b) The department's designation process must include a review of proficiency in managing housing or human services programs when designating housing support entities.

(c) Within a county, if the department directly awards separate grants to the designated housing support entity and the designated essential needs support entity, the department shall determine the amount allocated for essential needs support as directed in the biennial operating budget.

(5)(a) Essential needs and housing support entities must use funds distributed under this section as flexibly as is practicable to provide essential needs items and housing support to recipients of the essential needs and housing support program, subject to the requirements of this section.

(b) Benefits provided under the essential needs and housing support program shall not be provided to recipients in the form of cash assistance.

(c) The appropriations by the legislature for the purposes of the essential needs and housing support program established under this section shall be based on forecasted program caseloads. To the extent that actual caseloads are less than forecasted, the proportional amount of the appropriation shall lapse and remain unexpended. Savings resulting from program caseload attrition from forecasted levels shall not result in increased per-client expenditures.

(d) In awarding housing support, the designated housing support entity shall provide housing support to clients who are homeless persons as defined in RCW 43.185C.010.

(e) Essential needs and housing support entities must partner with other public and private organizations to maximize the beneficial impact of funds distributed under this section, and should attempt to leverage other sources of public and private funds to serve essential needs and housing support recipients. Funds appropriated in the operating budget for essential needs and housing support must be used only to serve persons eligible to receive services under that program.

(6) The department shall use no more than five percent of the funds for administration of the essential needs and housing support program. Each essential needs and housing support entity shall use no more than seven percent of the funds for administrative expenses.

(7) The department shall:

(a) Require housing support entities to enter data into the homeless client management information system;

(b) Require essential needs support entities to report on services provided under this section;

(c) In collaboration with the department of social and health services, submit a report annually to the relevant policy and fiscal committees of the legislature. A preliminary report shall be submitted by December 31, 2011, and must include (c)(i), (iii), and (v) of this subsection. Annual reports must be submitted beginning December 1, 2012, and must include:

(i) A description of the actions the department has taken to achieve the objectives of this act;

(ii) The amount of funds used by the department to administer the program;

(iii) Information on the housing status of essential needs and housing support recipients served by housing support entities, and individuals referred for housing support by the department of social and health services, but not receiving services;

(iv) Grantee expenditure data related to administration and services provided under this section; and

(v) Efforts made to partner with other entities and leverage sources or public and private funds;

(d) Review the data submitted by the designated entities, and make recommendations for program improvements and

administrative efficiencies. The department has the authority to designate alternative entities as necessary due to performance or other significant issues. Such change must only be made after consultation with the department of social and health services and the impacted entity.

(8) The department, counties, and essential needs and housing support entities are not civilly or criminally liable and may not have any penalty or cause of action of any nature arise against them related to decisions regarding: (a) The provision or lack of provision of housing or essential needs support; or (b) the type of housing arrangement supported with funds allocated under this section, when the decision was made in good faith and in the performance of the powers and duties under this section. However, this section does not prohibit legal actions against the department, county, or essential needs or housing support entity to enforce contractual duties or obligations.

NEW SECTION. Sec. 5. A new section is added to chapter 43.185C RCW to read as follows:

The department, in collaboration with the department of social and health services, shall develop a mechanism through which the department and local governments or community-based organizations can verify a person has been determined eligible and remains eligible for medical care services under RCW 74.09.035 by the department of social and health services.

Sec. 6. RCW 74.09.035 and 2011 c 284 s 3 are each amended to read as follows:

(1) To the extent of available funds, medical care services may be provided to ((recipients of disability lifeline benefits, persons denied disability lifeline benefits under RCW 74.04.005(5)(b) or 74.04.655 who otherwise meet the requirements of RCW 74.04.005(5)(a), and recipients of alcohol and drug addiction services provided under chapter 74.50 RCW, in accordance with medical eligibility requirements established by the department.));

(a) Persons who:

(i) Are incapacitated from gainful employment by reason of bodily or mental infirmity that will likely continue for a minimum of ninety days as determined by the department. The standard for incapacity in this subsection, as evidenced by the ninety-day duration standard, is not intended to be as stringent as federal supplemental security income disability standards;

(ii) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law;

(iii) Have furnished the department their social security number. If the social security number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of benefits, and the social security number shall be provided to the department upon receipt;

(iv) Have countable income as described in RCW 74.04.005 at or below four hundred twenty-eight dollars for a married couple or at or below three hundred thirty-nine dollars for a single individual; and

(v) Do not have countable resources in excess of those described in RCW 74.04.005.

(b) Persons eligible for the aged, blind, or disabled assistance program authorized in section 3 of this act and who are not eligible for medicaid under RCW 74.09.510.

(d) The following persons are not eligible for medical care services:

(i) Persons who are unemployable due primarily to alcohol or drug addiction, except as provided in (c) of this subsection. These persons shall be referred to appropriate assessment, treatment,

shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. This subsection shall not be construed to prohibit the department from granting medical care services benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for medical care services;

(ii) Persons who refuse or fail to cooperate in obtaining federal aid assistance, without good cause;

(iii) Persons who refuse or fail without good cause to participate in drug or alcohol treatment if an assessment by a certified chemical dependency counselor indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in drug or alcohol dependency treatment, when needed outpatient drug or alcohol treatment is not available to the person in the county of his or her residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person; and

(iv) Persons who are fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or who are violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction.

(e) For purposes of determining whether a person is incapacitated from gainful employment under (a) of this subsection:

(i) The department shall adopt by rule medical criteria for incapacity determinations to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information; and

(ii) The process implementing the medical criteria shall involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

(f) For purposes of reviewing a person's continuing eligibility and in order to remain eligible for the program, persons who have been found to have an incapacity from gainful employment must demonstrate that there has been no material improvement in their medical or mental health condition. The department may discontinue benefits when there was specific error in the prior determination that found the person eligible by reason of incapitation.

(2) Enrollment in medical care services may not result in expenditures that exceed the amount that has been appropriated in the operating budget. If it appears that continued enrollment will result in expenditures exceeding the appropriated level for a particular fiscal year, the department may freeze new enrollment and establish a waiting list of ((eligible)) persons who may receive benefits only when sufficient funds are available. ((Upon implementation of a federal medicaid 1115 waiver providing federal matching funds for medical care services, persons subject to termination of disability lifeline benefits under RCW 74.04.005(5)(h) remain enrolled in medical care services and persons subject to denial of disability lifeline benefits under RCW 74.04.005(5)(h) remain eligible for medical care services.

~~(2))~~ (3) Determination of the amount, scope, and duration of medical care services shall be limited to coverage as defined by the department, except that adult dental, and routine foot care shall not be included unless there is a specific appropriation for these services.

((6) Eligibility for medical care services shall commence with the date of certification for disability lifeline benefits or the date of eligibility for alcohol and drug addiction services provided under chapter 74.50 RCW.)

(7) Eligibility for medical care services shall commence with the date of certification for medical services, date of eligibility for the aged, blind, or disabled assistance program provided under section 3 of this act, or the date of eligibility for alcohol and drug addiction services provided under chapter 74.50 RCW.

These persons shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. This subsection shall not be construed to prohibit the department from granting disability lifeline benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the disability lifeline program;

(ii) Persons who refuse or fail to cooperate in obtaining federal aid assistance, without good cause.

(d) Disability lifeline benefits shall be provided only to persons who are not members of assistance units receiving federal aid assistance, except as provided in (a) of this subsection, and who will accept available services that can reasonably be expected to enable the person to work or reduce the need for assistance unless there is good cause to refuse. Failure to accept such services shall result in termination until the person agrees to cooperate in accepting such services and subject to the following maximum periods of ineligibility after reapplication:

(i) First failure: One week;

(ii) Second failure within six months: One month;

(iii) Third and subsequent failure within one year: Two months.

(e) Persons who are likely eligible for federal supplemental security income benefits shall be moved into the disability lifeline expedited component of the disability lifeline program. Persons placed in the expedited component of the program may, if otherwise eligible, receive disability lifeline benefits pending application for federal supplemental security income benefits. The monetary value of any disability lifeline benefit that is subsequently duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.

(f) For purposes of determining whether a person is incapacitated from gainful employment under (a) of this subsection:

(i) The department shall adopt by rule medical criteria for disability lifeline incapacity determinations to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information; and

(ii) The process implementing the medical criteria shall involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

(g) Persons receiving disability lifeline benefits based upon a finding of incapacity from gainful employment who remain otherwise eligible shall have their benefits discontinued unless the recipient demonstrates no material improvement in their medical or mental health condition. The department may discontinue benefits when there was specific error in the prior determination that found the person eligible by reason of incapacitation.

(h)(i) Beginning September 1, 2010, no person who is currently receiving or becomes eligible for disability lifeline program benefits shall be eligible to receive benefits under the program for more than twenty-four months in a sixty-month period. For purposes of this subsection, months of receipt of general assistance-unemployable benefits count toward the twenty-four month limit. Months during which a person received benefits under the expedited component of the disability lifeline or general assistance program or under the aged, blind, or disabled component of the disability lifeline or

general assistance program shall not be included when determining whether a person has been receiving benefits for more than twenty-four months. On or before July 1, 2010, the department must review the cases of all persons who have received disability lifeline benefits or general assistance unemployable benefits for at least twenty months as of that date. On or before September 1, 2010, the department must review the cases of all remaining persons who have received disability lifeline benefits for at least twelve months as of that date. The review should determine whether the person meets the federal supplemental security income disability standard and, if the person does not meet that standard, whether the receipt of additional services could lead to employability. If a need for additional services is identified, the department shall provide case management services, such as assistance with arranging transportation or locating stable housing, that will facilitate the person's access to needed services. A person may not be determined ineligible due to exceeding the time limit unless he or she has received a case review under this subsection finding that the person does not meet the federal supplemental security income disability standard.

(ii) The time limits established under this subsection expire June 30, 2013.

(i) No person may be considered an eligible individual for disability lifeline benefits with respect to any month if during that month the person:

(i) Is fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or

In addition, for cash assistance the department may disregard income pursuant to RCW 74.08A.230 and 74.12.350.

(b) If, under applicable federal requirements, the state has the option of considering property in the form of lump sum compensatory awards or related settlements received by an applicant or recipient as income or as a resource, the department shall consider such property to be a resource.

(3) This section applies to any law or program relating to payments, allowances, benefits, or services provided on a means-tested basis by this state including, but not limited to, optional state supplements to the federal supplemental security income program, low-income energy assistance, property tax relief, ((~~disability lifeline benefits~~)) aged, blind, or disabled assistance benefits, pregnant women assistance benefits, essential needs and housing support, and medical assistance only to the extent this section does not conflict with Title 19 of the federal social security act.

Sec. 16. RCW 70.123.110 and 2010 1st sp.s. c 8 s 16 are each amended to read as follows:

((~~Disability lifeline~~)) Aged, blind, or disabled assistance benefits, essential needs and housing support benefits, pregnant women assistance benefits, or temporary assistance for needy families payments shall be made to otherwise eligible individuals who are residing in a secure shelter, a housing network or other shelter facility which provides shelter services to persons who are victims of domestic violence. Provisions shall be made by the

Sec. 17. RCW 73.08.005 and 2010 1st sp.s. c 8 s 17 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Direct costs" includes those allowable costs that can be readily assigned to the statutory objectives of this chapter, consistent with the cost principles promulgated by the federal office of management and budget in circular No. A-87, dated May 10, 2004.

(2) "Family" means the spouse or domestic partner, surviving spouse, surviving domestic partner, and dependent children of a living or deceased veteran.

(3) "Indigent" means a person who is defined as such by the county legislative authority using one or more of the following definitions:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, ~~((disability lifeline))~~ aged, blind, or disabled assistance benefits, pregnant women assistance benefits, poverty-related veterans' benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicaid, medical care services, or supplemental security income;

(b) Receiving an annual income, after taxes, of up to one hundred fifty percent or less of the current federally established poverty level, or receiving an annual income not exceeding a higher qualifying income established by the county legislative authority; or

(c) Unable to pay reasonable costs for shelter, food, utilities, and transportation because his or her available funds are insufficient.

(4) "Indirect costs" includes those allowable costs that are generally associated with carrying out the statutory objectives of this chapter, but the identification and tracking of those costs cannot be readily assigned to a specific statutory objective without an accounting effort that is disproportionate to the benefit received. A county legislative authority may allocate allowable indirect costs to its veterans' assistance fund if it is accomplished in a manner consistent with the cost principles promulgated by the federal office of management and budget in circular No. A-87, dated May 10, 2004.

(5) "Veteran" has the same meaning as defined in RCW 41.04.005 and 41.04.007, and includes a current member of the national guard or armed forces reserves who has been deployed to serve in an armed conflict.

(6) "Veterans' advisory board" means a board established by a county legislative authority under the authority of RCW 73.08.035.

(7) "Veterans' assistance fund" means an account in the custody of the county auditor, or the chief financial officer in a county operating under a charter, that is funded by taxes levied under the authority of RCW 73.08.080.

(8) "Veterans' assistance program" means a program approved by the county legislative authority under the authority of RCW 73.08.010 that is fully or partially funded by the veterans' assistance fund authorized by RCW 73.08.080.

Sec. 18. RCW 74.04.0052 and 2010 1st sp.s. c 8 s 18 are each amended to read as follows:

(1) The department shall determine, after consideration of all relevant factors and in consultation with the applicant, the most appropriate living situation for applicants under eighteen years of age, unmarried, and pregnant who are eligible for ~~((disability lifeline))~~ benefits under sections 3 and 4 of this act. An appropriate living situation shall include a place of residence that is maintained by the applicant's parents, parent, legal guardian, or other adult relative as their or his or her own home and that the department finds would provide an appropriate supportive living arrangement. It also includes a living situation maintained by an agency that is

2011 1ST SPECIAL SESSION

licensed under chapter 74.15 RCW that the department finds would provide an appropriate supportive living arrangement. Grant assistance shall not be provided under this chapter if the applicant does not reside in the most appropriate living situation, as determined by the department.

(2) A pregnant minor residing in the most appropriate living situation, as provided under subsection (1) of this section, is presumed to be unable to manage adequately the funds paid to the minor or on behalf of the dependent child or children and, unless the minor provides sufficient evidence to rebut the presumption, shall be subject to the protective payee requirements provided for under RCW 74.12.250 and 74.08.280.

(3) The department shall consider any statements or opinions by either parent of the unmarried minor parent or pregnant minor applicant as to an appropriate living situation for the minor, whether in the parental home or other situation. If the parents or a parent of the minor request, they or he or she shall be entitled to a hearing in juvenile court regarding designation of the parental home or other relative placement as the most appropriate living situation for the pregnant or parenting minor.

The department shall provide the parents or parent with the opportunity to make a showing that the parental home, or home of the other relative placement, is the most appropriate living situation. It shall be presumed in any administrative or judicial proceeding conducted under this subsection that the parental home or other relative placement requested by the parents or parent is the most appropriate living situation. This presumption is rebuttable.

(4) In cases in which the minor is unmarried and unemployed, the department shall, as part of the determination of the appropriate living situation, provide information about adoption including referral to community-based organizations providing counseling.

(5) For the purposes of this section, "most appropriate living situation" shall not include a living situation including an adult male who fathered the qualifying child and is found to meet the elements of rape of a child as set forth in RCW 9A.44.079.

Sec. 19. RCW 74.04.225 and 2010 1st sp.s. c 8 s 2 are each amended to read as follows:

The secretary of the department of social and health services shall act as the executive branch sponsor of the portal planning process. Under the leadership of the secretary, the department shall:

(a) Identify and select an appropriate solution and acquisition approach to integrate technology systems to create a user-friendly electronic tool for Washington residents to apply for benefits;

(b) Facilitate the adaptation of state information technology systems to allow applications generated through the opportunity portal and other compatible electronic application systems to seamlessly link to appropriate state information systems;

(c) Ensure that the portal provides access to a broad array of state, federal, and local services, including but not limited to: Health care services, higher education financial aid, tax credits, civic engagement, nutrition assistance, energy assistance, family support, and ~~((disability lifeline benefits))~~ the programs under sections 3 and 4 of this act and as defined in RCW 10.101.010, 13.34.030, ~~((43.330.175,))~~ 70.96A.530, 74.04.005, 74.04.652, 74.04.655, 74.04.657, and ~~((74.04.810))~~ sections 1 through 3 and 7 of this act;

banks, state agencies, early childhood education sites, and labor unions;

(f) Ensure project resources maximize available federal and private funds for development and initial operation of the opportunity portal. Any incidental costs to state agencies shall be derived from existing resources. This subsection does not obligate or preclude the appropriation of future state funding for the opportunity portal;

(g) Determine the solution and acquisition approach by June 1, 2010.

(2) By December 1, 2011, and annually thereafter, the department of social and health services shall report to the legislature and governor. The report shall include data and information on implementation and outcomes of the opportunity portal, including any increases in the use of public benefits and increases in federal funding.

(3) The department shall develop a plan for implementing paperless application processes for the services included in the opportunity portal for which the electronic exchange of application information is possible. The plan should include a goal of achieving, to the extent possible, the transition of these services to paperless application processes by July 1, 2012. The plan must comply with federal statutes and regulations and must allow applicants to submit applications by alternative means to ensure that access to benefits will not be restricted.

(4) To the extent that the department enters into a contractual relationship to accomplish the purposes of this section, such contract or contracts shall be performance-based.

Sec. 20. RCW 74.04.230 and 2010 1st sp.s. c 8 s 20 are each amended to read as follows:

Persons eligible for ~~((disability lifeline))~~ medical care services benefits are eligible for mental health services to the extent that they meet the client definitions and priorities established by chapter 71.24 RCW.

(4) Any agreement between the department and a supplemental security income applicant providing for the reimbursement of interim assistance to the department shall provide, if the applicant has been represented by an attorney, that twenty-five percent of the reimbursement received shall be withheld by the department and all or such portion thereof as has been approved as a fee by the United States department of health and human services shall be released

directly to the applicant's attorney. The secretary may maintain such records as are deemed appropriate to measure the cost and effectiveness of such agreements and may make recommendations concerning the continued use of such agreements to the legislature.

Sec. 23. RCW 74.04.652 and 2010 1st sp.s. c 8 s 7 are each amended to read as follows:

(1) To ensure that persons who are likely eligible for supplemental security income benefits are transitioned from ~~((disability lifeline benefits to disability lifeline expedited))~~ the essential needs and housing support program to the aged, blind or disabled assistance program, and the medicaid program, and then to the supplemental security income program as quickly as practicable, the department shall implement the early supplemental security income transition project starting in King, Pierce, and Spokane counties no later than July 1, 2010, and extending statewide no later than October 1, 2011. The program shall be implemented through performance-based contracts with managed health care systems providing medical care services under RCW 74.09.035 or other qualified entities. (a) The entities with whom the department contracts to provide the program shall be responsible for:

(ii) Immediately sharing the results of the disability screening with the department;

(iii) Managing ~~((disability lifeline))~~ aged, blind, or disabled assistance incapacity evaluation examinations to provide timely access to needed medical and behavioral health evaluations and standardizing health care providers' conduct of incapacity evaluations. The department may obtain medical evidence and other relevant information from sources other than the contracted entity if such evidence is available at the time of a person's application for disability lifeline benefits and is sufficient to support a determination that the person is incapacitated;

(iv) Maintaining a centralized appointment and clinical data system; and

(v) Assisting persons receiving ~~((disability lifeline benefits))~~ medical care services benefits, except recipients of alcohol and addiction treatment under chapter 74.50 RCW, with obtaining additional medical or behavioral health examinations needed to meet the disability standard for federal supplemental security income benefits and with submission of applications for supplemental security income benefits.

(ii) Making timely determinations that a person receiving ~~((disability lifeline benefits))~~ medical care services benefits, except recipients of alcohol and addiction treatment under chapter 74.50 RCW, is likely eligible for supplemental security income based on medical evidence and other relevant information provided by a contracted entity, and immediately referring such persons to a contracted entity for services;

(iii) Developing standardized procedures for sharing data and information with the contracted entities to ensure timely

THIRTIETH DAY, MAY 25, 2011

identification of clients who have not been transferred to the ~~((disability lifeline expedited))~~ aged, blind, or disabled assistance program within four months of their date of application, but who may, upon further review, be appropriately transferred to that program;

(iv) Providing case management, in partnership with the managed health care system or contracted entity, to support persons' transition to federal supplemental security income and medicaid benefits; and

(v) Identifying a savings determination methodology, in consultation with the contracted entities, the office of financial management, and the legislature, on or before implementation of the project.

(2) Early supplemental security income transition project contracts shall include the following performance goals:

(a) Persons receiving ~~((disability lifeline benefits))~~ medical care services benefits, except recipients of alcohol and addiction treatment under chapter 74.50 RCW, should be screened within thirty days of entering the program to determine the propriety of their transfer to the ~~((disability lifeline expedited))~~ aged, blind, or disabled assistance program; and

(b) Seventy-five percent of persons receiving ~~((disability lifeline benefits))~~ medical care services benefits, except recipients of alcohol and addiction treatment under chapter 74.50 RCW, that appear likely to qualify for supplemental security income benefits shall be transferred to the ~~((disability lifeline expedited))~~ aged, blind, or disabled assistance program within four months of their application for disability lifeline benefits.

(3) The initial focus of the efforts of the early supplemental security income transition project shall be on persons who have been receiving ~~((disability lifeline or general assistance unemployable benefits))~~ medical care services, except recipients of alcohol and addiction treatment under chapter 74.50 RCW or aged, blind, or disabled assistance, for twelve or more months ~~((as of September 1, 2010))~~.

(4) No later than December 1, 2011, the department shall report to the governor and appropriate policy and fiscal committees on whether the early supplemental security income transition project performance goals in subsection (2) of this section were met, including the reasons those goals were or were not met.

(5) Pursuant to RCW 41.06.142(3), performance-based contracting under this section is expressly mandated by the legislature and is not subject to the processes set forth in RCW 41.06.142 (1), (4), and (5).

The statewide expansion of the program under this section shall be considered expressly mandated by the legislature and not be subject to the provisions of RCW 41.06.142 (1), (4), and (5).

Sec. 24. RCW 74.04.655 and 2010 1st sp.s. c 8 s 5 are each amended to read as follows:

(1) The economic services administration shall work jointly with the division of vocational rehabilitation to develop an assessment tool that must be used to determine whether the programs offered by the division of vocational rehabilitation could assist persons receiving ~~((disability lifeline))~~ benefits under sections 3 and 4 of this act in returning to the workforce. The assessment tool shall be completed no later than December 1, 2010. The economic services administration shall begin using the tool no later than January 1, 2011. No later than December 30, 2011, the department shall report on the use of the tool and to what extent the programs offered by the division of vocational rehabilitation have been successful in returning persons receiving disability lifeline benefits to the workforce.

2011 1ST SPECIAL SESSION

offered by the division of vocational rehabilitation. If the assessment indicates that the person might benefit, the economic services administration shall make a referral to the division of vocational rehabilitation. If the person is found eligible for a program with the division of vocational rehabilitation, he or she must participate in that program to remain eligible for the monthly stipend and housing voucher or a cash grant. If the person refuses to participate or does not complete the program, the department shall terminate the cash stipend and housing voucher or cash grant but may not terminate medical coverage and food benefits.

During the application process for ~~((disability lifeline))~~ benefits under sections 3 and 4 of this act, the department shall inquire of each applicant whether he or she has ever served in the United States military service. If the applicant answers in the affirmative, the department shall confer with a veterans benefit specialist with the Washington state department of veterans affairs or a contracted veterans service officer in the community to determine whether the applicant is eligible for any benefits or programs offered to veterans by either the state or the federal government.

Sec. 26. RCW 74.04.770 and 2010 1st sp.s. c 8 s 23 are each amended to read as follows:

The department shall establish consolidated standards of need each fiscal year which may vary by geographical areas, program, and family size, for temporary assistance for needy families, refugee assistance, supplemental security income, and ~~((disability lifeline))~~ benefits under section 3 of this act. Standards for temporary assistance for needy families, refugee assistance, and ~~((disability lifeline))~~ benefits under section 3 of this act shall be based on studies of actual living costs and generally recognized inflation indices and shall include reasonable allowances for shelter, fuel, food, transportation, clothing, household maintenance and operations, personal maintenance, and necessary incidentals. The standard of need may take into account the economies of joint living arrangements, but unless explicitly required by federal statute, there shall not be proration of any portion of assistance grants unless the amount of the grant standard is equal to the standard of need.

The department is authorized to establish rateable reductions and grant maximums consistent with federal law.

Payment level will be equal to need or a lesser amount if rateable reductions or grant maximums are imposed. In no case shall a recipient of supplemental security income receive a state supplement less than the minimum required by federal law.

The department may establish a separate standard for shelter provided at no cost.

Sec. 27. RCW 74.08.043 and 2010 1st sp.s. c 8 s 24 are each amended to read as follows:

In determining the living requirements of otherwise eligible applicants and recipients of supplemental security income and ~~((disability lifeline))~~ benefits under sections 3 and 4 of this act, the department is authorized to consider the need for personal and special care and supervision due to physical and mental conditions.

The secretary may establish such a fund with the approval of the state auditor from moneys appropriated to the department for the payment of ~~((disability lifeline))~~ benefits under section 3 of this act in a sum not to exceed one million dollars. Such funds shall be deposited as

THIRTIETH DAY, MAY 25, 2011

2011 1ST SPECIAL SESSION

agreed upon by the secretary and the state auditor in accordance with the laws regulating the deposits of public funds. Such security shall be required of the depository in connection with the fund as the state treasurer may prescribe. Moneys remaining in the fund shall be returned to the general fund at the end of the biennium, or an accounting of proper expenditures from the fund shall be made to the state auditor. All expenditures from such central operating fund shall be reimbursed out of and charged to the proper program appropriated by the use of such forms and vouchers as are approved by the secretary of the department and the state auditor. Expenditures from such fund shall be audited by the director of financial management and the state auditor from time to time and a report shall be made by the state auditor and the secretary as are required by law.

Temporary assistance for needy families and ~~((disability lifeline))~~ benefits under sections 3 and 4 of this act shall not be granted to any person who has made an assignment or transfer of property for the purpose of rendering himself or herself eligible for the assistance. There is a rebuttable presumption that a person who has transferred or transfers any real or personal property or any interest in property within two years of the date of application for the assistance without receiving adequate monetary consideration therefor, did so for the purpose of rendering himself or herself eligible for the assistance. Any person who transfers property for the purpose of rendering himself or herself eligible for assistance, or any person who after becoming a recipient transfers any property or any interest in property without the consent of the secretary, shall be ineligible for assistance for a period of time during which the reasonable value of the property so transferred would have been adequate to meet the person's needs under normal conditions of living: PROVIDED, That the secretary is hereby authorized to allow exceptions in cases where undue hardship would result from a denial of assistance.

Sec. 30. RCW 74.08A.210 and 2010 1st sp.s. c 8 s 27 are each amended to read as follows:

(1) In order to prevent some families from developing dependency on temporary assistance for needy families, the department shall make available to qualifying applicants a diversion program designed to provide brief, emergency assistance for families in crisis whose income and assets would otherwise qualify them for temporary assistance for needy families.

(2) Diversion assistance may include cash or vouchers in payment for the following needs:

- (a) Child care;
- (b) Housing assistance;
- (c) Transportation-related expenses;
- (d) Food;
- (e) Medical costs for the recipient's immediate family;
- (f) Employment-related expenses which are necessary to keep or obtain paid unsubsidized employment.

(3) Diversion assistance is available once in each twelve-month period for each adult applicant. Recipients of diversion assistance are not included in the temporary assistance for needy families program.

