(7) After the expiration date of a collective bargaining agreement negotiated under this chapter, all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8) For the 2011-2013 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee shall be a separate agreement for which the governor may request funds necessary to implement the agreement. If such an agreement is negotiated and funded by the legislature, this agreement will supersede any terms and conditions of an expired 2009-2011 biennial master collective bargaining agreement under this chapter regarding health care benefits.

Sec. 931. RCW 41.80.020 and 2010 c 283 s 16 are each amended to read as follows:

(1) Except as otherwise provided in this chapter, the matters subject to bargaining include wages, hours, and other terms and conditions of employment, and the negotiation of any question arising under a collective bargaining agreement.

(2) The employer is not required to bargain over matters pertaining to:

(a) Health care benefits or other employee insurance benefits, except as required in subsection (3) of this section;

(b) Any retirement system or retirement benefit; or

(c) Rules of the director of personnel or the Washington personnel resources board adopted under section 203, chapter 354, Laws of 2002.

(3) Matters subject to bargaining include the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits. However, except as provided otherwise in this subsection for institutions of higher education, negotiations regarding the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits shall be conducted between the employer and one coalition of all the exclusive bargaining representatives subject to this chapter. The exclusive bargaining representatives for employees that are subject to chapter 47.64 RCW shall bargain the dollar amount expended on behalf of each employee for health care benefits with the employer as part of the

NINETY NINTH DAY, APRIL 18, 2011

coalition under this subsection. Any such provision agreed to by the employer and the coalition shall be included in all master collective bargaining agreements negotiated by the parties. For institutions of higher education, promotional preferences and the number of names to be certified for vacancies shall be bargained under the provisions of RCW 41.80.010(4). For agreements covering the 2011-2013 fiscal biennium, any agreement between the employer and the coalition regarding the dollar amount expended on behalf of each employee for health care benefits is a separate agreement and shall not be included in the master collective bargaining agreements negotiated by the parties.

(4) The employer and the exclusive bargaining representative shall not agree to any proposal that would prevent the implementation of approved affirmative action plans or that would be inconsistent with the comparable worth agreement that provided the basis for the salary changes implemented beginning with the 1983-1985 biennium to achieve comparable worth.

(5) The employer and the exclusive bargaining representative shall not bargain over matters pertaining to management rights established in RCW 41.80.040.

(6) Except as otherwise provided in this chapter, if a conflict exists between an executive order, administrative rule, or agency policy relating to wages, hours, and terms and conditions of employment and a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with the terms of a statute is invalid and unenforceable.

(7) This section does not prohibit bargaining that affects contracts authorized by RCW 41.06.142.

Sec. 932. RCW 43.08.190 and 2010 c 222 s 3 are each amended to read as follows:

The allocation shall precede the distribution of the remaining earnings as prescribed under RCW 43.79A.040 and 43.84.092. The state treasurer shall establish a uniform allocation rate for all funds and accounts; except that the state treasurer may negotiate a different allocation rate with any state agency that has independent authority over funds not statutorily required to be held in the state treasury or in the custody of the state treasurer. In no event shall the rate be less than the actual costs incurred by the state treasurer's office. If no rate is separately negotiated, the default rate for any funds held shall be the rate set for funds held pursuant to statute.

During the 2009-2011 and 2011-2013 fiscal (~~biennium~~) biennia, the funds may also be used to provide individualized employment services and employment-related counseling to people with disabilities, and technical assistance to employers about the employment of people with disabilities. "Switched access line" has the meaning provided in RCW 82.14B.020.

(6) The telecommunications relay service program and equipment vendors shall provide services and equipment consistent with the requirements of federal law for the operation of both interstate and intrastate telecommunications services for the hearing impaired or speech impaired. Moneys in the account may be spent only after appropriation. The liquor control board shall use deposits to this account to fund construction and maintenance of a centralized distribution center for liquor products intended for sale through the board's liquor store and contract liquor store system. During the ~~((2001-2003))~~ 2011-2013 fiscal biennium, the legislature may

During the 2001-2003 fiscal biennium, the legislature may transfer from the lottery administrative account to the state general fund such amounts as reflect the appropriations reductions made by the 2002 supplemental appropriations act for administrative efficiencies and savings. During the 2011-2013 fiscal biennium, the lottery administrative account may also be used to fund an independent forecast of the lottery revenues conducted by the economic and revenue forecast council.

Sec. 953. RCW 70.93.180 and 2010 1st sp.s. c 37 s 945 are each amended to read as follows:

(1) There is hereby created an account within the state treasury to be known as the "waste reduction, recycling, and litter control account". Moneys in the account may be spent only after appropriation. Expenditures from the waste reduction, recycling, and litter control account shall be used as follows:

(a) Fifty percent to the department of ecology, for use by the departments of ecology, natural resources, revenue, transportation, and corrections, and the parks and recreation commission, for use in litter collection programs, to be distributed under RCW 70.93.220. The amount to the department shall also be used to defray the costs of administering the funding, coordination, and oversight of local government programs for waste reduction, litter control, and recycling, so that local governments can apply one hundred percent of their funding to achieving program goals. The amount to the department of revenue shall be used to enforce compliance with the litter tax imposed in chapter 82.19 RCW;

(b) Twenty percent to the department for local government funding programs for waste reduction, litter control, and recycling activities by cities and counties under RCW 70.93.250, to be administered by the department of ecology; and

(c) Thirty percent to the department of ecology for waste reduction and recycling efforts.

(2) All taxes imposed in RCW 82.19.010 and fines and bail forfeitures collected or received pursuant to this chapter shall be deposited in the waste reduction, recycling, and litter control account and used for the programs under subsection (1) of this section.

(3) Not less than five percent and no more than ten percent of the amount appropriated into the waste reduction, recycling, and litter control account every biennium shall be reserved for capital needs, including the purchase of vehicles for transporting crews and for collecting litter and solid waste. Capital funds shall be distributed among state agencies and local governments according to the same criteria provided in RCW 70.93.220 for the remainder of the funds, so that the most effective waste reduction, litter control, and recycling programs receive the most funding. The intent of this subsection is to provide funds for the purchase of equipment that will enable the department to account for the greatest return on investment in terms of reaching a zero litter goal.

NINETY NINTH DAY, APRIL 18, 2011

(4) During the 2009-2011 fiscal biennium, the legislature may transfer from the waste reduction, recycling, and litter control account to the state general fund such amounts as reflect the excess fund balance of the account. state and local toxics control accounts shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. During the 2011-2013 fiscal biennium, one-half of one percent of the moneys deposited in the state and local toxics control accounts shall be allocated only for public participation grants. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation from either account which are not expended at the close of any biennium shall revert to the state toxics control account.

(6) No moneys deposited into either the state or local toxics control account may be used for solid waste incinerator feasibility studies, construction, maintenance, or operation, or, after January 1, 2010, for projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(8) During the 2007-2009 and 2009-2011 fiscal biennia, the legislature may transfer from the local toxics control account to either the state general fund or the oil spill prevention account, or both such amounts as reflect excess fund balance in the account.

(9) During the 2009-2011 fiscal biennium, the local toxics control account may also be used for a standby rescue tug at Neah Bay, local government shoreline update grants, private and public sector diesel equipment retrofit, and oil spill prevention, preparedness, and response activities.

(10) During the 2009-2011 fiscal biennium, the legislature may transfer from the state toxics control account to the state general fund such amounts as reflect the excess fund balance in the account.

(11) During the 2011-2013 fiscal biennium, the local toxics control account may also be used for local government shoreline update grants and actions for reducing public exposure to toxic air pollution.

Sec. 955. RCW 70.105D.130 and 2010 1st sp.s. c 37 s 947 are each amended to read as follows:

(1) The cleanup settlement account is created in the state treasury. The account is not intended to replace the state toxics control account established under RCW 70.105D.070. All receipts from the sources identified in subsection (2) of this section must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only as identified in subsection (4) of this section.

(2) The following receipts must be deposited into the cleanup settlement account:

(a) Receipts from settlements or court orders that direct payment to the account and resolve a person's liability or potential liability under this chapter for either or both of the following:

(i) Conducting future remedial action at a specific facility, if it is not feasible to require the person to conduct the remedial action based on the person's financial insolvency, limited ability to pay, or insignificant contribution under RCW 70.105D.040(4)(a);

(ii) Assessing or addressing the injury to natural resources caused by the release of a hazardous substance from a specific facility; and

(b) Receipts from investment of the moneys in the account.

cleanup settlement account, then the receipts from any payment to the state must be deposited into the state toxics control account.

(4) Expenditures from the cleanup settlement account may only be used to conduct remedial actions at the specific facility or to assess or address the injury to natural resources caused by the release of hazardous substances from that facility for which the moneys were deposited in the account. Conducting remedial actions or assessing or addressing injury to natural resources includes direct expenditures and indirect expenditures such as department oversight costs. During the 2009-2011 and 2011-2013 fiscal (~~(biennium)~~) biennia, the legislature may transfer excess fund balances in the account into the state efficiency and restructuring account. Transfers of excess fund balances made under this section shall be made only to the extent amounts transferred with required repayments do not impair the ten-year spending plan administered by the department of ecology for environmental remedial actions dedicated for any designated clean-up site associated with the Everett smelter and Tacoma smelter, including plumes, or former Asarco mine sites. The cleanup settlement account must be repaid with interest under provisions of the state efficiency and restructuring account.

(5) The department shall track moneys received, interest earned, and moneys expended separately for each facility.

(6) After the department determines that all remedial actions at a specific facility, and all actions assessing or addressing injury to natural resources caused by the release of hazardous substances from that facility, are completed, including payment of all related costs, any moneys remaining for the specific facility must be transferred to the state toxics control account established under RCW 70.105D.070.

(7) The department shall provide the office of financial management and the fiscal committees of the legislature with a report by October 31st of each year regarding the activity within the cleanup settlement account during the previous fiscal year.

(3) Except as otherwise provided in subsection (5) of this section, the deductions authorized under this section shall not exceed twenty-five percent of the moneys received by the department in connection with any one transaction pertaining to state lands and aquatic lands other than second-class tide and shore lands and the beds of navigable waters, and fifty percent of the moneys received by the department pertaining to second-class tide and shore lands and the beds of navigable waters.

(4) In the event that the department sells logs using the contract harvesting process described in RCW 79.15.500 through 79.15.530, the moneys received subject to this section are the net proceeds from the contract harvesting sale.

(5) During the 2009-2011 fiscal biennium and fiscal year 2012, the twenty-five percent limitation on deductions set in subsection (3) of this section may be increased (~~(up)~~) to (~~(thirty)~~) twenty-seven percent by the board.

After appropriation, these funds shall be used solely for aquatic lands enhancement projects; for the purchase, improvement, or protection of aquatic lands for public purposes; for providing and improving access to the lands; and for volunteer cooperative fish and game projects. During the 2009-2011 and 2011-2013 fiscal ~~((biennium))~~ biennia, the aquatic lands enhancement account may also be used for scientific research as part of the adaptive management process and for developing a planning report for McNeil Island. During the 2009-~~2011~~ and 2011-2013 fiscal ~~((fiscal biennium))~~ biennia, the legislature may transfer from the aquatic lands enhancement account to the state general fund such amounts as reflect excess fund balance of the account.

(2) In providing grants for aquatic lands enhancement projects, the recreation and conservation funding board shall:

(a) Require grant recipients to incorporate the environmental benefits of the project into their grant applications;

(b) Utilize the statement of environmental benefits, consideration, except as provided in RCW 79.105.610, of whether the applicant is a Puget Sound partner, as defined in RCW 90.71.010, whether a project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310, and except as otherwise provided in RCW 79.105.630, and effective one calendar year following the development and statewide availability of model evergreen community management plans and ordinances under RCW 35.105.050, whether the applicant is an entity that has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030 in its prioritization and selection process; and

(b) The city has levied the tax authorized in RCW 82.14.030(2) at the maximum rate or the tax authorized in RCW 82.46.010(3) at the maximum rate; and

(c) The city has a per capita yield from the tax imposed under RCW 82.14.030(1) at the maximum rate of less than one hundred fifty percent of the statewide average per capita yield for all cities from such local sales and use tax.

(3) The moneys deposited in the municipal criminal justice assistance account for distribution under this section, less any moneys appropriated for purposes under subsection (7) of this section, ~~((shall))~~ must be distributed at such times as distributions are made under RCW 82.44.150. The distributions ~~((shall))~~ must be made as follows:

(a) Unless reduced by this subsection, thirty percent of the moneys ~~((shall))~~ must be distributed ratably based on population as last determined by the office of financial management to those cities eligible under subsection (2) of this section that have a crime rate determined under subsection (2)(a) of this section which is greater than one hundred seventy-five percent of the statewide average crime rate. No city may receive more than fifty percent of any moneys distributed under this subsection (a) but, if a city distribution is reduced as a result of exceeding the fifty percent limitation, the amount not distributed ~~((shall))~~ must be distributed under (b) of this subsection.

(b) The remainder of the moneys, including any moneys not distributed in subsection (2)(a) of this section, ~~((shall))~~ must be distributed to all cities eligible under subsection (2) of this section ratably based on population as last determined by the office of financial management.

(4) No city may receive more than thirty percent of all moneys distributed under subsection (3) of this section.

(5) Notwithstanding other provisions of this section, the distributions to any city that substantially decriminalizes or repeals its criminal code after July 1, 1990, and that does not reimburse the county for costs associated with criminal cases under RCW 3.50.800 or 3.50.805(2), ~~((shall))~~ must be made to the county in which the city is located.

(6) Moneys distributed under this section ~~((shall))~~ must be expended exclusively for criminal justice purposes and ~~((shall))~~ may not be used to replace or supplant existing funding. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil justice system occurs, and which includes domestic violence services such as those provided by domestic violence programs, community advocates, and legal advocates, as defined in RCW 70.123.020, and publications and

public educational efforts designed to provide information and assistance to parents in dealing with runaway or at-risk youth. Existing funding for purposes of this subsection is defined as calendar year 1989 actual operating expenditures for criminal justice purposes. Calendar year 1989 actual operating expenditures for criminal justice purposes exclude the following: Expenditures for extraordinary events not likely to reoccur, changes in contract provisions for criminal justice services, beyond the control of the local jurisdiction receiving the services, and major nonrecurring capital expenditures.

(7) Not more than five percent of the funds deposited to the municipal criminal justice assistance account ~~((shall))~~ may be available for appropriations for enhancements to the state patrol crime laboratory system and the continuing costs related to these enhancements. Funds appropriated from this account for such enhancements ~~((shall))~~ may not supplant existing funds from the state general fund.

(8) During the 2011-2013 fiscal biennium, the amount that would otherwise be transferred into the municipal criminal justice assistance account from the general fund under subsection (1) of this section must be reduced by 3.4 percent.

Sec. 962. RCW 82.14.330 and 2003 c 90 s 1 are each amended to read as follows:

(1)(a) Beginning in fiscal year 2000, the state treasurer ~~((shall))~~ must transfer into the municipal criminal justice assistance account for distribution under this section from the general fund the sum of four million six hundred thousand dollars divided into four equal deposits occurring on July 1, October 1, January 1, and April 1. For each fiscal year thereafter, the state treasurer ~~((shall))~~ must increase the total transfer by the fiscal growth factor, as defined in RCW 43.135.025, forecast for that fiscal year by the office of financial management in November of the preceding year. The moneys deposited in the municipal criminal justice assistance account for distribution under this section, less any moneys appropriated for purposes under subsection (4) of this section, ~~((shall))~~ must be distributed to the cities of the state as follows:

~~((a))~~ (i) Twenty percent appropriated for distribution ~~((shall))~~ must be distributed to cities with a three-year average violent crime rate for each one thousand in population in excess of one hundred fifty percent of the statewide three-year average violent crime rate for each one thousand in population. The three-year average violent crime rate ~~((shall))~~ must be calculated using the violent crime rates for each of the preceding three years from the annual reports on crime in Washington state as published by the Washington association of sheriffs and police chiefs. Moneys ~~((shall))~~ must be distributed under this subsection (1)(a) ratably based on population as last determined by the office of financial management, but no city may receive more than one dollar per capita. Moneys remaining undistributed under this subsection at the end of each calendar year ~~((shall))~~ must be distributed to the criminal justice training commission to reimburse participating city law enforcement agencies with ten or fewer full-time commissioned patrol officers the cost of temporary replacement of each officer who is enrolled in basic law enforcement training, as provided in RCW 43.101.200.

~~((b))~~ (ii) Sixteen percent ~~((shall))~~ must be distributed to cities ratably based on population as last determined by the office of financial management, but no city may receive less than one thousand dollars.

(b) The moneys deposited in the municipal criminal justice assistance account for distribution under this subsection ~~((shall))~~ (1) must be distributed at such times as distributions are made under RCW 82.44.150.

(c) Moneys distributed under this subsection ~~((shall))~~ (1) must be expended exclusively for criminal justice purposes and ~~((shall))~~ may

not be used to replace or supplant existing funding. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil justice system occurs, and which includes domestic violence services such as those provided by domestic violence programs, community advocates, and legal advocates, as defined in RCW 70.123.020. Existing funding for purposes of this subsection is defined as calendar year 1989 actual operating expenditures for criminal justice purposes. Calendar year 1989 actual operating expenditures for criminal justice purposes exclude the following: Expenditures for extraordinary events not likely to reoccur, changes in contract provisions for criminal justice services, beyond the control of the local jurisdiction receiving the services, and major nonrecurring capital expenditures.

(2)(a) In addition to the distributions under subsection (1) of this section:

~~((a))~~ (i) Ten percent ~~((shall))~~ must be distributed on a per capita basis to cities that contract with another governmental agency for the majority of the city's law enforcement services. Cities that subsequently qualify for this distribution ~~((shall))~~ must notify the department of ~~((community, trade, and economic development))~~ commerce by November 30th for the upcoming calendar year. The department of ~~((community, trade, and economic development))~~ commerce ~~shall~~ must provide a list of eligible cities to the state treasurer by December 31st. The state treasurer ~~((shall))~~ must modify the distribution of these funds in the following year. Cities have the responsibility to notify the department of ~~((community, trade, and economic development))~~ commerce of any changes regarding these contractual relationships. Adjustments in the distribution formula to add or delete cities may be made only for the upcoming calendar year; no adjustments may be made retroactively.

~~((b))~~ (ii) The remaining fifty-four percent ~~((shall))~~ must be distributed to cities and towns by the state treasurer on a per capita basis. These funds ~~((shall))~~ must be used for: ~~((i))~~ (A) Innovative law enforcement strategies; ~~((ii))~~ (B) programs to help at-risk children or child abuse victim response programs; and ~~((iii))~~ (C) programs designed to reduce the level of domestic violence or to provide counseling for domestic violence victims.

(b) The moneys deposited in the municipal criminal justice assistance account for distribution under this subsection (2), less any moneys appropriated for purposes under subsection (4) of this section, ~~((shall))~~ must be distributed at the times as distributions are made under RCW 82.44.150. Moneys remaining undistributed under this subsection at the end of each calendar year ~~((shall))~~ must be distributed to the criminal justice training commission to reimburse participating city law enforcement agencies with ten or fewer full-time commissioned patrol officers the cost of temporary replacement of each officer who is enrolled in basic law enforcement training, as provided in RCW 43.101.200.

(c) If a city is found by the state auditor to have expended funds received under this subsection (2) in a manner that does not comply with the criteria under which the moneys were received, the city ~~((shall be))~~ is ineligible to receive future distributions under this subsection (2) until the use of the moneys are justified to the satisfaction of the director or are repaid to the state general fund.

(3) Notwithstanding other provisions of this section, the distributions to any city that substantially decriminalizes or repeals its criminal code after July 1, 1990, and that does not reimburse the county for costs associated with criminal cases under RCW 3.50.800 or 3.50.805(2), ~~((shall))~~ must be made to the county in which the city is located.

(4) Not more than five percent of the funds deposited to the municipal criminal justice assistance account ~~((shall))~~ may be available for appropriations for enhancements to the state patrol crime laboratory system and the continuing costs related to these

enhancements. Funds appropriated from this account for such enhancements ~~((shall))~~ may not supplant existing funds from the state general fund.

(5) During the 2011-2013 fiscal biennium, the amount that would otherwise be transferred into the municipal criminal justice assistance account from the general fund under subsection (1) of this section must be reduced by 3.4 percent.

Sec. 963. RCW 82.14.390 and 2008 c 48 s 1 are each amended to read as follows:

(1) Except as provided in subsection (7) of this section, the governing body of a public facilities district (a) created before July 31, 2002, under chapter 35.57 or 36.100 RCW that commences construction of a new regional center, or improvement or rehabilitation of an existing new regional center, before January 1, 2004; (b) created before July 1, 2006, under chapter 35.57 RCW in a county or counties in which there are no other public facilities districts on June 7, 2006, and in which the total population in the public facilities district is greater than ninety thousand that commences construction of a new regional center before February 1, 2007; (c) created under the authority of RCW 35.57.010(1)(d); or (d) created before September 1, 2007, under chapter 35.57 or 36.100 RCW, in a county or counties in which there are no other public facilities districts on July 22, 2007, and in which the total population in the public facilities district is greater than seventy thousand, that commences construction of a new regional center before January 1, 2009, or before January 1, 2011, in the case of a new regional center in a county designated by the president as a disaster area in December 2007, may impose a sales and use tax in accordance with the terms of this chapter. The tax is in addition to other taxes authorized by law and ~~((shall))~~ must be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the public facilities district. The rate of tax ~~((shall))~~ may not exceed 0.033 percent of the selling price in the case of a sales tax or value of the article used in the case of a use tax.

(2)(a) The governing body of a public facilities district imposing a sales and use tax under the authority of this section may increase the rate of tax up to 0.037 percent if, within three fiscal years of July 1, 2008, the department determines that, as a result of RCW 82.14.490 and the chapter 6, Laws of 2007 amendments to RCW 82.14.020, a public facilities district's sales and use tax collections for fiscal years after July 1, 2008, have been reduced by a net loss of at least 0.50 percent from the fiscal year before July 1, 2008. The fiscal year in which this section becomes effective is the first fiscal year after July 1, 2008.

(b) The department ~~((shall))~~ must determine sales and use tax collection net losses under this section as provided in RCW 82.14.500 (2) and (3). The department ~~((shall))~~ must provide written notice of its determinations to public facilities districts. Determinations by the department of a public facilities district's sales and use tax collection net losses as a result of RCW 82.14.490 and the chapter 6, Laws of 2007 amendments to RCW 82.14.020 are final and not appealable.

(c) A public facilities district may increase its rate of tax after it has received written notice from the department as provided in (b) of this subsection. The increase in the rate of tax must be made in 0.001 percent increments and must be the least amount necessary to mitigate the net loss in sales and use tax collections as a result of RCW 82.14.490 and the chapter 6, Laws of 2007 amendments to RCW 82.14.020. The increase in the rate of tax is subject to RCW 82.14.055.

(3) The tax imposed under subsection (1) of this section ~~((shall))~~ must be deducted from the amount of tax otherwise required to be collected or paid over to the department of revenue under chapter 82.08 or 82.12 RCW. The department of revenue ~~((shall))~~ must

perform the collection of such taxes on behalf of the county at no cost to the public facilities district. During the 2011-2013 fiscal biennium, distributions by the state to a public facilities district based on the additional rate authorized in subsection (2) of this section must be reduced by 3.4 percent.

(4) No tax may be collected under this section before August 1, 2000. The tax imposed in this section ~~((shall))~~ expires when the bonds issued for the construction of the regional center and related parking facilities are retired, but not more than twenty-five years after the tax is first collected.

(5) Moneys collected under this section ~~((shall))~~ may only be used for the purposes set forth in RCW 35.57.020 and must be matched with an amount from other public or private sources equal to thirty-three percent of the amount collected under this section ~~((; provided that))~~; however, amounts generated from nonvoter approved taxes authorized under chapter 35.57 RCW or nonvoter approved taxes authorized under chapter 36.100 RCW ~~((shall))~~ do not constitute a public or private source. For the purpose of this section, public or private sources includes, but is not limited to cash or in-kind contributions used in all phases of the development or improvement of the regional center, land that is donated and used for the siting of the regional center, cash or in-kind contributions from public or private foundations, or amounts attributed to private sector partners as part of a public and private partnership agreement negotiated by the public facilities district.

(6) The combined total tax levied under this section ~~((shall))~~ may not be greater than 0.037 percent. If both a public facilities district created under chapter 35.57 RCW and a public facilities district created under chapter 36.100 RCW impose a tax under this section, the tax imposed by a public facilities district created under chapter 35.57 RCW ~~((shall))~~ must be credited against the tax imposed by a public facilities district created under chapter 36.100 RCW.

(7) A public facilities district created under chapter 36.100 RCW is not eligible to impose the tax under this section if the legislative authority of the county where the public facilities district is located has imposed a sales and use tax under RCW 82.14.0485 or 82.14.0494.

Sec. 964. RCW 82.14.500 and 2007 c 6 s 903 are each amended to read as follows:

(1)(a) In order to mitigate local sales tax revenue net losses as a result of the sourcing provisions of the streamlined sales and use tax agreement under this title, the state treasurer ~~((shall)), on July 1, 2011, and each July 1st thereafter, must~~ transfer into the streamlined sales and use tax mitigation account from the general fund ~~((the sum of thirty one million six hundred thousand dollars on July 1, 2008. On July 1, 2009, and each July 1st thereafter, the state treasurer shall transfer into the streamlined sales and use tax mitigation account from the general fund))~~ the sum required to mitigate actual net losses as determined under this section.

(b) During the 2011-2013 fiscal biennium, the amount that would otherwise be transferred under (a) of this subsection must be reduced by 3.4 percent.

(2) Beginning July 1, 2008, and continuing until the department determines annual losses under subsection (3) of this section, the department ~~((shall))~~ must determine the amount of local sales tax net loss each local taxing jurisdiction experiences as a result of the sourcing provisions of the streamlined sales and use tax agreement under this title each calendar quarter. The department ~~((shall))~~ must determine losses by analyzing and comparing data from tax return information and tax collections for each local taxing jurisdiction before and after July 1, 2008, on a calendar quarter basis. The department's analysis may be revised and supplemented in consultation with the oversight committee as provided in subsection (4) of this section. To determine net losses, the

NINETY NINTH DAY, APRIL 18, 2011

department ~~((shall))~~ must reduce losses by the amount of voluntary compliance revenue for the calendar quarter analyzed. Beginning December 31, 2008, distributions ~~((shall))~~ must be made quarterly from the streamlined sales and use tax mitigation account by the state treasurer, as directed by the department, to each local taxing jurisdiction, other than public facilities districts for losses in respect to taxes imposed under the authority of RCW 82.14.390, in an amount representing its net losses for the previous calendar quarter. Distributions ~~((shall))~~ must be made on the last working day of each calendar quarter and ~~((shall))~~ must cease when distributions under subsection (3) of this section begin.

(3)(a) By December 31, 2009, or such later date the department in consultation with the oversight committee determines that sufficient data is available, the department ~~((shall))~~ must determine each local taxing jurisdiction's annual loss. The department ~~((shall))~~ must determine annual losses by comparing at least twelve months of data from tax return information and tax collections for each local taxing jurisdiction before and after July 1, 2008. The department ~~((shall))~~ is not ((be)) required to determine annual losses on a recurring basis, but may make any adjustments to annual losses as it deems proper as a result of the annual reviews provided in (b) of this subsection. Beginning the calendar quarter in which the department determines annual losses, and each calendar quarter thereafter, distributions ~~((shall))~~ must be made from the streamlined sales and use tax mitigation account by the state treasurer on the last working day of the calendar quarter, as directed by the department, to each local taxing jurisdiction, other than public facilities districts for losses in respect to taxes imposed under the authority of RCW 82.14.390, in an amount representing one-fourth of the jurisdiction's annual loss reduced by voluntary compliance revenue reported during the previous calendar quarter.

(b) The department's analysis of annual losses ~~((shall))~~ must be reviewed by December 1st of each year and may be revised and supplemented in consultation with the oversight committee as provided in subsection (4) of this section.

(4) The department ~~((shall))~~ must convene an oversight committee to assist in the determination of losses. The committee ~~((shall))~~ includes one representative of one city whose revenues are increased, one representative of one city whose revenues are reduced, one representative of one county whose revenues are increased, one representative of one county whose revenues are decreased, one representative of one transportation authority under RCW 82.14.045 whose revenues are increased, and one representative of one transportation authority under RCW 82.14.045 whose revenues are reduced, as a result of RCW 82.14.490 and the chapter 6, Laws of 2007 amendments to RCW 82.14.020. Beginning July 1, 2008, the oversight committee ~~((shall))~~ must meet quarterly with the department to review and provide additional input and direction on the department's analyses of losses. Local taxing jurisdictions may also present to the oversight committee additional information to improve the department's analyses of the jurisdiction's loss. Beginning January 1, 2010, the oversight committee ~~((shall))~~ must meet at least annually with the department by December 1st.

(5) The rule-making provisions of chapter 34.05 RCW do not apply to this section.

Sec. 965. RCW 82.45.060 and 2005 c 450 s 1 are each amended to read as follows:

There is imposed an excise tax upon each sale of real property at the rate of one and twenty-eight one-hundredths percent of the selling price. An amount equal to six and one-tenth percent of the proceeds of this tax to the state treasurer ~~((shall))~~ must be deposited in the public works assistance account created in RCW 43.155.050. Except as otherwise provided in this section, an amount equal to one and six-tenths percent of the proceeds of this tax to the state

treasurer ~~((shall))~~ must be deposited in the city-county assistance account created in RCW 43.08.290. During the 2011-2013 fiscal biennium, 1.546 percent of the proceeds of this tax to the state treasurer must be deposited in the city-county assistance account.

Sec. 966. RCW 86.26.007 and 2009 c 564 s 961 are each amended to read as follows:

**PART XI
HUMAN SERVICES**

Sec. 1101. 2010 1st sp. s. c 37 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES. (1) Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act.

(4) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under this Washington medicaid integration partnership (WMIP), the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 209 of this act as may be necessary to finance a unified health care plan for the WMIP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons, nor expand beyond one county, during the 2009-2011 biennium. The amount of funding assigned to the pilot projects from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled in the pilot project, times the number of clients enrolled in the pilot project. In implementing the WMIP pilot projects, the department may: (a) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for individuals enrolled in the pilots; and (b) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs. The department shall conduct an evaluation of the WMIP, measuring changes in participant health outcomes, changes in patterns of service utilization, participant satisfaction, participant access to services, and the state fiscal impact.

(5)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, ~~(2010)~~ 2011, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year ~~(2010)~~ 2011 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

NINETY NINTH DAY, APRIL 18, 2011

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year ((2010)) 2011 caseload forecasts and utilization assumptions in the medical assistance, long-term care, foster care, adoptions support, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(6) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

Sec. 1102. 2011 c 5 s 201 (uncodified) is amended to read as follows:

The appropriations in this section are subject to the following conditions and limitations:

(1) \$937,000 of the general fund--state appropriation for fiscal year 2010 and \$696,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to contract for the operation of one pediatric interim care facility. The facility shall also provide on-site training to biological, adoptive, or foster parents. The facility shall provide at least three months of consultation and support to parents accepting placement of children from the facility. The facility may recruit new and current foster and adoptive parents for infants served by the facility. The department shall not require case management as a condition of the contract.

(2) \$369,000 of the general fund--state appropriation for fiscal year 2010, \$343,000 of the general fund--state appropriation for fiscal year 2011, and \$306,000 of the general fund--federal appropriation are provided solely for up to three nonfacility-based programs for the training, consultation, support, and recruitment of

biological, foster, and adoptive parents of children through age three in need of special care as a result of substance abuse by their mothers, except that each program may serve up to three medically fragile nonsubstance-abuse-affected children. In selecting nonfacility-based programs, preference shall be given to programs whose federal or private funding sources have expired or that have successfully performed under the existing pediatric interim care program.

(3) \$2,500,000 of the general fund--state appropriation for fiscal year 2010 and \$46,000 of the general fund--state appropriation for fiscal year 2011, and \$2,098,000 of the home security fund--state appropriation are provided solely for secure crisis residential centers. Within appropriated amounts, the department shall collaborate with providers to maintain no less than forty-five beds that are geographically representative of the state. The department shall examine current secure crisis residential staffing requirements, flexible payment options, center specific waivers, and other appropriate methods to accomplish this outcome.

(4) A maximum of \$69,190,000 of the general fund--state appropriations and \$54,443,000 of the general fund--federal appropriations for the 2009-11 biennium shall be expended for behavioral rehabilitative services and these amounts are provided solely for this purpose. The department shall work with behavioral rehabilitative service providers to safely keep youth with emotional, behavioral, or medical needs at home, with relatives, or with other permanent placement resources and decrease the length of service through improved emotional, behavioral, or medical outcomes for children in behavioral rehabilitative services in order to achieve the appropriated levels.

(a) Contracted providers shall act in good faith and accept the hardest to serve children, to the greatest extent possible, in order to improve their emotional, behavioral, or medical conditions.

(b) The department and the contracted provider shall mutually agree and establish an exit date for when the child is to exit the behavioral rehabilitative service provider. The department and the contracted provider should mutually agree, to the greatest extent possible, on a viable placement for the child to go to once the child's treatment process has been completed. The child shall exit only when the emotional, behavioral, or medical condition has improved or if the provider has not shown progress toward the outcomes specified in the signed contract at the time of exit. This subsection (b) does not prevent or eliminate the department's responsibility for removing the child from the provider if the child's emotional, behavioral, or medical condition worsens or is threatened.

(c) The department is encouraged to use performance-based contracts with incentives directly tied to outcomes described in this section. The contracts should incentivize contracted providers to accept the hardest to serve children and incentivize improvement in children's emotional, mental, and medical well-being within the established exit date. The department is further encouraged to increase the use of behavioral rehabilitative service group homes, wrap around services to facilitate and support placement of youth at home with relatives, or other permanent resources, and other means to control expenditures.

The department shall establish a measurable goal and report progress toward meeting that goal to the legislature by January 15 of each fiscal year of the 2009-11 fiscal biennium. To the extent that actual caseloads exceed those assumed in this section, it is the intent of the legislature to address those issues in a manner similar to all other caseload programs.

The department shall provide an update to the appropriate legislative

committees and governor on the status of the pilot project implementation by December 1, 2010.

administration of the grants, and evaluations of programs funded by the grants.

(4) \$1,427,000 of the general fund--state appropriation for fiscal year 2010 and \$1,130,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to implement alcohol and substance abuse treatment programs for locally committed offenders. The juvenile rehabilitation administration shall award these moneys on a competitive basis to counties that submitted a plan for the provision of services approved by the division of alcohol and substance abuse. The juvenile rehabilitation administration shall develop criteria for evaluation of plans submitted and a timeline for awarding funding and shall assist counties in creating and submitting plans for evaluation.

(5) \$3,066,000 of the general fund--state appropriation for fiscal year 2010 and \$2,873,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for grants to county juvenile courts for the following programs identified by the Washington state institute for public policy (institute) in its October 2006 report: "Evidence-Based Public Policy Options to Reduce Future Prison Construction, Criminal Justice Costs and Crime Rates": Functional family therapy, multi-systemic therapy, aggression replacement training and interagency coordination programs, or other programs with a positive benefit-cost finding in the institute's report. County juvenile courts shall apply to the juvenile rehabilitation administration for funding for program-specific participation and the administration shall provide grants to the courts consistent with the per-participant treatment costs identified by the institute.

(6) \$1,287,000 of the general fund--state appropriation for fiscal year 2010 and \$1,287,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for expansion of the following treatments and therapies in juvenile rehabilitation administration programs identified by the Washington state institute for public policy in its October 2006 report: "Evidence-Based Public Policy Options to Reduce Future Prison Construction, Criminal Justice Costs and Crime Rates": Multidimensional treatment foster care, family integrated transitions, and aggression replacement training. The administration may concentrate delivery of these treatments and therapies at a limited number of programs to deliver the treatments in a cost-effective manner.

(7)(a) For the fiscal year ending June 30, 2011, the juvenile rehabilitation administration shall administer a block grant, rather than categorical funding, of consolidated juvenile service funds, community juvenile accountability act grants, the chemical dependency disposition alternative funds, the mental health disposition alternative, and the sentencing disposition alternative for the purpose of serving youth adjudicated in the juvenile justice system. In making the block grant, the juvenile rehabilitation administration shall follow the following formula and will prioritize evidence-based programs and disposition alternatives and take into account juvenile courts program-eligible youth in conjunction with the number of youth served in each approved evidence-based program or disposition alternative: (i) Thirty-seven and one-half percent for the at-risk population of youth ten to seventeen years old; (ii) fifteen percent for moderate and high-risk youth; (iii) twenty-five percent for evidence-based program participation; (iv) seventeen and one-half percent for minority populations; (v) three percent for the chemical dependency disposition alternative; and (vi) two percent for the mental health and sentencing dispositional alternatives. Funding for the special sex offender disposition alternative (SSODA) shall not be included in the block grant, but allocated on the average daily population in juvenile courts. Funding for the evidence-based expansion grants shall be excluded from the block grant formula. Funds may be used for promising practices when approved by the juvenile rehabilitation administration and juvenile courts, through the community juvenile

accountability act committee, based on the criteria established in consultation with Washington state institute for public policy and the juvenile courts.

(b) It is the intent of the legislature that the juvenile rehabilitation administration phase the implementation of the formula provided in subsection (1) of this section by including a stop-loss formula of three percent in fiscal year 2011, five percent in fiscal year 2012, and five percent in fiscal year 2013. It is further the intent of the legislature that the evidence-based expansion grants be incorporated into the block grant formula by fiscal year 2013 and SSODA remain separate unless changes would result in increasing the cost benefit savings to the state as identified in (c) of this subsection.

(c) The juvenile rehabilitation administration and the juvenile courts shall establish a block grant funding formula oversight committee with equal representation from the juvenile rehabilitation administration and the juvenile courts. The purpose of this committee is to assess the ongoing implementation of the block grant funding formula, utilizing data-driven decision making and the most current available information. The committee will be cochaired by the juvenile rehabilitation administration and the juvenile courts, who will also have the ability to change members of the committee as needed to achieve its purpose. Initial members will include one juvenile court representative from the finance committee, the community juvenile accountability act committee, the risk assessment quality assurance committee, the executive board of the Washington association of juvenile court administrators, the Washington state center for court research, and a representative of the superior court judges association; two representatives from the juvenile rehabilitation administration headquarters program oversight staff, two representatives of the juvenile rehabilitation administration regional office staff, one representative of the juvenile rehabilitation administration fiscal staff and a juvenile rehabilitation administration division director. The committee may make changes to the formula categories other than the evidence-based program and disposition alternative categories if it is determined the changes will increase statewide service delivery or effectiveness of evidence-based program or disposition alternative resulting in increased cost benefit savings to the state. Long-term cost benefit must be considered. Percentage changes may occur in the evidence-based program or disposition alternative categories of the formula should it be determined the changes will increase evidence-based program or disposition alternative delivery and increase the cost benefit to the state. These outcomes will also be considered in determining when evidence-based expansion or special sex offender disposition alternative funds should be included in the block grant or left separate.

(d) The juvenile courts and administrative office of the courts shall be responsible for collecting and distributing information and providing access to the data systems to the juvenile rehabilitation administration and the Washington state institute for public policy related to program and outcome data. The juvenile rehabilitation administration and the juvenile courts will work collaboratively to develop program outcomes that reinforce the greatest cost benefit to the state in the implementation of evidence-based practices and disposition alternatives.

(e) By December 1, 2010, the Washington state institute for public policy shall report to the office of financial management and appropriate committees of the legislature on the administration of the block grant authorized in this subsection. The report shall include the criteria used for allocating the funding as a block grant and the participation targets and actual participation in the programs subject to the block grant.

NINETY NINTH DAY, APRIL 18, 2011

(8) \$3,700,000 of the Washington auto theft prevention authority account--state appropriation is provided solely for competitive grants to community-based organizations to provide at-risk youth intervention services, including but not limited to, case management, employment services, educational services, and street outreach intervention programs. Projects funded should focus on preventing, intervening, and suppressing behavioral problems and violence while linking at-risk youth to pro-social activities. The department may not expend more than \$1,850,000 per fiscal year. The costs of administration must not exceed four percent of appropriated funding for each grant recipient. Each entity receiving funds must report to the juvenile rehabilitation administration on the number and types of youth served, the services provided, and the impact of those services upon the youth and the community.

(9) The appropriations in this section assume savings associated with the transfer of youthful offenders age eighteen or older whose sentences extend beyond age twenty-one to the department of corrections to complete their sentences. Prior to transferring an offender to the department of corrections, the juvenile rehabilitation administration shall evaluate the offender to determine the offender's physical and emotional suitability for transfer.

Appropriation.....	\$3,476,000
TOTAL APPROPRIATION	(((\$1,078,092,000))
.....	<u>\$1,078,708,000</u>

The appropriations in this subsection are subject to the following conditions and limitations:

(a) \$113,689,000 of the general fund--state appropriation for fiscal year 2010 and \$101,089,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for persons and services not covered by the medicaid program. This is a reduction of \$11,606,000 each fiscal year from the nonmedicaid funding that was allocated for expenditure by regional support networks during fiscal year 2009 prior to supplemental budget reductions. This \$11,606,000 reduction shall be distributed among regional support networks proportional to each network's share of the total state population. To the extent possible, levels of regional support network spending shall be maintained in the following priority order: (i) Crisis and commitment services; (ii) community inpatient services; and (iii) residential care services, including personal care and emergency housing assistance.

(b) \$10,400,000 of the general fund--state appropriation for fiscal year 2010, \$8,814,000 of the general fund--state appropriation for fiscal year 2011, and \$1,300,000 of the general fund--federal appropriation are provided solely for the department and regional support networks to contract for implementation of high-intensity program for active community treatment (PACT) teams. The department shall work with regional support networks and the center for medicare and medicaid services to integrate eligible components of the PACT service delivery model into medicaid capitation rates no later than January 2011, while maintaining

consistency with all essential elements of the PACT evidence-based practice model.

(c) \$6,500,000 of the general fund--state appropriation for fiscal year 2010 and \$6,091,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the western Washington regional support networks to provide either community- or hospital campus-based services for persons who require the level of care provided by the program for adaptive living skills (PALS) at western state hospital.

(d) The number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall be 192 per day. The number of nonforensic beds allocated for use by regional support networks at western state hospital shall be 617 per day during the first quarter of fiscal year 2010, 587 per day through the second quarter of fiscal year 2011, and 557 per day thereafter. Beds in the program for adaptive living skills (PALS) are not included in the preceding bed allocations. The department shall separately charge regional support networks for persons served in the PALS program.

(e) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(f) \$4,582,000 of the general fund--state appropriation for fiscal year 2010 and \$4,582,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement.

(g) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.

(h) \$750,000 of the general fund--state appropriation for fiscal year 2010 and \$703,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to continue performance-based incentive contracts to provide appropriate community support services for individuals with severe mental illness who were discharged from the state hospitals as part of the expanding community services initiative. These funds will be used to enhance community residential and support services provided by regional support networks through other state and federal funding.

(i) \$1,500,000 of the general fund--state appropriation for fiscal year 2010 and \$1,500,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the Spokane regional support network to implement services to reduce utilization and the census at eastern state hospital. Such services shall include:

(i) High intensity treatment team for persons who are high utilizers of psychiatric inpatient services, including those with co-occurring disorders and other special needs;

(ii) Crisis outreach and diversion services to stabilize in the community individuals in crisis who are at risk of requiring inpatient care or jail services;

(iii) Mental health services provided in nursing facilities to individuals with dementia, and consultation to facility staff treating those individuals; and

(iv) Services at the sixteen-bed evaluation and treatment facility.

At least annually, the Spokane regional support network shall assess the effectiveness of these services in reducing utilization at eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

(j) The department shall return to the Spokane regional support network fifty percent of the amounts assessed against the network

NINETY NINTH DAY, APRIL 18, 2011

2011 REGULAR SESSION

during the last six months of calendar year 2009 for state hospital utilization in excess of its contractual limit. The regional support network shall use these funds for operation during its initial months of a new sixteen-bed evaluation and treatment facility that will enable the network to reduce its use of the state hospital, and for diversion and community support services for persons with dementia who would likely otherwise require care at the state hospital.

(k) The department is directed to identify and implement program efficiencies and benefit changes in its delivery of medicaid managed-care services that are sufficient to operate within the state and federal appropriations in this section. Such actions may include but are not limited to methods such as adjusting the care access standards; improved utilization management of ongoing, recurring, and high-intensity services; and increased uniformity in provider payment rates. The department shall ensure that the capitation rate adjustments necessary to accomplish these efficiencies and changes are distributed uniformly and equitably across all regional support networks statewide. The department is directed to report to the relevant legislative fiscal and policy committees at least thirty days prior to implementing rate adjustments reflecting these changes.

(l) In developing the new medicaid managed care rates under which the public mental health managed care system will operate during the five years beginning in fiscal year 2011, the department should seek to estimate the reasonable and necessary cost of efficiently and effectively providing a comparable set of medically necessary mental health benefits to persons of different acuity levels regardless of where in the state they live. Actual prior period spending in a regional administrative area shall not be a key determinant of future payment rates. The department shall report to the office of financial management and to the relevant fiscal and policy committees of the legislature on its proposed new waiver and mental health managed care rate-setting approach by October 1, 2009, and again at least sixty days prior to implementation of new capitation rates.

(m) In implementing the new public mental health managed care payment rates for fiscal year 2011, the department shall to the maximum extent possible within each regional support network's allowable rate range establish rates so that there is no increase or decrease in the total state and federal funding that the regional support network would receive if it were to continue to be paid at its October 2009 through June 2010 rates. The department shall additionally revise the draft rates issued January 28, 2010, to more accurately reflect the lower practitioner productivity inherent in the delivery of services in extremely rural regions in which a majority of the population reside in frontier counties, as defined and designated by the national center for frontier communities.

(n) \$1,529,000 of the general fund--state appropriation for fiscal year 2010 and \$1,529,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

(o) The legislature intends and expects that regional support networks and contracted community mental health agencies shall make all possible efforts to, at a minimum, maintain current compensation levels of direct care staff. Such efforts shall include, but not be limited to, identifying local funding that can preserve client services and staff compensation, achieving administrative reductions at the regional support network level, and engaging stakeholders on cost-savings ideas that maintain client services and staff compensation. For purposes of this section, "direct care staff" means persons employed by community mental health agencies whose primary responsibility is providing direct treatment and support to people with mental illness, or whose primary

responsibility is providing direct support to such staff in areas such as client scheduling, client intake, client reception, client records-keeping, and facilities maintenance.

(p) Regional support networks may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, regional support networks may use a portion of the state funds allocated in accordance with (a) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(2) INSTITUTIONAL SERVICES

.....	<u>\$870,232,000</u>
TOTAL APPROPRIATION	(\$1,519,374,000)

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Individuals receiving services as supplemental security income (SSI) state supplemental payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(b)(i) Amounts appropriated in this section reflect a reduction to funds appropriated for in-home care. The department shall reduce the number of in-home hours authorized. The reduction shall be

scaled based on the acuity level of care recipients. The largest hour reductions shall be to lower acuity patients and the smallest hour reductions shall be to higher acuity patients. In doing so, the department shall comply with all maintenance of effort requirements contained in the American reinvestment and recovery act.

(ii) \$508,000 of the general fund--state appropriation for fiscal year 2011 and \$822,000 of the general fund--federal appropriation are provided solely for the department to partially restore the reductions to in-home care that are taken in (b)(i) of this subsection. The department will use the same formula to restore personal care hours that it used to reduce personal care hours.

(c) Amounts appropriated in this section are sufficient to develop and implement the use of a consistent, statewide outcome-based vendor contract for employment and day services by April 1, 2011. The rates paid to vendors under this contract shall also be made consistent. In its description of activities the agency shall include activity listings and dollars appropriated for: Employment services, day services, child development services and county administration of services to the developmentally disabled. The department shall begin reporting to the office of financial management on these activities beginning in fiscal year 2010.

(d) \$302,000 of the general fund--state appropriation for fiscal year 2010, \$831,000 of the general fund--state appropriation for fiscal year 2011, and \$1,592,000 of the general fund--federal appropriation are provided solely for health care benefits pursuant to a collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270.

(e)(i) \$682,000 of the general fund--state appropriation for fiscal year 2010, \$1,651,000 of the general fund--state appropriation for fiscal year 2011, and \$1,678,000 of the general fund--federal appropriation are provided solely for the state's contribution to the training partnership, as provided in RCW 74.39A.360, pursuant to a collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270.

(ii) The federal portion of the amounts in this subsection ~~(((\$)))~~ is contingent upon federal approval of participation in contributions to the trust and shall remain unallotted and placed in reserve status until the office of financial management and the department of social and health services receive federal approval.

(iii) Expenditures for the purposes specified in this subsection ~~(((\$)))~~ shall not exceed the amounts provided in this subsection.

(f) Within the amounts appropriated in this subsection (1), the department shall implement all necessary rules to facilitate the transfer to a department home and community-based services (HCBS) waiver of all eligible individuals who (i) currently receive services under the existing state-only employment and day program or the existing state-only residential program, and (ii) otherwise meet the waiver eligibility requirements. The amounts appropriated are sufficient to ensure that all individuals currently receiving services under the state-only employment and day and state-only residential programs who are not transferred to a department HCBS waiver will continue to receive services.

(g) In addition to other reductions, the appropriations in this subsection reflect reductions targeted specifically to state government administrative costs. These administrative reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect direct client services or direct service delivery or programs.

(h) The department shall not pay a home care agency licensed under chapter 70.127 RCW for personal care services provided by a family member, pursuant to Substitute House Bill No. 2361 (modifying state payments for in-home care).

NINETY NINTH DAY, APRIL 18, 2011

2011 REGULAR SESSION

2011 REGULAR SESSION

(1) For purposes of implementing chapter 74.46 RCW, the weighted average nursing facility payment rate shall not exceed \$169.85 for fiscal year 2010 and shall not exceed ~~((~~\$161.86~~))~~ \$167.02 for fiscal year 2011, including the rate add-on described in subsection (12) of this section. There will be no adjustments for economic trends and conditions in fiscal years 2010 and 2011. The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the component rate allocations established in accordance with chapter 74.46 RCW. When no economic trends and conditions factor for either fiscal year is defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the component rate allocations established in accordance with chapter 74.46 RCW.

(a) \$2,093,000 of the skilled nursing facility safety net assessment fund--state appropriation and \$2,609,000 of the general fund--federal appropriation are provided solely for an acuity based add-on to the direct care rate. The department shall determine the resident acuity add-on pursuant to House Bill No. 1722 or Substitute Senate Bill No. 5581 (nursing home safety net assessment) using a nine percent add-on for facilities in the highest acuity quartile, a six percent add-on for facilities in the next quartile, three percent for facilities in the next quartile, and a negative one percent add-on for facilities in the lowest acuity quartile. If House Bill No. 1722 or Substitute Senate Bill No. 5581 (nursing home safety net assessment) is not enacted, the amounts provided in this subsection shall lapse. For fiscal year 2011, this add-on shall not be included in the rate limit specified in this subsection and shall not be included in settlement calculations for calendar year 2011.

The legislature's choice to fund the add-ons specified in (a) and (b) of this subsection in any year is not indicative of an obligation to fund the add-ons in any subsequent year.

(2) After examining actual nursing facility cost information, the legislature finds that the medicaid nursing facility rates calculated pursuant to Substitute House Bill No. 3202 or Substitute Senate Bill No. 6872 (nursing facility medicaid payments) provide sufficient reimbursement to efficient and economically operating nursing facilities and bears a reasonable relationship to costs.

The reduction shall be scaled based on the acuity level of care recipients. The largest hour reductions shall be to lower acuity patients and the smallest hour reductions shall be to higher acuity patients. These funds shall be used to serve individuals whose treatment needs constitute substantial barriers to community placement, who no longer require active psychiatric treatment at an inpatient hospital level of care, and who no longer meet the criteria for inpatient involuntary commitment. Coordination of these services will be done in partnership between the mental health program and the aging and disability services administration.

(12) Within the funds provided, the department shall continue to provide an add-on per medicaid resident day per facility not to exceed \$1.57. The add-on shall be used to increase wages, benefits, and/or staffing levels for certified nurse aides; or to increase wages and/or benefits for dietary aides, housekeepers, laundry aides, or any other category of worker whose statewide average dollars-per-hour wage was less than \$15 in calendar year 2008, according to cost report data. The add-on may also be used to address resulting wage compression for related job classes immediately affected by wage increases to low-wage workers. The department shall continue reporting requirements and a settlement process to ensure that the funds are spent according to this subsection. The department shall adopt rules to implement the terms of this subsection.

(13) \$1,840,000 of the general fund--state appropriation for fiscal year 2010 and \$1,759,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for operation of the volunteer services program. (a) One waiver program shall include coverage of care in community residential facilities. Enrollment in the waiver shall not exceed 600 persons at any time.

(b) The second waiver program shall include coverage of in-home care. Enrollment in this second waiver shall not exceed 200 persons at any time.

(c) The department shall identify the number of medically needy nursing home residents, and enrollment and expenditures on

each of the two medically needy waivers, on monthly management reports.

(d) If it is necessary to establish a waiting list for either waiver because the budgeted number of enrollment opportunities has been reached, the department shall track how the long-term care needs of applicants assigned to the waiting list are met.

(15) The department shall establish waiting lists to the extent necessary to assure that annual expenditures on the community options program entry systems (COPES) program do not exceed appropriated levels. In establishing and managing any such waiting list, the department shall assure priority access to persons with the greatest unmet needs, as determined by department assessment processes.

(16) The department shall contract for housing with service models, such as cluster care, to create efficiencies in service delivery and responsiveness to unscheduled personal care needs by clustering hours for clients that live in close proximity to each other.

(17) The department shall not pay a home care agency licensed under chapter 70.127 RCW for personal care services provided by a family member, pursuant to Substitute House Bill No. 2361 (modifying state payments for in-home care).

