(1) If a law enforcement officer or animal control officer has probable cause to believe that an owner of a domestic animal has violated this chapter or cares for or resides with an animal in violation of an order issued under RCW 16.52.200((4)) and no responsible person can be found to assume the animal’s care, the officer may authorize, with a warrant, the removal of the animal to a suitable place for feeding and care, or may place the animal under the custody of an animal care and control agency. In determining what is a suitable place, the officer shall consider the animal’s needs, including its size and behavioral characteristics. An officer may remove an animal under this subsection without a warrant only if the animal is in an immediate life-threatening condition.

(2) If a law enforcement officer or an animal control officer has probable cause to believe a violation of this chapter has occurred, the officer may authorize an examination of a domestic animal allegedly neglected or abused in violation of this chapter by a veterinarian to determine whether the level of neglect or abuse in violation of this chapter is sufficient to require removal of the animal. This section does not condone illegal entry onto private property.

(3) Any owner whose domestic animal is removed pursuant to this chapter shall be given written notice of the circumstances of the removal and notice of legal remedies available to the owner. The notice shall be given by posting at the place of seizure, by delivery to a person residing at the place of seizure, or by registered mail if the owner is known. In making the decision to remove an animal pursuant to this chapter, the officer shall make a good faith effort to contact the animal’s owner before removal.

(4) The agency having custody of the animal may euthanize the animal or may find a responsible person to adopt the animal not less than fifteen business days after the animal is taken into custody. A custodial agency may euthanize severely injured, diseased, or suffering animals at any time. An owner may prevent the animal’s destruction or adoption by: (a) Petitioning the district court of the county where the animal was seized for the animal’s immediate return subject to court-imposed conditions, or (b) posting a bond or security in an amount sufficient to provide for the animal’s care for a minimum of thirty days from the seizure date. If the custodial agency still has custody of the animal when the bond or security expires, the animal shall become the agency’s property unless the court orders an alternative disposition. If a court order prevents the agency from assuming ownership and the agency continues to care for the animal, the court shall order the owner to renew a bond or security for the agency’s continuing costs for the animal’s care. When a court has prohibited the owner from owning, caring for, or residing with a similar animal under RCW 16.52.200(((4))) (4), the agency having custody of the animal may assume ownership upon seizure and the owner may not prevent the animal’s destruction or adoption by petitioning the court or posting a bond.

(5) If no criminal case is filed within fourteen business days of the animal’s removal, the owner may petition the district court of the county where the animal was removed for the animal’s return. The petition shall be filed with the court, with copies served to the law enforcement or animal care and control agency responsible for removing the animal and to the prosecuting attorney. If the court grants the petition, the agency which seized the animal must deliver the animal to the owner at no cost to the owner. If a criminal action is filed after the petition is filed but before the animal is returned, the petition shall be joined with the criminal matter.

(6) In a motion or petition for the animal’s return before a trial, the burden is on the owner to prove by a preponderance of the evidence that the animal will not suffer future neglect or abuse and is not in need of being restored to health.

(7) Any authorized person treating or attempting to restore an animal to health under this chapter shall not be civilly or criminally liable for such action.

Sec. 4. RCW 16.52.200 and 2009 c 287 s 3 are each amended to read as follows:

(1) The sentence imposed for a misdemeanor or gross misdemeanor violation of this chapter may be deferred or suspended in accordance with RCW 3.66.067 and 3.66.068, however the probationary period shall be two years.

(2) In case of multiple misdemeanor or gross misdemeanor convictions, the sentences shall be consecutive, however the probationary period shall remain two years.

(3) In addition to the penalties imposed by the court, the court shall order the forfeiture of all animals held by law enforcement or animal care and control authorities under the provisions of this chapter if any one of the animals involved died as a result of a violation of this chapter or if the defendant has a prior conviction under this chapter. In other cases the court may enter an order requiring the owner to forfeit the animal if the court deems the animal’s treatment to have been severe and likely to recur. 

(4) Any person convicted of animal cruelty shall be prohibited from owning, caring for, or residing with any similar animals for a period of time as follows:

(a) Two years for a first conviction of animal cruelty in the second degree under RCW 16.52.207;

(b) Permanently for a first conviction of animal cruelty in the first degree under RCW 16.52.205;

(c) Permanently for a second or subsequent conviction of animal cruelty, except as provided in subsection (((4))) (5) of this section.

(5) If a person has no more than two convictions of animal cruelty and each conviction is for animal cruelty in the
second degree, the person may petition the sentencing court in which the most recent animal cruelty conviction occurred, for a restoration of the right to own or possess a similar animal five years after the date of the second conviction. In determining whether to grant the petition, the court shall consider, but not be limited to, the following:

(a) The person's prior animal cruelty in the second degree convictions;

(b) The type of harm or violence inflicted upon the animals;

(c) Whether the person has completed the conditions imposed by the court as a result of the underlying convictions;

(d) Whether the person complied with the prohibition on owning, caring for, or residing with similar animals; and

(e) Any other matters the court finds reasonable and material to consider in determining whether the person is likely to abuse another animal.

The court may delay its decision on forfeiture under subsection (3) of this section until the end of the probationary period.

(((6))) (6) In addition to fines and court costs, the defendant, only if convicted or in agreement, shall be liable for reasonable costs incurred pursuant to this chapter by law enforcement agencies, animal care and control agencies, or authorized private or public entities involved with the care of the animals. Reasonable costs include expenses of the investigation, and the animal's care, euthanization, or adoption.

(((7))) (7) If convicted, the defendant shall also pay a civil penalty of two thousand five hundred dollars for the second violation; and

(((8))) (8) If a person violates the prohibition on owning, caring for, or residing with similar animals under subsection (4) of this section, that person:

(a) Shall pay a civil penalty of one thousand dollars for the first violation;

(b) Shall pay a civil penalty of two thousand five hundred dollars for the second violation; and

(c) Is guilty of a gross misdemeanor for the third and each subsequent violation.

(9) As a condition of the sentence imposed under this chapter or RCW 9.08.070 through 9.08.078, the court may also order the defendant to participate in an available animal cruelty prevention or education program or obtain available psychological counseling to treat mental health problems contributing to the violation's commission. The defendant shall bear the costs of the program or treatment.

Sec. 5. RCW 16.52.207 and 2007 c 376 s 1 are each amended to read as follows:

(1) A person is guilty of animal cruelty in the second degree if, under circumstances not amounting to first degree animal cruelty, the person knowingly, recklessly, or with criminal negligence inflicts unnecessary suffering or pain upon an animal.

(2) An owner of an animal is guilty of animal cruelty in the second degree if, under circumstances not amounting to first degree animal cruelty, the owner knowingly, recklessly, or with criminal negligence:

(a) Fails to provide the animal with necessary shelter, rest, sanitation, space, or medical attention and the animal suffers unnecessary or unjustifiable physical pain as a result of the failure;

(b) Under circumstances not amounting to animal cruelty in the second degree under (c) of this subsection, abandons the animal; or

(c) Abandons the animal and (i) as a result of being abandoned, the animal suffers bodily harm; or (ii) abandoning the animal creates an imminent and substantial risk that the animal will suffer substantial bodily harm.

MESSAGE FROM THE HOUSE

April 1, 2011

MR. PRESIDENT:
The House passed SUBSTITUTE SENATE BILL NO. 5232 with the following amendment(s): 5232-S AMH ENGR H2268.E

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. The legislature finds that consumer savings is essential, both for individuals seeking to obtain the American dream, and in order to rebuild a strong economy. The legislature further finds that for most of the last two decades, consumers have borrowed more than they have saved, with current United States savings rates under six percent. The legislature intends to encourage financial institutions to develop innovative products that create incentives to encourage consumer savings, particularly savings by low-income consumers.

Sec. 2. RCW 9.46.0356 and 2000 c 228 s 1 are each amended to read as follows:

(1) The legislature authorizes:
(a) A business to conduct a promotional contest of chance as defined in this section, in this state, or partially in this state, whereby the elements of prize and chance are present but in which the element of consideration is not present;
(b) A financial institution, as defined in RCW 30.22.040, to conduct a promotional contest of chance under this section in which:
(i) A drawing for an annual prize is held that includes as eligible prize recipients only those persons who deposited funds at the financial institution in a savings account, certificate of deposit, or any other savings program and retained those funds for at least twelve months in the savings account, certificate of deposit, or other savings program; and (ii) drawings for other prizes are held from time to time that include as eligible prize recipients only those persons who deposited funds at the financial institution in a savings account, certificate of deposit, or other savings program. No such contest may be conducted, either wholly or partially, by means of the internet.

(2) Promotional contests of chance under this section are not gambling as defined in RCW 9.46.0237.

(3) Promotional contests of chance shall be conducted as advertising and promotional undertakings solely for the purpose of advertising or promoting the services, goods, wares, and merchandise of a business.

(4) No person eligible to receive a prize in a promotional contest of chance under subsection (1)(a) of this section may be required to:
(a) Pay any consideration to the promoter or operator of the business in order to participate in the contest; or
(b) Purchase any service, goods, wares, merchandise, or anything of value from the business, however, for other than contests entered through a direct mail solicitation, the promoter or sponsor may give additional entries or chances upon purchase of service, goods, wares, or merchandise if the promoter or sponsor provides an alternate method of entry requiring no consideration.

(5) No person eligible to receive a prize in a promotional contest of chance under subsection (1)(b) of this section may be required to pay any consideration other than the deposit of funds, or purchase any service, goods, wares, merchandise, or anything of value from the financial institution.

(b)(a) As used in this section, “consideration” means anything of pecuniary value required to be paid to the promoter or sponsor in order to participate in a promotional contest. Such things as visiting a business location, placing or answering a telephone call, completing an entry form or customer survey, or furnishing a stamped, self-addressed envelope do not constitute consideration.

(b) Coupons or entry blanks obtained by purchase of a bona fide newspaper or magazine or in a program sold in conjunction with a regularly scheduled sporting event are not consideration.

(www) Paragraph (7) Unless authorized by the commission, equipment or devices made for use in a gambling activity are prohibited from use in a promotional contest.

(www) Paragraph (8) This section shall not be construed to permit noncompliance with chapter 19.170 RCW, promotional advertising of prizes, and chapter 19.86 RCW, unfair business practices.

(b) The recipient has the right to review the merchandise offered for sale without obligation for at least seven days, and has a right to obtain a full refund in thirty days for the return of undamaged merchandise;

(8) "Continuing obligation check" means a document that is a check, draft, note, bond, or other negotiable instrument that, when cashed, deposited, or otherwise used, imposes on the payee an obligation to enter into a loan transaction. This definition does not include checks, drafts, or other negotiable instruments that are used by consumers to take advances on revolving loans, credit cards, or revolving credit accounts.

(9) "Verifiable retail value" means:
(a) A price at which a promoter or sponsor can demonstrate that a substantial number of prizes have been sold at retail in the local market by a person other than the promoter or sponsor; or
(b) If the prize is not available for retail sale in the local market, the retail fair market value in the local market of an item substantially similar in each significant aspect, including size, grade, quality, quantity, ingredients, and utility; or
(c) If the value of the prize cannot be established under (a) or (b) of this subsection, then the prize may be valued at no more than three times its cost to the promoter or sponsor.

(10) "Financial institution" means any bank, trust company, savings bank, savings and loan association, credit union, industrial loan company, or consumer finance lender subject to regulation by an official agency of this state or the United States, and any subsidiary or affiliate thereof.

Sec. 4. RCW 30.22.040 and 1981 c 192 s 4 are each amended to read as follows:

Unless the context of this chapter otherwise requires, the terms contained in this section have the meanings indicated.

(1) "Account" means a contract of deposit between a depositor or depositors and a financial institution; the term includes a checking account, savings account, certificate of deposit, savings certificate, share account, savings bond, and other like arrangements.

(2) "Actual knowledge" means written notice to a manager of a branch of a financial institution, or an officer of the financial institution in the course of his employment at the branch, pertaining to funds held on deposit in an account maintained by the branch received within a period of time which affords the financial institution a reasonable opportunity to act upon the knowledge.

(3) "Individual" means a human being; "person" includes an individual, corporation, partnership, limited partnership, joint venture, trust, or other entity recognized by law to have separate legal powers.

(4) "Agent" means a person designated by a depositor or depositors in a contract of deposit or other document to have the authority to deposit and to make payments from an account in the name of the depositor or depositors.

(5) "Agency account" means an account to which funds may be deposited and from which payments may be made by an agent designated by a depositor. In the event there is more than one depositor named on an account, each depositor may designate the same or a different agent for the purpose of depositing to or making payments of funds from a depositor's account.

(6) "Single account" means an account in the name of one depositor only.

(7) "Joint account without right of survivorship" means an account in the name of two or more depositors and which contains no provision that the funds of a deceased depositor become the property of the surviving depositor or depositors.

(8) "Joint account with right of survivorship" means an account in the name of two or more depositors and which provides that the funds of a deceased depositor become the property of one or more of the surviving depositors.

(9) "Trust and P.O.D. accounts" means accounts payable on request to a depositor during the depositor's lifetime, and upon the depositor's death to one or more designated beneficiaries, or which are payable to two or more depositors during their lifetimes, and upon the death of all depositors to one or more designated beneficiaries. The term "trust account" does not include deposits by trustees or other fiduciaries where the trust or fiduciary relationship is established other than by a contract of deposit with a financial institution.

(10) "Trust or P.O.D. account beneficiary" means a person or persons, other than a codepositor, who has or have been designated by a depositor or depositors to receive the depositor's funds remaining in an account upon the death of a depositor or all depositors.

(11) "Depositor", when utilized in determining the rights of individuals to funds in an account, means an individual who owns the funds. When utilized in determining the rights of a financial institution to make or withhold payment, and/or to take any other action with regard to funds held under a contract of deposit, "depositor" means the individual or individuals who have the current right to payment of funds held under the contract of deposit without regard to the actual rights of ownership thereof by these individuals. A trust or P.O.D. account beneficiary becomes a depositor only when the account becomes payable to the beneficiary by reason of having survived the depositor or depositors named on the account, depending upon the provisions of the contract of deposit.

(12) "Financial institution" means a bank, trust company, mutual savings bank, savings and loan association, or credit union authorized to do business and accept deposits in this state under state or federal law.

(13) "Depositor's funds" or "funds of a depositor" means the amount of all deposits belonging to or made for the benefit of a depositor, less all withdrawals of the funds by the depositor or by others for the depositor's benefit, plus the depositor's prorated share of any interest or dividends included in the current balance of the
account and any proceeds of deposit life insurance added to the account by reason of the death of a depositor.

(14) "Payment(s)" of sums on deposit includes withdrawal, payment by check or other directive of a depositor or his agent, any pledge of sums on deposit by a depositor or his agent, any set-off or reduction or other disposition of all or part of an account balance, and any payments to any person under RCW 30.22.120, 30.22.140, 30.22.150, 30.22.160, 30.22.170, 30.22.180, 30.22.190, 30.22.200, and 30.22.220.

(15) "Proof of death" means a certified or authenticated copy of a death certificate, or photostatic copy thereof, purporting to be issued by an official or agency of the jurisdiction where the death purportedly occurred, or a certified or authenticated copy of a record or report of a governmental agency, domestic or foreign, that a person is dead. In either case, the proofs constitute prima facie proof of the fact, place, date, and time of death, and identity of the decedent and the status of the dates, circumstances, and places disclosed by the record or report.

(16) "Request" means a request for withdrawal, or a check or order for payment, which complies with all conditions of the account, including special requirements concerning necessary signatures and regulations of the financial institution; but if the financial institution conditions withdrawal or payment on advance notice, for purposes of this chapter the request for withdrawal or payment is treated as immediately effective and a notice of intent to withdraw is treated as a request for withdrawal.

(17) "Withdrawal" means payment to a person pursuant to check or other directive of a depositor.

(18) "Director" means the director of the department of financial institutions or his or her designee.

(19) "Promotional contest of chance" means a promotional contest conducted pursuant to RCW 9.46.0356(1)(b).

NEW SECTION. Sec. 5. A new section is added to chapter 30.22 RCW to read as follows:

(5) A financial institution must maintain records sufficient to facilitate an audit of a promotional contest of chance, and must provide those records to the director upon request.

MOTION

Senator Honeyford moved that the Senate concur in the House amendment(s) to Substitute Senate Bill No. 5239. Senator Honeyford spoke in favor of the motion.
(a) Local governments are in need of additional resources to provide public infrastructure to meet the needs of a growing population, and that public infrastructure is fundamental to community health, safety, and economic vitality. Investment in public infrastructure in growing urban areas supports growth management goals, encourages the redevelopment of underutilized or blighted urban areas, stimulates business activity and helps create jobs, lowers the cost of housing, promotes efficient land use, and improves residents’ quality of life;

(b) Transferring development rights from agricultural and forest lands to urban areas where public facilities and services exist or can be provided efficiently and cost-effectively will ensure vibrant, economically viable communities. Directing growth to communities where people can live close to where they work or have access to transportation choices will also advance state goals regarding climate change by reducing vehicle miles traveled and by reducing fuel consumption and emissions that contribute to climate change. Directing growth to these communities will further help avoid the impacts of storm water runoff to Puget Sound by avoiding impervious surfaces associated with development in watershed uplands;

(c) A transfer of development rights marketplace is particularly appropriate for conserving agricultural and forest land of long-term commercial significance. Transferring the development rights from these lands of statewide importance to cities will help achieve a specific goal of the growth management act by keeping them in farming and forestry, thereby helping ensure these remain viable industries in counties experiencing population growth. Transferring growth from agricultural and forest land of long-term commercial significance will also reduce costs to the counties that otherwise would be responsible for the provision of infrastructure and services for development on these lands, which are generally further from existing infrastructure and services; and

(d) The state and its residents benefit from investment in public infrastructure that is associated with urban growth facilitated by the transfer of development from agricultural and forest lands of long-term commercial significance. These activities advance multiple state growth management goals and benefit the state and local economies. It is in the public interest to enable local governments to finance such infrastructure investments and to incentivize development right transfers in the central Puget Sound through this chapter.

PART III

SENDING AREAS

NEW SECTION. Sec. 301. DESIGNATION OF SENDING AREAS--INCLUSION OF AGRICULTURAL AND FOREST LAND OF LONG-TERM COMMERCIAL SIGNIFICANCE. An eligible county must designate all agricultural and forest land of long-term commercial significance within its jurisdiction as sending areas for conservation under the eligible county's program for transfer of development rights. The development rights from all such agricultural and forest land of long-term commercial significance within the eligible counties must be available for transfer to receiving cities under this chapter.

NEW SECTION. Sec. 302. DEVELOPMENT RIGHTS FROM AGRICULTURAL AND FOREST LAND OF LONG-TERM COMMERCIAL SIGNIFICANCE. (1) An eligible county must calculate the number of development rights from agricultural and forest land of long-term commercial significance that are eligible for transfer to receiving areas. An eligible county must determine transferable development rights for allocation purposes in this program by:

(a) Base zoning in effect as of January 1, 2011; or

(b) An allocation other than base zoning as reflected by an eligible county's transfer of development rights program or an interlocal agreement with a receiving city in effect as of January 1, 2011.

(2) The number of transferable development rights includes the development rights from agricultural and forest lands of long-term commercial significance that have been previously issued under the eligible county's program for transfer of development rights, but that have not as yet been utilized to increase density or intensity in a development as of January 1, 2011.

(3) The number of transferable development rights does not include development rights from agricultural and forest lands of long-term commercial significance that have previously been removed or extinguished, such as through an existing conservation easement or mitigation or habitat restoration plan, except when consistent with subsection (2) of this section.

NEW SECTION. Sec. 303. DESIGNATION OF SENDING AREAS--INCLUSION OF RURAL ZONED LANDS UNDER CERTAIN CIRCUMSTANCES. (1) Subject to the requirements of this section, an eligible county may designate a portion of its rural zoned lands as sending areas for conservation...
under the eligible county's program for transfer of development rights available for transfer to receiving cities under this chapter.

(2) An eligible county may designate rural zoned lands as available for transfer to receiving cities under this chapter only if, and at such time as, fifty percent or more of the total acreage of land classified as agricultural and forest land of long-term commercial significance in the county, as of January 1, 2011, has been protected through either a permanent conservation easement, ownership in fee by the county for land protection or conservation purposes, or ownership in fee by a nongovernmental land conservation organization.

(3) To be designated as available for transfer to receiving cities under this chapter, rural zoned lands must either:

(a) Be identified by the county as top conservation priorities because they:
   (i) Provide ecological effectiveness in achieving water resource inventory area goals;
   (ii) Provide contiguous habitat protection, are adjacent to already protected habitat areas, or improve ecological function;
   (iii) Are of sufficient size and location in the landscape to yield strategic growth management benefits;
   (iv) Provide improved access for regional recreational opportunity;
   (v) Prevent forest fragmentation or are appropriate for forest management;
   (vi) Provide flood protection or reduce flood risk; or
   (vii) Have other attributes that meet natural resource preservation program priorities; or
   (b) Be identified by the state or in regional conservation plans as highly important to the water quality of Puget Sound.

(4) The portion of rural zoned lands in an eligible county designated as sending areas for conservation under the eligible county's program for transfer of development rights available for transfer to receiving cities under this chapter must not exceed one thousand five hundred development rights.

NEW SECTION. Sec. 304. DETERMINATION OF TOTAL NUMBER OF TRANSFERABLE DEVELOPMENT RIGHTS FOR AGRICULTURAL AND FOREST LAND OF LONG-TERM COMMERCIAL SIGNIFICANCE AND DESIGNATED RURAL ZONED LANDS. On or before September 1, 2011, each eligible county must report to the Puget Sound regional council the total number of transferable development rights from agricultural and forest land of long-term commercial significance and designated rural zoned lands within the eligible county that may be available for allocation to receiving cities under this chapter, as determined under sections 302 and 303 of this act.

NEW SECTION. Sec. 305. ALLOCATION AMONG LOCAL GOVERNMENTS OF TRANSFERABLE DEVELOPMENT RIGHTS FROM AGRICULTURAL AND FOREST LAND OF LONG-TERM COMMERCIAL SIGNIFICANCE AND DESIGNATED RURAL ZONED LANDS. (1) The Puget Sound regional council must allocate among receiving cities the total number of development rights reported by eligible counties under section 304 of this act. Each receiving city allocated share must be determined by the Puget Sound regional council, in consultation with eligible counties and receiving cities, based on growth targets, determined by established growth management processes, and other relevant factors as determined by the Puget Sound regional council in conjunction with the counties and receiving cities.

(2) The Puget Sound regional council must report to each receiving city its receiving city allocated share on or before March 1, 2012.

(3) The Puget Sound regional council must report each receiving city allocated share to the department of commerce on or before March 1, 2012.

(4) A receiving city may become a sponsoring city by accepting all or a portion of its receiving city allocated share, adopting a plan in accordance with section 401 of this act, and creating one or more local infrastructure project areas to pay or finance costs of public improvements.

(5) A receiving city may, by interlocal agreement, transfer all or a portion of its receiving city allocated share to another sponsoring city. The transferred portion of the receiving city allocated share must be included in the other sponsoring city allocated share.

(2) The plan must be developed in consultation with the department of transportation and the county where the local infrastructure project area to be created is located, be consistent with any transfer of development rights policies or development regulations adopted by the sponsoring city under section 402 of this act, specify the public improvements to be financed using local infrastructure project financing under section 601 of this act, estimate the number of any transferable development rights that will be used within the local infrastructure project area or areas and estimate the cost of the public improvements.

PART VI
ESTABLISHMENT OF LOCAL INFRASTRUCTURE PROJECT AREAS

NEW SECTION. Sec. 601. Creating a local infrastructure project area. (1) Before adopting an ordinance or resolution creating one or more local infrastructure project areas, a sponsoring city must:

   (a) Provide notice to the county assessor, county treasurer, and county within the proposed local infrastructure project area of the sponsoring city's intent to create one or more local infrastructure project areas. This notice must be provided at least one hundred eighty days in advance of the public hearing as required by (b) of this subsection;
NINETY SIXTH DAY, APRIL 15, 2011

(2) A sponsoring city may create one or more local infrastructure project areas by ordinance or resolution that:
(a) Describes the proposed public improvements, identified in the plan under section 401 of this act, to be financed in each local infrastructure project area;
(b) Describes the boundaries of each local infrastructure project area, subject to the limitations in section 602 of this act; and
(c) Provides the date when the use of local property tax allocation revenues will commence and a list of the participating taxing districts.

The sponsoring city must deliver a certified copy of the adopted ordinance or resolution to the county assessor, county treasurer, and each other participating taxing district within which the local infrastructure project area is located.

NEW SECTION. Sec. 602. LIMITATIONS ON LOCAL INFRASTRUCTURE PROJECT AREAS. The designation of any local infrastructure project area is subject to the following limitations:
(1) A local infrastructure project area is limited to contiguous tracts, lots, pieces, or parcels of land without the creation of islands of territory not included in the local infrastructure project area;
(2) The public improvements to be financed with local infrastructure project financing must be located in the local infrastructure project area and must, in the determination of the sponsoring city, further the intent of this chapter;
(3) Local infrastructure project areas created by a sponsoring city may not comprise an area containing more than twenty-five percent of the total assessed value of taxable property within the sponsoring city at the time the local infrastructure project areas are created;
(4) The boundaries of each local infrastructure project area may not overlap and may not be changed during the time period that local infrastructure project financing is used within the local infrastructure project area, as provided under this chapter; and
(5) All local infrastructure project areas created by the sponsoring city must comprise, in the aggregate, an area that the sponsoring city determines (a) is sufficient to use the sponsoring city specified portion, unless the sponsoring city satisfies its sponsoring city allocated share under section 402(1)(b)(ii) of this act, and (b) is no longer used or obligated to pay the costs of the public improvements designated agent. The portion of the tax receipts distributed to the treasurer transfer this additional portion of the property taxes to its

(b) The sponsoring city must receive an additional portion of the regular property taxes levied by it and by or for each participating taxing district upon the property tax allocation revenue value within the local infrastructure project area. However, if there is no property tax allocation revenue value, the sponsoring city may not receive any additional regular property taxes under this subsection (1)(b). The sponsoring city may agree to receive less than the full amount of the additional portion of regular property taxes under this subsection (1)(b) as long as bond debt service, reserve, and other bond covenant requirements are satisfied, in which case the balance of these tax receipts must be allocated to the participating taxing districts that levied regular property taxes, or have regular property taxes levied for them, in the local infrastructure project area for collection that year in proportion to their regular tax levy rates for collection that year. The sponsoring city may request that the treasurer transfer this additional portion of the property taxes to its designated agent. The portion of the tax receipts distributed to the sponsoring local government or its agent under this subsection (1)(b) may only be expended to pay or finance public improvement costs within the local infrastructure project area.

(2) The county assessor must determine the property tax allocation revenue value and property tax allocation revenue base value. This section does not authorize revaluations of real property by the assessor for property taxation that are not made in accordance with the assessor's revaluation plan under chapter 84.41 RCW or under other authorized revaluation procedures.

(3)(a) The distribution of local property tax allocation revenue to the sponsoring city must cease on the date that is the earlier of:
(i) The date when local property tax allocation revenues are no longer used or obligated to pay the costs of the public improvements;
(ii) The final termination date as determined under (b) of this subsection.

(i) Except as provided otherwise in this subsection (3)(b), if the sponsoring city certifies to the county treasurer that the local property tax threshold level 1 is met, the final termination date is ten years after the date of the first distribution of local property tax allocation revenues under subsection (1) of this section;
(ii) If the sponsoring city certifies to the county treasurer that the local property tax threshold level 2 is met at least six months prior to the final termination date under (b)(ii) of this subsection (3), the final termination date is fifteen years after the date of the first distribution of local property tax allocation revenues under subsection (1) of this section;
(iii) If the sponsoring city certifies to the county treasurer that the local property tax threshold level 3 is met at least six months prior to the final termination date under (b)(ii) of this subsection (3), the final termination date is twenty years after the date of the first distribution of local property tax allocation revenues under subsection (1) of this section;
(iv) If the sponsoring city certifies to the county treasurer that the local property tax threshold level 4 is met at least six months prior to the final termination date under (b)(ii) of this subsection (3), the final termination date is twenty-five years after the date of the first distribution of local property tax allocation revenues under subsection (1) of this section;

(4) For purposes of this section:
(a) The "local property tax threshold level 1" is met when the sponsoring city has either:

(ii) The final termination date as determined under (b) of this subsection.

(i) Issued building permits for development within the local infrastructure project area that, on an aggregate basis, uses at least twenty-five percent of the sponsoring city specified portion; or

(ii) The final termination date as determined under (b) of this subsection.

(iii) If the sponsoring city certifies to the county treasurer that the local property tax threshold level 2 is met at least six months prior to the final termination date under (b)(ii) of this subsection (3), the final termination date is fifteen years after the date of the first distribution of local property tax allocation revenues under subsection (1) of this section;

(iv) If the sponsoring city certifies to the county treasurer that the local property tax threshold level 3 is met at least six months prior to the final termination date under (b)(ii) of this subsection (3), the final termination date is twenty years after the date of the first distribution of local property tax allocation revenues under subsection (1) of this section;

(v) If the sponsoring city certifies to the county treasurer that the local property tax threshold level 4 is met at least six months prior to the final termination date under (b)(ii) of this subsection (3), the final termination date is twenty-five years after the date of the first distribution of local property tax allocation revenues under subsection (1) of this section;

MOTION
The House passed SUBSTITUTE SENATE BILL NO. 5203 with the following amendment(s): 5203-S AMH PSEP H2233.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 4.24.550 and 2008 c 98 s 1 are each amended to read as follows:

(1) In addition to the disclosure under subsection (5) of this section, public agencies are authorized to release information to the public regarding sex offenders and kidnapping offenders when the agency determines that disclosure of the information is relevant and necessary to protect the public and counteract the danger created by the particular offender. This authorization applies to information regarding: (a) Any person adjudicated or convicted of a sex offense as defined in RCW ((9A.44.130)) 9A.44.128 or a kidnapping offense as defined by RCW ((9A.44.130)) 9A.44.128; (b) any person under the jurisdiction of the indeterminate sentence review board as the result of a sex offense or kidnapping offense; (c) any person committed as a sexually violent predator under chapter 71.09 RCW or as a sexual psychopath under chapter 71.06 RCW; (d) any person found guilty of a sex offense or kidnapping offense by reason of insanity under chapter 10.77 RCW; and (e) any person found incompetent to stand trial for a sex offense or kidnapping offense and subsequently committed under chapter 71.05 or 71.34 RCW.

(2) Except for the information specifically required under subsection (5) of this section, the extent of the public disclosure of relevant and necessary information shall be rationally related to: (a) The level of risk posed by the offender to the community; (b) the locations where the offender resides, expects to reside, or is regularly found; and (c) the needs of the affected community members for information to enhance their individual and collective safety.

(3) Except for the information specifically required under subsection (5) of this section, local law enforcement agencies shall consider the following guidelines in determining the extent of a public disclosure made under this section: (a) For offenders classified as risk level I, the agency shall share information with other appropriate law enforcement agencies and, if the offender is a student, the public or private school regulated under Title 28A RCW or chapter 72.40 RCW which the offender is attending, or planning to attend. The agency may disclose, upon request, relevant, necessary, and accurate information to any victim or witness to the offense and to any individual community member who lives near the residence where the offender resides, expects to reside, or is regularly found; (b) for offenders classified as risk level II, the agency may also disclose relevant, necessary, and accurate information to public and private schools, child day care centers, family day care providers, public libraries, businesses and organizations that serve primarily children, women, or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside, or is regularly found; (c) for offenders classified as risk level III, the agency may also disclose relevant, necessary, and accurate information to the public at large; and (d) because more localized notification is not feasible and homeless and transient offenders may present unique risks to the community, the agency may also disclose relevant, necessary, and accurate information to the public at large for offenders registered as homeless or transient.

(4) The county sheriff with whom an offender classified as risk level III is registered shall cause to be published by legal notice, advertising, or news release a sex offender community notification that conforms to the guidelines established under RCW 4.24.5501 in at least one legal newspaper with general circulation in the area of the sex offender's registered address or location. (The county sheriff shall also cause to be published consistent with this subsection a current list of level III registered sex offenders, twice yearly.) Unless the information is posted on the web site described in subsection (5) of this section, this list shall be maintained by the county sheriff on a publicly accessible web site and shall be updated at least once per month.

(5)(a) When funded by federal grants or other sources, the Washington association of sheriffs and police chiefs shall create and maintain a statewide registered kidnapping and sex offender web site, which shall be available to the public. The web site shall post all level III and level II registered sex offenders, level I registered sex offenders during the time they are out of compliance with registration requirements under RCW 9A.44.130, and all registered kidnapping offenders in the state of Washington.

(i) For level III offenders, the web site shall contain, but is not limited to, the registered sex offender's name, relevant criminal convictions, address by hundred block, physical description, and photograph. The web site shall provide mapping capabilities that display the sex offender's address by hundred block on a map. The web site shall allow citizens to search for registered sex offenders within the state of Washington by county, city, zip code, last name, (type of conviction,) and address by hundred block.

(ii) For level II offenders, and level I sex offenders during the time they are out of compliance with registration requirements under RCW 9A.44.130, the web site shall contain, but is not limited to, the same information and functionality as described in (a)(i) of this subsection, provided that it is permissible under state and federal law. If it is not permissible, the web site shall be limited to the information and functionality that is permissible under state and federal law.

(iii) For kidnapping offenders, the web site shall contain, but is not limited to, the same information and functionality as described in (a)(i) of this subsection, provided that it is permissible under state and federal law. If it is not permissible, the web site shall be limited to the information and functionality that is permissible under state and federal law.

(b) Until the implementation of (a) of this subsection, the Washington association of sheriffs and police chiefs shall create a web site available to the public that provides electronic links to county- operated web sites that offer sex offender registration information.

(6) Local law enforcement agencies that disseminate information pursuant to this section shall: (a) Review available risk level classifications made by the department of corrections, the department of social and health services, and the indeterminate sentence review board; (b) assign risk level classifications to all offenders about whom information will be disseminated; and (c) make a good faith effort to notify the public and residents (at least fourteen days before the offender is released from confinement or, where an offender moves from another jurisdiction, as soon as possible after the agency learns of the offender's move, except that in no case may this notification provision be construed to require an extension of an offender's release date) within a reasonable period of time after the offender registers with the agency. The juvenile court shall provide local law enforcement officials with all relevant information on offenders allowed to remain in the community in a timely manner.

(7) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470, or units of local
government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any discretionary risk level classification decisions or release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith. The immunity in this section applies to risk level classification decisions and the release of relevant and necessary information regarding any individual for whom disclosure is authorized. The decision of a local law enforcement agency or official to classify an offender to a risk level other than the one assigned by the department of corrections, the department of social and health services, or the indeterminate sentence review board, or the release of any relevant and necessary information based on that different classification shall not, by itself, be considered gross negligence or bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

(8) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information authorized under this section.

(9) Nothing in this section implies that information regarding persons designated in subsection (1) of this section is confidential except as may otherwise be provided by law.

(10) When a local law enforcement agency or official classifies an offender differently than the offender is classified by the end of sentence review committee or the department of social and health services at the time of the offender's release from confinement, the law enforcement agency or official shall notify the end of sentence review committee or the department of social and health services and submit its reasons supporting the change in classification.

I wanted to thank the members of the Senate for all the kind words and thoughts you had for me in this last week when my father unexpectedly passed away last week. It meant a lot to hear from all of you both on the staff but also the members too. I wanted to also thank you for taking care of the Torres family last Friday. They are a great group of people from the Tri Cities, hope you got to meet them. I appreciate you looking after them last week too. Just to say Mr. President, my father he is the one that inspired me, the sense of adventure. In fact, the last few years we got to back-pack the Grand Canyon. Several times we rafted the Grand Canyon. Something we always talked about as I was a kid that him and I would do one day and we did that a couple years ago. In fact, next month he was going to raft the Grand Canyon for his third or fourth time with my sisters because he hadn’t done that with them yet. He taught me also about service that, you know, that you should always serve your communities, serve your human folks and he always taught me something, I’ll always remember, he always taught me never judge a person by their appearance but get to know them and judge them by their character and the content of that character and he always strived to make sure he did that by having foster kids in the house by inviting guests from different countries into the house and I really appreciate that and certainly going to miss him but again thanks for all that you have done for me.”

On motion of Senator Eide, Senators Brown, Hewitt and Prentice were excused.

1. It is unlawful for any person to drive a motor vehicle in this state while that person is in a suspended or revoked status or when his or her privilege to drive is suspended or revoked in this or any other state. Any person who has a valid Washington driver's license is not guilty of a violation of this section.

(2) If the person determined to have committed the infraction does not contest the determination the person shall respond by completing the appropriate portion of the notice of infraction and submitting it, either by mail or in person, to the court specified on the notice. A check or money order in the amount of the penalty prescribed for the infraction must be submitted with the response. (3) If the person determined to have committed the infraction wishes to contest the determination the person shall respond by completing the portion of the notice of infraction requesting a hearing and submitting it, either by mail or in person, to the court specified on the notice. The court shall notify the person in writing of the time, place, and date of the hearing, and that date shall not be sooner than seven days from the date of the notice, except by agreement.

(4) If the person determined to have committed the infraction does not contest the determination but wishes to explain mitigating circumstances surrounding the infraction the person shall respond by completing the portion of the notice of infraction requesting a hearing for that purpose and submitting it, either by mail or in person, to the court specified on the notice. The court shall notify the person in writing of the time, place, and date of the hearing.

(5)(a) Except as provided in (b) ((and)), (c), and (d) of this subsection, in hearings conducted pursuant to subsections (3) and (4) of this section, the court may defer findings, or in a hearing to explain mitigating circumstances may defer entry of its order, for up to one year and impose conditions upon the defendant the court deems appropriate. Upon deferring findings, the court may assess costs as the court deems appropriate for administrative processing. If at the end of the deferral period the defendant has met all conditions and has not been determined to have committed another traffic infraction, the court may dismiss the infraction.

(b) A person may not receive more than one deferral within a seven-year period for traffic infractions for moving violations and more than one deferral within a seven-year period for traffic infractions for nonmoving violations.