(4) Diversion assistance may not exceed one thousand five hundred dollars for each instance.

(5) To be eligible for diversion assistance, a family must otherwise be eligible for temporary assistance for needy families.

(6) Families ineligible for temporary assistance for needy families or ~~((disability lifeline))~~ benefits under section 3 of this act due to sanction, noncompliance, the lump sum income rule, or any other reason are not eligible for diversion assistance.

(7) Families must provide evidence showing that a bona fide need exists according to subsection (2) of this section in order to be eligible for diversion assistance.

An adult applicant may receive diversion assistance of any type no more than once per twelve-month period. If the recipient of diversion assistance is placed on the temporary assistance for needy families program within twelve months of receiving diversion assistance, the prorated dollar value of the assistance shall be treated as a loan from the state, and recovered by deduction from the recipient's cash grant.

Sec. 31. RCW 74.08A.440 and 2010 1st sp.s. c 8 s 32 are each amended to read as follows:

Recipients exempted from active work search activities due to incapacity or a disability shall receive ~~((disability lifeline))~~ services for which they are eligible, including aged, blind, or disabled assistance benefits as they relate to the facilitation of enrollment in the federal supplemental security income program, referrals to essential needs and housing support benefits, access to chemical dependency treatment, referrals to vocational rehabilitation, and other services needed to assist the recipient in becoming employable. ~~((Disability lifeline))~~ Aged, blind, or disabled assistance and essential needs and housing support benefits shall not supplant cash assistance and other services provided through the temporary assistance for needy families program. To the greatest extent possible, services shall be funded through the temporary assistance for needy families appropriations.

Sec. 32. RCW 74.09.555 and 2010 1st sp.s. c 8 s 30 are each amended to read as follows:

(1) The department shall adopt rules and policies providing that when persons with a mental disorder, who were enrolled in medical assistance immediately prior to confinement, are released from confinement, their medical assistance coverage will be fully reinstated on the day of their release, subject to any expedited review of their continued eligibility for medical assistance coverage that is required under federal or state law.

(2) The department, in collaboration with the Washington association of sheriffs and police chiefs, the department of corrections, and the regional support networks, shall establish procedures for coordination between department field offices, institutions for mental disease, and correctional institutions, as defined in RCW 9.94.049, that result in prompt reinstatement of eligibility and speedy eligibility determinations for persons who are likely to be eligible for medical assistance services upon release from confinement. Procedures developed under this subsection must address:

(a) Mechanisms for receiving medical assistance services applications on behalf of confined persons in anticipation of their release from confinement;

(b) Expedient review of applications filed by or on behalf of confined persons and, to the extent practicable, completion of the review before the person is released;

(c) Mechanisms for providing medical assistance services identity cards to persons eligible for medical assistance services immediately upon their release from confinement; and

(d) Coordination with the federal social security administration, through interagency agreements or otherwise, to expedite processing of applications for federal supplemental security income or social security disability benefits, including federal acceptance of applications on behalf of confined persons.

(3) Where medical or psychiatric examinations during a person's confinement indicate that the person is disabled, the correctional institution or institution for mental diseases shall provide the department with that information for purposes of making medical assistance eligibility and enrollment determinations prior to the person's release from confinement. The department

THIRTIETH DAY, MAY 25, 2011

shall, to the maximum extent permitted by federal law, use the examination in making its determination whether the person is disabled and eligible for medical assistance.

(4) For purposes of this section, "confined" or "confinement" means incarcerated in a correctional institution, as defined in RCW 9.94.049, or admitted to an institute for mental disease, as defined in 42 C.F.R. part 435, Sec. 1009 on July 24, 2005.

(5) For purposes of this section, "likely to be eligible" means that a person:

(b) Was enrolled in medicaid or supplemental security income or the ((~~disability~~ ~~lifeline~~)) medical care services program at any time during the five years before his or her confinement, and medical or psychiatric examinations during the person's confinement indicate that the person continues to be disabled and the disability is likely to last at least twelve months following release.

(6) The economic services administration shall adopt standardized statewide screening and application practices and forms designed to facilitate the application of a confined person who is likely to be eligible for medicaid.

Sec. 33. RCW 74.50.060 and 2010 1st sp.s. c 8 s 31 are each amended to read as follows:

This may include supervised domiciliary facilities operated under the auspices of public or private agencies. No facility under contract to the department shall allow the consumption of alcoholic beverages on the premises. The department may contract with counties and cities for such shelter services. To the extent possible, the department shall not displace existing emergency shelter beds for use as shelter under this chapter. In areas of the state in which it is not feasible to develop shelters, due to low numbers of people needing shelter services, or in which sufficient numbers of shelter beds are not available, the department may provide shelter through an intensive protective payee program, unless the department grants an exception on an individual basis for less intense supervision.

((2) Persons continuously eligible for the disability lifeline program since July 25, 1987, who transfer to the program established by this chapter, have the option to continue their present living situation, but only through a protective payee.))

MOTION

Senator Regala moved that the following striking amendment by Senators Regala and Zarelli be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Intent. (1) The legislature finds that:

(a) Persons who have a long-term disability and apply for federal supplemental security income benefits should receive assistance while their application for federal benefits is pending, with repayment from the federal government of state-funded income assistance paid through the aged, blind, or disabled assistance program;

(b) Persons who are incapacitated from gainful employment for an extended period, but who may not meet the level of severity of a long-term disability, are at increased risk of homelessness; and

(c) Persons who are homeless and suffering from significant medical impairments, mental illness, or chemical dependency face substantial barriers to successful participation in, and completion of, needed medical or behavioral health treatment services. Stable housing increases the likelihood of compliance with and completion of treatment.

(2) Through this act, the legislature intends to:

(a) Terminate all components of the disability lifeline program created in 2010 and codified in RCW 74.04.005 and create new programs: (i) To provide financial grants through the aged, blind, and disabled assistance program and the pregnant women assistance program; and (ii) to provide services through the essential needs and housing support program; and

(b) Increase opportunities to utilize limited public funding, combined with private charitable and volunteer efforts to serve persons who are recipients of the benefits provided by the new programs created under this act.

THIRTIETH DAY, MAY 25, 2011

2011 1ST SPECIAL SESSION

NEW SECTION. Sec. 2. Effective October 31, 2011, the disability lifeline program, as defined under chapter 74.04 RCW, is terminated and all benefits provided under that program shall expire and cease to exist.

NEW SECTION. Sec. 3. (1)(a) Effective November 1, 2011, the aged, blind, or disabled assistance program shall provide financial grants to persons in need who:

(i) Are not eligible to receive federal aid assistance, other than basic food benefits transferred electronically and medical assistance;

(ii) Meet the eligibility requirements of subsection (3) of this section; and

(iii) Are aged, blind, or disabled. For purposes of determining eligibility for assistance for the aged, blind, or disabled assistance program, the following definitions apply:

(A) "Aged" means age sixty-five or older.

(B) "Blind" means statutorily blind as defined for the purpose of determining eligibility for the federal supplemental security income program.

(C) "Disabled" means likely to meet the federal supplemental security income disability standard. In making this determination, the department should give full consideration to the cumulative impact of an applicant's multiple impairments, an applicant's age, and vocational and educational history.

In determining whether a person is disabled, the department may rely on the following:

(I) A previous disability determination by the social security administration or the disability determination service entity within the department; or

(II) A determination that an individual is eligible to receive optional categorically needy medicaid as a disabled person under the federal regulations at 42 C.F.R. Parts 435, Secs. 201(a)(3) and 210.

(b) The following persons are not eligible for the aged, blind, or disabled assistance program:

(i) Persons who are not able to engage in gainful employment due primarily to alcohol or drug addiction. These persons shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. This subsection may not be construed to prohibit the department from granting aged, blind, or disabled assistance benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the aged, blind, or disabled assistance program; or

(ii) Persons for whom there has been a final determination of ineligibility for federal supplemental security income benefits.

(c) Persons may receive aged, blind, or disabled assistance benefits pending application for federal supplemental security income benefits. The monetary value of any aged, blind, or disabled assistance benefit that is subsequently duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.

(2) Effective November 1, 2011, the pregnant women assistance program shall provide financial grants to persons who:

(a) Are not eligible to receive federal aid assistance other than basic food benefits or medical assistance; and

(b) Are pregnant and in need, based upon the current income and resource standards of the federal temporary assistance for needy families program, but are ineligible for federal temporary assistance for needy families benefits for a reason other than failure to cooperate in program requirements; and

(c) Meet the eligibility requirements of subsection (3) of this section.

(3) To be eligible for the aged, blind, or disabled assistance program under subsection (1) of this section or the pregnant women assistance program under subsection (2) of this section, a person must:

(a) Be a citizen or alien lawfully admitted for permanent residence or otherwise residing in the United States under color of law;

(b) Have furnished the department his or her social security number. If the social security number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of benefits, and the social security number shall be provided to the department upon receipt;

(c) Have not refused or failed without good cause to participate in drug or alcohol treatment if an assessment by a certified chemical dependency counselor indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in drug or alcohol dependency treatment, when needed outpatient drug or alcohol treatment is not available to the person in the county of his or her residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person; and

(d) Not have refused or failed to cooperate in obtaining federal aid assistance, without good cause.

(4) Effective November 1, 2011, referrals for essential needs and housing support under section 4 of this act shall be provided to persons found eligible for medical care services under RCW 74.09.035 who are not recipients of alcohol and addiction services provided under chapter 74.50 RCW or are not recipients of aged, blind, or disabled assistance.

(5) No person may be considered an eligible individual for benefits under this section with respect to any month if during that month the person:

(a) Is fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or

(b) Is violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction.

(6) The department must review the cases of all persons, except recipients of alcohol and addiction treatment under chapter 74.50 RCW, or recipients of aged, blind, or disabled assistance, who have received medical care services for twelve consecutive months, and at least annually after the first review, to determine whether they are eligible for the aged, blind, or disabled assistance program.

NEW SECTION. Sec. 4. A new section is added to chapter 43.185C RCW to read as follows:

Grants to local governments and community-based organizations for essential needs and housing support.

(1) The department shall distribute funds for the essential needs and housing support program established under this section in a manner consistent with the requirements of this section and the biennial operating budget. The first distribution of funds must be completed by September 1, 2011. Essential needs or housing support is only for persons found eligible for such services under section 3(4) of this act and is not considered an entitlement.

(2) The department shall distribute funds appropriated for the essential needs and housing support program in the form of grants to designated essential needs support and housing support entities within each county. The department shall not distribute any funds until it approves the expenditure plan submitted by the designated essential needs support and housing support entities. The amount

THIRTIETH DAY, MAY 25, 2011

of funds to be distributed pursuant to this section shall be designated in the biennial operating budget. For the sole purpose of meeting the initial distribution of funds date, the department may distribute partial funds upon the department's approval of a preliminary expenditure plan. The department shall not distribute the remaining funds until it has approved a final expenditure plan.

(3)(a) During the 2011-2013 biennium, in awarding housing support that is not funded through the contingency fund in this subsection, the designated housing support entity shall provide housing support to clients who are homeless persons as defined in RCW 43.185C.010. As provided in the biennial operating budget for the 2011-2013 biennium, a contingency fund shall be used solely for those clients who are at substantial risk of losing stable housing or at substantial risk of losing one of the other services defined in section 7(6) of this act. For purposes of this chapter, "substantial risk" means the client has provided documentation that he or she will lose his or her housing within the next thirty days or that the services will be discontinued within the next thirty days.

(b) After July 1, 2013, the designated housing support entity shall give first priority to clients who are homeless persons as defined in RCW 43.185C.010 and second priority to clients who would be at substantial risk of losing stable housing without housing support.

(4) For each county, the department shall designate an essential needs support entity and a housing support entity that will begin providing these supports to medical care services program recipients on November 1, 2011. Essential needs and housing support entities are not required to provide assistance to every medical care services recipient that is referred to the local entity or who meets the priority standards in subsection (3) of this section.

(a) Each designated entity must be a local government or community-based organization, and may administer the funding for essential needs support, housing support, or both. Designated entities have the authority to subcontract with qualified entities. Upon request, and the approval of the department, two or more counties may combine resources to more effectively deliver services.

(b) The department's designation process must include a review of proficiency in managing housing or human services programs when designating housing support entities.

(c) Within a county, if the department directly awards separate grants to the designated housing support entity and the designated essential needs support entity, the department shall determine the amount allocated for essential needs support as directed in the biennial operating budget.

(5)(a) Essential needs and housing support entities must use funds distributed under this section as flexibly as is practicable to provide essential needs items and housing support to recipients of the essential needs and housing support program, subject to the requirements of this section.

(b) Benefits provided under the essential needs and housing support program shall not be provided to recipients in the form of cash assistance.

(c) The appropriations by the legislature for the purposes of the essential needs and housing support program established under this section shall be based on forecasted program caseloads. The caseload forecast council shall provide a courtesy forecast of the medical care services recipient population that is homeless or is included in reporting under subsection (7)(c)(iii) of this section. The department may move funds between entities or between counties to reflect actual caseload changes. In doing so, the department must: (i) Develop a process for reviewing the caseload of designated essential needs and housing support entities, and for redistributing grant funds from those entities experiencing reduced actual caseloads to those with increased actual caseloads; and (ii)

inform all designated entities of the redistribution process. Savings resulting from program caseload attrition from the essential needs and housing support program shall not result in increased per-client expenditures.

(d) Essential needs and housing support entities must partner with other public and private organizations to maximize the beneficial impact of funds distributed under this section, and should attempt to leverage other sources of public and private funds to serve essential needs and housing support recipients. Funds appropriated in the operating budget for essential needs and housing support must be used only to serve persons eligible to receive services under that program.

(6) The department shall use no more than five percent of the funds for administration of the essential needs and housing support program. Each essential needs and housing support entity shall use no more than seven percent of the funds for administrative expenses.

(7) The department shall:

(a) Require housing support entities to enter data into the homeless client management information system;

(b) Require essential needs support entities to report on services provided under this section;

(c) In collaboration with the department of social and health services, submit a report annually to the relevant policy and fiscal committees of the legislature. A preliminary report shall be submitted by December 31, 2011, and must include (c)(i), (iii), and (v) of this subsection. Annual reports must be submitted beginning December 1, 2012, and must include:

(i) A description of the actions the department has taken to achieve the objectives of this act;

(ii) The amount of funds used by the department to administer the program;

(iii) Information on the housing status of essential needs and housing support recipients served by housing support entities, and individuals who have requested housing support but did not receive housing support;

(iv) Grantee expenditure data related to administration and services provided under this section; and

(v) Efforts made to partner with other entities and leverage sources of public and private funds;

(d) Review the data submitted by the designated entities, and make recommendations for program improvements and administrative efficiencies. The department has the authority to designate alternative entities as necessary due to performance or other significant issues. Such change must only be made after consultation with the department of social and health services and the impacted entity.

(8) The department, counties, and essential needs and housing support entities are not civilly or criminally liable and may not have any penalty or cause of action of any nature arise against them related to decisions regarding: (a) The provision or lack of provision of housing or essential needs support; or (b) the type of housing arrangement supported with funds allocated under this section, when the decision was made in good faith and in the performance of the powers and duties under this section. However, this section does not prohibit legal actions against the department, county, or essential needs or housing support entity to enforce contractual duties or obligations.

NEW SECTION. Sec. 5. A new section is added to chapter 43.185C RCW to read as follows:

The department, in collaboration with the department of social and health services, shall develop a mechanism through which the department and local governments or community-based organizations can verify a person has been determined eligible and remains eligible for medical care services under RCW 74.09.035 by the department of social and health services.

THIRTIETH DAY, MAY 25, 2011

2011 1ST SPECIAL SESSION

Sec. 6. RCW 74.09.035 and 2011 c 284 s 3 are each amended to read as follows:

(a) Persons who:

(i) Are incapacitated from gainful employment by reason of bodily or mental infirmity that will likely continue for a minimum of ninety days as determined by the department. The standard for incapacity in this subsection, as evidenced by the ninety-day duration standard, is not intended to be as stringent as federal supplemental security income disability standards;

(ii) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law;

(iii) Have furnished the department their social security number. If the social security number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of benefits, and the social security number shall be provided to the department upon receipt;

(v) Do not have countable resources in excess of those described in RCW 74.04.005.

(b) Persons eligible for the aged, blind, or disabled assistance program authorized in section 3 of this act and who are not eligible for medicaid under RCW 74.09.510.

(c) Persons eligible for alcohol and drug addiction services provided under chapter 74.50 RCW, in accordance with medical eligibility requirements established by the department.

(d) The following persons are not eligible for medical care services:

(i) Persons who are unemployable due primarily to alcohol or drug addiction, except as provided in (c) of this subsection. These persons shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. This subsection shall not be construed to prohibit the department from granting medical care services benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for medical care services;

(ii) Persons who refuse or fail to cooperate in obtaining federal aid assistance, without good cause;

(iii) Persons who refuse or fail without good cause to participate in drug or alcohol treatment if an assessment by a certified chemical dependency counselor indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in drug or alcohol dependency treatment, when needed outpatient drug or alcohol treatment is not available to the person in the county of his or her residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person; and

(ii) The process implementing the medical criteria shall involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

(f) For purposes of reviewing a person's continuing eligibility and in order to remain eligible for the program, persons who have been found to have an incapacity from gainful employment must demonstrate that there has been no material improvement in their medical or mental health condition. The department may discontinue benefits when there was specific error in the prior determination that found the person eligible by reason of incapitation.

(2) Enrollment in medical care services may not result in expenditures that exceed the amount that has been appropriated in the operating budget. If it appears that continued enrollment will result in expenditures exceeding the appropriated level for a particular fiscal year, the department may freeze new enrollment and establish a waiting list of ((eligible)) persons who may receive benefits only when sufficient funds are available. ~~((Upon implementation of a federal medicaid 1115 waiver providing federal matching funds for medical care services, persons subject to termination of disability lifeline benefits under RCW 74.04.005(5)(h) remain enrolled in medical care services and persons subject to denial of disability lifeline benefits under RCW 74.04.005(5)(h) remain eligible for medical care services.~~

(A) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law;

(B) Have furnished the department their social security number. If the social security number cannot be furnished because it has not been issued or is not known, an application for a number shall be

(C) Have not refused or failed without good cause to participate in drug or alcohol treatment if an assessment by a certified chemical dependency counselor indicates a need for such treatment. (iii) Persons who refuse to accept a housing voucher under this subsection but otherwise meet the eligibility requirements of (a) of this subsection are eligible for medical care services benefits under RCW 74.09.035, subject to the time limits in (h) of this subsection.

(c) The following persons are not eligible for the disability lifeline program:

(i) Persons who are unemployable due primarily to alcohol or drug addiction. These persons shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. (i) First failure: One week;

THIRTIETH DAY, MAY 25, 2011

2011 1ST SPECIAL SESSION

(ii) Second failure within six months: One month;

(iii) Third and subsequent failure within one year: Two months.

(e) Persons who are likely eligible for federal supplemental security income benefits shall be moved into the disability lifeline expedited component of the disability lifeline program. The monetary value of any disability lifeline benefit that is subsequently duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.

(f) For purposes of determining whether a person is incapacitated from gainful employment under (a) of this subsection:

(i) The department shall adopt by rule medical criteria for disability lifeline incapacity determinations to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information; and

(g) Persons receiving disability lifeline benefits based upon a finding of incapacity from gainful employment who remain otherwise eligible shall have their benefits discontinued unless the recipient demonstrates no material improvement in their medical or mental health condition. The department may discontinue benefits when there was specific error in the prior determination that found the person eligible by reason of incapacitation.

(h)(i) Beginning September 1, 2010, no person who is currently receiving or becomes eligible for disability lifeline program benefits shall be eligible to receive benefits under the program for more than twenty-four months in a sixty-month period. For purposes of this subsection, months of receipt of general assistance-unemployable benefits count toward the twenty-four month limit. Months during which a person received benefits under the expedited component of the disability lifeline or general assistance program or under the aged, blind, or disabled component of the disability lifeline or general assistance program shall not be included when determining whether a person has been receiving benefits for more than twenty-four months. On or before July 1, 2010, the department must review the cases of all persons who have received disability lifeline benefits or general assistance unemployable benefits for at least twenty months as of that date. On or before September 1, 2010, the department must review the cases of all remaining persons who have received disability lifeline benefits for at least twelve months as of that date. The review should determine whether the person meets the federal supplemental security income disability standard and, if the person does not meet that standard, whether the receipt of additional services could lead to employability. If a need for additional services is identified, the department shall provide case management services, such as assistance with arranging transportation or locating stable housing, that will facilitate the person's access to needed services. A person may not be determined ineligible due to exceeding the time limit unless he or she has received a case review under this subsection finding that the person does not meet the federal supplemental security income disability standard.

(ii) The time limits established under this subsection expire June 30, 2013.

(i) No person may be considered an eligible individual for disability lifeline benefits with respect to any month if during that

month the person:

(i) Is fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or

(ii) Is violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction)) the program established in section 4 of this act.

(6) ("Disability lifeline expedited" means a component of the disability lifeline program under which persons receiving disability lifeline benefits have been determined, after examination by an appropriate health care provider, to be likely to be eligible for federal supplemental security income benefits based on medical and behavioral health evidence that meets the disability standards used for the federal supplemental security income program.

(7)) "Aged, blind, or disabled assistance program" means the program established under section 3 of this act.

(11) "Housing assistance" means appropriate referrals by the department or other supervising agencies to federal, state, local, or private agencies or organizations, assistance with forms, applications, or financial subsidies or other monetary assistance for housing. For purposes of this chapter, "housing assistance" is not a remedial service or time-limited family reunification service as described in RCW 13.34.025(2).

(12) "Indigent" means a person who, at any stage of a court proceeding, is:

(1) **Consideration of all income.** All income and resources of each parent's household shall be disclosed and considered by the court when the court determines the child support obligation of each parent. (2) **Verification of income.** Tax returns for the preceding two years and current paystubs shall be provided to verify income and deductions. Other sufficient verification shall be required for income and deductions which do not appear on tax returns or paystubs.

(2) Undisbursed reverse mortgage funds must be treated as equity in the borrower's home and not as proceeds from a loan, resources, or assets for the purpose of determining eligibility and benefits under means-tested programs of aid to individuals.

(4) "Indirect costs" includes those allowable costs that are generally associated with carrying out the statutory objectives of this chapter, but the identification and tracking of those costs cannot be readily assigned to a specific statutory objective without an accounting effort that is disproportionate to the benefit received. It also includes a living situation maintained by an agency that is licensed under chapter 74.15 RCW that the department finds would provide an appropriate supportive living arrangement. Grant assistance shall not be provided under this chapter if the applicant does not reside in the most appropriate living situation, as determined by the department.

(2) A pregnant minor residing in the most appropriate living situation, as provided under subsection (1) of this section, is presumed to be unable to manage adequately the funds paid to the minor or on behalf of the dependent child or children and, unless the minor provides sufficient evidence to rebut the presumption, shall be subject to the protective payee requirements provided for under RCW 74.12.250 and 74.08.280.

(3) The department shall consider any statements or opinions by either parent of the unmarried minor parent or pregnant minor applicant as to an appropriate living situation for the minor, whether in the parental home or other situation. If the parents or a parent of the minor request, they or he or she shall be entitled to a hearing in juvenile court regarding designation of the parental home or other relative placement as the most appropriate living situation for the pregnant or parenting minor.

The department shall provide the parents or parent with the opportunity to make a showing that the parental home, or home of the other relative placement, is the most appropriate living situation. It shall be presumed in any administrative or judicial proceeding conducted under this subsection that the parental home or other relative placement requested by the parents or parent is the most appropriate living situation. This presumption is rebuttable.

(4) In cases in which the minor is unmarried and unemployed, the department shall, as part of the determination of the appropriate living situation, provide information about adoption including referral to community-based organizations providing counseling.

(5) For the purposes of this section, "most appropriate living situation" shall not include a living situation including an adult male who fathered the qualifying child and is found to meet the elements of rape of a child as set forth in RCW 9A.44.079.

Any incidental costs to state agencies shall be derived from existing resources. This subsection does not obligate or preclude the appropriation of future state funding for the opportunity portal;

(g) Determine the solution and acquisition approach by June 1, 2010.

(2) By December 1, 2011, and annually thereafter, the department of social and health services shall report to the legislature and governor. achieving, to the extent possible, the transition of these services to paperless application processes by July 1, 2012. The plan must comply with federal statutes and regulations and must allow applicants to submit applications by alternative means to ensure that access to benefits will not be restricted.

(4) To the extent that the department enters into a contractual relationship to accomplish the purposes of this section, such contract or contracts shall be performance-based.

Sec. 20. RCW 74.04.230 and 2010 1st sp.s. c 8 s 20 are each amended to read as follows:

(4) Any agreement between the department and a supplemental security income applicant providing for the reimbursement of interim assistance to the department shall provide, if the applicant has been represented by an attorney, that twenty-five percent of the reimbursement received shall be withheld by the department and all or such portion thereof as has been approved as a fee by the United States department of health and human services shall be released directly to the applicant's attorney. The secretary may maintain such records as are deemed appropriate to measure the cost and effectiveness of such agreements and may make recommendations concerning the continued use of such agreements to the legislature.

Sec. 23. RCW 74.04.652 and 2010 1st sp.s. c 8 s 7 are each amended to read as follows:

(1) To ensure that persons who are likely eligible for supplemental security income benefits are transitioned from ~~((disability lifeline benefits to disability lifeline expedited))~~ the medical care services program to the aged, blind, or disabled assistance program, and the medicaid program, and then to the supplemental security income program as quickly as practicable, the department shall implement the early supplemental security income transition project starting in King, Pierce, and Spokane counties no later than July 1, 2010, and extending statewide no later than October 1, 2011. The program shall be implemented through performance-based contracts with managed health care systems providing medical care services under RCW 74.09.035 or other qualified entities. The department may obtain medical evidence and other relevant information from sources other than the contracted entity if such evidence is available at the time of a person's application for ~~((disability lifeline))~~ aged, blind, or disabled benefits and is sufficient to support a determination that the person is incapacitated;

(iii) Developing standardized procedures for sharing data and information with the contracted entities to ensure timely identification of clients who have not been transferred to the ~~((disability lifeline expedited))~~ aged, blind, or disabled assistance program within four months of their date of application, but who may, upon further review, be appropriately transferred to that program;

The statewide expansion of the program under this section shall be considered expressly mandated by the legislature and not be subject to the provisions of RCW 41.06.142 (1), (4), and (5).

Sec. 24. RCW 74.04.655 and 2010 1st sp.s. c 8 s 5 are each amended to read as follows:

(1) The economic services administration shall work jointly with the division of vocational rehabilitation to develop an assessment tool that must be used to determine whether the programs offered by the division of vocational rehabilitation could assist persons receiving ~~((disability lifeline))~~ benefits under sections 3 and 4 of this act in returning to the workforce. The assessment tool shall be completed no later than December 1, 2010. The economic services administration shall begin using the tool no later than January 1, 2011. No later than December 30, 2011, the department shall report on the use of the tool and to what extent the programs offered by the division of vocational rehabilitation have been successful in returning persons receiving ~~((disability lifeline))~~ aged, blind, or disabled benefits to the workforce.

(2) After January 1, 2011, all persons receiving ~~((disability lifeline))~~ benefits under sections 3 and 5 of this act shall be assessed to determine whether they would likely benefit from a program offered by the division of vocational rehabilitation. If the assessment indicates that the person might benefit, the economic services administration shall make a referral to the division of vocational rehabilitation. If the person is found eligible for a program with the division of vocational rehabilitation, he or she must participate in that program to remain eligible for the monthly stipend and housing voucher or a cash grant. If the person refuses to participate or does not complete the program, the department shall terminate the cash stipend and housing voucher or cash grant but may not terminate medical coverage and food benefits.

applicant is eligible for any benefits or programs offered to veterans by either the state or the federal government.