A joint report regarding the identified savings and expenditures shall be provided to the office of financial management and the appropriate fiscal committees of the legislature by November 30, 2010. If this bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(19) In accordance with RCW 18.51.050, 18.20.050, and 43.135.055, the department is authorized to increase nursing facility and boarding home fees in fiscal year 2011 as necessary to meet the actual costs of conducting the licensure, inspection, and regulatory programs.

fund--state appropriation for fiscal year 2011, net of recoveries, are provided solely for cash assistance and other services to recipients in the cash program pursuant to chapter 8, Laws of 2010 1st sp. sess. (security lifeline act), including persons in the unemployable, expedited, and aged, blind, and disabled components of the program. It is the intent of the legislature that the lifeline incapacity determination and progressive evaluation process regulations be carefully designed to accurately identify those persons who have been or will be incapacitated for at least ninety days. The incapacity determination and progressive evaluation process regulations in effect on January 1, 2010, cannot be amended until at least September 30, 2010; except that provisions related to the use of administrative review teams may be amended, and obsolete terminology and functional assessment language may be updated on or after July 1, 2010, in a manner that only minimally impacts the outcome of incapacity evaluations. After September 30, 2010, the incapacity determination and progressive evaluation process regulations may be amended only if the reports under (a) and (b) of this subsection have been submitted, and find that expenditures will exceed the appropriated level by three percent or more.

(a) The department and the caseload forecast council shall, by September 21, 2010, submit a report to the legislature based upon the most recent caseload forecast and actual expenditure data available, as to whether expenditures for the lifeline-unemployable grants in fiscal year 2011 will exceed \$69,648,000 for fiscal year 2011 in the 2010 supplemental operating budget by three percent or more. If expenditures will exceed the appropriated amount for lifeline-unemployable grants by three percent or more, the department may adopt regulations modifying incapacity determination and progressive evaluation process regulations after September 30, 2010.

(b) On or before September 21, 2010, the department shall submit a report to the relevant policy and fiscal committees of the legislature that includes the following information regarding any regulations proposed for adoption that would modify the lifeline incapacity determination and progressive evaluation process:

(i) A copy of the proposed changes and a concise description of the changes;

(ii) A description of the persons who would likely be affected by adoption of the regulations, including their impairments, age, education, and work history;

(iii) An estimate of the number of persons who, on a monthly basis through June 2013, would be denied lifeline benefits if the regulations were adopted, expressed as a number, as a percentage of total applicants, and as a percentage of the number of persons granted lifeline benefits in each month;

(iv) An estimate of the number of persons who, on a monthly basis through June 2013, would have their lifeline benefits terminated following an eligibility review if the regulations were adopted, expressed as a number, as a percentage of the number of persons who have had an eligibility review in each month, and as a percentage of the total number of persons currently receiving lifeline-unemployable benefits in each month; and

(v) Intended improvements in employment or treatment outcomes among persons receiving lifeline benefits that could be attributable to the changes in the regulations.

(c) Within these amounts:

(i) The department shall aggressively pursue opportunities to transfer lifeline clients to general assistance expedited coverage and to facilitate client applications for federal supplemental security income when the client's incapacities indicate that he or she would be likely to meet the federal disability criteria for supplemental security income. The department shall initiate and file the federal supplemental security income interim agreement as quickly as possible in order to maximize the recovery of federal funds;

(ii) The department shall review the lifeline caseload to identify recipients that would benefit from assistance in becoming naturalized citizens, and thus be eligible to receive federal supplemental security income benefits. Those cases shall be given high priority for naturalization funding through the department;

(iii) The department shall actively coordinate with local workforce development councils to expedite access to worker retraining programs for lifeline clients in those regions of the state with the greatest number of such clients;

(iv) By July 1, 2009, the department shall enter into an interagency agreement with the department of veterans' affairs to establish a process for referral of veterans who may be eligible for veteran's services. This agreement must include outstationing department of veterans' affairs staff in selected community service office locations in King and Pierce counties to facilitate applications for veterans' services; and

(v) In addition to any earlier evaluation that may have been conducted, the department shall intensively evaluate those clients who have been receiving lifeline benefits for twelve months or more as of July 1, 2009, or thereafter, if the available medical and incapacity related evidence indicates that the client is unlikely to meet the disability standard for federal supplemental security income benefits. The evaluation shall identify services necessary to eliminate or minimize barriers to employment, including mental health treatment, substance abuse treatment and vocational rehabilitation services. The department shall expedite referrals to chemical dependency treatment, mental health and vocational rehabilitation services for these clients.

(vi) The appropriations in this subsection reflect a change in the earned income disregard policy for lifeline clients. It is the intent of the legislature that the department shall adopt the temporary assistance for needy families earned income policy for the lifeline program.

~~((5))~~ (6) \$750,000 of the general fund--state appropriation for fiscal year 2010 and \$500,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for naturalization services.

~~((6))~~ (7) \$3,550,000 of the general fund--state appropriation for fiscal year 2010 is provided solely for refugee employment services, of which \$2,650,000 is provided solely for the department to pass through to statewide refugee assistance organizations for limited English proficiency pathway services; and \$2,050,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for refugee employment services, of which \$1,540,000 is provided solely for the department to pass through to statewide refugee assistance organizations for limited English proficiency pathway services.

~~((7))~~ (8) The appropriations in this section reflect reductions in the appropriations for the economic services administration's administrative expenses. It is the intent of the legislature that these reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect direct client services or direct service delivery or program.

~~((8))~~ (9) \$855,000 of the general fund--state appropriation for fiscal year 2011, \$719,000 of the general fund--federal appropriation, and \$2,907,000 of the general fund--private/local appropriation are provided solely for the implementation of the opportunity portal, the food stamp employment and training program, and the disability lifeline program under Second Substitute House Bill No. 2782 (security lifeline act). If the bill is not enacted by June 30, 2010, the amounts provided in this subsection shall lapse.

~~((9))~~ (10) \$100,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the department to award grants to small mutual assistance or small community-based

NINETY NINTH DAY, APRIL 18, 2011

The funds shall be awarded to provide funding for community groups to provide transitional assistance, language skills, and other resources to improve refugees' economic self-sufficiency through the effective use of social services, financial services, and medical assistance.

~~((4))~~ (11) To ensure expenditures remain within available funds appropriated in this section, the legislature establishes the benefit under the state food assistance program, made pursuant to RCW 74.08A.120, to be fifty percent of the federal supplemental nutrition assistance program benefit amount.

TOTAL APPROPRIATION	(\$9,800,016,000)

The appropriations in this section are subject to the following conditions and limitations:

(1) Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(2) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(3) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(4) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the department shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(5) ~~(In accordance with RCW 74.46.625,)~~ \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the department's discretion. During either the interim cost settlement or the final cost settlement, the department shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The department shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(6) \$649,000 of the general fund--federal appropriation and \$644,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for grants to rural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients, and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(7) \$5,729,000 of the general fund--state appropriation for fiscal year 2011, and \$5,776,000 of the general fund--federal appropriation are provided solely for grants to nonrural hospitals.

NINETY NINTH DAY, APRIL 18, 2011

2011 REGULAR SESSION

The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients, and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(8) The department shall continue the inpatient hospital certified public expenditures program for the 2009-11 biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The department shall submit reports to the governor and legislature by November 1, 2009, and by November 1, 2010, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the department shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2010 and fiscal year 2011, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2009-11 biennial operating appropriations act (chapter 564, Laws of 2009) and in effect on July 1, 2009, (b) one half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2009-11 biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. \$20,403,000 of the general fund--state appropriation for fiscal year 2010, of which \$6,570,000 is appropriated in section ((204(4))) 1104(1) of this act, and ((~~\$29,480,000~~) \$15,113,000) of the general fund--state appropriation for fiscal year 2011, of which \$6,570,000 is appropriated in section ((204(4))) 1104(1) of this act, are provided solely for state grants for the participating hospitals. CPE hospitals will receive the inpatient and outpatient reimbursement rate restorations in section 9 and rate increases in section 10(1)(b) of Engrossed Second Substitute House Bill No. 2956 (hospital safety

net assessment) funded through the hospital safety net assessment fund rather than through the baseline mechanism specified in this subsection.

(9) The department is authorized to use funds appropriated in this section to purchase goods and supplies through direct contracting with vendors when the department determines it is cost-effective to do so.

(10) \$93,000 of the general fund--state appropriation for fiscal year 2010 and \$93,000 of the general fund--federal appropriation are provided solely for the department to pursue a federal Medicaid waiver pursuant to Second Substitute Senate Bill No. 5945 (Washington health partnership plan). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(11) The department shall require managed health care systems that have contracts with the department to serve medical assistance clients to limit any reimbursements or payments the systems make to providers not employed by or under contract with the systems to no more than the medical assistance rates paid by the department to providers for comparable services rendered to clients in the fee-for-service delivery system.

(12) A maximum of ((~~\$241,141,000~~) \$247,809,000) in total funds from the general fund--state, general fund--federal, and tobacco and prevention control account--state appropriations may be expended in the fiscal biennium for the medical program pursuant to chapter 8, Laws of 2010 1st sp. sess. (security lifeline act), and these amounts are provided solely for this program. Of these amounts, \$10,749,000 of the general fund--state appropriation for fiscal year 2010 and \$10,892,000 of the general fund--federal appropriation are provided solely for payments to hospitals for providing outpatient services to low income patients who are recipients of lifeline benefits. Pursuant to RCW 74.09.035, the department shall not expend for the lifeline medical care services program any amounts in excess of the amounts provided in this subsection.

(13) Mental health services shall be included in the services provided through the managed care system for lifeline clients under chapter 8, Laws of 2010 1st sp. sess. In transitioning lifeline clients to managed care, the department shall attempt to deliver care to lifeline clients through medical homes in community and migrant health centers. The department, in collaboration with the carrier, shall seek to improve the transition rate of lifeline clients to the federal supplemental security income program. The department shall renegotiate the contract with the managed care plan that provides services for lifeline clients to maximize state retention of future hospital savings as a result of improved care coordination. The department, in collaboration with stakeholders, shall propose a new name for the lifeline program.

(14) The department shall evaluate the impact of the use of a managed care delivery and financing system on state costs and outcomes for lifeline medical clients. Outcomes measured shall include state costs, utilization, changes in mental health status and symptoms, and involvement in the criminal justice system.

(15) The department shall report to the governor and the fiscal committees of the legislature by June 1, 2010, on its progress toward achieving a twenty percentage point increase in the generic prescription drug utilization rate.

(16) State funds shall not be used by hospitals for advertising purposes.

(17) \$24,356,000 of the general fund--private/local appropriation and \$35,707,000 of the general fund--federal appropriation are provided solely for the implementation of professional services supplemental payment programs. The department shall seek a medicaid state plan amendment to create a professional services supplemental payment program for University of Washington medicine professional providers no later than July 1,

NINETY NINTH DAY, APRIL 18, 2011

2009. The department shall apply federal rules for identifying the shortfall between current fee-for-service medicaid payments to participating providers and the applicable federal upper payment limit. Participating providers shall be solely responsible for providing the local funds required to obtain federal matching funds. Any incremental costs incurred by the department in the development, implementation, and maintenance of this program will be the responsibility of the participating providers. Participating providers will retain the full amount of supplemental payments provided under this program, net of any potential costs for any related audits or litigation brought against the state. The department shall report to the governor and the legislative fiscal committees on the prospects for expansion of the program to other qualifying providers as soon as feasibility is determined but no later than December 31, 2009. The report will outline estimated impacts on the participating providers, the procedures necessary to comply with federal guidelines, and the administrative resource requirements necessary to implement the program. The department will create a process for expansion of the program to other qualifying providers as soon as it is determined feasible by both the department and providers but no later than June 30, 2010.

(18) \$9,075,000 of the general fund--state appropriation for fiscal year 2010, \$8,588,000 of the general fund--state appropriation for fiscal year 2011, and \$39,747,000 of the general fund--federal appropriation are provided solely for development and implementation of a replacement system for the existing medicaid management information system. The amounts provided in this subsection are conditioned on the department satisfying the requirements of section 902 of this act.

(19) \$506,000 of the general fund--state appropriation for fiscal year 2011 and \$657,000 of the general fund--federal appropriation are provided solely for the implementation of Second Substitute House Bill No. 1373 (children's mental health). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(20) Pursuant to 42 U.S.C. Sec. 1396(a)(25), the department shall pursue insurance claims on behalf of medicaid children served through its in-home medically intensive child program under WAC 388-551-3000. The department shall report to the Legislature by December 31, 2009, on the results of its efforts to recover such claims.

(21) The department may, on a case-by-case basis and in the best interests of the child, set payment rates for medically intensive home care services to promote access to home care as an alternative to hospitalization. Expenditures related to these increased payments shall not exceed the amount the department would otherwise pay for hospitalization for the child receiving medically intensive home care services.

(22) \$425,000 of the general fund--state appropriation for fiscal year 2010 and \$790,000 of the general fund--federal appropriation are provided solely to continue children's health coverage outreach and education efforts under RCW 74.09.470. These efforts shall rely on existing relationships and systems developed with local public health agencies, health care providers, public schools, the women, infants, and children program, the early childhood education and assistance program, child care providers, newborn visiting nurses, and other community-based organizations. The department shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

(23) The department, in conjunction with the office of financial management, shall implement a prorated inpatient payment policy.

(24) The department will pursue a competitive procurement process for antihemophilic products, emphasizing evidence-based

medicine and protection of patient access without significant disruption in treatment.

(1) The department of health shall not initiate any services that will require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department of health and the state board of health shall not implement any new or amended rules pertaining to primary and secondary school facilities until the rules and a final cost estimate have been presented to the legislature, and the legislature has formally funded implementation of the rules through the omnibus appropriations act or by statute. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation that provides appropriation authority, and an equal amount of appropriated state moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(2) In accordance with RCW 43.70.250 and 43.135.055, the department is authorized to establish and raise fees in fiscal year 2011 as necessary to meet the actual costs of conducting business and the appropriation levels in this section. This authorization applies to fees for the review of sewage tank designs, fees related to regulation and inspection of farmworker housing, and fees associated with the following professions: Acupuncture, dental, dentist, mental health counselor, nursing, nursing assistant, optometry, radiologic technologist, recreational therapy, respiratory therapy, social worker, cardiovascular invasive specialist, and practitioners authorized under chapter 18.240 RCW.

The financial contingency funds shall be allocated to eligible districts in the form of an advance of their respective general apportionment allocations.

Repayments or advances will be accomplished by a reduction in the school district's apportionment payments on or before June 30th of the school year following the distribution of the emergency contingency allocation. the salary allocation schedules and methodology in sections 502 and 503 of this act. Changes for special education result from changes in each district's basic education allocation per student. Changes for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act. The appropriations in this section provide incremental fringe benefit alterations based on formula adjustments as follows:

Allocations for transportation of students transported more than one radius mile shall be based on weighted miles as determined by superintendent of public instruction multiplied by the per mile reimbursement rates for the school year pursuant to the formulas adopted by the superintendent of public instruction. Allocations for transportation of students living within one radius mile shall be based on the number of enrolled students in grades kindergarten through five living within one radius mile of their assigned school multiplied by the per mile reimbursement rate for the school year multiplied by 1.29.

(4) The office of the superintendent of public instruction shall provide reimbursement funding to a school district only after the superintendent of public instruction determines that the school bus was purchased from the list established pursuant to RCW 28A.160.195(2) or a comparable competitive bid process based on the lowest price quote based on similar bus categories to those used to establish the list pursuant to RCW 28A.160.195.

(5) The superintendent of public instruction shall base depreciation payments for school district buses on the pre-sales tax five-year average of lowest bids in the appropriate category of bus. Sec. 1406. 2011 c 5 s 505 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS	
General Fund--State Appropriation (FY 2010)	\$632,136,000
General Fund--State Appropriation (FY 2011) ...	(\$626,099,000)
.....	<u>\$627,316,000</u>

Education Legacy Trust Account--State	
Appropriation.....	\$756,000
TOTAL APPROPRIATION.....	(\$1,923,592,000)
.....	<u>\$1,935,826,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall ensure that:

(i) Special education students are basic education students first;

(ii) As a class, special education students are entitled to the full basic education allocation; and

(iii) Special education students are basic education students for the entire school day.

(b) The superintendent of public instruction shall continue to implement the full cost method of excess cost accounting, as designed by the committee and recommended by the superintendent, pursuant to section 501(1)(k), chapter 372, Laws of 2006.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state funds to school districts based on two categories: (a) The first category includes (i) children birth through age two who are eligible for the optional program for special education eligible developmentally delayed infants and toddlers, and (ii) students eligible for the mandatory special education program and who are age three or four, or five and not yet enrolled in kindergarten; and (b) the second category includes students who are eligible for the mandatory special education program and who are age five and enrolled in kindergarten and students age six through 21.

(5)(a) For the 2009-10 and 2010-11 school years, the superintendent shall make allocations to each district based on the sum of:

(i) A district's annual average headcount enrollment of students ages birth through four and those five year olds not yet enrolled in kindergarten, as defined in subsection (4) of this section, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied

NINETY NINTH DAY, APRIL 18, 2011

2011 REGULAR SESSION

by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools in the 2009-10 school year. In the 2010-11 school year, the per student allocation under this subsection (5)(b) shall include the same factors as in the 2009-10 school year, but shall also include the classified staff enhancements included in section 502(3)(b).

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age four enrollment and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, \$19,512,000 of the general fund--state appropriation and \$29,574,000 of the general fund--federal appropriation are provided for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (5) of this section. If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in this subsection (8) in any fiscal year, the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards. In the determination of need, the committee shall require that districts demonstrate that they are maximizing their eligibility for all state and federal revenues related to services for special education-eligible students. Awards associated with (b) and (c) of this subsection shall not exceed the total of a district's specific determination of need.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services. The safety net awards to school districts shall be adjusted to reflect amounts awarded under (b) of this subsection.

(d) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(f) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999. The state safety net oversight committee shall ensure that safety net documentation and awards are based on current medicaid revenue amounts.

(g) Beginning with the 2010-11 school year award cycle, the office of the superintendent of public instruction shall make award determinations for state safety net funding in August of each school year. Determinations on school district eligibility for state safety net awards shall be based on analysis of actual expenditure data from the current school year.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff from the office of superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(11) The office of the superintendent of public instruction shall review and streamline the application process to access safety net funds, provide technical assistance to school districts, and annually survey school districts regarding improvement to the process.

(12) A maximum of \$678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(13) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(14) A school district may carry over from one year to the next year up to 10 percent of the general fund--state funds allocated under this program; however, carryover funds shall be expended in the special education program.

(15) \$262,000 of the general fund--state appropriation for fiscal year 2010 and \$251,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for two additional full-time equivalent staff to support the work of the safety net committee and to provide training and support to districts applying for safety net awards.

.....	<u>\$385,706,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) \$54,878,000 of the general fund--state appropriation for fiscal year 2010 and \$14,405,000 of the general fund--state appropriation for fiscal year 2011, and \$40,000,000 of the opportunity pathways account appropriation are provided solely for early childhood education and assistance program services. This appropriation temporarily reduces the number of slots for the 2009-11 fiscal biennium for the early childhood education and assistance program. The department shall reduce slots where providers serve both federal headstart and early childhood education and assistance program children, to the greatest extent possible, in order to achieve no reduction of slots across the state. The amounts in this subsection also reflect reductions to the administrative expenditures for the early childhood education and assistance program. The department shall reduce administrative expenditures, to the greatest extent possible, prior to reducing early childhood education and assistance program slots. Of these amounts, \$10,284,000 is a portion of the biennial amount of state matching dollars required to receive federal child care and development fund grant dollars.

(2) \$1,000,000 of the general fund--federal appropriation is provided to the department to contract with Thrive by Five, Washington for a pilot project for a quality rating and improvement system to provide parents with information they need to choose quality child care and education programs and to improve the quality of early care and education programs. The department in collaboration with Thrive by Five shall operate the pilot projects in King, Yakima, Clark, Spokane, and Kitsap counties. The department shall use child care development fund quality money for this purpose.

(3) \$425,000 of the general fund--state appropriation for fiscal year 2010, \$213,000 of the general fund--state appropriation for fiscal year 2011, and \$850,000 of the general fund--federal appropriation are provided solely for child care resource and referral network services. The general fund--federal funding represents moneys from the American recovery and reinvestment act of 2009 (child care development block grant).

(4) \$750,000 of the general fund--state appropriation for fiscal year 2010 and \$1,500,000 of the general fund--federal appropriation are provided solely for the career and wage ladder program created by chapter 507, Laws of 2005. The general fund--federal funding represents moneys from the American recovery and reinvestment act of 2009 (child care development block grant).

(5) \$50,000 of the general fund--state appropriation for fiscal year 2010 and \$50,000 of the general fund--state appropriation for fiscal year 2011 are provided solely for the department to work with stakeholders and the office of the superintendent of public instruction to identify and test a kindergarten assessment process and tools in geographically diverse school districts. process on a voluntary basis. The department shall report to the legislature on the kindergarten assessment process not later than January 15, 2011. Expenditure of amounts provided in this subsection is contingent on receipt of an equal match from private sources. As matching funds are made available, the department may expend the amounts provided in this subsection.

(6) \$1,600,000 of the general fund--federal appropriation is provided solely for the department to fund programs to improve the quality of infant and toddler child care through training, technical assistance, and child care consultation.

(7) \$200,000 of the general fund--state appropriation for fiscal year 2010 and \$200,000 of the general fund--state appropriation for fiscal year 2011 are provided solely to develop and provide culturally relevant supports for parents, family, and other caregivers.

(8) The legislature notes that the department of early learning is developing a plan for improving child care licensing and is consulting, as practicable, with parents, licensed child care providers, and stakeholders from the child care community. The plan shall outline the processes and specify the resources necessary for improvements such as continuing licenses, child care licensing technology, and weighted child care regulations, including development of risk-based decision making models and inclusive, evidence-based rule making. The department shall submit to the appropriate committees of the legislature a plan by January 15, 2011.

(9) The department is the lead agency for and recipient of the federal child care and development fund grant. Amounts within this grant shall be used to fund child care licensing, quality initiatives, agency administration, and other costs associated with child care subsidies. The department shall transfer a portion of this grant to the department of social and health services to partially fund the child care subsidies paid by the department of social and health services on behalf of the department of early learning.

(10) The department shall use child care development fund money to satisfy the federal audit requirement of the improper payments act (IPIA) of 2002. In accordance with the IPIA's rules, the money spent on the audits will not count against the five percent state limit on administrative expenditures.

(11) Within available amounts, the department in consultation with the office of financial management and the department of social and health services shall report quarterly enrollments and active caseload for the working connections child care program to the legislative fiscal committees. The report shall also identify the number of cases participating in both temporary assistance for needy families and working connections child care.

(12) The appropriations in this section reflect reductions in the appropriations for the department's administrative expenses. It is the intent of the legislature that these reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect direct client services or direct service delivery or program.

(13) \$500,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for the department to contract with the private-public partnership established in chapter 43.215 RCW for home visitation programs. Of this amount, \$200,000 of the general fund--state appropriation for fiscal year 2011 is provided solely for expenditure into the home visiting services account created in Part IX of this act to be used for contracts for home visitation with the private-public partnership.

(14) In accordance to RCW 43.215.255(2) and 43.135.055, the department is authorized to increase child care center licensure fees by fifty-two dollars for the first twelve children and an additional four dollars per additional child in fiscal year 2011 for costs to the department for the licensure activity, including costs of necessary inspection.

(15) In accordance with RCW 43.135.055, the department of early learning is authorized to adopt and increase the fees set forth in and previously authorized in section 3, chapter 231, Laws of 2010.

(16) As of January 31, 2011, the department may not adopt, enforce, or implement any rules or policies restricting the eligibility of consumers for child care subsidy benefits to a countable income level below one hundred seventy-five percent of the federal poverty guidelines.

MOTION

Senator Chase moved that the following amendment by Senator Chase to the committee striking amendment be adopted:

On page 47, after line 32, insert the following:

"(e) The department shall keep all RHCs open until there are sufficient community options and support services and appropriate safety precautions and supports available to serve the clients who currently reside in these residential habilitation centers. The department is directed to admit those individuals who are at "immediate risk" or in need of "immediate stabilization." Any fiscal assumptions related to moving people from residential habilitation centers to the community must factor in adequate funding to provide oversight in a fractured system that is as good or better than the current oversight achieved in the institutional settings in the state. The assumptions must take into account protection needed for very vulnerable individuals in small isolated settings around the state, not just for the relatively few years that aging individuals reside in them. The oversight needed in community settings for people with developmental disabilities is for the lifespan of individuals, which means decades."

Senator Chase spoke in favor of adoption of the amendment to the committee striking amendment.

MOTION

On motion of Senator Murray, the rules were suspended, Engrossed Substitute House Bill No. 1087 as amended by the Senate was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF ORDER

Senator Sheldon: "Mr. President, I ask that you announce the number of votes necessary to pass Engrossed Substitute House Bill No. 1087. Mr. President, section 942 of Engrossed Substitute House Bill No. 1087 requires the State Treasurer to transfer eighty-five million dollars from the liquor revolving fund to the general fund in the 2011-13 bienniums. Mr. President, the liquor revolving account does not contain an additional unallocated eighty-five million dollars. Mr. President, section 942 of Engrossed Substitute House Bill No. 1087 the bill clearly imposes a tax and not a regulatory fee. The plain purpose of the added mark up is general fund revenue as opposed to liquor regulations. This constitutes quote, unquote 'raising taxes' as provided in Initiative 1053. The legislature can only raise taxes if supported by a two-thirds vote of each body. I request that you rule that a two-thirds super-majority of thirty-three votes is required in order to pass Engrossed Substitute House Bill No. 1087."

Senator Murray spoke against the point of order.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Sheldon as to the application of Initiative Number 1053 to Engrossed House Bill 1087 as amended by the Senate, the President finds and rules as follows:

The President believes that this is an issue of first impression, and he asks for the body's patience as he sets forth this analysis.

Section 949 of the bill as amended transfers eighty-five million dollars from the liquor revolving fund to the state general fund for the next fiscal biennium. Senator Sheldon argues that, because there may be insufficient funds in the account presently, this action amounts to a tax under I-1053 because additional revenue would be necessary to make up any shortfall.

Dealing first with the transfer, the President believes that merely moving money that is already raised between accounts—without actually raising the money or changing the specific purpose for which it may be used at the point or time of collection—is not, in and of itself, an action which 'raises revenue' as that term is used in I-1053. This practice, commonly known as 'sweeping' of accounts, does not constitute any sort of revenue increase, and thus only a simple majority vote is needed to effect such a transfer.

Senator Sheldon argues, however, that the sweeping of the account when it has an insufficient balance effectively results in a tax increase, because some other state action will be needed to cover the shortfall. It is possible—perhaps even likely—that Senator Sheldon is correct: the transfer will leave an insufficient balance in the account which the Liquor Control Board can only make up by raising liquor prices. This is not, however, the only possible outcome. Possibly the Board would make additional service or facility cuts, or perhaps it would take some other action to cover the difference. Perhaps the estimates in this budget are incorrect, and there will be sufficient sums to cover the transfer. In fact, perhaps many possible things could happen, many different scenarios could eventuate—but it is not possible, at this point in time, to determine with precision which scenario will ultimately come to pass.

The President can determine, however, that all of the possibilities rely on subsequent agency action, not legislative action—and it is legislative action that I-1053 addresses.

NINETY NINTH DAY, APRIL 18, 2011

Because the account transfer language found in the bill in and of itself is not an action or combination of actions of the legislature which raises revenue, it does not require a two-thirds vote.

For these reasons, only a constitutional majority vote of twenty-five is necessary and Senator Sheldon's point is not well-taken."

Senators Murray, Zarelli, Hargrove, Hobbs, Brown, Hewitt, McAuliffe and Keiser spoke in favor of passage of the bill.

The President declared the question before the Senate to be the final passage of Engrossed Substitute House Bill No. 1087 as amended by the Senate.

PERSONAL PRIVILEGE

Senator Murray: "Thank you Mr. President. Well, as you all know the real heroes of any budget process are the budget staff. First of all, they asked, they sort of begged, not to be brought into the wings so they're all watching us from their offices. So, that aside, our non partisan analytical staff as well as our two partisan caucus staff help write this budget, did so much to make this vote possible. Put in incredible long hours, from early morning to late nights, weekends. I'm sure their families have not seen them for months now. They deserve a large thanks for their incredible skill and hard work so let's hear it for them."

MESSAGE FROM THE HOUSE

April 5, 2011

MR. PRESIDENT:

The House passed SENATE BILL NO. 5625 with the following amendment(s): 5625 AMH ELHS PALC 039

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.215.260 and 2006 c 265 s 307 are each amended to read as follows:

(1) Each agency shall make application for a license or ~~(renewal of)~~ the continuation of a full license to the department on forms prescribed by the department. Upon receipt of such application, the department shall either grant or deny a license or continuation of a full license within ninety days. A license or continuation shall be granted if the agency meets the minimum requirements set forth in this chapter and the departmental

requirements consistent with ~~((the this))~~ this chapter, except that an initial license may be issued as provided in RCW 43.215.280. The department shall consider whether an agency is in good standing, as defined in subsection (4)(b) of this section, before granting a continuation of a full license. Full licenses provided for in this chapter shall ~~((be issued for a period of three years))~~ continue to remain valid so long as the licensee meets the requirements for a nonexpiring license in subsection (2) of this section. The licensee, however, shall advise the director of any material change in circumstances which might constitute grounds for reclassification of license as to category. The license issued under this chapter is not transferable and applies only to the licensee and the location stated in the application. For licensed family day care homes having an acceptable history of child care, the license may remain in effect for two weeks after a move.

(2) In order to qualify for a nonexpiring full license, a licensee must meet the following requirements on an annual basis as established from the date of initial licensure:

- (a) Submit the annual licensing fee;
- (b) Submit a declaration to the department indicating the licensee's intent to continue operating a licensed child care program, or the intent to cease operation on a date certain;
- (c) Submit a declaration of compliance with all licensing rules; and
- (d) Submit background check applications on the schedule established by the department.

(3) If a licensee fails to meet the requirements in subsection (2) of this section for continuation of a full license, the license expires and the licensee must submit a new application for licensure under this chapter.

(4)(a) The department shall establish time frames for monitoring visits of nonexpiring licensees not less than every eighteen months for family day care providers and not less than every twelve months for child day care centers and school-age programs. It is not the intent of the legislature to limit more frequent monitoring as determined by the department.

(b) For the purpose of this section, an agency is considered to be in good standing if in the intervening period between monitoring visits that agency does not have any of the following:

- (i) Valid complaints;
- (ii) A history of noncompliance related to those valid complaints or pending from prior monitoring visits; or
- (iii) Other information that when evaluated would result in a finding of noncompliance with this section.

(c) The department shall consider whether an agency is in good standing when determining the most appropriate approach and process for monitoring visits, for the purposes of administrative efficiency while protecting children consistent with this chapter. If the department determines that an agency is not in good standing, the department may issue a probationary license, as provided in RCW 43.215.290.

Sec. 2. RCW 43.215.290 and 2006 c 265 s 310 are each amended to read as follows:

(1) The department may issue a probationary license to a licensee who has had ~~((a))~~ an initial, expiring, or other license but is temporarily unable to comply with a rule or has been the subject of multiple complaints or concerns about noncompliance if:

- (a) The noncompliance does not present an immediate threat to the health and well-being of the children but would be likely to do so if allowed to continue; and
- (b) The licensee has a plan approved by the department to correct the area of noncompliance within the probationary period.

(2) Before issuing a probationary license, the department shall, in writing, refer the licensee to the child care resource and referral network or other appropriate resource for technical assistance. The

ONE HUNDREDTH DAY, APRIL 19, 2011

April 7, 2011

department may issue a probationary license pursuant to subsection (1) of this section if within fifteen working days after the department has sent its referral:

(a) The licensee, in writing, has refused the department's referral for technical assistance; or

(b) The licensee has failed to respond in writing to the department's referral for technical assistance.

(3) If the licensee accepts the department's referral for technical assistance issued under subsection (2) of this section, the department, the licensee, and the technical assistance provider shall meet within thirty days after the licensee's acceptance. The licensee and the department, in consultation with the technical assistance provider, shall develop a plan to correct the areas of noncompliance identified by the department. If after sixty days, the licensee has not corrected the areas of noncompliance identified in the plan developed in consultation with the technical assistance provider, the department may issue a probationary license pursuant to subsection (1) of this section.

(4) A probationary license may be issued for up to six months, and at the discretion of the department it may be extended for an additional six months. The department shall immediately terminate the probationary license, if at any time the noncompliance for which the probationary license was issued presents an immediate threat to the health or well-being of the children.

~~((3))~~ (5) The department may, at any time, issue a probationary license for due cause that states the conditions of probation.

~~((4))~~ (6) An existing license is invalidated when a probationary license is issued.

~~((5))~~ (7) At the expiration of the probationary license, the department shall reinstate the original license for the remainder of its term, issue a new license, or revoke the original license.

~~((6))~~ (8) A right to an adjudicative proceeding shall not accrue to the licensee whose license has been placed on probationary status unless the licensee does not agree with the placement on probationary status and the department then suspends, revokes, or modifies the license.

Sec. 3. RCW 43.215.270 and 2006 c 265 s 308 are each amended to read as follows:

(1) If a licensee desires to apply for a renewal of its license, a request for a renewal shall be filed ninety days before the expiration date of the license. If the department has failed to act at the time of the expiration date of the license, the license shall continue in effect until such time as the department acts.

(2) License renewal under this section does not apply to nonexpiring licenses described in RCW 43.215.260."

Correct the title.
and the same are herewith transmitted.

Senator Hargrove spoke in favor of passage of the bill.

The President declared the question before the Senate to be the motion by Senator Hargrove that the Senate refuse to concur in the House amendment(s) to Senate Bill No. 5625 and ask the House to recede therefrom.

The motion by Senator Hargrove carried and the Senate refused to concur in the House amendment(s) to Senate Bill No. 5625 and asked the House to recede therefrom.

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5749 with the following amendment(s): 5749-S AMH ENGR H2505.E

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28B.95.020 and 2007 c 405 s 8 are each amended to read as follows:

The definitions in this section apply throughout this chapter, unless the context clearly requires otherwise.

(1) "Academic year" means the regular nine-month, three-quarter, or two-semester period annually occurring between August 1st and July 31st.

(2) "Account" means the Washington advanced college tuition payment program account established for the deposit of all money received by the board from eligible purchasers and interest earnings on investments of funds in the account, as well as for all expenditures on behalf of eligible beneficiaries for the redemption of tuition units and for the development of any authorized college savings program pursuant to RCW 28B.95.150.

(3) "Board" means the higher education coordinating board as defined in chapter 28B.76 RCW.

(4) "Committee on advanced tuition payment" or "committee" means a committee of the following members: The state treasurer, the director of the office of financial management, the executive director of the higher education coordinating board, or their designees, and two members to be appointed by the governor for four-year terms, one representing program participants and one private business representative with marketing, public relations, or financial expertise.

(5) "Governing body" means the committee empowered by the legislature to administer the Washington advanced college tuition payment program.

(6) "Contractual obligation" means a legally binding contract of the state with the purchaser and the beneficiary establishing that purchases of tuition units will be worth the same number of tuition units at the time of redemption as they were worth at the time of the purchase.

(7) "Eligible beneficiary" means the person for whom the tuition unit will be redeemed for attendance at an institution of higher education. The beneficiary is that person named by the purchaser at the time that a tuition unit contract is accepted by the governing body. Qualified organizations, as allowed under section 529 of the federal internal revenue code, purchasing tuition unit contracts as future scholarships need not designate a beneficiary at the time of purchase.

(8) "Eligible purchaser" means an individual or organization that has entered into a tuition unit contract with the governing body for the purchase of tuition units for an eligible beneficiary. The state of Washington may be an eligible purchaser for purposes of purchasing tuition units to be held for granting Washington college bound scholarships.

(9) "Full-time tuition charges" means resident tuition charges at a state institution of higher education for enrollments between ten credits and eighteen credit hours per academic term.

(10) "Institution of higher education" means an institution that offers education beyond the secondary level and is recognized by the internal revenue service under chapter 529 of the internal revenue code.

(11) "Investment board" means the state investment board as defined in chapter 43.33A RCW.

(12) "State institution of higher education" means institutions of higher education as defined in RCW 28B.10.016.

ONE HUNDREDTH DAY, APRIL 19, 2011

2011 REGULAR SESSION

(13) "Tuition and fees" means undergraduate tuition and services and activities fees as defined in RCW 28B.15.020 and 28B.15.041 rounded to the nearest whole dollar. For purposes of this chapter, services and activities fees do not include fees charged for the payment of bonds heretofore or hereafter issued for, or other indebtedness incurred to pay, all or part of the cost of acquiring, constructing, or installing any lands, buildings, or facilities.

(14) "Tuition unit contract" means a contract between an eligible purchaser and the governing body, or a successor agency appointed for administration of this chapter, for the purchase of tuition units for a specified beneficiary that may be redeemed at a later date for an equal number of tuition units.

(15) "Unit purchase price" means the minimum cost to purchase one tuition unit for an eligible beneficiary. Generally, the minimum purchase price is one percent of the undergraduate tuition and fees for the current year, rounded to the nearest whole dollar, adjusted for the costs of administration and adjusted to ensure the actuarial soundness of the account. The analysis for price setting shall also include, but not be limited to consideration of past and projected patterns of tuition increases, program liability, past and projected investment returns, and the need for a prudent stabilization reserve.

Sec. 2. RCW 28B.95.030 and 2005 c 272 s 2 are each amended to read as follows:

(1) The Washington advanced college tuition payment program shall be administered by the committee on advanced tuition payment which shall be chaired by the executive director of the board. The committee shall be supported by staff of the board.

(2)(a) The Washington advanced college tuition payment program shall consist of the sale of tuition units, which may be redeemed by the beneficiary at a future date for an equal number of tuition units regardless of any increase in the price of tuition, that may have occurred in the interval.

(b) Each purchase shall be worth a specific number of or fraction of tuition units at each state institution of higher education as determined by the governing body.

(c) The number of tuition units necessary to pay for a full year's, full-time undergraduate tuition and fee charges at a state institution of higher education shall be set by the governing body at the time a purchaser enters into a tuition unit contract.

(d) The governing body may limit the number of tuition units purchased by any one purchaser or on behalf of any one beneficiary, however, no limit may be imposed that is less than that necessary to achieve four years of full-time, undergraduate tuition charges at a state institution of higher education. The governing body also may, at its discretion, limit the number of participants, if needed, to ensure the actuarial soundness and integrity of the program.

(e) While the Washington advanced college tuition payment program is designed to help all citizens of the state of Washington, the governing body may determine residency requirements for eligible purchasers and eligible beneficiaries to ensure the actuarial soundness and integrity of the program.

(3)(a) No tuition unit may be redeemed until two years after the purchase of the unit. Units may be redeemed for enrollment at any institution of higher education that is recognized by the internal revenue service under chapter 529 of the internal revenue code.

(b) Units redeemed at a nonstate institution of higher education or for graduate enrollment shall be redeemed at the rate for state public institutions in effect at the time of redemption.

(4) The governing body shall determine the conditions under which the tuition benefit may be transferred to another family member. In permitting such transfers, the governing body may not allow the tuition benefit to be bought, sold, bartered, or otherwise exchanged for goods and services by either the beneficiary or the purchaser.

(5) The governing body shall administer the Washington advanced college tuition payment program in a manner reasonably designed to be actuarially sound, such that the assets of the trust will be sufficient to defray the obligations of the trust including the costs of administration. The governing body may, at its discretion, discount the minimum purchase price for certain kinds of purchases such as those from families with young children, as long as the actuarial soundness of the account is not jeopardized.

(6) The governing body shall annually determine current value of a tuition unit.

(7) The governing body shall promote, advertise, and publicize the Washington advanced college tuition payment program.

(8) In addition to any other powers conferred by this chapter, the governing body may:

(a) Impose reasonable limits on the number of tuition units or units that may be used in any one year;

(b) Determine and set any time limits, if necessary, for the use of benefits under this chapter;

(c) Impose and collect administrative fees and charges in connection with any transaction under this chapter;

(d) Appoint and use advisory committees and the state actuary as needed to provide program direction and guidance;

(e) Formulate and adopt all other policies and rules necessary for the efficient administration of the program;

(f) Consider the addition of an advanced payment program for room and board contracts and also consider a college savings program;

(g) Purchase insurance from insurers licensed to do business in the state, to provide for coverage against any loss in connection with the account's property, assets, or activities or to further insure the value of the tuition units;

(h) Make, execute, and deliver contracts, conveyances, and other instruments necessary to the exercise and discharge of its powers and duties under this chapter;

(i) Contract for the provision for all or part of the services necessary for the management and operation of the program with other state or nonstate entities authorized to do business in the state;

(j) Contract for other services or for goods needed by the governing body in the conduct of its business under this chapter;

(k) Contract with financial consultants, actuaries, auditors, and other consultants as necessary to carry out its responsibilities under this chapter;

(l) Solicit and accept cash donations and grants from any person, governmental agency, private business, or organization; and

(m) Perform all acts necessary and proper to carry out the duties and responsibilities of this program under this chapter.

Sec. 3. RCW 28B.95.080 and 1997 c 289 s 8 are each amended to read as follows:

The governing body shall annually evaluate, and cause to be evaluated by (~~a nationally recognized~~) the state actuary, the soundness of the account and determine the additional assets needed, if any, to defray the obligations of the account. The governing body shall also adopt an actuarially sound and prudently predictable reserving strategy that provides long-term assets to meet the long-term obligations of the account.

If funds are (~~not sufficient~~) determined by the governing body, based on actuarial analysis to be insufficient to ensure the actuarial soundness of the account, the governing body shall adjust the price of subsequent tuition credit purchases to ensure its soundness.

If there are insufficient numbers of new purchases to ensure the actuarial soundness of the account, the governing body shall request such funds from the legislature as are required to ensure the integrity of the program. Funds may be appropriated directly to the account or appropriated under the condition that they be repaid at a later date.

ONE HUNDREDTH DAY, APRIL 19, 2011

The repayment shall be made at such time that the account is again determined to be actuarially sound.

Sec. 4. RCW 28B.95.150 and 2001 c 184 s 2 are each amended to read as follows:

(1) The committee may establish a college savings program. If such a program is established, the college savings program shall be established, in such form as may be determined by the committee, to be a qualified state tuition program as defined by the internal revenue service under section 529 of the internal revenue code, and shall be administered in a manner consistent with the Washington advanced college tuition payment program. The committee, in planning and devising the program, shall consult with the state investment board, the state treasurer, ~~((a qualified actuarial consulting firm with appropriate expertise to evaluate such plans))~~ the state actuary, the legislative fiscal and higher education committees, and the institutions of higher education.

(2) Up to two hundred thousand dollars of administrative fees collected from guaranteed education tuition program participants may be applied as a loan to fund the development of a college savings program. This loan must be repaid with interest before the conclusion of the biennium in which the committee draws funds for this purpose from the advanced college tuition payment program account.

(3) If such a college savings program is established, the college savings program account is created in the custody of the state treasurer for the purpose of administering the college savings program. If created, the account shall be a discrete nontreasury account in the custody of the state treasurer. Interest earnings shall be retained in accordance with RCW 43.79A.040. Disbursements from the account, except for program administration, are exempt from appropriations and the allotment provisions of chapter 43.88 RCW. Money used for program administration is subject to the allotment provisions, but without appropriation.

(4) The committee, after consultation with the state investment board, shall determine the investment policies for the college savings program. Program contributions may be invested by the state investment board or the committee may contract with an investment company licensed to conduct business in this state to do the investing. The committee shall keep or cause to be kept full and adequate accounts and records of the assets of each individual participant in the college savings program.

(5) Neither the state nor any eligible educational institution may be considered or held to be an insurer of the funds or assets of the individual participant accounts in the college savings program created under this section nor may any such entity be held liable for any shortage of funds in the event that balances in the individual participant accounts are insufficient to meet the educational expenses of the institution chosen by the student for which the individual participant account was intended.

(6) The committee shall adopt rules to implement this section. Such rules shall include but not be limited to administration, investment management, promotion, and marketing; compliance with internal revenue service standards; application procedures and fees; start-up costs; phasing in the savings program and withdrawals therefrom; deterrents to early withdrawals and provisions for hardship withdrawals; and reenrollment in the savings program after withdrawal.

(7) The committee may, at its discretion, determine to cease operation of the college savings program if it determines the continuation is not in the best interest of the state. The committee shall adopt rules to implement this section addressing the orderly distribution of assets.

Sec. 5. RCW 44.44.040 and 2003 c 295 s 4 and 2003 c 92 s 2 are each reenacted and amended to read as follows:

The office of the state actuary shall have the following powers and duties:

(1) Perform all actuarial services for the department of retirement systems, including all studies required by law.

(2) Advise the legislature and the governor regarding pension benefit provisions, and funding policies and investment policies of the state investment board.

(3) Consult with the legislature and the governor concerning determination of actuarial assumptions used by the department of retirement systems.

(4) Prepare a report, to be known as the actuarial fiscal note, on each pension bill introduced in the legislature which briefly explains the financial impact of the bill. The actuarial fiscal note shall include: (a) The statutorily required contribution for the biennium and the following twenty-five years; (b) the biennial cost of the increased benefits if these exceed the required contribution; and (c) any change in the present value of the unfunded accrued benefits. An actuarial fiscal note shall also be prepared for all amendments which are offered in committee or on the floor of the house of representatives or the senate to any pension bill. However, a majority of the members present may suspend the requirement for an actuarial fiscal note for amendments offered on the floor of the house of representatives or the senate.

(5) Provide such actuarial services to the legislature as may be requested from time to time.

(6) Provide staff and assistance to the committee established under RCW 41.04.276.

(7) Provide actuarial assistance to the law enforcement officers' and firefighters' plan 2 retirement board as provided in chapter 2, Laws of 2003. Reimbursement for services shall be made to the state actuary under RCW 39.34.130 and section 5(5), chapter 2, Laws of 2003.

(8) Provide actuarial assistance to the committee on advanced tuition payments pursuant to chapter 28B.95 RCW. Reimbursement for services shall be made to the state actuary under RCW 39.34.130."

MESSAGE FROM THE HOUSE

April 5, 2011

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5540 with the following amendment(s): 5540-S AMH TR H2409.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the safe transportation of children to and from school is a shared responsibility of the school district and the driving public. In order to increase public awareness of their responsibility, it is the intent of the legislature that the state superintendent of public instruction coordinate with school districts and any other relevant agencies who voluntarily choose to participate in a national stop arm violation day annually between March 1st and May 15th.

NEW SECTION. Sec. 2. A new section is added to chapter 46.63 RCW to read as follows:

(1) School districts may install and operate automated school bus safety cameras on school buses to be used for the detection of violations of RCW 46.61.370(1) if the use of the cameras is approved by a vote of the school district board of directors. School districts are not required to take school buses out of service if the buses are not equipped with automated school bus safety cameras or functional automated safety cameras. Further, school districts shall be held harmless from and not liable for any criminal or civil liability arising under the provisions of this section.

(a) Automated school bus safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle.

(b) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter's name and address under subsection (2)(a)(i) of this section. The law enforcement officer issuing the notice of infraction shall include a certificate or facsimile of the notice, based upon inspection of photographs, microphotographs, or electronic images produced by an automated school bus safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated school bus safety camera may respond to the notice by mail.

(c) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(e) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (2) of this section. If appropriate under the circumstances, a renter identified under subsection (2)(a)(i) of this section is responsible for an infraction.

ONE HUNDREDTH DAY, APRIL 19, 2011

2011 REGULAR SESSION

(d) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(e) If a school district installs and operates an automated school bus safety camera under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment. Further, any repair, replacement, or administrative work costs related to installing or repairing automated school bus safety cameras must be solely paid for by the manufacturer or vendor of the cameras. Before entering into a contract with the manufacturer or vendor of the equipment used under this subsection (1)(e), the school district must follow the competitive bid process as outlined in RCW 28A.335.190(1).

(f) Any revenue collected from infractions detected through the use of automated school bus safety cameras, less the administration and operating costs of the cameras, must be remitted to school districts for school zone safety projects as determined by the school district using the automated school bus safety cameras. The administration and operating costs of the cameras includes infraction enforcement and processing costs that are incurred by local law enforcement or local courts.

(2)(a) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction is issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(i) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred;

(ii) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection (2)(a)(ii) must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(iii) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

(b) Timely mailing of a statement under this subsection to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(3) For purposes of this section, "automated school bus safety camera" means a device that is affixed to a school bus that is synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a vehicle at the time the vehicle is detected for an infraction identified in RCW 46.61.370(1).

Sec. 3. RCW 46.61.370 and 1997 c 80 s 1 are each amended to read as follows:

(1) The driver of a vehicle upon overtaking or meeting from either direction any school bus which has stopped on the roadway for the purpose of receiving or discharging any school children shall stop the vehicle before reaching such school bus when there is in operation on said school bus a visual signal as specified in RCW

46.37.190 and said driver shall not proceed until such school bus resumes motion or the visual signals are no longer activated.

(2) The driver of a vehicle upon a highway divided into separate roadways as provided in RCW 46.61.150 need not stop upon meeting a school bus which is proceeding in the opposite direction and is stopped for the purpose of receiving or discharging school children.

(3) The driver of a vehicle upon a highway with three or more marked traffic lanes need not stop upon meeting a school bus which is proceeding in the opposite direction and is stopped for the purpose of receiving or discharging school children.

(4) The driver of a school bus shall actuate the visual signals required by RCW 46.37.190 only when such bus is stopped on the roadway for the purpose of receiving or discharging school children.

(5) The driver of a school bus may stop completely off the roadway for the purpose of receiving or discharging school children only when the school children do not have to cross the roadway. The school bus driver shall actuate the hazard warning lamps as defined in RCW 46.37.215 before loading or unloading school children at such stops.

(6) Except as provided in subsection (7) of this section, a person found to have committed an infraction of subsection (1) of this section shall be assessed a monetary penalty equal to twice the total penalty assessed under RCW 46.63.110. This penalty may not be waived, reduced, or suspended. Fifty percent of the money so collected shall be deposited into the school zone safety account in the custody of the state treasurer and disbursed in accordance with RCW 46.61.440(~~((3))~~) (5).

(7) An infraction of subsection (1) of this section detected through the use of an automated school bus safety camera under section 2 of this act is not a part of the registered owner's driving record under RCW 46.52.101 and 46.52.120, and must be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(3). However, the amount of the fine issued for a violation of this section detected through the use of an automated school bus safety camera shall not exceed twice the monetary penalty for a violation of this section as provided under RCW 46.63.110.

Sec. 4. RCW 46.63.030 and 2007 c 101 s 1 are each amended to read as follows:

(1) A law enforcement officer has the authority to issue a notice of traffic infraction:

(a) When the infraction is committed in the officer's presence;

(b) When the officer is acting upon the request of a law enforcement officer in whose presence the traffic infraction was committed;

(c) If an officer investigating at the scene of a motor vehicle accident has reasonable cause to believe that the driver of a motor vehicle involved in the accident has committed a traffic infraction;

(d) When the infraction is detected through the use of a photo enforcement system under RCW 46.63.160; (~~((6))~~)

(e) When the infraction is detected through the use of an automated school bus safety camera under section 2 of this act; or

(f) When the infraction is detected through the use of an automated traffic safety camera under RCW 46.63.170.

(2) A court may issue a notice of traffic infraction upon receipt of a written statement of the officer that there is reasonable cause to believe that an infraction was committed.

(3) If any motor vehicle without a driver is found parked, standing, or stopped in violation of this title or an equivalent administrative regulation or local law, ordinance, regulation, or resolution, the officer finding the vehicle shall take its registration number and may take any other information displayed on the vehicle which may identify its user, and shall conspicuously affix to the vehicle a notice of traffic infraction.

ONE HUNDREDTH DAY, APRIL 19, 2011

(4) In the case of failure to redeem an abandoned vehicle under RCW 46.55.120, upon receiving a complaint by a registered tow truck operator that has incurred costs in removing, storing, and disposing of an abandoned vehicle, an officer of the law enforcement agency responsible for directing the removal of the vehicle shall send a notice of infraction by certified mail to the last known address of the person responsible under RCW 46.55.105. The notice must be entitled "Littering--Abandoned Vehicle" and give notice of the monetary penalty. The officer shall append to the notice of infraction, on a form prescribed by the department of licensing, a notice indicating the amount of costs incurred as a result of removing, storing, and disposing of the abandoned vehicle, less any amount realized at auction, and a statement that monetary penalties for the infraction will not be considered as having been paid until the monetary penalty payable under this chapter has been paid and the court is satisfied that the person has made restitution in the amount of the deficiency remaining after disposal of the vehicle.

Sec. 5. RCW 46.63.030 and 2010 c 249 s 5 are each amended to read as follows:

(1) A law enforcement officer has the authority to issue a notice of traffic infraction:

(a) When the infraction is committed in the officer's presence;

(b) When the officer is acting upon the request of a law enforcement officer in whose presence the traffic infraction was committed;

(d) When the infraction is detected through the use of an automated traffic safety camera under RCW 46.63.170; or

(e) When the infraction is detected through the use of an automated school bus safety camera under section 2 of this act.

(2) A court may issue a notice of traffic infraction upon receipt of a written statement of the officer that there is reasonable cause to believe that an infraction was committed.

(3) If any motor vehicle without a driver is found parked, standing, or stopped in violation of this title or an equivalent administrative regulation or local law, ordinance, regulation, or resolution, the officer finding the vehicle shall take its registration number and may take any other information displayed on the vehicle which may identify its user, and shall conspicuously affix to the vehicle a notice of traffic infraction.

(4) In the case of failure to redeem an abandoned vehicle under RCW 46.55.120, upon receiving a complaint by a registered tow truck operator that has incurred costs in removing, storing, and disposing of an abandoned vehicle, an officer of the law enforcement agency responsible for directing the removal of the vehicle shall send a notice of infraction by certified mail to the last known address of the person responsible under RCW 46.55.105. The notice must be entitled "Littering--Abandoned Vehicle" and give notice of the monetary penalty. Sec. 6. RCW 46.63.075 and 2005 c 167 s 3 are each amended to read as follows:

(2) This presumption may be overcome only if the registered owner states, under oath, in a written statement to the court or in testimony before the court that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner.

(2) This presumption may be overcome only if the registered owner states, under oath, in a written statement to the court or in testimony before the court that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner.