(c) A person who is the holder of a commercial driver's license or who was operating a commercial motor vehicle at the time of the violation may not receive a deferral under this section.

(d) A person who commits negligent driving in the second degree with a vulnerable user victim may not receive a deferral for this infraction under this section.

(6) If any person issued a notice of traffic infraction:

(a) Fails to respond to the notice of traffic infraction as provided in subsection (2) of this section; or

(b) Fails to appear at a hearing requested pursuant to subsection (3) or (4) of this section; the court shall enter an appropriate order assessing the monetary penalty prescribed for the traffic infraction and any other penalty authorized by this chapter and shall notify the department in accordance with RCW 46.20.270, of the failure to respond to the notice of infraction or to appear at a requested hearing.

NEW SECTION. Sec. 4. This act applies to infractions committed on or after the effective date of this section.

NEW SECTION. Sec. 5. This act takes effect July 1, 2012. 
Correct the title, and the same are herewith transmitted.

MESSAGE FROM THE HOUSE
April 5, 2011

MR. PRESIDENT:
The House passed SUBSTITUTE SENATE BILL NO. 5394 with the following amendment(s): 5394-S AMH ENGR H2506.E

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 74.09 RCW to read as follows:
The legislature finds that:

(1) Health care costs are growing rapidly, exceeding the consumer price index year after year. Consequently, state health programs are capturing a growing share of the state budget, even as state revenues have declined. Sustaining these critical health programs will require actions to effectively contain health care cost increases in the future; and

(2) The primary care health home model has been demonstrated to successfully constrain costs, while improving quality of care. Chronic care management, occurring within a primary care health home, has been shown to be especially effective at reducing costs and improving quality. However, broad adoption of these models has been impeded by a fee-for-service system that reimburses volume of services and does not adequately support important primary care health home services, such as case management and patient outreach. Furthermore, successful implementation will require a broad adoption effort by private and public payers, in coordination with providers.

Therefore the legislature intends to promote the adoption of primary care health homes for children and adults and, within them, advance the practice of chronic care management to improve health outcomes and reduce unnecessary costs. To facilitate the best coordination and patient care, primary care health homes are encouraged to collaborate with other providers currently outside the medical insurance model. Successful chronic care management for persons receiving long-term care services in addition to medical care will require close coordination between primary care providers, long-term care workers, and other long-term care service providers, including area agencies on aging. Primary care providers also should consider oral health coordination through collaboration with dental providers and, when possible, delivery of oral health prevention services. The legislature also intends that the methods and approach of the primary care health home become part of basic primary care medical education.

Sec. 2. RCW 74.09.010 and 2010 1st sp.s. c 8 s 28 are each reenacted and amended to read as follows:

(As used in this chapter:)) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Children's health program" means the health care services program provided to children under eighteen years of age and in households with incomes at or below the federal poverty level as annually defined by the federal department of health and human services as adjusted for family size, and who are not otherwise eligible for medical assistance or the limited casualty program for the medically needy.

(2) ("Committee" means the children's health services committee created in section 3 of this act.)

"Chronic care management" means the health care management within a health home of persons identified with, or at
Sec. 3. RCW 43.70.533 and 2007 c 259 s 5 are each amended to read as follows:

(1) The department shall conduct a program of training and technical assistance regarding care of people with chronic conditions for providers of primary care. The program shall emphasize evidence-based high quality preventive and chronic disease care and shall collaborate with the health care authority to promote the adoption of primary care health homes established under this act. The department may designate one or more chronic conditions to be the subject of the program.

(2) The training and technical assistance program shall include the following elements:

(a) Clinical information systems and sharing and organization of patient data;
(b) Decision support to promote evidence-based care;
(c) Clinical delivery system design;
(d) Support for patients managing their own conditions; and
(e) Identification and use of community resources that are available in the community for patients and their families.

(3) In selecting primary care providers to participate in the program, the department shall consider the number and type of patients with chronic conditions the provider serves, and the provider's participation in the medical program, the basic health plan, and health plans offered through the public employees' benefits board.

(4) For the purposes of this section, "health home" and "primary care provider" have the same meaning as in RCW 74.09.010.

Sec. 4. RCW 74.09.522 and 1997 c 59 s 15 and 1997 c 34 s 1 are each reenacted and amended to read as follows:

(1) For the purposes of this section, "managed care system" means any health care organization, including health care providers, insurers, health care service contractors, health
In negotiating with managed health care systems the department shall define those circumstances under which a managed health care system is responsible for out-of-plan services and assure that recipients shall not be charged for such services: (i)

Nothing in this section prevents the department from entering into similar agreements for other groups of people eligible to receive services under this chapter: and

The department must consult with the federal center for medicare and medicaid innovation and seek funding opportunities to support health homes.

The department shall ensure that publicly supported community health centers and providers in rural areas, who show serious intent and apparent capability to participate as managed health care systems are seriously considered as contractors. The department shall coordinate its managed care activities with activities under chapter 70.47 RCW.

The department shall work jointly with the state of Oregon and other states in this geographical region in order to develop recommendations to be presented to the appropriate federal agencies and the United States congress for improving health care of the poor, while controlling related costs.

The legislature finds that competition in the managed health care marketplace is enhanced, in the long term, by the existence of a large number of managed health care system options for medicaid clients. In a managed care delivery system, whose goal is to focus on prevention, primary care, and improved enrollee health status, continuity in care relationships is of substantial importance, and disruption to clients and health care providers should be minimized. To help ensure these goals are met, the following principles shall guide the department in its healthy options managed health care purchasing efforts:

(a) All managed health care systems should have an opportunity to contract with the department to the extent that minimum contracting requirements defined by the department are met, at payment rates that enable the department to operate as far below appropriated spending levels as possible, consistent with the principles established in this section.

(b) Managed health care systems should compete for the award of contracts and assignment of medicaid beneficiaries who do not voluntarily select a contracting system, based upon:

(i) Demonstrated commitment to or experience in serving low-income populations;

(ii) Quality of services provided to enrollees;

(iii) Accessibility, including appropriate utilization, of services offered to enrollees;

(iv) Demonstrated capability to perform contracted services, including ability to supply an adequate provider network;

(v) Payment rates; and

(vi) The ability to meet other specifically defined contract requirements established by the department, including consideration of past and current performance and participation in other state or federal health programs as a contractor.

(c) Consideration should be given to using multiple year contracting periods.

(d) Quality, accessibility, and demonstrated commitment to serving low-income populations shall be given significant weight in the contracting, evaluation, and assignment process.

(e) All contractors that are regulated health carriers must meet state minimum net worth requirements as defined in applicable state laws. The department shall adopt rules establishing the minimum net worth requirements for contractors that are not regulated health carriers. This subsection does not limit the authority of the department to take action under a contract upon finding that a contractor's financial status seriously jeopardizes the contractor's ability to meet its contract obligations.
(f) Procedures for resolution of disputes between the department and contract bidders or the department and contracting carriers related to the award of, or failure to award, a managed care contract must be clearly set out in the procurement document. In designing such procedures, the department shall give strong consideration to the negotiation and dispute resolution processes used by the Washington state health care authority in its managed health care contracting activities.

(6) The department may apply the principles set forth in subsection (5) of this section to its managed health care purchasing efforts on behalf of clients receiving supplemental security income benefits to the extent appropriate.

Sec. 5. RCW 70.47.100 and 2009 c 568 s 5 are each amended to read as follows:

(1) A managed health care system participating in the plan shall do so by contract with the administrator and shall provide, directly or by contract with other health care providers, covered basic health care services to each enrollee covered by its contract with the administrator as long as payments from the administrator on behalf of the enrollee are current. A participating managed health care system may offer, without additional cost, health care benefits or services not included in the schedule of covered services under the plan. A participating managed health care system shall not give preference in enrollment to enrollees who accept such additional health care benefits or services. Managed health care systems participating in the plan shall not discriminate against any potential or current enrollee based upon health status, sex, race, ethnicity, or religion. The administrator may receive and act upon complaints from enrollees regarding failure to provide covered services or efforts to obtain payment, other than authorized copayments, for covered services directly from enrollees, but nothing in this chapter shall authorize or permit such efforts to obtain payment from enrollees regarding failure to provide covered services or efforts to obtain payment from enrollees regarding failure to provide covered services or efforts to obtain payment from enrollees regarding failure to provide covered services or efforts to obtain payment from enrollees regarding failure to provide covered services for enrollees.

(2) The plan shall allow, at least annually, an opportunity for enrollees to transfer their enrollments among participating managed health care systems serving their respective areas. The administrator shall establish a period of at least twenty days in a given year when this opportunity is afforded enrollees, and in those areas served by more than one participating managed health care system the administrator shall endeavor to establish a uniform period for such opportunity. The plan shall allow enrollees to transfer their enrollment to another participating managed health care system at any time upon a showing of good cause for the transfer.

(3) Prior to negotiating with any managed health care system, the administrator shall determine, on an actuarially sound basis, the reasonable cost of providing the schedule of basic health care services, expressed in terms of upper and lower limits, and recognizing variations in the cost of providing the services through the various systems and in different areas of the state.

(4) In negotiating with managed health care systems for participation in the plan, the administrator shall adopt a uniform procedure that includes at least the following:

(a) The administrator shall issue a request for proposals, including standards regarding the quality of services to be provided; financial integrity of the responding systems; and responsiveness to the unmet health care needs of the local communities or populations that may be served;

(b) The administrator shall then review responsive proposals and may negotiate with respondents to the extent necessary to refine any proposals;

(c) The administrator may then select one or more systems to provide the covered services within a local area; and

(d) The administrator may adopt a policy that gives preference to respondents, such as nonprofit community health clinics, that have a history of providing quality health care services to low-income persons.

(5)(a) The administrator may contract with a managed health care system to provide covered basic health care services to subsidized enrollees, nonsubsidized enrollees, health coverage tax credit eligible enrollees, or any combination thereof. At a minimum, such contracts issued on or after January 1, 2012, must include:

(i) Provider reimbursement methods that incentivize chronic care management within health homes;

(ii) Provider reimbursement methods that reward health homes that, by using chronic care management, reduce emergency department and inpatient use; and

(iii) Promoting provider participation in the program of training and technical assistance regarding care of people with chronic conditions described in RCW 43.70.533, including allocation of funds to support provider participation in the training unless the managed care system is an integrated health delivery system that has programs in place for chronic care management.

(b) Health home services contracted for under this subsection may be prioritized to enrollees with complex, high cost, or multiple chronic conditions.

(c) For the purposes of this subsection, "chronic care management," "chronic condition," and "health home" have the same meaning as in RCW 74.09.010.

(d) Contracts that include the items in (a)(i) through (iii) of this subsection must not exceed the rates that would be paid in the absence of these provisions.

(6) The administrator may establish procedures and policies to further negotiate and contract with managed health care systems following completion of the request for proposal process in subsection (4) of this section, upon a determination by the administrator that it is necessary to provide access, as defined in the request for proposal documents, to covered basic health care services for enrollees.

(7) The administrator may implement a self-funded or self-insured method of providing insurance coverage to subsidized enrollees, as provided under RCW 41.05.140. Prior to implementing a self-funded or self-insured method, the administrator shall ensure that funding available in the basic health plan self-insurance reserve account is sufficient for the self-funded or self-insured risk assumed, or expected to be assumed, by the administrator. If implementing a self-funded or self-insured method, the administrator may request funds to be moved from the basic health plan trust account or the basic health plan subscription account to the basic health plan self-insurance reserve account established in RCW 41.05.140.

NEW SECTION. Sec. 6. A new section is added to chapter 41.05 RCW to read as follows:

(1) Effective January 1, 2013, the authority must contract with all of the public employees benefits board managed care plans and the self-insured plan or plans to include provider reimbursement methods that incentivize chronic care management within health homes resulting in reduced emergency department and inpatient use.

(2) Health home services contracted for under this section may be prioritized to enrollees with complex, high cost, or multiple chronic conditions.

(3) For the purposes of this section, "chronic care management," and "health home" have the same meaning as in RCW 74.09.010.

(4) Contracts with fully insured plans and with any third-party administrator for the self-funded plan that include the items in subsection (1) of this section must be funded within the resources provided by employer funding rates provided for employee health benefits in the omnibus appropriations act.

MESSAGE FROM THE HOUSE

April 11, 2011

MR. PRESIDENT:
The House passed SECOND SUBSTITUTE SENATE BILL NO. 5427 with the following amendment(s): 5427-S2 AMH ED
H2213.4

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28A.150.315 and 2010 c 236 s 4 are each amended to read as follows:

(1) Beginning with the 2007-08 school year, funding for voluntary all-day kindergarten programs shall be phased-in beginning with schools with the highest poverty levels, defined as those schools with the highest percentages of students qualifying for free and reduced-price lunch support in the prior school year. During the 2011-2013 biennium, funding shall continue to be phased-in each year until full statewide implementation of all-day kindergarten is achieved in the 2017-18 school year. Once a school receives funding for the all-day kindergarten program, that school shall remain eligible for funding in subsequent school years regardless of changes in the school's percentage of students eligible for free and reduced-price lunches as long as other program requirements are fulfilled. Additionally, schools receiving all-day kindergarten program support shall agree to the following conditions:

(a) Provide at least a one thousand-hour instructional program;
(b) Provide a curriculum that offers a rich, varied set of experiences that assist students in:
   (i) Developing initial skills in the academic areas of reading, mathematics, and writing;
   (ii) Developing a variety of communication skills;
   (iii) Providing experiences in science, social studies, arts, health and physical education, and a world language other than English;
   (iv) Acquiring large and small motor skills;
   (v) Acquiring social and emotional skills including successful participation in learning activities as an individual and as part of a group; and
   (vi) Learning through hands-on experiences;

(c) Establish learning environments that are developmentally appropriate and promote creativity;
(d) Demonstrate strong connections and communication with early learning community providers; and
(e) Participate in kindergarten program readiness activities with early learning providers and parents.

(2)(a) In addition to the requirements in subsection (1) of this section and to the extent funds are available, beginning with the 2011-12 school year on a voluntary basis, schools must identify the skills, knowledge, and characteristics of kindergarten students at the beginning of the school year in order to support social-emotional, physical, and cognitive growth and development of individual children; support early learning provider and parent involvement; and inform instruction. Kindergarten teachers shall administer the Washington kindergarten inventory of developing skills, as directed by the superintendent of public instruction in consultation with the department of early learning, and report the results to the superintendent. The superintendent shall share the results with the director of the department of early learning.

(b) School districts shall provide an opportunity for parents and guardians to excuse their children from participation in the Washington kindergarten inventory of developing skills.

(c) To the extent funds are available, beginning in the 2012-13 school year, the Washington kindergarten inventory of developing skills shall be administered at the beginning of the school year to all students enrolled in state-funded full-day kindergarten programs with the exception of students who have been excused from participation by their parents or guardians.

(d) Until full implementation of state-funded all-day kindergarten, the superintendent of public instruction, in consultation with the director of the department of early learning, may grant annual, renewable waivers from the requirement of (c) of this subsection to administer the Washington kindergarten inventory of developing skills. A school district seeking a waiver for one or more of its schools must submit an application to the office of the superintendent of public instruction that includes:

(i) A description of the kindergarten readiness assessment and transition processes that it proposes to administer instead of the Washington kindergarten inventory of developing skills;

(ii) An explanation of why the administration of the Washington kindergarten inventory of developing skills would be unduly burdensome; and

(iii) An explanation of how administration of the alternative kindergarten readiness assessment will support social-emotional, physical, and cognitive growth and development of individual children; support early learning provider and parent involvement; and inform instruction.

(3) Subject to funds appropriated for this purpose, the superintendent of public instruction shall designate one or more school districts to serve as resources and examples of best practices in designing and operating a high-quality all-day kindergarten program. Designated school districts shall serve as lighthouse programs and provide technical assistance to other school districts in the initial stages of implementing an all-day kindergarten program. Examples of topics addressed by the technical assistance include strategic planning, developing the instructional program and curriculum, working with early learning providers to identify students and communicate with parents, and developing kindergarten program readiness activities.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.655 RCW to read as follows:

Before implementing the Washington kindergarten inventory of developing skills as provided under RCW 28A.150.315, the superintendent of public instruction and the department of early learning must assure that a fairness and bias review of the assessment process has been conducted, including providing an opportunity for input from the achievement gap oversight and accountability committee under RCW 28A.300.136 and from an additional diverse group of community representatives, parents, and educators to be convened by the superintendent and the director of the department.

NEW SECTION. Sec. 3. Section 1 of this act takes effect September 1, 2011. Correct the title.

MR. PRESIDENT:
The House passed SUBSTITUTE SENATE BILL NO. 5445 with the following amendment(s): 5445-S AMH ENGR H2631.E

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that the affordable care act requires the establishment of health benefit exchanges. The legislature intends to establish an exchange, including a governance structure. There are many policy decisions associated with establishing an exchange that need to be made that will take a great deal of effort and expertise. It is therefore the intent of the legislature to establish a process through which these policy decisions can be made by the legislature and the governor by the deadline established in the affordable care act.

(2) The exchange is intended to:

(a) Increase access to quality affordable health care coverage, reduce the number of uninsured persons in Washington state, and increase the availability of health care coverage through the private health insurance market to qualified individuals and small employers;

(b) Provide consumer choice and portability of health insurance, regardless of employment status;

(c) Create an organized, transparent, and accountable health insurance marketplace for Washingtonians to purchase affordable, quality health care coverage, to claim available federal refundable premium tax credits and cost-sharing subsidies, and to meet the personal responsibility requirements for minimum essential coverage as provided under the federal affordable care act;

(d) Promote consumer literacy and empower consumers to compare plans and make informed decisions about their health care and coverage;
(e) Effectively and efficiently administer health care subsidies and determination of eligibility for participation in publicly subsidized health care programs, including the exchange;

(f) Create a health insurance market that competes on the basis of price, quality, service, and other innovative efforts;

(g) Operate in a manner compatible with efforts to improve quality, contain costs, and promote innovation;

(h) Recognize the need for a private health insurance market to exist outside of the exchange; and

(i) Recognize that the regulation of the health insurance market, both inside and outside the exchange, should continue to be performed by the insurance commissioner.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise. Terms and phrases used in this chapter that are not defined in this section must be defined as consistent with implementation of a state health benefit exchange pursuant to the affordable care act.

(1) "Affordable care act" means the federal patient protection and affordable care act, P.L. 111-148, as amended by the federal health care and education reconciliation act of 2010, P.L. 111-152, or federal regulations or guidance issued under the affordable care act.

(2) "Authority" means the Washington state health care authority, established under chapter 41.05 RCW.

(3) "Board" means the governing board established in section 3 of this act.

(4) "Commissioner" means the insurance commissioner, established in Title 48 RCW.

(5) "Exchange" means the Washington health benefit exchange established in section 3 of this act.

NEW SECTION. Sec. 3. (1) The Washington health benefit exchange is established and constitutes a public-private partnership separate and distinct from the state, exercising functions delineated in this act. By January 1, 2014, the exchange shall operate consistent with the affordable care act subject to statutory authorization. The exchange shall have a governing board consisting of persons with expertise in the Washington health care system and private and public health care coverage. The initial membership of the board shall be appointed as follows:

(a) By October 1, 2011, each of the two largest caucuses in both the house of representatives and the senate shall submit to the governor a list of five nominees who are not legislators or employees of the state or its political subdivisions, with no caucus submitting the same nominee.

(iii) The nominations from the largest caucus in the senate must include at least one representative of health consumer advocates;

(iv) The nominations from the second largest caucus in the senate must include at least one representative of small business;

(v) The remaining nominees must have demonstrated and acknowledged expertise in at least one of the following areas: Individual health care coverage, small employer health care coverage, health benefits plan administration, health care finance and economics, actuarial science, or administering a public or private health care delivery system.

(b) By December 15, 2011, the governor shall appoint two members from each list submitted by the caucuses under (a) of this subsection. The appointments made under this subsection (1)(b) must include at least one employee benefits specialist, one health economist or actuary, one representative of small business, and one representative of health consumer advocates. If the member to be replaced is the chair, the governor shall appoint a new chair within thirty days after the vacancy occurs. A person appointed to replace a member who leaves the board prior to the expiration of his or her term shall serve only the duration of the unexpired term. Members of the board may be reappointed to multiple terms.

(b) The board shall establish an advisory committee to seek the advice of technical experts when necessary to execute the powers and duties included in this act.

(8) Members of the board are not civilly or criminally liable and may not have any penalty or cause of action of any nature arise against them for any action taken or not taken, including any discretionary decision or failure to make a discretionary decision, when the action or inaction is done in good faith and in the performance of the powers and duties under this act. Nothing in this section prohibits legal actions against the board to enforce the board's statutory or contractual duties or obligations.

MESSAGE FROM THE HOUSE

April 7, 2011

MR. PRESIDENT:
The House passed SUBSTITUTE SENATE BILL NO. 5452 with the following amendment(s): 5452-S AMH PSEP H2326.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that effective collaboration and communication between mental health and chemical dependency treatment providers and service delivery systems and law enforcement and criminal justice agencies is important to both the care of persons with mental disorders and chemical dependency and public safety. The legislature also finds that many state and local efforts in recent years have worked to address improved treatment of persons with mental disorders, chemical dependency disorders, or co-occurring mental and substance abuse disorders who are confined in a correctional institution and to improve communication and collaboration among the agencies, institutions, and professionals who are responsible for the care or custody of those persons. While numerous laws have been enacted to clarify the appropriate sharing of information between those agencies, institutions, and professionals, the legislature finds further clarification will continue to aide and improve the care of those persons and augment public safety.

NEW SECTION. Sec. 2. A new section is added to chapter 74.09 RCW to read as follows:

It is permissible to provide to a correctional institution, as defined in RCW 9.94.049, with the fact, place, and date of an involuntary commitment and the fact and date of discharge or release of a person who has been involuntarily committed under chapter 71.05 or 71.34 RCW, without a person's consent, in the course of the implementation and use of the department's postinstitutional medical assistance system supporting the expedited medical determinations and medical suspensions as provided in RCW 74.09.555. Disclosure under this section is mandatory for the purposes of the health insurance portability and accountability act.

Sec. 3. RCW 71.05.190 and 1997 c 112 s 13 are each amended to read as follows:

If the person is not approved for admission by a facility providing seventy-two hour evaluation and treatment, and the individual has not been arrested, the facility shall furnish transportation, if not otherwise available, for the person to his or her place of residence or other appropriate place. If the individual has been arrested, the evaluation and treatment facility shall detain the individual for not more than eight hours at the request of the peace officer. The facility shall make reasonable attempts to contact the requesting peace officer during this time to inform the peace officer that the person is not approved for admission in order to enable a peace officer to return to the facility and take the individual back into custody.

Sec. 4. RCW 71.05.390 and 2009 c 320 s 3 and 2009 c 217 s 6 are each reenacted and amended to read as follows:

(3)(a) When the person receiving services, or his or her guardian, designates persons to whom information or records may be released, or if the person is a minor, when his or her parents make such designation.

If the guardian ad litem needs additional time to finalize his or her report, then the guardian ad litem shall petition the court for a postponement of the hearing or, with the consent of all other parties, an extension or reduction of time for filing the report. (h) To disclose in writing to the court any prior relationship or circumstance for the period covering ten years prior to the guardian ad litem's appointment or any existing relationship or circumstance that causes the appearance of a conflict of interest with respect to the guardian ad litem's recommendation of the appointment of a particular person or persons as a guardian or limited guardian of the alleged incapacitated person. Such disclosure must also be provided to persons receiving copies of the report as required in (f)(viii) of this subsection (5).

(6) If the petition is brought by an interested person or entity requesting the appointment of some other qualified person or entity and a prospective guardian or limited guardian cannot be found, the court shall order the guardian ad litem to investigate the availability of a possible guardian or limited guardian and to include the findings in a report to the court pursuant to subsection (5)(f) of this section.

(7) The parties to the proceeding may file responses to the guardian ad litem report with the court and deliver such responses to the other parties and the guardian ad litem at any time up to the second day prior to the hearing. If a guardian ad litem fails to file his or her report in a timely manner, the hearing shall be continued to give the court and the parties at least fifteen days before the hearing to review the report. At any time during the proceeding upon motion of any party or on the court's own motion, the court may remove the guardian ad litem for failure to perform his or her duties as specified in this chapter, provided that the guardian ad litem shall have five days' notice of any motion to remove before the court enters such order. Any alternative arrangement executed before filing the petition for guardianship shall remain effective unless the court grants the relief requested under chapter 7.40 RCW, or unless, following notice and a hearing at which all parties directly affected by the arrangement are present, the court finds that the alternative arrangement should not remain effective.

(10) The guardian ad litem shall receive a fee determined by the court. The fee shall be charged to the alleged incapacitated person unless the court finds that such payment would result in substantial hardship upon such person, in which case the county shall be responsible for such costs: PROVIDED, That the court may charge such fee to the petitioner, the alleged incapacitated person, or any person who has appeared in the action; or may allocate the fee, as it deems just. If the petition is found to be frivolous or not brought in good faith, the guardian ad litem fee shall be charged to the petitioner. The court shall not be required to provide for the payment of a fee to any salaried employee of a public agency.

(11) Upon the presentation of the guardian ad litem report and the entry of an order either dismissing the petition for appointment of guardian or limited guardian or appointing a guardian or limited guardian, the guardian ad litem shall be dismissed and shall have no further duties or obligations unless otherwise ordered by the court. If the court orders the guardian ad litem to perform further duties or obligations, they shall not be performed at county expense.

(12) The guardian ad litem shall appear in person at all hearings on the petition unless all parties provide a written waiver of the requirement to appear.

(13) At any hearing the court may consider whether any person who makes decisions regarding the alleged incapacitated person or estate has breached a statutory or fiduciary duty.

April 7, 2011

MR. PRESIDENT:
The House passed SUBSTITUTE SENATE BILL NO. 5067 with the following amendment(s): 5067-S AMH LWD ELGE 102

On page 3, after line 10 insert the following:

"Sec. 3. RCW 18.27.370 and 2001 c 159 s 6 are each amended to read as follows:

(1) If an unregistered contractor defaults in a payment, penalty, or fine due to the department, the director or the director's designee may issue a notice of assessment certifying the amount due. The notice must be served upon the unregistered contractor by mailing the notice to the unregistered contractor by certified mail to the unregistered contractor's last known address or served in the manner prescribed for the service of a summons in a civil action.

(2) A notice of assessment becomes final thirty days from the date the notice was served upon the unregistered contractor unless a written request for reconsideration is filed with the department or an appeal is filed in a court of competent jurisdiction in the manner specified in RCW 34.05.510 through 34.05.598. The request for reconsideration must set forth with particularity the reason for the unregistered contractor's request. The department, within thirty days after receiving a written request for reconsideration, may modify or reverse a notice of assessment, or may hold a notice of assessment in abeyance pending further investigation. If a final decision of a court in favor of the department is not appealed within the time allowed by law, then the amount of the unappealed assessment, or such amount of the assessment as is found due by the final decision of the court, is final.

(3) The director or the director's designee may file with the clerk of any county within the state, a warrant in the amount of the notice of assessment, plus interest, penalties, and a filing fee of twenty dollars. The clerk of the county in which the warrant is filed shall immediately designate a superior court cause number for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the unregistered contractor mentioned in the warrant, the amount of payment, penalty, fine due on it, or filing fee, and the date when the warrant was filed. The aggregate amount of the warrant as docketed shall become a lien upon the title to, and interest in, all real and personal property of the unregistered contractor against whom the warrant is issued, the same as a judgment in a civil case docketed in the office of the clerk. The sheriff shall proceed upon the warrant in all respects and with like effect as prescribed by law with respect to execution or other process issued against rights or property upon judgment in a court of competent jurisdiction. The warrant so docketed is sufficient to support the issuance of writs of garnishment in favor of the state in a manner provided by law in case of judgment, wholly or partially unsatisfied. The clerk of the court is entitled to a filing fee which will be added to the amount of the warrant. A copy of the warrant shall be mailed to the unregistered contractor within three days of filing with the clerk.

(4) The director or the director's designee may issue to any person, firm, corporation, other entity, municipal corporation, political subdivision of the state, a public corporation, or any agency of the state, a notice and order to withhold and deliver property of any kind whatsoever when he or she has reason to believe that there is in the possession of the person, firm, corporation, other entity, municipal corporation, political subdivision of the state, public corporation, or agency of the state, property that is or will become due, owing, or belonging to an unregistered contractor upon whom a notice of assessment has been served by the department for payments, penalties, or fines due to the department. The effect of a notice and order is continuous from the date the notice and order is first made until the liability out of which the notice and order arose is satisfied or becomes unenforceable because of lapse of time. The department shall release the notice and order when the liability out of which the notice and order arose is satisfied or becomes unenforceable by reason of lapse of time and shall notify the person against whom the notice and order was made that the notice and order has been released.

The notice and order to withhold and deliver must be served by the sheriff of the county or by the sheriff's deputy, ((by certified mail, return receipt requested)) using a method by which the mailing can be tracked or the delivery can be confirmed, or by an authorized representative of the director. A person, firm, corporation, other entity, municipal corporation, political subdivision of the state, public corporation, or agency of the state upon whom service has been made shall answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of in the notice and order. Upon service of the notice and order, if the party served possesses any property that may be subject to the claim of the department, the party shall promptly deliver the property to the director or the director's authorized representative. Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 46.72A.010 and 1996 c 87 s 5 are each amended to read as follows:

((All limousine carriers must operate from a main office and may have satellite offices. However, no office may be solely in a vehicle of any type. All arrangements for the carrier's services must be made through its offices and dispatched to the carrier's vehicles.))

(1) Contact by a customer or customer's agent to engage the services of a carrier's limousine must be initiated by a customer or customer's agent at a time and place different from the customer's time and place of departure. The fare for service must be agreed upon prior to departure. Under no circumstances may customers or customers' agents make arrangements for immediate rental of a carrier's vehicle with the driver of the vehicle) to immediately engage the services of a carrier's limousine with the chauffeur, even if the chauffeur is an owner or officer of the company, with the single exception of stand-hail limousines only at a facility owned and operated by a port district in a county with a population of one million or more that are licensed and restricted by the rules and policies set forth by the port district.

(2) At the time of the conduct of the commercial limousine business, the chauffeur of a limousine and the limousine carrier business must possess written or electronic records substantiating the prearrangement of the carrier's services for any customer carried for compensation, except for vehicles meeting the requirements of the exception for stand-hail limousines described in subsection (1) of this section. Limousine carriers and limousine chauffeurs operating as an independent business must list a physical address on their master business license where records substantiating the prearrangement of the carrier's services may be reviewed by an enforcement officer. A limousine carrier must retain these records for a minimum of one calendar year, and failure to do so is a class 3 civil infraction against the carrier for each record that is missing or fails to include all of the information described in rules adopted under subsection (4) of this section.

(3) Limousine carriers and limousine chauffeurs operating as an independent business must list a telephone or pager number that is used to prearrange the carrier's services for any customer carried for compensation.

(5) The failure of a chauffeur who is operating a limousine to immediately provide, on demand by an enforcement officer, written or electronic records required by the department substantiating the prearrangement of the carrier's services for any customer carried for compensation, except for limousines meeting the requirements of subsection (1) of this section, is a class 2 civil infraction and is subject to monetary penalties under RCW 7.80.120. It is a class 1 civil infraction for a repeat offense under this subsection during the same calendar year.

(6) The department shall define by rule conditions under which..."
Sec. 3. RCW 46.72A.030 and 1996 c 87 s 6 are each amended to read as follows:

(1) The department, in conjunction with the Washington state patrol, shall regulate limousine carriers with respect to entry, safety of equipment, chauffeur qualifications, and operations. The department shall adopt rules and require such reports as are necessary to carry out this chapter. The department may develop penalties for failure to comply with this section.

(2) In addition, a port district in a county with a population of one million or more may regulate limousine carriers with respect to entry, safety of equipment, chauffeur qualifications, and operations. The county in which the port district is located may adopt ordinances and rules to assist the port district in enforcement of limousine regulations only at port facilities. In no event may this be construed to grant the county the authority to regulate limousines within its jurisdiction. The port district may not set limousine rates, but the limousine carriers shall file their rates and schedules with the port district if requested.

(3) The department, a port district in a county with a population of at least one million, or a county in which the port district is located may enter into cooperative agreements for the joint regulation of limousines.

(4) The department and a city with a population of five hundred thousand or more may enter into cooperative agreements as provided in section 12 of this act, subject to the limitations set forth in RCW 46.72A.130.

Random limousine vehicle inspections may not be conducted while the limousine contains customers. The state patrol, the city, or the port district((, or the county)) conducting the annual limousine vehicle inspection may impose an annual vehicle inspection fee and reinspection fee. A carrier must pay a reinspection fee if a limousine fails inspection for compliance with vehicle standards and is reinspected. If the limousine passes the first reinspection within thirty days of failing the original inspection, all of the reinspection fee must be refunded to the carrier. However, refunds are not available for subsequent reinspections. While a limousine is licensed by the department for commercial limousine use, failure to comply with vehicle inspection standards, established by the department by rule, is a class 3 civil infraction against the carrier, with monetary penalties against the carrier as specified in RCW 7.80.120, for each violation of a safety requirement. It is a class 4 civil infraction for each violation of other vehicle standards, with monetary penalties against the carrier as specified in RCW 7.80.120, and the limousine vehicle certificate must be summarily suspended until safety violations of vehicle standards are corrected and the limousine is reinspected.

Cities, towns, and counties or other municipalities may enact only those laws and ordinances relating to limousine carriers that are consistent with this chapter.

Sec. 5. RCW 46.72A.050 and 1996 c 87 s 8 are each amended to read as follows:

(2) In addition, a limousine carrier shall ((annually)) obtain((, upon payment of the appropriate fee)) from the department a limousine carrier license for the business and a ((vehicle)) limousine vehicle certificate for each limousine operated by the carrier. The limousine carrier license and limousine vehicle certificates must be renewed through the department annually or as may be required by the department. The department shall establish by rule the procedure for obtaining, and the fees for, the limousine carrier license and limousine vehicle certificate. It is a class 1 civil infraction, with monetary penalties against the carrier as specified in RCW 7.80.120, for each day that a limousine is operated without a valid limousine carrier license or valid limousine vehicle certificate required under this subsection.

Sec. 6. RCW 46.72A.060 and 2003 c 53 s 251 are each amended to read as follows:

(1) The department shall require limousine carriers to obtain and continue in effect, liability and property damage insurance from a company licensed to sell liability insurance in this state for each limousine used to transport persons for compensation.

(2) The department shall fix (the amount of) by rule coverages and limits, and prohibit provisions that limit coverage, for the insurance policy or policies, giving consideration to the character and amount of traffic, the number of persons affected, and the degree of danger that the proposed operation involves. The limousine carrier must maintain the liability and property damage insurance in force on each ((motor-propelled vehicle while so used)) limousine while licensed by the department.

(3) Failure to file and maintain in effect the insurance required under this section is a gross misdemeanor and the limousine vehicle certificate must be summarily suspended. It is a class 1 civil infraction, with monetary penalties against the carrier as specified in RCW 7.80.120, for each day that a carrier operates a limousine with a summarily suspended limousine vehicle certificate.

Sec. 7. RCW 46.72A.080 and 1997 c 193 s 1 are each amended to read as follows:

(1) No limousine carrier may advertise without listing the carrier's unified business identifier issued by the department in the advertisement and specifying the type of service offered as provided in RCW 46.04.274. No limousine carrier may advertise or hold itself out to the public as providing taxicab transportation services.

(2) All advertising, contracts, correspondence, cards, signs, posters, papers, and documents that show a limousine carrier's name or address shall list the carrier's unified business identifier and the type of service offered. The alphabetized listing of limousine carriers appearing in the advertising sections of telephone books or other directories and all advertising that shows the carrier's name or address must show the carrier's current unified business identifier.
(3) Advertising in the alphabetical listing in a telephone directory need not contain the carrier's certified business identifier.

(4) ((Advertising by electronic transmission need not contain the carrier's unified business identifier if the carrier provides it to the person selling the advertisement and it is recorded in the advertising contract.)) It is a ((gross misdemeanor)) violation, subject to a fine of up to five thousand dollars per violation, for a person to (a) falsify a unified business identifier or use a false or inaccurate unified business identifier; (b) fail to specify the type of service offered; (c) advertise or otherwise hold itself out to the public as providing taxicab transportation services in connection with a solicitation or identification as an authorized limousine carrier; or (d) conduct commercial limousine business without a valid limousine carrier license or valid limousine vehicle certificate as required under this chapter, unless licensed as a charter party carrier under chapter 81.70 RCW.

(5) If the basis for the violation is advertising, each advertisement reproduced, broadcast, or displayed via a particular medium constitutes a separate violation.

(6) In deciding the amount of penalty to be imposed per violation, the department shall consider the following factors:

(a) The carrier's willingness to comply with the department's rules under this chapter; and

(b) The carrier's history with respect to compliance with this section.

(7) It is a class 1 civil infraction, with monetary penalties against the chauffeur as specified in RCW 7.80.120, for a chauffeur to:

(a) Solicit or assign customers directly or through a third party for immediate, nonprearranged limousine service pick up as described in section 2(1) of this act; or

(b) Offer payment to a third party to solicit customers for limousine service pick up without current copies of a written contract regarding such services on file at the third party's business. Copies of the current written contract must be stored and made available on both the third party's and limousine carrier's business premises. Limousine vehicles engaged in the services detailed in the contract must carry a certificate verifying existence of a current contract between the parties. The certificate must contain a general description of the agreement, including initial and expiration dates. A written contract may not allow for immediate, nonprearranged limousine service pick up.