Sec. 26. RCW 74.04.770 and 2010 1st sp.s. c 8 s 23 are each amended to read as follows:

The department shall establish consolidated standards of need each fiscal year which may vary by geographical areas, program, and family size, for temporary assistance for needy families, refugee assistance, supplemental security income, and ~~((disability lifeline))~~ benefits under section 3 of this act. Standards for temporary assistance for needy families, refugee assistance, and ~~((disability lifeline))~~ benefits under section 3 of this act shall be based on studies of actual living costs and generally recognized inflation indices and shall include reasonable allowances for shelter, fuel, food, transportation, clothing, household maintenance and operations, personal maintenance, and necessary incidentals. The standard of need may take into account the economies of joint living arrangements, but unless explicitly required by federal statute, there shall not be proration of any portion of assistance grants unless the amount of the grant standard is equal to the standard of need.

The department is authorized to establish rateable reductions and grant maximums consistent with federal law.

In order to comply with federal statutes and regulations pertaining to federal matching funds and to provide for the prompt payment of initial grants and adjusting payments of grants the secretary is authorized to make provisions for the cash payment of assistance by the secretary or county administrators by the establishment of a central operating fund. The secretary may establish such a fund with the approval of the state auditor from moneys appropriated to the department for the payment of ~~((disability lifeline))~~ benefits under section 3 of this act in a sum not to exceed one million dollars. Such funds shall be deposited as agreed upon by the secretary and the state auditor in accordance with the laws regulating the deposits of public funds. Such security shall be required of the depository in connection with the fund as the state treasurer may prescribe. Moneys remaining in the fund shall be returned to the general fund at the end of the biennium, or an accounting of proper expenditures from the fund shall be made to the state auditor. All expenditures from such central operating fund shall be reimbursed out of and charged to the proper program appropriated by the use of such forms and vouchers as are approved by the secretary of the department and the state auditor. Expenditures from such fund shall be audited by the director of financial management and the state auditor from time to time and a report shall be made by the state auditor and the secretary as are required by law.

property for the purpose of rendering himself or herself eligible for the assistance. There is a rebuttable presumption that a person who has transferred or transfers any real or personal property or any interest in property within two years of the date of application for the assistance without receiving adequate monetary consideration therefor, did so for the purpose of rendering himself or herself eligible for the assistance. Any person who transfers property for the purpose of rendering himself or herself eligible for assistance, or any person who after becoming a recipient transfers any property or any interest in property without the consent of the secretary, shall be ineligible for assistance for a period of time during which the reasonable value of the property so transferred would have been adequate to meet the person's needs under normal conditions of living; PROVIDED, That the secretary is hereby authorized to allow exceptions in cases where undue hardship would result from a denial of assistance.

Sec. 30. RCW 74.08A.210 and 2010 1st sp.s. c 8 s 27 are each amended to read as follows:

(1) In order to prevent some families from developing dependency on temporary assistance for needy families, the department shall make available to qualifying applicants a diversion program designed to provide brief, emergency assistance for families in crisis whose income and assets would otherwise qualify them for temporary assistance for needy families.

(2) Diversion assistance may include cash or vouchers in payment for the following needs:

- (a) Child care;
- (b) Housing assistance;
- (c) Transportation-related expenses;
- (d) Food;
- (e) Medical costs for the recipient's immediate family;
- (f) Employment-related expenses which are necessary to keep or obtain paid unsubsidized employment.

(3) Diversion assistance is available once in each twelve-month period for each adult applicant. Recipients of diversion assistance are not included in the temporary assistance for needy families program.

(4) Diversion assistance may not exceed one thousand five hundred dollars for each instance.

(5) To be eligible for diversion assistance, a family must otherwise be eligible for temporary assistance for needy families.

(6) Families ineligible for temporary assistance for needy families or ~~((disability lifeline))~~ benefits under section 3 of this act due to sanction, noncompliance, the lump sum income rule, or any other reason are not eligible for diversion assistance.

(7) Families must provide evidence showing that a bona fide need exists according to subsection (2) of this section in order to be eligible for diversion assistance.

An adult applicant may receive diversion assistance of any type no more than once per twelve-month period. If the recipient of diversion assistance is placed on the temporary assistance for needy families program within twelve months of receiving diversion assistance, the prorated dollar value of the assistance shall be treated as a loan from the state, and recovered by deduction from the recipient's cash grant.

Sec. 31. RCW 74.08A.440 and 2010 1st sp.s. c 8 s 32 are each amended to read as follows:

Recipients exempted from active work search activities due to incapacity or a disability shall receive ~~((disability lifeline))~~ services for which they are eligible, including aged, blind, or disabled assistance benefits as they relate to the facilitation of enrollment in the federal supplemental security income program, referrals to essential needs and housing support benefits, access to chemical dependency treatment, referrals to vocational rehabilitation, and other services needed to assist the recipient in becoming

employable. ~~((Disability lifeline))~~ Aged, blind, or disabled assistance and essential needs and housing support benefits shall not supplant cash assistance and other services provided through the temporary assistance for needy families program. To the greatest extent possible, services shall be funded through the temporary assistance for needy families appropriations.

Sec. 32. RCW 74.09.555 and 2010 1st sp.s. c 8 s 30 are each amended to read as follows:

(1) The department shall adopt rules and policies providing that when persons with a mental disorder, who were enrolled in medical assistance immediately prior to confinement, are released from confinement, their medical assistance coverage will be fully reinstated on the day of their release, subject to any expedited review of their continued eligibility for medical assistance coverage that is required under federal or state law.

(2) The department, in collaboration with the Washington association of sheriffs and police chiefs, the department of corrections, and the regional support networks, shall establish procedures for coordination between department field offices, institutions for mental disease, and correctional institutions, as defined in RCW 9.94.049, that result in prompt reinstatement of eligibility and speedy eligibility determinations for persons who are likely to be eligible for medical assistance services upon release from confinement. Procedures developed under this subsection must address:

(a) Mechanisms for receiving medical assistance services applications on behalf of confined persons in anticipation of their release from confinement;

(b) Expedient review of applications filed by or on behalf of confined persons and, to the extent practicable, completion of the review before the person is released;

(c) Mechanisms for providing medical assistance services identity cards to persons eligible for medical assistance services immediately upon their release from confinement; and

(d) Coordination with the federal social security administration, through interagency agreements or otherwise, to expedite processing of applications for federal supplemental security income or social security disability benefits, including federal acceptance of applications on behalf of confined persons.

(3) Where medical or psychiatric examinations during a person's confinement indicate that the person is disabled, the correctional institution or institution for mental diseases shall provide the department with that information for purposes of making medical assistance eligibility and enrollment determinations prior to the person's release from confinement. The department shall, to the maximum extent permitted by federal law, use the examination in making its determination whether the person is disabled and eligible for medical assistance.

(4) For purposes of this section, "confined" or "confinement" means incarcerated in a correctional institution, as defined in RCW 9.94.049, or admitted to an institute for mental disease, as defined in 42 C.F.R. part 435, Sec. 1009 on July 24, 2005.

(5) For purposes of this section, "likely to be eligible" means that a person:

(b) Was enrolled in medicaid or supplemental security income or the ~~((disability lifeline))~~ medical care services program at any time during the five years before his or her confinement, and medical or psychiatric examinations during the person's confinement indicate that the person continues to be disabled and the disability is likely to last at least twelve months following release.

THIRTIETH DAY, MAY 25, 2011

(6) The economic services administration shall adopt standardized statewide screening and application practices and forms designed to facilitate the application of a confined person who is likely to be eligible for medicaid.

Sec. 33. RCW 74.50.060 and 2010 1st sp.s. c 8 s 31 are each amended to read as follows:

"Shelter," "shelter support," or "shelter assistance" means a facility under contract to the department providing room and board in a supervised living arrangement, normally in a group or dormitory setting, to eligible recipients under this chapter. This may include supervised domiciliary facilities operated under the auspices of public or private agencies. No facility under contract to the department shall allow the consumption of alcoholic beverages on the premises. The department may contract with counties and cities for such shelter services. To the extent possible, the department shall not displace existing emergency shelter beds for use as shelter under this chapter. In areas of the state in which it is not feasible to develop shelters, due to low numbers of people needing shelter services, or in which sufficient numbers of shelter beds are not available, the department may provide shelter through an intensive protective payee program, unless the department grants an exception on an individual basis for less intense supervision.

((2) Persons continuously eligible for the disability lifeline program since July 25, 1987, who transfer to the program established by this chapter, have the option to continue their present living situation, but only through a protective payee.))

POINT OF INQUIRY

The measure was read the second time.

MOTION

Senator Kilmer moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that, despite increases in degree production, there remain acute shortages in high employer demand programs of study, particularly in the science, technology, engineering, and mathematics (STEM) and health care fields of study. According to the workforce training and education coordinating board, seventeen percent of Washington businesses had difficulty finding job applicants in 2010. Eleven thousand employers did not fill a vacancy because they lacked qualified job applicants. Fifty-nine percent of projected job openings in Washington state from now until 2017 will require some form of postsecondary education and training.

It is the intent of the legislature to provide jobs and opportunity by making Washington the place where the world's most productive companies find the world's most talented people. The legislature intends to accomplish this through the creation of the opportunity scholarship and the opportunity expansion programs to help mitigate the impact of tuition increases, increase the number of baccalaureate degrees in high employer demand and other programs, and invest in programs and students to meet market demands for a knowledge-based economy while filling middle-income jobs with a sufficient supply of skilled workers.

(b) Four foundation or business and industry representatives appointed by the governor from among the state's most productive industries such as aerospace, manufacturing, health sciences, information technology, and others. However, the governor may request, and the private sector donors shall provide, an additional list or lists from which the governor shall select these representatives.

(2) Board members shall hold their offices for a term of four years from the first day of September and until their successors are appointed. No more than the terms of two members may expire simultaneously on the last day of August in any one year.

(3) The members of the opportunity scholarship board shall elect one of the business and industry representatives to serve as chair.

THIRTIETH DAY, MAY 25, 2011

NEW SECTION. Sec. 4. (1) The program administrator, under contract with the board, shall staff the opportunity scholarship board and shall have the duties and responsibilities provided in this chapter, including but not limited to publicizing the program, selecting participants for the opportunity scholarship award, distributing opportunity scholarship awards, and achieving the maximum possible rate of return on investment of the accounts in subsection (2) of this section, while ensuring transparency in the investment decisions and processes. Duties, exercised jointly with the opportunity scholarship board, include soliciting funds and setting annual fund-raising goals. The program administrator shall be paid an administrative fee as determined by the opportunity scholarship board.

(2) With respect to the opportunity scholarship program, the program administrator shall:

(a) Establish and manage two separate accounts into which to receive grants and contributions from private sources as well as state matching funds, and from which to disburse scholarship funds to participants;

(b) Solicit and accept grants and contributions from private sources, via direct payment, pledge agreement, or escrow account, of private sources for deposit into one or both of the two accounts created in this subsection (2)(b) in accordance with this subsection (2)(b):

(i) The "scholarship account," whose principal may be invaded, and from which scholarships must be disbursed beginning no later than December 1, 2011, if, by that date, state matching funds in the amount of five million dollars or more have been received. Thereafter, scholarships shall be disbursed on an annual basis beginning no later than May 1, 2012, and every May 1st thereafter;

(ii) The "endowment account," from which scholarship moneys may be disbursed from earnings only in years when:

(A) The state match has been made into both the scholarship and the endowment account;

(B) The state appropriations for the state need grant under RCW 28B.92.010 meet or exceed state appropriations for the state need grant made in the 2011-2013 biennium, adjusted for inflation, and eligibility for state need grant recipients is at least seventy percent of state median family income; and

(C) The state has demonstrated progress toward the goal of total per-student funding levels, from state appropriations plus tuition and fees, of at least the sixtieth percentile of total per-student funding at similar public institutions of higher education in the global challenge states, as defined, measured, and reported in RCW 28B.15.068. In any year in which the office of financial management reports that the state has not made progress toward this goal, no new scholarships may be awarded. In any year in which the office of financial management reports that the percentile of total per-student funding is less than the sixtieth percentile and at least five percent less than the prior year, pledges of future grants and contributions may, at the request of the donor, be released and grants and contributions already received refunded to the extent that opportunity scholarship awards already made can be fulfilled from the funds remaining in the endowment account; and

(iii) An amount equal to at least fifty percent of all grants and contributions must be deposited into the scholarship account until such time as twenty million dollars have been deposited into the account, after which time the private donors may designate whether their contributions must be deposited to the scholarship or the endowment account. The opportunity scholarship board and the program administrator must work to maximize private sector contributions to both the scholarship account and the endowment account, to maintain a robust scholarship program while simultaneously building the endowment, and to determine the division between the two accounts in the case of undesignated

grants and contributions, taking into account the need for a long-term funding mechanism and the short-term needs of families and students in Washington. The first five million dollars in state match, as provided in section 5 of this act, shall be deposited into the scholarship account and thereafter the state match shall be deposited into the two accounts in equal proportion to the private funds deposited in each account;

(c) Provide proof of receipt of grants and contributions from private sources to the board, identifying the amounts received by name of private source and date, and whether the amounts received were deposited into the scholarship or the endowment account;

(d) In consultation with the higher education coordinating board and the state board for community and technical colleges, make an assessment of the reasonable annual eligible expenses associated with eligible education programs identified by the opportunity scholarship board;

(e) Determine the dollar difference between tuition fees charged by institutions of higher education in the 2008-09 academic year and the academic year for which an opportunity scholarship is being distributed;

(f) Develop and implement an application, selection, and notification process for awarding opportunity scholarships;

(g) Determine the annual amount of the opportunity scholarship for each selected participant. The annual amount shall be at least one thousand dollars or the amount determined under (e) of this subsection, but may be increased on an income-based, sliding scale basis up to the amount necessary to cover all reasonable annual eligible expenses as assessed pursuant to (d) of this subsection, or to encourage participation in baccalaureate degree programs identified by the opportunity scholarship board;

(h) Distribute scholarship funds to selected participants. Once awarded, and to the extent funds are available for distribution, an opportunity scholarship shall be automatically renewed until the participant withdraws from or is no longer attending the program, completes the program, or has taken the credit or clock hour equivalent of one hundred twenty-five percent of the published length of time of the participant's program, whichever occurs first, and as long as the participant annually submits documentation of filing both a free application for federal student aid and for available federal education tax credits, including but not limited to the American opportunity tax credit; and

(i) Notify institutions of scholarship recipients who will attend their institutions and inform them of the terms of the students' eligibility.

(3) With respect to the opportunity expansion program, the program administrator shall:

(a) Assist the opportunity scholarship board in developing and implementing an application, selection, and notification process for making opportunity expansion awards; and

(b) Solicit and accept grants and contributions from private sources for opportunity expansion awards.

NEW SECTION. Sec. 5. (1) The opportunity scholarship program is established.

(2) The purpose of this scholarship program is to provide scholarships that will help low and middle-income Washington residents earn baccalaureate degrees in high employer demand and other programs of study and encourage them to remain in the state to work. The program must be designed for both students starting at two-year institutions of higher education and intending to transfer to four-year institutions of higher education and students starting at four-year institutions of higher education.

(3) The opportunity scholarship board shall determine which programs of study, including but not limited to high employer demand programs, are eligible for purposes of the opportunity scholarship.

THIRTIETH DAY, MAY 25, 2011

2011 1ST SPECIAL SESSION

(4) The source of funds for the program shall be a combination of private grants and contributions and state matching funds. A state match may be earned under this section for private contributions made on or after the effective date of this section. A state match, up to a maximum of fifty million dollars annually, shall be provided beginning the later of January 1, 2014, or January 1st next following the end of the fiscal year in which collections of state retail sales and use tax, state business and occupation tax, and state public utility tax exceed, by ten percent the amounts collected from these tax resources in the fiscal year that ended June 30, 2008, as determined by the department of revenue.

NEW SECTION. Sec. 6. (1) The opportunity scholarship match transfer account is created in the custody of the state treasurer as a nonappropriated account to be used solely and exclusively for the opportunity scholarship program created in section 5 of this act. The purpose of the account is to provide matching funds for the opportunity scholarship program.

(2) Revenues to the account shall consist of appropriations by the legislature into the account and any gifts, grants, or donations received by the director of the board for this purpose.

(3) No expenditures from the account may be made except upon receipt of proof, by the director of the board from the program administrator, of private contributions to the opportunity scholarship program. Expenditures, in the form of matching funds, may not exceed the total amount of private contributions.

(4) Only the director of the board or the director's designee may authorize expenditures from the opportunity scholarship match transfer account. Such authorization must be made as soon as practicable following receipt of proof as required under subsection (3) of this section.

NEW SECTION. Sec. 7. (1) The opportunity expansion program is established.

(2) The opportunity scholarship board shall select institutions of higher education to receive opportunity expansion awards. In so doing, the opportunity scholarship board must:

(a) Solicit, receive, and evaluate proposals from institutions of higher education that are designed to directly increase the number of baccalaureate degrees produced in high employer demand and other programs of study, and that include annual numerical targets for the number of such degrees, with a strong emphasis on serving students who received their high school diploma or GED in Washington or are adult Washington residents who are returning to school to gain a baccalaureate degree;

(b) Develop criteria for evaluating proposals and awarding funds to the proposals deemed most likely to increase the number of baccalaureate degrees and degrees produced in high employer demand and other programs of study;

(c) Give priority to proposals that include a partnership between public and private partnership entities that leverage additional private funds;

(d) Give priority to proposals that are innovative, efficient, and cost-effective, given the nature and cost of the particular program of study;

(e) Consult and operate in consultation with existing higher education stakeholders, including but not limited to: Faculty, labor, student organizations, and relevant higher education agencies; and

(f) Determine which proposals to improve and accelerate the production of baccalaureate degrees in high employer demand and other programs of study will receive opportunity expansion awards for the following state fiscal year, notify the state treasurer, and announce the awards.

(3) The state treasurer, at the direction of the opportunity scholarship board, must distribute the funds that have been awarded to the institutions of higher education from the opportunity expansion account.

(4) Institutions of higher education receiving awards under this section may not supplant existing general fund state revenues with opportunity expansion awards.

(5) Annually, the office of financial management shall report to the opportunity scholarship board, the governor, and the relevant committees of the legislature regarding the percentage of Washington households with incomes in the middle-income bracket or higher. For purposes of this section, "middle-income bracket" means household incomes between two hundred and five hundred percent of the 2010 federal poverty level, as determined by the United States department of health and human services for a family of four, adjusted annually for inflation.

(6) Annually, the higher education coordinating board must report to the opportunity scholarship board, the governor, and the relevant committees of the legislature regarding the increase in the number of degrees in high employer demand and other programs of study awarded by institutions of higher education over the average of the preceding ten academic years.

(7) In its comprehensive plan, the workforce training and education coordinating board shall include specific strategies to reach the goal of increasing the percentage of Washington households living in the middle-income bracket or higher, as calculated by the office of financial management and developed by the agency or education institution that will lead the strategy.

NEW SECTION. Sec. 8. (1) By December 1, 2012, and annually each December 1st thereafter, the opportunity scholarship board, together with the program administrator, shall report to the board, the governor, and the appropriate committees of the legislature regarding the opportunity scholarship and opportunity expansion programs, including but not limited to:

(a) Which education programs the opportunity scholarship board determined were eligible for purposes of the opportunity scholarship;

(b) The number of applicants for the opportunity scholarship, disaggregated, to the extent possible, by race, ethnicity, gender, county of origin, age, and median family income;

(c) The number of participants in the opportunity scholarship program, disaggregated, to the extent possible, by race, ethnicity, gender, county of origin, age, and median family income;

(e) The institutions and eligible education programs in which opportunity scholarship participants enrolled, together with data regarding participants' completion and graduation;

(f) The total amount of private contributions and state match moneys received for the opportunity scholarship program, how the funds were distributed between the scholarship and endowment accounts, the interest or other earnings on the accounts, and the amount of any administrative fee paid to the program administrator; and

(g) Identification of the programs the opportunity scholarship board selected to receive opportunity expansion awards and the amount of such awards.

(2) In the next succeeding legislative session following receipt of a report required under subsection (1) of this section, the appropriate committees of the legislature shall review the report and consider whether any legislative action is necessary with respect to either the opportunity scholarship program or the opportunity expansion program, including but not limited to consideration of whether any legislative action is necessary with respect to the nature and level of focus on high employer demand fields and the number and amount of scholarships.

NEW SECTION. Sec. 9. (1) Beginning in 2018, the joint legislative audit and review committee shall evaluate the

THIRTIETH DAY, MAY 25, 2011

opportunity scholarship and opportunity expansion programs, and submit a report to the appropriate committees of the legislature by December 1, 2018. The committee's evaluation shall include, but not be limited to:

(i) The total cumulative number of additional high employer demand degrees produced in Washington state due to the opportunity expansion program, including both the initial opportunity expansion awards and the subsequent inclusion in base funding; and

(j) Evidence that the existence of the opportunity scholarship and opportunity expansion programs have contributed to the achievement of the public policy objectives of helping to mitigate the impact of tuition increases, increasing the number of baccalaureate degrees in high employer demand and other programs, and investing in programs and students to meet market demands for a knowledge-based economy while filling middle-income jobs with a sufficient supply of skilled workers.

(2) In the event that the joint legislative audit and review committee is charged with completing an evaluation of other aspects of degree production, funding, or other aspects of higher education in 2018, and to the extent that it is economical and feasible to do so, the committee shall combine the multiple evaluations and submit a single report.

NEW SECTION. Sec. 10. A new section is added to chapter 82.32 RCW to read as follows:

SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2065, by House Committee on Ways & Means (originally sponsored by Representative Hunt)

Regarding the allocation of funding for students enrolled in alternative learning experiences.

The measure was read the second time.

MOTION

Senator McAuliffe moved that the following committee striking amendment by the Committee on Ways & Means be not adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) Under Article IX of the Washington state Constitution, all children are entitled to an opportunity to receive a basic education. Although the state must assure that students in public schools have opportunities to participate in the instructional program of basic education, there is no obligation for either the state or school districts to provide that instruction using a particular delivery method or through a particular program.

(2) The legislature finds ample evidence of the need to examine and reconsider policies under which alternative learning that occurs outside the classroom using an individual student learning plan may

2011 1ST SPECIAL SESSION

be considered equivalent to full-time attendance in school, including for funding purposes. Previous legislative studies have raised questions about financial practices and accountability in alternative learning experience programs. Since 2005, there has been significant enrollment growth in alternative learning experience online programs, with evidence of unexpected financial impact when large numbers of nonresident students enroll in programs. Based on this evidence, there is a rational basis on which to conclude that there are different costs associated with providing a program not primarily based on full-time, daily contact between teachers and students and not primarily occurring on-site in a classroom.

(3) For these reasons, the legislature intends to allow for continuing review and revision of the way in which state funding allocations are used to support alternative learning experience programs.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.150 RCW to read as follows:

(1) For purposes of this chapter, "alternative learning experience program" means a course or set of courses that is:

(a) Provided in whole or in part independently from a regular classroom setting or schedule, but may include some components of direct instruction;

(b) Supervised, monitored, assessed, evaluated, and documented by a certificated teacher employed by the school district or under contract as permitted by applicable rules; and

(c) Provided in accordance with a written student learning plan that is implemented pursuant to the school district's policy and rules adopted by the superintendent of public instruction for alternative learning experiences.

(2) Alternative learning experience programs include, but are not limited to:

(a) Alternative learning experience online programs as defined in RCW 28A.150.262;

(b) Programs that include significant participation and partnership by parents and families in the design and implementation of a student's learning experience; and

(c) Programs that use a written student learning plan to direct the student in independent study.

(3) School districts that offer alternative learning experience programs may not provide any compensation, reimbursement, gift, reward, or gratuity to any parents, guardians, or students for participation. This prohibition includes, but is not limited to, providing funds to parents, guardians, or students for the purchase of educational materials, supplies, experiences, services, or technological equipment. A district may purchase educational materials, equipment, or other nonconsumable supplies for students' use in alternative learning experience programs if the purchase is consistent with the district's approved curriculum, conforms to applicable laws and rules, and is made in the same manner as such purchases are made for students in the district's regular instructional program. Items so purchased remain the property of the school district upon program completion. School districts may not purchase or contract for instructional or co-curricular experiences and services that are included in an alternative learning experience written student learning plan, including but not limited to lessons, trips, and other activities, unless substantially similar experiences and services are available to students enrolled in the district's regular instructional program. School districts that purchase or contract for such experiences and services for students enrolled in an alternative learning experience program must submit an annual report to the office of the superintendent of public instruction detailing the costs and purposes of the expenditures. These requirements extend to contracted providers of alternative learning experience programs, and each district shall be responsible for monitoring the compliance

of its providers with these requirements. However, nothing in this section shall prohibit school districts from contracting with online providers approved by the office of the superintendent of public instruction pursuant to chapter 28A.250 RCW.

(4) To count as a full-time equivalent student or portion thereof for purposes of state funding under RCW 28A.150.260, students participating in alternative learning experience programs must receive one hour per week of face-to-face, in-person instructional contact time from a certificated teacher. The one hour per week need not occur in a single sixty minute block of time but may occur in multiple blocks of time throughout the week that add up to sixty minutes. The supervising teacher may rely on synchronous digital communication, including telephone or interactive audio or video communications, to meet the requirement for face-to-face, in-person contact with students due to reasons of medical necessity or when the student's temporary travel makes the in-person contact infeasible. For alternative learning experience online programs under RCW 28A.150.262, this requirement may be satisfied by one hour per week of direct personal contact in compliance with RCW 28A.150.262(11).

(5) Part-time enrollment in alternative learning experiences is subject to the provisions of RCW 28A.150.350.

(6) The superintendent of public instruction shall adopt rules defining minimum requirements and accountability for alternative learning experience programs.