Sec. 8. RCW 46.16A.120 and 2010 c 161 s 430 are each amended to read as follows:

(1) Each court and government agency located in this state having jurisdiction over standing, stopping, and parking violations, the use of a photo enforcement system under RCW 46.63.160, ~~((and))~~ the use of automated traffic safety cameras under RCW 46.63.170, and the use of automated school bus safety cameras under section 2 of this act may forward to the department any outstanding:

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5579 with the following amendment(s): 5579-S AMH JUDI H2157.1

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 10.14.150 and 2005 c 196 s 1 are each amended to read as follows:

(1) The district courts shall have original jurisdiction and cognizance of any civil actions and proceedings brought under this chapter, except the district court shall transfer such actions and proceedings to the superior court when it is shown that (a) the respondent to the petition is under eighteen years of age; (b) the action involves title or possession of real property; (c) a superior court has exercised or is exercising jurisdiction over a proceeding involving the parties; or (d) the action would have the effect of interfering with a respondent's care, control, or custody of the respondent's minor child.

(2) Municipal courts may exercise jurisdiction and cognizance of any civil actions and proceedings brought under this chapter by adoption of local court rule, except the municipal court shall transfer such actions and proceedings to the superior court when it is shown that (a) the respondent to the petition is under eighteen years of age; (b) the action involves title or possession of real property; (c) a superior court has exercised or is exercising jurisdiction over a proceeding involving the parties; or (d) the action would have the

effect of interfering with a respondent's care, control, or custody of the respondent's minor child.

(3) Superior courts shall have concurrent jurisdiction to receive transfer of antiharassment petitions in cases where a district or municipal court judge makes findings of fact and conclusions of law showing that meritorious reasons exist for the transfer. The municipal and district courts shall have jurisdiction and cognizance of any criminal actions brought under RCW 10.14.120 and 10.14.170.

Sec. 2. RCW 10.14.020 and 2001 c 260 s 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Unlawful harassment" means a knowing and willful course of conduct directed at a specific person which seriously alarms, annoys, harasses, or is detrimental to such person, and which serves no legitimate or lawful purpose. The course of conduct shall be such as would cause a reasonable person to suffer substantial emotional distress, and shall actually cause substantial emotional distress to the petitioner, or, when the course of conduct would cause a reasonable parent to fear for the well-being of their child.

(2) "Course of conduct" means a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose. "Course of conduct" includes, in addition to any other form of communication, contact, or conduct, the sending of an electronic communication, but does not include constitutionally protected free speech. Constitutionally protected activity is not included within the meaning of "course of conduct."

Sec. 3. RCW 10.14.080 and 2001 c 311 s 1 are each amended to read as follows:

(1) Upon filing a petition for a civil antiharassment protection order under this chapter, the petitioner may obtain an ex parte temporary antiharassment protection order. An ex parte temporary antiharassment protection order may be granted with or without notice upon the filing of an affidavit which, to the satisfaction of the court, shows reasonable proof of unlawful harassment of the petitioner by the respondent and that great or irreparable harm will result to the petitioner if the temporary antiharassment protection order is not granted.

(2) An ex parte temporary antiharassment protection order shall be effective for a fixed period not to exceed fourteen days or twenty-four days if the court has permitted service by publication under RCW 10.14.085. The ex parte order may be reissued. A full hearing, as provided in this chapter, shall be set for not later than fourteen days from the issuance of the temporary order or not later than twenty-four days if service by publication is permitted. Except as provided in RCW 10.14.070 and 10.14.085, the respondent shall be personally served with a copy of the ex parte order along with a copy of the petition and notice of the date set for the hearing. The ex parte order and notice of hearing shall include at a minimum the date and time of the hearing set by the court to determine if the temporary order should be made effective for one year or more, and notice that if the respondent should fail to appear or otherwise not respond, an order for protection will be issued against the respondent pursuant to the provisions of this chapter, for a minimum of one year from the date of the hearing. The notice shall also include a brief statement of the provisions of the ex parte order and notify the respondent that a copy of the ex parte order and notice of hearing has been filed with the clerk of the court.

(3) At the hearing, if the court finds by a preponderance of the evidence that unlawful harassment exists, a civil antiharassment protection order shall issue prohibiting such unlawful harassment.

(4) An order issued under this chapter shall be effective for not more than one year unless the court finds that the respondent is likely to resume unlawful harassment of the petitioner when the

order expires. If so, the court may enter an order for a fixed time exceeding one year or may enter a permanent antiharassment protection order. The court shall not enter an order that is effective for more than one year if the order restrains the respondent from contacting the respondent's minor children. This limitation is not applicable to civil antiharassment protection orders issued under chapter 26.09, 26.10, or 26.26 RCW. If the petitioner seeks relief for a period longer than one year on behalf of the respondent's minor children, the court shall advise the petitioner that the petitioner may apply for renewal of the order as provided in this chapter or if appropriate may seek relief pursuant to chapter 26.09 or 26.10 RCW.

(5) At any time within the three months before the expiration of the order, the petitioner may apply for a renewal of the order by filing a petition for renewal. The petition for renewal shall state the reasons why the petitioner seeks to renew the protection order. Upon receipt of the petition for renewal, the court shall order a hearing which shall be not later than fourteen days from the date of the order. Except as provided in RCW 10.14.085, personal service shall be made upon the respondent not less than five days before the hearing. If timely service cannot be made the court shall set a new hearing date and shall either require additional attempts at obtaining personal service or permit service by publication as provided by RCW 10.14.085. If the court permits service by publication, the court shall set the new hearing date not later than twenty-four days from the date of the order. If the order expires because timely service cannot be made the court shall grant an ex parte order of protection as provided in this section. The court shall grant the petition for renewal unless the respondent proves by a preponderance of the evidence that the respondent will not resume harassment of the petitioner when the order expires. The court may renew the protection order for another fixed time period or may enter a permanent order as provided in subsection (4) of this section.

(6) The court, in granting an ex parte temporary antiharassment protection order or a civil antiharassment protection order, shall have broad discretion to grant such relief as the court deems proper, including an order:

- (a) Restraining the respondent from making any attempts to contact the petitioner;
- (b) Restraining the respondent from making any attempts to keep the petitioner under surveillance;
- (c) Requiring the respondent to stay a stated distance from the petitioner's residence and workplace; and
- (d) Considering the provisions of RCW 9.41.800.

(7) The court in granting an ex parte temporary antiharassment protection order or a civil antiharassment protection order, shall not prohibit the respondent from exercising constitutionally protected free speech. Nothing in this section prohibits the petitioner from utilizing other civil or criminal remedies to restrain conduct or communications not otherwise constitutionally protected.

(8) The court in granting an ex parte temporary antiharassment protection order or a civil antiharassment protection order, shall not prohibit the respondent from the use or enjoyment of real property to which the respondent has a cognizable claim unless that order is issued under chapter 26.09 RCW or under a separate action commenced with a summons and complaint to determine title or possession of real property.

(9) The court in granting an ex parte temporary antiharassment protection order or a civil antiharassment protection order, shall not limit the respondent's right to care, control, or custody of the respondent's minor child, unless that order is issued under chapter 13.32A, 26.09, 26.10, or 26.26 RCW.

(10) A petitioner may not obtain an ex parte temporary antiharassment protection order against a respondent if the petitioner has previously obtained two such ex parte orders against the same

respondent but has failed to obtain the issuance of a civil antiharassment protection order unless good cause for such failure can be shown.

~~((8))~~ (11) The court order shall specify the date an order issued pursuant to subsections (4) and (5) of this section expires if any. The court order shall also state whether the court issued the protection order following personal service or service by publication and whether the court has approved service by publication of an order issued under this section.

Sec. 4. RCW 9A.46.040 and 1985 c 288 s 4 are each amended to read as follows:

(1) Because of the likelihood of repeated harassment directed at those who have been victims of harassment in the past, when any defendant charged with a crime involving harassment is released from custody before trial on bail or personal recognizance, the court authorizing the release may require that the defendant:

(a) Stay away from the home, school, business, or place of employment of the victim or victims of the alleged offense or other location, as shall be specifically named by the court in the order;

(b) Refrain from contacting, intimidating, threatening, or otherwise interfering with the victim or victims of the alleged offense and such other persons, including but not limited to members of the family or household of the victim, as shall be specifically named by the court in the order.

(2) An intentional violation of a court order issued under this section or an equivalent local ordinance is a misdemeanor. The written order releasing the defendant shall contain the court's directives and shall bear the legend: Violation of this order is a criminal offense under chapter 9A.46 RCW. A certified copy of the order shall be provided to the victim by the clerk of the court.

Sec. 5. RCW 9A.46.080 and 1985 c 288 s 8 are each amended to read as follows:

The victim shall be informed by local law enforcement agencies or the prosecuting attorney of the final disposition of the case in which the victim is involved. If a defendant is found guilty of a crime of harassment and a condition of the sentence restricts the defendant's ability to have contact with the victim or witnesses, the condition shall be recorded and a written certified copy of that order shall be provided to the victim or witnesses by the clerk of the court. Willful violation of a court order issued under this section or an equivalent local ordinance is a misdemeanor. The written order shall contain the court's directives and shall bear the legend: Violation of this order is a criminal offense under chapter 9A.46 RCW and will subject a violator to arrest.

NEW SECTION. Sec. 6. A new section is added to chapter 10.14 RCW to read as follows:

MR. PRESIDENT:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 61.24 RCW to read as follows:

The senior beneficiary may determine, in its sole discretion, whether to accept, reject, or counter-offer the seller's written offer.

(2) This section applies only when the written offer to the senior beneficiary is received by the senior beneficiary prior to the issuance of a notice of default. The offer must include a copy of the purchase and sale agreement. The offer must be sent to the address of the senior beneficiary or the address of a party acting as a servicer of the obligation secured by the deed of trust.

(3) A seller has a right of action for actual monetary damages incurred as a result of the senior beneficiary's failure to comply with the requirements of subsection (1) of this section.

(4) A senior beneficiary is not liable for the actions or inactions of any other lien holder.

(5)(a) This section does not apply to deeds of trust: (i) securing a commercial loan; (ii) securing obligations of a grantor who is not the borrower or a guarantor; or (iii) securing a purchaser's obligations under a seller-financed sale.

(b) This section does not apply to beneficiaries that are exempt from section 7, chapter ___ (2SHB 1362), laws of 2011, if enacted, or if not enacted, to beneficiaries that conduct fewer than two hundred fifty trustee sales per year.

(6) This section does not alter a beneficiary's right to issue a notice of default and does not lengthen or shorten any time period imposed or required under this chapter.

Sec. 2. RCW 61.24.127 and 2009 c 292 s 6 are each amended to read as follows:

(1) The failure of the borrower or grantor to bring a civil action to enjoin a foreclosure sale under this chapter may not be deemed a waiver of a claim for damages asserting:

(a) Common law fraud or misrepresentation;

(b) A violation of Title 19 RCW; ((~~or~~))

(c) Failure of the trustee to materially comply with the provisions of this chapter; or

(d) A violation of section 1 of this act.

(d) A borrower or grantor who files such a claim is prohibited from recording a lis pendens or any other document purporting to create a similar effect, related to the real property foreclosed upon;

(e) The claim may not operate in any way to encumber or cloud the title to the property that was subject to the foreclosure sale, except to the extent that a judgment on the claim in favor of the borrower or grantor may, consistent with RCW 4.56.190, become a judgment lien on real property then owned by the judgment debtor; and

(f) The relief that may be granted for judgment upon the claim is limited to actual damages. However, if the borrower or grantor brings in the same civil action a claim for violation of chapter 19.86 RCW, arising out of the same alleged facts, relief under chapter 19.86 RCW is limited to actual damages, treble damages as provided for in RCW 19.86.090, and the costs of suit, including a reasonable attorney's fee.

The vessel should have the capability of carrying at least one hundred standard vehicles and approximately four hundred to five hundred passengers. Further, the department shall explore the possibilities of contracting a commercial company to operate the vessel exclusively on this route so long as the contractor's employees assigned to the vessel are represented by the same employee organizations as the Washington state ferries. (e) Transfers may not occur for projects not identified on the applicable project list;

(f) Transfers may not be made while the legislature is in session; and

(g) Transfers between projects may be made by the department of transportation until the transfer amount by project exceeds two hundred fifty thousand dollars, or ten percent of the total project, whichever is less. (2) Identifies, for each project, the amount of cost savings or increases in funding that have been identified as compared to the 2011 enacted transportation budget.

NEW SECTION. Sec. 608. STAFFING LEVELS

(1) As the department of transportation completes delivery of the projects funded by the 2003 and 2005 transportation revenue packages, it is clear that the current staffing levels necessary to deliver these projects are not sustainable into the future. Therefore, the department is directed to quickly move forward to develop and implement new business practices so that a smaller, more nimble state workforce can effectively and efficiently deliver transportation improvement programs as they are approved in the future, in strong partnership with the private sector, while protecting the public's interests and assets.

(2) To this end, the department of transportation is directed to reduce the size of its engineering and technical workforce to a level sustained by current law revenue levels currently estimated at two thousand FTEs by the end of the 2013-2015 fiscal biennium. The department's current two thousand eight hundred FTE engineering and technical workforce levels for highway construction will be reduced in the 2011-2013 fiscal biennium, with a target of two thousand four hundred FTEs by June 30, 2013, and to a level of two thousand FTEs by June 30, 2015.

(3) In order to successfully deliver the highway construction program as funded, the department of transportation may continue to contract out engineering and technical services. In addition, the department may continue the incentive program for retirements and employee separations. The department shall report quarterly to the office of financial management and the transportation committees of the legislature on its progress and plans to reduce highway construction workforce levels to two thousand FTEs by June 2015. This report must also be posted on the department's web site.

As a management tool to reduce costs and make more effective use of resources, while improving employee productivity and morale, agencies may implement a voluntary retirement, separation, and/or downshifting incentive program that is cost neutral or results in cost savings over a two-year period following the commencement of the program, provided that such a program is approved by the director of financial management.

Agencies participating in this authorization may offer voluntary retirement, separation, and/or downshifting incentives and options according to procedures and guidelines established by the office of financial management, in consultation with the department of personnel and the department of retirement systems. The options may include, but are not limited to, financial incentives for: Voluntary separation or retirement, voluntary leave-without-pay, voluntary workweek or work hour reduction, voluntary downward movement, or temporary separation for development purposes. An employee does not have a contractual right to a financial incentive offered pursuant to this section.

Offers must be reviewed and monitored jointly by the department of personnel and the department of retirement systems. Agencies are required to submit a report by June 30, 2013, to the legislature and the office of financial management on the outcome of their approved incentive program. The report must include information on the details of the program, including resulting service delivery changes, agency efficiencies, the cost of the incentive per participant, the total cost to the state, and the projected or actual net dollar savings over the 2011-2013 fiscal biennium.

- (c) Describe how the department's sustainable staffing levels would be affected by new funding scenarios and any other actions the department would need to deliver the program associated with the new funding; and
- (d) Evaluate alternative program and project delivery methods to improve efficiency and effectiveness and provide recommendations on legislative changes, if necessary, for their implementation.

(2) The department shall provide stakeholder involvement opportunities in the development of the report. There must be a minimum of two such meetings: One for the purpose of providing contextual and background information; and a second for review and comment of conclusions and recommendations. Stakeholders must include labor, private engineering contractors, general business interests, representatives of various transportation modes, and others groups as appropriate.

NEW SECTION. Sec. 611. FOR THE DEPARTMENT OF TRANSPORTATION

The department is given the authority to provide up to \$3,000,000 in toll credits to Kitsap transit for its role in new passenger-only ferry service and ferry corridor-related projects. The number of toll credits provided to Kitsap transit must be equal to, but no more than, the number sufficient to meet federal match

requirements for grant funding for passenger-only ferry service, but shall not exceed the amount authorized in this section.

MISCELLANEOUS 2011-2013 FISCAL BIENNIUM

Sec. 701. RCW 47.29.170 and 2009 c 470 s 702 are each amended to read as follows:

Before accepting any unsolicited project proposals, the commission must adopt rules to facilitate the acceptance, review, evaluation, and selection of unsolicited project proposals. These rules must include the following:

- (1) Provisions that specify unsolicited proposals must meet predetermined criteria;
- (2) Provisions governing procedures for the cessation of negotiations and consideration;
- (3) Provisions outlining that unsolicited proposals are subject to a two-step process that begins with concept proposals and would only advance to the second step, which are fully detailed proposals, if the commission so directed;
- (4) Provisions that require concept proposals to include at least the following information: Proposers' qualifications and experience; description of the proposed project and impact; proposed project financing; and known public benefits and opposition; and
- (5) Provisions that specify the process to be followed if the commission is interested in the concept proposal, which must include provisions:

- (a) Requiring that information regarding the potential project would be published for a period of not less than thirty days, during which time entities could express interest in submitting a proposal;
- (b) Specifying that if letters of interest were received during the thirty days, then an additional sixty days for submission of the fully detailed proposal would be allowed; and
- (c) Procedures for what will happen if there are insufficient proposals submitted or if there are no letters of interest submitted in the appropriate time frame.

The commission may adopt other rules as necessary to avoid conflicts with existing laws, statutes, or contractual obligations of the state.

The commission may not accept or consider any unsolicited proposals before July 1, (~~2011~~) 2013.

NEW SECTION. Sec. 702. To the extent that any appropriation authorizes expenditures of state funds from the motor vehicle account, special category C account, Tacoma Narrows toll bridge account, transportation 2003 account (nickel account), transportation partnership account, transportation improvement account, Puget Sound capital construction account, multimodal transportation account, state route number 520 corridor account, or other transportation capital project account in the state treasury for a state transportation program that is specified to be funded with proceeds from the sale of bonds authorized in chapter 47.10 RCW, the legislature declares that any such expenditures made prior to the issue date of the applicable transportation bonds for that state transportation program are intended to be reimbursed from proceeds of those transportation bonds in a maximum amount equal to the amount of such appropriation.

Sec. 703. RCW 46.18.060 and 2010 1st sp.s. c 7 s 94 and 2010 c 161 s 604 are each reenacted and amended to read as follows:

- (1) The department must review and either approve or reject special license plate applications submitted by sponsoring organizations.
- (2) Duties of the department include, but are not limited to, the following:
 - (a) Review and approve the annual financial reports submitted by sponsoring organizations with active special license plate series

ONE HUNDREDTH DAY, APRIL 19, 2011

and present those annual financial reports to the ~~((senate and house transportation committees))~~ joint transportation committee;

(b) Report annually to the ~~((senate and house of representatives transportation committees))~~ joint transportation committee on the special license plate applications that were considered by the department;

(c) Issue approval and rejection notification letters to sponsoring organizations, the department, the ~~((chairs of the senate and house of representatives transportation committees))~~ executive committee of the joint transportation committee, and the legislative sponsors identified in each application. The letters must be issued within seven days of making a determination on the status of an application; and

(d) Review annually the number of plates sold for each special license plate series created after January 1, 2003. The department may submit a recommendation to discontinue a special plate series to the ~~((chairs of the senate and house of representatives transportation committees))~~ executive committee of the joint transportation committee.

(3) Except as provided in RCW 46.18.245, in order to assess the effects and impact of the proliferation of special license plates, the legislature declares a temporary moratorium on the issuance of any additional plates until July 1, ~~((2011))~~ 2013. During this period of time, the department is prohibited from accepting, reviewing, processing, or approving any applications. Additionally, a special license plate may not be enacted by the legislature during the moratorium, unless the proposed license plate has been approved by the former special license plate review board before February 15, 2005.

Sec. 704. RCW 46.63.170 and 2010 c 161 s 1127 are each amended to read as follows:

(1) The use of automated traffic safety cameras for issuance of notices of infraction is subject to the following requirements:

(a) The appropriate local legislative authority must first enact an ordinance allowing for their use to detect one or more of the following: Stoplight, railroad crossing, or school speed zone violations. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance.

(b) Use of automated traffic safety cameras is restricted to two-arterial intersections, railroad crossings, and school speed zones only.

(c) During the ~~((2009-2011))~~ 2011-2013 fiscal biennium, automated traffic safety cameras may be used to detect speed violations for the purposes of ~~((section 201(2), chapter 470, Laws of 2009))~~ section 201(2) of this act if the local legislative authority first enacts an ordinance authorizing the use of cameras to detect speed violations.

(d) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle.

(e) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter's name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a

proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(f) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(e) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(g) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(h) All locations where an automated traffic safety camera is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera.

(i) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(3). However, the amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

ONE HUNDREDTH DAY, APRIL 19, 2011

2011 REGULAR SESSION

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(5) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit in a school speed zone as detected by a speed measuring device. During the ~~((2009-2011))~~ 2011-2013 fiscal biennium, an automated traffic safety camera includes a camera used to detect speed violations for the purposes of ~~((section 201(2), chapter 470, Laws of 2009))~~ section 201(2) of this act.

(6) During the ~~((2009-2011))~~ 2011-2013 fiscal biennium, this section does not apply to automated traffic safety cameras for the purposes of ~~((section 218(2), chapter 470, Laws of 2009))~~ section 216(5) of this act.

Sec. 705. RCW 46.63.160 and 2010 c 249 s 6 are each amended to read as follows:

(1) This section applies only to civil penalties for nonpayment of tolls detected through use of photo toll systems.

(2) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(3) A notice of civil penalty may be issued by the department of transportation when a toll is assessed through use of a photo toll system and the toll is not paid by the toll payment due date, which is eighty days from the date the vehicle uses the toll facility and incurs the toll charge.

(4) Any registered owner or renter of a vehicle traveling upon a toll facility operated under chapter 47.56 or 47.46 RCW is subject to a civil penalty governed by the administrative procedures set forth in this section when the vehicle incurs a toll charge and the toll is not paid by the toll payment due date, which is eighty days from the date the vehicle uses the toll facility and incurs the toll charge.

(5) Consistent with chapter 34.05 RCW, the department of transportation shall develop an administrative adjudication process to review appeals of civil penalties issued by the department of transportation for toll nonpayment detected through the use of a photo toll system under this section.

(6) The use of a photo toll system is subject to the following requirements:

(a) Photo toll systems may take photographs, digital photographs, microphotographs, videotapes, or other recorded images of the vehicle and vehicle license plate only.

(b) A notice of civil penalty must include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, videotape, or other recorded images produced by a photo toll system, stating the facts supporting the notice of civil penalty. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding established under subsection (5) of this section. The photographs, digital photographs, microphotographs, videotape, or other recorded images evidencing the toll nonpayment civil penalty must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the civil penalty.

(c) Notwithstanding any other provision of law, all photographs, digital photographs, microphotographs, videotape, other recorded images, or other records identifying a specific instance of travel prepared under this chapter are for the exclusive use of the tolling agency for toll collection and enforcement purposes and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a civil penalty under this chapter. No photograph, digital photograph, microphotograph, videotape, other recorded image, or other record identifying a specific instance of travel may be used for any purpose other than toll collection or enforcement of civil penalties under this section. Records identifying a specific instance of travel by a specific person or vehicle must be retained only as required to ensure payment and enforcement of tolls and to comply with state records retention policies.

(d) All locations where a photo toll system is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where tolls are assessed and enforced by a photo toll system.

(e) Within existing resources, the department of transportation shall conduct education and outreach efforts at least six months prior to activating an all-electronic photo toll system. Methods of outreach shall include a department presence at community meetings in the vicinity of a toll facility, signage, and information published in local media. Information provided shall include notice of when all electronic photo tolling shall begin and methods of payment. Additionally, the department shall provide quarterly reporting on education and outreach efforts and other data related to the issuance of civil penalties.

(7) Civil penalties for toll nonpayment detected through the use of photo toll systems must be issued to the registered owner of the vehicle identified by the photo toll system, but are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120.

(8) The civil penalty for toll nonpayment detected through the use of a photo toll system is forty dollars plus the photo toll and associated fees.

(9) Except as provided otherwise in this subsection, all civil penalties, including the photo toll and associated fees, collected under this section must be deposited into the toll facility account of the facility on which the toll was assessed. However, ~~((beginning on July 1, 2011))~~ through June 30, 2013, civil penalties deposited into the Tacoma Narrows toll bridge account created under RCW 47.56.165 that are in excess of amounts necessary to support the toll adjudication process applicable to toll collection on the Tacoma Narrows bridge must first be allocated toward repayment of operating loans and reserve payments provided to the account from the motor vehicle account under section 1005(15), chapter 518, Laws of 2007. Additionally, all civil penalties, resulting from nonpayment of tolls on the state route number 520 corridor, shall be deposited into the state route number 520 civil penalties account created under section 4, chapter 248, Laws of 2010 but only if chapter 248, Laws of 2010 is enacted by June 30, 2010.

(10) If the registered owner of the vehicle is a rental car business, the department of transportation shall, before a toll bill is issued, provide a written notice to the rental car business that a toll bill may be issued to the rental car business if the rental car business does not, within thirty days of the mailing of the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the toll was assessed; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the toll was assessed because the vehicle was stolen at the time the toll was

ONE HUNDREDTH DAY, APRIL 19, 2011

assessed. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable toll and fee.

Timely mailing of this statement to the issuing agency relieves a rental car business of any liability under this section for the payment of the toll.

(11) Consistent with chapter 34.05 RCW, the department of transportation shall develop rules to implement this section.

(12) For the purposes of this section, "photo toll system" means the system defined in RCW 47.56.010 and 47.46.020.

Sec. 706. RCW 43.19.642 and 2010 c 247 s 701 are each amended to read as follows:

(1) Effective June 1, 2006, for agencies complying with the ultra-low sulfur diesel mandate of the United States environmental protection agency for on-highway diesel fuel, agencies shall use biodiesel as an additive to ultra-low sulfur diesel for lubricity, provided that the use of a lubricity additive is warranted and that the use of biodiesel is comparable in performance and cost with other available lubricity additives. The amount of biodiesel added to the ultra-low sulfur diesel fuel shall be not less than two percent.

(2) Effective June 1, 2009, state agencies are required to use a minimum of twenty percent biodiesel as compared to total volume of all diesel purchases made by the agencies for the operation of the agencies' diesel-powered vessels, vehicles, and construction equipment.

(3) All state agencies using biodiesel fuel shall, beginning on July 1, 2006, file biannual reports with the department of general administration documenting the use of the fuel and a description of how any problems encountered were resolved.

(4) For the 2009-2011 fiscal biennium, all fuel purchased by the Washington state ferries at Harbor Island for the operation of the Washington state ferries diesel powered vessels must be a minimum of five percent biodiesel blend so long as the per gallon price of diesel containing a five percent biodiesel blend level does not exceed the per gallon price of diesel by more than five percent. If the per gallon price of diesel containing a five percent biodiesel blend level exceeds the per gallon price of diesel by more than five percent, the requirements of this section do not apply to vessel fuel purchases by the Washington state ferries.

(5) By December 1, 2009, the department of general administration shall:

(a) Report to the legislature on the average true price differential for biodiesel by blend and location; and

(b) Examine alternative fuel procurement methods that work to address potential market barriers for in-state biodiesel producers and report these findings to the legislature.

(6) During the 2011-2013 fiscal biennium, this section does not apply to fuel purchased by the Washington state ferries.

Sec. 707. RCW 43.19.534 and 2009 c 470 s 717 are each amended to read as follows:

(1) State agencies, the legislature, and departments shall purchase for their use all goods and services required by the legislature, agencies, or departments that are produced or provided in whole or in part from class II inmate work programs operated by the department of corrections through state contract. These goods and services shall not be purchased from any other source unless, upon application by the department or agency: (a) The department of general administration finds that the articles or products do not meet the reasonable requirements of the agency or department, (b) are not of equal or better quality, or (c) the price of the product or service is higher than that produced by the private sector. However, the criteria contained in (a), (b), and (c) of this section for purchasing goods and services from sources other than correctional

2011 REGULAR SESSION

industries do not apply to goods and services produced by correctional industries that primarily replace goods manufactured or services obtained from outside the state. The department of corrections and department of general administration shall adopt administrative rules that implement this section.

(2) During the 2009-2011 ~~and 2011-2013~~ fiscal (~~biennium~~) ~~biennia~~, and in conformance with section 223(11), chapter 470, Laws of 2009 ~~and section 221(2) of this act~~, this section does not apply to the purchase of uniforms by the Washington state ferries.

Sec. 708. RCW 47.01.380 and 2009 c 470 s 705 are each amended to read as follows:

The department shall not commence construction on any part of the state route number 520 bridge replacement and HOV project until a record of decision has been reached providing reasonable assurance that project impacts will be avoided, minimized, or mitigated as much as practicable to protect against further adverse impacts on neighborhood environmental quality as a result of repairs and improvements made to the state route number 520 bridge and its connecting roadways, and that any such impacts will be addressed through engineering design choices, mitigation measures, or a combination of both. The requirements of this section shall not apply to off-site pontoon construction supporting the state route number 520 bridge replacement and HOV project. The requirements of this section shall not apply during the 2009-2011 ~~and 2011-2013~~ fiscal (~~biennium~~) ~~biennia~~.

Sec. 709. RCW 47.56.403 and 2005 c 312 s 3 are each amended to read as follows:

(1) The department may provide for the establishment, construction, and operation of a pilot project of high occupancy toll lanes on state route 167 high occupancy vehicle lanes within King county. The department may issue, buy, and redeem bonds, and deposit and expend them; secure and remit financial and other assistance in the construction of high occupancy toll lanes, carry insurance, and handle any other matters pertaining to the high occupancy toll lane pilot project.

(2) Tolls for high occupancy toll lanes will be established as follows:

(a) The schedule of toll charges for high occupancy toll lanes must be established by the transportation commission and collected in a manner determined by the commission.

(b) Toll charges shall not be assessed on transit buses and vanpool vehicles owned or operated by any public agency.

(c) The department shall establish performance standards for the state route 167 high occupancy toll lane pilot project. The department must automatically adjust the toll charge, using dynamic tolling, to ensure that toll-paying single-occupant vehicle users are only permitted to enter the lane to the extent that average vehicle speeds in the lane remain above forty-five miles per hour at least ninety percent of the time during peak hours. The toll charge may vary in amount by time of day, level of traffic congestion within the highway facility, vehicle occupancy, or other criteria, as the commission may deem appropriate. The commission may also vary toll charges for single-occupant inherently low-emission vehicles such as those powered by electric batteries, natural gas, propane, or other clean burning fuels.

(d) The commission shall periodically review the toll charges to determine if the toll charges are effectively maintaining travel time, speed, and reliability on the highway facilities.

(3) The department shall monitor the state route 167 high occupancy toll lane pilot project and shall annually report to the transportation commission and the legislature on operations and findings. At a minimum, the department shall provide facility use data and review the impacts on:

(a) Freeway efficiency and safety;

(b) Effectiveness for transit;

ONE HUNDREDTH DAY, APRIL 19, 2011

2011 REGULAR SESSION

(c) Person and vehicle movements by mode;

(d) Ability to finance improvements and transportation services through tolls; and

(e) The impacts on all highway users. The department shall analyze aggregate use data and conduct, as needed, separate surveys to assess usage of the facility in relation to geographic, socioeconomic, and demographic information within the corridor in order to ascertain actual and perceived questions of equitable use of the facility.

(4) The department shall modify the pilot project to address identified safety issues and mitigate negative impacts to high occupancy vehicle lane users.

(5) Authorization to impose high occupancy vehicle tolls for the state route 167 high occupancy toll pilot project expires if either of the following two conditions apply:

(a) If no contracts have been let by the department to begin construction of the toll facilities associated with this pilot project within four years of July 24, 2005; or

(b) ~~((Four years after toll collection begins under this section))~~ If high occupancy vehicle tolls are being collected on June 30, 2013.

(6) The department of transportation shall adopt rules that allow automatic vehicle identification transponders used for electronic toll collection to be compatible with other electronic payment devices or transponders from the Washington state ferry system, other public transportation systems, or other toll collection systems to the extent that technology permits.

(7) The conversion of a single existing high occupancy vehicle lane to a high occupancy toll lane as proposed for SR-167 must be taken as the exception for this pilot project.

(8) A violation of the lane restrictions applicable to the high occupancy toll lanes established under this section is a traffic infraction.

(9) Procurement activity associated with this pilot project shall be open and competitive in accordance with chapter 39.29 RCW.

Sec. 710. RCW 47.28.030 and 2010 c 283 s 9 and 2010 c 5 s 11 are each reenacted and amended to read as follows:

(1)(a) A state highway shall be constructed, altered, repaired, or improved, and improvements located on property acquired for right-of-way purposes may be repaired or renovated pending the use of such right-of-way for highway purposes, by contract or state forces. The work or portions thereof may be done by state forces when the estimated costs thereof are less than fifty thousand dollars and effective July 1, 2005, sixty thousand dollars.

(b) When delay of performance of such work would jeopardize a state highway or constitute a danger to the traveling public, the work may be done by state forces when the estimated cost thereof is less than eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(c) When the department of transportation determines to do the work by state forces, it shall enter a statement upon its records to that effect, stating the reasons therefor.

(d) To enable a larger number of small businesses and veteran, minority, and women contractors to effectively compete for department of transportation contracts, the department may adopt rules providing for bids and award of contracts for the performance of work, or furnishing equipment, materials, supplies, or operating services whenever any work is to be performed and the engineer's estimate indicates the cost of the work would not exceed eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(2) The rules adopted under this section:

(a) Shall provide for competitive bids to the extent that competitive sources are available except when delay of performance would jeopardize life or property or inconvenience the traveling public; and

(b) Need not require the furnishing of a bid deposit nor a performance bond, but if a performance bond is not required then progress payments to the contractor may be required to be made based on submittal of paid invoices to substantiate proof that disbursements have been made to laborers, material suppliers, mechanics, and subcontractors from the previous partial payment; and

(c) May establish prequalification standards and procedures as an alternative to those set forth in RCW 47.28.070, but the prequalification standards and procedures under RCW 47.28.070 shall always be sufficient.

(3) The department of transportation shall comply with such goals and rules as may be adopted by the office of minority and women's business enterprises to implement chapter 39.19 RCW with respect to contracts entered into under this chapter. The department may adopt such rules as may be necessary to comply with the rules adopted by the office of minority and women's business enterprises under chapter 39.19 RCW.

(4)(a) For the period of March 15, 2010, through June 30, 2011, work for less than one hundred twenty thousand dollars may be performed on ferry vessels and terminals by state forces. During the 2011-2013 fiscal biennium, work for less than one hundred thousand dollars may be performed on ferry vessels and terminals by state forces.

(b) The department shall hire a disinterested, third party to conduct an independent analysis to identify methods of reducing out-of-service times for vessel maintenance, preservation, and improvement projects. The analysis must include options that consider consolidating work while vessels are at shipyards by having state forces perform services traditionally performed at Eagle Harbor at the shipyard and decreasing the allowable time at shipyards. The analysis must also compare the out-of-service vessel times of performing services by state forces versus contracting out those services which in turn must be used to form a recommendation as to what the threshold of work performed on ferry vessels and terminals by state forces should be. This analysis must be presented to the transportation committees of the senate and house of representatives by December 1, 2010.

(c) The department shall develop a proposed ferry vessel maintenance, preservation, and improvement program and present it to the transportation committees of the senate and house of representatives by December 1, 2010. The proposed program must:

(i) Improve the basis for budgeting vessel maintenance, preservation, and improvement costs and for projecting those costs into a sixteen-year financial plan;

(ii) Limit the amount of planned out-of-service time to the greatest extent possible, including options associated with department staff as well as commercial shipyards; and

(iii) Be based on the service plan in the capital plan, recognizing that vessel preservation and improvement needs may vary by route.

(d) In developing the proposed ferry vessel maintenance, preservation, and improvement program, the department shall consider the following, related to reducing vessel out-of-service time:

(i) The costs compared to benefits of Eagle Harbor repair and maintenance facility operations options to include staffing costs and benefits in terms of reduced out-of-service time;

(ii) The maintenance requirements for on-vessel staff, including the benefits of a systemwide standard;

(iii) The costs compared to benefits of staff performing preservation or maintenance work, or both, while the vessel is underway, tied up between sailings, or not deployed;

ONE HUNDREDTH DAY, APRIL 19, 2011

(iv) A review of the department's vessel maintenance, preservation, and improvement program contracting process and contractual requirements;

(v) The costs compared to benefits of allowing for increased costs associated with expedited delivery;

(vi) A method for comparing the anticipated out-of-service time of proposed projects and other projects planned during the same construction period;

(vii) Coordination with required United States coast guard dry dockings;

(viii) A method for comparing how proposed projects relate to the service requirements of the route on which the vessel normally operates; and

(ix) A method for evaluating the ongoing maintenance and preservation costs associated with proposed improvement projects.

Sec. 711. RCW 43.105.330 and 2006 c 76 s 2 are each amended to read as follows:

(1) The board shall appoint a state interoperability executive committee, the membership of which must include, but not be limited to, representatives of the military department, the Washington state patrol, the department of transportation, the department of information services, the department of natural resources, city and county governments, state and local fire chiefs, police chiefs, and sheriffs, and state and local emergency management directors. The chair and legislative members of the board will serve as nonvoting ex officio members of the committee. Voting membership may not exceed fifteen members.

(2) The chair of the board shall appoint the chair of the committee from among the voting members of the committee.

The parties shall execute a written agreement before November 1st of each odd-numbered year setting forth the name of the arbitrator and the dates reserved for bargaining and arbitration. This subsection (6)(a) imposes minimum obligations only and is not intended to define or limit a party's full, good faith bargaining obligation under other sections of this chapter.

(b) The negotiation of a proposed collective bargaining agreement by representatives of the employer and a ferry employee organization shall commence on or about February 1st of every even-numbered year.

(c) For negotiations covering the 2009-2011 biennium and subsequent biennia, the time periods specified in this section, and in RCW 47.64.210 and 47.64.300 through 47.64.320, must ensure conclusion of all agreements on or before October 1st of the even-numbered year next preceding the biennial budget period during which the agreement should take effect. After the expiration date of a collective bargaining agreement negotiated under this chapter, except to the extent provided in subsection (11) of this section and RCW 47.64.270(4), all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8) The office of financial management shall conduct a salary survey, for use in collective bargaining and arbitration, which must be conducted through a contract with a firm nationally recognized in the field of human resources management consulting.

(9) Except as provided in subsection (11) of this section:

(b) The governor shall submit a request either for funds necessary to implement the arbitration awards or for legislation necessary to implement the arbitration awards, or both. Requests for funds necessary to implement the arbitration awards shall not be submitted to the legislature by the governor unless such requests:

(c) The legislature shall approve or reject the submission of the request for funds necessary to implement the collective bargaining agreements or arbitration awards as a whole for each agreement or award. The legislature shall not consider a request for funds to implement a collective bargaining agreement or arbitration award unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement and award or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 47.64.210 and 47.64.300.

(10) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(11)(a) For the collective bargaining agreements negotiated for the 2011-2013 fiscal biennium, the legislature may consider a request for funds to implement a collective bargaining agreement even if the request for funds was not received by the office of financial management by October 1st and was not transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060.

Sec. 809. 2010 c 247 s 215 (uncodified) is amended to read as follows:

Multimodal Transportation Account--State Appropriation	\$250,000
TOTAL APPROPRIATION	(\$50,081,000)
.....	\$45,969,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The department shall develop a plan for all current and future surplus property parcels based on the recommendations from the surplus property legislative work group that were presented to the senate transportation committee on February 26, 2009. The plan must include, at a minimum, strategies for maximizing the number of parcels sold, a schedule that optimizes proceeds, a recommended cash discount, a plan to report to the joint transportation committee, a recommendation for regional incentives, and a recommendation for equivalent value exchanges. This plan must accompany the department's 2010 supplemental budget request. If the department determines that all or a portion of real property or an interest in real property that was acquired through condemnation within the previous ten years is no longer necessary for a transportation purpose, the former owner has a right of repurchase as described in this subsection. For the purposes of this subsection, "former owner" means the person or entity from whom the department acquired title. At least ninety days prior to the date on which the property is intended to be sold by the department, the department must mail notice of the planned sale to the former owner of the property at the former owner's last known address or to a forwarding address if that owner has provided the department with a forwarding address. If the former owner of the property's last known address, or forwarding address if a forwarding address has been provided, is no longer the former owner of the property's address, the right of repurchase is extinguished. If the former owner notifies the department within thirty days of the date of the notice that the former owner intends to repurchase the property, the department shall proceed with the sale of the property to the former owner for fair market value and shall not list the property for sale to

other owners. If the former owner does not provide timely written notice to the department of the intent to exercise a repurchase right, or if the sale to the former owner is not completed within seven months of the date of notice that the former owner intends to repurchase the property, the right of repurchase is extinguished. By December 1, 2010, the department shall report to the legislative transportation committees on the individuals and entities eligible to receive surplus property provided in RCW 47.12.063 to determine the frequency with which the department transfers property to those individuals and entities and the implications to the department. It is the intent of the legislature that the list of individuals and entities eligible to receive surplus property be periodically evaluated to determine whether the list is appropriate and provides utility to the department.

(2) The legislature recognizes that the Dryden pit site (WSDOT Inventory Control (IC) No. 2-04-00103) is unused state-owned real property under the jurisdiction of the department of transportation, and that the public would benefit significantly from the complete enjoyment of the natural scenic beauty and recreational opportunities available at the site. Therefore, pursuant to RCW 47.12.080, the legislature declares that transferring the property to the department of fish and wildlife for recreational use and fish and wildlife restoration efforts is consistent with the public interest in order to preserve the area for the use of the public and the betterment of the natural environment. The department of transportation shall work with the department of fish and wildlife, and shall transfer and convey the Dryden pit site to the department of fish and wildlife as is for an adjusted fair market value reflecting site conditions, the proceeds of which must be deposited in the motor vehicle fund. The department of transportation is not responsible for any costs associated with the cleanup or transfer of this property. By July 1, 2010, and annually thereafter until the entire Dryden pit property has been transferred, the department shall submit a status report regarding the transaction to the chairs of the legislative transportation committees.

(3) \$3,175,000 of the motor vehicle account--state appropriation is provided solely for the department's compliance with its national pollution discharge elimination system permit.

(4) The department shall provide updated information on six project milestones for all active projects, funded in part or in whole with 2005 transportation partnership account funds or 2003 nickel account funds, on a quarterly basis in the transportation executive information system (TEIS). The department shall also provide updated information on six project milestones for projects, funded with preexisting funds and that are agreed to by the legislature, office of financial management, and the department, on a quarterly basis in TEIS.

After twelve months of continuous operation, the department shall provide a report with recommendations on whether to continue project operations to the office of financial management and the chairs of the transportation committees. The department may end the pilot project after less than twelve consecutive months of operation if insufficient bids or proposals are received from potential sponsors or advertisers. Sec. 812. 2010 c 247 s 218 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION--TRAFFIC	
OPERATIONS--PROGRAM Q-- OPERATING	
Motor Vehicle Account--State Appropriation	(\$51,128,000)
.....	\$49,764,000
Motor Vehicle Account--Federal Appropriation	\$2,050,000
Motor Vehicle Account--Private/Local Appropriation.....	\$127,000
TOTAL APPROPRIATION	(\$53,305,000)
.....	\$51,941,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$2,400,000 of the motor vehicle account--state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. The department shall prioritize low-cost enhancement projects on a statewide rather than regional basis. By September 1st of each even-numbered year, the department shall provide a report to the legislature listing all low-cost enhancement projects prioritized on a statewide rather than regional basis completed in the prior year.

(2) The department, in consultation with the Washington state patrol, may continue a pilot program for the patrol to issue infractions based on information from automated traffic safety cameras in roadway construction zones on state highways. For the purpose of this pilot program, during the 2009-11 fiscal biennium, a roadway construction zone includes areas where public employees or private contractors are not present but where a driving condition exists that would make it unsafe to drive at higher speeds, such as, when the department is redirecting or realigning lanes on any public roadway pursuant to ongoing construction. The department shall use the following guidelines to administer the program:

ONE HUNDREDTH DAY, APRIL 19, 2011

(a) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;

(b) The department shall plainly mark the locations where the automated traffic safety cameras are used by placing signs on locations that clearly indicate to a driver that he or she is entering a roadway construction zone where traffic laws are enforced by an automated traffic safety camera;

(c) Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;

(d) The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the patrol, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;

(e) For purposes of the 2009-11 fiscal biennium pilot program, infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras must be processed in the same manner as parking infractions for the purposes of RCW 3.50.100, 35.20.220, 46.16.216, and 46.20.270(3). However, the amount of the fine issued under this subsection (2) for an infraction generated through the use of an automated traffic safety camera is one hundred thirty-seven dollars. The court shall remit thirty-two dollars of the fine to the state treasurer for deposit into the state patrol highway account; and

(f) If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction must be dismissed against the business if it mails to the patrol, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the patrol within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be included with each automated traffic infraction notice issued, along with instructions for its completion and use.

(3) The department shall implement a pilot project to evaluate the benefits of using electronic traffic flagging devices. Electronic traffic flagging devices must be tested by the department at multiple sites and reviewed for efficiency and safety. The department shall report to the transportation committees of the legislature on the best use and practices involving electronic traffic flagging devices, including recommendations for future use, by June 30, 2010.

(4) \$173,000 of the motor vehicle account--state appropriation is provided solely for the department to continue a pilot tow truck incentive program and to expand the program to other areas of the state. The department may provide incentive payments to towing companies that meet clearance goals on accidents that involve heavy trucks. The department shall report to the office of financial management and the transportation committees of the legislature on the effectiveness of the clearance goals and submit recommendations to improve the pilot program with the department's 2010 supplemental omnibus transportation appropriations act submittal. The tow truck incentive program may continue to provide incentives for quick clearance of traffic incidents involving large vehicles. The department shall make

recommendations as part of its biennial budget proposal for expanding the use of the incentive program.

(5) \$92,000 of the motor vehicle account--state appropriation is provided solely for operating a new active traffic management system on Interstate 5, Interstate 90, and SR 520. The department shall track the costs associated with these systems on a corridor basis and report to the legislative transportation committees on the cost and benefits of the system.

(6) To the extent practicable, the department shall synchronize traffic lights on state route number 161 in the vicinity of Puyallup.

(7) During the 2009-11 biennium, the department shall implement a pilot program that expands private transportation providers' access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles. For purposes of this subsection, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees. By June 30, 2011, the department shall report to the transportation committees of the legislature on whether private transportation provider use of high occupancy vehicle lanes under the pilot program reduces the speeds of high occupancy vehicle lanes. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure.

Multimodal Transportation Account--Private/Local	
Appropriation.....	\$1,025,000
TOTAL APPROPRIATION	(\$134,539,000)
	\$125,477,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$25,000,000 of the multimodal transportation account--state appropriation is provided solely for a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation.

(a) \$5,500,000 of the amount provided in this subsection is provided solely for grants to nonprofit providers of special needs transportation. Grants for nonprofit providers shall be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided.

(b) \$19,500,000 of the amount provided in this subsection is provided solely for grants to transit agencies to transport persons with special transportation needs. To receive a grant, the transit agency must have a maintenance of effort for special needs transportation that is no less than the previous year's maintenance of effort for special needs transportation. Grants for transit agencies shall be prorated based on the amount expended for demand response service and route deviated service in calendar year 2007 as reported in the "Summary of Public Transportation - 2007" published by the department of transportation. No transit agency may receive more than thirty percent of these distributions.

(2) Funds are provided for the rural mobility grant program as follows:

(a) \$8,500,000 of the multimodal transportation account--state appropriation is provided solely for grants for those transit systems serving small cities and rural areas as identified in the "Summary of Public Transportation - 2007" published by the department of transportation. Noncompetitive grants must be distributed to the transit systems serving small cities and rural areas in a manner similar to past disparity equalization programs.

ONE HUNDREDTH DAY, APRIL 19, 2011

(3) \$7,000,000 of the multimodal transportation account--state appropriation is provided solely for a vanpool grant program for: (a) Public transit agencies to add vanpools or replace vans; and (b) incentives for employers to increase employee vanpool use. The grant program for public transit agencies will cover capital costs only; operating costs for public transit agencies are not eligible for funding under this grant program. Additional employees may not be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. The department shall encourage grant applicants and recipients to leverage funds other than state funds. At least \$1,600,000 of this amount must be used for vanpool grants in congested corridors.

(4) (~~(\$400,000)~~) \$280,000 of the multimodal transportation account--state appropriation is provided solely for a grant for a flexible carpooling pilot project program to be administered and monitored by the department. Funds are appropriated for one time only. The pilot project program must: Test and implement at least one flexible carpooling system in a high-volume commuter area that enables carpooling without prearrangement; utilize technologies that, among other things, allow for transfer of ride credits between participants; and be a membership system that involves prescreening to ensure safety of the participants. The program must include a pilot project that targets commuter traffic on the state route number 520 bridge. The department shall submit to the legislature by December 2010 a report on the program results and any recommendations for additional flexible carpooling programs.

(5) \$3,318,000 of the multimodal transportation account--state appropriation and (~~(\$21,248,000)~~) \$17,778,000 of the regional mobility grant program account--state appropriation are reappropriated and provided solely for the regional mobility grant projects identified on the LEAP Transportation Document 2007-B, as developed April 20, 2007, or the LEAP Transportation Document 2006-D, as developed March 8, 2006. The department shall continue to review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. The department shall promptly close out grants when projects have been completed, and any remaining funds available to the office of transit mobility must be used only to fund projects on the LEAP Transportation Document 2006-D, as developed March 8, 2006; the LEAP Transportation Document 2007-B, as developed April 20, 2007; or the LEAP Transportation Document 2009-B, as developed April 24, 2009. It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule. However, the Chuckanut park and ride project (101100G) is recognized as a crucial investment in the transportation system. For this reason, the department shall not close out the grant for the Chuckanut park and ride project until Skagit transit has exhausted all other pending opportunities for federal and local funds. If additional funds cannot be secured, the department shall consider this project a priority in the 2011-13 grant process. The department shall make every effort to advance the Chuckanut park and ride project within existing resources.

(6) (~~(\$33,429,000)~~) \$32,882,000 of the regional mobility grant program account--state appropriation is provided solely for the regional mobility grant projects identified in LEAP Transportation Document 2009-B, as developed April 24, 2009. The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and any

remaining funds available to the office of transit mobility must be used only to fund projects identified in LEAP Transportation Document 2009-B, as developed April 24, 2009. The department shall provide annual status reports on December 15, 2009, and December 15, 2010, to the office of financial management and the transportation committees of the legislature regarding the projects receiving the grants. It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule.

(7) (~~(\$10,596,768)~~) \$5,671,768 of the regional mobility grant program account--state appropriation must be obligated no later than December 31, 2010, and is provided solely for the following recommended contingency regional mobility grant projects identified in the 2009-11 omnibus transportation appropriations act, LEAP Transportation Document 2009-B, as developed April 24, 2009, as follows:

(a) (~~(\$4,000,000)~~) \$975,000 is provided solely for the Rainier/Jackson transit priority corridor improvements;

(b) (~~(\$2,100,000)~~) \$200,000 is provided solely for the state route number 522 west city limits to Northeast 180th stage 2A (91st Ave NE to west of 96th Ave NE) project; and

(c) \$4,496,768 is provided solely for the sound transit express bus expansion - Snohomish to King county project.

(8) \$300,000 of the multimodal transportation account--state appropriation is provided solely for a transportation demand management program, developed by the Whatcom council of governments, to further reduce drive-alone trips and maximize the use of sustainable transportation choices. The community-based program must focus on all trips, not only commute trips, by providing education, assistance, and incentives to four target audiences: (a) Large work sites; (b) employees of businesses in downtown areas; (c) school children; and (d) residents of Bellingham.

(9) \$130,000 of the multimodal transportation account-- state appropriation is provided solely to the department to distribute to support Engrossed Substitute House Bill No. 2072 (special needs transportation).

(a) \$80,000 of the amount provided in this subsection is provided solely for implementation of the work group related to federal requirements in section 1, chapter . . . (Engrossed Substitute House Bill No. 2072), Laws of 2009.

(b) \$50,000 of the amount provided in this subsection is provided solely to support the pilot project to be developed or implemented by the local coordinating coalition comprised of a single county, described in sections 9, 10, and 11, chapter . . . (Engrossed Substitute House Bill No. 2072), Laws of 2009. The department shall assist the local coordinating coalition to seek funding sufficient to fully fund the pilot project from a variety of sources including, but not limited to, the regional transit authority serving the county, the regional transportation planning organization serving the county, and other appropriate state and federal agencies and grants. Development or implementation of the pilot project is contingent on securing funding sufficient to fully fund the pilot project.

(c) If Engrossed Substitute House Bill No. 2072 is not enacted by June 30, 2009, the amount provided in this subsection (9) lapses. If Engrossed Substitute House Bill No. 2072 is enacted by June 30, 2009, but a commitment from other sources to fully fund the pilot project described in (b) of this subsection has not been obtained by September 30, 2009, the amount provided in (b) of this subsection lapses.

(10) Funds provided for the commute trip reduction program may also be used for the growth and transportation efficiency center program.

2011 REGULAR SESSION

(11) An affected urban growth area that has not previously implemented a commute trip reduction program is exempt from the requirements in RCW 70.94.527 if a solution to address the state highway deficiency that exceeds the person hours of delay threshold has been funded and is in progress during the 2009-11 fiscal biennium.

(12) \$2,309,000 of the multimodal transportation account--state appropriation is provided solely for the tri-county connection service for Island, Skagit, and Whatcom transit agencies.

Sec. 816. 2010 c 247 s 222 (uncodified) is amended to read as follows:

FOR	THE	DEPARTMENT	OF
TRANSPORTATION--MARINE--PROGRAM X			
Puget Sound Ferry Operations Account--State			
Appropriation.....		((\$425,922,000))	
.....			\$446,961,000

The appropriation in this section is subject to the following conditions and limitations:

(1) ((~~\$78,754,952~~)) \$97,053,000 of the Puget Sound ferry operations account--state appropriation is provided solely for auto ferry vessel operating fuel in the 2009-11 fiscal biennium. This appropriation is contingent upon the enactment of sections 716 and 701 of this act. All fuel purchased by the Washington state ferries at Harbor Island truck terminal for the operation of the Washington state ferries diesel powered vessels must be a minimum of five percent biodiesel blend so long as the per gallon price of diesel containing a five percent biodiesel blend level does not exceed the per gallon price of diesel by more than five percent.

(2) To protect the waters of Puget Sound, the department shall investigate nontoxic alternatives to fuel additives and other commercial products that are used to operate, maintain, and preserve vessels.

(3) If, after the department's review of fares and pricing policies, the department proposes a fuel surcharge, the department must evaluate other cost savings and fuel price stabilization strategies that would be implemented before the imposition of a fuel surcharge. The department shall report to the legislature and transportation commission on its progress of implementing new fuel forecasting and budgeting practices, price hedging contracts for fuel purchases, and fuel conservation strategies by November 30, 2010.