(8) It is a class 1 civil infraction, with monetary penalties against the individual as specified in RCW 7.80.120, for an individual to:

Sec. 2. RCW 39.100.020 and 2007 c 266 s 3 are each amended to read as follows:

A local government may finance public improvements using hospital benefit zone financing subject to the following conditions:

(1)(a) The local government adopts an ordinance designating a benefit zone within its boundaries and specifying the public improvements proposed to be financed in whole or in part with the use of hospital benefit zone financing;

(b) A local government may modify the public improvements to be financed in whole or in part with the use of hospital benefit zone financing by amending the ordinance adopted under (a) of this subsection and holding a public hearing consistent with RCW 39.100.030(1)(b); provided that the total cost of the public improvements is not increased;

(2) The public improvements proposed to be financed in whole or in part using hospital benefit zone financing are expected both to encourage private development within the benefit zone and to support the development of a hospital that has received a certificate of need;

(3) Private development that is anticipated to occur within the benefit zone, as a result of the public improvements, will be consistent with the countywide planning policy adopted by the county under RCW 36.70A.210 and the local government's comprehensive plan and development regulations adopted under chapter 36.70A RCW;

(4) The governing body of the local government finds that the public improvements proposed to be financed in whole or in part using hospital benefit zone financing are reasonably likely to:

(a) Increase private investment within the benefit zone;

(b) Increase employment within the benefit zone; and

(c) Generate, over the period of time that the local sales and use tax will be imposed under RCW 82.14.465, excess state excise taxes that are equal to or greater than the state contributions made under this chapter;

(5) The boundaries of a hospital benefit zone may not overlap any part of the boundaries of another hospital benefit zone or a revenue development area defined in chapter 39.102 RCW; and

(6) The boundaries of a hospital benefit zone may not change once the hospital benefit zone is established and approved by the department.

Sec. 3. RCW 82.14.465 and 2009 c 535 s 1109 are each amended to read as follows:

(1) A city, town, or county that creates a benefit zone and finances public improvements pursuant to chapter 39.100 RCW may impose a sales and use tax in accordance with the terms of this chapter and subject to the criteria set forth in this section. Except as provided in this section, the tax is in addition to other taxes authorized by law and (((shall)) must be collected from those persons
who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the taxing jurisdiction of the city, town, or county. The rate of tax ((shall)) may not exceed the rate provided in RCW 82.08.020(1) in the case of a sales tax or a use tax, less the aggregate rates of any other taxes imposed on the same events that are credited against the state taxes imposed under chapters 82.08 and 82.12 RCW. The tax rate ((shall)) may be no higher than what is reasonably necessary for the local government to receive its entire annual state contribution in a ten-month period of time.

2. The tax imposed under subsection (1) of this section ((shall)) must be deducted from the amount of tax otherwise required to be collected or paid over to the department under chapter 82.08 or 82.12 RCW. The department ((shall)) must perform the collection of such taxes on behalf of the city, town, or county at no cost to the city, town, or county.

3. No tax may be imposed under this section before July 1, 2007. Before imposing a tax under this section, the city, town, or county shall first have received tax allocation revenues during the preceding calendar year. The tax imposed under this section ((shall)) expire on the earlier of the date: (a) The tax allocation revenues are no longer used for public improvements and public improvement costs; (b) the bonds issued under the authority of chapter 39.100 RCW are retired; or (c) that is thirty years after the tax is first imposed.

4. An ordinance adopted by the legislative authority of a city, town, or county imposing a tax under this section ((shall)) must provide that: (a) The tax ((shall)) is first ((be)) imposed on the first day of a fiscal year;

(b) The amount of tax received by the local government in any fiscal year ((shall)) may not exceed the amount of the state contribution;

(c) The tax ((shall)) must cease to be distributed for the remainder of any fiscal year in which either: (i) The amount of tax distributions totals the amount of the state contribution;

(ii) The amount of tax distributions totals the amount of local public sources, dedicated in the previous calendar year to finance public improvements authorized under chapter 39.100 RCW, expended in the previous year for public improvement costs, or used to pay for other bonds issued to pay for public improvements. Revenues from local public sources, including hospital sources identified in RCW 82.14.465(7)(k), dedicated in the preceding calendar year that are in excess of the project award may be carried forward and used in later years for the purpose of this subsection; or

(iii) The amount of revenue from taxes imposed under this section by all cities, towns, and counties totals the annual state credit provided in RCW 82.32.700(3);

(d) The tax ((shall)) must be distributed again, should it cease to be distributed for any of the reasons provided in (c) of this subsection, at the beginning of the next fiscal year, subject to the restrictions in this section; and

(e) Any revenue generated by the tax in excess of the amounts specified in (b) and (c) of this subsection ((shall)) belong to the state of Washington.

5. If both a county and a city or town impose a tax under this section, the tax imposed by the city, town, or county ((shall be)) is credited as follows: (a) If the county has created a benefit zone before the city or town, the tax imposed by the county ((shall be)) is credited against the tax imposed by the city or town, the purpose of such credit is to give priority to the county tax; and

(b) If the city or town has created a benefit zone before the county, the tax imposed by the city or town ((shall be)) is credited against the tax imposed by the county, the purpose of such credit is to give priority to the city or town tax.

6. The department ((shall)) must determine the amount of tax distributions attributable to each city, town, and county imposing a sales and use tax under this section and ((shall)) must advise a city, town, or county when the tax will cease to be distributed for the remainder of the fiscal year as provided in subsection (4)(c) of this section. Determinations by the department of the amount of taxes attributable to a city, town, or county are final and ((shall)) may not be used to challenge the validity of any tax imposed under this section. The department ((shall)) must remit any tax revenues in excess of the amounts specified in subsection (4)(b) and (c) of this section to the state treasurer who ((shall)) must deposit the moneys in the general fund.

7. The definitions in this subsection apply throughout this section and RCW 82.14.470 unless the context clearly requires otherwise.

(a) "Base year" means the calendar year immediately following the creation of a benefit zone.

(b) "Benefit zone" has the same meaning as provided in RCW 39.100.010.

(d) "Excess state excise taxes" means the amount of excise taxes received by the state during the measurement year from taxable activity within the benefit zone over and above the amount of excise taxes received by the state during the base year from taxable activity within the benefit zone. However, if a local government creates the benefit zone and reasonably determines that no activity subject to tax under chapters 82.08 and 82.12 RCW occurred in the twelve months immediately preceding the creation of the benefit zone within the boundaries of the area that became the benefit zone, "excess state excise taxes" means the entire amount of state excise taxes the state receives during a calendar year period beginning with the calendar year immediately following the creation of the benefit zone and continuing with each measurement year thereafter.

(e) "State excise taxes" means revenues derived from state retail sales and use taxes under chapters 82.08 and 82.12 RCW, less the amount of tax distributions from all local retail sales and use taxes imposed on the same taxable events that are credited against the state sales and use taxes under chapters 82.08 and 82.12 RCW except for the local tax authorized in this section.

(f) "Fiscal year" has the same meaning as provided in RCW 39.100.030.

(g) "Measurement year" means a calendar year, beginning with the calendar year following the base year and each calendar year thereafter, that is used annually to measure the amount of excess state excise taxes and excess local excise taxes.

(h) "State contribution" means the lesser of two million dollars or an amount equal to excess state excise taxes received by the state during the preceding calendar year.

(i) "Tax allocation revenues" has the same meaning as provided in RCW 39.100.010.

(j) "Public improvements" and "public improvement costs" have the same meanings as provided in RCW 39.100.010.

(k) "Local public sources" includes, but is not limited to, private monetary contributions, assessments, dedicated local government funds, and tax allocation revenues. "Local public sources" does not include local government funds derived from the state-subsidized portion of any state loan or state grant, any local tax that is credited against the state sales and use taxes, or any other state funds. Local public sources may include amounts expended by a hospital in the
Sec. 4. RCW 82.14.470 and 2007 c 266 s 8 are each amended to read as follows:

(1)(a)(i) Moneys collected from the taxes imposed under RCW 82.14.465 ((shall)) may be used only for the following purposes:

(A) Principal and interest payments on bonds issued to finance or refinance public improvements in a benefit zone under the authority of RCW 39.100.060;

(B) Principal and interest payments on other bonds issued by the local government to finance public improvements; or

(C) Payments for public improvement costs.

(ii) Moneys collected and used as provided in (a)(i) of this subsection must be matched with an amount from local public sources dedicated, as further provided in RCW 82.14.465 (4)(c)(ii) and (7)(k), through December 31st of the previous calendar year to finance public improvements authorized under chapter 39.100 RCW.

(b) Local public sources are dedicated to finance public improvements if they: (i) Are actually expended to pay public improvement costs or debt service on bonds issued for public improvements; or (ii) are required by law or an agreement to be used exclusively to pay public improvement costs or debt service on bonds issued for public improvements.

(c) A city, town, or county is not required to expend taxes imposed under RCW 82.14.465 in the fiscal year in which the taxes are received.

(2) A local government ((shall)) must inform the department by the first day of March of the amount of local public sources ((dedicated in)) allocated to the preceding calendar year to finance public improvements authorized under chapter 39.100 RCW.

(3) If a local government fails to comply with subsection (2) of this section, no tax may be imposed under RCW 82.14.465 in the subsequent fiscal year.

(4)(a) A local government ((shall)) must provide a report to the department and the state auditor by March 1st of each year. A local government ((shall)) must make a good faith effort to provide information required for the report.

(b) The report ((shall)) must contain the following information:

(i) The amount of tax allocation revenues, taxes under RCW 82.14.465, and local public sources received by the local government during the preceding calendar year, and a summary of how these revenues were expended; and

(ii) The names of any businesses known to the local government that have located within the benefit zone as a result of the public improvements undertaken by the local government and financed in whole or in part with hospital benefit zone financing.

(5) The department ((shall)) must make a report available to the public and the legislature by June 1st of each year. The report ((shall)) must include a list of public improvements undertaken by local governments and financed in whole or in part with hospital benefit zone financing, and it ((shall)) must also include a summary of the information provided to the department by local governments under subsection (4) of this section.”

The reduction shall be scaled based on the acuity level of care recipients. The largest hour reductions shall be to lower acuity patients and the smallest hour reductions shall be to higher acuity patients.

The department shall not pay an agency for benefits provided to an employee who otherwise receives health care coverage through other family members, other employment-based coverage, or military or veteran's coverage. Sec. 1396m(k)). If the department determines that it would be cost-efficient for the state to exercise the federal option, it shall prepare a proposal to provide home- and community-based attendant services and supports that include assistance with activities of daily living (ADL's), instrumental activities of daily living (IADL's), and health-related tasks pursuant to section 1915(k) of the federal social security act (42 U.S.C. (c) In addition to other reductions, the appropriations in this subsection reflect reductions targeted specifically to state government administrative costs. These administrative reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect direct client services or direct service delivery or programs.

(d) The state is consolidating the number of institutions it operates for care for clients with developmental disabilities. The department shall conduct individual assessments, and work closely with the clients and the clients’ legal representatives to develop individual transition and support plans to help ensure the clients’ physical and mental health, welfare, and safety through this process.

The appropriations in this section are subject to the following conditions and limitations:

(1) For purposes of implementing chapter 74.46 RCW, the weighted average nursing facility payment rate shall not exceed $160.18 for fiscal year 2012 and shall not exceed $165.36 for fiscal year 2013, except as provided in (a) of this subsection.

(a) The legislature assumes that any necessary state plan amendments and waivers requested from the federal centers for medicare and medicaid services in relation to the safety net assessment created by House Bill No. 1722 or Substitute Senate Bill No. 5581 (nursing home safety net assessment) will be approved and implemented. Accordingly, the weighted average nursing facility payment rate shall not exceed $182.66 for fiscal year 2012 and shall not exceed $188.63 for fiscal year 2013 including the rate add-ons described in (c), (d), and (e) of this subsection. However, if the safety net assessment created by House Bill No. 1722 or Substitute Senate Bill No. 5581 (nursing home safety net assessment) is not approved and implemented, the rate ceilings specified in this subsection (1)(a) are void.

(b) There will be no adjustments for economic trends and conditions in fiscal years 2012 and 2013. The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the component rate allocations established in accordance with chapter 74.46 RCW. When no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the component rate allocations established in accordance with chapter 74.46 RCW.

(d) Within the funds provided, the department shall continue to provide an add-on per medicaid resident day per facility not to exceed $1.57. The add-on shall be used to increase wages, benefits, and/or staffing levels for certified nurse aides; or to increase wages and/or benefits for dietary aides, housekeepers, laundry aides, or any other category of worker whose statewide average dollars-per-hour wage was less than $15 in calendar year 2008, according to cost report data. The add-on may also be used to address resulting wage compression for related job classes.
immediately affected by wage increases to low-wage workers. The department shall continue reporting requirements and a settlement process to ensure that the funds are spent according to this subsection.

(d) $15,903,000 of the skilled nursing facility safety net assessment fund--state appropriation and $15,903,000 of the general fund--federal appropriation are provided solely for an acuity-based add-on to the direct care rate. The department shall determine the resident acuity add-on pursuant to House Bill No. 1722 or Substitute Senate Bill No. 5581 (nursing home safety net assessment) using a nine percent add-on for facilities in the highest acuity quartile, a six percent add-on for facilities in the next quartile, three percent for facilities in the next quartile, and a negative one percent add-on for facilities in the lowest acuity quartile.

(e) $34,444,000 of the skilled nursing facility safety net assessment fund--state appropriation and $34,444,000 of the general fund--federal appropriation are provided solely for a rate enhancement available to all nursing facilities participating in the state's medicaid program. The add-on shall be calculated as follows: Seven percent add-on to the direct care rate and five percent add-on to each of the therapy care, support services, and operations components. If House Bill No. 1722 or Substitute Senate Bill No. 5581 (nursing home safety net assessment) is not enacted, the amounts provided in this subsection shall lapse.

(f) The department shall provide a medicare rate add-on to reimburse the medicare share of the skilled nursing facility safety net assessment as a medicare allowable cost. The nursing facility safety net rate add-on may not be included in the calculation of the annual statewide weighted average nursing facility payment rate.

(g) If the waiver requested from the federal centers for medicare and medicaid services in relation to the safety net assessment created by House Bill No. 1722 or Substitute Senate Bill No. 5581 (nursing home safety net assessment) is for any reason not approved and implemented, (d), (e), and (f) of this subsection do not apply.

(h) The rate add-ons provided in (d) and (e) of this subsection are discretionary and are provided in addition to the base nursing facility rate. The legislature has examined actual nursing facility cost information and the legislature finds that the nursing facility rates funded pursuant to the budget deals specified in this subsection (1), excluding (a) of this subsection (1), are sufficient to reimburse efficient and economically operating homes. The legislature's choice to fund the add-ons specified in subsections (d) and (e) of this subsection in any year is not indicative of an obligation to fund the add-ons in any subsequent year.

(2) In accordance with chapter 74.46 RCW, the department shall issue no additional certificates of capital authorization for fiscal year 2012 and no new certificates of capital authorization for fiscal year 2013 and shall grant no rate add-ons to payment rates for capital improvements not requiring a certificate of need and a certificate of capital authorization for fiscal years 2012 and 2013.

(3) The long-term care program may develop and pay enhanced rates for exceptional care to nursing homes for persons with traumatic brain injuries who are transitioning from hospital care. The cost per patient day for caring for these clients in a nursing home setting may be equal to or less than the cost of caring for these clients in a hospital setting.

(4) Amounts appropriated in this section reflect a reduction to funds appropriated for in-home care. The department shall reduce the number of in-home hours authorized. The reduction shall be based on the acuity level of care recipients. The largest hour reductions shall be to lower acuity patients and the smallest hour reductions shall be to higher acuity patients.

(5) $27,279,000 of the general fund--state appropriation for fiscal year 2012, $28,827,000 of the general fund--state appropriation for fiscal year 2013, and $56,106,000 of the general fund--federal appropriation are provided solely for state contributions for individual provider health care benefits. Pursuant to the collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270, the state shall contribute to the mulitemployer health benefits trust fund $1.96 per paid hour worked by individual providers.

(6)(a) $13,575,000 of the general fund--state appropriation for fiscal year 2012, $14,476,000 of the general fund--state appropriation for fiscal year 2013, and $28,053,000 of the general fund--federal appropriation are provided solely for health coverage for home care agency providers. In order to negotiate the most comprehensive health benefits package for its employees, each agency may determine benefit levels according to the hours an employee works to provide state-funded personal care. At a minimum, employees who work 35 hours a week or greater must receive a comprehensive medical benefit. The department shall not pay an agency for benefits provided to an employee who otherwise receives health care coverage through other family members, other employment-based coverage, or military or veteran's coverage. The department shall require annually, each home care agency to review each of its employee's available health coverage and to provide a written declaration to the department verifying that health benefits purchased with public funds are solely for employees that do not have other available coverage. Home care agencies may determine a reasonable employee copayment not to exceed 20 percent of the total benefit cost.

(b) As an alternative, an agency provider who works a minimum of 35 hours per week may select coverage in the basic health plan provided they meet all other eligibility requirements for the basic health plan. The department of social and health services shall work cooperatively with the health care authority to facilitate enrollment of eligible home care agency providers. For eligible providers who chose coverage in the basic health plan, the department shall transfer the state's share of the premium to the health care authority on behalf of the provider.

(7) $2,063,000 of the general fund--state appropriation for fiscal year 2012, $2,195,000 of the general fund--state appropriation for fiscal year 2013, and $4,260,000 of the general fund--federal appropriation are provided solely for state's contribution to the training partnership, as provided in RCW 74.39A.360, for instructional costs associated with the training of individual providers. House Bill No. 1548 and Senate Bill No. 5473 (long-term care worker requirements) make statutory changes to the increased training requirements and therefore the state shall contribute to the partnership $0.17 per paid hour worked by all home care workers. This amount is pursuant to the collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270. Expenditures for the purposes specified in this subsection shall not exceed the amounts provided in this subsection.

(8) $1,775,000 of the general fund--state appropriation for fiscal year 2012, $1,866,000 of the general fund--state appropriation for fiscal year 2013, and $3,642,000 of the general fund--federal appropriation are provided solely to compensate individual providers who are not related to their clients and agency providers for time required to participate in enhanced mandatory basic training.

(9) Individuals receiving services as supplemental security income (SSI) state supplemental payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(10) The department shall assess and determine whether it would be cost-efficient for the state to exercise the option made available under section 1915(k) of the federal social security act (42
If the department determines that it would be cost efficient for the state to exercise the federal option, it shall prepare a proposal to provide home- and community-based attendant services and supports that include assistance with activities of daily living (ADL's), instrumental activities of daily living (IADL's), and health-related tasks pursuant to section 1915(k) of the federal social security act (42 U.S.C. Sec. 1396n(k)) and submit that plan to the legislature during the subsequent legislative session.

(11) The department shall eliminate the adult day health program under the state plan 1915(i) option and shall reestablish it under the long-term care home and community-based waiver. The department shall also establish a day services option under the developmental disabilities home and community-based service waivers.

(12) $4,588,000 of the general fund--state appropriation for fiscal year 2012, $4,559,000 of the general fund--state appropriation for fiscal year 2013, and $9,237,000 of the general fund--federal appropriation are provided solely for the continued operation of community residential and support services for persons who are older adults or who have co-occurring medical and behavioral disorders and who have been discharged or diverted from a state psychiatric hospital. These funds shall be used to serve individuals whose treatment needs constitute substantial barriers to community placement, who no longer require active psychiatric treatment at an inpatient hospital level of care, and who no longer meet the criteria for inpatient involuntary commitment.

(13) $1,840,000 of the general fund--state appropriation for fiscal year 2012 and $1,877,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for operation of the volunteer services program. Funding shall be prioritized towards serving populations traditionally served by long-term care services to include senior citizens and persons with disabilities.

(14) In accordance with Substitute Senate Bill No. 5092 (licensed settings for vulnerable adults) nursing facility and adult family home fees are increased in fiscal years 2012 and 2013 as specified in this subsection to support the costs of conducting licensure, inspection, and regulatory programs.

(a) The current annual renewal license fee for nursing facilities shall be increased to $359 per bed beginning in fiscal year 2012 and assumes $517,000 of the general fund--private/local appropriation. Nursing facilities shall receive a vendor rate increase of $0.08 per medicaid patient day to cover the license fee increase for publicly funded beds.

(b) The current annual renewal license fee for adult family homes shall be increased to $136 per bed in fiscal year 2012 and $350 per bed in fiscal year 2013. Adult family homes shall receive a corresponding vendor rate increase of $0.32 per medicaid patient day in fiscal year 2012 and $0.91 per medicaid patient day in fiscal year 2013 to cover the license fee increase for publicly funded beds.

(c) $338,000 of the general fund--state appropriation for fiscal year 2012, $370,000 of the general fund--state appropriation for fiscal year 2013, and $708,000 of the general fund--federal appropriation are provided solely for sections 501, 502, and 503 of Second Substitute Senate Bill No. 5092 (licensed settings for vulnerable adults) for additional investigative resources to address complaints about provider practices as well as alleged abuse, neglect, abandonment, and exploitation of residents in adult family homes. The department shall develop a statewide internal quality review and accountability program to improve the accountability of staff and the consistent application of investigative activities, and shall provide information and support to the long-term care ombudsman's adult family home quality assurance panel. If Second Substitute Senate Bill No. 5092 (licensed settings for vulnerable adults) is not enacted by June 30, 2011, the amounts provided in this subsection shall lapse.

(15) $3,316,000 of the traumatic brain injury account--state appropriation is provided solely to continue services for persons with traumatic brain injury (TBI) as defined in Substitute House Bill No. 1614 (traumatic brain injury strategic partnership).

(16) The department is authorized to place long-term care clients residing in nursing homes and paid for with state only funds into less restrictive community care settings while continuing to meet the client's care needs.

Under section 2 of Senate Bill No. 5921, the amounts in this subsection assume that any participant in the temporary assistance for needy families where their participation is suspended and does not volunteer to participate in WorkFirst services or unsubsidized employment does not receive child care subsidies or WorkFirst subsidies as a condition of the suspension.

The budget structure shall follow the organization of subsections (1) through (4) in this section.

(4) $20,260,000 of the general fund–federal appropriation is provided solely for a contingency reserve in the event the temporary assistance for needy families cash benefit is projected to exceed forecasted amounts by more than one percent. The department shall only expend an amount equal to the forecasted over expenditure. It is the intent of the legislature that these reductions shall be achieved, to the greatest extent possible, by reducing those administrative costs that do not affect direct client services or direct service delivery or program.

NEW SECTION. Sec. 208. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES–ALCOHOL AND SUBSTANCE ABUSE PROGRAM

The appropriations in this section are subject to the following conditions and limitations:

(3) The legislature affirms that it is in the state's interest for Harberview medical center to remain an economically viable component of the state's health care system.

(4) When a person is ineligible for medicaid solely because such costs have been paid by revenues retained by the department, including but not limited to the joint commission on accreditation of health care organizations, the commission on accreditation of rehabilitation facilities, and the council on accreditation. To reflect the reduced costs associated with regulation of accredited programs, the department's fees for organizations with such proof of accreditation must reflect the lower cost of licensing for these programs than for other organizations which are not accredited.

NEW SECTION. Sec. 209. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES–MEDICAL ASSISTANCE

General Fund–State Appropriation (FY 2012) $2,142,536,000
General Fund–State Appropriation (FY 2013) $2,208,403,000
General Fund–Federal Appropriation $5,519,072,000

Medicaid Fraud Penalty Account–State Appropriation $15,182,000
TOTAL APPROPRIATION $10,362,483,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(2) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(3) The legislature affirms that it is in the state's interest for Harberview medical center to remain an economically viable component of the state's health care system.

(4) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the department shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(5) $7,102,000 of the general fund–state appropriation for fiscal year 2012, $7,102,000 of the general fund–state appropriation for fiscal year 2013, and $14,204,000 of the general fund–federal appropriation are provided solely for low-income care disproportionate share hospital payments under RCW 74.09.730(1)(a). In the formula by which this appropriation is distributed, the department shall discontinue use of the case mix adjustment factor.

(6) $6,000,000 of the general fund–federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by
the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes’ as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority’s discretion. During either the interim cost settlement or the final cost settlement, the department shall recoup from the public hospital districts the supplemental payments that exceed the medicare cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicare costs and the medicare upper payment limit.

(7) The department shall continue the inpatient hospital certified public expenditures program for the 2011-2013 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The department shall submit reports to the governor and legislature by November 1, 2011, and by November 1, 2012, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the department shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2012 and fiscal year 2013, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2011-13 biennial operating appropriations act and in effect on July 1, 2011, (b) one half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2011-13 biennium. If payments during the fiscal year exceed the hospital’s baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. $32,673,000 of the general fund--state appropriation for fiscal year 2012, of which $6,570,000 is appropriated in section 204(1) of this act, and $29,693,000 of the general fund--state appropriation for fiscal year 2013, of which $6,570,000 is appropriated in section 204(1) of this act, are provided solely for state grants for the participating hospitals. CPE hospitals will receive the inpatient and outpatient reimbursement rate restorations in RCW 74.60.080 and rate increases in RCW 74.60.090 funded through the hospital safety net assessment fund rather than through the baseline mechanism specified in this subsection.

(8) The contract with the managed care plan to provide services for disability lifeline clients shall be designed to incentivize care in the most appropriate setting, including maximizing primary care-based services and optimizing appropriate hospital utilization and savings. The department may include shared savings or other risk sharing arrangements in the contract with the managed care plan in order to incentivize aggressive management of hospital services, including prior authorization, concurrent review, and discharge planning. In determining the allocation of shared savings, the health care authority shall consider the appropriate balance between incentivizing aggressive management of hospital services by the managed care plan and realizing budgetary savings from the state’s investment in the inclusion of care management and mental health services in the managed care contract.

(9) The department shall evaluate the impact of the use of a managed care delivery and financing system on state costs and outcomes for lifeline medical clients. Outcomes measured shall include state costs, utilization, changes in mental health status and symptoms, and involvement in the criminal justice system.

(10) The department shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children’s health insurance program reauthorization act of 2009.

(11) The department shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race. The department shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the department shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services.

(12) For children with family incomes above 200 percent of the federal poverty level in the state-funded children’s health program for children who are not eligible for coverage under the federally funded children’s health insurance program, premiums shall be set every two years in an amount equal to the average state-only share of the per capita cost of coverage in the state-funded children’s health program for children in families with incomes at or less than two hundred percent of the federal poverty level.

(13) $704,000 of the general fund--state appropriation for fiscal year 2012, $726,000 of the general fund--state appropriation for fiscal year 2013, and $1,431,000 of the general fund--federal appropriation are provided solely for disproportionate share hospital payments to hospitals that provide services to children in the children’s health program who are not eligible for services under Title XIX or XXI of the federal social security act due to their citizenship status.

(14) $998,000 of the general fund--state appropriation for fiscal year 2012, $979,000 of the general fund--state appropriation for fiscal year 2013, and $1,980,000 of the general fund--federal appropriation are provided solely to increase prior authorization activities for advanced imaging procedures.

(15) $249,000 of the general fund--state appropriation for fiscal year 2012, $246,000 of the general fund--state appropriation for fiscal year 2013, and $495,000 of the general fund--federal appropriation are provided solely to increase prior authorization

Sec. 951. RCW 66.08.235 and 2005 c 151 s 4 are each amended to read as follows:

The liquor control board construction and maintenance account is created within the state treasury. The liquor control board shall deposit into this account a portion of the board's markup, as authorized by chapter 66.16 RCW, placed upon liquor as determined by the board. Moneys in the account may be spent only after appropriation. The liquor control board shall use deposits to this account to fund construction and maintenance of a centralized distribution center for liquor products intended for sale through the board's liquor store and contract liquor store system. During the (2001-2003) 2011-2013 fiscal biennium, the legislature may transfer from the liquor control board construction and maintenance account to the state general fund such amounts as reflect the (appropriations reductions made by the 2002 supplemental appropriations act for administrative efficiencies and savings)) excess fund balance of the account.

Sec. 952. RCW 67.70.260 and 2002 c 371 s 919 are each amended to read as follows:

There is hereby created the lottery administrative account in the state treasury. The account shall be managed, controlled, and maintained by the director. The legislature may appropriate from the account for the payment of costs incurred in the operation and administration of the lottery. During the 2001-2003 fiscal biennium, the legislature may transfer from the lottery administrative account to the state general fund such amounts as reflect the appropriations reductions made by the 2002 supplemental appropriations act for administrative efficiencies and savings. During the 2011-2013 fiscal biennium, the lottery administrative account may also be used to fund an independent forecast of the lottery revenues conducted by the economic and revenue forecast council.

Sec. 953. RCW 70.93.180 and 2010 1st sp.s. c 37 s 945 are each amended to read as follows:

(1) There is hereby created an account within the state treasury to be known as the “waste reduction, recycling, and litter control account”. Moneys in the account may be spent only after appropriation. Expenditures from the waste reduction, recycling, and litter control account shall be used as follows:

(a) Fifty percent to the department of ecology, for use by the departments of ecology, natural resources, revenue, transportation, and corrections, and the parks and recreation commission, for use in litter collection programs, to be distributed under RCW 70.93.220. The amount to the department of ecology shall also be used for a central coordination function for litter control efforts statewide, for the biennial litter survey under RCW 70.93.200(8), and for statewide public awareness programs under RCW 70.93.200(7).

The amount to the department shall also be used to defray the costs of administering the funding, coordination, and oversight of local government programs for waste reduction, litter control, and recycling, so that local governments can apply one hundred percent of their funding to achieving program goals. The amount to the department of revenue shall be used to enforce compliance with the litter tax imposed in chapter 82.19 RCW;

(b) Twenty percent to the department for local government funding programs for waste reduction, litter control, and recycling activities by cities and counties under RCW 70.93.250, to be administered by the department of ecology; and

(c) Thirty percent to the department of ecology for waste reduction and recycling efforts.

(2) All taxes imposed in RCW 82.19.010 and fines and bail forfeitures collected or received pursuant to this chapter shall be deposited in the waste reduction, recycling, and litter control account and used for the programs under subsection (1) of this section.

(3) Not less than five percent and no more than ten percent of the amount appropriated into the waste reduction, recycling, and litter control account every biennium shall be reserved for capital needs, including the purchase of vehicles for transporting crews and for collecting litter and solid waste. Capital funds shall be distributed among state agencies and local governments according to the same criteria provided in RCW 70.93.220 for the remainder of the funds, so that the most effective waste reduction, litter control, and recycling programs receive the most funding. The intent of this subsection is to provide funds for the purchase of equipment that will enable the department to account for the greatest return on investment in terms of reaching a zero litter goal.
(4) During the 2009-2011 fiscal biennium, the legislature may transfer from the waste reduction, recycling, and litter control account to the state general fund such amounts as reflect the excess fund balance of the account. Additionally, during the 2009-2011 fiscal biennium, subsection (1)(a), (b), and (c) of this section is suspended.

(5) During the 2011-2013 fiscal biennium, the legislature may transfer from the waste reduction, recycling, and litter control account to the state general fund such amounts as reflect the excess fund balance of the account. (xii) Development and demonstration of alternative management technologies designed to carry out the hazardous waste management priorities of RCW 70.105.150;
(xiii) During the 2009-2011 and 2011-2013 fiscal biennia, shoreline update technical assistance; and
(xiv) During the 2009-2011 fiscal biennium, multijurisdictional permitting teams; and

(2) The following moneys shall be deposited into the local toxics control account: Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-seven one-hundredths of one percent.

(b) Funds for plans and programs shall be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW, except that any applicant that is a Puget Sound partner, as defined in RCW 90.71.010, along with any project that is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310, shall, except as conditioned by RCW 70.105D.120, receive priority for any available funding for any grant or funding programs or sources that use a competitive bidding process. During the 2007-2009 fiscal biennium, moneys in the account may also be used for grants to local governments to retrofit public sector diesel equipment and for storm water planning and implementation activities.

(c) To expedite cleanups throughout the state, the department shall partner with local communities and liable parties for cleanups. The department is authorized to use the following additional strategies in order to ensure a healthful environment for future generations:
(i) The director may alter grant-matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:
(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;
(B) Funding would create new substantial economic development, public recreational, or habitat restoration opportunities that would not otherwise occur; or
(C) Funding would create an opportunity for acquisition and redevelopment of vacant, orphaned, or abandoned property under RCW 70.105D.040(5) that would not otherwise occur;
(ii) The use of outside contracts to conduct necessary studies;
(iii) The purchase of remedial action cost-cap insurance, when necessary to expedite multiparty clean-up efforts.

(4) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(5) Except during the 2009-2011 and 2011-2013 fiscal biennia, one percent of the moneys deposited into the
state and local toxics control accounts shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. During the 2011-2013 fiscal biennium, one-half of one percent of the moneys deposited in the state and local toxics control accounts shall be allocated only for public participation grants. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remediying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation from either account which are not expended at the close of any biennium shall revert to the state toxics control account.

(6) No moneys deposited into either the state or local toxics control account may be used for solid waste incinerator feasibility studies, construction, maintenance, or operation, or, after January 1, 2010, for projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(8) During the 2007-2009 and 2009-2011 fiscal biennia, the legislature may transfer from the local toxics control account to either the state general fund or the oil spill prevention account, or both such amounts as reflect excess fund balance in the account.

(9) During the 2009-2011 fiscal biennium, the local toxics control account may also be used for a standby rescue tug at Neah Bay, local government shoreline update grants, private and public sector diesel equipment retrofit, and oil spill prevention, preparedness, and response activities.

(10) During the 2009-2011 fiscal biennium, the legislature may transfer from the state toxics control account to the state general fund such amounts as reflect the excess fund balance in the account.

(11) During the 2011-2013 fiscal biennium, the local toxics control account may also be used for local government shoreline update grants and actions for reducing public exposure to toxic air pollution.

(1) The cleanup settlement account is created in the state treasury. The account is not intended to replace the state toxics control account established underRCW 70.105D.070. All receipts from the sources identified in subsection (2) of this section must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only as identified in subsection (4) of this section.

(2) The following receipts must be deposited into the cleanup settlement account:

(a) Receipts from settlements or court orders that direct payment to the account and resolve a person's liability or potential liability under this chapter for either or both of the following:

(i) Conducting future remedial action at a specific facility, if it is not feasible to require the person to conduct the remedial action based on the person's financial insolvency, limited ability to pay, or insignificant contribution under RCW 70.105D.040(4)(a);

(ii) Assessing or addressing the injury to natural resources caused by the release of a hazardous substance from a specific facility; and

(b) Receipts from investment of the moneys in the account.

(3) If a settlement or court order does not direct payment of receipts described in subsection (2)(a) of this section into the cleanup settlement account, then the receipts from any payment to the state must be deposited into the state toxics control account.

(4) Expenditures from the cleanup settlement account may only be used to conduct remedial actions at the specific facility or to assess or address the injury to natural resources caused by the release of hazardous substances from that facility for which the moneys were deposited in the account. Conducting remedial actions or assessing or addressing injury to natural resources includes direct expenditures and indirect expenditures such as department oversight costs. During the 2009-2011 and 2011-2013 fiscal (biennium) biennia, the legislature may transfer excess fund balances in the account into the state efficiency and restructuring account. Transfers of excess fund balances made under this section shall be made only to the extent amounts transferred with required repayments do not impair the ten-year spending plan administered by the department of ecology for environmental remedial actions dedicated for any designated clean-up site associated with the Everett smelter and Tacoma smelter, including plumes, or former Asarco mine sites. The cleanup settlement account must be repaid with interest under provisions of the state efficiency and restructuring account.

(5) The department shall track moneys received, interest earned, and moneys expended separately for each facility.

(6) After the department determines that all remedial actions at a specific facility, and all actions assessing or addressing injury to natural resources caused by the release of hazardous substances from that facility, are completed, including payment of all related costs, any moneys remaining for the specific facility must be transferred to the state toxics control account established under RCW 70.105D.070.

(7) The department shall provide the office of financial management and the fiscal committees of the legislature with a report by October 31st of each year regarding the activity within the cleanup settlement account during the previous fiscal year.

(2) Moneys received as deposits from successful bidders, advance payments, and security under RCW 79.15.100, 79.15.080, and 79.11.150 prior to December 1, 1981, which have not been subjected to deduction under this section are not subject to deduction under this section.

(3) Except as otherwise provided in subsection (5) of this section, the deductions authorized under this section shall not exceed twenty-five percent of the moneys received by the department in connection with any one transaction pertaining to state lands and aquatic lands other than second-class tide and shore lands and the beds of navigable waters, and fifty percent of the moneys received by the department pertaining to second-class tide and shore lands and the beds of navigable waters.

(4) In the event that the department sells logs using the contract harvesting process described in RCW 79.15.500 through 79.15.530, the moneys received subject to this section are the net proceeds from the contract harvesting sale.

(5) During the 2009-2011 fiscal biennium and fiscal year 2012, the twenty-five percent limitation on deductions set in subsection (3) of this section may be increased (up) to (thirty) twenty-seven percent by the board.

After appropriation, these funds shall be used solely for aquatic lands enhancement projects; for the purchase, improvement, or protection of aquatic lands for public purposes; for providing and improving access to the lands; and for volunteer cooperative fish and game projects. During the 2009-2011 and 2011-2013 fiscal biennia, the aquatic lands enhancement account may also be used for scientific research as part of the adaptive management process and for developing a planning report for McNeil Island. During the 2009-2011 and 2011-2013 fiscal biennia, the legislature may transfer from the aquatic lands enhancement account to the state general fund such amounts as reflect excess fund balance of the account.

(2) In providing grants for aquatic lands enhancement projects, the recreation and conservation funding board shall:

(a) Require grant recipients to incorporate the environmental benefits of the project into their grant applications;

(b) Utilize the statement of environmental benefits, consideration, except as provided in RCW 79.105.610, of whether the applicant is a Puget Sound partner, as defined in RCW 90.71.010, whether a project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310, and except as otherwise provided in RCW 79.105.630, and effective one calendar year following the development and statewide availability of model evergreen community management plans and ordinances under RCW 35.105.050, whether the applicant is an entity that has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030 in its prioritization and selection process; and

(c) Develop appropriate outcome-focused performance measures to be used both for management and performance assessment of the grants.

(3) To the extent possible, the department should coordinate its performance measure system with other natural resource-related agencies as defined in RCW 43.41.270.

(4) The department shall consult with affected interest groups in implementing this section.