Sec. 3. RCW 28A.150.262 and 2009 c 542 s 9 are each amended to read as follows:

Under RCW 28A.150.260, the superintendent of public instruction shall revise the definition of a full-time equivalent student to include students who receive instruction through alternative learning experience online programs. As used in this section and section 2 of this act, an "alternative learning experience online program" is a set of online courses or an online school program as defined in RCW 28A.250.010 that is delivered to students in whole or in part independently from a regular classroom schedule. ~~((The superintendent of public instruction has the authority to adopt rules to implement the revised definition beginning with the 2005-2007 biennium for school districts claiming state funding for the programs.))~~ Beginning in the 2012-13 school year, alternative learning experience online programs must be offered by an online provider approved by the superintendent of public instruction under RCW 28A.250.020 to meet the definition in this section. The rules shall include but not be limited to the following:

(1) Defining a full-time equivalent student under RCW 28A.150.260 or part-time student under RCW 28A.150.350 based upon the district's estimated average weekly hours of learning activity as identified in the student's learning plan, as long as the student is found, through monthly evaluation, to be making satisfactory progress; the rules shall require districts providing programs under this section to nonresident students to establish procedures that address, at a minimum, the coordination of student counting for state funding so that no student is counted for more than one full-time equivalent in the aggregate;

(2) Requiring the board of directors of a school district offering, or contracting under RCW 28A.150.305 to offer, an alternative learning experience online program to adopt and annually review written policies for each program and program provider and to receive an annual report on its digital alternative learning experience online programs from its staff;

(3) Requiring each school district offering or contracting to offer an alternative learning experience online program to report annually to the superintendent of public instruction on the types of programs and course offerings, and number of students participating;

THIRTIETH DAY, MAY 25, 2011

- (4) Requiring completion of a program self-evaluation;
- (5) Requiring documentation of the district of the student's physical residence;
- (6) Requiring that supervision, monitoring, assessment, and evaluation of the alternative learning experience online program be provided by a certificated (~~(instructional-staff)~~) teacher;
- (7) Requiring each school district offering courses or programs to identify the ratio of certificated instructional staff to full-time equivalent students enrolled in such courses or programs, and to include a description of their ratio as part of the reports required under subsections (2) and (3) of this section;
- (8) Requiring reliable methods to verify a student is doing his or her own work; the methods may include proctored examinations or projects, including the use of web cams or other technologies. "Proctored" means directly monitored by an adult authorized by the school district;
- (9) Requiring, for each student receiving instruction in an alternative learning experience online program, a learning plan that includes a description of course objectives and information on the requirements a student must meet to successfully complete the program or courses. The rules shall allow course syllabi and other additional information to be used to meet the requirement for a learning plan;
- (10) Requiring that the district assess the educational progress of enrolled students at least annually, using, for full-time students, the state assessment for the student's grade level and using any other annual assessments required by the school district. Part-time students shall also be assessed at least annually. However, part-time students who are either receiving home-based instruction under chapter 28A.200 RCW or who are enrolled in an approved private school under chapter 28A.195 RCW are not required to participate in the assessments required under chapter 28A.655 RCW. The rules shall address how students who reside outside the geographic service area of the school district are to be assessed;
- (11) Requiring that each student enrolled in the program have direct personal contact with a certificated (~~(instructional-staff)~~) teacher at least weekly until the student completes the course objectives or the requirements in the learning plan. Direct personal contact is for the purposes of instruction, review of assignments, testing, evaluation of student progress, or other learning activities. Direct personal contact may include the use of telephone, e-mail, instant messaging, interactive video communication, or other means of digital communication. At least one hour per week of the direct personal contact must be synchronous between the teacher and the student. For purposes of this section, the one hour per week of synchronous contact time need not occur in a single sixty minute block of time but may occur in multiple blocks of time throughout the week that add up to sixty minutes;
- (12) Requiring state-funded public schools or public school programs whose primary purpose is to provide alternative learning experience online learning programs to receive accreditation through the Northwest (~~(association of accredited schools)~~) accreditation commission or another national, regional, or state accreditation program listed by the office of the superintendent of public instruction after consultation with the Washington coalition for online learning;
- (13) Requiring state-funded public schools or public school programs whose primary purpose is to provide alternative learning experience online learning to provide information to students and parents on whether or not the courses or programs: Cover one or more of the school district's learning goals or of the state's essential academic learning requirements or whether they permit the student to meet one or more of the state's or district's graduation requirements; and

(14) Requiring that a school district that provides one or more alternative learning experience online courses to a student provide the parent or guardian of the student, prior to the student's enrollment, with a description of any difference between home-based education as described in chapter 28A.200 RCW and the enrollment option selected by the student. The parent or guardian shall sign documentation attesting to his or her understanding of the difference and the documentation shall be retained by the district and made available for audit.

Sec. 4. RCW 28A.250.005 and 2009 c 542 s 1 are each amended to read as follows:

(1) The legislature finds that online learning provides tremendous opportunities for students to access curriculum, courses, and a unique learning environment that might not otherwise be available. The legislature supports and encourages online learning opportunities.

(2) However, the legislature also finds that there is a need to assure quality in online learning, both for the programs and the administration of those programs. The legislature is the steward of public funds that support students enrolled in online learning and must ensure an appropriate accountability system at the state level.

(3) Therefore, the legislature intends to take a first step in improving oversight and quality assurance of online learning programs, and intends to examine possible additional steps that may need to be taken to improve financial accountability.

(4) The first step in improving quality assurance is to:

(a) Provide objective information to students, parents, and educators regarding available online learning opportunities, including program and course content, how to register for programs and courses, teacher qualifications, student-to-teacher ratios, prior course completion rates, and other evaluative information;

(b) Create an approval process for (~~(multidistrict)~~) online providers;

(c) Enhance statewide equity of student access to high quality online learning opportunities; and

(d) Require school district boards of directors to develop policies and procedures for student access to online learning opportunities.

Sec. 5. RCW 28A.250.010 and 2009 c 542 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1)(a) "Multidistrict online provider" means:

(i) A private or nonprofit organization that enters into a contract with a school district to provide online courses or programs to K-12 students from more than one school district;

(ii) A private or nonprofit organization that enters into contracts with multiple school districts to provide online courses or programs to K-12 students from those districts; or

(iii) Except as provided in (b) of this subsection, a school district that provides online courses or programs to students who reside outside the geographic boundaries of the school district.

(b) "Multidistrict online provider" does not include a school district online learning program in which fewer than ten percent of the students enrolled in the program are from other districts under the interdistrict student transfer provisions of RCW 28A.225.225. "Multidistrict online provider" also does not include regional online learning programs that are jointly developed and implemented by two or more school districts or an educational service district through an interdistrict cooperative program agreement that addresses, at minimum, how the districts share student full-time equivalency for state basic education funding purposes and how categorical education programs, including special education, are provided to eligible students.

(2)(a) "Online course" means a course (~~(that)~~) where:

(i) More than half of the course content is delivered (~~primarily~~) electronically using the internet or other computer-based methods; and

(ii) (Is taught by a teacher primarily from a remote location. Students enrolled in an online course may have access to the teacher synchronously, asynchronously, or both)) More than half of the teaching is conducted from a remote location through an online course learning management system or other online or electronic tools.

(b) "Online school program" means a school program that:

(i) Offers courses or grade-level coursework that is delivered primarily electronically using the internet or other computer-based methods;

(ii) Offers courses or grade-level coursework that is taught by a teacher primarily from a remote location using online or other electronic tools. Students enrolled in an online program may have access to the teacher synchronously, asynchronously, or both;

(iii) (~~Delivers a part-time or full-time sequential program~~) Offers a sequential set of online courses or grade-level coursework that may be taken in a single school term or throughout the school year in a manner that could provide a full-time basic education program if so desired by the student. Students may enroll in the program as part-time or full-time students; and

(iv) Has an online component of the program with online lessons and tools for student and data management.

(c) An online course or online school program may be delivered to students at school as part of the regularly scheduled school day. An online course or online school program also may be delivered to students, in whole or in part, independently from a regular classroom schedule, but such courses or programs must comply with RCW 28A.150.262 to qualify for state basic education funding.

(3) "Online provider" means any provider of an online course or program, including multidistrict online providers, all school district online learning programs, and all regional online learning programs.

Sec. 6. RCW 28A.250.020 and 2009 c 542 s 3 are each amended to read as follows:

(1) The superintendent of public instruction, in collaboration with the state board of education, shall develop and implement approval criteria and a process for approving (~~(multidistrict)~~) online providers; a process for monitoring and if necessary rescinding the approval of courses or programs offered by an online (~~(course)~~) provider; and an appeals process. The criteria and processes for multidistrict online providers shall be adopted by rule by December 1, 2009.

(2) When developing the approval criteria, the superintendent of public instruction shall require that providers offering online courses or programs have accreditation through the Northwest (~~(association of accredited schools)~~) accreditation commission or another national, regional, or state accreditation program listed by the office of the superintendent of public instruction after consultation with the Washington coalition for online learning. In addition to other criteria, the approval criteria shall include the degree of alignment with state academic standards and require that all teachers be certificated in accordance with Washington state law. When reviewing (~~(multidistrict)~~) online providers that offer high school courses, the superintendent of public instruction shall assure that the courses offered by the provider are eligible for high school credit. However, final decisions regarding the awarding of high school credit shall remain the responsibility of school districts.

(3) Initial approval of (~~(multidistrict)~~) online providers by the superintendent of public instruction shall be for four years. The superintendent of public instruction shall develop a process for the renewal of approvals and for rescinding approvals based on noncompliance with approval requirements. Any multidistrict online provider that was approved by the digital learning commons

or accredited by the Northwest association of accredited schools before July 26, 2009, and that meets the teacher certification requirements of subsection (2) of this section, is exempt from the initial approval process under this section until August 31, 2012, but must comply with the process for renewal of approvals and must comply with approval requirements.

(4) The superintendent of public instruction shall make the first round of decisions regarding approval of multidistrict online providers by April 1, 2010. The first round of decisions regarding approval of online providers that are not multidistrict online providers shall be made by April 1, 2012. Thereafter, the superintendent of public instruction shall make annual approval decisions no later than November 1st of each year.

(5) The superintendent of public instruction shall establish an online learning advisory committee within existing resources that shall provide advice to the superintendent regarding the approval criteria, major components of the web site, the model school district policy, model agreements, and other related matters. The committee shall include a representative of each of the following groups: Private and public online providers, parents of online students, accreditation organizations, educational service districts, school principals, teachers, school administrators, school board members, institutions of higher education, and other individuals as determined by the superintendent. Members of the advisory committee shall be selected by the superintendent based on nominations from statewide organizations, shall serve three-year terms, and may be reappointed. The superintendent shall select the chair of the committee.

Sec. 7. RCW 28A.250.030 and 2009 c 542 s 4 are each amended to read as follows:

The superintendent of public instruction shall create an office of online learning. In the initial establishment of the office, the superintendent shall hire staff who have been employed by the digital learning commons to the extent such hiring is in accordance with state law and to the extent funds are available. The office shall:

(1) Develop and maintain a web site that provides objective information for students, parents, and educators regarding online learning opportunities offered by (~~(multidistrict)~~) online providers that have been approved in accordance with RCW 28A.250.020. The web site shall include information regarding the online course provider's overall instructional program, specific information regarding the content of individual online courses and online school programs, a direct link to each online course provider's web site, how to register for online learning programs and courses, teacher qualifications, student-to-teacher ratios, course completion rates, and other evaluative and comparative information. The web site shall also provide information regarding the process and criteria for approving (~~(multidistrict)~~) online providers. To the greatest extent possible, the superintendent shall use the framework of the course offering component of the web site developed by the digital learning commons;

(2) Develop model agreements with approved (~~(multidistrict)~~) online providers that address standard contract terms and conditions that may apply to contracts between a school district and the approved provider. The purpose of the agreements is to provide a template to assist individual school districts, at the discretion of the district, in contracting with (~~(multidistrict)~~) online providers to offer the (~~(multidistrict)~~) online provider's courses and programs to students in the district. The agreements may address billing, fees, responsibilities of online course providers and school districts, and other issues; and

(3) In collaboration with the educational service districts:

(a) Provide technical assistance and support to school district personnel through the educational technology centers in the

THIRTIETH DAY, MAY 25, 2011

development and implementation of online learning programs in their districts; and

(b) To the extent funds are available, provide online learning tools for students, teachers, administrators, and other educators.

Sec. 8. RCW 28A.250.060 and 2009 c 542 s 7 are each amended to read as follows:

(1) Beginning with the 2011-12 school year, school districts may claim state (~~basic education~~) funding under RCW 28A.150.260, to the extent otherwise allowed by state law, for students enrolled in online courses or programs only if the online courses or programs are:

(a) Offered by a multidistrict online provider approved under RCW 28A.250.020 by the superintendent of public instruction;

(b) Offered by a school district online learning program if the program serves students who reside within the geographic boundaries of the school district, including school district programs in which fewer than ten percent of the program's students reside outside the school district's geographic boundaries; or

(c) Offered by a regional online learning program where courses are jointly developed and offered by two or more school districts or an educational service district through an interdistrict cooperative program agreement.

(2) Beginning with the 2012-13 school year, school districts may claim state funding under RCW 28A.150.260, to the extent otherwise allowed by state law, for students enrolled in online courses or programs only if the online courses or programs are offered by an online provider approved under RCW 28A.250.020 by the superintendent of public instruction.

(3) Criteria shall be established by the superintendent of public instruction to allow online courses that have not been approved by the superintendent of public instruction to be eligible for state funding if the course is in a subject matter in which no courses have been approved and, if it is a high school course, the course meets Washington high school graduation requirements.

Sec. 9. RCW 28A.150.260 and 2010 c 236 s 2 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2) The distribution formula under this section shall be for allocation purposes only. Except as may be required under chapter 28A.155, 28A.165, 28A.180, or 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that

schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act. The allocations calculated under subsections (4) through (12) of this section may be adjusted as provided in the omnibus appropriations act for students whose full-time equivalent enrollment status is calculated based on enrollment in an alternative learning experience program as defined in section 2 of this act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;

(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

(4)(a) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on the following general education average class size of full-time equivalent students per teacher:

General education average class size	
Grades K-3	25.23
Grade 4	27.00
Grades 5-6	27.00
Grades 7-8	28.53
Grades 9-12	28.74

(b) During the 2011-2013 biennium and beginning with schools with the highest percentage of students eligible for free and reduced-price meals in the prior school year, the general education average class size for grades K-3 shall be reduced until the average class size funded under this subsection (4) is no more than 17.0 full-time equivalent students per teacher beginning in the 2017-18 school year.

(c) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

Career and technical education average class size	
Approved career and technical education offered at the middle school and high school level	26.57
Skill center programs meeting the standards established by the office of the superintendent of public instruction	22.76

(d) In addition, the omnibus appropriations act shall at a minimum specify:

(i) A high-poverty average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals; and

(ii) A specialty average class size for laboratory science, advanced placement, and international baccalaureate courses.

(5) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

(7) The distribution formula shall include staffing allocations to school districts for career and technical education and skill center

administrative and other school-level certificated staff, as specified in the omnibus appropriations act.

(8)(a) Except as provided in (b) of this subsection, the minimum allocation for each school district shall include allocations per annual average full-time equivalent student for the following materials, supplies, and operating costs, to be adjusted for inflation from the 2008-09 school year:

Per annual average full-time equivalent student in grades K-12

Security and central office	\$50.76

(b) During the 2011-2013 biennium, the minimum allocation for maintenance, supplies, and operating costs shall be increased as specified in the omnibus appropriations act. The following allocations, adjusted for inflation from the 2007-08 school year, are provided in the 2015-16 school year, after which the allocations shall be adjusted annually for inflation as specified in the omnibus appropriations act:

Per annual average full-time equivalent student in grades K-12	
Technology	\$113.80
Utilities and insurance	\$309.21

(9) In addition to the amounts provided in subsection (8) of this section, the omnibus appropriations act shall provide an amount based on full-time equivalent student enrollment in each of the following:

(a) Exploratory career and technical education courses for students in grades seven through twelve;

(b) Laboratory science courses for students in grades nine through twelve;

(c) Preparatory career and technical education courses for students in grades nine through twelve offered in a high school; and

(d) Preparatory career and technical education courses for students in grades eleven and twelve offered through a skill center.

(a) To provide supplemental instruction and services for underachieving students through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the district percentage of students in grades K-12 who were eligible for free or reduced-price meals in the prior school year. The minimum allocation for the program shall provide for each level of prototypical school resources to provide, on a statewide average, 1.5156 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher.

THIRTIETH DAY, MAY 25, 2011

(b) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide resources to provide, on a statewide average, 4,7780 hours per week in extra instruction with fifteen transitional bilingual instruction program students per teacher.

(c) To provide additional allocations to support programs for highly capable students under RCW 28A.185.010 through 28A.185.030, allocations shall be based on two and three hundred fourteen one-thousandths percent of each school district's full-time equivalent basic education enrollment. The minimum allocation for the programs shall provide resources to provide, on a statewide average, 2,1590 hours per week in extra instruction with fifteen highly capable program students per teacher.

(11) The allocations under subsections (4)(a) and (b), (5), (6), and (8) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

(12)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (4) and (10) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (4), (7), and (9) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(13)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature.

(b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect.

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the first school day of each month, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction and shall be included as part of the superintendent's biennial budget request. The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ways and means committee and the senate ways and means committee.

(d) The office of financial management shall make a monthly review of the superintendent's reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050.

Sec. 10. RCW 28A.150.100 and 2010 c 236 s 13 are each amended to read as follows:

(1) For the purposes of this section and RCW 28A.150.410 and 28A.400.200, "basic education certificated instructional staff" means all full-time equivalent classroom teachers, teacher librarians, guidance counselors, certificated student health services

2011 1ST SPECIAL SESSION

staff, and other certificated instructional staff in the following programs as defined for statewide school district accounting purposes: Basic education, secondary vocational education, general instructional support, and general supportive services.

(2) Each school district shall maintain a ratio of at least forty-six basic education certificated instructional staff to one thousand annual average full-time equivalent students. This requirement does not apply to that portion of a district's annual average full-time equivalent enrollment that is enrolled in alternative learning experience programs as defined in section 2 of this act.

NEW SECTION. Sec. 11. Sections 9 and 10 of this act take effect September 1, 2011."

On page 1, line 2 of the title, after "experiences;" strike the remainder of the title and insert "amending RCW 28A.150.262, 28A.250.005, 28A.250.010, 28A.250.020, 28A.250.030, 28A.250.060, 28A.150.260, and 28A.150.100; adding a new section to chapter 28A.150 RCW; creating a new section; and providing an effective date."

The President declared the question before the Senate to be motion by Senator McAuliffe to not adopt the committee striking amendment by the Committee on Ways & Means to Engrossed Substitute House Bill No. 2065.

The motion by Senator McAuliffe carried and the committee striking amendment was not adopted by voice vote.

MOTION

Senator McAuliffe moved that the following striking amendment by Senators Zarelli and Murray be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) Under Article IX of the Washington state Constitution, all children are entitled to an opportunity to receive a basic education. Although the state must assure that students in public schools have opportunities to participate in the instructional program of basic education, there is no obligation for either the state or school districts to provide that instruction using a particular delivery method or through a particular program.

(2) The legislature finds ample evidence of the need to examine and reconsider policies under which alternative learning that occurs outside the classroom using an individual student learning plan may be considered equivalent to full-time attendance in school, including for funding purposes. Previous legislative studies have raised questions about financial practices and accountability in alternative learning experience programs. Since 2005, there has been significant enrollment growth in alternative learning experience online programs, with evidence of unexpected financial impact when large numbers of nonresident students enroll in programs. Based on this evidence, there is a rational basis on which to conclude that there are different costs associated with providing a program not primarily based on full-time, daily contact between teachers and students and not primarily occurring on-site in a classroom.

(3) For these reasons, the legislature intends to allow for continuing review and revision of the way in which state funding allocations are used to support alternative learning experience programs.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.150 RCW to read as follows:

(1) For purposes of this chapter, "alternative learning experience program" means a course or set of courses that is:

THIRTIETH DAY, MAY 25, 2011

2011 1ST SPECIAL SESSION

(a) Provided in whole or in part independently from a regular classroom setting or schedule, but may include some components of direct instruction;

(b) Supervised, monitored, assessed, evaluated, and documented by a certificated teacher employed by the school district or under contract as permitted by applicable rules; and

(c) Provided in accordance with a written student learning plan that is implemented pursuant to the school district's policy and rules adopted by the superintendent of public instruction for alternative learning experiences.

(2) The broad categories of alternative learning experience programs include, but are not limited to:

(a) Online programs as defined in RCW 28A.150.262;

(b) Parent partnership programs that include significant participation and partnership by parents and families in the design and implementation of a student's learning experience; and

(c) Contract-based learning programs.

(3) School districts that offer alternative learning experience programs may not provide any compensation, reimbursement, gift, reward, or gratuity to any parents, guardians, or students for participation. School district employees are prohibited from receiving any compensation or payment as an incentive to increase student enrollment of out-of-district students in an alternative learning experience program. This prohibition includes, but is not limited to, providing funds to parents, guardians, or students for the purchase of educational materials, supplies, experiences, services, or technological equipment. A district may purchase educational materials, equipment, or other nonconsumable supplies for students' use in alternative learning experience programs if the purchase is consistent with the district's approved curriculum, conforms to applicable laws and rules, and is made in the same manner as such purchases are made for students in the district's regular instructional program. Items so purchased remain the property of the school district upon program completion. School districts may not purchase or contract for instructional or co-curricular experiences and services that are included in an alternative learning experience written student learning plan, including but not limited to lessons, trips, and other activities, unless substantially similar experiences and services are available to students enrolled in the district's regular instructional program. School districts that purchase or contract for such experiences and services for students enrolled in an alternative learning experience program must submit an annual report to the office of the superintendent of public instruction detailing the costs and purposes of the expenditures. These requirements extend to contracted providers of alternative learning experience programs, and each district shall be responsible for monitoring the compliance of its providers with these requirements. However, nothing in this section shall prohibit school districts from contracting with online providers approved by the office of the superintendent of public instruction pursuant to chapter 28A.250 RCW.

(4) Part-time enrollment in alternative learning experiences is subject to the provisions of RCW 28A.150.350.

(5) The superintendent of public instruction shall adopt rules defining minimum requirements and accountability for alternative learning experience programs.

Sec. 3. RCW 28A.150.262 and 2009 c 542 s 9 are each amended to read as follows:

Under RCW 28A.150.260, the superintendent of public instruction shall revise the definition of a full-time equivalent student to include students who receive instruction through alternative learning experience online programs. As used in this section and section 2 of this act, an "alternative learning experience online program" is a set of online courses or an online school program as defined in RCW 28A.250.010 that is delivered to students in whole or in part independently from a regular classroom

schedule. ~~((The superintendent of public instruction has the authority to adopt rules to implement the revised definition beginning with the 2005-2007 biennium for school districts claiming state funding for the programs.))~~ Beginning in the 2013-14 school year, alternative learning experience online programs must be offered by an online provider approved by the superintendent of public instruction under RCW 28A.250.020 to meet the definition in this section. The rules shall include but not be limited to the following:

(1) Defining a full-time equivalent student under RCW 28A.150.260 or part-time student under RCW 28A.150.350 based upon the district's estimated average weekly hours of learning activity as identified in the student's learning plan, as long as the student is found, through monthly evaluation, to be making satisfactory progress; the rules shall require districts providing programs under this section to nonresident students to establish procedures that address, at a minimum, the coordination of student counting for state funding so that no student is counted for more than one full-time equivalent in the aggregate;

(2) Requiring the board of directors of a school district offering, or contracting under RCW 28A.150.305 to offer, an alternative learning experience online program to adopt and annually review written policies for each program and program provider and to receive an annual report on its digital alternative learning experience online programs from its staff;

(3) Requiring each school district offering or contracting to offer an alternative learning experience online program to report annually to the superintendent of public instruction on the types of programs and course offerings, and number of students participating;

(4) Requiring completion of a program self-evaluation;

(5) Requiring documentation of the district of the student's physical residence;

(6) Requiring that supervision, monitoring, assessment, and evaluation of the alternative learning experience online program be provided by a certificated ~~((instructional staff))~~ teacher;

(7) Requiring each school district offering courses or programs to identify the ratio of certificated instructional staff to full-time equivalent students enrolled in such courses or programs, and to include a description of their ratio as part of the reports required under subsections (2) and (3) of this section;

(8) Requiring reliable methods to verify a student is doing his or her own work; the methods may include proctored examinations or projects, including the use of web cams or other technologies. "Proctored" means directly monitored by an adult authorized by the school district;

(9) Requiring, for each student receiving instruction in an alternative learning experience online program, a learning plan that includes a description of course objectives and information on the requirements a student must meet to successfully complete the program or courses. The rules shall allow course syllabi and other additional information to be used to meet the requirement for a learning plan;

(10) Requiring that the district assess the educational progress of enrolled students at least annually, using, for full-time students, the state assessment for the student's grade level and using any other annual assessments required by the school district. Part-time students shall also be assessed at least annually. However, part-time students who are either receiving home-based instruction under chapter 28A.200 RCW or who are enrolled in an approved private school under chapter 28A.195 RCW are not required to participate in the assessments required under chapter 28A.655 RCW. The rules shall address how students who reside outside the geographic service area of the school district are to be assessed;

THIRTIETH DAY, MAY 25, 2011

(11) Requiring that each student enrolled in the program have direct personal contact with a certified ~~((instructional staff))~~ teacher at least weekly until the student completes the course objectives or the requirements in the learning plan. Direct personal contact is for the purposes of instruction, review of assignments, testing, evaluation of student progress, or other learning activities. Direct personal contact may include the use of telephone, e-mail, instant messaging, interactive video communication, or other means of digital communication;

(12) Requiring state-funded public schools or public school programs whose primary purpose is to provide alternative learning experience online learning programs to receive accreditation through the Northwest ~~((association of accredited schools))~~ accreditation commission or another national, regional, or state accreditation program listed by the office of the superintendent of public instruction after consultation with the Washington coalition for online learning;

(13) Requiring state-funded public schools or public school programs whose primary purpose is to provide alternative learning experience online learning to provide information to students and parents on whether or not the courses or programs: Cover one or more of the school district's learning goals or of the state's essential academic learning requirements or whether they permit the student to meet one or more of the state's or district's graduation requirements; and

(14) Requiring that a school district that provides one or more alternative learning experience online courses to a student provide the parent or guardian of the student, prior to the student's enrollment, with a description of any difference between home-based education as described in chapter 28A.200 RCW and the enrollment option selected by the student. The parent or guardian shall sign documentation attesting to his or her understanding of the difference and the documentation shall be retained by the district and made available for audit.

Sec. 4. RCW 28A.250.005 and 2009 c 542 s 1 are each amended to read as follows:

(1) The legislature finds that online learning provides tremendous opportunities for students to access curriculum, courses, and a unique learning environment that might not otherwise be available. The legislature supports and encourages online learning opportunities.

(2) However, the legislature also finds that there is a need to assure quality in online learning, both for the programs and the administration of those programs. The legislature is the steward of public funds that support students enrolled in online learning and must ensure an appropriate accountability system at the state level.

(3) Therefore, the legislature intends to take a first step in improving oversight and quality assurance of online learning programs, and intends to examine possible additional steps that may need to be taken to improve financial accountability.

(4) The first step in improving quality assurance is to:

(a) Provide objective information to students, parents, and educators regarding available online learning opportunities, including program and course content, how to register for programs and courses, teacher qualifications, student-to-teacher ratios, prior course completion rates, and other evaluative information;

(b) Create an approval process for ~~((multidistrict))~~ online providers;

(c) Enhance statewide equity of student access to high quality online learning opportunities; and

(d) Require school district boards of directors to develop policies and procedures for student access to online learning opportunities.

Sec. 5. RCW 28A.250.010 and 2009 c 542 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1)(a) "Multidistrict online provider" means:

(i) A private or nonprofit organization that enters into a contract with a school district to provide online courses or programs to K-12 students from more than one school district;

(ii) A private or nonprofit organization that enters into contracts with multiple school districts to provide online courses or programs to K-12 students from those districts; or

(iii) Except as provided in (b) of this subsection, a school district that provides online courses or programs to students who reside outside the geographic boundaries of the school district.

(b) "Multidistrict online provider" does not include a school district online learning program in which fewer than ten percent of the students enrolled in the program are from other districts under the interdistrict student transfer provisions of RCW 28A.225.225. "Multidistrict online provider" also does not include regional online learning programs that are jointly developed and implemented by two or more school districts or an educational service district through an interdistrict cooperative program agreement that addresses, at minimum, how the districts share student full-time equivalency for state basic education funding purposes and how categorical education programs, including special education, are provided to eligible students.

(2)(a) "Online course" means a course ~~((that))~~ where:

(i) More than half of the course content is delivered ~~((primarily))~~ electronically using the internet or other computer-based methods; and

(ii) ((Is taught by a teacher primarily from a remote location. Students enrolled in an online course may have access to the teacher synchronously, asynchronously, or both)) More than half of the teaching is conducted from a remote location through an online course learning management system or other online or electronic tools.