(4) The department shall strive to significantly reduce the number of injuries suffered by Washington state ferries employees. By December 15, 2009, the department shall submit to the office of financial management and the transportation committees of the legislature its implementation plan to reduce such injuries.

(5) The department shall continue to provide service to Sidney, British Columbia. The department may place a Sidney terminal departure surcharge on fares for out of state residents riding the Washington state ferry route that runs between Anacortes, Washington and Sidney, British Columbia, if the cost for landing/license fee, taxes, and additional amounts charged for docking are in excess of \$280,000 CDN. The surcharge must be limited to recovering amounts above \$280,000 CDN.

(6) The department shall analyze operational solutions to enhance service on the Bremerton to Seattle ferry run. The Washington state ferries shall report its analysis to the transportation committees of the legislature by December 1, 2009.

(7) The office of financial management budget instructions require agencies to recast enacted budgets into activities. The Washington state ferries shall include a greater level of detail in its 2011-13 omnibus transportation appropriations act request, as determined jointly by the office of financial management, the Washington state ferries, and the legislative transportation committees.

(8) ((~~\$4,794,000~~)) \$6,116,000 of the Puget Sound ferry operations account--state appropriation is provided solely for commercial insurance for ferry assets. The office of financial management, after consultation with the transportation committees of the legislature, must present a business plan for the Washington state ferry system's insurance coverage to the 2010 legislature. The business plan must include a cost-benefit analysis of Washington state ferries' current commercial insurance purchased for ferry assets and a review of self- insurance for noncatastrophic events.

(9) \$1,100,000 of the Puget Sound ferry operations account--state appropriation is provided solely for a marketing program. The department shall present a marketing program proposal to the transportation committees of the legislature during the 2010 legislative session before implementing this program. Of this amount, \$10,000 is for the city of Port Townsend and \$10,000 is for the town of Coupeville for mitigation expenses related to only one vessel operating on the Port Townsend/Keystone ferry route. The moneys provided to the city of Port Townsend and town of Coupeville are not contingent upon the required marketing proposal.

(10) \$350,000 of the Puget Sound ferry operations account--state appropriation is provided solely for two extra trips per day during the summer of 2009 season, beyond the current schedule, on the Port Townsend/Keystone route.

(11) When purchasing uniforms that are required by collective bargaining agreements, the department shall contract with the lowest cost provider.

(12) The legislature finds that measuring the performance of Washington state ferries requires the measurement of quality, timeliness, and unit cost of services delivered to customers. Consequently, the department must develop a set of metrics that measure that performance and report to the transportation committees of the legislature and to the office of financial management on the development of these measurements along with recommendations to the 2010 legislature on which measurements must become a part of the next omnibus transportation appropriations act.

(13) As a priority task, the department is directed to propose a comprehensive incident and accident investigation policy and appropriate procedures, and to provide the proposal to the legislature by November 1, 2009, using existing resources and staff expertise. In addition to consulting with ferry system unions and the United States coast guard, the Washington state ferries is encouraged to solicit independent outside expertise on incident and accident investigation best practices as they may be found in other organizations with a similar concern for marine safety. It is the intent of the legislature to enact the policies into law and to publish that law and procedures as a manual for Washington state ferries' accident/incident investigations. Until that time, the Washington state ferry system must exercise particular diligence to assure that any incident or accident investigations are conducted within the spirit of the guidelines of this act. The proposed policy must contain, at a minimum:

(a) The definition of an incident and an accident and the type of investigation that is required by both types of events;

(b) The process for appointing an investigating officer or officers and a description of the authorities and responsibilities of the investigating officer or officers. The investigating officer or officers must:

(c) The process of working with the affected employee or employees in accordance with the employee's or employees' respective collective bargaining agreement and the appropriate union officials, within protocols afforded to all public employees;

(d) The process by which the United States coast guard is kept informed of, interacts with, and reviews the investigation;

(e) The process for review, approval, and implementation of any approved recommendations within the department; and

(f) The process for keeping the public informed of the investigation and its outcomes, in compliance with any affected employee's or employees' respective collective bargaining agreement and state laws and rules regarding public disclosure under chapter 42.56 RCW.

(14) \$7,300,000 of the Puget Sound ferry operations account--state appropriation is provided solely for the purposes of travel time associated with Washington state ferries employees. However, if Engrossed Substitute House Bill No. 3209 (managing costs of ferry system) is enacted by June 30, 2010, containing an appropriation for purposes of travel time associated with Washington state ferries employees, the amount provided in this subsection lapses.

(15) \$50,000 of the Puget Sound ferry operations account--state appropriation is provided solely to implement a mechanism to report on-time performance statistics.

(a) The department shall conduct a study to identify process changes that would improve on-time performance on a route-by-route basis. The study must include looking into the slowing down of vessels for fuel economy purposes and touch-and-go sailings on peak runs. The department shall report its findings to the transportation committees of the senate and house of representatives by December 1, 2010.

(b) The department shall, by November 1, 2010, report to the transportation committees of the legislature statistics regarding its on-time arrival and departure status on a route-by-route and month-by-month basis, as well as an annual route-by-route and systemwide basis, weighted by the number of customers on each sailing and distinguishing peak period on-time performance. The statistics must include reasons for any delays over ten minutes from the scheduled time. The statistics must be prominently displayed on the Washington state ferries' web site. Each Washington state ferries vessel and terminal must prominently display the statistics as they relate to their specific route.

(16) The department shall investigate outsourcing the call center functions planned for the ferry reservation system and report its findings to the transportation committees of the senate and house of representatives by December 15, 2010.

(17) By July 1, 2010, the department shall provide to the governor and the transportation committees of the senate and house of representatives a listing of all benefits that Washington state ferries union employees receive that other state employees do not traditionally receive. The listing must include any costs associated with these benefits.

(a) The first two Island Home class ferry vessels must be placed on the Port Townsend-Keystone route.

(b) The department may add additional passenger capacity to one of the Island Home class ferry vessels to make it more flexible within the system in the future, if doing so does not require additional staffing on the vessel.

(c) Cost savings from the following initiatives will be included in the funding of these vessels: The department's review and update of the vessel life-cycle cost model as required under this section; and the implementation of technology efficiencies as required under section 602 of this act.

(3)(a) \$8,450,000 of the Puget Sound capital construction account-- state appropriation (~~and \$2,450,000~~), \$2,000 of the Puget Sound capital construction account--federal appropriation, and \$1,450,000 of the transportation partnership account--state appropriation are provided solely for the following projects related to the design of a 144-vehicle vessel class: (i) (~~\$1,380,000~~) \$700,000 is provided solely for completion of the contract for owner-furnished equipment; (ii) \$8,320,000 is provided solely for completion of the technical design, detail design, and production drawings(~~(, all of which must plan for an aluminum superstructure)~~); (iii) (~~\$480,000~~) \$300,000 is provided solely for the storage of owner-furnished equipment; and (iv) a maximum of (~~\$720,000~~) \$582,000 is for construction engineering. (b) The department shall conduct a cost-benefit study on alternative furnishings and fittings for the 144-vehicle vessel class. The study must review the proposed interior furnishings and fittings for the long-term maintenance and out-of-service vessel costs and, if appropriate, propose alternative interior furnishings and fittings that will decrease long-term maintenance and out-of-service vessel costs. The study must include a projection of out-of-service time and a life-cycle cost analysis of planned out-of-service time, including the impact on fleet size. The department must submit the study to the joint transportation committee by August 1, 2010.

((c) The department shall identify costs for any additional detail design and production drawings costs related to incorporating the aluminum superstructure and any changes in the proposed furnishings and fittings.))

(4) (~~\$6,300,000~~) \$2,000,000 of the Puget Sound capital construction account--state appropriation is provided solely for emergency capital costs.

(5) (~~\$3,000,000~~) \$1,235,000 of the (~~Puget Sound capital construction account--federal~~) total appropriation is provided solely for completing the Anacortes terminal design up to the maximum allowable construction cost phase. (6) (~~\$3,965,000~~) of the Puget Sound capital construction account-- state appropriation is provided solely for the following vessel projects: Waste heat recovery pilot project for the Issaquah; jumbo Mark I class steering gear ventilation pilot project; and improvements to the Yakima and Kaleetan propulsion controls to

allow for two engine operation. Before beginning these projects, the Washington state ferries must ensure the vessels' out-of-service time does not negatively impact service to the system.

(7)) The department shall pursue purchasing a foreign-flagged vessel for service on the Anacortes, Washington to Sidney, British Columbia ferry route.

((~~8~~)) (7) The department shall provide to the office of financial management and the legislature quarterly reports providing the status on each project listed in this section and in the project lists submitted pursuant to this act and on any additional projects for which the department has expended funds during the 2009-11 fiscal biennium. Elements must include, but not be limited to, project scope, schedule, and costs. The department shall also provide the information required under this subsection via the transportation executive information systems (TEIS). (b) Limit the amount of planned out-of-service time to the greatest extent possible, including options associated with department staff as well as commercial shipyards. At a minimum, the department shall consider the following:

(i) The costs compared to benefits of Eagle Harbor repair and maintenance facility operations options to include staffing costs and benefits in terms of reduced out-of-service time;

(ii) The maintenance requirements for on-vessel staff, including the benefits of a systemwide standard;

(iii) The costs compared to benefits of staff performing preservation or maintenance work, or both, while the vessel is underway, tied up between sailings, or not deployed;

(iv) A review of the department's vessel maintenance, preservation, and improvement program contracting process and contractual requirements;

(v) The costs compared to benefits of allowing for increased costs associated with expedited delivery;

(vi) A method for comparing the anticipated out-of-service time of proposed projects and other projects planned during the same construction period;

(vii) Coordination with required United States coast guard dry dockings;

(viii) A method for comparing how proposed projects relate to the service requirements of the route on which the vessel normally operates; and

ONE HUNDREDTH DAY, APRIL 19, 2011

(ix) A method for evaluating the ongoing maintenance and preservation costs associated with proposed improvement projects; and

(c) Be based on the service plan in the capital plan, recognizing that vessel preservation and improvement needs may vary by route.

This review will evaluate the impact of the planned out-of-service periods scheduled for each vessel on the ability of the overall system to deliver uninterrupted service and will assess the risk of service disruption from unscheduled maintenance or longer than planned maintenance periods.

~~((14))~~ (13) The department shall work with the department of archaeology and historic preservation to ensure that the cultural resources investigation is properly conducted on all large ferry terminal projects. These projects must be conducted with active archaeological management. Additionally, the department shall establish a scientific peer review of independent archaeologists that are knowledgeable about the region and its cultural resources.

ONE HUNDREDTH DAY, APRIL 19, 2011

2011 REGULAR SESSION

(b) When the department identifies a prospective rail project that may have strategic significance for the state, or at the request of a proponent of a prospective rail project or a member of the legislature, the department shall evaluate the prospective project according to the cost benefit methodology developed during the 2008 interim using the legislative priorities specified in (c) of this subsection. The department shall report its cost benefit evaluation of the prospective rail project, as well as the department's best estimate of an appropriate construction schedule and total project costs, to the office of financial management and the transportation committees of the legislature.

(c) The legislative priorities to be used in the cost benefit methodology are, in order of relative importance:

- (i) Economic, safety, or environmental advantages of freight movement by rail compared to alternative modes;
- (ii) Self-sustaining economic development that creates family-wage jobs;
- (iii) Preservation of transportation corridors that would otherwise be lost;
- (iv) Increased access to efficient and cost-effective transport to market for Washington's agricultural and industrial products;
- (v) Better integration and cooperation within the regional, national, and international systems of freight distribution; and
- (vi) Mitigation of impacts of increased rail traffic on communities.

(3) The department is directed to seek the use of unprogrammed federal rail crossing funds to be expended in lieu of or in addition to state funds for eligible costs of projects in program Y.

(4) At the earliest possible date, the department shall apply, and assist ports and local jurisdictions in applying, for any federal funding that may be available for any projects that may qualify for such federal funding. State projects must be (a) currently identified on the project list referenced in subsection (1)(a) of this section or (b) projects for which no state match is required to complete the project. Local or port projects must not require additional state funding in order to complete the project, with the exception of (c) state funds currently appropriated for such project if currently identified on the project list referenced in subsection (1)(a) of this section or (d) potential grants awarded in the competitive grant process for the essential rail assistance program. If the department receives any federal funding, the department is authorized to obligate and spend the federal funds in accordance with federal law. To the extent permissible by federal law, federal funds may be used (e) in addition to state funds appropriated for projects currently identified on the project list referenced in subsection (1)(a) of this section in order to advance funding from future biennia for such project(s) or (f) in lieu of state funds; however, the state funds must be redirected within the rail capital program to advance funding for other projects currently identified on the project list referenced in subsection (1)(a) of this section. State funds may be redirected only upon consultation with the transportation committees of the legislature and the office of financial management, and approval by the director of the office of financial management. The department shall spend the federal funds before the state funds, and shall consult the office of financial management and the transportation committees of the legislature regarding project scope changes.

(5) The department shall provide quarterly reports to the office of financial management and the transportation committees of the legislature regarding applications that the department submits for federal funds and the status of such applications.

(8) When the balance of that portion of the miscellaneous program account apportioned to the department for the grain train program reaches \$1,180,000, the department shall acquire twenty-nine additional grain train railcars.

(9) ~~(\$50,000,000)~~ \$22,354,000 of the multimodal transportation account--federal appropriation is provided solely for high-speed rail projects awarded to Washington state from the high-speed intercity passenger rail program under the American recovery and reinvestment act. Funding will allow for two additional round trips between Seattle and Portland, and other rail improvements.

(10) \$2,200,000 of the multimodal transportation account--state appropriation is provided solely for expenditures related to the capital high-speed passenger rail grant that are not federally reimbursable.

(11) The Burlington Northern Santa Fe Skagit river bridge is an integral part of the rail system. Constructed in 1916, the bridge does not meet current design standards and is at risk during flood events that occur on the Skagit river. The department shall work with Burlington Northern Santa Fe and local jurisdictions to secure federal funding for the Skagit river bridge and to develop an appropriate replacement plan and schedule.

(12) \$1,000,000 of the multimodal transportation account--state appropriation is provided solely for additional expenditures along the Chelatchie Prairie railroad (~~(LN2000025))~~ (710110A).

Fund transfers authorized under this subsection shall not affect project prioritization status. Appropriations shall initially be allotted as appropriated in this act. The department may not transfer funds as authorized under this subsection without approval of the office of financial management. The department shall submit a report on those projects receiving fund transfers to the office of financial management and the transportation committees of the legislature by December 1, 2009, and December 1, 2010.

(8) The city of Winthrop may utilize a design-build process for the Winthrop bike path project. Projects must be allocated funding based on order of priority. The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and identify where unused grant funds remain because actual project costs were lower than estimated in the grant award.

Senator Haugen spoke in favor of adoption of the striking amendment.

MOTION

Senator Benton moved that the following amendment by Senator Benton to the striking amendment be adopted:

On page 14, after line 25, insert the following:

"(13) Appropriations provided in this section are sufficient for the department to process applications for drivers' licenses, driver's instruction permits, juvenile agricultural driving permits, and identicards. Consistent with RCW 46.20.035 and 46.20.091 regarding an applicant's proof of identity and Washington state residency, when an applicant for a driver's license, driver's instruction permit, juvenile agricultural driving permit, or identicard does not provide a valid social security number as part of their application process, the department shall verify the lawful presence of the applicant through the alien verification for entitlements program administered by the United States citizenship and immigrations services. If the lawful presence of the applicant cannot be verified, the application must be denied."

Senator Benton spoke in favor of adoption of the amendment to the striking amendment.

POINT OF ORDER

Senator Brown: "Thank you Mr. President. Mr. President, I would submit that the amendment is in violation of Senate Rule 66 and Rule 25 by introducing a second subject beyond the scope and object of the underlying striking amendment. The striking amendment is the 2011-13 biennial transportation budget. It simply appropriates funds for transportation projects and operations. The amendment adds new substance law to the budget bill by requiring the Department of Licensing to verify lawful presence of license permit and identicard applicants. The President has consistently ruled that adding substantive law into a budget bill violates Senate Rule 25 prohibiting more than one subject in a bill. Both the fact that a subject matter of the amendment was dealt with in a separate substance bill, as the Senator alluded to, and that the duration of the amendment would extend beyond the two-year time period of the budget point to the fact that this is a substantive amendment to a budget bill. I therefore request that the President rule that the amendment be ruled out of order."

Senator Benton spoke against the point of order.

MOTION

On motion of Senator Eide, further consideration of Engrossed Substitute House Bill No. 1175 was deferred and the bill held its place on the second reading calendar.

MOTION

On motion of Senator Eide, the Senate advanced to the eighth order of business.

SENATE RESOLUTION

8659

By Senators Honeyford, Holmquist Newbry, and Fraser

WHEREAS, It has been the tradition of the Washington State Senate to honor significant and important contributions made by employees; and

WHEREAS, Janet Haag began her illustrious and lengthy career with the Washington State Legislature in 1986; and

WHEREAS, Janet began working for the House of Representatives in 1986 for Representative Haley, moving to full-time positions with Representative Jean Silver (1989), and Representative Jim Honeyford (1996); and

WHEREAS, Janet moved to the Senate with newly elected Senator Honeyford in January 1, 1999, where she has served with grace, a wonderful sense of humor, and the skills to perform the multitude of tasks that Legislative Assistants are required to perform (see the small print); and

WHEREAS, Janet has shared her love of travel: Regaling us with stories from Africa, where the women of a Samburu village honored her with the name Kwaheri Mama that was acknowledging her openness and acceptance of the people of the village; trips to the Scandinavian homeland of her parents, where she met extended family members and stayed in their homes; and trips to England, especially the Cornish moors and heath that were reminiscent of the wonderful Victorian novels she enjoys reading. On all of these adventures she was accompanied by either her husband Roger, her family, or her friends; and

WHEREAS, Janet's love of a good book, movie, or TV show has also brought her new adventures, just ask her about "Lost," the entertainment world, and people she met while working in Los Angeles; and

WHEREAS, Janet found herself with a lot of love in her heart that she needed to share by adopting Milt Doumit as her son, so that she could share her wisdom with him, and his rugged good looks could be a comfort to her; and

WHEREAS, Janet assumed the role as peacemaker within the Newhouse Building, selflessly giving of herself and working tirelessly to mediate disputes as to dishes left in the common sink, machines left jammed in the copy room, and crimes against humanity found in the community refrigerator; and

WHEREAS, Janet was always willing to faithfully serve the public and constituents, but she made it very clear to everyone else that she could only please one person a day, and today was not their day, nor was tomorrow looking good, either; and

WHEREAS, Janet was an eternal pragmatist who often remarked that, if everything seems to be going well, something has obviously been overlooked; and

WHEREAS, Janet would often watch Floor action, shake her head, and advise those around her to never argue with a fool, as people might not know the difference; and

WHEREAS, Janet attributed her sunny disposition and longevity in public service to clean living, looking upon the bright side of every situation, and never, ever setting foot in caucus unless it was absolutely necessary (in which case, she sent the intern); and

ONE HUNDREDTH DAY, APRIL 19, 2011

WHEREAS, The many, many friends she has gathered around her during these years in public service will miss her mightily and more than words can ever express, but wish her all the best on her well-deserved retirement;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State Senate give Janet heartfelt thanks for her years of service and wish her and Roger days of travel, family, and friends; and

MESSAGE FROM THE HOUSE

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5688 with the following amendment(s): 5688-S AMH AGNR H2209.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds and declares the following:

(1) The practice of shark finning, where a shark is caught, its fins are sliced off while it is still alive, and the animal returned to the sea severely and almost always fatally wounded, constitutes a serious threat to Washington's coastal ecosystem and biodiversity. Sharks are particularly susceptible to overfishing because they only reach sexual maturity between seven to twelve years of age and hatch or birth small litters. The destruction of the population of sharks, which reside at the top of the marine food chain, is an urgent problem that upsets the balance of species in the ocean ecosystem.

(2) Shark finning condemns millions of sharks every year to slow, painful deaths. Returned to the water without their fins, the maimed sharks are attacked by other predators or drown, because most shark species must swim in order to push water through their gills. Shark finning is therefore a cruel practice contrary to the good morals of the citizens of the state of Washington.

(3) The market for shark fins drives the brutal practice of shark finning. Shark finning and trade in shark fins and shark fin derivative products are occurring all along the Pacific Coast, including the state of Washington.

(4) The consumption of shark fins and shark fin derivative products by humans may cause serious health risks, including risks from mercury.

NEW SECTION. **Sec. 2.** A new section is added to chapter 77.15 RCW to read as follows:

(1) Except as otherwise provided in this section, a person is guilty of unlawful trade in shark fins in the second degree if:

(a) The person sells, offers for sale, purchases, offers to purchase, or otherwise exchanges a shark fin or shark fin derivative product for commercial purposes; or

(b) The person prepares or processes a shark fin or shark fin derivative product for human or animal consumption for commercial purposes.

(2) Except as otherwise provided in this section, a person is guilty of unlawful trade in shark fins in the first degree if:

(a) The person commits the act described by subsection (1) of this section and the violation involves shark fins or a shark fin derivative product with a total market value of two hundred fifty dollars or more;

(b) The person commits the act described by subsection (1) of this section and acted with knowledge that the shark fin or shark fin derivative product originated from a shark that was harvested in an area or at a time where or when the harvest was not legally allowed or by a person not licensed to harvest the shark; or

(c) The person commits the act described by subsection (1) of this section and the violation occurs within five years of entry of a prior conviction under this section or a prior conviction for any other gross misdemeanor or felony under this title involving fish, other than a recreational fishing violation.

(3)(a) Unlawful trade in shark fins in the second degree is a gross misdemeanor. Upon conviction, the department shall suspend any commercial fishing privileges for the person that requires a license under this title for a period of one year.

(b) Unlawful trade in shark fins in the first degree is a class C felony. Upon conviction, the department shall suspend any commercial fishing privileges for the person that requires a license under this title for a period of one year.

ONE HUNDRED FIRST DAY, APRIL 20, 2011

2011 REGULAR SESSION

(4) Any person who obtains a license or permit issued by the department to take or possess sharks or shark parts for bona fide research or educational purposes, and who sells, offers for sale, purchases, offers to purchase, or otherwise trades a shark fin or shark fin derivative product, exclusively for bona fide research or educational purposes, may not be held liable under or subject to the penalties of this section.

(5) Nothing in this section prohibits the sale, offer for sale, purchase, offer to purchase, or other exchange of shark fins or shark fin derivative products for commercial purposes, or preparation or processing of shark fins or shark fin derivative products for purposes of human or animal consumption for commercial purposes, if the shark fins or shark fin derivative products were lawfully harvested or lawfully acquired prior to the effective date of this section.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Brown asserting that Amendment # 379 to the committee striking amendment to Engrossed Substitute House Bill No. 1175 includes substantive law in violation of Senate Rules 25 and 66, the President finds and rules as follows:

The proposed amendment offered by Senator Benton seeks to include in the transportation budget a provision that would require the department of licensing to verify the lawful presence of applicants for various licenses.

The President has long held that a budget bill – whether for the purposes of transportation, or the operation of state agencies – is not an appropriate forum for changing state substantive law. This position was developed in part after the Supreme Court's decision in *Legislature v. Locke*. In determining whether substantive law is present, several alternative factors may be considered. Two of these are: first, whether the proposed language seeks to include a policy change that was the subject of a separate bill; and second, whether the inclusion of the language would redefine rights or eligibility for services.

Here, the offered amendment seeks to include the licensing requirements found in a separate bill, Senate Bill 5407, which did not pass. That bill, and this amendment, would reduce the number of persons currently eligible to obtain drivers licenses or similar permits. Both of these factors indicate that the amendment would affect state substantive law and are appropriately part of a policy bill, but are not appropriate for inclusion in a budget bill.

Having so decided, the President would note that Sen. Brown's motion raised objections under Rule 25 and Rule 66. An amendment that, if adopted, would add a second subject to a bill in violation of Senate Rule 25, almost by definition violates Rule 66, which prohibits changing the scope and object of a bill. This is different from the President's analysis of the two-subject rule when applied to a bill, as a bill may contain two subjects as it is drafted, and the scope and object concerns under Rule 66 never apply. In this case, it is not necessary to specifically decide which violation is more significant, as the result is the same: the amendment is out of order.

For these reasons, if adopted, Senator Benton's amendment would violate Rules 25 and 66, and Senator Brown's point is well-taken."

MOTION

At 10:13 a.m., on motion of Senator Eide, the Senate was declared to be at ease subject to the call of the President.

The Senate was called to order at 11:47 a.m. by President Owen.

MESSAGE FROM THE HOUSE

April 9, 2011

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5531 with the following amendment(s): 5531-S AMH ENGR H2473.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that counties that host evaluation and treatment beds incur costs by providing judicial services associated with civil commitments under chapters 71.05 and 71.34 RCW. Because evaluation and treatment beds are not evenly distributed across the state, these commitments frequently occur in a different county from the county in which the person was originally detained. The intent of this act is to create a process for the state to reimburse counties through the regional support networks for the counties' reasonable direct costs incurred in providing these judicial services, and to prevent the burden of these costs from falling disproportionately on the counties or regional support networks in which the commitments are most likely to occur. The legislature recognizes that the costs of judicial services may vary across the state based on different factors and conditions.

ONE HUNDRED FIRST DAY, APRIL 20, 2011

2011 REGULAR SESSION

NEW SECTION. Sec. 2. A new section is added to chapter 71.05 RCW to read as follows:

(1) A county may apply to its regional support network on a quarterly basis for reimbursement of its direct costs in providing judicial services for civil commitment cases under this chapter and chapter 71.34 RCW. The regional support network shall in turn be entitled to reimbursement from the regional support network which serves the county of residence of the individual who is the subject of the civil commitment case. Reimbursements under this section shall be paid out of the regional support network's nonmedicaid appropriation.

(2) Reimbursement for judicial services shall be provided per civil commitment case at a rate to be determined based on an independent assessment of the county's actual direct costs. This assessment must be based on an average of the expenditures for judicial services within the county over the past three years. In the event that a baseline cannot be established because there is no significant history of similar cases within the county, the reimbursement rate shall be equal to eighty percent of the median reimbursement rate of counties included in the independent assessment.

(3) For the purposes of this section:

(a) "Civil commitment case" includes all judicial hearings related to a single episode of hospitalization, or less restrictive alternative detention in lieu of hospitalization, except that the filing of a petition for a one hundred eighty-day commitment under this chapter or a petition for a successive one hundred eighty-day commitment under chapter 71.34 RCW shall be considered to be a new case regardless of whether there has been a break in detention. "Civil commitment case" does not include the filing of a petition for a one hundred eighty-day commitment under this chapter on behalf of a patient at a state psychiatric hospital.

(b) "Judicial services" means a county's reasonable direct costs in providing prosecutor services, assigned counsel and defense services, court services, and court clerk services for civil commitment cases under this chapter and chapter 71.34 RCW.

(4) To the extent that resources have shared purpose, the regional support network may only reimburse counties to the extent such resources are necessary for and devoted to judicial services as described in this section.

(5) No filing fee may be charged or collected for any civil commitment case subject to reimbursement under this section.

NEW SECTION. Sec. 3. A new section is added to chapter 71.05 RCW to read as follows:

(1) The joint legislative audit and review committee shall conduct an independent assessment of the direct costs of providing judicial services under this chapter and chapter 71.34 RCW as defined in section 2 of this act. This assessment shall be conducted for any county in which more than twenty civil commitment cases were conducted during the year prior to the study. This assessment must be completed by June 1, 2012.

(2) The administrative office of the courts and the department shall provide the joint legislative audit and review committee with assistance and data required to complete the assessment.

(3) The joint legislative audit and review committee shall present recommendations as to methods for updating the costs identified in the assessment to reflect changes over time.

NEW SECTION. Sec. 4. A new section is added to chapter 71.34 RCW to read as follows:

A county may apply to its regional support network for reimbursement of its direct costs in providing judicial services for civil commitment cases under this chapter, as provided in section 2 of this act.

Sec. 5. RCW 71.05.110 and 1997 c 112 s 7 are each amended to read as follows:

Attorneys appointed for persons pursuant to this chapter shall be compensated for their services as follows: (1) The person for whom an attorney is appointed shall, if he or she is financially able pursuant to standards as to financial capability and indigency set by the superior court of the county in which the proceeding is held, bear the costs of such legal services; (2) if such person is indigent pursuant to such standards, the ~~((costs of such services shall be borne by))~~ regional support network shall reimburse the county in which the proceeding is held ~~((subject however to the responsibility for costs provided in RCW 71.05.320(2)))~~ for the direct costs of such legal services, as provided in section 2 of this act.

Sec. 6. RCW 71.24.160 and 2001 c 323 s 15 are each amended to read as follows:

The regional support networks shall make satisfactory showing to the secretary that state funds shall in no case be used to replace local funds from any source being used to finance mental health services prior to January 1, 1990. Maintenance of effort funds devoted to judicial services related to involuntary commitment reimbursed under section 2 of this act must be expended for other purposes that further treatment for mental health and chemical dependency disorders.

Sec. 7. RCW 71.34.300 and 1985 c 354 s 14 are each amended to read as follows:

(1) The county or combination of counties is responsible for development and coordination of the evaluation and treatment program for minors, for incorporating the program into the county mental health plan, and for coordination of evaluation and treatment services and resources with the community mental health program required under chapter 71.24 RCW.

MESSAGE FROM THE HOUSE

March 5, 2011

MR. PRESIDENT:

The House passed SUBSTITUTION SENATE BILL NO. 5700 with the following amendment(s): 5700-S AMH TR H1972.2

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that Washington voters strongly supported Initiative Measure No. 1053 during the 2010 general election, which indicates the clear desire on the part of the state's citizens that legislators approve any new fees or increases to existing fees. The legislature further recognizes that during the 2009 legislative session tolling was authorized on the state route number 520 corridor, bonds were authorized to finance construction of corridor projects, and the legislature committed to continue imposing tolls on the corridor in amounts sufficient to pay the principal and interest on those bonds. As tolling is scheduled to begin on the corridor in early April 2011, the legislature intends to honor the voters' clear direction as identified in Initiative Measure No. 1053 by reviewing the transportation commission's recommended schedule for tolling charges and explicitly approving

those rates applicable to the state route number 520 corridor. The legislature also intends to review the transportation commission's recommended schedule for photo toll charges and explicitly approve those rates applicable to the Tacoma Narrows bridge.

NEW SECTION. Sec. 2. A new section is added to chapter 47.56 RCW to read as follows:

(1) Consistent with RCW 43.135.055 and 47.56.805 through 47.56.876, the legislature approves the action taken by the transportation commission on January 5, 2011, adopting amended rules to set the schedule of toll rates applicable to the state route number 520 corridor. The legislature further authorizes the transportation commission, as the tolling authority for the state, to set and adjust toll rates on the state route number 520 corridor in accordance with the authorization, requirements, and guidelines set forth in RCW 47.56.830, 47.56.850, and 47.56.870. The transportation commission may adjust the toll rates, as identified in the adopted schedule of toll rates, only in amounts not greater than those sufficient to meet (a) the operating costs of the state route number 520 corridor, including necessary maintenance, preservation, renewal, replacement, administration, and toll enforcement by public law enforcement and (b) obligations for the timely payment of debt service on bonds issued under chapter 498, Laws of 2009 and this act, and any other associated financing costs including, but not limited to, required reserves, minimum debt coverage or other appropriate contingency funding, insurance, and compliance with all other financial and other covenants made by the state in the bond proceedings. Prior to the convening of each regular session of the legislature, the transportation commission must provide the transportation committees of the legislature with a detailed report regarding any increase or decrease in any toll rate approved by the commission that has not been described in a previous report provided pursuant to this subsection (1), along with a detailed justification for each such increase or decrease.

(2) Consistent with RCW 43.135.055 and 47.46.100, the legislature approves the action taken by the transportation commission on January 25, 2011, adopting amended rules to set the schedule of photo toll, or "pay by mail," charges applicable to the Tacoma Narrows bridge. Prior to the convening of each regular session of the legislature, the transportation commission must provide the transportation committees of the legislature with a detailed report regarding any increase or decrease in any toll rate approved by the commission that has not been described in a previous report provided pursuant to this subsection (2), along with a detailed justification for each such increase or decrease.

(3) Consistent with RCW 43.135.055 and 47.56.795(6), the legislature approves the action taken by the transportation commission on January 5, 2011, adopting amended rules concerning the assessment of administrative fees for toll collection processes. The administrative fees must not exceed toll collection costs.

Sec. 3. RCW 47.10.882 and 2009 c 498 s 11 are each amended to read as follows:

The toll facility bond retirement account is created in the state treasury for the purpose of payment of the principal of and interest and premium on bonds. Both principal of and interest on the bonds issued for the purposes of chapter 498, Laws of 2009 and this act shall be payable from the toll facility bond retirement account. The state finance committee may provide that special subaccounts be created in the account to facilitate payment of the principal of and interest on the bonds. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on the bonds in accordance with the bond proceedings.

Sec. 4. RCW 47.10.886 and 2009 c 498 s 16 are each reenacted to read as follows:

ONE HUNDRED FIRST DAY, APRIL 20, 2011

2011 REGULAR SESSION

If and to the extent that the state finance committee determines, in consultation with the department of transportation and the tolling authority, that it will be beneficial for the state to issue any bonds authorized in RCW 47.10.879 and 47.10.883 through 47.10.885 as toll revenue bonds rather than as general obligation bonds, the state finance committee is authorized to issue and sell, upon the request of the department of transportation, such bonds as toll revenue bonds and not as general obligation bonds. Notwithstanding RCW 47.10.883, each such bond shall contain a recital that payment or redemption of the bond and payment of the interest and any premium thereon is payable solely from and secured solely by a direct pledge, charge, and lien upon toll revenue and is not a general obligation of the state to which the full faith and credit of the state is pledged.

Toll revenue is hereby pledged to the payment of any bonds and the interest thereon issued under the authority of this section, and the legislature agrees to continue to impose these toll charges on the state route number 520 corridor, and on any other eligible toll facility designated by the legislature and on which the imposition of tolls is authorized by the legislature in respect of the bonds, in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of this section.

Sec. 5. RCW 47.10.887 and 2009 c 498 s 17 are each amended to read as follows:

The state finance committee may determine and include in any resolution authorizing the issuance of any bonds under chapter 498, Laws of 2009 and this act, such terms, provisions, covenants, and conditions as it may deem appropriate in order to assist with the marketing and sale of the bonds, confer rights upon the owners of bonds, and safeguard rights of the owners of bonds including, among other things:

(1) Provisions regarding the maintenance and operation of eligible toll facilities;

(2) The pledges, uses, and priorities of application of toll revenue;

(3) Provisions that bonds shall be payable from and secured solely by toll revenue as provided by RCW 47.10.886, or shall be payable from and secured by both toll revenue and by a pledge of excise taxes on motor vehicle and special fuels and the full faith and credit of the state as provided in RCW 47.10.879 and 47.10.883 through 47.10.885;

(4) In consultation with the department of transportation and the tolling authority, financial covenants requiring that the eligible toll facilities must produce specified coverage ratios of toll revenue to debt service on bonds;

(5) The purposes and conditions that must be satisfied prior to the issuance of any additional bonds that are to be payable from and secured by any toll revenue on an equal basis with previously issued and outstanding bonds payable from and secured by toll revenue;

(6) Provisions that bonds for which any toll revenue are pledged, or for which a pledge of any toll revenue may be reserved, may be structured on a senior, parity, subordinate, or special lien basis in relation to any other bonds for which toll revenue is pledged, with respect to toll revenue only; and

(7) Provisions regarding reserves, credit enhancement, liquidity facilities, and payment agreements with respect to bonds.

Notwithstanding the foregoing, covenants and conditions detailing the character of management, maintenance, and operation of eligible toll facilities, insurance for eligible toll facilities, financial management of toll revenue, and disposition of eligible toll facilities must first be approved by the department of transportation.

The owner of any bond may by mandamus or other appropriate proceeding require and compel performance of any duties imposed upon the tolling authority and the department of transportation and their respective officials, including any duties imposed upon or

undertaken by them or by their respective officers, agents, and employees, in connection with the construction, maintenance, and operation of eligible toll facilities and in connection with the collection, deposit, investment, application, and disbursement of the proceeds of the bonds and toll revenue.

Sec. 6. RCW 47.10.888 and 2009 c 498 s 18 are each amended to read as follows:

(1) For the purposes of chapter 498, Laws of 2009 and this act, "toll revenue" means all toll receipts, all interest income derived from the investment of toll receipts, and any gifts, grants, or other funds received for the benefit of transportation facilities in the state, including eligible toll facilities. However, for the purpose of any pledge of toll revenue to the payment of particular bonds issued under chapter 498, Laws of 2009 and this act, "toll revenue" means and includes only such toll revenue or portion thereof that is pledged to the payment of those bonds in the resolution authorizing the issuance of such bonds. Toll revenue constitutes "fees and revenues derived from the ownership or operation of any undertaking, facility, or project" as that phrase is used in Article VIII, section 1(c)(1) of the state Constitution.

(2) For the purposes of chapter 498, Laws of 2009 and this act, "tolling authority" has the same meaning as in RCW 47.56.810.

Sec. 7. RCW 47.56.810 and 2008 c 122 s 3 are each amended to read as follows:

The definitions in this section apply throughout this subchapter unless the context clearly requires otherwise:

(1) "Tolling authority" means the governing body that is legally empowered to review and adjust toll rates. Unless otherwise delegated, the transportation commission is the tolling authority for all state highways.

(2) "Eligible toll facility" or "eligible toll facilities" means portions of the state highway system specifically identified by the legislature including, but not limited to, transportation corridors, bridges, crossings, interchanges, on-ramps, off-ramps, approaches, bistate facilities, and interconnections between highways.

(3) "Toll revenue" or "revenue from an eligible toll facility" means toll receipts, all interest income derived from the investment of toll receipts, and any gifts, grants, or other funds received for the benefit of ~~((the))~~ transportation facilities in the state, including eligible toll ~~((facility))~~ facilities.

NEW SECTION. **Sec. 8.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

The current economic development system's data-gathering and evaluation methods are inconsistent and unable to provide adequate information for determining how well the system is performing on a regular basis so the system may be held accountable for its outcomes.

MOTION

Senator Benton moved that the following amendment by Senator Benton to the striking amendment be adopted:

On page 14, after line 25 of the amendment, insert the following:

"(13) \$90,000 of the highway safety account--state appropriation is provided solely for identification verification purposes as required under RCW 46.20.035. Consistent with this requirement, if an applicant for a driver's license, driver's instruction permit, juvenile agricultural driving permit, or identocard does not provide a valid social security number as part of their application process as required in RCW 26.23.150, the department shall verify the identity of the applicant through the systematic alien verification for entitlements program administered by the United States citizenship and immigrations services. If the applicant's identity cannot be verified, the application must be denied."

Senator Benton spoke in favor of adoption of the amendment to the striking amendment.

POINT OF ORDER

Senator Brown: "Thank you Mr. President. I would request a ruling to whether the amendment violates Senate Rules 66 and 25 in the same way that an earlier amendment was a violation of senate rules. The amendment attempts to make a substantive law change in the transportation budget. I therefore request that the amendment be ruled out of order."

Senator Benton spoke against the point of order.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Brown asserting that Amendment # 388 includes substantive law in violation of Senate Rules 25 and 66, the President finds and rules as follows:

Very generally, the proposed amendment by Senator Benton seeks to include in the transportation budget language in the transportation budget language identity verification requirements for applicants seeking various permits and licenses.

The President does believe that this amendment is more tightly connected to funding—and, therefore, closer to being a proviso as opposed to substantive law—than was the last amendment offered on this same subject. Nonetheless, this amendment still impermissibly adds substantive law into a budget bill.

One general test to determine whether policy language is an appropriate budget proviso as opposed to substantive law is whether or not the language, if separated from its associated funding, would still function. This test is imperfect and incomplete, but it provides a general starting point that is useful in making such determinations. Simply put, any policy language must serve to modify an appropriation, not function as an independent mandate.

In the case of the amendment before us, it is true that there is an appropriation of \$90,000 which the language purports to limit. Looking carefully at the full amendment, however, it becomes clear that the proviso language—by its own terms—seeks to effectively modify the requirements found in another statute, disconnected from the funding and appropriation made within the budget, itself. In this sense, the language would operate irrespective of any funding amount, and it is thus properly viewed as substantive law, not a limited proviso.

For these reasons, and consistent with his earlier ruling on this same subject matter on this same budget, the President believes this amendment would violate Rules 25 and 66, and Senator Brown's point is well-taken."

MOTION

Senator Nelson moved that the following amendment by Senator Nelson and others to the striking amendment be adopted:

On page 30, after line 27 of the amendment, insert the following:

"Puget Sound Capital Construction Account--State
Appropriation.....\$4,000,000

On page 30, at the beginning of line 28 of the amendment, strike "The appropriation in this section is" and insert "The appropriations in this section are"

Renumber the remaining subsections consecutively and correct any internal references accordingly.

On page 48, line 16 of the amendment, strike "\$68,013,000" and insert "\$64,013,000"

MOTION

Senator Hewitt moved that the following amendment by Senator Hewitt to the striking amendment be adopted:

On page 30, line 27 of the amendment, strike "\$467,773,000" and insert "\$470,773,000"

Senator Hewitt spoke in favor of adoption of the amendment to the striking amendment.

Senator Haugen spoke against adoption of the amendment to the striking amendment.

The President declared the question before the Senate to be the adoption of the amendment by Senator Hewitt on page 30, line 27 to the striking amendment to Engrossed Substitute House Bill No. 1175.

The motion by Senator Hewitt failed and the amendment to the striking amendment was not adopted by voice vote.

POINT OF ORDER

Senator Ericksen: "Thank you Mr. President. Pursuant to Rule 25 of the Senate Rules and pursuant to your rulings earlier today I request a ruling with regards to section 701, 704, 706 and 710 of the striking amendment for being outside the scope and object of the underlying bill. Section 701 makes a policy change to the public private partnership statute currently in state law. Section 704 makes a policy change with regards of the use of red light cameras for enforcement in Washington State. Section 706 makes a policy change with regards with the use of bio-fuels in our state ferry fleet and section 710 makes a policy change with regards to the threshold with work being conducted by ferries labor unions. Mr. President, I would argue that the amendments in the striker violate Rule 25 by addressing issues that are policy in nature and not budget in nature."

Senator Haugen spoke against the point of order.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The Washington state legislature has consistently provided national leadership on safe housing and support to foster youth transitioning out of foster care. Since 2006, the legislature has addressed the needs of foster youth aging out of care with medicaid to twenty-one (2007), foster care to twenty-one (2006), the independent youth housing program (2007), and Washington's alignment with the federal fostering connections act (2009). As a result of this national leadership to provide safe and basic housing to youth aging out of foster care, the programs have demonstrated the significant cost benefit to providing safe housing to our youth exiting foster care.

The United States congress passed the fostering connections to success and increasing adoptions act of 2008 in order to give states another financial tool to continue to provide foster care services to dependent youth who turn eighteen years old while in foster care. However, substantially declining revenues have resulted in markedly decreased funds for states to use to meet the federal requirements necessary to help these youth. Current fiscal realities require that the scope of programs must be narrowed.

The Washington state legislature intends to serve, within the resources available, the maximum number of foster youth who are legally dependent on the state and who reach the age of eighteen while still in foster care. The legislature intends to provide these youth continued foster care services to support basic and healthy

transition into adulthood. The legislature recognizes the extremely poor outcomes of unsupported foster youth aging out of the foster care system and is committed to ensuring that those foster youth who engage in positive, age-appropriate activities receive support. It is the intent of the legislature to fully engage in the fostering connections act by providing support, including extended court supervision to foster youth pursuing a high school diploma or GED to age twenty-one with the goal of increasing support to all children up to age twenty-one who are eligible under the federal fostering connections to success act as resources become available.

Sec. 2. RCW 13.04.011 and 2010 c 150 s 4 are each amended to read as follows:

(2) "Child," (~~and~~) "juvenile," and "youth" means:

(a) Any individual under the age of eighteen years; or

(b) Any individual age eighteen to twenty-one years who is eligible to receive and who elects to receive the extended foster care services authorized under RCW 74.13.031. Consultation shall occur at the regional and statewide levels.

Sec. 6. RCW 13.34.145 and 2009 c 520 s 30, 2009 c 491 s 4, and 2009 c 477 s 4 are each reenacted and amended to read as follows:

(1) The purpose of a permanency planning hearing is to review the permanency plan for the child, inquire into the welfare of the child and progress of the case, and reach decisions regarding the permanent placement of the child.

(a) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

(b) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve months, as provided in this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or a permanent custody order is entered, or the dependency is dismissed. Every effort shall be made to provide stability in long-term placement, and to avoid disruption of placement, unless the child is being returned home or it is in the best interest of the child.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights

have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(2) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(3) At the permanency planning hearing, the court shall conduct the following inquiry:

(a) If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate.

(b) In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. The court shall review the permanency plan prepared by the agency and make explicit findings regarding each of the following:

(i) The continuing necessity for, and the safety and appropriateness of, the placement;

(ii) The extent of compliance with the permanency plan by the department or supervising agency and any other service providers, the child's parents, the child, and the child's guardian, if any;

(iii) The extent of any efforts to involve appropriate service providers in addition to department or supervising agency staff in planning to meet the special needs of the child and the child's parents;

(iv) The progress toward eliminating the causes for the child's placement outside of his or her home and toward returning the child safely to his or her home or obtaining a permanent placement for the child;

(v) The date by which it is likely that the child will be returned to his or her home or placed for adoption, with a guardian or in some other alternative permanent placement; and

(vi) If the child has been placed outside of his or her home for fifteen of the most recent twenty-two months, not including any period during which the child was a runaway from the out-of-home placement or the first six months of any period during which the child was returned to his or her home for a trial home visit, the appropriateness of the permanency plan, whether reasonable efforts were made by the department or supervising agency to achieve the goal of the permanency plan, and the circumstances which prevent the child from any of the following:

(A) Being returned safely to his or her home;

(B) Having a petition for the involuntary termination of parental rights filed on behalf of the child;

(C) Being placed for adoption;

(D) Being placed with a guardian;

(E) Being placed in the home of a fit and willing relative of the child; or

(F) Being placed in some other alternative permanent placement, including independent living or long-term foster care.

At this hearing, the court shall order the department or supervising agency to file a petition seeking termination of parental rights if the child has been in out-of-home care for fifteen of the last twenty-two months since the date the dependency petition was filed unless the court makes a good cause exception as to why the filing of a termination of parental rights petition is not appropriate. Any good cause finding shall be reviewed at all subsequent hearings pertaining to the child. For purposes of this section, "good cause exception" includes but is not limited to the following: The child is being cared for by a relative; the department has not provided to the child's family such services as the court and the department have

ONE HUNDRED FIRST DAY, APRIL 20, 2011

deemed necessary for the child's safe return home; or the department has documented in the case plan a compelling reason for determining that filing a petition to terminate parental rights would not be in the child's best interests.

(c)(i) If the permanency plan identifies independent living as a goal, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs prior to approving independent living as a permanency plan of care. The court will inquire whether the child has been provided information about extended foster care services.

(ii) The permanency plan shall also specifically identify the services, including extended foster care services, where appropriate, that will be provided to assist the child to make a successful transition from foster care to independent living.

(iii) The department or supervising agency shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(d) If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall:

(i) Enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280, 13.34.215(~~(5)~~)(6), and 13.34.096; and

(ii) If the department or supervising agency is recommending a placement other than the child's current placement with a foster parent, relative, or other suitable person, enter a finding as to the reasons for the recommendation for a change in placement.

(4) In all cases, at the permanency planning hearing, the court shall:

(a)(i) Order the permanency plan prepared by the supervising agency to be implemented; or

(ii) Modify the permanency plan, and order implementation of the modified plan; and

(b)(i) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or

(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

(5) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

(6) Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

(7) If the court orders the child returned home, casework supervision by the department or supervising agency shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.138, and the court shall determine the need for continued intervention.

(8) The juvenile court may hear a petition for permanent legal custody when: (a) The court has ordered implementation of a permanency plan that includes permanent legal custody; and (b) the party pursuing the permanent legal custody is the party identified in the permanency plan as the prospective legal custodian. During the pendency of such proceeding, the court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should

2011 REGULAR SESSION

be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

(9) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when the requirements of subsection (8) of this section are met.

(10) Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the department or supervising agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

(11) The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights. The court shall consider the child's relationships with siblings in accordance with RCW 13.34.130.

(12) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter.

A group of schools that share common interests, such as geographical location, or that sequentially serve classes of students as they progress through elementary and secondary grades may be designated as an innovation zone. An innovation zone may include all schools within a school district. Consortia of multiple districts may also apply for designation as an innovation zone, to include all schools within the participating districts.

However, any educational service district with over three hundred fifty thousand full-time equivalent students may recommend approval of no more than ten applications from within the educational service district, no fewer than half of which must be focused on A-STEM-related innovations and no more than half of which may focus on other innovations. At least one of the recommended applications in each educational service district must propose an innovation zone, as long as the application meets the review criteria.

(4) Designation of innovation schools and innovation zones under this section shall be for a six-year period, beginning in the 2012-13 school year, unless the designation is revoked in accordance with section 7 of this act.

NEW SECTION. Sec. 4. (1) Each application for designation of an innovation school or innovation zone must include a proposed plan that:

(a) Defines the scope of the innovation school or innovation zone and describes why designation would enhance the ability of the school or schools to improve student achievement and close the educational opportunity gap including by implementing a program focused on the arts, science, technology, engineering, and mathematics themes that partner with the community, business, industry, and higher education and use project-based or hands-on learning;

(h) Identifies the multiple measures for evaluation and accountability to be used to measure improvement in student achievement, closure in the educational opportunity gap, and the overall performance of the innovation school or innovation zone, including but not limited to assessment scores, graduation rates, and dropout rates;

(i) Includes a written statement that school directors and administrators are willing to exempt the designated school or schools from specifically identified local rules, as needed;

(j) Includes a written statement that school directors and local bargaining agents will modify those portions of their local agreements as applicable for the designated school or schools;

(k) Includes written statements of support from the district's board of directors, the superintendent, the principal and staff of schools seeking designation, each local employee association affected by the proposal, the local parent organization, and statements of support, willingness to participate, or concerns from any interested parent, business, institution of higher education, or community organization; and

(b) State administrative rules dealing with public health, safety, and civil rights, including accessibility for individuals with disabilities, may not be waived.

(2) At the request of a school district, the superintendent of public instruction may petition the United States department of education or other federal agencies to waive federal regulations necessary to implement an innovation school or innovation zone.

(3) The state board of education may grant waivers for innovation schools or innovation zones of administrative rules pertaining to calculation of course credits for high school courses.

(4) Waivers may be granted under this section for a period not to exceed the duration of the designation of the innovation school or innovation zone.

(5) The superintendent of public instruction and the state board of education shall provide an expedited review of requests for waivers for designated innovation schools and innovation zones. Requests may be denied if the superintendent of public instruction or the state board of education conclude that the waiver:

(a) Is likely to result in a decrease in academic achievement in the innovation school or innovation zone;

(b) Would jeopardize the receipt of state or federal funds that a school district would otherwise be eligible to receive, unless the

school district submits a written authorization for the waiver acknowledging that receipt of these funds could be jeopardized; or

(c) Would violate state or federal laws or rules that are not authorized to be waived.

NEW SECTION. Sec. 6. (1) The office of the superintendent of public instruction shall report to the education committees of the legislature on the progress of the designated innovation schools and innovation zones by January 15, 2013, and January 15th of each odd-numbered year thereafter. The report must include recommendations for waiver of state laws and administrative rules in addition to the waivers authorized under section 5 of this act, as identified in innovation plans submitted by school districts.

(2) Each innovation school and innovation zone must submit an annual report to the office of the superintendent of public instruction on their progress.

(3) The office of the superintendent of public instruction, through the center for the improvement of student learning, must collect and disseminate to all school districts and other interested parties information about the innovation schools and innovation zones.

NEW SECTION. Sec. 7. After reviewing the annual reports of each innovation school and zone, if the office of the superintendent of public instruction determines that the school or zone is not increasing progress over time as determined by the multiple measures for evaluation and accountability provided in the school or zone plan in accordance with section 4 of this act then the superintendent shall revoke the designation.

Sec. 8. RCW 28A.305.140 and 1990 c 33 s 267 are each amended to read as follows:

(1) The state board of education may grant waivers to school districts from the provisions of RCW 28A.150.200 through 28A.150.220 on the basis that such waiver or waivers are necessary to:

(a) Implement successfully a local plan to provide for all students in the district an effective education system that is designed to enhance the educational program for each student. The local plan may include alternative ways to provide effective educational programs for students who experience difficulty with the regular education program; or

(b) Implement an innovation school or innovation zone designated under section 3 of this act.

(2) The state board shall adopt criteria to evaluate the need for the waiver or waivers.

Sec. 9. RCW 28A.655.180 and 2009 c 543 s 3 are each amended to read as follows:

(1) The state board of education, where appropriate, or the superintendent of public instruction, where appropriate, may grant waivers to districts from the provisions of statutes or rules relating to: The length of the school year; student-to-teacher ratios; and other administrative rules that in the opinion of the state board of education or the opinion of the superintendent of public instruction may need to be waived in order for a district to implement a plan for restructuring its educational program or the educational program of individual schools within the district or to implement an innovation school or innovation zone designated under section 3 of this act.

(2) School districts may use the application process in RCW 28A.305.140 to apply for the waivers under this section.

NEW SECTION. Sec. 10. Sections 2 through 7 of this act are each added to chapter 28A.630 RCW.

Senator Benton spoke in favor of adoption of the amendment.

POINT OF ORDER

Senator Eide: "Pursuant to rule, Reed's Rule 130, I believe this amendment is out of order. Under Rule 130 second reading is by paragraphs or sections and each paragraph or section is amended in its turn. We have already addressed and failed amendment number 386 which was amended to section bill occurring on page 30. We amended number 396 which amendment to page 14 and, under Rule 130, it's not permissible to reoccur to a paragraph or section that's already passed. Therefore, I ask Mr. President that you rule that this amendment is out of order."

Senator Benton spoke against the point of order.

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Eide as to amendment number 396, the President finds and rules a follows:

Senator Eide argues that Reed's Rule 130 requires that amendments be considered in paragraph order, such that—once the body has moved beyond a particular section—it may not go back to a previous paragraph absent the consent of the body. Senator Eide is correct: the Senate may not consider an amendment to a section which has previously been available or considered for amendment without leave of the body. The rationale of this rule is to avoid confusion by ensuring that amendments are taken in a logical and consistent manner, and the body's time is not wasted by continuously revisiting matters already considered or sections already gone by.