(5) After January 1, 2010, any project designed to address the restoration of Puget Sound may be funded under this chapter only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

The department shall submit an approved annual budget for the Washington telephone assistance program to the department of revenue no later than March 1st prior to the beginning of each fiscal year. The department of revenue shall then determine the amount of telephone assistance excise tax to be placed on each switched access line and shall inform local exchange companies and the utilities and transportation commission of this amount no later than May 1st. The department of revenue shall determine the amount of telephone assistance excise tax by dividing the total of the program budget funded by the telephone assistance excise tax, as submitted by the department, by the total number of switched access lines in the prior calendar year. The telephone assistance excise tax shall be separately identified on each ratepayer's bill as the "Washington telephone assistance program." All money collected from the telephone assistance excise tax shall be transferred to a telephone assistance fund administered by the department.

(2) Local exchange companies shall bill the fund for their expenses incurred in offering the telephone assistance program, including administrative and program expenses. b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year (2010) 2011 caseload forecasts and utilization assumptions in the medical assistance, long-term care, foster care, adoptions support, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

Sec. 1109. 2011 c 5 s 208 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES–MEDICAL ASSISTANCE PROGRAM

General Fund–State Appropriation (FY 2010) $1,697,203,000
General Fund–State Appropriation (FY 2011) (($77,065,000))

Problem Gambling Account–State Appropriation........ $1,456,000
TOTAL APPROPRIATION .................................................... $334,336,000

Funds appropriated in this section are provided solely for grants to nonrural hospitals. The appropriations in this section are subject to the following conditions and limitations:

(1) Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(2) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(3) The legislature affirms that it is in the state’s interest for Harborview medical center to remain an economically viable component of the state’s health care system.

(4) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the department shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(5) ($444) In accordance with RCW 74.46.625((,)) $6,000,000 of the general fund–federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature’s intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature’s further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes’ as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the department’s discretion. During either the interim cost settlement or the final cost settlement, the department shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The department shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(6) $649,000 of the general fund–federal appropriation and $644,000 of the general fund–state appropriation for fiscal year 2011 are provided solely for grants to rural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients, and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(7) $5,726,000 of the general fund–state appropriation for fiscal year 2011, and $5,776,000 of the general fund–federal appropriation are provided solely for grants to nonrural hospitals.
The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients, and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(8) The department shall continue the inpatient hospital certified public expenditures program for the 2009-11 biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The department shall submit reports to the governor and legislature by November 1, 2009, and by November 1, 2010, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the department shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2010 and fiscal year 2011, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2009-11 biennial operating appropriations act (chapter 564, Laws of 2009) and in effect on July 1, 2009, (b) one half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2009-11 biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. $20,403,000 of the general fund--state appropriation for fiscal year 2010, of which $6,570,000 is appropriated in section ((204(1))) 1104(1) of this act, and ($20,403,000) $15,113,000 of the general fund--state appropriation for fiscal year 2011, of which $6,570,000 is appropriated in section ((204(1))) 1104(1) of this act, are provided solely for state grants for the participating hospitals. CPE hospitals will receive the inpatient and outpatient reimbursement rate restorations in section 9 and rate increases in section 10(1)(b) of Engrossed Second Substitute House Bill No. 2956 (hospital safety net assessment) funded through the hospital safety net assessment fund rather than through the baseline mechanism specified in this subsection.

(9) The department is authorized to use funds appropriated in this section to purchase goods and supplies through direct contracting with vendors when the department determines it is cost-effective to do so.

(10) $93,000 of the general fund--state appropriation for fiscal year 2010 and $93,000 of the general fund--federal appropriation are provided solely for the department to pursue a federal Medicaid waiver pursuant to Second Substitute Senate Bill No. 5945 (Washington health partnership plan). If the bill is not enacted by June 30, 2009, the amounts provided in this subsection shall lapse.

(11) The department shall require managed health care systems that have contracts with the department to serve medical assistance clients to limit any reimbursements or payments the systems make to providers not employed by or under contract with the systems to no more than the medical assistance rates paid by the department to providers for comparable services rendered to clients in the fee-for-service delivery system.

(12) A maximum of ($241,144,000) $247,809,000 in total funds from the general fund--state, general fund--federal, and tobacco and prevention control account--state appropriations may be expended in the fiscal biennium for the medical program pursuant to chapter 8, Laws of 2010 1st sp. sess. (security lifeline act), and these amounts are provided solely for this program. Of these amounts, $10,749,000 of the general fund--state appropriation for fiscal year 2010 and $10,892,000 of the general fund--federal appropriation are provided solely for payments to hospitals for providing outpatient services to low income patients who are recipients of lifeline benefits. Pursuant to RCW 74.09.035, the department shall not expend for the lifeline medical care services program any amounts in excess of the amounts provided in this subsection.

(13) Mental health services shall be included in the services provided through the managed care system for lifeline clients under chapter 8, Laws of 2010 1st sp. sess. In transitioning lifeline clients to managed care, the department shall attempt to deliver care to lifeline clients through medical homes in community and migrant health centers. The department, in collaboration with the carrier, shall seek to improve the transition rate of lifeline clients to the federal supplemental security income program. The department shall renegotiate the contract with the managed care plan that provides services for lifeline clients to maximize state retention of future hospital savings as a result of improved care coordination. The department, in collaboration with stakeholders, shall propose a new name for the lifeline program.

(14) The department shall evaluate the impact of the use of a managed care delivery and financing system on state costs and outcomes for lifeline medical clients. Outcomes measured shall include state costs, utilization, changes in mental health status and symptoms, and involvement in the criminal justice system.

(15) (12) The department shall report to the governor and the fiscal committees of the legislature by June 1, 2010, on its progress toward achieving a twenty percentage point increase in the generic prescription drug utilization rate.

(16) State funds shall not be used by hospitals for advertising purposes.

(17) $24,356,000 of the general fund--private/local appropriation and $35,707,000 of the general fund--federal appropriation are provided solely for the implementation of professional services supplemental payment programs. The department shall seek a medicaid state plan amendment to create a professional services supplemental payment program for University of Washington medicine professional providers no later than July 1,
NINETY NINTH DAY, APRIL 18, 2011
2009. The department shall apply federal rules for identifying the shortfall between current fee-for-service medicaid payments to participating providers and the applicable federal upper payment limit. Participating providers shall be solely responsible for providing the local funds required to obtain federal matching funds. Any incremental costs incurred by the department in the development, implementation, and maintenance of this program will be the responsibility of the participating providers. Participating providers will retain the full amount of supplemental payments provided under this program, net of any potential costs for any related audits or litigation brought against the state. The department shall report to the governor and the legislative fiscal committees on the prospects for expansion of the program to other qualifying providers as soon as it is determined feasible but no later than December 31, 2009. The report will outline estimated impacts on the participating providers, the procedures necessary to comply with federal guidelines, and the administrative resource requirements necessary to implement the program. The department will create a process for expansion of the program to other qualifying providers as soon as it is determined feasible by both the department and providers but no later than June 30, 2010.

(18) $9,079,000 of the general fund--state appropriation for fiscal year 2010, $8,588,000 of the general fund--state appropriation for fiscal year 2011, and $39,747,000 of the general fund--federal appropriation are provided solely for development and implementation of a replacement system for the existing medicaid management information system. The transportation coordinators shall ensure that data submitted by school districts for state transportation funding shall, to the greatest extent practical, reflect the actual transportation activity of each district.
The appropriations in this section are subject to the following conditions and limitations:

1. The superintendent of public instruction shall ensure that:
   (a) Special education students are basic education students first;
   (b) As a class, special education students are entitled to the full basic education allocation; and
   (c) Special education students are basic education students for the entire school day.

2. The superintendent of public instruction shall continue to implement the full cost method of excess cost accounting, as designed by the committee and recommended by the superintendent, pursuant to section 501(1)(k), chapter 372, Laws of 2006.

3. Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

4. The superintendent of public instruction shall distribute state funds to school districts based on two categories: (a) The first category includes (i) children birth through age two who are eligible for the optional program for special education eligible developmentally delayed infants and toddlers, and (ii) students eligible for the mandatory special education program and who are age three or four, or five and not yet enrolled in kindergarten; and (b) the second category includes students who are eligible for the mandatory special education program and who are age five and enrolled in kindergarten and students age six through 21.

(a) For the 2009-10 and 2010-11 school years, the superintendent shall make allocations to each district based on the sum of:
   (i) A district's annual average headcount enrollment of students ages birth through four and those five year olds not yet enrolled in kindergarten, as defined in subsection (4) of this section, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and
   (ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied...
(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools in the 2009-10 school year. In the 2010-11 school year, the per student allocation under this subsection (5)(b) shall include the same factors as in the 2009-10 school year, but shall also include the classified staff enhancements included in section 502(3)(b).

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age four enrollment and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, $19,512,000 of the general fund--state appropriation and $29,574,000 of the general fund--federal appropriation are provided for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (5) of this section. If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in this subsection (8) in any fiscal year, the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards. The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services. MOTION

On motion of Senator Murray, the rules were suspended, Engrossed Substitute House Bill No. 1087 as amended by the Senate was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF ORDER

Senator Sheldon: “Mr. President, I ask that you announce the number of votes necessary to pass Engrossed Substitute House Bill No. 1087. Mr. President, section 942 of Engrossed Substitute House Bill No. 1087 requires the State Treasurer to transfer eighty-five million dollars from the liquor revolving fund to the general fund in the 2011-13 bienniums. Mr. President, the liquor revolving account does not contain an additional unallocated eighty-five million dollars. Mr. President, section 942 of Engrossed Substitute House Bill No. 1087 the bill clearly imposes a tax and not a regulatory fee. The plain purpose of the added mark up is general fund revenue as opposed to liquor regulations. This constitutes quote, unquote ‘raising taxes’ as provided in Initiative 1053. The legislature can only raise taxes if supported by a two-thirds vote of each body. I request that you rule that a two-thirds super-majority of thirty-three votes is required in order to pass Engrossed Substitute House Bill No. 1087.”

Senator Murray spoke against the point of order.

RULING BY THE PRESIDENT

President Owen: “In ruling upon the point of order raised by Senator Sheldon as to the application of Initiative Number 1053 to Engrossed House Bill 1087 as amended by the Senate, the President finds and rules as follows:

The President believes that this is an issue of first impression, and he asks for the body’s patience as he sets forth this analysis.

Section 949 of the bill as amended transfers eighty-five million dollars from the liquor revolving fund to the state general fund for the next fiscal biennium. Senator Sheldon argues that, because there may be insufficient funds in the account presently, this action amounts to a tax under I-1053 because additional revenue would be necessary to make up any shortfall.

Dealing first with the transfer, the President believes that merely moving money that is already raised between accounts—without actually raising the money or changing the specific purpose for which it may be used at the point or time of collection—is not, in and of itself, an action which ‘raises revenue’ as that term is used in I-1053. This practice, commonly known as ‘sweeping’ of accounts, does not constitute any sort of revenue increase, and thus only a simple majority vote is needed to effect such a transfer.

Senator Sheldon argues, however, that the sweeping of the account when it has an insufficient balance effectively results in a tax increase, because some other state action will be needed to cover the shortfall. It is possible—perhaps even likely—that Senator Sheldon is correct: the transfer will leave an insufficient balance in the account which the Liquor Control Board can only make up by raising liquor prices. This is not, however, the only possible outcome. Possibly the Board would make additional service or facility cuts, or perhaps it would take some other action to cover the difference. Perhaps the estimates in this budget are incorrect, and there will be sufficient sums to cover the transfer. In fact, perhaps many possible things could happen, many different scenarios could eventuate—but it is not possible, at this point in time, to determine with precision which scenario will ultimately come to pass.

The President can determine, however, that all of the possibilities rely on subsequent agency action, not legislative action—and it is legislative action that I-1053 addresses.
Because the account transfer language found in the bill in and of itself is not an action or combination of actions of the legislature which raises revenue, it does not require a two-thirds vote.

For these reasons, only a constitutional majority vote of twenty-five is necessary and Senator Sheldon’s point is not well-taken.”

The President declared the question before the Senate to be the final passage of Engrossed Substitute House Bill No. 1087 as amended by the Senate.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute House Bill No. 1087 as amended by the Senate and the bill passed the Senate by the following vote:
Yeas, 34; Nays, 13; Absent, 0; Excused, 2.

Excused: Senators Morton and Parlette

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1087 as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PERSONAL PRIVILEGE

Senator Murray: “Thank you Mr. President. Well, as you all know the real heroes of any budget process are the budget staff. First of all, they asked, they sort of begged, not to be brought into the wings so they’re all watching us from their offices. So, that aside, our non partisan analytical staff as well as our two partisan caucus staff help write this budget, did so much to make this vote possible. Put in incredible long hours, from early morning to late nights, weekends. I’m sure their families have not seen them for months now. They deserve a large thanks for their incredible skill and hard work so let’s hear it for them.”

MESSAGE FROM THE HOUSE

April 5, 2011

MR. PRESIDENT:
The House passed SENATE BILL NO. 5625 with the following amendment(s): 5625 AMH ELHS PALC 039

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.215.260 and 2006 c 265 s 307 are each amended to read as follows:

(1) Each agency shall make application for a license or (renewal of) the continuation of a full license to the department on forms prescribed by the department. Upon receipt of such application, the department shall either grant or deny a license or continuation of a full license within ninety days. A license or continuation shall be granted if the agency meets the minimum requirements set forth in this chapter and the departmental requirements consistent with (the title) this chapter, except that an initial license may be issued as provided in RCW 43.215.280. The department shall consider whether an agency is in good standing, as defined in subsection (4)(b) of this section, before granting a continuation of a full license. Full licenses provided for in this section shall (be issued for a period of three years) continue to remain valid so long as the licensee meets the requirements for a nonexpiring license in subsection (2) of this section. The licensee, however, shall advise the director of any material change in circumstances which might constitute grounds for reclassification of license as to category. The license issued under this chapter is not transferable and applies only to the licensee and the location stated in the application. For licensed family day care homes having an acceptable history of child care, the license may remain in effect for two weeks after a move.

(2) In order to qualify for a nonexpiring full license, a licensee must meet the following requirements on an annual basis as established from the date of initial licensure:

(a) Submit the annual licensing fee;
(b) Submit a declaration to the department indicating the licensee’s intent to continue operating a licensed child care program, or the intent to cease operation on a date certain;
(c) Submit a declaration of compliance with all licensing rules; and
(d) Submit background check applications on the schedule established by the department.

(3) If a licensee fails to meet the requirements in subsection (2) of this section for continuation of a full license, the license expires and the licensee must submit a new application for licensure under this chapter.

(4)(a) The department shall establish time frames for monitoring visits of nonexpiring licensees not less than every eighteen months for family day care providers and not less than every twelve months for child day care centers and school-age programs. It is not the intent of the legislature to limit more frequent monitoring as determined by the department.

(b) For the purpose of this section, an agency is considered to be in good standing if in the intervening period between monitoring visits that agency does not have any of the following:

(i) Valid complaints;
(ii) A history of noncompliance related to those valid complaints or pending from prior monitoring visits; or
(iii) Other information that when evaluated would result in a finding of noncompliance with this section.

(c) The department shall consider whether an agency is in good standing when determining the most appropriate approach and process for monitoring visits, for the purposes of administrative efficiency while protecting children consistent with this chapter. If the department determines that an agency is not in good standing, the department may issue a probationary license, as provided in RCW 43.215.290.

Sec. 2. RCW 43.215.290 and 2006 c 265 s 310 are each amended to read as follows:

(1) The department may issue a probationary license to a licensee who has had (a) an initial, expiring, or other license but is temporarily unable to comply with a rule or has been the subject of multiple complaints or concerns about noncompliance if:

(a) The noncompliance does not present an immediate threat to the health and well-being of the children but would be likely to do so if allowed to continue; and
(b) The licensee has a plan approved by the department to correct the area of noncompliance within the probationary period.

(2) Before issuing a probationary license, the department shall, in writing, refer the licensee to the child care resource and referral network or other appropriate resource for technical assistance. The

"Sec. 1. RCW 28B.95.020 and 2007 c 405 s 8 are each amended to read as follows:
The definitions in this section apply throughout this chapter, unless the context clearly requires otherwise.

(2) "Account" means the Washington advanced college tuition payment program account established for the deposit of all money received by the board from eligible purchasers and interest earnings on investments of funds in the account, as well as for all expenditures on behalf of eligible beneficiaries for the redemption of tuition units and for the development of any authorized college savings program pursuant to RCW 28B.95.150.
(3) "Board" means the higher education coordinating board as defined in chapter 28B.76 RCW.
(4) "Committee on advanced tuition payment" or "committee" means a committee of the following members: The state treasurer, the director of the office of financial management, the executive director of the higher education coordinating board, or their designees, and two members to be appointed by the governor for four-year terms, one representing program participants and one private business representative with marketing, public relations, or financial expertise.
(5) "Governing body" means the committee empowered by the legislature to administer the Washington advanced college tuition payment program.
(6) "Contractual obligation" means a legally binding contract of the state with the purchaser and the beneficiary establishing that purchases of tuition units will be worth the same number of tuition units at the time of redemption as they were worth at the time of the purchase.

Senator Hargrove moved that the Senate refuse to concur in the House amendment(s) to Senate Bill No. 5625 and ask the House to recede therefrom.

Senator Hargrove spoke in favor of passage of the bill.
The President declared the question before the Senate to be the motion by Senator Hargrove that the Senate refuse to concur in the House amendment(s) to Senate Bill No. 5625 and ask the House to recede therefrom.
The motion by Senator Hargrove carried and the Senate refused to concur in the House amendment(s) to Senate Bill No. 5625 and asked the House to recede therefrom.
projected investment returns, and the need for a prudent stabilization

shall also include, but not be limited to consideration of past and

actuarial soundness of the account.  The analysis for price setting

adjusted for the costs of administration and adjusted to ensure the

minimum purchase price is one percent of the undergraduate tuition

(15) "Unit purchase price" means the minimum cost to purchase

one tuition unit for an eligible beneficiary.  Generally, the

minimum purchase price is one percent of the undergraduate tuition

and fees for the current year, rounded to the nearest whole dollar,

adjusted for the costs of administration and adjusted to ensure the

actuarial soundness of the account.  The analysis for price setting

shall also include, but not be limited to consideration of past and

projected patterns of tuition increases, program liability, past and

projected investment returns, and the need for a prudent stabilization

reserve.

Sec. 2.  RCW 28B.95.030 and 2005 c 272 s 2 are each

amended to read as follows:

(1) The Washington advanced college tuition payment program

shall be administered by the committee on advanced tuition

payment which shall be chaired by the executive director of the

board.  The committee shall be supported by staff of the board.

(2)(a) The Washington advanced college tuition payment program

shall consist of the sale of tuition units, which may be

redeemed by the beneficiary at a future date for an equal number of

tuition units regardless of any increase in the price of tuition, that

may have occurred in the interval.

(b) Each purchase shall be worth a specified number of or

fraction of tuition units at each state institution of higher education

as determined by the governing body.

(c) The number of tuition units necessary to pay for a full year's,

full-time undergraduate tuition and fee charges at a state institution

of higher education shall be set by the governing body at the time a

purchaser enters into a tuition unit contract.

(d) The governing body may limit the number of tuition units

purchased by any one purchaser or on behalf of any one beneficiary,

however, no limit may be imposed that is less than that necessary to

achieve four years of full-time, undergraduate tuition charges at a state

institution of higher education.  The governing body also may, at its
discretion, limit the number of participants, if needed, to ensure the

actuarial soundness and integrity of the program.

(e) While the Washington advanced college tuition payment program

is designed to help all citizens of the state of Washington,

the governing body may determine residency requirements for

eligible purchasers and eligible beneficiaries to ensure the actuarial

soundness and integrity of the program.

(3)(a) No tuition unit may be redeemed until two years after the

purchase of the unit.  Units may be redeemed for enrollment at any

institution of higher education that is recognized by the internal

revenue service under chapter 529 of the internal revenue code.

(b) Units redeemed at a nonstate institution of higher education or

for graduate enrollment shall be redeemed at the rate for state

public institutions in effect at the time of redemption.

(4) The governing body shall determine the conditions under

which the tuition benefit may be transferred to another family

member.  In permitting such transfers, the governing body may not

allow the tuition benefit to be bought, sold, bartered, or otherwise

exchanged for goods and services by either the beneficiary or the

purchaser.

(5) The governing body shall administer the Washington

advanced college tuition payment program in a manner reasonably

designed to be actuarially sound, such that the assets of the trust will

be sufficient to defray the obligations of the trust including the costs

of administration.  The governing body may, at its discretion, discount

the minimum purchase price for certain kinds of purchases such as those from families with young children, as long as the

actuarial soundness of the account is not jeopardized.

(6) The governing body shall annually determine current value of

a tuition unit.

(7) The governing body shall promote, advertise, and publicize

the Washington advanced college tuition payment program.

(8) In addition to any other powers conferred by this chapter, the

governing body may:

(a) Impose reasonable limits on the number of tuition units or

units that may be used in any one year;

(b) Determine and set any time limits, if necessary, for the use

of benefits under this chapter;

(c) Impose and collect administrative fees and charges in

connection with any transaction under this chapter;

(d) Appoint and use advisory committees and the state actuary

as needed to provide program direction and guidance;

(e) Formulate and adopt all other policies and rules necessary

for the efficient administration of the program;

(f) Consider the addition of an advanced payment program for

room and board contracts and also consider a college savings

program;

(g) Purchase insurance from insurers licensed to do business in

the state, to provide for coverage against any loss in connection with

the account's property, assets, or activities or to further insure the

value of the tuition units;

(h) Make, execute, and deliver contracts, conveyances, and

other instruments necessary to the exercise and discharge of its

powers and duties under this chapter;

(i) Contract for the provision for all or part of the services

necessary for the management and operation of the program with

other state or nonstate entities authorized to do business in the state;

(j) Contract for other services or for goods needed by the

governing body in the conduct of its business under this chapter;

(k) Contract with financial consultants, actuaries, auditors, and

other consultants as necessary to carry out its responsibilities under

this chapter;

(l) Solicit and accept cash donations and grants from any

person, governmental agency, private business, or organization; and

(m) Perform all acts necessary and proper to carry out the duties

and responsibilities of this program under this chapter.

Sec. 3.  RCW 28B.95.080 and 1997 c 289 s 8 are each

amended to read as follows:

The governing body shall annually evaluate, and cause to be
evaluated by ((a nationally recognized)) the state actuary, the
soundness of the account and determine the additional assets
needed, if any, to defray the obligations of the account.  The

governing body shall also adopt an actuarially sound and prudently
predictable reserving strategy that provides long-term assets to meet
the long-term obligations of the account.

If funds are ((not sufficient)) determined by the governing body,
based on actuarial analysis to be insufficient to ensure the actuarial
soundness of the account, the governing body shall adjust the price
of subsequent tuition credit purchases to ensure its soundness.

If there are insufficient numbers of new purchases to ensure the
actuarial soundness of the account, the governing body shall request
such funds from the legislature as are required to ensure the integrity
of the program.  Funds may be appropriated directly to the account
or appropriated under the condition that they be repaid at a later date.
Sec. 4. RCW 28B.95.150 and 2001 c 184 s 2 are each amended to read as follows:

(1) The committee may establish a college savings program. If such a program is established, the college savings program shall be established, in such form as may be determined by the committee, to be a qualified state tuition program as defined by the internal revenue service under section 529 of the internal revenue code, and shall be administered in a manner consistent with the Washington advanced college tuition payment program. The committee, in planning and devising the program, shall consult with the state investment board, the state treasurer, ((a qualified actuarial consulting firm with appropriate expertise to evaluate such plans)), the state actuary, the legislative fiscal and higher education committees, and the institutions of higher education.

(2) Up to two hundred thousand dollars of administrative fees collected from guaranteed education tuition program participants may be applied as a loan to fund the development of a college savings program. This loan must be repaid with interest before the conclusion of the biennium in which the committee draws funds for this purpose from the advanced college tuition payment program account.

(3) If such a college savings program is established, the college savings program account is created in the custody of the state treasurer for the purpose of administering the college savings program. If created, the account shall be a discrete nontreasury account in the custody of the state treasurer. Interest earnings shall be retained in accordance with RCW 43.79A.040. Disbursements from the account, except for program administration, are exempt from appropriations and the allotment provisions of chapter 43.88 RCW. Money used for program administration is subject to the allotment provisions, but without appropriation.

(4) The committee, after consultation with the state investment board, shall determine the investment policies for the college savings program. Program contributions may be invested by the state investment board or the committee may contract with an investment company licensed to conduct business in this state to do the investing. The committee shall keep or cause to be kept full and adequate accounts and records of the assets of each individual participant in the college savings program.

(5) Neither the state nor any eligible educational institution may be considered or held to be an insurer of the funds or assets of the individual participant accounts in the college savings program created under this section nor may any such entity be held liable for any shortage of funds in the event that balances in the individual participant accounts are insufficient to meet the educational expenses of the institution chosen by the student for which the individual participant account was intended.

(6) The committee shall adopt rules to implement this section. Such rules shall include but not be limited to administration, investment management, promotion, and marketing; compliance with internal revenue service standards; application procedures and fees; start-up costs; phasing in the savings program and withdrawals therefrom; deterrents to early withdrawals and provisions for hardship withdrawals; and reenrollment in the savings program after withdrawal.

(7) The committee may, at its discretion, determine to cease operation of the college savings program if it determines the continuation is not in the best interest of the state. The committee shall adopt rules to implement this section addressing the orderly distribution of assets.

Sec. 5. RCW 44.44.040 and 2003 c 295 s 4 and 2003 c 92 s 2 are each reenacted and amended to read as follows:

The office of the state actuary shall have the following powers and duties:

(1) Perform all actuarial services for the department of retirement systems, including all studies required by law.

(2) Advise the legislature and the governor regarding pension benefit provisions, and funding policies and investment policies of the state investment board.

(3) Consult with the legislature and the governor concerning determination of actuarial assumptions used by the department of retirement systems.

(4) Prepare a report, to be known as the actuarial fiscal note, on each pension bill introduced in the legislature which briefly explains the financial impact of the bill. MR. PRESIDENT:
The House passed SUBSTITUTE SENATE BILL NO. 5540 with
the following amendment(s): 5540-S AMH TR H2409.1
Strike everything after the enacting clause and insert the
following:
"NEW SECTION. Sec. 1. The legislature recognizes that
the safe transportation of children to and from school is a shared
responsibility of the school district and the driving public. In
order to increase public awareness of their responsibility, it is the intent of
the legislature that the state superintendent of public instruction
coordinate with school districts and any other relevant agencies who
voluntarily choose to participate in a national stop arm violation day
annually between March 1st and May 15th.
NEW SECTION. Sec. 2. A new section is added to chapter
46.63 RCW to read as follows:
(1) School districts may install and operate automated school
bus safety cameras on school buses to be used for the detection of
violations of RCW 46.61.370(1) if the use of the cameras is
approved by a vote of the school district board of directors. School
districts are not required to take school buses out of service if the
buses are not equipped with automated school bus safety cameras or
functional automated safety cameras. Further, school districts shall
be held harmless from and not liable for any criminal or civil
liability arising under the provisions of this section.
(a) Automated school bus safety cameras may only take pictures of
the vehicle and vehicle license plate and only while an infraction
is occurring. The picture must not reveal the face of the driver or of
passengers in the vehicle.
(b) A notice of infraction must be mailed to the registered owner
of the vehicle within fourteen days of the violation, or to the renter
of a vehicle within fourteen days of establishing the renter's name
and address under subsection (2)(a)(i) of this section. The law
enforcement officer issuing the notice of infraction shall include a
certificate or facsimile of the notice, based upon inspection of
photographs, microphotographs, or electronic images produced by
an automated school bus safety camera, stating the facts supporting
the notice of infraction. This certificate or facsimile is prima facie
evidence of the facts contained in it and is admissible in a
proceeding charging a violation under this chapter. The
photographs, microphotographs, or electronic images evidencing
the violation must be available for inspection and admission into
evidence in a proceeding to adjudicate the liability for the infraction.
A person receiving a notice of infraction based on evidence detected
by an automated school bus safety camera may respond to the notice
by mail.
(c) The registered owner of a vehicle is responsible for an
infraction under RCW 46.63.030(1)(e) unless the registered owner
overcomes the presumption in RCW 46.63.075, or, in the case of a
rental car business, satisfies the conditions under subsection (2) of
this section. If appropriate under the circumstances, a renter
identified under subsection (2)(a)(i) of this section is responsible for
an infraction.
(d) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(e) If a school district installs and operates an automated school bus safety camera under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment. Further, any repair, replacement, or administrative work costs related to installing or repairing automated school bus safety cameras must be solely paid for by the manufacturer or vendor of the cameras. Before entering into a contract with the manufacturer or vendor of the equipment used under this subsection (1)(e), the school district must follow the competitive bid process as outlined in RCW 28A.35.190(1).

(f) Any revenue collected from infractions detected through the use of automated school bus safety cameras, less the administration and operating costs of the cameras, must be remitted to school districts for school zone safety projects as determined by the school district using the automated school bus safety cameras. The administration and operating costs of the cameras includes enforcement and processing costs that are incurred by local law enforcement or local courts.

(2)(a) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction is issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(i) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred;

(ii) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection (2)(a)(ii) must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(iii) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

(b) Timely mailing of a statement under this subsection to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(3) For purposes of this section, "automated school bus safety cameras" means a device that is affixed to a school bus that is synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a vehicle at the time the vehicle is detected for an infraction identified in RCW 46.61.370(1).

Sec. 3. RCW 46.61.370 and 1997 c 80 s 1 are each amended to read as follows:

(1) The driver of a vehicle upon overtaking or meeting from either direction any school bus which has stopped on the roadway for the purpose of receiving or discharging any school children shall stop the vehicle before reaching such school bus when there is in operation on said school bus a visual signal as specified in RCW 46.37.190 and said driver shall not proceed until such school bus resumes motion or the visual signals are no longer activated.

(2) The driver of a vehicle upon a highway divided into separate roadways as provided in RCW 46.61.150 need not stop upon meeting a school bus which is proceeding in the opposite direction and is stopped for the purpose of receiving or discharging school children.

(3) The driver of a vehicle upon a highway with three or more marked traffic lanes need not stop upon meeting a school bus which is proceeding in the opposite direction and is stopped for the purpose of receiving or discharging school children.

(4) The driver of a school bus shall actuate the visual signals required by RCW 46.37.190 only when such bus is stopped on the roadway for the purpose of receiving or discharging school children.

(5) The driver of a school bus may stop completely off the roadway for the purpose of receiving or discharging school children only when the school children do not have to cross the roadway. The school bus driver shall actuate the hazard warning lamps as defined in RCW 46.37.215 before loading or unloading school children at such stops.

(6) Except as provided in subsection (7) of this section, a person found to have committed an infraction of subsection (1) of this section shall be assessed a monetary penalty equal to twice the total penalty assessed under RCW 46.63.110. This penalty may not be waived, reduced, or suspended. Fifty percent of the money so collected shall be deposited into the school zone safety account in the custody of the state treasurer and disbursed in accordance with RCW 46.61.440((49b)) (5).

(7) An infraction of subsection (1) of this section detected through the use of an automated school bus safety camera under section 2 of this act; or

(a) When the infraction is committed in the officer's presence;

(b) When the officer is acting upon the request of a law enforcement officer in whose presence the traffic infraction was committed;

(c) If an officer investigating at the scene of a motor vehicle accident has reasonable cause to believe that the driver of a motor vehicle involved in the accident has committed a traffic infraction;

(d) When the infraction is detected through the use of a photo enforcement system under RCW 46.63.160; (ii)

(e) When the infraction is detected through the use of an automated school bus safety camera under section 2 of this act; or

(f) When the infraction is detected through the use of an automated traffic safety camera under RCW 46.63.170.

(2) A court may issue a notice of traffic infraction upon receipt of a written statement of the officer that there is reasonable cause to believe that an infraction was committed.

(3) If any motor vehicle without a driver is found parked, standing, or stopped in violation of this title or an equivalent administrative regulation or local law, ordinance, regulation, or resolution, the officer finding the vehicle shall take its registration number and may take any other information displayed on the vehicle which may identify its user, and shall conspicuously affix to the vehicle a notice of traffic infraction.
(4) In the case of failure to redeem an abandoned vehicle under RCW 46.55.120, upon receiving a complaint by a registered tow truck operator that has incurred costs in removing, storing, and disposing of an abandoned vehicle, an officer of the law enforcement agency responsible for directing the removal of the vehicle shall send a notice of infraction by certified mail to the last known address of the person responsible under RCW 46.55.105. The notice must be entitled “Littering—Abandoned Vehicle” and give notice of the monetary penalty. The officer shall append to the notice of infraction, on a form prescribed by the department of licensing, a notice indicating the amount of costs incurred as a result of removing, storing, and disposing of the abandoned vehicle, less any amount realized at auction, and a statement that monetary penalties for the infraction will not be considered as having been paid until the monetary penalty payable under this chapter has been paid and the court is satisfied that the person has made restitution in the amount of the deficiency remaining after disposal of the vehicle.

Sec. 5. RCW 46.63.030 and 2010 c 249 s 5 are each amended to read as follows:

(1) A law enforcement officer has the authority to issue a notice of traffic infraction:

(a) When the infraction is committed in the officer's presence;
(b) When the officer is acting upon the request of a law enforcement officer in whose presence the traffic infraction was committed;
(c) If an officer investigating at the scene of a motor vehicle accident has reasonable cause to believe that the driver of a motor vehicle involved in the accident has committed a traffic infraction;
(d) When the infraction is detected through the use of an automated traffic safety camera under RCW 46.63.170; or
(e) When the infraction is detected through the use of an automated school bus safety camera under section 2 of this act.

(2) A court may issue a notice of traffic infraction upon receipt of a written statement of the officer that there is reasonable cause to believe that an infraction was committed.

(3) If any motor vehicle without a driver is found parked, standing, or stopped in violation of this title or an equivalent administrative regulation or local law, ordinance, regulation, or resolution, the officer finding the vehicle shall take its registration number and may take any other information displayed on the vehicle which may identify its user, and shall conspicuously affix to the vehicle a notice of traffic infraction.

(4) In the case of failure to redeem an abandoned vehicle under RCW 46.55.120, upon receiving a complaint by a registered tow truck operator that has incurred costs in removing, storing, and disposing of an abandoned vehicle, an officer of the law enforcement agency responsible for directing the removal of the vehicle shall send a notice of infraction by certified mail to the last known address of the person responsible under RCW 46.55.105. The notice must be entitled “Littering—Abandoned Vehicle” and give notice of the monetary penalty. The officer shall append to the notice of infraction, on a form prescribed by the department of licensing, a notice indicating the amount of costs incurred as a result of removing, storing, and disposing of the abandoned vehicle, less any amount realized at auction, and a statement that monetary penalties for the infraction will not be considered as having been paid until the monetary penalty payable under this chapter has been paid and the court is satisfied that the person has made restitution in the amount of the deficiency remaining after disposal of the vehicle.

Sec. 6. RCW 46.63.075 and 2005 c 167 s 3 are each amended to read as follows:

(1) In a traffic infraction case involving an infraction detected through the use of a photo enforcement system under RCW 46.63.160, (((as))) detected through the use of an automated traffic safety camera under RCW 46.63.170, or detected through the use of an automated school bus safety camera under section 2 of this act, proof that the particular vehicle described in the notice of traffic infraction was in violation of any such provision of RCW 46.63.160 or 46.63.170, together with proof that the person named in the notice of traffic infraction was at the time of the violation the registered owner of the vehicle, constitutes in evidence a prima facie presumption that the registered owner of the vehicle was the person in control of the vehicle at the point where, and for the time during which, the violation occurred.

(2) This presumption may be overcome only if the registered owner states, under oath, in a written statement to the court or in testimony before the court that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner.

MR. PRESIDENT:
The House passed SUBSTITUTE SENATE BILL NO. 5579 with the following amendment(s): 5579-S AMH JUDI H2157.1

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 10.14.150 and 2005 c 196 s 1 are each amended to read as follows:

(1) The district courts shall have original jurisdiction and jurisdiction and cognizance of any civil actions and proceedings brought under this chapter, except the district court shall transfer such actions and proceedings to the superior court when it is shown that (a) the respondent to the petition is under eighteen years of age; (b) the action involves title or possession of real property; (c) a superior court has exercised or is exercising jurisdiction over a proceeding involving the parties; or (d) the action would have the effect of interfering with a respondent's care, control, or custody of the respondent's minor child.

(2) Municipal courts may exercise jurisdiction and jurisdiction and cognizance of any civil actions and proceedings brought under this chapter by adoption of local court rule, except the municipal court shall transfer such actions and proceedings to the superior court when it is shown that (a) the respondent to the petition is under eighteen years of age; (b) the action involves title or possession of real property; (c) a superior court has exercised or is exercising jurisdiction over a proceeding involving the parties; or (d) the action would have the

effect of interfering with a respondent's care, control, or custody of the respondent's minor child.

(3) Superior courts shall have concurrent jurisdiction to receive transfer of antiharassment petitions in cases where a district or municipal court judge makes findings of fact and conclusions of law showing that meritorious reasons exist for the transfer. The municipal and district courts shall have jurisdiction and cognizance of any criminal actions brought under RCW 10.14.120 and 10.14.170.

Sec. 2. RCW 10.14.020 and 2001 c 260 s 2 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Unlawful harassment" means a knowing and willful course of conduct directed at a specific person which seriously alarms, annoys, harasses, or is detrimental to such person, and which serves no legitimate or lawful purpose. The course of conduct shall be such as would cause a reasonable person to suffer substantial emotional distress, and shall actually cause substantial emotional distress to the petitioner, or, when the course of conduct would cause a reasonable parent to fear for the well-being of their child.

(2) "Course of conduct" means a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose. "Course of conduct" includes, in addition to any other form of communication, contact, or conduct, the sending of an electronic communication, but does not include constitutionally protected free speech. Constitutionally protected activity is not included within the meaning of "course of conduct."