(b) "Online school program" means a school program that:

(i) Offers courses or grade-level coursework that is delivered primarily electronically using the internet or other computer-based methods;

(ii) Offers courses or grade-level coursework that is taught by a teacher primarily from a remote location using online or other electronic tools. Students enrolled in an online program may have access to the teacher synchronously, asynchronously, or both;

(iii) ~~((Delivers a part-time or full-time sequential program))~~ Offers a sequential set of online courses or grade-level coursework that may be taken in a single school term or throughout the school year in a manner that could provide a full-time basic education program if so desired by the student. Students may enroll in the program as part-time or full-time students; and

(iv) Has an online component of the program with online lessons and tools for student and data management.

(c) An online course or online school program may be delivered to students at school as part of the regularly scheduled school day. An online course or online school program also may be delivered to students, in whole or in part, independently from a regular classroom schedule, but such courses or programs must comply with RCW 28A.150.262 to qualify for state basic education funding.

(3) "Online provider" means any provider of an online course or program, including multidistrict online providers, all school district online learning programs, and all regional online learning programs.

Sec. 6. RCW 28A.250.020 and 2009 c 542 s 3 are each amended to read as follows:

(1) The superintendent of public instruction, in collaboration with the state board of education, shall develop and implement approval criteria and a process for approving ~~((multidistrict))~~ online providers; a process for monitoring and if necessary rescinding the

THIRTIETH DAY, MAY 25, 2011

2011 1ST SPECIAL SESSION

approval of courses or programs offered by an online (~~(course)~~) provider; and an appeals process. The criteria and processes for multidistrict online providers shall be adopted by rule by December 1, 2009.

(2) When developing the approval criteria, the superintendent of public instruction shall require that providers offering online courses or programs have accreditation through the Northwest (~~(association of accredited schools)~~) accreditation commission or another national, regional, or state accreditation program listed by the office of the superintendent of public instruction after consultation with the Washington coalition for online learning. In addition to other criteria, the approval criteria shall include the degree of alignment with state academic standards and require that all teachers be certificated in accordance with Washington state law. When reviewing (~~(multidistrict)~~) online providers that offer high school courses, the superintendent of public instruction shall assure that the courses offered by the provider are eligible for high school credit. However, final decisions regarding the awarding of high school credit shall remain the responsibility of school districts.

(3) Initial approval of (~~(multidistrict)~~) online providers by the superintendent of public instruction shall be for four years. The superintendent of public instruction shall develop a process for the renewal of approvals and for rescinding approvals based on noncompliance with approval requirements. Any multidistrict online provider that was approved by the digital learning commons or accredited by the Northwest association of accredited schools before July 26, 2009, and that meets the teacher certification requirements of subsection (2) of this section, is exempt from the initial approval process under this section until August 31, 2012, but must comply with the process for renewal of approvals and must comply with approval requirements.

(4) The superintendent of public instruction shall make the first round of decisions regarding approval of multidistrict online providers by April 1, 2010. The first round of decisions regarding approval of online providers that are not multidistrict online providers shall be made by April 1, 2013. Thereafter, the superintendent of public instruction shall make annual approval decisions no later than November 1st of each year.

(5) The superintendent of public instruction shall establish an online learning advisory committee within existing resources that shall provide advice to the superintendent regarding the approval criteria, major components of the web site, the model school district policy, model agreements, and other related matters. The committee shall include a representative of each of the following groups: Private and public online providers, parents of online students, accreditation organizations, educational service districts, school principals, teachers, school administrators, school board members, institutions of higher education, and other individuals as determined by the superintendent. Members of the advisory committee shall be selected by the superintendent based on nominations from statewide organizations, shall serve three-year terms, and may be reappointed. The superintendent shall select the chair of the committee.

Sec. 7. RCW 28A.250.030 and 2009 c 542 s 4 are each amended to read as follows:

The superintendent of public instruction shall create an office of online learning. In the initial establishment of the office, the superintendent shall hire staff who have been employed by the digital learning commons to the extent such hiring is in accordance with state law and to the extent funds are available. The office shall:

(1) Develop and maintain a web site that provides objective information for students, parents, and educators regarding online learning opportunities offered by (~~(multidistrict)~~) online providers that have been approved in accordance with RCW 28A.250.020.

The web site shall include information regarding the online course provider's overall instructional program, specific information regarding the content of individual online courses and online school programs, a direct link to each online course provider's web site, how to register for online learning programs and courses, teacher qualifications, student-to-teacher ratios, course completion rates, and other evaluative and comparative information. The web site shall also provide information regarding the process and criteria for approving (~~(multidistrict)~~) online providers. To the greatest extent possible, the superintendent shall use the framework of the course offering component of the web site developed by the digital learning commons;

(2) Develop model agreements with approved (~~(multidistrict)~~) online providers that address standard contract terms and conditions that may apply to contracts between a school district and the approved provider. The purpose of the agreements is to provide a template to assist individual school districts, at the discretion of the district, in contracting with (~~(multidistrict)~~) online providers to offer the (~~(multidistrict)~~) online provider's courses and programs to students in the district. The agreements may address billing, fees, responsibilities of online course providers and school districts, and other issues; and

(3) In collaboration with the educational service districts:

(a) Provide technical assistance and support to school district personnel through the educational technology centers in the development and implementation of online learning programs in their districts; and

(b) To the extent funds are available, provide online learning tools for students, teachers, administrators, and other educators.

Sec. 8. RCW 28A.250.060 and 2009 c 542 s 7 are each amended to read as follows:

(1) Beginning with the 2011-12 school year, school districts may claim state (~~(basic education)~~) funding under RCW 28A.150.260, to the extent otherwise allowed by state law, for students enrolled in online courses or programs only if the online courses or programs are:

(a) Offered by a multidistrict online provider approved under RCW 28A.250.020 by the superintendent of public instruction;

(b) Offered by a school district online learning program if the program serves students who reside within the geographic boundaries of the school district, including school district programs in which fewer than ten percent of the program's students reside outside the school district's geographic boundaries; or

(c) Offered by a regional online learning program where courses are jointly developed and offered by two or more school districts or an educational service district through an interdistrict cooperative program agreement.

(2) Beginning with the 2013-14 school year, school districts may claim state funding under RCW 28A.150.260, to the extent otherwise allowed by state law, for students enrolled in online courses or programs only if the online courses or programs are offered by an online provider approved under RCW 28A.250.020 by the superintendent of public instruction.

(3) Criteria shall be established by the superintendent of public instruction to allow online courses that have not been approved by the superintendent of public instruction to be eligible for state funding if the course is in a subject matter in which no courses have been approved and, if it is a high school course, the course meets Washington high school graduation requirements.

Sec. 9. RCW 28A.150.260 and 2010 c 236 s 2 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic

THIRTIETH DAY, MAY 25, 2011

education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2) The distribution formula under this section shall be for allocation purposes only. Except as may be required under chapter 28A.155, 28A.165, 28A.180, or 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) The total aggregate statewide allocations calculated under subsections (4) through (12) of this section for full-time equivalent student enrollment in alternative learning experience programs as defined in section 2 of this act shall be reduced by fifteen percent for the 2011-12 and 2012-13 school years. The superintendent of public instruction shall determine how to implement this aggregate fifteen percent reduction among the different alternative learning experience programs. No program may receive less than a ten percent reduction and no program may receive greater than a twenty percent reduction. In determining how to implement the reductions among the alternative learning experience programs, the superintendent of public instruction must look to both how a program is currently operating as well as how it has operated in the past, to the extent that data is available, and must give consideration to the following criteria:

- (i) The category of program;
- (ii) The certificated instructional staffing ratio maintained by the program;
- (iii) The amount and type of direct personal student-to-teacher contact used by the program on a weekly basis;
- (iv) Whether the program uses any classroom-based instructional time to meet requirements in the written student learning plan for enrolled students; and
- (v) For online programs, whether the program is approved by the superintendent of public instruction under RCW 28A.250.020.

(c) The superintendent of public instruction shall report to the legislature by December 31, 2011, regarding how the reductions in (b) of this subsection were implemented.

(d) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;

(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

MOTION

Senator McAuliffe moved that the following amendment by Senators McAuliffe and Litzow be adopted:

On page 19, after line 13, insert the following:

"Sec. 8. RCW 28A.655.061 and 2010 c 244 s 1 are each amended to read as follows:

(1) The high school assessment system shall include but need not be limited to the Washington assessment of student learning, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and if approved by the legislature pursuant to subsection (10) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained by most students at about the age of sixteen, and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045 or 28A.655.0611, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

(3) Beginning with the graduating class of 2008, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics content areas of the high school Washington assessment of student learning shall earn a certificate of academic achievement. If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area up to four times at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement. Once objective alternative assessments are authorized pursuant to subsection (10) of this section, a student may

THIRTIETH DAY, MAY 25, 2011

use the objective alternative assessments to demonstrate that the student successfully meets the state standards for that content area if the student has taken the Washington assessment of student learning at least once. If the student successfully meets the state standards on the objective alternative assessments then the student shall earn a certificate of academic achievement.

(4) Beginning ~~((no later than))~~ with the graduating class of ~~((2013))~~ 2015, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the Washington assessment of student learning or the objective alternative assessments in order to earn a certificate of academic achievement. The state board of education may adopt a rule that implements the requirements of this subsection (4) beginning with a graduating class before the graduating class of 2013, if the state board of education adopts the rule by September 1st of the freshman school year of the graduating class to which the requirements of this subsection (4) apply. The state board of education's authority under this subsection (4) does not alter the requirement that any change in performance standards for the tenth grade assessment must comply with RCW 28A.305.130.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) School districts must make available to students the following options:

(a) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the Washington assessment of student learning up to four times in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(8) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(9) Opportunities to retake the assessment at least twice a year shall be available to each school district.

(10)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process for students' scores, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b)(i) A student's score on the mathematics, reading or English, or writing portion of the SAT or the ACT may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standards for the certificate of academic achievement. The state board of

education shall identify the scores students must achieve on the relevant portion of the SAT or ACT to meet or exceed the state standard in the relevant content area on the Washington assessment of student learning. The state board of education shall identify the first scores by December 1, 2007. After the first scores are established, the state board may increase but not decrease the scores required for students to meet or exceed the state standards.

(ii) Until August 31, 2008, a student's score on the mathematics portion of the PSAT may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standard for the certificate of academic achievement. The state board of education shall identify the score students must achieve on the mathematics portion of the PSAT to meet or exceed the state standard in that content area on the Washington assessment of student learning.

(iii) A student who scores at least a three on the grading scale of one to five for selected AP examinations may use the score as an objective alternative assessment under this section for demonstrating that a student has met or exceeded state standards for the certificate of academic achievement. A score of three on the AP examinations in calculus or statistics may be used as an alternative assessment for the mathematics portion of the Washington assessment of student learning. A score of three on the AP examinations in English language and composition may be used as an alternative assessment for the writing portion of the Washington assessment of student learning. A score of three on the AP examinations in English literature and composition, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics may be used as an alternative assessment for the reading portion of the Washington assessment of student learning.

(11) By December 15, 2004, the house of representatives and senate education committees shall obtain information and conclusions from recognized, independent, national assessment experts regarding the validity and reliability of the high school Washington assessment of student learning for making individual student high school graduation determinations.

(12) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for and notify students and their parents or legal guardians as provided in this subsection. Student learning plans are required for eighth grade students who were not successful on any or all of the content areas of the state assessment during the previous school year or who may not be on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually. To the extent feasible, schools serving English language learner students and their parents shall translate the plan into the primary language of the family. The plan shall include the following information as applicable:

(a) The student's results on the state assessment;

(b) If the student is in the transitional bilingual program, the score on his or her Washington language proficiency test II;

(c) Any credit deficiencies;

(d) The student's attendance rates over the previous two years;

(e) The student's progress toward meeting state and local graduation requirements;

MESSAGE FROM THE HOUSE

May 25, 2011

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5459 with the following amendment(s): 5459-S2 AMH WAYS H2891.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that:

(1) A developmental disability is a natural part of human life and the presence of a developmental disability does not diminish a person's rights or the opportunity to participate in the life of the local community;

(2) The system of services for people with developmental disabilities should provide a balanced range of health, social, and supportive services at home or in other residential settings. The receipt of services should be coordinated so as to minimize administrative cost and service duplication, and eliminate unnecessarily complex system organization;

(3) The public interest would best be served by a broad array of services that would support people with developmental disabilities at home or in the community, whenever practicable, and that promote individual autonomy, dignity, and choice;

(4) In Washington state, people living in residential habilitation centers and their families are satisfied with the services they receive, and deserve to continue receiving services that meet their needs if they choose to receive those services in a community setting;

(5) As other care options for people with developmental disabilities become more available, the relative need for residential habilitation center beds is likely to decline. The legislature recognizes, however, that residential habilitation centers will continue to be a critical part of the state's long-term care options; and that such services should promote individual dignity, autonomy, and a home-like environment; and

(6) In a time of fiscal restraint, the state should consider the needs of all persons with developmental disabilities and spend its limited resources in a manner that serves more people, while not compromising the care people require.

NEW SECTION. **Sec. 2.** It is the intent of the legislature that:

(1) Community-based residential services supporting people with developmental disabilities should be available in the most integrated setting appropriate to individual needs; and

(6) If the secretary determines that current appropriations are sufficient to deliver additional services without reducing services to persons who are presently receiving services, the secretary is authorized to give persons notice under RCW 71A.10.060 that they may request the services as new services or as changes of services under this section.

Sec. 10. RCW 71A.20.080 and 1989 c 175 s 143 are each amended to read as follows:

(1) Whenever in the judgment of the secretary, the treatment and training of any resident of a residential habilitation center has progressed to the point that it is deemed advisable to return such resident to the community, the secretary may grant placement on such terms and conditions as the secretary may deem advisable after consultation in the manner provided in RCW 71A.10.070. The secretary shall give written notice of the decision to return a resident to the community as provided in RCW 71A.10.060. The notice must include a statement advising the recipient of the right to an adjudicative proceeding under RCW 71A.10.050 and the time limits for filing an application for an adjudicative proceeding. The notice must also include a statement advising the recipient of the right to judicial review of an adverse adjudicative order as provided in chapter 34.05 RCW.

(2) A placement decision shall not be implemented at any level during any period during which an appeal can be taken or while an appeal is pending and undecided, unless authorized by court order so long as the appeal is being diligently pursued.

NEW SECTION. Sec. 14. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Tom as to the application of Initiative Number 1053 to Engrossed Substitute Senate Bill 5942 as amended by the House, the President finds and rules as follows:

As Sen. Tom states, this bill privatizes the distribution of liquor within the state. In part, it requires that the state issue a Request for Proposal regarding such distribution. Section 2 of the bill requires that any person responding to that RFP must provide a variety of information, including a description of any "changes to retail profits generated as a result of the lease or contract." In essence, Sen. Tom's argument is that, to the extent that the contract changes the amounts paid by retail establishments, the contract will result in increased taxes paid by those establishments.

THIRTIETH DAY, MAY 25, 2011

It is possible that Senator Tom is correct: the contract may alter the prices paid by retail establishments, and this could have a corresponding impact on prices paid by consumers. If retail prices are increased, then an argument can be made that taxes have increased through passage of this bill. This is not, however, the only possible outcome. It is possible that there will be no change; it is possible that changes at the wholesale level will not be passed on to consumers; it is even possible that efficiencies utilized by a private distributor could result in lower consumer prices. However, as the President has previously stated, on a challenge made to a prior bill involving the sale of liquor: "it is not possible, at this point in time, to determine with precision which scenario will ultimately come to pass." (Ruling re ESHB 1087; April 18, 2011.)

Each potential outcome depends on several factors: the nature and content of each response to the RFP, the market for the sale of liquor, and the actual contract, if any, entered into by the state. Each of these actions will occur outside of the legislature, and the provisions of I-1053 are triggered only by legislative action.

For these reasons, only a constitutional majority vote of twenty-five is necessary and Senator Tom's point is not well-taken."

The Senate resumed consideration of Engrossed Substitute Senate Bill No. 5942 which had been deferred earlier in the day.

Senators Sheldon and Tom spoke against passage of the bill. Senator Zarelli spoke in favor of passage of the bill.

PERSONAL PRIVILEGE

Senator Rockefeller: “Thank you Mr. President. Over the years I’ve learned that there are very few lasting secrets here in Olympia and sometimes rumors are true. Well this is one of those times. I’m deeply honored and humbled by the action of Governor Gregoire who yesterday appointed me to the Northwest Power and Conservation Council and I wish to thank the Governor for extending this opportunity to me which I’m pleased to accept. In that role I look forward to addressing a host of energy issues that are important to our state and its consumers and businesses. I also look forward to working on the issues of the fish and wildlife in the Columbian Snake River system and the interplay between energy and the stewardship of those resources. The very issue that Senator Swecker brought to our attention this afternoon symbolizes what those issues are like and how difficult they can be. There are no easy answers, we just manage those problems to the best of our ability. Extinction is not an option and I expect that addressing these issues will be just as challenging at the Council as they have been here in the Legislature. At the same time Mr. President, I’ve had to recognize that this appointment will bring to a close my service. So, it’s with distinctly mixed emotions that I must advise you that I will be leaving the Senate. The work of the Senate is never done but my work here is concluding and I know that everyone that’s served here understands that there must be an end point for our service whenever it begins but seldom do we hold that foremost in our minds. And yet now that that moments approaches for me I’m saddened indeed by that prospect and I know I will remember and miss this strong sense of family that connects the members of this body and offer support and caring to every one of us in times of stress or events of loss and challenge. I’ve seen it personally some three years ago when I fell from the roof of my home and out pouring of support and that meant a great deal to me and I wish to thank you again for that kindness and I know I will remember and miss the unity amidst the diversity here that shines forth in this body when we are faced with hardship or emergency conditions. In fact, years from now I think this Legislature and this Senate will go down in history as one of the best ever and the reason is the Senate exceeded everyone’s expectation including our own by coming together, rising together as a body to the challenges that we faced building a balanced budget and passing the NTIBs and some important policy bills along the way. I think the senate can be enormously powerful when it works in that manner and I hope we can learn from this experience and carry on in that tradition. Mr. President, I personally will miss those occasional suspenseful rulings from the President that you deliver on parliamentary questions. I may be the only member of this body who has a personal copy of the annotated rulings of the Lieutenant Governor Brad Owen. In fact, when I asked Mike Hoover for something like this he said, ‘It’s never been printed before’ So, it may not be a best seller, it may not be best seller Mr. President but and it does have its moments, well not passion but wisdom. So, I hope you will autograph my copy. It might someday be a hot item on Ebay. And to the members of the senate, my colleagues here and to the remarkable staff who have kept us functional and informed, may I say how much, how much I have treasured working here and being part of the process. It is a joy working with you. I love the give and take. I like the diversity of views and experience and the views and proposals that are articulated here by just about everyone. I’ve loved listening to the floor debates and the sometimes heartfelt eloquent and occasionally humorous speeches. Most of the time I love committee hearings and executive sessions even though Ways &

Means can go on and on and on. I’ve appreciated as well the candid caucus discussions and the bill reviews that we’ve had in our caucus. And I guess you could say I love this institution and what it stands for and the people that keep in humming and alive and functional. We are blessed to participate in the life of this wonderful body. I love the dignity of these marbled chambers. I love the morning flag ceremony. I love the way the American flag is fluffed a little bit after it’s been posted. It’s a sign of respect and love of the United States. And like so many of you I take inspiration from the opening prayers, reflections, especially from fellow legislators. Our Washington State experiment and self-government in a representative democracy with citizen legislators like ourselves is an amazing blend of personal values, life experience, advocacy and compromise all in the ongoing search for the public good. It’s not perfect but it does work and I cherish the process and all of you and I respect the outcomes. Well, now it’s time for me to conclude Mr. President. I will hold all of you in my heart and I wish you all farewell. Thank you.”

PERSONAL PRIVILEGE

Senator Delvin: “Well, thank you Mr. President. I want to tell the good Senator, Phil Rockefeller that I’ll certainly miss him. The time on our committee, I don’t know how many times you changed that name of that committee just to keep me confused but I appreciate that. I will miss that ‘You’re out of order, Senator Delvin,’ I’ll certainly miss our time on climate change. I think in another year I would have had you convinced it was all a fraud to begin with. I needed just one more year for that. I think I would have had you. But seriously Phil, certainly going to miss you and the discussions we had on that committee and I appreciate your service to your districts constituents but also to the people of the state of Washington and I hope we’ll keep in contact now and then in your new position. Thank you.”

PERSONAL PRIVILEGE

Senator Roach: “Thank you Mr. President. I just want to thank Phil. You know ladies and gentlemen of the senate, this is a real gentleman. This is a person that treats a person fairly and honestly. I can’t think of anyone that the Governor could of picked a more aptly to begin service on this new assignment that you have and I wish you well. I wish that we could attain the kind of level of respect that you have for every individual and the way you treat people is beyond. I’ve been treated pretty badly in some places so I really do respect and admire someone that treats an individual fairly and with respect. Thank you Senator for your good service. We will miss you.”

PERSONAL PRIVILEGE

Senator Kilmer: “Thank you Mr. President. Well, I wanted to rise and also express my gratitude to Senator Rockefeller. You know I’m grateful for three things: first, I’m grateful as a father for the difference he has made in the lives of my kids and all kids in our state; for his championship when it comes to environmental issues. We know that our kids are only as safe as the water they drink and the air they breathe and the earth that we will pass on to them and he has made a difference in their lives and also for his championship on education issues. He’s someone who understands that as Benjamin Franklin wrote two and half centuries ago, ‘An investment in knowledge pays the greatest interest’ and he has fought to make sure that their future was brighter. I’m grateful to him, secondly, as a fellow legislator from Kitsap County who understands how passionately and

THIRTIETH DAY, MAY 25, 2011

2011 1ST SPECIAL SESSION

thoughtfully he has fought for his constituents over the years when it comes to ferry issues and other local issues. He is a fighter for his constituents and that is something I think that all of us are grateful for and all of us will miss. And, finally, I am grateful to him simply as a friend, you know Senator Roach used the word gentleman and as I was thinking about what to say that was the first word that I thought of. Senator Rockefeller is a true gentleman. He has good humor, he mentioned his fall from his roof a few years back and even I think even with a broken pelvis I think he's a better dancer than I am. Feels a little weird to talk about his pelvis on the floor of the senate but he really is quite a fine dancer. I think all of us will miss the collegiality and good humor that he brings to this body and I want to thank you for your service to our community and I'm sure we'll be in touch."

PERSONAL PRIVILEGE

Senator Hargrove: "Thank you Mr. President. A couple of things that I think of first most, or first most, first he's eloquent unlike me but the thing I think of most often is how thoughtful and analytically he is as he goes through every issue because I know that I've come to him with issues that probably his perspective would have generically said, 'Nah, I'm not with you on that' but as he thoughtfully goes through every issue and looks at it and I think the trial lawyers regret that as a matter of fact. A couple years ago, as we started to get in deep into some of these liability issues and he had a very thoughtful look at it and came up with some solutions that were very creative. Another thing I remember is few years ago when we were doing the mental health legislation and he got up and gave a speech and basically said, 'You know, the ships leaving and we need to follow Captain Hargrove on this one.' I will always forever remember that. Your trust with people that have worked on things and again having looked through every little piece of it and saw that it actually made sense. I think that if we did a training video on what a Senator should be like we could just take a video of Senator Rockefeller and because of his thoughtfulness, analytical nature, willingness to think maybe outside the box, to be courteous, to keep his word. I think those are all the things that are exactly what he's like and actually what we all ought to be like but I think we could look to him and see that. And another thing I'd like to say, we do need to confirm you so I hope your counting votes in your last few hours here but I don't think there will be any problems, in fact, I'll be glad to speak on that behalf when it comes up. Thanks for serving the state of Washington and thanks for being my colleague here in the Senate. Thank you."

PERSONAL PRIVILEGE

Senator Eide: "Thank you Mr. President. Well, Senator Rockefeller has been my right wing man and he has had my back and I have absolutely loved his personality, his trustworthiness and his legal mind and I don't know what I'm going to do without you. Promise me you will never get up on a ladder again to clean your gutters. I tell you my heart went up to my throat. My husband in fact, I think we bought you a shirt and I can't remember about gravity or something about gravity, yes. We both thought, 'What in the world is he doing up there cleaning his gutters.' The next time you need somebody to do, call me, I'll hire someone for you. It's the fine people that we work and serve with down here that makes it fun. When times are tough and you wonder how you're going to make it through the day and you know you turn around and you look at a fine gentleman that I know I can trust to have my back. Man, you can cut a rug. I am going to miss those dances because my husband doesn't dance."

So, I'm going to have to call you every once in a while to come be my partner. The very best to you, God Bless you."

PERSONAL PRIVILEGE

Senator Nelson: "When I was elected to the Senate Senator Rockefeller reached out to me and we already started discussing environmental issues and I truly have been honored and privileged to serve as his Vice Chair on his Environment, Water and Energy. I'd say in working with him, I have two words for him, he's a statesman and he is a gentleman. He has given me more time to serve a chair while he worked over different issues than any chair I've ever seen work with Vice Chair. I will truly miss you Phil. It has been a wonderful, wonderful time for me but I'm very pleased you're getting the appointment that you are because you deserve it. We will miss you but congratulations."

PERSONAL PRIVILEGE

Senator Sheldon: "Well thank you Mr. President. Senator Rockefeller, we all are going to miss you a lot here and we both represent parts of Kitsap County. It's been a pleasure dealing with you and working with our constituents. You've always been up front, honest, well-spoken, a real example. I think also the Governor's made an excellent appointment to the Pacific Northwest Power and Conservation Council. There's only I think eight people on that board? If people don't know, two from each state, one from the east side of Washington, one from the west side of Washington. You are the perfect person for that role. You're an inquisitive mind, your abilities and I think the people of the state of Washington will be served very, very well. One thing else that I want to mention: If you've had, any member, if you've ever had the opportunity to sit down with Senator Rockefeller and his lovely wife and have dinner, have a conversation. You can tell what a special bond they have. How close they are. How well they work together. It's very exceptional. I must compliment you on what seems to me to be a very, very good marriage. Thank you."

PERSONAL PRIVILEGE

Senator Fraser: "Well, thank you Mr. President. Well, I too would like to rise to congratulate Senator Rockefeller and also to thank the Governor for her wisdom in selecting such a highly capable person to be in this very, very significant role where you'll be playing a role in the big picture future of the Pacific Northwest. You are so qualified for this and some people talk about 'serving on the committee.' You know when you've been chair of a committee, when I chaired this committee for a number of years, you know issues never leave you. And I stayed on the committee so I have watched Senator Rockefeller, worked with him closely on a committee, and I must say he is truly a person of vision, who looks down the road in the future on a comprehensive basis. He always makes sure he is well educated on an issue. He's polite to everybody and that is sometimes a challenge around here. He is a person of courage and a person of high ethical standards and a person of determination that goes along with his vision. And so we have a lot of legislation here in the state of Washington that we wouldn't have if it had not been for the leadership of Senator Rockefeller. So, I think this is a perfect appointment. I am excited for you and am very pleased for the Pacific Northwest and the nice thing is we'll all still be interacting with you to one degree or the other and it will be fun when you come before your old committee for an appointment confirmation."

PERSONAL PRIVILEGE

Senator Ericksen: “Thank you Mr. President. As a fellow member of the class of 1999 from the House of Representatives, I’d like to say congratulations on your new appointment and people have spoken tonight to your statesmanship, your dancing ability but you also have to remember that back in the day he had a mean hook shot on the basketball court also when we’d go out and play. What was interesting about it was he was old school there. I’m not sure if it was the Chuck Taylor’s or not but it was the classic old school hook shot and I think what it really speaks to, in a way, is your old school attitude here in the Legislature, the dignity and decorum and the way that you carry yourself here in the body. It will be missed by all of us here so. I know we haven’t shot too many hook shots lately on the basketball court but it definitely carries over in how you conduct yourself here and the way you’ve done it all these years since 1999. Thank you for your service and congratulations.”