For these reasons, Senator Eide's point is well-taken, and the amendment may not be considered without leave of the body."

PARLIAMENTARY INQUIRY

Senator Benton: "Thank you Mr. President. I'd like to ask for further clarification since the order in which the amendment is considered by the Senate is completely out of my control and up to staff and people that run the senate. Why wasn't the amendment presented to the body at the proper time. It was on the bar and ready to be presented under the proper section..."

REPLY BY THE PRESIDENT

President Owen: "Senator Benton, the President will respond and will respond once. The amendment was provided to us after we had considered other amendments beyond that

section. It was not presented to us at the time we were considering that section."

Senator Benton moved that the Senate consider the following amendment:

On page 14, after line 25 of the amendment, insert the following:

"(13) \$245,769,000 of the appropriation is provided solely for Department of Licensing activities. If chapter ... (Substitute Senate Bill No. 5407), Laws of 2011 is not enacted by June 30, 2011, the amount provided in this subsection lapses."

POINT OF ORDER

Senator Eide: "Under Reed's Rule 212, a member may not abuse the rules of the body in order to obstruct public business. Under Rule 49 of Reed's Rules a member is not to make use of even proper parliamentary motions to impede unreasonably the actions of the assembly. This is the third amendment, I think it might even be the fourth at this point in time dealing with the same issue. This is the first of two amendments that have been ruled out of order by the President and I believe the further amendments are a violation of the Rule 212. Under Reeds Rule 225 the President has the authority to prevent a member from impeding the business of the body through the use of a debate and parliamentary maneuverings. I ask that the President to find that this out of order and allow the body to move on to debating the bill. Thank you."

REPLY BY THE PRESIDENT

President Owen: "Senator Eide, your point would be well taken had Senator Benton had not asked for the consent of the body. If the body consents, then we can go back to it. That not being the case, the President would have warned Senator Benton that he was treading on the exact rules that you have pointed out because it is the third time that we are considering the same amendment. So Senator Benton has moved that the body consider amendment number 396."

Senator Schoesler demanded a roll call on the motion by Senator Benton that the Senate consider amendment by Senator Benton on page 14, line 25 to Engrossed Substitute House Bill No. 1175.

The President declared that one-sixth of the members supported the demand and the demand was sustained.

PARLIAMENTARY INQUIRY

Senator Sheldon: "If I might read from the Senate Rules Mr. President? Rule 32 states that every decision of points of order by the President shall be subject to appeal by any senator and discussion of a question of order shall be allowed. In all cases of appeal the question shall be 'shall the decision of the President stand as the judgment of the Senate.' Mr. President, aren't we in this situation now that would be governed by Rule 32? Since you have ruled that that amendment is not in order and..."

REPLY BY THE PRESIDENT

President Owen: "Senator Benton has not challenged the President's rule. He is asking for the body's permission to consider an amendment which otherwise could be ruled out of order."

ONE HUNDRED FIRST DAY, APRIL 20, 2011

Senator Benton spoke in favor of the motion to adopt the amendment.

PARLIAMENTARY INQUIRY

Senator Eide: "I believe, and I am not certain so I want to ask you this question. The motion before us is whether or not it's all in the parliamentary procedure. This is a procedure. It's not on the amendment itself. Is that correct?"

REPLY BY THE PRESIDENT

President Owen: "That is correct. Senator Benton nor anybody else may actually debate the issue only whether or not to go and give him consent to consider the issue. Senator Hargrove."

PARLIAMENTARY INQUIRY

Senator Hargrove: "Thank you Mr. President. Since my vote on this motion depends on the fact that we would be voting on the amendment, I'm unclear and have a point of parliamentary inquiry as to which version of Substitute Senate Bill No. 5407 we are supposedly considering under this amendment because that bill never passed the senate. So, I don't know which, was it the version introduced. Was it the version that was amended in Committee? Was the version we started to work on? I have no idea what we're?"

REPLY BY THE PRESIDENT

President Owen: "Senator, it's not the President's place to tell you what is within the bill but the bill that he is referencing is Substitute Senate Bill No. 5407."

The President declared the question before the Senate to be the motion by Senator Benton that the Senate consider the amendment by Senator Benton on page 14, line 25 to the striking amendment to Engrossed Substitute House Bill No. 1175.

The Secretary called the roll on the motion by Senator Benton and the motion failed by the following vote: Yeas, 22; Nays, 26; Absent, 0; Excused, 1.

Voting yea: Senators Baumgartner, Baxter, Becker, Benton, Carrell, Delvin, Ericksen, Fain, Hewitt, Hill, Holmquist Newbry, Honeyford, King, Litzow, Morton, Pflug, Roach, Schoesler, Sheldon, Stevens, Swecker and Zarelli

Voting nay: Senators Brown, Chase, Conway, Eide, Fraser, Hargrove, Harper, Hatfield, Haugen, Hobbs, Kastama, Keiser, Kilmer, Kline, Kohl-Welles, McAuliffe, Murray, Nelson, Prentice, Pridemore, Ranker, Regala, Rockefeller, Shin, Tom and White

Excused: Senator Parlette

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Ericksen as to whether Sections 701, 704, 706, and 710 of the striking amendment include changes to substantive law in violation of Senate Rules 25 and 66, the President finds and rules as follows:

The President begins by noting that some of the issues presented are novel and involve complex and interrelated budget provisions, so the President asks for the body's patience as he goes through each section in turn.

Section 701 would amend RCW 47.29.170 to continue the prohibition which prevents the Transportation Commission from accepting or considering unsolicited bids. While the wholesale introduction of such a change to the RCW might go beyond what

2011 REGULAR SESSION

can properly be done within a budget bill, it should be noted that the change in this case is simply the year involved. Effectively, this change merely continues current law into the next biennium to achieve additional savings for the budget. This section is therefore a proper change.

Section 704 would make changes to RCW 46.63.170 to permit the continued use of traffic cameras in certain areas and for certain purposes as a pilot project. The President does believe that this change could have represented an impermissible substantive change to law had it been raised and challenged prior to the adoption of the last budget back in 2009. It was not, however, challenged, and this law did become part of the statute when the budget was enacted. Substantive or not, it is current law, and the modifications contemplated by the amendment before us for this budget again merely change the dates to continue these pilot projects into the next biennium. This section is also, therefore, a proper change.

Section 706 would amend RCW 43.19.642 to exempt the state ferry system from the biodiesel use requirements found in that statute. This change is properly limited to the fiscal biennium to achieve cost savings, and it is therefore a permissible amendment.

Section 710 would amend RCW 47.28.030 to provide an exception to certain bid requirements for ferry system work. While the current law does include a similar exception, that particular law is set to expire at the end of this fiscal year. Rather than simply change this date, the proposed changes in this section actually change the date and the dollar threshold. This adds an entirely new section to the statute in question. The President believes this constitutes an impermissible change to substantive law, effectively acting as an additional subject. The President believes that there are many possible ways the same or similar policy could properly be included as a budget proviso, so the President wishes to be clear that he is ruling on the technical language of the section, not the underlying policy or savings to be achieved.

The President believes that some explanatory and cautionary remarks may be helpful to the body on similar issues in the future. Neither this body nor the courts have exhaustively discussed the limits of budget provisos, and it is unlikely that the President could issue any ruling which would cover every conceivable situation. Nonetheless, the President recognizes that the body has and should have wide latitude in making limited legal changes in order to effect budget savings or realize revenue. Factors to consider include:

1. Whether the change is limited to the fiscal years affected;
2. Whether the proviso or additions were the subject of another bill;
3. Whether rights or eligibility for services are affected; and
4. Whether an express policy found in statute is being contravened, repealed, or modified in a manner which renders the underlying statutory scheme inoperative.

In every case, there should be a connection between the proviso and savings, spending, or raising of revenue achieved within the budget.

The President believes he has simply restated existing law and precedent for the convenience of the body, and he does not believe this ruling should act to invite wholesale challenge of budget provisos or the traditional means of budgeting that have historically been relied upon by the Legislature.

For these reasons, Senator Ericksen's point on Section 710 is well-taken, and therefore this amendment in its present form is not properly before the body for its consideration."

MOTION

Senator Haugen moved that the following amendment by Senator Haugen to the striking amendment be adopted:

On page 87, line 8 of the amendment, after "June 30," strike "2011" and insert "~~(2011)~~ 2013"

On page 87, line 10 of the amendment, after "forces." strike all material through "forces." on line 12

POINT OF ORDER

Senator Benton: "Thank you Mr. President. I few moments ago, about thirty-five minutes ago, this body took action on amendment that would of affected on page 171. In accordance with the Majority Floor Leader's point of order made a few moments ago, according to Reed's Rules the amendment now before us deals with section of the law on page 87. We have long since passed page 87 and therefore going back to page 87 would be in violation in your previous ruling and in violation of Reed's Rules."

POINT OF ORDER

Senator Eide: "In Reed's Rules, section 130 it is the general consent of the body to consider this amendment."

RULING BY THE PRESIDENT

President Owen: "In ruling upon the point of order raised by Senator Benton as to amendment number 397, the President finds and rules a follows:

Senator Benton argues that the body is beyond the page and line number for consideration of this amendment as called for under Reed's Rule 130. The President believes, however, that the proper reference for this determination is the substantive amendment language, not the title amendment portion of the amendment that Senator Benton referenced. The title amendment will necessarily always come at the end. The body has not considered an amendment beyond the line and page presented by this amendment.

For these reasons Senator Benton's point is not well-taken, and the amendment is properly before the body."

Senator Haugen spoke in favor of the amendment to the striking amendment.

The President declared the question before the Senate to be the adoption of the amendment by Senator Haugen on page 87, line 8 to the striking amendment to Engrossed Substitute House Bill No. 1175.

The motion by Senator Haugen carried and the amendment to the striking amendment was adopted by voice vote.

MOTION

Senator Benton moved that the following amendment by Senator Benton to the striking amendment be adopted:

On page 90, after line 3, insert the following:

"NEW SECTION. Sec. 712. FOR THE DEPARTMENT OF LICENSING

Motor Vehicle Account--State Appropriation.....\$90,000

The appropriations in this section are subject to the following conditions and limitations: The total appropriation is provided solely for implementation of chapter. . . (Substitute Senate Bill no, 5407), Laws of 2011. If the bill is not enacted by June 30, 2011, the amount provided in this subsection lapses."

WITHDRAWAL OF AMENDMENT

On motion of Senator Benton, the amendment by Senator Benton on page 90, after line 3 to the striking amendment to Engrossed Substitute House Bill No. 1175 was withdrawn.

The President declared the question before the Senate to be the adoption of the striking amendment by Senator Haugen as amended to Engrossed Substitute House Bill No. 1175.

The motion by Senator Haugen carried and the striking amendment as amended was adopted by voice vote.

MOTION

There being no objection, the following title amendment was adopted:

MESSAGE FROM THE HOUSE

April 11, 2011

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5769 with the following amendment(s): 5769-S2.E AMH UPTH H2554.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 101. (1) The legislature finds that generating electricity from the combustion of coal produces pollutants that are harmful to human health and safety and the environment. While the emission of many of these pollutants continues to be addressed through application of federal and state air quality laws, the emission of greenhouse gases resulting from the combustion of coal has not been addressed.

(2) The legislature finds that coal-fired electricity generation is one of the largest sources of greenhouse gas emissions in the state, and is the largest source of such emissions from the generation of electricity in the state.

(3) The legislature finds coal-fired electric generation may provide baseload power that is necessary in the near-term for the stability and reliability of the electrical transmission grid and that contributes to the availability of affordable power in the state. The legislature further finds that efforts to transition power to other fuels requires a reasonable period of time to ensure grid stability and to maintain affordable electricity resources.

(4) The legislature finds that coal-fired baseload electric generation facilities are a significant contributor to family-wage jobs and economic health in parts of the state and that transition of these

2011 REGULAR SESSION

facilities must address the economic future and the preservation of jobs in affected communities.

(5) Therefore, it is the purpose of this act to provide for the reduction of greenhouse gas emissions from large coal-fired baseload electric power generation facilities, to effect an orderly transition to cleaner fuels in a manner that ensures reliability of the state's electrical grid, to ensure appropriate cleanup and site restoration upon decommissioning of any of these facilities in the state, and to provide assistance to host communities planning for new economic development and mitigating the economic impacts of the closure of these facilities.

Sec. 102. RCW 80.80.010 and 2009 c 565 s 54 and 2009 c 448 s 1 are each reenacted and amended to read as follows:

(1) Beginning July 1, 2008, the greenhouse gas emissions performance standard for all baseload electric generation for which electric utilities enter into long-term financial commitments on or after such date is the lower of:

(a) One thousand one hundred pounds of greenhouse gases per megawatt-hour; or

(b) The average available greenhouse gas emissions output as determined under RCW 80.80.050.

(2) This chapter does not apply to long-term financial commitments with the Bonneville power administration.

(3)(a) Except as provided in (c) of this subsection, all baseload electric generation facilities in operation as of June 30, 2008, are deemed to be in compliance with the greenhouse gas emissions performance standard established under this section until the facilities are the subject of long-term financial commitments.

(b) All baseload electric generation that commences operation after June 30, 2008, and is located in Washington, must comply with the greenhouse gas emissions performance standard established in subsection (1) of this section.

(c)(i) A coal-fired baseload electric generation facility in Washington that emitted more than one million tons of greenhouse gases in any calendar year prior to 2008 must comply with the lower of the following greenhouse gas emissions performance standard such that one generating boiler is in compliance by December 31, 2020, and any other generating boiler is in compliance by December 31, 2025:

(A) One thousand one hundred pounds of greenhouse gases per megawatt-hour; or

(B) The average available greenhouse gas emissions output as determined under RCW 80.80.050.

(ii) This subsection (3)(c) does not apply to a coal-fired baseload electric generating facility in the event the department

ONE HUNDRED SECOND DAY, APRIL 21, 2011

determines as a requirement of state or federal law or regulation that selective catalytic reduction technology must be installed on any of its boilers.

(4) All electric generation facilities or power plants powered exclusively by renewable resources, as defined in RCW 19.280.020, are deemed to be in compliance with the greenhouse gas emissions performance standard established under this section.

(7) In no case shall a long-term financial commitment be determined to be in compliance with the greenhouse gas emissions performance standard if the commitment includes more than twelve percent of electricity from unspecified sources.

(8) For a long-term financial commitment with multiple power plants, each specified power plant must be treated individually for the purpose of determining the annualized plant capacity factor and net emissions, and each power plant must comply with subsection (1) of this section, except as provided in subsections (3) through (5) of this section.

(9) The department shall establish an output-based methodology to ensure that the calculation of emissions of greenhouse gases for a cogeneration facility recognizes the total usable energy output of the process, and includes all greenhouse gases emitted by the facility in the production of both electrical and thermal energy. In developing and implementing the greenhouse gas emissions performance standard, the department shall consider and act in a manner consistent with any rules adopted pursuant to the public utilities regulatory policy act of 1978 (16 U.S.C. Sec. 824a-3), as amended.

(10) The following greenhouse gas emissions produced by baseload electric generation owned or contracted through a long-term financial commitment shall not be counted as emissions of the power plant in determining compliance with the greenhouse gas emissions performance standard:

(a) Those emissions that are injected permanently in geological formations;

(b) Those emissions that are permanently sequestered by other means approved by the department; and

(c) Those emissions sequestered or mitigated as approved under subsection (16) of this section.

(11) In adopting and implementing the greenhouse gas emissions performance standard, the department of (~~community, trade, and economic development~~) commerce energy policy division, in consultation with the commission, the department, the Bonneville power administration, the western electricity (~~coordination~~ ~~coordinating~~) coordinating council, the energy facility site evaluation council, electric utilities, public interest representatives, and consumer representatives, shall consider the effects of the greenhouse gas emissions performance standard on system reliability and overall costs to electricity customers.

(12) In developing and implementing the greenhouse gas emissions performance standard, the department shall, with assistance of the commission, the department of (~~community, trade, and economic development~~) commerce energy policy division, and electric utilities, and to the extent practicable, address long-term purchases of electricity from unspecified sources in a manner consistent with this chapter.

2011 REGULAR SESSION

(13) The directors of the energy facility site evaluation council and the department shall each adopt rules under chapter 34.05 RCW in coordination with each other to implement and enforce the greenhouse gas emissions performance standard. The rules necessary to implement this section shall be adopted by June 30, 2008.

(14) In adopting the rules for implementing this section, the energy facility site evaluation council and the department shall include criteria to be applied in evaluating the carbon sequestration plan, for baseload electric generation that will rely on subsection (10) of this section to demonstrate compliance, but that will commence sequestration after the date that electricity is first produced. The rules shall include but not be limited to:

(a) Provisions for financial assurances, as a condition of plant operation, sufficient to ensure successful implementation of the carbon sequestration plan, including construction and operation of necessary equipment, and any other significant costs;

(b) Provisions for geological or other approved sequestration commencing within five years of plant operation, including full and sufficient technical documentation to support the planned sequestration;

(c) Provisions for monitoring the effectiveness of the implementation of the sequestration plan;

(d) Penalties for failure to achieve implementation of the plan on schedule;

(e) Provisions for an owner to purchase emissions reductions in the event of the failure of a sequestration plan under subsection (16) of this section; and

(f) Provisions for public notice and comment on the carbon sequestration plan.

(15)(a) Except as provided in (b) of this subsection, as part of its role enforcing the greenhouse gas emissions performance standard, the department shall determine whether sequestration or a plan for sequestration will provide safe, reliable, and permanent protection against the greenhouse gases entering the atmosphere from the power plant and all ancillary facilities.

(b) For facilities under its jurisdiction, the energy facility site evaluation council shall contract for review of sequestration or the carbon sequestration plan with the department consistent with the conditions under (a) of this subsection, consider the adequacy of sequestration or the plan in its adjudicative proceedings conducted under RCW 80.50.090(3), and incorporate specific findings regarding adequacy in its recommendation to the governor under RCW 80.50.100.

(16) A project under consideration by the energy facility site evaluation council by July 22, 2007, is required to include all of the requirements of subsection (14) of this section in its carbon sequestration plan submitted as part of the energy facility site evaluation council process. A project under consideration by the energy facility site evaluation council by July 22, 2007, that receives final site certification agreement approval under chapter 80.50 RCW shall make a good faith effort to implement the sequestration plan. If the project owner determines that implementation is not feasible, the project owner shall submit documentation of that determination to the energy facility site evaluation council. The documentation shall demonstrate the steps taken to implement the sequestration plan and evidence of the technological and economic barriers to successful implementation. The project owner shall then provide to the energy facility site evaluation council notification that they shall implement the plan that requires the project owner to meet the greenhouse gas emissions performance standard by purchasing verifiable greenhouse gas emissions reductions from an electric (~~generating~~) generation facility located within the western interconnection, where the reduction would not have occurred otherwise or absent this contractual agreement, such

2011 REGULAR SESSION

that the sum of the emissions reductions purchased and the facility's emissions meets the standard for the life of the facility.

Sec. 104. RCW 80.80.060 and 2009 c 448 s 3 and 2009 c 147 s 1 are each reenacted and amended to read as follows:

(1) No electrical company may enter into a long-term financial commitment unless the baseload electric generation supplied under such a long-term financial commitment complies with the greenhouse ~~((gases [gas]))~~ gas emissions performance standard established under RCW 80.80.040.

(2) In order to enforce the requirements of this chapter, the commission shall review in a general rate case or as provided in subsection (5) of this section any long-term financial commitment entered into by an electrical company after June 30, 2008, to determine whether the baseload electric generation to be supplied under that long-term financial commitment complies with the greenhouse ~~((gases [gas]))~~ gas emissions performance standard established under RCW 80.80.040.

(3) In determining whether a long-term financial commitment is for baseload electric generation, the commission shall consider the design of the power plant and its intended use, based upon the electricity purchase contract, if any, permits necessary for the operation of the power plant, and any other matter the commission determines is relevant under the circumstances.

(4) Upon application by an electric utility, the commission may provide a case-by-case exemption from the greenhouse ~~((gases [gas]))~~ gas emissions performance standard to address: (a) Unanticipated electric system reliability needs; (b) extraordinary cost impacts on utility ratepayers; or (c) catastrophic events or threat of significant financial harm that may arise from unforeseen circumstances.

(5) Upon application by an electrical company, the commission shall determine whether the company's proposed decision to acquire electric generation or enter into a power purchase agreement for electricity complies with the greenhouse ~~((gases [gas]))~~ gas emissions performance standard established under RCW 80.80.040. The commission shall not decide in a proceeding under this subsection (5) issues involving the actual costs to construct and operate the selected resource, cost recovery, or other issues reserved by the commission for decision in a general rate case or other proceeding for recovery of the resource or contract costs.

(6) An electrical company may account for and defer for later consideration by the commission costs incurred in connection with a long-term financial commitment, including operating and maintenance costs, depreciation, taxes, and cost of invested capital. The deferral begins with the date on which the power plant begins commercial operation or the effective date of the power purchase agreement and continues for a period not to exceed twenty-four months; provided that if during such period the company files a general rate case or other proceeding for the recovery of such costs, deferral ends on the effective date of the final decision by the commission in such proceeding. Creation of such a deferral account does not by itself determine the actual costs of the long-term financial commitment, whether recovery of any or all of these costs is appropriate, or other issues to be decided by the commission in a general rate case or other proceeding for recovery of these costs. For the purpose of this subsection (6) only, the term "long-term financial commitment" also includes an electric company's ownership or power purchase agreement with a term of five or more years associated with an eligible renewable resource as defined in RCW 19.285.030.

(7) The commission shall consult with the department to apply the procedures adopted by the department to verify the emissions of greenhouse gases from baseload electric generation under RCW 80.80.040. The department shall report to the commission whether baseload electric generation will comply with the greenhouse

~~((gases [gas]))~~ gas emissions performance standard for the duration of the period the baseload electric generation is supplied to the electrical company.

(8) The commission shall adopt rules for the enforcement of this section with respect to electrical companies and adopt procedural rules for approving costs incurred by an electrical company under subsection (4) of this section.

(9) This section does not apply to a long-term financial commitment for the purchase of coal transition power with termination dates consistent with the applicable dates in RCW 80.80.040(3)(c).

(10) The commission shall adopt rules (necessary to implement this section by December 31, 2008.

Sec. 105. RCW 80.80.070 and 2007 c 307 s 9 are each amended to read as follows:

(1) No consumer-owned utility may enter into a long-term financial commitment unless the baseload electric generation supplied under such a long-term financial commitment complies with the greenhouse ~~((gases))~~ gas emissions performance standard established under RCW 80.80.040.

(2) The governing board shall review and make a determination on any long-term financial commitment by the utility, pursuant to this chapter and after consultation with the department, to determine whether the baseload electric generation to be supplied under that long-term financial commitment complies with the greenhouse ~~((gases))~~ gas emissions performance standard established under RCW 80.80.040. No consumer-owned utility may enter into a long-term financial commitment unless the baseload electric generation to be supplied under that long-term financial commitment complies with the greenhouse ~~((gases))~~ gas emissions performance standard established under RCW 80.80.040.

(3) In confirming that a long-term financial commitment is for baseload electric generation, the governing board shall consider the design of the power plant and the intended use of the power plant based upon the electricity purchase contract, if any, permits necessary for the operation of the power plant, and any other matter the governing board determines is relevant under the circumstances.

(4) The governing board may provide a case-by-case exemption from the greenhouse ~~((gases))~~ gas emissions performance standard to address: (a) Unanticipated electric system reliability needs; or (b) catastrophic events or threat of significant financial harm that may arise from unforeseen circumstances.

(5) The governing board shall apply the procedures adopted by the department to verify the emissions of greenhouse gases from baseload electric generation under RCW 80.80.040, and may request assistance from the department in doing so.

(6) For consumer-owned utilities, the auditor is responsible for auditing compliance with this chapter and rules adopted under this chapter that apply to those utilities and the attorney general is responsible for enforcing that compliance.

(7) This section does not apply to long-term financial commitments for the purchase of coal transition power with termination dates consistent with the applicable dates in RCW 80.80.040(3)(c).

NEW SECTION. Sec. 106. A new section is added to chapter 80.80 RCW to read as follows:

(1) By January 1, 2012, the governor on behalf of the state shall enter into a memorandum of agreement that takes effect on April 1, 2012, with the owners of a coal-fired baseload facility in Washington that emitted more than one million tons of greenhouse gases in any calendar year prior to 2008. The memorandum of agreement entered into by the governor may only contain provisions authorized in this section, except as provided under section 108 of this act.

(2) The memorandum of agreement must:

ONE HUNDRED SECOND DAY, APRIL 21, 2011

2011 REGULAR SESSION

(a) Incorporate by reference RCW 80.80.040, 80.80.060, and 80.80.070 as of the effective date of this section;

(b) Incorporate binding commitments to install selective noncatalytic reduction pollution control technology in any coal-fired generating boilers by January 1, 2013, after discussing the proper use of ammonia in this technology.

(3)(a) The memorandum of agreement must include provisions by which the facility owner will provide financial assistance:

(i) To the affected community for economic development and energy efficiency and weatherization; and

(ii) For energy technologies with the potential to create considerable energy, economic development, and air quality, haze, or other environmental benefits.

(b) Except as described in (c) of this subsection, the financial assistance in (a)(i) of this subsection must be in the amount of thirty million dollars and the financial assistance in (a)(ii) of this subsection must be in the amount of twenty-five million dollars, with investments beginning January 1, 2012, and consisting of equal annual investments through December 31, 2023, or until the full amount has been provided. Only funds for energy efficiency and weatherization may be spent prior to December 31, 2015.

(c) If the tax exemptions provided under RCW 82.08.811 or 82.12.811 are repealed, any remaining financial assistance required by this section is no longer required.

(4) The memorandum of agreement must:

(a) Specify that the investments in subsection (3) of this section be held in independent accounts at an appropriate financial institution; and

(b) Identify individuals to approve expenditures from the accounts. Individuals must have relevant expertise and must include members representing the Lewis county economic development council, local elected officials, employees at the facility, and the facility owner.

(5) The memorandum of agreement must include a provision that allows for the termination of the memorandum of agreement in the event the department determines as a requirement of state or federal law or regulation that selective catalytic reduction technology must be installed on any of its boilers.

(6) The memorandum of agreement must include enforcement provisions to ensure implementation of the agreement by the parties.

(7) If the memorandum of agreement is not signed by January 1, 2012, the governor must impose requirements consistent with the provisions in subsection (2)(b) of this section.

NEW SECTION. Sec. 107. A new section is added to chapter 80.80 RCW to read as follows:

No state agency or political subdivision of the state may adopt or impose a greenhouse gas emission performance standard, or other operating or financial requirement or limitation relating to greenhouse gas emissions, on a coal-fired electric generation facility located in Washington in operation on or before the effective date of this section or upon an electric utility's long-term purchase of coal transition power, that is inconsistent with or in addition to the provisions of RCW 80.80.040 or the memorandum of agreement entered into under section 106 of this act.

NEW SECTION. Sec. 108. A new section is added to chapter 80.80 RCW to read as follows:

(1) A memorandum of agreement entered into pursuant to section 106 of this act may include provisions to assist in the financing of emissions reductions that exceed those required by RCW 80.80.040(3)(c) by providing for the recognition of such reductions in applicable state policies and programs relating to greenhouse gas emissions, and by encouraging and advocating for the recognition of the reductions in all established and emerging emission reduction frameworks at the regional, national, or international level.

(2) The governor may recommend actions to the legislature to strengthen implementation of an agreement or a proposed agreement relating to recognition of investments in emissions reductions described in subsection (1) of this section.

Sec. 109. RCW 80.50.100 and 1989 c 175 s 174 are each amended to read as follows:

(1)(a) The council shall report to the governor its recommendations as to the approval or rejection of an application for certification within twelve months of receipt by the council of such an application, or such later time as is mutually agreed by the council and the applicant.

(b) In the case of an application filed prior to December 31, 2025, for certification of an energy facility proposed for construction, modification, or expansion for the purpose of providing generating facilities that meet the requirements of RCW 80.80.040 and are located in a county with a coal-fired electric generating facility subject to RCW 80.80.040(3)(c), the council shall expedite the processing of the application pursuant to RCW 80.50.075 and shall report its recommendations to the governor within one hundred eighty days of receipt by the council of such an application, or a later time as is mutually agreed by the council and the applicant.

(2) If the council recommends approval of an application for certification, it shall also submit a draft certification agreement with the report. The council shall include conditions in the draft certification agreement to implement the provisions of this chapter, including, but not limited to, conditions to protect state or local governmental or community interests affected by the construction or operation of the energy facility, and conditions designed to recognize the purpose of laws or ordinances, or rules or regulations promulgated thereunder, that are preempted or superseded pursuant to RCW 80.50.110 as now or hereafter amended.

~~((2))~~ (3)(a) Within sixty days of receipt of the council's report the governor shall take one of the following actions:

~~((a))~~ (i) Approve the application and execute the draft certification agreement; or

~~((b))~~ (ii) Reject the application; or

~~((c))~~ (iii) Direct the council to reconsider certain aspects of the draft certification agreement.

(b) The council shall reconsider such aspects of the draft certification agreement by reviewing the existing record of the application or, as necessary, by reopening the adjudicative proceeding for the purposes of receiving additional evidence. Such reconsideration shall be conducted expeditiously. The council shall resubmit the draft certification to the governor incorporating any amendments deemed necessary upon reconsideration. Within sixty days of receipt of such draft certification agreement, the governor shall either approve the application and execute the certification agreement or reject the application. The certification agreement shall be binding upon execution by the governor and the applicant.

~~((3))~~ (4) The rejection of an application for certification by the governor shall be final as to that application but shall not preclude submission of a subsequent application for the same site on the basis of changed conditions or new information.

NEW SECTION. Sec. 201. (1) A facility subject to closure under either RCW 80.80.040(3)(c) or a memorandum of agreement under section 106 of this act, or both, must provide the department of ecology with a plan for the closure and postclosure of the facility at least twenty-four months prior to facility closure or twenty-four months prior to start of decommissioning work, whichever is earlier. This plan must be consistent with the rules established by the energy facility site evaluation council for site restoration and preservation applicable to facilities subject to a site certification agreement under chapter 80.50 RCW and include but not be limited to:

ONE HUNDRED SECOND DAY, APRIL 21, 2011

2011 REGULAR SESSION

(a) A detailed estimate of the cost to implement the plan based on the cost of hiring a third party to conduct all activities;

(b) Demonstrating financial assurance to fund the closure and postclosure of the facility and providing methods by which this assurance may be demonstrated;

(c) Methods for estimating closure costs, including full site reclamation under all applicable federal and state clean-up standards; and

(d) A decommissioning and site restoration plan that addresses restoring physical topography, cleanup of all hazardous substances on the site, potential future uses of the site following restoration, and coordination with local and community plans for economic development in the vicinity of the site.

(2) All cost estimates in the plan must be in current dollars and may not include a net present value adjustment or offsets for salvage value of wastes or other property.

(3) Adoption of the plan and significant revisions to the plan must be approved by the department of ecology.

NEW SECTION. Sec. 202. (1) A facility subject to closure under either RCW 80.80.040(3)(c) or a memorandum of agreement under section 106 of this act, or both, must guarantee funds are available to perform all activities specified in the decommissioning plan developed under section 201 of this act. The amount must equal the cost estimates specified in the decommissioning plan and must be updated annually for inflation. All guarantees under this section must be assumed by any successor owner, parent company, or holding company.

(2) The guarantee required under subsection (1) of this section may be accomplished by letter of credit, surety bond, or other means acceptable to the department of ecology.

(3) The issuing institution of the letter of credit must be an entity that has the authority to issue letters of credit and whose letter of credit operations are regulated by a federal or state agency. The surety company issuing a surety bond must, at a minimum, be an entity listed as an acceptable surety on federal bonds in circular 570, published by the United States department of the treasury.

(4) A qualifying facility that uses a letter of credit or a surety bond to satisfy the requirements of this act must also establish a standby trust fund as a means to hold any funds issued from the letter of credit or a surety bond. Under the terms of the letter of credit or a surety bond, all amounts paid pursuant to a draft from the department of ecology must be deposited by the issuing institution directly into the standby trust fund in accordance with instructions from the department of ecology. This standby trust fund must be approved by the department of ecology.

(5) The letter of credit or a surety bond must be irrevocable and issued for a period of at least one year. The letter of credit or a surety bond must provide that the expiration date will be automatically extended for a period of at least one year unless, at least one hundred twenty days before the current expiration date, the issuing institution notifies both the qualifying facility and the department of ecology of a decision not to extend the expiration date. Under the terms of the letter of credit, the one hundred twenty days will begin on the date when both the qualifying plant and the department of ecology have received the notice, as evidenced by certified mail return receipts or by overnight courier delivery receipts.

(6) If the qualifying facility does not establish an alternative method of guaranteeing decommissioning funds are available within ninety days after receipt by both the qualifying facility plant and the department of ecology of a notice from the issuing institution that it has decided not to extend the letter of credit beyond the current expiration date, the department of ecology must draw on the letter of credit or a surety bond. The department of ecology

must approve any replacement or substitute guarantee method before the expiration of the ninety-day period.

(7) If a qualifying facility elects to use a letter of credit as the sole method for guaranteeing decommissioning funds are available, the face value of the letter of credit must meet or exceed the current inflation-adjusted cost estimate. If a qualifying facility elects to use a surety bond as the sole method for guaranteeing decommissioning funds are available, the penal sum of the surety bond must meet or exceed the current inflation-adjusted cost estimate.

(8) A qualifying facility must adjust the decommissioning costs and financial guarantees annually for inflation and may use an amendment to increase the face value of a letter of credit or a surety bond each year to account for this inflation. A qualifying facility is not required to obtain a new letter of credit or a surety bond to cover annual inflation adjustments.

NEW SECTION. Sec. 203. Sections 201 and 202 of this act constitute a new chapter in Title 80 RCW.

Sec. 301. RCW 43.160.076 and 2008 c 327 s 8 are each amended to read as follows:

(1) Except as authorized to the contrary under subsection (2) of this section, from all funds available to the board for financial assistance in a biennium under this chapter, the board shall approve at least seventy-five percent of the first twenty million dollars of funds available and at least fifty percent of any additional funds for financial assistance for projects in rural counties.

(2) If at any time during the last six months of a biennium the board finds that the actual and anticipated applications for qualified projects in rural counties are clearly insufficient to use up the allocations under subsection (1) of this section, then the board shall estimate the amount of the insufficiency and during the remainder of the biennium may use that amount of the allocation for financial assistance to projects not located in rural counties.

(3) The board shall solicit qualifying projects to plan, design, and construct public facilities needed to attract new industrial and commercial activities in areas impacted by the closure or potential closure of large coal-fired electric generation facilities, which for the purposes of this section means a facility that emitted more than one million tons of greenhouse gases in any calendar year prior to 2008. The projects should be consistent with any applicable plans for major industrial activity on lands formerly used or designated for surface coal mining and supporting uses under RCW 36.70A.368. When the board receives timely and eligible project applications from a political subdivision of the state for financial assistance for such projects, the board from available funds shall give priority consideration to such projects.

NEW SECTION. Sec. 302. A new section is added to chapter 43.155 RCW to read as follows:

The board shall solicit qualifying projects to plan, design, and construct public works projects needed to attract new industrial and commercial activities in areas impacted by the closure or potential closure of large coal-fired electric generation facilities, which for the purposes of this section means a facility that emitted more than one million tons of greenhouse gases in any calendar year prior to 2008. The projects should be consistent with any applicable plans for major industrial activity on lands formerly used or designated for surface coal mining and supporting uses under RCW 36.70A.368. When the board receives timely and eligible project applications from a political subdivision of the state for financial assistance for such projects, the board from available funds shall give priority consideration to such projects.

NEW SECTION. Sec. 303. A new section is added to chapter 80.04 RCW to read as follows:

The legislature finds that an electrical company's acquisition of coal transition power helps to achieve the state's greenhouse gas

ONE HUNDRED SECOND DAY, APRIL 21, 2011

emission reduction goals by effecting an orderly transition to cleaner fuels and supports the state's public policy.

NEW SECTION. Sec. 304. A new section is added to chapter 80.04 RCW to read as follows:

(1) On the petition of an electrical company, the commission shall approve or disapprove a power purchase agreement for acquisition of coal transition power, as defined in RCW 80.80.010, and the recovery of related acquisition costs. No agreement for an electrical company's acquisition of coal transition power takes effect until it is approved by the commission.

(2) Any power purchase agreement for the acquisition of coal transition power pursuant to this section must provide for modification of the power purchase agreement to the satisfaction of the parties thereto in the event that a new or revised emission or performance standard or other new or revised operational or financial requirement or limitation directly or indirectly addressing greenhouse gas emissions is imposed by state or federal law, rules, or regulatory requirements. Such a modification to a power purchase agreement agreed to by the parties must be reviewed and considered for approval by the commission, considering the circumstances existing at the time of such a review, under procedures and standards set forth in this section. In the event the parties cannot agree to modification of the power purchase agreement, either party to the agreement has the right to terminate the agreement if it is adversely affected by this new standard, requirement, or limitation.

(3) When a petition is filed, the commission shall provide notice to the public and potentially affected parties and set the petition for hearing as an adjudicative proceeding under chapter 34.05 RCW. Any party may request that the commission expedite the hearing of that petition. The hearing of such a petition is not considered a general rate case. The electrical company must file supporting testimony and exhibits together with the power purchase agreement for coal transition power. Information provided by the facility owner to the purchasing electrical company for evaluating the costs and benefits associated with acquisition of coal transition power must be made available to other parties to the petition under a protective order entered by the commission. An administrative law judge of the commission may enter an initial order including findings of fact and conclusions of law, as provided in RCW 80.01.060(3). The commission shall issue a final order that approves or disapproves the power purchase agreement for acquisition of coal transition power within one hundred eighty days after an electrical company files the petition.

(4) The commission must approve a power purchase agreement for acquisition of coal transition power pursuant to this section only if the commission determines that, considering the circumstances existing at the time of such a review: The terms of such an agreement provide adequate protection to ratepayers and the electrical company during the term of such an agreement or in the event of early termination; the resource is needed by the electrical company to serve its ratepayers and the resource meets the need in a cost-effective manner as determined under the lowest reasonable cost resource standards under chapter 19.280 RCW, including the cost of the power purchase agreement plus the equity component as determined in this section. As part of these determinations, the commission shall consider, among other factors, the long-term economic risks and benefits to the electrical company and its ratepayers of such a long-term purchase.

(5) If the commission has not issued a final order within one hundred eighty days from the date the petition is filed, or if the commission disapproves the petition, the power purchase agreement for acquisition of coal transition power is null and void. In the event the commission approves the agreement upon conditions

2011 REGULAR SESSION

other than those set forth in the petition, the electrical company has the right to reject the agreement.

(6)(a) Upon commission approval of an electrical company's power purchase agreement for acquisition of coal transition power in accordance with this section, the electrical company is allowed to earn the equity component of its authorized rate of return in the same manner as if it had purchased or built an equivalent plant and to recover the cost of the coal transition power under the power purchase agreement. Any power purchase agreement for acquisition of coal transition power that earns a return on equity may not be included in an imputed debt calculation for setting customer rates.

(b) For purposes of determining the equity value, the cost of an equivalent plant is the least cost purchased or self-built electric generation plant with equivalent capacity. In determining the least cost plant, the commission may rely on the electrical company's most recent filed integrated resource plan. The cost of an equivalent plant, in dollars per kilowatt, must be determined in the original process of commission approval for each power purchase agreement for coal transition power.

(c) The equivalent plant cost determined in the approval process must be amortized over the life of the power purchase agreement for acquisition of coal transition power to determine the recovery of the equity value.

(d) The recovery of the equity component must be determined and approved in the review process set forth in this section. The approved equity value must be in addition to the approved cost of the power purchase agreement.

(7) Authorizing recovery of costs under a power purchase agreement for acquisition of coal transition power does not prohibit the commission from authorizing recovery of an electrical company's acquisition of capacity resources for the purpose of integrating intermittent power or following load.

(8) Neither this act nor the commission's approval of a power purchase agreement for acquisition of coal transition power that includes the ability to earn the equity component of an electrical company's authorized rate of return establishes any precedent for an electrical company to receive an equity return on any other power purchase agreement or other power contract.

(9) For purposes of this section, "power purchase agreement" means a long-term financial commitment as defined in RCW 80.80.010(15)(b).

(10) This section expires December 31, 2025.

Sec. 305. RCW 19.280.030 and 2006 c 195 s 3 are each amended to read as follows:

Each electric utility must develop a plan consistent with this section.

(1) Utilities with more than twenty-five thousand customers that are not full requirements customers shall develop or update an integrated resource plan by September 1, 2008. At a minimum, progress reports reflecting changing conditions and the progress of the integrated resource plan must be produced every two years thereafter. An updated integrated resource plan must be developed at least every four years subsequent to the 2008 integrated resource plan. The integrated resource plan, at a minimum, must include:

(a) A range of forecasts, for at least the next ten years, of projected customer demand which takes into account econometric data and customer usage;

(b) An assessment of commercially available conservation and efficiency resources. Such assessment may include, as appropriate, high efficiency cogeneration, demand response and load management programs, and currently employed and new policies and programs needed to obtain the conservation and efficiency resources;

ONE HUNDRED SECOND DAY, APRIL 21, 2011

2011 REGULAR SESSION

(c) An assessment of commercially available, utility scale renewable and nonrenewable generating technologies including a comparison of the benefits and risks of purchasing power or building new resources;

(d) A comparative evaluation of renewable and nonrenewable generating resources, including transmission and distribution delivery costs, and conservation and efficiency resources using "lowest reasonable cost" as a criterion;

(e) The integration of the demand forecasts and resource evaluations into a long-range assessment describing the mix of supply side generating resources and conservation and efficiency resources that will meet current and projected needs at the lowest reasonable cost and risk to the utility and its ratepayers; and

(f) A short-term plan identifying the specific actions to be taken by the utility consistent with the long-range integrated resource plan.

(2) All other utilities may elect to develop a full integrated resource plan as set forth in subsection (1) of this section or, at a minimum, shall develop a resource plan that:

(a) Estimates loads for the next five and ten years;

(b) Enumerates the resources that will be maintained and/or acquired to serve those loads; and

(c) Explains why the resources in (b) of this subsection were chosen and, if the resources chosen are not renewable resources or conservation and efficiency resources, why such a decision was made.

On page 1, after line 3, insert the following:

"**Sec 1.** RCW 43.136.011 and 2006 c 197 s 1 are each amended to read as follows:

"The legislature recognizes that tax preferences are enacted to meet objectives which are determined to be in the public interest. However, some tax preferences may not be efficient or equitable tools for the achievement of current public policy objectives. Given the changing nature of the economy and tax structures of other states, the legislature finds that periodic performance audits of tax preferences are needed to determine if their continued existence will serve the public interest. The legislature further finds that tax preferences that are enacted for economic development purposes must demonstrate growth in full-time family wage jobs with health and retirement benefits. Given that an opportunity cost exists with each economic choice, it is the intent of the legislature that the overall impact of economic development focused tax preferences benefit the state's economy."

Renumber the remaining sections consecutively and correct any internal references accordingly and correct the title.

On page 3, line 19, after "(j)" insert: "The economic impact of the tax preference compared to the economic impact of government activities funded by the tax for which the tax preference is taken at the same level of expenditure as the tax preference. For purposes of

(i) Does not have a presumed father, or has a presumed father whose full name is stated; and

(ii) Does not have another acknowledged or adjudicated father;

(d) State whether there has been genetic testing and, if so, that the acknowledging man's claim of paternity is consistent with the results of the genetic testing; and

(e) State that the signatories understand that the acknowledgment is the equivalent of a judicial adjudication of paternity of the child and that a challenge to the acknowledgment is permitted only under limited circumstances and is barred after two years, except as provided in RCW 26.26.330.

(2) An acknowledgment of paternity is void if it:

(a) States that another man is a presumed father, unless a denial of paternity signed by the presumed father is filed with the state registrar of vital statistics;

(b) States that another man is an acknowledged or adjudicated father; or

(c) Falsely denies the existence of a presumed, acknowledged, or adjudicated father of the child.

(3) A presumed father may sign an acknowledgment of paternity.

Sec. 13. RCW 26.26.310 and 2002 c 302 s 303 are each amended to read as follows:

A presumed father of a child may sign a denial of his paternity. The denial is valid only if:

(1) An acknowledgment of paternity signed by another man is filed under RCW 26.26.320;

(2) The denial is in a record, and is signed under penalty of perjury; and

(3) The presumed father has not previously:

(a) Acknowledged his paternity, unless the previous acknowledgment has been rescinded under RCW 26.26.330 or successfully challenged under RCW 26.26.335; or

(b) Been adjudicated to be the father of the child.

Sec. 14. RCW 26.26.315 and 2002 c 302 s 304 are each amended to read as follows:

(1) An acknowledgment of paternity and a denial of paternity may be contained in a single document or may be signed in counterparts, and may be filed separately or simultaneously. If the acknowledgment and denial are both necessary, neither is valid until both are filed.

(2) An acknowledgment of paternity or a denial of paternity may be signed before the birth of the child.

(3) Subject to subsection (1) of this section, an acknowledgment and denial of paternity, if any, take effect on the birth of the child or the filing of the document with the state registrar of vital statistics, whichever occurs later.

(4) An acknowledgment or denial of paternity signed by a minor is valid if it is otherwise in compliance with this chapter. An acknowledgment or denial of paternity signed by a minor may be rescinded under RCW 26.26.330.

Sec. 15. RCW 26.26.320 and 2002 c 302 s 305 are each amended to read as follows:

(1) Except as otherwise provided in RCW 26.26.330 and 26.26.335, a valid acknowledgment of paternity filed with the state registrar of vital statistics is equivalent to an adjudication of ~~(paternity)~~ parentage of a child and confers upon the acknowledged father all of the rights and duties of a parent.

(2) Except as otherwise provided in RCW 26.26.330 and 26.26.335, a valid denial of paternity filed with the state registrar of vital statistics in conjunction with a valid acknowledgment of paternity is equivalent to an adjudication of the nonpaternity of the presumed father and discharges the presumed father from all of the rights and duties of a parent.

Sec. 16. RCW 26.26.330 and 2004 c 111 s 1 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, a signatory may rescind an acknowledgment or denial of paternity by commencing a court proceeding to rescind before the earlier of:

~~((4))~~ (a) Sixty days after the effective date of the acknowledgment or denial, as provided in RCW 26.26.315; or

~~((2))~~ (b) The date of the first hearing in a proceeding to which the signatory is a party before a court to adjudicate an issue relating to the child, including a proceeding that establishes support.

(2) If the signatory to an acknowledgment or denial of paternity was a minor when he signed the acknowledgment or denial, the signatory may rescind the acknowledgment or denial of paternity by commencing a court proceeding to rescind on or before the signatory's nineteenth birthday.

Sec. 17. RCW 26.26.335 and 2002 c 302 s 308 are each amended to read as follows:

(1) After the period for rescission under RCW 26.26.330 has ~~(elapsed)~~ expired, a signatory of an acknowledgment or denial of paternity may commence a proceeding to challenge the acknowledgment or denial only:

(a) On the basis of fraud, duress, or material mistake of fact; and

(b) Within ~~((two))~~ four years after the acknowledgment or denial is filed with the state registrar of vital statistics. In actions commenced more than two years after the birth of the child, the child must be made a party to the action.

(2) A party challenging an acknowledgment or denial of paternity has the burden of proof.

Sec. 18. RCW 26.26.340 and 2002 c 302 s 309 are each amended to read as follows:

(1) Every signatory to an acknowledgment ~~((of))~~ of paternity and any related denial of paternity must be made a party to a proceeding to rescind or challenge the acknowledgment or denial.

(2) For the purpose of rescission of, or challenge to, an acknowledgment or denial of paternity, a signatory submits to personal jurisdiction of this state by signing the acknowledgment or denial, effective upon the filing of the document with the state registrar of vital statistics.

(3) Except for good cause shown, during the pendency of a proceeding to rescind or challenge an acknowledgment or denial of paternity, the court may not suspend the legal responsibilities of a signatory arising from ~~((an))~~ the acknowledgment, including the duty to pay child support.

(4) A proceeding to rescind or to challenge an acknowledgment or denial of paternity must be conducted in the same manner as a proceeding to adjudicate parentage under RCW 26.26.500 through 26.26.630.

(5) At the conclusion of a proceeding to rescind or challenge an acknowledgment or denial of paternity, the court shall order the state registrar of vital statistics to amend the birth record of the child, if appropriate.

Sec. 19. RCW 26.26.360 and 2002 c 302 s 313 are each amended to read as follows:

The state registrar of vital statistics may release information relating to the acknowledgment or denial of paternity ~~((not expressly sealed under a court order,))~~ to: (1) A signatory of the acknowledgment or denial ~~((or their attorneys of record,))~~; (2) the courts of this or any other state; (3) the agencies of this or any other state operating a child support program under Title IV-D of the social security act; ~~((and))~~ and (4) the agencies of this or any other state involved in a dependency determination for a child named in the acknowledgment or denial of paternity.

Sec. 20. RCW 26.26.375 and 2002 c 302 s 316 are each amended to read as follows:

ONE HUNDRED SECOND DAY, APRIL 21, 2011

2011 REGULAR SESSION

(1) After the period for rescission of an acknowledgment of paternity provided in RCW 26.26.330 has passed, a parent executing an acknowledgment of paternity of the child named therein may commence a judicial proceeding for:

(a) Making residential provisions or a parenting plan with regard to the minor child on the same basis as provided in chapter 26.09 RCW; or

(b) Establishing a child support obligation under chapter 26.19 RCW and maintaining health insurance coverage under RCW 26.09.105.

(2) Pursuant to RCW 26.09.010(3), a proceeding authorized by this section shall be ~~((entitled))~~ titled "In re the parenting and support of...."

(3) Before the period for a challenge to the acknowledgment or denial of paternity has elapsed under RCW 26.26.335, the petitioner must specifically allege under penalty of perjury, to the best of the petitioner's knowledge, that: (a) No man other than the man who executed the acknowledgment of paternity is the father of the child; (b) there is not currently pending a proceeding to adjudicate the parentage of the child or that another man is adjudicated the child's father; and (c) the petitioner has provided notice of the proceeding to any other men who have claimed parentage of the child. Should the respondent or any other person appearing in the action deny the allegations, a permanent parenting plan or residential schedule may not be entered for the child without the matter being converted to a proceeding to challenge the acknowledgment of paternity under RCW 26.26.335 and 26.26.340. A copy of the acknowledgment of paternity or the birth certificate issued by the state in which the child was born must be filed with the petition or response. The court may convert the matter to a proceeding to challenge the acknowledgment on its own motion.

Sec. 21. RCW 26.26.400 and 2002 c 302 s 401 are each amended to read as follows:

RCW 26.26.405 through 26.26.450 govern genetic testing of an individual ~~((only))~~ to determine parentage, whether the individual:

(1) Voluntarily submits to testing; or

(2) Is tested pursuant to an order of the court or a support enforcement agency.

Sec. 22. RCW 26.26.405 and 2002 c 302 s 402 are each amended to read as follows:

(1) Except as otherwise provided in this section and RCW 26.26.410 through 26.26.630, the court shall order the child and other designated individuals to submit to genetic testing if the request for testing is supported by the sworn statement of a party to the proceeding:

(a) Allying paternity and stating facts establishing a reasonable probability of the requisite sexual contact between the individuals; or

(b) Denying paternity and stating facts establishing a possibility that sexual contact between the individuals, if any, did not result in the conception of the child.

(2) A support enforcement agency may order genetic testing only if there is no presumed~~((acknowledged))~~ or adjudicated ~~((father))~~ parent and no acknowledged father.

(3) If a request for genetic testing of a child is made before birth, the court or support enforcement agency may not order in utero testing.

(4) If two or more ~~((men))~~ persons are subject to court-ordered genetic testing, the testing may be ordered concurrently or sequentially.

(5) This section does not apply when the child was conceived through assisted reproduction.

Sec. 23. RCW 26.26.410 and 2002 c 302 s 403 are each amended to read as follows:

(1) Genetic testing must be of a type reasonably relied upon by experts in the field of genetic testing and performed in a testing laboratory accredited by:

(a) The American association of blood banks, or a successor to its functions;

(b) The American society for histocompatibility and immunogenetics, or a successor to its functions; or

(c) An accrediting body designated by the United States secretary of health and human services.

(2) A specimen used in genetic testing may consist of one or more samples or a combination of samples of blood, buccal cells, bone, hair, or other body tissue or fluid. The specimen used in the testing need not be of the same kind for each individual undergoing genetic testing.

(3) Based on the ethnic or racial group of an individual, the testing laboratory shall determine the databases from which to select frequencies for use in ~~((the))~~ calculation~~((s))~~ of the probability of parentage. If there is disagreement as to the testing laboratory's choice, the following rules apply:

(a) The individual objecting may require the testing laboratory, within thirty days after receipt of the report of the test, to recalculate the probability of ~~((paternity))~~ parentage using an ethnic or racial group different from that used by the laboratory.

(b) The individual objecting to the testing laboratory's initial choice shall:

(i) If the frequencies are not available to the testing laboratory for the ethnic or racial group requested, provide the requested frequencies compiled in a manner recognized by accrediting bodies; or

(ii) Engage another testing laboratory to perform the calculations.

(c) The testing laboratory may use its own statistical estimate if there is a question regarding which ethnic or racial group is appropriate. If available, the testing laboratory shall calculate the frequencies using statistics for any other ethnic or racial group requested.

(4) If, after recalculation using a different ethnic or racial group, genetic testing does not rebuttably identify a ~~((man))~~ person as the ~~((father))~~ parent of a child under RCW 26.26.420, an individual who has been tested may be required to submit to additional genetic testing.

Sec. 24. RCW 26.26.420 and 2002 c 302 s 405 are each amended to read as follows:

(1) Under this chapter, a ~~((man))~~ person is rebuttably identified as the ~~((father))~~ parent of a child if the genetic testing complies with this section and RCW 26.26.400 through 26.26.415 and 26.26.425 through 26.26.450 and the results disclose that:

(a) The ~~((man))~~ person has at least a ninety-nine percent probability of ~~((paternity))~~ parentage, using a prior probability of 0.50, as calculated by using the combined ~~((paternity))~~ parentage index obtained in the testing; and

(b) A combined ~~((paternity))~~ parentage index of at least one hundred to one.