Sec. 3. RCW 10.14.080 and 2001 c 311 s 1 are each amended to read as follows:

(1) Upon filing a petition for a civil antiharassment protection order under this chapter, the petitioner may obtain an ex parte temporary antiharassment protection order. An ex parte temporary antiharassment protection order may be granted with or without notice upon the filing of an affidavit which, to the satisfaction of the court, shows reasonable proof of unlawful harassment of the petitioner by the respondent and that great or irreparable harm will result to the petitioner if the temporary antiharassment protection order is not granted.

(2) An ex parte temporary antiharassment protection order shall be effective for a fixed period not to exceed fourteen days or twenty-four days if the court has permitted service by publication under RCW 10.14.085. The ex parte order may be reissued. A full hearing, as provided in this chapter, shall be set for not later than fourteen days from the issuance of the temporary order or not later than twenty-four days if service by publication is permitted. Except as provided in RCW 10.14.070 and 10.14.085, the respondent shall be personally served with a copy of the ex parte order along with a copy of the petition and notice of the date set for the hearing. The ex parte order and notice of hearing shall include at a minimum the date and time of the hearing set by the court to determine if the temporary order should be made effective for one year or more, and notice that if the respondent should fail to appear or otherwise not respond, an order for protection will be issued against the respondent pursuant to the provisions of this chapter, for a minimum of one year from the date of the hearing. The notice shall also include a brief statement of the provisions of the ex parte order and notify the respondent that a copy of the ex parte order and notice of hearing has been filed with the clerk of the court.

(3) At the hearing, if the court finds by a preponderance of the evidence that unlawful harassment exists, a civil antiharassment protection order shall issue prohibiting such unlawful harassment.

(4) An order issued under this chapter shall be effective for not more than one year unless the court finds that the respondent is likely to resume unlawful harassment of the petitioner when the
order expires. If so, the court may enter an order for a fixed time exceeding one year or may enter a permanent antiharassment protection order. The court shall not enter an order that is effective for more than one year if the order restrains the respondent from contacting the respondent's minor children. This limitation is not applicable to civil antiharassment protection orders issued under chapter 26.09, 26.10, or 26.26 RCW. If the petitioner seeks relief for a period longer than one year on behalf of the respondent's minor children, the court shall advise the petitioner that the petitioner may apply for renewal of the order as provided in this chapter or if appropriate may seek relief pursuant to chapter 26.09 or 26.10 RCW.

(5) At any time within the three months before the expiration of the order, the petitioner may apply for a renewal of the order by filing a petition for renewal. The petition for renewal shall state the reasons why the petitioner seeks to renew the protection order. Upon receipt of the petition for renewal, the court shall order a hearing which shall be not later than fourteen days from the date of the order. Except as provided in RCW 10.14.085, personal service shall be made upon the respondent not less than five days before the hearing. If timely service cannot be made the court shall set a new hearing date and shall either require additional attempts at obtaining personal service or permit service by publication as provided by RCW 10.14.085. If the court permits service by publication, the court shall set the new hearing date not later than twenty-four days from the date of the order. If the order expires because timely service cannot be made the court shall grant an ex parte order of protection as provided in this section. The court shall grant the petition for renewal unless the respondent proves by a preponderance of the evidence that the respondent will not resume harassment of the petitioner when the order expires. The court may renew the protection order for another fixed time period or may enter a permanent order as provided in subsection (4) of this section.

(6) The court, in granting an ex parte temporary antiharassment protection order or a civil antiharassment protection order, shall have broad discretion to grant such relief as the court deems proper, including an order:

(a) Restraining the respondent from making any attempts to contact the petitioner;
(b) Restraining the respondent from making any attempts to keep the petitioner under surveillance;
(c) Requiring the respondent to stay a stated distance from the petitioner's residence and workplace; and
(d) Considering the provisions of RCW 9.41.800.

(7) The court in granting an ex parte temporary antiharassment protection order or a civil antiharassment protection order, shall not prohibit the respondent from exercising constitutionally protected free speech. Nothing in this section prohibits the petitioner from utilizing other civil or criminal remedies to restrain conduct or communications not otherwise constitutionally protected.

(8) The court in granting an ex parte temporary antiharassment protection order or a civil antiharassment protection order, shall not prohibit the respondent from the use or enjoyment of real property to which the respondent has a cognizable claim unless that order is issued under chapter 26.09 RCW or under a separate action commenced with a summons and complaint to determine title or possession of real property.

(9) The court in granting an ex parte temporary antiharassment protection order or a civil antiharassment protection order, shall not limit the respondent's right to care, control, or custody of the respondent's minor child, unless that order is issued under chapter 13.32A, 26.09, 26.10, or 26.26 RCW.

(10) A petitioner may not obtain an ex parte temporary antiharassment protection order against a respondent if the petitioner has previously obtained two such ex parte orders against the same respondent but has failed to obtain the issuance of a civil antiharassment protection order unless good cause for such failure can be shown.

(11) The court shall specify the date an order issued pursuant to subsections (4) and (5) of this section expires if any. The court order shall state whether the court issued the protection order following personal service or service by publication and whether the court has approved service by publication of an order issued under this section.

Sec. 4. RCW 9A.46.040 and 1985 c 288 s 4 are each amended to read as follows:

(1) Because of the likelihood of repeated harassment directed at those who have been victims of harassment in the past, when any defendant charged with a crime involving harassment is released from custody before trial on bail or personal recognizance, the court authorizing the release may require that the defendant:

(a) Stay away from the home, school, business, or place of employment of the victim or victims of the alleged offense or other location, as shall be specifically named by the court in the order;
(b) Refrain from contacting, intimidating, threatening, or otherwise interfering with the victim or victims of the alleged offense and such other persons, including but not limited to members of the family or household of the victim, as shall be specifically named by the court in the order.

(2) An intentional violation of a court order issued under this section or an equivalent local ordinance is a misdemeanor. The written order releasing the defendant shall contain the court's directives and shall bear the legend: Violation of this order is a criminal offense under chapter 9A.46 RCW. A certified copy of the order shall be provided to the victim by the clerk of the court.

Sec. 5. RCW 9A.46.080 and 1985 c 288 s 8 are each amended to read as follows:

The victim shall be informed by local law enforcement agencies or the prosecuting attorney of the final disposition of the case in which the victim is involved. If a defendant is found guilty of a crime of harassment and a condition of the sentence restricts the defendant's ability to have contact with the victim or witnesses, the condition shall be recorded and a written certified copy of that order shall be provided to the victim or witnesses by the clerk of the court. Willful violation of a court order issued under this section or an equivalent local ordinance is a misdemeanor. The written order shall contain the court's directives and shall bear the legend: Violation of this order is a criminal offense under chapter 9A.46 RCW and will subject a violator to arrest.

NEW SECTION. Sec. 6. A new section is added to chapter 10.14 RCW to read as follows:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 61.24 RCW to read as follows:

(1) Whenever (a) consummation of a written agreement for the purchase and sale of owner-occupied residential real property would result in contractual sale proceeds that are insufficient to pay in full the obligation owed to a senior beneficiary of a deed of trust encumbering the residential real property, and (b) the seller makes a written offer to the senior beneficiary to accept the entire net proceeds of the sale in order to facilitate closing of the purchase and sale, then the senior beneficiary must, within one hundred twenty days after the receipt of the written offer, deliver to the seller, in writing, an acceptance, rejection, or counter-offer of the seller's written offer. The senior beneficiary may determine, in its sole discretion, whether to accept, reject, or counter-offer the seller's written offer.

(2) This section applies only when the written offer to the senior beneficiary is received by the senior beneficiary prior to the issuance of a notice of default. The offer must include a copy of the purchase and sale agreement. The offer must be sent to the address of the senior beneficiary or the address of a party acting as a servicer of the obligation secured by the deed of trust.

(3) A seller has a right of action for actual monetary damages incurred as a result of the senior beneficiary's failure to comply with the requirements of subsection (1) of this section.

(4) A senior beneficiary is not liable for the actions or inactions of any other lien holder.

(5)(a) This section does not apply to deeds of trust: (i) securing a commercial loan; (ii) securing obligations of a grantor who is not the borrower or a guarantor; or (iii) securing a purchaser's obligations under a seller-financed sale.

(b) This section does not apply to beneficiaries that are exempt from section 7, chapter ___ (2SHB 1362), laws of 2011, if enacted, or if not enacted, to beneficiaries that conduct fewer than two hundred fifty trustee sales per year.

(6) This section does not alter a beneficiary's right to issue a notice of default and does not lengthen or shorten any time period imposed or required under this chapter.

Sec. 2. RCW 61.24.127 and 2009 c 292 s 6 are each amended to read as follows:

(1) The failure of the borrower or grantor to bring a civil action to enjoin a foreclosure sale under this chapter may not be deemed a waiver of a claim for damages asserting:

(a) Common law fraud or misrepresentation;

(b) A violation of Title 19 RCW; (c) (ae)

(c) Failure of the trustee to materially comply with the provisions of this chapter; or

(d) A violation of section 1 of this act.

(2) The nonwaived claims listed under subsection (1) of this section are subject to the following limitations:

(a) The claim must be asserted or brought within two years from the date of the foreclosure sale or within the applicable statute of limitations for such claim, whichever expires earlier;

(b) The claim may not seek any remedy at law or in equity other than monetary damages;

(c) The claim may not affect in any way the validity or finality of the foreclosure sale or a subsequent transfer of the property;

(d) A borrower or grantor who files such a claim is prohibited from recording a lis pendens or any other document purporting to create a similar effect, related to the real property foreclosed upon;

(e) The claim may not operate in any way to encumber or cloud the title to the property that was subject to the foreclosure sale, except to the extent that a judgment on the claim in favor of the borrower or grantor may, consistent with RCW 4.56.190, become a judgment lien on real property then owned by the judgment debtor; and

(f) The relief that may be granted for judgment upon the claim is limited to actual damages. However, if the borrower or grantor brings in the same civil action a claim for violation of chapter 19.86 RCW, arising out of the same alleged facts, relief under chapter 19.86 RCW is limited to actual damages, treble damages as provided for in RCW 19.86.090, and the costs of suit, including a reasonable attorney's fee.

(((5) 

(6)) (3) This section applies only to foreclosures of owner-occupied residential real property.

(((5) 

(6)) (4) This section does not apply to the foreclosure of a deed of trust used to secure a commercial loan.

1. $6,000,000 of the motor vehicle account–state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. The department shall prioritize low-cost enhancement projects on a statewide rather than regional basis. By June 30, 2013, the department shall report to the transportation committees of the legislature on whether private transportation provider use of high occupancy vehicle lanes under the pilot program reduces the speeds of high occupancy vehicle lanes. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure. If chapter... (Substitute Senate Bill No. 5836), Laws of 2011 is enacted by June 30, 2011, this subsection is null and void.

4. $9,000,000 of the motor vehicle account–state appropriation is provided solely for the department's incident response program.

The department must report to the joint transportation committee by January 1, 2012, and January 1, 2013, on the status of this pilot program. For the purpose of this pilot program, during the 2011-2013 fiscal biennium, a roadway construction zone includes areas where public employees or private contractors may be present or where a driving condition exists that would make it unsafe to drive at higher speeds, such as, when the department is redirecting or realigning lanes on any public roadway pursuant to ongoing construction. The department shall use the following guidelines to administer the program:

- Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or passengers in the vehicle.
- The department shall plainly mark the locations where the automated traffic safety cameras are used by placing signs on locations that clearly indicate to a driver that he or she is entering a roadway construction zone where traffic laws are enforced by an automated traffic safety camera.
- Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring.
- The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the patrol, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances.
- For purposes of the 2011-2013 fiscal biennium pilot program, infractions detected through the use of automated traffic safety cameras are not part of the registered owner’s driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras must be processed in the same manner as parking infractions for the purposes of RCW 35.10.100, 35.20.220, 46.16A.120, and 46.20.270(3). However, the amount of the fine issued under this subsection (5) for an infraction generated through the use of an automated traffic safety camera is one hundred thirty-seven dollars. The court shall remit thirty-two dollars of the fine to the state treasurer for deposit into the state patrol highway account; and
- If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction must be dismissed against the business if it mails to the patrol, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the patrol within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be included with each automated traffic infraction notice issued, along with instructions for its completion and use.
- The department shall track the costs associated with active traffic management systems on a corridor basis and report to the transportation committees of the legislature on the cost and benefits of the systems by December 1, 2011.

As a management tool to reduce costs and make more effective use of resources, while improving employee productivity and morale, agencies may implement a voluntary retirement, separation, and/or downshifting incentive program that is cost neutral or results in cost savings over a two-year period following the commencement of the program, provided that such a program is approved by the director of financial management.

Agencies participating in this authorization may offer voluntary retirement, separation, and/or downshifting incentives and options according to procedures and guidelines established by the office of financial management, in consultation with the department of personnel and the department of retirement systems. The options may include, but are not limited to, financial incentives for: Voluntary separation or retirement, voluntary leave-without-pay, voluntary workweek or work hour reduction, voluntary downward movement, or temporary separation for development purposes. An employee does not have a contractual right to a financial incentive offered pursuant to this section.

Offers must be reviewed and monitored jointly by the department of personnel and the department of retirement systems. Agencies are required to submit a report by June 30, 2013, to the legislature and the office of financial management on the outcome of their approved incentive program. The report must include information on the details of the program, including resulting service delivery changes, agency efficiencies, the cost of the incentive per participant, the total cost to the state, and the projected or actual net dollar savings over the 2011-2013 fiscal biennium.

NEW SECTION. Sec. 610. (1) The department of transportation shall provide a report to the joint transportation committee by August 1, 2011, providing recommendations on the department's future business model, staffing scenarios, and methods of program and project delivery. The report must:

(a) Detail the sustainable staffing level by program to deliver core functions of the department in the context of forecasted resources as of March 2011;

(b) Analyze the effect new funding scenarios would have on the sustainable staffing levels for core functions and recommend appropriate staffing levels;

(c) Describe how the department's sustainable staffing levels would be affected by new funding scenarios and any other actions the department would need to deliver the program associated with the new funding; and

(d) Evaluate alternative program and project delivery methods to improve efficiency and effectiveness and provide recommendations on legislative changes, if necessary, for their implementation.

(2) The department shall provide stakeholder involvement opportunities in the development of the report. There must be a minimum of two such meetings: One for the purpose of providing contextual and background information; and a second for review and comment of conclusions and recommendations. Stakeholders must include labor, private engineering contractors, general business interests, representatives of various transportation modes, and others groups as appropriate.

NEW SECTION. Sec. 611. FOR THE DEPARTMENT OF TRANSPORTATION

The department is given the authority to provide up to $3,000,000 in toll credits to Kitsap transit for its role in new passenger-only ferry service and ferry corridor-related projects. The number of toll credits provided to Kitsap transit must be equal to, but no more than, the number sufficient to meet federal match requirements for grant funding for passenger-only ferry service, but shall not exceed the amount authorized in this section.

NEW SECTION. Sec. 612. RETIREMENT, SEPARATION, AND DOWNSHIFTING INCENTIVES

NEW SECTION. Sec. 613. MISCELLANEOUS 2011-2013 FISCAL BIENNUM

Sec. 701. RCW 47.29.170 and 2009 c 470 s 702 are each amended to read as follows:

Before accepting any unsolicited project proposals, the commission must adopt rules to facilitate the acceptance, review, evaluation, and selection of unsolicited project proposals. These rules must include the following:

(1) Provisions that specify unsolicited proposals must meet predetermined criteria;

(2) Provisions governing procedures for the cessation of negotiations and consideration;

(3) Provisions outlining that unsolicited proposals are subject to a two-step process that begins with concept proposals and would only advance to the second step, which are fully detailed proposals, if the commission so directed;

(4) Provisions that require concept proposals to include at least the following information: Proposers’ qualifications and experience; description of the proposed project and impact; proposed project financing; and known public benefits and opposition; and

(5) Provisions that specify the process to be followed if the commission is interested in the concept proposal, which must include provisions:

(a) Requiring that information regarding the potential project would be published for a period of not less than thirty days, during which time entities could express interest in submitting a proposal;

(b) Specifying that if letters of interest were received during the thirty days, then an additional sixty days for submission of the fully detailed proposal would be allowed; and

(c) Procedures for what will happen if there are insufficient proposals submitted or if there are no letters of interest submitted in the appropriate time frame.

The commission may adopt other rules as necessary to avoid conflicts with existing laws, statutes, or contractual obligations of the state.

The commission may not accept or consider any unsolicited proposals before July 1, 2013.

Sec. 702. RCW 46.18.060 and 2010 1st sp.s. c 7 s 94 and 2010 c 161 s 604 are each reenacted and amended to read as follows:

(1) The department must review and either approve or reject special license plate applications submitted by sponsoring organizations.

(2) Duties of the department include, but are not limited to, the following:

(a) Review and approve the annual financial reports submitted by sponsoring organizations with active special license plate series...
and present those annual financial reports to the ((senate and house transportation committees)) joint transportation committee;

(b) Report annually to the ((senate and house of representatives transportation committees)) joint transportation committee on the special license plate applications that were considered by the department;

(c) Issue approval and rejection notification letters to sponsoring organizations, the department, the ((chair of the senate and house of representatives transportation committees)) executive committee of the joint transportation committee, and the legislative sponsors identified in each application. The letters must be issued within seven days of making a determination on the status of an application; and

(d) Review annually the number of plates sold for each special license plate series created after January 1, 2003. The department may submit a recommendation to discontinue a special plate series to the ((chair of the senate and house of representatives transportation committees)) executive committee of the joint transportation committee.

(3) Except as provided in RCW 46.18.245, in order to assess the effects and impact of the proliferation of special license plates, the legislature declares a temporary moratorium on the issuance of any additional plates until July 1, ((2014)) 2013. During this period of time, the department is prohibited from accepting, reviewing, processing, or approving any applications. Additionally, a special license plate may not be enacted by the legislature during the moratorium, unless the proposed license plate has been approved by the former special license plate review board before February 15, 2005.

Sec. 704. RCW 46.63.170 and 2010 c 161 s 1127 are each amended to read as follows:

(1) The use of automated traffic safety cameras for issuance of notices of infraction is subject to the following requirements:

(a) The appropriate local legislative authority must first enact an ordinance allowing for their use to detect one or more of the following: Stoplight, railroad crossing, or school speed zone violations. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance.

(b) Use of automated traffic safety cameras is restricted to two-arterial intersections, railroad crossings, and school speed zones only.

(c) During the ((2009-2011)) 2011-2013 fiscal biennium, automated traffic safety cameras may be used to detect speed violations for the purposes of ((section 201(2), chapter 470, Laws of 2009)) section 201(2) of this act if the local legislative authority first enacts an ordinance authorizing the use of cameras to detect speed violations.

(d) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle.

(e) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter’s name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(f) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(e) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(g) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(h) All locations where an automated traffic safety camera is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera.

(i) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16A120, and 46.20.270(3). However, the amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.
Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(5) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit in a school speed zone as detected by a speed measuring device. During the fiscal biennium, an automated traffic safety camera includes a camera used to detect speed violations for the purposes of section 201(2), chapter 470, Laws of 2009 section 201(2) of this act.

(6) During the fiscal biennium, this section does not apply to automated traffic safety cameras for the purposes of section 218(2), chapter 470, Laws of 2009 section 216(4) of this act.

Sec. 705. RCW 46.63.160 and 2010 c 249 s 6 are each amended to read as follows:

(1) This section applies only to civil penalties for nonpayment of tolls detected through use of photo toll systems.

(2) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(3) A notice of civil penalty may be issued by the department of transportation when a toll is assessed through use of a photo toll system and the toll is not paid by the toll payment due date, which is eighty days from the date the vehicle uses the toll facility and incurs the toll charge.

(4) Any registered owner or renter of a vehicle traveling upon a toll facility operated under chapter 47.56 or 47.46 RCW is subject to a civil penalty governed by the administrative procedures set forth in this section when the vehicle incurs a toll charge and the toll is not paid by the toll payment due date, which is eighty days from the date the vehicle uses the toll facility and incurs the toll charge.

(5) Consistent with chapter 34.05 RCW, the department of transportation shall develop an administrative adjudication process to review appeals of civil penalties issued by the department of transportation for toll nonpayment detected through the use of a photo toll system under this section.

(6) The use of a photo toll system is subject to the following requirements:

(a) Photo toll systems may take photographs, digital photographs, microphotographs, videotapes, or other recorded images of the vehicle and vehicle license plate only.

(b) A notice of civil penalty must include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, videotape, or other recorded images produced by a photo toll system, stating the facts supporting the notice of civil penalty. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding established under subsection (5) of this section. The photographs, digital photographs, microphotographs, videotape, or other recorded images evidencing the toll nonpayment civil penalty must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the civil penalty.

(c) Notwithstanding any other provision of law, all photographs, digital photographs, microphotographs, videotape, other recorded images, or other records identifying a specific instance of travel prepared under this chapter are for the exclusive use of the tolling agency for toll collection and enforcement purposes and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a civil penalty under this chapter. No photograph, digital photograph, microphotograph, videotape, other recorded image, or other record identifying a specific instance of travel may be used for any purpose other than toll collection or enforcement of civil penalties under this section. Records identifying a specific instance of travel by a specific person or vehicle must be retained only as required to ensure payment and enforcement of tolls and to comply with state records retention policies.

(d) All locations where a photo toll system is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where tolls are assessed and enforced by a photo toll system.

(e) Within existing resources, the department of transportation shall conduct education and outreach efforts at least six months prior to activating an all-electronic photo toll system. Methods of outreach shall include a department presence at community meetings in the vicinity of a toll facility, signage, and information published in local media. Information provided shall include notice of when all electronic photo tolling shall begin and methods of payment. Additionally, the department shall provide quarterly reporting on education and outreach efforts and other data related to the issuance of civil penalties.

(f) Civil penalties for toll nonpayment detected through the use of photo toll systems must be issued to the registered owner of the vehicle identified by the photo toll system, but are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120.

The civil penalty for toll nonpayment detected through the use of a photo toll system is forty dollars plus the photo toll and associated fees.

(9) Except as provided otherwise in this subsection, all civil penalties, including the photo toll and associated fees, collected under this section must be deposited into the toll facility account of the facility on which the toll was assessed. However, ((beginning on July 1, 2011)) through June 30, 2013, civil penalties deposited into the Tacoma Narrows toll bridge account created under RCW 47.56.165 that are in excess of amounts necessary to support the toll adjudication process applicable to toll collection on the Tacoma Narrows bridge must first be allocated toward repayment of operating loans and reserve payments provided to the account from the motor vehicle account under section 1005(15), chapter 518, Laws of 2007. Additionally, all civil penalties, resulting from nonpayment of tolls on the state route number 520 corridor, shall be deposited into the state route number 520 civil penalties account created under section 4, chapter 248, Laws of 2010 but only if chapter 248, Laws of 2010 is enacted by June 30, 2010.

(10) If the registered owner of the vehicle is a rental car business, the department of transportation shall, before a toll bill is issued, provide a written notice to the rental car business that a toll bill may be issued to the rental car business if the rental car business does not, within thirty days of the mailing of the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the toll was assessed; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the toll was assessed because the vehicle was stolen at the time the toll was
Sec. 707. RCW 43.41.642 and 2010 c 247 s 701 are each amended to read as follows:

(1) Effective June 1, 2006, for agencies complying with the ultra-low sulfur diesel mandate of the United States environmental protection agency for on-highway diesel fuel, agencies shall use biodiesel as an additive to ultra-low sulfur diesel for lubricity, provided that the use of a lubricity additive is warranted and that the use of biodiesel is comparable in performance and cost with other available lubricity additives. The amount of biodiesel added to the ultra-low sulfur diesel fuel shall be not less than two percent.

(2) Effective June 1, 2009, state agencies are required to use a minimum of twenty percent biodiesel as compared to total volume of all diesel purchases made by the agencies for the operation of the agencies' diesel-powered vessels, vehicles, and construction equipment.

(3) All state agencies using biodiesel fuel shall, beginning on July 1, 2006, file biannual reports with the department of general administration documenting the use of the fuel and a description of how any problems encountered were resolved.

(4) For the 2009-2011 fiscal biennium, all fuel purchased by the Washington state ferries at Harbor Island for the operation of the Washington state ferries diesel powered vessels must be a minimum of five percent biodiesel blend so long as the per gallon price of diesel containing a five percent biodiesel blend level does not exceed the per gallon price of diesel by more than five percent. If the per gallon price of diesel containing a five percent biodiesel blend level exceeds the per gallon price of diesel by more than five percent, the requirements of this section do not apply to vessel fuel purchases by the Washington state ferries.

(5) By December 1, 2009, the department of general administration shall:

(a) Report to the legislature on the average true price differential for biodiesel by blend and location; and

(b) Examine alternative fuel procurement methods that work to address potential market barriers for in-state biodiesel producers and report these findings to the legislature.

(6) During the 2011-2013 fiscal biennium, this section does not apply to fuel purchased by the Washington state ferries.

Sec. 707. RCW 43.19.534 and 2009 c 470 s 717 are each amended to read as follows:

(1) State agencies, the legislature, and departments shall purchase for their use all goods and services required by the legislature, agencies, or departments that are produced or provided in whole or in part from class II inmate work programs operated by the department of corrections through state contract. These goods and services shall not be purchased from any other source unless, upon application by the department or agency: (a) The department of general administration finds that the articles or products do not meet the reasonable requirements of the agency or department, (b) are not of equal or better quality, or (c) the price of the product or service is higher than that produced by the private sector. However, the criteria contained in (a), (b), and (c) of this section for purchasing goods and services from sources other than correctional industries do not apply to goods and services produced by correctional industries that primarily replace goods manufactured or services obtained from outside the state. The department of corrections and department of general administration shall adopt administrative rules that implement this section.

(2) During the 2009-2011 and 2011-2013 fiscal biennium, and in conformance with section 223(11), chapter 470, Laws of 2009 and section 221(2) of this act, this section does not apply to the purchase of uniforms by the Washington state ferries.

Sec. 708. RCW 47.01.380 and 2009 c 470 s 705 are each amended to read as follows:

The department shall not commence construction on any part of the state route number 520 bridge replacement and HOV project until a record of decision has been reached providing reasonable assurance that project impacts will be avoided, minimized, or mitigated as much as practicable to protect against further adverse impacts on neighborhood environmental quality as a result of repairs and improvements made to the state route number 520 bridge and its connecting roadways, and that any such impacts will be addressed through engineering design choices, mitigation measures, or a combination of both. The requirements of this section shall not apply to off-site pontoon construction supporting the state route number 520 bridge replacement and HOV project. The requirements of this section shall not apply during the 2009-2011 and 2011-2013 fiscal biennium.

Sec. 709. RCW 47.56.403 and 2005 c 312 s 3 are each amended to read as follows:

(1) The department may provide for the establishment, construction, and operation of a pilot project of high occupancy toll lanes on state route 167 high occupancy vehicle lanes within King County. The department may issue, buy, and redeem bonds, and deposit and expend them; secure and remit financial and other assistance in the construction of high occupancy toll lanes, carry insurance, and handle any other matters pertaining to the high occupancy toll lane pilot project.

(2) Tolls for high occupancy toll lanes will be established as follows:

(a) The schedule of toll charges for high occupancy toll lanes must be established by the transportation commission and collected in a manner determined by the commission.

(b) Toll charges shall not be assessed on transit buses and vanpool vehicles owned or operated by any public agency.

(c) The department shall establish performance standards for the state route 167 high occupancy toll lane pilot project. The department must automatically adjust the toll charge, using dynamic tolling, to ensure that toll-paying single-occupant vehicle users are only permitted to enter the lane to the extent that average vehicle speeds in the lane remain above forty-five miles per hour at least ninety percent of the time during peak hours. The toll charge may vary in amount by time of day, level of traffic congestion within the highway facility, vehicle occupancy, or other criteria, as the commission may deem appropriate. The commission may also vary toll charges for single-occupant inherently low-emission vehicles such as those powered by electric batteries, natural gas, propane, or other clean burning fuels.

(d) The commission shall periodically review the toll charges to determine if the toll charges are effectively maintaining travel time, speed, and reliability on the highway facilities.

(3) The department shall monitor the state route 167 high occupancy toll lane pilot project and shall annually report to the transportation commission and the legislature on operations and findings. At a minimum, the department shall provide facility use data and review the impacts on:

(a) Freeway efficiency and safety;

(b) Effectiveness for transit;
would jeopardize life or property or inconvenience the traveling
competitive sources are available except when delay of performance
(a) Shall provide for competitive bids to the extent that
2) The rules adopted under this section:
 thousand dollars and effective July 1, 2005, one hundred thousand
estimate indicates the cost of the work would not exceed eighty
forces. The work or portions thereof may be done by state forces
when the estimated costs thereof are less than fifty thousand dollars
(b) ((Four years after toll collection begins under this section)) If
high occupancy vehicle tolls are being collected on June 30, 2013.
The department of transportation shall adopt rules that allow
automatic vehicle identification transponders used for electronic toll
collection to be compatible with other electronic payment devices or
transponders from the Washington state ferry system, other public
transportation systems, or other toll collection systems to the extent
that technology permits.
(7) The conversion of a single existing high occupancy vehicle
lane to a high occupancy toll lane as proposed for SR-167 must be
taken as the exception for this pilot project.
(8) A violation of the lane restrictions applicable to the high
occupancy toll lanes established under this section is a traffic
infraction.
(9) Procurement activity associated with this pilot project shall
be open and competitive in accordance with chapter 39.29 RCW.
Sec. 710. RCW 47.28.030 and 2010 c 283 s 9 and 2010 c 5 s
11 are each reenacted and amended to read as follows:
(1)(a) A state highway shall be constructed, altered, repaired, or
improved, and improvements located on property acquired for
right-of-way purposes may be repaired or renovated pending the use
of such right-of-way for highway purposes, by contract or state
forces. The work or portions thereof may be done by state forces
when the estimated costs thereof are less than fifty thousand dollars
and effective July 1, 2005, sixty thousand dollars.
(b) When delay of performance of such work would jeopardize
a state highway or constitute a danger to the traveling public, the
work may be done by state forces when the estimated cost thereof is
less than eighty thousand dollars and effective July 1, 2005, one
hundred thousand dollars.
(c) When the department of transportation determines to do the
work by state forces, it shall enter a statement upon its records to that
effect, stating the reasons therefor.
(d) To enable a larger number of small businesses and veteran,
minority, and women contractors to effectively compete for
department of transportation contracts, the department may adopt
rules providing for bids and award of contracts for the performance
of work, or furnishing equipment, materials, supplies, or operating
services whenever any work is to be performed and the engineer's
estimate indicates the cost of the work would not exceed eighty
thousand dollars and effective July 1, 2005, one hundred thousand
dollars.
(2) The rules adopted under this section:
(a) Shall provide for competitive bids to the extent that
competitive sources are available except when delay of performance
would jeopardize life or property or inconvenience the traveling
public; and
(b) Need not require the furnishing of a bid deposit nor a
performance bond, but if a performance bond is not required then
progress payments to the contractor may be required to be made
based on submittal of paid invoices to substantiate proof that
disbursements have been made to laborers, material suppliers,
mechanics, and subcontractors from the previous partial payment;
and
(c) May establish prequalification standards and procedures as
an alternative to those set forth in RCW 47.28.070, but the
prequalification standards and procedures under RCW 47.28.070
shall always be sufficient.
(3) The department of transportation shall comply with such
goals and rules as may be adopted by the office of minority and
women's business enterprises to implement chapter 39.19 RCW
with respect to contracts entered into under this chapter. The
department may adopt such rules as may be necessary to comply
with the rules adopted by the office of minority and women's business enterprises under chapter 39.19 RCW.
(4)(a) For the period of March 15, 2010, through June 30, 2011,
work for less than one hundred twenty thousand dollars may be
performed on ferry vessels and terminals by state forces. During
the 2011-2013 fiscal biennium, work for less than one hundred
thousand dollars may be performed on ferry vessels and terminals
by state forces.
(b) The department shall hire a disinterested, third party to
conduct an independent analysis to identify methods of reducing
out-of-service times for vessel maintenance, preservation, and
improvement projects. The analysis must include options that
consider consolidating work while vessels are at shipyards by having state forces perform services traditionally performed at
Eagle Harbor at the shipyard and decreasing the allowable time at
shipyards. The analysis must also compare the out-of-service
vessel times of performing services by state forces versus
contracting out those services which in turn must be used to form a
recommendation as to what the threshold of work performed on
ferry vessels and terminals by state forces should be. This analysis
must be presented to the transportation committees of the senate and
house of representatives by December 1, 2010.
(c) The department shall develop a proposed ferry vessel
maintenance, preservation, and improvement program and present it
to the transportation committees of the senate and house of
representatives by December 1, 2010. The proposed program
must:
(i) Improve the basis for budgeting vessel maintenance,
preservation, and improvement costs and for projecting those costs
into a sixteen-year financial plan;
(ii) Limit the amount of planned out-of-service time to the
greatest extent possible, including options associated with
department staff as well as commercial shipyards; and
(iii) Be based on the service plan in the capital plan, recognizing
that vessel preservation and improvement needs may vary by route.
(d) In developing the proposed ferry vessel maintenance,
preservation, and improvement program, the department shall
consider the following, related to reducing vessel out-of-service
time:
(i) The costs compared to benefits of Eagle Harbor repair and
maintenance facility operations options to include staffing costs and
benefits in terms of reduced out-of-service time;
(ii) The maintenance requirements for on-vessel staff, including
the benefits of a systemwide standard;
(iii) The costs compared to benefits of staff performing
preservation or maintenance work, or both, while the vessel is
underway, tied up between sailings, or not deployed;
Sec. 711. RCW 43.105.330 and 2006 c 76 s 2 are each amended to read as follows:

(1) The board shall appoint a state interoperability executive committee, the membership of which must include, but not be limited to, representatives of the military department, the Washington state patrol, the department of transportation, the department of information services, the department of natural resources, city and county governments, state and local fire chiefs, police chiefs, and sheriffs, and state and local emergency management directors. The chair and legislative members of the board will serve as nonvoting ex officio members of the committee. Voting membership may not exceed fifteen members.

(2) The chair of the board shall appoint the chair of the committee from among the voting members of the committee.

(3) The state interoperability executive committee has the following responsibilities:

(a) Develop policies and make recommendations to the board for technical standards for state wireless radio communications systems, including emergency communications systems. The standards must address, among other things, the interoperability of systems, taking into account both existing and future systems and technologies;

(b) Coordinate and manage on behalf of the board the licensing and use of state-designated and state-licensed radio frequencies, including the spectrum used for public safety and emergency communications, and serve as the point of contact with the federal communications commission on matters relating to allocation, use, and licensing of radio spectrum;

(c) Coordinate the purchasing of all state wireless radio communications system equipment to ensure that:

Sec. 712. RCW 47.64.170 and 2010 c 283 s 11 are each amended to read as follows:

(1) Any ferry employee organization certified as the bargaining representative shall be the exclusive representative of all ferry employees in the bargaining unit and shall represent all such employees fairly.

(2) A ferry employee organization or organizations and the governor may each designate any individual as its representative to engage in collective bargaining negotiations.

(3) Negotiating sessions, including strategy meetings of the employer or employee organizations, mediation, and the deliberative process of arbitrators are exempt from the provisions of chapter 42.30 RCW. Hearings conducted by arbitrators may be open to the public by mutual consent of the parties.

(4) Terms of any collective bargaining agreement may be enforced by civil action in Thurston county superior court upon the initiative of either party.

(5) Ferry system employees or any employee organization shall not negotiate or attempt to negotiate directly with anyone other than the person who has been appointed or authorized a bargaining representative for the purpose of bargaining with the ferry employees or their representative.

(6)(a) Within ten working days after the first Monday in September of every odd-numbered year, the parties shall attempt to agree on an interest arbitrator to be used if the parties are not successful in negotiating a comprehensive collective bargaining agreement. If the parties cannot agree on an arbitrator within the ten-day period, either party may request a list of seven arbitrators from the federal mediation and conciliation service. The parties shall select an interest arbitrator using the coin toss/alternate strike method within thirty calendar days of receipt of the list. Immediately upon selecting an interest arbitrator, the parties shall cooperate to reserve dates with the arbitrator for potential arbitration. The parties shall also prepare a schedule of at least five negotiation dates for the following year, absent an agreement to the contrary. The parties shall execute a written agreement before November 1st of each odd-numbered year setting forth the name of the arbitrator and the dates reserved for bargaining and arbitration. This subsection (6)(a) imposes minimum obligations only and is not intended to define or limit a party's full, good faith bargaining obligation under other sections of this chapter.

(b) The negotiation of a proposed collective bargaining agreement by representatives of the employer and a ferry employee organization shall commence on or about February 1st of every even-numbered year.

(c) For negotiations covering the 2009-2011 biennium and subsequent biennia, the time periods specified in this section, and in RCW 47.64.210 and 47.64.300 through 47.64.320, must ensure conclusion of all agreements on or before October 1st of the even-numbered year next preceding the biennial budget period during which the agreement should take effect. These time periods may only be altered by mutual agreement of the parties in writing. Any such agreement and any impasse procedures agreed to by the parties under RCW 47.64.200 must include an agreement regarding the new time periods that will allow final resolution by negotiations or arbitration by October 1st of each even-numbered year.

(7) It is the intent of this section that the collective bargaining agreement or arbitrator's award shall commence on July 1st of each odd-numbered year and shall terminate on June 30th of the next odd-numbered year to coincide with the ensuing biennial budget year, as defined by RCW 43.88.020(7), to the extent practical. It is
further the intent of this section that all collective bargaining agreements be concluded by October 1st of the even-numbered year before the commencement of the biennial budget year during which the agreements are to be in effect. After the expiration date of a collective bargaining agreement negotiated under this chapter, except to the extent provided in subsection (11) of this section and RCW 47.64.270(4), all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8) The office of financial management shall conduct a salary survey, for use in collective bargaining and arbitration, which must be conducted through a contract with a firm nationally recognized in the field of human resources management consulting.