PERSONAL PRIVILEGE

Senator Swecker: “Thank you Mr. President. Senator Rockefeller, I certainly hate to see you go but I’ve had some great experiences with you and I think one of those was hearkening back to our service on the Permitting, Efficiency and Accountability committee where we worked to streamline permits, I have to admit that wasn’t anything quite so much fun as being on, a group with really smart people in a room trying to solve problems and you certainly were one of those. In fact, I have to remember that I was so impressed by that process that I enrolled in the master’s program at Evergreen in environmental studies. Before that nobody could of accused me of being an environmentalists so, I really enjoyed our experience together. One of the things that I enjoyed too was OUR trip back to Washington D. C. where you took me to visit your friend at NPR radio and I got a tour there of that area. So, it’s been a great experience and I also want to thank you for your leadership this year in dealing with the coal fire plant in the Lewis County area. It could have been much different without your leadership and I thank you for that. So, Godspeed and Lord be with you.”

PERSONAL PRIVILEGE

Senator Pflug: “Thank you Mr. President. Well, I too will be left with some very good memories of working with this gentleman. Particularly I remember being new in the Senate and trying to negotiate some education bills and what a terrific help you were and what a stabilizing presence in some very difficult negotiations. I remember the dedication continuing into the interim and one particular meeting while we were both trying to represent our districts and everyone was driving through a few inches of snow, do you remember that meeting? We did come to some good conclusions and over a period of several years, I’ve really appreciated being able to work. I think my first experience of really good by-partisan and senate verses the house kind of outcome. So as I was listening to everyone come up with the same adjectives over and over I was thinking I agree and actually if they were to make a movie of your life I’m sure it would be an honorable and a gentleman. So, good luck, you certainly deserve to have a great retirement from this place. Everyone should eventually do that but we will miss you terribly. Thank you.”

PERSONAL PRIVILEGE

Senator McAuliffe: “Thank you Mr. President. I would just like to say Senator, you asked to be on the education committee this year. You passionately wanted to serve. You served with thoughtfulness, with care and concern for every one of the one million children in our K-12 education system. They have benefited. Their lives are different because you cared, you took steps both in the house and the senate to make a difference in their lives. This is one of our toughest times in all my years of service and that is eighteen because we have had to make some drastic cuts that hurt our schools, our health care, our families and our children but you have done that with courage and I cannot say all this without recognizing this that in the wings behind every good man is a good woman, a better woman, and could we ask you to step out and also be recognized. Thank you. Thank you Mr. President.”

PERSONAL PRIVILEGE

Senator Kohl-Welles: “Thank you Mr. President. Although the last tribute is probably an appropriate ending I can’t resist speaking as well. I have been fortunate to be the next door neighbor of Senator Rockefeller in terms of our office locations and we’ve had a litany of wonderful describers of this gentleman’s personal attributes, his talents just absolutely stellar but I think it’s also important to know that he’s a very good listener. When I’ve had to vent he’s been there willing to listen to me which is sometimes very important around here. But it’s also something that I cherish in him that he takes risks. He comes out for controversial positions on things that some people just won’t do and may not always be easy in his district and I really appreciated that. And lastly, it’s also important that we’re not ending with what he brought forward in his personal and very compelling and moving statement to all of us tonight but he’s having a party and sometime tonight outside of our offices and conference room 211, Senator Rockefeller and his wife, Anita, have spearheaded a party. And I hope that you all come by because that’s part of the real Senator Rockefeller too.”

PERSONAL PRIVILEGE

Senator Ranker: “Phil, I began working with you before I was in the Senate on the creation of the Puget Sound Partnership and it was at that point I saw the statesmanship in you, the leadership qualities in you and really enjoyed that time. Since being here in the Senate getting to work with you on the environment committee on environmental issues but also on educational issues and just leadership issues for our state has been a wonderful opportunity for me and so with that I will miss you deeply in this body and I think your contribution to this state has been magnificent. Thank you.”

REMARKS BY THE PRESIDENT

President Owen: “Senator Rockefeller you have served with great dignity and professionalism. It has been a real honor for me also to serve with you. I wish you the best in your new endeavor. I would like to give you some advice, if in fact you are having trouble sleeping, pull out my rulings, they’ll put you right to sleep.”

governor, subject to confirmation by the senate. The director serves at the pleasure of the governor. The director is paid a salary fixed by the governor in accordance with RCW 43.03.040. If a vacancy occurs in the position of director while the senate is not in session, the governor shall make a temporary appointment until the next meeting of the senate at which time he or she shall present to that body his or her nomination for the position.

(3) The director may employ staff members, who are exempt from chapter 41.06 RCW, and any additional staff members as are necessary to administer this chapter, and such other duties as may be authorized by law. The director may delegate any power or duty vested in him or her by this act or other law, including authority to make final decisions and enter final orders in hearings conducted under chapter 34.05 RCW.

(4) The internal affairs of the department are under the control of the director in order that the director may manage the department in a flexible and intelligent manner as dictated by changing contemporary circumstances. Unless specifically limited by law, the director has complete charge and supervisory powers over the department. The director may create the administrative structures as the director deems appropriate, except as otherwise specified by law, and the director may employ personnel as may be necessary in accordance with chapter 41.06 RCW, except as otherwise provided by law.

(5) Until June 30, 2018, at the beginning of each fiscal biennium, the office of financial management shall conduct a review of the programs and services that are performed by the department to determine whether the program or service may be performed by the private sector in a more cost-efficient and effective manner than being performed by the department. In conducting this review, the office of financial management shall:

(a) Examine the existing activities currently being performed by the department, including but not limited to an examination of services for their performance, staffing, capital requirements, and mission. Programs may be broken down into discrete services or activities or reviewed as a whole; and

(b) Examine the activities to determine which specific services are available in the marketplace and what potential for efficiency gains or savings exist.

(i) As part of the review in this subsection (5), the office of financial management shall select up to six activities or services that have been determined as an activity that may be provided by the private sector in a cost-effective and efficient manner, including for the 2011-2013 fiscal biennium the bulk printing services. The office of financial management may consult with affected industry stakeholders in making its decision on which activities to contract for services. Priority for selection shall be given to agency activities or services that are significant, ongoing functions.

(ii) The office of financial management must consider the consequences and potential mitigation of improper or failed performance by the contractor.

(iii) For each of the selected activities, the department shall use a request for information, request for proposal, or other procurement process to determine if a contract for the activity would result in the activity being provided at a reduced cost and with greater efficiency.

(iv) The request for information, request for proposal, or other procurement process must contain measurable standards for the performance of the contract.

(v) The department may contract with one or more vendors to provide the service as a result of the procurement process.

(vi) If the office of financial management determines via the procurement process that the activity cannot be provided by the private sector at a reduced cost and greater efficiency, the department of enterprise services may cancel the procurement

without entering into a contract and shall promptly notify the legislative fiscal committees of such a decision.

(vii) The department of enterprise services, in consultation with the office of financial management, must establish a contract monitoring process to measure contract performance, costs, service delivery quality, and other contract standards, and to cancel contracts that do not meet those standards. No contracts may be renewed without a review of these measures.

(viii) The office of financial management shall prepare a biennial report summarizing the results of the examination of the agency's programs and services. In addition to the programs and services examined and the result of the examination, the report shall provide information on any procurement process that does not result in a contract for the services. During each regular legislative session held in odd-numbered years, the legislative fiscal committees shall hold a public hearing on the report and the department's activities under this section.

(ix) The joint legislative audit and review committee shall conduct an audit of the implementation of this subsection (5), and report to the legislature by January 1, 2018, on the results of the audit. The report must include an estimate of additional costs or savings to taxpayers as a result of the contracting out provisions.

NEW SECTION. Sec. 105. (1) The department of enterprise services has powers and duties related to state contracting as provided in chapters 43.19 and 39.29 RCW. The process and procedures in each chapter differ from each other in many respects. In addition, the process and procedures may not represent the best practices for the agency or the public.

(2) Any provision contrary to or in conflict with this section in any collective bargaining agreement in effect on July 1, 2005, is not effective beyond the expiration date of the agreement.

The commission shall not delegate its authority to adopt, amend, or rescind rules nor shall it delegate authority to determine whether an actual violation of this chapter has occurred or to assess penalties for such violations;

(3) Prepare and publish such reports and technical studies as in its judgment will tend to promote the purposes of this chapter, including reports and statistics concerning campaign financing, lobbying, financial interests of elected officials, and enforcement of this chapter;

(4) Make from time to time, on its own motion, audits and field investigations;

(5) Make public the time and date of any formal hearing set to determine whether a violation has occurred, the question or questions to be considered, and the results thereof;

(6) Administer oaths and affirmations, issue subpoenas, and compel attendance, take evidence and require the production of any books, papers, correspondence, memorandums, or other records relevant or material for the purpose of any investigation authorized under this chapter, or any other proceeding under this chapter;

(7) Adopt and promulgate a code of fair campaign practices;

(8) Relieve, by rule, candidates or political committees of obligations to comply with the provisions of this chapter relating to election campaigns, if they have not received contributions nor made expenditures in connection with any election campaign of more than one thousand dollars;

(9) Adopt rules prescribing reasonable requirements for keeping accounts of and reporting on a quarterly basis costs incurred by state agencies, counties, cities, and other municipalities and political subdivisions in preparing, publishing, and distributing legislative information. The term "legislative information," for the purposes of this subsection, means books, pamphlets, reports, and other materials prepared, published, or distributed at substantial cost, a substantial purpose of which is to influence the passage or defeat of any legislation. The state auditor in his or her regular examination of each agency under chapter 43.09 RCW shall review the rules, accounts, and reports and make appropriate findings, comments, and recommendations in his or her examination reports concerning those agencies;

The commission shall find that a manifestly unreasonable hardship exists if reporting the name of an entity required to be reported under RCW 42.17.241(1)(g)(ii) would be likely to adversely affect the competitive position of any entity in which the person filing the report or any member of his or her immediate family holds any office, directorship, general partnership interest, or an ownership interest of ten percent or more. Any suspension or modification shall be only to the extent necessary to substantially relieve the hardship. The commission shall act to suspend or modify any reporting requirements only if it determines that facts exist that are clear and convincing proof of the findings required under this section. Requests for renewals of reporting modifications may be heard in a brief adjudicative proceeding as set forth in RCW 34.05.482 through 34.05.494 and in accordance with the standards

The commission shall adopt administrative rules governing the proceedings. Any citizen has standing to bring an action in Thurston county superior court to contest the propriety of any order entered under this section within one year from the date of the entry of the order; ~~(and)~~

(11) Revise, at least once every five years but no more often than every two years, the monetary reporting thresholds and reporting code values of this chapter. The revisions shall be only for the purpose of recognizing economic changes as reflected by an inflationary index recommended by the office of financial management. The revisions shall be guided by the change in the index for the period commencing with the month of December preceding the last revision and concluding with the month of December preceding the month the revision is adopted. As to each of the three general categories of this chapter (reports of campaign finance, reports of lobbyist activity, and reports of the financial affairs of elected and appointed officials), the revisions shall equally affect all thresholds within each category. Revisions shall be adopted as rules under chapter 34.05 RCW. The first revision authorized by this subsection shall reflect economic changes from the time of the last legislative enactment affecting the respective code or threshold through December 1985; and

(12) Develop and provide to filers a system for certification of reports required under this chapter which are transmitted by facsimile or electronically to the commission. Implementation of the program is contingent on the availability of funds.

(1) When the commissioner determines that other market conduct actions identified in RCW 48.37.040(4)(a) have not sufficiently addressed issues raised concerning company activities in Washington state, the commissioner has the discretion to conduct market conduct examinations in accordance with the NAIC market conduct uniform examination procedures and the NAIC market regulation handbook.

(2)(a) In lieu of an examination of an insurer licensed in this state, the commissioner shall accept an examination report of another state, unless the commissioner determines that the other state does not have laws substantially similar to those of this state, or does not have a market oversight system that is comparable to the market conduct oversight system set forth in this law.

(b) The commissioner's determination under (a) of this subsection is discretionary with the commissioner and is not subject to appeal.

(c) If the insurer to be examined is part of an insurance holding company system, the commissioner may also seek to simultaneously examine any affiliates of the insurer under common control and management which are licensed to write the same lines of business in this state.

(3) Before commencement of a market conduct examination, market conduct oversight personnel shall prepare a work plan consisting of the following:

(a) The name and address of the insurer being examined;

(b) The name and contact information of the examiner-in-charge;

(c) The name of all market conduct oversight personnel initially assigned to the market conduct examination;

(d) The justification for the examination;

(e) The scope of the examination;

(f) The date the examination is scheduled to begin;

(g) Notice of any noninsurance department personnel who will assist in the examination;

(h) A time estimate for the examination;

(i) A budget for the examination if the cost of the examination is billed to the insurer; and

(j) An identification of factors that will be included in the billing if the cost of the examination is billed to the insurer.

(4)(a) Within ten days of the receipt of the information contained in subsection (3) of this section, insurers may request the commissioner's discretionary review of any alleged conflict of interest, pursuant to RCW 48.37.090(2), of market conduct oversight personnel and noninsurance department personnel assigned to a market conduct examination. The request for review shall specifically describe the alleged conflict of interest in the proposed assignment of any person to the examination.

(b) Within five business days of receiving a request for discretionary review of any alleged conflict of interest in the proposed assignment of any person to a market conduct examination, the commissioner or designee shall notify the insurer of any action regarding the assignment of personnel to a market conduct examination based on the insurer's allegation of conflict of interest.

(5) Market conduct examinations shall, to the extent feasible, use desk examinations and data requests before an on-site examination.

(6) Market conduct examinations shall be conducted in accordance with the provisions set forth in the NAIC market regulation handbook and the NAIC market conduct uniform examinations procedures, subject to the precedence of the provisions of chapter 82, Laws of 2007.

(7) The commissioner shall use the NAIC standard data request.

(8) Announcement of the examination shall be sent to the insurer and posted on the NAIC's examination tracking system as

THIRTIETH DAY, MAY 25, 2011

soon as possible but in no case later than sixty days before the estimated commencement of the examination, except where the examination is conducted in response to extraordinary circumstances as described in RCW 48.37.050(2)(a). The announcement sent to the insurer shall contain the examination work plan and a request for the insurer to name its examination coordinator.

(9) If an examination is expanded significantly beyond the original reasons provided to the insurer in the notice of the examination required by subsection (3) of this section, the commissioner shall provide written notice to the insurer, explaining the expansion and reasons for the expansion. The commissioner shall provide a revised work plan if the expansion results in significant changes to the items presented in the original work plan required by subsection (3) of this section.

(10) The commissioner shall conduct a preexamination conference with the insurer examination coordinator and key personnel to clarify expectations at least thirty days before commencement of the examination, unless otherwise agreed by the insurer and the commissioner.

(11) Before the conclusion of the field work for market conduct examination, the examiner-in-charge shall review examination findings to date with insurer personnel and schedule an exit conference with the insurer, in accordance with procedures in the NAIC market regulation handbook.

(12)(a) No later than sixty days after completion of each market conduct examination, the commissioner shall make a full written report of each market conduct examination containing only facts ascertained from the accounts, records, and documents examined and from the sworn testimony of individuals, and such conclusions and recommendations as may reasonably be warranted from such facts.

(b) The report shall be certified by the commissioner or by the examiner-in-charge of the examination, and shall be filed in the commissioner's office subject to (c) of this subsection.

(c) The commissioner shall furnish a copy of the market conduct examination report to the person examined not less than ten days and, unless the time is extended by the commissioner, not more than thirty days prior to the filing of the report for public inspection in the commissioner's office. If the person so requests in writing within such period, the commissioner shall hold a hearing to consider objections of such person to the report as proposed, and shall not so file the report until after such hearing and until after any modifications in the report deemed necessary by the commissioner have been made.

(d) Within thirty days of the end of the period described in (c) of this subsection, unless extended by order of the commissioner, the commissioner shall consider the report, together with any written submissions or rebuttals and any relevant portions of the examiner's work papers and enter an order:

(i) Adopting the market conduct examination report as filed or with modification or corrections. If the market conduct examination report reveals that the company is operating in violation of any law, rule, or order of the commissioner, the commissioner may order the company to take any action the commissioner considers necessary and appropriate to cure that violation;

(ii) Rejecting the market conduct examination report with directions to the examiners to reopen the examination for purposes of obtaining additional data, documentation, or information, and refiling under this subsection; or

(iii) Calling for an investigatory hearing with no less than twenty days' notice to the company for purposes of obtaining additional documentation, data, information, and testimony.

(e) All orders entered under (d) of this subsection must be accompanied by findings and conclusions resulting from the commissioner's consideration and review of the market conduct examination report, relevant examiner work papers, and any written submissions or rebuttals. The order is considered a final administrative decision and may be appealed under the administrative procedure act, chapter 34.05 RCW, and must be served upon the company by certified mail or certifiable electronic means, together with a copy of the adopted examination report. A copy of the adopted examination report must be sent by certified mail or certifiable electronic means to each director at the director's residential address or to a personal e-mail account.

(f)(i) Upon the adoption of the market conduct examination report under (d) of this subsection, the commissioner shall continue to hold the content of the examination report as private and confidential information for a period of five days except that the order may be disclosed to the person examined. Thereafter, the commissioner may open the report for public inspection so long as no court of competent jurisdiction has stayed its publication.

(ii) If the commissioner determines that regulatory action is appropriate as a result of any market conduct examination, he or she may initiate any proceedings or actions as provided by law.

(iii) Nothing contained in this subsection requires the commissioner to disclose any information or records that would indicate or show the existence or content of any investigation or activity of a criminal justice agency.

(g) The insurer's response shall be included in the commissioner's order adopting the final report as an exhibit to the order. The insurer is not obligated to submit a response.

(13) The commissioner may withhold from public inspection any examination or investigation report for so long as he or she deems it advisable.

(14)(a) Market conduct examinations within this state of any insurer domiciled or having its home offices in this state, other than a title insurer, made by the commissioner or the commissioner's examiners and employees shall, except as to fees, mileage, and expense incurred as to witnesses, be at the expense of the state.

(b) Every other examination, whatsoever, or any part of the market conduct examination of any person domiciled or having its home offices in this state requiring travel and services outside this state, shall be made by the commissioner or by examiners designated by the commissioner and shall be at the expense of the person examined; but a domestic insurer shall not be liable for the compensation of examiners employed by the commissioner for such services outside this state.

(c) When making a market conduct examination under this chapter, the commissioner may contract, in accordance with applicable state contracting procedures, for qualified attorneys, appraisers, independent certified public accountants, contract actuaries, and other similar individuals who are independently practicing their professions, even though those persons may from time to time be similarly employed or retained by persons subject to examination under this chapter, as examiners as the commissioner deems necessary for the efficient conduct of a particular examination. The compensation and per diem allowances paid to such contract persons shall be reasonable in the market and time incurred, shall not exceed one hundred twenty-five percent of the compensation and per diem allowances for examiners set forth in the guidelines adopted by the national association of insurance commissioners, unless the commissioner demonstrates that one hundred twenty-five percent is inadequate under the circumstances of the examination, and subject to the provisions of (a) of this subsection.

(d)(i) The person examined and liable shall reimburse the state upon presentation of an itemized statement thereof, for the actual

THIRTIETH DAY, MAY 25, 2011

travel expenses of the commissioner's examiners, their reasonable living expenses allowance, and their per diem compensation, including salary and the employer's cost of employee benefits, at a reasonable rate approved by the commissioner, incurred on account of the examination. Per diem, salary, and expenses for employees examining insurers domiciled outside the state of Washington shall be established by the commissioner on the basis of the national association of insurance commissioner's recommended salary and expense schedule for zone examiners, or the salary schedule established by the human resources director (~~of the Washington department of personnel~~) and the expense schedule established by the office of financial management, whichever is higher. A domestic title insurer shall pay the examination expense and costs to the commissioner as itemized and billed by the commissioner.

(ii) The commissioner or the commissioner's examiners shall not receive or accept any additional emolument on account of any examination.

(iii) Market conduct examination fees subject to being reimbursed by an insurer shall be itemized and bills shall be provided to the insurer on a monthly basis for review prior to submission for payment, or as otherwise provided by state law.

(e) Nothing contained in this chapter limits the commissioner's authority to terminate or suspend any examination in order to pursue other legal or regulatory action under the insurance laws of this state. Findings of fact and conclusions made pursuant to any examination are prima facie evidence in any legal or regulatory action.

(f) The commissioner shall maintain active management and oversight of market conduct examination costs, including costs associated with the commissioner's own examiners, and with retaining qualified contract examiners necessary to perform an examination. Any agreement with a contract examiner shall:

(i) Clearly identify the types of functions to be subject to outsourcing;

(ii) Provide specific timelines for completion of the outsourced review;

(iii) Require disclosure to the insurer of contract examiners' recommendations;

(iv) Establish and use a dispute resolution or arbitration mechanism to resolve conflicts with insurers regarding examination fees; and

(v) Require disclosure of the terms of the contracts with the outside consultants that will be used, specifically the fees and/or hourly rates that can be charged.

(g) The commissioner, or the commissioner's designee, shall review and affirmatively endorse detailed billings from the qualified contract examiner before the detailed billings are sent to the insurer.

The noncomplying state agency, institution of higher education, or state patrol shall make a good faith effort to conciliate and make a full commitment to correct the noncompliance with any action that may be necessary to achieve compliance, provided such action is not inconsistent with the rules adopted under RCW 41.06.150(~~((6))~~)(5) and 43.43.340(5), whichever is appropriate.

The ~~((department of personnel))~~ office of financial management shall adopt rules as necessary to implement this chapter.

If the date of the training requires the absence to begin in less than thirty days, the employee shall provide notice as is practicable.

(b) The director, commissioner, chief executive, or other official of the agency has verified the need for the specific information in writing either on the application or on a separate document; and

(c) The agency requesting access has served a copy of the application for records or information on the individual or employing unit whose records or information are sought and has provided the department with proof of service. Service shall be made in a manner which conforms to the civil rules for superior court. The requesting agency shall include with the copy of the application a statement to the effect that the individual or employing unit may contact the public records officer of the employment security department to state any objections to the release of the records or information. The employment security department shall not act upon the application of the requesting agency until at least five days after service on the concerned individual or employing unit. The employment security department shall consider any objections raised by the concerned individual or employing unit in deciding whether the requesting agency needs the information or records for official purposes.

(2) The requirements of subsections (1) and (9) of this section shall not apply to the state legislative branch. The state legislature shall have access to information or records deemed private and confidential under this chapter, if the legislature or a legislative committee finds that the information or records are necessary and for official purposes. If the employment security department does not make information or records available as provided in this subsection, the legislature may exercise its authority granted by chapter 44.16 RCW.

(3) In cases of emergency the governmental agency requesting access shall not be required to formally comply with the provisions of subsection (1) of this section at the time of the request if the

procedures required by subsection (1) of this section are complied with by the requesting agency following the receipt of any records or information deemed private and confidential under this chapter. An emergency is defined as a situation in which irreparable harm or damage could occur if records or information are not released immediately.

(4) The requirements of subsection (1)(c) of this section shall not apply to governmental agencies where the procedures would frustrate the investigation of possible violations of criminal laws or to the release of employing unit names, addresses, number of employees, and aggregate employer wage data for the purpose of state governmental agencies preparing small business economic impact statements under chapter 19.85 RCW or preparing cost-benefit analyses under RCW 34.05.328(1) (c) and (d). Information provided by the department and held to be private and confidential under state or federal laws must not be misused or released to unauthorized parties. A person who misuses such information or releases such information to unauthorized parties is subject to the sanctions in RCW 50.13.080.

(5) Governmental agencies shall have access to certain records or information, limited to such items as names, addresses, social security numbers, and general information about benefit entitlement or employer information possessed by the department, for comparison purposes with records or information possessed by the requesting agency to detect improper or fraudulent claims, or to determine potential tax liability or employer compliance with registration and licensing requirements. In those cases the governmental agency shall not be required to comply with subsection (1)(c) of this section, but the requirements of the remainder of subsection (1) of this section must be satisfied.

(6) Governmental agencies may have access to certain records and information, limited to employer information possessed by the department for purposes authorized in chapter 50.38 RCW. Access to these records and information is limited to only those individuals conducting authorized statistical analysis, research, and evaluation studies. Only in cases consistent with the purposes of chapter 50.38 RCW are government agencies not required to comply with subsection (1)(c) of this section, but the requirements of the remainder of subsection (1) of this section must be satisfied. Information provided by the department and held to be private and confidential under state or federal laws shall not be misused or released to unauthorized parties subject to the sanctions in RCW 50.13.080.

(7) Disclosure to governmental agencies of information or records obtained by the employment security department from the federal government shall be governed by any applicable federal law or any agreement between the federal government and the employment security department where so required by federal law. When federal law does not apply to the records or information state law shall control.

(8) The department may provide information for purposes of statistical analysis and evaluation of the WorkFirst program or any successor state welfare program to the department of social and health services, the office of financial management, and other governmental entities with oversight or evaluation responsibilities for the program in accordance with RCW 43.20A.080. The confidential information provided by the department shall remain the property of the department and may be used by the authorized requesting agencies only for statistical analysis, research, and evaluation purposes as provided in RCW 74.08A.410 and 74.08A.420. The department of social and health services, the office of financial management, or other governmental entities with oversight or evaluation responsibilities for the program are not required to comply with subsection (1)(c) of this section, but the requirements of the remainder of subsection (1) of this section and

THIRTIETH DAY, MAY 25, 2011

applicable federal laws and regulations must be satisfied. The confidential information used for evaluation and analysis of welfare reform supplied to the authorized requesting entities with regard to the WorkFirst program or any successor state welfare program are exempt from public inspection and copying under chapter 42.56 RCW.

(9) The disclosure of any records or information by a governmental agency which has obtained the records or information under this section is prohibited unless the disclosure is (a) directly connected to the official purpose for which the records or information were obtained or (b) to another governmental agency which would be permitted to obtain the records or information under subsection (4) or (5) of this section.

(10) In conducting periodic salary or fringe benefit studies pursuant to law, the ~~((department of personnel))~~ office of financial management shall have access to records of the employment security department as may be required for such studies. For such purposes, the requirements of subsection (1)(c) of this section need not apply.

(11)(a) To promote the reemployment of job seekers, the commissioner may enter into data-sharing contracts with partners of the one-stop career development system. The contracts shall provide for the transfer of data only to the extent that the transfer is necessary for the efficient provisions of workforce programs, including but not limited to public labor exchange, unemployment insurance, worker training and retraining, vocational rehabilitation, vocational education, adult education, transition from public assistance, and support services. The transfer of information under contracts with one-stop partners is exempt from subsection (1)(c) of this section.

(b) An individual who applies for services from the department and whose information will be shared under (a) of this subsection (11) must be notified that his or her private and confidential information in the department's records will be shared among the one-stop partners to facilitate the delivery of one-stop services to the individual. The notice must advise the individual that he or she may request that private and confidential information not be shared among the one-stop partners and the department must honor the request. In addition, the notice must:

(i) Advise the individual that if he or she requests that private and confidential information not be shared among one-stop partners, the request will in no way affect eligibility for services;

(ii) Describe the nature of the information to be shared, the general use of the information by one-stop partner representatives, and among whom the information will be shared;

(iii) Inform the individual that shared information will be used only for the purpose of delivering one-stop services and that further disclosure of the information is prohibited under contract and is not subject to disclosure under chapter 42.56 RCW; and

(iv) Be provided in English and an alternative language selected by the one-stop center or job service center as appropriate for the community where the center is located.