(2) A ~~((man))~~ person identified under subsection (1) of this section as the ~~((father))~~ parent of the child may rebut the genetic testing results only by other genetic testing satisfying the requirements of this section and RCW 26.26.400 through 26.26.415 and 26.26.425 through 26.26.450 which:

(a) Excludes the ~~((man))~~ person as a genetic ~~((father))~~ parent of the child; or

(b) Identifies another ~~((man))~~ person as the ~~((father))~~ parent of the child.

(3) Except as otherwise provided in RCW 26.26.445, if more than one man is identified by genetic testing as the possible father of

ONE HUNDRED SECOND DAY, APRIL 21, 2011

the child, the court shall order them to submit to further genetic testing to identify the genetic ~~((father))~~ parent.

(4) This section does not apply when the child was conceived through assisted reproduction.

Sec. 25. RCW 26.26.425 and 2002 c 302 s 406 are each amended to read as follows:

(1) Subject to assessment of costs under RCW 26.26.500 through 26.26.630, the cost of initial genetic testing must be advanced:

- (a) By a support enforcement agency in a proceeding in which the support enforcement agency is providing services;
- (b) By the individual who made the request;
- (c) As agreed by the parties; or
- (d) As ordered by the court.

(2) In cases in which the cost is advanced by the support enforcement agency, the agency may seek reimbursement from a ~~((man))~~ person who is rebuttably identified as the ~~((father))~~ parent.

Sec. 26. RCW 26.26.430 and 2002 c 302 s 407 are each amended to read as follows:

(1) The court or the support enforcement agency shall order additional genetic testing upon the request of a party who contests the result of the original testing. If the previous genetic testing identified a ~~((man))~~ person as the ~~((father))~~ parent of the child under RCW 26.26.420, the court or agency may not order additional testing unless the party provides advance payment for the testing.

(2) This section does not apply when the child was conceived through assisted reproduction.

Sec. 27. RCW 26.26.435 and 2002 c 302 s 408 are each amended to read as follows:

(1) If a genetic testing specimen is not available from a man who may be the father of a child, for good cause and under circumstances the court considers to be just, a court may order the following individuals to submit specimens for genetic testing:

- (a) The parents of the man;
- (b) Brothers and sisters of the man;
- (c) Other children of the man and their mothers; and
- (d) Other relatives of the man necessary to complete genetic testing.

(2) If a specimen from the mother of a child is not available for genetic testing, the court may order genetic testing to proceed without a specimen from the mother.

(3) Issuance of an order under this section requires a finding that a need for genetic testing outweighs the legitimate interests of the individual sought to be tested.

(4) This section does not apply when the child was conceived through assisted reproduction.

Sec. 28. RCW 26.26.445 and 2002 c 302 s 410 are each amended to read as follows:

(1) The court may order genetic testing of a brother of a man identified as the father of a child if the man is commonly believed to have an identical brother and evidence suggests that the brother may be the genetic father of the child.

(2) If ~~((genetic testing excludes none of the brothers as the genetic father, and))~~ each brother satisfies the requirements as the identified father of the child under RCW 26.26.420 without consideration of another identical brother being identified as the father of the child, the court may rely on nongenetic evidence to adjudicate which brother is the father of the child.

Sec. 29. RCW 26.26.505 and 2002 c 302 s 502 are each amended to read as follows:

Subject to RCW 26.26.300 through 26.26.375, 26.26.530, and 26.26.540, a proceeding to adjudicate parentage may be maintained by:

- (1) The child;

(2) The ~~((mother of))~~ person who has established a parent-child relationship with the child;

(3) A ~~((man))~~ person whose ~~((paternity))~~ parentage of the child is to be adjudicated;

(4) The division of child support;

(5) An authorized adoption agency or licensed child-placing agency;

(6) A representative authorized by law to act for an individual who would otherwise be entitled to maintain a proceeding but who is deceased, incapacitated, or a minor; or

(7) An intended parent under a surrogate parentage contract, as provided in RCW 26.26.210 through 26.26.260.

Sec. 30. RCW 26.26.510 and 2002 c 302 s 503 are each amended to read as follows:

The following individuals must be joined as parties in a proceeding to adjudicate parentage:

(1) The ~~((mother))~~ parent of the child who has established a parent-child relationship with the child;

(2) A ~~((man))~~ person whose ~~((paternity))~~ parentage of the child is to be adjudicated; ~~((and))~~

(3) An intended parent under a surrogate parentage contract, as provided in RCW 26.26.210 through 26.26.260; and

(4) The child if required under RCW 26.26.530, 26.26.540, or 26.26.720.

Sec. 31. RCW 26.26.525 and 2002 c 302 s 506 are each amended to read as follows:

A proceeding to adjudicate the parentage of a child having no presumed~~((, acknowledged,))~~ or adjudicated ~~((father))~~ second parent and no acknowledged father may be commenced at any time during the life of the child, even after:

(1) The child becomes an adult; or

(2) An earlier proceeding to adjudicate ~~((paternity))~~ parentage has been dismissed based on the application of a statute of limitation then in effect.

Sec. 32. RCW 26.26.530 and 2002 c 302 s 507 are each amended to read as follows:

(1) Except as otherwise provided in subsection (2) of this section, a proceeding brought by a presumed ~~((father))~~ parent, the ~~((mother))~~ person with a parent-child relationship with the child, or another individual to adjudicate the parentage of a child having a presumed ~~((father))~~ parent must be commenced not later than ~~((two))~~ four years after the birth of the child. If an action is commenced more than two years after the birth of the child, the child must be made a party to the action.

(2) A proceeding seeking to disprove the ~~((father-child))~~ parent-child relationship between a child and the child's presumed ~~((father))~~ parent may be maintained at any time if the court determines that~~((:~~

~~((a)))~~ the presumed ~~((father))~~ parent and the ~~((mother of))~~ person who has a parent-child relationship with the child neither cohabited nor engaged in sexual intercourse with each other during the probable time of conception~~((; and~~

~~((b))~~ The presumed father never openly treated the child as his own and the presumed parent never held out the child as his or her own.

Sec. 33. RCW 26.26.535 and 2002 c 302 s 508 are each amended to read as follows:

(1) In a proceeding to adjudicate parentage under circumstances described in RCW 26.26.530 or in RCW 26.26.540, a court may deny a motion seeking an order for genetic testing of the mother or father, the child, and the presumed or acknowledged father if the court determines that:

(a) (i) The conduct of the mother or father or the presumed ~~((father))~~ or acknowledged parent estops that party from denying parentage; and

ONE HUNDRED SECOND DAY, APRIL 21, 2011

2011 REGULAR SESSION

~~((b))~~ (ii) It would be inequitable to disprove the ~~((father-child))~~ parent-child relationship between the child and the presumed ~~((father))~~ or acknowledged parent; or

(b) The child was conceived through assisted reproduction.

(2) In determining whether to deny a motion to seek an order for genetic testing under subsection (1)(a) of this section, the court shall consider the best interest of the child, including the following factors:

(a) The length of time between the proceeding to adjudicate parentage and the time that the presumed ~~((father))~~ or acknowledged parent was placed on notice that he or she might not be the genetic ~~((father))~~ parent;

(b) The length of time during which the presumed ~~((father))~~ or acknowledged parent has assumed the role of ~~((father))~~ parent of the child;

(c) The facts surrounding the presumed ~~((father))~~ or acknowledged parent's discovery of his or her possible ~~((nonpaternity))~~ nonparentage;

(d) The nature of the ~~((father-child))~~ relationship between the child and the presumed or acknowledged parent;

(e) The age of the child;

(f) The harm ~~((to the child which))~~ that may result to the child if ~~((presumed paternity))~~ parentage is successfully disproved;

(g) The nature of the relationship ~~((of))~~ between the child ~~((to))~~ and any alleged ~~((father))~~ parent;

(h) The extent to which the passage of time reduces the chances of establishing the ~~((paternity))~~ parentage of another ~~((man))~~ person and a child support obligation in favor of the child; and

(i) Other factors that may affect the equities arising from the disruption of the ~~((father-child))~~ parent-child relationship between the child and the presumed ~~((father))~~ or acknowledged parent or the chance of other harm to the child.

(3) In a proceeding involving the application of this section, ~~((the))~~ a minor or incapacitated child must be represented by a guardian ad litem.

(4) A denial of a motion seeking an order for genetic testing under subsection (1)(a) of this section must be based on clear and convincing evidence.

(5) If the court denies a motion seeking an order for genetic testing under subsection (1)(a) of this section, it shall issue an order adjudicating the presumed ~~((father))~~ or acknowledged parent to be the ~~((father))~~ parent of the child.

Sec. 34. RCW 26.26.540 and 2002 c 302 s 509 are each amended to read as follows:

(1) If a child has an acknowledged father, a signatory to the acknowledgment or denial of paternity must commence any proceeding seeking to rescind the acknowledgment or denial or challenge the paternity of ~~((that))~~ the child only within the time allowed under RCW 26.26.330 or 26.26.335.

(2) If a child has an acknowledged father or an adjudicated ~~((father))~~ parent, an individual, other than the child, who is neither a signatory to the acknowledgment nor a party to the adjudication and who seeks an adjudication of ~~((paternity))~~ parentage of the child must commence a proceeding not later than ~~((two))~~ four years after the effective date of the acknowledgment or adjudication. If an action is commenced more than two years after the birth of the child, the child must be made a party to the action.

(3) A proceeding under this section is subject to RCW 26.26.535.

Sec. 35. RCW 26.26.545 and 2002 c 302 s 510 are each amended to read as follows:

(1) Except as otherwise provided in subsection (2) of this section, a proceeding to adjudicate parentage may be joined with a proceeding for: Adoption or termination of parental rights under chapter 26.33 RCW; determination of a parenting plan, child

support, annulment, dissolution of marriage, dissolution of a domestic partnership, or legal separation under chapter 26.09 or 26.19 RCW; or probate or administration of an estate under chapter 11.48 or 11.54 RCW, or other appropriate proceeding.

(2) A respondent may not join ~~((the))~~ a proceeding~~((s))~~ described in subsection (1) of this section with a proceeding to adjudicate parentage brought under chapter 26.21 A RCW.

Sec. 36. RCW 26.26.550 and 2002 c 302 s 511 are each amended to read as follows:

~~((Although))~~ A proceeding to ~~((determine))~~ adjudicate parentage may be commenced before the birth of the child, ~~((the proceeding))~~ but may not be concluded until after the birth of the child. The following actions may be taken before the birth of the child:

(1) Service of process;

(2) Discovery;

(3) Except as prohibited by RCW 26.26.405, collection of specimens for genetic testing; and

(4) Temporary orders authorized under RCW 26.26.590.

Sec. 37. RCW 26.26.555 and 2002 c 302 s 512 are each amended to read as follows:

(1) Unless specifically required under other provisions of this chapter, a minor child is a permissible party, but is not a necessary party to a proceeding under RCW 26.26.500 through 26.26.630.

(2) If ~~((the))~~ a minor or incapacitated child is a party, or if the court finds that the interests of ~~((a minor child or incapacitated))~~ the child are not adequately represented, the court shall appoint a guardian ad litem to represent the child, subject to RCW 74.20.310 ~~((neither the child's mother or father))~~. A parent of the child may not represent the child as guardian or ~~((otherwise))~~ in any other capacity.

Sec. 38. RCW 26.26.570 and 2002 c 302 s 521 are each amended to read as follows:

(1) Except as otherwise provided in subsection (3) of this section, a record of a genetic testing expert is admissible as evidence of the truth of the facts asserted in the report unless a party objects to its admission within fourteen days after its receipt by the objecting party and cites specific grounds for exclusion. The admissibility of the report is not affected by whether the testing was performed:

(a) Voluntarily or under an order of the court or a support enforcement agency; or

(b) Before or after the commencement of the proceeding.

(2) A party objecting to the results of genetic testing may call one or more genetic testing experts to testify in person or by telephone, videoconference, deposition, or another method approved by the court. Unless otherwise ordered by the court, the party offering the testimony bears the expense for the expert testifying.

(3) If a child has a presumed~~((, acknowledged))~~ or adjudicated ~~((father))~~ parent or an acknowledged father, the results of genetic testing are inadmissible to adjudicate parentage unless performed:

(a) With the consent of both the ~~((mother))~~ person with a parent-child relationship with the child and the presumed~~((, acknowledged))~~ or adjudicated ~~((father))~~ parent or an acknowledged father; or

(b) Under an order of the court under RCW 26.26.405.

(4) Copies of bills for genetic testing and for prenatal and postnatal health care for the mother and child that are furnished to the adverse party not less than ten days before the date of a hearing are admissible to establish:

(a) The amount of the charges billed; and

(b) That the charges were reasonable, necessary, and customary.

Sec. 39. RCW 26.26.575 and 2002 c 302 s 522 are each amended to read as follows:

(1) An order for genetic testing is enforceable by contempt.

(2) If an individual whose paternity is being determined declines to submit to genetic testing ~~((as))~~ ordered by the court, the court for that reason may ~~((on that basis))~~ adjudicate parentage contrary to the position of that individual.

(3) Genetic testing of the mother of a child is not a condition precedent to testing the child and a man whose paternity is being determined. If the mother is unavailable or declines to submit to genetic testing, the court may order the testing of the child and every man whose paternity is being adjudicated.

(4) This section does not apply when the child was conceived through assisted reproduction.

Sec. 40. RCW 26.26.585 and 2002 c 302 s 523 are each amended to read as follows:

(1) A respondent in a proceeding to adjudicate parentage may admit to the paternity of a child by filing a pleading to that effect or by admitting paternity under penalty of perjury when making an appearance or during a hearing.

(2) If the court finds that the admission of paternity ~~((was made under))~~ satisfies the requirements of this section and finds that there is no reason to question the admission, the court shall issue an order adjudicating the child to be the child of the man admitting paternity.

Sec. 41. RCW 26.26.590 and 2002 c 302 s 524 are each amended to read as follows:

This section applies to any proceeding under RCW 26.26.500 through 26.26.630.

(1) The court shall issue a temporary order for support of a child if the individual ordered to pay support:

(a) Is a presumed ~~((father))~~ parent of the child;

(b) Is petitioning to have his ~~((paternity))~~ or her parentage adjudicated or has admitted ~~((paternity))~~ parentage in pleadings filed with the court;

(c) Is identified as the father through genetic testing under RCW 26.26.420;

(d) Has declined to submit to genetic testing but is shown by clear and convincing evidence to be the father of the child; or

(e) Is ~~((the mother of))~~ a person who has established a parent-child relationship with the child.

(2) A temporary order may, on the same basis as provided in chapter 26.09 RCW, make residential provisions with regard to minor children of the parties, except that a parenting plan is not required unless requested by a parent.

(3) Any party may request the court to issue a temporary restraining order or preliminary injunction, providing relief proper in the circumstances, and restraining or enjoining any party from:

(a) Molesting or disturbing the peace of another party;

(b) Going onto the grounds of or entering the home, workplace, or school of another party or the day care or school of any child;

(c) Knowingly coming within, or knowingly remaining within, a specified distance from a specified location; and

(d) Removing a child from the jurisdiction of the court.

(4) Either party may request a domestic violence protection order under chapter 26.50 RCW or an antiharassment protection order under chapter 10.14 RCW on a temporary basis. The court may grant any of the relief provided in RCW 26.50.060 except relief pertaining to residential provisions for the children which provisions shall be provided for under this chapter, and any of the relief provided in RCW 10.14.080. Ex parte orders issued under this subsection shall be effective for a fixed period not to exceed fourteen days, or upon court order, not to exceed twenty-four days if necessary to ensure that all temporary motions in the case can be heard at the same time.

(5) Restraining orders issued under this section restraining or enjoining the person from molesting or disturbing another party, or from going onto the grounds of or entering the home, workplace, or school of the other party or the day care or school of any child, or

prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, shall prominently bear on the front page of the order the legend: VIOLATION OF THIS ORDER WITH ACTUAL NOTICE OF ITS TERMS IS A CRIMINAL OFFENSE UNDER CHAPTER 26.50 RCW AND WILL SUBJECT A VIOLATOR TO ARREST.

(6) The court shall order that any temporary restraining order bearing a criminal offense legend, any domestic violence protection order, or any antiharassment protection order granted under this section be forwarded by the clerk of the court on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the order, the law enforcement agency shall enter the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. The order is fully enforceable in any county in the state.

(7) If a restraining order issued pursuant to this section is modified or terminated, the clerk of the court shall notify the law enforcement agency specified in the order on or before the next judicial day. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from any computer-based criminal intelligence system.

(8) The court may issue a temporary restraining order without requiring notice to the other party only if it finds on the basis of the moving affidavit or other evidence that irreparable injury could result if an order is not issued until the time for responding has elapsed.

(9) The court may issue a temporary restraining order or preliminary injunction and an order for temporary support in such amounts and on such terms as are just and proper in the circumstances. In issuing the order, the court shall consider the provisions of RCW 9.41.800.

(10) A temporary order, temporary restraining order, or preliminary injunction:

(a) Does not prejudice the rights of a party or any child which are to be adjudicated at subsequent hearings in the proceeding;

(b) May be revoked or modified;

(c) Terminates when the final order is entered or when the petition is dismissed; and

(d) May be entered in a proceeding for the modification of an existing order.

(11) A support debt owed to the state for public assistance expenditures which has been charged against a party pursuant to RCW 74.20A.040 and/or 74.20A.055 shall not be merged in, or otherwise extinguished by, the final decree or order, unless the office of support enforcement has been given notice of the final proceeding and an opportunity to present its claim for the support debt to the court and has failed to file an affidavit as provided in this subsection. Notice of the proceeding shall be served upon the office of support enforcement personally, or by certified mail, and shall be given no fewer than thirty days prior to the date of the final proceeding. An original copy of the notice shall be filed with the court either before service or within a reasonable time thereafter. The office of support enforcement may present its claim, and thereby preserve the support debt, by filing an affidavit setting forth the amount of the debt with the court, and by mailing a copy of the affidavit to the parties or their attorney prior to the date of the final proceeding.

Sec. 42. RCW 26.26.600 and 2002 c 302 s 531 are each amended to read as follows:

The court shall apply the following rules to adjudicate the ~~((paternity))~~ parentage of a child:

(1) Except as provided in subsection (5) of this section, the ~~((paternity))~~ parentage of a child having a presumed~~((;~~ acknowledged,) or adjudicated ~~((father))~~ parent or an

acknowledged father may be disproved only by admissible results of genetic testing excluding that ~~((man))~~ person as the ~~((father))~~ parent of the child or identifying another man ~~((to be))~~ as the father of the child.

(2) Unless the results of genetic testing are admitted to rebut other results of genetic testing, the man identified as the father of the child under RCW 26.26.420 must be adjudicated the father of the child.

(3) If the court finds that genetic testing under RCW 26.26.420 neither identifies nor excludes a man as the father of a child, the court may not dismiss the proceeding. In that event, the results of genetic testing, ~~((along with))~~ and other evidence, are admissible to adjudicate the issue of paternity.

(4) Unless the results of genetic testing are admitted to rebut other results of genetic testing, a man excluded as the father of a child by genetic testing must be adjudicated not to be the father of the child.

(5) Subsections (1) through (4) of this section do not apply when the child was conceived through assisted reproduction. The parentage of a child conceived through assisted reproduction may be disproved only by admissible evidence showing the intent of the presumed, acknowledged, or adjudicated parent and the other parent.

Sec. 43. RCW 26.26.620 and 2002 c 302 s 535 are each amended to read as follows:

The court may issue an order dismissing a proceeding commenced under this chapter for want of prosecution only without prejudice. An order of dismissal for want of prosecution purportedly with prejudice is void and ~~((may be challenged in another judicial or an administrative proceeding))~~ has only the effect of a dismissal without prejudice.

Sec. 44. RCW 26.26.625 and 2002 c 302 s 536 are each amended to read as follows:

(1) The court shall issue an order adjudicating whether a ~~((man))~~ person alleged or claiming to be the ~~((father))~~ parent is the parent of the child.

(2) An order adjudicating parentage must identify the child by name and age.

(3) Except as otherwise provided in subsection (4) of this section, the court may assess filing fees, reasonable attorneys' fees, fees for genetic testing, other costs, and necessary travel and other reasonable expenses incurred in a proceeding under this section and RCW 26.26.500 through 26.26.620 and 26.26.630. The court may award attorneys' fees, which may be paid directly to the attorney, who may enforce the order in the attorney's own name.

(4) The court may not assess fees, costs, or expenses against the support enforcement agency of this state or another state, except as provided by other law.

(5) On request of a party and for good cause shown, the court may order that the name of the child be changed.

(6) If the order of the court is at variance with the child's birth certificate, the court shall order the state registrar of vital statistics to issue an amended birth certificate.

Sec. 45. RCW 26.26.630 and 2002 c 302 s 537 are each amended to read as follows:

(1) Except as otherwise provided in subsection (2) of this section, a determination of parentage is binding on:

(a) All signatories to an acknowledgment or denial of paternity as provided in RCW 26.26.300 through 26.26.375; and

(b) All parties to an adjudication by a court acting under circumstances that satisfy the jurisdictional requirements of RCW ~~((26.21.075))~~ 26.21A.100.

(2) A child is not bound by a determination of parentage under this chapter unless:

(a) The determination was based on an unrescinded acknowledgment of paternity and the acknowledgment of paternity is consistent with the results of the genetic testing;

(b) The adjudication of parentage was based on a finding consistent with the results of genetic testing and the consistency is declared in the determination or is otherwise shown, or in the case of a child conceived through assisted reproduction, the adjudication of parentage was based on evidence showing the intent of the parents; or

(c) The child was a party or was represented in the proceeding determining parentage by a guardian ad litem.

(3) In a proceeding to dissolve a marriage or domestic partnership, the court is deemed to have made an adjudication of the parentage of a child if the court acts under circumstances that satisfy the jurisdictional requirements of RCW ~~((26.21.075))~~ 26.21A.100, and the final order:

(a) Expressly identifies a child as a "child of the marriage," "issue of the marriage," "child of the domestic partnership," "issue of the domestic partnership," or similar words indicating that the ~~((husband is the father))~~ spouses in the marriage or domestic partners in the domestic partnership are the parents of the child; or

(b) Provides for support of the child by one or both of the ~~((husband))~~ spouses or domestic partners unless ~~((paternity))~~ parentage is specifically disclaimed in the order.

(4) Except as otherwise provided in subsection (2) of this section, a determination of parentage may be a defense in a subsequent proceeding seeking to adjudicate parentage by an individual who was not a party to the earlier proceeding.

(5) A party to an adjudication of ~~((paternity))~~ parentage may challenge the adjudication only under law of this state relating to appeal, vacation of judgments, ~~((and))~~ or other judicial review.

Sec. 46. RCW 26.26.705 and 2002 c 302 s 602 are each amended to read as follows:

A donor is not a parent of a child conceived by means of assisted reproduction, unless otherwise agreed in a signed record by the donor and the person or persons intending to be parents of a child conceived through assisted reproduction.

Sec. 47. RCW 26.26.710 and 2002 c 302 s 603 are each amended to read as follows:

((If a husband provides sperm for, or consents to, assisted reproduction by his wife as provided in RCW 26.26.715, he is the father of a resulting child born to his wife.)) A person who provides gametes for, or consents in a signed record to assisted reproduction with another person, with the intent to be the parent of the child born, is the parent of the resulting child.

Sec. 48. RCW 26.26.715 and 2002 c 302 s 604 are each amended to read as follows:

~~((A consent to assisted reproduction by a married woman must be in a record signed by the woman and her husband.))~~ Consent by a couple who intend to be parents of a child conceived by assisted reproduction must be in a record signed by both persons. This requirement does not apply to ~~((the donation of eggs for assisted reproduction by another woman))~~ a donor.

(2) Failure of the ~~((husband))~~ person to sign a consent required by subsection (1) of this section, before or after birth of the child, does not preclude a finding ~~((that the husband is the father of a child born to his wife if the wife and husband openly treated))~~ of parentage if the persons resided together in the same household with the child and openly held out the child as their own.

Sec. 49. RCW 26.26.720 and 2002 c 302 s 605 are each amended to read as follows:

(1) Except as otherwise provided in subsection (2) of this section, ~~((the husband of a wife))~~ a spouse or domestic partner of a woman who gives birth to a child by means of assisted reproduction, or a spouse or domestic partner of a man who has a child by means

of assisted reproduction, may not challenge his ~~((paternity))~~ or her parentage of the child unless:

(a) Within ~~((two))~~ four years after learning of the birth of the child ~~((he))~~ the person commences a proceeding to adjudicate his ~~((paternity))~~ or her parentage. In actions commenced more than two years after the birth of the child, the child must be made a party to the action; and

(b) The court finds that ~~((he))~~ the person did not consent to the assisted reproduction, before or after birth of the child.

(2) A proceeding to adjudicate ~~((paternity))~~ parentage may be maintained at any time if the court determines that:

(a) The ~~((husband))~~ spouse or domestic partner did not provide ~~((sperm))~~ gametes for, or before or after the birth of the child consent to, assisted reproduction by his ~~((wife))~~ or her spouse or domestic partner;

(b) The ~~((husband and the mother))~~ spouse or domestic partner and the parent of the child have not cohabited since the probable time of assisted reproduction; and

(c) The ~~((husband))~~ spouse or domestic partner never openly ~~((treated))~~ held out the child as his or her own.

(3) The limitation provided in this section applies to a marriage or domestic partnership declared invalid after assisted reproduction.

Sec. 50. RCW 26.26.725 and 2002 c 302 s 606 are each amended to read as follows:

(1) If a marriage or domestic partnership is dissolved before placement of eggs, sperm, or an embryo, the former spouse or former domestic partner is not a parent of the resulting child unless the former spouse or former domestic partner consented in a signed record that if assisted reproduction were to occur after a ~~((divorce))~~ dissolution, the former spouse or former domestic partner would be a parent of the child.

(2) The consent of the former spouse or former domestic partner to assisted reproduction may be ~~((revoked))~~ withdrawn by that individual in a record at any time before placement of eggs, sperm, or embryos. An individual who withdraws consent under this section is not a parent of the resulting child.

Sec. 51. RCW 26.26.730 and 2002 c 302 s 607 are each amended to read as follows:

If ~~((a spouse))~~ an individual who consented in a record to be a parent by assisted reproduction dies before placement of eggs, sperm, or an embryo, the deceased ~~((spouse))~~ individual is not a parent of the resulting child unless the deceased ~~((spouse))~~ individual consented in a signed record that if assisted reproduction were to occur after death, the deceased ~~((spouse))~~ individual would be a parent of the child.

Sec. 52. RCW 26.26.735 and 2002 c 302 s 608 are each amended to read as follows:

The donor of ~~((ovum))~~ eggs provided to a licensed physician for use in ~~((the alternative reproductive medical technology process))~~ assisted reproduction for the purpose of attempting to achieve a pregnancy in a woman other than the donor is treated in law as if she were not the ~~((natural mother))~~ parent of a child thereafter conceived and born unless the donor and the woman who gives birth to a child as a result of the ~~((alternative reproductive medical technology procedures))~~ assisted reproduction agree in writing that the donor is to be a parent. RCW 26.26.705 does not apply in such case. A woman who gives birth to a child conceived through ~~((alternative reproductive medical technology procedures))~~ assisted reproduction under the supervision and with the assistance of a licensed physician is treated in law as if she were the ~~((natural mother))~~ parent of the child unless an agreement in writing signed by an ~~((ovum))~~ egg donor and the woman giving birth to the child states otherwise. An agreement pursuant to this section must be in writing and signed by the ~~((ovum))~~ egg donor and the woman who gives birth to the child and any other intended parent of the child. The physician shall

certify the parties' signatures and the date of the ~~((ovum))~~ egg harvest, identify the subsequent medical procedures undertaken, and identify the intended parents. The agreement, including the affidavit and certification ~~((referenced in RCW 26.26.030))~~, must be filed with the registrar of vital statistics, where it must be kept confidential and in a sealed file.

NEW SECTION. Sec. 53. A new section is added to chapter 26.26 RCW to read as follows:

(1) A person who donates gametes to a fertility clinic in Washington to be used in assisted reproduction shall provide, at a minimum, his or her identifying information and medical history to the fertility clinic. The fertility clinic shall keep the identifying information and medical history of its donors and shall disclose the information as provided under subsection (2) of this section.

(2)(a) A child conceived through assisted reproduction who is at least eighteen years old shall be provided, upon his or her request, access to identifying information of the donor who provided gametes for the assisted reproduction that resulted in the birth of the child, unless the donor has signed an affidavit of nondisclosure with the fertility clinic that provided the gamete for assisted reproduction.

(b) Regardless of whether the donor signed an affidavit of nondisclosure, a child conceived through assisted reproduction who is at least eighteen years old shall be provided, upon his or her request, access to the nonidentifying medical history of the donor who provided gametes for the assisted reproduction that resulted in the birth of the child.

Sec. 54. RCW 26.26.903 and 2002 c 302 s 709 are each amended to read as follows:

In applying and construing this uniform act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it and to the intent that the act apply to persons of the same sex who have children together to the same extent the act applies to persons of the opposite sex who have children together.

Sec. 55. RCW 26.26.911 and 2002 c 302 s 101 are each amended to read as follows:

This act may be known and cited as the uniform parentage act of 2002.

NEW SECTION. Sec. 56. Any action taken by an agency to implement the provisions of this act must be accomplished within existing resources. Any costs incurred by the administrative office of the courts for modifications to the judicial information system as a result of the provisions of this act shall be paid from the judicial information system account.

NEW SECTION. Sec. 57. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

MESSAGE FROM THE HOUSE

April 9, 2011

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 5636 with the following amendment(s): 5636-S2 AMH WAYS H2503.1

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** A new section is added to chapter 28B.30 RCW to read as follows:

(1) The legislature finds that access to baccalaureate and graduate degree programs continues to be limited for residents of north Snohomish, Island, and Skagit counties. Studies conducted by the state board for community and technical colleges, the higher education coordinating board, and the council of presidents confirm that enrollment in higher education compared to demand in this geographic region lags behind enrollment in other parts of the state, particularly for upper-division courses leading to advanced degrees.

(2) The legislature also finds that access to high employer demand programs of study is imperative for the state's global competitiveness and economic prosperity, particularly those degrees in the science, technology, engineering, and mathematics (STEM) fields that align with the workforce skill demands of the regional economy, that support the aerospace industry, and provide skilled undergraduate and graduate-degree engineers required by the largest employers in the aerospace industry cluster.

(3) The legislature finds that meeting the long-range goal of greatly expanded access for the population of the region to the widest array of baccalaureate and graduate programs can best be accomplished by assigning responsibility to a research university with multiple experiences in similar settings.

(4) Management and leadership of the University Center of North Puget Sound is assigned to Washington State University to meet the needs of the Everett metropolitan area and the north Snohomish, Island, and Skagit county region and the state of Washington for baccalaureate and graduate degrees offered by a state university. The chief executive officer of the University Center of North Puget Sound is the director who reports to the president of Washington State University. The director shall manage the activities and logistics of operating the center, make policy and planning recommendations to the council in subsection (5) of this section, and implement decisions of the council.

(5)(a) Washington State University and Everett Community College must collaborate with community leaders, and other four-year institutions of higher education that offer programs at the University Center of North Puget Sound to serve the varied interests of students in the region. To this end, a coordinating and planning council must be established to be responsible for long-range and strategic planning, interinstitutional collaboration, collaboration with the community served, and dispute resolution for the center. The following individuals shall comprise the coordinating and planning council:

(i) The president of Washington State University, or his or her designee;

(ii) The provost of Washington State University, or his or her designee;

(iii) The president of Everett Community College;

(iv) Two representatives of two other institutions of higher education that offer baccalaureate or graduate degree programs at the center;

(v) A student enrolled at the University Center of North Puget Sound appointed by the coordinating and planning council;

(vi) The director of the council, as the nonvoting chair;

(vii) A community leader appointed by the president of Everett Community College; and

(viii) A community leader appointed by the mayor of Everett.

(b) The coordinating and planning council may appoint other groups, as appropriate, to advise on administration and operations, and may alter its own composition by agreement of all the members.

(6)(a) Washington State University shall assume leadership of the center upon completion and approval by the legislature as provided under (d) of this subsection of a strategic plan for meeting the academic needs of the region and successful establishment of an engineering degree program. The strategic plan must build on the strengths of the institutions, reflecting each institution's mission, in

ONE HUNDRED SECOND DAY, APRIL 21, 2011

order to provide the region with the highest standard of educational programs, research, and service to the community. The strategic plan must include a multiyear budget that addresses both operating and capital expenses required to effectively implement the plan. The strategic plan shall be developed with the collaboration of the University Center at Everett Community College and all the institutions of higher education that provide baccalaureate degrees at the University Center, and community leaders.

(b) Center partners must implement the strategic plan with careful attention to the academic and professional standards established and maintained by each institution and by the appropriate accrediting bodies, and to the historic role of each institution's governing board in setting policy.

(c) The strategic plan must address expansion of the range and depth of educational opportunities in the region and include strategies that:

(i) Build upon baccalaureate and graduate degree offerings at the center;

(ii) Meet projected student enrollment demands for baccalaureate, graduate, and certificate programs in the region;

(iii) Meet employers' needs for skilled workers by expanding high employer demand programs of study as defined in RCW 28B.50.030, with an initial and ongoing emphasis by Washington State University on undergraduate and graduate science, technology, mathematics, and engineering degree programs, including a variety of engineering disciplines such as civil, mechanical, aeronautical, and aerospace manufacturing;

(iv) Coordinate delivery of lower and upper division courses to maximize student opportunities and resources; and

(v) Transfer budget support and resources for the center from Everett Community College to Washington State University.

(d) The strategic plan must be completed by December 1, 2012, and submitted to the legislature for review. The strategic plan shall be considered approved if the legislature does not take further action on the strategic plan during the 2013 legislative session. The transfer of the responsibility for the management and operation of the University Center of North Puget Sound to Washington State University must occur by July 1, 2014.

(7)(a) Academic programming and delivery at the center must be developed in accordance with the missions of Washington State University, Everett Community College, and other institutions of higher education that have a presence at the center.

(b) Each institution shall abide by the guidelines for university centers adopted by the higher education coordinating board.

(c) Each institution shall award all degrees and certificates granted in the programs it delivers at the center.

(d) The coordinating council described in subsection (5) of this section shall establish a process for prioritizing new programs and revising existing programs that facilitates timeliness of new offerings, recognizes the internal processes of the proposing institutions, and addresses each proposal's fit with the needs of the region.

(8)(a) Washington State University shall review center expansion needs and consider capital facilities funding at least annually. Washington State University and Everett Community College must cooperate in preparing funding requests and bond financing for submission to the legislature on behalf of development at the center, in accordance with each institution's process and priorities for advancing legislative requests.

(b) Washington State University shall design, construct, and manage any facility developed at the center. Any facility developed at the center with Everett Community College capital funding must be designed by Everett Community College in consultation with Washington State University. Building construction may be managed by Washington State University via

2011 REGULAR SESSION

an interagency agreement which details responsibility and associated costs. Building operations and management for all facilities at the center must be governed by the infrastructure and operating cost allocation method described in subsection (9) of this section.

(9) Washington State University has responsibility for infrastructure development and maintenance for the center. All infrastructure operating and maintenance costs are to be shared in what is deemed to be an equitable and fair manner based on space allocation, special cost, and other relevant considerations. Washington State University may make infrastructure development and maintenance decisions in consultation with the council described in subsection (5) of this section.

(10) In the event that conflict cannot be resolved through the coordinating council described in subsection (5) of this section the higher education coordinating board dispute resolution must be employed.

Sec. 2. RCW 28B.50.795 and 2010 1st sp.s. c 25 s 1 are each amended to read as follows:

(1) ((RCW 28B.50.901 assigns responsibility for the north Snohomish, Island, and Skagit counties' higher education consortium to Everett Community College. In April of 2009, Everett Community College opened Gray Wolf Hall, the new home of the University Center of North Puget Sound. The University Center currently offers over twenty bachelor's and master's degrees from six partner universities.

(2)) Although Everett Community College offers an associate degree nursing program that graduates approximately seventy to ninety students per year, the University Center does not offer a bachelor of science in nursing. Some graduates of the Everett Community College program are able to articulate to the bachelor of science in nursing program offered by the University of Washington-Bothell at its Bothell campus or in Mt. Vernon but current capacity is not sufficient for all of the graduates who are both interested and qualified.

((3)) (2) Despite recent growth in nursing education capacity, shortages still persist for registered nurses. According to a June 2007 study by the Washington, Wyoming, Alaska, Montana, and Idaho center for health workforce studies, the average age of Washington's registered nurses was forty-eight years. More than a third were fifty- five years of age or older. Consequently, the high rate of registered nurses retiring from nursing practice over the next two decades will significantly reduce the supply. This reduction comes at the same time as the state's population grows and ages. The registered nurse education capacity in Washington has a large impact on the supply of registered nurses in the state. If the rate of graduation in registered nursing does not increase, projections show that supply in Washington will begin to decline by 2015. In contrast, if graduation rates increased by four hundred per year, the supply of registered nurses would meet estimated demand by the year 2021.

((4)) (3) Subject to specific funding to support up to fifty full-time equivalent students in a bachelor of nursing program, the University Center ((at Everett Community College)) of North Puget Sound, in partnership with the University of Washington-Bothell, shall offer a bachelor of science in nursing program with capacity for up to fifty full-time students.

NEW SECTION. Sec. 3. (1) This act takes effect only after the higher education coordinating board determines whether a needs assessment and analysis is required and, if so, conducts a needs assessment and viability determination under RCW 28B.76.230 and recommends that the provisions in section 1 of this act occur.

(2) The higher education coordinating board must make a recommendation under subsection (1) of this section by July 1, 2012.

April 11, 2011

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5073 with the following amendment(s): 5073-S2.E AMH ENGR H2509.E

Strike everything after the enacting clause and insert the following:

"PART I
LEGISLATIVE DECLARATION AND INTENT

NEW SECTION. Sec. 101. (1) The legislature intends to amend and clarify the law on the medical use of cannabis so that:

(a) Qualifying patients and designated providers complying with the terms of this act and registering with the department of health will no longer be subject to arrest or prosecution, other criminal sanctions, or civil consequences based solely on their medical use of cannabis;

(b) Qualifying patients will have access to an adequate, safe, consistent, and secure source of medical quality cannabis; and

(c) Health care professionals may authorize the medical use of cannabis in the manner provided by this act without fear of state criminal or civil sanctions.

(2) This act is not intended to amend or supersede Washington state law prohibiting the acquisition, possession, manufacture, sale, or use of cannabis for nonmedical purposes.

(3) This act is not intended to compromise community safety. State, county, or city correctional agencies or departments shall retain the authority to establish and enforce terms for those on active supervision.

Sec. 102. RCW 69.51A.005 and 2010 c 284 s 1 are each amended to read as follows:

(1) The ~~((people of Washington state))~~ legislature finds that:

~~(a) There is medical evidence that some patients with terminal or debilitating ((illnesses)) medical conditions may, under their health care professional's care, ((may)) benefit from the medical use of ((marijuana)) cannabis. Some of the ((illnesses)) conditions for which ((marijuana)) cannabis appears to be beneficial include ((chemotherapy related)), but are not limited to:~~

~~(i) Nausea ((and)), vomiting ((in cancer patients; AIDS wasting syndrome)), and cachexia associated with cancer, HIV-positive status, AIDS, hepatitis C, anorexia, and their treatments;~~

~~(ii) Severe muscle spasms associated with multiple sclerosis, epilepsy, and other seizure and spasticity disorders; ((epilepsy));~~

~~(iii) Acute or chronic glaucoma;~~

~~(iv) Crohn's disease; and~~

~~(v) Some forms of intractable pain.~~

~~((The people find that)) (b) Humanitarian compassion necessitates that the decision to ((authorize the medical)) use ((of marijuana)) cannabis by patients with terminal or debilitating ((illnesses)) medical conditions is a personal, individual decision, based upon their health care professional's professional medical judgment and discretion.~~

(2) Therefore, the ~~((people of the state of Washington))~~ legislature intends that:

~~(a) Qualifying patients with terminal or debilitating ((illnesses)) medical conditions who, in the judgment of their health care professionals, may benefit from the medical use of ((marijuana)) cannabis, shall not be ((found guilty of a crime under state law for their possession and limited use of marijuana)) arrested, prosecuted, or subject to other criminal sanctions or civil consequences under state law based solely on their medical use of cannabis, notwithstanding any other provision of law;~~

~~(b) Persons who act as designated providers to such patients shall also not be ((found guilty of a crime under state law for)) arrested, prosecuted, or subject to other criminal sanctions or civil consequences under state law, notwithstanding any other provision of law, based solely on their assisting with the medical use of ((marijuana)) cannabis; and~~

~~(c) Health care professionals shall also ((be exempted from liability and prosecution)) not be arrested, prosecuted, or subject to other criminal sanctions or civil consequences under state law for the~~

proper authorization of ~~((marijuana))~~ medical use ~~((to))~~ of cannabis by qualifying patients for whom, in the health care professional's professional judgment, the medical ~~((marijuana))~~ use of cannabis may prove beneficial.

(3) Nothing in this chapter establishes the medical necessity or medical appropriateness of cannabis for treating terminal or debilitating medical conditions as defined in RCW 69.51A.010.

(4) Nothing in this chapter diminishes the authority of correctional agencies and departments, including local governments or jails, to establish a procedure for determining when the use of cannabis would impact community safety or the effective supervision of those on active supervision for a criminal conviction, nor does it create the right to any accommodation of any medical use of cannabis in any correctional facility or jail.

Sec. 103. RCW 69.51A.020 and 1999 c 2 s 3 are each amended to read as follows:

Nothing in this chapter shall be construed to supersede Washington state law prohibiting the acquisition, possession, manufacture, sale, or use of ~~((marijuana))~~ cannabis for nonmedical purposes. Criminal penalties created under this act do not preclude the prosecution or punishment for other crimes, including other crimes involving the manufacture or delivery of cannabis for nonmedical purposes.

NEW SECTION. Sec. 408. A qualifying patient's medical use of cannabis as authorized by a health care professional may not be a sole disqualifying factor in determining the patient's suitability for an organ transplant, unless it is shown that this use poses a significant risk of rejection or organ failure. This section does not preclude a health care professional from requiring that a patient abstain from the medical use of cannabis, for a period of time determined by the health care professional, while waiting for a transplant organ or before the patient undergoes an organ transplant.

NEW SECTION. Sec. 409. A qualifying patient or designated provider may not have his or her parental rights or residential time with a child restricted solely due to his or her medical use of cannabis in compliance with the terms of this chapter absent written findings supported by evidence that such use has resulted in a long-term impairment that interferes with the performance of parenting functions as defined under RCW 26.09.004.

NEW SECTION. Sec. 410. (1) Except as provided in subsection (2) of this section, a qualifying patient may not be refused housing or evicted from housing solely as a result of his or her possession or use of useable cannabis or cannabis products except that housing providers otherwise permitted to enact and enforce prohibitions against smoking in their housing may apply those prohibitions to smoking cannabis provided that such smoking prohibitions are applied and enforced equally as to the smoking of cannabis and the smoking of all other substances, including without limitation tobacco.

(2) Housing programs containing a program component prohibiting the use of drugs or alcohol among its residents are not required to permit the medical use of cannabis among those residents.

NEW SECTION. Sec. 411. In imposing any criminal sentence, deferred prosecution, stipulated order of continuance, deferred disposition, or dispositional order, any court organized under the laws of Washington state may permit the medical use of cannabis in compliance with the terms of this chapter and exclude it as a possible ground for finding that the offender has violated the conditions or requirements of the sentence, deferred prosecution, stipulated order of continuance, deferred disposition, or dispositional order. This section does not require the accommodation of any medical use of cannabis in any correctional facility or jail.

Sec. 412. RCW 69.51A.050 and 1999 c 2 s 7 are each amended to read as follows:

(1) The lawful possession, delivery, dispensing, production, or manufacture of ~~((medical marijuana))~~ cannabis for medical use as

(2) Nothing in this chapter ~~((requires any health insurance provider))~~ establishes a right of care as a covered benefit or requires any state purchased health care as defined in RCW 41.05.011 or other health carrier or health plan as defined in Title 48 RCW to be liable for any claim for reimbursement for the medical use of ~~((marijuana))~~ cannabis. Such entities may enact coverage or noncoverage criteria or related policies for payment or nonpayment of medical cannabis in their sole discretion.

(3) Nothing in this chapter requires any health care professional to authorize the medical use of ~~((medical marijuana))~~ cannabis for a patient.

(4) Nothing in this chapter requires any accommodation of any on-site medical use of ~~((marijuana))~~ cannabis in any place of employment, in any school bus or on any school grounds, in any youth center, in any correctional facility, or smoking ~~((medical marijuana))~~ cannabis in any public place ~~((as that term is defined in RCW 70.160.020))~~ or hotel or motel.

Any samples remaining after testing must be destroyed by the laboratory or returned to the licensed producer or licensed processor.

(2) Licensed producers and licensed processors must submit copies of the results of this inspection and testing to the department of agriculture on a form developed by the department.

(3) If a representative sample of cannabis tested under this section has a THC concentration of three-tenths of one percent or less, the lot of cannabis the sample was taken from may not be sold for medical use and must be destroyed or sold to a manufacturer of hemp products.

NEW SECTION. Sec. 605. The department of agriculture may contract with a cannabis analysis laboratory to conduct independent inspection and testing of cannabis samples to verify testing results provided under section 604 of this act.

NEW SECTION. Sec. 606. The department of agriculture may adopt rules on:

(1) Facility standards, including scales, for all licensed producers and licensed processors of cannabis products;

NEW SECTION. Sec. 607. The director is authorized to deny, suspend, or revoke a producer's or processor's license after a hearing in any case in which it is determined that there has been a violation or refusal to comply with the requirements of this chapter or rules adopted hereunder. All hearings for the denial, suspension, or revocation of a producer's or processor's license are subject to chapter 34.05 RCW, the administrative procedure act, as enacted or hereafter amended.

NEW SECTION. Sec. 608. (1) By January 1, 2013, taking into consideration, but not being limited by, the security requirements described in 21 C.F.R. Sec. 1301.71-1301.76, the director shall adopt rules:

(a) On the inspection or grading and certification of grade, grading factors, condition, cannabinoid profile, THC concentration, or other qualitative measurement of cannabis intended for medical use that must be used by cannabis analysis laboratories in section 604 of this act;

(b) Fixing the sizes, dimensions, and safety and security features required of containers to be used for packing, handling, or storing cannabis intended for medical use;

(c) Establishing labeling requirements for cannabis intended for medical use including, but not limited to:

(i) The business or trade name and Washington state unified business identifier (UBI) number of the licensed producer of the cannabis;

(ii) THC concentration; and

(iii) Information on whether the cannabis was grown using organic, inorganic, or synthetic fertilizers;

(d) Establishing requirements for transportation of cannabis intended for medical use from production facilities to processing facilities and licensed dispensers;

(e) Establishing security requirements for the facilities of licensed producers and licensed processors of cannabis products. These security requirements must consider the safety of the licensed producers and licensed processors as well as the safety of the community surrounding the licensed producers and licensed processors;

(f) Establishing requirements for the licensure of producers, and processors of cannabis products, setting forth procedures to obtain licenses, and determining expiration dates and renewal requirements; and

(g) Establishing license application and renewal fees for the licensure of producers and processors of cannabis products.

(2) Fees collected under this section must be deposited into the agricultural local fund created in RCW 43.23.230.

rules specifying the minimum recordkeeping requirements necessary to comply with this section.

(2) The property, books, records, accounts, papers, and proceedings of every licensed producer and licensed processor of cannabis products shall be subject to inspection by the department of agriculture at any time during ordinary business hours. Licensed producers and licensed processors of cannabis products shall maintain adequate records and systems for the filing and accounting of crop production, product manufacturing and processing, records of weights and measurements, product testing, receipts, canceled receipts, other documents, and transactions necessary or common to the medical cannabis industry.

(3) The director may administer oaths and issue subpoenas to compel the attendance of witnesses, or the production of books, documents, and records anywhere in the state pursuant to a hearing relative to the purposes and provisions of this chapter. Witnesses shall be entitled to fees for attendance and travel, as provided in chapter 2.40 RCW.

(4) Each licensed producer and licensed processor of cannabis products shall report information to the department of agriculture at such times and as may be reasonably required by the director for the necessary enforcement and supervision of a sound, reasonable, and efficient cannabis inspection program for the protection of the health and welfare of qualifying patients.

NEW SECTION. Sec. 610. (1) The department of agriculture may give written notice to a licensed producer or processor of cannabis products to furnish required reports, documents, or other requested information, under such conditions and at such time as the department of agriculture deems necessary if a licensed producer or processor of cannabis products fails to:

(a) Submit his or her books, papers, or property to lawful inspection or audit;

(b) Submit required laboratory results, reports, or documents to the department of agriculture by their due date; or

(c) Furnish the department of agriculture with requested information.

(2) If the licensed producer or processor of cannabis products fails to comply with the terms of the notice within seventy-two hours from the date of its issuance, or within such further time as the department of agriculture may allow, the department of agriculture shall levy a fine of five hundred dollars per day from the final date for compliance allowed by this section or the department of agriculture. In those cases where the failure to comply continues for more than seven days or where the director determines the failure to comply creates a threat to public health, public safety, or a substantial risk of diversion of cannabis to unauthorized persons or purposes, the department of agriculture may, in lieu of levying further fines, petition the superior court of the county where the licensee's principal place of business in Washington is located, as shown by the license application, for an order:

(a) Authorizing the department of agriculture to seize and take possession of all books, papers, and property of all kinds used in connection with the conduct or the operation of the licensed producer or processor's business, and the books, papers, records, and property that pertain specifically, exclusively, and directly to that business; and

(b) Enjoining the licensed producer or processor from interfering with the department of agriculture in the discharge of its duties as required by this chapter.

(3) All necessary costs and expenses, including attorneys' fees, incurred by the department of agriculture in carrying out the provisions of this section may be recovered at the same time and as part of the action filed under this section.

2011 REGULAR SESSION

(4) The department of agriculture may request the Washington state patrol to assist it in enforcing this section if needed to ensure the safety of its employees.

PART VII LICENSED DISPENSERS

NEW SECTION. Sec. 701. A person may not act as a licensed dispenser without a license for each place of business issued by the department of health and prominently displayed on the premises. Provided they are acting in compliance with the terms of this chapter and rules adopted to enforce and carry out its purposes, licensed dispensers and their employees, members, officers, and directors may deliver, distribute, dispense, transfer, prepare, package, repackage, label, relabel, sell at retail, or possess cannabis intended for medical use by qualifying patients, including seeds, seedlings, cuttings, plants, useable cannabis, and cannabis products, and may not be arrested, searched, prosecuted, or subject to other criminal sanctions or civil consequences under state law, or have real or personal property searched, seized, or forfeited pursuant to state law, for such activities, notwithstanding any other provision of law.

2011 REGULAR SESSION

(j) Establishing maximum amounts of cannabis and cannabis products that may be kept at one time at a dispensary. In determining maximum amounts, the secretary must consider the security of the dispensary and the surrounding community;

Prior to January 1, 2016, the maximum number of licensed dispensers shall be based upon a ratio of one licensed dispenser for every twenty thousand persons in a county. On or after January 1, 2016, the secretary may adopt rules to adjust the method of calculating the maximum number of dispensers to consider additional factors, such as the number of enrollees in the registry established in section 901 of this act and the secretary's experience in administering the program. The secretary may not issue more licenses than the maximum number of licenses established under this section.

(b) In the event that the number of applicants qualifying for the selection process exceeds the maximum number for a county, the secretary shall initiate a random selection process established by the secretary in rule.

(c) To qualify for the selection process, an applicant must demonstrate to the secretary that he or she meets initial screening criteria that represent the applicant's capacity to operate in compliance with this chapter. Initial screening criteria shall include, but not be limited to:

(ii) A plan to systematically verify qualifying patient and designated provider status of clients;

(iii) Evidence of compliance with functional standards, such as ventilation and security requirements; and

(iv) Evidence of compliance with facility standards, such as zoning compliance and not using the facility as a residence.

(d) The secretary shall establish a schedule to:

(i) Update the maximum allowable number of licensed dispensers in each county; and

(ii) Issue approvals to operate within a county according to the random selection process.

(3) Fees collected under this section must be deposited into the health professions account created in RCW 43.70.320.

A licensed dispenser may also sell or deliver cannabis to the University of Washington or Washington State University for research purposes, as identified in section 1002 of this act. Before selling or providing cannabis to a qualifying patient or designated provider, the licensed dispenser must confirm that the patient qualifies for the medical use of cannabis by contacting, at least once in a one-year period, that patient's health care

professional. Violation of this section is a class C felony punishable according to chapter 9A.20 RCW.

NEW SECTION. Sec. 704. A license to operate as a licensed dispenser is not transferrable.

NEW SECTION. Sec. 705. The secretary of health shall not issue or renew a license to an applicant or licensed dispenser located within five hundred feet of a community center, child care center, elementary or secondary school, or another licensed dispenser.

(2) The department of agriculture may fine a licensed producer or processor of cannabis products up to one thousand dollars for each violation of subsection (1) of this section. Fines collected under this subsection must be deposited into the agriculture local fund created in RCW 43.23.230.

(3) The department of health may fine a licensed dispenser up to one thousand dollars for each violation of subsection (1) of this section. Fines collected under this subsection must be deposited into the health professions account created in RCW 43.70.320.

(4) No broadcast television licensee, radio broadcast licensee, newspaper, magazine, advertising agency, or agency or medium for the dissemination of an advertisement, except the licensed producer, processor of cannabis products, or dispenser to which the advertisement relates, is subject to the penalties of this section by reason of dissemination of advertising in good faith without knowledge that the advertising promotes or tends to promote the use or abuse of cannabis.

NEW SECTION. Sec. 803. (1) A prior conviction for a cannabis or marijuana offense shall not disqualify an applicant from receiving a license to produce, process, or dispense cannabis for medical use, provided the conviction did not include any sentencing enhancements under RCW 9.94A.533 or analogous laws in other jurisdictions. Any criminal conviction of a current licensee may be considered in proceedings to suspend or revoke a license.

(2) Nothing in this section prohibits either the department of health or the department of agriculture, as appropriate, from denying, suspending, or revoking the credential of a license holder for other drug-related offenses or any other criminal offenses.