(9) Except as provided in subsection (11) of this section:

(a) The governor shall submit a request either for funds necessary to implement the collective bargaining agreements including, but not limited to, the compensation and fringe benefit provisions or for legislation necessary to implement the agreement, or both. Requests for funds necessary to implement the collective bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(b) The governor shall submit a request either for funds necessary to implement the arbitration awards or for legislation necessary to implement the agreement, or both. Requests for funds necessary to implement the arbitration awards shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(c) The legislature shall approve or reject the submission of the request for funds necessary to implement the collective bargaining agreements or arbitration awards as a whole for each agreement or award. The legislature shall not consider a request for funds to implement a collective bargaining agreement or arbitration award unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the request, either may reopen any of the agreement and award or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 47.64.210 and 47.64.300.

(10) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(11)(a) For the collective bargaining agreements negotiated for the 2011-2013 fiscal biennium, the legislature may consider a request for funds to implement a collective bargaining agreement even if the request for funds was not received by the office of financial management by October 1st and was not transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060.

(b) For the 2011-2013 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee must be a separate agreement for which the governor may request funds necessary to implement the agreement. If such an agreement is negotiated and funded by the legislature, this agreement will supersede any terms and conditions of an expired 2009-2011 biennial master collective bargaining agreement under this chapter regarding health care benefits.

Sec. 713. RCW 47.64.270 and 2010 c 283 s 13 are each amended to read as follows:

(1) The employer and one coalition of all the exclusive bargaining representatives subject to this chapter and chapter 41.80 RCW shall conduct negotiations regarding the dollar amount expended on behalf of each employee for health care benefits.

(2) Absent a collective bargaining agreement to the contrary, the department of transportation shall provide contributions to insurance and health care plans for ferry system employees and dependents, as determined by the state health care authority, under chapter 41.05 RCW.

(3) The employer and employee organizations may collectively bargain for insurance plans other than health care benefits, and employer contributions may exceed that of other state agencies as provided in RCW 41.05.050.

(4) For the 2011-2013 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee must be a separate agreement for which the governor may request funds necessary to implement the agreement. If such an agreement is negotiated and funded by the legislature, this agreement will supersede any terms and conditions of an expired 2009-2011 biennial master collective bargaining agreement under this chapter regarding health care benefits.

in this subsection are subject to the availability of amounts appropriated for these specific purposes.

(b) The parties are entitled to offer evidence relating to disputes at all hearings conducted by the commission. The orders and awards of the commission are final and binding upon any ferry employee or employees or their representative affected thereby and upon the department.

(c) The commission shall adopt rules of procedure under chapter 34.05 RCW.

(d) The commission has the authority to subpoena any ferry employee or employees, or their representatives, and any member or representative of the department, and any witnesses. The commission may require attendance of witnesses and the production of all pertinent records at any hearings held by the commission. The subpoenas of the commission are enforceable by order of any superior court in the state of Washington for the county within which the proceeding may be pending. The commission may hire staff as necessary, appoint consultants, enter into contracts, and conduct studies as reasonably necessary to carry out this chapter.

Sec. 806. 2010 c 247 s 212 (uncodified) is amended to read as follows:
FOR THE DEPARTMENT OF TRANSPORTATION—INFORMATION TECHNOLOGY—PROGRAM C
Transportation Partnership Account—State Appropriation........................................................................... $2,675,000

Sec. 808. 2010 c 247 s 214 (uncodified) is amended to read as follows:
The appropriations in this section are subject to the following conditions and limitations:

(1) $50,000 of the aeronautics account--state appropriation is a reapportionment provided solely to pay any outstanding obligations of the aviation planning council, which expires July 1, 2009.

(2) $150,000 of the aeronautics account--state appropriation is a reapportionment provided solely to complete runway preservation projects.

(3) Within the amounts provided in this section, the department shall develop guidelines setting forth consultation procedures and a process to assist counties and cities to identify land uses that may be incompatible with airports and aircraft operations, and to encourage and facilitate adoption and implementation of comprehensive plan policies and development regulations consistent with RCW 36.70.547 and 36.70A.510.

The appropriations in this section are subject to the following conditions and limitations:

(1) The department shall develop a plan for all current and future surplus property parcels based on the recommendations from the surplus property legislative work group that were presented to the senate transportation committee on February 26, 2009. The plan must include, at a minimum, strategies for maximizing the number of parcels sold, a schedule that optimizes proceeds, a recommended cash discount, a plan to report to the joint transportation committee, a recommendation for regional incentives, and a recommendation for equivalent value exchanges. The plan must accompany the department's 2010 supplemental budget request. If the department determines that all or a portion of real property or an interest in real property that was acquired through condemnation within the previous ten years is no longer necessary for a transportation purpose, the former owner has a right of repurchase as described in this subsection. For the purposes of this subsection, "former owner" means the person or entity from whom the department acquired title. At least ninety days prior to the date on which the property is intended to be sold by the department, the department must mail notice of the planned sale to the former owner of the property at the former owner's last known address or to a forwarding address if that owner has provided the department with a forwarding address. If the former owner of the property's last known address, or forwarding address if a forwarding address has been provided, is no longer the former owner of the property's address, the right of repurchase is extinguished. If the former owner notifies the department within thirty days of the date of the notice that the former owner intends to repurchase the property, the department shall proceed with the sale of the property to the former owner for fair market value and shall not list the property for sale to other owners. If the former owner does not provide timely written notice to the department of the intent to exercise a repurchase right, or if the sale to the former owner is not completed within seven months of the date of notice that the former owner intends to repurchase the property, the right of repurchase is extinguished. By December 1, 2010, the department shall report to the legislative transportation committees on the individuals and entities eligible to receive surplus property provided in RCW 47.12.063 to determine the frequency with which the department transfers property to those individuals and entities and the implications to the department. It is the intent of the legislature that the list of individuals and entities eligible to receive surplus property be periodically evaluated to determine whether the list is appropriate and provides utility to the department.

(2) The legislature recognizes that the Dryden pit site (WSDOT Inventory Control (IC) No. 2-04-00103) is unused state-owned real property under the jurisdiction of the department of transportation, and that the public would benefit significantly from the complete enjoyment of the natural scenic beauty and recreational opportunities available at the site. Therefore, pursuant to RCW 47.12.080, the legislature declares that transferring the property to the department of fish and wildlife for recreational use and fish and wildlife restoration efforts is consistent with the public interest in order to preserve the area for the use of the public and the betterment of the natural environment. The department of transportation shall work with the department of fish and wildlife, and shall transfer and convey the Dryden pit site to the department of fish and wildlife as is for an adjusted fair market value reflecting site conditions, the proceeds of which must be deposited in the motor vehicle fund. The department of transportation is not responsible for any costs associated with the cleanup or transfer of this property. By July 1, 2010, and annually thereafter until the entire Dryden pit property has been transferred, the department shall submit a status report regarding the transaction to the chairs of the legislative transportation committees.

After twelve months of continuous operation, the department shall provide a report with recommendations on whether to continue project operations to the office of financial management and the chairs of the transportation committees. The department may end the pilot project after less than twelve consecutive months of operation if insufficient bids or proposals are received from potential sponsors or advertisers. (2) The department, in consultation with the Washington state patrol, may continue a pilot program for the patrol to issue infractions based on information from automated traffic safety cameras in roadway construction zones on state highways. For the purpose of this pilot program, during the 2009-11 fiscal biennium, a roadway construction zone includes areas where public employees or private contractors are not present but where a driving condition exists that would make it unsafe to drive at higher speeds, such as, when the department is redirecting or realigning lanes on any public roadway pursuant to ongoing construction. The department shall use the following guidelines to administer the program:
A declarant who files a declaration under this section for the notice of infraction. The tow truck incentive program may continue to provide incentives for quick clearance of traffic incidents involving large vehicles. The department shall make recommendations as part of its biennial budget proposal for expanding the use of the incentive program.

(5) $92,000 of the motor vehicle account--state appropriation is provided solely for operating a new active traffic management system on Interstate 5, Interstate 90, and SR 520. For purposes of this subsection, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees. By June 30, 2011, the department shall report to the transportation committees of the legislature on whether private transportation provider use of high occupancy vehicle lanes under the pilot program reduces the speeds of high occupancy vehicle lanes. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure.

FOR THE DEPARTMENT OF TRANSPORTATION--MARINE--PROGRAM X
Puget Sound Ferry Operations Account--State Appropriation....................................................... ($425,922,000)

The appropriation in this section is subject to the following conditions and limitations:

(1) (($78,754,952)) $97,053,000 of the Puget Sound ferry operations account--state appropriation is provided solely for auto ferry vessel operating fuel in the 2009-11 fiscal biennium. This appropriation is contingent upon the enactment of sections 716 and 701 of this act. All fuel purchased by the Washington state ferries at Harbor Island truck terminal for the operation of the Washington state ferries diesel powered vessels must be a minimum of five percent biodiesel blend so long as the per gallon price of diesel containing a five percent biodiesel blend level does not exceed the per gallon price of diesel by more than five percent.

(2) To protect the waters of Puget Sound, the department shall investigate nontoxic alternatives to fuel additives and other commercial products that are used to operate, maintain, and preserve vessels.

(3) If, after the department's review of fares and pricing policies, the department proposes a fuel surcharge, the department must evaluate other cost savings and fuel price stabilization strategies that would be implemented before the imposition of a fuel surcharge. The department shall report to the legislature and transportation commission on its progress of implementing new fuel forecasting and budgeting practices, price hedging contracts for fuel purchases, and fuel conservation strategies by November 30, 2010.

(4) The department shall strive to significantly reduce the number of injuries suffered by Washington state ferries employees. By December 15, 2009, the department shall submit to the office of financial management and the transportation committees of the legislature its implementation plan to reduce such injuries.

(5) The department shall continue to provide service to Sidney, British Columbia. The department may place a Sidney terminal departure surcharge on fares for out of state residents riding the Washington state ferry route that runs between Anacortes, Washington and Sidney, British Columbia, if the cost for landing/license fee, taxes, and additional amounts charged for docking are in excess of $280,000 CDN. The surcharge must be limited to recovering amounts above $280,000 CDN.

(6) The department shall analyze operational solutions to enhance service on the Bremerton to Seattle ferry run. The Washington state ferries shall report its analysis to the transportation committees of the legislature by December 1, 2009.

(7) The office of financial management budget instructions require agencies to recast enacted budgets into activities. The Washington state ferries shall include a greater level of detail in its 2011-13 omnibus transportation appropriations act request, as determined jointly by the office of financial management, the Washington state ferries, and the legislative transportation committees.

(8) (($4,794,000)) $6,116,000 of the Puget Sound ferry operations account--state appropriation is provided solely for commercial insurance for ferry assets. The office of financial management, after consultation with the transportation committees of the legislature, must present a business plan for the Washington state ferry system's insurance coverage to the 2010 legislature. The business plan must include a cost-benefit analysis of Washington state ferries' current commercial insurance purchased for ferry assets and a review of self-insurance for noncatastrophic events.

(9) $1,100,000 of the Puget Sound ferry operations account--state appropriation is provided solely for a marketing program. The department shall present a marketing program proposal to the transportation committees of the legislature during the 2010 legislative session before implementing this program. Of this amount, $10,000 is for the city of Port Townsend and $10,000 is for the town of Coupeville for mitigation expenses related to only one vessel operating on the Port Townsend/Keystone ferry route. The moneys provided to the city of Port Townsend and town of Coupeville are not contingent upon the required marketing proposal.

(10) $350,000 of the Puget Sound ferry operations account--state appropriation is provided solely for two extra trips per day during the summer of 2009 season, beyond the current schedule, on the Port Townsend/Keystone route.

(11) When purchasing uniforms that are required by collective bargaining agreements, the department shall contract with the lowest cost provider.

(12) The legislature finds that measuring the performance of Washington state ferries requires the measurement of quality, timeliness, and unit cost of services delivered to customers. Consequently, the department must develop a set of metrics that would be implemented before the imposition of a fuel surcharge. The department shall report to the legislature and transportation commission on its progress of implementing new fuel forecasting and budgeting practices, price hedging contracts for fuel purchases, and fuel conservation strategies by November 30, 2010.

(13) As a priority task, the department is directed to propose a comprehensive incident and accident investigation policy and appropriate procedures, and to provide the proposal to the legislature by November 1, 2009, using existing resources and staff expertise. In addition to consulting with ferry system unions and the United States coast guard, the Washington state ferries is encouraged to solicit independent outside expertise on incident and accident investigation best practices as they may be found in other organizations with a similar concern for marine safety. It is the intent of the legislature to enact the policies into law and to publish that law and procedures as a manual for Washington state ferries' accident/incident investigations. Until that time, the Washington state ferry system must exercise particular diligence to assure that any incident or accident investigations are conducted within the spirit of the guidelines of this act. The proposed policy must contain, at a minimum:

(a) The definition of an incident and an accident and the type of investigation that is required by both types of events;

(b) The process for appointing an investigating officer or officers and a description of the authorities and responsibilities of the investigating officer or officers. The investigating officer or officers must:

(ii) Not have been involved in the incident or accident so as to avoid any conflict of interest;

(iii) Have full access to all persons, records, and relevant organizations that may have information about or may have contributed to, directly or indirectly, the incident or accident under
investigation, in compliance with any affected employee's or employees' respective collective bargaining agreement and state laws and rules regarding public disclosure under chapter 42.56 RCW;

(iv) Be provided with, if requested by the investigating officer or officers, appropriate outside technical expertise; and

(v) Be provided with staff and legal support by the Washington state ferries as may be appropriate to the type of investigation;

(c) The process of working with the affected employee or employees in accordance with the employee's or employees' respective collective bargaining agreement and the appropriate union officials, within protocols afforded to all public employees;

(d) The process by which the United States coast guard is kept informed of, interacts with, and reviews the investigation;

(e) The process for review, approval, and implementation of any approved recommendations within the department; and

(f) The process for keeping the public informed of the investigation and its outcomes, in compliance with any affected employee's or employees' respective collective bargaining agreement and state laws and rules regarding public disclosure under chapter 42.56 RCW.

(14) $7,300,000 of the Puget Sound ferry operations account--state appropriation is provided solely for the purposes of travel time associated with Washington state ferries employees. However, if Engrossed Substitute House Bill No. 3209 (managing costs of ferry system) is enacted by June 30, 2010, containing an appropriation for purposes of travel time associated with Washington state ferries employees, the amount provided in this subsection lapses.

(15) $50,000 of the Puget Sound ferry operations account--state appropriation is provided solely to implement a mechanism to report on-time performance statistics.

(a) The department shall conduct a study to identify process changes that would improve on-time performance on a route-by-route basis. The study must include looking into the slowing down of vessels for fuel economy purposes and touch-and-go sailings on peak runs. The department shall report its findings to the transportation committees of the senate and house of representatives by December 1, 2010.

(b) The department shall, by November 1, 2010, report to the transportation committees of the legislature statistics regarding its on-time arrival and departure status on a route-by-route and month-by-month basis, as well as an annual route-by-route and systemwide basis, weighted by the number of customers on each sailing and distinguishing peak period on-time performance. The statistics must include reasons for any delays over ten minutes from the scheduled time. The statistics must be prominently displayed on the Washington state ferries' web site. Each Washington state ferries vessel and terminal must prominently display the statistics as they relate to their specific route.

(16) The department shall investigate outsourcing the call center functions planned for the ferry reservation system and report its findings to the transportation committees of the senate and house of representatives by December 15, 2010.

(17) By July 1, 2010, the department shall provide to the governor and the transportation committees of the senate and house of representatives a listing of all benefits that Washington state ferries union employees receive that other state employees do not traditionally receive. The listing must include any costs associated with these benefits.

TOTAL APPROPRIATION ....................................................... (($335,327,000)) ................................................................. $143,218,000

The appropriations in this section are subject to the following conditions and limitations:

1(a)) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed by project and amount in LEAP Transportation Document 2011-2 ALL PROJECTS ((2D0-2)) as developed ((March 6, 2010)) April 19, 2011, Program - Rail Capital Program (Y).

(b)(i) Within the amounts provided in this section, $116,000 of the transportation infrastructure account--state appropriation is for a low-interest loan through the freight rail investment bank program to the Port of Ephrata (BIN 722710A) for rehabilitation of a rail spur.

The department shall report its cost benefit evaluation of the prospective rail project, as well as the department's best estimate of an appropriate construction schedule and total project costs, to the office of financial management and the transportation committees of the legislature.

(c) The legislative priorities to be used in the cost benefit methodology are, in order of relative importance:

(i) Economic, safety, or environmental advantages of freight movement by rail compared to alternative modes;

(iii) Preservation of transportation corridors that would otherwise be lost;

(iv) Increased access to efficient and cost-effective transport to market for Washington's agricultural and industrial products;

(v) Better integration and cooperation within the regional, national, and international systems of freight distribution; and

(vi) Mitigation of impacts of increased rail traffic on communities.

(3) The department is directed to seek the use of unprogrammed federal rail crossing funds to be expended in lieu of or in addition to state funds for eligible costs of projects in program Y.

State projects must be (a) currently identified on the project list referenced in subsection (1)(a) of this section or (b) projects for which no state match is required to complete the project. Local or port projects must not require additional state funding in order to complete the project, with the exception of (c) state funds currently appropriated for such project if currently identified on the project list referenced in subsection (1)(a) of this section or (d) potential grants awarded in the competitive grant process for the essential rail assistance program. If the department receives any federal funding, the department is authorized to obligate and spend the federal funds in accordance with federal law. To the extent permissible by federal law, federal funds may be used (e) in addition to state funds appropriated for projects currently identified on the project list referenced in subsection (1)(a) of this section in order to advance funding from future biennia for such project(s) or (f) in lieu of state funds; however, the state funds must be redirected within the rail capital program to advance funding for other projects currently identified on the project list referenced in subsection (1)(a) of this section. State funds may be redirected only upon consultation with the transportation committees of the legislature and the office of financial management, and approval by the director of the office of financial management. The department shall spend the federal funds before the state funds, and shall consult the office of financial management and the transportation committees of the legislature regarding project scope changes.

(5) The department shall provide quarterly reports to the office of financial management and the transportation committees of the legislature regarding applications that the department submits for federal funds and the status of such applications.

Any project that has been awarded funds, but does not report activity on the project within one year of the grant award must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and identify where unused grant funds remain because actual project costs were lower than estimated in the grant award.

(10) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed by project and amount in LEAP Transportation Document 2011-2 ALL PROJECTS (2011-2) as developed (March 8, 2010) April 19, 2011, Program: Local Program (Z).

If the lawful presence of the applicant cannot be verified, the application must be denied.”

Senator Benton spoke in favor of adoption of the amendment to the striking amendment.

POINT OF ORDER

Senator Brown: “Thank you Mr. President. Mr. President, I would submit that the amendment is in violation of Senate Rule 66 and Rule 25 by introducing a second subject beyond the scope and object of the underlying striking amendment. The striking amendment is the 2011-13 biennial transportation budget. It simply appropriates funds for transportation projects and operations. The amendment adds new substance law to the budget bill by requiring the Department of Licensing to verify lawful presence of license permit and identicard applicants. The President has consistently ruled that adding substantive f law into a budget bill violates Senate Rule 25 prohibiting more than one subject in a bill. Both the fact that a subject matter of the amendment was dealt with in a separate substance bill, as the Senator alluded to, and that the duration of the amendment would extend beyond the two-year time period of the budget point to the fact that this is a substantive amendment to a budget bill. I therefore request that the President rule that the amendment be ruled out of order.”

Senator Benton spoke against the point of order.

MESSAGE FROM THE HOUSE

MR. PRESIDENT:
The House passed SUBSTITUTE SENATE BILL NO. 5688 with the following amendment(s): 5688-S AMH AGNR H2209.1

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds and declares the following:

(1) The practice of shark finning, where a shark is caught, its fins are sliced off while it is still alive, and the animal returned to the sea severely and almost always fatally wounded, constitutes a serious threat to Washington's coastal ecosystem and biodiversity. Sharks are particularly susceptible to overfishing because they only reach sexual maturity between seven to twelve years of age and hatch or birth small litters. The destruction of the population of sharks, which reside at the top of the marine food chain, is an urgent problem that upsets the balance of species in the ocean ecosystem.

(2) Shark finning condemns millions of sharks every year to slow, painful deaths. Returned to the water without their fins, the maimed sharks are attacked by other predators or drown, because most shark species must swim in order to push water through their gills. Shark finning is therefore a cruel practice contrary to the good morals of the citizens of the state of Washington.

(3) The market for shark fins drives the brutal practice of shark finning. Shark finning and trade in shark fins and shark fin derivative products are occurring all along the Pacific Coast, including the state of Washington.

(4) The consumption of shark fins and shark fin derivative products by humans may cause serious health risks, including risks from mercury.

NEW SECTION. Sec. 2. A new section is added to chapter 77.15 RCW to read as follows:

(1) Except as otherwise provided in this section, a person is guilty of unlawful trade in shark fins in the second degree if:

(a) The person sells, offers for sale, purchases, offers to purchase, or otherwise exchanges a shark fin or shark fin derivative product for commercial purposes; or

(b) The person prepares or processes a shark fin or shark fin derivative product for human or animal consumption for commercial purposes.

(2) Except as otherwise provided in this section, a person is guilty of unlawful trade in shark fins in the first degree if:

(a) The person commits the act described by subsection (1) of this section and the violation involves shark fins or a shark fin derivative product with a total market value of two hundred fifty dollars or more;

(b) The person commits the act described by subsection (1) of this section and acted with knowledge that the shark fin or shark fin derivative product originated from a shark that was harvested in an area or at a time where or when the harvest was not legally allowed or by a person not licensed to harvest the shark; or

(c) The person commits the act described by subsection (1) of this section and the violation occurs within five years of entry of a prior conviction under this section or a prior conviction for any other gross misdemeanor or felony under this title involving fish, other than a recreational fishing violation.

(3)(a) Unlawful trade in shark fins in the second degree is a gross misdemeanor. Upon conviction, the department shall suspend any commercial fishing privileges for the person that requires a license under this title for a period of one year.

(b) Unlawful trade in shark fins in the first degree is a class C felony. Upon conviction, the department shall suspend any commercial fishing privileges for the person that requires a license under this title for a period of one year.
(4) Any person who obtains a license or permit issued by the department to take or possess sharks or shark parts for bona fide research or educational purposes, and who sells, offers for sale, purchases, offers to purchase, or otherwise trades a shark fin or shark fin derivative product, exclusively for bona fide research or educational purposes, may not be held liable under or subject to the penalties of this section.

(5) Nothing in this section prohibits the sale, offer for sale, purchase, offer to purchase, or other exchange of shark fins or shark fin derivative products for commercial purposes, or preparation or processing of shark fins or shark fin derivative products for purposes of human or animal consumption for commercial purposes, if the shark fins or shark fin derivative products were lawfully harvested or lawfully acquired prior to the effective date of this section.

MESSAGE FROM THE HOUSE

April 9, 2011

MR. PRESIDENT:
The House passed SUBSTITUTE SENATE BILL NO. 5531 with the following amendment(s): 5531-S AMH ENGR H2473.E

Strike everything after the enacting clause and insert the following:

“NEW SECTION. Sec. 1. The legislature recognizes that counties that host evaluation and treatment beds incur costs by providing judicial services associated with civil commitments under chapters 71.05 and 71.34 RCW. Because evaluation and treatment beds are not evenly distributed across the state, these commitments frequently occur in a different county from the county in which the person was originally detained. The intent of this act is to create a process for the state to reimburse counties through the regional support networks for the counties' reasonable direct costs incurred in providing these judicial services, and to prevent the burden of these costs from falling disproportionately on the counties or regional support networks in which the commitments are most likely to occur. The legislature recognizes that the costs of judicial services may vary across the state based on different factors and conditions.
NEW SECTION. Sec. 2. A new section is added to chapter 71.05 RCW to read as follows:

(1) A county may apply to its regional support network on a quarterly basis for reimbursement of its direct costs in providing judicial services for civil commitment cases under this chapter and chapter 71.34 RCW. The regional support network shall in turn be entitled to reimbursement from the regional support network which serves the county of residence of the individual who is the subject of the civil commitment case. Reimbursements under this section shall be paid out of the regional support network’s nonmedicaid appropriation.

(2) Reimbursement for judicial services shall be provided per civil commitment case at a rate to be determined based on an independent assessment of the county’s actual direct costs. This assessment must be based on an average of the expenditures for judicial services within the county over the past three years. In the event that a baseline cannot be established because there is no significant history of similar cases within the county, the reimbursement rate shall be equal to eighty percent of the median reimbursement rate of counties included in the independent assessment.

(3) For the purposes of this section:

(a) "Civil commitment case" includes all judicial hearings related to a single episode of hospitalization, or less restrictive alternative detention in lieu of hospitalization, except that the filing of a petition for a one hundred eighty-day commitment under this chapter or a petition for a successive one hundred eighty-day commitment under chapter 71.34 RCW shall be considered to be a new case regardless of whether there has been a break in detention. "Civil commitment case" does not include the filing of a petition for a one hundred eighty-day commitment under this chapter on behalf of a patient at a state psychiatric hospital.

(b) "Judicial services" means a county’s reasonable direct costs in providing prosecutor services, assigned counsel and defense services, court services, and court clerk services for civil commitment cases under this chapter and chapter 71.34 RCW.

(4) To the extent that resources have shared purpose, the regional support network may only reimburse counties to the extent such resources are necessary for and devoted to judicial services as described in this section.

(5) No filing fee may be charged or collected for any civil commitment case subject to reimbursement under this section.

NEW SECTION. Sec. 3. A new section is added to chapter 71.05 RCW to read as follows:

(1) The joint legislative audit and review committee shall conduct an independent assessment of the direct costs of providing judicial services under this chapter and chapter 71.34 RCW as defined in section 2 of this act. This assessment shall be conducted for any county in which more than twenty civil commitment cases were conducted during the year prior to the study. This assessment must be completed by June 1, 2012.

(2) The administrative office of the courts and the department shall provide the joint legislative audit and review committee with assistance and data required to complete the assessment.

(3) The joint legislative audit and review committee shall present recommendations as to methods for updating the costs identified in the assessment to reflect changes over time.

NEW SECTION. Sec. 4. A new section is added to chapter 71.34 RCW to read as follows:

A county may apply to its regional support network for reimbursement of its direct costs in providing judicial services for civil commitment cases under this chapter, as provided in section 2 of this act.

Sec. 5. RCW 71.05.110 and 1997 c 112 s 7 are each amended to read as follows:

Attorneys appointed for persons pursuant to this chapter shall be compensated for their services as follows: (1) The person for whom an attorney is appointed shall, if he or she is financially able pursuant to standards as to financial capability and indigency set by the superior court of the county in which the proceeding is held, bear the costs of such legal services; (2) if such person is indigent pursuant to such standards, the ((costs of such services shall be borne by)) regional support network shall reimburse the county in which the proceeding is held((, subject however to the responsibility for costs provided in RCW 71.05.320(2))) for the direct costs of such legal services, as provided in section 2 of this act.

Sec. 6. RCW 71.24.160 and 2001 c 323 s 15 are each amended to read as follows:

The regional support networks shall make satisfactory showing to the secretary that state funds shall in no case be used to replace local funds from any source being used to finance mental health services prior to January 1, 1990. Maintenance of effort funds devoted to judicial services related to involuntary commitment reimbursed under section 2 of this act must be expended for other purposes that further treatment for mental health and chemical dependency disorders.

Sec. 7. RCW 71.34.300 and 1985 c 354 s 14 are each amended to read as follows:

(1) The county or combination of counties is responsible for development and coordination of the evaluation and treatment program for minors, for incorporating the program into the county mental health plan, and for coordination of evaluation and treatment services and resources with the community mental health program required under chapter 71.24 RCW.

(2) The county shall be responsible for maintaining its support of involuntary treatment services for minors at its 1984 level, adjusted for inflation, with the department responsible for additional costs to the county resulting from this chapter. Maintenance of effort funds devoted to judicial services related to involuntary commitment reimbursed under section 2 of this act must be expended for other purposes that further treatment for mental health and chemical dependency disorders.

Sec. 8. RCW 71.34.330 and 1985 c 354 s 23 are each amended to read as follows:

Attorneys appointed for minors under this chapter shall be compensated for their services as follows:

(1) Responsible others shall bear the costs of such legal services if financially able according to standards set by the court of the county in which the proceeding is held.

(2) If all responsible others are indigent as determined by these standards, the ((costs of these legal services shall be borne by)) regional support network shall reimburse the county in which the proceeding is held for the direct costs of such legal services, as provided in section 2 of this act.

Sec. 9. RCW 71.05.230 and 2009 c 217 s 2 and 2009 c 293 s 3 are each reenacted and amended to read as follows:

MESSAGE FROM THE HOUSE

March 5, 2011

MR. PRESIDENT:
The House passed SUBSTITUTE SENATE BILL NO. 5700 with the following amendment(s): 5700-S AMH TR H1972.2
Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that Washington voters strongly supported Initiative Measure No. 1053 during the 2010 general election, which indicates the clear desire on the part of the state's citizens that legislators approve any new fees or increases to existing fees. The legislature further recognizes that during the 2009 legislative session tolling was authorized on the state route number 520 corridor, bonds were authorized to finance construction of corridor projects, and the legislature committed to continue imposing tolls on the corridor in amounts sufficient to pay the principal and interest on those bonds. As tolling is scheduled to begin on the corridor in early April 2011, the legislature intends to honor the voters' clear direction as identified in Initiative Measure No. 1053 by reviewing the transportation commission's recommended schedule for tolling charges and explicitly approving those rates applicable to the state route number 520 corridor. The legislature also intends to review the transportation commission's recommended schedule for photo toll charges and explicitly approve those rates applicable to the Tacoma Narrows bridge.

NEW SECTION. Sec. 2. A new section is added to chapter 47.56 RCW to read as follows:

(1) Consistent with RCW 43.135.055 and 47.56.805 through 47.56.876, the legislature approves the action taken by the transportation commission on January 5, 2011, adopting amended rules to set the schedule of toll rates applicable to the state route number 520 corridor. The legislature further authorizes the transportation commission, as the tolling authority for the state, to set and adjust toll rates on the state route number 520 corridor in accordance with the authorization, requirements, and guidelines set forth in RCW 47.56.830, 47.56.850, and 47.56.870. The transportation commission may adjust the toll rates, as identified in the adopted schedule of toll rates, only in amounts not greater than those sufficient to meet (a) the operating costs of the state route number 520 corridor, including necessary maintenance, preservation, renewal, replacement, administration, and toll enforcement by public law enforcement and (b) obligations for the timely payment of debt service on bonds issued under chapter 498, Laws of 2009 and this act, and any other associated financing costs including, but not limited to, required reserves, minimum debt coverage or other appropriate contingency funding, insurance, and compliance with all other financial and other covenants made by the state in the bond proceedings. Prior to the convening of each regular session of the legislature, the transportation commission must provide the transportation committees of the legislature with a detailed report regarding any increase or decrease in any toll rate approved by the commission that has not been described in a previous report provided pursuant to this subsection (1), along with a detailed justification for each such increase or decrease.

(2) Consistent with RCW 43.135.055 and 47.46.100, the legislature approves the action taken by the transportation commission on January 25, 2011, adopting amended rules to set the schedule of photo toll, or "pay by mail," charges applicable to the Tacoma Narrows bridge. Prior to the convening of each regular session of the legislature, the transportation commission must provide the transportation committees of the legislature with a detailed report regarding any increase or decrease in any toll rate approved by the commission that has not been described in a previous report provided pursuant to this subsection (2), along with a detailed justification for each such increase or decrease.

(3) Consistent with RCW 43.135.055 and 47.56.795(6), the legislature approves the action taken by the transportation commission on January 5, 2011, adopting amended rules concerning the assessment of administrative fees for toll collection processes. The administrative fees must not exceed toll collection costs.

Sec. 3. RCW 47.10.882 and 2009 c 498 s 11 are each amended to read as follows:
The toll facility bond retirement account is created in the state treasury for the purpose of payment of the principal of and interest and premium on bonds. Both principal of and interest on the bonds issued for the purposes of chapter 498, Laws of 2009 and this act shall be payable from the toll facility bond retirement account. The state finance committee may provide that special subaccounts be created in the account to facilitate payment of the principal of and interest on the bonds. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on the bonds in accordance with the bond proceedings.

Sec. 4. RCW 47.10.886 and 2009 c 498 s 16 are each reenacted to read as follows:
If and to the extent that the state finance committee determines, in consultation with the department of transportation and the tolling authority, that it will be beneficial for the state to issue any bonds authorized in RCW 47.10.879 and 47.10.883 through 47.10.885 as toll revenue bonds rather than as general obligation bonds, the state finance committee is authorized to issue and sell, upon the request of the department of transportation, such bonds as toll revenue bonds and not as general obligation bonds. Notwithstanding RCW 47.10.883, each such bond shall contain a recital that payment or redemption of the bond and payment of the interest and any premium thereon is payable solely from and secured solely by a direct pledge, charge, and lien upon toll revenue and is not a general obligation of the state to which the full faith and credit of the state is pledged.

Toll revenue is hereby pledged to the payment of any bonds and the interest thereon issued under the authority of this section, and the legislature agrees to continue to impose these toll charges on the state route number 520 corridor, and on any other eligible toll facility designated by the legislature and on which the imposition of tolls is authorized by the legislature in respect of the bonds, in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of this section.

**Sec. 5.** RCW 47.10.887 and 2009 c 498 s 17 are each amended to read as follows:

The state finance committee may determine and include in any resolution authorizing the issuance of any bonds under chapter 498, Laws of 2009 and this act, such terms, provisions, covenants, and conditions as it may deem appropriate in order to assist with the marketing and sale of the bonds, confer rights upon the owners of bonds, and safeguard rights of the owners of bonds including, among other things:

1. Provisions regarding the maintenance and operation of eligible toll facilities;
2. The pledges, uses, and priorities of application of toll revenue;
3. Provisions that bonds shall be payable from and secured solely by toll revenue as provided by RCW 47.10.886, or shall be payable from and secured by both toll revenue and by a pledge of excise taxes on motor vehicle and special fuels and the full faith and credit of the state as provided in RCW 47.10.879 and 47.10.883 through 47.10.885;
4. In consultation with the department of transportation and the tolling authority, financial covenants requiring that the eligible toll facilities must produce specified coverage ratios of toll revenue to debt service on bonds;
5. The purposes and conditions that must be satisfied prior to the issuance of any additional bonds that are to be payable from and secured by any toll revenue on an equal basis with previously issued and outstanding bonds payable from and secured by toll revenue;
6. Provisions that bonds for which any toll revenue are pledged, or for which a pledge of any toll revenue may be reserved, may be structured on a senior, parity, subordinate, or special lien basis in relation to any other bonds for which toll revenue is pledged, with respect to toll revenue only; and
7. Provisions regarding reserves, credit enhancement, liquidity facilities, and payment agreements with respect to bonds.

Notwithstanding the foregoing, covenants and conditions detailing the character of management, maintenance, and operation of eligible toll facilities, insurance for eligible toll facilities, financial management of toll revenue, and disposition of eligible toll facilities must first be approved by the department of transportation.

The owner of any bond may by mandamus or other appropriate proceedings require and compel performance of any duties imposed upon the tolling authority and the department of transportation and their respective officials, including any duties imposed upon or undertaken by them or by their respective officers, agents, and employees, in connection with the construction, maintenance, and operation of eligible toll facilities and in connection with the collection, deposit, investment, application, and disbursement of the proceeds of the bonds and toll revenue.

**Sec. 6.** RCW 47.10.888 and 2009 c 498 s 18 are each amended to read as follows:

1. For the purposes of chapter 498, Laws of 2009 and this act, "toll revenue" means all toll receipts, all interest income derived from the investment of toll receipts, and any gifts, grants, or other funds received for the benefit of transportation facilities in the state, including eligible toll facilities. However, for the purpose of any pledge of toll revenue to the payment of particular bonds issued under chapter 498, Laws of 2009 and this act, "toll revenue" means and includes only such toll revenue or portion thereof that is pledged to the payment of those bonds in the resolution authorizing the issuance of such bonds. Toll revenue constitutes "fees and revenues derived from the ownership or operation of any undertaking, facility, or project" as that phrase is used in Article VIII, section 1(c)(1) of the state Constitution.
2. For the purposes of chapter 498, Laws of 2009 and this act, "tolling authority" has the same meaning as in RCW 47.56.810.

**Sec. 7.** RCW 47.56.810 and 2008 c 122 s 3 are each amended to read as follows:

The definitions in this section apply throughout this subchapter unless the context clearly requires otherwise:

1. "Tolling authority" means the governing body that is legally empowered to review and adjust toll rates. Unless otherwise delegated, the transportation commission is the tolling authority for all state highways.
2. "Eligible toll facility" or "eligible toll facilities" means portions of the state highway system specifically identified by the legislature including, but not limited to, transportation corridors, bridges, crossings, interchanges, on-ramps, off-ramps, approaches, bistate facilities, and interconnections between highways.
3. "Toll revenue" or "revenue from an eligible toll facility" means toll receipts, all interest income derived from the investment of toll receipts, and any gifts, grants, or other funds received for the benefit of ((the)) transportation facilities in the state, including eligible toll ((facility)) facilities.

**NEW SECTION.** Sec. 8. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Correct the title, and the same are herewith transmitted.

MESSAGE FROM THE HOUSE

April 9, 2011

MR. PRESIDENT:
The House passed SUBSTITUTE SENATE BILL NO. 5741 with the following amendment(s): 5741-S AMH ENGR H2261.E

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 43.162.005 and 2007 c 232 s 1 are each amended to read as follows:

(1) The legislature finds that ((Washington's innovation and trade-driven economy has provided tremendous opportunities for citizens of the state, but that there is no guarantee that globally competitive firms will continue to grow and locate in the state. The current economic development system is fragmented among numerous programs, councils, centers, and organizations with inadequate overall coordination and insufficient guidance built into the system to ensure that the system is responsive to its customers. The current economic development system's data-gathering and evaluation methods are inconsistent and unable to provide adequate information for determining how well the system is performing on a regular basis so the system may be held accountable for its outcomes.