If the notice is provided in-person, the individual who does not want private and confidential information shared among the one-stop partners must immediately advise the one-stop partner representative of that decision. The notice must be provided to an individual who applies for services telephonically, electronically, or by mail, in a suitable format and within a reasonable time after applying for services, which shall be no later than ten working days from the department's receipt of the application for services. A one-stop representative must be available to answer specific questions regarding the nature, extent, and purpose for which the information may be shared.

(12) To facilitate improved operation and evaluation of state programs, the commissioner may enter into data-sharing contracts

with other state agencies only to the extent that such transfer is necessary for the efficient operation or evaluation of outcomes for those programs. The transfer of information by contract under this subsection is exempt from subsection (1)(c) of this section.

(13) The misuse or unauthorized release of records or information by any person or organization to which access is permitted by this chapter subjects the person or organization to a civil penalty of five thousand dollars and other applicable sanctions under state and federal law. Suit to enforce this section shall be brought by the attorney general and the amount of any penalties collected shall be paid into the employment security department administrative contingency fund. The attorney general may recover reasonable attorneys' fees for any action brought to enforce this section.

Sec. 468. RCW 28A.400.201 and 2010 c 236 s 7 are each amended to read as follows:

(1) The legislature recognizes that providing students with the opportunity to access a world-class educational system depends on our continuing ability to provide students with access to world-class educators. The legislature also understands that continuing to attract and retain the highest quality educators will require increased investments. The legislature intends to enhance the current salary allocation model and recognizes that changes to the current model cannot be imposed without great deliberation and input from teachers, administrators, and classified employees. Therefore, it is the intent of the legislature to begin the process of developing an enhanced salary allocation model that is collaboratively designed to ensure the rationality of any conclusions regarding what constitutes adequate compensation.

(2) Beginning July 1, 2011, the office of the superintendent of public instruction, in collaboration with the human resources director in the office of financial management, shall convene a technical working group to recommend the details of an enhanced salary allocation model that aligns state expectations for educator development and certification with the compensation system and establishes recommendations for a concurrent implementation schedule. In addition to any other details the technical working group deems necessary, the technical working group shall make recommendations on the following:

(a) How to reduce the number of tiers within the existing salary allocation model;

(b) How to account for labor market adjustments;

(c) How to account for different geographic regions of the state where districts may encounter difficulty recruiting and retaining teachers;

(d) The role of and types of bonuses available;

(e) Ways to accomplish salary equalization over a set number of years; and

(f) Initial fiscal estimates for implementing the recommendations including a recognition that staff on the existing salary allocation model would have the option to grandfather in permanently to the existing schedule.

(3) As part of its work, the technical working group shall conduct or contract for a preliminary comparative labor market analysis of salaries and other compensation for school district employees to be conducted and shall include the results in any

THIRTIETH DAY, MAY 25, 2011

reports to the legislature. For the purposes of this subsection, "salaries and other compensation" includes average base salaries, average total salaries, average employee basic benefits, and retirement benefits.

(4) The analysis required under subsection (1) of this section must:

(a) Examine salaries and other compensation for teachers, other certificated instructional staff, principals, and other building-level certificated administrators, and the types of classified employees for whom salaries are allocated;

(b) Be calculated at a statewide level that identifies labor markets in Washington through the use of data from the United States bureau of the census and the bureau of labor statistics; and

(c) Include a comparison of salaries and other compensation to the appropriate labor market for at least the following subgroups of educators: Beginning teachers and types of educational staff associates.

(5) The working group shall include representatives of the ~~((department of personnel))~~ office of financial management, the professional educator standards board, the office of the superintendent of public instruction, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with appropriate expertise in compensation related matters. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(6) The working group shall be monitored and overseen by the legislature and the quality education council created in RCW 28A.290.010. The working group shall make an initial report to the legislature by June 30, 2012, and shall include in its report recommendations for whether additional further work of the group is necessary.

To assist each assessor in obtaining adequate and well qualified assistants or deputies, the ~~((state department of personnel))~~ office of financial management, after consultation with the Washington state association of county assessors, the Washington state association of counties, and the department of revenue, shall establish by July 1, 1967, and shall thereafter maintain, a classification and salary plan for those employees of an assessor who act as appraisers. The plan

An assessor who intends to put such plan into effect shall inform the department of revenue and the county legislative authority of this intent in writing. The department of revenue and the county legislative authority may thereupon each designate a representative, and such representative or representatives as may be designated by the department of revenue or the county legislative authority, or both, shall form with the assessor a committee. The committee so formed may, by unanimous vote only, determine the required number of certified appraiser positions and their salaries necessary to enable the assessor to carry out the requirements relating to revaluation of property in chapter 84.41 RCW. The determination of the committee shall be certified to the county legislative authority. The committee may be formed only once in a period of four calendar years.

After such determination, the assessor may provide, in each of the four next succeeding annual budget estimates, for as many positions as are established in such determination. Each county legislative authority to which such a budget estimate is submitted shall allow sufficient funds for such positions. This program must support the goal of enhancing project delivery timelines as outlined in section 101, chapter 363, Laws of 2003. Upon receiving approval from the legislature, the ~~((department of personnel))~~ office of financial management shall implement, as required, specific aspects of the financial incentive package, as developed by the department of transportation.

(2) Notwithstanding chapter 41.06 RCW, the department of transportation may acquire services from qualified private firms in order to deliver the transportation construction program to the public. Services may be acquired solely for augmenting the department's workforce capacity and only when the department's transportation construction program cannot be delivered through its existing or readily available workforce. The department of transportation shall work with representatives of transportation labor groups to develop and implement a program identifying those projects requiring contracted services while establishing a program as defined in subsection (1) of this section to provide the classified personnel necessary to deliver future construction programs. The procedures for acquiring construction engineering services from private firms may not be used to displace existing state employees

The adequacy of insurance under this chapter shall be subject to annual review by the (~~state office of financial management~~) department of enterprise services.

(ii) Each policy of insurance issued under this chapter must include a provision that the insurance shall be available to satisfy settlements or judgments arising from the tortious conduct of tribal police officers when acting in the capacity of a general authority Washington peace officer, and that to the extent of policy coverage neither the sovereign tribal nation nor the insurance carrier will raise a defense of sovereign immunity to preclude an action for damages under state or federal law, the determination of fault in a civil action, or the payment of a settlement or judgment arising from the tortious conduct.

(b) The appropriate sovereign tribal nation shall submit to the (~~office of financial management~~) department of enterprise services proof of training requirements for each tribal police officer. To be authorized as a general authority Washington peace officer, a tribal police officer must successfully complete the requirements set forth under RCW 43.101.157. Neither the state of Washington and its individual employees nor any local government and its individual employees shall be liable for the authorization of tribal police officers under this chapter, nor for the negligence or other misconduct of tribal officers. The authorization of tribal police officers under this chapter shall not be deemed to have been a nondelegable duty of the state of Washington or any local government.

(7) Nothing in this chapter impairs or affects the existing status and sovereignty of those sovereign tribal governments whose traditional lands and territories lie within the borders of the state of Washington as established under the laws of the United States.

(8) Nothing in this chapter limits, impairs, or nullifies the authority of a county sheriff to appoint duly commissioned state or federally certified tribal police officers as deputy sheriffs authorized to enforce the criminal and traffic laws of the state of Washington.

(9) Nothing in this chapter limits, impairs, or otherwise affects the existing authority under state or federal law of state or local law enforcement officers to enforce state law within the exterior boundaries of an Indian reservation or to enter Indian country in fresh pursuit, as defined in RCW 10.93.120, of a person suspected of violating state law, where the officer would otherwise not have jurisdiction.

(a) Sovereign tribal governments that meet all of the requirements of subsection (2) of this section, but do not have an interlocal agreement pursuant to chapter 39.34 RCW and seek authorization under this chapter, may submit proof of liability insurance and training certification to the ~~((office of financial management))~~ department of enterprise services. Upon confirmation of receipt of the information from the ~~((office of financial management))~~ department of enterprise services, the sovereign tribal government and the local government law enforcement agencies that will have shared jurisdiction under this chapter have one year to enter into an interlocal agreement pursuant to chapter 39.34 RCW. PART VII CREATING THE OFFICE OF CHIEF INFORMATION OFFICER

NEW SECTION. Sec. 701. Information technology is a tool used by state agencies to improve their ability to deliver public services efficiently and effectively. Advances in information technology - including advances in hardware, software, and business processes for implementing and managing these resources - offer new opportunities to improve the level of support provided to citizens and state agencies and to reduce the per-transaction cost of these services. These advances are one component in the process of reengineering how government delivers services to citizens.

To fully realize the service improvements and cost efficiency from the effective application of information technology to its business processes, state government must establish decision-making structures that connect business processes and information technology in an operating model. Many of these business practices transcend individual agency processes and should be worked at the enterprise level. To do this requires an effective partnership of executive management, business processes owners, and providers of support functions necessary to efficiently and effectively deliver services to citizens.

To maximize the potential for information technology to contribute to government business process reengineering the state must establish clear central authority to plan, set enterprise standards, and provide project oversight and management analysis of the various aspects of a business process.

Establishing the office of chief information officer and partnering it with the director of financial management will provide state government with the cohesive structure necessary to develop improved operating models with agency directors and reengineer business process to enhance service delivery while capturing savings.

NEW SECTION. Sec. 702. (1) The office of the chief information officer is created within the office of financial management.

(2) Powers, duties, and functions assigned to the department of information services as specified in this chapter shall be transferred to the office of chief information officer as provided in this chapter.

(d) To establish statewide enterprise architecture that will serve as the organizing standard for information technology for state agencies;

(e) Educate and inform state managers and policymakers on technological developments, industry trends and best practices, industry benchmarks that strengthen decision making and

professional development, and industry understanding for public managers and decision makers.

(4) In the case of institutions of higher education, the powers of the office and the provisions of this chapter apply to business and administrative applications but do not apply to (a) academic and research applications; and (b) medical, clinical, and health care applications, including the business and administrative applications for such operations. However, institutions of higher education must disclose to the office any proposed academic applications that are enterprise-wide in nature relative to the needs and interests of other institutions of higher education.

(1) The office of the superintendent of public instruction is authorized to establish a longitudinal student data system for and on behalf of school districts in the state. The primary purpose of the data system is to better aid research into programs and interventions that are most effective in improving student performance, better understand the state's public educator workforce, and provide information on areas within the educational system that need improvement.

(2) The confidentiality of personally identifiable student data shall be safeguarded consistent with the requirements of the federal family educational rights privacy act and applicable state laws. Consistent with the provisions of these federal and state laws, data may be disclosed for educational purposes and studies, including but not limited to:

(a) Educational studies authorized or mandated by the state legislature;

(b) Studies initiated by other state educational authorities and authorized by the office of the superintendent of public instruction, including analysis conducted by the education research and data center established under ~~((RCW 43.41.400))~~ section 902 of this act; and

(c) Studies initiated by other public or private agencies and organizations and authorized by the office of the superintendent of public instruction.

(3) Any agency or organization that is authorized by the office of the superintendent of public instruction to access student-level data shall adhere to all federal and state laws protecting student data and safeguarding the confidentiality and privacy of student records.

(4) Nothing in this section precludes the office of the superintendent of public instruction from collecting and distributing aggregate data about students or student-level data without personally identifiable information.

(2) The K-12 data governance group shall include representatives of the education research and data center, the office of the superintendent of public instruction, ~~((the legislative~~

~~evaluation and accountability program committee~~); the professional educator standards board, the state board of education, and school district staff, including information technology staff. Additional entities with expertise in education data may be included in the K-12 data governance group.

(3) The K-12 data governance group shall:

Strong consideration must be made to the current practice and cost of migration to new requirements. The operating rules should delineate the coordination, delegation, and escalation authority for data collection issues, business rules, and performance goals for each K-12 data collection system, including:

(i) Defining and maintaining standards for privacy and confidentiality;

(ii) Setting data collection priorities;

(iii) Defining and updating a standard data dictionary;

(iv) Ensuring data compliance with the data dictionary;

(v) Ensuring data accuracy; and

(vi) Establishing minimum standards for school, student, financial, and teacher data systems. Nothing in ~~((RCW 43.41.400))~~ section 902 of this act, this section, or RCW 28A.655.210 should be construed to require that a data dictionary or reporting should be hobbled to the lowest common set. The work of the K-12 data governance group must specify which data are desirable. Districts that can meet these requirements shall report the desirable data. Funding from the legislature must establish which subset data are absolutely required.

(4)(a) The K-12 data governance group shall provide updates on its work as requested by the education research and data center ~~((and the legislative evaluation and accountability program committee))~~.

(b) The work of the K-12 data governance group shall be periodically reviewed and monitored by the ~~((educational))~~ education research and data center ~~((and the legislative evaluation and accountability program committee))~~.

(a) The percentage of data compliance and data accuracy by school district;

(b) The magnitude of spending per student, by student estimated by the following algorithm and reported as the detailed summation of the following components:

(i) An approximate, prorated fraction of each teacher or human resource element that directly serves the student. Each human resource element must be listed or accessible through online tunneling in the report;

(ii) An approximate, prorated fraction of classroom or building costs used by the student;

(iii) An approximate, prorated fraction of transportation costs used by the student; and

(iv) An approximate, prorated fraction of all other resources within the district. District-wide components should be disaggregated to the extent that it is sensible and economical;

(g) Number of K-12 classroom teachers per student on a per student basis;

(h) Percentage of a classroom teacher per student on a per student basis; and

(6) The superintendent of public instruction shall submit a preliminary report to the legislature by November 15, 2009, including the analyses by the K-12 data governance group under subsection (3) of this section and preliminary options for addressing identified gaps. A final report, including a proposed phase-in plan and preliminary cost estimates for implementation of a comprehensive data improvement system for financial, student, and educator data shall be submitted to the legislature by September 1, 2010.

(8) Reports shall contain data to the extent it is available. All reports must include documentation of which data are not available or are estimated. Reports must not be suppressed because of poor data accuracy or completeness. Reports may be accompanied with documentation to inform the reader of why some data are missing or inaccurate or estimated.

Sec. 907. RCW 28A.655.210 and 2009 c 548 s 202 are each amended to read as follows:

(1) It is the legislature's intent to establish a comprehensive K-12 education data improvement system for financial, student, and educator data. The objective of the system is to monitor student progress, have information on the quality of the educator workforce, monitor and analyze the costs of programs, provide for financial integrity and accountability, and have the capability to link across these various data components by student, by class, by teacher, by school, by district, and statewide. Education data systems must be flexible and able to adapt to evolving needs for information, but there must be an objective and orderly data governance process for determining when changes are needed and how to implement them. It is the further intent of the legislature to provide independent review and evaluation of a comprehensive K-12 education data improvement system by assigning the review and monitoring responsibilities to the education research and data center (~~and the legislative evaluation and accountability program committee~~).

(2) It is the intent that the data system specifically service reporting requirements for teachers, parents, superintendents, school boards, the legislature, the office of the superintendent of public instruction, and the public.

(3) It is the legislature's intent that the K-12 education data improvement system used by school districts and the state include but not be limited to the following information and functionality:

(a) Comprehensive educator information, including grade level and courses taught, building or location, program, job assignment, years of experience, the institution of higher education from which the educator obtained his or her degree, compensation, class size, mobility of class population, socioeconomic data of class, number of languages and which languages are spoken by students, general resources available for curriculum and other classroom needs, and number and type of instructional support staff in the building;

(b) The capacity to link educator assignment information with educator certification information such as certification number, type of certification, route to certification, certification program, and certification assessment or evaluation scores;

(c) Common coding of secondary courses and major areas of study at the elementary level or standard coding of course content;

(d) Robust student information, including but not limited to student characteristics, course and program enrollment, performance on statewide and district summative and formative assessments to the extent district assessments are used, and performance on college readiness tests;

(e) A subset of student information elements to serve as a dropout early warning system;

(f) The capacity to link educator information with student information;

(g) A common, standardized structure for reporting the costs of programs at the school and district level with a focus on the cost of services delivered to students;

(h) Separate accounting of state, federal, and local revenues and costs;

(i) To support the accuracy and auditing of financial data; and

(ii) Using the prototypical school model for school district financial accounting reporting;

(j) The capacity to link program cost information with student performance information to gauge the cost-effectiveness of programs;

(k) Information that is centrally accessible and updated regularly; and

(l) An anonymous, nonidentifiable replicated copy of data that is updated at least quarterly, and made available to the public by the state.

THIRTIETH DAY, MAY 25, 2011

(4) It is the legislature's goal that all school districts have the capability to collect state-identified common data and export it in a standard format to support a statewide K-12 education data improvement system under this section.

(5) It is the legislature's intent that the K-12 education data improvement system be developed to provide the capability to make reports as required under RCW 28A.300.507 available.

(6) It is the legislature's intent that school districts collect and report new data elements to satisfy the requirements of ~~((RCW 43.41.400))~~ section 902 of this act, this section, and RCW 28A.300.507, only to the extent funds are available for this purpose.

Sec. 908. RCW 28A.657.110 and 2010 c 235 s 111 are each amended to read as follows:

(1) The state board of education shall continue to refine the development of an accountability framework that creates a unified system of support for challenged schools, that aligns with basic education, increases the level of support based upon the magnitude of need, and uses data for decisions.

(2) The state board of education shall develop an accountability index to identify schools and districts for recognition, for continuous improvement, and for additional state support. The index shall be based on criteria that are fair, consistent, and transparent. Performance shall be measured using multiple outcomes and indicators including, but not limited to, graduation rates and results from statewide assessments. The index shall be developed in such a way as to be easily understood by both employees within the schools and districts, as well as parents and community members. It is the legislature's intent that the index provide feedback to schools and districts to self-assess their progress, and enable the identification of schools with exemplary student performance and those that need assistance to overcome challenges in order to achieve exemplary student performance.

(3) The state board of education, in cooperation with the office of the superintendent of public instruction, shall annually recognize schools for exemplary performance as measured on the state board of education accountability index. (4) In coordination with the superintendent of public instruction, the state board of education shall seek approval from the United States department of education for use of the accountability index and the state system of support, assistance, and intervention, to replace the federal accountability system under P.L. 107-110, the no child left behind act of 2001.

(5) The state board of education shall work with the education research and data center ~~((established within the office of financial management))~~ and the technical working group established in ~~((section 112, chapter 548, Laws of 2009))~~ RCW 28A.290.020 to determine the feasibility of using the prototypical funding allocation model as not only a tool for allocating resources to schools and districts but also as a tool for schools and districts to report to the state legislature and the state board of education on how the state resources received are being used.

ENGROSSED HOUSE BILL NO. 2003,
SUBSTITUTE HOUSE BILL NO. 2119.

REMARKS BY THE PRESIDENT

President Owen: "Ladies and gentleman of the Senate, each year except for last year the President has had the opportunity to share with you some of his observations and perceptions. This year I've added one other category called, 'Things overheard'

which I have no control over they're just things I heard and so with your patience, if you're thin skinned you might leave the floor at this time. Bunch of babies.

So, the Senator who believes Elvis is still alive and lives within his body, Senator Hatfield.

The worst whine of the session is ironically from the only person in this room, maybe even this building that can bench press three-hundred fifty pounds that is Senator Hargrove's whine over a paper cut.

The Senator who most resembles a fog horn when voting, Senator Litzow.

The revered title of Senator 'No.' It is always a horse race, no reference to the Senators intended. This year it has been quite confusing for the President as the two major contenders have been both, unexplainably, voted yes and at different times. However, the President believes that something has caused the strange change in Senator Holmquist Newbry. It could be she has been softened through marriage, it could be outside influence from her very distinguished and accomplished grandfather-in-law, former Senator Newbry but, whatever it is, it has caused her to move a millimeter to the left and give a very rare and unexplainable yes vote, branding the most honorable and distinguished Senator Honeyford this year's title as Senator 'No.'

The President would add a foot note. Senator Baxter could have been considered in the running however the President chose not to include him in that he was not convinced the Senator knew exactly why he voted the way he did particularly since he appears to be getting his direction from Senator Carrell who could be just playing with him. We all know what a kidder Senator Carrell is.

The best line of the session was, 'The House has once again shown that a bill that cannot be improved can still be amended.' Senator Pridemore.

The Senators most likely to be put on detention if this was a middle school, while the President does not feel it appropriate to name them but I will note that they can be found in the back rows of the Senate and, for the most part, to my right over this area right over in here.

The most-worn seat cushion award for strict adherence to the rules by always being in their seats, listening and not talking or carrying on, doing the childish things a few other members do not think the President observes them doing would be Senator Morton, Senator Fraser, Senator Becker, Senator King and Senator Regala.

In a related category, the like-new, rarely-used, seat cushion award would be Senator Hewitt and Senator Brown.

In a related category, the most shocking moment goes to Senator Morton for one time actually not being in his seat during a vote and voted from the side of the chamber.

The Senator who has caused the President great consternation and his ego to be seriously deflated that would be Senator Prentice for disproving the myth the President has attempted to perpetuate for fifteen sessions that his job is difficult and complicated. The President would respectfully request that President Pro Tempore Prentice screw up once in a while.

Unfortunately he is not here but the Senator most likely to hear the words, 'Your point is not well taken,' Senator Benton.

The Senator for this session and only due to the relationship to the previous award receives the most likely to hear these words, 'Your point is well taken,' Senator Brown.

The Senator who claims to have great knowledge of technology but who has yet to be able to locate the off or even the vibrate only button on his cell phone, Senator Benton.

The Senator who generated the most 'Did he really say that' responses during a speech would be Senator Rodney Tom for the use of the word 'erectile dysfunction.'

Two Senators receive the next recognition for inadvertently combining to link subjects previously thought to be unlinkable, those subjects being Viagra, erectile dysfunction, family planning and cigars, Senator Tom and Senator Kline.

Now, a special message to all of you particularly, Senator Tom and Holmquist Newby and Senator Benton, who have provided the President with arguments to assist with his rulings. Underlining and bolding the words, 'It is clearly a tax' or 'It is clearly not a tax' does not make it so nor does it make it influence the President's decision although I do find it very entertaining.

The iron bladder award once again goes to the rostrum staff.

Now, a new category this year, things overheard: I overheard a very reliable source say that one night Senator Kohl-Welles woke up in a cold sweat and thrashing about crying 'Oh my God.' Her husband Alex grabbed her and said 'Senator, what's wrong?' She responded that she had a horrible nightmare. She said she dreamt that the Senate had just voted to make the three minute rule permanent. At that point her husband having great concern to the stress that she was feeling responded back, 'Senator, you try to calm yourself down while I hurry over to the peace and love dispensary in Fremont for some medicine.'"

Many years ago, three little baby brothers were accidentally separated at birth being raised by separate families, all within the state of Washington. Ironically, they were all brought together upon being elected the same year to the State Senate; that would be Senators Fain, Hill and Baumgartner.

In a related matter, due to similarities in hair color, height and general philosophy, authorities have requested a DNA sample to test for parentage from Senator Kastama.

[Picks up telephone] I'm sorry, excuse me, I wouldn't normally do this but, excuse me just a second. Hi, oh yeah, I loved your last, particularly the fifth track, that was great. Senator who? Just a minute. Senator McAuliffe, could you stand up a minute? Step out here. Yeah? No, she doesn't have them on. No, I believe that was yesterday. The ones with the flames? I think those were last week, I'm not sure. The pointed ones, Yeah, that was the week before. Oh, yeah, the ones that came up to the knee, knee cap, had a bunch of buttons or something like that? I saw them. Yeah, I saw those too. Oh those other, yeah, they looked like they had a couple dozen runs or something like that. I don't know which they were, let's just go with nylons. Ok, ok I will tell her. [Hangs up the telephone] Senator McAuliffe, that was Lady Gaga. She wants her clothes and her shoes back.

Old friend of mine. The 'Noble', the Noble Peace Prize goes to Senators Murray, Zarelli, Brown, Hewitt and Governor Gregoire.

And now, on a personal note, for years I have spoken to organizations, individuals and many, many of you about my strong personal beliefs that people are better served when we work as a single entity to solve the critical issues facing our people in our state in a bipartisan way and that all of you should be taken into consideration and all parties involved as much as possible. After thirty-five years in this process, involved in the House and the Senate and the last fifteen years as the Lt. Governor and President of the Senate, it finally happened. You did it on the biggest most critical and most difficult issues facing Washington State. You did it with incredible patience, personal sacrifice and great dignity. So, should I have the power to do so, I would give you an A+ for statesmanship and a great big heart thank you on behalf of the people of the State of Washington and a big hug. Now, on a side note, because I have been waiting for this moment for thirty-five years, I thought to myself. 'Maybe now's the time to retire.' Nah, not yet. Senator Brown, I didn't expect you to respond to that."

Senator Brown: "Thank you Mr. President. We're all delighted with your recent awards and announcement. Thank you very much for your incredible patience, and of course, the wisdom of your rulings. I just wanted to say that we discovered something and I knew that there'd been a lot of important people who have served in the legislature in the past and I know that some of our new members think that they are pretty darned special. For example, I know that Senator Litzow is known for his hair and his grooming but I just have to say, you're no Aaron Reardon. When it comes to good looks many people will comment on one of our colleagues in Spokane, Senator Baumgartner, but I inquired with a few of the women senators including Senator Prentice, Senator Haugen and others and they said, 'Senator, your no Jim Jesernig.' So, Mr. President, I could go on, however, I did discover, you know I am a music fan, we share that, we like the early rock n roll and so forth but Mr. President I didn't realize that Davey Jones used to serve in the Washington State Senate. [Holds up campaign poster, ca 1976 with photo of the President] What a good looking guy. Thank you Mr. President."

REPLY BY THE PRESIDENT

President Owen: "Thank you. Where did he go? Well, thank you Senator, I think. A rare find."

Senators Murray, Zarelli, Schoesler, Hargrove, Kilmer and Keiser spoke in favor of passage of the bill.

POINT OF INQUIRY

Senator Keiser: "Would Senator Murray yield to a question? Thank you. Section 206 of this budget bill appropriates funds for the states nursing home reimbursement program and provides a formula for calculating an add on payment to the states facility based payment rate. I noticed that the formula used in this budget bill is different than the formula specified in section 11 of Engrossed Substitute Senate Bill No. 5581 which was enacted earlier this session. The budget bill uses the facility payment rate in effect on June 30, 2010 as the bench mark for calculating the add on payment. While Senate Bill No. 5581 uses June 30, 2011. Which is correct?"

Senator Murray: "Thank you Senator Keiser for the question. Yes, you are correct. The two bills are not consistent.

THIRTIETH DAY, MAY 25, 2011

2011 1ST SPECIAL SESSION

There is a technical error in Section 11 of Senate Bill No. 5581 and the correct date is reflected in the budget bill before us. The date for purposes of calculation is June 30, 2010.”

You know I've been up here doing this for fifteen years but there is one person who works their tail off throughout the session and sometimes I don't know if I should call her Senator Boss or Mom because she has to deal with forty-eight other people at varying times when they are under great excitement, stress or fear or anxiety and yet she's there holding down the fort and always here and that's your Majority Floor Leader, Senator Eide. PARTIAL VETO ON SUBSTITUTE SENATE BILL NO. 5788

April 18, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 501, Substitute Senate Bill No. 5788 entitled:

“AN ACT Relating to regulating liquor by changing tied house and licensing provisions and making clarifying and technical changes to liquor laws.”