(3) Nothing in this section prohibits a corrections agency or department from considering all prior and current convictions in determining whether the possession, manufacture, or delivery of, or for possession with intent to manufacture or deliver, is inconsistent with and contrary to the person's supervision.

(2) Every licensed dispenser who fails to comply with this chapter, or any rule adopted under it, may be subjected to a civil penalty, as determined by the secretary, in an amount of not more than one thousand dollars for every such violation. Each violation shall be a separate and distinct offense.

(3) Every person who, through an act of commission or omission, procures, aids, or abets in the violation shall be considered to have violated this chapter and may be subject to the penalty provided for in this section.

NEW SECTION. Sec. 806. The department of agriculture or the department of health, as the case may be, must immediately suspend any certification of licensure issued under this chapter if the holder of the certificate has been certified under RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order. If the person has continued to meet all other requirements for certification during the suspension, reissuance of the certificate of licensure shall be automatic upon the department's receipt of a release issued by the department of social and health services stating that the person is in compliance with the order.

NEW SECTION. Sec. 807. The department of agriculture or the department of health, as the case may be, must suspend the certification of licensure of any person who has been certified by a lending agency and reported to the appropriate department for nonpayment or default on a federally or state-guaranteed educational loan or service-conditional scholarship. The person's license may not be reissued until the person provides the appropriate department a written release issued by the lending agency stating that the person is making payments on the loan in accordance with a repayment agreement approved by the lending agency. If the person has continued to meet all other requirements for certification or registration during the suspension, reinstatement is automatic upon receipt of the notice and payment of any reinstatement fee.

**PART IX
SECURE REGISTRATION OF QUALIFYING PATIENTS,
DESIGNATED PROVIDERS,
AND LICENSED PRODUCERS, PROCESSORS, AND
DISPENSERS**

NEW SECTION. Sec. 901. (1) By January 1, 2013, the department of health shall, in consultation with the department of agriculture, adopt rules for the creation, implementation, maintenance, and timely upgrading of a secure and confidential registration system that allows:

(a) A peace officer to verify at any time whether a health care professional has registered a person as either a qualifying patient or a designated provider; and

(b) A peace officer to verify at any time whether a person, location, or business is licensed by the department of agriculture or the department of health as a licensed producer, licensed processor of cannabis products, or licensed dispenser.

(2) The department of agriculture must, in consultation with the department of health, create and maintain a secure and confidential list of persons to whom it has issued a license to produce cannabis

2011 REGULAR SESSION

for medical use or a license to process cannabis products, and the physical addresses of the licensees' production and processing facilities. The list must meet the requirements of subsection (9) of this section and be transmitted to the department of health to be included in the registry established by this section.

(3) The department of health must, in consultation with the department of agriculture, create and maintain a secure and confidential list of the persons to whom it has issued a license to dispense cannabis for medical use that meets the requirements of subsection (9) of this section and must be included in the registry established by this section.

(4) Before seeking a nonvehicle search warrant or arrest warrant, a peace officer investigating a cannabis-related incident must make reasonable efforts to ascertain whether the location or person under investigation is registered in the registration system, and include the results of this inquiry in the affidavit submitted in support of the application for the warrant. This requirement does not apply to investigations in which:

(a) The peace officer has observed evidence of an apparent cannabis operation that is not a licensed producer, processor of cannabis products, or dispenser;

(b) The peace officer has observed evidence of theft of electrical power;

(c) The peace officer has observed evidence of illegal drugs other than cannabis at the premises;

(d) The peace officer has observed frequent and numerous short-term visits over an extended period that are consistent with commercial activity, if the subject of the investigation is not a licensed dispenser;

(e) The peace officer has observed violent crime or other demonstrated dangers to the community;

(f) The peace officer has probable cause to believe the subject of the investigation has committed a felony, or a misdemeanor in the officer's presence, that does not relate to cannabis; or

(g) The subject of the investigation has an outstanding arrest warrant.

(5) Law enforcement may access the registration system only in connection with a specific, legitimate criminal investigation regarding cannabis.

(6) Registration in the system shall be optional for qualifying patients and designated providers, not mandatory, and registrations are valid for one year, except that qualifying patients must be able to remove themselves from the registry at any time. For licensees, registrations are valid for the term of the license and the registration must be removed if the licensee's license is expired or revoked. The department of health must adopt rules providing for registration renewals and for removing expired registrations and expired or revoked licenses from the registry.

(7) Fees, including renewal fees, for qualifying patients and designated providers participating in the registration system shall be limited to the cost to the state of implementing, maintaining, and enforcing the provisions of this section and the rules adopted to carry out its purposes. The fee shall also include any costs for the department of health to disseminate information to employees of state and local law enforcement agencies relating to whether a person is a licensed producer, processor of cannabis products, or dispenser, or that a location is the recorded address of a license producer, processor of cannabis products, or dispenser, and for the dissemination of log records relating to such requests for information to the subjects of those requests. No fee may be charged to local law enforcement agencies for accessing the registry.

(8) During the rule-making process, the department of health shall consult with stakeholders and persons with relevant expertise, to include, but not be limited to, qualifying patients, designated

providers, health care professionals, state and local law enforcement agencies, and the University of Washington computer science and engineering security and privacy research lab.

(9) The registration system shall meet the following requirements:

(a) Any personally identifiable information included in the registration system must be "nonreversible," pursuant to definitions and standards set forth by the national institute of standards and technology;

(b) Any personally identifiable information included in the registration system must not be susceptible to linkage by use of data external to the registration system;

(c) The registration system must incorporate current best differential privacy practices, allowing for maximum accuracy of registration system queries while minimizing the chances of identifying the personally identifiable information included therein; and

(d) The registration system must be upgradable and updated in a timely fashion to keep current with state of the art privacy and security standards and practices.

(10) The registration system shall maintain a log of each verification query submitted by a peace officer, including the peace officer's name, agency, and identification number, for a period of no less than three years from the date of the query. Personally identifiable information of qualifying patients and designated providers included in the log shall be confidential and exempt from public disclosure, inspection, or copying under chapter 42.56 RCW: PROVIDED, That:

(a) Names and other personally identifiable information from the list may be released only to:

(i) Authorized employees of the department of agriculture and the department of health as necessary to perform official duties of either department; or

(ii) Authorized employees of state or local law enforcement agencies, only as necessary to verify that the person or location is a qualified patient, designated provider, licensed producer, licensed processor of cannabis products, or licensed dispenser, and only after the inquiring employee has provided adequate identification. Authorized employees who obtain personally identifiable information under this subsection may not release or use the information for any purpose other than verification that a person or location is a qualified patient, designated provider, licensed producer, licensed processor of cannabis products, or licensed dispenser;

(b) Information contained in the registration system may be released in aggregate form, with all personally identifying information redacted, for the purpose of statistical analysis and oversight of agency performance and actions;

**PART XI
CONSTRUCTION**

NEW SECTION. Sec. 1101. (1) No civil or criminal liability may be imposed by any court on the state or its officers and employees for actions taken in good faith under this chapter and within the scope of their assigned duties.

(2) No civil or criminal liability may be imposed by any court on cities, towns, and counties or other municipalities and their officers and employees for actions taken in good faith under this chapter and within the scope of their assigned duties.

NEW SECTION. Sec. 1102. (1) Cities and towns may adopt and enforce any of the following pertaining to the production,

processing, or dispensing of cannabis or cannabis products within their jurisdiction: Zoning requirements, business licensing requirements, health and safety requirements, and business taxes. Nothing in this act is intended to limit the authority of cities and towns to impose zoning requirements or other conditions upon licensed dispensers, so long as such requirements do not preclude the possibility of siting licensed dispensers within the jurisdiction. If the jurisdiction has no commercial zones, the jurisdiction is not required to adopt zoning to accommodate licensed dispensers.

(2) Counties may adopt and enforce any of the following pertaining to the production, processing, or dispensing of cannabis or cannabis products within their jurisdiction in locations outside of the corporate limits of any city or town: Zoning requirements, business licensing requirements, and health and safety requirements. Nothing in this act is intended to limit the authority of counties to impose zoning requirements or other conditions upon licensed dispensers, so long as such requirements do not preclude the possibility of siting licensed dispensers within the jurisdiction. If the jurisdiction has no commercial zones, the jurisdiction is not required to adopt zoning to accommodate licensed dispensers.

NEW SECTION. Sec. 1103. If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

NEW SECTION. Sec. 1104. In the event that the federal government authorizes the use of cannabis for medical purposes, within a year of such action, the joint legislative audit and review committee shall conduct a program and fiscal review of the cannabis production and dispensing programs established in this chapter. The review shall consider whether a distinct cannabis production and dispensing system continues to be necessary when considered in light of the federal action and make recommendations to the legislature.

NEW SECTION. Sec. 1105. (1)(a) The arrest and prosecution protections established in section 401 of this act may not be asserted in a supervision revocation or violation hearing by a person who is supervised by a corrections agency or department, including local governments or jails, that has determined that the terms of this section are inconsistent with and contrary to his or her supervision.

(b) The affirmative defenses established in sections 402, 405, 406, and 407 of this act may not be asserted in a supervision revocation or violation hearing by a person who is supervised by a corrections agency or department, including local governments or jails, that has determined that the terms of this section are inconsistent with and contrary to his or her supervision.

(2) The provisions of RCW 69.51A.040 and sections 403 and 413 of this act do not apply to a person who is supervised for a criminal conviction by a corrections agency or department, including local governments or jails, that has determined that the terms of this chapter are inconsistent with and contrary to his or her supervision.

(3) A person may not be licensed as a licensed producer, licensed processor of cannabis products, or a licensed dispenser under section 601, 602, or 701 of this act if he or she is supervised for a criminal conviction by a corrections agency or department, including local governments or jails, that has determined that licensure is inconsistent with and contrary to his or her supervision.

Sec. 1106. RCW 69.51A.900 and 1999 c 2 s 1 are each amended to read as follows:

This chapter may be known and cited as the Washington state medical use of ((marijuana)) cannabis act.

PART XII MISCELLANEOUS

NEW SECTION. Sec. 1201. (1) The legislature recognizes that there are cannabis producers and cannabis dispensaries in operation as of the effective date of this section that are unregulated by the state and who produce and dispense cannabis for medical use by qualifying patients. The legislature intends that these producers and dispensaries become licensed in accordance with the requirements of this chapter and that this licensing provides them with arrest protection so long as they remain in compliance with the requirements of this chapter and the rules adopted under this chapter. The legislature further recognizes that cannabis producers and cannabis dispensaries in current operation are not able to become licensed until the department of agriculture and the department of health adopt rules and, consequently, it is likely they will remain unlicensed until at least January 1, 2013. These producers and dispensary owners and operators run the risk of arrest between the effective date of this section and the time they become licensed. Therefore, the legislature intends to provide them with an affirmative defense if they meet the requirements of this section.

(2) If charged with a violation of state law relating to cannabis, a producer of cannabis or a dispensary and its owners and operators that are engaged in the production or dispensing of cannabis to a qualifying patient or who assists a qualifying patient in the medical use of cannabis is deemed to have established an affirmative defense to such charges by proof of compliance with this section.

(3) In order to assert an affirmative defense under this section, a cannabis producer or cannabis dispensary must:

(a) In the case of producers, solely provide cannabis to cannabis dispensaries for the medical use of cannabis by qualified patients;

(b) In the case of dispensaries, solely provide cannabis to qualified patients for their medical use;

(c) Be registered with the secretary of state as of May 1, 2011;

(d) File a letter of intent with the department of agriculture or the department of health, as the case may be, asserting that the producer or dispenser intends to become licensed in accordance with this chapter and rules adopted by the appropriate department; and

(e) File a letter of intent with the city clerk if in an incorporated area or to the county clerk if in an unincorporated area stating they operate as a producer or dispensary and that they comply with the provisions of this chapter and will comply with subsequent department rule making.

(4) Upon receiving a letter of intent under subsection (3) of this section, the department of agriculture, the department of health, and the city clerk or county clerk must send a letter of acknowledgment to the producer or dispenser. The producer and dispenser must display this letter of acknowledgment in a prominent place in their facility.

(5) Letters of intent filed with a public agency, letters of acknowledgement sent from those agencies, and other materials related to such letters are exempt from public disclosure under chapter 42.56 RCW.

(6) This section expires upon the establishment of the licensing programs of the department of agriculture and the department of health and the commencement of the issuance of licenses for dispensers and producers as provided in this chapter. The department of health and the department of agriculture shall notify the code reviser when the establishment of the licensing programs has occurred.

NEW SECTION. Sec. 1202. A new section is added to chapter 42.56 RCW to read as follows:

The following information related to cannabis producers and cannabis dispensers are exempt from disclosure under this section:

- (b) If the amount in (a)(i) of this subsection exceeds the amount in (a)(ii) of this subsection, the state treasurer shall transfer an amount equal to the difference from the general fund to the health professions account.

(2)(a) Annually, beginning July 1, 2016, the department of health shall report the following information to the state treasurer:

- (i) The expenditures from the health professions account related to the administration of chapter 69.51A RCW for the preceding fiscal year; and

NEW SECTION. Sec. 1204. RCW 69.51A.080 (Adoption of rules by the department of health--Sixty-day supply for qualifying patients) and 2007 c 371 s 8 are each repealed.

NEW SECTION. Sec. 1205. Sections 402 through 411, 413, 601 through 611, 701 through 705, 801 through 807, 901, 1001, 1101 through 1105, and 1201 of this act are each added to chapter 69.51A RCW.

MESSAGE FROM THE HOUSE

April 18, 2011

MR. PRESIDENT:

The House receded from its amendment(s) to ENGROSSED SUBSTITUTE SENATE BILL NO. 5656. Under suspension of the rules, the bill was returned to second reading for the purpose of an amendment. The House adopted the following amendment: 5656-S.E AMH KAGI H2697.1, and passed the bill as amended by the House.

Strike everything after the enacting clause and insert the following:

NEW SECTION. **Sec. 1.** SHORT TITLE. This chapter shall be known and cited as the "Washington state Indian child welfare act."

NEW SECTION. **Sec. 2.** APPLICATION. This chapter shall apply in all child custody proceedings as that term is defined in this chapter. Whenever there is a conflict between chapter 13.32A, 13.34, 13.36, 26.10, or 26.33 RCW, the provisions of this chapter shall apply.

NEW SECTION. **Sec. 3.** INTENT. The legislature finds that the state is committed to protecting the essential tribal relations and best interests of Indian children by promoting practices designed to prevent out-of-home placement of Indian children that is inconsistent with the rights of the parents, the health, safety, or welfare of the children, or the interests of their tribe. Whenever out-of-home placement of an Indian child is necessary in a proceeding subject to the terms of the federal Indian child welfare act and in this chapter, the best interests of the Indian child may be served by placing the Indian child in accordance with the placement priorities expressed in this chapter. The legislature further finds that where placement away from the parent or Indian custodian is necessary for the child's safety, the state is committed to a placement that reflects and honors the unique values of the child's tribal culture and is best able to assist the Indian child in establishing, developing,

ONE HUNDRED SECOND DAY, APRIL 21, 2011

and maintaining a political, cultural, social, and spiritual relationship with the child's tribe and tribal community.

It is the intent of the legislature that this chapter is a step in clarifying existing laws and codifying existing policies and practices. This chapter shall not be construed to reject or eliminate current policies and practices that are not included in its provisions.

The legislature further intends that nothing in this chapter is intended to interfere with policies and procedures that are derived from agreements entered into between the department and a tribe or tribes, as authorized by section 109 of the federal Indian child welfare act. The legislature finds that this chapter specifies the minimum requirements that must be applied in a child custody proceeding and does not prevent the department from providing a higher standard of protection to the right of any Indian child, parent, Indian custodian, or Indian child's tribe.

It is also the legislature's intent that the department's policy manual on Indian child welfare, the tribal-state agreement, and relevant local agreements between individual federally recognized tribes and the department should serve as persuasive guides in the interpretation and implementation of the federal Indian child welfare act, this chapter, and other relevant state laws.

NEW SECTION. Sec. 4. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Active efforts" means the following:

(a) In any foster care placement or termination of parental rights proceeding of an Indian child under chapter 13.34 RCW and this chapter where the department or a supervising agency as defined in RCW 74.13.020 has a statutory or contractual duty to provide services to, or procure services for, the parent or parents or Indian custodian, or is providing services to a parent or parents or Indian custodian pursuant to a disposition order entered pursuant to RCW 13.34.130, the department or supervising agency shall make timely and diligent efforts to provide or procure such services, including engaging the parent or parents or Indian custodian in reasonably available and culturally appropriate preventive, remedial, or rehabilitative services. This shall include those services offered by tribes and Indian organizations whenever possible. At a minimum "active efforts" shall include:

(i) In any dependency proceeding under chapter 13.34 RCW seeking out-of-home placement of an Indian child in which the department or supervising agency provided voluntary services to the parent, parents, or Indian custodian prior to filing the dependency petition, a showing to the court that the department or supervising agency social workers actively worked with the parent, parents, or Indian custodian to engage them in remedial services and rehabilitation programs to prevent the breakup of the family beyond simply providing referrals to such services.

(ii) In any dependency proceeding under chapter 13.34 RCW, in which the petitioner is seeking the continued out-of-home placement of an Indian child, the department or supervising agency must show to the court that it has actively worked with the parent, parents, or Indian custodian in accordance with existing court orders and the individual service plan to engage them in remedial services and rehabilitative programs to prevent the breakup of the family beyond simply providing referrals to such services.

(iii) In any termination of parental rights proceeding regarding an Indian child under chapter 13.34 RCW in which the department or supervising agency provided services to the parent, parents, or Indian custodian, a showing to the court that the department or supervising agency social workers actively worked with the parent, parents, or Indian custodian to engage them in remedial services and rehabilitation programs ordered by the court or identified in the department or supervising agency's individual service and safety plan beyond simply providing referrals to such services.

2011 REGULAR SESSION

(b) In any foster care placement or termination of parental rights proceeding in which the petitioner does not otherwise have a statutory or contractual duty to directly provide services to, or procure services for, the parent or Indian custodian, "active efforts" means a documented, concerted, and good faith effort to facilitate the parent's or Indian custodian's receipt of and engagement in services capable of meeting the criteria set out in (a) of this subsection.

(2) "Best interests of the Indian child" means the use of practices in accordance with the federal Indian child welfare act, this chapter, and other applicable law, that are designed to accomplish the following: (a) Protect the safety, well-being, development, and stability of the Indian child; (b) prevent the unnecessary out-of-home placement of the Indian child; (c) acknowledge the right of Indian tribes to maintain their existence and integrity which will promote the stability and security of their children and families; (d) recognize the value to the Indian child of establishing, developing, or maintaining a political, cultural, social, and spiritual relationship with the Indian child's tribe and tribal community; and (e) in a proceeding under this chapter where out-of-home placement is necessary, to prioritize placement of the Indian child in accordance with the placement preferences of this chapter.

(3) "Child custody proceeding" includes:

(a) "Foster care placement" which means any action removing an Indian child from his or her parent or Indian custodian for temporary placement in a foster home, institution, or with a relative, guardian, conservator, or suitable other person where the parent or Indian custodian cannot have the child returned upon demand, but where parental rights have not been terminated;

(b) "Termination of parental rights" which means any action resulting in the termination of the parent-child relationship;

(c) "Preadoptive placement" which means the temporary placement of an Indian child in a foster home or institution after the termination of parental rights but before or in lieu of adoptive placement; and

(d) "Adoptive placement" which means the permanent placement of an Indian child for adoption, including any action resulting in a final decree of adoption.

These terms shall not include a placement based upon an act which, if committed by an adult, would be deemed a crime or upon an award, in a dissolution proceeding of custody to one of the parents.

(4) "Court of competent jurisdiction" means a federal court, or a state court that entered an order in a child custody proceeding involving an Indian child, as long as the state court had proper subject matter jurisdiction in accordance with this chapter and the laws of that state, or a tribal court that had or has exclusive or concurrent jurisdiction pursuant to 25 U.S.C. Sec. 1911.

(5) "Department" means the department of social and health services and any of its divisions. "Department" also includes supervising agencies as defined in RCW 74.13.020(12) with which the department entered into a contract to provide services, care, placement, case management, contract monitoring, or supervision to children subject to a petition filed under chapter 13.34 or 26.33 RCW.

(6) "Indian" means a person who is a member of an Indian tribe, or who is an Alaska native and a member of a regional corporation as defined in 43 U.S.C. Sec. 1606.

(7) "Indian child" means an unmarried and unemancipated Indian person who is under eighteen years of age and is either: (a) A member of an Indian tribe; or (b) eligible for membership in an Indian tribe and is the biological child of a member of an Indian tribe.

(8) "Indian child's family" or "extended family member" means an individual, defined by the law or custom of the child's tribe, as a

relative of the child. If the child's tribe does not identify such individuals by law or custom, the term means an adult who is the Indian child's grandparent, aunt, uncle, brother, sister, brother-in-law, sister-in-law, niece, nephew, first or second cousin, or step-parent, even following termination of the marriage.

(9) "Indian child's tribe" means a tribe in which an Indian child is a member or eligible for membership.

(10) "Indian custodian" means an Indian person who under tribal law, tribal custom, or state law, has legal or temporary physical custody of an Indian child, or to whom the parent has transferred temporary care, physical custody, and control of an Indian child.

(11) "Indian tribe" or "tribe" means any Indian tribe, band, nation, or other organized group or community of Indians recognized as eligible for the services provided to Indians by the secretary of the interior because of their status as Indians, including any Alaska native village as defined in 43 U.S.C. Sec. 1602(c).

(12) "Member" and "membership" means a determination by an Indian tribe that a person is a member or eligible for membership in that Indian tribe.

(13) "Parent" means a biological parent or parents of an Indian child or a person who has lawfully adopted an Indian child, including adoptions made under tribal law or custom. "Parent" does not include an unwed father whose paternity has not been acknowledged or established under chapter 26.26 RCW or the applicable laws of other states.

(14) "Secretary of the interior" means the secretary of the United States department of the interior.

(15) "Tribal court" means a court or body vested by an Indian tribe with jurisdiction over child custody proceedings, including but not limited to a federal court of Indian offenses, a court established and operated under the code or custom of an Indian tribe, or an administrative body of an Indian tribe vested with authority over child custody proceedings.

(16) "Tribal customary adoption" means adoption or other process through the tribal custom, traditions, or laws of an Indian child's tribe by which the Indian child is permanently placed with a nonparent and through which the nonparent is vested with the rights, privileges, and obligations of a legal parent. Termination of the parent-child relationship between the Indian child and the biological parent is not required to effect or recognize a tribal customary adoption.

NEW SECTION. Sec. 5. DETERMINATION OF INDIAN STATUS. Any party seeking the foster care placement of, termination of parental rights over, or the adoption of a child must make a good faith effort to determine whether the child is an Indian child. This shall be done by consultation with the child's parent or parents, any person who has custody of the child or with whom the child resides, and any other person that reasonably can be expected to have information regarding the child's possible membership or eligibility for membership in an Indian tribe to determine if the child is an Indian child, and by contacting any Indian tribe in which the child may be a member or may be eligible for membership. Preliminary contacts for the purpose of making a good faith effort to determine a child's possible Indian status, do not constitute legal notice as required by section 7 of this act.

NEW SECTION. Sec. 6. JURISDICTION. (1) An Indian tribe shall have exclusive jurisdiction over any child custody proceeding involving an Indian child who resides or is domiciled within the reservation of that tribe, unless the tribe has consented to the state's concurrent jurisdiction, the tribe has expressly declined to exercise its exclusive jurisdiction, or the state is exercising emergency jurisdiction in strict compliance with section 14 of this act.

(2) If an Indian child is already a ward of a tribal court at the start of the child custody proceeding, the Indian tribe may retain exclusive jurisdiction, notwithstanding the residence or domicile of the child.

NEW SECTION. Sec. 7. NOTICE. (1) In any involuntary child custody proceeding seeking the foster care placement of, or the termination of parental rights to, a child in which the petitioning party or the court knows, or has reason to know, that the child is or may be an Indian child as defined in this chapter, the petitioning party shall notify the parent or Indian custodian and the Indian child's tribe or tribes, by certified mail, return receipt requested, and by use of a mandatory Indian child welfare act notice. If the identity or location of the parent or Indian custodian and the tribe cannot be determined, such notice shall be given to the secretary of the interior by registered mail, return receipt requested, in accordance with the regulations of the bureau of Indian affairs. The secretary of the interior has fifteen days after receipt to provide the requisite notice to the parent or Indian custodian and the tribe. No foster care placement or termination of parental rights proceeding shall be held until at least ten days after receipt of notice by the parent or Indian custodian and the tribe. The parent or Indian custodian or the tribe shall, upon request, be granted up to twenty additional days to prepare for the proceeding.

(2) The determination of the Indian status of a child shall be made as soon as practicable in order to serve the best interests of the Indian child and protect the interests of the child's tribe.

(3)(a) A written determination by an Indian tribe that a child is a member of or eligible for membership in that tribe, or testimony by the tribe attesting to such status shall be conclusive that the child is an Indian child;

(b) A written determination by an Indian tribe that a child is not a member of or eligible for membership in that tribe, or testimony by the tribe attesting to such status shall be conclusive that the child is not a member or eligible for membership in that tribe. Such determinations are presumptively those of the tribe where submitted in the form of a tribal resolution, or signed by or testified to by the person(s) authorized by the tribe's governing body to speak for the tribe, or by the tribe's agent designated to receive notice under the federal Indian child welfare act where such designation is published in the federal register;

(c) Where a tribe provides no response to notice under section 7 of this act, such nonresponse shall not constitute evidence that the child is not a member or eligible for membership. Provided, however, that under such circumstances the party asserting application of the federal Indian child welfare act, or this chapter, will have the burden of proving by a preponderance of the evidence that the child is an Indian child.

(4)(a) Where a child has been determined not to be an Indian child, any party to the proceeding, or an Indian tribe that subsequently determines the child is a member, may, during the pendency of any child custody proceeding to which this chapter or the federal Indian child welfare act applies, move the court for redetermination of the child's Indian status based upon new evidence, redetermination by the child's tribe, or newly conferred federal recognition of the tribe.

(b) This subsection (4) does not affect the rights afforded under 25 U.S.C. Sec. 1914.

NEW SECTION. Sec. 8. TRANSFER OF JURISDICTION. (1) In any proceeding for the foster care placement of, or termination of parental rights to, an Indian child who is not domiciled or residing within the reservation of the Indian child's tribe, the court shall, in the absence of good cause to the contrary, transfer the proceeding to the jurisdiction of the Indian child's tribe, upon the motion of any of the following persons:

(a) Either of the child's parents;

ONE HUNDRED SECOND DAY, APRIL 21, 2011

2011 REGULAR SESSION

- (b) The child's Indian custodian;
- (c) The child's tribe; or
- (d) The child, if age twelve or older.

The transfer shall be subject to declination by the tribe. The tribe shall have seventy-five days to affirmatively respond to a motion or order transferring jurisdiction to the tribal court. A failure of the tribe to respond within the seventy-five day period shall be construed as a declination to accept transfer of the case.

(2) If the child's tribe has not formally intervened, the moving party shall serve a copy of the motion and all supporting documents on the tribal court to which the moving party seeks transfer.

(3) If either of the Indian child's parents objects to transfer of the proceeding to the Indian child's tribe, the court shall not transfer the proceeding.

(4) Following entry of an order transferring jurisdiction to the Indian child's tribe:

(a) Upon receipt of an order from a tribal court accepting jurisdiction, the state court shall dismiss the child custody proceeding without prejudice.

(b) Pending receipt of such tribal court order, the state court may conduct additional hearings and enter orders which strictly comply with the requirements of the federal Indian child welfare act and this chapter. The state court shall not enter a final order in any child custody proceeding, except an order dismissing the proceeding and returning the Indian child to the care of the parent or Indian custodian from whose care the child was removed, while awaiting receipt of a tribal court order accepting jurisdiction, or in the absence of a tribal court order or other formal written declination of jurisdiction.

(c) If the Indian child's tribe declines jurisdiction, the state court shall enter an order vacating the order transferring jurisdiction and proceed with adjudication of the child custody matter in strict compliance with the federal Indian child welfare act, this chapter, and any applicable tribal-state agreement.

NEW SECTION. Sec. 9. INTERVENTION. The Indian child, the Indian child's tribe or tribes, and the Indian custodian have the right to intervene at any point in any child custody proceeding involving the Indian child.

NEW SECTION. Sec. 10. FULL FAITH AND CREDIT. The state shall give full faith and credit to the public acts, records, judicial proceedings, and judgments of any Indian tribe applicable to Indian child custody proceedings.

NEW SECTION. Sec. 11. RIGHT TO COUNSEL. In any child custody proceeding under this chapter in which the court determines the Indian child's parent or Indian custodian is indigent, the parent or Indian custodian shall have the right to court-appointed counsel. The court may, in its discretion, appoint counsel for the Indian child upon a finding that the appointment is in the best interests of the Indian child.

NEW SECTION. Sec. 12. RIGHT TO ACCESS TO EVIDENCE. Each party to a child custody proceeding involving an Indian child shall have the right to examine all reports or other documents filed with the court upon which any decision with respect to the proceeding may be based.

NEW SECTION. Sec. 13. EVIDENTIARY REQUIREMENTS. (1) A party seeking to effect an involuntary foster care placement of or the involuntary termination of parental rights to an Indian child shall satisfy the court that active efforts have been made to provide remedial services and rehabilitative programs designed to prevent the breakup of the Indian family and that these efforts have proved unsuccessful.

(2) No involuntary foster care placement may be ordered in a child custody proceeding in the absence of a determination, supported by clear and convincing evidence, including testimony of qualified expert witnesses, that the continued custody of the child by

the parent or Indian custodian is likely to result in serious emotional or physical damage to the child. For purposes of this subsection, any harm that may result from interfering with the bond or attachment between the foster parent and the child shall not be the sole basis or primary reason for continuing the child in foster care.

(3) No involuntary termination of parental rights may be ordered in a child custody proceeding in the absence of a determination, supported by evidence beyond a reasonable doubt, including testimony of qualified expert witnesses, that the continued custody of the child by the parent or Indian custodian is likely to result in serious emotional or physical damage to the child. For the purposes of this subsection, any harm that may result from interfering with the bond or attachment that may have formed between the child and a foster care provider shall not be the sole basis or primary reason for termination of parental rights over an Indian child.

(4)(a) For purposes of this section, "qualified expert witness" means a person who provides testimony in a proceeding under this chapter to assist a court in the determination of whether the continued custody of the child by, or return of the child to, the parent, parents, or Indian custodian, is likely to result in serious emotional or physical damage to the child. In any proceeding in which the child's Indian tribe has intervened pursuant to section 9 of this act or, if the department is the petitioner and the Indian child's tribe has entered into a local agreement with the department for the provision of child welfare services, the petitioner shall contact the tribe and ask the tribe to identify a tribal member or other person of the tribe's choice who is recognized by the tribe as knowledgeable regarding tribal customs as they pertain to family organization or child rearing practices. The petitioner shall notify the child's Indian tribe of the need to provide a "qualified expert witness" at least twenty days prior to any evidentiary hearing in which the testimony of the witness will be required. If the child's Indian tribe does not identify a "qualified expert witness" for the proceeding on a timely basis, the petitioner may proceed to identify such a witness pursuant to (b) of this subsection.

(b) In any proceeding in which the child's Indian tribe has not intervened or entered into a local agreement with the department for the provision of child welfare services, or a child's Indian tribe has not responded to a request to identify a "qualified expert witness" for the proceeding on a timely basis, the petitioner shall provide a "qualified expert witness" who meets one or more of the following requirements in descending order of preference:

(i) A member of the child's Indian tribe or other person of the tribe's choice who is recognized by the tribe as knowledgeable regarding tribal customs as they pertain to family organization or child rearing practices for this purpose;

(ii) Any person having substantial experience in the delivery of child and family services to Indians, and extensive knowledge of prevailing social and cultural standards and child rearing practices within the Indian child's tribe;

(iii) Any person having substantial experience in the delivery of child and family services to Indians, and knowledge of prevailing social and cultural standards and child rearing practices in Indian tribes with cultural similarities to the Indian child's tribe; or

(iv) A professional person having substantial education and experience in the area of his or her specialty.

(c) When the petitioner is the department or a supervising agency, the currently assigned department or agency caseworker or the caseworker's supervisor may not testify as a "qualified expert witness" for purposes of this section. Nothing in this section shall bar the assigned department or agency caseworker or the caseworker's supervisor from testifying as an expert witness for other purposes in a proceeding under this chapter. Nothing in this section shall bar other department or supervising agency employees

ONE HUNDRED SECOND DAY, APRIL 21, 2011

2011 REGULAR SESSION

with appropriate expert qualifications or experience from testifying as a "qualified expert witness" in a proceeding under this chapter. Nothing in this section shall bar the petitioner or any other party in a proceeding under this chapter from providing additional witnesses or expert testimony, subject to the approval of the court, on any issue before the court including the determination of whether the continued custody of the child by, or return of the child to, the parent, parents, or Indian custodian, is likely to result in serious emotional or physical damage to the child.

NEW SECTION. Sec. 14. EMERGENCY REMOVAL OF AN INDIAN CHILD. (1) Notwithstanding any other provision of federal or state law, nothing shall be construed to prevent the department or law enforcement from the emergency removal of an Indian child who is a resident of or is domiciled on an Indian reservation, but is temporarily located off the reservation, from his or her parent or Indian custodian or the emergency placement of such child in a foster home, under applicable state law, to prevent imminent physical damage or harm to the child.

(2) The department or law enforcement agency shall ensure that the emergency removal or placement terminates immediately when such removal or placement is no longer necessary to prevent imminent physical damage or harm to the child and shall expeditiously initiate a child custody proceeding subject to the provisions of the federal Indian child welfare act and this chapter to transfer the child to the jurisdiction of the appropriate Indian tribe or restore the child to the child's parent or Indian custodian, if appropriate.

(3) When the nature of the emergency allows, the department must notify the child's tribe before the removal has occurred. If prior notification is not possible, the department shall notify the child's tribe by the quickest means possible. The notice must contain the basis for the Indian child's removal, the time, date, and place of the initial hearing, and the tribe's right to intervene and participate in the proceeding. This notice shall not constitute the notice required under section 7 of this act for purposes of subsequent dependency, termination of parental rights, or adoption proceedings.

NEW SECTION. Sec. 15. CONSENT. (1) If an Indian child's parent or Indian custodian voluntarily consents to a foster care placement of the child or to termination of parental rights, the consent is not valid unless executed in writing and recorded before a judge of a court of competent jurisdiction and accompanied by the judge's certificate that the terms and consequences of the consent were fully explained in detail and were fully understood by the parent or Indian custodian. The court must also certify that either the parent or Indian custodian fully understood the explanation in English or that it was interpreted into a language that the parent or Indian custodian understood. Any consent for release of custody given prior to, or within ten days after, the birth of the Indian child shall not be valid.

(2) An Indian child's parent or Indian custodian may withdraw consent to a voluntary foster care placement at any time and, upon the withdrawal of consent, the child shall be returned to the parent or Indian custodian.

(3) In a voluntary proceeding for termination of parental rights to, or adoptive placement of, an Indian child, the consent of the parent may be withdrawn for any reason at any time prior to the entry of an order terminating parental rights or a final decree of adoption, and the child shall be returned to the parent.

(4) After the entry of a final decree of adoption of an Indian child, the parent may withdraw consent to the adoption upon the grounds that consent was obtained through fraud or duress. Upon a finding that such consent was obtained through fraud or duress the court shall vacate the decree and return the child to the parent. No adoption which has been effective for at least two years may be invalidated under this section unless otherwise allowed by state law.

NEW SECTION. Sec. 16. IMPROPER REMOVAL OF AN INDIAN CHILD. If a petitioner in a child custody proceeding under this chapter has improperly removed the child from the custody of the parent or Indian custodian or has improperly retained custody after a visit or other temporary relinquishment of custody, the court shall decline jurisdiction over the petition and shall immediately return the child to the child's parent or Indian custodian unless returning the child to the parent or Indian custodian would subject the child to substantial and immediate danger or threat of such danger.

NEW SECTION. Sec. 17. REMOVAL OF INDIAN CHILD FROM ADOPTIVE OR FOSTER CARE PLACEMENT. (1) If a final decree of adoption of an Indian child has been vacated or set aside or the adoptive parents voluntarily consent to the termination of their parental rights to the child, the biological parent or prior Indian custodian may petition to have the child returned to their custody and the court shall grant the request unless there is a showing by clear and convincing evidence that return of custody to the biological parent or prior Indian custodian is not in the best interests of the Indian child.

(2) If an Indian child is removed from a foster care placement or a preadoptive or adoptive home for the purpose of further foster care, preadoptive, or adoptive placement, the placement shall be in accordance with this chapter, except when an Indian child is being returned to the parent or Indian custodian from whose custody the child was originally removed.

NEW SECTION. Sec. 18. PLACEMENT PREFERENCES. (1) When an emergency removal, foster care placement, or preadoptive placement of an Indian child is necessary, a good faith effort will be made to place the Indian child:

(a) In the least restrictive setting;
 (b) Which most approximates a family situation;
 (c) Which is in reasonable proximity to the Indian child's home; and

(d) In which the Indian child's special needs, if any, will be met.
 (2) In any foster care or preadoptive placement, a preference shall be given, in absence of good cause to the contrary, to the child's placement with one of the following:

(a) A member of the child's extended family.
 (b) A foster home licensed, approved, or specified by the child's tribe.
 (c) An Indian foster home licensed or approved by an authorized non-Indian licensing authority.

(d) A child foster care agency approved by an Indian tribe or operated by an Indian organization which has a program suitable to meet the Indian child's needs.

(e) A non-Indian child foster care agency approved by the child's tribe.

(f) A non-Indian family that is committed to:
 (i) Promoting and allowing appropriate extended family visitation;

(ii) Establishing, maintaining, and strengthening the child's relationship with his or her tribe or tribes; and

(iii) Participating in the cultural and ceremonial events of the child's tribe.

(3) In the absence of good cause to the contrary, any adoptive or other permanent placement of an Indian child, preference shall be given to a placement with one of the following, in descending priority order:

(a) Extended family members;
 (b) An Indian family of the same tribe as the child;
 (c) An Indian family that is of a similar culture to the child's tribe;

(d) Another Indian family; or

(e) Any other family which can provide a suitable home for an Indian child, such suitability to be determined in consultation with the Indian child's tribe or, in proceedings under chapter 13.34 RCW where the Indian child is in the custody of the department or a supervising agency and the Indian child's tribe has not intervened or participated, the local Indian child welfare advisory committee.

(4) Notwithstanding the placement preferences listed in subsections (2) and (3) of this section, if a different order of placement preference is established by the child's tribe, the court or agency effecting the placement shall follow the order of preference established by the tribe so long as the placement is in the least restrictive setting appropriate to the particular needs of the child.

(5) Where appropriate, the preference of the Indian child or his or her parent shall be considered by the court. Where a consenting parent evidences a desire for anonymity, the court or agency shall give weight to such desire in applying the preferences.

(6) The standards to be applied in meeting the preference requirements of this section shall be the prevailing social and cultural standards of the Indian community in which the parent or extended family members of an Indian child reside, or with which the parent or extended family members maintain social and cultural ties.

(7) Nothing in this section shall prevent the department or the court from placing the child with a parent to effectuate a permanent plan regardless of the parent's relationship to the child's tribe.

NEW SECTION. Sec. 19. COMPLIANCE. (1) The department, in consultation with Indian tribes, shall establish standards and procedures for the department's review of cases subject to this chapter and methods for monitoring the department's compliance with provisions of the federal Indian child welfare act and this chapter. These standards and procedures and the monitoring methods shall also be integrated into the department's child welfare contracting and contract monitoring process.

(2) Nothing in this chapter shall affect, impair, or limit rights or remedies provided to any party under the federal Indian child welfare act, 25 U.S.C. Sec. 1914.

NEW SECTION. Sec. 20. SEVERABILITY. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

Sec. 21. RCW 13.32A.152 and 2004 c 64 s 5 are each amended to read as follows:

(1) Whenever a child in need of services petition is filed by: (a) A youth pursuant to RCW 13.32A.150; (b) the child or the child's parent pursuant to RCW 13.32A.120; or (c) the department pursuant to RCW 13.32A.140, the filing party shall have a copy of the petition served on the parents of the youth. Service shall first be attempted in person and if unsuccessful, then by certified mail with return receipt.

~~(3)((a) Whenever) When a child in need of services petition is filed by the department, and the court or the petitioning party knows or has reason to know that an Indian child is involved, the (petitioning party shall promptly provide notice to the child's parent or Indian custodian and to the agent designated by the child's Indian tribe to receive such notices. Notice shall be by certified mail with return receipt requested. If the identity or location of the parent or Indian custodian and the tribe cannot be determined, notice shall be given to the secretary of the interior in the manner described in 25 C.F.R. 23.11. If the child may be a member of more than one tribe, the petitioning party shall send notice to all tribes the petitioner has reason to know may be affiliated with the child.~~

Sec. 22. RCW 13.34.030 and 2010 1st sp.s. c 8 s 13, 2010 c 272 s 10, and 2010 c 94 s 6 are each reenacted and amended to read as follows:

For purposes of this chapter:

(1) "Abandoned" means when the child's parent, guardian, or other custodian has expressed, either by statement or conduct, an intent to forego, for an extended period, parental rights or responsibilities despite an ability to exercise such rights and responsibilities. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon.

(2) "Child" and "juvenile" means any individual under the age of eighteen years.

(3) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until: (a) The child returns home; (b) an adoption decree, a permanent custody order, or guardianship order is entered; or (c) the dependency is dismissed, whichever occurs first.

(4) "Department" means the department of social and health services.

(5) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to this chapter for the limited purpose of assisting the court in the supervision of the dependency.

(6) "Dependent child" means any child who:

(a) Has been abandoned;

(b) Is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child; or

(c) Has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development.

(7) "Developmental disability" means a disability attributable to intellectual disability, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to an intellectual disability or to require treatment similar to that required for individuals with intellectual disabilities, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial limitation to the individual.

(8) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding, including a guardian appointed pursuant to chapter 13.36 RCW; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" does not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(9) "Guardian ad litem" means a person, appointed by the court to represent the best interests of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.

(10) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior

ONE HUNDRED SECOND DAY, APRIL 21, 2011

2011 REGULAR SESSION

court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

(11) "Housing assistance" means appropriate referrals by the department or other supervising agencies to federal, state, local, or private agencies or organizations, assistance with forms, applications, or financial subsidies or other monetary assistance for housing. For purposes of this chapter, "housing assistance" is not a remedial service or time-limited family reunification service as described in RCW 13.34.025(2).

(12) "Indigent" means a person who, at any stage of a court proceeding, is:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, disability lifeline benefits, poverty-related veterans' benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicaid, or supplemental security income; or

(b) Involuntarily committed to a public mental health facility; or

(c) Receiving an annual income, after taxes, of one hundred twenty-five percent or less of the federally established poverty level; or

(d) Unable to pay the anticipated cost of counsel for the matter before the court because his or her available funds are insufficient to pay any amount for the retention of counsel.

(13) "Out-of-home care" means placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or placement in a home, other than that of the child's parent, guardian, or legal custodian, not required to be licensed pursuant to chapter 74.15 RCW.

(14) "Preventive services" means preservation services, as defined in chapter 74.14C RCW, and other reasonably available services, including housing assistance, capable of preventing the need for out-of-home placement while protecting the child.

(15) "Shelter care" means temporary physical care in a facility licensed pursuant to RCW 74.15.030 or in a home not required to be licensed pursuant to RCW 74.15.030.

(16) "Sibling" means a child's birth brother, birth sister, adoptive brother, adoptive sister, half-brother, or half-sister, or as defined by the law or custom of the Indian child's tribe for an Indian child as defined in ((25 U.S.C. Sec. 1903(4))) section 4 of this act.

(17) "Social study" means a written evaluation of matters relevant to the disposition of the case and shall contain the following information:

(a) A statement of the specific harm or harms to the child that intervention is designed to alleviate;

(b) A description of the specific services and activities, for both the parents and child, that are needed in order to prevent serious harm to the child; the reasons why such services and activities are likely to be useful; the availability of any proposed services; and the agency's overall plan for ensuring that the services will be delivered. The description shall identify the services chosen and approved by the parent;

(c) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs that have been considered and rejected; the preventive services, including housing assistance, that have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home; and the parents' attitude toward placement of the child;

(d) A statement of the likely harms the child will suffer as a result of removal;

(e) A description of the steps that will be taken to minimize the harm to the child that may result if separation occurs including an assessment of the child's relationship and emotional bond with any siblings, and the agency's plan to provide ongoing contact between the child and the child's siblings if appropriate; and

(f) Behavior that will be expected before determination that supervision of the family or placement is no longer necessary.

(18) "Supervising agency" means an agency licensed by the state under RCW 74.15.090, or licensed by a federally recognized Indian tribe located in this state under RCW 74.15.190, that has entered into a performance-based contract with the department to provide case management for the delivery and documentation of child welfare services as defined in RCW 74.13.020.

Sec. 23. RCW 13.34.040 and 2004 c 64 s 3 are each amended to read as follows:

(1) Any person may file with the clerk of the superior court a petition showing that there is within the county, or residing within the county, a dependent child and requesting that the superior court deal with such child as provided in this chapter. There shall be no fee for filing such petitions.

(2) In counties having paid probation officers, these officers shall, to the extent possible, first determine if a petition is reasonably justifiable. Each petition shall be verified and contain a statement of facts constituting a dependency, and the names and residence, if known to the petitioner, of the parents, guardian, or custodian of the alleged dependent child.

(3) Every petition filed in proceedings under this chapter shall contain a statement alleging whether the child is or may be an Indian child as defined in ((25 U.S.C. Sec. 1903)) section 4 of this act. If the child is an Indian child ((as defined under the Indian child welfare act, the provisions of the act)) chapter 13--- RCW (the new chapter created in section 35 of this act) shall apply.

(4) Every order or decree entered under this chapter shall contain a finding that the federal Indian child welfare act or chapter 13--- RCW (the new chapter created in section 35 of this act) does or does not apply. Where there is a finding that the federal Indian child welfare act or chapter 13--- RCW (the new chapter created in section 35 of this act) does apply, the decree or order must also contain a finding that all notice requirements and evidentiary requirements under the federal Indian child welfare act and chapter 13--- RCW (the new chapter created in section 35 of this act) have been satisfied.

Sec. 24. RCW 13.34.065 and 2009 c 520 s 22, 2009 c 491 s 1, 2009 c 477 s 3, and 2009 c 397 s 2 are each reenacted and amended to read as follows:

(1)(a) When a child is taken into custody, the court shall hold a shelter care hearing within seventy-two hours, excluding Saturdays, Sundays, and holidays. The primary purpose of the shelter care hearing is to determine whether the child can be immediately and safely returned home while the adjudication of the dependency is pending.

(b) Any parent, guardian, or legal custodian who for good cause is unable to attend the shelter care hearing may request that a subsequent shelter care hearing be scheduled. The request shall be made to the clerk of the court where the petition is filed prior to the initial shelter care hearing. Upon the request of the parent, the court shall schedule the hearing within seventy-two hours of the request, excluding Saturdays, Sundays, and holidays. The clerk shall notify all other parties of the hearing by any reasonable means.

(2)(a) If it is likely that the child will remain in shelter care longer than seventy-two hours, in those areas in which child welfare services are being provided by a supervising agency, the supervising agency shall assume case management responsibilities of the case. The department or supervising agency shall submit a recommendation to the court as to the further need for shelter care in

ONE HUNDRED SECOND DAY, APRIL 21, 2011

all cases in which the child will remain in shelter care longer than the seventy-two hour period. In all other cases, the recommendation shall be submitted by the juvenile court probation counselor.

(b) All parties have the right to present testimony to the court regarding the need or lack of need for shelter care.

(c) Hearsay evidence before the court regarding the need or lack of need for shelter care must be supported by sworn testimony, affidavit, or declaration of the person offering such evidence.

(3)(a) At the commencement of the hearing, the court shall notify the parent, guardian, or custodian of the following:

(i) The parent, guardian, or custodian has the right to a shelter care hearing;

(ii) The nature of the shelter care hearing, the rights of the parents, and the proceedings that will follow; and

(iii) If the parent, guardian, or custodian is not represented by counsel, the right to be represented. If the parent, guardian, or custodian is indigent, the court shall appoint counsel as provided in RCW 13.34.090; and

(b) If a parent, guardian, or legal custodian desires to waive the shelter care hearing, the court shall determine, on the record and with the parties present, whether such waiver is knowing and voluntary. A parent may not waive his or her right to the shelter care hearing unless he or she appears in court and the court determines that the waiver is knowing and voluntary. Regardless of whether the court accepts the parental waiver of the shelter care hearing, the court must provide notice to the parents of their rights required under (a) of this subsection and make the finding required under subsection (4) of this section.

(4) At the shelter care hearing the court shall examine the need for shelter care and inquire into the status of the case. The paramount consideration for the court shall be the health, welfare, and safety of the child. At a minimum, the court shall inquire into the following:

(a) Whether the notice required under RCW 13.34.062 was given to all known parents, guardians, or legal custodians of the child. The court shall make an express finding as to whether the notice required under RCW 13.34.062 was given to the parent, guardian, or legal custodian. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the department to make reasonable efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090;

(b) Whether the child can be safely returned home while the adjudication of the dependency is pending;

(c) What efforts have been made to place the child with a relative. The court shall ask the parents whether the department discussed with them the placement of the child with a relative or other suitable person described in RCW 13.34.130(1)(b) and shall determine what efforts have been made toward such a placement;

(d) What services were provided to the family to prevent or eliminate the need for removal of the child from the child's home. If the dependency petition or other information before the court alleges that homelessness or the lack of suitable housing was a significant factor contributing to the removal of the child, the court shall inquire as to whether housing assistance was provided to the family to prevent or eliminate the need for removal of the child or children;

(e) Is the placement proposed by the department or supervising agency the least disruptive and most family-like setting that meets the needs of the child;

(f) Whether it is in the best interest of the child to remain enrolled in the school, developmental program, or child care the

2011 REGULAR SESSION

child was in prior to placement and what efforts have been made to maintain the child in the school, program, or child care if it would be in the best interest of the child to remain in the same school, program, or child care;

(g) Appointment of a guardian ad litem or attorney;

(h) Whether the child is or may be an Indian child as defined in (~~25 U.S.C. Sec. 1903~~) section 4 of this act, whether the provisions of the federal Indian child welfare act or chapter 13.--- RCW (the new chapter created in section 35 of this act) apply, and whether there is compliance with the federal Indian child welfare act and chapter 13.--- RCW (the new chapter created in section 35 of this act), including notice to the child's tribe;

(i) Whether, as provided in RCW 26.44.063, restraining orders, or orders expelling an allegedly abusive household member from the home of a nonabusive parent, guardian, or legal custodian, will allow the child to safely remain in the home;

(j) Whether any orders for examinations, evaluations, or immediate services are needed. The court may not order a parent to undergo examinations, evaluation, or services at the shelter care hearing unless the parent agrees to the examination, evaluation, or service;

(k) The terms and conditions for parental, sibling, and family visitation.

(5)(a) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

(i) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

(ii)(A) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or

(B) The release of such child would present a serious threat of substantial harm to such child, notwithstanding an order entered pursuant to RCW 26.44.063; or

(C) The parent, guardian, or custodian to whom the child could be released has been charged with violating RCW 9A.40.060 or 9A.40.070.

(b) If the court does not release the child to his or her parent, guardian, or legal custodian, the court shall order placement with a relative or other suitable person as described in RCW 13.34.130(1)(b), unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized or that the efforts to reunite the parent and child will be hindered. The court must also determine whether placement with the relative or other suitable person is in the child's best interests. The relative or other suitable person must be willing and available to:

(i) Care for the child and be able to meet any special needs of the child;

(ii) Facilitate the child's visitation with siblings, if such visitation is part of the supervising agency's plan or is ordered by the court; and

(iii) Cooperate with the department or supervising agency in providing necessary background checks and home studies.

(c) If the child was not initially placed with a relative or other suitable person, and the court does not release the child to his or her parent, guardian, or legal custodian, the supervising agency shall make reasonable efforts to locate a relative or other suitable person pursuant to RCW 13.34.060(1). In determining placement, the court shall weigh the child's length of stay and attachment to the current provider in determining what is in the best interest of the child.

(d) If a relative or other suitable person is not available, the court shall order continued shelter care and shall set forth its reasons for

ONE HUNDRED SECOND DAY, APRIL 21, 2011

2011 REGULAR SESSION

the order. If the court orders placement of the child with a person not related to the child and not licensed to provide foster care, the placement is subject to all terms and conditions of this section that apply to relative placements.

(e) Any placement with a relative, or other suitable person approved by the court pursuant to this section, shall be contingent upon cooperation with the department's or supervising agency's case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order is grounds for removal of the child from the home of the relative or other suitable person, subject to review by the court.

(f) Uncertainty by a parent, guardian, legal custodian, relative, or other suitable person that the alleged abuser has in fact abused the child shall not, alone, be the basis upon which a child is removed from the care of a parent, guardian, or legal custodian under (a) of this subsection, nor shall it be a basis, alone, to preclude placement with a relative or other suitable person under (b) of this subsection.

(6)(a) A shelter care order issued pursuant to this section shall include the requirement for a case conference as provided in RCW 13.34.067. However, if the parent is not present at the shelter care hearing, or does not agree to the case conference, the court shall not include the requirement for the case conference in the shelter care order.

(b) If the court orders a case conference, the shelter care order shall include notice to all parties and establish the date, time, and location of the case conference which shall be no later than thirty days before the fact-finding hearing.

(c) The court may order another conference, case staffing, or hearing as an alternative to the case conference required under RCW 13.34.067 so long as the conference, case staffing, or hearing ordered by the court meets all requirements under RCW 13.34.067, including the requirement of a written agreement specifying the services to be provided to the parent.

(7)(a) A shelter care order issued pursuant to this section may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be placed in shelter care for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

(b)(i) An order releasing the child on any conditions specified in this section may at any time be amended, with notice and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed.

(ii) The court shall consider whether nonconformance with any conditions resulted from circumstances beyond the control of the parent, guardian, or legal custodian and give weight to that fact before ordering return of the child to shelter care.

(8)(a) If a child is returned home from shelter care a second time in the case, or if the supervisor of the caseworker deems it necessary, the multidisciplinary team may be reconvened.