The legislature also finds that developing a comprehensive economic development strategic plan to guide the operation of effective economic development programs, including workforce training, infrastructure development, small business assistance, technology transfer, and export assistance, is vital to the state's efforts to increase the competitiveness of state businesses, encourage employment growth, increase state revenues, and generate economic well-being. There is a need for responsive and consistent involvement of the private sector in the state's economic development efforts. The legislature finds that there is a need for the development of coordination criteria for business recruitment, expansion, and retention activities carried out by the state and local entities. It is the intent of the legislature) in order to achieve long-term global competitiveness, prosperity, and economic opportunity for all the state's citizens, Washington state must become the most attractive, creative, and fertile investment environment for innovation in the world.

(2) The legislature finds that the state must take a strategic approach to fostering an innovation economy, and that success will be driven by public and private sector leaders who are committed to developing and advocating a shared vision and collaborating across organizational and geographic boundaries. The legislature therefore intends to create an economic development commission that will provide planning, coordination, evaluation, monitoring, and policy analysis and development for the state economic development system as a whole, and advice to the governor and legislature concerning the state economic development system.

change in the transportation budget. I therefore request that the Senate rules. The amendment attempts to make a substantive law and a ruling issued earlier in the day.”

Senator Benton moved that the following amendment by Senator Benton to the striking amendment be adopted:

On page 14, after line 25 of the amendment, insert the following:

"(13) $90,000 of the highway safety account--state appropriation is provided solely for identification verification purposes as required under RCW 46.20.035. Consistent with this requirement, if an applicant for a driver's license, driver's instruction permit, juvenile agricultural driving permit, or identicard does not provide a valid social security number as part of their application process as required in RCW 26.23.150, the department shall verify the identity of the applicant through the systematic alien verification for entitlements program administered by the United States citizenship and immigrations services. If the applicant's identity cannot be verified, the application must be denied."

Senator Benton spoke in favor of adoption of the amendment to the striking amendment.

POINT OF ORDER

Senator Brown: “Thank you Mr. President. I would request a ruling to whether the amendment violates Senate Rules 66 and 25 in the same way that an earlier amendment was a violation of senate rules. The amendment attempts to make a substantive law change in the transportation budget. I therefore request that the amendment be ruled out of order.”

Senator Benton spoke against the point of order.

RULING BY THE PRESIDENT

President Owen: “In ruling upon the point of order raised by Senator Benton asserting that Amendment # 388 includes substantive law in violation of Senate Rules 25 and 66, the President finds and rules as follows:

Very generally, the proposed amendment by Senator Benton seeks to include in the transportation budget language in the transportation budget language identity verification requirements for applicants seeking various permits and licenses.

The President does believe that this amendment is more tightly connected to funding—and, therefore, closer to being a proviso as opposed to substantive law—than was the last amendment offered on this same subject. Nonetheless, this amendment still impermissibly adds substantive law into a budget bill.

One general test to determine whether policy language is an appropriate budget proviso as opposed to substantive law is whether or not the language, if separated from its associated funding, would still function. This test is imperfect and incomplete, but it provides a general starting point that is useful in making such determinations. Simply put, any policy language must serve to modify an appropriation, not function as an independent mandate.

In the case of the amendment before us, it is true that there is an appropriation of $90,000 which the language purports to limit. Looking carefully at the full amendment, however, it becomes clear that the proviso language—by its own terms—seeks to effectively modify the requirements found in another statute, disconnected from the funding and appropriation made within the budget, itself. In this sense, the language would operate irrespective of any funding amount, and it is thus properly viewed as substantive law, not a limited proviso.

For these reasons, and consistent with his earlier ruling on this same subject matter on this same budget, the President believes this amendment would violate Rules 25 and 66, and Senator Brown’s point is well-taken.”

Senator Nelson moved that the following amendment by Senator Nelson and others to the striking amendment be adopted:

On page 30, after line 27 of the amendment, insert the following:

"Puget Sound Capital Construction Account--State Appropriation……………………………………………………$4,000,000
TOTAL APPROPRIATION ………………………………………..$471,773,000"

On page 30, at the beginning of line 28 of the amendment, strike "The appropriation in this section is" and insert "The appropriations in this section are"

On page 32, beginning on line 22 of the amendment, strike all of subsection (12)

Remumber the remaining subsections consecutively and correct any internal references accordingly.

On page 48, line 28 of the amendment, insert "$470,773,000" and insert "$4,000,000"

On page 51, line 14 of the amendment, strike "$7,167,000" and insert "$470,773,000"

On page 51, line 14 of the amendment, strike "$7,167,000" and insert "$3,167,000"

WITHDRAWAL OF AMENDMENT

On motion of Senator Nelson, the amendment by Senator Nelson and others on page 30, line 27 to the striking amendment to Engrossed Substitute House Bill No. 1175 was withdrawn.

Senator Hewitt moved that the following amendment by Senator Hewitt to the striking amendment be adopted:

On page 30, at the beginning of line 28 of the amendment, strike "The appropriation in this section is" and insert "The appropriations in this section are"

On page 32, beginning on line 22 of the amendment, strike all of subsection (12)

Remumber the remaining subsections consecutively and correct any internal references accordingly.

On page 32, line 27 of the amendment, strike "$470,773,000" and insert "$471,773,000"

On page 32, at the beginning of line 28 of the amendment, strike "The appropriation in this section is" and insert "The appropriations in this section are"
On page 171, line 3 of the title amendment, after "46.63.160,", strike "43.19.642."

Senator Hewitt spoke in favor of adoption of the amendment to the striking amendment.

Senator Haugen spoke against adoption of the amendment to the striking amendment.

The President declared the question before the Senate to be the adoption of the amendment by Senator Hewitt on page 30, line 27 to the striking amendment to Engrossed Substitute House Bill No. 1175.

The motion by Senator Hewitt failed and the amendment to the striking amendment was not adopted by voice vote.

POINT OF ORDER

Senator Ericksen: “Thank you Mr. President. Pursuant to Rule 25 of the Senate Rules and pursuant to your rulings earlier today I request a ruling with regards to section 701, 704, 706 and 701 of the striking amendment for being outside the scope and object of the underlying bill. Section 701 makes a policy change to the public private partnership statute currently in state law. Section 704 makes a policy change with regards to the use of red light cameras for enforcement in Washington State. Section 706 makes a policy change with regards to the use of bio-fuels in our state ferry fleet and section 710 makes a policy change with regards to the threshold with work being conducted by ferries labor unions. Mr. President, I would argue that the amendments in the striker violate Rule 25 by addressing issues that are policy in nature and not budget in nature.”

Senator Haugen spoke against the point of order.

MOTION

On motion of Senator Eide, further consideration of Engrossed Substitute House Bill No. 1175 was deferred and the bill held its place on the second reading calendar.

7. "Developmental disability" means a disability attributable to intellectual disability, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to an intellectual disability or to require treatment similar to that required for individuals with intellectual disabilities, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial limitation to the individual.

8. "Guardian" means the person or agency that:

9. "Guardian ad litem" means a person, appointed by the court to represent the best interests of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. An investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) Offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(5) Monitor placements of children in out-of-home care and in-home dependencies to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010. The policy for monitoring placements under this section shall require that children in out-of-home care and in-home dependencies and their caregivers receive a private and individual face-to-face visit each month.

(a) The department shall conduct the monthly visits with children and caregivers required under this section unless the child's placement is being supervised under a contract between the department and a private agency accredited by a national child welfare accrediting entity, in which case the private agency shall, within existing resources, conduct the monthly visits with the child and with the child's caregiver according to the standards described in this subsection and shall provide the department with a written report of the visits within fifteen days of completing the visits.

(6) Have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, to provide for the routine and necessary medical, dental, and mental health care, or necessary emergency care of the children, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. (7) Have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(8) Have authority to purchase care for children; and shall follow in general the policy of using properly approved private agency services for the actual care and supervision of such children insofar as they are available, paying for care of such children as are accepted by the department as eligible for support at reasonable rates established by the department.

(9) Establish a children's services advisory committee which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(10) (Have authority to) Provide continued ((foster care or group care as needed)) extended foster care services to youth ages eighteen to twenty-one years to participate in or complete a ((high school or vocational school)) secondary education program or a secondary education equivalency program.

(12) Within amounts appropriated for this specific purpose, have authority to provide adoption support benefits, or ((subsidized)) relative guardianship ((benefits)) subsidies on behalf of youth ages eighteen to twenty-one years who achieved permanency through adoption or a ((subsidized)) relative guardianship at age sixteen or older and who ((are engaged in one of the activities)) meet the criteria described in subsection (((11))) (10) of this section.

((11)))((12)) Refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child. Cases involving individuals age eighteen through twenty
shall not be referred to the division of child support unless required by federal law.

(13) Have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order; and the purchase of such care shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 and 74.13.032 through 74.13.036, or of this section all services to be provided by the department of social and health services under subsections (4), (6), and (7) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(14) Within amounts appropriated for this specific purpose, provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(15) Have authority to provide independent living services to youths, including individuals who have attained eighteen years of age, and have not attained twenty-one years of age who are or have been in foster care.

(16) Consult at least quarterly with foster parents, including members of the foster parent association of Washington state, for the purpose of receiving information and comment regarding how the department is performing the duties and meeting the obligations specified in this section and RCW 74.13.250 and 74.13.320 regarding the recruitment of foster homes, reducing foster parent turnover rates, providing effective training for foster parents, and administering a coordinated and comprehensive plan that strengthens services for the protection of children. Consultation shall occur at the regional and statewide levels.

Sec. 6. RCW 13.34.145 and 2009 c 520 s 30, 2009 c 491 s 4, and 2009 c 477 s 4 are each reenacted and amended to read as follows:

(1) The purpose of a permanency planning hearing is to review the permanency plan for the child, inquire into the welfare of the child and progress of the case, and reach decisions regarding the permanent placement of the child.

(a) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

(b) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve months, as provided in this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or a permanent custody order is entered, or the dependency is dismissed. Every effort shall be made to provide stability in long-term placement, and to avoid disruption of placement, unless the child is being returned home or it is in the best interest of the child.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(2) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(3) At the permanency planning hearing, the court shall conduct the following inquiry:

(a) If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate.

(b) In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. The court shall review the permanency plan prepared by the agency and make explicit findings regarding each of the following:

(i) The continuing necessity for, and the safety and appropriateness of, the placement;

(ii) The extent of compliance with the permanency plan by the department or supervising agency and any other service providers, the child's parents, the child, and the child's guardian, if any;

(iii) The extent of any efforts to involve appropriate service providers in addition to department or supervising agency staff in planning to meet the special needs of the child and the child's parents;

(iv) The progress toward eliminating the causes for the child's placement outside of his or her home and toward returning the child safely to his or her home or obtaining a permanent placement for the child;

(v) The date by which it is likely that the child will be returned to his or her home or placed for adoption, with a guardian or in some other alternative permanent placement; and

(vi) If the child has been placed outside of his or her home for fifteen of the most recent twenty-two months, not including any period during which the child was a runaway from the out-of-home placement or the first six months of any period during which the child was returned to his or her home for a trial home visit, the appropriateness of the permanency plan, whether reasonable efforts were made by the department or supervising agency to achieve the goal of the permanency plan, and the circumstances which prevent the child from any of the following:

(A) Being returned safely to his or her home;

(B) Having a petition for the involuntary termination of parental rights filed on behalf of the child;

(C) Being placed for adoption;

(D) Being placed with a guardian;

(E) Being placed in the home of a fit and willing relative of the child; or

(F) Being placed in some other alternative permanent placement, including independent living or long-term foster care.

At this hearing, the court shall order the department or supervising agency to file a petition seeking termination of parental rights if the child has been in out-of-home care for fifteen of the last twenty-two months since the date the dependency petition was filed unless the court makes a good cause exception as to why the filing of a termination of parental rights petition is not appropriate. Any good cause finding shall be reviewed at all subsequent hearings pertaining to the child. For purposes of this section, "good cause exception" includes but is not limited to the following: The child is being cared for by a relative; the department has not provided to the child's family such services as the court and the department have
deemed necessary for the child's safe return home; or the department has documented in the case plan a compelling reason for determining that filing a petition to terminate parental rights would not be in the child's best interests.

(c)(i) If the permanency plan identifies independent living as a goal, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs prior to approving independent living as a permanency plan of care. The court will inquire whether the child has been provided information about extended foster care services.

(ii) The permanency plan shall also specifically identify the services, including extended foster care services, where appropriate, that will be provided to assist the child to make a successful transition from foster care to independent living.

(iii) The department or supervising agency shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(d) If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall:

(i) Enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280, 13.34.215(5)(c)(i)(B), and 13.34.096; and

(ii) If the department or supervising agency is recommending a placement other than the child's current placement with a foster parent, relative, or other suitable person, enter a finding as to the reasons for the recommendation for a change in placement.

(4) In all cases, at the permanency planning hearing, the court shall:

(a)(i) Order the permanency plan prepared by the supervising agency to be implemented; or

(ii) Modify the permanency plan, and order implementation of the modified plan; and

(b)(i) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or

(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

(5) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

(6) Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

(7) If the court orders the child returned home, casework supervision by the department or supervising agency shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.138, and the court shall determine the need for continued intervention.

(8) The juvenile court may hear a petition for permanent legal custody when: (a) The court has ordered implementation of a permanency plan that includes permanent legal custody; and (b) the party pursuing the permanent legal custody is the party identified in the permanency plan as the prospective legal custodian. During the pendency of such proceeding, the court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

(9) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when the requirements of subsection (8) of this section are met.

(10) Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the department or supervising agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

(11) The approval of a permanency plan that does not contemplate return of the child to the home of the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights. The court shall consider the child's relationships with siblings in accordance with RCW 13.34.130.

(12) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter.

Point of order

Senator Eide: “Pursuant to rule, Reed’s Rule 130, I believe this amendment is out of order. Under Rule 130 second reading is by paragraphs or sections and each paragraph or section is amended in its turn. We have already addressed and failed amendment number 386 which was amended to section bill occurring on page 30. We amended number 396 which amendment to page 14 and, under Rule 130, it’s not permissible to reoccur to a paragraph or section that’s already passed. Therefore, I ask Mr. President that you rule that this amendment is out of order.”

Senator Benton spoke against the point of order.

Ruling by the president

President Owen: “In ruling upon the point of order raised by senator Eide as to amendment number 396, the President finds and rules as follows:

Senator Eide argues that Reed’s Rule 130 requires that amendments be considered in paragraph order, such that—once the body has moved beyond a particular section—it may not go back to a previous paragraph absent the consent of the body. Senator Eide is correct: the Senate may not consider an amendment to a section which has previously been available or considered for amendment without leave of the body. The rationale of this rule is to avoid confusion by ensuring that amendments are taken in a logical and consistent manner, and the body’s time is not wasted by continuously revisiting matters already considered or sections already gone by.

For these reasons, Senator Eide’s point is well-taken, and the amendment may not be considered without leave of the body.”

Parliamentary inquiry

Senator Benton: “Thank you Mr. President. I’d like to ask for further clarification since the order in which the amendment is considered by the Senate is completely out of my control and up to staff and people that run the senate. Why wasn’t the amendment presented to the body at the proper time. It was on the bar and ready to be presented under the proper section…”

Reply by the president

President Owen: “Senator Benton, the President will respond and will respond once. The amendment was provided to us after we had considered other amendments beyond that section. It was not presented to us at the time we were considering that section.”

Senator Benton moved that the Senate consider the following amendment:

On page 14, after line 25 of the amendment, insert the following:

“(13) $245,769,000 of the appropriation is provided solely for Department of Licensing activities. If chapter … (Substitute Senate bill No. 5407), Laws of 2011 is not enacted by June 30, 2011, the amount provided in this subsection lapses.”

Point of order

Senator Eide: “Under Reed’s Rule 212, a member may not abuse the rules of the body in order to obstruct public business. Under Rule 49 of Reed’s Rules a member is not to make use of even proper parliamentary motions to impede unreasonably the actions of the assembly. This is the third amendment, I think it might even be the fourth at this point in time dealing with the same issue. This is the first of two amendments that have been ruled out of order by the President and I believe the further amendments are a violation of the Rule 212. Under Reed’s Rule 225 the President has the authority to prevent a member from impeding the business of the body through the use of a debate and parliamentary maneuverings. I ask that the President to find that this out of order and allow the body to move on to debating the bill. Thank you.”

Reply by the president

President Owen: “Senator Eide, your point would be well taken had Senator Benton not asked for the consent of the body. If the body consents, then we can go back to it. That not being the case, the President would have warned Senator Benton that he was treading on the exact rules that you have pointed out because it is the third time that we are considering the same amendment. So Senator Benton has moved that the body consider amendment number 396.”

Senator Schoesler demanded a roll call on the motion by Senator Benton that the Senate consider amendment by Senator Benton on page 14, line 25 to engrossed substitute house bill No. 1175.

The President declared that one-sixth of the members supported the demand and the demand was sustained.

Parliamentary inquiry

Senator Sheldon: “If I might read from the Senate Rules Mr. President? Rule 32 states that every decision of points of order by the President shall be subject to appeal by any senator and discussion of a question of order shall be allowed. In all cases of appeal the question shall be ‘shall the decision of the President stand as the judgment of the Senate.’ Mr. President, aren’t we in this situation now that would be governed by Rule 32? Since you have ruled that that amendment is not in order and…”

Reply by the president

President Owen: “Senator Benton has not challenged the President’s rule. He is asking for the body’s permission to consider an amendment which otherwise could be ruled out of order.”
One hundred first day, April 20, 2011

Senator Benton spoke in favor of the motion to adopt the amendment.

Parliamentary Inquiry

Senator Eide: “I believe, and I am not certain so I want to ask you this question. The motion before us is whether or not it’s all in the parliamentary procedure. This is a procedure. It’s not on the amendment itself. Is that correct?”

Reply by the President

President Owen: “That is correct. Senator Benton nor anybody else may actually debate the issue only whether or not to go and give him consent to consider the issue. Senator Hargrove.”

Parliamentary Inquiry

Senator Hargrove: “Thank you Mr. President. Since my vote on this motion depends on the fact that we would be voting on the amendment, I’m unclear and have a point of parliamentary inquiry as to which version of Substitute Senate Bill No. 5407 we are supposedly considering under this amendment because that bill never passed the senate. So, I don’t know which, was it the version introduced. Was it the version that was amended in Committee? Was the version we started to work on? I have no idea what we’re?”

Reply by the President

President Owen: “Senator, it’s not the President’s place to tell you what is within the bill but the bill that he is referencing is Substitute Senate Bill No. 5407.”

The President declared the question before the Senate to be the motion by Senator Benton that the Senate consider the amendment by Senator Benton on page 14, line 25 to the striking amendment to Engrossed Substitute House Bill No. 1175.

The Secretary called the roll on the motion by Senator Benton and the motion failed by the following vote: Yeas, 22; Nays, 26; Absent, 0; Excused, 1.

Voting nay: Senators Brown, Chase, Conway, Eide, Fraser, Hargrove, Harper, Hatfield, Haugen, Hobbs, Kastama, Keiser, Kilmer, Kline, Kohl-Welles, McAuliffe, Murray, Nelson, Prentice, Pridemore, Ranker, Regala, Rockefeller, Shin, Tom and White

Excused: Senator Parlette

Ruling by the President

President Owen: “In ruling upon the point of order raised by Senator Ericksen as to whether Sections 701, 704, 706, and 710 of the striking amendment include changes to substantive law in violation of Senate Rules 25 and 66, the President finds and rules as follows:

The President begins by noting that some of the issues presented are novel and involve complex and interrelated budget provisions, so the President asks for the body’s patience as he goes through each section in turn.

Section 701 would amend RCW 47.29.170 to continue the prohibition which prevents the Transportation Commission from accepting or considering unsolicited bids. While the wholesale introduction of such a change to the RCW might go beyond what
Senator Haugen moved that the following amendment by Senator Haugen to the striking amendment be adopted:

On page 87, line 8 of the amendment, after "June 30," strike "2011" and insert "((2014)) 2013"

On page 87, line 10 of the amendment, after "forces," strike all material through "forces" on line 12

POINT OF ORDER

Senator Benton: "Thank you Mr. President. I few moments ago, about thirty-five minutes ago, this body took action on amendment that would of affected on page 171. In accordance with the Majority Floor Leader’s point of order made a few moments ago, according to Reed’s Rules the amendment now before us deals with section of the law on page 87. We have long since passed page 87 and therefore going back to page 87 would be in violation in your previous ruling and in violation of Reed’s Rules."

POINT OF ORDER

Senator Eide: “In Reed’s Rules, section 130 it is the general consent of the body to consider this amendment.”

RULING BY THE PRESIDENT

President Owen: “In ruling upon the point of order raised by Senator Benton as to amendment number 397, the President finds and rules a follows:

Senator Benton argues that the body is beyond the page and line number for consideration of this amendment as called for under Reed’s Rule 130. The President believes, however, that the proper reference for this determination is the substantive amendment language, not the title amendment portion of the amendment that Senator Benton referenced. The title amendment will necessarily always come at the end. The body has not considered an amendment beyond the line and page presented by this amendment.

For these reasons Senator Benton’s point is not well-taken, and the amendment is properly before the body.”

Senator Haugen spoke in favor of the amendment to the striking amendment.

The President declared the question before the Senate to be the adoption of the amendment by Senator Haugen on page 87, line 8 to the striking amendment to Engrossed Substitute House Bill No. 1175.

The motion by Senator Haugen carried and the amendment to the striking amendment was adopted by voice vote.

MOTION

Senator Benton moved that the following amendment by Senator Benton to the striking amendment be adopted:

On page 90, after line 3, insert the following:

"NEW SECTION. Sec. 712. FOR THE DEPARTMENT OF LICENSING
Motor Vehicle Account--State Appropriation .................. $90,000
The appropriations in this section are subject to the following conditions and limitations: The total appropriation is provided solely for implementation of chapter. . . (Substitute Senate Bill no, 5407), Laws of 2011. If the bill is not enacted by June 30, 2011, the amount provided in this subsection lapses."

Withdrawal of Amendment
ENGROSSED SUBSTITUTE HOUSE BILL NO. 1175 as amended by the Senate, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MOTION

At 6:08 p.m., on motion of Senator Eide, the Senate adjourned until 10:00 a.m. Thursday, April 21, 2011.

MOTION
facilities must address the economic future and the preservation of jobs in affected communities.

(5) Therefore, it is the purpose of this act to provide for the reduction of greenhouse gas emissions from large coal-fired baseload electric power generation facilities, to effect an orderly transition to cleaner fuels in a manner that ensures reliability of the state's electrical grid, to ensure appropriate cleanup and site restoration upon decommissioning of any of these facilities in the state, and to provide assistance to host communities planning for new economic development and mitigating the economic impacts of the closure of these facilities.

Sec. 102. RCW 80.80.010 and 2009 c 565 s 54 and 2009 c 448 s 1 are each reenacted and amended to read as follows:

Sec. 103. RCW 80.80.040 and 2009 c 448 s 2 are each amended to read as follows:

(1) Beginning July 1, 2008, the greenhouse gas emissions performance standard for all baseload electric generation for which electric utilities enter into long-term financial commitments on or after such date is the lower of:

(a) One thousand one hundred pounds of greenhouse gases per megawatt-hour; or
(b) The average available greenhouse gas emissions output as determined under RCW 80.80.050.

(2) This chapter does not apply to long-term financial commitments with the Bonneville power administration.

(3)(a) Except as provided in (c) of this subsection, all baseload electric generation facilities in operation as of June 30, 2008, are deemed to be in compliance with the greenhouse gas emissions performance standard established under this section until the facilities are the subject of long-term financial commitments.

(b) All baseload electric generation that commences operation after June 30, 2008, and is located in Washington, must comply with the greenhouse gas emissions performance standard established in subsection (1) of this section.

(c)(i) A coal-fired baseload electric generation facility in Washington that emitted more than one million tons of greenhouse gases in any calendar year prior to 2008 must comply with the lower of the following greenhouse gas emissions performance standard such that one generating boiler is in compliance by December 31, 2020, and any other generating boiler is in compliance by December 31, 2025:

(A) One thousand one hundred pounds of greenhouse gases per megawatt-hour; or
(B) The average available greenhouse gas emissions output as determined under RCW 80.80.050.

(ii) This subsection (3)(c) does not apply to a coal-fired baseload electric generating facility in the event the department...
emissions performance standard, the department of ((community, trade, and economic development)) commerce energy policy division, in consultation with the commission, the department, the Bonneville power administration, the western electricity ((coordination coordinating)) coordinating council, the energy facility site evaluation council, electric utilities, public interest representatives, and consumer representatives, shall consider the effects of the greenhouse gas emissions performance standard on system reliability and overall costs to electricity customers.

(12) In developing and implementing the greenhouse gas emissions performance standard, the department shall, with assistance of the commission, the department of ((community, trade, and economic development)) commerce energy policy division, and electric utilities, and to the extent practicable, address long-term purchases of electricity from unspecified sources in a manner consistent with this chapter.

(13) The directors of the energy facility site evaluation council and the department shall each adopt rules under chapter 34.05 RCW in coordination with each other to implement and enforce the greenhouse gas emissions performance standard. The rules necessary to implement this section shall be adopted by June 30, 2008.

(14) In adopting the rules for implementing this section, the energy facility site evaluation council and the department shall include criteria to be applied in evaluating the carbon sequestration plan, for baseload electric generation that will rely on subsection (10) of this section to demonstrate compliance, but that will commence sequestration after the date that electricity is first produced. The rules shall include but not be limited to:

(a) Provisions for financial assurances, as a condition of plant operation, sufficient to ensure successful implementation of the carbon sequestration plan, including construction and operation of necessary equipment, and any other significant costs;

(b) Provisions for geological or other approved sequestration commencing within five years of plant operation, including full and sufficient technical documentation to support the planned sequestration;

(c) Provisions for monitoring the effectiveness of the implementation of the sequestration plan;

(d) Penalties for failure to achieve implementation of the plan on schedule;

(e) Provisions for an owner to purchase emissions reductions in the event of the failure of a sequestration plan under subsection (16) of this section; and

(f) Provisions for public notice and comment on the carbon sequestration plan.

(15)(a) Except as provided in (b) of this subsection, as part of its role enforcing the greenhouse gas emissions performance standard, the department shall determine whether sequestration or a plan for sequestration will provide safe, reliable, and permanent protection against the greenhouse gases entering the atmosphere from the power plant and all ancillary facilities.

(b) For facilities under its jurisdiction, the energy facility site evaluation council shall contract for review of sequestration or the carbon sequestration plan with the department consistent with the conditions under (a) of this subsection, consider the adequacy of sequestration or the plan in its adjudicative proceedings conducted under RCW 80.50.090(3), and incorporate specific findings regarding adequacy in its recommendation to the governor under RCW 80.50.100.

(16) A project under consideration by the energy facility site evaluation council by July 22, 2007, is required to include all of the requirements of subsection (14) of this section in its carbon sequestration plan submitted as part of the energy facility site evaluation council process. A project under consideration by the energy facility site evaluation council by July 22, 2007, that receives final site certification agreement approval under chapter 80.50 RCW shall make a good faith effort to implement the sequestration plan. If the project owner determines that implementation is not feasible, the project owner shall submit documentation of that determination to the energy facility site evaluation council. The documentation shall demonstrate the steps taken to implement the sequestration plan and evidence of the technological and economic barriers to successful implementation. The project owner shall then provide to the energy facility site evaluation council notification that they shall implement the plan that requires the project owner to meet the greenhouse gas emissions performance standard by purchasing verifiable greenhouse gas emissions reductions from an electric ((generating)) generation facility located within the western interconnection, where the reduction would not have occurred otherwise or absent this contractual agreement, such
that the sum of the emissions reductions purchased and the facility's emissions meets the standard for the life of the facility.

Sec. 104. RCW 80.80.060 and 2009 c 448 s 3 and 2009 c 147 s 1 are each reenacted and amended to read as follows:

(1) No electrical company may enter into a long-term financial commitment unless the baseload electric generation supplied under such a long-term financial commitment complies with the greenhouse ([gases [gas]]) gas emissions performance standard established under RCW 80.80.040.

(2) In order to enforce the requirements of this chapter, the commission shall review in a general rate case or as provided in subsection (5) of this section any long-term financial commitment entered into by an electrical company after June 30, 2008, to determine whether the baseload electric generation to be supplied under that long-term financial commitment complies with the greenhouse ([gases [gas]]) gas emissions performance standard established under RCW 80.80.040.

(3) In determining whether a long-term financial commitment is for baseload electric generation, the commission shall consider the design of the power plant and its intended use, based upon the electricity purchase contract, if any, permits necessary for the operation of the power plant, and any other matter the commission determines is relevant under the circumstances.

(4) Upon application by an electric utility, the commission may provide a case-by-case exemption from the greenhouse ([gases [gas]]) gas emissions performance standard to address: (a) Unanticipated electric system reliability needs; (b) extraordinary cost impacts on utility ratepayers; or (c) catastrophic events or threat of significant financial harm that may arise from unforeseen circumstances.

(5) Upon application by an electrical company, the commission shall determine whether the company's proposed decision to acquire electric generation or enter into a power purchase agreement for electricity complies with the greenhouse ([gases [gas]]) gas emissions performance standard established under RCW 80.80.040. The commission shall not decide in a proceeding under this subsection (5) issues involving the actual costs to construct and operate the selected resource, cost recovery, or other issues reserved by the commission for decision in a general rate case or other proceeding for recovery of the resource or contract costs.

(6) An electrical company may account for and defer for later consideration by the commission costs incurred in connection with a long-term financial commitment, including operating and maintenance costs, depreciation, taxes, and cost of invested capital. The deferral begins with the date on which the power plant begins commercial operation or the effective date of the power purchase agreement and continues for a period not to exceed twenty-four months; provided that if during such period the company files a general rate case or other proceeding for the recovery of such costs, deferral ends on the effective date of the final decision by the commission in such proceeding. Creation of such a deferral account does not by itself determine the actual costs of the long-term financial commitment, whether recovery of any or all of these costs is appropriate, or other issues to be decided by the commission in a general rate case or other proceeding for recovery of these costs.

For the purpose of this subsection (6) only, the term "long-term financial commitment" also includes an electric company's ownership or power purchase agreement with a term of five or more years associated with an eligible renewable resource as defined in RCW 19.285.030.

(7) The commission shall consult with the department to apply the procedures adopted by the department to verify the emissions of greenhouse gases from baseload electric generation under RCW 80.80.040. The department shall report to the commission whether baseload electric generation will comply with the greenhouse ([gases [gas]]) gas emissions performance standard for the duration of the period the baseload electric generation is supplied to the electrical company.

(8) The commission shall adopt rules for the enforcement of this section with respect to electrical companies and adopt procedural rules for approving costs incurred by an electrical company under subsection (4) of this section.

(9) This section does not apply to a long-term financial commitment for the purchase of coal transition power with termination dates consistent with the applicable dates in RCW 80.80.040(3)(c).

(10) The commission shall adopt rules necessary to implement this section by December 31, 2008.

Sec. 105. RCW 80.80.070 and 2007 c 307 s 9 are each amended to read as follows:

(1) No consumer-owned utility may enter into a long-term financial commitment unless the baseload electric generation supplied under such a long-term financial commitment complies with the greenhouse ([gases [gas]]) gas emissions performance standard established under RCW 80.80.040.

(2) The governing board shall review and make a determination on any long-term financial commitment by the utility, pursuant to this chapter and after consultation with the department, to determine whether the baseload electric generation to be supplied under that long-term financial commitment complies with the greenhouse ([gases [gas]]) gas emissions performance standard established under RCW 80.80.040. No consumer-owned utility may enter into a long-term financial commitment unless the baseload electric generation to be supplied under that long-term financial commitment complies with the greenhouse ([gases [gas]]) gas emissions performance standard established under RCW 80.80.040.

(3) In confirming that a long-term financial commitment is for baseload electric generation, the governing board shall consider the design of the power plant and the intended use of the power plant based upon the electricity purchase contract, if any, permits necessary for the operation of the power plant, and any other matter the governing board determines is relevant under the circumstances.

(4) The governing board may provide a case-by-case exemption from the greenhouse ([gases [gas]]) gas emissions performance standard to address: (a) Unanticipated electric system reliability needs; or (b) catastrophic events or threat of significant financial harm that may arise from unforeseen circumstances.

(5) The governing board shall apply the procedures adopted by the department to verify the emissions of greenhouse gases from baseload electric generation under RCW 80.80.040, and may request assistance from the department in doing so.

(6) For consumer-owned utilities, the auditor is responsible for auditing compliance with this chapter and rules adopted under this chapter that apply to those utilities and the attorney general is responsible for enforcing that compliance.

(7) This section does not apply to long-term financial commitments for the purchase of coal transition power with termination dates consistent with the applicable dates in RCW 80.80.040(3)(c).

NEW SECTION. Sec. 106. A new section is added to chapter 80.80 RCW to read as follows:

(1) By January 1, 2012, the governor on behalf of the state shall enter into a memorandum of agreement that takes effect on April 1, 2012, with the owners of a coal-fired baseload facility in Washington that emitted more than one million tons of greenhouse gases in any calendar year prior to 2008. The memorandum of agreement entered into by the governor may only contain provisions authorized in this section, except as provided under section 108 of this act.

(2) The memorandum of agreement must:
NEW SECTION. Sec. 106. A new section is added to chapter 80.80 RCW to read as follows:

No state agency or political subdivision of the state may adopt or impose a greenhouse gas emission performance standard, or other operating or financial requirement or limitation relating to greenhouse gas emissions, on a coal-fired electric generation facility located in Washington in operation on or before the effective date of this section or upon an electric utility's long-term purchase of coal or other environmental benefits.

NEW SECTION. Sec. 108. A new section is added to chapter 80.80 RCW to read as follows:

(1) A memorandum of agreement entered into pursuant to section 106 of this act may include provisions to assist in the financing of emissions reductions that exceed those required by RCW 80.80.040(3)(c) by providing for the recognition of such reductions in applicable state policies and programs relating to greenhouse gas emissions, and by encouraging and advocating for the recognition of the reductions in all established and emerging emission reduction frameworks at the regional, national, or international level.

(2) The governor may recommend actions to the legislature to strengthen implementation of an agreement or a proposed agreement relating to recognition of investments in emissions reductions described in subsection (1) of this section.

Sec. 109. RCW 80.50.100 and 1989 c 175 s 174 are each amended to read as follows:

(1)(a) The council shall report to the governor its recommendations as to the approval or rejection of an application for certification within twelve months of receipt by the council of such an application, or such later time as is mutually agreed by the council and the applicant.

(b) In the case of an application filed prior to December 31, 2025, for certification of an energy facility proposed for construction, modification, or expansion for the purpose of providing generating facilities that meet the requirements of RCW 80.80.040 and are located in a county with a coal-fired electric generating facility subject to RCW 80.80.040(3)(c), the council shall expedite the processing of the application pursuant to RCW 80.50.075 and shall report its recommendations to the governor within one hundred eighty days of receipt by the council of such an application, or a later time as is mutually agreed by the council and the applicant.

(2) If the council recommends approval of an application for certification, it shall also submit a draft certification agreement with the report. The council shall include conditions in the draft certification agreement to implement the provisions of this chapter, including, but not limited to, conditions to protect state or local governmental or community interests affected by the construction or operation of the energy facility, and conditions designed to recognize the purpose of laws or ordinances, or rules or regulations promulgated thereunder, that are preempted or superseded pursuant to RCW 80.50.110 as now or hereafter amended.

Sec. 107. RCW 80.50.100 and 1989 c 175 s 174 are each amended to read as follows:

(2) A facility subject to closure under either RCW 80.80.040(3)(c) or a memorandum of agreement under section 106 of this act, or both, must provide the department of ecology with a plan for the closure and postclosure of the facility at least twenty-four months prior to facility closure or twenty-four months prior to start of decommissioning work, whichever is earlier.

This plan must be consistent with the rules established by the energy facility site evaluation council for site restoration and preservation applicable to facilities subject to a site certification agreement under chapter 80.50 RCW and include but not be limited to:

...
(a) A detailed estimate of the cost to implement the plan based on the cost of hiring a third party to conduct all activities;

(b) Demonstrating financial assurance to fund the closure and postclosure of the facility and providing methods by which this assurance may be demonstrated;

(c) Methods for estimating closure costs, including full site reclamation under all applicable federal and state clean-up standards; and

(d) A decommissioning and site restoration plan that addresses restoring physical topography, cleanup of all hazardous substances on the site, potential future uses of the site following restoration, and coordination with local and community plans for economic development in the vicinity of the site.

(2) All cost estimates in the plan must be in current dollars and may not include a net present value adjustment or offsets for salvage value of wastes or other property.

(3) Adoption of the plan and significant revisions to the plan must be approved by the department of ecology.

NEW SECTION. Sec. 202. (1) A facility subject to closure under either RCW 80.80.040(3)(c) or a memorandum of agreement under section 106 of this act, or both, must guarantee funds are available to perform all activities specified in the decommissioning plan developed under section 201 of this act. The amount must equal the cost estimates specified in the decommissioning plan and must be updated annually for inflation. All guarantees under this section must be assumed by any successor owner, parent company, or holding company.

(2) The guarantee required under subsection (1) of this section may be accomplished by letter of credit, surety bond, or other means acceptable to the department of ecology.

(3) The issuing institution of the letter of credit must be an entity that has the authority to issue letters of credit and whose letter of credit operations are regulated by a federal or state agency. The surety company issuing a surety bond must, at a minimum, be an entity listed as an acceptable surety on federal bonds in circular 570, published by the United States department of the treasury.

(4) A qualifying facility that uses a letter of credit or a surety bond to satisfy the requirements of this act must also establish a standby trust fund as a means to hold any funds issued from the letter of credit or a surety bond. Under the terms of the letter of credit or a surety bond, all amounts paid pursuant to a draft from the department of ecology must be deposited by the issuing institution directly into the standby trust fund in accordance with instructions from the department of ecology. This standby trust fund must be approved by the department of ecology.

(5) The letter of credit or a surety bond must be irrevocable and issued for a period of at least one year. The letter of credit or a surety bond must provide that the expiration date will be automatically extended for a period of at least one year unless, at least one hundred twenty days before the current expiration date, the issuing institution notifies both the qualifying facility and the department of ecology of a decision not to extend the expiration date. Under the terms of the letter of credit, the one hundred twenty days will begin on the date when both the qualifying facility and the department of ecology have received the notice, as evidenced by certified mail return receipts or by overnight courier delivery receipts.