The emergency clause in Section 501 provides that three sections of Substitute Senate Bill 5788 take effect on July 1, 2011. All sections of the bill will be effective ninety days after the adjournment of the session at which it was enacted, which will be no later than July 24, 2011. There is no need to provide an earlier effective date for the sections listed in Section 501. Therefore, this emergency clause is unnecessary.

For these reasons, I have vetoed Section 501 of Substitute Senate Bill 5788.

With the exception of Section 501, Substitute Senate Bill 5788 is approved.

Respectfully submitted,
Christine Gregoire, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5073

April 29, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 101, 201, 407, 410, 411, 412, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 701, 702, 703, 704, 705, 801, 802, 803, 804, 805, 806, 807, 901, 902, 1104, 1201, 1202, 1203 and 1206, Engrossed Second Substitute Senate Bill No. 5073 entitled:

“AN ACT Relating to medical use of cannabis.”

In 1998, Washington voters made the compassionate choice to remove the fear of state criminal prosecution for patients who use medical marijuana for debilitating or terminal conditions. The voters also provided patients’ physicians and caregivers with defenses to state law prosecutions.

I fully support the purpose of Initiative 692, and in 2007, I signed legislation that expanded the ability of a patient to receive assistance from a designated provider in the medical use of marijuana, and added conditions and diseases for which medical marijuana could be used.

Today, I have signed sections of Engrossed Second Substitute Senate Bill 5073 that retain the provisions of Initiative 692 and provide additional state law protections. Qualifying patients or their designated providers may grow cannabis for the patient’s use or participate in a collective garden without fear of state law criminal prosecutions. Qualifying patients or their designated providers are also protected from certain state civil law consequences.

Our state legislation may remove state criminal and civil penalties for activities that assist persons suffering from debilitating or terminal conditions. While such activities may violate the federal Controlled Substances Act, states are not required to enforce federal law or prosecute people for engaging in activities prohibited by federal law. However, absent congressional action, state laws will not protect an individual from legal action by the federal government.

Qualifying patients and designated providers can evaluate the risk of federal prosecution and make choices for themselves on whether to use or assist another in using medical marijuana. The United States Department of Justice has made the wise decision not to use federal resources to prosecute seriously ill patients who use medical marijuana.

However, the sections in Part VI, Part VII, and Part VIII of Engrossed Second Substitute Senate Bill 5073 would direct employees of the state departments of Health and Agriculture to authorize and license commercial businesses that produce, process or dispense cannabis. These sections would open public employees to federal prosecution, and the United States Attorneys have made it clear that state law would not provide these individuals safe harbor from federal prosecution. No state employee should be required to violate federal criminal law in order to fulfill duties under state law. For these reasons, I have vetoed Sections 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 701, 702, 703, 704, 705, 801, 802, 803, 804, 805, 806 and 807 of Engrossed Second Substitute Senate Bill 5073.

In addition, there are a number of sections of Engrossed Second Substitute Senate Bill 5073 that are associated with or dependent upon these licensing sections. Section 201 sets forth definitions of terms. Section 412 adds protections for licensed producers, processors and dispensers. Section 901 requires the Department of Health to develop a secure registration system for licensed producers, processors and dispensers. Section 1104 would require a review of the necessity of the cannabis production and dispensing system if the federal government were to authorize the use of cannabis for medical purposes. Section 1201 applies to dispensaries in current operation in the interim before licensure, and Section 1202 exempts documents filed under Section 1201 from disclosure. Section 1203 requires the department of health to report certain information related to implementation of the vetoed sections. Because I have vetoed the licensing provisions, I have also vetoed Sections 201, 412, 901, 1104, 1201, 1202 and 1203 of Engrossed Second Substitute Senate Bill 5073.

Section 410 would require owners of housing to allow the use of medical cannabis on their property, putting them in potential conflict with federal law. For this reason, I have vetoed Section 410 of Engrossed Second Substitute Senate Bill 5073.

Section 407 would permit a nonresident to engage in the medical use of cannabis using documentation or authorization issued under other state or territorial laws. This section would not require these other state or territorial laws to meet the same standards for health care professional authorization as required by Washington law. For this reason, I have vetoed Section 407 of Engrossed Second Substitute Senate Bill 5073.

Section 411 would provide that a court may permit the medical use of cannabis by an offender, and exclude it as a ground for finding that the offender has violated the conditions or requirements of the sentence, deferred prosecution, stipulated order of continuance, deferred disposition or dispositional order. The correction agency or department responsible for the person's supervision is in the best position to evaluate an individual's circumstances and medical use of cannabis. For this reason, I have vetoed Section 411 of Engrossed Second Substitute Senate Bill 5073.

I am approving Section 1002, which authorizes studies and medical guidelines on the appropriate administration and use of cannabis. Section 1206 would make Section 1002 effective January 1, 2013. I have vetoed Section 1206 to provide the discretion to begin efforts at an earlier date.

Section 1102 sets forth local governments' authority pertaining to the production, processing or dispensing of cannabis or cannabis products within their jurisdictions. The provisions in Section 1102 that local governments' zoning requirements cannot "preclude the possibility of siting licensed dispensers within the jurisdiction" are without meaning in light of the vetoes of sections providing for such licensed dispensers. It is with this understanding that I approve Section 1102.

I have been open, and remain open, to legislation to exempt qualifying patients and their designated providers from state criminal penalties when they join in nonprofit cooperative organizations to share responsibility for producing, processing and dispensing cannabis for medical use. Such exemption from state criminal penalties should be conditioned on compliance with local government location and health and safety specifications.

I am also open to legislation that establishes a secure and confidential registration system to provide arrest and seizure protections under state law to qualifying patients and those who assist them. Unfortunately, the provisions of Section 901 that would provide a registry for qualifying patients and designated providers beginning in January 2013 are intertwined with requirements for registration of licensed commercial producers, processors and dispensers of cannabis. Consequently, I have vetoed section 901 as noted above. Section 101 sets forth the purpose of the registry, and Section 902 is contingent on the registry. Without a registry, these sections are not meaningful. For this reason, I have vetoed Sections 101 and 902 of Engrossed Second Substitute Senate Bill 5073. I am not vetoing Sections 402 or 406, which establish affirmative defenses for a qualifying patient or designated provider who is not registered with the registry.

established in section 901. Because these sections govern those who have not registered, this section is meaningful even though section 901 has been vetoed.

With the exception of Sections 101, 201, 407, 410, 411, 412, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 701, 702, 703, 704, 705, 801, 802, 803, 804, 805, 806, 807, 901, 902, 1104, 1201, 1202, 1203 and 1206, Engrossed Second Substitute Senate Bill 5073 is approved.

Respectfully submitted,
Christine Gregoire, Governor

MESSAGE FROM THE GOVERNOR
VETO ON SUBSTITUTE SENATE BILL NO. 5097

May 10, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute Senate Bill No. 5097 entitled:

“AN ACT Relating to juveniles with developmental disabilities who are in correctional detention centers, juvenile correction institutions or facilities, and jails.”

This bill would establish a work group to address issues relating to juveniles with developmental disabilities who are confined in juvenile detention or correctional facilities. The work group would be required to report to the Legislature by December 1, 2011, with recommendations concerning specific topics related to juveniles with developmental disabilities and the juvenile justice system. If recommended by the work group, a screening tool and related materials would be developed by September 1, 2012, to assist juvenile detention and correction institutions and facilities in identification of offenders with the most common types of developmental disabilities. The work group would expire on January 1, 2013.

I support the intent behind this bill, but not the process established. As I have stated many times, I believe that, in most cases, work groups that are charged with making recommendations on policy objectives should not be created in statute. However, development of the information and recommendations outlined in the bill would be useful to executive agencies and the Legislature. The Washington Developmental Disabilities Council has indicated it would participate in the work group and underwrite related costs with monies allocated from federal funds. I am confident the Washington Developmental Disabilities Council will be able to coordinate with the parties listed in the bill and accomplish the tasks outlined without a statute. Representatives of the Juvenile Rehabilitation Administration have indicated a willingness to participate in a work group established by the Washington Developmental Disabilities Council.

For this reason, I have vetoed Substitute Senate Bill 5097 in its entirety.

Respectfully submitted,
Christine Gregoire, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SENATE BILL NO. 5045

May 12, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I have approved, except for Sections 34, 508, 520 and 590, Senate Bill No. 5045 entitled:

“AN ACT Relating to making technical corrections to gender-based terms.”

I am vetoing Section 34 because it incorrectly amends the phrase "his widow" to "his or her widow" in RCW 2.12.037. I am vetoing the following sections due to conflicting amendments in other bills already signed into law in the 2011 session: Sections 508, 520 and 590.

With the exception of Sections 34, 508, 520 and 590, Senate Bill 5045 is approved.

Respectfully submitted,
Christine Gregoire, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SENATE BILL NO. 5083

May 12, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Senate Bill No. 5083 entitled:

"AN ACT Relating to clarifying that the basis for business and occupation tax for real estate firms is the commission amount received by each real estate firm involved in a transition."

Senate Bill 5083 provides that when a real estate commission on a particular transaction is divided among real estate firms at the closing of the transaction, each firm must pay the tax only upon its respective share.

Section 3 would apply this act both prospectively and retroactively. The retroactive application of the bill would reward delinquent taxpayers while those who paid on time would not receive a refund under the prohibition on the gift of state funds in Article VIII, Section 5 of the Washington Constitution, as interpreted by the Washington Supreme Court.

For this reason, I have vetoed Section 3 of Senate Bill 5083.

With the exception of Section 3, Senate Bill 5083 is approved.

Respectfully submitted,
Christine Gregoire, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SUBSTITUTE SENATE BILL NO. 5691

May 12, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 402, 503, 804 and 805, Substitute Senate Bill No. 5691 entitled:

"AN ACT Relating to crime victims' compensation."

With this bill, the Legislature has taken important steps to ensure the sustainability of our Crime Victims' Compensation program. Administrative efficiencies, coupled with painful but necessary benefit reductions, will allow the program to maintain its viability for the foreseeable future. However, only temporarily reducing these benefits will only temporarily strengthen the Crime Victims' Compensation program. An increase in crime victims' benefits is a discussion that should occur if and when state revenues improve, but not before that time.

For these reasons, I have vetoed Sections 402, 503, 804 and 805 of Substitute Senate Bill 5691.

With the exception of Sections 402, 503, 804 and 805, Substitute Senate Bill 5691 is approved.

Respectfully submitted,
Christine Gregoire, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SUBSTITUTE SENATE BILL NO. 5700

May 16, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Substitute Senate Bill No. 5700 entitled:

“AN ACT Relating to certain toll facilities.”

I am vetoing Section 1, the intent section. As outlined in an informal Attorney General Opinion, Initiative 1053 does not constrain the manner in which the legislature approves imposition or increases in fees. Section 1 could be misconstrued to constrain the form of legislative approvals. Vetoing the intent section does not impede implementation of the bill.

For these reasons, I have vetoed Section 1 of Substitute Senate Bill 5700.

With the exception of Section 1, Substitute Senate Bill 5700 is approved.

Respectfully submitted,
Christine Gregoire, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SECOND SUBSTITTUTE SENATE BILL NO. 5182

June 6, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 246, Engrossed Second Substitute Senate Bill No. 5182 entitled:

“AN ACT Relating to establishing the office of student financial assistance by eliminating the higher education coordinating board and transferring its functions to various entities.”

Section 246 transfers powers, duties and functions of the higher education coordinating board pertaining to student financial assistance to the new office of student financial assistance. Due to a technical bill drafting error, the effective date of the transfer of powers would occur prior to the creation of the new office of student financial assistance on July 1, 2012.

For this reason, I am vetoing Section 246. The new higher education steering committee will make recommendations concerning higher education governance prior to the 2012 legislative session. I expect the committee to consider the transfers of authority set forth in Section 246 and recommend any statutory changes necessary in the 2012 session to successfully achieve the appropriate transfers.

For these reasons, I have vetoed Section 246 of Engrossed Second Substitute Senate Bill 5182.

With the exception of Section 246, Engrossed Second Substitute Senate Bill 5182 is approved.

Respectfully submitted,

Christine Gregoire, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 5749

June 6, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Engrossed Substitute Senate Bill No. 5749 entitled:

“AN ACT Relating to the Washington advanced college tuition payment program.”

Section 1 would expand the membership of the Committee on Advanced Tuition Payment, limit private sector and citizen representatives on the committee to four year terms and require Senate confirmation of citizen and business representatives. The work of this committee involves oversight of complex financial issues. The bill does not stagger the terms of the committee members, and expands the number of term-limited members to four of the committee's seven members. Unstaggered and limited terms for a majority of the committee members would leave the committee highly vulnerable to the loss of expertise accumulated by citizen and business representatives and inhibit the work of this committee.

For these reasons, I have vetoed Section 1 of Engrossed Substitute Senate Bill 5749.

With the exception of Section 1, Engrossed Substitute Senate Bill 5749 is approved.

Respectfully submitted,
Christine Gregoire, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SECOND ENGROSSED SUBSTITUTE SENATE BILL NO. 5742

June 7, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 11, 13, 14 and 15, Second Engrossed Substitute Senate Bill No. 5742 entitled:

“AN ACT Relating to the Washington state ferry system.”

Section 11 requires the Washington State Department of Transportation (WSDOT) to provide quarterly on-time performance reports to the Legislature and to post the data on vessels, at terminals, and on the WSDOT's website. I am vetoing this section because Washington State Ferries already reports on-time performance through the Government Management Accountability and Performance program (GMAP), and quarterly reports are posted on the GMAP website.

Sections 13 and 14 contain conflicting requirements for actions that must be taken if Washington State Ferries does not meet at least eighty percent of performance measure targets. Section 13 requires that the governor appoint a management representative and Section 14 requires WSDOT to solicit requests for qualifications to privatize Washington State Ferries management. In addition, I do not believe either of these requirements is necessary or practicable.

Section 15 requires the Office of Financial Management's (OFM) Attainment Report to include the performance measures in Sections 10 and 11. Once the ad hoc committee in Section 10 completes its work, a determination will be made regarding the high-level performance indicators that should be included in the Attainment Report. Accordingly, I am vetoing this section so the ad hoc committee's recommendations can be considered.

For these reasons, I have vetoed Sections 11, 13, 14 and 15 of Second Engrossed Substitute Senate Bill 5742.

With the exception of Sections 11, 13, 14 and 15, Second Engrossed Substitute Senate Bill 5742 is approved.

Respectfully submitted,
Christine Gregoire, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SECOND ENGROSSED SENATE BILL NO. 5764

June 7, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 18, Second Engrossed Senate Bill No. 5764 entitled:

“AN ACT Relating to Innovate Washington.”

This bill creates Innovate Washington as the successor agency to the Washington Technology Center and the Spokane Intercollegiate Research and Technology Institute.

Section 1 provides that Innovate Washington will act as the primary agency focused on growing innovation-based sectors of our economy and will work with business to meet technology transfer needs. This section defines the mission of Innovate Washington as making our state the best place to develop, build, and deploy innovative products with collaborative partnerships among academic institutions, industry and government. Among the means Section 1 outlines to carry out this mission is leveraging state investments in sector-focused, innovation-based economic development initiatives. Innovate Washington is designated as the lead entity to coordinate and approve state funding “for programs targeted at expanding the clean energy sector” while maintaining policy and regulatory functions at the state energy office housed at the Department of Commerce.

Given Innovate Washington’s mission, the definition of “lead entity” is Section 1(7) to mean “the organization that all other state agencies must coordinate with and receive approval from in order to award state funds in support of clean energy initiatives” is limited to approval of state funding awards for the primary purpose of economic development in the clean energy sector. Approval would not extend to state funding of initiatives not specifically targeted to grow the clean energy sector. Moreover, as stated in a colloquy on the Senate floor and consistent with the terminology clean energy “initiatives,” the approval required under Section 1(7) applies to new programs begun after the effective date of the act. The above understanding and interpretation of the bill is shared by the legislature as set forth in a letter to me from Senator Jim Kastama and Representative Deb Eddy dated May 25, 2011 encouraging me to give clarifying direction to the agencies involved. It is with this understanding that I approve Section 1.

I am vetoing Section 18 of Second Engrossed Senate Bill 5764 which requires the joint legislative audit and review committee to review performance of Innovate Washington and to make recommendations regarding the effectiveness of its programs by December 1, 2015. Innovate Washington is required to submit its first five year business plan to the legislature by December 1, 2012, which will identify its activities and programs, and set forth its operational plan and strategy for carrying out its mission. The timing of a study to determine the effectiveness of its programs is best determined based on the schedule in the business plan. When the business plan is completed, the joint legislative audit and review committee can determine the appropriate timing and content of a review based on experience without the need for a statutory provision.

For this reason, I am vetoing Section 18 of Second Engrossed Senate Bill 5764.

With the exception of Section 18, Second Engrossed Senate Bill 5764 is approved.

Respectfully submitted,
Christine Gregoire, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ENGROSSED SUBSTITUTE SENATE BILL NO. 5919

June 7, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 6, Engrossed Substitute Senate Bill No. 5919 entitled:

“AN ACT Relating to education funding.”

Section 6 requires students in the graduating class of 2015, rather than 2013, to meet the state standard on the high school assessment in order to earn a certificate of academic achievement or certificate of individual achievement.

The House of Representatives delivered Engrossed Substitute House Bill 1410 containing a similar provision on May 25, 2011. That bill is among those I sign today.

For this reason, I have vetoed Section 6 of Engrossed Substitute Senate Bill 5919.

With the exception of Section 6, Engrossed Substitute Senate Bill 5919 is approved.

Respectfully submitted,
Christine Gregoire, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SECOND SUBSTITUTE SENATE BILL NO. 5459

June 15, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 7 and 11, Second Substitute Senate Bill No. 5459 entitled:

“AN ACT Relating to services for people with developmental disabilities.”

This bill makes a number of changes that address the increased provision of services to persons with developmental disabilities in a community setting. It reduces admissions to residential habilitation centers, closes the Frances Haddon Morgan Center by December 31, 2011, provides for relocation and alternatives, and strengthens the array of support available in communities.

Section 7 of this bill mandates that the Department of Social and Health Services provide a series of processes and services that assist successful client transitions into the community. Most provisions in this section are current practices within the Department, including the following: person-centered approaches to discharge plans, family mentoring, offering residential habilitation center employees opportunities for employment in community settings, offering residents leaving a residential habilitation center the ability to return, and maximizing federal funding. Approval of Section 7 is not required to implement these approaches. However, Section 7(2)(f)(vii) could be interpreted to mandate that the Department provide new transportation services and other supports to assist family and friends in maintaining regular contact with residents who have moved out of a residential habilitation center. While I agree that clients should maintain contact with their family and friends, this subsection could create a broad, undefined requirement that is also unfunded. The type, frequency, and costs of transportation are not easily assessed. Because these unknown elements present serious concerns about unanticipated fiscal impacts, I am vetoing Section 7.

Section 11 mandates that the Department annually submit a report to the Legislature regarding persons who have transitioned from residential habilitation centers to the community. Much of the information required for this report is

already gathered as a standard part of the client assessment and existing quality assurances processes. Aggregating and assembling client-specific information into a new report is a significant unfunded mandate.

Although I am vetoing this section, I am directing the Department to share the various reports related to the quality of client transitions and community-based services with the Legislature.

For these reasons, I have vetoed Sections 7 and 11 of Second Substitute Senate Bill 5459.

With the exception of Sections 7 and 11, Second Substitute Senate Bill 5459 is approved.

Respectfully submitted,
Christine Gregoire, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 5921

June 15, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 3 and 26, Engrossed Substitute Senate Bill No. 5921 entitled:

“AN ACT Relating to social services.”

This omnibus bill addresses redesign and policy changes to Washington’s WorkFirst program, including provisions related to eligibility, accountability, fraud detection and enforcement. During the current economic downturn the state has experienced increased utilization of safety net programs. Now is the time to redouble our focus on service delivery that meets the intended outcomes and ensures fiscal accountability for the use of limited public funds.

Sections 3 of the bill requires the Department of Social and Health Services to engage in competitive performance-based contracting for all WorkFirst activities. I strongly support government efficiency and improved performance in providing critical services to Washington residents. However, Section 3 of the bill is not needed and could create confusion about the applicable law that would govern such contracting. The Legislature enacted a law in 1997, codified as RCW 74.08A.290, that authorized the Department of Social and Health Services to engage in competitive contracting using performance-based contracts to provide all work activities. The Department of Social and Health Services would be expressly mandated to exercise its authority granted in 1997 under RCW 74.08A.290 by Second Engrossed Substitute House Bill 1087, a bill among those I sign today. I will direct the Department of Social and Health Services and the WorkFirst Subcabinet to act on the Legislature’s direction in Second Engrossed Substitute House Bill 1087 to competitively contract all work activities under the 1997 law.

Section 26 of the bill establishes a Fraud Ombudsman in the State Auditor’s Office to audit and provide oversight of the Office of Fraud and Accountability at the Department of Social and Health Services. Transparency of public funds is critically important. I remain committed to ensuring appropriate use of public funds when providing critical services for the State’s most vulnerable residents.

However, Section 26 is duplicative of the State Auditor’s Office existing authority to audit the work of the Office of Fraud and Accountability. The Department of Social and Health Services will provide the State Auditor’s Office with access to any relevant records in its possession to the fullest extent practicable upon the request of the State Auditor’s Office.

For these reasons, I have vetoed Sections 3 and 26 of Engrossed Substitute Senate Bill 5921.

With the exception of Sections 3 and 26, Engrossed Substitute Senate Bill 5921 is approved.

Respectfully submitted,
Christine Gregoire, Governor

MESSAGE FROM THE GOVERNOR

PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 5931

June 15, 2011

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 815 and 816 and Sections 901 through 909, Engrossed Substitute Senate Bill No. 5931 entitled:

“AN ACT Relating to reorganizing and streamlining central service functions, powers, and duties of state government.”

Sections 815 and 816 require the State Auditor to conduct a performance audit of the consolidated state data center during the same period that the Department of Information Services and Office of Financial Management will be fully engaged in the transformative activities associated with implementation of this bill and the consolidated data center business plan. Such activities will include designing and installing the consolidated state data center infrastructure; moving staff to the new office building; structuring the new Department of Enterprise Services, Consolidated Technology Services, and Office of the Chief Information Officer; and conducting a statewide information technology total cost of ownership study. A performance audit during this timeframe will redirect key leadership and staff capacity and attention from implementing these complex and resource intensive initiatives to reviewing the rationale for the current strategies underway.

Sections 901 through 909 transfer the Education Research Data Center (ERDC) from the Office of Financial Management’s Forecasting Division to the Legislative Evaluation and Accountability Program Committee (LEAP). The ERDC and LEAP are collaboratively involved in building a robust and informative research capability that informs decision-making for both the executive and legislative branch. This transfer would not accomplish the goals that are shared among the legislative and executive branches and may actually slow the federally funded initiatives underway. The ERDC will continue to serve our shared commitment to transparency, education data quality, and useful information for decision makers while remaining at the Office of Financial Management.

For these reasons, I have vetoed Sections 815 and 816 and Sections 901 through 909 of Engrossed Substitute Senate Bill 5931.

With the exception of Sections 815 and 816 and Sections 901 through 909, Engrossed Substitute Senate Bill 5931 is approved.

Respectfully submitted,
Christine Gregoire, Governor

HISTORY OF GOVERNOR'S PARDONS AND COMMUTATIONS

May 12, 2011

To the Honorable, the Senate
of the State of Washington

Ladies and Gentlemen:

In compliance with the provisions of Article III, Section 11, of the Constitution of the State of Washington, the Governor hereby submits her report of each case of reprieve, commutation or pardon that she has granted since her last report submitted on June 23, 2010, copies of which are attached.

**FULL AND UNCONDITIONAL PARDON
OF
STARCIA MARIE AGUE**

To all to Whom These Presents Shall Come, Greetings:

WHEREAS, Starcia Marie Ague, as a juvenile, pled guilty to two counts of Robbery in the First Degree and one count of Kidnapping in the First Degree after participating in a March 23, 2003, home invasion robbery in which the occupants of the home were tied up and threatened and items from the home were stolen. These offenses occurred when Ms. Ague was 15 years old. She had been removed from her parents' custody after suffering abuse, neglect and exposure to criminal activities, following which she was placed in foster homes and then lived on the streets. At sentencing, the juvenile court imposed three 103-129 week sentences to be served consecutively until Ms. Ague reached the age of 21. The juvenile court also imposed restitution and costs, which have been paid.

WHEREAS, Ms. Ague, upon confinement in the juvenile rehabilitation facilities of Naselle Youth Camp and Echo Glen Detention Center, determined to change her life and develop strong positive values and the will to succeed. During her six years in juvenile rehabilitation facilities, she earned her high school diploma and participated in a course of online studies that allowed her to earn college credit. Aided by friends and mentors, Ms. Ague developed and mastered the interpersonal and academic skills necessary to achieve a positive direction in her life.

WHEREAS, after her release at age 21, Ms. Ague entered Washington State University and, while pursuing her degree, worked as an intern with the juvenile unit of the Spokane County Defender's Office and as Residence Life Staff at Washington State University's Orton Hall. She earned a degree in Criminal Justice from the Washington State University.

WHEREAS, Ms. Ague has participated in efforts to improve juvenile rehabilitation by assisting faculty at the University of Washington and Washington State University on projects to improve alternatives to detention for juvenile status offenders and to better equip detention staff and probation officers to deal with mentally ill youthful offenders and their families. She took her passion and commitment to improving the lives of youth in the juvenile justice system to the Washington Legislature. She successfully advocated for Senate Bill 6561, allowing the sealing of juvenile records under certain circumstances, thereby helping to remove roadblocks faced by young adults trying to overcome their juvenile histories. She was awarded scholarships to attend the Georgetown University Certificate Program to Improve Outcomes for Children and Youth Involved in the Child Welfare and Juvenile Justice Systems.

WHEREAS, Ms. Ague is now 23 years old, has demonstrated her successful rehabilitation, and wants to be a mentor and role model and make positive changes in the lives of youth who have lost their way. She has a goal of obtaining employment in a field that works with at-risk youth and juvenile offenders, and her juvenile offense history is a barrier to this goal. A pardon will allow these juvenile adjudications to be removed from the criminal history record that is available to the public.

WHEREAS, there was a strong showing of support at Ms. Ague's hearing before the Clemency and Pardons Board in the form of testimony recommending a pardon by Lieutenant Don Stevens of the Tumwater Police Department, Washington State Senator James Hargrove, Regents Professor Nicholas Lovrich of the Washington State University,

and others that explained that Ms. Ague is a person with exceptional qualities that Washington needs to work with our at-risk youth.

WHEREAS, Ms. Ague's Petition for a pardon was supported by numerous letters of support, including letters from Justice Bobbe J. Bridge (Retired), the President of the Center for Children & Youth Justice, Washington State Representative Mary Lou Dickerson, Washington State Representative Susan Fagan, Professor Eric Trupin of the University of Washington School of Medicine, numerous juvenile justice and juvenile rehabilitation officials, and others. A victim of these crimes has also encouraged the grant of Ms. Ague's request for a pardon.

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of the offenses, and the favorable recommendation of the Washington State Clemency and Pardons Boards. In light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Christine O. Gregoire, by virtue of the power vested in me as Governor of the state of Washington, hereby grant to Starcia Marie Ague, this full and unconditional pardon of her adjudications of guilt for two counts of Robbery in the First Degree and one count of Kidnapping in the First Degree so she may pursue permanent and gainful employment in her chosen field. This pardon supersedes the previous pardon for these offenses date February 17, 2011.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the state of Washington to be affixed at Olympia on this 24th day of March, A.D., two thousand and eleven.