(b) If a child is returned home from shelter care a second time in the case a law enforcement officer must be present and file a report to the department.

Sec. 25. RCW 13.34.070 and 2004 c 64 s 4 are each amended to read as follows:

(1) Upon the filing of the petition, the clerk of the court shall issue a summons, one directed to the child, if the child is twelve or more years of age, and another to the parents, guardian, or custodian, and such other persons as appear to the court to be proper or necessary parties to the proceedings, requiring them to appear personally before the court at the time fixed to hear the petition. If the child is developmentally disabled and not living at home, the

notice shall be given to the child's custodian as well as to the child's parent. The developmentally disabled child shall not be required to appear unless requested by the court. When the custodian is summoned, the parent or guardian or both shall also be served with a summons. The fact-finding hearing on the petition shall be held no later than seventy-five days after the filing of the petition, unless exceptional reasons for a continuance are found. The party requesting the continuance shall have the burden of proving by a preponderance of the evidence that exceptional circumstances exist. To ensure that the hearing on the petition occurs within the seventy-five day time limit, the court shall schedule and hear the matter on an expedited basis.

(2) A copy of the petition shall be attached to each summons.

(3) The summons shall advise the parties of the right to counsel. The summons shall also inform the child's parent, guardian, or legal custodian of his or her right to appointed counsel, if indigent, and of the procedure to use to secure appointed counsel.

(4) The summons shall advise the parents that they may be held responsible for the support of the child if the child is placed in out-of-home care.

(5) The judge may endorse upon the summons an order directing any parent, guardian, or custodian having the custody or control of the child to bring the child to the hearing.

(6) If it appears from affidavit or sworn statement presented to the judge that there is probable cause for the issuance of a warrant of arrest or that the child needs to be taken into custody pursuant to RCW 13.34.050, the judge may endorse upon the summons an order that an officer serving the summons shall at once take the child into custody and take him or her to the place of shelter designated by the court.

(7) If the person summoned as provided in this section is subject to an order of the court pursuant to subsection (5) or (6) of this section, and if the person fails to abide by the order, he or she may be proceeded against as for contempt of court. The order endorsed upon the summons shall conspicuously display the following legend:

NOTICE:
VIOLATION OF THIS ORDER
IS SUBJECT TO PROCEEDING
FOR CONTEMPT OF COURT
PURSUANT TO RCW 13.34.070.

(8) If a party to be served with a summons can be found within the state, the summons shall be served upon the party personally as soon as possible following the filing of the petition, but in no case later than fifteen court days before the fact-finding hearing, or such time as set by the court. If the party is within the state and cannot be personally served, but the party's address is known or can with reasonable diligence be ascertained, the summons may be served upon the party by mailing a copy by certified mail as soon as possible following the filing of the petition, but in no case later than fifteen court days before the hearing, or such time as set by the court. If a party other than the child is without the state but can be found or the address is known, or can with reasonable diligence be ascertained, service of the summons may be made either by delivering a copy to the party personally or by mailing a copy thereof to the party by certified mail at least ten court days before the fact-finding hearing, or such time as set by the court.

(9) Service of summons may be made under the direction of the court by any person eighteen years of age or older who is not a party to the proceedings or by any law enforcement officer, probation counselor, or department employee.

(10)((a)) Whenever the court or the petitioning party in a proceeding under this chapter knows or has reason to know that an Indian child as defined in section 4 of this act is involved, the

Notice shall ~~((be by certified mail with return receipt requested. If the identity or location of the parent or Indian custodian and the tribe cannot be determined, notice shall be given to the secretary of the interior in the manner described in 25 C.F.R. 23.11. Sec. 26. RCW 13.34.105 and 2010 c 180 s 3 are each amended to read as follows:

(1) Unless otherwise directed by the court, the duties of the guardian ad litem for a child subject to a proceeding under this chapter, including an attorney specifically appointed by the court to serve as a guardian ad litem, include but are not limited to the following:

(a) To investigate, collect relevant information about the child's situation, and report to the court factual information regarding the best interests of the child;

(b) To meet with, interview, or observe the child, depending on the child's age and developmental status, and report to the court any views or positions expressed by the child on issues pending before the court;

(c) To monitor all court orders for compliance and to bring to the court's attention any change in circumstances that may require a modification of the court's order;

(d) To report to the court information on the legal status of a child's membership in any Indian tribe or band;

(e) Court-appointed special advocates and guardians ad litem may make recommendations based upon an independent investigation regarding the best interests of the child, which the court may consider and weigh in conjunction with the recommendations of all of the parties;

(f) To represent and be an advocate for the best interests of the child; ~~((and))~~

(g) To inform the child, if the child is twelve years old or older, of his or her right to request counsel and to ask the child whether he or she wishes to have counsel, pursuant to RCW 13.34.100(6). The guardian ad litem shall report to the court that the child was notified of this right and indicate the child's position regarding appointment of counsel. The guardian ad litem shall report to the court his or her independent recommendation as to whether appointment of counsel is in the best interest of the child; and

(h) In the case of an Indian child as defined in section 4 of this act, know, understand, and advocate the best interests of the Indian child.

(2) A guardian ad litem shall be deemed an officer of the court for the purpose of immunity from civil liability.

(3) Except for information or records specified in RCW 13.50.100(7), the guardian ad litem shall have access to all information available to the state or agency on the case. Upon presentation of the order of appointment by the guardian ad litem, any agency, hospital, school organization, division or department of the state, doctor, nurse, or other health care provider, psychologist, psychiatrist, police department, or mental health clinic shall permit the guardian ad litem to inspect and copy any records relating to the child or children involved in the case, without the consent of the parent or guardian of the child, or of the child if the child is under the age of thirteen years, unless such access is otherwise specifically prohibited by law.

(4) A guardian ad litem may release confidential information, records, and reports to the office of the family and children's ombudsman for the purposes of carrying out its duties under chapter 43.06A RCW.

(5) The guardian ad litem shall release case information in accordance with the provisions of RCW 13.50.100.

Sec. 27. RCW 13.34.130 and 2010 c 288 s 1 are each amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030 after consideration of the social study prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In determining the disposition, the court should choose services to assist the parents in maintaining the child in the home, including housing assistance, if appropriate, that least interfere with family autonomy and are adequate to protect the child.

(b)(i) Order the child to be removed from his or her home and into the custody, control, and care of a relative or other suitable person, the department, or a supervising agency for supervision of the child's placement. The court may not order an Indian child, as defined in ~~((25 U.S.C. Sec. 1903))~~ section 4 of this act, to be removed from his or her home unless the court finds, by clear and convincing evidence including testimony of qualified expert witnesses, that the continued custody of the child by the parent or Indian custodian is likely to result in serious emotional or physical damage to the child.

(ii) The department or supervising agency has the authority to place the child, subject to review and approval by the court (A) with a relative as defined in RCW 74.15.020(2)(a), (B) in the home of another suitable person if the child or family has a preexisting relationship with that person, and the person has completed all required criminal history background checks and otherwise appears to the department or supervising agency to be suitable and competent to provide care for the child, or (C) in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW. Absent good cause, the department or supervising agency shall follow the wishes of the natural parent regarding the placement of the child in accordance with RCW 13.34.260. The department or supervising agency may only place a child with a person not related to the child as defined in RCW 74.15.020(2)(a) when the court finds that such placement is in the best interest of the child. Unless there is reasonable cause to believe that the health, safety, or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, the child shall be placed with a person who is willing, appropriate, and available to care for the child, and who is: (I) Related to the child as defined in RCW 74.15.020(2)(a) with whom the child has a relationship and is comfortable; or (II) a suitable person as described in this subsection (1)(b). The court shall consider the child's existing relationships and attachments when determining placement.

(2) When placing an Indian child in out-of-home care, the department or supervising agency shall follow the placement preference characteristics in ~~((RCW 13.34.250 and in 25 U.S.C. Sec. 1915))~~ section 18 of this act.

ONE HUNDRED SECOND DAY, APRIL 21, 2011

2011 REGULAR SESSION

(3) Placement of the child with a relative or other suitable person as described in subsection (1)(b) of this section shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services, including housing assistance, that have been provided to the child and the child's parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(a) There is no parent or guardian available to care for such child;

(b) The parent, guardian, or legal custodian is not willing to take custody of the child; or

(c) The court finds, by clear, cogent, and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger.

(4) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court shall consider whether it is in a child's best interest to be placed with, have contact with, or have visits with siblings.

(a) There shall be a presumption that such placement, contact, or visits are in the best interests of the child provided that:

(i) The court has jurisdiction over all siblings subject to the order of placement, contact, or visitation pursuant to petitions filed under this chapter or the parents of a child for whom there is no jurisdiction are willing to agree; and

(ii) There is no reasonable cause to believe that the health, safety, or welfare of any child subject to the order of placement, contact, or visitation would be jeopardized or that efforts to reunite the parent and child would be hindered by such placement, contact, or visitation. In no event shall parental visitation time be reduced in order to provide sibling visitation.

(b) The court may also order placement, contact, or visitation of a child with a step-brother or step-sister provided that in addition to the factors in (a) of this subsection, the child has a relationship and is comfortable with the step-sibling.

(5) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section and placed into nonparental or nonrelative care, the court shall order a placement that allows the child to remain in the same school he or she attended prior to the initiation of the dependency proceeding when such a placement is practical and in the child's best interest.

(6) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the requirements of RCW 13.34.132 are met.

(7) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative or other suitable person, the child shall remain in foster care and the court shall direct the department or supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative or other person appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives or other suitable persons, pursuant to this section, shall be contingent upon cooperation by the relative or other suitable person with the agency case plan and compliance with court orders related to the care and supervision of the child including, but

not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's or other suitable person's home, subject to review by the court.

Sec. 28. RCW 13.34.132 and 2000 c 122 s 16 are each amended to read as follows:

A court may order that a petition seeking termination of the parent and child relationship be filed if the following requirements are met:

(1) The court has removed the child from his or her home pursuant to RCW 13.34.130;

(2) Termination is recommended by the department or the supervising agency;

(3) Termination is in the best interests of the child; and

(4) Because of the existence of aggravated circumstances, reasonable efforts to unify the family are not required. Notwithstanding the existence of aggravated circumstances, reasonable efforts may be required if the court or department determines it is in the best interests of the child. In determining whether aggravated circumstances exist by clear, cogent, and convincing evidence, the court shall consider one or more of the following:

(a) Conviction of the parent of rape of the child in the first, second, or third degree as defined in RCW 9A.44.073, 9A.44.076, and 9A.44.079;

(b) Conviction of the parent of criminal mistreatment of the child in the first or second degree as defined in RCW 9A.42.020 and 9A.42.030;

(c) Conviction of the parent of one of the following assault crimes, when the child is the victim: Assault in the first or second degree as defined in RCW 9A.36.011 and 9A.36.021 or assault of a child in the first or second degree as defined in RCW 9A.36.120 or 9A.36.130;

(d) Conviction of the parent of murder, manslaughter, or homicide by abuse of the child's other parent, sibling, or another child;

(e) Conviction of the parent of attempting, soliciting, or conspiring to commit a crime listed in (a), (b), (c), or (d) of this subsection;

(f) A finding by a court that a parent is a sexually violent predator as defined in RCW 71.09.020;

(g) Failure of the parent to complete available treatment ordered under this chapter or the equivalent laws of another state, where such failure has resulted in a prior termination of parental rights to another child and the parent has failed to effect significant change in the interim. In the case of a parent of an Indian child, as defined in ~~((the Indian Child Welfare Act, P.L. 95-608 (25 U.S.C. Sec. 1903)))~~ section 4 of this act, the court shall also consider tribal efforts to assist the parent in completing treatment and make it possible for the child to return home;

(h) An infant under three years of age has been abandoned;

(i) Conviction of the parent, when a child has been born of the offense, of: (A) A sex offense under chapter 9A.44 RCW; or (B) incest under RCW 9A.64.020.

Sec. 29. RCW 13.34.136 and 2009 c 520 s 28 and 2009 c 234 s 5 are each reenacted and amended to read as follows:

(1) Whenever a child is ordered removed from the home, a permanency plan shall be developed no later than sixty days from the time the supervising agency assumes responsibility for providing services, including placing the child, or at the time of a hearing under RCW 13.34.130, whichever occurs first. The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The

ONE HUNDRED SECOND DAY, APRIL 21, 2011

2011 REGULAR SESSION

planning process shall include reasonable efforts to return the child to the parent's home.

(2) The agency supervising the dependency shall submit a written permanency plan to all parties and the court not less than fourteen days prior to the scheduled hearing. Responsive reports of parties not in agreement with the department's or supervising agency's proposed permanency plan must be provided to the department or supervising agency, all other parties, and the court at least seven days prior to the hearing.

The permanency plan shall include:

(a) A permanency plan of care that shall identify one of the following outcomes as a primary goal and may identify additional outcomes as alternative goals: Return of the child to the home of the child's parent, guardian, or legal custodian; adoption, including a tribal customary adoption as defined in section 4 of this act; guardianship; permanent legal custody; long-term relative or foster care, until the child is age eighteen, with a written agreement between the parties and the care provider; successful completion of a responsible living skills program; or independent living, if appropriate and if the child is age sixteen or older. The department or supervising agency shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW;

(b) Unless the court has ordered, pursuant to RCW 13.34.130(~~(5)~~) (6), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, what steps the supervising agency or the department will take to promote existing appropriate sibling relationships and/or facilitate placement together or contact in accordance with the best interests of each child, and what actions the department or supervising agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The department's or supervising agency's plan shall specify what services the parents will be offered to enable them to resume custody, what requirements the parents must meet to resume custody, and a time limit for each service plan and parental requirement.

(ii) Visitation is the right of the family, including the child and the parent, in cases in which visitation is in the best interest of the child. Early, consistent, and frequent visitation is crucial for maintaining parent-child relationships and making it possible for parents and children to safely reunify. The supervising agency or department shall encourage the maximum parent and child and sibling contact possible, when it is in the best interest of the child, including regular visitation and participation by the parents in the care of the child while the child is in placement. Visitation shall not be limited as a sanction for a parent's failure to comply with court orders or services where the health, safety, or welfare of the child is not at risk as a result of the visitation. Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare. The court and the department or supervising agency should rely upon community resources, relatives, foster parents, and other appropriate persons to provide transportation and supervision for visitation to the extent that such resources are available, and appropriate, and the child's safety would not be compromised.

(iii) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(iv) The plan shall state whether both in-state and, where appropriate, out-of-state placement options have been considered by the department or supervising agency.

(v) Unless it is not in the best interests of the child, whenever practical, the plan should ensure the child remains enrolled in the school the child was attending at the time the child entered foster care.

(vi) The supervising agency or department shall provide all reasonable services that are available within the department or supervising agency, or within the community, or those services which the department has existing contracts to purchase. It shall report to the court if it is unable to provide such services; and

(c) If the court has ordered, pursuant to RCW 13.34.130(~~(5)~~) (6), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The department or supervising agency shall not be required to develop a plan of services for the parents or provide services to the parents if the court orders a termination petition be filed. However, reasonable efforts to ensure visitation and contact between siblings shall be made unless there is reasonable cause to believe the best interests of the child or siblings would be jeopardized.

(3) Permanency planning goals should be achieved at the earliest possible date. If the child has been in out-of-home care for fifteen of the most recent twenty-two months, the court shall require the department or supervising agency to file a petition seeking termination of parental rights in accordance with RCW 13.34.145(3)(b)(vi). In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(4) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

(5) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(6) The court shall consider the child's relationships with the child's siblings in accordance with RCW 13.34.130(~~(3)~~) (4). Whenever the permanency plan for a child is adoption, the court shall encourage the prospective adoptive parents, birth parents, foster parents, kinship caregivers, and the department or other supervising agency to seriously consider the long-term benefits to the child adoptee and his or her siblings of providing for and facilitating continuing postadoption contact between the siblings. To the extent that it is feasible, and when it is in the best interests of the child adoptee and his or her siblings, contact between the siblings should be frequent and of a similar nature as that which existed prior to the adoption. If the child adoptee or his or her siblings are represented by an attorney or guardian ad litem in a proceeding under this chapter or in any other child custody proceeding, the court shall inquire of each attorney and guardian ad litem regarding the potential benefits of continuing contact between the siblings and the potential detriments of severing contact. This section does not require the department of social and health services or other supervising agency to agree to any specific provisions in an open adoption agreement and does not create a new obligation for the department to provide supervision or transportation for visits between siblings separated by adoption from foster care.

(7) For purposes related to permanency planning:

date, time, and place of hearing shall be given to the petitioner and any person or agency whose consent to adoption is required under RCW 26.33.160, unless the person or agency has waived in writing the right to receive notice of the hearing. If the child is an Indian child, notice shall also be given to the child's tribe. Notice shall be given in the manner prescribed by RCW 26.33.310.

(3) If the court determines, after review of the petition, preplacement and post-placement reports, and other evidence introduced at the hearing, that all necessary consents to adoption are valid or have been dispensed with pursuant to RCW 26.33.170 and that the adoption is in the best interest of the adoptee, and, in the case of an adoption of an Indian child, that the adoptive parents are within the placement preferences of ~~((25 U.S.C. Sec. 1915))~~ section 18 of this act or good cause to the contrary has been shown on the record, the court shall enter a decree of adoption pursuant to RCW 26.33.250.

(4) If the court determines the petition should not be granted because the adoption is not in the best interest of the child, the court shall make appropriate provision for the care and custody of the child.

Sec. 34. RCW 74.13.350 and 2004 c 183 s 4 are each amended to read as follows:

It is the intent of the legislature that parents are responsible for the care and support of children with developmental disabilities. The legislature recognizes that, because of the intense support required to care for a child with developmental disabilities, the help of an out-of-home placement may be needed. It is the intent of the legislature that, when the sole reason for the out-of-home placement is the child's developmental disability, such services be offered by the department to these children and their families through a voluntary placement agreement. In these cases, the parents shall retain legal custody of the child.

As used in this section, "voluntary placement agreement" means a written agreement between the department and a child's parent or legal guardian authorizing the department to place the child in a licensed facility. Under the terms of this agreement, the parent or legal guardian shall retain legal custody and the department shall be responsible for the child's placement and care. The agreement shall at a minimum specify the legal status of the child and the rights and obligations of the parent or legal guardian, the child, and the department while the child is in placement. The agreement must be signed by the child's parent or legal guardian and the department to be in effect, except that an agreement regarding an Indian child shall not be valid unless executed ~~((in writing before the court and filed with the court as provided in RCW 13.34.245))~~ in accordance with section 15 of this act. Any party to a voluntary placement agreement may terminate the agreement at any time. Upon termination of the agreement, the child shall be returned to the care of the child's parent or legal guardian unless the child has been taken into custody pursuant to RCW 13.34.050 or 26.44.050, placed in shelter care pursuant to RCW 13.34.060, or placed in foster care pursuant to RCW 13.34.130.

As used in this section, "out-of-home placement" and "out-of-home care" mean the placement of a child in a foster family home or group care facility licensed under chapter 74.15 RCW.

Whenever the department places a child in out-of-home care under a voluntary placement pursuant to this section, the department shall have the responsibility for the child's placement and care. The department shall develop a permanency plan of care for the child no later than sixty days from the date that the department assumes responsibility for the child's placement and care. Within the first

one hundred eighty days of the placement, the department shall obtain a judicial determination pursuant to RCW 13.04.030(1)(j) and 13.34.270 that the placement is in the best interests of the child. If the child's out-of-home placement ends before one hundred eighty days have elapsed, no judicial determination under RCW 13.04.030(1)(b) is required. The permanency planning hearings shall review whether the child's best interests are served by continued out-of-home placement and determine the future legal status of the child.

The department shall provide for periodic administrative reviews as required by federal law. A review may be called at any time by either the department, the parent, or the legal guardian.

Nothing in this section shall prevent the department from filing a dependency petition if there is reason to believe that the child is a dependent child as defined in RCW 13.34.030.

The department shall adopt rules providing for the implementation of chapter 386, Laws of 1997 and the transfer of responsibility for out-of-home placements from the dependency process under chapter 13.34 RCW to the process under this chapter.

It is the intent of the legislature that the department undertake voluntary out-of-home placement in cases where the child's developmental disability is such that the parent, guardian, or legal custodian is unable to provide the necessary care for the child, and the parent, guardian, or legal custodian has determined that the child would benefit from placement outside of the home. If the department does not accept a voluntary placement agreement signed by the parent, a petition may be filed and an action pursued under chapter 13.34 RCW. The department shall inform the parent, guardian, or legal custodian in writing of their right to civil action under chapter 13.34 RCW.

Nothing in this section prohibits the department from seeking support from parents of a child, including a child with a developmental disability if the child has been placed into care as a result of an action under chapter 13.34 RCW, when state or federal funds are expended for the care and maintenance of that child or when the department receives an application for services from the physical custodian of the child, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents.

NEW SECTION. **Sec. 35.** Sections 1 through 20 of this act constitute a new chapter in Title 13 RCW.

NEW SECTION. **Sec. 36.** RCW 13.34.250 (Preference characteristics when placing Indian child in foster care home) and 1979 c 155 s 53 are each repealed."

The disposition may be comprised of one or more local sanctions.

(b) When the court sentences an offender to a standard range as provided in RCW 13.40.0357 option A that includes a term of confinement exceeding thirty days, commitment shall be to the department for the standard range of confinement, except as provided in subsection (2), (3), (4), (5), or (6) of this section.

(2) If the court concludes, and enters reasons for its conclusion, that disposition within the standard range would effectuate a manifest injustice the court shall impose a disposition outside the standard range, as indicated in option D of RCW 13.40.0357. The court's finding of manifest injustice shall be supported by clear and convincing evidence.

~~After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this special sex offender disposition alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this section. If the court determines that this special sex offender disposition alternative is appropriate, then the court shall impose a determinate disposition within the standard range for the offense, or if the court concludes, and enters reasons~~

~~for its conclusions, that such disposition would cause a manifest injustice, the court shall impose a disposition under option D, and the court may suspend the execution of the disposition and place the offender on community supervision for at least two years. As a condition of the suspended disposition, the court may impose the conditions of community supervision and other conditions, including up to thirty days of confinement and requirements that the offender do any one or more of the following:~~

~~—(iii) Remain within prescribed geographical boundaries and notify the court or the probation counselor prior to any change in the offender's address, educational program, or employment;~~

~~—(iv) Report to the prosecutor and the probation counselor prior to any change in a sex offender treatment provider. This change shall have prior approval by the court;~~

(7) RCW 13.40.193 shall govern the disposition of any juvenile adjudicated of possessing a firearm in violation of RCW 9.41.040(2)(a)(iii) or any crime in which a special finding is entered that the juvenile was armed with a firearm.

(11) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

NEW SECTION. Sec. 3. A new section is added to chapter 13.40 RCW to read as follows:

(1) A juvenile offender is eligible for the special sex offender disposition alternative when:

(a) The offender is found to have committed a sex offense, other than a sex offense that is also a serious violent offense as defined by RCW 9.94A.030; and

(b) The offender has no history of a prior sex offense.

(2) If the court finds the offender is eligible for this alternative, the court, on its own motion or the motion of the state or the respondent, may order an examination to determine whether the respondent is amenable to treatment.

(a) The report of the examination shall include at a minimum the following:

(i) The respondent's version of the facts and the official version of the facts;

(ii) The respondent's offense history;

(iii) An assessment of problems in addition to alleged deviant behaviors;

(iv) The respondent's social, educational, and employment situation;

(v) Other evaluation measures used.

The report shall set forth the sources of the evaluator's information.

(b) The examiner shall assess and report regarding the respondent's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(i) The frequency and type of contact between the offender and therapist;

(ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;

(iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members, legal guardians, or others;

(iv) Anticipated length of treatment; and

(v) Recommended crime-related prohibitions.

(c) The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The evaluator shall be selected by the party making the motion. The defendant shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

(3) After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this special sex offender disposition alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this section. If the court determines that this special sex offender disposition alternative is appropriate, then the court shall impose a determinate disposition within the standard range for the offense, or if the court concludes, and enters reasons for its conclusions, that such disposition would cause a manifest injustice, the court shall impose a disposition under option D, and the court may suspend the execution of the disposition and place the offender on community supervision for at least two years.

(4) As a condition of the suspended disposition, the court may impose the conditions of community supervision and other conditions, including up to thirty days of confinement and requirements that the offender do any one or more of the following:

(a) Devote time to a specific education, employment, or occupation;

(b) Undergo available outpatient sex offender treatment for up to two years, or inpatient sex offender treatment not to exceed the standard range of confinement for that offense. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The respondent shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the probation counselor, and the court, and shall not change providers

(c) Remain within prescribed geographical boundaries and notify the court or the probation counselor prior to any change in the offender's address, educational program, or employment;

(d) Report to the prosecutor and the probation counselor prior to any change in a sex offender treatment provider. This change shall have prior approval by the court;

(e) Report as directed to the court and a probation counselor;

(f) Pay all court-ordered legal financial obligations, perform community restitution, or any combination thereof;

(g) Make restitution to the victim for the cost of any counseling reasonably related to the offense; or

(h) Comply with the conditions of any court-ordered probation bond.

(5) If the court orders twenty-four hour, continuous monitoring of the offender while on probation, the court shall include the basis for this condition in its findings.

(6)(a) The court must order the offender not to attend the public or approved private elementary, middle, or high school attended by the victim or the victim's siblings.

(b) The parents or legal guardians of the offender are responsible for transportation or other costs associated with the offender's change of school that would otherwise be paid by the school district.

(c) The court shall send notice of the disposition and restriction on attending the same school as the victim or victim's siblings to the public or approved private school the juvenile will attend, if known, or if unknown, to the approved private schools and the public school district board of directors of the district in which the juvenile resides or intends to reside. This notice must be sent at the earliest possible date but not later than ten calendar days after entry of the disposition.

(7)(a) The sex offender treatment provider shall submit quarterly reports on the respondent's progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent's compliance with requirements, treatment activities, the respondent's relative progress in treatment, and any other material specified by the court at the time of the disposition.

(b) At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

(c) Except as provided in this subsection, examinations and treatment ordered pursuant to this subsection shall only be conducted by certified sex offender treatment providers or certified affiliate sex offender treatment providers under chapter 18.155 RCW.

(d) A sex offender therapist who examines or treats a juvenile sex offender pursuant to this subsection does not have to be certified by the department of health pursuant to chapter 18.155 RCW if the court finds that: (i) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; (ii) no certified sex offender treatment providers or certified affiliate sex offender treatment providers are available for treatment within a reasonable geographical distance of the offender's home; and (iii) the evaluation and treatment plan comply with this subsection and the rules adopted by the department of health.

(8)(a) If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may revoke the suspension and order execution of the disposition or the court may impose a penalty of up to thirty days confinement for violating conditions of the disposition.

2011 REGULAR SESSION

(b) The court may order both execution of the disposition and up to thirty days confinement for the violation of the conditions of the disposition.

(c) The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

(9) For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the crime charged. "Victim" may also include a known parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

(10) A disposition entered under this section is not appealable under RCW 13.40.230.

Sec. 4. RCW 13.50.050 and 2010 c 150 s 2 are each amended to read as follows:

(1) This section governs records relating to the commission of juvenile offenses, including records relating to diversions.

(2) The official juvenile court file of any alleged or proven juvenile offender shall be open to public inspection, unless sealed pursuant to subsection (12) of this section.

(3) All records other than the official juvenile court file are confidential and may be released only as provided in this section, RCW 13.50.010, 13.40.215, and 4.24.550.

(4) Except as otherwise provided in this section and RCW 13.50.010, records retained or produced by any juvenile justice or care agency may be released to other participants in the juvenile justice or care system only when an investigation or case involving the juvenile in question is being pursued by the other participant or when that other participant is assigned the responsibility for supervising the juvenile.

(5) Except as provided in RCW 4.24.550, information not in an official juvenile court file concerning a juvenile or a juvenile's family may be released to the public only when that information could not reasonably be expected to identify the juvenile or the juvenile's family.

(6) Notwithstanding any other provision of this chapter, the release, to the juvenile or his or her attorney, of law enforcement and prosecuting attorneys' records pertaining to investigation, diversion, and prosecution of juvenile offenses shall be governed by the rules of discovery and other rules of law applicable in adult criminal investigations and prosecutions.

(7) Upon the decision to arrest or the arrest, law enforcement and prosecuting attorneys may cooperate with schools in releasing information to a school pertaining to the investigation, diversion, and prosecution of a juvenile attending the school. Upon the decision to arrest or the arrest, incident reports may be released unless releasing the records would jeopardize the investigation or prosecution or endanger witnesses. If release of incident reports would jeopardize the investigation or prosecution or endanger witnesses, law enforcement and prosecuting attorneys may release information to the maximum extent possible to assist schools in protecting other students, staff, and school property.

(8) The juvenile court and the prosecutor may set up and maintain a central recordkeeping system which may receive information on all alleged juvenile offenders against whom a complaint has been filed pursuant to RCW 13.40.070 whether or not their cases are currently pending before the court. The central recordkeeping system may be computerized. If a complaint has been referred to a diversion unit, the diversion unit shall promptly report to the juvenile court or the prosecuting attorney when the juvenile has agreed to diversion. An offense shall not be reported as criminal history in any central recordkeeping system without notification by the diversion unit of the date on which the offender agreed to diversion.

ONE HUNDRED SECOND DAY, APRIL 21, 2011

2011 REGULAR SESSION

(10) Subject to the rules of discovery applicable in adult criminal prosecutions, the juvenile offense records of an adult criminal defendant or witness in an adult criminal proceeding shall be released upon request to prosecution and defense counsel after a charge has actually been filed. The juvenile offense records of any adult convicted of a crime and placed under the supervision of the adult corrections system shall be released upon request to the adult corrections system.

(11) In any case in which an information has been filed pursuant to RCW 13.40.100 or a complaint has been filed with the prosecutor and referred for diversion pursuant to RCW 13.40.070, the person the subject of the information or complaint may file a motion with the court to have the court vacate its order and findings, if any, and, subject to subsection (23) of this section, order the sealing of the official juvenile court file, the social file, and records of the court and of any other agency in the case.

(12)(a) The court shall not grant any motion to seal records for class A offenses made pursuant to subsection (11) of this section that is filed on or after July 1, 1997, unless:

(i) Since the last date of release from confinement, including full-time residential treatment, if any, or entry of disposition, the person has spent five consecutive years in the community without committing any offense or crime that subsequently results in an adjudication or conviction;

(ii) No proceeding is pending against the moving party seeking the conviction of a juvenile offense or a criminal offense;

(iii) No proceeding is pending seeking the formation of a diversion agreement with that person;

(iv) The person is no longer required to register as a sex offender under RCW 9A.44.130 or has ~~(not)~~ been relieved of the duty to register under RCW 9A.44.143 if the person was convicted of a sex offense;

(v) The person has not been convicted of rape in the first degree, rape in the second degree, or indecent liberties that was actually committed with forcible compulsion; and

~~((+))~~ (vi) Full restitution has been paid.

(ii) No proceeding is pending against the moving party seeking the conviction of a juvenile offense or a criminal offense;

(iii) No proceeding is pending seeking the formation of a diversion agreement with that person;

(iv) The person is no longer required to register as a sex offender under RCW 9A.44.130 or has ~~(not)~~ been relieved of the duty to register under RCW 9A.44.143 if the person was convicted of a sex offense; and

(v) Full restitution has been paid.

(13) The person making a motion pursuant to subsection (11) of this section shall give reasonable notice of the motion to the prosecution and to any person or agency whose files are sought to be sealed.

(14) If the court grants the motion to seal made pursuant to subsection (11) of this section, it shall, subject to subsection (23) of this section, order sealed the official juvenile court file, the social file, and other records relating to the case as are named in the order. Thereafter, the proceedings in the case shall be treated as if they never occurred, and the subject of the records may reply accordingly to any inquiry about the events, records of which are sealed. Any agency shall reply to any inquiry concerning confidential or sealed records that records are confidential, and no information can be given about the existence or nonexistence of records concerning an individual.

(15) Inspection of the files and records included in the order to seal may thereafter be permitted only by order of the court upon motion made by the person who is the subject of the information or complaint, except as otherwise provided in RCW 13.50.010(8) and subsection (23) of this section.

(16) Any adjudication of a juvenile offense or a crime subsequent to sealing has the effect of nullifying the sealing order. Any charging of an adult felony subsequent to the sealing has the effect of nullifying the sealing order for the purposes of chapter 9.94A RCW. The administrative office of the courts shall ensure that the superior court judicial information system provides prosecutors access to information on the existence of sealed juvenile records.

(17)(a)(i) Subject to subsection (23) of this section, all records maintained by any court or law enforcement agency, including the juvenile court, local law enforcement, the Washington state patrol, and the prosecutor's office, shall be automatically destroyed within ninety days of becoming eligible for destruction. Juvenile records are eligible for destruction when:

(A) The person who is the subject of the information or complaint is at least eighteen years of age;

(B) His or her criminal history consists entirely of one diversion agreement or counsel and release entered on or after June 12, 2008;

(C) Two years have elapsed since completion of the agreement or counsel and release;

(D) No proceeding is pending against the person seeking the conviction of a criminal offense; and

(E) There is no restitution owing in the case.

(ii) No less than quarterly, the administrative office of the courts shall provide a report to the juvenile courts of those individuals whose records may be eligible for destruction. The juvenile court shall verify eligibility and notify the Washington state patrol and the appropriate local law enforcement agency and prosecutor's office of the records to be destroyed. The requirement to destroy records under this subsection is not dependent on a court hearing or the issuance of a court order to destroy records.

(iii) The state and local governments and their officers and employees are not liable for civil damages for the failure to destroy records pursuant to this section.

(b) A person eighteen years of age or older whose criminal history consists entirely of one diversion agreement or counsel and release entered prior to June 12, 2008, may request that the court order the records in his or her case destroyed. The request shall be granted, subject to subsection (23) of this section, if the court finds that two years have elapsed since completion of the agreement or counsel and release.

(c) A person twenty-three years of age or older whose criminal history consists of only referrals for diversion may request that the court order the records in those cases destroyed. The request shall be granted, subject to subsection (23) of this section, if the court finds that all diversion agreements have been successfully completed and no proceeding is pending against the person seeking the conviction of a criminal offense.

(18) If the court grants the motion to destroy records made pursuant to subsection (17)(b) or (c) of this section, it shall, subject to subsection (23) of this section, order the official juvenile court file, the social file, and any other records named in the order to be destroyed.

(19) The person making the motion pursuant to subsection (17)(b) or (c) of this section shall give reasonable notice of the motion to the prosecuting attorney and to any agency whose records are sought to be destroyed.

(20) Any juvenile to whom the provisions of this section may apply shall be given written notice of his or her rights under this section at the time of his or her disposition hearing or during the diversion process.

(21) Nothing in this section may be construed to prevent a crime victim or a member of the victim's family from divulging the identity of the alleged or proven juvenile offender or his or her family when necessary in a civil proceeding.

(22) Any juvenile justice or care agency may, subject to the limitations in subsection (23) of this section and (a) and (b) of this subsection, develop procedures for the routine destruction of records relating to juvenile offenses and diversions.

(a) Records may be routinely destroyed only when the person the subject of the information or complaint has attained twenty-three years of age or older or pursuant to subsection (17)(a) of this section.

(b) The court may not routinely destroy the official juvenile court file or recordings or transcripts of any proceedings.

(23) No identifying information held by the Washington state patrol in accordance with chapter 43.43 RCW is subject to destruction or sealing under this section. For the purposes of this subsection, identifying information includes photographs, fingerprints, palmprints, soleprints, toeprints and any other data that identifies a person by physical characteristics, name, birthdate or address, but does not include information regarding criminal activity, arrest, charging, diversion, conviction or other information about a person's treatment by the criminal justice system or about the person's behavior.

(24) Information identifying child victims under age eighteen who are victims of sexual assaults by juvenile offenders is confidential and not subject to release to the press or public without the permission of the child victim or the child's legal guardian. Identifying information includes the child victim's name, addresses, location, photographs, and in cases in which the child victim is a relative of the alleged perpetrator, identification of the relationship between the child and the alleged perpetrator. (1) In addition to any other information required to be released under this chapter, the department is authorized, pursuant to RCW 4.24.550, to release relevant information that is necessary to protect the public concerning offenders convicted of sex offenses.

(2) In order for public agencies to have the information necessary to notify the public as authorized in RCW 4.24.550, the secretary shall establish and administer an end-of-sentence review committee for the purposes of assigning risk levels, reviewing available release plans, and making appropriate referrals for sex offenders. ~~((The committee shall assess, on a case-by-case basis, the public risk posed by sex offenders who are: (a) Preparing for their release from confinement for sex offenses committed on or after July 1, 1984; and (b) accepted from another state under a reciprocal agreement under the interstate compact authorized in chapter 72.74 RCW.))~~

(4) Notwithstanding any other provision of law, the committee shall have access to all relevant records and information in the possession of public agencies relating to the offenders under review, including police reports; prosecutors' statements of probable cause; presentence investigations and reports; complete judgments and sentences; current classification referrals; criminal history summaries; violation and disciplinary reports; all psychological evaluations and psychiatric hospital reports; sex offender treatment program reports; and juvenile records. Records and information obtained under this subsection shall not be disclosed outside the committee unless otherwise authorized by law.

~~((4))~~ (5) The committee shall review each sex offender under its authority before the offender's release from confinement or start of the offender's term of community custody in order to: (a) Classify the offender into a risk level for the purposes of public notification under RCW 4.24.550; (b) where available, review the offender's proposed release plan in accordance with the requirements of RCW 72.09.340; and (c) make appropriate referrals.

~~((5))~~ (6) The committee shall classify as risk level I those sex offenders whose risk assessments indicate a low risk of reoffense within the community at large. The committee shall classify as risk level II those offenders whose risk assessments indicate a moderate risk of reoffense within the community at large. MESSAGE FROM THE HOUSE

April 1, 2011

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5271 with the following amendment(s): 5271-S AMH JUDI H2270.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 79.100.110 and 2006 c 153 s 1 are each amended to read as follows:

(1) A person who causes a vessel to become abandoned or derelict upon aquatic lands is guilty of a misdemeanor.

(2) A person who intentionally, through action or inaction and without the appropriate state, local, or federal authorization, causes a vessel to sink, break up, or block a navigational channel upon aquatic lands is guilty of a misdemeanor.

Sec. 2. RCW 79.100.130 and 2007 c 342 s 3 are each amended to read as follows:

A marina owner may contract with a local government for the purpose of participating in the derelict vessel removal program. The local government shall serve as the authorized public entity for the removal of the derelict or abandoned vessel from the marina owner's property. The contract must provide for the marina owner to be financially responsible for the removal costs that are not reimbursed by the department as provided under RCW 79.100.100, and any additional reasonable administrative costs incurred by the local government during the removal of the derelict or abandoned vessel. Prior to the commencement of any removal which will seek reimbursement from the derelict vessel removal program, the contract and the proposed vessel removal shall be submitted to the

department for review and approval. The local government shall use the procedure specified under RCW 79.100.100(6).

Sec. 3. RCW 53.08.320 and 2002 c 286 s 23 are each amended to read as follows:

A moorage facility operator may adopt all rules necessary for rental and use of moorage facilities and for the expeditious collection of port charges. The rules may also establish procedures for the enforcement of these rules by port district, city, county, metropolitan park district or town personnel. The rules shall include the following:

(1) Procedures authorizing moorage facility personnel to take reasonable measures, including the use of chains, ropes, and locks, or removal from the water, to secure vessels within the moorage facility so that the vessels are in the possession and control of the moorage facility operator and cannot be removed from the moorage facility. These procedures may be used if an owner mooring or storing a vessel at the moorage facility fails, after being notified that charges are owing and of the owner's right to commence legal proceedings to contest that such charges are owing, to pay the port charges owed or to commence legal proceedings. Notification shall be by registered mail to the owner at his or her last known address. In the case of a transient vessel, or where no address was furnished by the owner, the moorage facility operator need not give such notice prior to securing the vessel. At the time of securing the vessel, an authorized moorage facility employee shall attach to the vessel a readily visible notice. The notice shall be of a reasonable size and shall contain the following information:

(a) The date and time the notice was attached;

(b) A statement that if the account is not paid in full within ninety days from the time the notice is attached, the vessel may be sold at public auction to satisfy the port charges; and

(c) The address and telephone number where additional information may be obtained concerning release of the vessel.

After a vessel is secured, the operator shall make a reasonable effort to notify the owner by registered mail in order to give the owner the information contained in the notice.

(2) Procedures authorizing moorage facility personnel at their discretion to move moored vessels ashore for storage within properties under the operator's control or for storage with private persons under their control as bailees of the moorage facility, if the vessel is, in the opinion of port personnel a nuisance, if the vessel is in danger of sinking or creating other damage, or is owing port charges. Costs of any such procedure shall be paid by the vessel's owner. If the owner is not known, or unable to reimburse the moorage facility operator for the costs of these procedures, the mooring facility operators may seek reimbursement of ~~((seventy-five))~~ ninety percent of all reasonable and auditable costs from the derelict vessel removal account established in RCW 79.100.100.

(3) If a vessel is secured under subsection (1) of this section or moved ashore under subsection (2) of this section, the owner who is obligated to the moorage facility operator for port charges may regain possession of the vessel by:

(a) Making arrangements satisfactory with the moorage facility operator for the immediate removal of the vessel from the moorage facility or for authorized moorage; and

(b) Making payment to the moorage facility operator of all port charges, or by posting with the moorage facility operator a sufficient cash bond or other acceptable security, to be held in trust by the moorage facility operator pending written agreement of the parties with respect to payment by the vessel owner of the amount owing, or pending resolution of the matter of the charges in a civil action in a court of competent jurisdiction. After entry of judgment, including any appeals, in a court of competent jurisdiction, or after the parties reach agreement with respect to payment, the trust shall

ONE HUNDRED SECOND DAY, APRIL 21, 2011

terminate and the moorage facility operator shall receive so much of the bond or other security as is agreed, or as is necessary to satisfy any judgment, costs, and interest as may be awarded to the moorage facility operator. The balance shall be refunded immediately to the owner at his or her last known address.

(4) If a vessel has been secured by the moorage facility operator under subsection (1) of this section and is not released to the owner under the bonding provisions of this section within ninety days after notifying or attempting to notify the owner under subsection (1) of this section, the vessel shall be conclusively presumed to have been abandoned by the owner.

(5) If a vessel moored or stored at a moorage facility is abandoned, the moorage facility operator may, by resolution of its legislative authority, authorize the public sale of the vessel by authorized personnel to the highest and best bidder for cash as prescribed by this subsection (5). Either a minimum bid may be established or a letter of credit may be required, or both, to discourage the future reabandonment of the vessel.

(a) Before the vessel is sold, the owner of the vessel shall be given at least twenty days' notice of the sale in the manner set forth in subsection (1) of this section if the name and address of the owner is known. The notice shall contain the time and place of the sale, a reasonable description of the vessel to be sold, and the amount of port charges owed with respect to the vessel. The notice of sale shall be published at least once, more than ten but not more than twenty days before the sale, in a newspaper of general circulation in the county in which the moorage facility is located. Such notice shall include the name of the vessel, if any, the last known owner and address, and a reasonable description of the vessel to be sold. The moorage facility operator may bid all or part of its port charges at the sale and may become a purchaser at the sale.

(b) Before the vessel is sold, any person seeking to redeem an impounded vessel under this section may commence a lawsuit in the superior court for the county in which the vessel was impounded to contest the validity of the impoundment or the amount of the port charges owing. Such lawsuit must be commenced within ten days of the date the notification was provided pursuant to subsection (1) of this section, or the right to a hearing shall be deemed waived and the owner shall be liable for any port charges owing the moorage facility operator. In the event of litigation, the prevailing party shall be entitled to reasonable attorneys' fees and costs.

(c) The proceeds of a sale under this section shall first be applied to the payment of port charges. The balance, if any, shall be paid to the owner. If the owner cannot in the exercise of due diligence be located by the moorage facility operator within one year of the date of the sale, the excess funds from the sale shall revert to the derelict vessel removal account established in RCW 79.100.100. If the sale is for a sum less than the applicable port charges, the moorage facility operator is entitled to assert a claim for a deficiency.

(d) In the event no one purchases the vessel at a sale, or a vessel is not removed from the premises or other arrangements are not made within ten days of sale, title to the vessel will revert to the moorage facility operator.

(6) The rules authorized under this section shall be enforceable only if the moorage facility has had its tariff containing such rules conspicuously posted at its moorage facility at all times.

Sec. 4. RCW 79.100.030 and 2002 c 286 s 4 are each amended to read as follows:

(1) An authorized public entity has the authority, subject to the processes and limitations of this chapter, to store, strip, use, auction, sell, salvage, scrap, or dispose of an abandoned or derelict vessel found on or above aquatic lands within the jurisdiction of the authorized public entity. A vessel disposal must be done in an environmentally sound manner and in accordance with all federal, state, and local laws, including the state solid waste disposal

provisions provided for in chapter 70.95 RCW. Scuttling or sinking of a vessel is only permissible after obtaining the express permission of the owner or owners of the aquatic lands below where the scuttling or sinking would occur, and obtaining all necessary state and federal permits or licenses.

(2) The primary responsibility to remove a derelict or abandoned vessel belongs to the owner, operator, or lessee of the moorage facility or the aquatic lands where the vessel is located. If the authorized public entity with the primary responsibility is unwilling or unable to exercise the authority granted by this section, it may request the department to assume the authorized public entity's authority for a particular vessel. The department may at its discretion assume the authorized public entity's authority for a particular vessel after being requested to do so. For vessels not at a moorage facility, an authorized public entity with jurisdiction over the aquatic lands where the vessel is located may, at its discretion, request to assume primary responsibility for that particular vessel from the owner of the aquatic lands where the vessel is located.

(3) The authority granted by this chapter is permissive, and no authorized public entity has a duty to exercise the authority. No liability attaches to an authorized public entity that chooses not to exercise this authority. An authorized public entity, in the good faith performance of the actions authorized under this chapter, is not liable for civil damages resulting from any act or omission in the performance of the actions other than acts or omissions constituting gross negligence or willful or wanton misconduct. Any person whose assistance has been requested by an authorized public entity, who has entered into a written agreement pursuant to RCW 79.100.070, and who, in good faith, renders assistance or advice with respect to activities conducted by an authorized public entity pursuant to this chapter, is not liable for civil damages resulting from any act or omission in the rendering of the assistance or advice, other than acts or omissions constituting gross negligence or willful or wanton misconduct."

MESSAGE FROM THE HOUSE

April 7, 2011

MR. PRESIDENT:

The House passed SENATE BILL NO. 5628 with the following amendment(s): 5628 AMH WAYS H2299.4

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that King county currently imposes an emergency medical services levy throughout the entire county. The legislature further finds that the city of Milton is located partially within King and Pierce counties and the residents of Milton within King county pay the county emergency medical services levy. The legislature further finds that King county, through an interlocal agreement with the city of Milton, has not provided emergency medical services to the city for many years and instead has remitted the county emergency medical services levy collected within the city back to the city. The legislature further finds that the city of Milton has collected only twenty cents per thousand dollars of assessed valuation under its city emergency medical services levy, and not the full fifty cents authorized by the city's voters, because state law limits the city's levy, as well as any other taxing district's emergency medical services levy, if the county also imposes the tax. The legislature further finds that the city of Milton is exploring the possibility of being annexed by a fire protection district located in Pierce county; however, if the district annexes the entire city, including the portion in King county, the district would have to lower its emergency medical services levy as required under state law.

(2) It is the intent of the legislature to address this unusual situation by excluding the portion of the city of Milton within King county from the county emergency medical services levy. It is the further intent of the legislature to clarify that a fire protection district is able to levy the full amount of emergency medical services levy otherwise allowed by law throughout the entire city.

Sec. 2. RCW 84.52.069 and 2004 c 129 s 23 are each amended to read as follows:

(1) As used in this section, "taxing district" means a county, emergency medical service district, city or town, public hospital district, urban emergency medical service district, regional fire protection service authority, or fire protection district.

(2) Except as provided in subsection (10) of this section, a taxing district may impose additional regular property tax levies in an amount equal to fifty cents or less per thousand dollars of the assessed value of property in the taxing district. The tax shall be imposed (a) each year for six consecutive years, (b) each year for ten consecutive years, or (c) permanently. A tax levy under this section must be specifically authorized by a majority of at least three-fifths of the registered voters thereof approving a proposition authorizing

2011 REGULAR SESSION

the levies submitted at a general or special election, at which election the number of persons voting "yes" on the proposition shall constitute three-fifths of a number equal to forty percent of the total number of voters voting in such taxing district at the last preceding general election when the number of registered voters voting on the proposition does not exceed forty percent of the total number of voters voting in such taxing district in the last preceding general election; or by a majority of at least three-fifths of the registered voters thereof voting on the proposition when the number of registered voters voting on the proposition exceeds forty percent of the total number of voters voting in such taxing district in the last preceding general election. Ballot propositions ~~((shall))~~ must conform with RCW 29A.36.210. A taxing district ~~((shall))~~ may not submit to the voters at the same election multiple propositions to impose a levy under this section.

(3) A taxing district imposing a permanent levy under this section shall provide for separate accounting of expenditures of the revenues generated by the levy. The taxing district ~~((shall))~~ must maintain a statement of the accounting which ~~((shall))~~ must be updated at least every two years and ~~((shall))~~ must be available to the public upon request at no charge.

(4)(a) A taxing district imposing a permanent levy under this section ~~((shall))~~ must provide for a referendum procedure to apply to the ordinance or resolution imposing the tax. This referendum procedure ~~((shall))~~ must specify that a referendum petition may be filed at any time with a filing officer, as identified in the ordinance or resolution. Within ten days, the filing officer ~~((shall))~~ must confer with the petitioner concerning form and style of the petition, issue the petition an identification number, and secure an accurate, concise, and positive ballot title from the designated local official. The petitioner ~~((shall have))~~ has thirty days in which to secure the signatures of not less than fifteen percent of the registered voters of the taxing district, as of the last general election, upon petition forms which contain the ballot title and the full text of the measure to be referred. The filing officer ~~((shall))~~ must verify the sufficiency of the signatures on the petition and, if sufficient valid signatures are properly submitted, ~~((shall))~~ must certify the referendum measure to the next election within the taxing district if one is to be held within one hundred eighty days from the date of filing of the referendum petition, or at a special election to be called for that purpose in accordance with RCW 29A.04.330.

(b) The referendum procedure provided in this subsection ~~((shall be))~~ (4) is exclusive in all instances for any taxing district imposing the tax under this section and ~~((shall))~~ supersedes the procedures provided under all other statutory or charter provisions for initiative or referendum which might otherwise apply.

(5) Any tax imposed under this section ~~((shall))~~ may be used only for the provision of emergency medical care or emergency medical services, including related personnel costs, training for such personnel, and related equipment, supplies, vehicles and structures needed for the provision of emergency medical care or emergency medical services.

(6) If a county levies a tax under this section, no taxing district within the county may levy a tax under this section. If a regional fire protection service authority imposes a tax under this section, no other taxing district that is a participating fire protection jurisdiction in the regional fire protection service authority may levy a tax under this section. No other taxing district may levy a tax under this section if another taxing district has levied a tax under this section within its boundaries: PROVIDED, That if a county levies less than fifty cents per thousand dollars of the assessed value of property, then any other taxing district may levy a tax under this section equal to the difference between the rate of the levy by the county and fifty cents: PROVIDED FURTHER, That if a taxing district within a county levies this tax, and the voters of the county

ONE HUNDRED SECOND DAY, APRIL 21, 2011

2011 REGULAR SESSION

subsequently approve a levying of this tax, then the amount of the taxing district levy within the county (~~shall~~) must be reduced, when the combined levies exceed fifty cents. Whenever a tax is levied countywide, the service (~~shall~~) must, insofar as is feasible, be provided throughout the county: PROVIDED FURTHER, That no countywide levy proposal may be placed on the ballot without the approval of the legislative authority of each city exceeding fifty thousand population within the county: AND PROVIDED FURTHER, That this section and RCW 36.32.480 shall not prohibit any city or town from levying an annual excess levy to fund emergency medical services: AND PROVIDED, FURTHER, That if a county proposes to impose tax levies under this section, no other ballot proposition authorizing tax levies under this section by another taxing district in the county may be placed before the voters at the same election at which the county ballot proposition is placed: AND PROVIDED FURTHER, That any taxing district emergency medical service levy that is limited in duration and that is authorized subsequent to a county emergency medical service levy that is limited in duration, (~~shall~~) expires concurrently with the county emergency medical service levy. A fire protection district that has annexed an area described in subsection (10) of this section may levy the maximum amount of tax that would otherwise be allowed, notwithstanding any limitations in this subsection (6).

(7) The limitations in RCW 84.52.043 (~~shall~~) do not apply to the tax levy authorized in this section.

(8) If a ballot proposition approved under subsection (2) of this section did not impose the maximum allowable levy amount authorized for the taxing district under this section, any future increase up to the maximum allowable levy amount must be specifically authorized by the voters in accordance with subsection (2) of this section at a general or special election.

(9) The limitation in RCW 84.55.010 (~~shall~~) does not apply to the first levy imposed pursuant to this section following the approval of such levy by the voters pursuant to subsection (2) of this section.

(10) For purposes of imposing the tax authorized under this section, the boundary of a county with a population greater than one million five hundred thousand does not include all of the area of the county that is located within a city that has a boundary in two counties, if the locally assessed value of all the property in the area of the city within the county having a population greater than one million five hundred thousand is less than two hundred fifty million dollars.

(11) For purposes of this section, the following definitions apply:

(a) "Fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district; and

(b) "Participating fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district that is represented on the governing board of a regional fire protection service authority.

NEW SECTION. Sec. 3. This act applies to taxes levied for collection in 2012 and thereafter."

MESSAGE FROM THE HOUSE

April 7, 2011

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5691 with the following amendment(s): 5691-S AMH WAYS H2497.1; 5691-S AMH PSEP H2197.4

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature that eligible victims of crime who suffer bodily injury or death as a result of violent crime receive benefits under the crime victims' compensation program. To ensure benefits are provided, within funds available, to the largest number of eligible victims, it is imperative to streamline and provide flexibility in the administration of the program. Therefore, the legislature intends to simplify the administration of the benefits and services provided to victims of crime by separating the administration of the benefits and services provided to crime victims from the workers' compensation program under Title 51 RCW. These changes are intended to clarify that the limited funding available to help victims of crimes will be managed to help the largest number of crime victims as possible.