(6) If the qualifying facility does not establish an alternative method of guaranteeing decommissioning funds are available within ninety days after receipt by both the qualifying facility and the department of ecology of a notice from the issuing institution that it has decided not to extend the letter of credit beyond the current expiration date, the department of ecology must draw on the letter of credit or a surety bond. The department of ecology must approve any replacement or substitute guarantee method before the expiration of the ninety-day period.

(7) If a qualifying facility elects to use a letter of credit as the sole method for guaranteeing decommissioning funds are available, the face value of the letter of credit must meet or exceed the current inflation-adjusted cost estimate. If a qualifying facility elects to use a surety bond as the sole method for guaranteeing decommissioning funds are available, the penal sum of the surety bond must meet or exceed the current inflation-adjusted cost estimate.

(8) A qualifying facility must adjust the decommissioning costs and financial guarantees annually for inflation and may use an amendment to increase the face value of a letter of credit or a surety bond each year to account for this inflation. A qualifying facility is not required to obtain a new letter of credit or a surety bond to cover annual inflation adjustments.

NEW SECTION. Sec. 203. Sections 201 and 202 of this act constitute a new chapter in Title 80 RCW.

Sec. 301. RCW 43.160.076 and 2008 c 327 s 8 are each amended to read as follows:

(1) Except as authorized to the contrary under subsection (2) of this section, from all funds available to the board for financial assistance in a biennium under this chapter, the board shall approve at least seventy-five percent of the first twenty million dollars of funds available and at least fifty percent of any additional funds for financial assistance for projects in rural counties.

(2) If at any time during the last six months of a biennium the board finds that the actual and anticipated applications for qualified projects in rural counties are clearly insufficient to use up the allocations under subsection (1) of this section, then the board shall estimate the amount of the insufficiency and during the remainder of the biennium may use that amount of the allocation for financial assistance to projects not located in rural counties.

(3) The board shall solicit qualifying projects to plan, design, and construct public facilities needed to attract new industrial and commercial activities in areas impacted by the closure or potential closure of large coal-fired electric generation facilities, which for the purposes of this section means a facility that emitted more than one million tons of greenhouse gases in any calendar year prior to 2008. The projects should be consistent with any applicable plans for major industrial activity on lands formerly used or designated for surface coal mining and supporting uses under RCW 36.70A.368. When the board receives timely and eligible project applications from a political subdivision of the state for financial assistance for such projects, the board from available funds shall give priority consideration to such projects.

NEW SECTION. Sec. 302. A new section is added to chapter 43.155 RCW to read as follows:

The board shall solicit qualifying projects to plan, design, and construct public works projects needed to attract new industrial and commercial activities in areas impacted by the closure or potential closure of large coal-fired electric generation facilities, which for the purposes of this section means a facility that emitted more than one million tons of greenhouse gases in any calendar year prior to 2008. The projects should be consistent with any applicable plans for major industrial activity on lands formerly used or designated for surface coal mining and supporting uses under RCW 36.70A.368. When the board receives timely and eligible project applications from a political subdivision of the state for financial assistance for such projects, the board from available funds shall give priority consideration to such projects.

NEW SECTION. Sec. 303. A new section is added to chapter 80.04 RCW to read as follows:

The legislature finds that an electrical company's acquisition of coal transition power helps to achieve the state's greenhouse gas
NEW SECTION. Sec. 304. A new section is added to chapter 80.04 RCW to read as follows:

(1) On the petition of an electrical company, the commission shall approve or disapprove a power purchase agreement for acquisition of coal transition power, as defined in RCW 80.80.010, and the recovery of related acquisition costs. No agreement for an electrical company's acquisition of coal transition power takes effect until it is approved by the commission.

(2) Any power purchase agreement for the acquisition of coal transition power pursuant to this section must provide for modification of the power purchase agreement to the satisfaction of the parties thereto in the event that a new or revised emission or performance standard or other new or revised operational or financial requirement or limitation directly or indirectly addressing greenhouse gas emissions is imposed by state or federal law, rules, or regulatory requirements. Such a modification to a power purchase agreement agreed to by the parties must be reviewed and considered for approval by the commission, considering the circumstances existing at the time of such a review, under procedures and standards set forth in this section. In the event the parties cannot agree to modification of the power purchase agreement, either party to the agreement has the right to terminate the agreement if it is adversely affected by this new standard, requirement, or limitation.

(3) When a petition is filed, the commission shall provide notice to the public and potentially affected parties and set the petition for hearing as an adjudicative proceeding under chapter 34.05 RCW. Any party may request that the commission expedite the hearing of that petition. The hearing of such a petition is not considered a general rate case. The electrical company must file supporting testimony and exhibits together with the power purchase agreement for coal transition power. Information provided by the facility owner to the purchasing electrical company for evaluating the costs and benefits associated with acquisition of coal transition power must be made available to other parties to the petition under a protective order entered by the commission. An administrative law judge of the commission may enter an initial order including findings of fact and conclusions of law, as provided in RCW 80.01.060(3). The commission shall issue a final order that approves or disapproves the power purchase agreement for acquisition of coal transition power within one hundred eighty days after an electrical company files the petition.

(4) The commission must approve a power purchase agreement for acquisition of coal transition power pursuant to this section only if the commission determines that, considering the circumstances existing at the time of such a review: The terms of such an agreement provide adequate protection to ratepayers and the electrical company during the term of such an agreement or in the event of early termination; the resource meets the need in a cost-effective manner as determined under the lowest reasonable cost resource standards under chapter 19.280 RCW, including the cost of the power purchase agreement plus the equity component as determined in this section. As part of these determinations, the commission shall consider, among other factors, the long-term economic risks and benefits to the electrical company and its ratepayers of such a long-term purchase.

(5) If the commission has not issued a final order within one hundred eighty days from the date the petition is filed, or if the commission disapproves the petition, the power purchase agreement for acquisition of coal transition power is null and void. In the event the commission approves the agreement upon conditions other than those set forth in the petition, the electrical company has the right to reject the agreement.

(6) Upon commission approval of an electrical company's power purchase agreement for acquisition of coal transition power in accordance with this section, the electrical company is allowed to earn the equity component of its authorized rate of return in the same manner as if it had purchased or built an equivalent plant and to recover the cost of the coal transition power under the power purchase agreement. Any power purchase agreement for acquisition of coal transition power that earns a return on equity may not be included in an imputed debt calculation for setting customer rates.

(b) For purposes of determining the equity value, the cost of an equivalent plant is the least cost purchased or self-built electric generation plant with equivalent capacity. In determining the least cost plant, the commission may rely on the electrical company's most recent filed integrated resource plan. The cost of an equivalent plant, in dollars per kilowatt, must be determined in the original process of commission approval for each power purchase agreement for coal transition power.

(c) The equivalent plant cost determined in the approval process must be amortized over the life of the power purchase agreement for acquisition of coal transition power to determine the recovery of the equity value.

(d) The recovery of the equity component must be determined and approved in the review process set forth in this section. The approved equity value must be in addition to the approved cost of the power purchase agreement.

(7) Authorizing recovery of costs under a power purchase agreement for acquisition of coal transition power does not prohibit the commission from authorizing recovery of an electrical company's acquisition of capacity resources for the purpose of integrating intermittent power or following load.

(8) Neither this act nor the commission's approval of a power purchase agreement for acquisition of coal transition power that includes the ability to earn the equity component of an electrical company's authorized rate of return establishes any precedent for an electrical company to receive an equity return on any other power purchase agreement or other power contract.

(9) For purposes of this section, "power purchase agreement" means a long-term financial commitment as defined in RCW 80.80.010(15)(b).

(10) This section expires December 31, 2025.

Sec. 305. RCW 19.280.030 and 2006 c 195 s 3 are each amended to read as follows:

Each electric utility must develop a plan consistent with this section:

(1) Utilities with more than twenty-five thousand customers that are not full requirements customers shall develop or update an integrated resource plan by September 1, 2008. At a minimum, progress reports reflecting changing conditions and the progress of the integrated resource plan must be produced every two years thereafter. An updated integrated resource plan must be developed at least every four years subsequent to the 2008 integrated resource plan. The integrated resource plan, at a minimum, must include:

(a) A range of forecasts, for at least the next ten years, of projected customer demand which takes into account econometric data and customer usage;

(b) An assessment of commercially available conservation and efficiency resources. Such assessment may include, as appropriate, high efficiency cogeneration, demand response and load management programs, and currently employed and new policies and programs needed to obtain the conservation and efficiency resources;
The report may be in an electronic form.

of an annual report or as a separate document available to the public.

updated on a regular basis, at a minimum on intervals of two years.

(4) Resource plans developed under this section must complete its initial plan by September 1, 2008.

(c) Explains why the resources in (b) of this subsection were chosen and, if the resources chosen are not renewable resources or conservation and efficiency resources, why such a decision was made.

(3) An electric utility that is required to develop a resource plan under this section must complete its initial plan by September 1, 2008.

(4) Resource plans developed under this section must be updated on a regular basis, at a minimum on intervals of two years.

(f) A short-term plan identifying the specific actions to be taken by the utility consistent with the long-range integrated resource plan.

(2) All other utilities may elect to develop a full integrated resource plan as set forth in subsection (1) of this section or, at a minimum, shall develop a resource plan that:

(a) Estimates loads for the next five and ten years;

(b) Enumerates the resources that will be maintained and/or acquired to serve those loads; and

(c) Explains why the resources in (b) of this subsection were chosen and, if the resources chosen are not renewable resources or conservation and efficiency resources, why such a decision was made.

(1) An applicant for a natural gas-fired generation plant to be constructed in a county with a coal-fired electric generation facility subject to RCW 80.80.040(3)(c).

(2) For the purposes of this section, an applicant means the owner of a coal-fired electric generation facility subject to RCW 80.80.040(3)(c).

(3) This section expires December 31, 2025, or when the station-generating capability of all natural gas-fired generation plants approved under this section equals the station-generating capability of all natural gas-fired generation facilities.

NEW SECTION. Sec. 306. A new section is added to chapter 80.70 RCW to read as follows:

(1) An applicant for a natural gas-fired generation plant to be constructed in a county with a coal-fired electric generation facility subject to RCW 80.80.040(3)(c) is exempt from this chapter if the application is filed before December 31, 2025.

(2) For the purposes of this section, an applicant means the owner of a coal-fired electric generation facility subject to RCW 80.80.040(3)(c).

(3) This section expires December 31, 2025, or when the station-generating capability of all natural gas-fired generation plants approved under this section equals the station-generating capability from a coal-fired electric generation facility subject to RCW 80.80.040(3)(c).

NEW SECTION. Sec. 307. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

MR. PRESIDENT:

The House passed SENATE BILL NO. 5044 with the following amendment(s): 5044 AMH REYK PETE 014

On page 1, after line 3, insert the following:

"The legislature recognizes that tax preferences are enacted to meet objectives which are determined to be in the public interest. However, some tax preferences may not be efficient or equitable tools for the achievement of current public policy objectives. Given the changing nature of the economy and tax structures of other states, the legislature finds that periodic performance audits of tax preferences are needed to determine if their continued existence will serve the public interest. The legislature finds that tax preferences that are enacted for economic development purposes must demonstrate growth in full-time family wage jobs with health and retirement benefits. Given that an opportunity cost exists with each economic choice, it is the intent of the legislature that the overall impact of economic development focused tax preferences benefit the state's economy."

Renumber the remaining sections consecutively and correct any internal references accordingly and correct the title.

(11) The court shall order that any restraining order bearing a criminal offense legend, any domestic violence protection order, or any antiharassment protection order granted under this section be forwarded by the clerk of the court on or before the next judicial day to the appropriate law enforcement agency specified in the order.    (e) State that the signatories understand that the
       acknowledgment is the equivalent of a judicial adjudication of
       paternity of the child and that a challenge to the acknowledgment is

       years, except as provided in RCW 26.26.330.

    filed under RCW 26.26.320;
(2) The denial is in a record, and is signed under penalty of
    perjury; and
(3) The presumed father has not previously:
   (a) Acknowledged his paternity, unless the previous
       acknowledgment has been rescinded under RCW 26.26.330 or
       successfully challenged under RCW 26.26.335; or
   (b) Been adjudicated to be the father of the child.

Sec. 14. RCW 26.26.315 and 2002 c 302 s 304 are each amended to read as follows:
(1) An acknowledgment of paternity and a denial of paternity
    may be contained in a single document or may be signed in

    both are filed.
(2) An acknowledgment of paternity or a denial of paternity
    may be signed before the birth of the child.
(3) Subject to subsection (1) of this section, an acknowledgment
    and denial of paternity, if any, take effect on the birth of the child or
    the filing of the document with the state registrar of vital statistics,
    whichever occurs later.
(4) An acknowledgment or denial of paternity signed by a minor

(1) Except as otherwise provided in RCW 26.26.330 and
    26.26.335, a valid acknowledgment of paternity filed with the state
    registrar of vital statistics is equivalent to an adjudication of
    (parentage) paternity of a child and confers upon the
    acknowledged father all of the rights and duties of a parent.
(2) Except as otherwise provided in RCW 26.26.330 and
    26.26.335, a valid denial of paternity filed with the state registrar of
    vital statistics in conjunction with a valid acknowledgment of
    paternity is equivalent to an adjudication of the nonpaternity of the
    presumed father and discharges the presumed father from all of the
    rights and duties of a parent.
(1) After the period for rescission of an acknowledgment of paternity provided in RCW 26.26.330 has passed, a parent executing an acknowledgment of paternity of the child named therein may commence a judicial proceeding for:

(a) Making residential provisions or a parenting plan with regard to the minor child on the same basis as provided in chapter 26.09 RCW; or

(b) Establishing a child support obligation under chapter 26.19 RCW and maintaining health insurance coverage under RCW 26.09.105.

Should the respondent or any other person appearing in the action deny the allegations, a permanent parenting plan or residential schedule may not be entered for the child without the matter being converted to a proceeding to challenge the acknowledgment of paternity under RCW 26.26.335 and 26.26.340. A copy of the acknowledgment of paternity or the birth certificate issued by the state in which the child was born must be filed with the petition or response. The court may convert the matter to a proceeding to challenge the acknowledgment on its own motion.

Sec. 21. RCW 26.26.400 and 2002 c 302 s 401 are each amended to read as follows:

RCW 26.26.405 through 26.26.450 govern genetic testing of an individual (only) to determine parentage, whether the individual:

(2) Is tested pursuant to an order of the court or a support enforcement agency.

Sec. 22. RCW 26.26.405 and 2002 c 302 s 402 are each amended to read as follows:

(1) Except as otherwise provided in this section and RCW 26.26.410 through 26.26.630, the court shall order the child and other designated individuals to submit to genetic testing if the request for testing is supported by the sworn statement of a party to the proceeding:

(a) Alleging paternity and stating facts establishing a reasonable probability of the requisite sexual contact between the individuals; or

(b) Denying paternity and stating facts establishing a possibility that sexual contact between the individuals, if any, did not result in the conception of the child.

(2) A support enforcement agency may order genetic testing only if there is no presumed (acknowledged) or adjudicated (father) parent and no acknowledged father.

(3) If a request for genetic testing of a child is made before birth, the court or support enforcement agency may not order in utero testing.

(4) If two or more (man) persons are subject to court-ordered genetic testing, the testing may be ordered concurrently or sequentially.

(5) This section does not apply when the child was conceived through assisted reproduction.

Sec. 23. RCW 26.26.410 and 2002 c 302 s 403 are each amended to read as follows:

(1) Genetic testing must be of a type reasonably relied upon by experts in the field of genetic testing and performed in a testing laboratory accredited by:

(a) The American association of blood banks, or a successor to its functions;

(b) The American society for histocompatibility and immunogenetics, or a successor to its functions; or

(c) An accrediting body designated by the United States secretary of health and human services.

(2) A specimen used in genetic testing may consist of one or more samples or a combination of samples of blood, buccal cells, bone, hair, or other body tissue or fluid. The specimen used in the testing need not be of the same kind for each individual undergoing genetic testing.

(3) Based on the ethnic or racial group of an individual, the testing laboratory shall determine the databases from which to select frequencies for use in the probability of parentage. If there is disagreement as to the testing laboratory's choice, the following rules apply:

(a) The individual objecting may require the testing laboratory, within thirty days after receipt of the report of the test, to recalculate the probability of parentage using an ethnic or racial group different from that used by the laboratory.

(b) The individual objecting to the testing laboratory's initial choice shall:

(i) If the frequencies are not available to the testing laboratory for the ethnic or racial group requested, provide the requested frequencies compiled in a manner recognized by accrediting bodies; or

(ii) Engage another testing laboratory to perform the calculations.

(c) The testing laboratory may use its own statistical estimate if there is a question regarding which ethnic or racial group is appropriate. If available, the testing laboratory shall calculate the frequencies using statistics for any other ethnic or racial group requested.

(4) If, after recalculation using a different ethnic or racial group, genetic testing does not rebuttably identify a (man) person as the (father) parent of a child under RCW 26.26.420, an individual who has been tested may be required to submit to additional genetic testing.

Sec. 24. RCW 26.26.420 and 2002 c 302 s 405 are each amended to read as follows:

(1) Under this chapter, a (man) person is rebuttably identified as the (father) parent of a child if the genetic testing complies with this section and RCW 26.26.400 through 26.26.415 and 26.26.425 through 26.26.450 and the results disclose that:

(a) The (man) person has at least a ninety-nine percent probability of parentage, using a prior probability of 0.50, as calculated by using the combined (paternity) parentage index obtained in the testing; and

(b) A combined (paternity) parentage index of at least one hundred to one.

(2) A (man) person identified under subsection (1) of this section as the (father) parent of the child may rebut the genetic testing results only by other genetic testing satisfying the requirements of this section and RCW 26.26.400 through 26.26.415 and 26.26.425 through 26.26.450 which:

(a) Excludes the (man) person as a genetic (father) parent of the child; or

(b) Identifies another (man) person as the (father) parent of the child.

(3) Except as otherwise provided in RCW 26.26.445, if more than one man is identified by genetic testing as the possible father of
the child, the court shall order them to submit to further genetic testing to identify the genetic ((father)) parent.

(4) This section does not apply when the child was conceived through assisted reproduction.

Sec. 25. RCW 26.26.425 and 2002 c 302 s 406 are each amended to read as follows:

(1) Subject to assessment of costs under RCW 26.26.500 through 26.26.630, the cost of initial genetic testing must be advanced:
   (a) By a support enforcement agency in a proceeding in which the support enforcement agency is providing services;
   (b) By the individual who made the request;
   (c) As agreed by the parties; or
   (d) As ordered by the court.

(2) In cases in which the cost is advanced by the support enforcement agency, the agency may seek reimbursement from a ((man)) person who is rebuttably identified as the ((father)) parent.

Sec. 26. RCW 26.26.430 and 2002 c 302 s 407 are each amended to read as follows:

(1) The court or the support enforcement agency shall order additional genetic testing upon the request of a party who contests the result of the original testing. If the previous genetic testing identified a ((man)) person as the ((father)) parent of the child under RCW 26.26.420, the court or agency may not order additional testing unless the party provides advance payment for the testing.

(2) This section does not apply when the child was conceived through assisted reproduction.

Sec. 27. RCW 26.26.435 and 2002 c 302 s 408 are each amended to read as follows:

(1) If a genetic testing specimen is not available from a man who may be the father of a child, for good cause and under circumstances the court considers to be just, a court may order the following individuals to submit specimens for genetic testing:
   (a) The parents of the man;
   (b) Brothers and sisters of the man;
   (c) Other children of the man and their mothers; and
   (d) Other relatives of the man necessary to complete genetic testing.

(2) If a specimen from the mother of a child is not available for genetic testing, the court may order genetic testing to proceed without a specimen from the mother.

(3) Issuance of an order under section four requires a finding that a need for genetic testing outweighs the legitimate interests of the individual sought to be tested.

(4) This section does not apply when the child was conceived through assisted reproduction.

Sec. 28. RCW 26.26.445 and 2002 c 302 s 410 are each amended to read as follows:

(1) The court may order genetic testing of a brother of a man identified as the father of a child if the man is commonly believed to have an identical brother and evidence suggests that the brother may be the genetic father of the child.

(2) If ((genetic testing excludes none of the brothers as the genetic father)) and each brother satisfies the requirements as the identified father of the child under RCW 26.26.420 without consideration of another identical brother being identified as the father of the child, the court may rely on nongenetic evidence to adjudicate which brother is the father of the child.

Sec. 29. RCW 26.26.505 and 2002 c 302 s 502 are each amended to read as follows:

Subject to RCW 26.26.300 through 26.26.375, 26.26.530, and 26.26.540, a proceeding to adjudicate parentage may be maintained by:

(1) The child;

(2) The ((mother of)) person who has established a parent-child relationship with the child;

(3) A ((man)) person whose ((paternity)) parentage of the child is to be adjudicated;

(4) The division of child support;

(5) An authorized adoption agency or licensed child-placing agency;

(6) A representative authorized by law to act for an individual who would otherwise be entitled to maintain a proceeding but who is deceased, incapacitated, or a minor;

Sec. 30. RCW 26.26.510 and 2002 c 302 s 503 are each amended to read as follows:

The following individuals must be joined as parties in a proceeding to adjudicate parentage:

(1) The ((mother)) parent of the child who has established a parent-child relationship with the child;

(2) A ((man)) person whose ((paternity)) parentage of the child is to be adjudicated;

Sec. 31. RCW 26.26.525 and 2002 c 302 s 506 are each amended to read as follows:

A proceeding to adjudicate the parentage of a child having no presumed((, acknowledged,)) or adjudicated ((father)) second parent and no acknowledged father may be commenced at any time during the life of the child, even after:

(1) The child becomes an adult; or

(2) An earlier proceeding to adjudicate ((paternity)) parentage has been dismissed based on the application of a statute of limitation then in effect.

Sec. 32. RCW 26.26.530 and 2002 c 302 s 507 are each amended to read as follows:

(1) Except as otherwise provided in subsection (2) of this section, a proceeding brought by a presumed ((father)) parent, the ((mother)) person with a parent-child relationship with the child, or another individual to adjudicate the parentage of a child having a presumed ((father)) parent must be commenced not later than ((two)) four years after the birth of the child. If an action is commenced more than two years after the birth of the child, the child must be made a party to the action.

(2) A proceeding seeking to disprove the ((father-child)) parent-child relationship between a child and the child's presumed ((father)) parent may be maintained at any time if the court determines that:
   — (a) the presumed ((father)) parent and the ((mother)) person who has a parent-child relationship with the child neither cohabited nor engaged in sexual intercourse with each other during the probable time of conception; and
   — (b) The presumed father never opened the child as his own and the presumed parent never held out the child as his or her own.

Sec. 33. RCW 26.26.535 and 2002 c 302 s 508 are each amended to read as follows:

(1) In a proceeding to adjudicate parentage under circumstances described in RCW 26.26.530 or in RCW 26.26.540, a court may deny a motion seeking an order for genetic testing of the mother or father, the child, and the presumed or acknowledged father if the court determines that:
   — (a) the conduct of the mother or father or the presumed ((father)) or acknowledged parent estops that party from denying parentage; and
(4b)(ii)  If it would be inequitable to disprove the (father-child) parent-child relationship between the child and the presumed (father) or acknowledged parent; or
(b)  The child was conceived through assisted reproduction.
(2)  In determining whether to deny a motion to seek an order for genetic testing under subsection (1)(a) of this section, the court shall consider the best interest of the child, including the following factors:
(a)  The length of time between the proceeding to adjudicate parentage and the time that the presumed (father) or acknowledged parent was placed on notice that he or she might not be the genetic (father) parent;
(b)  The length of time during which the presumed (father) or acknowledged parent has assumed the role of (father) parent of the child;
(c)  The facts surrounding the presumed (father's) or acknowledged parent's discovery of his or her possible (nonpaternity) nonparentage;
(d)  The nature of the (father-child) relationship between the child and the presumed or acknowledged parent;
(e)  The age of the child;
(f)  The harm (to the child which) may result to the child if (presumed parentage) parentage is successfully disproved;
(g)  The nature of the relationship (father) between the child (mother) and any alleged (father) parent;
(h)  The extent to which the passage of time reduces the chances of establishing the (paternity) parentage of another (mother) person and a child support obligation in favor of the child; and
(i)  Other factors that may affect the equities arising from the (father-child) relationship between the child and the presumed (father) or acknowledged parent or the chance of other harm to the child.
(3)  In a proceeding involving the application of this section, (this) a minor or incapacitated child must be represented by a guardian ad litem.
(4)  A denial of a motion seeking an order for genetic testing under subsection (1)(a) of this section must be based on clear and convincing evidence.
(5)  If the court denies a motion seeking an order for genetic testing under subsection (1)(a) of this section, it shall issue an order adjudicating the presumed (father) or acknowledged parent to be the (father) parent of the child.

Sec. 34.  RCW 26.26.540 and 2002 c 302 c 509 are each amended to read as follows:
(1)  If a child has an acknowledged father, a signatory to the acknowledgment or denial of paternity must commence any proceeding seeking to rescind the acknowledgment or denial or challenge the paternity of (father) the child only within the time allowed under RCW 26.26.330 or 26.26.335.
(2)  If a child has an acknowledged father or an adjudicated (father) parent, an individual, other than the child, who is neither a signatory to the acknowledgment nor a party to the adjudication and who seeks an adjudication of (paternity) parentage of the child must commence a proceeding not later than (fourteen) four years after the effective date of the acknowledgment or adjudication.  If an action is commenced more than two years after the birth of the child, the child must be made a party to the action.
(3)  A proceeding under this section is subject to RCW 26.26.535.

Sec. 35.  RCW 26.26.545 and 2002 c 302 c 510 are each amended to read as follows:
(1)  Except as otherwise provided in subsection (2) of this section, a proceeding to adjudicate parentage may be joined with a proceeding for:  Adoption or termination of parental rights under chapter 26.33 RCW; determination of a parenting plan, child support, annulment, dissolution of marriage, dissolution of a domestic partnership, or legal separation under chapter 26.09 or 26.19 RCW; or probate or administration of an estate under chapter 11.48 or 11.54 RCW, or other appropriate proceeding.
(2)  A respondent may not join (the) a proceeding(s) described in subsection (1) of this section with a proceeding to adjudicate parentage brought under chapter 26.21A RCW.

Sec. 36.  RCW 26.26.550 and 2002 c 302 c 511 are each amended to read as follows:
(Although)  A proceeding to (determine) adjudicate parentage may be commenced before the birth of the child, (the proceeding)) but may not be concluded until after the birth of the child.  The following actions may be taken before the birth of the child:
(1)  Service of process;
(2)  Discovery;
(3)  Except as prohibited by RCW 26.26.405, collection of specimens for genetic testing; and

Sec. 37.  RCW 26.26.555 and 2002 c 302 c 512 are each amended to read as follows:
(1)  Unless specifically required under other provisions of this chapter, a minor child is a permissible party, but is not a necessary party to a proceeding under RCW 26.26.500 through 26.26.630.
(2)  If (the) a minor or incapacitated child is a party, or if the court finds that the interests of (a minor child or incapacitated) the child are not adequately represented, the court shall appoint a guardian ad litem to represent the child, subject to RCW 74.20.310 (neither the child's mother or father).  A parent of the child may not represent the child as guardian or (otherwise) in any other capacity.

Sec. 38.  RCW 26.26.570 and 2002 c 302 c 521 are each amended to read as follows:
(1)  Except as otherwise provided in subsection (3) of this section, a record of a genetic testing expert is admissible as evidence of the truth of the facts asserted in the report unless a party objects to its admission within fourteen days after its receipt by the objecting party and cites specific grounds for exclusion.  The admissibility of the report is not affected by whether the testing was performed:
(a)  Voluntarily or under an order of the court or a support enforcement agency; or
(b)  Before or after the commencement of the proceeding.
(2)  A party objecting to the results of genetic testing may call one or more genetic testing experts to testify in person or by telephone, videoconference, deposition, or another method approved by the court.  Unless otherwise ordered by the court, the party offering the testimony bears the expense for the expert testifying.
(3)  If a child has a presumed ((father-child)) parent-child relationship with the child and the presumed (((father-child)) parent or acknowledged parent) or (father) parent is successfully disproved;
(a)  With the consent of both the (father) person with a parent-child relationship with the child and the presumed((father-child)) or adjudicated (father-child) parent or an acknowledged parent; or
(b)  Under an order of the court under RCW 26.26.405.
(4)  Copies of bills for genetic testing and for prenatal and postnatal health care for the mother and child that are furnished to the adverse party not less than ten days before the date of a hearing are admissible to establish:
(a)  The amount of the charges billed; and
(b)  That the charges were reasonable, necessary, and customary.

Sec. 39.  RCW 26.26.575 and 2002 c 302 c 522 are each amended to read as follows:
(1)  An order for genetic testing is enforceable by contempt.
(2) If an individual whose paternity is being determined declines to submit to genetic testing (\((\text{as})\) ordered by the court, the court for that reason may (\((\text{on that basis})\) adjudicate paternity contrary to the position of that individual.  

(3) Genetic testing of the mother of a child is not a condition precedent to testing the child and a man whose paternity is being determined. If the mother is unavailable or declines to submit to genetic testing, the court may order the testing of the child and every man whose paternity is being adjudicated.  

(4) This section does not apply when the child was conceived through assisted reproduction.  

Sec. 40.  RCW 26.26.585 and 2002 c 302 s 523 are each amended to read as follows:  

(1) A respondent in a proceeding to adjudicate parentage may admit to the paternity of a child by filing a pleading to that effect or by admitting paternity under penalty of perjury when making an appearance or during a hearing.  

(2) If the court finds that the admission of paternity (\((\text{was made under})\) satisfies the requirements of this section and finds that there is no reason to question the admission, the court shall issue an order adjudicating the child to be the child of the man admitting paternity.  

Sec. 41.  RCW 26.26.590 and 2002 c 302 s 524 are each amended to read as follows:  

This section applies to any proceeding under RCW 26.26.500 through 26.26.630.

(e) Is ((the mother of)) a person who has established a parent-child relationship with the child.  

(2) A temporary order may, on the same basis as provided in chapter 26.09 RCW, make residential provisions with regard to minor children of the parties, except that a parenting plan is not required unless requested by a parent.  

(3) Any party may request the court to issue a temporary restraining order or preliminary injunction, providing relief proper in the circumstances, and restraining or enjoining any party from:  

(a) Molesting or disturbing the peace of another party;  

(b) Going onto the grounds of or entering the home, workplace, or school of another party or the day care or school of any child;  

(c) Knowingly coming within, or knowingly remaining within, a specified distance from a specified location; and  

(d) Removing a child from the jurisdiction of the court.  

(4) Either party may request a domestic violence protection order under chapter 26.50 RCW or an antiharassment protection order under chapter 10.14 RCW on a temporary basis. The court may grant any of the relief provided in RCW 26.50.060 except relief pertaining to residential provisions for the children which provisions shall be provided for under this chapter, and any of the relief provided in RCW 10.14.080. (5) Restraining orders issued under this section restraining or enjoining the person from molesting or disturbing another party, or from going onto the grounds of or entering the home, workplace, or school of the other party or the day care or school of any child, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, shall prominently bear on the front page of the order the legend: VIOLATION OF THIS ORDER WITH ACTUAL NOTICE OF ITS TERMS IS A CRIMINAL OFFENSE UNDER CHAPTER 26.50 RCW AND WILL SUBJECT A VIOLATOR TO ARREST.  

(6) The court shall order that any temporary restraining order bearing a criminal offense legend, any domestic violence protection order, or any antiharassment protection order granted under this section be forwarded by the clerk of the court on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the order, the law enforcement agency shall enter the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. The order is fully enforceable in any county in the state.  

(7) If a restraining order issued pursuant to this section is modified or terminated, the clerk of the court shall notify the law enforcement agency specified in the order on or before the next judicial day. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from any computer-based criminal intelligence system.  

(8) The court may issue a temporary restraining order without requiring notice to the other party only if it finds on the basis of the moving affidavit or other evidence that irreparable injury could result if an order is not issued until the time for responding has elapsed.

(b) May be revoked or modified;  

(c) Terminates when the final order is entered or when the petition is dismissed; and  

(d) May be entered in a proceeding for the modification of an existing order.  

(11) A support debt owed to the state for public assistance expenditures which has been charged against a party pursuant to RCW 74.20A.040 and/or 74.20A.055 shall not be merged in, or otherwise extinguished by, the final decree or order, unless the office of support enforcement has been given notice of the final proceeding and an opportunity to present its claim for the support debt to the court and has failed to file an affidavit as provided in this subsection. Notice of the proceeding shall be served upon the office of support enforcement personally, or by certified mail, and shall be given no fewer than thirty days prior to the date of the final proceeding. An original copy of the notice shall be filed with the court either before service or within a reasonable time thereafter. The office of support enforcement may present its claim, and thereby preserve the support debt, by filing an affidavit setting forth the amount of the debt with the court, and by mailing a copy of the affidavit to the parties or their attorney prior to the date of the final proceeding.

MESSAGE FROM THE HOUSE

April 9, 2011

MR. PRESIDENT:
The House passed SECOND SUBSTITUTE SENATE BILL NO. 5636 with the following amendment(s): 5636-S2 AMH WAYS H2503.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28B.30 RCW to read as follows:

(1) The legislature finds that access to baccalaureate and graduate degree programs continues to be limited for residents of north Snohomish, Island, and Skagit counties. Studies conducted by the state board for community and technical colleges, the higher education coordinating board, and the council of presidents confirm that enrollment in higher education compared to demand in this geographic region lags behind enrollment in other parts of the state, particularly for upper-division courses leading to advanced degrees.

(2) The legislature also finds that access to high employer demand programs of study is imperative for the state's global competitiveness and economic prosperity, particularly those degrees in the science, technology, engineering, and mathematics (STEM) fields that align with the workforce skill demands of the regional economy, that support the aerospace industry, and provide skilled undergraduate and graduate-degree engineers required by the largest employers in the aerospace industry cluster.

(3) The legislature finds that meeting the long-range goal of greatly expanded access for the population of the region to the widest array of baccalaureate and graduate programs can best be accomplished by assigning responsibility to a research university with multiple experiences in similar settings.

(4) Management and leadership of the University Center of North Puget Sound is assigned to Washington State University to meet the needs of the Everett metropolitan area and the north Snohomish, Island, and Skagit county region and the state of Washington for baccalaureate and graduate degrees offered by a state university. The chief executive officer of the University Center of North Puget Sound is the director who reports to the president of Washington State University. The director shall manage the activities and logistics of operating the center, make policy and planning recommendations to the council in subsection (5) of this section, and implement decisions of the council.

(5) (a) Washington State University and Everett Community College must collaborate with community leaders, and other four-year institutions of higher education that offer programs at the University Center of North Puget Sound to serve the varied interests of students in the region. To this end, a coordinating and planning council must be established to be responsible for long-range and strategic planning, interinstitutional collaboration, collaboration with the community served, and dispute resolution for the center. The following individuals shall comprise the coordinating and planning council:

(i) The president of Washington State University, or his or her designee;

(ii) The provost of Washington State University, or his or her designee;

(iii) The president of Everett Community College;

(iv) Two representatives of two other institutions of higher education that offer baccalaureate or graduate degree programs at the center;

(v) A student enrolled at the University Center of North Puget Sound appointed by the coordinating and planning council;

(vi) The director of the council, as the nonvoting chair;

(vii) A community leader appointed by the president of Everett Community College; and

(viii) A community leader appointed by the mayor of Everett.

(b) The coordinating and planning council may appoint other groups, as appropriate, to advise on administration and operations, and may alter its own composition by agreement of all the members.

(6) (a) Washington State University shall assume leadership of the center upon completion and approval by the legislature as provided under (d) of this subsection of a strategic plan for meeting the academic needs of the region and successful establishment of an engineering degree program. The strategic plan must build on the strengths of the institutions, reflecting each institution's mission, in
order to provide the region with the highest standard of educational programs, research, and service to the community. The strategic plan must include a multi-division budget that addresses both operating and capital expenses required to effectively implement the plan. The strategic plan shall be developed with the collaboration of the University Center at Everett Community College and all the institutions of higher education that provide baccalaureate degrees at the University Center, and community leaders.

(b) Center partners must implement the strategic plan with careful attention to the academic and professional standards established and maintained by each institution and by the appropriate accrediting bodies, to and the historic role of each institution's governing board in setting policy.

(c) The strategic plan must address expansion of the range and depth of educational opportunities in the region and include strategies that:
   (i) Build upon baccalaureate and graduate degree offerings at the center;
   (ii) Meet projected student enrollment demands for baccalaureate, graduate, and certificate programs in the region;
   (iii) Meet employers' needs for skilled workers by expanding high employer demand programs of study as defined in RCW 28B.50.030, with an initial and ongoing emphasis by Washington State University on undergraduate and graduate science, technology, mathematics, and engineering degree programs, including a variety of engineering disciplines such as civil, mechanical, aeronautical, and aerospace manufacturing;
   (iv) Coordinate delivery of lower and upper division courses to maximize student opportunities and resources; and
   (v) Transfer budget support and resources for the center from Everett Community College to Washington State University.

(d) The strategic plan must be completed by December 1, 2012, and submitted to the legislature for review. The strategic plan shall be considered approved if the legislature does not take further action on the strategic plan during the 2013 legislative session. The transfer of the responsibility for the management and operation of the University Center of North Puget Sound to Washington State University must occur by July 1, 2014.

(7)(a) Academic programming and delivery at the center must be developed in accordance with the missions of Washington State University, Everett Community College, and other institutions of higher education that have a presence at the center.

(b) Each institution shall abide by the guidelines for university centers adopted by the higher education coordinating council.

(c) Each institution shall award all degrees and certificates granted in the programs it delivers at the center.

(d) The coordinating council described in subsection (5) of this section shall establish a process for prioritizing new programs and revising existing programs that facilitates the timely delivery of new offerings, recognizes the internal processes of the proposing institutions, and addresses each proposal's fit with the needs of the region.
